

SUMMARY OF ACTIONS TAKEN

September 22, 2026 – Quality and Professional Affairs Committee Meeting

Members Present:

George A. Skestos
Suzanne R. Kiggin
John J. Warner
W. Kimryn Rathmell

David E. Cohn
Elizabeth Seely
Daniel Like
Kami J. Maddocks

Eric C. Bourekas
Scott A. Holliday
Traci Mignery
Corrin Steinhauer

Members Present via Zoom:

Kara J. Trott – arr. 4:30 p.m.
Michael Papadakis

Andrew M. Thomas

Crystal Tubbs

Members Absent:

Trevor Brown

Nicole Williams

Stacy A. Brethauer

PUBLIC SESSION

The Quality and Professional Affairs Committee of the Wexner Medical Center Board convened on Tuesday, September 22, 2026, virtually and in person, in Room 234 of Meiling Hall on the Columbus campus. Vice Chair George Skestos called the meeting to order at 4:00 p.m. and welcomed new committee members.

Item for Action:

1. Approval of Minutes: No changes were requested to the August 25, 2026, meeting minutes; therefore, a formal vote was not required, and the minutes were considered approved.

Item for Discussion:

2. Clinical Accomplishments: Chief Clinical Officer Andrew Thomas shared several recognitions the Wexner Medical Center has received from national and local entities. The cardiac catheterization lab is among the top 10 percent in the nation, in terms of both efficiency and quality, according to the American College of Cardiology's National Cardiovascular Data Registry. The new University Hospital was named Project of the Year by *Columbus Business First* in its 2026 Building Columbus Awards.

NRC Health, a market research and healthcare experience management organization, gave the medical center its Best in Brand Award for 2026. The honor recognizes the nine NRC Health partners with the highest brand perception. Castle Connolly included 598 Ohio State faculty physicians on its Top Doctors list — the most for any central Ohio institution — and *Becker's Hospital Review* again named the medical center to its list of 100 great hospitals in America.

EXECUTIVE SESSION

It was moved by Mr. Skestos and seconded by Dr. Warner that the committee recess into executive session to discuss quality and safety matters, personnel matters and to consult with legal counsel regarding pending or imminent litigation.

A roll-call vote was taken, and the committee voted to move into executive session with the following members present and voting: Mr. Skestos, Mrs. Kiggin, Mr. Papadakis, Dr. Warner, Dr. Rathmell, Dr. Thomas, Dr. Cohn, Ms. Seely, Mr. Like, Dr. Maddocks, Dr. Bourekas, Dr. Holliday, Dr. Tubbs, Ms. Mignery and Dr. Steinhauer. Ms. Trott was not present for this vote.

The committee entered into executive session at 4:05 p.m. and reconvened in public session at 4:47 p.m.

PUBLIC SESSION

Items for Action:

3. Medical Staff Appointments, Initial FPPE Recommendations and Requests for Additional and/or Special Privileges and Change in Category, September 2026:
 - a. OSU Wexner Medical Center
 - b. James Cancer Hospital and Solove Research Institute
 - c. New Albany Ambulatory Surgery Center
 - d. Dublin Ambulatory Surgery Center
 - e. Powell Ambulatory Surgery Center
4. Approval of New/Revised Privilege Application Forms:
 - a. Certified Nurse Midwife
 - b. Gastroenterology
 - c. Intraoperative Neuromonitoring – Telemedicine (Department of Neurosurgery)
 - d. Neurology
5. Approval of the Antimicrobial Stewardship Program:
 - a. OSU Wexner Medical Center
 - b. James Cancer Hospital and Solove Research Institute
6. Approval of the Infection Prevention and Control Program:
 - a. OSU Wexner Medical Center
 - b. James Cancer Hospital and Solove Research Institute

Action: Upon the motion of Mr. Skestos, seconded by Dr. Warner, the committee approved the foregoing items by roll-call vote with the following committee members present and voting: Ms. Trott, Mr. Skestos, Mrs. Kiggin, Mr. Papadakis, Dr. Warner, Dr. Rathmell, Dr. Thomas, Dr. Cohn, Ms. Seely, Mr. Like, Dr. Maddocks, Dr. Bourekas, Dr. Holliday, Dr. Tubbs, Ms. Mignery and Dr. Steinhauer.

The committee adjourned at 4:50 p.m.

Graduate Medical Education Annual Institutional Update 2026

Scott Holliday, MD

**THE OHIO STATE
UNIVERSITY**

COLLEGE OF MEDICINE

Graduate Medical Education

Programs and Filled Positions

Program Type	# Programs (active)	# Residents / Fellows
ACGME Accredited Residencies	24	752
ACGME Accredited Fellowships	58	241
Other Accredited & Non-Accredited	94	78
Total	176	1097

New Programs

Since Last Year's Report

Three submitted new accredited programs –

- PM&R Traumatic Brain Injury Fellowship (Pending approval)
- Critical Care Fellowship (Pending Approval)
- Transplant Nephrology – existing non-accredited program (Pending Approval)

Two New Programs Not Accredited by ACGME

- Brain Injury/Concussion – Neurology Program
- Advance Rhinology - ENT

Institutional Accreditation

ACGME

- Continued Accreditation
- 95% of residents/fellows rated OSU GME as very positive or positive (Up 2%)
- All compliance domains for OSU improved from last year

Resources=92.1% ↓ (92.3%)

Professionalism=90.9% ↓ (92.0%)

Patient Safety and Teaming=92.0% ↑ (91.7%)

Faculty Teaching and Supervision=89.9% ↓ (91.3%)

Evaluation=94.4% ↑ (94.2%)

Educational Content=95.2% ↓ (95.8)

Heterogenous Pt Population=97.1% ↑ (97.0%)

Clinical Experience and Education=96.6% ↓ (96.7)

Program Accreditation

Continued Accreditation without Citations

- **Residencies with Continued Accreditation:** Anesthesiology, Dermatology, Emergency Medicine, Family Internal Medicine, Neurological Surgery, OBGYN, Ophthalmology, Orthopaedic Surgery, Otolaryngology, Pathology - Clinical & Anatomical, Physical Medicine & Rehabilitation, Psychiatry, Radiation Oncology, Diagnostic Radiology, Plastic Surgery – Integrated, Interventional Radiology – integrated, Thoracic Surgery – Integrated, Vascular Surgery – Integrated, and Med-Peds
- **Fellowships with Continued Accreditation:** Allergy & Immunology, Adult CT Anesthesia, Critical Care Anesthesiology, Regional Anesthesiology and Acute Pain Medicine, Pain Medicine, Peds Dermatology, Dermatopathology, Micrographic Surgery & Dermatological Oncology, Clinical Informatics, Family Med Sports Medicine, Hospice & Palliative Care, Adult Congenital Heart Disease, Advanced Heart Failure and Transplant, Cardiology, Clinical Electrophysiology, Endocrinology, Gastroenterology, Geriatrics, Hematology & Medical Oncology, Infectious Diseases, Interventional Cardiology, Nephrology, Pulmonary/Critical Care, Rheumatology, Sleep Medicine, Transplant Hepatology, Clinical Neurophysiology, Neuromuscular Medicine, Vascular Neurology, Urogynecology & Reconstructive Pelvic Surgery, Gynecologic Oncology, Maternal Fetal Medicine, Adult Reconstructive Orthopaedic Surgery, Spine Surgery, Musculoskeletal Oncology, Hand Surgery, Sports Medicine – Ortho, Neurotology, Blood Banking and Transfusion Med, Cytopathology, Hematopathology, Child & Adolescent Psychiatry, Addiction Medicine, Consult-Liaison Psychiatry, Forensic Psychiatry, Interventional Radiology, Neuroradiology, Complex General Surgical Oncology, Surgical Critical Care, Thoracic Surgery – Independent, and Vascular Surgery
- **Initial Accreditation:** Emergency Medicine/Internal Medicine (EM/IM), Epilepsy, Interventional Pulmonology

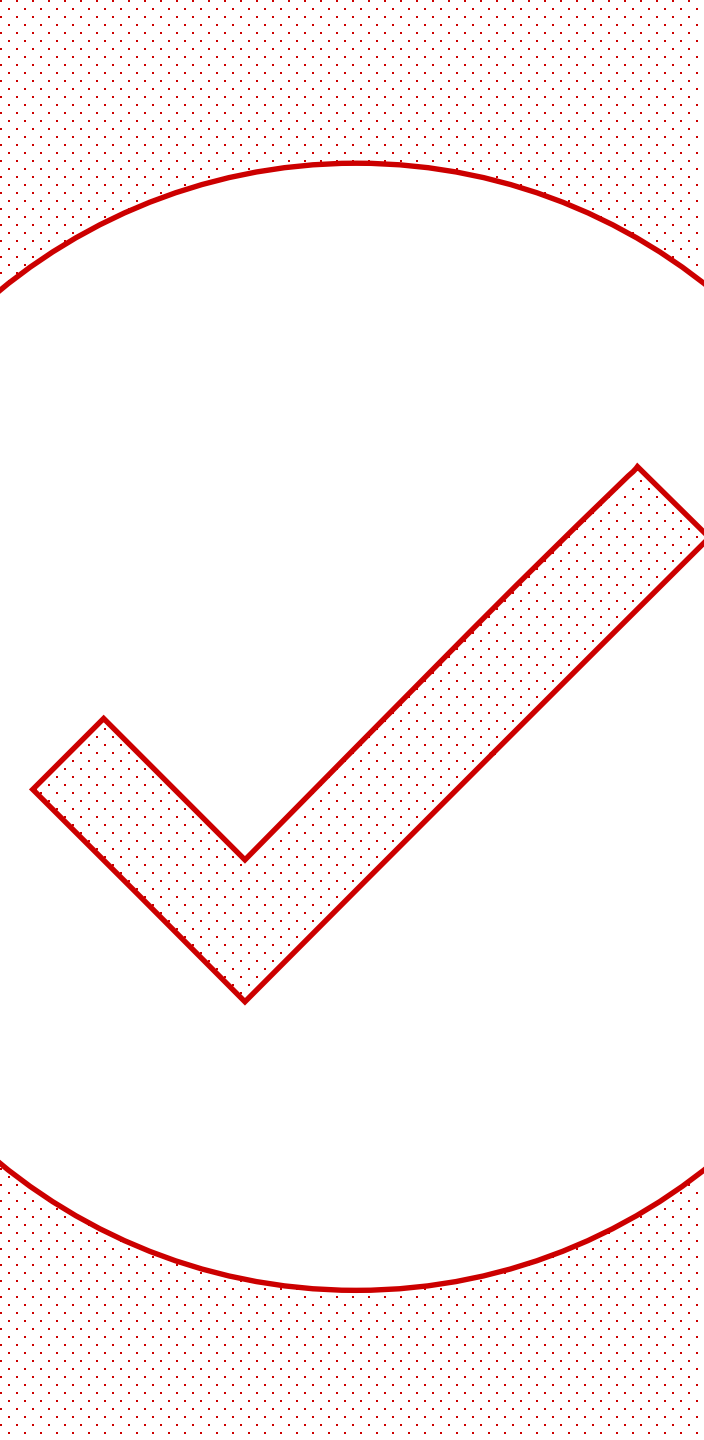

Continued Accreditation

With Citations

- The remaining 4 programs have a total of 9 citations (down from 11 programs with 26 citations)
- 5 citations are clerical errors
- Other Citations
 - Procedure Volume Tracking
 - Evaluation of Residents
 - Effects of Other Learners
 - Work hours

Residencies: Neurology, General Surgery, Urology

Fellowships: Neurocritical Care

Program Accreditation

One Site Visit from ACGME

Residencies:

None

Fellowships:

Plastic Surgery - Independent

Outcomes from this visit resulted in citation removal and move to Continued Accreditation Status

Other Accreditation Statuses

- Initial Accreditation
 - Epilepsy, Emergency Medicine/Internal Medicine, Interventional Pulmonology (Visit for IP 9/29/26)

ACGME Survey

Wellbeing

- There was a clear increase in perceived emotional exhaustion by our residents this past year.
 - I often feel emotionally drained at work (33.8% -- up 8.8%)
 - After work, I need more time than in the past in order to relax (42% -- up 10%)
 - I feel worn out and weary after work (40% -- up 12%)
- Some contributing information may be reflected in declines in the following metrics
 - The amount of work I am expected to complete in a day is reasonable (6% disagree, up 1.3%)
 - I have enough time to think and reflect (10.3% disagree, up 2%)
- Despite these declines, engagement remains stable (0.2% improved over last year)
 - I feel more and more engaged in my work (90.6% agree)

GME Successes

Ohio Department of Health Grant

- Drs. Niedermier (Psychiatry PD), Dr. Panchal (Family Medicine PD) and Dr. Holliday (DIO) received a grant from Ohio Dept. of Health to support GME expansion to support rural healthcare in Ohio
 - \$1.2M over 18 months
 - Supports rural track in Psychiatry & Family Medicine (6 residents total)
 - Two Associate PDs leading rural education
 - Longitudinal opportunities in Ohio State Health Network Sites

Educational Support

GME Resources

- GME Coaching
 - Our 3 GME faculty coaches support residents/fellows across all programs with self or program identified growth opportunities
 - 58 referrals from 25 different GME programs since the program began
- GME Learner Development
 - Dr. Dyan Marinos added to lead this effort
 - Education beyond the specialty curriculum – nutrition, interpersonal communication, navigating complex health systems
- GME Counseling Support
 - 23% increase in service utilization

Resident to Faculty (R2F)

Partner with COM HR

- Inaugural year for program to enhance retention of residents and fellows from high need specialties
- 31 Residents/fellows retained through the program
- Preparatory education to make the transition more successful

Remote Onboarding

Making Transition to Residency Easier

- Coranita Burt, Director in GME partnered with HR, Employee Health and Credentialing to develop a system whereby our residents coming from across the country could get background checks and drug screens done locally
- More efficient
- Less cost
- Happier Residents

Residency Program National Rankings – Top 20

Doximity

Action Items

Learner Development Curriculum

- Finalize pilot nutrition curriculum for GME by June 30, 2027
- Release nutrition curriculum to all programs July 1, 2027
- Prioritize other curricular educational offerings for AY28 by October 1, 2026
- Complete AY28 curricular offerings by June 30, 2027

Action Items

Zero Harm

- Reinforce Every Person Every Time (EPET) skills for providers – residents, fellows, and faculty – through targeted evaluations of EPET skill demonstration throughout GME
- Faculty assessments will be completed quarterly in FY27

Action Item

Workload Monitoring

- Wellbeing and individual program survey data shows some early signals of excessive workload in some departments, since the opening of the new UHT
- GME will work with programs to assess whether this was a transitional issue or one that persists related to the new tower through interval assessment in AY27

Action Item

ODH Grant Outcome Monitoring

- The ODH grant supports rural resident education, yet the short cycle of the grant will not allow us to know if the program resulted in post-graduate practice in rural Ohio.
- The GME office will track practice outcomes of participants after graduation (AY 29 and AY30)
- If successful, will work to look for similar model opportunities in other specialties

New Albany ASC Medical Executive Committee

For the period of 11/1/2026 to 6/30/2028

Charge: To represent and act on behalf of the medical staff subject to such limitations as may be imposed by the governance and operations policy; to receive and act upon committee reports and make necessary recommendations; to implement the policies, both clinical and administrative, of the medical staff; to review and act on medical staff appointments, reappointments, and requests for delineation of clinical privileges; to assure compliance with applicable accreditation standards; to promulgate such policies and procedures as necessary for the effective provision of patient care, for peer review and quality improvement initiatives; to oversee the performance of the standing committees and any special or ad hoc committees; and to oversee all quality improvement activities pertinent to the surgery center in collaboration with the Wexner Medical Center Perioperative Quality Committee.

Meeting dates and times: Quarterly (February, May, August, November) on the third Tuesday, 7:30–8:00 a.m.

Meeting location: Virtual

Voting Members	Role
Naeem Ali, MD	Chief Medical Officer
Erin Goodhue, DO	Pathology
Jarrett Heard, MD (Chair)	Medical Director, Ambulatory Perioperative Services
Amy Kerger, DO	Radiology
Na Li, MD	Gastroenterology
Heather Ozga, MD (Co-Chair)	Anesthesiology
Andrew Thomas, MD	Chief Clinical Officer
Ex-Officio	
Sheryl Burtch, DNP, MA, RN, NEA-BC	Assoc. Chief Nursing Officer, Surgical Services
Rachel Carpenter, RN	Associate Director, Ambulatory Surgical Services
Trevor Clark, JD	Legal Services
Jami Hensley, MHA, CPMSM, CPCS	Credentialing
Shirley Li, MD	Pathology
Naomi Maletz, JD	Legal Services
Ann Moeller, CPMSM, CPCS, CPES	Credentialing

Dublin ASC Medical Executive Committee

For the period of 11/1/2026 to 6/30/2028

Charge: To represent and act on behalf of the medical staff subject to such limitations as may be imposed by the governance and operations policy; to receive and act upon committee reports and make necessary recommendations; to implement the policies, both clinical and administrative, of the medical staff; to review and act on medical staff appointments, reappointments, and requests for delineation of clinical privileges; to assure compliance with applicable accreditation standards; to promulgate such policies and procedures as necessary for the effective provision of patient care, for peer review and quality improvement initiatives; to oversee the performance of the standing committees and any special or ad hoc committees; and to oversee all quality improvement activities pertinent to the surgery center in collaboration with the Wexner Medical Center Perioperative Quality Committee.

Required Qualifications

Education/Training	Successful completion of an ACGME or AOA accredited post-graduate residency program in Neurology. Physicians trained in Psychiatry may qualify only if they hold a faculty appointment within the Division of Cognitive Neurology and have completed an approved fellowship in Behavioral Neurology, Geriatric Neurology, Neuropsychiatry or Cognitive Neurology, as outlined under "Behavior Neurology". Physicians trained in Physical Medicine and Rehabilitation may qualify only if they hold a faculty appointment within the Division of Neuromuscular Disorders and have completed an approved fellowship in Neuromuscular Medicine or Clinical Neurophysiology with Neuromuscular and EMG emphasis, as outlined under "Electromyography". OR International Training Pathway: Completion of at least four (4) years of international training plus at least 1 year of Neurology specialty/subspecialty training at an ACGME or AOA accredited institution. A letter verifying competency to practice independently is required.
Certification	Current certification or active participation in the examination process leading to certification in neurology by the American Board of Psychiatry and Neurology (ABPN) or the American Osteopathic Board of Neurology and Psychiatry. Board certification must be achieved within five (5) years of completion of specialty training OR Completion of international training and on track to fulfill the requirements of the American Board of Psychiatry and Neurology alternate/academic pathway to certification. Board certification must be obtained within five (5) years of fulfilling requirements for certification.
Certification-Other	In specific instances, board certification by the American Board of Physical Medicine and Rehabilitation (ABPMR) or the American Osteopathic Board of Physical Medicine and Rehabilitation (AOBPMR)-or completion of an approved training program in those fields within the past five years-may be accepted for faculty in the Division of Neuromuscular Disorders, as outlined above. Board certification must be achieved within five (5) years of completion of specialty training. In specific instances, board certification in Psychiatry by the American Board of Psychiatry and Neurology (ABPN) or the American Osteopathic Board of Neurology and Psychiatry-or completion of an approved training program in those fields within the past five years-may be accepted for faculty in the Division of Cognitive Neurology, as outlined above. Board certification must be achieved within five (5) years of completion of specialty training.

Core Privileges in Neurology

Description: Diagnosis, treatment and consultation related to disease or impaired function of the brain, spinal cord, peripheral nerves, muscles and autonomic nervous system, as well as the blood vessels that relate to these structures.

Request		
	OSUHS	The James
	☐ - Newly Requested privileges ☐ - Currently Granted privileges	
☐	☐	Admission, diagnosis, evaluation (including completion of H&P), consultation, and treatment of illness or injuries of the neurologic system.
☐	☐	Lumbar puncture
☐	☐	Determination of brain death (CBL required for initial privileges) REQUIRED
☐	☐	Initial interpretation of CT and MRI for purpose of treatment of acute neurological disorders
☐	☐	Provision of general neurological (non-stroke) diagnosis and care via telemedicine
☐	☐	Evaluation and management of stroke via telemedicine

Non-Core Privileges in Neurology

Request		
	OSUHS	The James
	☐ - Newly Requested privileges ☐ - Currently Granted privileges	
☐	☐	Interpretation of routine EEG studies (Initial: Successful completion of the designated online EEG competency assessment (Learn@EEGTalk), as confirmed by the Director of Tele-EEG; AND successful completion of at least 30 proctored routine EEG interpretations under the supervision of faculty in the OSUWMC Division of Epilepsy or faculty in the OSUWMC Division of Neurohospitalist Medicine & Teleneurology who have completed fellowship training in epilepsy or in clinical neurophysiology, with documentation of satisfactory performance). (Must perform 45 every 3 Years)

Core Privileges in Sleep Medicine

Description: Evaluation, monitoring, treatment and prevention of sleep disorders by using a combination of techniques (clinical evaluation, physiologic testing, imaging, and intervention) and medication. Treatment of patients with apnea and other sleep-related breathing disorders; circadian rhythm disorders; insomnia; narcolepsy and related excessive daytime sleepiness disorders; parasomnias; sleep problems related to other factors and diseases such as medications and psychiatric and medical disorders.

Qualifications

Education/Training	Completion of an ACGME or AOA accredited fellowship training program in Sleep Medicine.
Certification	Board certification in Sleep Medicine by American Board of Sleep Medicine, or board certification in Sleep Medicine by an approved member Board of the American Board of Medical Specialties (ABMS), or have completed the required training program within the last five years.
Other (Initial)	Recommendation of the Director of the OSU Sleep Disorders Program.
Other (Reappointment)	Applicant attests to at least 10 credits per year (averaged over three years) of AMA PRAC Category I CME credit in sleep medicine. AND Recommendation of the Director of the OSU Sleep Disorders Program.

Request		
	OSUHS	The James
	☐ - Newly Requested privileges ☐ - Currently Granted privileges	
☐	☐	Admit to inpatient or appropriate level of care
☐	☐	Perform history and physical examination
☐	☐	Evaluate, diagnose, provide consultation and medically manage patients with sleep complaints. Integrate information obtained from patient history, physical examination, physiologic records, imaging studies, psychometric testing, pulmonary function and biochemical and molecular tests results to arrive at a diagnosis and treatment plan
		Procedures
☐	☐	Actigraphy
☐	☐	Administer, score and interpret polysomnograms (including sleep stage scoring)
☐	☐	Home/ambulatory sleep testing
☐	☐	Maintenance of wakefulness testing (MWT)
☐	☐	Multiple sleep latency testing (MSLT)

Carotid Ultrasound

Qualifications

Education/Training Documentation of training during an ACGME- accredited vascular neurology or neurocritical care fellowship.

Request		
	OSUHS	The James
	☐ - Newly Requested privileges ☐ - Currently Granted privileges	
☐	☐	Carotid ultrasound (Must perform 15 every 3 years OR documentation of ASN certification in Neurosonology)

Transcranial Doppler

Qualifications

Education/Training Documentation of training during an ACGME-accredited vascular neurology or neurocritical care fellowship.

Request		
	OSUHS	The James
	☐ - Newly Requested privileges ☐ - Currently Granted privileges	
☐	☐	Transcranial doppler (Must perform 15 every 3 years OR documentation of ASN certification in Neurosonology)

Ocular Procedures

Qualifications

Education/Training Documentation of training in an accredited ophthalmology residency or neuro-ophthalmology post-graduate training program or minimum of two years clinical experience documented in a letter from the Department Chair or Hospital Supervisor with respect to diagnosis and management of neuro-ophthalmology patients.

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

Automated (Humphrey) and kinetic (Goldmann) perimetry, tonometry, exophthalmometry, slit lamp examinations, refraction, ocular alignment, quantitative measurements

Neuro-otology/Vestibular Evaluation

Qualifications

Education/Training Documentation of training in an otolaryngology or neuro-otology post-graduate training program.

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

Vestibular and ocular motor tests (e.g., electro-nystagmogram, video-nystagmogram, video-oculography, caloric testing, rotational chair, posturography, vestibular evoked myogenic potentials)

Change cluster heading from "Tilt Table" to "Autonomic Testing"

~~Tilt Table~~

Qualifications

Education/Training Documentation of post-graduate fellowship training or equivalent supervised training with demonstrated competency in autonomic disorders

Request		The James	OSUHS	☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐	☐			Tilt table, <u>including Valsalva maneuver and heart rate response to deep breathing</u>
☐	☐			<u>Sudomotor: quantitative sudomotor axon reflex test (QSART), silastic sweat imprint, thermoregulatory sweat test, and changes in sympathetic skin potential</u>

Botulinum Toxin Injections

Qualifications

Education/Training Documentation of training during residency/fellowship, OR training in an accredited CME course and ten (10) proctored cases for each indication, OR evidence of didactic training (related to clinical indication of usage) and proctoring of five (5) cases for each indication by a physician with these privileges, OR if physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital

Request		The James	OSUHS	☐ - Newly Requested privileges ☐ - Currently Granted privileges

Botulinum Toxin Injections(Must perform 15 every 3 Years)

Ultrasound Guided Botulinum Toxin Injections

Qualifications

Education/Training	Successful completion of the OSUWMC POCUS Policies and Procedures CBL course AND Must be granted privileges for botulinum toxin injection procedures AND Formal training: Completion of a residency or fellowship that had a formal curriculum including both didactics and hands-on experience in U/S guided Botox injections. Required documentation includes a letter from the program director attesting to the completion of a formal training program including both didactic and hands-on experience and stating competency in the procedure being requested. OR Proctoring Experience: The completion of a course (approved by division US director or POCUS representative or surrogate approved by POCUS committee) that includes both didactic and hands-on instruction in the procedure requested and the required number of procedures under the supervision of an expert preceptor. OR Clinical Experience (from outside OSU Hospitals): A letter from the department chair where the candidate had been practicing (not training) stating that the candidate had formal privileges and was deemed competent (as a result of quality monitoring) and a log of the required number of procedures. A preceptor is defined as a practitioner who has full and unrestricted privileges for the procedure being requested.
--------------------	---

Request	OSUHS	The James	
			☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐	☐	☐	Ultrasound guided botulinum toxin injections for the limb (Initial: 3 cases)(Must perform 3 every 3 Years)
☐	☐	☐	Ultrasound guided botulinum toxin injections for the head and neck (Initial: 2)(Must perform 3 every 3 Years)

Occipital Blocks

Qualifications

Education/Training Documentation of training during Headache/Pain Medicine fellowship or another appropriate fellowship OR training in an accredited CME program and ten (10) proctored cases OR evidence of didactic training (related to clinical indication of usage) and proctoring of five (5) cases by a physician with these privileges OR if physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐ ☐ Occipital blocks (Must perform 15 every 3 Years)

Intrathecal administration of medications

Qualifications

Education/Training Documentation of training in neuro-oncology, neuroimmunology, neurorehabilitation, neurocritical care, pain medicine, or other appropriate fellowship, or formal course certification.

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐ ☐ Intrathecal administration of chemotherapy

☐ ☐ Intrathecal administration of non-chemotherapeutic medication

☐ ☐ Intrathecal administration of radioactive isotopes (such as I-111) into Ommaya reservoirs for CSF flow studies

Access of Rickman Catheter

Qualifications

Education/Training Documentation of training in neuro-oncology.

Request		The James OSUHS	☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐	☐		Removal/sampling of CSF
☐	☐		Administration of radioactive isotopes for diagnosis and treatment of cancer
☐	☐		Administration of chemotherapy
☐	☐		Administration of immunotherapy (including cellular therapy)

Muscle and nerve biopsy

Qualifications

Education/Training Evidence of didactic training during or following a neuromuscular or comparable fellowship (related to clinical indication for the procedures) and proctoring of five (5) cases by a physician with these privileges OR if the physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital

Request		The James OSUHS	☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐	☐	Muscle and nerve biopsy (Must perform 7 every 3 Years)
--------------------------	--------------------------	--

Needle muscle biopsy

Qualifications

Education/Training Evidence of didactic training during or following a neuromuscular or comparable fellowship (related to clinical indication for the procedures) and proctoring of five cases by a physician with these privileges, OR if the physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital

Request		
OSUHS	The James	
☐	☐	- Newly Requested privileges ☐ - Currently Granted privileges
☐	☐	Needle muscle biopsy (Must perform 5 every 3 Years)

Deep brain stimulation or Cranial nerve stimulation programming

Qualifications

Education/Training Documentation of training during an appropriate fellowship (such as Movement Disorders, Epilepsy or Headache/ Pain) OR evidence of didactic training (developed by Department of Neurology and approved by the Chair of the Department) and proctoring of five (5) cases by a physician with these privileges, OR if physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital

Request		
OSUHS	The James	
☐	☐	- Newly Requested privileges ☐ - Currently Granted privileges

☐	☐	Deep brain stimulation or Cranial nerve stimulation programming (Must perform 15 every 3 Years)
--------------------------	--------------------------	---

Skin biopsy for diagnosis of neuropathology

Qualifications

Education/Training Evidence of didactic training during a neuromuscular or comparable fellowship (related to clinical indication for the procedure) and/or proctoring of five (5) cases by a clinician with these privileges, OR if the physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant

Request		
OSUHS	The James	
		☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐	☐	Skin biopsy for diagnosis of neuropathology (Must perform 5 every 3 Years)

Electroencephalography

Qualifications

Education/Training Documentation of training during an ACGME-accredited clinical neurophysiology or epilepsy fellowship and ABPN board certification

Request		
OSUHS	The James	
		☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐	☐	Electroencephalography (including long term monitoring) (Must perform 15 every 3 Years)

Electrocorticography/Intracranial electrode monitoring

Qualifications

Education/Training Documentation of training during an ACGME-accredited clinical neurophysiology or epilepsy fellowship

Request		☐ - Newly Requested privileges ☐ - Currently Granted privileges
OSUHS	The James	
☐	☐	Electrocorticography/ Intracranial electrode monitoring (Must perform 3 every 3 Years)

Responsive nerve stimulation (RNS) and programming

Qualifications

Education/Training Documentation of training during an ACGME-accredited clinical neurophysiology or epilepsy fellowship OR evidence of didactic training by vendor on program technique (approved by the Chair of the Department of Neurology and the Director of the Epilepsy Division) and proctoring of two (2) cases by a physician with these privileges, OR if a physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital.

Request		☐ - Newly Requested privileges ☐ - Currently Granted privileges
OSUHS	The James	
☐	☐	Responsive nerve stimulation (RNS) and programming (Must perform 3 every 3 Years)

Evoked potentials (visual, somatosensory, auditory)

Qualifications

Education/Training Documentation of training during a neurophysiology, epilepsy, neuromuscular, or multiple sclerosis fellowship

Request

 OSUHS
The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐ ☐ Evoked potentials (visual, somatosensory, auditory) (Must perform 7 every 3 Years)

Electromyography (nerve conduction)

Qualifications

Education/Training Documentation of successful completion of an ACGME-accredited fellowship in Neuromuscular Medicine or Clinical Neurophysiology with Neuromuscular and EMG emphasis is required. Candidates are expected to obtain board certification in either neuromuscular medicine or clinical neurophysiology within 3 years of completion of fellowship training.

Request

 OSUHS
The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐ ☐ Electromyography (nerve conduction) (Must perform 15 every 3 Years)

Behavioral Neurology - neuropsychological assessment

Qualifications

Education/Training Board certification in neurology or psychiatry by the American Board of Psychiatry and Neurology and successful completion of fellowship training in Behavioral Neurology, Neuropsychiatry, Cognitive Neurology, or Geriatric Neurology.

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐☐

Behavioral Neurology - neuropsychological assessment (Must perform 15 every 3 Years)

Sphenopalatine ganglion block

Qualifications

Education/Training Documentation of training during a Pain Medicine, Headache or other appropriate fellowship OR evidence of didactic training (developed by Department of Neurology and approved by the Chair of the Department) and proctoring of five cases by a physician with these privileges OR if physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐☐

Sphenopalatine ganglion block (Must perform 5 every 3 Years)

Use of fluoroscopy

Qualifications

Education/Training Documentation of training during Pain Medicine or other appropriate fellowship OR evidence of didactic training (developed by Department of Neurology and approved by the Chair of the Department) and proctoring of five cases by a physician with these privileges OR if physician had privileges at another hospital, a letter from the department chair/division director attesting to experience and competency of the applicant at that hospital AND Completion of CBL

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐ ☐ Use of fluoroscopy (CBL required at initial credentialing)

Spirometry interpretation

Qualifications

Education/Training Education required

Request

OSUHS

The James

☐ - Newly Requested privileges ☐ - Currently Granted privileges

☐ ☐ Spirometry interpretation

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated performance, I am qualified to perform, and that I wish to exercise at Ohio State University hospitals, ASC's and Clinics.

I also acknowledge I have met all requirements including but not limited to the minimum number of cases and/or CMEs. I understand that in exercising any clinical privileges granted, I am constrained by applicable hospital and medical staff policies and rules applicable generally and any applicable to the particular situation.

Practitioner's Signature

OSUHS, The James

Final Recommendation - Privileges

I have reviewed the requested clinical privileges and supporting documentation and my recommendation is based upon the review of supporting documentation and/or my personal knowledge regarding the applicant's performance of the privileges requested:

Required Qualifications

Education/Training	Completion of a 4-year program at an accredited school of optometry, AND Applicant must hold a full and unrestricted license to practice optometry in the State of Ohio. AND Applicant must hold an academic appointment at The Ohio State University College of Medicine under the Department of Ophthalmology and Visual Sciences.
Additional Qualifications	Therapeutic prescribing permit issued by the State of Ohio if privileges to prescribe therapeutic pharmaceutical agents are requested.

Core Privileges in Optometry

Description: Optometrists are licensed medical professionals trained to prescribe and fit lenses to improve vision, and to evaluate and manage selected eye diseases or complaints

Request		
	OSUHS	The James
	☐	☐
☐ - Newly Requested privileges ☐ - Currently Granted privileges Comprehensive examination, diagnosis, and treatment of disorders to include:		

☐	☐	Comprehensive eye examination, diagnostic work up, and non-surgical management of patients of all ages presenting with illness, injuries, and disorders of the eye, including its related structures and visual pathways. Privileges include the use of diagnostic and therapeutic pharmaceutical agents in accordance with the Ohio Optometric Practice Act.
☐	☐	Refractive error and presbyopia
☐	☐	Contact lenses
☐	☐	Low vision
☐	☐	Anterior segment disease (eg, dry eyes, conjunctivitis, keratitis, etc) and injury (corneal foreign body, aberrant cilia, contact lens overwear, etc)
☐	☐	Intraocular inflammation (eg, anterior uveitis)
☐	☐	Glaucoma
☐	☐	Posterior segment disease (diabetic/hypertensive retinopathy, macular degeneration, optic nerve disease, etc)
☐	☐	Strabismus and amblyopia
☐	☐	Visual field defects
☐	☐	Provision of clinical privileges via telemedicine
☐	☐	Diagnostic and therapeutic procedures:
☐	☐	Refraction
☐	☐	Binocular vision testing
☐	☐	Slit lamp examinations
☐	☐	Gonioscopy
☐	☐	Dilated fundus examinations
☐	☐	Visual field testing
☐	☐	Ophthalmic photography
☐	☐	Psychometric testing (eg. color vision, contrast sensitivity, etc)
☐	☐	Contact lens fitting
☐	☐	Low vision services
☐	☐	Ophthalmic dispensing
☐	☐	pH/impedance readings

NEW CLUSTER**Advanced Privileges in Optometry**

Request		
OSUHS	The James	
☐	☐	☐ - Newly Requested privileges ☐ - Currently Granted privileges Advanced dry eye treatment with Intense Pulse Light System (certification from vendor required)

Advanced Ocular Impression**Description:** Obtain ocular impressions under anesthesia**Qualifications**

Initial Appointment	Must complete an EyePrint Prosthetics Training and Certification Workshop which includes clinical hands-on training and certification by EyePrint staff optometrist. Documentation of certificate from EyePrint must be submitted.
Reappointment	Must provide documentation of at least 3 new fits in the last 3 years.

Request		
OSUHS	The James	
☐	☐	☐ - Newly Requested privileges ☐ - Currently Granted privileges Ocular impressions performed under topical anesthesia or if needed under anesthesia with eye block by an experienced provider

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated performance, I am qualified to perform, and that I wish to exercise at Ohio State University hospitals, ASC's and Clinics.

☐	☐				Ultrasound (vascular)
☐	☐				CT (Cardiac) [INITIAL APPOINTMENT: Documentation of clinical practice including 250 interpreted cases, with 65 involved in patient preparation, data acquisition, and image reconstruction and 1) meet the training requirements of the American College of Radiology for the Certificate of Advanced Proficiency in Cardiac CT, OR 2) meet requirements for certification in Cardiac CT by the Certification Board of Cardiovascular Computed Tomography (CBCCT)]. (Must perform 150 every 3 Years)
☐	☐				CT Angiography (CTA)
☐	☐				MR (Cardiac) [INITIAL APPOINTMENT: Documentation of clinical practice including 300 cases, with 100 as primary operator AND 40 hours CME over the last 2 years. REAPPOINTMENT: 300 cases performed/interpreted over previous 3 years and 60 CME hours in the last 3 years].
☐	☐				MR Angiography (MRA)

Vascular Interventional Radiology

Qualifications

Education/Training	Completion of an ACGME accredited Integrated Interventional Radiology (IR) Residency Program. OR Completion of an ACGME accredited or AOA approved Diagnostic Radiology residency program, followed by completion of a two-year Independent IR Residency program. Candidates who have successfully completed an ACGME approved ESIR (Early Specialization in Interventional Radiology) curriculum within an ACGME accredited Diagnostic Radiology program may complete one year in an Independent IR Residency program, rather than two years, to fulfill this requirement. OR Completion of an ACGME accredited or AOA approved Diagnostic Radiology Residency Program, followed by a one-year ACGME accredited or AOA recognized Vascular and Interventional Radiology fellowship program. OR International Training Pathway: Completion of international training and fulfilling the requirements of the American Board of Radiology (ABR) - Alternate Pathway for IMG (International Medical Graduate) in Interventional Radiology.
Certification	Current ABR specialty certification, or active participation in the examination process leading to ABR specialty certification, in Interventional/Diagnostic Radiology, within five (5) years of completion of specialty training. OR Current certification by American Osteopathic Board of Radiology (AOBR), followed by subspecialty certification in Vascular and Interventional Radiology within five (5) years of completion of subspecialty training. OR Completion of international training and on track to fulfill the requirements of the American Board of Radiology (ABR) - Alternate Pathway for IMG (International Medical Graduate) in Interventional Radiology. Board certification must be obtained within five (5) years of fulfilling requirements for certification.

OSUHS	The James	ASCNA	ASCDUB	ASCP	
					☐ - Newly Requested privileges ☐ - Currently Granted privileges
					Core Privileges
☐	☐		☐		Clinical pre-procedure evaluation of patients and post-procedure management of patients
☐	☐		☐		Catheter-Directed Angiography
☐	☐		☐		Lymphangiography
☐	☐		☐		Vascular interventions (Including but not limited to: vascular access & access removal, balloon angioplasty, stent placement, mechanical and chemical thrombectomy/thrombolysis, embolic therapy, ablation therapy)
☐	☐		☐		IVC filter placement and removal
☐	☐		☐		Foreign body removal
☐	☐		☐		Image-guided percutaneous aspiration and drainage (Including but not limited to: paracentesis, thoracentesis, nephrostomy tube placement, abscess drainage, aspirations)

☐	☐	☐	Percutaneous enteric access placement (Including but not limited to: gastric tube placement, gastrojejunostomy tube placement, cecostomy tube placement).
☐	☐	☐	Transcatheter biliary and genitourinary procedures (Including but not limited to: cholangiography, nephrostograms, treatment of stenosis, treatment of lithiasis, biopsy, embolization)
☐	☐	☐	Transjugular intrahepatic portosystemic shunt (TIPS)
☐	☐	☐	Image-guided percutaneous biopsy
☐	☐	☐	Image-guided percutaneous pain management or therapy (Including but not limited to: nerve block, nerve ablation therapies (for example, radiofrequency, cryogenic, chemical)
☐	☐	☐	Ultrasound (vascular)
☐	☐	☐	CT Angiography (CTA)
☐	☐	☐	MR Angiography (MRA)
☐	☐	☐	Advanced Privileges
☐	☐	☐	Transarterial radioembolization (Including but not limited to: Y-90) [INITIAL: written confirmation by the Radiation Safety Officer or designee attesting to the applicant's approval as an Authorized User Physician]. (Must perform 5 every 3 Years)
☐	☐	☐	Image-guided tumor ablation procedures - all modes [INITIAL APPOINTMENT: Letter from Program Director attesting to competency and at least 5 cases performed (if training was completed in the last 12 months), OR letter from Department Chair or designee attesting to competency and at least 5 cases performed in the last 12 months].
☐	☐	☐	Histotripsy [INITIAL APPOINTMENT: Certificate of completion of histotripsy training (via manufacturer). AND must be granted privileges for Image-guided tumor ablation procedures OR proctoring on 5 histotripsies.
☐	☐	☐	Ordering and administering of hepatic intra-arterial chemotherapy (TACE) [INITIAL APPOINTMENT: Completion of "New IHIS Provider: Oncology (Ambulatory Clinic and Inpatient)" CBL AND Letter from Program Director attesting to competency and at least 5 cases performed (if training was completed in the last 12 months), OR letter from Department Chair or designee attesting to competency and at least 5 cases performed in the last 12 months].
☐	☐	☐	Percutaneous vertebral augmentation (vertebroplasty, kyphoplasty, sacroplasty, laminoplasty) [INITIAL APPOINTMENT: Letter from Program Director attesting to competency and at least 5 cases performed (if training was completed in the last 12 months), OR letter from Department Chair or designee attesting to competency and at least 5 cases performed in the last 12 months].

Molecular Imaging/ Nuclear Medicine

Qualifications

Education/Training	Multiple training pathways are possible for eligibility for certification by: 1) the American Board of Nuclear Medicine (ABNM); OR 2) the American Board of Radiology (ABR), with subspecialty certification in Nuclear Radiology (NR). Any trainee meeting residency/fellowship requirements to be eligible for either the ABNM examination, or the ABR subspecialty certification in NR would meet the threshold training criteria for privileges in Molecular Imaging/Nuclear Medicine. OR International Medical Graduates (IMG) also have multiple training pathways for eligibility for certification: 1) the American Board of Nuclear Medicine (ABNM) if the applicant fulfills the criteria set forth by the ABNM for IMG; OR 2) the American Board of Radiology (ABR) if the applicant meets the requirements for certification by the ABR, and additional requirements for subspecialty certification in NR.
Certification	Current certification in Nuclear Medicine by the ABNM, or ABR subspecialty certification in NR, or active participation in the process leading to board certification within five (5) years of completion of these training programs. OR On track to fulfill the requirements of the American Board of Nuclear Medicine pathway for International Medical Graduates. Board certification must be obtained within five (5) years of fulfilling requirements for certification. OR Completion of international training and on track to fulfill the requirements of the American Board of Radiology (ABR) - Alternate Pathway for IMG (International Medical Graduate) with subspecialty certification in NR. Board certification must be obtained within five (5) years of fulfilling requirements for certification.

					☐ - Newly Requested privileges ☐ - Currently Granted privileges
					Level 1
☐	☐				Interpret the results of diagnostic examinations of patients using unsealed radionuclides and radiopharmaceuticals (Including but not limited to static and dynamic planar imaging, SPECT, SPECT-CT, PET, PET-CT).
☐	☐				Fusion imaging using nuclear medicine technologies and anatomic imaging (Including but not limited to: PET-CT or PET-MRI).
					Level 2 (INITIAL: Written confirmation by the Radiation Safety Officer or designee attesting to the applicant's approval as an Authorized User Physician)
☐	☐				Evaluate, diagnose and provide therapy to the metabolic, physiologic and pathologic conditions of the entire body utilizing clinical and laboratory methods that employ the measured nuclear properties of radioactive and stable nuclides.
☐	☐				Assume responsibility for patient management or be an active participant in the management team if nuclear medicine therapy is indicated.
☐	☐				Manage and/or supervise the preparation, administration, and use of unsealed radionuclides and radiopharmaceuticals for diagnostic examinations and for therapeutic purposes.

☐	☐				Use of therapeutic nuclear radiopharmaceuticals, (Including but not limited to: Lu-177, I-131, Ra-223).
☐	☐				Perform radioimmunoassay examinations and manage radioactively contaminated patients and facilities.

Musculoskeletal Imaging

Qualifications

Education/Training Fulfillment of education/training and certification requirements for "Core Privileges".
AND Completion of institutional GME approved Musculoskeletal Imaging Fellowship or equivalent experience.

Neuroradiology and Interventional Neuroradiology

Qualifications

Education/Training	Fulfillment of education/training for "Core Privileges". AND Completion of an ACGME accredited or AOA recognized fellowship program in Neuroradiology or equivalent training and experience that meets ABR standards.
Certification	Subspecialty certification in Neuroradiology by the American Board of Radiology (ABR) or the American Osteopathic Board of Radiology (AOBR) within five (5) years of completion of subspecialty training.

Request					
OSUHS	The James	ASCNA	ASCDUB	ASCP	
					☐ - Newly Requested privileges ☐ - Currently Granted privileges
					Core Privileges:
☐	☐				CT or CTA of Brain, Spine, Head and Neck
☐	☐				MRI or MRA of Brain, Spine, Head and Neck
☐	☐				CT or MRI of Peripheral Nerves
☐	☐				Ultrasound (brain, spine, thyroid/parathyroid, and head/neck)
☐	☐				Image-Directed Spine Puncture (Including but not limited to: for CSF sampling/removal, chemotherapy, myelography, cisternography, drug delivery)
☐	☐				Clinical pre-procedure evaluation of patients and post-procedure management of patients
☐	☐				Angiography - Catheter-directed, diagnostic (brain/neck)
☐	☐				Temporary balloon test occlusion of vessel
☐	☐				Image-directed biopsy (spine, head and neck)
☐	☐				Nerve ablation procedures (radiofrequency, cryogenic, chemical)
☐	☐				Facet cyst aspiration and drainage
☐	☐				Spinal joint injections (facet, sacroiliac, costovertebral, pars defects, pseudo-arthritis)
☐	☐				Image-Directed pain management procedures using fluoroscopy, CT and/or ultrasound

☐	☐				Discography
☐	☐				Image-directed spinal drain placement
☐	☐				Epidural patch (For example: blood, fibrin glue)
☐	☐				Epidural injections of medication
☐	☐				Sialography
					Advanced Privileges - Neuroradiology
☐	☐				Angiography - Catheter-directed, diagnostic (spinal) [INITIAL APPOINTMENT: Letter from Program Director attesting to competency at least 5 cases performed (if training was completed in the last 12 months), OR letter from Department Chair or designee attesting to competency and at least 5 cases performed in the last 12 months].(Must perform 7 every 3 Years)
☐	☐				Vascular Interventional Neuroradiology Procedures: Intracranial and spinal vascular angioplasty, atherectomy, stenting, thrombolysis/thrombectomy, directed chemotherapy and vessel infusion, venous sampling, foreign body retrieval, image-directed percutaneous therapy. [INITIAL APPOINTMENT: Letter from Program Director attesting to competency and at least 25 cases performed (if training was completed in the last 12 months), OR letter from Department Chair or designee attesting to competency and at least 25 cases performed in the last 12 months].(Must perform 15 every 3 Years)
☐	☐				Percutaneous vertebral augmentation (vertebroplasty, kyphoplasty, sacroplasty, laminoplasty) [INITIAL APPOINTMENT: Letter from Program Director attesting to competency and at least 5 cases performed (if training was completed in the last 12 months), OR letter from Department Chair or designee attesting to competency and at least 5 cases performed in the last 12 months].

Moderate and/or Deep (procedural) Sedation

Description:

Qualifications

Initial
Appointment
requirements

Completion of on-line competency course and exam (1 hour course on the OSU CME website)
AND Current ACLS certification approved by the American Heart Association or ATLS certification.
AND Current DEA certificate

Reappointment
requirements

Current ACLS certification approved by the American Heart Association or ATLS certification.
AND Current DEA certificate

Request					
OSUHS	The James	ASCNA	ASCDUB	ASCP	
					☐ - Newly Requested privileges ☐ - Currently Granted privileges
☐	☐		☐		MODERATE Sedation - This level of sedation produces a drug-induced decrease of consciousness during which patients respond purposefully to verbal commands, with or without tactile stimulation. A patent airway and spontaneous ventilation are adequate without intervention. Cardiovascular status is usually maintained. (Must perform 5 every 3 Years)
☐	☐		☐		DEEP sedation (requires approval from Anesthesiology Department Chair) - This level of sedation produces a drug-induced decrease of consciousness during which patients cannot be easily aroused, but respond purposefully following repeated or painful stimulation. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be impaired or inadequate. (Must perform 15 every 3 Years)

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated performance, I am qualified to perform, and that I wish to exercise at Ohio State University hospitals, ASC's and Clinics.

I also acknowledge I have met all requirements including but not limited to the minimum number of cases and/or CMEs. I understand that in exercising any clinical privileges granted, I am constrained by applicable hospital and medical staff policies and rules applicable generally and any applicable to the particular situation.

Practitioner's Signature

OSUHS, The James, ASCNA, ASCDUB, ASCP

Final Recommendation - Privileges

I have reviewed the requested clinical privileges and supporting documentation and my recommendation is based upon the review of supporting documentation and/or my personal knowledge regarding the applicant's performance of the privileges requested:

Required Qualifications

Education/Training Current license as an RN in the state of Ohio

AND Successful completion of an approved Registered Nurse First Assistant (RNFA) curriculum that meets the Competency and Credentialing Institute's (CCI) recommended education standards for RNFA programs.

AND Current and continuous BLS and ACLS certification from the American Heart Association.

Certification Current and continuous certification in perioperative nursing (CNOR or CRNFA) by the CCI.

Core Privileges in Registered Nurse First Assistant

Description:

Request			
OSUHS	The James	ASCNA	
☐	☐	☐	☐ - Newly Requested privileges ☐ - Currently Granted privileges
			Core Privileges
☐	☐		Applies nursing process to the following: accepting verbal and telephone physician orders; analyzing and interpreting patient data; assessing learning needs of and providing teaching to patients and their families; administering intravenous medications, fluids, blood and blood components; documenting patient information in medical records; maintain protocol and non-protocol flow sheets and/or computer records; monitoring and evaluating patient response to treatment; providing patient and family support; and screening patients for clinical trial eligibility.

Core Privileges in Registered Nurse First Assistant

Description:

Request		
OSUHS	The James	ASCNA
☐ - Newly Requested privileges ☐ - Currently Granted privileges		
☐	☐	Performs nursing skills to include: provision of CPR using BLS; provision of ACLS with appropriate certification; administration of medication by IM, intradermal, oral and topical methods; cleansing and debriding wounds; insertion and maintenance of urinary catheters; management of external venous catheters, central lines, etc.; performance of naso-gastric or oral-gastric intubations; placement of peripheral vein line and/or venipuncture; and removal of sutures and staples.
		PRIVILEGES PERFORMED UNDER DIRECT PHYSICIAN SUPERVISION ONLY
☐	☐	Handling tissue
☐	☐	Providing exposure.
☐	☐	Provide hemostasis
☐	☐	Using instruments.
☐	☐	Suturing
☐	☐	Harvest saphenous veins via endoscope. (Initial: 10 observed in OR, 25 monitored and without complications).
☐	☐	Harvest radial artery. (Initial: 10 observed in OR, 25 monitored and without complications).
		PRIVILEGES PERFORMED WITH PRIOR PHYSICIAN CONSULTATION
☐	☐	Remove intra-aortic balloon pump (non-surgical percutaneous devices only). (Initial: 5 monitored and without complications).(Must perform 5 every 3 Years)
☐	☐	Remove pacer wires.
☐	☐	Remove pleural and mediastinal chest tubes. (Initial: 10 monitored and without complications).(Must perform 6 every 3 Years)

Computer Assisted Surgery Privileges

Qualifications

Education/Training NO CLINICAL EXPERIENCE: Certificate of vendor system training as a First Assistant is required, AND documentation of completion of 5 computer assisted surgery first assists by a provider currently credentialed in the privilege.

OR PREVIOUS CLINICAL EXPERIENCE: A letter from the prior department chair or designee attesting the applicant was granted the privilege and deemed competent (as a result of quality monitoring) AND completion of 10 computer assisted surgery first assists in the last two 2 years.

Reappointment Must perform at least 7 every 3 years

ASCNA

Required Qualifications

Robotic Assisted Surgery

Description: Robotic-assisted surgery consists of utilizing advanced technology that couples high resolution imaging to remotely controlled surgical arms. Surgical intervention is accomplished by manipulation of the device under three-dimensional video imaging, which reproduces motions that affect patient tissue.

Qualifications

Education/Training	Completion of an ACGME or AOA accredited residency or fellowship training program in a surgical specialty or obstetrics/gynecology .
Certification	Current certification in the applicable ABMS or AOA board or its equivalent or completion of training within the past five years unless the physician has been granted a waiver of the board certification requirement.
Clinical Experience (Initial)	FORMAL TRAINING: Didactic and hands-on experience in a course during accredited residency or fellowship program that incorporates robotic-assisted surgery into the program. Required documentation includes a letter from the training director attesting to experience and a log of ten cases performed as the primary operator. OR CLINICAL EXPERIENCE: A letter from department chair attesting that surgeon had privileges and was deemed competent (as a result of quality monitoring) and a log of ten cases performed as the primary operator. OR PROCTORING EXPERIENCE: The completion of a course* in robotic-assisted surgery comprised of didactic education, training and practice experience with large animal robotic-assisted surgery and/or surgery on cadavers, and/or surgery techniques or experimental models under the supervision of an ~~expert~~ preceptor. For multi-port system, a minimum of at least five procedures under the supervision of an expert preceptor; for endoluminal bronchoscopy system, a minimum of at least two procedures under the supervision of an expert preceptor; for single port system (for physicians currently privileged for multi-port system) a minimum of at least two procedures under the supervision of an expert preceptor; <u>for microsurgical robotic system a minimum of at least two procedures under the supervision of an expert preceptor.</u> New surgeons without multi-port privileges must obtain a minimum of five procedures with a preceptor on the single-port system. *The course must meet the standards adopted by the Credentials Committee of The Ohio State University Health System A preceptor is defined as a physician who has full and unrestricted privileges for the conduct of robotic-assisted surgery.
Clinical Experience (Reappointment)	~~Applicant must provide documentation of performance of at least five cases for each type of surgery (single port, multi-port, or endoluminal bronchoscopy system) each year (15 cases every 3 years) with a satisfactory outcome, meeting or exceeding the quality standards established by the clinical department at the time of reappointment.~~
Additional Qualifications	Candidate requesting privileges in robotic-assisted surgery must have full and unrestricted privileges in performing the specific privileges (procedures) either by open approach or endoscopic approach.
INITIAL FPPE:	Five cases must be reviewed for evidence of competency after initial granting of privileges for each type of robotic surgery (single port, multi-port, endoluminal bronchoscopy <u>or</u> <u>microsurgical</u> system)
