

APPROVAL OF THE EMERGENCY GENERAL SURGERY PROGRAM VERIFICATION

OHIO STATE UNIVERSITY HOSPITALS d/b/a OSU WEXNER MEDICAL CENTER

Synopsis: Approval of the submission for verification of the Emergency General Surgery Program for the hospitals at the Ohio State University Hospitals d/b/a OSU Wexner Medical Center, including Ohio State University Hospital, Ohio State Richard M. Ross Heart Hospital, Ohio State Harding Hospital, and Ohio State East Hospital, is proposed.

WHEREAS the mission of the Ohio State University Hospitals is to improve people's lives through innovation in research, education, and patient care; and

WHEREAS, the Ohio State University Hospitals continue to provide emergency, specialty, and subspecialty clinical surgical services, as well as professional education, research, and performance improvement programs (collectively, the "Emergency General Surgery or EGS Program"); and

WHEREAS the Ohio State University Hospitals intend to meet all requirements and criteria to obtain Emergency General Surgery verification and support its EGS program; and

WHEREAS the annual review of these contracts was approved by the Ohio State University Hospital Medical Staff Administrative Committee on August 12, 2026; and

WHEREAS on August 25, 2026, the Quality and Professional Affairs Committee recommended that the Wexner Medical Center Board commit to maintain the high standards needed to provide optimal care of all emergency general surgery patients and support the application for an Emergency General Surgery verification by the American College of Surgeons:

NOW THEREFORE

BE IT RESOLVED, That the Wexner Medical Center Board hereby commits to maintain the high standards needed to provide optimal care of all trauma patients and supports the application for a Level 1 trauma verification by the American College of Surgeons, Committee on Trauma.

Emergency General Surgery

Program Verification Support Request

**THE OHIO STATE

WEXNER MEDICAL CENTER

What is EGS and Why Seek Accreditation

- Surgical procedures, if not done emergently, put lives at risk
 - >4 million annual admissions
 - Nearly 50% of operative mortality is due to unplanned emergency surgery
 - 6 times the complication rate compared to elective surgical patients.
 - Approximately 25% of total inpatient costs
- For our patients, this verification means:
 - Access to board-certified emergency general surgeons 24/7
 - Standardized care pathways designed to reduce complications and enhance recovery
 - A dedicated team focused on the highest levels of surgical quality and safety

-

Return on Investment

- Decrease LOS
- Improved Quality and Outcomes
 - Lower SSI rates
 - Fewer ICU days
 - Reduced readmissions
 - Lower resource utilization
- OR efficiency
 - Reduced case delays
 - Improved block utilization
 - Faster ED-to-OR throughput
- Referral capture

Verification should be viewed as a health-system transformation initiative rather than simply an accreditation exercise. The framework creates durable infrastructure for quality improvement, operational efficiency, and regional growth.

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated performance, I am qualified to perform, and that I wish to exercise at Ohio State University hospitals, ASC's and Clinics. I also acknowledge I have met all requirements including but not limited to the minimum number of cases and/or CMEs. I understand that in exercising any clinical privileges granted, I am constrained by applicable hospital and medical staff policies and rules applicable generally and any applicable to the situation.

Practitioner's Signature

OSUHS, The James

Final Recommendation - Privileges

I have reviewed the requested clinical privileges and supporting documentation and my recommendation is based upon the review of supporting documentation and/or my personal knowledge regarding the applicant's performance of the privileges requested:
