THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The Rita C. and Oscar L. Thomas, Sr. Fund

The Rita C. and Oscar L. Thomas, Sr. Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from and in honor of Oscar L. Thomas, Sr., (B.A. '26) of Columbus, Ohio.

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds

The Rita C. and Oscar L. Thomas, Sr. Fund (contd)

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used for support of the College of Business, to expand and support the library of the College of Business, and for such other purposes as shall be determined by the Dean of the College of Business.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

**The Lloyd G. and Virginia Sharp Memorial
Scholarship Fund for Carroll County**

The Lloyd G. and Virginia Sharp Memorial Scholarship Fund for Carroll County was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Lloyd G. and Virginia Sharp of Carrollton, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income from this fund shall be used to provide one or more scholarships to students from Carroll County who are entering freshmen or currently enrolled students in either The Ohio State University College of Agriculture at Columbus, or the Agricultural Technical Institute at Wooster. Criteria for selection shall include outstanding scholastic achievement and demonstrated leadership potential through participation in extra-curricular activities. Preference will be given to those students with financial need. Selection will be made by the University Committee on Student Financial Aid in consultation with the Dean of the College of Agriculture.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

**The Woody and Anne Hayes 1968 National Championship
Athletic Scholarship Fund**

The Woody and Anne Hayes 1968 National Championship Athletic Scholarship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Woody and Anne Hayes 1968 National Championship Athletic Scholarship Fund (contd)

Ohio State University Development Fund from members of The Ohio State University's 1968 National Championship Football Team and their families.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide or supplement educational costs toward a degree at The Ohio State University for former varsity football players and coaches and their spouses and first and second generation children. Any annual income not expended for educational needs may be used at the discretion of the Director of Athletics to enhance the varsity football program. Recipients of educational scholarship assistance from this endowment will be selected and approved by the Director of Athletics in cooperation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with preference being given to recommendations from the senior administrative official of the University who has direct responsibility for the intercollegiate varsity athletic program at The Ohio State University in order to carry out the desire of the donors.

The Sue Ann Dowell Schott Agricultural Fund

The Sue Ann Dowell Schott Agricultural Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Dr. Glen C. Dowell (B.A. '46, M.D. '49) and Mrs. Jo Ann Dowell (B.S. '50) in honor of their daughter, Sue Ann Dowell Schott (B.A. '82).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Annual income shall be used to fund graduate fellowships, sponsor seminars or provide support for programs and activities that will assist the College of Agriculture in helping farmers enhance their profitability and increase their income. The income from this fund may be used to support a center or endowed chair consistent with these purposes, that may be established by this donor or others at a later date. All expenditures shall be approved by the Dean of the College of Agriculture.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Ohio State University Marion Campus Founders Scholarship Endowment Fund

The Ohio State University Marion Campus Founders Scholarship Endowment Fund was established April 7, 1989, in accordance with the guidelines approved by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund for the benefit of The Ohio State University at Marion from the founders of the Marion Campus and the current trustees of the Marion Area College Foundation, Inc., Edwin L. Mitchell (B.A. '34, J.D. '37), Ralph W. Howard (J.D. '48), Robert S. Brown (M.A. '48, Ph.D. '54), Thomas Wagner (D.D.S '55), Joseph W. Galloway, Jr. (B.S.Bus.Adm. '48), A. O. Gross (M.A. '47) and James Burris (B.Arch. '51), representing donors who oversubscribed the campus acquisition campaign in 1965.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

Fifteen percent (15%) of the annual income distributed shall be added to the fund's principal. The remaining eighty-five percent (85%) shall be used for one or more scholarships to deserving students of merit who are attending The Ohio State University at Marion. Scholarship recipients shall be selected by The Ohio State University at Marion Scholarship Committee in consultation with the Dean of The Ohio State University at Marion and the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit The Ohio State University at Marion in perpetuity. If the need for this fund or the allocation of income provided for above should cease to exist or so diminish as to provide unused income, then another use or allocation shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Virginia A. Arnold Scholarship Fund in Elementary Education

The Virginia A. Arnold Scholarship Fund in Elementary Education was established April 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Dr. Virginia Arnold, (M.A. '65, Ph.D. '72) of Richmond, Virginia.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships to students enrolled in a program leading to teaching certification in early and middle childhood education. Selection of the recipients shall be based on high scholastic achievement and economic need and shall be made by the Dean of the College of Education or his designee in consultation with the University Committee on Student Financial Aid.

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

**The Virginia A. Arnold Scholarship Fund
in Elementary Education (contd)**

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer who is responsible for early and middle childhood education in order to carry out the desire of the donor.

The Dr. Henry J. Detmers Fund in Veterinary Medicine

The Dr. Henry J. Detmers Fund in Veterinary Medicine was established April 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from great-granddaughters of Dr. Henry J. Detmers, in recognition of his service as the first and sole Chief of the School of Veterinary Medicine during the ten years preceding the establishment of the College of Veterinary Medicine in 1895.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used at the discretion of the Dean to support student needs, innovative teaching and curricular development, research to alleviate animal suffering, needed equipment, and other priorities deemed important to maintain and enhance the standing of the College.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors, with preference being given to recommendations of the Dean of the College of Veterinary Medicine.

Change in Name and Description of Named Fund

**The Robert E. Oscar Scholarship Fund
in International Business**

The Robert E. Oscar Professorship in International Business Fund was established February 5, 1982. The name and description were changed April 7, 1989, to The Robert E. Oscar Scholarship Fund in International Business, by the Board of Trustees of The Ohio State University with the balance of the Robert E. Oscar Professorship in International Business Fund, and derived from a bequest to The Ohio State University Development Fund from Robert E. Oscar (B.S.Bus.Adm. '38) of Chicago, Illinois, and by gifts from Mr. and Mrs. Leonard S. Milazzo of Bentleyville, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Name and Description of Named Fund (contd)

**The Robert E. Oscar Scholarship Fund
in International Business (contd)**

The annual income is to be used to provide scholarships for students who are majoring in international business and who have demonstrated academic ability and need for financial assistance. The selection of the recipient is to be made upon the recommendation of the University Committee on Student Financial Aid in cooperation with the Dean of the College of Business.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Change in Description of Named Fund

The Sphinx Endowment Fund

The Sphinx Endowment Fund was established November 5, 1982, with gifts from members and friends of the Sphinx Senior Class Honor Society. The description was revised December 14, 1984, and was further revised April 7, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income may be used to provide funds for any or all of the following:

- (1) Scholarships to one or more of the current class of active Sphinx members who are entering or in their senior year of undergraduate study;
- (2) the continued maintenance of current and the addition of new class plaques to the Sphinx Plaza;
- (3) the costs of communications with Sphinx members for gift support and reunion activities; and
- (4) the support of current active chapter activities.

To the extent annual income is not adequate, principal may be used for the same purposes for which income may be used. Principal may also be used for the further development of the site and structures in and adjacent to the Sphinx Plaza and for the upkeep and maintenance of such further developments. At the end of each of the University's fiscal years, any unallocated income balance shall be transferred to the principal account. All expenditures of income and principal shall be approved in advance by the affirmative vote of a majority of the members of the Sphinx Alumni Council which shall be made up of the current active chapter Sphinx President, the Sphinx

The Sphinx Endowment Fund (contd)

faculty advisor, the Director of Alumni Affairs, and three Sphinx alumni members appointed by The Ohio State University Alumni Association Board of Directors.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees of The Ohio State University.

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - February 1989

Federal Research Contracts/Grants

\$400,000.00 - Department of Education, Washington, D.C., Rehabilitation Engineering Center for the Quantification of Human Performance, Department of Surgery (S. R. Simon), Department of Preventive Medicine (W. S. Pease), Department of Industrial and Systems Engineering (P. J. Smith and W. S. Marras), and Department of Electrical Engineering (H. N. Hemami), 1 February 1989 through 31 January 1990. (Project 766622 - Continuation)

\$360,000.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Educational Resources Information Center (ERIC) Clearinghouse on Adult, Career, and Vocational Education, Center on Education and Training for Employment (R. D. Ryan), 1 January 1989 through 31 December 1989. (Project 766522 - Continuation)

\$314,320.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Operation of an Educational Resources Information Center (ERIC) Clearinghouse on Science, Mathematics, and Education, Educational Studies: Humanities, Science, Technological and Vocational (R. W. Howe), 1 January 1989 through 31 December 1989. (Project 766518 - Continuation)

\$189,600.00 - Department of Agriculture, Science and Education, Washington, D.C., The Organization and Performance of World Food Systems, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (D. R. Henderson), 1 January 1989 through 31 December 1989. (Project 767311 - New)

\$149,228.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Constitutive Parameter Measurements of Lossy Materials, ElectroScience Laboratory, Department of Electrical Engineering (A. K. Dominek), 1 February 1989 through 31 January 1990. (Project 767291 New)

\$148,938.00 - Department of Health and Human Services, Public Health Service, Health Resources and Services Administration, Rockville, Maryland, The Ohio State University Advanced Nurse Training Grant, Department of Family and Community Nursing (E. M. Menke), 1 March 1989 through 28 February 1990. (Project 764615 - Continuation)

\$135,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, An Experimental Research Program on the Supersonic Throughflow Turbopan,

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

Department of Aeronautical and Astronautical Engineering (J. D. Lee and M. B. Bragg), 20 February 1989 through 19 February 1990. (Project 767282 - New)

\$126,983.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, Mechanistic Studies of Xanthine Oxidase, Department of Physiological Chemistry (C. R. Hille), 1 April 1989 through 31 March 1990. (Project 766661 - Continuation)

\$126,084.00 - Department of Agriculture, Science and Education, Washington, D.C., New Uses for Agricultural Products, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (D. R. Henderson, N. Rask and C. R. Zulauf), 1 September 1988 through 31 August 1989. (Project 767320 - New)

\$125,620.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, Cellular Mechanisms of Human Immunosenescence, Department of Internal Medicine (R. Whisler), 1 March 1989 through 28 February 1990. (Project 763761 - Continuation)

\$123,776.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, Site Specific Modification of Human Cellular DNA, Department of Physiological Chemistry and Comprehensive Cancer Center (G. E. Milo), 31 January 1989 through 30 January 1990. (Project 765728 - Continuation)

\$120,121.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Support of Defects Investigations, Department of Mechanical Engineering (D. A. Guenther), 16 November 1988 through 15 November 1989. (Project 765180 - Continuation)

\$119,350.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, A 60 Kilodalton Oncofetal Protein Associated with Carcinogenesis, Department of Physiological Chemistry (T. E. Webb), 1 February 1989 through 31 January 1990. (Project 765588 - Continuation)

\$115,859.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Generic Tasks for Knowledge-Based Problem Solving: Extensions and New Directions, Department of Computer and Information Science (B. Chandrasekaran), 19 December 1988 through 18 December 1989. (Project 767305 - New)

\$114,200.00 - National Science Foundation, Washington, D.C., Mechanisms of Polycrystalline Strain Propagation: Controlled Orientations and Applied Stress Fields, Department of Materials Science and Engineering (W. A. T. Clark and R. H. Wagoner), 1 January 1989 through 31 December 1989. (Project 765832 - Continuation)

\$111,800.00 - National Science Foundation, Washington, D.C., Studies Involving Molecules and Intermediates of Theoretical Interest, Department of Chemistry (L. A. Paquette), 1 September 1989 through 31 August 1990. (Project 766349 - Continuation)

\$110,000.00 - National Science Foundation, Washington, D.C., Biochemistry and Molecular Biology of Polymeric Defense Barriers in Plants, Biotechnology Program (P. E. Kolattukudy), 1 March 1989 through 28 February 1990. (Project 767325 - New)

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$100,000.00 - National Science Foundation, Washington, D.C., Numerical Competence in the Chimpanzee (Pan troglodytes), Department of Psychology (G. G. Berntson and S. T. Boysen), 15 February 1989 through 31 July 1990. (Project 767219 - New)

\$81,634.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, Energetics of Contraction in Single Muscle Cells, Department of Physiology (J. A. Rall), 1 April 1989 through 31 March 1990. (Project 760993 - Continuation)

\$80,372.00 - National Science Foundation, Washington, D.C., Raman and Spatially Resolved Spectroelectrochemistry, Department of Chemistry (R. L. McCreery), 15 February 1989 through 31 January 1990. (Project 767290 - Continuation)

\$80,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Exploratory Research on the Protection of Carbon-Carbon Composites Against Oxidation at Very High Temperatures (<3000°F) with Engel-Brewer and Other Intermetallic Compounds, Department of Materials Science and Engineering (G. R. St. Pierre), 16 January 1989 through 15 January 1990. (Project 767322 - Continuation)

\$80,000.00 - National Science Foundation, Washington, D.C., Effects of Ethylene on Nodule Development and Cloning of the Rhizobitoxine Genes, Biotechnology Program and Department of Agronomy (N. K. Peters), 15 March 1989 through 28 February 1990. (Project 767324 - New)

\$79,930.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, The Gustatory System: Cellular and Synaptic Organization, Oral Biology (M. C. Whitehead), 1 February 1989 through 31 January 1990. (Project 766592 - Continuation)

\$77,000.00 - National Science Foundation, Washington, D.C., Chemotaxis as a Determinant of Competitive Success in Soil, Rhizosphere, and Symbiotic Infection, Department of Agronomy - OARDC and Department of Agronomy (W. D. Bauer), 1 May 1989 through 30 April 1990. (Project 767326 - New)

\$75,000.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Unified Head Injury Theory, Department of Mechanical Engineering (R. L. Stalnaker), 1 January 1989 through 31 December 1989. (Project 764510 - Continuation)

\$75,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Theoretical Studies of the Surface Properties of Liquid Semiconductors and Metals, Department of Physics (D. G. Stroud), 1 March 1989 through 28 February 1990. (Project 767300 - New)

\$75,000.00 - National Science Foundation, Washington, D.C., Molecular Genetics of Extracellular Polysaccharide Synthesis in Erwinia stewartii, Department of Plant Pathology - OARDC and Department of Plant Pathology (D. L. Coplin), 1 April 1989 through 31 March 1990. (Project 766330 - Continuation)

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$74,786.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Studies in Electromagnetic Scattering, ElectroScience Laboratory, Department of Electrical Engineering (P. H. Pathak), 1 February 1989 through 31 January 1990. (Project 763822 - Continuation)

\$74,300.00 - National Science Foundation, Washington, D.C., Structural Relaxation in Oxide Glasses, Department of Materials Science and Engineering (P. K. Gupta), 1 February 1989 through 31 January 1990. (Project 766572 - Continuation)

\$70,136.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Measurement of Electromagnetic Scattering by Open-Ended Waveguide Cavity Configurations, ElectroScience Laboratory, Department of Electrical Engineering (P. H. Pathak), 1 February 1989 through 31 October 1989. (Project 767286 - New)

\$70,000.00 - National Science Foundation, Washington, D.C., Collaborative Research: Climatic History of the Western Amazon Basin and the Equatorial Andes Since 18K, Department of Zoology (P. A. Colinvaux), 1 February 1989 through 31 January 1990. (Project 766323 - Continuation)

\$69,915.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Precomplexation and Activation of Carbohydrate Phosphate Esters, Department of Chemistry (A. W. Czarnik), 1 March 1989 through 28 February 1991. (Project 766706 - Continuation)

\$66,711.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Passivity and Breakdown of Oxide Films on Aluminum Alloys Produced Using Nonequilibrium Processing Methods, Department of Materials Science and Engineering (G. R. St. Pierre), 16 January 1989 through 30 September 1989. (Project 767297 - New)

\$63,099.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Three-Dimensional Structure of Boundary Layers in Transition to Turbulence, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 April 1989 through 31 March 1990. (Project 766695 - Continuation)

\$56,465.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Electromagnetic Properties of Ice-Coated Surfaces, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr. and W. D. Burnside), 14 June 1989 through 13 September 1989. (Project 766822 - Continuation)

\$55,980.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Multi-Layer Film Deposition for High T_C (Transition Temperatures) Superconductors, Department of Electrical Engineering (G. J. Valco), 29 January 1989 through 28 January 1990. (Project 766577 - Continuation)

\$45,000.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Stability of Boundary Layers at High Supersonic and Hypersonic Speeds, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 April 1989 through 30 September 1989. (Project 766854 - Continuation)

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$42,920.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Proficiency-Oriented Materials for Arabic, Department of Judaic and Near Eastern Languages and Literatures (F. J. Cadora), 1 July 1989 through 30 June 1990. (Project 766882 - Continuation)

\$37,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Physics (D. L. Cox), 1 July 1988 through 31 December 1989. (Project 766937 - Continuation)

\$34,000.00 - National Science Foundation, Washington, D.C., Quasicrystals and Superfluid Helium, Department of Physics (T. L. Ho), 1 June 1989 through 31 May 1990. (Project 766683 - Continuation)

\$33,233.00 - Department of Defense, Defense Supply Service, Washington, D.C., The Problem of Net Assessment in an Historical Context, Mershon Center for Education (A. R. Millett), and Department of History (W. Murray), 1 October 1988 through 24 April 1989. (Project 765401 - Continuation)

\$30,000.00 - Department of Commerce, National Oceanic and Atmospheric Administration, Rockville, Maryland, Sea Grant Internship, Center for Lake Erie Area Research (J. M. Reutter), 30 January 1989 through 29 January 1990. (Project 767010 - Continuation)

\$28,252.00 - National Science Foundation, Washington, D.C., The Ohio State University Young Scholar Program, Department of Chemistry (M. H. Klapper) and College of Biological Sciences - Administration (A. Ackermann-Brown), 1 March 1989 through 31 January 1991. (Project 766663 - Continuation)

\$27,662.00 - National Science Foundation, Washington, D.C., Collaborative Research: Systematics, Paleoecology, and Extinction of Late Osagean Crinoids from Iowa, Illinois, and Missouri, Department of Geology and Mineralogy (W. I. Ausich), 1 June 1989 through 31 May 1990. (Project 766421 Continuation)

\$23,041.00 - Department of Defense, Defense Construction Supply Center, Columbus, Ohio, Recreational Facility and Program Management: An Analysis of Civilian Work Force Recreational and Wellness Practices of the Defense Construction Supply Center, Columbus, Ohio, School of Health, Physical Education and Recreation (W. A. Sutton and W. J. Rudman), 1 February 1989 through 31 January 1990. (Project 767308 - New)

\$20,152.00 - National Science Foundation, Washington, D.C., Traveling Wave Solutions of Reaction Diffusion Systems, Department of Mathematics (D. Terman), 1 December 1989 through 30 November 1990. (Project 766089 - Continuation)

\$18,753.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Methyl Chloride Feature in the ATMOS Spectra, Department of Physics (K. N. Rao), 1 January 1989 through 31 December 1990. (Project 767312 - Continuation)

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$17,997.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Impact Design Criteria for Helmets, Department of Mechanical Engineering (R. L. Stalnaker), 1 January 1989 through 31 December 1989. (Project 767287 - New)

\$14,050.00 - National Science Foundation, Washington, D.C., Comparison and Development of Finite Element Modeling for Sheet-Forming Analysis, Department of Materials Science and Engineering (R. H. Wagoner), 1 February 1989 through 31 January 1992. (Project 767283 - New)

\$11,500.00 - Department of Health and Human Services, Public Health Service, Alcohol, Drug Abuse and Mental Health Administration, Rockville, Maryland, Mechanisms of Aromatic 1-Amino Acid Decarboxylase (AAAD) Activation in the Retina by Light, Department of Pharmacology (N. H. Neff and C. P. Silvia), 1 March 1989 through 28 February 1990. (Project 767315 - New)

\$10,000.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Omnidirectional Dummy Head and Neck, Department of Mechanical Engineering (R. L. Stalnaker), 1 January 1989 through 31 December 1989. (Project 763945 - Continuation)

\$7,099.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Robust Stability and Performance for Linear Systems with Combined Structured and Nonstructured Uncertainty, Department of Aeronautical and Astronautical Engineering (R. K. Yedavalli), 16 September 1989 through 30 September 1989. (Project 766964 - Continuation)

\$4,000.00 - National Science Foundation, Washington, D.C., The Role of Calcium in Root Growth and Gravitropism, Department of Botany (M. L. Evans), 15 March 1989 through 30 April 1990. (Project 765780 - Continuation)

\$881.00 - Department of Health and Human Services, Public Health Service, National Institutes of Health, Bethesda, Maryland, General Clinical Research Center, College of Medicine - Administration (M. Tzagournis) and Department of Internal Medicine (W. Malarkey), 1 December 1988 through 30 November 1989. (Project 761196 - Continuation)

TOTAL - FEDERAL AWARDS \$4,702,247.00

State of Ohio Research Contracts/Grants

\$200,000.00 - State of Ohio, Department of Aging, Columbus, Ohio, OSU Alzheimers Disease Research Center, College of Medicine - Administration (G. L. Trzebiatowski), 1 July 1988 through 30 June 1989. (Project 766254 - Continuation)

\$40,000.00 - State of Ohio, Rehabilitation Services Commission, Columbus, Ohio, Development of an "Air-Chair" for the Handicapped, Department of Electrical Engineering (H. R. Weed), 1 January 1989 through 31 December 1989. (Project 767277 New)

\$20,514.00 - State of Ohio, Environmental Protection Agency, Columbus, Ohio, An Assessment of the Effectiveness of Various Methods Used to Delineate Wellhead Protection Areas for Several Hydrogeologic Settings in Ohio, Department of Geology and Mineralogy (E. S. Bair), 1 January 1989 through 30 June 1989. (Project 767301 - New)

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$9,720.00 - State of Ohio, Department of Education, Columbus, Ohio, State Superintendent's Task Force for Preparing Special Education Personnel, College of Education - Administration (T. M. Stephens), 1 July 1988 through 30 June 1989. (Project 766857 - Continuation)

\$4,600.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, The Other Side: Hispanic Geo-Politics, Culture, and Religion, Wexner Center for the Visual Arts (R. Stearns), 2 January 1989 through 30 April 1989. (Project 767313 - New)

\$1,296.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Evaluation of Fish Management Techniques, Department of Zoology (B. Vondracek and D. A. Culver), 1 April 1989 through 30 June 1989. (Project 766202 - Continuation)

\$1,135.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, Robert Post -- In Performance, Department of Dance (V. J. Blaine), 10 January 1989 through 1 April 1989. (Project 767288 - New)

TOTAL - STATE OF OHIO AWARDS \$ 277,265.00

Industrial Research Contracts/Grants

\$89,887.00 - Jarrow Formulas, Inc., Los Angeles, California, Early Cancer Detection Method, Department of Radiology (S. M. D'Ambrosio) and Department of Physiological Chemistry (R. W. Trewyn), 1 February 1989 through 31 January 1990. (Project 767284 - New)

\$60,000.00 - Sandia Corporation, Albuquerque, New Mexico, Vertical-Axis Wind Blade Section Activities, Department of Aeronautical and Astronautical Engineering (G. M. Gregorek), 1 February 1989 through 31 January 1990. (Project 767278 Continuation)

\$36,883.00 and Equipment - Apple Computer, Inc., Cupertino, California, The Engagement of Thinking Processes: A Three-Year Study of Selected Apple Classrooms of Tomorrow Students, Department of Educational Theory and Practice (R. J. Tierney), 1 January 1989 through 31 December 1989. (Project 766687 - Continuation) (Approximate Dollar Value of Equipment - \$3,135)

\$30,916.00 - Alcoa Defense Systems, Inc., San Diego, California, Advanced Antennas for Future Air Vehicles, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 October 1988 through 28 February 1989. (Project 766329 - Continuation)

\$25,891.00 - General Motors Corporation, Indianapolis, Indiana, Model Test Program on Gas Turbine Air Intake and Exhaust Uptake System, Department of Aeronautical and Astronautical Engineering (R. J. Freuler), 1 July 1988 through 30 June 1989. (Project 766095 - Continuation)

\$23,428.00 and Equipment - Apple Computer, Inc., Cupertino, California, An Exploration of Hypertext upon the Thought Processes and Learning of Apple Classrooms of Tomorrow Students, Department of Education Theory and Practice (R. J. Tierney), 1 January 1989 through 31 December 1989. (Project 767318 - New) (Approximate Dollar Value of Equipment \$10,585)

April 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$20,000.00 - Bell Helicopter Textron, Inc., Fort Worth, Texas, Gear Noise Modeling and Prediction for a Future Rotorcraft Transmission, Department of Mechanical Engineering (D. R. Houser), 12 August 1988 through 11 February 1990. (Project 767265 - New)

\$16,000.00 - Genentech, Inc., South San Francisco, California, Tissue-Type Plasminogen Activator Versus Heparin for Acute Pulmonary Embolism: Effects on Right Ventricular Function and Pulmonary Perfusion, Department of Internal Medicine (J. E. Gadek and M. G. Lykens), 1 January 1989 through 31 December 1989. (Project 767281 - New)

\$14,850.00 - Smith, Kline & French Laboratories, Philadelphia, Pennsylvania, Comparison of Intravenous 'Compazine' Combination Therapy to Intravenous Reglan Combination Therapy in the Management of Cisplatin-Induced Nausea and Vomiting in Cancer Patients, Department of Internal Medicine (E. H. Kraut), 1 January 1989 through 31 December 1989. (Project 767294 - New)

\$12,575.00 - Universal Technology Corporation, Dayton, Ohio, Fabrication and Characterization of High Temperature Superconducting Films for Infrared Detectors, Department of Physics (T. R. Lemberger), 1 February 1989 through 30 April 1989. (Project 767285 - New)

\$10,582.00 - Chemol, Inc., Greensboro, North Carolina, Effects of Esterification and Saturation of Tallow Fatty Acids on Fiber Digestibility and Milk Production of Dairy Cows, Department of Dairy Science - OARDC and Department of Dairy Science (M. L. Eastridge), 1 January 1989 through 31 December 1989. (Project 767280 - New)

\$8,318.00 - Boeing Computer Services, Seattle, Washington, RAMCAD Software Development, Department of Computer and Information Science (B. Chandrasekaran), 1 January 1989 through 31 March 1989. (Project 766470 - Continuation)

\$6,800.00 - Caremark Plus, San Bernadino, California, Patient Education and Clinical Management Services, Department of Internal Medicine (S. P. Balcerzak), 1 October 1988 through 30 September 1991. (Project 767279 - New)

TOTAL - INDUSTRIAL AWARDS

\$ 356,130.00

Other Non-Federal Research Contracts/Grants

\$247,600.00 - Brookhaven National Laboratory, Upton, Long Island, New York, Boron-Neutron Capture Therapy of Cancer, Department of Pathology (R. F. Barth), College of Pharmacy (A. H. Soloway), Department of Mechanical Engineering (T. E. Blue), and Department of Surgery (J. H. Goodman), 1 October 1988 through 31 December 1989. (Project 766081 - Continuation)

\$197,067.00 - Electric Power Research Institute, Palo Alto, California, Mechanistic Studies of Hot Corrosion in Utility Boilers, Department of Materials Science and Engineering (R. A. Rapp), 27 January 1989 through 31 December 1990. (Project 767296 - New)

\$94,914.00 - Southwest Research Institute, San Antonio, Texas, Hydrogen Absorption and Potential Embrittlement of Candidate High-Level Nuclear Waste Package Containers in the Proposed Tuff Repository Environment, Department of Materials Science and Engineering (B. E. Wilde), 1 January 1989 through 31 December 1989. (Project 767129 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$86,310.00 - Nature Conservancy, Columbus, Ohio, Development of a Plan to Preserve the Big Darby Creek Watershed, Department of City and Regional Planning (S. I. Gordon) and Department of Landscape Architecture (J. W. Simpson), 1 January 1989 through 31 December 1989. (Project 767289 - New)

\$55,000.00 - Muscular Dystrophy Association, New York, New York, Steroid Therapy of Duchenne Dystrophy -- Molecular Mechanisms, Department of Neurology (K. W. Rammohan), 1 January 1989 through 31 December 1989. (Project 766573 - Continuation)

\$45,129.00 - Paralyzed Veterans of America, Washington, D.C., The Role of Weightbearing and FES-Induced Exercises on Bone Loss After an Acute Spinal Cord Injury, Department of Physical Medicine (W. J. Mysiw) and Department of Internal Medicine (R. D. Jackson), 1 January 1989 through 30 December 1989. (Project 767303 - New)

\$36,300.00 - Virginia Power, Glen Allen, Virginia, Duke Power Company, Huntersville, North Carolina, and Southern California Edison Company, San Clemente, California, Consortium for the Development of Instructor Training Materials for the Electric Power Industry, Center on Education and Training for Employment (R. D. Ryan), 1 November 1988 through 31 October 1989. (Project 767260 - Continuation)

\$34,819.00 - Iowa State University, Ames, Iowa, Spectroscopic Evaluation of Adhesive Bonds: Linear and Nonlinear Methods, Department of Welding Engineering (L. Adler), 1 October 1988 through 30 September 1989. (Project 767302 - Continuation)

\$29,813.00 - Iowa State University, Ames, Iowa, Nondestructive Evaluation of Structural Adhesive Bonding for Aircraft Applications, Department of Welding Engineering (S. Rokhlin), 1 October 1988 through 30 September 1989. (Project 767304 - Continuation)

\$25,000.00 - March of Dimes Birth Defects Foundation, White Plains, New York, Effect of Parental Occupation on Pre-Term Birth, Spontaneous Abortion, Stillbirth, and Low Birth Weight, Department of Preventive Medicine (R. S. Hopkins), 1 January 1989 through 31 December 1989. (Project 767317 - New)

\$24,940.00 - Morris Animal Foundation, Englewood, Colorado, In Vivo and In Vitro Examination of Cell Proliferation Kinetics in the Normal and Seborrhic Canine Epidermis, Department of Veterinary Clinical Sciences (K. W. Kwochka), 1 November 1988 through 31 October 1989. (Project 767307 - New)

\$21,262.00 - Upper Arlington City Schools, Upper Arlington, Ohio, Career Internship Program with Upper Arlington Schools, Department of Educational Theory and Practice (J. J. Quaranta), 29 August 1988 through 26 May 1989. (Project 767293 - Continuation)

\$18,000.00 - The Petroleum Research Fund, Washington, D.C., Catalytic Organometallic Reactions: Characterization of the Active Intermediates Using X-ray Induced Auger Spectroscopy and X-ray Photoelectron Spectroscopy, Department of Chemistry (M. R. Callstrom), 1 September 1989 through 31 August 1991. (Project 767323 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$14,568.00 - Indonesian Government, Jakarta, Indonesia, Partial Management Support Plan, College of Education - Administration (J. J. Buffer), 1 May 1988 through 31 December 1990. (Project 767036 - Continuation)

\$13,024.00 - Ford Foundation, New York, New York, C. S. Tewari Fellowship, Department of Natural Resources - OARDC and School of Natural Resources (C. F. Cole), 1 January 1989 through 1 January 1990. (Project 767310 - New)

\$10,123.00 - Miami University, Oxford, Ohio, Insect Cold-Hardiness and Diapause: Regulatory Relationships, Department of Entomology (D. L. Denlinger), 1 February 1989 through 31 January 1990. (Project 767299 - New)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds

**The Lewis E. and Dorothy Hermann Miller
Pharmacy Enrichment Fund**

The Lewis E. and Dorothy Hermann Miller Pharmacy Enrichment Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts from the estates of Lewis Edward Miller (B.S.Bus.Adm. '23) and Dorothy Hermann Miller (Certificate, Pharmaceutical Chemist, '21).

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Lewis E. and Dorothy Hermann Miller
Pharmacy Enrichment Fund (contd)**

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income is to be used to support research and facilities in the College of Pharmacy as approved by the Dean of the College of Pharmacy. In the event that it becomes necessary to invade the principal to meet the above objective, the Dean may do so at his discretion, but only to support capital equipment acquisition and/or building renovations not otherwise supported.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for pharmacy education.

Texnikoi-Arthur C. Avril Endowment Fund

The Texnikoi-Arthur C. Avril Endowment Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with proceeds from the sale of an automobile given to the University by Mary J. and Arthur C. Avril (Bachelor of Engineering in Mining '25) of Cincinnati, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The Texnikoi-Arthur C. Avril Endowment Fund recognizes Arthur C. Avril for his role as a founding member and first president of Texnikoi, a student Engineering honorary. The annual income is to be distributed in ways which will provide future growth for the fund and for Texnikoi while recognizing excellence among current members. Ten percent of the annual earnings shall be reinvested into principal. At least one-half of the remaining annual earnings shall be used to fund scholarships for members of the Texnikoi chapter at The Ohio State University. Selection of scholarship recipients shall be based on strength of their academic performance and the quality and extent of their involvement in extracurricular activities. Recipients will be named annually, but prior-year recipients may be eligible to compete for renewed awards. The remaining income will be used for communications with Texnikoi members and for the expansion of the fraternity. The Dean of the College of Engineering, in consultation with the Chapter Advisor of Texnikoi and the Committee on Student Financial Aid, will be responsible for scholarship selection and authorizing all expenditures from the income.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

Robert M. Zollinger Lectureship Fund

The Robert M. Zollinger Lectureship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from members of the Robert M. Zollinger Ohio State University Surgical Society and colleagues and friends of Robert M. Zollinger (B.S. '25, M.D. '27), of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support a distinguished lectureship within the Department of Surgery as approved by the department chairperson in consultation with the Dean of the College of Medicine.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Donald H. Russ Scholarship Fund

The Donald H. Russ Scholarship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Donald H. Russ (B.S.Agr. '39), of Carroll County, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for students from Carroll County, Ohio, who are full-time students in the College of Agriculture at The Ohio State University and have demonstrated financial need. These scholarships are renewable to the same students for a period not to exceed four years, so long as they are in good academic standing and continue to demonstrate need. Selections will be made by the University Committee on Student Financial Aid and in consultation with the Dean of the College of Agriculture.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

Wells Nursing Scholarship Fund

The Wells Nursing Scholarship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estate of Estella M. Wells of Zanesville, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to encourage individuals to pursue a career in nursing. The fund may be used for, but is not limited to, nursing scholarships and recruitment, as decided by the Dean of the College of Nursing, with advice from the director of the Office of Student Affairs and the Associate Dean of the College of Nursing, in coordination with the University Committee on Student Financial Aid. Scholarship awards may be made at the graduate or the undergraduate level. Preference at either level, however, shall be given to minority students.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Devon W. Meek Industrial Lectureship and Undergraduate Research Poster Presentation Fund

The Devon W. Meek Industrial Lectureship and Undergraduate Research Poster Presentation Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from friends, colleagues, relatives and former students of Devon W. Meek, Professor Emeritus of The Ohio State University Department of Chemistry.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund a lectureship for a distinguished researcher from the industrial community who will present at least one chemistry department seminar. Undergraduate poster presentations will be held in conjunction with the lectureship. They will be prepared by undergraduate chemistry majors and reviewed by a panel of faculty members. These poster presentations shall be supported by the Devon W. Meek Fund as well. These events will be held on an annual basis and will recognize Dr. Meek's efforts in developing closer industrial/academic relations as well as his role in encouraging undergraduate students to pursue careers in chemistry.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean,

department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Joseph P. Kinneary Scholarship Fund

The Joseph P. Kinneary Scholarship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from former judicial clerks of Judge Joseph P. Kinneary of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide financial assistance to one or more students with excellent academic achievement and demonstrated financial need who are enrolled in the College of Law. Recipients should demonstrate an interest in public service with preference being given to students who are seeking a federal clerkship. Awards shall be made by the Dean of the College of Law in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate administrative official who is then directly responsible for legal education in order to carry out the desire of the donors.

J. Walter Severinghaus Scholarship Fund

The J. Walter Severinghaus Scholarship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Mrs. J. Walter Severinghaus of Scarsdale, New York, and partners of the firm, Skidmore, Owings & Merrill of Chicago, New York, and San Francisco.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the annual J. Walter Severinghaus Scholarship. The fund, in honor of the late J. Walter Severinghaus (B.Arch. '31) will provide fellowships to students who are pursuing the Master of Architecture degree at The Ohio State University after earning their undergraduate degree in the liberal arts. The fellowships are intended to encourage graduate students to consider human values in their architectural studies and in their professional careers. By so doing, they will be honoring the memory and achievements of J. Walter Severinghaus who earned both a liberal arts degree and an architecture degree. In 1970, after almost 40 years with Skidmore, Owings, & Merrill Architects, he was awarded the Doctorate of Humane Letters degree by The Ohio State University for his innovations in humanistic architecture, his designs,

and his client relationships. The fellowships are also intended to help attract and support students who otherwise could not afford the cost of graduate education. Selection will be made by the Department of Architecture Scholarship Committee in coordination with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Change in Name and Description of Named Fund

The Martha Miller Lotman Scholarship Fund

The Martha Miller Lotman Memorial Scholarship Fund was established February 3, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from family members, in honor of Martha Miller Lotman, formerly of Marion, Ohio. The name and description were changed April 7, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

Fifteen percent (15%) of the annual income distributed shall be added to the fund's principal. The remaining eighty-five percent (85%) shall be used for one or more scholarships to deserving students who are qualified to enroll at The Ohio State University, Marion Campus. Preference for scholarship awards shall be given to those students majoring in journalism, communication or English. The selection of the recipient(s) will be made by a committee consisting of a designated member of the family and a representative of the Dean of The Ohio State University at Marion, in consultation with the University Committee on Student Financial Aid. The University shall make all reasonable attempts to contact a family member to have a representative present during the selection process. Unused income in any given year shall be added to the principal of the fund.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate administrative official of the University who is then responsible for student scholarship awards to students of the Marion, Ohio, area in order to carry out the desire of the donors.

Change in Description of Named Fund

Metropolitan Washington, D.C., Alumni Scholarship Fund

The Metropolitan Washington, D. C., Alumni Scholarship Fund was established April 1, 1983, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Description of Named Fund (contd)

Metropolitan Washington, D.C., Alumni Scholarship Fund

Development Fund from alumni and friends of the Metropolitan Washington, D.C., area. The description was being changed April 7, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

Until the fund reaches \$25,000 all annual income is to be returned to principal. Thereafter, the annual income shall be used to provide one or more scholarships for undergraduate students from the Metropolitan Washington, D.C., area enrolled in The Ohio State University, with preference given to students who are in the upper twenty-five percentile of a national test, such as the ACT, SAT, etc. The selection of the recipient is to be made in accordance with the recommendation of a selection committee from The Ohio State University Alumni Club of Washington, D.C. in conjunction with the University Committee on Student Financial Aid. The unused income in any given year is to be returned to principal.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

Approval of Description and Establishment of Funds

Schoenbaum Scholars Program Fund

The Schoenbaum Scholars Program Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for The Ohio State University College of Education and the College of Business.

Income provided by the Foundation shall be used for scholarships for students entering or intending to enter, or enrolled in the College of Education or the College of Business with the following criteria:

1. Selection to begin with freshmen in the fall of 1989.
2. The scholarship will provide tuition, room, and books.
3. Each year following 1989, additional students will be selected until scholars at the freshmen, sophomore, junior, and senior levels are supported.
4. Recipients will be selected through a formula based on test scores and/or high school rank.
5. Students should show a demonstrated financial need.
6. Selected students entering as freshmen will be eligible for renewal of the scholarships provided they maintain a grade point average of 3.0 or with appeal to the financial aid committee.

REPORT OF RESEARCH CONTRACTS, GRANTS AND GIFTS (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

Approval of Description and Establishment of Funds (contd)

Schoenbaum Scholars Program Fund (contd)

7. Selected students should show a potential for success as measured by academic record, extra-curricular activities, work experience and other experiences.
8. Selection of the recipients will be made by the University Committee on Student Financial Aid and, when appropriate, upon recommendation of the Deans of the Colleges of Business and Education.

**REQUEST FOR CONSTRUCTION BIDS
OHIO STADIUM - REHABILITATION OF EXTERIOR CONCRETE
SCOTT HALL REMODELING - PHASE I**

Resolution No. 89-92

Synopsis: The Fiscal Affairs Committee recommends authorization to request construction bids for these projects.

WHEREAS the exposed concrete in the exterior walls of Ohio Stadium is in need of cleaning, repair, and rehabilitation, and \$1,393,765.00 will be made available from the Department of Athletics for this Project, with the estimated construction cost being \$1,223,000.00; and

WHEREAS the Department of Geology and Mineralogy and the Byrd Polar Research Center need to be relocated for the planned renovation of Mendenhall Laboratory, and Scott Hall needs to be remodeled to provide temporary accommodations for these academic units, and \$460,000.00 will be made available from University funds for this first phase of the Scott Hall remodeling project, with the estimated construction cost being \$300,000.00; and

WHEREAS the University Architect's Office has provided architectural and engineering design services for these projects, and the plans and specifications have been completed; and

WHEREAS at the request of the Vice President for Business and Administration, the President recommends that the Board of Trustees authorize the request for construction bids for these projects:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration be authorized, in accordance with established University procedures, to request construction bids on these projects, and if satisfactory bids are received, to award the necessary contracts, with all actions to be reported to this Board at a later meeting.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XXXIV for maps of Scott Hall Remodeling - Phase I and Ohio Stadium - Rehabilitation of the Exterior Concrete, page 1029.)

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 89-93

Synopsis: The Fiscal Affairs Committee recommends the acceptance of the report of the award of contracts for the projects listed below to the lowest responsive and responsible bidders in accordance with University procedures.

WHEREAS resolutions adopted by the Board of Trustees at previous meetings authorized the President and/or Vice President for Business and Administration to sign the plans and specifications and, in accordance with established University procedures, to request bids and, if satisfactory bids were received, to award contracts for the following projects:

GOLF COURSE IRRIGATION SYSTEM

Description: This project provides for the installation of a state-of-the-art computer linked weather station to monitor and control the duration and watering sequences, modernization of existing pump controls, repairs to existing cast iron mains and replacement of all galvanized pipe with PVC lines. Construction is scheduled to begin no later than March 1, 1989, and be completed by August 31, 1989.

General Contract

Date Received:	December 21, 1988
No. of Bids:	3
Low Bid:	\$825,000.00
High Bid:	\$891,000.00
Estimate of Cost:	\$828,994.00
Awarded to:	Hilltop Glen Golf, Canton, MI
Total All Contracts:	\$825,000.00
Total Contingency Allowance:	\$ 61,257.00 (which is 7.4% of construction cost)
Total Project Cost:	\$887,750.00
Funding:	University Funds, Athletic Department

BIOTECHNOLOGY CENTER RIGHTMIRE HALL - GROWTH CHAMBERS

Description: This project provides for the renovation of approximately 3,900 square feet in the basement of Rightmire Hall for the installation of 14 growth chambers, a plant tissue culture room, a new emergency generator and new electrical distribution center. Construction is scheduled to begin January 1989 and be completed June 1989.

High Bid:	\$ 302,625.00 [*]
Estimate of Cost:	\$ 188,380.00 [*]
Awarded to:	Smith & Bruce Inc., Columbus, OH
Total All Contracts:	\$1,005,473.00 [*]
Total Contingency Allowance:	\$ 50,873.00 (which is 5% of construction costs)
Total Project Cost:	\$1,230,212.00 [*]
Funding:	H.B. 870, H.B. 810 and University Funds

*Recommended alternates reflected in these figures.

+All contracts are in excess of filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Ohio Revised Code.

**NORTHWEST UTILITIES PHASE I
STORM AND SANITARY SEWERS**

Description: This project provides for the installation of a new storm and sanitary sewer line to replace the existing antiquated septic system serving the Athletic Maintenance Building, Poultry Science complex, Dakan Hall, and Brooding and Breeding Houses. Construction is scheduled to begin in March 1989, and be completed in September 1989.

General Contract

Date Received:	January 31, 1989
No. of Bids:	11
Low Bid:	\$712,730.00
High Bid:	\$953,953.00
Estimate of Cost:	\$989,704.00
Awarded to:	The Righter Company, Columbus, OH
Total All Contracts:	\$712,730.00
Total Contingency Allowance:	\$ 35,636.99 (which is 5% of construction cost)

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

**NORTHWEST UTILITIES PHASE I
STORM AND SANITARY SEWERS (contd)**

Total Project Cost: \$829,425.00
Funding: University Bonds and Senate Bill 386 Utilities and Renovation

**OARDC SUPPORT FACILITIES - BARN REPLACEMENT
THE OHIO AGRICULTURAL RESEARCH AND DEVELOPMENT CENTER**

Description: This project involves the replacement of a two-story bank barn, attached sheds, and contents lost in a barn fire at OARDC property in Wooster, Ohio, in November 1985. Construction is scheduled to begin in April 1989, and be completed in August 1989.

General Contract

Date Received: March 2, 1989
No. of Bids: 4
Low Bid: \$117,500.00
High Bid: \$140,238.00
Estimate of Cost: \$127,550.00
Awarded to: Finnegan Construction, Shelby, OH

Electric Contract

Date Received: March 2, 1989
No. of Bids: 7
Low Bid: \$ 14,546.00
High Bid: \$ 25,000.00
Estimate of Cost: \$ 19,020.00
Awarded to: Wooster Electric, Wooster, OH

Total All Contracts: \$132,046.00
Total Contingency Allowance: \$ 10,569.81 (which is 8% of construction costs)
Total Project Cost: \$158,250.00
Funding: University Funds

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

NORTHWEST UTILITIES - WATER LINE - PHASE II, SECTION 1

Description: New water lines will be installed to obtain increased pressure and fire protection to the Waterman Farm Complex and Bee Laboratory. Construction is scheduled to begin in March 1989, and be completed in April 1989.

General Contract

Date Received:	January 19, 1989
No. of Bids:	15
Low Bid:	\$ 62,179.29
High Bid:	\$107,651.00
Estimate of Cost:	\$ 94,090.50
Awarded to:	N. M. Savko, Columbus, OH
Total All Contracts:	\$62,179.29
Total Contingency Allowance:	\$ 3,109.18 (which is 5% of construction costs)
Total Project Cost:	\$69,900.00
Funding:	University Bonds

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by the Board, the award of contracts and establishment of project funds and contingency funds for the projects listed above are hereby approved.

Upon motion of Mr. Berry, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XXXV for maps of Golf Course Irrigation System, Biotechnology Center Rightmire Hall - Growth Chambers, University Airport Renovations 1988/1989, Pressey Hall Remodeling - Phase I, Northwest Utilities Phase I - Storm and Sanitary Sewers, OARDC Support Facilities - Barn Replacement, and Northwest Utilities - Water Line - Phase II, Section I, page 1033.)

APPENDIX XXVIII

PERSPECTIVE ON LAND-GRANT UNIVERSITIES

(See page 822)

Perspective on Land-Grant Universities
Edward H. Jennings
March 31, 1989

As we look to the future of The Ohio State University and of higher education in Ohio and across the nation, it is important to do so within the context of Ohio State's history, which largely parallels the history of public higher education in the United States. Ours is a land-grant university with the characteristics and responsibilities that are the essence of our uniquely American system of higher education.

The Ohio State University was founded shortly after the enactment of the Morrill Act of 1862, which by any definition was revolutionary. Nevertheless, most of its fundamentals predate it by at least 75 years and had their origins primarily in the midwest.

The Northwest Ordinance, enacted in 1787, established the process of governance over most of the midwest and contained the first official mention of public education. The Ordinance was the first document to assign -- at least partially -- to government the responsibility of providing an educational opportunity for its citizens. This idea undoubtedly existed before the Northwest Ordinance, but it was first codified there. Spelling out this obligation and setting aside land to finance public education were radical notions, yet they provide the foundation of what we see today.

The Northwest Ordinance helped define the uniquely American approach to education that "schools and the means of education shall forever be encouraged." In other words, the Northwest Ordinance implied that education was a public good. While the benefits of education to the individual had long been recognized, the Ordinance acknowledged that education had a public value, that educated citizens were a benefit to society and, consequently, that it was appropriate for the populace as a whole to finance part of that education. This idea is well-accepted today, but 200 years ago, in a world dominated by colonialism, feudalism, and illiteracy, where the ideas of democracy were new and untried, the concept of an education for and by all of the public was radical indeed.

Public education came to be recognized as a public good not only for its economic benefits, but also because general education was necessary for democracy to survive and prosper. Thomas Jefferson understood that the public must be educated in order to be informed on the issues, ideas, and public processes in society. It was in this context that Jefferson founded the University of Virginia. While today, that university is significantly different from most land-grant universities, it nonetheless rests on the foundation of public education as a necessary component of democracy.

As the country developed, the Northwest Ordinance gradually was replaced in the midwest by the U.S. Constitution, which did

not specifically mention or assign governmental responsibility for education. These ideas of public education began to flounder during the early part of the 19th century.

The Morrill Act re-established the early ideas of public education and provided a mechanism that led to the founding of our great land-grant universities. But it was not without controversy. Introduced in the early 1850's, it barely passed in Congress in 1858, and was vetoed by President Buchanan. The act finally was signed into law in 1862 by President Lincoln. The act set aside federal lands to be used to provide the basic funding of universities with the purpose of teaching agricultural and mechanical arts, and promoting "the liberal and practical education of the industrial classes in the several pursuits and professions of life."

Out of these roots came a model of a university that changed the face of primary, secondary, and higher education -- a system of education which transformed America. The characteristics of this educational system remain fundamental to Ohio State's mission today and, I might add, to the mission of many other colleges and universities which do not have a land-grant history.

One of the tenets of the land-grant system was that government was responsible for providing an educational opportunity to all qualified individuals -- independent of their social standing and financial needs. This land-grant idea today has been extended not only to all public institutions, but to private colleges and universities as well. Today, an opportunity for all who are qualified is a fundamental tenet practiced in varying degrees by every institution of higher education in the United States.

The key to implementing this principle is three types of government funding which take the metaphorical form of a three-legged stool: one leg being tuition, the second student financial aid, and the third opportunities to earn money for expenses and tuition through work at the university. The three-legged stool is the technique whereby government provides educational opportunities for all citizens who seek educational advancement. Low to moderate tuition, adequate financial aid, and sufficient work opportunities are fundamental constructs of higher education in America today. Some institutions -- mostly private -- emphasize financial aid more than lower tuition. Others -- mostly public -- emphasize low tuition. But all emphasize affordability, at least in their public relations. And virtually all governments -- federal, state and local -- participate in the idea of financing education for the masses.

A second concept introduced through the land-grant act is local control of institutions. In most nations today, the great universities are national universities controlled, governed, and financed at the national level and expected to direct their

attention first and foremost to national issues. In the United States, however, the land-grant movement established the concept of local control.

While there are American institutions considered to be national and international universities -- some public, some private -- it continues to be clear, particularly in the public sector, that the first obligation of the institution is to serve the city, county, state, or regional community, not the federal community. When service extends beyond the local community, it clearly is a byproduct of meeting local responsibilities or contributing directly or indirectly to the local welfare. In this context, Ohio State is, indeed, a national/international university, but our mission and responsibility is to the state. We are national/international only insofar as that scope helps us meet our local responsibilities. However, as modern communications and transportation shrink the world, Ohio State continues to extend its worldwide influence and participation.

The land-grant universities also introduced a major change in our definitions of higher education. The earlier, largely European-modeled colleges focused on liberal education with little, if any, professional or vocational education as part of the curriculum. Apprenticeships served the vocations and professions and in many cases did not require a classic liberal education. Land-grant universities were established with the mission to teach the professions of agricultural and mechanical arts. However, in the dialogue over the Morrill Act, a new idea was born that integrated liberal education with the professions in one curriculum graduating a vocationally competent and educated individual.

The Morrill Act called for a college where "the leading object shall be, without excluding other scientific and classical studies, to teach such branches of learning as are related to agriculture and the mechanic arts . . . in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life." What great debates there must have been among 19th century land-grant faculties in interpreting this mandate! With agricultural and mechanical arts, should we also include Greek or Latin? Should we include Shakespeare and Chaucer, or read Adam Smith?

Out of that debate came an institution, a curriculum, and an idea which we take for granted today: that our obligation is to integrate professional and liberal education into a coherent whole. This integration creates individuals who are educated people, creative and adaptable to the future, who have learned how to learn, and who know and understand the basic tenets of their particular profession whether it is agriculture, medicine, law, engineering, dance, accounting, pharmacy, or music. While in most of the world, professional schools were -- and are -- separate, our uniquely American institutions have a full range of liberal and professional programs as part of the curriculum that we have come to expect.

Twenty-five years ago, higher education was criticized for not providing enough professional education. We were accused of having irrelevant courses in the curriculum, of not preparing people for a job or career. Today, I believe correctly, the criticism has swung the other way. We have become too vocational and have short-changed our mission of liberal education. This balancing of liberal and professional education has been going on for more than 100 years and is the source of most of the tensions in our modern universities. We constantly are faced with decisions that trade off liberal and professional education. But as we see time and time again, these tensions are also the source of our greatest strength, namely, our reliance upon each other in academe. It is rare for a professional school to be truly outstanding without other strong professional schools surrounding it or without a strong liberal arts program in existence side by side.

Furthermore, with the speed of technological change today, incorporating liberal and professional education in one whole is even more important. Biotechnology combines medicine, agriculture, and engineering with the basic sciences of chemistry, botany, and zoology. Biotechnology cannot exist without the land-grant idea of combining professional and liberal education. Materials research developing at Ohio State relies on this interdisciplinary approach, as does the further development of computers.

An excellent example of the results of combining disciplines -- professional and liberal -- is the Magnetic Resonance Imaging machines now found in most research hospitals. The MRI machines are the direct result of combining quantum mechanics and computers. While these fields developed along separate tracks for many years, they finally came together in the 1970's in response to the imperatives of medical research. Bringing together such disparate advances is an important characteristic of all universities today, but it was the land-grant idea that established the principle of combining professional and liberal education.

As the land-grant system evolved, it was recognized that the responsibility for basic research should be assigned primarily to universities, particularly in a free enterprise system. Basic research is a highly risky activity that will seldom be supported within the private sector. The great bulk of basic research today is conducted in universities, because an environment that does not require immediate results and that encourages interdisciplinary collaborations fosters basic research. Also, universities ensure that young minds surround the research enterprise and provide the continuous stimulation of new ideas, new thoughts, and new approaches to existing techniques. While applied research continues outside the university, basic research has become part of the fundamental mission not only of land-grant universities, but of all institutions of higher education.

In the 1930's, a debate raged at Ohio State and all over the country regarding agricultural research. As a cost-saving measure, land-grant universities, pressed for funds, debated whether or not to continue basic research in agriculture. After all, it did appear that the agricultural advances of the early 20th century were so great that little was left to do! Yet in the wisdom of society, agricultural research was continued. Today, fifty years later, yields in most cases are more than five times what they were in the 1930's, and advances continue to be made. The risks were obvious, the benefits unclear, and yet the research continued in universities to the advantage of our society today.

It also became clear that, as university teaching enhances research, so too does research enhance teaching both in direct and indirect, synergistic ways. It maintains a faculty member's interest. It stimulates the student's ability to learn, gather, and apply new information and test new ideas. Engaging in research keeps one more fully up-to-date in a field. And, as we see today with a few exceptions, the great research universities of America also are the great teaching universities, and vice-versa. Research and teaching go hand in hand and cannot be separated from each other. Despite "profscam" and examples of poor teaching, poor research, or both, no one suggests a separation of teaching and research. It is the degree of emphasis that is criticized.

A further outgrowth of the land-grant act is the radical concept of service as it relates to teaching and research. Land-grant universities were charged with moving their research results to the practical arena so that they could be rapidly and fully exploited by the community at large. The earliest manifestations of this were our agricultural research centers and cooperative extension programs. Through these programs we could take the newly-developed technology in agriculture and food sciences to the local grower rapidly and in a manner that would produce an immediate impact on productivity. But, the idea of service involved more than simply technology transfer. It included a commitment to the social benefits that could accrue to society if the universities became a part of society instead of isolating themselves as they had in the past.

Cooperative extension took on the additional task of educating the rural population on the problem solving required in everyday life. Home economics extension taught rural homemakers nutrition and child care, giving them the ability to prevent disease and opening opportunities for education for the next generation. Congress was lobbied for a rural electrification system. Communities were challenged to take advantage of educational opportunities to break the cycle of poverty. In Latvian communities in northwestern Ohio, Serbo-Croatian communities in southeastern Ohio, and Irish communities in Cleveland, it was the land-grant universities that provided services to these -- and all -- communities. Now, of course,

every college and university in some way engages in service activities to the betterment of society.

These several principles of education, financing, and governance that have evolved from the Morrill Act, now are part of the fabric of the American system of public education. This system continues to insist that education be made available to all qualified individuals independent of their social and financial need, and that government be a significant partner with financial support to provide moderate tuition, adequate student financial aid, and work opportunities. It is a system characterized by diversity and local control that provides all students in America the opportunity to pursue their own individual ambitions.

There are large and small universities; undergraduate and graduate schools; schools with global perspectives and those which are more narrowly focused. With local control, American higher education has developed into a system where students can choose the institution that best suits their needs. Great diversity in higher education has resulted from the Morrill Act.

From the public point of view, virtually every state in the nation has developed a system of higher education characterized by three categories of institutions. Regional differences exist but, by and large, we are a nation of community colleges or two-year schools, four-year institutions, and comprehensive institutions. The community college or two-year school is primarily local in nature, serving an individual city or county with the students not leaving home. Its educational mission is to provide technical or vocational training and/or a liberal arts program transferrable to a four-year baccalaureate degree-granting institution. It generally is the least expensive of all institutions from the student point of view and is specifically designed to respond to and satisfy the immediate and local post-secondary needs of its home city or county.

The four-year institution takes a state-wide view and has as its primary objective providing a liberal arts baccalaureate degree. It includes a smattering of professional schools and very little graduate education. The comprehensive institution offers a full undergraduate curriculum with a complete range of liberal arts programs as well as opportunities for professional education. It also has a full range of post-baccalaureate programs -- both professional and in the basic sciences and humanities. These institutions generally cater to the most academically qualified undergraduates, but they also are receiving institutions for transfer students from community colleges and four-year institutions.

Virtually all states can separate their institutions into these three categories. There are as many governing structures for these three types of post-secondary education as there are states, from single governing authorities for all institutions to separate authorities for each institution. In all cases,

however, each state has, to varying degrees, adopted for all its institutions the fundamental ideas of the land-grant institution -- financial availability, local control, mixing professional and liberal education, research, and service. Today, no single institution is able to satisfy all the needs of the state as perhaps was contemplated in the past. Today, essentially all states have established a system of diverse institutions that combine, satisfy, and embrace the land-grant ideas and ideals. Now, the land-grant fundamentals are broader and deeper than ever could have been contemplated by Congressman Morrill.

Higher education in the State of Ohio has many of the characteristics of the three types of institutions mentioned above. However, there are some unique features that bear reflection as we look to the future. Many of the larger Ohio communities have a community college which incorporates technical as well as liberal education into one institution. There are, however, several technical schools that focus solely on vocational or technical training, usually accompanied by a separate organization whose primary function is the two-year liberal arts program. These separate organizations typically are operated by a four-year or comprehensive institution in the state, which is a somewhat unusual configuration when compared to other states.

The distinction between the four-year institutions and the comprehensive institution are less clear-cut than they are in many states. The four-year institutions in Ohio have a mixture of programs from some very fine graduate and research programs to professional programs that rival any in the country, such as the engineering and medical schools at the University of Cincinnati and the urban planning program and law school at Cleveland State University. Both institutions are primarily four-year, undergraduate institutions, but they include graduate and professional education which would more generally be limited to the comprehensive flagship institutions of a state.

This blurring of categories is at least partially the result of the presence in Ohio of only one comprehensive university. Most states have at least two, and in many cases several, comprehensive institutions. A typical midwestern model is at least two comprehensive universities: one the original state university, incorporating the health sciences and a strong component in the basic sciences, and the other the land-grant university, including agriculture and engineering and very large professional schools.

The absence of other comprehensive universities in the state explains why The Ohio State University is so large. It recently was noted in USA Today that we are the largest single campus in the United States in the number of students in Columbus. We are not the largest because our individual departments are especially large. By state university standards, these departments are fairly average in size. The reason Ohio State is large is that everything exists on one campus. In other states, functions are

separated into two or more institutions: Indiana and Purdue; Michigan, Michigan State, and Wayne State; Iowa and Iowa State; Georgia and Georgia Tech; Texas and Texas A&M -- there are many such examples. We are large because by policy, this state has concentrated its comprehensive activity in one location, The Ohio State University.

Another important characteristic of Ohio is that in providing financial access, Ohio has consistently adopted a policy of being a high-tuition public university state. Both now and historically, Ohio ranks among the highest ten states in tuition. Correspondingly, Ohio ranks among the bottom ten states in the amount of state support for higher education. Many reasons exist for such a state policy, but it is worth noting that Ohio also has ranked in the lower ten states in the percent of high school students going on to college. Tuition levels are, of course, the subject of the General Assembly debate that engages us today. The outcome of this debate is, I believe, extraordinarily important as we look at charting a course for The Ohio State University in the years to come.

While there is a great deal more to discuss, this brief historical view of the University and its distinguishing characteristics should be helpful in the development of institutional policies as we move into the decade of the nineties and prepare for the 21st century.

March 21, 1989

The Board of Trustees
The Ohio State University
Columbus, Ohio

We have completed our examination of the financial statements of The Ohio State University for the year ended June 30, 1988, and our opinion thereon, dated November 23, 1988, which was unqualified, is included with the financial statements. Our examination was performed in accordance with generally accepted auditing standards.

Throughout our examination, we received the complete cooperation of management and the University's employees with whom we had contact. We had full access to all of the University's books, records and files that we required in our examination.

SCOPE OF EXAMINATION

The scope of our examination was designed to provide us with a reasonable basis for our opinion on the financial statements and additional information for the year ended June 30, 1988. Our scope included all departments and entities under the direct control of the Board. We were assisted in our examination by Parms & Co., a minority owned CPA firm, and staff auditors from the Office of the Auditor of State.

Because of their significance, investments, receivables, investment in plant, accounts payable and long-term debt received special audit attention. Also receiving special attention this year was the disclosure for pensions which was required as part of GASB No. 5 "Disclosure of Pension Information by Public Employee Retirement Systems and State and Local Government Employers", and the accrual for the Early Retirement Incentive Plan, because of its significant increase over prior years.

EVALUATION OF ACCOUNTING PROCEDURES AND THE SYSTEM OF INTERNAL CONTROL

As part of our examination, we made a study and evaluation of the University's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards.

We did not observe any material weaknesses in internal control.

March 21, 1989

We did, however, note instances where controls could be strengthened and efficiency improved. These matters are included in our letters of recommendations and may be summarized in the following areas:

1) **FINANCIAL REPORTING**

The preparation of the annual financial statements is a complex process and requires five months to complete. The University is presently not capable of producing accrual basis interim financial statements. The increasing complexity of the University's operations and the continuing decentralization of many accounting functions require that more resources be allocated to facilitate and coordinate the timely reconciliation and reporting of financial information or more effective methods found to reduce the time and effort involved.

2) **DATA PROCESSING SYSTEMS**

The University continues to become more reliant upon electronic data processing systems both at university systems and at various departmental levels, and the trend is to network many of these systems. Control and security issues must be continually addressed and standard policies and procedures established and maintained. Disaster recovery plans should be reviewed regularly and Internal Audit should play a greater role in the periodic review of departmental systems as well as university systems.

STATUTORY COMPLIANCE

We have tested the University's compliance with the provisions of laws and regulations where non-compliance could have either a material effect on the financial statements or be significant as a matter of public policy, public stewardship, or public accountability.

In our report, we state that the University was in compliance with such laws and regulations for the items tested except for the citations noted in the report. While many of these items are not significant, we do encourage the University to continue its efforts to meet the 15% minority business set-aside goal for University contracts.

CURRENT ISSUES

There are several current issues which we believe will impact the University in the future. The following is a summary of these issues and, of course, we would be pleased to discuss any of them with you in greater detail.

1) **UNRELATED BUSINESS INCOME TAX**

Congress is currently considering major changes in the 20-year-old system of taxing the "unrelated business income" of exempt organizations. As envisioned, the reforms would clarify the rules governing the application of the unrelated business income tax (UBIT). Ohio State could be significantly affected by the proposed changes, because it engages in several of the activities which may be defined "per se" as unrelated and, therefore, taxable.

March 21, 1989

2) IRC SECTION 89

The Technical Corrections and Miscellaneous Revenue Act of 1988 contains language which modifies Internal Revenue Code (IRC) Section 89 nondiscrimination rules applicable to statutory fringe benefit plans, such as health and group-term life insurance, and provides definitions of "highly compensated" and "part time" employees for the purpose of implementation of these rules. We recommend that a review be performed for all employee benefit plans and programs in order to evaluate compliance with these new provisions. IRC Section 89 is effective for plan years beginning after December 31, 1988.

3) OMB CIRCULAR A-133

OMB has proposed a new audit directive for colleges and universities, Circular A-133, "Audits of Institutions of Higher Education and Other Nonprofit Organizations." This would mandate a "single audit" approach for all federal funds received by the University on an annual basis.

4) AUDITING STANDARDS BOARD OF THE AICPA

In May 1988, nine new statements on auditing standards were issued. They are designed to address the perceived "expectation gap" between preparers and users of financial statements. The most visible changes from these statements are the new formats for the auditor's report and the auditor's comments on internal controls.

5) FINANCIAL ACCOUNTING STANDARDS BOARD/
GOVERNMENTAL ACCOUNTING STANDARDS BOARD

There has been much discussion as to whether or not public Universities should follow the financial reporting requirements of the Governmental Accounting Standards Board (GASB) or the Financial Accounting Standards Board (FASB). Presently, the University must follow the requirements of GASB, and to the extent that GASB is silent on an issue, FASB. The Financial Accounting Foundation is presently reviewing this jurisdictional issue and is expected to take action on its findings by April 30, 1989.

The following items relevant to the University have been issued or are being discussed by GASB/FASB.

Statements issued by FASB during fiscal 1988:

Recognition of Depreciation by Not-for-Profit Organizations

Consolidation of All Majority-Owned Subsidiaries

Statement of Cash Flows

The Board of Trustees
The Ohio State University

March 21, 1989

Accounting for Leases: Sales-Leaseback Transactions Involving Real Estate; Sales-Type Leases of Real Estate; Definition of the Lease Term; Initial Direct Financing Leases

Deferral of the Effective Date of Recognition of Depreciation by Not-for-Profit Organizations

The following topics have been discussed by FASB and should be published this year:

Disclosure of post retirement benefits other than pensions.

Recognition and measurement of contributions.

"Display" in the Financial Statements of Not-for-Profit Organizations.

Statements issued by GASB during fiscal 1988:

Applicability of FASB Statement No. 93, Recognition and Depreciation by Not-for-Profit Organizations, to Certain State and Local Governmental Entities

Exposure Draft, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues".

Research Report - Information Needs of College and University Financial Decision Makers.

Preliminary Views Document - Major issues related to State and Local Governmental Employers' Accounting for Pensions.

* * * * *

We very much appreciate the opportunity to be of service to The Ohio State University and to you, its Board of Trustees.

Very truly yours,

Patrick J. O'Reilly, Partner

THE OHIO STATE UNIVERSITY
LETTER OF RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 1988

November 23, 1988

Board of Trustees
The Ohio State University
Columbus, Ohio

We have examined the financial statements of The Ohio State University for the year ended June 30, 1988, and have issued our report thereon dated November 23, 1988. As part of our examination, we made a study and evaluation of the University's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the University's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of The Ohio State University is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Board of Trustees
The Ohio State University

November 23, 1988

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of The Ohio State University taken as a whole. Our study and evaluation disclosed no condition that we believed to be a material weakness. However, we did note the items described on the following pages which we wish to bring to your attention.

The letter of recommendations for the University Hospitals, OSU Development Fund, WOSU Stations, OSU Dormitory Revenue Bond Fund and OSU Housing Commission have been previously issued. Copies of these letters are included for your review.

Items denoted with an asterisk (*) were included in the prior year's report and were considered appropriate for inclusion in this letter.

This report is intended solely for the use of management and the Board of Trustees and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the Auditor of State of Ohio, is a matter of public record.

Certified Public Accountants

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

University Systems

*1. Observation

Tape files can be accessed by unauthorized personnel. It is our understanding that the University has purchased and is implementing a security package called Top Secret from Computer Associates.

Recommendation

We recommend that the implementation of Top Secret be completed as soon as possible.

University Response

Respondent: Larry Buell, Assistant VP University Systems

University Systems has purchased the security package called Top Secret from Computer Associates. This product was delivered in March 1988. An analyst has been assigned to create an implementation plan. Total implementation of this product is estimated at two years. However, the product will be phased in over this time period. The target date for completion is January 1, 1990.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

University Systems

*2. Observation

There is no formal written disaster recovery plan in effect for the University Systems.

Recommendation

A disaster recovery plan should be documented and tested to enable University Systems to recreate the system and resume processing in the event of a critical failure or destruction of data processing capability. The plan should address as a minimum:

- Hardware/alternate processing site
- Data communications
- Master files/database records
- Operating system and application programs
- Transaction data
- Special documents or forms
- Duties and responsibilities

Due to the varying operating procedures required by the University during the year and the limited capacity available from the University's backup systems, critical applications should be identified and prioritized to ensure limited on-going support until full operational capabilities can be resumed. In addition, a risk review should be performed as part of the annual testing to ensure that the University has adequate insurance to cover the equipment, software, reconstruction of programs and data and business interruption costs.

University Response

Respondent: Larry Buell, Assistant VP University Systems

We are reviewing the requirements for a formal written Disaster/Recovery Plan. We have recently met with a Disaster/Recovery Consultant Firm and further discussions are planned, however, we believe the time and expense involved to develop this capability will be astronomical. We have discussed the Disaster/Recovery need with the senior management of the Computer Centers located at The Ohio State University and we all agree there is a mutual need to support any extended outage. The target date for a review is April 1, 1989.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

University Systems

3. Observation

Due to recent key personnel changes within University Systems and the fact that University departments are performing more of their own computer processing, senior members of the University Systems are unsure of the direction of the University Systems data center.

Recommendation

Once selected, the Assistant Vice President of University Systems should set as a priority the determination of the direction of the University Systems and communicate this with the employees.

University Response

Respondent: Larry Buell, Assistant VP University Systems

A revised statement of direction has been developed. It has been posted and distributed to University Systems employees and to the University community as of January 1, 1989.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

University Systems

4. Observation

The primary responsibility of the University Systems Security Administrator is the implementation of Top Secret and monitoring the physical security of the University Systems building.

Recommendation

In addition to monitoring the implementation of Top Secret and building security, Security Administration should perform various procedures to protect the data and resources from unauthorized access, loss, embezzlement, theft, natural disasters and fraudulent activities. These various procedures should include as a minimum:

- Periodic reviews of transaction logs.
- Periodic tests of the tape file backup procedures and inventories of tapes at backup locations for proper files and generations.
- Assistance with the development and testing of the disaster recovery plans.
- Periodic reviews of the application development and change procedures to ensure compliance with established standards.
- Reviews of the organizational structures to ensure adequate segregation of critical duties.
- Periodic reviews of the security systems to ensure passwords are periodically changed and adequately controlled.
- Reviews to ensure that output is properly distributed.
- Reviews to ensure that established physical security procedures are performed.

The Security Administration function within University Systems should be restructured and staffed to allow for the above procedures to be performed.

University Response

Respondent: Larry Buell, Assistant VP University Systems

We agree with the recommendations. The audit of inventoried tapes and reviews of physical security are currently being done. The remaining ones will be implemented as time permits.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

University Systems

5. Observation

University Systems presently maintains a number of separate data base files, each requiring its own programmers for support. The present backlog of programs to be modified or developed for the data bases is approximately one year. User departments not utilizing a separate data base receive limited application development support.

Recommendation

We recommend that a Steering Committee be created to provide guidance and direction for University Systems. The Steering Committee should be responsible for prioritizing projects to ensure compliance with overall University goals. Additionally, the Steering Committee should strive to integrate the various user data bases to reduce redundancy of data, to reduce the need for separate data base programming staffs, and to provide better support for non-data base users.

University Response

Respondent: Larry Buell, Assistant VP University Systems

University Systems is in the process of selecting members to serve on the Steering Committee. The Steering Committee's function and responsibilities will be the same as outlined in the report created by The Task Force on Computers and the Future of the University Committee.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

IRCC Systems

6. Observation

The Director of Academic Computing has the responsibility of reviewing all university purchases of computer hardware and software to ensure compatibility. The present system for requiring vendors to demonstrate their system's compatibility on the University's network appears to be working well. However, a consolidated list of approved vendors, equipment and software has not been provided to the user departments.

Recommendation

A consolidated list of approved vendor hardware and software should be maintained and distributed to the user departments. This approved list should ensure system compatibility and reduce departmental review time by limiting the systems to those on the approved list.

University Response

Respondent: Robert S. Dixon, Director of IRCC

The recommendations do not accurately portray the current status. Here is the actual situation:

1. When a vendor asks IRCC about compatibility with the campus network SONNET, we ask them to provide us with their hardware and software so that we can test it ourselves. No vendor has total compatibility; it is a matter of degree, with some features working well, some working poorly, and some which are totally absent. We write a report explaining all this, give the vendor an opportunity to clear up any misunderstandings and then make the report available to all interested parties. However, thus far this complete process has only occurred for one vendor, despite promises from others to participate. Another test is now in progress, and several others are scheduled. The net result is that there cannot be an "approved" list, only a "tested and evaluated" list.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

IRCC Systems

University Response - (Continued)

2. The above testing process has almost nothing to do with the approval of University purchases by IRCC. Almost all purchases are for microcomputers, and they do not directly attach to the network, so the testing is irrelevant for them. They attach via servers, which are ordered only rarely.
3. A document describing "recommended" microcomputer systems is published.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Billings and Accounts Receivable System (BARS)

*7. Observation

Reconciliations between the BARS and FAS are not being performed. BARS is a complex system whose transactions create significant accounting entries which affect many FAS accounts. Quarterly reconciliations provide for the timely identification and correction of errors in FAS. Such reconciliations are critical control procedures to assure all transactions are properly recorded in both BARS and FAS.

Recommendation

We recommend that reconciliations be prepared quarterly by Fees and Deposits for the following items:

1. The aged accounts receivable trial balance (both student and third party).
2. Deferred revenue accounts.
3. Fee payment authorization accounts.

University Response

Respondent: Al Rodack, Associate Treasurer, Treasurer's Office

Reconciliations are performed on an annual basis. Quarterly reconciliations were not achieved during the fiscal year 1987-1988; however, attempts will be made to implement these reconciliations during fiscal year 1988-1989.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Billings and Accounts Receivable System (BARS)

*8. Observation

A detailed accounts receivable trial balance is maintained but not reconciled on a quarterly basis for the third party accounts.

Recommendation

A detailed accounts receivable trial balance should be maintained on a quarterly basis for third party accounts and reconciled to the summary totals in the aged accounts receivable report.

University Response

Respondent: Al Rodack, Associate Treasurer, Treasurer's Office

Reconciliations are performed on an annual basis. Quarterly reconciliations were not achieved during the fiscal year 1987-1988; however, attempts will be made to implement these reconciliations during fiscal year 1988-1989.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Billings and Accounts Receivable System (BARS)

9. Observation

Charges for employee fee authorization expenses are not being posted to the individual department expense accounts on a timely basis. This is due to the lack of a coordinated effort between the Office of the Treasurer and Personnel Services.

Recommendation

In order for the individual departments to be charged in a timely manner the Office of the Treasurer and the Office of Personnel Services should jointly develop and implement a system to transfer expenses related to employee tuition fees.

University Response

Respondent: (1) Al Rodack, Associate Treasurer, Treasurer's Office

A system was implemented beginning Summer Quarter of 1988. An invoice is sent to Personnel Services during the seventh week of the quarter (after BARS clean up processing). Personnel Services then has two weeks to pay the invoice. Their payment generates charges to the appropriate departmental expense accounts.

Respondent: (2) Madison H. Scott, VP, Personnel Services

The Office of Personnel Services and the Office of the Treasurer have jointly developed a mechanized system which will enable Employee Fee Authorizations to be processed more efficiently. Specifically, during the seventh week of the current quarter Fees and Deposits will forward a mechanized listing of participants to the Office of Personnel Services. From this listing, no later than the eighth week of the current quarter, the Office of Personnel Services will charge the value of the Employee Fee Authorizations to the respective departmental expense accounts.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Cash Receipts

*10. Observation

The armored car delivery service adheres to a fixed pick up and delivery schedule at the remote cash collection areas. While the armored car delivery service is liable for funds stolen once the armored car has arrived at a collection point for a pick up, they are not liable for funds stolen just before the armored car has arrived (the time with the most risk of theft as the greatest amount of dollars are on hand).

Recommendation

In order to reduce the risk of theft at the remote cash collection areas, we suggest that this schedule be changed periodically for each collection point.

University Response

Respondent: Al Rodack, Associate Treasurer, Treasurer's Office

We have decided we should not follow this recommendation at this time. We would incur significant additional costs with the armored car company. Operationally, it would be difficult, if not impossible, to coordinate a dynamic pickup schedule with the numerous collection points. We feel that there is minimal risk with the present system. As a practical matter, pickup times do vary at each collection point from one day to the next. Additionally, we do not feel that a changing collection route would result in less exposure to robbery. Based upon these factors, we do not plan to implement this recommendation at this time.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

*11. Observation

During our testing of the purchasing and accounts payable system, we noted that invoices entered by Residence and Dining, the Ohio Agricultural Research Development Center and the Cooperative Extension Services were not properly cancelled upon data entry. This presents the opportunity for duplicate payments to be made in error.

Recommendation

The accounts payable policy requiring the data entry clerks to stamp their name on each entered invoice should be enforced. Satellites should be operating under accounts payable standard policies and procedures.

University Response

Respondent: Janet Achterman, University Controller

We agree with this recommendation and concur with the findings. Currently, Accounts Payable is developing an internal audit program and is anticipating performing audits on Satellite Accounts Payable offices. We will discuss both the observation and recommendation with the appropriate personnel in the Satellite Accounts Payable offices.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

*12. Observation

Currently, all vendor invoices which are below \$1,000 are automatically paid within 30 days unless the department submits a document to accounts payable requesting that the invoice not be paid. This negative approval approach assumes the department will receive and review invoice copies in time to stop the processing of a check if necessary. However, during our testing, certain departments indicated they do not always receive copies of invoices in time to stop check processing.

Recommendation

We recommend that when invoice copies under \$1,000 are sent to a department for review, a control sheet detailing these invoices be included for the department head to sign off his approval to pay and then return to accounts payable prior to checks being distributed.

University Response

Respondent: Janet Achterman, University Controller

We understand the concern and content of the observation. However, we are unable to determine the number of departments and the frequency of occurrences of untimely receipt of invoices. As a result, it is difficult to determine the cost-benefit of implementing such a program.

The control sheet discussed in the recommendation is the Accounts Payable Turnaround Document. This report was designed for 100 percent Exception Approval and will be placed into weekly production if 100 percent Exception Approval is implemented. This document will be sent to each department and returned to Accounts Payable with the departmental approval.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

*13. Observation

For goods received by a department rather than through central receiving, we noted several instances in which the department had no receiving record or packing slip. The departments with exceptions are as follows:

- Department of Physics
- Department of International Studies
- Facilities Engineering
- Ohio Union
- Office of Academic Affairs

Recommendation

The University should enforce its policy requiring departments to retain a record of receipt of goods.

University Response

Respondent: (1) James Garland, Chairperson, Physics

The reason these, and possibly other, packing slips are missing is because some of our faculty receive delivered items, open the package and either discard the packing slip or lose it. The department administration and our capable fiscal operation staff understand, agree with, and attempt to follow University procedure in these matters. It is frustrating to us, and adds to our accounting problems when these procedures are not followed. We shall continue our efforts to enlist better cooperation.

Respondent: (2) Stephen J. Summerhill, Assistant Vice Provost
International Studies

The instance of an absent packing slip occurred with a computer item which, unlike normal circumstances, the supplier delivered and installed at the same time. The item in question, an Etherlink Board, was in fact installed and is presently operational in our computer Local Area Network.

It was our oversight not to request the packing slip of the supplier. The oversight was caused by the special circumstances. We will be sure to request packing slips in similar situations from now on.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

University Response - (Continued)

Respondent: (3) Stuart Brace, Director Hospital Facilities
Engineering

I believe that the facts are correct and therefore concur with the findings. I also accept the recommendation and my staff have taken the appropriate steps to correct this problem.

Respondent: (4) David Mucci, Acting Director, Ohio Union

It is the policy of the Ohio Union to keep packing slips whenever possible. Many of our vendors do not send packing slips with the order but instead they send the invoice with the order. When this is the case it is our policy to check the order and sign the invoice to indicate that the delivery was received.

We have in the past had trouble with the invoices for Nickles Bakery not being signed due to the early hour of their delivery. We have informed our staff that the order is still to be checked and the invoice signed before the invoice will be processed for payment.

Respondent: (5) David Boyne, Associate Provost, Academic Affairs

We acknowledge that on a book purchase during 1987-1988 this office did not retain the packing slip for the book.

In a meeting on September 30, 1988, we will inform all secretaries and support staff that receiving records and packing slips will be retained on all purchases for the office.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

14. Observation

Many authorized signer cards are either out of date or missing.

Recommendation

In order for purchasing to perform a proper review of purchase order and purchase requisition authorization, we recommend that current authorized signer cards from each department be obtained.

University Response

Respondent: Penny O'Neil, Assistant VP, Business Services

The concept for Purchasing to have an up-to-date file of signature authorization cards was fine in earlier times. However, as we become more automated, especially with on-line requisition entry, it must be the using department's responsibility to establish appropriate authorization procedures. We will continue to evaluate the need for signature cards, especially for those departments which do not have on-line requisition entry capability.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

15. Observation

The accounts payable system (PDS) does not have an automated interface with the purchasing system to allow payments made to be posted against purchase orders. Consequently, the Purchasing Department does not have a transaction history by purchase order readily accessible to be used for vendor assistance and purchase order monitoring.

Recommendation

Consideration should be given to modifying the current systems to allow for such an interface.

University Response

Respondent: Janet Achterman, University Controller

We disagree with the observation. Currently, the Purchasing Department does have transaction history by purchase order readily accessible to be used for vendor assistance and purchase order monitoring. The Purchasing Department has terminals which access the accounts payable system (PDS).

We will work with the Purchasing Department as requested to develop an automated interface between the purchasing system and the accounts payable system (PDS).

Respondent: Penny O'Neil, Assistant VP, Business Services

We agree with this recommendation. Preliminary work on this has been started. Work will resume after the new release of the purchasing system has been installed (approximately 11/15/88).

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Purchasing and Accounts Payable

16. Observation

The purchasing system does not monitor whether a department completing a purchase order is an authorized user of the FAS account to be charged.

Recommendation

In order to reduce the likelihood of expense misclassification, consideration should be given to modifying the purchasing system to provide this review.

University Response

Respondent: Penny O'Neil, Assistant VP, Business Services

One feature of the new release is account validation. The department number and accounting information must match the FAS master chart of accounts in order to continue entering the requisition.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Personnel Services

*17. Observation

For each salary payroll processed, the individual payroll notice card (PNC) gross amount is compared to the proof listing prior to approval of the check run.

Recommendation

As each PNC addition or change has already been checked more than once prior to the receipt of the proof listing, we recommend a tape be run on the PNCs and the total compared to the total on the check proof listing. If no discrepancy is found between the two totals, check processing may then be approved.

University Response

Respondent: Madison H. Scott, VP, Personnel Services

On-line payroll processing will eliminate the need for the PNC. Until this new system is installed, we suggest that the current procedures be continued.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Personnel Services

*18. Observation

Current information is not maintained for all departments for calculation of accrued vacation and sick leave expense by the University. We understand that this responsibility has been considered to be that of each individual department. However, during our testing of payroll benefits, we noted certain departments which were not keeping adequate vacation and sick leave documentation.

Recommendation

We recommend that the Office of Personnel Services consider implementation of an automated timekeeping system, which would automatically calculate sick and vacation balances, on a University-wide basis. Until such a system is implemented, the Office of Personnel Services needs to keep the fiscal officers of each department or college unit aware of their responsibility to maintain vacation and sick leave documentation.

University Response

Respondent: Madison H. Scott, VP, Personnel Services

The Office of Personnel Services has and continues to consider implementation of a comprehensive automated timekeeping system for all University employees. This consideration will become a higher priority when sufficient resources are available to develop such a system on a University-wide basis. In the interim, University Systems, with the approval of the Office of Personnel Services, has developed a vacation and sick leave tracking system. This automated process was approved by Internal Audit, and is available on a University-wide basis. In conjunction with introducing this new system to the University Community, the Office of Personnel Services will continue to stress the importance of maintaining viable vacation and sick leave records.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Moveable Equipment

*19. Observation

The Department of Medicine and Hospital areas present special control problems to the University in terms of maintaining accurate location records, due to the necessity of moving special equipment to where it is needed.

Recommendation

Although it is impractical to monitor movement within these locations, we do recommend that the University investigate the feasibility of a tagging system for moveable equipment within these areas to detect whenever this equipment is removed from its assigned area. Movements of this nature could then be controlled through the moveable equipment data base by completing the OSU property status change form, or through logs maintained at each location for short-term movements.

University Response

Respondent: David Marsh, Assistant VP, Campus Planning and Space Utilization

University Hospital is installing a new data base to track moveable equipment. The Division of Equipment Inventory is working with the hospital to build an interface with EIS. The hospital has been working with our downloaded information to create their data base, but this has been more involved than they expected. Once we get the two data bases in sync and determine how to capture new information, we will address the recommendation.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Financial Accounting System (FAS)

*20. Observation

The University's Financial Accounting System is infrequently reconciled to the University Hospitals and OSU Research Foundation records. This appears to be the result of the following:

- a) In some cases, the entities' records are maintained on a different basis of accounting for purposes of reporting than that of the University.
- b) A lag often exists from the time that a transaction is recorded by the individual entity until it is recorded by the University.
- c) In some instances, the difficulty is compounded by entries which are recorded by the entity but fail to be transmitted to the University and FAS.

Recommendation

We recommend that management assign responsibility to accounting personnel from the University Hospitals, OSU Research Foundation and the University to reconcile their accounting on at least a quarterly basis. We understand that such procedures are actively being established with the University Hospitals and encourage the same be done with OSU Research Foundation.

University Response

Respondent: Janet Achterman, University Controller

We agree with this recommendation and will continue to work with University Hospitals and the OSU Research Foundation to complete quarterly reconciliations.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Intra-University Billings

*21. Observation

During our year end audit work, we noted that intra-university billings were not being made by the University Architects Office on a timely basis.

Recommendation

We recommend that the University Architects Office work to bring such billings up to date.

University Response

Respondent: Dick Eschliman, Assistant VP, University Architect

We learned that Touche Ross' comments were based on information obtained from the FAS AM091 report for May 31, 1988. We agree that at May 31, 1988 our position per the AM091 report looked unsatisfactory.

It should be noted, however, that adjustment and accruals for the entire 1987-1988 fiscal year were not processed until June, 1988. Therefore, the information on the May AM091 was not an accurate statement of our actual position.

Our account position was as follows for Work-in-Progress: May 1988 AM091 - \$8,545,032.22; June 1988 Actual - \$2,859,661.90.

We feel our department made substantial progress in rectifying the billing situation during fiscal year 1987-1988 (\$7,762,213.46 billed). In addition, our department will process adjustments and accruals on a monthly basis during the 1988-89 fiscal year.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Business Management

22. Observation

Reconciliations between the bank deposit slips and the bookstores' daily sales report are not being performed on a timely basis.

Recommendation

We recommend that the reconciliations between daily deposit information and recorded sales be performed in a timely manner.

University Response

Respondent: A.J.R. VanBuren, Assistant VP, Business Services

The bookstores' accounting section implemented additional procedures in June, 1988, to assure that bank deposit slips are received from all stores for all cash, check and charge card deposits, and that the deposit slips match the amounts reported on the stores' daily reconciliation form. The reconciliation generally takes place within 48 hours of the receipt of the bank deposit slips.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Internal Audit

23. Observation

As the University departments continue to purchase their own hardware and software, the future trend will be to network various departmental systems and utilize SONNET. The control and security issues relating to departmental systems are as critical to the departments as are the issues relating to University Systems.

Recommendation

Internal Audit should periodically review the departmental computer systems to ensure that control and security issues have been adequately addressed. These reviews should be performed to ensure that data are properly managed and protected securely against risks such as unauthorized access, loss, embezzlement, theft, natural disasters and erroneous or fraudulent activities.

Adequate policies and procedures for each departmental system should be reviewed to give control assurance that the data is safeguarded and that complete, accurate, authorized, consistent, timely, reliable and usable data and information are produced for the intended purposes.

University Response

Respondent: Mark A. Hilligoss, Director, Internal Audit

While we agree with the observation, we have conducted reviews of departmental systems within the limits of our resources. Specifically, during fiscal 1988, our system reviews included two micro-computer based systems, Expenditure Tracking System and Vacation/Sick Leave System; College of Dentistry; University Library; Traffic and Parking; Mershon Auditorium; University Health Services; and Ohio Union's Dash Cash System. Our departmental computer audit program addresses the risks stated in the recommendation. Also, the program has been enhanced to address network concerns that include SONNET.

Recognizing the need for increased abilities to review diverse departmental systems, we conduct in-house EDP training for our auditors to enable them to become and remain current on new trends and technologies in data processing.

We are unable to increase our emphasis in the EDP area without shifting resources from operational and financial audits, given our present commitment of resources to the mission of adequately ensuring balanced coverage regarding financial, operational and EDP risk areas.

THE OHIO STATE UNIVERSITY

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Division of Accounting

24. Observation

There is no formal documentation of the monthly reconciliation which is performed between the accounts payable trial balance and the FAS account balances. Such documentation provides for timely identification and correction of errors.

Recommendation

The Division of Accounting should document the monthly reconciliation between the accounts payable trial balance and the FAS account balances.

University Response

Respondent: Janet Achterman, University Controller

We agree with this recommendation. Beginning June 30, 1988, the monthly reconciliation process is being documented.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

YEAR ENDED JUNE 30, 1988

November 23, 1988

Boards of Trustees
The Ohio State University and
The Ohio State University Hospitals
Columbus, Ohio

As part of our examination of the financial statements of The Ohio State University for the year ended June 30, 1988, we studied and evaluated The Ohio State University Hospitals' system of internal accounting control to the extent we considered necessary in order to meet the requirements of generally accepted auditing standards. These standards require a study and evaluation of internal accounting control only for the purpose of determining the nature, timing and extent of auditing procedures necessary for expressing an opinion on The Ohio State University financial statements. Our study and evaluation was, therefore, more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole and would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control.

Our study and evaluation, made for the limited purpose described above, disclosed no conditions that we believe to be a material weakness. However, we did note the items in the following pages which we wish to bring to your attention.

We also have reviewed the status of our prior year recommendations and we noted that the Hospitals have taken appropriate action in implementing most of the recommendations. Items not fully implemented are noted with an asterisk (*) in this report.

This report is intended solely for the use of management and the Boards of Trustees and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the Auditor of State of Ohio, is a matter of public record.

Touche Ross & Co.

Certified Public Accountants

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

1. Data Center Physical Security and Environmental Controls

During a tour of the Hospitals data center, physical security and environmental control weaknesses were identified. The roof leaked above the computer equipment due to construction efforts. The cooling systems used are experiencing mechanical failures. Due to the size of the facilities and the large amount of equipment, there is little room available for future expansion and a concern regarding the effectiveness of the Halon fire extinguishment system. The rear door to the computer room, leading into an alley, does not have an alarm to alert personnel of unauthorized entrance or exit from the facilities.

Recommendation

We recommend that the following be implemented to strengthen the physical security and environmental controls of the Hospitals data center:

- a) Due to size constraints of the computer room, a facilities review should be conducted to identify possible new locations for the center having adequate size for expansion. The results should then be reviewed and consideration given to relocating or expanding the computer facilities.
- b) Computer equipment is required to be maintained at specific temperatures. The present air conditioning units are old and have had maintenance problems. Consideration should be given to replacing the air conditioning equipment.
- c) Because of the quantity of equipment in the computer room and the limited size, a study should be performed to review whether the Halon fire extinguishment devices are adequate to extinguish a fire from within the facility.
- d) In order to control access into and out of the computer room, an alarm should be connected to the computer room's rear exit door. The purpose of the alarm is to alert personnel of someone possibly gaining unauthorized access and to discourage employee theft.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

- e) We understand that the leak in the roof has been repaired; however, periodic reviews of the departmental computer facilities and the Hospitals data center should be conducted by the Security Specialist in order to ascertain the security of the equipment from theft, fire, water, heat, humidity and other disasters.

Status of Observation

- a) The Computer Operations Department is currently in the process of reviewing space for hardware within the Computer Center. This process has taken a two phase approach, with the first phase involving re-allocation and renovation of existing raised floor space to accommodate growth over the next 1-3 years. This first phase was completed in September of 1988 and is currently in the process of being implemented. The second phase of the process involves total review and capacity planning for total square footage requirements covering a 3-15 year time frame. This study covers total facility needs and includes evaluation of possible new locations.
- b) Environmental control systems in use in the computer room are aging and will be considered for replacement in conjunction with overall facilities planning. While we have had some maintenance calls on these units, we have experienced no significant problems in keeping them in operation.
- c) We agree with this recommendation and will commission a study of the HALON system.
- d) Alarms are not necessary since the area is attended at all times and entrances are within site of the operators in attendance.
- e) While all departmental computing facilities do not fall under the control of Computer Operations or Information Services, those that do are constantly reviewed for protection of equipment. Deficiencies are dealt with when identified.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

2. Network Data Security

With the installation of the network connecting the departmental computer systems, the issues of data security have not been adequately addressed. Based upon discussions with several staff members, in some areas, the use of password security for the Hospitals is used only as a formality. It appears that it is common practice to distribute system passwords to an entire department. In some areas, once a computer terminal has gained access to the system, terminals are allowed to remain on-line unattended from early morning until the system automatically shuts the terminals down at around 1:00 a.m. A clear audit trail of who has accessed files does not exist. Severe consequences such as litigation due to unauthorized access of patient files may result, should the security of data not be strengthened.

Recommendation

We recommend that the following be implemented to strengthen data security within the Hospitals' systems network:

- a) A Security Committee, reporting directly to the Administrator of Information Services, should be created to review the security issues concerning the network and to ensure the development of enforceable security policies. At a minimum, the committee should consist of the following personnel:
 1. A liaison between the User departments and Information Processing.
 2. A member of Patients Rights (for confidentiality issues).
 3. The Medical Records Administrator.
 4. The Patient Admitting Administrator.
 5. The Director of Hospital Security.
 6. The Director of Outpatient Operations.
 7. The Manager of Risk Management.
 8. A member of Internal Audit.
 9. A senior member of computer operations (for advice concerning system security capabilities and implementation).

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

- b) Because of the complexities of the Hospitals' systems network and the sensitivity of the data, a full time Data Security Specialist position with staff, should be created and filled. The Security Specialist should report directly to the Administrator of Information Services and to the Security Committee. The security staff should perform various procedures to protect the data and resources from unauthorized access, loss, embezzlement, theft, natural disasters, and fraudulent activities. These various procedures should include at a minimum:
1. Reviews of the security systems to ensure passwords are periodically changed and adequately controlled.
 2. Reviews to ensure that established data and physical security procedures are complied with.
 3. Daily reviews of transaction logs to identify security weaknesses or breaches.
 4. Oversee the physical security of the various departmental and Hospitals systems computers by ensuring that strict access policies have been developed and enforced as well as ensuring that the systems are adequately protected from natural disasters such as heat, humidity, fire, water and electrical outages.
 5. Assistance with updating and testing of the Hospitals Systems Disaster Recovery Plan.
 6. Periodic tests of the tape file backup procedures and inventories of tapes at backup locations for proper files and generation.
 7. Periodic reviews of the application development and change procedures to ensure compliance with established standards.
 8. Reviews to ensure that output is properly distributed.
- c) Due to the sensitivity of patient files and data, we do not recommend that the Hospitals systems be connected to the SONNET (System Of Neighboring Networks) system.
- d) A transaction audit trail should be created to permit the Security Specialist to trace each transaction to a specific person, to determine the files accessed and the changes made for any system transaction.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

- e) Computer terminals not being utilized for a limited period of time should be automatically signed-off of the system.

Status of Observation

Until recently, the management of password assignment was primarily the responsibility of the supervisors and directors of each department on an application by application basis. Some departments had tight, well maintained security, while others did not. As system management has become more centralized, so has the management of password security; the Information Services Division now plays a direct role in the management of password security assignments. The assignment of "department passwords" will be carefully scrutinized in the future. Further explanations of password security within the Hospitals is detailed in the document, titled CICS Security Procedures; further discussion of security philosophy is in the description of the Data Security Committee that follows.

- a. In the summer of 1988, a Management Council Committee was formed to address Data Security within the Hospitals' changing Information Systems environment. The Chair of the committee, the Coordinator for Clinical Information Systems, reports to the Administrator for Information Services. This committee meets once a month for the purpose of enhancing existing and/or developing new Policies and Procedures necessary for Data Security.

Currently the committee is conducting a national survey of other major medical centers and their security policies. The focus will then be on OSUH's new development projects within the Network environment. The initial phase of the Hospitals Network System represents clinical computing; therefore, the committee is focused on the future needs of interactive and widely used clinical applications and systems. In particular, the access of patient information from off-site facilities and staff, as well as use by in-hospital personnel is being reviewed.

The Committee plans to make Policy and Procedure recommendations in June, 1989.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Status of Observation (Continued)

- b. While the addition of any staff to the department would be appreciated, the security of systems is managed by both the procedures outlined in CICS Security Procedures, (specifically under the headings DAILY, WEEKLY, and SIX MONTHS) and by the Coordinator for Clinical Information Systems. This position has responsibility for Clinical Information Security and also chairs the Management Council Committee for Data Security described above. The method of follow-up and enforcement of policies is also being addressed by the Data Security described above. The method of follow-up and enforcement of policies is also being addressed by the Data Security Committee and any changes or enhancements will be included in the recommendations made to Hospitals Administration in June.
- c. The issue of security in regards to SONNET is and has been reviewed by experts from across the University. While it is considered desirable, particularly in support of the research mission of the University to have access to SONNET, until the security can be guaranteed to both the Hospitals' and to University Systems, there will be no connection between these systems.
- d. As new systems are developed in the Network environment, the project development teams are specifying that audit trails be produced as interactive systems are developed.
- e. The Hospitals recognize and agree with the observation concerning the automatic logging off of terminals. A project is currently underway to upgrade the release of CICS running on the mainframe computer. In this release upgrade is included the capability to specify automatic logouts for all terminals, on a case by case basis. With this enhancement the issues of automatically logging off terminals can be effectively addressed without detriment to daily operations in the areas affected.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

3. Payroll

It was our understanding that the cost centers were to review the Employee Report of Time to verify payroll input. During our testing, we noted that this was not being performed.

Recommendation

The Hospitals' cost centers should perform a verification of payroll input and output. We are aware of several cost centers which record employee hours per time sheets and verify these hours to payroll output. This policy should be enforced for all cost centers.

Status of Observation

Communication was made to the Cost Centers last year explaining the need for verification and that they were to be responsible for compliance. Compliance has been sporadic thus far, and this issue will receive additional emphasis in early 1989 to assure compliance before the next audit. In conjunction with the verification process, we will be implementing new time card procedures which will require that all time cards be submitted with batch controls. This will minimize late and missing time cards and, in general, will provide for improved tracking of the time cards through the entire payroll process.

Once the new procedures are implemented, the Hospital's Auditors will verify compliance.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

4. Outpatient Billing Systems

Many ambulatory charges are not being billed due to medical current procedure terminology CPT codes being input into the billing system rather than surgical codes. In addition, the system table of ambulatory charges is not being updated. As a result, charges input for services are not being billed.

Recommendation

To facilitate charges being billed properly and timely, uniform coding procedures should be established for all departments inputting ambulatory services and the system edit table of ambulatory charges should be updated on a timely basis. Additionally, edit listings of unbilled ambulatory services should be reviewed regularly and corrected for subsequent billing.

Status of Observation

The overall observations made by Touche Ross are correct, but some clarification needs to be made as to why systems and procedures are currently the way they are.

The Table of Ambulatory Charges has not been updated since the system was implemented in September/October 1987. These updates have not occurred due to Medicare's delay in approving the 1988 CPT codes, and therefore, they will not accept them for payment. For Medicaid patients, we are using 1988 CPT codes, but are having to manually enter them onto the bill if the billing system does not accept them as a valid code.

Currently, "ambulatory charts" consist of charts for patients having ambulatory surgery on the 4th floor of Doan/Rhodes Hall, Emergency Department reports and Outpatient Surgeries performed in the Clinic. The coding of these records is performed by many individuals, including Medical Record Coding Specialists in the Medical Record Department. Since one area is not currently responsible for the coding of all of these charts, it is almost impossible to assure consistent coding from all individuals involved. On many occasions, when the Medical Record Coding Specialist has entered CPT codes into the BS81 (Outpatient Billing System), there were already codes entered onto the screen which were incorrect.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Status of Observation (Continued)

Although Medical Records correct the ones which we are responsible for, we cannot guarantee that all individuals are verifying and correcting codes before billing in the other areas. Medical Records is currently working with the Computer Center to obtain an accurate and complete listing of all individuals having access to the BS81 system. This will help determine the need for training of these individuals and also establish a line of communication to other areas to notify them of updated regulations concerning CPT coding principles.

It should be mentioned, an overview audit was recently completed by Ernst and Whinney on the Hospitals' CPT coding for Ambulatory Surgery. The preliminary verbal discussions indicate we are doing the best and most complete coding they have seen to date. This is a developing area of expertise for the entire industry and the proposed changes above will help us continue to improve.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

5. Medical Record Sign-Out

Per review of the Peer Review Organization (PRO) reports we noted that seven medical records selected for review in the fourth quarter could not be located. Five of the medical records were subsequently found and reopened for PRO review. However, the remaining two records were not located and resulted in two PRO technical denials for which the Hospital is financially liable.

Recommendation

The Hospitals should continue to improve and enforce the documentation of the follow up process and sign-out for medical records signed out and not returned in a timely manner.

Status of Observation

The Medical Record Department is in the process of reviewing automated chart tracking systems since funding has been secured to purchase a system in fiscal year 1988-89.

A requirement for a chart tracking system is a report that would indicate all overdue records. This would permit prompt attention to all records not returned to the department.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

6. Disaster Recovery Plan

The disaster recovery plan for the Hospitals' system has not been updated or tested to reflect the change in organizational structure and the change in processing required with the network.

Recommendation

The disaster recovery plan for the Hospitals data center should be updated to reflect the new organization. A disaster recovery plan for the remaining computers on the Hospitals network should be documented. The plan should address at a minimum:

- Hardware/alternate processing site
- Data communications
- Master files/database records
- Operating system and application programs
- Transaction data
- Special documents or forms
- Duties and responsibilities

The plan should be tested at least annually for all of the computers to enable the systems to recreate the files and resume processing in the event of a critical failure or destruction of data processing capability. The testing of the plan is beneficial to ensure that the plan is current, that personnel involved know the priorities, their duties and responsibilities; to ensure that the software will operate on a backup computer system; to identify whether the backup facility has sufficient capacity to ensure the continuation of processing capabilities; and to define the controls used to establish that recovery is complete and accurate. The plan should be developed with the assumptions of short term and long term equipment failure as well as extensive destruction of the data center. A risk review should be performed as part of the annual testing to ensure that the Hospitals systems have adequate insurance coverage for the equipment, software, reconstruction of programs and data and business interruption costs.

Status of Observation

At the time the auditors visited the facility, the organizational structure of the departments in question was in a state of flux. Now that all organizational issues have been decided, a committee of senior staff members has been formed to review, revise and publish the disaster recovery plan. Assistance in the review stages of this project will be sought from the Hospitals' internal auditing department.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

Status of Observation (Continued)

In addition to the task of review and revision, the Disaster Recovery Committee has been assigned the responsibility of devising ongoing test requirements for the plan. While it is recognized that certain elements of the plan cannot be tested due to the 24 hour nature of the data center operation, the majority of the plan can and should be tested on a regular basis.

As a first step of dealing with the testing issue, the Disaster Recovery Committee organized and conducted a test of the notification procedures in the existing plan on January 27, 1989. A report of the results of the test is being drafted now. By conducting this test, it is hoped that better methods for incorporation in the final testing scenario can be identified. Once the testing plan has been finalized and regularly scheduled tests initiated, we will request our internal auditing department to monitor and control reporting on testing results.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

7. Uninterruptable Power Supply

In order for the network to remain fully functional to provide accurate billings and patient records, each computer being networked will require an Uninterruptable Power Supply (UPS) to ensure that transactions are not lost during power outages.

Recommendation

Each departmental computer system and the Hospitals data center computers, should have a UPS to ensure the system is fully operational during power outages.

Status of Observation

The acquisition of uninterruptable power supply for computer facilities is being studied, with a range of options being considered ranging from individual devices for each computer to a building-wide UPS. It should be pointed out that applications have been designed in such a way that there is no risk whatsoever of "lost" transactions even without a UPS. The maximum exposure related to this issue is disruption of service and loss of processing capability for a period of time. All transactions are recovered and processed upon resumption of service.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

*8. Inpatient and Outpatient Billing Systems

We noted the following deficiencies in the inpatient and outpatient billing systems:

- The billing systems do not provide the capability for centralized physician billing, resulting in numerous physician invoices to individual patients.
- In certain circumstances substantial delays can occur in the issuance of billings following discharge or the performance of outpatient services.
- In the case of multiple payors, aging information for credit and collection follow up could be improved.

Recommendation

We recognize that the Hospital does not have responsibility for physician billings; however, we believe management should continue to coordinate the development of its billing system with that of the physicians to achieve maximum benefits from a centralized system.

We recommend that the Hospitals consider modification of the current billing systems to provide billing on a timely basis and to provide improved credit management information.

Status of Observation

Hospital management agrees with the above recommendations and an external consulting firm has recently completed their study on the physician centralized billing system. The same external consulting firm will begin a review of the outpatient billing cycle in January, 1989 and this study will certainly compliment the centralized physician billing system.

Until the outpatient billing system is modified, the Business Offices will continue to develop internal management reports to monitor accounts receivable and billing activities.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

9. MSA General Ledger System

The Hospital is currently in the process of implementing a new MSA general ledger system. This system is to be fully implemented in fiscal 1989.

Recommendation

Due to the large number of applications used on microcomputers, consideration should be given to generating these using the MSA report writing capabilities. Proper controls and security should be maintained upon retrieval of data from the MSA system. In addition, internal audit should be involved with the installation and conversion of the new system to ensure that controls are in place to protect data integrity.

Status of Observation

In the fall of 1987, the Hospitals Board reviewed the proposal that gave The Ohio State University Hospitals the opportunity to contract with Management Science America (MSA) to be a beta site for their DB2 General Ledger System. This system has been installed and the Hospital is now busy working on the conversion process. At the present time, we are writing the reports that will be used for financial reporting and we are hopeful the final conversion will take place in early 1989. Security controls have been initiated with password requirements necessary for access and internal audit has been invited to review the controls.

Discussions have recently begun on sub-system interfaces and those will immediately follow conversion to reduce the number of applications on microcomputers. Hospital Management is pleased with this conversion thus far, and is confident this system will meet many of our needs for financial reporting.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

10. Financial Accounting System (FAS)

The University's Financial Accounting System is infrequently reconciled to the Hospitals' financial accounting system. This appears to be the result of the following:

- a) In some cases, the Hospitals' records are maintained on a different basis of accounting for purposes of reporting than that of the University.
- b) A lag often exists from the time that a transaction is recorded by the Hospitals until it is recorded by the University.
- c) In some instances, the difficulty is compounded by entries which are recorded by the Hospitals but fail to be transmitted to the University and FAS.

Recommendation

We recommend that the Hospitals reconcile their financial accounting system to the University's Financial Accounting System on at least a quarterly basis.

Status of Observation

The Hospitals' Fiscal Services Department is working with the University Controller's Office for ways to simplify the reconciliation process. More emphasis will be spent on accomplishing this recommendation by June, 1989. We will explore opportunities to eliminate the manual reconciliation process with a mechanized approach as the reconciliation process that currently exists is far too complicated and cumbersome. We agree additional emphasis is needed in this area.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

11. Data Processing Standards and Policies Manual

Programmers and other staff do not have access to updated versions of application development standards and systems facilities manuals. By not using current versions of standards, the possibility of inconsistent programming, excessive errors and inadequate documentation exists.

Recommendation

We understand that a project team has been organized and is presently working on the development of current standards. We recommend that the standards review and updating process be continued.

Status of Observation

The project team is currently finalizing the contents of the standards and policies manual and will be assigning sections to individuals to revise outdated material.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

12. Room and Board Processing

On certain dates, processing of midnight census data was aborted and not rerun resulting in room and board charges not being billed to several patients.

Recommendation

The Hospitals' computer center personnel should review the system message indicating the start and completion of the midnight census to ensure that processing was completed and record this in the transaction log. A daily reconciliation of room and board charges per the midnight census and room and board charges per the daily balance forward summary should also be performed.

Status of Observation

Effective September 1, 1988, the computer operators are required to review the system's messages and record the start and end times for the Midnight Census on the Computer Log Worksheet daily.

The Business Systems Group, on several occasions, has verified that this is being done since September 1. This results in a double check of the Midnight Census on-line job since the admitting terminal operator is also responsible for the completion of the job. The Hospitals' Admitting Department and Business Office are currently in the process of implementing a reconciliation procedure for the purpose of verifying room and board charges per the Midnight Census and the Daily Balance Forward Report.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

13. Pharmacy Inventory

Several test counts of the pharmacy inventory recorded during the physical inventory observation could not be agreed to the inventory compilation or reconciled.

Recommendation

To ensure that the inventory compilation properly reflects physical inventory as input from inventory count sheets, edit listings of physical inventory counts input should be generated which can be cross referenced to sequentially numbered inventory count sheets. Additionally, inventory count sheets should be maintained for a reasonable amount of time and any modifications from the inventory count sheets to the ultimate compilation quantities should be documented and maintained on file.

Status of Observation

The Hospital agrees that a system of cross referencing inventory count sheets to the computer compilation list would be beneficial. The Department of Pharmacy will seek to change the reporting format of the inventory reports to provide a separate computer compilation for each inventory booklet, as well as an overall inventory summary report. This will allow us to track inventory discrepancies to a specific booklet with minimal computer program modifications.

The customary procedure for the Department of Pharmacy is to maintain inventory count sheets for a minimum period of one year. To improve on this, the Department's Document Retention Schedule will be amended to include retaining the inventory count sheets for a 12 month period after the external audit is completed.

THE OHIO STATE UNIVERSITY HOSPITALS

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

14. Network System

From discussions with senior members of the Hospitals' systems staff, the completion and successful implementation of the network systems is dependent upon receiving adequate funding for the continuation of the project. Specifically, in order to interface the departmental computers and capture departmental charges, considerable internal and vendor programming will be required.

Recommendation

We recommend that a detailed analysis of the necessary funding requirements be conducted and that appropriate consideration be given to providing funding to complete the network system.

Status of Observation

It is clearly understood that adequate funding is necessary to support the maintenance and development of any program(s) in any organization; OSUH shares this understanding.

Information Services is presently in the final stages of a 3-year plan that reflects the needs and priorities necessary to support the maintenance of the Hospitals' current Information Services/Systems and the acquisition of new services/systems. The responsibility for system interfaces with outside vendors is clearly specified in any documentation to vendors prior to any selection process; this includes how the interface will be paid for.

The 3-year plan spells out clearly future Hospitals' system priorities, as well as where and when funding is necessary.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

LETTER OF RECOMMENDATIONS

JUNE 30, 1988

August 12, 1988

Board of Directors
The Ohio State University
Development Fund
Columbus, Ohio

We have examined the financial statements of the Ohio State University Development Fund for the year ended June 30, 1988, and have issued our report thereon dated August 12, 1988. As part of our examination we made a study and evaluation of the Development Fund's system of internal accounting control to the extent we considered necessary in order to meet requirements of generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the Development Fund's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of the Development Fund is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Board of Directors
The Ohio State University
Development Fund

August 12, 1988

Our study and evaluation of the system of internal accounting control of The Ohio State University Development Fund for the year ended June 30, 1988, which was made for the purpose set forth in the first paragraph, would not necessarily disclose all weaknesses in the system. Our study and evaluation disclosed nothing that we believe to be a material weakness.

However, we did note the item on the following page which we wish to bring to your attention.

The comment noted on the following page was presented previously in our letter dated September 4, 1987.

This report is intended solely for the use of management and should not be used for any other purpose.

Touche Ross & Co.

Certified Public Accountants

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

LETTER OF RECOMMENDATION

Observation

During our review of The Ohio State University Development Fund's Constitution and By-Laws, we noted that 17% of the total funds solicited by colleges in any calendar year should be retained by the Development Fund. We noted that these amounts were not retained.

Recommendation

Management should consider amending the Constitution and By-Laws to reflect current operations.

Management Response

Management once again recognizes and acknowledges the discrepancies between the Constitution and By-Laws of the Development Fund and current operations. This discrepancy is, and has been, a matter of ongoing discussion among and between Development staff, the University President and the Board of Directors of the Development Fund. It would be our intent to inform all audit agencies immediately upon these discussions coming to a resolution.

WOSU STATIONS
LETTER OF RECOMMENDATIONS
JUNE 30, 1988

October 31, 1988

Mr. Dale Ouzts
General Manager
WOSU Stations
The Ohio State University
Columbus, Ohio

We have examined the financial statements of WOSU Stations for the year ended June 30, 1988, and have issued our report thereon dated October 31, 1988. As part of our examination, we made a study and evaluation of WOSU's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on WOSU's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of WOSU is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Mr. Dale Ouzts
WOSU Stations

October 31, 1988

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of WOSU taken as a whole. Our study and evaluation disclosed no condition that we believed to be a material weakness.

However, we did note the item on the following page which we wish to bring to your attention.

This report is intended solely for the use of management and should not be used for any other purpose.

Touche Ross & Co.

Certified Public Accountants

WOSU STATIONS

LETTER OF RECOMMENDATIONS

General

Observation

We understand that WOSU is considering computer application needs for the IBM System 38 computer to automate many of the accounting functions.

Recommendation

We recommend that the following applications and accounting systems be considered to improve accounting efficiencies and to better utilize available resources:

Broadcast rights additions, write-offs and amortization system

Program schedule and logs system

Cash requirements and cash flow analyses system

Accounts receivable system

Accounts payable system

Reconciliations of internal records to FAS programs

Sales system

Equipment and property accounting system

Integrated internal general ledger and financial statements system

Because of the critical issues that must be addressed in the consideration of the systems, e.g., whether to purchase or develop each system, methods of implementation and testing and adequacy of controls, we recommend that WOSU management consider using qualified consultants to assist with the project.

Management Response

The WOSU Stations are in the process of determining system needs for the Business Office. To assist us with this project, we are investigating the use of consultants to address the critical issues associated with computerizing the accounting operations.

In the meantime, the WOSU Stations have been busy developing an internal timekeeping system to track employee sick leave, vacation and compensatory time balances.

PARMS & Co., Inc.

CERTIFIED PUBLIC ACCOUNTANTS 400 EAST TOWN STREET - SUITE 200 - COLUMBUS, OHIO 43215 (614) 224-3078

October 20, 1988

The Board of Trustees
The Ohio State University
The Ohio State University Housing Commission

We have completed our examination of the financial statements of The Ohio State University Dormitory Revenue Bond Fund and The Ohio State University Housing Commission for the year ending June 30, 1988. As part of our examination, we have performed a study and evaluation of the system of internal accounting control maintained by Residence and Dining Halls. Our study and evaluation of internal accounting control was not a detailed review of the organization's internal accounting control, but was a limited review performed to determine the nature, timing and extent of auditing procedures necessary for expressing an opinion on the financial statements in accordance with generally accepted auditing standards.

A system of internal accounting control is defined by the American Institute of Certified Public Accountants as the plan in an organization and related procedures and records in effect that are concerned with the safeguarding of assets and the reliability of financial records. Management is responsible for maintaining this system of internal accounting control. We recognize, however, that in fulfilling this responsibility, practical considerations are largely the controlling factor in instituting changes in management policies and accounting procedures to improve internal control.

The objective of internal accounting control is to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projections of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Dormitory Revenue Bond Fund or the Housing Commission taken as a whole. However, our study and evaluation disclosed conditions that we believe are material weaknesses in internal accounting control for which corrective action should be taken. Our observations and recommendations concerning such conditions are set forth in the sections below. These conditions were considered in the nature, timing, and extent of our audit test applied in our examination of the June 30, 1988 financial statements.

The preceding comments are made solely in the interest of improving the system of internal accounting controls of The Ohio State University Residence and Dining Halls. Our comment is in no way intended to reflect on the capabilities, honesty or integrity of any of the University's employees.

This report is intended solely for the management of The Ohio State University and the management of the University's Residence and Dining Halls and should not be used for any other purpose.

Parsons & Co., Inc.

Sincerely,

SEPARATION OF DUTIES

During our review, we noted that the accounting clerks in the graduate housing area had incompatible duties. The clerk was responsible for collecting cash, preparing deposits and recording receipts.

We recommend the graduate housing area separate these duties among several people if economically feasible.

Posting Errors And Unrecorded Adjustments

During the year, there were posting errors that were made to the financial statements that were not corrected on a timely basis. One error occurred when collections on delinquent student revenue accounts were incorrectly posted to the bad debt expense account. Another error occurred when a newly created accounts payable account did not properly roll up to the financial statement, causing both the accounts payable and cash accounts to be in error.

In addition to the above noted errors, there were several routine accounting adjustments that should have been recorded during the year, but were not.

It is our belief the reason these errors were not corrected and routine adjustments were not recorded was because the Senior Accountant who is responsible for these tasks retired during the year and the position went unfilled.

Because of the structure of the Business Office, the Senior Accountant plays a pivotal role in the accounting process for Residence and Dining Halls. Historically, the senior accounting position was responsible for among other things, reviewing and reconciling general ledger accounts balances and recording required adjusting entries. Having this position vacant has caused certain reviewing and reconciling tasks to go undone. Consequently, an important internal control process is not functioning properly.

Accordingly, it is our recommendation that the review and reconciliation responsibilities of the senior accounting position be delegated to current member(s) of the fiscal staff.

CLOSING COMMENTS

We would like to emphasize that our comments are made for the purpose of outlining areas where internal control could be improved. We recognize that practical considerations are a controlling factor in instituting changes in management policies and accounting procedures to improve internal control. Accordingly, management must weigh the probable additional cost of making any changes against the risks and costs which the present system may involve.

THE OHIO STATE UNIVERSITY
OHIO REVISED CODE COMPLIANCE LETTER
YEAR ENDED JUNE 30, 1988

November 23, 1988

Honorable Thomas E. Ferguson
Auditor of State of Ohio and
The Board of Trustees
The Ohio State University
Columbus, Ohio 43210

We have examined the financial statements of The Ohio State University, for the year ended June 30, 1988, and have issued our report thereon dated November 23, 1988. Our examination was made in accordance with generally accepted auditing standards and the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The management of The Ohio State University is responsible for the University's compliance with laws and regulations. In connection with our examination referred to above, we selected and tested transactions and records to determine the University's compliance with laws and regulations, noncompliance with which could have a material effect on the financial statements of the University. We also selected and tested records and transactions to determine the University's compliance with laws and regulations, noncompliance with which, while not material to the combined financial statements, the Auditor of State of Ohio has determined to be significant as a matter of public policy, public stewardship, or public accountability.

The results of our tests indicate that for the items tested, The Ohio State University, complied with those provisions of laws and regulations, noncompliance with which would have a material effect on the financial statements. The results of our tests also indicate that for the items tested, the University has complied with those provisions of laws and regulations that the Auditor of State of Ohio has determined to be significant as a matter of public policy, public stewardship, or public accountability, except as noted in the following pages.

Honorable Thomas E. Ferguson
Auditor of State of Ohio and
The Board of Trustees
The Ohio State University

November 23, 1988

Nothing came to our attention that caused us to believe that for the items not tested The Ohio State University was not in compliance with laws or regulations noncompliance with which could have a material effect on the University's financial statements or noncompliance with which indicates significant violations of public policy, public stewardship, or public accountability.

Thomas R. R. R.

Certified Public Accountants

*1. Citation

Section 125.081, Ohio Revised Code, requires the University to set aside contract business for bidding by minority firms. According to Section 125.081, this requirement exists to insure that 15% of the aggregate value of all contracts awarded by the University are awarded to minority businesses. While the University has a program in place for this purpose, only 5.62% of aggregate value of contracts was awarded to minority businesses in fiscal year 1988.

Recommendation

The University should continue to aggressively solicit minority businesses in order to meet the requirement imposed by Section 125.081.

University Response

Respondent: Penny F. O'Neil, Assistant VP, Business Services

We agree. To that end, we have hired a consultant to review our minority set-aside program, and offer recommendations for improvement in our efforts to meet the 15% set-aside goal.

In addition, we are sending copies of all our bids to the State EEO office for dissemination to certified minority vendors throughout Ohio. Through these and other efforts, we hope to make a positive move towards the 15% set-aside goal.

* - Indicates repeat of prior year citation.

2. Citation

Section 135.18, Ohio Revised Code, provides that securities which are issued by other than states of the United States are not eligible securities to be pledged as collateral for public monies. The Code also states that securities in default are not eligible to be pledged as collateral for public monies. During our examination, we noted two instances where non-eligible securities were included in the bank's pool of securities held for collateralization.

Recommendation

The University should arrange for all securities pledged as collateral for University deposits to be eligible per Section 135.18.

University Response

Respondent: Alvin C. Rodack, Associate Treasurer

The Office of the Treasurer quarterly reviews the statistics on the pooled collateral for public monies provided by the depository banks. We will attempt to notify them of any discrepancies with the Ohio Revised Code and request that they correct the situation.

*3. Citation

Section 3335.05, Ohio Revised Code, provides that the Treasurer shall give bond to the State for a sum which is not less than the probable amount that will be under his control in any one year. The Treasurer's fidelity bond was set at \$3,000,000 in 1981 and has not been increased since that time. This amount is not sufficient to provide the coverage required by the Code.

Recommendation

The Treasurer's bond coverage should be reevaluated based upon the risk of loss defined by this section.

University Response

Respondent: James Roesch, Coordinator, Personnel Services

Bond coverage for the Treasurer (\$3 million) has been approved by The Ohio State University Board of Trustees and is well within thresholds used by other major state universities. If \$3 million is not sufficient, what amount is? This market is "thin" and the premiums for the higher limits will be very expensive. Should the desired limit be \$10, \$50 or \$100 million, I am not sure that much insurance is available, at any premium. Obviously, we have a trade-off. What does Ohio State feel "comfortable with", how much is available, and at what premium? The answer is and remains \$3 million.

* - Indicates repeat of prior year citation.

*4. Citation

Section 3345.29, Ohio Revised Code, provides that the University shall establish an office of contract compliance to monitor all contracts to insure compliance with state and federal law regarding affirmative action. This office shall keep such current records on contractors which have been reviewed and submit an annual report to the General Assembly as part of the University's Capital Plan. The University has established an office of contract compliance, but as of June 30, 1988, the office had not begun functioning in the capacity prescribed by the Code.

Recommendation

The Office of Contract Compliance should monitor all contracts and submit an annual report to the General Assembly as required by Section 3345.29, Ohio Revised Code.

University Response

Respondent: Richard W. Eschliman, Assistant VP,
Architect's Office

Our formal plan was submitted to Business and Administration during February, 1989.

We have been monitoring contracts and keeping records and our Compliance Officer coordinates with State offices including EEO. We should be fully operational by June 1, 1989.

* - Indicates repeat of prior year citation.

5. Citation

Section 124.13, Ohio Revised Code, specifies the vacation leave and holiday pay for all state full-time employees. During our payroll testing, 31 of 45 selections were eligible for vacation accrual. For two of the 31 vacation accruals tested, there was insufficient documentation to support the testing of the accrual balance.

Recommendation

The University should consider implementation of an automated timekeeping system, which would automatically calculate sick and vacation balances, on a University-wide basis.

University Response

Respondent: Madison H. Scott, VP, Personnel Services

The Office of Personnel Services has and continues to consider implementation of a comprehensive automated timekeeping system for all University employees. This consideration will become a higher priority when sufficient resources are available to develop such a system. In the interim, University Systems, with the approval of the Offices of Personnel Services and Internal Audit, has developed a vacation and sick leave tracking system which automatically computes accrual and vacation/sick leave balances. In conjunction with introducing this new system to the various departments, the Office of Personnel Services will continue to stress the importance of maintaining viable vacation and sick leave records.

*6. Citation

Section 9.38, Ohio Revised Code, requires public monies received by a department to be deposited with the Treasurer within twenty-four hours. University policy requires that amounts over \$200 be deposited within twenty-four hours but amounts less than \$200 be deposited on at least a weekly basis. During our detailed testing of departmental deposits, we noted that in 8 out of 30 selections, departments did not make their deposit to the Bursar's office within the time frames as specified by both the ORC and University policy.

Recommendation

Public monies received by departments should be deposited with the Office of Fees and Deposits in accordance with University guidelines.

University Response

Respondent: (1) Alvin C. Rodack, Associate Treasurer

All "public monies" are in fact deposited via a wire transfer from the State to our bank account. All tuition and fees are processed by the Office of Fees and Deposits with daily and sometimes twice daily deposits.

Other public monies received are deposited per our University deposit procedures distributed to these units, i.e., when an accumulation of \$200 is reached, but at a minimum weekly.

Respondent: (2) David E. Schuller, Chairperson, Otolaryngology

The delay was due to the person in charge of depositing the checks. It is the policy of the department to follow Section 9.38 of the ORC which requires public monies to be deposited within 24 hours, and this practice will be adhered to in the future.

Respondent: (3) Roy L. Leary, Admin. Manager, Dentistry

We agree that the dental clinic deposits were not made on a timely schedule. The reason for the delay has basically been the result of personnel. We have been operating a four-person office with two and three persons in anticipation of decentralizing the collection of fees with the installation of a new computerized clinical program.

In the meantime, we will deposit all currency the day following receipt. We will need to keep checks for a longer period until balancing is completed. At such time the decentralization takes place, checks will also be deposited the day following receipt.

* - Indicates repeat of prior year citation.

*6. Citation - (Continued)

Respondent: (4) Mervin E. Muller, Chairperson, Computer & Information Science

We will make every effort to deposit checks in a timely manner. However, the statement "Computer and Information Science did not make their deposit to the Bursar's Office within the time frames as specified by both the ORC and University policy" is correct but is inconsistent with our understanding of written procedures. Furthermore, I understand that during the audit a question was raised about the dates on the checks (all were for November) and we would like to point out that in many cases much time elapses between the writing of the check and the receipt of the check for depositing.

We appreciate the importance of following procedures which are realistic, practical and efficient. The 24-hour limit may be unrealistic to expect if the check is received on a Friday afternoon or before a holiday.

Respondent: (5) Stephen J. Summerhill, Asst. Vice Provost, International Studies

We were unaware of the State and University rules cited. We have instituted the recommended change, i.e. daily deposits of public monies in amounts over \$200 and at least weekly deposits of amounts less than that.

Respondent: (6) David T. Mucci, Associate Director, Student Unions

The factors that impacted on that situation were: (a) a small office staff; (b) a restriction in the number of individuals handling cash; and (c) illness affecting the two individuals making the deposit. Despite these factors, it is clear deposits in excess of \$200 must be made within 24 hours of receipt. First and foremost, the deposits need to be a priority in the office. We propose the following solutions: (1) Training of the Drake Union Manager to make such deposits in the absence of his staff; and (2) Provision of Ohio Union accounting staff to handle such deposits in the absence of trained Drake Union staff.

Respondent: (7) John M. Ellinger, Asst. VP, Agricultural Admin.

We can only assume that this involves daily deposits that are picked up at the Zone pickup twice a week, Tuesday and Friday. With the Meat Lab in operation, receipts are more than \$200 but deposits are prepared daily and sent to zone pickup in order to correct this problem.

Respondent: (8) C.W. Brunson, Director, Traffic and Parking

Our deposits are no longer made to Fees and Deposits; instead, they are made directly to the bank via Metropolitan Armored Car, usually within a period of less than 24 hours.

* - Indicates repeat of prior year citation.

*6. Citation - (Continued)

Respondent: (9) A.J.R. VanBuren, Asst. VP, Business Management

We agree. The Department of Reprographics' policy regarding deposits is in accordance with University guidelines. Appropriate counseling or disciplinary action is taken if an employee is found to deviate from this policy.

* - Indicates repeat of prior year citation.

*7. Citation

Section 3345.17, Ohio Revised Code, provides that all property purchased by the University for its use or benefit is exempt from state sales tax. Per review of internal audit reports on accounting controls over petty cash, we noted that state sales tax was paid in several instances where petty cash funds were used.

Recommendation

The University should enforce the procedures it has already established to fully utilize the state sales tax exemption.

University Response

Respondent: Alvin C. Rodack, Associate Treasurer

The Office of the Treasurer has repeatedly emphasized to departments, and it is clearly published in their procedures, that they should not pay state sales tax when making petty cash purchases. We will continue to reemphasize to departments having petty cash funds that the University is exempt from state sales tax.

* - Indicates repeat of prior year citation.

*8. Citation

Sections 3335.13 and 3345.16, Ohio Revised Code, provide that title for all lands for the use of The Ohio State University shall be made in fee simple to the State. In addition, the sections provide that properties purchased by the Board of Trustees as investments and held as part of the University's endowment portfolio shall be held in trust by the Board. We noted that the Board of Trustees currently holds title to certain properties which are not in the University's endowment portfolio and therefore should have been titled to the State. In addition, we noted one property in the University's endowment portfolio which was improperly titled to the State instead of the Board of Trustees.

Recommendation

The University should consult with the Office of the Attorney General to resolve this issue.

University Response

Respondent: Thomas Andres, Manager, Property Management

Parcels of land titled to the Board of Trustees and not included in the University Endowment portfolio are now part of the "Quasi endowment portfolio" (QEP). QEP includes real estate gifted to the University with instructions to sell and proceeds used to support current programs. It also includes all other property titled to the Board and not part of the Endowment portfolio, regardless of funding source.

The VA Clinic building is held in the Endowment portfolio. The underlying real estate is titled to the State of Ohio and is not part of the Endowment.

Lane Manor Apartments is titled to the Board of Trustees but is part of Housing Commission. It, therefore, should not be part of the Endowment.

We will continue to seek advice from appropriate University officials and the office of Attorney General when necessary.

* - Indicates repeat of prior year citation.

*9. Citation

Section 149.34, Ohio Revised Code, provides that the University shall submit record retention schedules to the State Records Administrator. The University has approximately 760 reporting units, each of which is required to prepare and submit retention schedules. As of June 30, 1988, approximately 280 reporting units had not prepared retention schedules.

Recommendation

The University should complete its record retention schedules.

University Response

Respondent: Raimund E. Goerler, University Archivist

The citation is substantially correct. As in previous years, it must be stated that records scheduling is a gradual and continuous process, in which the University continues to make progress toward the goal of comprehensive scheduling for the entire institution.

Twice each year the Archives has notified all departments of the University of the policies of Ohio State and the laws of the State concerning inactive records. The Archives depends greatly on the cooperation of the departments who will have responsibility for implementing the schedules in their own offices to initiate the contact.

A major problem continues to be the absence of a general schedule for the disposition of personnel records common to many offices.

* - Indicates repeat of prior year citation.

10. Citation

Section 3345.031, Ohio Revised Code, requires that the Board of Trustees of each state institution of higher education file an annual budget plan and quarterly budget progress reports with the Ohio Board of Regents and the Legislative Budget Office of the Legislative Budget Commission. Per the Ohio Board of Regents, the University did not submit all required quarterly budget progress reports.

Recommendation

The University should submit all quarterly budget progress reports with the Ohio Board of Regents and the Legislative Budget Office as required by the Code.

University Response

Respondent: Neal Milnor, Asst. VP, University Budget Planning

The failure to submit all required quarterly reports was due to a one-time problem created by the temporary loss of certain computer files at University Systems. We will continue to submit quarterly reports in the future.

APPENDIX XXXI

SUMMARY OF REPORT ON AFFIRMATIVE ACTION

Presented to the Academic Affairs Committee
(See page 831)

The Ohio State University
Board of Trustees Meeting
April 7, 1989

Summary of Report on Affirmative Action

Summary of Barbara Newman's comments on the Action Plan for the Recruitment and Retention of Black Students

Ohio and the rest of the nation face critical and urgent problems regarding the participation of minorities, especially Blacks and Hispanics, in higher education. The Ohio State University has taken a bold, comprehensive approach to addressing this problem through its Action Plan for the Recruitment and Retention of Black Students. It is important to keep in mind that the steps we take in this arena effect not only our own University community, but they serve as a model for colleges and universities throughout Ohio and across the nation.

The first year of the Action Plan has resulted in significant achievements in student recruitment and retention, as well as faculty recruitment. What is even more hopeful is that so many individuals and groups on campus have woven the goals of this plan into their own agendas. The climate of the campus is evolving toward one that more fully recognizes racial and ethnic pluralism as a key ingredient of excellence.

Summary of James Bishop's comments on the Young Scholars Program

The Committee received a detailed report from Dr. James J. Bishop, Special Assistant to the Provost, about the first year of the Young Scholars Program, the University's key effort for increasing the numbers of low-income Black, Hispanic, Appalachian and other under-represented students. In 1988, 201 sixth graders from eight Ohio public school districts became Scholars. Of these, 195 of these came to the program's Summer Institute and spent two exciting, challenging and memorable weeks studying and living as college students. To continue its progress, teachers and officials of Akron, Canton, Cincinnati, Cleveland, Columbus, Dayton, Lorain, Toledo and Youngstown are selecting an additional 400 sixth graders. With increased staff, the program will be able to recruit and train the needed mentors for these Scholars and to conduct in future years the full range of supports and activities promised by the University to these Scholars. Also, the Development Office and the Office

of Academic Affairs have mounted an intensive fundraising effort to fund the Young Scholars Program. The general public's response to the objectives and activities of the Young Scholars Program has been uniformly positive. Increasing numbers of colleges and universities recognize the need for increasing the pool of college-bound minority students and are seeking information about Ohio State's efforts.

Dr. Bishop invited members of the Trustees to become involved in this satisfying and vital component of the University's Action Plan.

Summary of Sue Blanshan's comments on the University Senate Committee on Women and Minorities 1989 Report

The Committee on Women and Minorities has played an increasingly important role in our affirmative action program at Ohio State. In this role the committee has:

- (1) made useful policy and action recommendations to Academic Affairs on faculty recruitment and retention,
- (2) consistently ties the principles of affirmative action and academic excellence together,
- (3) awarded approximately one and a quarter million dollars in affirmative action grants, and
- (4) awarded thirty-one Distinguished Affirmative Action Awards.

APPENDIX XXXII

A COPY OF ONE OF THE SIGNED LETTERS FROM STUDENTS
REGARDING CONCERN FOR THE PROPOSED TUITION INCREASE

Presented to the Student Affairs Committee
(See page 859)

Board of Trustees
205 Bricker Hall
190 North Oval Mall
Columbus, Ohio 43201-1162

Dear Trustee,

As a student at The Ohio State University, I am very concerned about the proposed tuition increase. If fees increase twenty to forty percent, or if they only increase ten percent, and continue to do so over the next five or six years, Ohio State will soon become too expensive for many students to attend. Some students will be able to afford a tuition increase, but it will intensify the pressures that they and their families already struggle with in order to earn a college education.

I am aware that the proposed tuition increase is due in part to state budget cuts. However I have also noted that tuition at Ohio State increases even when the the State of Ohio has increased the money allocated to higher education. It is obvious to me that Ohio Legislators need to reconsider their budget, but it is also obvious that Ohio State needs to take steps as well.

I am asking that the administration of Ohio State make a priority of keeping tuition down. I am asking you to do everything possible to ensure that Ohio State remains affordable.

Sincerely,

A handwritten signature in black ink, appearing to be 'Fyl' followed by a stylized flourish.

APPENDIX XXXIII

THE OHIO STATE UNIVERSITY COLLEGE OF AGRICULTURE
INTERNATIONAL PROGRAMS UPDATE

Presented to the Agricultural Affairs Committee
(See page 861)

The Ohio State University
College of Agriculture
International Programs Update

Historical

The College of Agriculture provides leadership to Ohio State University's participation in externally funded international programs. Our annual expenditure of funds for this program is currently over \$3,000,000/year and growing.

The College initiated this activity at the request of the U.S. Department of State during the 1950's and 1960's with programs in India and Brazil. In the 1970's we participated in programs in Uganda and Somalia. In the 1980's we established programs in Uganda, Burma and the Dominican Republic. We also initiated a major program in rural financial markets in developing countries in the 1960's, and have since worked in over 15 countries in Asia, Africa, and Latin America.

These programs involved training of foreign scientists and academics and long-term residence of our faculty in these countries. In addition, we have trained hundreds of foreign scientists in agriculture, most of whom were not affiliated with these programs. We have also provided opportunities for our students to intern with agribusinesses in Northern Europe and Australia, and have placed foreign youngsters on farms and agribusinesses throughout the United States.

Funding for the programs and graduate student training was provided by the U.S. Agency for International Development, our major bilateral development assistance program, and from other multilateral international donors.

Rationale

Trade deficits and the ability of U.S. industries to compete successfully with foreign producers are daily news items. We are part of a global economy and must educate our new generations to participate in it. This implies equipping young people with foreign language skills and making them familiar with other cultures. Today, provision of this education is an integral part of the land grant university mission. Programs such as those described above provide opportunities to expose our faculty and graduate students to international agriculture and to other cultures. Ties established with foreign educational institutions through these programs are used to establish opportunities for our students to study abroad. Foreign students enrich and broaden the learning environment of students on the OSU campus.

Priorities

We seek to broaden the learning experience of undergraduates in the College of Agriculture with study abroad opportunities

which enhance foreign language skills and appreciation of other cultures. This activity is coordinated with parallel efforts by the OSU Central Administration and other professional colleges. We invite them to use our contacts to develop parallel activities in these countries.

We encourage our faculty to undertake significant overseas, cross-cultural experiences as integral to their professional growth. These experiences involve applied research, technical assistance and/or teaching in cross-cultural settings. All activities are designed directly to integrate them into international networks of scientists, and indirectly to expose them to cutting edge science and technology. This new knowledge is used to enhance their instructional, research and outreach programs in Ohio.

Current Programs

- (a) **Uganda** - We have recently signed a \$10,100,000 5 year extension to a major Agency for International Development funded project designed to rehabilitate the national agricultural research system in Uganda. Major implementing agencies on the Ugandan side are Makerere University and the Ministry of Agriculture.
- (b) **Dominican Republic** - We recently provided leadership in the design of a 7 year \$11,800,000 project to be funded by the Agency for International Development. This project was awarded to the Midwest Universities Consortium for International Activities (MUCIA). It will strengthen the academic and research programs of the Superior Institute of Agriculture. We anticipate keeping the lead on the implementation phase of this project.
- (c) **Burma** - We have worked in Burma since 1981, primarily to strengthen their national agricultural research system through technical assistance and training of graduate students. This project activity was also funded by the U.S. Agency for International Development. Our current project (\$3,800,000) may be prematurely terminated because of a U.S. State Department decision to withdraw U.S. assistance to protest recent human rights violations and the persistence of a military government.
- (d) **Swaziland** - We are in the process of signing a \$100,000 linkage grant with the U.S. Agency for International Development to strengthen ties between the Faculty of Agriculture of the University of Swaziland and the OSU College of Agriculture. This grant will finance exchange of faculty and graduate students.

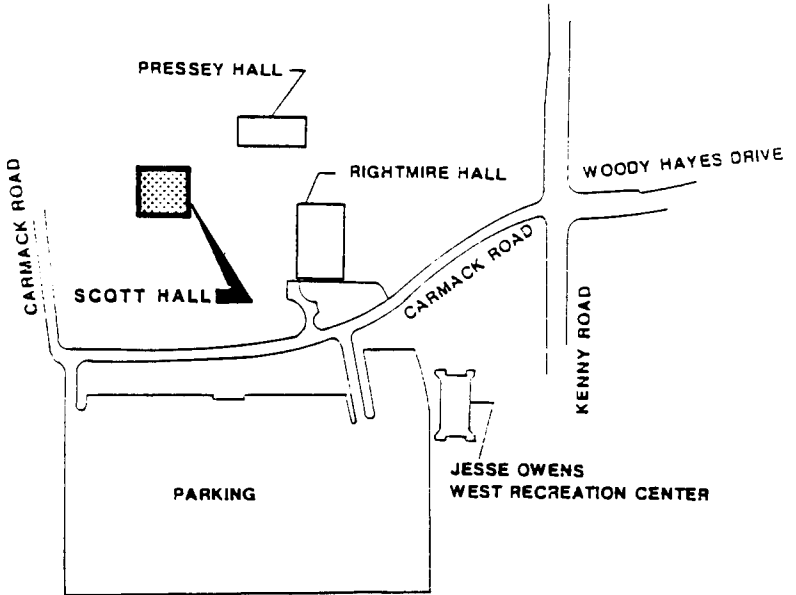

- (e) Program Support Grant - We receive an annual grant from AID of from \$125,000-150,000 to strengthen the ability of our faculty provide assistance to the above projects. This grant is part of a Joint Memorandum of Understanding between OSU and Fort Valley State College (a minority land grant institution) in Georgia, and is used to promote joint activities with this institution. Specific activities supported with this grant include faculty travel abroad and faculty and graduate student overseas research.
- (f) International Agricultural Intern Program - Under this program we annually place from 120 to 150 European young men and women on farms and in agribusinesses in Ohio and in other States. Many of them also take courses at OSU. We also place OSU students in similar work situations in Northern European countries and Australia. This program was initiated in 1981 and has no projected termination date.
- (g) Peace Corps - The OSU Peace Corps recruiter is located in our Office. The Peace Corps contracts with us for this service to the campus and for the midwestern region of Ohio.

BIOTECHNOLOGY CENTER RIGHTMIRE HALL - GROWTH CHAMBERS

Description: This project renovates 3,900 square feet of the lower level of Rightmire Hall to provide for 14 growth chambers (five existing and nine new) and a plant tissue culture controlled environmental room. Major upgrading of the building's electrical system is required due to the heavy electrical demands of this equipment. A separate cooling system is required to maintain the close tolerance environments required within the growth chambers and the plant tissue culture rooms. An emergency generator is to be installed to maintain the controlled environment of these chambers in case of a power outage.

The project also includes removal of existing asbestos pipe insulation. Construction is scheduled to begin January, 1989 and be completed June, 1989.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTIETH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, May 4, 1989

The Board of Trustees met at its regular monthly meeting on Thursday, May 4, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** **

Minutes of the last meeting were approved.

** ** **

May 4, 1989 meeting, Board of Trustees

The Chairman, Mr. Immke, called the meeting of the Board of Trustees to order on May 4, 1989, at 1:45 p.m. He requested the Secretary to call the roll.

Present: Leonard J. Immke, Chairman, John W. Berry, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, Leslie H. Wexner, Sophia L. Paige, and Laurel A. Davis.

--0--

**ELECTION OF OFFICERS
BOARD OF TRUSTEES**

Resolution No. 89-94

Mr. Scott read the Nominating Committee's report in which the following slate of officers were recommended:

WHEREAS pursuant to paragraph (B) of rule 3335-1-02 of the Administrative Code, the officers of the Board are to be elected at the May meeting to take office immediately following adjournment of the meeting (May 4, 1989) and shall hold their office through the May 1990 meeting:

NOW THEREFORE

BE IT RESOLVED, That the following slate of officers for 1989-90 be elected:

John W. Berry, Chairman

Shirley D. Bowser, Vice Chairman

Madison H. Scott, Secretary

James L. Nichols, Treasurer

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Mr. Immke

I would like to now call on Dr. Jennings for the President's Report.

President Jennings:

Thank you, Mr. Chairman. First, I have the great privilege to introduce a colleague of ours. As you know, last month you approved the appointment of Betty Jo Hudson to become the Ombudsman of the University. That is an extraordinary important position for both the faculty, staff, and students. Betty Jo comes to us from University College. She has been here, I think, now about 19 years and before that was a long time in Indiana. But I would just like to introduce her to you. Stand up, Betty Jo. Thank you.

As you are aware our Provost, Myles Brand, has recently been named President of the University of Oregon. I want to take this opportunity to extend our congratulations to Professor Brand on this outstanding opportunity. I know that all of

May 4, 1989 meeting, Board of Trustees

President Jennings: (contd)

you join me in expressing our deep appreciation to Myles for a job well done. In only three years, he has made an enormous impact on our University, and he surely will be missed. Today, I want to offer our thanks to Professor Brand for his good work and extend to him and Peggy our best wishes for continued success.

Myles joins a very distinguished group of Ohio State family members who have become university presidents. I believe that it is no accident that the higher education community looks to Ohio State for leadership. This University's strong and effective governance structure and its traditions of excellence are well-known throughout the country.

Our success derives from the only significant asset we actually possess: our quality faculty, students, and staff. The considerable efforts of many individuals continue to enrich the educational environment through innovation while, at the same time, holding to the essential characteristics which define our role as a university in this society.

Many new initiatives are underway at this institution, and some might speculate on the impact of the departure of the Vice President of Academic Affairs and Provost and the Vice President for Research and Graduate Studies, which we announced a month ago. Their departures represent substantial losses, but we should remind ourselves that the guiding principle of operation in this University is faculty governance, and that we in the administration are here to serve the faculty that they may better serve our students. This operating philosophy includes decentralization, individual accountability, small central staff, and budget discipline, as well as open and public discussions of our problems and opportunities through a well-defined governance structure.

This philosophy is nowhere more evident than in our efforts at curriculum review. With the 1987 report from the Special Committee for Undergraduate Curriculum Review (the Reagan Committee) as its foundation, this institution has moved forward with curriculum revision. The Colleges of the Arts and Sciences has developed a model curriculum, and courses are now being submitted for inclusion. The arts and sciences colleges' major programs are also being reviewed. Other colleges, such as agriculture and nursing, are working on their curriculum. These continuing activities will be reviewed by the Council on Academic Affairs within a very few months. We are close to having a new general education curriculum at this University.

These advances represent literally thousands of hours of work by individuals and committees at many levels over a number of years. I encourage the continued commitment of all faculty members to think broadly about the goals of quality education which we all deeply share.

While such activities require effective, shared leadership, their success derives from those who engage in the work of their development -- sometimes behind-the-scenes, requiring lengthy discussions and research, and calling for hours and hours of committee meetings. I am very proud of all that has been done and of the proven effectiveness of the structures and processes in place to facilitate such activities. I am confident that with the continued support of the faculty, the curriculum initiatives will be carried to completion and implementation will be appropriately funded.

May 4, 1989 meeting, Board of Trustees

President Jennings: (contd)

Furthermore, I applaud the efforts of so many members of the Ohio State community in advancing the University's commitment to affirmative action beyond articulation to advocacy and to action. We have come a long way from merely acknowledging the problems of access and success among the faculty, staff, and students. Senate committee reports and specific proposals have come forward including, notably and recently, the various action plans and the Report of the Senate Committee on Women and Minorities.

A number of innovative and energetic efforts are underway. We can point with pride to the Young Scholars Program and to the individual successes of departments and colleges in expanding Ohio State's diversity. Our efforts are recognized by many as a model for the nation. But much remains to be done. The University must -- and will -- continue to work on this very important activity.

One of the most clear indicators of the quality reputation of this University among our academic peers is the number of truly outstanding faculty who have recently joined our distinguished Ohio State family. The presence of distinguished scholars and the existing climate of intellectual energy have attracted first-rate faculty. With the continued accomplishments of our faculty and the growing reputation of our undergraduate student body, this momentum can continue. I often have said that Ohio State is the University for the 21st century. Indeed it is, and we must -- and will -- safeguard our quality by aggressively and creatively supporting excellence in our faculty to the fullest extent.

To this end, department chairs, administrative officers, and deans will hear -- perhaps with mixed feelings -- the promise that they will continue to be asked to carefully evaluate their activities and related fiscal needs, particularly during this time of financial uncertainty. Scarce resources always need to be distributed efficiently and effectively no matter the situation.

Beyond anticipating our fiscal needs, we also must continue to examine the future programmatic needs of the University and of each department through program review which will, of course, also continue. Many areas throughout our campuses at all levels have been doing this in some form for decades. Recent examples of linking fiscal and programmatic review may be seen in the colleges of home economics, medicine, and mathematics and physical sciences. They have undertaken careful review of their commitment of fiscal and human resources and should be commended for their good work. All of us will continue the work necessary to provide the best possible educational environment so that, even with limited resources, we can keep our momentum and continue to advance the quality of The Ohio State University.

The decentralization of the review functions and of budget discipline reinforces the principles of faculty governance. From the debate promoted by such activities comes the core strength of this institution. The importance of the faculty is underscored in the significant role that our first faculty played in laying the foundation for this University.

Indeed, at the celebration of the semi-centennial of The Ohio State University in 1920, Professor Thomas Mendenhall reminisced about our first seven faculty members, of which he was one. Mendenhall, a man of vision, said that the University's foundation "should be broad and liberal, and that it should be laid with a view to its sometime bearing the super-structure of a great State University."

May 4, 1989 meeting, Board of Trustees

President Jennings: (contd)

Mendenhall reported that it was these seven faculty members "upon whom rested the responsibility for the success or failure of the New Educational experiment. It was not long before [we] were joined by others, equally capable, and equally enthusiastic in their efforts to win success...."

They are, indeed, joined by hundreds of women and men on today's faculty who are committed to excellence. The accomplishments of The Ohio State University are significant, and we can all take great pride in the work of many people to achieve these ends. The University has faculty members, students, and staff members who are strongly dedicated to Ohio State. With their loyalty and with a well-established, well-respected governance structure in place, the work ahead promises to be rewarding and exciting. I certainly look forward to working many years with the new vice presidents as together we pursue the highest standards of academic achievement for the people of The Ohio State University.

Thank you, Mr. Chairman. And Myles, thank you again for all you have done for me and Ohio State. We will miss you substantially.

Dr. Brand:

It has been a great experience for me and I think I will always "bleed scarlet and gray."

--0--

RESEARCH FOUNDATION REPORT

Mr. Barone:

I would like to report on the Research Foundation meeting that we had yesterday. The Research Foundation grants and contracts for the month of March 1989 are shown in the Board agenda book. There are 125 awards listed which provide a gross income of \$7.9 million.

Funding for the first nine months of this fiscal year is 20 per cent ahead of the same period last year. Funding increases are noted for the Federal and Industrial sectors while funding is about even with last year for the State of Ohio and the Other Non-Federal sector.

Some highlights of awards are:

\$188,000 from the National Aeronautics and Space Administration for research in aviation and space automation systems.

\$103,000 from the NSF for a program of in-service training for high school mathematics teachers.

\$75,000 from the NSF to the Department of Physics for research on the electronic properties of conducting solids.

\$50,000 from the NSF to the Ohio Supercomputer Center for support of a regional network among Ohio universities.

May 4, 1989 meeting, Board of Trustees

RESEARCH FOUNDATION REPORT (contd)

Mr. Barone: (contd)

That concludes my report. I would now like to turn the remainder of this report over to Jack M. Hollander, Vice President for Research and Graduate Studies. I would like to add my thanks, it has been an honor to work with you, Jack. I was told yesterday, at our meeting, that this was to be Jack's last meeting at the Research Foundation, and this will probably be the last meeting with the Board of Trustees. So, Jack, I turn this over to you with our thanks. It's been an honor and a pleasure working with you. And I think this report, along with the other reports that have been made, shows how successful you have been. Jack --

Dr. Hollander:

Thank you very much, John. It has been a pleasure for me to work with you and all of the members of the Ohio State family. I think we are doing very well in research as those figures indicated.

Just a brief addition to Mr. Barone's report. The last item he mentioned -- the \$50,000 from the National Science Foundation is a bit of a sleeper. I want to underscore the importance of the network that our group has built around the State of Ohio which links together all the universities and colleges in the State. The network for communication is usable for not only for computing but also for library other educational communication purposes. It certainly puts us in the leading group in the nation. This particular award will help to tie that network in with the national and international network which will be extremely significant. So thanks again, John.

Mr. Barone:

One further thing. The Research Foundation Board wishes to thank the Board of Trustees for the new building -- that is, the change of building. It is a much better building and we are all grateful and they wanted me to express my gratitude and thanks to the Board of Trustees and you, Mr. President, for making this possible.

President Jennings:

That is the move of OSURF to the old National Center for Research in Vocational Education on Kenny Road.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Executive Committee of the Hospitals Board met last Thursday, April 27. The Medical Director, Dr. Mekhjian, reported on medical staff activities, including a new policy to ensure more efficient handling of laboratory specimens and a study to assess the frequency and appropriateness of "stat" orders for patient tests. "Stat" is a medical term for "right now."

Dr. Kathryn Clausen who is the outgoing Chief of Staff, reported on the election of the new officers. Dr. William Smead, who is the Chief of Staff-elect, reviewed existing facilities for Surgical Intensive Care patients. He pointed out to us that the

May 4, 1989 meeting, Board of Trustees

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

project which we have planned to improve those facilities estimated at \$10 million, now probably needs \$14 million. That has been sent to a committee to discuss and study.

It was a very gratifying and exhilarating committee meeting because we had so many responses to the questions that had been raised in the previous meeting. And I am able to report that the temperature in the operating room is now satisfactory to both anesthesiology and surgery.

Mr. Immke:

Joel, what is the temperature in the rooms?

Mr. Teaford:

I don't know what it is, but -- actually it is on a sliding scale.

Mrs. Bowser:

It depends on how many people are in the room, how long they are there, and how many patients they have.

Mr. Teaford:

The temperature goes down as the surgeon heats up. That is literally true.

Mrs. Bowser:

They lose what -- eight pounds?

Mr. Teaford:

No. Two pounds in a typical surgery. Mr. Buchanan updated us on the Medical Center development activities. The Medical Center development is really, in many ways, just getting underway now. In fact, there will be a reception downtown within this month to really get us rolling on development activities for the Medical Center.

Mr. Purcell then presented the March financial and statistical reports and we had a considerable discussion about billing and the collection of accounts. He indicated to us that they are to undertake studies of the causes of the slow collection of accounts, particularly directed to what extent they are internal and to what extent they are external. And once we have those kinds of reports we believe that we can start to reduce the period it takes to collect, which as I have told you approaches 100 days.

Mr. Cottillion gave a progress report on the implementation of the Medical Center's strategic plan. And, I am happy to report that the strategic plan is, indeed, being implemented. I think it is going to prove to be a very useful tool and a good discipline for everyone over there.

May 4, 1989 meeting, Board of Trustees

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford: (contd)

Mr. Lazarus at our previous meeting had requested that we take a look at the proliferation of committees. Dr. Tzagournis gave us a superb report on the medical staff committees within the Hospitals and their responsibilities and their reporting relationships. He told us that perhaps the principle problem is that there are lots of ad-hoc committees that never seem to die. He has asked the Executive Director, the Medical Director, and the Chief of Staff to review all of the committees, define their roles, and streamline the system. A written charge with time frames will be given to each committee at the beginning of each fiscal year. And they will make quarterly reports to the Board with the hope of the Board being involved in determining whether we really need quite so many committees.

We were, of course, pleased to welcome Reed Fraley, as the permanent Executive Director of the Hospitals. He assured us that in no time at all he will have everything working with perfection. And we look forward to that.

I might point out that the billing project continues. The many representatives of the practice plans will be meeting with the auditors to hear their final report. And as an encouragement to get something moving, I, Dr. Kramer, head of the Hospitals Board, and Dr. Jennings will all be present at that meeting next week. So, I hope to report to you next month that we really made some progress in that area.

That completes my report, Mr. Chairman.

Ms. Casto:

I said last night, Joel, Dr. Tzagournis asked Mr. Redman not to say anything about centralized billing. But I said that this is now my fourth chairman that I have been through and we still don't have centralized billing.

Mr. Immke:

I will have to pass that on to Chairman Berry.

--0--

UNIVERSITY FOUNDATION BOARD REPORT

Mr. Teaford:

The most recent meeting of the Foundation Board was held on Friday, April 14. At that time the Campaign totals were announced and they may be repeated again here later, but we are as of the end of March at \$335 million.

Mr. Leet, the Chair of the National Campaign Steering Committee and member of the Foundation Board, reported to the Board several significant accomplishments at this point in the Campaign. There are more than 30 endowed faculty chairs and professorships which have been funded; more than 315 new endowed funds have been created supporting scholarships, fellowships, research, facilities, lectureships, and other special programs. Both the Columbus regional and the corporate campaigns have reached and exceeded their goals. And, to date, the Campus

May 4, 1989 meeting, Board of Trustees

UNIVERSITY FOUNDATION BOARD REPORT (contd)

Mr. Teaford: (contd)

Campaign has raised \$13.6 million in gifts and pledges which exceeds their original goal of \$12 million.

The Chairman noted that special recognition should be given to former Campaign Chair Fred Ruffner and to the Campaign staff for their valuable work. And, I think we should once again recall the importance of the vision of the President in being daring enough to think that we could raise that kind of money. I think that has been significant to this program.

The members discussed short- and long-range plans for the Office of Development. Between now and the Campaign end the emphasis will be on concluding the Campaign at the highest possible level, achieving a maximum level of support for those priorities which remain unfunded, and for pushing the individual programs that are not yet fully implemented like the Medical Center Development Program. And, of course, preparing for keeping fund raising as a principle goal at this University on a permanent basis. Such preparation will include emphasis on a more systematic approach to major gift fund raising and cultivation; maintaining and strengthening regional offices, including Columbus, as a key to establishing effective cultivation and solicitation programs outside of Central Ohio; and expanding the annual program in terms of funds raised and the per cent of participation among alumni. Mr. Chairman, that completes my report.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Berry:

The Investments Committee met this morning and we heard first a report on Endowment investments which showed a market value of \$270.8 million as of April 21. This is the highest dollar total the Endowment has ever achieved and it is noted that in the last eight years it has increased by almost \$200 million.

As Mr. Teaford mentioned, I may repeat a little bit of the Campaign results, because Mr. Tobin did talk to the Committee this morning. Although I think that anything as good as the results of the Campaign bears repeating. The gifts and pledges to reach \$335.2 million by the end of March, and it represents 96 per cent of the \$350 million Campaign goal. We anticipate to reach this first goal anyway probably in the next several months. The gifts for this fiscal year represent over \$33 million and is a 9 per cent increase over the same 9 months of the previous fiscal year.

Mr. Nichols reviewed for the Committee members the procedures being followed and progress to-date in implementing the Board's action to select appropriate index funds for the University Endowment.

The annual income distribution policy for endowed accounts was also reviewed. This policy, which distributes 5.5 per cent of the average market value over the most recent three years, appears to be a prudent distribution policy for Ohio State's Endowment at this time. And, unless there are other members that want to add something, that concludes my report, Mr. Chairman.

May 4, 1989 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

(See Appendix XXXVI for complete text of The Ohio State University Campaign, page 1145.)

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

This morning we received a report on our Graduate Study Programs. I found that there were some real interesting statistics: 1) we have the largest enrollment of graduate students in the nation here on this campus; 2) we maintain 127 disciplines here on this campus; 3) 2,400 graduate faculty and 127 graduate study committees, and committees collectively determine the conduct of graduate education at the university; and 4) we have appointed a 15-member commission on graduate education to make independent assessments and recommendations to graduate education at Ohio State. With the report due next year, the one-hundredth anniversary of our first award of a doctoral degree, they made note that while there is much that is good about the graduate education at Ohio State and our graduates have gone on to make significant contributions in academics, business, and other professions, the Commission report in conjunction with the strategic planning process will stimulate change and development as needed. I think it is most important that we recognize that our Graduate School truly drives our educational process here at Ohio State and their research projects are very important.

(See Appendix XXXVIII for complete text on the Executive Summary for the Graduate School Update, page 1163.)

Ms. Casto:

The Academic Affairs Committee is recommending for approval the following resolutions:

RENAMING OF DEPARTMENT

Resolution No. 89-95

Synopsis: The Academic Affairs Committee recommended the renaming of the Department of Veterinary Anatomy to the Department of Veterinary Anatomy and Cellular Biology.

WHEREAS the proposed name change of the Department of Veterinary Anatomy to the Department of Veterinary Anatomy and Cellular Biology has the unanimous support of the faculty in the Department, the Executive Committee of the College of Veterinary Medicine, and the Council on Academic Affairs; and

WHEREAS on the national level the discipline of anatomy has expanded beyond traditional concepts and is using molecular and biological techniques; and

May 4, 1989 meeting, Board of Trustees

RENAMING OF DEPARTMENT (contd)

WHEREAS departments of veterinary anatomy in a majority of the major institutions in this country have changed their names to more accurately reflect their new thrust in the cellular biology area; and

WHEREAS the Department has and will continue to redesign its curricula to reflect a cellular approach; and

WHEREAS new faculty will be conducting research in new areas of the discipline; and

WHEREAS the name change will make the Department more competitive for external funds, for new faculty, and for graduate students:

WHEREAS the University Senate approved the renaming of the Department of Veterinary Anatomy on April 8, 1989:

NOW THEREFORE

BE IT RESOLVED, That the proposal to change the name of the Department of Veterinary Anatomy to the Department of Veterinary Anatomy and Cellular Biology, effective immediately, is hereby approved.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 89-96

Synopsis: The Academic Affairs Committee recommended the approval of the following amendments to the Rules of the University Faculty.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on April 8, 1989, as follows:

AMENDED RULES

3335-5-06 Guest speakers.

It is the policy of the university to foster a spirit of free inquiry and to encourage the timely discussion of a broad range of issues, provided that the views expressed are stated openly and are subject to critical evaluation. Within our prevailing standards of decency and honesty, this policy shall be construed to mean that no topic or issue is too controversial for intelligent discussion on the campuses. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which change is accomplished by peaceful, democratic means. To this end, registered student organizations, faculty, and others entitled to sponsor a meeting involving the use of university facilities (see rule 3335-13-03 of the

May 4, 1989 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Administrative Code) may invite guest speakers to the campuses. The sponsors must take reasonable steps necessary to ensure that the meeting is conducted in an orderly manner.

3335-5-19 Faculty.

As used in these rules the term "faculty" shall include persons appointed by the board of trustees with regular, regular clinical, auxiliary, and emeritus faculty titles on full- or part-time appointments, with or without salary.

(A) unchanged.

(B) "Regular clinical faculty": persons with the titles of professor of clinical (department or college), associate professor of clinical (department or college), assistant professor of clinical (department or college), and instructor of clinical (department or college), who serve on appointments totaling fifty per cent or more service to the university. Regular clinical faculty appointments are made only in the college of dentistry, the college of optometry, the departments of veterinary clinical sciences and veterinary preventive medicine in the college of veterinary medicine, and the following departments in the college of medicine: anesthesiology, family medicine, internal medicine, neurology, obstetrics and gynecology, ophthalmology, otolaryngology, pathology, pediatrics, physical medicine, preventive medicine, psychiatry, radiology, and surgery.

The number of persons holding regular clinical faculty titles in each department or college cannot be greater than one-third the number of persons holding regular faculty titles in that department or college. Individuals appointed to the regular clinical faculty are limited to participation in governance at the departmental and college levels, but may not participate in promotion and tenure matters of regular faculty.

3335-5-452 Secretary of the university senate.

(A) The secretary of the university senate shall be a tenured member of the regular faculty, appointed by the president from three nominees submitted by the steering committee. The term of office shall be for three years. Prior service as secretary need not preclude nomination to this office. During the term of office the secretary shall be reassigned for a minimum of fifty per cent of time to the office of the university senate during autumn, winter, spring, and summer quarters.

(B) The responsibilities of the secretary of the university senate will be to:

- (1) Serve as a resource person for members of the university community on matters relating to university governance and to activities of the university senate.
- (2) Promote active, effective participation in university governance by the members of the constituencies of the university senate.
- (3) Coordinate the responsibilities of the office of the university senate as described in rule 3335-19-09 of the Administrative Code.
- (4) Serve as a voting member of the program committee and the rules committee, a non-voting member of the steering committee of the university senate, and a member of the faculty advisory committee to the chancellor of the Ohio board of regents (FAC).

May 4, 1989 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

- (5) Serve as a resource person for university and senate committees.
- (6) Issue notification of senate meetings, agendas, and reports of senate actions in accordance with rule 3335-19-11 of the Administrative Code.
- (7) Keep the records of the meetings of the university senate and furnish to the president for report to the board of trustees all matters passed by the university senate requiring board of trustees approval or action.
- (8) Serve as secretary of the university faculty in accordance with rule 3335-5-21 of the Administrative Code. (B/T 3/4/83, B/T 5/5/88, B/T 5/4/89)

3335-47-11 Regular clinical faculty ranks.

The titles of regular clinical faculty are professor of clinical (department or college), associate professor of clinical (department or college), assistant professor of clinical (department or college), and instructor of clinical (department or college). Individuals in this track may have a full range of responsibilities to appropriate academic units with emphasis on patient care and clinical teaching activities. Clinical activities for faculty members in this category are to be included in approved practice plans.

(A) Appointment criteria.

Initial appointments, or transfer, to the regular clinical faculty will be made for individuals with the following experience or credentials:

- (1) They are strict or geographic full-time faculty members in academic units authorized to make regular clinical faculty appointments (see paragraph (B) of rule 3335-5-19 of the Administrative Code).
- (2) Unchanged.
- (3) They have the appropriate educational background and credentials to engage in the activities outlined in paragraph (A)(2) of this rule. Formal requisite: D.D.S., D.V.M., M.D., or O.D. degree or equivalent qualification.
- (4) They are essential to the continuing mission of the relevant college as determined by the appropriate clinical department chairperson, dean of the college, and vice president for academic affairs and provost.

(B) Term of appointment.

(1), (2), (3), and (4) unchanged.

(C) Transfers.

It is generally expected that the needs of the academic unit and the career goals of the prospective faculty member will result in meshing of need, expectation, responsibility, and expertise to allow a long-term appointment to either the regular faculty or regular clinical faculty. Should a transfer be considered appropriate, the following must be accomplished:

(1), (2), and (3) unchanged.

May 4, 1989 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

(4) All transfers must be approved by the department appointments, promotions and tenure committee, the department chairperson, the dean of the college, and the vice president for academic affairs and provost.

(5) Unchanged.

(D) Promotions.

Nominations for promotion originate in the department (or college if no departments exist) in accordance with criteria and procedures established by departmental (or college) faculty.

(1) A department or college may recommend the promotion of an instructor of clinical (department or college) to the rank of an assistant professor of clinical (department or college) or the promotion of an assistant professor of clinical (department or college) to the rank of associate professor of clinical (department or college) at any time up to the end of the ninth year. An individual who is not promoted by the end of nine years will be reviewed by the chairperson or dean and the appointments, promotions and tenure committee of the department or college to determine if continued employment is warranted. All recommendations will be reviewed by the appointments, promotions and tenure committee of the department, the college, and the office of academic affairs.

(2) A department or college may recommend the promotion of an associate professor of clinical (department or college) to professor of clinical (department or college) in recognition of outstanding accomplishments. Promotion may be recommended no earlier than the third year of service as an associate professor of clinical (department or college). All recommendations will be reviewed by the appointments, promotions and tenure committee of the department, the college, and the office of academic affairs. (B/T 10/5/84, B/T 5/4/89)

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

Upon motion of Mr. Immke, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

POLICY ON PATENTS AND COPYRIGHTS

Resolution No. 89-97

Synopsis: The Academic Affairs Committee recommended the following amendments to the Policy on Patents and Copyrights.

WHEREAS the Interim Policy on Patents and Copyrights was approved by the University Senate at its April 13, 1985 meeting, and approved by the Board of Trustees at its May 3, 1985 meeting; and

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

WHEREAS the Interim Policy called for a review of that document after two years; and

WHEREAS the Faculty Committee on Patents and Copyrights has proposed revisions to the Interim Policy on Patents and Copyrights; and

WHEREAS those revisions have been reviewed and approved by the Vice President for Research and Graduate Studies and the Council on Research and Graduate Studies; and

WHEREAS the University Senate approved the proposed revisions to the Interim Policy on Patents and Copyrights on April 8, 1989, as follows:

I. PURPOSE AND SCOPE

A. Purpose of Policy

A primary mission of The Ohio State University is to encourage and support research by its faculty, students, and staff that will serve to expand the body of general knowledge and enrich the educational program of the University. As a corollary to that mission, the University is committed to facilitating the dissemination and utilization of the knowledge acquired by this research for the public good. It is recognized that this research may result in patentable inventions or copyrightable materials that will serve the public good through commercial development. Patents should be considered to be a part of the professional work of faculty members, along with journal articles, books, invited talks, and other methods of disseminating knowledge. Therefore this Policy on Patents and Copyrights is adopted for the following purposes:

- (1) to facilitate development and utilization of the results of research carried out in connection with University activities in a manner consistent with the University's missions;
- (2) to obtain appropriate benefits for the University from commercial applications of research results and apply funds accruing to the University from such applications for the support of research and other scholarly activity at the University and for sharing with the individual inventors and creators; and
- (3) to ensure that the rights and interests of all parties concerned are fairly determined, with full consideration of the proper role of the University and the principles of academic freedom.

B. Definitions

The following definitions will be employed in interpreting and implementing this Policy:

- (1) "Sponsored Program" means a research or other activity undertaken by the University or one of its units subject to specific obligations to another party. However, the ordinary obligations of the University to students (or their parents, guardians or dependents) solely as a consequence of enrollment or to faculty and staff (or their dependents) solely as a consequence of employment will not be construed as transforming normal enrollment or employment arrangements into agreements for Sponsored Programs.
- (2) "University Research" means any research or development activity which
 - (a) is undertaken in connection with a Sponsored Program, or

POLICY ON PATENTS AND COPYRIGHTS (contd)

- (b) is directly and immediately related to duties or responsibilities for which a person is compensated by the University or one of its units, or
 - (c) is conducted with more than insignificant use of facilities or equipment provided by the University or one of its units.
- (3) "Researcher" means any person, whether faculty, staff, student or other, engaging in or directing University Research.
- (4) "Product of University Research" refers generally to inventions and other legally protectable material arising out of University Research and includes any discovery, invention, know-how, design, model, work of authorship (including computer software), and any strain, variety or culture of an organism or any portion, modification, translation, or extension of these items. It includes marks used in connection with these. It does not include works of artistry, academic instruction, or traditional scholarship (including descriptions or discussions of University Research) insofar as these works were not produced as part of a Sponsored Program or of a specific University duty or assignment.

C. Statement of Policy

In order to provide for the fullest realization of benefits from University Research to the public, the University and individual Researchers, this Policy reaffirms the University's right and policy, consistent with applicable law, of ownership of all legal rights in Products of University Research and establishes procedures and guidelines to assure the responsible exercise of that right. Where the University does exercise the right of ownership, it has a commitment to taking reasonable and appropriate steps to secure legal protection through patents, copyrights and the like and to facilitate utilization through licensing or other transfer for practical development and introduction.

Subject to the provisions of this Policy, the acquisition, protection and disposition of rights in Products of University Research, and the collection and allocation of income therefrom, shall be under the direction of the Vice President for Research and Graduate Studies. The Vice President shall be guided by the principle that such arrangements should be consistent with the primary missions of the University to educate and to generate and disseminate knowledge.

Implementation of this Policy is dependent upon the cooperation of the University's faculty, students and staff. Individual Researchers will share in royalty or other income from their inventions or creations according to the provisions of this Policy. They will also have an avenue for appeal from administrative actions or delays.

D. Scope of Policy

This Policy is applicable to all units of the University including its colleges, schools, departments, centers, institutes, and hospitals, and to all of the University's faculty, staff (i.e., employees who are not regular faculty members), and students. Applicable law and the terms of Sponsored Program agreements and other contractual arrangements undertaken by the University or one of its units in good faith will govern where they differ from the provisions of this Policy.

It is not intended that this Policy change the traditional relationship between the University and faculty authors of textbooks and other scholarly and artistic works. Therefore, except in those cases in which the production of such materials is a part of a Sponsored Program or of specifically assigned duties of a faculty member, copyrights in textbooks, monographs, papers,

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

musical compositions, works of art, unpublished manuscripts, and the like will be the sole and exclusive property of the faculty creator. Use of University resources in the creation of these works varies from field to field; arrangements for such use should be approved by the chairperson, dean, or other appropriate academic officer.

Except with respect to items which qualify as works made for hire under copyright law, staff members of the University shall be fully eligible for participation in the distribution of income or the transfer of University rights under this policy.

Students who are also employees of the University shall be treated under this Policy as staff members in connection with matters related to their employment. Students who hold awards such as scholarships or fellowships through the University upon which the funding body has placed restrictions as to items developed during the course of the award shall be treated under this Policy in the same manner as students working on Sponsored Programs.

In cases arising under Section I B(2)(c), the University will ordinarily transfer or waive its rights to student inventors or creators where the use of University facilities, equipment, or other resources has been properly authorized unless:

- (1) faculty or staff involvement is substantial and the University desires to exercise its rights based on that involvement,
- (2) the work is part of a larger work over which the University intends to exercise its rights, or
- (3) the use of such University facilities, equipment, or other resources is substantially in excess of the norm for educational purposes

Except in the circumstances described above, the University will not exercise a claim in student created textbooks, monographs, papers, musical compositions, works of art, unpublished manuscripts, and the like, arising under Section I B(2)(c) of this Policy. The properly authorized use by students of word processors, artistic studios and materials, and the like or the use of University libraries shall not constitute the basis for a University claim in items subject to this Policy.

Only trade and service marks specifically related to Products of University Research are within the scope of this Policy. Insofar as such marks involve the name or symbols associated with the University generally, or with other specific University activities, they will be dealt with in coordination with those having responsibility for matters relating to such name or symbols.

Except as to their use in University Research, questions concerning the use by or for the University, or its faculty, staff or students, of inventions, trade secrets, plant varieties, works of authorship (including computer software) and the like belonging to others are not within the scope of this Policy. General publication, performance and/or display activities of the University, such as those of The Ohio State University Press, University Publications, the Office of Continuing Education, the Cooperative Extension Service, University Galleries, WOSU Stations, and the intercollegiate athletics program, are not within the scope of this Policy except insofar as such activities are part of a Sponsored Program or result in the publication, performance and/or display of a work that is independently a Product of University Research.

In applying this Policy to particular situations, the version in effect at the time of such application will ordinarily be employed. For this purpose, income will normally be allocated under this Policy as of the time the income is received.

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

II. ADMINISTRATION

The Vice President for Research and Graduate Studies shall have the primary responsibility for the implementation of this Policy on behalf of the University. All or a portion of the administration of activities with respect to this Policy may be delegated by the Vice President to a Patent and Copyright Administrator ("Administrator") and to others.

A. The Administrator

The Administrator shall, under the general direction of the Vice President for Research and Graduate Studies:

- (1) with the Faculty Committee on Patents and Copyrights, develop standards and procedures for the implementation of this Policy for submission to the Vice President for Research and Graduate Studies;
- (2) conduct day-to-day operations relating to matters subject to this Policy;
- (3) upon request, provide advice and assistance to Researchers with respect to consulting agreements with industrial and other organizations that may involve rights to items within the scope of this Policy and to appropriate University officials who have responsibilities with respect to the approval of consulting arrangements;
- (4) maintain a file for each disclosure of an item subject to this Policy which will contain complete records of all actions;
- (5) determine whether the University or any other party has rights in an item subject to this Policy, and if so, the basis and extent of such rights;
- (6) where there are two or more persons associated with the University claiming to be inventors or creators of an item subject to this Policy, encourage and facilitate an early agreement (in a form acceptable to the University) among them concerning which of the claimants shall be considered inventors or creators for the purposes of this Policy and in what fraction each shall share in the benefits of the Policy;
- (7) in the absence of an agreement referred to in item (6) above, and after consulting with the Faculty Committee on Patents and Copyrights, recommend to the Vice President for Research and Graduate Studies for final determination on behalf of the University which of the competing claimants shall be considered inventors or creators for the purpose of this Policy and in what fraction they shall share in the benefits of the Policy;
- (8) determine whether an invention, discovery, writing, or other item to which the University has rights is patentable, copyrightable, or otherwise legally protectable;
- (9) for items subject to this Policy, recommend to the Vice President for Research and Graduate Studies whether
 - (a) the University should patent, copyright, or otherwise legally protect, or license the item, or

POLICY ON PATENTS AND COPYRIGHTS (contd)

- (b) the University should dedicate its rights to the public, adhering to the wishes of the inventor or creator where feasible, or
 - (c) the University should transfer or waive its rights in favor of permitting the Researcher to protect and develop the item at his or her own expense, and whether conditions should be attached to a transfer or waiver
- (10) obtain legal protection and arrange for licensing or other commercial development in those cases in which the University elects to pursue its rights, including preparing and prosecuting applications for patent, copyright registration, plant variety protection, and other legal protection, or retaining counsel or other assistance for that purpose, negotiating or assisting in negotiation of licenses and related agreements, and monitoring the collection of royalties or other related income;
 - (11) prepare or assist in the preparation of all required reports on inventions and discoveries, writings, and other items subject to this Policy;
 - (12) at the direction of the Vice President for Research and Graduate Studies, provide assistance to other University officers and officers of related organizations including The Ohio State University Research Foundation;
 - (13) consult with the Faculty Committee on Patents and Copyrights at least twice per year, or whenever deemed necessary by the Committee or the Vice President for Research and Graduate Studies, on matters concerning this Policy, its implementation, or administration;
 - (14) prepare an annual report for the Vice President for Research and Graduate Studies and for the President, the Vice President for Academic Affairs and Provost, the Vice President for Business and Administration, the Vice President for Finance, and other officers or committees as designated by the Vice President for Research and Graduate Studies.

The Administrator shall make a recommendation with regard to responsibility (9) above within ninety (90) days of the receipt of all of the required information, and advise the Researchers in writing of the decision of the Vice President for Research and Graduate Studies. The Administrator may consult with faculty, staff, students, or others with respect to carrying out these responsibilities.

B. The Faculty Committee on Patents and Copyrights

The Faculty Committee on Patents and Copyrights ("Committee") shall be composed primarily of members of the University faculty and shall elect its chair. Five members shall be elected by the Faculty Council in a manner to be determined by that Council. One graduate student shall be appointed by the Council of Graduate Students in a manner to be determined by that Council. Five members shall be appointed by the President in consultation with the Vice President for Research and Graduate Studies, the Vice President for Academic Affairs and Provost, and other appropriate officers of the University. Persons may serve no more than three consecutive years after which time they will be ineligible for service for one year. Members of the Committee shall not participate as members in deliberations or actions of the Committee concerning specific matters in which they have a beneficial interest. Official actions of the Committee shall require the concurrence of at least six members of the Committee.

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

The Committee shall:

- (1) review, recommend, and advise the University on matters relating to this Policy;
- (2) review and advise the Administrator on the standards and procedures developed by the Administrator for the implementation of this Policy;
- (3) convene at least twice per year to review the procedures used in implementing and administering this Policy, and where deemed necessary, develop and recommend changes in standards and procedures to the Vice President for Research and Graduate Studies, the Vice President for Academic Affairs and Provost, the Administrator, and other appropriate officers of the University;
- (4) consult with the Vice President for Research and Graduate Studies or the Administrator when requested; and
- (5) serve as a board to which a Researcher may appeal actions of the Administrator, subject to appropriate review standards and procedures.

C. Variation of Policy for Special Situations

The Vice President for Research and Graduate Studies, with the concurrence of the Committee, may authorize variations from this Policy for good cause. Such variations shall be restricted to special situations.

D. Appeal of Actions by the Administrator

A Researcher may appeal actions of the Administrator to the Committee. Grounds for such appeal are alleged failure of the Administrator to fulfill the provisions of this Policy, to follow appropriate implementing guidelines, or to demonstrate reasonable diligence.

The Researcher shall submit the appeal in writing to the Chairperson of the Committee, who shall determine whether the Researcher has made a reasonable effort to resolve the complaint with the Administrator and whether the substance of the appeal appears to be within the scope of this Policy. Proceedings shall be informal, but all parties shall have adequate notice and an opportunity to be heard.

After considering all relevant information the Committee shall prepare and send to the Vice President for Research and Graduate Studies a report of its findings and decision on the issues raised by the Researcher and any corrective action it recommends. The Vice President shall promptly review the report and may adopt or modify it on behalf of the University. The Committee's finding as to whether an item is subject to ownership by the University under section I B(2)(b) or (c) shall be final and conclusive on the part of the University unless appealed by the Researcher.

The decision of the Vice President for Research and Graduate Studies shall be communicated to the Researcher and the Administrator within thirty (30) days of receipt of the Committee's report, and shall be final unless appealed to the President of the University by the Researcher or another interested party within thirty (30) days following the issuance. If so appealed, the decision of the President shall be final.

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

If the Researcher, the Administrator, or any other person is concerned about protection of academic freedom as a result of the interpretation, implementation, or use of this Policy, the matter may be referred to the Committee for appropriate action.

III. RESPONSIBILITIES OF THE RESEARCHER

A. Disclosure

Responsibility for timely disclosure of items subject to this Policy, such as copyrightable material and marks, inventions, discoveries and related know-how, rests with the inventors or creators. They shall take all reasonable steps requested by the Administrator including the execution of assignments and the like necessary for evaluation of the item and the perfection of patent or other rights.

Faculty or staff members, including students in their capacity as employees of the University, who believe that they have invented items outside the scope of this Policy shall not file, or permit others to file in their name, patent applications without providing at least thirty (30) days notice and a statement of the circumstances of the invention to the Administrator. At the Administrator's request, additional information as to the nature and circumstances under which the item was developed and a copy of the invention disclosure or proposed patent application, whichever the Administrator may deem appropriate under the circumstances, shall be provided.

B. Consulting and Business Activities

Faculty or staff engaging in consulting or in business and those charged with approving such activities on behalf of the University are responsible for ensuring that any related agreements with external entities are not in conflict with this Policy or other commitments involving the University. Faculty and staff members should make their obligations to the University clear to those with whom they make agreements and should provide other parties to the agreement with a current statement of this Policy. The Administrator, upon request, will provide assistance in this respect.

The University's rights and the individual's obligations to the University which are subject to this Policy are in no way abrogated or limited by the terms of such agreements with third parties, except insofar as the Vice President for Research and Graduate Studies may specifically authorize in writing. Requests for authorization to abrogate or limit the University's rights or the individual's obligations are to be submitted to the Administrator.

IV. RESPONSIBILITIES OF THE UNIVERSITY

When the University makes the determination to exercise its rights to an item, it will promptly make appropriate efforts to legally protect the item and, with the assistance of the inventor or creator, it will search out and initiate negotiations with prospective licensees.

If the University does not choose to exercise its rights in an item through pursuit of legal protection and commercial development or otherwise or to transfer its rights to another party or to dedicate its rights to the public, or if the University chooses to protect an item, but does not arrange for its commercial development or dedication to the public within a reasonable time, then the inventor(s) or creator(s) may make a written request to the Administrator for transfer or waiver of the University's rights to themselves, and the Administrator will either recommend to the Vice President for Research and Graduate Studies that the request be granted, subject to any conditions deemed appropriate, or advise the requestor(s) of the University's plans for the item. Such transfers and waivers shall be subject to the retention of a non-transferable royalty-free license and to other reasonable conditions, but Researchers shall have the right in accord with

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

Section II D to appeal any conditions, as well as any other aspect of the request, to the Committee.

The University shall treat disclosures of items subject to this Policy as confidential and shall make reasonable efforts to avoid loss of rights due to lack of appropriate documentation or to improper or premature disclosure or to publication without proper copyright notice.

V. TRANSFER OF UNIVERSITY PROPERTY

The University must preserve any basis that may exist for protecting items subject to this Policy. In some cases, tangible property belonging to the University, including models, devices, designs, computer programs, cell lines, antibodies, recombinant materials, chemical compounds, compositions, formulations, plant varieties, and records concerning inventions or discoveries, constitutes a portion of that basis. Therefore, written approval of the Vice President for Research and Graduate Studies, or his or her delegate, must be obtained before tangible property associated with Products of University Research is removed from University facilities or transferred to any person or entity for commercial purposes. The Policy does not modify any existing requirements concerning the transfer of University property to others for non-commercial purposes.

Where required by a Sponsored Program agreement or where publication may affect the ability to legally protect an item subject to this Policy, timely prior written notice of any proposed publication reporting or describing any Product of University Research should be given to the Administrator so that patent applications may be filed in a timely fashion, appropriate copyright notices provided for, and any relevant obligations under a Sponsored Program agreement satisfied.

VI. DISTRIBUTION OF INCOME

A royalty account will be established for each Product of University Research for which any royalty or other income for rights in such Product is received or for which any authorized expense for protecting or licensing such Product is incurred, and all such income and expenses shall be recorded therein. A single royalty account may be established for more than one such Product where they are so closely related that individual items of such income or expenses are applicable to them in common.

Income to each royalty account shall be allocated as follows, and the allocated amounts distributed at least annually:

- (1) Of the first \$75,000.00 of income,
 - (a) fifty percent shall be allocated to the individual inventor(s) or creator(s), or their heirs, and
 - (b) the other fifty percent shall be allocated (i) first to defray the authorized expenses chargeable to that royalty account, including reserves for anticipated expenses, (ii) next to defray the authorized expenses of other royalty accounts that have not realized sufficient income to fully defray their own expenses, and finally (iii) any remainder shall be allocated proportionately according to the provisions of VI(2)(b)(ii) and (iii).
- (2) Of income beyond the first \$75,000.00.

POLICY ON PATENTS AND COPYRIGHTS (contd)

- (a) an amount equal to any excess of authorized expenses of that royalty account over previous allocations of income from that royalty account to defray such expenses, shall first be allocated to cover such excess expenses, and
- (b) any remainder shall be allocated
 - (i) one-third to the individual inventor(s) or creator(s), or their heirs,
 - (ii) one-fourth to be used for the support of research and other scholarly activities as determined by the Vice President for Research and Graduate Studies in light of needs throughout the University, and
 - (iii) the balance to the college and department of the inventor(s) or creator(s), divided equally unless some other division is authorized by the Vice President for Research and Graduate Studies, to be used for the support of research and other scholarly activities.

Where revenue, other than as part of the payment for conducting a Sponsored Program, is received by the University or one of its units for providing physical embodiments of, or services involving the use of, a Product of University Research, the amount charged for such embodiments or services shall include the estimated value of the (intangible) rights involved, established with the approval of the Vice President for Research and Graduate Studies or designee, and the corresponding proportion of such revenue shall be transferred as income to a royalty account.

Where income is received for rights in possible future inventions, works of authorship, etc., it shall be held in a royalty account until completion or termination of the project or other activities to which the rights relate. If, as determined by the Administrator, no invention, work, etc., to which such rights apply is in fact produced, any portion of such income designated by VI(1) or (2) for allocation to individual inventor(s) or creator(s) shall instead be allocated equally to the college(s) and department(s) of the principal participant(s).

Awards, prizes, honoraria and the like received by individuals primarily as recognition for achievement are not considered to be royalty income subject to this policy, even if a transfer of rights in an invention, plant variety, design, work of authorship, etc. is a condition of the award, but any such transfer of rights in a Product of University Research is subject to the other provisions of this Policy.

Authorized expenses shall include expenditures for preparing and prosecuting applications for patent, plant variety protection, mask work protection and the like, including searches; official filing, registration, recording, issue and maintenance fees; legal services and other extraordinary expenses in connection with licensing and collection of income; and litigation. Ordinary administrative expenses will not be charged to royalty accounts, but where services that would normally incur chargeable expenses are provided internally, an appropriate charge may be levied as an expense against the relevant royalty account(s) to avoid discriminatory results. Where such expenses are incurred by a licensee under an agreement made subsequent to (date of adoption), the royalty account will recognize as expenses any portion offset against accrued royalties and as income any accrued royalties not paid because of such offset.

May 4, 1989 meeting, Board of Trustees

POLICY ON PATENTS AND COPYRIGHTS (contd)

Amounts allocated to individual inventors or creators will ordinarily be divided equally among them, or their respective heirs. However, individual inventors or creators, or their heirs, may enter into agreements to reallocate such amounts among themselves and/or other contributing Researchers, but unless such agreements are in writing, signed by all of those affected and submitted to the Administrator, and are acceptable to the University as to unambiguity of the reallocation, absence of burdensome administrative requirements and assurance that no coercion is implicated, the University will not be required to honor them. Where any amount allocated to an individual cannot be distributed within five years because of inability to locate such individual, or heirs, such amount shall be reallocated proportionately according to the provisions of VI(2)(b)(ii) and (iii).

Where rights in a Product of University Research are transferred or waived to the Researcher(s), the allocation of expenses and income relating to such rights as between the University and the Researcher(s), and the allocation of any University income to the Researcher(s) under VI(1)(a) and VI(2)(b)(i), shall be specified in writing.

When there is a reasonable basis for believing that amounts subject to allocation and distribution under this Policy may be required to be refunded or otherwise expended, or that others may have a claim to such amounts, allocation and distribution may be delayed for a reasonable period required for resolution of the matter. No person shall have a right to receive payment or other benefit under this Policy before the Administrator has been notified in writing by that person of his or her basis for a claim. Upon good faith determination by the Vice President for Research and Graduate Studies that an individual has not contributed significantly to the invention or creation of the item in question and has no other valid basis for a claim, that person shall not be eligible for payment or other benefit under this Policy with respect to such item. Payments made in good faith to one or more claimants shall fully satisfy any obligations on the part of the University to all claimants for the amounts so paid.

VII. REVIEW OF POLICY

This Policy shall be reviewed from time to time by the Faculty Committee on Patents and Copyrights and a report made to the Vice President for Research and Graduate Studies. The report shall form the basis for any revision in the policy that may be appropriate.

NOW THEREFORE

BE IT RESOLVED, That the foregoing revisions to the Interim Policy on Patents and Copyrights be adopted as recommended by the University Senate.

Upon motion of Mrs. Bowser, seconded by Mr. Berry, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

NAMING OF BUILDING

Resolution No. 89-98

Synopsis: The Academic Affairs Committee recommended the naming of a building on the Columbus Campus at 2036 Neil Avenue, currently known as the Civil and Aeronautical Engineering Building, in honor of Harold A. Boltz.

May 4, 1989 meeting, Board of Trustees

NAMING OF BUILDING (contd)

WHEREAS the Board of Trustees has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS the building on the Columbus campus at 2036 Neil Avenue is currently described as the Civil and Aeronautical Engineering Building; and

WHEREAS during his tenure as dean, Dr. Harold A. Bolz directed the College of Engineering's expansion and modernization to provide some of the finest facilities for engineering of any university in the country; and

WHEREAS he has been an outstanding representative of the University through his leadership role in both community service and professional societies; and

WHEREAS the President recommended, with the concurrence of the President's staff, that the aforementioned building at 2036 Neil Avenue be named in honor of Harold A. Bolz:

NOW THEREFORE

BE IT RESOLVED, that hereafter the building at 2036 Neil Avenue shall bear the name "Harold A. Bolz Hall."

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

NAMING OF BUILDING WING

Resolution No. 89-99

Synopsis: The Academic Affairs Committee recommended the naming of the north wing of Hamilton Hall in honor of Professor Emeritus Emil Bozler.

WHEREAS the Board of Trustees has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS the building on the Columbus campus at 1645 Neil Avenue is currently described as Hamilton Hall; and

WHEREAS during his 53 years at the University, Dr. Emil Bozler was known as a master scholar and educator; and

WHEREAS Dr. Bozler is internationally recognized for his scientific discoveries in muscle research; and

WHEREAS his work is the foundation of our current understanding of the origin and control of the heart beat; and

WHEREAS Dr. Bozler has brought great recognition to the State of Ohio, the University, and the College of Medicine; and

May 4, 1989 meeting, Board of Trustees

NAMING OF BUILDING WING (contd)

WHEREAS the President recommended, with the concurrence of the President's staff, that the aforementioned north wing of Hamilton Hall, located at 1645 Neil Avenue, be named in honor of Emil Bozler:

NOW THEREFORE

BE IT RESOLVED, That hereafter the north wing of Hamilton Hall shall bear the name "Emil Bozler Wing."

Upon motion of Mr. Berry, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

NAMING OF ROADWAY

Resolution No. 89-100

Synopsis: The Academic Affairs Committee recommended the naming of the roadway on the Columbus Campus, currently known as the Campus Loop Road, in honor of John H. Herrick.

WHEREAS the Board of Trustees has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS the section of roadway west of the agriculture and veterinary medicine buildings is currently known as Campus Loop Road; and

WHEREAS during his term as executive director of Campus Planning, Dr. John H. Herrick was the guiding hand in the creation of the University's Campus Master Plan in the 1960's, from which the basic idea for the campus loop road emerged; and

WHEREAS since his retirement from the University, Dr. Herrick has continued to serve the University as a volunteer, researching and writing the history of campus buildings, a summary of campus planning, and other valuable documentations which are major resources for historians and University developers; and

WHEREAS the President recommended, with the concurrence of the President's staff, that the aforementioned Campus Loop Road be named in honor of John H. Herrick:

NOW THEREFORE

BE IT RESOLVED, that hereafter the roadway from Woody Hayes Drive south and east across the Olentangy River to Cannon Drive shall bear the name "John H. Herrick Drive."

Upon motion of Mrs. Bowser, seconded by Mr. Berry, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

May 4, 1989 meeting, Board of Trustees

HOSPITALS BOARD APPOINTMENT

Resolution No. 89-101

Synopsis: The Academic Affairs Committee recommended the approval of emeritus status to a Hospitals Board member.

WHEREAS pursuant to bylaw 3335-93-01 of the University Hospitals Board Bylaws, the Board of Trustees may designate emeritus Hospitals Board members; and

WHEREAS Charles Y. Lazarus has had a long and loyal association with this University and with University Hospitals; and

WHEREAS since the Board's creation he has been one of its most steadfast members; and

WHEREAS his dedicated service, commitment and contributions to the Hospitals Board have been noteworthy;

NOW THEREFORE

BE IT RESOLVED, That upon the recommendation of the Hospitals Board and the President, the title of Hospitals Board Member Emeritus be conferred upon Mr. Charles Y. Lazarus, effective May 1, 1989.

Upon motion of Mrs. Bowser, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

DEGREES AND CERTIFICATES - SPRING QUARTER COMMENCEMENT

Resolution No. 89-102

Synopsis: The Academic Affairs Committee recommended the approval of Degrees and Certificates for Spring Quarter.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on June 9, 1989, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

Upon motion of Mr. Immke, seconded by Mr. Berry, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

May 4, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS

Resolution No. 89-103

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the April 7, 1989 meeting of the Board, including the following Reappointment of Chairperson of Department, Leaves of Absence Without Salary and Emeritus Titles, as detailed in the University Budget be approved.

Reappointment of Chairperson of Department

July 1, 1989 through June 30, 1990

Entomology

Clive A. Edwards

Leaves of Absence Without Salary

CARLOS E. CUEVAS, Assistant Professor, Department of Agricultural Economics and Rural Sociology, effective March 27, 1989, through April 13, 1989, to consult in the Zaire Agricultural Policy and Planning Project sponsored by the U.S. Agency for International Development (USAID).

LINDA A. MIZER, Assistant Professor, Department of Veterinary Anatomy, effective April 13, 1989, through June 14, 1989, for medical and personal reasons.

Emeritus Titles

HSIEN C. KO, Department of Electrical Engineering, with the title Chairperson and Professor Emeritus, effective January 1, 1989.

ANTOINETTE P. EATON, Department of Pediatrics, with the title Professor Emeritus, effective January 1, 1989.

Upon motion of Mr. Berry, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

RESOLUTIONS IN MEMORIAM

Resolution No. 89-104

Synopsis: The Academic Affairs Committee recommended the approval of the following Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Frances E. Bovard

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 26, 1989, of Frances Eckert Bovard, Assistant Professor Emeritus in the Cooperative Extension Service.

May 4, 1989 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Frances E. Bovard (contd)

Professor Bovard was born on November 30, 1911, in Portage, Ohio. She received her B.S. in Home Economics Education from Bowling Green State University in 1934; then spent three years as a teacher in the Portage and North Baltimore school system.

Professor Bovard began her Extension experience when she joined the faculty at The Ohio State University in 1937 as a Home Demonstration Agent, Home Economics in Lorain County. She later served in Henry County and Wood County as a County Extension Agent, Home Economics, before accepting the position of area Extension Agent, Home Economics, for the Defiance Extension area in 1970 and remained in this position until her retirement in 1974. Upon retirement, she was named Assistant Professor Emeritus.

Professor Bovard's contributions in providing excellent Extension educational programs during her career earned her the respect and admiration of her co-workers and many thousands of Ohio citizens.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to the family of Professor Bovard. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

John B. Mowbray

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 27, 1989, of John B. Mowbray, Professor Emeritus in the Cooperative Extension Service.

Professor Mowbray was born January 20, 1921, in Frankfort, Ohio (Ross County). He served in the United States Air Force in North Africa and the Middle East from 1941-45. He was awarded a Bachelor of Science degree in 1947 and a Master's degree in 1955, both in Agricultural Education from The Ohio State University.

Professor Mowbray taught Vocational Agriculture from 1947 to 1951 upon graduation from The Ohio State University. In January 1952 he began his Extension experience when he joined the faculty at The Ohio State University as a County Extension Agent, Agriculture, in Warren County. He assumed the responsibilities of County Extension Agent, 4-H, in Warren County in 1958, and the next year moved to Adams County as the County Extension Agent, Agriculture, and remained in this position until 1965. He then joined Scioto County as the County Extension Agent, Agriculture and held this position until his retirement in 1979. Upon his retirement, he was named Professor Emeritus.

Professor Mowbray was a member of the National Association of County Agricultural Agents; the Ohio County Extension Agents' Association; National Farm Bureau; National Grange; Epsilon Sigma Phi Extension Honorary Fraternity; and was one of the original Extension agents in the development and building of 4-H Camp Graham. He has earned the respect and confidence of his peers, the clientele whom he had so dedicatedly served, and professionals within his county, the State of Ohio and the nation. John Mowbray had been recognized for his outstanding leadership abilities by receiving the Distinguished Service Award from the National Association of County Agricultural Agents and was a recipient of the National Association's Search for Excellence Award.

May 4, 1989 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

John B. Mowbray (contd)

On behalf of the University community, the Board of Trustees expresses to the family of Professor Mowbray its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

Upon motion of Mr. Immke, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT HEALTH INSURANCE

Resolution No. 89-105

Synopsis: The Student Affairs Committee recommended the renewal of the Student Health Insurance Program with Central Benefits Mutual Insurance Company, formerly known as Blue Cross of Central Ohio.

WHEREAS on April 8, 1988, this Board awarded a one year contract (effective Autumn Quarter 1988) to provide Student Health Insurance with the understanding that the program would be competitively rebid; and

WHEREAS after consideration of the desires and concerns of the students who purchase the insurance, the Student Health Insurance Committee of the Council of Student Affairs has recommended -- and the full Council on Student Affairs has ratified this recommendation -- that the competitively bid contract continue to provide the existing benefits plus the following improved/changed benefits:

Increase hospital room and board coverage as follows:

1989-90: from \$210 per day to \$220 per day (\$10 increase);
1990-91: from \$220 per day to \$225 per day (\$5 increase).

For nervous/mental and outpatient substance abuse coverage, reduce participant deductible from \$500 to \$250 and increase plan coinsurance from 50% to 80% (for both plan years).

Increase major medical maximum coverage from \$25,000 to \$100,000 (for both plan years).

WHEREAS this program will be available on an optional basis to all registered students for the following proposed Quarterly Premium Rates:

<u>Classification</u>	<u>Expiring Quarterly Rates 1988-89</u>	<u>Proposed Quarterly Rates 1989-90</u>	<u>Proposed Quarterly Rates 1990-91</u>
Student	\$ 72	\$ 89	\$ 98
Student & Spouse	221	216	239
Student, Spouse & Children	322	408	450
Student & Children	171	279	307

May 4, 1989 meeting, Board of Trustees

STUDENT HEALTH INSURANCE (contd)

NOW THEREFORE

BE IT RESOLVED, That Central Benefits Mutual Insurance Company be awarded the competitively bid Student Health Insurance contract effective the first day of classes, Autumn Quarter 1989, for a period of two (2) years. The contract will provide the benefits outlined above as well as those now available under the terms of the current contract.

Upon motion of Mr. Berry, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XXXVIII for Executive Summary of the Report on the Student Health Insurance Committee, Council on Student Affairs, March 1989, page 1165.)

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Casto:

This morning we heard from Mr. Warren King, Director of the Office of Disability Services. He provided an overview of the many services that are offered in this office. They really do have phenomenal computer abilities in Disability Services. They do seem to have made it a lot easier for people who are handicapped and compensated in other ways so they are able to learn to whatever capacity they would like to learn.

(See Appendix XXXX for complete text of the Report on the Office for Disability Services, Division of Student Affairs, page 1169.)

I would like to call on Roger Musgrave --

Mr. Roger Musgrave:

Good afternoon, at the risk of making those who I have studied rhetoric with shutter, I am choosing to begin by reading to you just 100 words or so from this morning's Dispatch which you may not have seen. It reads:

"Graduate Assistants Walk Out of Classes, Berkeley, California, Associated Press."

"With final exams in two weeks, a union of 3,200 graduate assistants walked out of University of California classrooms yesterday to press for recognition as employees. They are union-based here. The Association for Graduate Student Employees is affiliated with United Auto Workers. It is the vanguard of a movement challenging the view of graduate students as scholars living off stipends. The students say they are underpaid, overworked, and often forced to go without health and other benefits."

So what else is new, right. But it does make me feel a little less like a voice crying in the wilderness given the things I have emphasized this year in my reports. More importantly, we think that this kind of thing illustrates that the classical views of the academy are evolving. Graduate Associates most certainly recognize that they are primarily students. But once we reach the point where more than half of the University's teaching is done by Graduate Associates, we also believe that there is no questions but that they are employees as well. The IRS certainly won't entertain

May 4, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Musgrave: (contd)

discussion about whether the stipends are earned income. In essence, CGS asks that the University's administration and faculty keep in mind that while most of the discussion about compensation levels occurs in November because stipend increases are granted in January, it is a continuing concern and one that will not go away.

We actually consider ourselves very fortunate that a situation such as the one at Berkeley has not occurred here. We believe this is probably not the right way to resolve our disagreements. We don't wish to see the undergraduates in our classes hurt, but actually, that is exactly the point. Given our present structure of being paid \$690 per month -- which works out to \$6,210 for the academic year -- and being required to teach two sections of a class with 46 students each, which meets five days a week -- and that is a half-time load. While most GA's actually have a much better situation than that, that situation can exist. And we just ask that everyone keep it in mind, recognize it, and continue to be concerned with it.

We realize the benefits issue is very complex as is obvious by the discussion of faculty/staff benefits. Self-determination for graduate students may be a partial answer in a lot of cases. The National Association of Graduate and Professional students is now in final negotiations with an insurance carrier which will hopefully offer a nationwide insurance plan for graduate students. We recognize that we at Ohio State already have a reasonable student health insurance program, but we will be interested in seeing what the premium will be for the new NAGS plan. GA's this year at Ohio State were granted a 4 per cent salary increase and most are expected -- and find it impossible -- not to hold off campus employment to supplement that income. Yet, you have seen the double digit increases projected for the health insurance today. Graduate Associates also buy gasoline, and on and on and on. Folks have brought this up and said, "What's wrong with this picture?"

We hope the NAGS graduate student health insurance offering will not disrupt the enrollment figures dramatically at Ohio State. But if graduate students united can create a lower premium for each other, CGS will encourage our graduate students to participate in the plan. It is quite possible the final premium offered will be much higher than what we have at Ohio State and relatively few here would enroll, nonetheless, we like the idea of our graduate students having a choice. Perhaps there will be a higher deductible on the plan, but perhaps it may also have a significantly higher major medical limit for those who need it. The other great benefit of this kind of activity is that there are a lot of graduate students across this country that have no health insurance available to them at all on their campuses, so we believe this is a national service that we can provide for other graduate students.

Related peripherally to this discussion, I won't be the CGS president next year, but I will be serving on a National Association of Graduate Students committee on labor and economic issues. At the very least, we hope we can gain a lot by exchanging information from campus to campus. Bob Bussle from Cornell will chair the committee and you will hear reports about our activities from the new CGS president.

Speaking of which, we had our elections this past Sunday and we are very pleased with our new officers. The vice president's position in CGS entails a lot of work and

May 4, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Musgrave: (contd)

little visibility. The Graduate Research Forum which occurred last month is run by our vice president. That position was filled this year by Luke Evans, who I thought was going to be here, but I don't think is. He has been elected our new president. I am sure he will be here next month so that I can introduce him to all of you. Luke is a Ph.D. candidate in Educational Policy and Leadership, and we look forward to your working with him next year. Our new vice president is Benetta Lucius, who served as the Council's secretary and acting vice president for one month this past year. Benetta is also enrolled in Educational Policy and Leadership. Our new secretary is Cynthia Carlson, enrolled in the Master's program in Natural Resources. And I have been accused of learning enough to see where the real power lies, and I have been elected to serve as treasurer for next year.

CGS is co-sponsoring the presentation of *BRAIDS*, a one act play telling the story of the riveting effects of AIDS on the black community in the United States. Performed by the theater company Living the Dream, Inc., it is being coordinated by the College of Social Work Student Association. It will be presented May 14 and 18 on our campus and we can provide more information if you are interested.

CGS is trying to get its office hardwired into the SONNET system, the on-campus computer networking facilities. We would like to have easy access to BITNET from our office to communicate with graduate student organizations and individuals elsewhere, and we would also like to be able to use E-Mail to communicate with our own campus constituency and perhaps institute a campus-wide graduate student bulletin board. We believe the technology isn't much good unless it is being used to serve people, and we hope we will be able to do our part soon.

Finally, we are very happy with the way our Graduate Research Forum went this year. The papers presented were uniformly impressive. We had quite a few guests in the audience, which sometimes we don't have. Everyone who presented their work gained good experience and we believe our faculty actually enjoyed participating themselves. I won't take the time to read the names of the winners in each program area to you, their names will appear in our next Graduate Voice. But do let me say that the judges in every area told us they had a difficult time in choosing one presentation in the area as the outstanding one. And in two areas the judges insisted that we present co-winners with the award. We do wish to thank the Graduate School and the Office of Research and Graduate Studies for their help in providing funds for the winners of the awards, the cost of the facilities, the judges' stipends, honoraria, and all the other little expenses we had to cover to pull the event off.

To close, I would like to add the Council of Graduate Students' best wishes and appreciation to Dr. Brand and Dr. Hollander.

Ms. Casto:

Roger, is this your last meeting?

Mr. Roger Musgrave:

I will be here for the next meeting. I get paid through the quarter, so I serve through the quarter.

May 4, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Casto:

Thank you. Athena --

Ms. Athena Yiamouyiannis:

Mr. Chairman, Mr. President, members of the Board of Trustees, good afternoon. I would like to begin my report of Undergraduate Student Government activities by telling you about Zoo Day. USG hosted the first ever Zoo Day as an educational awareness event for environmental and animal conservation issues. Undergraduate Student Government invited Jack Hanna, the director of the Columbus Zoo, and his animals out to The Ohio State University this past Tuesday. Originally we were going to have it at the Mirror Lake Amphitheater, but due to the inclement weather -- it was downpouring -- we had it inside at the Ohio Union Conference Theater. We had a great turnout. We had over 400 people in attendance. We had to turn people away and close the doors at that point. Jack Hanna brought a baby kangaroo, a hawk, a opossum, an owl, and some other animals. Everyone really did enjoy the event. The Lantern gave us great coverage. They ran an article and a picture the day of the event telling about it and also a follow up article on the next day on the front page of the Lantern. I have talked to Jack Hanna, and it looks promising for next year as well.

An upcoming event that USG is working on in conjunction with the Ohio Students Association was a rally that was to be planned here at The Ohio State University to go down to the Capital Building. Plans have been changed. The students are going to meet down at the State House instead, to lobby for more funding. A USG assembly resolution that is being researched in committee currently is on the Governor's tax initiative which may be put on the November ballot.

Another upcoming event that USG is involved with is hosting the Regional Campus Exchange Day. This is on Friday, May 12, from 10:30 a.m. to 2:30 p.m. Students from regional campuses will have an opportunity to come to the main campus to meet some students and get acquainted with the facilities and surroundings here. Originally this service was provided by the UVC (University College), but because of cost containment they have deleted the service from their programming. USG has picked it up this year and will hopefully continue to do so in future years.

This last year has gone very well for Scott Mounts, my vice president, and myself, as well as the other members of the Undergraduate Student Government. I would just like to recap some of the things that we have worked on over this past year. First of all, we had the Minority Affairs Reception this winter which Tyrome Alexander, after working with administrators, staff members and students through the entire quarter, compiled this. It was held in recognition of his efforts in this area and also in recognition of student organizations and other members of the University. Additionally, Jennifer Murray conducted a financial aid survey to address problems that students had on financial aid. The Undergraduate Student Government held a forum to help out with that problem. We addressed some women's affairs issues this past year. Assembly passed a resolution to address the low number of female faculty members at the full professor rank. Tuition increase was another issue that we addressed. With the rally on the Oval, it brought media attention and I think it addressed the students' concerns quite visibly. Also, we had for the first time at The Ohio State University two student Trustees to add to the group here.

May 4, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Yiamouyiannis: (contd)

It has been a very rewarding year for me. In addition to some of these successful programs that I have been able to be a part of, I have also been able to notice a few weaknesses in the program. I would like to share with you one of the problems that I am very much concerned with. This has to do with the process of the distribution of funds from the CSA Allocations Committee. First of all, there is a lack of funding. This year there was not enough money to be distributed to the groups. And I would hope that the President and administrators will see to it that maybe more compensation is awarded in this area. Because it is an important part of student life on campus.

In addition, I think the student representation needs to be enforced. On our committee there were a couple of people that were voting that were not supposed to be. So there was an imbalance in the number of faculty members to students voting. The problem was pointed out and was taken care of, but I think this just shows that maybe the whole process needs to be reviewed. And not only that, but the goals of the group need to be reemphasized to the entire group.

And more specifically, one problem which has been coming up every year, is that the Undergraduate Student Government is suppose to help vote on our personal budget as well as other student organization budgets. The money comes out of the same pot, so if we lobby for more for ourselves, we are taking away from the student organizations which we are supposed to be helping out as well. What I would suggest is that we work out some way where student government budgets are autonomous from student organizations. I have made the recommendation, the recommendation has been made in the past, but nothing has been changed. I think the problem is that every year we have a turnover in administration and the problem doesn't get taken care of. I am going to be leaving this as well as many other responsibilities in the hands of my successors. They are going to be working on some of these proposals this summer.

One of my successors, David Staub, who was elected President about two weeks ago, is in the audience with us. David, do you want to stand up? Bart Deems is his new Vice President. They do have a big job ahead of them, and I wish them the best of luck. The inauguration will take place May 17 in the Student Lounge at the Ohio Union at 4:30 p.m. and everyone is welcome to attend. Scott Mounts and myself have been meeting both with David and Bart on a regular basis to get them acquainted with the office, their responsibilities, and giving further insight into USG projects. We do look forward to the future growth of USG.

In closing, I would like to say that this has been a great opportunity to meet with everyone at the University with numerous students, faculty members, and administrators, and also you, the members of the Board of Trustees. I will miss everyone, but not too much because I will be coming back this fall and attending Graduate School here at Ohio State University in Sports Administration. Thank you.

Ms. Casto:

Athena, we have this document to present to you that says:

WHEREAS Athena Yiamouyiannis has served as president of the Undergraduate Student Government during the past year; and

May 4, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Casto: (contd)

WHEREAS she has carried out an assignment in an exemplary manner; and

WHEREAS her leadership in representing the interest of students has been positive in nature as has been her communication with both the Board of Trustees and the Administration:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses to Athena Yiamouyiannis its sincere appreciation and gratitude for a job well done and conveys to her its best wishes for success in the future.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mr. Teaford:

Today, Dr. Moser, who is the head of the Ohio Cooperative Extension Service, reported to us. He told us about an outside organizational review which had just been completed which was done by administrators from other universities across the country. He indicated to us that he was adopting virtually all of the recommendations of that review committee. A reorganization has really become necessary within Cooperative Extension because of the downsizing that has been the result of tightening budgets. This has really affected Cooperative Extension probably more than any other single part of the University.

Among the recommendations were that there should be significantly more coordination of state-wide programs, that there is a real need to develop better relationships between the Columbus faculty and the Extension faculty. Because, after all, one of the principal purposes of Cooperative Extension is the dissemination of research and of course it is the Columbus faculty that is doing much of that research.

Among the other recommendations was with regard to 4-H, which as you know is part of the Cooperative Extension mission. The recommendation was that faculty members from outside the Colleges of Agriculture and Home Economics should be utilized in order to work with the 4-H youth. Because today, of course, 4-H is almost as much an urban program as it is a rural one.

The committee also recommended that Cooperative Extension pay particular attention to the need for ethnic and cultural diversity within that agency. And they are, in fact, already implementing those suggestions.

(See Appendix XXXXI for complete text of the Organizational Review Team and the Organizational Review Recommendations, page 1173.)

May 4, 1989 meeting, Board of Trustees

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Berry:

The committee met this morning. We first heard and received the third quarter report on the status of the 1988-89 budget. This report shows an increase in estimated revenues and expenditures of \$7.4 million, an increase of 0.7 per cent. Most of this adjustment is due to increases in restricted funds such as sponsored research and gifts. Also, the budget adjustments approved in January by the Hospitals Board are reflected in this report. I have talked with Mr. Ihrig about doing everything possible that he can to bring this up-to-date through May 3. And he thinks he can get it up over \$1 billion so that Len can go out as the first chairman with a billion dollar budget! I thought I'd put that in.

During the first quarter of 1989, there were 29 waivers of competitive bidding requirements, which totaled some \$2.6 million. These waivers were reviewed in accordance with the Board Policy. (See Appendix XXXXII for complete text of The Ohio State University 1988-89 Current Funds Budget - 3rd Quarter Report, page 1183, and Appendix XXXXIII for complete text of Waivers of Competitive Bidding Requirements - January - March 1989, page 1189.)

In addition to this report, the Committee is recommending for Board approval the resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 89-106

Synopsis: The Fiscal Affairs Committee recommended the approval of the following reports on contracts, grants, and gifts and the summary for March 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of March 1989 be approved.

Upon motion of Mr. Berry, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR MARCH 1989

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	125	\$7,888,284.00
Engineering Experiment Station 44		\$ 557,700.00
Total	169	\$8,445,984.00
The Ohio State University Development Fund		
Establishment of Named Funds		
The Hazael Edward Welton Endowment Fund (Scholarship awards to Black and Hispanic students enrolled in the College of Optometry)		\$ 77,875.06
The Wendell D. and Helen R. Postle Scholarship Fund (Scholarships - College of Dentistry)		\$ 57,810.73
Medical Director - Clinical Research Support Fund (Support of clinical research projects)		\$ 30,000.00
The Rho Pi Phi Scholarship Fund in Pharmacy (Scholarships)		\$ 20,000.00
The Thomas Stickley International Graduate Scholarship Fund (Scholarships)		\$ 15,935.00
The Kenneth W. Reisch Excellence in Teaching Fund (Sponsor a lecture or symposium - College of Agriculture)		\$ 15,914.00
Mary H. and J. Churchill Hodges Endowment Fund		
(Scholarships - residents of counties served by the Tri State Alumni Club)		\$ 15,229.00
The Dorothy Jones Williams Memorial Scholarship Fund (Scholarships - College of Business)		\$ 15,000.00
Change in Description of Named Fund		
Arthur E. Baggs Memorial Fund		

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - March 1989

Federal Research Contracts/Grants

\$746,560.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Compact Range and Radar Cross Section Studies, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside and L. Peters, Jr.), 1 February 1989 through 28 February 1990. (Project 761608 - Continuation)

\$348,833.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Pathobiological Determinants of Atherosclerosis in Youth, Department of Surgery (J. F. Cornhill), 1 March 1989 through 28 February 1990. (Project 764727 - Continuation)

\$256,991.00 - Department of Health and Human Services, National Institute of Mental Health, Bethesda, Maryland, Caregivers of Alzheimer's Disease Victims: Stress and Mental Health, Department of Psychiatry (J. Kiecolt-Glaser) and Department of Microbiology and Immunology (M. R. Glaser), 1 April 1989 through 31 March 1990. (Project 765958 - Continuation)

\$212,927.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Endotracheal Suctioning in Acutely Ill Adults, Department of Life Span Process (K. S. Stone), 1 April 1989 through 31 March 1990. (Project 765998 - Continuation)

\$189,557.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, RNA Splicing in Neurospora Mitochondria, Department of Molecular Genetics and Department of Biochemistry (A. M. Lambowitz), 1 April 1989 through 31 March 1990. (Project 765596 - Continuation)

\$188,244.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Cognitive Engineering in Aerospace Applications, Department of Industrial and Systems Engineering (D. D. Woods and P. J. Smith), 1 April 1989 through 31 March 1990. (Project 767386 - New)

\$180,459.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Neoplastic Transformation of Human Epithelial Cells, Department of Physiological Chemistry (G. E. Milo), Comprehensive Cancer Center and Department of Microbiology (B. S. Zwillig), and Diagnostic Services (C. F. Shuler), 1 April 1989 through 31 March 1990. (Project 761756 - Continuation)

\$173,639.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Chemistry of Novel Natural Inhibitors of Carcinogenesis, College of Pharmacy, (J. M. Cassidy), 1 April 1989 through 31 March 1990. (Project 766665 - Continuation)

\$166,571.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Synthesis of Unusual Biologically Active Terpenes, Department of Chemistry (L. A. Paquette), 1 April 1989 through 31 March 1990. (Project 763497 - Continuation)

\$163,284.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Cardio-pulmonary Actions -- Trimetoquinol Analogs, College of Pharmacy (D. D. Miller and D. R. Feller), 1 April 1989 through 31 March 1990. (Project 761574 - Continuation)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$161,724.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Mechanism of Phospholipase A₂, Department of Chemistry (M. D. Tsai), 1 April 1989 through 31 March 1990. (Project 767369 New)

\$160,000.00 - Department of the Army, Army Materiel Command, Fort Belvoir, Virginia, Modification of the OSU/ESL Video Pulse Mine Detector to Eliminate Ground Contact, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr.), 22 March 1989 through 22 March 1990. (Project 767388 New)

\$158,937.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Interval Training and Cancer Patients' Functional Capacity, Department of Family and Community Nursing (M. G. MacVicar), 15 April 1989 through 31 March 1990. (Project 766682 - Continuation)

\$156,600.00 - National Science Foundation, Washington, D.C., Syntheses and Studies of Selected Metal Carbonyl and Boron-Metal Carbonyl Clusters, Department of Chemistry (S. G. Shore), 1 September 1989 through 31 August 1990. (Project 766824 - Continuation)

\$138,955.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Neuromodulators in Cerebellar Circuitry, Department of Anatomy (G. A. Bishop), 1 March 1989 through 28 February 1990. (Project 763013 - Continuation)

\$133,195.00 - National Science Foundation, Washington, D.C., Maintenance of the Bacillus Genetic Stock Center, Department of Biochemistry (D. H. Dean), 15 March 1989 through 28 February 1990. (Project 767330 - Continuation)

\$132,222.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, General Clinical Research Center, College of Medicine - Administration (M. Tzagournis) and Department of Internal Medicine (W. Malarkey), 1 December 1988 through 30 November 1989. (Project 761196 - Continuation)

\$124,966.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Synthesis of Biologically Active Alkaloids, Department of Chemistry (D. J. Hart), 1 April 1989 through 31 March 1990. (Project 762083 - Continuation)

\$120,000.00 - Environmental Protection Agency, Washington, D.C., Biological Consequences of Global Atmospheric Hydrocarbons on Human Neonatal Fibroblasts: Molecular Models Applicable to the Analysis of Electronic and Steric Effects of Substituents on Structure-Toxicity Relationships, College of Pharmacy (D. T. Witiak), 22 February 1989 through 21 February 1991. (Project 767314 - New)

\$112,764.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Feline Retrovirus-Associated Endocrine Dysfunction, Department of Veterinary Pathobiology (J. L. Rojko, L. E. Mathes and C. A. Brooks), 1 March 1989 through 28 February 1990. (Project 767361 - New)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$110,937.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Regulation of Histidine Utilization in *Streptomyces*, Department of Microbiology (K. E. Kendrick), 1 April 1989 through 31 March 1990. (Project 767370 - New)

\$110,190.00 - Department of the Army, Army Research Office, Research Triangle Park, North Carolina, Packet Radio Networks with Adaptive Arrays, ElectroScience Laboratory, Department of Electrical Engineering (R. T. Compton, Jr.) and Department of Electrical Engineering (R. L. Hamilton), 1 March 1989 through 28 February 1990. (Project 767335 - New)

\$103,335.00 - National Science Foundation, Washington, D.C., Enhancing Mathematics Through Technology Inservice, Department of Mathematics (F. Demana and B. K. Waits) and Department of Educational Theory and Practice (A. Osborne and G. Foley), 1 June 1989 through 31 May 1990. (Project 767372 - New)

\$100,000.00 - Department of Energy, Argonne, Illinois, Investigations of Ultrasonic Wave Interactions at Boundaries Separating Anisotropic Materials, Department of Welding Engineering (L. Adler), 1 April 1989 through 31 March 1990. (Project 764033 - Continuation)

\$98,621.00 - National Science Foundation, Washington, D.C., Mesoscale Cyclone Dynamics Around Antarctica, Byrd Polar Research Center (D. H. Bromwich), 1 June 1989 through 31 May 1991. (Project 767340 - New)

\$97,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Novel Ultrasonic Techniques for Inter-face Studies, Department of Welding Engineering (L. Adler), 1 April 1989 through 30 November 1989. (Project 766985 - Continuation)

\$95,706.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Human Thrombin: Binding and Recognition Sites, Department of Chemistry (L. J. Berliner), 1 February 1989 through 31 January 1990. (Project 761742 - Continuation)

\$84,876.00 - National Science Foundation, Washington, D.C., Orthogonal Polynomials and Their Applications, Department of Mathematics (P. Nevai), 1 January 1990 through 31 December 1990. (Project 766825 - Continuation)

\$82,736.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Sertoli Cell-Germ Cell Surface Membrane Interactions, Department of Anatomy (R. M. DePhilip), 1 March 1989 through 28 February 1990. (Project 764825 - Continuation)

\$81,063.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Structure, Function, and Dynamics of P-450 Cytochromes, College of Pharmacy (S. Black), 1 February 1989 through 31 January 1990. (Project 766583 - Continuation)

\$76,737.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Conformational and Electrostatic Effects in Plastocyanin, Department of Biochemistry (E. L. Gross), 1 April 1989 through 31 March 1990. (Project 765991 - Continuation)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$76,000.00 - National Science Foundation, Washington, D.C., Fourier Transform Ion Cyclotron Resonance Mass Spectrometry: Techniques Development and Non-Biological Application, Chemical Instrumentation Center, Department of Chemistry and Department of Biochemistry (A. G. Marshall), 1 October 1989 through 30 September 1990. (Project 766684 - Continuation)

\$75,591.00 - National Science Foundation, Washington, D.C., Curing of Low Shrinkage Unsaturated Polyester Resins in Reactions Processing, Department of Chemical Engineering (L. J. Lee), 1 March 1989 through 28 February 1990. (Project 767359 - New)

\$75,000.00 - National Science Foundation, Washington, D.C., Low Temperature Electronic Properties of Conducting Solids, Department of Physics (J. C. Garland), 1 March 1989 through 28 February 1990. (Project 767331 - New)

\$74,717.00 - Environmental Protection Agency, Washington, D.C., Promotion of Carcinogenesis: Role of Aberrant tRNA Modification, Department of Physiological Chemistry and Comprehensive Cancer Center (R. W. Trewyn), 8 March 1989 through 7 March 1991. (Project 764159 - Continuation)

\$74,227.00 - Department of Commerce, National Institute of Standards and Technology, Gaithersburg, Maryland, Physical and Mechanical Properties of Composite Materials, Department of Materials Science and Engineering (R. H. Wagoner and V. K. Tewary), 6 February 1989 through 5 February 1990. (Project 766671 - Continuation)

\$71,240.00 - National Science Foundation, Washington, D.C., Summer Mathematics Program, Department of Mathematics (A. E. Ross, G. Edgar and D. Ray-Chaudhuri), 15 February 1989 through 30 June 1990. (Project 767333 - New)

\$70,000.00 - National Science Foundation, Washington, D.C., Inelastic Light Scattering Studies of Quantum-Layered Semiconductors and Metallic Microstructures, Department of Physics (R. Sooryakumar), 1 November 1989 through 31 October 1990. (Project 766205 - Continuation)

\$69,571.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Study of Powder Agglomeration in a Microgravity Experiment, Department of Materials Science and Engineering (J. D. Cawley), 24 May 1989 through 23 May 1990. (Project 765777 - Continuation)

\$65,000.00 - National Science Foundation, Washington, D.C., Highly-Excited States of Atoms and Molecules, Department of Physics (R. D. Knight), 1 May 1989 through 30 June 1990. (Project 766887 - Continuation)

\$63,328.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Fundamental Research on Erosion in Magnetoplasmadynamic Thrusters, Department of Mechanical Engineering (V. Subramaniam and J. W. Rich) 30 September 1989 through 29 September 1990. (Project 766307 Continuation)

\$55,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Adaptive Arrays for Satellite Communication, ElectroScience Laboratory, Department of Electrical Engineering (I. J. Gupta and E. K. Walton), 21 March 1989 through 30 June 1989. (Project 764040 - Continuation)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$53,000.00 - National Science Foundation, Washington, D.C., Noise-Induced Turbulence in Superfluid Helium, Department of Physics (J. T. Tough), 1 November 1989 through 31 October 1990. (Project 766036 - Continuation)

\$52,029.00 - Department of the Army, Army Research Office, Research Triangle Park, North Carolina, 44th Molecular Spectroscopy Symposium, Department of Physics (K. N. Rao), 6 March 1989 through 5 March 1992. (Project 767383 - New)

\$51,844.00 - Department of Health and Human Services, National Library of Medicine, Bethesda, Maryland, Computer-Based Pathology Consultation, Department of Pathology (J. W. Smith), 1 March 1989 through 28 February 1990. (Project 764598 - Continuation)

\$50,024.00 - National Science Foundation, Washington, D.C., Mesozoic and Cenozoic Kinematic Evolution of the Transantarctic Mountains, Byrd Polar Research Center and Department of Geology and Mineralogy (T. J. Wilson), 1 July 1989 through 31 December 1990. (Project 767387 - New)

\$50,000.00 - National Science Foundation, Washington, D.C., Ohio Academic Resources Network (OARNET), Ohio Supercomputer Center (C. F. Bender and A. A. Brown), 15 March 1989 through 31 March 1990. (Project 767389 - New)

\$40,250.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Laser Diagnostic Studies of Plasma Thrusters, Department of Aeronautical and Astronautical Engineering (T. M. York), 1 May 1989 through 30 April 1990. (Project 767344 - New)

\$39,500.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Plate Vibrations: A Summary of Useful Results, Department of Engineering Mechanics (A. W. Leissa), 1 March 1989 through 15 September 1989. (Project 766608 - Continuation)

\$37,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Linguistics (M. E. Beckman), 1 September 1988 through 28 February 1990. (Project 766861 - Continuation)

\$34,000.00 - National Security Council, Central Intelligence Agency, Washington, D.C., LDC Energy Data Base Collection, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (W. S. Chern), 1 April 1989 through 28 February 1990. (Project 766381 - Continuation)

\$33,845.00 - National Science Foundation, Washington, D.C., Models of the Location of Hub Facilities, Department of Geography (M. E. O'Kelly), 1 March 1989 through 28 February 1990. (Project 767343 - New)

\$30,301.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Identification of Airborne Radar Targets, ElectroScience Laboratory, Department of Electrical Engineering (E. K. Walton, R. L. Moses and F. D. Garber), 1 May 1989 through 31 October 1989. (Project 765216 - Continuation)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$26,000.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Computational Study of the Jet-in-the-Ground-Effect Flow with Dynamically Adaptive Grid, Department of Mechanical Engineering (S. Nakamura), 21 March 1989 through 20 March 1990. (Project 766675 - Continuation)

\$22,056.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Comparison of Materials for Hybrid III Ribs, Department of Mechanical Engineering (J. A. Collins), 1 April 1989 through 30 September 1989. (Project 766989 - Continuation)

\$21,800.00 - National Science Foundation, Washington, D.C., Social Psychophysiology Research Program: Phase II, Department of Psychology (J. T. Cacioppo), 1 February 1989 through 31 January 1990. (Project 767272 - New)

\$21,000.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Gastric Function: Medullary Control, Department of Physiology (R. C. Rogers), 1 April 1989 through 31 March 1990. (Project 767391 - New)

\$20,000.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Relegation for Decentralized Control, Department of Electrical Engineering (U. Ozguner), 1 March 1989 through 30 September 1989. (Project 767334 - New)

\$19,475.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Development and Plasticity of the Vertebrate Spinal Cord: Progress and Future Directions, Department of Anatomy (G. F. Martin, Jr.), 1 March 1989 through 28 February 1990. (Project 767345 - New)

\$9,910.00 - Department of Commerce, National Institute of Standards and Technology, Gaithersburg, Maryland, Contact Stresses, Deformation, Film Thicknesses and Friction Torques in Lubricated Junctions, Department of Mechanical Engineering (B. J. Hamrock and K. Ishii), 1 October 1988 through 30 June 1989. (Project 767328 - New)

\$9,529.00 - Department of Health and Human Services, Fogarty International Center, Bethesda, Maryland, EWAIF and Pulse-Ribbon Models of Auditory Perception, Division of Speech and Hearing (L. Feth), 9 March 1989 through 30 September 1989. (Project 767347 - New)

\$8,000.00 - National Science Foundation, Washington, D.C., Studies of Petrified Paleozoic Fungi, Department of Botany (T. N. Taylor), 15 June 1989 through 31 January 1990. (Project 765204 - Continuation)

\$7,000.00 - Department of Agriculture, Forest Service, Burlington, Vermont, Quality Recreation in Developed Natural Areas: An Importance/Performance Analysis, Department of Natural Resources - OARDC and School of Natural Resources (J. E. Christensen), 15 June 1989 through 30 September 1991. (Project 767346 - New)

\$6,000.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Enroute Flight Path Planning: Cooperative Performance of Flight Crews and Knowledge-Based Systems, Department of Industrial and Systems Engineering (P. J.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$34,000.00 - State of Ohio, Board of Regents, Columbus, Ohio, The Language of Soviet Media, Foreign Language Center (G. L. Ervin), 16 December 1988 through 30 September 1989. (Project 767356 - New)

\$25,000.00 - State of Ohio, Department of Health, Columbus, Ohio, Early Intervention Update Survey, Nisonger Center (E. King and S. R. Schroeder), 1 July 1988 through 30 September 1988. (Project 767019 - New)

\$21,000.00 - State of Ohio, Board of Regents, Columbus, Ohio, Enhancing the Learning of Japanese at the Middle School Level, Department of Educational Studies: Humanities, Science, Technological and Vocational (E. B. Bernhardt and K. Samimy), 16 December 1988 through 30 September 1989. (Project 767316 - New)

\$18,991.00 - State of Ohio, Department of Education, Columbus, Ohio, Assisting the Ohio Division of Vocational Education Coordinate Linkages Between Occupational Work Adjustment Programs and Job Training Partnership Administration, Center on Education and Training for Employment (R. D. Ryan), 1 January 1989 through 30 June 1989. (Project 767378 - Continuation)

\$17,875.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Geodetic Advisor for the State of Ohio, Center for Mapping (J. D. Bossler), 1 July 1988 through 30 June 1989. (Project 766336 - Continuation)

\$11,739.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Yellow Springs Urban/Rural Interface Project, School of Natural Resources (E. F. Epstein), 1 October 1988 through 30 September 1990. (Project 767374 - New)

\$7,407.00 - State of Ohio, Department of Commerce, Columbus, Ohio, Agency Disclosure Program, Academic Faculty of Finance (R. L. Racster), 1 May 1988 through 31 December 1988. (Project 766767 - Continuation)

\$5,000.00 - State of Ohio, Ohio Humanities Council, Columbus, Ohio, AIDS: The Artists' Response -- A National Conference, Wexner Center for the Visual Arts (R. Stearns), 3 December 1988 through 15 July 1989. (Project 767350 - New)

\$3,000.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Vegetation Inventory and Structural Studies of Gross Woods and Drew Woods State Nature Preserves and Synthesis of Data for the Development of a Framework for Assessing Significance of Forested Sites in Glaciated Ohio, Department of Botany (R. E. J. Boerner), 1 June 1989 through 1 June 1990. (Project 767338 - New)

TOTAL - STATE OF OHIO AWARDS

\$ 347,137.00

Industrial Research Contracts/Grants

\$107,300.00 - Pfizer, Inc., Groton, Connecticut, Phase I Study of the Effect of Concomitant Rifampin Therapy on the Disposition of Fluconazole, Department of Pharmacology (N. Gerber), 16 September 1988 through 15 March 1989. (Project 765696 Continuation)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$70,000.00 - Pfizer, Inc., Groton, Connecticut, Multicenter Comparison of Fluconazole and Amphotericin B as Treatment for Acute Cryptococcal Meningitis, Department of Internal Medicine (S. L. Koletar), 1 December 1988 through 30 November 1990. (Project 767358 - New)

\$57,908.00 - Pfizer, Inc., Groton, Connecticut, Phase I Study of the Safety, Toleration, and Bioavailability of Two Topical Piroxicam Formulations in Healthy Volunteers, Department of Pharmacology (N. Gerber), 16 November 1988 through 15 May 1989. (Project 765696 - Continuation)

\$47,046.00 - Kinaform Technology, Inc., Dayton, Ohio, Disopyramide Bioavailability Pilot Study, Department of Pharmacology (N. Gerber), 1 June 1988 through 31 May 1989. (Project 765696 - Continuation)

\$40,000.00 - Perkin Elmer Corporation, Danbury, Connecticut, Engineering and Analytical Testing of Low Observable Principles, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 March 1989 through 31 July 1989. (Project 767393 - New)

\$36,000.00 - NeoRx Corporation, Seattle, Washington, Production of Pseudomonas Exotoxin A Solution, Department of Microbiology (D. R. Galloway), 1 February 1989 through 31 March 1989. (Project 767384 - New)

\$35,000.00 - Farmitalia Carlo Erba S.p.A., Milan, Italy, Synthesis of Novel Anthracycline Glycosides, Department of Chemistry (D. Horton), 1 March 1989 through 28 February 1990. (Project 767377 - New)

\$30,000.00 - Adria Laboratories, Columbus, Ohio, Efficacy and Safety Trial of Toremifene Versus Tamoxifen in Postmenopausal Patients with Metastatic Breast Cancer, Department of Internal Medicine (B. C. Behrens), 1 October 1988 through 30 September 1989. (Project 767327 - New)

\$25,320.00 - General Motors Corporation, Indianapolis, Indiana, Additions to a Model Test Program on the Gas Turbine Air Intake and Exhaust Systems for the DDG-52 Ship Service Gas Turbine Generators, Department of Aeronautical and Astronautical Engineering (R. J. Freuler), 19 January 1989 through 1 June 1989. (Project 767341 - Continuation)

\$23,808.00 - Alcoa Defense Systems, Inc., San Diego, California, Dual Frequency Radome, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 8 December 1988 through 8 March 1989. (Project 767332 - New)

\$23,000.00 - Xoma Corporation, Berkeley, California, Double-Blind, Randomized, Placebo-Controlled Group Comparative Study of the Safety and Efficacy of Xomen-E5 in Patients with Suspected Gram Negative Sepsis, Department of Internal Medicine (J. F. Plouffe), 1 March 1989 through 1 March 1990. (Project 767379 - New)

\$20,493.00 - Calreco, Inc., Van Nuys, California, Effects of Ingestion of Calcium Salts on Urine pH, Struvite Activity, and Acid-Base Status in Cats, Department of Veterinary Clinical Sciences (C. A. Buffington), 1 February 1989 through 31 January 1990. (Project 767367 - New)

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industry and Other Sponsored Research and Development (contd)

\$13,416.00 additional funding from Electric Power Research Institute, Palo Alto, CA, for "Influence of Hydrogen on PWSCC of Alloy 600 Tubing," under the direction of the department of Electrical Engineering for the period April 24, 1987 through February 28, 1989. (312412, Ext. 3)

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$485,427.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The Hazael Edward Welton Endowment Fund

The Hazael Edward Welton Endowment Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Hazael Edward Welton (B.S. Optometry '38), of Cleveland, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarship awards to Black and Hispanic students enrolled in the College of Optometry. Scholarship awards shall be based on financial need. Recipients shall be chosen by the University Committee on Student Financial Aid, in consultation with the Dean of the College of Optometry.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Optometry, in order to carry out the desire of the donor.

The Wendell D. and Helen R. Postle Scholarship Fund

The Wendell D. and Helen R. Postle Scholarship Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Wendell D. and Helen R. Postle Loan Fund and from additional gifts from Helen R. Postle of Columbus, Ohio, and family and friends. Dean Postle was Dean of the College of Dentistry from 1939 to his retirement in 1964. His leadership during those years was instrumental in building the College of Dentistry to its present position of leadership in dentistry.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used for scholarships in the College of Dentistry. Preference shall be given to students with a demonstrated financial need. Awards may also be made at the Dean's discretion to students based on academic merit. Awards shall be made in consultation with the University Committee on Student Financial Aid.

May 4, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Wendell D. and Helen R. Postle Scholarship Fund (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Medical Director - Clinical Research Support Fund

The Medical Director - Clinical Research Support Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Fraternal Order of Eagles, Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the support of clinical research projects such as heart research, cancer research, or other research activities deemed appropriate by the Medical Director of The Ohio State University Hospitals and the Dean of the College of Medicine.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Rho Pi Phi Scholarship Fund in Pharmacy

The Rho Pi Phi Scholarship Fund in Pharmacy was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Cleveland Chapter of Rho Pi Phi Fraternity.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support scholarships, student awards, or professional activities of the Rho Pi Phi Fraternity in the College of Pharmacy, as approved by the Dean of the College of Pharmacy, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Thomas Stickley
International Graduate Scholarship Fund**

The Thomas Stickley International Graduate Scholarship Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mary Jane Sayre Stickley (B.S.Ed. '65); Development Alternatives, Inc. of Washington, D.C.; and friends of the late S. Thomas Stickley (former 4-H Extension Agent, B.S.Agr. '56, M.S. '64, Ph.D. '68).

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to assist international students at the graduate level of study in rural finance. Preference will be given to students from Haiti and the Sahelian countries of West Africa whose major course of study is rural finance or agricultural economics. Selection of the recipient(s) shall be made by the Chairperson, Department of Agricultural Economics and Rural Sociology, in consultation with the Dean for Student Affairs in the College of Agriculture and the University Committee on Student Financial Aid. Insofar as is practical, Mary Jane Sayre Stickley (or her designee) shall be involved in the selection.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate administrative official who is then directly responsible for the College of Agriculture in order to carry out the desire of the donors.

The Kenneth W. Reisch Excellence in Teaching Fund

The Kenneth W. Reisch Excellence in Teaching Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the many friends and associates of Kenneth W. Reisch (M.S. '53, Ph.D. '56), faculty and students in the College of Agriculture, The Ohio State Floriculture/Landscape Horticulture Alumni Association, the Ohio Nurserymen's Association, and individual members of the horticulture industry.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to sponsor a lecture or symposium designed to enhance the quality of teaching among faculty in the College of Agriculture. These events will be coordinated by the office of the Associate Dean for Resident Instruction with final approval by the Dean of the College of Agriculture.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use

shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

Mary H. and J. Churchill Hodges Endowment Fund

The Mary H. and J. Churchill Hodges Endowment Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mary H. and J. Churchill Hodges of Huntington, West Virginia.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used for scholarships for students attending The Ohio State University who demonstrate high academic ability. Preference shall be given to an entering freshman who is a resident of counties served by the Tri State Alumni Club. The selection of the student shall be made by the Tri State (Ohio, West Virginia, and Kentucky) Alumni Club Scholarship Committee as long as such scholarship committee or its successor exists, with the approval of the University Committee on Student Financial Aid. Should the above scholarship committee cease to exist, the University shall select a student from Cabell County, West Virginia, or Lawrence County, Ohio, with preference for graduates of their public high schools. If none are available in a given year, the income for that year shall be added to the principal.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Dorothy Jones Williams Memorial Scholarship Fund

The Dorothy Jones Williams Memorial Scholarship Fund was established May 4, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from The Kentucky Housing Corporation, friends and family, and business associates of Dorothy Jones Williams (B.S.Bus.Adm. '47), of Columbus, Ohio, and Lexington, Kentucky.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students enrolled in the College of Business with a major in accounting. Scholarship selection shall be made by the Chairperson of the Department of Accounting in coordination with the University Committee on Student Financial Aid.

Change in Description of Named Fund

Arthur E. Baggs Memorial Fund

The Arthur E. Baggs Memorial Fund was established February 14, 1961, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund in memory of Arthur E. Baggs (B.S.M.E. '39). The description was changed May 4, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used for a scholarship to an outstanding undergraduate student with interest in pursuing a major in the ceramic arts with the equivalent of high school chemistry as a prerequisite. Suggested studies are to include investigation of basic vessel tradition of glaze chemistry, craftsmanship, and aesthetics. The selection of the recipient will be made by the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors. It is the donors' expressed desire to fund activities related to one of the following curricula in order of preference: industrial design, music, photography and cinema, art history.

**Employment of Architect/Engineer and
Request for Construction Bids**

Background

Equine Center

The planned addition of approximately 44,200 gross square feet on the west side of the existing Veterinary Hospital will provide a facility to house horses used in the College of Veterinary Medicine's academic programs and privately owned patient horses. A trauma/surgical unit along with space to provide intensive care for critical equine patients will be a major component of this

May 4, 1989 meeting, Board of Trustees

**Employment of Architect/Engineer and
Request for Construction Bids (contd)**

Background (contd)

Equine Center (contd)

facility. Because of the value of the horses housed in the facility, special attention will be given to security, fire protection, and maintaining a high level of sanitation.

This addition will occupy most of the space between the Veterinary Hospital and Loop Road. Vehicle parking will be provided at the northwest corner of the site.

Funds for the project will be made available from University funds and private gifts, including a \$1,500,000.00 gift from the Galbreath family. Construction costs are estimated at \$4,150,000.00, and the total estimated project cost is \$5,500,000.00.

Food Facility Freezer Addition - Stores and Receiving Building

In recent years, there has been an increasing use of frozen products in food preparation, and this trend has resulted in an increased need for freezer/cooler space. The inadequacy of the Food Facility freezer space has necessitated renting space from local wholesalers, frequently creating double handling of some food items.

This project will provide adequate facilities for the Food Facility operation by modifying and adding to the existing Stores and Receiving Building on Kenny Road. The freezer portion will be an addition to the east side of the building; an addition to the northeast side of the building will serve as a storage area for products that do not need controlled temperatures; and a portion of the building will be modified to house a cooler. This location provides a single, easily accessible location for large truck delivery of items to the Columbus Campus.

The Food Facility department receives, stores, and assembles the required combinations and quantities of food items ordered by its customers. The distribution of these orders also is done by the department with its delivery vehicles. The receiving and delivery of food related items will be done by using the docks to the Stores and Receiving building. Additionally, there will be an area in the building that will be used for staging the orders that are to be delivered. This area will be close to the freezer, cooler and warehouse sections. (See Appendix XXXIV for maps, page 1191.)

**EMPLOYMENT OF ARCHITECT/ENGINEER AND
REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 89-107

**EQUINE CENTER AND FOOD FACILITY FREEZER ADDITION -
STORES AND RECEIVING BUILDING**

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for the Equine Center and the Food Facility Freezer Addition to the Stores and Receiving Building.

WHEREAS the Equine Center will provide an addition of approximately 44,200 gross square feet on the west side of the existing Veterinary Hospital to house horses used in the College of Veterinary Medicine's academic programs and privately owned patient horses and will include a trauma/surgical unit along with space to provide intensive care for critical equine patients; and

**EMPLOYMENT OF ARCHITECT/ENGINEER AND
REQUEST FOR CONSTRUCTION BIDS (contd)**

**EQUINE CENTER AND FOOD FACILITY FREEZER ADDITION -
STORES AND RECEIVING BUILDING (contd)**

WHEREAS the total estimated cost of this project is \$5,500,000.00 with the estimated construction cost being \$4,150,000.00, with funding provided from University funds and private gifts, including a \$1,500,000.00 gift from the Galbreath family; and

WHEREAS the Food Facility Freezer Addition will provide an addition to the existing Stores and Receiving Building and modify existing space to house a cooler to provide a single, easily accessible location for large truck delivery of items to the Columbus Campus; and

WHEREAS \$1,500,000.00 will be made available from University funds for this project, with the estimated construction cost being \$1,200,000.00:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project, in conjunction with the Department of Administrative Services as appropriate, and that the fees for these services be negotiated between the firms selected and the Department of Administrative Services, Division of Public Works, or the University as appropriate; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on this project in accordance with established State of Ohio and/or University procedures, and if satisfactory bids are received, to award contracts or recommend the award of contracts, as appropriate, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Berry, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**Employment of an Architect/Engineer and
Request for Construction Bids**

Background

PROJECTS FUNDED BY AMENDED HOUSE BILL 810

Amended House Bill 810, enacted by the 117th General Assembly made capital appropriations for projects at The Ohio State University's Columbus and Regional Campuses for 1988-90 biennium. The University desires to move forward with projects authorized by House Bill 810. Those projects, totaling \$45,307,350.00, are as follows:

Line Item Projects

BIOSCIENCE/PARKS HALL ADDITION

An addition of approximately 115,000 gross square feet to connect Parks Hall (Pharmacy) and the Biological Sciences Building is needed to provide additional teaching and research space for both colleges. The addition will house a new combined library,

computer center, chemical instrumentation center, fermentation laboratory, new research laboratories, and faculty offices.

Estimated Construction Cost: \$17,200,000.00

Estimated Project Cost: \$21,747,750.00

DENTAL INSTRUCTIONAL LAB IMPROVEMENTS

This project will renovate and enlarge Dental instructional laboratory spaces on the first and second floors of Postle Hall to accommodate dental assistance and clinical teaching. Funding will include \$1,500,000.00 of University funds in addition to the appropriation of \$3,000,000.00.

Estimated Construction Cost: \$ 3,750,000.00

Estimated Project Cost: \$ 4,500,000.00

EVANS LAB ADDITION

This project will provide an addition of approximately 25,000 gross square feet to temporarily house Chemistry activities that will be displaced during the McPherson Laboratory renovation and provide permanent space for expanded Chemistry programs following the McPherson renovation. This project includes remodeling of contiguous areas and complicated site work.

Estimated Construction Cost: \$ 3,500,000.00

Estimated Project Cost: \$ 4,387,000.00

LIBRARY BOOK WAREHOUSE

This project will provide facilities to house a high density storage warehouse which combines filing, retrieval, and delivery services to allow economical storage of low-activity library books, boxed materials, and administrative and academic records. The building also will include space for the University Archives which is a typical library structure containing areas for collections, readers, processing, and staff activities.

Estimated Construction Cost: \$ 2,250,000.00

Estimated Project Cost: \$ 3,317,000.00

PROJECTS FUNDED BY AMENDED HOUSE BILL 810 (contd)

Line Item Projects (contd)

NORTH STAR BUILDING ADDITION

This project will provide a building addition of approximately 4,000 gross square feet for the Ohio Education Broadcasting Network Commission. The new space will house the Department of Programming and Traffic, Fiscal Department, Radio and Reading Services Coordinator's Office, administrative and staff offices, and conference/teleconference space.

Estimated Construction Cost: \$ 200,000.00

Estimated Project Cost: \$ 250,000.00

SEAGRANT SCHOOL PROJECT - SOUTH BASS AND GIBRALTAR ISLANDS

This project will provide shore line protection and erosion control for selected sites, repair and upgrade restrooms, replace roofs for two buildings, improve electrical power supply and distribution, improve water quality and distribution, and improve the islands' telecommunications systems.

Estimated Construction Cost: \$ 720,000.00

Estimated Project Cost: \$ 1,000,000.00

Basic Renovation Projects - Columbus Campus

CLASSROOM IMPROVEMENTS

This project will continue the University's efforts to improve the quality of general purpose classrooms and lecture halls assigned to the University's Classroom Pool. The project includes renovating, improving, and/or replacing seating, acoustics, audio/video systems, projection booths, chalkboards, ceilings, lighting, and flooring in Independence Hall Room 100, Hitchcock Hall Room 131, and Hughes Hall Room 100.

Estimated Construction Cost: \$ 474,375.00

Estimated Project Cost: \$ 575,000.00

ROOF REPLACEMENTS

This project will replace roofing, insulation, and flashing on the Ohio Legal Center, Stillman Hall, Arps Hall, Agricultural Administration Building, and Watts Hall.

Estimated Construction Cost: \$ 612,500.00

Estimated Project Cost: \$ 735,000.00

**Employment of an Architect/Engineer and
Request for Construction Bids (contd)**

Background (contd)

PROJECTS FUNDED BY AMENDED HOUSE BILL 810 (contd)

Basic Renovation Projects - Columbus Campus (contd)

MASONRY IMPROVEMENTS

This project will renovate the damaged and deteriorated exterior masonry on Bricker Hall parapet, Botany and Zoology Building, Campbell Hall, Pomerene Hall, and Cockins Hall, and repair the interior structural concrete in Koffolt Laboratory.

Estimated Construction Cost: \$ 616,667.00

Estimated Project Cost: \$ 740,000.00

WINDOW REPLACEMENTS

This project will reduce energy losses and improve building comfort by replacing deteriorated window units in Page Hall, Robinson Laboratory, and Cockins Hall.

Estimated Construction Cost: \$ 337,500.00

Estimated Project Cost: \$ 405,000.00

CAMPUS ENERGY CONTROLS (HVAC SYSTEMS)

This project continues the work begun in previous biennia to provide better environmental control and reduce energy consumption by converting the control functions for HVAC equipment to direct digital control. Buildings identified in priority order are Baker Systems Engineering, Botany and Zoology Building, Cunz Hall, William Oxley Thompson Library, Robinson Laboratory, Campbell Hall, and University Hall.

Estimated Construction Cost: \$ 205,000.00

Estimated Project Cost: \$ 250,000.00

ELEVATOR REPLACEMENTS

This project will replace component parts and/or improve performance of passenger elevators in Cockins Hall, Caldwell Laboratory, Botany and Zoology Building, and Postle Hall.

Estimated Construction Cost: \$ 525,009.00

Estimated Project Cost: \$ 630,000.00

REFUSE FACILITY UPGRADING

This project will improve the University's ability to handle and compact trash at a central location on campus to help control disposal costs through a more efficient operation.

Estimated Construction Cost:	\$ 75,300.00
Estimated Equipment Cost:	\$ 61,900.00
Estimated Project Cost:	\$ 150,000.00

MECHANICAL IMPROVEMENTS

This project will upgrade the building environments and improve occupants' comfort by providing modifications and/or replacements of building HVAC systems in Kinnear Road Center Building A, Wiseman Hall, Drees Laboratory, Cunz Hall, Agricultural Administration Building, Graves Hall, Evans Laboratory, Orton Hall Library, and William Oxley Thompson Library.

Estimated Construction Cost:	\$ 1,191,687.00
Estimated Project Cost:	\$ 1,430,000.00

VETERINARY HOSPITAL SPRINKLER SYSTEM FOR LARGE ANIMAL WARDS

This project will provide a fire-suppression sprinkler system to protect against fire and smoke damage to the building and occupants of the large animal wards.

Estimated Construction Cost:	\$ 120,500.00
Estimated Project Cost:	\$ 140,000.00

CHILLER REPLACEMENTS

This project will replace old absorption/centrifugal chillers with new energy efficient centrifugal units with associated piping, pumps, and electrical service in Sisson Hall, Wiseman Hall, and Civil and Aeronautical Engineering Building.

Estimated Construction Cost:	\$ 400,000.00
Estimated Project Cost:	\$ 480,000.00

May 4, 1989 meeting, Board of Trustees

**Employment of an Architect/Engineer and

Background (contd)

PROJECTS FUNDED BY AMENDED HOUSE BILL 810 (contd)

Basic Renovation Projects - Columbus Campus (contd)

SITE RENOVATION

This project will renovate the site bounded by Woodruff Avenue on the north, High Street on the east, College Road on the west and 17th Avenue on the south by installing plants, walls, plazas, planters, walks, lighting, and drainage systems.

Estimated Construction Cost: \$ 235,600.00

Estimated Project Cost: \$ 250,000.00

BRIDGE AND STREET IMPROVEMENTS

This project will close 17th Avenue and convert it to a pedestrian mall; replace existing concrete walks on High Street from Woodruff to West 11th Avenue, including relocation of bus shelters and installation of new plantings and site furniture; rebuild existing deteriorated Fyffe Road from Lane Avenue to Buckeye Village; repair concrete curbs, walks, and walls and add a waterproofing membrane on the Woody Hayes Drive bridge over Olentangy River and Olentangy River Road; replace West Campus pedestrian bridges, which have deteriorated due to water penetration and salt damage, with prefabricated steel structures; and repair and resurface approximately 4,800 square yards of asphalt paving on the Fawcett Center for Tomorrow Loop Road from Olentangy River Road to Argyll Street.

Estimated Construction Cost: \$ 950,000.00

Estimated Project Cost \$ 1,050,000.00

Basic Renovation Projects - Regional Campuses

MANSFIELD - FOUNDERS AUDITORIUM RENOVATION

This project will extensively renovate the multipurpose Founders Auditorium. The renovation includes repair and re-upholstery of 400 seats, painting the floor, stage walls, and light booth, carpeting the aisles, and construction of a box office in the lobby.

Estimated Construction Cost: \$ 95,000.00

Estimated Project Cost: \$ 100,000.00

MANSFIELD - UTILITY IMPROVEMENTS

This project will install computerized controls for HVAC systems in Ovalwood and Bromfield Halls. The controls will enable the HVAC systems to be turned on and off automatically at preset times and provide for manual operation when needed at specific times.

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions authorized previously by this Board and upon the recommendation of the Fiscal Affairs Committee, the report of award of contracts and the establishment of contingency funds for the Hamilton Hall Renovation, Postle Hall Oral Biology Laboratory, and St. John Arena - Roof Replacements projects is hereby accepted.

Upon motion of Mr. Berry, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Sale of Real Property
760 Beautyview Court, Columbus, OH**

Background

Location and Description

The property consists of approximately 0.23 acres of improved real property located at 760 Beautyview Court in northwest Columbus. The property is located off Olentangy River Road approximately four miles from the University's Columbus Campus. There is a brick and stucco ranch house (approximately 1,688 square feet) with basement (300 square feet of finished space) and attached garage. The house and grounds have been well maintained and are in excellent condition.

Gift of the Property

The property previously was owned by Dr. Francis B. McCormick, Professor Emeritus of Agricultural Economics. He died in February 1986, and in his Will, Professor McCormick devised this property and a condominium in Florida to the University, subject to a life estate in both properties to his widow, Marie Orton McCormick. His Will also bequeathed to the University the net proceeds of a life insurance policy, again subject to a life interest through a charitable remainder annuity trust to benefit Mrs. McCormick.

The University and Mrs. McCormick negotiated a settlement of the parties' respective interests in the estate. Under that settlement, the University received fee simple title to the Columbus property and the net proceeds of the insurance policy after payment of taxes and legal fees. That net amount was approximately \$45,000.00. The Board of Trustees accepted this gift in July 1988, and title to the Columbus property was transferred later that same month.

Background (contd)

Appraisal and Offer

An MAI appraisal done by HER Appraisal Services in September 1988, valued the property at \$100,000.00.

Joyce Ashbaugh of Columbus, Ohio, has offered to purchase the property for \$114,500.00.

Use of the Proceeds from the Sale

Under the terms of Professor McCormick's Will, the net proceeds from the sale of the property and the life insurance policy will be used to establish the Francis B. McCormick Professorship in Agricultural Economics. If sufficient funds are not accumulated to fund the Professorship, the proceeds will be used to support the existing McCormick Undergraduate Scholarship in Agricultural Economics. (See Appendix XXXVII for map on Sale of Real Property at 760 Beautyview Court, Columbus, Ohio, page 1229.)

**SALE OF REAL PROPERTY
760 BEAUTYVIEW COURT, COLUMBUS, OHIO**

Resolution No. 89-110

Synopsis: The Fiscal Affairs Committee recommended the sale of real property at 760 Beautyview Court in Columbus, Ohio

WHEREAS in July 1988, the Board of Trustees of The Ohio State University acquired by gift from the Estate of Francis B. McCormick, Professor Emeritus of Agricultural Economics, the property located at 760 Beautyview Court in Columbus, Ohio; and

WHEREAS under the terms of Professor McCormick's Will, the property is to be sold and the net proceeds used to establish the Francis B. McCormick Professorship in Agricultural Economics or to support the existing McCormick Undergraduate Scholarship in Agricultural Economics; and

WHEREAS Joyce Ashbaugh of Columbus, Ohio, has offered to purchase this property for \$114,500.00; and

WHEREAS the appropriate University offices have determined that this sale of the property is in the best interest of the University, and it is the desire of this Board to accept the offer of Joyce Ashbaugh and to sell all of the Board's right, title, and interest in and to this property:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees of The Ohio State University, to sell all of the University's right, title, and interest in and to this property to Joyce Ashbaugh at a price of \$114,500.00 upon such terms and conditions as are deemed to be in the best interest of the University.

Upon motion of Mr. Berry, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

May 4, 1989 meeting, Board of Trustees

**Purchase of Real Property
Cranston Center
1501 Neil Avenue, Et Al., Columbus, Ohio**

Background

Location and Description

The property consists of three parcels, totaling approximately 1.9 acres, located at the southwest corner of the intersection of Neil Avenue and West Eighth Avenue, just south of the University's Columbus Campus.

The first parcel (approximately 0.7 acre), located at 1501 Neil Avenue, has a three-story office building of brick and solar glass over steel frame construction. The building, constructed in 1974, has approximately 17,200 usable square feet and is in good condition. The parcel is zoned "C-2" for commercial office use.

The second parcel (approximately 0.6 acre), located at 1478 Pennsylvania Avenue, is just west of the first parcel on the other side of an alley. It consists of a one and two story brick building, constructed in 1974, in good condition; the building has 15 efficiency apartment units. This parcel also is zoned "C-2."

The third parcel (approximately 0.6 acre) is a parking lot located on the west side of Pennsylvania Avenue opposite the 1478 address. The lot is zoned "P-1" for private parking and has approximately 65 spaces. (There are an additional 25-30 parking spaces on the other two parcels as well.)

The properties have been owned by Cranston Center, Ltd. Recently, Trustcorp Bank, Ohio, the holder of a mortgage note, has begun negotiations with Cranston Center, Ltd. to acquire ownership of the properties. Trustcorp took possession of the properties in April 1989. The properties are now vacant.

Appraisals and Purchase Price

An MAI appraisal done by James R. Horner & Associates in June 1988, valued the property at \$1,750,000.00. Another MAI appraisal by The Robert Weiler Company done in May 1988, valued the property at \$1,650,000.00. An MAI review appraisal in December 1988, by Daniel Billingsley of the Huntington Mortgage Company also placed the value of the property at \$1,750,000.00.

For some time the University has been negotiating with Cranston Center, Ltd., and now with Trustcorp for the purchase of the property, and Trustcorp has agreed to a purchase price of \$1,750,000.00.

Funds for the purchase will come from a \$3,000,000.00 appropriation to the University in Amended House Bill 810, enacted by the 117th General Assembly. That appropriation specifically is for the purchase and renovation of the property, and the remainder of the appropriated funds will be used for necessary renovation work.

Use of the Property

The property will be used to house the Mershon Center, which now occupies space in Oxley Hall and two buildings on West Tenth Avenue, and other academic and support programs. (See Appendix XXXXVIII for map on Purchase of Real Property at Cranston Center, Columbus, Ohio, page 1231.)

May 4, 1989 meeting, Board of Trustees

**PURCHASE OF REAL PROPERTY
CRANSTON CENTER
1501 NEIL AVENUE, ET AL., COLUMBUS, OHIO**

Resolution No. 89-111

Synopsis: The Fiscal Affairs Committee recommended the purchase of the Cranston Center in Columbus, Ohio.

WHEREAS The Ohio State University desires to acquire approximately 1.9 acres of improved real property in Columbus, Ohio, which property consists of three separate parcels located at 1501 Neil Avenue, 1478 Pennsylvania Avenue, and a parking lot on the west side of Pennsylvania Avenue opposite the 1478 address, all collectively known as the Cranston Center; and

WHEREAS Amended House Bill 810, enacted by the 117th General Assembly, appropriated \$3,000,000.00 to the University for the purchase and renovation of this property; and

WHEREAS this property has an appraised value of \$1,750,000.00, and the appropriate University offices have determined that the purchase of this property at a price not to exceed the appraised value is in the best interest of the University;

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to purchase, in the name of the State of Ohio for the use of The Ohio State University, the property known as the Cranston Center, consisting of the three parcels described above, at a price not to exceed \$1,750,000.00 and upon such terms and conditions as are deemed to be in the best interest of the University, subject to the University receiving the necessary approvals from the Ohio Board of Regents and the State Controlling Board.

Upon motion of Mr. Berry, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY**

Resolution No. 89-112

Synopsis: The Fiscal Affairs Committee recommended the renewal of an underground electric cable and substation easement to Columbus Southern Power Company.

WHEREAS in 1973 the University granted Columbus Southern Power Company a 15-year easement consisting of strips of land, one being 25 feet in wide and 2,000 feet in length and the other being 10 feet in width and 400 feet in length, for installation of underground conduit lines, and an approximately 0.75 acre tract of land for an electric substation on property located near King Avenue and along the east side of the Olentangy River; and

WHEREAS this easement has expired and Columbus Southern Power Company has requested a renewal of the easement for a period of 15 years; and

WHEREAS this easement serves University property; and

May 4, 1989 meeting, Board of Trustees

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY (contd)**

WHEREAS the appropriate University offices have recommended the renewal of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Berry, seconded by Mr. Immke, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appedix XXXXVIII for map of Columbus Southern Power Company Easement Renewal, page 1233.)

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY**

Resolution No. 89-113

Synopsis: The Fiscal Affairs committee recommended the renewal of an underground electric cable easement to Columbus Southern Power Company at The Ohio State University Golf Course.

WHEREAS in 1974 the University granted Columbus Southern Power Company a 15-year easement consisting of two strips of land, one being 10 feet in width and 40 feet in length and the other being 5 feet in width and 20 feet in length for underground electric cables at The Ohio State University Golf Course at Kenny and McCoy Roads; and

WHEREAS this easement has expired, and Columbus Southern Power Company has requested a renewal of the for a period of 15 years; and

WHEREAS this easement serves private property and Columbus Southern Power Company agrees to compensate the University with a lump sum payment of \$500.00 in consideration of the granting of this easement; and

WHEREAS the appropriate University offices have recommended the renewal of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Berry, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

May 4, 1989 meeting, Board of Trustees

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY (contd)**

(See Appendix L for map of the Columbus Southern Power Company Easement Renewal at The Ohio State University Golf Course, page 1235.)

**EASEMENT
COLUMBUS SOUTHERN POWER COMPANY**

Resolution No. 89-114

Synopsis: The Fiscal Affairs Committee recommended the authorization to grant an electric line easement to Columbus Southern Power Company.

WHEREAS the Columbus Southern Power Company has requested a 15-year easement consisting of strips of land 20 feet wide and approximately 1,600 feet in length for the installation of electric service to the Piketon Agricultural Research and Extension Center located in Pike County, Ohio, and operated by the Ohio Agricultural Research and Development Center; and

WHEREAS the easement will serve University property; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement

Upon motion of Mr. Berry, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix LI for map of the Columbus Southern Power Company Easement at the Piketon Agricultural Research and Extension Center, Pike County, Ohio, page 1237.)

--0--

Mr. Scott:

I would like to introduce this presentation covering the health care crisis in our society and, more importantly, how that problem impacts The Ohio State University. First, I believe it would be helpful to sketch out for you what a great many people perceive as conditions threatening the nation's health care system. Several forces have shaped our health care system over time, including provider interest, patient interest, utilization, new and exotic technology, costly government mandates and litigation to suggest only a few. Given these forces it really should not come as a surprise that The Ohio State University, like Chrysler, GM, Ford, and other industries, is now confronted with the major challenge of finding ways to trim costs in health care without diminishing the quality of its health care benefits.

May 4, 1989 meeting, Board of Trustees

Mr. Scott: (contd)

According to a study that was published by the Wyatt Company, health care costs in America will have increased 1000 per cent between 1970 and 1990. Further it is noted that 11 per cent of our Gross National Product is consumed by health care costs. Translated into dollars, that is roughly \$550 billion. Notwithstanding these staggering costs, some experts have noted that approximately 37 million Americans do not have health care insurance. Nonetheless, employers such as Ohio State and others are shouldering a major portion of the burden through health care insurance provided for staff and faculty in this instance.

What is causing the dramatic increase? The Wyatt article noted that the explanation can be found in part in the general complexities and changes in American society in the 1980's. They noted particularly that we are a "graying society." It was also noted that the advance of expensive modern technology, increased utilization, the AIDS crisis, mental health and substance abuse treatments all contribute to what some people perceive as a hemorrhaging in the health care industry.

I think you will recall that last year about this time we talked about our benefits and we also indicated that we would want to have a study committee appointed to look at where we were and what suggested approaches the University might undertake to stem, at that point in time, what we perceived to be a continuing unabated escalation in our health care premium costs. A committee of University faculty and staff was appointed in late May of last year with the charge to examine all aspects of our health care benefits program. This committee worked throughout the spring, summer and fall, and early this year a report was submitted to the Office of Personnel Services. This report was then distributed to the 15,000 members of the University community. And, in addition, we held three Forums for individual faculty and staff to comment on the various recommendations cited in that report. We asked the various governance committees -- the Faculty Compensation and Benefits Committee, the Fiscal Committee, Staff Advisory Committee, the University's Alternative Health Committee -- to critique the recommendations. We employed a consultant to work with us in trying to fashion recommendations that we could present to President Jennings and ultimately to this Board for review and consideration.

I think that we recognized from the very beginning that Ohio State really was just a part of a larger group of employers looking at this very serious problem. It was our considered judgment that irrespective of what we proposed by way of modifications, changes, and improvements, it was just the tip of the iceberg. We do not believe at the moment that there are any ultimate solutions on the horizon. There are many things that drive health care costs. As I noted earlier, utilization is one of the big cost items. But I should also tell you, and digress momentarily, that we have at Ohio State a truly magnificent health care program.

In 1971 this program was launched as a result of a study that was commissioned by the Board of Trustees to have the Alexander & Alexander Company provide a series of recommendations to initiate the modern day health care program for Ohio State. For example, in 1971 our surgical schedule was just \$300.00. We moved from \$300 to \$450 in 1972. In 1976 we moved that surgical schedule from \$450 to \$800. In 1971 our major medical was roughly \$10,000 and in 1973 we moved that from \$25,000 to \$50,000. During those periods of time we never had a claim up to \$50,000, nor did we have one at \$25,000. It is reported today, for example, that a bypass procedure that cost \$18,000 ten years ago, now will cost you almost \$40,000, and on and on and on. Our upper limit in terms of our major medical as I

May 4, 1989 meeting, Board of Trustees

Mr. Scott: (contd)

noted in 1973 was increased from \$25,000 to \$50,000. Now we are at one half million dollars. Given what is predicted in terms of certain of the costs associated with the transplants, AIDS, and a number of the very critical and difficult to cure diseases, it is not unreasonable to expect that we will see in the range of \$100,000 for one individual's health care bill. I would not be surprised to find that we have already reported some of those.

So in an attempt to get at the problem, while maintaining the quality of the program, we have enlisted the support of the faculty and staff and have asked them to share their ideas with us. We have come up with a series of recommendations that we would like to present to the Board that hopefully, for the time being, will address the problem on our campus. Let me just say that we have been especially sensitive to the concerns of all people on our campus about fairness and about equity. We were particularly concerned about the idea of change. Change always brings about anxiety and concern. There is really no easy way to communicate change or the need for change.

The recommendations that I will ask Steve Stoffel to give you in a moment are really not inconsistent with what almost every university in the country has already done. Ohio State is lagging. Several weeks ago we were at a major conference on health care in Boston. Some of the things we were talking about were discussed by people such as Ford Motor Company, the Bell Systems people, and all of the major industries. They are already in the process of doing what we are doing. All the Big Ten universities have already done it. So in sum and substance, the recommendations that we are going to present to the Board for its consideration I believe represent the best possible thinking that we can bring to bear on this question. As I have indicated, we not only distributed 15,000 copies of the original report, but I personally monitored and more specifically tried to respond during the three major forums to each and every question presented by the various groups. The final recommendations were reviewed and critiqued by the chairpersons of each of the major committees, and following that we submitted those recommendations to the President for his consideration and review. At this time, I would like ask Steve to briefly sketch out those recommendations. I believe we forwarded the entire package to all of you in your Board book. You should find that information under the Tab Benefits.

Mr. Steve Stoffel:

Thank you, Mr. Scott. I will not read through the recommendations but try to go through them quickly and summarize them as I can.

The first recommendation is that effective July 1, 1989, faculty and staff contributions should be instituted for medical coverage under both of our programs - the traditional health program and the University's Alternative Health Plan (our preferred provider program). Specifically, beginning with the fiscal year 1989-90, it is recommended that faculty and staff share in the premium costs to a level of 15 per cent. It is further recommended that for the following two years that the percentage be increased 3 per cent per year, and then in 1992-93 it be increased by 4 per cent. So in that year, the total will be 25 per cent of the applicable premiums. Finally, that recommendation states that a three tier rate structure be established. Currently we have a single coverage rate structure and a family coverage rate structure. We are recommending that three rate structures be established: one for single coverage, one for a two-person rate, and one for a family rate.

May 4, 1989 meeting, Board of Trustees

Mr. Stoffel: (contd)

The second recommendation is to establish premium cost sharing for part-time faculty and staff at the University. Currently part-time faculty and staff receive the same benefit as full-time employees -- 100 per cent payment. Consistent with what is happening with other industries and institutions, it is recommended that part-time individuals share in the cost of that premium on a pro rata basis of their appointment. In other words, someone who is appointed on a 60 per cent basis would pay for 40 per cent of the appropriate insurance premium depending on their enrollment -- single, two-person, or family. There is a chart which details how that works.

The third recommendation is to increase the deductible in the traditional plan and the out-of-network services in the University's Alternative Health Plan from \$100 to \$150. We have had the \$100 deductible now for a number of years. It has not been adjusted with inflation and, in order to make the plans consistent and to adjust for inflation, that is being recommended.

The fourth recommendation is to establish a co-payment for prescription drugs. Currently in the University's Alternative Health Plan, the PPO, there is no co-payment for prescription drugs when those drugs are obtained at a preferred facility -- the University's Hospitals Clinic or the Student Health Center. In order to add some cost effectiveness, we are asking that that be 20 per cent for non-generic drugs and the co-payment be 10 per cent for generic drugs. In order then to still make it appealing for individuals to use in-network facilities then, we are asking that the \$150 deductible apply only to out-of-network purchases, which now does not apply. The co-payment would be the same in both programs, except for the deductible.

The fifth recommendation is to increase the co-payment for the University's Alternative Health Plan office visits from \$5 to \$10. The \$5 was established at the inception of this program back in 1985. It has not been changed and of course inflation has taken that up. We think that a \$10 co-payment is much more reflective of costs today.

The sixth recommendation is to establish a salary reduction arrangement to permit faculty and staff to pay these contributions to the medical plan with pre-tax dollars. What this amounts to is establishing a form that individuals sign that says they are getting into a salary reduction arrangement with the University. The appropriate premiums that they now pay for medical coverage and now currently pay for dental and vision coverage can be done on a pre-tax basis rather than an after-tax basis. The second item in that recommendation is that by January 1, 1990, we are recommending that the University establish flexible spending accounts where individuals can determine amounts of money that they wish to put in these flexible spending accounts. One would be for medical type coverages and one would be for dependent child care services. Individuals can place pre-tax dollars in those accounts, pay for appropriate services in each one of these areas, and ask for reimbursement from these accounts with pre-tax dollars.

The seventh recommendation is to provide a \$25 monthly credit to the flexible spending accounts when they are established for faculty and staff members who waive their individual medical coverage because they have alternative coverage. In other words, if individuals have spouses who work in other places and there is alternative coverage available for them and they wish to waive their entire coverage here at the University, then a \$25 monthly credit would be applied to a flexible

May 4, 1989 meeting, Board of Trustees

Mr. Stoffel: (contd)

spending account that they could use to pay for deductibles and other types of co-payments and services that are provided but not covered under their benefit plan.

The eighth recommendation is that the University consider establishing a low cost medical option. It would be an option where the premium sharing would be appropriate to the level of benefits in that option. The program would have high deductibles -- \$300 - \$400 per individual deductible -- and it would have higher out-of-pocket costs than the other two plans -- \$1,500 or \$3,000. An individual who feels that they do not want to contribute the higher amount of the premium cost sharing under the traditional or UAHP program could opt for a lower benefit program with higher deductibles. So basically, they end up paying when they go to the physician, instead of paying the premium in advance.

The ninth recommendation is that the University should study the feasibility of restructuring the administration of the various health plans. A number of recommendations were made by the various committees, as Mr. Scott said, which reviewed these programs. It is felt that some consolidation -- possibly instead of having three different administrators for the plans, moving to one administrator; making the traditional program looking exactly like the out-of-network UAHP plan; and trying to streamline some of those things and save dollars on administration costs where possible.

The tenth recommendation is to establish a long-term care insurance program with group rates at the University effective January 1, 1990. Individuals can enroll in this long-term care insurance at the individual faculty and staff members cost. This is a benefit that is new and one that many people are interested in.

The eleventh recommendation is to institute some co-payments not later than January 1, 1990, for lab tests, x-rays and other services on an out-patient basis. It is recommended that the level be 20 per cent. One of the higher cost items that we find in our program and in any insurance program now is the cost of lab tests, x-rays and all those out-of-hospital expenses. This would help individuals recognize what those tests cost.

The twelfth recommendation is to make some modifications in the mental health benefit. Currently the University's in-hospital, in-network benefit is that the first \$550 is paid in full. Thereafter, it is an 80 per cent benefit -- there is a 20 per cent co-payment -- and then there are some maximum out-of-pocket costs -- \$750 in the University's Alternative Health Program. Again, this is for in-hospital mental health benefits. The maximum coverage is \$100,000. What this recommendation says is that we propose to eliminate the first dollar coverage -- the first \$550 -- and make it a 20 per cent co-payment instead of covering the first dollar costs, which is consistent with what is happening in other plans. The maximum out-of-pocket cost would still be \$750 and the \$100,000 limit would still apply.

In the out-of-network, in-patient benefits then, which are currently 80 per cent, we are recommending that those be 70 per cent -- again to provide an incentive for those individuals to use in-network facilities versus out-of-network facilities.

On an out-patient basis, we are recommending that a per year limit be established. Currently there is a \$25,000 limit, and we are recommending that this benefit be limited to \$2,000 per year, but not change the total limit of \$25,000. Physicians and psychiatrists in the area have told us that this should be adequate to cover normal

May 4, 1989 meeting, Board of Trustees

Mr. Stoffel: (contd)

treatment for someone during a year's period of time. It would cover about 36 office visits. Everyone is saying that that would be about the normal number of office visits an individual would have under constant treatment for a year's period of time. The \$2,000 limit of course is set to establish some kind of a ceiling that would not allow for over-utilization in those areas.

The final recommendation then is to change the name of the University's Alternative Health Plan, which again was established in 1985, and was indeed established to be an alternative. The original estimate was for 3,000 faculty and staff to be enrolled in that program. We currently have over 10,000 people enrolled of the 15,000 at the University. So, it is no longer the University's Alternative Health Plan, but really the most significant plan we have. We are recommending that that be renamed The Ohio State University Faculty and Staff Health Plan.

Mr. Scott:

At the back of the report there are three charts and I would just like to comment briefly on those charts. The first one is a summary of the proposed changes. This summary does sketch out what we have just covered. The second chart will give you the proposed cost sharing based on the estimated premiums for the next several years. And calculating at 15 per cent, that we have proposed here, this chart shows you the rate in that second set of numbers there. The final chart gives you just a little historic trend of how this explosion has occurred.

I should say that we have in the University had a feeling for some time that the health care situation really needed some repair. As you know, by virtue of the fact that we were in a traditional plan, for many, many years we maintained a reserve to take care of what is called the claims lag or the claims run-off. For example, for an office visit in say October or November, you don't get the claim until maybe March, April, or May of the next year. Then there was always the possibility that we were going to change carriers and so as a statutory requirement, or at least an industry requirement, you always had to have some reserve. So we had that reserve and indeed after 45 years, several years ago we decided to leave John Hancock. Yet, in leaving John Hancock, by virtue of the fact that our claim reserve had been utilized to cover the expenses over time -- I think the President mentioned this last year in his budget presentation -- that reserve for all practical purposes disappeared. There is some argument that you don't need much of a reserve in light of the fact that the University is its own insurance company. Nonetheless, we think that we should have some because there is, as we can see in the future, no indication that the escalation in health care benefits will subside.

I would like to talk specifically about two things Steve mentioned. Recommendation number six, which has to do with the establishment of a salary reduction agreement. We indicated in the document that we would try to do that effective January 1, 1990. President Jennings has asked that we speed up that process and cut that by six months so that we can possibly implement that by July 1, 1989.

Mr. Teaford:

Good Luck.

May 4, 1989 meeting, Board of Trustees

Mr. Scott:

It is going to be difficult, but that's what the President wants and that's what the President will get. We anticipate having the salary reduction agreement effective July 1, 1989. The other recommendation, number eight, I want to be sure we understand what lies ahead for us here. That has to do with the low cost medical plan. It is estimated that we have 5,000 people in the campus community that are single. That is not hard and fast, you don't know, maybe they just decided not to indicate on the appropriate insurance form whether they had spouses. But we think we have about 5,000 people. It is conceivable, given the general attitude that they're younger and healthier, that all 5,000 of those folks might dash for this plan mistakenly believing that they will never be touched by illnesses as the rest of us. So that could create what is generally referred to in the industry as adverse selection. We will have to watch that very carefully once we put this plan together. In other words, what I am saying is that you stop the hemorrhaging over here, it moves here, it moves here, it moves here. It is a shifting target and Ohio State, as I said earlier, like most industries, is trying to find the right solution to help ourselves. Mr. Chairman, with that I will close and answer any questions there might be. Mr. President --

President Jennings:

Thank you, Madison. I think you and Steve have covered this extraordinarily well. There has been broad campus-wide discussion and debate on this issue. I think there is campus recognition as to the cost increases that are going on here -- 40 per cent last year, we expect 35 per cent this coming year. We expect that to continue, particularly in light of the fact that these cost increases are coming late to Ohio State. They have been in the large organizations for some time. This is coming late to us.

It is a very difficult situation for the institution to go through. I think the community -- while certainly they prefer that this not be done -- recognizes that we have to accommodate the cost. It is better to accommodate the cost than do anything in terms of reduction in benefits. This is a marvelous health plan and I think we need to guard against any sort of a reduction in the quality of health care delivery at our institution for our people. This is undoubtedly an item that we will revisit every year for several years to come. I don't think that by adopting this we have closed the door on this. There is no question that this will have to be reviewed for several years to come.

I think it is also important for us to recognize that in this recommendation is the establishment of a committee to monitor costs that is independent of the medical community, and I think that is appropriate. I think the medical community is cooperating very substantially with us on this, but cost containment becomes extraordinarily important in the context of maintaining quality. I support this recommendation in the context of the institutional requirements and in the context of our competition -- namely other Big Ten institutions -- which as Scottie pointed out have already gone to something like this. We do this reluctantly, but recognizing that that is one of the modern facts of life to deal with. I would recommend it for your approval.

Mr. Berry:

Are there any other comments? I think maybe I would like to say one thing. I compliment the committee who worked on this. I think they did a very thorough job.

May 4, 1989 meeting, Board of Trustees

Mr. Berry: (contd)

As the President has indicated, it is something you don't like to do. But I think you have maintained a fine health insurance benefit program, and at the same time minimized the effect on the people by letting them pay for it in pre-tax dollars and things like that. I guess what it amounts to is you really can't afford to get sick these days, but if you do, you better have insurance!

Mr. Teaford:

I wanted to say to Mr. Scott, too, that I very much appreciate the way that this has been layed out for us. It is incredibly complex and I feel like I have a slight chance that I know what I am dealing with here.

**MODIFICATION TO THE UNIVERSITY'S
GROUP BENEFITS PROGRAM**

Resolution No. 89-115

Synopsis: The Fiscal Affairs Committee recommended modifications to the University's Group Benefits program for employees.

WHEREAS the University regularly reviews the benefits package for faculty and staff to determine the appropriateness of each benefit and the costs associated therewith; and

WHEREAS the rapid escalation in the cost of providing health benefits in particular has resulted in a greater portion of the University's operating budget being used to pay the premiums for employee health insurance; and

WHEREAS the national trend in both the health care and insurance industries indicates an exponential growth in providing health benefits for the foreseeable future; and

WHEREAS the President, the Vice President for Personnel Services, other administrators, University Committees, and individuals representing all parts of the University community have thoroughly reviewed the benefits program; and

WHEREAS the President has recommended the modifications set forth in Appendix LII as a means of maintaining the quality of the faculty/staff benefits program:

NOW THEREFORE

BE IT RESOLVED, That the modifications to the group health care benefits program set forth in Appendix LII be implemented by the Office of Personnel Services through the use of payroll deduction and other appropriate means; and

BE IT FURTHER RESOLVED, That the Vice President for Personnel Services be directed to include in any union negotiations the terms of the group health care benefits program set forth in Appendix LII as part of future collective bargaining agreements in order to reconcile the benefits available to all University staff members.

Upon motion of Mr. Berry, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix LII for complete text for Recommendations for Modifications of the University's Group Benefits Program, page 1239.)

May 4, 1989 meeting, Board of Trustees

Mr. Barone:

Mr. Chairman, on behalf of us all, it is a great honor that we at The Ohio State University and the Board of Trustees wish to present you with this gavel as a sign of appreciation. You have been a tremendous Trustee and a tremendous Chairman. We want to thank you for your generosity, not only for the material things but the personal things you have done.

Mr. Immke:

Thank you.

President Jennings:

Last night, as you all know, we had a small party and this is the television tape of that party. I'm not sure you want to have a copy of it, but here it is.

Mr. Immke:

Thank you.

--0--

Thereupon the Board adjourned to meet Friday, June 2, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

Leonard J. Immke
Chairman

MEMORANDUM

Subject: Proxy Voting
Date: April 30, 1989
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of April 1989, the University voted 94 proxies.

Management proposals were as follows:

- 1) Ratification of the Board of Directors;
- 2) Approval of Independent Auditors;
- 3) Amendment to incentive compensation plan;
- 4) Approval of Stock Option Plan for non-employee directors;
- 5) Approval of the Directors Stock Award Plan;
- 6) Approval of the Employee Stock Appreciation Rights Plan;
- 7) Amendment to increase authorized shares of Common Stock;
- 8) Approval of the agreement and plans trust;
- 9) Amendment to Employee Stock Purchase Plan;
- 10) Approval of the Restricted Stock Award Plan;
- 11) Approval of Trustee;
- 12) Elimination of Directors' liability to the Company or its stockholders;
- 13) Fixing the number of Class A and Class B directors;
- 14) Provide for the voting of Class A and Class B common stock as separate classes;
- 15) Approval of the restricted stock plan for non-employee directors;
- 16) Increase the number of shares that may be available under employee stock purchase plan;
- 17) Approval of senior management's and Directors' stock plan;
- 18) Allow directors more discretion in discharging duties;
- 19) Approval of a long-term performance plan;
- 20) Authorize the purchase of outstanding common stock;

- 21) Amendment to provide officers the right to surrender options for cash under certain circumstances;
- 22) Amendment to the long-term incentive plan;
- 23) Allow granting of options to certain key company officers;
- 24) Approval of performance sharing plan;
- 25) Increase the number of directors;
- 26) Fixing the number of directors for the ensuing year;
- 27) Amendment of the contingent stock plan to increase shares available thereunder and to eliminate termination date;
- 28) Allow options to directors who are not employees;
- 29) Amendment to deferred compensation plan to increase contributions;
- 30) Amendment to authorize the Board of Directors to adopt, amend, or repeal the company's by-laws.

Shareholder proposals were as follows:

- 1) Sever all remaining business ties with South Africa;
- 2) Amendment to keep proxy voting confidential;
- 3) Insure that no corporate funds be given as donations except for business purposes;
- 4) Provide for cumulative voting in the election of directors;
- 5) Recommend that the board of directors redeem or submit to a shareholder vote, the rights to purchase preferred stock;
- 6) Make no loans to corporations which have changed their annual meeting date;
- 7) Prohibit further participation in Chilean Debt-Equity swaps;
- 8) Limit term for outside directors to six years;
- 9) Require that new directors be elected annually and not by classes;
- 10) Take necessary steps to have the accounting firm elected by all the shareholders each year;
- 11) Require directors to own at least 2,000 shares of common stock;
- 12) Require the corporation to affirm its political non-partisanship;
- 13) Restore limited pre-emptive rights to shareholders;
- 14) Implementation of the MacBride Principles;
- 15) Suspend all further investment in Malaysian subsidiaries;
- 16) Provide for the formation of a nominating committee, at least the majority of which should be composed of outside directors;
- 17) Provide stockholders a list of Vice-Presidents and above with prior government service;

- 18) Provide stockholders information on boiling water reactors;
- 19) Provide stockholders information on company's nuclear energy business;
- 20) Require the company to reduce the use of hazardous material in their operations;
- 21) Provide stockholders a list of all political contributions;
- 22) Provide disclosure regarding all aspects of animal testing of consumer products;
- 23) Report all activity of a subsidiary in Northern Ireland to shareholders;
- 24) Not to be governed by Section 203 of the Delaware General Corporation Law;
- 25) Take necessary steps toward affirmative action and equal opportunity;
- 26) Reinstate annual election of directors;
- 27) Require directors to own at least 1,000 shares of common stock;
- 28) Require the company to study impact of plant closings;
- 29) Amend the company's incentive plan;
- 30) Implement a policy of secret ballot voting at all shareholder meetings;
- 31) Submit the preferred share purchase rights plan to a vote of shareholders.

The University voted for all management proposals and against all shareholder proposals except proposal 1. Management opposed all shareholder proposals.

The 94 corporations were:

- 1) American Electric Power Company, Incorporated
- 2) AMR Corporation
- 3) Anadarko Petroleum Corporation
- 4) Bankers Trust New York Corporation
- 5) CR Bard, Incorporated
- 6) Bausch and Lomb, Incorporated
- 7) Bell Atlantic Corporation

- 93) Wisconsin Energy Corporation
- 94) WW Grainger, Incorporated

APPENDIX XXXVIII

**EXECUTIVE SUMMARY
GRADUATE SCHOOL UPDATE**

**Presented to the Academic Affairs Committee
(See page 1070)**

EXECUTIVE SUMMARY

Presentation to the Board of Trustees of The Ohio State University, by Roy A. Koenigs knecht, Dean of the Graduate School - May 4, 1989

Dean Koenigs knecht gave an overview and history of graduate education at The Ohio State University. He indicated that graduate education is at the core of the major research university, noting its affects on undergraduate and professional education as well as on the nature of faculty research programs.

Demographics: Ohio State has the largest enrollment of graduate students (10,679) on a single campus in the nation. We are among the national leaders in number of advanced degrees awarded, international graduate students, and domestic graduate students from outside the state, although 65% of our graduate students are from the State of Ohio. Ohio State ranks second nationally in the number of doctoral degrees awarded to black students.

Organization: The Graduate School has a university-wide reach, offering degree programs in every college but Law. In setting and maintaining academic standards for graduate education, the Graduate School relies on faculty governance to influence quality throughout the 94 doctoral and 127 masters degree programs. The 2,400 graduate faculty, the 127 graduate studies committees, the Research and Graduate Council, and various Graduate School committees collectively determine the conduct of graduate education at the university.

Support of Graduate Education: The Graduate School supports graduate education through many of its ongoing programs: fellowship competitions, recruitment grants and workshops, visits by internationally eminent scholars, a summer research program for minority undergraduate students, to name a few. Professor Keith Alley, Oral Biology and Anatomy, and Ms. Kathryn Lilly, Ph.D. candidate in Electrical Engineering, provided their views on the critical importance of Graduate School fellowships from the perspective of a selection committee and of a fellowship recipient, respectively.

Ohio State relies heavily on the use of Graduate Teaching Associates to carry out its instructional mission and to support graduate students. With fewer than half our graduate students receiving fellowship or graduate associateship support, our faculty support an increase in efforts to provide fellowship support for outstanding prospective and continuing graduate students.

The Future: This past year, Dean Koenigs knecht appointed a fifteen member Commission on Graduate Education to make independent assessments and recommendations on graduate education at Ohio State, with a report due next year, the one-hundredth anniversary of our first award of a doctoral degree. He noted that while there is much that is good about graduate education at Ohio State and our graduates have gone on to make significant contributions in academics, business, and the professions, the Commission report in conjunction with the strategic planning process will stimulate change and development as needed.

APPENDIX XXXVIII

**EXECUTIVE SUMMARY
REPORT ON THE STUDENT HEALTH INSURANCE COMMITTEE
COUNCIL ON STUDENT AFFAIRS**

**Presented to the Student Affairs Committee and
Adopted by the Board of Trustees May 4, 1989
(See page 1090)**

Executive Summary

Escalating costs of medical benefits are being reported nationwide. National news and trade journals have predicted a twenty percent to thirty percent increase in health insurance premiums for 1989. With these industry forecasts as a backdrop, the Student Health Insurance Committee moved forward with their responsibility of submitting its recommendations on a policy regarding the student health insurance plan. The committee's recommendations address coverage, cost, and selection of the provider. The following recommendation seeks to control costs and enhance the medical benefits coverage for students.

Recommendation

Given the limitation of receiving only one fully insured proposal, and two self-insured, third-party administered program proposals that met bid specifications, the committee made the following recommendation:

The committee recommends continuing with Central Benefits under their fully insured proposal for 1989-90 and 1990-91. Coverage should reflect the inclusion of Alternate 1 (increasing room and board \$10 in 1989-90, and \$5 in 1990-91); Alternate 3-A (reducing deductible on outpatient substance abuse and nervous/mental benefits from \$500 to \$250 and increasing coinsurance from 50% to 80%); and Alternate 4-C (increasing major medical coverage to \$100,000).

Basis for Recommendation

1. The committee determined that a self-insured, third-party administered program would not produce monetary savings for the students or provide enhanced benefit coverage. Such a program would, however, result in a shortfall to the University if the estimated premiums available to pay the claims were less than the actual claims. If this shortfall did occur the University or the students would have to pay the difference, a liability the committee did not want to impose on either group.
2. Central Benefits was the only fully insured bid received and they have underbid all competitors the last two years.
3. Central Benefits' fully insured proposal:
 - A. Provides a 7.5% retention rate (compared to 8% in 1988-89);
 - B. Continues coverage by the current carrier;

- C. Reduces start-up costs for the University Health Service because of working with the current carrier, although this was a minor consideration;
- D. Single student quote (including alternatives) compares favorably (at 23.6% increase year 1 and 10.1% increase year 2) with industry forecasts of 20-30% increase in health insurance premiums for 1989 alone;
- E. Improves benefits coverage in areas deemed desirable and does so at competitive rates; and,
- F. Recognizes a satisfactory work history with the company.

APPENDIX XXXX

**REPORT ON THE OFFICE FOR DISABILITY SERVICES
DIVISION OF STUDENT AFFAIRS**

**Presented to the Student Affairs Committee
(See page 1091)**

**OFFICE FOR DISABILITY SERVICES
DIVISION OF STUDENT AFFAIRS**

Mandate

Section 504 of the Rehabilitation Act of 1973

No otherwise qualified handicapped individual in the United States * * * shall solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Mission Statement

The mission of the Office for Disability Services is to ensure that all disabled individuals can freely and actively participate in all facets of University life; to provide and coordinate support services and programs to enable disabled students to maximize their educational potential and to develop their independence to the fullest extent possible; and to increase the level of awareness among all members of the University community in order to enable disabled individuals to perform at a level limited only by their abilities, not their disabilities.

Objectives

Provide, promote, and/or coordinate those services and programs necessary to ensure access for all disabled students.

Provide and coordinate academic support services which enable disabled students to participate in the educational experience limited only by their abilities, not their disabilities.

Identify and remove those physical and attitudinal barriers which prevent disabled individuals from being full and equal participants in all facets of the University experience.

Assist in the retention of high risk students through early identification of learning disabled students and prescriptive application of support services and skill development.

Improve the quality of services received by disabled students through ongoing program evaluation surveys and student needs assessments.

Maximize the human, fiscal, and physical resources of the program through effective and creative management.

Enhance and augment programs and services available to disabled students through external funding when possible.

APPENDIX XXXXI

ORGANIZATIONAL REVIEW TEAM AND
THE ORGANIZATIONAL REVIEW RECOMMENDATIONS

Presented to the Agricultural Affairs Committee
(See page 1096)

Ohio Cooperative Extension Service

Administration
2120 Fyffe Road
Columbus, OH 43210-1010
Phone 614-292-6181

February 13, 1989

To: Administrative Cabinet
Re: Organizational Review, Major Issues/Concerns
From: Keith L. Smith, Organizational Development

As stated before, the major purpose of the Organizational Review Team was to examine the Ohio Cooperative Extension Service and specifically look at the organizational structure of our organization, to offer suggestions of how we might be organized for best communication and delivery of our programs, taking into account our new long range report and our new staffing patterns. With this charge in mind, the following key issues were raised.

1. Span of Control.

The director of the Ohio Cooperative Extension Service and to a lesser extent the five district supervisors of the organization were identified as having too large a span of control.

2. Coordination of Statewide Extension Programs.

The two major points were

- a) there needs to be a point of coordination, specifically a person in the system who has overall responsibility for program planning
- b) role clarification, especially at the district specialist level.

3. Development and Coordination of Issue Programming.

The committee felt issue programming will be a key and important element of future programming. They suggest that in addition to statewide task forces related to key issues, center structures on campus and multi-county units be considered as important methods to implement multi-disciplinary and interdisciplinary issue programming. This would also tie in with the focus on programs under item 2.

4. Structure and Organization for Support Units for the Ohio Cooperative Extension Service.

- a) Computer-communications - encouraged a combination in this area
- b) Staff development - a combination with personnel and suggesting at least one to two FTEs be identified in the staff development area.
- c) Coordination - recommended that one person should coordinate the support unit structure.

5. **Role in Relationship between Assistant Directors, Department Chairs, and District Supervisors.**
 - a) Role clarification. A great deal of confusion appears to exist in the organization about the role of these different personnel. Suggestions for a council to bring these three groups together.
6. **The Role and Function of District Specialists.**
Here again, the question as to roles. Are they district program coordinators? Do they serve as an area agents? Or as district specialists? A suggestion also on reporting or who they would answer to.
7. **Integration of Specialists in 4-H and CNRD into Departments.**
A suggestion that in the case of both 4-H and CNRD, recognize the multi-disciplinary nature of these areas and encourage faculty to be integrated into a variety of departments rather than a single department. A suggestion that the 4-H program area look into the youth center concept.
8. **Promotion and Tenure.**
The major recommendation was for administration to make a concerted effort with OSU central administration to adapt the promotion and tenure system so that Extension faculty are evaluated on the basis of their job functions. They also supported the move toward joint research and Extension appointments for state specialists.
9. **Cultural and Ethnic Diversity in Clientele and Staff.**
A noticeable lack of discussion and expression of the concern about strengthening the efforts to reach an increasingly, culturally diverse audience. Need to concentrate more on affirmative action efforts.
10. **Commitment to CNRD.**
Concern was that CNRD appears to be more of a supplemental program than a high priority mainstream program. The question is, is CNRD a high priority for OCES? And if so, serious attention needs to be given to this area in the form of resource allocation, increased staff development, and training.

Other related observations made by the team were that there appears to be two Extension program agendas in Ohio, one developed by personnel at the district and county level and the other at the state level by department chairs and specialists. There was concern that we might have five Extension program agendas rather than one. Also, how do we bring together the apparent divergence of objectives between the assistant directors who focus on programs and district supervisors who focus on personnel and staffing. As a result of the recommendations/issues and other observations, the organizational chart was suggested to put more focus on programs, to coordinate the administrative support staff structure to provide for quality communications, and to free up the director from his overload span of control.

Other specifics from the recommendations can be noted on the chart.

ORGANIZATIONAL REVIEW RECOMMENDATIONS

This is my response to the Organizational Review Team's recommendations. I am very pleased with the way the Review Team took their responsibility seriously. They listened carefully and made recommendations that will allow us to fulfill our mission of being a research based organization that delivers educational programs in response to the needs of the people.

I also want to thank each of you for your input, especially those who took time to visit with the Review Team. It was very helpful to have input from all phases of the organization.

On February 13, you received a memo from Keith Smith in which he summarized the areas of concern identified by the Review Team and the recommendations they presented to us. We appreciate the excellent response. Since that time, administrative cabinet and department chairs met and heard reports from different segments of our Extension faculty responding to each of the areas of concern. I want to thank Larry Ault, Kathy Cox, Joe Pittman, Ruth Conone, Keith Smith, Bob Troutman, and Fred Miller for taking the responsibility of summarizing the responses into concise reports.

The Review Team made several recommendations. Some of these, we can come to closure on at the present time, and others will require further study. One theme that was very common throughout the entire review was that the organization needs to concentrate more on programs. I suppose that is understandable, since in the last two to three years, we have concentrated mostly on administrative matters such as downsizing. We are making good progress on new county staffing patterns. It is time for us to emphasize programs. We want to be a program driven organization, and in order to do that we must highlight and focus upon the priority program areas.

The following is my response to the ten points of the February 13 memo from Keith Smith.

1. Span of Control. The Review Team recommended that we reduce the number of people reporting directly to the director. The team recommended two associate directors, one for administration and one for program with the

administrative support units reporting directly to the associate director for administration and all others reporting to the associate director for programs. I see this as a long-term recommendation. However, with our present budget constraints, I do not feel that we can justify adding a second associate director. Therefore, we will have one associate director with primary responsibility for administration for the day-to-day operations of the organization. The administrative support units will be reporting directly to that person. The associate director will also act on behalf of the director when the director is not available. As the director, I will give overall leadership for the program part of the organization working more closely with and through the assistant directors for program. There will be four assistant directors, one for each of the four major program areas, Agriculture, 4-H, Home Economics, and Community and Natural Resource Development. The assistant directors will be responsible for working directly with their assigned program area as well as having responsibility for issue based programs. The assistant directors will have responsibility for the coordination of the statewide program in Extension. The assistant directors, department chairs, and the district supervisors must work closely together to make sure that the departments, districts, and counties have adequate input into the program development process and that the programs in all three are integrated into a coordinated program.

The transition team of Chuck Lifer, Keith Smith, and John Stitzlein will continue until the associate director position is filled.

A search process will be initiated immediately to fill the positions of associate director and three assistant directors (agriculture, 4-H, and CNRD). We will use an internal search for the associate director position and a national search for the three assistant director positions.

The state specialists will continue to be housed in the academic units and will be responsible to the appropriate department chair. However, I foresee more interdisciplinary and multidisciplinary program efforts occurring, especially as we address issue based programming. This will necessitate academic units working more closely together in solving problems that relate to major issues.

Multi-county agents will continue to be responsible to the district

supervisors. A task force has been appointed and is currently working to provide input as to how the organization can respond to the needs of the multi-county and single county agents, and chairs in the counties that are involved in a multi-county staffing arrangement.

We have just completed an in-service which was very helpful in identifying some of the concerns and the constraints that multi-county agents/chairs/single county agents currently face. We are in the process of addressing each of these concerns at the present time.

We are pursuing the possibility of changing district supervisors titles to district directors. This is more appropriately in line with the titles of Extension middle managers in other states. Their responsibilities probably would not change. It would only allow us to have a more appropriate title equal to their peers in other states.

2. Coordination of Statewide Extension Programs.

At the present time, we have appointed a program committee, chaired by Chuck Lifer. The committee is charged to develop a program development process by which everyone understands their role and responsibility in developing a coordinated statewide program that will have major impact upon individuals, families, farms and communities in Ohio. They are also charged with developing a streamlined reporting system, to report necessary results that include impact of programs. The assistant directors will have the responsibility of coordinating and integrating programming efforts of districts, counties, and departments into a focused statewide program.

3. Development and Coordination of Issue Programming.

It is essential that the issue programming process be integrated into the overall program planning process. The issue based program is not just for those serving on the six issue task forces, but for the entire organization. The task force responsibility is to develop the statement, and set the direction for the issue so that the organization can develop programs that respond to that particular issue. Programming to respond to issues will become a vital part of our statewide program planning process. Again I will look to the assistant directors to provide the leadership of integrating the issue based programming process into the statewide Extension program.

4. Structure and Organization for Support Units.

The Review Team

recommended that we combine several of the support units; Computer Management with Information and Applied Communications, Personnel with Personnel Development, and Program Evaluation with Reporting. These are excellent recommendations that should be seriously considered. However, the final decision will not be made until the Associate Director has been identified and is on board. In the meantime, we will continue to talk with those individuals involved to determine what is best for those units and the organization.

In the personnel and personnel development area, the Review Team recommends that we should add more FTEs to this area. I would agree that this needs to be done, and as budget permits, we will move in that direction. It is important that we strengthen these areas so that we can make sure that we are attracting high quality personnel to the organization retaining the quality people that we have as well as further strengthening our faculty and staff professionally for the future.

5. Role and Relationship among Assistant Directors, Department Chairs, and District Supervisors. The Review Team recommends that the role of these individuals be clarified. The clarification of their role will become more apparent once the program planning process has been finalized. Through this process, all individuals within the organization will be able to clearly understand what their role is.

6. The Role and Function of District Specialists. It was very apparent that the district specialists are involved in three different ways: 1) as program leaders, 2) area agents, and 3) specialists. I will be working with the district supervisors, district specialists, assistant directors, and department chairs to determine the appropriate role of the district specialists. This may vary depending on the program area, but I believe there should be at least one person from each program area who should be assigned a portion of his/her time to provide program leadership and coordination within the district. The remainder of their time should be utilized as a specialist. District specialists will be administratively responsible to the district supervisors with subject matter responsibility to the appropriate academic unit.

7. Integration of Specialists in 4-H and CNRD into Departments. Moving state specialists from 4-H and CNRD into academic departments will be a

long-term goal wherever this is appropriate. This will be especially true when new replacements are hired. When that opportunity presents itself, we will seriously consider what should be the appropriate academic home. This integration will be in a number of departments rather than a single department. We need to strengthen the research base in both the 4-H and the CNRD program areas. If we are going to be an organization that disseminates research based information, then it is very important that we have a research base behind all of our program areas including CNRD and 4-H youth development.

We are going to seriously consider the "center" concept for the youth development program, whereby faculty expertise is drawn from several university departments to strengthen the overall program effort in youth development. These linkages and networks with departments outside the four current Colleges will provide us with resources we need but do not have in Agriculture, Home Economics, Veterinary Medicine, or Biological Science. This arrangement should also strengthen our research base as well. These specialists from several academic units working with the "center" will also provide more of an interdisciplinary focus on youth development.

8. Promotion and Tenure. We will be working closely with the administration, both within the College and at the University level to make sure the promotion and tenure guidelines appropriately evaluate Extension faculty based upon their job responsibilities.

9. Cultural and Ethnic Diversity in Clientele and Staff. It is important for us to strengthen our efforts to become more of a culturally diverse organization so that we can reach out to a broader clientele. A year ago each college and department in the university including Extension was asked to submit a four-year affirmative action plan, and at about the same time, our organization was asked to submit a plan in response to an ES-USDA civil rights compliance review. Both contained a number of proposed actions and goals. Several of those have been initiated including increasing the number of minority faculty and female administrators. Progress has been made with both, but more remains to be done in initiating and achieving these and other actions and goals identified in the plans.

One of the actions includes the reactivation of an affirmative action committee. This is currently being done. The new members will be asked to implement the two plans and take other actions as appropriate. Further, I challenge each of you to look for opportunities and take actions that increase the cultural and ethnic diversity of our organization and clientele.

10. Commitment of CNRD. Concern was expressed that CNRD appears to be more of a supplemental program than a high priority mainstream program. Community and Natural Resource Development has been identified in the Long Range Plan as one of our four major program areas. Therefore, it is necessary that we increase our effort in CNRD. One way to accomplish this is to put more resources into this area. This we plan to do as we have additional funds. With limited resources, this will not happen overnight, however, I do believe that there are ways we can do some redirection that will allow us to increase our programming efforts in CNRD. We have already started discussions with the appropriate people to determine how we might accomplish this. We will continue these discussions and, would welcome your input.

I hope that this will give you an overview of my thinking concerning the organizational review process and recommendations for the future. We will keep you informed as we continue to bring closure to more of the Review Team recommendations. All of this will be discussed in more detail as we meet with you during the spring conferences.

I believe strongly in the Ohio Cooperative Extension Service. As I travel across this state, I receive very positive feedback about what you are doing and the impact your programs are making. We are going through a major transition at the present time, but I hope the changes that are made will help us become a more futuristic organization that develops research based educational programs that respond to the needs of people in the state of Ohio. I appreciate what you are doing and look forward to working with you in "making it happen" for the future.

Bobby D. Moser

RECOMMENDATIONS FOR MODIFICATION OF THE
UNIVERSITY'S GROUP BENEFITS PROGRAM

Adopted by the Board of Trustees May 4, 1989
(See page 1143)

RECOMMENDATIONS FOR MODIFICATION OF THE
UNIVERSITY'S GROUP BENEFITS PROGRAM

RECOMMENDATION 1

FACULTY AND STAFF CONTRIBUTIONS SHOULD BE INSTITUTED EFFECTIVE JULY 1, 1989 FOR THE MEDICAL COVERAGES UNDER BOTH THE TRADITIONAL PLAN AND UNIVERSITY'S ALTERNATIVE HEALTH PLAN. BEGINNING WITH FISCAL YEAR 1989-90 FULL-TIME FACULTY AND STAFF MEMBERS SHOULD PAY 15% OF THE PREMIUM FOR INDIVIDUAL COVERAGE AND 15% OF THE PREMIUM FOR DEPENDENT COVERAGE. FOR FISCAL YEAR 1990-91 THE CONTRIBUTION PERCENTAGE SHOULD BE INCREASED BY 3%, FOR A TOTAL CONTRIBUTION OF 18% OF THE APPLICABLE PREMIUM FOR THAT YEAR. FOR 1991-92, THE CONTRIBUTION PERCENTAGE SHOULD BE INCREASED AN ADDITIONAL 3%, MAKING THE CONTRIBUTION 21% OF THE TOTAL PREMIUM. AN ADDITIONAL 4% SHOULD BE ADDED FOR FISCAL YEAR 1992-93, BRINGING THE CONTRIBUTION TO 25% OF THE TOTAL PREMIUM. IT IS FURTHER RECOMMENDED THAT THE DEPENDENT RATE STRUCTURE BE DIVIDED INTO TWO COMPONENTS: A ONE DEPENDENT CONTRIBUTION AMOUNT AND A TWO OR MORE DEPENDENTS CONTRIBUTION AMOUNT. THIS WOULD RESULT IN THREE LEVELS OF STAFF MEMBER CONTRIBUTIONS, STAFF MEMBER ONLY COVERAGE, STAFF MEMBER PLUS ONE DEPENDENT, AND STAFF MEMBER PLUS TWO OR MORE DEPENDENTS. THIS PROPOSED RATE STRUCTURE IS CONSISTENT WITH THE CURRENT STRUCTURE FOR DENTAL AND VISION COVERAGE.

Discussion

Faculty and staff member contributions are necessary to reduce the University's financial burden of continuing the medical coverage program. The use of a uniform percentage contribution over all three proposed rate tiers is an equitable approach and does not favor a particular group at the University. Implementation of a three-tier rate structure will allow for a more appropriate contribution from staff members with one dependent compared to those with a larger family. Of course, this additional rate tier has the effect of increasing the cost for larger families by moving away from the concept of shared risk. For a graphic display of the proposed contribution amounts please refer to Exhibit C.

RECOMMENDATION 2

EFFECTIVE JULY 1, 1989, STAFF MEMBER CONTRIBUTIONS SHOULD BE INSTITUTED FOR PART-TIME EMPLOYMENT. THE UNIVERSITY'S SHARE OF THE COST OF MEDICAL COVERAGE FOR A PART-TIME STAFF

MEMBER, WHETHER FOR SINGLE COVERAGE, STAFF MEMBER PLUS ONE DEPENDENT OR STAFF MEMBER PLUS TWO OR MORE DEPENDENTS, SHOULD BE IN PROPORTION TO THE STAFF MEMBER'S PERCENTAGE APPOINTMENT ACCORDING TO THE FOLLOWING CHART:

<u>PERCENTAGE APPOINTMENT</u>	<u>OSU PAYMENT</u>	<u>EMPLOYEE PAYMENT</u>
100%	85%	15%
90%	85%	15%
80%	80%	20%
70%	70%	30%
60%	60%	40%
50%	50%	50%
0 to 49%	NO COVERAGE	NO COVERAGE

PART-TIME STAFF MEMBER CONTRIBUTIONS SHOULD INCREASE IN SUBSEQUENT YEARS ON THE SAME BASIS AS CONTRIBUTIONS FOR FULL-TIME STAFF MEMBERS, BUT IN PROPORTION TO THEIR PERCENTAGE APPOINTMENT.

Discussion

Section 89 Discrimination Testing provisions must be taken into account when determining contributions for part-time staff members. Considering the current requirements of Section 89, it is recommended that the University's contribution for part-time staff members not reduce to less than 50% of the University's cost of full-time employees' coverage. It should be noted, however, that bills have been introduced to simplify or repeal Section 89.

RECOMMENDATION 3

INCREASE THE DEDUCTIBLE FOR THE TRADITIONAL PLAN AND THE UAHP OUT-OF-NETWORK SERVICES FROM \$100.00 TO \$150.00. EFFECTIVE DATE: JULY 1, 1989.

Discussion

The deductible in both the traditional plan and UAHP (out-of-network) has not been adjusted to reflect medical cost increases in recent years. A \$50 increase in the deductible for both plans would be appropriate and would maintain the differential between the traditional plan and UAHP.

RECOMMENDATION 4

ESTABLISH A CO-PAYMENT OF 20% OF THE CHARGE PER PRESCRIPTION FOR BRAND NAME DRUGS AND 10% OF THE CHARGE PER PRESCRIPTION FOR GENERIC DRUGS PROVIDED BY UAHP IN-NETWORK PHARMACIES.

IN ADDITION, IN ORDER TO MAINTAIN THE INCENTIVE TO USE IN-NETWORK PROVIDERS, IT IS RECOMMENDED THAT PRESCRIPTION DRUGS OBTAINED FROM OUT-OF-NETWORK PHARMACIES BE SUBJECT TO THE \$150.00 DEDUCTIBLE PER PERSON. EFFECTIVE DATE: JULY 1, 1989.

Discussion

The average prescription costs between \$20 and \$25. Therefore, the average 20% co-pay would amount to \$4 to \$5, and should serve as an incentive to hold down the utilization of prescription drugs. For non-participating pharmacies under UAHP, 80% coverage should be provided for brand name drugs after the deductible with 90% coverage for generic drugs after the deductible. In addition, subjecting out-of-network drugs to a \$150.00 deductible is consistent with the traditional plan deductible.

RECOMMENDATION 5

INCREASE THE CO-PAYMENT FOR UAHP OFFICE VISITS FROM \$5 to \$10. EFFECTIVE DATE: JULY 1, 1989.

Discussion

This recommendation is consistent with the Benefits Evaluation Committee suggestions and the rationale set forth in that report.

RECOMMENDATION 6

ESTABLISH A SALARY REDUCTION ARRANGEMENT TO PERMIT EMPLOYEES TO PAY THEIR CONTRIBUTIONS TO THE MEDICAL PLAN WITH PRE-TAX DOLLARS. THIS PROGRAM WOULD ALSO APPLY TO EXISTING CONTRIBUTIONS TO THE DENTAL AND VISION CARE PLANS. ESTABLISH A FLEXIBLE SPENDING ACCOUNT EFFECTIVE JANUARY 1, 1990, ENABLING STAFF MEMBERS TO PAY FOR MEDICAL EXPENSES, INCLUDING DENTAL AND VISION EXPENSES NOT COVERED BY THE GROUP PROGRAMS WITH PRE-TAX DOLLARS. EFFECTIVE DATE: JANUARY 1, 1990.

Discussion

A formal flexible spending account need not be established to permit employees to pay their contributions with pre-tax dollars. A simple salary reduction agreement would accomplish this purpose. A flexible spending account, however, would be necessary for staff members to use pre-tax dollars to cover deductibles, co-insurance, and medical

supplies and services not covered by the medical program as well as dental and vision care supplies and services not covered by those plans. Dependent care expenses could be paid with pre-tax dollars through a dependent care account.

Staff member contributions to a flexible spending account would be subject to a "use it or lose it" provision as set forth under Section 125 regulations. That is, monies not used by the close of the plan year would be forfeited.

A flexible spending account funded solely by staff member contributions will probably not pass the Section 89 discrimination tests and the contributions made by highly compensated staff will probably be taxable. This would eliminate any tax advantage to the highly compensated staff members, but would still allow a significant tax advantage for non-highly compensated staff members.

Under a flexible spending account plan the University could be subject to adverse cash flow and additional plan costs due to the recent Section 125 regulations that require a substantial risk of loss be assumed by the plan sponsor. This means that the maximum amount of coverage must be available to a participant at all times during the plan year. For example, a staff member who elects to reduce salary by \$100 per month must have the \$1,200 annual reimbursement available on the first day of the plan year.

Therefore, a staff member could file a claim for \$1,200 at the beginning of the plan year before the \$1,200 accumulated in the employee's flexible spending account. The University would be required to fund the additional monies. If the staff member left the University before the end of the plan year, it appears that the University could not require the staff member to pay the excess amount of the claim funded by the University over the amount in the staff member's account.

The treatment of participant account forfeitures has also been changed by the regulations. Plan sponsors may no longer capture forfeitures in excess of administrative costs, rather such forfeitures must be allocated to participants.

Each individual participant election under a flexible spending account plan is a separate plan for the purposes of Section 89 nondiscrimination testing. Therefore, the complexity of the nondiscrimination testing is increased and a likelihood of the plan receiving approval is decreased. A detailed description of flexible spending accounts can be found in the attached report to the University by Mercer Meidinger Hansen (Exhibit D). The report details the provisions of a dependent care expense account as well as a medical expense account. In addition, the report takes into

consideration the impact of the recent Section 89 regulations.

Due to the complexities of the Flexible Spending Account concept and the risk of forfeiture of staff member money, an effective, well planned staff member communication program is imperative. A series of questions and answers which could form part of the communications effort is contained in the Flexible Spending Account report.

RECOMMENDATION 7

PROVIDE A \$25 MONTHLY CREDIT TO THE FLEXIBLE SPENDING ACCOUNT OF STAFF MEMBERS WHO WAIVE THEIR INDIVIDUAL MEDICAL COVERAGE BECAUSE THEY HAVE ALTERNATIVE COVERAGE.

Discussion

This recommendation should only be implemented if the University determines it is economically feasible to grant a credit. Requiring staff member contributions may provide sufficient incentive for staff members to drop coverage without the added incentive of the \$25 credit.

RECOMMENDATION 8

AS AN ADDITIONAL OPTION, THE UNIVERSITY SHOULD CONSIDER A LOW COST MEDICAL PLAN. THE PLAN COULD HAVE A \$300 PER PERSON DEDUCTIBLE WITH A \$900 FAMILY DEDUCTIBLE. THE CO-INSURANCE LIMIT (MAXIMUM OUT-OF-POCKET EXPENSE TO THE STAFF MEMBER) COULD BE \$1,500 PER INDIVIDUAL AND \$3,000 FOR THE FAMILY. EIGHTY PERCENT COVERAGE COULD BE PROVIDED FOR ALL MEDICAL SERVICES AFTER THE CALENDAR YEAR DEDUCTIBLE IS SATISFIED. STAFF MEMBER CONTRIBUTIONS WOULD BE BASED ON THE PREMIUM REQUIRED TO FUND THE PLAN, BUT IN ANY CASE WOULD BE SIGNIFICANTLY LESS THAN THE CONTRIBUTION REQUIRED FOR THE TRADITIONAL PLAN OR UAHP. EFFECTIVE DATE: JANUARY 1, 1990.

Discussion

The additional low cost medical plan option would enable staff members to choose the benefit program most appropriate to their situation. This would also move the University's program toward a cafeteria benefits approach. However, additional plan options would complicate Section 89 compliance and could result in additional cost to the highly-paid individuals through tax consequences of failing the Section 89 non-discrimination tests. Further, the low cost plan could attract low risk individuals, causing adverse selection and usage of the UAHP program. The low

cost option also makes it more difficult to estimate the savings anticipated from the recommended changes in plan design for UAHP, since it is difficult to anticipate the magnitude of the enrollment in the low cost option.

RECOMMENDATION 9

THE UNIVERSITY SHOULD STUDY THE FEASIBILITY OF RESTRUCTURING THE ADMINISTRATION OF THE VARIOUS HEALTH PLANS.

Discussion

The traditional plan benefits could be cut back to essentially the same level as the out-of-network benefits currently provided under UAHP. Patients would obtain a higher level of benefits by choosing UAHP providers at the time care is provided.

This single plan approach could be offered to the regional campuses. Where economically feasible, networks could be established incorporating hospitals and physicians in the regional campus locations. Staff members would also have access to the facilities in Columbus for non-emergency care. A special emergency benefit could be established for the regional campuses with the provision that a faculty or staff member must live over a certain number of miles from the OSU facilities in Columbus to be eligible for the benefit. Faculty and staff could choose their providers, whether participating or non-participating, at the time care is needed rather than making the election at the beginning of the plan year. A special prescription drug program could also be established for the branch campuses using participating pharmacies and providing the same level of benefits as provided by the UAHP pharmacy. The co-insurance could be 10% of the charge for a generic drug and 20% of the charge for a brand name drug to encourage the use of lower cost generics. The flexible spending account arrangement could also be offered to faculty and staff at the branch campuses on the same basis as provided for those staff members in Columbus.

With one plan, a single claim administrator might be selected through the competitive bid process to replace the current three claim administrators, (which may result in lower administrative costs) more uniform claim reports and simplified management. If a low option plan was also offered, it could also be handled by the same, single claim administrator. The Office of Personnel Services is currently reviewing several suggestions which might facilitate such an arrangement.

RECOMMENDATION 10

LONG-TERM CARE INSURANCE AT GROUP RATES SHOULD BE MADE AVAILABLE AT STAFF MEMBER COST EFFECTIVE JANUARY 1, 1990. THE SPECIFICS AS TO PLAN PROVISIONS AND COST COULD BE DETERMINED ON THE BASIS OF BIDDERS' RESPONSES TO SPECIFICATIONS.

Discussion

The popularity of long-term care insurance is increasing. A number of insurance carriers now offer such programs. Faculty and staff are interested in long-term care insurance as evidenced by the various committee reports. Competitive bidding of group long-term care insurance would help assure the most economic rates for the most desirable plan provisions and benefits.

RECOMMENDATION 11

ADDITIONAL USE SHOULD BE MADE OF CO-PAYMENTS UNDER UAHP FOR TESTS, X-RAYS AND OTHER SERVICES, BASING THE CO-PAYMENT ON A PERCENTAGE OF THE COST. EFFECTIVE DATE: NOT LATER THAN JANUARY 1, 1990.

Discussion

Co-payment could effect utilization in a positive way. However, rather than flat co-pays (such as \$5 per test or \$10 per x-ray) a more effective approach would be to have the provider collect 20% of the cost from the patient. The patient would then become aware of the actual cost of the service. Patients would be encouraged to reduce utilization and providers would be encouraged to hold down costs. As recommended earlier, this approach should also apply to office visit co-payments.

(Please refer to Exhibit "A" for a projection of the estimated annual cost savings realized from various recommendations for fiscal years 1989-90, 1990-91, and 1991-92.)

(See Exhibit B for details of the plan design.)

RECOMMENDATION 12

EFFECTIVE JULY 1, 1989, THE BENEFITS FOR BOTH IN-PATIENT AND OUT-PATIENT MENTAL HEALTH COVERAGE SHOULD BE MODIFIED. THE CURRENT UAHP IN-NETWORK COVERAGE FOR IN-PATIENT MENTAL

HEALTH SERVICES INCLUDES FIRST DOLLAR PAYMENT FOR UP TO \$550.00. THIS FIRST DOLLAR COVERAGE PROVISION SHOULD BE MODIFIED. THE RECOMMENDED CHANGE TO THIS BENEFIT WOULD PROVIDE 80% OF COVERED CHARGES WITH AN OUT-OF-POCKET MAXIMUM OF \$750.00. THE LIFETIME MAXIMUM BENEFIT WOULD CONTINUE TO BE \$100,000.00. IN-PATIENT OUT-OF-NETWORK COVERAGE SHOULD BE CHANGED FROM THE PRESENT 80% AFTER A \$100.00 DEDUCTIBLE TO 70% AFTER A \$150.00 DEDUCTIBLE. COVERAGE UNDER THE TRADITIONAL PLAN SHOULD BE CHANGED IN ACCORDANCE WITH THE UAHP OUT-OF-NETWORK COVERAGE. COVERAGE FOR OUT-PATIENT SERVICES SHOULD BE MODIFIED TO REFLECT AN ANNUAL MAXIMUM BENEFIT. IT IS PROPOSED THAT THE ANNUAL MAXIMUM BENEFIT FOR OUT-PATIENT SERVICES BE LIMITED TO \$2000.00 AFTER A \$150.00 DEDUCTIBLE. THE LIFETIME MAXIMUM WOULD CONTINUE TO BE \$25,000.00. THERE IS NO MAXIMUM OUT-OF-POCKET LIMIT ASSOCIATED WITH OUT-PATIENT MENTAL HEALTH SERVICES.

Discussion

National statistics indicate that mental health coverage is a high cost item in most health insurance plans and therefore has traditionally had higher deductibles and greater co-insurance than other areas of coverage. The proposed changes should bring mental health coverage in line with other changes proposed in plan design.

RECOMMENDATION 13

RENAME THE UAHP PLAN "THE OHIO STATE UNIVERSITY FACULTY AND STAFF HEALTH PLAN".

Discussion

Since the University's Alternative Health Plan is now the predominate health plan for University faculty and staff it has been suggested by several individuals and groups that the plan be renamed.

APPENDIX LIII

Degrees Conferred at

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

June 9, 1989

Commencement Speaker

Elizabeth Hanford Dole Doctor of Laws

Elizabeth Dole became a member of President Bush's Cabinet when she was sworn in as the 20th secretary of labor in January 1989. In this position, she serves as the President's chief adviser on labor issues and as a key economic policy adviser. She guides a federal agency with a budget of more than \$31 billion and nearly 19,000 employees.

Dole's responsibilities include dealing with issues surrounding health and safety, wages, and employment rights of working people. She also oversees job training, unemployment insurance, workers' compensation programs, and a variety of other activities.

She was secretary of transportation from 1983 to 1987, and prior to that, served as a member of the Federal Trade Commission. Her public service has also included presidential appointments as executive director of the President's committee on consumer interests and as deputy special assistant to the President for consumer affairs.

Dole graduated with distinction in political science from Duke University, where she was president of the student government and elected to Phi Beta Kappa. She received her law degree from Harvard Law School and a master's degree in education and government from Harvard University.

Currently she is serving as honorary chair of the Board of Overseers at Duke Comprehensive Cancer Center and is a member of the Visiting Committee of Harvard University's John F. Kennedy School of Government. She recently received the Humanitarian Award from the National Commission Against Drunk Driving.

We welcome her to Ohio State and are honored that she has agreed to speak at today's ceremony.

Recipients of Honors

Julian B. Rotter **Doctor of Science**

The theories, insights, and research of Julian Rotter changed the course of modern psychology. In 1955, he contributed an important and comprehensive theory of social learning to his field—one that went against the tide of the time by emphasizing thought processes rather than simply overt behavior. As a result of his work, social learning has become the major orientation of contemporary psychology.

He retired in 1987 from the University of Connecticut, where he served as director of the Clinical Psychology Training Program from 1963 to 1986, and still teaches as a professor emeritus. From 1946 to 1963, he was a faculty member at Ohio State and served as director of the Psychological Clinic for nine years. Under his guidance, Ohio State's Department of Psychology rose in stature to one of the most prestigious departments of its kind in the world.

Rotter earned his A.B. degree in chemistry from Brooklyn College and his M.A. and Ph.D. degrees in psychology from the State University of Iowa and Indiana University, respectively.

His 1954 book, *Social Learning and Clinical Psychology*, has become a classic in the field and has had a pervasive influence on both the science and practice of psychology. He has been recognized for his outstanding contributions by receiving the American Psychological Association Award for Distinguished Contributions to the Science and Profession of Clinical Psychology.

As a teacher, Rotter's success is unparalleled: more than 100 students have completed doctoral degrees under his direction, and an unusually high percentage of them have gone on to prominent positions in teaching, research, and academic administration throughout the country. His former students have helped to shape much of the personality literature that exists today. He has set the standard for students, as well as for his colleagues, and Ohio State is proud to recognize him for his lifetime of accomplishment.

Recipients of Honors

Robert E. Georges **Distinguished Service Award**

Robert E. Georges is an associate dean emeritus in the College of Business, where he served for 22 years before retiring in 1987. He earned a B.S. in business administration from Ohio State in 1956 and an M.B.A. from George Washington University in 1965.

During his tenure with Ohio State, Georges implemented many programs that enhanced accounting and business education; he was especially committed to creating opportunities for minority students. Among his most significant contributions was the New Careers Program (1969-1976), which sought to prepare minority students for management careers.

In 1975, Georges was instrumental in establishing the Minority Assistance Program. This program continues to serve students today, and offers them financial assistance, special counseling, intern experience, and other benefits.

His influence has enriched the educational experience for countless undergraduates throughout the last two decades. Georges has been a vigorous proponent of a broad-based curriculum for business students. He taught management science, human resources, and an honors class, "The History of Management Thought." He developed the honors class to explore the impact of business and economics on society—giving students a sense of ethics that complements their business education.

In addition to his teaching and administrative activities, Georges served on numerous committees including the University Senate, the Ohio Faculty Senate, and the Ohio Board of Regents Articulation Task Force and has been active in several professional organizations. He received the University's Wright Award in 1977 for leadership in student advising and, in 1984, the University Distinguished Affirmative Action Award. Ohio State is proud to add a Distinguished Service Award to his honors and thanks him for his years of dedication to the University.

Frederick G. Ruffner, Jr. **Distinguished Service Award**

The \$350 million Ohio State University Campaign—the largest ever conducted by a public university—requires the dedication of hundreds of volunteers. Fred Ruffner is among the most devoted of those volunteers; he has given unstintingly of his time and resources and has been an inspiration to other supporters of Ohio State.

A 1950 business graduate, Ruffner served from 1985 to 1988 as national chair of the University's five-year campaign. His involvement with Ohio State has spanned three decades—over the years he has spent countless hours meeting with committees, working with prospective donors, recruiting other volunteers, and promoting the University. His generous gift to the campaign further illustrates his concern for Ohio State: instead of establishing a chair or program in his name, Ruffner elected to give money to a flexible, general fund for emergencies and newly emerging needs. He is a member of The Presidents Council and the Alumni Association and serves on The Ohio State University Foundation board of directors, as well as the National Campaign Steering Committee.

Ruffner is president of Omnigraphics Inc. of Detroit, a publisher of educational books, journals, and videotapes. He and his wife, Mary, founded the Gale Research Company, which creates and publishes reference books, in 1954 and sold it in 1985. Ruffner received the tenth annual Curtis Benjamin Award in 1985 from the Association of American Publishers, Inc. for setting new standards for information publishing.

An active advocate of libraries, he is a member of Friends of the Libraries groups at Ohio State and in both Detroit and Fort Lauderdale and served as president of Friends of the Libraries U.S.A. He was recently honored by the American Library Association for his corporate support and volunteer leadership. We commend him for his decades of service and proudly present him with the Distinguished Service Award as an expression of the University's appreciation.

The Graduate School

Dean: Roy A. Koenigsnecht

Doctor of Philosophy

Amir M. Abduljalil, Iraq; B.S., M.S. (Baghdad University); *Physics*
Dr. H. Hausman

Ayman Soliman Aguib, Egypt; B.S., M.S. (Ain Shams University); *Civil Engineering*
Dr. Keith W. Bedford

Engin Umüt Akkaya, Istanbul, Turkey; B.Sc. (Middle East Technical University); M.S.; *Chemistry*
Dr. Anthony W. Czarnik

Abdulhadi Saad Al-Abdulhadi, Dammam, Saudi Arabia; B.S. (King Saud University); M.A. (Ohio University); *Education*
Dr. Elsie J. Alberty

Amer A. S. Al-Shahrani, Khamis Mushaita, Saudi Arabia; B.S. (College of Education at Abha); M.A.; *Education*
Dr. Robert Howe

Yousuf Ghaloom Ali, Kuwait; B.A. (Kuwait University); M.A.; *Sociology*
Dr. Katherine Meyer

Bill Theodore Ameredes, Columbus; B.S., M.S. (University of Akron); *Physiology*
Dr. Jack Rall

Masoud Amin-Javaheri, Esfahan, Esfahan, Iran; B.S.E.E., M.S.; *Electrical Engineering*
Dr. D. E. Orin

Maria Therese Annoni, Duluth, MN; B.A. (College of Saint Scholastica); M.A.; *Music*
Dr. Burdette L. Green

Melvin Damian Ayog, Adaba Anambra, Nigeria; B.A. (California State University); A.C.I.B. (The Institute of Bankers); M.A.; *Economics*
Dr. E. J. Kane

Clara Mae Baker, Orleans, IN; B.A., M.A. (Ball State University); *Education*
Dr. Gail McCutcheon

George William Barbour, Columbus; B.S., M.S. (American University of Beirut); *Poultry Science*
Dr. J. D. Latshaw

Steven Louis Barnicki, Avon Lake; B.S.E.E., M.S.; *Bio-Medical Engineering*
Dr. Richard Campbell

Robert William Barone, Hilliard; B.A., M.A. (The University of Rhode Island); *History*
Dr. Clayton Roberts

Stephen Alexander Barwick, Gravesend, New South Wales, Australia; B.S. (The University of Sydney); M.S. (The University of New England); *Animal Science*
Dr. W. R. Harvey

Ibrahim Abdulaziz Beayez, Saudi Arabia, B.A. (Riyadh University); M.A. (Michigan State University); *Communication*
Dr. Thomas McCain

Faiza Ali Besbasi, Tripoli, Libya; B.S. (El-Fateh University); M.S.; *Veterinary Physiology and Pharmacology*
Dr. Robert Hamlin

Susan Jane Moyer Brookhart, Little Hocking; B.A. (Beaver College); M.A.R. (Lutheran Theological Seminary); *Education*
Dr. William E. Loadman

Robert James Burkholder, Greenville; B.S.E.E., M.S.; *Electrical Engineering*
Dr. Prabhakar Pathak

Neil Frederick Chamberlain, Hants, England; B.S. (King's College); M.S.; *Electrical Engineering*
Dr. A. A. Ksienki

Shih-Huang Chan, Taiwan, R.O.C., Bachelor's (National Taiwan University); M.B.A. (National Chengchi University); *Statistics*
Dr. Sue Leurgans

Hsuan Chang, Taiwan, R.O.C.; B.S. (National Taiwan University); M.S.; *Chemical Engineering*
Dr. Harry Hershey

Younhwa Chang, South Korea; B.S., M.S. (Sook Myung Women's University); M.S. (Oklahoma State University); *Home Economics*
Dr. Lucy Sibley

Robert Shu-Keung Chau, Hong Kong; B.S.E.E., M.S.; *Electrical Engineering*
Dr. Steven Bibyk

Guan-Ing Chen, Taipei, Taiwan, R.O.C.; B.S. (Fu-Jen Catholic University); M.S.; *Computer and Information Science*
Dr. Ten-Huang Lu

Inching Gilment Chen, Taipei, Taiwan, R.O.C.; B.S.E.E. (National Chiao Tung University); M.S.; *Electrical Engineering*
Dr. Jogikil M. Jagadeesh

Yao Chia Chuang, Taipei, Taiwan, R.O.C.; B.S., M.S. (National Taiwan University); M.A.; *Psychology*
Dr. Jon A. Krosnick

Amy Elizabeth Clough, Columbus; B.S. (The University of Akron); *Chemistry*
Dr. Larry B. Anderson

Gilbert Wilson Collins, Livermore, CA; B.S. (The University of Cincinnati); M.S.; *Physics*
Dr. James R. Gaines

Barbara B. Cornett, Worthington; B.S.N. (University of Maryland); M.S.; *Health, Physical Education and Recreation*
Dr. Mary K. Beyrer

Margarita Concepción Currás, Miami, FL; B.S. (Tulane University); M.S.; *Physiology*
Dr. Jack A. Boulant

Mark Stephen Davis, Lima; B.A., M.A., M.A.; *Sociology*
Dr. Simon Dinitz

Richard Edwin Doty, Columbus; B.S. (Muskingum College); M.S.; *Psychology*
Dr. Samuel Osipow

Vickie Lynn Douglas, DeCraff; B.S.H.E., M.S., M.A.; *Health, Physical Education and Recreation*
Dr. R. C. Bates

Brook Foster Duerr, Columbus; B.A. (Potsdam College); *Chemistry*
Dr. Anthony W. Czarnik

Martina Ebert, Worthington; M.A. (Eberhard-Karls University); *English*
Dr. Julian Markels

Elaine Drstvensek Edgar, Lorain; B.S. (Bowling Green State University); M.S.; *Home Economics*
Dr. Shirley O'Bryant

Robert James Engelhart, Marquette, MI; B.M. (Capital University); M.A.; *Music*
Dr. James E. Major

Eric Fails, Huntsville, AL; B.S., M.S. (Alabama Agriculture and Mechanical University); *Agricultural Education*
Dr. J. David McCracken

Karen Rae Kyle Fellows, Westerville; B.A. (Walla Walla College); M.A.; *Education*
Dr. Nancy L. Zimpher

Li-Kung Ferng, Taipei, Taiwan, R.O.C.; B.S. (National Chiao Tung University); *Economics*
Dr. Robert Driskill

Daniel Stephen Fleck, Columbus; B.A. (Saint Meinrad College); M.A.; *Education*
Dr. Virginia Allen

Julie Ann Ganley, Dayton, B.A. (Wright State University); M.S. (Troy State University); *Education*
Dr. James Wigtil

Yufei Gao, Zhejiang, P.R.C.; B.S. (Beijing University of Iron and Steel Technology); M.S.; *Metallurgical Engineering*
Dr. Paul G. Sheuamou

John Thomas Gardner, University Heights; B.S., M.B.A. (East Carolina University); M.A.; *Business Administration*
Dr. Bernard J. LaLonde

- Cheryl Jean Glenn**, Marion; B.S.Ed., M.A.; *English*
Dr. Andrea Lunsford
- Michael William Gribble**, Columbus; B.A. (Ohio Dominican College); M.A.; *Psychology*
Dr. Richard K. Russell
- Sehchang Hah**, Upper Arlington; B.A. (Seoul National University); M.A.; *Psychology*
Dr. Richard J. Jagacinski
- Seung Hee Han**, Seoul, South Korea; B.A. (Kong Ju National Teacher's College); M.A. (Seoul National University); *Education*
Dr. Elsie J. Alberty
- Donald Carl Harris**, St. Louisville; B.S.E.P.; *Physics*
Dr. James C. Garland
- Jaballa Mousa Hasan**, Toruk, Libya; B.A. (University of Benghazi); M.A., M.A. (Ohio University); *Communication*
Dr. Josina M. Makau, Dr. James Hinks
- Abdul Shukor Hashim**, Malaysia; Diploma, M.A. (Birmingham Poly); *Art Education*
Dr. Nancy MacGregor
- Wael Ali Hegazy**, Alexandria, Egypt; B.S., M.S. (Alexandria University); M.S.; *Computer and Information Science*
Dr. Bruce Weide
- Paul John Hershberger**, Springfield; B.A. (Capital University); M.Div. (Trinity Lutheran Seminary); M.A.; *Psychology*
Dr. W. Bruce Walsh
- Francis John Holtzauer**, Worthington; B.S., M.S.; *Preventive Medicine*
Dr. Martin Keller
- Keith Miles Howard**, Wooster; B.S. (Delaware State College); M.S. (University of Delaware); *Plant Pathology*
Dr. A. F. Schmittner
- Ming-Cheng Hung**, Taiwan, Taiwan, R.O.C.; B.S., M.S. (National Tsing-Hua University); *Physics*
Dr. C. David Andreck
- Melynda Georgette Huskey**, Moscow, ID; B.A. (The University of Idaho); M.A.; *English*
Dr. David Riede
- Nader Mounir Ismail**, Wooster; D.V.M. (Cairo University); M.S. (Michigan State University); *Veterinary Preventive Medicine*
Dr. Yehia M. Saif
- John Lindsey Jackson**, Newark; B.S. (Miles College); M.Div. (Harvard Divinity School); *Sociology*
Dr. J. Craig Jerkins
- John Anthony Jaszczak**, Parma; B.S. (Case Western Reserve University); M.S.; *Physics*
Dr. W. F. Saam
- Jong-Tae Jinn**, Taegu, South Korea; B.S. (Seoul National University); M.S. (Korea Advanced Institute of Science); *Engineering Mechanics*
Dr. Sunder H. Advani, Dr. June K. Lee
- Allan Eugene Johnson**, San Pedro, CA; B.A., M.S. (California State University at Long Beach); M.A.; *Education*
Dr. William Moore
- Diana Lynn Jones**, Grove City, PA; B.A. (Cedarville College); M.Ed. (Bob Jones University); *Health, Physical Education and Recreation*
Dr. Daryl Siedentop
- Karl Henry Joplin**, Worthington; B.S. (University of Washington); M.S.; *Molecular, Cellular, and Developmental Biology*
Dr. David L. Denlinger
- Musa Suaray Kamara**, Sierra Leone; Diploma (The Regent Institute); B.A. (Ashland College); M.A. (Kent State University); *Communication*
Dr. Victor Wall, Dr. Ali Elgabri
- Susan Kashubeck**, San Mateo, CA; B.A. (The University of Michigan); M.A.; *Psychology*
Dr. Pamela S. Highlen
- Chin-Cheng Kau**, Taipei, Taiwan, R.O.C.; B.S. (National Taiwan University); M.S.; *Electrical Engineering*
Dr. Charles Klein
- Ronald Dale Kay**, Stow; B.A. (Gordon College); *Chemistry*
Dr. Patrick Jones
- Dong Sub Kim**, Kyungbuk, South Korea; B.S., M.S. (Seoul National University); *Welding Engineering*
Dr. Chon L. Tsai
- Mary Fortman Kirk**, Elyria; B.S.Ed. (Ohio University); M.A. (Michigan State University); *Health, Physical Education and Recreation*
Dr. Jacqueline Herkowitz
- Robbin Joe Kirkland**, Columbus; B.S. (Winston-Salem State University); M.S. (Southern Illinois University); *Education*
Dr. Robert J. Silverman
- Deborah Sue Korzon**, Bloomfield Hills, MI; B.A. (University of Michigan); M.A.; *Psychology*
Dr. Henry Leland
- Daniel Allen Kramer**, Hilliard; B.S.E.E., M.S.; *Bio-Medical Engineering*

Charles David Warner, Wheelersburg; B.S.; *Business Administration*

Daniel Vance Watkins, Columbus; B.S.Bus.Ad.; *Business Administration*

Peggy Ann Wauben, Delphos; B.S.Bus.Ad.; *Business Administration*

Hugh David White, Jr., Toledo; B.A. (Tulane University); *Business Administration*

Thomas Eugene Wilkins, Columbus; B.S.Bus.Ad.; *Business Administration*

Martha Annette Williams, Petersburg, VA; B.S. (Virginia State University); *Business Administration*

James Robert Wilson, Jr., Chillicothe; B.B.A. (Eastern Kentucky University); *Business Administration*

Kelly Day Wood, Columbus; B.S.Bus.Ad.; *Business Administration*

Lindsay Gail Woods, Rossford; B.A. (Alma College); *Business Administration*

Master of City and Regional Planning

Peter Anthony Battaglia, Miami Beach, FL; B.A. (State University of New York at Binghamton); *City and Regional Planning*

David Michael Betz, Columbus; B.A. (State University of New York at Buffalo); *City and Regional Planning*

Jean M. Carter-Ryan, Columbus; B.A. (Smith College); *City and Regional Planning*

Wylie Elizabeth Enedy, Grafton; B.A. (Miami University); *City and Regional Planning*

Bonnie K. Guttman, Columbus; B.A.; *City and Regional Planning*

Julia Rose Hamilton, Beavercreek; B.A. (Smith College); *City and Regional Planning*

Hyung Jin Kim, Seoul, South Korea; B.S. (Yonsei University); *City and Regional Planning*

Sau-Ha Lam, Columbus; B.A. (The National Taiwan University); *City and Regional Planning*

John M. Magill, Columbus; B.A. (The University of Notre Dame); *City and Regional Planning*

Ibrahim Khalil Maslamani, Zarqua, Jordan; B.S.Arch.; *City and Regional Planning*

Joseph Rossi, Poland; B.A. (Youngstown State University); *City and Regional Planning*

Ari Siswanto, Palembang S Sudiatra, Indonesia; Diploma (Surabaya Institute of Technology); *City and Regional Planning*

Sheng-Tsz Wang, Chung-Ho Taipei, Taiwan, R.O.C.; B.S. (National Cheng-Kung University); *City and Regional Planning*

Mary V. Wenning, Butler; B.S.Soc.Wel.; *City and Regional Planning*

Kevin Joseph Wheeler, Bucyrus; B.A. (Miami University); *City and Regional Planning*

Fatimah Yusof, Muar, Johore, Malaysia; Diploma (Mara Institute of Technology); *City and Regional Planning*

Master of Fine Arts

Jacqueline Mary Cohen, Columbus; B.F.A. (University of Michigan); *Art*

Frances Woods Craig, Florence, AL; B.A. (Randolph-Macon Woman's College); *Dance*

Loretta Mary Di Bianca, Warren, NJ; B.A. (College of the Holy Cross); *Dance*

Shawn Bowman Hicks, Gaffney, SC; B.A. (Columbia College); *Dance*

Deborah Ann Jordan, Houston, TX; B.A. (University of Houston); *Theatre*

Edith Ann Lovercheck, Gering, NE; B.F.A. (Stephens College); *Theatre*

Thomas Kevin O'Connor, Detroit, MI; B.F.A. (Wayne State University); *Theatre*

Robert James Roznowski, Northumberland, PA; B.F.A. (Point Park College); *Theatre*

Deborah Lynn Shellard, Columbus; B.A. (Ohio Wesleyan University); *Theatre*

James Virgil Shumate, Columbus; B.F.A. (Kent State University); *Art*

Jeffrey Morrison Smart, Beaver Falls, PA; B.A. (Baldwin-Wallace College); *Theatre*

Heather Sultz, St. Louis, MO; B.A. (Webster University); *Dance*

Amanda Winifred Thom, Edinburgh, Scotland; B.Ed. (Bedford College of Higher Education); *Dance*

Victoria Elizabeth Uris, Grandview, NY; B.F.A. (New York University); *Dance*

Master of Health Administration

Eugenia Louise Anderson, Bemus Point, NY; B.A. (Miami University); *Hospital and Health Services Administration*

Nandita Reeser Bhattacharjee, Columbus; A.B. (Bryn Mawr College); *Hospital and Health Services Administration*

Paul Andrew Casbergue, Columbus; B.S. (Michigan State University); *Hospital and Health Services Administration*

Amin Aziz Charania, Pakistan; M.B.B.S. (Dow Medical College); *Hospital and Health Services Administration*

Rosemary V. Chaudry, Marion; B.S.N. (Adelphi University); *Hospital and Health Services Administration*

Deborah Lee Curran, Aurora; B.S.Al.Hth.Prof.; *Hospital and Health Services Administration*

Jeremy Stanford Evans, Bloomfield Hills, MI; B.A. (Miami University); *Hospital and Health Services Administration*

John James Fazio, Akron; B.S. (Gannon University); *Hospital and Health Services Administration*

Garry Lee Gause, Lexington; B.S. (Bowling Green State University); *Hospital and Health Services Administration*

Vera Zina Gorochow, Delaware; B.S. (Saint John Fisher College); J.D.; *Hospital and Health Services Administration*

Troy Stewart Horrisberger, Walnut Creek; B.A. (Hiram College); *Hospital and Health Services Administration*

Thomas Allen Kleinhanzl, Clinton; B.S.; *Hospital and Health Services Administration*

Sean Alphonse Leavitt, Minneapolis, MN; B.S. (Saint John's University); *Hospital and Health Services Administration*

Lee-Yu Lin, Taipei, Taiwan, R.O.C.; B.S. (Chung Yuan University); M.S.; *Hospital and Health Services Administration*

Gregory F. Morsches, Toledo; B.S. (University of Cincinnati); *Hospital and Health Services Administration*

Brenda Lee Pfeiffer, Hilliard; B.S.Nurs.; *Hospital and Health Services Administration*

Donna Marie Schiavo, Milford, MA; B.A. (College of the Holy Cross); *Hospital and Health Services Administration*

Debra Lynn Snyder, Grove City; B.S.Bus.Adm.; *Hospital and Health Services Administration*

Julie Anne Strine, Columbus; B.A. (Miami University); *Hospital and Health Services Administration*

Nanette Felice Thaler, Columbus; B.A. (Earlham College); *Hospital and Health Services Administration*

Dennis Timko, Columbus; B.S. (University of Cincinnati); *Hospital and Health Services Administration*

Mary Jo Vara, Gahanna; B.S. (Franklin University); *Hospital and Health Services Administration*

Master of Labor and Human Resources

Sarah Rochelle Bradley, Columbus; B.A. (Capital University); *Labor and Human Resources*

Diane Marie Dierna, Columbus; B.S.Bus.Adm.; *Labor and Human Resources*
Suzanne Celina Drew, Columbus; B.S.; *Labor and Human Resources*

Joseph H. Eck, Akron; B.S. (University of Akron); *Labor and Human Resources*

Patricia Ann Ellefson, Reynoldsburg; A.A., B.S.; *Labor and Human Resources*

Lori Jae Epperson, Richwood; B.S.Agr.; *Labor and Human Resources*

David Howard Israel, Lakehurst, NJ; B.A. (State University of New York at Binghamton); *Labor and Human Resources*

Teresa Jane Jones, Columbus; B.S.H.E.; *Labor and Human Resources*

Valerie Ann Murchake, Columbus; B.S.Nurs., B.A.; *Labor and Human Resources*

Debra Herdman Pelley, Columbus; B.S.; M.A. (Duquesne University); *Labor and Human Resources*

Master of Landscape Architecture

Jeffrey Scott Markley, Brecksville; B.A. (Miami University); *Landscape Architecture*

Sukwon Park, Seoul, South Korea; B.A. (Kyoung-Hee University); *Landscape Architecture*

Robert S. Ziekinski, Columbus; B.S. (Eastern Kentucky University); *Landscape Architecture*

Master of Music

Mark Andrew Baker, Grove City; B.Mus.; *Music*

Seonmi Koh-Noh, Seoul, South Korea; B.M. (Ewha Women's University); *Music*

James Monroe Morrow, Jr., Alvin, TX; B.Mus. (Hardin-Simmons University); *Music*

Sandra Lynn Perry, Bloomington, IL; B.M. (Illinois State University); *Music*

Thomas Kennedy Ryan, Sandusky; B.Mus. (Ohio Northern University); *Music*

Kent Curtis Weaver, Columbus; B.M. (Westminster Choir College); *Music*

Master of Public Administration

John Douglas Alge, Arlington; B.A. (Bowling Green State University); *Public Administration*

Rochelle Rene Athey, Newark; B.A., M.A. (Kent State University); *Public Administration*

Peter Anthony Battaglia, Miami Beach, FL; B.A. (State University of New York at Binghamton); *Public Administration*

Ordwell Perry Burr III, Warren; B.A. (Hiram College); *Public Administration*

Paula Lee Cogan, Brooklyn, NY; B.S. (Columbia University); *Public Administration*

Maria Theresa Coleman, Columbus; B.A. (University of Cincinnati); *Public Administration*

Linwood Corbett, Jr., Richmond, VA; B.A. (Virginia Union University); *Public Administration*

Daryl Paul Hennessey, Grove City; B.S. (Ohio University); *Public Administration*

Nina Moore Johnson, Chestertown, MD; B.S. (Morgan State University); *Public Administration*

Sean Kennedy Keller, Monroeville, PA; B.S.B.A. (West Virginia University); *Public Administration*

Jeanna Marie Kettles, San Antonio, TX; B.B.A. (Incarnate Word College); *Public Administration*

Ann Pennington Laubach, Columbus; B.A. (Oberlin College); *Public Administration*

Beverly Jean Mullet, Columbus; B.A.Jour.; *Public Administration*

Patricia Ann Peters, Dublin; B.S.Bus.Adm. (University of Nebraska at Lincoln); *Public Administration*

Theresa Kaye Porter, Columbus; B.A.; *Public Administration*

Laurie Ann Rossvanes, Youngstown; B.S. (Youngstown State University); *Public Administration*

William Edward Snuffer II, Columbus; B.S.; *Public Administration*

David Andre Thaeler, Mentor; B.S.Bus.Adm.; *Public Administration*

Sheila Margaret Valles-Pankratz, Columbus; B.A. (Pan American University); *Public Administration*

Master of Science

Shamim Ahmed, Karachi, Pakistan; B.S. (N.E.D. University); *Electrical Engineering*

Ijeoma Ifeyinwa Akusoba, Columbus; B.S. (University of Nigeria); *Pharmacy*

Curtis William Alden, Van Wert; B.S.Agr.E.; *Agricultural Engineering*

Aimee Rene Allen, Granville; B.S.Met.E.; *Metallurgical Engineering*

Nasir Khalid Amra, Worthington; B.S. (Vanderbilt University); M.D.; *Computer and Information Science*

Diana Jean Angus, Columbus; B.S.N. (Bluffton College); *Nursing*

Juan Diego Arango, Medellin, Antioquia, Colombia; Electronics Engineer (Universidad Pontificia Bolivariana); *Computer and Information Science*

Dale William Arbaugh, Jewett; B.S.Agr.; *Agricultural Economics and Rural Sociology*

Carlos Roberto Armas, Reynoldsburg; B.S. (State University of New York at Buffalo); *Electrical Engineering*

Richard Alan Asamoto, Columbus; B.S.; *Computer and Information Science*

Rachid Azzouzi, Morocco; B.A.; M.S. (I.A.V. Hassan II); *Geodetic Science and Surveying*

Keith Allen Bailey, Reynoldsburg; B.S.E.E.; *Electrical Engineering*

Hassan Saeed Basha, Jordan; B.Sc. (The University of Michigan); *Nuclear Engineering*

Jamelellil Belwafa, Tunis, Tunisia; B.S.M.E.; *Mechanical Engineering*

Mary Louise Bennett, Columbus; B.S.H.E.; B.S.Nurs. (Ohio Wesleyan University); *Nursing*

Kathryn Elizabeth Berry, Columbus; B.S.N. (Capital University); *Nursing*

Najib Ahmad Bhatti, Islamabad, Pakistan; B.S.C.E. (The University of Engineering and Technology); *Civil Engineering*

Daniel Bien, Columbus; B.S.C.I.S.; *Computer and Information Science*

Donna Romonto Black, Chesterland; B.S. (Ohio University); *Industrial and Systems Engineering*

James Victor Blackwell, Hamilton; B.S.Ch.E.; *Microbiology*

Jaime Luis Bou, Santo Domingo, Dominican Republic; Bachelor's (Technology Institute of Santo Domingo); *Agricultural Economics and Rural Sociology*

Joyce Braman, Sunrise, FL; B.S. (Bob Jones University); *Home Economics*

Kimberley L. Brantley, Fairfield; B.S.Pharm.; *Pharmacy*

Richard Gerard Brill, West Mansfield; B.S.Agr.; *Agricultural Education*

Donna Marie Broermann, Camden; B.S.Agr.; *Animal Science*

Phillip Andrew Brooker, Marietta; B.S. (Case Western Reserve University); *Computer and Information Science*

Dinah Beth Brothers, Paducah, TX; B.S. (Texas Technological University); *Home Economics*

Robert Dale Burns, Rockwood, MI; B.S. (Wayne State University); *Electrical Engineering*

Paul Russell Burte, Dayton; B.S.Engineering (Wright State University); *Industrial and Systems Engineering*

Glenn Edward Calfee, Cleveland, TN; B.S. (The University of Tennessee); *Dairy Science*

Guillermo J. Campisteguy, Westbury, NY; B.S. (State University of New York at Buffalo); *Aeronautical and Astronautical Engineering*

Carl David Chadwell, Columbus; B.S.C.E., B.S.Surv.; *Geodetic Science and Surveying*

Hao-po Chan, Taiwan, R.O.C.; B.S.E.E. (National Cheng Kung University); *Electrical Engineering*

- Jianru Chang**, P.R.C.; Bachelor's, Master's (Harbin Institute of Technology); *Mathematics*
- Yi-Feng Chang**, Taichung, Taiwan, R.O.C.; B.S. (Taipei Medical College); *Home Economics*
- Chao-Lien Chen**, Taipei, Taiwan, R.O.C.; Bachelor's (Tsing-Hua University); *Industrial and Systems Engineering*
- Prakoon Chen**, Samutprakan, Thailand; B.S.E.E.; *Electrical Engineering*
- Yu-Shu Chen**, Kaohsiung, Taiwan, R.O.C.; B.S. (National Central University); *Civil Engineering*
- Po-Hong Chi**, Taichung, Taiwan, R.O.C.; B.A. (Taipei Medical College); *Home Economics*
- Woong Chul Choi**, Seoul, South Korea; B.S. (Seoul National University); *Mechanical Engineering*
- Lawrence Vito Cipriani**, Columbus; B.S. (Case Western Reserve University); *Computer and Information Science*
- Jeffrey Wade Collins**, Oxford; *Physiological Optics*
- Timothy Leo Comstock**, Columbus; B.A. (The College of Wooster); O.D.; *Physiological Optics*
- Kathleen Ann Cooper**, Bellevue, WA; B.S. (Washington State University); *Zoology*
- John M. Crawford**, Fort Wayne, IN; B.A.; *Preventive Medicine*
- Julie Kay Cronk**, Columbus; B.A.; M.A. (Middlebury College); *Natural Resources*
- Walter Bartlett Curtis**, Columbus; B.S.C.E.; *Civil Engineering*
- Diane Christine D'Abate Cicenas**, Madison; B.A. (The University of Akron); *Allied Medical Professions*
- Norine Jo Daugherty**, Mansfield; B.S. (Denison University); *Microbiology*
- Youping Deng**, Hubei, P.R.C.; B.S. (The University of Science and Technology of China); *Physics*
- Deepak Arun Deshpande**, Bombay, Maharashtra, India; B.Tech. (Indian Institute of Technology); *Computer and Information Science*
- Ronald Louis Dilsavor**, Hilliard; B.S.E.E.; *Electrical Engineering*
- David Lawrence Doerfert**, Iron Ridge, WI; B.S. (The University of Wisconsin at River Falls); *Agricultural Education*
- Susan M. Donahue**, Chicago, IL; B.S.N. (The University of Iowa); *Nursing*
- Philip Lee Early**, Alliance; B.S.Pharm.; *Pharmacy*
- Henry Sylvester Elchert**, Tiffin; B.S.Agr.; *Agricultural Education*
- Lisa Kay Elderbrock**, Findlay; B.A. (Muskingum College); *Statistics*
- Steven William Ellingson**, Jacksonville, FL; B.S. (Clarkson University); *Electrical Engineering*
- Amelito Gomez Enriquez**, Calocan City, Philippines; B.S. (The University of the Philippines); *Geodetic Science and Surveying*
- Li-Hwa Fang**, Taichung, Taiwan, R.O.C.; B.S. (The National Taiwan University); *Mechanical Engineering*
- Steven John Farmer**, Pemberville; B.S.Agr.; *Animal Science*
- Howard Allan Fencel**, Schuyler, NE; B.S. (Nebraska Wesleyan University); *Computer and Information Science*
- Eduardo Antonio Fernandez Falcon**, Buenos Aires, Argentina; *Geodetic Science and Surveying*
- Daniel Smith Finley**, New London; B.S.Pharm.; *Pharmacy*
- Janet Morrison Foeter**, Dayton; B.S. (Franklin University); *Natural Resources*
- Deanna M. Fry**, Cincinnati; B.S. (The University of Cincinnati); *Environmental Biology*
- Joe Tjin Fui**, Indonesia; B.S. (University of Florida); *Electrical Engineering*
- Aristides Stavros Galanopoulos**, Agrinio, Greece; Diploma (National Technical University of Athens); *Electrical Engineering*
- Suzanne West Gerlach**, Columbus; B.S.N. (Capital University); *Nursing*
- Anil Goel**, Delhi, India; B.E. (Delhi College of Engineering); *Mechanical Engineering*
- Scott Benson Grissom**, Dallas, TX; Bachelor's (Texas A & M University); *Computer and Information Science*
- Daniel Paul Haas**, Dublin; B.S. (Temple University); *Pharmacy*
- John Milton Hall**, Dallas, TX; B.S. (Texas A & M University); *Computer and Information Science*
- Donald Valentine Hallock**, Bridgeville, PA; B.S.A.A.E.; *Aeronautical and Astronautical Engineering*
- Myoung-Soo Han**, Seoul, South Korea; B.A. (Dongguk University); *Industrial and Systems Engineering*
- Mabrouka Hani**, Tunisia; B.S.M.E.; *Mechanical Engineering*
- Barbara Ann Harrison**, Columbus; B.S. (University of Delaware); *Chemistry*
- Joel Robert Hartman**, Fish Lake Valley, NV; B.S., B.S. (LeTourneau College); *Welding Engineering*
- Kyle Jay Hartman**, Columbus; B.S.Nat.Res.; *Environmental Biology*
- George Estandy Hassoun**, Batha, Kesrovian, Lebanon; B.S. (Lebanese University); D.O.Sp Avionics (Ensae); *Aeronautical and Astronautical Engineering*
- David Edward Heffner**, Troy; B.S.Nat.Res.; J.D. (The University of Cincinnati); *Natural Resources*
- Sunho Hong**, Seoul, South Korea; B.S. (Seoul National University); *Statistics*
- Kevin Scott Hoyer**, Westerville; B.S. (Case Western Reserve University); B.A. (Marietta College); *Mechanical Engineering*
- Dennis D. Humphreys**, Columbus; B.S. (Youngstown State University); M.S. (Ohio University); *Computer and Information Science*
- Colville Griffith Hutchinson**, Tappahannock, VA; B.S. (Virginia Polytechnic Institute); B.S. (Virginia Polytechnic University); *Agricultural Economics and Rural Sociology*
- Wendy Sue Hutchinson**, Kettering; B.S.C.E.; *Civil Engineering*
- Jann Machotka Ichida**, Delaware; B.S. (University of Wisconsin at Madison); *Preventive Medicine*
- Diane Kay Impellizeri**, Manville, NJ; B.A. (Stockton State College); *Home Economics*
- David Brian Kallander**, Hamilton; B.S. (Miami University); *Entomology*
- Sridar Kandaswamy**, Olmsted Township; B.S. (Case Western Reserve University); *Electrical Engineering*
- George Kanellopoulos**, Athens, Greece; B.S.Bus.Adm. (Athens Graduate School); *Computer and Information Science*
- Hang-Bong Kang**, Jinhai, South Korea; B.S. (Hanyang University); *Electrical Engineering*
- Richard Tucker Kaul**, Westerville; B.S.; M.S. (University of Illinois at Urbana-Champaign); *Electrical Engineering*
- Mark Eugene Kelley**, Canton; B.S.Agr.; *Geology and Mineralogy*
- Steven Curtis Kenyon**, Columbus; B.S. (Pennsylvania State University); *Geodetic Science and Surveying*
- Bradford Lee Kess**, Beachwood; B.S.Food Tech., D.D.S., M.A.; *Dentistry*
- Patricia McGuire Kessler**, Rocky River; B.S. (Saint Louis University); *OSU Biochemistry Program*

- Hamza Sabea Khamees**, Columbus; B.S. (Baghdad University); *Geodetic Science and Surveying*
- Jongsoo Kim**, South Korea; B.S. (Seoul National University); *Mechanical Engineering*
- Nikolaos Kiritsis**, Florida, Greece; B.S. (Wright State University); *Mechanical Engineering*
- Frederick T. Klevenow**, Columbus; B.S. (Case Institute of Technology); M.S.; *Mathematics*
- John Mews Klinger**, West Bend, WI; B.S. (The University of Wisconsin at Madison); *Mechanical Engineering*
- Joseph Albert Koberlein**, Uniontown; B.S. (The University of Akron); D.D.S.; *Dentistry*
- Kristin Benne Kremer**, Columbus; B.A. (Wittenberg University); *Natural Resources*
- Sriram Krishnaswami**, India; B.Tech. (Indian Institute of Technology); *Industrial and Systems Engineering*
- Suresh Kumar**, Bhagalpur, Bihar, India; B. Tech. (Indian Institute of Technology); *Ceramic Engineering*
- Todd William Lansinger**, Kent; B.S. (The University of Cincinnati); *Bio-Medical Engineering*
- Jia-Cheng Cindy Lao**, Shanghai, P.R.C.; B.A. (Berea College); *Statistics*
- Stephane Rene Latreille**, Grenoble, Isere, France; Baccalaureat (Lylee Champollion Grenoble); Ing. Cin. des Mines (Ensayise Saint-Etienne); *Metallurgical Engineering*
- Jin-Kook Lee**, Seoul, South Korea; B.S. (Seoul National University); *Home Economics*
- Pey-Chih Lee**, Taipei, Taiwan, R.O.C.; B.A. (Tungshai University); *Food Science and Nutrition*
- James Richard Lemon**, Mechanicsburg; B.A.; *Entomology*
- Dorcas Anne Lewe**, Troy; B.S.Nurs.; *Nursing*
- Hong Li**, P.R.C.; B.S. (Sichuan University); *Physics*
- Robert John Limardi**, Brooklyn, NY; B.S. (Union College); D.D.S. (State University of New York at Stony Brook); *Dentistry*
- Bih-Fen Lin**, Taipei, Taiwan, R.O.C.; B.S. (National Taiwan Normal University); *Microbiology*
- Min-Chieh Lin**, Taipei, Taiwan, R.O.C.; B.S. (Taipei Medical College); *Home Economics*
- Zhenzhi Lin**, Shanghai, P.R.C.; B.S. (The University of Science and Technology of China); *Physics*
- Yuanlun Liu**, Shanghai, P.R.C.; B.S. (Shanghai University of Science and Technology); *Bio-Medical Engineering*
- Richard Lowry**, Pembroke, NC; B.A. (The University of California at Berkeley); M.D. (Case Western Reserve University); *Preventive Medicine*
- David Jeffrey Magley**, Worthington; B.S.Cer.E.; *Ceramic Engineering*
- Melpi Rebecca Magliveras**, Lincoln, NE; B.S. (The University of Nebraska at Lincoln); *Computer and Information Science*
- Mary E. Mahoney**, Canton; B.S. (Mercy College); *Allied Medical Professions*
- Chee Leung Mak**, Hong Kong; B.S. (Hong Kong Baptist College); *Physics*
- Sriram Alwar Mandyam**, India; B.E. (Annamalai University); *Electrical Engineering*
- Mary Faye Mantey**, Marion; B.S.H.E.; *Home Economics*
- Kevin V. Martin**, Columbus; B.S. (The University of Delaware); *Chemistry*
- Kenneth Michael Masica**, Cleveland; B.S.E.E. (Cleveland State University); *Electrical Engineering*
- Margaret Ann Masterson**, Plain City; B.S., D.V.M.; *Veterinary Clinical Sciences*
- Timothy Frederick Mengers**, Chillicothe; B.S. (University of Cincinnati); *Nuclear Engineering*
- Tarek Fawzy Messiha**, Cairo, Egypt; B.S. (Cairo University); *Civil Engineering*
- Pavlos George Mikellides**, Larnaca, Cyprus; B.S.A.A.E.; *Aeronautical and Astronautical Engineering*
- Bela David Mikofalvy**, Avon Lake; B.S. (Case Western Reserve University); *Computer and Information Science*
- Suzanne L. Miller**, Fairport, NY; B.S. (The University of Dayton); *Computer and Information Science*
- Virginia Jean Mol**, Myakka City, FL; B.S. (College of Mount Saint Joseph); *Nursing*
- Jean-Charles Mombo-Caristan**, Paris, France; B.S. (The University of Paris); *Mechanical Engineering*
- Sally Winters Morgan**, Worthington; B.S.Nurs.; *Nursing*
- Scott Christopher Morgan**, Milwaukee, WI; B.S. (Nebraska Wesleyan University); *Chemistry*
- K. Sureswaran Narayan**, Bombay, India; B.S. (Bombay University); M.S. (Indian Institute of Technology); *Physics*
- Edward Raymond Naylor**, Reading, PA; B.S. (Cornell University); *Metallurgical Engineering*
- Ramakrishna Venkata Nekkanti**, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Daniel Anthony Oblinger**, Burlington, KY; B.S. (Northern Kentucky University); *Computer and Information Science*
- Michael Joseph Onders**, Cleveland; B.S. (Miami University); *Computer and Information Science*
- Irene Orynochak**, Lorain; B.S. (The University of Toledo); *Pharmacy*
- Christine Renee Osborne-Hurdley**, Columbus; B.S.; *Microbiology*
- Michael Huerto Padilla**, Philippines; B.S. (University of the Philippines); *Metallurgical Engineering*
- John Andrew Pale**, Sterling Heights, MI; B.S. (Michigan Technological University); *Mechanical Engineering*
- Nelson Martinez Pamulo**, Naga City, Philippines; B.S. (The University of the Philippines); *Microbiology*
- Nikolaos Pandis**, Corfu, Greece; D.D.S. (Athens University); *Dentistry*
- Jehangir Khodadad Parvereshi**, Bombay, India; B.S. (University of Bombay); *Electrical Engineering*
- Surapon Pattanajitvilai**, Udonthani, Thailand; B.S. (Kasetsart University); *Dairy Science*
- Kevin Michael Persinger**, Washington Court House; B.S.Agr.; *Argicultural Education*
- Maria Aurora Cadayona Pineda**, Quezon City, Philippines; B.S. (University of the Philippines); *Statistics*
- Ronald John Pocchiarri**, Rome, NY; B.S. (State University of New York at Oneonta); *Veterinary Physiology and Pharmacology*
- Anuradha Prakash**, Bombay, India; B.S. (Bombay University); *Food Science and Nutrition*
- Robert Martin Price, Jr.**, Girard; B.S., M.S. (Youngstown State University); *Statistics*
- Maria Agnes Puangco**, Jacksonville, FL; B.S. (Florida State University); *Allied Medical Professions*
- Dharmendra Mythili Ramachandra**, India; B.S. (Osmania University); *Mechanical Engineering*
- Mahendra Arcot Ramachandran**, Madras, India; B.S.C.I.S.; *Computer and Information Science*
- James Richard Ranft**, Fairborn; B.S. (Bowling Green State University); *Physiological Optics*

- Fuadi Rasyid**, Jakarta, Dki, Indonesia; B.S. (Bogor Agricultural University); *Food Science and Nutrition*
- Jeannette Kay Rea**, West Cape May, NJ; B.S. (Rutgers University); *Agricultural Education*
- Joy A. Reichenbach**, Bluffton; B.S.N. (Bluffton College); *Nursing*
- Jeffrey Dwayne Reiswig**, Xenia; B.A. (Oberlin College); D.V.M.; *Animal Science*
- Erwin Renz**, West Germany; Diploma (University of Stuttgart); *Engineering Mechanics*
- Charity Jocelyn Repko**, Gilbertsville, PA; B.S. (West Virginia Wesleyan College); *Home Economics*
- Louis John Rezanka**, Campbell; B.S. (Case Western Reserve University); *Veterinary Pathobiology*
- Gregory Andrew Ricketts**, Columbus; B.S.E.E.; *Bio-Medical Engineering*
- Kenneth Allen Rogers**, Caldwell; B.S.E.E.; *Electrical Engineering*
- Luis A. Rojas Vela**, Anzoategui, Venezuela, B.S.M.E.; *Mechanical Engineering*
- Derrick Keith Rollins**, Kansas City, MO; B.S. (University of Kansas); M.S.; *Statistics*
- Daniel Vinson Romer**, Cincinnati; B.A. (Thomas More College); *Computer and Information Science*
- Stanley Edmond Ross**, Slippery Rock, PA; B.S. (The University of Pittsburgh); *Mathematics*
- Allen L. Rutz**, Columbus; B.S.M.E. (University of Cincinnati); *Mechanical Engineering*
- Sharon Ann Sack**, Amsterdam; B.S.Nurs.; *Nursing*
- Ioannis Georgios Samiotakis**, Athens, Greece; B.S. (The University of Athens); *Computer and Information Science*
- John Peter Santell**, Burghill; B.S. (Duquesne University); *Pharmacy*
- Douglas Ashley Schober**, Phoenix, MD; B.S. (Delaware Valley College of Science and Agriculture); M.S.W. (Hahnemann Medical College and Hospital); *Animal Science*
- Robert Conrad Schreiner**, Lakewood; B.S.C.E.; *Civil Engineering*
- Gertrud Schrieder**, Strittmatt, West Germany; Diploma (The University of Hohenheim); *Agricultural Economics and Rural Sociology*
- Rebecca Maree Schwartz**, Steubenville; B.S.N. (Capital University); *Nursing*
- Kyoung See**, Columbus; B.S.; *Statistics*
- Sharon Anne Senger**, Bellingham, WA; B.S. (University of Washington); *Chemical Engineering*
- Omar Augusto Serrano**, Guayaquil, Ecuador; M.E. (Politecnica Litoral); M.S. (Colorado School of Mines); *Welding Engineering*
- Timothy Brian Shay**, Annville, PA; B.S. (Shippensburg University); *Chemistry*
- Richard William Shields**, Columbus; B.S.Ch.E.; *Chemical Engineering*
- Rodrigo Sierra Maldonado**, Quito, Ecuador; Licenciatura (Universidad Catolica del Ecuador); *Natural Resources*
- Darius Simon**, Jakarta, Indonesia; B.S.E.E.; *Electrical Engineering*
- Michael Van Meter Snyder**, San Francisco, CA; B.S. (Indiana University); *Computer and Information Science*
- Alan Thomas Stadler**, North Royalton; B.S.C.E.; *Civil Engineering*
- Douglas William Stearn**, Estes Park, CO; B.S. (Colorado State University); *Pathology*
- Sivakumar Sundaresan**, Columbus; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Margaret Steele Swartout**, Oak Ridge, TN; B.S., D.V.M. (University of Tennessee at Knoxville); *Veterinary Clinical Sciences*
- Yu-Hui Tao**, Taipei, Taiwan, R.O.C.; B.S. (Tunghai University); *Industrial and Systems Engineering*
- Anil V. Thenamkoth**, Kerala, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Scott David Thomas**, Akron; B.S. (Grove City College); *Mechanical Engineering*
- Stephen Albert Thomson**, Westerville; B.S. (Georgia Institute of Technology); *Computer and Information Science*
- Ralph Edward Tippins**, Redondo Beach, CA; B.A. (Humboldt State University); *Mathematics*
- Yu-Hwai Tsai**, Taipei, Taiwan, R.O.C.; B.S. (Chinese Culture University); *Home Economics*
- Sathyannaraya Vaidyanathan**, Madras, Tamilnadu, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Janice Anne Van Echo**, Hilliard; B.S.N. (Capital University); *Nursing*
- Vilwanathan Varadhan**, Madras, Tamilnadu, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Maria Dorothea Vargo**, Marietta; B.S. (Purdue University); *Food Science and Nutrition*
- David Lee Walters**, Dayton; B.S. (Wright State University); *Nursing*
- Brian Dewitt Walton**, Columbus; B.S. (Ohio University); *Computer and Information Science*
- Shan-Tair Wang**, Taiwan, R.O.C.; B.S. (National Taiwan University); *Statistics*
- Shaohua Wang**, Beijing, P.R.C.; B.S. (Lanchow University); *Zoology*
- Patricia Mendoza Watson**, Hilliard; B.S. (The University of Texas at El Paso); *Mining Engineering*
- Franz Christian Weckesser**, Dublin; B.S., M.B.A. (Bowling Green State University); *Statistics and Information Science*
- Monique Yvette Wells**, Houston, TX; B.A., D.V.M. (University of Pennsylvania); *Veterinary Pathobiology*
- Ching-Sung Weng**, Tainan, Taiwan, R.O.C.; B.S. (Chung-Yuan University); *Bio-Medical Engineering*
- James Hugo Williamson, Jr.**, Mansfield; B.S.; *Computer and Information Science*
- Leanna Wing**, Columbus; B.S.N. (The University of Toledo); *Nursing*
- Ronald Lee Winland**, Zanesville; B.S.Agr.; *Agronomy*
- Paula Marie Withrow**, Beaver Falls, PA; B.S. (Duquesne University); *Pharmacy*
- Chum Nam Wong**, Singapore; B.S. (Michigan State University); *Electrical Engineering*
- Kenneth Leslie Wong Lim**, Colon, Panama; Cirujano-Dentista (Universidad Autonoma de Guadalajara); *Dentistry*
- Flavio Cooji Yamaguchi**, Sao Paulo, Brazil; B.S. (University of Sao Paulo); *Agricultural Economics and Rural Sociology*
- Darleen Lynne Yancer**, Westerville; B.S. (The University of Akron); *Computer and Information Science*
- Carol-Lynne Yarletts**, New Wilmington, PA; B.S.N. (West Virginia Wesleyan College); *Nursing*
- Wee Lane Yee**, Columbus; B.S. (George Mason University); *Entomology*
- Wenhan Zhang**, P.R.C.; B.S. (Institute of Mining and Technology); *Mining Engineering*

Master of Social Work

Bernice Kay Adams, Columbus; B.S.Ed.; *Social Work*

Carole Wright Alder, Athens; A.B. (Ohio University); *Social Work*

Jennifer Lynn Amidon, Bellefontaine; B.S.SocWork; *Social Work*

- Judith Rose Arroyo**, Columbus; B.A. (University of Akron); *Social Work*
- Anne Marie Barker**, Orient; B.S.Soc.Wel.; *Social Work*
- Frances Bednar**, Camarillo, CA; B.A. (Mount Saint Mary's College); *Social Work*
- Tara Lynn Bell**, Princeton Junction, NJ; B.A. (Miami University); *Social Work*
- Christine Black**, Washington Court House; B.A.S.W. (Wright State University); *Social Work*
- Carol Jeffers Borelli**, Ashtabula; B.F.A.; *Social Work*
- Lisa Marie Borelli**, Columbus; B.S.Ed.; *Social Work*
- John Edward Brandel-Tatro**, Davison, MI; B.S.Soc.Work; *Social Work*
- Marcia Lenore Brecht**, Grove City; B.A. (Findlay College); *Social Work*
- Donald James Brewer**, Reynoldsburg; B.S.Soc.Wel.; *Social Work*
- Dawn Marie Brodnick**, Mentor; B.A. (Cleveland State University); *Social Work*
- Judy Lynne Cameron**, Johnstown, PA; B.A. (University of Pittsburgh); *Social Work*
- Debra Cavanagh**, Beavercreek; B.A.S.W. (Rutgers University); *Social Work*
- Jeanette Marie Chairez**, Collins; B.S.W. (Capital University); *Social Work*
- Sara Chay**, Israel; B.S.W. (Bar Ilan University); *Social Work*
- Mary Davis Clayton**, Deshler; B.S.S.W. (Bowling Green State University); *Social Work*
- Kathleen A. Coate**, Columbus; B.S.Ed.; *Social Work*
- Thomas William Conley**, Columbus; Bachelor's (Ohio University); *Social Work*
- Leslyn Marie Coombs**, Rolling Meadows, IL; B.S.(Capital University); *Social Work*
- Lorinda Kay Cotter**, Springfield; B.S.W. (Anderson University); *Social Work*
- Ildiko Elizabeth Crawford**, Mt. Gilead; B.A. (University of Toledo); *Social Work*
- Marlene Nygard Daubert**, Columbus; B.S. (Northwest Missouri State University); *Social Work*
- Mary A. Duffner**, Cincinnati; B.S.Soc.Wel. (Xavier University); *Social Work*
- Paula Alice Duplessis**, Lancaster; Bachelor's (Ohio University); *Social Work*
- Mitchell Keith Eckstein**, Columbus; B.S.Soc.Wel.; *Social Work*
- Elizabeth Natalie Egyes**, Columbus; B.S.Soc.Work; *Social Work*
- Cheryl Lomaz Evans**, Bexley; B.A. (Ursuline College); *Social Work*
- Veronica Ann Finnegan**, Shelby; B.S.Soc.Work; *Social Work*
- Evelyn Ford**, Bamberg, SC; B.A. (Morris College); *Social Work*
- Debra Jean France**, Worthington; B.A. (Ohio University); *Social Work*
- Mary Jane Jost Frank**, Pickerington; B.S.W. (Capital University); *Social Work*
- Anne F. Fullarton**, Worthington; A.B. (Mount Holyoke College); M.A. (New York University); *Social Work*
- Leslie Ellen Gagne**, Columbus; B.S. (Ohio University); *Social Work*
- Theresa Ann Garrison**, Westerville; B.S.Soc.Wel.; *Social Work*
- Roenia Jittau Gleese**, Vicksburg, MS; B.S.W. (Jackson State University); *Social Work*
- Shirley Smoyak Goldhaber**, Columbus; B.S.Soc.Work; *Social Work*
- Teresa Sha Gordon**, Columbus, IN; B.A. (Purdue University); *Social Work*
- Peggy Sheryl Gouch**, Columbus; B.A. (Oberlin College); *Social Work*
- Karen Marie Grider**, Granada Hills, CA; B.A. (Wheaton College); *Social Work*
- Richard Jeffrey Griss**, Middletown; B.A.; *Social Work*
- Bettina Angela Guynn**, Newport News, VA; B.A. (Elizabeth City State University); *Social Work*
- Carolyn Jane Gyuro**, Columbus; B.A.; *Social Work*
- Rejeana Renae Haynes**, Louisville, MS; B.S.W. (Jackson State University); *Social Work*
- Kimberly Jo Haywood**, Coshocton; B.S.Soc.Work; *Social Work*
- Douglas Allen Heestand**, Mansfield; B.A. (Ashland College); *Social Work*
- Kevin William Hepner**, Fairview Park; B.S.S.W. (Bowling Green State University); *Social Work*
- Eileen Adele Hill**, Dublin; B.S.Soc.Wel.; *Social Work*
- Jeanne M. Hochman**, Cleveland; B.S.Ed.; *Social Work*
- Cheryl Ann Hostetler**, Plain City; B.S.Soc.Work; *Social Work*
- Marcia Jean Huffman**, Westerville; B.A.; *Social Work*
- Donna Kay Humphrey**, St. Paris; B.A. (Wright State University); *Social Work*
- Estella Bernal Ibarra**, Dayton; B.S. (The University of Dayton); *Social Work*
- Joseph Gerard Jardine**, Maumee; B.S. (Bowling Green State University); *Social Work*
- Karen Ann Jones**, Cleveland; B.A.S.W. (The University of Akron); *Social Work*
- Alfred Louis Joseph**, Columbus; B.A.; *Social Work*
- Ann Catherine Junkin**, Wooster; B.A. (The College of Wooster); *Social Work*
- Kathleen Uilani Kameenui**, Honolulu, HI; B.A. (The University of Hawaii); *Social Work*
- Chul-Hee Kang**, Columbus; B.A. (Yonsei University); *Social Work*
- Donald Lee Keneipp**, Columbus; B.A.; *Social Work*
- Steven Douglas Kolacz**, Ashland; B.A. (Ashland College); *Social Work*
- Seung Kwon**, South Korea; B.A. (Yonsei University); *Social Work*
- Jo Ellen Lane**, Worthington; B.S.Soc.Work; *Social Work*
- Edward Raymond Langlois**, North Dartmouth, MA; B.A. (Tufts University); M.A., Ph.D. (Cornell University); M.A. (Catholic University of America); *Social Work*
- Deborah Susan Lauber**, Owosso, MI; B.A. (Wheaton College); *Social Work*
- Eric John Lawrence**, Pataskala; B.A.; *Social Work*
- Lynette Helms Loury**, Columbus; B.A.; *Social Work*
- Lisa Marie Lubkeman**, Columbus; B.A. (Miami University); *Social Work*
- Cynthia Kloss Lytle**, Columbus; B.A. (The University of Wisconsin at Madison); *Social Work*
- Susan Lynn Macik**, Jamestown; B.A. (Urbana University); *Social Work*
- Lori Michelle Maier**, Columbus; B.S.; *Social Work*
- W. Glenn McCleese**, Marion; B.S.Soc.Work; *Social Work*
- Joseph Brian McKnight**, Columbus; B.S. (Bowling Green State University); *Social Work*
- Kathleen Lyn McNeil**, Columbus; B.A. (Miami University); *Social Work*
- Linda Irene Meltzer**, Columbus; B.A. (The University of Rhode Island); *Social Work*
- Carol Ann Middendorf**, Bellbrook; B.A. (Georgetown College); *Social Work*
- Cheryl Lynne Molter**, North Royalton; B.S.Soc.Work; *Social Work*

- Barbara R. Nauman**, Marion; A.A., B.S.Soc.Work; *Social Work*
- Jacqueline Kay Neff**, Westerville; B.S.Soc.Wel.; *Social Work*
- Elaine Newberry**, New Boston; B.A. (Anderson University); *Social Work*
- Linda Agin Peters**, Columbus; B.S. (Bowling Green State University); *Social Work*
- Mary-Joan Picone**, East Hartford, CT; B.A. (Saint Michael's College); *Social Work*
- Emily Rae Pope**, Reynoldsburg; B.S.Soc.Wel.; *Social Work*
- Douglas Michael Post**, Columbus; B.A., M.A.; *Social Work*
- Elizabeth Ann Raines**, Akron; B.S.Soc.Wel.; *Social Work*
- Kathy K. Ralph**, Worthington; B.S.Bus.Ad.; *Social Work*
- Agnes Frances Reed**, Columbus; B.A. (Wright State University); *Social Work*
- Darryl Wade Riser**, Houston, TX; B.A.S.W. (Prairie View A & M University); *Social Work*
- Gayle Marie Root**, Worthington; B.S.Soc.Work; *Social Work*
- Linda Kay Royalty**, Worthington; Bachelor's (Thomas More College); *Social Work*
- Marian K. Rubin**, Cincinnati; B.S.W. (University of Cincinnati); *Social Work*
- Lynda M. Runyon**, Blanchester; B.A. (Otterbein College); *Social Work*
- R. Jeffrey Ryan**, Lima; B.S.; *Social Work*
- Susan Penney Sanderson**, Buffalo, NY; B.S. (State University College at Buffalo); *Social Work*
- Richard Joseph Saup**, Columbus; B.S.Soc.Wel.; *Social Work*
- Catherine Ann Schweitzer**, Sidney; B.A. (College of Mount Saint Joseph); *Social Work*
- Ann Frances Sedlock**, North Royalton; B.S.Soc.Work; *Social Work*
- Michael Joseph Selegue**, Columbus; B.A. (Ohio Dominican College); *Social Work*
- Ellen Elizabeth Seward**, West Liberty; B.S. (Urbana University); *Social Work*
- Carmen Carter Slagle**, Newark; B.S.Soc.Wel.; *Social Work*
- Sharon Annetta Smith**, Columbia, SC; B.A. (Saint Augustine's College); *Social Work*
- Julie Elizabeth Snyder**, Hudson; B.S. (Kent State University); *Social Work*
- Barbara Kay Solt**, Amanda; B.S. (Miami University); *Social Work*
- Michael Patrick Spangler**, Columbus; B.S.; *Social Work*
- Barbara Ann Spellerberg**, Columbus; B.S. (Boston University); *Social Work*
- Andrea Maria Spendiarian**, Sandusky; B.S.S.W. (Bowling Green State University); *Social Work*
- Kathleen Ann Staker**, Portsmouth; B.A. (Ohio University); *Social Work*
- Gayle Lauren Stanford**, Columbia Station; B.A. (Kent State University); *Social Work*
- Stephanie Michelle Stasiak**, Trenton, MI; B.S. (Central Michigan University); *Social Work*
- Mary Kathleen Steed-May**, Columbus; Bachelor's (Ohio University); *Social Work*
- David Keith Steele**, Waverly; B.A. (Cumberland College); *Social Work*
- Douglas Howard Steiner**, West Liberty; B.A. (Goshen College); *Social Work*
- Patricia C. Tatarzycki**, Centerville; B.A. (The University of Akron); *Social Work*
- Diana Lynn Thomas**, Columbus; B.S.Soc.Work; *Social Work*
- Kathryn A. Thompson**, Columbus; B.S.Ed.; M.S. (The University of Dayton); *Social Work*
- Nicki D. Trout**, Huntsville; B.A. (Urbana University); *Social Work*
- Tracy Kathleen Vosdoganes**, Toledo; B.S.S.W. (Xavier University); *Social Work*
- Marilyn Elaine Walsh**, Portsmouth; B.S.W. (University of Cincinnati); *Social Work*
- Juanita Westerfield**, Manchester, KY; B.S.Ed. (Cumberland College); *Social Work*
- Linda Kay Whikehart**, Zanesville; B.S. (Villa Maria College); *Social Work*
- Sharon Kay White**, Columbus; B.S.Soc.Work; *Social Work*
- Mauria Kirkpatrick Wideman**, Westerville; B.A.; *Social Work*
- Kimberly Ann Woodyard**, Granville; B.A.; *Social Work*
- Jean Kauffman Yost**, Columbus; B.A. (Colorado Woman's College); *Social Work*
- Rose Marie Zingrone**, Massillon; B.S.W. (University of Akron); *Social Work*
- Michael C. Zorich**, Columbus; B.S.Ed., M.A.; *Social Work*

Colleges of the Arts and Sciences

Chairman, Coordinating Council of Deans: Joan Huber

Associate Dean for Undergraduate Studies in Arts and Sciences: Robert M. Arkin

The Colleges of the Arts and Sciences, a federation of five colleges, includes:

College of the Arts
College of Biological Sciences
College of Humanities
College of Mathematical and Physical Sciences
Colleges of Social and Behavioral Sciences

College of the Arts

Dean: Donald Harris

Bachelor of Arts

Colin Roger Adams, Columbus
Rossini M. Alda, Tiffin
Robert Scott Bauer, Columbus
Thomas Alan Baumann, Cincinnati
Anthony Thomas Bernens, Cincinnati
John Maxwell Brown, Columbus
Liana Grace Coutts, Delaware
Lisa Fay Cribbs, Hamilton
Cindy K Crouse, Toledo
Nancy Ann DeLapa, Akron
Michael Merritt Engle II, Wapakoneta
Jeffrey Lynn Felkey, Lima
Deborah Lynn Gissinger, Clinton
Mark Allen Irvin, Smithville
Kevin Sean Kinlin, Dayton
Scott Dwain Kneisley, Grafton
William Anthony Krause, Bedford Heights
Jeffrey Allen Lutz, Dayton
Wan-Hsing Mair, Taipei, Taiwan, R.O.C.
Scott Jeffrey Manders, Marengo
Frederick Craig Moore, Gahanna
Rebecca Marie Murtaugh, Cincinnati
Ralph Jeffrey Peak, Louisville
David Thomas Ralley, Worthington
Marguerite Cleveland Schiff, Cincinnati
O. Keith Shannon, Orient
Candace Ebner Thrush, Columbus
Nicole Ann Walker, Lakewood
Christopher Merle Wells, Elyria
Karen Elizabeth Widder, Cincinnati
Joseph Andrew Wink, Columbus
Sara Ann York, Xenia
Sabra Jan Zahn, Littleton, CO
William Hampton Zimmerman, Huntsville, AL

Bachelor of Fine Arts

Jana Albert, West Liberty
Cheryl Lyn Beck, Pittsburgh, PA
Nilza M. Bianco, Thiells, NY
Susan Faith Brown, Lyndhurst
Mark Collin Burnett, East Liverpool
Carla Jean Burson, Salem
Angela I. Cain, Caledonia
James Eugene Cross, Strongsville
Richard Whitman Davis, Lighthouse Point, FL
Deborah Marie Downs, Englewood
Patricia A. Dragony, Parma
Sara Margaret Green, New York, NY
David Patrick Hess, Cleveland
Stephen Ray Hughes, Nicholasville, KY
Kelly Kathleen Hunt, Worthington
Carol Pfender Jernigan, Marion
Abby Lynn Kantor, Glenview, IL
Barbara Ann Koyle, Canton
Shawn Angus MacInnis, Germantown
Christopher Dean Madden, Arcanum
Mary Michelle Middeler, Columbus
Gary Lawrence Molina, Parma
Jeffrey Lawrence Murphy, Kettering
Holly Marie Natwora, Columbus
Robert Joseph Neveu, Columbus
Erin Stephanie O'Toole, Powell
Mary Kathryn Plummer, Westerville
Deborah Lee Rhodes, Garrettsville
Florence Michelle Santos, Cincinnati
Alexander Gust Savakis, Warren
Scott Andrew Skiles, Pickerington
Richard Ramsay Stander III, Mansfield
Daniel Jay Sullivan, Columbus
Darren Howard Thompson, Plain City
Warren Allen Trefz, West Union
Peter Alan Wieneke, Middletown
Donna Jean Zoll, Columbus

Bachelor of Music

Stefanie Ann Dennis, Kansas
Christina Naumoff Dorinsky, Orrville
James Joseph Dorinsky, Columbus
Margaret Ann Fischer, Euclid
Jodi Sue Graham, Cincinnati
Dale Ann Gray, Grove City
Marcus Shawn Gresham, Columbus
Jeffrey Allan Montgomery, Columbus
Sarah Woodward Paul, Worthington
Harry Joe Polen, Jr., Alliance
Maria Lynn Renzetti, Columbus
Stephanie Ann Summers, Clyde

Bachelor of Art Education¹

Kristen Benedict Marra, Mayfield Village
Jacqueline Kay Schomer, Warren

¹Offered by the College of the Arts

Bachelor of Art Education²

Laura Christine Butler, Akron
Mary Bridget Crowley, Columbus
Judith Ann Fox, Boone, NC
Shawn R. Gatton, Bellville
Lynne Ann Grace, Hudson
Scott Elwood Hartman, Troy
Theresa Anne Hibner, Wapakoneta
Barbara Ann Rogers, Pataskala
Jeff Lynn Satterfield, Madison
Teri Lynn Shook, Chesterhill
Kevin Howard Storch, Greenfield, IN
Dana Fritz Worth, North Royalton
Patricia Mary Yost, Newark

Bachelor of Music Education³

Kathleen Ann Boes, Upper Sandusky
Deborah Ann Borland, Alliance
Marie Curth, Newark
Bryan Lynn Day, Shelby
Christina Naumoff Dorinsky, Orrville
Mary Joanne Evans, Columbus
Michael Joseph Ferguson, Cincinnati
Suzanne Marie Goedde, Lima
Christy Kathleen Hoey, Kettering
Amy Marie Isler, Massillon
Scott Allan Jones, Fairfax, VA
Kurt Mehl, Columbus
William Porter Myers, Toronto
Elizabeth Ann Natali, Hamilton
Alan Michael Nordyke, Wilmington
Kristin Lee Oberhaus, Gibsonburg
Harry Joe Polen, Jr., Alliance
Michelle Joan Rachocki, Worthington
Julie Rose Rolwing, Reynoldsburg
Judith Renee Smith, Amlin
Miranda Diane Smucker, Grove City
Shelly Ann Sparks, Mechanicsburg
Wendy Jo Turner, Coshocton
Pamela Jean Urig, Lancaster
Julie Leslie Vish, Columbus
Kathryn Anne Zimmann, Salem
George Jay Zonders, Westerville

Bachelor of Science in Audio Recording

John Paul Azelvandre, Columbus
James Joseph Dorinsky, Columbus
Brian Scott Kallaher, Urbana
Matthew Everett Young, Rossford

Bachelor of Science in Industrial Design

Steven Michael Andreano, Brooklyn
Daniel Murray Beam, Cambridge
Theresa Diane Bell, Upper Arlington
Karine Lynn Bielefeld, Cleveland
Sharon Adrian Bryant, West Jefferson
Mark Vincent Budde, Cincinnati
Eden Elinor Carlson, Bowling Green

²Offered jointly by the College of the Arts and the College of Education

Kathleen Lisa Patricia Chen,
Fairview Park
Ching Ching Chung, Centerville
Stephanie Marie Conner, Columbus
Megan Elizabeth Cook, Columbus
Kelly Maureen Corcoran, Columbus
Gary Lee Dailey II, Columbus
Jerald Edward Durkin, Barborton
Ruthanne Evey, Cleveland Heights
Daniel Scott Fiser, Defiance
Benjamin Cotter Goodman, Columbus
Kelly Ann Horton, Zanesville
Kenneth James Hydak, Strongsville
Dimitrios Evan Kargiotis, Brecksville
Martin William Keen, North Andover
Molly Marie Kestner, Lyndhurst
Jeffrey Lee Kimble, Fostoria
Robert W. Krieg, Vienna
Bonnie Campbell Latimer, Pataskala
Richard Galen Loos, St. Clairsville
Cynthia Ann Luallen, Perryburg
Eugene John McHugh, Mayfield Heights
Sean David Montag, Akron
Michelle Dawn Meyer, Columbus
James Edward Molloy, Cincinnati
Thomas Mark Morbitzer, Columbus
Jan Paul Ostendorf, Waynesville
Douglas Kent Ritterling, Columbus
Susan Marie Ritzman, Norton
Fernando Miguel Rojas, Guaynabo, PR
Johanna Lynn Schroeder, Toledo
Loretta Elizabeth Sherman, Kettering
Barry Webster Smith, Columbus
David Alan Smith, Cincinnati
Kenneth Howard Tonne, Cincinnati
Natalie Jane Trees, Granville
Jill Leon Welch, Cuyahoga Falls
Rodney L. Wilder, Newark
Jeffrey Michael Worth, Pittsburgh, PA

College of Biological Sciences

Dean: William A. Jensen

Bachelor of Arts

Caroline C. Chromey-Skoulakis, Toledo
Tina Marie Drum, Stoutsville
Brian Robert McMillan, Mt. Vernon
Brian MacDermott Mehling, Centerville
Kristina Ann Smetana, Marysville
John Michael Zitel, Richmond Heights

Bachelor of Science

Jorge Luis Acevedo, Lares, PR
Suzanne Michele Adams, Fairborn
Jerald Stuart Altman, Beachwood
Christy Elizabeth Antonio, Columbus
Steven Petar Balalowski, Columbus

 Kimberly Anne Zorman, Cleveland
 Marjana D. Zupcsan, Madison

College of Dentistry

Dean: William R. Wallace

Doctor of Dental Surgery

Leslie Caroline Allen, Columbus
 B.S. (University of Toronto)
 David Braxton Atkins, Springfield
 B.A. (Otterbein College)
 Joseph Scott Atkins, Columbus
 B.A. (University of Toledo)
 Robert John Balcar, Toledo
 B.S. (John Carroll University)
 Scott Robert Bankhead, Columbus
 B.S.
 Debbie Ann Batcha, Columbus
 Martin Lee Baumgardner, Akron
 B.A.
 Monica Elizabeth Bednar, Columbus
 B.S.Pharm.
 David Andrew Bennett, Columbus
 B.S.
 Susan Marie Brennan, Gahanna
 Michael John Britsch, Wauseon
 B.A. (University of Toledo)
 Julie Anne Butler, Hillsboro
 B.A. (Miami University)
 Alexander Robert Clemente, Upper
 Arlington
 B.S. (Youngstown State University)
 Timothy Wayne Conley, Beaver

Christopher Michael Connell, Mentor
 B.S.

Thomas George Coreno, Rocky River
 B.S. (University of Cincinnati)

Thomas Matthew Cox, Cincinnati
 B.S. (University of Cincinnati)

Martin Bryant Crombie, Ashtabula
 B.S. (Bowling Green State University)

Moshe Davidovitch, Columbus
 B.A. (University of Pennsylvania)

Lisa Ann Davis, Columbus
 B.A.

Todd Christopher Davis, Columbus

Julie Ann Dugan, Columbus
 B.A. (Miami University)

Bruce Allen Dye, Dresden
 B.A.

Christopher James Ebert, Willard
 B.A. (Miami University)

Charles Robert Fahncke, Celina
 B.A. (Capital University)

Patrick Oscar Flannery, Columbus
 B.S.

John Robert Forche, Toledo
 B.S.

Mark Alan Ford, Columbus
 B.S. (Kent State University)

James D. Frilling, Columbus
 B.A. (University of Toledo)

Kevin William Fryer, Columbus
 B.S. (Purdue University)

Frederick Julius Gehrke, Jr.,
 Highland Heights
 B.A. (Case Western Reserve University)

Gregory Harper Grady, Grandview
 Heights
 B.A. (University of Notre Dame)

Hans Peter Guter, Columbus
 B.S.

Klaus Dieter Guter, Columbus
 B.A.

Eric Joseph Haas, Columbus
 B.S. (Loyola University)

Vahid G. Haghighi, Columbus
 B.S.E.E.

Lawrence James Hannan, Columbus
 B.S. (University of Cincinnati)

Christopher John Harter, Bay Village
B.S. (John Carroll University)

Shabbir Muhammad Hashim, Columbus
B.S.

Gregory Paul Heintschel, Worthington
B.A. (University of Toledo)

Alan Reed Heller, Columbus
B.A. (University of Maryland)

John Andrew Helmkamp, Akron

William Lee Huskey, Columbus

James Thomas Hutta, Columbus
B.S.

Kyle Randal Jackson, Columbus
B.A. (University of Toledo)

Terri Lynn Kanner, Warren
B.A. (University of Toledo)

Daniel Kantarovich, Columbus
B.S.

Charles Jed Kesler, Gahanna
B.S. (Youngstown State University)

James Kevin Killen, San Bruno, CA
B.S. (University of California, Davis)

Young S. Kim, Columbus
B.A.

James Edward Kirkpatrick III, Columbus
B.S. (University of Washington)

John Dean Koutras, Canton
B.S.

Michael Alan Krumnauer, Huber Heights
B.S. (University of Dayton)

Steven Arthur Lang, Columbus
B.S. (University of Cincinnati)

Christoph Immo Horst Langer, Columbus
B.A. (Miami University)

Michael Joseph Leahy, Worthington

Michael Robert Leech, Mansfield

Lori Ann Little, Ashville

Jeffrey Charles Logan, Kinsman

Randall Lee Lonsbrough, Columbus
B.S.Ch.E.

Felix Omar Marcial, Columbus
B.S. (University of Puerto Rico)

Andrew Joseph Marck, Columbus
B.S. (Xavier University)

Timothy Patrick McConnell, Massillon
B.A. (Miami University)

Michael A. McGinnis, Columbus

Richard Alan Michney, Columbus
B.A. (University of Toledo)

Jeffrey Scott Miller, Fairfield
B.A. (Miami University)

Scott Wilbur Miller, Wooster
B.A. (Kenyon College)

Timothy John Miller, Columbus
B.S. (John Carroll University)

Anton Gregory Cyril Milo, Columbus
B.A. (Wittenberg University)

Ellen G. Moore, Crooksville

Donald Alan Morgan, Columbus
B.A. (Cedarville College)

Kent Neil Nicklas, Berea
B.A. (Miami University)

Dominic Joseph Pannunzio, Columbus
B.S.

Kurt Alan Pesta, Mingo Junction
B.S.

Jason Alfred Phillips, Cincinnati
B.A. (Miami University)

Leigh Ann Randolph Pickenpaugh,
Hilliard
B.S.Nat.Res.

Michael Edward Poth, Oxford
B.A. (Miami University)

John William Pruitt, Columbus
B.A. (Depauw University)

Thomas Steven Rankin, Columbus
B.A. (Miami University)

William Edward Renz, Columbus

Joseph Robert Ryan, Columbus
B.S. (Ohio Dominican College)

Lawrence J. Salata, Columbus
B.A. (College of Wooster)

Carl William Schafer, Lima
B.S.

Eric Shawn Schikowski, Columbus
B.S. (John Carroll University)

Scott Dana Schumann, Columbus
B.S.

Michelle Lynn Schuster-Taylor, Euclid
B.S. (Case Western Reserve University)

Kim Leslie Shaw, Columbus
B.S.

Debra Marlene Shugarman, Toledo

Peter Nicholas Stamatis, Lorain

Clifford John Steinle, Cincinnati

Todd Eugene Stoner, Columbus
B.A. (Kenyon College)

Debra Kay Ray Swearingen, Whitehall

Samuel Edward Taylor, West Unity

Daniel Joseph Vogt, Hamilton
B.S.

Christopher John Walinski, Columbus

Gregory John Weisgerber, Columbus
B.S. (Xavier University)

Clark Conner White III, Worthington
B.A. (Wittenberg University)

Matthew Ray Yerkey, Columbus

Bachelor of Science in Dental Hygiene

Brenda Lynn Behrend, Rocky River
Susan Renee Brown, Parma
Sharon Rose Carlson, Westerville
Kristen Jane Cross, Shelby
Lorene Marie Grabmeier, Toledo
Valerie Anne Maseck, Bristolville
Julie Nelson Mick, Somerset
Michele Josette Moser, Columbus
Connie Ann Mullins, Columbus
Neda Nassirzadeh, Columbus
Lisa Christine Petrov, Elyria
Kimberly Ann Sabec, North Olmsted
Leigh Ann Sanders, Worthington
Susan René Webster, Mansfield
Lisa Ann Zukovs, Lancaster

Certificate of Graduate Dental Hygienist

Mary Roberta Betts, Circleville
Joyce Ann Buchenic, Youngstown
Michelle Renae Hicks, Portsmouth
Elizabeth Marie Karkut, Naples, FL
Andrea Lynn Moskerintz, Canal Winchester
Ailisa Sael Shapiro, Cincinnati

College of Education

Dean: Donald P. Anderson

Bachelor of Science in Education

Judith Marie Abboud, Dayton
Rebecca Ann Adams, Centerville
Aggelici A. Agganis, Lancaster

Pamela Jeanne Ahrens, Minster
 Kaye Dianne Alban, Newark
 Jacqueline Ann Albanese, Eastlake
 Rex William Allison, Columbus
 James Edward Arens, Jr., Lancaster
 Christopher Joseph Armstrong,
 Reynoldsburg
 Sharon Lee Atchison, Columbus
 Steven Lowell Ayers, Forest

Craig Thomas Wyckoff, Marion
George L. Wyndham, Kenton
Michelle Ann Yarsa, Lorain
Lisa Kathleen Young, Lancaster
Carolyn Marie Zak, Parma
Bradley Alan Zech, Sandusky
Joanna Sue Zinkon, Fresno

Bachelor of Art Education and Bachelor of Music Education degrees are offered jointly by the College of the Arts and the College of Education. Candidates are listed under the College of the Arts.

