

SUMMARY OF ACTIONS TAKEN

April 28, 2026 – Quality and Professional Affairs Committee Meeting

Members Present:

Juan Jose Perez
George A. Skestos
Trevor Brown
John J. Warner
Andrew M. Thomas

Elizabeth Seely
David E. Cohn
Eric C. Bourekas
Kami J. Maddocks

Scott A. Holliday
Stacy A. Brethauer
Traci Mignery
Corrin Steinhauer

Members Present via Zoom: N/A

Members Absent:

Michael Papadakis

PUBLIC SESSION

The Quality and Professional Affairs Committee of the Wexner Medical Center Board convened on Tuesday, April 28, 2026, virtually and in person, in Room 234 of Meiling Hall on the Columbus campus. Chair John Perez called the meeting to order at 3:59 p.m.

Item for Action:

1. Approval of Minutes: No changes were requested to the March 24, 2026, meeting minutes; therefore, a formal vote was not required, and the minutes were considered approved.

Item for Discussion:

2. Clinical Accomplishments: Dr. Andrew Thomas, chief clinical officer, and Ms. Elizabeth Seely, chief administrative officer of the hospital division, updated the committee on recent achievements from across the Wexner Medical Center. It has been two months since the new University Hospital began operations. Since opening, the facility has hosted more than 4,000 patient admissions, 2,000 surgeries and 750 births. Approximately 180,000 visitors have been registered. The tower is maintaining a 90-92% occupancy rate, and patient-experience survey results are markedly improved since the transfer into the new space.

April is transplant month, and this is the 18th year that a “pinwheel garden” has been planted on medical center grounds. More than 13,900 pinwheels were included this year, each one representing a lifesaving transplant that has taken place at Ohio State.

Dr. David Cohn, chief operating officer and chief medical officer at The James, then provided an overview of The James’ new digital pathology second opinion consult service. The remote consultations expand access to the hospital’s advanced cancer diagnostic tools to more partners across the state. Dr. Thomas closed by noting the opening of a new primary care site in Hilliard, Ohio, the medical center’s second outpatient location in the city.

EXECUTIVE SESSION

It was moved by Mr. Perez and seconded by Mr. Skestos that the committee recess into executive session to discuss quality and safety matters, personnel matters regarding the appointment and employment of public employees, and to consult with legal counsel regarding pending or imminent litigation.

A roll-call vote was taken, and the committee voted to move into executive session with the following members present and voting: Mr. Perez, Mr. Skestos, Dr. Brown, Dr. Warner, Dr. Thomas, Ms. Seely, Dr. Cohn, Dr. Bourekas, Dr. Maddocks, Dr. Holliday, Dr. Brethauer, Ms. Mignery and Dr. Steinhauer.

The committee entered into executive session at 4:05 p.m. and reconvened in public session at 4:19 p.m.

PUBLIC SESSION

Items for Action:

3. Medical Staff Appointments, Initial FPPE Recommendations and Requests for Additional and/or Special Privileges and Change in Category, April 2026:
 - a. OSU Wexner Medical Center
 - b. James Cancer Hospital and Solove Research Institute
 - c. New Albany Ambulatory Surgery Center
 - d. Dublin Ambulatory Surgery Center

4. Approval of New/Revised Privilege Application Forms:
 - a. Anesthesiology Assistant
 - b. Anesthesiology
 - c. Certified Registered Nurse Anesthetist (CRNA)
 - d. Gastroenterology
 - e. Pathology
 - f. Radiology
 - g. Robotic Assisted Surgery
 - h. Sports Medicine

The committee first voted on item No. 3 – Medical Staff Appointments, Initial FPPE Recommendations and Requests for Additional and/or Special Privileges and Change in Category, April 2026. Dr. Brethauer was advised to abstain.

Action: Upon the motion of Mr. Perez, seconded by Mr. Skestos, the committee adopted the foregoing item by voice vote with the following committee members present and voting: Mr. Perez, Mr. Skestos, Dr. Brown, Dr. Warner, Dr. Thomas, Ms. Seely, Dr. Cohn, Dr. Bourekas, Dr. Maddocks, Dr. Holliday, Ms. Mignery and Dr. Steinhauer. Dr. Brethauer abstained.

The committee then voted on the remaining items for approval.

Action: Upon the motion of Mr. Perez, seconded by Mr. Skestos, the committee approved these items by voice vote with the following committee members present and voting: Mr. Perez, Mr. Skestos, Dr. Brown, Dr. Warner, Dr. Thomas, Ms. Seely, Dr. Cohn, Dr. Bourekas, Dr. Maddocks, Dr. Holliday, Dr. Brethauer, Ms. Mignery and Dr. Steinhauer.

The committee adjourned at 4:23 p.m.

Neurological Surgery

Delineation of Privileges

Applicant's Name: Test, Provider

Instructions:

1. Click the **Request** checkbox to request a group of privileges such as *Core/Primary Privileges* or a Privilege Cluster.
2. Uncheck any privileges you do not want to request in that group.

Facilities

OSUHS

 The James

 ASCNA

 ASCDUB

Required Qualifications

Education/Training	Completion of an ACGME or AOA accredited Residency training program in Neurological Surgery. OR Completion of training in Neurological Surgery from an international institution that the Department Chair has determined meets the education and training requirements for the privileges being requested.
Certification	Current certification or active participation in the examination process leading to certification in Neurological Surgery by the American Board of Neurological Surgery. Board certification must be achieved within five years of completion of specialty training.
Clinical Experience (Initial)	Applicant must provide documentation of provision of neurological services representative of the scope and complexity of the privileges requested during the previous 24 months (waived for applicants completed training during the previous year). OR Department Chair assessment of applicant's performance / ability to perform requested privileges.

Core Privileges in Neurological Surgery

Description: Neurological surgery is a discipline of medicine and the specialty of surgery that provides the operative and nonoperative management (i.e., prevention, diagnosis, evaluation, treatment, critical care, and rehabilitation) of disorders of the central, peripheral, and autonomic nervous systems, including their supporting structures and vascular supply.

Endovascular Neurosurgery

Description: Use of endovascular catheter based intervention.

Qualifications

Education/Training Completion of a formal or accredited endovascular neurosurgery or interventional neuroradiology fellowship in North America.
OR Completion of training from an international institution that the Department or Division Director have determined meets the education and training requirements for the privileges being requested.

Clinical Experience (Initial) Applicant must provide documentation of a minimum of 100 therapeutic endovascular neurosurgical procedures and a minimum of 200 total interventional/diagnostic procedures. (waived for applicants who completed training during the previous year).
OR CLINICAL EXPERIENCE: Documentation of approval from the Department or Division Director of education, training or clinical experience.

Clinical Experience (Reappointment) Applicant must perform minimum of 75 diagnostic angiograms and a minimum of 30 interventional procedures and during the last 3 years.

Request			
OSUHS	The James	ASCNA	ASCDUB
<input type="checkbox"/> - Newly Requested privileges <input type="checkbox"/> - Currently Granted privileges			
Procedures			
<input type="checkbox"/>	<input type="checkbox"/>		Intracranial or spinal embolization procedure
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Head and neck embolization (non-CNS, e.g. epistaxis embolization)

<input type="checkbox"/>	<input type="checkbox"/>		Extracranial vertebral vessel angioplasty
<input type="checkbox"/>	<input type="checkbox"/>		Intracranial vessel infusion therapy

Complex Stereotactic and Functional Neurosurgery

Description: Procedural use of stereotactic instrument and procedures directed at seizure control.

Request				
OSUHS	The James	ASCNA	ASCDUB	
				<input type="checkbox"/> - Newly Requested privileges <input checked="" type="checkbox"/> - Currently Granted privileges
				Procedures
<input type="checkbox"/>	<input type="checkbox"/>			Twist drill, burr hole, craniotomy or craniectomy with stereotactic implantation of neurostimulator electrode array in subcortical site, subdural implantation of strip electrodes for long term seizure monitoring
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Creation of lesion by stereotactic method, including localizing and recording techniques
<input type="checkbox"/>	<input type="checkbox"/>			Craniotomy for lobectomy, temporal lobe, for excision of epileptogenic focus including transection of corpus callosum or hemispherectomy or subpial transections or selective amygdalohippocampectomy for control of seizures
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Implantation and management of vagal nerve stimulator

Transcranial Doppler Interpretation

Description:

Qualifications

Education/Training FORMAL TRAINING: Training in ACGME or AOA approved residency or fellowship that includes appropriate didactic and clinical vascular laboratory experience as a part of the program. Must have experience in interpreting a minimum of 100 TCDs. Formal training experience must be documented by a letter from the medical director of the training program verifying training and experience.

OR CLINICAL EXPERIENCE: Documentation of a minimum of 20 hours of relevant Cat I CME credit with courses specifically designed to provide knowledge of TCD, including its technique, limitations, accuracy and methods of interpretation.

AND Interpretation of 100 TCDs in the last two years and letter of recommendation from previous Division Director or Department Chair

OR PROCTORING: Documentation of a minimum of 20 hours of relevant Cat I CME credit with courses specifically designed to provide knowledge of TCD, including its technique, limitations, accuracy and methods of interpretation

AND Eight (8) hours of supervised practical experience in the interpretation of TCD and documentation of interpretation of 100 TCD studies while under the supervision of a credentialed TCD interpreter.

FPPE The first 10 cases performed will be reviewed for assessment of quality outcomes during the required Focused Practice Evaluation period.

Moderate and/or Deep (Procedural) Sedation

Description:

Qualifications

Initial Appointment requirements Completion of on-line competency course and exam (1 hour course on the OSU CME website) **AND** Current ACLS certification approved by the American Heart Association or ATLS certification.
AND Current DEA certificate

Reappointment requirements Documentation of satisfactory performance of at least fifteen (15) moderate and/or deep sedation cases in the previous 3 years.
AND Current ACLS certification approved by the American Heart Association or ATLS certification.
AND Current DEA certificate

Request			
OSUHS	The James	ASCNA	ASCDUB
<input type="checkbox"/> - Newly Requested privileges <input type="checkbox"/> - Currently Granted privileges			
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
MODERATE Sedation - This level of sedation produces a drug-induced decrease of consciousness during which patients respond purposefully to verbal commands, with or without tactile stimulation. A patent airway and spontaneous ventilation are adequate without intervention. Cardiovascular status is usually maintained.			
DEEP sedation (requires approval from Anesthesiology Department Chair) - This level of sedation produces a drug-induced decrease of consciousness during which patients cannot be easily aroused, but respond purposefully following repeated or painful stimulation. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be impaired or inadequate.			

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated performance, I am qualified to perform, and that I wish to exercise at Ohio State University hospitals, ASC's and Clinics.

I also acknowledge I have met all requirements including but not limited to the minimum number of cases and/or CMEs. I understand that in exercising any clinical privileges granted, I am constrained by applicable hospital and medical staff policies and rules applicable generally and any applicable to the particular situation.

Practitioner's Signature _____

OSUHS, The James, ASCNA, ASCDUB

Final Recommendation - Privileges

I have reviewed the requested clinical privileges and supporting documentation and my recommendation is based upon the review of supporting documentation and/or my personal knowledge regarding the applicant's performance of the privileges requested:
