The Secretary reported that the item of \$200,000.00 carried in the biennium budget for the Addition to University Hospital to house the

Dispensary and the Isolation Hospital, had been vetoed by the Governor. The Federal Works Progress Administration has indicated that this type of building construction is one they would like to undertake.

The W.P.A. Engineers, together with the University Architect, have prepared preliminary estimates of cost for such an Addition. The estimated cost is \$225,000.00, which would be allocated as follows: \$135,000.00 to Federal funds, and \$90,000.00 to University funds. The \$90,000.00 of University funds would be made up of \$65,000.00 cash and \$25,000.00 as credit for architectural, engineering, and other professional services to be rendered by the University staff.

The Secretary reported further that if the Board of Trustees looks with favor upon this proposal, the W.P.A. will make every effort to have the project approved in Washington.

Upon motion of Mr. Laybourne, seconded by Mr. Atkinson, the Board approved the project as outlined above, and directed the Secretary, in case the project is approved by Washington, to set aside \$65,000.00 for this purpose from the unappropriated balance in the Endowment Income Fund, to arrange for the services of such members of the University staff as may be needed, and to sign for and on behalf of the Board of Trustees all documents required by the W.P.A.

Thereupon the Board adjourned to meet upon call of the Chairman.

(Signed) CARL E. STEEB,
Secretary.

(Signed) JOHN KAISER,

Recommendations*

That, inasmuch as the resignation of Associate Professor Darwin A. Hindman of the Department of Physical Education is not effective until the end of his contract year, namely, September 30, 1935, he be paid the full amount for the two quarters of teaching service rendered in the Autumn and Winter Quarters respectively of 1934-1935, and for the earned vacation which he took in the Spring Quarter of 1934-1935, the total being \$1,984.00 for the two quarters of teaching, \$1,112.00 extra vacation credit, total—\$3,096.00. Already there has been paid to him the sum of \$2,232.00 leaving a balance of \$864.00 which should now be paid to Professor Hindman in three installments covering the months of July, August, and September, 1935.

That, inasmuch as the resignation of Wendell H. Camp, Instructor in the Department of Botany, is not effective until the end of his contract year, namely, September 30, 1935, he be paid the full amount for the two quarters of teaching service rendered in the Autumn and Spring Quarters of the school year 1934-1935, and for one quarter vacation credit earned by teaching in the Summer Quarter of 1934, the total amount being \$1,932.00 of which he has been paid \$1,449.00; and that the remainder be paid to him at the usual rate of \$161.00 per month through the months of July, August and September, 1935.

That the leave of absence of Professor C. C. Stillman, Director of the School of Social Administration, for service in the Federal Government be continued through the Autumn and Winter Quarters of the school year 1935-1936 without salary from the University.

That the leave of absence of Professor L. G. Foster of the Department of Rural Economics for service in the Federal Government be continued through the school year 1935-1936 without salary.

That Schuyler Foster, Instructor in the Department of Political Science, be given a leave of absence, without salary, for the school year 1935-1936 to accept an invitation from Harvard University, where he will have an opportunity of working in and becoming entirely familiar with the Harvard tutorial system, where he will also have charge of certain class work, and where he will have the advantage of

assisting in connection with certain research work in the field of Political Science now carried on in that institution. This leave of absence will be of distinct significance in the development of the teaching and research experience of Mr. Foster which should be clearly reflected in his service at the Ohio State University upon his return.

That the Engineering Experiment Station Council, upon the recommendation of the Dean of the College of Engineering who is the Director of the Station, be constituted as follows for the year 1935-1936, namely:

For one year.....	D. J. Demorest G. A. Bole
For two years.....	F. W. Marquis E. E. Dreese
For three years	C. T. Morris William J. McCaughey

That, on account of the lack of money for equipment, the students in the Department of Education preparing for teaching commercial subjects in the secondary schools, be charged on their fee cards with a fee of \$7.00 per quarter, the proceeds to be used to cover rental charges on necessary machines and tables and other equipment required in the teaching of Typewriting and Stenography. The requirements of the State Department of Education for certification of teachers in the commercial field in the High Schools call for training in these two subjects in the University, and the facilities should be provided to meet a constantly rising demand for such training. This fee will become effective with the Autumn Quarter, 1935.

That the Board of Trustees express its cordial appreciation of the gift of certain books to the University Library by Mr. R. E. Miles of Columbus, Ohio, and that the University Librarian be authorized to receive and to make proper disposition of the books presented.

At the meeting of the Board held July 17th, 1935, it was reported that a partial distribution of the estate of John A. Bownocker, deceased, in the amount of \$35,000.00 had been paid over to the University and deposited in the State Treasury in accordance with the Last Will and Testament of Dr. Bownocker, the income from this fund to be expended in the work of the Department of Geology in such manner as may seem wise to the proper authorities of the University. It is now recommended that a committee be constituted to consider ways in which this fund can be most productively utilized in the Department of Geology, said committee to consist of the Dean of the Graduate School, the Dean of the College of Arts and Sciences and the Chairman of the Department of Geology; and that recommendations by this committee for expenditures from this fund be operative upon approval by the President.

That the proposed agreement with the National Paving Brick Association for cooperative investigation of paving brick fillers and their application and other collateral problems be approved, and the appreciation of the Board of Trustees be appropriately expressed; this agreement is in renewal of research projects recently carried on by the University and will be in effect from August 1, 1935 to June 30, 1936.

That the proposal of the E. I. duPont de Nemours and Company to establish at the Ohio State University a post-doctorate fellowship

in Chemistry, entitled Cellulose Research Fellowship, and to give \$2,000.00 to support said Fellowship during the school year 1935-1936 be accepted with great appreciation and that the Department of Chemistry be authorized to complete the necessary plans. The Fellow designated is Mr. Louis W. Georges, a Doctor of Philosophy, the Ohio State University.

That the proposal of the John Powell and Company, Inc., of New York City, to establish a scholarship in the College of Veterinary Medicine for the school year 1935-1936 be approved; that the gift of \$1,000.00 in support of said scholarship be accepted with appreciation, and that the contract embodying the terms and conditions of the study to be made, be authorized.

That the proposed agreement with the Kraft-Phenix Cheese Corporation of Chicago, Illinois, for the study of a problem relating to the cheese industry in the Department of Dairy Technology of the Ohio State University be approved and the appreciation of the Board of Trustees be expressed to the Corporation for its donation of the sum of \$1,000.00 for the prosecution of this study.

That the agreement submitted by Mr. Hurlbut S. Jacoby, Director, Industrial Research, between the Sherwin-Williams Company and the Ohio State University through its Engineering Experiment Station for undertaking and conducting an investigation of the general fungicide and insecticide development and utilization, be approved.

That the agreement submitted by Mr. Hurlbut S. Jacoby, Director, Industrial Research, between the Harshaw Chemical Company and the Ohio State University through its Engineering Experiment Station for undertaking and conducting an investigation of Liquid Bright Gold Size and other related problems, be approved.

That, upon the recommendation of the Joint Administrative Committee in charge of the Perkins Observatory, Dr. Nicholas T. Bobrovnikoff be made Acting Director for the school year 1935-1936 and that he also be given the rank of Associate Professor in the Department of Physics and Astronomy in the Ohio State University.

That J. Allen Hynek, First Assistant, and Philip C. Keenan, Second Assistant, in the Perkins Observatory, be given the rank of Instructor and be made members of the staff of the Department of Physics and Astronomy in the Ohio State University.

That the following budget for the school year 1935-1936 for the Perkins Observatory, recommended by the Joint Administrative Committee, be approved:

The President now brought before the Board of Trustees the matter of making the School of Nursing an independent administrative unit, but after prolonged consideration of the plan proposed, the President made the following recommendation to cover the situation for the present, namely, that the work in Education-Science Nursing be continued administratively in the College of Medicine under the title "School of Nursing."

Upon motion of Mr. Caton, seconded by Mr. Stone, the above recommendations were approved, with the exception of the recommendation pertaining to the teaching of Typewriting and Stenography in the Department of Education. This recommendation was not approved, the vote on it being as follows: Nays—Miss Campbell, Mr. Laybourne and Mr. Kaiser. Ayes—Messrs. Stone, Atkinson and Caton.

The Secretary now reported that under date of September 5, 1935, \$5,000.00 was transferred from Neil Hall Rotary No. 8222 to Mack Hall Addition Rotary No. 8444. This transfer was made in order that the estimates for the H. R. Blagg Company, General Contractors for Addition to Mack Hall, might be paid. Their estimates have been held up pending receipt of money from the Federal Government, and payment was thus made to them with the understanding that the Neil Hall Rotary No. 8222 account would be reimbursed from the P.W.A. Construction Fund when final settlement is made.

Upon motion of Mr. Stone, seconded by Mr. Laybourne, the above transfer of funds was upon roll call unanimously approved.

Upon motion of Mr. Atkinson, seconded by Mr. Laybourne, a Medical Certificate was authorized for Challis H. Dawson, who graduated from Starling-Ohio Medical College on May 28, 1913.

The Secretary reported that a letter had been received from the Cheek Brothers under date of August 9, 1935, requesting an extension of two years on the mortgage loan for \$17,000.00 bearing 6 per cent interest on property located at 1704-1712 North High Street, payable to the Ohio State University, which falls due on September 30, 1935.

Upon motion of Mr. Stone, seconded by Mr. Laybourne, the above request was upon roll call unanimously approved, and the Secretary was directed to advise the Cheek Brothers of this action.

The Secretary reported for record that the Ohio National Bank, Trustee under the Last Will and Testament of the Estate of John A. Bownocker, deceased, has turned over to the University in kind the following securities. The Trustee was of the opinion that the market

value of these securities might increase appreciably in the future and that to sell them at the present depressed market prices would not be to the best interest of the University:

- 6 Shares First Preferred Capital Stock of The Northwest Boulevard Company
- 3 Shares of Ridgewood-Madison Company—Stock Certificate No. 840
dated August 1, 1935
- 2 Gold Bonds of D. W. McGrath—First Mortgage 6½ per cent
- 1 Gold Bond of D. W. McGrath—First Mortgage 6½ per cent
- 3 Refunding Bonds of Bank Block Investment Company—Series A—
4 per cent

The Secretary now presented the following communication from the University Architect:

August 19, 1935

Mr. C. E. Steeb, Secretary
Board of Trustees
Ohio State University

Re: Extension of Time,
Addition to Mack Hall

Dear Sir:

Because of delay caused to the contractors on the Addition to Mack Hall for which they are not responsible, I recommend that the time of completion be extended from August 20 to September 20. The causes which we take into consideration in this recommendation are:

1. Painting of plaster walls and ceilings as authorized by extra order dated July 27, 1935 for \$1,181.00.
2. Continued delay in transmission of P.W.A. funds.

The work has progressed satisfactorily, however, and this extension of time will not cause the University undue inconvenience since the building will be ready for receiving equipment in due time.

Yours very truly,

(Signed) HOWARD DWIGHT SMITH,
University Architect.

Upon motion of Mr. Stone, seconded by Mr. Laybourne, an extension of time from August 20 to September 20, 1935, was granted to the contractors on the Addition to Mack Hall.

Upon roll call, all the recommendations were unanimously approved with the exception of the one pertaining to the teaching of Typewriting and Stenography in the Department of Education. This item was approved by a vote of four to two, Messrs. Kaiser and Laybourne voting "No."

President Rightmire presented for the consideration of the Board a letter from Governor Martin L. Davey, under date of October 8th, and his reply thereto dated October 9th. The Governor, in his letter, proposed to appoint a committee to investigate the University so as to satisfy himself as to the need for additional appropriations.

Whereupon, the Board prepared the following statement:

“Dr. George W. Rightmire, President of the University, has brought to the attention of the Board of Trustees, your letter to him of October 8th and his reply of October 9th.

“Charged by statute with the ‘government of Ohio State University,’ we have endeavored to effectuate the policy of the State as expressed in its laws and to maintain in the University an educational institution of the highest standard for the benefit of the youth of the State. This duty we shall continue to perform within the limits imposed by whatever financial provision is made for the University by the Legislature with your concurrence.

“As the University is a public institution, every citizen of Ohio is entitled to understand the principles upon which it is conducted, the integrity of its financial administration, and its growing needs, if it is to serve its purpose as the chief reliance for collegiate and university opportunity of the young people of the State. You, as Governor and Chief Executive of the State, are especially entitled to any information you may desire to obtain, either directly or through any person or persons whom it may serve your convenience to send to the University; and every facility will be placed at your and their disposal.

“The responsibility which rests upon us does not, however, permit us to refrain from bringing to your attention the grave situation which now exists at the University. There are enrolled this year 11,400 students, the largest registration in the history of the University, 1200 more than were in attendance last year. Transfers, which it has been suggested might be made by temporary legislation, from the funds available for teaching to some of the physical needs of the University

left unprovided for in the present financial situation, would, of course, meet *pro tanto* the physical needs of the students, but this would be at the expense of their intellectual needs which are at present inadequately provided for.

"In this present situation, the University is without the means to provide essential supplies, laboratory equipment, and materials for the up-keep of the State's investment in its Physical Plant. It is, therefore, the earnest hope of the Board that the Legislature, with the cooperation of the Governor, will be immediately able to restore funds needed for these physical uses without impairing the funds needed for teaching—which are, in the opinion of this Board, the minimum with which the effectiveness of the University can be maintained and the education of the students kept measurably near the standards prevailing in the great colleges and universities throughout the country.

"This Board must not fail in its duty to bring to the attention of the Legislature and of the Governor the growing needs of the University. These needs grow not merely because larger bodies of students come to us but because of the extent and complexity of the educational and public service demanded by the people of Ohio for their children and for themselves. If, in the present situation, the University should be obliged either to lower its standards or to discontinue the work it is now doing, our students would sustain permanent losses as a consequence and the University would surrender that high rank among the leading American universities which has come to be the source of great pride and satisfaction to the people of our State. For such an eventuality, if it should now come to pass, the Board of Trustees must not be held responsible.

"The standards of the University depend fundamentally upon the scholarship of its faculty. Long courses of experience and growth are necessary to assemble an harmonious, scholarly, and effective teaching staff. No injury in this area can be quickly repaired.

"In the light of these suggestions, we respectfully urge your intelligent cooperation with the Legislature in making such immediate provision for legitimate needs as will rescue the University from its present imperiled condition."

Upon motion of Mr. Baker, seconded by Mr. Laybourne, the Chairman of the Board was by unanimous vote directed to transmit the above statement to the Governor of Ohio.

Recommendations*

That the following leaves of absence, without salary, be granted:

Name	Title	Effective
Wanda Rittenhouse	Stenographer, Bureau of Educational Research	Dec. 1, 1935 for an indefinite period
Daniel J. McSwinney	Lecturer, Ceramic Engineering	Au. Qr.
Mary Bevier	Clerk, Mailing Room	Jan. 1, 1936 for one month
Michael McNamara	Janitor	Nov. 18, 1935 for two months

That Hermine Sauthoff, former Instructor in the Department of Physical Education for Women, be paid \$132.00 per month for the months of August and September, 1935, as final payments for her extra teaching during the Summer Quarters of 1933 and 1934.

That the following names be transferred from the Rotary budget to the A-1 budget, Starling-Loving Hospital, in order that the Rotary budget may be relieved of this amount:

		Annual Rate
Gladys Steenrod	General Duty Nurse	\$ 900.00
Frances Gillilan	Head Nurse	900.00
Martha Dingess	General Duty Nurse	720.00
Edythe Shelton Potts	Historian	576.00
		\$3,096.00

The above transfers are to be effective December 1, 1935.

That in furtherance of the purposes of the late Professor John A. Bownocker in making an endowment to the University to be utilized in the Department of Geology, there be established a fellowship to be known as the John A. Bownocker Fellowship with an annual value of \$750.00; it is further recommended that Harry J. Klepser, now a graduate student and Scholar in the Graduate School at the Ohio State University, be appointed to the said fellowship for the Winter and Spring Quarters of the college year 1935-1936, effective January 1, 1936.

That the appreciation of the Board of Trustees be duly expressed to Mr. W. R. Kenan, Jr., for his gift of \$500.00 to the University to carry on cooperative experimental work with the College of Dentistry and with the Department of Agricultural Chemistry in the College of Agriculture to determine certain matters relating to nutrition of milk products and the bone forming factor in cows and also a study of the teeth of such animals.

That the deep appreciation of the Board of Trustees be expressed to Mrs. O. T. Corson of Oxford, Ohio, for her gift of books from the library of the late O. T. Corson, a former trustee of the University. These books have been received and are being appropriately accessioned and book-marked.

That agreements between the following companies and the Ohio State University for cooperative projects arranged through the Department of Industrial Research, which have been executed as usual, be reported for information and record, viz.:

The Drackett Company of Cincinnati, Ohio—an investigation of vitamin studies and food value ratings on soybean meal and oil

The Globe Iron Company of Jackson, Ohio—an investigation of High Silicon Cast Irons for Heat Resisting Purposes

The Hocking Glass Company of Lancaster, Ohio—an investigation of Glass Molds

The Oak Hill Brick Manufacturers of Oak Hill, Ohio—an investigation of the development of First Grade Refractories from Oak Hill Clays

United States Potters' Association of East Liverpool, Ohio—an investigation of "Fritted Glazes"

That the President be authorized, through the Department of Education in the College of Education, to make arrangements for student practice teaching in public schools outside of Columbus, Ohio, such practice teaching to be supervised by the local teachers acting in conjunction with the supervisors of teaching on the University staff. In return for such practice teaching accommodation, the University undertakes to waive the usual quarterly fee if such local supervisory teachers subsequently become students in the University, the fee to be waived for as many quarters as are to be devoted to the supervision of the practice teaching by the local teachers. If the local teacher actually supervising the practice teaching is unwilling or unable to attend the University as a student, this privilege of waiver may be accorded to a fellow teacher in the local schools who is desirous of a period of study in the Ohio State University.

The foregoing arrangement is advisable for the reason that the public school system of Columbus cannot readily accommodate all of the students of the Ohio State University who are required to do a

period of practice teaching and the facilities obtainable from schools outside of Columbus are therefore greatly to be desired.

That, in accordance with the recommendation of the University Faculty, degrees be awarded at the Autumn Convocation on December 20, 1935, to the following named students who have completed the requirements therefor:

The matter of the annual period of service of administrative officers of the University being under discussion, the President recommended that the regulations of the University relating to the service of the Deans of the several Colleges and the Junior Deans, and the Directors of the Bureaus, be altered to prescribe the service as full time, with vacation periods subject to the official responsibilities upon arrangements entered into with the President.

Upon motion of Mr. Stone, seconded by Mr. Caton, the above recommendation of the President was upon roll call unanimously approved.

The Secretary now reported that in response to his letter of November 18th to the members of the Board concerning the approval of a Federal Works Progress Administration project in the way of a first unit of a Social Administration Building to cost between \$100,000.00 and \$125,000.00, the requested vote by mail resulted as follows:

- Ayes: Messrs. Atkinson, Caton, Kaiser, Laybourne, Stone,
and Miss Campbell.
- Nay: Mr. Baker.

The Secretary reported further to the Board that since his letter was written, the University Architect and the W.P.A. engineers, with the advice of the University Cabinet, have worked out the details of the proposed building and have reached the conclusion that the proposed unit should contain four stories instead of three, as originally planned. The revised estimate of cost is now \$160,357.00. It may therefore be necessary for the University to contribute a certain portion of the materials and supplies needed for the construction. The estimate of the additional cost for materials and supplies is placed at \$59,800.00. The University's portion of this amount has not yet been determined.

Upon motion of Mr. Laybourne, seconded by Mr. Caton, the Board by unanimous vote approved the general plans and authorized and directed the Secretary, on behalf of the Board of Trustees, to execute the necessary forms, with the understanding that the University's portion of the amount to be expended for materials and supplies will be kept to a minimum and that the cost of same will be paid from the Interest on Endowment Fund.

The Secretary presented the following letter from the President of the Mid-State Realty Company:

November 26, 1935.

Mr. Carl E. Steeb, Secretary
Board of Trustees
Ohio State University
Columbus, Ohio

Dear Mr. Steeb:

Confirming our conversation, we are willing to accept \$22,000.00 rental for Neil Hall during the year 1936.

You understand, this in no way modifies the terms of the original agreement entered into October 1, 1932, whereby the Mid-State Realty Company leases the premises known as Neil Hall to the Ohio State University, nor does it preclude our right to the regular rental of \$30,000.00 per annum under the terms of the lease, for subsequent years.

We also wish to express appreciation of the position of the officials of the University and their attitude in this matter.

Yours very truly,

THE MID-STATE REALTY COMPANY,
(Signed) HARRY V. ANDERSON, *President.*

Upon motion of Mr. Stone, seconded by Miss Campbell, the above proposal was unanimously accepted and the Secretary was directed to pay to the Mid-State Realty Company the sum of \$22,000.00 in three installments for payment in full of the rental of Neil Hall for the calendar year 1936.

The University Architect now presented the plans and specifica- tions for the Addition to University Hospital which is being con- structed through the Federal Works Progress Administration; this project was authorized by the Board of Trustees at its meeting held July 29, 1935.

Upon motion of Mr. Caton, seconded by Miss Campbell, the above

plans and specifications for the Addition to University Hospital were upon roll call unanimously approved.

Satisfactory evidence having been presented that the name of Philip Lifshitz has been changed by Probate Court order to Philip Lipton, it was moved by Mr. Laybourne, seconded by Mr. Atkinson, and ordered by unanimous vote that a new diploma (B.A., Summa cum laude) be issued to Mr. Lipton to replace the original one which was awarded to him in June, 1933, under his old name.

It was further ordered that a duplicate Dental Certificate be issued to Ora Beyl Kneisly, a graduate of the Ohio Medical University on April 24, 1900, satisfactory evidence having been presented that the original was destroyed by fire.

Upon motion of Mr. Laybourne, seconded by Miss Campbell, the Purchasing Agent was directed, by unanimous vote, to purchase a school bus for transporting students from the campus to the Animal Husbandry Buildings across the river, at an approximate cost of \$3,000.00, payable from Interest on Endowment Funds.

Mr. Atkinson called the attention of the Board to the fact that Mr. William C. McCracken, Superintendent of Buildings and Grounds, has just entered upon his fiftieth year of continuous service at the University. Upon motion of Mr. Atkinson, seconded by Mr. Laybourne, the following minute was by unanimous vote ordered made a part of the records of this meeting and an illuminated copy thereof was ordered prepared and given to Mr. McCracken:

"The Board of Trustees of the Ohio State University recognizes the long and faithful services of Mr. William McCracken with grateful respect.

"Mr. McCracken is beginning his fiftieth year of continuous service with the University; he has demonstrated his capacity to manage the physical plant requirements created by the continuous and unpredictable growth of the University. He has an encyclopedic understanding of buildings, fixtures, equipment, grounds and tunnels and their uses and development that is amazing. He has been equal to all situations; he has anticipated most of the problems.

"During his half century of service he has seen the student body grow from 400 to 14,000, and the faculty increase from 23 to 985. Today, on all hands, are seen the results of his labor, his planning, his devotion to the institution; he is a commanding figure in the campus scene!

"We commend his loyalty and his supreme integrity, and express on behalf of the entire University community deep appreciation of his long record of accomplishment in its service. We wish for him continued health, happiness, and prosperity."

The President now called to the attention of the Board the Toulmin Award, which is a gold medal for the best article or paper on

"The Centralization and Decentralization of Industry in Ohio." The terms of the award were worked out in conference between Mr. H. A. Toulmin, Jr., patent lawyer of Dayton, Ohio, and a committee of the Ohio State University faculty consisting of Professor James R. Withrow, Professor John C. Prior, Professor Harold W. Bibber, Professor John Younger, and Mr. Hurlbut S. Jacoby, Director of Industrial Research. The medal is to be presented at the Commencement in June to the student who may be selected as the winner of the award. The award is to be governed by the following conditions, namely:

- (1) Students competing must be either registered in the College of Engineering or be taking engineering courses in the Graduate School. All details relating to this award shall be handled by the Committee.
- (2) Adequate publicity is to be given in ample time on bulletin boards, by Official Daily Bulletin, Ohio State Engineer, and the Lantern.
- (3) A treatise will be acceptable on a voluntary or credit basis.
- (4) All competing papers must be submitted to the Committee on or before May 15.
- (5) The medalist shall be selected by Mr. H. A. Toulmin, Jr., from a group of papers deemed worthy by the Committee. In case Mr. Toulmin and the Committee agree that no paper worthy of the medal has been presented, no award will be made.

The President recommended acceptance of this award with an expression of cordial appreciation.

The President now directed the attention of the Board to the new curriculum in Agricultural Engineering submitted by the Colleges of Agriculture and Engineering. This is a joint curriculum and has proper approval by the faculties of those two colleges and of the Council on Instruction and is now ready for consideration by the Board of Trustees.

The features of this curriculum are as follows:

- (1) During the first four years the student is enrolled in the College of Agriculture and upon completion of the four years' work is given the degree of Bachelor of Science in Agriculture.
- (2) During the fifth year he is enrolled in the College of Engineering and upon completion of this additional year is given the degree of Bachelor of Agricultural Engineering.
- (3) The first year's work is practically the same as that now being required of first-year engineering students.

The faculties of the Colleges of Agriculture and Engineering, together with the Council on Instruction, discussed many of the details of the proposal and as it was finally adopted it would seem to provide for a professional training on a high level of students looking forward to careers in the agricultural applications of the engineering sciences. The introduction of the curriculum involves no budgetary expansion or new courses.

The President recommended approval of this curriculum.

That a fellowship be established for the development of unified courses in Physics and Astronomy under the cooperation of the Department of Physics and Astronomy, the University School, and the

Bureau of Educational Research, to be financed by the General Education Board. The purpose is to evaluate and help develop the unified courses now being given on the "Nature of the Physical Universe" in the Department of Physics and Astronomy and in similar courses in the University School. It is proposed that the Fellow should be a Research Associate in Physics and Astronomy at a salary of \$3,500.00 on a twelve months basis.

That the agreement between the United States Steel Corporation of Hoboken, New Jersey, and the Ohio State University for an investigation of clays and siliceous matters suitable for use in Bessemer bottoms, be reported for information and record. This cooperative project has been arranged and executed through the Department of Industrial Research.

That the deep appreciation of the Board of Trustees be expressed to Mrs. Matthew B. Hammond for her gift of books, journals, and pamphlets from the library of the late Professor M. B. Hammond of the Department of Economics of the Ohio State University. These books have been received and are being appropriately accessioned and book-marked.

The President reported to the Board of Trustees the untimely death of Walter J. Shepard, Dean of the College of Arts and Sciences, on January 25, 1936. Dean Shepard was a member of the staff of the University at three periods. He first served as Assistant Professor in Political Science from 1909 to 1911. He served again as Professor of Political Science and Director of the Bureau of Government Research from 1921 to 1923. He then returned to the University in September 1928 as the Dean of the College of Liberal Arts in which position he continued until the time of his death.

Appropriate action by the University faculty will be taken in due time and the memorial to his life and services then prepared will become a part of the University records.

The President now presented to the Board the proposal to administer the School of Nursing as an independent administrative unit, the School being at present in the College of Medicine.

The Board gave the matter of organization and administration thorough consideration, and thereupon Mr. Stone moved that the School of Nursing be transferred, with that title, to the College of Education. The above motion was seconded by Mr. Baker, and upon roll call was approved by unanimous vote.

The Board now considered the Appropriation Bill covering appropriations for the biennium ending December 31, 1936, as passed by the 91st General Assembly and vetoed in part by the Governor.

After careful analysis of the items vetoed for the Ohio State University, the trustees by unanimous vote adopted the following statement:

“Senate Bill No. 401, as vetoed, deprives the Board of Trustees of sufficient means for the economical maintenance and the efficient operation of the University.

“The difficulties now confronting the University are such that it becomes the duty of the Board to call this serious situation to the attention of the Senate and the House of Representatives, in the hope that the Legislature, which alone can now meet this emergency, will restore the vetoed items.”

The Secretary presented a letter under date of March 6th from the Columbus Railway, Power and Light Company stating that it is necessary for the company to extend certain transmission lines along University-owned property. The company proposes to construct an overhead pole line within the limits of the highway along Ackerman Road to a point 87 feet west of the east property line of the University, and then to carry the wires in an underground trench to a point opposite the north line of Dodridge Street.

Upon motion of Mr. Laybourne, seconded by Mr. Atkinson, the above request of the Columbus Railway, Power and Light Company was approved with the following proviso; namely, that the easement for the trench shall show that if at any time the University may desire to construct a building or buildings on that part of the University property in which the proposed trench is to be located, then the Columbus Railway, Power and Light Company shall, upon request from the University, move said trench so that it will be located without the boundaries of such building or buildings. The Chairman and Secretary of the Board were authorized and directed to execute the necessary papers.

*Miscellaneous
Recommendations*

That two John A. Bownocker Scholarships at an annual value of \$450.00 each be authorized for the academic year 1936-1937, and that John C. Frye, State University of Iowa, and Wayne A. Harris, Brigham Young University, be appointed to these scholarships.

That Professor Edwin W. Pahlow of the Department of Education be granted a leave of absence, without salary, for the Spring Quarter, 1936. Professor Pahlow's health will not permit his undertaking an effective teaching program during this Quarter.

That John B. Truitt, Janitor, Physical Plant Division, be granted a leave of absence, without salary, for the month of April, 1936.

That Associate Professor Wallace R. Brode of the Department of Chemistry be given leave of absence, with salary, from the University

for the Spring Quarter, 1936, to engage in a spectroscopic research problem with the Harvard-Massachusetts Institute of Technology expedition to Russia to study the forthcoming complete eclipse of the sun. This recommendation is based on Professor Brode's acknowledged eminence in the field of the spectroscopy of halogens, his previous experiences with total solar eclipses, and the prospect of bringing out of the coming total solar eclipse, visible only from a portion of Russia, spectroscopic results of signal interest to scientists. This leave of absence from the University is to be construed as continuing activity in the service of the institution, as if he were actually in residence.

That the proposed agreement to set up a Wild Life Research program, in which the American Wild Life Institute, the Federal Bureau of Biological Survey, the Division of Conservation of the Ohio State Department of Agriculture, and the Ohio State University propose to cooperate in a state and regional program, be approved.

That Dean John F. Cunningham be appointed to represent the Ohio State University on the Board in control of the Regional and State Wild Life Research Program, said Board to consist of a representative of each of the parties to the "Memorandum of Understanding" establishing the research program.

That the following travel be authorized, subject to the approval of the State Director of Finance, expense to the State to include railroad fare and pullman only:

Charles A. Kuntz, Comptroller, to attend the 26th annual meeting of the Association of University and College Business Officers to be held at the University of Arkansas, Fayetteville, Arkansas, May 7th and 8th, 1936.

The President now presented the salary budget for the fiscal year ending June 30, 1936. The President explained that in the preparation of this budget he has made provision for partial restoration of certain salaries aggregating, on an annual rate basis, \$280,000.00. The amount required from April 1 until December 31, 1936 to carry these partial restorations is approximately \$210,000.00.

At this point, upon request of the President, the Secretary presented to the Board a detailed analysis of the funds remaining in the State Appropriation Bill after the vetoes, the balances in the Interest on Endowment Fund, the Morrill Fund, and the Student Activities Fund, which will be available for the use of the University for the remainder of this calendar year 1936. A summary statement of said analysis is presented herewith:

After careful consideration of the above statement and analysis, the following resolution presented by Mr. Stone and seconded by Mr. Laybourne was upon roll call unanimously approved:

- (1) That the salary budget as recommended by the President with restorations effective as of April 1, 1936, be approved;
- (2) That the allocation of funds for Wages, Maintenance, Additions and Betterments as presented by the Secretary, be approved;
- (3) That the Secretary be instructed to notify the Director of Finance of the Board's determination to operate the University, until December 31, 1936, within the funds available and in full cooperation with his office;
- (4) That the Secretary be instructed to advise the Director of Finance also that the projected budget as presented by the President for Personal Service does not permit the

trustees to make the entire partial restoration which was budgeted in the original biennium budget of requests, and that the projected budget for Maintenance as presented by the Secretary cannot currently provide for certain essential and necessary items of equipment, upkeep, and repair. Therefore, in the event that the present financial stringency of the state is later relieved in some degree, the Board will be grateful for the assistance of the Director of Finance and of the Governor in the possible provision from some source of supplementary revenue to enable the purchase of vitally needed items for the operation of the University.

The budget as above presented includes the names of all persons who are on the payroll under the resolution of the Board adopted at its meeting held June 28, 1935, and all actions taken by the Board at subsequent meetings. The detail of those persons affected by partial salary restorations follows herewith; said salary restorations to be effective as of April 1, 1936:

The Secretary presented the following communication from the University Architect:

April 4, 1936.

Mr. C. E. Steeb, Secretary
Board of Trustees
Administration Building

Re: *Artillery Garage*

My dear Mr. Steeb:

The Ohio State University Artillery Garage, designated as W.P.A. Project No. 10-25-20, which was constructed with W.P.A. labor under the direction of this office, the material being furnished by the University, has been successfully completed and has been occupied by the Military Department. The date of completion is October 29, 1935, on which day the commandant was notified that the building was ready for occupancy.

The formal acceptance of this building is respectfully requested, that the files may be completed and closed as between the University and the Works Progress Administration.

Very truly yours,

(Signed) HOWARD DWIGHT SMITH,
University Architect.

Upon motion of Mr. Stone, seconded by Mr. Laybourne, the above recommendation of the University Architect was unanimously approved, the building was formally accepted and the Secretary was directed to so advise the Works Progress Administration in Ohio.

The Secretary called the Board's attention to a situation which has developed in connection with the extensive project which the W.P.A. is carrying forward in the construction of a dam and the construction of dikes along the Olentangy River (known as the River Improvement Project).

Mr. L. Bernhard, who owns approximately four acres of land between the two parcels owned by the University on the west side of the river near King Avenue, is objecting to the further construction of dikes and the building of the dam. He claims that such improvement will raise the normal stage of water in the river and thereby damage his property and the buildings thereon, including a slaughter house which is his sole source of income.

Upon motion of Mr. Atkinson, seconded by Mr. Laybourne, the Secretary was by unanimous vote authorized and directed for and on behalf of the Board of Trustees to negotiate with Mr. Bernhard in an effort to purchase either a portion or all of his holdings. If the Secretary finds it possible and practicable to make such purchase, then he is further authorized to make formal request on behalf of the Board to the State Emergency Board for the necessary funds.

Miscellaneous Recommendations

That the following travel be authorized, subject to the approval of the State Director of Finance, expense to the State to include railroad fare and pullman only:

Nicholas T. Bobrovnikoff, Department of Physics and Astronomy, to attend the meeting of the American Association for Advancement of Science to be held in Rochester, New York, June 15 to 18, 1936.

That, effective September 1st, upon the retirement of Dean E. A. Hitchcock of the College of Engineering, Professor and Junior Dean William D. Turnbull be made Acting Dean and Acting Director of the Engineering Experiment Station pending the election of a permanent successor to Dean Hitchcock and that, while the Junior Deanship is thus vacant, it be filled by the appointment of Associate Professor John M. Weed as Acting Junior Dean; while rendering the indicated services Professor Turnbull shall be paid the salary budgeted for the Dean, namely \$6500.00, and Associate Professor Weed shall be paid the salary budgeted for the Junior Dean, namely \$4500.00.

That Professor Henry E. Hoagland of the Department of Business Organization, be given a leave of absence, without salary, for the year beginning July 1, 1936 in order to permit him to continue his services with the Federal Home Loan Bank Board.

That Professor Felix E. Payant of the Department of Fine Arts, be given a leave of absence, without salary, for the year beginning October 1, 1936 in order that he may devote more attention to the magazine "Design." It is understood and agreed that at the close of this leave of absence Professor Payant will not return to the University.

That Anthony Anderla, Instructor in the Department of Fine Arts, be given a leave of absence, without salary, for one year, effective October 1, 1936, in order to permit him to accept a fellowship in Prague granted by the Czechoslovakian Minister of Education.

That, upon the recommendation of the Department of Physics and Astronomy, Professor M. L. Pool, who has been awarded the Elizabeth Clay Howald Scholarship for the year 1936-1937, be given a leave of absence, without salary, for the year beginning October 1,

1936 and that the Department of Physics and Astronomy be authorized to secure a well qualified instructor to carry on the work of Dr. Pool during this leave of absence.

That Robert Foure, Assistant Professor in the Department of Romance Languages, be given a leave of absence, without salary, for one year beginning July 1, 1936.

That Helene Foure, Instructor in the Department of Romance Languages, be given a leave of absence, without salary, for one year beginning July 1, 1936.

That Eunice McDavid, Janitress, Neil Hall, be granted a leave of absence, without salary, for four months, effective May 1, 1936.

That George W. Thorn, Assistant Professor in the Department of Physiology, be granted a leave of absence, without salary, for the year 1936-1937, effective October 1st, in order that he may carry on research at the Rockefeller Foundation. It is understood that provision for his return will be made in the 1937-1938 budget of the College of Medicine.

That Professor Dwight M. DeLong of the Department of Zoology and Entomology of the Ohio State University be appointed Director of the Franz Theodore Stone Laboratory, effective October 1, 1936, at an annual salary of \$6000.00. That the position of Assistant Director be created, at an annual salary not to exceed \$3500.00, with duties prescribed by the Director, but with the understanding that his primary duty will relate to the contribution which the Laboratory can make to the matter of conservation and propagation of fish in Ohio waters and, as far as may be possible, in sympathetic cooperation with the State Division of Conservation. Nomination will be made later with recommendation for salary, also effective October 1, 1936. The work at the Laboratory for the summer has already been arranged and publicized and is about ready to begin, and therefore the date October 1 seems the earliest at which the new organization can take effect.

That a Department of Speech be created in the College of Arts and Sciences, which shall include the activities now carried on under the catalogue titles of Public Speaking, Phonetics and Dramatics. Public Speaking and Dramatics are included with the assent of the Department of English, being taken therefrom, and the Department of Phonetics expresses its willingness to be merged into the Department of Speech. For chairman of this department, Professor V. A. Ketcham is recommended at an annual salary of \$5400.00. The staff of the department will initially include all the present staff members whose functions are in the field of Dramatics or Phonetics or Public Speaking. This recommendation involves no further new budgetary provisions, but is based entirely on a reorganization which is expected to enable these activities to function much more effectively and cooperatively.

That said Department of Speech be created, effective October 1, 1936, and that the staff members thereof be as follows, namely:

Name	Title	Quarters	Annual Salary
Victor A. Ketcham	Professor and Chairman	Au. Wi. Sp.	\$ 5,400.00
G. Oscar Russell	Professor	Au. Wi. Sp.	4,500.00
Earl W. Wiley	Professor	Su. Au. Wi.	3,600.00
Herman A. Miller	Assistant Professor	Au. Wi. Sp.	2,808.00

6-15-'36

Marie K. Mason	Assistant Professor	Au. Wi. Sp.	2,256.00
Bert Emsley	Instructor	Au. Wi. Sp.	2,256.00
Donald W. Riley	Instructor	Au. Wi. Sp.	2,004.00
Jack C. Cotton	Instructor	Au. Wi. Sp.	1,800.00
Frances E. Jones	Instructor	Au. Wi. Sp.	1,800.00
(To be named later)	Instructor		1,800.00
C. Emory Glander	Assistant	Au. Wi. Sp.	954.00

That the Division of Phonetics, created by action of the Board of Trustees on August 8, 1929, be hereby abolished, and that this field of activity become now a part of the said Department of Speech.

That Professor George M. McClure be paid at the rate of \$41.67 per month for the months of April, May and June, 1936 for additional services rendered during that period in the teaching service of the University. A corresponding reduction has been made in his salary at the Agricultural Experiment Station. Professor McClure has been rendering part time service at both institutions.

That the award of \$1500.00 made by the Eli Lilly and Company of Indianapolis be accepted and applied as intended to the Eli Lilly and Company Fellowship in the College of Arts and Sciences, Department of Bacteriology, for the period September 1, 1936 to August 31, 1937 and that \$750.00 of this amount be used to pay Mr. Fred W. Gallagher, who has been recommended for this Fellowship, and the remaining \$750.00 be used for research expenses.

That the extra vacation credit earned by Associate Professor James F. Fullington of the Department of English in the year 1932-1933, amounting to \$950.00, be paid to him on the usual two-thirds basis in cash. Professor Fullington was recently made the chairman of the Department of English and in that office will not be able to find an opportunity to take the vacation allowed by this vacation credit.

That the Business Manager be authorized to pay Emma F. Waterman, formerly an Assistant Professor in Physical Education for Women, \$233.33 representing two-thirds of her extra vacation credit of \$350.00 earned in 1934.

That, for the purpose of record in the proceedings of the Board of Trustees, announcement be made that the committee appointed to make an award under the 1924 Class Memorial Scholarship Fund has selected Charles Arthur Bratton as the beneficiary of the scholarship (\$250.00) for the college year 1936-1937. Mr. Bratton will be graduated in June, 1937.

That, upon the petition of the students of the College of Law, the fee of \$1.00 per student per quarter in that College be continued. This fee has been paid for two years by the students upon their own petition and the proceeds have been utilized principally in financing the Ohio State University Law Journal. This fee will be placed on the student's fee card and collected by the University and paid over to the student organization for expenditure under its control and audited by the Student Auditor in the Office of the Dean of Men.

That, upon the recommendation of the College of Engineering, a fee of \$1.00 be paid by each undergraduate student in the College in the Autumn Quarter only for the financing of a student publication entitled "The Ohio State Engineer," entitling each student to one year's subscription to the publication. That the fee be placed on the

fee card of each student and when collected by the University, the money be paid over to the student organization for expenditure under its control and audited by the Student Auditor in the Office of the Dean of Men.

That the usual non-resident fee be made applicable to students in the College of Veterinary Medicine, coming from states other than Indiana, Illinois, Kentucky and West Virginia, beginning July 1, 1937, but that it shall not be assessed against any student registered in the College of Veterinary Medicine in the school year preceding that date. This recommendation grows out of the belief that the College of Veterinary Medicine of the Ohio State University may well serve the limited region mentioned on the same basis as if the students were resident in Ohio, inasmuch as there are only ten Colleges of Veterinary Medicine in all the United States. In selecting the permissible number of students for the College, preference, of course, is to be given to applicants from Ohio.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

One hundred dollars (\$100.00) from the Erie County Alumni Association, to be devoted to the needs of the University Library.

Fifty dollars (\$50.00) from Chi Delta Phi Sorority, to be added to the Lucille Robinson Memorial Fund.

That agreements between the following companies and the Ohio State University for cooperative projects arranged through the Department of Industrial Research, which have been executed as usual, be reported for information and record:

Empire Plow Company, Cleveland, Ohio—an investigation of hand and horse-driven cultivators.

Special Research Committee on Fluid Meters, the American Society of Mechanical Engineers—the determination of Coefficients for Flow Nozzles.

That the agreement between the Ohio State University, Division of Conservation of the Ohio State Department of Agriculture and the American Wildlife Institute, be continued for the year July 1, 1936 to June 30, 1937.

That the following contract between the State Board for Vocational Education and the Ohio State University for teacher training in Agriculture and Home Economics (Smith-Hughes), be approved for the year 1936-1937:

In consideration of the fact that the State Board for Vocational Education hereby agrees to reimburse the University in the amounts and for the purposes stated in the tentative budgets herewith, the Ohio State University agrees to conduct in the College of Agriculture a course for the training of teachers in Vocational Agriculture, and a course for the training of teachers in Vocational Home Economics, in accordance with the State Plan adopted by the State Board for Vocational Education for the year 1936-1937.

These courses for the training of teachers in Vocational Agriculture and in Vocational Home Economics will be kept up to the standards demanded by the State Plan and will be

subject to the general supervision of the State Board for Vocational Education.

Reimbursements in amounts not to exceed those stated in the budgets herewith will be made by the State Board for Vocational Education upon receipt of the affidavit from the Secretary of the Board of Trustees of Ohio State University as to the actual expenditures for that month.

That the sale of the Bownocker property at 185—15th Avenue, Columbus, Ohio, recommended by the Ohio National Bank, Trustee of the Estate of John Adams Bownocker, for the amount of \$7400.00, be approved.

That the Athletic Board of the Ohio State University be authorized to have printed on all tickets of admission to intercollegiate contests and other events conducted by the departments administered under the Board a statement to the effect that the Ohio State University claims immunity from the admissions tax imposed by Act of Congress and that an "established price" and a "tax" are set forth on the face of the ticket in compliance with that Act and for no other reason, and that the University retain the amounts representing the tax so set forth and collected, if its claim of immunity is sus-

tained. This matter has been in dispute for several years and some educational institutions of the country have so far been successful in withholding the so-called tax. Hitherto the Athletic Board has paid such tax collected to the federal government.

That the Department of Medical and Surgical Research in the College of Medicine be abolished, effective July 1, 1936, and that the activities and staff relating to medical research be absorbed in the Department of Medicine, and that the Department of Surgical Research be constituted as a separate unit with a staff, all as recommended in the budget of the College of Medicine for the consideration of the Board of Trustees of this date.

That the budget for the College of Medicine for the year 1936-1937, as presented herewith by the President, be approved:

The President now presented for the information of the Board a statement from the Athletic Board covering the period from 1922 to 1936, which statement shows the financial operations of the Athletic Department.

* * * * *

Mr. Atkinson now presented the following resolution:

“The Board of Trustees desires to express its appreciation of the services rendered by Mr. Paul H. Kohr, member of the Class of 1903.

“Two tracts of land lying contiguous to University property were, some years ago, subdivided into two hundred and fourteen separate parcels and were known as the Wood-Brown Addition and the Woodruff’s Agricultural College Addition. Prior to 1918, twelve of these parcels had been purchased by the University.

“Through Mr. Kohr’s diligent and persistent efforts over the last eighteen years, as the agent of the Board, The Ohio State University has been able to acquire the remaining two hundred and two parcels. Also, steps have been taken by Mr. Kohr to have the streets vacated so that these subdivisions may be turned back into acreage.

“In assisting the Board of Trustees to complete this purchase, Mr. Kohr deserves special commendation for his patience, interest, tact and business integrity.”

Upon motion of Mr. Atkinson, seconded by Mr. Laybourne, the above resolution was adopted and ordered made a part of the record of this meeting.

It was further ordered that Mr. Paul H. Kohr be paid \$1,000.00 for his services in connection with the above named land purchases, said payment to be made from the interest on Endowment Funds.

* * * * *

Upon motion of Mr. Caton, seconded by Mr. Atkinson, a duplicate diploma was authorized for Kenneth George Nixon (B.Sc. in Agriculture, June, 1930), satisfactory evidence having been submitted that the original diploma was destroyed by fire.

* * * * *

It was moved by Mr. Atkinson, and seconded by Mr. Laybourne, that the deep appreciation of the Board of Trustees be expressed to Elsie Coates Kittle for her devotion to the Browning Society and her skillful direction of the Spring Play from Shakespeare each year since 1920.

The above motion was upon roll call unanimously approved, and it was ordered further that this expression be put into illuminated lettering and that it be presented to Mrs. Kittle during the Commencement exercises on the afternoon of June 15th.

The Board of Trustees now proceeded to organize for the fiscal year beginning July 1, 1936.

Upon motion of Mr. Laybourne, seconded by Mr. Atkinson, Mr. Julius F. Stone was upon roll call elected Chairman of the Board.

Upon motion of Mr. Atkinson, seconded by Miss Campbell, Mr. Lawrence E. Laybourne was upon roll call elected Vice-Chairman of the Board.

Upon motion of Mr. Caton, seconded by Mr. Atkinson, Mr. Carl E. Steeb was elected Secretary of the Board, and upon motion of Mr. Laybourne, seconded by Mr. Caton, Mr. Charles F. Kettering was elected Treasurer of the Board.

Thereupon the Board adjourned to meet on August 7th, 1936, at Gibraltar Island, Ohio.

Attest:

(Signed) CHAS. A. KUNTZ,

That the proposal of the Ohio Seed Improvement Association to establish a fellowship in the Department of Agronomy, to be known as the Ohio Seed Improvement Association Fellowship, be approved. It is further recommended that the Chairman of the Board of Trustees be authorized to execute, on behalf of the University, a memorandum of agreement to carry out this proposal.

That the Board of Trustees accept with appreciation an additional gift of \$300 for the Phi Beta Kappa library fund hitherto established by the Board at its meeting on February 11, 1935; that the gift be deposited and expended pursuant to stipulations approved by the Board at that time and that the President's Office be directed to express to the Ohio State Chapter of the Society of Phi Beta Kappa the gratitude of the University.

That the action of the Board of Trustees taken on June 15, 1936, authorizing the Athletic Board to print certain statements on all tickets of admission to intercollegiate contests and other events administered by the Athletic Board be rescinded; and that the Board of Trustees now approve the plan of the Athletic Board to print its tickets without reference to any admissions tax and without any explanatory statement concerning such tax and to withhold the payment of any admission tax to the federal government; and further, that such action as may have been taken by the Athletic Board and the athletic administration to carry out this plan is hereby ratified and approved. This is pursuant to a tentative agreement entered into with the University of Michigan, the University of Iowa, and the University of Illinois, upon advice of Mr. Newton D. Baker, who had been consulted by the above named and other state universities on the legal question of whether the federal admissions tax is collectible through the agency of a state university.

That the President's Office be authorized to make application to the War Department through the Commanding General, Fifth Corps Area, Fort Hayes, Columbus, Ohio, for the reestablishment of a medical unit of the Reserve Officers' Training Corps. Vice President Morrill now presented the following recommendation:

That the Board of Trustees approve the principle of granting extension workers the privilege and opportunity of occasional leaves of absence, with salary, for professional improvement through pursuit of well planned programs to be approved and recommended by the Director of Agricultural Extension and the Dean of the College of Agriculture.

If this principle is approved, recommendations will be presented from time to time involving a limited number of staff members. Recommendation at any time will be governed by the following considerations:

1. Tenure and quality of service rendered.
2. Fitness for advanced study.
3. Availability of funds to employ assistants, when necessary, to carry on the work of members on leave.
4. Approval of cooperating committees in counties when county extension agents are involved.
5. Approval of the Federal Director of the Extension Service.
6. The general status of departmental and county programs.

By general agreement, consideration of this recommendation was deferred until a later meeting.

The Secretary now reported to the Board for record that the Board of County Commissioners of Franklin County, Ohio, under date of June 20, 1936, took action whereby the streets and alleys in the Wood-Brown Addition were declared vacated.

Present: Messrs. Smith, McCracken and Elleman.

* * * * *

The Cabinet, acting under instructions received from the Board of Trustees at its meeting on May 11, 1936, met for the purpose of opening and reading in public the following bids received July 1st, 1936, for an Electric Freight Elevator in the Power Plant:

Bids received:

Otis Elevator Company.....	\$ 9,985.00
Capital Lift Company.....	9,000.00
Haughton Elevator and Machine Company.....	10,130.00

The above bids were referred to the University Engineers for tabulation and report.

CABINET MINUTES

Columbus, Ohio, July 13, 1936.

The Cabinet met in the office of the Secretary at 9:30 a. m.

Present: Messrs. Smith, McCracken, Elleman, Steeb and Morrill.

* * * * *

The Cabinet met to receive the report of the University Engineers on the bids received July 1st for an Electric Freight Elevator in the Power Plant:

July 10, 1936.

Mr. C. E. Steeb
Chairman, University Cabinet
Administration Building
Dear Mr. Steeb:

Bids for Electric Freight Elevator in the Power House were received and opened July 1, 1936.

Bids received from:

Otis Elevator Company.....	\$ 9,985.00
Capital Lift Company.....	9,000.00
Haughton Elevator and Machine Company.....	10,130.00
Westinghouse Electric Elevator Company.....	12,211.00
Warner Elevator and Manufacturing Company.....	9,200.00

From the above it will be seen that the Capital Lift Company is the low bidder. We have examined their bid and find it regular in every respect. We have also examined the construction and layout of the elevator which they propose to furnish and find it will meet our specifications throughout.

Therefore, we recommend that the contract for the Electric Freight Elevator in the Power House be awarded to the Capital Lift Company at their bid of \$9,000.00.

The Engineer's estimated cost was \$10,000.00.

Respectfully submitted,

(Signed) W. C. MCCRACKEN,
Superintendent of Buildings and Grounds.

(Signed) PAUL H. ELLEMAN,
Maintenance Engineer.

The Cabinet, acting upon instructions received from the Board of Trustees at its meeting May 11th, 1936, therefore recommends to the Director of Public Works that contract for the Electric Freight Elevator in the Power Plant, Ohio State University, be awarded to the Capital Lift Company for the sum of their bid, \$9,000.00.

Upon motion of Mr. Caton, seconded by Mr. Atkinson, the above recommendations of the University Engineers and actions of the Cabinet were upon roll call unanimously approved, and the proceedings ordered made a part of the record of this meeting.

The Secretary now presented the detailed drawings of said building for the signature of the members of the Board in order that official copies of the plans might be substituted for the preliminary copies now on file with the various state authorities.

Upon motion of Mr. Caton, seconded by Mr. Laybourne, the detailed plans as submitted were upon roll call unanimously approved.

The Secretary presented blue prints showing the proposed expansion projects for the Stadium Dormitory (Tower Club) by the construction of one more unit which will house 120 boys. Because of delay in completing the masonry work in connection with the installation of the Elevator for the Power Plant, I wish to recommend that the time for the completion of the contract of the Capital Lift and Manufacturing Company, for the installation of elevator car and machinery, be extended from December 1, 1936 to January 15, 1937.

This is in reply to the inquiry of October 16, addressed to your office and referred to this office.

Very truly yours,

(Signed) HOWARD DWIGHT SMITH,
University Architect.

Upon motion of Mr. Atkinson, seconded by Miss Campbell, an extension of time from December 1, 1936 to January 15, 1937 was granted to the Capital Lift and Manufacturing Company on their contract for an Electric Freight Elevator in the Power Plant.

The Secretary now presented the report of the University Cabinet recommending the construction of an Addition to the east side of the Chemistry Building (approximately 60 feet by 18 feet), for the purpose of housing a manufacturing unit in connection with the Laboratory Supply Division. The University Architect's estimate of cost of this Addition is as follows: materials, \$6,250; labor, \$6,250; total \$12,500.

Upon motion of Mr. Laybourne, seconded by Miss Campbell, the recommendation of the University Cabinet was upon roll call unanimously approved, and the Secretary was authorized and directed to present the project to the Works Progress Administration on the basis that the University will supply the materials if the Works Progress Administration will furnish the labor. The Secretary presented the following letter from the Mid-State Realty Company:

November 26, 1936.

Carl E. Steeb, Secretary
Board of Trustees
Ohio State University
Columbus, Ohio

Dear Mr. Steeb:

Confirming our conversation, we are willing to accept \$22,500.00 rental for Neil Hall during the year 1937.

You understand, this in no way modifies the terms of the original agreement entered into October 1, 1932, whereby the Mid-State Realty Company leases the premises known as Neil Hall to the Ohio State University, nor does it preclude our right to the regular rental of \$30,000.00 per year under the terms of the lease, for subsequent years.

We trust that earning will improve to a point where the original contract price for the property may be paid to us but appreciate the situation at present.

Yours very truly,

THE MID-STATE REALTY COMPANY,
(Signed) H. V. ANDERSON,
President.

Upon motion of Mr. Laybourne, seconded by Mr. Baker, the rental price of \$22,500.00 for Neil Hall was upon roll call unanimously approved for the calendar year 1937; said payment to be made in three installments.

The President now presented the recommended request budget for the biennium 1937-1938. This budget provides for the current operation of the University during 1937-1938, with no allowance for expansion of program or introduction of new activities. This base budget is limited to the basic needs of the University and was constructed pursuant to the instructions of the Governor, that budgets of state departments and institutions must be restricted in 1937-1938 to cover present basic and essential activities.

Summary of Base Budget of Requests

	1937	1938
A-1 Salaries	\$ 2,687,171.00	\$ 2,687,171.00
A-2 Wages	20,000.00	20,000.00
Maintenance	605,000.00	605,000.00
Capital Equipment	110,000.00	
Other Capital Outlay.....	35,000.00	
	\$3,457,171.00	\$ 3,312,171.00
Total for the biennium.....	\$ 6,769,342.00	

In addition to the base budget summarized above, the President presented a schedule of itemized additional needs, curtailed sharply from college and departmental requests, regarded as definitely essential to the efficient and economical operation of the University. The President explained that during construction of the base budget, it became evident that there were certain additional needs, over and above the base budget, which should be called to the attention of the

Board of Trustees; therefore, the following schedule of itemized additional needs was compiled:

	1937	1938
Personal Service		
A-1 Salaries	\$ 60,500.00	\$ 60,500.00
A-2 Wages	10,000.00	10,000.00
Maintenance	15,500.00	4,500.00
Capital Equipment	85,000.00	
	\$171,000.00	\$ 75,000.00
Total for the biennium	\$246,000.00	

The Board now gave consideration to the recommendations, item by item.

Mr. Baker offered the following motion, which was seconded by Mr. Laybourne:

That the report which carries the base budget and the schedule of itemized additional needs be approved; and that the President be instructed to present to the Governor of Ohio the base budget in the amount of \$6,769,342 as the official request of the Ohio State University for 1937-1938. That the President be also directed to call the Governor's attention to the various items contained in the schedule of itemized additional needs and to urge that consideration be given to these items if state revenues will permit.

Upon roll call, the above motion was unanimously adopted.

The President now presented the recommended request budget for the biennium 1937-1938 covering the Agricultural Extension Division. During the consideration of this budget, Dean Cunningham and Director Ramsower were present.

The President explained that this budget was prepared on the same basis as that for the University and that the total amount requested for the coming biennium is exactly the same as that appropriated for the current biennium.

Summary of Base Budget of Requests

	1937	1938
A-1 Salaries	\$ 206,025.00	\$ 206,025.00
A-2 Wages	3,000.00	3,000.00
Maintenance	12,550.00	12,550.00
	\$ 221,575.00	\$ 221,575.00
Total for the biennium	\$ 443,150.00	

In addition to the base budget summarized above, the President stated that there was need for increases in certain requested items, if state revenues would permit, and that these increases total for the biennium \$63,320.

Upon motion of Mr. Baker, seconded by Mr. Caton, the base budget and the schedule of itemized additional needs were upon roll call unanimously approved, and the President was directed to present to the Governor of Ohio the base budget in the amount of \$443,150 as the official request for the Agricultural Extension Division for the biennium 1937-1938. The President was further directed to call to the attention of the Governor the various items contained in the schedule of itemized additional needs and to urge that as many

12-14-'36

of these items be included in the Agricultural Extension budget as state revenues will permit.

The President now presented a memorandum on the life and services of Dr. William Henry Scott.

Dr. William H. Scott died on January 11, 1937, at the age of 96, in his home in Columbus where he had been living since his retirement from the University teaching staff in 1910.

Dr. Scott came to the University as President from Ohio University in 1883. He carried the duties of the President and at the same time was at the head of the Department of Philosophy and carried a teaching load in that department. He asked from time to time to be relieved of the Presidential duties and was glad when the Board accepted his resignation from the Presidency in 1895. Thereafter for fifteen years he continued in the service of the University as the chairman of the Department of Philosophy. The Board conferred upon him the rank of Professor Emeritus of Philosophy upon his retirement.

Dr. Scott was an able teacher and his classes in the field of Philosophy were constantly kept alert by his questioning, his kindly admonitions about methods of study and diligence in the work of the students, and his unflinching good humor and sound sense. He had the complete respect, almost affection, of every student in his classes. No student who recited to Dr. Scott could pass through a course without immense stimulation of his thinking, of his ability to express his thoughts, or without a certain improvement of his own personality and intelligence. Young men and young women coming under his tutorage were at once galvanized into self-

reliance. He understood young people and was a famous teacher.

As President he had a large vision of the place of the Ohio State University in the commonwealth and of the leadership which it should assert and maintain and of the high standards which it should observe. State supported institutions were practically negligible when he became President, but during his term there was a great awakening evidenced by the Hysell Bill of 1891 which gave the University a place in the tax scheme of the state. One mill, derived from the grand tax duplicate, was set aside by the Legislature for the support of the University and this proposal had the hearty support of the Governor, James E. Campbell. Dr. Scott, through the years preceding that event, had made an impression in his annual reports upon public thinking. He constantly advocated larger and firmer support for the institution and Governor Campbell agreed with this general train of thinking. It was a great day for the University when the Hysell Bill was passed, not only because of the substantial revenues provided thereby, but chiefly because of the fact that the state had at last recognized an enduring obligation to support the higher institutions of learning, of which at that time there were three: Ohio University, Miami University and Ohio State University. Since that time state support has been unfaltering and, generally speaking, increasing, and Dr. Scott's contribution to this University consciousness on the part of the state was very great and must never be forgotten.

The University in Dr. Scott's term made progress in its offerings, in its standards, in its abandonment of the preparatory courses, and in its general toning up to the basis of the acceptable University standards. His vision was long and accurate. He came from the great common people of Ohio and understood their aspirations for such higher learning as might be made available at the expense of the state and devoted his life to the accomplishment of that vision. A product of Ohio University, he was for a number of years the President of that institution and came directly from Ohio to Ohio State.

Dr. Scott always kept the University in his memory and in his thinking, attended with great regularity the general University functions such as Commencements, and was always enthusiastically welcomed by the University community on these occasions.

His name is written high in the annals of the institution and his lofty purposes, his unyielding intellectual honesty, and his notable achievement as teacher and administrator will have an enduring place in the permanent records of the University.

Upon motion of Mr. Laybourne, seconded by Mr. Atkinson, the above memorandum was ordered made a part of the record of this meeting.

The President now made the following statement concerning the Will of Mary S. Muellhaupt of Portland, Oregon, bequeathing residual estate to the Ohio State University:

Mary S. Muellhaupt was a resident of Portland, Oregon, dying in 1935. She left a Will bequeathing to the Ohio State University her residual estate without conditions. devisees with priority were named in the Will, having one year in which to accept or decline, but they declined. This year expired in November, 1936. Before the date of expiration proceedings to contest the Will were begun and matters had proceeded to this point when the Ohio State University received the first information as to its rights under the Will. Copy of the Will follows at this point.

WILL OF MARY S. MUELLHAUPT

I, MARY S. MUELLHAUPT, of the City of Portland, County of Multnomah, and State of Oregon, being of sound mind and disposing memory, and not acting under restraint, duress, menace or the undue influence of any person or persons whomsoever, do hereby make, publish and declare this to be my LAST WILL AND TESTAMENT in the manner and form following, that is to say:

First: I hereby revoke all former wills by me heretofore made.

Second: I hereby direct that all my just debts and funeral expenses be paid.

Third: In the event that my beloved husband, Oscar W. T. Muellhaupt, of the City of Portland, County of Multnomah, and State of Oregon, shall survive me, I devise and bequeath all of my estate of every kind or nature, real, personal or mixed, and wheresoever situated, to my beloved husband, Oscar W. T. Muellhaupt. The estate which he shall so inherit from me, shall be his property absolutely and he shall be free to dispose of or devise said property in any manner that he sees fit.

Fourth: In the event that my beloved husband, Oscar W. T. Muellhaupt, of the City of Portland, County of Multnomah and State of Oregon, shall predecease me, I then devise and bequeath my property as follows: to wit:

(1) I hereby give and bequeath to the Medical School of the University of Oregon, at Portland, Oregon, the sum of Five Thousand (\$5,000.00) Dollars in cash, and direct that the Faculty of the Medical School of the University of Oregon shall use the income from this bequest to establish a scholarship to enable worthy medical students in the Medical School of the University of Oregon, at Portland, Oregon, to pursue their studies in said institution, and I further direct that said scholarship be known as the George H. Strowbridge, M. D. Memorial Scholarship. This bequest is made in loving memory of George H. Strowbridge, M. D., a graduate of the Medical School of the University of Oregon, of the class of 1897.

(2) I hereby give and bequeath to Leland Stanford Junior University of California, the sum of Five Thousand (\$5,000.00) Dollars in cash, and direct that the Faculty of Leland Stanford Junior University shall use the income from this bequest to establish a scholarship to enable worthy graduate students in the Department of Biology in the Leland Stanford Junior University of California, to pursue their graduate studies in said institution, and I further direct that said scholarship be known as the Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt Memorial Scholarship.

(3) After my executrix has made the above mentioned cash payments of Five Thousand (\$5,000.00) Dollars each to the Medical School of the University of Oregon and to Leland Stanford Junior University, I direct that one-half of the remainder of my entire estate shall be used as follows:

A. I hereby devise and bequeath one-half of my entire estate to the City of Portland, located in Multnomah County, State of Oregon, for the following purposes and with the following restrictions and conditions, to-wit; I direct that the City of Portland shall use the part of my estate so bequeathed to it to erect a fire-proof museum and to surround said fire-proof museum with a botanical garden, either in some existing City Park or in a City Park which the City of Portland may wish to create. I further devise and bequeath all the personal effects of every kind and description and in their entirety, including household effects and heirlooms, of Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt, to the City of Portland, Oregon, and direct that all said personal effects shall be placed in the fire-proof museum above mentioned in such a manner as to insure that they will be properly protected and preserved as a miscellaneous collection, and so that they will be on display for the benefit of the public. I further direct that none of my personal effects shall ever be disposed of by the City of Portland, Oregon. I further direct that in order for the City of Portland, Oregon, to receive this devise of my personal effects and the one-half of my estate for the purposes described above, and as a condition precedent to its receiving this devise and bequest, it must first agree to name said museum and botanical gardens, the Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt Memorial Gardens and Museum, and that it further agree, within six months from the time that this will is admitted to probate, to provide for the maintenance and upkeep of said Memorial Gardens and Museum. I further state that in order for the City of Portland, Oregon, to receive these bequests, it must first agree to comply with each and every stipulation of my will as set forth in Sub-section A of Section (3). I have selected a memorial museum and garden on account of my love for the beautiful and on account of my husband's inherent love for growing flowers and shrubs, both of which ever furnish mankind inspiration for greater achievement.

B. In the event that the City of Portland, Oregon, shall refuse or fail to comply with any and all of the stipulations

and conditions set forth in Subsection A of Section (3), I then devise and bequeath the one-half of my estate and the personal effects and heirlooms of Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt, which the City of Portland, Oregon, would otherwise have received, to Leland Stanford Junior University of California; and I direct that said University shall use my estate so bequeathed to it to erect a fire-proof museum and to surround said fire-proof museum with a botanical garden on its campus, and I direct that it shall cause all the personal effects of Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt bequeathed to it to be placed in the fire-proof museum in such a manner as to insure that said effects will be properly protected and preserved as a miscellaneous collection and displayed for the benefit of the public; I further direct that in the event the said University should use said fire-proof museum for the display of other collections of effects besides my own, that said University shall cause the personal effects which I have so bequeathed to it to be kept in the main unit of said building, preserved in its entirety and kept separate and distinct from any or all other collections; I further direct that in order for the Leland Stanford Junior University of California to receive this devise of my personal effects and the one-half of my estate for the purposes described above, and as a condition precedent to its receiving this devise and bequest, it must first agree to name said Museum and Botanical gardens, the Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt Memorial Gardens and Museum, and that it further agree, within one year from the time this will is admitted to probate, to provide for the maintenance and upkeep of said Memorial Gardens and Museum. I further state that in order for the Leland Stanford Junior University to receive these bequests, it must first agree to comply with each and every stipulation of my will as set forth in Subsection B of Section (3).

C. In the event that neither the City of Portland, Oregon, nor the Leland Stanford Junior University has agreed, within the time limit set forth in this will, to comply with all of the stipulations and conditions of my will as set forth in Subsections A and B of Section (3), to enable them to take under my will, then and in that event I devise and bequeath the personal effects of every kind and description in their entirety, including household effects and heirlooms, of Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt, which the City of Portland or the Leland Stanford Junior University would otherwise have received, to the Ohio State University at Columbus, Ohio, and I direct my executrix to liquidate the one-half of my estate which the City of Portland or the Leland Stanford Junior University would otherwise have received, and I devise and bequeath the entire proceeds from such liquidation of said one-half of my estate, to the Ohio State University and I direct that the faculty shall use the income from this bequest to establish a scholarship, or scholarships, which ever said faculty shall deem best, for graduate students in the Department of Biology

in the Ohio State University, to enable worthy graduate students to pursue their graduate studies in said Department. It is my wish and hope that the Ohio State University, in the event of its taking under my will, will cause the personal effects willed to it to be placed in a separate museum or unit of an existing museum, on its campus, and to be properly preserved, protected and displayed and that said museum be known as the Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt Museum. It is also my wish and hope that the Ohio State University will create a memorial botanical garden on their campus. I have requested that said University create a memorial museum and garden, on account of my love for the beautiful and on account of my husband's inherent love for growing flowers and shrubs, both of which ever furnish mankind inspiration for greater achievement. I direct that my executrix communicate my wishes to the said Ohio State University.

(4) I hereby devise and bequeath the remaining one-half of my entire estate as follows:

A. I hereby devise and bequeath the remaining one-half of my entire estate to the Medical School of the University of Oregon, located at Portland, Oregon, for the following purposes and with the following restrictions and conditions, to-wit: I direct that the Medical School of the University of Oregon use the part of my estate so bequeathed to it to erect a clinic for the treatment of ailments and diseases of the colon, said clinic to be located in Portland, Oregon, and to be undenominational and humanitarian in character; I further direct that in order for the Medical School of the University of Oregon to receive this devise and bequest, and as a condition precedent to its receiving this devise and bequest, it must first agree to comply with each and every stipulation of my will as set forth in this Subsection A of Section (4).

B. In the event that the Medical School of the University of Oregon shall refuse to comply with any and all of the stipulations and conditions set forth in Subsection A of Section (4) of my will, I then devise and bequeath the remaining one-half of my estate which the Medical School of the University of Oregon would otherwise have received, to Leland Stanford Junior University of California; and I direct that said University shall use my estate so bequeathed to it to erect a clinic for the treatment of ailments and diseases of the colon, and that said clinic shall be undenominational and humanitarian in character; I further direct that in order for the Leland Stanford Junior University to receive this devise and bequest, and as a condition precedent to its receiving this devise and bequest, it must first agree to name said colon clinic the Oscar W. T. Muellhaupt and Mary Strowbridge-Muellhaupt Memorial Colon Clinic and it must further agree, within one year from the time this will is admitted to probate, to provide for the maintenance and upkeep of said Memorial Colon Clinic. I further state that in order for the Leland Stanford Junior

University to receive this devise and bequest, it must first agree to comply with each and every stipulation of my will as set forth in this Subsection B of Section (4).

C. In the event that neither the Medical School of the University of Oregon or the Leland Stanford Junior University has agreed within the time limit set forth in this will to comply with all of the stipulations and conditions of my will as set forth in Subsection A and Subsection B of Section (4) to enable them to take under my will, then and in that event I devise and bequeath the remaining one-half of my estate which the Medical School of the University of Oregon or the Leland Stanford Junior University would otherwise have received, to the Ohio State University, at Columbus, Ohio, and I direct that my executrix liquidate the said remaining one-half of my estate which the Medical School of the University of Oregon or the Leland Stanford Junior University would otherwise have received, and I devise and bequeath the entire proceeds from such liquidation of the said remaining one-half of my estate to the Ohio State University, and I direct that the faculty of said University shall use the income from this bequest to establish a scholarship or scholarships, which ever said faculty shall deem best, for graduate students in the Department of Biology in the Ohio State University, to enable worthy graduate students to pursue their graduate studies in said Department. The Ohio State University is named as an alternate beneficiary in my will because of the fact that Joseph A. Strowbridge, Sr., and Mary Bodman-Strowbridge, my parents, originally came from the State of Ohio.

The provision in my will for the erection of a Memorial Clinic for the treatment of ailments and diseases of the colon, is made in loving memory of

My husband, Oscar W. T. Muellhaupt,
 Of our parents, Joseph A. Strowbridge, Sr., Portland, Oregon, Pioneer of 1852, and Mary Bodman-Strowbridge,
 Of our brother, George H. Strowbridge, pharmacist, physician and surgeon,
 Of our parents, the Reverend Jacob Muellhaupt, and Margaretha Schindler-Muellhaupt, missionaries and educators of Stockton, California and Salem, Oregon,
 Of our aunt, Lena Angelica Schindler, missionary and educator of Salem, Oregon.

(5) I have no descendant or descendants, nor have I ever had any offspring or issue. For this reason, and for other sufficient reasons, I have left no part of my estate to any of my relatives, nor to any of my husband's relatives.

Fifth: I hereby nominate and appoint my husband, Oscar W. T. Muellhaupt, and Dorothy McCullough Lee, of Portland, Oregon, joint executor and executrix of this my Last Will and Testament.

IN TESTIMONY WHEREOF, I have hereunto set my hand and seal at Portland, Oregon, this 25th day of October, A.D., 1934.

(Signed) MARY S. MUELLHAUPT (Seal)

The foregoing instrument, at the date hereof, was by Mary S. Muellhaupt, the maker thereof, signed in our presence, and in the presence of each of us, and at the time of subscribing said instrument she declared that it was her Last Will and Testament, and at her request and in her presence and in the presence of each other, we have subscribed our names as witnesses thereof.

This information came in the form of a letter dated November 3, 1936, written by Dorothy McCullough Lee, executrix, advising the University as to its rights and the pending suit in contest and asking for early information and advice concerning the wishes of the Ohio State University.

The President brought the matter to the attention of the Board of Trustees at its meeting on the 6th day of November, 1936, and the Board instructed the President to take up the matter with the Attorney General of the state of Ohio, who is the legally constituted adviser of the University in matters of law.

The President at once communicated with the Attorney General who deemed the matter of sufficient importance to send a member of his office staff to Portland to look into the entire situation, to take such action as might be called for at once, and upon his return to report the situation to the Attorney General. William S. Evatt, chief counsel in his office, was delegated by the Attorney General to make this trip and while in Portland Mr. Evatt selected a local attorney there named W. H. Maguire to represent the Attorney General on the ground and look after the interests of the Ohio State University. Upon Mr. Evatt's return, he and the Attorney General John W. Bricker conferred with the President and the Business Manager of the University and a few days later Dorothy McCullough Lee, the executrix, made a visit to Columbus to discuss the whole matter more completely.

The real estate devised by the Will was found to be involved in a receivership and otherwise complicated with existing claims in suit, or in which suit was threatened, and after numerous conferences and communications a compromise arrangement entirely favorable to the University was effected and accepted by the Attorney General on behalf of the University. The Will contest was thereupon dismissed.

This compromise and the order of the court based thereon provide that distribution should be made to the University in kind; all personal property to be forwarded to the University authorities, and all real property, with the exception of residence property, not involved in the receivership, to be liquidated in winding up the re-

ceivership proceeding; the residence to be disposed of separately, and the proceeds to be delivered to the University authorities; the local attorney named above to continue as the representative of the University until entire settlement and liquidation and necessary payments and transfers might be made. The University, upon the advice of the Attorney General, approved the fees of W. H. Maguire, the local counsel and Dorothy McCullough Lee, the executrix of the Will, and court order was made accordingly. Thereupon the court made an order directing the executrix to forward, deliver, transfer, set over and assign to the Ohio State University for liquidation by said University as residuary legatee all the assets of said estate that were distributable to said University and said transfer has been duly made.

On the 11th of January, 1937, the term of office of Attorney General John W. Bricker expired and thereafter he agreed to look after the interests of the Ohio State University growing out of the Muellhaupt Will until further notice. All legal matters had been considered and completely settled by the Attorney General prior to that date and nothing in that connection was left for the office of the Attorney General to consider. The local attorney, W. H. Maguire, under an agreement made by the Attorney General and on account of total compensation for services rendered and to be rendered by him, continues as the legal representative of the Ohio State University on the ground.

Muellhaupt, deceased, from any and all claims of any kind whatsoever; and

BE IT FURTHER RESOLVED, that the Board of Trustees of The Ohio State University does consent to and approve the payment of attorney's fees to W. H. Muellhaupt, deceased, to The Ohio State University; and

BE IT FURTHER RESOLVED, that W. H. Maguire of Portland, Oregon, be and he is hereby designated as the agent of The Ohio State University for the purpose of receiving the assets of said estate to which The Ohio State University may be entitled and to hold the same pending the arrival of a duly authorized agent of The Ohio State University to receive the said assets.

The following resolution presented by Mr. Caton and seconded by Mr. Atkinson was upon roll call, unanimously adopted:

RESOLVED, in the matter of the bequest to the Ohio State University of Mary S. Muellhaupt, of Portland, Oregon, that any documents or agreements heretofore signed and executed by the President of the University or the Business Manager of the University, upon the request and approval of the Attorney General of Ohio, be hereby ratified and confirmed.

BE IT FURTHER RESOLVED, that any documents or agreements or receipts or acquittances hereafter to be signed in the settlement and liquidation of said estate, and in the transfer of all the proceeds thereof to the Ohio State University, are hereby authorized, and the President of the University or the Business Manager or both are hereby authorized to sign and execute the same on behalf of the University, and in so signing and executing it is understood that they shall follow the advice of the duly authorized legal representatives of the Ohio State University.

That an additional fee of \$2 per student be required in the School of Journalism in connection with the course entitled "Journalism 501,"

effective with the Spring Quarter 1937. The present fee is \$3 for the course which extends through only one quarter, and the proposed addition will bring the fee to \$5. This will enable the School of Journalism to bring in a wire service so that the student in work in this course will have the benefit of live news. This will be a very material improvement in the training of students for subsequent newspaper work.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

The President now presented to the Board his communication of March 4, 1937, in which he had submitted the names of certain persons whom he considered competent to fill the position of Dean of the College of Arts and Sciences.

After the President had made a verbal statement concerning each of the men whom he was recommending, Mr. Atkinson moved that Dr. Bland L. Stradley be elected Dean of the College of Arts and Sciences. This motion was seconded by Mr. Laybourne, and the roll call resulted as follows:

Ayes: Messrs. Atkinson, Laybourne, Caton and Stone.

Nays: Miss Campbell and Mr. Baker.

The Chairman declared the motion carried.

* * * * *

Upon motion of Mr. Baker, seconded by Mr. Atkinson, the President was authorized by unanimous vote to fix the salary and determine the date on which Dr. Stradley's election shall become effective; said information to be reported back to the Board.

* * * * *

The President now called to the attention of the Board his recommendations for the position of Dean of the Graduate School as contained in his communication of March 4, 1937. No action was taken on these recommendations at this meeting.

* * * * *

Satisfactory evidence having been received that the original diploma was destroyed in the recent flood, it was moved by Miss Campbell, seconded by Mr. Atkinson, and ordered by unanimous vote that a duplicate be granted to Irvn Philip Levenson, who received the degree of Bachelor of Science in Business Administration in June, 1931.

It was further ordered that a Medical Certificate be granted to Emmett L. Hooper, a graduate of the Starling-Ohio Medical College in the class of 1912.

The following resolution, adopted by the Ohio Society of Professional Engineers in annual convention assembled in Columbus on February 13, 1937, was now presented to the Board:

RESOLUTION

Calling the attention of the Presidents and Boards of Trustees of universities and colleges in Ohio to the outside professional activities engaged in by members of the faculties of their institutions and urging them to prohibit their faculty members from engaging in such professional activities at fees below the recognized professional standards as adopted by Ohio Society of Professional Engineers.

WHEREAS, instances have occurred wherein members of the faculties of universities and colleges have been employed in private engineering practices, without fees, or at less than the recognized schedule of fees, and

WHEREAS, material harm is done to the engineering profession by such practice, and

WHEREAS, this Resolution is not directed against tests, reports, investigations, and/or research which lead to the extension of knowledge, which activities this Society commends and endorses for the reason that we believe teachers of engineering should be expected to keep their professional skill and experience; but professional service without pay or at fees lower than the Ohio Society of Professional Engineers' standard, damages the whole profession and is objectionable, and

WHEREAS, definite action concerning outside practice by university or college faculty members is not without precedent, (attached hereto are excerpts from the University of California Faculty Bulletin of December 15th, 1934, and policies and regulations of Case School of Applied Science dated April 24, 1935, which prohibit such practices as are covered by this Resolution), and

WHEREAS, the objection of the Professional Engineers to such practices is that it is unethical that an institution engaged in the work of preparing men for the practice of engineering allow itself to compete or its faculty members to compete unfairly with the men it has so trained, or as employers maintaining offices and organizations necessary to

3-15-'37

serve the public according to recognized standards of present day specialized professional practice, now, therefore,

BE IT RESOLVED, that Ohio Society of Professional Engineers does hereby condemn such unfair practices, and

BE IT FURTHER RESOLVED, that this Resolution be transmitted to the Presidents and Boards of Trustees of universities and colleges in Ohio for consideration, and for such action as they may deem desirable for the benefit of the engineering profession and the safeguarding of the interests of the universities and colleges.

Upon motion of Mr. Baker, seconded by Miss Campbell, this Resolution was referred to the President with instructions to report back to the Board for its consideration such rules and procedures as may be necessary to carry out the principles indicated in said Resolution.

* * * * *

The President now reported to the Board that the salary for Dr. Bland L. Stradley as Dean of the College of Arts and Sciences will be that which is carried in the current budget, namely, \$7008 per annum, and that his election will become effective April 1, 1937.

* * * * *

Thereupon the Board adjourned to meet on Monday, April 12th, 1937, 9:30 A.M., at the University.

Among those recommended was Dr. George F. Arps, Dean of the College of Education.

Upon motion of Mr. Laybourne, seconded by Mr. Caton, Dr. George F. Arps was upon unanimous vote elected Dean of the Graduate School, effective May 1, 1937, at the salary fixed in the current budget, namely, \$7,008 per annum.

The President now presented to the Board the necessity of electing a Dean of the College of Education to succeed Dean Arps, and upon his recommendation it was moved by Mr. Atkinson, and seconded by Mr. Laybourne that Dr. Arthur J. Klein be elected to the position of Dean of the College of Education, effective May 1, 1937, at a salary of \$7,008 per annum.

Upon roll call, this motion was unanimously adopted.

Upon motion of Mr. Laybourne, seconded by Mr. Caton, it was ordered by unanimous vote that a small-sized diploma, such as is now conferred by the University, be made up for Miss Katherine Elinor Freeland who received the degree of Bachelor of Science in Education in 1928. Miss Freeland has paid the proper fee therefor and has returned to the University the original diploma issued to her.

The Secretary reported to the Board that under date of March 18, 1937, George W. Rightmire, President, and Carl E. Steeb, Secretary, signed an agreement with the City Bank Farmers Trust Company, Trustee under Deed of Trust dated March 28, 1914, made by Ferdinand Howald, now deceased, as amended by subsequent instruments and by the Last Will and Testament of Ferdinand Howald, deceased, which Trust Company is located at 22 Williams Street, New York City, whereby they agreed to accept interest at the rate of 5.055552168% per annum from March 29, 1934 to the date of payment, less any amount heretofore distributed as income and less Trustee's commission of 1% of the principal and interest.

Upon motion of Mr. Caton, seconded by Dr. Russell, the action of the President and Secretary as noted above was, by unanimous vote, approved.

Mr. Laybourne now presented the following report:

Columbus, Ohio,
April 12, 1937

To the Board of Trustees
Ohio State University:

Your Secretary and Vice-Chairman beg leave to report that at the suggestion of the office of the Attorney General and on instruction of President Rightmire and Chairman Stone of the Board, they left Columbus on the 28th day of March, 1937, on a trip to Bozeman, Montana, thence to Portland, Oregon, for the purpose of ascertaining the nature and extent of the University's interest in the estates of Charles F. High, deceased, and Mary S. Muellhaupt, deceased, and further, to make detailed arrangements for taking possession

of such property and assets as the University is legally entitled to according to the provisions of the Will of Mary S. Muellhaupt.

Arriving at Bozeman, Montana, on March 31st, we examined the record of proceedings in the office of Lee E. Hays, Clerk of the District Court of Gallatin County, Sixth District, where the estate of Charles F. High is being administered under the direction of Judge Benjamin E. Berg.

Charles F. High, a former student of the University and former resident of Bucyrus, Ohio, died in Gallatin County, Montana, on January 28, 1937, and his Will was probated in said Court on March 1st. Mr. High was never married and left two sisters, Nellie E. High, and Grace High Washburn, residents of Ohio, his next of kin sole heirs-at-law. His sisters, together with the Security Bank and Trust Company of Bozeman, Montana, have been duly appointed Executors of said estate, without bond.

Appraisers have been appointed but no inventory has yet been filed. We were unable to confer with Mr. Justin M. Smith, Attorney for the Executors and scrivener of said Will, on account of his absence. His Secretary provided us a copy of the Will and assured us that a copy of the inventory would be forwarded to us when completed. By his Will, Mr. High bequeathed to his sisters all his household goods, automobiles, and personal belongings. The remainder of his estate he gave and devised to C. J. Scroggs, W. A. Blicke, T. C. Kiess, H. E. Cook, J. W. Miller, C. W. Heiskell, and J. R. Louer, all of Bucyrus, Ohio, as trustees, who are directed to organize a corporation under the laws of Ohio to be known as "The Charles F. High Foundation." Detailed provision is made for term of service of the trustees and selection of their successors, and payment of their compensation.

All income except 10 per cent is made payable to said Nellie F. High of Toledo, Ohio, and Grace High Washburn of Bucyrus, Ohio, during life and the lifetime of the survivor. After death of both sisters, the income of said trust estate, subject to certain reservations, shall be expended by the Foundation for the education of deserving boys at the Ohio State University. The Foundation and the Masonic bodies of Bucyrus, Ohio, are directed to prescribe regulations, competitive or otherwise, for selection and designation of deserving boys to receive the benefits of said Foundation and be educated at the University, each boy to receive an annual allowance of not to exceed \$500.

The testator made elaborate provision for the investment, sale, and reinvestment of assets and the general administration of said trust estate, expressing his determination that Ohio Courts shall have full jurisdiction of the trust. He asserted that his wealth was earned and accumulated in Ohio, and that said trust is created for the benefit of Ohio boys at the University where he himself was educated, all in recognition of the duty he felt owing to his native

state, notwithstanding possible questions of jurisdiction under the laws of the state of Montana.

We were informed that Mr. High's sisters had recently spent some time at Bozeman and that, before returning to Ohio, they expressed their satisfaction with the terms of their brother's Will and their purpose to fully and completely execute his wishes as therein expressed, so we find no indication of a proceeding to contest said Will.

We were advised that assets of the High estate consist of his country place forty miles from Bozeman and other small tracts of real estate, bonds and other securities, being principally stock of the Security Bank and Trust Company of Bozeman, and all having an estimated value of \$175,000.

We arrived at Portland, Oregon, on April 1st where we first conferred with Mr. William A. Maguire of the law firm of Dey, Hampson and Nelson who has heretofore represented the University as Special Counsel by appointment of Honorable John W. Bricker, Attorney General, in connection with the proceeding to contest the Will of Mary S. Muellhaupt.

Mrs. Muellhaupt died in Portland on November 1st, 1935, leaving Joseph A. Strowbridge and Henry J. Strowbrige, her brothers and only heirs-at-law. Her husband, Oscar W. P. Muellhaupt, predeceased her by a few months and she never had any children. She left a Will dated October 25, 1935, which was admitted to probate in the Circuit Court of the state of Oregon for the County of Multnomah, November 4th, 1935, and Dorothy McCullough Lee, her Attorney, was appointed and qualified as Executrix of said estate. By her Will she made the Medical School of the University of Oregon at Portland and the Leland Stanford Junior University of California absolute beneficiaries to the extent of \$5,000 each for the establishment of scholarships in said institutions.

She made the city of Portland and Leland Stanford Junior University of California, in the order named, conditional beneficiaries of all her personal effects and heirlooms and one-half of the remainder of her estate. In the event of failure of both beneficiaries to comply with the stipulations, restrictions and conditions named in said Will after a time limit of six months, she gave and devised to the Ohio State University the share of her estate said institutions would otherwise have received, the income thereof to be used for establishment of scholarships in the Department of Biology. Incidentally, she expressed her wish and hope that the University will place said personal effects in a museum on its campus and create a botanical garden as a memorial to her husband and herself, and that said museum bear their names. That, however, is not a condition precedent to the acceptance of the gift and not mandatory in its terms.

In disposing of the remaining half of her estate, Mrs. Muellhaupt made the Medical School of the University of Oregon and Leland Stanford Junior University of California, in the order named, the conditional beneficiaries thereof. But in the event that neither institution agrees within the time

limit to comply with all the stipulations and conditions of her will, she bequeathed and devised the same to the Ohio State University, the income thereof to be used for the establishment of scholarships for students in the Department of Biology. She indicated that this bequest was made because her parents, Joseph A. Strowbridge Sr. and Mary Bodman Strowbridge originally came from Ohio.

According to the original and supplemental inventories and appraisals, the assets consisted of the following:

Moneys deposited in six Portland banks.....	\$ 34,245.22
127 Bonds of various South American countries and Canada of par value of over \$100,000, appraised at	21,316.69
46% shares of stock of Joseph A. Strowbridge Estate Company, par \$1000 each, appraised at.....	63,579.84
Jewelry, appraised at	1,750.50
Furniture, china, and glassware, appraised at.....	2,294.85
Books, etc., appraised at.....	168.00
Office Furniture, appraised at.....	50.00
Interest in Insurance business, appraised at.....	200.00
Judgments against Strowbridge Company, et al., ap- praised at	17,340.32
Real estate, appraised at.....	14,500.00
Silverware, appraised at	709.00
	<hr/>
	\$156,154.69
Costume jewelry, appraised at.....	440.45
Miscellaneous, appraised at	521.50
	<hr/>
Total.....	\$157,116.64

All conditional beneficiaries of said estate refused to accept legacies bequeathed them by said Will under the restrictions and conditions named, and the entire residual estate of Mrs. Muellhaupt thereupon became vested absolutely in the Ohio State University.

Proceedings to contest said Will were filed in the Circuit Court of Multnomah County on the last day of the statutory period by the brothers of Mrs. Muellhaupt.

Following many conferences, voluminous correspondence, and investigations made by the Honorable John W. Bricker, Attorney General, Mr. William A. Maguire, Special Counsel, and Mr. William S. Evatt, Assistant Attorney General and their consultations with University officials, an agreement was made to compromise the action to contest the Will. All parties interested joined in the execution of a written agreement which was first approved by the Attorney General and the President of the University.

An agreement was made for the mutual release of all claims existing between the contestants, the Strowbridge Company and the Muellhaupt estate except the judgment of the estate against the Strowbridge Company which was adjusted at \$12,000, of which \$3,000 has since been paid. The action to contest was thereupon dismissed by agreement which was approved by the Court. By agreement, 34% shares of the Strowbridge estate formerly belonging to A. B. Strowbridge, deceased, were assigned to the company. The Court made orders fixing the compensation of the Executrix and the allowance for payment of services of the Special Counsel. The Executrix filed her final account, and

the Court ordered that distribution of all residual assets be made directly to the University, in kind.

While in Portland, the undersigned, on behalf of the University, completed all arrangements for transfer of all estate personal property to Columbus, Ohio. A check for \$2,060 covering the net cash balance was received. All bonds, stock certificate of the Stowbridge Company, and written assignment of the \$9,000 judgment were forwarded, by registered mail and fully insured, to the Huntington National Bank, subject to order of the University. All silverware, china, glassware, furniture, books, and miscellaneous articles were properly boxed and crated for shipment by the Lyon Van and Storage Company of Portland and adequately insured. Arrangements were made for immediate shipment of same by freight to the University Receiving Office, the space of an entire car being necessary to include everything. All jewelry was checked by us, securely packed and insured, and forwarded to the University by Railway Express.

The real estate coming to the University from the Muellhaupt estate consists of the homestead property in Portland, being a lot 100 feet by 100 feet, on which a large frame house stands partly occupied, and in a neglected state of repair. It was appraised at \$12,500 which, like the appraisal of all the estate property, was decidedly excessive. The Court awarded compensation to the three appraisers on a percentage basis, and each received the sum of \$300 which affords an explanation.

The rest of the property consists of 160 acres of wood land in Grant County, Oregon, appraised at \$1600, and Lot 18, Waverly Heights Addition, Portland, appraised at \$400. We inspected each parcel of real estate and recommended that Mr. Lloyd R. Smith of Portland be authorized to dispose of them as soon as fair prices can be obtained, which we are convinced will be much below the appraised values.

It should be noted that the principal asset received from the estate is 46% shares of the Joseph A. Stowbridge Estate Company, out of a total of 115% shares, the rest being held as follows: Joseph Stowbridge Jr., 30% shares; Henry Stowbridge, 34% shares; and Frances M. Osborne, 4 shares.

The capital assets of this corporation consist of the following real estate, the book value of which is as follows:

Market Building and lot, Portland.....	\$ 95,000.00
Edgecliff Addition, 110 lots, Portland.....	33,000.00
Gresham Farm, 22.71 acres	4,500.00
Clackamas County, 466 acres.....	4,500.00
Clackamas County, 80 acres.....	1,600.00
Washington County, 147.63 acres	10,000.00
Spokane County, Washington, 1136 acres.....	56,823.00
Darlington Addition, Portland, 9 lots.....	2,250.00
Rochester Addition, Portland, 15 lots.....	3,750.00
Other Additions, Portland, 3 lots.....	450.00

Total.....\$211,873.00

Besides our judgment for \$9,000, the only existing liability of importance is for delinquent taxes against which interest and penalties are not charged, \$5,000.

This company has been in the hands of the receiver for many years, the Security Savings and Trust Company, Receiver, having been succeeded by appointment of Mr. Lloyd R. Smith, by the Circuit Court on December 1, 1934. We examined the accounts and reports of the receiver and found that operation under Mr. Smith's management has been more profitable and economical than that of his predecessor. Delinquent taxes have reduced over \$12,000 and all current bills and operating expenses paid, besides paying \$3,000 on our judgment. The receiver has recently had an offer \$50 per acre on 300 acres of Washington land which appears to be a reasonable price according to what we could learn without seeing it. The Washington land is located about 450 miles northeast of Portland and rented to wheat growers. It was snow-covered and impossible for us to inspect on this trip. However, we did see and inspect all the other properties of the company and believe the book value to be much in excess of present selling values.

Our opinion is that the receiver should be advised to accept the \$50 offer for the 300 acre tract so that out of the proceeds, all taxes, delinquent and current, could be paid and the balance used for payment of the amount due on the Muellhaupt judgment now owned by the University. When that may be accomplished, we suggested the desirability of terminating the receivership, having in mind the ultimate reorganization of the corporation and liquidation of its assets. The receiver and his Attorney, Mr. Sabin, seemed quite agreeable to such action and we believe they will soon proceed as indicated to bring the receivership to a close.

During our stay in Portland, we became acquainted with Judge James P. Stapleton in whose court the receivership proceeding is pending. The Judge was most cordial and considerate and we think his attitude toward the University is such that he will dismiss the case as soon as application is properly made for that purpose.

We also became acquainted with Mr. Henry Strowbridge, as well as his attorney, Mr. Omar Spencer, who were both most cordial and cooperative. After conferring with them on two occasions, they assured us of their willingness to cooperate with the University's interest in the Strowbridge Company and concurred in our recommendations to the receiver.

Mr. Strowbridge and his Attorney also welcomed the possibility of a prompt liquidation of the company, and, holding 30% shares of stock, seemed agreeable to joining forces with us in a plan for reorganization by a majority interest against the holding of his brother Joseph who, as President, is known to have exploited the affairs of the company prior to Mr. Smith's appointment as receiver.

Mr. Strowbridge also shares our opinion that if and when the receivership is terminated, we could do no better than select Mr. Lloyd Smith as an officer and manager of the company and direct him to sell out the properties as speedily as possible even at sacrifice prices if necessary. Mr. Smith's

long experience and evident high standing as a business man in Portland would seem to justify his employment in the capacity proposed. In our discussion of the matter with Mr. Smith, he seemed willing to continue management of the company's properties with compensation on a basis similar to allowances heretofore made by the Court, which should not exceed \$1500 per year unless, in the event of a more speedy method of liquidation, compensation of his services fixed on a commission basis might be more desirable to the parties interested.

While in Portland we were assisted by Mr. W. H. Maguire, whose selection by the Attorney General's Office as Special Resident Counsel to represent the University in the proceeding to contest the Muellhaupt Will and settlement of the estate, was most fortunate. We believe his services rendered in cooperation with the splendid ability and services of Mr. William S. Evatt have been of great value, and resulted in prompt settlement of the estate.

Respectfully submitted,

Upon motion of Dr. Russell, seconded by Mr. Caton, the above report was upon roll call unanimously approved and ordered made a part of the records of this meeting. The appreciation of the Board was expressed to the Vice-Chairman and the Secretary for the thoroughness with which the details of both cases had been studied and reported to the Board.

Inasmuch as the bonds and jewelry have already arrived at the University and a car load of furniture is in transit, Mr. Caton offered the following motion which was seconded by Mr. Atkinson and, upon roll call, unanimously approved:

- (1) That the Secretary be authorized and directed to sell the bonds;
- (2) That the Secretary be authorized and directed to sell the jewelry with the exception of the 3-carat diamond ring and the locket;
- (3) That the Secretary be authorized and directed to dispose of furniture, chinaware, etc., either by distribution of the items to the various dormitories, cooperative houses, or by sale;
- (4) That if, upon examination of the articles, it is found that certain appropriate pieces can be selected from the silverware, china, and furniture to make a suitable exhibit, the Secretary be directed to confer with the Director of the Ohio Archaeological and Historical Society to see if it would be possible to place such an exhibit, properly marked, in the Museum Building;
- (5) That, from the moneys received from the sale of bonds, jewelry, furniture, etc., the Secretary be directed to deposit sufficient funds in the University Treasurer's ac-

count to care for the remaining administration costs and the expenses incident to the shipment, sale, and transfer of properties coming from the Muellhaupt estate; that he be further directed to deposit the balance in the State Treasury in accordance with Section 7951 G.C., to be credited to the Endowment Fund of the University, the income from which shall be used for the specific purposes designated in the Will of Mrs. Muellhaupt, namely, to establish a scholarship or scholarships for graduate students in the Department of Biology at the Ohio State University.

The Secretary presented the following communication from Mr. Lloyd R. Smith, of Portland, Oregon:

April 5, 1937.

The Board of Trustees
Ohio State University

Dear Sirs:

In conference with Mr. L. E. Laybourne and Mr. Carl E. Steeb, after inspection of the properties coming to the University through the Muellhaupt Estate, a plan of disposition of such realty holdings was discussed along the following lines:

I am to make an effort to find purchasers for the various parcels, as rapidly as possible. As offers are received, I am to submit the same to Mr. W. H. Maguire, the local agent for the Board of Trustees, and if we are in agreement that the prices offered are fair and reasonable, then we will prepare deeds and send them to the University for proper signatures.

That pending the sale of the old homesite, I will collect such rentals as may accrue therefrom, that I shall keep an accounting of all such transactions and send reports to the University from time to time.

For this service I shall receive the usual brokerage fee in effect in Portland.

Very truly yours,

(Signed) LLOYD R. SMITH.

Upon motion of Dr. Russell, seconded by Mr. Atkinson, the Secretary was directed by unanimous vote to advise Mr. Lloyd R. Smith to proceed with the sale of the realty holdings in the Muellhaupt estate in accordance with the letter received from him under date of April 5, 1937.

The President brought forward now for the attention of the Board the matter of the service of Professor Wilbur H. Siebert as Acting Dean of the College of Arts and Sciences and the service of Dean William McPherson in continuation of his service as Dean in the Graduate School after his proposed retirement in September, 1936, and presented the following resolutions:

That the Board of Trustees express deep appreciation for the generous spirit manifested by Professor Wilbur H. Siebert in taking up the duties of the Acting Dean of the College of Arts and Sciences after the death of Dean Walter J. Shepard and in carrying forward these duties so cordially and so effectively for more than a year down to the date of the installation of the permanent Dean Bland L. Stradley on April 1, 1937.

The willingness of Professor Siebert to break the continuity of his historical study and writing to answer the call to administrative service of the University is entirely significant of his long time interest in University affairs.

That the Board of Trustees express its deep appreciation to Dean William McPherson for his readiness to continue his services as Dean of the Graduate School following his retirement in September, 1936, until a successor might be selected and qualified. This interim period came to an end on May 1, 1937, with the installation of Dean George F. Arps.

Dean McPherson was the first Dean of the Graduate School, beginning his service in 1911 and the notable expansion of the activities in the graduate field and the remarkable development which has taken place there have been sympathetically and ideally promoted by Dean McPherson during this long period. His complete willingness to go forward until a new Dean might be selected is entirely significant of the living interest which he has had in the University for many years.

That Assistant Professor Alice D. Pressey, School of Home Economics, be granted a leave of absence, without salary, during the Summer Quarter, 1937.

That Paul Pinther, Laborer in the Roads and Grounds Department, be granted a leave of absence, without salary, for the month of May, 1937, on account of illness.

That \$500 be appropriated from the Interest on Endowment Fund to complete the payments due on the Howald Scholarship to M. L. Pool for the current year. The bequest and subsequent interest thereon have been expected but have not yet been paid to the University.

That a grant of \$40 from the John A. Bownocker Endowment Fund be made to Grace A. Stewart of the Department of Geology

to apply on transportation expenses incurred while making a trip to Albany, New York, and Ottawa, Canada, in order to study type specimens of fossil bryozoa in geological museums in these places.

Rouse, Instructor in Geology, to apply on transportation expenses incurred while making trips over Western Ohio in collecting data concerning and studying effects of the earthquakes that took place in that region in March, 1937. The study has resulted in a paper which will be published.

That the recommendation of the University Faculty in a meeting held on May 5, 1937, be approved and in accordance therewith the following persons be awarded the honorary degrees noted at the Commencement on June 14, 1937, namely:

The President now presented the following recommendation:

That the Board of Trustees approve the principle of granting extension workers the privilege and opportunity of occasional leaves of absence with salary for professional improvement through pursuit of well-planned programs to be approved and recommended by the Director of Extension, the Dean of the College of Agriculture, and the President.

The President stated that if this principle is approved, recommendations will be presented each year involving a reasonable number of staff members. The number recommended each year and the individuals selected will be governed by the following considerations:

1. Tenure and quality of service rendered.
2. Fitness for advanced study.
3. Availability of funds to employ assistants, when necessary, to carry on the work of members on leave.
4. Approval of cooperating committees in counties when county extension agents are involved.
5. Approval of the Federal Director of the Extension Service.
6. The general status of departmental and county programs.

It should be remembered that this is simply a renewal of a privilege enjoyed for many years but discontinued in 1931-1932 because of the general financial situation and budget conditions.

Upon motion of Mr. Caton, seconded by Miss Campbell, the above recommendation of the President was upon roll call unanimously approved.

The president now took up with the Board the matter of the administration of the Summer Quarter and stated that for a number of years the Summer Quarter had been administered by a Summer Quarter Council, constituted of three of the Deans of the University appointed annually by the President. The President expressed the view that, with the growing size and complexity of the Summer Quarter and the intercollegiate nature of many of the questions involved in building the program, a single administrator would be more effective. Thereupon he made the following recommendation to the Board:

That a change be made in the duties of the Summer Quarter Council, as now provided in Faculty Rule No. 82, to

make it a body with an advisory capacity only; and that there be created the office of Director of the Summer Quarter; that said Director have administrative functions in the performance of which he shall have the advice and counsel of the said Summer Quarter Council; that the duties of said Director be, subject to the approval of the President and the sanction of the Board of Trustees:

- a. to plan the work of the Summer Quarter;
- b. to determine the budget therefor, both in terms of the regular personal service contracts and of special personal service contracts entered into only for the Summer Quarter, or a portion thereof;
- c. to have charge of all publicity relating to the Summer Quarter;
- d. to approve all copy for the bulletin of the Summer Quarter;
- e. to have general administrative responsibility for the program of the Summer Quarter thus established;
- f. to see that all courses of study offered for the Summer Quarter shall first have had the approval of the Council on Instruction or the Graduate Council, or both, as required by the rules of the University.

Upon motion of Mr. Atkinson, seconded by Miss Campbell, the above recommendation of the President was upon roll call unanimously approved.

* * * * *

Thereupon the President recommended for Director of the Summer Quarter, Professor George W. Eckelberry, the Assistant to the President, to assume the duties of the office at once, in addition to his duties as said Assistant to the President.

Upon motion of Mr. Atkinson, seconded by Miss Campbell, Professor George W. Eckelberry was, by unanimous vote, appointed Director of the Summer Quarter.

The Secretary reported that in accordance with the action of the Board of Trustees taken at its meeting held April 12th, 1937, by which Mr. Lloyd R. Smith of Portland, Oregon, was authorized to proceed with the sale of the realty holdings in the Muellhaupt Estate, an offer has been received for the Strowbridge homestead, known as lots 1 and 2, block 162, City of Portland, Oregon, in which the purchaser agrees to pay the sum of \$7500 cash for said property.

Mr. Smith and Mr. W. H. Maguire, the agent for the Board of Trustees at Portland, both concur in the opinion that this is a fair and reasonable price for the property and they recommend its acceptance by the Board of Trustees.

As stated to the Board at its April meeting, this particular property was appraised by the Court Appraisers at \$12,500. Upon personal inspection of this property by Mr. Laybourne, Mr. Steeb, Mr. Maguire and Mr. Smith, it was unanimously agreed that said appraisal was decidedly excessive.

The Secretary reported further that the Attorney General, upon request, has prepared a form of deed which, in his judgment, will properly convey title to the real estate therein described.

Mr. Laybourne thereupon offered the following resolution:

That the proposal of the Oregon Motor Stages, an Oregon Corporation, to pay \$7500 for said real estate, be accepted and that Julius F. Stone, Chairman of the Board of Trustees, and Carl E. Steeb, Secretary of the Board of Trustees of the Ohio State University, be directed to execute said deed for and on behalf of the Ohio State University.

Upon motion of Mr. Laybourne, seconded by Mr. Atkinson, the above resolution was upon roll call unanimously adopted.

The Secretary presented the following statement concerning the Mary S. Muellhaupt Estate.

Among the assets received from the Mary S. Muellhaupt Estate is a certificate of stock No. 18, dated July 29, 1931, of the Joseph A. Strowbridge Estate Company, for 46% shares, issued in the name of Mary S. Muellhaupt. The certificate bears the following assignment of the Executrix:

"According to the terms of the Will of Mary S. Muellhaupt and an order of the Circuit Court of the State of Oregon for Multnomah County, dated February 24, 1937, I hereby assign, set over and transfer all my right, title and interest in these 46% shares of stock to the Ohio State University of Columbus, Ohio.

(Signed) DOROTHY McCULLOUGH LEE,
Executrix of the Estate of Mary S. Muellhaupt."

In order to liquidate the Joseph A. Strowbridge Estate Company, it will first be necessary to terminate the receivership. Mr. Maguire reports the possibility of the sale of certain of the wheat lands belonging to the Estate, which will then permit the Receiver to pay in full all of the delinquent taxes and also the judgment, slightly in excess of \$9000, which the University now holds against the Estate Company.

As soon as the delinquent taxes and the judgment are paid, it will be possible to dissolve the receivership of the Estate. When the receivership is dissolved, it will be necessary to reorganize the Corporation and elect directors and officers.

The Joseph A. Strowbridge Estate Company consists of 115% shares, held as follows: The Ohio State University 46% shares; Henry Strowbridge, 34% shares; Joseph A. Strowbridge, 30% shares; and Frances M. Osborne (daughter of Joseph A. Strowbridge), 4 shares.

In the reorganization of the Corporation, the University should be represented upon the Board of Directors.

Mr. Maguire, in his letter of April 3, 1937, presented to the Board of Trustees at its April meeting, recommended that the Board instruct the Receiver to reissue the 46% shares of stock to the University and to such other persons as the Board may wish to designate as its agents, with the understanding that any certificates of stock issued to such persons as the University may designate shall be immediately endorsed by them and returned to the University, together with a letter of resignation from each of them, which could be filed by the University at any time.

Mr. Maguire recommended further that Mr. Lloyd R. Smith, of Portland, Oregon, the Receiver of said Corporation, be made a stockholder and a director of the Corporation, that Mr. Henry Strowbridge, or whoever he might designate, be made a Director, and that the University designate one or more other persons to represent it on the Board of Directors.

Mr. Atkinson offered the following motion:

That the Secretary be directed to send said certificate of stock No. 18 of the Joseph A. Strowbridge Estate Company to Mr. W. H. Maguire of Portland, Oregon, with the request that Mr. Lloyd R. Smith, Receiver of the Joseph A. Strowbridge Estate Company reissue said 46 $\frac{7}{8}$ shares of stock as follows:

- The Ohio State University—42 $\frac{7}{8}$ shares
- W. H. Maguire, Portland, Oregon—one (1) share
- Lloyd R. Smith, Portland, Oregon—one (1) share
- Lawrence E. Laybourne, Springfield, Ohio—one (1) share
- Carl E. Steeb, Columbus, Ohio—one (1) share

That the Secretary be also directed to request Mr. Maguire to have the certificates of stock issued to W. H. Maguire and Lloyd R. Smith, endorsed by them and forwarded immediately to the University, together with a letter of resignation from each of them.

That the Secretary secure similar endorsements and letters from Lawrence E. Laybourne and Carl E. Steeb for the certificates to be issued in their names.

That the Secretary advise Mr. Maguire that it is the wish of the Board of Trustees that an immediate reorganization of the Corporation be accomplished following the termination of the receivership.

That when the reorganization of the Corporation is made, the following directors be elected: Henry Strowbridge, or someone designated by him; W. H. Maguire; Lloyd R. Smith; Lawrence E. Laybourne; and Carl E. Steeb.

The above motion was seconded by Miss Campbell, and upon roll call was unanimously adopted.

The Secretary now presented a request from Charles G. Roby for a Virginia Military Land deed for 14.76 acres in Darby Township, Madison County, Ohio, Survey No. 3464.

Upon motion of Mr. Laybourne, seconded by Mr. Atkinson, the Chairman of the Board was directed by unanimous vote to execute said deed.

The Secretary reported to the Board that the Ohio Agricultural Experiment Station is now purchasing a tract of 75.01 acres of land from Sarah L. Cooper and Kyle L. Cooper, husband and wife, which tract is a part of Ohio State University Lot No. 80, Rarden Township, Scioto County, Ohio, and was supposed to be a part of a 125-acre

5-10-'37

tract of land which was conveyed by the Board of Trustees of Ohio State University to one J. L. McKinley in 1879.

In studying the title of this tract, it was found by the Attorney General's Office that there was a certain part containing 3 acres and 150 poles which was not within that part of Lot No. 80 conveyed to J. L. McKinley and therefore is still in the name of the Ohio State University.

The Attorney General therefore has prepared a form of deed conveying this parcel of 3 acres, more or less, to the state of Ohio, and this deed is now presented for the approval of the Board of Trustees.

Upon motion of Miss Campbell, seconded by Mr. Atkinson, the Chairman and Secretary of the Board were by unanimous vote directed to execute said deed and return it to the Attorney General for the completion of the above purchase.

Satisfactory evidence having been presented that the name of Walter Joseph Tymochko has been changed by Probate Court order to Walter Joseph Tims, it was moved by Miss Campbell, seconded by Mr. Atkinson and ordered by unanimous vote that a new diploma (Doctor of Medicine, June, 1932) be issued to Walter Joseph Tims.

It was further ordered that a duplicate diploma be granted to Herman William Diehl who received the degree of Bachelor in Mechanical Engineering in June, 1932, satisfactory evidence having been presented that the original diploma was damaged by the recent flood.

That authorization be given to extend some financial aid from the John A. Bownocker Endowment Fund to two exceptional students in the Department of Geology, as follows:

This proposal provides for the payment of \$300 to the University for the salary of the scholar; said scholarship to be on a 12 months basis, effective July 1, 1937. It is further recommended that the Chairman of the Board of Trustees be authorized to execute on behalf of the University a memorandum of agreement to carry out this proposal.

That the request of the Kellogg Foundation, Battle Creek, Michigan, for a special program for approximately fifty teachers employed in the school system of the state of Michigan, be approved subject to the following conditions:

- (1) The Kellogg Foundation is to pay to the University \$50 for each teacher enrolled, the total amount received to be credited by the Business Manager to a special account.
- (2) Teachers employed by the University for the purposes of this program are to be paid salaries from the special account thus created.
- (3) The Department of Education is to provide special observation privileges for these teachers in three primary rooms and opportunities for these teachers to work with these rooms during the first term of the Summer Quarter with about two weeks additional for conferences and reports.
