RENAMING OF DEPARTMENT

Resolution No. 87-1

Synopsis: A proposal to change the name of the Department of Medicine to the Department of Internal Medicine is recommended.

WHEREAS the Executive Committee of the College of Medicine unanimously voted to approve renaming the Department of Medicine as the Department of Internal Medicine; and

WHEREAS considerable confusion exists with having both the College, and its largest Department designated by the same name; and

WHEREAS the designation, Internal Medicine, is widely used and accepted nationally in this discipline; and

WHEREAS the University Senate approved the renaming of the Department of Medicine on June 7, 1986:

NOW THEREFORE

BE IT RESOLVED, That the Department of Medicine be renamed the Department of Internal Medicine effective immediately.

Upon motion of Mr. Immke, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

JOINT DEGREE PROGRAM - MASTER OF LIBRARY SCIENCE

Resolution No. 87-2

Synopsis: Recommendation for a Master of Library Science Joint Degree Program for The Ohio State University and Kent State University is proposed.

WHEREAS the proposed Master of Library Science Joint Degree Program for The Ohio State University and Kent State University has been strongly endorsed by the College of Education; and

July 10 and 11, 1986 meeting, Board of Trustees

JOINT DEGREE PROGRAM - MASTER OF LIBRARY SCIENCE (contd)

WHEREAS resources for outstanding instructional, research, and service programs in library science are available through innovative and technologically sophisticated libraries in Central Ohio, and by combining these resources with those of the Kent State's School of Library Science a better program will result; and

WHEREAS the program would provide access to a much needed graduate library science degree for many residents of Central and Southern Ohio; and

WHEREAS the Graduate Council voted unanimously to approve the proposed program; and

WHEREAS the University Senate approved the program on June 7, 1986:

NOW THEREFORE

BE IT RESOLVED, That the Master of Science Joint Degree Program for The Ohio State University and Kent State University be established effective Autumn Quarter 1986.

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-3

Synopsis: Amendments to rules 3335-5-471, 3335-5-473, 3335- 5-485, 3335-5-486, 3335-5-4814, and 3335-11-022 are being proposed.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on June 7, 1986, as follows:

AMENDED RULES

3335-5-471 Steering committee.

- (B) (2) Review the structure, operation, and effectiveness of the senate and its committees. It shall receive suggestions, review proposed rule changes, and initiate recommendations for change in the structure and operation of the senate, including structure, duties, and responsibilities of senate committees, without, however, in any way restricting the senate's authority to alter its operations by other means. The steering committee may also review other proposed rule changes prior to presentation to the senate.

3335-5-473 Rules committee.

- (B) Duties and responsibilities.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

- (1) Be responsible, in cooperation with the secretary of the university senate, for the monitoring of the "Rules of the University Faculty" and of all statutes and bylaws pertaining to the senate.
- (2) Ensure that all published rules and bylaws within the senate's purview are up to date, and recommend their republication at such intervals as may be desirable.
- (3) Make recommendations for the revision of the procedural rules of the senate.
- (4) Following senate approval, the committee shall receive all proposed new rules and changes in existing rules. It shall review them and recommend to the senate such editorial or other changes it deems necessary to avoid conflict with other rules, to enhance clarity and precision, and to avoid ambiguity. Its recommendations shall be presented for final action at the next regular meeting of the senate; debate will be limited to the editorial changes recommended by the committee. If the committee is unable to report at this time, it shall inform the program committee of the reasons so that they may be included in the program committee's report on items not yet appearing on the senate's agenda.
- (5) Initiate rules or changes in existing rules and recommend them to the program committee for scheduling for senate action.

3335-5-485 Athletic council.

- (B) (2) Participate with the president in the process of selecting the university's two faculty representatives to the intercollegiate conference of faculty representatives (big ten conference).
- (a) For each faculty representative position, the athletic council shall prepare a list of no fewer than two regular faculty members from which the president shall select a faculty representative. All regular tenured faculty members are eligible for inclusion on these lists.
 - (b) Unchanged.
 - (c) Final approval of each list of names submitted to the president shall be made by the full membership of the athletic council. The list for each faculty representative position shall be presented to the president during the winter quarter preceding the start of the next term of office in order to allow for a smooth transition between outgoing and incoming faculty representatives.
 - (d) The terms of the representatives shall be arranged so that the terms shall not begin or expire within the same year. The term of office for a faculty representative is three years, beginning the first of July following appointment. Reappointment for no more than one additional three-year term is permissible. If an incumbent faculty representative is eligible to and desires to serve another term, then at least seven months prior to the expiration of the current term, the

July 10 and 11, 1986 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

athletic council shall undertake a review of the incumbent's performance. If the council decides that the incumbent should serve a second term and the president concurs, the faculty representative's term shall be renewed. Otherwise, the council shall move to prepare a list to submit to the president following the procedures of paragraphs (B) (2) (a) to (c) of this rule.

- (e) A faculty representative who is not already a member of the athletic council shall attend meetings of the council. The chairperson of the athletic council, or the chairperson's designee from among the faculty members of the athletic council, shall serve as an ex officio alternate for either faculty representative with full voting privileges at conference meetings.

3335-5-486 Council on admission and registration.

(A) Membership.

The council on admission and registration shall consist of nineteen members.

(1) Nine regular faculty.

- (a) Three regular faculty appointed by the president for three-year terms. Appointed members are eligible for reappointment.
- (b) Six regular faculty, at least two of whom are senate members, elected by the senate.

(2) Unchanged.

(3) Five administration members, all non-voting.

- (a) Vice president for academic affairs and provost, or designee.
- (b) Vice provost for student affairs, or designee.
- (c) Vice president for finance, or designee.
- (d) University registrar.
- (e) Director of admissions.

(B) Unchanged.

(C) Organization.

- (1) The chairperson shall be elected from among the faculty members. The vice president for academic affairs and provost, or designee, shall serve as vice chairperson, and the vice provost for student affairs, or designee, shall serve as secretary.

3335-5-4814 University calendar committee.

(B) Duties and responsibilities.

July 10 and 11, 1986 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

- (1) Formulate guidelines for the preparation of university calendars to be presented for approval to the senate.
- (2) Prepare the university calendar, following the adopted guidelines.
- (3) Make minor modifications in published university calendars when circumstances warrant.
- (4) Consult with the council on academic affairs, the council of deans, and other appropriate offices before recommending to the senate a major change in the university calendar.
- (5) Periodically study the comparative advantages and disadvantages of the quarter system and alternative systems.
- (6) Monitor and seek to improve quarter-end validation procedures.
- (7) Transmit reports, including results of studies conducted by the university calendar committee, to the council of deans, the council on academic affairs, and the university senate, for consideration and appropriate action.

3335-11-022 Pending criminal law suit.

- (A) Whenever a criminal court exercises jurisdiction over acts which allegedly constitute a disruption by university rules, the university shall not exercise jurisdiction, except in an extraordinary case. In such a case, the university may bring the student before a hearing officer and panel to determine whether the student poses a clear and present danger of repeated or continued violation of rule 3335-11-02 of the Administrative Code. If the panel finds that such a danger exists, it shall recommend that the student's continued enrollment be dependent on the imposition of strict disciplinary probation, under such terms and conditions as the hearing officer may specify (except that the student may not be deprived of university scholarship, loan, grant-in-aid, or employment).
- (B) The term of probation shall last until such time as the hearing officer finds that the danger no longer exists. This finding may be initiated by the officer or upon petition by the student.
- (C) If a probation violation is alleged to have occurred, the student will be subject to an immediate hearing before a hearing officer. If found in violation of probation, the student will be temporarily suspended or dismissed from the university pending a full hearing.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

Upon motion of Mr. Barone, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

July 10 and 11, 1986 meeting, Board of Trustees

President Jennings made the following statement:

I am pleased to find in my travels through Ohio -- such as the recent trip to Cleveland -- that there is increasing understanding and acknowledgement of the breadth of Ohio State's influence and advantages. There is an unfortunate tendency in Ohio to overlook The Ohio State University's statewide mission and even broader benefits.

Students come from throughout the Buckeye state, from every other state of the Union, and more than one hundred foreign nations. The faculty is similarly diverse. Our alumni and our reputation for excellence extend to the four corners of the Earth. Research efforts extend from the farmlands of Ohio to both polar ice caps.

When this state's General Assembly established The Ohio State University some 116 years ago, it was intended to be an institution that would serve all the citizens of Ohio. Our charter and mission as Ohio's land-grant university gave us a unique and vital role to play throughout the state.

For this reason, and to recognize the growing regional, national, and international role that Ohio State plays, I am pleased to recommend to the Board of Trustees a change in the official seal of the University to reflect our comprehensive mission--to recommend that city designations for Columbus and regional campuses be replaced by the year of the University's founding, 1870.

This action serves as a symbolic re-affirmation to the people of Ohio that our University, is truly their University. We exist to serve the entire state, through the educational opportunities that we provide to its sons and daughters; the knowledge that is revealed through out wide-ranging research undertakings; and the efforts that we lead to improve the quality of life for our neighbors and fellow citizens.

We are proud to be The Ohio State University.

UNIVERSITY SEAL REVISION

Resolution No. 87-4

Synopsis: Revision of the official University Seal to replace the word "Columbus" with the year of the University's founding, 1870, and the elimination of all regional campus seals is proposed.

WHEREAS The Ohio State University Board of Trustees has on previous occasions approved the design for the official Seal of the University; and

WHEREAS in its role as Ohio's land-grant institution, the University serves the entire State of Ohio through its missions of teaching, research, and related public service; and

WHEREAS the University's influence and reputation, potential body of students, and alumni population extend throughout Ohio, across the United States, and around the world; and

WHEREAS the current University Seal design incorporates the word "Columbus"

July 10 and 11, 1986 meeting, Board of Trustees

UNIVERSITY SEAL REVISION (contd)

as part of the official seal, and the University's regional campuses incorporate their city names in their various seals; and

WHEREAS the Board of Trustees proudly acknowledges that The Ohio State University serves all Ohioans and is international in scope, influence, and reputation:

NOW THEREFORE

BE IT RESOLVED, That the official Seal of The Ohio State University and the Commercial Seal of the University be redrawn so as to replace the word "Columbus" with the year "1870," in which year the University was founded and that these revised Seals be registered with the United States Patent and Trademark Office and the Office of the Secretary of State of Ohio; and

BE IT FURTHER RESOLVED, That all regional campus seals be eliminated and replaced by the single, redrawn official University Seal; and

BE IT FURTHER RESOLVED, That the Secretary of the Board be directed to ensure that the revised Seals be used for all official University purposes and incorporated into the University Operating Manual and adopted for all official University uses effective July 1, 1987.

Upon motion of Mr. Barone, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

DEGREES AND CERTIFICATES - SUMMER QUARTER COMMENCEMENT

Resolution No. 87-5

Synopsis: Approval is being requested for awarding degrees and certificates for Summer Quarter Commencement.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees, the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on August 29, 1986, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

RESOLUTION IN MEMORIAM

Resolution No. 87-9

Synopsis: A resolution honoring the service of one of the University's faculty members who has recently died is being proposed.

RESOLVED, That the Board adopt the following Resolution in Memoriam and that the President be requested to convey a copy to the family of the deceased.

C. Gibson Scheaffer

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on March 11, 1986, of C. Gibson Scheaffer, Assistant Professor Emeritus in the School of Journalism.

Professor Scheaffer was born on April 27, 1905. He earned his B.A. degree in 1927 from the University of Wisconsin, School of Journalism.

Professor Scheaffer joined the School of Journalism as a Lecturer in 1963 and was named Assistant Professor in 1965. A dedicated teacher, he taught the School's service courses for the Colleges of Agriculture and Home Economics as well as courses which served students in the College of Dentistry. During a brief period he served as a special assistant to President Novice G. Fawcett, primarily in the area of speech preparation.

Professor Scheaffer came to OSU after a distinguished career in publishing in New York City. He was editor-in-chief for adult books for the Grosset and Dunlap Company; a senior editor for McGraw-Hill; and a managing editor for the book division of the Ziff-Davis Publishing Company and earlier held other book and newspaper editing positions.

One of his major contributions to the School of Journalism was the development and direction of a continuing education effort of the American

Dental Association, a Dental Editors Seminar. During these yearly seminars, approximately 25 dental editors participated in a four-day minicourse in dental journalism. He was the program director from 1967 through 1973.

Professor Scheaffer retired and became Assistant Professor Emeritus on July 1, 1975.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 87-10

Synopsis: The reports on contracts, grants, and gifts and the summary for May 1986 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial and other agencies and alumni and various other individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of May 1986 be approved.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

President Jennings made the following statement:

Many of the items in today's report provide firm evidence of The Ohio State University's growing success in cooperative efforts with the corporate sector. I would like to take a moment to tell you about another success story.

During the next five years, Tominy Incorporated, a Cincinnati developer and supplier of data processing software development

tools for business and industry, will give the University up to \$1.5 million worth of software, and training and maintenance materials for its newest product, named "MACH 1."

Tominy officials tell us that the MACH 1 software permits data processing systems to be developed up to five times faster than with conventional methods. The software and the systems it produces can be used on mainframe, micro- and mini-computers made by a variety of vendors.

William R. Martin, Tominy's president and chief executive officer, told me recently that Ohio State was selected to receive this gift because Tominy was extremely impressed with our forward-thinking approach to the study and development of data processing systems.

Mr. Martin feels that we share his belief in the need to focus corporate America's attention on the use of computers in truly critical business applications that facilitate business expansion and economic growth.

Ohio State assisted Tominy in the development of MACH 1 on a contract research basis. Since that time, we have maintained a strong interest in using MACH 1.

We are very enthusiastic about the possibilities of using this product in the classroom, where students should be able to develop full data processing applications within a single academic quarter. We also foresee countless uses of MACH 1 for research in a wide range of administrative applications. Certainly, it will alleviate the difficulties inherent in the variety of sizes and makes of computers needed in our diverse academic and administrative areas throughout the University.

In order to promote MACH 1's use here, a steering committee and a technical advisory committee are being organized to oversee distribution and use of the software among Ohio State faculty and staff members and students. I am pleased that the steering committee will be chaired by William P. Cheng, an Ohio State alumnus and venture capitalist from San Diego, who was instrumental in securing the Tominy gift for Ohio State.

On behalf of the University, I'm pleased to extend my thanks to Bill Martin, Bill Cheng, and Tominy's founder, Tom Richley. As a result of their commitment to Ohio State, our excellence will be further enhanced.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The Walter H. Kidd Fund

The Walter H. Kidd Fund was established July 11, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Walter H. Kidd, Bachelor of Architectural Engineering '29.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the benefit of the College of Engineering for any purpose relating thereto as the Dean of the College of Engineering shall determine.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for engineering education.

The Charlotte S. Huck Children's
Literature Endowment Fund

The Charlotte S. Huck Children's Literature Endowment Fund was established July 11, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni and friends of Charlotte S. Huck, Professor, at the time of her retirement.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income and additional gifts shall be added to the fund's principal until such time as the principal reaches \$500,000 and is sufficient to establish THE CHARLOTTE S. HUCK PROFESSORSHIP IN CHILDREN'S LITERATURE. At that time, the annual income shall be used to support the work of a distinguished professor in the area of children's literature. Appointment to the professorship will be recommended by the Dean of the College of Education.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for children's literature.

The annual income and additional gifts shall be added to the fund's principal until such time as the principal reaches \$250,000 and is sufficient to establish THE DOW PROFESSORSHIP IN CHEMISTRY. At that time, the annual income shall be used to provide salary and program support for a distinguished faculty member in the Department of Chemistry. The Dow Professor of Chemistry will teach and conduct research in chemistry related to materials science. Appointment to the professorship will be recommended by the Dean of the College of Mathematical and Physical Sciences.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for materials science education.

Robert C. Tumbleson Scholarship Foundation

The Robert C. Tumbleson Scholarship Foundation was established July 11, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Ruth L. Tumbleson, B.S.Bus.Adm. '31, in memory of her husband, Robert C. Tumbleson, B.A., Mathematics '34.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for scholarship awards to worthy students in the Department of Mathematics in the College of Mathematical and Physical Sciences. Selection of the award recipients shall be made by the University Committee on Student Financial Aid from nominees submitted by the Chairperson in the Department of Mathematics in consultation with the Dean of the College of Mathematical and Physical Sciences.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the teaching of mathematics at the University.

**The W. B. and T. T. Stout Agricultural Economics
Scholarship Fund**

The W. B. and T. T. Stout Agricultural Economics Scholarship Fund was established July 11, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mrs. Maude Taylor Stout, B.S., Soc. Administration '23; Dr. Whitney B. Stout, B.S.Agr.E. '22, M.S., Agricultural Economics '28, Ph.D., Agricultural Economics '30, and a member of the faculty from 1930 to 1931; and Dr. Thomas T. Stout, B.S., Agronomy '52, M.S., Agricultural Economics '53, Ph.D., Agricultural Economics '56, and a member of the faculty from 1961 to the present.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships for students who have declared Agricultural Economics as their major course of study and who have demonstrated above average academic performance and/or need for financial assistance. The selection of the recipient(s) is to be made upon the recommendation of the Dean of the College of Agriculture in cooperation with the Chairperson of the Department of Agriculture Economics and the University Committee on Student Financial Aid. For as long as Dr. T. T. Stout is an active member of the faculty of The Ohio State University, the awards shall be known as the W. B. Stout Scholarship. Upon Dr. T. T. Stout's retirement, or his written instruction, the name of this award shall be changed to reflect the broader base of contributions to this fund by the Stout Family. At that time an additional annual award shall be established to support research and graduate study in Agricultural Marketing. Any annual income not spent shall be returned to the principal of this endowment. Should the discipline of Agricultural Economics ever be administratively combined with Economics or any other academic unit at The Ohio State University, this award shall be restricted to those students who are specializing in the study of Agricultural Economics and the recipients shall be selected under the criteria outlined above.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for Agricultural Economics.

**Charles B. Boyles Memorial Scholarship Fund
in Animal Science**

The Charles B. Boyles Memorial Scholarship Fund in Animal Science was established July 11, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from relatives and friends of the late Charles B. Boyles.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for students from Ohio and adjoining states (with preference to students from Ohio and West Virginia) who have been admitted to their freshman year of study in Animal Science. The amount of each award in any one year is to be determined by the Department of Animal Science Scholarship Committee in consultation with the University Committee on Student Financial Aid. An appropriate sum of the annual income may be utilized in support of a luncheon or dinner for Mrs. Charles B. Boyles and/or her family representative to meet with scholarship recipients. Criteria for the selection of recipients shall include those qualities which were so admirably demonstrated by Charles Boyles throughout his life: integrity, morality, service to his fellow man, high scholarship, and steadfast dedication to the livestock industry. Students selected for a Charles B. Boyles Freshman Scholarship may be provided a similar award for their sophomore year of studies provided their academic and extra-curricular activity records during their freshman year are sufficiently meritorious to warrant such consideration.

(B.S., Biological Sciences '56, M.D. '60) and Mrs. Janet P. Madison (B.S.Ed. '58, M.A., Physical Education '65), in memory of Mrs. Lucy E. Presutti. The description was changed July 11, 1986.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used at the discretion of the Chairperson of the Department of Dance in consultation with appropriate dance faculty, and with the approval of the Dean of the College of The Arts.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the academic programs in Dance.

WHEREAS the appropriate University offices have recommended the renewal of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Redman, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Code (and herein called "University Facilities") and to refund, fund or retire the Bonds and other obligations previously issued for such purpose; (b) to pledge to the payment of the Bonds all or a specified part of the gross amount of the General Receipts of the University (as defined in the Original Indenture) in priority to all other expenses, claims or payments; (c) to covenant, as herein provided, that the University will make, fix, adjust and collect the fees, rates, rentals, charges and other items comprising General Receipts to produce General Receipts sufficient at all times to meet Bond Service Charges (as defined in the Original Indenture) on the Bonds, to establish and to maintain the required reserves and meet other requirements herein provided; and (d) to provide for a trust indenture and to make further provisions for securing the payment of the Bond Service Charges;

WHEREAS the University, by resolution adopted by its Board of Trustees (the "Board") on November 1, 1985 (the "Series 1985 A Bond Resolution") and by a Trust Indenture dated as of November 15, 1985 (the "Original Indenture"), between the University and The Huntington National Bank, as Trustee (the "Trustee"), has provided for the issuance from time to time of General Receipts Bonds of the University, with each such issue to be authorized by a Series Resolution (as defined in the Original Indenture) adopted by the Board pursuant thereto; and

WHEREAS the University has heretofore issued pursuant to the Series 1985 A Bond Resolution and the Original Indenture \$27,680,000 The Ohio State University General Receipts Refunding Bonds, Series 1985 A, dated as of November 15, 1985 (the "Series 1985 A Bonds") (\$27,680,000 principal amount outstanding); and

WHEREAS the University has heretofore issued pursuant to the Series 1985 A Bond Resolution, the Series 1985 B Bond Resolution, adopted by the Board on December 6, 1985 (the "Series 1985 B Bond Resolution"), the Original Indenture and the First Supplemental Indenture, dated as of December 30, 1985 (the "First Supplemental Indenture"), between the University and the Trustee, the \$42,500,000 The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1985 B, dated as of December 30, 1985 (the "Series 1985 B Bonds") (\$42,500,000 principal amount outstanding); and

WHEREAS the Board has determined that it is in the best interests of the University to authorize the issuance of The Ohio State University General Receipts Bonds, Series 1986 A (the "Series 1986 A Bonds") in a principal amount equal to the difference between the Maximum Aggregate Principal Amount and the portion of such Amount allocated as provided in the Series 1986 B Bond Resolution to the Series 1986 B Bonds (as hereinafter defined), for the purpose of paying or reimbursing costs of the 1986 Project, funding the Bond Reserve Fund (as defined in the Original Indenture), paying certain Capitalized Interest and paying costs and expenses associated with the issuance of the Series 1986 A Bonds; and

WHEREAS the University desires to make provision for the issuance of the Series 1986 A Bonds and for the payment of the Bond Service Charges thereon and the securing thereof by this Resolution and a Second Supplemental Trust Indenture (the "Second Supplemental Indenture") herein authorized:

NOW THEREFORE

July 10 and 11, 1986 meeting, Board of Trustees

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1986 A, OF THE OHIO STATE UNIVERSITY (contd)**

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE OHIO STATE UNIVERSITY, as follows:

Section 1. Definitions and Interpretations. All words and terms defined in the Original Indenture and all interpretations therein provided shall have in this Resolution the same meanings, respectively, and be subject to the same interpretations as therein provided or used, unless the context or use clearly indicates another or different meaning or intent, except that this Resolution, together with the Certificate of Award provided for in Section 3 hereof, is sometimes herein called and may be known as the "Series 1986 A Bond Resolution." The Bonds authorized by this Resolution are referred to herein and in the Second Supplemental Indenture as the "Series 1986 A Bonds." Terms not appearing in the Indenture but used herein are defined as follows:

"1986 Construction Fund" means the fund held by the Trustee created pursuant to Section 5 of this Resolution and funded with the proceeds of the Series 1986 A Bonds and the Series 1986 B Bonds.

"1986 Project" means (i) construction, including remodeling of existing facilities, to provide a multi-sport athletic complex, including lighting, drainage, utility, and parking facilities; (ii) renovation and modernization of the Ohio Stadium dormitory; (iii) renovation and modernization of the Buckeye Village student housing facility, including the construction of support buildings and roadway and parking improvements; (iv) construction of a two-story addition to Doan Hall of University Hospitals and renovation of various hospital areas for medical logistical services; (v) construction of a four-floor addition to and the remodeling of Doan Hall of University Hospitals for clinical medical services; (vi) re-equipping the cardiac catheterization lab of University Hospitals; and (vii) construction of a multi-level, multi-building center for visual arts, including utility, driveway and other related site improvements.

"Bond proceedings" means the Series 1985 A Bond Resolution, the Original Indenture, any applicable Series Resolution, any applicable Supplemental Indenture, any applicable Certificate of Award and other resolutions and agreements and amendments of and supplements to the foregoing, or any combination thereof, authorizing or providing for the terms and conditions applicable to, or providing for the security or sale of Bonds, and the terms contained in such Bonds.

"Capitalized Interest" means an aggregate amount not to exceed \$10,000,000 in respect of the Series 1986 A Bonds and the Series 1986 B Bonds, as specified in the respective Certificates of Award, which equals a portion of the interest to become due during the construction of the 1986 Project.

"Certificate of Award" means the Certificate of Award authorized pursuant to Section 3 of this Resolution.

"Contract of Purchase" means the Contract of Purchase between the Original Purchasers and the University, authorized pursuant to Section 3 hereof.

"Mandatory sinking fund requirements" means amounts required by this Resolution to be deposited to the Bond Fund (as defined in the Original Indenture) in any year for the purpose of retiring principal maturities of

SERIES 1986 A, OF THE OHIO STATE UNIVERSITY (contd)**

the Series 1986 A Bonds which by the terms of such Bonds are due and payable, if not called for prior redemption, in any subsequent fiscal year of the University.

"Maximum Aggregate Principal Amount" means the sum of the face amounts of the Series 1986 A Bonds and of the Series 1986 B Bonds, which aggregate amount shall not exceed \$90,000,000.

"Official Statement" means, as to the Series 1986 A Bonds, the Official Statement including, without limitation, the Preliminary Official Statement, relating to the original issuance of the Series 1986 A Bonds, authorized pursuant to Section 3 hereof.

"Original Purchasers" means, as to the Series 1986 A Bonds, The Ohio Company, Columbus, Ohio, John Nuveen & Co. Incorporated, Chicago, Illinois, Prudential-Bache Securities, New York, New York, Salomon Brothers Inc., New York, New York and Shearson Lehman Brothers Inc., New York, New York.

"Paying Agents" means the Trustee.

"Series 1986 A Bond Resolution", or "this Resolution" as used herein, means this Resolution, as the same may be amended from time to time in accordance with the provisions of the Indenture.

"Series 1986 B Bond Resolution" means the resolution adopted by the Board on July 11, 1986, authorizing the issuance and sale of the Variable Rate Demand General Receipts Bonds, Series 1986 B (the "Series 1986 B Bonds"), in a principal amount not less than forty percent (40%) and not greater than sixty percent (60%) of the Maximum Aggregate Principal Amount, for the purpose of paying or reimbursing costs of the 1986 Project, funding the Bond Reserve Fund relating to the Series 1986 B Bonds, paying certain Capitalized Interest and paying costs and expenses associated with the issuance of the Series 1986 B Bonds, authorizing a Third Supplemental Trust Indenture to the Original Indenture to secure the payment of Bond Service Charges on the Series 1986 B Bonds, and for related purposes.

"Trustee" means The Huntington National Bank, Columbus, Ohio, and any successor Trustee as determined or designated under or pursuant to the Original Indenture.

Any reference herein to the University, the Board, or to any members or officers thereof or to other public boards, commissions, departments, institutions, agencies, bodies, entities or officers, shall include those which succeed to their functions, duties or responsibilities pursuant to or by operation of law or who are lawfully performing their functions. Any reference to a section or provision of the Ohio Revised Code or to the laws of Ohio shall include such section or provision and such laws as from time to time amended, modified, revised, supplemented, or superseded, provided that no such amendment, modification, revision, supplementation, or supersession shall alter the obligation to pay the Bond Service Charges in the amount and manner, at the times, and from the sources provided in this Resolution, the Original Indenture and the Second Supplemental Indenture, except as otherwise herein permitted.

Unless the context shall otherwise indicate, words importing the singular number shall include the plural number, and vice versa, and the

terms "hereof," "herein," "hereby," "hereto," "hereunder," and similar terms, mean this Resolution.

Section 2. Authorization; Terms; Pledge; and Covenant.

(a) Authorization. The Bonds, to be designated and known as The Ohio State University General Receipts Bonds, Series 1986 A (the "Series 1986 A Bonds"), shall be issued pursuant to and as authorized by the Act, Section 2i of Article VIII of the Ohio Constitution, the Series 1985 A Bond Resolution, this Resolution, the Original Indenture and the Second Supplemental Indenture for the purposes of financing costs of the University Facilities comprising the 1986 Project, funding the Bond Reserve Fund, paying certain Capitalized Interest and paying costs and expenses incidental to the issuance of the Series 1986 A Bonds.

(b) Form and Numbering. The Series 1986 A Bonds shall be issued only as fully registered bonds. The Series 1986 A Bonds shall be numbered as determined by the Trustee.

(c) Denominations and Dates. The Series 1986 A Bonds shall be in denominations of \$5,000 and integral multiples thereof and shall be dated July 15, 1986.

(d) Maximum Aggregate Principal Amount. The sum of the face amounts of the Series 1986 A Bonds and the Series 1986 B Bonds shall not exceed the Maximum Aggregate Principal Amount. As provided in Section 2 of the Series 1986 B Bond Resolution, the Series 1986 B Bonds shall be issued in a principal amount not less than forty percent (40%) and not greater than sixty percent (60%) of the Maximum Aggregate Principal Amount. The Series 1986 A Bonds shall therefore be issued in a principal amount not to exceed the difference between the Maximum Aggregate Principal Amount and the portion of such Amount allocated pursuant to the Series 1986 B Bond Resolution to the Series 1986 B Bonds. The principal amount of the Series 1986 A Bonds will be specified in the Certificate of Award.

(e) Delivery and Execution. The Treasurer (as defined in the Original Indenture) is hereby authorized to make the necessary arrangements with the Original Purchasers to establish the date, location, procedures and conditions for the delivery of the Series 1986 A Bonds to the Original Purchasers and to take all steps as necessary to effect due execution, authentication and delivery of the Series 1986 A Bonds to the Original Purchasers under the terms of this Resolution. The Series 1986 A Bonds shall be signed by the Chairman of the Board (the "Chairman") and the Treasurer in their official capacities (provided that both of the signatures may be facsimiles) and shall bear the corporate seal of the University or a facsimile thereof.

(f) Interest and Maturities.

(i) The Series 1986 A Bonds shall bear interest on their unpaid principal amounts payable semi-annually on June 1 and December 1 (the "Interest Payment Dates"), beginning December 1, 1986, at the percentage rate or rates per annum set forth in the Certificate of Award (established pursuant to Section 3 hereof). Such rate or rates shall in no event produce an average interest rate in excess of ten percent (10%) per annum.

(ii) The Series 1986 A Bonds shall mature not later than

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1986 A, OF THE OHIO STATE UNIVERSITY (contd)**

December 1, 2006, and in such annual amount or amounts as are provided for in the Certificate of Award.

(iii) Mandatory redemption of Series 1986 A Bonds of certain maturities prior to maturity, pursuant to the mandatory sinking fund requirements, shall be as provided in the Certificate of Award.

(iv) Certain maturities of the Series 1986 A Bonds, as provided in the Certificate of Award, are subject to optional redemption at the option of the University prior to stated maturity, in whole or in part, in accordance with the terms, conditions, redemption prices and on the dates set forth in the Certificate of Award. Notice of call for and other terms and provisions governing redemption of the Series 1986 A Bonds shall be given in the manner provided in the Original Indenture. At no time shall the redemption price on any Series 1986 A Bond, exclusive of accrued interest, exceed one hundred and three percent (103%) of the face amount of such Bond.

(g) Security. As provided in the Original Indenture and the Second Supplemental Indenture, there is hereby pledged to the security of the Series 1986 A Bonds and for the payment of the Bond Service Charges on the Series 1986 A Bonds and for establishment and maintenance of the Bond Reserve Requirement (as defined in the Original Indenture), the gross amount of General Receipts of the University (subject to the provisions for the partial release of a pledge of General Receipts contained in Section 4.11 of the Original Indenture) and the monies contained in the Special Funds (as defined in the Original Indenture). This pledge of General Receipts shall be on parity with expenses, claims and payments relating to other Parity Obligations (as defined in the Original Indenture) and in priority to all other expenses, claims and payments of the University. In accordance with the Act, all General Receipts or portions thereof are immediately subject to the lien of the pledge upon receipt thereof by the University, and such pledge creates a perfected security interest without necessity for prior separation, physical delivery, filing or recording or further act.

For the further security of the Series 1986 A Bonds, and any Additional Bonds (as defined in the Original Indenture), the University hereby covenants with the bondholders and the Trustee that so long as any Series 1986 A Bonds or Additional Bonds are outstanding, the University will fix, make, adjust and collect fees, rates, rentals, charges, and other items of General Receipts, as will produce at all times General Receipts sufficient (i) to pay Bond Service Charges when due, (ii) to establish and maintain the Bond Reserve Requirement as provided in the Original Indenture, (iii) together with other monies lawfully available therefor, to pay all costs and expenses required to be paid under the Bond proceedings, and (iv) together with other monies lawfully available therefor, to pay all other costs and expenses necessary for the proper maintenance and successful and continuous operation of the University.

(h) Payment, Places of Payment and Paying Agents. The principal of and the redemption premium on the Series 1986 A Bonds when due shall be payable to the registered holders upon presentation and surrender thereof at the principal corporate trust office of the Trustee. Interest shall be payable by check or draft mailed by the Trustee as provided in the Original Indenture; provided, however, that interest on Series 1986 A Bonds aggregating \$1,000,000 or more in principal amount registered in the name of a single holder shall be paid by wire transfer in immediately available

funds to such account, if any, as such holder directs in writing to the Trustee at least ten (10) days prior to any Interest Payment Date, such payment by wire transfer pursuant to that direction continuing in effect as to subsequent Interest Payment Dates until such time as the holder notifies the Trustee to the contrary or until such time as such holder ceases to be a holder of the requisite principal amount of Series 1986 A Bonds.

Section 3. Contract of Purchase; Certificate of Award; Official Statement. The Series 1986 A Bonds are sold and awarded to the Original Purchasers in accordance with the Contract of Purchase at the purchase price (not less than ninety-seven percent (97%) of principal amount plus accrued interest) provided in the Certificate of Award. The form of Contract of Purchase now on file with the Secretary of the Board is hereby approved, together with any changes therein and completions thereof which are not inconsistent with this Resolution and not substantially adverse to the University, and as are permitted by the Act and approved on behalf of the University by the Chairman or the Treasurer. The approval on behalf of the University of those changes and completions by the Chairman or the Treasurer, and the status of those changes as not substantially adverse to the University, shall be conclusively evidenced by the execution of the Contract of Purchase on behalf of the University by the Chairman or the Treasurer. It is determined hereby that the purchase price and the manner of sale and the terms of the Series 1986 A Bonds, as provided in this Resolution, are consistent with all legal requirements and will carry out the public purposes of the Act.

The sale and award of the Series 1986 A Bonds shall be further evidenced by the Certificate of Award. The Certificate of Award is hereby authorized and shall be executed by the Chairman or the Treasurer. The Certificate of Award shall, as to the Series 1986 A Bonds, state or confirm the aggregate principal amount, the purchase price, the interest rate or rates, the annual principal amount or amounts, the amount of Capitalized Interest, the maturity dates, the mandatory sinking fund requirements and the optional redemption provisions, all as determined in accordance with the provisions of this Resolution and the Contract of Purchase. The Certificate of Award shall also contain such other data or provisions as the Chairman or the Treasurer determines are appropriate or necessary, and as are consistent with this Resolution, the Original Indenture, the Second Supplemental Indenture and the Contract of Purchase. The Certificate of Award shall be deemed a part of this Resolution in connection with the authorization, issuance and sale of the Series 1986 A Bonds.

The distribution of the Preliminary Official Statement relating to the Series 1986 A Bonds is hereby approved. The Official Statement, substantially in the form of the Preliminary Official Statement now on file with the Secretary of the Board, shall be executed by the Chairman or the Treasurer in his official capacity on behalf of the University with any modifications, changes and supplements necessary or desirable for the purposes thereof which the Chairman or the Treasurer shall approve. The Board has not confirmed, and assumes no responsibility for, the accuracy, sufficiency or fairness of any statements in the Preliminary Official Statement or the final Official Statement or any supplements thereto, or in any reports, financial information, offering or disclosure documents or other information in any way relating to the Original Purchasers.

Section 4. Allocation of Proceeds. The proceeds from the sale of the Series 1986 A Bonds, including any accrued interest, shall be allocated,

deposited and applied as follows:

- (i) To the Bond Fund, accrued interest received on the sale of the Series 1986 A Bonds;
- (ii) To the Bond Reserve Fund, an amount equal to the amount required to bring the balance in the Bond Reserve Fund to an amount equal to the Bond Reserve Requirement in respect to all Bonds; and
- (iii) To the 1986 Construction Fund, created pursuant to Section 5 of this Resolution, the entire remaining amount of the proceeds, to be applied to the purposes of that Fund, including transfers from that Fund authorized by the Act, to pay certain Capitalized Interest and to pay costs and expenses associated with the issuance of the Series 1986 A Bonds.

Section 5. 1986 Construction Fund. There is hereby created by the University and ordered maintained a separate fund with the Trustee designated the "1986 Construction Fund." The 1986 Construction Fund shall be funded from the proceeds of the sale of the Series 1986 A Bonds and the Series 1986 B Bonds. Monies in the 1986 Construction Fund may be used for the payment or reimbursement of all costs and expenses relating to the 1986 Project, expenses representing certain Capitalized Interest, and costs and expenses associated with the issuance of the Series 1986 A Bonds and the Series 1986 B Bonds. Payments from the 1986 Construction Fund for the purpose of paying costs and expenses relating to the 1986 Project shall be made as provided in Section 9 of the Series 1985 A Bond Resolution.

Transfers by the Trustee of monies from the 1986 Construction Fund to the Bond Fund for the purpose of paying Capitalized Interest shall be made only upon the receipt by the Trustee of a written order signed by the Treasurer, which shall specify the amount of such transfer. Monies remaining in the 1986 Construction Fund (including monies earned thereon by investment thereof) after receipt by the Trustee of a certificate of completion (as described in Section 9 of the Series 1985 A Bond Resolution) and payment of Capitalized Interest and of costs and expenses relating to the 1986 Project, shall be applied as provided in Section 9 of the Series 1985 A Bond Resolution.

Section 6. Application of Bond Proceeds. The University covenants that the use of the proceeds of the Series 1986 A Bonds, including amounts at any time in the Bond Reserve Fund, will be restricted in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time of delivery of and payment for the Series 1986 A Bonds, so that the Series 1986 A Bonds will not constitute "arbitrage bonds" under Section 103(c) of the Code (as defined in the Indenture). The Treasurer of the University, or any other officer having responsibility with respect to the issuance of the Series 1986 A Bonds, alone or in conjunction with any other officer or employee of or consultant to the University, will give an appropriate certificate of the University for inclusion in the transcript of proceedings for the Series 1986 A Bonds setting forth the reasonable expectations of the University regarding the amount and use of all those proceeds and the facts and estimates on which they are based, all as of the date of original delivery of and payment for the Series 1986 A Bonds.

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1986 A, OF THE OHIO STATE UNIVERSITY (contd)**

The University further covenants that it will take all actions required to maintain the exemption from federal income tax for interest on the Series 1986 A Bonds, and will not take any actions which would adversely affect such exemption under the provisions of federal tax laws that apply to the Series 1986 A Bonds, or under the provisions of H.R. 3838, as passed by the U.S. House of Representatives on December 17, 1985, but with the effective date stated for certain provisions thereof listed in the March 14, 1986 Joint Statement by the chairmen and ranking minority members of the House Committee on Ways and Means and the Senate Committee on Finance and the Secretary of the Treasury, or as amended and passed by the U.S. Senate on June 24, 1986, until and unless, and except to the extent, with respect to H.R. 3838, the University obtains a written opinion of nationally recognized bond counsel that this covenant, as it pertains to H.R. 3838, need not be complied with in order for the interest on the Series 1986 A Bonds to continue to be exempt from federal income taxation; and the Chairman or the Treasurer and other appropriate officers are hereby authorized to take such actions and give such certifications as may be appropriate to assure such tax exemption of interest on the Series 1986 A Bonds.

Section 7. Further Covenants. In addition to the covenants elsewhere contained herein, The University further covenants as provided in Section 13 of the Series 1985 A Bond Resolution, which covenants are incorporated herein as if fully set forth herein.

Section 8. Second Supplemental Indenture. In order to better secure the payment of the Bond Service Charges as the same shall become due and payable, the Chairman, the President of the University, the Secretary of the Board and the Treasurer, or any one or more of them, are authorized and directed to execute, acknowledge and deliver to the Trustee, in the name and on behalf of the University and pursuant to the Indenture, the Second Supplemental Indenture, in substantially the form submitted to this Board and hereby approved, with such changes therein as are not substantially adverse to the University and as may be permitted by the Act and approved by the officers executing the same on behalf of the University. The Second Supplemental Indenture shall also include the form of the Series 1986 A Bonds. The execution of such document by any of the officers shall conclusively evidence that the officers and the Board approve such changes and that such changes are not substantially adverse to the University. Such officers are each further authorized to execute and deliver on behalf of the University such other certificates, documents and instruments as are necessary in connection with the acts authorized by this Resolution.

Section 9. Text of Resolution. The text of this Resolution authorizing the issuance and sale of the Series 1986 A Bonds and related acts by the University may be changed for the purpose of curing any ambiguity, inconsistency or formal defect or omission in this Resolution or in respect of this Resolution as it relates to the Indenture, the Second Supplemental Indenture, the Certificate of Award, the Form of Bond, the Contract of Purchase or the Official Statement. Such changes shall be subject to the approval of any one of the officers (referred to in Section 8 above) as being changes not substantially adverse to the University or contrary to the true intent and meaning hereof. Such changes must also be acceptable to Bond Counsel (as defined in the Original Indenture).

Section 10. Open Meeting Determination. It is found and determined that all formal actions of the Board concerning and relating to

the adoption of this Resolution were adopted in an open meeting of the Board, and that all deliberations of the Board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Revised Code.

Section 11. Effective Date. This Resolution shall take effect and be in force immediately upon its adoption. Reference shall be made to the Original Indenture and the Second Supplemental Indenture concerning matters not specifically addressed in this Resolution.

Upon motion of Mrs. Bowser, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Original Indenture) in priority to all other expenses, claims or payments; (c) to covenant, as herein provided, that the University will make, fix, adjust and collect the fees, rates, rentals, charges and other items comprising General Receipts to produce General Receipts sufficient at all times to meet Bond Service Charges (as defined in the Original Indenture) on the Bonds, to establish and to maintain the required reserves and meet other requirements herein provided; and (d) to provide for a trust indenture and make further provisions for securing the payment of the Bond Service Charges; and

WHEREAS the University, by resolution adopted by its Board of Trustees (the "Board") on November 1, 1985 (the "Series 1985 A Bond Resolution") and by a Trust Indenture dated as of November 15, 1985 (the "Original Indenture") between the University and The Huntington National Bank, as Trustee (the "Trustee"), has provided for the issuance from time to time of General Receipts Bonds of the University, with each such issue to be authorized by a Series Resolution (as defined in the Original Indenture) adopted by the Board pursuant thereto; and

WHEREAS the University has heretofore issued pursuant to the Series 1985 A Bond Resolution and the Original Indenture the \$27,680,000 The Ohio State University General Receipts Refunding Bonds, Series 1985 A, dated as of November 15, 1985 (the "Series 1985 A Bonds") (\$27,680,000 principal amount currently outstanding); and

WHEREAS the University has heretofore issued pursuant to the Series 1985 A Bond Resolution, the Series 1985 B Bond Resolution, adopted by the Board on December 6, 1985 (the "Series 1985 B Bond Resolution"), the Original Indenture and the First Supplemental Indenture, dated as of December 30, 1985 (the "First Supplemental Indenture"), between the University and the Trustee, the \$42,500,000 The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1985 B (the "Series 1985 B Bonds") (\$42,500,000 principal amount currently outstanding); and

WHEREAS the University intends to issue pursuant to the Series 1985 A Bond Resolution, the Series 1986 A Bond Resolution, adopted by the Board on the date hereof (the "Series 1986 A Bond Resolution"), the Original Indenture and the Second Supplemental Indenture, dated as of July 15, 1986 (the "Second Supplemental Indenture"), between the University and the Trustee, The Ohio State University General Receipts Bonds, Series 1986 A (the "Series 1986 A Bonds") in an amount equal to the difference between the Maximum Aggregate Principal Amount and the principal amount of the Series 1986 B Bonds; and

WHEREAS the Board has determined that it is in the best interests of the University to authorize the issuance of The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1986 B (the "Series 1986 B Bonds") in a principal amount not less than forty percent (40%) and not greater than sixty percent (60%) of the Maximum Aggregate Principal Amount for the purpose of paying or reimbursing costs of the 1986 Project, funding the Bond Reserve Fund (as defined in the Original Indenture), paying certain Capitalized Interest and paying costs and expenses associated with the issuance of the Series 1986 B Bonds; and

WHEREAS the University desires to make provision for the issuance of the Series 1986 B Bonds and for the payment of the Bond Service Charges thereon

and the securing thereof by this Resolution and a Third Supplemental Trust Indenture (the "Third Supplemental Indenture") herein authorized;

NOW THEREFORE

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE OHIO STATE UNIVERSITY, as follows:

Section 1. Definitions and Interpretations. All words and terms defined in the Original Indenture and all interpretations therein provided shall have in this Resolution the same meanings, respectively, and be subject to the same interpretations as therein provided or used, unless the context or use clearly indicates another or different meaning or intent, except that this Resolution, together with the Certificate of Award provided for in Section 3 hereof, is sometimes herein called and may be known as the "Series 1986 B Bond Resolution." The Bonds authorized by this Resolution are referred to herein and in the Third Supplemental Indenture as the "Series 1986 B Bonds." Terms not appearing in the Indenture but used herein are defined as follows:

"1986 Construction Fund" means the fund held by the Trustee and created pursuant to Section 5 of the Series 1986 A Bond Resolution and funded with the proceeds of the Series 1986 A Bonds and the Series 1986 B Bonds.

"1986 Project" means (i) construction, including remodeling of existing facilities, to provide a multi-sport athletic complex, including lighting, drainage, utility, and parking facilities; (ii) renovation and modernization of the Ohio Stadium dormitory; (iii) renovation and modernization of the Buckeye Village student housing facility, including the construction of support buildings and roadway and parking improvements; (iv) construction of a two-story addition to Doan Hall of University Hospitals and renovation of various hospital areas for medical logistical services; (v) construction of a four-floor addition to and the remodeling of Doan Hall of University Hospitals for clinical medical services; (vi) re-equipping the cardiac catheterization lab of University Hospitals; and (vii) construction of a multi-level, multi-building center for visual arts, including utility, driveway and other related site improvements.

"Bank" means initially, The Fuji Bank, Limited, acting through its Chicago, Illinois Branch, as the issuer of the Standby Bond Purchase Agreement (as hereinafter defined), its successors and assigns.

"Capitalized Interest" means an aggregate amount not to exceed \$10,000,000 in respect of the Series 1986 A Bonds and the Series 1986 B Bonds, as specified in the respective Certificates of Award, which equals a portion of the interest to become due during the construction of the 1986 Project.

"Contract of Purchase" means the Contract of Purchase between the Original Purchasers and the University, authorized pursuant to Section 3 hereof.

"Converted Bond(s)" means a Series 1986 B Bond, the interest on which has been converted to Fixed Interest Rates (as defined in the Third Supplemental Indenture) pursuant to Section 6(E) of the Third Supplemental Indenture.

July 10 and 11, 1986 meeting, Board of Trustees

AUTHORIZATION, ISSUANCE AND SALE OF VARIABLE RATE DEMAND GENERAL RECEIPTS BONDS, SERIES 1986 B, OF THE OHIO STATE UNIVERSITY (contd)

"Interest Payment Dates" means as to the Series 1986 B Bonds (i) during the effectiveness of a Weekly Rate Period, a Monthly Rate Period or a Quarterly Rate Period (as such terms are defined in the Third Supplemental Indenture), each March 1, June 1, September 1, and December 1 or, if such day is not a Business Day (as defined in the Original Indenture), the next succeeding Business Day, commencing December 1, 1986; and (ii) during the effectiveness of a Semiannual Rate Period, an Annual Rate Period or a Fixed Rate Period (as such terms are defined in the Third Supplemental Indenture), each June 1 and December 1 or, if such day is not a Business Day, the next succeeding Business Day, commencing December 1, 1986.

"Maximum Aggregate Principal Amount" means the sum of the face amounts of the Series 1986 A Bonds and the Series 1986 B Bonds, which aggregate amount shall not exceed \$90,000,000.

"Maximum Interest Rate" means fifteen percentum (15%) per annum.

"Official Statement" means, as to the Series 1986 B Bonds, the Official Statement including, without limitation, the Preliminary Official Statement relating to the original issuance of the Series 1986 B Bonds, authorized pursuant to Section 3 hereof.

"Original Purchasers" means, as to the Series 1986 B Bonds, John Nuveen & Co. Incorporated, Chicago, Illinois and The Ohio Company, Columbus, Ohio.

"Paying Agent(s)" means, as to the Series 1986 B Bonds, the Trustee.

"Remarketing Agent" means initially, John Nuveen & Co. Incorporated, and any Person (as defined in the Original Indenture) meeting the qualifications of, and designated from time to time to act as Remarketing Agent under Section 7(H) of the Third Supplemental Indenture.

"Remarketing Agreement" means the Remarketing Agreement, dated as of August 1, 1986, provided for in Section 7 of this Resolution, to be entered into between the University and the Remarketing Agent, as the agreement may be amended, modified or supplemented.

"Series 1986 B Bonds" means the Bonds authorized by this Resolution and shall include, except as expressly noted in the Third Supplemental Indenture, any Series 1986 B Bonds held by or for the account of the Bank or its designee.

"Standby Bond Purchase Agreement" or "Standby Agreement" means, as to the Series 1986 B Bonds, the Standby Bond Purchase Agreement, dated as of August 1, 1986, between the University and the Bank, as the agreement may from time to time be amended, modified or supplemented.

"Tender Agent" means United States Trust Company of New York, New York, New York or any Person meeting the qualifications of, and designated from time to time to act as Tender Agent under, Section 7(K) of the Third Supplemental Indenture.

Any reference herein to the University, the Board, or to any members or officers thereof or to other public boards, commissions, departments, institutions, agencies, bodies, entities or officers, shall

include those which succeed to their functions, duties or responsibilities pursuant to or by operation of law or who are lawfully performing their functions. Any reference to a section or provision of the Ohio Revised Code or to the laws of Ohio shall include such section or provision and such laws as from time to time amended, modified, revised, supplemented, or superseded, provided that no such amendment, modification, revision, supplementation, or supersession shall alter the obligation to pay the Bond Service Charges in the amount and manner, at the times, and from the sources provided in the Series 1985 A Bond Resolution, this Resolution, the Original Indenture and the Third Supplemental Indenture, except as otherwise herein permitted.

Unless the context shall otherwise indicate, words importing the singular number shall include the plural number, and vice versa, and the terms "hereof," "herein," "hereby," "hereto," "hereunder," and similar terms, mean this Resolution.

Section 2. Authorization; Terms; Pledge; and Covenant.

(a) Authorization. The Bonds, to be designated and known as The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1986 B (the "Series 1986 B Bonds"), shall be issued pursuant to and as authorized by the Act, Section 21 of Article VIII of the Ohio Constitution, the Series 1985 A Bond Resolution, this Resolution, the Original Indenture and the Third Supplemental Indenture for the purposes of financing costs of the University Facilities comprising the 1986 Project, funding the Bond Reserve Fund, paying certain Capitalized Interest and paying costs and expenses incidental to the issuance of the Series 1986 B Bonds.

(b) Form and Numbering. The Series 1986 B Bonds shall be issued only as fully registered Bonds. The Series 1986 B Bonds shall be numbered as determined by the Trustee.

(c) Denominations and Dates. Initially, the Series 1986 B Bonds shall be in denominations of \$100,000 and integral multiples thereof and shall be dated as of the date of their first authentication and delivery. Series 1986 B Bonds subsequently issued in exchange for Series 1986 B Bonds surrendered for transfer or exchange shall be dated as of the Interest Payment Date to which interest has been paid in full or duly provided for. Converted Bonds shall be in denominations of \$5,000 and any integral multiple thereof.

(d) Maximum Aggregate Principal Amount. The sum of the face amounts of the Series 1986 A Bonds and the Series 1986 B Bonds shall not exceed the Maximum Aggregate Principal Amount. The Series 1986 B Bonds shall be issued in a principal amount not less than forty percent (40%) and not greater than sixty percent (60%) of the Maximum Aggregate Principal Amount, as specified in the Certificate of Award. The Series 1986 A Bonds shall, pursuant to Section 2 of the Series 1986 A Bond Resolution, be issued in an amount not to exceed the difference between the Maximum Aggregate Principal Amount and the portion of such Amount allocated pursuant to this Resolution to the Series 1986 B Bonds.

(e) Delivery and Execution. The Treasurer is hereby authorized to make the necessary arrangements with the Original Purchasers to establish the date, location, procedures and conditions for the delivery of the Series 1986 B Bonds to the Original Purchasers and to take all steps as necessary

July 10 and 11, 1986 meeting, Board of Trustees

AUTHORIZATION, ISSUANCE AND SALE OF VARIABLE RATE DEMAND GENERAL RECEIPTS BONDS, SERIES 1986 B, OF THE OHIO STATE UNIVERSITY (contd)

to effect due execution, authentication and delivery of the Series 1986 B Bonds to the Original Purchasers under the terms of this Resolution. The Series 1986 B Bonds shall be signed by the Chairman of the Board (the "Chairman") and the Treasurer in their official capacities (provided that both of the signatures may be facsimiles) and shall bear the corporate seal of the University or a facsimile thereof.

(f) Interest. The Series 1986 B Bonds shall bear interest at a variable rate determined on a weekly, monthly, quarterly, semiannual, annual or multi-annual basis, the period of recalculation to be selected by the University and the method of calculation to be performed by the Remarketing Agent as provided in Section 6 of the Third Supplemental Indenture. The University may also, as provided in Section 6(E) of the Third Supplemental Indenture, convert the interest rate on all or a portion of the Series 1986 B Bonds to Fixed Interest Rates. Except for the Bank Bond Rate (as defined in the Third Supplemental Indenture), the interest rate on the Series 1986 B Bonds shall at no time exceed the Maximum Interest Rate. Interest shall be payable on each Interest Payment Date.

During any Interest Period (as defined in the Third Supplemental Indenture), including, without limitation, a Fixed Rate Period (as defined in the Third Supplemental Indenture), in which any Series 1986 B Bonds are held by or for the account of the Bank or its designee by reason of the purchase of such Series 1986 B Bonds pursuant to the Standby Agreement (but not otherwise), the interest rate borne by such Series 1986 B Bonds (and only such Series 1986 B Bonds) shall be the Bank Bond Rate, calculated as provided in the Standby Agreement.

(g) Optional Tender. From time to time as provided in Section 9 of the Third Supplemental Indenture, holders of the Series 1986 B Bonds (other than Converted Bonds) may request, in accordance with the provisions of Section 7(A) of the Third Supplemental Indenture, that the Tender Agent purchase such Series 1986 B Bonds at a purchase price equal to one hundred percent (100%) of the principal amount of such Series 1986 B Bonds to be purchased plus accrued interest.

(h) Maturities. The Series 1986 B Bonds (other than Converted Bonds) shall mature on December 1, 2006, unless they have been redeemed prior to such date by mandatory redemption, as provided in Section 9(C) of the Third Supplemental Indenture, or otherwise. The Converted Bonds shall mature on the dates determined as provided in Section 6(E) of the Third Supplemental Indenture. The Series 1986 B Bonds (other than Converted Bonds) shall mature and be subject to mandatory sinking fund redemption as provided in the Certificate of Award. Nothing in the preceding sentences shall be deemed to in any case extend the maturity of any Series 1986 B Bond.

(i) Redemption. Certain maturities of the Series 1986 B Bonds are subject to redemption at the option of the University prior to stated maturity, in whole or in part, in accordance with the terms, conditions, redemption prices and on the dates set forth in Section 9 of the Third Supplemental Indenture. Notice of call for and other terms and provisions governing redemption of such Series 1986 B Bonds shall be given in the manner provided in the Original Indenture and the Third Supplemental Indenture.

(j) Mandatory Purchase. Upon (i) conversion to Fixed Interest Rates, (ii) expiration of the Standby Agreement, or (iii) the occurrence of

AUTHORIZATION, ISSUANCE AND SALE OF VARIABLE RATE DEMAND GENERAL RECEIPTS BONDS, SERIES 1986 B, OF THE OHIO STATE UNIVERSITY (contd)

Events of Default (as defined in the Original Indenture and the Third Supplemental Indenture), certain of the Series 1986 B Bonds shall be subject to mandatory purchase, as designated by and in accordance with the provisions of Section 9(C) of the Third Supplemental Indenture. The Series 1986 B Bonds subject to mandatory purchase shall be purchased at a purchase price equal to the principal amount of the Series 1986 B Bonds to be so purchased plus accrued interest.

(k) Appointment of Remarketing Agent. The Board hereby appoints John Nuveen & Co. Incorporated as the initial Remarketing Agent under the Third Supplemental Indenture.

(l) Appointment of Tender Agent. The Board hereby appoints United States Trust Company of New York, New York, New York as the initial Tender Agent under the Third Supplemental Indenture.

(m) Security. As provided in the Original Indenture and the Third Supplemental Indenture, there is hereby pledged to the security of the Series 1986 B Bonds and for the payment of the Bond Service Charges on the Series 1986 B Bonds and for establishment and maintenance of the Bond Reserve Requirement (as defined in the Original Indenture), the gross amount of General Receipts of the University (subject to the provisions for the partial release of a pledge of General Receipts contained in Section 4.11 of the Original Indenture) and the monies contained in the Special Funds, as provided in the Original Indenture. This pledge of General Receipts shall be on parity with expenses, claims and payments relating to other Parity Obligations (as defined in the Original Indenture) and in priority to all other expenses, claims and payments of the University. In accordance with the Act, all the General Receipts or portions thereof are immediately subject to the lien of the pledge upon receipt thereof by the University, and such pledge creates a perfected security interest without necessity for prior separation, physical delivery, filing or recording or further act.

(n) Payment, Places of Payment and Paying Agents. The principal of and the redemption premium on the Series 1986 B Bonds when due shall be payable to the registered holders, upon presentation and surrender thereof at the principal corporate trust office of the Trustee and the Tender Agent, respectively. Interest shall be payable by check or draft mailed by the Trustee as provided in the Original Indenture; provided, however, that interest on Series 1986 B Bonds aggregating \$1,000,000 or more in principal amount registered in the name of a single holder shall be paid by wire transfer in immediately available funds to such account, if any, as such holder directs in writing to the Trustee at least ten (10) days prior to any Interest Payment Date, such payment by wire transfer pursuant to that direction continuing in effect as to subsequent Interest Payment Dates until such time as the holder notifies the Trustee to the contrary or until such time as such holder ceases to be a holder of the requisite principal amount of Series 1986 B Bonds. Interest on Series 1986 B Bonds held by the Bank or its designee pursuant to the Standby Agreement shall be paid (at the Bank Bond Rate) by wire transfer on each Interest Payment Date unless the Bank notifies the Trustee of a different mutually acceptable method.

Section 3. Contract of Purchase; Certificate of Award; Official Statement. The Series 1986 B Bonds are sold and awarded to the Original Purchasers in accordance with the Contract of Purchase at the purchase price (not less than ninety-eight and one-half percent (98 1/2%) of the principal amount plus accrued interest) provided in the Certificate of Award. The

form of Contract of Purchase now on file with the Secretary of the Board is hereby approved, together with any changes therein and completions thereof which are not inconsistent with this Resolution and not substantially adverse to the University, and as are permitted by the Act and approved on behalf of the University by the Chairman or the Treasurer. The approval on behalf of the University of those changes and completions by the Chairman or the Treasurer, and the status of those changes as not substantially adverse to the University, shall be conclusively evidenced by the execution of the Contract of Purchase on behalf of the University by the Chairman or the Treasurer. It is determined hereby that the purchase price and the manner of sale and the terms of the Series 1986 B Bonds, as provided in this Resolution, are consistent with all legal requirements and will carry out the public purposes of the Act.

The sale and award of the Series 1986 B Bonds shall be further evidenced by the Certificate of Award. The Certificate of Award is hereby authorized and shall be executed by the Chairman or the Treasurer. The Certificate of Award shall, as to the Series 1986 B Bonds, state or confirm the aggregate principal amount, the purchase price, the initial interest rate or rates, the amount of Capitalized Interest, the mandatory sinking fund requirements and the optional redemption provisions, all as determined in accordance with the provisions of this Resolution, the Third Supplemental Indenture and the Contract of Purchase. The Certificate of Award shall also contain such other data or provisions as the Chairman or the Treasurer determines are appropriate or necessary, and as are consistent with the Series 1985 A Bond Resolution, this Resolution, the Original Indenture, the Third Supplemental Indenture and the Contract of Purchase. The Certificate of Award shall be deemed a part of this Resolution in connection with the authorization, issuance and sale of the Series 1986 B Bonds.

The distribution of the Preliminary Official Statement relating to the Series 1986 B Bonds is hereby approved. The final Official Statement, substantially in the form of the Preliminary Official Statement now on file with the Board, shall be executed by the Chairman or the Treasurer in his official capacity on behalf of the University with any modifications, changes or supplements necessary or desirable for the purposes thereof which the Chairman or the Treasurer shall approve. The Board has not confirmed, and assumes no responsibility for, the accuracy, sufficiency or fairness of any statements in the Preliminary Official Statement or the final Official Statement or any supplements thereto, or in any reports, financial information, offering or disclosure documents or other information in any way relating to the Bank or the Original Purchasers.

Section 4. Allocation of Proceeds. The proceeds from the sale of the Series 1986 B Bonds, including any accrued interest, shall be allocated, deposited and applied as follows:

- (i) To the Bond Fund, accrued interest received on the sale of the Series 1986 B Bonds;
- (ii) To the Bond Reserve Fund, an amount equal to the amount required to bring the balance in the Bond Reserve Fund to an amount equal to the Bond Reserve Requirement in respect of all Bonds; and
- (iii) To the 1986 Construction Fund, created pursuant to Section 5 of the Series 1986 A Bond Resolution and administered as

provided in Section 9 of the Series 1985 A Bond Resolution and Section 5 of the Series 1986 A Bond Resolution, the entire remaining amount of the proceeds, to be applied to the purposes of that Fund, including transfers from that Fund authorized by the Act, to pay certain Capitalized Interest and to pay costs and expenses associated with the issuance of the Series 1986 B Bonds.

Section 5. Application of Bond Proceeds. The University covenants that the use of the proceeds of the Series 1986 B Bonds, including amounts at any time in the Bond Reserve Fund, will be restricted in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time of delivery of and payment for the Series 1986 B Bonds, so that the Series 1986 B Bonds will not constitute "arbitrage bonds" under Section 103(c) of the Code. The Treasurer of the University, or any other officer having responsibility with respect to the issuance of the Series 1986 B Bonds, alone or in conjunction with any other officer or employee of or consultant to the University, will give an appropriate certificate of the University for inclusion in the transcript of proceedings for the Series 1986 B Bonds setting forth the reasonable expectations of the University regarding the amount and use of those proceeds and the facts and estimates on which they are based, all as of the date of original delivery of and payment for the Series 1986 B Bonds.

The University further covenants that it will take all actions required to maintain the exemption from federal income tax for interest on the Series 1986 B Bonds, and will not take any actions which would adversely affect such exemption under the provisions of federal tax laws that apply to the Series 1986 B Bonds, or under the provisions of H.R. 3838, as passed by the U.S. House of Representatives on December 17, 1985, but with the effective date stated for certain provisions thereof listed in the March 14, 1986 Joint Statement by the chairmen and ranking minority members of the House Committee on Ways and Means and the Senate Committee on Finance and the Secretary of the Treasury, or as amended and passed by the U.S. Senate on June 24, 1986, until and unless, and except to the extent, with respect to H.R. 3838, the University obtains a written opinion of nationally recognized bond counsel that this covenant, as it pertains to H.R. 3838, need not be complied with in order for the interest on the Series 1986 B Bonds to continue to be exempt from federal income taxation; and the Chairman or the Treasurer and other appropriate officers are hereby authorized to take such actions and give such certifications as may be appropriate to assure such tax exemption of interest on the Series 1986 B Bonds.

Section 6. Further Covenants. In addition to the covenants elsewhere contained herein, the University further covenants as provided in Section 13 of the Series 1985 A Bond Resolution, which covenants are incorporated herein as if fully set forth herein.

Section 7. Third Supplemental Indenture, Remarketing Agreement, Standby Agreement and Other Documents. In order to better secure the payment of the Bond Service Charges as the same shall become due and payable, the Chairman, the President of the University, the Secretary of the Board and the Treasurer, or any one or more of them, are authorized and directed to execute, acknowledge and deliver to the Trustee, the Remarketing Agent and the Bank, in the name and on behalf of the University and pursuant to the Original Indenture, the Third Supplemental Indenture, the Remarketing Agreement and the Standby Agreement, respectively, each in substantially the

form submitted to this Board, or to such officers on behalf of this Board and the University, and hereby approved, with such changes therein as are not substantially adverse to the University and as may be permitted by the Act and approved by the officers executing the same on behalf of the University. The Third Supplemental Indenture shall also include the form of the Series 1986 B Bonds (the "Form of Bond"), attached thereto as Exhibit A. The execution of such documents by any of the officers shall conclusively evidence that the officers and the Board approve such changes and that such changes are not substantially adverse to the University. Each of such officers is further authorized to execute and deliver on behalf of the University such other certificates, documents and instruments as are necessary in connection with the acts authorized by this Resolution.

Section 8. Text of Resolution. The text of this Resolution authorizing the issuance and sale of the Series 1986 B Bonds and related acts by the University may be changed for the purpose of curing any ambiguity, inconsistency or formal defect or omission in this Resolution or in respect of this Resolution as it relates to the Original Indenture, the Third Supplemental Indenture, the Certificate of Award, the Form of Bond, the Contract of Purchase, the Official Statement, the Remarketing Agreement or the Standby Agreement. Such changes shall be subject to the approval of any one of the officers (referred to in Section 7 above) as being changes not substantially adverse to the University or contrary to the true intent and meaning hereof and shall be acceptable to Bond Counsel (as defined in the Original Indenture).

Section 9. Open Meeting Determination. It is found and determined that all formal actions of the Board concerning and relating to the adoption of this Resolution were adopted in an open meeting of the Board, and that all deliberations of the Board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Revised Code.

Section 10. Effective Date. This Resolution shall take effect and be in force immediately upon its adoption. Reference shall be made to the Original Indenture and the Third Supplemental Indenture concerning matters not specifically addressed in this Resolution.

Upon motion of Mr. Redman, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

President Jennings made the following statement:

Mr. Chairman, one more item--it does not require official action--but I think it is important to all of us to note that at our next meeting in September, Myles Brand will report to you on Educational Affairs in his capacity as Vice President for Academic Affairs and Provost. On behalf of the University, I would like to express at this time our deep debt of gratitude, deep appreciation of the service that Dr. Firebaugh has rendered to this University. She came in with no slip at all, picked up where Deither left off, in the accomplished way that she has. I think that Ohio State University will be forever grateful to her for providing this great leadership to the institution during the changing

Commencement Speaker

Francille M. Firebaugh

Francille M. Firebaugh has served The Ohio State University as a faculty member and academic leader since 1962. A professor of family resource management, as well as the University's vice provost for international affairs, she first came to the University as a member of Ohio State's home economics faculty. Since then she has served as director of the School of Home Economics; associate dean of the College of Agriculture; acting vice president for agricultural administration and executive dean for agriculture, home economics, and natural resources; associate provost and vice provost for international affairs; and as acting vice president for academic affairs and provost.

Firebaugh earned a doctoral degree in household economics and management at Cornell University, having received her master's and bachelor's degrees in related fields from the University of Tennessee and the University of Arkansas, respectively. Her interests in home economics, international development, and higher education administration are reflected in her numerous academic publications and presentations. Her leadership roles with national and international professional and higher education associations include service as a member of the board of directors of the Midwest Universities Consortium for International Activities.

In recent years, a special interest of hers has been the role of women in the economic development of Third World countries. Her extensive overseas experience includes work in Egypt, India, Malaysia, and Europe. As an internationally known consultant on home economics, she has served the profession of higher education as a member of teams reviewing academic programs in that field.

Firebaugh's leadership in academic and international affairs and in the colleges of Agriculture and Home Economics has been central to many areas of change and progress at Ohio State. As vice provost for international affairs, she brings her experience to a vast and growing interdisciplinary area that is of increasing importance to Ohio State, as well as higher education as a whole.

Recipients of Honors

Dale B. Baker Doctor of Science

Dale B. Baker was director of Chemical Abstracts Service in Columbus from 1958 until his retirement earlier this year. When he became director, Chemical Abstracts was a small, financially troubled abstracting and indexing service that was finding it difficult to maintain timely coverage of the growing volume of literature on chemical science and technology. Under his leadership, Chemical Abstracts became financially sound and modernized its information handling and publishing methods. Baker initiated a research and development program that placed it in the international forefront of the application of computers to the processing and handling of chemical information. Chemical Abstracts is now the world's largest nongovernmental scientific and technical information processor.

A native of Bucyrus, Ohio, Baker received his bachelor's and master's degrees from Ohio State in 1942 and 1948, respectively. After working as a chemist with duPont, he joined Chemical Abstracts Service in 1946 as an assistant editor. After promotions to associate editor and then associate director, he became director of Chemical Abstracts in 1958. In addition to his duties at Chemical Abstracts, he became chief operating officer of the American Chemical Society in 1980 and served as its deputy executive director from 1983-86.

Dale Baker has played a significant role in promoting the exchange of scientific and technical information nationally and internationally. He has held leadership positions in the International Council of Scientific and Technical Information, serving as general secretary from 1983-86. He has been a member of committees of the International Union of Pure and Applied Chemistry, the Organization for Economic Cooperation and Development, and UNESCO. Baker is a fellow of the American Association for the Advancement of Science and past president of the American Society for Information Science and the National Federation of Abstracting and Information Science.

Baker contributes his time and service to the community through such organizations as the Center for Science and Industry, the Columbus Area Chamber of Commerce, Rotary International, and North Broadway United Methodist Church. He has been a dedicated supporter of Ohio State. Baker served as president of The Ohio State University Alumni Association (life member) and as a member of the board of directors of the Development Fund and the Research Foundation.

The recipient of numerous honors for his professional activities, Baker has received an Alumni Centennial Award and a College of Engineering Distinguished Alumnus Award from Ohio State. The University is proud to recognize Dale B. Baker for his productive and innovative career.

John Deaver Drinko Doctor of Laws

John Deaver Drinko is an attorney and senior adviser to the managing committee of the law firm of Baker & Hostetler, which is based in Cleveland and has offices in Columbus, Denver, Washington, and Orlando. He joined the firm in 1945 and was made managing partner in 1969. During his career he gained a national reputation as an attorney and has been called on frequently to consult with businesses, other law firms, and judges concerning complex legal questions. During this time, he helped to build Baker & Hostetler from a well-regarded local firm to one of the 20 largest law firms in the nation.

Drinko received his bachelor's degree from Marshall University and earned a law degree from Ohio State in 1944.

Drinko serves as chairperson of the Cleveland Institute of Electronics Inc. and is a director of the Standard Products Company, Preformed Line Products Company, Cloyes Gear and Products Inc., Orvis Inc., Double D Ranch Inc., and Jones-Zylon Inc. He is an officer and trustee of the Arnold Foundation, the Cleveland Institute of Electronics Charitable Foundation, the Hostetler Foundation, the Mellen Foundation, and the Thomas F. Peterson Foundation. In the philanthropic circles of greater Cleveland, he has benefitted such institutions as the Case Western Reserve Law School, University Hospitals, the Cleveland Clinic Foundation, and the John Carroll University School of Business.

Drinko's involvement with Ohio State has been active and generous. In April 1986, he was elected to the board of directors of The Ohio State University Foundation. He has served two terms on the Executive Committee of The Presidents Club and one term on the board of directors of The Ohio State University Development Fund.

As an active advocate of the College of Law, Drinko has served as president of the college's national council and has helped to establish the C. William O'Neill, John W. Bricker, and Newton D. Baker-Baker & Hostetler Endowed Professorships and the Noel F. George-Baker & Hostetler Library Fund. This year, along with his wife Elizabeth G. Drinko, colleagues, friends, and other contributors, he established the John D. Drinko-Baker & Hostetler Chair in Law.

In recognition of his service to Ohio State, Drinko received an Alumni Centennial Award in 1970 and the Distinguished Service Award in 1981. The University now proudly confers this new honor upon this well-respected alumnus.

Recipients of Honors

Paul Louis Lehmann **Doctor of Humane Letters**

Paul Louis Lehmann is regarded as one of the most active and influential theologians of modern times. Through more than half a century of teaching and writing, he has influenced countless numbers of students, professors, and others with an interest in philosophy and ethics. He has been characterized as a pioneer in the application of biblical and traditional Christian thought to the ethical issues that face the modern human race. One former student and colleague has written that Lehmann "has done more on an intellectual level than almost any person in America to relate the great generalities of the Christian theological tradition to the most concrete and specific of life-style and behavioral guidelines for religious people inside and outside the churches." This work in the area of "contextual ethics" has been presented in Lehmann's best-known books, *Ethics in a Christian Context*, published in 1963, and *The Transfiguration of Politics*, published in 1975, and in numerous other publications.

Lehmann is the Charles A. Briggs Professor of Systematic Theology, Emeritus, at Union Theological Seminary, in New York. He retired in 1974, after a teaching career that also included positions at Wellesley College, Princeton Theological Seminary, and Harvard University. Since his retirement, he has lectured extensively across the nation and has held several visiting professorships. He is a graduate of Ohio State, where he received a Bachelor of Arts with honors and a Bachelor of Science degree in education in 1927. He went on to receive a Bachelor of Divinity and a Doctor of Theology from Union Theological Seminary. Lehmann was ordained as a minister in 1937.

Lehmann has maintained a strong commitment to the practice of his philosophies. He has been active in worldwide Christian organizations, served as a delegate to the World Council of Churches, was president of the American Theological Society, and has been involved in causes for peace and assisting churches in oppressed nations. He was a leader of the Emergency Committee on Civil Liberties during the McCarthy era, and more recently, he has been active on the Committee for the Protection of the Foreign Born.

He has received honorary degrees from Lawrence College, Harvard University, Elmhurst College, Colorado College, and the University of Tubingen.

Ohio State proudly recognizes the significant contributions to society that have been made by this distinguished teacher and scholar.

Distinguished Service Awards

Virginia S. Conn Distinguished Service Award

From her days as an Ohio State undergraduate to the present, Virginia S. Conn's name has been synonymous with service to the University. While pursuing a Bachelor of Arts degree and a Bachelor of Science degree in education that she would receive with distinction in 1938, her activities included Strollers Dramatic Society, the Browning Dramatic Society, the Pomerene Advisory Board, and Women's Ohio (Student Senate). She was inducted into Chimes, Mortar Board, and the educational honorary Pi Lambda Theta.

Since completing her undergraduate studies and subsequently earning a master's degree in 1942, Conn has been an active and dedicated alumna. As a life member of the Alumni Association, she has served on the association's board of directors, as well as on the board of directors of the Development Fund. Conn is a past president of the Franklin County Alumnae Club, the Alumnae Council, and the Alumnae Scholarship Houses Advisory Board. She has served on planning committees for numerous Women's Day seminars and is a past chairperson of "A Day with the Arts." In 1985, she chaired the 50th reunion activities for the Alumnae Scholarship Houses and the Alumnae Council.

Conn was a member of the continuing education planning committee, which led to the existence of noncredit continuing education programs, and is a past president of the Starling-Ohio Women's Club, an organization of wives of University medical and dental faculty.

The community has benefited from Virginia Conn's efforts as well. She is a past president of the Women's Auxiliary to the Academy of Medicine of Columbus and Franklin County and the Canterbury Unit of the Columbus Symphony Orchestra. She has also been secretary and chairperson of women's special gifts during her 25 years of service to the Franklin County Heart Council.

Conn received the University's Alumni Centennial Award in 1970. Ohio State is pleased to present her with the Distinguished Service Award in recognition of her many years of unselfish devotion to Ohio State and the community.

Arthur E. Shepard Distinguished Service Award

Arthur E. Shepard is chairperson emeritus of the insurance brokerage firm, Turner & Shepard Inc., a subsidiary of Alexander & Alexander Inc. He now serves as a consultant to Alexander & Alexander. A native of Cambridge, Ohio, Shepard attended Ohio State in the College of Commerce in the early 1930s and also attended Franklin University. He holds the CLU designation from the American College of Life Underwriters. He is president of Mar-Lyn Corporation.

Shepard has been an enthusiastic and generous supporter of Ohio State for many years. He joined The Presidents Club in 1966 and has been a member of its Executive Committee for 11 years. He completed his fifth term as chairperson of the Executive Committee in May.

In 1982, he established the Arthur E. Shepard Professorship in Insurance in the College of Business. Shepard has also supported the Athletic Grant-in-Aid program, the Friends of WOSU, and the College of Medicine through additional gifts to the University. He is a charter member of The Presidents Council.

In addition to his Presidents Club involvement, Shepard is a member of the National Campaign Committee for The Ohio State University Campaign, and he serves on the Nominating Committee of the board of directors of The Ohio State University Foundation. He is a member of the University's Alumni Association.

Shepard has been active in professional circles and in the community. He is past president of the Columbus chapter of the American Society of Chartered Life Underwriters and a past board member of the Columbus Life Underwriters Association. He is a past board member of the Columbus Area Chamber of Commerce and served on the Columbus Downtown Action Committee. He has been a member of the Development Committee for Greater Columbus Parks and Recreation Committee. He also served as chairperson of the First Community Church Board and First Community Foundation.

Shepard's generosity has also benefited the United Way of Franklin County, Children's Hospital, the Columbus Heart Association, the Center of Science and Industry, the Columbus Symphony, the Columbus Museum of Art, the Columbus Association for Performing Arts, the Columbus Zoo, and other educational and charitable organizations.

Shepard received an Honorary Alumni Award from Berea College in 1980. Ohio State is grateful for his dedication and is pleased to extend this honor to him.

NAMING OF AUDITORIUM

Resolution No. 87-25

Synopsis: A name is proposed for the auditorium portion of Ovalwood Hall on the Mansfield campus.

WHEREAS this Board has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS The Ohio State University Mansfield Campus was created through the efforts of a large number of individuals and corporations in the Mansfield community and its surrounding area; and

WHEREAS no physical entity on the Mansfield Campus has been designated to recognize the vital role played by these community "founders" in the establishment of the Campus; and

WHEREAS the 20th anniversary of the establishment of the Campus is being observed during the current year; and

WHEREAS the President and the President's staff concur with the recommendation of the Mansfield Campus administration that the aforementioned auditorium be named in honor of the community founders of the Campus:

NOW THEREFORE

BE IT RESOLVED, That the auditorium portion of Ovalwood Hall on The Ohio State University Mansfield Campus henceforth shall be known as "Founders Auditorium" in recognition of the important role played by numerous members of the Mansfield community in the establishment of the Mansfield Campus.

Upon motion of Mr. Redman, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-28

Synopsis: Resolutions honoring the service of one former member of the Board of Trustees and five of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Leonard J. Alexander

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 17, 1986, of Leonard J. Alexander, Professor Emeritus in the Department of Plant Pathology.

Dr. Alexander was born on a farm in Traynor, Iowa, in 1903, but moved as a youngster to Louisiana. Upon graduation from Louisiana State University he accepted a graduate assistantship at the University of Wisconsin. After receiving his M.Sc. degree in 1928, he continued graduate school until 1930 when he became an Assistant in the Department of Botany and Plant Pathology at the Ohio Agricultural Experiment Station (now OARDC-OSU). He returned to the University of Wisconsin for short periods and received his Ph.D. in 1934.

Dr. Alexander attained the rank of Professor at The Ohio State University and distinguished himself in many areas of research and service before his retirement in 1970. He laid the foundation for the elucidation of tomato pathogen variation, locating disease resistance genes in wild tomato species and development of disease resistant commercial greenhouse tomatoes. Dr. Alexander's genetic materials and research leadership strengthened this area of research around the world.

Dr. Alexander was a member of the American Phytopathological Society since 1928, serving as National Advertising Manager, Councilor, Vice President, and President of the North Central Division; and was honored by his election as a Fellow of the Society. He was also a member of and served in many leadership roles in numerous other scientific and honorary societies and community organizations. Dr. Alexander was a Visiting Scientist at the Institute for Phytopathological Research at Wageningen, The Netherlands; a Guest Lecturer at the Faculty di Agaria, Bari, Italy;

and a Visiting Scientist in the Department of Plant Pathology (1968-69) and Visiting Professor (1972-82) at the University of Florida, Gainesville. He delivered lectures and invitational papers at many universities, international meetings and congresses.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

John A. Eglitis

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 29, 1986, of John A. Eglitis, M.D., D.M.Sc., Professor Emeritus in the Department of Anatomy.

Dr. Eglitis was born on December 16, 1902, in Riga, Latvia. He received his M.D. degree in 1931 with a speciality in otolaryngology, his D.M.Sc. degree in 1940 and his D.M. habilitation in 1942 from the University of Latvia's Faculty of Medicine. His dissertation was awarded First Prize of the State Culture Fund.

Dr. Eglitis began his academic career in 1927 when he accepted an assistantship in histology at the University of Latvia where he served until 1944, advancing from instructor to chairman of his department. In 1951, Dr. Eglitis joined The Ohio State University's College of Medicine as an instructor in Anatomy where he would continue as a faculty member for the next 22 years. He became a professor in 1961. Dr. Eglitis served as the director of histology in both the medical and dental programs. He also served as advisor for seven graduate students in Anatomy. Four received their doctorates in Anatomy; two their master's degrees; and one received both a master's and doctorate degree. He retired in 1973 having taught medical, dental and graduate students both here and abroad for 46 years.

Dr. Eglitis served on numerous departmental, college and university committees. He was a fellow and member of several scientific societies. He was recognized by his students as an outstanding teacher. For his efforts, he was selected by the senior medical class of 1965 as the College of Medicine's, "Professor of the Year."

On behalf of the University community, the Board of Trustees expresses to his wife, Dr. Irma Eglitis, its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his wife as a sincere expression of the Board's realization of the loss that his wife, the University, and his many friends and associates have sustained.

RESOLUTIONS IN MEMORIAM (contd)

Alan B. Loop

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 9, 1986, of Alan B. Loop, a former member of this Board.

Alan B. Loop was appointed as a Trustee of The Ohio State University effective July 23, 1959, by Governor Michael V. DiSalle, for a term ending May 13, 1966. He served as Chairman of the Board from May 13, 1965, to the end of his term. Mr. Loop was the recipient of the University's Distinguished Service Award in 1967.

Mr. Loop was born in Toledo, Ohio, and attended The Ohio State University, earning a Bachelor of Arts degree in 1932 and a Juris Doctor degree in 1933. As an undergraduate, Alan Loop was a member and President of The Ohio State University Chapter of Phi Kappa Psi; a member of the Toastmaster's Club of Columbus; a member and captain of The Ohio State University varsity golf team; a member of Ohio State Varsity "O"; and a member of the Interfraternity Council. During law school, Mr. Loop was a member of the Order of the Coif and a member of Phi Delta Phi.

In 1933 Mr. Loop became associated with the law firm of Fraser, Hiett, Wall & Effler in Toledo, Ohio, the predecessor of the Toledo firm of Shumaker, Loop & Kendrick. In 1940 Mr. Loop became a partner in the firm and became a senior partner in 1948. Mr. Loop's legal work focused on Corporate law and Trusts and Estates and he was a member of the American, Ohio and Toledo Bar Associations. He was also a member of the American Judicature Society and a life member of the American Bar Foundation.

Mr. Loop was also very active in his community. He served as a Trustee of the Toledo Chamber of Commerce from 1971-1973, and served as a Director for many corporations including Gregory Industries, Inc.; Toledo Stamping & Manufacturing Company; Toledo Steel Tube Co.; Dubuque Stamping & Manufacturing Company; and the Mather Company. He was a member of the Toledo Club, the Belmont Country Club, the Naples Yacht Club, and the Hole-in-the-Wall Golf Club. He was a member of the St. Michael's in the Hills Episcopal Church in Toledo, and served as a member of the Vestry and as Senior Warden.

Alan Loop's interest in education went beyond his service on this Board. He was a member of the Board of Trustees of the Edna B. Rowe School of Organic Education; a Trustee of the Maumee Valley Country Day School; and a member of the Advisory Committee to the Senior Class at Vassar College in 1956-1957.

Mr. Loop's dedication to education and his strong commitment to his community are evident in the many ways he generously contributed his time and energy to these schools, corporations and other groups. He was indeed a fine example of how an individual can enrich both his life and the lives of those around him by serving the public interest.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of the Board's realization of the loss which the family and The Ohio State University community have sustained.

RESOLUTIONS IN MEMORIAM (contd)

Robert C. McMaster

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 6, 1986, of Robert C. McMaster, Professor Emeritus in the Department of Welding Engineering.

Dr. McMaster was born May 13, 1913, in Wilkinsburg, Pennsylvania. In his early years he was introduced to river-related activities by his father and his interest in boating and canoeing continued throughout his lifetime.

His career as an engineer and scientist began at Carnegie Institute of Technology where he received a Bachelor of Science in Electrical Engineering degree in 1936. Employment with the General Electric Company in Schenectady, New York, led to graduate work at the California Institute of Technology, Pasadena, California. A Master of Science degree was received in 1938 and a Doctor of Philosophy degree in Electrical Engineering and Physics, magna cum laude, in 1944. While in California he supervised the welding and x-ray research programs and worked extensively in the high voltage testing laboratory studying the effects of lightning on electric power transmission lines. Dr. McMaster developed during this period an interest in weather that later resulted in his participation in a twice-daily televised program which pioneered this activity and included an explanation of weather phenomena along with the usual data reports. His enthusiasm and knowledge of the subject established, over a span of fifteen years, the standards for weather news reporting followed today.

Dr. McMaster joined Battelle Memorial Institute in 1945 and developed and supervised, during ten years of association, the Department of Electrical Engineering. His interest in nondestructive testing continued to expand and included his serving as President of the Society of Nondestructive Testing in 1952-53. While at Battelle, he was awarded a patent on xeroradiography, a process extensively used in the medical field.

In 1955, Dr. McMaster joined the faculty of The Ohio State University as a Professor of Welding Engineering. He taught welding and nondestructive testing courses at both undergraduate and graduate levels. His outgoing personality coupled with his ability to explain complex concepts in a clear and understandable manner was well received by his students. He truly made the learning experience enjoyable. Until his retirement in 1977, Dr. McMaster continued his efforts in research, working with graduate students and a professional staff engaged in sponsored programs. His activities expanded into sonic power, the applications of which are still being developed. During this time he edited the first edition of the "Nondestructive Testing Handbook," a monumental task requiring thousands of hours of dedicated work. The two-volume publication was first available in 1959 and is in widespread use today as the best single reference on the subject.

Dr. McMaster was awarded nineteen patents including the application of x-rays for sterilization of food, an x-ray television imaging system, sonic power devices and a magnetic-reaction device using the Hall effect. He authored over 300 technical papers and received awards too numerous to list. His devotion to his work was equalled by his devotion to his family and friends. Dr. McMaster came into contact with a great

many people during his lifetime and it is likely everyone of those people benefited from the association with him.

On behalf of the University community, the Board of Trustees expresses to the family of Dr. McMaster its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family of Dr. McMaster as a sincere expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

William F. Shepard

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 1, 1986, of William F. Shepard, Assistant Professor Emeritus in the School of Allied Medical Professions.

William ("Friendly Fred") Shepard was born June 14, 1909, in Nelsonville, Ohio. He attended the Columbus Art School and the Landon School of Art in St. Louis. He completed two years in the College of Education at The Ohio State University.

In 1939, he was employed as a lab assistant in hematology at The Ohio State University. In 1948, he founded and was appointed director of the new Department of Medical Illustration in University Hospital. Medical Illustration was transferred to the School of Allied Medical Professions in 1966 and he continued as director and was appointed to the faculty as an Assistant Professor. He retired on September 30, 1968, and was granted emeritus status November 1, 1968.

He served as past director of education for the Ohio State Conservation Congress and for the Junior Sportsmen of Ohio. He was a past trustee for the Hilltop Sportsman's Club and a member of the Masons.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Garth W. Volk

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 8, 1986, of Dr. Garth W. Volk, Professor Emeritus in the Department of Agronomy.

Professor Volk was born in Maple Valley, Wisconsin, June 12, 1905. He received three academic degrees from the University of Wisconsin: a Bachelor's degree in 1934; a Master's degree in 1935; and a Ph.D. degree in 1936. Professor Volk held professional positions in industry and universities. He served as a soil chemist for United Fruit Company in Central America (1928-1933); Assistant Professor at Oklahoma State University (1936-1944); and as a Soil Chemist at the Ohio Agricultural Experiment Station (1944-1947). He was the first person to be chairman,

in 1947, of the reunified Department of Agronomy formed by combining the two departments; one at The Ohio State University and the other at the Ohio Agricultural Experiment Station in Wooster (1947-1975). He was a consultant to various USAID projects and international development organizations. He was granted emeritus status upon his retirement on July 1, 1975.

Professor Volk was elected Fellow of the American Society of Agronomy. He also received many other honorary positions and awards including Sigma Xi; Gamma Sigma Delta; Gamma Alpha; Phi Lambda Upsilon; recipient of the Agronomy Club; and received the Outstanding Faculty Award. He advised over twenty-five Ph.D. students and published over 50 articles on soil chemistry and soil fertility. He served on many university and professional committees.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Redman, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - June 1986

Federal Research Contracts/Grants

\$1,250,000.00 - National Science Foundation, Washington, DC, Engineering Research Center for Net Shape Manufacturing, Department of Industrial and Systems Engineering (T. Altan), 1 May 1986 through 30 April 1987. (Project 765393 - New)

\$866,400.00 - Department of Education, Office of Special Education, Washington, DC, Regional Resource Center, Department of Human Services Education (T. Stephens), 1 June 1986 through 31 May 1987. (Project 763600 - Continuation)

\$564,765.00 - Department of Health and Human Services, Public Health Service, Health Resources and Services Administration, Rockville, MD, Mental Retardation Training, Nisonger Center (G. E. Martin), 1 July 1986 through 30 June 1987. (Project 761169 - Continuation)

\$195,967.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Advanced Educational Program in General Dentistry, Community Dentistry (L. P. Diorio), 1 July 1986 through 30 June 1987. (Project 765454 - New)

\$186,388.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Cytotoxic Cocarcinogenic and Antileukemic Agents, Department of Chemistry (L. A. Paquette), 1 June 1986 through 31 May 1987. (Project 763284 - Continuation)

\$184,328.00 - Department of Defense, National Security Agency, Fort George G. Meade, MD, Advanced Individualized Materials for Seven Slavic and East European Languages, Department of Slavic and East European Languages and Literatures (L. I. Twarog), 1 May 1986 through 28 February 1987. (Project 764672 - Continuation)

\$183,480.00 - National Science Foundation, Washington, DC, An Integrated Cell for Machining and Polishing of Dies, Molds and Other Complex Shaped Parts, Department of Industrial and Systems Engineering (A. Bagchi, R. L. Lewis and T. Altan) and Department of Mechanical Engineering (K. Srinivasan), 1 July 1986 through 30 June 1987. (Project 765522 - New)

\$175,000.00 - Department of Health and Human Services, Office of Human Development Services, Administration on Developmental Disabilities, Kansas City, MO, UAF (University Affiliated Facility) Administration and Operation, Nisonger Center (V. L. Reynolds), 1 July 1986 through 30 June 1987. (Project 763712 - Continuation)

\$168,000.00 - Department of Education, Office of Postsecondary Education, Washington, DC, Graduate and Professional Study Fellowships Program, Graduate School Administration (J. D. Dickerscheid), 1 September 1986 through 31 August 1987. (Project 765430 - Continuation)

\$156,835.00 - Environmental Protection Agency, Washington, DC, Cocarcinogenesis Studies with Epstein-Barr Virus, Department of Medical

Microbiology and Immunology (M. R. Glaser) and Cancer Research Center (L. D. Tomei), 1 July 1986 through 30 June 1987. (Project 764169 - Continuation)

\$149,615.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Carcinogenesis, Molecular and Cellular Biology, Cancer Research Center and Department of Physiological Chemistry (G. E. Milo), 1 September 1986 through 31 August 1987. (Project 764351 - Continuation)

\$142,000.00 - Environmental Protection Agency, Chicago, IL, Annual Open Lake Water Quality Surveillance Program for Lake Erie, Center for Lake Erie Research (D. E. Rathke), 1 March 1986 through 28 February 1987. (Project 765389 - Continuation)

\$142,000.00 - Department of the Interior, Bureau of Mines, Washington, DC, Mining and Mineral Resources Research Institute - Annual Allotment 86/87, Department of Metallurgical Engineering (G. R. St. Pierre), 1 July 1986 through 30 June 1987. (Project 765442 - Continuation)

\$137,895.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Human Thrombin: Binding and Recognition Sites, Department of Chemistry (L. J. Berliner), 1 September 1986 through 31 August 1987. (Project 761742 - Continuation)

\$137,576.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Research Triangle Park, NC, Genotoxicity in Human Fetal Brain, Dermis and Kidney Cells, Department of Radiology (S. M. D'Ambrosio and A. A. Wani), 20 June 1986 through 31 May 1987. (Project 763673 - Continuation)

\$134,715.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Pathobiological Determinants of Atherosclerosis in Youth, Department of Surgery (J. F. Cornhill), 1 June 1986 through 31 December 1986. (Project 764727 - Continuation)

\$130,958.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Study of the Pharmacokinetics of Anticancer Drugs, College of Pharmacy (L. Malspeis), 1 May 1986 through 30 April 1987. (Project 764113 - Continuation)

\$123,614.00 - National Science Foundation, Washington, DC, Stratigraphy, Paleontology and Sedimentology of the Sirius Formation, Institute of Polar Studies and Department of Geology and Mineralogy (P. N. Webb) and Institute of Polar Studies (J. H. Mercer), 1 September 1986 through 31 August 1987. (Project 764799 - Continuation)

\$121,503.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Cardiac Dysfunction and Sudden Death Modified by Exercise, Department of Physiology (G. E. Billman), 1 July 1986 through 30 June 1987. (Project 765510 - Continuation)

\$114,056.00 - Department of the Interior, Geological Survey, Reston, VA, FY 86 Ohio Water Research Institute Program, Department of Civil Engineering (R. G. Stiefel and E. E. Whitlatch), Department of Chemical Engineering (L. S. Fan) and Department of Microbiology (R. M. Pfister), 1 July 1986 through 30 June 1987. (Project 765463 - Continuation)

\$112,079.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Dual Regulation of Human B Cell Colony Responses by CRP, Department of Internal Medicine (R. Whisler) and Department of Microbiology (R. F. Mortensen), 1 July 1986 through 30 June 1987. (Project 764226 - Continuation)

\$111,657.00 - National Science Foundation, Washington, DC, Ice Sheet Dynamics in West Antarctica, Institute of Polar Studies and Department of Geology and Mineralogy (I. M. Whillans), 1 July 1986 through 30 June 1987. (Project 765491 - New)

\$110,356.00 - Department of the Army, Army Research Office, Research Triangle Park, NC, Studies on Syntheses and Derivatives of Boron Hydride Systems, Department of Chemistry (S. G. Shore), 1 July 1986 through 30 June 1987. (Project 764813 - Continuation)

\$109,250.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Studies on Topoisomerase I and II in Herpes Simplex Virus Replication, Department of Microbiology (M. T. Muller) and Department of Medical Microbiology and Immunology (D. S. Parris), 1 July 1986 through 30 June 1987. (Project 765482 - New)

\$103,012.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Identification of Gait Subtypes in Spastic Diplegia, Department of Surgery (S. R. Simon), 1 March 1986 through 31 August 1986. (Project 765480 - New)

\$102,837.00 - Environmental Protection Agency, Washington, DC, Promotion of Carcinogenesis: Role of Aberrant tRNA Modification, Department of Physiological Chemistry and Cancer Research Center (R. W. Trewyn), 1 July 1986 through 30 June 1987. (Project 764159 - Continuation)

\$100,000.00 - Department of Agriculture, Science and Education, Washington, DC, Molecular Analyses of Benomyl - Resistant Mutants of Aspergillus nidulans, Department of Microbiology (B. R. Oakley), 1 July 1986 through 30 June 1988. (Project 765513 - New)

\$99,923.00 - Department of the Navy, Navy Material Command, China Lake, CA, EM Modelling and Prediction Code Development, Department of Electrical Engineering, ElectroScience Laboratory (L. Peters, Jr.), 1 July 1986 through 30 June 1987. (Project 764991 - Continuation)

\$99,685.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, MD, Androgens and Estrogens in Insects, Department of Entomology (D. L. Denlinger) and

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The Admissions and Allocations Fund

The Admissions and Allocations Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from numerous donors.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support projects and programs as determined each year by the Admissions and Allocations Committee of The Ohio State University Development Fund.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees.

The Lawrence D. Stanley Professorship in Law

The Lawrence D. Stanley Professorship in Law was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mrs. Lawrence D. Stanley of Columbus, in memory of her husband, Lawrence D. Stanley (B.A. '27), a distinguished corporate lawyer, who practiced law in Columbus with the firm of Porter, Stanley, Platt and Arthur (and predecessor firms) until his retirement in 1977.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Annual income shall be used to provide support for the work of a distinguished scholar and teacher in the College of Law with appointment to the Lawrence D. Stanley Professorship as recommended by the Dean of the College of Law to the Provost of The Ohio State University and approved by the Board of Trustees.

The named professor will devote significant time to one or more of the areas in which Mr. Stanley practiced: the law of business associations (including corporations, partnerships, and other business enterprises),

business litigation, business or financial planning, securities regulation, the law of taxation as it impacts on corporations and other business enterprises, and other law relating to the activities of corporations and other business enterprises.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University then responsible for the College of Law.

Meat Science Endowment Fund

The Meat Science Endowment Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from various transfer funds within the Department of Animal Science.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support students, travel and research expenses related to Meat Science in the Department of Animal Science. All expenditures from the fund shall be approved by the Department Chairperson.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for instruction in agriculture.

Center for Epigraphical Studies

The Center for Epigraphical Studies was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from various transfer funds from the College of Humanities.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund the purchase of materials and equipment and to provide personnel services in connection with the

activities of the Center for Epigraphical Studies at the discretion of the Chairperson of the Department of Classics.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for meeting the educational goals of the College of Humanities.

Emerson and Miriam Wollam Scholarship Fund

The Emerson and Miriam Wollam Scholarship Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Robert Wollam, Kristin Goodwillie, Gretchen O'Connor, and Karen Sewell, in honor of their father, Emerson Wollam (B.S.S.A. '33) and in memory of their mother, Miriam Wollam (M.S.W. '64).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide a scholarship(s) to graduate student(s) currently enrolled in the College of Social Work. The student(s) must maintain a grade point average of 2.5 and be in need of financial assistance. The selection of the scholarship recipient shall be made by the University Scholarship Committee and the Dean of the College of Social Work, in cooperation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Social Work.

Charles Wallschlaeger Scholarship Fund

The Charles Wallschlaeger Scholarship Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni, faculty, staff, and members of the design community in recognition of Charles Wallschlaeger for twenty-five years' service as Professor and nineteen as Chairperson of the Department of Industrial Design.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to one or more outstanding undergraduate or graduate students majoring in Industrial Design. Recipients will be determined by the established procedures within the Department of Industrial Design, with final approval by the Chairperson of the Department and the Dean of the College of The Arts in cooperation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the academic programs in the Department of Industrial Design.

The George R. Haddad Piano Scholarship

The George R. Haddad Piano Scholarship was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from friends of George R. Haddad, Professor of the School of Music.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to one or more outstanding undergraduate or graduate students in music with piano as their major instrument.

Recipients will be selected by the established procedures within the School of Music, with final approval by the Director of the School of Music and the Dean of the College of The Arts in cooperation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for academic programs in the School of Music.

The Guy and Jeannette Miller Scholarship Fund

The Guy and Jeannette Miller Scholarship Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mrs. M. R. Lepper, the daughter of Guy (B.S.Agr. '19) and Jeannette (B.S.H.E. '19) Miller.

Professor Miller, who began his career as a County Extension Agent in Trumbull County, and then became a Cooperative Extension Service Farm Management Specialist in the Department of Agricultural Economics and Rural Sociology, spent the final years of his career as an Agricultural Advisor to the government of Pakistan. Throughout his career, Guy Miller was greatly admired and respected by his co-workers, clientele, and his many friends. His wife, Jeannette, was equally admired and respected as a home economist, homemaker, and devoted wife and mother.

In accordance with the wishes of the Miller family, as well as with their financial support, and that of the faculty, staff, students, and alumni of the Department of Agricultural Economics and Rural Sociology in the College of Agriculture, plus the many friends of Guy and Jeannette Miller from throughout Ohio and neighboring states, a Memorial Scholarship Fund is hereby established.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Annual income from the endowment is to be used to provide scholarship assistance to Ohio high school graduates who have an outstanding record in their academic work, as well as in their 4-H Club accomplishments. These scholarships may vary in value according to the interest income generated from the endowment. To the extent possible, each scholarship shall be awarded for at least \$500, and these scholarships shall be awarded to entering freshmen who meet the aforementioned qualifications, and who will be enrolled in either the College of Agriculture or the College of Home Economics. The scholarships shall go to students entering the College of Agriculture or the College of Home Economics (alternately in succeeding years).

Criteria for the selection of recipients of "The Guy and Jeannette Miller Scholarship" shall include those qualities of scholarship, leadership, integrity, and excellence in 4-H Club projects and activities which were fostered by Guy and Jeannette Miller throughout their lifetimes. Administration of these scholarships shall be under the Vice President, Agricultural Administration, with the selection of scholarship recipients to be the joint responsibility of appropriate officers in the College of Agriculture and College of Home Economics and the State 4-H Office in cooperation with the University Committee on Student Financial Aid, with chairpersonship of the selection committee to reside in the College of Agriculture.

Paul D. Morrill Memorial Lecture Fund

The Paul D. Morrill Memorial Lecture Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Alice B. Morrill, Columbus, Ohio, and friends in memory of Paul D. Morrill, retired University Architect.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to underwrite the costs of lectures with the focus directed toward the design of kitchen facilities. Appropriate promotional efforts will be given to each presentation. Expenditure of funds shall be at the recommendation of the Chairperson of the Department of Architecture and approved by the Director of the School of Architecture.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the School of Architecture.

The Social Psychology Advancement Fund

The Social Psychology Advancement Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Dr. Anthony Greenwald, Professor of Social Psychology.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used if possible on a matching basis with funds from other University sources to support colloquia arranged by the social psychology area. The fund will be supervised by an oversight committee in conjunction with the Chairperson of the Department of

Change of Name and Description of Named Fund

Department of Family Resource Management Endowment Fund

The Department of Home Management and Housing Endowment Fund was established February 4, 1983, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni, faculty and friends of the Department of Family Resource Management of the College of Home Economics. The name and description were changed September 5, 1986.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to further programs in the Department of Family Resource Management with preference given to graduate and research programs, in that order. Expenditure of annual income will be determined by the chairperson and two faculty members of the Department of Family Resource Management. Annual income from the endowment shall be accumulated and added to the principal until the endowment reaches a total of \$10,000. Subsequent earnings shall be distributed on the basis of eighty percent (80%) of the earnings awarded, as directed in the first sentence of this paragraph, and twenty percent (20%) of earnings returned to the principal of the endowment.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for consumer/family economics, equipment and family resource management education.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

Humanities Fund

The Humanities Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Barbara Brandt of Columbus, Ohio, and various transfer funds.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The Humanities Fund of The Ohio State University's College of Humanities will provide the support necessary for the achievement of excellence in research and curricula development by its faculty and students through the supplementation of the limited resources presently available for those purposes.

The annual income shall be used (1) to support archival, library and field research; (2) to sponsor scholarly conferences and research colloquia on The Ohio State University campus; and (3) to provide for programs necessary to foster curricular development.

The Fund will be organized into discrete segments named for the donors who provide for each segment, and will be administered by a special

committee of the College of Humanities chaired by the Associate Dean of the College.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Humanities.

The Michael Pupin Memorial Fund

The Michael Pupin Memorial Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Serb National Federation of Pittsburgh, Pennsylvania.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The Michael Pupin Memorial Fund was established in memory of Michael Pupin, Serbian scientist, scholar and diplomat, buried on American soil, whose inventions in the area of telecommunications provided a solid basis for this branch of science with gifts to The Ohio State University Development Fund from: 1) Lodges and members of the Serb National Federation; 2) Serbian Orthodox Churches and their parishioners; and 3) Serbian Orthodox individuals throughout the USA and Canada and transmitted through the Serb National Federation for the benefit of the Resource Center for Medieval Slavic Studies (Hilandar Research Project).

The annual income shall be used to provide stipends to qualified scholars and doctoral candidates in the field of Medieval Slavic Studies, working on the study of material in the Hilandar Research Library, relating to Serbian Orthodox religion and culture.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for Slavic and/or Serbian studies.

The Robert E. Taylor Graduate Fellowship Fund

The Robert E. Taylor Graduate Fellowship Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund in honor of Robert E.

Taylor, founder and director of the National Center for Research in Vocational Education for twenty years.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support a doctoral level graduate student in comprehensive vocational education preparing for initial or advanced leadership responsibility in a state department (division) of vocational education. One student is to be selected every two years to allow the individual the time required to complete the degree. Selection of the recipient is to be made by the National Center for Research in Vocational Education, The Ohio State University. Income produced in excess of the amount required for annual support of the doctoral level graduate student, will be used for appropriate national leadership initiatives as determined by the National Center for Research in Vocational Education.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the National Center for Research in Vocational Education.

In the unlikely event that the National Center for Research in Vocational Education should cease to exist as a unit of the University then the administration and selection authority under the stated purposes for the Fund should be assigned to the Department of Agricultural Education.

ACCEPTANCE OF THE GIFT OF REAL PROPERTY

Resolution No. 87-31

Synopsis: A report on the acceptance of the gift of real property at 1375 South Hamilton Road is presented.

September 4 and 5, 1986 meeting, Board of Trustees

ACCEPTANCE OF THE GIFT OF REAL PROPERTY (contd)

WHEREAS Monterey Life Systems, Inc., was the owner of an undivided one-half interest in real property located at 1375 South Hamilton Road in Columbus, Ohio, and desired to make a gift of this interest in the property to The Ohio State University through The Ohio State University Development Fund, for the purpose of supporting the Irving Abramowitz Memorial Professorship in the College of Business; and

WHEREAS because of the pending liquidation of Monterey Life Systems, Inc., the donor corporation desired to make this gift by August 15, 1986, which requirement made it impractical for the Board of Trustees to accept this gift prior to this September meeting; and

WHEREAS it was determined by the appropriate University offices that acceptance of this gift was in the best interests of the University and the President and Vice President for Business and Administration, in consultation with the Chairman of the Board and the Chairman of the Fiscal Affairs Committee of the Board, accepted this gift, and acquired title to this property, on behalf of the Board of Trustees pursuant to Resolution 86-28:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees accept this report on the acceptance of this gift by Monterey Life Systems, Inc., of an undivided one-half interest in real property located at 1375 South Hamilton Road.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

REPORT - EXPENSES FOR DESIGNATED ADMINISTRATIVE OFFICIALS

Resolution No. 87-32

Synopsis: Approval for reimbursement of expenses for designated administrative officials is requested.

WHEREAS the Fiscal Affairs Committee has authorized the payment of expenses for designated administrative officials; and

WHEREAS it is deemed in the best interest of the University for the Fiscal Affairs Committee to provide from the unrestricted gifts to the University Endowment Fund on an appropriate basis, to the President and designated University officials, reimbursement for expenditures which are directly and necessarily related to the performance of their assigned responsibilities and in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the Fiscal Affairs Committee be authorized to provide reimbursement to designated University officials from unrestricted gifts to the University Endowment Fund.

Upon motion of Mr. Barone, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

September 4 and 5, 1986 meeting, Board of Trustees

President Jennings made the following statement:

Mr. Chairman, I want to bring to the attention of the Board a matter of concern to our students in regard to their student financial aid -- specifically, the Guaranteed Student Loans program under which lending institutions make low-interest, individual loans to college students that are guaranteed by the federal government.

As you may know, there has been some confusion in recent weeks over new federal regulations that have required loans to be distributed by the universities, rather than being sent by the banking institutions directly to the students. In fulfilling our new role as the disbursing officer of these loans, we began distributing the checks to students once we received them from the banks beginning August 25, the first day that Autumn Quarter tuition could be paid.

This policy enables students to receive their loans at the time they pay their tuition prior to our September 10 fee payment deadline, as well as have funds to make their residence hall payments or rent and utility deposits, purchase their books, and in general take up campus residence for the Autumn Quarter.

The executive director of the Ohio Student Loan Commission this week sent a letter to me which claims that this policy is not in compliance with federal regulations. It is apparently his opinion that checks should not be distributed until classes begin on September 24 -- two full weeks after fees are due. He has further threatened to unilaterally declare Ohio State an ineligible institution for Guaranteed Student Loans unless we agree to withhold the checks until September 24.

Because it is our belief that these actions stem from a misunderstanding of our policies, I think it is important to clarify the University's position on disbursement of these loan checks. And I also want to point out that our staff are thoroughly familiar with the federal regulations, and we have no doubt that we have been operating in full compliance.

The regulations require that in order to receive a check, the student must enroll at an institution of higher education by completing the registration requirements and beginning what is called the "attendance period." We define the attendance period as the first day upon which students can pay fees. Any other definition would not permit our students to receive these financial aid checks to which they are fully entitled in time to pay their fees.

I might add that not only is our policy in compliance with federal regulations, we also fulfill the Commission's own requirements that loans be disbursed not more than thirty days before the beginning of the "academic" period. The first day of classes for Autumn Quarter is September 24. Our release of checks to students paying fees beginning August 25 is still within the Commission's thirty day limitation.

It is our opinion that the executive director's interpretation of the federal regulations would impose undue and unnecessary

hardship on our students and their parents. I see no purpose being served by subjecting our students to unreasonable delays in the disbursement of the funds to which they are legally entitled.

I have informed the executive director and want to assure the Board that we are prepared to take whatever steps are necessary to protect the rights of our students and their ability to obtain their student loans to enroll at The Ohio State University. We are still disbursing Guaranteed Student Loan checks according to our established policies and will continue to do so.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-36

Synopsis: Resolutions honoring the service of ten of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Morgan L. Allison

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 12, 1986, of Morgan L. Allison, Professor Emeritus in the College of Dentistry.

October 2 and 3, 1986 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Morgan L. Allison (contd)

Dr. Allison was born on November 15, 1919. He received his D.D.S. from The Ohio State University in 1944, and joined the College of Dentistry in 1949 as an Instructor. In 1950 he was promoted to Assistant Professor; in 1953, to Associate Professor; and to Professor in 1957. He served as Chairman of the Section of Oral and Maxillofacial Surgery from 1953-1971. Dr. Allison served as Director of Continuing Dental Education from 1971-1980. He retired from the University on January 31, 1982, and was named Professor Emeritus.

Dr. Allison started the first graduate program in Oral Surgery at Ohio State and was the first dentist in Ohio to administer endotracheal anesthesia. Among the many honors accorded him, he received the Heidbrink Award of the American Dental Society of Anesthesiology in 1962; a prestigious appointment by the Ohio Board of Regents as Regents Professor in 1966; the Hullahen Memorial Award for "advancements in oral and maxillofacial surgery" from the West Virginia School of Dentistry; and this year, he received the Callahan Award, an annual award given by the Ohio Dental Association to individuals who have made outstanding contributions to the dental profession.

Dr. Allison was internationally admired for his TMJ work and his studies in surgical reduction of the tongue. During his 33 year career at Ohio State, he published many scientific articles, wrote textbook chapters, and produced 13 motion pictures as teaching aids.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Lydia D. Bruny

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 8, 1986, of Lydia D. Bruny, Assistant Professor in the Cooperative Extension Service.

Lydia Bruny was born November 10, 1951, in Zanesville, Ohio. She attended John Glenn High School and graduated in 1969. She received her Bachelor of Science degree in Home Economics in 1973 and a Master's degree in Extension Education in 1976, both from The Ohio State University.

Ms. Bruny began her Extension experience in Perry County as a County Extension Agent, Home Economics in 1973. In 1984, she became the County Extension Agent, Home Economics in Fairfield County and remained in this position until her death.

She was a member of the Ohio Cooperative Extension Agents' Association; the professional Extension fraternal organization of Epsilon Sigma Phi; the National Association of Home Economics Agents; and Delta Kappa Gamma. Lydia Bruny was the recipient of several peer awards sponsored by the Ohio Cooperative Extension Agents' Association and the National Association of Extension Home Economists. She was highly respected by her associates throughout the State and country.

On behalf of the University community, the Board of Trustees expresses to the family its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family of Ms. Bruny as an expression of the Board's realization of the loss which the family, the University, her many friends and associates have sustained.

George G. Everhart

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 20, 1986, of George G. Everhart, County Agent Emeritus in the Cooperative Extension Service.

Mr. Everhart was born November 11, 1893, in Baltic, Ohio. He received his Bachelor of Science degree in Agriculture from The Ohio State University in 1921.

He became a Club Agent in Knox County on May 1, 1928. He then moved to Morgan County as the Club Agent in April of 1933. On August 1, 1935, he returned to Knox County as the County Agriculture Agent; the position he held until his retirement on March 31, 1956.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Everhart its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as a sincere expression of the Board's realization of the loss that the family, the University and his many friends and associates have sustained.

Hazel L. Gibbony

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 16, 1986, of Dr. Hazel L. Gibbony, Associate Professor Emeritus in the Department of Educational Policy and Leadership.

Professor Gibbony was born in October 1907, in Massena, New York. She received three degrees from The Ohio State University: a Bachelor of Arts in English in 1936; a Master's degree in 1937; and a Ph.D. in 1957. Professor Gibbony was recognized by students and teachers as a skilled practitioner in the field of Audio-Visual Materials and Instruction. She managed the Curriculum Materials Center in the College of Education from 1954 to 1968. She served from 1936 to 1962 as co-editor along with Edgar Dale of the News Letter published by the Bureau of Educational Research. Upon her retirement in 1969, she was named Associate Professor Emeritus.

Her contributions to her profession were numerous. She served on the boards and as a chief program officer for local, state, and national governmental projects aimed at improving the quality of audio-visual curriculum. She was the author and co-author of many articles, pamphlets, and books in her field. She was a member of Phi Beta Kappa and Pi Lambda Theta, the education honorary.

RESOLUTIONS IN MEMORIAM (contd)

Hazel L. Gibbon (contd)

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Helene Heye

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 4, 1986, of Helene Heye, Professor Emeritus in the Department of Family Relations and Human Development.

Dr. Heye was born January 31, 1903. She attended Hastings College in Hastings, Nebraska, from 1921-1925. She received her B.S. degree in Home Economics with a minor in Education, French, and English. Her Master's degree was earned at Iowa State University in 1927, in Home Management. Dr. Heye earned her Ph.D. in Child Welfare in 1940, from Iowa State University.

Dr. Heye came to The Ohio State University in October 1944, as an Associate Professor in the Division of Family and Child Development, now the Department of Family Relations and Human Development. In 1945 Dr. Heye was promoted to the rank of Professor and from 1945 to 1963 she served as Chair in the Department. She retired in June 1973, after almost 30 years of service to the Department, College, and University.

At The Ohio State University, Dr. Heye was a leader in the establishment of curricula for the preparation of day care teachers. She also introduced many new courses in Child Development, Program Planning, and Administration of Day Care Centers. She was Director of three Laboratory Nursery Schools as well as Director-Teacher in two schools. These laboratory schools were among the first in the nation. Dr. Heye's extensive experience in supervising field work in day care centers was enhanced by directing several in-service training programs. She served as advisor for a private non-profit nursery school and directed the first Head Start Training Program in Columbus, Ohio.

Recognition of her ability in program development included appointment on national committees such as The White House Conference on Children and Youth, 1960; Fiftieth Anniversary Celebration: Children's Bureau, 1962; and the National Conference on Day Care Services, 1963. Dr. Heye was also active in the development of day care licensing standards for the State of Ohio.

Dr. Heye contributed a great deal of her efforts to facilitate projects with the community and students. She helped to establish the local professional association, the Columbus Association for Education of Young Children. Her professional career won her wide respect in the university and academic world.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

RESOLUTIONS IN MEMORIAM (contd)

Joann I. Kurbatov

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 20, 1986, of Joann I. Kurbatov, Associate Professor Emeritus in the Department of Physics.

Joann I. Kurbatov was born on August 25, 1894, in Vorenesh, Russia. He attended Moscow Polytechnicum and in 1922 he received his Ph.D. degree from Moscow University. He served there as a faculty member from 1922 to 1930, and in 1930-31 he was a Fellow at the Kaiser Wilhelm Institute for Chemistry. He came to the United States in 1932 and from that time until 1941, he was a research chemist at Universal Oil Products, Chicago, Illinois. He came to The Ohio State University in 1941.

Dr. Kurbatov served as a Research Associate Professor in the Department of Physics. He was a research nuclear chemist, and worked in nuclear spectroscopy, involving physics and chemistry. He was also associated with the Department of Chemistry at The Ohio State University, and had a research grant with the Atomic Energy Commission. His wife, Margaret Kurbatov, was a member of the Chemistry Department at The Ohio State University, and together they advised many graduate students in both physics and chemistry. He had an extensive publication record. Upon his retirement in 1961, he was named Associate Professor Emeritus.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Lyle S. Pettit, Sr.

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 8, 1986, of Lyle S. Pettit, Sr., Professor Emeritus in the College of Dentistry.

Dr. Pettit was born on February 18, 1905. He received his D.D.S. degree from The Ohio State University in 1929. He joined the College of Dentistry faculty in 1930 as a Demonstrator in Oral Hygiene. In 1936, he was promoted to Instructor (part-time); in 1940 to Assistant Professor (part-time); in 1944 to Associate Professor (part-time); and in 1951 to Professor (part-time). From 1929 until 1953, he was also in the private practice of dentistry in Columbus, Ohio. In 1953, Dr. Pettit became a full-time member of the faculty with the rank of Professor.

Dr. Pettit became Chairperson of the College of Dentistry Section of Pediatric Dentistry in 1951, a position he occupied until his retirement in 1972. He established the College's first curricular program in dentistry for children in 1936; and the first dental clinic at the Columbus Children's Hospital in 1939. He was one of the founders of the American Academy of Pediatric Dentistry and served as its President in 1952 and 1953.

Dr. Pettit was noted for his scholarship and was a member of Omicron Kappa Upsilon, honorary dental scholarship society. He was a Fellow of the American College of Dentists and an honorary member of the Ohio

Society of Dentistry for Children. Dr. Pettit was recognized by his colleagues as the "father of pediatric dentistry" at The Ohio State University.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Jean C. Rhoad

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 20, 1985, of Jean C. Rhoad, Assistant Professor Emeritus in the Department of English (Lima Campus).

Professor Rhoad attended The Ohio State University and graduated in 1930 with a B.S. in Education. She received a Master's degree in English from The Ohio State University in 1936.

Professor Rhoad was an Instructor of English at the Columbus Campus during 1945-46. In 1960, she was one of the first faculty members employed at The Ohio State University at Lima, and continued in that employment until 1977 when she retired and became Assistant Professor Emeritus.

She maintained a strong interest in her students long after they left the University. She dedicated her instructional efforts toward the betterment of their careers. Although she maintained her primary residence in Washington Court House, she also had continuing ties to the Lima community.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

John S. Tecklenberg

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 20, 1986, of Dr. John S. Tecklenberg, Clinical Associate - Dentistry, College of Dentistry. Dr. Tecklenberg had been a member of the dental faculty since August 1975. He received his D.D.S. degree from The Ohio State University in 1971, and was a dentist with the Whetstone Dental Group.

Dr. Tecklenberg taught in the Department of Community Dentistry. He supervised pre-doctoral and graduate students in clinical dentistry. In 1979, "Teck" was voted the Outstanding Clinical Teacher by the dental students. He served on numerous College committees including the Faculty Council. Dr. Tecklenberg was devoted to his students, treated patients with compassion and was proud of his profession.

Edwin E. Zorn

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 13, 1986, of Edwin E. Zorn, Professor in the Cooperative Extension Service.

Edwin E. Zorn was born February 25, 1932, in Jackson Center, Ohio. He attended Jackson Center High School and graduated in 1950. He received his Bachelor of Science degree in Animal Science in 1954 from The Ohio State University. He then served in the artillery branch of the U.S. Army from 1954 to 1956, attaining the rank of 1st Lieutenant. Mr. Zorn then returned to The Ohio State University and received a Master's degree in Animal Science in 1969.

Mr. Zorn began his Extension experience in Warren County as an Associate County Extension Agent working with 4-H Clubs. He became the County Extension Agent, 4-H in Warren County in 1960, and remained in that position until 1965 when he was named Butler County Extension Agent, Agriculture. He served in Butler County until 1970 when he became the Eaton Area Extension Agent, Animal Industry. In 1982, he attained the rank of Professor. During most of 1982 and 1983, Professor Zorn served as the Acting Eaton Area Supervisor while also continuing his regular duties. When the Eaton Area office was closed due to a redistricting plan, Professor Zorn resumed his work as a District Specialist, Animal Industry in the Southwest District. He continued in this position until his death.

Mr. Zorn was a member of the Ohio County Extension Agents' Association; the professional Extension fraternal organization of Epsilon Sigma Phi; and the National Association of County Agricultural Agents where he received the Distinguished Service Award in 1975. This is the highest honor bestowed by the National Association in recognition of outstanding contributions to Cooperative Extension education programs. Mr. Zorn was highly respected by his peers and associates throughout the State and country.

On behalf of the University community, the Board of Trustees expresses to the family of Edwin Zorn its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss which the family, the University, his many friends and associates have sustained.

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

The A. Merle and Pearl (Gray) Hamilton Scholarship Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Twenty percent (20%) of the annual income shall be added to the fund's principal. The remaining eighty percent (80%) of the annual income shall be used to provide scholarship assistance to qualified students from Marion County who enroll at The Ohio State University, Marion Campus. One or more scholarships shall be awarded each year to students, giving preference to those who have declared agriculture, medicine, engineering, or one of the arts as their major course of study. The scholarship awards will be made to students who have demonstrated (1) financial need, or (2) a high degree of academic potential, or (3) scholastic ability. Should income from this fund not be awarded in any given year, then the income is to be added to the fund's principal. Selection of the scholarship recipients will be made by the University Committee on Student Financial Aid upon recommendation of the Dean and Director of The Ohio State University at Marion.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for student scholarship awards to students attending The Ohio State University from Marion County, Ohio.

Carl F. and Marjorie Cottingham Obenauf
Agricultural Merit Scholarship

The Carl F. and Marjorie Cottingham Obenauf Agricultural Merit Scholarship was established October 3, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Carl F. Obenauf, B.S.Agr. '43, and Marjorie Cottingham Obenauf, B.A., Arts and Sciences '43.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more agricultural merit scholarships for undergraduate students, who are United States citizens, and who intend to major in the food sciences in the College of Agriculture, including the Department of Food Science and Nutrition and programs in Food Technology. The criteria for selection shall include outstanding scholastic achievement and demonstrated leadership potential through extracurricular activities. Selections shall be made by the Assistant Dean for the College of Agriculture in consultation with the University Committee on Student Financial Aid.

Holmes County 4-H Endowment Fund

The Holmes County 4-H Endowment Fund was established October 3, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Holmes County 4-H Committee and other friends of the Holmes County 4-H program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the Holmes County 4-H program. This support may include, but is not limited to the funding of scholarships and awards for 4-H members, volunteer leaders and friends of 4-H; sponsoring seminars and supplementing 4-H programming, or increasing the visibility and public support for 4-H in Holmes County. All expenditures from this fund shall be approved by the Holmes County 4-H Committee.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the Ohio Cooperative Extension Service in consultation with a committee representing the local 4-H donors.

The Ashley Brittany Calhoon (ABC) 4-H
Leadership/Scholarship Fund

The Ashley Brittany Calhoon (ABC) 4-H Leadership/Scholarship Fund was established October 3, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Thomas Franklin Calhoon II, (B.A., Social and Behavioral Sciences '71), a long-time member of the Ohio 4-H Foundation Board of Directors, and Donnette Calhoon, (B.S.Ed. '72), Columbus, Ohio. This gift is presented in honor of the first birthday (September 3, 1986) of the first grandchild (Brittany) of Gloria J. Wensing and in honor of the seven grandchildren of J. Thomas Calhoon (Ohio State University 1948-52) and Sarah Mae Calhoon: (Benjamin Samuel, Joshua Thomas, Brian Thomas, Sarah

Eighty percent (80%) of the annual income shall provide scholarship(s) for students who have been active in the 4-H program and are now attending or have been accepted for enrollment at The Ohio State University. Twenty percent (20%) of the income shall be added to the fund's principal. Criteria for the scholarship shall include demonstrated leadership and above-average scholastic performance with preference given to those applicants from Franklin County. Selections shall be made by a committee appointed by the State 4-H Office in consultation with the University Committee on Student Financial Aid. If at all possible, at least one Calhoon Family member shall serve on the committee appointed by the State 4-H Office.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for 4-H programs.

The William J. Tyznik Equine Research Fund

The William J. Tyznik Equine Research Fund was established October 3, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Professor William J. Tyznik.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support research and equine nutrition as determined by a committee of no less than three faculty members. Recommendations of the committee shall be approved by the Department Chair. Should the need for Equine Research Support cease to exist or so diminish as to provide unused income, then the income shall be used to fund the William J. Tyznik Scholarship in Animal Science.

Should the need for the purposes described above cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate

Outdoor Performance Center Endowment Fund (contd)

The annual income and additional gifts shall be added to the principal for the purpose of establishing the Outdoor Performance Center at the Browning Amphitheatre in Mirror Lake Hollow, which shall be dedicated to the University on the 50th Anniversary of the incorporation of Ohio Staters, Inc.

Principal as well as income of the Endowment Fund may be expended for any one or more of the following purposes: (1) Planning, construction and maintenance of the Outdoor Performance Center and any additions and modifications thereto; and (2) Fund raising expenses for the purpose of supplementing the Endowment Fund.

Approval of all expenditures from the Endowment Fund shall be made by the affirmative vote of a majority of the Ohio Staters, Inc., Alumni Council, consisting of the President and Faculty Treasurer of Ohio Staters, Inc.; the Director of Alumni Affairs and the two co-chairmen of the 50th Anniversary Committee. Should either of the co-chairmen of the 50th Anniversary Committee resign, die or become permanently unable to serve, a replacement (who shall be a former member of Ohio Staters, Inc.) shall be appointed by vote of the remaining members of the Council.

Should the need for this fund cease to exist or should the Ohio Staters, Inc., Alumni Council cease to exist, the principal and income may be used as determined by the Board of Trustees for purposes consistent with the traditional projects of Ohio Staters, Inc., that have been of service to the University. In making such a determination, and if the Ohio Staters, Inc., Alumni Council is then in existence, the Board of Trustees shall give preference to such projects as shall be recommended to it for such purposes by such Council.

ACQUISITION OF SUPERCOMPUTER

Resolution No. 87-38

Synopsis: Authorization to enter into agreements, without competitive bidding, to acquire supercomputing capability, is requested.

WHEREAS The Ohio State University has outstanding and nationally recognized computer-related research and teaching programs; and

WHEREAS to retain the competitive position of these programs and to enhance the quality and opportunities of research at the University, as well as at other colleges and universities throughout the state, there is a need for direct access to state-of-the-art supercomputers and for computer networking capabilities; and

WHEREAS the Board of Regents has approved a plan to establish an Ohio Supercomputer Center to be located at The Ohio State University; and

October 2 and 3, 1986 meeting, Board of Trustees

ACQUISITION OF SUPERCOMPUTER (contd)

WHEREAS the University's ad hoc committee on supercomputing, appointed by the Vice President for Research and Graduate Studies, has recommended that, based on performance and other technical considerations, a supercomputer developed by Cray Research, Inc., will best meet the supercomputing needs of the University and the State of Ohio; and

WHEREAS the appropriate University offices are in agreement as to the desirability of the acquisition and financing of supercomputing equipment developed by Cray Research, Inc., for this purpose and have determined that sufficient funds are available for this project:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration, in consultation with the Vice President for Research and Graduate Studies, be authorized to negotiate the terms of, and to enter into, without competitive bidding, such agreements, including purchase agreements, as are necessary or desirable to acquire, finance, install, equip, maintain, operate, and up-date interim current-generation and subsequent new-generation supercomputing equipment developed by or for use with Cray Research, Inc., supercomputing equipment.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND TWENTY-FIFTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, November 7, 1986

The Board of Trustees met at its regular monthly meeting on Friday, November 7 1986, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

* * *
Minutes of the last meeting were approved.
* * *

November 7, 1986 meeting, Board of Trustees

The Chairman, Mr. Galbreath, called the meeting of the Board of Trustees to order on November 7, 1986, at 10:30 a.m. He requested the Secretary to call the roll.

Present: Daniel M. Galbreath, Chairman, Edmund C. Redman, John W. Berry, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, and John W. Kessler.

Mr. Galbreath made the following comments:

Mr. President, before I ask you for your presentation, I would like to make a couple of comments. One, I don't know how many people in the room noticed that our Seal has been changed -- "1870." That is well done, whoever pulled that one off.

President Jennings:

Dan Heinlen.

Mr. Galbreath:

Secondly, I would like for my colleagues to understand that Debbie Casto will away from our Board for a couple of months, due to some surgery that she is dealing with. Scottie, I would like to ask if you would keep us up-to-date on that. When she does have surgery, let us know and then maybe get an address where we can drop her a note. Will you do that for us?

Mr. Scott:

I certainly will, Sir.

ENROLLMENT - AUTUMN QUARTER 1986

Mr. Galbreath:

President Jennings will you report to us on the Autumn Quarter enrollment.

President Jennings:

Thank you, Mr. Chairman. I would like to call on Mr. Ihrig to bring us up-to-date on the Autumn Quarter enrollment.

Mr. Ihrig:

Thank you. Earlier in the Fiscal Affairs Committee, Mr. Teaford commented on our excellent projections on the budget through the first quarter. Now we will go the other direction and have to admit how lousily we project on enrollment. A perfect example of having an infinite amount of data, but the actual facts and knowing what we are doing are very difficult to find.

The enrollment for the entire University for the Autumn Quarter 1986 is 58,838 students. That is 1,113 students more than it was a year ago. The Columbus campus is 53,880 students, which

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Ihrig: (contd)

instead of being one fewer student than we had a year ago, as our target indicated, we have actually 681 students more than a year ago on the Columbus campus. The other good news is that the regional campuses are up significantly this year: Lima is up to 1,154, that is an increase of 76; Mansfield is up to 1,141, an increase of 66; Marion is up to 983, an increase of 140 -- that is over a 16 percent increase. Similarly, Newark is up to 1,122, a 162 student increase, about a 17 percent increase; and Wooster is at approximately the same level as last year, 390, that is 7 fewer than the 397 a year ago. So the regional campuses are very strong and the enrollments around the State reflected that. The branch campuses at all the institutions had the largest increase in the preliminary Regents' data that they put out in October. The universities around the State were the other high increase this year.

If you turn to the second page of the separate handout on Enrollment, Table 2, the new first quarter freshmen number shows that we have one more entering freshmen than a year ago -- 6,863, and we had one fewer last year. If you remember correctly when we came to this Board last November, we had the problem with the large number of admission applications in the freshmen area. We had over 17,000 applications for admission. We projected at that time, with the mid-November cut-off, that we would have 7,500 new entering freshmen this year. Well, our projections are so great that we are right at last year's level. A lot of this has to do with the rapid influx of applications and having a calendar-type cut-off. As we add more applications, all of the various trends of the past have just been depleted. From the standpoint of admissions to applications, we had over a three percent drop in retention. Even acceptance fees paid had a two percent drop in one year, over the number of students who actually enrolled. So while we projected a significant increase in the freshman class, we remained at last year's level.

The other good news is that the retention in the University continues to increase, especially at the upper-division levels. The continuing students increased by three percent over last year. The other great news is that in the Graduate School we had an increase of 659 students. We went over 10,000, to 10,203 on the Columbus campus. That was due to a combination of new graduate students, plus the retention of graduate students. And as we are looking at graduate and upper-division education emphasis with our enrollment models, this is indeed very good news. The professional enrollments stayed approximately the same, as we expected.

Now while we have had these significant increases in actual numbers of students, the key question is what it does to our enrollment limitation and the subsidy. We think the subsidy, again, by the mix of students and the credit hours will come out to about where we projected dollar-wise. On the overenrollment figure, while the final data are not in with regard to that -- I am going to estimate again and I'll probably come back in December and change this number, but I think I'm close this time

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Ihrig: (contd)

-- that we are looking at an overenrollment of 749 students, compared to 890 last year. So the interesting trend on this is that we have over 600 more students than we projected in our model. At the same time, we projected that we would be overenrolled by about 1300 this year and we are actually going to be overenrolled by half that, 749. Now, what that means is that there are fewer credit hours being taken by the students and our data shows -- if you turn back three pages to Table 5, you see full-time equivalents. You get that by taking the total credit hours enrolled by the students and dividing by 15, as an overall full-time equivalent estimate. We are showing on the Columbus campus that while head counts went up by over 600, FTE actually went down by 368. So we are having more students that are taking a lower load. A significant part of this is an increase in the numbers of part-time students in the undergraduate and graduate levels in this Institution. While the data aren't there, the part-time students and the undergraduates on the Columbus campus increased by 750 this year, and the graduate part-time enrollments increased by 706.

Mr. Galbreath:

Does that mean that a lot of the students now are working their way through school?

Mr. Ihrig:

Right. These students are usually holding full-time jobs elsewhere and come to Campus to take one or two courses a quarter.

Mr. Galbreath:

At the undergraduate level?

Mr. Ihrig:

Both undergraduate and graduate. People from around the Campus are indicating that there are more working students on the Campus. I have my own personal -- what I call the "freeway theory" -- and that is based upon the number of cars early in the morning on the freeway. There are more people in the Central Ohio area, therefore there are more people wanting to get an advanced education. And we have heard from comments around the University, that there are students on this Campus that see where they are in their careers, they have made a decision that they need more education to advance their careers, and they are coming back for that.

President Jennings:

That is part of becoming a big city.

Mr. Galbreath:

Is this any reflection on the selective enrollment policy which

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Galbreath: (contd)

we adopted earlier this year?

Mr. Ihrig:

No.

President Jennings:

Let me bring that up. This, of course, is the last enrollment report on the so called historic open-admissions. The enrollment report will undoubtedly be extraordinarily different next year, because our projection models -- as bad as they are today -- all go out the window for next year, because of this brand new admissions policy at The Ohio State University. While we can draw on experience of other universities, we can draw on experience of some of the norms in higher education, the reality is that in establishing our numbers and our policies for next year, we will be using statistics that we have very little history for at Ohio State. So that next year, I would expect that we are going to be plus or minus some larger numbers than we are this year.

Mr. Teaford:

No confidence?

President Jennings:

I have great confidence, but they don't have any numbers. They are, for example, dealing with a statistic that says that 52 percent of the applications that we accept will come to Ohio State. Well, that is a historic number at other institutions, it has some history here, but doesn't really have any empirical basis that we know of. So if the number is higher, we are going to get more students than we can handle. If the number is lower, we will get fewer students. I expect that it is going to take several years to get fairly good statistics with this new admissions policy. The point is we are going to be flying blind in terms of numbers for the next two or three years.

Mr. Galbreath:

But you don't think that anticipation of the different enrollment policy for next year is one of the reasons that you have had a little bit of a surge this year?

President Jennings:

No, I don't think so.

Mr. Ihrig:

No. This year the surge in applications was due to our continually moving forward the deadline date for applying. The students understand that Ohio State is going to close earlier every year; therefore, they rush their applications in. They

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Ihrig: (contd)

are what I would call "phantom applications," where they just want to make sure they had their foot in the door in case some other opportunities don't come through.

President Jennings:

That is one of the problems with this. What we are dealing with here are numbers that decisions were made on back in November of 1985. This was six months before we announced the selective admissions -- one reason we have gone to selective admissions. The other problem that I'd like Myles Brand, our Provost, to discuss a bit is in the minority area. As you know, it is our feeling that our open-admissions policies of times gone by have been one of the causes of our continued low numbers of minorities coming into this Institution. When we close off enrollment in November, it is very difficult for the first generation educated person to get the proper parental guidance, the proper guidance counseling, to apply that early. We expect our new selective admissions policies to make some substantial improvements in our minority population at Ohio State. I'd like Myles to take a minute or two to bring us up-to-date on what we are doing in order to improve that situation.

Dr. Brand:

Thank you. Over the last decade or so, there has been nationally a decrease in the number of black students attending universities and colleges. There is, therefore, a decreasing pool of black students available to Ohio State University as well as other institutions. That, combined with the fact that we have a new admission policy that enables students to apply later in the year and allows us to recruit and attract them for a longer period of time, presents new opportunities. We thought a new initiative in trying to attract black students to The Ohio State University was necessary. We created a task force on Black Student Recruitment, whose goal is to identify and recruit qualified black students. We are concerned with that population that has the best opportunity to be retained and exit from our programs. It doesn't do anyone any good to come in and then drop out. So, we are looking for qualified students that we can bring through the entire four-year process.

This task force has a short-term goal of bringing the opportunities presented by the new selective admissions policies to the attention of the communities; and a long-term goal of providing recruitment strategies to attract qualified black students. The task force is advisory to the Office of Minority Affairs. At this time, I would like to call on Sue Blanshan, who is the administrative facilitator for this task force, as well as Professor William Moore, who is the chairperson of the force.

Professor Moore:

Good morning, Mr. President, Mr. Chairman, and others. Let me give you about two minutes of background. Three weeks ago or

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Professor Moore: (contd)

so, I was in San Antonio, and received an urgent phone call. I couldn't imagine what had happened. I thought I left everything in order when I left my office. Well, to make a long story short, I spoke to Sue, who indicated that Dr. Brand was interested in establishing a task force on enrollment, particularly targeted for black students. As you know, with regard to minority students, the other areas of minority students are increasing -- some greatly, some slightly, but increasing. And for about the last ten years, almost ten years now, the number of black students enrolled in colleges and universities in this country has been decreasing. So that was the concern.

Ohio State has a long history of being involved with black students. You have heard the President mention many times about our success in graduate education and the number of Ph.D.'s that we turn out and so on, but that really didn't do a great deal for the students coming in now. He felt, I felt, and I'm really interested in this area of how do you reach students before the graduate-level. By the time they reach there they are on their own, they can do what they need to do. How do you go out and find other students? To his great credit, he chose a very interesting group of people to work with us. Across this State he found important persons: Judge Robert Duncan, Bob Dorsey, William Grimes, and Archie Griffin. That gives you some idea of the spread of people who work on this committee, whose job it is to come up with both long-range and short-range plans and strategies to attract black students, particularly, at the freshman level.

I enjoy working with this group of people, not only are they distinguished but they have to at least operate in self-defense. Because the first thing I said was that I expected to meet on Saturdays and Sundays. They didn't smile upon that, so we agreed to meet at 7:00 or 7:30 a.m. By the second meeting we had our subcommittees working. These are quite professional people, they are hard workers, they are eager, and we are well on the move. The word has gotten out across the community and I am getting telephone calls from other people who have some concern in being involved in this initiative. Some are doing it in other ways -- in many different ways.

In the three weeks that we have been involved, Frank Hale has come in and made a presentation to us about his initiatives and the kinds of things that he is doing. We have had presentations from members of the subcommittees already and we expect to have another one on Tuesday and so on. We are eager to move and there are many ideas. We are getting considerable assistance from the Provost's Office. He has said the resources are there, as long as we are reasonable. Well, we are going to challenge him to see if he really means what he says. At this juncture, we are moving. We are satisfied with the people that we have and we hope we have continued cooperation. If you have any questions, I am here to act, react and interact with you.

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mrs. Bowser:

Are you recruiting only in the State of Ohio?

Professor Moore:

Our primary target is the State of Ohio, but this question has come up. We have brought it to the attention of the Provost and he indicates while we are most concerned with the State of Ohio, that does not preclude spreading the net wider. As you know, it is a very real problem in finding a large -- well there is no large pool. That there is a pool of minorities and we have to compete for them, it becomes a little problematic. We are competing for those that we hope will make it. I said to Dr. Brand, if you are looking for bodies I am not the guy to be involved with this. I just refuse to do that. I went through that for 10 or 15 years between 1960 and 1975. But if we are really looking for students that we believe are going to make it then --

Mr. Galbreath:

You say compete, who are we competing with?

Professor Moore:

Well, for those very bright students, we are competing with everyone. We are competing primarily with the top Eastern schools. And we are competing with the Adams states, that is, those states that were under litigation for integration. Now, we happen to be an Adams state at this time, but a package that they provide in the Adams states and the packages that are provided by the Eastern schools at this juncture are larger packages than we provide.

Mr. Galbreath:

So when you say competing, we are competing with other institutions, not with the job market.

Professor Moore:

Well, we are competing with both, really, but certainly more with other institutions than with the job market for freshmen. Remember, we are talking about freshmen students, very bright students, and so on. We really have a job ahead of us, because we would like to identify and attract some 700 students by next fall.

Mr. Galbreath:

What I was trying to distinguish is that we're -- it is not a matter of convincing them to go to college, as opposed to go to work, you are trying --

Professor Moore:

Not this particular group of students.

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Galbreath:

You're really competing with the other institutions.

Professor Moore:

Yes.

Mr. Teaford:

I take it do we have a program to increase that pool -- to recognize that as a long-range goal.

Professor Moore:

Well, we have both long-range and short-range goals. Many of the initiatives that have been taken by Frank Hale and others produce some students in this category, but more at the graduate-level than at the undergraduate-level. So, yes, we do have things that are operative at the University, but we realize that we have to do a great deal more.

Mr. Galbreath:

Is a part of the competition, scholarships?

Professor Moore:

Yes.

Mr. Galbreath:

So the Harvards, and whatever over there are offering scholarships. Can we compete on that basis?

Professor Moore:

At this juncture, we are not competing on that basis. I am sure much of that will depend upon what you do and others -- you as the Board, and other kinds of considerations we have. In a sense, many of these institutions go out and literally buy students.

Mr. Galbreath:

Yes, right, through scholarships.

Professor Moore:

Lots of us can be bought, but when they see what is available it becomes very interesting. You see the subsistence kind of support we provided students through the '60's worked very well, but now we have to do a great deal more. To give you an example, forty percent of the families, black families, in the State of Ohio earn \$18,000 or less. There is a close correlation between college attendance and family income. And only twenty-one percent of the families in this State earn \$30,000 or above. So, even the ones earning \$30,000 find it

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Professor Moore: (contd)

difficult to support a college education, even at a college like Ohio State which is relatively inexpensive compared to many institutions.

Mr. Galbreath:

So the scholarship program is a part of what you are working with.

Professor Moore:

Oh, yes. We are to come in with suggestions and strategies -- some of them will work, some of them maybe will not work, but we've got to dream. To the credit of this community, I'm getting calls from people saying, "I hear you are doing this, did you know..." "You're doing this, well we are doing this as well." What we'd like to do is to find ways to bring all of these together, so the effort is one that is not fragmented, but one that has a unified focus and we can bring these students in. But you do have to realize that we are up against a formidable competitors in this country.

Mr. Teaford:

That's why, I think, the pool increase is essential in the long run. Because, in the first place, the pool is far too small compared to the population. I think that it is only a question of not making the opportunities that are here known and at an early enough age to increase that pool.

Dr. Brand:

May I comment on that? The trends, unfortunately, nationally show decreasing pools of the students from the black communities that are attending colleges at all. So it is not a local issue; it really is a national issue. We will do what we can to increase the pool, but there may be factors beyond our local control that are affecting the situation.

Professor Moore:

Yes, there is less than a one percent difference between what happens at Ohio State and what happens across the nation with regard to this. So it is a problem that is recognized nation-wide and everybody sees the need to do something about it and they are doing something about it. The problem is that we are dealing with a biased market in a sense. And these very bright students are conning the counselors in high schools all over the country. I talked to a mother yesterday morning who indicated that her son is a tenth grader, but he looks like a great prospect. He has had offers already from three universities --

Mr. Galbreath:

And he is a sophomore in high school?

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Professor Moore:

Yes, he is a sophomore in high school.

Mr. Teaford:

Well, I think, we can only communicate to that population that being able to dribble a basketball is not the only way to go to college.

Mr. Tobin:

Do we have outreach programs that get into the junior and high school levels?

Professor Moore:

We do have those, yes. I would like to see it much more broadly based. You see, I would like to see us start about fifth grade. I don't mean seventh grade, that is almost too late. I would like to start about fifth grade and do the things I saw Sam Shepard do back in the mid-fifties and so on. Target those students, bring them in early on, give dinners and other kinds of things for counselors and other people who were involved. In other words, we are buying the students in a sense; give awards, certificates, and all the things that people like to hang on walls. You know, they don't cost much, but it makes them feel important. And they become a part of what we do, our effort. We will really have it made when we can be as ingenious, I suspect, at finding these students as we are finding athletes. You ought to hear them talk about how ingenious our methods are. Maybe we need to learn something from those methods. To find a good halfback, you know, we'll go by mule pack, if necessary, but we will find him. Well, I've talked too much, but I think you have my point.

President Jennings:

Well, part of this is economics, but also -- and that's why I think Bill put so much emphasis on the fifth grade or fourth grade. Part of it is developing an attitude about going to college. Here again, it is first generation educated. The second and third generation educated already have that attitude, but that first generation educated doesn't know what college is. There is a bias in our society right now to send the young black student, if he is going post-high school, to technical school for vocational preparation. But society has got to develop the attitude that higher education is important, can allow one to accomplish goals, and that it is available.

Dr. Blanshan:

A bit of the task force discussion, even in these early days, talked about the two phases of increasing the pool that Mr. Galbreath and Mr. Teaford ask about. There have been some suggestions, in terms of the possibility, that indeed we can increase the number of black students who are graduating from high school, but not applying to college. That there are some

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Dr. Blanshan: (contd)

programs that can build a bridge to the University with those students. There are not huge numbers there right now, but there are some in answer to your question. And then there are the kinds of models that reach back to the middle school or even the grade school to begin some familiarizing in links with what the college/university experience is about. That work has begun and we have some programs. I hear from the members of the task force that there is a lot of interest in looking at that. Because there is a belief that if we, in the long run, really are going to do our job, the whole educational system must work together. I think we will have some really wonderful, creative suggestions.

Mr. Tobin:

The University of Illinois has a program that has been in place for a long time called the "Presidential Scholars Program." It receives a lot of corporate support and has been very effective in terms of identifying and cultivating youngsters even in the primary school level.

President Jennings:

I also think it is important to recognize in all of this, while these long-run approaches, I think, are extraordinarily important, we also should recognize that we have put a fairly major charge to this committee, to the Provost and to Sue. When Bill talks about 700 minorities coming next fall, we are essentially expecting to be able to report to you a doubling of minority enrollment, of black enrollment, next fall. Now, we might not accomplish that, but I am a believer in setting a goal and I think with a lot of support we can do that or at worst make very substantial short-run progress. But we do have to do the long-run activity also.

Mr. Berry:

Ed, your statement there -- 700 would be about 10 percent of the entering class, is that right?

President Jennings:

Twelve percent.

Mr. Berry:

Twelve, all right. You said it would be doubling what we have now, so we have about 350 in this present class?

President Jennings:

That is about right.

Mr. Ihrig:

Three hundred and sixty one, exactly.

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Berry:

In other words, you are going to be more selective and still try to double it.

President Jennings:

You see, I think that we also should recognize that selectivity in admissions allows us to do this because in times gone by -- last year we announced on November 15 that we had closed admissions. Most first generation educated people, this is not just minority, but first generation educated people have not been thinking about applying to a university in October. Now we have the time opportunities during this to encourage activity. But, I think, just as important from a purely practical point of view, without delving into politics at all, the great strength of our American universities and of Ohio State is our diversity. And if we have a segment of the population that is left out of this University, our excellence hurts, and it hurts very badly. Because the part of the great American educational system, part of its excellence world-wide is having all segments of the population represented in our University. With 350 entering freshmen we don't have enough of that diversity at Ohio State and we must bring in more, otherwise our excellence will hurt. We will not be as good as we can be.

Mr. Galbreath:

What is the most appealing sales pitch, or what means the most to these minority students when you talk to them about going to Ohio State? Does an Archie Griffin calling on them have that much influence, or is it the fact that financially they can go to Ohio State? What are the top elements that are the most --

Professor Moore:

Well, an Archie Griffin is always a good sales pitch, but they soon get over that. You know, he's nice, he's good, he carries the football and so on, but after a while they get over that sort of thing. They are interested first of all in support for going to school. All of the research work shows that this is a concern of the students, not only black students, but students across the board, but particularly of black students because the family incomes are so low. That is the first thing they are concerned about.

The second thing that they are concerned about is, how will I fit in. That is the obvious concern. You mention 361 freshmen coming in and 53,000 people -- can I fit in, will I be O.K. In this light the work that Russ Spillman is doing and Frank -- they try to buttress the problem of what you are going to run into, so you don't feel so isolated. But it is hard to go to a large school like this and not feel isolated, as the research also shows -- wherever you happen to be. That is particularly true with minority students.

The third thing is, as you might imagine, where can I have a good time. They usually know about High Street and the Oval

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Professor Moore: (contd)

even before they get here. So, support to make it and the ability to be able to fit in and to take an active role are important. And they run into problems with that quite frankly, and as we all know, but that is not insurmountable.

Dr. Blanshan:

Recruitment is really a multi-stage process. Even before these issues, one of the areas is that personalized contact from alumni and from current students who are black, so that they feel that there is someone that knows the Institution, that is getting to know them, that helps linking them in. Because from the application point to the actual enrollment point, we lose about half the students. Now, what we quite honestly have to do with this task force this year is we want every black student who applies, to enroll. One of things that will help us do that is to personalize that contact from the application to the enrollment period.

Mr. Tobin:

Are our black alumni being involved in the process?

Dr. Blanshan:

We are at the point where the task force is talking about strategies and it is premature to say absolutely it is going to be done, but it sure is sounding like it.

Professor Moore:

But to be more specific in answer to your question, to the degree that they ought to be, the answer is no. Even the extra steps that we have taken in the past have not really addressed black alumni the way they should. That is even true in predominately black institutions. For one reason or another we have never addressed the black alumni in the way we should have in whatever type of institution. So, I think, not the way they should be, but I really think you want to be. When we talk to them usually, that community -- and I'm a part of that community -- sometimes I'm a part of that community, I wonder about that at times -- when you talk to the community they ask what can we do. But the second thing they ask us is, once we give suggestions, do they pay any attention to us. There is always that kind of problem with --

Mr. Tobin:

That's true of all of them --

Mr. Scott:

Tom, as you know, in Columbus, a group of folks from the Merry Makers, for example, just one isolated group, have been very, very much involved in some targeted group activities and

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Mr. Scott: (contd)

fund-raising for scholarships, etc. Now I think, Bill, on your committee there must be at least two or three --

Dr. Blanshan:

Colleen McMurray, whose husband is in Merry Makers, is on the task force.

Professor Moore:

And the Links, of course, you remember Ohio State sponsored an affair for the Links about two or three years ago. Bill Preston who is in Washington now, did a great deal in working with the people here and so on. So there are Links out there and in many ways it is pretty much the position Ohio State was in a few years ago when the business community of Columbus was on one end of High Street and the University on the other, and they never really started to come together. Well about five years ago, you may recall, we had that push and look what has happened now. It seems to me a tremendous kind of activity takes place as we have brought these two communities together. It was not always easy, you know, we both came in kicking and screaming, I suppose.

Mr. Tobin:

Bill or Sue, how does our financial aid package for a minority student with total need compare with other institutions in the State of Ohio, when competing in the same pool?

Professor Moore:

Well, in the State of Ohio it is about the same.

Dr. Blanshan:

The issue, I think, with the financial aid package addresses the kind of elite academic student that everybody is competing for and willing to buy, which is one issue. But the other issue is that our black students have, if you will, a much smaller margin of error for their financial aid package. Being short a \$100, \$200, or \$500, could pivot them into a drop out situation, where it might not for another student.

Mr. Tobin:

Or in going to school at home, or in coming to Columbus.

Professor Moore:

Well, what they have to do in a situation where they are not getting not enough money, not having adequate resources, they go out and start to work. Now you see them having some difficulty, academic difficulty, many of them do not having the kind of academic backgrounds some of them should have. They come here or elsewhere, they get a few dollars in the EOG grants or other kinds of grants, then they go out and get a part-time job to

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Professor Moore: (contd)

augment that and that takes more time away from studying and so on. Whereas the eastern colleges mentioned a little earlier, they will provide them with full resources, and that does make a difference.

President Jennings:

See the scholarship issue -- I think what we have to continue to keep in mind, is that we are a land-grant institution, we have done this before, targeted groups. We need to be able to continue to provide the economic resources that a group or all groups of students need. There is no reason a student should not come to Ohio State because of finances. Now, some are better, but a student should be able to afford to come to Ohio State. Now, we expect things out of the student and so forth, but financial aid becomes -- I'm convinced that we can deal with this on an economic basis.

Professor Moore:

Just one final point. We do have to -- and we have alluded to it earlier -- we do have to give attention to preparation, which is another reason they do not come. The pool is small because so many of them are not prepared as they should be. On the ACT, for example, that has a range of one to thirty-six. The average ACT composite score for Ohio, for example, is 13.4 among black students. So you can see that the job is a terrific job and why Dr. Brand and others have said we have got to start earlier. Now for the sons and daughters of people of the Merry Makers, you don't have to worry about that, but for the others it is another problem.

President Jennings:

I think, Bill, it is also important to point out that again that ACT test score gap -- we also know that those gaps have existed with other minority groups, historically, that are not minority groups today. That this is not an unusual phenomena when you are dealing with first generation educated. That this is not a racial situation, this is an educational opportunity situation that has existed. You can tick off minority groups, historically, who have started with low ACT scores on the average and now they are into the system. Education is important for all.

Professor Moore:

Well, the increase we are seeing among minority groups is the Spanish speaking, which is unbelievable in terms of where they were.

Dr. Blanshan:

On the ACT scores, also, we do have some good institutional studies that indicate there is a range of scores that we consider lower -- not the best students, but lower scores that we know those kids can succeed here. We've got documentation of

November 7, 1986 meeting, Board of Trustees

ENROLLMENT - AUTUMN QUARTER 1986 (contd)

Dr. Blanshan: (contd)

a range that is acceptable in terms of success, good success at completing a degree. And then there is a level below which we know if we don't get more help in the earlier educational levels, in terms of college preparation, those students will not have a chance to succeed at the University. And that is where we can work with other systems as well.

Mr. Tobin:

How well do we do on recruiting black students right here in Central Ohio, in Columbus?

Professor Moore:

Well we don't do as well as we were able to do a few years ago. That is one of those things that we don't quite understand. A part of it has to do with just the number of students who are going to school. Since that number has been decreasing we can't really tell. But I recall seeing a figure just recently that about 75 percent of those very bright students go elsewhere.

President Jennings:

Bill, thank you very much. It is an exciting program and we thank you for your efforts on this and I look forward to great progress.

President Jennings:

I would like to call on Dr. Al Kuhn to bring us up-to-date on the activities he is engaged in and the development and continuing progress for our Honors Program. I think you all know, Al. He is now doing what we all long to do; he was a bureaucrat here and now he is back to doing real stuff on the faculty. Al --

Dr. Kuhn:

Thank you, President Jennings. Mr. Chairman, Members of the Board, I am delighted to report on my activities working with the Honors Program in the University. Let me give you some highlights of things of interest to us all.

You know about the national concern for the quality of undergraduate education all over the country. This week's Chronicle of Higher Education prints a report of, I would say, deep and grave concern about the state of health of undergraduate programs, the coherence of these programs, their directions, depth vs. breadth, vocationalism, that kind of thing.

There is with all of this a keen national competition for the best students. It is a fierce competition for the best students and not just minority students. Because the issue is, of

November 7, 1986 meeting, Board of Trustees

Dr. Kuhn: (contd)

course, leadership and talent for the next century. It is as simple as that. The institutions are in competition with each other for the talented and the high ability students, and the world is in competition for the same kind of talent. Well, here at our own University, we're reflecting these concerns by looking at aspects of the undergraduate program, and the selective admissions, which, as the President spoke a moment ago, seeks to provide at once a more diverse undergraduate student body and yet a more stable one; therefore, a more qualitative one.

Honors simply hopes to highlight these endeavors and to help set standards and to be in the forefront of the pursuit of excellence. As all of you know, the University has traditionally had many honors programs. This is not a new endeavor. The College of Agriculture has had a long and distinguished program, and in the Arts and Sciences there are distinguished honors programs. With the recent initiatives, the creation of a university-wide office that I direct, we are seeking to facilitate, support, encourage, to be cheerleaders of university-wide efforts to support what is established and to bring new initiatives. All of us understand that honors programs are not imposed, these are things finally that faculty members are interested in and press forward themselves. And so we want to encourage individual and departmental initiatives.

Our agenda is fairly simple. A major one is the recruitment of highly-abled students. You know about our Battelle and our Joyce scholarships, and about our national achievement and national merit scholarships. And the various colleges have many such scholarships for talented students. Our office is also working with Frank Hale in attracting top minority scholars. Just as a kind of anecdote to Bill's point, one of the top minority scholars, a valedictorian of one of the City's high schools last year -- we offered her a scholarship which was -- well she had national offers and finally chose the University of Chicago which offered her \$12,500 for a single year -- which would have been about our four years. But I am just talking about this sort of competition which is for the very exotic. In an instance like that, you tell a student, well, this is a personal choice. It might be in the way, really, of trying to get that student to come here when the choice is another institution. That is also a dimension of really trying to attract a top scholar.

To help the recruitment of able scholars we are proposing to set up a University Honors Society, which will be a kind of umbrella organization that will seek to attract talented high school students. It will be a membership organization, they will be invited to join. The benefits of this organization will be special faculty advisement, entry to honors courses, our assistance in getting scholarships and aid for them. But more than that it gives talented students a new sense of identity and we hope aspiration to fulfill their talents. We hope that that will be an effective recruitment devise.

In academic programming, across the Institution, we are assisting various new efforts in honors programming. The

November 7, 1986 meeting, Board of Trustees

Dr. Kuhn: (contd)

College of Arts, Architecture, and several other units are beginning new initiatives there. Currently there are about 150 honors courses taught during the three quarters of the academic year. The class size is typically twenty to twenty-five students. These 150 courses would enroll then about 2,000 to 2,500 students. I am teaching an introductory Shakespeare to brand new first quarter freshmen; these students I am teaching would be eligible for this Honors Society. I think that the course I am teaching is fairly typical of the Honors approach. Which is an intensive kind of one on one, intellectual experience for students in which the development of intellectual concernment, the ability to read sensitively, to write sensitively, to speak sensitively are all goals. And because I have twenty students and because I assign them three different essays spaced throughout the quarter, they usually wind-up writing about six essays. It is because they keep rewriting. I reference this, not to call attention to myself, but to the kind of individual attention that an Honors experience can provide. An academic enrichment that is at once both penetrating and broad. That generally is the kind of standard that we would like for Honors students generally. I draw a distinction between the highly-abled student and the Honors student. We get many, many highly-abled students. Many of those students pursue a very narrow path, in part, because their curriculum forces them to it and there isn't time enough to explore other things. But what Honors is hoping to do all over Campus, is to convert the high ability or the talented students into Honor students. To have them undertake challenging experiences, to take some risks, to not only learn a discipline, but to understand something about its moral, social, ethical implications -- in short its future and their future. So these are some of the kinds of things we try to support in our Honors academic programs. For example, independent research or a senior thesis is key to this kind of thing. The Carnegie Commission report, interestingly enough, recommends that every senior be required to write a thesis. That is the kind ideal that we're holding up for Honors.

Well, in short then our Honors efforts and our academic programs really speak to the enriched major, to independent research, to depth and breadth and discipline, in short, a more broadly educated person. I guess we are really speaking very fundamentally about the difference between training and education. We want to take the highly able students and turn them into students who take on the risks of the Honors experience. We want, therefore, to try to attract more scholarship money to the Honors enterprise. There is in the Capital Campaign, a \$5 million item for scholarships -- this over and above the individual college goals. The University Honors Center wants to be actively involved in defining perhaps a new level of prestigious scholarship that would be like our Joyce or our Battelle scholars to attract the most abled students.

The third emphasis then in the University Honors Center is the living/learning environment for talented students once they're here. We want to reinforce, support, and extend classroom work into the residence halls. Not to say that that doesn't go on

November 7, 1986 meeting, Board of Trustees

Dr. Kuhn: (contd)

now, but -- I want to, in a moment, show a slide or two about Taylor Tower and the Honors Living/Learning Center, where through informal seminars, where through piggybacking upon events that go on in the University, like the Schooler Reese lectures, like the recent lectures on nuclear deterrance. We try to involve students especially in those programs through some dormitory or residence hall programs. So that there is in effect the effort to broaden the intellectual, emotional growth of students, the emphasis is upon cultivation. Last night, for example, Christian Badea was at Taylor. Also at one of the programs we had Frank Wobst from Huntington Bank who came up to talk with students on the theme, "What would happen tomorrow if all the Latin American Countries who owe us money defaulted?" A very interesting presentation and frightening for some business majors.

Mr. Galbreath:

What was his answer?

Dr. Kuhn:

It had something to do with Huntington National. Well, we look forward to extending this kind of thing into other areas, not necessarily in creating whole new other residence halls, but perhaps floors or suites or little communities of enterprising students of that sort. And, of course, we look forward to the refurbishment of Honors House. That will be the new home of the Honors Center and the tentative plans, as Dick Jackson has talked with us about that, is maybe get us in there on a temporary basis as the architects work around us or whatever. As planned, we are going to have a student seminar room there. Classes will actually be conducted there. There will be rooms for student organizations and honoraries, Mortor Board, Phi Beta Kappa, Phi Eta Sigma, that kind of thing. There are exciting prospects, in short, for that splendid old building on that splendid part of the campus. It can be the literal center and the symbolic center of Honors on campus. Now if I can show just a few slides, five or six here.

This is Taylor Tower, of course, named for Jacob Taylor, who was a business vice president. It has in it 831 honors students or they're mostly honors students. You'll see that there are 47 percent females, 53 percent males; 55 percent freshmen, 32 percent sophomores, then it falls off in the upper classmen. In the academic area of enrollment in the Arts and Sciences, 36 percent of the students in Taylor are interested in Arts and Sciences disciplines, and 37 percent in Engineering. The engineers, as you would expect, are among the most talented students that come to the University these days. They're interested in Taylor because it is near the Engineering building. Art, a very practical interest. Then 7 percent in Business and 3 in Education, and on down in those other areas. And this is what their performance, their past and current performance is like.

You see that of the 583 students, 70 percent, or 583, graduated in the top percent of their high school class. Of that number,

November 7, 1986 meeting, Board of Trustees

Dr. Kuhn: (contd)

125 graduated first in their class. And their ACT scores -- 7 percent at the very highest range of 32 to 35, and then 53 percent at 28 to 31 and on down -- 28 percent from 24 to 27, and 12 percent at 18 to 23. Then their grade point averages 3.8 to 4.0, 11 percent, these are upper classmen, these are sophomores, juniors and seniors. The freshmen are excluded. Eleven percent are performing at the very top level, 36 percent performing at 3.3 to 3.79, and then 20 percent at the B's range and on down. Some of that performance is in the 2.7 range or so, I can testify that these are very, very bright high school students who have just chosen the wrong major. They have come in and just bombed-out. So there, special counseling and special advising is needed. These are some of the activities -- there is a micro-computer center there in Taylor itself. These are activities that go on. That is Professor Alan Mellett, who is speaking to students right before the Kissinger lecture of last year, to sort of alert them to issues. And this was a student/faculty dinner that is held almost every quarter in Taylor.

Now, I want to move on to Honors House. That was when it was freshly built in 1926, sixty years ago. This is looking from the north and the main entrance of the building is here. That is, it faces the north and the Campus is here. And one of the exciting prospects that the architects have in mind is turning the building back to face Mirror Lake and the library, and having its entrance here and landscaping this, so that ceremonials for students and their parents can be held here using this. Another exciting idea that the architects tentatively have in mind is converting this floor for student seminar and study space. This is a third floor in the building, but it is really cubbyhole space. The architects have proposed a very exciting idea tentatively of removing these ceilings so that you have cathedral vaulting for these small seminar rooms. And one of these we might call the "President's Seminar Room" with memorabilia of the presidents who lived there, George Rightmire, Howard Bevis and Novice Fawcett. There are some very exciting ideas possibly that the architects now can bring back for your approval.

Mrs. Bowser:

We might want to meet there, it looks better all the time.

Mr. Barone:

You don't have the grades.

Mr. Teaford:

Yes she does.

Dr. Kuhn:

University Honors, in short, wants to encourage and challenge students to rigorous and highly intellectual achievement. And our programs do so through small classes, special faculty, and challenging courses of instruction for highly motivated

November 7, 1986 meeting, Board of Trustees

Dr. Kuhn: (contd)

students. Academic distinction, pursuit of excellence, is the constant name of all great institutions. Honors learning seeks to provide that challenge at our University.

One of the signs of the times, you may have noticed there was a little speech given by Shirley Chisholm, former Congresswoman, who is now a Professor of Political Sciences at Mount Holyoke. She recently expressed her concern about the general quality of undergraduate education. She just returned from a trip where she was comparing our students with students abroad. She thought that we were doing a good job of training our students, but not so good a job of educating. And she said, "I'm deeply concerned about all of these things. Mediocrity is not the answer, the world is filled with mediocrity. Excellence reaps rewards. I am concerned about excellence." And I think that we all share that concern and thank you for this opportunity to let me come before you.

Mr. Teaford:

Mr. Chairman, I know it's late, but if I could add just one comment. I had occasion recently to meet a number of Dr. Kuhn's honor students when I was a judge of the Homecoming Court. And I think we need to know that we are not talking about a bunch of grinds, we are talking about some of the most amazing young men and women that I have ever had occasion to meet. I don't think people realize that the woman on the Homecoming Court with the lowest point-hour average had a 3.7. That is the lowest point hour. The best was 3.97. So, we need to realize that these are absolutely extraordinary persons, we are talking leadership.

Mr. Galbreath:

Al, it is nice to have you back at one of our meetings. I remember my earlier days on this Board when you were with us on a regular basis, and I personally miss your participation. It's good to have you back.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-45

Synopsis: Resolutions honoring the service of three of the University's faculty members, one administrator, and a former member on the Board of Trustees Agricultural Affairs Committee who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

November 7, 1986 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Robert J. Kane

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 18, 1986, of Robert J. Kane, Assistant Professor Emeritus in the Department of English.

Robert J. Kane was born on December 9, 1897, in Columbus, Ohio, and graduated from Aquinas High School in 1917. He received a B.A. in 1921 and an M.A. in 1922, both from The Ohio State University; and he earned a Ph.D. from Harvard University in 1929. In 1921 he was named a University Scholar at The Ohio State University and was elected to Phi Beta Kappa. In 1927 he was an Austin Scholar at Harvard University.

Dr. Kane was especially knowledgeable in the bibliography of English literature, and in the Renaissance and Romantic periods of English literature. His publications centered in Shakespeare studies. He retired as an Assistant Professor Emeritus in 1965, having taught since 1926.

On behalf of the University, the Board of Trustees expresses its deep sympathy and sense of understanding to those who mourn for Professor Kane. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees.

James G. Krafft

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 12, 1986, of James G. Krafft, Director of Administration in the Office of Physical Facilities.

James Krafft was born January 28, 1930, in Cleveland, Ohio. He graduated from Grandview Heights High School and received his Bachelor of Science in Business Administration degree in 1952 and his Master of Business Administration degree in 1961, both from The Ohio State University.

After working as an examiner and supervisor in the Ohio Department of Taxation, Mr. Krafft came to Ohio State in 1967 as an Administrative Assistant in the Office of Physical Facilities, and was promoted to Director of Administration in 1975.

Throughout his dedicated career at Ohio State, Mr. Krafft served the best interest of the University and its staff. He had a great concern for improving the work environment of his employees and all Physical Facilities staff. Most of all, he was advisor and friend to all who needed or sought his guidance. He continually promoted the careers of others and helped them to succeed in their chosen areas of expertise.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

November 7, 1986 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Joseph N. Miller

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 21, 1986, of Joseph N. Miller, Professor Emeritus in the Department of Zoology.

Dr. Miller was born in 1903 in Hillsboro, Highland County, Ohio. Upon graduation from Hillsboro High School in 1921, he entered Miami University. He served as an undergraduate assistant for two years at Miami University and received his AB from that institution in 1925.

He received his other degrees from The Ohio State University: MA in Zoology in 1926 and a Ph.D. in Zoology in 1935. He also studied at Ohio State's Biological Station, Stone Laboratory on Lake Erie, and at the University of Michigan Biological Station at Douglas Lake. The topic of his dissertation was "The Life History and Growth Rate of the Trematode, *Postharostomum lareui* McIntosh, 1934." He maintained a deep interest in trematode parasites throughout his academic career. His positions in both the Department of Zoology and Entomology and the Department of Zoology include: graduate assistant (1925-27), instructor (1927-42), assistant professor (1942-48), associate professor (1948-56), professor (1956-73), and professor emeritus (1973).

Dr. Miller was an excellent teacher known for the clarity with which he presented ideas and concepts. He was an advisor for numerous graduate students who now teach in other universities and colleges, a true mark of his success. A friendly man with a sharp wit and twinkling eyes, he will be fondly remembered.

A member of Delta Upsilon Fraternity, he also belonged to the scientific honorary Sigma Xi, The Ohio Academy of Science, The American Association for the Advancement of Science, The American Society of Parasitologists, Gamma Sigma Delta and Alpha Epsilon Delta. He was a member of Lion's International and the Masonic Lodge. Dr. Miller was a loyal fan of Ohio State's athletic teams and he was a much respected tennis player in his day. He also enjoyed oil painting and the theater.

On behalf of the University community, the Board of Trustees expresses to the family of Dr. Miller its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of the Board's realization of the loss that the family, the University and his many friends and associates have sustained.

John M. Stackhouse

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 17, 1986, of John M. Stackhouse, President, Citizens National Bank of Norwalk, Ohio, and former Director, Ohio Department of Agriculture, who served for 16 years on the Board of Control of the Ohio Agricultural Research and Development Center.

John M. Stackhouse was born on March 3, 1929, in Oberlin, Ohio, and grew up on the Humphrey Farm at Wakeman, where his father, Clay, was manager. He graduated as valedictorian of the Wakeman High School Class of 1947. He received his B.S. degree from The Ohio State University in 1951, with a major in Agricultural Engineering and minors in Agronomy and Animal

John M. Stackhouse (contd)

Science. Mr. Stackhouse entered the Graduate School of The Ohio State University in the summer of 1951, and held assistantships at the University in both research and resident instruction from 1951-54.

In addition to work on his academic program, Mr. Stackhouse assumed management of the Humphrey Farm in 1954, at which time his father went to Washington, D.C., as an administrator in the United States Department of Agriculture. Since his father's death in 1959, he had full responsibility for management of the 1,300-acre Humphrey Farm. From 1947-52, he served on the Board of Directors of the Ohio Drainage Contractors Association, and served as Executive Secretary for two years. During 1960-62, he was an elected member of the Board of Supervisors of the Huron Soil and Water Conservation District, serving as Chairman in 1961-62, at which time he served, also, as a member of the Research Committee of the Ohio Federation of Soil and Water Conservation Districts.

Mr. Stackhouse was appointed Director, Ohio Department of Agriculture in April 1963, and served on Governor Rhodes' cabinet throughout the remainder of the 16 years that Rhodes was in office. By virtue of his office, he served as a member of the Board of Control of the Ohio Agricultural Research and Development Center and as a member of the Ohio Expositions Commission. From 1970 to 1975, Mr. Stackhouse worked as Vice President and lobbyist with the National Agricultural Chemicals Association in Washington, D.C. During 1983-84, Mr. Stackhouse operated an agribusiness consulting firm, Stackhouse and Associates, Inc. He continued to manage the home farm at Wakeman and in 1984, was appointed Executive Director of the Ohio Agricultural Stabilization and Conservation Service. Former Chairman of the Bank Board, he was named President of the Citizens National Bank of Norwalk in 1985, and served in that position until his death.

Mr. Stackhouse was active in Alpha Zeta Fraternity, and in Gamma Sigma Delta, the Honor Society of Agriculture. He was a Fellow of the American Association for the Advancement of Science; and held memberships in the Ohio Academy of Science, American Society of Agronomy, the Soil Science Society of America, American Society of Agricultural Engineers, and the Ohio Society of Farm Managers and Rural Appraisers. He was inducted into the Ohio Agricultural Hall of Fame in 1983. Local activities included his church, the Wakeman Board of Education, and the Wakeman Civic Association.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Frederic C. Wise

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 9, 1986, of Frederic C. Wise, Assistant Professor Emeritus in the Cooperative Extension Service.

Mr. Wise was born April 24, 1922, in Newark, Ohio. He received his

RESOLUTIONS IN MEMORIAM (contd)

Frederic C. Wise (contd)

Bachelor and Master's degrees in agriculture from The Ohio State University in 1949 and 1957.

He became an Associate County Agent in Huron County on April 1, 1949. He then moved to Adams County as the Associate County Agent in December of 1955. On November 16, 1957, he became the County Extension Agent, Agriculture in Defiance County; the position he held until his retirement on June 30, 1979.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Wise its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to Mrs. Wise as a sincere expression of the Board's realization of the loss that the family, the University and his many friends and associates have sustained.

Upon motion of Mrs. Bowser, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 87-46

Synopsis: The reports on contracts, grants, and gifts and the summary for September 1986 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of September 1986 be approved.

Upon motion of Mrs. Bowser, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

University with gifts to The Ohio State University Development Fund from Eleanor S. Resler, Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support cancer research as approved by the Medical Director of the Cancer Research Institute and the Dean of the College of Medicine. If it is determined that funding for cancer research is so ample, then the income from this fund may be used for those purposes as deemed appropriate by the Medical Director of the Cancer Research Institute.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for medical education.

The Excellence in Botany Fund

The Excellence in Botany Fund was established November 7, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni, faculty and friends of the Department of Botany and the College of Biological Sciences.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for support of excellence in botanical teaching and research in the Department of Botany in the College of Biological Sciences. The Chairperson of the Botany Department will have sole authority to authorize expenditures from the Fund, as approved by the Dean of the College of Biological Sciences.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the teaching, research and service of Botany.

to The Ohio State University Development Fund from the Columbus Feed Club, an organization of marketing representatives of feed manufacturers doing business in the Central Ohio area.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund one or more scholarships for students in the College of Agriculture with preference being given to those students enrolled in the Department of Animal Science. Criteria for the scholarships shall include academic performance and financial need. Scholarships shall be selected by a committee consisting of the Assistant Dean for Student Affairs in the College of Agriculture and appropriate faculty representation from Animal Science, in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Agriculture.

**The Andersons Endowed Chair in
Agricultural Marketing, Trade and Policy**

The Andersons Agricultural Advancement Fund was established November 1, 1985, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from The Andersons, the prominent agricultural grain and supply firm headquartered in Maumee, Ohio. The name and description were changed November 7, 1986.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the work of the distinguished professor whose research, teaching and public service focus on agricultural marketing, agricultural policy, macroeconomics, and/or international trade. The chair holder shall provide leadership for innovative research and teaching programs concerned with alternative macroeconomic, international trade policies, analyzing the effect of domestic and foreign agricultural policies on U.S. agriculture, the marketing of agricultural products and agricultural trade. The chair shall be appointed and shall serve at the pleasure of the Vice President for Agricultural Administration in consultation with the Chairperson of

**PURCHASE OF REAL PROPERTY FOR WOSU-AM ANTENNA SITE
96.38 ACRES IN SOUTHWEST FRANKLIN COUNTY, OHIO**

Resolution No. 87-47

Synopsis: Authorization to purchase approximately 96.38 acres in southwest Franklin County to provide a new site for WOSU-AM's transmitter is requested.

WHEREAS to improve services to its listeners, the WOSU Stations desire to expand the operating hours of WOSU-AM to include night broadcasting and have been granted a construction permit by the Federal Communications Commission (FCC) to construct nighttime broadcasting facilities; and

WHEREAS in accordance with FCC regulations protecting the nighttime service areas of clear channel stations, WOSU-AM must reduce power for nighttime operation and use an array of antennas and the present daytime antenna site cannot be used to both serve the Central Ohio area and protect the service areas of clear channel stations; and

WHEREAS Kenyon College owns approximately 96.38 acres of undeveloped real property in southwest Franklin County, which site will meet the technical and geographic needs of WOSU-AM, and has offered this property for sale; and

WHEREAS funds to purchase this property will be provided through funds contributed through the Friends of WOSU; and

WHEREAS the appropriate University offices are in agreement as to the desirability of purchasing this property:

November 7, 1986 meeting, Board of Trustees

**PURCHASE OF REAL PROPERTY FOR WOSU--AM ANTENNA SITE
96.38 ACRES IN SOUTHWEST FRANKLIN COUNTY, OHIO (contd)**

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to purchase, in the name of the Board of Trustees, approximately 96.38 acres located off Gantz Road in southwest Franklin County, at a price not to exceed \$300,000.00 and under such terms and conditions as are deemed to be in the best interest of the University.

Upon motion of Mr. Kessler, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**IMPROVEMENTS IN MAJOR MEDICAL AND
VISION PROGRAM BENEFITS**

Resolution No. 87-54

Synopsis: Improvements in the major medical and vision program benefits are proposed.

WHEREAS the Board of Trustees in previous resolutions has awarded the coverage and subsequent improvements of the major medical program to the John Hancock Mutual Life Insurance Company and the vision program to Community Mutual Insurance Company; and

WHEREAS the Faculty Compensation and Benefits Committee along with other appropriate University offices has made a comparative analysis of the programs' components, and based on this review has recommended improvements to these programs:

NOW THEREFORE

BE IT RESOLVED, That the outpatient nervous and mental benefit of the major medical coverage for the conventional program and the University's Alternative Health Plan out-of-network benefits be improved from 80% of the first \$500 after applying the deductible to 80% of the first \$1200 after applying the deductible. The estimated annual cost of this improvement to the University is \$122,400. The vision program benefits be improved as follows:

	<u>Present</u>	<u>New</u>
Examination	\$ 25.00	\$ 30.00
Single Vision Lenses	30.00	45.00
Bifocals	40.00	70.00
Trifocals	60.00	70.00
Lenticular	100.00	100.00
Contact Lenses (if medically necessary)	160.00	100.00
Frames	25.00	30.00

The benefit frequency will remain at once every 24 months. The benefit may apply once every 12 months, if medically necessary, for individuals with the following medical conditions: myopia and esotropia for children, glaucoma and cataracts for adults.

The estimated annual cost of these benefit improvements to the University is \$53,067; the faculty/staff will pay the additional premium for their dependents; and

BE IT FURTHER RESOLVED, That effective January 1, 1987, the above benefit improvements be implemented under the group policies as underwritten by John Hancock Mutual Life Insurance Company and Community Mutual Insurance Company.

Mary L. Good

Mary L. Good is president of Engineered Materials Research for Allied-Signal, Inc., an advanced technology company whose primary businesses are in aerospace/electronics, automotive, and engineered materials. She is also president-elect of the American Chemical Society, the world's largest professional scientific organization devoted to a single discipline. Her professional activities have encompassed both academic and industrial scientific research and have included a continuing role in science policy at the national level.

A Texan by birth, Good grew up and was educated in Arkansas. After receiving a Ph.D. in inorganic chemistry from the University of Arkansas at Fayetteville in 1954, she began a career of teaching and research in chemistry and materials science with the Louisiana State University System and the University of New Orleans. Good moved into industry in 1980, becoming vice president and director of research at UOP, a company well known in the industry for its oil and gas processing technology.

Good's activities in science policy include service on the National Science Board and on several National Academy of Science panels and government advisory committees. Her service in other professional organizations includes five years as president of the Inorganic Division of the International Union of Pure and Applied Chemistry.

Good also has been active in the community, contributing service to such organizations as Zonta International, in which she serves as chair of the Amelia Earhart Awards Committee, and as a member of the Chicago Network. She is a member of the board of trustees of the Rensselaer Polytechnic Institute in Troy, New York, and of the board of directors of the Industrial Research Institute.

She was elected a fellow of the American Association for the Advancement of Science in 1986 and has received honorary doctoral degrees from the University of Arkansas, the University of Illinois-Chicago, and Clarkson University. The University is proud to welcome this very distinguished member of the scientific world to our campus today.

Recipients of Honors

Frederick J. Doyle Doctor of Science

Frederick J. Doyle is currently the senior advisor for cartography at the National Mapping Division of the U.S. Geological Survey in Reston, Virginia. He plans, directs, and performs research on aircraft and space sensors and ground processing systems for the National Mapping Program. He also is an adjunct professor of photogrammetry at George Washington University and Virginia Polytechnic Institute and State University. Prior to joining the survey in 1967, Doyle was an assistant professor of photogrammetry and first chairperson of the Department of Geodetic Science at Ohio State.

Born in Oak Park, Illinois, Doyle received his bachelor's degree in civil engineering *summa cum laude* in 1951. He studied at the International Training Centre for Aerial Survey in Delft, Netherlands, on a Fulbright Fellowship and did graduate work in mathematics at Ohio State and in astronomy at Georgetown University.

In recent years, Doyle's primary concerns have been the applications of satellites to reconnaissance and mapping. He was chairperson of the Apollo Orbital Science Photographic Team and received the NASA medal for exceptional scientific achievement for his work in lunar mapping. One of Doyle's most significant accomplishments was his work with the large format camera that was first flown on October 5, 1984, on Space Shuttle Mission STS-41-G, reflecting 20 years of research. Over 2,000 pictures were received by the world's mapping community, marking the first time that space photography suitable for maps was obtained for civilian purposes.

His scientific and leadership qualities have been recognized nationally and internationally by his election as president and honorary life member of the American Society of Photogrammetry and his service as secretary general and president of the International Society of Photogrammetry and Remote Sensing.

Doyle has received Meritorious and Distinguished Service Awards from the Department of the Interior, and an honorary Doctor of Engineering degree from the Technical University of Hannover, Federal Republic of Germany. The Ohio State University is delighted to recognize this very distinguished scientist, teacher, researcher, administrator, and former faculty member.

Arthur E. Adams Distinguished Service Award

Since 1970, when he joined Ohio State as the second dean of the College of Humanities, Arthur E. Adams has epitomized the outstanding service that helps to make Ohio State the institution it is today. Coming to Ohio State from Michigan State, Adams brought with him the ideals of liberal education, serious scholarship, and the notion of responsible faculty governance.

Under Adam's seven-year leadership, the College of Humanities nurtured and expanded departments in a time of difficult growth and change. Under his leadership, the Department of Black Studies and the Center for Comparative Studies were established. During his time, Adams was also a professor in the Department of History and continued to work on his own scholarly activities outside the University. These activities included membership on the Accreditation Commission of the American Council on Higher Education, the Board for Radio Free Europe/Radio Liberty, and the Midwestern Universities Consortium for International Activities.

Adams helped bring the University Senate, the governing body of the Ohio State faculty, into being during the early 1970s. Adams also contributed substantially to the development of the Office of Continuing Education, serving as vice provost from 1978-82 and expanding opportunities for education to non-traditional students. From 1982-84 he served as a special assistant to the president and the vice president for research and graduate studies, working toward the development of The Ohio State University Research Park. Adams retired from the University as professor emeritus of history in 1984.

Adams has served on many councils and committees within the University, and has published several books and numerous articles. He has traveled extensively in Europe and the USSR, attending many conferences with government and academic participants. Ohio State is grateful for his many years of dedication to academia and is pleased to extend this honor to him.

Recipients of Honors

Paul G. Craig Distinguished Service Award

Paul G. Craig is professor emeritus of public administration and economics at Ohio State. He served as a faculty member from 1951-70 and from 1972 until his retirement in 1980. Since then he has worked as a consultant in economic forecasting, regional economic analysis and financial analysis for banks, insurance companies, and government.

A native of Middletown, Craig received his bachelor's degree from Otterbein College and his master's and Ph.D. degrees in economics from Ohio State. He served as chairperson of the Department of Economics, as the first dean of the College of Social and Behavioral Sciences, and as the chairperson of the Coordinating Council of Deans for the Colleges of the Arts and Sciences.

Craig was a Ford Foundation Post-Doctoral Fellow in the Institute of Basic Mathematics for Application to Business at Harvard University. He is a member of Beta Gamma Sigma and Phi Beta Kappa. During his career at Ohio State, Craig developed the managerial economics course in the Executive Development Program. He also served on the Faculty Council and was president of the Faculty Club.

He has several civic and professional activities to his credit, including chairperson of the Advisory Committee for Economic Development for the Columbus Area Chamber of Commerce; member of the Ohio Citizens Council for Health and Welfare; member of the Universities Committee of the National Bureau of Economic Research; and trustee of Otterbein College. Craig's long years of service to the fields of economics, public administration, and higher education for business, and to Ohio State uniquely qualify him for this award.

Weldon A. Kefauver Distinguished Service Award

For twenty-six years Weldon A. Kefauver served Ohio State and the publishing world with special distinction as director of The Ohio State University Press. Under his leadership, the University Press has become one of the most well-respected academic presses in the country. Now director emeritus, Kefauver developed a series of publications in the humanities, social sciences, legal studies, and education.

Kefauver is responsible for the University Press' publication of Helen Hooven Santmyer's bestselling book . . . *And Ladies of the Club*,—a book which sold more copies than any other book originally published by a university press. He is well known for his ability to work with authors and editorial boards, for his high standards of excellence, and for nurturing young authors in the development of their work.

Kefauver has been recognized many times by his publishing peers. He has served on the board of directors and as president of the American Association of University Presses and has attended the Asian Conference on Publishing. He has often contributed to *Editor, Author, and Publisher* and has edited *Scholars and Their Publishers*.

He is the recipient of the Association of American University Presses Golden Fluke Award, the Association's Medal in 1984, the Johns Hopkins University Press Centennial Medal, a Citation from the Ohioana Library Association, and The Ohio State University Centennial Service Award.

Kefauver is an alumnus of The Ohio State University, a member of the Society of Scholarly Publishing, the Nathaniel Hawthorne Society, and the Association of American University Professors. He has instituted a great tradition of excellence for The Ohio State University Press. In recognition of his many years of outstanding dedication, Ohio State is pleased to present him with the Distinguished Service Award.

Graduates with Honors

Criteria for graduation with honors are as follows:

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

Cum Laude designates those graduating in the top 10% of the class (top 6% in the Colleges of the Arts and Sciences).

Summa Cum Laude designates those graduating in the top 3% of the class (top 1.5% in the Colleges of the Arts and Sciences).

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND TWENTY-SIXTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 4 and 5, 1986

The Board of Trustees met at its regular monthly meeting on Thursday, December 4, and Friday, December 5 1986, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

* * *
Minutes of the last meeting were approved.
* * *

December 4 and 5, 1986 meeting, Board of Trustees

The Chairman, Mr. Galbreath, called the meeting of the Board of Trustees to order on December 4, 1986, at 6:30 p.m. He requested the Secretary to call the roll. The meeting recessed into Executive Session for the purpose of considering legal issues and personnel-related matters.

Present: Daniel M. Galbreath, Chairman, Leonard J. Immke, John W. Berry, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, and John W. Kessler.

--0--

Mr. Galbreath reconvened the meeting on December 5, 1986, at 10:15 a.m.

Present: Daniel M. Galbreath, Chairman, Edmund C. Redman, Leonard J. Immke, John W. Berry, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, and Deborah E. Casto.

--0--

Mr. Galbreath:

Before we get too serious this morning, I would like to comment that I have served on this Board for eight and half years and one of the excitements about being at the head of the table is that I can be close to the coffee pot. And I note now that we are out of coffee. I was reminded by Ms. Casto that we are also out of heat. So Mr. Barone suggested that we have our February meeting in Florida and that you would all make it. We'll vote on that a little later on. I guess I really shouldn't have started it off that way, but it must be the Holiday spirit. One of our guests today is Mr. Michael Klepper, a senior in the Colleges of the Arts and Sciences, who would like to discuss something with us. Mr. Klepper, if you will please--

Mr. Klepper:

Thank you. House Bill 845 is a law that requires registration with the Selective Service if a person is to be charged in-state tuition and to receive state financial aid. This law will effectively stop the education of those non-registrants who are currently in school and will similarly influence those who are not yet in college. Ohio State will begin enforcing this law beginning next quarter. I would like to point out reasons why Ohio State shouldn't implement this law and to suggest possible actions that the Board of Trustees could initiate that would alleviate the effects of the law.

Now besides stopping the education of non-registrants, Ohio State should have reservations about implementing this law: some general considerations about the relationship between the individual and the State; considerations about the fairness of House Bill 845 and similar Selective Service laws; and considerations about how the relationship between the University and the State will change under this law. I will only go into detail on the last subject.

Under House Bill 845, state universities will not only be places of research and education, but also tools of coercion -- performing the job customarily done by the Justice Department.

December 4 and 5, 1986 meeting, Board of Trustees

Mr. Klepper: (contd)

So the state university will essentially become a policeman, which isn't its job. But even if it were, then why would untried and unconvicted non-registrants be barred from attending classes, while a tried and convicted murderer wouldn't be?

By preventing non-registrants from attending a university, the particular combination of philosophical, moral, political and religious beliefs that result in a non-registrant being a non-registrant, cannot become part of the academic landscape. Therefore, House Bill 845, in a sense, is a restriction on the communication of ideas. Also, this law could just be the tip of an iceberg. What is to prevent the Government from denying education to people on the grounds of other non-academic reasons, such as having AIDS or espousing world communism? And what is to prevent the Government from having universities implement other programs, for example, quota systems on admissions?

For these reasons, maybe Ohio State should do something other than blindly enforce the law. Now at the two extremes Ohio State could complacently enforce the law, or could outright refuse to enforce this. But intermediate reactions are possible, such as denying state aid to non-registrants, but refuse to raise tuition. Or, create an alternative financial aid package designed to alleviate the effects of House Bill 845. Other than just enforcing the law, the choice of creating an alternative financial aid seems to be the most legally safe, but that's for lawyers to decide. I think it is worth pointing out, though, that several universities, such as the Universities of California and Iowa, have chosen to do just this. It is also worth pointing out that the creation of an alternative financial aid program would not be in conflict with the Government's goal of attaining 100% draft registration compliance, but only in conflict with the means it employs.

So, I think, two things are needed: discussion to decide what action would be best, and if anything other than enforcing the law blindly is chosen in the determination, to follow through with that decision. Thank you. I will be willing to take any questions that you have.

Mr. Galbreath:

Thank you, Mr. Klepper. Let me ask one thing, is House Bill 845, is that a state or federal bill?

Mr. Klepper:

State bill.

President Jennings:

There are two laws. There is a state law that Michael described that requires out-of-state tuition for non-registrants unless, of course, there is an exception. There are exceptions for religion and that type of activity. The federal law makes one ineligible for federal financial aid if one is not a draft registrant.

December 4 and 5, 1986 meeting, Board of Trustees

Mr. Klepper:

I beg to differ with you, Mr. President. Draft registration is required of all people and there is no Conscientious Objector status.

President Jennings:

I thought there was a--

Mr. Teaford:

Not from registration.

President Jennings:

Not from registration, but you can get an exemption from service because of religious reasons.

Mr. Teaford:

If there was service connected with registration, you could get an exemption.

Mr. Galbreath:

Have both of these bills passed?

President Jennings:

Yes. They are law.

Mr. Teaford:

And the University is enforcing them.

President Jennings:

We are.

Mr. Teaford:

What penalty will the University suffer by not enforcing them?

President Jennings:

I don't think there is a penalty in the law, but obviously the State could force us.

Mr. Thompson:

There are two things: number one is, as you were saying, there could be an injunction action, for example, to require us to comply with the law. But the other penalty is, in essence, the loss of state subsidy if, in fact, we do not comply with this provision of the law.

Mr. Klepper:

But by creating an alternative financial aid program that uses

December 4 and 5, 1986 meeting, Board of Trustees

Mr. Klepper: (contd)

non-state funds, then Ohio State would still be enforcing the law, but the law wouldn't have as much impact as was intended to do so.

Mr. Thompson:

The difficulty, however, is -- you mentioned California and Iowa. Their state laws are different than the state law that has been enacted here. But the difficulty is, it's sort of a Catch-22, in a sense. If you provide the alternative financial aid, it is state aid, because it is coming from state funds. And therefore, you are in a never ending cycle as to how to -- in other words, you would not be eligible if you had not registered for the draft for that aid given to persons who have not registered, because it is state aid through the University.

President Jennings:

Independent of what the source of the money is.

Mr. Thompson:

Exactly.

Mr. Klepper:

I see --

Mr. Teaford:

I mean, as I understand it, the University is not at all happy that they have been put in the position of an enforcement tool of a Federal or State policy. To that extent we are certainly sympathetic to what you are saying, Mr. Klepper. If they want to have laws on that subject, they should enforce them themselves, rather than forcing us to do it. I think we are in a Catch-22, at this point.

President Jennings:

Yes, this both locally -- we have been opposed to that legislation and our national organizations have been opposed to that legislation -- not on political grounds, but on grounds of being an enforcement agent that we are not equipped to deal with. As a matter of fact, the problem with this is just not a denial of students, it is very costly to invoke these enforcement mechanisms.

Mr. Galbreath:

Thank you, Mr. Klepper. I appreciate your being here and that you would go through the proper channels to come before us and we encourage that participation. Thank you very much.

--0--

December 4 and 5, 1986 meeting, Board of Trustees

Mr. Galbreath: (contd)

We have another special guest, Malcolm Baroway, who has a presentation to make to us.

Mr. Baroway:

Thank you, Mr. Galbreath. I will be, in a moment, presenting a new logo or symbol for the University. Appropriately, last night, those of you who might have been watching television after the basketball game, you might have seen OSU play Missouri, and I'm not sure who won. The score was ten to six in favor of OSU at about midnight when I turned it off. OSU, of course, was Oklahoma State University. It was on national television and millions of people were watching. I will be presenting a brief rationale and slides here as to why we have decided to make a new logo for the University. If I can have the slides.

Basically, we are in visual society now in which an institution can have a name -- an oral name, but an institution also has a visual name, a visual identity. And of course, the first types of institutions that recognized that in this country were institutions that themselves were visual -- newspapers. So if you might close your eyes at sometime and try to visualize the Wall Street Journal or the New York Times or The Columbus Dispatch, you will probably see a type face. If you do the same in magazines, you see a type face in which the name of the institution is identified with the way it looks. And, of course, in the corporate world DuPont, E. F. Hutton, Eaton, there are thousands of examples, Kodak, Coca Cola, Giorgio.

Since 1977, the Ohio State identification has purely been OSU. There is really nothing wrong with OSU, it has a classic identification in itself. But there are at least three OSU's with national identity -- some people have said that there is a fourth OSU. Anytime that we present OSU, the symbol, as an identity, we have to attach the caveat, The Ohio State University, as far as using it on University publications, on television spots that we produce for the bowl games for national television, and they are getting more and more numerous. In case you wonder whether other universities who are sometimes known by initials, have an identity, a visual look to the name, most of them do. Here is an example. We took it off some ads in the Chronicle of Higher Education. NYU is, of course, NYU to a lot of people, but it has a visual look, New York University. University of Pittsburgh is Pitt to a lot of people, but it has a University of Pittsburgh identity, as does Harvard, as does Illinois, as does Iowa, as do most of the institutions. Here are some examples, some of them right from our State -- Kent State, Wright State, Toledo, Miami University, and we just grabbed a few others there, that have a visual identity for the name of the institution.

Our identity has been since 1977, OSU. And there certainly are still reasons for that application. And to add an identity -- we are not in anyway going to take the OSU off of Larkins Hall or to eliminate some of the major ones. But over time, we will phase in a different logo in the many situations in which you see OSU on campus, in other materials and situations -- the

December 4 and 5, 1986 meeting, Board of Trustees

Mr. Baroway: (contd)

University buses, signage. That is the back of University publications (slide), of which we produce, in our office alone, about 500 a year. We are presenting to you a classic identity -- The Ohio State University. It is a version of a type face called palatino. It exemplifies, to me, an institution that has a history, that is classic, that is excellent, and one that is classic in itself.

These are some examples of letterheads that we have set up for the identity and there are, I believe you have seen, some calling cards. The words "Ohio State" can be plucked out of the logo itself and used in certain applications. That is the same type face without the box. And there will be applications for the Ohio State in a more informal situation. That is the logo and that is the end of the presentation. We have a classic item to distribute at the end of the meeting and that would be the first Ohio State University T-shirts with the new logo on it, which we had produced -- in the tradition of student government -- for this meeting.

Mrs. Bowser:

When they write the history of your Presidency --

President Jennings:

Now watch it, Shirley --

Mrs. Bowser:

You are going to go down as having taken Columbus out of the seal, and now the new logo -- got rid of OSU.

Mr. Galbreath:

Everybody has to be known for something. Mr. President, is this open for debate? You know I would like to ask, I noticed that two of the letters in State are joined together is that by the style that you talk about, whatever that name was?

Mr. Baroway:

That's right, that was done on purpose. It is combining them to unify the letters, so you get a feeling of a whole word there, as opposed to separate letters.

Mr. Galbreath:

That is not a gimmicky thing, that's the style of script that you are using?

Mr. Baroway:

That was done on purpose. It takes the letters and closes them up so that they are connected, yes, Sir.

Mrs. Bowser:

You have four letters in Ohio and you are trying to condense the

Mrs. Bowser: (contd)

five letters of State, I judge?

Mr. Baroway:

We are trying to condense them so that they take the same horizontal space, that is correct.

Mrs. Bowser:

Now what I want to know is, are we going to have the band change the Script Ohio?

Mr. Baroway:

This does not change the registered and liscenced symbols of the institution -- Script Ohio, the Block O, the University Seal, Brutus Buckeye. These are all registered. We don't lose them, we simply gain another symbol that we will use as a symbol for the institutional name.

Mr. Galbreath:

Shirley, rumor has it that the only other change in Script Ohio is that the President is going to dot the "i." Thank you, Malcolm.

AMENDMENTS TO THE BYLAWS OF THE BOARD OF TRUSTEES
AND RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-57

Synopsis: Amendments to the Bylaws of the Board of Trustees and Rules of the University Faculty are proposed.

WHEREAS the Vice President for Academic Affairs and Provost has made recommendations regarding the reorganization of the administration for the Regional Campuses and the Colleges of the Arts and Sciences which resulted in the creation of the new titles of Coordinating Dean for Regional Campuses, Coordinating Dean for Arts and Sciences, and Dean for Undergraduate Studies for Arts and Sciences; and

WHEREAS pursuant to rule 3335-1-09 of the Administrative Code and upon recommendation of the President, the following changes in bylaw 3335-1-03 (Q), and rules 3335-3-22, 3335-3-261, 3335-3-28, 3335-3-291, 3335-3-30, and 3335-5-091, rescission of rule 3335-3-175 and the creation of new rules 3335-3-262 and 3335-3-301 are proposed as follows:

BYLAW

3335-1-03 Administration of the university.

(Q) Council of deans.

- (1) The president of the university, the vice president for academic affairs and provost, the deans of the colleges, the

vice president for research and graduate studies, the dean of the graduate school, the deans and directors of the regional campuses, the dean for undergraduate studies for arts and sciences, and the director of libraries shall comprise the council of deans of the university. The president shall be chairperson of the council, the vice president for academic affairs and provost shall be vice chairperson, and the vice president for academic affairs and provost's designee shall serve as secretary. In the temporary absence of the president, the duties of the presiding officer shall be assumed by the vice president for academic affairs and provost.

- (2) The council of deans shall meet on the call of the chairperson. The council of deans shall serve as an advisory council to the president.

RULES

3335-3-175 to be rescinded.

3335-3-22 Council of deans.

- (A) The president of the university, the vice president for academic affairs and provost, the deans of the colleges, the vice president for research and graduate studies, the dean of the graduate school, the deans and directors of the regional campuses, the dean for undergraduate studies for arts and sciences, and the director of libraries shall comprise the council of deans of the university. The president shall be chairperson of the council, the vice president for academic affairs and provost shall be vice chairperson, and the vice president for academic affairs and provost's designee shall serve as secretary. In the temporary absence of the president, the duties of the presiding officer shall be assumed by the vice president for academic affairs and provost.

- (B) The council of deans shall meet on the call of the chairperson. The council of deans shall serve as an advisory council to the president.

3335-3-261 Establishment of regional campuses.

- (A) There shall be four regional campuses of the university located at Lima, Mansfield, Marion, and Newark, Ohio. The administrative head of each regional campus shall be a dean and director.
- (B) The four regional campuses shall be administered separately by their respective deans and directors. However, matters of common concern to the regional campuses shall be coordinated through a coordinating council of regional campus deans and directors. The coordinating dean for regional campuses, created in rule 3335-3-262 of the Administrative Code, shall serve as chairperson of the council.

3335-3-262 Coordinating dean for regional campuses.

- (A) There shall be a coordinating dean for regional campuses. The coordinating dean shall be appointed from among the four regional campus deans and directors by the vice president for academic

affairs and provost in consultation with the president to serve a two-year term and shall be eligible for reappointment.

- (B) The coordinating dean for regional campuses shall report to the vice president for academic affairs and provost.
- (C) The coordinating dean for regional campuses shall serve as chairperson of the coordinating council of regional campus deans and directors (see rule 3335-3-261 of the Administrative Code).
- (D) The coordinating dean for regional campuses shall also be responsible for such other matters pertinent to the regional campus which may be designated by the vice president for academic affairs and provost.

3335-3-28 Organization of the colleges of the arts and sciences.

- (A) The colleges of the arts and sciences shall consist of: the five colleges so designated by rule 3335-3-26 of the Administrative Code; the faculty of the arts and sciences as created by rules 3335-5-26 to 3335-5-28 of the Administrative Code; and a coordinating council of deans comprised of the deans of the five colleges and the dean for undergraduate studies for arts and sciences as created by rule 3335-3-301 of the Administrative Code.
- (B) The five colleges in the arts and sciences shall be administered separately by their respective deans, and their individual faculties shall have jurisdiction over college academic programs and the nature and content of courses offered. However, matters of common concern to the several colleges shall be coordinated through the coordinating council of deans. The coordinating dean for arts and sciences, created by rule 3335-3-30 of the Administrative Code, shall serve as chairperson of the coordinating council of deans.
- (C) Student personnel services and student records for the colleges of the arts and sciences shall be administered by the colleges of the arts and sciences.

3335-3-291 Dean and director of a regional campus.

- (A) There shall be a dean and director of each regional campus who shall be a member of its faculty and the administrative head of the regional campus. The dean and director shall be appointed by the board of trustees upon nomination of the vice president for academic affairs and provost in consultation with the president. Before making this nomination, the vice president for academic affairs and provost or designee shall confer with the regional campus faculty, the department or school in which the faculty appointment would be made, and shall consider the recommendations of the deans of the colleges with regular faculty assigned to that campus.
- (B) The major responsibility of each regional campus dean and director shall be that of providing active leadership in the promotion, direction, and support of educational activities and research opportunities, in the maintenance of a high level of morale among the faculty, and in the encouragement of the spirit of learning among the students. In addition the dean and director shall have

AND RULES OF THE UNIVERSITY FACULTY (contd)

administrative responsibility for the program of the regional campus subject to the approval of the vice president for academic affairs and provost or designee, the president, and the board of trustees.

These administrative responsibilities shall include the duty:

- (1) To preside at meetings of the faculty executive committee and to appoint members to regional campus committees unless the method of selection is determined by the Administrative Code or by the regional campus faculty.
- (2) To develop in consultation with the faculty a pattern of administration for the regional campus following the principles set forth in paragraph (B)(2) of rule 3335-3-35 of the Administrative Code.
- (3) To communicate to the regional campus community the educational programs, standards, and policies of the campus and the university.
- (4) To establish the extent and variety of course offerings on the regional campus in consultation with the vice president for academic affairs and provost or designee, the appropriate college deans, department chairpersons or school directors, and the faculty of the regional campus.
- (5) To consult with the appropriate college dean and department chairperson or school director and to jointly offer employment to prospective faculty members assigned to the campus.
- (6) To assist the appropriate college deans, department chairpersons, and school directors in the annual review of all faculty assigned to the regional campus. This assistance shall include a written evaluation of the faculty member's teaching, research, and service activities on and for the regional campus. The regional campus dean and director shall be consulted when a regional campus faculty member is being considered for promotion and tenure and may suggest such candidates to the appropriate chairpersons and directors.
- (7) To prepare and administer the regional campus budget in consultation with the regional campus faculty budget committee; to consult with the appropriate chairperson or director regarding faculty salary recommendations; to be responsible for the management, maintenance, and security of the physical plant and capital equipment of the regional campus.
- (8) To maintain liaison with community councils and agencies and to garner support of regional campus programs and activities.
- (9) To develop, promote, and maintain educational, cultural, and service programs with approval of the appropriate university bodies and administrative officials. The dean and director shall review all such programs periodically.
- (10) Consult with the coordinating dean for regional campuses on matters of common concern to the regional campuses.

AND RULES OF THE UNIVERSITY FACULTY (contd)

- (C) The dean and director shall also be responsible for such other matters pertinent to the regional campus which may be designated by the vice president for academic affairs and provost or designee.

3335-3-30 Coordinating dean for arts and sciences.

- (A) There shall be a coordinating dean for arts and sciences who shall be a member of the coordinating council of deans for arts and sciences. The coordinating dean shall be appointed by the vice president for academic affairs and provost, in consultation with the president, for a two-year term and shall be eligible for reappointment.
- (B) The coordinating dean for arts and sciences shall report to the vice president for academic affairs and provost.
- (C) The coordinating dean for arts and sciences shall serve as chairperson of the coordinating council of deans of the colleges of the arts and sciences (see rule 3335-3-28 of the Administrative Code).
- (D) The coordinating dean for arts and sciences shall also be responsible for such other matters pertinent to the arts and sciences which may be designated by the vice president for academic affairs and provost.

3335-3-301 Dean for undergraduate studies for arts and sciences.

- (A) There shall be a dean for undergraduate studies for arts and sciences who shall be a member of the faculty of the arts and sciences charged with implementing policies of the faculty as set forth in paragraphs (E) and (F) of this rule. The dean for undergraduate studies shall be appointed by the board of trustees upon nomination by the vice president for academic affairs and provost in consultation with the president. Before making this nomination, the vice president for academic affairs and provost shall confer with members of the faculty of the arts and sciences.
- (B) The dean for undergraduate studies for arts and sciences shall report to the coordinating dean for arts and sciences.
- (C) The dean for undergraduate studies for arts and sciences shall be a voting member of the coordinating council of deans of the colleges of the arts and sciences (see rule 3335-3-28 of the Administrative Code).
- (D) The dean for undergraduate studies for arts and sciences shall implement policies of the faculty of the arts and sciences with respect to the following:
- (1) Curricula and requirements for "untagged" baccalaureate programs and development of new and useful programs in this area.
 - (2) Basic education requirements for all undergraduate students.
 - (3) The retention and further development of curricula assigned specifically for the general education of undergraduate

students.

- (4) A general honors program for the arts and sciences.
 - (5) Counseling and record services and attendant procedures.
 - (6) Coordination of student intercollege transfers involving the arts and sciences.
- (E) The dean for undergraduate studies for arts and sciences shall be responsible for the fulfillment and certification of the untagged degree requirements in the arts and sciences.
- (F) The dean for undergraduate studies for arts and sciences shall, in cooperation with the dean of university college, be responsible for the coordination of university college counseling and curricular development with that of the arts and sciences. Specifically, the dean for undergraduate studies shall keep university college informed of all changes in curricular requirements and other matters pertaining to academic counseling, and in this manner assist in achieving consistency of counseling in the university college with that in the arts and sciences.
- (G) The dean for undergraduate studies for arts and sciences shall be consulted by the deans of the individual colleges on personnel matters relating to faculty primarily engaged in undergraduate instruction.
- (H) With the approval of the faculty of the arts and sciences, or its designated representative body and the coordinating dean of arts and sciences, the dean for undergraduate studies may appoint committees from the faculty of the arts and sciences to work with him/her in the implementation of those policy areas as outlined in paragraph (D) of this rule. Should there be established a curriculum committee of the faculty of the arts and sciences, the dean for undergraduate studies shall serve as its chairperson ex officio.
- (I) The dean for undergraduate studies for arts and sciences shall also be responsible for such other matters pertinent to the arts and sciences which may be designated by the coordinating dean for arts and sciences.

3335-5-091 Communication with the vice president for academic affairs and provost.

- (A) Each faculty member assigned to a regional campus shall have the right to transmit, through the dean and director, to the vice president for academic affairs and provost or designee, any communication bearing upon the work in which he/she is personally engaged, and the dean and director shall promptly transmit to the vice president for academic affairs and provost or designee any communication so received. For faculty with the rank of professor, this usual method of communication may be altered in an individual case.
- (B) This rule shall in no way limit the vice president for academic affairs and provost or designee in communicating with the regional

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-58

Synopsis: Amendments to rule 3335-9-22 of the Rules of the University Faculty are proposed.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty; and

WHEREAS the University Senate approved changes to rule 3335-9-22 of the Rules of the University Faculty on December 7, 1985, as follows:

3335-9-22 Group absences.

- (A) Whenever possible, group absences shall be planned so that they do not conflict with regularly scheduled classes.
- (B) Group absences which are a necessary part of a class scheduled in the university must be authorized by the chairperson of the department or director of the school in which the class is scheduled.

Group absences which are a necessary part of a non-class function of the university must be authorized by the office of student programs and development who coordinates all student activities. In the latter instance, the person authorizing the absence shall file in the office of student programs and development, a letter containing: a list of names of all of the students involved, the dates and times of the absence, and a complete explanation of the purpose of the absence. The person authorizing the absence shall distribute a copy of this letter to each student involved in the group absence.

The student may then present his copy of the letter to each instructor of the classes from which the student will be absent. This letter may be the basis of an excuse for an absence from class under the policies provided in rule 3335-9-21 of the Administrative Code.

NOW THEREFORE

BE IT RESOLVED, That rule 3335-9-22 of the Rules of the University Faculty be amended as approved by the University Senate.

RESOLUTION IN MEMORIAM

Resolution No. 87-60

Synopsis: A resolution honoring the service of one of the University's faculty members who has recently died is being proposed.

RESOLVED, That the Board adopt the following Resolution in Memoriam and that the President be requested to convey a copy to the family of the deceased.

H. Wayne Ramsey

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 18, 1986, of H. Wayne Ramsey, Professor Emeritus in the School of Music.

Dr. Ramsey was originally from New Concord, Ohio, where he attended public school and subsequently graduated from Muskingum College. He taught in public schools within Ohio, prior to receiving his Master's and Ph.D. degrees from The Ohio State University. Dr. Ramsey was an instructor in vocal and instrumental music in the University School at The Ohio State University from 1950 to 1952; a faculty member in the School of Music, Music Education Division, from 1952 until his retirement in 1984; and Chairman of the Music Education Division from 1969 to 1975. He was a veteran of WW II, serving in the U.S. Army 716th Tank Battalion. Dr. Ramsey was an elder in the Overbrook Presbyterian Church and also attended Xenos Christian Fellowship.

Dr. Ramsey was active in his service to the music education profession. For the Ohio Music Education Association he served as treasurer and convention chairman; and was member of executive, junior high school, higher education, curriculum, and district reorganization committees. He served as a member of the Music Educators National Conference advisory board for the National Council on Instruction. He also served as clinician, consultant and advisor to schools and organizations too numerous to mention, and was a frequent member of various accreditation teams. Dr. Ramsey was a student-centered professor, and encouraged many of those students showing promise to consider teaching in urban settings.

Wayne Ramsey worked diligently for his profession, and it was often his presence and wisdom that provided the needed momentum and perspective in developing a receptive climate for music education for all students within Ohio. Further recognizing his contributions to music education within the State, the Ohio Music Education Association awarded him the prestigious Distinguished Service Award at their 1984 annual conference held in Dayton.

Dr. H. Wayne Ramsey's contributions during his lifetime have proven repeatedly that he cared about people, and that he cared enough to devote the necessary time to assure, as best he could, that the present and future generations of school-age children receive quality music education instruction. It is because of his caring, quite, unrelenting advocacy that he will be deeply missed by his colleagues and students.

On behalf of the University, the Board of Trustees express to the family its sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

cellular genetics who will hold a joint appointment in the departments of microbiology and plant pathology. The person named to this position must have experience in the interfacing of plant tissue culture and cellular genetics laboratory research with the applied plant sciences on the development of value added plant varieties for industry. Appointment to this position will be recommended by the Dean of the College of Biological Sciences to the Provost and President and approved by the Board of Trustees.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the Department of Microbiology.

The Harry C. Moores Scholarship Fund

The Harry C. Moores Scholarship Fund was established December 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from The Harry C. Moores Foundation.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund Harry C. Moores Scholarships in the field of education. Scholarship assistance will cover the cost of tuition and books for academically gifted students in a teacher certification program. Selection shall be made by the College of Education Scholarship Committee in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Education.

The Richard Delaney Athletic Scholarship Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the family and friends in honor and memory of Richard Delaney (OSU Associate Athletic Director, 1970-1985). The description was changed December 5, 1986.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarship assistance to undergraduate students in good standing who are participating in a varsity sports program. Selection of the recipient(s) is to be made by the Director of Athletics in cooperation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the athletic program at The Ohio State University.

Marian K. Thomas Horticulture Fund

The Marian K. Thomas Horticulture Fund was established September 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mrs. Marian K. Thomas of Columbus, Ohio. The description was changed December 5, 1986.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships to one or more undergraduate students in the area of landscape horticulture. Selections shall be made by the faculty of the Horticulture Department in consultation with the Assistant Dean for Student Affairs in the College

PERS EARLY RETIREMENT INCENTIVE PROGRAM

Resolution No. 87-68

Synopsis: PERS Early Retirement Incentive Program is proposed.

WHEREAS the Ohio General Assembly enacted Amended Substitute House Bill 706 which enables State agencies and institutions of higher education to establish retirement incentive plans for individuals at their respective institutions who are members of the Public Employees Retirement System (PERS); and

WHEREAS The Ohio State University desires to adopt such a retirement incentive plan in order to provide more flexibility in its long term planning for its human resource needs; and

WHEREAS pursuant to Section 145.297 of the Ohio Revised Code the University desires to purchase service credit for eligible PERS members electing to retire under the proposed early retirement plan in an amount not to exceed the lesser of five (5) years or one-fifth of the individual's total service credited by PERS; and

WHEREAS the number of persons for whom the University wishes to purchase credit in any calendar year under this plan will be limited to five percent (5%) of the total number of the University's current PERS membership, and further that if the total number of persons applying for this program exceeds the five percent (5%) maximum, then approval for participation will be determined in accordance with Section 145.297 (C):

NOW THEREFORE

BE IT RESOLVED, That upon the Governor's signature of the referenced legislation and the promulgation of rules by the Public Employees Retirement System Board, the President and/or Vice President for Personnel Services will issue policy guidelines to implement a PERS early retirement program consistent with this resolution to be effective from the date of such issuance and continuing through October 31, 1988; and

BE IT FURTHER RESOLVED, That those individuals who retire under this plan will not be eligible for re-employment with the University.

December 4 and 5, 1986 meeting, Board of Trustees

**AUTHORIZATION OF AMENDMENTS TO THE FIRST SUPPLEMENTAL
TRUST INDENTURE AND THE STANDBY BOND PURCHASE AND
TERM LOAN AGREEMENT RELATING TO THE VARIABLE RATE DEMAND
GENERAL RECEIPTS BONDS, SERIES 1985 B OF THE OHIO STATE UNIVERSITY
Resolution No. 87-70**

Synopsis: Providing for certain amendments to the First Supplemental Trust Indenture, dated as of December 30, 1985 (the "First Supplemental Indenture"), by and between The Ohio State University (the "University") and The Huntington National Bank (the "Trustee"), and the Standby Bond Purchase and Term Loan Agreement (the "Standby Agreement"), dated as of December 30, 1985, by and between the University and The Industrial Bank of Japan, Limited, New York Branch (the "Bank"), for the purpose of complying with new rating criteria recently instituted by Moody's Investors Service, Inc. ("Moody's"), thereby enabling Moody's to provide a rating higher than would otherwise be assigned to the \$42,500,000 The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1985 B (the "Series 1985 B Bonds") and permitting the University to market the Series 1985 B Bonds at the lowest interest rate possible.

WHEREAS on December 6, 1985, the Board of Trustees (the "Board") of the University adopted a resolution authorizing the issuance of the Series 1985 B Bonds (the "Series 1985 B Bond Resolution"); and

WHEREAS the Series 1985 B Bonds are secured by a Trust Indenture, dated as of November 15, 1985, by and between the Trustee and the University (the "Original Indenture"), as supplemented by the First Supplemental Indenture (the "First Supplemental Indenture," together with the "Original Indenture," being referred to herein as the "Indenture"); and

WHEREAS pursuant to the Series 1985 B Bond Resolution and the Indenture, the University and the Bank entered into the Standby Agreement; and

WHEREAS Moody's has recently instituted new criteria for rating bonds bearing interest at a variable rate, the repurchase of which is backed by liquidity facilities similar in form to the Standby Agreement; and

WHEREAS the Board has determined that it is in the best interests of the University to authorize certain amendments to the First Supplemental Indenture and the Standby Agreement for the purpose of complying with new rating criteria recently instituted by Moody's, thereby enabling Moody's to provide a rating higher than would otherwise be assigned to the Series 1985 B Bonds and permitting the University to market the Series 1985 B Bonds at the lowest interest rate possible:

NOW THEREFORE

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE OHIO STATE UNIVERSITY, as follows:

Section 1. Definitions and Interpretations. All words and terms defined in the Indenture and the Series 1985 B Bond Resolution and all interpretations therein provided shall have in this Resolution the same meanings, respectively, and be subject to the same interpretations as therein provided or used, unless the context or use clearly indicates another or different meaning or intent.

**AUTHORIZATION OF AMENDMENTS TO THE FIRST SUPPLEMENTAL
TRUST INDENTURE AND THE STANDBY BOND PURCHASE AND
TERM LOAN AGREEMENT RELATING TO THE VARIABLE RATE DEMAND
GENERAL RECEIPTS BONDS, SERIES 1985 B OF THE OHIO STATE UNIVERSITY (contd)**

Section 2. The Amendment Agreement. The First Supplemental Indenture will be amended in accordance with the provisions of an Amendment Agreement, dated as of December 1, 1986, by and between the Bank and the University (the "Amendment Agreement"). The form of Amendment Agreement now on file with the Secretary of the Board is hereby approved, together with any changes therein and completions thereof which are not inconsistent with this Resolution and not substantially adverse to the University, and as are approved on behalf of the University by the Chairman of the Board (the "Chairman") or the Treasurer. The approval on behalf of the University of those changes and completions by the Chairman or the Treasurer, and the status of those changes as not substantially adverse to the University, shall be conclusively evidenced by the execution of the Amendment Agreement on behalf of the University by the Chairman or the Treasurer.

Section 3. Restated Standby Bond Purchase and Term Loan Agreement. The Standby Agreement has been amended to reflect the new Moody's rating criteria and shall hereafter be in the form of the Restated Standby Bond Purchase and Term Loan Agreement, dated as of December 1, 1986, by and between the University and the Bank (the "Restated Standby Agreement"). The form of Restated Standby Agreement now on file with the Secretary of the Board is hereby approved, together with any changes therein and completions thereof which are not inconsistent with this Resolution and not substantially adverse to the University, and as are approved on behalf of the University by the Chairman or the Treasurer. The approval on behalf of the University of those changes and completions by the Chairman or the Treasurer, and the status of those changes as not substantially adverse to the University, shall be conclusively evidenced by the execution of the Restated Standby Agreement on behalf of the University by the Chairman or the Treasurer.

Section 4. Text of Resolution. The text of this Resolution authorizing the execution of the Amendment Agreement and the Restated Standby Agreement and related acts by the University may be changed for the purpose of curing any ambiguity, inconsistency or formal defect or omission in this Resolution or in respect of this Resolution as it relates to the Amendment Agreement or the Restated Standby Agreement. Such changes shall be subject to the approval of the Chairman or the Treasurer as being changes not substantially adverse to the University or contrary to the true intent and meaning hereof and shall be acceptable to Bond Counsel.

Section 5. Open Meeting Determination. It is found and determined that all formal actions of the Board concerning or relating to the adoption of this Resolution were adopted in an open meeting of the Board, and that all deliberations of the Board and of any of its committees that resulted in such formal action were in meetings opened to the public, in compliance with all legal requirements including Section 121.22 of the Revised Code.

Section 6. Effective Date. This Resolution shall take effect and be enforced immediately upon its adoption.

Mr. Galbreath made the following statement:

I would like to make a couple of remarks. In addition, Scottie, I appreciate the coffee and the warm feet. On a very serious note, Len, as a member of our Board, it is particularly significant and I would like to acknowledge and thank you for that very generous gift. It is very special indeed.

Also, I think it is appropriate to acknowledge and congratulate all those who were involved in winning a berth at the Cotton Bowl. I personally was disappointed in, by about 3 feet, not going to California. But being the first Big 10 school to be represented in the Cotton Bowl, I think, is a distinct pleasure and privilege for us. I hope we can have a pretty good turnout down there. I know we will as fans, and Scottie, you have a good program going for the administrative group and I will look forward to being there.

And lastly, I would like to wish all of you a very Merry Christmas, a healthy and happy New Year, and I look forward to seeing you at our next meeting. Unless you hear from us further, it will be here in Ohio, February 5 and 6, on the same premises here.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND TWENTY-SEVENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 5 and 6, 1987

The Board of Trustees met at its regular monthly meeting on Thursday, February 5, and Friday, February 6 1987, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

* * *
Minutes of the last meeting were approved.

* * *

February 5 and 6, 1987 meeting, Board of Trustees

Trustee Leonard J. Immke, called the meeting of the Board of Trustees to order on February 5, 1987, at 4:05 p.m. He requested the Secretary to call the roll. The meeting recessed into Executive Session for the purpose of considering legal issues and personnel-related matters.

Present: Leonard J. Immke, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, and Deborah E. Casto.

--0--

Mr. Galbreath reconvened the meeting on February 6, 1987, at 10:30 a.m.

Present: Daniel M. Galbreath, Chairman, Edmund C. Redman, Leonard J. Immke, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, and John W. Kessler.

Mr. Galbreath:

Even though we are somewhat behind schedule, we have dealt with some very heavy subjects here. On the lighter side -- since this is our first visit since the New Year, I want to wish you all a happy New Year -- and acknowledge the fact that it couldn't have started any better for us in Dallas on January 1. It was a great effort on the part of our football team and I think, last night's basketball game was almost as good, as well. We have started this year off pretty well.

AMENDMENTS TO THE BYLAWS OF THE BOARD OF TRUSTEES
AND RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-75

Synopsis: Amendments to the Bylaws of the Board of Trustees and Rules of the University Faculty are proposed.

WHEREAS the Board of Trustees approved a change in titles and responsibilities for several administrative positions at its last meeting; and

WHEREAS these changes and several minor changes in title and responsibility in various administrative areas and programs now require the modification of the existing Bylaws of the Board of Trustees and Rules of the University Faculty, as follows:

BYLAWS

3335-1-01 Meetings of the board of trustees.

- (A) Regular meetings. Unless otherwise specified by the chairman, regular meetings of the board of trustees shall be held on the first Friday of each month except the month of August, during which there will be no regular meeting.
- (B) Special meetings. Special meetings of the board of trustees shall be held upon call of the chairman. Special meetings may be called by the chairman on his own initiative and shall be called by the chairman, upon written request of three members of the board.
- (C) Time and place of meetings. Unless otherwise specified in the notice of meeting, all meetings of the board shall be held at the Ohio state university at such time as is designated in the notice of meetings.

Balance unchanged.

3335-1-03 Administration of the university.

- (A) through (G) unchanged.
- (H) Vice president for business and administration. The major area of responsibility and authority of the vice president for business and administration shall be that of the administration of the university operations. Without limiting the generality of the foregoing, the vice president for business and administration shall, under the direction of the president and with the approval of the board of trustees, be responsible and have the requisite authority for: the conduct and evaluation of all business and administrative activities and procedures, including management improvement programs; internal auditing; contracts administration; business management; business services; the development, allocation, utilization, and maintenance

of the physical facilities; university public safety; university systems; the operation of the Fawcett center for tomorrow; the operation of university air transportation services; the coordination of all matters administratively assigned to the other vice presidents which relate to the business and administrative areas of the university.

- (I) Unchanged.
- (J) Vice president for personnel services. The major area of responsibility and authority of the vice president for personnel services shall be that of the administration of the personnel services of the university. Without limiting the generality of the foregoing, the vice president for personnel services shall, under the direction of the president and subject to the approval of the board of trustees, be responsible and have the requisite authority for: benefits administration which includes the various insurance programs for the faculty, staff, and students; the employee assistance program; classification administration including determining which employees and positions are to be in the unclassified and classified service; professional employment services; staff employment services; employee relations, including negotiating with the labor unions; personnel research and information; compensation administration; payroll; and the child care program. Pursuant to the provisions of Chapter 124. of the Ohio Revised Code, the vice president for personnel services shall serve as the appointing authority for classified civil service employees of the university. In addition to the above the vice president for personnel services, along with other members of the staff designated by the president, shall provide such assistance as may be deemed appropriate for the implementation of programs related to affirmative action at the university.

Balance unchanged.

3335-1-04 The faculty and staff.

- (A) University faculty; membership.
- (1) As used in these bylaws and in the "Rules of the University Faculty," the term faculty shall include persons with regular, regular clinical, auxiliary, and emeritus faculty titles on full or part-time appointments with or without salary.
- (2) For purposes of the legislative authority described in paragraph (B) of this rule, the term university faculty shall mean all regular faculty, the president, members of the president's staff serving at his pleasure and designated as executive heads of offices, the deans of the colleges and of the graduate school, and the dean for undergraduate studies for arts and sciences.

RULES

3335-3-08 Vice president for business and administration.

- (A) The vice president for business and administration shall be the

executive head of the office of business and administration.

- (B) The major area of responsibility and authority of the vice president for business and administration shall be that of the administration of the university operations. Without limiting the generality of the foregoing, the vice president for business and administration shall, under the direction of the president and with the approval of the board of trustees, be responsible and have the requisite authority for: the conduct and evaluation of all business and administrative activities and procedures, including management improvement programs; internal auditing; contracts administration; business management; business services; the development, allocation, utilization, and maintenance of the physical facilities; university public safety; university systems; the operation of the Fawcett center for tomorrow; the operation of the university air transportation services; and the coordination of all matters administratively assigned to the other vice presidents which relate to the business and administrative areas of the university.
- (C) The principal administrative officials of the office of business and administration shall include the assistant vice president, administration; assistant vice president, physical facilities; assistant vice president, university architect; assistant vice president, university public safety; assistant vice president, business management; assistant vice president, business services; assistant vice president, university systems; director, contracts administration; director, internal auditing; and such other associates as may be authorized from time to time.

3335-3-14 Vice president for personnel services.

- (A) The vice president for personnel services shall be the executive head of the office of personnel services.
- (B) The major area of responsibility and authority of the vice president for personnel services shall be that of the administration of the personnel services of the university. Without limiting the generality of the foregoing, the vice president for personnel services shall, under the direction of the president and subject to the approval of the board of trustees, be responsible and have the requisite authority for: benefits administration which includes the various insurance programs for the faculty, staff, and students; the employee assistance program; classification administration including determining which employees and positions are to be in the unclassified and classified service; professional employment services; staff employment services; employee relations, including negotiating with the labor unions; personnel research and information; compensation administration; payroll; and the child care program. Pursuant to the provisions of Chapter 124. of the Ohio Revised Code, the vice president for personnel services shall serve as the appointing authority for classified civil service employees of the university. In addition to the above the vice president for personnel services, along with other members of the staff designated by the president, shall provide such assistance as may be deemed appropriate for the implementation of programs related to affirmative action at the university.

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE BYLAWS OF THE BOARD OF TRUSTEES
AND RULES OF THE UNIVERSITY FACULTY (contd)

- (C) The principal administrative officials of the office of personnel services shall include the associate vice president; assistant vice president; assistant vice president of compensation services; director of employment services; director of staff relations; director of benefits administration; director of personnel systems and research; director of classification services; director of the child care center; and such other associates as may be authorized from time to time.

3335-3-153 Vice president for university communications and development.

- (A) The vice president for university communications and development shall be the executive head of the office of university communications and development.
- (B) The major area of responsibility and authority of the vice president for university communications and development shall be the administration of the university communications and university development activities of the university. Without limiting the generality of the foregoing, the vice president for university communications and development shall, under the direction of the president and with the approval of the board of trustees, be responsible and have the requisite authority for: public relations; coordination of university efforts relating to public information; and management and direction of fund raising, including individual, corporate and foundation giving.

- (C) The principal administrative officials of the office of university communications and development shall be the executive director of university communications, the executive director of university development, and such other associates as may be authorized from time to time.

3335-3-171 Assistant provost for continuing education.

- (A) There shall be an assistant provost for continuing education in the office of academic affairs.
- (B) The assistant provost for continuing education shall be responsible for and have the requisite authority to provide coordinated leadership for the maintenance and improvement of all aspects of university continuing education, including but not limited to: responsibility and the requisite authority for the development and administration of policies and operating procedures for credit, continuing professional education, and non-credit programs; administration of the continuing education enrollment unit and the university office of continuing education; development of new courses and programs in cooperation with other academic units; provision of support for counseling and other services to continuing learners; and development of external sources of support for continuing education research and teaching.

3335-5-191 University faculty.

For purposes of the governance functions described in rules 3335-5-20 to 3335-5-25 of the Administrative Code, the term "university faculty" shall mean all regular faculty, the president, members of the president's staff

serving at his pleasure and designated as executive heads of offices, the deans of the colleges and of the graduate school, and the dean for undergraduate studies for arts and sciences.

3335-5-20 Presiding officer.

The president of the university shall be the presiding officer of the university faculty. In his absence the duties of the presiding officer shall be assigned to the vice president for academic affairs and provost. In the absence of both the president and the vice president for academic affairs and provost, the duties of the presiding officer shall be assigned by the president to the dean of one of the colleges, the dean for undergraduate studies for arts and sciences, or the vice president for research and graduate studies.

3335-9-19 Instructional and general fees for instructors, graduate teaching associates, graduate research associates, graduate administrative associates, fellows, scholars, and university employees.

- (A) "Fees authorized" are those fees which are paid on behalf of a student through university accounts for the purpose of services rendered, employee benefits or student assistance. A fee authorization provides the authority to spend money from whatever account is specified to pay student fees. All fees must be authorized by an appropriate fee authorization card. Approved fee authorization will be processed as an expenditure against the department and account specified.
- (B) The payment of instructional and general fees may be authorized, except as specifically prohibited by the university, for those within the following classifications:
- (1) Members of the instructional staff of the university, with the rank of instructor and above who were employed before July 1, 1955 and who are registered in the graduate school, and any members of the teaching staff who, on the approval of the appropriate instructor and department chairperson or director of a school, enrolls as an auditor. (Rule 3335-9-11 of the Administrative Code)
 - (2) Graduate teaching associates, graduate research associates, and graduate administrative associates who meet the specified requirements of enrollment and employment may have their instructional and general fees authorized for payment as a benefit for services rendered.
 - (3) Employees of organizations having specific contracts with the board of trustees of the university whereby fees of persons designated by the agreement are authorized, in whole or in part, in lieu of payment for service rendered by the organization to the Ohio state university.
 - (4) Undergraduate and professional students eligible for the authorization of fees under scholarship assistance programs.
 - (5) Graduate students eligible for the authorization of fees under

AMENDMENTS TO THE BYLAWS OF THE BOARD OF TRUSTEES
AND RULES OF THE UNIVERSITY FACULTY (contd)

university, private, and governmental fellowships and traineeship agreements.

- (6) Qualified university employees under the provisions of the fee authorization program as administered by the office of personnel services. As a general principle, employees who are members of the administrative or clerical staff of the university will not be permitted to take courses except outside of the prescribed working hours.
- (C) The president, subject to the approval of the board of trustees, shall have authority to enter into an agreement with an organization or person not provided for in another category.
- (D) A copy of the agreement and the names of person, or persons, designated to sign and certify fee authorizations will be filed with the office of personnel services. All agreements shall contain information as to who is responsible for the overall administration of fee authorizations for these programs. Problems of coordination and individual cases that need interpretation of the rules concerning fee authorizations shall be referred for decision to the office of personnel services.
- (E) In all cases where interpretation and application of the rules specified herein are required, the question shall be referred for decision to the office of personnel services.

3335-47-07 Campus assignment.

The Ohio state university provides instructional programs at several locations including the central campus in Columbus, regional campuses in Lima, Mansfield, Marion, and Newark, and the agricultural technical institute (Wooster). Members of the regular faculty who receive tenure while rendering primary service on a particular campus hold tenure only at that campus.

It is the policy of the university to achieve and maintain high quality programs on each of the several campuses. Decisions regarding the selection, salary, assessment, promotion, assignment, and responsibilities of a regional campus faculty member should reflect full cooperation between the Columbus academic unit, which is responsible for instruction, and the regional campus administration. All formal recommendations (e.g., appointments, nominations for promotions or tenure, etc.) must bear the signature of the chairperson of the Columbus campus academic unit, the dean of the college of instruction, the dean of the regional campus, and the vice president for academic affairs and provost or designee.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Bylaws of the Board of Trustees and the Rules of the University Faculty be adopted.

Upon motion of Mr. Barone, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT

Resolution No. 87-77

Synopsis: Amendments to The Ohio State University Code of Student Conduct are being proposed.

WHEREAS reorganization in the Division of Student Affairs has resulted in changes of title and office designations; and

February 5 and 6, 1987 meeting, Board of Trustees

**AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)**

WHEREAS legal counsel has suggested some changes in wording to assure the rights of due process; and

WHEREAS the Council on Student Affairs, the Office of the President, the Office of the Provost, and appropriate Senate committees, have reviewed the proposed changes:

WHEREAS the University Senate approved the following changes, additions, and deletions to The Ohio State University Code of Student Conduct on December 6, 1986, as follows:

Chapter 3335-23

THE OHIO STATE UNIVERSITY CODE OF STUDENT CONDUCT

3335-23-01 Introduction.

The code exists to protect the persons, their rights, and the property of the university community and to foster and enhance the academic mission of the university. The code does not list all activities that may seriously affect the university community. It applies to the conduct of all registered students and registered student organizations (hereinafter "student") while on university premises. The term "university premises" means all lands, buildings, and facilities owned, leased, or operated by the university. Jurisdiction is limited to actions on university premises except for academic misconduct and hazing.

All persons are encouraged to report code violations to a university official as soon as possible. A charge of a code violation must be filed with the university within six months of the identification of the person allegedly committing the violation. The university shall notify the student of the alleged violation within one week of the filing of charges.

As members of the Ohio state university community, students also are subject to city, county, state, and federal law. Therefore, legal action in addition to university disciplinary action may occur.

Chapter 3335-25

RULES, POLICIES AND REGULATIONS

A student found guilty of the following conduct will be subject to university disciplinary action.

3335-25-01 Prohibited conduct.

(A) Academic misconduct.

Academic misconduct, as defined in rule 3335-31-02 of the Administrative Code.

(B) Infliction of bodily or emotional harm.

Infliction or threat of infliction of bodily or emotional harm,

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

whether done intentionally or with reckless disregard, including threat or action in retaliation for making allegations of misconduct.

(C) Destruction of property.

Actual or threatened damage to or destruction of university property or property of others while on university premises, whether done intentionally or with reckless disregard.

(D) Dangerous weapons or devices.

Use, storage, or possession of dangerous weapons or devices unless authorized by an appropriate university official or as permitted by a university policy.

(E) Dishonest conduct.

Dishonest conduct, including, but not limited to, knowingly reporting a false emergency; knowingly making false accusation of misconduct; misuse or falsification of university documents by actions such as forgery, alteration, or improper transfer; submission to a university official of information known by the submitter to be false.

(F) Theft/unauthorized use of property.

Theft or attempted theft, or the unauthorized use or possession of university property or services, or the property of others while on university premises.

(G) Failure to comply with university authority.

Failure to comply with directives of authorized university officials, identified as such, in the performance of their duties, including failure to identify oneself when so requested; or, violation of the terms of a disciplinary sanction.

(H) Drugs or alcohol.

Use, production, distribution, sale, or possession of drugs or alcohol in a manner prohibited under Ohio law.

(I) Unauthorized presence.

Unauthorized entrance to or presence in or on university premises.

(J) Disorderly conduct.

Disorderly conduct that interferes with university-authorized activities, including teaching, research, administration, or other activities conducted, sponsored, or permitted by the university.

(K) Violation of university rules.

Violation of other published university regulations, policies, or rules, or any other violation of state or federal law committed on university premises.

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

3335-25-02 Disruption.

(A) Rule 3335-11-02 of the Administrative Code provides for disciplinary action to be taken when a person commits conduct that is intended to disrupt or prevent university-authorized activities. This includes such conduct as obstruction of lawful movement on campus, occupation of buildings, employment or threat of force, interferences with teaching, research, or administration, damage to equipment or property, or successful solicitation to such actions. The rule does not prohibit peaceful dissent or demonstration. Rule 3335-11-021 provides for the appointment of hearing officers for these cases. Moreover, under rule 3335-11-022 of the Administrative Code, whenever a criminal court exercises jurisdiction over acts which allegedly constitute disruption by university rules, the university will not exercise jurisdiction, except in extraordinary cases of clear and present danger. (Rules 3335-11-02, 3335-11-021, and 3335-11-022 of the Administrative Code are available from the office of student life or college offices.)

(B) The Ohio Campus Disruption Act.

The Campus Disruption Act procedures are contained in sections 3345.22 to 3345.26 of the Revised Code. This act provides for a special hearing officer to be appointed by the board of regents to hear cases where a student, faculty or staff member, or employee has been arrested for certain offenses under the criminal code. The offenses include, but are not limited to: assault, menacing, arson, vandalism, and incitement to riot. Under the act, a hearing is to be held within five days of arrest of the person for the purpose of determining whether the accused person should be immediately suspended from the university. If a preponderance of the evidence elicited at the hearing indicates that the accused committed an offense under the Disruption Act, the person will be suspended from the university unless the order of the university would not be compromised by the person's presence. Conviction of the charges on which the accused was arrested will cause dismissal. An acquittal will cause reinstatement and expungement of the record. If charged but not arrested, a hearing as authorized under the act will not be held, but a conviction for any of the enumerated offenses will result in automatic dismissal from the university for one year. (Section 3345.23 (A))

3335-25-03 Policies.

Established policies and rights exist to ensure an environment conducive to equity and quality living for all members of the university community. Students violating university policy may be subject to disciplinary action.

(A) Nondiscrimination.

The policy of the Ohio state university is that discrimination against any individual for reasons of race, color, creed, religion, sexual orientation, national origin, sex, age, handicap, or Vietnam-era veteran status is specifically prohibited. Title IX of the education amendments of 1972 prohibits sex discrimination and

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of handicap in education programs and activities. Accordingly, equal access to employment opportunities, admissions, educational programs, and all other university activities is extended to all persons, and the university promotes equal opportunity through a positive and continuing affirmative action program. (Further details on this policy may be obtained in the office of affirmative action.)

(B) Sexual harassment.

Sexual harassment is prohibited and includes: sexual contact that is not freely and mutually agreeable to both parties; communications of a sexual nature, whether physical, oral, written, or pictorial that are made for the purpose of threatening, intimidating, or humiliating the person receiving such communications; solicitation of sexual contact when submission to or rejection of such contact implicitly or explicitly imposes adverse or favorable terms or conditions on employment or academic standing. (Further details and procedures may be obtained in the office of student life and/or the office of affirmative action.)

(C) Anti-hazing.

The Ohio state university specifically prohibits "hazing," which is defined as any activity that might reasonably bring embarrassment or emotional, psychological, or physical harm to the individual or that might degrade or otherwise compromise the dignity of the individual. (Details on this policy are available in the office of student life.)

(D) Confidentiality of records.

Education records are defined by the Family Educational Rights and Privacy Act of 1974, as amended, to be those records, files, documents, and other materials which contain information directly related to a student and are maintained by any unit of the university. The following are not considered to be educational records: records made by university personnel which are in the sole possession of the maker and are not accessible or revealed to any other person, records maintained by the office of public safety, and medical and counseling records used solely for treatment. Under the act, students are given the following rights regarding their educational records:

- (1) Students have the right to inspect and review all of their education records except financial records of parents, and confidential letters and statements of recommendation for which students have waived their right of access.
- (2) Students have the right to challenge the content of their education records if they consider the information contained therein to be inaccurate, misleading, or inappropriate, and to have these records amended if a hearing officer or an appeals board, appointed by the university registrar, renders a decision favorable to the student.

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

- (3) Students may waive their right of access to confidential letters and statements of recommendation.
- (4) Students must provide written consent for the release of educational records except for certain types of requests specified by the act.

(Details are available in the offices of student life and the university registrar.)

(E) Entry, search and seizure.

- (1) Every effort is made to ensure privacy in university housing and offices. Nevertheless, a designated university official has the right to enter any part of the university premises to perform reasonable custodial, maintenance and repair services, to inspect for damages or cleanliness, or in case of emergency. In university housing, reasonable effort will be made to give twenty-four-hour notice before the service or inspection is performed.
- (2) A designated university official may enter and search university premises if there is reason to believe that the premises are being used for an illegal purpose or a purpose which violates health or safety regulations or interferes with normal university operation; evidence found in such a search may be confiscated and used in disciplinary proceedings. In university housing, the designated university official shall be a residence hall director. When a residence hall director enters and searches university housing as provided for under this paragraph, reasonable efforts must be made to have present a resident of the room or apartment being searched. If a resident of the room or apartment is not present after such reasonable efforts have been made, an officer of the hall or complex student council shall witness the search.
- (3) Law officials may enter, search, and seize evidence in accordance with law.

(F) Means of expression.

- (1) The university may establish, promulgate, and enforce regulations, including regulation of sound equipment, rallies, parades, demonstrations, or other assemblies, to assure safety of persons and property and to prevent disruption of the educational process. The university must make available to students any such regulations.
- (2) No written materials may be attached by any method to university premises or property unless such posting is approved in accordance with regulations to be obtained from the student organizations and activities office.

(G) Patents and copyrights.

The university's policy on patents and copyrights in some circumstances may require that legal rights in inventions, discoveries,

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

copyrightable works (including computer software), etc., developed by students be transferred to the university. That policy provides appeal procedures for resolving questions relating to such rights. Students enrolled in the university are subject to the policy. Copies of the full policy are available from the office of the patent and copyright administrator, 204 research center.

Chapter 3335-27

DISCIPLINE PROCEEDINGS

3335-27-01 Investigation.

When information is presented to a university official that indicates code violation(s) may have occurred, the university may conduct a preliminary investigation of the alleged violation. Residence hall directors, assistant hall directors, the coordinator of judicial affairs, and others appointed by the dean of student life are authorized to investigate violations other than those involving academic misconduct. During preliminary investigation, the student allegedly involved in misconduct will be sent a letter describing the violation, whom to contact for a preliminary interview, and that date by which the contact should occur. Any person believed to have information relevant to the investigation may be contacted and requested to make an appointment to discuss the matter. Upon completion of the preliminary investigation the investigator will decide whether to dismiss, change or affirm the charges. Residence hall officials may refer cases involving possible suspension or dismissal to the dean of student life or the dean's designee.

3335-27-02 Administrative decision.

In all cases, a student has the right to a panel hearing. However, in a case where a student is charged with violations other than academic misconduct, the student may opt in writing to have a decision as to appropriate action made administratively by an appropriate investigator/hearing officer rather than have the charges referred to a panel or commission for the decision. The student thus waives the right to a hearing and the related procedural guarantees provided in a panel or commission hearing. The student will sign the waiver at the time of the preliminary interview. Administrative decision does not preclude further investigation into other charges related to the incident. The student retains the right to request an appeal of the original action.

3335-27-03 Notice of proceedings.

If a hearing is to be held, written notification will be delivered to the last known address of the student, either by certified mail, first class mail or by hand-delivery, no fewer than seven calendar days prior to the hearing. In residence hall cases notification of hearings will be hand delivered or placed in student mailboxes, no fewer than seven calendar days prior to the hearing. The notification will include the charge, date, time, and location of the hearing, the hearing officer or panel, a statement of the accused's rights, and information on the hearing procedures. The accused student may waive the notice period, request a postponement for reasonable cause, or request a hearing separate from

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

other accused persons. Request for a postponement or separate hearing must be received at least one day before the scheduled hearing.

3335-27-04 Hearing procedures.

Students have a right to fair hearings. Although the procedural requirements are not as formal as those existing in the civil courts of law, to ensure fairness, the following procedures apply and will be included within hearing notices:

- (A) Hearings are restricted to those directly involved or requested by the accused or hearing officer to attend. The hearing officer may take reasonable measures to assure an orderly hearing, including removal of persons who impede or disrupt proceedings.
- (B) The accused student may have a person present to advise him/her. The adviser may only counsel the student and not actively participate in the hearing, unless clarification is needed as determined by the hearing officer.
- (C) The accused may submit a written statement, may invite witnesses to attend on the accused's behalf, may ask questions of witnesses called by others, and will be notified of witnesses to be called. The university may present witnesses as well as question those presented by the accused.
- (D) Written statements signed by a witness, accepted and verified as that witness' statement by the preliminary investigating officer, may be used if, for good reason, the witness cannot attend the hearing.
- (E) University hearings, unlike proceedings of courts of law, do not require conclusive proof; instead, the greater weight of the evidence is sufficient for the hearing officer or panel to decide if a violation of the code has occurred and to impose a sanction.

3335-27-05 Attendance.

Because the most accurate and fair review of the facts can best be accomplished when all parties are present, the accused is expected to attend. If an individual does not choose to attend a hearing, the charges will be reviewed as scheduled on the basis of the information available and a decision will be made. No decision shall be based solely on the failure of the accused student to attend the hearing or answer the charges.

3335-27-06 Record and nature of proceedings.

A record consisting of written notes, tape, or other method selected by the hearing panel or officer, will be made of all hearings. This record will be available to the accused, during the appeal period, and can be copied at his or her expense. A written notice of the decision and information regarding appeal procedures will be sent to the accused student. In general, materials relating to a disciplinary action are confidential and may be made available by the hearing officer or panel only to those who have a valid need to know, e.g., discipline officers, vice president for academic affairs and provost and other university

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

officials who have a demonstrated need to know. The policy governing confidentiality and release of records is printed in the quarterly master schedule and available from the office of student life.

3335-27-07 Appeal.

A student found to have violated this code has the right to appeal the original decision. Appeals must be filed within fourteen calendar days from the date of the sanction decision letter. The following guidelines apply:

- (A) The grounds for appeal are procedural error, misapplication or misinterpretation of the rule alleged to be violated, findings of facts not supported by a greater weight of evidence, and discovery of substantial new facts that were unavailable at the time of hearing.
- (B) Barring introduction of substantial new facts, an appeal is limited to a review of the proceedings of the previous hearing.
- (C) An appeal based on grounds of procedural error, misapplication or misinterpretation of the rule alleged to be violated, or findings of facts not supported by a greater weight of evidence cannot result in a more severe sanction being imposed.
- (D) A decision by a person designated to decide appeals, that there are substantial new facts that were unavailable at the time of the hearing, shall result in a new hearing by a different hearing panel or hearing officer. The determinations of this panel or officer shall in no way be influenced or bound by the results of the original hearing.
- (E) On appeal, where charges resulted in suspension or dismissal, a student is allowed active representation by an adviser.
- (F) In residence halls, appeals from living unit commissions are referred to the hall director; appeals from director's administrative decision are referred to the area coordinator; appeals of area coordinators are referred to the associate director of residence and dining halls for residence life; appeals from decisions of hearing officers appointed by the dean of student life are referred to the dean of student life; appeals from cases heard by the dean are referred to the vice provost for student affairs; appeals from university court decisions in disciplinary hearings are referred to the dean of student life; appeals from council on academic misconduct are referred to the provost.

3335-27-08 Minor deviations from procedure.

A student and hearing panel or officer may agree in advance to minor deviations from procedure; such deviations are not then subject to appeal. Other minor deviations are acceptable as long as such deviations are not found upon appeal, as provided for in rule 3335-27-07 (A), to be unreasonably harmful to the student.

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY

Chapter 3335-29

UNIVERSITY SANCTIONS

3335-29-01 General.

Sanctions to be imposed upon students by the university are varied and may be imposed for violation of policies, rules, and regulations. When the sanctions are imposed, consideration will be given to individual mitigating circumstances as well as aggravating factors, such as, past misconduct by the student or failure of the student to fully comply with previous sanction conditions. Sanctions take effect immediately upon date of first notice, whether oral or written, unless otherwise specified within such notice.

3335-29-02 Warning admonition.

A warning letter of admonition to a student represents a formal statement for a specific conduct violation. Upon issuance of a formal letter of admonition, a discipline file is created in the office of the dean of student life. The file will be consulted in determining sanctions for any further proven code violations at a future date.

3335-29-03 Disciplinary probation.

Probation is a sanction that is given for a specified period of time. A discipline record is created in the office of the dean of student life. Misconduct during the probationary period may cause more serious disciplinary action to be taken. Written notice of probationary status is forwarded to the student's college. Conditions restricting the student's privileges or eligibility for activities may be imposed. Such privileges and eligibility are automatically restored upon completion of the probation period if the student has complied satisfactorily with all conditions and refrained from further code violations.

3335-29-04 Suspension and dismissal.

(A) Suspension.

Suspension is a sanction by which the student is involuntarily separated from the university for a period not to exceed three full academic quarters following the effective date specified in the sanction letter. Eligibility for reenrollment is restored upon expiration of suspension.

(B) Dismissal.

Dismissal is a sanction by which the student is involuntarily separated from the university for four full quarters or more following the effective date specified in the sanction letter. Reenrollment of the student at the university after dismissal is not guaranteed. The student must reapply for admission to the university.

(C) Conditions of suspension and dismissal.

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

- (1) A student who has been dismissed or suspended from the university:
- (a) shall be denied all privileges accorded a student; and
 - (b) shall be required to leave campus at a time determined by the hearing officer or panel.

However, the dismissed or suspended student:

- (i) may petition to the vice president for academic affairs and provost for entrance to the campus for a specified purpose; and
 - (ii) has the right of appeal to remove or to reduce the terms of this condition. The appeal procedures will be specified in every sanction letter.
- (2) Upon reinstatement, a student may be required to meet certain other conditions imposed by the hearing body such as ineligibility to participate in specified student activities; or ineligibility to participate in intercollegiate events; or periodic contact with a designated university staff member or counseling agency, to the extent that such conditions pertain to the original offense.

Depending upon the merits of the individual case, and recommendation from the coordinator of the committee on academic misconduct, the coordinator of judicial affairs, or the dean of the student's college, these conditions may be waived by the vice president for academic affairs and provost, or designee, at the time of the student's reinstatement.

3335-29-05 Interim suspension.

When the vice president for academic affairs and provost is given reasonable cause to believe that a student has violated university rules and there is reasonable cause to believe that the student's presence on campus constitutes a clear danger to the university community or creates a substantial risk of injury to any person on university premises, the student may be immediately suspended from university premises. This temporary suspension is imposed pending the initiation of a full hearing without undue delay on the merits of the case in accordance with the rules of the Ohio state university. The student may request, in writing, an appeal of the interim suspension to the vice president for academic affairs and provost, within three working days of imposition of the suspension. An appeal hearing will be conducted without undue delay by the vice president for academic affairs and provost, or the vice president's designee.

3335-29-06 Restitution.

Restitution is a sanction that requires the student to make reimbursement for damages to, destruction or misappropriation of university property or services, or the property of any person. This sanction may be ordered in lieu of or in connection with another sanction.

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

3335-29-07 Other sanctions.

Other sanctions that the hearing officer or panel deems appropriate to the student and the conduct violation in question may be imposed. For example, research assignments, community service projects, and special workshop participation can be assigned as recommended sanctions or as conditions to another sanction. In cases of academic misconduct, a failing grade may be recommended for the academic coursework. In residence halls, other sanctions may include contract termination or reassignment to another room. Non-residence hall hearing officers or panels may recommend sanctions of this type to the office of residence life.

Failure to meet requirements of any sanction in the time allotted or a repetition of misconduct may result in an extension of the period of sanction or imposition of a more severe sanction.

3335-29-08 Concurrent jurisdiction.

A student whose conduct has been found to be in violation of established university rules and regulations also may be subject to other appropriate actions by individual university offices. An incident may result in criminal or civil charges as well as a university disciplinary action. Unless otherwise provided by law, disciplinary and court proceedings may occur concurrently.

3335-29-09 Registered student organization sanctions.

Registered student organizations may lose privileges or registration for violation of the code or the regulations contained within the student organization handbook.

Chapter 3335-31

HEARING BODIES

3335-31-01 Jurisdiction.

Except for conduct that occurs on regional campuses and the agricultural technical institute, the following hearing bodies decide cases occurring on the Columbus campus involving student conduct in violation of the rules, policies and regulations of the university. These hearing bodies may establish and promulgate their own operating procedures in accordance with university regulations and procedures. Such procedures shall be made available to students. On the regional campuses, and the agricultural technical institute, similar hearing processes and procedures shall be created, as necessary, and promulgated on each campus as appropriate and as approved by the vice president for academic affairs and provost. Students on regional campuses and the agricultural technical institute are, therefore, advised to consult regional campus publications for details on these local procedures.

3335-31-02 Committee on academic misconduct.

(A) The committee shall investigate or establish procedures for investigation of all reported cases of student academic misconduct

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY

and decide upon suitable disciplinary action. However, the committee does not hear cases involving academic misconduct in professional colleges having a published honor code. These colleges shall follow their own codes and procedures which can be obtained in their respective central offices. The committee may, in its discretion, refer cases to the university judicial panel if it determines that the academic misconduct allegation is incidental to some other misconduct.

- (B) "Academic misconduct" is defined as any activity which tends to compromise the academic integrity of the institution, or subvert the educational process. Examples of academic misconduct include, but are not limited to:
- (1) Violation of course rules as contained in the course syllabus or other information provided the student; violation of program regulations as established by departmental committees;
 - (2) Providing or receiving information during quizzes and examinations such as course examinations and general examinations; or providing or using unauthorized assistance in the laboratory, at the computer terminal, or on field work;
 - (3) Plagiarism, including the use of term papers or laboratory reports from any source other than the student's own work;
 - (4) Falsification, fabrication, or dishonesty in reporting research results;
 - (5) Serving as, or enlisting the assistance of, a "ringer" or substitute for a student in the taking of examinations;
 - (6) Alteration of grades or marks by the student in an effort to change the earned grade or credit; and
 - (7) Alteration of university forms used to drop or add courses to a program, or unauthorized use of those forms.
- (C) All cases of suspected misconduct shall be reported to the committee. The committee also shall investigate cases of lax or irregular examination methods and report findings to the vice president for academic affairs and provost. Students have the obligation to report suspected misconduct or irregular or lax examination methods. The committee may impose any code sanction. The committee consists of:
- (1) Fifteen faculty members elected by the university senate for three-year terms; beginning with summer quarter, the election to be held annually so that five members will retire each year. No member of the university faculty may serve more than two consecutive terms;
 - (2) Five graduate student members appointed in the summer quarter by the president of the council of graduate students, with the approval of the council of graduate students, for a one-year term beginning with the autumn quarter;

- (3) Five undergraduate student members appointed in the spring quarter by the president of the undergraduate student government, with the approval of the undergraduate student assembly, for a one-year term beginning with the summer quarter;
 - (4) The dean of student life, or designee, ex-officio and without vote; and
 - (5) A coordinator, appointed by the vice president for academic affairs and provost, ex-officio and without vote and charged with assisting the committee in administrative matters. The coordinator does not participate in the decisions of the committee.
- (D) The committee on academic misconduct establishes panels from its membership with student/faculty ratios at least as great as that of the full committee to conduct hearings and make decisions with the same authority as the full committee on academic misconduct.
- (E) The committee on academic misconduct establishes rules and procedures to conduct hearings, including the definition of a quorum.

(Details of rule 3335-5-487 of the Administrative Code, which defines the committee on academic misconduct, and committee procedures are available from the office of the vice president for academic affairs and provost.)

3335-31-03 University judicial panel.

The panel hears cases of non-academic misconduct referred by the coordinator of judicial affairs, except for cases involving disruption or professional college codes. The panel may hear cases referred by the committee on academic misconduct. The panel is authorized to impose any code-authorized sanction. The panel consists of:

- (A) A chairperson (faculty or administrative staff member) appointed by the dean of student life;
- (B) Three faculty members recommended to the dean by the vice president for academic affairs and provost for three-year terms, annually appointed so that one member retires each year; and
- (C) Three student members, selected from a total group of seven: three undergraduate students, appointed by the president of the undergraduate student government; two graduate students, appointed by the president of the council of graduate students; and, two professional students, appointed by the president of the inter-professional council. Selection for each panel hearing will be made to reflect the undergraduate, graduate or professional status of the accused student. All student appointments shall be for one-year terms.
- (D) The coordinator of judicial affairs shall serve ex-officio as panel coordinator without a vote.
- (E) The dean of student life will appoint a panel composed of six members with expertise to include, but not be limited to, sexual harassment cases or those with racial overtones. This panel will serve as a resource for information concerning a variety of cases.

February 5 and 6, 1987 meeting, Board of Trustees

AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)

One member from this panel of experts may be selected by the coordinator of judicial affairs, to serve as a member of the university judicial panel as the case warrants. The expert panel member will participate in the entire case, but will not vote at the conclusion of the deliberations.

3335-31-04 Residence hall living unit commissions.

The commission may only hear cases, referred by a residence hall hearing officer, that involve code violations which occur within the residence halls, whether committed by residents or non-residents. The commissions are composed of students from each living unit, and may recommend any sanction to the hearing officer, with the exception of suspension or dismissal. During the hearing, should new facts emerge that indicate that the violation may be serious enough to warrant suspension or dismissal, the commission will adjourn and refer the case back to the hearing officer for referral to the dean of student life, or the dean's designee.

3335-31-05 Administrative hearings.

The coordinator of judicial affairs and hearing officers designated by the dean of student life may investigate and conduct administrative hearings of alleged non-academic code violations. If the student so requests and waives the notice period, the coordinator of judicial affairs or hearing officer may hear cases administratively after investigation, or refer them to the university judicial panel.

After investigation, residence hall hearing officers also may conduct administrative hearings. The residence hall hearing officer may hear cases administratively rather than refer them to the commission, if the student so requests. The student must request, in writing, an administrative or commission decision. The residence hall hearing officer must refer cases to the coordinator of judicial affairs if suspension or dismissal is believed a possibility.

3335-31-06 University court.

- (A) The university court will hear campus election disputes, undergraduate student government impeachment proceedings, and contested student traffic violations. The court shall interpret the undergraduate student government constitution as applied to students and student organizations. The court shall be empowered to issue restraining orders when the conduct of the student organization is in violation of the undergraduate student government constitution and to terminate student organization registration until compliance.
- (B) The court consists of a magistrate, chief justice and five prosecutor/defenders in accordance with committee rules.

3335-31-07 Hearing panels on campus disruption.

In accordance with the university disruption rule and the Ohio Campus Disruption Act, cases involving disruption of university activities will be heard by a special hearing body or officer. (For details on hearing officers, panels, and procedures, see rules 3335-11-02, 3335-11-021, and 3335-11-022 of the Administrative Code, and sections 3345.22 to 3345.26

**AMENDMENTS TO THE OHIO STATE UNIVERSITY
CODE OF STUDENT CONDUCT (contd)**

The deans of colleges and of the graduate school, the directors of schools, and the chairpersons of departments, respectively, are responsible to the president through regular disciplinary channels for the discipline of all students in the activities of their respective colleges, schools, and departments.^{3/} Likewise, the deans and directors of the regional campuses are responsible to the president through the vice president for academic affairs and provost for the discipline of all students in the activities of their respective campuses.

The Ohio state university code of student conduct is an official publication of the university board of trustees. All petitions for revision and amendment of this student code should be submitted through the office of the vice provost for student affairs. Proposed revisions to the code shall be reviewed, in draft form, by the office of the president, the office of academic affairs, and the steering committee of the university senate before being presented for approval to the university senate by the council on student affairs. No revision shall become effective unless approved by the university board of trustees and until printed notice of such revision is made available to students.

The code applies to all students. Students attending at regional campuses and the agricultural technical institute are advised to consult their local campus publications for additional information pertaining to those campuses.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-79

Synopsis: Resolutions honoring the service of five of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Fred E. Deatherage

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 20, 1986, of Fred E. Deatherage, Professor Emeritus in the Department of Biochemistry.

Dr. Deatherage was born in 1913 in Waverly, Illinois. He received his B.A. from Illinois College, Jacksonville, Illinois, in 1935; his M.A. from the University of Illinois, Urbana, in 1936; and his Ph.D. in 1938 from the State University of Iowa, Iowa City, Iowa. His honors included Phi Beta Kappa, Sigma Xi, Phi Lambda Upsilon, and Gamma Sigma Delta.

Dr. Deatherage joined the faculty at Ohio State as an Assistant Professor in 1946 and became Professor and Chairman of the Department of Agricultural Biochemistry in 1951. In 1960, he was appointed by the U.S. Government as a member of a seven-man delegation to Russia, to study food production, processing, and supply problems in the USSR. From 1964-1968 he was on leave from the University to participate in AID-Brazil, Pirachicaba, Brazil. He retired from The Ohio State University in 1981.

Dr. Deatherage produced 75 original papers of a research nature, a textbook for a course he taught for many years in biochemical nutrition, and held many research grants, both public and private, to support his research in food science. He was especially interested in the biochemical nature and quality of meat and other foods, and served as a consultant for food industries. He lectured locally, nationally, and internationally on the subject that he wrote on extensively, Food for Life (incidentally, the title of his textbook).

Dr. Deatherage maintained an intense interest in developing biochemistry at The Ohio State University. On the occasion of the centennial of The Ohio State University, the Board of Trustees requested each unit to prepare a history of its work "to assess our first 100 years and to utilize this heritage as a foundation for building an even greater institution." Dr. Deatherage saw this request as a deep responsibility to trace from its origin (as a Professorship in Agricultural Chemistry, created in 1882), the development into a Faculty of Biochemistry and Molecular Biology, changed in 1970 to the Department of Biochemistry in the College of Biological Sciences. Dr. Deatherage produced an exhaustive history of this development which he called "Liberal Academic Conservatism, Conservative Academic Liberalism, and Biochemistry: A History of the Academic Faculty of Biochemistry and Molecular Biology, College of Biological Sciences, The Ohio State University" (unpublished).

Professor Deatherage was an outstanding teacher whose many graduate students achieved goals that gave him much satisfaction. His special role in encouraging younger scholars in teaching and research was evident

to all. He gave the University 40 years of devoted service. A complete record of his efforts is found in work cited above.

On behalf of the University community, the Board of Trustees expresses to the family of Dr. Deatherage its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of the Board's realization of the loss that the family, the University and his many friends and associates have sustained.

Martha P. Lawry

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 16, 1986, of Martha P. Lawry, Assistant Professor Emeritus in the University Libraries.

Professor Lawry was born in 1925 and spent her formative years in Clyde, Sandusky County, Ohio. She held a B.A. degree (with distinction) from the College of Wooster; a M.A. (Speech) from Northwestern University; and a M.S. (Library Science) from Case Western Reserve University. Among honors awarded Ms. Lawry were membership in Phi Beta Kappa, Delta Sigma Rho (Public Speaking), and Beta Phi Mu (Library Science).

Ms. Lawry held several positions in the University Libraries during her decade of service (1976-1986) to Ohio State, among them Head of the Women's Studies Library (1979-1980) and Head of the Catalog Department (1982-1986). She was also an active member of many professional organizations and held several positions of leadership, including service as a member of the Executive Board of the Academic Library Association of Ohio, and of the Board of Directors of the Ohio Library Foundation. She contributed substantively to the literature of women's studies and librarianship, especially as co-editor and editor (1979-1980) of Women's Studies Review. She became a thoughtful essayist on the role of catalogers in the age of online catalogs and a strong advocate for the involvement of all librarians, especially catalogers, in the bibliographic instruction of students and other users of libraries. Her last article, "Subject Access in the Online Catalog: Is the Medium Projecting the Correct Message?" was published in Research Strategies in Summer 1986. She retired from The Ohio State University in October 1986 and was named Assistant Professor Emeritus.

A highly intelligent, well-educated, and dedicated librarian, Professor Lawry analyzed issues clearly and expressed her ideas and research findings with style and wit, and always with full sensitivity to the values and feelings of others. She became a natural leader in the University Libraries out of a sense of duty to Ohio State, the Libraries, and the profession of librarianship, but most of all out of a strongly felt sense of responsibility to her colleagues. As much as Ms. Lawry was a leader, she was a confidant, teacher, and mentor for many librarians, especially other women attempting to establish their own way and define their own identities. Martha Lawry will be missed by the many people at Ohio State who counted themselves fortunate to have known and worked with her.

February 5 and 6, 1987 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Martha P. Lawry (contd)

On behalf of the University community, the Board of Trustees expresses to the family of Professor Lawry its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of the Board's realization of the loss that the family, the University and her many friends and associates have sustained.

C. Eugene Maynard

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 15, 1986, of C. Eugene Maynard, Dean/Director Emeritus of The Ohio State University Marion Campus.

Gene Maynard was born June 25, 1923, in Marion, Ohio. He graduated from Marion Harding High School with the class of 1941. Following service with the U.S. Infantry in Italy during World War II, he received a Bachelor of Science in Education degree (magna cum laude) from Bowling Green State University in 1950, and a Master of Arts degree in 1951.

Prior to joining The Ohio State University faculty, he taught at Marion Harding High School. When The Ohio State University opened its doors in Marion in 1957, Maynard was named director and continued to teach English and history at Harding. He also taught courses in history and education at Ohio Wesleyan University from 1954-1958.

In July 1965, Maynard accepted the appointment of full-time director of the Marion Campus. That same year funds were appropriated to establish a permanent Ohio State campus in Marion. He ably directed the transition from an afternoon and evening branch operation to a full daytime and evening campus beginning in the fall of 1968.

In 1970 he wrote the "Official Plan for the Establishment of the Marion County Technical Institute," now Marion Technical College, which was adopted by the Ohio Board of Regents. Also in 1970, upper division courses were added at the Marion Campus in elementary education.

Dean Maynard saw the campus grow from 165 students in 1957 to a high of 765 on January 31, 1980, the date of his retirement. John T. Mount, former Ohio State University Vice President for Regional Campuses said, "All who have been associated with Gene Maynard know of his sincere dedication to the profession of education and respect him for his steadfast integrity. Over the past 28 years he served as a valuable and faithful member of The Ohio State University administrative team."

Dean Emeritus Maynard was a member of St. Paul's Evangelical Lutheran Church, Kiwanis Club of Marion, the Marion County Mental Health Board, and was a past president of the Order of Symposiarchs. He held memberships in Phi Alpha Theta history honorary; Sigma Tau Delta English honorary; Kappa Delta Pi education honorary; and Omicron Delta Kappa leadership honorary. He was a member of the American Association for Higher Education.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board

of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

W. Hugh Missildine

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 25, 1986, of W. Hugh Missildine, Professor Emeritus in the Department of Psychiatry.

Dr. Missildine was born July 23, 1915, and graduated from The University of Iowa Medical School in 1939. He completed residency training in general psychiatry and child psychiatry at Johns Hopkins, and has been a member of The Ohio State University College of Medicine faculty since 1949. He served for over two decades as a member of the regular faculty, and converted to clinical faculty status in 1976. In this role, he continued to contribute actively to the teaching programs of the Departments of Psychiatry and Pediatrics.

For many years, he was the only trained child psychiatrist in Central Ohio, and is recognized as the "grandfather of child psychiatry" in Central Ohio. He contributed invaluablely to the teaching of generations of medical students, residents, and fellows.

He authored a well-known book, Your Inner Child of the Past, which, in its innovative concepts, anticipated by several years the advent of transactional analysis. As editor of a monthly newsletter for pediatricians, he promoted child mental health on a national scope. He was highly respected in the community and nation.

On behalf of the University, the Board of Trustees expresses its sympathy and understanding to those who mourn for Professor Missildine. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Margaret M. Willis

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 5, 1986, of Margaret M. Willis, Associate Professor Emeritus in the Department of Educational Theory and Practice.

Professor Willis was born in 1899 in Port Clinton, New York. She received her Bachelor of Arts degree in history from Wellesley College in Massachusetts in 1919. After working as a governess in Japan and teaching high school in her native state of Washington, she earned a Master of Arts in Education from Columbia University in New York (1925). She then taught for a number of years in Switzerland and Turkey before joining the faculty in the College of Education.

As a teacher of history and social studies in the University School from 1932 to 1967, she inspired many students by instilling a curiosity for truth and a sense of independent inquiry. Her colleagues had a deep respect and love for her as a teacher and friend. Upon her retirement in 1967, Professor Willis was named Associate Professor Emeritus.

Establishment of Named Funds (contd)

The Jack L. Beal Fellowship (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for a graduate fellowship in the area of medicinal chemistry and pharmacognosy. The selection of the recipient shall be made by the faculty of the Division of Medicinal Chemistry and Pharmacognosy in cooperation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for pharmacy education.

The Matthew J. Eggert Scholarship for Veterinary Medicine

The Matthew J. Eggert Scholarship for Veterinary Medicine was established February 6, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Matthew J. Eggert, D.V.M. '33, M.S. '35, of Harrisburg, Pennsylvania.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarship funds to students in the College of Veterinary Medicine at the junior or senior class level, who demonstrate financial need and have excellent scholarship records. Preference will be given to students who show a special interest and aptitude in veterinary pathology. Selection of the award recipients shall be made by the University Committee on Student Financial Aid in consultation with the dean of the College of Veterinary Medicine.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for veterinary medicine education.

Establishment of Named Chair

The Berry Chair of New Technologies in Marketing

The Berry Chair of New Technologies in Marketing was established February 6, 1987, by the Board of Trustees of The Ohio State University with support from The Ohio State University Foundation, which has established an endowed fund with gifts from L.M. Berry and Company of Dayton, Ohio.

Income provided by the Foundation shall be used to support the Berry Chair. The Chair shall be established to advance marketing and related technologies in the College of Business, Academic Faculty of Marketing, at The Ohio State University. Appointment to the Berry Chair will be recommended by the Dean of the College of Business to the Provost and approved by The Ohio State University Board of Trustees.

The individual appointed to this Chair should have a record of significant achievements in marketing and related technologies; personal qualities that enable the individual to inspire, instruct and motivate students toward innovative and productive careers in marketing and related technologies; demonstrated research capabilities; and the ability to work effectively with the professional community, industry and government.

The occupant of this Chair will be charged with the responsibility to develop and teach courses to prepare students for careers in the field of marketing and related new technologies; and to initiate and direct a program of research and development in the field.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide loans for students enrolled in the College of Dentistry at The Ohio State University. Awards will be made by the University Committee on Student Financial Aid in coordination and consultation with the dean of the College of Dentistry.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Dentistry.

The James J. Kreglow Agricultural Education Scholarship Fund

The James J. Kreglow Agricultural Education Scholarship Fund was established February 6, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from James A. Kreglow, B.S.Agr. '51, in honor of his father, James J. Kreglow, B.S.Agr. '27, teacher of vocational agriculture for 37 years in the State of Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Annual income shall be used to fund one or more undergraduate scholarships in the College of Agriculture with preference given to the students majoring in Agricultural Education. Selection criteria for the scholarship shall include academic achievement and/or financial need. The scholarship recipient shall be selected by the Chairperson of the Department of Agricultural Education and the assistant dean for student affairs in the College of Agriculture in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Agriculture.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide resources for research in orthopaedics, specifically the biological facets of disease and injury such as genetics and bone morphogenesis, and to promote cross-disciplinary approaches to create new treatment methods. Should the fund in the future reach \$1,250,000, a chair would be established and be named the THOMAS H. MALLORY CHAIR IN ORTHOPAEDIC RESEARCH/SURGERY.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Medicine.

Class of '49 Endowment for the College of Nursing

The Class of '49 Endowment for the College of Nursing was established February 6, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the College of Nursing Class of 1949. The Class of '49 gift was spearheaded by the efforts of Marie Sinsabaugh, Class President.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide funding for scholarships, equipment, research, or archives, based on the College's need as determined by the dean of the College of Nursing in conjunction with the appropriate committee (Scholarship Committee, Committee for Research, etc.) with the advice and counsel of the College fiscal officer.

As each award is made from the Class of '49 Endowment Fund, the Class of '49 will be notified of the decision through the class agent, Marie Sinsabaugh.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Nursing.

President Jennings:

Mr. Chairman, in the Report of Research Contracts, Grants, and Gifts, I think it is worthy to note, that in accepting that report we did establish a Chair, The Berry Chair of New Technologies in Marketing. It is significant to Mr. Berry, who has completed his pledge to The Ohio State University, I might add. This is the first Chair to be established at Ohio State where the finances were operated through the new Ohio State University Foundation -- the Chair is established in the institution, and the Foundation provides the resources to establish that Chair.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND TWENTY-EIGHTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, March 5 and 6, 1987

The Board of Trustees met at its regular monthly meeting on Thursday, March 5, and Friday, March 6 1987, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

* * *
Minutes of the last meeting were approved.

March 5 and 6, 1987 meeting, Board of Trustees

The Vice Chairman, Mr. Redman, called the meeting of the Board of Trustees to order on March 5, 1987, at 5:00 p.m. He requested the Secretary to call the roll. The meeting recessed into Executive Session for the purpose of considering legal issues and personnel-related matters.

Present: Edmund C. Redman, Leonard J. Immke, John W. Berry, Hamilton J. Teaford, and John W. Kessler.

Mr. Redman:

Dr. Brand, will you introduce Dr. Yuri Medvedkov?

Dr. Brand:

Members of the Board, I would like to introduce you to Dr. Yuri Medvedkov, a prominent Soviet geographer, who is currently a distinguished Visiting Professor in our Department of Geography.

Dr. Medvedkov first applied for an exit visa from the Soviet Union in 1981, and was refused. He was demoted and eventually fired from his post on the faculty of Moscow State University and with the Institute of Geography of the Soviet Academy of Sciences. Dr. Medvedkov and his wife, Olga, were members of the Helsinki Watch Group. They helped organize, in the Soviet Union, the "Group to Establish Trust Between the U.S. and USSR."

Dr. Medvedkov's case was taken by The Ohio State University Concerned Academics and Scientists for Soviet Refuseniks, a group which was formed in 1981. The founder of this group was Professor George Demko, who is now the Director of the Office of the Geographer, U.S. State Department. Assisting with Professor Demko were Professor Jacques Zakin, Chemical Engineering, who is the current chair of the group; as well as, Professor Howard Fink, from our College of Law; and Professor Herb Asher, Special Assistant to the President. This effort was initiated in 1984, and was vigorously supported by President Jennings and the Office of Academic Affairs. I should note that Senator John Glenn was quite helpful in monitoring the case for us. Dr. Medvedkov received his visa in late September and arrived here late Autumn Quarter, after visiting the World Peace Conference in Denmark, as well as visiting Geneva.

Many believe that Ohio State's offer of a distinguished visiting professorship was instrumental in bringing about his move to the United States. Dr. Medvedkov's specialty is the study of urban and city systems, as well as Soviet geography. We are absolutely delighted that he is here and we will ask him,

March 5 and 6, 1987 meeting, Board of Trustees

Dr. Brand: (contd)

and Olga, if they would like to take a few minutes and describe some of their recent experiences and impressions of life in the United States, as well as at Ohio State.

Dr. Yuri Medvedkov:

Thank you. It is a privilege for me to be here and to thank you for the support given systematically, which is a tremendous help for the scientific community of independently thinking academicians in Moscow, and in other parts of the Soviet Union.

I am an old-timer in the Soviet Academy of Sciences -- I did thirty years of research there and then when some of the results became unexceptable to the hard-liners in the Soviet internal policy. In the end, around the end of the 1970's, when the invasion of Afghanistan started, the hardening-up in the internal life of the Academy, and the exile of an academician -- many examples of this exist. All of that led us to the point that, to continue with the type of results which I wanted, and considered to be important, internal, stratification of soviet society, pockets of poverty, deterioration of the quality of urban environment, etc. -- all of this led me to the necessity to apply to emmigrate. That was my way to protest against the conditions which were there and it was my way to continue with research which I considered to be important for the School of Human Ecology, which I organized there.

In the battles of six years, which are still going on in the Soviet Union, it was always the support of the academic world which gave us the biggest strength. The very possibility of creating the Group to Establish Trust Between the U.S. and USSR, by mobilizing independently thinking academicians of Moscow for this group, was of tremendous significance -- tremendous symbolic significance for internal development in the Soviet Union. The possibility to do that existed only because we had the umbrella of security given by letters of support, letters of protest and the pressure of the presence of frequent visitors from the United States and other countries of the West. Now, we may see certain changes in internal and external politics of the Soviet Union. The changes are not yet very decisive according to my estimate, but are important because they indicate that with patience, with insistance, we may corner hard-liners in the Soviet political life and we may bring the power of reason back to the life of that nation, as well.

Well, I am an educator, so it is great to be back to the possibilities of the university and to teach, to see the students. I am using every opportunity, even before my classes properly begin (they start in April). Thank you for all of your support. Please be assured that there are other forces, there are other persons within the Soviet Union, who need your help and who are doing their best to increase the potential of returning the Soviet Union back to the family of the civilized nations.

March 5 and 6, 1987 meeting, Board of Trustees

Mr. Teaford:

Mr. Chairman, I've had the privilege of hearing Dr. Medvedkov speak before and I think it is very important to realize that when we write these letters to President Gorbachev and others in the Soviet Union, that it is important. It has helped him get here and will help others in their struggle. Sometimes we think letter writing is an insignificant act, but I think what he says demonstrates that that is not true. One other thing he said before, and I would like him to repeat here, is that he had some impressions of Columbus, Ohio, before he left the Soviet Union, and I think we all need to hear them.

Dr. Medvedkov:

Well that is really so. Even on the day when the visa was brought to the door of my apartment, I was busy rapidly translating the manual of using PC computers for communication purposes and the CompuServe facilities were described there. It means that the scientific community of Moscow and now the independent circle are really interested in them. And we realize that Columbus is a capital of the information age. Which is now going on and on.

Mr. Redman:

Any other comments?

Dr. Olga Medvedkov:

You know a lot of people ask us how we are adjusting here. You know, it is just going excellent. I don't know, maybe it's because the community of Columbus and Ohio State is very warm. Maybe it's not very usual for the whole United States. But we are feeling ourselves, as we return to our natural environment from which we were divorced for so many years. We kept our positions at the Academy of Science in Moscow, because of great support from our colleagues, but it was a nominal position, certainly. Here, Yuri can continue his teaching and research and even I've gotten support from the Mershon Center to continue my research work in social studies, as well. It is just great and our kids are flourishing here. They are very excited about everything here. I would just like to thank you, again. It is very nice to be here.

President Jennings:

I think it is also important to recognize that the Medvedkovs are being somewhat modest. We benefit every bit as much from their presence at Ohio State, as they benefit from our assistance. This is a joint activity. Professor Medvedkov is one of the premier scholars, not only in the Soviet Union, but in the world. Our faculty do not shy away from pointing out that by bringing them here, we have substantially improved our scholarship at Ohio State University -- that this is not just a one-way street of bringing the Medvedkovs to Columbus, Ohio. From their distinguished research record and future research and distinguished teaching, we and our students will benefit enormously from their presence. And we thank you for choosing

March 5 and 6, 1987 meeting, Board of Trustees

President Jennings: (contd)

Columbus, Ohio, we think we have a pretty good place here. It is nice to hear some confirmation of the public relations statements that go on in Columbus, that we are the third largest information center in the world, behind Washington and Moscow. We, in the Midwest, have a tendency to take things like that with a grain of salt, but perhaps it will be more believed now that we have some confirmation. We are delighted that you are here. There is no need to thank us; this is part and parcel of the continuing improvement of this great University and you are part of that and we hope you can be part of it for a long time to come.

REPRINTED STATUTES APPLYING TO THE UNIVERSITY, BYLAWS OF THE BOARD OF TRUSTEES, AND RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-90

Synopsis: The reprinted Statutes Applying to the University, Bylaws of the Board of Trustees, and Rules of the University Faculty are presented for adoption.

WHEREAS the publications entitled Statutes Applying to the University, Bylaws of the Board of Trustees, and Rules of the University Faculty have been reprinted to conform to the changes approved by the Board of Trustees since the last date of publication in September 1983; and

WHEREAS Section 111.15 of the Ohio Revised Code requires state-assisted institutions of higher education to file the current rules and regulations which have been adopted or promulgated by the Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That the reprinted text of the Statutes Applying to the University, Bylaws of the Board of Trustees, and Rules of the University Faculty dated March 1987, be adopted as the official publication of the Board of Trustees.

Upon motion of Mr. Teaford, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-96

Synopsis: Resolutions honoring the service of two of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Dallas S. Bolon

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 8, 1987, of Dallas S. Bolon, Assistant Professor Emeritus in the Academic Faculty of Accounting and Management Information Systems.

Professor Bolon was born December 27, 1894. He served as a Second Lieutenant in World War I. He received the Bachelor of Science degree from The Ohio State University in 1921.

Professor Bolon joined the faculty as an Instructor in Accounting in 1923. He served as a Lecturer in Accounting from 1928 until his retirement in 1961. In July 1966 he was awarded the rank of Assistant Professor Emeritus.

Author of a text in introductory accounting, Professor Bolon's research involved improvements in accounting systems: cost, tax, and financing problems.

Professor Bolon became a CPA in 1923, and was a partner in the firm of Bolon, Hart and Beuhler.

On behalf of the University community, the Board of Trustees expresses to the family of Dallas S. Bolon its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

March 5 and 6, 1987 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Roy J. Secrest

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 7, 1986, of Roy J. Secrest, Professor Emeritus in the Department of Surgery.

Dr. Secrest was born on May 15, 1902, and received his M.D. degree from The Ohio State University in 1926. For some years he was a country doctor making his rounds on horseback. He became associated with Dr. Harry LeFever, the pioneer neurosurgeon in the Central Ohio area in the late 1930's. Drs. LeFever and Secrest founded the residency training program in neurologic surgery, initially at the old White Cross Hospital, later at University Hospitals, Children's Hospital, and Riverside Methodist Hospital. Dr. Secrest retired and was named Professor Emeritus on July 1, 1970.

Dr. Secrest's major contributions were in his clinical and teaching skills. He was a kind man. His demeanor was always reassuring to his patients, many of whom suffered from serious disorders of the nervous system and suffered great anxiety and pain. Dr. Secrest's example was an inspiration to many medical students and residents, a number of whom are still on the faculty of The Ohio State University.

His memorial will be in the minds of his patients and those whom he inspired to enter the specialty of neurologic surgery. He was a model of a warm, gracious and skillful physician.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Teaford, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Irene D. Hirsch Research Fund in Ophthalmology (contd)

All gifts are to be invested in the University's Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support research in diseases and treatment of the eyes. Expenditures from the fund will be approved by the Chairperson of the Department of Ophthalmology in consultation with the Dean of the College of Medicine.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Medicine.

Ohio Eminent Scholar in Hydrogeology

The Ohio Eminent Scholar in Hydrogeology was established March 6, 1987, by the Board of Trustees of The Ohio State University with \$500,000 awarded by the General Assembly of Ohio and a matching \$500,000 from Unrestricted Gifts to the University.

The funds are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide salary and program support for the work of an outstanding scholar-leader in Hydrogeology. Appointment as the Ohio Eminent Scholar in Hydrogeology will be recommended by the Dean of the College of Mathematical and Physical Sciences to the Provost and President and approved by the Board of Trustees.

Should the need for this position cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for education and research in geology. Any redirection of this endowment prior to ten years from the date established shall require the prior approval of the Ohio Board of Regents.

Ohio Eminent Scholar in Industrial Microbiology

The Ohio Eminent Scholar in Industrial Microbiology was established March 6, 1987, by the Board of Trustees of The Ohio State University with \$500,000 awarded by the General Assembly of Ohio and a matching \$500,000 from Unrestricted Gifts to the University.

Ohio Eminent Scholar in Mechanical Systems

The Ohio Eminent Scholar in Mechanical Systems was established March 6, 1987, by the Board of Trustees of The Ohio State University with \$500,000 awarded by the General Assembly of Ohio and a matching \$500,000 from Unrestricted Gifts to the University.

The funds are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide salary and program support for the work of an outstanding scholar-leader in Mechanical Systems. Appointment as the Ohio Eminent Scholar in Mechanical Systems will be recommended by the Dean of the College of Engineering to the Provost and President and approved by the Board of Trustees.

Should the need for this position cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for education and research in mechanical engineering. Any redirection of this endowment prior to ten years from the date established shall require the prior approval of the Ohio Board of Regents.

The AEP Fund in Electric Power Systems Engineering

The AEP Fund in Electric Power Systems Engineering was established March 6, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the American Electric Power Service Corporation.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to modernize the department's undergraduate power systems machinery laboratory. The objective of this fund is to enhance the electric power systems engineering education and research program in the Department of Electrical Engineering. The Chairperson of the Department of Electrical Engineering is authorized to invade the principal amount of the endowment if necessary. The Chairperson of the Electrical Engineering department will have sole authority to authorize expenditures from the fund, as approved by the Dean of the College of Engineering. Any unused annual income from the fund will be reinvested in the principal.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as

The annual income shall be used for needed and worthy projects in the Department of Mathematics in such a way as to bring honor to and perpetuate the memory of Professor Charles Clements Morris. Preference shall be given to providing assistance to undergraduate mathematics majors and to high school graduates intending to become mathematics majors who: a) have achieved or are likely, based on their high school records, to achieve an overall G.P.A. of at least 3.25 in mathematics; b) intend to become high school teachers of mathematics; c) would otherwise be financially unable to enroll or continue their enrollment at The Ohio State University. All expenditures from the fund shall be initiated by the Chairperson of the Department of Mathematics and approved by the Dean of the College of Mathematical and Physical Sciences, in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the Department of Mathematics.

The John McKitrick Family Fund

The John McKitrick Family Fund was established March 6, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from John and Ann McKitrick. Their daughters, Mindy McKitrick Roberts and Mary McKitrick Reames, have each arranged for deferred gifts of \$200,000.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be divided into percentages and distributed as follows. Each of the following areas is to receive 10% of the annual interest income: College of Agriculture (Department of Dairy Science, Dairy Cattle Judging Team), College of Home Economics, 4-H Support Fund, Mershon Center, and WOSU. The Department of Athletics is to receive 50% of the annual interest income. The interest income is to be used by the head of each area in any way they see fit to maintain or improve their level of excellence.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the various areas mentioned above.

STUDENT HEALTH INSURANCE

Resolution No. 87-103

Synopsis: Renewal of the Student Health Insurance Program with Central Benefits Mutual Insurance Company, formerly known as Blue Cross of Central Ohio, is proposed.

WHEREAS on April 5, 1985, this Board awarded a two-year competitively bid contract (effective Autumn Quarter 1985) to provide Student Health Insurance; and

WHEREAS after consideration of the desires and concerns of the students who purchase the insurance, the Student Health Insurance Committee of the Council on Student Affairs has recommended -- and the full Council on Student Affairs has ratified this recommendation -- that the renegotiated contract continue to provide the existing benefits plus the following improved benefits:

Increase the daily semi-private hospital room and board rate from \$195 to \$210 for 1987-88.

Increase the preventive dental benefit for x-rays, if needed, from \$20 to \$30.

Increase the surgical fee for removal of impacted teeth
Covered by bone from \$60 to \$75
Soft tissue from \$50 to \$60

Add a benefit of \$50 for general anesthesia for the removal of impacted teeth.

Add a benefit for endodontic root canal
\$50 for one per tooth
\$75 for two per tooth
\$112.50 for three per tooth

WHEREAS this program will be available on an optional basis to all registered students for the following proposed Quarterly Premium Rates:

<u>Classification</u>	<u>Expiring Quarterly Rates</u>	<u>Proposed Quarterly Rates</u>
	<u>1986-87</u>	<u>1987-88</u>
Student	\$ 51	\$ 55
Student and Spouse	151	163
Student, Spouse and Children	218	236
Student and Children	117	127

NOW THEREFORE

BE IT RESOLVED, That Central Benefits Mutual Insurance Company be awarded the renegotiated Student Health Insurance contract effective the first day of classes, Autumn Quarter 1987 for a period of one year. The contract will provide the benefits outlined above as well as those now available under the terms of the current contract.

March 5 and 6, 1987 meeting, Board of Trustees

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

March 20, 1987

Commencement Speaker

John P. Hirth

John P. Hirth is a professor in the Department of Metallurgical Engineering who is one of the most distinguished metallurgists in the world today. Hirth's work concerns the fundamental properties of metals—how and why they fracture. His ideas have contributed to an improved understanding of the properties of alloys and have led to many applications in industry.

Professor Hirth received his B.S. and M.S. degrees in metallurgical engineering from Ohio State and his Ph.D. degree from Carnegie Institute of Technology (now Carnegie-Mellon University). He was a Fulbright Research Fellow at Bristol University in England and has taught at Carnegie, Stanford, the University of Mexico, and Oslo University in Norway. In 1961, Hirth was appointed as Mershon Associate Professor of Materials Science and Metallurgical Engineering at Ohio State.

Hirth is the author or coauthor of more than 290 articles and the coauthor of two books, as well as serving as editor of several others. His service to Ohio State includes participation in many University-wide committees and councils, including the Board of Directors of The Research Foundation and the University Promotion and Tenure Committee. Hirth also is a member of the Carnegie-Mellon University Visiting Committee.

He was named a Fellow of the American Society of Metals in 1971 and was elected to the National Academy of Engineering in 1974. Hirth has been honored with Ohio State's highest research awards, including the University Distinguished Scholar Award and the College of Engineering Distinguished Research Award. He has earned recognition for teaching excellence as well with the Mars G. Fontana Teaching Award and the MacQuigg Teaching Award.

Since 1974, Professor Hirth has been editor of *Scripta Metallurgica*, a leading professional journal, and has advised various federal agencies and laboratories, including the Department of Defense, the National Science Foundation, the National Bureau of Standards, Battelle Memorial Institute, and the Los Alamos National Laboratory Center for Materials Science. The University is very pleased to welcome this distinguished faculty member and alumnus as commencement speaker today.

Recipients of Honors

Alfred D. Chandler, Jr. Doctor of Humane Letters

Alfred D. Chandler, Jr. is the Straus Professor of Business History at Harvard University. He is widely recognized as the world's leading figure in the study of business history and has done much to clarify and explain the development patterns of American business firms and their effect on history. His approach to history, known as the "organizational synthesis," has influenced the teaching of history and other academic fields at Ohio State and across the nation.

Professor Chandler received his A.B., M.A., and Ph.D. degrees from Harvard University. He has taught at the Massachusetts Institute of Technology, Johns Hopkins University, and at Harvard University since 1970. His book, *The Visible Hand: The Managerial Revolution in American Business*, incorporating his research and scholarship, received the Bancroft and Pulitzer prizes and has stimulated a reinterpretation of American history.

Recently retired from active teaching, Chandler has trained numerous graduate students, many of whom are now leading business historians. He has written or coauthored four major books in his field and has written several chapters in books, articles, essays, and book reviews for numerous journals. While at Johns Hopkins University, Professor Chandler was the editor of the Eisenhower Papers and served as one of its trustees from 1971 to 1981.

In addition to his scholarly pursuits, he has served on the executive board of the Organization of American Historians; on the editorial boards of *Business History Review*, *Strategic Management Journal*, and the *New England Quarterly*; and is a trustee of the Eleutherian Mills Hagley Foundation. Chandler was the chairman of the Historical Advisory Committee for the U.S. Atomic Energy Commission from 1969 to 1977.

Professor Chandler has received honorary degrees from the University of Leuven, the University of Antwerp, and Babson College. He is currently in the latter stages of a comparative study of business firms from around the world—work which promises to provide all modern historians with important new ways of understanding our past and present conditions. The Ohio State University is very proud to confer its highest award upon this distinguished teacher, researcher, and scholar.

Yoshiyuki Funatsu Doctor of Engineering

Yoshiyuki Funatsu is vice president of All Nippon Airways, Japan's largest domestic carrier and fifth-largest passenger service in the world. He is acknowledged as an international leader in the application of flight safety measures to commercial aircraft.

Mr. Funatsu pursued his graduate work in aeronautical engineering as a Fulbright Scholar at The Ohio State University in the early 1950s. He was one of the first Japanese engineers to study jet engines in the United States after World War II.

While in this country, he had frequent contact with the Civil Aviation Authority (now the FAA), which led to the formation of the Japanese counterpart, the Japan Civil Aeronautics Board. While with the JCAB, Mr. Funatsu developed farsighted safety regulations and procedures which are still in effect today. During the past decade, he has had major responsibilities for the introduction of wide-body commercial aircraft to Japanese domestic service.

Today, Mr. Funatsu serves on several government and industrial councils in Japan, including committees for the Ministry of International Trade and Industry. He is also managing director of both the New Japan Aircraft Maintenance Company, Ltd., and Japan Aircraft Manufacturing Company, Ltd. Mr. Funatsu was president of the International Federation of Airworthiness, and he has an extensive list of publications and lectures on airlines maintenance, flight safety, and the future of aviation to his credit.

Mr. Funatsu has amply demonstrated outstanding technical and managerial skills, which have earned him great respect as a leader in the international airline industry. We take pride in this alumnus who has put his knowledge to work for the benefit of this industry and the safety and comfort of the worldwide traveling public. Ohio State is very pleased to recognize Yoshiyuki Funatsu with the honorary degree, Doctor of Engineering.

Recipients of Honors

Ullrich Georg Trendelenburg Doctor of Science

Ullrich Georg Trendelenburg is the Ordentlicher Professor at the Institute for Pharmacology and Toxicology of the University of Wurzburg in the Federal Republic of Germany. He is a world renowned scholar in pharmacology and biomedical science, noted for his contributions in researching and explaining drug actions on the nervous systems.

Born in Gehlsdorf, Germany, Professor Trendelenburg received his M.D. from the University of Gottingen, his Ph.D. degree in pharmacology from Oxford University, and Master of Arts Honors from Harvard University. He taught pharmacology at Harvard Medical School for more than ten years before joining the University of Wurzburg in 1968.

For more than 35 years, Trendelenburg has been concerned with improving the quality of pharmacological research and education at the international level. His research has directly influenced many young scientists in the United States and abroad, particularly in the understanding of information transmission in the nervous system and the effect drugs have on that system.

Trendelenburg is currently managing editor of the *Naunyn-Schmiedeberg's Archives of Pharmacology*, associate editor of *Pharmacological Reviews* and *Trends in Pharmacological Sciences*, and past president of the German Pharmacological Society. He has over 150 publications to his credit.

Dr. Trendelenburg has received honorary degrees from Tampere University in Finland and from Porto University in Portugal. He is an honorary member of the pharmacological societies of Poland, India, and Czechoslovakia. Ohio State is proud to recognize this outstanding scientist, scholar, and educator.

Graduates with Honors

Criteria for graduation with honors are as follows:

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

Cum Laude designates those graduating in the top 10% of the class (top 6% in the Colleges of the Arts and Sciences.)

Summa Cum Laude designates those graduating in the top 3% of the class (top 1.5% in the Colleges of the Arts and Sciences).

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND TWENTY-NINTH MEETING
OF THE BOARD OF TRUSTEES

Marion, Ohio, April 2 and 3, 1987

The Board of Trustees met at its regular monthly meeting on Thursday, April 2, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio; and Friday, April 3, 1987, at The Ohio State University Marion Campus, Marion, Ohio, pursuant to adjournment.

* * *
Minutes of the last meeting were approved.

* * *

April 2 and 3, 1987 meeting, Board of Trustees

The Chairman, Mr. Galbreath, called the meeting of the Board of Trustees to order on April 2, 1987, at 4:40 p.m. He requested the Secretary to call the roll. The meeting recessed into Executive Session for the purpose of considering legal issues and personnel-related matters.

Present: Daniel M. Galbreath, Chairman, Edmund C. Redman, Leonard J. Immke, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, and John W. Kessler.

--0--

Mr. Galbreath reconvened the meeting on April 3, 1987, at 10:50 a.m.

Present: Daniel M. Galbreath, Chairman, Edmund C. Redman, Leonard J. Immke, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, and John W. Kessler.

--0--

Mr. Galbreath:

First of all, I would like to thank those of you at the Marion Campus, as well as the community, for hosting us and inviting us up here to see your campus, and particularly this lovely new building. We appreciate that very much and look forward to sharing the rest of the morning and having lunch with you.

NEW DEGREE PROGRAM - MASTER OF FINE ARTS DEGREE IN DANCE

Resolution No. 87-106

Synopsis: Establishment of a Master of Fine Arts degree in Dance is proposed.

WHEREAS the Department of Dance, the College of The Arts, and the Council on Research and Graduate Studies have approved the addition of a tagged Master of Fine Arts degree in Dance; and

WHEREAS the MFA degree is recognized as the major terminal degree in the practical and creative areas of dance study, and would better meet the needs of students competing for professional employment; and

WHEREAS sufficient resources and student interest exist to support the tagged Master of Fine Arts degree in Dance; and

WHEREAS the MFA would keep Ohio State competitive with other dance programs in the country, and would attract highly qualified students; and

April 2 and 3, 1987 meeting, Board of Trustees

NEW DEGREE PROGRAM - MASTER OF FINE ARTS DEGREE IN DANCE (contd)

WHEREAS the current Master of Arts degree with a major in Dance would be retained for interested students; and

WHEREAS the University Senate approved this action at their March 7, 1987 meeting:

NOW THEREFORE

BE IT RESOLVED, That the establishment of the Master of Fine Arts degree in Dance is hereby approved.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

CHANGE IN DEGREE

Resolution No. 87-107

Synopsis: Change in degree from a Bachelor of Arts degree to a Bachelor of Science degree for students specializing in Climatology and Cartography is proposed.

WHEREAS the Department of Geography and the Colleges of the Arts and Sciences have approved the conversion of the Cartography and Climatology tracks in the Department of Geography from the Bachelor of Arts degree to the Bachelor of Science degree; and

WHEREAS during the past two years the Department of Geography has strengthened the quantitative and analytical nature of these two tracks by emphasizing mathematics and physical sciences; and

WHEREAS awarding the Bachelor of Science degree to students specializing in Climatology and Cartography would bring Ohio State in line with other major research institutions; and

WHEREAS the option to pursue a Bachelor of Arts degree with a major in Geography would be available to students through the Department's other four tracks; and

WHEREAS the Bachelor of Science degree with a major in Geography is more marketable and offers greater potential for advancement for students in both academic and non-academic settings; and

WHEREAS the University Senate approved this action at their March 7, 1987 meeting:

NOW THEREFORE

BE IT RESOLVED, That the aforementioned change in degree is hereby approved, effective Spring Quarter 1987.

Upon motion of Mr. Immke, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

April 2 and 3, 1987 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-108

Synopsis: Amendments to rules 3335-5-45 and 3335-5-488 are being proposed.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on May 20, 1978, and March 7, 1987, as follows:

AMENDED RULES

3335-5-45 Bylaws of the senate.

The university senate shall have the power to organize itself and to make such bylaws for its own proceedings as shall not contravene the sections of the Revised Code applying to the university, the "Bylaws of the Board of Trustees," or the "Rules of the University Faculty." The senate's bylaws may be amended at any time by a majority of senate members present and voting thereon. The bylaws shall also be the subject of review by the rules committee at the beginning of each new autumn session of the senate.

3335-5-488 Committee on honorary degrees.

(A) Membership.

The committee on honorary degrees shall consist of five members of the regular faculty, nominated by the faculty council and elected by the senate. The term of office is five years with one member retiring each year. A retiring member shall not be eligible for immediate reelection.

(B) Duties and responsibilities.

- (1) (Unchanged.)
- (2) Receive nominations concerning persons who might be considered for an honorary degree.
- (3) Review thoroughly the achievements and qualifications of all persons nominated.
- (4) Report to the university senate for its consideration and action such persons as have received no fewer than four affirmative votes from the committee membership.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

April 2 and 3, 1987 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Upon motion of Mr. Immke, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-110

Synopsis: Resolutions honoring the service of three of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Henry J. Barre

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 15, 1987, of Henry J. Barre, Professor Emeritus in the Department of Agricultural Engineering.

Dr. Barre was born on April 11, 1905. He earned his BS and MS degrees in Agricultural Engineering at Kansas State University. His Ph.D. degree from Iowa State University in 1938 was the first awarded in agricultural engineering. He served on the faculties of Iowa State University from 1930-43; as departmental head at Purdue from 1943-52; and The Ohio State University from 1963-73. From 1952-63, he worked as an industry consultant in agricultural drying and air-handling systems. He also served as a consultant for the Ford Foundation in India and for the World Bank in Indonesia while at Ohio State. Upon his retirement in 1973, he was named Professor Emeritus.

As the prolific author of many research reports, papers, and bulletins on theory and practice of grain drying, as well as the senior author of a widely-used text on farm structures, Dr. Barre was awarded the highest honor of the American Society of Agricultural Engineers, its Cyrus Hall-McCormick Gold Medal in 1969. He received the MacQuigg Award for outstanding teaching in 1971, and was a member of Phi Kappa Phi, Sigma XI, Sigma Tau, and Tau Beta Pi.

On behalf of the University, the Board of Trustees expresses its sympathy and understanding to the family of Professor Barre. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Wayne Woodrow Hayes

The Board of Trustees of The Ohio State University expresses its deep sorrow upon the death on March 12, 1987, of W. W. "Woody" Hayes, former head football coach and beloved member of the University family.

Coach Hayes was born on February 14, 1913, in Clifton, Ohio. He attended Denison University where he majored in English and History, played tackle

Wayne Woodrow Hayes (contd)

on the football team and was an outfielder on the baseball team. He was graduated in 1935. Hayes received a Master of Arts degree in Education Administration at Ohio State in 1948.

Woody Hayes accepted his first coaching job as an Assistant Coach at Mingo Junction High School in Ohio, in 1935. He took a Head Coach position in 1938 at New Philadelphia High School in New Philadelphia, Ohio. Hayes spent five years in the Navy during World War II, finishing his military career as a highly decorated Lieutenant Commander before accepting the position of Head Coach of the Denison University football team in 1946. He coached at Denison for three years and then coached at Miami University in Oxford, Ohio, for two years. In 1951 Coach Hayes began his career at The Ohio State University, having been selected ahead of Coach Paul Brown of the Cleveland Browns football team. He ended his coaching career at Ohio State University in 1978.

As the coach of the Buckeyes, Woody Hayes developed an impressive record of success by every measurement. His teams won 205 games between 1951 and 1978 with a Big Ten record of 152-37-7. His teams were winners of 5 post-season bowls, 13 Big Ten championships and national championships in 1954, 1957 and 1968. Hayes was elected College Coach of the Year in 1957 and 1975, and served as President of the National Football Coaches Association. Known for his strong recruiting and coaching, Hayes coached three Heisman Trophy winners and 56 first team All-American players. In addition, he trained many Assistant Coaches who later became successful Head Coaches including Bo Schembechler, Earle Bruce, Lou Holz, David McClain, Bill Mallory, and George Chaump.

Woody Hayes was honored in many ways in his life. He was named Head Football Coach and Professor Emeritus in the School of Health, Physical Education and Recreation in 1979 by The Ohio State University Board of Trustees. Also in 1979, the University's Development Fund established a scholarship in the names of Woody and Anne Hayes which helps student athletes attend Ohio State's professional and graduate schools. Part of West Woodruff Avenue on campus was named for Hayes by the University in 1982 as Woody Hayes Drive. In 1986 Hayes received an honorary Doctor of Humanities degree from Ohio State on the occasion of his being the Commencement speaker on March 21, 1986. Woody Hayes was the subject of many stories, television shows and documentaries as the quintessential college football coach.

Perhaps the greatest achievement of his distinguished career is the way in which he has personally touched so many lives. Although he was in the public eye for many years, he had tremendous success on a more private, individual level. The compassion he felt for all of his football players was often expressed in his interest in their education and their development as members of society. He was always available to discuss problems and he was free with his advice. This personal attention was well-utilized by his players and has resulted in many life-long friendships and associations. Woody Hayes was also available to the University community whenever it needed his help. He was a guest lecturer, advisor, spokesman, and fund raiser, among other things. He was willing to give of himself for the greater good and was able to respond to a great variety of requests for support. He visited hospitals and nursing homes, served on boards and talked with everyone who had the interest, especially students. He was truly generous with his time.

April 2 and 3, 1987 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Wayne Woodrow Hayes (contd)

Woody Hayes will be long-remembered by his players, his colleagues, his friends, his family, and the University itself. He has left a tremendous legacy of commitment, success and love.

On behalf of the University, the Board of Trustees wishes to express its deep sympathy to Woody's wife, Anne, his son and daughter-in-law Steve and Kathy, his grandchildren Phil and Laura and his sister Mary North. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Bernard William Poland

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on March 8, 1987, of Bernard William Poland, Professor Emeritus in the School of Music.

Dr. Poland was born August 29, 1919. A native of Philadelphia, his early musical career led him to Ann Arbor, where he received from the University of Michigan the degrees Bachelor of Music in 1948 and Master of Music in 1949.

His thirty-five year tenure on the faculty of the School of Music began in 1949. By 1970, he rose to the rank of Professor of music theory. From 1975 to 1984, he also served as Associate Dean of the Graduate School. Upon his retirement in 1984, he was awarded the rank of Professor Emeritus.

During his early years at Ohio State, Dr. Poland co-founded the Columbus Symphony Orchestra and served as principal oboist and program annotator. Later, he earned the first doctorate granted by Ohio State's School of Music. He did extensive research in predicting success in music study, which resulted in the Music Achievement Test that is now required of undergraduate music applicants. He helped found the Center for Experimental Research in the Arts, which he directed from 1965 to 1969. His research in musical behavior and in program review strategies led to an extensive list of publications and presentations.

Active in numerous professional organizations, Dr. Poland received many music honors, including the Archibald T. Davidson Award in Musicology and membership in Pi Kappa Lambda Music Honorary Society. In 1971, he was granted The Ohio State University Alumni Award for Distinguished Teaching and, in 1987, The Ohio State University Distinguished Service Award.

On behalf of the University community, the Board of Trustees expresses to the family of Bernard William Poland its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Immke, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

April 2 and 3, 1987 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 87-111

Synopsis: The reports on contracts, grants, and gifts and the summary for February 1987 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of February 1987 be approved.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The William A. Meiter Scholarship Fund

The William A. Meiter Scholarship Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from William A. Meiter, B.S.M.E. '27, Delray Beach, Florida, in memory of his immigrant parents who by hard work on a dairy farm near Damascus, Ohio, were able to provide a college education for their three sons.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarship award(s) to students entering or attending The Ohio State University, including its regional campuses and technical institute, from the West Branch School District, Damascus area. Selection of the award recipient(s) shall be made by the University Committee on Student Financial Aid at The Ohio State University in conjunction with the Scholarship Selection Committee of the Damascus Area Historical Society. All awards shall be based on financial need.

Should the need for this fund in the West Branch School District cease to exist or so diminish as to provide unused income, then the income may be used to provide scholarship support for students from the Salem School District, Salem, Ohio. A joint decision by the Damascus Area Historical Society and the University Committee on Student Financial Aid or its representative is required. Should the need for this fund cease to exist entirely, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for Student Financial Aid.

The J. M. Shepherd Scholarship Fund

The J. M. Shepherd Scholarship Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from J. M. Shepherd, B.Cer.E. '58, M.B.A. '59, of Cincinnati, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to students who have successfully combined athletics or other extracurricular activities with challenging academic study as evidenced by their major in chemistry in the College of Mathematical and Physical Sciences or in any field of engineering. Recipients of the scholarship shall be limited to Ohio residents with a record of academic achievement. Preference shall be given to students involved in intercollegiate athletics, including club level sports.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The J. M. Shepherd Scholarship Fund (contd)

Should there be no such suitable candidates, the scholarships shall be awarded to students in the above-named academic areas who are actively involved in other extracurricular activities.

Recipients shall be selected by the Dean of the College of Engineering or his designee in consultation with the appropriate officials in the Departments of Chemistry and Athletics, and the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the Colleges of Engineering and Mathematical and Physical Sciences.

The George Stambaugh Memorial Fund

The George Stambaugh Memorial Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Anna May Stambaugh, in memory of her father, George Stambaugh.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to benefit The Ohio State University Libraries, including support for personnel and/or the acquisition of such items as books, journals, supplies or equipment as determined by the Director of The Ohio State University Libraries. Any unused income shall be reinvested in the fund's principal.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for The Ohio State University Libraries.

The Henry and Blanche Abell Endowment Fund

The Henry and Blanche Abell Endowment Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mr. Carl T. Abell, B.S.Dairy Tech. '49, Medina, Ohio, as recognition for and in honor of his parents, Henry and Blanche Abell.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Henry and Blanche Abell Endowment Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be divided equally between the Department of Food Science and Nutrition in the College of Agriculture and the wrestling program in the Athletic Department. The use of said funds shall be at the discretion of the Chairperson of the Department of Food Science and Nutrition and the Coach and/or Director of the wrestling program.

Should the need for these funds cease to exist or so diminish in either of these programs or departments, then 100% of the annual income shall be distributed to the other department or program. Should the need for these funds cease to exist in both programs or departments, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative officials of the University who are then directly responsible for the College of Agriculture and the Department of Athletics.

The Roy C. and Lillian M. Holdridge Scholarship Fund

The Roy C. and Lillian M. Holdridge Scholarship Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Roy C. Holdridge, and others, of Marion, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Twenty percent (20%) of the annual income shall be added to the fund's principal. The remaining eighty percent (80%) of the annual income shall be used to provide scholarship support for one or more qualified second year students enrolled at The Ohio State University Marion Campus who have indicated a major in Business. Selection of the scholarship recipients will be made by the University Committee on Student Financial Aid upon the recommendation of the Dean and Director of The Ohio State University at Marion. Unused income in any given year will be reinvested in the fund's principal.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income shall be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for scholarship awards to students of the Marion, Ohio, area.

The Sugarbush Kennel Club Fund in Veterinary Medicine

The Sugarbush Kennel Club Fund in Veterinary Medicine was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Sugarbush Kennel Club, Inc.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide a scholarship for one or more students in the College of Veterinary Medicine who are residents of Geauga County. Preference will be given to the student(s) that exhibit financial need. Selection of the award recipients shall be made by the University Committee on Student Financial Aid and approved by the Dean of the College of Veterinary Medicine.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for veterinary medicine education.

The Lloyd W. Chapman Pharmacy Memorial Scholarship

The Lloyd W. Chapman Pharmacy Memorial Scholarship was established April 3, 1987, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Mrs. Lloyd W. Chapman, New Concord, Ohio, and friends.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to assist students in the College of Pharmacy who have demonstrated high academic achievement and a need for financial support. The selection of the award recipients shall be made by the appropriate College of Pharmacy faculty committee in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish to provide unused income then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for pharmacy education.

APPRECIATION TO DANIEL M. GALBREATH

President Jennings made the following statement:

Mr. Chairman, upon the election of new officers I would like, on behalf of all of The Ohio State University, as well as personally, to express our deep and abiding appreciation for all of the outstanding work that you, Dan Galbreath, have done for

May 7 and 8, 1987 meeting, Board of Trustees

APPRECIATION TO DANIEL M. GALBREATH (contd)

President Jennings: (contd)

Ohio State University. The time and the effort that you have expended for us have been well worth it. Nine years seems like a long time, but I know from your point of view it has gone by in a wink of an eye. All of us have benefited from your counsel, your support, your wisdom, and most particularly your understanding of the University and all of its various complexities and constituencies; and for that, Ohio State and I will be eternally grateful.

With that we would like to present to you a very small token of our appreciation to remind you, not only of your efforts through the last nine years, but particularly your efforts during the past year as Chairman of the Board of Trustees.

President Jennings presented Mr. Galbreath with a gavel, inscribed as follows, in recognition of outstanding service as a member and chairman of the Board of Trustees:

DANIEL M. GALBREATH

in appreciation of his service

to the Board of Trustees of

The Ohio State University

Member 1978-1987

Chairman 1986-1987

Mr. Galbreath made the following statement:

Thank you, Ed, I appreciate that. It's very, very nice -- I will cherish this. We had a Trustee's dinner last night and I said my farewells, so I will not do that again. But maybe at the end of the meeting I will have a comment or two, because I consider this to be a rare privilege to have had the opportunity to serve.

My father has joined us on my last day, my last hurrah, but for another reason as well. As perhaps some of you might know, we are in the thoroughbred business and have been very close to the Veterinary Hospital here. And as we have traveled around the country, literally, with our horses in competition, the doctors (the vets) that have graduated from Ohio State continually lead the rest of the country in their reputation, particularly in equine surgery. Sadly enough, my father's best three year old, who was an outside possible starter in the Derby this year, came up with a fracture about two months ago. Our trainer in New York said, "I would like to send him out to Dr. Bramlage at Ohio State." Again, more evidence of the reputation, not only of Dr. Bramlage, but other doctors such as Bob Copeland down in Lexington, and Dr. Reed, who travels the racing circuits in New York.

May 7 and 8, 1987 meeting, Board of Trustees

APPRECIATION TO DANIEL M. GALBREATH (contd)

Mr. Galbreath: (contd)

In this Capital Campaign that the University is involved in, one major emphasis is in upgrading and expanding the critical care area in this veterinary surgery area. My father and our family would like to announce a pledge of \$1.5 million towards the construction of that. I wanted my dad, obviously, to be here for that announcement.

You can be sure that as we travel in various circles, whether it be the thoroughbred or others, that we expound the virtues of this great University. And in no place, including Lexington, Kentucky, is the work that is done here at our Vet Clinic more appreciated. It is an honor for us to be able to give this particular surgery center an extra little boost. We have enjoyed that opportunity and look forward to its construction.

President Jennings:

Dan, this is a tremendous show of generosity on the part of yourself and the entire Galbreath family. I think it is significant, not only the generosity, but the recognition on the part of the Galbreath family of the truly national and international reputation that The Ohio State University Veterinary School enjoys, not only generally but specifically, in dealing with equine research. This is the type of generosity that will be extraordinarily important in that it provides us with that margin of excellence needed to maintain and continue to expand our quality. We particularly appreciate the faith and confidence that the Galbreath family has placed in Ohio State University, particularly the Vet School, by this tremendously generous gift. We think that we will be up to your confidence and hope to do better. Although, when you're the best in the nation, it's tough to continue to do better. We appreciate it and I think there is no question now that Columbus, Ohio, is the center of equine research and not Lexington, Kentucky.

Mr. Galbreath:

Mr. President, I appreciate you fitting that into your agenda and I might ask Mr. Redman, if he would chair this meeting as I go outside with my dad for a few minutes.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-123

Synopsis: Resolutions honoring the service of three of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

George L. Lewis

The Board of Trustees of The Ohio State University, expresses its sorrow upon the death on April 16, 1987, of George L. Lewis, Professor Emeritus in the Department of Educational Theory and Practice.

Professor Lewis was born on March 12, 1916. He received Bachelor of Arts and Master of Arts degrees from Brigham Young University and a Ph.D. from the University of Denver in 1954. During World War II, he served as a radio operator with the Army Air Corps.

Dr. Lewis joined the faculty in 1956, serving as Assistant Professor, Associate Professor, and then Professor of Speech and Theater Education in the Humanities Education Program of the Department of Educational Theory and Practice. Upon his retirement in 1985, he was named Professor Emeritus.

Professor Lewis served as Chairman for Graduate Studies in Education from 1957 to 1961. He developed a vigorous children's theater program and directed many children's theater productions on Campus. He authored nearly fifty articles, reviews, and books.

On behalf of the University community, the Board of Trustees expresses to the family of George Lewis its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

H. Farrand Livingston

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on March 9, 1987, of H. Farrand Livingston, Professor Emeritus in the College of Social Work.

RESOLUTIONS IN MEMORIAM (contd)

H. Farrand Livingston (contd)

Professor Livingston was born December 1, 1907. He received a Bachelor of Arts degree from Yankton College in 1929. For several years he was Chief of the Social Security Administration for the State of South Dakota. He received his MA degree in social service administration from the University of Chicago in 1940.

Professor Livingston joined the faculty of The Ohio State University as an Associate Professor in 1947. He served as an Associate Professor until 1961 when he was promoted to Professor. He served as Professor until his retirement in June 1973. Upon his retirement, Professor Livingston was awarded the rank of Professor Emeritus.

Professor Livingston was the author of several studies related to the nation's experiences during the great depression including works on the CCC, AFDC and Public Welfare. He also gave leadership to the development of national standards for child adoptions and child welfare practices.

On behalf of the University community, the Board of Trustees expresses to the family of H. Farrand Livingston its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Minnie Price

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 21, 1987, of Minnie Price, Professor Emeritus in the Ohio Cooperative Extension Service.

Minnie Price was born December 2, 1888, in Kings Valley, Oregon, and received a Bachelor of Science degree from Oregon State College in 1911. Later, she received a Bachelor of Science degree in Home Economics and Education in 1915 and a Master of Arts degree in Education and Sociology in 1930, both from Columbia University.

Miss Price began her teaching career in an Oregon one-room county school. She became the first county home demonstration agent in New England in 1915. She came to The Ohio State University in 1921 as an Assistant State Home Demonstration Leader and was appointed to the post of State Home Demonstration Leader in 1923, remaining in that position until her retirement in 1951.

After retirement, Minnie Price continued to be involved with home economics related activities serving as Extension Home Economist with the Organization of American States headquartered in Lima, Peru. She was a member of the American and Ohio Home Economics Association; League of Women Voters; Ohio Congress of Parents and Teachers; the American Adult Education Association; and enjoyed working as a hospital volunteer. In her distinguished career, Minnie Price was selected as a representative to the Executive Committee of the National Association of Land Grant Colleges and Universities; received a Superior Service Award from the U.S. Department of Agriculture in May 1950; and received The Ohio State University Centennial Award for Distinguished Service in 1970.

May 7 and 8, 1987 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Minnie Price (contd)

Minnie Price was a true pioneer in her field, a great innovator in the early-day education for women, and enjoyed a long and distinguished career holding the highest of ideals for herself and expected nothing less from those around her. In this model role, she was highly respected by her associates throughout the State and country. Two scholarships bearing her name were established, one at The Ohio State University and one at Oregon State University.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Berry, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 87-124

Synopsis: The reports on contracts, grants, and gifts and the summary for March 1987 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, The Ohio State University Development Fund, and The Ohio State University Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund, and The Ohio State University Foundation during the month of March 1987 be approved.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Law, and Ida Topper, his wife, who was a loyal benefactor of the College of Law, of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support and recognize the work of a distinguished scholar and teacher in the College of Law, with first preference being given to a member of the faculty who teaches in the area of administrative law and/or Constitutional law.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

The Dunning, Higham, Mucil and Sprock Fund
in Industrial & Systems Engineering

The Dunning, Higham, Mucil and Sprock Fund in Industrial & Systems Engineering was established May 8, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from members of the Industrial Engineering Class of 1943.

All gifts are to be invested in the University's Permanent Endowment Fund, in common stock of leading corporations, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for those purposes other than student aid which will aid the research, teaching, service program/facilities and alumni functions, within the Department of Industrial & Systems Engineering in the College of Engineering. The Chairperson of the Department of Industrial & Systems Engineering will have sole authority to authorize the expenditures from the fund, as approved by the Dean of the College of Engineering.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

The Thomas E. Leontis Lecture in Modern Greek Studies (contd)

The annual income shall be used to support a lectureship in Modern Greek Studies. The purpose of the lecture fund is two-fold: first, it is to serve as a catalyst in the Modern Greek Studies Program at the University in generating a keener awareness of the importance of Greek history and culture, especially since 1204, and their contribution to solidifying the bonds between Greece and the United States; and secondly, the lecture fund will bring annually to the Ohio State campus a distinguished speaker of national and/or international reputation who will contribute to the cultural growth of the University and community bodies, by offering new ideas and historical and cultural interpretations of important past and current situations. The selection of the lecturer will be made by a committee chaired by the senior staff member of The Ohio State University Modern Greek Studies Program and including (a) the second staff member of the Program, and (b) an individual selected by the committee Chair either from the University faculty involved with the Program or from the Greek Orthodox Community.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donor.

Change in Description of Named Funds

The William M. and Frances Smith Junk Endowed Fund

The William M. and Frances Smith Junk Endowed Fund was established March 5, 1982, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from William M. and Frances Smith Junk of Washington Court House, Ohio. The description was changed May 8, 1987.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be awarded to a physically handicapped student enrolled at The Ohio State University and residing at Creative Living, Columbus, Ohio. Recipients will be determined by the University Committee for Student Financial Aid and the University Office for Disability Services. Preference should be given to a student with demonstrated academic ability and with the greatest financial need.

If the Creative Living housing facility should cease to exist, the income may be awarded to any physically handicapped student enrolled at The Ohio State University. Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any

purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for Student Financial Aid and the Office for Disability Services.

Change of Name and Description of Named Fund

The Frank E. and Harriet E. Hedrick Aviation Student Award Fund

The Frank E. and Harriet E. Hedrick Scholarship Endowment Fund was established November 5, 1982, by the Board of Trustees of The Ohio State University with gifts from Frank E. and Harriet E. Hedrick. By mutual agreement between the Frank E. and Harriet E. Hedrick Foundation and the University's Department of Aviation, the purpose of this fund was changed May 8, 1987, to a student award in Aviation, and the title was revised accordingly.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide one or more awards to students enrolled in the Department of Aviation with proven academic ability and good moral character. In keeping with Frank E. and Harriet E. Hedrick's long interest in involving young persons in flight careers, preference will be given to students beginning an aviation career involving flight. Selection will be made by the Dean of the College of Engineering in cooperation with the Chairperson of the Department of Aviation.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for aviation education.

Income will be added to the principal until such time as Bank One recommends how the initial distribution of funds is to be made to The Ohio State University, at which time the chair shall be established. Bank One may recommend that income be distributed to the University rather than reinvested before completion of its pledge commitment. However, the principal may not be invaded.

When determining its recommendation for the initial distribution of income to The Ohio State University (e.g., the first recipient of the Bank One Chair for Excellence), Bank One officials will consult with representatives of the University administration (including, but not limited to, the President and the Vice President for Academic Affairs and Provost) and the Board of Directors of The Ohio State University Foundation. Bank One's recommendation will be based on its assessment of a critical need that exists at the University to attract a renowned individual to the faculty, or to encourage a distinguished member of the current faculty to remain at Ohio State. The most important qualification for the person who will hold the chair will be his or her ability to enhance the excellence of The Ohio State University. The final recommendation will be made to the Vice President for Academic Affairs and Provost, and approved by The Ohio State University Board of Trustees.

The occupant of the chair shall be known as "The Bank One Professor of Excellence." The individual named by the University as the initial holder of the Bank One Chair for Excellence will retain the chair until he or she leaves the faculty. Subsequent holders of the chair will be recommended by the Vice President for Academic Affairs and Provost, in consultation with officials of Bank One.

The William H. Davis Medical Research Center Fund

The William H. Davis Medical Research Center Fund was established May 8, 1987, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Dorothy M. Davis, in memory of her husband, William H. Davis, B.S.Bus.Adm. '26.

Income provided by the Foundation shall be used to support the basic and applied clinical research activities, to be undertaken in The William H. Davis Medical Research Center, into the cause, cure and prevention of human illnesses and disorders common during normal aging, such as arteriosclerosis, rheumatoid arthritis, and chronic liver disease. All expenditures of such funds shall have the approval of both the Director of the Division of Immunology and the Dean of the College of Medicine.

The College of Medicine will also be responsible for providing an annual report to Dorothy M. Davis and William C. Davis, during their lifetimes, with regard to all research activity.

Income provided by the Foundation shall be used to support The Dorothy M. Davis Chair in Cancer Research Fund. This chair shall be established by The Ohio State University to advance cancer research.

The individual appointed to this chair should have a record of significant achievements in the field of cancer research. Appointment to the Davis Chair in Cancer Research will be recommended by the Dean of the College of Medicine to the Provost and approved by The Ohio State University Board of Trustees.

The College of Medicine will also be responsible for providing an annual report to Dorothy M. Davis and William C. Davis, during their lifetimes, with regard to all research activity.

NON-SMOKING POLICY

Resolution No. 87-127

Synopsis: A change in the University's non-smoking policy is proposed.

WHEREAS the University's interest in promoting the general health and well-being of its faculty, staff, and students has been well documented and over time has been demonstrated through a multiplicity of health promotion programs; and

WHEREAS in furtherance of this commitment, the University recognizes the need to modify its present smoking policy as set forth in Faculty Rule 3335-13-02 and Trustee Bylaw 3335-1-08(F) in an effort to reduce the level of environmental contaminants produced by smoking; and

WHEREAS in addressing this question the University should seek to accommodate the needs of smokers and non-smokers through the adoption of a comprehensive policy statement; and

WHEREAS the University has received a report from a Committee established to review the University Non-Smoking Policy which solicited opinion and other information from the University community and other comparable institutions on the issue of smoking, which study has been reviewed by University administrative personnel who have made their own independent assessment:

NOW THEREFORE

BE IT RESOLVED, That 3335-1-08(F) of the Bylaws of the Board of Trustees is hereby rescinded and that the non-smoking policy in the form as attached hereto as Appendix A, be adopted effective July 1, 1987 and the policy shall be published in the appropriate section of the Operating Manual; and

BE IT FURTHER RESOLVED, That as a part of the general health promotion programs of the University, a voluntary smoking cessation program for faculty, staff, and students who smoke should be made available.

May 7 and 8, 1987 meeting, Board of Trustees

NON-SMOKING POLICY (contd)

Upon motion of Mr. Teaford, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

APPENDIX A

THE OHIO STATE UNIVERSITY

SUBJECT: NON-SMOKING POLICY

APPLIES TO: UNIVERSITY FACULTY, STAFF, AND STUDENTS

POLICY

The University recognizes the need to create and maintain an environmental quality which sustains and enhances the general health and well-being of its faculty, staff, students, and visitors. As part of a continuing effort to meet its commitment in this area, the Board of Trustees at its May 8, 1987, meeting adopted a policy which establishes new University standards for the creation of a smoke-free environment. Consistent with the spirit and intent of this policy, should irreconcilable conflicts arise between individuals who choose to smoke and those who do not, the rights of non-smokers will prevail.

POLICY GUIDELINES

- A. Smoking will not be permitted in any of the following interior areas and such areas will be designated as "No Smoking" areas:
1. Classrooms
 2. Auditoriums/conference rooms
 3. Laboratories
 4. Elevators
 5. Theaters
 6. Word processing/computer areas
 7. Copier rooms
 8. Mailrooms
 9. Reception areas
 10. Open office areas
 11. Libraries
 12. University Hospitals
 13. Areas in which fire and safety hazards exist

May 7 and 8, 1987 meeting, Board of Trustees

APPENDIX A (contd)

14. Any area not specifically designated "Smoking Permitted"

15. Other areas from time-to-time as may be designated

B. Areas which are designated as smoking areas will be clearly marked with "Smoking Permitted" signs. Smoking is also permitted in:

1. Individual offices which are enclosed by floor-to-ceiling walls and doors may be designated as smoking or non-smoking at the request of the individual assigned to the office. When requested by the occupant, the appropriate administrator may designate an individual office as a smoking area provided that there is no conflict with the interior non-smoking areas identified in Policy Guidelines A1 through A15.

2. Dining Halls may be designated smoking or non-smoking in whole or in part as determined by appropriate administrative officials. As a general principle, residence halls and University apartments are considered private living spaces where smoking decisions are made by the occupants.

C. Coordinative Responsibility

1. Vice presidents, deans, chairpersons, administrative officials and supervisors are generally responsible for the implementation and enforcement of the smoking policy. It is hoped, in light of the health issues involved, that most people will comply with this policy out of self-interest and concern for others. However, complaints or concerns regarding this policy or disputes regarding its implementation should be referred to the immediate administrator/supervisor for resolution.

2. College/department administrative officials should make every effort to assure that this policy is communicated to everyone within their jurisdiction and to all new members of the University community.

3. College/department administrative officials should also assure that appropriate signs are posted.

4. Requests for exception to this policy and/or complaints which cannot be resolved at the unit/department or college level should be referred to the Office of Personnel Services.

D. Sale of Cigarettes in University Buildings

The sale of cigarettes or other tobacco products in campus buildings/facilities shall be prohibited after three years from the date of adoption of this policy.

E. Smoking Cessation Program

The University will offer a smoking-cessation program for faculty and staff as well as students. A nominal charge will be assessed participants to help defray the cost of materials used. The University Faculty and Staff Assistance Program will serve as a

May 7 and 8, 1987 meeting, Board of Trustees

APPENDIX A (contd)

resource for inquiries and provide information relative to smoking cessation programs.

F. Policy Review

It is recommended that this policy be reviewed carefully by University administration for several years to determine its effectiveness.

This policy relies on thoughtfulness, consideration and cooperation of smokers and non-smokers for its success. It is the responsibility of all members of the University community to observe this policy and these policy guidelines and to direct those who choose to smoke to designated "Smoking Permitted" areas.

President Jennings made the following statement:

Mr. Chairman, in keeping with the normal budget cycle for the University, it is my responsibility to report to you our budget plans for next year at this meeting, so that a resolution on budget guidelines can be brought before this Board in June for the fiscal year beginning July 1, 1987. Because the General Assembly is still deliberating on the state budget for higher education, the institutional budget and tuition guidelines I am outlining here today must be considered tentative.

One thing of which we are certain, however, is that the budget actions to date regarding state support for higher education are less than adequate. The proposals we have seen thus far from the state will not allow us to continue to enhance excellence in the context of the important land-grant principle of accessibility.

Let me briefly place the current budget proposals in historical perspective. With the bi-partisan support of the Governor and the General Assembly, higher education has made substantial strides in the previous and the current biennia.

In particular, major progress has been made in reducing the average share of a student's educational costs paid for through tuition, from a high of 47 percent in 1982 to 36 percent today. There was, indeed, a consensus in state government that every effort should be made to achieve a student share at the national average of 33 percent in the future. Although we had not yet reached this goal, our progress has made quality higher education more affordable for Ohioans.

Now, unfortunately, the progress that we have made in recent years is being threatened by inadequate budgetary recommendations for higher education for the next biennium. The Executive Budget would increase the share of the cost of education paid by tuition from 36 percent to 42 percent, and would require average tuition increases of 31 percent for the next academic year.

May 7 and 8, 1987 meeting, Board of Trustees

President Jennings: (contd)

Such an increase would place a heavy burden on students and their families. But just as importantly, it would begin to move public higher education away from the land-grant principle of accessibility. Broad access is critical to our mission at Ohio State. And it is a shared responsibility of this University and of all the citizens of Ohio.

Let me outline the problem in other terms. Under the Executive Budget, Ohio State was presented with a budget deficit -- which we are expected to make up through a 31 percent tuition increase -- of \$61 million. I would point out that that \$61 million is an extremely large shortfall. It is enormously difficult to recoup dollars on that scale internally without reductions in quality.

This University has continually recognized its obligations to reduce costs and accept fiscal responsibility for efficient and effective operations. This has been re-emphasized in our new institutional efforts on cost containment tied to the bonus program. With this activity, we had hoped to generate several million dollars in new internal funds to further enhance academic and support service programs at Ohio State. But now it appears that, in order to keep tuition as low as possible, the cost containment dollars must be used to make up shortages in the state budget.

I do want to note that the Ohio House of Representatives improved upon the Executive Budget recommendations for the instructional subsidy. We appreciate this effort in the House. The action enables us to further reduce our tuition increase.

With the \$24 million we will generate internally through cost containment, and the \$7.7 million enhancement to the instructional subsidy by the House, we are able to reduce Ohio State's tuition increase to less than half of the 31 percent assumed in the Executive Budget. If no further changes are made to the higher education budget by the Senate and the Conference Committee, I expect to reluctantly recommend tuition increases, effective Autumn Quarter for the 1987-88 academic year, that will average 14 percent.

This is, of course, still far too high an increase for a land-grant University committed to the principle of broad accessibility. The state budget currently is before the Ohio Senate, and I am very pleased to report that the Senate leadership has stated publicly that higher education will be its top priority in the next biennium -- just as it was in the current biennium. We are now looking to the Senate for further improvements in the higher education budget.

As we await their forthcoming recommendations, I want to reiterate the fundamental importance of the principle of accessibility at Ohio State. Therefore, I am today committing Ohio State to reduce our proposed tuition increase of 14 percent in proportion to the General Assembly's further additions to the instructional subsidy. Our target is to reduce the necessary

May 7 and 8, 1987 meeting, Board of Trustees

President Jennings: (contd)

tuition increases to no more than inflationary levels, some five percent per year. This could be achieved with an additional state appropriation of \$143 million for higher education as a whole.

In line with our policy of considering all costs for students, it is my further intention that the increases in all other charges of the institution will average five percent next year. This includes residence and dining halls, parking, special event tickets, bookstore rates, Hospitals rates and all other fees assessed by the University.

In allocating funds within the institution, our first priority will be providing sufficient funding for student financial aid to ensure that we maintain the purchasing power of our grants to students with demonstrated need. We also will provide funds so that students newly eligible for aid due to the increase in tuition will receive the assistance they need.

In addition, I expect to recommend salary increases for all faculty and staff members -- except those covered under collective bargaining agreements -- of two percent across-the-board, with three percent provided to fund merit increases.

These salary recommendations, however, are less than is necessary to maintain our competitive position among other major research universities. As we continue to pursue the best available faculty and staff from around the nation and to maintain our leadership in higher education, I additionally will recommend a centrally available salary pool of \$3 million to fund necessary equity and excellence adjustments where appropriate throughout the institution.

Within the colleges and administrative units, I anticipate recommending increases of three percent per year in equipment and supplies budgets.

There is one additional issue that needs to be addressed in the context of this University's budget expectations from the State of Ohio. We all recognize that the state faces a tight budget situation for the coming biennium. But I believe it is inappropriate to put such an enormous share of the burden of the state's revenue shortfall on our students and all of Ohio's institutions of higher education.

We have done more than our share in earlier times during true economic stringency, and we have had to cut our costs year after year at Ohio State. Our operating costs already are well below the average for universities across the nation. This has been achieved even as our quality continues to grow. But without a continued commitment from the state to our excellence, the prospects for maintaining our enviable record grow dimmer.

My role in the State of Ohio budget process is to articulate the needs of The Ohio State University, as part of the Ohio higher

May 7 and 8, 1987 meeting, Board of Trustees

President Jennings: (contd)

education community. When I express those needs -- such as the \$143 million figure that I have mentioned today -- I also am often asked, and reasonably so, just where this additional funding from higher education might be found.

Clearly, the choices facing our elected state officials are not easy, as they seek ways to meet all of the State of Ohio's budgetary needs. But to maintain the progress on economic redevelopment that we have made in recent years, and to guarantee the citizens of Ohio excellence and accessibility in higher education, some difficult choices must be made.

It is indeed troubling that, in times of relative economic prosperity, Ohio is faced with serious revenue shortfalls. When we consider what a dwindling resource base could mean in even a minor recession in future years, the implications are clearly ominous. Yet the state is currently implementing further reductions in its resource base under the return of the federal tax reform "windfall."

If we are to maintain fiscal stability and renew the state's potential to generate economic growth over the long-term, and at the same time retain the current income tax rates -- which, I should point-out, are lower today than they were in 1982 -- this windfall return is clearly less than wise and, indeed, is simply not affordable for Ohio at the present time.

It is my hope that the Governor and the General Assembly will take the strong bi-partisan leadership position that the state needs to make provisions for Ohio's long-term needs. A fair share of an adequate state budget needs to be committed to excellence and accessibility in higher education -- the fundamental resource for Ohio's future prosperity.

Thank you, Mr. Chairman, that completes my agenda.

Commencement Speaker

Robert L. Clodius

Robert L. Clodius has been president of the National Association of State Universities and Land-Grant Colleges since November 1978. The association represents 145 of the nation's major, comprehensive public universities that enroll approximately 30 percent of all college students in the nation and graduate almost two-thirds of all Ph.D. recipients.

Dr. Clodius served 28 years as a faculty member and administrator at the University of Wisconsin-Madison, where he was an associate dean of the graduate school, chairperson of the agricultural economics department, acting provost, academic vice president, executive vice president, and acting president. After his distinguished administrative service, the Regents created a special chair, Professor of the University, to which Clodius was named.

Born in Walla Walla, Washington, Dr. Clodius attended Whitman College, graduated from the University of California at Berkeley in 1942, and was elected to Phi Beta Kappa. During World War II, Dr. Clodius served in the United States Navy. After the war, he returned to the University of California, receiving his Ph.D. degree in agricultural economics in 1950. Whitman College honored him with an honorary Doctor of Laws degree in 1970.

Having traveled extensively in East and West Africa, South America, and Southeast Asia, Dr. Clodius had consulted with governments and agencies here and overseas, including the U.S. Department of State and Department of Agriculture, the Ford Foundation, the Rockefeller Foundation, the University of East Africa, and the Government of Sierra Leone. He has served on many boards in higher education and currently is an advisory commissioner to the Education Commission of the States and chairperson of the advisory committee for the National Center on Agricultural Policy at Resources for the Future.

As author and former editor of the *Journal of Farm Economics*, Dr. Clodius is widely recognized for his work in agricultural policy and economics and in higher education administration. We are delighted to welcome this distinguished member of the higher education community to our campus today to speak at the 300th Commencement of The Ohio State University.

Recipients of Honors

Pavle Ivić

Doctor of Humane Letters

Academician Pavle Ivić, Professor Emeritus from the University of Belgrade, is the most distinguished Yugoslav linguist and the world's foremost scholar in the study of Serbo-Croatian dialects. He is recognized as one of the world's leading authorities in Slavic linguistics and has been instrumental in the development of South Slavic studies in the United States.

A member of the Serbian Academy of Sciences and Arts, Professor Ivić was born in Belgrade, Yugoslavia, graduated from the University of Belgrade in 1949, and received his Ph.D. there in 1954. He has served as a visiting professor at a number of American universities, including Columbia University, the University of Michigan, and The Ohio State University. Ivić has lectured at over forty institutes, universities, and academies around the world.

President of the Linguistic Society of Europe, Professor Ivić also is a member of the American Academy of Arts and Sciences, the royal Norwegian Academy, the Permanent International Congress of Linguists, and an honorary member of the Linguistic Society of America.

As a renowned teacher, he is revered by his colleagues and students for his generosity and his intellectual honesty. Professor Ivić has played a significant role in training a whole generation of Yugoslav linguists not only through his teaching, but through the numerous articles and books he has written.

The Ohio State University is proud to recognize this distinguished scholar and teacher for his outstanding contributions to the study of Serbo-Croatian linguistics by conferring upon him the honorary degree, Doctor of Humane Letters.

ESTABLISHMENT OF A NEW RULE — RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-132

Synopsis: Establishment of a new rule, 3335-7-231, of the Rules of the University Faculty is proposed.

WHEREAS the University has established a policy on the retention or disposal of materials submitted by students to meet course requirements; and

WHEREAS this policy was approved in 1978, by the Council on Academic Affairs with the concurrence of the Council on Student Affairs and the Committee on Academic Freedom and Responsibility; and

WHEREAS such a policy should be part of the Rules of the University Faculty; and

WHEREAS the proposed rule has been endorsed by the Council on Student Affairs and the Committee on Academic Freedom and Responsibility; and

WHEREAS the University Senate approved this action at their May 2, 1987 meeting, as follows:

NEW RULE

3335-7-231 Retention or disposal of materials submitted to meet course requirements.

- (A) Materials submitted by a student to satisfy course requirements shall either be returned to the student or made available for the student's inspection, after they have been marked or otherwise evaluated, before the end of the quarter, semester, session, or term in which the work is performed or, in the case of final projects and

final examinations, no later than the fourteenth day of instruction of the following quarter, semester, session, or term.

- (B) Materials of this kind which have not been returned to the student shall be retained by the academic unit or the individual instructor until the last day on which a grade change may be initiated as provided for in rule 3335-7-23 (A) of the Administrative Code. An exception to this rule may be made in the case of materials that are impracticable to store if the need for such exception is clearly communicated in writing and distributed to the students at the beginning of the course.

NOW THEREFORE

BE IT RESOLVED, That the establishment of rule 3335-7-231, Retention or Disposal of Materials Submitted to Meet Course Requirements, is hereby approved.

Upon motion of Mr. Berry, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 87-133

Synopsis: Amendments to rules 3335-5-486, 3335-7-10, and 3335-7-33 are being proposed.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on May 2, 1987, as follows:

AMENDED RULES

3335-5-486 Council on admission and registration.

- (A) Unchanged.
(B) Duties and responsibilities.

Review current practices and policies, initiate recommendations for change, and review proposed changes in practices and policies concerning admission to the university, registration and scheduling, and student academic records. These would include, but not be limited to:

- (1) Selection criteria, conditions, requirements, restrictions, fees, deadlines, and procedures for evaluation of transfer credit as these pertain to admission to the university.

June 4 and 5, 1987 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

- (2) Procedures and policies for registration and scheduling including scheduling priorities for students, restrictions on scheduling, and student schedule adjustments, as well as deadlines and fees associated with registration and scheduling.
- (3) Content of student academic records, as well as their compilation, maintenance, dissemination, and use.

Recommendations on these matters should be made to the university administrators dealing with admission, registration and scheduling, and to the university senate as appropriate. The vice president for academic affairs and provost, the vice provost for student affairs, the office of the university senate, and the vice president for finance shall be notified of all actions of the council. Recommendations which in the opinion of the vice president for academic affairs and provost would affect academic policies shall be reviewed by the council on academic affairs.

3335-7-10 Academic publications.

All official bulletins of the university shall be published from the copy furnished by the council on academic affairs; but mere editorial changes, as defined by the council on academic affairs, may be made in such copy by the appropriate designated individual in the office of academic affairs after receiving the approval of the department or school concerned.

3335-7-33 Conditions for disenrollment from a course.

- (A) After consultation with the instructor, the chairperson of the instructor's department (or other appropriate administrative official) may disenroll a student from a course if:
 - (1) After the third instructional day of the quarter, semester, session, or term, the first Friday of the quarter, or the student's second scheduled class session of the course, whichever occurs first, the student fails to attend the scheduled course without giving prior notification to the instructor. Under this paragraph, no student may be disenrolled from a course before that course has met. When the department elects to use this procedure, the chairperson (or other appropriate administrative official) shall notify the student's enrollment unit. The enrollment unit will notify the student and take appropriate action to remove the student from the course.

Since not all departments exercise the option to disenroll students in all courses, this rule does not relieve the student of the responsibility for dropping such a course the student is not attending.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

June 4 and 5, 1987 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Upon motion of Mr. Immke, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 87-135

Synopsis: Resolutions honoring the service of two of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Zeph J. R. Hollenbeck

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 15, 1987, of Dr. Zeph J. R. Hollenbeck, Professor Emeritus in the Department of Obstetrics and Gynecology.

Zeph John Reed Hollenbeck was born in Madison, Indiana, the son of a veterinarian with the United States government. He grew up in several cities across the Midwest and ultimately came to Columbus to complete his baccalaureate degree at The Ohio State University in 1931, after which he went on to study medicine at OSU. He received the Doctor of Medicine degree Cum Laude in 1935. He did his residency training in surgery and Ob-Gyn at Henry Ford Hospital in Detroit, Michigan.

Dr. Hollenbeck was in the private practice of his specialty in this community for over four decades and he was an integral part of the

June 4 and 5, 1987 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Zeph J. R. Hollenbeck (contd)

teaching program in Obstetrics and Gynecology at The Ohio State University from 1940 until his retirement from the faculty in 1980. Upon his retirement he was named Professor Emeritus. In addition, he served for twenty years as Chief of Staff of St. Ann's Hospital. He was Attending Obstetrician/Gynecologist at University Hospitals and Riverside Methodist Hospital, and was a consultant in Obstetrics and Gynecology at Children's Hospital, Mt. Carmel Hospital, and to the Veterans Administration Hospital in Dayton.

Zeph, as he was known to a myriad of professional colleagues and friends, took an active and leading role in many medical organizations. He was a founding member of the Columbus Obstetric/Gynecological Society and served as its first president in 1944. He was a Fellow of the American College of Surgeons and a member of its Board of Governors. He was a member and president of the Central Association of Obstetricians and Gynecologists. He was a Fellow of the American College of Obstetricians and Gynecologists and he chaired the Ohio Section of that organization. He was a member and president of the Central Travel Club of Obstetricians and Gynecologists and he was a member of the Association of Professors of Gynecology and Obstetrics.

Dr. Hollenbeck held memberships in Sigma Chi, honorary scientific fraternity; Alpha Omega Alpha, honor medical society; and he was the recipient of an Alumni Achievement Award from the College of Medicine. He served his alma mater as president of The Ohio State University College of Medicine Alumni Association in 1974-75.

Dr. Hollenbeck's clinical and research activities centered around clinical management of Stages I and II carcinoma of the cervix, the treatment of urinary stress incontinence, and the development of surgical techniques which he passed on to his residents with vigor and enthusiasm. His role in his specialty was one of distinction both locally and nationally, bringing credit to his alma mater, to the institutions of which he was a part, and to the profession of medicine as well. His death on April 15, 1987, in many ways marked the end of an era.

On behalf of the university community, the Board of Trustees expresses to the family of Zeph J. R. Hollenbeck its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Clarence E. Jackson

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 2, 1987, of Clarence E. Jackson, Professor Emeritus in the Department of Welding Engineering.

Professor Jackson received his B.A. with honors from Carleton College in 1927. He began his career as a metallurgist with the National Bureau of Standards in 1930 and during World War II was with the Naval Research Laboratory, the start of his long association with welding research. His studies included the processes and metallurgy of welding, particularly regarding high strength steels and aluminum alloys. He entered the

private sector in 1946, conducting welding research at Union Carbide. During this period some of his most well-known contributions were made involving welding arc physics and the chemistry of slag-metal reactions.

Professor Jackson's 13-year career at The Ohio State University began in 1964. While at OSU, he supervised research programs and introduced several new courses into the curriculum of the department. Upon his retirement in 1977, he was named Professor Emeritus. Following his retirement, he continued teaching his ever-popular "Fluxes and Slags" to new generations of welding engineering students. He served on numerous committees of the American Welding Society, and held many offices, including the Presidency in 1963-64. He was active in the International Institute of Welding as Delegate, Expert, and Chairman of several commissions. He published over 70 papers, held over 50 patents and advised over 40 graduate theses. His 1960 Adams Lecture, "The Science of Arc Welding," is considered a classic.

Professor Jackson received the Distinguished Civilian Service Award from the Navy and numerous awards from the American Welding Society, including the Samuel Wylie Miller Gold Medal; the National Meritorious Service Award; the Adams Memorial Membership; and the R. D. Thomas Memorial Medal. He was an Honorary Fellow of the British Institute of Welding and was recognized by Carleton College with an Alumni Achievement Award in 1981. He was notified in April that The Ohio State University College of Engineering had designated him as recipient of its "Meritorious Service Citation." It was presented posthumously to his son, William, in ceremonies at Ohio State University on May 15, 1987.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Jackson its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of the Board's realization of the loss that the family, the University and his many friends and associates have sustained.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

University with gifts to The Ohio State University Development Fund from the suppliers and franchise owners of Wendy's International, Inc.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support cancer research as approved by the Medical Director of the Cancer Research Institute and the Dean of the College of Medicine. If it is determined that funding for cancer research is so ample, then the income from this fund may be used for those purposes as deemed appropriate by the Medical Director of the Cancer Research Institute.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

The Steve R. and Sarah E. O'Donnell
Computer and Information Science Fund

The Steve R. and Sarah E. O'Donnell Computer and Information Science Fund was established June 5, 1987, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Steve R. O'Donnell (B.E.E. '62, M.S. Electrical Engineering '63) and Sarah E. O'Donnell of Westerville, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as may be deemed appropriate.

The annual income shall be used for those purposes which will aid the research, teaching and service programs/facilities within the Department of Computer and Information Science. The Chairperson of the Department of Computer and Information Science is authorized to withdraw no more than one-fourth of the principal amount of the endowment over a 12-month period if necessary. The Chairperson of the Department of Computer and Information Science will have sole authority to authorize expenditures from the Fund, as approved by the Dean of the College of Engineering.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

**The Clara M. and Peter L. Scott Faculty Award
for Excellence in Engineering Education**

The Clara M. and Peter L. Scott Faculty Award for Excellence in Engineering Education was established June 5, 1987, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Clara M. and Peter L. Scott (B.E.E. '49).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as may be deemed appropriate.

All income earned through the investment of specific fund monies, including all contributions thereto, will be accumulated and credited to the fund's principal until such time as one-half of the annual income of the fund will support an award of at least \$3,000, plus associated expenses for an appropriate plaque or certificate to accompany the award. Upon such times as one-half of the annual income of the fund equals \$3,000 or more (plus expenses), but no more often than annually, the award will be made of an amount equal to one-half of the annual income. The remaining half of the annual income will be accumulated and credited to the fund's principal. The award will be presented to the outstanding educator among the senior faculty members of the College of Engineering and will be based on excellence in teaching and the qualitative aspects of teaching, with emphasis on effective innovation. As a rule, the award will be made to an individual (except under unique circumstances in any year that suggests a team should receive the award).

Nominations for the award will be made by faculty members of the College of Engineering, and the final selection of the recipient will be made by a committee consisting of the Dean of the College of Engineering, one or more senior representatives from the faculty of the College of Engineering, a representative from the private sector whose business involves engineering, and one undergraduate member of the College of Engineering student body.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

Hazen and Anna Jane Hildebolt Preble County Scholarship Fund

The Hazen and Anna Jane Hildebolt Preble County Scholarship Fund was established June 5, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from William M. Hildebolt (B.S. Food Tech. '66; M.S. Horticulture '67; Ph.D. Horticulture '69) and his wife, Sandra, in honor of William's parents.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students from Preble County who are interested in majoring in Agriculture or Home Economics. Criteria for selection shall include outstanding scholastic achievement and demonstrated leadership potential through extra-curricular activities. Preference will be given to those students with financial need. Preference will also be given to those students in their senior year of study at Eaton High School. In the event that there are no eligible candidates from Eaton High School, then the selection will be made from eligible high school seniors within Preble County. Selection will be made by the University Committee on Student Financial Aid in consultation with the Deans of the College of Agriculture and the College of Home Economics.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships in the College of Home Economics not to exceed the sum of One Thousand Five Hundred Dollars (\$1,500) to deserving students in the College of Home Economics. The recipients shall be selected at the discretion of the Dean of the College of Home Economics in consultation with the University Committee on Student Financial Aid. These scholarships may, at the Dean's discretion, be awarded to the same students in successive years.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

Richland County Ohio State University Alumni Club
The Ohio State University at Mansfield
Scholarship Endowment Fund

The Richland County Ohio State University Alumni Club The Ohio State University at Mansfield Scholarship Endowment Fund was established June 5, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Richland County Ohio State University Alumni Club.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

A minimum of 95% of the annual income shall be distributed to scholarship recipients qualified under the criteria established, with no scholarship recipient receiving less than 50% of the amount of the tuition, at the time of the award, for a full academic year.

The purpose of the Richland County Alumni Club Scholarship is to recognize academic ability and outstanding leadership in a student(s) who will begin his/her college experience at The Ohio State University at Mansfield. The guidelines to be used in determining the recipient of the award are as follows:

1. This award is to recognize ability, achievement, and leadership qualities without regard for financial need.
2. Selection preference will be given to a current year high school senior, residing in Richland county, who will attend Autumn Quarter at The Ohio State University at Mansfield.
3. The recipient will rank in the upper 25% of the graduating class (preferably the upper 10%); have above average ACT or SAT scores; and have demonstrated significant leadership qualities through school activities and/or community involvement.
4. The amount of this award shall equal one-half the amount of a full year -- three quarters -- full tuition budget. The award amount may be increased up to full tuition, as the growth of the endowment fund permits.
5. This three quarter scholarship will become renewable at that point when the growth of the fund can sustain renewable scholarships. The criteria for renewal shall be that the recipient:
 - a. Maintains his/her enrollment at OSU Mansfield and
 - b. Has a cumulative grade point average of 2.5 or better and has maintained satisfactory progress toward a degree.
6. If the student leaves OSU Mansfield within an academic year, the unused portion of the award will revert to the Richland County Alumni Scholarship Fund.
7. The appropriate authorities at The Ohio State University at Mansfield, in consultation with the University Committee on Student Financial Aid and the Richland County Alumni Club, will select the recipient of this award from a candidate pool identified by the Richland County OSU Alumni Club.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

The Intercollegiate Livestock Evaluation Team Endowment Fund was established April 3, 1981, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni and friends. The name and description were changed June 5, 1987.

It was established under the name "Intercollegiate Livestock Evaluation Team Endowment Fund" which was intended to include: 1) Livestock Team; 2) Meat Team; and 3) AK-SAR-BEN Team.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from this fund shall be used to provide support for The Ohio State University Undergraduate Livestock, Meat, and AK-SAR-BEN Judging Squads (Teams) in preparation for and/or in representing the University in regional and national intercollegiate contests and associated educational program. Funds will be distributed by the Chairperson of the Department of Animal Science.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

The Lee D. Moody Civil Engineering Loan Fund

The Lee D. Moody Scholarship Fund was established June 8, 1978, by the Board of Trustees of The Ohio State University with a bequest to The Ohio State University Development Fund from Lee D. Moody (B.C.E. '32) of Springfield, Ohio. This Fund was amended at the request of the donor's family June 5, 1987.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide interest free loans to graduate and undergraduate students in the Department of Civil Engineering. The selection of the recipients is to be made by the Chairperson of Civil Engineering. Loan repayments will be made at the direction of the Department Chairperson with the administrative assistance of the Office of Student Financial Aid. All loan payments will be returned to the principal of the endowment. In addition, awards of not more than fifteen percent (15%) of the distributed annual income may be given to students as designated by the Chairperson of the

Change in Description of Named Funds

The Henry and Blanche Abell Endowment Fund

The Henry and Blanche Abell Endowment Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mr. Carl T. Abell (B.S.Dairy Tech. '49) of Medina, Ohio, and his wife, Ruth D. Abell, as recognition for and in honor of his parents, Henry and Blanche Abell. The description was changed June 5, 1987.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be divided equally between the Department of Food Science and Nutrition in the College of Agriculture and the wrestling program in the Athletic Department. The use of said funds shall be at the discretion of the Chairperson of the Department of Food Science and Nutrition and the Coach and/or Director of the wrestling program.

Should the need for these funds cease to exist or so diminish in either of these programs or departments, then 100% of the annual income shall be distributed to the other department or program. Should the need for these funds cease to exist in both programs or departments, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative officials of the University who are then directly responsible for the College of Agriculture and the Department of Athletics.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be divided into percentages and distributed as follows. Each of the following areas is to receive 10% of the annual interest income: College of Agriculture (Department of Dairy Science, Dairy Cattle Judging Team), College of Home Economics, 4-H Support fund, Mershon Auditorium, and WOSU. The Department of Athletics is to receive 50% of the annual interest income. The interest income is to be used by the head of each area in any way they see fit to maintain or improve their level of excellence.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the various areas mentioned above.

PURCHASE OF PROPERTY
1503 ACRES IN BATH, OHIO

Resolution No. 87-139

Synopsis: Authorization and ratification of acts to execute an agreement to purchase 1503 acres in the City of Bath, Summit and Medina Counties, Ohio, from the Raymond C. Firestone Trust U/A dated December 4, 1985.

June 4 and 5, 1987 meeting, Board of Trustees

**PURCHASE OF PROPERTY
1503 ACRES IN BATH, OHIO (contd)**

WHEREAS The Ohio State University has been presented by Raymond C. Firestone with an opportunity to acquire 1503 acres of land known as the Lauray Farm located in the City of Bath, Summit and Medina Counties, Ohio; and

WHEREAS this property has an appraised value of approximately \$8,000,000.00 and Raymond C. Firestone through the Raymond C. Firestone Trust has offered to make a substantial gift to the University by offering to sell the property upon Mr. Firestone's death for \$5,000,000.00; and

WHEREAS the appropriate University officers have determined that entering into the agreement to purchase this property and acceptance of the gift of Mr. Firestone is in the best interest of the University; and

WHEREAS the University is very appreciative of Mr. Firestone's generosity and the assistance provided by Mr. Daniel Galbreath in aiding in receiving this gift:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to take such action necessary to enter into an agreement to purchase, in the name of the Board of Trustees, upon Mr. Firestone's death, the 1503 acres from the Raymond C. Firestone Trust, which property is comprised of the tax parcels listed on Exhibit A attached hereto, for the sum of \$5,000,000.00 and upon such terms and conditions as they consider to be in the best interest of the University; and to accept the gift of Mr. Firestone on behalf of the Board of Trustees; and

BE IT FURTHER RESOLVED, That the Board hereby ratifies and confirms all actions taken by the President and/or the Vice President for Business and Administration to effectuate this transaction, including, but not limited to, the execution of a purchase agreement among The Ohio State University, the Raymond C. Firestone Trust, and the Raymond C. Firestone Co., dated May 22, 1987.

Upon motion of Mr. Immke, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

PURCHASE OF REAL PROPERTY
239 WEST TENTH AVENUE AND 1574-76 NEIL AVENUE
COLUMBUS, OHIO

Resolution No. 87-140

Synopsis: Purchase of real property at 239 West Tenth Avenue and 1574-76 Neil Avenue in Columbus, Ohio, is proposed.

WHEREAS The Ohio State University has been presented with an opportunity to purchase two pieces of real property, one comprising 0.14 acres at 239 West Tenth Avenue and the other comprising 0.18 acres at 1574-76 Neil Avenue in Columbus, Ohio; and

WHEREAS these properties have a total appraised value of \$195,000.00, and the owner, Mr. Richard Schuen of Grandview Heights, Ohio, has offered to sell the properties to the University at a price of \$192,000.00; and

WHEREAS these properties are located within the south campus acquisition boundary of the University's Master Plan, and the appropriate University officers have determined that the purchase of these properties is in the best interest of the University; and

WHEREAS funds for the purchase of these properties will be provided from University funds resulting from the previous sale of south campus properties outside the acquisition boundary and from the sale of other properties:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration be authorized to purchase, in the name of the State of

Ohio for the use of The Ohio State University, the real property located at 239 West Tenth Avenue and 1574-76 Neil Avenue at a price not to exceed \$192,000.00, upon such terms and conditions as are deemed to be in the best interest of the University, subject to the University receiving the necessary approvals from the Ohio Board of Regents and the State Controlling Board.

Upon motion of Mr. Immke, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

President Jennings made the following statement:

The uncertainties of action by the General Assembly preclude us bringing a budget for approval to the Trustees today, as would be our normal schedule. While I will not be able to bring a 1987-88 budget until our July 10 meeting, we do need to give our students some indication of what tuition rates will be for next Autumn Quarter.

As you may recall, the Executive Budget would have required a tuition increase of 31 percent. Today, as a result of additions by the House and Senate and our own cost containment efforts, that 31 percent increase for Ohio undergraduate students can be reduced to 7.9 percent provided the Conference Committee holds with what the Senate passed last week.

We very much appreciate the support of the Ohio House and the Senate. But I should remind you that more than half of this reduction from 31 percent to 7.9 percent is due to our own cost containment activities.

If the Senate dollar figures and budget language are retained by the Conference Committee, it is my intention to bring to this Board in July a balanced budget which contains a tuition increase of 7.9 percent for Ohio undergraduate resident students. However, the tuition increases for non-resident students will exceed that level, as we begin to bring various non-resident tuition levels more in line with established norms.

Non-resident student tuition is typically three times that of resident students. Over the past several years, relative levels of non-resident tuition for undergraduate, graduate, and law students have not kept pace. We are initiating a multi-year approach to returning them to the average three-to-one ratio. We will recommend that the total tuition increase for non-resident students be approximately 11.5 percent.

In addition, we will bring to the Board a budget that is in accordance with the other planning guidelines I presented at our May meeting.

However, the University requires appropriate spending authority the first day of the new fiscal year on July 1 until this Board

June 4 and 5, 1987 meeting, Board of Trustees

President Jennings: (contd)

meets again on July 10. I am therefore recommending that this Board consider and pass the enclosed resolution, which will provide spending authority for those days at a level not to exceed that of the level of state support provided by the Senate appropriations recommendation. At the July meeting, we will bring to you for your approval the complete University budget.

EXPENDITURE AUTHORIZATION 1987-88

Resolution No. 87-141

Synopsis: Authorization to make interim expenditures in Fiscal Year 1987-88 is requested.

WHEREAS levels of State financial support for 1987-88 have not yet been established; and

WHEREAS this University must proceed with its budget planning for 1987-88 even with the current uncertainties in State revenues; and

WHEREAS it is necessary to authorize expenditures for 1987-88 to be effective July 1, 1987, including payment of faculty and staff, prior to the time that this Board adopts the Current Funds Budget for 1987-88;

NOW THEREFORE

BE IT RESOLVED, That the University be authorized to make expenditures consistent with the budget guidelines and the Provisional Current Funds Budget for Fiscal Year 1987-88, as described in the accompanying table, effective July 1, 1987; and

BE IT FURTHER RESOLVED, That the President will present as soon as possible to the Board of Trustees the final version of the Current Funds Budget for 1987-88 with adjustments as may be necessary as a result of the final actions of the General Assembly and Governor of the State of Ohio.

Upon motion of Mr. Teaford, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

EXPRESSION OF APPRECIATION TO JOHN E. ROGERS

Resolution No. 87-142

WHEREAS John E. Rogers has served as President of the Council of Graduate Students during the past year; and

WHEREAS he has carried out his assignments in a truly outstanding manner; and

WHEREAS John has worked diligently in order to bring matters and concerns of special interest to graduate students to the attention of this Board; and

WHEREAS his resolve, dedication, and support of this University has been evidenced in innumerable ways over the past year:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses to John E. Rogers their thanks and appreciation for his dedicated leadership and service to The Ohio State University, and wishes him and his family happiness, good health, and success in the future.

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

INTRODUCTION OF NEW BOARD MEMBER

Mr. Redman introduced the new member of the Board of Trustees:

Now that we have officially begun our meeting, I want to formally introduce our newest Trustee, Milton A. Wolf. Ambassador Wolf joins this Board from his home in Cleveland, where he heads Milton A. Wolf Investors. It is our shared hope that Ambassador Wolf will find this experience to be as rewarding as it has been for all of us, and that he will enjoy helping to guide the University in ever-greater pursuits.

I am pleased to announce that Ambassador Wolf will be serving as a member of the Board's Student Affairs Committee and as our only representative on the Inter-University Council. Please join with me in welcoming Milton Wolf to the Board of Trustees at The Ohio State University.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 88-4

Synopsis: Amendments to rules 3335-5-46, 3335-47-03, and 3335-47-09, and the creation of a new rule 3335-5-494 are being proposed.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on June 6, 1987, as follows:

NEW RULE

3335-5-494 Faculty advisory committee to the chancellor of the Ohio board of regents (FAC).

(A) The university's representation to the FAC shall consist of two members of the university faculty who are principally engaged in the academic duties of teaching and research.

July 9 and 10, 1987 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

- (B) One member shall be elected each alternate year, for a term of four years, commencing autumn quarter. In the first and fourth years of the term the member shall be designated alternate representative to the FAC. In the second and third years of the term, the member shall be the designated representative to the FAC.
- (C) The steering committee shall elect the FAC representatives, subject to confirmation by the senate. Presentation of the names of the representatives to the senate membership shall occur at least seven days prior to the confirmation vote.
- (D) The president shall report the faculty representatives, as confirmed by the senate, to the chancellor of the Ohio board of regents.
- (E) The faculty representative to the FAC shall report annually to the senate.

AMENDED RULES

3335-5-46 Senate committee operating procedures.

(A) Membership

- (1) Unchanged.
- (2) Unchanged.
- (3) Committee vacancy.
 - (a) Unchanged.
 - (b) Unless otherwise specified, when an unexpired term becomes vacant, the vacancy shall be filled by the steering committee. These vacancies will be filled in a manner consonant with the original method of committee selection. A member selected to fill such a vacancy shall serve for the duration of the unexpired term.

3335-47-03 Probationary service, duration of appointments.

(A) and (B) unchanged.

- (C) The appointment of a person to a nontenured regular faculty position is probationary in nature. Probationary appointments are for a one-year period, and faculty members on such appointments shall be reviewed annually. During this period persons have an opportunity to prove themselves to their peers; their record of accomplishments will be the basis for renewal or tenure decisions. Faculty members will be informed at the time of initial appointment and in a timely fashion each year thereafter when renewal or tenure decisions about them will be made and will be given the opportunity to submit materials they think are relevant to the making of these decisions. They shall also be provided all pertinent documents which set forth the relevant promotion and tenure policies, standards, and procedures (including but not limited to those that are required to

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

be provided by rule 3335-3-35 of the Administrative Code) in a timely fashion.

- (D) The university does not assume any continuing obligation to renew the appointment of a nontenured faculty member. Nonrenewal may be based upon such factors as an assessment of inadequate performance or insufficient development, or any one of a number of academic, financial, or policy reasons, but must be the result of formal annual review in accord with the review procedures established by the appropriate academic unit of the appointee in accord with paragraph (B)(3) of rule 3335-3-35 of the Administrative Code. The nonrenewal of an appointment in and of itself, however, should not carry with it the implication of either incompetence or misconduct on the part of the faculty member.

3335-47-09. Standards of notice.

(A) and (B) unchanged.

- (C) In the event of a decision resulting in nonrenewal, the faculty member shall be notified in writing of that decision. Upon written request by the faculty member, reasons that contributed to the nonrenewal shall be supplied in writing to the faculty member. If the faculty member failed to meet the criteria for promotion and tenure set forth in rule 3335-47-02 of the Administrative Code, the statement of reasons shall indicate how the faculty member failed to meet these criteria. If nonrenewal is not based upon a failure to meet the criteria in rule 3335-47-02 of the Administrative Code, the notice shall so state, and shall also state the reasons for nonrenewal as outlined in paragraph (D) of rule 3335-47-03 of the Administrative Code.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

Upon motion of Mr. Immke, seconded by Mr. Berry, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 88-8

Synopsis: Resolutions honoring the service of six of the University's faculty members who have recently died are being proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Robert C. Grubbs

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 27, 1987, of Robert C. Grubbs, Professor Emeritus and former Acting Chairman in the Department of Physiology.

July 9 and 10, 1987 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Robert C. Grubbs (contd)

Dr. Grubbs was born May 3, 1907, in Columbus, Ohio. He attended Columbus Public Schools and The Ohio State University, receiving a B.A. in Anatomy in 1930; M.S. in Physiology in 1933; and graduating with an M.D. degree from the College of Medicine in 1935. Following this he remained at Ohio State for a year of postdoctoral studies as a Rockefeller Research Associate in the Department of Physiology.

Dr. Grubbs served on the faculty of the George Washington University College of Medicine from 1937 until 1946 at which time he returned to The Ohio State University as an Assistant Professor in the Department of Physiology. He also served as an Assistant Clinical Professor in the Department of Medicine, was promoted to Professor in Physiology in 1957 and served as Acting Chairman of the latter Department from 1962 to 1964. Upon his retirement in 1976, he was named Professor Emeritus. Following his retirement from Ohio State in 1976 he joined the medical staff of the Veteran's Administration Clinic.

Dr. Grubbs held membership in a number of professional societies including the Society of Sigma Xi; American Physiological Society; American Medical Association; Columbus Academy of Medicine; Ohio State Medical Association; Alpha Omega Alpha Medical Society; and Institute of Nutrition and Food Technology. His research interests included metabolic effects of folic acid; effects of ionizing radiation, metabolism of nucleated erythrocytes and metabolic effects of oral hypoglycemic agents.

Activities involving the Republican Party, Masonic Lodge, and Shriners were important in the life of Dr. Grubbs. He was a member of the Republican Glee Club; a past worthy patron of the R.T. King Chapter No. 340 O.E.S.; a past president of the 17th District O.E.S.; a member of University Lodge No. 631 F. and A.M.; York Chapter No. 200; York Council No. 115; 33rd Degree Scottish Rite; Alladin Shrine; and Royal Order of Jesters Court No. 8.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Ethel M. Leazenbee

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 10, 1987, of Ethel M. Leazenbee, Associate Professor Emeritus in the College of Nursing.

Ethel Leazenbee was born January 12, 1896, in Franklin County, Ohio. She received her Bachelor of Science in Education degree in 1935 at The Ohio State University and Masters of Arts in Education in 1938, and in 1945 she received a certificate in Public Health Nursing.

Her eleven year association from January 1952 to her retirement and appointment as an Associate Professor Emeritus in Nursing on October 1, 1963, was preceded by an appointment to the School of Nursing under a

special contract from 1935-47. Ethel was also brought back to the School for a three-month period to help out in a difficult time from April through June of 1965.

From 1936 through 1951 she was an instructor and lecturer in Columbus and at the University of Chicago and the University of Pittsburgh in the area of Public Health Nursing. In January of 1952 she returned to The Ohio State University as an Assistant Professor and was promoted to an Associate Professor in 1955. She was appointed by the Governor to serve on the State Nurses Board, 1954-59, and served as President for two years. She had served on national committees on Public Health Nursing Education and served on the Collegiate Board of Review of the National League for Nursing Accrediting Service. The Ohio Department of Health Nursing Service counted on her heavily for consultation.

A publication to her credit is Public Health Nursing in a General Nursing Program, Nursing Outlook, Vol. V, No. 3, (March 1957).

On behalf of the University community, the Board of Trustees expresses to the family of Ethel M. Leazenbee its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Mary B. Patton

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 15, 1987, of Mary Brown Patton, Professor Emeritus in the Department of Human Nutrition and Food Management.
