All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Dr. and Mrs. Victor L. Steffel Memorial Fund (contd)

The annual income shall be used to provide one or more annual scholarship(s) to first-year dental students. To be eligible, a student must have a grade point average in the upper ten percent of the entering class and have scored in the upper twenty percent on the dental admission test taken by the entering class. This scholarship(s) may be renewed annually, but the student must be in the upper twenty percent of his/her class to be considered. The College of Dentistry will review all applicants, and recipients will be chosen in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors, with preference given to students in the College of Medicine for scholarships under the same criteria.

The Dale E. and Lena K. Crossen Memorial Fund

The Dale E. and Lena K. Crossen Memorial Fund was established November 3, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estate of Lena K. Crossen (B.S.H.E. '48) of Willard, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the College of Agriculture of The Ohio State University with expenditures to be made at the discretion of the Vice President for Agricultural Administration and Executive Dean of the College of Agriculture.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

Donald J. Borror Fund for Bioacoustical Studies

The Donald J. Borror Fund for Bioacoustical Studies was established November 3, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estate of Donald J. Borror, Professor Emeritus of entomology.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

Donald J. Borror Fund for Bioacoustical Studies (contd)

The annual income shall be used to aid bioacoustical research, teaching and service programs at the discretion of the director of the Borror Laboratory of Bioacoustics and with the approval of the Dean of the College of Biological Sciences.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

Harry H. and Margaret B. Postle Scholarship Fund

The Harry H. and Margaret B. Postle Scholarship Fund was established November 3, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the Harry H. and Margaret B. Postle Student Loan Fund and with additional gifts from Harry H. Postle (D.D.S. '48) and Margaret B. Postle (B.S.H.E. '47) of Columbus, Ohio. Dr. Postle taught Restorative Dentistry in the College from 1948-1983 and is an Associate Professor Emeritus.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used in the following manner. Three-fourths (75%) shall be used for scholarships in the College of Dentistry. Preference shall be given to those students exhibiting financial need. However, awards may be made based on academic merit. The Dean of the College of Dentistry shall have responsibility for making awards and the option of selecting the method of award, in consultation with the University Committee on Student Financial Aid. The remaining one quarter (25%) shall be used by the College of Human Ecology at the discretion of the Dean of that college.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

**Employment of Architects/engineers And
Request for Construction Bids**

Background

Pressey Hall - Office of Career Development

This project will create space for the relocation of the Office of Career Development. This office will be relocated from Rightmire Hall in order to allow expansion space for the Biotechnology Center.

Funds for the project are available from University funds. Construction costs for the project are estimated at \$265,000.00 and the total estimated project cost is \$320,000.00.

(See Appendix XXVII for map, page 491.)

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST CONSTRUCTION BIDS**

Resolution No. 90-46

PRESSEY HALL - OFFICE OF CAREER DEVELOPMENT

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for the Pressey Hall - Office of Career Development project.

WHEREAS the Pressey Hall - Office of Career Development project will create space for the Office of Career Development's relocation from Rightmire Hall; and

WHEREAS the total estimated cost of the project is \$320,000, with the estimated construction cost being \$265,000, with funding provided from University funds:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on this project in accordance with established State of Ohio and University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Ratification of Request for Construction Bids and
Acceptance of the Report of Award of Contracts and
Establishment of Contingency Funds**

Background

Lima Regional Campus - Reed Hall Parking Lot Addition

Higher than anticipated enrollments for fall quarter coupled with the fact that the Lima Regional Campus is primarily a commuter campus necessitated additional parking space be made available prior to the start of Autumn Quarter. To expedite this project, plans and specifications were developed by the University Architect's Office and the Department of Physical Facilities, and the project was bid on August 31. The project was completed on September 19.

The total project cost is \$190,000.00; funding is provided from Lima Regional Campus funds.

The contract awarded is as follows:

General Contract	E. J. Meyer & Sons, Ottawa, Ohio
Amount:	\$155,833.00 *
Estimate:	\$198,231.50 *
Contingency Allowance:	\$ 19,508.58
Total Project Cost:	\$190,000.00 *

* Recommended alternate included in these figures.

(See Appendix XXVIII for tabulations and map, page 493.)

**RATIFICATION OF REQUEST FOR CONSTRUCTION BIDS AND
ACCEPTANCE OF THE REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 90-47

LIMA REGIONAL CAMPUS - REED HALL PARKING LOT ADDITION

Synopsis: The Fiscal Affairs Committee recommended ratification of the request for construction bids and acceptance of the report of award of contracts for the Lima Regional Campus - Reed Hall Parking Lot Addition project.

WHEREAS the Lima Regional Campus had unanticipated high enrollments for Autumn Quarter; and

WHEREAS the Lima Regional Campus is primarily a commuter campus; and

WHEREAS insufficient parking space existed for Autumn Quarter; and

WHEREAS this project provides additional parking to meet the increased demand and was bid as an emergency so that it could be completed prior to the start of Autumn Quarter:

NOW THEREFORE

**RATIFICATION OF REQUEST FOR CONSTRUCTION BIDS AND
ACCEPTANCE OF THE REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

LIMA REGIONAL CAMPUS - REED HALL PARKING LOT ADDITION (contd)

BE IT RESOLVED, That the Board of Trustees hereby ratifies and approves action taken by the President and/or Vice President for Business and Administration to request construction bids and award contracts on the Lima Regional Campus - Reed Hall Parking Lot Addition project in accordance with established University procedures and hereby accepts the report of award of contracts for this project.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

- Piketon Agricultural Research and Extension Center
- Faculty Club Improvements

Masonry Improvements - Botany and Zoology Building

This project will renovate the damaged and deteriorated exterior masonry on the Botany and Zoology Building. The total project cost is \$209,500.00; funding is provided from State capital appropriations (House Bill 810, Basic Renovations). The estimated completion date is August 1990. The contract awarded is as follows:

General Contract:	H. K. Phillips, Columbus, Ohio
Amount:	\$189,675.00
Estimate:	\$194,400.00
Total Contracts:	\$189,675.00
Contingency Allowance:	\$ 18,825.00 (9.9% of construction cost)
Total Project Cost:	\$209,500.00

Masonry Improvements - Cockins Hall

This project will renovate the damaged and deteriorated exterior masonry on Cockins Hall. The total project cost is \$41,200.00; funding is provided from State capital appropriations (House Bill 810, Basic Renovations). The estimated completion date is August 1990.

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Masonry Improvements - Cockins Hall (contd)

The contract awarded is as follows:

General Contract:	Trisco Systems, Lima, Ohio
Amount:	\$36,582.00
Estimate:	\$48,000.00
Total Contracts:	\$36,582.00
Contingency Allowance:	\$ 3,618.00 (9.9% of construction cost)
Total Project Cost:	\$41,200.00

Starling Loving Hall - Pathology Photo Studio and Microscopy Lab

This project will remodel the east end of the ground floor portion of Starling Loving Hall's "M" wing and include extensive work in the basement and minor exterior work. The remodeled area will accommodate an electron microscope with associated support laboratory and office. In addition, the existing Pathology photo studio will be replaced with a new studio, darkrooms, and support facilities. The project also includes new lighting and a dedicated HVAC system. The total project cost is \$309,800.00; funding is provided from Health Services. The estimated completion date is June 1990.

General Contract:	Williamson Builders, Plain City, Ohio
Amount:	\$ 87,600.00
Estimate:	\$133,100.00
Plumbing Contract:	Miles McClellan Construction, Columbus, Ohio
Amount:	\$ 32,393.00
Estimate:	\$ 55,900.00
HVAC Contract:	Williamson Builders, Plain City, Ohio
Amount:	\$ 95,200.00 +
Estimate:	\$ 61,200.00

+The Plumbing and HVAC contracts are in excess of filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Starling Loving Hall - Pathology Photo Studio and Microscopy Lab (contd)

Electric Contract:	Advantage Electric, Columbus, Ohio
Amount:	\$ 53,200.00 +
Estimate:	\$ 48,500.00
Total All Contracts:	\$268,393.00
Contingency Allowance:	\$ 23,861.31 (8.6% of construction cost)
Total Project Cost:	\$309,800.00

+The Electric contract is in excess of filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Piketon Agricultural Research and Extension Center

This project will encompass the total development of a 160 acre farm located in Pike County, Ohio, approximately one mile south of Piketon on the southeast corner of the intersection of State Route 124 and Shyville Road (County Road 58). Included in this project will be agricultural land development and improvements, building site land development, development and extension of all utilities, planning and construction of new building structures, and renovation of existing structures. This new facility will support programs in agronomic alternative crops, horticulture and total water management, impact of industrial and agricultural practices on buried valley aquifer, establishment and operation of aquaculture, establishment and operation of wood processing, and expanded non-agricultural economic development. The total project cost is \$4,135,956.44; funding is provided from State capital appropriations (House Bill 870 and Senate Bill 386) and University funds. The estimated completion date is December 1990. Contracts awarded are as follows:

General Contract:	Sargents Construction, Waverly, Ohio
Amount:	\$2,133,400.00
Estimate:	\$2,205,400.00
Plumbing Contract:	A. J. Stockmeister, Inc., Jackson, Ohio
Amount:	\$ 295,694.00 +
Estimate:	\$ 172,200.00

+The Plumbing and HVAC contracts are in excess of filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Amount:	\$ 357,280.00 +
Estimate:	\$ 246,900.00
Electric Contract:	Reco Electric, Gahanna, Ohio
Amount:	\$ 199,900.00
Estimate:	\$ 223,200.00
Total All Contracts:	\$2,986,274.00
Contingency Allowance:	\$ 149,313.70 (5% of construction cost)
Moveable Equipment:	\$ 286,225.00
Land Acquisition:	\$ 220,000.00
Total Project Cost:	\$4,135,956.44

+The Plumbing and HVAC contracts are in excess of filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Faculty Club Improvements

This project will provide for the renovation and improvement of selected areas in and around the Faculty Club, modification of interior space arrangements to comply with appropriate building code requirements, modification of existing trash handling facilities and loading dock arrangements to improve operations, and improvement of existing kitchen layout arrangements to provide more efficient operation. The total project cost is \$1,916,386.40; funding is provided from University funds. The estimated completion date is December 1990. Contracts awarded are as follows:

General Contract:	Cody Ziegler, Summit Station, Ohio
Amount:	\$ 653,700.00 * +
Estimate:	\$ 602,057.00 *

+The General contract is in excess of filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

WHEREAS resolutions adopted by the Board of Trustees on June 2, 1989 and February 6, 1987, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects: Starling Loving Hall - Pathology Photo Studio and Microscopy Lab and Faculty Club Improvements:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by this Board and upon the recommendation of the Fiscal Affairs Committee, the Report of Award of Contracts and Establishment of Contingency Funds for Masonry Improvements - Botany and Zoology Building, Masonry Improvements - Cockins Hall, Starling Loving Hall Pathology Photo Studio and Microscopy Lab, Piketon Agricultural Research and Extension Center, and Faculty Club Improvements projects is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Purchase of Real Property

Background

1624-26 Highland Avenue
Columbus, Ohio

Location and Description

The property consists of a two-story brick residence built in about 1910. The house, which is in good condition, contains approximately 3,225 net square feet; it is divided into four apartments. The property is located at 1624-26 Highland Avenue between Tenth and 11th Avenues; it is within the South Campus acquisition boundary of the University's Master Plan.

Appraisal and Purchase Price

An appraisal done by W.E. Swift and Company in October 1989, valued the property at \$110,000.00. A previous MAI appraisal by HER Appraisal Services in June 1989, valued the property at \$89,000.00. Since May of this year, when the University first received word that the property was for sale, the University has been negotiating with the former owner and more recently with the current owner, Brixton Development Corporation, located in Columbus. Based on those negotiations, the University now has a signed contract, subject to approval by the Board of Trustees, to purchase the property for \$92,500.00.

Purchase of Real Property (contd)

Background (contd)

1624-26 Highland Avenue
Columbus, Ohio (contd)

Use of the Property

Title to the property will be taken in the name of the State of Ohio for the use of The Ohio State University. Because the property is located within the Master Plan boundary, acquisition is important in completing implementation of the University's plans for the south campus area. Purchase of this property will complete the University's acquisition of all property in the block bounded by 11th Avenue, Hunter Avenue, an alley, and Highland Avenue.

(See Appendix XXX for map, page 513.)

PURCHASE OF REAL PROPERTY

Resolution No. 90-49

1624-26 HIGHLAND AVENUE
COLUMBUS, OHIO

Synopsis: The Fiscal Affairs Committee recommended the purchase of the improved real property located at 1624-26 Highland Avenue in Columbus, Ohio.

WHEREAS The Ohio State University has been presented with an opportunity to purchase the property located at 1624-26 Highland Avenue in Columbus, Ohio; and

WHEREAS this property has an average appraised value of \$99,500.00 and the owner, Brixton Development Corporation of Columbus, Ohio, has offered to sell the property to the University for \$92,500.00; and

WHEREAS this property is located within the South Campus acquisition boundary of the University's Master Plan and its acquisition will allow the University to consolidate its land holdings in that block; and

WHEREAS funds for the purchase will be provided from general University funds, including those resulting from previous sales of property outside the acquisition boundary:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to purchase, in the name of the State of Ohio for the use of The Ohio State University, the improved real property located at 1624-26 Highland Avenue in Columbus, Ohio, at a price not to exceed \$92,500.00, upon such terms and conditions as are deemed to be in the best interest of the University, subject to the University's receiving the necessary approvals from the Ohio Board of Regents and the State Controlling Board.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Management of the J. Leonard Camera Center
for Industrial and Vocational Rehabilitation**

Background

2050 Kenny Road, Columbus, Ohio

The Industrial Commission of Ohio leases (from the Bureau of Workers' Compensation) and operates the J. Leonard Camera Center at 2050 Kenny Road in Columbus, Ohio. The Center, constructed in 1985 at a cost of \$45 million, provides industrial and vocational rehabilitation services for industrially disabled workers. It is located across Kenny Road from the University's West Campus and adjacent to the Veterans Administration Outpatient Clinic, on land purchased from the University by the State of Ohio. The Center has been operating at only partial capacity, and in June 1988, the Industrial Commission issued a request for proposals for management and operation of the Center on the Commission's behalf. The University responded to this request and was selected for negotiation of a management agreement.

Under the draft agreement with the Industrial Commission, the University will provide for the management and operation of the Center's facilities and programs. The University will provide a management team consisting of an Administrator, a Medical Director, a Chief Financial Officer, a Director of Professional Services, and a Chief Information Officer. The University also will provide certain financial and information systems, including a computerized "budget management software system" and consultation and support from the Hospitals' financial and information management staffs.

In exchange for these management services and the management team, the University will receive reimbursement for the salaries and benefits for the management team, an additional 25% of that amount as a management support fee, and use of approximately 7,600 square feet of dedicated furnished Center space for the operation of University rehabilitation programs. The Hospitals also will have shared use of all of the Center's facilities (e.g., pharmacy, examining rooms, therapy areas, swimming pool, parking, gymnasium).

Management of the Camera Center will enable the University to provide the complete range of rehabilitation services as well as providing the space and facilities for additional University rehabilitation programs (such as sports medicine and cardiac rehabilitation). The initial term of the agreement is through June 1991, with a two-year renewal term.

The agreement was approved by the University Hospitals Board on September 28 and by the Industrial Commission on September 27. If approved by the Board of Trustees, the agreement will be presented to the State Controlling Board for final approval.

(See Appendix XXXI for Executive Summary on the J. Leonard Camera Center Management Contract and map, page 515.)

**MANAGEMENT OF THE J. LEONARD CAMERA CENTER
FOR INDUSTRIAL AND VOCATIONAL REHABILITATION**

Resolution No. 90-50

Synopsis: The Fiscal Affairs Committee recommended authorization to enter into an agreement with the Industrial Commission of Ohio for the management of the J. Leonard Camera Center.

**MANAGEMENT OF THE J. LEONARD CAMERA CENTER
FOR INDUSTRIAL AND VOCATIONAL REHABILITATION (contd)**

WHEREAS the Industrial Commission of Ohio operates the J. Leonard Camera Center at 2050 Kenny Road in Columbus, Ohio; and

WHEREAS the Industrial Commission desires to enter into an agreement with The Ohio State University for the University Hospitals to manage and operate the Center's facilities and programs; and

WHEREAS the University desires to manage and operate the Center to enable University Hospitals to provide the complete range of rehabilitation services available and secure space and facilities for additional University rehabilitation programs; and

WHEREAS the appropriate University offices have determined that University Hospitals' management and operation of the Center is in the best interest of the University, and such action has been recommended by the University Hospitals Board:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to enter into an agreement with the Industrial Commission of Ohio for University management and operation of the facilities and programs of the J. Leonard Camera Center upon such terms and conditions as are deemed to be in the best interest of the University.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**NON-MANDATORY TRANSFER FROM CURRENT FUNDS
FISCAL YEAR 1988-1989**

Resolution No. 90-51

Synopsis: The Fiscal Affairs Committee recommended the transfers to Endowment Principal Funds, Loan Funds, Annuity and Life Income Funds, Unexpended Plant Funds, Renewal and Replacement Funds - Remodeling and Renovation, Renewal and Replacements Funds - Repair and Replacement, Retirement of Indebtedness Funds and Investment in Plant Funds.

WHEREAS non-mandatory transfers from current funds for the fiscal year 1988-89 have been made; and

WHEREAS this accounting procedure is in compliance with the auditor of State that all transfers made among fund groups be reported:

NOW THEREFORE

BE IT RESOLVED, That the transfers as detailed in the accompanying report be accepted and approved.

November 3, 1989 meeting, Board of Trustees

**NON-MANDATORY TRANSFER FROM CURRENT FUNDS
FISCAL YEAR 1988-1989 (contd)**

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XXXII for charts, page 521.)

Highlights of Final Enrollment for the Autumn Quarter of 1989

October 16, 1989

The Autumn Quarter began on September 20, 1989. The official census for the Autumn Quarter was conducted as of the close of processing on October 4, 1989, the fourteenth day after the first day of autumn quarter classes. The fourteenth day census is the basis for these highlights and the supporting data contained herein.

- Total University enrollment is 58,994 down 553 students from Autumn Quarter 1988 (see Table 1).
- Enrollment at all non-Columbus Campuses is up from Autumn Quarter 1988 (see Table 1).
- Most of the decline in undergraduate enrollment at Columbus is attributable to the smaller new first-quarter freshman class (see Table 2).
- Sizeable increases from Autumn Quarter 1988 were recorded in enrollment in Social and Behavioral Sciences, and Arts and Sciences, General (see Table 3).
- Sizeable declines from Autumn Quarter 1988 were recorded in enrollment in Journalism, Continuing Education, Engineering, Graduate School, and University College (see Table 3).
- When University College students are divided by curricular academic program, the number of students in Pre-Medicine and Arts and Sciences, General increased substantially over those enrolled Autumn Quarter 1988 (see Table 4).
- Total university part-time headcount and credits declined at the undergraduate, graduate, and postbaccalaureate professional levels compared to Autumn 1988 (see Table 5).
- At Columbus an increase of over 20% in enrollment from the rural counties of Hocking, Lawrence, Noble, and Paulding was recorded (Table 7).
- Large increases over Autumn Quarter 1988 were recorded in enrollment of students from People's Republic of China, and Japan. Over half of all international students come from the Republic of China, the Republic of Korea, the People's Republic of China, and India (see Table 10).
- Over one-half of all graduate students in Engineering are international students (see Table 11).

- **Over one-third of all graduate students in Agriculture, Biological Science, and Mathematics and Physical Sciences are international students (see Table 11).**
- **Total university Black new first-quarter freshmen are up by 61 (see Table 13).**
- **Columbus Black new first-quarter freshmen are up by 39 (see Table 14).**
- **Total university Hispanic new first-quarter freshmen are up by 33 (see Table 13).**
- **Columbus Hispanic new first-quarter freshmen are up by 24 (see Table 14).**
- **Undergraduate, postbaccalaureate professional, and graduate enrollment all showed declines from among Ohio residents (see Table 15).**

* Undergraduate students are classified as full-time if they register for 12 or more credits. Graduate or postbaccalaureate professional students are classified as full-time if they register for 10 or more credits.

Full-time equivalency can be determined by dividing the total number of credits by 15.

APPENDIX XXIII

THE OHIO STATE UNIVERSITY LIBRARIES

**Presented to the Board of Trustees, November 3, 1989
(See page 378)**

Presentation To
The Ohio State University
Board of Trustees

By

William J. Studer, Director
The Ohio State
University Libraries

November 3, 1989

Mission Statement - The Ohio State University Libraries

To

- acquire, organize, preserve and provide bibliographic and physical access to a comprehensive collection of literature and information sources in support of the University's mission of teaching, research and service;**
- facilitate access for faculty and students to the world's vast store of recorded knowledge beyond the holdings of Ohio State's libraries;**
- provide dynamic information services to assist patrons in using information sources; and**
- educate users in information-seeking skills essential to independent and lifelong learning**

Context: Institutional aspiration: To be the finest university in the Big Ten and one of the top five public universities nationally

Dimensions of The Ohio State University Libraries (Columbus Campus)* 1987/88 Statistics

Collection size:	4,254,266 volumes (ranks 16th among members of the Association of Research Libraries)
Serial subscriptions:	31,154
Microforms:	2,971,011
Staff (FTE):	118 Professional 210 Civil Service 126 Student 454 Total
Total expenditures:	\$15,791,448
Collections:	5,146,512 (32.6%)
Salaries & Wages:	8,434,918 (53.4%)
Operating:	2,210,018 (14%)
Number of library locations:	26
Square footage of all locations:	ca. 500,000
Seating for patrons:	6,620
Number of patrons entering libraries annually:	6 million
Items circulated (borrowed):	1,559,036
Items loaned to other libraries:	31,060
Items borrowed from other libraries:	13,297
Library Control System (LCS) transactions:	24,000,000 from 185 library terminals and 9 dial-access ports
Hours of Opening:	Main library open 110 hours/week

*Includes Law and Health Sciences Libraries

Special Strengths/Achievements/Notables of The Ohio State University Libraries

- **Pioneer in Library automation (cited in *Educom Review* article Summer 1989)**

The Library Control System (LCS) became operational in 1970 as circulation control system

LCS became full online public access catalog in 1982 (first in a major library)

LCS telephone center - allows patrons to call in, charge out materials, and have them mailed to a campus address

- **User Education Program (in forefront nationally)**

Reaches ca. 25,000 students annually through UVC 100, other courses, and special work shops with some form of instruction in use of information sources and the library system

Gateway Project (funded by two federal grants: \$288,225)

To provide computer-based guidance to finding one's way among information resources; to be available as a front-end to LCS

- **Special Collections**

Thurber

Charvat - American fiction

Carver, Algren, Burroughs, Busch, Hule, Mitford - manuscripts/papers

Hilandar Medieval Slavic manuscripts on microfilm (ca. 2,400 mss. from 16 countries)

Banks' Florilegium - 734 botanical plates from the late 18th century

Incunabula (ca. 90) - 15th century printed books

Library for Communication and Graphic Arts (editorial/cartoon art, photographs)

Lawrence & Lee Theatre Research Institute - microfilm archive of theatre history of the western world; scrapbooks, models; clippings; photographs, books and journals; brochures; costumes; etc., etc.

OSU Photoarchives - 800,000 images

- **Office of Preservation established in 1984**

 - To meet challenges of materials already too brittle for further use and of acidic paper throughout the collections**

 - State-of-the-art air conditioning in Main Library stacks (1986)**

- **Excellent staff - national awards; offices held; 3rd most active in publishing**

- **Affirmative Action**

 - Minority fellowship program in library science (1989)**

 - Minority librarian Internship program (1989)**

 - Four librarians from underrepresented minorities appointed to regular positions in the last 14 months (6/1/88-7/31/89) from a total of 14 appointments**

How Ohio State Stands Comparatively with Libraries of the Top* Ten Publicly-Assisted Universities and the Big Ten**

Top* Ten

University of Illinois, Urbana

University of California, Berkeley

University of Michigan

University of Texas, Austin

University of California, Los Angeles

University of Wisconsin, Madison

University of Washington

University of Minnesota

The Ohio State University

Indiana University, Bloomington

*Based on size of collection.

Big Ten**

University of Illinois, Urbana

University of Michigan

University of Wisconsin, Madison

University of Minnesota

The Ohio State University

Indiana University, Bloomington

Northwestern University

Michigan State University

University of Iowa

Purdue University, West Lafayette

**In order by size of library collection.

Data source: Freshmen in the Spotlight: 1987/1988 Enrollment at Public, Four-Year Colleges and Universities (Washington: American Association of State Colleges and Universities and National Association of State Universities and Land-Grant Colleges, 1988).

Horizon Issues/Challenges

- **Physical Facilities**

- Library for Communication and Graphic Arts (WCVA)

- Fine Arts Library (WCVA)

- Science & Engineering Library (In design drawing phase - completed 1992?)

- Bio-sciences/Pharmacy Library (In Parks Hall addition - architect selected)

- Book Depository (High density storage) (Architect selected - ready to begin schematic design)

- New Main Library (Included in 1995/96 Capital Plan Budget)

- Law Library (Expanded and remodeled - 1992)

- **Information Technology**

- Ohio Library Information System (OLIS) (Central computerized union catalog of holdings of 17 Ohio state-assisted university libraries plus a variety of centrally mounted databases)

- Interface OSU Libraries via the Ohio Academic Research Network (OARNET), which carries super computer traffic

- Improve search power of the Library Control System by introduction of the capability to search on any key word in a bibliographic record

- Test feasibility of locally mounting databases (with assistance of the Instruction and Research Computing Center) in order to provide OSU faculty and students with free access to electronic information sources via both library terminals and office/home-based personal computers

- Connect all library locations to OSU's SONNET communications system in order to facilitate the most flexible and widespread access to LCS, OLIS, and all other electronic databases made available under auspices of the Libraries

- Together with the other 10 CIC libraries, establish a connection with the CIC-Net telecommunications system in order to provide ready access to each institution's online public access catalog and to share resources speedily via facsimile transmission

- Seek additional funding to complete development of the Gateway project and secure internal resources to install the system

- **Strengthening Collections (Including primary research resources)**

- Ohio State would need to double its current annual rate of collection growth - over a 22 - year period - simply to attain the size of collection that the University of Michigan will have attained by that time (assuming that Michigan does not increase at all its current rate of acquisition).

- **Increase staffing in order to provide the kinds and levels of services needed by OSU faculty and staff**

OSU Libraries has 100 fewer FTE staff than the mean of the top ten

- **Retain and attract highly qualified staff by improving salaries**

The 1988/89 mean and median salaries for OSU librarians were \$32,676 and \$30,300, respectively, which merited a rank of 7th and 6th among Big Ten libraries; 7th and 7th among the top ten. OSU's position has slipped considerably since 1985/86, and improvement is required if we are to be competitive!

- **Affirmative Action**

Four librarians from underrepresented minorities have been hired in the last 14 months (6/1/88-7/31/89), and we have a committee working on strategies to attract additional hires. It is expected that the minority intern and minority fellowship holders will be highly potential candidates for regular appointments.

- **Preservation of Collections**

A Preservation self study, completed in 1986, indicated that the paper in 21% of OSU collections is brittle, while 90% is highly acidic and will eventually become brittle. Small progress has been made in microform and in-kind replacement of brittle materials, and significant progress in mending and repair operations has been made. But the scale of problem bespeaks a need for massive treatment, both through replacement of volumes in a condition beyond reclamation and deacidification of paper to preclude inevitable embrittlement.

- **Excessive Cash-Basis Budgeting**

To meet the Libraries basic annual budget needs for student wages, specials (graduate associates), equipment, and operating costs now requires generation of ca. \$500,000 in cash supplied through programmed position vacancy credits, i.e., by deliberately holding positions open much longer than desirable.

- **Integrate library strategic planning with college strategic planning**

- **Funding from the Private Sector**

Little success has been achieved to date. The libraries have no natural constituency in what has been an essentially constituency-based capital campaign. A national advisory council has been formed to advise/assist in fund-raising; a program is being developed to solicit emeritus faculty; and it is hoped that several major donor prospects will be assigned to the Libraries for cultivation.

APPENDIX XXIV

THE OHIO STATE UNIVERSITY ENDOWMENT SUMMARY
October 20, 1989

Presented to the Investments Committee and
Adopted by the Board of Trustees November 3, 1989
(See page 379)

MEMORANDUM

Subject: Proxy Solicitations
Date: October 31, 1989
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of October 1989, the University voted twenty-three proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Amendment to fix the number of Directors;
- 3) Ratification of independent auditors;
- 4) Approval of the issuance of common stock for the purchase of another company;
- 5) Amendment to increase the authorized shares of common stock;
- 6) Amendment to increase authorized shares of common stock for an employee stock option program;
- 7) Approval to establish classes of directors;
- 8) Amendment requiring the written approval of all shareholders prior to any shareholder action taken without a meeting;
- 9) Approval to establish a range for the size of the Board of Directors and to empower the Board to establish said number;
- 10) Require that two-thirds of all shareholders approve prior to any special shareholder meetings;
- 11) Require that two-thirds of all shareholders approve prior to certain changes to the by-laws;
- 12) Approval of certain amendments to enable the by-laws to conform to Georgia Corporate Code;
- 13) Approval of a 1989 Executive Stock incentive plan;
- 14) Approval to merge and issue preferred stock in accordance to the merger;
- 15) Amendment to establish voting rights to a special class of stock;
- 16) Approval to grant specified purchase rights on preferred stock;

- 17) Approval to return preferred stock to "special stock" status and show the stock as authorized but not issued;
- 18) Adoption of a 1989 long-term incentive plan;
- 19) Approval for employees, of a company recently acquired, to participate immediately in the Corporate Stock Purchase plan;
- 20) Amendment to increase authorized shares for the incentive Stock Option Plan;
- 21) Ratification of a non-employee director stock option plan.

Shareholder proposals were as follows:

- 1) Re-affirm the corporation's political non-partisanship;
- 2) Establish cumulative voting for the Board of Directors;
- 3) Require annual election of all Directors;
- 4) Change the required approval vote from eighty percent to two-thirds.

The University voted for all Management proposals and against the shareholder proposals. Furthermore, Management opposed all shareholder proposals.

The twenty-three corporations were:

- 1) Archer-Daniel Midland Company
- 2) Automatic Data Processing Incorporated
- 3) Bristol-Myers Company
- 4) Bruno's Incorporated
- 5) Campbell Soup Company
- 6) The Clorox Company
- 7) Farm Credit Services of mid-America
- 8) First Mississippi Corporation
- 9) Flowers Industries, Incorporated
- 10) Jostens Incorporated
- 11) Meredith Corporation
- 12) MNC Financial, Incorporated
- 13) Morton International, Incorporated
- 14) National Semiconductor Corporation
- 15) Oracle Systems Corporation
- 16) Policy Management Systems Corporation
- 17) Quaker Oats Company
- 18) Sara Lee Corporation

- 19) Seagate Technology, Incorporated
- 20) SCI Systems, Incorporated
- 21) Scientific-Atlanta, Incorporated
- 22) Sysco Corporation
- 23) Thielkol Corporation

APPENDIX XXV

THE AGRICULTURAL TECHNICAL INSTITUTE

Presented to the Agricultural Affairs Committee
November 3, 1989
(See page 395)

AGRICULTURAL AFFAIRS COMMITTEE
BOARD OF TRUSTEES
NOVEMBER 3, 1989
THE AGRICULTURAL TECHNICAL INSTITUTE

The Agricultural Technical Institute began operations Autumn Quarter 1972 with 199 students enrolled in eight technologies within the Associate of Applied Science Degree. The first graduating class was in 1974 and today there are over 3,000 Associate Degree graduates, most of whom are Ohio residents.

The Institute receives line item funding from the Ohio Legislature as one of Ohio's two-year technical colleges. The Board of Trustees for ATI is the OSU Board of Trustees and the Institute operates administratively as a school within the College of Agriculture. Currently there are 130 employees: 39 regular faculty, 16 specials, (part-time/full-time), 72 staff including police, secretaries and technicians, and 3 principal administrators.

Last year (1988) the Institute enrolled 685 students generating 608 FTE and served a total of 1,300 people including non-credit enrollments. This year (1989) enrollment is 707 students generating 639 FTE; and, with non-credit enrollments ATI will serve over 1,500 people. We are projecting a 5% enrollment increase for 1990 and another 5% enrollment increase for 1991.

The Institute began operations in OARDC facilities in 1972 and today has three main buildings on a 50 acre central campus plus the 1,800 acre Apple Creek Farm and leased facilities for the horse technology program at the Wayne County Fairgrounds. By comparison with similar institutions, ATI has high quality laboratories and classroom facilities. The Institute has the top teaching dairy laboratory at the applied level in the country and a substantial land laboratory at the Apple Creek Farm. The first budget of the Institute in 1972 was approximately \$200,000; this year (1989) the budget will exceed \$6.5 million dollars. Twenty-three percent of the income for the current budget will be derived from grants, contracts and income other than student fees and state subsidies.

In developing the applied curriculum ATI has been closely involved with industry. Successful industry internship is a graduation requirement necessitating regular faculty visits across the state to work sites and with industry leaders. The placement of graduates, according to the annual published report of the Ohio Board of Regents, is at the top in the state for institutions in Ohio. The national trend and the state's agenda for two-year institutions for workforce education is a natural undertaking for ATI.

The teaching skill of the ATI faculty is demonstrated as they successfully address the diverse populations of WeekEnd College, state prisons, evening instruction, workforce education (Rubbermaid, Rexroth, City of Wooster, Nursery Association, etc.), non-credit and short-term workshops, international education and collaborative education with high schools, corporations, trade associations and other institutions of higher education. Their skill is further evident in the success of transfer students who, by the College of Agriculture's records, perform equally as well as students beginning the baccalaureate degree at Columbus. For several years, ATI has been the single largest source of transfer students into the College of Agriculture. The Institute represents perhaps one of the College's most valuable resources in reaching out to minority students and others interested in agriculture.

**J. LEONARD CAMERA CENTER
MANAGEMENT CONTRACT**

Executive Summary

Recommendation

OSU Hospitals is recommending approval of a contract for the management of the J. Leonard Camera Center.

If also approved by The Industrial Commission of Ohio and the State Controlling Board, this could begin in January 1990.

Overview

- I. OSU Hospitals will Provide the Camera Center:
 - A. Financial Systems and Consultation
 - B. Information Systems Consultation
 - C. Management Team
- II. OSU Hospitals will Receive:
 - A. Management Team Salaries and Benefits
 - B. Additional 25% Management Support Fee
 - C. Use of One "Module" of Space for the Installation and Operation of Related Rehabilitation Programs
- III. Evaluation
 - A. OSU Receives:
 - Management Team Salaries & Benefits - "Pass Through"
 - 25% Management Support Fee - approximately \$75,000
 - Value of Space - \$144,000-\$105,000
 - B. OSU Provides:
 - Purchases and Consultation Time of \$120,000

**J. LEONARD CAMERA CENTER
MANAGEMENT CONTRACT**

Background

The J. Leonard Camera Center is a \$45 million facility of the Industrial Commission of Ohio for the rehabilitation of industrially disabled workers. It was constructed in 1985 and has been operated at partial capacity since - in part due to problems of recruitment and retention of rehabilitation professionals and problems in management and administration.

The Ohio State University Hospitals began discussions with the Industrial Commission in March of 1988 about a possible joint relationship and involvement in the facility. The Commission issued an RFP in June of 1988 requesting bids to include "management, supervision, administration, accounting and reporting, and the operations of all rehabilitation programs and ancillary functions" of the Center. The Hospitals responded to this RFP by the August 1988 deadline and was selected to begin negotiations with the Commission. These negotiations, though protracted, have been positive and have evolved through several different stages of investigation and discussion to produce a final draft contract with the following major points:

I. OSU will provide the Camera Center the following:

A. Financial System

1. The establishment of a system of cost centers.
2. A computerized "Budget Manager Software System."
3. Regular monthly financial reports of budget, actual, and comparison figures for all expenditures and revenues.
4. Consultation and support from OSU Hospitals Chief Financial Officer and staff.
5. Generation of a consultation report within 120 days.

B. Information System

1. Assistance and support of their existing management information systems on their hardware and computer network.
2. Assistance in improving their existing patient tracking, productivity, and scheduling systems.
3. Planning for the acquisition of and oversight of the installation of a new computer system, if needed.
4. Development of a long range strategic information systems plan.
5. Consultation and support from OSU Hospitals Chief Information Officer and staff.
6. Generation of a consultation report within 120 days.

C. Management Team

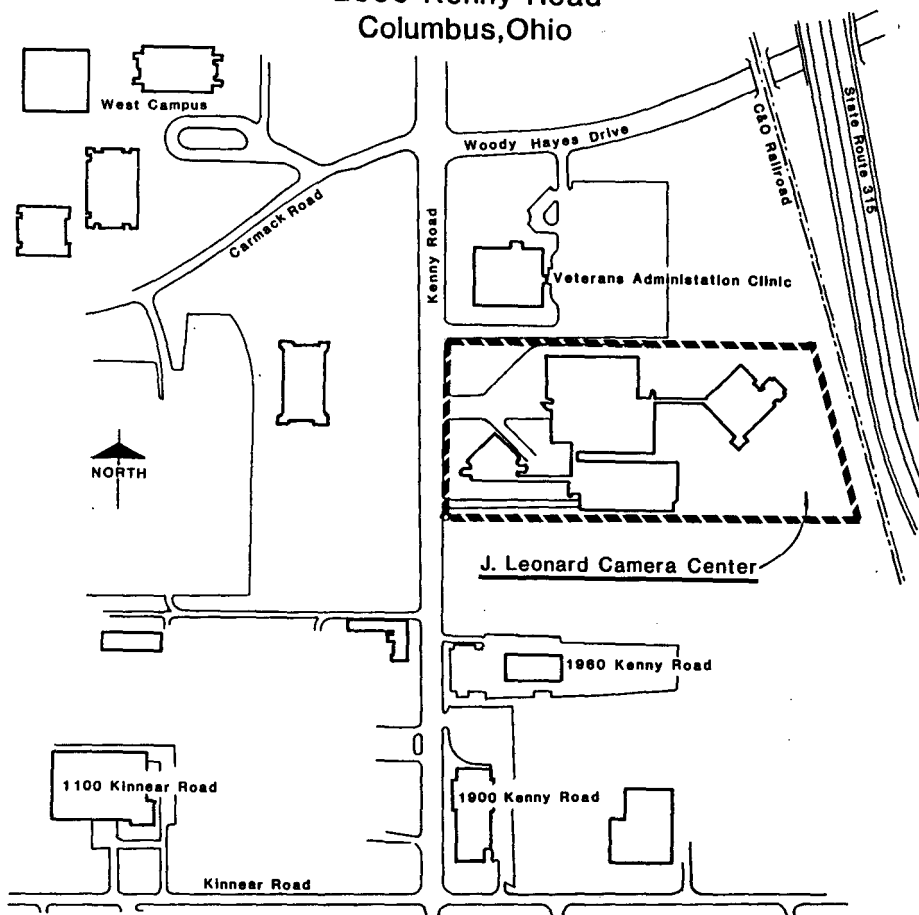

OSU Hospitals will also install in the Camera Center five rehabilitation administration professionals as a management team:

1. A Medical Director - either full-time or half-time as per the Camera Center's requests and needs.
2. An Administrator - who will have overall supervision of the entire Camera Center's operations, the rest of the OSU management team, and the non-professional service areas, department heads, and contract services reporting directly to him.
3. A Chief Financial Officer - who will be in charge of all facility specific financial issues, i.e. budgeting, reporting, accounting.
4. A Director of Professional Services - who will have reporting to him the department heads of occupational therapy, physical therapy, etc.
5. A Chief Information Officer - who will oversee the management information systems at the Center.

II. In exchange for the above services, the OSU Hospitals will receive from the Industrial Commission the following fees and in-kind reimbursement:

- A. Reimbursement, at OSU scales, for the salaries and benefits for the management team.
- B. An additional 25% Management Support Fee.
- C. Use of one normally furnished treatment "module" (7,564 sq. ft.) and all agreed-upon common facility spaces and equipment for the installation and operation of related OSU rehabilitation programs:
 - Exam suites/Offices/Waiting Areas
 - Classroom/Conference Rooms/Auditorium
 - Lab/X-Ray/Pharmacy
 - Physical and Occupational Therapy Areas and Equipment
 - Swimming Pool/Gymnasium/Running Track

APPENDIX XXXIII

Degrees Conferred at

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

December 8, 1989

Page 530 is blank

Commencement Speaker

Gerald M. Reagan

Gerald M. Reagan is a professor of education in the Department of Educational Policy and Leadership at The Ohio State University. Professor Reagan has published numerous articles, books, and papers in his specialty of the philosophy of education and has presented papers not only in this country, but also in England, Ireland, Australia, and Tasmania. His work includes the examination of ethics for educators and moral education for today's students.

After receiving his bachelor's degree in history from the University of Nebraska, a master's degree in history from Western Michigan University, and a doctoral degree in education from Michigan State University, Professor Reagan served as a member of the faculties of the University of California at Los Angeles and Syracuse University. He came to Ohio State in 1969, and currently serves as vice chair of his department. Professor Reagan also is director of the Lilly Teaching Fellows Program.

Active in University governance, Professor Reagan has served three terms on the University Senate. In 1986, he was called upon to chair the University's Special Committee for Undergraduate Curriculum Review, and his leadership and commitment to excellence have significantly influenced the future direction of undergraduate education at Ohio State.

A productive scholar and a willing and capable University citizen, Professor Reagan is a past recipient of The Ohio State University Alumni Distinguished Teaching Award. He truly represents excellence in all aspects of his faculty role. We are most delighted that Professor Reagan has agreed to address today's graduates.

Recipients of Honors

Stanley E. Harrison **Doctor of Humane Letters**

A 1958 graduate of The Ohio State University College of Engineering, Stanley E. Harrison has been an innovator and leader in a rapidly changing field. Having begun his professional career at the Battelle Memorial Institute and, later, Martin Marietta, Mr. Harrison joined the BDM Corporation in 1968. He has retired from his position as president and chief executive officer of BDM International, Inc. During his tenure at BDM, the company became a significant leader in applying high technology to some of the world's most perplexing problems—from energy and the environment to economic analysis and national defense.

Mr. Harrison is deeply committed to excellence and opportunity in higher education and has contributed his considerable leadership talents to a number of education-related endeavors. He served as chair of the Virginia Council of Higher Education and has been a trustee of Western Maryland College, Rio Grande College, and the Shenandoah College and Conservatory of Music. The National Center for the Performing Arts operated by the Wolf Trap Foundation also has enjoyed his innovative thinking and able leadership. He is now president of The Potomac Foundation, a non-profit corporation dedicated to the advancement of knowledge in science and technology, education, defense, and social development.

Ohio State's College of Engineering has called upon Mr. Harrison for counsel through the years. In 1979, the college established its Committee for Tomorrow to solicit help from industry and alumni in order to meet the changing needs of engineering education. They could think of no one to chair this group whose career and personal values more closely matched the goals of the college than Stanley Harrison.

A model of professional achievement and civic responsibility, Mr. Harrison built a company that is a pacesetter in using technology in innovative ways. He has applied his analytical skill and creative thinking beyond his corporate life to serving others. We honor both his technical and managerial achievements and his unstinting humanitarian spirit.

James E. Chapman **Distinguished Service Award**

Since he graduated *cum laude* from Ohio State's College of Business in 1953 and *summa cum laude* in 1954 from the College of Law, Jim Chapman has accumulated a distinguished record of volunteer service to the University. Over the last three decades, he has maintained a strong relationship with the College of Law, providing valuable counsel to the dean, faculty, and staff on the direction of the law school.

Mr. Chapman, a partner in the Cleveland office of the law firm of Baker and Hostetler, has been an important leader in the success of the record-breaking Ohio State University Campaign as a member of the National Campaign Steering Committee. He has taken the lead in enhancing the image of and support for the University in the Cleveland area. In addition to fund-raising activities, he has served on the executive committee of The Presidents Club and is an active member of the Ohio State Alumni Club of Cleveland.

Ohio State is not the only organization to benefit from his time and talents. He has been an officer of the National Association for Mental Health and is involved with numerous cultural groups in northeast Ohio, including the Suburban Symphony and the Shaker Symphony Orchestra. Chapman also is a member of the steering committee for the Linnean Society of The Cleveland Museum of Natural History. He maintains a strong interest in maritime history and art and ship preservation. He serves as a trustee of the Mystic Seaport Museum and the National Maritime Historical Society.

Mr. Chapman exemplifies the unmistakable spirit of service to others and to his alma mater, and it is with pride that we present him this Distinguished Service Award.

Recipients of Honors

Mary Anne Southard Distinguished Service Award

Mary Anne Southard retired in December 1987 from her position as associate director of gift processing in the Office of University Development after some 30 years in fund-raising support at The Ohio State University. She and her staff were responsible for the receipt, processing, acknowledgement, and recording of each gift contributed to the University which, by the end of her career, amounted to nearly \$50 million each year.

The hallmark of Ms. Southard's work throughout her three decades at Ohio State was meticulous attention to detail. Within a rapidly growing and increasingly computerized operation, she gave each gift, great or small, personal attention, ensuring that the funds went quickly to the department, project, or program selected by the donor. Her respect for the intentions of those making gifts was unwavering, and her concern helped convey the University's sincere appreciation to every donor.

Those who work behind the scenes often are most critical to the success of a major undertaking. Such is the case with Mary Anne Southard. Her extraordinary organizational skills and caring attitude were instrumental in the growth of the development program at Ohio State. In many ways, she has shaped both the system and the spirit of the development support operation.

For her loyalty, her effort, and her professionalism, The Ohio State University awards her its Distinguished Service Award.

Stuart A. Summit Distinguished Service Award

Ohio State alumnus Stuart Summit is a principal partner and head of litigation of the New York law firm Summit, Rovins & Feldesman. Mr. Summit, who holds degrees both in business and in law, served as counsel to the New York State Commission on Judicial Nomination, which is responsible for nomination of candidates for appointment to the New York Court of Appeals. He currently is a member of the Bar of the City of New York committee on women in the profession. He is a frequent lecturer and is the author of various articles on litigation.

In the years since graduation, Mr. Summit's service to the University has been consistent and invaluable. He has been an active member of the National Council of Advisors to the College of Law since 1969 and was elected president of the college's alumni association. For six years, he represented the law school to the Alumni Advisory Council.

Mr. Summit received the 1988 Ralph Davenport Mershon Award from The Ohio State University Alumni Association in recognition of his exemplary dedication to his alma mater. Now a member of Ohio State's National Campaign Steering Committee, he also has been a member of the executive committee of The Presidents Club and of the Development Fund Board.

To honor Mr. Summit's long-standing commitment to excellence and his dedication to this institution, The Ohio State University presents him with this Distinguished Service Award.

Recipients of Honors

Richard W. Trott **Distinguished Service Award**

Richard Trott has made extraordinary contributions toward raising the standards of excellence in architectural design in Ohio and the nation. He graduated from The Ohio State University *summa cum laude* and received virtually every award given by the School of Architecture. In his professional career, he has maintained this high level of excellence.

Particularly known for the design of corporate facilities and retail centers, Mr. Trott has received more than 80 awards for design and technical achievements. He has made many important design contributions to the quality of this campus including the outdoor performance center in Browning Amphitheater near Mirror Lake. None to date, however, are comparable to the enormous effort and distinguished leadership he invested in the design and construction of the Wexner Center for the Visual Arts with his colleague and partner, Peter Eisenman.

An adjunct professor of architectural design, Mr. Trott has taught a design course each year and has served on a number of juries and reviews, enjoying the opportunity to regularly interact with students. He has participated in the Symposium on A Quality Learning Environment and the Committee for Tomorrow of the College of Engineering. A 1984 recipient of the Distinguished Alumnus Award, he also was a special honoree at the 300th Commencement ceremonies in 1987. He is a tireless advocate for the University and vigorously promotes it and stimulates its enhanced excellence.

In recognition of his unselfish devotion to his University, his profession, and his community, The Ohio State University presents him with the Distinguished Service Award.

Leon I. Twarog **Distinguished Service Award**

It has been through the vision and leadership of Leon Twarog that The Ohio State University now stands as a leader in Slavic studies. During his more than 25-year tenure at this university, he guided the development of the Department of Slavic and East European Languages and Literatures. His Individualized Language Instruction program was a pioneering project in the country, altering the manner in which language was taught by using a self-paced program. He initiated the first Ohio State Language Study Program to the Soviet Union in 1963; today it operates successfully as the Ohio State-Purdue Pushkin Institute Moscow exchange and instruction program.

Now retired from the faculty, Professor Twarog distinguished himself as a scholar, teacher, and administrator. He received Ohio's Outstanding Teacher Award in 1984 and has worked tirelessly not only with university students, but also with high-school Slavic students and teachers across Ohio. He served as president of the American Association of Teachers of Slavic and East European Languages and is one of the world's foremost experts in his field.

Professor Twarog's career has been characterized by vision and foresight. In the early 1960s, he began collecting library resources for this University in the Slavic area. The internationally acclaimed Hilander Collection in the Ohio State Libraries has succeeded in large measure due to Professor Twarog's persistence.

Leon Twarog has helped elucidate cultures that are different from our own to thousands of students and consequently, his legacy is one of enlightenment and understanding.

In recognition of his remarkable service to the University, the nation, and to the scholarly community, The Ohio State University presents him with the Distinguished Service Award.

The Graduate School

Dean: Roy A. Koenigsnecht

Doctor of Musical Arts

Cynthia Renee Coleman, Salem, VA; B.A. (Hollins College, Virginia); M.M. (University of Maryland); *Music*
Dr. Helen C. Swank

Thomas Andrew Gregg, Columbus; B.M. (Capital University); M.M. (University of Michigan); *Music*
Dr. Helen C. Swank

Ching-Jen Wu, Taiwan, R.O.C.; B.Mus. (National Taiwan Normal University); M.Mus. (Ohio University); *Music*
Dr. Rosemary Platt

Doctor of Philosophy

Bulent Abali, Ankara, Turkey; B.S. (Middle East Technical University, Ankara); M.S.; *Electrical Engineering*
Dr. F. Ozguner

Tarek Saad Amer, Gainesville, FL; B.S. (California State University, Chico); M.S. (Texas A&M University); *Accounting and Management Information Systems*
Dr. Andrew D. Bailey, Jr.

Abdelmoniem Mohamed Amin, Cairo, Egypt; B.S. (Cairo University); M.S.; *Civil Engineering*
Dr. Robert L. Sierakowski

Essam Fathi Ayoub, Cairo, Egypt; B.S., M.S. (Cairo University); *Engineering Mechanics*
Dr. Arthur W. Leissa

Andrey Susan Bahrlick, Delaware; B.A. (Ohio Wesleyan University); M.A., M.A.; *Psychology*
Dr. Theodore Kaul

Jeff David Tainatongo Barcinas, Merizo, Guam; B.S. (California State Polytechnic University); M.A. (Washington State University); *Agricultural Education*
Dr. J. David McCracken

Paul Leo Bartel, Parma; B.S. (University of Cincinnati); M.S.; *Microbiology*
Dr. Hari M. Strohl

Kanwaljit Bhatia, Lajpat Nagar, India; B.S. (University of Roorkee); M.S. (University of Manitoba); *Engineering Mechanics*
Dr. S. H. Advani

Daniel J. Birmingham, Columbus; B.S., M.S.; *Pathology*
Dr. Hari M. Sharna

Cynthia Story Bison, Paducah, KY; B.A., M.A. (Murray State University); *History*
Dr. John A. Rothney

Jennifer Ann Bogner, North Ridgeville; B.S. (University of Maryland); M.A.; *Psychology*

Dr. R. Singh

Yilu Liu, Chengtu, P.R.C.; B.Eng. (Xian Jiaotong University); M.S.; *Electrical Engineering*
Dr. Stephen A. Sebo

Ralph Clark Magruder, Kingsville, TX; B.A. (University of Texas at El Paso); M.F.A. (Arizona State University); *Art Education*
Dr. Kenneth Marantz

Michael James Matz, Lebanon; B.S. (The University of Toledo); M.S.; *Chemical Engineering*
Dr. K. S. Knaebel

Mya Maung, Myaung, Burma; B.Agr. (Institute of Agriculture); M.S. (London University); *Agricultural Education*
Dr. Larry E. Miller

James T. McElligott, Hilliard; B.S.Ed., M.A.; *Education*
Dr. Brad L. Mitchell

Joseph Edward Meier, Jefferson City, MO; B.A. (University of Kansas); *Chemistry*
Dr. Alan Marshall

Claudia Tarver Melear, Atlanta, GA; B.S., M.Ed. (Georgia State University); *Education*
Dr. Rosanne W. Fortner

Carol Ann Meyer, Minnesota; B.S. (University of Minnesota); M.A.; *Education*
Dr. Elisa Klein, Dr. Celia Genishi

Charles Miller, Iota, LA; B.S., M.S. (Louisiana State University); *Agricultural Education*
Dr. L. H. Newcomb

Jamil Hammoud Molaeb, Lebanon; B.A. (Lebanese University); M.F.A. (Pratt Institute); *Art Education*
Dr. Arthur Efland

Samuel Andrew Moseley, Pamlico, NC; B.A. (North Carolina Agricultural and Technical State University); M.A.; *Political Science*
Dr. William E. Nelson

Cesar Valencia Mujer, Tanauan, Philippines; B.S., M.S. (University of the Philippines); *Horticulture*
Dr. A. Raymond Müller

Steven E. Mulhall, Columbus; B.S. (Bowling Green State University); *Chemistry*
Dr. Harold Shechter

***Jose Joaquin Munoz-Lopez**, Madrid, Spain; Bachillerato (Instituto Cisneros); Law degree (Universidad de Madrid); M.A.; *Romance Languages and Literatures*
Dr. Stephen J. Summerhill

Mahalakshmi Nagarajan, India; B.S., M.S. (University of Delhi); *Molecular, Cellular, and Developmental Biology*
Dr. Lee F. Johnson

Yvonne Jiang Nikas, Beijing, P.R.C.; B.S. (Beijing University); M.S.; *Physics*
Dr. Charles A. Ebner

Won-Sun Oh, Busan, South Korea; B.A. (Sung Kyun Kwan); M.A. (Western Illinois University); *Economics*
Dr. Donald Parsons

Benjamin Olukayode Oke, Ibadan, Nigeria; B.S. (Alabama A&M University); M.S.; *Animal Science*
Dr. Steven C. Loerch

Wilma Olivieri, Columbus; B.S., M.S.A. (University of Puerto Rico); *Animal Science*
Dr. Burk A. Dehority

Dong Kwon Park, Seoul, South Korea; Bachelor's Master's (Yonsei University); M.S.; *Statistics*
Dr. A. M. Dean

Sonhee Park, Seoul, South Korea; B.S. (Sacred Heart College for Women); M.S. (Ewha Womans University); *Food Science and Nutrition*
Dr. Sylvia A. McCune

Martha Moffitt Peacock, Provo, UT; B.A. (Brigham Young University); M.A.; *History of Art*
Dr. Barbara Haeger

Diane Johnson Prosser, Wayne, MI; B.S.H.E., M.S.; *Psychology*
Dr. Samuel H. Osprow

*Awarded posthumously

Master of Business Administration

Bascum Lee Hubbard, McArthur; B.B.Adm. (University of Cincinnati); *Business Administration*

Sara Norwood Kelly, Columbus; B.S.Bus.Adm.; *Business Administration*

Master of City and Regional Planning

Steven Gordon Belk, Albany, GA; B.A. (Morris College); *City and Regional Planning*

Bassem Bitar, Damascus, Syrian Arab Republic; B.S.Arch.; *City and Regional Planning*

James John Cicchetti, Jr., Columbus; B.S.Bus.Adm.; *City and Regional Planning*

Saul Gleiser, Bogota, Columbia; Bachelor (Universidad Javeriana); M.Land.Arch.; *City and Regional Planning*

Yimei Li, Beijing, P.R.C.; B.S. (Tsinghua University); *City and Regional Planning*

Mary Margaret Simon, Michigan; B.S.Soc.Wel.; *City and Regional Planning*

Nai-Tzu Wu, Cincinnati; B.S. (Chinese Cultural University); *City and Regional Planning*

Chia-Ying Yu, Taipei, Taiwan, R.O.C.; Bachelor (Chinese Cultural University); *City and Regional Planning*

Master of Fine Arts

Margarita Banos-Milton, Norman, OK; M.A. (University of California-Los Angeles); *Dance*

Deirdre Herron Chaffeur, Tacoma, WA; B.A. (Central Washington University); *Art*

Master of Labor and Human Resources

Elizabeth Andreou, Atlanta, GA; B.S.Hospitality Mgt.; *Labor and Human Resources*

Richard Gary Corbin, Reynoldsburg; B.A.; *Labor and Human Resources*

Cynthia Lynn Coykendale, Hilliard; B.S.; *Labor and Human Resources*

Tristen Dail Hennigs, Findlay; B.A.; *Labor and Human Resources*

Amy Faye Lint, Dennison; B.A.; *Labor and Human Resources*

Ellen L. Milnes, Youngstown; B.S.L.H.R.; *Labor and Human Resources*

Janice McLin Sharp, Delaware; B.A. (Otterbein College); *Labor and Human Resources*

Master of Music

Christopher Sayles Kenney, Columbus; B.Mus. (DePauw University); *Music*

David Edmund Scott, Tucson, AZ; B.Mus.Ed. (Baylor University); *Music*

Master of Public Administration

Ekow D. Dennis, Cape Coast, Ghana; B.S. (Wilmington College); *Public Policy and Management*

Ming-Shyong Sheu, San-chung City, Taiwan, R.O.C.; B.A. (Soochow University); *Public Policy and Management*

Master of Science

Shaheem Abrahams, South West Africa; B.A. (Ohio Wesleyan University); *Zoology*

Jeffrey Kenneth Adams, Middlebury, VT; B.S.Agr.; *Agricultural Education*

Melody Lanette Adkins, Roundhead; B.S.H.E.; *Home Economics*

Brad Alan Andres, Quakertown, PA; B.S. (Pennsylvania State University); *Zoology*

Jacinta Uzoamaka Aniangolu, Columbus; B.S. (University of Jos, Nigeria); *Zoology*

Thomas M. Anzalone, Chautauqua, NY; B.S.Agr.E.; *Agricultural Engineering*

Laura Kay Arbogast, Rock Cave, WV; B.S. (West Virginia University); *Dairy Science*

Enrique Alfonso Barria, Concepción, Chile; B.S. (Universidad de Concepción); *Electrical Engineering*

Jonas García Bautista, Columbus; B.S. (Visayas State College); *Agricultural Economics and Rural Sociology*

Rodney Kent Brittenham, Lexington, NE; B.S. (University of Nebraska-Lincoln); *Industrial and Systems Engineering*

Paolo Bucci, Novara, Italy; B.S. (University of Milano); *Computer and Information Science*

David Glen Burleson, Massillon; B.S. (University of Akron); *Chemistry*

Herma Ines Campos, Concepción, Chile; B.S. (Universidad de Concepción); *Allied Medical Professions*

Kee Man Chan, Columbus; B.S. (The University of Hong Kong); *Civil Engineering*

Ching-Jey George Chang, Taipei, Taiwan, R.O.C.; D.V.M. (National Taiwan University); M.S. (University of Minnesota); *Veterinary Physiology and Pharmacology*

Shobha Gopinath Char, Mysore, India; B.S., M.S. (University of Mysore, India); Ph.D.; *Computer and Information Science*

Alain Chiroux de Gavelle de Roany, Paris, France; B.S.; D.E.A. (École Centrale de Paris); *Mechanical Engineering*

Sze Wey Chua, Singapore, Singapore; B.S. (University of Arkansas); *Electrical Engineering*

William Lawrence Coe, Columbus; B.S.Agr.; *Agricultural Education*

Charles Wesley Collins, Delaware; B.A. (Mount Vernon Nazarene College); *Chemistry*

Shawn David Cooper, Butler, PA; B.S. (Gannon University); *Chemistry*

Mary Anne Costa, Worthington; B.S. (Kent State University); *Nursing*

Anthony M. Cox, North Vandergrift, PA; B.S.W.E.; *Welding Engineering*

Michael Gerard Crall, Albia, IA; B.S., D.D.S. (University of Iowa); M.A.; *Dentistry*

Jayne McBurney Cubilla, Ashland; B.S.H.E.; *Home Economics*

Marcia Lynn Custard, Westerville; B.S.All'd.Hlth.Prof.; *Allied Medical Professions*

Russell E. De Long, Germantown, WI; B.S. (University of Wisconsin at Madison); *Plant Pathology*

Diane D. DeYonker, Whitehouse; B.S. (Michigan State University); *Agricultural Education*

Mody Sidy Diallo, Timbo, Mamou, Guinea; B.S. (I.P. Kankan, Guinea); *Agricultural Economics and Rural Sociology*

Shawn Edward Dolan, Imlay City, MI; B.S. (Lawrence Institute of Technology); *Chemistry*

William Clifford Dorman, Jr., Columbus; B.S.Ch.E.; *Chemical Engineering*

Jay Dunton Dorsey, Blanchester; B.S. (Purdue University); *Agricultural Engineering*

Leslie Delene Dybiec, Athens; B.S. (Ohio University); *Horticulture*

Robert Michael Dyer, Huntington, WV; B.S. (Marshall University); *Animal Science*

Steven Edsel Easter, Greenfield; B.S.All'd.Hlth.Prof.; *Allied Medical Professions*

Amy Jane Edwards, Columbus; B.S.Ed.; M.A.; *Mathematics*

Matthew John Englehart, Brook Park; B.S.E.E.; *Electrical Engineering*

Erden Sukru Eruc, Izmir, Turkey; B.S., M.S. (Bogazici University); *Engineering Mechanics*

Kalluri Eswar, Madras, India; B.Tech. (Indian Institute of Technology, Madras); *Computer and Information Science*

Tracey Lynn Faddis, Ashland; B.A. (Capital University); *Industrial and Systems Engineering*

Jose Feliz, Santo Domingo, Dominican Republic; B.A. (Universidad Autónoma de Santo Domingo); *Agricultural Education*

Alberto Franco, San Jose, Costa Rica; B.A. (University of Costa Rica); *Agricultural Economics and Rural Sociology*

Patrick Stuart Freeman, Chapel Hill, NC; B.S. (Clemson University); *Electrical Engineering*

Bonnie Foster Gahn, Worthington; B.S.N. (College of Mount Saint Joseph); M.A.; *Nursing*

Daryle Jean Gardner-Bonneau, N. Charleroi, PA; B.A. (Morehead State University); M.A., M.A., Ph.D.; *Industrial and Systems Engineering*

Argyrios Gerakis, Thessaloniki, Greece; Bachelor (University of Thessaloniki); *Agricultural Economics and Rural Sociology*

Brian Alan Giles, E. Setauket, NY; B.S.Agr.; *Entomology*

Eljeana Le Glendenning, Plainville, KS; B.S. (Kansas State University); *Home Economics*

Donna Ruth Goodman, Columbus; B.S. (University of the State of New York); *Allied Medical Professions*

Karthick V. Gourishankar, Chittoor, Andhra Pradesh, India; B.S. (Indian Institute of Technology, Madras); *Metallurgical Engineering*

Steven Jon Gratz, Bluffton; B.S.Agr.; *Agricultural Education*

Thomas Roland Green, Columbus; B.A.; *Agricultural Economics and Rural Sociology*

David Eric Grum, Belmont; B.S.Agr.; *Dairy Science*

Xinyang Gu, Nanjing, P.R.C.; B.S. (Nanjing Institute of Technology); *Physics*

James Kenneth Hacker, Rocky River; B.S. (Ohio University); *Agronomy*

Julie Ann Hartigan, Columbus; B.S. (Heidelberg College); *Computer and Information Science*

Lisa Tandy Herren, Beavercreek; B.S., M.A., Ph.D.; *Computer and Information Science*

Stephen Paul Hess, Elyria; B.S.; *Mathematics*

Wayne David Heym, Columbus; B.Phil. (Miami University); M.S. (Cornell University); *Computer and Information Science*

Chien-Yeh Hsu, Taipei, Taiwan, R.O.C.; B.S. (Cheng-Kung University); *Electrical Engineering*

Sheng Tsung Hsu, Taiwan, R.O.C.; B.S. (National Tsing Hua University); *Chemical Engineering*

- Hunardi Hudieno**, Laguna Niquel, CA; B.S.E.E.; *Electrical Engineering*
- Koji Inokuchi**, Omuta, Japan; B.S. (The University of Tokyo-Japan); *Chemical Engineering*
- Nisha Jain**, Athens; B.S. (Ohio University); *Computer and Information Science*
- JoEllen Laurene Jannot**, Mt. Vernon; B.S.H.E.; *Home Economics*
- Scott Lyle Johnson**, Dunwoody, GA; B.S.Cer.E.; *Ceramic Engineering*
- Martin J. Joyce**, Portsmouth; B.S. (Wilmington College); *Agricultural Education*
- Julie Franklin Kafkalidis**, St. Paul, MN; B.S. (University of Minnesota, Minneapolis); *Physics*
- Mahmood Karbasi-Amel**, Esfahan, Iran; B.S.C.I.S.; *Mathematics*
- David Zev Klapholz**, Cleveland; B.S. (Miami University); *Physics*
- Barry E. Klein**, Cuyahoga Falls; B.S.Pharm.; *Pharmacy*
- Karl David Kovach**, Avon Lake; B.S.M.E.; *Mechanical Engineering*
- Rengan Krishnakumar**, Neyveli, Tamil Nadu, India; B.Tech. (Indian Institute of Technology, Madras); M.S. (Florida Atlantic University); *Metallurgical Engineering*
- Wansheung Kwat**, Hong Kong, Hong Kong; B.S., M.S. (North Texas State University); *Electrical Engineering*
- Rebekah Sue Landes**, Columbus; B.S.Nurs.; *Interdisciplinary Programs*
- Mary Ann Lang**, Portsmouth; B.S. (Ohio University); *Nursing*
- Eric Leigh LaPresto**, Cincinnati; B.S. (The University of Cincinnati); *Bio-Medical Engineering*
- Joan Kneecasi Laws**, Columbus; B.S. (Valparaiso University); *OSU Biochemistry Program*
- Douglas Wade Leaman**, Chardon; B.S.Agr.; *Animal Science*
- Iewen Lee**, Columbus; B.S.E.E.; *Electrical Engineering*
- Wendy Lee**, Chicago, IL; B.S. (University of Illinois); *Chemistry*
- Anita Denise Libeter**, Columbus; B.S. (Capital University); *Nursing*
- Eng Keong Lim**, Batu Pabat, Malaysia; B.S.C.E.; *Civil Engineering*
- Lei Lu**, Tian-jin, P.R.C.; B.S. (The Technical University of Surveying and Mapping); *Geodetic Science and Surveying*
- Po-Liang Ma**, Taiwan, R.O.C.; B.S. (Cheng-Kung University); *Civil Engineering*
- Pamela Joan Mahaffey**, Niles; B.S.N. (Kent State University); *Nursing*
- James Lewis Markham**, Sparta, NJ; B.S. (Roger Williams College); *Natural Resources*
- Jack R. McBride**, St. Marys; B.S.Agr.; *Agricultural Education*
- Kenneth P. McDonald**, Redding, CA; B.S. (University of California, Davis); *Zoology*
- Edward Joseph McDonnell**, Columbus; B.S., D.D.S. (Case Western Reserve University); *Dentistry*
- Harold Todd McMillan**, Columbus; B.S. (University of Northern Florida); *Computer and Information Science*
- Timothy Patrick Mead**, Pittsford, NY; B.S. (Michigan State University); M.A.; *Health, Physical Education and Recreation*
- Gerrit Mellen**, Blacksburg, VA; B.A. (Virginia Polytechnic Institute and State University); *Geodetic Science and Surveying*
- Stuart H. Mershon**, Pittsburgh, PA; B.S. (Purdue University); *Computer and Information Science*
- Sally A. Mills**, East Norwich, NY; B.S. (East Carolina University); *Home Economics*
- Noordian Moeleok**, Jakarta, Indonesia; Bachelor's (Bandung Institute of Technology); *Civil Engineering*
- Douglas Dubry Moreland**, Detroit, MI; B.S. (Wayne State University); *Computer and Information Science*
- Thomas Owen Morrison**, Massillon; B.S.Agr.; *Poultry Science*
- Sopone Nawoot**, Bangkok, Thailand; B.S., M.D. (Chieng Mai University); *Pharmacology*
- Nicholas John Nevin**, Dietermaritzburg, Union of South Africa; B.S.Hon.Math., B.S.Comp.Science (University of Natal); *Computer and Information Science*
- Ruben Dario Nieto**, San Cristóbal, Venezuela; B.S. (University of Florida); *Agricultural Education*
- Susan Martha Nord**, Dumont, NJ; B.S. (Delaware Valley College of Science and Agriculture); *Horticulture*
- Cristiano de Jesus Nunez**, Columbus; B.S. (University of Santo Domingo); *Agricultural Education*
- Denis Paul O'Connell**, Dayton; B.S. (Wright State University); *Metallurgical Engineering*
- Amos Edukut Okiria**, Kampala, Uganda; B.S. (Makerere University); *Agricultural Education*
- Carlos T. Palacios**, Santa Ines, Panama; Bachelor (University of Panama); *Agricultural Economics and Rural Sociology*
- Shi-Chiang Pao**, Taipei, Taiwan, R.O.C.; B.S. (The Chinese Cultural University); *Food Science and Nutrition*
- Evdokia Papagalani**, Athens, Greece; D.D.S. (Athens University) *Dentistry*
- Young Girl Park**, Daegu, South Korea; D.V.M. (Kyung-Pook National University); *Veterinary Preventive Medicine*
- Diane Chase Patterson**, Columbus; B.S.N. (The University of Cincinnati); *Nursing*
- Wayne Allan Penix**, Grove City; B.S.E.E.; *Electrical Engineering*
- Henri-Marc Rene Perrin**, Versailles, France; Licence de Chimie (Université Pierre et Marie Curie-Paris VI); Engineer in Chemistry (École Supérieure de Chimie Organique et Minérale); *Chemistry*
- Paula E. Pippin**, Worthington; B.A. (University of California, Berkeley); *Chemistry*
- Judith Ann Potter**, Aberdeen, MD; B.S. (Morgan State University); *Home Economics*
- Jiping Qu**, Beijing, P.R.C.; B.S. (The Northwest Polytechnical University); *Welding Engineering*
- Marline Vitalien Raphael**, Columbus; B.S. (York College); *Chemistry*
- Alexander Stephen Reid**, Canton; B.S.Met.E.; *Metallurgical Engineering*
- David John Repko**, Columbus; B.S. (Rensselaer Polytechnic Institute); *Computer and Information Science*
- Doreen Madelene Robb**, Fairfield; B.S.Nat.Res.; *Natural Resources*
- Juan F. Rodriguez**, Santa Barbara, Venezuela; B.S. (The University of Tennessee at Martin); *Agricultural Education*
- Susan Jane Rosenberger**, Columbus; B.S.Nurs.; *Nursing*
- Michele Ina Rosenthal**, Bellmore, NY; B.S. (State University of New York at Oneonta); *Chemistry*
- Rusdiyanto**, Pemalang, Jawa Tengah, Indonesia; B.S. (Bogor Agricultural University); *Agricultural Economics and Rural Sociology*
- Judith Marie Rypel**, Westerville; B.S. (Viterbo College); *Nursing*
- Marc Andrew Sarrel**, Woodbridge, CT; B.S. (Washington University in Saint Louis); *Computer and Information Science*
- Gregory Morris Saunders**, Piqua; B.S.; *Computer and Information Science*
- Chandraseo Sawh**, Berbice, Guyana; B.S.M.E.; *Mechanical Engineering*

- Sherie Marie Schmidt**, Elyria, B.A.; *Home Economics*
- Susan Elizabeth Seitz**, Toledo; B.S.Agr.; *Veterinary Preventive Medicine*
- Ravi Shankar**, Delhi, India; B.S. (Govt. Engg. College-Jabalpur, India); Long Surv. Mil. Eng. (C.M.E. Puna and Hyderabad); *Geodetic Science and Surveying*
- Than Than Shwe**, Rangoon, Burma; B.S. (Rangoon Institute of Technology); *Civil Engineering*
- Fredric Hilary Simon**, Columbus; B.A. (State University of New York at Albany); D.D.S. (Columbia University); *Dentistry*
- Amitabh Bhuvangyan Sinha**, Durgapur, India; B.Tech. (Indian Institute of Technology, Kanpur); *Computer and Information Science*
- Deslijati Sarjif**, Jakarta, Indonesia; Sarjana (Institute Technology of Bandung); *Geodetic Science and Surveying*
- Kathleen Ann Skog**, Columbus; B.S.I.S.E.; *Industrial and Systems Engineering*
- Kathy Lynn Smith**, Mansfield; B.S.Nat.Res.; *Natural Resources*
- Donna A. Spontak**, Columbus; B.S. (University of California at Berkeley); *Agronomy*
- William M. Steedly**, Louisville, KY; B.S. (Virginia Polytechnic Institute and State University); *Electrical Engineering*
- Randolph Hilton Stewart**, Ingram, TX; B.S., D.V.M. (Texas A & M University); *Veterinary Clinical Sciences*
- Todd Kenneth Stickley**, Urbana; B.S.Agr.; *Poultry Science*
- Cheryl Diane Stitt**, Columbus; B.S.Ed.; *Mathematics*
- Michael James Stonerock**, Columbus; B.S.; *Environment Biology*
- Lisa Louise Suchocki**, Steubenville; B.S.All'd.Hlth.Prof.; *Allied Medical Professions*
- Vikram Swaminathan**, Columbus; B.S. (Tamil Nadu Agricultural University); M.S. (University of Agricultural Science); *Botany*
- R. Michael Taylor**, North Ridgeville; B.S.E.E.; *Electrical Engineering*
- Louis Tijerina**, San Antonio, TX; B.A. (Saint Mary's University of San Antonio); M.A., Ph.D.; *Industrial and Systems Engineering*
- Jane Tolley**, Hamilton; B.S.; *Horticulture*
- Namatie Traore**, Tengreia, Ivory Coast; B.S. (University of Côte d'Ivoire); *Agricultural Economics and Rural Sociology*
- Guang-Yau Tedy Tzeng**, Keelung, Taiwan, R.O.C.; B.S. (Chung-Yuan Christian University); *Civil Engineering*
- Roberto Ulloa-Vaca**, Quito, Ecuador; B.S. (Universidad Catolica de Ecuador); *Natural Resources*
- Michael Andrew Ulm**, Coral Springs, FL; B.S.; *Computer and Information Science*
- Anna Margaretha Van Heeckeren**, Gates Mills; B.S. (University of Michigan); *Molecular Genetics*
- Thierry Sylvain Vandenhete**, Nointel, France; Bachelor (ESCIL France); *Chemistry*
- Suchada Vuddhakanok**, Bangkok, Thailand; B.S., D.D.S.; (Chulalongkorn University); *Dentistry*
- Lisa Ann Wahoff**, Columbus; B.S. (Ohio Wesleyan University); *Nursing*
- Sandra Lee Walden**, Powell; B.S. (University of North Carolina at Greensboro); *Nursing*
- Amy Lynne Walters**, Columbus; B.S. (Colorado State University); *Home Economics*
- Susan Carol Watson**, Mt. Vernon; B.S. (Bucknell University); *Computer and Information Science*
- Elizabeth Ann Watters**, Cleveland; B.S.H.E.; *Home Economics*
- Vera Fosnot Wehrli**, Columbus; B.S.E.E. (Case Western Reserve University); *Computer and Information Science*
- Eric Allen Whitehill**, Fairborn; B.S.E.E.; *Electrical Engineering*
- Daniel Wims**, Lumpkin, GA; B.S. (Fort Valley State College); *Agricultural Education*
- Kim Ann Winpisinger**, Fairview Park; B.S.; *Preventive Medicine*
- Timothy Scott Woodruff**, Centerburg; D.V.M.; *Veterinary Preventive Medicine*
- Essam A. Zabad**, Makkah, Saudi Arabia; B.Sc., M.Sc. (University of Petroleum and Minerals); *Industrial and Systems Engineering*
- Ofer Zilberstein**, Tel Aviv, Israel; B.A. (Tel Aviv University); *Geodetic Science and Surveying*
- Mark Robert Zimmerman**, North Canton; B.S. (Grove City College); M.B.A.; *Nuclear Engineering*

Master of Social Work

Nella B. Garrett, Columbus; B.S.Soc.Work; *Social Work*

Colleges of the Arts and Sciences

Chairman, Coordinating Council of Deans: Joan Huber

Associate Dean for Undergraduate Studies in Arts and Sciences: Robert M. Arkin

The Colleges of the Arts and Sciences, a federation of five colleges, includes:

College of the Arts
College of the Biological Sciences
College of the Humanities
College of the Mathematical and Physical Sciences
College of the Social and Behavioral Sciences

College of the Arts

Dean: Donald Harris

Bachelor of Arts

Mark Kevin Carley, Columbus
Amy B. Corrigan, Pataskala
Deborah Sue Dixon, Columbus
Steven Douglas Goergens, Delphos
Jennifer Anne Hettel, Toledo
Raymond S.C. Hwang, Beavercreek
Laura Jane Johnston, Columbus
David Harrison Klebanow, Cincinnati
Lisa K. Crist Ostermeyer, Alexandria
Jennifer Ann Pirwitz, Upper Arlington
David Michael Rea, Columbus
Amy Linette Weinhold, Columbus

Bachelor of Fine Arts

Ann Marie Banbury, Ashland
Ella Durange Drauglis, Columbus
Jamie Louise Frueh, Lima
Lisa Michelle Garland, Warren
Tracey Jollay, Columbus
Susan Jane Kasyon, Brecksville
Herbert E. Poling, Jr., Circleville
Janice Elaine Schmader, Pickerington
Benjamin Todd Steere, Ashland
Allyson Ann Stevens, Upper Arlington
Douglas Edward Wilford, Columbus
Monica Ann Wilson, Galion
Sandra Julienne Wolk, Cleveland

Bachelor of Music

Daniel A. Neer, Dublin
Jennifer Ann Quilty, Columbus
Janice L. Rengert, Marion

Bachelor of Art Education¹

Clifford Mark Danon, Montvale, NJ
Annette Sue Reynolds, Columbus
Tara Kay Torkelson, Centerville

Bachelor of Art Education²

Joan Angela Hargis, Bucyrus
James Dean Johnson, Hilliard
Erika Frances Karlak, Columbus
Peggy Sue Marker, Russells Point
Kay Frances Oiler, Pataskala
Angela Marie Phillips, Marion
Randolf Reder, Columbus
Karen Beth Schneider, Cincinnati
Dorian Inskip Traynham, Marion

Bachelor of Music Education³

James Robert Athanasen, Girard
Lori Lynn Dunkle, Xenia
Lori Lynn McMillion, Sycamore
Carol Tammy Rand, Crestline
Amy Denise Whitehill, Fairborn

Bachelor of Science in Audio Recording

Michael Robert Husman, Cincinnati

Bachelor of Science in Industrial Design

Karen Lee Wirtz, Hudson

College of Biological Sciences

Acting Dean: Gary L. Floyd

Bachelor of Arts

Beverly Diane Demko, Reynoldsburg

Bachelor of Science

Christine Lynn Anderson, North Ridgeville
Theresa Elaine Baker, Madison
Brenda Charlene Berstler, Columbus
Christopher Robert Bethel, Parma Heights
Pamela Joan Burks, Columbus
Tammy Marie Byrd, Vermilion
Theodore Christopher Comas, St. Clairsville
Matthew Dale Crawley, Columbus
Philip Allen Felman, Trotwood

¹Offered by the College of the Arts

²Offered jointly by the College of the Arts and the College of Education

Robert Lewis Gable, Jr., West Jefferson
Jayma Lynn Hatcher, Columbus
Amy Lynn Hauger, Howard
Lisa Ann Herold, Poland
Katherine Anne Holmes, Vermilion
Fredric Michael Hustey II, Columbus
Lorri Anne Jackson, Reynoldsburg
John Michael Kukay, Medina
Christine Kay Laskin, Mayfield Heights
Marin Howard McNally, Columbus
Beth Anne McNally, Columbus
David Bruce Parrett, Antwerp
Stephen Joseph Rabe, Kettering
David Andrew Rings, Montpelier
Robert Leon Sharp, Toledo
Jeffrey Bryan Thuma, Strongsville
Larry M. Tincher, Jr., Northwood
Alex Valdez Trevino, San Antonio, TX
Mary Elizabeth Varner, Marion

College of Humanities

Dean: G. Micheal Riley

Bachelor of Arts

Jonathan Franklin Abels, Columbus
Danny G. Arledge, Columbus
Shirley Ann Arroyo, Brook Park
Nader Ayish, Elyria
Heather Lynne Bain, Fairview Park
Laura Dowling Bolon, Columbus
Richard David Bonk, Rocky River
Catherine Ann Cartwright, Heath
Timothy Henry Cole, Lima
Lisa Clare Dierker, Columbus
Luci Theresa Dimick, Aurora
Paula Jill Drozdowski, Columbus
Rebecca L. Felkner, Columbus
Derek Walker Fitch, Lyndhurst
Howard Steven Fogle, Cincinnati
Christine René Fox, Columbus
Christopher Lynn Freeman, Columbus
Stewart Manuel Gonzalez, Shaker Heights
Amy Renee Green, Marion
Reyne Marie Grinstead, Canton
Teresa Lindsey Hertlein, Westerville
Barbara Mary Horton, Portsmouth
Kristina Frances Jurecic, Cherry Hill, NJ
Jovan Aleksandar Karcic, Medina
Joseph Pettigrew Kearns, Jr., Ashland
Samuel David Klein, Cleveland Heights
Linda Rae Ludewig, Wintersville
Lisa Diane MacFadden, Columbus
John David Mariner, Cuyahoga Falls
Scott Alan Marlow, Findlay
Lois Sevim McCutcheon, Lakewood
Wayne Earl Motts, Groveport
David Dean Parker, Delaware
Mika Sue Pegg, Sidney
Crystal Brooke Queen, Heath
Matthew David Reither, Shelby
Amy Kathryn Resor, Columbus
Forest Joseph Rushay, Zanesville
Phillip Michael Sexton, Beavercreek
Shane Clay Shope, Columbus
Marcie Dyan Simkoff, University Heights

Thomas Eugene Sinclair, Columbus
Angela Gayle Slezak, Columbus
Cynthia Marie Slonaker, Columbus
David Todd Smith, Youngstown
Stephen Douglas Smith, Cleveland
Michelle Kathleen Speights,
Northport, NY
Douglas Leigh Trattner, Pepper Pike
Jane Elizabeth Utgard, Columbus
Victoria Jean Weals, Columbus
Michael Alva White, Tiffin
Sharon Elaine Will, Worthington
Susan Marie Wolfe, Philo
Diane Sheryl Wright, Mt. Vernon
Deborah Yun, Columbus

College of Mathematical and Physical Sciences

Dean: C. William Kern

Bachelor of Arts

Kimberlea Dianne Andrews, Columbus
Mark Allan Rehl, Westerville
Thomas Paul Zagore, Euclid

Bachelor of Science

Matthew Robert Beals, Slingerlands, NY
Karen Lee Campbell, Holmdel, NJ
Randy David Clepper, Reynoldsburg
Jay Lawrence Clifford, Rocky River
June Anne Cramer, Lima
Diane Lynn Dickerson, Coshocton
Brian Charles Friesner, Lancaster
John Gavin Fugate, Reynoldsburg
Jon Dean Glazer, Columbus
Heidi Sue Gotke, Pataskala
James Russell Henery, New Lexington
Susan Robertson Keiff, Columbus
Barbara Jane Lubberger, Middletown
Gerardo Carmelo Palumbo, Corning, NY
Erwin Thomas Raphael, St. Croix, VI
Nancy Kaye Schimpf, New Washington
Eyal Shachar, Columbus
James Story Shoenfelt, Akron
Andrew Larry Swinehart, Nashport
Derek Scott Wheeler, Columbia, SC
Joo Hee Yoo, Seoul, Korea

College of Social and Behavioral Sciences

Dean: Joan Huber

Bachelor of Arts

Elizabeth Catherine Adornetto, Zanesville
María Teresa Airdali, Cleveland
Betsy Jean Alton, Columbus
Lisa Michelle Anderson, Upper Arlington

Stephen W. Augenstein, Columbus
Joseph Edward Banicki, East Liverpool
Tracey Anne Barcus, Mt. Gilead
Patrick Joseph Barey, Columbus
Gary Steven Beckman, Columbus
Melody Lynn Bentley, Columbus
Marcia Lynne Boedeker, Columbus
Kevin Scott Bollinger, Zanesville
Vincent Michael Bonanno, Dayton
Suzanne Renee Bonecutter, Shelby
Marie Therese Borgner, Canton
Sherrie Lynn Bosley, Morral
Beth Anne Breece, Johnstown
Julie Lynn Brockhage, Cincinnati
James Patrick Brown, Lima
Brian Alan Bruce, Westerville
Mark Edward Bruns, Osgood
Kimberly Jo Burchett, West Jefferson
Michelle Marie Butcher, Lorain
Thomas Robert Castetter, Grove City
John Kent Chapman, Columbus
Timothy Henry Cole, Lima
William Michael Collier, Marion
Edward Allen Crockett II, Highland Heights

Jennifer Marie Curran, Shaker Heights
John Eric Daehler, Columbus
Thomas Philip Dauscher, Chardon
Stacey Jane Davidson, Columbus
Leslie Ann Dever, Pickerington
Karen Jane DeWeese, Grandview Heights
Diane K. Dodge, Canton
David Hugh Dotson, Piqua
Stephen Bruce Doucette, Cleveland Heights
William A. Dowling, Cleveland Heights
Jeffrey Eugene Duermit, Columbus
Craig Alan Dunn, Dayton
Jennifer Lynn Durst, Dayton
Kim Marie Dyer, Delaware
Kimberly Marie Edenfield, Austintown
James Michael Edwards, Cincinnati
John Michael Eveleth, Jr., Fairborn
Linda Marie Fair, Millersburg
Donald Maurice Farrow, Jr., Washington Court House

Debra Ann Flores, Massillon
Lisa Ann Foley, Mentor
Jason Ray Fought, Nome, AK
Erin Lynn Frabotta, Columbus
Susan Carolyn Franks, Columbus
Andrew Lawson Freid, Cincinnati
Richard Paul Gatterdam, Columbus
Paul Jeffery Gillan, Maumee
Gregg Alan Gillett, Beachwood
Jeffrey Todd Gleim, Portsmouth
Linda Marie Griffo, Columbus
Scott C. Hanson, Columbus
Angela Kay Henry, Columbus
John Richard Higgins, Baltimore
Erik Ohl Hilston, Chardon
Eileen Sue Horwitz, Cincinnati
Mark James Hovatter, Uniontown
Maria Annette Hulshult, Hamilton
Lewis Lee Hurst, Mentor
Cheryl Lynn Hutchinson, Bellville
David Elias Idinopulos, Cincinnati
Sujatha Jagadeesh, Columbus
Christopher Sean Jeney, Columbus

Tiffany Anne Jezerinac, Dublin
Debbie Dee Jobe, Cardington
Jennifer Julia Kaechele, Pickerington
David Matthew Kall, Lyndhurst
Wendy Sue Karr, Carroll
John Christian Keller, Westlake
Kimberly Ann Klein, Gahanna

 Lynn Wagner, Columbus
 Steven Patrick Watson, West Carrollton
 Katherine Anne Watts, Westerville
 Mark Alan Wolbert, Bay Village
 Lois Teresa Wright, Columbus
 Susan Lynn Yaroma, Westlake

College of Agriculture

Acting Dean: J. Robert Warmbrod

Bachelor of Science in Agriculture

Scott Thomas Adkins, Laurel, MD
 Andrew Thomas Affeldt, Worthington
 Joel Edward Althausen, Kenton
 Denise Lynn Bailey, Galena
 E. Roger Banks, Franklin
 Christi Lynn Bentley, Sabina
 Lisa Ann Berg, Dalton
 James William Brasee, Columbus
 Stephen McCormick Brooks, Toledo
 Bernadette Ann Bruening, Yorkshire
 Shaun Howard Cotterill, Bellevue
 Guy Robert Cutler, Columbus
 Timothy John Czartoski, Ney
 James Douglas Dear, Columbus
 Lisa Marie Dovin, Oberlin
 Doreen Marie Dudek, Columbus
 Brian Paul Easton, Cincinnati
 Leslie Rachel Elliott, St. Marys, WV
 Robin Lynn Felton, Carrollton
 John Robert Fisher, Mansfield
 Richard Lee Fisher, Wapakoneta
 Alan Craig Garmatter, Rawson
 John Joseph Gasper, Worthington
 Christopher Glen Gerber, Whipple
 Michael Thomas Gibbs, Bellevue
 James Alan Ginther, Chillicothe
 Meta M. Goodwin, Dublin
 Martin Earl Hall, London
 Paul Edward Harris, Chagrin Falls
 Mark Clair Hartman, Rawson
 Cindy Arlene Hefner, Lima
 Steven Edward Hershsberger, Troy
 Judy Michele Hines, Wooster
 Lamar Lee Liming, Mineral Ridge
 Roger Allen Luhning, Sycamore
 Shelly Dee Maurer, Zoar
 Shawn Allan McCarty, Kingston
 Matthew Wayne McCluer, Lima
 Lisa Muliiani, Columbus
 Bruce A. Oberlitter, Kenton
 Randy Robert Samko, Columbus
 Jane Marie Schmuckler, Wooster

Scott William Sessler, Sandusky
Larry Eugene Shaffer, Springfield
Kent L. Sholder, Lebanon
Wayne Dale Shriver, Pleasant City
Brian Eugene Simpson, Shelby
Eric James Slater, Paris
Wayne Randall Smith, Jr., Lake Milton
Gary Paul Suelter, Grove City
Brent Alan Swackhamer, Laurelville
Amanda Jeanne Talmadge, New Lebanon
Barry Joe Woodworth, South Vienna

Bachelor of Science in Food Science

Paul Michael Gigliotti, Amherst
Antoinette Sue Williams, Youngstown

Bachelor of Science in Food Technology

James Kenneth Watts, Massillon

School of Natural Resources

Bachelor of Science in Natural Resources

Jeffrey Scott Bender, Fremont
Daniel Ernest Burnett, Chardon
Stephanie Lynn Davidson, Columbus
Brian McCormick Davis, Dayton
Michael Scott Faler, Jackson Center
Diane Elaine Fitzgerald, Westerville
Jennifer Byerly Grusenmeyer, Beaver Creek
Stacy Lynn Katz, Columbus
Darryl Eugene Kosten, Euclid
Holly Beth Proudfoot, Centerville
Scott Michael Staut, Columbus
Bruce Richard Taylor, Lebanon
Gary Raymond White, Zanesville

Agricultural Technical Institute – Wooster

Associate in Applied Science

Philip Darr Birney, Jewett
Roy Edward Burdette, Akron
Timothy Neil Dayton, Carrollton
Jonathan L. Floyd, Springfield
Michael Allen Geary, Galion
Steven J. Gerber, Kidron
Robert K. Gray, Stow
Rhonda Jo Harman, McConnellsville
John P. Kelling, Elyria
James Russell Kiko, Jr., Paris
Steven Edward Lantz, Newark
Christopher James McDonnell, Delta
Thomas Lee Mercer, Waterford
Annette Marie Michael, Fremont
Pamela Michelle Pojman, Columbia Station
Richard Allan Repp, Massillon

Randall Wayne Ruckel, Mansfield
Thomas Scott Ruh, Vermilion
Gretchen Ann Sieferth, Randolph
Mark A. Stackhouse, Ashland
Susan Marie Szabados, Macedonia

College of Business

Acting Dean: Astrid E. Merget

Bachelor of Science in Business Administration

Sherry Diann Adams, Chesterville
John P. Agdinaoy, Brecksville
Alisa Alaudini, Worthington
Bryan James Allen, Cambridge
John Gerard Amorosso, Reynoldsburg
Ann Christina Anstatt, Vincent
Mark Anthony Arms, Columbus
Daniel Dale Armstrong, Coshocton
Todd Paul Armstrong, Shelby
William Allen Arnold, Upper Sandusky
Steven Scott Arsulic, Ashtabula
Sharon Ann Atkins, South Euclid
Robert Michael Atkinson, Columbus
Keith Michael Aulby, Lima
Michael Richard Aulino, Akron
Mary Yvette Austin, Columbus
Binu K. Bagga, Columbus
April Lynn Balent, Granville
Jeri Ann Ballard, Nashport
Kim DeVera Banez, Daytona Beach, FL
Elizabeth Ann Barclay, Columbus
Romy Alix Barden, Mentor
Kevin Blake Barnes, Dublin
Michael Charles Barnes, Marietta
Amy Lynne Baumle, Antwerp
Nadeem Bawani, Columbus
David Beaumont, Detroit, MI
Robert McNeese Bell, Jr., Centerville
Randi Scott Bellner, Maumee
Brian Patrick Benyo, Austintown
Beth Ann Bickley, Sandusky
Brenda S. Blankenship, Marion
John Christopher Blubaugh, Columbus
David M. Bogner, North Ridgeville
Mary Janine Bova, St. Davids, PA
Donald Eugene Bowen, Jr., Columbus
Linda Ann Brauer, Vincent
Christina Marie Brown, Thornville
James Donald Brown, Avon Lake
Paul E. Brown, Mechanicsburg
Jeffrey Stuart Byron, Worthington
Rhonda L. Cain, Minster
Patrick Anthony Cartellone, Highland Heights
Yao Chang, Kaohsiung, Taiwan, R.O.C.
Cindy Y. Cheng, Hong Kong
Nicholas Mario Chirico, Mansfield
Karen L. Chism, Columbus
Chai Chong Chuah, Taiping, Malaysia
Joseph Richard Clay, Columbus
James Brian Cleary, Medina
William Joseph Cleary, Columbus
M. Andrew Cody, Westerville
Mark William Colasante, Chesterland

Tim A. Colburn, Waterville
Elicia Lynn Cole, Toledo
Anthony Scot Collins, Lima
Joan Maureen Collins, Hilliard
Pamela Jean Collins, Concord Township
Michael David Conkel, Chillicothe
Manuel Umali Corpus, Jr., Columbus
Kevin M. Coyne, Mentor
Seth Michael Cramer, Litchfield, CT
David H. Crosthwaite, Columbus
Mouaz R. Daboul, Amman, Jordan
Todd William Dailey, Chillicothe
Stephen Huy Dang, Columbus
Joseph Christian DeGrandi, Fairfax, VA
Jeffrey Allen Dennis, Columbus
Daniel Dobres, Mayfield Heights
Jeffrey Robert Donaldson, Columbus
Gregory Thomas Downie, Shelby
Melanie Lynn Doyle, Urbana
Timothy Richardson Dreffer, Huron
Harry Charles Drew, Ravenna
Sean Patrick Dunn, Gadsden, AL
Darlene Ann Dynia, Seven Hills
Dawn Dzewicki, Kirtland
Jeffrey Allen Ehlers, Tiffin
Nick E. Elia, Elyria
Tang-Liang Er, Muar, Johore, Malaysia
Kevin Ray Evans, Mt. Gilead
Gregory Crawford Fail, Massillon
Timothy Russell Fetters, Cambridge
Patrick Robert Fitch, Chesterland
James S. Fitzgibbon, Pittsburgh, PA
Kelly Renee Flanagan, Newark
Graham Eric Fleming, Stow
Patricia Mary Kathleen Flinn, Grandview Heights
Mark D. Ford, Warren
Stephen Douglas Foster, East Palestine
Robert James Franczek, East Liverpool
Christopher Neville Gatt, Sliema, Malta
Robert L. Gilliam, Groveport
Joseph Matthew Gillotti, Lima
Edward Patrick Gilroy, Powell
Theodore Christos Glavas, Athens, Greece
Karen Ann Golinar, Euclid
Mark David Grass, Lima
Gary Lee Green, Loveland
Lucretia Ann Griffith, Newark
Mark Alan Grube, Defiance
Kristine Kay Gutheil, Grove City
Graham David Guthrie, Columbus
Jonathan Guzman, Puerto Cortes, Honduras
Scott Donald Halliday, Bay Village
John Christopher Hanley, Worthington
Tonya Marie Harestad, Huber Heights
Tamara K. Heiby, Celina
Barron Keith Henley, Beaver Creek
Kevin Daniel Hermann, Cleveland
Steven Paul Hewitt, Canal Winchester
Lisa Marie Hickman, Worthington
Joseph Edwin Hiestand, Hillsboro
Valerie Linn Hinton, Marion
David Howard Hissong, Akron
Richard L. Hix II, Marion
Larry Dale Holter, Pickerington
Diann Lynn Howenstine, North Canton
Michael Douglas Hughes, Worthington
Clark George Huskey, Gahanna

Dale Edward Hutchison, East Palestine
 Joseph Frank II Vento, Westerville
 John T. Imscher, Celina
 Robert Peter Jacino, Dublin
 Kathleen Diane Jacobec, Lakewood
 Matthew Harlan Jeffers, Columbus
 Dennis Carl Jensen, Graytown
 Carl Richard Johnson, Ashtabula
 Dwayne Sherman Johnson, Groveport
 Jeffrey Mark Johnson, Perrysburg
 David Allen Jolliff, Columbus
 Scott Lincoln Kaser, Dover
 Jeffrey T. Keller, Thornville
 Barbara Ellen Kerckmar, Middletown
 Jacqueline Dawn Kick, Lexington
 Robert John Kisler, Chillicothe
 Andrew John Klatt, Toledo
 Leslie T. Klevay, Columbus
 Douglas Charles Knox, Lancaster
 Douglas Steven Koch, Avon
 Teemu R. M. Kolehmainen, Helsinki,
 Finland
 Judith Kaye Kolikohn, Columbus
 Vasilios Emanuel Kourtis, Warren
 Steven James Kozlowski, Columbus
 Michael William Kreider, Mt. Gilead
 James Joseph Kuhn, Canal Winchester
 Darrin R. Lane, West Chester
 Cynthia Jo Lang, Loudonville
 Kimberly R. Latham, Powell
 Linda Suzanne Lee, Dublin
 David Frank Levin, Columbus
 Mia Maurine Lewis, Middletown
 David John Lincoln, Cleveland
 Stephen Chris Linder, Grove City
 James Michael Lisko, Worthington
 Brian Douglas Long, Lancaster
 Quyen Vy Lu, Columbus
 Ralph David Lucas, Upper Arlington
 Brian Todd Luse, Marion
 Douglas Michael Lynch, Columbus
 Nicholas Madias, Jr., Fredericktown
 Tina Marie Mangia, Columbus
 Gregory August Marietti, Worthington
 W. Scott Martin, Dublin
 John Thomas Matushoney, Chillicothe
 David Blaine McAllister, Athens
 Robert Emmet McCarthy, Florham
 Park, NJ
 Patricia Anne McCarty, Dalton
 Jonathan Stewart McCaughan, Columbus
 Debra Kay McClanahan, Shell Rock, IA
 Mark Andrew McHenry, Heath
 Kristina Louise Menden, Perrysburg
 John Thomas Mendicino, Upper
 Arlington
 Konstantia Angela Metsika, Columbus
 Lisa Ellen Miller, Columbus
 Michael Richard Miller, Spencerville
 Ronald Larry Mitchell, Ostrander
 Amy Lynn Moellenkamp, Wapakoneta
 James B. Moore, Jr., Enon
 Ann Louise Moorehead, Newton Falls
 Julie Ann Morgan, Mogadore
 Daron Randall Morris, Columbus
 Kevin Richard Mortimer, Grove City
 Kurt Howard Mucharsky, Dublin
 Ronald Bruce Munger II, Worthington
 Michael J. Murphy, Lakewood

Jeffrey Scott Murray, Shelby
 Cheryl Ann Neider, Cleveland
 Lisa Monica Newell, Ashland
 Michael Reed O'Connor, Columbus
 Mary Anne O'Reilly, Columbus
 Julia Karen Olive, Centerville
 John Patrick Pamer, Cuyahoga Falls
 Amy Lynn Pampuch, Worthington
 Edgar Scott Parks, Highland Heights
 Angela Kaye Payne, Columbus
 James Allen Peppercorn, Pepper Pike
 Anthony Joseph Petrocelli, Kettering
 Cara Elizabeth Phillips, Columbus
 Pamela Jean Piasick, Hudson
 Richard James Plummer, Perrysburg
 Jennifer Maxine Poole, Athens
 Mark William Prevost, Lancaster
 John Charles Prokup, Perrysburg
 Gary Francis Raab, Sylvania
 John Bernard Radcliff III, Circleville
 Lora Ann Ramey, Columbus
 Andrew Patrick Redmond, Columbus
 Katherine Mary Redmond, Fredericktown
 Carmen Sofia Reverendo, Cleveland
 Steven L. Riley, Mechanicsburg
 Derek Scott Ritchie, Oconomowoc, WI
 David Anthony Rivers, Brunswick
 Scott Allen Robinson, Westerville
 Kevin Fredrick Robison, Dublin
 Grace Ann Rocci, Columbus
 Anthony Lewis Rogers, Columbus
 Linda Ann Rollefson, Parkersburg, WV
 Randal I. Rombeiro, Reynoldsburg
 Jean A. Rothhaar, Willard
 Paul Michael Rotolo, Columbus
 Dean Michael Russ, Galion
 Terry James Russell, Delaware
 Andrew Patrick Sand, Canton
 Carole Rosanna Sanders, Fairfield
 Jodi E. Sandler, Highland Heights
 Denise Marie Sawicki, Edison, NJ
 Susan Marie Sawyer, Pepper Pike
 Gabrielle Antonia Schiller, Columbus
 Jeffrey L. Schirm, Peachtree City, GA
 John David Schuman, Dublin
 Guy William Self, Millersburg
 Greg P. Senkiw, Dayton
 Laura D. Severson, Springfield
 Steven James Shane, Lancaster
 Sathya Shannugam, Mt. Vernon
 Sheryl Ann Shaw, Warnock
 Dean Allen Shinnners, Wauseon
 Douglas F. Shynske, Nova
 Marie Therese Sichel, Columbus
 Neelam Singh, Toledo
 Sharon Valencia Singletary, Miami, FL
 Tammy Joy Siss, Columbus
 Mary Diane Sliemers, Columbus
 John William Slyh, Sidney
 David Mitchell Smiley, Delaware
 John Frederick Smiley, Columbus
 Henry M. Smith, Jr., Lorain
 Melissa Kay Smith, Eaton
 Randy E. Smith, Fairview Park
 Andrea Michelle Smuland, Cincinnati
 Douglas A. Spodak, Bethesda, MD
 Jeffrey Allen Sprock, Mentor
 Joel F. Staich, Mansfield
 Alexander Staral, Oconomowoc, WI

Joseph Andrew Staysniak, Elyria
 Jack Patrick Stidham, Shelby
 Tyler Cameron Strobel, Akron
 Jerry Craig Strohacker, Dresden
 Bryce Ronald Stutzman, Zanesville
 Margaret Ann Suffoletta, Toronto
 Denita Jean Sutter, Pataskala
 Gregory Adam Sutton, Galion
 Scott Thomas Hites Sutton, Hilliard
 Robert James Taglione, Columbus
 Michelle Elizabeth Talbott, Barnesville
 Boon Leng Tan, Kluang Johore, Malaysia
 Jeffrey Allen Tatem, Beavercreek
 R. Crit Thomas, Yellow Springs
 Max Thomas Thompson, Mansfield
 Bradley Scott Trainer, Alexandria
 Michael David Trettel, Erie, PA
 Eric Michelle Trimble, Jackson
 Fred Eugene Trusty, Beavercreek
 Anthony Lawrence Venetta, Warren
 David Evan Vernon, Akron
 Bret Allan Vinocur, Mayfield Village
 Paul Xavier Vollmer, Bexley
 Matthew Douglas Wakser, Cleveland
 Gina Dianne Walker, Hillsboro
 Stephen Gregory Ward, Chillicothe

 Donald Edward Woodford, Bedford, MA
 Rachel Eileen Wuertz, Delaware
 Karen Elaine Yantis, Westerville
 Stephen Yee, Columbus
 Michael David Young, Galion
 Stephanie Young, Cleveland
 Daniel P. Zink, Canton
 Sygailit Sara Zwilling, Cleveland Heights
 Michelle Maria Zwissler, Worthington

College of Dentistry

Dean: William R. Wallace

Doctor of Dental Surgery

Brian Glenn Dunlap, Kettering
 B.S.

College of Education

Dean: Donald P. Anderson

Bachelor of Science in Education

Renee Louise Allen, Waverly
 Angela Lynn Angus, Grove City
 Julia Lynn Appel, Worthington

Matthew John Augustine, Cleveland Heights
 Raymond Eric Baker, Bellbrook
 Kristine Diane Baran, Concord Township
 Dawn Malynn Bentley, Bucyrus
 Diane Frances Berman, Columbus
 Brian David Bertsch, Coram
 Teresa A. Bradford, Columbus
 Patricia Lou Brewer, Worthington
 Theresa Marie Burke, Bridgeport
 Cassandra Irene Casto, Mansfield
 Alyssa Marguerite Chellis, Columbus
 Marina Rae Cheney, Grove City
 Eric Todd Christman, Columbus
 Lisa Ann Cline, Millersburg
 Stephen Michael Coffey, North Fairfield
 Ronald Edward Crowell, Norwalk
 Patricia Ann Cunningham, Lima
 James Allan Davis, Columbus
 Judy Kay Deaver, Newark
 Joy Dettorre, Lorain
 James Douglas DeYoung, Shaker Heights
 Mary Ann Douglas, Columbus Grove
 David Michael Draper, Whitehall
 Joel Alan Eisenstein, Bexley
 Tamara Ekis, Westerville
 Mildred Loretta Fort-Thomas, Columbus
 Margaret Mary Fox, Worthington
 Terri Ann Fox, Shelby
 Ronald Lee Fuller, Smithville
 Stefanie Hope Furllett, Calabasas Park, CA
 Jeri Lynn Gabor, Mansfield
 Tanya Gabriele, Fowler
 Pamela Jill Garey, Delaware
 Ronald Theo Garrison, Columbus
 Marion Frances Garvin, Columbus
 Kevin B. Gehres, Wren
 Kimberly S. Giles, Mt. Vernon
 Deborah Amy Goldstein, Elyria
 Norma Elaine Graham, Westerville
 Ann M. Groscoast, Sandusky
 James Elmer Gutzman, Berea
 Deborah Faye Guyer, Lima
 Wendy Sue Harmon, Cincinnati
 Linda Susan Heald, Utica
 Mitchell E. Henke, Mansfield
 Michelle Renae Hicks, Portsmouth
 Michael Alan Hill, Columbus
 Nancy Louise Hobson, Columbus
 Kurt Thomas Hofelich, Pittsburgh, PA
 Melinda Kay Hudson, Jamestown
 Linda Kaler Jennings, Ashland
 Laura Beth Johnson, Columbus
 Lacreasha Jean Johnston, Greenwich
 Brian Kenneth Jones, Columbus
 Katherine Kalbous, Worthington
 Michelle Ann Keiter, Columbus
 Sarah Bletner Kelley, Columbus
 Joseph Lee Kikume, Apple Creek
 Mindy Beth King, Ashland
 David Curtis Koger, Monroe
 Phyllis Jean Laman, Lima
 Michele Monique Lamarre, Strongsville
 Jodene Ann Landin, Fort Jennings
 Brian W. Lee, Mansfield
 Monica Carol Ludwick, Mansfield
 Michael Joseph Lutz, Leontonia
 Jennifer Lynn Madden, Grove City
 Pamela Marie Marek, Parma Heights

Cheryl Ann Mavec, Eastlake
 Susan E. McCrary, Gahanna
 Michael Juey McCray, Dayton
 Robert Allen McFee, Willoughby
 Jennifer Ann McVinsky, Mansfield
 Dianne Marie Memmer, Cleveland
 Michele Ann Miller, Columbus
 Eric Todd Mosley, Grove City
 Dana Lynn Mossor, Worthington
 Donna Louise Mynes, Zanesville
 Charles F. Narcross, Columbus
 Karen Diane Norman, Shelby
 Gabrielle Marie Onesto, Columbus
 Barbara Ann Pfaff, Willard
 Kathleen Faye Poyar-Foglio, Rome
 Kyle Adam Purpura, Portsmouth
 Jeffrey David Radebaugh, Elida
 Kimberly Ann Rea, Chagrin Falls
 Jennifer Joan Reardon, Galloway
 Michael William Reulbach, Bay Village
 Harry Lee Reynolds, Akron
 Amy Su Ann Romey, Bluffton
 Michelle Elaine Russell, Mansfield
 Diane Nicole Salemi, Lyndhurst
 Kathryn Ann Sanderson, Westerville
 Kathy Marie Schivinski, Mansfield
 Suzanne Lynn Seiwert, West Chester
 Beth Ann Senich, Morrisville, PA
 Joan Elizabeth Snedeker, Columbus
 Kay Ann Spellman, Columbus
 Susan A. Stein, Mansfield
 Elizabeth Jane Swick, Mansfield
 Sarita Denise Thomas, Columbus
 Celeste Ann Toth, North Ridgeville
 Patty E. Trabue, Columbus
 Kevin D. Varnish, Columbus
 Kelly Terese Vezdos, Avon Lake
 Gregory Dubs Voss, Bellvue
 Donald Leigh Wagner, Ashland
 Michael Todd Wallace, Westerville
 Michele Rene Watkins, Radnor
 Gary L. Westfall, Columbus
 Richard Alan Wickiser, Columbus
 Helen Hoff Widman, Pataaskala
 Debbie Jo Marion Wiegand, West Seneca, NY
 Patricia Lynn Williams, Ashland
 Steven Michael Wittler, Ottoville
 Robert James Young, Gahanna

Bachelor of Art Education and Bachelor of Music Education degrees are offered jointly by the College of the Arts and the College of Education. Candidates are listed under the College of the Arts

College of Engineering

Dean: Donald D. Glower

Bachelor of Science in Aeronautical and Astronautical Engineering

Joel Edward Dawe, Lima
 Arthur John Hulsman III, Strongsville
 David Scott Miklosovic, Cleveland
 Steven Arthur Walters, Cincinnati

Bachelor of Science in Agricultural Engineering

John Eric Brim, Findlay
 Jeff Geuy Davidson, Sidney
 Edward Wescot Sarle, Worthington
 Bryan James Schmucker, Louisville
 Kenna Marie Specht, Conneaut

Bachelor of Science in Aviation

Laura Mary Antalik, Lynnfield, MA
 Carlet Carl Auguste, Jersey City, NJ
 Michael Robert Baur, Westerville
 William John Billingsley, Cumberland, MD
 Margaret Marie Daflucas, Salem, OR
 Robert Lee Donner, Jr., Mt. Gilead
 Kathleen Ellen Gappa, Orlando Park, IL
 Dale Edward Gelter, Russellville
 James Malcolm Irvine, Plymouth, MI
 Steven Eric Kerchner, Bedford
 Hilario Fusilero Mora, Lorain
 Christopher John Pawlowski, Columbus
 Andrew Hall Stephan, Upper Sandusky
 David Edward Wall, Medina
 Malcolm A. Warren III, Lebanon, PA

Bachelor of Science in Ceramic Engineering

Anna Diane Chlosta, Fremont
 Crispino DiRuggiero, North Olmsted
 Lynne Renee Edmondson, Garfield Heights
 Richard Charles First, Parma
 Andrew Glaser, Newport, RI
 Thomas Allen McInerney, Madison
 Sydney Edward Robinson, Columbus
 Brian Gene Ruppel, Akron

Bachelor of Science in Chemical Engineering

Pedram Alaadini, Iran
 Scott Lee Buckland, Marietta
 Aileen Susan Chou, Akron

Bachelor of Science in Civil Engineering

Barry John Bauer, Worthington
 Andrew Sheldon Beard, Lancaster
 Michael Ervin Beaver, Columbus
 Thomas William Commager, Columbia, MO
 Julie Ann Donovan, Toledo
 Gregory Thomas Giamo, Oregon
 Raymond A. Hahn, Jr., Pittsburgh, PA
 Jacqueline Dominica Kline, Tallmadge
 Ronald Scott Kramer, Jr., Loveland
 Ronald Martin Makee, Fairport Harbor
 Michael Allan McColeman, St. Clairsville
 Margaret Arens Norris, Lancaster

David J. Pollock, Hinckley
Thomas Peter Riegel, Columbus
Thomas Leslie Rozsits, Chesterland
Kurt Joseph Swarts, Piqua
Geok Kueh Tan, Malacca, Malacca
Ek Tay, Johor Baru, Malaysia

Bachelor of Science in Computer and Information Science

Aish Ali Al-Nassiry, Sana'a, Yemen
Fritz Darrell Baugess, Grove City
Michael Alan Brooking, Columbus
David Edward Bukovinsky, Columbus
Iyes Dendeni, Tunis, Tunisia
M. Mostafa Haykal, Damascus, Syria
Kimberly Ann Holderman, Woodsfield
Henry Simon Kalouche, Jounieh, Lebanon
David John Kenney, North Canton
Joseph Thomas Kinsella, Columbus
Tamara Elizabeth Michel, Sandusky
Ellen Doris Mok, Columbus
Richard Patrick Monahan, Kenosha, WI
Tobias Day Oswald, Bolivar
William Columbus Owens, Jr., Toledo
Amit Ray, Lancaster
Daniel Joseph Rhine, Lima
Denise Michelle Schwartz, Beavercreek
Langdon Edward Whittington, Newark
John Thomas Williamson, Irondale
Ronald Curtis Yakubek, Rowlett, TX

Bachelor of Science in Electrical Engineering

Christopher John Abel, Parma
Michael Jack Agosta, Circleville
Nitin Yogendra Bhatt, Westerville
James Richard Bibbo, Cincinnati
Geoffrey Marhsall Cox, Columbus
Sri Rachmani Darmawaskita, Malang, Indonesia
Tracy Lee Elswick, Wheelersburg
Steven Donald Gheen, Casstown
Latonya Lynn Harris, Columbus
Carmen Alicia M. Hernandez, El Salvador
Brian Jay Hollaway, Columbus
Charlene Louise Hopkins, Beavercreek
Mark Owen Johnson, Willoughby
Thomas Edward Little, Shadyside
Michael Teik-Aun Loy, Penang, Malaysia
Sanjay Megada, Cincinnati
Dale John Mortensen, Brook Park
Jens Munk, Columbus
Jonathan Edward Otermat, Fremont
Anthony Duane Philipp, Findlay
Richard Joseph Schuman, St. Leon, IN
Harry Russell Scott III, Columbus
Andrew K. Shang, Huber Heights
Tulika Sinha, Norton, MA
William Joseph Smart, Chillicothe
David Harold Smith, Marion
Tracy Robert Spittler, McCutchenville
Ronald William Stroup, Shelby
Michael Lee Tappan, Delta
Umesh S. Vazirani, Worthington

Martin Lloyd White, Columbia, PA
Daniel Thomas Zambory, Chardon

Bachelor of Science in Engineering Physics

Wesley Geunhyuk Chang, Worthington
Stuart Kevin Taylor, Columbus
Kristen Michelle Tormala, Westlake
Randall James Warren, Westerville

Mechanical Engineer

Juan Carlos Gonzalez, Villanueva, Torreon Coahvilla, Mexico

Bachelor of Science in Mechanical Engineering

Faour Hussein Alfaour, Beirut, Lebanon
Christopher Lee Brandly, Eaton
John Richard Cole, Worthington
Donald Arthur Demuth III, Gates Mills
Jeffrey James Fisher, Circleville
Louie Garcia, Defiance
Patrick Michael Gibson, Columbus
Eric Shawn Goudy, Van Wert
Mark Kevin Gwinn, Newark
Majdi S. Habbal, Saida, Lebanon
Adam Herbert Hinton, Berea
Stephen James Huggins, Bexley
Robert Howard Johnston, Wooster
Glenn Arthur Kaufman, Ottawa
Chin-Poh Lim, Kuala Lumpur, Malaysia
Matthew Douglas Marks, Albuquerque, NM
Michael Daniel Matthews, Columbus
Randal Joseph May, St. Henry
Patrick Anthony McManus, Kettering
Jerold Eugene Morton, Galion
David Eugene Powell, Hebron
Stephen Clayton Rogers, Dublin
Craig Stephen Ross, Vermilion
Brian Francis Scragg, Youngstown
Anthony James Selley, Dublin
Lisa Beth Shoaf, Whitehall
Deborah Sue Slovut, Amherst
Christopher Stevens, Lima
Sandra Kay Stranski, Mansfield
James Michael Taylor, Gahanna
Joseph John Toreki II, Perry

Bachelor of Science in Metallurgical Engineering

Darin Scott Barber, Cincinnati
William Otto Brahrer III, Perry
Robert Matthew Herrmann, Columbus
Joel Douglas Johns, Columbus

Bachelor of Science in Surveying

James Scott Davenport, Mentor
James Edward Davis, Gahanna
Gary Scott Miller, Strongsville
Nilesh Raman Patel, Parma
Gary Stephen Swierz, Zanesville
Joseph Marion Tankovich, Delaware
James Paul Villacres, Newark
Gail Ann Wilson, Piqua

Bachelor of Science in Welding Engineering

Charles Patrick O'Neill, Columbus
Lance A. Scotney, Columbus

School of Architecture

Bachelor of Science in Architecture

Quentin Martin Elliott, Columbus
Alycia Ann Freeman, Coshocton
Eric Allen Karhoff, Findlay
William Jacob Mentges, Sidney
Christopher Brian Niedland, Wayne, PA
Douglas Dean Smith, Maumee

Bachelor of Science in Landscape Architecture

Edward Michael Godfrey, Bellevue
Kevin Joseph Rice, Canton
William Damon Wilson, Piqua

College of Human Ecology

Dean: Lena Bailey

Bachelor of Science in Home Economics

Linda Connell Adams, Westerville
Lynette Marie Anderson, Columbus
Karen Blaine Ankey, Columbus
Janet Denise Atwood, Columbus
Elizabeth Emma Ball, Worthington
Linda Paulette Beltz, Austin TX
Cornelia Ingrid Bloch, Columbus
Cheryl Mae Bodine, Dublin
Loretta Lynn Bowling, Grove City
Stacy Ann Boyer, Toledo
Sally Ann Burke, Portsmouth
Martha W. Byrne, Worthington
Ellen Amanda Clyburn, Greenfield
Sonja Maria Fajack, Youngstown
Elizabeth Ann Feibelman, Akron
Catherine Loreen Ferretti, Columbus
Suzanne Margaret Grosh, Hilton Head, SC
Patricia Marie Guagenti, Lima
Karen Ann Haas, Fairview Park
Sheri Jill Harris, Cincinnati

Dawn Elizabeth Eggers Hennessy, Mansfield
Trina Lynn Hoover, Alliance
Suzanne Marie Houston, Worthington
Caroline Lynne Howard, Wilmington
Mei-Fen Hung, Munroe Falls
Diane Patrice Hurley, Columbus
Marcia Anne Johns, Chagrin Falls
Amy Marie Johnson, Centerville
Crystal Lynne Johnson, Columbus
Kathleen Mary Kelley, Columbus
Margaret Mary Kelley, Lima
Colleen Gaye Kolehmainen, Circleville
Kelly McNally Koney, Willoughby Hills
Laurie Anne Krouskop, Van Wert
Jack John Lach, Avon
JoAnne Given Leahy, Columbus
Georgia Gayle Lecain, Dublin
Lisa Gayle Markowitz, Cleveland
Beverly Jo McKain, Columbus
Nicole Rae Morosco, Zanesville
Monica Jean O'Brien, Kettering
Erin Maire O'Connell, Dayton
Micah Elizabeth Owens, Worthington
Kathleen Ann Quinlan, Columbus
Caren Renchar, Groveport
Katherine Elizabeth Ricciuti, Youngstown
Stephanie Renee Saam, Fremont
Lynda Marie Schneider, North Ridgeville
Sandra Kirsten Skarl, Shelby
Kelly Lynn Slade, Columbus
Tracy Rebecca Smith, Newark
Cheryl Ruth Snider, Pepper Pike
Marjorie Ann Soller, Marysville
Aimee Lynn Stojetz, Willoughby
Sherril Colvin Theaker, Bridgeport
Elaine Helen Utzinger, Grove City
Jennifer Kay Visser, Fairfax, VA
Kristina June Vogt, Port Clinton
Kelly Alyse Wilson, Poland
Amy Elizabeth Wink, Worthington
Melissa Catherine Woniger, Cincinnati
Gertrude Arvesta Woods, Coshocton

Bachelor of Science in Food Technology

Thomas John Pfeiffer, Canton

Bachelor of Science in Hospitality Management

Yvonne Mae Albers, Maria Stein
Douglas Victor Eickman, Dayton
Alan Matthew Escott, Mayfield Heights
Suzanne D. Everett, Laurelville
Christopher Lee Fisher, Columbus
Steven Skip Hand, Columbus
Kristina Karen Knight, Columbus
Michael George Mancy, Toledo
Abe Alan Pendleton, Bloomingdale
Hector Rene Ramirez, Toledo
Beth Ann Russell, East Liverpool
Nancy Sue Sarabia, Silver Spring, MD
Douglas Harold Smith, Marietta
Cynthia Marie Swank, Geneva

Bachelor of Science in Nutrition

Patricia Kay McDonald, Newark

College of Law

Dean: Francis X. Beytagh, Jr.

Juris Doctor

Gardner Jerry Combs, Dayton
B.S. (University of Mississippi)
Shila Fletcher Stoner, Clinton, OK
B.A. (University of Oklahoma)
Heidi Johnson-Wright, Avon Lake
B.A. (Kent State University)
Robin Edwina Lampkin, Columbus
B.A.
Barbara Renee Levy, Columbus
B.A. (City University of New York)
Gregory Charles Luke, Englewood
B.S. (Wright State University)
Marianne K. Mitchell, Columbus
B.A. (University of Utah)
Gregory Allen Price, Youngstown
B.A.
Matthew George Seyfang, Toledo
B.A. (University of Toledo)
John Bolling Sheppard, Huntsville, AL
B.S. (United States Military Academy)

College of Medicine

Dean: Manuel Tzagournis, M.D.

Doctor of Medicine

Lisa Pauline Gvoic Fugate, Columbus
A.B. (Mount Holyoke College)
Alvin Deron Jackson, Portal, GA
B.S. (Andrews University)
Patricia Ann Nofzinger, Whitehouse
B.S. (Bowling Green State University)
John Jeffrey Pauls, Cincinnati
B.S. (Wittenberg University)

School of Allied Medical Professions

Bachelor of Science in Allied Health Professions

Michele Ann Barton, Allentown
Carolyn Elizabeth Gosnell, Columbus
Lisa Carol Holtrey, Fredericktown

Debora Ann Hulburt, LaVale, MD
Michael Kenneth Kennedy, Reynoldsburg
Hoan Kim Luu, Columbus
Shari Lynn Racut, Cleveland
Timothy John Warburton,
Upper Arlington
Lynn Ann Woodworth, Westerville
Paul Joseph Wulf, Louisville, KY

College of Nursing

Dean: Carole A. Anderson

Bachelor of Science in Nursing

Gwen Bea Atkins, South Euclid
Karen Marie Bergman, Houston
Marcie Ellen Connolly, Youngstown
April Lynette Foster, Newark
Zelda Elestine Foster-McCary, Cleveland
Laura Ann Emmett Reed, Springfield
Diane Marie Riddell, Pickerington
Diane Marie Sauder, Mansfield

College of Pharmacy

Dean: John M. Cassidy

Doctor of Pharmacy

Debra Lynn Merrill,
Nepean, Ontario, Canada
Kristen Wilkinson Mosdell, Dublin

Bachelor of Science in Pharmacy

Lesley Louise Breech, Worthington
David Paul Ciaranitaro, Loveland
Richard Lee Douglass, University Heights
Eric John Edelenbos, Portsmouth
Dianne Marie Flowers, Marion
Kelly Ann Gordon, Gahanna
Jeffrey David Mancini, Cincinnati
Sandra Rose McInerney, Sunbury
Gregory Mieskoski, Columbus
David Alan Myers, Martins Ferry
Amy Louise Nemecek, Cleveland
Beth Senuta, Hudson
Mary Kay Stamatakis, Canton
Pamela Jane Stotka, Brookpark
Stephanie Ann Vrable, Niles

College of Social Work

Dean: Richard E. Boettcher

Bachelor of Science in Social Work

Sharyn Marie Donatelli, Poland
Geneva Linn Sanford, Springfield

Graduates with Honors

Criteria for graduating with honors are as follows:

Summa Cum Laude designates those graduating in the top 3% of the class.

Cum Laude designates those graduating in the top 10% of the class.

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

With University Honors designates those graduating with curricular distinction and dedication to high educational goals.

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Political Science

David Matthew Kall

Summa Cum Laude with Distinction in Family Relations and Human Development

Kelly McNally Koney

Summa Cum Laude with Distinction in Plant Pathology

Scott Thomas Adkins

Summa Cum Laude with Honors in the Liberal Arts

Jonathan Franklin Abels
Sujatha Jagadeesh

Summa Cum Laude

Christopher John Abel
Dawn Malynn Bentley
Joseph Richard Clay
Randy David Clepper
Joy Dettorre
Kelly René Flanagan
Gregory Thomas Giaimo
Theodore Christos Glavas
Joan Angela Hargis
Valerie Linn Hinton
Brian Jay Hollaway
Fredric Michael Hustey II
Mark Owen Johnson

Kristina Frances Jurecic
Trishia Ann Langley
Nicholas Madias, Jr.
Kathryn Ann Sanderson
Michael Charles Schiefer
Scott William Sessler
Thomas Eugene Sinclair
Tulika Sinha
Michael Lee Tappan
Sharon Elaine Will

Cum Laude with Distinction and Honors in Pharmacy

Lesley Louise Breech

Cum Laude with Honors in the Liberal Arts

Lisa Clare Dierker
David Elias Idinopulos

Cum Laude with University Honors

Nitin Yogendra Bhatt
Sean Patrick Dunn

With Honors in the Liberal Arts and with Distinction in Psychology

Karen A. Orts

With Distinction in Community Health Education

Diane Frances Berman

With Distinction in Political Science

Andrew Lawson Freid

With Honors in the Liberal Arts

Michael David Mohr
Steven Charles Wiclaw

With University Honors

Amy Michelle Drake
Lois Sevim McCutcheon
James Story Shoefelt

Cum Laude

Angela Lynn Angus
Ann Christina Anstatt
Keith Michael Aulby
Marcia Lynne Boedeker
Kevin Scott Bollinger

Marie Therese Borgner

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-SIXTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 1, 1989

The Board of Trustees met at its regular monthly meeting on Friday, December 1, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

..

Minutes of the last meeting were approved.

..

December 1, 1989 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on December 1, 1989, at 11:20 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, John W. Kessler, Milton A. Wolf, Alex Shumate, Sophia L. Paige, and Laurel A. Davis.

--0--

REPORT ON THE COLLEGE OF DENTISTRY

Mr. Berry:

We are honored today to have Dean William R. Wallace of the College of Dentistry with us to give us a report on the College.

Dean William R. Wallace:

Mr. Chairman, I am pleased to have the opportunity to come before you this morning. First, let me talk a little bit about what is happening in dentistry and the changes that are happening and perhaps get across to you our excitement about the profession.

You may have read or seen some negative press on what is happening in dentistry. I am here to assure you that the opportunities are probably better now than they have been in the last twenty years. As is often the case, the pendulum swings one way and then another. There is no question that during the 1970's there was an over production and supply of providers in dentistry. The academic community however has responded very rapidly to that. Our highest first year enrollment in the late '70's was a little over 6,000; the first year enrollment this last year was down to 4,000; no matter what we do, the enrollment in dental schools in this nation will go down probably below 3,000 in the next two or three years. What that does is create a shortage of dentists by the year 1995. So what I can tell you right now is that if you have some young friends who are in high school and think that they might enjoy a profession that allows you lots of people contact, dentistry is an opportune profession. We truly will have a shortage by the year 1995.

Let me just give you some perspective of that. The dentists to patient population of 56 to 100,000 peaked in 1987, it will go down no matter what we do. Because of the increased population in the year 2020, it will be below where it was in World War I. So we are looking at a real long decline that would be very difficult to turn around. In that respect, there are five dental schools that are closed, they are all private, but in actuality when you drop 2,000 first-year positions, with the average entering dental class being 75, you have really closed 28 dental schools. We suspect that there will be another 14, which will mean that there will be some more private schools actually closed and perhaps, unfortunately, one here in Ohio. It is getting to be a problem, but from the standpoint of a student it is actually a tremendous opportunity. One of the interesting things about the change, that this causes, is that if you realize that 30 percent, almost 40 percent of the entering class now are women, which was not the case 10 years ago. With the number of retirees and the number of women coming in, dentistry will be a tremendously different profession by the year 2000. In actuality, 30 percent of the profession will be women in the year 2000, right now it is at about 10 percent. So there is going to be a significant change. Our classes are reflecting that, we see approximately 30 percent women in our entering class in our College.

December 1, 1989 meeting, Board of Trustees

REPORT ON THE COLLEGE OF DENTISTRY (contd)

Dean Wallace: (contd)

It has been said that, "people would rather die than change," and I can guarantee that dentists personify that more than anyone else. You do hear a lot from our professional colleagues about the changes in the profession, in the insurance industry, more people interfering with how we provide our care, and so we are seeing, along with this decrease in entering students or entering professionals, a tremendous increase in retirements. And, in fact, the State of Ohio is now importing dentists from other states because, we, both Case Western and Ohio State, no longer can provide the same number of dentists that are retiring per year. So, again, it is an opportune time, I believe, for young folks to look at dentistry. We are excited about the opportunities for them, and we hope that we have got the College in the position that we want to have it for the next few years.

Let me begin by saying that the pin I sent around to you is our centennial logo pin, and at the end I will tell you what it says on there. But I want you all to take your pencils out and write down April 27, 1990, which is a Friday night. We will have a centennial celebration down at the Hyatt Hotel. You will all get official invitations, but we are going to have a significant celebration of our centennial year this alumni day, actually it is three days. It happens to be the oldest alumni meeting in the nation -- started back in 1944 by Dean Postle, whom the school is named after, and has gone on ever since. So we are looking toward a big event.

Let me just say that probably the easiest way to tell you about what is happening in the College is to try to tell you where it was eight to ten years ago, and where it is today and there by showing the change, I hope, that it has gone through. In 1981, there were 86 full-time faculty and 115 part-time faculty, which comes out to 116 FTE's; today, there are 120. So we had a full increase of 4 FTE's in that time; however, it is 107 full-time and 73 part-time. And what that has allowed us to do is to develop the other parts of the College that needed support during this time. I am going to give you some figures that are rather startling, because there is such change.

In 1981, 70 plus percent of the faculty of the College were Ohio State graduates; as of today, less than 44 percent are Ohio State graduates I had the opportunity to make 92 hires in that period of time. Of that 92, a third of them were women, 10 percent were minorities. So, we feel that we have kept up with what is happening in the profession, and what is happening here on campus. We have had the luxury of 42 retirements. If you want to know which College early retirement has had a significant impact on, you are seeing one.

We have been able to change the way we structure the College sections or departments, as they might be called, by reducing the number down from 14 to 9. Each of these departments has a graduate program and we feel that that is one of the strong changes in the College, in that we have increased our graduate programming and therefore increased our research. Each of our graduate research programs has been extended a year so that our graduate students are all providing some kind of research, along with the clinical training that they get during that time. We have gone from 50 graduate students up to 75. So you can see that is a significant number. We hope you will see, sometime yet this year, our request for a Ph.D. program in oral biology. This will finally give us our Ph.D. in our own College, so that we can increase our graduate students.

REPORT ON THE COLLEGE OF DENTISTRY (contd)

Dean Wallace: (contd)

In the area of research, in 1981 we were the large midwestern university that put Crest on the market. We got \$12,000 a year from P & G to do that, and it has significantly changed dentistry, as a matter of fact. This year we hope to top \$2 million in research. I think that is probably the biggest change that we have seen. We had, roughly, 25 faculty who had graduate faculty status in 1981, we have 75 now. Again, talking to the opportunity to hire new people, we just brought on board a full professor, Ruth Nordlander, who came with a Jarvis Award, which is seven years of non-competitive funding from NIH in the neurobiology area. So these are the kinds of things that we have been able to do with the opportunities we have had available.

The \$2 million will get us close to being among the top ten in the country in research in dentistry. And you realize, that six of those ten schools have NIH dental research centers funded at their schools. I can tell you that in the last three years of the International Research Meeting we have been one, two, or three in the number of research reports presented. So, again, it tells you that not only did we bring the people in, but they are out producing. There were 47 requests for grants this year from the Research Foundation totalling \$13 million, and we are going to get some of those. And we look to the day we are going to be having \$3 million in research, fairly soon, in the College.

Let's talk about one of the other areas and the opportunities that we have here at the University. The Seed Grant Program is run through the Vice President for Research and Graduate Studies area and we have received a total 18, but three of those were last year. So there were 15 up to last year; 11 of those have now received external funding. So it tells you that if given the opportunity and the funds, we can get pilot studies done and then go out and see the success. Probably the biggest success, and the one I would like to talk about, is that we had our first faculty member -- at sixty-four years old -- get his first external grant about a year ago from NIH. So with change and with the right mix, you can see things happening.

In 1981, 5 percent of the faculty had Ph.D. degrees; we now have 20 percent of the faculty with Ph.D. degrees along with dentistry degrees, which again leads us to the ability to have our own oral biology Ph.D. program. We have over 150 students doing research, which we believe is probably the best way to teach them how to think. Obviously, with only 107 full-time faculty, it keeps them busy. But that also is a good sign from the Dean's standpoint, because if they have a student in their lab working, they are in there supervising and getting some good of both sides of that.

Just for interest sake, we have 25 faculty that collaborate with 55 other departments on the campus. We have students in our laboratories in the College from pathobiology, microbiology, geology and mineralogy, engineering, chemistry, so that we have developed a fairly good inner-mix in our research endeavors.

As far as service is concerned, you know that we have a Dental Clinic, that is a fairly significant component of the students' training. We have done some interesting things in the last few years in that we have done some evening clinics, which happen to be our busiest, and we go year-round now. Because of that, we have actually increased our billings at the Clinic from \$1 million to \$3 million a year, in that period of time. We have added a faculty practice, which was approved in 1982 by the Board, and that brings in approximately \$1 million a year. So we are doing some

REPORT ON THE COLLEGE OF DENTISTRY (contd)

Dean Wallace: (contd)

things to help ourselves through our clinical situation. I can also inform you that when you get hit with infection control problems and just buying gloves, masks, and the things that we must do now, that cost is somewhere between \$250,000 and \$300,000 a year in our facility, and you can't very well pass that very well on to the patient. Our patients are clinic patients, so we have a limit which we can charge. We aren't going to have them if we charge too much, and we must have them. The Clinic is probably the thing that is going to limit our enrollment. But other things aside, if we don't have patients, and if we get ourselves priced out of the market, we will need to change the model which we are using, which may be, eventually. But it is an interesting problem and one that gives us some difficulty, but we work on it continually.

I think it would be interesting for you to know that we are down in the inner city at Ft. Hayes, we go up to Coshocton to take care of indigent children, and we are starting a program on geriatrics at Coshocton. We have one dental clinic called our Home Bound Program. It is out in the community every day going into the homes of patients who can't get to the dentists, or to nursing homes, as part of our teaching model. We are also at Children's Hospital and University Hospitals. You should understand that almost all of the transplant patients must have excellent health before they will let them have their transplant. We are involved in those kinds of things, we go down to the City Dental Health, and we have externships in other countries so that our students have diverse experiences.

With that, let me just tell you a little bit about that pin. It is the logo for our centennial. The symbol is the Greek Delta which stands for dentistry. You will notice at the top it says "75" with Ohio State in it, because 1989 is our 75th year with the University. The "100" down below is, of course, because of our centennial -- in 1890, we started with the Ohio Medical University Department of Dentistry. And if you look at that "100" you will see that the "1" stands for teaching or the text book; the first "0" it is a mouth mirror so that is the service part; and the last "0" is a petri dish with a few bacteria in it so that is the science part of dentistry. So, it is teaching, research, and service. Let me say that our motto for the year is "Another Century of Excellence," and we hope we have the College poised for that new century. With that, thank you.

Mr. Berry:

Let me ask you, you said currently your enrollment is at 30 percent women. Isn't that true with law, too, that they have about one-third women?

Dean Wallace:

I don't know.

Mr. Teaford:

At least that or may be a little bit more.

President Jennings:

I think about 40 percent right now.

December 1, 1989 meeting, Board of Trustees

REPORT ON THE COLLEGE OF DENTISTRY (contd)

Mrs. Bowser:

Vetennarians are almost 50 percent.

Dean Wallace:

Veterinary Medicine is over 50 percent.

Mr. Berry:

In the future, all those professions are going to have a lot more women than they have had in the past.

Mrs. Bowser:

And that is good, isn't that what you are getting at?

Mr. Berry:

Of course, Shirley. You are reading my mind.

Mr. Teaford:

Great response.

Mr. Berry:

No comment. That is a very interesting report and since my teeth are in perfect shape, why I am very happy for the future, but some of these young people might not be so fortunate.

Mr. Shumate:

Mr. Chairman, I would like to ask the Dean what percentage of your student body is American-minority?

Dean Wallace:

We are averaging about 7 to 9 percent per year, so it is in that range. It is not as good as we would like. We have recruiters and we are expanding that program. I think the success we have had recently with hiring faculty will make the student success better. That is what we are counting on and we hope that will increase our percentage.

Mrs. Bowser:

Dr. Wallace, you mentioned your cooperation or your interaction with other departments in the University and I always like to hear that. I think one of the beauties of a large, comprehensive university is the interaction that can take place. Is this something that you've developed, or is this a long-standing kind of thing?

December 1, 1989 meeting, Board of Trustees

REPORT ON THE COLLEGE OF DENTISTRY (contd)

Dean Wallace:

Well, obviously, we have had a long-standing cooperation with the College of Medicine, they teach our basic sciences; and we are part of the Hospitals program, but the answer to that is no. And so our collaboration may be in engineering or it may be over in geology. Yes, it is in medicine, there is no question there, but it is throughout the campus. It is the individual and his training and his research efforts that makes the difference, and, obviously, the Ohio State faculty who are willing to accept these kinds of things. I think that you are seeing more and more of that on this campus.

Mrs. Bowser:

I am very happy about that. I think you are to be commended.

Mr. Berry:

Any other questions? Thank you, very much, Dr. Wallace.

Dean Wallace:

Thank you. We will see you on the 19th.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee met this morning and reviewed the status of the Endowment Portfolio as of November 17, 1989, as presented by Mr. Nichols. The value of the endowment portfolio was reported as \$302.1 million. (See Appendix XXXIV for complete text of The Ohio State University Endowment Summary, November 17, 1989, page 597.)

We also reviewed the performance of those funds managed by the University Treasurer, which completes our annual review of all the investment advisors. As a result of these performance reviews, the Committee recommends Board approval of the resolution to reappoint all investment advisors with the following changes: increase allocations to STW and Boatmen's Trust by \$5,000,000 each, and increase the allocation to the University Treasurer by \$5,000,000, who will utilize advice from the student investment program in managing this new amount.

**APPOINTMENT OF INVESTMENT ADVISOR
AND REAPPOINTMENT OF INVESTMENT ADVISORS**

Resolution No. 90-52

Synopsis: The Investments Committee recommended the Appointment of Investment Advisor and Reappointment of Investment Advisors.

December 1, 1989 meeting, Board of Trustees

**APPOINTMENT OF INVESTMENT ADVISOR
AND REAPPOINTMENT OF INVESTMENT ADVISORS (contd)**

WHEREAS it is the policy of The Ohio State University to utilize the services of external Investment Advisors to assist in the management of the University's Endowment Fund; and

WHEREAS the Investments Committee of the Board of Trustees periodically reviews the results obtained by the external Investment Advisors and the amount of funds assigned to each of them; and

WHEREAS it is prudent investment policy to adjust the mix and amounts of money assigned to external Investment Advisors as economic conditions change; and

WHEREAS the Investments Committee has also directed the Treasurer to maintain University Managed funds which primarily consist of gifts; and

WHEREAS the number of external Investment Advisors and the amount of funds assigned to them and the Treasurer shall be determined by the Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That upon the recommendation of the Investments Committee of the Board of Trustees the following named Investment Advisor shall be appointed and the following named external Investment Advisors shall be reappointed to counsel in the management of Endowment Fund investments totaling the initial amounts indicated:

	<u>Book Value</u>	<u>Market Value as of 10-20-89</u>
Boatmen's Trust Company (Fixed Income)	\$25,000,000	\$23,921,037
Cambridge Financial Group, Inc. (Fixed Income)	\$ 1,000,000	\$ 952,715
The Chicago Corporation (Equities)	\$17,500,000	\$37,490,553
Duff and Phelps Investment Management Company (Fixed Income)	\$10,000,000	\$10,288,994
W.R. Lazard and Company (Fixed Income Index Fund)	\$10,000,000	\$10,121,962
R. Meeder and Associates, Inc. (Small Capitalization Index Fund)	\$15,000,000	\$13,949,480
Neuberger & Berman Mutual Funds:		
Guardian Fund	\$ 2,000,000	\$ 8,610,986
Partners Fund	\$ 1,000,000	\$ 5,521,958
Nicholas-Applegate Capital Management (Equities)	\$10,000,000	\$13,658,576

December 1, 1989 meeting, Board of Trustees

**APPOINTMENT OF INVESTMENT ADVISOR
AND REAPPOINTMENT OF INVESTMENT ADVISORS (contd)**

	<u>Book Value</u>	<u>Market Value as of 10-20-89</u>
Siebel Capital Management, Inc. (Equities)	\$13,500,000	\$34,505,711
STW Fixed Income Management, Inc. (Fixed Income)	\$25,000,000	\$24,216,126
University Managed (Equities)*	\$14,119,268	\$30,720,666
University Managed (Fixed Income)*	\$ 435,813	\$ 465,607
University Managed (GNMA's)	\$10,000,000	\$10,143,133
University Managed (Students) (New Appointment)	\$ 5,000,000	Not Applicable
Wells Fargo Investment Advisors (Standard and Poor 500 Index Fund)	\$30,000,000	\$28,677,608
Wells Fargo Investment Advisors (International Equity Index Fund)	\$10,000,000	\$10,000,000

*Varies with receipt and sale of gifts.

(See Appendix XXXV for charts of The Ohio State University Endowment Fund Annual Total Return Comparison by Advisor and The Ohio State University Managed Stocks, June 30, 1989, page 607.)

Upon motion of Mr. Kessler, seconded by Mr Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Mr. Kessler:

One item on that Student Investment Program, Mr. Berry, if I may, I think that special recognition should go to our Trustee, John Barone, who really spearheaded and drove this concept when many of us on the Board weren't as enthused as he has been. And only due to his not being in top physical shape today, would he not be here. I think all of us feel that he deserves a lot of credit in bringing us along on this exciting opportunity to work with the students.

Mr. Berry:

I think all of us would agree that it is exciting, both from the students' standpoint and the professors' standpoint. It is a fine program.

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Mr. Teaford:

In Academic Affairs there were two reports, one on Curriculum Reform and one on Selective Admissions.

With regard to Curriculum Reform, as we recall, the review of the undergraduate education was initiated by President Jennings' speech to the University in 1985. And I would say that without his unrelenting insistence that this program be carried forward, we would not now be poised to have curriculum reform which will put us among the leaders in the United States. The general education program will begin for freshmen entering in the Autumn Quarter. So we are not talking about future now, we are talking about being there. This program will provide a structured, cohesive liberal arts component of approximately 100 credit hours for all students, which is up from approximately 45 to 50. Considerable course development is underway this year in anticipation of the new freshman program next Autumn.

The review of general education has been followed by reviews of all undergraduate majors and minors. These reviews have been designed to do the following things:

1. To ensure that major programs are well articulated with the new general education requirements.
2. Encourage faculty to develop major programs, leaving out those parts of the traditional programs which are no longer needed and including programmatic elements needed to guarantee that major programs reflect the current state of those disciplines.
3. Rethink the degree of professional or disciplinary specialization required by the major programs.
4. Examine the extent of "hidden requirements" brought about by prerequisites for required work.

Special funds are being designated to support new course development, anticipated enrollment shifts, greater faculty involvement in lower division instruction, additional laboratories, and the purchase of computers and other instructional equipment.

Just briefly, some of the significant features I think of the new curriculum -- first of all, are the senior year courses. As we all know, historically, general education has been a freshman/sophomore idea and there are now two requirements in the senior year. One a writing course within the major; and the second, and I think the most exciting, a capstone course which will be on contemporary issues and which will require interdisciplinary discussion and will include persons from different majors in those programs. This will likely be small in size; 25 maximum probably in terms of numbers.

Another significant thing in the new program is the increased requirements in regards to the sciences, particularly in the natural sciences. You will be required to take two courses, one a beginning and one a second course in biological sciences and also in physical sciences. Another important component is the requirement that it be at least a course in non-western cultures. Sophia raised the question of how do you keep track, because obviously it is a lot harder than under the old system. But,

December 1, 1989 meeting, Board of Trustees

ACADEMIC AFFAIRS COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

indeed, there is a computer degree audit available to students so they can determine that they are on track toward fulfilling the requirements.

So the significant cost-increases -- or let's say temporary costs -- that we are going to have to incur will be in regards to new instructors, particularly in foreign languages, but in other things as well.

Another thing, this is going to require a considerable increase in computer use on campus. One of the things that Joan Leitzel, who gave this report and who I neglected to mention, pointed out to us is that computers are, of course, likely to be obsolete in four to seven years. So it is a continuing cost there that we will have to incur. Obviously, we are going to have to do some renovations of labs and classrooms, too, to meet the shift in the types of courses.

A couple of significant things about the program is that first of all this does not require an increase in the hours which a student needs for graduation. These are shifts within that requirement and not an increase in hours. They have really, as I understand it, held their feet to the fire to insure that has happened. It is also very important to note that outside the Colleges of the Arts and Sciences there has been strong support for these changes, and probably stronger within Arts and Sciences. I think that is an important thing for us to keep in mind. Every time I hear about this program, I get very excited and almost want to go back and be an undergraduate -- not quite, but almost. This morning was no exception.

Joan Leitzel also reported on Selective Admission. I am somewhat concerned as to whether Fred will be able to manage over there since Joan is off on a leave of absence to Washington, but he has assured me that he can. She reported, as we know, that the Autumn Quarter next year will be the fourth year of selective admissions. We have particularly seen an improvement in the persons admitted in the 60th to 80th percentiles of high school graduating classes -- not so much above 80, but we have definitely had strong increases from 60 to 80, and obviously the corresponding reduction in persons in the lower parts of their class.

It was also pointed out to us that the other principle hope for selective admissions has been partially fulfilled in that we are also increasing the diversity of our student body by means of selective admissions. Joan also advised us that a recommendation is on its way to the Faculty Senate to extend selective admissions to the summer and winter quarters. I might point out that for Summer Quarter you were closed out in January and for Winter Quarter you were closed out in August. So more than a full quarter ahead of time, you get closed out. One of the real motivators to drive this selective admissions into other quarters is that the retention of the Autumn Quarter freshmen is now in the high 80 percent, as a result of selective admission. In the other quarters, the retention is in the mid-60's in percentage. So, clearly, the selective admissions has achieved better retention as we had hoped.

--0--

PERSONNEL ACTIONS

Resolution No. 90-53

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the November 3, 1989 meeting of the Board, including the following Appointments, Leave of Absence Without Salary, Professional Improvement Leave--Change in Dates, Professional Improvement Leave--Cancellation, Promotion/Tenure, and Emeritus Titles as detailed in the University Budget be approved and the Medical Staff Appointments/Reappointments approved October 26, 1989, by the Hospitals Board be ratified.

Appointments

Name: FREDERICK E. HUTCHINSON
Title: Vice President for Academic Affairs and Provost
Office: Academic Affairs
Effective: Immediately
Salary: \$125,160.00
Present Position: Acting Vice President for Academic Affairs and Provost

Name: JOSEPH J. RUSSELL
Title: Vice Provost for Minority Affairs
Office: Academic Affairs
Effective: December 1, 1989
Salary: \$90,000.00
Present Position: Dean, Department of Afro-American Affairs and Associate Professor, College of Arts & Sciences, Indiana University, Bloomington, Indiana

Education: 1960, B.S., Virginia State College
1968, M.S., Indiana University
1970, Ed.D., Indiana University

Experience:

1970 - Present Department of Afro-American Affairs, College of Arts & Sciences, Indiana University, Bloomington, Indiana

Dean and Associate Professor (1982-Present)
Associate Professor and Chairperson (1976-1981)
Assistant Professor and Chairperson (1972-1976)
Director of Human Relations and Assistant Professor (1970-1972)

1967-1970 Associate Instructor (1969-1970) and Graduate Assistant (1967-1969), Department of Educational Psychology, School of Education, Indiana University and Consultant, Atterbury Job Corps Center, Edinburg, Indiana

1964-1967 Visiting Teacher, Richmond Public Schools

1960-1964 Social Worker, Richmond Social Service Bureau

December 1, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointments (contd)

Name: MUTTAIYA SUNDARALINGAM
Title: Professor (Ohio Eminent Scholar in Macromolecular Structure Determination)
Department/Center: Chemistry/Biotechnology Center
Effective: January 1, 1990
Salary: \$94,200.00
Present Position: Steenbock Professor of Biomolecular Science, Department of Biochemistry, University of Wisconsin-Madison, Madison, Wisconsin

Education: 1956, B.Sc., University of Ceylon
1961, Ph.D., University of Pittsburgh

Experience:

1969-Present: Department of Biochemistry, University of Wisconsin-Madison, Wisconsin
Professor (1969-1987)
Steenbock Professor of Biomolecular Structure (1987-Present)
Chairman, Biophysics Ph.D. Program (1987-Present)

1966-1969 Associate Professor, Department of Chemistry, Case Western Reserve University, Cleveland, Ohio

1965-1966 Research Associate in Molecular Biology, Children's Cancer Research Foundation, Children's Hospital Medical Center, Boston, MA

1962-1965 School of Medicine, University of Washington, Seattle, Washington
Research Instructor, Department of Biological Structure (1964-1965)
Postdoctoral Fellow, Department of Anatomy (1962-1963)

1961 Research Associate, Crystallography Laboratory, University of Pittsburgh

Leave of Absence Without Salary

HAROLD S. HIMMELFARB, Associate Professor, Department of Sociology, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to join the U.S. Department of Education in a research position.

Professional Improvement Leave--Change in Dates

THOMAS A. ROMANOWSKI, Professor, Department of Physics, change dates from Winter Quarter, Spring Quarter and Autumn Quarter 1990, to Spring Quarter and Autumn Quarter 1990, and Winter Quarter 1991.

Professional Improvement Leave--Cancellation

HAROLD S. HIMMELFARB, Associate Professor, Department of Sociology, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

December 1, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Promotion/Tenure

SALVATORE IMBROGNO, College of Social Work, promotion to Professor, effective 10/1/89

Emeritus Titles

RODNEY J. HARRISON, Office of Student Affairs, with the title Associate Vice Provost for Student Affairs Emeritus, effective December 1, 1989.

DONALD R. GLANCY, Department of Theatre, with the title Associate Professor Emeritus, effective January 1, 1990.

LESTER F. SMITH, Department of Engineering Graphics, with the title Associate Professor Emeritus, effective December 1, 1989.

Medical Staff--Appointments

JEFFREY S. BISKER, M.D., Limited Staff, Division of Diagnostic Radiology

MAIDA P. CAMPANINI, M.D., Courtesy Staff, Pediatrics

ERIC G. HANDLER, M.D., Attending Staff, Pediatrics

JOHN P. HIBLER, D.O., Courtesy Staff, Division of Dermatology

RAJA A. JURDI, M.D., Limited Staff, Division of Diagnostic Radiology

PAUL E. KAPLAN, M.D., Attending Staff, Physical Medicine and Rehabilitation

Medical Staff--Reappointments

ROBERT C. FORSYTHE, M.D., Courtesy Staff, Pediatrics

JOHN A. KLAMAR, M.D., Courtesy Staff, Pediatrics

WARNER B. LUTZ, M.D., Courtesy Staff, Division of General Medicine

LAWRENCE J. NYESTE, M.D., Courtesy Staff, Obstetrics and Gynecology

CYNTHIA A. THORNE, M.D., Limited Staff, Pediatrics

Upon motion of Mr. Teaford, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Mr. Berry:

Certainly we congratulate Fred on his permanent assignment as Vice President of Academic Affairs and Provost. And, we are looking forward to Joseph Russell joining us. Has he joined us already?

Dr. Hutchinson:

No. He will be here Tuesday.

December 1, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Mrs. Bowser:

Is this the first time we've had an agriculturalist as a Provost?

Mr. Teaford:

We had an acting one.

Mrs. Bowser:

Yes, Francille. But I mean is this the first time we have had one with an agricultural background?

Mr. Heinlen:

Roger Thompson or Robert Townshend?

Mrs. Bowser:

Yes, but that was before my time -- your's too. It's very nice.

Mr. Berry:

I take it you're giving it your hearty endorsement!

RESOLUTION IN MEMORIAM

Resolution No. 90-54

Synopsis: The Academic Affairs Committee recommended the approval of the following Resolution in Memoriam.

RESOLVED, That the Board adopt the following Resolution in Memoriam and that the President be requested to convey a copy to the family of the deceased.

Doris E. Fulton

The Board of Trustees of The Ohio State University expresses its sorrow at the death on July 12, 1989, of Doris Fulton, Assistant Professor Emeritus in the Department of Human Nutrition and Food Management.

Professor Fulton was born March 23, 1914. She attended The Ohio State University from 1931-1938. She received her B.S. degree in Home Economics and her M.S. degree in Agricultural Biochemistry.

Professor Fulton came to the University in 1935 and was employed initially as a Graduate Teaching Associate. She was later employed as a Research Associate from 1958-1960. Professor Fulton was appointed Instructor in 1960 and promoted to Assistant Professor in 1968. Upon her retirement in 1977, Professor Fulton was named Assistant Professor Emeritus.

December 1, 1989 meeting, Board of Trustees

RESOLUTION IN MEMORIAM (contd)

Doris E. Fulton (contd)

At The Ohio State University Doris Fulton was very involved in teaching, research and service. Professor Fulton's research was concerned with energy expenditure in homemaking tasks and resulted in several publications. She was an active member of Omicron Nu and Phi Upsilon Omicron and served as advisor for Phi Upsilon Omicron. Her interest in students was rewarded in 1972 by the receipt of the Alfred J. Wright Award.

Professor Fulton was a member of the Ohio State Home Economics Alumni Association and was volunteering with the current building campaign for Campbell Hall.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy.

Upon motion of Mr. Teaford, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Teaford:

We had a report this morning on the Alcoholic and Substance Abuse Programs by Rich Hollingsworth, who is Dean of Student Life. He reported on the Faculty/Staff Assistance Program which is primarily an educational attempt, as well as the after care programs. With regards to the student program he indicated that there is counseling available within the mental health medical facilities, as well as the Counseling Center. Further, the Resource Center in the area of Student Life is working on educational programs for students on these subjects. Likewise there is dorm counselor training being carried out in order to help both identify and to assist persons with these problems. He said also that support groups like AA and ALANON are active on the campus.

He reported on a couple of grants which we are now about to get which will, again, improve the educational component of this area. He said that there were a number of areas in which this program needs more work. First of all, it needs to obtain a higher degree of visibility. In part, the fact that it is decentralized has made it more difficult for everyone to be aware of the existence of these programs. He also pointed out that this is the only state university in Ohio without an overall campus coordinator on drug and alcohol abuse and he hoped that we might be able to better coordinate those programs.

His other great regret in this area is that there really is no long-term assistance available on campus, particularly he would like to see outpatient long-term assistance. I think it is clear that one of the things that is hampering the availability of outpatient assistance is the fact that very few health insurance programs, including ours, provide any insurance to pay for outpatient care, even though it is perhaps is the best kind of care in this area.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

We had a brief report, too, about the drug testing program in our athletic programs. The interesting thing about our drug testing program is how much it has reduced abuse. When the program began the first time, 12 percent of the student athletes tested positive; the most recent tests show that to be approximately 1/10 of 1 percent. It was pointed out to us that the existence of the testing allows the student athletes to avoid and resist peer pressure. Now they can say I can't do that because I am going to get tested.

We asked about what the level of these problems were on the campus; overwhelmingly our problems are in alcohol abuse. In hard drugs, the belief is that the problem is relatively minor. We also asked about what affect abuse of alcohol or drugs has on persons dropping out of the University and we have no statistics for Ohio State. The national average is that apparently about 25-26 percent of all drop outs are indeed suffering from some kind of abuse problems. It is our suspicion that those percentages are lower on this campus. They are probably significantly lower, but we really don't have any hard data yet.

We also had reports by Dave Straub from USG. He reported on the teacher evaluation program which we have heard about before. He reported that they are working in the area of campus safety on improving the lighting in various parts of the campus. With regard to campus environment, he reported that they are attempting to create a recycling education program so that persons who are expected to be leaders in this society will be aware of the importance of such programs. He also reported that the student trustee search has been reopened. He indicated that one of the problems, he felt, in that area was the lack of available funds for sufficient advertising of the position.

We also had a report from Steve Sloan from IPC. He reported on various student trustee processes as well, and indicated that they are now attempting to integrate the student governments which are in each of the professional schools into the IPC to make them a more effective organization.

Mr. Chairman, that completes my report.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

The committee met this morning with Dr. Bob Moser, who is head of the Ohio Cooperative Extension Service. He told us about a program that will be initiated in 1990, in which county extension agents will meet with advisory groups in each county to assess their particular needs. There are a list of needs on a national level and there are a list of needs that OCES feels Ohio has priorities, but they are going to the grass roots now. They are going out to the people and having them prepare a list. For two reasons: 1) OCES is very interested in responding to the peoples' needs, not something that they think they need, but something people themselves are interested in doing, and 2) because of the financial constraints. This allows the Ohio Cooperative Extension Service to put their money into areas that people have indicated they're most interested in. It looks like an exciting program. It always

December 1, 1989 meeting, Board of Trustees

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Mrs. Bowser: (contd)

akes me proud of agriculture because it is the one place in this University where we go to the grass roots level and where it is fed back into the University in an organized manner. Because as each of you know, we do have a county extension agent in each of the 88 counties. So it is an arm of the University that reaches into every single county.

He showed us an interesting report that they have just started doing. They are doing a demographics and business profile on each county. This one happened to be in Brown County. It will be free and it gives all kinds of really very interesting and vital statistics on demographics, on jobs, on employment, and facilities. I think the committee that heard it felt that this was certainly a help, particularly to those rural counties who do not have the money to contract to have these things done. It was a very interesting report.

I don't know what is going to happen to this Board when the two farmers on the Board are no longer here. John Berry and I are the only -- we have some that we have adopted -- but Mr. Teaford was too busy running other committees this morning. It was a very interesting presentation. If there are no questions that completes my report.

(See Appendix XXXVI for Assessing Extension Program Needs at the Local Level, page 617.)

**Waivers of Competitive Bidding Requirements
July - September 1989**

Background

During the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 38 waivers of competitive bidding requirements. Annual purchases authorized by these waivers total approximately \$10,458,600.00. Of this total, approximately \$4.75 million was for publications for the Libraries and other departments, and approximately \$3.37 million was for professional medical services for University Hospitals. The other purchases included:

Publications for the Libraries	\$4,752,874	(1 waiver)
Professional Medical Services	\$3,366,760	(2 waivers)
Emergency Helicopter Transport Services	\$ 206,500	(1 waiver)
Other Hospital Services & Equipment	\$ 283,000	(5 waivers)
Administrative Support Services & Equipment	\$ 480,758	(7 waivers)
Artists & Attractions	\$ 474,035	(1 waivers)
Teaching & Research Services & Equipment	\$ 330,080	(10 waivers)

December 1, 1989 meeting, Board of Trustees

**Waivers of Competitive Bidding Requirements
July - September 1989 (contd)**

Background (contd)

Advertising	\$ 325,000	(1 waiver)
Construction & Repair Services & Equipment	\$ 164,062	(7 waivers)
Transportation & Accommodations	\$ 75,488	(3 waivers)

**WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS
JULY - SEPTEMBER 1989**

Resolution No. 90-55

Synopsis: The Fiscal Affairs Committee recommended acceptance of the quarterly report on waivers of competitive bidding requirements.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of July-September 1989, and the Fiscal Affairs Committee recommends the acceptance of this report:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of July-September 1989, is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-56

Synopsis: The Fiscal Affairs Committee recommended the approval of the report of research contracts, grants, and gifts and the summary for October 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, The Ohio State University Development Fund and The Ohio State University Foundation:

December 1, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund and The Ohio State University Foundation during the month of October 1989 be approved.

Upon motion of Mr. Kessler, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR OCTOBER 1989

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	94	\$9,354,349.73
Engineering Experiment Station	40	\$ 500,082.00
Total	134	\$9,854,431.73

The Ohio State University Development Fund

Establishment of Named Funds

The Lewis E. Miller and Dorothy Hermann
Miller Research Fund
(For research within the School of Journalism) \$ 300,000.00

The Loren E. Bollinger-Kenneth E. Kissell
Endowment Fund
(Scholarships - School of Journalism,
Departments of Aeronautical and Astronautical
Engineering and Electrical Engineering, and
Department of Astronomy) \$ 21,823.00

The Ohio State University Mortar Board Alumni
Endowment Fund
(To support The Ohio State University Mortar Board
active chapter in funding selected programs and
activities) \$ 20,000.00

The Leona Roifes and Ernest Michael Heldt
Memorial Scholarship Fund
(Scholarships - College of Education) \$ 15,000.00

Change in Name and Description of Named Fund

From: The J. M. Shepherd Scholarship Fund
To: The Shepherd Scholarship Award

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - October 1989

Federal Research Contracts/Grants

\$4,711,682.00 - Department of Labor, Bureau of Labor Statistics, Washington, D.C., National Longitudinal Surveys of Labor Market Experience, Round XII, Center for Human Resource Research (R. J. Olsen), 1 October 1989 through 30 June 1992. (Project 766448 - Continuation)

\$705,357.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, OSU Comprehensive Cancer Center Support (CORE) Grant, Comprehensive Cancer Center (D. E. Schuller), 1 July 1989 through 30 June 1990. (Project 763976 - Continuation)

\$251,542.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Effects of Nurse Case Managed Home Care for HIV Patients, Department of Family and Community Nursing (J. T. Nickel), 30 September 1989 through 31 August 1990. (Project 767873 - New)

\$246,950.00 - Department of Agriculture, Science and Education, Peoria, Illinois, Cooperative Agricultural Research, Office of the Director - OARDC (N. D. Schmidt and R. F. Edwards), 1 October 1989 through 30 September 1990. (Project 766472 - Continuation)

\$166,272.00 - Department of Education, Washington, D.C., Supplemental Financial Aid for Graduate Students in Mathematics, Department of Mathematics (J. R. Leitzel), 1 January 1990 through 31 December 1990. (Project 767099 - Continuation)

\$152,280.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Intra Oral Grafting of Mucosal Equivalents Produced In Vitro, Diagnostic Services (C. F. Shuler), 30 September 1989 through 29 September 1990. (Project 767863 - New)

\$150,102.00 - Department of Commerce, National Oceanic and Atmospheric Administration, Rockville, Maryland, A Cooperative Tropical Paleoclimatic Ice Core Study in the Cordillera Blanca, Peru and Its Relationship to Global Climatic Variability, Byrd Polar Research Center (L. G. Thompson and E. Mosley-Thompson), 1 September 1989 through 31 August 1990. (Project 767881 - New)

\$135,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Protective Antigens of Infectious Bursal Disease Virus: Molecular Studies on Viral Proteins, Food Animal Health Research Program - OARDC (D. J. Jackwood and Y. M. Saif), 1 September 1989 through 31 August 1992. (Project 767784 - New)

\$116,542.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Pathobiological Determinants of Atherosclerosis in Youth, Department of Surgery (J. F. Cornhill), 1 March 1990 through 28 February 1991. (Project 764727 - Continuation)

\$107,590.00 - Department of Agriculture, Science and Education, Washington, D.C., Effect of Sorption on Fate of Pesticides in Subsurface Environments, Department of Agronomy - OARDC (S. J. Traina) and Department of Agronomy (G. K. Sims), 1 September 1989 through 31 August 1991. (Project 767860 - New)

December 1, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$93,452.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Fracture Properties of Dental Ceramics, Restorative and Prosthetic Dentistry (S. F. Rosenstiel), 29 September 1989 through 28 September 1990. (Project 767886 - New)

\$91,197.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Pharmacology of Dideoxynucleosides in Small Intestinal Epithelium, College of Pharmacy (J. L. Au), 30 September 1989 through 31 July 1990. (Project 767895 - New)

\$89,909.00 - Department of Agriculture, Science and Education, Washington, D.C., Development of Antisera and Diagnostic Tests for Serogrouping Avian Rotaviruses, Food Animal Health Research Program - OARDC (L. J. Saif and Y. M. Saif), 1 September 1989 through 31 August 1991. (Project 767536 - New)

\$83,462.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Preclinical Pharmacology Investigations of Antitumor Agents, College of Pharmacy (L. Malspeis), 17 October 1989 through 13 April 1990. (Project 767472 - Continuation)

\$72,100.00 - National Science Foundation, Washington, D.C., Superconductive Glass State and Other Properties of Granular Materials, Department of Physics (D. G. Stroud), 1 April 1990 through 31 March 1991. (Project 766614 - Continuation)

\$69,584.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Serving Persons with Disabilities in Vocational Education: Training the Teacher Trainers, Center on Education and Training for Employment (R. D. Ryan), 1 September 1989 through 31 August 1990. (Project 767903 - New)

\$68,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Proposal to Study Crystallization of the Glassy Grain Boundary Phase in Silicon Nitride Ceramics, Department of Materials Science and Engineering (C. H. Drummond), 1 October 1989 through 30 September 1990. (Project 766445 - Continuation)

\$54,000.00 - National Science Foundation, Washington, D.C., Theoretical Studies of Equilibrium and Non-Equilibrium Multi-Layer Films, Department of Physics (W. F. Saam and C. A. Ebner), 1 May 1990 through 30 April 1991. (Project 766478 - Continuation)

\$50,000.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Demonstration and Evaluation of an Expert System for Interpretation of Cerebral Palsy Gait, Department of Computer and Information Science (T. C. Bylander), 1 October 1989 through 30 September 1990. (Project 767856 - New)

\$48,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Role of Carbon and Nitrogen Partitioning in Tolerance to Moisture Stress in Soybean, Department of Agronomy - OARDC and Department of Agronomy (B. A. McBlain), 1 September 1989 through 31 August 1990. (Project 767848 - New)

December 1, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$45,940.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, Corneal Endothelial Pleomorphism From Contact Lenses, College of Optometry (J. P. Schoessler), 30 September 1989 through 31 July 1990. (Project 764852 - Continuation)

\$43,371.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, The Ohio State University Advanced Glaucoma Intervention Study, Department of Ophthalmology (P. A. Weber), 1 September 1989 through 31 August 1990. (Project 766355 - Continuation)

\$36,942.00 - Department of Labor, Bureau of Labor Statistics, Washington, D.C., National Longitudinal Surveys of Labor Market Experience, Round XI, Center for Human Resource Research (R. J. Olsen), 1 October 1989 through 30 September 1990. (Project 766448 - Continuation)

\$36,754.00 - Department of Agriculture, Science and Education, Washington, D.C., Economic Assessment of Fungicide Benefits, Department of Plant Pathology - OARDC, Department of Plant Pathology, and Cooperative Extension State Operations (C. R. Curtis), Department of Entomology - OARDC (F. H. Hall), and Department of Horticulture - OARDC, Department of Horticulture, and Department of Agricultural Economics and Rural Sociology (W. T. Rhodus), 1 September 1989 through 31 August 1990. (Project 767849 - New)

\$36,333.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Development of Mania Rating Scales for Children Age 6-12, Department of Psychiatry (M. A. Fristad), 30 September 1989 through 31 August 1990. (Project 767885 - New)

\$35,000.00 - United States Institute of Peace, Washington, D.C., Parchment and Swords: The Preconditions and Consequences of Arms Control Agreements, Mershon Center for Education (J. Krugel), 1 October 1989 through 30 June 1990. (Project 767842 - New)

\$33,500.00 - Department of Health and Human Services, National Library of Medicine, Bethesda, Maryland, Towards Integrating Associative and Deep Knowledge in Diagnosis, Department of Pathology (J. W. Smith and N. K. Amra), 1 July 1990 through 30 June 1991. (Project 767887 - New)

\$32,739.00 - Department of Health and Human Services, Alcohol, Drug Abuse, and Mental Health Administration, Rockville, Maryland, Vocal Perception in Apes: Physiological and Neuroimaging Approaches, Department of Psychology (G. G. Berntson), 30 September 1989 through 31 August 1990. (Project 767879 - New)

\$32,000.00 - Department of Agriculture, Animal and Plant Health Inspection Service, Moorestown, New Jersey, Cooperative National Plant Pest Survey and Detection Program (Ohio Plant Pest Survey), Cooperative Extension State Operations (H. R. Willson), 1 October 1989 through 30 September 1990. (Project 767104 - Continuation)

\$31,750.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, *In Vitro* and *In Vivo* Persistence of Canine Distemper Virus, Department of Veterinary Pathobiology (G. S. Krakowka and M. J. Oglesbee), 1 September 1989 through 31 August 1990. (Project 767020 - Continuation)

December 1, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$30,000.00 - Department of Defense, Defense Supply Service, Washington, D.C., Military Adaptation, Mershon Center for Education (A. R. Millett) and Department of History (W. Murray), 29 September 1989 through 29 November 1989. (Project 767852 - New)

\$28,000.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Humoral Factors and Cancer-Associated Hypercalcemia, Department of Veterinary Pathobiology (C. C. Capen) and Department of Radiology (J. I. Merryman), 1 October 1989 through 30 September 1990. (Project 767855 - New)

\$28,000.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Fc Receptor Signal Transduction in the Human Platelet, Department of Internal Medicine (C. L. Anderson and G. P. Anderson), 1 November 1989 through 31 October 1990. (Project 767145 - Continuation)

\$23,455.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., A Multifaceted Mentoring Program for Minority Students on a Regional Campus, Mansfield Campus (J. O. Riedl), 1 September 1989 through 31 August 1990. (Project 767846 - Continuation)

\$19,927.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Head Injury Trauma Research Program, Department of Mechanical Engineering (R. L. Stainaker), 15 September 1989 through 31 December 1989. (Project 767854 - New)

\$18,000.00 - National Aeronautics and Space Administration, Washington, D.C., High Temperature Superconducting Thin Film, Department of Electrical Engineering (G. J. Valco), 1 October 1989 through 30 September 1990. (Project 767084 - Continuation)

\$17,000.00 - National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, Maryland, Ultraviolet Spectroscopy of Planetary Nebulae: Cosmological Implications, Department of Astronomy (G. J. Ferland, B. M. Peterson, and E. Capriotti), 15 December 1989 through 14 December 1990. (Project 766473 - Continuation)

\$10,000.00 - Department of Agriculture, Economic Research Service, Washington, D.C., European Community 1992: Implications for Food Processors and Distributors, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (D. R. Henderson), 28 September 1989 through 31 January 1991. (Project 767850 - New)

\$9,720.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Muscarinic Receptor Abnormalities in Affective Illness, Department of Psychiatry (S. C. Dilsaver), 1 August 1989 through 31 July 1990. (Project 766385 - Continuation)

\$9,000.00 - Environmental Protection Agency, Chicago, Illinois, Ohio Wastewater Treatment Conference, Cooperative Extension State Operations (K. M. Mancl), 1 October 1989 through 30 September 1990. (Project 767875 - New)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

**The Lewis E. Miller and Dorothy Hermann Miller
Research Fund**

The Lewis E. Miller and Dorothy Hermann Miller Research Fund was established December 1, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estates of Dorothy Hermann Miller (Certificate of Pharmaceutical Chemist, '21) and her husband, Lewis E. Miller (B.S.Bus.Adm. '23).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for research by faculty members or graduate students within the School of Journalism, or for scholarships for research, with no limitation on the nature of the research. The recipients of the research awards shall be determined by a committee of faculty members appointed annually by the Director of the School of Journalism.

It is the desire of the donors that this fund should benefit the University in perpetuity. Should the need for this fund cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson or program administrative official, in order to carry out the desire of the donors.

The Loren E. Bollinger-Kenneth E. Kissell Endowment Fund

The Loren E. Bollinger-Kenneth E. Kissell Endowment Fund was established December 1, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Dr. Kenneth E. Kissell (B.S., Arts & Sci., '49; M.S., Physics, '58; Ph.D., Astronomy, '69) of Annandale, Virginia, and a native of Columbiana, Ohio. The Bollinger-Kissell Endowment honors the career of Loren E. Bollinger (B.S.E.E. '48; M.S., Aero Engr., '56) a science columnist with The Columbus Dispatch and instructor, Department of Aeronautical and Astronautical Engineering (1956-1966), as well as the friendship between Dr. Kissell and Mr. Bollinger.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more annual scholarships in the School of Journalism, College of Engineering (Departments of Aeronautical and Astronautical Engineering and Electrical Engineering), and the Department of Astronomy. The scholarships shall benefit junior or senior students in the aforementioned programs who show a demonstrated interest in science writing. Recipients should be residents of the State of Ohio with a preference for students from the northeast quadrant of the State. Scholarship recipients shall be chosen by the University Committee on Student Financial Aid, in consultation with the appropriate department chairperson.

December 1, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Loren E. Bollinger-Kenneth E. Kissell Endowment Fund (contd)

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer, in order to carry out the desire of the donor.

The Ohio State University Mortar Board Alumni Endowment Fund

The Ohio State University Mortar Board Alumni Endowment Fund was established December 1, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from members, alumni, and friends of Mortar Board to commemorate the founding of Mortar Board at The Ohio State University in 1914 and to recognize Mortar Board's outstanding tradition of excellence and its contributions to the University.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for any or all of the following:

To support timely and regular communication with the Mortar Board alumni to enhance their continuing interest and participation in Mortar Board sponsored programs and activities.

To support The Ohio State University Mortar Board active chapter in funding selected programs and activities.

To support selected Ohio State University programs which exemplify the ideals of Mortar Board.

All expenditures of income shall be approved in advance by the affirmative vote of a majority of the Mortar Board Alumni Council Allocations Committee. The Allocations Committee shall be composed of the president of The Ohio State University Mortar Board active chapter, the senior advisor to the Mortar Board chapter, and three Mortar Board alumni selected by the Mortar Board Alumni Council.

It is the desire of the donors that this fund should benefit the University in perpetuity. Should the need for this fund cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate administrative official of the University who is then directly responsible for the Mortar Board Honor Society, in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Leona Rolfes and Ernest Michael Heldt
Memorial Scholarship Fund**

The Leona Rolfes and Ernest Michael Heldt Memorial Scholarship Fund was established December 1, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Lewis Rolfes Heldt (M.A. '51) and Ruth V. Heldt, of Toledo, Ohio, in memory of the parents of Lewis Rolfes Heldt.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships to undergraduate or graduate students in the College of Education. Selection is to be based solely on academic excellence. Selection of the recipients shall be made by the Dean of the College of Education or his or her designee, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson or program administrative officer, in order to carry out the desire of the donor.

Change in Name and Description of Named Fund

The Shepherd Scholarship Award

The J. M. Shepherd Scholarship Fund was established April 3, 1987, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from J. M. Shepherd (B.Cer.E. '58; M.B.A. '59). The name and description were revised December 1, 1989.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarship awards to graduates of Withrow High School (Cincinnati, Ohio) who intend to enroll in the College of Engineering. Recipients shall have evidence of financial need and promise of academic achievement in any engineering discipline. If there are no eligible Withrow graduates, the award should be made available to any deserving engineering student, with preference to a graduate of any other Cincinnati public high school. The award recipient shall be selected by the Dean of the College of Engineering or his or her designee in consultation with the University Committee on Student Financial Aid. This scholarship can be renewed annually until graduation as long as each recipient maintains progress toward a degree and adequate academic qualifications.

Change in Description of Named Fund

**William H. Havener, M.D., Chair
in Ophthalmology Research Fund**

The William H. Havener, M.D., Chair in Ophthalmology Research Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from friends and colleagues in honor of William H. Havener, M.D. The description was revised December 1, 1989.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income and additional gifts shall be added to the principal until the minimum level necessary to establish an endowed chair has been reached. Subsequently, the annual income shall be used to provide support for the work of a distinguished scholar in the Department of Ophthalmology within the College of Medicine. The recipient will be recommended by a search committee, with recommendation from the Dean of the College of Medicine to the Provost, and approved by the Board of Trustees.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income shall be used for research into the subject of diseases of the eye as designated by the Board of Trustees, in consultation with the Dean of the College of Medicine, in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

Approval of Description and Establishment of Fund

**The Zirkle Endowment for
Undergraduate Instruction for Innovation**

The Zirkle Endowment for Undergraduate Instruction for innovation was established December 1, 1989, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for The Ohio State University, Office of Academic Affairs.

December 1, 1989 meeting, Board of Trustees

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

Approval of Description and Establishment of Fund (contd)

**The Zirkle Endowment for
Undergraduate Instruction for Innovation (contd)**

Income provided by the Foundation shall be used to develop and promote undergraduate instruction for innovation. Funds may be used to support faculty development; recognize and reward faculty and students who make significant contributions to innovation; encourage students to engage in new activities which generate creative thinking; fund faculty efforts to develop and implement creative experiences in the undergraduate curriculum; and support other activities which contribute to innovation and creativity as fundamental to undergraduate education. The Vice President for Academic Affairs and Provost or his/her designee shall have responsibility for authorizing expenditures from this fund.

Employment of Architects/Engineers

Background

Biotechnology Support Facility

This project will provide a Plant and Animal Support Facility, with capabilities for future expansion, to serve the Biotechnology Center in Rightmire Hall. The major components of the complex will be a 3,000 square foot headhouse, six 1,000 square foot greenhouses, a 1,200 square foot animal holding facility, a 2,500 square foot growth chamber room, and one 5-10 acre exterior plot.

Initial planning funds in the amount of \$200,000 are available from University funds. Construction funds for the project are anticipated from State funds. Construction and site preparation costs for the project are estimated at \$2,150,000.00, and the total estimated project cost is \$2,700,000.00.

Botany and Zoology Greenhouse

This project will demolish existing ranges and construct a new greenhouse complex with standard environmental controls and improved facilities for research and teaching in the biological sciences. New facilities to be provided include 14,700 square foot of greenhouses, 10,390 square foot of botany space, 4,320 square foot of entomology space, a 2,620 square foot growth chamber building, 1,300 square foot for entomology research labs, a 350 square foot entomology quarantine facility, a 420 square foot entomology insectary, a 3,400 square foot headhouse for biological sciences, and a 1,350 square foot garden area.

Initial planning funds in the amount of \$200,000 are available from University funds. Construction funds for the project are anticipated from State funds. Construction, demolition, and site preparation costs for the project are estimated at \$2,170,000.00 and the total estimated project cost is \$2,700,000.00.

(See Appendix XXXVII for maps, page 621.)

December 1, 1989 meeting, Board of Trustees

EMPLOYMENT OF ARCHITECTS/ENGINEERS

Resolution No. 90-57

**BIOTECHNOLOGY SUPPORT FACILITY
BOTANY AND ZOOLOGY GREENHOUSE**

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms for the Biotechnology Support Facility and Botany and Zoology greenhouse projects.

WHEREAS the Biotechnology Support Facility project will provide a Plant and Animal Support Facility; and

WHEREAS the total planning funds available for the project is \$200,000.00, with funding provided from University funds; and

WHEREAS the Botany and Zoology Greenhouse project will demolish existing ranges and construct a new greenhouse complex; and

WHEREAS the total planning funds available for the project is \$200,000.00, with funding provided from University funds:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for these projects, in conjunction with the Department of Administrative Services, and that the fees for these services be negotiated between the firms selected and the Department of Administrative Services, Division of Public Works.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Request for Construction Bids

Background

Morrill Tower and Lincoln Tower Residence Halls
Upgrade Treatment - Phase I

This project will repair and upgrade dormitory and auxiliary spaces in Morrill and Lincoln Towers to improve the quality of life and reduce maintenance costs. This project will be completed in two phases. The first phase will be to complete two floors of Morrill Tower to test scheduling and completeness of construction documents. The second phase will complete the remaining floors of Morrill Tower and the dormitory floors of Lincoln Tower.

Construction funds for Phase I of the project are available from Residence and Dining Halls, and construction costs are estimated at \$1,210,000.00. The total estimated project cost for Phase I is \$1,287,020.00.

(See Appendix XXXVIII for map, page 625).

December 1, 1989 meeting, Board of Trustees

REQUEST FOR CONSTRUCTION BIDS

Resolution No. 90-58

**MORRILL TOWER AND LINCOLN TOWER RESIDENCE HALLS
UPGRADE TREATMENT - PHASE I**

Synopsis: The Fiscal Affairs Committee recommended authorization to request construction bids for the Morrill Tower and Lincoln Tower Residence Halls Upgrade Treatment - Phase I project.

WHEREAS the Morrill Tower and Lincoln Tower Residence Halls Upgrade Treatment - Phase I project will repair and upgrade dormitory and auxiliary spaces to improve the quality of life and reduce maintenance costs; and

WHEREAS the total estimated cost of project is \$1,287,020.00, with the estimated construction cost being \$1,210,000.00, with funding provided from University funds:

NOW THEREFORE

BE IT RESOLVED That the President and/or Vice President for Business and Administration be authorized to request construction bids on this project in accordance with established University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**Employment of Architects/Engineers and
Request for Construction Bids**

Background

1501 Neil Avenue Renovation

This project will repair the roofs, windows, and exterior walls, provide site improvements, renovate the mechanical and electrical systems, make necessary fire, safety, and handicapped improvements, and create a functional environment for the Mershon Center. This project will also make minor renovations to the property located at 1478 Pennsylvania Avenue to house the Mershon Center while renovations are taking place at 1501 Neil Avenue.

Construction funds are available from State appropriations and construction costs are estimated at \$1,042,000.00. The total estimated project cost, which includes the purchase of the building, is estimated at \$3,000,000.00.

Astronomical Instrumentation Facility

This project will construct an addition to the north side of the Maintenance Building to house personnel and equipment for the design and construction of instruments for making astronomical observations in the visible and near infrared wavelengths for the new 11.3 meter Columbus Project telescope and the existing 1.8 meter Perkins telescope.

December 1, 1989 meeting, Board of Trustees

**Employment of Architects/Engineers and
Request for Construction Bids (contd)**

Background (contd)

Construction funds are available from University funds and construction costs are estimated at \$1,066,000.00. The total estimated project cost is \$1,300,000.00.

(See Appendix XXXIV for maps, page 627.)

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 90-59

**1501 NEIL AVENUE RENOVATION
ASTRONOMICAL INSTRUMENTATION FACILITY**

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for the 1501 Neil Avenue Renovation and the Astronomical Instrumentation Facility projects.

WHEREAS the 1501 Neil Avenue Renovation project will create a functional environment to house the Mershon Center; and

WHEREAS the total estimated cost of the project is \$3,000,000.00, with the estimated construction cost being \$1,042,000.00, with funding provided from State Appropriations; and

WHEREAS the Astronomical Instrumentation Facility project will construct an addition to the north side of the Maintenance Building to house personnel and equipment for the design and construction of instruments for making astronomical observations; and

WHEREAS the total estimated cost of the project is \$1,300,000.00, with the estimated construction cost being \$1,066,000.00, with funding provided from the University funds:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project and that the fees for these services be negotiated between the firms selected and the State of Ohio or the University, as appropriate; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on these projects in accordance with established State of Ohio and University procedures, and if satisfactory bids are received, to recommend award or award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**Report of Award of Contracts and
Establishment of Contingency Funds**

Background

(See Appendix XXXX for a complete tabulation of bids on all projects and locator map, page 631. Amounts shown with an * include accepted alternates.)

Veterinary Hospital - Sprinkler For Large Animal Wards

This project will provide a fire-suppression sprinkler system to protect against fire and smoke damage to the building and occupants of the large animal wards. The total project cost is \$62,160.00; funding is provided from State capital appropriations (House Bill 810, Basic Renovations). The estimated completion date is May, 1990. The contract awarded is as follows:

Fire Protection Contract:	Culligan Fire, Cincinnati, Ohio
Amount:	\$56,000.00 *
Estimate:	\$118,000.00 *
Total Contracts:	\$56,000.00 *
Contingency Allowance:	\$4,160.00 (9.9% of construction cost)
Total Project Cost:	\$62,160.00

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 90-60

VETERINARY HOSPITAL - SPRINKLER FOR LARGE ANIMAL WARDS

Synopsis: The Fiscal Affairs Committee recommended the Report of Award of Contracts and the Establishment of Contingency Funds for the Veterinary Hospital - Sprinkler for Large Animal Wards project.

WHEREAS a resolution adopted by the Board of Trustees on May 4, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following project: Veterinary Hospital - Sprinkler for Large Animal Wards:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by this Board and upon the recommendation of the Fiscal Affairs Committee, the Report of Award of Contracts and Establishment of Contingency Funds for the Veterinary Hospital - Sprinkler for Large Animal Wards project is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

December 1, 1989 meeting, Board of Trustees

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY**

Resolution No. 90-61

Synopsis: The Fiscal Affairs Committee recommended authorization to renew an easement for an underground distribution line to the Columbus Southern Power Company at 2623 Kenny Road in Columbus, Ohio.

WHEREAS in 1974 The Ohio State University granted to the Columbus Southern Power Company a 15-year easement consisting of a strip of land approximately five feet in width and approximately 725 feet in length for the installation of underground cable to the Agronomy Barn at 2623 Kenny Road in Columbus; and

WHEREAS this easement has expired and Columbus Southern Power has requested a renewal for a 15-year period; and

WHEREAS the electric service will serve University property; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XXXXI for map, page 635.)

--0--

**EASEMENT
SOUTH CENTRAL POWER COMPANY**

Resolution No. 90-62

Synopsis: The Fiscal Affairs Committee recommended authorization to renew an underground electric service easement to the South Central Power Company at Overlook Farm in Fairfield County.

WHEREAS in 1974 The Ohio State University granted to South Central Power Company a 15-year easement consisting of a strip of land approximately 15 feet in width and approximately 1,015 feet in length for electric service to the storage shed at the Overlook Farm Apartments in Fairfield County; and

WHEREAS this easement has expired and South Central Power has requested a renewal for a period of 15-years; and

WHEREAS the electric service serves University property; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

December 1, 1989 meeting, Board of Trustees

**EASEMENT
SOUTH CENTRAL POWER COMPANY (contd)**

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appenxi XXXXII for map, page 637.)

UPDATE ON THE NEXT BOND SALE

Mr. Nichols:

At the August meeting I had reported some basic information about our outstanding bonds which is still at \$169 million, about half fixed and half between variable. The projects list that I reported to you then was tentative, and still is tentative. No one was dropped off the list yet, so it is looking more firm.

I would like to maybe quickly tell you again what those are. The large project is clearly the PCB electrical system upgrade project, which is approximately half of the project. We have the addition to the Arps Parking Garage; the new Main Bookstore; five or six projects that involve the Athletic Department -- two of them for the steel concrete restoration of the Stadium, and the new roof for St. John Arena, the North Maintenance Facility, the scoreboard in St. John Arena, and the restoration of the turf which has already started.

In addition to that, projects that have been discussed since then that are on the tentative list are the second MRI at the Hospitals; the Water Purification System at McCracken Power Plant; ongoing modifications at the Ohio Unions; and the improvements to the Faculty Club, which you have approved recently. We have some other potential projects that could be on there that are smaller amounts.

We had previously advised people that it would be in the \$30 - \$50 million range. The projects that I have just given you total \$42 million and I think that we are starting to focus in on where the range of that issue will be. Since I talked with you in August, the Attorney General has formally appointed Vorys, Sater, Seymour, and Pease in Columbus, to be bond counsel for this particular issue. We have proceeded through the request for proposals, interviews for investment bankers, and internally have made a selection of the investment bankers. There will be five in the syndicate. I might point out that we started a policy in the 1985 issue where rather than name a single investment banker and let them choose who would be in the syndicate, it was in the best interest of the University if we decided who was in the syndicate and made the various allocations of bonds and took a more active role, shall I say, in the management of the issue. As a result of that review, John Nuveen and Prudential-Bache are the co-leading managers, with Bache basically handling the internal mechanics of the books, as it's known in the trade. There are three co-managers: Huntington National Bank, The Ohio Company, and W. R. Lazard.

December 1, 1989 meeting, Board of Trustees

UPDATE ON THE NEXT BOND SALE (contd)

Mr. Nichols: (contd)

We are pleased with the presentations that were given by the various firms and we are very comfortable with the firms that have been chosen. I might add that I have talked with all of them personally and they are all excited to get started on the project. We anticipate that we will come back to you at either the March or April meeting with the voluminous material that accompanies bond issues and ask for your approval to sell the bonds. I might add that we had over 20 proposals for investment bankers and some time was spent in review of those.

Mr. Kessler:

Thank you, Mr. Nichols. Are there questions?

Mr. Teaford:

I have one question. I heard on there the second MRI scanner. The Hospitals Strategic Plan does not include any such program, as I understand it, nor does the Hospitals Board Capital Budget include such an item. So, I am kind of surprised to see it as something we are going to fund. I'm I right, Reed?

Mr. Reed Fraley:

At the last Hospitals Board meeting we did review the Capital Plan and the MRI was a portion of that project.

Mr. Teaford:

It was on there?

Mr. Fraley:

Yes, sir.

Mr. Teaford:

O.K., good.

Mr. Nichols:

That would require, Mr. Teaford, of course as all projects do, two elements that we think are important: 1) that the project is clearly a "go" in the sense that there are either purchase orders out there or we are well on the path; and 2) with regards to the Hospitals is that we would have to have a certificate in need in place before we could proceed. That would be necessary.

--0--

December 1, 1989 meeting, Board of Trustees

PROPOSAL FOR STIPENDS FOR GRADUATE STUDENTS

Dr. Hutchinson:

Mr. Chairman, in the past we have done our annual review of the graduate stipends that we pay here and at other institutions with whom we compete. As you know, a few years ago we chose to change the date on which we add to the stipends and moved it to January from June or September. We have chosen to continue that. It appears that we also have an obligation to maintain our relative standing which has been about third in the Big 10. We feel that that keeps us competitive in getting the best graduate students and for us to maintain that this year would require an increase of 6.5 percent on the average to graduate stipends. So we are recommending that to you.

Mr. Kessler:

Do we need a motion?

Mr. Scott:

No, we do not. This is a part of the overall budget for 1989-90, and we will see this again on a permanent basis when the President's proposal comes in May 1990.

--0--

Mr. Berry:

Since we won't have a meeting between now and the holidays, I wish everyone of you a very Merry Christmas and Happy New Year. And may the new year start with a victory for Ohio State in the Hall of Fame Bowl and Mr. Scott is in charge of that.

Mr. Scott:

Mr. Chairman, I must confess before you adjourn this meeting that I thought it was going to be 9 and 3 and the Rose Bowl. Remember I said that? And we came within a hair. Next year!

Mr. Berry:

Next year, and I'll be gone!

--0--

Thereupon the Board adjourned to meet Thursday, February 1, and Friday, February 2, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

MEMORANDUM

Subject: Proxy Solicitations
Date: November 30, 1989
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of November 1989, the University voted five proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Ratification of independent auditors;
- 3) Approval of a merger agreement;
- 4) Approval of a common stock swap;
- 5) Amendment to change the company name;
- 6) Elimination of classification of the Board of Directors;
- 7) Amendment to increase authorized shares of common stock;
- 8) Approval of a 1989 Stock Option Plan.

The shareholder proposal was as follows:

- 1) Reinstate annual election of all Directors.

The University voted for all Management proposals and against the shareholder proposal, which Management also opposed.

The five corporations were:

- 1) Carter Hawley Hale Stores, Incorporated
- 2) Core States Financial Corporation
- 3) Marion Laboratories, Incorporated
- 4) The Nieman Marcus Group
- 5) Wallace Computer Services, Incorporated

APPENDIX XXXVI

ASSESSING EXTENTION PROGRAM NEEDS AT THE LOCAL LEVEL

**Presented to the Agricultural Affairs Committee
(See page 570)**

Ohio Cooperative Extension Service

Office of the Director
2120 Fyffe Road
Columbus, OH 43210-1010
Phone 614-292-4067

AGRICULTURE AFFAIRS COMMITTEE
BOARD OF TRUSTEES
December 1, 1989

ASSESSING EXTENSION PROGRAM NEEDS AT THE LOCAL LEVEL

* NATIONAL INITIATIVES

The Ohio Cooperative Extension Service is part of the national Cooperative Extension System. Eight National Priority Initiatives have been identified as the agenda focus leading into the 21st century:

- Alternative Agricultural Opportunities
- Building Human Capital
- Competitiveness and Profitability of American Agriculture
- Conservation and Management of Natural Resources
- Family and Economic Well-Being
- Improving Nutrition, Diet and Health
- Revitalizing Rural America
- Water Quality

* OHIO ISSUES

As a result of a comprehensive long range planning process which involved a cross section of Ohio citizens (December, 1987), six issues critical to Ohio were formulated:

- Financial Survival in Agriculture
- Rural Revitalization
- Family Well-Being
- Preparing Youth for Responsibility
- Water Quality
- Leadership

The Ohio State University, The United States Department of Agriculture and County Commissioners Cooperating

* COUNTY DEMOGRAPHIC INFORMATION

A jointly funded project of OCES and the Job Training Partnership Act has made possible the development of Ohio Community Notebook and computer data base. Sam Crawford, OCES Community Development Specialist is able to generate county demographic profiles using the most current statistical data available. Following are examples of what county profiles include:

- population projections
- per capita incomes
- business growth and change
- sources of county income
- race, age, marital status analyses

* COUNTY NEEDS ASSESSMENT

Needs Assessment for the Ohio Cooperative Extension Service is the process of identifying the most critical issues/needs of people within the mission of OCES. Coordination of the process will be managed through the Leader, Program Development. A committee will be involved in developing a package of needs assessment formats for county faculty to use throughout 1990.

* PLAN OF WORK

The Annual Plans of Work of county faculty are used to develop a statewide four year plan. The plans reflect the coordination of county needs, Ohio issues, and National Initiatives.

The Extension Program Planning Process is a comprehensive model including:

-Planning

The development of a specific program based upon identified needs. Plans include objectives, target audiences, proposed teaching methods, and steps to involve local clientele.

-Implementation

This stage includes timetables, marketing strategies for specific programs, development of appropriate teaching materials and actual procedures for conducting programs.

-Evaluation and Reporting

Evaluation includes assessment of program impacts regarding individual and community change. Reporting involves aggregation of data for county, state and federal funding sources and for marketing programs.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-SEVENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, January 5, 1990

Pursuant to paragraph (B) of bylaw 3335-1-01 of The Administrative Code of The Ohio State University, the Board met upon the call of the Chairman, John W. Berry, in a special meeting on Friday, January 5, 1990, at 11:30 a.m., at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

**

**

**

January 5, 1990 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on January 5, 1990, at 11:30 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, Deborah E. Casto, John W. Kessler, Alex Shumate, Sophia L. Paige, and Laurel A. Davis.

--0--

Mr. Berry:

First, we would like to have a status report on the Arthur G. James Cancer Hospital and Research Institute from Mr. Jackson.

Mr. Jackson:

Thank you, Mr. Chairman, members of the Board. First, let me say there is bad news. On December 18, 1989, a fire sprinkler line broke in several places at the very top of the Cancer Hospital. An estimated 300,000 to 400,000 gallons of water then cascaded down through the building. But then you know this.

The rest of the news is good. Everyone involved with the project responded, without exception, in a quick and professional manner: the architects and engineers of the building; all contractors, without exception; the State Architect's Office; the Cancer Hospital staff; the University Hospital staff; the Office of Health Services; University and Hospital Communications; the University Architect's Office; the medical staff; and our attorneys. And I hope I haven't missed anyone, because of the superb job that was done.

I will try to keep this report short and then answer any questions you might have. We have given each of you a packet of information which was given to the press on Wednesday, approximately 48 hours after the incident. I trust you will find it helpful. This material is also consistent with the resolution and background you have before you today. I would like to, at this point, show a couple of overheads of some of the areas within the Hospital where the lines broke, and a short TV tape which I think will help explain what happened.

The first picture is of the east stairwell and the fire escape for the Hospital. You've heard discussions about a vent and an opening and that would be depicted by what looks like a little mushroom at the top of the stairwell. Floor 13, in this case, is shown here as the roof of the Hospital. The standpipe for the fire sprinkler system, which comes up this chase all the way up through the building, was in this area and just above the 12th floor landing. And it was in this area that the breaks in the waterline occurred, where the size of the line was 6 inches in diameter. There was a sprinkler head aligned beneath the ceiling, or just below the vent up there, which also froze and broke. The water then came down all of these floors, out underneath the doors and where ever it could get in. It came down to the 7th floor where this chase was closed off. Water built up in that chase and this whole wall kicked out in here on the 7th floor. We had, what I expect, at some point in time, a titlwave of water from that point, across the 7th floor, then going down wherever it could.

This is just a floor plan of the 12th floor landing. This shaft, where we talked about a chase where the pipe goes vertically through the building, is here. This opening here was where the fire connection came out onto the landing and that fire connection was broken off at that point, and then there were a couple of other breaks also in the chase. Water went out here, we suspect, back onto this floor and

Mr. Jackson: (contd)

went down the stairwell and onto other floors. Of course, as it went onto the floors it then went on down.

There were some good things that happened on floors 11 and 12. Eleven and twelve are the research floors and those floors have a seamless vinyl flooring. So when they come to the edge of the wall they curve up. There is not a joint there except where they come to a corner, and then those are welded together. So the 11th and 12th floors acted like little bath tubs and the water didn't get into walls and was very helpful from that standpoint, until it found its way back out the doors and down onto other floors. Eleven and twelve are in better shape than are the other floors.

The other part of the good news, if you can find good news in these kinds of things, is that the building worked very much as it was designed and should have been designed. So I think that we ought to feel good that happened. This is the outside wall of the institution--brick construction. And these angles here, which go into the floor, hold that brick up. They are placed at various levels of the building. And the water came across the floor and through the walls and down. When it got to this point, it came through holes which were deliberately put in the brick to allow any moisture, which got into that section, out. And that was the great majority -- not all, but a great majority of the ice that appeared on the outside of the building. The water came out through those holes and came down. And as it came out, it froze. So, I think we ought to feel good that it was in there the way it should have been and functioned the way it should. There was other water that got out and I'm not going to kid you about that. But at least we believe that from our initial inspection that there is no damage to that brick or it is very minimal, if any. We are in the process of taking a very close inspection with the equipment that is on the building. We will be looking at that further, but we do not believe there is any problem. There is no structural problem with the building and I think that is also extremely good news.

I also have a short TV tape that I want to show you. These are some pictures of this very top up there -- what I call a "mushroom" on top there -- this is the vent we talked about which was opened and should not have been. This was the source of the cold air, which I believe caused the freezing of the pipes. It is about a 2 to 2 1/2 minute tape.

This is the top of the roof looking out into the sky -- this is the pipe work that is up there, but this is open to the sky. This is the mushroom, as I call it. They have lifted it off here and this is the grate or the vent that we talked about. At this point in time, the screw which was holding it open has been removed. As you can see, the workers are just moving the vent itself. In a second you will see the screw that was placed on the side of this housing to keep that open, and, of course, it was opened and was maintained opened, we think, probably from last summer. This is from the inside looking up and you can see the sky through the vent itself. They put the mushroom back on top of it and it is still in an open position. This is the date and time that this particular picture was taken. The picture that we will show you where the screw is in place was taken earlier and does not have a time and identification, but you will see the screw right there which forced that vent open. There is no date and time on it because it was done before the screw was taken out -- the actual condition that we found it that morning. This was also typical in the south stairwell, but we do not have problems there.

January 5, 1990 meeting, Board of Trustees

Mr. Teaford:

The south stairwell screw was there, too?

Mr. Jackson:

Yes.

Mrs. Bowser:

So, the cold air rushed in through that.

Mr. Jackson:

I believe that it was brought in through that because of a vacuum that was on the east end of 11 and 12. That is the actual failure of the sprinkler in the top of that where the back-half of that just fell off or froze off.

This is the vertical chase that we talked about, this is where that fire connection came out and actually broke off of that connection.

Mr. Teaford:

And we've broken through the wall in order to see this, is that right?

Mr. Jackson:

Yes. It is actually broken through.

Mrs. Bowser:

Is the building structurally sound, Dick?

Mr. Jackson:

Absolutely, no question about it. This is just another connection that was broken on the back-half. You can imagine what kind of water comes out of that. When those froze, they automatically triggered pumps which pumped between 1200 and 1500 gallons of water a minute out, because it was stopped it said, "we need water," so the system worked. It thought water was needed -- so it pumped it out.

To get back to your question, Shirley, on the research floors there are a lot of hoods for research purposes. Those hoods have a 100 percent exhaust, those are exhausting all the time, 24 hours a day. So when the main intake fans shut off, those hoods continue to work. They created a vacuum that sucked the air under those doors on 11 and 12. And that is where all of the cold air came from -- the majority of it in terms of -- I could spend a whole day talking about it, especially what I think happened.

By the first afternoon we were documenting the building condition and taking statements from everyone involved. This has proven helpful and will continue to be helpful as we proceed. Some statements still need to be taken from individuals who have not been available because of vacations, etc. The investigation still continues at this time.

Mr. Jackson: (contd)

The question of why the audible alarm was not functioning is still unresolved. I am uncomfortable with an understanding of what transpired with this system. As a practical matter, we would have been better off with only one contractor to turn to rather than the multiple contractors required by Ohio law. But then I have said that many times before.

At the direction of the University Medical Staff, we brought in an expert in microbiology to assist in the evaluation of the environment and to direct preventative measures to minimize further damage. The quick action to remove all water and debris has been helpful from this standpoint. The following weekend, materials were applied by specialists to help prevent further microbiological growth. This individual was in here by late Tuesday afternoon. Continued oversight of the work by the Medical Staff is taking place. There is no problem which cannot and will not be resolved. In addition, we are in the process of evaluating all systems room by room. The detailed estimate of repair costs will be available very shortly.

Better news. I believe that we can open the research floors 11 and 12 for use while meeting all requirements by February 12, 1990. Dr. Schuller has encouraged us to do this. I believe we can also open the remainder of the building by June 1, 1990, with your approval of the resolution today. I really know what happens when you make speculations on dates like that, but I do not believe these are unrealistic dates.

The Department of Administrative Services did approach the Honeywell Corporation by letter on December 20, 1989, and discussions are ongoing. In addition, we have notified our insurance carrier and they have been to the site and reviewed the situation. A claim will also be filed with them to protect our interests under that policy.

Our position has been to minimize damage, to document information of any kind, to evaluate damage, and to prepare to restore the building to a completed status for use. We ask for your approval of the resolution before you. I would be glad to try to answer any questions that you might have.

Mr. Berry:

Are there any questions?

Mr. Teaford:

The resolution is basically what?

Mr. Jackson:

The resolution is basically a status report and it says that we are proposing to spend money to get the facility open as quickly as possible and then seek restitution from those determined responsible.

(See Appendix XXXXIII for Transparencies, page 651.)

Arthur G. James Cancer Hospital and Research Institute

Background

**STATUS REPORT ON REPAIRS AND RESTORATION
DUE TO DAMAGE FROM WATER LINE BREAKS**

As you know, during the early morning hours of Monday, December 18, a frozen water line serving the sprinkler systems of the Arthur G. James Cancer Hospital and Research Institute burst in several places. The breaks poured water onto the 12th floor of the building and sent water cascading down to each of the lower floors. It is estimated that from 300,000 to 400,000 gallons may have gone through the building. The break was not discovered until a patient in University Hospitals notice an expanding puddle outside the Cancer Hospital and notified a nurse at about 3:00 a.m. Until then, Hospital and University security offices were unaware of the break because the remote monitoring devices for the life safety systems were not fully connected to the University's security system and operational.

The State Architect's Office and the University are continuing to investigate the cause of the frozen pipes. At this point, our investigation has confirmed that an employee of Honeywell, Inc., blocked a ceiling damper in an open position, preventing it from closing as designed. With temperatures falling below minus 5 degrees, pipes located in the east stairwell directly below the open damper were exposed to the frigid air and froze. We also believe that the air handlers which heat the east half of the 11th and 12th floors shut down at some point during the night, leaving those areas without heat. Finally, there exists the possibility that an exterior door to a mechanical room located on the roof was left open, but it is not believed to have contributed to the problem.

The resulting damage was serious and extensive, but at this point we are confident that the facility remains structurally sound. There was water damage on every floor to ceiling tile, some dry wall ceilings, walls, and floors. There was, however, no apparent damage to the exterior walls. Approximately \$6.6 million in equipment, including two linear accelerators, sustained no damage. About \$2.5 million in equipment did come in contact with water, but the extent of the damage to this equipment has not yet been determined. While much of the carpeting and furniture came in contact with water, most does not appear to have sustained permanent damage.

By the morning of Wednesday the 20th, a team was in place to coordinate assessment of the damage and the necessary repair and restoration work. That team consists of representatives from the State Architect's Office, the Cancer Hospital, the University Architect's Office, Business and Administration, Health Services, the Associate Architect for the facility, and all building contractors. The team has in place a plan of action and will conduct a complete review of every system in the building. It is expected that this team will have a preliminary evaluation ready within the next few weeks.

Meanwhile, cleanup work and repairs are continuing. Cleanup work began within two hours of discovery of the damage, and by December 20, nearly all standing water had been removed. As of now, all debris has been removed, the building is dry, and all building systems operational before the water break are again functioning normally.

The University, in cooperation with the State Architect, is proceeding to evaluate the necessary repairs. To prevent additional delays and further damage, the restoration work will be done by the various contractors working on the facility. This will be accomplished through modifications and change orders to the existing construction contracts. Again to prevent delays, the University is temporarily assuming the cost of all cleanup and repair work. Once we can firmly establish responsibility and liability for the damage, costs will be charged to the party or parties

Arthur G. James Cancer Hospital and Research Institute (contd)

Background (contd)

**STATUS REPORT ON REPAIRS AND RESTORATION
DUE TO DAMAGE FROM WATER LINE BREAKS (contd)**

responsible. The very preliminary estimate is that the total cleanup and restoration cost could exceed one million dollars.

Dr. David Schuller, Director of the Cancer Hospital, reports that this event has had no negative impact on the efforts to recruit a top medical and support staff for the facility. To our knowledge, none of the individuals who have been recruited have given any indication that they plan to alter their commitments to join the staff. Further, the damage will not affect oncology patients at University Hospitals. The site visit for the Core Grant Application of the Comprehensive Cancer Center, planned for February 7-8, will take place as scheduled. However, further delays in obtaining access to the building, especially to the research laboratories, could adversely affect progress on the University's cancer research programs. For this reason, the University has decided to focus initial restoration work on the research areas of the facility - the 11th and 12th floors.

ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE

Resolution No. 90-63

**STATUS REPORT ON REPAIRS AND RESTORATION
DUE TO DAMAGE FROM WATER LINE BREAKS**

Synopsis: Status report on repairs and restoration due to damage from water line breaks for the Arthur G. James Cancer Hospital and Research Institute.

WHEREAS on December 18, 1989, frozen water lines in the Arthur G. James Cancer Hospital and Research Institute burst and caused serious and extensive damage to the nearly completed facility; and

WHEREAS the University has in place a team to investigate the cause of this emergency and to coordinate assessment of the damage and the necessary repair and restoration work, with the team being composed of representatives of the State Architect's Office, the Cancer Hospital, Health Services, the University Architect's Office, the Associate Architect for the facility, Business and Administration, and all contractors working on the building; and

WHEREAS to prevent additional delays and further damage, the University, with the concurrence of the State Architect, is proceeding with necessary repairs and restoration work, to be accomplished by the various contractors currently working on the facility through modifications and change orders to the existing construction contracts; and

WHEREAS again to prevent additional delays, the University is temporarily assuming all costs for cleanup and repair and restoration work and will charge those costs to the responsible party or parties once responsibility and liability for this situation have been determined; and

WHEREAS the University is doing all things necessary to accomplish the repair and restoration work as expeditiously as possible and in a professional manner in keeping with the standards set for this facility to ensure that the Cancer Hospital can open as soon as possible:

ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

**STATUS REPORT ON REPAIRS AND RESTORATION
DUE TO DAMAGE FROM WATER LINE BREAKS (contd)**

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby accepts this report on the water damage to the Arthur G. James Cancer Hospital and Research Institute and authorizes the University administration to proceed as outlined in the report to accomplish necessary repair and restoration work to prepare for the Cancer Hospital to open as soon as possible and to temporarily assume the costs of such work until the costs can be charged to the party or parties responsible.

BE IT FURTHER RESOLVED, That the President and/or the Vice President for Business and Administration shall submit to this Board as soon as practicable a dollar amount associated with these repairs along with an estimate of what amount, if any, may be the ultimate responsibility of the University.

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Mr. Berry:

We would like everyone to know that we have been in the process of establishing a search committee for the position of the President. We have a resolution before you. I think that rather than read the whole resolution, I may read one part of it:

"BE IT FURTHER RESOLVED, That the Search Committee is charged with representing the best interests of the University in planning and directing all aspects of a comprehensive and expeditious search for a new President including developing a list of candidates, reviewing the qualifications of candidates and making a recommendation of one or more candidates to the Board at or before the regular Board of Trustees meeting in July 1990."

I guess that is the guts of the resolution. The makeup of the search committee has been publicly announced and I guess it is open to questions. Does anybody have any questions about the resolution?

Mr. Teaford:

One thing everyone should realize -- I had an occasion last night to review the search committee processes at three other Big Ten universities. In two of those three Big Ten universities, the search committee was made up entirely of trustees. Both had advisors, but even with advisors the various constituent groups were required to give a list and the trustees picked from among the list. The third university did include some non-trustees and a minority of the committee and, again, lists submitted to the trustees and the trustees picked. There are four members of the fifteen-member search committee who have been selected by the Board in this case, and those are the four Trustees. I think it is very significant to know that, because it will have a great effect on what kind of search is being conducted. This Board of Trustees is not afraid of the constituent parts of the University and want their involvement directly in the process. I move the resolution, Mr. Chairman.

January 5, 1990 meeting, Board of Trustees

Ms. Paige:

Mr. Berry, I have a question that I wanted to ask. I was reviewing the students that were nominated from the student population and my main concern -- I believe that Calita Williams is a Graduate School student and David Straub is an undergrad. And I was wondering if it would be feasible for a professional student to be added to the student population seeing that every other facet of the University is basically represented with the composite of the fifteen. What is the possibility of adding a third student to the student population, so there could be a representative from the undergraduate, the Graduate School, and the professional school?

Mr. Kessler:

When we set up the fifteen we said two students, we didn't say one from every -- and it was up to Russ Spillman and the student leadership to come up with the two, and the two happened to be that. My only concern is in the size of the Search Committee. In talking with search committees who have been successful, the smaller the search committee, the easier it is to come to consensus and do it in a timely fashion. And I am just afraid if you keep making it bigger and bigger, it is going to make it -- fifteen is a pretty could size number.

Ms. Paige:

Well, I just wanted to express that. That is my main concern is that the professional school --

Mr. Berry:

I agree with Mr. Kessler's answer -- but certainly the search committee wants the input of everyone, all constituencies, and certainly anyone from the professional schools should give any input they might have to the student representatives, including certainly the Student Board Members. The Board will be reviewing what the Search Committee has found out and, while they aren't represented per se, we certainly aren't excluding any views that any of the students from the professional school's have.

Mr. Teaford:

I'd like to say two things on that. One, happily we know that professional students will have a voice in this, because, indeed, one of them is on the Board. So that is a fortuitous circumstance. But continuing what I said earlier, I think it is important that this Board not try to form this committee as we want it formed, but rather we should let the constituent parts make those choices. And I think for that reason, the students have made a choice that I think --

Mrs. Bowser:

As have the faculty and deans.

Mr. Teaford:

As have the faculty. I think we should go with that without trying to fiddle with it.

January 5, 1990 meeting, Board of Trustees

Mr. Berry:

But we shouldn't exclude any input.

Mr. Teaford:

No, absolutely right.

Mr. Berry:

I think that is the important thing. I don't know if that answers your question or not, Sophia?

Ms. Paige:

Yes. I just wanted to bring up that concern.

Mr. Berry:

Any other questions?

**ESTABLISHMENT OF SEARCH COMMITTEE FOR
POSITION OF PRESIDENT**

Resolution No. 90-64

Synopsis: Establishment of Search Committee for position of President is proposed.

WHEREAS Dr. Edward H. Jennings has decided to relinquish his position as President of The Ohio State University and return to the Faculty effective September 1, 1990; and

WHEREAS it is the responsibility of the Board of Trustees to select the University President; and

WHEREAS the Board of Trustees has determined that the most appropriate method of evaluating candidates for the position of President is to establish a Search Committee which will have broad representation of many University constituencies and which will make recommendations to the Board regarding the best qualified candidates to be the next President of The Ohio State University:

NOW THEREFORE

BE IT RESOLVED, That the Chairman of Board of Trustees shall appoint a Search Committee for the position of The Ohio State University President which will have the following membership:

- 4 Trustees, one of whom shall serve as Chairperson of the Committee
- 5 Members of the Faculty
- 2 Students
- 1 Dean
- 1 Director of The Ohio State University Alumni Association
- 2 Non-teaching Staff

January 5, 1990 meeting, Board of Trustees

**ESTABLISHMENT OF SEARCH COMMITTEE FOR
POSITION OF PRESIDENT (contd)**

BE IT FURTHER RESOLVED, That the Search Committee is charged with representing the best interests of the University in planning and directing all aspects of a comprehensive and expeditious search for a new President including developing a list of candidates, reviewing the qualifications of candidates and making a recommendation of one or more candidates to the Board at or before the regular Board of Trustees meeting in July 1990; and

BE IT FURTHER RESOLVED, That the Search Committee shall seek appropriate internal and external assistance with the search, including the retaining of outside consultants, and shall make use of the Office of the Secretary of the Board of Trustees for assistance and coordination of the process. The Committee shall serve until discharged by the Board of Trustees or upon the appointment of a new President; and

BE IT FURTHER RESOLVED, That any actions taken by the Chairman and the Board of Trustees to carry out this resolution prior to its effective date are hereby ratified and approved.

Upon motion of Mr. Teaford, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Mr. Berry:

At this time, I will name the members of the Search Committee, many of whom are known to some. I'll name the members for the benefit to all present. I think we have an excellent search committee from all aspects:

Trustees

John W. Kessler, Chairman
Shirley D. Bowser
Hamilton J. Teaford
Alex Shumate

Faculty

Bunny Clark, Professor, Physics
Nathan Fechheimer, Professor, Dairy Science
Judith Koroscik, Associate Professor, Art Education
William Moore, Jr., Professor, Educational Policy and Leadership
Nancy M. Rudd, Professor, Family Resource Management

Students

David Straub
Catita Williams

Dean

C. William Kern, Mathematical and Physical Sciences

January 5, 1990 meeting, Board of Trustees

**ESTABLISHMENT OF SEARCH COMMITTEE FOR
POSITION OF PRESIDENT (contd)**

Mr. Berry: (contd)

Director of The Ohio State University Alumni Association

Dan L. Heinlen

Non-teaching Staff

Mona K. Dove, Assistant College Secretary, Arts and Sciences Administration
Joan E. Patton, Chief Fiscal Officer, College of Medicine, Health Services Administration

I think that all of these people come from a wide background and will do a very able job of representing all constituencies of the University. Mr. Kessler, I am sure you will find that you have a very able group to work with.

Mr. Scott:

I have one comment. The first meeting of the committee will be at the call of the Chair and notification to that effect will be from Mr. Kessler.

Mr. Berry:

Are there any other comments or business? We will now adjourn for the purpose of holding an Executive Session to consider legal issues and personnel actions.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford.

--0--

Thereupon the Board adjourned to meet Thursday, February 1 and Friday, February 2, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-EIGHTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 2, 1990

The Board of Trustees met at its regular monthly meeting on Friday, February 2, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** **

Minutes of the last meeting were approved.

** ** **

February 2, 1990 meeting, Board of Trustees

The Vice Chairperson, Mrs. Bowser, called the meeting of the Board of Trustees to order on February 2, 1990, at 11:45 a.m. She requested the Secretary to call the roll.

Present: Shirley D. Bowser, Vice Chairperson, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, John W. Kessler, Milton A. Wolf, Alex Shumate, and Laurel A. Davis.

Mrs. Bowser:

We will now have a special report from James S. Gallagher, Director of the Men's Glee Club, and Samuel Whitmer, Business Manager of the Men's Glee Club, on the upcoming European Tour. I am only disappointed that you only brought four members -- I thought you would bring them all and we would have a serenade.

Mr. James Gallagher:

Thank you, very much. My name is Jim Gallagher and I am the Director of the Men's Glee Club and these gentlemen before you are some of the officers from the Glee Club. We thought of bringing all ninety-five members, but due to your busy agenda we thought that this cassette tape from a recent tour to Washington, D.C., might be more appropriate. We hope that this tape will give you a little deeper understanding of the high musical performance of the group, the good will, and positive P.R. that they are able to spread representing The Ohio State University.

The Men's Glee Club represents virtually every college in the University. Their academic standards are very high and they are very busy in many, many activities. I want to tell you that the four people you see here today, in the bright red blazers, have a cumulative point average of 3.75 in such majors as premed, prelaw, mathematics, and mechanical engineering. So, they're fine students and very busy. Here to make our presentation to you is the business manager, Mr. Sam Whitmer.

Mr. Samuel Whitmer:

Good morning. Concerning the tour -- the foremost purpose of our tour is to promote the musical excellence of The Ohio State University. The Glee Club has performed for numerous community events such as the Wexner Alumni Reception, alumni group functions, WBNS Wigwam, Galbreath's Darby Dan Farm, the Presidents' Club, Tailgating, and various other organizational events. We have also performed throughout Ohio, for various concert series, State conventions, and also at high schools for recruitment purposes. Nationally, we have performed at conventions such as MENC, and ACDA. We also have a tour each year that takes us out of the state.

We have established a fine reputation for musical excellence and this trip would allow us to promote that excellence even further, internationally. This trip will also provide a means of musical and historical education for the participants. Historically speaking, tours are provided in each city as a part of our travel package -- this includes entrances to all major attractions. For years many of us have read about or heard about famous sites such as Big Ben, the House of Parliament, Shakespeare's birth place, and the Canterbury Cathedral. This is our opportunity to see these places first hand and to experience the history of our forefathers. We will also be staying in homes and at universities, and this will enable us to further our education of European culture.

Musically speaking, the International Musical Eisteddfod and the Welsh Choir Concert will allow us to observe and learn musicianship from top choirs of other

Mr. Whitmer: (contd)

nations. We will learn new techniques as well as new literature.

It is a great honor for us to be considered by the Festival Committee of the Musical Eisteddfod since only two choirs from each nation are considered to take part in each category of competition. Representatives of the Festival assure us of our acceptance and we will hear the final word from the Festival Committee by the end of February. This Festival is one of the finest, most recognized choral competitions in the world, and our participation will further the reputation of excellence at The Ohio State University. We like to think of this competition as a "Rose Bowl" of music, and we are approaching it with all the enthusiasm of a Rose Bowl-bound football team.

Our final purpose of this tour is to promote AmeriFlora '92. We will be taking material for distribution, as well as informing the public of the celebration and the events that will take place here in Columbus. We will also be inviting new found friends from the Welsh Choir and those met at the Eisteddfod to come to America and take part in our 500th Anniversary Celebration. After speaking to AmeriFlora personnel on Tuesday, we have also decided to try to rearrange our plans to enable us to represent Columbus at the AmeriFlora Garden at Gates Head. By doing this, we would be representatives of the University, the City of Columbus, the State of Ohio, and the nation.

Our major concern and reason for being here today is a concern that you are very familiar with -- that of funding. We are very excited about the opportunities that await us, but are in need of some assistance in raising the proper funding. Approximately \$50,000.00 is still needed. We have some contacts with corporations and have confronted them through letters and personal visits as allowed. Much to our dismay, most of our contacts have not proven helpful in funding. We have approached the Glee Club Alumni and through them have funded the down payment. We also have written an article for the Alumni Magazine asking for University alumni support. As a sidenote, the article in the magazine is, as of now, incorrect. At the time of print we had planned on a three-week tour with participation in the International Musical Vienna Festival and a few days in our sister city of Genoa, for further promotion of AmeriFlora. This is simply not feasible due to lack of funding; that trip was going to cost us \$180,000.00. What we are asking of you is promotion of our tour and the generation of corporate and individual support. Our personal communications with corporations and individuals has not been enough. We need the personal contacts that you, the Board of Trustees, can make. Just by your enthusiastic support and self-promotion we feel that we can generate the needed corporate and individual funding. We hope that you are able to assist us in this. This concludes my presentation and at this time I would like to open the floor for questions and concerns that any of you might have.

Mr. Kessler:

It sounds very exciting.

Mr. Whitmer:

I am very excited about the trip.

February 2, 1990 meeting, Board of Trustees

President Jennings:

I think it is a marvelous tour and I think you will represent not only Ohio State, but the nation extraordinarily well. I am absolutely confident that you will raise the money and I see that, Jim, you already raised a great deal. You are so confident and the institution is so confident that we will continue to plan on this. It is great that you put the heat on all of us. This is something that we all ought to be interested in helping with.

Ms. Davis:

I'd like to add my remarks in that I would have to agree with you that the men that are taking part in this are very active. I am familiar with two of the four that are here, and they are very active in student activities and organizations, particularly honoraries on campus. They're active academically, as well as in extracurricular activities.

Mrs. Bowser:

We thank you for your report. One of the beauties of Ohio State is its comprehensiveness. We not only have a football team going to the Rose Bowl, but we have young male singers going to Europe to represent us so well. We appreciate your report. Madison --

Mr. Scott:

You may have covered this, but how did you decide on this tour?

Mr. Gallagher:

It is a wonderful opportunity and we spoke with several persons that have been involved and they said it is certainly well worth the time and energy spent in preparation, as well as the time there. There are nine adjudicators from throughout the world that work with you and comment on your performance and help you. We looked into it, and enough people said, "go for it," so, we sent the tapes and they seemed very enthusiastic. The final decision is up to them, but things are looking very good.

Mrs. Bowser:

It has been very nice to have you with us.

Mr. Gallagher:

Thank you, very much.

--0--

RESEARCH FOUNDATION REPORT

Mr. Barone:

I would like to read a report from the Research Foundation grants and contracts for the month of December 1989 which is shown in the Board agenda book. There are 82 awards listed which provide a gross income of \$6.7 million.

RESEARCH FOUNDATION REPORT (contd)

Mr. Barone: (contd)

Funding for the first six months of the fiscal year is 5.6 percent behind that of last fiscal year at this time. Only in the "Other Non-Federal" sponsor sector, is funding running ahead of last year.

Some highlights of awards are:

\$108,000 from the Department of Health and Human Services to study parental occupations and child care effects on child development.

\$38,000 from the Franklin County Mental Health Board for a training program for mental health professionals.

\$25,000 from the National Science Foundation for a study of automatic inspection systems.

\$21,000 from American Cyanamid Company for an investigation of methods of reinforcing broken bones in children.

Thank you, that concludes my report. Dr. Thomas L. Sweeney, Acting Vice President for Research and Graduate Studies, is available to answer any specific questions you may have.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The University Hospitals Board has met twice since we last met. The first being on December 7.

In response to a request by the Professional Affairs/Education/Research Committee, Dr. Mekhjian presented an overview of medical staff committees, their function and reporting mechanisms. Specific data on each medical staff committee is being reviewed and will be brought back for approval at our next meeting. Dr. Mekhjian said that all of those committees were necessary, I might add. The Committee also received a comprehensive review of the Hospitals' quality assurance program and the key indicators to be utilized in future reports.

Dr. Donald Senhauser reported that steady progress is being made with regard to centralized billing. Dr. Joseph Drago and an executive committee have been elected by department representatives to guide that program. Dr. Senhauser estimated that all elements of the new system will be in place in six months, which may be an optimistic medical view, but nevertheless we can hope. Mr. Jerry Maier reviewed past and current performance of the MedOhio facilities and discussed possible strategies for the future. Randy Allen presented the October financial report and outlined strategies for facilitating our billing and account collections, which, I might add, continues to be a pressing problem for the University Hospitals.

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

On Thursday, January 25, the Hospitals Board conducted a brief business meeting prior to our day-long retreat. We reviewed the December financial and statistical reports which revealed that although the number of admissions remain slightly over budget for the first six months of the fiscal year, the total number of patient days was below budget because of shorter average stays. In November, the patient census unexpectedly dropped to a level that was 45 patients per day below the number budgeted, resulting in a deficit situation at the end of the first six months of the fiscal year. Patient activity in January started slowly but increased dramatically, with more than 200 admissions in one 72-hour period. I might add that one of the real problems with the Hospitals census is that on Wednesday, the Hospitals' census is 100 percent, but on the weekends it is significantly lower -- more like 50 percent.

Mrs. Bowser:

Explain why.

Mr. Teaford:

Well, there are a couple of reasons, but the principle one is that staff want to work during the week as opposed to weekends. That is a problem that we need to work on, because we, obviously, aren't fully utilizing resources if we are in that kind of circumstance.

We expressed our concern about the potential impact of early retirement on the Hospitals' financial status, since our approved 1989-90 fiscal budget does not include any early retirement expenses, which are now being estimated by the Hospitals' people between \$8 - \$12 million. The effect of that is really very significant to the Hospitals and we are going to have to find some way to find that money.

Mr. Scott:

The number is closer to \$7 million.

Mr. Teaford:

Closer to \$7 million -- good, I'm glad to hear that. Mr. Fraley also informed us that the administration has initiated an aggressive program to manage net income, which is designed to let individual areas manage against their own bottom line. The plan includes five levels of controls, ranging from level one (normal operations) down to level five (the most critical). The Hospitals are now operating at level four -- in other words one step off the most critical -- which imposes strict controls on overtime, temporary hires, planned capital expenditures, and replacement hiring. Mr. Fraley stressed that these hiring controls are not applied to registered nurses, physical therapists or respiratory therapists who provide hands-on patient care, nor to individuals involved in the medical records coding and billing process. Certain programs not operating within budgeted levels are being reviewed closely and being asked to develop alternative operating plans that will be expected to correct the situation. These measures are designed to move the Hospitals closer to the original 1989-90 fiscal budget; however, the potential impact of the continuation of the early retirement program is not included.

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

We reviewed the Auditors' Letter of Recommendations and were informed that there has been improvement in the Hospitals since last year. We discussed proposed revisions to the Hospitals Board Bylaws and will bring forward our recommendations within the next few months. Dr. Kramer appointed a nominating committee to identify candidates for Hospitals Board leadership during the coming year. The committee is composed of Mrs. Bowser, Mr. William Bennett, and myself. We received a medical staff report and took under advisement a medical staff request for better signage, particularly on the Hospital building. There is probably no greater desire at the Hospital than to have a sign so that you can find the Hospitals right away when you need it.

Lastly, Mr. Fraley presented status reports on the affiliation with Beechwood Medical Center, which we will discuss here later, the reorganization of SkyMed, and the successful United Way Campaign. We also viewed two television commercials which, I assume, by now all of you have seen. They are very excellent intensive care commercials. They really are excellent, and I think give a very strong message about University Hospitals.

I want to briefly add a little bit about our retreat. The principle presentation at the retreat was made by William O. Cleverley. Dr. Cleverley is a Professor in Hospital Administration at this University and travels all about the country doing analyses of hospitals and making such presentations as he made to us. He charges big fees to everybody else for doing that, but, he donated his services to University Hospitals for which we were very grateful.

Some of the key things found in his study is that University Hospitals performed financially at an average or better level when compared with major university-teaching hospitals. Unfortunately, when compared with local hospitals not associated with the teaching mission, it generally performed at a much lower level. I don't think that surprises anybody. A very important factor he pointed out, was that the productivity, especially when adjusted for case-mix -- in other words for the acuity of the illnesses with which we are forced to deal -- was exceptional, particularly in 1989. He advised us that the average age of the plant, including the equipment, is older than other teaching hospitals and local community hospitals, and that perhaps this is the most serious problem facing the Hospitals. He did say that the availability of replacement funds is average for University Hospitals, but very low compared to local community hospitals. Dr. Cleverley also proposed a five-year performance strategic financial plan for us which I won't go into. The key thing that it identifies is that we have very significant capital needs over that period. We did discuss this, and we will obviously have several more discussions about how those can be obtained.

Mrs. Bowser:

I would just like to add that I attended the day-long session, too. There was good participation, good attendance, and I hope this becomes the first of an annual workshop/seminar for the Hospitals Board and administration. It was a day well-spent. Joel did a more than adequate job of reporting. Are there any questions?

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee reviewed the status of the Endowment Portfolio which showed a market value of \$302.1 million dollars as of January 19, 1990.

That concludes my report.

(See Appendix XXXXIV for complete text of The Ohio State University Endowment Summary, January 19, 1990, page 731.)

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

Today, we had a summary of satellite video conferencing activities in the College of Agriculture. Larry Whiting reported to us that since February 1987, the College of Agriculture has been offering instructional programming via satellite broadcasting. To date, 38 programs representing more than 60 hours of air time have been produced from our studio in Kottman Hall. Once on satellite, programs can be received by anyone with a receiving dish almost everywhere on the North American Continent. We describe this effort as video conferencing, because viewers can call in questions and interact with the presenters while the program is on the air. Some PBS stations, many cable systems, and some community low-power television stations carry some of our programming. We believe our largest audience was a soap and detergent symposia in May 1989, that involved 180 receiving sites with some at corporate locations such as Proctor and Gamble and Whirlpool.

Ohio State topics have involved a series on grain marketing, youth decision making skills, cholesterol and health, alternative agricultural enterprises for farmers, farm policy and marketing trends, bankruptcy laws, water quality, leadership development, and many others. The average cost is just over \$600.00 per program. Nearly 30 of Ohio's County Extension offices have satellite dishes. The goal is to have dishes in each of our county offices in the next 24 to 36 months. The average cost of a satellite dish is approximately \$2,500.00.

The formation of a non-profit land-grant corporation called AG*SAT, which now has 26 universities participating, is expected to improve coordination of programming, the development of many new educational programs including courses for credit, and open up possibilities for research opportunities as well. AG*SAT, an effort for which the University of Nebraska is providing leadership, will be making 50-50 cost share grants available to member schools for receiving dishes and transmitting equipment.

The 1990 Ohio State schedule calls for 15 satellite programs. Four of these efforts will be in-service for extension faculty and staff.

We really believe that this is on the cutting-edge of technology in the television industry in education. We hope that we can continue this, especially the in-classroom instruction. They have talked about maybe doing some overseas things with Russia and the Eastern European countries. I look for some great and new things in that area.

ACADEMIC AFFAIRS COMMITTEE REPORT (contd)

Ms. Casto: (contd)

The Academic Affairs Committee is recommending for approval the following resolutions:

EXTENSION OF THE SELECTIVE ADMISSION POLICY

Resolution No. 90-65

Synopsis: The Academic Affairs Committee recommended the approval to extend the Selective Admission Policy.

WHEREAS The Ohio State University continues to experience increased demand by prospective students for admission, with limited space available under the University's enrollment ceiling; and

WHEREAS the number of new first-quarter freshmen (NFQF) applications for Summer and Winter Quarters has increased significantly and the admission of NFQF students has closed earlier each year for these quarters, closing on January 20 for Summer 1989 and on August 25 for Winter 1990; and

WHEREAS transfer admissions for Autumn and Summer Quarters have consistently been closed well in advance of the published deadlines and were closed on September 13 for Winter 1990; and

WHEREAS student retention rates have increased and the percent of minority students in the undergraduate student body has increased since the Autumn Quarter selective admission policy became effective in 1987; and

WHEREAS data indicate that students who are admitted to the University under the selective admission process have a higher retention rate than other students:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University selective admission policy adopted by the Board of Trustees for Autumn Quarters on June 11, 1986, will be extended to Winter and Summer Quarters for new first-quarter freshmen on the Columbus campus, effective Summer Quarter 1991; and

BE IT FURTHER RESOLVED, That the University's selective admission policy will be extended to all part-time evening students pursuing a degree on the Columbus campus; and

BE IT FURTHER RESOLVED, That the students from The Ohio State University regional campuses or the Agricultural Technical Institute who have 45 credit hours and a 2.0 cumulative grade point average may transfer to the Columbus campus with no other standards. Students with fewer than 45 credit hours may transfer if they meet the freshmen selective admission standards. For those students with fewer than 45 credit hours who do not meet these standards, performance in classes taken at the regional campuses or the Agricultural Technical Institute will be taken into consideration. Exceptions to this policy can be made for special cases in response to student petitions to the Faculty Admissions Committee; and

EXTENSION OF THE SELECTIVE ADMISSION POLICY (contd)

BE IT FURTHER RESOLVED, That Continuing Education will remain a non-degree-granting enrollment unit. Continuing Education students with 45 or more credit hours who have a 2.0 cumulative grade point average may transfer to degree-granting colleges or to University College with no other standards. Students with fewer than 45 credit hours may change to degree status if they meet the freshmen selective admissions standards. For those with fewer than 45 credit hours who do not meet these standards, performance in University classes will be taken into consideration. Exceptions can be made for special cases in response to student petitions to the Faculty Admissions Committee. In all cases, students seeking to transfer from Continuing Education to a college with special entry requirements will need to meet the requirements of the college; and

BE IT FURTHER RESOLVED, That students who wish to transfer to The Ohio State University from other two-year and four-year post-secondary institutions will be guaranteed admission, subject to admissions deadlines, if they are Ohio residents with 90 or more completed credit hours and a 2.0 cumulative grade point average. The Faculty Admissions Committee will establish standards for other transfer students consistent with the principles set forth in the Council on Admission and Registration's document of May 26, 1989.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

RENAMING OF DEGREE

Resolution No. 90-66

Synopsis: The Academic Affairs Committee recommended renaming the tagged Bachelor of Science in Home Economics degree the Bachelor of Science in Human Ecology.

WHEREAS the Council on Academic Affairs and the faculty members of the College of Human Ecology fully support renaming the tagged Bachelor of Science in Home Economics degree as the Bachelor of Science in Human Ecology; and

WHEREAS renaming the tagged bachelor's degree is consistent with the recent name change for the College; and

WHEREAS the Home Economics graduate programs offered under the Master of Science and the Doctor of Philosophy have been renamed as the Master of Science program in Human Ecology and the Doctor of Philosophy program in Human Ecology; and

WHEREAS the University Senate approved the renaming of the tagged Bachelor of Science in Home Economics degree to the Bachelor of Science in Human Ecology on December 2, 1989:

NOW THEREFORE

BE IT RESOLVED, That the proposal to change the tagged Bachelor of Science in Home Economics degree to the Bachelor of Science in Human Ecology, effective immediately, is hereby approved.

Upon motion of Amb. Wolf, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 90-67

Synopsis: The Academic Affairs Committee recommended amendments to rule 3335-5-47 and the rescission of rule 3335-5-474 of the Rules of the University Faculty.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on December 2, 1989, as follows:

AMENDED RULE

3335-5-47 Organizing committees of the senate.

(A) The senate shall have three organizing committees (see rules 3335-5-471 to 3335-5-473 of the Administrative Code):

- (1) Steering committee;
- (2) Program committee;
- (3) Rules committee;

(Balance unchanged.)

3335-5-474 to be rescinded.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

UNIVERSITY HOSPITALS BOARD APPOINTMENT

Resolution No. 90-68

Synopsis: Confirmation and approval of a nominee to the University Hospitals Board.

WHEREAS the Board of Trustees on November 30, 1979, approved the establishment of a University Hospitals Board; and

WHEREAS the membership of the Hospitals Board was approved on April 4, 1980, and has been subsequently amended; and

UNIVERSITY HOSPITALS BOARD APPOINTMENT (contd)

WHEREAS the term of a general public member of the Hospitals Board has expired:

NOW THEREFORE

BE IT RESOLVED, That the following nominee be approved as a general public member of the University Hospitals Board, effective immediately, for a term ending April 30, 1993:

Dolores R. Wilkes, R.N.

Upon motion of Mr. Teaford, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

HONORARY DEGREE

Resolution No. 90-69

Synopsis: The Academic Affairs Committee recommended the approval for awarding an honorary degree.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of an honorary degree as listed below:

Robert W. Wissler

Doctor of Science

Robert William Wissler received his A.B. degree from Earlham College in Richmond, Indiana, in 1936. He then pursued his education, receiving the M.S., Ph.D., and M.D. degrees from The University of Chicago from 1943 to 1948. Dr. Wissler has served as a teacher, researcher and Chairperson of the Department of Pathology at The University of Chicago for almost 50 years. He has been a dedicated teacher in both clinical and experimental pathology, and has made major scientific contributions in his area of research expertise, namely, atherogenesis. Dr. Wissler has published over 250 papers in this field, and has been particularly recognized for his research activities, which have investigated the nature of the human and primate atherosclerotic lesion and the role that nutrition plays in the development and regression of atherosclerotic lesions. His contributions to our understanding the multi-functional role of the smooth muscle cell and the role of monocyte macrophages in atherogenesis have been landmark concepts in our understanding of the development of coronary atherosclerotic disease. Dr. Wissler has had major involvement with the American Heart Association, the American Board of Pathology, the Armed Forces Institute of Pathology, and the American Associations of Pathology. In addition, Dr. Wissler has been a continuous adviser to the National Heart, Lung, and Blood Institute for over three decades.

For his many contributions to the scientific community, teaching and training of students, and service to the community, Dr. Wissler has received many honors, including honorary doctoral degrees from Earlham College, the University of Heidelberg, the University of Medicine and Dentistry of New Jersey, and the University of Siena. Dr. Wissler has impacted The Ohio State University directly by fostering and sponsoring a major research program in the Department of Surgery on the "Pathobiological Determinants of Atherosclerosis in Youth." It was directly as a result of Dr. Wissler's efforts that The Ohio State University was designated as the Central Laboratory for the National Heart, Lung, and Blood Institute's multicenter cooperative study on the "Pathobiological Determinants of Atherosclerosis in Youth."

February 2, 1990 meeting, Board of Trustees

HONORARY DEGREE (contd)

Dr. Wissler, in his 50 years of academic life, has given freely of his time, ideas, knowledge, and friendship. He has helped to form two generations of pathologists and scientists in the field of atherosclerosis research. Dr. Wissler's dedication to excellence in teaching, research, service and true friendship is a model for all of us.

NOW THEREFORE

BE IT RESOLVED, That the honorary degree be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

Upon motion of Amb. Wolf, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

DEGREES AND CERTIFICATES - WINTER QUARTER COMMENCEMENT

Resolution No. 90-70

Synopsis: The Academic Affairs Committee recommended the approval of Degrees and Certificates for Winter Quarter.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on March 16, 1990, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

Upon motion of Amb. Wolf, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 90-71

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the December 1, 1989 meeting of the Board, including the following Appointment, Reappointment of Principal Administrative Official, Appointment of Chairpersons of Departments and Director of School, Reappointment of Chairperson of Department, Leaves of Absence Without Salary, Leave of Absence Without Salary--Continuation, Professional Improvement Leave--Change in Dates, Emeritus Titles, and Reappointment of Regular Clinical Faculty as detailed in the University Budget be approved and the Medical Staff Appointments/Reappointments approved December 7, 1989, by the Hospitals Board be ratified.

PERSONNEL ACTIONS (contd)

Appointment

Name: CHARLES V. MORR
Title: Professor (The Carl E. Haas Chair in Food Industries)
Department: Food Science and Technology
Effective: January 1, 1990
Salary: \$90,000.00
Present Position: Stender Professor, Department of Food Science, Clemson University

Education: 1952, B.S., The Ohio State University
1955, M.S., The Ohio State University
1959, Ph.D., The Ohio State University

Experience:

1978 - Present Stender Professor, Department of Food Science, Clemson University

1976 - 1978 Professor and Chairman, Departments of Food and Nutrition (College of Home Economics) and Food Technology (College of Agricultural Sciences), Texas Tech University

1973 - 1976 Director, Protein Research, Ralston Purina Company, St. Louis, MO

1964 - 1973 Assistant Professor, Associate Professor, and Professor, Department of Food Science and Nutrition, University of Minnesota

1961 - 1964 Assistant Professor and Research Associate, Department of Dairy Technology, The Ohio State University

Reappointment of Principal Administrative Official

FRANCIS E. HAZARD, Dean/Director of the Marion Campus, effective February 1, 1990, through June 30, 1994, pursuant to rule 3335-3-17 of the Administrative Code.

Appointment of Chairperson of Department and Director of School

January 1, 1990 through September 30, 1990

Botany Ralph E. J. Boerner*

January 1, 1990 through June 30, 1993

School of Natural Resources Mohan K. Wali

February 1, 1990 through January 31, 1991

Anthropology Paul W. Sciulli*

*Acting Chairperson

February 2, 1990 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Reappointment of Chairperson of Department

July 1, 1990 through June 30, 1992

Veterinary Anatomy and Cellular Biology

James R. Blakeslee, Jr.

Leaves of Absence Without Salary

CHUNG-MIN CHEN, Chairperson and Associate Professor, Department of Anthropology, effective February 1, 1990, through January 31, 1991, to serve as the Director of the Ohio Office in the East and Southeast Pacific Region.

ROBERT D. COTTRELL, Professor, Department of French and Italian, effective Spring Quarter 1990, to accept the Talbot Professorship at the University of Virginia.

JOHN S. HILL, Assistant Professor, Department of History, effective Winter Quarter 1990, to enhance research productivity.

JOHN B. HILLAS, Assistant Professor, Department of Economics, effective Winter Quarter and Spring Quarter 1990, for personal reasons.

MARITA KAW, Assistant Professor, Department of Political Science, effective Winter Quarter 1990, to enable her access to materials at the University of California at Los Angeles for her research.

JUDITH A. MAXWELL, Assistant Professor, School of Natural Resources, effective January 25, 1990, through December 31, 1990, to assist the Alaska Department of Fish and Game in organizing and managing the restoration activities for the Exxon Valdez oil spill.

ROBERT D. VUYOSEVICH, Assistant Professor, Department of Architecture, effective Winter Quarter 1990, for personal reasons.

Leave of Absence Without Salary--Continuation

VLADIMIR E. BONDYBEY, Professor, Department of Chemistry, effective Winter Quarter, Spring Quarter and Autumn Quarter 1990, to continue in the Department of Chemistry at the Technical University in Munich.

Professional Improvement Leave--Change in Dates

CIRIYAM JAYAPRAKASH, Professor, Department of Physics, change leave from Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

Emeritus Titles

JAMES J. BUFFER, JR., Department of Educational Studies: Humanities, Science, Technological, and Vocational, with the title Professor Emeritus, effective January 1, 1990.

GORDON K. GRIGSBY, Department of English, with the title Professor Emeritus, effective January 1, 1990.

PERSONNEL ACTIONS (contd)

Emeritus Titles (contd)

RICHARD H. KEATES, Department of Ophthalmology, with the title Professor Emeritus, effective January 1, 1990.

EMANUEL D. RUDOLPH, Department of Botany, with the title Professor Emeritus, effective January 1, 1990.

THEODORE D. SOKOLOSKI, Department of Pharmacy, with the title Professor Emeritus, effective January 1, 1990.

PAUL S. METZGER, Department of Internal Medicine, with the title Clinical Professor Emeritus, effective March 1, 1990.

Reappointment of College of Medicine Regular Clinical Faculty

JANE F. DONAT, Associate Professor, Pediatrics, effective 1/1/91

Medical Staff--Appointments

JAMES M. COULTER, M.D., Attending Staff, Family Medicine

RONALD A. MEZGER, M.D., Attending Staff, Family Medicine

DAVID H. PRESCOTT, M.D., Attending Staff, Family Medicine

LINDA C. STONE, M.D., Attending Staff, Family Medicine

RONALD C. VAN BUREN, M.D., Attending Staff, Family Medicine

DAVID E. STANLEY, M.D., Attending Staff, Preventive Medicine

RODNEY V. POZDERAC, M.D., Attending Staff, Division of Nuclear Medicine

JAMES C. TOBER, M.D., Limited Staff, Division of General Surgery

MICHAEL T. STECHISON, M.D., Attending Staff, Division of Neurosurgery

Medical Staff-- Reappointments

GARY C. REID, M.D., Courtesy Staff, Obstetrics and Gynecology

JAMES W. SIMON, M.D., Courtesy Staff, Division of Urology

CYNTHIA A. THORNE, M.D., Courtesy Staff, Pediatrics

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 90-72

Synopsis: The Academic Affairs Committee recommended the approval of Resolutions in Memoriam for Wiley L. Forman, Stanley J. Kahrl, and James D. Taylor.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Wiley L. Forman

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 7, 1989, of Wiley L. Forman, M.D., Clinical Professor Emeritus in the Department of Internal Medicine.

Dr. Forman was born October 10, 1910, in Mason County, Kentucky. He earned his A.B. degree from the University of Kentucky in June 1931, and his M.D. degree from Vanderbilt University in Nashville, Tennessee, in 1937.

Following graduation from medical school, Dr. Forman spent one year in internship training at Cleveland City Hospital, followed by his residency training at the same institution. He returned to Vanderbilt University for a final year of residency training, which was completed in 1940.

He was appointed to the clinical faculty in the Department of Internal Medicine at The Ohio State University in 1940. He held the rank of Clinical Assistant Professor. Over the course of his many years on the faculty, Dr. Forman was subsequently promoted twice, finally to the rank of Clinical Professor of Medicine in June 1965. He served in this capacity until he retired from the faculty after forty years of devoted service with the University and was named Clinical Professor Emeritus.

Dr. Forman was a member of the American Medical Association, and he was also a Fellow in the American College of Physicians. He was further distinguished by being inducted into Alpha Omega Alpha, the medical honorary society.

From 1942 until 1946, Dr. Forman served in the U.S. Army, where he held the rank of Major. He later established an active medical practice in Central Ohio.

Dr. Forman will long be remembered by his patients and friends as a compassionate, caring physician who was deeply devoted to his patients and their well-being.

On behalf of the University community, the Board of Trustees expresses to the family of Dr. Forman its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's sense of loss that the family, the University, and the many friends and associates have sustained.

Stanley J. Kahrl

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 3, 1989, of Stanley J. Kahrl, Professor in the Department of English.

RESOLUTIONS IN MEMORIAM (contd)

Stanley J. Kahrl (contd)

Professor Kahrl was born June 30, 1931, in Mt. Vernon, Ohio. He began his affiliation with The Ohio State University in 1969, serving as the first Director of the Center for Medieval and Renaissance Studies until 1978, and as Associate Dean of the College of Humanities from 1970 to 1972. He received his B.A. from Harvard in 1953, his M.A. from Cambridge University in 1962, and his doctorate from Harvard in 1962. He was a veteran of the United States Navy.

Dr. Kahrl specialized in medieval English language and literature, Chaucer, Shakespeare, and war literature as a genre. At Ohio State, Professor Kahrl served on the President's Commission on Affirmative Action, on the Provost's Task Force on Minority Recruitment, and in the University Senate. He was very active in the Columbus community and served on the boards of trustees of Player's Theatre and the Columbus Academy, and on the Vestry of St. Stephen's Episcopal Church. Dr. Kahrl was the author of five books and dozens of articles. One of his recent notable activities was to organize a contingent of Ohio State students to take part in the film "Glory" about the first Black regiment in the Union Army during the Civil War. He was well respected as a gentleman, scholar, and teacher.

On behalf of the University community, the Board of Trustees expresses to the family its deep sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

James D. Taylor

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 27, 1989, of James D. Taylor, Instructor Emeritus of the Ohio Cooperative Extension Service.

Mr. Taylor was born February 16, 1917, in Sawyer, Kentucky. He served three years in the Army Air Force during World War II as a link Trainer Instructor in which he helped train pilots at bases in eight states. He received his B.S. in Agricultural Education from Berea College, Kentucky, in 1948. He became a 4-H youth assistant in Des Moines, Iowa, for seven months; worked as an Extension Director in Jefferson, Iowa, and as a Veterans On-The-Farm Training Instructor. In 1952, he became the Vocational Agricultural Instructor in Henry, Iowa.

Mr. Taylor began his extension experience in Ohio when he joined the faculty at The Ohio State University in 1956 as an Assistant County Agent in charge of Farm and Home Development in Mercer County. In 1957, he moved to Fairfield County as an Agricultural Extension Agent and continued in this position until his retirement in 1963. He found time to attend graduate school at Iowa State University, Colorado State University, and The Ohio State University.

He was a member and elder of First Presbyterian Church, a member of the National Audubon Society, Farm Bureau Council, past member of Lancaster Kiwanis Club, Carroll Senior Citizens, a founder of Farmers Market, and he attended many extension conferences throughout his association with the Ohio Cooperative Extension Service.

Mr. Taylor's contributions in providing excellent extension educational programs during his career earned him the respect and admiration of his coworkers and many thousands of Ohio citizens throughout the length and breadth of Fairfield County.

RESOLUTIONS IN MEMORIAM (contd)

James D. Taylor (contd)

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to the family of Mr. Taylor. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Amb. Wolf, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Barone:

At the meeting this morning, Jim Nichols was present with Dr. Mary Haldane and, of course, the subject brought up was how to expedite the applications of loans for graduate students. Due to various delays, numerous phone calls, and the computers -- although they are helpful, sometimes they break down -- it takes from three to six months before the students can ever obtain financial aid. How to amend this situation? It is a very, very difficult one. We must understand that the office is staffed by mostly students, so you don't have experienced personnel in processing these loans. Jim tells me that everything possible is being done and he hopes that we will be able to process these loans within a period of three months. I question the time element of it, because if we look at our banking institutions, one of their big bottlenecks is repayment of loans or processing loans. It is computerized and that has helped a lot, but there is still a delay.

Jim is here, maybe he can expound on what we are saying. Along with that, David Straub said the same thing. He came to the meeting with the hope that we could expedite the application of loans to these Ohio State students in all quarters. It seems that some quarters are more difficult than others. There is a tremendous bottleneck -- it is just very difficult. I know the office is working hard and we have tremendous hope that it will be expedited.

Mr. Teaford:

I just want to add one thing that Jim Nichols did indicate to us. A plan is now in place which will reduce the average time for student loans from approximately fourteen to sixteen weeks now, to three or four weeks. He has every confidence that they are going to be able to accomplish that. So I think that is a spectacular promise which I hope we can fulfill.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Kessler:

Yesterday afternoon, the Fiscal Affairs Committee met to hear a status report on the Ramada Hotel from Mr. Nichols, and to review the 1988-89 financial report and comments from the independent auditors, Deloit Touche and Company. The Committee members also met privately with the external auditors, and found no issues of concern which are not being properly addressed by the University administration.

This morning, Mr. Ihrig presented the Second Quarter Report of the 1989-90 Current Funds Budget which shows a net reduction in resources of \$110,000.00 and a net reduction in estimated expenditures of \$1.3 million from the budget passed in July. He also reported that enrollment targets on the Columbus campus for Autumn Quarter 1990 are set at 53,401 students, of which 6,300 are entering freshmen.

(See Appendix XXXV for The Ohio State University 1989-90 Current Funds Budget, 2nd Quarter Report, page 743.)

The Fiscal Affairs Committee is also recommending approval for the following resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-73

Synopsis: The Fiscal Affairs Committee recommended the approval of the research contracts, grants, and gifts and the summaries for November and December 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the months of November and December 1989 be approved.

Upon motion of Mr. Kessler, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR NOVEMBER 1989

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	85	\$8,100,313.66
Engineering Experiment Station	58	\$ 860,866.00
Total	143	\$8,961,179.66
The Ohio State University Development Fund		
Establishment of Named Funds		
The J. T. "Stubby" Parker Chair in Dairy Foods Fund (Establishment of a chair)		\$ 900,000.00
James E. Chapman - Baker & Hostetler Law Library Fund (College of Law)		\$ 500,000.00
The Buckeye Pro-Am Golf Scholarship Fund (Scholarships for student athletes who are members of the men's and women's varsity golf teams)		\$ 250,000.00
"Someone Cares" Mansfield Campus Scholarship Fund for Women (Scholarships to worthy and needy women who attend Mansfield Campus)		\$ 100,000.00
The Paul C. and Edna H. Warner Endowment Fund for Sustainable Agriculture (Support research in sustainable agriculture)		\$ 100,000.00
The Thomas B. Kyle Scholarship Fund in Horticulture (Scholarships)		\$ 42,744.50
The Gwen Moody Harre Endowed Fund for Physical Therapy (Scholarships - Physical Therapy Division)		\$ 42,000.00
The Frank W. Hale, Jr., Endowed Scholarship (Scholarships - minority students from the Columbus and Franklin County areas)		\$ 31,318.00
The John W. Paynter Honors Scholarship Fund in the College of Business (Scholarships)		\$ 28,000.00
Butler County Cooperative Extension Endowment Fund (Support the Butler County Cooperative Extension program)		\$ 25,000.00

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - November 1989

Federal Research Contracts/Grants

\$1,663,425.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Acquired Immunodeficiency Syndrome Clinical Study Group, Department of Internal Medicine (R. J. Fass), 1 September 1989 through 31 August 1990. (Project 766341 - Continuation)

\$1,280,000.00 - National Aeronautics and Space Administration, Washington, D.C., A Center for the Commercial Development of Space: Real-Time Satellite Mapping, Center for Mapping (J. D. Bossler), Department of Electrical Engineering (K. L. Boyer), Department of Civil Engineering (F. C. Hadipriono, M. R. McCord, and T. H. Wu), Department of Geodetic Science and Surveying (J. C. Loon and A. F. Schenk), Department of Geography (H. J. Moellering), Department of Geology and Mineralogy (D. E. Pride), and School of Natural Resources (C. D. Tomlin), 1 September 1989 through 31 August 1990. (Project 765707 - Continuation)

\$369,000.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Financial Resources Management (FIRM) Project, Department of Agricultural Economics and Rural Sociology (R. L. Meyer), 30 September 1989 through 31 December 1989. (Project 767920 - New)

\$257,200.00 - National Science Foundation, Washington, D.C., Graduate Research Fellowship Program, Graduate School Administration (R. A. Koenigsnecht), 1 June 1989 through 31 May 1994. (Project 767907 - New)

\$230,697.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Rural Homelessness in Ohio: A Five-Year Replication Study, College of Social Work (B. Toomey and R. J. First), 30 September 1989 through 31 August 1990. (Project 767819 - New)

\$200,000.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Design and Diagnosis Problem Solving with Multifunctional Technical Knowledge Bases, Department of Computer and Information Science (B. Chandrasekaran), 1 September 1989 through 31 March 1990. (Project 767812 - New)

\$180,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, The Physics of Submicron Systems, Department of Physics (J. W. Wilkins), 1 October 1989 through 30 September 1990. (Project 767184 - Continuation)

\$158,000.00 - National Science Foundation, Washington, D.C., Studies Involving Molecules and Intermediates of Theoretical Interest, Department of Chemistry (L. A. Paquette), 1 September 1990 through 31 August 1991. (Project 766349 - Continuation)

\$150,000.00 - Department of Health and Human Services, Office of Human Development Services, Washington, D.C., Child Abuse and Neglect Interdisciplinary Training Program, Department of Educational Policy and Leadership (L. L. Cunningham), 1 September 1989 through 31 August 1990. (Project 766454 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$125,674.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., In Situ Laser Activation of Electrochemical Charge Transfer Kinetics, Department of Chemistry (R. L. McCreery), 1 December 1989 through 30 November 1990. (Project 766526 - Continuation)

\$100,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Molecular Biology of the Extremely Thermophilic Archaeobacterium, Methanothermus fervidus, Department of Microbiology (J. N. Reeve), 1 October 1989 through 30 September 1990. (Project 765291 - Continuation)

\$94,101.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Stromal Defects in Retrovirus-Induced Myelosuppression, Department of Veterinary Pathobiology (G. J. Kociba), 1 December 1989 through 30 November 1990. (Project 767232 - Continuation)

\$92,735.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Substrate Recognition by Archaeobacterial tRNA Intron Processing Enzymes, Department of Microbiology (C. J. Daniels), 1 December 1989 through 30 November 1990. (Project 767661 - Continuation)

\$85,969.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Conformational Peptides to Probe Immune Responses, Department of Obstetrics and Gynecology (P. T. Kaumaya), 1 September 1989 through 31 August 1990. (Project 767913 - New)

\$83,000.00 - Department of Energy, Argonne, Illinois, Strongly Interacting Fermion Systems, Department of Physics (J. W. Wilkins), 15 November 1989 through 14 November 1990. (Project 766783 - Continuation)

\$70,000.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, A Flexible Servomotor Driven Mechanical Press with Computer Control for Precision Forming, Department of Industrial and Systems Engineering (R. Shivpuri) and Engineering Experiment Station (T. Altan), 29 September 1989 through 30 June 1990. (Project 767840 - New)

\$66,764.00 - National Science Foundation, Washington, D.C., Secondary Science Curriculum Modules for Global Change Education, Department of Educational Studies: Humanities, Science, Technological, and Vocational (V. J. Mayer), School of Natural Resources (R. W. Fortner), and Byrd Polar Research Center (D. H. Elliot), 1 November 1989 through 31 October 1990. (Project 767937 - New)

\$65,000.00 - Department of Energy, Argonne, Illinois, High Energy Physics -- Experimental Program (Task D) Electron-Positron Collisions, Department of Physics (H. P. Kagan and R. D. Kass), 1 January 1989 through 31 December 1989. (Project 762116 - Continuation)

\$62,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Physics (C. Jayaprakash), 1 January 1990 through 31 December 1990. (Project 764850 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$54,161.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Proof-of-Feasibility Development and Analysis of Advanced Circuit Architectures for Intelligent Processing in Communication Systems, Department of Electrical Engineering (S. Bibyk), 3 October 1989 through 2 October 1990. (Project 767914 - New)

\$52,000.00 - National Science Foundation, Washington, D.C., Physical Studies of Xanthine Oxidase and Arsenite Oxidase, Department of Physiological Chemistry (C. R. Hille), 1 November 1989 through 31 October 1990. (Project 767140 - Continuation)

\$51,094.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Stability of Boundary Layers at High Supersonic and Hypersonic Speeds, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 October 1989 through 30 April 1990. (Project 766854 - Continuation)

\$48,000.00 - National Science Foundation, Washington, D.C., Investigation of Viscous Flow in a Hele-Shaw Cell, Department of Mathematics (S. A. Tanveer), 16 August 1989 through 31 March 1991. (Project 767908 - New)

\$40,000.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Compact Range and Radar Cross Section Studies, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside, L. Peters, Jr., and A. K. Dominek), 1 September 1989 through 31 January 1990. (Project 761608 - Continuation)

\$36,798.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Microstructural Characterization of Intermetallic Matrix Ceramic Particulate Composites, Department of Materials Science and Engineering (W. A. T. Clark), 1 October 1989 through 23 July 1990. (Project 767100 - Continuation)

\$34,200.00 - Department of Agriculture, Economic Research Service, Washington, D.C., Food Consumption in People's Republic of China, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (W. S. Chern), 2 September 1988 through 31 January 1991. (Project 767917 - New)

\$29,672.00 - National Science Foundation, Washington, D.C., Knowledge-Based Simultaneous Engineering for Mechanical Design Using Design Compatibility Analysis, Department of Mechanical Engineering (K. Ishii), 1 October 1989 through 31 January 1991. (Project 766975 - Continuation)

\$25,000.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Modern Techniques in Soil Ecology Relevant to Organic Matter Break-down, Nutrient Cycling, and Soil Biological Processes, Department of Entomology (C. A. Edwards), 14 September 1989 through 30 March 1990. (Project 767797 - New)

\$23,000.00 - National Science Foundation, Washington, D.C., Mathematics: Cohomology of Arithmetic Groups, Department of Mathematics (A. D. Ash), 1 June 1990 through 31 May 1991. (Project 767931 - New)

February 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$3,720.00 - Department of Agriculture, Office of International Cooperation and Development, Washington, D.C., International Science and Education Council Conference Proceedings: International Agricultural Research, Department of Plant Pathology (C. R. Curtis), 18 September 1989 through 30 June 1990. (Project 767926 - New)

TOTAL - FEDERAL AWARDS **\$5,731,710.00**

State of Ohio Research Contracts/Grants

\$250,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Improving Freezer Preserve Strawberry Quality and Yield: An Interdisciplinary Approach, Department of Horticulture - OARDC (G. A. Cahoon, J. C. Scheerens, M. S. Biggs, D. C. Ferree, J. F. Gallander, A. R. Miller, and W. T. Rhodus), 1 January 1989 through 31 December 1992. (Project 767186 - Continuation)

\$135,910.00 - State of Ohio, Department of Education, Columbus, Ohio, Reading Recovery Project, 1989-1990, Department of Educational Theory and Practice (G. S. Pinnell, D. Deford, and C. A. Lyons), 1 October 1989 through 30 September 1990. (Project 767218 - Continuation)

\$52,281.00 - State of Ohio, Board of Regents, Columbus, Ohio, Teacher Training and Curriculum Development Using Remote Sensing and On-Line Databases, School of Natural Resources (R. W. Fortner), 15 September 1989 through 31 December 1990. (Project 767874 - New)

\$50,753.00 - State of Ohio, Board of Regents, Columbus, Ohio, Technology-Informed Mathematics Education for Underrepresented Students (TIME for US), Academic Affairs Administration (J. J. Bishop), 15 September 1989 through 31 December 1990. (Project 767934 - New)

\$40,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Evaluation of Federal Research Funding in the State of Ohio, Department of Physics (W. F. Palmer), 1 September 1989 through 30 June 1990. (Project 767392 - Continuation)

\$20,000.00 - State of Ohio, Environmental Protection Agency, Columbus, Ohio, An Assessment of the Effectiveness of Various Methods Used to Delineate Wellhead Protection Areas for Several Hydrogeologic Settings in Ohio, Department of Geology and Mineralogy (E. S. Bair), 1 July 1989 through 30 September 1990. (Project 767858 - Continuation)

\$5,718.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Client Outcome Interviews: OSU Study of RWJ Community Treatment Teams, College of Social Work (R. J. First), 1 July 1989 through 31 December 1989. (Project 767891 - Continuation)

\$1,000.00 - State of Ohio, Board of Regents, Columbus, Ohio, Workshops for Teachers on Humane Care and Use of Animals, Office of University Laboratory Animal Resources (J. F. Cornhill), 20 September 1989 through 31 December 1990. (Project 767876 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$1,000.00 - State of Ohio, Ohio Humanities Council, Columbus, Ohio, The Effect of the Computer on the Process of Music Composition: Historical, Esthetic, and Philosophical Considerations, School of Music (T. Wells), 1 November 1989 through 2 May 1990. (Project 767888 - New)

TOTAL - STATE OF OHIO AWARDS \$ 556,662.00

Industrial Research Contracts/Grants

\$500,000.00 - The J. M. Smucker Company, Orrville, Ohio, Improving Freezer Preserve Strawberry Quality and Yield: An Inter-disciplinary Approach, Department of Horticulture - OARDC (G. A. Cahoon, J. Scheerens, M. S. Biggs, D. C. Ferree, J. F. Gallander, A. R. Miller, and W. T. Rhodus), 1 January 1989 through 31 December 1992. (Project 767187 - Continuation)

\$76,915.00 - NeoRx Corporation, Seattle, Washington, Pseudomonas aeruginosa Exotoxin A: Genetic Reconstruction, Analysis, and Production, Department of Microbiology (D. R. Galloway), 1 August 1989 through 31 July 1990. (Project 767003 - Continuation)

\$65,789.00 - Premier Peat Moss, Ltd., Quebec, Canada, Natural Suppressiveness of Sphagnum Peat to Pythium and Rhizoctonia Diseases, Department of Plant Pathology - OARDC (H. A. J. Hoitink), 1 July 1989 through 30 June 1992. (Project 767869 - New)

\$30,000.00 - Hoffmann-La Roche, Inc., Nutley, New Jersey, The Recommended Dietary Allowance for Ascorbic Acid in Salmonoid Fish, School of Natural Resources and Department of Natural Resources - OARDC (C. F. Cole), 1 September 1989 through 31 August 1990. (Project 767929 - New)

\$29,926.00 - Zoecon Corporation, Dallas, Texas, Oral Use of Low Dose Human Alpha Interferons for the Treatment of Feline Leukemia Virus (FeLV) Infections in Cats, Department of Veterinary Pathobiology (G. J. Kociba), 15 December 1989 through 14 December 1990. (Project 767906 - New)

\$22,860.00 - E. R. Squibb and Sons, Princeton, New Jersey, Placebo-Controlled Trial of Various Doses of Zofenopril Administered Twice Daily with Hydrochlorothiazide in Mild to Moderate Hypertension, Department of Family Medicine (R. M. Guthrie), 15 November 1989 through 15 August 1990. (Project 767923 - New)

\$20,000.00 - General Electric Company, Schenectady, New York, Discrimination of Defects in Thin Walled Tubing Using Ultra-sonic Spectroscopy, Department of Welding Engineering (L. Adler), 1 October 1989 through 31 March 1990. (Project 767933 - New)

\$15,237.00 - Research Biochemicals Incorporated, Natick, Massachusetts, Boron-Containing Isoquinolines and Benzodiazepines for Targeting Glioma Cells, College of Pharmacy (A. H. Soloway) and Department of Pathology (R. F. Barth), 16 August 1989 through 1 March 1990. (Project 767939 - New)

\$13,975.16 - Astra Alab AB, Sodertalje, Sweden, Novel Drug Delivery Systems, College of Pharmacy (S. G. Frank), 1 January 1989 through 31 December 1989. (Project 762165 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$10,947.50 - Miles Pharmaceutical, Elkhart, Indiana, Evaluation of Ex-cyte VLE as a Serum Replacement for the Culture of Insect Cell Lines, Department of Entomology (W. F. Hink), 15 October 1989 through 28 February 1990. (Project 767905 - New)

\$9,271.00 - Ross Laboratories, Columbus, Ohio, Treatment Studies in Germfree Piglets for Campylobacter pylori Infection, Department of Veterinary Pathobiology (G. S. Krakowka), 1 October 1989 through 31 August 1990. (Project 767916 - New)

\$7,520.00 - Roerig/Pfizer, New York, New York, Open, Comparative, Multicentered Study of Fluconazole Versus Amphotericin B in the Treatment of Candidemia in Non-Neutropenic Patients, Department of Internal Medicine (B. C. Fox), 2 October 1989 through 1 April 1991. (Project 767836 - New)

\$6,000.00 - Agway, Inc., Syracuse, New York, Effect of Consumption of Selenium and Vitamin E on the Flux of -Tocopherol Between Plasma and Cells, Department of Dairy Science - OARDC (W. P. Weiss), 1 November 1989 through 30 October 1990. (Project 767935 - New)

\$5,600.00 - Pitman-Moore, Inc., Terre Haute, Indiana, BACIFERM's Effect, as Compared to Other Feed Grade Antibiotics or No Antibiotics in the Diet, on Feed Efficiency and Rate of Gain in Swine, Department of Animal Science - OARDC and Department of Animal Science (K. M. Irvin), 1 November 1989 through 31 October 1990. (Project 767915 - New)

\$4,000.00 - Chronicle Guidance Publications, Inc., Moravia, New York, Federal and National Agency and Organization Marketing and Networking, Center on Education and Training for Employment (R. D. Ryan), 1 October 1989 through 31 March 1990. (Project 767910 - New)

\$3,000.00 - Stuart Pharmaceuticals, Wilmington, Delaware, A Multicenter Comparison of Zoladex Depot and Surgical Castration in Metastatic Prostate Carcinoma, Department of Surgery (J. R. Drago), 1 September 1985 through 30 June 1990. (Project 765067 - Continuation)

\$300.00 - Miles Pharmaceutical, Berkeley, California, Nitrosothiols as Hypotensive Agents, Department of Biochemistry (G. E. Means), 1 December 1989 through 31 May 1990. (Project 767938 - New)

Equipment - Prime Computer, Inc., Bedford, Massachusetts, Center for Commercialization of Space Membership Agreement, Center for Mapping (J. D. Bossler), 1 August 1989 through 31 July 1990. (Project 766219 - Continuation) (Approximate Dollar Value - \$180,000)

Personnel Services - GeoVision Systems, Inc., Englewood, Colorado, Center for Commercialization of Space Membership Agreement, Center for Mapping (J. D. Bossler), 1 September 1989 through 31 August 1990. (Project 766219 - Continuation) (Approximate Dollar Value - \$25,000)

Personnel Services - TYDAC Technologies Corporation, Ottawa, Ontario, Canada, Center for Commercialization of Space Membership Agreement, Center for Mapping (J. D. Bossler), 1 September 1989 through 31 August 1990. (Project 766219 - Continuation) (Approximate Dollar Value - \$25,000)

TOTAL - INDUSTRIAL AWARDS

\$ 821,340.66

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

\$3,797.00 - Vanguard-Sentinel Joint Vocational School Board of Education, Fremont, Ohio, Factors That Influence a Student Not to Enter Into a High School Vocational Curriculum, Department of Agricultural Education (R. K. Barrick), 1 August 1989 through 30 April 1990. (Project 767883 - New)

\$3,500.00 - Ohio River Basin Consortium, Columbus, Ohio, Ohio River Basin Consortium Agreement, School of Natural Resources and Department of Natural Resources - OARDC (J. F. Disinger), 1 July 1989 through 30 June 1990. (Project 765812 - Continuation)

Purchased Services - American College of Obstetricians and Gynecologists, Philadelphia, Pennsylvania, Clinical Trials in Gynecologic Oncology, Department of Obstetrics and Gynecology (L. J. Copeland), 1 July 1989 through 30 April 1990. (Project 767936 - New) (Approximate Dollar Value - \$32,000)

Purchased Services - Wayne State University, Detroit, Michigan, Role of Cricopharyngeal Myotomy and the Treatment of Dysphagia Following Major Head and Neck Surgery, Department of Otolaryngology (D. E. Schuller), 1 June 1989 through 31 May 1990. (Project 767409 - Continuation)

TOTAL - OTHER NON-FEDERAL AWARDS **\$ 990,601.00**

ENGINEERING EXPERIMENT STATION

State Sponsored Research and Development

\$40,000.00 - additional budget from the Ohio Department of Transportation, Columbus, Ohio, for "Evaluation of Remedial Measures for Embankment Failures," under the direction of the department of Civil Engineering for the period September 1, 1988 through August 31, 1990. (529773, Ext. 1)

\$35,690.00 - additional budget from the Ohio Department of Transportation, Columbus, Ohio, for "Refinement of Analytical Photogrammetric Techniques for Application in Transportation Surveys," under the direction of the Department of Geodetic Science for the period October 1, 1985 through September 30, 1990. (529688, Ext. 4)

\$8,081.00 - additional budget from the Ohio Department of Transportation, Columbus, Ohio, for "A Study of Accident Experience in Construction and Maintenance Zones," under the direction of the Department of Civil Engineering for the period July 1, 1987 through May 1, 1990. (529732, Ext. 2)

TOTAL - STATE SPONSORED RESEARCH **\$ 83,771.00**

Industrial and Other Sponsored Research and Development

\$100,000.00 - from various industry for membership in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industrial and Other Sponsored Research and Development (contd)

\$100,000.00 - from General Electric, Cincinnati, Ohio, for "One-Twelfth Scale Ejector-Powered Simulator for the GE 90 Engine," under the direction of the Department of Aeronautical and Astronautical Engineering for the period November 15, 1989 through May 14, 1990. (312524)

\$100,000.00 - from EMTEC, Kettering, Ohio, for "Development and Validation of a Model for Chemical Vapor Deposition (CVD) Processes," under the direction of the Department of Materials Science and Engineering for the period October 1, 1989 through September 30, 1991. (312523)

\$80,000.00 - from various industry for membership in the Compact Radar Cross Section Measurement Ranges Research and Development Consortium under the direction of the Department of Electrical Engineering. (312884)

\$72,500.00 - from various industry for associate membership in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

\$48,537.00 - from AITRC, Columbus, Ohio, for "Partitioning Signature Files for Parallel Processing, Phase II," under the direction of the Department of Computer and Information Science for the period July 1, 1989 through June 30, 1990. (529823)

\$48,176.00 - from ASME Gear Research Institute, Naperville, IL, for "Contact Analysis of Worm Gears," under the direction of the Department of Mechanical Engineering for the period September 1, 1989 through August 31, 1990. (529822)

\$47,000.00 - from General Electric, Cincinnati, Ohio, for "Lufthansa Engine Test Cell Model Study #2," under the direction of the Department of Aeronautical and Astronautical Engineering for the period March 1, 1988 through December 31, 1989. (312449, Ext. 2)

\$40,000.00 - from Edicon, Rochester, New York, for "Research and Development of Images System for Recognition of Fingerprints," under the direction of the department of Welding Engineering for the period October 1, 1987 through June 30, 1990. (529740, Ext. 2)

\$30,000.00 - from various industry for fellowships for the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station.

\$29,198.00 - from Martin Marietta, Denver, Colorado, for "Design of a Dichroic Surface," under the direction of the Department of Electrical Engineering for the period November 15, 1989 through February 28, 1990. (312522).

\$24,200.00 - from Mobil Research and Development Corp., Princeton, New Jersey, for "Catcracker: An Expert System Framework for Diagnosis in Fluid Catalytic Cracking Units," under the direction of the Department of Chemical Engineering for the period October 15, 1988 through December 30, 1990. (312484, Ext. 2)

\$17,802.00 - from 26 sponsors of 39 development projects in three departments/research areas of the College.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industrial and Other Sponsored Research and Development (contd)

\$15,182.00 - from Continental Insurance, Neptune, New Jersey, for "Hypertext Project," under the direction of the Department of Computer and Information Science for the period April 1, 1989 through June 30, 1990. (529799, Ext. 1)

\$10,000.00 - from various industry for affiliate membership in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station.

\$9,500.00 - from UNOCAL Corp., Brea, California, for "Research on Transport of Heavy Crudes," under the direction of the Department of Chemical Engineering for the period November 1, 1989 through October 31, 1990. (529827)

\$5,000.00 - from Battelle Memorial Institute, Columbus, Ohio, for "Numerical Calculations," under the direction of the Department of Engineering Mechanics for the period April 1, 1989 through December 31, 1989. (529800, Ext. 2)

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$ 777,095.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The J. T. "Stubby" Parker Chair in Dairy Foods Fund

The J. T. "Stubby" Parker Chair in Dairy Foods Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Thomas L. Parker in memory of his father, J. T. "Stubby" Parker, whose life work was for the dairy industry. Many additional gifts were received from the dairy industry, alumni, faculty, and friends of the Department of Food Science and Technology.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be reinvested in the fund's principal until the fund reaches \$1,250,000. At that time, the annual income shall be used to support the work of a distinguished professor whose research, teaching, and public service focus on stimulating new research into the chemical, microbial and/or engineering phases of the dairy foods industry. The chair shall be appointed and shall serve at the discretion of the Vice President for Agricultural Administration in consultation with the Chairperson of the Department of Food Science and Technology.

In the event that this position should remain vacant for more than one year, then the income from this fund shall be returned to the fund's principal. Additionally, an appropriate portion of the income and/or unused income accrued in the endowment interest account during the previous chairholder's tenure may be used to provide start-up funds for the new chair recipient.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The J. T. "Stubby" Parker Chair in Dairy Foods Fund (contd)

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use directed to the betterment of the dairy foods industry shall be determined by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

James E. Chapman - Baker & Hostetler Law Library Fund

The James E. Chapman - Baker & Hostetler Law Library Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from James E. Chapman (B.S.Bus.Adm. '53, J.D. '54) of Cleveland, Ohio, and his friends.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used at the discretion of the Dean of the College of Law, with preference being given to the Law Library.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Buckeye Pro-Am Golf Scholarship Fund

The Buckeye Pro-Am Golf Scholarship Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from alumni and friends of the Ohio State men's and women's varsity golf program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to supplement the grant-in-aid scholarships of qualified student athletes pursuing undergraduate degrees at The Ohio State University who are members of the men's and women's varsity golf teams. Recipients shall be selected by the Director of Athletics in consultation with the men's and women's golf coaches and the University Committee on Student Financial Aid.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Buckeye Pro-Am Golf Scholarship Fund (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of Athletics in order to carry out the desire of the donors.

**"Someone Cares" Mansfield Campus Scholarship Fund
for Women**

The "Someone Cares" Mansfield Campus Scholarship Fund for Women was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from an anonymous donor.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to worthy and needy women, particularly mothers who work outside the home, who attend The Ohio State University Mansfield Campus. Scholarship recipients shall be chosen by the Dean/Director of the Mansfield Campus in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean/Director of the Mansfield Campus in order to carry out the desire of the donor.

NOTE: The donor wishes to remain anonymous and has requested no publicity or news releases in regard to the establishment of this fund.

**The Paul C. and Edna H. Warner Endowment Fund
for Sustainable Agriculture**

The Paul C. and Edna H. Warner Endowment Fund for Sustainable Agriculture was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from E. Jack Warner, M.D. (B.A. '52, M.D. '55) and Louise Oman Warner, M.D. (B.S. '51, M.D. '55) of Ashville, Ohio, to honor the memory of Mr. Warner's parents, Paul C. Warner (B.S.Agr. '18) and Edna H. Warner.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Paul C. and Edna H. Warner Endowment Fund
for Sustainable Agriculture (contd)**

The annual income shall be used to support research in sustainable agriculture. Project recommendations shall rest with the departmental chairs of Agronomy and Entomology in concert with the Director of the Ohio Agricultural Research and Development Center. Suggestions from the donors are welcome and final approval must come from the Vice President and Dean of the College of Agriculture.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

The Thomas B. Kyle Scholarship Fund in Horticulture

The Thomas B. Kyle Scholarship Fund in Horticulture was established February 2, 1990, by the Board of Trustees of The Ohio State University, with a gift to The Ohio State University Development Fund from Thomas B. Kyle (B.S.Agr. '29), founder of the Spring Hill Nurseries Company in Tipp City, Ohio. Since his graduation from The Ohio State University, Mr. Kyle has been a pioneer and international leader in the mail-order marketing of nursery stock.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more undergraduate scholarships for high-quality students who are seriously interested in career opportunities within the areas of business and industry, research, and/or education involving ornamental horticulture, nursery management, landscape contracting and/or marketing of horticulture related products.

Selection of recipients shall be made by the Chairperson of the Department of Horticulture and selected faculty from ornamental horticulture in consultation with the Assistant Dean for Student Affairs in the College of Agriculture and the University Committee on Student Financial Aid. Insofar as practical, a member of the Kyle family may be involved in the selection of recipients.

It is the desire of the donor that this fund should benefit the University in perpetuity, and be used to attract outstanding high school students to the study of ornamental horticulture at The Ohio State University. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, with preference being given to the funding of scholarships, programs, or projects which will enhance the Department of Horticulture at The Ohio State University.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Gwen Moody Harre Endowed Fund
for Physical Therapy**

The Gwen Moody Harre Endowed Fund for Physical Therapy was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Gilbert A. Harre (B.S.Ed. '37).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Fifty percent (50%) of the annual income shall be used to provide one or more scholarships to students enrolled in the Physical Therapy Division of the School of Allied Medical Professions. Scholarship recipients shall be chosen by the Director of the Physical Therapy Division in consultation with the University Committee on Student Financial Aid. The remaining fifty percent (50%) of the annual income shall be added to the fund's principal.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Frank W. Hale, Jr., Endowed Scholarship

The Frank W. Hale, Jr., Endowed Scholarship was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from business associates, relatives and friends in honor of Dr. Frank W. Hale, Jr., Vice Provost and Professor Emeritus, who served The Ohio State University as Professor of Communication, Associate Dean of the Graduate School, Vice Provost of Minority Affairs, and Special Assistant to the President from 1971 to 1988.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to award one or more scholarships to minority students (African American, Hispanic, or Native American) who have displayed scholarship, leadership, integrity and have served the University by promoting a strong sense of racial awareness and/or advancement by their involvement in programs and activities that contribute to the development of opportunities and programs for minorities. The scholarship shall be awarded to high school seniors from the Columbus and Franklin County area. Award recipients shall be selected by the Office of Minority Affairs in consultation with the University Committee on Student Financial Aid from the pool of students participating in the Minority Scholars Program.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Frank W. Hale, Jr., Endowed Scholarship (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

**The John W. Paynter Honors Scholarship Fund
in The College of Business**

The John W. Paynter Honors Scholarship Fund in the College of Business was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the Hudson-Webber Foundation and The Edward C. and Hazel L. Stephenson Foundation.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to undergraduate honors students in the College of Business. Criteria for selection shall include outstanding scholastic achievement. Preference shall be given to those students from the Metropolitan Detroit, Michigan, area. Selection of the scholarship recipients shall be made by the University Committee on Student Financial Aid in consultation with the Dean of the College of Business.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Butler County Cooperative Extension Endowment Fund

The Butler County Cooperative Extension Endowment Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Butler County Cooperative Extension Service.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the Butler County Cooperative Extension program. The distribution and use of these funds shall be determined by recommendation from the Butler County Cooperative Extension Advisory Committee to the county chairperson of the Butler County Cooperative Extension Service, with final approval from the official who is responsible for the Ohio Cooperative Extension Service. These funds are subject to review by the University Internal Audit Department.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

Butler County Cooperative Extension Endowment Fund (contd)

Should the Butler County Cooperative Extension office cease to exist, the Butler County Cooperative Extension Advisory Committee and/or its representative shall determine the future use and distribution of the fund's annual earnings by making appropriate recommendations to the official who is responsible for the Ohio Cooperative Extension Service. Additionally, the Butler County Cooperative Extension Advisory Committee shall have up to three years after the initial disbandment of the Butler County Extension office to make an official recommendation.

It is the desire of the donors that this fund should benefit the University and the Ohio Cooperative Extension Service in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income beyond the situation described in the preceding paragraph, then another use shall be designated by the Board of Trustees in consultation with the chief administrative official of the Ohio Cooperative Extension Service and the Butler County Advisory Committee or their representatives, in order to carry out the desire of the donors.

Rubbermaid Incorporated Scholarship Endowment Fund

The Rubbermaid Incorporated Scholarship Endowment Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with a gift to The Ohio State University Development Fund from Rubbermaid Incorporated.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students at the Agricultural Technical Institute who are interested in technologies leading to careers in the plastics industry. First preference shall be given to children of employees of Rubbermaid Incorporated. Children of company executives are ineligible for the scholarships, in accordance with the company's educational benefits policy.

A 2.50 grade point average is recommended for incoming recipients and a 2.50 grade point average must be maintained by returning recipients. The amount of each scholarship is not to exceed half of the annual tuition and fees. Scholarship recipients shall be chosen by the Agricultural Technical Institute's financial aid coordinator in consultation with the chairperson of engineering technologies, other appropriate faculty, and the University Committee on Student Financial Aid.

At such time as a formal technology or option related to the plastics industry is established at the Agricultural Technical Institute, students enrolled in that program shall be given preference over students in other programs. Until then, students in the Fluid Power Technology shall receive preference.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - December 1989

Federal Research Contracts/Grants

\$774,440.00 - Department of Health and Human Services, National Institute on Aging, Bethesda, Maryland, NLS Resurvey: Older Male Survivors and Decedents' Widows, Center for Human Resource Research (H. S. Parnes), 1 December 1989 through 30 November 1990. (Project 767203 - Continuation)

\$655,673.00 - Department of Health and Human Services, National Institute on Deafness and Other Communication Disorders, Bethesda, Maryland, Otitis Media with Effusion: Human Studies, Department of Otolaryngology (D. J. Lim), 1 December 1989 through 30 November 1990. (Project 760043 - Continuation)

\$370,000.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Services to Deaf-Blind Children and Youth -- Technical Assistance to States, Education Administration (K. D. Arnold), 1 October 1989 through 30 September 1990. (Project 767864 - Continuation)

\$360,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Joint Services Electronics Program, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr., P. H. Pathak, E. H. Newman, R. T. Compton, and R. C. Chou), 1 October 1989 through 30 September 1990. (Project 767124 - Continuation)

\$283,332.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Electromagnetic Properties of Material Coated Surfaces, ElectroScience Laboratory, Department of Electrical Engineering (A. K. Dominek, W. D. Burnside, and L. Peters, Jr.), 1 November 1989 through 31 October 1990. (Project 766822 - Continuation)

\$283,103.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Development of Animal Models Infected with Retroviruses for Testing of Antiviral Agents, Department of Veterinary Pathobiology (L. E. Mathes, R. G. Olsen, and M. J. Tarr), 16 December 1985 through 15 December 1990. (Project 765188 - Continuation)

\$185,812.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Neurotransmitters and Inflammatory Mediators in Tooth Movement, Orthodontics (Z. Davidovitch), 1 December 1989 through 30 November 1990. (Project 767223 - Continuation)

\$179,333.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Genetic and Molecular Studies of RNA Splicing, Department of Molecular Genetics (P. S. Perlman), 1 December 1989 through 30 November 1990. (Project 763452 - Continuation)

\$175,921.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Novel Antineoplastic Agents from Higher Plants, College of Pharmacy (J. M. Cassady and R. W. Duskotch) and Department of Pathology (R. E. Stephens), 1 December 1989 through 30 November 1990. (Project 767168 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$173,379.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, General Clinical Research Center, Medicine Administration (M. Tzagournis) and Department of Internal Medicine (W. Malarkey), 1 December 1989 through 28 February 1990. (Project 761196 - Continuation)

\$158,164.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Immunoprevention of Human T-Cell Leukemia Virus-I Infection, Department of Veterinary Pathobiology (R. G. Olsen and L. E. Mathes), 1 December 1989 through 30 November 1990. (Project 765057 - Continuation)

\$149,023.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Optical Scattering Studies, ElectroScience Laboratory, Department of Electrical Engineering (S. A. Collins, Jr.), 1 October 1989 through 30 September 1990. (Project 764394 - Continuation)

\$129,912.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Redox and Electron-Transfer Properties of Flavodoxins, Department of Biochemistry (R. P. Swenson), 1 December 1989 through 30 November 1990. (Project 767166 - Continuation)

\$124,982.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Stereochemistry of Enzyme Reactions to Phosphorus, Department of Chemistry (M. D. Tsai), 1 December 1989 through 30 November 1990. (Project 762722 - Continuation)

\$107,663.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Linking Maternal Employment and Child Care Arrangements to Child Development, Department of Sociology (T. L. Parcel), 1 December 1989 through 30 November 1990. (Project 767980 - Continuation)

\$107,633.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Parental Occupations and Child Care Effects on Child Outcomes, Department of Sociology (E. G. Menaghan and T. L. Parcel), 1 December 1989 through 30 November 1990. (Project 767226 - New)

\$106,000.00 - Department of the Army, Army Research Office, Research Triangle Park, North Carolina, Derivatives of Boranes, Possible Metal Boride and Boron Nitride Precursors, Department of Chemistry (S. G. Shore), 1 February 1990 through 31 January 1991. (Project 766948 - Continuation)

\$105,312.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Demodulation Processes in Auditory Perception, Division of Speech and Hearing Science (L. Feth), 1 December 1989 through 30 November 1990. (Project 767249 - Continuation)

\$104,218.00 - Department of the Army, Army Research Office, Research Triangle Park, North Carolina, A Fundamental Investigation into the Joining of Advanced Light Materials, Department of Welding Engineering (W. A. Baeslack III and L. Adler), 1 April 1990 through 31 March 1991. (Project 766676 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$100,000.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Scatterer Modeling/Calibration Study (Big Ear Measurement Supplement), ElectroScience Laboratory, Department of Electrical Engineering (R. J. Marhefka and J. D. Young), 1 October 1989 through 30 September 1990. (Project 766957 - Continuation)

\$96,000.00 - National Science Foundation, Washington, D.C., Structure and Dynamic Behavior of Selected Organolithium Compounds, Department of Chemistry (G. A. Fraenkel), 1 January 1990 through 31 December 1990. (Project 767225 - Continuation)

\$90,276.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, A Study of DNA Intercalating Aromatic Amino Azides, Department of Chemistry (M. S. Platz), 1 December 1989 through 30 November 1990. (Project 765804 - Continuation)

\$82,187.00 - Department of Health and Human Services, National Institute of Arthritis and Musculoskeletal and Skin Diseases, Bethesda, Maryland, Bone-Cement Interface Biomechanics, Department of Surgery (A. S. Litsky), 1 December 1989 through 30 November 1990. (Project 767202 - Continuation)

\$74,677.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Precomplexation and Activation of Carbohydrate Phosphate Esters, Department of Chemistry (A. W. Czarnik), 1 March 1990 through 28 February 1991. (Project 766706 - Continuation)

\$65,172.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Oxidate PMN/Periodontium Interaction in Oral Disease, Diagnostic Services (S. R. Mallery and C. M. Allen) and Department of Pathology (R. E. Stephens), 1 December 1989 through 30 November 1990. (Project 765142 - Continuation)

\$65,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Studies of Nonlinear Dynamics of Fluid Systems, Department of Physics (C. D. Andereck), 1 December 1989 through 30 November 1990. (Project 767269 - Continuation)

\$63,635.00 - National Science Foundation, Washington, D.C., Continued Investigation of the Extraordinary Katabatic Winds at Terra Nova Bay, Byrd Polar Research Center (D. H. Bromwich), 1 June 1990 through 31 May 1991. (Project 767981 - New)

\$59,412.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Hypothalamic Neuronal Sensitivity in Pregnant Rats, Department of Physiology (J. A. Boulant and D. Christenson), 1 December 1989 through 30 November 1990. (Project 765130 - Continuation)

\$52,766.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Cancer Education Program, Department of Surgery (W. B. Farrar) and Medicine Administration (C. B. Meleca), 29 September 1989 through 31 August 1990. (Project 767942 - Continuation)

\$38,660.00 - National Science Foundation, Washington, D.C., Secular Climate and Atmospheric Circulation Fluctuations over the Atlantic Area, Department of Geography (J. C. Rogers), 1 November 1989 through 31 October 1990. (Project 767077 - Continuation)

February 2, 1990 meeting, Board of Trustees

\$18,613.00 - Dad's Products Company, Inc., Meadville, Pennsylvania, Nutrition Study -- Chronic, Department of Veterinary Clinical Sciences (C. A. Buffington), 1 May 1989 through 30 April 1990. (Project 767975 - New)

\$18,542.00 - Wetlands Research, Inc., Chicago, Illinois, Ecosystem Design Criteria of the Des Plaines River Wetlands: Vegetation/Water Interactions, School of Natural Resources (W. J. Mitsch), 1 October 1989 through 30 September 1990. (Project 767431 - Continuation)

\$11,000.00 - Perkin Elmer Corporation, Danbury, Connecticut, Low Observable Program, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 December 1989 through 31 December 1989. (Project 767973 - New)

\$5,000.00 - Digital Equipment Corporation, Maynard, Massachusetts, Innovator's Program, Department of Geology and Mineralogy (J. J. Daniels), 1 January 1990 through 30 June 1990. (Project 767952 - New)

\$2,700.00 - Superconductive Components, Inc., Columbus, Ohio, Fabrication of High Temperature Superconducting Films, Department of Physics (T. R. Lemberger), 1 March 1989 through 31 August 1989. (Project 767603 - Continuation)

\$1,864.00 - Dad's Products Company, Inc., Meadville, Pennsylvania, Nutrition Study -- Urine pH, Department of Veterinary Clinical Sciences (C. A. Buffington), 1 May 1989 through 30 April 1990. (Project 767976 - New)

TOTAL - INDUSTRIAL AWARDS

\$ 558,670.00

Other Non-Federal Research Contracts/Grants

\$49,070.00 - Elsa U. Pardee Foundation, Midland, Michigan, Enzymatic Mechanisms in Oncogene Translation, Department of Chemistry (J. A. Cowan), 1 January 1990 through 31 December 1990. (Project 767964 - New)

\$45,417.00 - United Nations, Rome, Italy, Monitoring Gene Changes Following Long-Term Seed Storage, Department of Agronomy OARDC and Department of Agronomy (J. C. Kamalay), 1 December 1989 through 30 November 1990. (Project 766128 - Continuation)

\$40,000.00 - American Cancer Society, Atlanta, Georgia, Function of the Herpes Simplex Virus Deoxyribonuclease, Department of Microbiology and Immunology (D. S. Parris), 1 January 1990 through 31 December 1990. (Project 765525 - Continuation)

\$39,200.00 - Fats and Proteins Research Foundation, Fort Myers Beach, Florida, Undegradable Protein Requirements for Cows Fed High Fat Diets in Early Lactation, Department of Dairy Science - OARDC (D. L. Palmquist and W. P. Weiss), 1 January 1990 through 31 December 1991. (Project 767962 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$37,500.00 - Franklin County Mental Health Board, Columbus, Ohio, Expanding Services for Persons with Mental Illness: An Interdisciplinary Collaboration, College of Social Work (M. Coleman), 1 October 1989 through 31 May 1990. (Project 767948 - New)

\$36,852.00 - Friends of the Homeless, Inc., Columbus, Ohio, Job Training for the Homeless Demonstration Program for 1989, College of Social Work (B. Toomey), 1 October 1989 through 30 September 1990. (Project 767966 - New)

\$34,970.00 - Anesthesia Patient Safety Foundation, Park Ridge, Illinois, A Corpus of Cases Analyzed Using Cognitive Science Techniques, Department of Anesthesiology and Department of Industrial and Systems Engineering (D. D. Woods), 1 January 1990 through 31 December 1990. (Project 767983 - New)

\$28,663.00 - North Carolina State University, Raleigh, North Carolina, Determination of Fluid-to-Particle Convective Heat Transfer Coefficients in Aseptic Systems, Department of Natural Resources - OARDC and Department of Agricultural Engineering (S. K. Sastry), 1 December 1989 through 30 November 1990. (Project 767953 - New)

\$27,047.00 - The University of Texas, Richardson, Texas, Generation of a Data Extract from the National Longitudinal Surveys, Center for Human Resource Research (R. J. Olsen), 1 March 1989 through 28 February 1990. (Project 767977 - New)

\$25,500.00 - Dade County Public Schools, Miami, Florida, Technical Assistance to the Bilingual Vocational Instructional Program, Center on Education and Training for Employment (J. E. Friedenber), 1 September 1989 through 31 August 1990. (Project 767174 - Continuation)

\$25,000.00 - March of Dimes Birth Defects Foundation, White Plains, New York, Effect of Parental Occupation on Pre-Term Birth, Spontaneous Abortion, Stillbirth, and Low Birth Weight, Department of Preventive Medicine (R. S. Hopkins), 1 January 1990 through 31 December 1990. (Project 767317 - Continuation)

\$24,951.00 - American Federation for Aging Research, Inc., New York, New York, Glucocorticoids and the Aging Hippocampus, Biotechnology Program (J. N. Masters), 1 November 1989 through 31 October 1990. (Project 767951 - New)

\$23,956.00 - Circleville Water Authority, Circleville, Ohio, Delineation of Travelttime-Related Capture Zones Surrounding the Circleville, Ohio Wellfield Using Numerical Simulation and Particle Tracking, Department of Geology and Mineralogy (E. S. Bair), 1 January 1990 through 31 December 1990. (Project 767957 - New)

\$22,500.00 - March of Dimes Birth Defects Foundation, White Plains, New York, Developmental Regulation of a Glucocorticoid Inducible Gene, Biotechnology Program (A. P. Young), 1 October 1989 through 30 June 1990. (Project 767968 - New)

\$20,888.00 - National Training Fund for the Sheet Metal and Air-Conditioning Industry, Alexandria, Virginia, Reading and Mathematics Competencies Needed for Successful Entry and Progression Through Joint Labor-Management Sponsored Sheet Metal Apprenticeship Training, Center on Education and Training for Employment (R. D. Ryan), 1 January 1990 through 31 August 1990. (Project 767960 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$20,587.00 - National Training Fund for the Sheet Metal and Air-Conditioning Industry, Alexandria, Virginia, Traditional Versus Concentrated Apprenticeship Training Delivery Modes in Joint Labor-Management Sector of the Sheet Metal and Air-Conditioning Industry, Center on Education and Training for Employment (R. D. Ryan), 1 October 1989 through 31 March 1990. (Project 767959 - New)

\$15,000.00 - American Cancer Society, Ohio Division, Inc., Dublin, Ohio, Synthetic Approach to Triquinane Antitumor Antibiotics, Department of Chemistry (V. H. Rawal), 1 November 1989 through 31 October 1990. (Project 767943 - New)

\$15,000.00 - Deafness Research Foundation, New York, New York, Endotoxin Induced Histopathological and Functional Changes in the Inner Ear, Department of Otolaryngology (T. DeMaria), 1 January 1990 through 31 December 1990. (Project 767971 - New)

\$10,000.00 - Sigma Kappa Sorority Foundation, North Little Rock, Arkansas, Using an Animal Model (Nucleus Basalis Lesions) to Evaluate a New Pharmacotherapeutic Drug (SR-3) in the Treatment of Alzheimer's Disease, Department of Pathology (R. F. Mervis), 1 September 1989 through 31 August 1990. (Project 767198 - Continuation)

\$8,307.68 - American Institute of Indian Studies, Minneapolis, Minnesota, American Institute of Indian Studies Center for Art and Archaeology, Department of History of Art (S. L. Huntington), 1 July 1989 through 30 June 1990. (Project 766037 - Continuation)

\$8,000.00 - Southeastern Center for Electrical Engineering Education, St. Cloud, Florida, Objective Measures of Speech Intelligibility and Quality, Department of Electrical Engineering (A. Krishnamurthy), 1 January 1989 through 31 December 1989. (Project 767390 - Continuation)

\$5,000.00 - The Getty Center for Education in the Arts, Los Angeles, California, Development of a Handbook for Aesthetics in Art Education, Department of Art Education (E. L. Lankford), 1 August 1989 through 30 April 1990. (Project 767961 - New)

\$4,650.00 - Medical College of Ohio, Toledo, Ohio, Agronomic Effectiveness of Kiln-Dust Stabilized Municipal Sewage Sludge, Department of Agronomy - OARDC and Department of Agronomy (T. J. Logan), 15 March 1989 through 28 February 1990. (Project 766198 - Continuation)

\$4,600.00 - North Atlantic Treaty Organization, Brussels, Belgium, Transport in Biological Lyotropic Liquid Crystals, Department of Chemistry (M. Caffrey), 1 January 1990 through 31 December 1991. (Project 767978 - New)

\$2,500.00 - Dr. David L. Nalin, Blue Bell, Pennsylvania, Publication of the Pala Indian Catalogue, Department of History of Art (J. Huntington and S. L. Huntington), 1 November 1989 through 30 October 1990. (Project 767949 - New)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

Mary E. Border Ohio 4-H Scholarship Fund

The Mary E. Border Ohio 4-H Scholarship Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Mary E. Border (B.S.H.E. '26) of Manhattan, Kansas. Mary Border's career began as a Strasburg, Ohio, 4-H member and included gaining of Master of Sociology and Master of Adult Education degrees and professional service as a home economist and 4-H agent for the Cooperative Extension Service in Kansas, a state extension leader, and federal service to four developing countries through the United States' AID organization.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to an incoming freshman or undergraduate student at The Ohio State University or other accredited university who has background in 4-H work as a club member or advisor. Scholarship awards shall be based on financial need and shall be awarded to students regardless of their area of study. Scholarship recipients shall be chosen by the State 4-H leader or his/her designee, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the chief administrative officials responsible for the College of Agriculture, the Ohio Cooperative Extension Service, the State 4-H program, and the Ohio 4-H Foundation, in order to carry out the desire of the donor.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Cecil and Eloise Robinson
Agricultural Engineering Endowment Fund

The Cecil and Eloise Robinson Agricultural Engineering Endowment Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Cecil Robinson (B.S.Agr. '40) and Eloise Robinson of Delaware, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide program support to the Department of Agricultural Engineering. Programs may include undergraduate scholarships, graduate associateship supplements, special grants or loans to assist working students, or to realize some other program which represents any unusual and special opportunity which cannot be implemented otherwise. The selection of the specific program of use shall be made by the Department of Agricultural Engineering's Honors and Awards Committee in consultation with the department chairperson. If approved by the faculty, another appropriate committee shall perform the selection function. Where scholarships and other financial assistance are involved, awards shall be made in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Helen, Joseph, Lynne, and Steve Skilken
Athletic Scholarship Fund

The Helen, Joseph, Lynne, and Steve Skilken Athletic Scholarship Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the Helen and Joseph Skilken Foundation of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to supplement the student-athlete grant-in-aid scholarships of members of The Ohio State University men's intercollegiate varsity swimming and diving team. The recipients shall be chosen by the Director of Athletics, in consultation with the University Committee on Student Financial Aid and a representative of the Helen and Joseph Skilken Foundation.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the Director of Athletics, in order to carry out the desire of the donors.

The Gary J. Nicholson Memorial Scholarship
in Horticulture

The Gary J. Nicholson Memorial Scholarship in Horticulture was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from family, friends, organizations, etc., to honor the late Gary Nicholson (B.S.Agr. '69) of Burlington, Ontario, Canada.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to undergraduate and/or graduate students in horticulture with floriculture marketing interests. Preference shall be given to Canadian applicants. Scholarship recipients shall be chosen by the Dean of the College of Agriculture or his/her designee, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Francille M. Firebaugh
Study Abroad Scholarship Fund

The Francille M. Firebaugh Study Abroad Scholarship Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University in honor of Francille M. Firebaugh, Vice Provost Emeritus, International Affairs, and Professor Emeritus, Family Resource Management, with gifts to The Ohio State University Development Fund from friends and colleagues in recognition of her years at Ohio State and her commitment to International Studies. These gifts were matched by Francille Firebaugh and her husband, John Firebaugh.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

**Francille M. Firebaugh
Study Abroad Scholarship Fund (contd)**

The annual income shall be used to provide one or more Study Abroad Scholarships. Applicants must be currently enrolled at The Ohio State University. Selection will be based upon appropriateness of the study abroad experience to the student's academic and/or career goals and academic achievement. Scholarship recipients shall be selected upon the recommendation of the Director of The University Center for International Studies and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate program administrative officer in order to carry out the desire of the donors.

The Alpha and Paul E. Haffey Scholarship Endowment

The Alpha and Paul E. Haffey Scholarship Endowment was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Alpha Gesell Haffey (B.S.H.E. '42) and Paul E. Haffey (B.S.Agr. '42) of Saddle River, New Jersey.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be divided equally between the College of Agriculture and the College of Human Ecology to provide one or more scholarships to undergraduate and/or graduate students. The College of Agriculture scholarships shall be awarded to students in the Department of Horticulture, with preference given to those with an interest in floriculture marketing. The College of Human Ecology scholarships shall be awarded at the discretion of the Dean of the College of Human Ecology. The selection of the recipients shall be made by the deans of the respective colleges in consultation with the University Committee on Student Financial Aid. If the income is not needed to support undergraduate or graduate scholarships, it may be used for discretionary project support by the aforementioned department or college.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Dr. Samuel and Rosa Lobe Scholarship Fund

The Dr. Samuel and Rosa Lobe Scholarship Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Samuel Lobe (M.D. '32) of Cleveland, Ohio, in memory of his wife, Rosa Lobe.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to deserving medical students. Selection of the recipients shall be made by the Dean of Students for the College of Medicine in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

Adrienne A. and Marvin R. Zahniser Scholarship Fund

The Adrienne A. and Marvin R. Zahniser Scholarship Fund was established February 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Adrienne A. and Marvin R. Zahniser, employees of The Ohio State University of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates

The annual income shall be used to provide one or more scholarships to students entering their senior year who are majoring in History or Religious Studies (presently a part of the program in Comparative Studies). If a suitable candidate is not found in these areas, the scholarship shall be awarded to a student majoring in French, Spanish or German. This scholarship shall be awarded for one year only on the basis of superior academic achievement (grade point average of 3.70 or better) in university-level courses. The recipient shall be selected by University officers in the Colleges of the Arts and Sciences entrusted with selecting students eligible for various Honors awards, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

Change of Name and Description of Named Fund

Richard R. Medhurst & Genevieve H. Medhurst
Scholarship in Social Welfare

The Richard R. Medhurst Scholarship in Social Welfare was established February 7, 1986, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from his wife, Genevieve H. Medhurst, family and friends in memory of Dr. Richard R. Medhurst, Ohio State Professor in the College of Social Work. The name was changed February 2, 1990.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships for students enrolled in the College of Social Work who demonstrate a need for financial assistance and who best exemplify the academic excellence, professional leadership and creativity which Dr. Medhurst sought to develop in his students. The selection of recipient(s) shall be made by the College of Social Work in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever in the College of Social Work as directed by the Board of Trustees, with preference being given to recommendations from the Dean of the College.

Change in Description of Named Funds

The All American Youth Horse Show Endowment Fund

The All American Youth Horse Show Endowment Fund was established February 3, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the All American Youth Horse Show Foundation, Columbus, Ohio. The fund description was revised February 2, 1990.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide an academic scholarship to one or more twelfth grade students who are members of the 4-H horse program, planning to enroll autumn quarter at The Ohio State University or other accredited post secondary institution in any course of study. Applicants for this award shall be judged on their level of 4-H involvement (40%), experiences in other youth organizations (20%), future plans and potential for success (20%), and need for the scholarship (20%). Awarding of this scholarship shall be made in accordance with the rules and procedures set forth by the State 4-H Office and in consultation with the All American Youth Horse Show Foundation and The Ohio State University Committee on Student Financial Aid. The scholarship may be renewable providing the recipients maintain a satisfactory level of progress. Any income not used in a given year will be added to the principal at the end of that fiscal year.

The Baker & Hostetler Law Library And Building Fund

The Mildred S. and Noel F. George Fund was established September 3, 1982, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the Kaplan-Halpert Foundation of Cleveland, Ohio, through the generosity of Noel F. George (J.D. '32), a trustee of the Foundation, on the occasion of his 50th anniversary of graduation from the College of Law. The name was changed to The Noel F. George - Baker & Hostetler Law Library Fund on February 7, 1986. The name was further changed to The Baker & Hostetler Law Library and Building Fund on June 3, 1988. The description was revised August 23, 1989, and was further revised February 2, 1990.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used at the discretion of the Dean of the College of Law for the activities of the Law Library in the College of Law and/or for the library addition to the Law Building. The Dean of the College may, at his discretion, invade the fund's principal.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for legal education.

Edward Montgomery, Jr., Scholarship Fund

The Edward Montgomery, Jr., Scholarship Fund was established March 4, 1988, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Edward E. Montgomery, Jr. (B.Mus. '69), Worthington, Ohio. The fund description was revised February 2, 1990.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships and grants-in-aid to entice and maintain talented musicians in The Ohio State University Marching Band. Provided there is no marching band or Ohio State University Band into which it is merged, then the annual income shall be used to provide scholarship assistance to students in the College of The Arts or its successor. Scholarship recipients shall be selected by representatives of the School of Music in consultation with the Marching Band Director and the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

--0--

Request for Construction Bids

Background

Magnetic Resonance Imaging/Spectroscopy Facility

This project will provide a facility of approximately 1,870 gross square feet as a one-floor addition to the northwest corner of Wiseman Hall to house the 4.7 Tesla/40 cm research grade magnetic resonance imaging and spectroscopy instrument which is now being purchased by the University through the Department of Radiology. This instrument will enhance research efforts within the College of Medicine by applying the non-invasive features of spectroscopy to the study of a variety of pathological conditions in animal models. Studies are likely to be centered on oncology and cardiology although efforts in spinal cord injury and other areas are also anticipated. This project was designed in-house by the University Architect's Office.

Construction funds for the project are available from College of Medicine, and construction costs are estimated at \$200,000.00. The total estimated project cost is \$250,000.00.

Rightmire Hall Renovation - Phase II, Demolition

This phase of the project will provide the demolition of the ground floor and first floor areas of Rightmire Hall in preparation for housing new research laboratories for the Biotechnology Center. This demolition will include all interior non-bearing walls, ceilings, stepped concrete floors in lecture halls and all HVAC, plumbing and electrical lines and systems not scheduled for reuse. This project also will include the purchase and installation of structural steel and metal floor deck to infill portions of the first floor where lecture halls were removed.

Construction funds for the project are available from University funds; and construction costs are estimated at \$611,710.00. The total estimated project cost for this phase of the project is \$873,220.00.

(See Appendix XXXXVI for maps, 749.)

REQUEST FOR CONSTRUCTION BIDS

Resolution No. 90-74

**MAGNETIC RESONANCE IMAGING/MAGNETIC RESONANCE SPECTROSCOPY
RIGHTMIRE HALL RENOVATION - PHASE II DEMOLITION**

Synopsis: The Fiscal Affairs Committee recommended authorization to request construction bids for the Magnetic Resonance Imaging/Spectroscopy Facility and Rightmire Hall Renovation - Phase II Demolition projects.

WHEREAS the Magnetic Resonance Imaging/Spectroscopy Facility is to be constructed at the northwest corner of Wiseman Hall, to house the 4.7 Tesla/40 cm research grade magnetic resonance imaging and spectroscopy instrument; and

WHEREAS the total estimated cost of this project is \$250,000.00, with the estimated construction cost being \$200,000.00, with funding provided from the College of Medicine; and

WHEREAS the Rightmire Hall Renovation - Phase II Demolition project will demolish the ground floor and first floor areas of Rightmire Hall in preparation for housing new research laboratories for the Biotechnology Center; and

WHEREAS the total estimated cost of the project is \$873,220.00, with the estimated construction cost being \$611,710.00, with funding provided from University funds:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on these projects in accordance with established University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Background (contd)

Food Facility Freezer Addition - Stores and Receiving Building (contd)

addition to the northeast side of the building will serve as a storage area for products that do not need controlled temperatures; and a portion of the building will be modified to house a cooler. The total project cost is \$1,830,000.00; funding is provided from Business Management. The estimated completion date is July 1990. The contracts awarded are as follows:

General Contract:	Refrigeration Systems, Columbus, Ohio
Amount:	\$1,257,660.00 * +
Estimate:	\$1,218,100.00 * +
Plumbing Contract:	Westland Mechanical, Reynoldsburg, Ohio
Amount:	\$38,800.00
Estimate:	\$52,900.00
HVAC Contract:	Farber Corporation, Columbus, Ohio
Amount:	\$65,500.00 +
Estimate:	\$52,500.00 +
Electric Contract:	Buckeye Electric, Dayton, Ohio
Amount:	\$197,999.00
Estimate:	\$217,800.00
Total All Contracts:	\$1,559,959.00 *
Contingency Allowance:	\$ 76,934.03 (4.9% of construction cost)
Total Project Cost:	\$1,830,000.00

+The General and HVAC contracts are in excess of filed estimate of costs; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Ohio Stadium Turf Replacement

This project will remove the existing artificial surface and subbase in Ohio Stadium and install a grass playing surface, associated drainage and irrigation systems, and subbase. The total project cost is \$1,020,100; funding is provided by the Athletic Department. The estimated completion date is August 1990, but it is anticipated that Spring Commencement still can be held in the Stadium since all work inside the Stadium is to be completed by May 1. The contracts awarded are as follows:

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Ohio Stadium Turf Replacement (contd)

Site Work Contract:	George Igel Co., Columbus, Ohio
Amount:	\$164,600.00 *
Estimate:	\$177,500.00 *
Turf Contract:	Turf Services, Tuscaloosa, Alabama
Amount:	\$604,335.00 +
Estimate:	\$584,000.00
Storm Sewer Contract:	Concrete Construction, Columbus, Ohio
Amount:	\$124,000.00
Estimate:	\$155,000.00
Total All Contracts:	\$ 892,935.00 *
Contingency Allowance:	\$ 44,654.97 (5% of construction cost)
Total Project Cost:	\$1,020,100.00

+The Turf contract is in excess of filed estimate of costs; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

West Campus Bridges

This project will replace the West Campus pedestrian bridges, which have deteriorated due to water penetration and salt damage, with prefabricated steel structures. The total project cost is \$120,660; funding is available from funds appropriated in House Bill 810, Basic Renovations. The estimated completion date is July 1990. The contract awarded is as follows:

General Contract:	Contractors Unlimited, Columbus, Ohio
Amount:	\$ 94,500.00
Estimate:	\$ 127,000.00
Total All Contracts:	\$ 94,500.00
Contingency Allowance:	\$ 7,560.00 (8% of construction cost)
Total Project Cost:	\$ 120,660.00

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 90-75

**FOOD FACILITY FREEZER ADDITION - STORES AND RECEIVING BUILDING
OHIO STADIUM TURF REPLACEMENT
WEST CAMPUS BRIDGES**

Synopsis: The Fiscal Affairs Committee recommended the Report of Award of Contracts and the Establishment of Contingency Funds for the Food Facility Freezer Addition - Stores and Receiving Building, Ohio Stadium Turf Replacement, and West Campus Bridges projects.

WHEREAS resolutions adopted by the Board of Trustees on May 4, 1989 and August 23, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects: Food Facility Freezer Addition - Stores and Receiving Building and Ohio Stadium Turf Replacement; and

WHEREAS a resolution adopted by the Board of Trustees on May 4, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the following project: West Campus Bridges:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by this Board and upon the recommendation of the Fiscal Affairs Committee, the Report of Award of Contracts and Establishment of Contingency Funds for the Food Facility Freezer Addition - Stores and Receiving Building, Ohio Stadium Turf, and West Campus Bridges projects is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Acceptance of the Gift of Real Property

Background

Busch Boulevard Centre
Columbus, Ohio

The Busch Boulevard Centre is located in north Columbus, northeast of the intersection of Busch Boulevard and East Dublin-Granville Road, adjacent to the Continent and the French Market. The Centre is situated on approximately 3.9 acres on the east side of Boardwalk Street and the south side of Mediterranean Avenue and consists of a one-story brick and masonry concrete block multi-tenant strip shopping center with approximately 50,000 square feet of leasable space, subdivided into 28 storefronts. The building is approximately four years old and in excellent condition. The site is zoned C-4 (General Commercial).

Acceptance of the Gift of Real Property (contd)

Background (contd)

Busch Boulevard Centre
Columbus, Ohio (contd)

The owner of the property is Mr. Bernard R. Ruben of Columbus, Ohio. Mr. Ruben desires to make a gift of the property to the University to establish an Endowment fund to support The Arthur G. James Cancer Hospital and Research Institute.

An MAI appraisal done in October 1989, by the Robert Weiler Company valued the property at \$4,275,000.00. There is an outstanding mortgage and other indebtedness totalling approximately \$3,525,000.00. The gift value would be the difference, minus any acquisition, holding, or disposition costs.

(See Appendix XXXXVIII for map, page 761.)

ACCEPTANCE OF THE GIFT OF REAL PROPERTY

Resolution No. 90-76

BUSCH BOULEVARD CENTRE
COLUMBUS, OHIO

Synopsis: The Fiscal Affairs Committee recommended acceptance of a gift of real property, known as the Busch Boulevard Centre, in Columbus, Ohio.

WHEREAS Mr. Bernard R. Ruben is the owner of the Busch Boulevard Centre, a 28-store plaza, located on the east side of Boardwalk Street and the south side of Mediterranean Avenue in the City of Columbus; and

WHEREAS Mr. Ruben desires to make a gift of this property to The Ohio State University through The Ohio State University Development Fund to establish an Endowment fund for the support of The Arthur G. James Cancer Hospital and Research Institute; and

WHEREAS the property has an appraised value of \$4,275,000.00 as of October 1989, and an outstanding mortgage and other indebtedness totalling approximately \$3,525,000.00; and

WHEREAS the appropriate University offices have determined that acceptance of this gift is in the best interest of The Ohio State University:

NOW THEREFORE

BE IT RESOLVED, That this property be accepted as a gift to The Ohio State University through The Ohio State University Development Fund from Mr. Bernard R. Ruben and that the President and/or Vice President for Business and Administration be authorized to acquire title to this property in the name of the Board of Trustees of The Ohio State University and that this gift be used to establish an Endowment fund for the support of The Arthur G. James Cancer Hospital and Research Institute; and

BE IT FURTHER RESOLVED, That the Treasurer be authorized to use existing Endowment funds to satisfy the outstanding mortgage and other debts on this property.

ACCEPTANCE OF THE GIFT OF REAL PROPERTY (contd)

BUSCH BOULEVARD CENTRE
COLUMBUS, OHIO (contd)

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution with six affirmative votes cast by Messrs. Barone, Kessler, Shumate, Amb. Wolf and Mrs. Bowser and Ms. Casto, and a negative vote cast by Mr. Teaford.

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY**

Resolution No. 90-77

Synopsis: The Fiscal Affairs Committee recommended authorization to renew an easement for electric service to the Columbus Southern Power Company at 2760 North Star Avenue in Columbus, Ohio.

WHEREAS in 1974 The Ohio State University granted to the Columbus Southern Power Company a 15-year easement consisting of a strip of land approximately ten feet in width and approximately 600 feet in length for the installation of electric service at 2760 North Star Avenue; and

WHEREAS this easement has expired and Columbus Southern Power has requested a renewal for a 15-year period; and

WHEREAS the electric service will serve University property; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XXXXVIV for map, page 763.)

**Acceptance of the Report of Audit
Recommendations and Responses for 1988-89**

Background

In August 1985, The Ohio State University, with the approval of the Auditor of State, entered into a four-year agreement with Touche Ross and Co. for an annual audit of the University for fiscal years 1985-86 through 1988-89. The agreement contains one two-year renewal option for audits of fiscal years 1989-90 and 1990-91. The audit for 1988-89 is the fourth year of this four to six-year commitment.

The Touche Ross audit of the University for 1988-89, meeting the requirements of the Auditor of State, has been received and reviewed by the appropriate University offices. The "audit" actually consists of several documents: the report on the audit of the University's financial statements; the auditors' summary letter to the Board of Trustees; a letter of recommendations for the University; separate letters of recommendations for the University Hospitals and the WOSU Stations; and the Ohio Revised Code compliance letter; all for the 1988-89 fiscal year.

For each of the auditors' recommendations, the report contains a response from the appropriate University office or offices.

This report of the audit and the University responses is recommended for acceptance.

**ACCEPTANCE OF THE REPORT OF AUDIT
RECOMMENDATIONS AND RESPONSES FOR 1988-89**

Resolution No. 90-80

Synopsis: The Fiscal Affairs Committee recommended the acceptance of the report of audit recommendations and responses for The Ohio State University for 1988-89, conducted by Touche Ross and Co.

WHEREAS in August 1985, with the approval of the Auditor of State, The Ohio State University entered into a four-year agreement with Touche Ross and Co. for an annual audit of the University for fiscal years 1985-86 through 1988-89; and

WHEREAS the Touche Ross audit of the University for 1988-89, meeting the requirements of the Auditor of State, has been received and the accounts, records, files, and reports of the University have been found to be in satisfactory condition, but certain recommendations have been included in the audit report; and

**ACCEPTANCE OF THE REPORT OF AUDIT
RECOMMENDATIONS AND RESPONSES FOR 1988-89 (contd)**

WHEREAS the auditors' recommendations have been studied by the appropriate University offices, and procedures and responses have been developed as a result of the recommendations:

NOW THEREFORE

BE IT RESOLVED, That the report of the Touche Ross and Co. audit for The Ohio State University for 1988-89 (including the report on the audit of the University's financial statements; the summary letter to the Board of Trustees; the letter of recommendations for the University; separate letters of recommendations for the University Hospitals and the WOSU Stations; and the Ohio Revised Code compliance letter) and the management responses to the recommendations be accepted.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport**

Mr. Jackson:

We place before you a resolution for the Adoption of the Master Plan Update and Noise Compatibility Study for The Ohio State University Airport. We have had many discussions about this Master Plan and involved staff in the development of this. We are requesting your authorization to send it on to the FAA for their review and approval. It will take some time in their organization before a document comes back from them. We have with us today, Stacy Weislogel, who is Chairman of the Department of Aviation. He has a few words to say about this study and wants to tell you about the significant points, as he perceives them, before it is submitted. Dr. Weislogel --

Dr. Stacy Weislogel:

Thank you, Mr. Jackson. Madam Chair and Members of the Board of Trustees, we appreciate the opportunity to appear before you today to urge the adoption of The Ohio State University Airport Plan Update Study and companion Noise Compatibility Study. Before I get into my brief presentation, I would like to introduce Mr. Ken Newstrom, who is our Director of the Airport, and Dr. Bill Griffith, Assistant Vice President Emeritus of Campus Planning. Both of these gentlemen were very deeply involved in the preparation of both studies and also in assisting our consultant, Aviation Planning Associates in Cincinnati, Ohio, over the last two years in putting these two studies together.

In the preparation and development of these two studies, there were inputs from three advisory committees, including the citizens' groups from nearby neighborhoods. And, indeed, there was considerable public involvement, including five meetings of the advisory committees, and five public involvement workshops for the local community. We were very pleased with the positive working relationship which developed between the University and the Northwest Civic Association during the development of these two plans.

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport (contd)**

Dr. Weislogel: (contd)

The Master Plan recommends completion of twenty-eight development projects over the next twenty years. The first of the two key projects is the lengthening of the north parallel runway at the University Airport from 3,000 feet to 6,000 feet in length. This will represent the ultimate length of the primary runway at the University Airport for the future. Having a second long runway will enhance the Airport operational safety and efficiency, and also contribute to the mitigation of noise around the Airport due to aircraft operations.

The second major project is the proposed acquisition, through surplus means, of the Ohio Army and National Guard Aviation Support Facility. It is proposed that when that facility is vacated as an aeronautical facility later this year by the Army, that it be developed as an aviation research and flight education center for the Department of Aviation and the University.

With regard to the Master Plan Study, I think it is important to put it into proper perspective. Please remember that the purpose of a Master Plan is simply to provide a long-term development guide for the facilities that will be required to meet projected aviation needs over the next twenty years and assure the financial viability of the Airport. And the plan is just that -- a plan. If you will indulge me, I am going to ask Mr. Newstrom to pass out a copy of the first Master Plan layout of the University Airport, dated 1943. When you compare that layout plan to the existing Airport facility, I think it reinforces the point that a plan is just a plan. It is one's best planning for the present into the future.

The Federal Aviation Administration requires that a Master Plan be conducted approximately every 10 years in order for the Airport sponsor, in this case, Ohio State, to continue eligibility for federal funding for airport improvement and development projects. That leverage is one dollar of local funds generates nine dollars of federal funds. You should also note that a specific project must appear in the approved Airport Master Plan in order to be eligible for federal funding. Now after the FAA accepts the Master Plan, each proposed development project that the University chooses to go forward with will require both Board of Trustees approval and FAA approval. So each of the twenty-eight projects, as they are chosen to go forward, must receive both of those approvals individually. In addition, if the project involves a major runway extension, such as the lengthening of a runway, environmental assessment is required by the FAA, as well as public hearings. So, there is ample opportunity for public involvement later on for each of the proposed projects as they come before the University for approval.

In regard to the Noise Compatibility Study -- which is the companion study which we urge adoption of today -- its purpose is to evaluate existing and future aircraft noise and land use compatibility in the areas surrounding the Airport, and it also proposes a program to reduce any noise impact. This Noise Compatibility Study concludes that, indeed, the community surrounding the Airport is exposed to minimal noise exposure in accordance with federal standards. With regard to the volume of noise complaints that we hear at University Airport, you will be interested in knowing that in Fiscal Year 1987-88 we had a total of eighteen noise complaints. In 1988-89, the number was thirty-two. During calendar year 1989, the total number of noise complaints was thirty-seven, about three noise complaints a month. Nine of those thirty-nine complaints were from one individual.

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport (contd)**

Dr. Weislogel: (contd)

I would like to point out that from an academic standpoint the Department of Aviation's students, faculty, and staff are excited about the educational benefits which result from developing the Airport in accordance with the Master Plan which is before you today. To give you some perspective on the academic program at The Ohio State University, the Ohio State aviation academic program is considered one of the nation's leading collegiate aviation programs. Of the 400 programs that exist nationwide, we consistently rank in the top 10. Since 1948, over 30,000 students have enrolled in aviation classrooms and flight laboratories. The enrollment has doubled each decade since 1950. Today, there are 500 declared aviation majors enrolled in three baccalaureate degree programs in the three colleges at The Ohio State University.

Now what is the importance of this Master Plan Study to our aviation students in the educational progress? In general, the Master Plan provides a development plan which will better serve not only the public service interests of the University, but also the educational interests of our OSU declared aviation majors -- over 500 of them. The Master Plan Study will allow us to continue to provide learning laboratory experiences for aviation major students. Indeed, over one-third of the over 100 employees who manage, operate, and maintain the Airport 365 days a year, 24-hours a day, are Ohio State aviation majors working on a degree in aviation, while, in effect, conducting a parallel cooperative education experience working in the various functions of operating a major airport. The Airport serves as a learning laboratory, similar to the University Hospitals, in that our students are exposed to a wide-range of career related experiences on a daily basis. The Master Plan Study will also continue to provide a plan to enable the Airport to remain financially self-sufficient thereby providing the needed financial support to the aviation academic program.

Therefore, Mr. Chairman and Members of the Board of Trustees, I urge your adoption of the Master Plan Update Study and Noise Compatibility Study for The Ohio State University Airport which is before you today. I would also ask Mr. Newstrom to hand out one other piece of information and that is the graph of our aviation enrollments since the early 1940's. You will note the high demand for aviation education at The Ohio State University. Thank you, very much. Mr. Jackson --

Mr. Jackson:

Clearly, Dr. Weislogel has provided outstanding leadership for what is an outstanding program at The Ohio State University within the College of Engineering. And I know that Dr. Glower would have liked to have been here this morning, but he presently is winging his way to Mexico. I am sure Dr. Weislogel would be glad to answer any questions that anybody might have.

Ms. Davis:

Dick, I have a question. Concerning the academic education program, is there any cost to the students that are majoring in aviation, above and beyond normal tuition, or not?

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport (contd)**

Dr. Weislogel:

Of the 500 declared aviation majors in our program today, approximately 20 percent of those students pursue what we refer to as the "aircraft system specialization," which is the flight education tract. Those are the students who have a career objective of becoming a professional pilot. Those are persons who will manage and operate the high-tech aircraft which are flying in the national aviation system today. That tract does, indeed, require an additional equipment usage charge for the purpose of obtaining the proper FAA Airmans' Certificates in learning how to fly for the entry level professional pilot position. So to answer your question, the only additional charge to aviation students are those that relate to aircraft equipment use charges in our Aircraft Systems Specialization.

Ms. Davis:

In the risk in sounding more naive, is there a means where there can be financial aid for those charges?

Dr. Weislogel:

We are always seeking financial aid. It never ceases to amaze us the resourcefulness of our aviation majors. For an aviation major who is receiving flight education, up to and including the entry level pilot position, that individual student will, in addition to the cost of a four-year baccalaureate education, also have to provide an additional \$17,000 to \$20,000 for flight education courses. We have in place an aviation student loan fund which we have put together ourselves for purposes of funding outstanding students in flight education. There is also scholarship aid available within the collegiate aviation community. We would like to see that grow much greater than it is now. We are also encouraged by what we see happening with the airlines today. We are associated with both United Airlines and Trans World Airlines in internship experience programs. It appears that the airline industry recognizes that it will be the collegiate aviation programs in the future which will provide the entry level professional pilot candidate to the airline industry. And I think that will result in better financial aid for these students over the next decade, the source being the airlines.

Ms. Davis:

Thank you.

Mr. Kessler:

About what percentage at Don Scott now is student flying and non-student flying?

Dr. Weislogel:

Of the total number of flight operations each year, Mr. Kessler -- an operation being a take off or landing -- approximately 50 percent of those operations are flight education related.

February 2, 1990 meeting, Board of Trustees

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport (contd)**

Mr. Kessler:

Do you count the touch and goes?

Dr. Weislogel:

The landing is an operation and a take-off is an operation. When they come down and touch and go that is called two operations.

Mr. Jackson:

You might also add to your list of support items the student relationship to the University's air transportation.

Dr. Weislogel:

Yes, that is an important compliment of our program, especially for those students who are in the aircraft systems specialization. The Ohio State University Air Transportation Service is, of course, an in-house air transportation service. And one of the internship programs that we have is the air transportation service internship program provided by the Office of Business and Administration. Two students are enrolled in that program each quarter. And, of course, we select the better students. When they complete the two quarter program, those students are qualified to become co-pilots on corporate aircraft -- corporate turbo aircraft, I might add.

Mr. Kessler:

Any other questions? Thank you both, very, very much.

Mr. Jackson:

I think it is important to read the last paragraph, on the last page:

"NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees of The Ohio State University hereby adopts the University Airport Master Plan Study and the University Airport Noise Compatibility Study, including associated documents, reports, and maps, all dated January 1990, subject to approval by the Federal Aviation Administration and provided that, as appropriate, specific action by this Board shall be required for implementation of these plans."

Dr. Weislogel mentioned that and I want to make sure that that is clear.

Mr. Kessler:

So, if you were a Trustee you would make that motion?

Mr. Jackson:

Yes, Sir.

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport (contd)**

Mr. Teaford:

It was my understanding that the reason we are doing this is that the FAA requires this adoption of a plan before they would think about giving us any money.

Mr. Jackson:

That is correct. I would also like to say, Mr. Teaford, that I think this has been one of the fine opportunities that I have had to work with since I have been at the University. There has been a lot of discussion about this particular project, and I think it is important for everybody to know that it has been to the Board and that the Board does accept this document for submission to the FAA.

Mr. Barone:

Before we have that a motion, I understand that the aviation school in national competition each year, comes in first or second. There isn't any better aviation school in the country.

Background

The Ohio State University Airport, located at Don Scott Field, seven miles northwest of the University's central campus area, was established by action of the Board of Trustees in November 1942. The Airport is situated on a 792-acre site, part of the University's 1,377-acre Don Scott Field area. Today, the University Airport is one of the nation's leading general aviation facilities. It is the second most active nonairline airport in Ohio and supports a high level of flight education activity. The Airport is University owned and operated, and its aeronautical services are provided exclusively through the University's Department of Aviation within the College of Engineering.

Aircraft activity levels at the Airport have grown steadily in recent years. The Airport handled some 158,000 aircraft operations in 1987; the forecast is for this to increase to more than 226,000 operations in 2007, a growth rate of two to three percent per year. In addition, it is expected that there will be increased demand for facilities to base private aircraft and to provide higher levels of flight training education.

In response to these anticipated levels of growth, increasing development in the surrounding area, a request from the Federal Aviation Administration (FAA), and current Airport facility needs, the University initiated a comprehensive Airport planning effort in late 1987. The purpose was two-fold: to update the University Airport Master Plan to provide a long-term development guide for the facilities that will be required to meet projected aviation needs and to conduct a Noise Compatibility Study to evaluate existing and future aircraft noise and land use compatibility in the areas surrounding the Airport and develop a program to reduce noise impacts. The University contracted with Aviation Planning Associates, Inc., of Cincinnati, to conduct these two studies in accordance with FAA guidelines and funded in part by the University Airport (\$16,667.00) and in part through an FAA planning grant (\$150,000.00). The results of these studies are "The Ohio State University Airport Master Plan Study" and "The Ohio State University Airport Noise Compatibility Study," both dated January 1990.

The University's initial Airport Master Plan was adopted by the Board of Trustees in January 1961. It subsequently was revised by action of the Board in February 1972, and December 1978.

**Adoption of the Master Plan Update and Noise Compatibility Study
for The Ohio State University Airport (contd)**

Background (contd)

The Master Plan update study resulting in the proposed revisions included: an inventory of existing facilities and services; projections of aviation activity over the next 20 years; analysis of the Airport's current operational capacity; identification of facilities required to meet the projected demand; identification of development alternatives, including a preferred alternative, to meet future facility needs; review of the potential environmental impacts associated with the recommended development plan; preparation of drawings reflecting the proposed plan; analysis of the financial feasibility of the plan; and analysis of the potential for further economic development of the Airport and the remaining Don Scott Field land area.

The Master Plan Study recommends completion of 28 development projects throughout the next 20 years to maintain compatibility between the University's flight education program and private aviation users and to allow the Airport to meet projected future aviation demand. Two key projects are: 1) Proposed acquisition of the Ohio Army National Guard Aviation Support Facility to be developed as an aviation research and flight education center, and 2) Lengthening runway 9L-27R from 3,000 to 6,000 feet to provide a second precision instrument runway to enhance operational safety and efficiency and mitigate noise by providing a second runway for use by private aircraft.

The Noise Compatibility Study included: analysis of existing noise levels and land use patterns; development of baseline noise exposure maps; evaluation of operational alternatives to reduce future noise levels; evaluation of land use management techniques; and development of the Noise Compatibility Program and the recommended Future Noise Exposure Map.

The Noise Compatibility Study concludes that the University Airport has minimal noise impact on the surrounding communities. In addition to noise reduction measures already in use, the proposed Noise Compatibility Program suggests establishing preferential flight tracks designed to keep aircraft from making turns over close-in residential areas. If future construction or significant changes in aircraft activity alter noise impacts, an update to the Study will be done and appropriate additional mitigation measures will be taken.

At the beginning of these studies, the University convened advisory committees to ensure public involvement throughout the planning process and to maintain coordination with agencies involved in airport planning and development. There was a Technical Advisory Committee to oversee the studies' technical analyses: an Operations Subcommittee to review the Master Plan study, aircraft operational noise abatement strategies, and future Airport land use and aviation requirements; and a Land Use Subcommittee to evaluate methods of reducing the impact of Airport noise. In addition, there was a Community Advisory Committee representing local officials, civic associations, and other concerned citizens.

**ADOPTION OF THE MASTER PLAN UPDATE AND NOISE COMPATIBILITY STUDY
FOR THE OHIO STATE UNIVERSITY AIRPORT**

Resolution No. 90-81

Synopsis: The Fiscal Affairs Committee recommended the adoption of the Master Plan Update and Noise Compatibility Study for The Ohio State University Airport.

WHEREAS the Board of Trustees of The Ohio State University on January 13, 1961, adopted a Master Plan for The Ohio State University Airport and adopted revisions to this Plan on February 4, 1972, and on December 7, 1978; and

**ADOPTION OF THE MASTER PLAN UPDATE AND NOISE COMPATIBILITY STUDY
FOR THE OHIO STATE UNIVERSITY AIRPORT (contd)**

WHEREAS in June 1986, the University accepted a grant from the Federal Aviation Administration to conduct a further update of the Airport Master Plan (1987-2007) and to conduct a concurrent Airport Noise Compatibility Study (1989-1994) to assess the existing and projected noise impacts of the Airport on the surrounding communities; and

WHEREAS Aviation Planning Associates, Inc., in association with Moody/Nolan Ltd. and Grindle and Bender, was employed to perform these studies, the result of which is that the Master Plan for the Airport has been revised and the Noise Compatibility Study has been completed, with both being submitted through the University's Department of Aviation; and

WHEREAS the revision of the Master Plan incorporates projected Airport activity levels and provides a long-term development guide for the facilities needed to support these activity levels; and

WHEREAS the Noise Compatibility Study recommends a Noise Compatibility Program to reduce noise impacts on certain areas of the community which may occur by 1994:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees of The Ohio State University hereby adopts the University Airport Master Plan Study and the University Airport Noise Compatibility Study, including associated documents, reports, and maps, all dated January 1990, subject to approval by the Federal Aviation Administration and provided that, as appropriate, specific action by this Board shall be required for implementation of these plans.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Beechwold Medical Center

Background

On August 30, 1989, the Board of Trustees authorized the acquisition of assets and lease of the Beechwold Medical Center located at 4808 North High Street in Columbus, Ohio, to provide University Hospitals with an additional primary medical care site through which the University's teaching, research, and service missions may be fulfilled. This Board further authorized Manuel Tzagourmis, M.D., Dean of the College of Medicine, acting in his official capacity, to form a professional corporation to manage the facility; to contract with physicians to provide the patient care; and to enter into a service agreement with the University to serve as the facility's business manager.

The formation of the professional corporation requires the appointment of a Board of Directors and officers. The University has determined that it would be in the best interest of the University to have the following University employees, or their successors in office, acting in their official capacity, serve as the corporation's directors and officers: Gerald J. Maier, Associate Executive Director of University Hospitals; S. Randy Allen, Interim Administrator of Financial Services, University Hospitals; Robert S. Sholis, Administrator for Project and Outreach Services, University Hospitals; Hagop S. Mekhjian, M.D., Assistant Vice President for Health Services; and Janet G. Achterman, University Controller. In carrying out their duties as directors and officers of this corporation as part of their official responsibility to The Ohio State University, they would be

entitled to any insurance or indemnity protection to which officers and employees of the University are entitled.

BEECHWOLD MEDICAL CENTER

Resolution No. 90-82

Synopsis: The Fiscal Affairs Committee recommended authorization for designated University employees to serve as Directors of Ohio State - Beechwold Physicians, Inc.

WHEREAS the Board of Trustees in Resolution 90-30 has authorized and directed the Dean of the College of Medicine to form a professional corporation to operate the Beechwold Medical Center as Trustee and, on behalf of and for the benefit of the University, to hold the professional corporation's shares for the benefit of the University; and

WHEREAS it is in the best interests of the University for the professional corporation initially to have a Board of Directors comprised of five designated employees of the University:

NOW THEREFORE

BE IT RESOLVED, That Manuel Tzagournis, M.D., Dean of the College of Medicine, acting in his official capacity, is hereby authorized and directed to appoint the following designated University employees, or the successors to their University positions, to serve as directors (and, if elected, as officers) of Ohio State - Beechwold Physicians, Inc., representing the interest of the University in such capacity: Gerald J. Maier, S. Randy Allen, Robert S. Sholis, Hagop S. Mekhjian, M.D., and Janet G. Achterman; and

BE IT FURTHER RESOLVED, That these named employees or their successors in office are hereby authorized, designated, and directed to serve as directors (and, if elected, as officers) of Ohio State - Beechwold Physicians, Inc., representing the interest of the University in such capacity as part of their official responsibilities to the University, entitling them to any immunity, insurance, or indemnity protection to which officers and employees of the University now are, or hereafter may become, entitled.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Mr. Kessler:

The Search Committee has had a number of meetings since we were established in early January. We have voted for the establishment of employing a national search firm. We have not voted on which firm, but we have interviewed a number of them. We are getting ready to go out for competitive bids on the search firm. We also have a subcommittee of our Search Committee who was charged with drawing up criteria for the selection of the President. That committee has had three meetings and has reported back to the full Search Committee. I would like to recommend to the Board of Trustees that criteria for the selection of the President of the University.

STATEMENT OF CRITERIA FOR SELECTION OF THE PRESIDENT

Resolution No. 90-83

Synopsis: Approval of the statement of criteria for the selection of the President is hereby requested.

WHEREAS the Search Committee, duly appointed by this Board, has reviewed the various characteristics, desired qualifications, and other pertinent standards relative to the selection of the 11th President of The Ohio State University; and

WHEREAS a statement of desired qualifications and characteristics has been developed by this Committee and is now before this Board for consideration/adoption:

NOW THEREFORE

BE IT RESOLVED, That the statement set forth as follows shall serve as the approved criteria for the presidential selection:

CRITERIA FOR SELECTION OF THE PRESIDENT OF THE UNIVERSITY

The Ohio State University seeks a President who can lead it toward its goal of enhancing its position as a preeminent public university with land-grant missions of research, teaching, and service. The President must be able to provide innovative and creative leadership in the development and implementation of a strategic plan for the University and to communicate this vision persuasively to the University community, government leaders, and the people of Ohio and the nation.

The President of The Ohio State University must hold an earned doctorate or its equivalent, be respected by the academic community as a nationally recognized leader, and have an outstanding record of scholarly achievement. The successful candidate must be cognizant of and sensitive to the aspirations and interests of all members of a multicultural university community and be dedicated to, and preferably have a record of achievement in, an effective program for affirmative action. The President must be able to delegate responsibility and to work effectively with a strong and vital system of shared governance. She or he should foster an environment in which students, scholars, staff, and administrators of distinction can be attracted to the University. In addition, the President must be able to establish and promote favorable relationships with other constituencies including alumni, business, industry, and government. Above all, the President must exhibit the highest standards of intellectual, personal, and professional integrity.

The Ohio State University is a comprehensive, and diverse academic institution with more than 58,000 students, 4,000 faculty, 10,000 staff members, and an operating budget in excess of one billion dollars. It is committed to its land-grant tradition and to excellence in all of its endeavors. The University provides instruction at undergraduate, graduate, and professional levels and reaches out to the broader community through its colleges, comprehensive medical complex, multidisciplinary research centers and institutes, and extension services.

STATEMENT OF CRITERIA FOR SELECTION OF THE PRESIDENT (contd)

CRITERIA FOR SELECTION OF THE PRESIDENT OF THE UNIVERSITY (contd)

The Ohio State University is committed to a forceful affirmative action plan for faculty, staff, and students; is implementing a campus-wide undergraduate curriculum revision emphasizing a strong general education component; and is completing a highly successful fundraising campaign.

In sum, the University will select a decisive and vigorous individual to lead The Ohio State University into the era of global interdependence.

Upon motion of Mr. Kessler, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution with five affirmative votes cast by Messrs. Teaford, Kessler, Shumate, and Mrs. Bowser and Ms. Casto, and two abstentions by Mr. Barone and Amb. Wolf.

--0--

Thereupon the Board adjourned to meet Friday, March 2, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

MEMORANDUM

Subject: Proxy Solicitations
Date: January 31, 1990
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the months of December 1989 and January 1990, the University voted thirty-one proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Ratification of independent auditors;
- 3) Amendment to increase authorized common stock;
- 4) Ratification of a partners purchase plan;
- 5) Termination of cumulative voting;
- 6) Establishment of a classified Board of Directors;
- 7) Approval of the 1990 Stock Option Plan;
- 8) Approval of a merger;
- 9) Adoption of a non-employee director stock plan;
- 10) Ratification of a plan to grant stock options to current, and certain past directors;
- 11) Approval of the employee stock plan;
- 12) Adoption of parameters for a stock incentive plan;
- 13) Adoption of a 1990 incentive plan;
- 14) Ratification of a management incentive plan;
- 15) Adoption of a long term incentive plan for key employees;
- 16) Approval of the executive bonus plan;
- 17) Amendment to increase authorized preferred stock;
- 18) Approval of the sale of a business segment.

The shareholder proposals were as follows:

- 1) Termination of business relationships in South Africa;
- 2) Formation of a sub-committee to review military contracts;
- 3) Amendment to lower the majority vote needed to amend the Articles of Incorporation;
- 4) Establishment of cumulative voting.

The University voted for all Management proposals and against all shareholder proposals except Proposal number one. In addition, Management opposed all shareholder proposals.

The thirty-one corporations were:

- 1) A. Schulman Incorporated
- 2) Alberto Culver Company
- 3) Alco Standard Corporation
- 4) Acme-Cleveland Corporation
- 5) Andrew Corporation
- 6) Apple Computer, Incorporated
- 7) Bassett Furniture Industries, Incorporated
- 8) Citizens and Southern Corporation
- 9) Comdisco, Incorporated
- 10) Costco Wholesale Corporation
- 11) Cross and Trecker Company
- 12) Data General Corporation
- 13) Emerson Electric Company
- 14) Farm Credit Services of Mid-America, FCA
- 15) Federal Home Loan Mortgage Corporation
- 16) Hewlett Packard Company
- 17) King World Productions, Incorporated
- 18) Luby's Cafeterias, Incorporated
- 19) National Service Industries, Incorporated
- 20) Outboard Marine Corporation
- 21) Oneok, Incorporated
- 22) Peoples Energy Corporation
- 23) Phillips Industries, Incorporated
- 24) Ralston Purina Company
- 25) Rollins Environmental Services Incorporated
- 26) Tandem Computers, Incorporated
- 27) United Stationers Incorporated
- 28) Walgreen Company
- 29) Walt Disney Company
- 30) Westvaco Corporation
- 31) Zenith Electronics Corporation

Commencement Speaker

Leonard L. Haynes III Doctor of Laws

Leonard L. Haynes III is the United States spokesperson for issues affecting the nation's institutions of higher learning. Named by President Bush as assistant secretary for postsecondary education in the U.S. Department of Education, he oversees numerous financial aid, institutional aid, and international education programs.

A native of Boston, Haynes graduated in 1968 from Southern University in Louisiana with a bachelor's degree in history and completed his master's degree in American history a year later at Carnegie-Mellon University. He received his doctoral degree in higher education administration from The Ohio State University in 1975.

He has held faculty positions at Southern University-Baton Rouge, Urbana Senior High School in Illinois, The Ohio State University, and Howard University.

Haynes brings wide-ranging experience in the administrative field. He has served as assistant superintendent of the Office of Academic Programs in the Louisiana Department of Education, as executive vice president and system vice president for academic affairs at the Southern University System in Louisiana, as director of the Office for the Advancement of University and Land Grant Colleges, and as director of the Desegregation Policy Studies Unit at the Institute for Services to Education.

During his tenure at Ohio State from 1974 to 1976, Haynes served as a staff assistant in the president's office and assistant to the provost and coordinator for the Committee on Academic Misconduct.

Haynes has written extensively on higher education desegregation and related issues. His work has been published in both professional journals and in other media, and his opinions have been sought by organizations nationwide.

His breadth of knowledge and level of commitment to his field have distinguished Haynes as a leader in one of our country's most critical areas—the education of our future leaders.

- John Steven Kaminski**, Garfield Heights; B.A. (University of Akron); *Mathematics*
- Ibrahim F. Kandalaf**, Damascus, Syrian Arab Republic; B.S.C.E.E.; *Civil Engineering*
- Ioanna Kanellitsas**, Columbus; B.S. (University of Michigan); *Biomedical Engineering*
- Margaret Ann Keeney**, Columbus; B.S.; *Human Ecology*
- Edward C. Kennedy III**, Fremont; B.S., M.S.; *Agricultural Education*
- Susan Lynn Ketchner**, Columbus; B.S.; *OSU Biochemistry Program*
- Seon Wook Kim**, Columbus; B.S.E.E. (Korea University); *Electrical Engineering*
- James John Klocinski**, Columbus; B.S.E.E.; *Electrical Engineering*
- Grigorios Dimitriou Krey**, Kavála, Greece; B.S. (School of the Ozarks); *OSU Biochemistry Program*
- Kalpana Krothapalli**, Coimbatore, India; B.S. (Madras University); M.S. (Bharathiar University); *Computer and Information Science*
- Terry Ray Krukemyer**, Pemberville; B.S.Agr.; *Agricultural Economics and Rural Sociology*
- John David Kruzan**, Dublin; B.S. (Miami University); *Physics*
- Scott Gene Kurz**, Oakland, NE; B.S. (University of Nebraska at Lincoln); *Animal Science*
- Santanu Lahiri**, Calcutta, India; B.E. (Calcutta University); *Computer and Information Science*
- Euiwoo Lee**, Seoul, South Korea; B.S. (Seoul National University); *Mathematics*
- Shyh-tsong Lee**, Taiwan, R.O.C.; B.S. (Chung Cheng Institute of Technology); *Geodetic Science and Surveying*
- Jasmine Yan-ling Liao**, Beijing, P.R.C.; B.S. (Beijing University of Iron and Steel Technology); *Welding Engineering*
- Lynn Krise Lyon**, Columbus; B.S. (Ohio University); *Human Ecology*
- Anang Mashudi**, Malang, Indonesia; Sarjana (Bogor Agriculture University); *Agricultural Economics and Rural Sociology*
- Brian Eric Maves**, Toledo; B.S.Pharm. (University of Toledo); *Pharmacy*
- Margaret Jane McKivergin**, Charleston, WV; B.S.N. (Eastern Carolina University); *Nursing*
- Arthur Samuel McMillan, Jr.**, Warsaw; B.S.Agr.; *Animal Science*
- John Thomas Mehr**, Columbus; B.S.E.E. (Lehigh University); *Electrical Engineering*
- George Mikros**, Athens, Greece; B.S. (University of Patras); *Electrical Engineering*
- Madhu Omprakash Mittal**, Bombay, India; B.Pharm. (Bombay College of Pharmacy); *Pharmacy*
- Ali Moghaddar**, Columbus; B.S.E.E.; *Electrical Engineering*
- Stanley Ross Mohler**, Broadview Heights; B.A. (Beloit College); *Aeronautical and Astronautical Engineering*
- Margeret Nagingo-Kaujja**, Nsambwe, Uganda; B.S. (Makerere University); *Agricultural Education*
- Pankaj Nauriyal**, New Delhi, India; B.S. (George Washington University); *Electrical Engineering*
- Satinder Kumar Nayar**, New Delhi, India; B.S.Cer.E.; *Welding Engineering*
- Truong Xuan Nguyen**, Columbus; B.S.E.E.; *Electrical Engineering*
- Hiroaki Onda**, Cincinnati; B.A. (Moorhead State University); *Molecular, Cellular, and Developmental Biology*
- Dawn Palmieri**, Tempe, AZ; B.S. (University of South Dakota); *Environmental Biology*
- Susan Sauers Pap**, Westerville; B.S. (Ohio University); Diploma (Saint Vincent Health Center School of Nursing, Erie, PA); *Nursing*
- Matthew Ernest Peters**, Marquette, MI; B.S.E.E. (Michigan Technological University); *Electrical Engineering*
- Scott Frederick Popelar**, Worthington; B.S.M.E.; *Engineering Mechanics*
- Janell Marie Potts**, Zanesville; B.S.N. (Ohio University); *Nursing*
- Norman Jay Rohrer**, Columbus; B.S. (Manchester College); *Electrical Engineering*
- Pamela Jean Ruwe**, Wayne, NE; B.S. (University of Nebraska at Lincoln); *Animal Science*
- Sudeep Sarkar**, Chirkunda, India; B.Tech.; (Indian Institute of Technology-Kanpur); *Electrical Engineering*
- Christopher Robert S. Schanck**, Bethlehem, PA; B.S. (Pennsylvania State University); *Computer and Information Science*

John Phillip Schmidt, Columbus; B.M.E.,
Assoc. App. Business (Columbus State
Community College); *Natural Resources*

Hallie Jean Serazin, Powell; B.A. (Miami
University); *Environmental Biology*

Wendy Sheeran, Lake Villa, IL; B.S.
(Bradley University); *Environmental Biology*

Yu-Feng Shih, Tao, Yuan, Taiwan, R.O.C.;
B.S. (National Cheng Kung University);
Geodetic Science and Surveying

Jain Shyue, Taiwan, R.O.C.; B.S. (National
Cheng-Kung University); M.S. (University
of Maryland); *Metallurgical Engineering*

Michael Lee Snedden, Zanesville;
B.S.E.E.; *Electrical Engineering*

Cheunsoon Song, Seodaemoon-Koo,
South Korea; B.S. (Ewha Women's
University, Seoul); *Human Ecology*

Cathleen Joan Strauch, Columbus; B.S.N.
(Capital University); *Nursing*

Subash Sundaresan, Ellicott City, MD;
B.Tech. (Indian Institute of Technology);
Computer and Information Science

Randall Stuart Swartz, Winnipeg,
Manitoba, Canada; B.S. (University of
Manitoba); *Biomedical Engineering*

Sandra Mary Thomas, Findlay; B.S.Agr.;
Agronomy

Yu-Yang Tsai, Panchiao, Taiwan, R.O.C.;
B.S. (Chinese Culture University); *Geodetic
Science and Surveying*

Angeliki D. Tserepi, Filiatra, Greece;
Bachelor's (University of Athens); *Physics*

Lynn Elizabeth Tyler, Westerville; A.B.
(Kenyon College); *Preventive Medicine*

Manish Vaishya, Gwalior, India; B.Tech.
(Indian Institute of Technology, Kanpur);
Mechanical Engineering

Kristin Ann Vanecko, Gahanna; B.S.;
Microbiology

Kui Shin Voo, Kota Kinabalu Sabah,
Malaysia; B.S.Agr.; *Agronomy*

John Thomas Watts, Newark; B.A.
(Otterbein College); *Natural Resources*

Jonathan Byron Waugh, Kissimmee, FL;
B.S. (University of Central Florida); *Allied
Medical Professions*

Scott Alan Westfall, Marysville; B.S.;
Chemical Engineering

Carl Henry Wheeler, Grove City; D.D.S.;
Dentistry

Aung Win, Rangoon, Burma; B.S.
(Rangoon Arts and Science University);
Horticulture

Timothy Lee Wright, Columbus; B.S.M.E.
(Lawrence Institute of Technology);
Mechanical Engineering

Lin Wu, Columbus; Hubei, P.R.C.; B.S.
(Huazhong Agricultural University);
Zoology

Dimitrios G. Xenikos, Athens, Greece;
Bachelor's (University of Athens); *Physics*

Shaning Yu, Columbus; B.S. (Huanan
Institute of Mining, China); M.E. (McGill
University); *Mining Engineering*

Master of Social Work

Brenda Sue Sanford, Bellefontaine; B.A.
(Miami University); *Social Work*

Stacy Jo Tague, Chillicothe; B.S.Soc.Wel.;
Social Work

Colleges of the Arts and Sciences

Chairman, Coordinating Council of Deans: Joan Huber

Associate Dean for Undergraduate Studies in Arts and Sciences: Robert M. Arkin

The Colleges of the Arts and Sciences, a federation of five colleges, includes:

College of the Arts
College of Biological Sciences
College of Humanities
College of Mathematical and Physical Sciences
College of Social and Behavioral Sciences

College of the Arts

Dean: Donald Harris

Bachelor of Arts

Laurie Ann Brocker, Columbus
David Wayne Christopher, Galion
John Harold Holonitch, Upper Arlington
Jolene Jena Jackson, Perrysburg
Laura Anne Planitzer, Columbus
Scott Jay Schwartz, Toledo
Gregory Dwight Scott, Canal Winchester
Susan Carol Traylor, Circleville
Gail Louise Velzy, Columbus
Kelly Jeanne Douglas Warner, Columbus

Bachelor of Fine Arts

Raymond Judson Beach, Marietta
James Richard Cappelletti, Jr., Shaker Heights
Susan Louise Couden, Columbus
Beth Elaine Courtright, Stevens Point, WI
Suzanne Csejtek, Cuyahoga Falls
Marc William Daniels, Stony Brook, NY
Darryl Jerome Davis, Cincinnati
Melodie Ann Dombrowski, Tiffin
Elizabeth Ann Geyer, Columbus
Deborah Allison Griffing, Columbus
Timothy James Hower, Bath
Martin Charles Kehlmeier, Westerville
Gregory Scott Lewis, Gahanna
Bernard Leo Noga, Cleveland
Jeffrey Michael Opt, Dayton
Mary Margaret Panthana, Columbus
Philip Eugene Pease, Rothschild, WI
Adrian Leah Pomi, Pittsburgh, PA
Tracy Kay Reimold, Northfield
Karen Lynn Theis, Youngstown
Karen Donahue Thomas, Columbus
William Thomas Vargo, Columbus
Cathleen Marie Waliga, West Chester
Lorie Jan White, Reynoldsburg
Scot Charles Zellman, Marysville

Bachelor of Music

Jeffrey Scott Bonk, Buffalo, NY
Andrew T. Woodson, Columbus

Bachelor of Art Education¹

Karen M. Kreutzfeld, Port Clinton
Kimberly Ann Markusic, Dublin

Bachelor of Art Education²

Kim Chandra Covell-Sewell, Columbus
Mark Wilhelm Kaethow, Columbus
Barbara Ann Morrison, Columbus
Julie Ann Parsons, Granville
Kimberly Dawn Pyle, Cambridge
Lynne Swank, Mansfield

Bachelor of Music Education³

Jeffrey Alexander Freytag, Sidney
Matthew Shane Henry, Dayton
Melissa Jane Montgomery, Columbus
Caroline Sue Smart, Marion
Jane Victoria Smith, Columbus

Bachelor of Science in Audio Recording

Michael William Creadon, Medina
Joseph Dean Svoboda, Worthington

College of Biological Sciences

Acting Dean: Gary L. Floyd

Bachelor of Arts

David Douglas Nesbitt, Kettering
Melody Vyryan Romaine, Huntington, WV
David Lindell Zid, Columbus

Bachelor of Science

Paul Edward Bachmann, Akron
Shirly Talia Benatar, Columbus
Christopher Edward Bryniarski, Lansing
Denise Ellen Chase, Columbus
David Claude Clifford, Akron
Todd Neal Corbitt, Columbus
Wendy Sue Drake, Columbus
Nancy Lynn Elish, North Olmsted
Ronald Allen Fodo, Seven Hills
Monica Leah Litsky, Pickerington

¹Offered by the College of the Arts

²Offered jointly by the College of the Arts and the College of Education

Eduardo K. Quilanita Makapugay, Centerville

Jennifer Ann Marin, North Canton
Viksa Mendiratta, Beavercreek
Besem Nkechinyere Obenson, Cameroon, West Africa

William James Oda, Springboro
Gregory Thomas Parks, Columbus
Brian Thomas Piazza, Columbus
Deron Joseph Reisman, Warren
John Martin Strayer, Worthington
Darci Ann Uetrecht, Cincinnati
Christopher Michael Untch, Centerville
Michael Louis Wiggs, Wellington
James Wesley Williams, Jr., Kalida
Jennifer Ann Wojtowicz, Newbury

College of Humanities

Dean: G. Micheal Riley

Bachelor of Arts

Philip Turner Adornetto, Zanesville
Kathleen Barone, Westerville
Jeanne Marit Barry, Parkersburg, WV
Cheng-Chang Chou, Taipei, Taiwan, R.O.C.
Eric James Croston, Navarre
Leonard Allen Cuilli, Cleveland
Amy Lauren Cygnor, Toledo
Eric K. Danner, Wooster
Theresa Lynn Davis, Columbus
David Collett Devine, Cincinnati
Stacy Lynn Donaldson, Columbus
Michael Allen Fabyanic, Fairfax Station, VA
David Michael Fees, Painesville
Lisa Michelle Fletcher, Troy
Rene David Garcia, Xenia
Andrea Gattas, Columbus
Evangelos Ioannis Gegas, Columbus
Melissa Suzanne Goodrich, Columbus
Kathy Ann Hart, Marion
Ernie Lee Hay, Canal Winchester
Richard Harlowe Hermann, Lancaster
Craig Alan Hudson, Cincinnati
John Lawrence Carlton Jacobs, Columbus
Christopher Bowen Jeffery, Arlington
David D. Katzman, Newington, CT
David William Kolb, Columbus
Molly Anne Kozelek, Columbus
Leo Samuel Krawetz, Sylvania
Patricia Susan Kremer, Cincinnati
Todd Michael Lekan, Westlake
Brian Todd Makar, Rocky River
Christine Ann McConnell, Centerville
Justin Wade Mitchell, Columbus
Roberta Kaye Moseley, Greenville
Robert Bruce Murdoch, Akron
Janet Marie Murphy, Columbus
Jeffery Alan Murray, Lithopolis
Christine Marie Nardecchia, Canton
Carla M. Nazelli, Chagrin Falls
Edward Walter Olander, Jr., North Wales, PA

William Charles Paris III,
Walnut Creek, CA
Kenneth Jerold Perelman,
Cleveland Heights
Beth Ellen Pollock, New Albany
Bobette Alene Ressa-Morit, Delaware
Constance Sue Richards, Columbus
Deborah Jean Rivera, North Ridgeville
Carrie Griswold Rudge, Rocky River
Amber Elise Saunders, Columbus
Julia Ann Sekus, Worthington
Timothy Allen Shepard, Columbus
Sandra Elizabeth Shillington, Columbus
Lisa Ann Singleton, New Albany
Roger Steven Slain, Beachwood
Michael Anthony Stolzenburg, Cleveland
David Brian Sugar, Columbus
Benjamin Zulkifli Sutandar, Medina
Matthew Allen Topper, Worthington
Randall James Trefethern, Poland
Cynthia G. Tsitroulis, Chillicothe
Adam D. Turkelson, Lebanon
Todd Albert Ulbrich, Jefferson
Maria A. Voulgaris, Columbus
Lanette Rochelle Wade, Columbus
Christopher Stephan Wathey, Cleveland
Lori Ann Wilson, East Liverpool
Shannon Lee Wilson, Lynchburg
Kerry Grace Yantis, Columbus

College of Mathematical and Physical Sciences

Dean: C. William Kern

Bachelor of Arts

Carrie Lanne Frederick, Bexley
Julie Kay Hiner, Columbus
Joseph Patrick Kleinhenz, Centerville
Austen Pell, Atlanta, GA
Gregory Sherman Stephens, Columbus

Bachelor of Science

Pooya Alaedini, Columbus
Monica Lynn Bishop, Louisville
Velicia Maria-Lynn Brown,
Washington, DC
Amy Elizabeth Busick, Columbus
Rajshree Char, Columbus
Mario Cutillar Conol, Jr., Tiffin
Thomas Walberg Early, Bexley
Alan Scott Frishman, Portage
Seann Alexander Gibson, Columbus
Howard Michael Harris, Columbus
Shannon Leyann Harrison, New Carlisle
Ryan Thomas McMahon, Hudson
Susan Marie Mund, Fairlawn
Zuriel Ishac Nagar, Rosh-Haayin, Israel
Kectrin Cummons Radigan, Johnstown
Daniel Bernard Tavens, Lyndhurst
Richard F. Taylor, Sebring
Grace Ann Yap, Worthington

College of Social and Behavioral Sciences

Dean: Joan Huber

Bachelor of Arts

Randall Jay Edward Abrams, Cincinnati
Andrea Christine Azar, Akron
Jean Cathy Belfiore, Beachwood
Richard William Bird, Lakeside
Michelle Elizabeth Boch, Upper Arlington
Kerry Sue Bogard, Valley City
Patrick James Boone, Strongsville
Timothy Harrison Bowers, Liberty Center
Kristen Kay Brewer, Medina
Elizabeth Burns, Ashland
Vera Ellen Byers, Hilliard
Scott David Callahan, Concord Township
Theresa Ann Cardinal, Columbus
Carolyn Kathleen Caron, Canton
Holly Anne Coen, Wooster
Mona Lisa Cole, Newark
Edward James Cox III, Columbus
Theresa Lynn Davis, Columbus
Jana Marie Diederer, Granville
Beth Renee Dornbusch, Columbus
Daniel Sean Dugan, Cincinnati
Jenny Lynn Dunham, Mansfield
Laura Elizabeth Dunipace, Perrysburg
Jeffrey Michael Dunn, Hubbard
LaVonne Renee Dye, Moreland Hills
Scott Taylor Eliot, Lakeville
Janet Letow Epstein, Columbus
Marisa Facchini, Girard
James Edward Farrell III, Bristolville
Tara Vidette Fazzari, Toledo
Rachel Ann Feole, Galena
Stephen Earl Findley, Cincinnati
Gary Alan Fleshman, Columbus
Ronald Keith Florjancic, Columbus
Brian Alan Ford, Columbus
Gayle William Fox, Columbus
Kathy Jo Fox, Columbus
Christine A. Franz, West Salem
Jacqueline Parsley Gebbie, Dublin
Herbert John Gillen, Upper Arlington
William Fred GoForth, Westerville
Craig Alan Gordon, Upper Arlington
Brian Keith Gould, Upper Arlington
Susan M. Gregorek, Columbus
Kathleen Ann Haines, Johnstown
Jennifer Anne Hale, Delaware
Vivian Anita Hall, Columbus
Diane Elisabeth Hambrick, Worthington
Christopher Willard Heiberger, Columbus
Jennifer Lynn Heider, Columbus
Ivy Patricia Hempy, Columbus
Mark Albert Herder, Upper Arlington
Heather Lyn Hewitt, Toledo
W. David Hill, Dublin
Robert Harold Hogsette, Jr., Dayton
Lisa Irene Holonitch, Columbus
Amy Reiling Homan, Kettering
Christopher Robert Houska, Solon
Dedrick W. Howard, Middletown
Wendy Kathleen Hrach, Sagamore Hills

Joseph Todd Hylton, Columbus
Arthur Jay Iarussi, Kent
Janine Marie Jakim, Columbus
Norma Jean Jalovec, Euclid
Julie Renee Jaynes, Columbus
Eric Anthony Jones, Worthington
Thomas Allan Jones, Doylestown, PA
Marjorie Elaine Justice-Cuthbert,
Columbus
Monica W. Kaminski, Columbus
Christopher Nicholas Karageorge, Toledo
Kathleen Marie Kelly, Delaware
Todd Anthony Kempton, Massillon
Steven Earle Knowland, Lima
Maryan Demetrios Kollias, Lorain
Michael Edward Krawiec, Darien, CT
Alfred Joseph Lane, Jr.,
Shawnee Mission, KS
Thomas James Leonard, Jr., Gahanna
Michael Gerard Liedtke, Marysville
Mary Beth Litteral, Worthington
Orlando Ricardo Lopez, Miami, FL
James Nicholas Lotton, North Hampton
Julie Anne Luckenbach, Columbus
Michael George Lukus, Doylestown
Lorraine Marchiano, Medina
Jeffrey Allen Mathes, Columbus
William Eugene Matlock, Columbus
Kimberly Sue McConnell, Caldwell
Randall L. McGee, Columbus
Shannon Ann McKinley, Toledo
Katherine Jill McLane, Columbus
Dina Kristine Mehta, Columbus
Mark Alan Michael, Upper Arlington
Linda Kay Mizer, Columbus
Sabrina Mondy, Dayton
John Scott Mullins, Mendon
Tamara Lynne Nichols, Akron
Åsa Johanna Nilsson, Carmel, NY
Lea Marie Nolan, Lakewood
Dale Richard Nordhausen, Cincinnati
Jessica North Oakes, Upper Arlington
Kathleen Anne O'Brien, Euclid
Erin Elizabeth O'Connell, Canton
Colleen Michelle O'Hara, Mentor
Mary Elizabeth Orin, Massillon
Barry T. Owens, Jr., Bethel Park, PA
Michele Maxine Palte, Miller City
William B. Parker, Jr., Lodi
Laura Jean Pasqualone, Geneva
Kathy Jean Perigois, Bellaire
James Michael Pier, Akron
Ann Marie Pishner, Zanesville
Valerie Lou Plante, Massillon
Thomas Edward Pohl, Versailles
Frank Powers, Jr., Youngstown
David Scott Preston, Powell
Rebecca Lynn Raitz, Maumee
Roseann Catherine Rakovan, Chardon
Ted William Rau, Columbus
Victoria Lynn Reese, North Olmsted
Scott William Renshaw, Columbus
Marlene Marie Repko, Madison
Constance Sue Richards, Columbus
Dwight Lee Riley, Jr., Cincinnati
Lara Lynn Roholt, Saint Cloud, MN
Christine Nanette Romine, Newark
Laura Lynn Rupert, Bedford
Tanja Maria Sattler, Columbus

Paul Robert Schlaak, Huron
 Joseph Donald Sculli, Canfield
 Andrew Lawrence Segal, Columbus
 Robert George Severance, Baltimore, MD
 Robert Todd Sexton, Dayton
 Yi-Wei Shi, Taiwan, R.O.C.
 Michael Paul Sinay, Massillon
 Robert Lee Solis, Leipsic
 Michele Lynn Sonderman, Columbus
 Joseph Donald Spagnuolo, Brecksville
 Jennifer Claire Stauffer, Columbus
 Scott Lee Strayer, Sylvania
 Mary Sullivan, Columbus
 Rhonda Lynn Sweat, Steubenville
 Laura Anne Temple, Centerville
 Debra Ann Timko, Upper Arlington
 Thomas Scott Tipton, Columbus
 Nicole Tosi, Columbus
 Daniel A. Truax, Loudonville
 D'Wayne Scott Tupper, Youngstown
 Matthew L. Turner, Detroit, MI
 William Venter III, Wadsworth
 Ann Michele Warburton,
 Upper Arlington
 Chris Eric Watson, Mansfield
 Nancy Ellen Weimer, Columbus
 Debra Ann Weisgerber, Columbus
 Lanny D. Welly, Westerville
 Brad Phillip Wheeler, Grove City
 Richard Wilmot Whitehead, Dublin
 James Vincent Yaconis, West Deer, PA
 Anthony Jerome Zacharyasz, Berea
 Caroline Zola, Columbus

Bachelor of Science

Ashley Albert Ayers, Columbus
 Michael Chester Barnett, Columbus
 Barbara Bartok, Columbus
 Dayne Elleman Collins, Columbus
 Harold Todd Cummings, Hillsboro
 Robert Christopher Fladung,
 North Canton
 Kevin Craig Gibson, Youngstown
 Michele Ann Hengle, Fairlawn
 Jeffrey Alden Jacot, North Canton
 Tracy Lee Love, Hamilton
 Karin Liese Manecke, Indiana, PA
 Curt David Metzger, Columbus
 Roberta Kaye Moseley, Greenville
 David Alan Nuccio, Mayfield
 Perry Ray Parsons, Richwood
 Christopher John Patrino, Akron
 Roy Harold Pierson, Columbus
 Cordell James Pride, Dayton
 Christis George Tombazos,
 Nicosia, Cyprus
 Carol Lynn Towers, Coshocton
 Denise Ann Valdes, Columbus
 David Leslie Wirt, Centerville

School of Journalism

Bachelor of Arts in Journalism

R. Sean Allen, Worthington
 Rita Louise Andrews, Columbus
 Maria Cristina Averion, Pomeroy

April Lynn Belt, Marietta, GA
 Lisa Antoniette Bencic, Westlake
 Stephanie Ann Blajczak, Columbus
 Diane Marie Blateri, Columbus
 Karen Lynn Brown, Worthington
 Katherine Kihm Buchmueller,
 Rocky River
 Deborah Ann Bysura, Hiram
 Sondra Lynn Cantrell, West Jefferson
 James Lee Cashwell II, Jacksonville, FL
 Alex Shon Childers, Galloway
 Kathleen Susan Clark, Chardon
 Jana Darlene Clinger, Ontario
 Nadine B. Collins, Cleveland Heights
 Barbara Kay Connors, Westerville
 William Lewis Dierling, Cincinnati
 Diane Renee Dovjak, Newark
 Lila Lee Eidi, Toledo
 David John Friel, Cincinnati
 Molly Elizabeth Greenzalis, Columbus
 Carleen Rae Hill, Pickerington

 Michael Elliott Zweig, Cleveland

College of Agriculture

Acting Dean: J. Robert Warmbrod

Bachelor of Science in Agriculture

David Alan Abernathy, Columbus
 Cynthia Ann Aichholz, Attica
 Neil Paul Badenhop, Wauseon
 Melissa Lynn Beaver, Piqua
 Brad Robert Bergefurd, Fremont
 Todd James Bishop, Fostoria
 Jennifer Ann Brinkman, Arlington
 Bradley Lee Bruns, Columbus
 James Franklin Carter, Jr., Cygnet
 Kelly Lynn Cline, Albany
 Scott James Colvin, West Salem
 Jenny Lynn Conway, Urbana
 Harold Douglas Croft, Keene
 Constance Eve Cullman, Marysville
 August Anthony Dattilo, Strongsville
 Steven Scott Deam, Springfield
 Amy Lynn Drott, Bethel
 Brooks Edward Duffie, Camden
 Jodie Yarhouse Duffy, Harrod
 Valerie Frey, Willshire
 Jeffrey Dennis Hay, Bellevue
 David Christopher Henkle, South Vienna
 Laura Sue Higgins, Hillsboro
 Kerry C. Hughes, Kenton
 Barton Douglas Kayser, Greensburg, PA
 Michael Alan Kirsch, Bellevue
 Lori Ann Klies, Canal Winchester
 Steven Clark Knebel, Cincinnati
 David M. Koch, Westerville
 Harto Kolopaking, Lawang-Jatim,
 Indonesia
 Shu Ming Lim, Tawau, Sabah, Malaysia
 Heidi Lynn Long, Galion
 Michael Thomas Maxwell, Granville
 Gregory Allen Meyer, Fremont
 Michael Allen Molnar, Lichfield
 David Glen Myerholtz, Gibsonburg
 Mark Andrew Novotny, Youngstown
 James David Pettis, Richfield
 Jonathan Ned Rausch, Marysville
 Kenneth David Sadd, Mentor
 John Joseph Saltzman III, Ada
 William Edward Schweizer, Oregon
 Donald William Search, Columbus
 Robert Dale Seymour, Jr., Worthington
 Roberta Kay Smith, Marietta
 Steven Lee Smith, Cadiz
 Paul Stephen Soehnlens, Canton
 Duane LeRoy Stotz, Milan
 Jeffrey Ward Stoutenburg, Westerville
 Colleen Anne Sundholm, Eldred, NY
 Arthur Edwin Taylor, New Holland
 Michael Anthony Thiel, Upper Sandusky
 Jeffrey Allen Tomlin, Hamersville
 Thomas J. Wagner, Bloomdale
 Jeffery Frank Wall, New Riegel
 David Michael Weibel, Ashville
 James E. Westendorf, Springdale
 Gary Duane Williams, South Vienna

Bachelor of Science in Food Science

Carl Andrew Bonifas, Venedocia
Jerome Phillip Campbell, Minerva
Susan Marie Fawcett, Columbus

Bachelor of Science in Food Technology

Maria Teresa Campo, Cleveland
Darren Scott Davis, Columbus
Vincent Reade Kramer, Van Wert

Bachelor of Science in Nutrition

Emmanuel Chidi Ezirim, Columbus
Sherman Arthur Stevenson, Jackson

School of Natural Resources

Bachelor of Science in Natural Resources

Linda Gail Belfer, Cleveland Heights
Cindie Elizabeth Billcheck, Findlay
David Peter Chrisman, Granville
Bradley Steele Couch, Vandalia
Jill Rochelle Drabick, Richmond
Ann Michele Gingrich, Beavercreek
Debra Louise McKinley, Reynoldsburg
Melissa Lynn Mickel, Toledo

Wendy Lynne Pingel, Columbus
Drew Meacham Pomfrey, Painesville
Leslie Anne Rawlings, Pickerington

Agricultural Technical Institute – Wooster

Associate in Applied Science

Lewis E. Ballard, Marysville
David Joseph Blaha, Seven Hills
Michael Dean Bowman, Creston
John Floyd Brutchey II, Lexington
Dana Rex Casey, Millersburg
Todd Eric Cotterman, Jefferson
Lisa Marie Eliot, Lakeville
Matthew D. Ewing, Columbus
Gregory Allen Fuller, Fairview Park
Daniel James Hart, Apple Creek
Sherry Ann Hayden, Orwell
Kevin Richard Housel, New Philadelphia
Matthew Monroe Lantz, Fremont
Thomas D. McCord, Wooster
Paul Fredric Meyer, Amherst
Robert L. Miller, Jr., Canton
Roy Dalton Montan, New Philadelphia
Albert Thurman Nelson, Belpre
David Michael Owens, Steubenville
John David Petitti, Valley View
Dana S. Ponzani, St. Clairsville
Deborah Marie Spence, Lucas

Daniel Edward Stirling, Warren
Todd A. Wearsch, Avon

Associate in Technical Study

Lisa Renee Jackson, Wooster

College of Business

Acting Dean: Astrid E. Merget

Bachelor of Science in Business Administration

Vicki Lynn Airhart, Warren
Asad Abbas Ali, Islamabad, Pakistan
Geraldo Amante Almazan, Mansfield
Stephen Eugene Angus, Circleville
Michael Thomas Arena, Brecksville
Floyd Douglas Armfelt, London
Matthew James Arnold, Sunbury
Robert Edward Askew, Marion
Thomas W. Atchison, Mt. Vernon
Jimmie L. Atkins, Independence
James Dean Ballinger, Lima
Kathryn E. Balogh, Bay Village
Jeff Russell Bankey, Fredericktown
Bradley William Barnhill, Englewood
Paula Marie Basista, Niles
Steven L. Beck, Columbus
Hatem B. Benjamin, Columbus
James Robert Benson, Bucyrus
Scott William Berry, Norwalk
Todd Matthew Berry, Columbus
Michael Louis Bilotta, Fairfield
Ronald Edward Bleiweiss, Bexley
Peter Alexander Boriin, Hamilton
Mark Paul Borling, Brunswick
Melanie Ann Bowes, Boardman
Lynn Ann Bowman, Newark
Jeffrey Michael Breese, South Charleston, WV
Todd Allen Bresson, Lima
William Edwin Buehner, Mayfield Heights
Randall Scott Buffenbarger, Lima
Charles Alan Burley, New Albany
Brian David Burstein, Cincinnati
Brian Joseph Caiazza, Canton
Beth Anne Campbell, Heath
Christie A. Campbell, Columbus
Nancy L. Campbell, Winchester
Kimberly Anne Castrodale, Columbus
Michael David Chambers, Columbus
Thean Hoi Chan, Singapore, Singapore
Jacquelyn Nannette Chevrier, Mansfield
Jeffrey Allen Christy, Columbus
Christopher W. Clucus, Columbus
Douglas L. Cole, Mt. Blanchard
Stephen Duane Collins, Grove City
Christopher Jay Conley, Upper Arlington
Peter Nick Constantinides, Columbus
Christopher Scott Cooper, Wheelersburg
Todd M. Cox, Mentor
William Harold Crawford, Reynoldsburg

Larry Dabbs, Jr., Westerville
Timothy J. Daniel, Columbus
Cynthia Beth Diaz, Gahanna
Kevin F. Dill, Walton Hills
Christopher Lee Donohue, Ironton
John Anthony Dragos, Troy
Leslie Joan Drayer, Hilliard
Scott Alan Drumm, Westlake
Diana Lynn Dunham, Dayton
Joel Edward Edgeman, Anderson, IN
James Morgan Elliott, Beverly
Susan Elizabeth Enneking, Dublin
Darryl William Everett, North Olmsted
Joseph Anthony Farinacci, Hudson
Sabrina Katherine Farnsworth, Elyria
Fayez Ramzy Fayez, Manama, Bahrain
Arlene Carol Feddersen, Columbus

Graduates with Honors

Criteria for graduating with honors are as follows:

Summa Cum Laude designates those graduating in the top 3% of the class.

Cum Laude designates those graduating in the top 10% of the class.

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

With University Honors designates those graduating with curricular distinction and dedication to high educational goals.

Summa Cum Laude with Distinction in Sociology

Lara Lynn Roholt

Summa Cum Laude with Honors in the Liberal Arts

LaVonne Renéé Dye
 David Scott Preston
 Jacqueline Diane Ruff

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-NINTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, March 2, 1990

The Board of Trustees met at its regular monthly meeting on Friday, March 2, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** *

Minutes of the last meeting were approved.

** ** *

March 2, 1990 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on March 2, 1990, at 11:20 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, Deborah E. Casto, Milton A. Wolf, Leslie H. Wexner, Alex Shumate, Sophia L. Paige, and Laurel A. Davis.

--0--

REPORT ON THE OFFICE OF MINORITY AFFAIRS

Mr. Berry:

I would like to call on Dr. Joseph J. Russell, Vice Provost for Minority Affairs, to give us a report.

Dr. Joseph J. Russell:

Thank you, very much. I have asked to have a package distributed to you, principally for homework and an exam in about two weeks, if that is permissible. Mr. Chairman, members of the Board of Trustees, President Jennings, administrators of The Ohio State University, and friends, I appreciate this first opportunity to share a bit of information after about six weeks of concentrated work and four weeks before that of general orientation to the maize and pattern of negotiating the traffic at The Ohio State University. I want you to know that even though James "Buster" Douglas has distinguished himself in this community and it coincides somewhat with my coming, I had nothing to do with that. And, likewise, with the accelerated tempo of Randy Ayers's basketball team, I had nothing to do with that. Though I am happy that these things happened at about the time of my arrival.

I do come after nineteen years of work in this field at Indiana University and a lifetime of professional commitment to this area. I come because we have always looked to the east, from Indiana, for new and innovative activities. At the same time, we have tried to guard whatever activities we had in the west, at Indiana, very carefully. And so an invitation to join the faculty and administration family at The Ohio State University was one that I thought was well-deserving of serious contemplation. Eventually with the twisting arms of Ed Jennings and Fred Hutchinson, the decision to come was not difficult. I want you to know that the Office of the Vice Provost for Minority Affairs here, in my judgement, has a very complicated and comprehensive set of activities, which were not well described in the announcement for the position. But I hope that as we continue to work that I will be able to give the Board of Trustees a full account of all of those responsibilities as I encounter them throughout the years of service.

I have prepared a formal report, included in your packets, that you may read at your leisure. But I also use it as a guide to make certain that I cover all of the things that I believe to be important for you to know at this point in time. By way of introduction, the Office of Minority Affairs was established twenty years ago as a major indication of The Ohio State University's general commitment to academic excellence and diversity. This commitment was revisited and strengthened in 1987 by the Action Plan: Recruitment and Retention of Black (Minority) Students at The Ohio State University. This plan was designed to address the challenges inherent in minority enhancement initiatives with special emphasis on recruitment, retention, and release. Release here means graduation. It is important to note that the "Action Plan" grew out of a number of University studies and had the strong endorsement of the administration, faculty, staff, students, and, of course, the Board of Trustees.

March 2, 1990 meeting, Board of Trustees

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Russell: (contd)

We have come to believe, in the short time that I have been here, that there are some goals that this Office must aspire to and must be held accountable for. These goals are:

1. To increase significantly the level of educational attainment among minority and/or underrepresented youth in Ohio, so that more minority youth aspire to a four-year college education; are eligible to be admitted to a four-year college program; and are aware of the financial and other support services that can help them achieve their educational goals.
2. To increase substantially the accessibility of The Ohio State University to minority undergraduates through creative and effective recruitment and retention strategies.
3. To facilitate the creation of a hospitable university environment, enhanced by its diversity, in which each member of the community experiences support to engage in the fullest development of his or her talents, ideas, and aspirations.
4. To instill in students a high-level of self-awareness, social consciousness, self-sufficiency, and a commitment to support generations of students who will follow their leads.
5. To promote the awareness of the cultural achievements of minorities through exhibitions, lectures, performances, and research.
6. To advance the role of the Office of Minority Affairs in the three-part mission of the University -- research, teaching, and service.
7. To facilitate self-help initiatives by building various partnerships -- students, faculty, staff, alumni, corporate, civic, institutional, and friends who are willing to support the goals of the Office of Minority Affairs.

There are also a number of minority issues that are important in the 1990's, that I wish to share with you in a general sense and to answer any questions that you might have about these as you contemplate them in your own minds. The first of these is the question of educational equity. I believe that educational equity is an institutional and/or a national issue and not a special group's issue. There is time when we want to believe that special groups and those that are effected by certain social conditions ought to respond to those conditions by suggesting what the answers are. I submit to you that we, and those special groups, certainly ought to participate in the decision making and in the development of those answers. But the real response to them must come from a concerted effort from all of us and, therefore, raise the social issues to the level of national and certainly to institutional concern.

Secondly, the whole question of access to higher education. Is there a will or commitment to the maximum intellectual development of minority students? I believe that there is a will here at The Ohio State University. But I want to suggest to you that we need to look in at least two corners in demonstrating that will. First of all, the recruitment of students so that they are admitted to the University. But we

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Russell: (contd)

cannot stop there. Students tell me that they sometimes experience difficulties in moving from that regular admission to that special interest and discipline in the University. That is if they wish to move to the College of Business, to Engineering, to Education, or to other areas of the University, that is another hurdle. We must develop the kinds of retention and academic support strategies that will help them make that transition as smoothly as possible.

Thirdly, the whole question of streamlining -- this is a matter of quality vs. quantity. And I know that we will debate this issue all of the time that I am here, and all of the time that I am gone, and particularly in the time that I will be resting in that small piece of Earth that I will occupy. The issue seems to be that society must choose between educating the few well or to educate the many less well. I believe that we can do both. It obviously will take planning, it will take will and strong leadership in order to address both of these concerns and to arrive at a response that provides opportunity for persons who have a range of talent and interests. With your help and with the concerns and expressions of our students, we can develop the program here at The Ohio State University to respond to both groups.

Diversity -- What is its contemporary role? It has historically been one of the more outstanding characteristics of post-secondary education in this country. It has a prominent role in curricula expansion, degree specialization, population growth, and student choices. We simply ask that we expand this whole concept of diversity to include a range of ethnic interests, racial interests, and religious interests. This is the direction in which we wish to go with educational diversity.

Graduation -- While researchers report that more than 50 percent of black students are enrolled in historically white institutions, historically, black institutions are graduating more than 75 percent of the graduates annually. It seems to me that we must reverse this trend.

Role models among the faculty and staff -- it is not enough, in my judgement, simply to recruit one minority in one area. We must work toward a critical mass, we must work toward bringing to this University the best talent we can find to fulfill all of the positions we have and especially to serve as role models and mentors for our minority students.

Financing the educational experience -- The probability of attending college is still positively correlated with family income. We know that minorities in this country, and in the State of Ohio, experience greater difficulty in trying to come up with the numbers of dollars that are necessary to keep pace with the rising costs of education. We only ask that you work with us in trying to find the sponsors and windows of opportunities to finance the educational opportunities for those who deserve our attention.

I especially want to comment on culture centers and the re-segregation matter. Frequently I am asked the question of whether culture centers, particularly black culture centers and minority culture centers, in institutions of higher learning simply serve to re-segregate or to separate further our young people. If designed properly, culture centers -- and we are certainly working on the design here at Ohio State -- serve to address the academic limitations and transition to mainstream college activities for students who are least represented by the general leadership. This

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Russell: (contd)

means that we must place in these centers academic support activities such as tutorial programs and enrichment activities, so that we can bring to the campus role models that the campus probably cannot afford. We believe that we can share these talents with the students by bringing significant persons to the campus on a short-time basis to give a talk, to spend a week, a semester or quarter, or even an academic year. We must address these interests, also.

Historical undergraduate enrollment patterns at The Ohio State University for minority students bare some review. I come today to share with you what I have learned from the Office of the Registrar on student enrollment data. You have in your packets an Autumn Quarter 1976-1989 Minority Student Undergraduate Enrollment list. If we look at that document, we see that in 1979 we had perhaps the largest number of black enrollees in undergraduate education. That number was 2,246 students, representing 5 1/2 percent of the undergraduate population. By 1989, that number dwindled to 1,935 students, representing 4.8 percent of the undergraduate students. We note, also, that in the other ethnic categories: Asian, Hispanic, and American Natives, we have seen some growth -- perhaps not enough in these areas. For example, in 1979 Asians were 353 in number, 0.86 percent of the population; by 1989, they were 1,060, representing 2.64 percent of the population. Hispanics grew from 195 students in 1979, to 464 students in 1989. So we begin to understand the nature of our assignment and what it is that we must be about.

Likewise, I share with you Minority Student Enrollment data that shows total minority student enrollment. These are students at all levels -- undergraduate, graduate, and professional schools. In 1976, when we had the largest number of minorities on campus -- there were 3,039 black students. By 1989, that number of black students had gone down to 2,729 students. Again, we have specific data, which you may examine at your leisure, on Asian and Pacific Islanders, Hispanic, and American Natives.

In the short time that I have been here, I have been meeting with various administrators, department heads, and student groups on campus. We have developed what we call the pipeline. The pipeline is simply a strategy or a way of referring to the triple mission of the Office. That is the recruitment mission, the retention mission, and the release or graduation mission. Remember that my interest is, as I am sure yours is, that students graduate not as special students, but as degree holders as competitive as any other graduates we have known at The Ohio State University.

In the recruitment area we are already doing some things: visiting high schools, sending invitations to a number of churches to include us in their church programs, and attending college fairs. We are beginning to understand where our alumni are and are inviting them to participate with us as we recruit in the various cities. We are asking them to kind of "host" our activities in those cities, and to share their experiences at The Ohio State University with those students we are attempting to recruit. We try to select people who have high profiles in their own communities and who would serve as strong role models for the young people we are inviting to the University.

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Russell: (contd)

Clearly, we cannot ever do enough on the retention side with respect to counseling. But we are already engaged in some discussions with retired faculty asking them to use their experiences and skills in offering advice and counseling to minority students.

We have already come through a job fair with the numbers of corporate groups participating rising from about 65 in past times, to 81 this year. That is an area of special interest to me. I believe that the corporate community can help us by joining us as partners, providing internships for our students in the summer, and certainly by looking at them very strongly for full-time employment in the future.

We have come up with what I call "short range plans" for the office and I would like to share them with you. To achieve our goals, we propose the following:

1. Reorganize the staff to better address our goals. We are already looking at the reorganization process and within the next few weeks will make a proposal to the Provost in order to reorganize our Office to meet better the mission of the offices I have pointed out to you.
2. Significantly increase the minority presence in the University -- students, staff, and faculty. We will do that by the recruitment and retention methods that I have already outlined to you, as well as adding other opportunities as time and opportunity permit.
3. Provide leadership for the development and reorganization of academic support programs to address the changing academic development needs of our students. We know that we need stronger, well-organized tutorials; that our students need significant exposure to computer literacy training; and the whole adviser-mentor bonding opportunities that I have mentioned by the use of retired faculty.
4. Initiate a nurturing university environment designed to encourage and expand a variety of Office of Minority Affairs development partnerships from students on campus to our alumni in the fields.
5. Expand our earlier discussions with a group of retired faculty persons with a view toward employing their experiences and services as adviser-tutors in various areas of our academic support activities. We plan to provide them with the kind of orientation and training that is necessary to do an effective job.
6. Participate in the University's leadership to take advantage of "unique windows of opportunities" in advancing the "Action Plan." It seems to me that this is a very important function. From time to time, our Office receives and are apprised of these windows of opportunity of either persons interested in faculty positions or staff positions and/or as students who have excelled in many areas and who have interests in areas where we have great distinction.

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Russell: (contd)

7. Provide shared development and implementation leadership for the monitoring, accountability, and evaluation processes inherent in an active minority enhancement program. We believe that it is important for us to know the public school areas that provide good opportunities for us to recruit. We also believe it is important for many of those schools to have our help in training and understanding the matriculation of programs that are necessary for students be successful at The Ohio State University.
8. Assist the University in establishing an Office of Minority Affairs annual rate budget -- and we need your help with this one -- that is in closer conformity with the mission, activities, and responsibilities of the unit.

Finally, we ask the Board of Trustees to permit us to offer an agenda to you. The Office of Minority Affairs Agenda for the Board of Trustees is as follows:

1. Develop and widely disseminate a strong reaffirmation statement of your commitment to the full implementation of the "Action Plan" as an approved method of enhancing educational diversity and academic excellence.
2. Develop and widely disseminate a strong statement on racial tolerance and sanctions for those who compromise a hospitable campus climate by engaging in acts of racial/sex, gender and religious harassment.
3. Encourage and reward operating policy initiatives that facilitate the implementation of the "Action Plan" and maximize the opportunity for minorities to share meaningfully in decisions that impact their lives.
4. Promote the exemption of minority enhancement programs from budget reductions with a view toward providing program continuity, a reasonable development opportunity phase, and minorities at all levels with the ultimate assurance of the University's continuing commitment to their educational growth and development.

In conclusion, this report, we believe, provides a beginning perspective on the breadth of the mission and support activities in progress under the leadership of the Office of Minority Affairs. It further demonstrates our commitment to contribute meaningfully to the University's teaching, research, and service missions.

We have learned that it is not the crisis per se, but the way leaders and significant others respond to crises that determines survival and progress. The current concern for minority student matriculation in higher education generally, and at The Ohio State University in particular, must be countered by increased efforts to rekindle the thirst for knowledge. The Office of Minority Affairs can continue to help considerably with this matter if our academic support activities are adequately funded so that we can provide competitive, authentic academic encounters for our students. That means having meaningful graduate assistantships, computer resources, and challenging extra-curricular activities that teach the joys of hard-won success and the satisfaction of vigorous effort.

March 2, 1990 meeting, Board of Trustees

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Russell: (contd)

We thank you for this beginning opportunity of sharing and invite you to continue your support in meeting the challenges inherent in educational diversity and academic excellence. The Ohio State University, already distinguished in many areas, must not neglect the opportunity to develop distinction in minority enhancement programming. Thank you.

Mr. Berry:

Thank you, Dr. Russell. Does any one have questions?

Mr. Wexner:

Dr. Russell, I appreciate your report and am encouraged by your thoughtfulness. I suggest to the Chairman that we invite you back in a year to see the progress that you have made, so we do our homework and we are sure that you are doing yours. I am just curious, and I have to admit that I am ignorant, about the total size of your staff and your total budget. You are asking for more support --

Dr. Russell:

I am also curious about that, too, because I don't know what the total budget is. The staff is about thirty, and we expand that by about ten with graduate work-study assistants. The reason that I say that about the budget is that a number of scholarships are funded through the Scholarships and Financial Aid Office. I certainly could provide you with that information at a later date, but quite frankly I really don't know what it is at the moment.

Mr. Shumate:

Dr. Russell for purposes of the definition of minority within the context of your office, does that include the four groups listed on the chart -- Black, Asian, Hispanic, and American Native?

Dr. Russell:

Yes.

Mr. Shumate:

Are there any other categories?

Dr. Russell:

Not that I am aware of.

Mr. Scott:

Alex, as you may recall, for consistency in reporting at the federal level, those are the major categories that most institutions in higher education have to report. And that is what we have done here. Sue Blanshan isn't that correct?

March 2, 1990 meeting, Board of Trustees

REPORT ON THE OFFICE OF MINORITY AFFAIRS (contd)

Dr. Blanshan:

That is correct.

Mr. Berry:

Are there any other questions? Again, we thank you, Dr. Russell.

Dr. Russell:

Thank you, very much.

(See Appendix LIII for charts, page 847.)

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Hospitals Board's Executive Committee met on Thursday, February 22. We heard reports from the Medical Director, Dr. Hagop Mekhjian, and Chief of Staff, Dr. William Smead. Both of these medical staff leaders praised the efforts of Nursing Administrator Judy Gilliam and the Hospitals administration for their initiatives in recruitment and training programs to offset the severe shortage of nurses. Mr. Fraley reported that University Hospitals' medical staff has pledged \$15,000 to \$17,000 in seed money to establish a program to provide nursing scholarships in return for service to the Hospitals.

In January the Hospitals met budget projections, although year-to-date we are approximately \$1.5 million short of budget due to the unprecedented low levels of activity in November. Although the number of January admissions exceeded budget, the total number of patient days was one percent under budget because the average length of stay was less than anticipated. And I might say, that it appears to be just a continuing statistic that the length of stay is shortened, I think, because of the DRG requirements of the federal government. Though Dr. Smead suggested to us that it has just about reached the minimum that it possibly can to be consistent with good health care. Salaries and benefits continued to be over budget, primarily because of the continuing need to utilize contract nurses. Contract nurses basically -- many of them travel around the country for the best climate. Needless to say, it is harder for us to get nurses in the winter than it is in the summer and the costs for those are really quite high. It only exacerbates the nursing shortage really that we have to utilize them. The March meeting of the Professional Affairs Committee will be devoted largely to an overview of the nursing situation.

We received an analysis of payor sources for inpatient care. During the past year, there has been a disturbing downward trend of approximately 4 percent in commercial payors and a corresponding increase in numbers of patients who are either uninsured or covered by various governmental programs. This is a particular concern because part of that was a significant increase in Medicaid funding; and Medicaid, indeed, only reimburses about 70 percent of the costs of medical care at the Hospitals and all of the rest of that we are forced to eat. In addition, Medicare is very slow in handling reimbursement to the Hospitals for the money they did give us.

March 2, 1990 meeting, Board of Trustees

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

University Hospitals provides a disproportionate share of services to the area's indigent population. We feel that it is part of our mission, but by the same token we feel strongly that the public needs to be reminded that we do not receive any special appropriation from the State to offset those expenses. In many states -- I know in Iowa, in particular, similar facilities do get reimbursed from the State for those things.

Consistent with the Medical Center's Strategic Plan and included in the Capital Plan previously approved by the Hospitals Board, we authorized the Hospitals administration to move forward with the identification and acquisition of a second MRI (magnetic resonance imaging) unit. It is not to be confused with the one that is on our agenda today, which is merely a research MRI. Inherent in that authorization is our approval to proceed with the required Certificate of Need documentation and to identify the most cost-effective method of funding. This acquisition will enhance our leadership position in both clinical and research applications. The second unit would have a significant positive dollar impact on the Hospitals. The initial investment in both facilities and equipment will be between \$2.45 to \$2.5 million. You need to know that we have been informed that the current MRI unit might be the most used MRI in the United States. That facility is used from early in the morning until 10:00 at night, and used on weekends as well. The usage is more than double any other MRI unit in the Franklin County area. One of the real problems with it, too, is it squeezes out research usage because of the significant amount of clinical usage that is necessary.

We also received brief reports on our Public Relations Media Program and on the Medical Center Development. That completes my report, Mr. Chairman.

--0--

INVESTMENTS COMMITTEE REPORT

Mrs. Bowser:

The Investments Committee met this morning and reviewed the status of the Endowment Portfolio presented by Mr. Nichols. The value of the endowment as of February 16, 1990, was reported at \$300.5 million. The Committee also reviewed several improved formats and charts for the monthly endowment report and this new format will begin next month. We have asked Mr. Nichols to take a few minutes in the Fiscal Affairs Committee next month to present this new format. This is not a settled format, and you may have suggestions to add, too, but it is certainly much more informative.

Mr. Nichols compared Ohio State's performance with the results of the annual Endowment Performance Survey of Colleges and Universities which shows Ohio State as the sixth largest public and the thirty-eighth largest overall higher education endowment in the United States. Some of you may wish to avail yourself of that material if Mr. Nichols has some extra copies. Ohio State's Endowment Investments performance continues to rank in the 26th percentile among all colleges and universities.

March 2, 1990 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

Mrs. Bowser: (contd)

The Committee also heard a second quarter progress report on the University Campaign. Receipts for the first 6 months of this fiscal year totalled \$21.6 million, bringing the Campaign total as of December 31, 1989, to \$416.5 million, which is 119 percent of the Campaign goal. That concludes my report, Mr. Chairman.

Mr. Berry:

Thank you. Any questions?

Mr. Teaford:

I had one question. Mr. Nichols, I note that the Wells Fargo Standard and Poor's 500 fund that we have is down in return, whereas the Standard and Poor's index is up. Is that simply a reflection of the time period in which we've had the fund?

Mr. Nichols:

That is correct, Mr. Teaford.

Mr. Teaford:

So Standard and Poor's was down 2 percent in that grade, too.

Mr. Nichols:

That is correct. It started in early October.

Mrs. Bowser:

Do you have extra copies of how we rank? Because I think it is always interesting to see those statistics.

Mr. Wexner:

Don't you think it would be useful in looking at this -- and maybe you are doing it already -- to pull out Ohio State against all land-grant colleges; Ohio State against Big 10; Ohio State against the whole universe, and measure the size and the performance against what the Committee would think comparable. It is useful to look at the whole laundry list of endowments. I would find it more useful to look at OSU against all land-grants, against the Big 10, and against our universe -- endowments between \$200 and \$500 million. Because when you look at the whole universe, you're making all those calculations. It is not productive, in my judgement, to look at a list that begins with Ohio State and compares us against Harvard.

Mrs. Bowser:

Well, I think there are two reports in here, are there not, Mr. Nichols?

March 2, 1990 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Nichols:

There are two reports. The second one is a performance report. We can segregate in one manner, Mr. Wexner, and that is by size. I believe the category that we would fall in would be \$100 to \$400 million. The difficulty in doing the other analysis is that all of those schools are listed by code and we don't know who the other schools are so we can't identify them.

Mr. Wexner:

Can't you ask them? Won't they tell? I mean, I'd suggest we tell if they tell. I am serious -- I am not trying to make a facetious remark. We report financially because we are a public company. I just got a letter from one of the retail companies saying why don't we all report the same way, the same day. The information is going to be analyzed anyway -- so who is fooling who? And I think we could take some initiative and if some of the sister schools in the Big 10 or the land-grant colleges don't want to share information with us, O.K. we won't share with them. But I think we can provide some useful leadership not only in the growth of our endowment, but in the management of it.

Mrs. Bowser:

Jim, you might tell him about the growth in the endowment from the time you came.

Mr. Nichols:

Eight years ago we were in the 48th position overall, we have now moved to the 38th and with regards to publics we have gone from 8th to 6th. So there has been a continual upward movement in terms of total assets. Our endowment has continued to grow.

Mr. Wexner:

I am aware of this. I think that dimensions the opportunity for the next period, because I think I know how well we have done and the efforts that were expended. In looking at the decades ahead, I think we can really push it. We can, ourselves, internally, provide some leadership for the other institutions. I could not imagine a comparable institution, a land-grant or Big 10 institution, that wouldn't want to know. If I were a trustee of Northwestern or Michigan or Indiana, I sure would want to know how I was doing. Maybe this is something that is handled president to president, maybe at your level, or maybe at the board of trustees' level. If I was chairman of the board at another institution of our size, and I got a letter from the chairman of our board saying, "we would like to share this information with you, why don't you gin this up in your staff," I would think that was a great idea.

Mr. Berry:

Well, we certainly can try.

Mr. Nichols:

In terms of performance comparison, we have not done land-grant, but there is no reason why we couldn't.

March 2, 1990 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Wexner:

What I am saying is, I think, the more ways you slice it, the more challenged we are to the opportunity. I know that our progress has been great, I am congratulating you on that. I am just looking at the opportunity of more ways of comparison for challenge, not only to us but to the broader base alumni. I think all the alumni ought to know how well the University has done and how fast we have done it. Here is the basis of the next campaign.

Mrs. Bowser:

We will look into that and see if it is feasible. Good suggestion.

President Jennings:

It is feasible and I think that type of breakdown is appropriate. I would also caution us to watch our definitions and I am referring particularly to Texas. Because Texas endowments include, basically, tax money coming from minerals. That is one of the reasons Texas will show up as the largest public, but that is because of severance tax from minerals. So what, you say! That is right, I agree, but we should keep that in mind.

Mr. Wexner:

Maybe we can tax fish or something.

(See Appendix LIV for complete text of The Ohio State University Endowment Summary, February 16, 1990, page 851.)

(See Appendix LV for charts on The Ohio State University OSU Foundation & Development Fund Receipts and The Ohio State University Campaign Progress Report, page 861.)

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

The Academic Affairs Committee met this morning and Continuing Education was reported on by Lance Kramer, Assistant Provost for Continuing Education. He focused on significant trends and new developments in Continuing Education. Two noteworthy observations were: 10-13 percent of the students in the Continuing Education enrollment unit are minorities; and that since 1983 The Ohio State University has won more national program awards for innovation and excellence than any other college or university in the United States. I was glad to hear this. They plan to expand this program.

Also, the Academic Affairs Committee is recommending the following resolutions for approval:

March 2, 1990 meeting, Board of Trustees

Distinguished Service Awards

Background

Richard L. Armitage

Richard L. Armitage's 30-year career is notable not only for its variety, but also its quality. As a member of the faculty in Romance Languages, dean of the graduate school, ombudsman, and vice president for student affairs, Professor Armitage's sustained commitment to excellence greatly enhanced the quality of The Ohio State University.

While serving as Dean of the Graduate School, Professor Armitage put into place many of the organizational structures and quality control measures still effective today. He made a commitment to increasing minority enrollment at the graduate level, and initiated several fellowship programs to bring the very best graduate students to Ohio State.

Professor Armitage's proven skills as an effective problem solver led to his being named the first University Ombudsman. He served as Vice President for Student Affairs in the early 1970's. An excellent communicator, he worked well with diverse student groups and interests, fostering relations between students, faculty, and administration. He provided strong leadership to the area at a challenging time in higher education.

For his capable leadership, his vision, and his embodiment of academic excellence, Professor Armitage is eminently qualified for a Distinguished Service Award.

Jack L. Beal

In teaching, research, and related service, Jack L. Beal's 34 years at The Ohio State University have been noteworthy. Professor Beal is an internationally recognized scholar and researcher in the field of pharmacognosy, the study of the chemistry and pharmacology of natural drug products. He is a Fellow of the Academy of Pharmacy Sciences and a former editor of the Journal of Natural Products. Widely published, Professor Beal has been a visiting lecturer at universities around the world.

Upon receiving his Ph.D. degree from Ohio State in 1952, Professor Beal joined the faculty of the College of Pharmacy, teaching both undergraduate and graduate pharmacy classes. He was an effective advisor with a reputation for caring deeply about students. As Associate Dean of Pharmacy for Graduate and Research Studies, Professor Beal advocated for external support for research.

Professor Beal pioneered a highly successful alumni relations project in the college which renewed and improved its relationships with pharmacy alumni and led to the formation of the college's alumni association. With characteristic energy, Professor Beal improved communication with graduates and has provided leadership for important support of the college by its alumni.

Jack L. Beal has given selflessly to the College of Pharmacy and The Ohio State University. His initiative, commitment, and contributions make him most worthy of the Distinguished Service Award.

March 2, 1990 meeting, Board of Trustees

Distinguished Service Awards (contd)

Background (contd)

Francille M. Firebaugh

Francille M. Firebaugh's varied and distinguished career has been marked by her contributions to community and world affairs. She served The Ohio State University as Vice Provost for International Affairs, Associate Dean of Agriculture and Home Economics, and Director of the School of Home Economics. As testimony to her effective leadership, she was Acting Vice President for Agricultural Administration and Executive Dean of Agriculture, Home Economics, and Natural Resources, and later Acting Vice President for Academic Affairs and Provost.

Professor Firebaugh has been active in international affairs as a consultant in India to the University of Udaipur, the University of Agra, the University of Delhi, and the University of Madras. She served as a member of a Presidential Agricultural Mission to Egypt. Her consultations also include a number of universities in the United States and Canada. Her reputation truly extends world-wide.

Co-author of two widely used home economics textbooks, Professor Firebaugh has been a national leader in several professional associations in home economics. She regularly taught family resource management at both the undergraduate and graduate levels at Ohio State.

An exemplary university citizen, an accomplished administrator, and a noted home economist, Francille Firebaugh is most deserving of the Distinguished Service Award of The Ohio State University.

Charles R. McMurray

Charles R. McMurray is a tireless volunteer and effective leader on behalf of The Ohio State University. Since receiving his degree in 1950, Mr. McMurray has worked diligently to enhance the quality of the student experience at the University.

A two-term member of the Alumni Advisory Council, Mr. McMurray also has served on the WOSU-TV Board of Governors, the Office of Minority Affairs Community Advisory Council, and the Athletic Council. Known to be a well-prepared and dedicated committee member, Mr. McMurray has accepted leadership roles within these volunteer capacities. On the Athletic Council, he has been chair of the ticket committee and a member of the executive committee.

In 1979, he helped establish a scholarship fund through the Merry Makers Club of Columbus, to increase opportunities for higher education among minority students. Through this and other initiatives, Mr. McMurray has encouraged students to reach their academic goals.

Because his enthusiasm for this University is well-known, Mr. McMurray serves as an outstanding ambassador for Ohio State in all of his many civic and professional activities. He is a model of service to his alma mater and is eminently qualified for the Distinguished Service Award.

Alex and Betty Schoenbaum

Among The Ohio State University's most enduring friends are Alex and Betty Schoenbaum. Their loyalty to this University derives from their own positive experiences as students, and from their shared commitment to making a quality education available to future generations of Ohio State students.

March 2, 1990 meeting, Board of Trustees

Distinguished Service Awards (contd)

Background (contd)

Alex and Betty Schoenbaum (contd)

Alex and Betty Schoenbaum met on the Ohio State campus. Mr. Schoenbaum received the bachelor of science degree in 1939, and went on to a successful career as the founder and director of Shoney's, Incorporated. A two-time All American football player, Mr. Schoenbaum is volunteer chair of the University's Campaign for Athletic Excellence.

A past director of the University's Development Fund, Mr. Schoenbaum is a member of the National Steering Committee for The Ohio State University Campaign. As longtime supporters of the University, Mr. Schoenbaum became a Presidents Club member in 1964, and Mrs. Schoenbaum joined in 1974. Together they now are members of the Presidents Cabinet, the highest recognition level of the Presidents Club.

In 1966, the Schoenbaums established the Schoenbaum Fund to support graduate instruction and research in Business Administration. More recently, they have established a fund to provide full scholarships for as many as fourteen business and education students.

Although they are longtime residents and prominent members of communities outside Ohio, the Schoenbaums have kept The Ohio State University as a presence in their lives. They have given significant inspiration and leadership among our alumni and friends, serving as models for devotion to their alma mater. They are most deserving of the Distinguished Service Award.

DISTINGUISHED SERVICE AWARDS

Resolution No. 90-84

Synopsis: The Academic Affairs recommended for six individuals to receive Distinguished Service Awards.

WHEREAS the President's Staff, serving as a Committee on Distinguished Service Awards, has nominated and recommended six individuals for approval by the Board of Trustees to receive the Distinguished Service Award at a time convenient to the University and the recipients:

Richard L. Armitage
Jack L. Beal
Francille M. Firebaugh
Charles R. McMurray
Alex Schoenbaum
Betty Schoenbaum

and

WHEREAS these awards are given in recognition of distinguished service to The Ohio State University and the awards are in accordance with action taken by the Board of Trustees in 1952:

NOW THEREFORE

BE IT RESOLVED, That the Distinguished Service Awards be approved for awarding as designated above.

March 2, 1990 meeting, Board of Trustees

DISTINGUISHED SERVICE AWARDS (contd)

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

DISTINGUISHED SERVICE AWARD

Resolution No. 90-85

Synopsis: The Academic Affairs Committee recommended the posthumous presentation of the University's Distinguished Service Award to James V. Warren is proposed.

WHEREAS James V. Warren's twenty-five year career at The Ohio State University has had a significant impact on the field of cardiovascular research and on the careers of many of his graduate students; and

WHEREAS Dr. Warren was a nationally recognized researcher and was credited for innovative studies in cardiac catheterization and congestive heart failure; and

WHEREAS having served as chairperson of the Department of Internal Medicine for 18 years, Dr. Warren's leadership, coupled with his brilliant clinical and research careers, advanced the reputation of the program to national prominence; and

WHEREAS the President's Staff serving as a Committee on Distinguished Service Awards, recommended on January 31, 1990, James V. Warren for approval by the Board of Trustees to receive posthumously the Distinguished Service Award in accordance with guidelines established by the Board of Trustees in 1952:

NOW THEREFORE

BE IT RESOLVED, That the University and the Board of Trustees honor Dr. Warren's memory with the Distinguished Service Award for his significant contributions to The Ohio State University in the field of cardiovascular research; and

BE IT FURTHER RESOLVED, That the Distinguished Service Award for James V. Warren be presented posthumously at a time convenient to the University and the family of the recipient.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mr. Scott:

Mr. Chairman, we should note that Dr. Warren was one of the more distinguished medical faculty persons and this award will be presented posthumously at some point during the year.

--0--

March 2, 1990 meeting, Board of Trustees

Honorary Degree

Background

Leonard L. Haynes, III

Dr. Leonard L. Haynes, III received his B.A. from Southern University, his M.A. from Carnegie-Mellon University and his Ph.D. in Higher Education Administration from The Ohio State University.

Dr. Haynes was appointed by President George Bush to be Assistant Secretary for Postsecondary Education in the U.S. Department of Education. In this capacity, Dr. Haynes is the Department of Education's spokesman for postsecondary education issues affecting the nation's institutions of higher learning.

Since 1969, Dr. Haynes has taught and served in a number of administrative positions at both the secondary and collegiate levels. His administrative positions included: Assistant Superintendent, Office of Academic Programs, Louisiana State Department of Education; Executive Vice President and System Vice President for Academic Affairs, the Southern University (Louisiana) System; Director, Office for the Advancement of Public Black Colleges, an Office of the National Association of State Universities and Land Grant Colleges; and Director of the Ford Foundation -- sponsored Desegregation Policy Studies Unit, Institute for Services to Education.

Dr. Haynes is a member of many professional associations and organizations and has written extensively on higher education desegregation and related issues affecting equity in postsecondary education. His contributions to higher education are noteworthy and his accomplishments are a reflection of the high esteem in which he is held by his colleagues.

HONORARY DEGREE

Resolution No. 90-86

Synopsis: The Academic Affairs Committee recommended the approval of awarding an honorary degree to Leonard L. Haynes, III.

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of an honorary degree as listed below:

Leonard L. Haynes, III

Doctor of Laws

NOW THEREFORE

BE IT RESOLVED, That the above honorary degree be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

Upon motion of Amb. Wolf, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

March 2, 1990 meeting, Board of Trustees

Honorary Degrees

Background

Helen P. Alkire

Helen P. Alkire received her B.S.Ed. and her M.A. from The Ohio State University. She has also studied professionally with the Martha Graham School of Dance and the Charles Wiedman School of Dance.

Helen Alkire is a central figure in any historical consideration of the development of dance as a significant art form in American education. Her eminence in the field and extensive contributions are nationally recognized and valued. She has always been in the vanguard of those who have articulated the concept of serious and significant art forms as major components of a university's mission. Because she has had profound and intimate knowledge of both the art of dance and the idea of a university, she was remarkably successful in creating a model program that is reflective of these concepts.

For 40 years, Helen Alkire was directly involved in dance studies at this university; first as a teacher, then as an administrator. As a performing artist, director and producer she has credits which extend over half a century and cover a great variety of creative projects. Her brilliant insight into all the demands of this art form have been brought to bear on all that she has done.

Ms. Alkire was one of the first five leaders in the country to pioneer the conception and development of a dance major curriculum and an autonomous Department of Dance. Her vision and fortitude enabled her to establish a program of distinction that was to become the model for dance in higher education. Helen Alkire's name will always be associated with the history of dance and education in America.

Helen Alkire's contributions to the dance in higher education are legion -- founding member of Council of Dance Administrators; one of the founders of National Association of Schools of Dance; one of three creators of the American Dance Festival Association. No other single individual in this country has contributed so much to the development of dance in higher education.

Frank H. Netter

Frank H. Netter received his B.S. from the College of City of New York, and his medical education from the New York University Medical School. Dr. Netter studied art at the National Academy of Design and the Art Student League.

The contributions of this superb medical illustrator are known throughout the medical and paramedical world. His artistic talent can be easily compared with those of Alexander Von Humboldt and naturalist John Audobon. In an association with the Ciba-Giegy pharmaceutical company, Dr. Netter has created a unique series of books which can be used by investigators and physicians alike. These volumes contain beautiful anatomic perspectives of human organs that generations of students will benefit from for years to come. The complex physiologic and essential scientific facts as they relate to organ functions are beautifully integrated by this dean of master artists. He has structured information into useful knowledge. Since the time of the anatomic drawings of renaissance artist Andrea Vesalius, the work of Frank H. Netter is a significant contribution to medical science. His meticulously planned drawings have influenced the quality of biomedical illustrations of educators throughout the land. He has created a new standard of excellence for artists. As far as the history of medicine is concerned, Dr. Netter will be rated as one of the top clinical scientists, an influential educator, and very gifted artist.

March 2, 1990 meeting, Board of Trustees

Honorary Degrees (contd)

William N. Lipscomb, Jr.

Dr. William N. Lipscomb, Jr., received his B.S. from the University of Kentucky, and his Ph.D. in Chemistry from the California Institute of Technology.

Dr. Lipscomb, Nobel Laureate, is one of America's foremost structural chemists whose work spans the range of modern chemistry from his seminal work on the bonding and spatial architecture of boron hydrides to the three-dimensional structure and mechanism of action of enzymes. His pioneering use of X-ray crystallographic techniques for these diverse groups of molecules has transformed our knowledge of the chemistry and biochemistry of many important compounds. His fundamental research has very major biomedical implications in our understanding of how hormone- and drug-receptor interactions operate and their implications for the treatment of disease. Not only is he a first-class scientist, but Dr. Lipscomb is a true Renaissance Man. He is a superior and caring teacher, an athlete, an accomplished musician, and an outstanding role model. One of his graduate students has become a Nobel Laureate. By his energy, effectiveness as a researcher, and extraordinary ability, Dr. William Lipscomb, Jr., has and continues to contribute tremendously to American and world science.

HONORARY DEGREES

Resolution No. 90-87

Synopsis: The Academic Affairs Committee recommended the approval for awarding three honorary degrees.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of honorary degrees as listed below:

Helen P. Alkire	Doctor of Education
Frank H. Netter	Doctor of Arts
William N. Lipscomb, Jr.	Doctor of Science

NOW THEREFORE

BE IT RESOLVED, That the honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

Upon motion of Mrs. Bowser, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 90-88

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the February 2, 1990 meeting of the Board, including the following Changes in Title, Appointment, Appointment of Chairperson of Department, Reappointment of Director of Center, Leaves of Absence Without Salary, and Emeritus Title as detailed in the University Budget be approved; the Medical Staff Appointments/Reappointments approved January 25, 1990, by the Hospitals Board be ratified; and the Honory Staff -- Appointment for The Arthur G. James Cancer Hospital and Research Institute be approved.

Changes in Title

Name: ROBERT L. ARNOLD
Title: Associate Provost for Instruction and Curriculum
Office: Academic Affairs
Effective: March 1, 1990
Salary: \$79,080.00
Present Position: Associate Dean, College of The Arts

Name: JAMES L. NICHOLS
Title: Acting Vice President
Office: Business and Administration
Effective: April 1, 1990
Salary: \$90,000.00
Present Position: University Treasurer

Appointment

Name: HAMISH L. FRASER
Title: Professor (Ohio Eminent Scholar in High-Temperature Structural Materials)
Department: Materials Science and Engineering
Effective: October 1, 1989
Salary: \$84,960.00
Present Position: Professor, Department of Materials Science and Engineering, University of Illinois

Education: 1970, B.Sc., University of Birmingham, United Kingdom
1972, Ph.D., University of Birmingham, United Kingdom

Experience:

1973-Present University of Illinois, Department of Materials Science and Engineering
Assistant Professor (1973-78)
Assistant Director, Center for Electron Microscopy (1973-74)
Associate Professor (1978-84)
Professor (1984-Present)

1979-80 Senior Research Scientist, United Technologies Research Center
1986-90 Visiting Professor, University of Liverpool, United Kingdom
1988 Visiting Scientist, Max-Planck Institut fur Metallforschung, Institut fur Werkstoffwissenschaften
1988-93 Professor of Materials Science and Technology (Honorary), University of Birmingham, United Kingdom

March 2, 1990 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment of Chairperson of Department

February 26, 1990 through June 30, 1994

Educational Policy and Leadership

Robert F. Lawson

Reappointment of Director of Center

July 1, 1990 through September 30, 1992

Center for Women's Studies

Susan Hartmann

Leaves of Absence Without Salary

REIKO AOKI, Assistant Professor, Department of Economics, effective Spring Quarter 1990, for personal reasons.

STEPHEN J. TURNBULL, Assistant Professor, Department of Economics, effective Spring Quarter 1990, to work on research projects in Japan.

Emeritus Title

RICHARD D. JACKSON, Office of Business and Administration with the title Vice President Emeritus, effective May 1, 1990.

Medical Staff--Appointments

MARILYN K. KOSIER, M.D., Courtesy Staff, Ophthalmology

PATRICIA A. NOFZINGER, M.D., Limited Staff, Pediatrics

TOMASZ J. PASIERSKI, M.D., Limited Staff, Division of Cardiology

STEVEN TEICH, M.D., Attending Staff, Division of Pediatric Surgery

DAVID J. UTLAK, M.D., Courtesy Staff, Division of Cardiology

Medical Staff--Reappointments

REX G. BICKERS, M.D., transfer from Attending to Courtesy Staff, Pediatrics

STEPHAN J. VIVIAN, M.D., Limited Staff, Division of Cardiology

Honorary Staff -- Appointment

GERTRUDE B. ELION, Honorary Staff, The Arthur G. James Cancer Hospital and Research Institute.

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

March 2, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM

Resolution No. 90-89

Synopsis: The Academic Affairs Committee recommended the approval of three Resolutions in Memoriam for Marjorie L. Brunner, Lawrence E. Kunkle, and Robert M. Mayer.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Marjorie L. Brunner

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 12, 1989, of Marjorie L. Brunner, M.S., Adjunct Assistant Professor in the School of Allied Medical Professions.

Marjorie Brunner received a bachelor's degree in zoology from Miami University (Oxford, Ohio); a certificate in medical technology, as well as a master's degree from The Ohio State University; and was in the process of completing work on a Ph.D. in Education at The Ohio State University. Mrs. Brunner began working at The Ohio State University in 1965 as a medical technologist in the Clinical Laboratories, The Ohio State University Hospitals. She served on the faculty in the School of Allied Medical Professions between 1969 and 1972; was appointed director of the School's Office of Continuing Education in 1978; and as an Adjunct Assistant Professor in 1989.

Mrs. Brunner had a profound influence on both the faculty and students. As an instructor, she was known for her teaching excellence and ability to relate positively to students. As director of continuing education, she gave the School national recognition for the quality of excellence the continuing education programs offered. She was a member of the Editorial Board of the Journal of Allied Health and had numerous professional publications. Marjorie Brunner was a devoted wife to her husband Frederick and mother to her children, Kimberly and Daniel. She was known as a person who lived life passionately. Her energy and enthusiasm were an inspiration to the faculty and staff of the School. Marjorie Brunner will be missed but her contributions will always be remembered.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Lawrence E. Kunkle

The Board of Trustees of The Ohio State University expresses its sorrow upon the death, January 17, 1990, of Lawrence E. (Larry) Kunkle, Professor Emeritus in the Department of Animal Science.

Lawrence Kunkle was born November 6, 1909, in Lawrenceville, Clark County, Ohio. He received his education at Moorefield High School, The Ohio State University ('32, '33), and M.I.T. At Ohio State he studied in the Department of Animal Husbandry (now Animal Science) specializing in meat science. In 1934, he accepted a faculty position to give leadership to the fledgling meat science program which he pursued until his retirement in 1972. With his visionary leadership and "shoulder to the wheel" dedication, he developed a premier program recognized at home and abroad, in academic circles and in industry, as a most outstanding base for meat science teaching and carcass research. Early in Dr. Kunkle's career his research on carcass evaluation established unique methods and criteria which remain valuable to this day.

March 2, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Lawrence E. Kunkle (contd)

Professor Kunkle's gracious relationship with students is especially noteworthy. He was a tremendous inspiration to hundreds of students who were employed in his Meat Laboratory and the thousands of students who elected to sit in his classroom for one and usually more of the six courses he developed. Dozens of graduate students benefited from his guidance. Professor Kunkle's open-door policy provided time in his schedule for students: he befriended the freshmen arriving on a large campus, helped them develop meaningful academic programs, entertained them in his home, assisted them in identifying appropriate employment, and maintained contact with them after graduation.

In his 40 plus years of service to the University, Dr. Kunkle displayed genuine loyalty, dedication and a full measure of helpfulness. He authored many scientific publications and a textbook; served on the University Senate and Graduate Council; was President of the Faculty Club; coached the intercollegiate meat judging team for 18 years; and gave service as Historian and President of Gamma Sigma Delta, the international honor society of agriculture. Professor Kunkle's accomplishments of his full and busy life were acclaimed by his peers and a few of those recognitions included the Distinguished Service Award bestowed by The Ohio State University at the Summer 1980 commencement; the Distinguished Alumni Award of the College of Agriculture; a portrait of Professor Kunkle hangs in the Ohio Agricultural Hall of Fame; the prestigious R. C. Pollock Award bestowed by the American Meat Science Association; and Fellow in the American Society of Animal Science.

Dr. Kunkle is survived by his wife of 51 years, Louise (OSU, June '32), sons Lawrence, Jr., and Lynn, and three grandchildren.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed this his resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Robert M. Mayer

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 6, 1989, of Robert M. Mayer, Professor in the Department of Chemistry.

Professor Mayer was born June 25, 1936, in New York City. After receiving a Bachelor of Science degree in Chemistry in 1957 at West Virginia University, he obtained his graduate education at George Washington University, where he earned an M.S. degree in 1959, and a Ph.D. in 1963. After working in the United States Public Health Service for two years, and as a postdoctoral researcher at Johns Hopkins for another two years, Professor Mayer was appointed Assistant Professor of Chemistry at The Ohio State University in 1967. He was promoted to Associate Professor and then Professor in 1973 and 1985, respectively. He assumed the position of Vice Chairperson in the Department of Chemistry in 1982, and then Acting Chairperson in 1988.

Professor Mayer's research efforts were primarily in the characterization of the polysaccharide dextran and in the elucidation of its biosynthesis by the enzyme dextran sucrose. Stemming from this interest was his work on the participation of this polymer in the formation of dental caries. During the course of his career at The Ohio State University, he educated 25 graduate and postdoctoral students.

March 2, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Robert M. Mayer (contd)

As a member of The Ohio State University faculty, Professor Mayer was influential in shaping the discipline of biochemistry on this campus. With his arrival, he helped found the Division of Biological Chemistry in the Department of Chemistry. It was largely through his efforts that this Division has grown to its present maturity. Dr. Mayer was also instrumental in establishing The Ohio State University Biochemistry Program, a campus-wide interdisciplinary graduate program that joined biochemists from the Departments of Biochemistry, Chemistry, Physiological Chemistry, and other academic units in a joint effort to educate biochemistry graduate students. He also served as that program's Graduate Committee Chairman in the years 1984-85 and 1986-87. But Dr. Mayer will be best remembered by the Chemistry Department graduate students for his efforts on their behalf during his tenure as Vice Chairperson. It was in that role that he was responsible for graduate student education. With tact and wisdom he helped guide each individual student from the moment each one entered the graduate program until they were ready to accept a degree.

On behalf of the University community, the Board of Trustees expresses to the family of Dr. Mayer its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends, students and associates have sustained.

Mrs. Bowser:

I would like to move that because Dr. Kunkle was a very special friend of mine.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Shumate:

The Student Affairs Committee heard a report this morning from Lawrence E. Johnson, Deputy Chief of University Police, and Dr. Russell J. Spillman, Vice Provost for Student Affairs. The report was on the results of a study by a working group on personal safety. Dr. Spillman had previously appointed this eight member working group and Mr. Johnson served as the chair of the group. The working group studied crime statistics and existing programs and recommended ten measures to increase personal safety for students, faculty, and staff. The recommendations will be further developed and prioritized for implementation by a new permanent committee which will be called the "Campus Area Personal Safety Advisory Committee."

Reports of crimes and attempted crimes to University Police have remained relatively stable since 1980, Mr. Johnson said. In 1989, police reports included 2,517 for crimes including four rapes, sixty-seven assaults and over 1,300 thefts. Crimes occurring off-campus in the University area, which were reported to the Columbus Division of Police, have increased slightly, but steadily, during the period to more than 5,000 incidents in 1989. Among the working group's ten

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Shumate: (contd)

recommendations which will be studied by the permanent advisory committee are the following:

1. To increase the number of University police officers.
2. To provide personal safety training for faculty, students, and staff.
3. To improve the lighting in the campus area.
4. To create a campus campaign fund through which faculty, staff, and students could ear-mark donations for improving personal safety on campus.

Another recommendation was to implement a campaign to "walk the blue line of safety," in which painted blue lines on streets, side walks, etc., would indicate the safest routes to on and off campus destinations. Dr. Spillman told the members of the committee that he has asked the advisory committee to prioritize the existing recommendations; to catalog the existing current programs on campus; and recommend additional initiatives for implementation. The advisory committee will make recommendations to the Vice Provost for Student Affairs and Vice President for Business and Administration. Are there any questions?

I would also note, Mr. Chairman, that we did receive the participation of the President for Inter-Professional Council, Steve Diebert, during this presentation on personal safety, as well as David Straub, President of the Undergraduate Student Government. We did receive the student government committee reports as well and they did note that the student governments have submitted five names to the Governor for recommendation for the appointment to the Student Trustee position that will become available this summer. That completes my report.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

The Agricultural Affairs Committee met this morning and heard a report from Dr. Mohan K. Wali, who is the new Director of the School of Natural Resources. He gave us a very informative slide presentation on environmental concerns internationally, as well as nationally and on the State level. After the presentation, there was a discussion about the School's interaction with the State. We also discussed undergraduate enrollments and were pleased to find that there has been a 24 percent increase in that School. I think all of us felt that Dr. Wali's presentation was one of the best we have had and that with his enthusiasm and leadership we are going to see some very exciting things come out of the School of Natural Resources. That completes my report.

March 2, 1990 meeting, Board of Trustees

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Wexner:

Mr. Kessler asked me to ask you if you knew the total commitment that had come out of, I believe it is the School of Agriculture budget, in support of the Columbus AmeriFlora budget for faculty, leaves of absence, facilities, public relations, etc. It is his concern that there is a substantial amount of money allocated, and in a discussion that he and I had, neither one of us knew.

Mrs. Bowser:

I can't answer that question.

Dr. Warmbrod:

I don't now the number off-hand, but we can provide it.

Mrs. Bowser:

All right, we will get it back to Mr. Kessler.

Mr. Wexner:

I would like to know, too. As a Board member, I'm supportive of the Columbus community, but also responsible to the University. My suspicion is that it is quite substantial.

Mr. Teaford:

Another thing, though, is that we are the greatest beneficiary of it. They are building a facility to hold and quarantine plants on our campus that we will have when it's over.

Mr. Wexner:

I'm just ignorant, I don't know whether it is \$1 million or \$10 million.

Mr. Teaford:

And, also, there is a building that will be built over there that will then be brought back here after AmeriFlora.

Ms. Casto:

It is a question that I have had, too.

Mrs. Bowser:

It is a good question.

Mr. Teaford:

I think the report should include what we are going to get out of it, too.

March 2, 1990 meeting, Board of Trustees

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Ms. Casto:

It might be good to do an AmeriFlora report.

Mr. Berry:

Why couldn't we have it reported at the next committee meeting and then you could report to the full Board?

Mrs. Bowser:

Fine, we will do that.

(See Appendix LVI for complete report on the School of Natural Resources, page 865.)

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Amb. Wolf:

The Fiscal Affairs Committee is recommending the following resolutions for approval:

**Waivers of Competitive Bidding Requirements
October - December 1989**

Background

During the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 31 waivers of competitive bidding requirements. Annual purchases authorized by these waivers total approximately \$1,851,600.00. The purchases included:

Emergency Helicopter Transport Services	\$864,500	(1 waiver)
Professional Medical Services	100,000	(1 waiver)
Other Hospital Patient Care Services	103,724	(4 waivers)
Wexner Center Opening	234,886	(6 waivers)
Administrative Support Services	189,308	(4 waivers)
Construction & Repair Equipment & Services	145,444	(5 waivers)
Teaching, Research & Library Equipment & Services	108,609	(5 waivers)
Conference Facilities & Catering	62,600	(2 waivers)
Artists & Attractions	42,505	(3 waivers)

March 2, 1990 meeting, Board of Trustees

**WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS
OCTOBER - DECEMBER 1989**

Resolution No. 90-90

Synopsis: The Fiscal Affairs Committee recommended acceptance of the quarterly report on waivers of competitive bidding requirements.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of October-December 1989, and the Fiscal Affairs Committee recommends the acceptance of this report:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of October-December 1989, is hereby accepted.

Upon motion of Amb. Wolf, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-91

Synopsis: The Fiscal Affairs Committee recommended the approval of the research contracts, grants, and gifts and the summary for January 1990.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, The Ohio State University Development Fund, and The Ohio State University Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund, and The Ohio State University Foundation during the month of January 1990 be approved.

Upon motion of Amb. Wolf, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR JANUARY 1990

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	104	\$9,994,769.62
Engineering Experiment Station	87	\$1,071,327.00
Total	191	\$11,066,096.62
The Ohio State University Development Fund		
Establishment of Designated Chair		
The Edward Orton, Jr., Chair in Ceramic Engineering (Establish a designated chair)		
Establishment of Named Funds		
The Richard Lambert Harris Flute Scholarship Fund (Scholarships for outstanding flutists)		\$23,861.55
The Norwood H. and Helen M. Meyer Scholarship Fund in Pharmacy (Scholarships)		\$18,000.00
The Orton Hall Fund (Used by the Department of Geology and Mineralogy to provide support for the facilities and activities of Orton Hall)		\$17,920.00
Clinical Research Facility Endowment Fund (Support planning, design, construction and/ or operation)		\$15,000.00
The Robert L. Folk Academic Excellence Scholarship Fund (Scholarships to medical students)		\$15,000.00
The Geography Faculty and Alumni Fund (Scholarships, prizes, and other expenditures)		\$15,000.00
The Donald E. and Joan E. Herr 4-H International Programs Fund (Support Ohio delegates)		\$15,000.00

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

Change in Description of Named Chair

The John Deaver Drinko - Baker & Hostetler Chair in Law

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - January 1990

Federal Research Contracts/Grants

\$1,825,000.00 - Department of Energy, Argonne, Illinois, High Energy Physics, Department of Physics (High Energy Physics Group: S. Durkin, H. P. Kagan, R. D. Kass, T. Y. Ling, W. F. Palmer, S. S. Pinsky, N. W. Reay, K. Reibel, T. A. Romanowski, J. Shigemitsu, R. A. Sidwell, N. R. Stanton, G. Steigman, K. Tanaka, and W. W. Wada), 1 January 1990 through 31 December 1990. (Project 762116 - Continuation)

\$366,822.00 - Smithsonian Institute, Washington, D.C., Research and Documentation at the Center for Art and Archaeology of the American Institute of Indian Studies at Varanasi, India, Department of History of Art (S. L. Huntington), 1 July 1989 through 30 June 1990. (Project 767972 - New)

\$344,860.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Biochemistry of Natural Products, Biotechnology Program (P. E. Kolattukudy), 1 January 1990 through 31 December 1990. (Project 766224 - Continuation)

\$338,793.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Southwest Oncology Group, Department of Internal Medicine (S. P. Balcerzak), 1 January 1990 through 31 December 1990. (Project 761094 - Continuation)

\$330,314.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Operation of an Educational Resources Information Center (ERIC) Clearinghouse on Science, Mathematics, and Education, Department of Educational Studies: Humanities, Science, Technological, and Vocational (R. W. Howe), 1 January 1990 through 31 December 1990. (Project 766518 - Continuation)

\$300,283.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Educational Resources Information Center (ERIC) Clearinghouse on Adult, Career, and Vocational Education, Center on Education and Training for Employment (R. D. Ryan), 1 January 1990 through 31 December 1990. (Project 766522 - Continuation)

\$222,000.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Anchored Cell Analysis and Sorting Cytometer DRR-BRS Shared Instrumentation Grant, Department of Veterinary Pathobiology (L. E. Mathes), 18 January 1990 through 17 January 1991. (Project 768071 - New)

\$189,093.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Regulation of the Gene Expression in Neurospora, Department of Biochemistry (G. A. Marzluf), 1 January 1990 through 31 December 1990. (Project 760578 - Continuation)

\$186,689.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Function and Assembly of Carbon Dioxide Assimilatory Enzymes, Department of Microbiology (F. R. Tabita), 1 January 1990 through 31 December 1990. (Project 767196 - Continuation)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$169,644.00 - Department of Health and Human Services, National Institute of Neurological Disorders and Stroke, Bethesda, Maryland, Neurochemical Correlates of Cerebellar Development, Department of Pharmacology (A. Rotter), 1 December 1989 through 30 November 1990. (Project 767074 - Continuation)

\$155,643.00 - Department of Health and Human Services, National Institute of Environmental Health Sciences, Research Triangle Park, North Carolina, B[a]P-Metabolism and Modification of DNA in Human Skin Xenograft, Department of Physiological Chemistry and Comprehensive Cancer Center (G. E. Milo), 1 January 1990 through 31 December 1990. (Project 766549 - Continuation)

\$151,738.00 - Department of Health and Human Services, National Institute of Environmental Health Sciences, Research Triangle Park, North Carolina, DNA Damage Following Exposure to Genotoxin, Department of Radiology (A. A. Wani and S. M. D'Ambrosio), 1 December 1989 through 30 November 1990. (Project 762787 - Continuation)

\$141,289.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Characterization of a Mouse Recombination Hot Spot, Department of Microbiology and Immunology (W. P. Lafuse), 1 January 1990 through 31 December 1990. (Project 767995 - New)

\$138,929.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Interdisciplinary Research on Wear of Materials, Department of Materials Science and Engineering (D. A. Rigney), 1 October 1989 through 30 September 1990. (Project 767230 - Continuation)

\$134,125.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Support of Defects Investigations, Department of Mechanical Engineering (D. A. Guenther), 16 November 1989 through 15 November 1990. (Project 765180 - Continuation)

\$133,267.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Cooperative Human Tissue Network, Comprehensive Cancer Center and Department of Pathology (K. Clausen) and Comprehensive Cancer Center and Department of Physiological Chemistry (R. W. Trewyn), 1 January 1990 through 31 July 1990. (Project 765857 - Continuation)

\$125,000.00 - National Science Foundation, Washington, D.C., Research in Nuclear Astrophysics, Nuclear Physics, and Fundamental Particles, Department of Physics (R. N. Boyd), 15 January 1990 through 31 December 1990. (Project 768072 - New)

\$120,697.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Generic Tasks for Knowledge-Based Problem Solving: Extensions and New Directions, Department of Computer and Information Science (B. Chandrasekaran), 19 December 1989 through 18 December 1990. (Project 767305 - Continuation)

\$119,004.00 - Department of Energy, Argonne, Illinois, Hydrological and Geochemical Response and Recovery in Disturbed Arctic Ecosystems, Byrd Polar Research Center and Department of Agronomy (K. R. Everett), 1 January 1990 through 31 December 1990. (Project 764231 - Continuation)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$104,908.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Passivity and Breakdown of Oxide Films on Aluminum Alloys Produced Using Nonequilibrium Processing Methods, Department of Materials Science and Engineering (G. R. St. Pierre), 1 October 1989 through 30 September 1990. (Project 767297 - Continuation)

\$103,089.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Molecular Anatomy of Actin Assemblies of BC3H1 Cells, Department of Anatomy (A. R. Strauch), 1 January 1990 through 31 December 1990. (Project 767984 - New)

\$101,081.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, The Role of Cytomegalovirus-Endothelial Interactions in Organ Transplantation, Department of Pathology (D. D. Sedmak), 1 January 1990 through 31 December 1990. (Project 767998 - New)

\$100,306.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Recombinant Pharmaceutical Protein Production in Eggs, Department of Dairy Science - OARDC (C. P. Hodgson), 1 January 1990 through 31 December 1990. (Project 767179 - Continuation)

\$100,000.00 - Department of the Army, Army Materiel Command, Fort Monmouth, New Jersey, Computer-Communication Protocols for ISDNs (Integrated Services Digital Networks), Department of Computer and Information Science (M. T. Liu), 30 November 1989 through 30 September 1990. (Project 766613 - Continuation)

\$99,932.00 - National Science Foundation, Washington, D.C., Biostratigraphy and Paleobotany of the Beardmore Glacier Region, Department of Botany (T. N. Taylor) and Byrd Polar Research Center (E. L. Taylor), 1 December 1989 through 30 November 1990. (Project 768061 - New)

\$99,914.00 - Department of Defense, Maryland Procurement Office, Fort George G. Meade, Maryland, Antenna Design Techniques for Low Strut Sidelobes, ElectroScience Laboratory, Department of Electrical Engineering (R. C. Rudduck), 22 December 1989 through 21 September 1990. (Project 767990 - New)

\$99,773.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Bistatic Range Design Study for Pacific Missile Test Center (PMTC) Milicon-P986 Bistatic Measurement Facility, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside), 1 January 1990 through 31 December 1990. (Project 768066 - New)

\$93,100.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Structure, Function, and Dynamics of P-450 Cytochromes, College of Pharmacy (S. Black), 1 February 1990 through 31 January 1991. (Project 766583 - Continuation)

\$84,000.00 - Department of Energy, Argonne, Illinois, Photoinduced Electron Transfer Reactions in Zeolite Cages, Department of Chemistry (P. K. Dutta), 15 January 1990 through 14 January 1991. (Project 767997 - New)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$83,109.00 - Department of the Army, Army Materiel Command, Aberdeen Proving Ground, Maryland, Unsteady Fluid Motion in Liquid-Filled Containers, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 15 July 1989 through 30 October 1990. (Project 767692 - Continuation)

\$75,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Multi-Frequency Antennas, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk and L. W. Henderson), 14 December 1989 through 13 December 1990. (Project 768069 - New)

\$72,814.00 - National Science Foundation, Washington, D.C., Structural Relaxation in Oxide Glasses, Department of Materials Science and Engineering (P. K. Gupta), 1 February 1990 through 31 January 1991. (Project 766572 - Continuation)

\$71,079.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Laser Diagnostics of RF Hydrogen PLASMA Reactors: Application to the Processing of III-V Materials, Department of Chemistry (T. A. Miller), 1 July 1989 through 30 June 1992. (Project 767838 - Continuation)

\$70,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Jet Noise Production and Radiation, Department of Aeronautical and Astronautical Engineering (J. N. Scott and R. J. Bodonyi), 30 October 1989 through 1 July 1990. (Project 767656 - Continuation)

\$63,000.00 - Department of Agriculture, Forest Service, Radnor, Pennsylvania, Measurement of Forest Condition and Response Along an Atmospheric Deposition Gradient, Laboratory for Environmental Science - OARDC (J. R. McClenahan), 1 January 1990 through 31 March 1991. (Project 767211 - Continuation)

\$61,497.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Marginal Copper Intake Effects: Superoxide Dismutase and Lipid Peroxidation, Department of Human Nutrition and Food Management (R. A. DiSilvestro), 1 December 1989 through 30 April 1990. (Project 768077 - New)

\$61,370.00 - National Science Foundation, Washington, D.C., Quaternary Climatic Record from the Antarctic Peninsula Region, Antarctica, Byrd Polar Research Center (D. H. Elliot), 15 January 1990 through 31 December 1990. (Project 768075 - New)

\$54,880.00 - National Science Foundation, Washington, D.C., Anodic Oxidation Studies and Their Applications to Organic Synthesis, Department of Chemistry (J. S. Swenton), 1 July 1990 through 30 June 1991. (Project 766494 - Continuation)

\$51,786.00 - Department of Health and Human Services, National Institute of Environmental Health Sciences, Research Triangle Park, North Carolina, Mechanisms of Mercury Toxicity and Carcinogenicity in Cells, Department of Microbiology and Immunology (M. V. Williams), 1 February 1990 through 31 January 1991. (Project 766606 - Continuation)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$50,000.00 - National Foundation on the Arts and Humanities, National Endowment for the Humanities, Washington, D.C., Quincentenary Fellowship Program in Advanced Colonial Latin American Studies, Humanities Administration (S. J. Summerhill), 1 October 1989 through 30 September 1991. (Project 767974 - New)

\$49,640.00 - National Science Foundation, Washington, D.C., Molecular Biology of the Hyperthermophile, Methanogen AV19, Department of Microbiology (J. N. Reeve and C. J. Daniels), 15 January 1990 through 31 December 1990. (Project 768073 - New)

\$47,408.00 - National Science Foundation, Washington, D.C., Mapping of Ice Stream B Using SPOT Satellite Data, Byrd Polar Research Center and Department of Civil Engineering (C. J. Merry) and Department of Geology and Mineralogy (I. M. Whillans), 15 January 1990 through 31 December 1990. (Project 768083 - New)

\$45,200.00 - National Science Foundation, Washington, D.C., Multi-Wavelength Analysis of M81 with Comparisons to Other Nearby Galaxies, Department of Physics (J. C. Garland and M. Kaufman), 1 September 1990 through 31 August 1992. (Project 767825 - Continuation)

\$40,000.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Controller Design Approaches and Evaluations, Department of Electrical Engineering (U. Ozguner and S. Yurkovich), 1 October 1989 through 15 March 1990. (Project 766464 - Continuation)

\$40,000.00 - Department of the Army, Army Materiel Command, Dover, New Jersey, Synthesis of Polynitro Cage Molecules, Department of Chemistry (L. A. Paquette), 1 May 1989 through 29 April 1990. (Project 765379 - Continuation)

\$33,416.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Advances in Identification of Airborne Radar Targets, ElectroScience Laboratory, Department of Electrical Engineering (E. K. Walton, F. D. Garber, and R. L. Moses), 1 November 1989 through 1 February 1990. (Project 767996 - New)

\$32,192.00 - National Occupational Information Coordinating Committee, Washington, D.C., State-National Staffing Pattern Project, Academic Faculty of Management Sciences (P. Ward), 30 January 1990 through 31 October 1990. (Project 768078 - New)

\$31,750.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Campylobacter pylori in the Gnotobiotic Piglet, Department of Veterinary Pathobiology (G. S. Krakowka and K. A. Eaton), 1 January 1990 through 31 December 1990. (Project 767150 - Continuation)

\$30,700.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Civil Engineering (M. R. McCord), 1 January 1990 through 31 December 1990. (Project 766242 - Continuation)

\$27,816.00 - Department of the Army, Army Materiel Command, Fort Belvoir, Virginia, Borehole Geophysical Techniques for Tunnel Detection, Department of Geology and Mineralogy (J. J. Daniels), 1 October 1989 through 30 September 1990. (Project 768081 - New)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$12,500.00 - Department of Agriculture, Economic Research Service, Washington, D.C., Use of Target Revenues Versus Target Prices in Stabilizing Producer Income, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (M. J. Miranda), 12 April 1989 through 1 January 1991. (Project 767410 - Continuation)

\$8,000.00 - National Science Foundation, Washington, D.C., Studies Involving Molecules and Intermediates of Theoretical Interest, Department of Chemistry (L. A. Paquette), 1 September 1990 through 31 August 1991. (Project 766349 - Continuation)

\$5,317.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Linking Maternal Employment and Child Care Arrangements to Child Development, Department of Sociology (T. L. Parcel), 1 December 1989 through 30 November 1990. (Project 767226 - Continuation)

\$4,000.00 - National Science Foundation, Washington, D.C., Field Theoretic Models of Nuclear and Subnuclear Systems, Department of Physics (R. J. Perry), 1 January 1990 through 31 August 1990. (Project 766657 - Continuation)

\$3,321.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Stromal Defects in Retrovirus-Induced Myelosuppression, Department of Veterinary Pathobiology (G. J. Kociba), 1 December 1989 through 30 November 1990. (Project 767232 - Continuation)

\$2,888.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Genetic and Molecular Studies of RNA Splicing, Department of Molecular Genetics (P. S. Perlman), 1 December 1989 through 30 November 1990. (Project 763452 - Continuation)

\$2,134.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Redox and Electron-Transfer Properties of Flavodoxins, Department of Biochemistry (R. P. Swenson), 1 December 1989 through 30 November 1990. (Project 767166 - Continuation)

\$2,042.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Stereochemistry of Enzyme Reactions to Phosphorus, Department of Chemistry (M. D. Tsai), 1 December 1989 through 30 November 1990. (Project 762722 - Continuation)

\$1,449.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, A Study of DNA Intercalating Aromatic Amino Azides, Department of Chemistry (M. S. Platz), 1 December 1989 through 30 November 1990. (Project 765804 - Continuation)

\$199.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Conformational Peptides to Probe Immune Responses, Department of Obstetrics and Gynecology (P. T. Kaumaya), 1 September 1989 through 31 August 1990. (Project 767913 - Continuation)

TOTAL - FEDERAL AWARDS

\$7,613,800.00

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants

\$565,000.00 - State of Ohio, Department of Transportation, Columbus, Ohio, Application of Global Positioning System (GPS) for Transportation Planning, Center for Mapping (J. D. Bossler) and Department of Geodetic Science and Surveying (C. C. Goad), 1 January 1990 through 1 July 1991. (Project 768076 - New)

\$400,000.00 - State of Ohio, Board of Regents, Columbus, Ohio, Center for Labor Research, Research and Graduate Studies Administration (T. L. Sweeney), 1 July 1989 through 30 June 1990. (Project 767988 - New)

\$200,000.00 - State of Ohio, Department of Aging, Columbus, Ohio, OSU Alzheimer's Disease Research Center, Department of Geriatrics and Gerontology (G. L. Trzebiatowski), 1 July 1989 through 30 June 1990. (Project 766254 - Continuation)

\$156,886.00 - State of Ohio, Department of Health, Columbus, Ohio, Care of the High Risk Mother and Infant -- OSU High Risk Perinatal Project, Department of Pediatrics (L. Cordero), 1 October 1989 through 30 September 1990. (Project 765042 - Continuation)

\$70,303.00 - State of Ohio, Department of Health, Columbus, Ohio, Outreach Education, Department of Pediatrics (L. Cordero), 1 October 1989 through 30 September 1990. (Project 764100 - Continuation)

\$4,025.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Housing as Housing: The Relationship Between Housing Factors and Community Adaptation in Three Client Groups, Department of Life Span Process (L. C. Dzurec), 1 September 1989 through 30 June 1990. (Project 767534 - Continuation)

\$1,603.00 - State of Ohio, Department of Education, Columbus, Ohio, Entrepreneurship Education in the Modernization of Vocational Education in Ohio, Center on Education and Training for Employment (R. D. Ryan), 1 July 1989 through 30 June 1990. (Project 767713 - Continuation)

\$523.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Assessing Mental Health and Mental Retardation Professionals' Knowledge of Mental Illness, Mental Retardation, and Mental Illness as It Relates to the Mentally Retarded, College of Social Work (R. M. Ryan), 9 January 1990 through 30 September 1990. (Project 768084 - New)

TOTAL - STATE OF OHIO AWARDS

\$1,398,340.00

Industrial Research Contracts/Grants

\$79,204.00 - Astra Alab AB, Sodertalje, Sweden, Novel Drug Delivery Systems, College of Pharmacy (S. G. Frank), 1 January 1990 through 31 December 1990. (Project 762165 - Continuation)

\$21,778.00 - Westinghouse Electric Corporation, Pittsburgh, Pennsylvania, Modeling Cognitive Behavior of Nuclear Power Plant Personnel, Department of Industrial and Systems Engineering (D. D. Woods), 1 October 1989 through 31 July 1990. (Project 767992 - New)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$18,400.00 - Abbott Laboratories, Abbott Park, Illinois, Incidence of Withdrawal Bleeding in Postmenopausal Women Treated with Either Ogen .625 mg. or Premarin .625 mg. and Provera 10 mg., Department of Family Medicine (R. M. Guthrie), 1 January 1990 through 31 December 1990. (Project 767989 - New)

\$13,560.00 - Martin Marietta Corporation, Oak Ridge, Tennessee, Weld Imaging System for Control of Laser and Electron Beam Welding, Department of Welding Engineering (R. W. Richardson), 1 October 1989 through 30 June 1990. (Project 766726 - Continuation)

\$8,201.00 - General Motors Corporation, Indianapolis, Indiana, Additions to a Model Test Program on the Gas Turbine Air Intake and Exhaust Systems for the DDG-52 Ship Service Gas Turbine Generators, Department of Aeronautical and Astronautical Engineering (R. J. Freuler), 1 January 1990 through 30 March 1990. (Project 767341 - Continuation)

\$6,576.00 - Applied R & D, Olmsted Falls, Ohio, Vertical Multi-Junction Photovoltaic Cell, Department of Electrical Engineering (G. J. Valco), 1 January 1990 through 1 March 1990. (Project 767802 - Continuation)

\$2,500.00 - Ross Laboratories, Columbus, Ohio, Surgeons' Attitudes Toward the Use of the Clear Liquid Diet, School of Allied Medical Professions (J. C. Burge), 1 January 1990 through 30 June 1990. (Project 768064 - New)

\$1,500.00 - Merck and Company, Rahway, New Jersey, Merck Urine Dose Confirmation Study, Department of Veterinary Clinical Sciences (J. J. Kowalski), 1 August 1989 through 31 December 1989. (Project 767687 - Continuation)

TOTAL - INDUSTRIAL AWARDS

\$ 151,719.00

Other Non-Federal Research Contracts/Grants

\$93,195.00 - Southwest Research Institute, San Antonio, Texas, Hydrogen Absorption and Potential Embrittlement of Candidate High-Level Nuclear Waste Package Containers in the Proposed Tuff Repository Environment, Department of Materials Science and Engineering (B. E. Wilde), 1 January 1990 through 31 December 1990. (Project 767129 - Continuation)

\$68,450.00 - Government of the Federated States of Micronesia, Kolonia, Pohnpei, Federated Micronesia, A Study to Prepare a Management Plan for the Improvement of Educational and Manpower Systems for the Federated States of Micronesia, Center on Education and Training for Employment (R. D. Ryan), 1 August 1989 through 31 January 1990. (Project 767715 - Continuation)

\$67,402.00 - Institute of Gas Technology, Chicago, Illinois, Microbial Desulfurization and Denitrification of Eastern Oil Shales, Department of Microbiology (R. M. Pfister), 1 October 1989 through 30 March 1990. (Project 766497 - Continuation)

\$65,000.00 - Muscular Dystrophy Association, New York, New York, Genetic Abnormalities of the Duchenne Locus and Mental Retardation, Department of Neurology (D. L. Freidenberg), 1 January 1990 through 31 December 1990. (Project 767994 - New)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$62,562.00 - Council on International Educational Exchange, New York, New York, Ministry of Education Intensive English in the U.S.A. for Japanese Teachers of English, English as a Second Language Programs (R. N. Kantor), 1 February 1990 through 31 December 1990. (Project 767405 - Continuation)

\$49,150.00 - Committee on Institutional Cooperation, Champaign, Illinois, The Alliance for Success, Center for Teaching Excellence (A. S. Pruitt), 1 November 1989 through 30 September 1990. (Project 768067 - New)

\$45,000.00 - Columbus Health Department, Columbus, Ohio, Coordination of Patient Services in Clinical Trials, Department of Internal Medicine (R. J. Fass and M. F. Para), 1 July 1989 through 30 June 1990. (Project 767944 - Continuation)

\$40,000.00 - The Petroleum Research Fund, Washington, D.C., Cofacial Derivatives of Hexaazatriphenylene, Department of Chemistry (A. W. Czarnik), 1 January 1990 through 31 August 1992. (Project 768063 - New)

\$39,640.00 - Purdue University, West Lafayette, Indiana, Inhibitors of Protein Myristoylation as Anticancer Drugs, College of Pharmacy (J. M. Cassady), 1 January 1990 through 31 December 1990. (Project 767376 - Continuation)

\$34,000.00 - American Cancer Society, Inc., New York, New York, Synthetic Catalysts That Act on Mononucleosides, Department of Chemistry (A. W. Czarnik), 1 January 1990 through 31 December 1990. (Project 764147 - Continuation)

\$33,600.00 - Smith Richardson Foundation, Inc., New York, New York, The Ohio State Program in Military History and Strategic Studies, Department of History (J. J. Lynch), 1 October 1990 through 30 September 1991. (Project 768080 - New)

\$31,455.00 - Muscular Dystrophy Association, New York, New York, Calcium²⁺, Drug, and Kinase Modulation of Calcium Channels, Department of Physiological Chemistry (J. D. Johnson), 1 January 1990 through 31 December 1990. (Project 763866 - Continuation)

\$25,000.00 - Muscular Dystrophy Association, New York, New York, Cloning of Spinal Muscular Atrophy Candidate Genes, Department of Physiological Chemistry and Department of Neurology (A. M. Burghes and Z. K. Jarai), 1 January 1990 through 31 December 1990. (Project 767991 - New)

\$25,000.00 - Research Corporation, Tucson, Arizona, Uncompensated Garnets: A Magnetic Semiconductor, Department of Physics (P. E. Wigen), 1 July 1989 through 30 June 1990. (Project 767985 - New)

\$21,400.00 - Asian Government, New York, New York, Indonesian Buddhist Iconography, Department of History of Art (J. Huntington and S. L. Huntington), 1 June 1990 through 1 September 1990. (Project 768060 - New)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$20,021.62 - Children's Hospital Research Foundation, Columbus, Ohio, Evaluation of Flunarizine as a Treatment for Patients with Partial Seizures, Department of Neurology (M. E. Drake, Jr.), 7 December 1987 through 6 April 1990. (Project 766579 - Continuation)

\$20,000.00 - American Heart Association, New Jersey Affiliate, North Brunswick, New Jersey, Carnosine as a Non-Mast Cell Histamine Source in Shock and Trauma, Department of Surgery (L. J. Flancbaum), 1 October 1989 through 30 September 1990. (Project 767954 - New)

\$19,313.00 - Indiana University, Bloomington, Indiana, Malaysia Cooperative Program, English as a Second Language Programs (T. T. Diemer), 1 January 1990 through 15 June 1990. (Project 764972 - Continuation)

\$13,890.00 - Battelle Memorial Institute, Columbus, Ohio, Battelle Sport Management Program Internship, School of Health, Physical Education, and Recreation (W. J. Rudman), 1 December 1989 through 30 November 1990. (Project 767979 - New)

\$13,298.00 - The Pennsylvania State University, Hershey, Pennsylvania, Hormone Stimulation Plus Chemotherapy in Advanced Breast and Prostate Cancer, Department of Surgery (J. R. Drago), 1 July 1989 through 30 June 1990. (Project 767956 - Continuation)

\$12,000.00 - City Colleges of Chicago, Chicago, Illinois, Brookhaven College, Farmers Branch, Texas, Mountain View College, Dallas, Texas, Pellissippi State Technical Community College, Knoxville, Tennessee, Durham Technical Community College, Durham, North Carolina, and Cuyahoga Community College District, Cleveland, Ohio, National Alliance of Community and Technical Colleges, Center on Education and Training for Employment (R. D. Ryan), 1 July 1989 through 30 June 1990. (Project 767681 - Continuation)

\$7,164.00 - Iowa State University, Ames, Iowa, Spectroscopic Evaluation of Adhesive Bonds: Linear and Nonlinear Methods, Department of Welding Engineering (L. Adler), 1 October 1989 through 30 September 1990. (Project 768068 - Continuation)

\$6,945.00 - Huron County Mental Health Board, Norwalk, Ohio, Special Parenting Project, Cooperative Extension Field Operations (B. J. Wurzel), 1 July 1989 through 30 June 1990. (Project 768059 - Continuation)

\$6,000.00 - Iowa State University, Ames, Iowa, Nondestructive Evaluation of Structural Adhesive Bonding for Aircraft Applications, Department of Welding Engineering (S. Rokhlin), 1 October 1989 through 30 September 1990. (Project 768065 - Continuation)

\$3,609.00 - Lawrence County Joint Vocational School, Chesapeake, Ohio, Factors That Influence a Student Not to Enter Into a High School Vocational Curriculum, Department of Agricultural Education (R. K. Barrick), 1 September 1989 through 31 July 1990. (Project 767993 - New)

\$2,665.00 - American Nurses' Foundation, Inc., Kansas City, Missouri, Inspiratory Muscle Training: Children with Cystic Fibrosis, Department of Family and Community Nursing (E. H. Sawyer), 1 October 1989 through 30 September 1990. (Project 767999 - New)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$2,601.00 - University of Alaska, Fairbanks, Alaska, Reduction of Magnavox Geociever Tapes for Translocation Positioning of Jakobshavns, Greenland Data, Byrd Polar Research Center (K. C. Jezek), 1 January 1990 through 31 March 1990. (Project 768079 - New)

\$2,550.00 - The Petroleum Research Fund, Washington, D.C., The 23rd Reaction Mechanisms Conference, Boulder, Colorado, June 10-14, 1990, Department of Chemistry (M. S. Platz), 1 June 1990 through 31 August 1990. (Project 767986 - New)

TOTAL - OTHER NON-FEDERAL AWARDS \$ 830,910.62

ENGINEERING EXPERIMENT STATION

State Sponsored Research and Development

\$154,510.00 - from Ohio Department of Transportation, Columbus, Ohio, for "Rural Technology Assistance Program," under the direction of the Department of Civil Engineering for the period January 1, 1990 through December 31, 1990. (529836)

Industry and Other Sponsored Research and Development

\$71,800.00 - from OMAC, Inc., Albany, Georgia, for "Conduct Wind Tunnel Tests of the Laser 300 L," under the direction of the Department of Aeronautical and Astronautical Engineering for the period December 1, 1989 through November 30, 1990. (312525)

\$66,971.00 - from PPG Industries, Inc., Pittsburgh, PA, for "Automotive Glass Antenna Development," under the direction of the Department of Electrical Engineering for the period January 1, 1990 through December 31, 1990. (529835)

\$60,000.00 - from IBM, Endicott, New York, for "Automated Inspection Research," under the direction of the Department of Mechanical Engineering for the period October 1, 1989 through December 31, 1990. (529831)

\$59,600.00 - from Delco Moraine, Dayton, Ohio, for "Torque Feedback and Self-Tuning Control for ABS Technologies," under the direction of the Department of Electrical Engineering for the period January 1, 1990 through June 30, 1991. (529832)

\$56,528.00 - from AITRC, Columbus, Ohio, for "Implementation and Evaluation of Reusable Software Modules," under the direction of the Department of Computer and Information Science for the period September 1, 1989 through June 30, 1990. (529834)

\$36,712.00 - from IBM, Endicott, New York, for "Computer-Aided Statistical Process Control," under the direction of the Department of Industrial and Systems Engineering for the period June 15, 1989 through June 15, 1990. (529807, Ext. 1)

\$36,618.00 - from EPRI, Palo Alto, CA, for "HVDC Converter Station Electromagnetic Noise Study," under the direction of the Department of Electrical Engineering for the period February 4, 1986 through December 31, 1990. (529714, Ext. 4)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industry and Other Sponsored Research and Development (contd)

\$34,906.00 - from 35 sponsors of 52 development projects under the direction of two research areas of the College.

\$33,000.00 - from General Electric, Cincinnati, Ohio, for "Optical System to Detect the OH Radical," under the direction of the Department of Aeronautical and Astronautical Engineering for the period December 15, 1989 through June 30, 1990. (312527)

\$32,000.00 - from various industry for fellowships for the Engineering Research Center for Net Shape Manufacturing, under the direction of the Engineering Experiment Station.

\$25,000.00 - from various industry for membership in the Engineering Research Center for Net Shape Manufacturing, under the direction of the Engineering Experiment Station.

\$25,000.00 - from IBM Technical Interchange Program, Owego, New York, for "Integrating Component Accumulation and Material Flow to Promote the Efficiency of Assembly Operations," under the direction of the department of Industrial and Systems Engineering for the period May 1, 1988 through December 31, 1989. (529756, Ext. 1)

\$25,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Weldability Test Techniques," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529354, Ext. 1)

\$24,800.00 - from McDonnell Douglas Corp., St. Louis, MO, for "Ultrasonic Welding of Peek/Graphite Composites with Ultem Polyetherimide Film on Surface," under the direction of the Department of Welding Engineering for the period December 15, 1989 through June 30, 1990. (529830)

\$22,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Full Penetration in Precision GTAW," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529358, Ext. 1)

\$20,000.00 - from various industry for membership in the Compact Radar Cross Section Measurement Ranges Research and Development Consortium under the direction of the Department of Electrical Engineering. (312884)

\$20,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Thermal Stress Modeling of Plastic Welding," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529356, Ext. 1)

\$20,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Penetration in High Radiance Laser Welding," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529355, Ext. 1)

\$20,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Silicate Brazing of Ceramics," under the direction of the Department of Materials Science and Engineering for the period July 1, 1989 through June 30, 1990. (529351, Ext. 1)

March 2, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industry and Other Sponsored Research and Development (contd)

\$20,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Creep of Stainless Steel Welds," under the direction of the Department of Materials Science and Engineering for the period July 1, 1989 through June 30, 1990. (529367, Ext. 1)

\$20,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Computer-Aided Tomography," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529361, Ext. 1)

\$19,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Joining and Nondestructive Evaluation of Advanced Materials," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529370, Ext. 1)

\$18,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Real Time Radiographic Control of Arc Welding," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529360, Ext. 1)

\$18,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Analytical Electron Microscopy of Weld Metals," under the direction of the Department of Materials Science and Engineering for the period July 1, 1989 through June 30, 1990. (529362, Ext. 1)

\$18,000.00 - from Edison Welding Institute, Columbus, Ohio, for "NDE of Composite Materials and Welds," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529352, Ext. 1)

\$18,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Characterization of Polymers in Vicinity of Welded Joints," under the direction of the Department of Chemical Engineering for the period July 1, 1989 through June 30, 1990. (529335, Ext. 1)

\$17,640.00 - from Chemical Abstracts Service, Columbus, Ohio, for "Editorial Reference Materials: User View," under the direction of the department of Industrial and Systems Engineering for the period November 1, 1989 through October 31, 1990. (529833, Ext. 1)

\$16,000.00 - from General Electric, Cincinnati, Ohio, for "Plasma Arc Tunnel System," under the direction of the Department of Aeronautical and Astronautical Engineering for the period September 9, 1987 through December 31, 1989. (312432, Ext. 6)

\$15,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Joining and Nondestructive Evaluation of Advanced Materials," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529369, Ext. 1)

\$15,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Solid State Weld Strength by Ultrasonic Spectroscopy," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529353, Ext. 1)

\$15,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Arc Sensing Pool Oscillation for Penetration Control," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529359, Ext. 1)

March 2, 1990 meeting, Board of Trustees

ENGINEERING EXPERIMENT STATION (contd)

Industry and Other Sponsored Research and Development (contd)

\$8,742.00 - from Edison Welding Institute, Columbus, Ohio, for "Off-line Robotic Programming," under the direction of the Department of Welding Engineering for the period July 1, 1989 through March 31, 1990. (529357, Ext. 1)

\$4,000.00 - from Edison Welding Institute, Columbus, Ohio, for "Significance of Local Brittle Zone Size," under the direction of the Department of Welding Engineering for the period July 1, 1989 through March 31, 1990. (529368, Ext. 1)

\$2,500.00 - from Chemineer, Inc., Dayton, Ohio, for "Heat Transfer in Mixing Systems," under the direction of the Department of Chemical Engineering for the period January 1, 1988 through December 31, 1989. (529745, Ext. 1)

\$2,000.00 - from various industry for affiliate membership in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station.

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$916,817.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Designated Chair

The Edward Orton, Jr., Chair in Ceramic Engineering

The Edward Orton, Jr., Chair in Ceramic Engineering was established formally as a designated chair program on March 2, 1990, by the Board of Trustees of The Ohio State University to The Ohio State University Development Fund. This prestigious position is made possible through annual gifts from the Edward Orton Foundation in recognition of the many contributions Mr. Orton made to the ceramic engineering field.

The objectives of the Orton Chair will parallel those of Edward Orton, Jr. The faculty member will provide leadership for ceramic engineering education and research at The Ohio State University, and identify and carry on the tradition founded by Edward Orton, Jr. The selection of the Chair will be made by the Dean of the College of Engineering in consultation with the Edward Orton, Jr., Foundation.

Edward Orton, Jr. is well remembered as the founder of ceramic engineering education in America. In the late 19th century, Edward Orton, Jr. recognized the importance of ceramics and its potential uses in many non-traditional ways. An accomplished mining engineer and geologist, Orton led the effort to make The Ohio State University a leader in ceramic education in 1894. Two years later he established The Edward Orton, Jr., Ceramic Foundation for the benefit of ceramics research and development. His efforts nearly a century ago have led significantly to the international growth of ceramic technologies. The Edward Orton, Jr., Designated Chair in Ceramic Engineering will help The Ohio State University and the U.S. to remain in the forefront of the ceramics field. It also will help commemorate Edward Orton, Jr. for his contributions to the University and to ceramics.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds

The Richard Lambert Harris Flute Scholarship Fund

The Richard Lambert Harris Flute Scholarship Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Richard Lambert Harris (B.S.Ed. '38).

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships for an outstanding incoming freshman, undergraduate, or graduate student flutist. If no qualified flute student is available, the scholarship shall be made available to an outstanding student in the following order of preference: (1) woodwind, (2) brass instrument, (3) strings, piano or voice. The selection of the recipient(s) shall be made by the Director of the School of Music in consultation with the chairperson of the performance division, the appropriate faculty, and the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Norwood H. and Helen M. Meyer Scholarship Fund in Pharmacy

The Norwood H. and Helen M. Meyer Scholarship Fund in Pharmacy was established March 2, 1990, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Norwood H. Meyer (Pharmacy '25) of Grosse Pointe Shores, Michigan.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students in the College of Pharmacy who have demonstrated a high level of academic achievement. The selection of the award recipients shall be made by the appropriate College of Pharmacy faculty committee in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Orton Hall Fund

The Orton Hall Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from anonymous and multiple donors.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Department of Geology and Mineralogy to provide support for the facilities and activities of Orton Hall. Expenditures from the fund shall be authorized by the chairperson of the Department of Geology and Mineralogy.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Clinical Research Facility Endowment Fund

The Clinical Research Facility Endowment Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from various donors.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for planning, design, construction and/or operation of the College of Medicine Clinical Research Facility. Authorization for expenditures from this fund shall be at the discretion of the Dean of the College of Medicine. The Dean reserves the right to invade the principal to cover related costs and fees if it is deemed necessary.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Robert L. Folk Academic Excellence Scholarship Fund

The Robert L. Folk Academic Excellence Scholarship Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University, with a gift to The Ohio State University Development Fund from various donors.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to The Ohio State University medical students at any level, including entering students, for excellence in academic performance. Awards are to be based solely upon academic merit, except other considerations such as college, university, community service or research efforts may be considered when competing students have otherwise equal academic records. The amount awarded to each student shall not be less than one-half or greater than the current full in-state tuition for The Ohio State University College of Medicine. In any given academic year, all awards shall be of an equal amount. Scholarship recipients shall be chosen by a committee consisting of the Associate Dean for Student Affairs, the Associate Dean for Curriculum, the Director of Medical Humanities, and the President of the Medical Alumni Association in consultation with the Dean of the College of Medicine and the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Geography Faculty and Alumni Fund

The Geography Faculty and Alumni Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from geography faculty and alumni.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for scholarships, prizes, and other expenditures recommended by the majority of the faculty of the Department of Geography. Expenditures from the fund shall be authorized by the chairperson of the Department of Geography. Scholarship recipients shall be chosen in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Donald E. and Joan E. Herr 4-H International Programs Fund

The Donald E. and Joan E. Herr 4-H International Programs Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Donald E. Herr (B.S. Agr. '51, Ph.D. Agronomy '65) and Joan E. Herr (M.S. '54) of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support one or more Ohio delegates to another country on the International 4-H Youth Exchange (IFYE) Representatives Program. Selection shall be made annually by the Ohio 4-H IFYE Selections Committee. If the Representative Program is eliminated, then the income is to be used to support an Ohio delegate as a 4-H international participant in another 4-H international program.

It is the desire of the donors that this fund should benefit Ohio 4-H and the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President for Agricultural Administration, Ohio Cooperative Extension Service Director, State 4-H Leader, and the Ohio 4-H Foundation Board in order to carry out the desire of the donors.

The Mary Karrer Memorial Fund

The Mary Karrer Memorial Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from family and friends in memory of Mary Karrer (B.S.Ed. '66, M.A. Education '70), an outstanding librarian.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to honor teachers or librarians who have made a significant contribution to developing children's love and appreciation of good books. The "Mary Karrer Award" will be presented annually at the Children's Literature Conference, sponsored by The Ohio State University College of Education. Selection of the award recipients shall be made by a committee of the reviewers for The WEB (Wonderfully Exciting Books), a quarterly review of children's books published by the College of Education. Administrative expenses necessary to select award recipients shall also come from the endowment income. The Dean of the College of Education shall have responsibility for distribution of these funds.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Establishment of Named Funds (contd)

The Psychiatric Hospital Building Fund

The Psychiatric Hospital Building Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from alumni, colleagues and friends of the Department of Psychiatry and the College of Medicine.

All gifts are to be invested in the University's permanent endowment fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to offset the costs of developing, building, equipping and maintaining the proposed psychiatric hospital and to support its academic programs. The annual income shall be added to the fund's principal until the University makes a final determination on the financing arrangements of the Psychiatric Hospital. The Dean of the College of Medicine reserves the right to invade the fund's principal to cover building-related costs and fees if it is deemed necessary.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Ben A. Zuckerman Memorial Scholarship Fund

The Ben A. Zuckerman Memorial Scholarship Fund was established March 2, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Dorothy Zuckerman of Columbus, Ohio, in memory of her husband, Ben A. Zuckerman (B.S.Bus.Adm. '24).

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships for an outstanding student(s) in the College of Business, Department of Accounting & Management Information Systems. Selection of the recipient(s) shall be made by the chairperson and faculty of the Department of Accounting & MIS in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

Change in Description of Named Chair

The John Deaver Drinko - Baker & Hostetler Chair in Law

The John Deaver Drinko - Baker & Hostetler Chair in Law was established March 7, 1986, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation from John D. Drinko (J.D. '44) and Elizabeth Gibson Drinko of Cleveland, Ohio, the law firm of Baker & Hostetler, Noel F. George (J.D. '32) of Columbus, Ohio, and other partners and associates of Baker & Hostetler. The description was revised May 8, 1987, and again March 2, 1990.

Income provided by the Foundation shall be used on a current basis to provide salary and program support for the work of a distinguished teacher and scholar in the College of Law. Appointment to the Drinko - Baker & Hostetler Chair will be recommended by the Dean of the College of Law to the Provost and approved by The Ohio State University Board of Trustees. At the discretion of the Dean of the College of Law, the income and the principal may be used for the advancement of the College of Law until June 3, 1993. The fund's principal may not be reduced below \$1,250,000.

**Employment of Architects/Engineers and
Request for Construction Bids**

Background

University Airport Renovation - 1990

This project will construct a snow removal equipment and maintenance building, a taxiway "G" extension to runway 96 with hold apron, and a hold apron for taxiway "C" at runway 23.

Funds for this project are available from a Federal Aviation Administration grant and University funds. Construction costs for the project are estimated at \$1,000,000, and the total estimated project cost is \$1,200,000.

(See Appendix LVII for map, 867.)

**EMPLOYMENT OF ARCHITECT/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 90-92

UNIVERSITY AIRPORT RENOVATION - 1990

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architects/engineers and request construction bids for the University Airport Renovation - 1990 project.

March 2, 1990 meeting, Board of Trustees

**EMPLOYMENT OF ARCHITECT/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS (contd)**

UNIVERSITY AIRPORT RENOVATION - 1990 (contd)

WHEREAS the University Airport Renovation 1990 project will construct a snow removal equipment and maintenance building, a taxiway "G" extension to runway 96 with hold apron, and a hold apron for taxiway "C" at runway 23; and

WHEREAS the total estimated cost of this project is \$1,200,000, with the estimated construction cost being \$1,000,000, and with funding provided from a Federal Aviation Administration grant and University funds:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on these projects in accordance with established University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Amb. Wolf, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Request for Construction Bids

Background

1960 Kenny Road Renovation

This project will renovate the 40,960 gross square foot facility located at 1960 Kenny Road to house the University's Research Foundation. Work associated with this project includes demolition, drywall, door replacement, new floor coverings, painting, replacement of all lighting, and installation of an air conditioning unit for the computer room.

Funds for this project are available from University funds. Construction costs for the project are estimated at \$1,000,000, equipment costs are estimated at \$850,000, and the total estimated project cost is \$2,200,000.

Oxley Hall Rehabilitation

This project will rehabilitate this 34,000 gross square foot facility. The work includes updating antiquated mechanical systems, adding handicap accessibility, providing life safety code updates, partial modernization of the sprinkler system, new windows, new and repaired exterior doors, painting, floor covering, and some new ceilings.

Funds for this project are available from University funds. Construction costs for the project are estimated at \$1,675,000, and the total estimated project cost is \$1,895,000.

(See Appendix LVIII for maps, page 869.)

Mechanical Contract:	Progress Mechanical, Newark, Ohio
Amount:	\$27,420.00
Estimate:	\$40,000.00
Electric Contract:	Eastmoor Electric, Columbus, Ohio
Amount:	\$57,050.00
Estimate:	\$70,000.00
Total All Contracts:	\$732,970.00
Contingency Allowance:	\$58,638.45 (8% of construction cost)
Total Project Cost:	\$804,603.00

Lima Technical College - Entrance Road

This project will provide a new entrance road from State Route 309 to the Lima Campus building complex. A standard two lane asphalt surfaced road, capable of handling high volume automobile traffic, plus limited semi-trailers and smaller truck traffic, with necessary lighting. The total project cost is \$653,614; funding is provided from Senate Bill 386 and University funds. The estimated completion date is January 1991. The contracts awarded are as follows:

General Contract:	Fort Defiance, Defiance, Ohio
Amount:	\$454,161.25 *
Estimate:	\$639,232.00 *
Electric Contract:	Joy Electric, Lima, Ohio
Amount:	\$91,924.83
Estimate:	\$119,290.00
Total All Contracts:	\$546,086.08 *

March 2, 1990 meeting, Board of Trustees

Establishment of Contingency Funds (contd)**

Background (contd)

Lima Technical College - Entrance Road (contd)

Contingency Allowance: \$27,304.94 (5% of construction cost)

Total Project Cost: \$653,614.00

Magnetic Resonance Imaging/Magnetic Resonance Spectroscopy

This project will provide a facility of approximately 1,870 gross square feet as a one-floor addition to the northwest corner of Wiseman Hall to house the 4.7 Tesla/40 cm research grade magnetic resonance imaging and spectroscopy instrument which is being purchased by the University through the Department of Radiology. The total project cost is \$319,680; funding is available from the College of Medicine. The estimated completion date is June 1990. The contracts awarded are as follows:

General Contract: Williamson Builders, Plain City, Ohio

Amount: \$109,500.00

Estimate: \$101,250.00

Plumbing Contract: Farber, Columbus, Ohio

Amount: \$49,600.00

Estimate: \$72,000.00

HVAC Contract: J. A. Guy, Dublin, Ohio

Amount: \$25,900.00

Estimate: \$36,000.00

Electric Contract: Romanoff Electric, Dublin, Ohio

Amount: \$79,400.00

Estimate: \$103,140.00

Total All Contracts: \$264,400.00

Contingency Allowance: \$26,440.00 (10% of construction cost)

Total Project Cost: \$319,680.00

Resolution No. 90-94

**MORRILL TOWER AND LINCOLN TOWER RESIDENCE HALLS
UPGRADE TREATMENT - PHASE I
LIMA TECHNICAL COLLEGE - ENTRANCE ROAD
MAGNETIC RESONANCE IMAGING/MAGNETIC RESONANCE SPECTROSCOPY**

Synopsis: The Fiscal Affairs Committee recommended the Report of Award of Contracts and the Establishment of Contingency Funds for the Morrill Tower and Lincoln Tower Residence Halls Upgrade Treatment - Phase I, Lima Technical College - Entrance Road, and Magnetic Resonance Imaging/Magnetic Resonance Spectroscopy projects.

WHEREAS resolutions adopted by the Board of Trustees on December 1, 1989, and February 2, 1990, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects: Morrill Tower and Lincoln Tower Residence Halls Upgrade Treatment - Phase I, and Magnetic Resonance Imaging/Magnetic Resonance Spectroscopy; and

WHEREAS a resolution adopted by the Board of Trustees on November 7, 1986, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the following project: Lima Technical College - Entrance Road:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by this Board and upon the recommendation of the Fiscal Affairs Committee, the Report of Award of Contracts and Establishment of Contingency Funds for the above named projects is hereby accepted.

Upon motion of Amb. Wolf, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Mr. Berry:

Last night, I both had a pleasure in doing a task, as well as taking a calculated risk, by reading an Expression of Appreciation to Richard D. Jackson at a retirement dinner being held in his honor. I would move that we pass on this expression and do request your approval.

EXPRESSION OF APPRECIATION

Resolution No. 90-95

WHEREAS Richard D. Jackson, Vice President for Business and Administration, has announced his retirement from The Ohio State University effective March 31, 1990; and

March 2, 1990 meeting, Board of Trustees

EXPRESSION OF APPRECIATION (contd)

WHEREAS Vice President Jackson has served Ohio State with distinction for the past decade; and

WHEREAS during this period of time, Mr. Jackson had oversight responsibility for many of the significant changes in the physical dimensions of the University, including the Wexner Center for the Visual Arts, Rhodes Hall, The Arthur G. James Cancer Hospital and Research Institute, and the Woody Hayes Athletic Center; and

WHEREAS in addition to his noteworthy contributions to the changes and improvements to the physical contours of the University, Vice President Jackson has also demonstrated outstanding leadership in the development and implementation of a strategic plan for the modernization of the University's infrastructure, including the installation of the coal fired boiler, and the University Network Integrated Telecommunication System (UNITS), the upgrade of utilities (gas, water, and electrical systems), PCB removal, and steam system improvements; and

WHEREAS Vice President Jackson's record of accomplishment as a public servant has been well documented, e.g., previously serving as Director of Ohio Department of Administrative Services, Director of the Ohio Department of Transportation, and various positions in the Columbus city government:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby expresses its deep gratitude to Richard D. Jackson for his sustained commitment, dedication, and a job exceptionally well done; and

BE IT FURTHER RESOLVED, That this Board extends to Dick and his wife, Anita, all best wishes for good health, success, and happiness in the future.

Upon motion of Mr. Berry, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mr. Berry:

On behalf of the Board of Trustees, I would like to say that your work and efforts at the University over the years have certainly been not only appreciated, but very distinguished. We certainly will miss you and hope to see you often. And any time you have any advice, we will listen to it diligently.

Mr. Jackson:

Mr. Chairman, Members of the Board, and all of the University family, I just thank you all so very much for the opportunity to be a part of the family, the opportunity to learn from you, and the opportunity to participate. It has been most enjoyable. While I am looking forward to the future, the past has certainly been most rewarding. Thank you very much.

Mr. Berry:

Thank you.

--0--

March 2, 1990 meeting, Board of Trustees

Mr. Scott:

Mr. Chairman and Members of the Board, historically, one of the things that we have done over the years is make an official photograph of the Board. This is important for the Archives, for our records, and some of you have asked for that photograph. The photo session for this year will be on April 6. Sometimes we can crop in people, but if we have more than one, it is difficult. So I'd like to ask that you please be available. I'll let you know the time, so you can wear your best suit or dress.

And finally, I think we should note, Mr. President that there was a recommendation approved in the Personnel Actions to appoint Gertrude B. Elion to the Honorary Staff of The Arthur G. James Cancer Hospital and Research Institute. The significance is that she is a Nobel Prize winner, and I believe she is the second one that we have on our campus. Is that right, David, don't we have another Nobel Prize winner?

President Jennings:

Professor Wilson.

Mr. Scott:

Thank you, Mr. Chairman.

--0--

Thereupon the Board adjourned to meet Friday, April 6, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

MEMORANDUM

Subject: Proxy Solicitations
Date: February 28, 1990
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of February 1990, the University voted eight proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Approval of a restricted stock plan;
- 3) Ratification of an employee stock plan;
- 4) Adoption of amendments to a current stock plan;
- 5) Ratification of the independent auditors;
- 6) Amendment fixing the number of Directors;
- 7) Approval of a long-term incentive plan;
- 8) Amendment to the 1981 stock option plan;
- 9) Approval of an employee stock bonus plan.

The shareholder proposals were as follows:

- 1) Establish confidential voting and vote tabulation by an independent party;
- 2) Reinstate annual election of all directors.

The University voted for all Management proposals and against all shareholder proposals, which Management also opposed.

The eight corporations were:

- 1) Browning-Ferris Industries, Incorporated
- 2) Fluor Corporation
- 3) Helmerich and Payne, Incorporated
- 4) M/A-Com, Incorporated
- 5) Novell, Incorporated
- 6) Shoney's, Incorporated
- 7) Wm. Wrigley Jr. Company
- 8) The Valspar Corporation

APPENDIX LVI

REPORT ON THE SCHOOL OF NATURAL RESOURCES

Presented to the Agricultural Affairs Committee
(See page 816)

Pick up a newspaper, or tune into a television program and you are likely to read or hear about one or more of the following: global climate change, increased carbon dioxide concentration in the atmosphere, tropical deforestation, loss of biological diversity, use of pesticides, urban forestry, greenspace, (toxic) waste disposal, and the like. In the developing countries, you will hear about sustainable development, agroecosystems, agroforestry and social forestry (all denoting interconnectedness); concerns for food, fuel and fiber are paramount. At all levels--national, regional and global--the importance of environmental issues in general, and of natural resources in particular, has never been so profound as it is now.

Mitigating these problems will determine not only the economic stability of and harmony among nations, but human health and survival as well. To seek solutions, the tapestry of fundamental and applied sciences must be interwoven with the fabric of indigenous social and economic textures. Further, the success of technology transfer needs thoughtful and deliberate long-range policies, as does the imparting of knowledge in the most comprehensive way to both the young and not-so-young. This is the niche of the School of Natural Resources.

The School was formed in 1968. Its record and present aims have emphasized the wise use and management of natural resources through education, research and public service in several fields. These include Forest Resources, Fisheries Management, Wildlife Management, Parks-Recreation and Tourism Administration, Natural Resources Development, and Environmental Education and Communications. More recently, School programs have been developed in Aquaculture, Wetland Modelling, and Natural Resource Information Systems. Some 1989-90 vignettes: we taught 1700 undergraduate and graduate students; experienced a 24% enrollment increase in undergraduate majors; authored or edited many books, book chapters and journal articles; administered 57 continuing research grants and contracts totalling over \$1.4 million, and submitted 37 new proposals totalling over \$4.3 million. Also, three faculty members edited international journals and 10 served as editors or editorial board members of 13 additional major journals.

We have resolved to double our efforts to strengthen our programs and strive for excellence in both traditional and contemporary fields in natural resources/environmental sciences. Decisions on management of natural resources must be strongly grounded in a thorough understanding of ecosystem structure and function. We must underscore the diversity of social and economic systems as important components in decision-making and hence place strong emphasis on environmental policy. Thus, while maintaining the integrity of our historic mission, we continue to modernize our approaches with new research and contemporary tools. As we maintain our programmatic thrusts in Ohio and the region, we will also persist in our diverse efforts on the international scene, learning from and sharing knowledge and techniques with other countries in the world.

In recent years, the School has suffered some setbacks from loss of faculty critical mass in several traditional programs. We shall have to work diligently with the College of Agriculture and the University administration to overcome this loss as well as to achieve solidity as we prepare for the 21st century.

PRESIDENTIAL SEARCH COMMITTEE PROGRESS REPORT

Mr. Kessler:

Mr. Chairman, I am pleased to have this opportunity to report to you on the progress of the Presidential Search Committee and the activities it has engaged in since its inception. As you will recall, the Board established the membership for the Search Committee at its January 5, 1990, meeting and set in motion a process to select individual Committee members through existing governance and administrative structures at the University. The Committee held its first meeting on January 10, at which time a Criteria Subcommittee was appointed with the task of preparing a Criteria Statement which could be used in connection with advertising and for other purposes. The Subcommittee met several times on its own and presented recommendations to the full Committee during January. The Committee met on January 22 and January 29 to discuss a variety of matters including possible use of search firms and the Criteria Statement. The Criteria Statement was approved by the Board at its February 2, 1990 meeting.

The Committee met on the 6th, 14th, and 21st of February, during which time bids were received from search firms interested in assisting the Committee with the search process, which resulted in the selection of Heidrick and Struggles as the Committee's consultant. Upon the selection of Heidrick and Struggles, ads incorporating the Criteria Statement language were placed in The Chronicle of Higher Education, Black Issues in Higher Education, Science, The Affirmative Action Register, The New York Times, The Columbus Dispatch, The Cleveland Plain Dealer, The Cincinnati Enquirer, and The Call and Post. The ads directed nominations to Heidrick and Struggles. On behalf of the Committee, I sent letters to the Presidents of all AAU, Division I and historically black colleges and universities to solicit their input in the nomination process. All information about the search indicated a deadline of April 2, 1990, for the submission of nominations.

The Committee met with Heidrick and Struggles on March 28 to review the nominations received to date and to discuss the timetable for the search. While the deadline for the receipt of nominations had not yet arrived, and while it is expected that some nominations and expressions of interest will be received and considered after April 2, there has already been a significant amount of interest expressed by way of nominations to Heidrick and Struggles. At the meeting, the Committee reviewed the list of candidates which at that time consisted of more than 140 names. As nominees are identified, Heidrick and Struggles makes contact with them to determine their interest in being considered for our position. Obviously, some of these individuals may not wish to be considered as candidates, but it is expected that many will stay in the process for some period of time, during which the Committee may more seriously consider their qualifications. The quality of the names on the list so far has been excellent. Many individuals are currently in significant positions at other educational institutions or at foundations or private corporations. The Committee has been impressed with both the quality and diversity of the list.

PRESIDENTIAL SEARCH COMMITTEE PROGRESS REPORT (contd)

Mr. Kessler: (contd)

Starting tomorrow, the Committee will read the files prepared by Heidrick and Struggles regarding each prospect on the list. To allow for an indepth review of the information, a Heidrick and Struggles employee will be present in Columbus with the files from tomorrow through April 13, and will return for additional reading days for the period of April 20 through April 28. It is expected that the list of viable prospects will be shortened as a result of these reviews and that a list of approximately twenty semi-finalists will be agreed upon by mid-May. Based on this expectation, it is likely that interviews could be conducted with prospects during June, with a recommendation of one or more names to the Board at its July meeting.

The Committee has functioned very well as a group and is committed to the hard work necessary in the days ahead to recommend the best possible prospect or prospects to the Board in July. We have enjoyed the full participation of all Committee members at each of the meetings, and we have made significant progress in our discussions of both the University's current situation and some of the things that will be necessary for the next President to deal with in leading the institution in the years ahead. It is apparent that each Committee member has received input from people both on and off campus. We have received suggestions about the process this way and we have also passed along nominations from these resources. It is hoped that the University community and the citizens of Ohio will continue to share their thoughts about the Committee's work as we focus more sharply on the nominees interested in Ohio State.

The Trustee members of the Committee, in particular, remain interested in your views, which we would welcome at any time. Having said that, I remain open for any questions or discussion that you would like to have at this time with respect to the conduct of the search. That completes our report, Mr. Chairman.

Amb. Wolf:

Yes, I would like to ask you if any of the west coast papers were used for advertising? I didn't know if you had the L.A. Times in there.

Mr. Kessler:

No. We did not. We had national papers such as the New York Times and the Chronicle of Higher Education, and papers in all of the major cities in Ohio, but we did not use any west coast papers. One of the factors was the distribution of our list and the letters that we sent to all of the university presidents. We felt that we got geographic spread on a national basis using the papers we did, and we also consulted Heidrick and Struggles for their review and we felt that was adequate.

Mr. Teaford:

The list would indicate no lack of knowledge on the west coast.

Mr. Kessler:

We are getting interest from all parts of the country, including the west coast.

April 5 and 6, 1990 meeting, Board of Trustees

PRESIDENTIAL SEARCH COMMITTEE PROGRESS REPORT (contd)

Amb. Wolf:

Did you mention the Wall Street Journal?

Mr. Kessler:

We did not put it in the Wall Street Journal. I might add, we were not excluding these others because of cost; this process totaled \$21,000. We felt that the New York Times and the Wall Street Journal would get similar readership -- I believe that was our reasoning. The Wall Street Journal was one of the most expensive to run our ad in, so we did consider it, but decided not to do it.

Amb. Wolf:

Is it too late to do something like that?

Mr. Kessler:

The lead time on it is. I don't know about the Wall Street Journal, probably you would have a shorter lead time than some of the others like the Chronicle. I could check on it. I'm afraid with the process we have outlined -- although we will consider nominations at anytime -- we put in a April 2 deadline because we are on a tight time table, but we could certainly consider it if that would be your wish.

Amb. Wolf:

It is a suggestion. Because this is such an important search, a nationally distributed paper such as the Wall Street Journal, which has a wider circulation than the New York Times, would be a good paper to advertise in, and it would get coverage on the west coast. I would suggest that.

Mr. Kessler:

All right, I will talk to Bill Bowen and our Trustee committee members and, depending on their reaction, I will call Bill Bowen tomorrow and see what we can do. Thank you.

Mr. Berry:

I would think that -- how many college presidents did you write to?

Mr. Kessler:

Three hundred.

Mr. Berry:

And of that 300, I don't know how many were on the west coast, but a fair percentage would be. I would think that probably every present educator in the country knows that Ohio State is looking for a new president.

April 5 and 6, 1990 meeting, Board of Trustees

PRESIDENTIAL SEARCH COMMITTEE PROGRESS REPORT (contd)

Amb. Wolf:

Mr. Chairman, you asked for suggestions and I am just telling you.

Mr. Berry:

I'm not down playing your suggestion at all, Milt.

Mr. Kessler:

We want input from our Board. Both Joel and Alex, who are on the committee are here with me, and I would encourage them to speak up also. We have a very good, hardworking committee and, as you can see, we have met many times and our attendance is always 100 percent.

Ms. Casto:

I understand the tremendous amount of time it takes and I would like to personally thank you for your hard work.

Mr. Kessler:

It has been fun so far, but the real work is just beginning. The people from the University -- faculty, students, the dean, and the alumni representative -- all believe that it is a very important job. They are all taking it very seriously. I'm real pleased with it.

Mr. Berry:

Well, it is a very important step for the University, we all know that. All the Trustees and other people connected with the University appreciate your leadership, Jack, and all the members of the committee for what you are doing.

--0--

The meeting recessed into Executive Session for the purpose of considering legal issues and personnel actions.

Upon motion of Amb. Wolf, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

The Chairman, Mr. Berry, reconvened the meeting of the Board of Trustees on April 6, 1990, at 11:35 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, John W. Kessler, Milton A. Wolf, Leslie H. Wexner, Alex Shumate, Sophia L. Paige, and Laurel A. Davis.

--0--

April 5 and 6, 1990 meeting, Board of Trustees

Mr. Berry announced the appointment of the following persons to the Nominating Committee for the selection of Board Officers for 1990-91:

Hamilton J. Teaford, Chairman
John J. Barone
Deborah E. Casto

--0--

CAPITAL PROJECTS

Mr. Weldon Ihrig:

The General Assembly has acted and we have our Capital Appropriations for the next biennium starting July 1 of this year. The sheets before you give you two columns [please refer to Appendix LX for charts]: the first one showing our requests, in priority order, that we submitted to the Board of Regents. That total is under New Requested Appropriations -- \$158 million, and out of that we were given appropriations of \$65.3 million. That shows how our recommended priorities were followed. The basic renovations for the Columbus campus and the other campuses are basically to maintain the status of the plant and the infrastructure. Now that has to be put into context, because what those add up to must be compared to a total replacement value of over \$3.5 billion. We should be expending around \$60 million a year -- if we add 2 percent to replace -- to keep the plant maintained in the condition we originally had the buildings. So we still have a ways to go even with these amounts of monies.

In addition, the projects that we have are renovations of campus facilities. You will notice down the list that the first large project is the Brown Hall Annex replacement and that was funded at around \$15 million in a prior Capital Bill. Because of the site being right in the heart of the campus, the project is really going to cost \$25 million. So we had requested, as a top priority, the additional \$10 million for that project. We were funded at \$7 million, primarily because the University had agreed to put \$2.5 million into the project originally to buy some expansion space. The Regents kept us to that requirement, but the design took away the expansion space, so we are paying \$3 million for something we didn't obtain. That is a fiscal officer's approach to it.

The Equine Center is an expanded research and educational facility in the Veterinary College. That shows the State support for that, and donated funds are bringing in another \$1.5 million plus towards that project.

The Dreese Lab addition is the tall building where Electrical Engineering is housed, just south of the northwest parking ramp. That building was originally designed to have a duplicate extension to it. So the infrastructure is already there, regarding the vertical circulation space in the original building and we can add on to it. That will be housing space for Computer and Information Science and Electrical Engineering. This is one of those buildings where both of those fields deal in high technology. As we get into the actual requirements and designs for technology in that building, we will determine the amount of real square footage that we get out of it. Some of the clean labs dealing with computer chip development require extensive air exchanges, and we have seen some very high cost items in that area.

CAPITAL PROJECTS (contd)

Mr. Ihrig: (contd)

The Mendenhall Renovation is the first phase of that project. The \$13 million requested was for the total project. This is one where the institution went ahead and started planning the building two years ago. The design of it allowed this building to be done in two phases because part of it was renovation. It is the building right on the Oval, between Hagerty and Orton Halls that houses Geology and Mineralogy. That building is just out of date, technology-wise, for the faculty and students. The design calls for an addition on the back and then renovation when we move the people out of the building into the addition. Phase two will be the finish and the renovation of the building. So, the next biennium we will be bringing back the other phase as a top priority. By then, it will probably be \$4 million, due to inflationary costs.

You can see that the Regents, and the General Assembly in its final wisdom, did not give any funding for the next three projects. Then funded \$7 million for the Law Building addition which is being matched with \$1.5 million from the current biennium, and then \$8.5 million from fundraising by the College of Law. So that essentially will be a \$17 million building with half from fundraising and the other half from State support.

Next you will see below the line we have Requested Transfers. We had the Hagerty Hall project that we decided not to proceed with at this time because we are looking at fundraising for a new facility. Those funds were reallocated to a top priority which was Greenhouse Modernization. That was next on our priority list and that was officially done as a part of the action by the General Assembly.

Mr. Teaford:

That doesn't refer to the AmeriFlora Greenhouse, that is something separate?

Mr. Ihrig:

Right. These are greenhouses for B & Z in the College of Biological Sciences, just west of the B & Z building, behind the Dentistry building.

As it came through the legislative process, there are the other appropriations. You will see \$23 million of other items added to Ohio State's list of appropriations. There is the furniture and technical/laboratory equipment for the Pike County Extension Center facility; there is money to expand the Ohio Education Broadcast building on North Star Road; there is \$13 million for the Pediatrics Education Facility at Children's Hospital, and, by the way, the active faculty at Ohio State are housed physically at Children's Hospital. So we have a direct tie in on that one. Thurber Center for the Literary Arts for a half million dollars. The renovation of the Cranston Facility on Neil Avenue -- the last capital bill provided the money to purchase it and just do basic infrastructure upgrades. This is for finishing and renovation costs of that facility.

CAPITAL PROJECTS (contd)

Mr. Teaford:

And that is for the Mershon Center.

Mr. Ihrig:

Mershon Center, correct, not Mershon Auditorium. The Franklin Conservatory Improvements is \$7.2 million for the AmeriFlora, out of this capital bill. Then there is the Poultry Research Facility at OARDC and a Horse and Farm Management Facility at ATI. The latter one is planning money only. That is a total cost of about \$2.6 million. Those were on our list for the second biennium and they were moved up in the legislative process to the first biennium. So that is the total list of direct appropriations to and through Ohio State University over the next two years for capital expenditures.

Mrs. Bowser:

Weldon, is it a normal rule that they jump over your priorities and pick something from the bottom and move it up? Is that normal?

Mr. Ihrig:

You mean such as Law, or further down?

Mrs. Bowser:

Law -- they have jumped over all of these others.

Mr. Ihrig:

Yes. Our arguments are always that our priorities are thought out on campus and those are what we are trying to adhere to. But there are instances where this happens, yes.

Mrs. Bowser:

But is this normal to have this many bypassed?

Mr. Ihrig:

When we went back and looked, this is the most.

Mrs. Bowser:

They have jumped over every lab and library.

CAPITAL PROJECTS (contd)

Mr. Teaford:

If you notice the library is gone now.

Mr. Ihrig:

No. The third page gives our total priority list for the three bienniums. You will see where the library fits in. We originally requested planning money in the second biennium. It is about midway down the page. The left side of the page gives you a list of all of our projects for state funding and then it shows which biennium it was requested for. You will see that the library, for \$3 million, is in the 1993-94 biennium.

Mr. Teaford:

The last time, I seem to remember, it was in for \$50 million.

Mr. Ihrig:

If you look at the third biennium, the far right column, you will see the \$82.7 million for actual construction of it in today's dollar.

President Jennings:

A couple of things happened this time around. This is abnormal in the sense -- not so much in the number of items, but in the amount of money -- because of two large items namely the Pediatrics Center at Children's Hospital and the Franklin Park Conservatory. Two things about that: our Pediatrics Department is Children's Hospital, so this is not something that we would be opposed to. But I will add that I am not distressed that this funding has come, but I am a bit distressed that the Board of Regents recommended a portion of this to the General Assembly and then the General Assembly added on to that. I would hope that we would be able to work more closely with the Board of Regents in the future in the context of their recommendations. The Legislature, in their wisdom, certainly should jump around on our priorities.

The Franklin Park Conservatory, of course, is associated with AmeriFlora. One of the difficulties in this State is that all of these projects will be bonded with state bonding. The higher education authority in this State makes it easiest to bond for projects through the higher education budgets. So you are going to find that frequently projects that are essentially community put through the higher education budget. There is a piece of AmeriFlora project in the higher education as you heard this morning, but this State does have a tendency to put community projects into higher education budgets. The Plain Dealer, for example, has been after us and after this budget because there is AmeriFlora in this. The Plain Dealer should be careful how they talk about that because many Cleveland projects have been put through the higher education budget -- namely their arena facility, and that is fairly normal. We would be generally opposed to that and I wish the State could work out a different method and confine this to higher education, but in its wisdom it has not.

April 5 and 6, 1990 meeting, Board of Trustees

CAPITAL PROJECTS (contd)

Amb. Wolf:

I just want to clarify a point here. On the second page there is \$92.4 million. Is that the figure that was recommended for this biennium by the Board of Regents for Ohio State?

Mr. Ihrig:

No. The figures on the second page are additional appropriations that are sub-allocated by the Board of Regents. That has nothing to do with the first page.

Amb. Wolf:

I am trying to find out what the Board of Regents recommended for this biennium.

Mr. Ihrig:

David, do you remember? David Marsh is the Associate Vice President for Campus Planning.

Mr. Teaford:

One thing it did not include was the Law School.

Mr. Ihrig:

It did not include the Law School, correct. And the other appropriations it only included Pediatrics -- \$6 of the \$13 million.

Mr. Marsh:

\$68,340,000 is what the Regents recommended.

Mr. Ihrig:

\$68.3 million.

Amb. Wolf:

And the Legislature increased it to \$92 million?

Mr. Ihrig:

Correct.

Amb. Wolf:

I see.

Mr. Teaford:

But almost entirely in things that were not really ours.

CAPITAL PROJECTS (contd)

Ms. Casto:

Not our priorities?

Mr. Teaford:

No, not really ours.

Amb. Wolf:

Well, when they increase it, like the bottom group -- \$23 million -- they increased them without any priority on our part?

Mr. Ihrig:

That's correct.

Amb. Wolf:

How do they initiate that increase?

Mr. Ihrig:

I will let Professor Asher answer your question.

Dr. Asher:

It has always been a tradition in the General Assembly -- and members of the General Assembly feel that they have a prerogative, and they certainly do -- to support favorite projects that are either in their districts or have certain constituency support. And in some cases these are projects that are perhaps on our list, but are not as high on the list, so they would not be recommended by the Board of Regents. In other cases, they are projects that are not on our lists, but are either important to the community or important to a particular interest or whatever.

Some of the major add-ons here by the General Assembly -- they added another \$5 million for the Children's Hospital, above the \$8 million recommended by the Board of Regents. That is an add-on there. There is also, I think here, a net addition in the General Assembly of \$3 million for the Law School -- a net addition, \$7 million all together. And then, I think, you see some other projects here -- the Pike County Agricultural -- that is certainly an ongoing activity. And without mentioning who is from Pike County, you can understand that it is an important project. The renovation of the Cranston Facility is in the Campus area and is an important project for the University, but it wasn't as high on our priority list, but indeed had sponsorship of local state legislators. So it is an ongoing project.

What I would like to emphasize is that what was different about this process, and I think goes back to Shirley's question, is that there has been a history and tradition of legislators adding projects. What was different this time was the Board of Regents, themselves, made some additions. And in the context of our budget, the major addition was the \$8 million recommended by the Board of Regents for Children's Hospital, given that that was not on our priority list, although it is certainly a very meritorious project.

April 5 and 6, 1990 meeting, Board of Trustees

CAPITAL PROJECTS (contd)

Amb. Wolf:

Thank you.

Mr. Ihrig:

On the second page are additional capital projects that are attached to the Board of Regents -- it happens to be \$92 million, so the two numbers happen to be equivalent. These are projects that the Board of Regents take and distribute around the State to the various universities based upon the rules that they have set up. The first is educational TV/Radio equipment and WOSU will compete for some of those funds to upgrade their equipment, as well as other educational broadcasting operations around the State.

The second one is the Asbestos Abatement. Again, based upon a formula and the needs of the institution, we will each compete for that. Our estimate is Ohio State will get somewhere around \$800,000 - 900,000 allocated to us.

Instructional and data processing equipment is an equipment replacement fund for instructional equipment and we expect to get between \$9-10 million of that allocated here. It is based on our equipment inventory and the age of our equipment.

The Ohio Library Information System is a new state-wide computerized network that the Board of Regents are supporting with the support of the various institutional libraries to tie them all together.

The Supercomputer is the Ohio Supercomputer Center and they are getting an additional \$2 million for memory storage enhancement.

The Ohio Aerospace Institute is initiated state-wide by the Regents to work with the Aerospace Center of NASA and the universities around the State, including Ohio State, in developing an aerospace program in Cleveland at the NASA Center. That is a building, I believe.

The Research Facility Investment is new for us this time. There are two \$10 million components to this. One is a non-interest loan for building research-type facilities; and the second is \$10 million in matching funds from external funds from the State to match with State funds to provide research facilities. This is the first time the Regents has moved from instructional into research-type facilities. And we will compete for those and our top priority is additional expansion to the Biotech Center.

Mr. Teaford:

Do you have any sense of what we are likely to get out of that?

Mr. Ihrig:

Well, the problem with this one is that is big money, but they said the maximum award on any program is \$3 million. So it is to be dispersed widely, rather than on major projects. Hopefully we can be creative and get \$3 million out of each pot.

April 5 and 6, 1990 meeting, Board of Trustees

CAPITAL PROJECTS (contd)

President Jennings:

The Regents have said that; that is not a State rule.

Mr. Ihrig:

The Regents have stated that in their policies.

Mr. Teaford:

But we don't expect that we will get anywhere near our -- if we were to take the share of research done by Ohio State compared to the rest, we are not likely to get anywhere near that.

Mr. Ihrig:

I would guess not.

President Jennings:

This is like the \$20 million appropriated by Congress in Washington. It is such a small amount, but it even gets worse when its limit is to \$3 million awards. Because \$3 million is an awful lot of money, but it doesn't build much in the way of research facilities.

Mr. Ihrig:

Unless there are other questions, that completes my summary of the Capital Plans.

Mr. Berry:

Any other questions?

Mr. Shumate:

Mr. Chairman, just a comment. I think we should note that the University was well represented during this Capital Budget process before the General Assembly, by Dr. Asher. He did an outstanding job on behalf of The Ohio State University.

President Jennings:

We appreciate that, Alex.

Mr. Kessler:

The President didn't do a bad job, either!

(See Appendix LX for charts on The Ohio State University Capital Plan, page 948.)

--0--

RESEARCH FOUNDATION REPORT

Mr. Barone:

Research Foundation grants and contracts for the month of February 1990 are shown in the Board Agenda Book. There are 85 awards listed which provide a gross income of \$4.6 million.

Funding for the first eight months of the fiscal year is 7 percent behind that of last fiscal year. Only in the "State of Ohio" and "Other Non-Federal" sponsor sectors is funding running ahead of last year.

Some highlights of awards are:

\$533,000 from Blue Cross/Blue Shield for a study of health care cost increases in Ohio.

\$121,000 from the National Eye Institute to study how genes activate cell production in the eye.

\$15,000 from the American Cancer Society to determine if depression affects the ability to stop smoking.

Thank you. That concludes my report. Dr. Tom Sweeney is available to answer any specific questions you may have.

Mr. Teaford:

Dr. Sweeney, do you assume that the reduction in our amount of federal grants is simply due to the reduced number of federal grants available, or are we getting a lesser share?

Dr. Sweeney:

I think we are still getting our share. What is happening is that, for example, the NSF put through a retroactive reduction in all of the grants that were made this fiscal year. NIH is cutting grants -- even continuation grants 10 plus percent. So what we are seeing, really, is caution on the part of the federal agencies. I can report to the Board that the indications are that this 7 percent will be mostly or perhaps all erased by the end of the year. I think this is going to be a flat year. I don't think we are going to have a serious decline, but we are not going to experience the growth that we have had in the past few years. This is a year of treading water.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Hospitals Board and two of its standing committees met on Thursday, March 15.

Preliminary financial reports reveal that February admissions exceeded budget. The average daily census increased from January's levels. Both Medicare and Medicaid case mix indexes, which relates to the severity of illness, were above budget for the

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

month and the year-to-date. Net income for the month was \$91,000 versus a budgeted loss of \$286,000. Though the Hospitals still remain some \$900,000 below budget for the year. We believe we are making progress toward pulling the Hospitals back closer to this year's budget projections. The total impact of the University's Early Retirement program remains unclear.

We reviewed and approved the structure of Hospital and Medical Staff committees. We endorsed new appointments to the medical staff, as well as three physician extenders. And you will note that those are on this month's personnel agenda. Physician extenders are highly educated individuals who will, I think, be part of the way in which we improve the problem created by the nursing shortage, as well as providing, frankly, even more outstanding medical care to our patients.

We approved formats for reports of key indicators of quality and operational issues. These formats will present the information in such a way that it can be easily understood and compared with past performance and/or other institutions. I might say that Charles Lazarus has, over the last few years, pushed us toward being able to fulfill our role of quality review in the Hospitals. And I think we now, as a result of these approved formats, have the ability to keep track of the quality of the Hospitals, which I might say remains extraordinarily high.

We also had a lively discussion about the need for overnight housing in close proximity to the Hospitals, for use by our patients and their families. The determination by the firm that we hired to make a study of this subject was that the need is not there from a financial point of view. Motels in the area, including one with which we are very familiar, have lots of capacity still and it is not likely that if we were to build one closer to the Hospitals, it could be financially viable.

Mr. Kessler:

Plus, Joel, all of the hotels have vans that are trying to do business with the Hospitals. They will bring the people right up to the Hospitals.

Mr. Teaford:

Indeed, that is true. And, in fact, we talked about working out a better system of transportation, particularly from the Ramada, to the Hospitals as a far more financially viable approach to this whole question.

Ms. Judy Gilliam gave an in-depth report on a number of initiatives to develop, recruit, and retain nursing professionals. I think we are turning the corner on the nursing problem. And I might say that Judy Gilliam is one of the reasons that we are. I think that she has really worked very, very well with everyone to improve that program.

Mr. Barone:

I might add that I hope that is true. I noticed in my travels to Kentucky that they are actually using billboards to recruit nurses.

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford:

Mr. Landen Bain reviewed the evolution of the Hospitals' Information Services Program and outlined a plan for increasing computing power, expanding user access, and modifying the existing computer facility. The existing computer facility is truly, following an evolutionary process, now be at an end because it is so inadequate and, indeed, intriguingly enough is not really compatible with the University's computing system. This plan will allow future growth in both business and clinical computing functions; expansion of user access, including internal and off-site users; and upgrading the existing facility with replacement of air cooling and humidity control equipment, the addition of water cooling equipment, and installation of an uninterruptible power supply.

We had a very fascinating report by Dr. Mitchell Henry on the pancreas transplant program at University Hospitals. And, Mr. Berry, I might point out to you that 16 percent of all pancreas transplants in the United States are done at The Ohio State University Hospitals, and 8 percent of all pancreas transplants in the world are done at Ohio State University Hospitals.

Finally, after several months' review and refinement, we approved revisions to the Hospitals Board Bylaws which are before us today. These revisions are intended to formalize the new committee structure which the Board is already following, and to clarify the responsibilities of the Hospitals' Executive Director and Medical Director.

That completes my report, Mr. Chairman.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee met this morning and reviewed the status of the Endowment Portfolio as presented by Mr. Nichols. The value of the endowment as of March 16, 1990, was reported as \$304.3 million. The new formats discussed at last month's meeting were used for the first time this month and were well received.

Mr. Nichols also presented a report on non-endowment investment performance which showed investment returns for all non-endowment portfolios. In the future this report will be presented quarterly.

Finally, the Committee heard a report comparing the performance of Ohio State's endowment with that of other universities with similar funds. Ohio State's investment performance has regularly exceeded the performance of these other groups over a period of ten years.

This completes the report of the Investments Committee.

(See Appendix LXI for complete text of The Ohio State University Endowment Summary, March 16, 1990, page 953.)

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

In response to Senate Bill 140, The Ohio State University Academy has been created. It is designed to provide postsecondary enrollment options for appropriately qualified high school students in their junior and senior years. The Academy offers these students the opportunity to enroll at the University on a full-time or part-time basis and to complete college-level coursework for college credit. This coursework may also, if approved by the student's high school, apply toward high school graduation. The intent of the Academy programs is to offer a broad menu of college-level courses which provide educational opportunities not typically available in the high school. To ensure that the educational and developmental needs of the students are met, a partnership of responsibility is being created among the local school districts, the students' parents or legal guardians, and the University.

In November 1989, the Chancellor of the Ohio Board of Regents charged the Commission on Articulation and Transfer with developing a policy framework for a statewide transfer and articulation process that would encourage students to progress as far through the educational system as they can. The Commission has recently drafted a policy statement to facilitate the transfer of students and credits from one college or university to another. The policy encourages students to complete degree programs, especially the Associate of Arts and the Associate of Science degrees. It encourages faculty recognition of comparable and compatible learning experiences and expectations in the first two years of a student's collegiate education. Finally, the policy outlines a process which will ensure implementation and continual review of the Transfer and Articulation Policy. The draft policy is currently under review within the University and has been submitted to the Council on Academic Affairs and the Committee on Admission and Registration, both standing committees of the University Senate.

These were both House Bills -- House Bill 140 and House Bill 111. And, of course, we are very interested in it because it could make a huge difference academically to our smaller schools.

Mr. Teaford:

One of the things that the President pointed out in our meeting, too, is that this articulation question really needs to be watched carefully. As he said, it quite frankly threatens the authority of this Board to control the academic quality of the institution. And we really need to watch that. We were given the impression that the University is indeed nervous about this whole process, because it seems to be driven from the point of view of the two-year institutions, as opposed to being driven from the point of view of the four-year institutions. This has the real potential, of course, to negatively impact the quality of this University.

President Jennings:

Well said.

Ms. Casto:

The Committee is also recommending the following resolutions:

RENAMING OF DIVISION

Resolution No. 90-96

Synopsis: The Academic Affairs Committee recommended the approval to rename the Division of Agricultural Mechanics Technologies to the Division of Engineering Technologies at the Agricultural Technical Institute.

WHEREAS the proposed name change of the Division of Agricultural Mechanics Technologies to the Division of Engineering Technologies at the Agricultural Technical Institute has been approved by the faculty of the Agricultural Technical Institute, by the College of Agriculture, and by the Council on Academic Affairs; and

WHEREAS the proposed name would enhance the Division's efforts at upgrading and modernizing its programs and course work; and

WHEREAS the proposed name brings the Agricultural Technical Institute in line with comparable technical institutions; and

WHEREAS the University Senate approved the renaming of the Division of Agricultural Mechanics Technologies on March 3, 1990:

NOW THEREFORE

BE IT RESOLVED, That the proposal to change the name of the Division of Agricultural Mechanics Technologies to the Division of Engineering Technologies, effective July 1, 1990, is hereby approved.

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

RENAMING OF DEPARTMENT

Resolution No. 90-97

Synopsis: The Academic Affairs Committee recommended the approval to rename the Department of Botany to the Department of Plant Biology.

WHEREAS the proposed name change of the Department of Botany to the Department of Plant Biology has been approved by the faculty in the Department, by the College of Biological Sciences, and by the Council on Academic Affairs; and

WHEREAS on the national level the discipline has expanded beyond traditional concepts so that the name Plant Biology more accurately reflects the orientation of the Department; and

WHEREAS the name change would better enable the Department to attract highly qualified faculty members and students; and

WHEREAS the University Senate approved the renaming of the Department of Botany to on March 3, 1990:

April 5 and 6, 1990 meeting, Board of Trustees

RENAMING OF DEPARTMENT (contd)

NOW THEREFORE

BE IT RESOLVED, That the proposal to change the name of the Department of Botany to the Department of Plant Biology, effective July 1, 1990, is hereby approved.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

AMENDMENTS TO THE UNIVERSITY HOSPITALS BOARD BYLAWS

Resolution No. 90-98

Synopsis: The Academic Affairs Committee recommended the approval of new bylaw 3335-93-10, and amendments to bylaws 3335-97-01, 3335-97-02, 3335-97-03, 3335-97-04, 3335-97-05, 3335-101-03, 3335-101-06, 3335-101-07, and the rescission of bylaw 3335-97-06 of the University Hospitals Board Bylaws.

WHEREAS pursuant to 3335-103-01 of the University Hospitals Board Bylaws, the University Hospitals Board Bylaws may be amended by The Ohio State University Board of Trustees; and

WHEREAS the proposed new bylaw (3335-93-10), and amendments to bylaws 3335-97-01, 3335-97-02, 3335-97-03, 3335-97-04, 3335-97-05, 3335-101-03, 3335-101-06, 3335-101-07, and the rescission of bylaw 3335-97-06 of the University Hospitals Board Bylaws has been endorsed and ratified by the University Hospitals Board on March 15, 1990, as follows:

NEW BYLAW

3335-93-10 Responsibilities of executive director of university hospitals.

The executive director shall have authority as conferred by the vice president for health services and the hospitals board. The executive director shall be responsible for the operation of university hospitals and shall serve as the chief executive and operating officer. The executive director will coordinate and prioritize matters of capital medical equipment, clinical space, and clinical programs with the medical director.

AMENDED BYLAWS

3335-97-01 Committee designations.

The board shall establish an executive committee, a strategic planning committee, an administrative/operations committee, a professional affairs/education/research committee, and special purpose committees. The chairperson of the board shall appoint the board's representatives to the committees; the president of the university may designate any officer of the university to attend meetings of the committees as ex-officio members without vote. The vice president for health services, the dean of the college of medicine, and the medical director, may attend meetings as ex-officio members without vote. As non-voting secretary of the board, the hospitals executive director shall attend all meetings and act as secretary.

AMENDMENTS OF THE UNIVERSITY HOSPITALS BOARD BYLAWS (contd)

3335-97-02 Executive committee.

(A) Responsibilities. The executive committee shall be responsible for the following specific duties:

- (1) Establishing policy and direction as appropriate.
- (2) Transacting such business of the board between regular meetings of the board as the board may hereafter authorize.
- (3) Coordinate the board's education and self-evaluation activities, and interaction with the Ohio state university board of trustees.
- (4) Coordinate board activities and committee representation.

(B) Composition. The executive committee of the board shall consist of: the chairperson of the board, who will serve as chairperson of the committee; the vice chairperson of the board; the immediate past chairperson of the board; the president of the university; and the chairpersons of all standing committees of the board, and the two trustee members of the board. The vice president for health services, or other officer designated by the president of the university, and the dean of the college of medicine, the medical director, the hospitals executive director, the chief of the medical staff, and the chief of staff elect, shall serve as ex-officio members without vote.

(C) Meetings. The executive committee shall meet at the call of the chairperson and shall advise the board of its activities.

3335-97-03 Strategic planning committee.

(A) Responsibilities. The strategic planning committee shall be responsible for the following specific duties:

- (1) Developing, implementing and monitoring the impact of strategic plan.
- (2) Recommending/evaluating new programs, program elimination, or program alteration.
- (3) Updating the combined strategic plan of hospital and college of medicine with appropriate consideration of other health-related colleges and including monitoring external factors effecting all of the preceding.
- (4) Monitoring strategic plan integration to plans of the university.
- (5) Such other responsibilities as assigned by the chairperson of the board.

(B) Composition. The committee shall consist of four board members, appointed annually by the chairperson of the board, one of whom shall be appointed as chairperson of the committee; and the two members of the medical staff nominated by the medical staff.

(C) Meetings. The strategic planning committee shall meet at the call of the chairperson and shall advise the board of its activities.

AMENDMENTS OF THE UNIVERSITY HOSPITALS BOARD BYLAWS (contd)

3335-97-04 Administrative/operations committee.

(A) Responsibilities. The administrative/operations committee shall be responsible for the following specific duties:

- (1) Development and maintenance of three year financial plan with continuous monitoring of the plan.
- (2) Reviewing human resources actions including management and professional development, compliance with EEO guidelines, wage and salary administration and productivity.
- (3) Evaluating safety/security and disaster planning performance.
- (4) Evaluating information systems development.
- (5) Monitoring development programs.
- (6) Monitoring capital and facilities programs.
- (7) Monitoring operational goals and performance.
- (8) Reviewing internal and external audit functions.
- (9) Such other responsibilities as assigned by the chairperson of the board.

(B) Composition. The committee shall consist of four board members, appointed annually by the chairperson of the board, one of whom shall be appointed as chairperson of the committee; and two members of the medical staff nominated by the medical staff.

(C) Meetings. The administrative/operations committee shall meet at the call of the chairperson and shall advise the board of its activities.

3335-97-05 Professional affairs/education/research committee.

(A) Responsibilities. The professional affairs/education/research committee shall be responsible for the following specific duties:

- (1) Monitoring all patient care activity in university owned or operated facilities including the hospitals, clinics, ambulatory care facilities, and physicians office facilities.
- (2) Monitoring quality assurance performance.
- (3) Monitoring medical and other educational activity and relationship to hospitals.
- (4) Monitoring research activity and relationship to hospitals.
- (5) Monitoring the evaluation of credentials and privileges requests of physicians and other applicants.
- (6) Reviewing accreditation and licensure agency requirements and response to such.

AMENDMENTS OF THE UNIVERSITY HOSPITALS BOARD BYLAWS (contd)

- (7) Reviewing of medical staff bylaws changes.
- (8) Such other responsibilities as assigned by the chairperson of the board.
- (B) Composition. The committee shall consist of four board members, appointed annually by the chairperson of the board, one of whom shall be appointed as chairperson of the committee; and the medical director, the chief of the medical staff and the chief of staff-elect.
- (C) Meetings. The professional affairs/education/research committee shall meet at the call of the chairperson and shall advise the board of its activities.

3335-97-06 TO BE RESCINDED.

3335-101-03 Medical staff organization.

The board shall approve and authorize the organization of the medical staff to discharge those duties and responsibilities assigned to it by the board and specifically to accomplish the following purposes, among others:

- (A) To monitor the quality of medical care in the hospital and make recommendations to the board to ensure that all patients--admitted to or treated at any of the facilities, departments, or services of the hospitals--receive high quality medical care.
- (B) To recommend to the professional affairs/education/research committee of the board the appointment or reappointment of an applicant to the medical staff of the hospitals, the clinical privileges such applicant shall enjoy in the hospitals, and appropriate action that may be necessary in connection with any member of the medical staff.
- (C) To represent the medical staff of the hospitals and to provide the means whereby issues concerning the medical staff and the hospitals are discussed within the medical staff organization and among representatives of the medical staff, the hospitals board, and the hospitals administration.
- (D) To establish specific rules and regulations governing actions of members of the medical staff.

3335-101-06 Medical staff administrative committee.

- (A) Purpose. The medical staff administrative committee shall establish and maintain means of accountability to the board, in accordance with the medical staff bylaws. It shall concern itself primarily with the quality of medical care within the hospitals. It shall receive and act upon all medical staff committee reports and make recommendations regarding medical staff status and privileges to the board. Other specific duties of the medical staff administrative committee are identified in the medical staff bylaws.
- (B) Composition. The medical board of the medical staff shall be known as the medical staff administrative committee which shall be composed of the chief of staff, the chief of staff-elect, the chiefs of clinical departments, three at-large members elected by the medical staff, the medical director, and the executive director of hospitals. The medical director, shall serve as chairperson of the medical staff administrative committee.

AMENDMENTS OF THE UNIVERSITY HOSPITALS BOARD BYLAWS (contd)

(C) Meetings. The medical staff administrative committee shall meet monthly. Minutes of the meetings shall be provided to all members of the professional affairs/education/research committee, the dean of the college of medicine, the dean of the college of dentistry, and the deans of other professional colleges whose faculty have appointment on the medical and dental staffs.

3335-101-07 Hospital clinical departments.

(A) Appointment of the chief of each clinical department is subject to approval by the board on the recommendation of the dean of the applicable professional school and the vice president for health services. All such appointments shall be periodically reviewed by the board. Chiefs of clinical departments vacancies may be filled on an interim basis at any time by action of the dean of the appropriate professional college, after consulting with the board. (In general, the chiefs of clinical departments will be chairmen of corresponding academic departments in the medical college.)

(B) The board may delegate, through approval of the medical staff bylaws or by appropriate board resolution, to the chiefs of the clinical departments responsibility for maintaining the quality of medical care in their services, and for recommending an applicant's appointment or reappointment to the medical staff of the hospitals and privileges for such an applicant.

(C) The dean of the college of medicine serves as the chief medical officer and shall appoint a medical director who reports to the dean and to the board. In matters relating to medical care in the hospitals, members of the clinical departments of the hospitals are accountable to the clinical chiefs, who are accountable to the medical director, who is accountable to the dean of the college of medicine and to the board. The dean in this capacity is accountable directly to the vice president for health services and to the board. If one individual holds both the dean and vice president position, the medical director will serve as the chief medical officer in the hospital.

(D) The medical director shall be a physician and shall maintain an appointment as an attending or courtesy staff member of the medical staff. The medical director shall have authority as conferred by the dean and the hospitals board; including the responsibility for clinical research and education programs and services at university hospitals, supervision of patient and clinical activity; and responsibility for the clinical organization of the hospitals. The medical director shall direct and supervise the medical staff quality assurance, utilization review, and credentialing activity. The medical director shall establish priorities, jointly with the executive director of the hospitals, for capital medical equipment, clinical space, and the establishment of new clinical programs, or the revision of existing clinical programs.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the University Hospitals Board Bylaws be adopted as recommended by the University Hospitals Board.

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

JOSEPH SULLIVANT MEDAL AWARD

Resolution No. 90-99

Synopsis: The Academic Affairs Committee recommended the awarding of the Joseph Sullivant Medal.

WHEREAS the Joseph Sullivant Medal is awarded once every five years as a memorial to the eminent services of Joseph Sullivant who, as a member of the first Board of Trustees, contributed significantly in determining the character and future of The Ohio State University; and

WHEREAS pursuant to the procedure established by this Board of Trustees, nominations for the award were referred through the Dean of the Graduate School to a Board of Award appointed by the President; and

WHEREAS after a careful review of all nominations this Board of Award recommends to the President that Leo A. Paquette, Professor in the Department of Chemistry, be the recipient of this award; and

WHEREAS the President, in support of this recommendation and on behalf of the Board of Trustees, authorizes the granting of this medal at a time convenient to the University and the recipient:

NOW THEREFORE

BE IT RESOLVED, That the Joseph Sullivant Award be presented in accordance with the provisions for granting this award.

Upon motion of Mrs. Bowser, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mr. Scott:

John, I would just like to comment on the Joseph Sullivant Medal Award. For historical purposes, this award was named in honor of a Board of Trustee member who served at the very inception of this institution. Someone thought so much and so highly of his work as a Board member, that this fund was established in perpetuity to select a person -- a faculty member, in particular at the University every five years as demonstrated here.

Mr. Kessler:

Why every five years?

President Jennings:

Fund limitations.

Mr. Scott:

Right. It started in 1920, Jack. I just wanted to point out to you what it is all about.

April 5 and 6, 1990 meeting, Board of Trustees

JOSEPH SULLIVANT MEDAL AWARD (contd)

President Jennings:

It is also intended to be an extraordinarily distinguished award. And I think every five years is appropriate, because it emphasizes the distinction with which the institution holds the recipient.

Mrs. Bowser:

It's a financial gain for that person, as well as the honor of being selected.

President Jennings:

It is a \$10,000.00 award.

Mr. Teaford:

It is going to an extremely distinguished member of the faculty.

--0--

PERSONNEL ACTIONS

Resolution No. 90-100

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the March 2, 1990 meeting of the Board, including the following Reappointment of Principal Administrative Officials, Appointment of Chairpersons of Departments and Division and Directors of Center and Program, Reappointment of Chairpersons of Departments and Divisions, Leaves of Absence Without Salary, Professional Improvement Leaves, and Emeritus Title as detailed in the University Budget be approved, and the Medical Staff Appointments approved February 22 and March 15, 1990, and the Physician Extender Applications approved March 15, 1990, by the Hospitals Board be ratified.

Reappointment of Principal Administrative Officials

FRANCIS X. BEYTAGH, Dean, College of Law, effective July 1, 1990, through June 30, 1995, pursuant to rule 3335-3-17 of the Administrative Code.

ROY A. KOENIGSKNECHT, Dean, Graduate School, effective July 1, 1990, through June 30, 1995, pursuant to rule 3335-3-17 of the Administrative Code.

Appointment of Chairpersons of Departments and Division and Directors of Center and Program

January 1, 1990 through June 30, 1990

University Honors Program

Mabel G. Freeman*

March 1, 1990 through June 30, 1990

Spanish and Portuguese

Salvador Garcia*

April 5 and 6, 1990 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment of Chairpersons of Departments and Division and Directors of Center and Program (contd)

WILLIAM J. POLINSKI, D.O., Courtesy Staff, Division of Cardiology

CHANG-YONG TSAO, M.D., Attending Staff, Pediatrics

WILLIAM R. ZERICK, M.D., Limited Staff, Division of Neurosurgery

Physician Extender Applications

JONA K. GILL, Assistant, Allergy Clinic, Division of Rheumatology and Immunology, Donald L. McNeil, M.D., Supervising Physician

LARRY VANDECREEK, Departments of Pastoral Care and Neurology, George W. Paulson, M.D., Supervising Physician

KIM M. WATSON, Senior Heart Transplant Coordinator, Division of Thoracic & Cardiovascular Surgery, P. David Myerowitz, M.D., Supervising Physician

Upon motion of Mr. Wexner, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

April 5 and 6, 1990 meeting, Board of Trustees

Mr. Scott:

The resolution before you is a request to this Board for the purchase of prior years of teaching service. As you know, the Board approved an early retirement program which goes through December 31, 1991. This resolution asks the Board to let the University substitute the purchase of some teaching time for an individual faculty person in lieu of participating in the already established early retirement incentive program. It is cost beneficial to the University. In other words, it will cost us less to do this and it certainly is financially advantageous for the professor.

PURCHASE OF PRIOR YEARS OF TEACHING SERVICE

Resolution No. 90-101

WHEREAS under state law provision is made for supplementing a person's retirement benefit by the purchase of prior years of teaching service credit at state universities other than in the State of Ohio; and

WHEREAS Professor Andrew J. Broekema qualifies under this law for the purchase of additional years of such credit in the State Teachers Retirement System of Ohio; and

WHEREAS the purchase of four years of service credit would be cost beneficial to the University and financially advantageous to Professor Broekema; and

WHEREAS the purchase of such service credit would be in lieu of Professor Broekema's participation in the University's early retirement incentive plan implemented pursuant to authority set forth in Substitute House Bill, 410 which was approved by the 115th General Assembly:

NOW THEREFORE

BE IT RESOLVED, That the Secretary of the Board be authorized to implement the purchase of such prior service credit (4 years) in the State Teachers Retirement System of Ohio on behalf of Andrew J. Broekema from unrestricted monies received by the University pursuant to Section 3345.16 of the Ohio Revised Code.

Upon motion of Amb. Wolf, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

RESOLUTIONS IN MEMORIAM

Resolution No. 90-102

Synopsis: The Academic Affairs Committee recommended the approval of eight Resolutions in Memoriam for Ralph E. Bender, Charles A. Doan, Robin C. Obetz, Ralph W. Sherman, James I. Tennenbaum, George L. Tilley, James D. Utzinger, and James V. Warren.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

April 5 and 6, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Ralph E. Bender

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 10, 1990, of Ralph E. Bender, Professor Emeritus in the Department of Agricultural Education.

Professor Bender, a native of Marion County, Ohio, was born in 1910. He received the Bachelor of Science degree in 1933; the Master of Arts degree in 1941; and the Doctor of Philosophy degree in 1947, all from The Ohio State University. From 1933 until 1937, he taught vocational agriculture at Anna High School. He moved to Canal Winchester in 1937, where he taught vocational agriculture and was a non-resident instructor in the Department of Agricultural Education at Ohio State. His responsibilities included directing student teaching experiences for undergraduates in agricultural education.

In 1947, Professor Bender joined the resident faculty at Ohio State and was appointed Chairperson of the Department of Agricultural Education in 1948, a post he held until his retirement 30 years later. His leadership and guidance were directly responsible for building the department into one that is clearly recognized nationally and internationally as the most outstanding department for undergraduate and graduate education in agricultural education.

Dr. Bender was co-author of a textbook on youth organizations and he developed and taught advanced courses in youth development. He served as a consultant to numerous organizations and was a Visiting Professor at five major universities.

Professor Bender was a student of agricultural education throughout his entire life. His career demonstrated that he was a master teacher and administrator. He prepared students to become better teachers through instruction and by example. In addition, he contributed to his profession, serving as a leader in teacher education and vocational education organizations. He was recognized by numerous groups for his contributions.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Charles A. Doan

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 13, 1990, of Charles A. Doan, M.D., Dean Emeritus in the College of Medicine and Professor Emeritus in the Department of Internal Medicine.

A native of Nelsonville, Ohio, Dr. Doan graduated from Hiram College in 1918 and from the Johns Hopkins Medical School and Harvard Medical School in 1923. He obtained his residency training at Johns Hopkins Hospital in 1923. He also holds an honorary Doctor of Science degree.

From 1925 until 1930, Dr. Doan served as Associate in Medical Research at the Rockefeller Institute for Medical Research. In 1930, he was appointed Professor of Medicine and Director of the Department of Medical and Surgical Research at The Ohio State University. In 1936, he was subsequently appointed as Chairperson of The Ohio State University Department of Medicine and Physician-in-Chief of the Starling-Loving University Hospital. From 1944 until 1961, Dr. Doan served as Dean of the College of Medicine. He concurrently served as Professor of Medicine, Director of the Health Center and Director of Medical Research. In 1961, Dr. Doan was

April 5 and 6, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Charles A. Doan (contd)

appointed Dean Emeritus, while at the same time being named Director of the Division of Hematology. In 1983, the old University Hospital at Ohio State was renamed Charles A. Doan Hall in his honor.

Dr. Doan was highly respected throughout the nation for his administrative abilities and his research expertise in the field of blood disorders. He authored a significant number of publications in his field of research interest. He was a noted lecturer and teacher and was frequently sought for international conferences. Among his honors and awards were the Hiram College Distinguished Service Award; Special Award of Merit from The Ohio State University College of Medicine; Distinguished Service Award from the American Medical Association; and Distinguished Service Award from The Ohio State University.

He was a member of a number of Medical societies and boards, including the American Society of Hematology, of which he served as President; The American Geriatrics Society; the Editorial Board of Blood; the American College of Physicians; and the American Cancer Society Crusade Chairman.

Dr. Doan will long be remembered by his many friends and associates at The Ohio State University for his devotion to the advancement of medical science.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Robin C. Obetz

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 24, 1990, of Robin C. Obetz, M.D., Assistant Professor Emeritus in the Department of Internal Medicine.

Dr. Obetz was born on November 10, 1903, in Columbus, Ohio, where he attended local public schools. He graduated from The Ohio State University with a Bachelor of Science degree, later completing medical school here in 1928. Following medical school, Dr. Obetz did internship and residency training at Johns Hopkins Hospital and completed his postgraduate training in 1930.

He joined the Army Air Force in 1942 and achieved the rank of Major. In 1945, he was discharged from the service and establish a medical practice in Central Ohio.

Dr. Obetz first joined the faculty in the Department of Internal Medicine in 1945 with the rank of Assistant Professor. Over the course of his more than forty-four years on the faculty, Dr. Obetz devoted his time untiringly to the training of medical students and postgraduate trainees. He was a highly respected physician and teacher, who was known for his compassion and humanitarianism in dealing with patients and colleagues alike.

Upon his retirement from the faculty in 1973, Dr. Obetz was bestowed the honor of an emeritus appointment. This distinction recognized his many dedicated years of service to the institution that he supported unselfishly.

April 5 and 6, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Robin C. Obetz (contd)

Dr. Obetz was a member of a number of prestigious medical associations and was active in community affairs.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Ralph Walter Sherman

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 2, 1990, of Ralph Walter Sherman, Professor Emeritus in the Department of Agricultural Economics and Rural Sociology.

Ralph Sherman was born in Thornville, Ohio, on April 27, 1903. In 1922, Professor Sherman entered The Ohio State University, where he alternated classwork with employment for nearly seven years until he received his Bachelor of Science in Agriculture degree. Dr. Sherman began his 41-year career in the Department of Agricultural Economics and Rural Sociology as a Teaching Assistant in October 1929, the month of the stock market crash, and soon after became a Research Assistant. He received the Master of Science and Doctor of Philosophy degrees from The Ohio State University in 1932 and 1947, respectively and was a member of Gamma Sigma Delta and Pi Alpha Xi, agricultural honoraries.

Dr. Sherman retired on January 31, 1971. He was an esteemed colleague, admired and respected by faculty and graduate students for his analytical skills, teaching abilities, and personal concern for the progress of his students. Professor Sherman research a wide array of agricultural marketing topics, many of them related to the merchandising of fresh supermarket products and his work helped establish supermarket retailing practices that are now widely employed for packaged produce and cut flowers.

During his career at Ohio State, Professor Sherman advised more than 30 Ph.D. students. He wrote numerous university and experiment station publications and was co-author of two books and a Centennial history of the Department of Agricultural Economics and Rural Sociology. He was an active member of the campus community serving on: the University Faculty Council; the Graduate Council and Graduate Curriculum Committee of the Graduate School; the College of Agriculture Graduate Committee and Honorary Degrees Committee; and the Graduate Committee of the Department. Dr. Sherman had an incisive mind, a quick wit, and a most pleasant personality. He was a Socratic teacher, enjoyed theory and debate, and had a happy family. Dr. Sherman was a great basketball fan, and he was formidable at bridge and handball.

On behalf of the University community, the Board of Trustees expresses to the family its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

James I. Tennenbaum

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 19, 1990, of James I. Tennenbaum, M.D., Clinical Professor in the Department of Internal Medicine.

April 5 and 6, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

James I. Tennenbaum (contd)

A native of Cincinnati, Ohio, Dr. Tennenbaum graduated Phi Beta Kappa from the University of Cincinnati in 1954, and from the University of Cincinnati Medical School in 1958. His scholastic achievement during medical school training resulted in his being offered membership in Alpha Omega Alpha, the medical honorary society.

Following medical school, Dr. Tennenbaum served an internship at the Jewish Hospital in Cincinnati, where he also served as Assistant Medical Resident. In 1960, he was appointed Medical Chest Resident at Bellevue Hospital in New York, and later was named Senior Medical Resident at the Veterans Administration Research Hospital in Chicago.

Dr. Tennenbaum served in the U.S. Air Force from 1963 to 1965, where he was appointed Assistant Chief of Allergy at Wilford Hall Hospital in Texas. In 1965, he was appointed to the faculty of The Ohio State University College of Medicine, a capacity in which he served until his death.

Dr. Tennenbaum was widely respected in Central Ohio and, in fact, throughout the State for his work in the field of allergy. He authored almost forty papers in his field of research interest, the allergic antibody. He was a noted lecturer and teacher and was single-handedly responsible for organizing allergy instruction in the College of Medicine until recent years.

He was a member of a number of prestigious medical societies including: the American College of Physicians; American Academy of Allergy; and the American Federation for Clinical Research.

Dr. Tennenbaum will long be remembered by his many friends and associates at The Ohio State University for his devotion to the advancement of medical science.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

George L. Tilley

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 7, 1990, of George Lewis Tilley, Professor Emeritus in the School of Architecture.

Professor Tilley was born in Kenton, Ohio, on June 5, 1912. Following an introduction to civil engineering at Ohio Northern University in 1931, he entered The Ohio State University architecture program and graduated with a Bachelor of Architecture degree in 1937 and was awarded the Alpha Rho Chi Medal.

Following two years of practice in consulting offices he entered the U.S. Navy in 1942 and served as a LT (jg) in Pacific amphibious operations. In 1945, he returned to professional practice in the Austin Co., Detroit, MI, and in 1947 he joined the faculty of the School of Architecture, The Ohio State University.

April 5 and 6, 1990 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

George L. Tilley (contd)

During the next twenty-eight years of a distinguished academic career at Ohio State, Professor Tilley taught graphics and construction at introductory levels and architectural design at all levels including thesis design. In 1968, he was appointed to the position of Secretary to the School of Architecture, the office which he held until his retirement in 1974. From 1948-60, he was the Faculty Advisor to the Student Chapter of the American Institute of Architects.

Professor Tilley's expertise was sought for many planning and development projects at the University and the City of Columbus. In 1963-64, he undertook the preparation of the architectural requirements for a major building program in the College of Engineering. In 1963 the Mayor appointed him to a four-year term as the architect member of the German Village Commission which was charged with responsibilities for preservation of the historic district and liaison with the City Planning Commission in the development of the area through private enterprise.

During his academic career and after his retirement Professor Tilley was active in architectural practice. During 1947-62 he was associated with the Office of the University Architect and the following consulting firms: Hansen & Tilley; Brooks and Coddington; Croce & Abbot; and Tulley and Hobbs. In the 1970's and 80's, he had professional associations with the architectural firms of Acock & White, and Feinknopf Macioce & Schappa. He also served as secretary treasurer of the American Institute of Architects Columbus Chapter.

On behalf of the University community, the Board of Trustees expresses to the family its deep sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

James D. Utzinger

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on March 2, 1990, of James D. Utzinger, Professor in the Department of Horticulture.

Professor Utzinger was born April 3, 1932, in Franklin County. He received the Bachelor of Science degree in 1954; Master of Science degree in 1959; and the Doctor of Philosophy degree in 1969, all from The Ohio State University. Following the baccalaureate degree he was commissioned 2nd Lieutenant in the United States Army, later promoted to 1st Lieutenant, and served two years active duty as an artillery officer at Fort Sill, Oklahoma. Following completion of the Master of Science degree, he taught comprehensive science and vocational horticulture for eight years in the South-Western City schools, Franklin County.

After joining the Department of Horticulture in 1967, Dr. Utzinger made valuable contributions both as a teacher and extension specialist.

His enthusiasm for both his students and his subject matter was recognized in 1987 when he was the recipient of The Ohio State University Alumni Award for Distinguished Teaching.

RESOLUTIONS IN MEMORIAM (contd)

James D. Utzinger (contd)

Dr. Utzinger was head of the Ohio Home Horticulture Center in the Department of Horticulture, where his vast range of knowledge, writing, and teaching of extension faculty throughout the state were widely recognized. His belief that "horticulture is everyone's agricultural opportunity," expressed his philosophy that through successfully growing fruits, vegetables, and ornamental plants all of Ohio's citizens would be able to experience the world of agriculture. His efforts were directed at educating Ohio's citizens so that they could be enabled to have this kind of success.

Dr. Utzinger was active in many local, state, and national horticultural organizations and had held several offices in the American Society for Horticultural Science. He had served both as Associate Chairperson and Acting Chairperson of the Department of Horticulture.

Until his death, he served his community in many ways including chairman for the development of the Gardens at Gantz Farm, Grove City, and his church as president of the congregation and as chairman of pastoral care.

Professor Utzinger shared his scholarship with all who came to know him. He cared about each individual he met. His open, friendly manner and sincere personal interest in others caused all of us who knew him to value his counsel and mourn his passing.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

James V. Warren

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 14, 1990, of James V. Warren, M.D., Professor Emeritus in the Department of Internal Medicine.

A native of Columbus, Ohio, Dr. Warren graduated from The Ohio State University in 1935, and from the Harvard Medical School in 1939. His scholastic achievement during medical school training resulted in his being offered membership in Alpha Omega Alpha, the medical honorary society. He also holds an honorary Doctor of Science degree from Emory University, which was awarded in 1974.

Following medical school, Dr. Warren did residency and subspecialty training at Peter Bent Brigham Hospital and Harvard Medical School, respectively.

In 1942, he was appointed to the faculty of Emory University Medical School. Subsequently, he held appointments at Yale University Medical School and at Emory University Medical School, where he served as Professor and Chairman of the Department of Physiology and Associate Professor of Medicine. In 1951, he was promoted to Professor of Medicine. In 1952, Dr. Warren was appointed Professor of Medicine at the Duke University School of Medicine, and in 1958 Professor and Chairman of the University of Texas Department of Medicine. In 1961 he was appointed Chairperson and Professor of The Ohio State University Department of Medicine, serving in that capacity until 1979. In 1986, Dr. Warren retired from the faculty of The Ohio State University Division of Cardiology and was appointed Professor Emeritus.

RESOLUTIONS IN MEMORIAM (contd)

James V. Warren (contd)

Dr. Warren was widely respected in Ohio and, in fact, had an international reputation for his work in the field of cardiovascular disease. He authored more than 200 papers in his field of research interest. He was a noted lecturer and teacher and was frequently sought for international conferences. Among Dr. Warren's honors and awards were: the American Heart Association's Gold Heart Award; James B. Herrick Award; the Association of Professors of Medicine's Robert H. Williams Distinguished Chairman of Medicine Award; the Cummings Humanitarian Award; the Duke University Medical School Distinguished Alumnus Award; the Mayor's Award for Voluntary Service (Columbus, Ohio); the American Heart Association's Outstanding Achievement Award; and The Ohio State University Distinguished Service Award.

He was a member of a number of prestigious medical societies including: the Association for the Advancement of Science; Academy of Medicine of Columbus; the American Board of Internal Medicine; the American College of Cardiology; American College of Physicians; American Federation for Clinical Research; and American Heart Association, of which he served as National President in 1962-63.

Dr. Warren will long be remembered by his many friends and associates at The Ohio State University for his devotion to the advancement of medical science.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Barone:

The Student Affairs Committee met this morning. We had a slide presentation, as well as a talk by Gina Johnson-Freeman, who runs the Project Leisure Education-Participation (PLEP) program of the Department of University Recreation and Intramural Sports.

This program provides recreation services during the school year for over 300 individuals with disabilities. Activities provided include, but are not limited to, swimming, conditioning, wheelchair tennis, and adapted golf. The overall purpose of the program is to provide recreation opportunities in an environment which enhances independence and integration. The program targets two specific consumer groups: the OSU community and the central Ohio community. Beyond the recreation opportunities provided for individuals with disabilities, student workers and volunteers receive practical experience in working with this population. Approximately 500 students from major areas such as Physical Therapy, Occupational Therapy, Recreation, and others have benefitted from this experience.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Barone: (contd)

I might further add that this spring we have a paraplegic student graduating from the College of Law. He will be specializing in sports law. He has already done quite a bit of work in the professional program for Columbus in obtaining a professional basketball team. I have to give credit for that to Dick Jackson who was involved, and got me involved, and I am happy to see that he has carried on with the program and will graduate.

We also heard from Steve Dibert from the Interprofessional Council. He was very concerned about the increase in costs for graduate students, especially in the Colleges of Medicine and Law. His opinion was that from everything that he has learned that there could be a possible 40 percent increase in the Colleges of Law and Medicine. Of course, I realize in the Law School Dr. Beytagh receives about 2,500 applications every year and only approves approximately 10 percent. The College of Medicine is a little more difficult. The increases have been forthcoming in the professional area. I don't know what can be done because it is generalized but when it is compared with other schools we are very low.

At this time I would like to, on behalf of this Board, express appreciation to Steve Dibert with this proclamation:

EXPRESSION OF APPRECIATION

Resolution No. 90-103

WHEREAS Steve Dibert has served as president of the Interprofessional Council during the past two years; and

WHEREAS he has carried out his assignments in an outstanding manner; and

WHEREAS his leadership in representing the interest of students has been positive in nature as has been his communication with both the Board of Trustees and the Administration; and

WHEREAS his resolve, dedication, and support of this University has been evidenced in innumerable ways over the past two years:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses to Steve Dibert its sincere appreciation and gratitude for a job well done and conveys to him its best wishes for success in the future.

Upon motion of Mr. Teaford, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mrs. Bowser:

I think it is particularly hard to find the time as a professional student to serve in this capacity and we should take note of the time that it takes out of his schedule.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Steve Dibert:

I would like to thank you for this unexpected surprise. I would like to say that it was about a year and a half ago that I sat before the Board requesting help in acquiring an office for the Interprofessional Council, which at that time consisted of just a folder. With the Board's magic somehow we got a room within a month. And since then, this has facilitated our ability to increase communication within the professional schools and has allowed us to pursue many avenues in which to improve communications in those areas. I would just like to thank the Board, again, and hope that the groundwork that we have laid for the Interprofessional Council will be able to be built upon in the future by presidents to come. Thank you.

Mr. Barone:

We also had reports from Luke Evans and David Straub; both expressing concern with finances. David brought up the ineffective checkoff process for the Student Health Insurance Plan on the fee statements. There is a negative checkoff to decline the health insurance and a positive checkoff to make a donation to the student governments. He would like to see some consistency with the checkoff system, either both positive or both negative checkoffs, to alleviate confusion.

Mr. Dibert:

I would just like to clarify in the report that I gave earlier today, it is not that we are anticipating a 40 percent increase, but over the last four years both medical and law have incurred a 40 percent increase. And we are anticipating another 15 percent increase this year. I just wanted to clarify that.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

At the last Board meeting the question was asked about Ohio State's involvement in the AmeriFlora program in 1992. We devoted our Committee meeting this morning to our involvement -- both the investment and the paybacks. We received a very concise, 3 page document that they put together. The back page shows the expenses and the types of expenses by support for those of you who are interested.

Then we devoted quite a bit of our time talking about the two facilities that we will be involved with. One is the Bio-containment Facility which will be located on our campus and will be built with the purpose of bringing foreign plant materials into this country and quarantining them for a certain period of time. After AmeriFlora that will then revert to the Horticulture use. The chain-link fence will come down, which is put up for security purposes, and it will then, hopefully, be attached to our greenhouses at Howlett Hall.

The other building that we discussed was the Discovery Center, located at Franklin Park. This building is in the planning stages now; the architect is working with both AmeriFlora and with the University. This building will be used for exhibition purposes. They had some preliminary sketches; it looks like an exciting area for exhibits. The planning right now is sort of on the Disney model where you move

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Mrs. Bowser: (contd)

from theater to lecture to slides, and that kind of thing, and Ohio State will be the ending feature. Our area will be in the center. The University is planning some very fine exhibits there. We will also be doing some recruiting particularly aimed at the younger students and youngsters that will be coming through, telling them about our University and about the opportunities in horticulture and related fields.

There is some discussion about using this building after the AmeriFlora program. The outside portion will be made of glass and steel, and we are looking at it to see if that could be moved to our facility here and be used in connection with the College of Agriculture. The Chadwick Arboretum would be the area that might be able to utilize this. But at the moment they are still looking at the costs, use, and all of those things.

Both Dr. Warmbrod and John Ellinger, who is the financial Vice President in Agriculture, are here with us this morning. Six of the Trustees were in the Committee meeting and did have a chance to ask any and all questions, but I don't want to eliminate the other five of you that were not present. So, both of those gentlemen are here and I am sure would be willing to answer any questions you might have. It looks exciting. I personally feel, that the commitment we are making financially will more than be repaid both in the exposure that we will have to an national/international community and for the facilities that we will gain, too.

Mr. Kessler:

I think that is right, Shirley, particularly as you pointed out, with us having a 5,000 square foot area in Franklin Park next to the Conservatory. We will be performing there for, not only the University, but for the College. I think it is a wonderful opportunity, as we said, to do this in a world-class manner.

(See Appendix LXII for AmeriFlora '92 Report, page 970.)

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Kessler:

Mr. Nichols described the new format for the Endowment Portfolio Report. The Committee is also recommending the following resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-104

Synopsis: The Fiscal Affairs Committee recommended the approval of the research contracts, grants, and gifts and the summary for February 1990.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of February 1990 be approved.

Upon motion of Mr. Kessler, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR FEBRUARY 1990

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	85	\$4,620,282.10
Engineering Experiment Station	60	\$ 103,146.00
Total	145	\$4,723,428.10

The Ohio State University Development Fund

Establishment of Named Funds

The Neil M. Klatskin Memorial Scholarship Fund in Real Estate (Scholarships - College of Business)		\$ 25,000.00
The Epsilon Sigma Phi Leadership Fund (Improve the quality of educational programs offered by the Cooperative Extension Service)		\$ 15,376.00
The Gerry D. Guthrie Memorial Library Fund (Acquisition of library materials related to American History)		\$ 15,183.00
The Henry J. Barre Award for Graduate Study in Agricultural Engineering (Stimulate graduate study, with emphasis on grain drying, storage and materials handling)		\$ 15,000.00
The Sara P. Sprague Howser Endowed Scholarship (Scholarships - Marion Campus)		\$ 15,000.00

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

Change in Description of Named Fund

The Stark County Alumni Scholars Program

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - February 1990

Federal Research Contracts/Grants

\$400,000.00 - Department of Education, Washington, D.C., Rehabilitation Engineering Center for the Quantification of Human Performance, Department of Surgery (S. R. Simon), Department of Preventive Medicine (W. S. Pease), Department of Computer and Information Science (T. C. Bylander), Department of Electrical Engineering (H. N. Hemami), and Department of Industrial and Systems Engineering (W. S. Marras), 1 February 1990 through 31 January 1991. (Project 766622 - Continuation)

\$164,059.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Psychopathology and Grief in Children Post-Parental Death, Department of Psychiatry (E. B. Weller), 1 February 1989 through 31 January 1991. (Project 767244 - Continuation)

\$140,000.00 - Department of the Army, Army Corps of Engineers, Vicksburg, Mississippi, ARMS -- An Acoustics-Based Resuspension Measurement System for In-Place Estimates of Entrainment and Erosion from Dredged Material Disposal Sites, Department of Civil Engineering (K. W. Bedford), 1 October 1989 through 30 September 1990. (Project 766710 - Continuation)

\$132,327.00 - Department of Health and Human Services, National Institute on Aging, Bethesda, Maryland, Cellular Mechanisms of Human Immunosenescence, Department of Internal Medicine (R. Whisler), 1 March 1990 through 28 February 1991. (Project 763761 - Continuation)

\$121,333.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, Regulation of Gene Expression in the Developing Retina, Biotechnology Program (A. P. Young), 1 October 1989 through 31 July 1990. (Project 767898 - New)

\$108,864.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Human Thrombin: Binding and Recognition Sites, Department of Chemistry (L. J. Berliner), 1 February 1990 through 31 January 1991. (Project 761742 - Continuation)

\$100,000.00 - Department of Defense, Defense Supply Service, Washington, D.C., Military Adaptation, Mershon Center for Education (A. R. Millett) and Department of History (W. Murray), 30 November 1989 through 30 September 1990. (Project 767852 - Continuation)

\$95,000.00 - National Science Foundation, Washington, D.C., Mechanism of Adenylate Kinases, Department of Chemistry (M. D. Tsai), 1 March 1990 through 28 February 1991. (Project 768120 - New)

\$84,968.00 - Department of Health and Human Services, National Institute on Deafness and Other Communication Disorders, Bethesda, Maryland, The Gustatory System: Cellular and Synaptic Organization, Oral Biology (M. C. Whitehead), 1 February 1990 through 31 January 1991. (Project 766592 - Continuation)

\$83,606.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Sertoli Cell-Germ Cell Surface Membrane Interactions, Department of Anatomy (R. M. DePhilip), 1 March 1990 through 28 February 1991. (Project 764825 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$75,043.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Fenfluramine and Methylphenidate in Mental Retardation, Nisonger Center (M. G. Aman), 1 February 1990 through 31 January 1991. (Project 767185 - Continuation)

\$73,930.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Engineering Calculations for Communications Satellite Systems Planning, ElectroScience Laboratory, Department of Electrical Engineering (E. K. Walton) and Department of Industrial and Systems Engineering (C. H. Reilly), 27 February 1990 through 27 November 1990. (Project 762552 - Continuation)

\$69,281.00 - National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, Maryland, Improvement of the Earth's Gravity Field from Terrestrial and Satellite Data, Department of Geodetic Science and Surveying (R. H. Rapp), 1 June 1990 through 31 May 1991. (Project 768128 - New)

\$65,840.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Targeting of Organellar Protein Synthesis Factors, Department of Biochemistry (C. A. Breitenberger), 1 February 1990 through 31 January 1991. (Project 766576 - Continuation)

\$62,000.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award: Very Large Scale Integration Design of Electronic Circuits, Department of Electrical Engineering (M. I. El-Naggar), 1 July 1989 through 30 June 1990. (Project 766995 - Continuation)

\$62,000.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Electrical Engineering (Y. F. Zheng), 1 February 1990 through 31 January 1991. (Project 767624 - Continuation)

\$56,000.00 - National Science Foundation, Washington, D.C., The Structure of the Broad-Line Region in Active Galactic Nuclei, Department of Astronomy (B. M. Peterson), 15 February 1990 through 31 January 1991. (Project 768093 - New)

\$55,564.00 - National Science Foundation, Washington, D.C., Study of Sediment, Glacier Ice, and Silicate Spherules, Walcott Neve, Antarctica, Byrd Polar Research Center and Department of Geology and Mineralogy (G. Faure), 1 March 1989 through 31 August 1991. (Project 767381 - Continuation)

\$39,000.00 - National Science Foundation, Washington, D.C., Free Loop Space, Automorphisms of Manifolds and Cyclic Homology, Department of Mathematics (D. Burghelaa), 1 February 1990 through 31 January 1991. (Project 768108 - New)

\$38,529.00 - National Science Foundation, Washington, D.C., Orthogonal Polynomials and Their Applications, Department of Mathematics (P. Nevai), 1 January 1991 through 31 December 1991. (Project 766825 - Continuation)

\$37,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award: An Intelligent Planning Environment for Dimensional Inspection, Department of Mechanical Engineering (C. H. Menq), 1 July 1990 through 31 October 1990. (Project 767947 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$37,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Mathematics (K. Rubin), 1 February 1990 through 31 January 1991. (Project 766905 - Continuation)

\$37,207.00 - Department of Defense, National Security Agency, Fort George G. Meade, Maryland, Some Problems of Design Theory and Difference Sets, Department of Mathematics (D. K. Ray-Chaudhuri), 1 July 1989 through 30 September 1990. (Project 766961 - Continuation)

\$33,425.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Cardiac Characteristics in Copper Deficiency, Department of Human Nutrition and Food Management (D. Medeiros), 5 February 1990 through 31 July 1990. (Project 768104 - New)

\$31,436.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Theory of System Reliability Demonstration, Burn-in Design, and Record Statistics, Department of Statistics (S. Blumenthal and H. N. Nagaraja), 1 July 1990 through 30 June 1991. (Project 767478 - Continuation)

\$30,591.00 - National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, Maryland, A Study of the Relation Between the Solar Luminosity, Line Blanketing, and Velocity Fields, Department of Astronomy (W. E. Mitchell), 1 March 1990 through 28 February 1991. (Project 768121 - New)

\$30,029.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Free Flight Composite Head Development, Department of Mechanical Engineering (J. A. Collins), 1 January 1990 through 30 September 1990. (Project 765776 - Continuation)

\$27,823.00 - Department of Agriculture, Science and Education, Washington, D.C., Institutional Support from the Animal Health and Disease Research Act of 1977, Veterinary Medicine Administration (R. A. Wright), Department of Veterinary Preventive Medicine (R. D. Slemmons and C. R. Dorn), and Department of Veterinary Clinical Sciences (G. F. Hoffsis), 1 October 1989 through 30 September 1990. (Project 762621 - Continuation)

\$25,000.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Research on Analysis of Large Aperture Reflector Antennas, ElectroScience Laboratory, Department of Electrical Engineering (R. Rudduck), 31 January 1990 through 30 June 1990. (Project 763724 - Continuation)

\$17,843.00 - Department of Defense, Defense Construction Supply Center, Columbus, Ohio, Recreational Facility and Program Management: An Analysis of Civilian Work Force Recreational and Wellness Practices of the Defense Construction Supply Center, Columbus, Ohio, School of Health, Physical Education, and Recreation (W. J. Rudman), 1 February 1990 through 31 July 1990. (Project 767308 - Continuation)

\$14,991.00 - Tennessee Valley Authority, Knoxville, Tennessee, Establishing and Operating a Clearinghouse for the Environmental Education Center Network, Department of Educational Studies: Humanities, Science, Technological, and Vocational (R. W. Howe), 1 February 1990 through 31 December 1990. (Project 768095 - New)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$14,250.00 - National Science Foundation, Washington, D.C., Laser Flash Photolysis Studies of Alkyl and Dialkyl Carbenes, Department of Chemistry (M. S. Platz), 1 September 1990 through 31 August 1991. (Project 768088 - New)

\$12,500.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Stress, Coping, and Social Support in Hemodialysis Clients, Department of Family and Community Nursing (E. M. Menke), 1 February 1990 through 31 January 1991. (Project 768099 - New)

\$9,996.00 - National Research Council, Washington, D.C., Ohio Mathematics Coalition, Department of Mathematics (F. Demana), 1 July 1990 through 30 June 1991. (Project 768096 - New)

\$4,000.00 - National Science Foundation, Washington, D.C., The Relativistic Optical Model at Intermediate Energies, Department of Physics (B. C. Clark), 15 July 1989 through 30 June 1990. (Project 767674 - Continuation)

TOTAL - FEDERAL AWARDS \$2,391,435.00

State of Ohio Research Contracts/Grants

\$181,489.00 - State of Ohio, Department of Development, Columbus, Ohio, Improved Clonal Propagation and Peeling Technology for Chestnuts, Department of Horticulture - OARDC and Department of Horticulture (D. D. Miller) and Department of Horticulture (S. Still), 29 March 1989 through 28 March 1992. (Project 768082 - New)

\$71,388.00 - State of Ohio, Department of Commerce, Columbus, Ohio, Center for Real Estate Education and Research, Academic Faculty of Finance (R. L. Racster), 1 January 1990 through 31 December 1990. (Project 767946 - Continuation)

\$30,000.00 - State of Ohio, Public Utilities Commission, Columbus, Ohio, Small Telephone Company Survey, National Regulatory Research Institute (D. N. Jones), 1 February 1990 through 30 June 1990. (Project 768103 - New)

\$25,000.00 - State of Ohio, Public Utilities Commission, Columbus, Ohio, Competitive Bidding and Transmission Access and Pricing issues in the Context of Integrated Resource Planning, National Regulatory Research Institute (D. N. Jones), 1 February 1990 through 30 June 1990. (Project 768106 - New)

\$25,000.00 - State of Ohio, Public Utilities Commission, Columbus, Ohio, Critical Analysis of Ameritech's Revised Open Network Architecture Plan, National Regulatory Research Institute (D. N. Jones), 1 February 1990 through 30 June 1990. (Project 768115 - New)

\$21,719.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Daphnia Production Techniques for Rearing Fingerling Walleye and Saugeye, Department of Zoology (D. A. Culver and B. Vondracek), 1 July 1989 through 30 June 1990. (Project 766202 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$8,500.00 - State of Ohio, Department of Education, Columbus, Ohio, Building Linkages for At-Risk Youth and Adults in Ohio, Center on Education and Training for Employment (R. D. Ryan), 7 February 1990 through 30 April 1990. (Project 768101 - New)

TOTAL - STATE OF OHIO AWARDS \$ 363,096.00

Industrial Research Contracts/Grants

\$533,000.00 - Community Mutual Blue Cross Blue Shield Insurance Company, Cincinnati, Ohio, A Study of the Causes of Health Care Cost Increases in the State of Ohio and an Evaluation of Alternatives to Contain the Increases, Hospital and Health Services Administration (S. F. Loeb), 1 February 1990 through 31 January 1992. (Project 768129 - New)

\$208,734.60 - Organon, Inc., West Orange, New Jersey, An Ultrasound Study of Ovarian Cyst Activity Comparing CTR-04 and CTR-05 Versus a Concurrent Untreated Control, Department of Pharmacology (N. Gerber and G. Apseloff), 22 May 1989 through 21 May 1990. (Project 767548 - Continuation)

\$25,781.00 - ASI Systems International, Orange, California, Compact Reflector Antenna System Study for Multi-Emitter Radio Frequency Simulation, ElectroScience Laboratory, Department of Electrical Engineering (I. J. Gupta and W. D. Burnside), 1 January 1990 through 30 June 1990. (Project 768085 - New)

\$25,000.00 - Ross Laboratories, Columbus, Ohio, Maximizing Yield of Specific Antibody in Mammary Secretion of Lactating Dairy Cows, Department of Dairy Science - OARDC (K. L. Smith), 1 January 1990 through 30 June 1990. (Project 765238 - Continuation)

\$24,000.00 - HPM Corporation, Marion, Ohio, Job Task Analysis and Video Job Training Development for Die Cast Machine Remanufacturing, Education Administration (D. P. Anderson), 1 February 1990 through 30 June 1990. (Project 768105 - New)

\$22,814.00 - Navistar International Transportation Corporation, Columbus, Ohio, Navistar International Fitness Program: Sports Management Internships, 1990, School of Health, Physical Education, and Recreation (W. J. Rudman), 1 January 1990 through 31 December 1990. (Project 767298 - Continuation)

\$20,010.00 - The NutraSweet Company, Mt. Prospect, Illinois, Characterization of Flavor Profiles of Prototype Simplex and Their Standard Cheeses During Storage by Isolation, Separation, and Identification, Department of Food Science and Nutrition - OARDC and Department of Food Science and Technology (D. B. Min), 1 January 1990 through 31 December 1990. (Project 768094 - New)

\$20,000.00 - Universal Energy Systems, Inc., Dayton, Ohio, The Response of Nonlinear Systems to Random Excitation, Department of Engineering Mechanics (L. D. Zavodney), 1 January 1990 through 31 December 1990. (Project 768113 - New)

\$11,339.50 - E. R. Squibb and Sons, Princeton, New Jersey, Evaluation of the Safety and Efficacy of Zofenopril Calcium Therapy in Patients with Chronic Heart Failure, Department of Internal Medicine (C. V. Leier), 1 October 1989 through 30 June 1990. (Project 767122 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$10,314.00 - Boots Pharmaceuticals, Inc., Shreveport, Louisiana, BPI916-01 Study: Flosequinan 100 mg. -- Effect on Respiratory Response and Duration of Exercise, Department of Internal Medicine (C. V. Leier), 1 February 1989 through 30 June 1989. (Project 765932 - Continuation)

\$9,600.00 - Clinical Research International, Inc., Research Triangle Park, North Carolina, A Multicenter, Placebo-Controlled, Parallel-Design, Phase III Evaluation of the Safety of Lamotrigine as Add-On Therapy in Outpatients with Partial Seizures, Department of Neurology (M. E. Drake, Jr.), 1 July 1989 through 30 September 1991. (Project 767774 - Continuation)

\$6,637.50 - Sandoz, Inc., East Hanover, New Jersey, A Double-Blind, Multicenter Study to Determine the Safety and Efficacy of Chronic Sandostatin Treatment in Acromegalic Patients, Department of Internal Medicine (W. B. Malarkey) 1 March 1989 through 30 November 1990. (Project 767693 - Continuation)

\$5,050.00 - Caremark Plus, San Bernardino, California, Patient Education and Clinical Management Services, Department of Internal Medicine (S. P. Balcerzak), 1 April 1989 through 30 June 1989. (Project 767279 - Continuation)

\$3,500.00 - Pitman-Moore, Inc., Mundelein, Illinois, BACIFERM's Effect, as Compared to Other Feed Grade Antibiotics or No Antibiotics in the Diet, on Feed Efficiency and Rate of Gain in Swine, Department of Animal Science - OARDC and Department of Animal Science (K. M. Irvin), 15 January 1990 through 15 January 1991. (Project 767915 - Continuation)

\$2,461.50 - Sandoz, Inc., East Hanover, New Jersey, An Open-Label, Multicenter Study to Determine the Safety and Efficiency of Chronic Sandostatin Therapy in Acromegalic Patients, Department of Internal Medicine (W. Malarkey), 18 December 1989 through 17 December 1990. (Project 768123 - Continuation)

\$2,000.00 - Horticultural Research Institute, Inc., Washington, D.C., Nitrate Nitrogen Loss for Container Nurseries, Cooperative Extension Field Operations (R. H. Zondag), 1 March 1990 through 31 December 1990. (Project 768110 - New)

TOTAL - INDUSTRIAL AWARDS

\$ 930,242.10

Other Non-Federal Research Contracts/Grants

\$180,000.00 - Brookhaven National Laboratory, Upton, Long Island, New York, Boron-Neutron Capture Therapy of Cancer, Department of Pathology (R. F. Barth), College of Pharmacy (A. H. Soloway), Department of Mechanical Engineering (T. E. Blue), and Department of Surgery (J. H. Goodman), 1 January 1990 through 30 September 1990. (Project 768062 - Continuation)

\$116,400.00 - Smith Richardson Foundation, Inc., New York, New York, The Ohio State Program in Military History and Strategic Studies, Department of History (J. J. Lynch), 1 October 1990 through 30 September 1995. (Project 768080 - Continuation)

\$72,000.00 - The University of Rochester, Rochester, New York, Parkinson's Study Group, Department of Neurology (G. W. Paulson), 1 April 1989 through 31 March 1990. (Project 766244 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$60,000.00 - Brookhaven National Laboratory, Upton, Long Island, New York, Boron-Neutron Capture Therapy of Cancer, Department of Pathology (R. F. Barth), College of Pharmacy (A. H. Soloway), Department of Mechanical Engineering (T. E. Blue), and Department of Surgery (J. H. Goodman), 1 October 1989 through 31 December 1989. (Project 766081 - Continuation)

\$50,000.00 - Virginia Department of Education, Richmond, Virginia, A Status Study of Guidance and Counseling in Virginia, Center on Education and Training for Employment (R. D. Ryan), 1 February 1990 through 30 June 1990. (Project 768097 - New)

\$46,524.00 - The University of Vermont, Burlington, Vermont, Contractile Properties of Mutant Drosophila melanogaster Muscle, Department of Molecular Genetics (S. Falkenthal), 1 January 1990 through 31 December 1990. (Project 768092 - New)

\$45,208.00 - Paralyzed Veterans of America, Washington, D.C., The Role of Weightbearing and FES-Induced Exercises on Bone Loss After an Acute Spinal Cord Injury, Department of Physical Medicine (W. J. Mysiw) and Department of Internal Medicine (R. D. Jackson), 1 January 1990 through 31 December 1990. (Project 767303 - Continuation)

\$44,925.00 - University Affiliated Cincinnati Center for Developmental Disorders, Cincinnati, Ohio, Ohio Developmental Disabilities Continuing Education, Nisonger Center (J. Rojahn and V. L. Reynolds), 1 January 1990 through 31 December 1990. (Project 764528 - Continuation)

\$32,000.00 - California Institute of Technology, Pasadena, California, Altimetry Research in Ocean Circulation, Department of Geodetic Science and Surveying (R. H. Rapp), 1 June 1989 through 30 September 1995. (Project 766536 - Continuation)

\$30,000.00 - The Kemper Research Foundation, Milford, Ohio, An Environmental Study Evaluating the Effects of Treating Surfaces with an Immobilized Silane Antimicrobial in the Arthur James Cancer Center, Department of Internal Medicine and Cancer Hospital and Research Institute (B. C. Fox), Department of Pathology (L. W. Ayers), and University Health Service (C. R. Smith, Jr.), 15 February 1990 through 1 August 1992. (Project 768119 - New)

\$27,854.00 - Iowa State University, Ames, Iowa, Spectroscopic Evaluation of Adhesive Bonds: Linear and Nonlinear Methods, Department of Welding Engineering (L. Adler), 1 October 1989 through 30 September 1990. (Project 768068 - Continuation)

\$24,296.00 - Muscular Dystrophy Association, New York, New York, Collaborative Investigation of Duchenne Dystrophy, Department of Neurology (J. R. Mendell), 1 March 1989 through 28 February 1990. (Project 761360 - Continuation)

\$24,010.00 - Japan-United States Friendship Commission, Washington, D.C., Acquisition and Cataloging of Japanese Language Works Dealing with Japanese Industry, Labor, Economics, Agriculture, Fisheries, Science, and Technology, University Libraries (M. Donovan), 26 January 1990 through 31 January 1991. (Project 768086 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$23,991.00 - Iowa State University, Ames, Iowa, Nondestructive Evaluation of Structural Adhesive Bonding for Aircraft Applications, Department of Welding Engineering (S. Rokhlin), 1 October 1989 through 30 September 1990. (Project 768065 - Continuation)

\$23,879.00 - Texas A & M University, College Station, Texas, Ocean Drilling Program Leg 130, Department of Geology and Mineralogy (L. Krissek), 24 January 1990 through 24 April 1990. (Project 768087 - New)

\$22,000.00 - Universities Space Research Association, Houston, Texas, The Design of a Hypersonic Research Vehicle, Department of Aeronautical and Astronautical Engineering (G. M. Gregorek), 15 August 1989 through 15 June 1990. (Project 767919 - New)

\$22,000.00 - Universities Space Research Association, Houston, Texas, Permanently Manned Autonomous Space Oasis, Department of Aeronautical and Astronautical Engineering (H. A. Oz and R. K. Yedavalli), 15 August 1989 through 15 June 1990. (Project 767918 - New)

\$17,396.00 - Grayson Foundation, Inc., Lexington, Kentucky, Effects of Percutaneous Tendon Splitting in Acute Equine Tendinitis, Department of Veterinary Clinical Sciences (L. R. Bramlage), 1 September 1989 through 31 August 1990. (Project 768098 - New)

\$15,000.00 - Deafness Research Foundation, New York, New York, Effect of Auditory Deprivation on the Development of a Vocal-Control Nucleus in a Songbird, Department of Zoology (S. F. Volman), 1 January 1990 through 31 December 1990. (Project 768089 - New)

\$15,000.00 - Institute of Noetic Sciences, Sausalito, California, A Cognitive-Behavioral Stress-Management Intervention with Hospital Nurses: Psychological, Immunological, and Health Consequences, Department of Microbiology and Immunology (M. R. Glaser), 1 February 1990 through 31 January 1991. (Project 768111 - New)

\$14,850.00 - American Cancer Society, Ohio Division, Inc., Dublin, Ohio, Is Depression a Reason Some Smokers Can't Quit?, Department of Psychiatry (C. M. Churchill), 1 November 1989 through 31 October 1990. (Project 768090 - New)

\$12,806.00 - American Psychological Association, Washington, D.C., Cognitive Bases of Musical Communication, Department of Psychology (M. R. Jones), 1 January 1990 through 31 July 1990. (Project 768102 - New)

\$5,250.00 - Egyptian Government, Washington, D.C., Cultural and Educational Bureau -- Peace Fellowship Program, Department of Biochemistry (E. J. Behrman), 28 January 1990 through 27 June 1990. (Project 768116 - New)

\$3,900.00 - L. S. B. Leakey Foundation, Pasadena, California, Ecology and Conservation of Lion-Tailed Macaques in a South Indian Rainforest, Department of Anthropology (F. E. Poirier), 1 December 1989 through 30 November 1990. (Project 768112 - New)

\$3,220.00 - Cancer Therapy and Research Foundation of South Texas, San Antonio, Texas, Multidisciplinary Participation in the Cancer Control Activities of the Southwest Oncology Group, Department of Internal Medicine (S. P. Balcerzak), 1 June 1989 through 31 August 1989. (Project 765208 - Continuation)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$2,000.00 - National Foundation for Infectious Diseases, Bethesda, Maryland, Elastase as a Virulence Factor of Pathogenic Aspergilli: A Molecular Investigation, Department of Internal Medicine (B. C. Fox), 1 December 1989 through 30 November 1990. (Project 768074 - New)

\$1,000.00 - American Foundation for Aging Research, Raleigh, North Carolina, Graduate Fellowship in Aging Research, Department of Physiological Chemistry (L. A. Horrocks and K. Wells), 1 February 1990 through 31 January 1991. (Project 768125 - New)

TOTAL - OTHER NON-FEDERAL AWARDS \$ 935,509.00

ENGINEERING EXPERIMENT STATION

State Sponsored Research and Development

\$18,000.00 - from The Ohio Aerospace Institute, Brookpark, Ohio, for "OAI-Fellowship-A/A," under the direction of the Department of Aeronautical and Astronautical Engineering for the period January 1, 1990 through December 31, 1990. (529839)

\$18,000.00 - from The Ohio Aerospace Institute, Brookpark, Ohio, for "OAI-Fellowship-ME," under the direction of the Department of Mechanical Engineering for the period January 1, 1990 through December 31, 1990. (529837)

\$6,300.00 - from The Ohio Aerospace Institute, Brookpark, Ohio, for "Ohio Aerospace Institute - Office Support," under the direction of the Department of Mechanical Engineering for the period January 1, 1990 through December 31, 1990. (529838)

TOTAL - STATE SPONSORED RESEARCH AND DEVELOPMENT \$ 42,300.00

Industry and Other Sponsored Research and Development

\$30,070.00 - from 29 sponsors of 50 development projects under the direction of four departments/research areas of the College.

\$30,000.00 - from various industry for associate membership in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

\$25,000.00 - from various industry for memberships in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

\$21,212.00 - additional budget from General Electric, Cincinnati, Ohio, for "Advanced Engine Graphical Analysis," under the direction of the Department of Computer & Information Science for the period April 1, 1988 through December 31, 1990. (529755, Ext. 1)

\$10,000.00 - from various industry for affiliate memberships in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industry and Other Sponsored Research and Development (contd)

\$5,828.00 - additional funding from Edison Welding Institute, Columbus, Ohio, for "Significance of Local Brittle Zone Size," under the direction of the Department of Welding Engineering for the period July 1, 1989 through March 31, 1990. (529368, Ext. 1)

\$5,000.00 - additional funding from Edison Welding Institute, Columbus, Ohio, for "Joining and Nondestructive Evaluation of Advanced Materials," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529370, Ext. 3)

\$(66,264.00) - reduction in funding from NCR Corporation, Cambridge, Ohio, on the project "Investigation of Wrist Motions Contributing to Carpal Tunnel Syndrome Risk in the Design of Retail Scanners," through the Department of Industrial and System Engineering for the period March 1, 1989 through February 28, 1990. (529794)

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$ 60,846.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

**The Neil M. Klatskin Memorial Scholarship Fund
in Real Estate**

The Neil M. Klatskin Memorial Scholarship Fund in Real Estate was established April 6, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Charles and Lynne Klatskin of Tenafly, New Jersey, in memory of their son, Neil M. Klatskin (B.S.Bus.Adm. '82).

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarship(s) to student(s) enrolled in the College of Business who are pursuing a course of study in real estate. Preference shall be given to the out-of-state student with the third best cumulative G.P.A. Selection of the scholarship recipient(s) shall be made by the faculty of real estate, in consultation with the Dean of the College of Business and the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Epsilon Sigma Phi Leadership Fund

The Epsilon Sigma Phi Leadership Fund was established April 6, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from members and friends of Alpha Eta Chapter, Epsilon Sigma Phi, the professional honorary fraternity for the Cooperative Extension Service. The fund was initiated by Clarence J. Cunningham at the time of his retirement as Associate Director of the Ohio Cooperative Extension Service.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to improve the quality of educational programs offered by the Ohio Cooperative Extension Service. This support may include, but is not limited to, the funding of scholarships, grants and awards to Cooperative Extension professionals. All expenditures from this fund shall be approved by the Board of Directors of the Epsilon Sigma Phi Alpha Eta Chapter or its designee in cooperation with the Director of the Ohio Cooperative Extension Service. Should the Ohio Chapter of Epsilon Sigma Phi dissolve, funds will be administered by a committee composed of county, district and state faculty appointed by the Director of the Ohio Cooperative Extension Service or his/her designee.

It is the desire of the donors that this fund should benefit the University and the Ohio Cooperative Extension Service in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer, in order to carry out the desire of the donors.

The Gerry D. Guthrie Memorial Library Fund

The Gerry D. Guthrie Memorial Library Fund was established April 6, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Gerry Guthrie's mother, Cecile L. Guthrie; his brother, George P. Guthrie, Jr.; and other family, friends and fellow employees of Gerry Guthrie at The Ohio State University Libraries.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the acquisition of library materials related to American history, to be chosen at the discretion of the Director of University Libraries.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

April 5 and 6, 1990 meeting, Board of Trustees

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Henry J. Barre Award for Graduate Study
in Agricultural Engineering**

The Henry J. Barre Award for Graduate Study in Agricultural Engineering was established April 6, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Gertrude A. Barre, James F. Barre, Jeanne Barre Sather, and friends in memory of Dr. Henry J. Barre, Professor Emeritus, College of Agriculture, Department of Agricultural Engineering.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to stimulate graduate study in agricultural engineering, with emphasis on grain drying, storage and materials handling. Expenditures from the fund shall be authorized by the chairperson of the department of agricultural engineering.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Sara P. Sprague Howser Endowed Scholarship

The Sara P. Sprague Howser Endowed Scholarship was established April 6, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from an anonymous donor.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Twenty percent (20%) of the annual income shall be added to the fund's principal. The remaining eighty percent (80%) shall be used to provide one or more scholarships (tuition and books only) to deserving students who are attending The Ohio State University, Marion Campus. Preference for awards shall be given to students of sophomore or higher rank majoring in the field of elementary education. Other criteria for selection shall include:

- a) a minimum GPA of 3.0
- b) financial need, worthiness of character, and overall performance
- c) classification as a full-time student with 13 or more quarter hours of study each quarter throughout the academic year

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Sara P. Sprague Howser Endowed Scholarship (contd)

Should the Marion Campus cease to exist, the annual income shall be used to fund such students attending The Ohio State University who have resided in Marion County, Ohio, for at least 12 consecutive years of their lives and who meet the above specified criteria. The selection of the recipients shall be made by recommendation of a committee consisting of the department chairperson for elementary education, the Marion Campus Scholarship Committee, the University Committee on Student Financial Aid, and Harry L. Dowler, Jr., trustee for the Rovena Rinker Estate, or Mr. Dowler's appointee (the Dean of the Marion Campus) in case of his unavailability or death.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer, in order to carry out the desire of the donor.

* Please note that the donor has requested no publicity in regard to this gift or the establishment of the endowed fund.

The Woodford Zimmerman Memorial Scholarship Fund

The Woodford Zimmerman Memorial Scholarship Fund was established April 6, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from family and friends of Woodford Zimmerman (B.S.Ed. '55, M.A. Music '62, Ph.D., Education '69).

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships in the amount of \$300.00 per quarter to students twenty-five years of age or older. Students must have good academic standing and be in need of financial assistance. Preference shall be given to students at the Lima Campus of The Ohio State University. Scholarship recipients shall be chosen by the Dean of the Lima Campus, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

April 5 and 6, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Name of Fund

The Michael Shih-Yuan Chen Memorial Scholarship Fund

The Shih-Yuan Michael Chen Scholarship Fund was established July 8, 1988, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Chen family, in memory of Dr. Michael Shih-Yuan Chen (Ph.D. '55). The name was changed April 6, 1990.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students enrolled in the College of Engineering who are from Nanjing Institute of Technology, China. If there are no applicants from Nanjing Institute of Technology, then the scholarship(s) shall be awarded to engineering students from mainland China, or, if none apply, to Chinese-American students enrolled in the College of Engineering. Scholarship recipients shall be chosen by the Dean of the College of Engineering in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Change in Description of Named Fund

The Stark County Alumni Scholars Program

The Stark County Alumni Scholars Program was established April 8, 1988, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Stark County/Ohio State University Alumni Club and residents of Stark County, Ohio. The description was revised April 6, 1990.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest and occasion dictates.

Twenty percent (20%) of the annual income shall be added to the fund's principal. The remaining eighty percent (80%) of the annual income shall be used to provide scholarship support for one or more qualified first quarter freshmen enrolled at The Ohio State University. However, should it become necessary, both annual income and the fund's principal may be used to pay the in-state tuition for the first scholar (who was selected in 1988) for up to 12 quarters. Selection of the scholarship recipients shall be made by the Stark County Alumni Club and The Ohio State University Alumni Association, in consultation with the University Committee on Student Financial Aid.

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Description of Named Fund (contd)

The Stark County Alumni Scholars Program (contd)

The purpose and intent of this scholarship is set forth as follows: The recipients shall be designated "Alumni Scholars." To be eligible, a student must have attended a high school in Stark County or be a resident of Stark County. Preference shall be given to first quarter freshmen at The Ohio State University who are academically outstanding. This full tuition scholarship shall be renewable for a maximum of 12 quarters. Renewal shall depend upon the student continuing to demonstrate outstanding achievement and successful academic progress toward a degree, consistent with similar University scholarships.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

**Report of Award of Contracts and
Establishment of Contingency Funds**

Background

(See Appendix LXIII for a complete tabulation of bids on all projects and locator maps, page 974.)

Pressey Hall - Office of Career Development
Robinson Laboratory Renovation
Rightmire Hall Renovation - Phase II, Demolition

Pressey Hall - Office of Career Development

This project will create a 5,260 gross square foot space for the relocation of the Office of Career Development. This office will be relocated from Rightmire Hall in order to allow expansion space for the Biotechnology Center. The total project cost is \$326,889.70; funding is provided from University funds. The estimated completion date is July 1990. The contracts awarded are as follows:

General Contract:	Williamson Builders, Plain City, Ohio
Amount:	\$86,350.00
Estimate:	\$101,000.00
Mechanical Contract:	Ro-Dan Mechanical, Columbus, Ohio
Amount:	\$63,300.00
Estimate:	\$65,000.00

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Pressey Hall - Office of Career Development (contd)

Electric Contract:	Edmond's Mechanical, Dayton, Ohio
Amount:	\$73,500.00
Estimate:	\$75,000.00
Total All Contracts:	\$223,150.00
Contingency Allowance:	\$22,315.00 (10% of construction cost)
Total Project Cost:	\$326,889.70

Robinson Laboratory Renovation

This first phase of the project will replace the deteriorated floor and supports in the mechanical engineering laboratory above the water tunnels in room 1030. The work is primarily structural repairs to the underfloor waterflow tanks and floor supports. The second phase of the project, to be bid in the near future, will relocate and reinstall the research vessel. The phase 1 total project cost is \$167,200; funding is provided from House Bill 870. The estimated completion date is July 1990. The contract awarded is as follows:

General Contract:	Waller & Lund, Columbus, Ohio
Amount:	\$134,760.00
Estimate:	\$137,186.00
Total All Contracts:	\$134,760.00
Contingency Allowance:	\$6,740.00 (5% of construction cost)
Total Project Cost:	\$161,500.00

Rightmire Hall Renovation - Phase II, Demolition

This phase of the project will provide the demolition of the ground floor and first floor areas of Rightmire Hall in preparation for housing new research laboratories for the Biotechnology Center. This demolition affects 59,000 gross square feet and includes all interior non-bearing walls, ceilings, stepped concrete floors in lecture halls and all HVAC, plumbing and electrical lines and systems not scheduled for reuse. This project also includes the purchase and installation of structural steel and metal floor deck to infill portions of the first floor where lecture halls were removed. The total Phase II demolition cost is \$333,560; funding is available from University funds. The estimated completion date is July 1990. The contract awarded is as follows:

Resolution No. 90-105

**PRESSEY HALL - OFFICE OF CAREER DEVELOPMENT
ROBINSON LABORATORY RENOVATION
RIGHTMIRE HALL RENOVATION - PHASE II, DEMOLITION**

Synopsis: The Fiscal Affairs Committee recommended the Report of Award of Contracts and the Establishment of Contingency Funds for the Pressey Hall - Office of Career Development, Robinson Laboratory Renovation, and Rightmire Hall Renovation - Phase II, Demolition projects.

WHEREAS resolutions adopted by the Board of Trustees on November 3, 1989, and February 2, 1990, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects: Pressey Hall - Office of Career Development and Rightmire Hall Renovation - Phase II, Demolition; and

WHEREAS a resolution adopted by the Board of Trustees on July 11, 1986, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the following project: Robinson Laboratory Renovation:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by this Board and upon the recommendation of the Fiscal Affairs Committee, the Report of Award of Contracts and Establishment of Contingency Funds for the Pressey Hall - Office of Career Development, Robinson Laboratory Renovation, and Rightmire Hall Renovation - Phase II, Demolition projects is hereby accepted.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY**

Resolution No. 90-106

Synopsis: The Fiscal Affairs Committee recommended the authorization, issuance and sale of General Receipts Bonds, Series 1990 (the "Series 1990 Bonds"), in a principal amount determined as provided herein, for the purpose of (i) replacement, renovation and modernization of the transformers/electrical system; (ii) restoration of Ohio Stadium; (iii) construction of a North Facility maintenance building; (iv) renovation and modernization of the St. John Arena roof; (v) replacement of the Ohio Stadium turf; (vi) acquisition and installation of the St. John Arena scoreboard; (vii) development of athletic intramural fields; (viii) construction of an addition to the Arps parking ramp; (ix) construction and remodeling of the main bookstore; (x) renovation and modernization of the water purification system and McCracken Power Plant; (xi) renovation and remodeling of the Ohio Unions; (xii) renovation and remodeling of the Faculty Club; (xiii) construction of the Biotechnology Research Center; (xiv) construction of a Magnetic Resonance Imaging Facility; (xv) construction of a food freezer addition to the Stores facility; (xvi) repairing and upgrading two floors of the Morrill Tower Residence Hall; and (xvii) replacing windows in the North Residence Halls; paying costs and expenses associated with the issuance of the Series 1990 Bonds; authorizing a Fourth Supplemental Trust Indenture to secure the payment of Bond Service Charges on the Series 1990 Bonds; and for related purposes.

WHEREAS pursuant to Sections 3345.11 and 3345.12 of the Ohio Revised Code (the "Act"), as enacted under authority of the Constitution of Ohio, particularly Section 2i of Article VIII thereof, The Ohio State University (the "University"), a state university of the State of Ohio (the "State") created and existing under Chapter 3335 of the Ohio Revised Code, is authorized and empowered, among other things, (a) to issue, as provided herein, Bonds (as defined in the Original Indenture (as hereinafter defined)) of the University to pay the costs of certain capital facilities defined as "auxiliary facilities" in Section 3345.12 of the Ohio Revised Code (and herein called "University Facilities") and to refund, fund or retire bonds and other obligations previously issued for such purpose; (b) to pledge to the payment of the Bonds all or a specified part of the gross amount of the General Receipts of the University (as defined in the Original Indenture) in priority to all other expenses, claims or payments; (c) to covenant, as herein provided, that the University will make, fix, adjust and collect the fees, rates, rentals, charges and other items comprising General Receipts to produce General Receipts sufficient at all times to meet Bond Service Charges (as defined in the Original Indenture) on the Bonds, to establish and to maintain the required reserves and meet other requirements herein provided; and (d) to provide for a trust indenture and to make further provisions for securing the payment of the Bond Service Charges; and

WHEREAS the University, by resolution adopted by its Board of Trustees (the "Board") on November 1, 1985 (the "Series 1985 A Bond Resolution") and by a Trust Indenture (the "Original Indenture"), dated as of November 15, 1985, between the University and The Huntington National Bank, as Trustee (the "Trustee"), has provided for the issuance from time to time of General Receipts Bonds of the University, with each such issue to be authorized by a Series Resolution (as defined in the Original Indenture) adopted by the Board pursuant thereto; and

WHEREAS the University has heretofore issued pursuant to the Series 1985 A Bond Resolution and the Original Indenture, the \$27,680,000 The Ohio State University General Receipts Refunding Bonds, Series 1985 A, dated as of November 15, 1985 (the "Series 1985 A Bonds") (\$20,890,000 principal amount outstanding); and

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

WHEREAS the University has heretofore issued pursuant to the Series 1985 A Bond Resolution, the Series 1985 B Bond Resolution, adopted by the Board on December 6, 1985 (the "Series 1985 B Bond Resolution"), the Original Indenture and the First Supplemental Indenture, dated as of December 30, 1985 (the "First Supplemental Indenture"), between the University and the Trustee, as amended by the Amendment Agreement, dated as of December 1, 1986, between the University and the Trustee, and as further amended by the First Supplemental Trust Indenture Amendment Agreement, dated as of March 1, 1988, between the University and the Trustee, the \$42,500,000 The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1985 B, initially dated as of December 30, 1985 (the "Series 1985 B Bonds") (\$29,900,000 principal amount outstanding); and

WHEREAS the University has heretofore issued pursuant to a resolution adopted by its Board of Trustees on July 11, 1986 (the "Series 1986 A Bond Resolution"), the Original Indenture and the Second Supplemental Trust Indenture, dated as of July 15, 1986 (the "Second Supplemental Indenture"), between the University and the Trustee, the \$45,000,000 The Ohio State University General Receipts Bonds, Series 1986 A, dated as of July 15, 1986 (the "Series 1986 A Bonds") (\$39,125,000 principal amount outstanding); and

WHEREAS the University has heretofore issued pursuant to a resolution adopted by its Board of Trustees on July 11, 1986 (the "Series 1986 B Bond Resolution"), the Original Indenture and the Amended Third Supplemental Trust Indenture, dated as of August 1, 1986 (the "Third Supplemental Indenture"), between the University and the Trustee, the \$45,000,000 The Ohio State University Variable Rate Demand General Receipts Bonds, Series 1986 B, initially dated as of August 14, 1986 (the "Series 1986 B Bonds") (\$43,700,000 principal amount outstanding); and

WHEREAS the Board has determined that it is in the best interests of the University to authorize the issuance of The Ohio State University General Receipts Bonds, Series 1990 (the "Series 1990 Bonds") in a principal amount not to exceed Fifty-Six Million Dollars (\$56,000,000), for the purpose of paying or reimbursing costs of the 1990 Project and paying costs and expenses associated with the issuance of the Series 1990 Bonds; and

WHEREAS, the University desires to make provision for the issuance of the Series 1990 Bonds and for the payment of the Bond Service Charges thereon and the securing thereof by this Resolution and a Fourth Supplemental Trust Indenture (the "Fourth Supplemental Indenture") herein authorized:

NOW THEREFORE

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE OHIO STATE UNIVERSITY, as follows:

Section 1. Definitions and Interpretations. All words and terms defined in the Original Indenture and all interpretations therein provided shall have in this Resolution the same meanings, respectively, and be subject to the same interpretations as therein provided or used, unless the context or use clearly indicates another or different meaning or intent, except that this Resolution, together with the Certificate of Award provided for in Section 3 hereof, is sometimes herein called and may be known as the "Series 1990 Bond Resolution." The Bonds authorized by this Resolution are referred to herein and in the Fourth Supplemental Indenture as the "Series 1990 Bonds." Terms not appearing in the Original Indenture but used herein are defined as follows:

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

"Bond proceedings" means the Series 1985 A Bond Resolution, the Original Indenture, any applicable Series Resolution, any applicable Supplemental Indenture, any applicable Certificate of Award and other resolutions and agreements and amendments of and supplements to the foregoing, or any combination thereof, authorizing or providing for the terms and conditions applicable to, or providing for the security or sale of Bonds, and the terms contained in such Bonds.

"Book Entry System" means a system under which (a) a physical Series 1990 Bond certificate in fully registered form is issued for each maturity of Series 1990 Bonds only to a Depository or its nominee as registered owner, with the Series 1990 Bond held by and "immobilized" in the custody of the Depository, and (b) a book entry record, maintained by and the responsibility of others than the University, is the record that identifies, and records the transfer of the interests of, the owners of book entry interests in such Series 1990 Bonds.

"Certificate of Award" means the Certificate of Award authorized pursuant to Section 3 of this Resolution.

"Code" means the Internal Revenue Code of 1986, as amended, and the applicable income tax regulations thereunder.

"1990 Construction Fund" means the fund held by the Trustee created pursuant to Section 5 of this Resolution and funded with the proceeds of the Series 1990 Bonds.

"Contract of Purchase" means the Contract of Purchase between the Original Purchasers and the University, authorized pursuant to Section 3 hereof.

"Depository" means any securities depository that is a clearing agency under federal law operating and maintaining, with its participants or otherwise, a Book Entry System to record ownership of book entry interests in obligations, and includes and means initially as to the Series 1990 Bonds, The Depository Trust Company (a limited purpose trust company), New York, New York.

"Mandatory sinking fund requirements" means amounts required by this Resolution to be deposited into the Bond Fund in any year for the purpose of retiring principal maturities of the Series 1990 Bonds which by the terms of such Bonds are due and payable, if not called for prior redemption, in any subsequent fiscal year of the University.

"Official Statement" means, as to the Series 1990 Bonds, the Official Statement including, without limitation, the Preliminary Official Statement, relating to the original issuance of the Series 1990 Bonds, authorized pursuant to Section 3 hereof.

"Original Purchasers" means, as to the Series 1990 Bonds, Prudential-Bache Capital Funding, New York, New York, John Nuveen & Co. Incorporated, Chicago, Illinois, The Ohio Company, Columbus, Ohio, The Huntington Company, Columbus, Ohio and WR Lazard, Laidlaw & Mead Incorporated, New York, New York.

"Paying Agent" means the Trustee.

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

"1990 Project" means (i) replacement, renovation and modernization of the transformers/electrical system; (ii) restoration of Ohio Stadium; (iii) construction of a North Facility maintenance building; (iv) renovation and modernization of the St. John Arena roof; (v) replacement of the Ohio Stadium turf; (vi) acquisition and installation of the St. John Arena scoreboard; (vii) development of athletic intramural fields; (viii) construction of an addition to the Arps parking ramp; (ix) construction and remodeling of the main bookstore; (x) renovation and modernization of the water purification system and McCracken Power Plant; (xi) renovation and remodeling of the Ohio Unions; (xii) renovation and remodeling of the Faculty Club; (xiii) construction of the Biotechnology Research Center; (xiv) construction of a Magnetic Resonance Imaging Facility; (xv) construction of a food freezer addition to the Stores facility; (xvi) repairing and upgrading two floors of the Morrill Tower Residence Hall; and (xvii) replacing windows in the North Residence Halls, each of (i) through (xvii) constituting a University Facility.

"Series 1990 Bond Resolution", or "this Resolution" as used herein, means this Resolution, as the same may be amended from time to time in accordance with the provisions of the Indenture.

"Series 1990 Bonds" means The Ohio State University General Receipts Bonds, Series 1990.

"Trustee" means The Huntington National Bank, Columbus, Ohio, and any successor Trustee as determined or designated under or pursuant to the Original Indenture.

Any reference herein to the University, the Board, or to any members or officers thereof or to other public boards, commissions, departments, institutions, agencies, bodies, entities or officers, shall include those which succeed to their functions, duties or responsibilities pursuant to or by operation of law or who are lawfully performing their functions. Any reference to a section or provision of the Ohio Revised Code or to the laws of Ohio shall include such section or provision and such laws as from time to time amended, modified, revised, supplemented, or superseded, provided that no such amendment, modification, revision, supplementation, or supersession shall alter the obligation to pay the Bond Service Charges in the amount and manner, at the times, and from the sources provided in this Resolution, the Original Indenture and the Fourth Supplemental Indenture, except as otherwise herein permitted.

Unless the context shall otherwise indicate, words importing the singular number shall include the plural number, and vice versa, and the terms "hereof," "herein," "hereby," "hereto," "hereunder," and similar terms, mean this Resolution.

Section 2. Authorization; Terms; Pledge; and Covenant.

(a) Authorization. The Series 1990 Bonds shall be designated and known as The Ohio State University General Receipts Bonds, Series 1990 (the "Series 1990 Bonds"), and shall be issued pursuant to and as authorized by the Act, Section 2i of Article VIII of the Ohio Constitution, the Series 1985 A Bond Resolution, this Resolution, the Original Indenture and the Fourth Supplemental Indenture for the purposes of financing costs of the University Facilities comprising the 1990 Project and paying costs and expenses incidental to the issuance of the Series 1990 Bonds.

(b) Form and Numbering. The Series 1990 Bonds shall be issued only as fully registered bonds. The Series 1990 Bonds shall be numbered as determined by the Trustee.

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

(c) Denominations and Dates. The Series 1990 Bonds shall be in denominations of \$5,000 and integral multiples thereof and shall be dated April 1, 1990.

(d) Principal Amount. The aggregate principal amount of the Series 1990 Bonds shall be specified in the Certificate of Award. The aggregate principal amount of the Series 1990 Bonds shall not exceed Fifty-Six Million Dollars (\$56,000,000).

(e) Delivery and Execution. The Treasurer (as defined in the Original Indenture) is hereby authorized to make the necessary arrangements with the Original Purchasers to establish the date, location, procedures and conditions for the delivery of the Series 1990 Bonds to the Original Purchasers and to take all steps as necessary to effect due execution, authentication and delivery of the Series 1990 Bonds to the Original Purchasers under the terms of this Resolution. The Series 1990 Bonds shall be signed by the Chairman of the Board (the "Chairman") and the Treasurer in their official capacities (provided that both of the signatures may be facsimiles) and shall bear the corporate seal of the University or a facsimile thereof.

(f) Interest and Maturities.

(i) The Series 1990 Bonds shall bear interest on their unpaid principal amounts, payable semi-annually on June 1 and December 1 (the "Interest Payment Dates"), beginning December 1, 1990, at the percentage rate or rates per annum set forth in the Certificate of Award (established pursuant to Section 3 hereof). Such rate or rates shall in no event produce an average interest rate for the Series 1990 Bonds in excess of nine percent (9%) per annum.

(ii) The Series 1990 Bonds shall mature not later than December 1, 2010 and in such annual amount or amounts as are provided for in the Certificate of Award.

(iii) Any mandatory redemption of Series 1990 Bonds of certain maturities prior to maturity, pursuant to any mandatory sinking fund requirements, shall be as provided in the Certificate of Award. Notice of call for mandatory sinking fund redemption of the Series 1990 Bonds shall be given in the manner provided in the Original Indenture.

(iv) Certain maturities of the Series 1990 Bonds, if so provided for in the Certificate of Award, shall be subject to optional redemption at the option of the University prior to stated maturity, in whole or in part, but if in part, only in installments of \$5,000 principal amount of such Bond or integral multiples thereof, in accordance with the terms, conditions, redemption prices and on the dates set forth in the Certificate of Award. Notice of call for and other terms and provisions governing redemption of the Series 1990 Bonds shall be given in the manner provided in the Original Indenture. At no time shall the redemption price on any Series 1990 Bond, exclusive of accrued interest, exceed one hundred and two percent (102%) of the principal amount of such Bond to be redeemed.

(g) Security. As provided in the Original Indenture and the Fourth Supplemental Indenture, there is hereby pledged to the security of the Series 1990 Bonds and for the payment of the Bond Service Charges on the Series 1990 Bonds, (i) the gross amount of General Receipts of the University (subject to the provisions for the partial release of a pledge of General Receipts contained in Section 4.11 of the Original Indenture) and (ii) the monies contained in the Special Funds (as defined in the Original Indenture and clarified in the Fourth Supplemental Indenture), but excluding the Bond Reserve Fund. Anything else to the contrary in the Original Indenture, the Series 1985 A Bond Resolution, the Fourth Supplemental Indenture or this Resolution

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

notwithstanding, the Series 1990 Bonds shall not have access to or any claim upon the Bond Reserve Fund.

The pledge of General Receipts in the immediately preceding paragraph shall be on a parity with expenses, claims and payments relating to other Parity Obligations (as defined in the Original Indenture) and in priority to all other expenses, claims and payments of the University. In accordance with the Act, all General Receipts or portions thereof are immediately subject to the lien of the pledge upon receipt thereof by the University, and such pledge creates a perfected security interest without necessity for prior separation, physical delivery, filing or recording or further act.

For the further security of the Series 1990 Bonds, and any Additional Bonds (as defined in the Original Indenture), the University hereby covenants with the bondholders and the Trustee that so long as any Series 1990 Bonds or Additional Bonds are outstanding, the University shall fix, make, adjust and collect fees, rates, rentals, charges, and other items of General Receipts, as will produce at all times General Receipts sufficient (i) to pay Bond Service Charges when due, (ii) together with other monies lawfully available therefor, to pay all costs and expenses required to be paid under the Bond proceedings, and (iii) together with other monies lawfully available therefor, to pay all other costs and expenses necessary for the proper maintenance and successful and continuous operation of the University.

(h) Payment, Places of Payment and Paying Agents. The principal of and any redemption premium on any Series 1990 Bond when due shall be payable to the registered holder upon presentation and surrender thereof at the principal corporate trust office of the Trustee. Interest on Series 1990 Bonds shall be payable by check or draft mailed by the Trustee as provided in the Original Indenture; provided, however, that interest on Series 1990 Bonds aggregating \$1,000,000 or more in principal amount registered in the name of a single holder shall be paid by wire transfer in immediately available funds to such account, if any, as such holder directs in writing to the Trustee at least ten (10) days prior to any Interest Payment Date, such payment by wire transfer pursuant to that direction continuing in effect as to subsequent Interest Payment Dates until such time as the holder notifies the Trustee to the contrary or until such time as such holder ceases to be a holder of the requisite principal amount of Series 1990 Bonds.

(i) Book Entry. The Series 1990 Bonds shall only be issued to a Depository for holding in a Book Entry System. Those Series 1990 Bonds shall be registered in the name of the Depository or its nominee, as registered owner, and immobilized in the custody of the Depository; and shall not be transferable or exchangeable, except for transfer to another Depository or to another nominee of a Depository, without further action by the Issuer. There shall be a single Series 1990 Bond for each maturity of Series 1990 Bonds.

If any Depository determines not to continue to act as a Depository for the Series 1990 Bonds for holding in a Book Entry System, the University may attempt to have established a securities depository/Book Entry System relationship with another qualified Depository. If the University does not or is unable to do so, the University, after making provision for notification of the owners of book entry interests by appropriate notice to the then Depository and any other arrangements it deems necessary, shall permit the withdrawal of the Series 1990 Bonds from the Depository, and authenticate and deliver the Series 1990 Bond certificates, in fully registered form to the assigns of the Depository or its nominee (if such Bond was held by a nominee), all at the cost and expense (including costs of printing or otherwise preparing and delivering replacement Series 1990 Bonds) of the University. Series 1990 Bond certificates authenticated and delivered pursuant to this paragraph shall be in the denomination of \$5,000 or any integral

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

multiple thereof but not exceeding the principal amount of the outstanding Series 1990 Bonds maturing on any one date.

Section 3. Contract of Purchase; Certificate of Award; Official Statement. The Series 1990 Bonds are sold and awarded to the Original Purchasers in accordance with the Contract of Purchase at the purchase price (not less than ninety-nine percent (99%) of the aggregate principal amount of the Series 1990 Bonds, plus accrued interest) provided in the Certificate of Award. The form of Contract of Purchase now on file with the Secretary of the Board is hereby approved, together with any changes therein and completions thereof which are not inconsistent with this Resolution and not substantially adverse to the University, and as are permitted by the Act and approved on behalf of the University by the Chairman or the Treasurer. The approval on behalf of the University of those changes and completions by the Chairman or the Treasurer, and the status of those changes as not substantially adverse to the University, shall be conclusively evidenced by the execution of the Contract of Purchase on behalf of the University by the Chairman or the Treasurer. It is determined hereby that the purchase price and the manner of sale and the terms of the Series 1990 Bonds, as provided in this Resolution, are consistent with all legal requirements and will carry out the public purposes of the Act.

The sale and award of the Series 1990 Bonds shall be further evidenced by the Certificate of Award. The Certificate of Award is hereby authorized and shall be executed by the Chairman or the Treasurer. The Certificate of Award shall state or confirm the aggregate principal amount of the Series 1990 Bonds, the purchase price of such Bonds, the interest rate or rates with respect to each maturity of such Bonds, the annual principal amount or amounts of such Bonds becoming due, the maturity dates, any mandatory sinking fund requirements and the optional redemption provisions, all as determined in accordance with the provisions of this Resolution and the Contract of Purchase. The Certificate of Award shall also contain such other data or provisions as the Chairman or the Treasurer determines are appropriate or necessary, and as are consistent with this Resolution, the Original Indenture, the Fourth Supplemental Indenture and the Contract of Purchase. The Certificate of Award shall be deemed a part of this Resolution in connection with the authorization, issuance and sale of the Series 1990 Bonds.

The use and distribution of the Preliminary Official Statement and the Official Statement relating to the Series 1990 Bonds by the Original Purchasers is hereby approved and authorized. The Official Statement, substantially in the form of the Preliminary Official Statement now on file with the Secretary of the Board, shall be executed by the Chairman or the Treasurer in his official capacity on behalf of the University with any modifications, changes and supplements necessary or desirable for the purposes thereof which the Chairman or the Treasurer shall approve. The Board has not confirmed, and assumes no responsibility for, the accuracy, sufficiency or fairness of the statements in the Preliminary Official Statement or the final Official Statement under the caption "UNDERWRITING."

Section 4. Allocation of Proceeds. The proceeds from the sale of the Series 1990 Bonds, including any accrued interest, shall be allocated, deposited and applied as follows:

- (i) To the Bond Fund, accrued interest received on the sale of the Series 1990 Bonds;
- (ii) To the 1990 Construction Fund, created pursuant to Section 5 of this Resolution, the entire remaining amount of the proceeds, to be applied to the purposes of that Fund, including transfers from that Fund authorized by the Act to pay costs and expenses associated with the issuance of the Series 1990 Bonds.

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

Section 5. 1990 Construction Fund. There is hereby created by the University and ordered maintained a separate fund with the Trustee designated the "1990 Construction Fund." The 1990 Construction Fund shall be funded from the proceeds of the sale of the Series 1990 Bonds (the "Sale Proceeds"). The Sale Proceeds shall be used for the payment or reimbursement of all costs and expenses relating to the 1990 Project, and costs and expenses associated with the issuance of the Series 1990 Bonds. Investment earnings on the Sale Proceeds may, at the direction of the University, be transferred to the Bond Service Account in the Bond Fund (both terms as defined in the Original Indenture) to be used to pay Bond Service Charges on the Series 1990 Bonds. Payments from the 1990 Construction Fund for the purpose of paying costs and expenses relating to the 1990 Project and Additional Projects (as hereinafter defined) shall be made in accordance with the procedures provided in Section 9 of the Series 1985 A Bond Resolution.

Monies remaining in the 1990 Construction Fund (including investment earnings thereon which have not been used to pay Bond Service Charges, as described in the preceding paragraph) after receipt by the Trustee of a certificate of completion (as described in Section 9 of the Series 1985 A Bond Resolution) and after payment or provision for payment in full of costs and expenses relating to the 1990 Project, shall, at the direction of the University, be applied by the Trustee to fund additional projects constituting University Facilities (the "Additional Projects").

The completion of the acquisition, construction, furnishing, equipping and improving of the Additional Projects shall be evidenced by the filing with the Trustee of a certification in writing signed by the Treasurer, which certification shall state that all costs and expenses incurred in connection with the acquisition, construction, furnishing, equipping and improving of the Additional Projects and payable out of the 1990 Construction Fund have been paid and discharged, except for such costs and expenses which the Treasurer certifies are not then due and payable.

Section 6. Application of Bond Proceeds. The University covenants that the use of the proceeds of the Series 1990 Bonds will be restricted in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time of delivery of and payment for the Series 1990 Bonds, so that the Series 1990 Bonds will not constitute "arbitrage bonds" under Section 103(c) of the Internal Revenue Code of 1986, as amended (the "Code"). The Treasurer of the University, or any other officer having responsibility with respect to the issuance of the Series 1990 Bonds, alone or in conjunction with any other officer or employee of or consultant to the University, will give an appropriate certificate of the University for inclusion in the transcript of proceedings for the Series 1990 Bonds setting forth the reasonable expectations of the University regarding the amount and use of all those proceeds and the facts and estimates on which they are based, all as of the date of original delivery of and payment for the Series 1990 Bonds.

The University further covenants that it will take all actions required to maintain the exemption from federal income tax of interest on the Series 1990 Bonds, and will not take any actions which would adversely affect such exemption under the provisions of federal tax laws or applicable regulations that apply to the Series 1990 Bonds; and the Chairman or the Treasurer and other appropriate officers are hereby authorized to take such actions and give such certifications as may be appropriate to assure such tax exemption of interest on the Series 1990 Bonds.

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

Section 7. Penalty in Lieu of Rebate.

(a) Construction Bonds. The University hereby represents that at least seventy-five percent (75%) of the net proceeds (as hereinafter defined) of the Series 1990 Bonds are to be used for construction expenditures with respect to property which is to be owned by a governmental unit in accordance with the provisions of Section 148(f)(4)(B)(iv)(IV) of the Code.

(b) Election of Rebate Penalty. The University hereby elects the application of subclause (V) of Section 148(f)(4)(B)(iv) of the Code which provides for the payment of a penalty in lieu of any rebate payments which would otherwise be due in connection with the investment of the proceeds of the Series 1990 Bonds. As a result of this election, the requirements of paragraph 2 of Section 148(f) of the Code shall be treated as met if the University (i) pays the penalty under paragraph (7) of Section 148(f) of the Code or (ii) pays a penalty with respect to the close of each six month period after the date the Series 1990 Bonds are issued equal to one and one-half percent (1 1/2%) of the amount of the net proceeds of the issue which, as of the close of such period, are not spent as required by subclause (II) of Section 148(f)(4)(B)(iv) of the Code. Subclause (II) of Section 148(f)(4)(B)(iv) of the Code requires the net proceeds of the Series 1990 Bonds to be spent for the governmental purposes of the issue within the following time periods in order to avoid the penalty described in the preceding sentence: ten percent (10%) or more of the net proceeds must be spent within the six month period beginning on the date the Series 1990 Bonds are issued, forty-five percent (45%) or more of the net proceeds must be spent within one year beginning on such date, seventy-five percent (75%) or more of the net proceeds must be spent within the eighteen month period beginning on such date, and one hundred percent (100%) of the net proceeds must be spent within the two year period beginning on such date; provided, however, one hundred percent (100%) of the net proceeds shall be deemed to be spent within such two year period if all of the net proceeds are spent within three years from the date the Series 1990 Bonds are issued and if one hundred percent (100%) would have been spent in such two year period but for a reasonable retainage (not exceeding five percent (5%) of the net proceeds to the Series 1990 Bonds). For the purposes of the preceding sentence, the term "net proceeds" includes investment proceeds earned before the close of the period involved on the investment of the sale proceeds of the issue. The University hereby acknowledges that the election pursuant to this paragraph (b) is irrevocable.

(c) Compliance with Obligations. The obligations of the University under this Section 7 may change from time to time to reflect changes in the law; provided, however, prior to deviating from the provisions of this paragraph, the University shall obtain an opinion of Bond Counsel that any such deviation will not cause the interest on the Series 1990 Bonds to be includable in gross income for federal income tax purposes. The Trustee shall keep all records as are necessary and proper in connection with the requirements of this Section 7.

Section 8. Further Covenants. In addition to the covenants elsewhere contained herein, the University further covenants as provided in Section 13 of the Series 1985 A Bond Resolution, which covenants are incorporated herein as if fully set forth herein.

Section 9. Fourth Supplemental Indenture. In order to better secure the payment of the Bond Service Charges as the same shall become due and payable, the Chairman, the President of the University, the Secretary of the Board and the Treasurer, or any one or more of them, are authorized and directed to execute, acknowledge and deliver to the Trustee, in the name and on behalf of the University and pursuant to the Indenture, the Fourth Supplemental Indenture, in substantially the form submitted to this Board and hereby approved, with such changes therein as are not substantially adverse to the University and as may be permitted by the Act and approved by the officers executing the same on behalf of the University. The Fourth Supplemental

**AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS BONDS,
SERIES 1990 OF THE OHIO STATE UNIVERSITY (contd)**

Indenture shall also include the form of the Series 1990 Bonds. The execution of such document by any of the officers shall conclusively evidence that the officers and the Board approve such changes and that such changes are not substantially adverse to the University. Such officers are each further authorized to execute and deliver on behalf of the University such other certificates, documents and instruments as are necessary in connection with the acts authorized by this Resolution.

Section 10. Text of Resolution. The text of this Resolution authorizing the issuance and sale of the Series 1990 Bonds and related acts by the University may be changed for the purpose of curing any ambiguity, inconsistency or formal defect or omission in this Resolution or in respect of this Resolution as it relates to the Indenture, the Fourth Supplemental Indenture, the Certificate of Award, the Form of Bond, the Contract of Purchase or the Official Statement. Such changes shall be subject to the approval of any one of the officers (referred to in Section 8 above) as being changes not substantially adverse to the University or contrary to the true intent and meaning hereof and the approval by any one of such officers shall conclusively evidence that such changes are not substantially adverse to the University. Such changes must also be acceptable to Bond Counsel (as defined in the Original Indenture).

Section 11. Open Meeting Determination. It is found and determined that all formal actions of the Board concerning and relating to the adoption of this Resolution were adopted in an open meeting of the Board, and that all deliberations of the Board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Revised Code.

Section 12. Effective Date. This Resolution shall take effect and be in force immediately upon its adoption. Reference shall be made to the Original Indenture and the Fourth Supplemental Indenture concerning matters not specifically addressed in this Resolution.

Upon motion of Mr. Kessler, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Thereupon the Board adjourned to meet Wednesday, May 2 and Thursday, May 3, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

MEMORANDUM

Subject: Proxy Solicitations
Date: March 30, 1990
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of March 1990, the University voted 101 proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Ratification of independent auditors;
- 3) Amendment to fix the number of directors;
- 4) Approval of a long-term incentive plan;
- 5) Adoption of a deferred unit stock plan;
- 6) Amendment to a stock option plan;
- 7) Amendment to increase number of authorized shares of common stock;
- 8) Adoption of an employee stock purchase plan;
- 9) Ratification of an equity incentive plan;
- 10) Approval of a restricted stock plan for non employee directors;
- 11) Approval of a new investment advisory agreement;
- 12) Amendment to classify the Board of Directors; eliminate shareholder action by written consent and require 80% affirmative vote to change the number of directors and change this amendment;
- 13) Approval of a stock option plan;
- 14) Amendment to change the company name;
- 15) Adoption of a retention stock plan;
- 16) Amendment to limit the financial liability of the directors;
- 17) Approval of a stock option plan for non-employee directors;
- 18) Adoption of a stock option and incentive plan;
- 19) Approval of a restricted stock plan for senior executives;
- 20) Ratification of an employee stock bonus plan.
- 21) Approve reinstatement of 1987 Stock Option Plan;
- 22) Approval to convert the Savings Incentive Plan to a profit sharing plan;
- 23) Authorize new class of Preferred Stock;
- 24) Ratify 1990 Long-Term Performance Plan;
- 25) Amend 1981 Long-Term Incentive Plan and 1981 Incentive Stock Option Plan;
- 26) Approve a by-law that protects directors from being removed without a majority vote;
- 27) Amend articles of Incorporation to conform with the new Pennsylvania Business Corporation Law;
- 28) Approval to increase shares for the 1988 long-term incentive plan.

The shareholder proposals were as follows:

- 1) Terminate all business and economic relationships with the Republic of South Africa;
- 2) Sever all ties with South Africa; negotiate disinvestment with workers and unions prior to action; relocate in frontline states in order to isolate South Africa;
- 3) Remove accounts in South Africa; not convert South Africa dealings into exit loans; provide no trade to South African economy;
- 4) Require a vote on the 1986 shareholder rights plan;
- 5) Enact confidential shareholder voting;
- 6) Reinstate annual election of all directors;
- 7) Implement the MacBride principles;
- 8) Institute cumulative voting for the election of directors;
- 9) Require a published report on all employees with prior government service;
- 10) Establish a committee to review Northern Ireland operations;
- 11) Require a report outlining the status of environmental objectives;
- 12) Allow for the rotation of the annual meeting site;
- 13) Require additional reporting of corporate officers whose salary exceeds \$100,000;
- 14) Refrain from making loans to the USSR and any of its allied Marxist countries;
- 15) Vote tabulation be conducted by a third party;
- 16) Restore limited pre-emptive rights to shareholders;
- 17) Phase out Affirmative Action Program directed toward recruiting particular racial or ethnic groups;
- 18) Refrain from supporting any organizations that endorse, counsel or perform abortions;
- 19) Adopt a policy and report annually the use of animals for testing products;
- 20) Adopt a policy regarding the promotion of baby formula;
- 21) Nominate directors through the annual shareholder meeting notice;
- 22) Limit terms of non-employee directors;
- 23) Approve Share Purchase Rights Plan;
- 24) Amendment to by-laws regarding majority voting at shareholder meetings;
- 25) Report on nuclear business;
- 26) Implement plan regarding hazardous waste;
- 27) Assure products are modified so they don't harm the ozone layer or atmosphere;
- 28) Require directors to hold at least 2,000 shares;
- 29) Require Company to study advertising of products and children's responses;
- 30) Require Company to stop dealing in tobacco products.

The University voted for all Management proposals and against all shareholder proposals, except for Numbers 1, 2 and 3. Additionally, Management opposed all shareholder proposals.

The 101 corporations were:

- 1) Alexander & Baldwin, Incorporated
- 2) American Electric Power Company, Incorporated
- 3) American Home Products Corporation
- 4) American Telephone & Telegraph
- 5) American Information Technologies Corporation
- 6) Anadarko Petroleum Corporation
- 7) Anheuser-Busch Companies, Incorporated
- 8) Aon Corporation
- 9) Avery International Corporation
- 10) Ball Corporation
- 11) Bancorp Hawaii, Incorporated
- 12) Bankers Trust New York Corporation
- 13) The Bank of New York Company, Incorporated
- 14) Banc One Corporation
- 15) Barnett Banks, Incorporated
- 16) Bausch & Lomb, Incorporated
- 17) Bell Atlantic Corporation
- 18) Betz Laboratories, Incorporated
- 19) BellSouth Corporation
- 20) Blair Corporation
- 21) The Boeing Company
- 22) Boise Cascade Corporation
- 23) Borden, Incorporated
- 24) Bristol-Myers Squibb Company
- 25) Browning-Ferris Industries, Incorporated
- 26) Cincinnati Bell, Incorporated
- 27) Citicorp
- 28) Claircor, Incorporated
- 29) The Coca-Cola Company
- 30) Consolidated Freightways, Incorporated
- 31) Cooper Industries
- 32) Cooper Tire & Rubber Company
- 32) CoreStates
- 33) Corning Incorporated
- 34) CPC International, Incorporated
- 35) Crompton and Knowles Corporation
- 36) Cummins Engine Company, Incorporated
- 37) Dover Corporation
- 38) The Dun and Bradstreet Corporation
- 39) First Virginia Banks, Incorporated
- 40) Fleet/Norstar Financial Group
- 41) Fleming Companies, Incorporated
- 42) Flight Safety International

- 43) Fluor Corporation
- 44) Gannett Company, Incorporated
- 45) General Electric Company
- 46) General Signal
- 47) Genuine Parts Company
- 48) Grumman Corporation
- 49) M.A. Hanna Company
- 50) John H. Harland Company
- 51) Hartmarx Corporation
- 52) Helmerich and Payne, Incorporated
- 53) Hershey Foods Corporation
- 54) Hillenbrand Industries
- 55) Huntington Bancshares, Incorporated
- 56) Intel Corporation
- 57) Interlake Corporation
- 58) International Business Machines
- 59) M/A-Com, Incorporated
- 60) Melville Corporation
- 61) Merck and Company, Incorporated
- 62) Millipore Corporation
- 63) MNC Financial, Incorporated
- 64) National City Corporation
- 65) NCR Corporation
- 66) Neuberger and Berman Guardian Fund
- 67) Novell, Incorporated
- 68) Pacific Telesis Group
- 69) Philip Morris Companies, Incorporated
- 70) PNC Financial Corporation
- 71) Quantum Chemical Corporation
- 72) Rowan Companies, Incorporated
- 73) R.R. Donnelley and Sons Company
- 74) Russell Corporation
- 75) Ryan's Steak Houses, Incorporated
- 76) The Sherwin-Williams Company
- 77) Shoney's Incorporated
- 78) Sonoco Products Company
- 79) Springs Mills
- 80) Square D Company
- 81) The Stanley Works
- 82) Sun Trust Banks, Incorporated
- 83) Tambrands, Incorporated
- 84) Teco Energy, Incorporated
- 85) Thomas and Betts
- 86) Times Mirror
- 87) UJB Financial

- 90) U.S. Home Corporation
- 91) United Telecommunications, Incorporated
- 92) The Valspar Corporation
- 93) VF Corporation
- 94) Watkins-Johnson Company
- 95) Weis Markets, Incorporated
- 96) Weyerhaeuser Company
- 97) Wells Fargo and Company
- 98) William Wrigley Jr. Company
- 99) Willamette Industries, Incorporated
- 100) Wilmington Trust
- 101) Yellow Frieht System Incorporated of Delaware

APPENDIX LXII

AMERIFLORA '92

Presented to the Agricultural Affairs Committee
April 6, 1990
(See page 918)

Office of the Vice President
for Agricultural Administration

Room 100
2120 Fyffe Road
Columbus, OH 43210-1099
Phone 614-292-6891

REPORT TO
AGRICULTURAL AFFAIRS COMMITTEE
BOARD OF TRUSTEES
April 6, 1990
AMERIFLORA '92

DIRECT UNIVERSITY SUPPORT

The Ohio State University has contributed to Ameriflora direct support in the amount of \$76,552 for FY 87, \$121,734 for FY 88, \$47,355 for FY 89 and an estimated \$50,000-\$60,000 for FY 90-FY 93. Most of this direct support is for the Director's university salary and benefits, plus temporary start up support during 1987-88 (see attached sheet).

BIO CONTAINMENT FACILITY

A plant bio containment facility will be constructed next to the Department of Horticulture greenhouses as a quarantine facility for all plants imported from foreign countries, especially root stocks. This is necessary to prevent pests and diseases from passing to American flowers and plants. This building will include a 3,370 sq. ft. containment facility with negative air pressure and filters for air and water. This room will meet all USDA regulations for containment. Also a regular greenhouse of 13,112 sq. ft. will be constructed. The entire facility will be encircled by a chain link security fence. The cost of \$2,225,000 is from state capital improvement funds. This is a minority set aside project. The University is providing full project coordination. The building will be used by the departments of Horticulture, Plant Pathology and Agronomy after the Ameriflora show. The building is designed to be an integral part of horticulture greenhouses.

DISCOVERY CENTER

The educational discovery center will be 18,000 sq. ft. of exhibit and theater space. The cost of \$4,500,000 is provided by state funds through the capital improvements bill. The University is only coordinating the project with Ameriflora. This building is currently in early architectural design stage with discussions on the Chadwick Arboretum use of the building after Ameriflora. Cost estimates to move the building from Franklin Park to the Arboretum are still being developed. A decision on the movement of the building will depend on cost and functionality at Chadwick.

COLLEGE OF AGRICULTURE AND UNIVERSITY PROGRAM

The College and University exhibits and educational programs will be in the center of the Discovery pavilion. The authorized university support for designing, constructing, and maintaining the exhibits is \$395,000.

Program Objectives

1. To support and participate in the Ameriflora '92 exposition by providing horticultural publications, educational information and programs to exposition visitors.
2. To establish presence and visibility for The Ohio State University at Ameriflora '92 through creative activities of the College of Agriculture.
3. To recruit prospective agriculture students and donors.
4. To help exposition visitors gain awareness, insights and appreciation for the many ways in which successful agricultural pursuits can improve the quality of life.

Physical Facilities

1968 square feet of the Discovery Center has been set aside for the College and University exhibits. This space will have a reception and information area, an audio visual area and the exhibits area.

Plan of Action

The program will run from April 19 - October 12, 1992, 176 days. Plans for the College and University exhibits will be completed by September 1, 1990 and exhibit construction completed by February 15, 1992.

Staffing

All volunteers for this project are from the College, Department of Horticulture, Community and Visitor Relations, Communication Services, Human Ecology and Biological Sciences. Over 1800 volunteers will be needed to staff the 176 days of the show.

Exhibits

Exhibits will focus on the importance of plants in our lives, the science of plants, agriculture, and the University.

The Ohio State University Expenses For AMERIFLORA

	1986-87	1987-88	1988-89	Total
Salaries & Wages (a)				
Director	36,192	38,016	39,552	113,760
Coordinator	7,166	28,360	44,850	80,376
Specials		14,272		14,272
Total Salaries	43,358	80,648	84,402	208,408
Employee Benefits	8,545	16,292	16,212	41,050
Supplies & Services				
Mailing			17	17
Equipment Rental	439	7,662	0	8,100
Rental of Space	11,895	11,719	13	23,626
Reproduction Service	112			112
Travel	6,950	5,413		12,364
Total Supplies	19,396	24,794	30	44,219
Equipment Purchases	5,253			5,253
Total Expenses	76,552	121,734	100,644	298,930
Amount Reimbursed (b)			53,289	53,289
Net Expenses	76,552	121,734	47,355	245,641

Expenses By Type Of Support:

General Funds				
Ameriflora	75,165	116,321	47,355	238,841
President's Reserve		5,413		5,413
Humanities (Quincy)	1,387			1,387
Total Gen Funds	76,552	121,734	47,355	245,641
Agency Fund			53,289	53,289
Total Expenses	76,552	121,734	100,644	298,930

(a) Salaries = Director, J Peterson; Coordinators, G Nuber, K Margard and L Holstein

(b) Reimbursement = salary and benefits for L Holstein

**ELECTION OF OFFICERS
BOARD OF TRUSTEES**

Resolution No. 90-107

Mr. Scott read the Nominating Committee's report in which the following slate of officers were recommended:

WHEREAS pursuant to paragraph (B) of rule 3335-1-02 of the Administrative Code, the officers of the Board are to be elected at the May meeting to take office immediately following adjournment of the meeting (May 3, 1990) and shall hold their office through the May 1991 meeting:

NOW THEREFORE

BE IT RESOLVED, That the following slate of officers for 1990-91 be elected:

Shirley Dunlap Bowser, Chairperson

Hamilton J. Teaford, Vice Chairperson

Madison H. Scott, Secretary

James L. Nichols, Treasurer

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

RESEARCH FOUNDATION REPORT

Mr. Barone:

Research Foundation grants and contracts for the month of March 1990 are shown in the Board Agenda Book. There are 125 awards listed which provide a gross income of \$11.2 million.

Funding for the first nine months of the fiscal year is 3 percent behind that of last fiscal year at this time.

May 3, 1990 meeting, Board of Trustees

RESEARCH FOUNDATION REPORT (contd)

Mr. Barone: (contd)

Some highlights of awards are:

\$533,000 from the National Science Foundation for a project to add new technology to math courses in Ohio schools.

\$280,000 from the National Cancer Institute to operate the Ohio Cancer Information Center.

\$100,000 from the National 4-H Council for a recycling project.

\$86,000 from the National Science Foundation for a joint study with Soviet scientists on climates in Alaska and Siberia.

Thank you. That concludes my report. Dr. Tom Sweeney is available to answer any specific questions you may have.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

On April 26, the Strategic Planning Committee of the Hospitals Board met to hear an analysis of the Hospitals' position measured by several criteria, included in the medical center's strategic plan. As Cathy Bruno, Administrator for Marketing and Planning, reviewed volume and market share trends with regard to overall admissions and selected Centers of Emphasis, we noted that based on the top 50 Diagnostic Related Groups (DRG's) in 1988, Ohio State University Hospitals had the lowest -- I repeat the lowest -- per diem charge to non-governmental payers in Columbus. So anyone that tells you we are expensive is wrong. We discussed the implications of being a low priced provider of healthcare services. Vice President Tzagournis has appointed a Clinical Productivity Committee to study medical staff practice patterns and identify areas where costs could be lowered without compromising the quality of services.

Dr. Kathryn Clausen reported on the College of Medicine's Strategic Planning activities, and Dr. David Cornwell presented a progress report on the College's Research Strategic Plan. I might say that I think the principle impetus in the development of all of these strategic plans by the Hospitals Board has been my colleague, Mrs. Bowser. And I think the Hospitals Board is greatly in her debt and, frankly, is going to miss her participation there.

The Hospitals Board's Executive Committee also met on April 26. After receiving reports from medical staff leadership, we reviewed the financial and statistical summary for the month of March. Patient activity was very high, with admissions up 14 percent from the previous month. Patient revenues and ancillary services were over budget for March; however, the recording of bad debts and expenses from previous years (totaling in excess of \$650,000), coupled with higher than budgeted expenses resulted in net income being \$500,000 lower than budgeted. A loss of \$900,000, as opposed to a budgeted loss of \$401,000. As for the rest of the year, we are about \$1.5 million off budget.

May 3, 1990 meeting, Board of Trustees

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

The Executive Committee received a brief report on development activities. We viewed a video tape of a recent segment aired on CBS Sunday Morning, which featured one of our oncology nurses and the special understanding that she has for our patients as a result of her own battle with cancer. We also received copies of the April 30 issue of the U.S. News and World Report, which I hope all of you have had a chance to see. In that magazine The Ohio State University Hospitals was recognized as one of America's 57 best hospitals. And we were especially highlighted for our rehabilitation services. We are the only hospital in Central Ohio identified on that list and one of only three in this State, one of which is a children's hospital in Cincinnati. I hope that this gets more publicity than I think it has gotten up to now, because it is a very significant thing for the University. It is particularly interesting when I report to you earlier that we are the least expensive hospital on a per diem basis in this area and one of the 57 best in the United States. That completes my report, Mr. Chairman.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee met this morning and heard the Endowment Portfolio report as presented by Mr. Rodack. As of April 20, 1990, the market value of the University endowment is \$299.9 million.

The Committee also heard a quarterly progress report on The Ohio State University Campaign. As of March 31, 1990, campaign receipts and expectancies totaled \$425 million, 122 percent of the campaign goal.

As an incidental item -- but we think it is important -- the students and their investment portfolio, although only two months old, are performing very well. We are pleased to see that happen. That concludes the report of the Investments Committee.

(See Appendix LXIV for complete context of The Ohio State University Endowment Summary, April 20, 1990, page 1039.)

(See Appendix LXV for chart of The Ohio State University Campaign Progress Report, March 31, 1990, page 1051.)

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

We heard a report from Dr. Charles Bender on Academic Computing. Academic Computing provides the overall direction for and implementation of centrally funded computing for the academic community at The Ohio State University through advice from two faculty committees, one for research and one for instruction. The committees report directly to the Provost, creating a mechanism for faculty involvement in the allocation of central computing resources.

ACADEMIC AFFAIRS COMMITTEE REPORT (contd)

Ms. Casto: (contd)

The mission of Academic Computing is to "provide overall direction for and implementation of all computing activities which the faculty and students require to satisfy their academic responsibilities."

Currently the IRCC, Academic Computing's "functional arm," operates:

five mainframe computers used heavily by faculty, staff and students for instruction, research, electronic mail, and electronic bulletin boards;

35 microcomputer labs used mainly for undergraduate instruction;

several workstation and/or graphic terminal sites used for both research and instruction; and

the SONNET campus network, necessary for connectivity within and outside the University.

Additionally, IRCC provides computer education services and basic consulting in research and instructional software and hardware options including local area network support. Trends show an increased demand for "distributed" services at Ohio State such as support for departmental/college equipment and coordination of software and hardware maintenance to take advantage of economies of scale.

In relation to the other Big 10 schools, it is probably fair to say that Ohio State is currently somewhere in the middle. Leaders such as Michigan, Indiana, and Purdue are increasing the number of public access seats, enhancing network connectivity among units, and externally encouraging student ownership of computers via discounts and other incentives, in addition to providing newer and more attractive mainframe services such as user friendly electronic mail interfaces and access to the library on-line. Several schools are financing these initiatives with student fees for computing.

At Ohio State the immediate challenges are developing some sort of support system for distributed equipment for the research community and providing for the significant increase in student seats necessary to implement the new General Education Curriculum. We estimate an increase from 800 to approximately 4000 public computers over the next four years. To respond, Academic Computing has undergone considerable redirection in the past 18 months in an attempt to meet the changing needs of the academic community.

The Committee is also recommending the following resolutions:

NEW DEGREE PROGRAM

Resolution No. 90-108

Synopsis: The Academic Affairs Committee recommended the approval of the establishment of a Master of Arts degree program in Women's Studies.

May 3, 1990 meeting, Board of Trustees

NEW DEGREE PROGRAM (contd)

WHEREAS members of the Graduate Faculty associated with the Center for Women's Studies have proposed a Master of Arts degree program in Women's Studies:

WHEREAS academic needs have been evidenced by the growth of women's studies as a vital intellectual field;

WHEREAS socio-economic factors have led to an increasing demand in public and private sectors for expertise in women's issues;

WHEREAS there is increased student demand for such a program;

WHEREAS Ohio State would be one of the first major institutions of higher education to establish the MA degree in Women's Studies;

WHEREAS the Master of Arts degree program in Women's Studies has been recommended by the Council for Research and Graduate Studies and approved by the University Senate at its April 7, 1990 meeting:

NOW THEREFORE

BE IT RESOLVED, That the proposal to establish a Master of Arts degree program in Women's Studies is hereby approved.

Upon motion of Ms. Casto, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

NEW DEGREE PROGRAM

Resolution No. 90-109

Synopsis: The Academic Affairs Committee recommended the approval of the establishment of a Ph.D. degree program in Oral Biology.

WHEREAS members of the Graduate Faculty associated with the College of Dentistry have proposed a Ph.D. program in Oral Biology; and

WHEREAS it is critical that graduate training programs be developed to focus on the key relationships between biological investigation and clinical practice; and

WHEREAS there is an increased appreciation for the role of the biological sciences in dentistry; and

WHEREAS the relatively low level of biomedical research oriented towards the oral system has retarded the advancement of biologically-based therapies for oral disease; and

WHEREAS a major barrier to substantial progress in treating oral disease has been the dearth of scientists that also have a meaningful understanding of clinical dentistry; and

May 3, 1990 meeting, Board of Trustees

NEW DEGREE PROGRAM (contd)

WHEREAS Ohio State is one of two institutions in the State of Ohio charged with the education of oral health practitioners and with the advancement of dental science in Ohio, but there is no Ph.D. program in Oral Biology in the State of Ohio; and

WHEREAS the Ph.D. degree program in Oral Biology has been recommended by the Council for Research and Graduate Studies and approved by the University Senate at its April 7, 1990 meeting:

NOW THEREFORE

BE IT RESOLVED, That the proposal to establish a Ph.D. degree program in Oral Biology is hereby approved.

Upon motion of Mr. Kessler, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

ESTABLISHMENT OF NEW DEPARTMENT

Resolution No. 90-110

Synopsis: The Academic Affairs Committee recommended the approval of the establishment of the Department of Emergency Medicine in the College of Medicine.

WHEREAS a number of faculty members of the Department of Preventive Medicine have requested the formation of a Department of Emergency Medicine in the College of Medicine; and

WHEREAS creation of a separate department of Emergency Medicine would have the approval of the remaining faculty members of the Department of Preventive Medicine; and

WHEREAS Emergency Medicine has been a specialty area since the late 1970's and has a body of knowledge distinct from Preventive Medicine; and

WHEREAS other units of Emergency Medicine within the country have been moving toward departmental status; and

WHEREAS recruitment of both faculty and students will be enhanced by the departmental status of Emergency Medicine; and

WHEREAS nine regular faculty and three regular clinical faculty of the Department of Preventive Medicine will be permitted to transfer to the Department of Emergency Medicine; and

WHEREAS the University Senate has approved the establishment of the Department of Emergency Medicine, created within the College of Medicine, as a tenure initiating unit on April 7, 1990:

NOW THEREFORE

May 3, 1990 meeting, Board of Trustees

ESTABLISHMENT OF NEW DEPARTMENT (contd)

BE IT RESOLVED, That the proposal to establish the Department of Emergency Medicine in the College of Medicine, effective July 1, 1990, is hereby approved.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 90-111

Synopsis: The Academic Affairs Committee recommended amendments to rule 3335-5-19 and 3335-5-4811 of the Rules of the University Faculty.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on March 3 and April 7, 1990, as follows:

AMENDED RULES

3335-5-19 Faculty.

As used in these rules the term "faculty" shall include persons appointed by the board of trustees with regular, regular clinical, auxiliary, and emeritus faculty titles on full- or part-time appointments, with or without salary.

- (A) "Regular faculty": persons with the titles of professor, associate professor, assistant professor, and instructor who serve on appointments totaling fifty per cent or more service to the university.
- (B) "Regular clinical faculty": persons with the titles of professor of clinical (department or college), associate professor of clinical (department or college), assistant professor of clinical (department or college), and instructor of clinical (department or college), who serve on appointments totaling fifty per cent or more service to the university. Regular clinical faculty appointments are made only in the college of dentistry, the college of optometry, the departments of veterinary clinical sciences and veterinary preventive medicine in the college of veterinary medicine, and the following departments in the college of medicine: anesthesiology, emergency medicine, family medicine, internal medicine, neurology, obstetrics and gynecology, ophthalmology, otolaryngology, pathology, pediatrics, physical medicine, preventive medicine, psychiatry, radiology, and surgery.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

The number of persons holding regular clinical faculty titles in each department or college cannot be greater than one-third the number of persons holding regular faculty titles in that department or college. Individuals appointed to the regular clinical faculty are limited to participating in governance at the departmental and college levels, but may not participate in promotion and tenure matters of regular faculty.

Balance unchanged.

3335-5-4811 Fiscal committee.

(A) Membership.

The fiscal committee shall consist of sixteen members.

(1) Eight regular faculty members.

(a) Six regular faculty at least two of whom are members of the senate, elected by the faculty council. The term of service is three years.

(b) Two regular faculty appointed by the president. The term of service is three years.

(2) Four students.

(a) One graduate student selected by the council of graduate students. The term of service is two years.

(b) One professional student selected by the inter-professional council. The term of service is two years.

(c) Two undergraduate students at least one of whom is a member of the senate, selected by the undergraduate student government. The term of service is two years, and one member shall be appointed each year.

(3) Two staff members appointed by the president for three-year terms.

(4) Two administrators appointed by the president. These members are non-voting.

Balance unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

Mr. Shumate:

Mr. Chairman, I would just like to note that I have made a request, and the Provost has agreed, that as a matter of general procedure when the Board votes on Rule changes, I have requested that there be an impact statement prepared for the Board before we enter into those votes. I would like to ask the Secretary to monitor that.

May 3, 1990 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Upon motion of Ms. Casto, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

UNIVERSITY HOSPITALS BOARD APPOINTMENT

Resolution No. 90-112

Synopsis: The Academic Affairs Committee recommended the confirmation and approval of a nominee to the University Hospitals Board.

WHEREAS the Board of Trustees on November 30, 1979, approved the establishment of a University Hospitals Board; and

WHEREAS the membership of the Hospitals Board was approved on April 4, 1980, and has been subsequently amended; and

WHEREAS the term of a general public member of the Hospitals Board has expired:

NOW THEREFORE

BE IT RESOLVED, That the following nominee be approved as a general public member of the University Hospitals Board, effective immediately, for a term ending April 30, 1993:

Leonard J. Immke

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

HOSPITALS BOARD APPOINTMENT

Resolution No. 90-113

Synopsis: The Academic Affairs Committee recommended the approval of emeritus status to a Hospitals Board member.

WHEREAS pursuant to bylaw 3335-93-01 of the University Hospitals Board Bylaws, the Board of Trustees may designate emeritus Hospitals Board members; and

WHEREAS Morris S. Rosenblum, M.D., is an alumnus and long-time ardent supporter of The Ohio State University and its College of Medicine; and

WHEREAS having served three full terms as a member of the Hospitals Board he has brought honor to himself and to his alma mater; and

WHEREAS his dedicated service, commitment and contributions to the Hospitals Board have been noteworthy:

May 3, 1990 meeting, Board of Trustees

HOSPITALS BOARD APPOINTMENT (contd)

NOW THEREFORE

BE IT RESOLVED, That upon the recommendation of the Hospitals Board and the President, the title of Hospitals Board Member Emeritus be conferred upon Dr. Morris S. Rosenblum, effective May 1, 1990.

Upon motion of Ms. Casto, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Honorary Degrees

Background

Hildegard E. Peplau

Dr. Hildegard E. Peplau is Professor Emerita and former Director of the Graduate Program, Psychiatric Nursing and College of Nursing, Rutgers, The State University of New Jersey. That tenure involved 20 years of teaching, research, and service. Her career, spanning a half-century, began at the Pottstown Hospital Training, School for Nurses in Pennsylvania in 1931. Shortly after, she studied at Bennington College with outstanding scholars in the behavioral sciences, such as Eric Fromm and Frieda Fromm-Reichman, and was awarded a B.A. from Bennington in 1943. After an army tour of duty during World War II, she studied at Teachers College, Columbia University, and received the M.A. and Ed.D. degrees. This placed Dr. Peplau in the very first, yet very small, group of nurses prepared to teach advanced psychiatric nursing.

In 1952 her book, Interpersonal Relations in Nursing, became the first modern nursing theory. In that work she developed conceptual and operational definitions of phenomena critical to practice; thereby she "invented" the field of modern psychiatric nursing by identifying a body of knowledge basic to the practice of psychiatric nursing and, in fact, basic to nursing itself. Her view of the interpersonal nature of the nursing transaction has been widely disseminated throughout the world. It is taken as second nature by all nursing students and practitioners today. Her theoretical formulations made an enormous difference to patient care since it enabled nurses to go beyond impression and move toward understanding of patients and family interaction. Most, if not all, nursing theories that guide practice, particularly psychiatric nursing practice, have their roots in Peplau's work.

Dr. Peplau has lectured extensively throughout the world and her innovative graduate programs have been widely replicated. Graduates of her programs and others whom she has mentored have become leaders in the fields of psychiatric nursing and mental health. Dr. Peplau has had a great impact on the development of psychiatric nursing worldwide. She generated new ways of thinking and analysis pertinent to psychiatric nursing. Her teaching at the University of Leuven (Belgium) created a new direction for many European nurses in their approach to the needs of the mentally ill.

Dr. Peplau was a formal and informal consultant to many of the leaders at the National Institute of Mental Health, the National League for Nursing, the American Nurses' Association, the International Council of Nurses, the World Health Organization, and other national and international institutes, associations and organizations. She held office, provided consultation and advice, suggested new directions and was tireless in her efforts to establish new ways to treat the mentally ill and to educate their care providers. She is recognized for having influence in policy matters that affect all patients and nurses, not only the group within psychiatric practice.

May 3, 1990 meeting, Board of Trustees

Honorary Degrees (contd)

Background (contd)

Hildegard E. Peplau (contd)

Dr. Peplau's recent scholarship focuses on the discipline of nursing. These presentations and publications on the art and science of nursing have provided sustained leadership and direction for nursing's contributions to society. She has influenced the course of development in the College of Nursing at The Ohio State University through her visiting professorships. Her presence has had great influence on the scholarly work of faculty and students and the development of the doctoral program.

Dr. Peplau's contributions to the discipline of psychiatric nursing, the nursing profession as a whole, and the betterment of humankind are unmatched.

HONORARY DEGREES

Resolution No. 90-114

Synopsis: The Academic Affairs Committee recommended approval for awarding honorary degrees to Edward H. Jennings and Hildegard E. Peplau.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of honorary degrees as listed below:

Edward H. Jennings	Doctor of Humane Letters
Hildegard E. Peplau	Doctor of Humane Letters

NOW THEREFORE

BE IT RESOLVED, That the above honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

DEGREES AND CERTIFICATES - SPRING QUARTER COMMENCEMENT

Resolution No. 90-115

Synopsis: The Academic Affairs Committee recommended approval of Degrees and Certificates for Spring Quarter.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

May 3, 1990 meeting, Board of Trustees

DEGREES AND CERTIFICATES - SPRING QUARTER COMMENCEMENT (contd)

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on June 8, 1990, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 90-116

WHEREAS under Chapter 3335.09 of the Ohio Revised Code the Board of Trustees has the legal authority to appoint and fix the compensation of the President and faculty/staff of the University; and

WHEREAS Dr. Edward H. Jennings announced late last year his decision to leave his position as President of The Ohio State University and return to the faculty; and

WHEREAS the Board of Trustees warmly congratulates him on his splendid accomplishments on behalf of the University and supports his decision to seek this change:

NOW THEREFORE

BE IT RESOLVED, That a Notice of Appointment be issued to Dr. Edward H. Jennings specifying the rank of Professor in the Academic Faculty of Finance for a 9 month appointment commencing Autumn Quarter 1990 at a salary of \$119,660; and

BE IT FURTHER RESOLVED, That pursuant to prior action of this Board, that prior to July 1, 1990, a payment be made to STRS on behalf of Dr. Jennings, in an amount equal to that which is sufficient to purchase up to five years of retirement service based on prior qualifying teaching in public service, said fringe benefit payment to be made from unrestricted monies received by the University pursuant to Section 3345.16 of the Revised Code; and

BE IT FURTHER RESOLVED, That for Dr. Jennings, faculty employment and a retirement arrangement providing for supplemental income as set forth in the letter recommended by the Personnel Committee and included in these minutes be approved, and that payment for the annuity contract and incidental tax obligations referred to in the letter is to be made from unrestricted monies received by the University pursuant to Section 3345.16 of the Revised Code; and

BE IT FURTHER RESOLVED, That the Secretary of the Board be authorized to implement the changes/actions set forth in this resolution; and

PERSONNEL ACTIONS (contd)

BE IT FURTHER RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the April 6, 1990 meeting of the Board, including the following Changes in Title, Appointment, Reappointment of Principal Administrative Officials, Reappointment of Chairpersons of Departments and Directors of Center, and School, and Emeritus Titles as detailed in the University Budget be approved.

Changes in Title

Name: GARY L. FLOYD
Title: Dean
College: Biological Sciences
Effective: April 1, 1990
Salary: \$99,960.00
Present Position: Acting Dean, College of Biological Sciences and Professor, Department of Botany

Name: DAVID HOTHERSALL
Title: Director
Office: University Honors Program/Academic Affairs
Effective: September 1, 1990
Salary: \$72,360.00
Present Position: Professor, Department of Psychology

Appointment

Name: BHARAT BHUSHAN
Title: Professor (Ohio Eminent Scholar in Mechanical Systems)
Department: Mechanical Engineering
Effective: January 1, 1991
Salary: \$102,000.00
Present Position: Senior Engineer/Manager, Head-Disk Interface, Research Division, Almaden Research Center, IBM Corporation, San Jose, California

Education: 1970, B.E., Birla Institute of Technology and Science, India
1971, M.S., Massachusetts Institute of Technology
1973, M.S., University of Colorado
1976, Ph.D., University of Colorado
1980, M.B.A., Rensselaer Polytechnic Institute
1990, Doctor Technicae, University of Trondheim, Trondheim, Norway

Experience:

1981 - Present IBM Corporation, San Jose, CA, and Tucson, AZ

Advisory Engineer, Advanced Tribology, General Products Division Laboratory (1981-1985)
Development Engineer/Manager, Media Mechanical Process/Analysis, General Products Division Laboratory (1985-1986)
Senior Engineer/Manager, Head-Disk Interface, Research Division, Almaden Research Center (1986 - Present)

May 3, 1990 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment (contd)

Experience: (contd)

- 1989 Visiting Scholar, Departments of Mechanical Engineering, Chemistry and Materials Science and Mineral Engineering, University of California, Berkeley, CA
- 1980 - 1981 Research Scientist, Advanced Engineering and Analysis, Technology Services Division, SKF Industries Inc., King of Prussia, PA
- 1976 - 1980 Mechanical Technology Inc., Advanced Technology, R & D Division, Latham, NY
Physical Tribologist (1976-1977)
Senior Engineering Scientist (1977-1978)
Program Manager (1978-1980)
- 1975 - 1976 Instructor, Department of Mechanical Engineering, University of Colorado, Boulder, CO
- 1973 - 1976 Expert Investigator, Automotive Specialists, Denver, CO
- 1971 - 1972 Research Staff Member, Material Processing and Surface Laboratories, Massachusetts Institute of Technology, Cambridge, MA

Reappointment of Principal Administrative Officials

JULIUS S. GREENSTEIN, Dean/Director, Newark Campus, effective July 1, 1990, through June 30, 1993, pursuant to rule 3335-3-17 of the Administrative Code.

RONALD A. WRIGHT, Dean, College of Veterinary Medicine, effective July 1, 1990, through June 30, 1995, pursuant to rule 3335-3-17 of the Administrative Code.

Reappointment of Chairpersons of Departments and Directors of Center and School

April 1, 1990 through June 30, 1994

Biochemistry

George A. Marzluf

July 1, 1990 through September 30, 1990

Industrial Design

Joseph A. Koncelik

May 3, 1990 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Reappointment of Chairpersons of Departments and Directors of Center and School (contd)

July 1, 1990 through June 30, 1991

School of Music

Donald Harris*

July 1, 1990 through June 30, 1994

Art
Veterinary Pathobiology

Robert Shay
Charles C. Capen

September 1, 1990 through August 31, 1994

Biotechnology Center

Pappachan E. Kolattukudy

*Acting Director

Emeritus Titles

ERIKA E. BOURGUIGNON, Department of Anthropology, with the title Professor Emeritus, effective July 1, 1990.

LOUIS MALSPEIS, College of Pharmacy, with the title Professor Emeritus, effective May 1, 1990.

WAYNE B. PARRISH, Department of Molecular Genetics, with the title Associate Professor Emeritus, effective April 1, 1990.

RALPH P. CARIFA, College of Optometry, with the title Assistant Professor Emeritus, effective July 1, 1990.

Mr. Scott:

This resolution defines the change in individual assignment for the President, as well as approves the salary/benefit entitlements upon his return to the faculty September 1, 1990.

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix LXVI for Personnel Committee letter, page 1053.)

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Barone:

Mr. Chairman, this morning in the Student Affairs Committee we heard a report from Rebecca Parker on Residence Life Programs. She is the Associate Director of Residence Life, which is a unit in the Office of Residence and Dining Halls. The special programs, as well as the daily operations of that unit are grounded in the concept of Community Development. Basically, this refers to the intentional design of parameters and programs that allow students and staff to share in the formation, monitoring, and evaluation of residential communities. To operationalize that concept, a number of specific strategies are employed. They begin with an intentional orientation of students to the Residence and Dining Halls community. They work with students to establish guidelines for group living and train staff to provide relevant programming. And they work with both staff and students to blend the parameters with the program opportunities, in an effort to manage behavior in the community.

The students are selected and trained, as leaders, to work closely with other students and staff to share in the decision-making processes in the community. This level of involvement may come in one or more of a number of arenas. Students might choose to become involved in a hall government, an area government, a Black Student Association, or the Residence Halls Advisory Council which serves as an umbrella organization for those previously mentioned. Students may choose to influence specific interest areas in Residence Life, or more broadly in Residence and Dining Halls, by serving on a task force or committee. Students may assist in monitoring the community standards by serving on one of the Residence and Dining Halls peer boards in the University Judicial program. Students may also choose from a variety of staff positions in Residence and Dining Halls. Student leader training is often accomplished through structured training programs like the Community One Leadership Conferences. They may also receive informal training through any number of programs developed to help them grow as well-rounded adults.

Staff members are selected through well established and discriminating processes designed to assure appropriate experiences, attitudes, and learning potential sufficient to provide quality service to students. Full time staff members are professionals, usually holding a Masters degree in Student Personnel Work, Counseling Psychology, Educational Administration, or a related field. Assisting these professionals, are graduate students in Student Personnel Work, Psychology, Black Studies, or Social Work. Reporting to these individuals, are hundreds of student staff members in helping or administrative roles. Staff members are provided with information and training that enhances their ability to work with students and other Residence and Dining Halls and University employees on the establishment and maintenance of productive communities.

Our student leaders are stellar, often making major impact at regional and national levels. Our staff are among the best in the nation. Together, they help to form the Residence and Dining Halls community.

The Board should understand that in these Residence Life Programs, generally one group consists of six to eight students from different nationalities and different backgrounds. To unite these students to work and live together is undoubtedly a monumental task, but Ms. Parker is doing an excellent job.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Barone: (contd)

We also heard from the student government leaders:

Mr. David Tonnies:

Good morning, Trustees and guests. Let me introduce myself, my name is David Tonnies and I am a second-year medical student. I am from a little town outside of Youngstown, Lake Milton, Ohio. I was an undergraduate here for four years, majored in electric genetics, with a minor in zoology, so I have that bio-sci and medicine background going for me. While I was an undergraduate here, I worked in the Colleges of the Arts and Sciences as an administrative assistant. For the last two years I have worked at University Honors Center as an evening supervisor. During my years here I have been involved with many campus organizations: USG, Arts and Sciences Student Council, Council on Admissions and Registration, and the University Senate, just to name a few. So I think that I have a good feel for the student body. That gives you a little bit of my background, so you know where I am coming from.

I am looking forward to this upcoming year as the IPC president. I think my work is cut out for me. Steve Dibert has done a lot in the last two years to bring IPC forward in the eyes of many people, but I think we still have a long way to go.

Right now the biggest concern facing professional students, obviously, is tuition and the right, I feel, for the professional student to have an affordable education here in the State of Ohio. The rumors of having a second straight year with a 15 percent tuition increase are very disconcerting. Future earnings do not pay yesterday's or today's bills. You can't keep using the argument that our potential is going to help us out right now. While one can dream of a tuition freeze -- and sometimes I do wake up hoping that maybe this is the year of a tuition freeze -- professional students at OSU hope that our tuition can also be capped at least at the 7 percent that the undergraduate's are capped at. We hope that our lobbying efforts will prove successful and that the Board will support our efforts.

Mr. Teaford:

I think you will find, later at the Board meeting, that we didn't get to a freeze, but we sure don't have a 15 percent increase as the goal.

Mr. Tonnies:

Was that earlier today, or last night?

Mr. Teaford:

No. The President will include that in his remarks later in the day.

Mr. Barone:

I think you will be able to report happier results after the President discusses the budget at today's meeting.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Tonnies:

That is very nice to hear. Another thing that we are going to work on in the upcoming year is increasing professional student involvement in campus life. That is something that every student government works on every year. I hope that I can bring some fresh ideas to that problem and work with the other student government presidents in the upcoming year to see what we can do.

The professional students want to work with the graduate students and organize an award ceremony, similar to PULA which is next week for the undergraduate leadership awards. It wouldn't be the exact same thing, but we want to recognize some of the professional and graduate students who are active in the community. We think that is one way of showing that involvement in the campus and the community is something we all want to see.

The Interprofessional Council will have a meeting in the next week to establish our goals for the upcoming year. I have yet to meet with the other professional student representatives so really these are all my opinions and ideas right now. Next week we will have the entire council meet. Thank you, again. I am honored to be working with everyone here and I look forward to the upcoming year. Any questions?

Mr. Shumate:

What is the process of the selection for the Interprofessional Council President?

Mr. Tonnies:

Each of the professional schools choose two representatives and each school is different. Our medical student council has an election and anybody in the medical school can run, you don't have to be a representative of the council. The law school does it a little differently. Two people run from the student body in general. Then, from those ten representatives, the officers are chosen. When I was put in the slot of president, somebody has to fill my seat, so now I have to go back and fill that. That is how it works. It is not a campus-wide election like the undergraduate student government. Any other questions? Thank you.

Mr. Barone:

Thank you, David. I would like to call on Luke Evans.

Mr. Luke Evans:

Good morning. I would just like to talk about three basic areas. First, I would like to pass around a program from the Graduate Research Forum that Benetta Lucius, our president-elect, coordinated. She did an outstanding job. We invited fifty-five graduate students out of 100 to participate in this event. It is an academic event. We had approximately seventy-five faculty who participated as judges to determine which presentations were the most outstanding. The outstanding research awards were for \$500.00 and were awarded to 10 graduate students -- they can solely use it. We also awarded nine honorable mention awards of \$100.00. We concluded this event at the Faculty Club with an awards luncheon. And from every comment that I heard, it was very well received. Everyone was quite enthusiastic about the event. This is our annual event and each year we think it keeps getting better and better.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

Other universities around the country are modeling what we are doing here. We were one of the first ones in the country to do this. What this event does -- of course, many of you have probably heard this before -- it provides graduate students an important opportunity and experience in presenting their research in a conference-like format. It is a learning opportunity. So this can only go toward enhancing the quality of graduate education here at Ohio State.

In the Council of Graduate Students we have formed an ad-hoc Quarter Evaluation Committee. This is, I know, a topic that has come up many times over the history of Ohio State. It seems that it is a constant complaint. I suppose perhaps because most graduate students come from schools that are on semesters. But most of us tend to believe that the semester systems would better serve the teaching needs and the learning needs of students at this University, both undergraduate and graduate.

We are in the process of gathering information from other universities. We have information from Michigan State, which is switching to semesters. We are in contact with other universities who have recently switched, as well as looking at all of the archival information here at Ohio State on the discussions that have taken place. We want to be well-informed. We will be using the summer term to review a lot of the information and evaluate the reasons why some schools switched -- all the ramifications, from administrative to pathological. We hope that by the end of the summer term we will have some good reasons for switching. We have already come across reasons why some schools switch to semesters, but they are not very good reasons. If they did switch, we would like it to be for good reasons. I was just speaking to a professor from the University of Georgia. Their university is switching right now from quarters to semesters. One of their reasons for switching to semesters is because they want to be a fine research institution like Ohio State.

The quarter system, or whatever academic term it is, doesn't make too much difference as far as the research mission is concerned, but we think that it has a tremendous impact on the teaching side. Schools such as Stanford, Chicago, and Northwestern are on a quarter system, but they have a much smaller student population. Maybe their faculty are more accessible. Here, we have a very large institution, and we think that the semester may be a little more appropriate for an institution of this size. As Dave remarked to me one time, "the more weekends that exist before a midterm or final exam, the better." He means the more time to study the better.

Finally, on the issue of the tuition increase. We know that it is coming, but we don't know in what amount. We hope that you will keep in mind that any increase is going to greatly affect those who depend most on an education to achieve their career goals -- those from the middle-class, born in the middle-class or born in the working-class, who are very intelligent and can be of great use to this country.

Mr. Teaford:

You missed it, but we mentioned to David, that you will find that it is a lot better than you think.

May 3, 1990 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans:

Thank you.

Mr. Barone:

I would like to call on David Straub.

Mr. David Straub:

I have a few things that I would like to discuss, but first I would like to introduce the president-elect, Mike Clark, of the Undergraduate Student Government. May 16, he will be taking office and that will be the day I step down.

I want to discuss a few things that are going on in student government at this current time. Right now it is very active. I thought it would be slow in the spring, but it is very hectic and busy. First, we are in the process of transition which happens every spring. We are trying to orientate the next officers as to what things to do and what things not do and how to become more efficient. Hopefully, every year student government can become more efficient through the experiences of the past leadership, and that is one of my goals. Mike and I have set up meetings where we will be discussing things that should be done and how they should be handled and how they may be better handled. So those are some of the things going on.

We are in the process of finishing up the plans for the Undergraduate Student Government Banquet. It occurs once a year for all the students within student government that have been working diligently for student causes -- most of the time unrecognized. This is one time where we have the opportunity to give awards to those members who have done outstanding things on behalf of student causes this past year, although have been greatly unreported by some sources. So we will be honoring those students at this banquet on May 10.

One of the other programs that we are working on is a farewell program for President Jennings. We are in the process of obtaining some interesting information on the President. If you have any information, I am very interested in it for our program. Please come see me and we will not provide the source of the information. I have something that I have obtained and will pass it around, but I prefer that the President not see this. This was from a few years ago, when he was president of another university. That is kind of what I am looking for, that kind of information. This is a student send-off party, a farewell for President Jennings, and it should be an interesting time. It is May 10, from 3:00 to 5:00 p.m., if you are interested attending. It is kind of a light hearted, fun event, and we are currently informing students about it.

I would like to conclude my report with just a philosophy on student government, the student government system, and different attitudes that some people take regarding student representation. I think it is fundamental that students who represent have the opportunity to represent. I think that is a fundamental issue. The other issue along side that is whether they represent in a quality nature or not. At least during my term in office, I have seen students that represent very well, and I have seen students that do not understand the concept of representation. But the student government stands very strongly on the issue of opportunity for representation. It is very important that students have the opportunity throughout the years to represent.

May 3, 1990 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

It will save the university from not knowing how students feel, thereby keeping the university and students out of precarious situations. It is just fundamental that this opportunity of representation continue and that the student government become as democratic as it possibly can with its election procedures. We strive strongly to encourage students to participate in the elections, as well as to get involved in the committee work that is available for them.

Student government has had a bad reputation because of the lack of poor voting in the elections. I think the key is that the student population has the opportunity to vote in these elections. It should be encouraged by all at this University. Students should participate in the government system from the student trustee positions, down to assembly representatives, and committee representatives at the University. It is the only way that students can become better represented at this University. We are working and have worked this entire year to improve that and will continue to do so. I just think it is fundamental that we have the opportunity to be represented whenever possible.

That concludes my report. I have enjoyed reporting to you throughout this year. Thank you.

Mr. Barone:

Any questions?

Mr. Teaford:

I am always amazed by the rap that student governments get, in terms of not being important in those kinds of things. The committees of the Faculty Senate include, in virtually every phase, significant student involvement. And anybody who thinks that the student government is not important is really ignorant, because they are very significant. David sits with us on the committee to choose the next president. So those who say that -- and unfortunately the local press on campus says that -- and I think that is quite, flat out ignorant.

Mr. Barone:

We hope that you are around, Dave, for your successor to help him come up with a way to make people vote.

Mr. Straub:

It is a real dilemma -- the voting issue. It is a fundamental issue across-the-board in the 18 to 24 age bracket. The voter turnout for those individuals is low even in presidential elections for the United States. What I always get a kick out of is these same people say, "it is not important to vote for the president, my vote doesn't matter in the election, or the president doesn't do anything." The very same people can vote in a local election and I hear them say, "I don't vote because they don't do anything." I would like to know who in government doesn't and where do the taxes go, if that is the case. I don't know what the solution is. I thought that we could work on that, and we have, but there is a lot of ground to be made up. There is a great deal of apathy from this voting block.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Barone:

It is a difficult problem, and it is a universal one.

Mr. Straub:

Yes. Ohio State is not the only university or student government that has the low voter turnout in their student government elections. There are different student governments with different student formats. As Dave mentioned, they have more of a parliamentary procedure type of election for their president, whereas the undergraduate student government has an open election. The University of Iowa has a closed parliament system and Indiana has an open election.

I have been in contact with all the student leaders of the Big 10, discussing ways we could improve voter turnout. One of the ways that I found may be helpful is the development of a party system, within the student government system, that would stand firmly on different issues and take different sides. I find that hard to do because I think that most of the issues are fundamental issues that need to be dealt with. I don't think you can draw a party line on issues of tuition, accessibility to education, parking, and campus safety. But some universities do that and they are successful in increasing voter turnout.

Mr. Barone:

I hope your successor has the enthusiasm that you have. In as much as this is Dave's last meeting at this time I would like to read to you an expression of appreciation:

EXPRESSION OF APPRECIATION

Resolution No. 90-117

WHEREAS David Straub has served as president of the Undergraduate Student Government during the past year; and

WHEREAS he has carried out his assignments in an outstanding manner; and

WHEREAS his leadership in representing the interest of students has been positive in nature as has been his communication with both the Board of Trustees and the Administration; and

WHEREAS this Board recognizes that David has worked diligently and tirelessly in order to bring matters and concerns of special interest to students to the attention of the Board:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses to David Straub its sincere appreciation and gratitude for a job well done and conveys to him its best wishes for success in the future.

Upon motion of Mr. Barone, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

AGRICULTURAL AFFAIRS COMMITTEE

Mrs. Bowser:

The Agricultural Affairs Committee met this morning with Dr. Winston Bash. He gave us a summary and background on the organization of the Food Safety Hotline which has been operating since December. It is a cooperative effort with industry and the University. As Dr. Warmbrod pointed out, it is a perfect example of the land-grant tradition at Ohio State which is service, teaching, and research. We are able to pass this research out to the consumer through the Hotline. Dr. Bash had some very interesting questions asked over the last several months and he is very enthusiastic about the project. It is a low cost program that is costing the University nothing at this point, and seems to be a most worthwhile endeavor. That concludes my report.

--0--

FISCAL AFFAIRS COMMITTEE

Mr. Kessler:

The Fiscal Affairs Committee met this morning and heard the following presentation of the proposed budget guidelines of the 1990-91 as presented by President Jennings.

President Jennings:

As we advance through the normal budget cycle of this University, it is appropriate that I present to you today the budget plans for 1990-91. A resolution on the operating budget for the fiscal year beginning July 1, 1990, will be brought before this Board in June.

Next year represents the second year of a biennium in which budgets are -- and will remain -- extremely tight. Support from the State represents an expected increase of less than 5.4 percent, falling significantly below what continues to be needed to adequately advance our goals of access and excellence. This has placed direct and increasing pressure on tuitions, as well as on keeping costs low throughout the University.

Under such budget pressures, it might be suggested that we submit a budget that merely maintains the status quo. However, the status quo is simply unacceptable at The Ohio State University -- and should be for the State of Ohio. We can ill afford to reverse the momentum that has brought increasing recognition of the excellence of The Ohio State University. To restrain the valuable human resources of creativity and curiosity would be disastrous to the future well-being of this State.

Furthermore, the State seems not to appreciate the importance for Ohio and its citizens of having an internationally prominent comprehensive research university. In a time of resource constraints, it becomes too easy to opt for uniformity among all institutions, rather than focus on the unique needs and contributions of each institution.

FISCAL AFFAIRS COMMITTEE (contd)

President Jennings: (contd)

The level of State support for this biennium requires that the University make some difficult fiscal decisions about tuitions effective Autumn 1990. Last year, the State of Ohio capped tuitions, and we will follow legislated caps. But, the State did not live up to its obligations and seriously underfunded The Ohio State University, an institution with a long tradition of low tuitions in this state. If the State had funded Ohio State at the level of their own tuition assumptions, this University would have another \$22 million annually to address critical needs.

The legislated cap on increases in the undergraduate instructional fee of \$120 per year defines our increase for 1990-91. That, along with a \$33 increase in the general fee, results in a total undergraduate tuition increase of 7 percent, or \$153 over three quarters.

In the case of graduate and professional students, the increases this past Autumn Quarter were almost 15 percent. It is most unfortunate that this substantial increase was necessary, and we remain concerned about its impact on our students. Even though the increase did not change Ohio State's ranking in the Big Ten for graduate and professional students, it did place an exceptional burden on individual students. This year we are committed to doing better, and I am recommending an 8 percent tuition increase for resident graduate and professional students effective Autumn Quarter 1990.

We will continue our plan to increase the proportionate share paid by non-resident students. Therefore, I am recommending a 12.5 percent increase in the non-resident tuition surcharge for undergraduate, graduate, and professional students.

In addition, I am requesting that earnings areas continue to keep costs and rate increases low, with a target of a less than 6 percent average increase University-wide. Residence and Dining Halls increases have been recommended at 4.6 percent for undergraduates and 3.4 percent for graduate students, with room-only contracts for graduate students increasing only 2.3 percent. The reasonableness of these adjustments reflects effective actions to hold down costs, and students receive the benefits through lower rate adjustments. Efforts to reduce costs must continue in all areas, including earnings areas.

Our projections indicate that revenues from State support and from the suggested tuition levels will provide a composite increase in general fund revenues of 6.1 percent. As a result, the University must continue to control costs and reallocate funds. A high priority, of course, will be adding proportionate percentage increases in student financial aid support to cover the recommended tuition increases, as well as continuing our efforts to improve the process of awarding this support.

Another priority must be maintaining faculty and staff salaries at competitive levels. While our recommendations are not as much as those recommended by the Faculty Compensation and Benefits Committee and the University Senate Fiscal Committee, they represent the level achievable within the available resources. My recommendation for salary increases for faculty and staff is 2 percent across-the-board; 4 percent selectively distributed on the basis of merit; and a central pool of 0.5 percent to address issues of equity, excellence, and market.

FISCAL AFFAIRS COMMITTEE (contd)

President Jennings: (contd)

This also is an appropriate time to return Graduate Assistants to the regular budget cycle. Their salary changes had been advanced to January 1 from the usual time of July 1, when faculty and staff salaries are adjusted. To get back on schedule, I am recommending an across-the-board increase of 2.5 percent effective July 1, to be added to the 6.5 percent given this past January. This combined 9 percent increase will then be in effect until July 1, 1991, at which time the Graduate Assistants will have their salaries again reviewed along with faculty and staff.

Of substantial concern when considering compensation for next year is the matter of benefits. As you recall, last year faculty and staff began sharing the payment of health care premiums, with a goal of their share reaching 25 percent of the premium in fiscal year 1992-93. Last year the share was 15 percent, and the share for 1990-91 becomes 18 percent.

Fortunately, the changes in the University's health benefits program have demonstrated initial success in controlling costs. Individual efforts by our faculty and staff members have greatly assisted in holding down the growth of health care costs during this fiscal year. While attempting not to react too optimistically based on nine months performance, we do believe we can use these results to assist our compensation levels.

Therefore, while the employee share is increasing as planned, the total increase in cost to individual faculty and staff members will be less than \$5.00 per month for family coverage, and lower still for single coverage. This is significantly below our projections of a year ago, and is substantially less than the rate increases currently being experienced at other institutions.

Furthermore, in recognition of the reduced rate of increase in health care expenditures, I also will request that the Vice President for Personnel Services initiate a health care premium holiday in the month of September. There will be no payment of medical benefit premiums by faculty, staff, or the University that month. The institutional contributions not made will result in one-time general funds of approximately \$1.2 million which cash will be distributed to colleges and offices to address priority needs, such as supplies and equipment. There will be no annual rate increase in the supplies and equipment budgets.

The 1990-91 budget will provide use of the capital budget equipment funds and Research Challenge funds, as well as \$2 million in recurring funds and \$4 million dollars in cash to address special needs of the University.

As was done this year, we will have another 1 percent reallocation for all general funds and earnings areas in order to support high priority needs within those areas. The deans and vice presidents will define the sources of this 1 percent within their base budgets, and will determine the application of these funds to address their highest priorities.

FISCAL AFFAIRS COMMITTEE (contd)

President Jennings: (contd)

The 1990-91 University budget which I will present for your approval in June will be in accordance with these guidelines. While resources again will be limited, the budget will reflect the innovation and energy of our faculty members, staff members, and students who remain undaunted by budget constraints. There is at this University a vigor and a spirit of quality that will continue to carry forward Ohio State's reputation for excellence.

Thank you, Mr. Chairman and I will be glad to answer any questions at this time.

Mr. Scott:

Mr. Chairman, I would just like to add several comments to what the President has already stated. I believe it is probably the first time in the history of any major university, that I know of, that a premium holiday with respect to medical care premiums has been declared. I think in large measure this is due to the splendid, outstanding cooperation and support we received last year, not only from the administration, the President, the Board, but the faculty and staff. In order that we might continue to maintain the credibility of the arguments that we made, we think that it is appropriate and fitting that we should have this premium holiday. In the meantime, it will allow the University to have flexibility which is absolutely essential if we are to be able to respond to any dramatic increases that pop up unanticipated in our health care programs in the next fiscal year.

Mr. Kessler:

The Committee also heard a follow up report by Mr. Nichols on the bond issue sales, which totaled \$54.3 million at an interest cost of 7.08 percent.

Mr. Ihrig presented the third quarter budget report which showed minor changes from the approved budget. Total resources show a net increase of \$900,000 while projected uses show a decrease of \$620,000.

(See Appendix LXVII for The Ohio State University 1989-90 Current Funds Budget, 3rd Quarter Report, page 1057.)

The Fiscal Affairs Committee is also recommending approval for the following resolutions:

**Waivers of Competitive Bidding Requirements
January-March 1990**

Background

During the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 41 waivers of competitive bidding requirements. Annual purchases authorized by these waivers total approximately \$2,655,200.00. The purchases included:

Hospitals - Professional Services	\$798,000	(5 waivers)
Hospitals Equipment & Services	495,836	(11 waivers)

May 3, 1990 meeting, Board of Trustees

**Waivers of Competitive Bidding Requirements
January-March 1990 (contd)**

Background (contd)

Cancer Hospital Equipment & Services	212,162	(4 waivers)
Artists, Art Work, & Speakers	489,807	(8 waivers)
Teaching & Research Equipment & Services	402,352	(9 waivers)
Administrative Support Services	131,998	(3 waivers)
Conference Facilities	125,000	(1 waiver)

**WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS
JANUARY-MARCH 1990**

Resolution No. 90-118

Synopsis: The Fiscal Affairs Committee recommended acceptance of the quarterly report on waivers of competitive bidding requirements.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of January-March 1990, and the Fiscal Affairs Committee recommends the acceptance of this report:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of January-March 1990, is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-119

Synopsis: The Fiscal Affairs Committee recommended the approval of the research contracts, grants, and gifts and the summary for March 1990.

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of March 1990 be approved.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR MARCH 1990

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	125	\$11,341,704.38
Engineering Experiment Station	37	\$ 535,161.00
Total	162	\$11,876,865.38

The Ohio State University Development Fund

Establishment of Named Funds

The Charles H. Ackers Cancer and Cardiovascular Research Fund (Support cancer research and the research work of a distinguished cardiologist)		\$ 40,000.00
The William H. Saunders Otolaryngology Endowment Fund (Support research)		\$ 27,003.00
The Michael J. Tomczak Athletic Endowment Fund (Fund the grant-in-aid costs for a student-athlete who is a member of the varsity football squad, playing at the quarterback position)		\$ 25,000.00
The Bernard J. La Londe Transportation and Logistics Scholarship (Scholarships - College of Business)		\$ 16,000.00

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR MARCH 1990 (contd)

Background (contd)

The Ohio State University Development Fund (contd)

Establishment of Named Funds (contd)

The John W. and Dorothy Uhl Sawyer Award (Fund the "Sawyer Award")	\$ 15,254.00
---	--------------

The Cardinal Distribution, Inc., Cancer Research Endowment Fund (Support cancer research)	\$ 15,000.00
---	--------------

The Willis T. Kubiak Memorial Fund (Provide support for the library in the Division of Orthopedic Surgery)	\$ 15,000.00
--	--------------

Nu Sigma Nu Alumni Scholarship Fund (Awards for academic excellence to students in their second academic year in the College of Medicine)	\$ 15,000.00
---	--------------

Change in Description of Named Fund

Cynthia Cook Dissertation Scholarship in
Early and Middle Childhood Education

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - March 1990

Federal Research Contracts/Grants

\$1,150,621.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, General Clinical Research Center, Medicine Administration (M. Tzamouris) and Department of Internal Medicine (W. Malarkey), 1 December 1989 through 30 November 1990. (Project 761196 - Continuation)

\$928,701.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Regional Resource Center, Education Administration (T. M. Stephens and L. Magliocca), 1 June 1990 through 31 May 1991. (Project 766183 - Continuation)

\$553,192.00 - National Science Foundation, Washington, D.C., Technology Reform and Network Specialist Inservice Training (Transit) Project, Department of Mathematics (F. Demana, B. K. Waits, and T. Ralley) and Department of Educational Theory and Practice (A. Osborne), 1 March 1990 through 30 June 1994. (Project 768165 - New)

\$394,355.50 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Costa Rica Policy Conference, Department of Agricultural Economics and Rural Sociology (R. L. Meyer and C. Gonzalez-Vega), 30 September 1989 through 31 August 1994. (Project 767920 - Continuation)

\$307,720.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Modification of Diet in Renal Disease (MDRD) Study, Department of Internal Medicine (L. A. Hebert), 1 March 1990 through 30 November 1990. (Project 766873 - Continuation)

\$292,804.00 - National Science Foundation, Washington, D.C., Mathematics Through Technology: Establish Concepts and Skills of Graphing and Functions in Grades 9 Through 12, Department of Educational Theory and Practice (A. Osborne and G. Foley) and Department of Mathematics (F. Demana and B. K. Waits), 1 November 1989 through 30 April 1991. (Project 766335 - Continuation)

\$280,100.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Ohio Cancer Information Center, Comprehensive Cancer Center (W. A. Newton), 16 March 1990 through 15 October 1992. (Project 768114 - New)

\$271,373.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Endotracheal Suctioning in Acutely Ill Adults, Department of Life Span Process (K. S. Stone), 1 April 1990 through 31 March 1991. (Project 765998 - Continuation)

\$222,255.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Pathobiological Determinants of Atherosclerosis in Youth, Department of Surgery (J. F. Cornhill), 1 March 1990 through 28 February 1991. (Project 764727 - Continuation)

\$199,720.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, RNA Splicing in *Neurospora* Mitochondria, Department of Molecular Genetics and Department of Biochemistry (A. M. Lambowitz), 1 April 1990 through 31 March 1991. (Project 765596 - Continuation)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$192,080.00 - National Science Foundation, Washington, D.C., A Program on Electronic Structure, Department of Physics (K. G. Wilson), 1 October 1989 through 30 September 1990. (Project 767182 - Continuation)

\$180,909.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Neural Control of Human Intestinal Mucosa, Department of Physiology (H. J. Cooke), 1 March 1990 through 31 December 1990. (Project 765037 - Continuation)

\$177,037.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Synthesis of Unusual Biologically Active Terpenes, Department of Chemistry (L. A. Paquette), 1 April 1990 through 31 March 1991. (Project 763497 - Continuation)

\$163,878.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Pre- and Post-Operative T-Cell Function, Department of Surgery (R. M. Ferguson), 1 February 1990 through 31 January 1991. (Project 766505 - Continuation)

\$163,054.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Metabolism of (N-3) Fatty Acids, Department of Physiological Chemistry (H. W. Sprecher), 1 April 1990 through 31 March 1991. (Project 760745 - Continuation)

\$152,167.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Mechanism of Phospholipase A₂, Department of Chemistry (M. D. Tsai), 1 April 1990 through 31 March 1991. (Project 767369 - Continuation)

\$151,886.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Pathway Formation in the Developing Spinal Cord, Oral Biology (R. H. Nordlander), 1 April 1990 through 31 March 1991. (Project 767816 - Continuation)

\$144,606.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Non-Nitrogen and Nitrogen Containing Dopamine Drugs, College of Pharmacy (D. D. Miller and N. J. Uretsky), 1 April 1990 through 31 March 1991. (Project 762967 - Continuation)

\$142,274.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Neuromodulators in Cerebellar Circuitry, Department of Anatomy (G. A. Bishop), 1 March 1990 through 28 February 1991. (Project 763013 - Continuation)

\$136,925.00 - National Science Foundation, Washington, D.C., Social Psychophysiology Research Program: Phase II, Department of Psychology (J. T. Cacioppo), 1 March 1990 through 28 February 1991. (Project 767272 - Continuation)

\$128,968.00 - National Science Foundation, Washington, D.C., Syntheses and Studies of Selected Metal Carbonyl and Boron-Metal Carbonyl Clusters, Department of Chemistry (S. G. Shore), 1 September 1990 through 31 August 1991. (Project 766824 - Continuation)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$127,350.00 - Environmental Protection Agency, Washington, D.C., Biological Consequences of Global Atmospheric Hydrocarbons on Human Neonatal Fibroblasts: Molecular Models Applicable to the Analysis of Electronic and Steric Effects of Substituents on Structure-Toxicity Relationships, College of Pharmacy (D. T. Witiak), 22 February 1989 through 21 February 1991. (Project 767314 - Continuation)

\$123,000.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, A Numerical and Experimental Investigation of an Innovative and Efficient Energy Release/Storage System, Department of Mechanical Engineering (K. Vafai), 16 February 1990 through 31 March 1990. (Project 767829 - Continuation)

\$122,460.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Synthesis of Biologically Active Alkaloids, Department of Chemistry (D. J. Hart), 1 April 1990 through 31 March 1991. (Project 762083 - Continuation)

\$120,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, An Experimental Research Program on the Supersonic Throughflow Turbofan, Department of Aeronautical and Astronautical Engineering (J. D. Lee), 19 February 1990 through 18 February 1991. (Project 767282 - Continuation)

\$116,676.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Feline Retrovirus-Associated Endocrine Dysfunction, Department of Veterinary Pathobiology (J. L. Rojko, L. E. Mathes, and C. A. Brooks), 1 March 1990 through 28 February 1991. (Project 767361 - Continuation)

\$114,972.00 - National Science Foundation, Washington, D.C., Broadband Seismic Imaging of Lithospheric Structure: Application to the Transantarctic Mountain Front and the Bentley Subglacial Trench, Byrd Polar Research Center (D. H. Elliot and D. R. O'Connell), 15 March 1990 through 28 February 1991. (Project 768179 - New)

\$98,600.00 - Department of Energy, Argonne, Illinois, Investigations of Ultrasonic Wave Interactions at Boundaries Separating Anisotropic Materials, Department of Welding Engineering (L. Adler), 1 April 1990 through 31 March 1991. (Project 764033 - Continuation)

\$91,450.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Expression of Granule Cell GABA_A Receptors, Department of Pharmacology (A. Frosthalm), 1 April 1990 through 31 March 1991. (Project 767411 - Continuation)

\$89,073.00 - National Science Foundation, Washington, D.C., The Tectonomagmatic Setting of Early to Middle Jurassic Bimodal Volcanism in the Transantarctic Mountains, Byrd Polar Research Center and Department of Geology and Mineralogy (D. H. Elliot), 1 July 1990 through 30 June 1991. (Project 768162 - New)

\$87,399.00 - National Science Foundation, Washington, D.C., Stratigraphy, Paleontology, Structural Geology, and Paleoglaciology of the Late Neogene Glacigene Sirius Group of the Dominion Range-Beardmore Glacier Region of the Transantarctic Mountains, Byrd Polar Research Center and Department of Geology and Mineralogy (P. N. Webb) and Byrd Polar Research Center (D. M. Harwood), 1 June 1990 through 31 May 1991. (Project 768181 - New)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$86,000.00 - National Science Foundation, Washington, D.C., Collaborative Research: Joint Studies with Soviet Scientists to Secure Parallel Histories of Climatic Change in Siberia and Alaska, Byrd Polar Research Center and Department of Zoology (P. A. Colinvaux), 1 March 1990 through 28 February 1991. (Project 768126 - New)

\$83,300.00 - National Science Foundation, Washington, D.C., Effects of Ethylene on Nodule Development and Cloning of the Rhizobitoxine Genes, Biotechnology Program and Department of Agronomy (N. K. Peters), 1 March 1990 through 28 February 1991. (Project 767324 - Continuation)

\$83,132.00 - Department of Commerce, National Institute of Standards and Technology, Gaithersburg, Maryland, Physical and Mechanical Properties of Composite Materials, Department of Materials Science and Engineering (R. H. Wagoner), 7 February 1990 through 28 February 1991. (Project 766671 - Continuation)

\$79,532.00 - National Science Foundation, Washington, D.C., Curing of Low Shrinkage Unsaturated Polyester Resins in Reactions Processing, Department of Chemical Engineering (L. J. Lee), 1 March 1990 through 28 February 1991. (Project 767359 - Continuation)

\$77,500.00 - National Science Foundation, Washington, D.C., Molecular Genetics of Extracellular Polysaccharide Synthesis in Erwinia stewartii, Department of Plant Pathology - OARDC and Department of Plant Pathology (D. L. Coplin), 1 April 1990 through 31 March 1991. (Project 766330 - Continuation)

\$75,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, The Effects of Magnetic Nozzle Configurations on Plasma Thrusters, Department of Aeronautical and Astronautical Engineering (T. M. York), 1 March 1990 through 31 December 1990. (Project 766488 - Continuation)

\$74,994.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Studies on Electromagnetic Scattering, ElectroScience Laboratory, Department of Electrical Engineering (P. H. Pathak), 1 February 1990 through 31 January 1991. (Project 763822 - Continuation)

\$74,480.00 - National Science Foundation, Washington, D.C., Fourier Transform Ion Cyclotron Resonance Mass Spectrometry: Techniques Development and Non-Biological Application, Chemical Instrumentation Center, Department of Chemistry, and Department of Biochemistry (A. G. Marshall), 1 October 1990 through 30 September 1991. (Project 766684 - Continuation)

\$73,500.00 - National Science Foundation, Washington, D.C., Low Temperature Electronic Properties of Conducting Solids, Department of Physics (J. C. Garland), 1 March 1990 through 28 February 1991. (Project 767331 - Continuation)

\$73,167.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, Contact Lens Evaluation in Keratoconus, College of Optometry (J. T. Barr), 5 March 1990 through 28 February 1991. (Project 768122 - New)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$72,500.00 - National Science Foundation, Washington, D.C., Electron-Polyatomic Molecule Collisions and Ionization in Intense Fields, Department of Chemistry (C. W. McCurdy), 1 April 1990 through 31 March 1991. (Project 768158 - New)

\$70,720.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Scale Elimination in Turbulent Flows, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 January 1990 through 31 December 1990. (Project 768182 - New)

\$70,534.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Automated Handling and Assembling of Non-Rigid Objects, Department of Electrical Engineering (Y. F. Zheng), 15 January 1990 through 14 January 1991. (Project 768118 - New)

\$69,916.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Measurement of Electromagnetic Scattering by Open-Ended Waveguide Cavity Configurations, ElectroScience Laboratory, Department of Electrical Engineering (P. H. Pathak), 1 March 1990 through 28 February 1991. (Project 767286 - Continuation)

\$69,838.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, A Flexible Servomotor Driven Mechanical Press with Computer Control for Precision Forming, Department of Industrial and Systems Engineering (R. Shivpuri) and Engineering Experiment Station (T. Altan), 1 July 1990 through 31 December 1990. (Project 767840 - Continuation)

\$66,150.00 - National Science Foundation, Washington, D.C., Raman and Spatially Resolved Spectroelectrochemistry, Department of Chemistry (R. L. McCreery), 1 February 1990 through 31 January 1991. (Project 767290 - Continuation)

\$60,140.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Novel Ultrasonic Techniques for Interface Studies, Department of Welding Engineering (L. Adler), 1 December 1989 through 30 June 1990. (Project 766985 - Continuation)

\$50,000.00 - Department of Education, Washington, D.C., The Ohio State-Purdue-Emory-Vanderbilt Russian Language Program at the Pushkin Russian Language Institute in Moscow, U.S.S.R., Department of Slavic and East European Languages and Literatures (D. F. Robinson), 1 August 1990 through 31 July 1991. (Project 768153 - New)

\$50,000.00 - National Science Foundation, Washington, D.C., Nonlinear Studies in Magnet Garnet Films, Department of Physics (P. E. Wigen and C. Jayaprakash), 1 March 1990 through 28 February 1991. (Project 768144 - New)

\$49,981.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, High Transition Temperatures Superconducting Microwave Transmission Lines and Device Structures, Department of Electrical Engineering (G. J. Valco), 29 January 1990 through 29 April 1991. (Project 766577 - Continuation)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$41,957.00 - National Science Foundation, Washington, D.C., Sedimentology of the Permian-Triassic Fluvial Sequence in the Beardmore Glacier Region, Antarctica, Byrd Polar Research Center and Department of Geology and Mineralogy (J. W. Collinson), 1 March 1990 through 28 February 1991. (Project 768142 - New)

\$41,372.00 - National Science Foundation, Washington, D.C., Late Holocene Climatic History Recorded in Laminated Sediments from the George V Coast, Antarctica, Byrd Polar Research Center (D. H. Elliot and A. Leventer), 1 April 1990 through 31 March 1991. (Project 768155 - New)

\$34,846.00 - National Science Foundation, Washington, D.C., Cretaceous and Tertiary Strata of the James Ross Basin and the Evolution of the Antarctic Peninsula, Byrd Polar Research Center and Department of Geology and Mineralogy (D. H. Elliot), 15 October 1989 through 31 October 1990. (Project 767154 - Continuation)

\$31,700.00 - National Science Foundation, Washington, D.C., An Investigation of Vesicle Distributions in Basalt as a Tool for the Determination of Paleo-Atmospheric Pressure -- Phase I: Calibration, Department of Geology and Mineralogy (D. L. Sahagian and J. W. Collinson), 1 March 1990 through 31 August 1991. (Project 768135 - New)

\$30,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Experimental Study of Organized Structures in a Supersonic Shear Layer, Department of Mechanical Engineering (M. Samimy), 22 February 1990 through 21 February 1991. (Project 765794 - Continuation)

\$29,507.00 - National Science Foundation, Washington, D.C., Application of Measure Theory to Probability and Banach Spaces, Department of Mathematics (M. Talagrand), 1 December 1990 through 30 November 1991. (Project 766743 - Continuation)

\$28,212.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Impact Design Criteria for Helmets, Department of Mechanical Engineering (R. L. Stalnaker), 1 January 1990 through 31 December 1990. (Project 767287 - Continuation)

\$25,000.00 - Department of Agriculture, Science and Education, Peoria, Illinois, The Erodibility of Water Erosion Prediction Project (WEPP) Cropland Soils, Department of Agricultural Engineering - OARDC and Department of Agricultural Engineering (W. J. Elliot), 27 February 1990 through 30 September 1991. (Project 768134 - New)

\$24,600.00 - National Science Foundation, Washington, D.C., The Movement of Gas and Crystals Beneath Kilauea, Department of Geology and Mineralogy (D. L. Sahagian and J. W. Collinson), 1 March 1990 through 29 February 1992. (Project 767965 - New)

\$24,500.00 - Department of the Army, Army Corps of Engineers, Vicksburg, Mississippi, Structural Inspection and Evaluation of Existing Lock Gates on Waterways, Department of Welding Engineering (C. L. Tsai), 1 March 1990 through 31 October 1990. (Project 768138 - New)

\$19,300.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Plate Vibrations: A Summary of Useful Results, Department of Engineering Mechanics (A. W. Leissa), 1 April 1990 through 31 March 1991. (Project 766608 - Continuation)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$17,825.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Head Injury Trauma Research Program, Department of Mechanical Engineering (R. L. Stalnaker), 15 September 1989 through 31 March 1990. (Project 767854 - Continuation)

\$15,576.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Structure and Dynamics of Bluff Body Wakes, Department of Mechanical Engineering (Y. G. Guezennec), 15 February 1990 through 14 May 1990. (Project 768183 - New)

\$14,650.00 - National Science Foundation, Washington, D.C., L-Functions with Applications to the Oscillator Representation, Department of Mathematics (S. Rallis), 1 December 1989 through 30 November 1990. (Project 766771 - Continuation)

\$13,386.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Southwest Oncology Group, Department of Internal Medicine (S. P. Balcerzak), 1 January 1990 through 31 December 1990. (Project 761094 - Continuation)

\$13,234.00 - National Science Foundation, Washington, D.C., The Antarctic Lithospheric Advisory Committee, 1990 - 1993, Byrd Polar Research Center and Department of Geology and Mineralogy (D. H. Elliot), 1 April 1990 through 31 March 1991. (Project 768139 - New)

\$10,700.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Comparison of Materials for Hybrid III Ribs, Department of Mechanical Engineering (J. A. Collins), 1 March 1990 through 30 September 1990. (Project 766989 - Continuation)

\$7,500.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, Minority High School Student Research Apprenticeship Program/Biological Sciences, Office of Minority Affairs (L. G. Morrow), 1 March 1990 through 28 February 1991. (Project 768148 - Continuation)

\$7,500.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, Minority High School Student Research Apprenticeship Program/Dentistry, Office of Minority Affairs (L. G. Morrow), 1 March 1990 through 28 February 1991. (Project 768149 - Continuation)

\$7,500.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, Minority High School Student Research Apprenticeship Program/Medicine, Office of Minority Affairs (L. G. Morrow), 1 March 1990 through 28 February 1991. (Project 768145 - Continuation)

\$7,500.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, Minority High School Student Research Apprenticeship Program/Pharmacy, Office of Minority Affairs (L. G. Morrow), 1 March 1990 through 28 February 1991. (Project 768147 - Continuation)

\$7,500.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, Minority High School Student Research Apprenticeship Program/Veterinary Medicine, Office of Minority Affairs (L. G. Morrow), 1 March 1990 through 28 February 1991. (Project 768146 - Continuation)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$4,000.00 - National Science Foundation, Washington, D.C., Physical Studies of Xanthine Oxidase and Arsenite Oxidase, Department of Physiological Chemistry (C. R. Hille), 1 November 1989 through 31 October 1990. (Project 767140 - Continuation)

\$3,378.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Biochemistry of Natural Products, Biotechnology Program (P. E. Kolattukudy), 1 January 1990 through 31 December 1990. (Project 766224 - Continuation)

\$2,901.00 - Department of Health and Human Services, National Institute of Arthritis and Musculoskeletal and Skin Diseases, Bethesda, Maryland, Bone-Cement Interface Biomechanics, Department of Surgery (A. S. Litsky), 1 December 1989 through 30 November 1990. (Project 767202 - Continuation)

TOTAL - FEDERAL AWARDS \$ 9,300,133.50

State of Ohio Research Contracts/Grants

\$117,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Expanded Support for the Ohio Technology Transfer Organization, Engineering Experiment Station and Academic Affairs Administration (R. E. Bailey), 1 July 1989 through 30 June 1990. (Project 767751 - Continuation)

\$33,435.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Comparison of Rural and Urban Homeless Children's Mental Health, Department of Family and Community Nursing (J. D. Wagner), 30 January 1990 through 31 January 1991. (Project 768109 - New)

\$12,500.00 - State of Ohio, Department of Transportation, Columbus, Ohio, Geodetic Advisor for the State of Ohio, Center for Mapping and Department of Geodetic Science and Surveying (J. D. Bossler), 1 July 1989 through 30 June 1990. (Project 766352 - Continuation)

\$9,000.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Dental Resource and Referral System for Central Ohio, Nisonger Center (E. S. Sterling), 1 February 1990 through 30 September 1990. (Project 768157 - New)

\$6,000.00 - State of Ohio, Department of Administrative Services, Columbus, Ohio, Literature Search for Ohio Geographically Referenced Information Advisory Committee, Department of Geodetic Science and Surveying and Center for Mapping (J. D. Bossler), 1 October 1989 through 30 June 1990. (Project 768167 - New)

\$3,900.00 - State of Ohio, Department of Education, Columbus, Ohio, State Superintendent's Task Force for Preparing Special Education Personnel, Education Administration (T. M. Stephens), 1 July 1989 through 30 June 1990. (Project 767658 - Continuation)

\$3,193.00 - State of Ohio, Department of Health, Columbus, Ohio, Central Ohio Prescribed Pediatric Extended Care Program, Nisonger Center (S. E. Thompson and E. King), 1 October 1989 through 30 September 1990. (Project 767832 - Continuation)

\$1,500.00 - State of Ohio, Commission on Minority Health, Columbus, Ohio, Heart Health Videos for Southeast Asians, School of Health, Physical Education, and Recreation (M. S. C. Chen), 1 April 1990 through 30 April 1990. (Project 768168 - New)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$900.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Parent Education: A Prevention, Cooperative Extension Field Operations (B. W. Chirayath), 1 July 1989 through 30 June 1990. (Project 767371 - Continuation)

TOTAL - STATE OF OHIO AWARDS \$ 187,428.00

Industrial Research Contracts/Grants

\$280,124.00 - Pfizer, Inc., Groton, Connecticut, Phase I Multiple Dose, Double-Blind, Placebo-Controlled Study Evaluating the Safety and Pharmacokinetics of Oral CP-72,133 in Normal Male Volunteers, Department of Pharmacology (N. Gerber), 1 October 1989 through 30 June 1990. (Project 768171 - New)

\$129,823.00 - Pfizer, Inc., Groton, Connecticut, Phase I Multiple Dose, Double-Blind, Placebo-Controlled Study Evaluating the Safety and Pharmacokinetics of Topically Applied CP-70,490-09 in Normal Male Volunteers, Department of Pharmacology (N. Gerber), 1 September 1989 through 30 June 1990. (Project 768172 - New)

\$97,810.00 - CIBA-GEIGY Corporation, Summit, New Jersey, Relative Bioavailability and Dose Proportionality of CGS-13429A Following Single Doses of 4.0 mg. Oral Buffered Solution, Two 2.0 mg. Tablets and 4.0 mg. Duodenal Infusion in the Fasted State, and Two 2.0 mg. Tablets Non-Fasted in Healthy Volunteers, Department of Pharmacology (N. Gerber), 1 September 1989 through 30 June 1990. (Project 768174 - New)

\$65,116.00 - Fort Dodge Laboratories, Fort Dodge, Iowa, Evaluation of an Escherichia coli J-5 Vaccine for Prevention of Infection Following Intramammary Challenge with a Wild Strain of E. Coli, Department of Dairy Science - OARDC (J. S. Hogan and K. L. Smith), 1 January 1990 through 31 December 1990. (Project 768136 - New)

\$45,688.00 - CIBA-GEIGY Corporation, Summit, New Jersey, Single Oral Dose Safety Study of CGS-13429A in Volunteers, Department of Pharmacology (N. Gerber), 1 January 1990 through 30 June 1990. (Project 765696 - Continuation)

\$36,958.00 - Pfizer, Inc., Groton, Connecticut, Open Label Cross-over Study of the Uricosuric Activity of Single Doses of Tenidap Sodium (CP-66,248-2) Compared to Probenecid, Department of Pharmacology (N. Gerber), 1 October 1989 through 30 June 1990. (Project 768173 - New)

\$34,576.00 - Pfizer, Inc., Groton, Connecticut, Study No. 120-003-501, Department of Pharmacology (N. Gerber), 10 April 1989 through 30 June 1990. (Project 767511 - Continuation)

\$30,015.00 - Honda of America Manufacturing, Inc., Marysville, Ohio, Enhancing the Japanese Children's Acculturation Process, Department of Educational Studies: Humanities, Science, Technological, and Vocational (K. Samimy), 1 February 1990 through 31 January 1991. (Project 767264 - Continuation)

\$24,949.00 - Mission Research Corporation, Santa Barbara, California, Advance Radome Research, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 January 1990 through 1 July 1990. (Project 768160 - New)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$20,000.00 - Universal Energy Systems, Inc., Dayton, Ohio, Experimental Determination of Damage Initiation Resulting from Low Velocity Impact of Composites, Department of Civil Engineering (W. E. Wolfe), 1 January 1990 through 31 July 1990. (Project 768184 - New)

\$19,818.00 - CeramPhysics, Inc., Westerville, Ohio, Ceramic Honeycombs for Joule-Thompson Cryocooler, Department of Materials Science and Engineering (E. R. Kredler), 1 July 1990 through 31 March 1991. (Project 767533 - Continuation)

\$19,445.00 - Molecular Biosystems, Inc., San Diego, California, Efficacy and Safety Study of Intravenous Albuterol Injections for Enhancing Image Contrast in Echocardiography in the Right Ventricle, Department of Internal Medicine (A. C. Pearson), 1 February 1990 through 31 January 1991. (Project 768141 - New)

\$18,000.00 - Showa Denko K-K, New York, New York, Maternal-Ovarian Transfer of Ascorbate and Conditioning Effect in Embryos and Alevins of Salmonid Fishes, School of Natural Resources and Department of Natural Resources - OARDC (K. Dabrowski), 1 May 1990 through 30 April 1991. (Project 768159 - New)

\$7,150.00 - Jarrow Formulas, Inc., Los Angeles, California, Early Cancer Detection Method, Department of Radiology (S. M. D'Ambrosio) and Department of Physiological Chemistry (R. W. Trewyn), 1 February 1990 through 31 May 1990. (Project 767284 - Continuation)

\$6,576.00 - Applied R & D, Olmsted Falls, Ohio, Vertical Multi-Junction Photovoltaic Cell, Department of Electrical Engineering (G. J. Valco), 1 March 1990 through 30 June 1990. (Project 767802 - Continuation)

\$500.00 - Eli Lilly and Company, Indianapolis, Indiana, Post-Marketing Survey on the Use of Dobutamine, Department of Anesthesiology (T. M. Fuhrman, Jr.), 1 December 1989 through 30 June 1990. (Project 767955 - New)

TOTAL - INDUSTRIAL AWARDS \$ 836,548.00

Other Non-Federal Research Contracts/Grants

\$136,596.00 - National Training Fund for the Sheet Metal and Air-Conditioning Industry, Washington, D.C., National Training Fund University Center for the Sheet Metal and Air-Conditioning Industry, 1989-91, Center on Education and Training for Employment (R. D. Ryan), 1 January 1990 through 31 December 1990. (Project 767176 - Continuation)

\$105,694.00 - Smokeless Tobacco Research Council, Inc., New York, New York, Effect of Smokeless Tobacco on Root Caries in Humans and Animals, Oral Biology (S. Rosen and K. Schroeder), 1 July 1990 through 30 June 1991. (Project 767426 - Continuation)

\$100,000.00 - National 4-H Council, Chevy Chase, Maryland, Cooperative Extension System -- Recycling/Composting Development Project, Cooperative Extension State Operations and Department of Natural Resources - OARDC (J. D. Rohrer) and Department of Plant Pathology - OARDC (H. A. J. Hoitink), 1 January 1990 through 31 December 1992. (Project 768107 - New)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$70,250.00 - University of Texas, Galveston, Texas, Studies of Mechanism and Therapy of Human Immunodeficiency Virus (HIV) Cytotoxicity, Department of Veterinary Pathobiology (J. L. Rojko), 1 September 1989 through 31 August 1990. (Project 766650 - Continuation)

\$69,413.00 - University of Southern California, Los Angeles, California, Pathogenetic Mechanisms in Feline Leukemia, Department of Veterinary Pathobiology (R. G. Olsen and P. C. Stromberg), 1 January 1990 through 31 December 1990. (Project 768178 - New)

\$64,438.00 - Michigan State University, East Lansing, Michigan, Policy Impediments and Opportunities for Expanded Aquaculture in the North Central Region, Department of Natural Resources - OARDC and School of Natural Resources (D. W. Floyd, C. F. Cole, and R. L. Vertrees), 1 May 1990 through 31 December 1991. (Project 767546 - New)

\$56,000.00 - Columbus Health Department, Columbus, Ohio, Surveillance Assistant, Department of Internal Medicine (M. F. Para), 1 January 1990 through 30 June 1990. (Project 768176 - New)

\$40,000.00 - Rockefeller Foundation, New York, New York, Bellagio Conference on Use of Drugs and Vaccines in Developing Countries, Department of Internal Medicine (C. M. Kunin), 1 January 1990 through 31 December 1990. (Project 768170 - New)

\$34,300.00 - Arizona Public Service Company, Phoenix, Arizona, Consortium for the Development of Instructor Training Materials for the Electric Power Industry - Affiliate, Center on Education and Training for Employment (R. D. Ryan), 1 September 1989 through 31 January 1991. (Project 768132 - Continuation)

\$33,000.00 - March of Dimes Birth Defects Foundation, White Plains, New York, Characterization of HBGF-1 in Human Fetal Heart, Department of Internal Medicine (I. M. Chiu), 1 April 1990 through 31 March 1991. (Project 767364 - Continuation)

\$25,000.00 - American Lung Association, New York, New York, Contrasting Models of Neutrophil Recruitment to the Lung: Pneumonia Versus Sepsis, Department of Internal Medicine (G. C. Kindt), 1 July 1990 through 30 June 1991. (Project 766912 - Continuation)

\$22,031.00 - Children's Hospital Research Foundation, Columbus, Ohio, Intestinal Transplantation in Inbred Rats, Department of Surgery (C. G. Orosz), 1 August 1989 through 31 July 1990. (Project 767161 - Continuation)

\$16,090.00 - Columbus Health Department, Columbus, Ohio, HIV-Related Needs: A Regional Analysis, Department of Family Medicine (L. L. Gabel), 15 November 1989 through 14 November 1990. (Project 768169 - New)

\$10,938.88 - American Heart Association, New Jersey Affiliate, North Brunswick, New Jersey, Myocardial Carnosine and Histamine in Trauma and Infection, Department of Surgery (L. J. Flancbaum), 1 January 1990 through 31 December 1990. (Project 768070 - New)

\$10,508.00 - Hemophilia Foundation of Michigan, Ann Arbor, Michigan, The Ohio State University Hemophilia Treatment Center, Department of Internal Medicine (S. P. Balcerzak), 1 October 1989 through 30 September 1990. (Project 768137 - New)

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$10,500.00 - United States Golf Association, Far Hills, New Jersey, Monoclonal Antibodies for Rapid Diagnosis of Summer Patch and Necrotic Ring Spot Diseases of Turfgrass, Department of Plant Pathology - OARDC and Department of Plant Pathology (W. W. Shane) and Cooperative Extension State Operations and Department of Plant Pathology (S. T. Nameth), 1 February 1990 through 31 January 1991. (Project 765882 - Continuation)

\$10,250.00 - Bowling Green State University, Bowling Green, Ohio, AIDS Education in Ohio's Colleges and Universities, School of Allied Medical Professions (S. L. Wilson), 1 July 1989 through 30 June 1990. (Project 768156 - New)

\$8,000.00 - The Ruffed Grouse Society, Coraopolis, Pennsylvania, Ohio Coverts Project, Cooperative Extension Field Operations (E. L. Smith), 1 January 1990 through 31 December 1990. (Project 767321 - Continuation)

\$8,000.00 - University of Arkansas, Little Rock, Arkansas, Consortium for the Development of Professional Materials for Vocational Education, Center on Education and Training for Employment (R. D. Ryan), 1 July 1989 through 30 June 1990. (Project 768154 - Continuation)

\$5,000.00 - The Leo Yassenoff Foundation, Columbus, Ohio, Adapted Toy Library, Nisonger Center (S. R. Schroeder), 2 February 1990 through 31 December 1990. (Project 768161 - New)

\$5,000.00 - Wenner-Gren Foundation for Anthropological Research, Inc., New York, New York, Middle Woodland Exchange of Flint Bladelets in the Scioto River Valley: A Test of a New Method of Sourcing Flint Based on Normative Mineral Compositions, Department of Anthropology (R. W. Yerkes), 3 January 1990 through 30 November 1991. (Project 768140 - New)

\$1,642.00 - The University of Vermont, Burlington, Vermont, Contractile Properties of Mutant Drosophila melanogaster Muscle, Department of Molecular Genetics (S. Falkenthal), 1 January 1990 through 31 December 1990. (Project 768092 - Continuation)

\$1,365.00 - Diabetes Research and Education Foundation, Inc., Bridgewater, New Jersey, Diabetic Patients' Perceptions of the Teaching Role of the Home Health Care Nurse, Department of Life Span Process (L. C. Dzurec), 1 December 1989 through 30 November 1990. (Project 768131 - New)

\$200.00 - American Agricultural Economics Association, Ames, Iowa, Priority Data on Agricultural and Rural Areas: A Survey of Agricultural and Rural Social Scientists, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (L. J. Hushak) and Department of Agricultural Economics and Rural Sociology (W. S. Chern and L. Tweeten), 1 April 1988 through 31 December 1989. (Project 766867 - Continuation)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The Charles H. Ackers Cancer and Cardiovascular Research Fund

The Charles H. Ackers Cancer and Cardiovascular Research Fund was established May 3, 1990, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the Charles H. Ackers Trust as established by the late Mr. Charles H. Ackers of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the College of Medicine to support cancer research and the research work of a distinguished cardiologist as approved by the Dean of the College of Medicine in consultation with Dr. Robert M. Zollinger, as long as he is living.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

May 3, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The William H. Saunders Otolaryngology Endowment Fund

The William H. Saunders Otolaryngology Endowment Fund was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from faculty, residents, colleagues, and various donors in honor of William H. Saunders, M.D., past chairperson of the Department of Otolaryngology.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide support for research in the Department of Otolaryngology within the College of Medicine, as approved by the chairperson of the Department of Otolaryngology.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Michael J. Tomczak Athletic Endowment Fund

The Michael J. Tomczak Athletic Endowment Fund was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Michael J. Tomczak (B.A., Social and Behavioral Sciences '87, Varsity "O" Football 1981-1984) of Chicago, Illinois.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to help fund the grant-in-aid costs for a student-athlete who is a member of the varsity football squad, playing at the quarterback position. Selection of the recipient(s) is to be made by the Director of Athletics in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

**The Bernard J. La Londe
Transportation and Logistics Scholarship**

The Bernard J. La Londe Transportation and Logistics Scholarship was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from friends and companies in honor of Dr. La Londe, and in support of Transportation and Logistics.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to undergraduate transportation and logistics majors in the College of Business. Selection of the recipient(s) shall be made by a committee appointed by the Past Presidents Committee of The Columbus Roundtable of the Council of Logistics Management, in cooperation with the Transportation and Logistics faculty and the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

The John W. and Dorothy Uhl Sawyer Award

The John W. and Dorothy Uhl Sawyer Award was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from John W. Sawyer (B.M.E. '38), and Dorothy Uhl Sawyer (B.S.Ed. '41, Nursing Certificate '41) of Hendersonville, North Carolina.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund the "Sawyer Award," which is established as a memorial to Professor F. W. Marquis who gave over 40 years of service to the Department of Mechanical Engineering as chairperson and professor. The award shall be given annually to students in the Department of Mechanical Engineering who have financial need and academic promise. The award shall not be available to students who, at the time of selection, are in the top 20% of their class. The Dean of the College of Engineering shall be responsible for selecting award recipients, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. Should the need for this fund cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

**The Cardinal Distribution, Inc.,
Cancer Research Endowment Fund**

The Cardinal Distribution, Inc., Cancer Research Endowment Fund was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Cardinal Distribution, Inc., and Robert D. Walter, Chairman, Cardinal Distribution, Inc.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support cancer research in The Arthur G. James Cancer Hospital and Research Institute as approved by the director of The Arthur G. James Cancer Hospital and Research Institute and the Vice President for Health Services.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the director of The Arthur G. James Cancer Hospital and Research Institute and the Vice President for Health Services in order to carry out the desire of the donors.

The Willis T. Kubiak Memorial Fund

The Willis T. Kubiak Memorial Fund was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from family, friends, and various donors in memory of Willis T. Kubiak (M.D. '39).

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide support for the library in the Division of Orthopedic Surgery within the College of Medicine, as approved by the director of the Division of Orthopedic Surgery in consultation with the Orthopedic Library Committee.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Nu Sigma Nu Alumni Scholarship Fund

The Nu Sigma Nu Alumni Scholarship Fund was established May 3, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Nu Sigma Nu alumni.

The annual income shall be used to provide no less than three annual awards for academic excellence to students in their second academic year in the College of Medicine. Recipients shall be chosen by the Associate Dean of Student Affairs of the College of Medicine in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

Change in Description of Named Fund

**Cynthia Cook Dissertation Scholarship
in Early and Middle Childhood Education**

The Cynthia Cook Dissertation Scholarship in Early and Middle Childhood Education was established November 7, 1980, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from friends of Cynthia Cook. The description was revised May 3, 1990.

The annual income shall be used to provide support for dissertation research in the general area of language arts in the College of Education. Selection of the recipient shall be made by the Cynthia Cook Scholarship Committee, in consultation with the University Committee on Student Financial Aid.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for early and middle childhood education.

**Employment of Architects/engineers and
Request for Construction Bids**

Background

University Hospitals Emergency Department Master Plan -
Phase I, Holding Area and Hyperbaric Oxygen Therapy

This project is for redesign of the University Hospitals Emergency Department to create new patient handling systems which will separate the emergency or trauma patients from the non-emergency or urgent care patient. Phase I is a part of the non-emergency area and will include renovation of 2,408 gross square feet for CAT scan, Hyperbaric Oxygen Treatment area, new patient holding area, and support spaces. To complete the entire Emergency Department Master Plan will require several more phases over a time span of several years.

Funds for this project are available from University Hospitals funds. Construction costs for Phase I of the project are estimated at \$215,000.00 and the total estimated project cost for Phase I is \$277,860.00

(See Appendix LXVIII for map, page 1063.)

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 90-120

**UNIVERSITY HOSPITALS EMERGENCY DEPARTMENT MASTER PLAN -
PHASE I, HOLDING AREA AND HYPERBARIC OXYGEN THERAPY**

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for the University Hospitals Emergency Department Master Plan project.

WHEREAS the University Hospitals Emergency Department Master Plan calls for the creation of new patient handling systems to separate emergency and trauma patients from non-emergency and urgent care patients; and

WHEREAS Phase I of this project will renovate 2,408 square feet of space in the Emergency Department to further this separation of patients; and

WHEREAS the total estimated cost of the project is \$277,860.00, with the estimated construction cost being \$215,000.00, with funding provided from University Hospitals:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Acting Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project and that the fees for these services be negotiated between the firms selected and the University; and

**Sale of Real Property
195 and 201 East 16th Avenue, Columbus, Ohio**

Background

Description

These properties are two adjacent lots located on the south side of East 16th Avenue approximately two blocks east of High Street and the University's central campus area. Each property consists of a three-story wood-frame and masonry residential structure with basement, constructed around 1920. Each is situated on a lot of approximately 0.235 acres, and each has been converted to use as a rooming house for housing up to 25 students. The property at 195 East 16th is known as the Davisson-Hanley Scholarship House and that at 201 as the Mary Pomerene Scholarship House. Both houses are in very poor condition and presently are vacant.

Acquisition and Use

While in private ownership, the two properties were operated under the aegis of the Alumnae Scholarship House (ASH) Board to provide low cost scholarship housing for academically qualified women students. Later, the properties were given to the University but still operated by the ASH Board. Subsequently, in the mid 1970's operation of the houses was transferred to the Office of Residence and Dining Halls. Throughout all this time, the ASH Board used income from designated University Endowment accounts to help subsidize the operating and maintenance costs of these houses. However, as the buildings aged and deteriorated and new code requirements became effective, these funds plus funds from Residence and Dining Halls were increasingly insufficient to cover needed maintenance and required renovations. In June 1987, the houses were closed, and the University began to investigate options for renovation or replacement of these facilities or the use of available funds for other scholarship housing programs.

Proposed Sale and Use of Proceeds

A study conducted by Bohm-NBBJ in 1987 noted many conditions not meeting current fire and safety code requirements. The study estimated that total renovation cost for the two properties would exceed \$449,000.00 and that the total replacement cost for the facilities would be about \$916,000.00. In addition, to meet building code requirements, the maximum occupancy of each

May 3, 1990 meeting, Board of Trustees

**Sale of Real Property
195 and 201 East 16th Avenue, Columbus, Ohio (contd)**

Background (contd)

Proposed Sale and Use of Proceeds (contd)

house would have to be reduced from 25 to approximately 18 students. MAI appraisals conducted by Wilhelm and Associates in January 1988, valued the two properties at \$230,000.00.

Based on the appraised value, the cost of renovation or replacement, and the reduced revenue potential from lower occupancy, continued use of these facilities as scholarship houses is not economical. Because of their location east of High Street, the properties are not suited for other University programs. Therefore, the University has determined that the best alternative is to sell the properties and use the net proceeds to make capital improvements to upgrade other scholarship housing facilities.

Title to these two properties is held by the State of Ohio for the use of The Ohio State University. Consequently, sale of the properties is subject to approval by the Ohio General Assembly through an act authorizing the Ohio Department of Administrative Services to conduct the sale on the University's behalf. The University is proposing that the sale be for a minimum value based on an appraisal approved by DAS and be done through the solicitation of sealed bids or a negotiated sale if no bids are acceptable. Net proceeds from the sale would be deposited in a Residence and Dining Halls account and used to renovate the Ann Tweedale Alumnae Scholarship House, located at 220 West 11th Avenue.

(See Appendix LXX for map, page 1075.)

SALE OF REAL PROPERTY

Resolution No. 90-122

195 AND 201 EAST 16th AVENUE
COLUMBUS, OHIO

Synopsis: The Fiscal Affairs Committee recommended the Sale of Property at 195 and 201 East 16th Avenue, Columbus, Ohio.

WHEREAS The Ohio State University owns two parcels of improved real property located at 195 and 201 East 16th Avenue in Columbus, Ohio, which properties are titled in the State of Ohio for the use of The Ohio State University; and

WHEREAS these houses are in very poor condition and substantial renovation, including renovations required to meet fire and safety code requirements, would be required to permit use of the houses for student housing or other University purposes; and

WHEREAS because of their poor condition, the high cost of renovation, and their location, the appropriate University offices have determined that the houses are neither fit nor well suited for University programs and it would be in the best interest of the University to sell these properties and use the net proceeds to improve the Ann Tweedale Alumnae Scholarship House:

NOW THEREFORE

May 3, 1990 meeting, Board of Trustees

SALE OF REAL PROPERTY (contd)

195 AND 201 EAST 16th AVENUE
COLUMBUS, OHIO (contd)

BE IT RESOLVED, That the President and/or Acting Vice President for Business and Administration be authorized to sell all of the University's right, title, and interest in and to these properties, subject to authorization by the Ohio General Assembly and in accordance with the procedures and requirements of the Ohio Department of Administrative Services, upon such terms and conditions as are deemed to be in the best interest of the University, and that net proceeds from the sale of these properties be deposited in the appropriate account within the Office of Residence and Dining Halls for the purpose of making renovations to the Ann Tweedale Alumnae Scholarship House.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Sale of Real Property
Marysville Veterinary Clinic
Marysville, Ohio**

Background

Description

The Marysville Veterinary Clinic is a branch of the University's Veterinary Hospital operated by the College of Veterinary Medicine. The Clinic is located on a 15-acre site in Union County, at 1050 Milford Center Road, on the outskirts of Marysville. The facility includes a brick clinic building of approximately 2,530 square feet and a ranch-style three-bedroom brick residence of approximately 2,450 square feet rented to a faculty member. The buildings, constructed in the early 1960's are in fair condition. Also located on the site is a mobile home used for overnight accommodations for students.

Acquisition, Use, and Value

The University purchased the Clinic and the veterinary practice being operated from it from John and Helen Andreas in December 1969, for \$130,000.00. Funds for the purchase came from earnings of the Veterinary Hospital, and title to the property was taken in the name of the State of Ohio for the use of The Ohio State University. The Clinic was acquired to provide clinical training and experience for veterinary students in farm animal practice in a rural setting. An MAI appraisal by Nash Wilson Associates, Inc., in April 1990, valued the property at \$286,000.00.

Proposed Sale and Use of the Proceeds

The Clinic currently is in need of repair and renovation to maintain adequate office and instruction facilities. In addition, the facility is in a location which is becoming worth more for development in the Marysville area than it is to the University for a clinic operation. The long-range plans for the College and for clinical instruction in rural practice will dictate relocating the facility. At the current time, the College believes this property no longer meets the business and academic requirements for clinical instruction and, given the anticipated renovation expenses, has determined it would be wise now to sell this facility and use the net proceeds for long-term support of the rural large animal practice clinical program.

May 3, 1990 meeting, Board of Trustees

**Sale of Real Property
Marysville Veterinary Clinic
Marysville, Ohio (contd)**

Background (contd)

Because title to this property is in the name of the State of Ohio, sale of the property is subject to approval by the Ohio General Assembly through an act authorizing the Ohio Department of Administrative Services to conduct the sale on the University's behalf. The University is proposing that the sale be for a minimum value based on an appraisal approved by DAS and be done through the solicitation of sealed bids or a negotiated sale if no bids are acceptable. Net proceeds would be deposited in an Endowment account for the long-term support of this clinical program.

(See Appendix LXXI for map, page 1077.)

SALE OF REAL PROPERTY

Resolution No. 90-123

**MARYSVILLE VETERINARY CLINIC
MARYSVILLE, OHIO**

Synopsis: The Fiscal Affairs Committee recommended the sale of the Marysville Veterinary Clinic, Marysville, Ohio.

WHEREAS The Ohio State University owns approximately 15 acres of improved real property at 1050 Milford Center Road in Marysville, Ohio, which property is used for the Marysville Veterinary Clinic; and

WHEREAS the College of Veterinary Medicine has determined that this facility no longer meets the business and academic requirements for clinical instruction and the appropriate University offices have determined that sale of this facility is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Acting Vice President for Business and Administration be authorized to sell all of the University's right, title, and interest in and to this property, subject to authorization by the Ohio General Assembly and in accordance with the procedures and requirements of the Ohio Department of Administrative Services, upon such terms and conditions as are deemed to be in the best interest of the University and that the net proceeds from the sale of this property be deposited in an Endowment account for the long-term support of the College of Veterinary Medicine's clinical programs.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

May 3, 1990 meeting, Board of Trustees

Mrs. Bowser:

This is Laurel's last meeting and it is my distinct pleasure to present this to her. She has been one of the first Student Trustees to join us on the Board. I can only say that she is going to be a hard act to follow, because she has been very attentive. She has asked all the right questions, and she has been very willing to participate and adjust her schedule to help us. We will miss you very much. So, on behalf of the Board, I would like to present this plaque to:

"Laurel A. Davis
Student Member
The Ohio State University Board of Trustees
1989-1990
In appreciation to Laurel Davis
for her dedication, commitment, and praiseworthy service to
The Ohio State University"

Good luck to you.

Mr. Teaford:

I would like to add, too, I think that the future Student Trustees will be glad that Laurel was the first. Because of the way that she has participated on the Board, the Student Trustees have had full access to the Board and have participated as fully as they are permitted -- in fact, in excess of the way that the State law reads. And I think that is a tribute to both of the Student Trustees that this precedence has been established.

Ms. Davis:

I would just like to add that the support from the rest of the Board, and Sophia in particular, has been really wonderful. I hope that Sophia's send-off next year is as warm as mine has been. Thank you.

--0--

President Jennings:

John, as you have often noted, nine years ago about this time you broke a tie. It looks like in a few weeks or in a month or so, that your successor will be able to break a tie. On behalf of The Ohio State University family, we want to recognize your great service to The Ohio State University and your great service as a Board member, Chairman, and as a friend. Please accept this gavel in appreciation from the "family" for your great work. John, we really appreciate it.

Mr. Berry:

I don't know where the nine years have gone, Ed. I really look back on these nine years with a great deal of satisfaction. I have learned a lot more than I have certainly given. You can't understand an institution of this sort unless you are in a position, such as a Trustee. And I think I have a lot more understanding now.

May 3, 1990 meeting, Board of Trustees

Mr. Berry: (contd)

I wish all my colleagues that are going to continue on and all the people connected with this school every success in continued pursuit of excellence. While I am going out to pasture, I still expect to come up and "graze" and "gaze" at all activities in Ohio Stadium. I will look forward to continued association with everyone at the University.

--0--

Thereupon the Board adjourned to meet Friday, June 1, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

APPENDIX LXVI

PERSONNEL COMMITTEE LETTER

Adopted by the Board of Trustees May 3, 1990
(See page 993)

May 3, 1990

Dr. Edward H. Jennings
President
205 Bricker Hall
190 N. Oval Mall
CAMPUS

Dear Dr. Jennings:

With the hope that you will remain on the faculty of the University in the Department of Academic Finance for a significant length of time, the following offer, approved by the Trustees, is made to you.

You have agreed to accept appointment as President for the additional period of two months, terminating the end of August, 1990.

At that time, you will assume the position of full Professor of Academic Finance commencing with Autumn Quarter 1990. Your salary will be \$119,680 for the nine month academic year 1990-1991. Should you elect, you may take a professional leave at full compensation during the academic year 1990-1991, including the Summer Quarter 1991, so that you will not be required to assume teaching, service and research responsibilities until October of 1991. In addition, you may, should you desire, teach the Summer Quarter 1992, and each of the summer quarters in the three subsequent years. If you choose to teach during any summer quarter, your annual appointment will be increased to a full eleven months for those affected academic years, and your compensation will be proportionately adjusted.

In addition, as a further recognition for your service to this University as its President for nine years and as inducement for you to continue your work on the faculty, an annuity contract will be purchased equivalent to providing you a supplemental pretax pension income of \$60,000 per year commencing at age 60. The annuity payments will continue for and during your natural life. You will also be paid money sufficient to enable you to pay any current tax obligations

Dr. Edward H. Jennings

Page 2

May 3, 1990

that might be incurred by you in the year of, and as a result of, the annuity's purchase.

Your continuing tenured position on the faculty, your annual compensation adjustments, and your employment in general, except insofar as modified herein, shall be governed by University Rules and policies affecting all faculty.

We wish you well and hope that you and this University will have a long, mutually beneficial relationship.

Sincerely,

Chairperson Trustee
Personnel Committee

cc: Vice President for Academic Affairs
Dean, College of Business Administration

Commencement Speaker

Edward H. Jennings **Doctor of Humane Letters**

Edward H. Jennings' years as president of The Ohio State University have been marked by creativity, adaptability, and achievement. He has provided dynamic leadership during a critical time in the University's history while adhering to the highest ideals of an academic institution.

Jennings became the 10th president of The Ohio State University on September 1, 1981, after two years as president of the University of Wyoming. He also holds an appointment as professor in the Academic Faculty of Finance, a position to which he will return full-time this September. Previously, he was vice president for finance and university services at the University of Iowa, where he was also a faculty member for 10 years.

Born in Minneapolis, Jennings grew up in Washington, D.C. He received a B.S. degree in industrial management from the University of North Carolina in 1959, an M.B.A. degree from Western Reserve University (now Case Western Reserve) in 1963, and a Ph. D. in finance from the University of Michigan in 1969.

Jennings took Ohio State's helm at a time when higher education budgets had been significantly reduced to offset the state's fiscal difficulties. His leadership and expertise provided the decisive action needed to stabilize the University's financial situation. He then set an ambitious course to transform Ohio State into one of the nation's preeminent institutions of higher learning.

With an unwavering commitment to excellence, Jennings provided leadership for the recruitment of outstanding academicians and researchers to the faculty and instilled in existing faculty a renewed sense of pride. He encouraged a better prepared undergraduate student body through selective admissions and advocated for a strengthened undergraduate curriculum with the introduction of a new general education program. He has championed wide-ranging affirmative action programs to bring minorities into the University community.

In 1985, he launched The Ohio State University Campaign, the largest private fund-raising effort ever attempted by a public institution. That campaign, which ends in June, has exceeded its \$350 million goal by raising more than \$420 million in gifts and pledges for University priorities.

During his tenure, the face of the University has changed. The Wexner Center for the Visual Arts was funded, completed, and opened. The Arthur G. James Cancer Hospital and Research Institute and the Woody Hayes Athletic Center were built, and many other major building or renovation projects were carried out.

Jennings' leadership has extended to local, state, national, and international arenas. He has been a spokesperson for public higher education and land-grant institutions. He is a member of numerous civic and business boards, effecting a mutually beneficial "town-gown" relationship. His interest in global issues has resulted in his leading Ohio State delegations to the People's Republic of China, Taiwan, Spain, Italy, France, and the Dominican Republic.

Through his concern for the present and his vision of the future, Jennings has positioned The Ohio State University to be a model for the comprehensive academic and research institutions of the 21st century. It is with gratitude and pride that Ohio State presents Edward H. Jennings as the 312th commencement speaker.

Recipients of Honors

Helen P. Alkire Doctor of Education

A pioneer in integrating dance into the context of higher education, Helen P. Alkire is a beacon for new generations of dancers, choreographers, directors, and educators.

After joining the Ohio State faculty in 1946, Alkire took dance from an area within the Department of Physical Education to a fully realized academic discipline in the College of the Arts. After the formation of the Department of Dance in 1968, Alkire served as professor and chair until her retirement in 1983.

Alkire received her B.S.Ed. and M.S. degrees from Ohio State in 1938 and 1939 respectively. She pursued doctoral studies at Columbia University Teachers College and holds professional certificates from Connecticut College and Bennington College. She studied professionally with dancers whose names compile a "Who's Who" of modern dance, including Martha Graham, Doris Humphrey, Louis Horst, Charles Weidman, Hanya Holm, and Jose Limon.

Alkire is a central figure in the development of dance as a significant art form in American education. She envisioned and implemented a dance program founded on performance but broadened through studies in dance history, dance education, and dance research.

Through her diligence and determination, Alkire bridged the gap between the professional and academic worlds, persuading professional dancers and artists to come to Ohio State as faculty members and visiting artists. She recognized the importance of recording, preserving, and reconstructing dance. Ohio State's dance program was the first in higher education, outside of Juilliard, to teach notation.

Alkire is a founding member of the Council of Dance Administrators and played a vital role in the creation of the National Association of Schools of Dance, the only accrediting agency for degree-granting programs in the field. She was instrumental in establishing the American College Dance Festival Association (ACDFA) to recognize performance and choreographic excellence in higher education. This year's ACDFA Northeast Regional Festival was dedicated to her.

Alkire continues to be an energetic spokesperson for the value of dance in higher education. It is a fitting tribute to her that Ohio State continues to have one of the nation's top dance programs. Ohio State is proud to recognize the accomplishments of this remarkable individual.

Hildegard E. Peplau Doctor of Humane Letters

As a scholar, teacher, clinician, and creative thinker, Hildegard E. Peplau has exerted a profound influence on the science of nursing. Her classic 1952 book, *Interpersonal Relations in Nursing*, revolutionized the field by defining the nurse-patient relationship as the essence of nursing practice and the means by which to facilitate the healing process. Widely regarded as the founder of psychiatric nursing, Peplau formulated theories that paved the way for the movement from custodial to therapeutic care in mental hospitals throughout the world.

Peplau is professor emerita and former director of the Graduate Program, Psychiatric Nursing, in the College of Nursing, Rutgers, The State University of New Jersey, where her tenure spanned two decades of teaching, research, and service. Her career began with her 1931 graduation from the Pottstown (Pa.) Hospital Training School for Nurses. She was appointed executive officer of health service at Vermont's Bennington College in 1937 and received a bachelor's degree in interpersonal psychology from Bennington in 1943.

After wartime duty in the Army Nurse Corps, Peplau returned to graduate studies at Teachers College, Columbia University, receiving an M.A. degree in teaching and supervision of psychiatric nursing in 1947 and an Ed.D. degree in curriculum development in 1953. A year later, she was awarded the certificate of psychoanalysis applied to teaching from the William Alanson White Institute in New York City.

Peplau developed and implemented the first graduate program for nurses that focused exclusively on the preparation of clinical specialists in psychiatric nursing. She has lectured extensively throughout the world, and her innovative graduate nursing programs have been widely replicated. In the 1970s, during her two-year term as visiting professor at Katholieke University of Leuven, Belgium, she developed the first post-baccalaureate program in nursing in Europe. She has served three times as a visiting professor in Ohio State's College of Nursing, where she was instrumental in laying the foundation for the college's doctoral program.

Because of her sustained scholarship and clinical excellence, Peplau is deservedly recognized throughout the world as a leader in nursing. Ohio State would like to add its recognition to her many honors.

Recipients of Honors

Charles McMurray, Jr. Distinguished Service Award

Charles McMurray, Jr., has been a tireless worker on behalf of his alma mater for 40 years. A native of Sandusky, he received his bachelor of science degree in social administration from The Ohio State University in 1950. He served in the United States Navy from 1943 to 1946.

After briefly serving as a cottage parent at Boy's Industrial School in Lancaster and as research supervisor for the State of Ohio's Department of Mental Hygiene, McMurray was named a probation officer and intake supervisor in the Franklin County Court of Domestic Relations, Juvenile Division, a position he held from 1952 to 1968. For the past 23 years he has been with The Ohio Bell Telephone Company, where he now serves as community relations manager.

An active civic, corporate, and alumni leader, McMurray has a special interest in helping minority scholar-athletes. As a key member of the Merry-makers Club of Columbus, he was instrumental in initiating an annual fund-raising event that supports minority scholarships at Ohio State. In addition, he started a resource list of Black families willing to serve as hosts to out-of-state Black athletes.

McMurray's dedication to Ohio State is also evidenced by the service he has given to its Athletic Council for eight years; the Alumni Association as a member of the Alumni Advisory Council for two terms; the WOSU-TV Board of Governors; the University's National Scholarship Fund-Raising Committee; the Office of Minority Affairs Community Advisory Council; the Advisory Committee on Campus Grievances; and the Jesse Owens Foundation.

His civic involvement is extensive and has included membership on the boards of Community Resources for the Encouragement of Economic Resources (CREED), the Columbus Chapter of People United to Save Humanity (PUSH), Columbus Leadership Council, Capital Square Commission, Columbus Urban League, and the American Red Cross.

McMurray's quiet and effective leadership has helped bridge the gap between the Black community and the University, enabling Ohio State to take an active role in minority student recruitment and retention. He has consistently helped Ohio State communicate that the University is firm in its commitment to the well-being of its minority students, faculty, and staff. For these many contributions, Ohio State is pleased to extend this recognition to Charles McMurray, Jr.

Alex Schoenbaum and Betty Frank Schoenbaum Distinguished Service Award

Alex and Betty Schoenbaum are among Ohio State's most enduring friends and supporters. They have accumulated a long and distinguished record of service to the University that has consistently exceeded all expectations.

Both Mr. and Mrs. Schoenbaum attended Ohio State's College of Business; Mr. Schoenbaum graduated in 1939 with a bachelor of science degree. Although they reside in Charleston, West Virginia and Longboat Key, Florida, the Schoenbaums have retained close ties to the University where they met. Alex and the former Betty Jane Frank were married in 1940 and have four grown children.

Together the Schoenbaums have provided inspiration and leadership to The Ohio State University Campaign. Mr. Schoenbaum has served as director of the Development Foundation Board, director of the University Foundation, and is currently a member of the National Steering Committee. They are each members of the Presidents Cabinet, the highest recognition level within the Presidents Club.

The Schoenbaums have lent their support to widely divergent areas at Ohio State, but their focus has always been the students. They share a deep commitment to academic excellence at their alma mater by ensuring opportunities for promising students to attend Ohio State. Toward this end, they have established the Schoenbaum Scholarship Program to benefit students in the colleges of Business and Education. A fund established in 1966 supports graduate instruction and research in business administration.

Mr. Schoenbaum, who lettered as a varsity football player in 1936, 1937, and 1939, serves as volunteer national chair of Ohio State's Campaign for Athletic Excellence and was instrumental in the funding of the new Woody Hayes Athletic Center.

Mr. Schoenbaum is founder and retired senior chairman of the board of Shoney's Inc., a restaurant chain located throughout the Southeast, West, and Midwest.

The Schoenbaums' generosity extends beyond the University community to include numerous civic, charitable, and philanthropic activities, including the Schoenbaum Park Project in Charleston, West Virginia; the Betty and Alex Schoenbaum Human Services Center in Sarasota, Florida; the City of Hope Medical Center in California; the federated Jewish Charities of West Virginia; and the Sarasota Jewish Federation.

Through their enthusiasm and willingness to invest time and talent, Alex and Betty Schoenbaum define the ideals of volunteer service. Ohio State proudly recognizes their high standard of leadership.

Recipients of Honors

James Vaughn Warren Distinguished Service Award

For nearly half a century, James Vaughn Warren was regarded as one of the nation's most respected medical educators and researchers. His pioneering work in cardiovascular research laid the basis for much of today's cardiology.

A native of Columbus, Warren received his B.A. degree from Ohio State in 1935, graduated from Harvard Medical School in 1939, and completed his residency and research fellowship at Boston's Peter Bent Brigham Hospital. He taught medicine at Emory University Medical School, where he served as chair of the department of physiology; at Yale University Medical School; at Duke University; and at the University of Texas Medical School, where he was chair of the department of medicine.

In 1961, he returned to Ohio State to become professor and chair of medicine. He stepped down as chair in 1979, but continued as professor until 1986 when he assumed emeritus status. After his retirement, he volunteered his administrative time as director of the Medical Humanities Program, an area that has since expanded to teach and enhance interpersonal skills for future physicians.

One of Warren's most notable and enduring research efforts, carried out with his colleague Dr. Eugene A. Stead Jr., defined the mechanisms of congestive heart failure. Other research focused on the mechanisms of shock, cardiac arrhythmias, and sudden death. In the 1940s, Warren became one of the first physicians to use cardiac catheterization for diagnostic purposes.

A prolific writer, his contributions to medical journals number in the hundreds, and he authored several books for the general public, including *Surviving Your Heart Attack*, which won the American Heart Association's Blakeslee Award in 1985. He served as president of the American Heart Association in 1961.

He has received numerous honors and awards, including the city of Columbus' Christopher Columbus Award, which recognized his work in training Columbus firemen in emergency medical procedures.

Through his clinical expertise, his brilliant research, and his abiding interest in humanity, Warren enriched Ohio State's Department of Internal Medicine, enabling it to become one of the nation's outstanding teaching departments.

Dr. Warren passed away in February of this year, and the University is proud to posthumously honor him with its Distinguished Service Award.

The Graduate School

Dean: Roy A. Koenigsnecht

Doctor of Musical Arts

Glen Roger Davis, Columbus; B.M. (Berklee College of Music); M.Mus.; *Music*
Dr. Ann K. Blombach, Dr. Thomas Wells

Mary Jane Fahrenbruck, Yellow Springs; B.Mus.Ed.; M.Mus. (University of Michigan); *Music*
Dr. Sylvia Zaremba

Doctor of Philosophy

Michael Richard Adams, Columbus; B.A. (Colby College); *Chemistry*
Dr. Andrew Wojcicki

R. Miebi Akah, Ondo, Nigeria; B.Sc., M.S. (Mankato State University); M.A.; *Health, Physical Education and Recreation*
Dr. Philip Heit

Ghazi Daiffallah Al-Shetaiwi, Taibeh-Irbid, Jordan; B.A. (University of Damascus); M.A. (Yarmouk University); *Vocational Education, Comprehensive Program*
Dr. N. L. McCaslin

Alan Brett Albarran, Columbus; B.A., M.A. (Marshall University); *Communication*
Dr. John Dimmick

Alan Armstrong, Columbus; B.Mus.Ed.; M.Mus. (Bradley University); *Music*
Dr. Lois A. Rosow

Bruce Warren Aument, Columbus; B.A. (Capital University); M.A.; *Anthropology*
Dr. William S. Dancy

Mathew Thomas Baker, Vernon, TX; B.S., M.Ed. (Texas Technical University); *Agricultural Education*
Dr. J. David McCracken

Karen Sue Basinger, Columbus Grove; B.S.Ed., M.A.; *Psychology*
Dr. John C. Gibbs

Sara Bennett Battison, Loudonville; B.S. (Case Western Reserve University); M.Ed. (Kent State University); *Education*
Dr. Gail McCutcheon

Mary Therese Berry, Cleveland; B.A. (Notre Dame of Ohio); M.A. (Middlebury College); *Education*
Dr. Elizabeth B. Bernhardt

Giulia Anna Bonaminio, Lorain; B.S. (Bowling Green State University); M.S.; *Molecular Genetics*
Dr. Nathan S. Fehcheimer

Jane Ellen Breneman, Lancaster, PA; B.A. (Pennsylvania State University); M.A.; *Psychology*
Dr. Gerald A. Winer

Robert James Campbell, Columbus; B.S., M.S.; *Preventive Medicine*
Dr. Richard Lanese

Douglas Joseph Carpenter, Plain City; B.A. (Ohio Dominican College); M.A. (Xavier University); *Education*
Dr. William W. Wayson

James Martin Chapman, Santo, TX; B.S. (Tarleton State University); *Pharmacy*
Dr. Robert W. Curley

Chengping Chen, Hubei, P.R.C.; B.S. (Huazhong Agricultural University); M.S.; *Entomology*
Dr. David L. Dentinger

Hung-Hsu Fred Chen, Taiwan, R.O.C.; B.S. (National Tsing-Hua University); M.S.; *Mechanical Engineering*
Dr. Dennis A. Guenther

Kiran Babu Chilakamarr, Vijayawada, India; B.Stat. (Indian Statistical Institute); M.S., Ph.D.; *Mathematics*
Dr. Neil Robertson

Yuei-Chou, Kaohsiung, Taiwan, R.O.C.; B.A. (National Chung Hsing University); M.A. (National Cheng Chi University); *Political Science*

- Chin Wah Low**, Kuala Lumpur, Malaysia; B.S.C.E.; *Civil Engineering*
- Carrie Jiaxin Lu**, Guangzhou, P.R.C.; M.B. (Jinan University); *Pathology*
- Wen-Li Lu**, Taipei, Taiwan, R.O.C.; B.S. (National Taiwan University); *Allied Medical Professions*
- Narong Lumpikananda**, Bangkok, Thailand; B.S., D.D.S. (Chulalongkorn University); *Dentistry*
- Machfudh**, Bogor, Indonesia; Sarjana (Bogor Agriculture University); *Natural Resources*
- Judith Lynne Mason Griffey**, Conneaut; B.S.Nurs.; *Nursing*
- Jonathan Ray Mays**, Cincinnati; B.A. (Mount Vernon Nazarene College); *Preventive Medicine*
- Michael David McAninch**, North Tonawanda, NY; B.S.W.E.; *Welding Engineering*
- James McDonald**, Deptford, NJ; B.S. (University of Delaware); *Geology and Mineralogy*
- Michelle Yvette McKissick**, Columbus; B.S.Nurs.; *Nursing*
- Robert Dugald McMichael**, Pullman, WA; B.S. (Pacific Lutheran University); *Physics*
- Scott McMillan**, Elkton, MD; B.S. (Clemson University); *Electrical Engineering*
- Bouazza Mchichou**, Kenitra, Morocco; Bachelor's (National School of Agriculture Meknes); *Agricultural Economics and Rural Sociology*
- Angela Gail Meadows**, Coshocton; B.S.N. (Marshall University); *Nursing*
- Gerald Eugene Mellott**, Garrett, IN; B.S. (Purdue University); *Chemistry*
- Patricia Leonard Meyer**, Liberty Center; B.S.N. (Mary Anse College); *Nursing*
- Christopher Anheuser Miller**, St. Louis, MO; B.A. (Earlham College); *Geology and Mineralogy*
- Jackie Lynne Miller**, Columbus; B.S.Nurs.; *Nursing*
- Darrell Paul Minor**, Uhrichsville; B.S.Ed.; *Mathematics*
- Abbass Mokhtarzadeh**, Tehran, Iran; B.S., M.S. (University of Michigan); *Electrical Engineering*
- Bridget Anne Moore**, Westlake; B.S. (Miami University); *Industrial and Systems Engineering*
- Margaret Louise Mueller**, Dayton; B.S.Nurs.; *Nursing*
- Jennifer Denise Murray**, Duncanville, TX; B.S. (Texas Agricultural and Mechanical University); *Biomedical Engineering*
- Shirin Nazma**, Dhaka, Bangladesh; B.S., M.S. (Dhaka University); *Agricultural Economics and Rural Sociology*
- Viet-Anh Van Nguyen**, Louisville, KY; B.S.E.E. (Purdue University); *Computer and Information Science*

- Sirri Oguz**, Sinop, Turkey; B.S. (Istanbul Technical University); *Aeronautical and Astronautical Engineering*
- Eric John Olson**, Columbus; B.S.; *Mathematics*
- Chandramouli Padmanabhan**, Madras, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- John David Palmer**, Philadelphia, PA; B.A. (College of Wooster); *Mathematics*
- Tae Yoon Park**, Seoul, South Korea; B.S. (Yonsei University); M.S. (University of Georgia); *Zoology*
- Bohdan Michael Paselsky**, Parma; B.S.E.E.; *Computer and Information Science*
- Stephanie M. Peck**, Cuyahoga Falls; B.A. (University of Akron); *Food Science and Nutrition*
- Chun-Yang Peng**, Tungshih, Taiwan, R.O.C.; B.S. (National Cheng-chi University); *Statistics*
- Hsuan Peng**, Taipei, Taiwan, R.O.C.; B.S.M.E. (National Taiwan University); *Mechanical Engineering*
- Laura Chinglan Peng**, Columbus; B.S., B.A.; *Food Science and Nutrition*
- Jeffrey Alan Peterson**, Cincinnati; B.S.I.S.E.; *Industrial and Systems Engineering*
- Joyce Ellen Peterson**, West Worthington; B.S.N. (Franklin University); *Nursing*
- Robert William Pfeifer**, Columbus; B.S.Pharm.; *Pharmacy*
- Julianne Marie Piskura**, North Royalton; B.S. (Cleveland State University); *Geology and Mineralogy*
- Tanya Sofia Pittel**, Columbus; B.S.C.I.S.; *Computer and Information Science*
- Madge Eileen Player**, Dublin; B.S. (University of Delaware); *Food Science and Nutrition*
- Judith Lynne Portwood**, Columbus; B.S.Pharm.; *Pharmacy*
- Michel Joseph Denis Provencher**, Ottawa, Canada; B.Eng. (Royal Military College of Canada); *Welding Engineering*
- Jorge Ivan Puchaicela**, Loja, Ecuador; M.E. (Escuela Politecnica del Litoral); *Welding Engineering*
- Srinivas Raghavan**, Madras, India; M.S. (Birla Institute of Technology and Science); *Computer and Information Science*
- Linda Sue Rausch**, Columbus; B.S.Food Tech.; *Food Science and Nutrition*
- P. V. Ravindra**, Hyderabad, Andhra Pradesh, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Bart Wayne Ray**, Carrollton; B.S.Agr.E.; *Agricultural Engineering*
- Najam Ur Rehman**, Karachi, Pakistan; B.S. (University of Oklahoma); *Electrical Engineering*
- Edward Thomas Reischman**, Wooster; B.S.; *Mathematics*
- David Eyring Rieske**, Ostrander; B.S. (Brigham Young University); *Geology and Mineralogy*
- Donald Joseph Rogier**, Rising Sun; B.S. (Kent State University); *Chemistry*
- Robert Edward Rosenblum**, Columbus; B.S. (University of Illinois at Urbana); *Computer and Information Science*
- Denwood Falconer Ross III**, Utica; B.S. (Indiana University); *Biophysics*
- Aron Jay Saffer**, Columbus; B.A. (Yeshiva University); D.D.S. (Howard University); *Dentistry*
- Brenda Alice Salmon**, Tonawanda, NY; B.S.; *Environmental Biology*
- Edward Allen Sarkel**, Ashland; B.S. (Ashland College); *Computer and Information Science*
- Charles Wayne Schalk**, Avon; B.S.Agr.E.; *Agricultural Engineering*
- Jean Ann Scholz**, Columbus; B.S.N. (Ohio Wesleyan University); *Nursing*
- Samuel William Schwartz**, Battle Creek, MI; B.A. (University of Chicago); *Physics*
- Edythe Mae Seehafer**, Columbus; *Natural Resources*
- Janice E. Semler**, Springfield; B.S.N. (Wright State University); *Nursing*
- Yongwie Seo**, Chun-Nam, South Korea; B.S. (Korea University); *Engineering Mechanics*
- Julio Cezar Silva**, Parana, Brazil; B.S. (Federal University of Parana); *Chemical Engineering*
- Amy Jo Snook**, West Jefferson; B.A. (Cedarville College); *Molecular Genetics*
- Rosa Marie Snyder**, Columbus; B.S. (Texas Woman's University); *Industrial and Systems Engineering*
- Michael Lewis Spradling**, Worthington; B.S.A.A.E.; *Mechanical Engineering*
- Katherine Jennifer Stanton**, Mercer Island, WA; B.S.M.E. (Washington State University); *Mechanical Engineering*
- Paul Charles Steck**, Williamsville, NY; B.A. (State University of New York at Buffalo); *Geology and Mineralogy*
- David Mandel Stinson**, Hamilton; B.S. (Wilmington College); *Agricultural Education*
- Charles Brian Tanner**, Columbus; B.S. (University of Notre Dame); *Engineering Mechanics*
- Vera Reynolds Tedrick**, Worthington; B.S.Nurs.; *Nursing*
- Julie Ann Thomas**, New Carlisle; B.S.; *Human Ecology*
- Pamela Thomas**, Columbus; B.A. (Capital University); *Agricultural Economics and Rural Sociology*
- Donna Jo Tierney**, Columbus; B.S.N. (Capital University); *Nursing*
- Kathryn Thornton Tinkelenberg**, Lubbock, TX; B.S.Nurs.; *Nursing*
- Ellen Anne Tirpak**, Cleveland; B.S.Pharm. (Ohio Northern University); *Pharmacy*

- Jan Vinsel Waters**, Columbus; B.S.N. (Michigan State University); *Human Ecology*
- Vicky Lynn Weddington**, Dayton; B.S.E. (Wright State University); *Metallurgical Engineering*
- Rose Kay Wetherill**, Columbus; B.S.N. (Ohio University); *Nursing*
- Bernard Emamon Wilkerson**, Columbus; B.S. (Brigham Young University); *Chemical Engineering*
- Linda Lee Williams**, Marion; B.S.N. (Franklin University); *Nursing*
- Zaw Win**, Yankon, Burma; B.Ag. (Institute of Agriculture); *Agronomy*
- Linda Elizabeth Wooddell**, Portsmouth; B.S.N. (University of Alabama); M.Ed. (Ohio University); *Nursing*

Karen Elizabeth Worley, West Bloomfield, MI; B.S.M.E. (Michigan State University); *Mechanical Engineering*

Jyh-Cheng Yu, Taipei, Taiwan, R.O.C.; B.S.E. (National Taiwan University); *Mechanical Engineering*

Charles M. Zakrzewski, Cresson, PA; B.S. (Pennsylvania State University); *Aeronautical and Astronautical Engineering*

Lianmin Zhou, Tianjin, P.R.C.; B.S. (Tianjin University); *Mathematics*

Yuangen Zhu, Xian, P.R.C.; B.S. (Guichou University); *Statistics*

Master of Social Work

Veral Adair Farrell, PA; B.A. (Youngstown State University); M.A.; *Social Work*

Sharon Christine Arthur, Cambridge, MA; B.B.S.W. (Morgan State University); *Social Work*

Rebecca Ruth Bailey, Johnstown; B.A.; *Social Work*

Katharine Bentman, Columbus; B.A. (Kenyon College); *Social Work*

Walter Brian Bohl, Columbus; B.A.; *Social Work*

Paula Marie Bowes, Toledo; B.A. (Miami University); *Social Work*

Deborah Lynn Busch, Columbus; B.S.W. (Capital University); *Social Work*

Glenn Anthony Byers, Shaker Heights; B.A. (Wright State University); *Social Work*

Cindy Carol Campbell, Paulding; B.S. (Defiance College); *Social Work*

Craig Russell Campbell, Columbus; B.A.; *Social Work*

Marie Ann Carney, Grove City; B.A. (Wheeling College); *Social Work*

Duane Edward Casares, Toledo; B.A.; *Social Work*

Yee-Wah Grace Chan, Hong Kong; B.A. (University of Windsor); *Social Work*

Michael James Curry, Columbus; B.A.; *Social Work*

Martha Jo Daly, Elyria; B.A. (Notre Dame College of Ohio); *Social Work*

Tawny Jean Davis, Bryan; B.S. (Bowling Green State University); M.A. (University of Toledo); *Social Work*

Linda A. Distel, Worthington; B.A. (Denison University); *Social Work*

Sharon L. Dudash, Delaware; B.S.Soc.Wel.; *Social Work*

Beverly Lynn Edwards, Winona, MS; B.S.W. (Jackson State University); *Social Work*

Maha Fayadh, Westlake; B.A.; *Social Work*

Stephen Michael Fidler, Mt. Gilead; A.A., B.S.Soc.Work; *Social Work*

Marcia Miller Fleischman, Columbus; B.A. (Toledo University); *Social Work*

Patricia Lynn Franz, Mansfield; B.A. (Ohio Wesleyan University); *Social Work*

Jay Asbury Fry, Springfield; B.A. (Wittenberg University); *Social Work*

Todd Anthony Fry, Columbus; B.A. (Wright State University); *Social Work*

Linda Dianne Gillmor, Old Fort; B.A. (Ohio Wesleyan University); *Social Work*

Lisa Gail Godby, Grove City; B.S.N. (Campbellville College); *Social Work*

Marilyn Louise Goin, Columbus; B.A. (Olivet Nazarene College); *Social Work*

Steven Craig Goldston, Reynoldsburg; B.S.B.A. (Franklin University); *Social Work*

Elizabeth Grossmann Gomia, Columbus; B.S.N. (Capital University); *Social Work*

Sarah Kirgis Graffagnino, Columbus; B.S.Soc.Wel.; *Social Work*

Karin D. Gregory, Southfield, MI; B.A. (Oakland University); *Social Work*

Mary Beth Habunek, North Canton; B.A.S.W. (University of Akron); *Social Work*

Bonnie Lynn Hansen, Newark; A.A., B.S.Soc.Work; *Social Work*

Fredericka Jean Hastings, Zoar; B.A. (University of Virginia); *Social Work*

Joyce Ann Hendershott, Columbus; B.S.W. (Kent State University); *Social Work*

Cindy Lee Heselov, Columbus; B.S.Soc.Wel.; *Social Work*

Kathleen Tarbay Hooper, Columbus; B.A. (Kent State University); *Social Work*

Barbara Allyson Huey, Columbus; B.S.W. (Harding University); *Social Work*

Sharon Goldhardt Huffman, Sunbury; B.S.Soc.Work; *Social Work*

Martha Hutchinson, Ontario, Canada; B.A., B.S.W. (Oakwood College); *Social Work*

Shino Inami, Sapporo, Hokkaido, Japan; B.A. (Ohio University); *Social Work*

Kamau Rashad Kenyatta, Baltimore, MD; B.S.W. (Morgan State University); *Social Work*

Steven Eric Kile, Lima; B.S. (Manchester College); *Social Work*

Lisa Ann Koenigsberg, Columbus; B.Art Ed.; *Social Work*

Anita Clare Koerner, Dayton; B.A. (Wright State University); *Social Work*

Jennifer Ann Krall, Shaker Heights; B.A. (University of Michigan); *Social Work*

Laura Ann Kuehnert-Gaines, Columbus; B.S. (Michigan State University); *Social Work*

Lisa Kaye LaDu, Columbus; B.A. (Heidelberg College); *Social Work*

Wilma Eileen LaFayette, Springfield; B.S.W. (Wright State University); *Social Work*

Nancy Kay LaFever, Mt. Vernon; B.A.; *Social Work*

Jane Frances Laubacher, Canton; B.A. (Kent State University); *Social Work*

Sang Yong Lee, Columbus; B.A. (Seoul National University); *Social Work*

Judith L. Lefkowitz, Columbus; B.S.W. (Capital University); *Social Work*

Beth Anne Lister, Worthington; B.A.; *Social Work*

Elizabeth Macauley Lukens Mikes, Columbus; B.A. (Kenyon College); *Social Work*

Marjorie Lynn Mapes, Pickerington; B.S.Soc.Work; *Social Work*

M. Lucia May, Columbus; B.S.Soc.Work; *Social Work*

Laura Anne Mayer, Chesterland; B.S.W. (Capital University); *Social Work*

Amy Lee McDaniel, Columbus; B.S.Soc.Work; *Social Work*

Elizabeth Carolyn McGhee, Columbus; B.S. (University of Kentucky); *Social Work*

Kristene Deeann Merritt, North Manchester, IN; B.S. (Manchester College); *Social Work*

Mark C. Miller, Cincinnati; B.S.W. (University of Cincinnati); *Social Work*

Mary Elizabeth Moore, Lakewood; B.S.S.W. (Bowling Green State University); *Social Work*

Ellen Butler Moseley, Jr., Columbus; B.A.; *Social Work*

Desiree Elaine Mosley, Indianapolis, IN; B.S.W. (Oakwood College); *Social Work*

Mary Diane Neltner, Fort Thomas, KY; B.S.W. (Eastern Kentucky University); *Social Work*

Gregory Wayne Norman, Plain City; B.A. (Georgetown College); *Social Work*

Thomas Joseph Odell, Columbus; B.S.Bus.Adm. (Bowling Green State University); *Social Work*

Susan Leigh Ogden, Columbus; B.S.W. (Capital University); *Social Work*

Kimberly Ann Pahys, Columbus; B.S.Soc.Work; *Social Work*

Julie Ann Parker, Columbus; B.A.
(Indiana University); *Social Work*

Robert Glenn Parr, Cedarville; B.R.E.
(Grand Rapids Baptist College); M.A.
(Michigan State University); Ph.D.;
Social Work

Barbara A. Pavichevich, Columbus;
B.S.Soc.Work; *Social Work*

Sally Pedon, Columbus; B.A. (Ohio
Wesleyan University); M.S. (University
of Dayton); *Social Work*

Kimberly Dianne Plank, Mansfield; A.B.
(Ohio University); *Social Work*

JoAnne Carol Powell, Worthington; B.A.
(Taylor University); *Social Work*

Linda M. Powers, Canfield; B.A.
(Wittenberg University); *Social Work*

Robert Joseph Prines, Euclid; A.A.,
B.S.Soc.Work; *Social Work*

Denise Ramos Laboy, Ponce, PR; B.A.
(Catholic University of Puerto Rico);
Social Work

Mindy K. Ramsey, Canton; B.A.S.W.
(Malone College); *Social Work*

Barbara Louise Rathbun, Columbus;
B.S.S.W. (Ashland University); *Social Work*

Pamela Lynn Reefer, West Jefferson;
Bachelor's (Tiffin University); *Social Work*

Kristine Marie Richardson, Columbus;
B.A. (Miami University); *Social Work*

Brenda Marie Ridgeway, Cleveland;
B.S.Soc.Work; *Social Work*

Melinda Monahan Ridgeway, Gallipolis;
B.A. (Ohio University); *Social Work*

Lisa Beth Robins, Bexley; B.A.
(University of Michigan); *Social Work*

Melinda Yeager Rohrer, Columbus; B.S.
(Manchester College); *Social Work*

LuAnne Root, Mansfield; B.A.
(Wittenberg University); *Social Work*

James H. Rosmarin, Columbus; B.A.;
Social Work

Theresa Marie Savely, Columbus; B.A.;
Social Work

Warren Ray Schneider, Columbus; B.A.;
Social Work

Alesia Danielle Schomaeker, Van Wert;
B.S. (Defiance College); *Social Work*

Michael Edward Sexton, Cincinnati;
B.S.S.W.; *Social Work*

Hong-Kwon Shin, Gyoung-Gi, North
Korea; B.A. (Seoul National University);
Social Work

Martha Teresa Shipley, Columbus;
B.S.Ed. (Ohio University); *Social Work*

Michelle Shoaf, Mansfield; B.S.Soc.Wel.;
Social Work

Renee Christine Shonk, Columbus;
B.S.Soc.Work; *Social Work*

Lisa Denise Skipper, Columbus; B.A.
(Bowling Green State University); *Social
Work*

Beth Marie Sliwowski, Gahanna; B.A.
(Boston University); *Social Work*

Suzanne Elizabeth Smith, Grove City;
B.S.W. (University of Dayton); *Social Work*

Lewis Roger Stewart, Jr., Chillicothe;
B.S.Soc.Wel.; *Social Work*

Karen Sue Storts, Columbus;
B.S.Soc.Work; *Social Work*

Linda Sue Teets, Columbus;
B.S.Soc.Work; *Social Work*

Anita Mae Thompson, Chandlersville;
B.A. (Ohio University); *Social Work*

Kimberly Renee Toler, Zanesville;
B.S.Soc.Work; *Social Work*

Robin Kay Troyer, Millersburg; B.A.
(University of Akron); *Social Work*

Michelle Vega, Baton Rouge, LA; B.A.
(Louisiana State University); *Social Work*

Elaine Michele Vogel, Worthington;
B.S.Soc.Work; *Social Work*

Daphne Elizabeth Wade, Columbus; B.A.;
Social Work

Colleen Kay Watson, Columbus; B.A.S.W.
(Taylor University); *Social Work*

Yvette Sarah Weaver, Columbus;
B.S.Bus.Adm.; *Social Work*

Gina Lee Westfall, Defiance; B.S.W.
(Defiance College); *Social Work*

Ronald Matthew White, Columbus;
B.S.Soc.Wel.; *Social Work*

Jean Ann Whitworth, Alton, IL; B.A.
(Western Illinois University); *Social Work*

Alberta Monica Wilkes, Columbus;
B.S.Ed. (Kent State University); M.A.;
Social Work

Angela Louise Williams, Cincinnati; B.A.
(Marian College); *Social Work*

Kim Michelle Williams, Hyattsville, MD;
B.S. (Morgan State University); *Social Work*

Judy Meyer Wilson, Norwalk; B.A.
(University of Toledo); *Social Work*

Laura Ann Winslow, North Olmsted;
B.A. (Cleveland State University); *Social
Work*

Pamela Marie Woods, Cincinnati; B.A.;
Social Work

Catherine Faye Young, Columbus; B.A.
(Wright State University); *Social Work*

Certificate of Specialist in Russian Area Studies

Jehoon Park, Seoul, South Korea; B.A.
(Seoul National University); M.A.; *Slavic
and East European Studies*

Colleges of the Arts and Sciences

Chairman, Coordinating Council of Deans: Joan Huber

Associate Dean for Undergraduate Studies in Arts and Sciences: Robert M. Arkin

The Colleges of the Arts and Sciences, a federation of five colleges, includes:

College of the Arts
College of Biological Sciences
College of Humanities
College of Mathematical and Physical Sciences
College of Social and Behavioral Sciences

College of the Arts

Dean: Donald Harris

Bachelor of Arts

Andréa Lee Curry, Weston
Frank Douglas Delbenzio, Steubenville
Ann Kerr Henderson, Mentor
Mary Beth Holloway, Whitehouse
Gregory Marvin Hotchkiss, Troy
Robert Gerard Hunt, Lima
Jacqueline Louise Koral, Independence
Gregory Edward Lonsway, Mentor
Lisa S. Mariano, Columbus
Timothy Brian McFarland, Martins Ferry
Wendy Dawn Miller, Mansfield
Dione Elizabeth Oosthuizen, Columbus
Craig Michael Phipps, Washington, DC
Darin Mitchell Preston, Miamisburg
Glen Victor Schauer, Wickliffe
Marjorie Sue Schwartz, Mentor
Mercedes Louise Shelt, Madison
Stephen Leo Spinner, Parma Heights
Chris Allen Tenney, Geneva
Bruce Robert Walrath, Cadiz
Ann Marie Webster, Chillicothe
Jon Lawrence Zidel, Bexley

Bachelor of Fine Arts

Joseph Michael Albright, Owosso, MI
Julia Ann Almendinger, Marion
Joelle Ré Arp, Amherst
Mark Alan Beers, Ashville
C. Todd Brown, Columbus
Kristi Noel Cooke, Marion
Michael William Dickas, Westerville
Michele Eileen Dowling, Gahanna
Curtis Morrison Goldstein, Columbus
Rebecca Eve Gould, Columbus
Susan Elaine Hamilton, Columbus
Thomas George Harned, New Haven, CT
David Robert Higgins, Ashtabula

College of Dentistry

Dean: William R. Wallace

Doctor of Dental Surgery

Heather Cecile Allen, Columbus
 B.S. (University of Western Ontario)

Debra Ann Balogh, Strongsville
 B.A. (University of Toledo)

Andrew Carl Basinger, Mansfield
 B.A. (Miami University)

Jacinto Wilson Beard, Erie, PA
 B.S. (Gannon College)

Anthony Edward Bisconti, Youngstown
 B.S. (Youngstown State University)

Janet Joyce Brown, Zanesville

Richard Brozewicz, Columbus
 B.S. (Gannon College)

Larry Duane Bucher, North Canton

Donovan Clay Campbell, Zanesville
 B.A. (Mount Vernon Nazarene College)

Scott Allen Campbell, Columbus
 B.S. Nutrition

John G. Carlile, Columbus
 B.S. Nutrition

Cynthia Marie Carratola, Worthington

Lawrence Christopher Chen, Youngstown
 B.S. (Youngstown State University)

Anthony John Christani, Columbus
 B.A. (Kent State University)

Joseph Harold Cieslak, Columbus
 B.S. (Gannon College)

Ann Michelle Coffey, Cincinnati
 Duane Thomas Cole, Conneaut

Ihor John Danko, Cleveland
 B.S. (Cleveland State University)

Glen Andrew Davis, Pemberville
 B.S. (University of Michigan)

Heidi Lee Dianiska, Columbus

Osmani Diaz, Columbus
 B.S. (University of Miami)

Carl Phillip Dietrich III, Akron
 B.A. (Middlebury College)

James Thomas Eimer, Columbus

Loreen Kay Frey, Dublin
 Cert. Grad. Dent. Hyg., B.S. Ed.

Carl Anthony Gleichauf, Ironton
 B.A.

James Glinatsis, Columbus
 B.S. (Youngstown State University)

Robert Edwin Green
 B.A. (Ohio Wesleyan University)

Mary Ann Hanlon, Berea
 B.S.

Bruce Gordon Herpy, Columbus

Lynn Davis Herpy, Strongsville
 B.A.

Guy Brian Hisrich, Columbus
 B.A. (Miami University)

Julie Ann Holloway, Whitehouse

Shelley Ann Hucek, Columbus

Lisa Anne Hunt, Columbus
 A.A.S. (Sinclair Community College)

Timothy James Iten, Orrville
 B.A. (Miami University)

Steven Merritt Jones, Powell
 B.A. (Miami University)

Bradley Paul Karkut, Hilliard

Scott Alan Kelly, Columbus
 B.A. (Capital University)

Robert Nai-Min Lam, Staten Island, NY

David Isaac Langdon, Worthington
 B.A. (Otterbein College)

Catherine Ann Lawler, Dayton
 Cert. Grad. Dent. Hyg., B.S.

Lisa Ann Lehky, Columbus
 B.S. (University of Dayton)

Jeneen Ellen Lerch-Lapp, Columbus

Eric Manuel Lopez, Columbus
 Paul Roy Lynch, Columbus
 B.S. (University of Florida)

Robert Joseph Malek, Columbus
 B.S. (University of Delaware)

Stephen Roy Malik, Port Clinton

Jeffrey Alfred Mallette, Canton
 B.S. (Walsh College)

Steven Andrew Margulies, Columbus
 B.A. (University of California-San Diego)

Carlo Marino, Highland Heights

Maria Elena Matheson, Huron
 B.S. Nurs.

Franklin Bautista Maximo, Reynoldsburg

David Robert Mays, Columbus

Robert Leonard Mazzola, Columbus
 B.S. (University of Dayton)

Dawn Louise McClellan, Girard
 B.S. (Oral Roberts University)

Jeffrey C. Metcalfe, Columbus
 B.S.

Anthony John Michelakis, Warren
 Michael Emmett Miller, Columbus
 B.A. (University of Toledo)

Thomas J. Miller, Jr., Columbus

Timothy Edwin Moats, Bryan
 B.A. (Miami University)

Mojdeh Motakef, Dublin

Cecilia Ann Moy, Columbus
 Cert. Grad. Dent. Hyg., B.A.

Wade John Najem, Columbus

Craig Daniel Oiler, Hilliard
 B.S.

Stephen Patrick Panyard, Orrville
 B.A. (Miami University)

Phillip Lee Patrone, Columbus

Mark Anthony Pitts, Lima
 B.A. (Findlay College)

Stephan Scott Porter, Columbus

James Curtis Puccio, Middletown
 B.A. (Miami University)

Frank George Radis, Chagrin Falls

Susan Lynn Ranck-Tikson, Columbus
 B.S.

Eric Howard Reed, Worthington
 B.A. (Anderson College)

Gregg Addison Riddle, Worthington
 B.S. Nurs. (Wright State University)

Steven John Ritzi, Worthington

David Mark Robinson, Cincinnati
 B.S.

William J. Rouhana, Columbus

John Russo, Youngstown
 Melinda Ann Ryan, Cuyahoga Falls
 B.A. (Miami University)

Robert George Schmidt II, Gahanna
 B.S. (Hillsdale College)

Nancy Lynn Schoenberg, Columbus
 B.S. (University of California-Davis)

William Walter Sikora, Adena
 B.S. (John Carroll University)

Richard George Skoula, Columbus
 B.S. (Baldwin-Wallace College)

Deborah Lynn Smith, Columbus
 A.A. (Cuyahoga Community College)

Susan Victoria Stanco, Columbus
 Michael Alan Stefan, Columbus
 B.A. (Miami University)
 Jon Closman Stocker, Wooster
 B.S.Nutrition
 J. Roy Suarez, Columbus
 B.S. (University of Toronto)
 Mark Leroy Suelflohn, Columbus
 Paul Anthony Toplek, Girard
 B.S. (Youngstown State University)
 Colleen Gartin Vienna, Columbus
 Cert.Grad.Dent.Hyg., B.A.
 Jennifer Lee Wallace, Columbus
 B.S.
 Leonard Shouse Welch, Columbus
 B.A. (Miami University)
 Jeffrey Lee Wilden, Cleveland
 B.S.
 David N. Williams, Wooster
 B.S. (Ashland College)
 Scott Eric Williams, Columbus
 B.S. (Brigham Young University)
 Brian Emerson Woodard, Columbus
 B.A. (Wittenberg University)
 Mary Louise Zebracki, Columbus
 B.S. (Kent State University)
 C. Roger Zody II, Oxford
 B.A. (Miami University)

Bachelor of Science in Dental Hygiene

Rosemary Behm, Chagrin Falls
 Rebecca Lynn Branson, Miamisburg
 Ewa Teresa Byczek, Columbus
 Stacey Katherine Contakis, Columbus
 Karri Ann Gaiser, Centerville
 Robert William Gardner, Newton Falls
 Amy Lynn George, Columbus

 Amy Charlene Wood, Ironton
 Stacy Woodford, Columbus
 Mary Ellen Wormley, Kenton
 Maria Louise Woytko, Medina
 Jane Ann Wright, Shelby
 Michelle Kay Wunder, Fairborn
 Joseph Mark Wyckoff, Columbus
 Andrea Marie Zag, Reynoldsburg
 Kathleen Annette Zutell, Columbus

Bachelor of Art Education and Bachelor of Music Education degrees are offered jointly by the College of the Arts and the College of Education. Candidates are listed under the College of the Arts.

College of Engineering

Dean: Donald D. Glower

Bachelor of Science in Aeronautical and Astronautical Engineering

Maria R. Arbogast, Marysville
 John Peter Aslan, Middleburg Heights
 David Edward Bailey, Vermilion
 Terry Dean Bisard, Ravenna
 Robert Adam Briggs, Gahanna
 Scott Allen Dallinga, Akron
 Peter John Davidian, Chagrin Falls
 Mark Daniel DiCocco, Columbus
 Shawn Wylie Doyle, Maynard, MA

Mary Elizabeth Ebner, Columbus
 Stephanie Eann Falbo, Follansbee, WV
 Gino Paul Fina, Columbus
 Gerald Michael Fuerst, University Heights
 Michelle E. Gifford, Mansfield
 Patrick James Gouhin, Ashtabula
 Thomas John Greiner, East Syracuse, NY
 Steven Lee Hermann, Fairborn
 Donald Andrew Hoying, Minster
 Gary Scott Hufford, Marion
 Carl James Ingram, Medina
 Hani Kamhawi, Columbus
 Christopher Allen Kelble, Jamestown
 George Joseph Klupar, Columbus
 Daniel Joseph Kozyro, Franklin, PA
 Gary Ronald Krock, Oregon
 Mark David Kunka, Brimfield
 David Bruce Lanning, Jr., Ridgeville
 Kevin Dale Lavery, Columbus
 Beom No Lee, Seoul, South Korea
 Shawn William Luich, Niles
 Phillip Scott MacLean, Columbus
 Leo Richard Marple, Jr., Salem
 Andrew Paul Marshall, Troy
 Patrick Shawn McClurg, Jackson
 Laura Jean McDavid, Dayton
 Kevin Lee McFadden, Reynoldsburg
 Jeffrey Franklin Miller, Greenhills
 David Peter Misencik, North Ridgeville
 Daniel Edward Molnar, Jr., Columbus
 Scott Alan Olson, Ashland, KY
 John Vincent Perry, Willowick
 Warren Thomas Peters, Marion
 James Colbert Plickebaum, Delaware
 James Wesley Rogers, Jr., Denver, CO
 John Bryan Roos, Strongsville
 Scott Eric Sherer, Vienna
 Robert A. Stonebraker, Newark
 Eric Joseph Strobel, Columbus
 Thomas Alan Stuart, Paulding
 Andrew Gerard Szmerekovsky, Bedford
 Matthew John Tefend, Granville
 Ravuth Theam, Dayton
 Melissa Lee Tincher, Hilliard
 James John Waiter, Orland Park, IL
 Michael Patrick Walsh, Jr., Mentor
 Heather Glorene White, Greenwich
 Scott David Wisler, Fairfield
 Neil Edwin Zimmer, Jr., Columbus

Bachelor of Science in Agricultural Engineering

Daniel Lee Dickson, St. Louisville
 Christopher John George, Newark
 Kevin Michael Keener, Ashland

Bachelor of Science in Aviation

Jeffrey Scott Bailey, Dexter, MI
 William Douglas Borden, Reynoldsburg
 Dennis C. Braun, Chagrin Falls
 Daniel Parker Carrigg, Steubenville
 Dennis Rae Crews, Folkston, GA
 Sean Michael DeWitt, Marion
 Larry A. Hawkins, Jr., Louisville
 Paul Joseph Hickey, Lima

Paul A. Janowicz, Elyria
John Eric Kleberg, Westerville
Michael Darrell Kopf, Columbus
Daniel Richard Lindner, Oceanside, NY
Bradley Joseph Monnin, Versailles
William Charles Perucca, Warren, MI
Thomas Gerard Pyatt, Gahanna
Richard Donald Richardson,
North Olmsted
Matthew John Rypien, Canton
Keith Joseph Thomas, Des Plaines, IL
Floyd Emerson Wicks IV, Columbus
Gary Ray Wilson, Cincinnati

Bachelor of Science in Ceramic Engineering

Daniel Clark Anderson, Gahanna
Heidi Anderson, Dayton
Christopher James Bloom, Oak Harbor
David Brian Campbell, Lima
Matthew L. Chretien, Westerville
Marc Alan Christman, Masury
Richard A. Drushal, Hebron
Keith Kenneth Eggeman, Delphos
Christopher Alan Goda, Lakewood
Andrew John Gonos, South Amherst
Eric Walter Jaworsky, Euclid
Paul Joseph Kaverman, Wapakoneta
David Lane Mason, Jr., Oak Ridge, TN
Melinda Susan Mizak, Wadsworth
David Brian Oddo, Gates Mills
Christopher Alan Weaver, Aurora

Bachelor of Science in Chemical Engineering

Kara Bernadette Blachowski, Toledo
Michael Edward Caskey, Shelby
James Patrick Dangaran, Warren
James Adam Davis, Gahanna
Larry Dean Doza, Columbus
Jacqueline Dusey, Wellington, FL
Gregory Robert Glick, Navarre
Martha Ann Gossett, Belmont
Jennifer Lauren Grashel, Granville
Christopher Kiehl, Mineral City

 William Robert Waldron, Windsor, NY
 B.A., M.S. (University of Rochester)
 Jonathan Leslie Warner, St. Marys
 B.A. (Miami University);
 B.S.
 Craig Stephen Wolf, Cuyahoga Falls
 B.A. (College of Wooster)

College of Pharmacy

Dean: John M. Cassidy

Bachelor of Science in Pharmacy

Feda Hassan Aboumeri, Cleveland
 Leigh Ann Annis, Lucasville
 Julie Anne Ashcraft, Kent
 Christine Renee Ball, Cuyahoga Falls
 Kelley Lynn Barnett, West Jefferson
 William Miller Brown, Lima
 James Alan Deters, Lima
 Jeffrey David Engle, Columbus
 Simpson Foo, Los Angeles, CA
 Heidi Louise Fross, Mentor
 Charles Shively Gould, Akron
 William James Hahn, Perry
 Charles John Harcha, Portsmouth
 Michael D. Harrington, Cincinnati
 Kristin Jill Haydock, North Bend
 Jocelyn Regina Hayes, Highland Park, IL
 Barry Joseph Helms, Tiltonsville
 Ronald Steven Holzapfel, Greenville
 Julie Marie Huffman, St. Albans, WV
 Vicky Sue Hupp, Newark

Colleen Marie Kennedy,
 London, Ontario, Canada
 Charlotte Anne Kenreigh, Salem
 JoAnne Marie Lastovka, Seven Hills
 Cristina Rose Liberati, Niles
 Richard William Mason, Mt. Vernon
 Lisa Renee Massic, Ravenna
 Carol Ann McCowan, Sheffield
 John Steven McDavid, Fairborn
 Sharon Lorena McLaughlin, Woodsfield
 Susan Ann Miller, Portage
 Joseph Mirisola, Columbus
 Christina Lynn Morris, Harrisville
 Cuong Michael Nguyen, Archbold
 Sandra Lee Opperman, Copley
 Karen Ann Pallone, Brook Park
 Barry Lee Pamula, Northfield
 Kevin David Pete, Canton
 Susan Renee Raber, Strasburg
 Daniel Joseph Resetar, Ellicott City, MD
 Tenna Lynn Rhonemus, Arlington
 Albert Joseph School, Akron
 Jill Rene Slabach, Mansfield
 Donald Lawrence Sullivan, Columbus
 Brent Joseph Swipas, Warren
 Michelle Lynn Tolley, Camden
 Victoria Ukmay, Euclid
 Josephine Ruth Ulrey, Columbus
 Kathy Lynn Veselenak, Cambridge
 Lucinda Joy Wade, Apple Creek
 Guy Warren Wagner, Galion
 Barbara Sue Walters, Cleveland
 David Martin Weinstein, Massillon
 Erika Lynne Wenzel, Columbia Station
 John Allen Wood, Reynoldsburg
 Tod Alan Workman, Bolivar

College of Social Work

Dean: Richard E. Boettcher

Bachelor of Science in Social Work

Kimberlee Ann Bauer, Powell
 Stephanie Lynn Bean, Columbus
 Sheryl Lynn Board, Heath
 Sheila Marie Bowling, Marion
 Leisa Beth Clem, Columbus
 Daniel Mitchel Cohn, Pepper Pike
 Tammy Savanna Constant, Columbus
 Jacquelyn Cotton, Cleveland
 Erica Lynne Davis, Cleveland
 Shawn Lesley Davis, Pataskala
 Rosemarie Dougherty, Columbus
 Jennifer Ann Duffy, Port Clinton
 Mindy Kay Dunkle, Columbus

 Patricia Ann Griffith, Circleville
 Melinda Ann Grote, Columbus
 Martin Francis Hammar, South Euclid
 Alison Leigh Hamrick, Columbus
 Holly Elizabeth Harris, Mt. Gilead
 Sherri Lynn Hessel, Fairlawn
 Holly Ann Hobzek, North Royalton
 Michele Carmela Horek, Worthington
 Emory Jay Kennedy, Jacksonstown
 Heather Lee King, Indianapolis, IN
 Jodi Lee Kohhorst, Columbus
 James Thomas Mallory, Parma
 Michelle Renee Marteny, Carrollton
 Linda Diane Maxwell, Westerville
 Susan Marie McVey, Clarksville
 Terri Marie Miller, Fairfield
 Jennifer Lynn Nedwick, Elyria
 Heather May Peterman, Johnstown
 Thomas Robert Peters, Columbus
 Christine Maree Philips, Hamilton
 Kathleen Louise Pierce, Mt. Gilead
 Rose Lorraine Powers, Delaware
 Lisa Anne Rowekamp, Wooster
 Melanie Rose Rubin, Shaker Heights
 Theresa Saada Rushay, Columbus
 Debra Ellen Sapp, Danville
 Robert Marilla Scott, Columbus
 Joyce Ann Seaburn, Mt. Gilead
 Melissa Frances Sherman, Mentor
 Darla Ann Short, Troy
 Julianne Renee Smeck-Miller, Baltimore
 Tracie Lynn Smith, Lewisburg
 Toni Marie Spetrino, Chesterland
 Lisa Colleen Spivey, Columbus
 Alicia Rene Sullivan, Columbus
 Christina Sue Tatman, Columbus
 Donna Lee Taube, Marion
 Gil Louise Taylor, Columbus
 Nancy Anne Thomsen, Newark
 Tracey Michael Triplett, Darbydale
 Karen Susan Umbarger, Mansfield
 Stacey Jo Vetter, Wapakoneta
 Cynthia S. Warthen, Newark
 Jennifer Lynn Weber, Springfield
 Jill Robin Weissman, Columbus
 Leanne Leslie Wonders, Toledo
 Elizabeth Ann Zepernick, Tipp City

College of Veterinary Medicine

Dean: Ronald A. Wright

Doctor of Veterinary Medicine

Michelle Louise Amtower, Keyser, WV
 B.S. (West Virginia University)
 Valerie Jo Anderson, Jackson
 B.A. (Findlay College)
 Kim Lynn Ankenbauer, Cincinnati
 B.S. (Indiana State University)
 Kristen Lynn Bailey, Fairborn
 B.S. (Wright State University)

Scott William Barnard, Canton
 B.S.
 Maria Lorine Beck, Creighton, NE
 B.S. (University of Nebraska-Lincoln)
 Karol Rae Bice-Bentley, Columbus
 B.S. (Iowa State University)
 Michael Steven Blotter, Cincinnati
 B.S. (Brigham Young University)
 Ruth Amelia Boll, Wheelersburg
 B.S. (Ashland College)
 Kathleen Marie Booth, Moundsville, WV
 B.S. (West Virginia University)
 Wendi Lee Brann, Hiram
 B.A. (Hiram College)
 Stephanie Marie Breslin, Centerville
 B.S.
 Corrine S. Brown, Leigh, NE
 B.S. (University of Nebraska-Lincoln)
 David Lee Brown, Bloomingdale
 Rebecca Bock Burket, Cincinnati
 B.A. (Wittenberg University)
 Susan Jane Burkhart, Galion
 B.S. (Bowling Green State University)
 James Alfred Burns, Rocky River
 B.A. (Miami University)
 Joanne Butzberger, Franklinton, NC
 B.A. (Miami University)
 Elizabeth Ann Chabora, Paramus, NJ
 B.S. (University of Delaware)
 Susan Kay Clark, Oberlin
 B.S. (Ashland College)
 Marybeth Cline, Monongahela, PA
 B.A. (Hiram College)
 Leslie Ann Cook, North Canton
 Diane Sue Cummins, Cincinnati
 B.S. (University of Cincinnati)
 Elizabeth Ann Daniel,
 Shenandoah Junction, WV
 B.S. (West Virginia University)
 Joy Arlene Davidson, Quincy
 B.S.Agr.
 Lisa Ann Demby, Grafton
 B.A. (Miami University)
 Ann Marie DiFrancesco, Bristolville
 B.S.
 Ann Elizabeth Essman, Lancaster
 Janice Kathleen Evans, Gallipolis
 B.S.Agr.
 William Paul Farrar, Northfield
 B.A. (Ohio Wesleyan University);
 M.S.
 Robert Scott Gershkowitz, Aberdeen, NJ
 B.S. (Rutgers University)
 John Michael Gnatowski,
 Brooklyn Heights
 B.S.Pharm.
 Carrie Anne Griffith, Shaker Heights
 B.S., B.S. (University of Kentucky)

Stacy Lynn Hallabrin, Lexington
 B.A. (Findlay College)
 Edward John Hamer, Yerington, NV
 B.S. (University of Nevada-Reno)
 Karen Leah Hamilton, Severna Park, MD
 B.S. (University of Maryland)
 Nancy Ann Hankins, South Euclid
 B.S.Nat.Res.
 Johanna Ruth Hansen-Neff,
 Honolulu, HI
 B.A. (Earlham College)
 Susan Beth Hardman, Silver Spring, MD
 B.S. (University of Maryland)
 Pamela Sue Harrold, Heath
 B.S. (Mount Union College)
 Patricia K. Henning-Miller,
 Plattsburgh, NE
 Julie Ann Hockman, Columbus
 B.A. (Miami University)
 James John Honigford, Coldwater
 B.S.Agr.
 Allen Reed Hughes, Hamilton
 B.A. (Miami University)
 Herbert Allen Hulls, Lower Salem
 Keith Edward Huston, Richmond Heights
 B.S. (Heidelberg College)
 Stephen Joseph Kerpasack, Canfield
 Karen Maxine Knabel, Bainbridge
 B.S.Agr.
 John William Knox, Fostoria
 B.S. (Bowling Green State University)
 Nicholas James Kohut, Boyertown, PA
 B.S.Agr.
 Daniel Gerard Korow, Akron
 B.S. (University of Akron)
 Debra Lynn Kuklinski, Madison
 B.S.Agr.
 Mark Steven Kurtzman, Bellbrook
 B.S. (Heidelberg College)
 Cynthia K. Lightner, Maxwellton, WV
 B.S. (Virginia Polytechnic Institute and
 State University)
 Carolyn Pories Lincoln, Shaker Heights
 B.S.Nat.Res.
 James Edward Lofgren, Louisville
 Carmen Luisa Lucena-Shaw,
 Guaynabo, PR
 B.S. (Pennsylvania State University)
 Ann L. Manharth, Milford
 Dawn Lavelly Martin, Clarion, PA
 B.S. (Pennsylvania State University)
 Warren Guy Maurer, Toledo
 B.S. (Cornell University)
 Mark Joseph McCloskey, Gahanna
 Marilyn Marie McCort, Barberton
 B.S. (Purdue University)
 Kittsen Dee McCumber, Columbus
 B.S.Agr.

Arthur Samuel McMillan, Jr., Warsaw
B.S.Agr., M.S.

Jill Howells McNicol, Salem
B.S. (Muskingum College)

Linda Jean Mecklenburg, Rockville, MD
B.S. (University of Maryland)

Mary C. Menard, Deerfield, NH
B.A. (Middlebury College)

Susan Hope Mercer, Hollis, NH
B.S. (University of New Hampshire);
M.S. (Texas A & M University)

Regina Marie Michels, Cincinnati
B.S. (University of Cincinnati)

Suzanne B. Miller-Hogue, Tallmadge
B.S.Agr.

Jodi A. Londot Moorman, Utica
B.S.Agr.

Beth Ann Morrell, Clinton, MD
B.A. (Warren Wilson College)

Anne Jeanette Murphy, Canfield

Todd Allen Nash, Columbus
B.A. (Kenyon College)

Robert Louis Nathan, Cincinnati

Iva Lynn Nusbaum, Columbus
B.A. (Wittenberg University)

Wendy Lynne O'Desky, Toledo
B.S.Agr.

Nancy O'Neil, Akron
B.S. (University of Akron)

Toni Anita Onorato, Findlay
B.A. (Findlay College)

Imre Laszlo Orosz, Lakewood

Elias Emanuel Ferris, Trenton, NJ
B.S. (Rutgers University)

Susan Christine Randall, Worthington

Roger Scott Redman, Wooster
B.S.Agr.

Susan Joanne Reed, Waterville

Franklin John Reichert, Jr., Goshen
B.S. (Northern Kentucky University)

Craig Michael Ritchie, St. Louis, MO
B.S.Nat.Res.

Robert J. Rizzitano, Bedminster, NJ
B.S. (Rutgers University);
B.S. (Carnegie-Mellon University)

Brad Warren Roll, Kingston

Jeffrey William Santee, Wadsworth
B.S.Agr., M.S.

Thomas Sarosy, Chardon

Kelly Jean Scott, Wexford, PA
B.S. (Pennsylvania State University)

Susan Elizabeth Seitz, Toledo
B.S.Agr., M.S.

Ann Margaret Selby, Newark
B.S.

Susan Jane Seman, Ravenna

James Timothy Sexton, Celina
B.S.Agr.

Susan Elizabeth Shibley, Westerville
A.A.S., B.S.Agr.

Heidi Hottinger Slemmer, Columbus
B.A. (Kenyon College)

Donald Alan Sloat, Columbus
B.S. (Pennsylvania State University);
M.S.

Mia Jennifer Slotnick, Warren, NJ
B.S. (Rutgers University);
M.S. (University of New Hampshire)

Alice Keffer Smith, Henderson, NV
B.S. (University of Arizona);
B.S. (University of Nevada-Reno)

Paul Jeffrey Smith, Greenland, NH
B.S. (University of New Hampshire)

Regina Marie Strauch, Cockeysville, MD
B.S. (Loyola College)

David James Studzinski, Dayton
B.S. (Wright State University)

Donna Jeanne Tanzella, Newark, CA
B.S. (Montana State University);
M.S., Ph.D. (University of
California-Berkeley)

Lauren Marie Tatalick, Chesterland
B.S.

Steven Bruce Thompson, Dublin
B.S. (Xavier University)

Jerry James Upp, Gering, NE

Amy Katherine Valentine, Lincoln, NE
B.S., M.S. (University of
Nebraska-Lincoln)

Beth Ann Vesco, New Philadelphia
B.S. (Walsh College)

Nancy Lynn Vollmar, Toledo
B.A. (University of Toledo)

Julie Ann Volquardson, Crofton, NE

Jean Marie Wardell, Wayne, NJ
B.S., M.S.

Michael Leslie Wasmer, Fallston, MD
B.S. (Loyola College)

Nelson DeWayne Weaver, Holmesville
B.S. (Youngstown State University)

Beth Francis Weisberger, Akron
B.S. (Miami University);
M.S. (Auburn University)

Alexia Wilde, Marietta
B.S. (Cornell University)

Daniel Jay Wolverton, Lincoln, NE

Lisa Marie Woods, Bridgeport, WV
B.S. (West Virginia University)

Niki Wyzenbeek, Cincinnati

Sylvia Sue Zinni, Rayland

Graduates with Honors

Criteria for graduating with honors are as follows:

Summa Cum Laude designates those graduating in the top 3% of the class.

Cum Laude designates those graduating in the top 10% of the class.

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

With University Honors designates those graduating with curricular distinction and dedication to high educational goals.

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Anthropology

Kathryn Joanne Saul

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Chemistry

Toshihiko Takeuchi

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Economics

Kent Andrew Smetters

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in English

Darcy Ann Dreher
Sharon Elizabeth Heinrich

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Linguistics

María Gabrielle Swora

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Mathematics and with Distinction in Physics

Daniel Dynin

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Mathematics

Mark Christopher Haase

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Molecular Genetics

Svetlana Sonia Shtrom

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Neuroscience

Richard James White III

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Political Science

Alan Howard Abes
Michael Xavier Imbroscio

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Psychology

Parul Kirit Kapadia
Natalie Kay Wolfe

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Speech and Hearing Science

Kim Elaine Birkemeier

Summa Cum Laude with Distinction and Honors in Pharmacy

Charlotte Anne Kenreigh

Summa Cum Laude with Distinction in Accounting

Lawrence Ian Shagrin
Steven Tao-Heng Sung

Summa Cum Laude with Distinction in Architecture

Jon Bevington Stephens

Summa Cum Laude with Distinction in Chemistry

Jeffrey Joseph Rohde
Erich Jürgen Schwartz

Summa Cum Laude with Distinction in Civil Engineering

Joel Ward Harris

Summa Cum Laude with Distinction in Electrical Engineering

Alfonsus Dibianto Lunardhi
Edward Lee Riegelsberger

Summa Cum Laude with Distinction in English Education

Cynthia Lynn Light

Summa Cum Laude with Distinction in French Education and Teaching English to Speakers of Other Languages

Debra Lynn Johnson

Summa Cum Laude with Distinction in Geology

Connie Marie Safreed
Christopher Howard Swartz

Summa Cum Laude with Distinction in Human Nutrition and Food Management

Kimberly Anne Ireton

Summa Cum Laude with Distinction in International Studies

Edward Lyle Merta

Summa Cum Laude with Distinction in Nutrition

David Lawrence Cummin
Susan Lynne Harding

Summa Cum Laude with Distinction in Psychology

Lovinia Marguerite Plimpton
Shani Beth Topolosky

Summa Cum Laude with Distinction in Zoology

Kiran Tipirneni

Summa Cum Laude with Honors in the Liberal Arts

Michael Charles Biewer
Juanita Irene Bixel
Christine Lucille Burkamp
Katherine Jean Carpenter
Steven Charles Coffin
Diane Lynn Fletcher
Claire Ripley Fried
Melaney Anne Fullerton
Kathleen Elizabeth Green
David Scott Hogsette
Robert Gerard Hunt
Lynn Marie Krise
Jessica Lynn Montgomery
Kevin Dwayne Morris
Roy Lee Nalazek
Bonnie Kay Owens
Andrea Maerie Page
Anjeanette C. Rose
Karla Christine Salmon
Matthew Thomas Schuler
Andrea Lynn Thomas
Barbara Michelle Underwood
Rebecca Anne Wetmore

Summa Cum Laude

Nanette Rea Adams
Julia Ann Almendinger
Anthony Angsana
Allen Francis Bach
Christine Renee Ball
Ellen Myers Bargar
William Roy Baumel
Marcus James Bishop
Alison Traci Blank
Debra Sue Brown
Garry Cameron Brown
Kevin Lee Burgess
Ewa Teresa Byczek

The Chairperson, Mrs. Bowser, called the meeting of the Board of Trustees to order on June 1, of 1990, at 11:20 a.m. She requested the Secretary to call the roll.

Present: Shirley D. Bowser, Chair, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, John W. Kessler, Alex Shumate, Sophia L. Paige, and David A. Tonnie's.

--0--

STUDENT TRUSTEE

Mrs. Bowser:

It is my very distinct pleasure to introduce Mr. David A. Tonnie's, our newest Student Trustee, having been appointed by Governor Celeste to serve a two-year term ending May 13, 1992.

David is currently a second-year medical student from Lake Milton, Ohio. He has already been very active here at the University, serving on several University and Faculty committees such as the University Senate, and has been a member of USG and the Interprofessional Council.

In addition, David works as a supervisor at the University Honors House, and last year was the recipient of the "GM Spirit Award," presented to students who recognize the spirit of student volunteer service and student leadership on campus and in the community.

We are all very pleased to have you with us David, and we know that we will enjoy the next two years that you will be serving here. Glad to have you on board.

COMMITTEE APPOINTMENTS 1990-1991

Resolution No. 90-124

WHEREAS the appointments to Committees and representatives to the Research Foundation Board of Directors, the Development Fund Board of Directors, the Inter-University Council, the University Hospitals Board, The Arthur G. James Cancer Hospital and Research Institute Trustee Liaison, the University Foundation Board of Directors, and the Ohio State University Affiliates, Inc., Board of Directors for 1990-91 are as follows:

Educational Affairs	John W. Kessler, Chair Leslie H. Wexner, Vice Chair Alex Shumate David A. Tonnie's
Investments Committee	Hamilton J. Teaford, Chair Deborah E. Casto, Vice Chair Milton A. Wolf John J. Barone
Standing Committee on Agricultural Affairs	Deborah E. Casto, Chair Steven D. Maurer, Vice Chair, Ex Officio John J. Barone Leslie H. Wexner

COMMITTEE APPOINTMENTS 1990-1991 (contd)

Student Affairs	Sophia L. Paige, Chair Alex Shumate, Vice Chair John W. Kessler David A. Tonnies New Trustee
Fiscal Affairs	Milton A. Wolf, Chair Hamilton J. Teaford, Vice Chair Alex Shumate
Personnel Committee	Shirley D. Bowser, Chair Hamilton J. Teaford, Vice Chair John J. Barone
Development Fund Board of Directors	Deborah E. Casto (1989-91) Leslie H. Wexner (1989-91)
Inter-University Council	New Trustee
Research Foundation Board of Directors	Deborah E. Casto
University Hospitals Board	Hamilton J. Teaford Alex Shumate
The Arthur G. James Cancer Hospital and Research Institute Trustee Liaison	John J. Barone
University Foundation Board of Directors	Leslie H. Wexner John W. Kessler*
Ohio State University Affiliates, Inc.	Shirley D. Bowser (term 1 year) Hamilton J. Teaford (term 2 years) John J. Barone (term 3 years)

* Executive Committee

NOW THEREFORE

BE IT RESOLVED, That the Committee appointments and the representatives to the Research Foundation Board of Directors, the Development Fund Board of Directors, the Inter-University Council, the University Hospitals Board, The Arthur G. James Cancer Hospital and Research Institute Trustee Liaison, the University Foundation Board of Directors, and the Ohio State University Affiliates, Inc., Board of Directors for 1990-91 are hereby ratified and confirmed.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

RESEARCH FOUNDATION REPORT

Mr. Barone:

Research Foundation grants and contracts for the month of April 1990 are shown in the Board agenda book. There are 98 awards listed which provide a gross income of \$9.5 million.

Funding for the first ten months of the fiscal year is less than 1% ahead of that of last fiscal year at this time. Only in the Industrial sector is funding running behind that of last year.

Some highlights of awards are:

\$389,000 from the U.S. Department of Education for workplace literacy.

\$107,000 from the Department of Health and Human Services to study how musicians learn and remember music for a performance.

\$100,000 from the Midwest Plant Biotechnology Consortium to research plant activity at the molecular level.

\$53,000 from the National Science Foundation to support a summer program to encourage outstanding high school students to pursue a career in the sciences.

That concludes my report. Dr. Sweeney is available to answer any questions you may have. I would like to further report that I am turning this Foundation over to Debbie. I want to thank Dr. Sweeney, he is a wonderful person and it has been a great pleasure for me to serve on this committee. I think it is a very important part of this University.

Dr. Sweeney:

Thank you for your kind words.

Mrs. Bowser:

John, we thank you for serving this last year on the Research Foundation Committee, you have done it very capably.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

Yesterday the University Hospitals Board and its Professional Affairs/Education/Research Committee and Administrative/Operations Committees met.

The Professional Affairs Committee reviewed and endorsed the recommended medical staff appointments. The Committee discussed the recent revision to the Hospitals' "Do Not Resuscitate" policy and heard the annual Program Evaluation report of the Department of Physical Medicine and Rehabilitation, headed by Dr. Paul Kaplan. I might, once again, remind you that this is the particular program which was recognized in the U.S.A News and World Report magazine as one of the

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

outstanding programs in the United States. Dr. Kaplan also responded to some questions which we asked about the Camera Center which, as you know, is being managed by Ohio State. It was gratifying to learn that they have, in the short time that we have been managing it, increased the number of patients per week from 25 to approximately 125. And already, the State is asking us to perform more functions than had originally been asked. The Professional Affairs Committee then adjourned into Executive Session to review specific Quality and Utilization indicators. I think it is very important for this Board to realize that the Hospitals Board is now undertaking very significant oversights of those Quality Control Indicators which will increase the comfort level for us all. It is also very gratifying to see what a high level of quality there is in the Hospitals.

The principal agenda item at the Administrative/Operations Committee meeting was the review of the Hospitals' proposed 1990-91 Operating Budget, which is of course incorporated in the budget that we will consider later. After thorough review with Mr. Fraley, the Committee approved the proposed budget which contains an average overall increase of 8.8 percent in the rates of the Hospitals. Budgeting for the coming year is extremely difficult because of a significant number of unknown quantities, many related to the opening of the Cancer Hospital and Research Institute. We must realize that a number of patients will now be moving out of University Hospitals into the Research Institute and the whole problem of weighing the relative DRG's and the relative payment performance of both types of patients becomes one of the many things that have to be factored into this budget, which is always difficult, but was all that much more difficult this year. It should be noted that the effective yield of an 8.8 percent increase will actually only be a 5.6 percent increase because of varying reimbursement structures and, in fact, non-payment by some of the patients. Another factor which the Hospitals must deal with is that it will be the banker, in effect, for the Cancer Research Hospital and will state if it has any deficits in the next year which seems highly probable.

The Hospitals Board looks forward to another joint meeting with the Trustees, possibly this fall. The Hospitals Board feels the particular need to make this Board aware of the great difficulties which it is facing in terms of the continued funding of the Hospitals on the long-term basis. There will indeed be approximately a \$1.5 million loss from current operations this year, but that is really not very significant because, I think, that will be taken care of next year. The significant thing is that at the end of the fiscal year '91, there will only be about a \$2 million balance in the capital funds available in the Hospitals. And if you know anything about Hospitals, \$2 million doesn't really take care of one brand new machine, let alone significant needs that the Hospitals is going to have. And there is no question that in the very near future significant support is going to have to come for the Hospitals, either from the State or from the University or both, for it to continue the kind of excellence which it is rightly noted for.

I am happy to report that Dr. John Kramer was re-elected for another year as Chairperson of the Hospitals Board and that Ms. Susan Inasley will be serving as Vice Chairperson. Mr. Fraley summarized the proposed projects for the expansion and renovation of Upham Hall. Upham Hall, as you may know, is the psychiatric facility. It is important to note that building is one of the more decrepit on campus and the only reason, frankly, it can stay open is because some of its defects have been grandfathered into current law. So, the necessity to improve that facility is

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

obvious, to say the least. And that will be taking place over the next couple of years. Also, he discussed the upgrading and consolidation of the Surgical Intensive Care Unit. Currently, that unit is spread out in three different locations and will be consolidated into one and made larger if that proposal receives the approval on its COM. We will be bringing more specific information regarding those two projects to you within 60 days for your approval in the areas that Mr. Nichols brings up.

We, also, discussed the proposed Executive Healthcare Travel Plan, which would utilize the Hospitals' Ask-A-Nurse program and is a provider network to provide medical information and assistance to travelers anywhere in the world. More information on that will be gathered and shared with the Board in the future.

Finally, the Board acknowledged Mrs. Bowser's incredible participation and leadership on that Board during the past seven years; and as well expressed our best wishes to Mr. Ihrig as he leaves Ohio State for the West Coast. I want, on a personal note, to particularly comment on the extraordinary time commitment that our Chairwoman has made to the Hospitals Board. Very few of the rest of you are aware of how much time she has put in and what a significant impact she has had on that Board, and I for one am very appreciative of that. Madam Chair, that completes my report.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Teaford:

The Investments Committee met this morning and reviewed the status of the Endowment Portfolio as presented by Mr. Rodack. The value of the endowment as of May 18, 1990, was reported as \$312.7 million. Thanks to the improvement in the Stock Market, that has increased over \$11 million since we last met. I would also note, happily, that our professional managers are now ahead of the student managers. It is also interesting to see, over time, the performance of various managers. You can really appreciate why we have different managers with different philosophies. For example, there is now one manager whose performance for the last two years has not been at all attractive, but now, indeed, has a 25 percent return. Because different philosophies seem to be in favor in different times, I think it is important for this Board to have multiple managers.

Mr. Rodack also presented the quarterly report on non-endowment investment performance which showed investment returns for all non-endowment portfolios. At March 31, 1990, non-endowment investments totaled \$292 million. In other words, between the two of those, on March 31, 1990, there were altogether some \$593 million in invested funds of the University.

Not having sat on this committee for three years, it was gratifying to see the great progress the Committee has made under the leadership of Mr. Kessler. When I was on that Committee, it was right about the time the secret funds at Minnesota appeared, and it caused a lot of fear since we thought we didn't know everything. I have been assured now that there are no other funds of any kind at the University.

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

The Committee also heard a quarterly report comparing the performance of Ohio State's endowment with other investments and market parameters. I am happy to report that on the 1, 3, 5, and 10-year comparisons, Ohio State's investment performance is ahead of the other Big 10 comparably-sized endowments, public universities and, indeed, all universities.

(See Appendix LXXIII for complete context of The Ohio State University Endowment Summary, May 18, 1990, page 1207.)

Finally, the Committee reviewed and recommends approval of the proposed comprehensive policy governing endowment and non-endowment investments. I might point out that this has not been changed since 1981 when we had only \$85 million in the endowment investments. Again, I would like to acknowledge Mr. Kessler's work on this. We are just recommending the work that has been done by our predecessors. It seems clear that we will be back with this more recently then 9 years, as the endowment funds continue to grow.

In addition to clearly defining the strategies of the two different kinds of funds -- the endowment and non-endowment funds -- you will note that this policy brings us in-line and makes available new investment vehicles, for example foreign investments. It also eliminates some old investments which are clearly no longer appropriate, such as reverse repos and CD's not collateralized which are in excess of \$100,000 and are no longer permitted. It also formalizes the proxy role of the Treasurer and, indeed, does eliminate one of the redundant resolutions that we do annually, the appointment of the Treasurer as Trustee of various funds. Madam, I would recommend that this Board adopt this policy.

INVESTMENTS POLICY

Resolution No. 90-125

Synopsis: The Investments Committee recommended the revision of a comprehensive policy governing investments.

WHEREAS the Board of Trustees, from time to time, has adopted specific policies governing various aspects of the management of the endowment and non-endowment investment portfolios; and

WHEREAS there is a need for a comprehensive policy to provide for the overall management of these investment portfolios; and

WHEREAS the proposed endowment and non-endowment investments policies have been recommended by the University Administration, in consultation with Legal Counsel, and the Investments Committee:

NOW THEREFORE

BE IT RESOLVED, That the following endowment and non-endowment investments policies for The Ohio State University be adopted by the Board of Trustees; and

INVESTMENTS POLICY (contd)

BE IT FURTHER RESOLVED, That the Treasurer be, and hereby is, directed and authorized to implement and administer these policies and to manage the endowment and non-endowment investment portfolios in accordance with these Policies.

Upon motion of Mr. Teaford, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

ENDOWMENT FUND INVESTMENTS POLICY THE OHIO STATE UNIVERSITY

I. Goals

It shall be the policy of The Ohio State University to manage the endowment portfolio for the use and benefit of the University in a manner that will preserve and maintain the real purchasing power of the principal in the portfolio while allowing for an annual distribution of income according to this policy.

II. Investment Philosophy

The endowment portfolio shall be managed with the intention of obtaining the highest possible "total return" (i.e., current income plus net realized and unrealized appreciation) of the investment portfolio, balancing reasonable growth with maintenance of prudently acceptable risk.

The endowment portfolio will be broadly diversified across and within major asset classes.

III. Definitions

For purposes of this Policy, the endowment investments portfolio ("endowment portfolio") shall include all principal of the Endowment Fund, the various charitable remainder annuity trusts, pooled income funds, unitrusts, all other gifts made to the University and the income produced on these funds.

IV. Gains/Losses

A. It shall be permissible for the Treasurer to realize gains and losses in the portfolio if such an action would be consistent with the University's investment goals. Gains and losses realized on the Endowment Fund shall be debited or credited against the Endowment Gain and Loss Account.

B. In order to maintain the purchasing power of the endowment as well as maintain an orderly distribution of income under the Endowment Fund's spending policy, a stabilization reserve account shall be maintained. The stabilization reserve account shall be used to account for any excess (deficit) of income earned versus monies distributed to the endowment funds.

V. Advisors

The University may utilize the services of external investment advisors to assist in the management of the endowment portfolio. The responsibilities and types of investment services provided by investment advisors shall be specified in written agreements. The investment advisors appointed by the Board of Trustees will invest the endowment's assets in accordance with this policy, their written agreement and their judgements

**ENDOWMENT FUND INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

concerning relative investment values. The Board may appoint an advisor with specific authority to invest in assets not otherwise addressed in this policy. The investment advisors are accorded full discretion, within policy limits, to select individual securities, and diversify the endowment's assets. The number of advisors and the amount of funds under each advisors aegis shall be determined by the Board of Trustees.

The Board of Trustees may authorize the Treasurer to manage portions of the endowment portfolio in specific asset classes in accordance with this policy. New money received by the Endowment may be placed by the Treasurer in index funds in amounts to maintain the investment limitations set forth hereafter until such time as the Board of Trustees decides to reallocate such funds.

VI. Limitations

- A. Investments in equities of foreign corporations headquartered outside the United States shall be limited to not more than 10% of the Endowment. No investments shall be made in any security of a foreign country.
- B. Not less than 50% nor more than 70% of the Endowment Fund shall be invested in equities. Additionally, not less than 20% nor more than 40% of the Endowment Fund shall be invested in fixed-income securities. For purposes of this limitation, the amounts recommended to be maintained in short-term investments by the equity advisors and by the fixed income advisors shall be considered as invested in equities or fixed-income securities, respectively, as long as those funds are committed to be invested in equities or fixed-income securities.
- C. The Treasurer may specify terms and conditions that are more restrictive than those of this Policy but shall not permit a less restrictive policy without specific authorization from the Board of Trustees.
- D. The quality rating guidelines which are to be used shall be the ratings as of the date of the purchase of the security. If a rating change occurs which disqualifies a security that is already present in the endowment portfolio, the security must be sold within ninety days from the discovery of the rating change.
- E. Not more than 20% of the Endowment Fund shall be made up of real estate or real estate related loans.

VII. Marketability

Securities purchased by the University and endowment portfolio shall be listed on the New York, American or other exchange or be unlisted and traded over-the-counter provided that all securities purchased shall be readily marketable and meet the quality guidelines of this Policy. Real estate purchases will be based on investment merit. Investments that have no ready market that are gifts to the University shall only be accepted if, as determined by the Vice President for Finance and the Treasurer, acceptance is in the best interest of the University.

**ENDOWMENT FUND INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

VIII. Proxies

The Treasurer has the authority to vote proxies in accordance with this policy. Proxies shall be voted in favor of management's recommendation, unless the Treasurer deems that it would not be in the best interest of the University, or the shareholders or if it violates any provisions in this policy. The Treasurer shall make a written report of proxy votes to the Investments Committee at each regular meeting.

IX. Social Responsibility

All investments of the endowment portfolio must comply with the policy of the Board of Trustees approved June 7, 1985 regarding social and employment policies of corporations. Proxies shall be voted in accordance with said policy.

X. Authorized Investments

The following categories of investments shall be authorized for the endowment portfolio:

A. Commercial Paper

1. Rated A-1 (Standard and Poor's) and P-1 (Moody's), not more than \$4,000,000 in any corporation or financial institution.
2. The total of commercial paper, certificates of deposit and banker's acceptances in one financial institution may not exceed \$5,000,000 (up to \$10,000,000 if the amount exceeding \$5,000,000 is in certificates of deposit that are 100% collateralized at their market value).
3. No commercial paper may be purchased with a term greater than 270 days.

B. Banker's Acceptances

1. An amount not to exceed \$3,000,000 in any bank, or subsidiaries of that bank whose long-term debt is rated A or better.
2. The total of commercial paper, certificates of deposit and banker's acceptances in one financial institution shall not exceed \$5,000,000 (up to \$10,000,000 if the amount exceeding \$5,000,000 is in certificates of deposit that are 100% collateralized at market value).
3. No banker's acceptances shall be purchased with a term greater than 270 days.

C. Eurodollar CD and time deposits

1. An amount not to exceed \$3,000,000 in any bank or subsidiaries of that bank with assets in excess of \$5 billion and a long-term debt rating of A or better.
2. No Eurodollars shall be purchased with a term greater than one year.

**ENDOWMENT FUND INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

D. Corporate Bonds and Notes

1. No bond or note shall be purchased in an amount greater than \$3,000,000 par value of any corporation.
2. Bonds and notes shall be rated A or better.
3. No corporate bonds or notes shall be purchased with a term greater than 40 years.

E. Common Stock and Preferred Stock

An amount not to exceed 3% of the outstanding shares of a company may be purchased. All stock shall be of investment grade.

F. Mutual and Co-Mingled Funds

Investment in any fund shall not exceed 10% of the total funds of the mutual or co-mingled fund. All mutual or co-mingled funds shall be of investment grade. Money market mutual funds shall not apply to this section (see Section M)

G. Real Estate

Investments in real estate and real estate related loans shall be made only upon specific authorization of the Board of Trustees. The Treasurer shall be responsible for the management of all real estate in the endowment portfolio.

H. Municipal or State Bonds

1. An amount not to exceed \$3,000,000 in any one municipality or state (except that there shall be no limit on Ohio State University or Ohio State University-related bonds).
2. Bonds shall be rated A or better (except that there shall be no rating requirement on Ohio State University or Ohio State University-related bonds).
3. No bonds shall be purchased with a term greater than 30 years.

I. Certificates of Deposit

1. Collateralized at market value

Not to exceed \$5,000,000 in any Ohio bank or savings and loan whose long-term debt is rated A or better provided the amount not federally insured is collateralized as provided in Section 135.18 of the Ohio Revised Code with securities eligible under Section 135.18 (B).

2. Uncollateralized

Not to exceed \$100,000 if uncollateralized in any bank or savings and loan located in the United States whose long-term debt is rated A or better.

**ENDOWMENT FUND INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

3. The total of commercial paper, certificates of deposit, and banker's acceptances in one financial institution may not exceed \$5,000,000 (up to \$10,000,000 if the amount exceeding \$5,000,000 is in certificates of deposit that are 100% collateralized at their market value).
 4. No certificate of deposit shall have a term exceeding one year.
- J. U.S. Treasury Bills, Notes and Bonds
- No limitations on amount invested or term.
- K. U.S. Government Agencies
- No limitations on amount invested or term.
- L. Repurchase Agreements
1. Collateralized at Market Value

Not to exceed \$10,000,000 with any dealer or broker recognized by the Federal Reserve as a primary dealer or any bank whose long-term debt is rated A or better and only provided a written repurchase agreement is in place. The term of any agreement shall not exceed 15 days. Collateral must be U.S. government or agency securities at 102% or more of market value. Collateral must be segregated in an account bearing the University's name, except when there already exists a demand deposit account.
- M. Money Market Mutual Funds
1. Government collateralized

There shall be no limitations on the amount invested provided it is 100% collateralized at market value by U.S. government or agency securities.
 2. Other collateral

There shall be no limitations on the amount invested provided it is 100% collateralized by marketable securities that comply with all other provisions set forth in this policy.
- N. Guaranteed Investment Contracts (GIC)
1. An amount not to exceed \$1,000,000 can be done with any insurance company with assets in excess of \$5 billion and a long-term debt rating of A or better.
 2. GIC's must be 100% collateralized with U.S. treasuries, agencies or corporate bonds rated A or better.
 3. No GIC shall be purchased with a term greater than 5 years.

**ENDOWMENT FUND INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

O. Collateralized Mortgage Obligations (CMO)

1. An amount not to exceed \$3,000,000 may be invested in any one issuer.
2. CMO'S must be rated AAA.
3. No CMO shall be purchased with a term greater than 30 years.

P. Asset Backed Securities (ABS)

1. An amount not to exceed \$1,000,000 may be invested in any one issuer.
2. ABS's must be rated AAA.
3. No ABS shall be purchased with a term greater than 5 years.

Q. Other Investments

Between meetings of the Board of Trustees, if deemed advisable, other investments not specifically authorized by this Policy may be made if approved by the Investments Committee. Any such action shall be taken to the Board of Trustees at its next meeting for approval.

X. Management of Investments

Except as provided herein, the Treasurer shall be authorized to implement and administer this Policy on behalf of the Board of Trustees and manage the endowment portfolio in accordance with this Policy.

XI. Exceptions

Modifications and exceptions to this Policy shall be authorized only by resolution of the Board of Trustees or as provided herein. The terms and conditions of this Policy as to the endowment portfolio may be waived if specified by the terms of a gift and approved by the Board of Trustees.

XII. Reporting and Accountability

The Treasurer shall be accountable to the Board of Trustees for implementing this Policy. The Treasurer shall make a written report to the Investments Committee at each regular meeting on the status of the Endowment Fund.

XIII. Income Distribution Policy

- A. For the Endowment Fund, income will be distributed according to a distribution policy formula based upon a distribution of 5.5% of the average market value of the portfolio over the most recent three years.
- B. For trusts, income will be distributed according to the contract established between the donor and the trustee.

**ENDOWMENT FUND INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

- C. For pooled income funds, income will be distributed on a pro rata basis equivalent to the percentage share a fund has of the entire pool.
- D. Distribution of income for any other funds covered under this policy will be in accordance with the terms of the fund as approved by the Treasurer and Vice President for Finance.

XIV. Trusteeship

- A. The Treasurer is authorized to serve as trustee for any Charitable Remainder Unitrust or Charitable Remainder Annuity Trust in which The Ohio State University is the charitable remainder beneficiary, and to execute as trustee and on behalf of the University, any and all documents approved by University legal counsel, which are required to complete such gifts.
- B. The Vice President for Finance, the Treasurer and the Development Fund Director of Trusts and Estates shall serve as the trustees for any pooled income funds and to execute as trustee and on behalf of the University, any and all documents approved by University legal counsel, which are required to complete such gifts.

XV. Support Level Required to Establish an Endowment Fund

- A. A "Named Fund" will be established in the Endowment with support of \$15,000 or more and the distributed income will be used to provide support for programs designated by the donor.
- B. An "Endowed Professorship" will be established in the Endowment with support of \$500,000 or more and the distributed income will be used to supplement the salary or provide program support for an outstanding scholar in an academic discipline designated by the donor.
- C. An "Endowed Chair" will be established with support in the amount of \$1,250,000 or more and the distributed income will be used to supplement salary or provide program support for a truly distinguished scholar in the academic discipline designated by the donor.
- D. A "Designated Professorship" must be established with annual support of \$30,000 or more for a minimum of three years.
- E. A "Designated Chair" must be established with annual support of \$75,000 or more for a minimum of three years.

**NON-ENDOWMENT INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY**

I. Goals

It shall be the policy of The Ohio State University to manage the non-endowment investments portfolio for the use and benefit of the University in a manner that will produce a yield which, when compared to the current marketplace, would be described as acceptable by conservative investment managers.

**NON-ENDOWMENT INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

II. Investment Philosophy

The non-endowment portfolio shall be managed with the intention of obtaining the highest possible "current income" for the investment portfolio while adhering to a prudent level of risk, and retaining sufficient liquidity to meet cash flow requirements.

III. Definitions

For purposes of this Policy, the non-endowment investments portfolio shall include all non-endowment investments of University funds.

IV. Gains/Losses

It shall be permissible for the Treasurer to realize gains and losses in any of the portfolios if such an action would be consistent with the University's investment policy. Losses and gains realized on the non-endowment portfolio shall be charged or credited against current income.

V. Limitations

A. The Treasurer may specify terms and conditions that are more restrictive than those of this Policy but shall not permit a less restrictive policy without specific authorization from the Board of Trustees.

B. The quality rating guidelines which are to be used shall be the ratings as of the date of the purchase of the security. If a rating change occurs which disqualifies a security that is already present in one of the University's portfolios, the security must be sold within ninety days from the discovery of the rating change.

VI. Marketability

All securities purchased shall be readily marketable and meet the quality guidelines of this Policy. Investments that have no ready market that are gifts to the University shall be accepted if, as determined by the Vice President of Finance or the Treasurer, acceptance is in the best interest of the University.

VII. Social Responsibility

All investments of the non-endowment portfolios must comply with the policy of the Board of Trustees approved June 7, 1985 regarding social and employment policies of corporations.

VIII. Authorized Investments

The following categories of investments shall be authorized for the non-endowment portfolio as indicated.

A. U.S. Treasury Bills, Notes and Bonds

No limitations on amount invested or term.

**NON-ENDOWMENT INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

B. U.S. Government Agencies

No limitations on amount invested or term.

C. Repurchase Agreements

Not to exceed \$10,000,000 with any dealer or broker recognized by the Federal Reserve as a primary dealer or any bank with assets in excess of \$5 billion and a long-term debt rating of A or better and only provided a written repo agreement is in place. The term of any agreement shall not exceed 15 days. Collateral must be U.S. government or agency securities at 102% or more of market value of any agreement. Collateral must be retained in an account bearing the University's name, except when there already exists a demand deposit account.

D. Money Market Mutual Funds

1. Government Collateralized

There shall be no limitations on the amount invested provided it is 100% collateralized at market value by U.S. government or agency securities.

2. Other collateral

There shall be no limitations on the amount invested provided it is 100% collateralized by marketable securities that comply with all other provisions set forth in this policy.

E. Certificates of Deposit

Not to exceed \$5,000,000 in any Ohio bank or savings and loan with assets in excess of \$5 billion and a long-term debt rating of A or better provided the amount not federally insured is collateralized as provided in Section 135.18 of the Ohio Revised Code with securities eligible under Section 135.18(B). No certificate of deposit shall have a term exceeding one year.

F. Mutual Funds and Co-Mingled Funds

Investment in any fund shall not exceed 10% of the total funds of the mutual fund. All mutual funds shall be of investment grade and comply with all other provisions set forth in this policy. Money market mutual funds shall not apply to this section (see Section D).

G. Municipal or State Bonds

- 1. An amount not to exceed \$3,000,000 in any one municipality or state (except that there shall be no limit on Ohio State University or Ohio State University-related bonds).**
- 2. Bonds shall be rated A or better (except that there shall be no limitation on Ohio State University or Ohio State University-related bonds).**
- 3. No bonds shall be purchased with a term greater than 30 years.**

**NON-ENDOWMENT INVESTMENTS POLICY
THE OHIO STATE UNIVERSITY (contd)**

H. Other Investments

Between meetings of the Board of Trustees, if deemed advisable, other investments not specifically authorized by this Policy may be made if approved by the Investments Committee. Any such action shall be taken to the Board of Trustees at its next meeting for approval.

IX. Management of Investments

Except as provided herein, the Treasurer shall be authorized to implement and administer this Policy on behalf of the Board of Trustees and manage the non-endowment portfolios in accordance with this Policy.

X. Exceptions

Modifications and exceptions to this Policy shall be authorized only by resolution of the Board of Trustees or as provided herein. The terms and conditions of this Policy as to the non-endowment portfolio may be waived if specified by the terms of a gift and approved by the Board of Trustees.

XI. Reporting and Accountability

The Treasurer shall be accountable to the Board of Trustees for implementing this Policy. The Treasurer shall make a quarterly written report to the Investments Committee on the status of the non-endowment portfolios.

ACADEMIC AFFAIRS COMMITTEE REPORT

Mr. Kessler:

We had a very interesting presentation this morning on the Wexner Centers' Academic Program by Dr. Robert Stearns, Executive Director of the Wexner Center. I would suggest that at some future date the full Board might want to hear about the activities they are doing. It was very interesting and we complimented him on his presentation.

The Committee is also recommending the following resolutions:

RENAMING OF DEPARTMENT

Resolution No. 90-126

Synopsis: The Academic Affairs Committee recommended the renaming the Department of Anatomy to the Department of Cell Biology, Neurobiology, and Anatomy.

WHEREAS a majority of faculty in the present Department of Anatomy have professional affiliations with national associations in cell biology or neurobiology and not with similar anatomy associations; and

RENAMING OF DEPARTMENT (contd)

WHEREAS the image associated with the present name of the Department of Anatomy does not reflect the true research interests of the faculty; and

WHEREAS the Department wishes to better advertise research opportunities in cell biology and neurobiology to attract potential graduate students; and

WHEREAS the proposed name change is in line with the national trend to change the designation of anatomy departments; and

WHEREAS the University Senate approved the renaming of the Department of Anatomy on May 5, 1990:

NOW THEREFORE

BE IT RESOLVED, That the proposal to change the name of the Department of Anatomy to the Department of Cell Biology, Neurobiology, and Anatomy, effective July 1, 1990, is hereby approved.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

**AMENDMENTS TO THE MEDICAL STAFF RULES AND REGULATIONS
OF THE OHIO STATE UNIVERSITY HOSPITALS**

Resolution No. 90-127

Synopsis: The Academic Affairs Committee recommended the approval of amendments to the Medical Staff Rules and Regulations.

WHEREAS The Ohio State University Hospitals Board pursuant to Bylaw 3335-101-04 of the Hospitals Board Bylaws is authorized to recommend to the Board of Trustees the adoption of amendments to the Medical Staff Rules and Regulations; and

WHEREAS the proposed amendments to the Medical Staff Rules and Regulations 84-12 and 84-13 were approved by the University Hospitals Board as follows:

AMENDED RULES AND REGULATIONS

84-12 Medical records committee.

- (A) Balance unchanged.
- (B) Each member of the medical staff shall conform to the policies established by the medical records committee, including the following:
 - (1) Balance unchanged.

**AMENDMENTS TO THE MEDICAL STAFF RULES AND REGULATIONS
OF THE OHIO STATE UNIVERSITY HOSPITALS (contd)**

(2) Deadlines and sanctions

(a) Balance unchanged.

(b) Balance unchanged.

(c) All procedures performed shall be fully described in the record by the responsible physician or the physician's designee within 24 hours of the time of completion of the procedure. An operative report must be dictated by no later than 10:00 a.m. the day following the procedure. The transcribed operative report must be signed by the attending surgeon within 21 days of the patient's discharge. Any operative report not dictated by 10:00 a.m. the day following the procedure shall be deemed delinquent and the attending surgeon responsible will lose operating room privileges that day and admitting privileges the following day. Surgeons will receive phone calls from the medical record administrator indicating the delinquent operative reports. A list will be prepared and distributed monthly by the medical record administrator indicating the surgeons suspended during the previous month. The pathologist shall make such examination as necessary to arrive at a satisfactory diagnosis. The pathologist's report shall then be included on the patient's record.

84-13 Operating room committee.

(A) The operating room committee shall have representation from clinical departments using the operating room, the medical director of the operating room, nursing, director of the operating room, the operating room coordinator, and hospital administration. The committee is appointed by the medical director in consultation with the executive director of university hospitals. The committee shall meet at least quarterly and carry out the following duties:

(1) Insure that surgical privileges have been delineated for each member of the medical staff who uses the operating rooms.

(2) Develop written policies and procedures concerning the scope and provision of care in the surgical suite in cooperation with the departments and services concerned.

(3) Consider problems in operating room functions brought to its attention by any of its members.

(4) Monitor medical staff compliance with operating room policies established for patient safety, infection control, and smooth functioning of the operating rooms.

(5) Develop and make recommendations to the medical staff administrative committee regarding conduct of medical staff in the operating rooms.

(6) Maintain written records of actions taken, and results of those actions, and make these available to each committee member, the vice president of health services, the medical director, the executive director, and the associate executive directors.

(7) The operating room committee shall be a hospital committee and be appointed in accordance with policies and procedures of the Ohio state university hospitals board.

**AMENDMENTS TO THE MEDICAL STAFF RULES AND REGULATIONS
OF THE OHIO STATE UNIVERSITY HOSPITALS (contd)**

Balance unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Medical Staff Rules and Regulations be adopted as recommended by the University Hospitals Board.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

**WAIVER OF PARAGRAPH (G) OF BYLAW 3335-1-08
OF THE ADMINISTRATIVE CODE**

Resolution No. 90-128

Synopsis: The Academic Affairs Committee recommended the following Waiver of Paragraph (G) of Bylaw 3335-1-08 of the Administrative Code.

WHEREAS the Board of Trustees of The Ohio State University, did on January 9, 1976, amend paragraph (G) of bylaw 3335-1-08 of the Administrative Code to state that "buildings and structures shall not be named for any person who is an officer or employee of the University or the State of Ohio, but may be named for a person who has been retired or has otherwise left such a position for a minimum of three years"; and

WHEREAS the President wishes to recommend that the connector building to be constructed between Biological Sciences and Parks Hall, be named to honor Vernal G. Riffe, Jr., who is the current Speaker of the Ohio House of Representatives:

NOW THEREFORE

BE IT RESOLVED, That the applicable requirements of paragraph (G) of bylaw 3335-1-08 of the Administrative Code be waived so that the connector building to be constructed between Biological Sciences and Parks Hall may be named for an officer or employee of the University or the State of Ohio who has not been retired from such position for three years.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

NAMING OF BUILDING

Resolution No. 90-129

Synopsis: The Academic Affairs Committee recommended the approval of the following naming of building.

NAMING OF BUILDING (contd)

WHEREAS the Board of Trustees has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS the construction of the Biological Science - Parks Hall connector building is scheduled to commence July 1991; and

WHEREAS Vernal G. Riffe, Jr., has served as an Ohio legislator since 1958, the longest term of any Ohio legislator; and

WHEREAS Vern Riffe is the current Speaker of the Ohio House of Representatives, having held this office since 1975, the longest term of any Ohio Speaker; and

WHEREAS during his thirty years of dedicated public service, Vern Riffe has become known as one of the most effective and skillful political leaders in Ohio's history; and

WHEREAS Vern Riffe has been a consistent friend and supporter of higher education and of Ohio State, and has supported many initiatives that were key to Ohio State; and

WHEREAS the President recommended, with the concurrence of the President's staff, that the connector building to be constructed between Biological Sciences and Parks Hall, be named in honor of Vernal G. Riffe, Jr.:

NOW THEREFORE

BE IT RESOLVED, That hereafter the connector building between 484 West Twelfth Avenue and 500 West Twelfth Avenue shall bear the name "Vernal G. Riffe, Jr., Building."

Upon motion of Mr. Kessler, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

PERSONNEL ACTIONS

Resolution No. 90-130

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the May 3, 1990 meeting of the Board, including the following Concurrent Appointments, Change in Title, Appointment of Chairperson of Department, Reappointment of Chairpersons of Departments and Divisions and Director of Center, Professional Improvement Leave, Professional Improvement Leave--Change in Dates, Professional Improvement Leave--Cancellation, Promotions/Tenure, and Emeritus Titles as detailed in the University Budget be approved.

PERSONNEL ACTIONS (contd)

Concurrent Appointments

Name: HOWARD L. GAUTHIER
 Title: Acting Vice Provost
 Office: International Affairs
 Effective: July 1, 1990
 Salary: N/A
 Present Assignment: Associate Provost, Office of Academic Affairs and Professor, Department of Geography (no change)

Name: DONALD E. GLOWER, SR.
 Title: Acting Vice President
 Office: University Communications and Development
 Effective: July 1, 1990
 Salary: \$122,280.00
 Present Assignment: Dean, College of Engineering (no change)

Change in Title:

Name: WILLIAM J. SHKURTI
 Title: Acting Vice President
 Office: Finance
 Effective: August 1, 1990
 Salary: \$90,000.00
 Present Position: Acting Assistant Vice President, Office of University Budget Planning

Appointment of Chairperson of Department

October 1, 1990 through September 30, 1994

Slavic and East European Languages and Literatures	Charles E. Gribble
---	--------------------

Reappointment of Chairpersons of Departments and Divisions and Director of Center

July 1, 1990 through September 30, 1990

Spanish and Portuguese	Salvador Garcia*
------------------------	------------------

July 1, 1990 through June 30, 1993

Division of Pharmacology Division of Pharmacy Practice	Dennis R. Feller Richard H. Reuning
---	--

July 1, 1990 through June 30, 1994

Anatomy Anesthesiology Medical Microbiology and Immunology Mershon Center	James S. King John S. McDonald M. Ronald Glaser Charles F. Hermann
--	---

*Acting Chair

PERSONNEL ACTIONS (contd)

Reappointment of Chairpersons of Departments and Divisions and Director of Center (contd)

July 1, 1990 through June 30, 1994 (contd)

Pediatrics
Physiological Chemistry

Grant Morrow III
Gerald P. Brierley

October 1, 1990 through September 30, 1991

French and Italian
Plant Biology

Charles G. Williams*
Ralph E. J. Boerner*

October 1, 1990 through September 30, 1994

Life Span Process

Carol L. Kennedy

*Acting Chairs

Professional Improvement Leaves

ROBERT B. BROWN, Associate Dean and Professor, Department of Mathematics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

JAMES C. GARLAND, Chairperson and Professor, Department of Physics, effective January 1, 1991 through June 30, 1991.

B. CHANDRASEKARAN, Professor, Department of Computer and Information Science, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

LIANG-SHIH FAN, Professor, Department of Chemical Engineering, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

JOSEPH C. FERRAR, Professor, Department of Mathematics, effective Winter Quarter and Spring Quarter 1991.

BELTON M. FLEISHER, Professor, Department of Economics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

ERWIN F. HEBNER, Professor, Department of Art, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

KEITH M. KILTY, Professor, College of Social Work, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

MICHAEL J. KINDRED, Professor, College of Law, effective Spring Semester 1991.

LEE M. MODJESKA, Professor (The Joseph S. Platt-Porter, Wright, Morris and Arthur Professorship in Law), College of Law, effective Spring Semester 1991.

SHOICHIRO NAKAMURA, Professor, Department of Mechanical Engineering, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

DONALD O. PARSONS, Professor, Department of Economics, effective Winter Quarter, Spring Quarter and Autumn Quarter 1991.

ARNE E. SLETTEBAK, Professor, Department of Astronomy, effective Winter Quarter and Spring Quarter 1991.

PHILIP D. STEWART, Professor, Department of Political Science, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

LOUIS SUCHESTON, Professor, Department of Mathematics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

W. WAYNE TALARZYK, Professor, Academic Faculty of Marketing, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

ROBERT H. WAGONER, Professor, Department of Materials Science and Engineering, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

JOHN P. WANOUS, Professor, Academic Faculty of Management and Human Resources, effective Autumn Quarter 1990.

TIEN H. WU, Professor, Department of Civil Engineering, effective Winter Quarter 1991.

KAREN A. BELL, Associate Professor, Department of Dance, effective Winter Quarter and Spring Quarter 1991.

HENRY R. BUSBY, Associate Professor, Department of Mechanical Engineering, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

A. TERRENCE CONLISK, Associate Professor, Department of Mechanical Engineering, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

SCOTT FALKENTHAL, Associate Professor, Department of Molecular Genetics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

ZBIGNIEW FIEDOROWICZ, Associate Professor, Department of Mathematics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

MARTHA M. GARLAND, Associate Professor, Department of History, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

ANGELIKA R. GERBES, Associate Professor, Department of Dance, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

JULIUS G. GOLDBERG, Associate Professor, Department of Mathematics (Marion Campus), effective Winter Quarter, Spring Quarter, and Autumn Quarter 1991.

NICHOLAS G. HALL, Associate Professor, Academic Faculty of Management Sciences, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

GEORG R. HEIMDAL, Associate Professor, Department of Art, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

DEBORAH A. HORRELL, Associate Professor, Department of Art, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

HARRIS P. KAGAN, Associate Professor, Department of Physics, effective Winter Quarter, Spring Quarter and Autumn Quarter 1991.

E. LOUIS LANKFORD, Associate Professor, Department of Art Education, effective Autumn Quarter 1990 and Winter Quarter 1991.

JOSINA M. MAKAU, Associate Professor, Department of Communication, effective Autumn Quarter 1990 and Winter Quarter 1991.

SANDRA A. MAMRAK, Associate Professor, Department of Computer and Information Science, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

JOHN A. NEGULESCO, Associate Professor, Department of Anatomy, effective September 1, 1990 through March 31, 1991.

ARNON E. REICHERS, Associate Professor, Academic Faculty of Management and Human Resources, effective Autumn Quarter 1990 and Winter Quarter 1991.

JUNKO SHIGEMITSU, Associate Professor, Department of Physics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

HARVEY G. SHULMAN, Associate Professor, Department of Psychology, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

NEELAM SOUNDARARAJAN, Associate Professor, Department of Computer and Information Science, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

DONA S. STRALEY, Associate Professor, University Libraries, effective January 22, 1991 through September 23, 1991.

VIRGINIA M. TIEFEL, Associate Professor, University Libraries, effective January 3, 1991 through March 18, 1991.

SIA K. WONG, Associate Professor, Department of Mathematics, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

CONRAD G. SMITH, Assistant Professor, School of Journalism, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

ANNMARIE A. ZAHARLICK, Assistant Professor, Department of Anthropology, effective Winter Quarter and Spring Quarter 1991.

PERSONNEL ACTIONS (contd)

Professional Improvement Leave--Change in Dates

DONALD L. PALMQUIST, Professor, Department of Dairy Science, change leave from April 15, 1990 through December 31, 1990 to July 1, 1990 through October 31, 1990.

Professional Improvement Leave--Cancellation

JOHN C. HUNTINGTON, Professor, Department of History of Art, effective Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

RESOLUTIONS IN MEMORIAM

Resolution No. 90-131

Synopsis: The Academic Affairs Committee recommended the approval of Resolutions in Memoriam for Douglas E. Brown and George W. Wharton.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Douglas E. Brown

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 21, 1990, of Douglas E. Brown, Assistant Professor Emeritus in the College of Dentistry, Section of Restorative and Prosthetic Dentistry.

A native of Columbus, Ohio, Dr. Brown graduated from The Ohio State University in 1946, and received his D.D.S. degree in 1950.

From 1956 to 1970, he was Chief of Dental Services at Orient State Institute. Dr. Brown was appointed as an Instructor in the College of Dentistry in 1970 and promoted to Assistant Professor in 1971. He developed curriculum material, conducted lectures and directed laboratory instruction in pre-clinical removable partial prosthodontics. Upon his retirement in 1988, Dr. Brown was named Assistant Professor Emeritus.

Dr. Brown was a member of Delta Sigma Delta Dental Fraternity where he served as Vice President in 1975; President in 1976; and was Treasurer of their House Corporation. He served on the Admissions Committee for the College of Dentistry, and was a member of the Columbus Dental Society and the Ohio Dental Association.

Dr. Brown will long be remembered by his many friends and associates at The Ohio State University.

RESOLUTIONS IN MEMORIAM (contd)

Douglas E. Brown (contd)

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

George W. Wharton

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 4, 1990, of George W. Wharton, Professor Emeritus in the Department of Entomology.

Dr. Wharton was born on January 25, 1914, in Belleville, New Jersey. He received a B.S. in 1935 and a Ph.D. in 1939, both from Duke University. He served in the United States Navy during World War II where he was first a Biologist with the Norfolk Naval Shipyard and later an acarologist with the Rockefeller Group at NAMRU-2 in the Pacific war zone.

Dr. Wharton was a pioneer in studies of the acari--ticks and mites. In the years following World War II, he and colleague E. W. Baker became the leaders of the then-developing American school of acarology. Their influence affected the professional careers of most of the acarologists working today in North America and throughout the world. The collaboration of Baker and Wharton resulted in the historic publication Introduction to Acarology in 1952.

Dr. Wharton was the author of 129 publications. He served on numerous councils and editorial boards of various professional societies.

Dr. Wharton was the co-founder of the Summer Teaching Program in Acarology at Duke in 1951. He later transferred the Summer Program with him when he accepted the position of head of the Zoology Department at the University of Maryland in 1953. In 1961, he became chairman of the Department of Zoology and Entomology at Ohio State University and served in that position until 1968. Dr. Wharton, also established the Acarology Laboratory and the Summer Program at Ohio State. He served as Director of the Acarology Laboratory until his retirement in 1976. His involvement in research and teaching continued for many years.

This year marks the 40th anniversary of the Acarology Summer Program, which has given hundreds of participants from around the world their introduction and continued education in acarology. Dr. Wharton's colleagues regard it as his most important legacy. Many doctoral students remember him for his life-long concern with quality education and for the teacher's responsibility to his students.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Paige:

We began with a report from Sue Green in the Office of Student Life. She conveyed to the Board that rape is a serious problem in our society and on our campus. At The Ohio State University, as in the rest of society, our conception of rape is often based upon stereotypes rather than a realistic picture of how rape happens. We know that rape is overwhelmingly a crime committed by men who know their victims and is called acquaintance rape. Many women who are raped do not report the crime to the police. Research by Dr. Mary Koss found that 15% of college women had experienced rape. If we accept that those figures, and apply them to Ohio State, we can estimate that rape has effected approximately 4,300 of our female college students. It was also reported that rape is a crime occurring between people of the same race. The Bureau of Justice Statistics reports that white women were raped by white men in 87% of the cases, and Afro-American women were raped by Afro-American men in 92% of the cases.

The Rape Education and Prevention Program at Ohio State addresses this problem through education about the stereotypes about rape, effective prevention strategies for women and men, and supporting women who have already experienced rape or other forms of sexual assault. This education takes place in multiple forums on our campus and utilizes a culturally-specific approach in order to reach all constituencies at The Ohio State University.

After Ms. Green's report, we heard reports from the student government leaders:

Mr. Steve Sloan:

First, I just want to make a few comments. I personally know three people who have been raped. One person fits the more typical stereotype of rape, and the other two were raped by people they knew -- date situations. It is a real serious issue that people live with on a day-to-day basis.

Next, I want to congratulate Dave for becoming the next student on the Board of Trustees. Professional students are particularly pleased, once again, and the medical students even more pleased. Dave however, left the professional organization in a little bit of a bind since he was going to be President, so he has convinced me to go ahead and take over. We are happy to have him on the Board. Once again, he is someone I know well and look forward to working with. I think he will be an excellent Trustee and will be able to represent the undergraduates, graduates and professional students. He was a very active undergraduate here.

The other issue that I would like to talk about is the organization itself. I was at a University Senate Steering Committee meeting where we heard reports from various committees. I was very glad to hear that professional students were attending those various committee meetings and were being vocal. Some of the chairpersons of the committees felt that the professional students were being too vocal. I was just glad to hear that they were actually attending the meetings. I think that the professional organization is in good shape, and I look forward to working next year on some of our important issues.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Sloan: (contd)

Of particular concern to us, is the tuition increase. We have worked very hard trying to educate the University Senate Fiscal Committee and the members of the University community at-large that professional students really feel the burden every time our tuition increases. We really don't like our tuition increasing double the rate of the undergraduates' tuition increases. We really hope that won't happen any longer, and we will continue to work on that.

Other things that we will be working on is the never-ending parking issue. We heard a report in the Steering Committee about parking. It is certainly a very difficult issue, and one that everyone in the University has feelings about. Everyone wants to have more parking spaces available.

The other issue is something that we worked on pretty hard last year. We are trying to get ticketing priorities for professional and graduate students for athletic events. Right now, we don't fair very well in ticket priorities, and we are going to try to improve that. We hope to give them some ideas on how they can rank professional and graduate students.

So, I look forward to working with you again for another year. If you have any questions for me, feel free to ask? Thank you.

Ms. Paige:

Thank you. I would like to call on Luke Evans.

Mr. Luke Evans:

Good morning. I passed around a recent issue of the Graduate Voice. In there, we started something a little bit new. We have a supplement that we had in previous years which shows how graduate students can participate in the government structure of this University. We expanded it from 2 pages to 4, because we thought it would be useful to describe the University Senate and what they do, the Council of Research and Graduate Studies and what they do; as well as the University-wide committees, and the Council of Graduate Students. We are hoping, too, that we may be able to reprint this during the summer and perhaps even in the fall so students who didn't see it the first time around can see how they can participate. We do hear from graduate students that they want to participate and often ask how. I remember my first few years at this University -- I didn't even know about the Council of Graduate Students until my third year here. I thought that my dollar contribution would go to USG. So, we are trying to put forth an educational effort here to encourage more graduate students to participate.

I noticed about a year ago that in front of the catalog of the Ohio State Course Listings there is a little faculty rule that states "that for every hour academic credit that a student receives, they are expected to put in at least two hours of outside study to get a grade of C." So that implies that if students want to get A's and B's, they need to put in 3 or 4 hours of outside studying for every academic hour. I just was reminded when I look back over this last year how important it is for the quality of life for our students, because most learning probably takes place outside the classroom, in libraries and study rooms. And how important this quality of life is for the overall educational experience of students. I think though -- and especially with

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

the recent news we had about the Afro-American situation, and most recently the Gay-Lesbian situation -- that we all work very hard to create an atmosphere at this University where we can study, learn, grow, and not be in fear of our lives as we move around campus. Some of these efforts to improve the quality of everyday life here at the University may require some special programs, but I think a lot of it is just a change of attitude with the people we have working here already. We need to be sure the decisions we are making have a positive impact on the quality of life as well.

Finally, this is my last opportunity to report, and I just want to thank you for the opportunity to speak before you candidly about the views of graduate students. I think, too, that in the future, the President should also have the opportunity to speak before the full Board once in awhile. I think that would be appropriate.

I would also like to introduce the new officers for next year: Benetta Lucius, the new President, she spoke before you several months ago; and Randy Rush, Vice President. Both of those people are capable, they bring 5 years of experience in CGS to the Council. We have an excellent officer team. The Treasurer and Secretary are not here, but they have shown that they are dedicated. They have participated in the University Senate and they have been our most active participants. So we will have an excellent team next year to represent the interests of graduate students.

Mr. Kessler:

As we have talked before, I think that we have changed the format of the Board meetings, which I agree with, so that the Committees operate better. I think it is working. That is the place for the students to be heard, and then the Committee reports it to the full Board. So, I think that it is just the direction that we've changed. We do now also have two Student Trustees on our Board that we didn't have then, so I am not sure that I would agree with that.

Ms. Paige:

On behalf of the Board of Trustees, I would like to take this opportunity, Luke, to thank you for a very interesting year. I know it has gotten hot in this room a couple of times with the Jones Tower issue and the tuition increase issue, but we all need to remember that the main interest of the community is to sensitize the Board to the needs of the students. And, I truly think that you accomplished that goal. We have an expression of appreciation for you:

EXPRESSION OF APPRECIATION

Resolution No. 90-132

WHEREAS during the past year Mr. Luke Evans has served as President of the Council of Graduate Students; and

WHEREAS he has performed his duties and assignments in an noteworthy manner; and

EXPRESSION OF APPRECIATION (contd)

WHEREAS Luke has worked tirelessly to apprise the Board of concerns of special interest to the graduate students; and

WHEREAS his resolve, dedication, and support of this University has been truly commendable:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses to Mr. Luke Evans its sincere appreciation and gratitude for his dedication and loyalty to this University, and conveys to him its very best wishes for the future.

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Ms. Paige:

We'll move on to our Undergraduate Student report by Mr. Mike Clark.

Mr. Mike Clark:

Good morning. I would like to take this opportunity to introduce myself. My name is Michael Clark and I am a fourth year student in Industrial and Systems Engineering. I plan to graduate approximately one year from now. I live in Convent Station, New Jersey, which is right outside of Manhattan. I have a long history of my family going to Ohio State -- I am the third generation, so I am really excited about being here.

I just want to list a couple of goals that we have and some accomplishments we have made in USG since taking office on May 16. We have distributed close to 1,000 applications for the various positions that the Undergraduate Student Government has to offer across the campus. We took those to the various college offices, and tried to get to the largest percentage of student organizations that we could. I believe there are around 630 student organizations, so it is difficult to reach every single one. We ran a couple of ads in the Lantern and we have had an incredible response to these ads. We received almost 200 applications. So, as I said, we have been in office since May 16, and it has been difficult to evaluate these 200 applications within two weeks time. We want to try and let people know where we stand and what we would like to do before we leave for the summer. We don't want to leave people hanging -- they might lose interest. We are also doing this in conjunction with the end of the quarter, finals, and all of these parties coming down.

We are also waiting to find out who our new adviser is going to be. Dr. Asher was the adviser last year, but we will be getting a new one this year. Hopefully, we will have a decision by the middle of the summer on who is going to take over that role.

For this summer, obviously one of our goals is campus safety. We are going to try and work with Mr. Stinziano's program. We have goals with Voter Registration, coming up in the fall. And also, we are going to try and attend a lot of the student government conferences that are offered in order to gain ideas and insights on how we can improve ourselves. Again, we have only been in office a couple of weeks, and it has been very difficult because we are pushed for time.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Clark: (contd)

I would also like to introduce Jamie Day, who is our Vice President. Speaking for myself, I am very excited about this. I think this is going to be an opportunity for me to grow as a person and, hopefully, gain some insight and experiences to help me pursue my goals for the future. We see the future as being bright for us. Today, as a matter of fact, we got some positive publicity in the Lantern, which I couldn't believe! So I think that we have something started. At this time, I would be happy to answer any questions?

Mr. Tonnies:

For the dispersal of the applications, do you have to go through all those different student organizations? There was a program in USG for a number of years, and I don't know what its role was last year -- the Council of Presidents?

Mr. Clark:

That is correct.

Mr. Tonnies:

Two years ago, I know, Ms. Lora Stilke, who is now in Vet Med, really tried to make it into a functional group. What is your commitment to trying to maybe get those -- it is hard to get 600 presidents to one meeting, obviously, but I think that would be a good organization to share ideas with each other.

Mr. Clark:

We agree. Again, we haven't quite decided what we are going to do that with yet. We have some very dynamic individuals that are showing interest for that position now. Yes, we do want to work closely with them. If we could just get 1/6 of those organizations, that would be wonderful. As I said, we haven't had a chance actually to sit down and list all of those goals right now. But that is one of our top priorities, along with Campus Safety. Thank you, very much.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Ms. Casto:

This morning the Agricultural Affairs Committee received a report on the Curriculum Reform in the Agriculture and Natural Resources. Dr. Kirby Barrick, Chair of the Special Committee for Undergraduate Curriculum Review in Agriculture appointed by the Provost, and Dr. Robert Roth, Assistant Director of the School of Natural Resources, described an updated curriculum for students earning the Bachelor of Science in Agriculture and the Bachelor of Science in Natural Resources. A revised curriculum is to be initiated by Autumn 1990, which follows the new general education model which is being implemented for all undergraduate students.

The revised curriculum is designed so that the graduates of Agriculture and Natural Resources possess the following attributes:

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Ms. Casto: (contd)

- 1) An understanding of the biological science, physical science, social science, and technology bases related to food, agriculture, and the environment.
- 2) An understanding of the interactions of culture, natural and human resources, technology and public policy in the development of agricultural systems worldwide.
- 3) An ability to make ethical judgments about critical issues and to prepare and accept changes.
- 4) An ability to identify and solve problems, communicate solutions, and provide leadership.

Faculty in all departments in the College of Agriculture and the School of Natural Resources are currently revising majors and developing new majors for students pursuing the Bachelor of Science in Agriculture or Natural Resources.

One thing that I did want to say was that the enrollment in the School of Natural Resources is up which was nice to see. Because, of course, everyone knows that is currently a very significant issue -- our water and our air. We have kept up with important issues in this country. Also, this program should be fully implemented within seven years. I am glad to see that we are moving forward on. That completes my report.

Mrs. Bowser:

Did you mention the component in the foreign language?

Ms. Casto:

There is a required foreign language component. They can test out of it if they do international studies abroad in different areas. I think this is very significant. I think we need to promote travel because the world has become much smaller and our graduates will need to be educated in several different cultures.

(See Appendix LXXIV for a complete text of the Bachelor of Science in Agriculture and Bachelor of Science in Natural Resources, page 1223.)

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Teaford:

The Committee is recommending approval for the following resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-133

Synopsis: The Fiscal Affairs Committee recommended the approval of the following reports on contracts, grants, and gifts and the summary for April 1990.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, The Ohio State University Development Fund, and The Ohio State University Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund, and The Ohio State University Foundation during the month of April 1990 be approved.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR APRIL 1990

Background

Source	No of Projects	Support Level
The Ohio State University Research Foundation	98	\$9,452,093.00
Engineering Experiment Station	47	\$ 322,517.00
Total	145	\$9,774,610.00
The Ohio State University Development Fund		
Establishment of Named Funds		
The Frank Irons Agricultural Engineering Scholarship Fund (Scholarships - Agricultural Engineering)		\$ 20,000.00
The Robert Ferguson Shurtz Awards Fund (Awards to second-year students in the College of Engineering)		\$ 20,000.00
The Nadine Foster and Merrel Quentin Elder Scholarship Fund (Scholarships - College of Human Ecology or College of Agriculture)		\$ 15,000.00

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - April 1990

Federal Research Contracts/Grants

\$2,028,184.00 - National Science Foundation, Washington, D.C., Engineering Research Center for Net Shape Manufacturing, Engineering Experiment Station (T. Altan), 1 May 1990 through 30 April 1991. (Project 767477 - Continuation)

\$389,280.00 - Department of Education, Office of Vocational and Adult Education, Washington, D.C., Workplace Literacy for World Class Manufacturing, Department of Educational Studies: Humanities, Science, Technological, and Vocational (W. D. Dowling), Department of Educational Theory and Practice (J. DeStefano), and Center on Education and Training for Employment (S. L. Pritz and M. S. Imel), 1 April 1990 through 30 September 1991. (Project 768220 - New)

\$202,272.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Vascular Healing: Cell and Rheologic Factors, Department of Internal Medicine (D. L. Fry), 1 May 1990 through 30 April 1991. (Project 766884 - Continuation)

\$202,221.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Neoplastic Transformation of Human Epithelial Cells, Department of Physiological Chemistry and Comprehensive Cancer Center (G. E. Milo), 1 April 1990 through 31 March 1991. (Project 761756 - Continuation)

\$200,053.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., National Resource Center -- East Asia, Office of International Affairs (C. M. Chen), 15 August 1990 through 14 August 1991. (Project 766979 - Continuation)

\$188,544.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Kinetics and Mechanism of Lipid Phase Transitions, Department of Chemistry (M. Caffrey), 1 April 1990 through 31 March 1991. (Project 766638 - Continuation)

\$178,354.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, The Molecular Biology of Organellar Translocation, Department of Molecular Genetics (B. R. Oakley) and Department of Microbiology (D. R. Galloway), 1 April 1990 through 31 March 1991. (Project 763502 - Continuation)

\$177,454.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Chemistry of Novel Natural Inhibitors of Carcinogenesis, College of Pharmacy (J. M. Cassidy), 1 April 1990 through 31 March 1991. (Project 766665 - Continuation)

\$167,359.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Polycondensed Alicyclics and Their Antiviral Role, Department of Chemistry (L. A. Paquette), 1 May 1990 through 30 April 1991. (Project 763920 - Continuation)

\$164,685.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Interval Training and Cancer Patients' Functional Capacity, Department of Family and Community Nursing (M. G. MacVicar), 1 April 1990 through 31 March 1991. (Project 766682 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$162,648.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Cardiopulmonary Actions -- Trimetoquinol Analogs, College of Pharmacy (D. D. Miller and D. R. Feller), 1 April 1990 through 31 March 1991. (Project 761574 - Continuation)

\$162,000.00 - Department of Health and Human Services, Health Resources and Services Administration, Rockville, Maryland, Residency Training in General Internal Medicine, Department of Internal Medicine (E. L. Mazzaferri and J. M. Bowen), 1 July 1990 through 30 June 1991. (Project 768212 - New)

\$156,624.00 - Department of the Air Force, Washington, D.C., "Big Ear" Range Studies, ElectroScience Laboratory, Department of Electrical Engineering (J. D. Young), 3 May 1990 through 2 December 1990. (Project 767467 - Continuation)

\$156,324.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Role of Gangliosides in the Pathogenesis of Gliomas, Department of Pathology (A. J. Yates), 1 April 1990 through 31 March 1991. (Project 767412 - Continuation)

\$153,087.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Campylobacter pylori-induced Gastric Disease in Gnotobiotic Piglets, Department of Veterinary Pathobiology (G. S. Krakowka), 1 May 1990 through 30 April 1991. (Project 768215 - New)

\$143,766.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Lipids Controlling S. aureus Survival In Vivo, Department of Microbiology and Immunology (F. A. Kapral), 1 April 1990 through 31 March 1991. (Project 763912 - Continuation)

\$143,271.00 - Environmental Protection Agency, Washington, D.C., DNA Damage in Human Fetal Cells, Department of Radiology (S. M. D'Ambrosio and A. A. Wani), 2 April 1990 through 1 April 1991. (Project 768188 - Continuation)

\$139,007.00 - Department of Health and Human Services, National Center for Research Resources, Bethesda, Maryland, Topical In Vivo Electron Spin Resonance, Department of Chemistry (L. J. Berliner), 1 April 1990 through 31 March 1991. (Project 766380 - Continuation)

\$137,200.00 - National Science Foundation, Washington, D.C., Liquid and Solid Helium at Very Low Temperatures, Department of Physics (D. O. Edwards), 1 July 1990 through 30 June 1991. (Project 767398 - Continuation)

\$132,511.00 - Department of Health and Human Services, National Institute on Drug Abuse, Bethesda, Maryland, Cocaine-Induced Ventricular Fibrillation, Department of Physiology (G. E. Billman), 1 April 1990 through 31 March 1991. (Project 768194 - New)

\$131,854.00 - Department of Health and Human Services, National Institute of Arthritis and Musculoskeletal and Skin Diseases, Bethesda, Maryland, Mechanistic Studies of Xanthine Oxidase, Department of Physiological Chemistry (C. R. Hille), 1 April 1990 through 31 March 1991. (Project 766661 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$123,080.00 - National Science Foundation, Washington, D.C., Maintenance of the Bacillus Genetic Stock Center, Department of Biochemistry (D. H. Dean), 1 March 1990 through 28 February 1991. (Project 767330 - Continuation)

\$109,662.00 - National Science Foundation, Washington, D.C., An Imaging Spectrometer for Long-Term Studies of Emission-Line Objects, Department of Astronomy (B. M. Peterson), 1 May 1990 through 30 April 1991. (Project 767434 - Continuation)

\$109,585.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Sensory Gating and Animal Models in Schizophrenia, Department of Psychiatry (S. B. Schwarczopf), 1 April 1990 through 31 March 1991. (Project 768187 - New)

\$106,643.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Constraints on Cognitive Theories of Performance, Department of Psychology (C. Palmer), 1 April 1990 through 31 March 1991. (Project 768151 - New)

\$102,900.00 - National Science Foundation, Washington, D.C., Collaborative Research: Climatic History of the Western Amazon Basin and the Equatorial Andes Since 18K, Department of Zoology (P. A. Colinvaux), 1 February 1990 through 31 January 1991. (Project 766323 - Continuation)

\$102,550.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Regulation of Histidine Utilization in Streptomyces, Department of Microbiology (K. E. Kendrick), 1 April 1990 through 31 March 1991. (Project 767370 - Continuation)

\$100,250.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Advances in Identification of Airborne Radar Targets, ElectroScience Laboratory, Department of Electrical Engineering (E. K. Walton, F. D. Garber, and R. L. Moses), 1 November 1989 through 31 October 1990. (Project 767996 - Continuation)

\$99,509.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Constitutive Parameter Measurements of Lossy Materials, ElectroScience Laboratory, Department of Electrical Engineering (A. K. Dominek and W. D. Burnside), 19 December 1989 through 18 December 1990. (Project 768152 - New)

\$97,691.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, A Mechanistic Study of the Brittle to Ductile Transition in High Melting Point Intermetallic Compounds, Department of Materials Science and Engineering (H. L. Fraser), 1 January 1990 through 30 September 1990. (Project 768191 - New)

\$94,400.00 - National Science Foundation, Washington, D.C., Basic Mechanisms of Sliding Friction and Wear, Department of Materials Science and Engineering (D. A. Rigney), 1 March 1990 through 31 August 1991. (Project 766644 - Continuation)

\$87,232.00 - Department of Health and Human Services, National Institute of Arthritis and Musculoskeletal and Skin Diseases, Bethesda, Maryland, Energetics of Contraction in Single Muscle Cells, Department of Physiology (J. A. Rall), 1 April 1990 through 31 March 1991. (Project 760993 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$85,720.00 - Department of Health and Human Services, National Institute on Deafness and Other Communication Disorders, Bethesda, Maryland, Neural Basis of Taste Elicited Ingestion and Rejection, Oral Biology (J. B. Travers), 1 April 1990 through 31 March 1991. (Project 765695 - Continuation)

\$82,586.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, A "Dynamic" Tension-Time Index Hypothesis, Department of Internal Medicine (T. L. Clanton), 1 May 1990 through 30 April 1991. (Project 766821 - Continuation)

\$81,292.00 - Environmental Protection Agency, Washington, D.C., Promotion of Carcinogenesis: Role of Aberrant tRNA Modification, Department of Physiological Chemistry and Comprehensive Cancer Center (R. W. Trewyn), 8 March 1989 through 7 March 1991. (Project 764159 - Continuation)

\$80,798.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Receptor Regulation of Adrenal Catecholamine Secretion, College of Pharmacy (D. B. McKay), 1 April 1990 through 31 March 1991. (Project 765968 - Continuation)

\$78,470.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Determinants and Correlates of Maternal Depression, Department of Family Relations and Human Development (E. I. Hock), 1 April 1990 through 31 March 1991. (Project 768189 - New)

\$75,559.00 - Department of Energy, Argonne, Illinois, Strongly Interacting Fermion Systems, Department of Physics (J. W. Wilkins), 15 November 1989 through 14 November 1990. (Project 766783 - Continuation)

\$75,511.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Mediastinal Effects on Pulmonary Function, Department of Veterinary Physiology and Pharmacology (L. E. Olson), 1 April 1990 through 31 March 1991. (Project 765986 - Continuation)

\$66,925.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., On the Behavior of Non-Newtonian Fluids: Analysis Computation and Experiment, Department of Mathematics (M. G. Forest) and Department of Engineering Mechanics (S. E. Bechtel), 1 April 1990 through 30 September 1990. (Project 768202 - New)

\$61,184.00 - Department of Energy, Argonne, Illinois, The Molecular Characterization of the Lignin-Forming Peroxidase, Department of Horticulture - OARDC and Department of Horticulture (L. M. Lagrimini), 1 April 1990 through 31 March 1991. (Project 767373 - Continuation)

\$60,891.00 - National Science Foundation, Washington, D.C., Diversity and Distribution of Fossil Floras from Southern Victoria Land, Antarctica, Byrd Polar Research Center (E. L. Taylor and T. N. Taylor) and Department of Botany (T. N. Taylor), 1 October 1990 through 30 September 1991. (Project 766664 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$55,120.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Foreign Language and Area Studies Fellowships in Slavic and East European Studies, Office of International Affairs (J. P. Scanlan), 15 August 1990 through 14 August 1991. (Project 767007 - Continuation)

\$53,484.00 - National Science Foundation, Washington, D.C., The Ohio State University Young Science Scholars, Department of Chemistry (M. H. Klapper) and Biological Sciences Administration (A. M. Ackermann-Brown), 15 February 1990 through 31 July 1991. (Project 768186 - New)

\$50,000.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Stability of Boundary Layers at High Supersonic and Hypersonic Speeds, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 May 1990 through 30 September 1990. (Project 766854 - Continuation)

\$50,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Experimental Study of Organized Structures in a Supersonic Shear Layer, Department of Mechanical Engineering (M. Samimy), 26 March 1990 through 30 September 1990. (Project 765794 - Continuation)

\$42,927.00 - National Science Foundation, Washington, D.C., Gain of Regularity, Department of Mathematics (T. Kappeler), 15 April 1990 through 31 March 1992. (Project 768204 - New)

\$39,417.00 - Department of Health and Human Services, National Institute on Deafness and Other Communication Disorders, Bethesda, Maryland, Biomechanics of the Middle Ear, Department of Zoology (T. E. Hetherington), 1 April 1990 through 31 March 1991. (Project 764599 - Continuation)

\$36,260.00 - National Science Foundation, Washington, D.C., Non-Commutative Harmonic Analysis, Department of Mathematics (H. Moscovici and R. J. Stanton), 1 December 1990 through 30 November 1991. (Project 766790 - Continuation)

\$35,000.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Relegation for Decentralized Control, Department of Electrical Engineering (U. Ozguner), 1 March 1990 through 28 February 1991. (Project 767334 - Continuation)

\$30,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Laboratory Studies of Microwave Scattering from Saline Ice, Byrd Polar Research Center (K. C. Jezek), 15 January 1990 through 30 September 1990. (Project 768213 - New)

\$30,000.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Experimental Evaluation of High Lift Airfoils, Department of Aeronautical and Astronautical Engineering (J. D. Lee), 1 January 1990 through 30 November 1990. (Project 768207 - New)

\$30,000.00 - National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, Maryland, 12 m Surface Brightness of the Galactic Bulge: A Comparison with Other Galaxies, Department of Astronomy (J. A. Frogel), 1 June 1990 through 31 May 1991. (Project 768221 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$25,000.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Research on Analysis of Large Aperture Reflector Antennas, ElectroScience Laboratory, Department of Electrical Engineering (R. Rudduck), 31 July 1990 through 31 December 1990. (Project 763724 - Continuation)

\$24,000.00 - Department of Education, Washington, D.C., Patricia Roberts Harris Public Service Education Fellowships, School of Public Policy and Management (H. L. Hunker), 1 September 1990 through 31 May 1991. (Project 768200 - New)

\$22,306.00 - National Aeronautics and Space Administration, Johnson Space Center, Houston, Texas, Guidelines for Human Interface with Artificial Intelligence, Department of Industrial and Systems Engineering (D. D. Woods), 1 October 1989 through 30 September 1990. (Project 768208 - New)

\$17,896.00 - National Science Foundation, Washington, D.C., Phonetic Investigation of Metrical Structure in Orally Produced Poetry, Department of Linguistics (I. Lehiste), 1 October 1990 through 30 September 1991. (Project 766729 - Continuation)

\$15,660.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Processing and Testing of Chromized-Aluminized Diffusion Coatings on Superalloys, Department of Materials Science and Engineering (R. A. Rapp), 1 January 1990 through 30 September 1990. (Project 768203 - Continuation)

\$15,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Conception and Development of Improved Analytical Prediction Models for Fatigue Induced Tooth Breakage in Spur Gear Teeth, Department of Mechanical Engineering (D. R. Houser and J. A. Collins), 27 February 1990 through 26 February 1992. (Project 768209 - New)

\$12,000.00 - Smithsonian Institute, Smithsonian Tropical Research Institute, APO Miami, Florida, Continued Research into the Environmental History of the Isthmus of Panama, Department of Zoology (P. A. Colinvaux), 1 February 1990 through 30 June 1990. (Project 768185 - New)

\$10,000.00 - National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, Maryland, Terrestrial Gravity Data Analysis for Interim Gravity Model Improvement, Department of Geodetic Science and Surveying (R. H. Rapp), 1 September 1989 through 30 June 1990. (Project 765353 - Continuation)

\$9,950.00 - Environmental Protection Agency, Las Vegas, Nevada, Remote Sensing and Global Information System, Department of Civil Engineering (J. G. Lyon), 2 April 1990 through 30 September 1990. (Project 768206 - New)

\$7,487.00 - National Security Council, Central Intelligence Agency, Washington, D.C., Generalized Moment-Method Antenna Model Development, ElectroScience Laboratory, Department of Electrical Engineering (E. H. Newman), 1 February 1990 through 15 May 1990. (Project 766796 - Continuation)

\$6,996.00 - Department of Agriculture, Science and Education, Peoria, Illinois, Cooperative Agricultural Research, Office of the Director - OARDC (N. D. Schmidt and R. F. Edwards), 17 April 1990 through 30 September 1990. (Project 766472 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$5,750.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Computational Study of the Jet-in-the-Ground-Effect Flow with Dynamically Adaptive Grid, Department of Mechanical Engineering (S. Nakamura), 20 March 1990 through 30 June 1990. (Project 766675 - Continuation)

\$4,000.00 - National Science Foundation, Washington, D.C., Synthetic Catalysts Based on Reversible Covalent Bond Formation, Department of Chemistry (A. W. Czarnik), 1 January 1990 through 31 May 1990. (Project 767602 - Continuation)

\$4,000.00 - National Science Foundation, Washington, D.C., Structure and Dynamic Behavior of Selected Organolithium Compounds, Department of Chemistry (G. A. Fraenkel), 1 January 1990 through 31 December 1990. (Project 767225 - Continuation)

\$1,015.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Feline Retrovirus-Associated Endocrine Dysfunction, Department of Veterinary Pathobiology (J. L. Rojko, L. E. Mathes, and C. A. Brooks), 1 March 1990 through 28 February 1991. (Project 767361 - Continuation)

TOTAL - FEDERAL AWARDS

\$8,032,404.00

State of Ohio Research Contracts/Grants

\$34,590.00 - State of Ohio, Department of Health, Columbus, Ohio, Adoption of AIDS Curricula in Ohio Schools: An Inter-disciplinary Qualitative Evaluation, School of Health, Physical Education, and Recreation (M. S. C. Chen) and Department of Anthropology (A. A. Zaharlick), 1 January 1990 through 30 June 1990. (Project 768193 - New)

\$12,500.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Geodetic Advisor for the State of Ohio, Center for Mapping and Department of Geodetic Science and Surveying (J. D. Bossler), 1 July 1989 through 30 June 1990. (Project 766336 - Continuation)

\$11,900.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Shredded Newsprint for Animal Bedding, Cooperative Extension State Operations (J. D. Rohrer), 1 November 1989 through 30 June 1990. (Project 768091 - New)

\$9,500.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Processing Field Collections of Unionid Mollusks into Research-Ready Lots at the Museum of Zoology, Department of Zoology (D. H. Stansbery), 5 March 1990 through 31 December 1990. (Project 768124 - Continuation)

\$7,500.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Processing, Cataloging, and Data Management of Ohio Fishes at the Museum of Zoology of The Ohio State University, Department of Zoology (T. M. Cavender), 5 March 1990 through 31 December 1990. (Project 768226 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$3,000.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Inventory of the Nitidulidae in Natural Areas and Preserves of Ohio, Department of Entomology - OARDC (R. N. Williams), 6 March 1990 through 1 June 1991. (Project 768177 - New)

TOTAL - STATE OF OHIO AWARDS \$ 78,990.00

Industrial Research Contracts/Grants

\$111,556.00 - Lockheed Engineering and Science Company, Houston, Texas, Tethered Target Scattering Research, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr., E. K. Newman, and N. N. Wang), 26 May 1989 through 8 February 1991. (Project 767524 - Continuation)

\$110,000.00 - CIBA-GEIGY Corporation, Summit, New Jersey, Multiple Oral Dose Study of CGS-15873A(06) in Healthy Normal Male Volunteers, Department of Pharmacology (N. Gerber), 15 March 1990 through 14 March 1991. (Project 768199 - New)

\$47,861.00 - Pfizer, Inc., Groton, Connecticut, Phase I Study to Assess the Potential of Tenidap Sodium to Alter the Pharmacodynamics and Plasma Protein Binding of Warfarin in Healthy Male Volunteers, Department of Pharmacology (N. Gerber), 1 June 1989 through 30 June 1990. (Project 767865 - Continuation)

\$45,870.00 - Amoco Corporation, Naperville, Illinois, Feasibility of Fourier Transform Mass Spectrometry for Ultrahigh-Resolution Mass Spectral Analysis of Crude Oil Fractions, Department of Chemistry, Chemical Instrumentation Center, and Department of Biochemistry (A. G. Marshall), 1 May 1990 through 30 April 1991. (Project 768205 - New)

\$24,375.00 - Adria Laboratories, Dublin, Ohio, A Continued Assessment of the Safety, Tolerance, and Pharmacokinetics of Single Intravenous Doses of ADR-851 Compared to Placebo in Normal Healthy Male Volunteers, Department of Pharmacology (N. Gerber), 1 March 1990 through 31 August 1990. (Project 768198 - New)

\$18,950.00 - Boeing Computer Services, Seattle, Washington, RAMCAD Software Development, Department of Computer and Information Science (B. Chandrasekaran), 1 January 1990 through 30 September 1990. (Project 766470 - Continuation)

\$10,000.00 - Geo-Centers, Inc., Newton Upper Falls, Massachusetts, New Methods of Synthesis of Polynitrocubanes and Polynitrozacubanes, Department of Chemistry (H. Shechter), 19 March 1990 through 19 September 1990. (Project 768195 - New)

\$500.00 - Eli Lilly and Company, Indianapolis, Indiana, Post-Marketing Survey on the Use of Dobutamine, Department of Anesthesiology (T. M. Fuhrman, Jr.), 1 December 1989 through 30 June 1990. (Project 767955 - Continuation)

Computer Software - Pixar, San Rafael, California, Render Man Educational Software Program, Advanced Computing Center for the Arts and Design (D. Stredney), 1 April 1990 through 31 March 1991. (Project 768201 - New) (Approximate Dollar Value - \$2,500)

TOTAL - INDUSTRIAL AWARDS \$ 369,112.00

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants

\$315,437.00 - University of Chicago, Argonne, Illinois, Optical Readout System for the ZEUS Barrel Calorimeter, Department of Physics (T. Y. Ling and T. A. Romanowski), 1 January 1990 through 31 January 1991. (Project 767107 - Continuation)

\$108,946.00 - University of Chicago, Argonne, Illinois, Inter-facial Phenomena and Dynamics of Bubbles in Gas-Liquid-Solid Fluidization, Department of Chemical Engineering (L. S. Fan and R. S. Brodkey), 1 May 1990 through 31 October 1990. (Project 767131 - Continuation)

\$100,000.00 - Midwest Plant Biotechnology Consortium, West Lafayette, Indiana, Molecular Basis of Plant-Microbe Interactions, Biotechnology Program (P. E. Kolattukudy), 15 October 1989 through 14 October 1990. (Project 768117 - New)

\$83,748.00 - Smokeless Tobacco Research Council, Inc., New York, New York, In Vivo and In Vitro Effects of Smokeless Tobacco on Oral Bacteria and Periodontal Disease, Oral Biology (K. Schroeder and S. Rosen), 1 July 1990 through 30 June 1991. (Project 766816 - Continuation)

\$80,000.00 - Rockefeller Foundation, New York, New York, International Program in Pharmacoepidemiology and Therapeutics, Department of Internal Medicine (C. M. Kunin), 1 March 1990 through 28 February 1991. (Project 768211 - Continuation)

\$52,500.00 - American Council of Learned Societies, New York, New York, A New Teaching Position in East European Studies with a Specialization in Economics, University Center for International Studies (J. P. Scanlan), 1 October 1990 through 30 June 1992. (Project 768214 - New)

\$44,250.00 - W. K. Kellogg Foundation, Battle Creek, Michigan, To Continue the National Dissemination of the Concept of Interprofessional Education and Practice, Department of Educational Policy and Leadership (L. L. Cunningham), 1 March 1990 through 29 February 1992. (Project 768216 - New)

\$39,972.00 - Easter Seal Research Foundation, Chicago, Illinois, Quantitative Analysis of Gait Following Stroke, Department of Physical Medicine (W. S. Pease) and Department of Surgery (S. R. Simon), 1 July 1990 through 30 June 1991. (Project 768222 - New)

\$32,379.00 - Cystic Fibrosis Foundation, Bethesda, Maryland, Inspiratory Muscle Training: Children with Cystic Fibrosis, Department of Family and Community Nursing (E. H. Sawyer), 1 April 1990 through 31 March 1991. (Project 768192 - New)

\$29,255.00 - Children's Hospital Research Foundation, Columbus, Ohio, Epidemiology of Acute Nonlymphoblastic Leukemia in Children, Department of Preventive Medicine (J. R. Wilkins, III), 1 May 1989 through 30 April 1990. (Project 767521 - New)

\$24,850.00 - United Nations, Geneva, Switzerland, Modulation of Luteal Progesterone Production in the Rhesus Monkey by Intracellular Calcium: Calcium as a Possible Mediator of Luteal Regression, Department of Dairy Science - OARDC and Department of Dairy Science (J. S. Ottobre), 1 November 1989 through 31 October 1990. (Project 767924 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$24,129.00 - Georgia Department of Education, Atlanta, Georgia, To Develop an Equity Handbook for Georgia Public Schools, Center on Education and Training for Employment (R. D. Ryan) and Department of Home Economics Education (W. L. Hull), 15 February 1990 through 30 September 1990. (Project 768190 - New)

\$20,000.00 - University of California, Livermore, California, Laser-Generated Ultrasonics for Material Characterization, Department of Welding Engineering (L. Adler), 9 April 1990 through 30 September 1990. (Project 768197 - New)

\$14,121.00 - University of Texas, Houston, Texas, Evaluation of Home Uterine Contraction Monitoring in Evaluation of High Risk Pregnancies, Department of Obstetrics and Gynecology (J. D. Iams), 1 December 1988 through 30 November 1990. (Project 766646 - Continuation)

\$2,000.00 - The American-Scandinavian Foundation, New York, New York, Pike Piscivory and Ponds: Complex Interactions in Littoral Benthic Communities, Department of Zoology (R. A. Stein), 1 May 1990 through 30 November 1990. (Project 768230 - New)

TOTAL - OTHER NON-FEDERAL AWARDS

\$ 971,587.00

ENGINEERING EXPERIMENT STATION

Industry and Other Sponsored Research and Development

\$100,500.00 - in additional budget from GE Reco Trailer MD, Cincinnati, Ohio, for "One-Twelfth Scale Ejector-Powered Simulator for the GE 90 Engine," under the direction of the department of Aeronautical and Astronautical Engineering for the period November 15, 1989 through May 14, 1990. (312524, Ext. 1)

\$79,535.00 - from Electric Power Research Institute, Palo Alto, California, for "Fiber Optics in Radiation Environments," under the direction of the department of Engineering Experiment Station, Nuclear Reactor Lab, for the period April 15, 1990 through December 31, 1990. (529845)

\$51,200.00 - from General Electric, Cincinnati, Ohio, for "Modeling Testing of Pakistan International Airlines 1/12 inch Scale Model," under the direction of the department of Aeronautical and Astronautical Engineering for the period April 1, 1990 through September 30, 1990. (312536)

\$25,000.00 - additional funding from IBM Technical Interchange Program, Owego, New York, for "Integrating Component Accumulation and Material Flow to Promote the Efficiency of Assembly Operations," under the direction of the department of Industrial and Systems Engineering for the period May 1, 1988 through December 31, 1990. (529756, Ext. 2)

\$15,560.00 - from McDonnell Douglas Corp., St. Louis, Missouri, for "Robust Controller Design for Advanced Fighter Aircraft," under the direction of the department of Aeronautical and Astronautical Engineering for the period April 1, 1990 through December 31, 1990. (529846)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industry and Other Sponsored Research and Development (contd)

\$14,492.00 - from 19 sponsors of 38 development projects in two research areas of the College.

\$10,718.00 - additional funding from General Electric Company, Cincinnati, Ohio, for "Active Limitation of Base Metal Melting in Weld Repair Castings," under the direction of the department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529817, Ext. 1)

\$9,000.00 - from Aerosafe, Inc., Dublin, Ohio, for "Design and Testing of a Prototype of the ICED Battery Safety Device," under the direction of the department of Mechanical Engineering for the period April 1, 1990 through September 30, 1990. (312535)

\$8,742.00 - additional funding from Edison Welding Institute, Columbus, Ohio, for "Offline Robotic Programming," under the direction of the department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (529357, Ext. 2)

\$7,770.00 - from Embassy of the Arab Republic of Egypt, Washington DC, for "Peace Fellow - Civil Engineering," under the direction of the department of Civil Engineering for the period April 15, 1990

INDUSTRY AND OTHER SPONSORED RESEARCH **\$ 322,517.00**

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

**The Frank Irons Agricultural Engineering
Scholarship Fund**

The Frank Irons Agricultural Engineering Scholarship Fund was established June 1, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Daisy Irons of Wooster, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to worthy students in Agricultural Engineering. An individual student may be awarded a scholarship for up to four years. Selection will be made by the Honors and Awards Committee of the Department of Agricultural Engineering, in consultation with the faculty and the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Robert Ferguson Shurtz Awards Fund

The Robert Ferguson Shurtz Awards Fund was established June 1, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Robert F. Shurtz (Bachelor of Engineering in Mining '37, Engineer of Mines '50, M.S. '50) of San Francisco, California.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The Robert Ferguson Shurtz Awards Fund fosters the application of mathematics in the practice of engineering by honoring second-year engineering students who have demonstrated outstanding performance and skill in their first-year mathematics course work and by providing means for enhancing and encouraging their continuing interest in the application of mathematics in engineering. To this end, the annual income shall be used to acquire five state-of-the-art computing devices each year which shall be awarded by the Dean of the College of Engineering to second-year students in the College of Engineering who have demonstrated such outstanding performance and skill during their first year at The Ohio State University.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

**The Nadine Foster and Merrel Quentin Elder
Scholarship Fund**

The Nadine Foster and Merrel Quentin Elder Scholarship Fund was established June 1, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Mrs. Nadine Foster Elder (B.S.H.E. '45) of Warsaw, Ohio, in honor of her deceased husband, Merrel Quentin Elder (B.S.Agr. '32).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students in the College of Human Ecology who are majoring in Home Economics Education or to students enrolled in the College of Agriculture, including the School of Natural Resources. The recipients shall be selected on the basis of academic accomplishment and financial need and will be given to a student(s) in the Colleges of Human Ecology and Agriculture in alternating years. First preference shall be given to students from Coshocton County, Ohio. Second preference shall be given to students from Ohio. Scholarship recipients shall be selected by the appointees of the Deans of the Colleges of Agriculture and Human Ecology in consultation with the University Committee on Student Financial Aid.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Nadine Foster and Merrel Quentin Elder
Scholarship Fund (contd)

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

The M. S. Sofia Scholarship and Lecture
Memorial Fund In Arabic

The M.S. Sofia Scholarship and Lecture Memorial Fund in Arabic was established June 1, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Charles S. Kassab of Warren, Michigan.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Arabic program of the Department of Judaic and Near Eastern Languages and Literatures to fund: 1) scholarships for the benefit of potential and outstanding undergraduate and graduate students of Arabic to be chosen in consultation with the University Committee on Student Financial Aid; and 2) lectures by distinguished scholars for the development of greater understanding and awareness of Arabic culture.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

Approval of Description and Establishment of Fund

The Harold E. Burt Chair in Industrial Psychology Fund

The Harold E. Burt Chair in Industrial Psychology Fund was established June 1, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation which has established an endowed fund from Ruth and Frank Stanton.

June 1, 1990 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

Approval of Description and Establishment of Fund (contd)

The Harold E. Burt Chair in Industrial Psychology Fund (contd)

Income provided by the Foundation shall be added to the fund's principal until the minimum amount for funding an endowed chair (\$1,250,000) has been reached. At that time, the annual income shall be used to provide salary and program support for the work of a distinguished teacher and scholar in the Department of Industrial Psychology, College of Social and Behavioral Sciences. Appointment to the Harold E. Burt Chair will be recommended by the Dean of the College of Social and Behavioral Sciences to the Provost and approved by The Ohio State University Board of Trustees.

**Employment of Architects/Engineers and
Request for Construction Bids**

Background

Dreese Laboratory Addition

This project will construct a nine floor addition of approximately 90,000 gross square feet on the west side of Dreese Laboratory consisting to house the Department of Computer and Information Science (80% of space) and the Department of Electrical Engineering (20% of space).

Dreese Laboratory was originally planned to accommodate this addition including an elevator shaft and corridor connection locations on each floor. The addition will provide approximately 50,000 assignable square feet and house approximately 65 faculty members, 6 research scientists, 26 technical and professional staff, and 152 graduate students. The remainder of the space is to accommodate large scale instructional computer laboratories, smaller computer-based research laboratories, at least one "high-tech" computer classroom, a high voltage laboratory, one "clean room" laboratory, and related support spaces.

Funds for this project are available from House Bill 808. Construction costs for the project are estimated at \$15,500,000.00, and the total estimated project cost is \$20,449,000.00.

(See Appendix LXXV for map, page 1231.)

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 90-134

DREESE LABORATORY ADDITION

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architects/engineers and request construction bids for the Dreese Laboratory Addition project.

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS (contd)**

DREESE LABORATORY ADDITION (contd)

WHEREAS the Dreese Laboratory Addition project will construct a nine floor addition to house the Department of Computer and Information Science and the Department of Electrical Engineering; and

WHEREAS the total estimated cost of this project is \$20,449,000.00, with the estimated construction cost being \$15,500,000.00, and with funding provided from House Bill 808:

NOW THEREFORE

BE IT RESOLVED That the President and/or Acting Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project and that the fees for these services will be negotiated between the firm selected and the Department of Administrative Services, Division of Public Works; and

BE IT FURTHER RESOLVED That the President and/or Acting Vice President for Business and Administration be authorized to request construction bids on this project in accordance with established University procedures, and if satisfactory bids are received, to recommend the award of contracts to the Department of Administrative Services, Division of Public Works, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Resolution No. 90-135

**WINDOW REPLACEMENTS (PAGE HALL);
POSTLE HALL RENOVATIONS;
REGIONAL CAMPUS IMPROVEMENTS (NEWARK); AND
1960 KENNY ROAD RENOVATION**

Synopsis: The Fiscal Affairs Committee recommended the Report of Award of Contracts and the Establishment of Contingency Funds for the Window Replacements (Page Hall), Postle Hall Renovations, Regional Campus Improvements (Newark), and 1960 Kenny Road Renovation projects.

WHEREAS resolutions adopted by the Board of Trustees on July 11, 1986 and May 4, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the following projects: Postle Hall Renovations, Regional Campus Improvements (Newark), and Window Replacements (Page Hall); and

WHEREAS a resolution adopted by the Board of Trustees on and March 2, 1990, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to award contracts for the following project: 1960 Kenny Road Renovation:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by this Board and upon the recommendation of the Fiscal Affairs Committee, the Report of Award of Contracts and Establishment of Contingency Funds for the Window Replacements (Page Hall), Postle Hall Renovations, Regional Campus Improvements (Newark), and 1960 Kenny Road Renovation projects is hereby accepted.

Upon motion of Mr. Teaford, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

1990-91 BUDGET PRESENTATION

Mr. Ihrig:

Today I am presenting the final budget for the current biennium. This current funds budget is balanced with \$1,167,630,000 in resources to cover budgeted uses of \$1,165,760,000 in uses.

1990-91 BUDGET PRESENTATION (contd)

Mr. Ihrig: (contd)

The budget presented for your approval complies with the tuition and compensation guidelines presented by President Jennings to this Board in May. The budgeted total resources show an increase of \$86.4 million over the projected resources for 1989-90, an 8 percent increase. However, the Unrestricted General Funds, which are the basic funds that are in support of the colleges and the direct support, show an increase of only 6.3 percent. Of this category, the Institutional Subsidy for Columbus increases only 5.4 percent, from \$256.6 to \$270.5 million, while regional campuses increase 6.9 percent. The 12.4 percent increases in the Earnings Operations are due not to rate increases, but the opening of The Arthur G. James Cancer Hospital and Research Institute adding into the earnings activity for the University.

The 3.8 percent increase at OARDC is in accordance with their agreed upon plan to bring annual uses within available resources this biennium. So, that will be during 1990-91 and that adjustment will be fully accounted for there.

While 30.6 percent of total resources for this budget come from the State of Ohio, this is down 0.6 percent from the current year's 31.2 percent share. Student tuitions remain at the 16 percent level, while other resources increased from 52.8 to 53.3 percent.

The enrollments used in this budget are the targets that were presented to the Board in January of this year. So they are following the same enrollment targets we had previously set. It is interesting to note that the composite increase for both Ohio undergraduate and graduate students is 5.7 percent - due primarily to the low increases in room and board rates in the Residence Halls, 4.6 percent and 3.4 percent respectively. So, our dormitories have really done a significant job in holding down the cost again this year. This has not been a one year phenomenon. Dormitories have done this consistently over the last several years. Non-Ohio undergraduate and graduate students' composite increases are 8.3 and 8.4 percent respectively. That is part of our adjustment in the non-resident tuition making that difference.

We have provided you with about twenty years of the history of undergraduate tuition changes - in actual and as well as constant dollars. And it is interesting to note that since 1970, undergraduate tuitions at Ohio State have annually averaged only 0.56 percent over the CPI. Now even though the CPI isn't the basis for our costs for operating the University it is a concern to the students and people paying tuitions. So undergraduates have been within a half of a percent. The graduate and professional student tuitions, averaged from 2.3 percent to 3.8 percent per year over the CPI. So, we have traditionally held tuition down and in all categories we have made a serious effort as this demonstrates historically at Ohio State to hold the tuition down for our students.

Overall, the University's earnings units again held down their costs and rate increases. The weighted average rate increases from earnings units is 5.3 percent which when combined with the tuition changes for this year gives a total University weighted average increase of 6.1 percent. So, our earnings units have again followed and have cost containment within their areas and are keeping their costs down and their rates charged to the various people purchasing the services, either students or the general public. That includes University Hospitals, you should note.

1990-91 BUDGET PRESENTATION (contd)

Mr. Ihrig: (contd)

As noted in the budget resolution, this budget continues the cost containment and reallocation recurring commitments initiated during the 1987-89 biennium from both general fund and earnings areas. While these recurring central commitments continue, they are not being increased; however, each area of the University is challenged and required to identify another 1 percent in new cost reductions, but these are to be reallocated internally to meet their top priority need during 1990-91. In other words, this additional 1 percent, be it out of earnings units or the general funds units in colleges and the offices, are to be reallocated back to meeting their highest priority needs rather than being reallocated centrally. And that is the same procedure that we used this year.

We consider this budget which we are recommending for your approval to be a solid budget for 1990-91. But, it is also a tight budget for Ohio State as a result of the lower rate of increase in State support being provided this second year of the biennium. This year we had received 6.7 percent from the State, and this next year with this budget we are dropping to 5.4 percent increase. This situation will continue to challenge the University to find increasingly creative ways to utilize available resources.

I will be happy to try to respond to any questions you might have.

Background

1990-91 CURRENT FUNDS BUDGET

I. INTRODUCTION

This year, the budget for the next fiscal year, 1990-91, can be presented to this Board at its June meeting, which is consistent with normal University practices. Since the Ohio General Assembly enacted a biennial budget effective 1 July 1989, we know the rate of State support available. This enables the 1990-91 budget to be brought forward at this June meeting of the Board of Trustees.

Instructional Subsidy support from the State in this second year of the biennium represents an increase of 5.4 percent, significantly below what continues to be needed to support our goals of improved access and continued excellence. In addition, the State of Ohio has limited through legislation, the amount of income we may achieve through tuition. The combination of modest increases in state support and caps on tuition has placed severe limits on the resources available to this University.

Even though state support is not adequate to meet the needs of a prominent, comprehensive research university, this University cannot afford to let resource constraints reverse the momentum that has been established. Ohio State must continue to strive to enhance excellence by making maximum use of available resources.

This situation requires the establishment of clear priorities and continuing control of costs. The highest spending priorities for this budget are to maintain faculty and staff salaries at competitive levels and to add enough dollars to student financial aid to cover the recommended tuition increases and continue our efforts to improve the process by which this aid is awarded.

Background (contd)

1990-91 CURRENT FUNDS BUDGET (contd)

Although resources are limited, University aspirations should not be. This budget is designed to apply those resources in such a way as to continue to support and encourage the commitment of the faculty, staff and students to the highest standards of quality instruction, research and service.

II. SOURCE OF FUNDS

Current Funds Budget Resources proposed for 1990-91 total \$1,167.63 million as summarized by funding source in the Budgeted Resources table. This represents an increase in budgeted resources of 8.0 percent. Included in these resources is State support totaling \$357.40 million, which represents 30.6 percent of the total. Other major sources include student tuitions, \$182.33 million, 15.6 percent; Federal grants and contracts, \$115.59 million, 9.9 percent; and Hospital Sales and Services including the initial year of the Cancer Hospital Research Institute (CHRI), \$255.09 million, 21.8 percent.

The core instructional and general budgets of the University -- Unrestricted General Funds -- are budgeted to have resources of \$509.25 million, which amounts to 43.6 percent of total resources. Earnings operations, which include activities such as University Hospitals, CHRI, Residence Halls and Athletics are budgeted to bring in \$390.37 million, which accounts for 33.4 percent of total resources. The remaining 23.0 percent of resources is in the restricted fund group which includes sponsored research projects, most private gifts, and such State-funded line-item activities as the Ohio Cooperative Extension Service and the Ohio Agricultural Research and Development Center.

The recommended tuition rates for both residents and non-residents of the various colleges and schools are shown in the Student Fee Schedules. These tuitions are consistent with the recommendations brought before this Board at the May 1990 meeting. As a result of a continuing cap on resident undergraduate instructional fees of \$120 annually, the total increase in resident undergraduate instructional and general fees is only 7.0 percent. Resident instructional and general fees for graduate and professional are increasing 8.0 percent. In an effort to increase the proportionate share paid by non-resident students, the non-resident surcharge will increase 12.5 percent for students at all levels. With these increases, we expect Ohio State to maintain its competitive position and continue to be below the average within the Big Ten for most tuitions.

A major funding source for the University continues to be revenues from the sales and services of the earnings units. Continuing efforts to monitor and limit increases in all fees and charges of the University, the average increase in all University charges will be approximately 6.1 percent. The weighted average of the earnings operations in total has been held to approximately 5.3 percent, with Athletics proposing average rate increases of only 2.2 percent.

As in this current fiscal year, all general fund and earnings activities will be required to identify new internal cost savings reallocations totaling 1.0 percent of their total budgets. This new reallocated amount is to be used to fund highest priority needs within the areas as determined by the Deans and Vice Presidents. This budget also includes continuation of the recurring central cost containment/reallocation commitments from general fund and earnings areas which were defined in the 1987-88 and 1988-89 budgets, respectively.

Background (contd)

1990-91 CURRENT FUNDS BUDGET (contd)

III. USES OF FUNDS

As detailed in the Budgeted Uses schedule, and in the supporting documents, this University's planned expenditures from current funds total \$1,165.76 million. This level of recommended Current Funds expenditures will support the following budget planning guidelines:

- * Increase faculty and administrative and professional salaries 2.0 percent and provide 4.0 percent in salary funds for merit increases. Increase classified staff 5.0 percent and provide 1.0 percent for merit increases. A 0.5 percent pool will be made available on a competitive basis for equity, excellence, and market adjustments for all faculty and staff levels. Increase graduate stipends 2.5 percent in addition to the 6.5 percent they received effective last January for 1990-91. Future adjustments to graduate stipends will occur as of 1 July, the same time as for faculty and staff.
- * Fund compensation increases for negotiated wage settlements.
- * Fund no increase in continuing budgets for supplies, equipment, and general expense. However, one-time funds from a one month health premium holiday designated for September 1990, will be made available to the colleges and offices to fund their highest priorities.
- * Provide funding to maintain the purchasing power of University-funded student financial aid, plus cover new students who may qualify with the increases in tuition.
- * Provide resources to meet mandatory cost increases, such as utilities, employee benefits and graduate fee authorizations.
- * Provide a \$2.0 million pool of continuing resources plus \$4.0 million in cash to fund special needs of the University such as the University's new General Education Curriculum.

In addition, the State of Ohio will provide \$4.9 million in Research Challenge funds in 1990-91. Also the 1990-92 State Capital Improvements bill is expected to provide approximately \$9.5 million for acquisition of instructional and computer equipment.

This balanced budget for 1990-91 is being presented for the Board of Trustees approval.

1990-91 CURRENT FUNDS BUDGET

Resolution No. 90-136

Synopsis: The Fiscal Affairs Committee recommended the budget for fiscal year 1990-91.

WHEREAS the levels of State support have been established for the second year of the 1989-91 biennium; and

WHEREAS appropriate planning and consultation within the University has been accomplished; and

June 1, 1990 meeting, Board of Trustees

1990-91 CURRENT FUNDS BUDGET (contd)

WHEREAS the President is now prepared to present the 1990-91 budget:

NOW THEREFORE

BE IT RESOLVED, That the University Current Funds Budget for fiscal year 1990-91, as described in the accompanying text and tables, be approved, with authorization for the President to make expenditures within the projected income levels; and

BE IT FURTHER RESOLVED, That student fees be increased for all students beginning Autumn Quarter 1990, as specified in the Schedule of Student Fees incorporated in this resolution; and

BE IT FURTHER RESOLVED, That the Secretary be instructed to incorporate all supporting documents into the minutes of the meeting, including faculty tenure approvals and salary rolls with promotions, and authorization to purchase retirement credit for Thomas L. Tobin, and to file these materials with the official records of this University.

Upon motion of Mr. Teafor, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix LXXVII for the charts on The Ohio State University 1990-91 Current Funds Budget, page 1243.)

WEXNER CENTER FOUNDATION

Resolution No. 90-137

WHEREAS it has been determined that there is a need to form a non-profit foundation under the Ohio Non-Profit Corporation Law to advance the interests of the Wexner Center for the Visual Arts at The Ohio State University, its students, faculty, staff and alumni constituents and its supporting community at large; and

WHEREAS this Foundation is to be organized and shall be operated exclusively for educational, charitable or artistic purposes by conducting and supporting activities which benefit, or carry out the mission of the Wexner Center; and

WHEREAS in order to facilitate the general mission of the Foundation, the purposes to be served by the Foundation shall include but not be limited to the following:

- (a) To seek and obtain funds in any form to be administered for the benefit of or to carry out the purposes of the Wexner Center;
- (b) To make distributions in accordance with the terms, if any, of gifts, bequests or devises that are not inconsistent with the purposes of the Wexner Center, the Foundation or the University;
- (c) To make distributions in accordance with determinations made by the Board of Director of the Foundation pursuant to their authority as set forth in the Articles of Incorporation;

WEXNER CENTER FOUNDATION (contd)

- (d) To conduct or support programs or projects acceptable to the Wexner Center which augment the facilities of or otherwise assist the Wexner Center in the advancement of its artistic, educational, research and service goals;

NOW THEREFORE

BE IT RESOLVED, That pursuant to the general authority vested in the Board of Trustees by law, The Ohio State University hereby approves the establishment of the Wexner Center Foundation under the laws of Ohio and approves such a relationship between the University and the Wexner Center Foundation which can qualify such Foundation under 509 (a) (3) of the United States Internal Revenue Code by reason of the University being a benefited organization; and

BE IT FURTHER RESOLVED, That The Ohio State University gives its consent to the Wexner Center Foundation to use the name, The Wexner Center Foundation; and

BE IT FURTHER RESOLVED, That the President of the University is authorized to execute such documents that are necessary to carry out the establishment of The Wexner Center Foundation and to provide such assistance to the Foundation as he deems necessary or desirable to carry out effectively the responsibilities and purposes of the University.

Upon motion of Mr. Teaford, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Thereupon the Board adjourned to meet Thursday, July 5 and Friday, July 6, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

Shirley D. Bowser
Chairperson

MEMORANDUM

Subject: Proxy Solicitations

Date: May 31, 1990

From: James L. Nichols, Treasurer *James L. Nichols*

To: Board of Trustees, The Ohio State University

During the month of May 1990, the University voted thirty-eight proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Amendment to increase the number of shares of authorized common stock;
- 3) Ratification of the independent auditors;
- 4) Approval of a series of six amendments to the 1987 Stock Option Plan;
- 5) Approval of a series of three amendments to the Employee Qualified Stock Purchase Plan;
- 6) Adoption of a stock option plan for certain key employees;
- 7) Approval of the Stock Savings Plan;
- 8) Amendment to the Stock Option Plan extending the period during which options may be exercised;
- 9) Ratification of an amended and restated Stock Ownership Option Plan;
- 10) Approve modifications to the Stock Distribution Plan for Pilots and Flight Engineers;
- 11) Approval of an Employee Stock Incentive Plan;
- 12) Approval of an amendment to the Equity Participation Plan;
- 13) Amendment to increase the number of shares of common stock for the Stock Option Plan;
- 14) Approval to increase the number of options in the Stock Option Plan;
- 15) Amendment to the Employee Stock Option Plan to increase the term and allow for continued vesting following retirement;
- 16) Amendment allowing for shares of common stock to be reserved for issuance to the Employee Stock Option Plan;

The shareholder proposals were as follows:

- 1) Invoke annual election of all directors;
- 2) Provide for cumulative voting;

- 3) Implement secret ballot voting by shareholders and tabulation by a third party;
- 4) Adoption of a shareholder rights plan;
- 5) Require the Company to furnish a list of ranking employees who had previous government service;
- 6) Provide for dividend reinvestment plan for shareholders.

The University voted for all Management proposals and against all shareholder proposals. Additionally, Management opposed all shareholder proposals.

The thirty-eight corporations were:

- 1) Albertson's, Incorporated
- 2) American Stores Company
- 3) The Andersons Management Corporation
- 4) Autodesk, Incorporated
- 5) Bally Manufacturing Corporation
- 6) Berlitz International Incorporated
- 7) Beverly Enterprises, Incorporated
- 8) Brown Group, Incorporated
- 9) Circus Circus Enterprises, Incorporated
- 10) Dayton Hudson Corporation
- 11) Dillard Department Stores, Incorporated
- 12) Edison Brothers Stores, Incorporated
- 13) Ethyl Corporation
- 14) First Alabama Bancshares, Incorporated
- 15) The Gap, Incorporated
- 16) Genesco Incorporated
- 17) Geraghty and Miller, Incorporated
- 18) The Home Depot, Incorporated
- 19) J.C. Penney Company, Incorporated
- 20) The Limited, Incorporated
- 21) Lin Broadcasting Corporation
- 22) Liz Claiborne, Incorporated
- 23) Longs Drug Stores Corporation
- 24) Lowe's Companies, Incorporated
- 25) Marriott Corporation
- 26) The May Department Stores Company
- 27) McDonald's Corporation
- 28) Mylan Laboratories Incorporated
- 29) Pan Am Corporation
- 30) Pic 'N' Save Corporation
- 31) Savannah Foods & Industries, Incorporated

- 32) Storage Technology Corporation
- 33) Super Valu Stores, Incorporated
- 34) Tonka Corporation
- 35) Toys "R" Us, Incorporated
- 36) U.S. Healthcare, Incorporated
- 37) Wal-Mart Stores, Incorporated
- 38) Woolworth Corporation

APPENDIX LXXIV

BACHELOR OF SCIENCE IN AGRICULTURE AND
BACHELOR OF SCIENCE IN NATURAL RESOURCES

Presented to the Agricultural Affairs Committee
June 1, 1990
(See page 1180)

**Agricultural Affairs Committee
Board of Trustees
June 1, 1990**

**Bachelor of Science in Agriculture
and Bachelor of Science in Natural Resources**

**ATTRIBUTES OF A PERSON HAVING EARNED A B.Sc. IN
AGRICULTURE OR IN NATURAL RESOURCES**

1. An understanding of the biological science, physical science, social science, and technology bases related to food, agriculture, and the environment.
2. An understanding of the interactions of culture, natural and human resources, technology and public policy in the historical development and evolution of agricultural systems worldwide.
3. An ability to make ethical judgments about critical issues and to prepare for and accept change.
4. An ability to identify and solve problems, communicate solutions, and provide leadership in implementation.

**OBJECTIVES OF THE B.Sc. IN AGRICULTURE AND B.Sc. IN NATURAL
RESOURCES CURRICULA**

The objectives of the curricula are to:

1. Demonstrate breadth and depth in the principles appropriate to and expected for a career in a specialized area.
2. Ensure breadth, with coherency, that complements the objectives of the student.
3. Provide an opportunity to explore areas of interest within or apart from agriculture and natural resources.
4. Enhance academic success.

The faculty will develop a supplemental set of objectives for each major. Objectives for the major should include understandings of the principles appropriate to and expected for career effectiveness. The concepts of lifelong learning is integral to career effectiveness.

REQUIREMENTS FOR THE B.Sc. IN AGRICULTURE

	<u>Credits</u>
Foundations	
Reading, Writing, Oral Expression, and Critical Analysis	
Two writing courses	10
A third writing course counted in the major	0
Oral expression	5
Quantitative and Logical Skills	
College algebra or elements of algebra	4
Data analysis	5
Social Diversity	0
Natural Science	
First course in a two course chemistry sequence	5
First course in a two course biology sequence	5
First course in a two course physics sequence	5
Second course in a chemistry, biology or physics sequence	5
Calculus or one additional course in a natural science	4-5
Social Science	
Three courses: Structured selection	15
Arts and Humanities	
Two courses: Two-quarter historical survey	10
Three courses: Structured selection	15
International Experience	
One or two courses	5-10
Capstone Experience	
Issues of the Contemporary World	5
Major	
Professional Support (minimum 10 hours)	50-60
Study in Depth (minimum 25 hours)	
Minor	
	20-25
Electives

**School Of Natural Resources
Undergraduate Education Requirements**

University General Education Courses (GEC) and
Natural Resources Education Requirements (NRER)

I. Foundations	<u>Hours</u>
A. UVC 100.28	1
B. Writing and Related Skills	(GEC) (15)
1. English Composition (English 110)	5
2. Environment: the American Experience Natural Resources 267 <u>or</u> other University approved second writing course	5
3. Communicating Environmental and Natural Resources Information (Natural Resources 567)	5
B. Quantitative and Logical Skills	(GEC) (15)
1. Mathematics 150, 151	10
2. Natural Resources Data Analysis (Natural Resources 222)	5
3. Computer Applications in Natural Resources Management (Natural Resources 341)	(NRER) 5
C. Foreign Language (Effective Au 91)	(GEC) (20)
1. Foreign Language 101, 102, 103	
2. Foreign Language 104 or 5 credits in approved area studies or study abroad program	
II. Natural Science	(GEC) (25)
A. Biological Sciences (Biology 113/114)	10
B. Chemistry (Chemistry 121-122)	10
C. Introductory Geology (Geology 121) or Introductory Agronomy (Agronomy 240)	5
D. Zoology 313	(NRER) 5

III.	Social Sciences Social Diversity (select course from university-approved list; hours will be counted elsewhere)	(GEC)	(15)
A.	University Offering on Individuals and Groups		5
B.	Natural Resources Policy and Practice (Natural Resources 400)*		5
C.	Economics 200		5
IV.	Arts And Humanities	(GEC)	(25)
A.	Two Course Chronological Overview		10
B.	Three course Structured Selections, including one literature and one visual and/or performing arts course.		15
V.	Natural Resources Core	(NRER)	(11)
A.	Natural Resources 101 (201)		3
B.	Ecosystem Management:		
	1. Natural Resources Management (Natural Resources 200)		2
	Select two from among		
	2. Silviculture (Forestry 321)		3
	3. Wildlife Management (Natural Resources 321)		3
	4. Recreation Management (Natural Resources 340)		3
	5. Aquatic Management (proposed Natural Resources 355)		3
	6. Range Management (proposed Natural Resources 325)		3
	7. Fisheries Management (proposed Natural Resources 3aa)		3
VI.	Integrated Natural Resources Management (modified Natural Resources 606, capstone)	(NRER)	(5)
VII.	University Capstone Contemporary Issue of Natural Resources Management (Proposed Natural Resources 6AA) or other University approved Capstone course*	(GEC)	(5)

VIII. Major Specialization

(38)

	Total Total	GEC hours 110-120 NRER hours 33
IX. Summary		
A. UVC		1 hr
B. General Education Requirements		100 hrs.
C. School of Natural Resources Requirements		26 hrs.
D. Major Specialization		38 hrs.
E. Free Electives		<u>21 hrs.</u>
	TOTAL HOURS	196 hrs.

SCUCR Approved March 1, 1990

VIII. ENVIRONMENTAL SCIENCE Major

A.	Water Option	(26-28)
1.	Natural Resources 618: Environmental Pollution or Civil Engineering 618, ME 618, Zoology 618	5
2.	Natural Resources 601: Environmental Impact Analysis	4
3.	Microbiology 521: General Microbiology	5
4.	Agricultural Mech 570: Agricultural and Forest Hydrology or Geology 204: Water Resources	3-5
5.	Zoology 655: Limnology	5
6.	Civil Engineering 610: Analysis of Natural and Polluted Waters	4
7.	Electives	8-10
B.	Air Option	(19)
1.	Natural Resources 618: Environmental Pollution Abatement or Civil Engineering 618, ME 618, Zoology 618	5
2.	Natural Resources 601: Environmental Impact Analysis	4
3.	Physics 503: General Meteorology	5
4.	Geography 520: Climatology	5
5.	Electives	17
C.	Landscape Option	(24)
1.	Natural Resources 618: Environmental Pollution Abatement or Civil Engineering 618; ME 618; Zoology 618	5
2.	Natural Resources 601: Environmental Impact Analysis	4
3.	Natural Resources 324: Forest Photointerpretation	3
4.	Natural Resources 797: Remote Sensing	2
5.	Geography 280: Map Reading and Interpretation	5
6.	Botany 620: Community Ecology and Ecosystems	5
7.	Electives	12

AUTHORIZATION

Under State law, provision is made for supplementing a person's retirement benefits by the purchase of prior years of other public and/or military service.

The purchase of 3 years of service by the University is consistent with the terms stipulated in the original letter of offer and subsequent appointment of Vice President Thomas L. Tobin.

Vice President Thomas L. Tobin qualifies under this law for the purchase of additional years of such credit from Public Employees Retirement System of Ohio, accordingly.

Effective September 1, 1990, the Secretary of the Board of Trustees is authorized to implement the purchase of such prior service credit (not to exceed a total of three (3) years) provided in Section 145 of the Ohio Revised Code in the Public Employees Retirement System of Ohio on behalf of Thomas L. Tobin and that the cost of service should be paid from unrestricted monies received by the University pursuant to Section 3345.16 of the Ohio Revised Code.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND SIXTY-THIRD MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 26, 1990

Pursuant to paragraph (B) of bylaw 3335-1-01 of The Administrative Code of The Ohio State University, the Board met upon the call of the Chairperson, Shirley D. Bowser, in a special meeting on Tuesday, June 26, 1990, at 8:00 p.m., at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

**

**

**

June 26, 1990 meeting, Board of Trustees

The Chairperson, Mrs. Bowser, called a special meeting of the Board of Trustees to order on June 26, 1990, at 8:05 a.m. She requested the Secretary to call the roll.

Present: Shirley D. Bowser, Chairperson, Hamilton J. Teaford, John J. Barone, John W. Kessler, Milton A. Wolf, Alex Shumate, Theodore S. Celeste, Sophia L. Paige, and David A. Tonnies.

--0--

INTRODUCTION OF THEODORE S. CELESTE

Mrs. Bowser:

I would like to take a moment to introduce our newest Trustee, Theodore S. Celeste. Mr. Celeste was appointed June 19, 1990, to succeed John W. Berry.

Mr. Celeste is founder, chairman, and president of Advanced Interactive Video, Inc., an electronic marketing and promotions company. He is also president of Celeste & Santer, Inc., a residential real estate brokerage firm located in Grandview Heights.

He brings to this Board a broad and well-rounded background in community involvement and state government, and we welcome you, Ted, and look forward to working with you.

--0--

The meeting recessed into Executive Session for the purpose of considering legal issues and the appointment of a president for The Ohio State University.

Upon motion of Mr. Teaford, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing motion by unanimous roll call vote.

--0--

Mrs. Bowser reconvened the meeting at 8:35 p.m.

Present: Shirley D. Bowser, Chairperson, Hamilton J. Teaford, John J. Barone, John W. Kessler, Milton A. Wolf, Alex Shumate, Theodore S. Celeste, Sophia L. Paige, and David A. Tonnies.

--0--

Mrs. Bowser:

I would now like to ask Mr. Kessler, Chair of the Educational Affairs Committee and Chair of the Presidential Search Committee to report on the status of the Search Committee process.

Mr. Kessler:

Thank you, Madam Chairperson. Ladies and Gentlemen, distinguished members of the faculty, students, staff, and fellow members of the Board of Trustees of this great University, in January a Presidential Search Committee composed of faculty members, students, staff, and Trustees set forth on an exhausting and far reaching search for the person best qualified to lead The Ohio State University in continued greatness in the challenging years ahead. It is my privilege as Chairman of this

Mr. Kessler: (contd)

Selection Committee to recognize, in the minutes of this meeting and in the records of this great University, the commitment to excellence of all who served in this process. They offered greatly of themselves, going beyond reasonable demands of their time and patience to produce the excellent and inspired recommendation we present here today.

The Committee considered approximately 150 outstanding leaders for the presidency including a number of women and minority candidates who were finalists. The candidates included the sitting presidents of many of the finest institutions of the land. In interviews with these esteemed leaders, it became apparent that the job of serving as the President of The Ohio State University would have represented the pinnacle of their career achievements. That fact only served to increase our pride in Ohio State.

In choosing a new President the Committee was deeply impressed by the energy, dedication, and vision of the man I nominate tonight, E. Gordon Gee, E.D. Through a thorough review process, we have concluded that he is uniquely qualified to lead this great University to new horizons in excellence in the coming years. Dr. Gee served as President of West Virginia University from 1981-1985. Since 1985 he has served as President of the University of Colorado. The holder of a law degree and doctorate in education from Columbia University, Dr. Gee has also served as a law school dean and professor. Throughout his career Dr. Gee has shown himself to be a man with a strong vision of the role of public institutions of higher learning. Equally important, he has proven himself as an energetic and an effective advocate of excellence both inside and outside the universities he has served. In doing so, Dr. Gee has earned the respect and admiration of the private and public sectors as well as the students, faculty, and staff. Dr. Gee will be a dynamic and effective leader for one of Ohio's most important resources, The Ohio State University.

Madam Chairperson, Members of the Board, it is my honor to place before you a motion to accept Dr. E. Gordon Gee as our next President.

In accordance with Section 3335.09 of the Ohio Revised Code, I move the appointment of Dr. E. Gordon Gee to the Presidency of The Ohio State University effective September 1, 1990, at the annual salary of \$155,000.00 and with all allowances, rights, privileges, perquisites, duties and responsibilities of the office and subject to such other arrangements and adjustments which may be mutually agreed upon.

I further move that the Chairperson of the Board of Trustees be authorized to negotiate with Dr. Gee to formalize his relationship with The Ohio State University and, in so doing, to enter into any contractual relationship which she may deem necessary and appropriate consistent with this motion.

Mrs. Bowser:

We have a motion on the table to appoint Dr. E. Gordon Gee as the eleventh President of The Ohio State University.

Mrs. Bowser: (contd)

I would like to make a comment myself. As Chair of the Board of Trustees, I am pleased to support the nomination of Dr. Gee. Dr. Gee's credentials are unsurpassed and his energy, ability to relate to people inside and outside the University, and his understanding of our interests at The Ohio State University truly set him above all other distinguished candidates.

Dr. Gee's list of accomplishments is a long one, having served five years at the University of Colorado and previously as President of West Virginia University. He is educated in law, with a doctorate in education, in addition to serving as a Law School Dean and Professor. He has served as a Judicial Fellow and a Senior Staff Assistant to the Chief Justice of the United States Supreme Court. Yet there is much more to Dr. Gee than an impressive list of achievements. There is an electricity about this man which is truly inspiring. He is an excellent and perceptive listener. He is also a determined and strong leader with a vision of the possibilities of this great University. He will be an outstanding addition to the Columbus and Ohio communities.

I also want to applaud the Search Committee of students, faculty, staff, and Trustees for their outstanding job in finding and recommending Dr. Gee. It has been a six-month process in which all members participated. I especially want to thank fellow trustees, Joel Teaford and Alex Shumate, and our Chairman, Jack Kessler. Locating a president capable of leading a major university is a difficult task. The Selection Committee's deep commitment to the quality and integrity of the selection process was essential to attracting to the University a President of Dr. Gee's quality and attainment. We are in their debt. A great many of them are in the audience tonight and I would like them to stand and receive our applause and thanks.

I reiterate my strongest endorsement of Dr. Gee to serve as the next President of The Ohio State University. He is uniquely qualified to build upon the strong foundation laid by Edward Jennings and his predecessors. Under his leadership, the University will be able to leap ahead into a future brilliant with promise. Together, we will soar! Thank you.

Are there any other Trustees who would like to make a comment?

Mr. Shumate:

Just to echo the sentiments expressed by both our outstanding Chairperson, Jack Kessler, and Chair of the Board, Shirley Bowser, we indeed have an excellent candidate. I was extremely impressed with the total pool of candidates who were interested in pursuing the presidency of this great University. Again, I think it bespeaks of the strength of this University. I firmly believe that we will move forward, being one of the finest public land-grant institutions in the country under Dr. Gee's leadership.

Mrs. Bowser:

Thank you, Alex. Joel, surely you have something to say.

June 26, 1990 meeting, Board of Trustees

Mr. Teaford:

I want to particularly call attention to Jack Kessler's leadership of this Committee. We set a task of getting it done on time and everyone scoffed at that possibility, and we sit here today, in fact, early. That is because Jack kept our noses to the grindstone. His leadership made this possible and it is one of the reasons we have such a fine candidate. I also want to tip my hat to the Committee. We have had an extraordinarily good time with this Committee, and it has been a great learning experience for all of the Trustees. I think the Trustees who served on that Committee now know an awful lot about the University because we've been well educated by our fellow Committee Members.

Mrs. Bowser:

Thank you, Joel. Are there any other comments? If not, we have a motion on the table, may I have a second?

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

I would like to read a statement before we adjourn the meeting. Although Ms. Casto, because she is currently traveling in China, was unable to be present for this meeting tonight, she has asked that she be recorded as supporting the motion presented. On the basis of this, and on the basis of the fact that Mr. Wexner is not with us tonight and he, too, has indicated his support, I would like the records to reflect that Dr. E. Gordon Gee was elected unanimously by the Board to be the eleventh President of The Ohio State University and to duly note this action in the minutes.

Mr. Kessler:

I bet if the Legislature would change the rules and let the students vote, they would vote in favor, too.

Mrs. Bowser:

We will have a press briefing in the Alumni Lounge following the adjournment of this meeting. There will be a short delay, but it won't be very long. And, we hope to present to you Dr. Gee and his family.

--0--

Thereupon the Board adjourned to meet Friday, July 6, 1990, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

Shirley D. Bowser
Chairperson