College of Engineering

Dean: Donald D. Glower

Bachelor of Science in Aeronautical and Astronautical Engineering

Steven Carl Asseff, Independence
Gregory Alan Balnoschan, Lexington
David Scott Blum, Columbus
Darin Lee Boesch, Gahanna
James Edward Bruns, Cincinnati
Peter Joseph Buchanan, Elyria
John David Cherry, Findlay
William Joseph Collet, Fostoria
Richard Allen Cowley, Medina
James Raymond De Bonis, Hubbard
Mark Anthony Detelich, Brookfield
Carl Dean Dever, Brecksville
Timothy Joseph Diersing, Delaware
Leonard Paul DiLudovico, Jr., Leetonia
Leonard Andrew Dudzinski, Strongsville
Ronald Steven Fritsch, Berkey
Stefan Eliot Froelich, Shaker Heights
Scott Gregory Gramling, Columbus
Dennis Mark Grieshop, Yorkshire
Scott Randal Gulyas, Austin, TX
Bryan Dean Haas, Midland, MI
Michael Allen Hall, Toledo
David William Herring, Jr., Toledo
James Michael Higgins, Pataskala
Christopher Todd Hunt, Wooster
Karyn Michele Igar, Knoxville, TN
James Edward Kamenca, Oregon
Eric Edward Kibler, Ravenna
Laura Ann Kozel, Columbus
Robert Michael Latin, Harrisburg, PA
Christopher Douglas Lykins, Fairborn
Nicolo Filippo Machi, Solon
Timothy Earle Mack, Collins
Jeffrey Craig Masters, Columbus
John Thomas Meeks, Jr., Columbus
Rafic A. Mouzaya, Jaj, Lebanon
Kenneth Edward Mulh, Mentor
James Andrew Negro, Youngstown
Dan Thanh Nguyen, Columbus
Andrew Donald Orben, Wadsworth

Martin Edward Piccus, Orange
John Alexander Plaga, Parma
Thomas North Ramsay, San Diego, CA
Randall Brooks Ravis, Amherst
Mark J. Ringer, Strongsville
Ryan Scott Rorick, Elyria
Kent Alexander Ruffing, Bellevue, FL
Stephen Paul Singer, St. Clairsville
Christopher Thomas Sledz, Sterling Heights, MI
James William Smolko, Medina
Michael Joseph Stallkamp, Beaver Creek
Gregory Todd Steinmetz, Cincinnati
William Ronald Stevens, New Albany
David Eldo Taylor, Toledo
Robert John Theiss, North Olmsted
Daniela Louisa Trapani, Greensboro, NC
Thomas William Uhase, Maple Heights
Steven Michael Vehrs, Addison, IL
Mercedes A. Vizueta, New York, NY
Kathleen Ann Watson, Lorain
Jason Fredrick Whitney, Stow
Anthony Carl Wiederkehr, Charlton, NY
Thomas DeWitt Woodrow, Columbus
James Patrick Wooster, Seattle, WA
Roger David Wuerefel, Perrysburg
Stephen John Zaborski, Westlake
Brian O. Zimmerman, Strongsville

Bachelor of Science in Agricultural Engineering

Leo Branson Conkel, Jr., Reynoldsburg
Nazih Wahib Fady, Tripoli, Lebanon
Thomas Brian Feldman, Hamilton
Robert George Hentz, Cincinnati
James Todd Hughes, Mt. Vernon
Russell Byron Krock, Oregon
John Harvey Peterson, Washington Court House
Rodney James Tornes, Waterford
Ronald Thomas Trivisonno, Galena

Bachelor of Science in Aviation

Jimmy Bitz, Middleburg Heights
Christopher Nelson Conn, Avon Lake
Robert Lawrence Garvin, Columbus
Paul Andrew Kienzle, Kettering
Bryan Allen Konst, Bellevue
Thomas Alan Linnevers, North Olmsted
Terrence Earle Mack, Collins
Timothy Alan McLaughlin, Norton
David Andrew Meechan, Columbus
Andrew Clayton Quiett, Barker, NY

Bachelor of Science in Ceramic Engineering

Kelly Suzanne Baker, Clinton
Ray Virgil Baker, Powhatan Point
Michael Patrick Cytacki, Brunswick
Stephen Guy Gallaher, Powhatan Point
Angela Renee Grusd, Bluffton, IN
Harjanto Hardjani, Indramayu, Indonesia
Alan Lee Harness, Liberty, MO

Albert Carl McDonald, Jr., Columbus
Mary Katherine Meyer, Delaware
Patrick Francis Rego, Hudson
Barry Scott Ringstrom, Fairfield
Gerri Darlene Waddell, Gahanna
Theodore Allen Wegert, Elmore
Julius Alfred Zari, Reynoldsburg

Bachelor of Science in Chemical Engineering

Mark Wesley Anderson, Circleville
Craig Bernard Barry, Elyria
Linda Jean Broadbelt, Warren
Christopher Joseph Caudell, Peoria, IL
Jennifer Elizabeth Craig, Tipp City
Katerina Millie Eftimoff, Columbus
Lisa Joy Fletcher, Katy, TX
Julie Ann Fogarty, Columbus
James Andrew Foulk, Pataskala
Brian Keith Furlong, Mt. Prospect, IL
Barton J. Girdwood, Maumee
Johnna Eileen Griffiths, Bedford Heights
Keith James Grover, Worthington
Laura Anne Hause, Perrysburg
Eric John Hrbac, Oregon
Walter George Macesich, Parma
Stephen Robert Phillips, Tiffin
Michael Joseph Pishkula, Mayfield Heights
Robert Ryan Proctor, East Liverpool
Amy Joyce Reynolds, Dublin
Brian Lyn Smith, Barberton
Jonathan Martin Vinson, Mentor

Bachelor of Science in Civil Engineering

Kevin Ray Ackley, Mt. Orab
Rick Joseph Amlin, Columbus
James Christopher Avery, Clyde
Ahlem Ben Othman, Tunis, Tunisia
Robert Andrew Bosworth, Pickerington
Todd Warren Boyer, Zanesville
Brian Sean Casey, Columbus
Jeffrey Robert Coffey, Perrysburg
Bruce Fraser, Parma
Kenneth Charles Graffeo, Solon
Adolfo A. Guzman, Columbus
Malcolm Scott Hiltz, LaGrange
David Charles Hutchman, East Liverpool
Brian Michael Kennedy, Youngstown
Brian Ross Lamenson, Livonia, MI
Patrick Joseph Manger, West Jefferson
Barry James Mazik, Westerville
Ana Marissa Melendez, Beaver Creek
Patrick John Mihelick, Stow
Alexandra Elaine Millsap, Columbus
Theodore Allen Mize, Berlin Heights
Michael Sean Mulligan, Utica
Thomas Glenn Muraski, Centerville
Sean Terence O'Neil, Minneapolis, MN
Seng Soon Ong, Penang, Malaysia
Todd Anthony Pomorski, Toledo
Rodger William Reel, Milan
Christopher Joseph Selvaggio, Lima
Boris Edward Slogar, Middleburg Heights

Steven Anthony Slusher, Kettering
Charles William Stein, Luckey
David Edward Straub, Akron
James Timothy Watkins, Reynoldsburg
Douglas Alan Yard, Madison
Dante Toby Zettler, Kelleys Island

Bachelor of Science in Computer and Information Science

Gary Ray Arico, Port Clinton
Leon Daniel Baranovsky, Wyoming
Richard Leroy Beightler, Jr., Columbus
Brian Lee Bohman, Yorkshire
Brian Douglas Calhoun, Sacramento, CA
Gregory Scott Clark, Dayton
Gary George Clipping, Utica
Brian Edward Combs, Perrysburg
Michael John Drum, Columbus
Jon C. Gilliam, Caledonia
Robert E. Halsey, Wadsworth
Kevin Michael Hampton, Gardner, KS
Joseph Charles Hepp, Toledo
Daniel James Hoffman, Barker, NY
Michael Eugene Holley, Columbus
Jay Steven Horvath, Mansfield
Hindra Irawan, Bogor, Indonesia
Steven W. Keller, Columbus
Stephen Lee Kenney, Utica
Cathy Lynn Korikian, Springfield
Haig Michael Korikian, Cambridge
Petar Kraguljac, Broadview Heights
Melinda Kay Lyle, Pickerington
Christopher Jay Lynn, Warren
John Timothy McCoy, Columbus
John Philip Mees, St. Louis, MO
Michael Edward Mellott, Mansfield
Michael A. Perkinson, Pensacola, FL
John Maribbay Plaschke, Dayton
Steven Myers Riley, Westerville
Bryan Scott Rine, Mt. Vernon
Patrick Edward Secrist, Lexington
Michael John Segel, Pepper Pike
Ali Mustafa Smali, Columbus
Brian Joseph Smith, Kettering
Douglas Randall Stidham, Heath
Sandra Sudarsky, Bogota, Colombia
Garrett Joseph Suhm, Avon Lake
Craig Wilson Treisch, North Lawrence
James Joseph Van Such, Youngstown
Richard A. von Clausburg, Pickerington
Michael Patrick Wallace, South Lebanon
David Bruce White, Worthington
John Alan Wieronski, Cleveland
Donald Alan Ziegler, Niles

Electrical Engineer

Imen Guediche, Sousse, Tunisia

Bachelor of Science in Electrical Engineering

John Edward Bahr, Chesterland
Christopher Brent Balough, Mason
Michael Alan Balsei, Bellaire

Mark Andrew Barnes, Kettering
Patrick D. Bawer, Columbus
Gerald Todd Berry, Centerville
Mark Stephen Boaz, Worthington
Kurt Randall Brown, Lexington, KY
Eric Daniel Chandler, Stow
Joseph Anthony Chifos, Cincinnati
Alan Wei-Kai Chu, Nashport
Charles Chadwick Cooper, Lakewood
Kyle Lynn Croutwater, Canton
Timothy Lisle Cupp, North Woodbury
Maria Priscilla Bautista De Leon, Sacramento, CA
Stephen John Deitzer, West Chester
Ronald Robert Dull, St. Henry
Dina Firoozmand, Tehran, Iran
Albert Leslie Frydland, Cincinnati
Seng Ler Goh, Muar Johor, Malaysia
Michael Louis Gomez, Willowick
Kevin Leslie Gooder, Sidney
John Edward Grolle, Parma
Albert Lee Hogan III, Columbus
Yee-Wing Hsieh, Murrysville, PA
Gary Allen Jorgensen, Oxford
Michael McCarrell Keen, Leland, MI

Cynthia Ann White, Westlake B.A., B.A. (Mercyhurst College)

Lisa Marie Wickizer, Hebron B.A. (Transylvania University)

Brenda Sue Witzel, Omaha, NE

Donna Jean Woelfel, Cincinnati B.S.

Timothy Scott Woodruff, Columbus

Graduates with Honors

Criteria for graduating with honors are as follows:

Summa Cum Laude designates those graduating in the top 3% of the class.

Cum Laude designates those graduating in the top 10% of the class.

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

With University Honors designates those graduating with circricular distinction and dedication to high educational goals.

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Chemistry

Partha Shankar Nandi

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in English

Dianne Kay Blankenbaker

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Italian

Lori Lynn Schwendeman

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Mathematics

William David Kalies
Michael Alan Titko

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Molecular Genetics

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-FIRST MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 2, 1989

The Board of Trustees met at its regular monthly meeting on Friday, June 2, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** **

Minutes of the last meeting were approved.

** ** **

June 2, 1989 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on June 2, 1989, at 1:10 p.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, John W. Kessler, Milton A. Wolf, Leslie H. Wexner, Sophia L. Paige, and Laurel A. Davis.

COMMITTEE APPOINTMENTS 1989-90

Resolution No. 89-116

WHEREAS the appointments to Committees and representatives to the Research Foundation Board of Directors, the Development Fund Board of Directors, the Inter-University Council, the University Hospitals Board, the University Foundation Board of Directors, and the Ohio State University Affiliates, Inc., Board of Directors for 1989-90 are as follows:

Educational Affairs	Deborah E. Casto, Chairman Hamilton J. Teaford, Vice Chairman John J. Barone Laurel A. Davis
Investments Committee	John W. Kessler, Chairman Shirley D. Bowser, Vice Chairman Milton A. Wolf
Standing Committee on Agricultural Affairs	Shirley D. Bowser, Chairman Steven D. Maurer, Vice Chairman, Ex Officio Deborah E. Casto
Student Affairs	John J. Barone, Chairman Leslie H. Wexner, Vice Chairman New Trustee Sophia L. Paige
Fiscal Affairs	John W. Kessler, Chairman Milton A. Wolf, Vice Chairman John W. Berry
Personnel Committee	John W. Berry, Chairman Shirley D. Bowser, Vice Chairman Hamilton J. Teaford
Development Fund Board of Directors	Deborah E. Casto (1989-91) Leslie H. Wexner (1989-91)
Inter-University Council	New Trustee
Research Foundation Board of Directors	John J. Barone (1987-90)
University Hospitals Board	Shirley D. Bowser Hamilton J. Teaford

COMMITTEE APPOINTMENTS 1989-90 (contd)

University Foundation
Board of Directors

Milton A. Wolf
John W. Kessler*

Ohio State University Affiliates,
Inc.

John W. Berry (term 1 year)
Shirley D. Bowser (term 2 years)
Hamilton J. Teaford (term 3 years)

*Executive Committee

NOW THEREFORE

BE IT RESOLVED, That the Committee appointments and the representatives to the Research Foundation Board of Directors, the Development Fund Board of Directors, the Inter-University Council, the University Hospitals Board, the University Foundation Board of Directors, and the Ohio State University Affiliates, Inc., Board of Directors for 1989-90 are hereby ratified and confirmed.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

RESEARCH FOUNDATION REPORT

Mr. Barone:

I would like to report on the Research Foundation grants and contracts for the month of April 1989, which are shown in the Board agenda book. There are 100 awards listed which provide a gross income of \$6.0 million.

Funding for the first ten months of the fiscal year is 16 per cent ahead of the same period last year. Increases are noted for each of the funding sectors with the Federal Government and Industrial areas leading the way.

Some highlights of awards are:

\$174,000 from the Cincinnati Public Schools to the Center on Education and Training for Employment for a Review of Vocational Education Programs.

\$155,000 from the National Science Foundation to the Department of Psychology for a study on the basis of human emotion.

\$150,000 from the National Science Foundation to the Department of Mechanical Engineering for a study on glass to metal sealing.

\$120,000 from the American Heart Association to Professor Fred Cornhill for a study of fluid mechanic forces and heart disease.

Thank you. That concludes my report. Dr. Tom Sweeney of the Office of Research and Graduate Studies, is available to answer any specific questions you may have.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The University Hospitals Board and two of its standing committees met on Thursday, May 25.

The Professional Affairs/Education/Research Committee received updates on medical staff activities and on protocol for reports to the Joint Commission on Accreditation of Healthcare Organizations. We reviewed the Dodd Hall Program Evaluation, which identifies the results and effects of rehabilitation services and is used in making future decisions for that facility. Medical Director, Dr. Hagop Mekhjian, reported that University Hospitals' mortality rates are the lowest in Central Ohio, lowest among Big 10 university hospitals, rank among the best in the nation, and are more favorable than many of this country's most prestigious hospitals. I think it is particularly interesting to note that we are the lowest in Central Ohio, as we are a tertiary care hospital. Which means the sickest people and the persons with the most severe injuries come to us; nevertheless, the likelihood of leaving the hospital alive is higher at Ohio State Hospital than any other hospital in this area. I think that is a particularly remarkable statistic. It seems to me that the principle goal of all patients is to leave. It is fascinating to see the comparison with our absolute peers -- the Big 10 hospitals -- as well as the other outstanding hospitals.

President Jennings:

Yes, in the end this is how you really measure the quality of the hospital. You can talk about research grants and Nobel prize winners, but if I go in a place, I want to come out well.

Mr. Teaford:

Also, the Administrative/Operations Committee received an initial plan for reducing the Hospitals' accounts receivable by ten days -- which is roughly 10 percent -- during the fiscal year ending June 30, 1990. And, I might say that this is a very well thought out plan which we were all very pleased to see. And it does indeed have periodic progress points within the year, so that we will be able to chart whether indeed we are achieving that goal of reducing the accounts receivable time and therefore, obviously, increasing the amount of funds that the Hospitals has available.

The primary agenda issue of the Committee was the review of the Hospitals' proposed 1989-90 operating budget. After lengthy discussion, the Committee endorsed the budget and recommended approval by the Hospitals Board. The proposed operating budget calls for an overall average rate increase of 9.9 per cent effective July 1, 1989. And everyone wanted to emphasize this -- that they assume the University's Early Retirement Program will not continue.

President Jennings:

But, I think it is important, also, to recognize that the University's Early Retirement System is a self-funding operation and has a payback of approximately 18 months for the entire institution.

June 2, 1989 meeting, Board of Trustees

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford:

But the way they account for it, it is a full hit up front -- which is more accounting principles that we don't understand.

President Jennings:

That is exactly right. It is accounting principles that are discouraging us from making savings.

Mr. Teaford:

The Hospitals Board meeting, which followed the Committee meetings, included updates on the medical center development activities and progress toward consolidating patients' bills into a single statement. And, I would just add that it would appear now that we will, within a very short time, achieve a single statement for all patients. I am totally optimistic on that score, which has not always been my feeling. I think we can be very pleased by the progress that we have had and the outstanding cooperation by the doctors in this regard.

The proposed 1989-90 operating budget was then endorsed by the Hospitals Board and recommended to the President and us.

Dr. George Kaye gave progress reports on the design of the psychiatric facility -- which I might point out has not yet been funded -- and preparation of a Certificate of Need for the Medical Logistics II project. This includes the new Surgical Intensive Care Unit at a level which is satisfactory to the surgeons, and two additional shelled-in floors -- which basically means they are empty.

Mr. Jack Riddles reported that bids have been received for work on the first and second floors of Dodd Hall, as part of the Dodd/Davis Interface project. Dodd Hall, if you will remember, is the rehabilitation facility. A program of requirements and schematic drawings for the third and fourth floors of Dodd Hall are being developed. Dr. Charles Mueller gave a very interesting presentation on digitizing x-rays. And, Dr. Kramer and Jack Havens were re-elected as the Hospitals Board Chairman and Vice Chairman, respectively. That completes my report, Mr. Chairman.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee heard the Endowment Investment Report, which showed a market value of \$277.8 million, as of May 19, which is \$30 million above the market value last June 30.

We also reviewed and discussed the report on Real Estate Investments presented by Mr. Nichols, which classified the Endowment's \$36.5 million in real estate investments into three categories: University area holdings (\$13.8 million), properties along State Route 161 (\$20.43 million) and those awaiting sale (\$2.26 million). Each property is appraised at least every two years.

June 2, 1989 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Kessler: (contd)

Mr. Nichols reported on the status of the Ramada Hotel property, whose stock was a gift to the Endowment. The renovation work will be completed with the opening of the restaurant and lounge scheduled for June 23. The transformation, which is ahead of schedule and within budget, has created a top rate addition to the University corridor. That completes by report, Mr. Chairman.

(See Appendix LIV for complete text of The Ohio State University Endowment Summary, May 19, 1989, page 1379.)

(See Appendix LV for chart on The Ohio State University Endowment Fund -- Real Estate Investments, page 1391.)

--0--

ACADEMIC AFFAIRS COMMITTEE

Ms. Casto:

This morning we received a report about the Promotion and Tenure process here at The Ohio State University. As Dr. Brand and others explained to us, this is a long and involved process that does not take place overnight. It takes careful consideration from each and every college, as well as outside the colleges where people are recommended for the tenure process, and even outside of this campus. It really is time consuming and involved. We were given charts and graphs showing how it goes from each individual college to the dean, then to the Provost, and of course the final decision is handed down.

(See Appendix LVI for charts on The Ohio State University Promotion and Tenure Process, page 1393.)

--0--

Ms. Casto:

The Academic Affairs Committee is recommending for approval the following resolutions:

APPROVAL OF APPOINTMENT

Resolution No. 89-117

Synopsis: The Academic Affairs Committee recommended the appointment of President Edward H. Jennings to serve on the Board of Directors of the Ohio Aerospace Institute.

WHEREAS the State of Ohio has established an Ohio Aerospace Institute as a statewide resource designed to place Ohio's graduate degree granting engineering universities in the forefront of aerospace research and graduate education; and

WHEREAS the Ohio Aerospace Institute will conduct research and other programs of interest and assistance to faculty and students at The Ohio State University; and

June 2, 1989 meeting, Board of Trustees

APPROVAL OF APPOINTMENT (contd)

WHEREAS the Ohio Aerospace Institute is a separately incorporated institute; and

WHEREAS Dr. Edward H. Jennings, as President of The Ohio State University, has been invited to serve on the Board of Directors of the Ohio Aerospace Institute; and

WHEREAS his presence on that Board of Directors would be of benefit to the interests of The Ohio State University;

NOW THEREFORE

BE IT RESOLVED, That the President represent the University on the Board of Directors of the Ohio Aerospace Institute, as part of his service on behalf of The Ohio State University.

Upon motion of Ms. Casto, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

President Jennings:

The reason for asking your permission -- this is a combined program for the Ohio Board of Regents and NASA-Lewis in Cleveland, to generate a Ph.D. program eventually in aerospace. It will be governed by deans of engineering and university presidents. We are asking you to appoint me to this position so that in my capacity as a Board member they are covered under the Court of Claims law of the State of Ohio. The essential reason is so that we don't have to have D & O insurance in this organization.

--0--

HOSPITALS BOARD APPOINTMENT

Resolution No. 89-118

Synopsis: The Academic Affairs Committee recommended the approval of emeritus status to a Hospitals Board member.

WHEREAS pursuant to bylaw 3335-93-01 of the University Hospitals Board Bylaws, the Board of Trustees may designate emeritus Hospitals Board members; and

WHEREAS Robert M. Duncan has had a long and loyal association with this University and with University Hospitals; and

WHEREAS he was one of twelve citizen members originally appointed to the Hospitals Board and was elected as the Board's first Chairman; and

WHEREAS his dedicated service, commitment and contributions to the Hospitals Board have been noteworthy;

NOW THEREFORE

BE IT RESOLVED, That upon the recommendation of the Hospitals Board and the President, the title of Hospitals Board Member Emeritus be conferred upon Judge Robert M. Duncan, effective May 1, 1989.

June 2, 1989 meeting, Board of Trustees

HOSPITALS BOARD APPOINTMENT (contd)

Upon motion of Ms. Casto, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

HOSPITALS BOARD REAPPOINTMENTS

Resolution No. 89-119

Synopsis: The Academic Affairs Committee recommended the approval of reappointments of eight Hospitals Board members.

WHEREAS the Board of Trustees on November 30, 1979, approved the establishment of a University Hospitals Board; and

WHEREAS the membership of the Hospitals Board was approved on April 4, 1980, and has been subsequently amended; and

WHEREAS the terms of eight of the members selected from the general public have expired:

NOW THEREFORE

BE IT RESOLVED, That the following general public members be reappointed to the Hospitals Board for a period of three years, effective as noted:

Morris S. Rosenblum, M.D. - May 1, 1987 (third three-year term)
Arthur I. Vorys - May 1, 1988 (third three-year term)
John R. Hodges - May 1, 1988 (third three-year term)
John F. Havens - May 1, 1989 (second three-year term)
Susan J. Insley - May 1, 1989 (second three-year term)
John G. Kramer, D.D.S. - May 1, 1989 (second three-year term)
Donald B. Shackelford - May 1, 1989 (second three-year term)
Pete A. Klisares - May 1, 1989 (third three-year term)

Upon motion of Mr. Berry, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Honorary Degree

Background

Elizabeth H. Dole

Elizabeth Dole was sworn in by President Bush as the 20th Secretary of Labor in a ceremony at the Labor Department's headquarters on January 30, 1989.

As a member of the Cabinet, Mrs. Dole serves as the President's chief advisor on labor issues, as well as a key economic policy advisor. She guides a federal agency of nearly 19,000 employees, with a budget of more than \$31 billion.

June 2, 1989 meeting, Board of Trustees

Honorary Degree (contd)

Background (contd)

Elizabeth H. Dole (contd)

The laws enforced by the department range from child labor prohibitions to the security of retiree pensions.

Secretary Dole is responsible for protection of the wages, health and safety, and employment rights of working people; administering job training, unemployment insurance and workers' compensation programs; promoting equal employment opportunity; collecting, analyzing and publishing labor statistics, and strengthening free collective bargaining.

Secretary Dole is determined:

To ensure that American workers are the world's best trained and most highly skilled, placing special emphasis on the disadvantaged;

To develop policies that make work and family complementary;

To establish sound and comprehensive pension and retirement policies;

To see that the American workplace is as safe, as healthy, and as secure as we can make it, and

To encourage management and labor to continue to move beyond confrontation and conflict and to work together on behalf of interests held in common.

As the longest-serving Secretary of Transportation -- from February 1983 until October 1987 -- Elizabeth Dole made safety her highest priority. Thanks to that commitment, and the changes she made at the Department of Transportation, the United States enjoyed the safest years in its history in all three major transportation areas -- rail, air and highway.

Bringing the same commitment to the Labor Department, Mrs. Dole has effectively worked to assure the safety and health of every worker in America -- whether on offshore drilling rigs, in aircraft at 35,000 feet, or in mines miles underground.

Prior to joining President Reagan's Cabinet, Mrs. Dole was Assistant to the President for Public Liaison at the White House. From 1973 until 1979, she served as a member of the Federal Trade Commission. Her public service has also included Presidential appointments as Executive Director of the President's Committee on Consumer Interests and as Deputy Special Assistant to the President for Consumer Affairs.

Mrs. Dole graduated with distinction in political science from Duke University, where she was president of the student government and elected to Phi Beta Kappa. She received her law degree from Harvard Law School and a master's degree in education and government from Harvard University.

Mrs. Dole currently serves as honorary chairman of the Board of Overseers at Duke Comprehensive Cancer Center, and is a member of the Visiting Committee of Harvard University's John F. Kennedy School of Government. She recently received the Humanitarian Award from the National Commission Against Drunk Driving.

Honorary Degree (contd)

Background (contd)

Elizabeth H. Dole (contd)

A native of Salisbury, North Carolina, Mrs. Dole was named in 1988 by the Gallup Poll as one of the world's ten most admired women.

HONORARY DEGREE

Resolution No. 89-120

Synopsis: The Academic Affairs Committee requested approval to award an honorary Doctor of Laws degree to Elizabeth H. Dole.

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of an honorary degree as listed below:

Elizabeth H. Dole

Doctor of Laws

NOW THEREFORE

BE IT RESOLVED, That the above honorary degree be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

Upon motion of Mr. Teaford, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 89-121

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the May 4, 1989 meeting of the Board, including the following Changes in Title, Appointments, Concurrent Appointment, Appointment of Chairpersons of Departments and Division and Directors of Centers, and Reappointment of Chairpersons of Departments and Division and Director of School, Leaves of Absence Without Salary, Leave of Absence Without Salary--Continuation, Professional Improvement Leaves, Professional Improvement Leave--Change of Dates, Professional Improvement Leaves--Cancellations, Promotions/Tenure, Emeritus Title, and Emeritus Title--Cancellation as detailed in the University Budget be approved and the Medical Staff Appointments approved April 27, 1989, by the Hospitals Board be ratified.

Changes in Title

Name:	FREDERICK E. HUTCHINSON
Title:	Acting Vice President for Academic Affairs and Provost
Office:	Academic Affairs
Effective:	July 1, 1989
Present Position:	Vice President and Executive Dean, Agricultural Administration, College of Agriculture

PERSONNEL ACTIONS (contd)

Changes in Title (contd)

Name: JAMES E. MEEKS
Title: Special Assistant to the President (Legal Affairs) and Professor
Office/College: President's Office/Law
Effective: Immediately
Present Position: Acting Special Assistant to the President (Legal Affairs) and Professor, College of Law

Appointments

Name: PAUL E. KAPLAN
Title: Professor (The Bert C. Wiley Professorship in Physical Medicine and Rehabilitation)
Department: Physical Medicine and Rehabilitation
Effective: August 25, 1989
Salary: \$100,080.00
Present Position: Professor and Chairman, Department of Physical Medicine and Rehabilitation, University of Missouri-Columbia, and Medical Director, Howard A. Rusk Rehabilitation Center, Columbia, MO

Name: THOMAS L. SPORLEDER
Title: Professor (The Farm Income Enhancement Endowed Chair in Agricultural Policy, Trade and Marketing)
Department/Center: Agricultural Economics and Rural Sociology/Ohio Agricultural Research and Development Center
Effective: June 1, 1989
Salary: \$86,040.00
Present Position: Professor, Department of Agricultural Economics, Texas A&M University, College Station, TX

Concurrent Appointment

Name: CHARLES F. BENDER
Title: Director
Office: Academic Computing
Effective: April 4, 1989
Salary: N/A
Present Assignment: Director of the Ohio Supercomputer Center and Professor of Chemistry (no change)

Appointment of Chairpersons of Departments and Division and Directors of Centers

July 1, 1988 through June 30, 1989

Division of Mining Engineering

George R. St.Pierre

January 1, 1989 through December 31, 1989

Center for Comparative Studies

Barbara H. Rigney*

June 2, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment of Chairpersons of Departments and Division and Directors of Centers (contd)

July 1, 1989 through June 30, 1990

Art Robert Shay

July 1, 1989 through June 30, 1993

Botany Tod F. Stuessy
Zoology Peter W. Pappas

August 25, 1989 through June 30, 1993

Physical Medicine and Rehabilitation Paul E. Kaplan

October 1, 1989 through September 30, 1990

Melton Center for Jewish Studies Tamar Rudavsky*
Slavic and East European Languages and Literatures David F. Robinson*

October 1, 1989 through September 30, 1993

History Joseph H. Lynch

*Acting Chairperson or Director

Reappointment of Chairpersons of Departments and Division and Director of School

July 1, 1989 through June 30, 1992

Theatre Firman H. Brown, Jr.

July 1, 1989 through June 30, 1993

School of Allied Medical Professions Stephen L. Wilson
Chemical Engineering Jacques L. Zakin
Division of Hospital and Health Services Administration Stephen F. Loeb
Microbiology John N. Reeve
Physiology Jackie D. Wood
Psychiatry Henry A. Nasrallah

October 1, 1989 through September 30, 1991

Political Science Randall B. Ripley

October 1, 1989 through September 30, 1993

Computer and Information Science Mervin E. Muller
Judaic and Near Eastern Languages and Literatures Frederic J. Cadora

PERSONNEL ACTIONS (contd)

Leaves of Absence Without Salary

FRANK E. BLOCK, Assistant Professor, Department of Anesthesiology, effective April 1, 1989, through June 30, 1989, to serve as a consultant at Dutex Instrumentarium in Finland.

JAMES H. HUTCHISON, Assistant Professor, Academic Faculty of Management Sciences, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, for personal reasons.

Leave of Absence Without Salary--Continuation

CHERYL M. GAIMON, Associate Professor, Academic Faculty of Management Sciences, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, for personal reasons.

Professional Improvement Leaves

ALBERT L. CLOVIS, Associate Dean and Newton D. Baker--Baker & Hostetler Professor in Law, College of Law, effective Autumn Semester 1989 and Spring Semester 1990.

FRANCIS R. ALLAIRE, Professor, Department of Dairy Science, effective January 1, 1990, through June 30, 1990.

JACK M. BALCER, Professor, Department of History, effective Winter Quarter and Spring Quarter 1990.

NECIP BERME, Professor, Department of Mechanical Engineering, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

RICHARD N. BOYD, Professor, Departments of Physics and Astronomy, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

ROBERT S. BRODKEY, Professor, Department of Chemical Engineering, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

ALLAN M. BURKMAN, Professor, Division of Pharmacology, effective September 1, 1989, through July 31, 1990.

REINHART F. BUTTER, Professor, Department of Industrial Design, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

BERNARD L. ERVEN, Professor, Department of Agricultural Economics and Rural Sociology, effective September 1, 1989, through May 31, 1990.

TIMOTHY E. HERON, Professor, Department of Educational Services and Research, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

JOHN C. HUNTINGTON, Professor, Department of the History of Art, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

ROBERT E. JACOBSON, Professor, Department of Agricultural Economics and Rural Sociology, effective September 15, 1989, through June 15, 1990.

CHARLES W. MASSEY, JR., Professor, Department of Art, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

BORIS S. MITYAGIN, Professor, Department of Mathematics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

JOHN B. NEUHARDT, Professor, Department of Industrial and Systems Engineering, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

DONALD L. PALMQUIST, Professor, Department of Dairy Science, effective April 15, 1990, through December 31, 1990.

STEPHEN V. TRACY, Professor, Department of Classics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

THOMAS A. ROMANOWSKI, Professor, Department of Physics, effective Winter Quarter, Spring Quarter, and Autumn Quarter 1990.

GIACOMO A. SANI, Professor, Department of Political Science, effective Summer Quarter and Autumn Quarter 1989, and Winter Quarter 1990.

AVNER D. ASH, Associate Professor, Department of Mathematics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

WILLIAM A. BAESLACK III, Associate Professor, Department of Welding Engineering, Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

JAMES O. BILLUPS, Associate Professor, College of Social Work, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

ROSEMARY BOLIG, Associate Professor, Department of Family Relations and Human Development, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

ANTHONY F. CAMPAGNA, Associate Professor, Faculty of Management and Human Resources, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

SUSAN DALLAS-SWANN, Associate Professor, Department of Art, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

NEIL F. FALKNER, Associate Professor, Department of Mathematics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

LEWIS GREENWALD, Associate Professor, Department of Zoology, effective Winter Quarter and Spring Quarter 1990.

HAROLD S. HIMMELFARM, Associate Professor, Department of Sociology, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

CIRIYAM JAYAPRAKASH, Associate Professor, Department of Physics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

SEPPO A. KORPELA, Associate Professor, Department of Mechanical Engineering, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

JANINA C. LATAK, Associate Professor, Faculty of Management and Human Resources, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

MARCIA P. MICELI, Associate Professor, Academic Faculty of Management and Human Resources, effective Winter Quarter and Spring Quarter 1990.

HAIKADY N. NAGARAJA, Associate Professor, Department of Statistics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

VIRGINIA E. RICHARDSON, Associate Professor, College of Social Work, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

DAVID W. RICHTER, Associate Professor, School of Journalism, effective Winter Quarter and Spring Quarter 1990.

LARRY D. SHINEMAN, Associate Professor, Department of Art, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

VIRGINIA B. WEINHOLD, Associate Professor, Department of Industrial Design, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

CHARLES E. WILSON, Associate Professor, College of Law, effective Spring Semester 1990.

ELLIN E. CARTER, Assistant Professor, College of English, effective Autumn Quarter 1989.

ALAN R. CROCKETT, Assistant Professor, Department of Art, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

SHIRLEY PALMER, Assistant Professor, Department of Sociology, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

Professional Improvement Leave--Change of Dates

AMY E. SHUMAN, Associate Professor, Department of English, change leave from Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

Professional Improvement Leaves--Cancellations

SHIGERU MIYAGAWA, Associate Professor, Department of East Asian Languages and Literatures, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

CHARLES G. S. WILLIAMS, Associate Professor, Department of Romance Languages and Literatures, effective Autumn Quarter 1989 and Winter Quarter 1990.

--0--

Mr. Teaford:

Mr. Chairman, I would like to read an expression of appreciation for Provost and Vice President Myles Brand:

EXPRESSION OF APPRECIATION

Resolution No. 89-122

WHEREAS Professor Myles Brand has enhanced the University in many ways during his tenure, including the initiation of a comprehensive curriculum review and the development of an affirmative action plan; and

WHEREAS Professor Brand's leadership as chief academic officer of The Ohio State University has been noteworthy; and

WHEREAS Professor Brand's energy and enthusiasm for The Ohio State University's missions has been exemplary; and

WHEREAS the University of Oregon has recognized Dr. Brand's leadership ability and superb talents by naming him as its President:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees expresses its sincere appreciation to Professor Brand for his splendid service to The Ohio State University and extends to him and his spouse, Professor Margaret Z. Brand, all good wishes for success and happiness in his new position.

Upon motion of Mr. Teaford, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Dr. Brand:

Thank you, this comes as a surprise. Joel, this will occupy a place of honor on my wall and in my heart. Thank you all.

EXPRESSION OF APPRECIATION (contd)

Mr. Berry:

It is very much deserved.

--0--

Mrs. Bowser:

I would like to present a resolution of memoriam for Christine Yerges Conaway who served as Dean of Women at Ohio State University for twenty-three years. She was a native of Columbus and she received her bachelors and masters here. She was certainly a good leader and role model for women in those twenty-three years that she was here. I would like to present that resolution in memoriam.

Mr. Teaford:

I would like to say that Mrs. Bowser is one of the products of that leadership.

RESOLUTION IN MEMORIAM

Resolution No. 89-123

Synopsis: The Academic Affairs Committee recommended the approval of the following Resolution in Memoriam.

RESOLVED, That the Board adopt the following Resolution in Memoriam and that the President be requested to convey a copy to the family of the deceased.

Christine Y. Conaway

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 23, 1989, of Christine Yerges Conaway, Dean of Women Emeritus in the Office of Student Affairs.

Nationally recognized as a leader in the field of student personnel administration, Christine Y. Conaway served as Dean of Women at The Ohio State University for twenty-three years, from 1944 until her retirement in 1967.

A native of Columbus, Ohio, born November 18, 1901, Mrs. Conaway received her Bachelor of Arts degree in 1923 and her Master of Arts degree in 1942 from The Ohio State University. She was awarded the honorary degree, Doctor of Humane Letters, from Otterbein College in 1957. In 1968 she was presented The Ohio State University Distinguished Service Award and in 1977 the residence hall, Conaway House, was named in her honor. As an undergraduate, she was president of the Women's Self Government Association and of her sorority, Pi Beta Phi, and was a member of the national honor society, Mortar Board.

After her husband's death in 1937, Mrs. Conaway returned to The Ohio State University where she served from 1937 to 1941 as assistant to the dean of the College of Arts and Sciences and from 1941 to 1944 as acting secretary of that college. In February 1944, Mrs. Conaway was named Dean of Women.

RESOLUTION IN MEMORIAM (contd)

Christine Y. Conaway (contd)

She served as vice president of the National Association of Women Deans and Counselors, executive committee member of the American College Personnel Association and president of the National Conference on College Fraternities and Sororities.

In recognition of her exemplary leadership to the student personnel profession and her prominent role in the development and the nurturing of undergraduate and graduate programs for the career advancement of women, the national honor society Alpha Lambda Delta established a fellowship in her honor. An Ohio State University Mortar Board Scholarship is also named for her. The Christine Y. Conaway Woman of Achievement in Education Award is granted annually by the YWCA in recognition of her many contributions to education and to the Columbus community.

The honor societies Theta Sigma Phi, Delta Kappa Gamma, Phi Delta Gamma, Chimes and Sphinx also elected her to membership. She was listed in Who's Who in America and Who's Who in American Women.

Christine Conaway will be remembered as a highly respected professional person in the academic world and a courageous lady who inspired others to the highest level of grace, dignity and quality of life.

On behalf of the University community, the Board of Trustees expresses to the family of Mrs. Conaway its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University and her many friends and associates have sustained.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Barone:

Thank you, Mr. Chairman. The Student Affairs Committee met this morning and we were given a talk by Dean Richard Hollingsworth who was introduced by Dr. Russell Spillman. Dean Hollingsworth gave an exceptionally good report explaining the overview the Office of Student Life on the Ohio State campus, what the basic purposes of the school are, and what Ohio State means to each student. The realization that when a student comes to Ohio State he is pretty well matured and pretty well convinced in his beliefs, his moral principals, and his habits. To overcome some of these things, Ohio State has someone to assist them if they wants to get that assistance. For example, we have freshmen student counselors, counselors throughout the University, assistance in financial matters, with living conditions. I think it should be brought out at this time; and the Dean brought out -- that 80 percent of the students live off campus. In itself, it can create quite a difficult problem.

We also discussed the financial situation and the financial conditions of these students. It was Dean Hollingsworth's opinion, when the committee asked him point blank, if they expected a raise in tuition. The answer was in the affirmative, which

June 2, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE (contd)

Mr. Barone: (contd)

surprised me. The students felt that if they wanted a good education, they have to pay for it even when the tuition goes up. The merits of the school, the teaching conditions of the school benefit that student.

I especially wanted to know how many black students are attending Ohio State University. I was told anywhere from 2,500 to 5,000-6,000.

Mr. Teaford:

I never realized there were so many.

President Jennings:

It is about 2,500 or more.

Mr. Barone:

Well, that is what Russ thought. Russ thought there was a little more. The Dean thought that there were 2,500. I think it is very necessary, and Dean Hollingsworth thought it very necessary, to know the number of black students and to make every effort to get more black students into the University. But also, keep in mind, that the number of black students determines a lot of the other factors in teaching and everything that goes with that.

We also brought out the fact that minorities services are almost full. I feel that Ohio State University does everything possible to help each student that attends this University. It is there, but it is not spoon-fed. I mean you have to go out and get it. I think that ends my report at this time. Are there any questions on this report? I had the two Student Trustees with me. Do you have any questions or would you like to make any comments? I would welcome any comments of the Dean as well. Thank you.

If there are no questions I would like to move on to the student government leaders' reports. I would like to hear from Steve Dibert, President of the Interprofessional Council.

Mr. Steve Sloan:

Hi, once again I am not Steve Dibert. I am Steve Sloan. Mr. Dibert could not be here. Once again he is on a rotation. He is now on a new rotation, he is doing internal medicine and just couldn't escape the hospital. He asked me to take his place today despite the fact that he read the copy of the last speech I gave. I also read a copy of my last speech and I think the editors did a great job being able to convert most of my statements into complete sentences. I think today's speech should be a little easier for them. It is going to be shorter.

The last time I spoke to you I told you about what the IPC had been doing during the school year -- some of our successes, some of the things we have been working on, and are still working on, but I didn't tell you about our failures. I would like to update the Board on one of those topics, and that is the bookstore. The IPC wishes to acknowledge and thank Mr. Jackson for his assistance. We now have much more

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Sloan: (contd)

information than we did before. We feel that with this information we will be able to communicate to our constituents exactly what the policies are that the bookstore uses to set their prices for our books. We are very happy to have that information.

For the past two months the IPC has been quite busy with administrative details. New representatives were selected from each of the professional schools and new officers were elected. I am happy to say that Mr. Dibert will be staying on as President and that I was elected to be Vice President. In addition, applications were sent to all professional schools for the various positions on the committees and councils that professional students can sit on. We received back a very strong group of applicants and we filled all those positions. We are very happy with that. We think that next year we will be much more active in each of those areas. This year we had some people who were quite active and some students who weren't as active as we would have liked.

Finally, I would just like to say that next year we are hoping to continue our hard work and increase the number of activities that we are involved in. We look forward to working with the new undergraduate and graduate student governments, the administration, and, of course, you, the Board of Trustees. Thank you, very much.

Mr. Barone:

I would like to call upon David Straub -- Undergraduate Student Government.

Mr. David Straub:

My name is David Straub and I am the President of the Undergraduate Student Government. Members of the Board, President Jennings, special guests, good afternoon. We have just made a transition into the new administration. I was sworn into office on May 17. We have done some new things, and I would like to say that I believe we have had a smooth transition with the previous administration. As of last night, 7:50 p.m., we made our final appointment rounding out approximately a total of 80 appointments. This was done and we had an orientation with students last evening.

The issues we discussed last evening are some of the issues that we are going to focus on in this upcoming year. My report today is going to give you some of the direction of student government and some of the areas we would like to cover that are issues of major concerns to students. One of the first things that we are going to do so that we know what areas are of major concern to students, is do a student research program to research what the students needs, wants, and desires are. One of approximately seven major concerns to the students in our administration is affirmative action. We are concerned with the recruitment and retention of minority students.

A student political action committee will also be formed in this upcoming year to have students more active in the political process so the scare of tuition increases won't be so dramatic in future years. Also, we hope to be active in other political issues at the state-level. We don't know all of the details right now, but this political action committee should help students become more active in the political arena.

June 2, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

Teacher evaluations is another concern of ours. We would like students -- we see them as consumers, so we would like the consumers to know what product they are receiving before they purchase it. So that is how we look at that issue. We would like to see some steps move forward in that area.

Campus safety is a major concern in our administration and we will work hard to make campus a safe place for students.

Campus environment is a new position that we have created this year to deal with some of the environmental issues not only on campus but outside of campus. This position will deal with things such as the tree issue on High Street and try and make students more supportive of cleanliness and neatness on campus.

Another issue that you have heard about and is not a new one to anyone here, is traffic and parking. We have a position to deal with that growing problem.

Those are some of the things that we are going to deal with in this upcoming year. And we have students that are highly motivated to deal with these issues. I appreciate your time and have a good afternoon.

Mr. Barone:

Thank you, Mr. Straub. Any questions? Roger Musgrave--

Mr. Roger Musgrave:

Good afternoon. This might be the first time you have seen all of my face, but it is the last time you will have to see it.

Mr. Teaford:

You've shaved your beard off, that is why Mr. Barone couldn't find you back there.

Mr. Barone:

I kept looking. I even put my glasses on.

Mr. Musgrave:

For good or bad, it is your last time you will be seeing me make one of these reports. As I reported, we just held our elections last month. I would like to introduce you to my successor to begin my report. Luke Evans will be the President of the Council of Graduate Students next year. He served this year as our Vice President. Luke earned a B.B.A. in Accounting from the University of Toledo, an M.A. in Business Administration Education here at Ohio State, and he is presently a Ph.D. candidate in Educational Policy and Leadership. He has represented us on the University Senate; the Council of Research and Graduate Studies; at the National Association of Graduate and Professional Students; and in a variety of other ways. He is very well prepared and experienced to serve as our spokesman next year.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Musgrave: (contd)

Our Vice President next year will be Benetta Lucius. She served as our Secretary this year. Benetta holds a B.A. in Elementary Education from Austin Peay State University in Tennessee, and an M.A. in the same field from Ohio State. She is presently working on a Ph.D. in Educational Policy and Leadership. So, I guess it kind of makes sense to have two folks from Ed P&L running our group. She has been active with CGS ever since her very first quarter of enrollment here. She coordinated the 1987 CGS Vita Writing Workshop; represented us among the National Association of Graduate and Professional Students; and we feel very fortunate to have her as another of our spokespersons.

We think you will definitely find them both a pleasure to work with, but we also hope that you will find them a royal pain in the neck when CGS feels that grad students' interests aren't being properly represented.

To update you -- it appears now that there will definitely be an alternate health insurance plan offered to graduate students nation-wide by the National Association of Graduate Students. We don't believe, in the short run at least, that Ohio State's plan will feel much of an effect from it. The premium will be significantly higher than our present plan with Central Benefits, roughly \$145.00 a quarter for a single student. The trade-off is that some of the benefits are significantly higher. The major medical end of it will be \$250,000 as opposed to our \$100,000. We are just happy that folks have a choice. In essence it is the same plan that is presently available to law students through the American Bar Association Student Division.

I would like to briefly recap the year as CGS saw it, and to give you some of our hopes for the next year. First, we hope that continued attention will be directed to the financial status of graduate students. It seems apparent to us that we have actually slipped a bit backward this year. A 4 percent increase was granted to GA's and that has to be compared to the 7 percent increase we will face in graduate housing; a double digit increase in health insurance costs; an increase we can't quote in books and lab fees, but we are rather doubtful that the publishers will hold down to 4 percent their cost increases, because that is all we've got; and the list goes on. Then, if our stipend is to be argued to be comparably reasonable, we hope that it is recognized that that level can erode pretty quickly -- year in and year out. The rate of increase in the stipends falls that far behind the rate of increase in the costs folks have to bear.

We also hope that additional attention will be focused upon graduate students' need for more and better child care services. We hope that the Graduate School doesn't become primarily a reserve of "DINKS" (Double Income No Kids) and single people. We continue to be convinced that females that have children and are considering coming back to graduate school are disproportionately effected by not having more child care available to them.

We also hope our fellowship programs can be strengthened and expanded. There is little question in our minds that such improvements are mandatory if our graduate programs are to become stronger.

We hope that facilities also will continue to receive the attention that they deserve. It is hard to imagine a research library worthy of the name that has one carrel for 100

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Musgrave: (contd)

or so people that could use one. And, yet that is what we have. It is hard to imagine teachers counseling their students and working with them when they have twenty TA's scattered about 120 X 30 foot room, all working in an open environment. And, yet that is what we have in some places. And to go to parking, it is tough to imagine asking those who do so much of our teaching to spend 22 hours a quarter walking back and forth to their car. And yet, that is what you have with only a 12 minute walk out to a "B" lot from your office or classroom.

Fortunately the good here far out weighs the problems. We applaud the University's continuing initiatives in research and teaching programs. We would like to see more, but we very much appreciate increased support for some graduate programs on campus. We are very happy to see the attraction of world-class scholars and researchers to our graduate faculty. And we are very happy to see the increasingly strong national reputation the University is developing.

We were obviously ecstatic about the resolution of the issue of the taxation of graduate student fee authorizations. And we saw evidence there how wonderfully responsive the University can be and even the City government, in that the University helped us to get our City tax refunds back a lot more quickly than mandatory. We very much appreciated the support received for the Graduate Student Orientation Program; the Graduate Research Forum; and some of the other events we have put on. We are pleased with the new Patents and Copyright Policy that has been accepted which explicitly recognizes the contributions of graduate students. I'll stop there. There are a number of other good things that have gone on.

We are very proud of this institution in most cases. For all of us in the Council our degrees will bear the name of the institution for the rest of our lives, so we hope that you continue to recognize that we, too, want what we see as best for the University every time we come here with suggestions, complaints, and/or demands. Thank you for appearing to be always willing to hear our arguments and to act on them when we've convinced you.

I will focus a bit more on my own research and academic goals this year, but my life will be a bit richer for those of you who have spent your time working with me. And I will always treasure the memories I've gotten. Thank you.

Mr. Barone:

Roger, at this time the Board would like to present you with an Expression of Appreciation:

EXPRESSION OF APPRECIATION

Resolution No. 89-124

WHEREAS Roger Musgrave has served as President of the Council of Graduate Students during the past year; and

WHEREAS he has carried out his assignment in an exemplary manner; and

June 2, 1989 meeting, Board of Trustees

EXPRESSION OF APPRECIATION (contd)

WHEREAS his leadership in representing the interest of students has been positive in nature as has been his communication with both the Board of Trustees and the Administration:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses to Roger Musgrave its sincere appreciation and gratitude for a job well done and conveys to him its best wishes for success in the future.

Upon motion of Mr. Barone, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mr. Musgrave:

Thank you.

AGRICULTURAL AFFAIRS COMMITTEE

Mrs. Bowser:

The Agricultural Affairs Committee met this morning with the Vice Chair, Steven Maurer from the Department of Agriculture with us. We heard from Dr. Fred Miller who chaired the Drought Task Force. It is sort of ironic that we talked about a drought this morning, because Ohio agriculture is now suffering from the opposite effect which is too much rain. He shared with us how that task force was created and how proud they were of a 24-hour turnaround in information. Questions were called in and within 24 hours they were answered with information the University was able to provide.

They had three satellite TV specials. He said that the Cooperative Extension agents learned to use the fax machines quite well, because that was one of the ways they got the information back and forth. They were sort of surprised to learn that they also had to respond to many questions from the media on different aspects of the drought such as water rights and all of the environmental concerns that everyone had last year. He sort of pulled it all together and felt that the University had learned a lot from the drought. It was a timely message because the University has already done one satellite TV production on too much moisture.

And speaking for Ohio Agriculture, I can really say that you talk a lot about Cooperative Extension and Ohio State, but when you are really having to make tough decisions it is wonderful to have the data to back up those decisions.

So, that was our report for this morning. If there are any questions, I will entertain them. If not, that completes my report.

(See Appendix LVII for complete text of the Drought Task Force Minutes, April 7, 1989, page 1397.)

FISCAL AFFAIRS COMMITTEE

Mr. Kessler:

The committee is recommending the following resolutions for approval:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 89-125

Synopsis: The Fiscal Affairs Committee recommended the approval of the report of research contracts, grants, and gifts and the summary for April 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, The Ohio State University Development Fund, and The Ohio State University Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University, and The Ohio State University Foundation during the month of April 1989 be approved.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR APRIL 1989

Background		
Source	No. of Projects	Support Level
The Ohio State University Research Foundation	100	\$6,069,241.72
Engineering Experiment Station	69	\$ 423,826.00
Total	169	\$6,493,067.72
The Ohio State University Development Fund		
Establishment of Named Funds		
The H. P. Wolfe Chair in Accounting Fund (Establish an endowed chair)		\$ 750,000.00
The Health Management Lecture Fund (Lectureship series)		\$ 21,000.00

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR APRIL 1989 (contd)

Background (contd)

Establishment of Named Funds (contd)

The Carolyn Engel Luebeck Memorial Endowment Fund (Department of German -- lectures)	\$ 20,125.00
D. Ransom Whitney Endowed Fund in Statistics (Scholarships, fellowships, distinguished visitors and faculty development)	\$ 6,426.00
The Thomas E. and Jean D. Powers Award Fund (An annual award to deserving junior faculty members and graduate students - Department of Statistics)	\$ 6,148.00
Ronald L. and Sharon Smith Redick Home Economics Graduate Fellowship Fund (Fund a graduate fellowship)	\$ 5,010.00

Change in Description of Named Fund

The Lawrence D. Jones Scholarship Fund

Change in Name and Description of Named Funds

From: The Torrence A. Makley Fund	
To: The Torrence A. Makley Research Professorship	
From: The Bert C. Wiley, M.D., Professorship in Physical Medicine and Rehabilitation Fund	
To: The Bert C. Wiley, M.D., Endowed Professorship in Physical Medicine and Rehabilitation	
From: The Farm Income Enhancement Program Fund	
To: The Farm Income Enhancement Endowed Chair in Agricultural Policy, Trade and Marketing	

The Ohio State University Foundation

Approval of Description and Establishment of Fund

William H. Havener, M.D., Chair in Ophthalmology Research Fund

REPORT OF RESERCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - April 1989

Federal Research Contracts/Grants

\$442,180.00 - Department of Defense, Defense Advanced Research Projects Agency, Arlington, Virginia, Development of an Advanced Ground Mobility System (AGMS), Department of Mechanical Engineering (K. J. Waldron) and Department of Electrical Engineering (C. A. Klein), 1 February 1989 through 30 September 1989. (Project 766670 - Continuation)

\$255,470.00 - Department of Health and Human Services, Center for Disease Control, Atlanta, Georgia, Development of a Multisized Hybrid III Dummy, Department of Mechanical Engineering (R. L. Stalnaker), 1 April 1989 through 31 March 1990. (Project 765973 - Continuation)

\$179,917.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Biomedical Research Support Grant, Medicine Administration (D. G. Cornwell), 1 April 1989 through 31 March 1990. (Project 761078 - Continuation)

\$170,413.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Synthesis of Polyquinane and Related Natural Products, Department of Chemistry (L. A. Paquette), 1 July 1989 through 30 June 1990. (Project 762298 - Continuation)

\$165,586.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Role of Gangliosides in the Pathogenesis of Gliomas, Department of Pathology (A. J. Yates), 1 May 1989 through 31 March 1990. (Project 767412 New)

\$160,219.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, The Molecular Biology of Organellar Translocation, Department of Molecular Genetics (B. R. Oakley) and Department of Microbiology (D. R. Galloway), 1 April 1989 through 31 March 1990. (Project 763502 - Continuation)

\$154,542.00 - National Science Foundation, Washington, D.C., Psychophysiological Inference: Implications for the Study of Effect and Emotion, Department of Psychology (J. T. Cacioppo), 1 July 1989 through 30 June 1991. (Project 767395 - New)

\$152,315.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Metabolism of (N-3) Fatty Acids, Department of Physiological Chemistry (H. W. Sprecher), 1 April 1989 through 31 March 1990. (Project 760745 - Continuation)

\$150,286.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Deoxycytidine Kinase: Regulation and Molecular Biology, Department of Biochemistry (D. H. Ives), 1 May 1989 through 30 April 1990. (Project 767295 - New)

\$150,000.00 - National Science Foundation, Washington, D.C., Analysis of Heat Transfer and Fluid Flow in Manufacturing of Glass-to-Metal Sealings in Electronic Components, Department of Mechanical Engineering (K. Vafai), 15 May 1989 through 30 April 1992. (Project 767420 - New)

\$138,657.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Topical In Vivo Electron Spin Resonance, Department of Chemistry (L. J. Berliner), 1 April 1989 through 31 March 1990. (Project 766380 - Continuation)

June 2, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$137,991.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Lipids Controlling S. aureus Survival In Vivo, Department of Microbiology and Immunology (F. A. Kapral), 1 April 1989 through 31 March 1990. (Project 763912 - Continuation)

\$130,417.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Biomedical Research Support Grant, Research and Graduate Studies Administration (T. L. Sweeney), 1 April 1989 through 31 March 1990. (Project 764748 - Continuation)

\$126,403.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Ia Expression by Macrophages from Bcg^r and Bcg^s Mice, Department of Microbiology (B. S. Zwillig), 1 April 1989 through 31 March 1990. (Project 765985 - Continuation)

\$119,355.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Continuation of the Ohio State University's Undergraduate Middle East Studies Center, University Center for International Studies (A. Payind), Office of International Affairs (C. F. Hermann), and Graduate School Administration (R. Koenigsknecht), 15 August 1989 through 14 August 1990. (Project 766980 - Continuation)

\$109,800.00 - National Science Foundation, Washington, D.C., An Imaging Spectrometer for Long-Term Studies of Emission-Line Objects, Department of Astronomy (J. A. Baldwin), 15 April 1989 through 30 April 1990. (Project 767434 - New)

\$102,382.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Expression of Granule Cell GABA_A Receptors in the Developing Cerebellar Cortex, Department of Pharmacology (A. Frosthalm), 1 April 1989 through 31 March 1990. (Project 767411 - New)

\$100,000.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Hewlett Packard GC-FTIR-MS Instrument, Department of Chemistry (M. S. Platz), 24 April 1989 through 23 April 1990. (Project 767437 - New)

\$99,930.00 - Department of the Army, Army Research Office, Research Triangle Park, North Carolina, Boundary Layers Induced by Three-Dimensional Vortex Loops, Department of Mechanical Engineering (A. T. Conlisk), 1 May 1989 through 30 April 1991. (Project 767440 - New)

\$85,000.00 - National Science Foundation, Washington, D.C., Spectroscopic Studies of Clusters and Their Chemistry, Department of Chemistry (T. A. Miller), 1 November 1989 through 31 October 1990. (Project 766722 - Continuation)

\$80,455.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Neural Basis of Taste Elicited Ingestion and Rejection, Oral Biology (J. B. Travers), 1 April 1989 through 31 March 1990. (Project 765695 - Continuation)

June 2, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$79,163.00 - National Science Foundation, Washington, D.C., Research in Astrophysics, Medium Energy Physics, and Fundamental Particles, Department of Physics (R. N. Boyd), 1 November 1989 through 30 April 1990. (Project 765332 - Continuation)

\$75,969.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Receptor Regulation of Adrenal Catecholamine Secretion, College of Pharmacy (D. B. McKay), 1 April 1989 through 31 March 1990. (Project 765968 - Continuation)

\$71,000.00 - National Science Foundation, Washington, D.C., Properties of Superconductors, Department of Physics (T. R. Lemberger), 1 April 1989 through 31 March 1990. (Project 767396 - New)

\$70,159.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Mediastinal Effects on Pulmonary Function, Department of Veterinary Physiology and Pharmacology (L. E. Olson), 1 April 1989 through 31 March 1990. (Project 765986 - Continuation)

\$73,822.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, BNCT (Boron Neutron Capture Therapy) Accelerator Target Assembly Design and Testing, Department of Mechanical Engineering (T. E. Blue) and Department of Radiology (R. Gahbauer), 1 April 1989 through 31 March 1990. (Project 766660 - Continuation)

\$67,300.00 - Department of Energy, Argonne, Illinois, The Physics of Cellular Automata and Coherence and Chaos in Classical, Many-Body Dynamical Systems, Department of Physics (C. Jayaprakash and F. A. Hayot), 1 May 1989 through 30 April 1990. (Project 766728 - Continuation)

\$60,646.00 - Department of Energy, Argonne, Illinois, The Molecular Characterization of the Lignin-Forming Peroxidase, Department of Horticulture - OARDC and Department of Horticulture (L. M. Lagrimini), 1 April 1989 through 31 March 1990. (Project 767373 - New)

\$60,000.00 - National Science Foundation, Washington, D.C., High Resolution Nuclear Magnetic Resonance (NMR) of Reverse Micelles in Supercritical Fluids, Department of Chemistry (S. V. Olesik), 1 May 1989 through 30 April 1990. (Project 767414 - New)

\$58,000.00 - National Science Foundation, Washington, D.C., Single-Atom Peri-Bridged Arenes and Heteroarenes: Carbenic and Silicanioc Processes, Department of Chemistry (H. Shechter), 1 November 1989 through 31 October 1990. (Project 766810 - Continuation)

\$55,000.00 - National Aeronautics and Space Administration, Washington, D.C., Interaction of Calcium, Calmodulin, and Auxin in Root Gravitropism, Department of Botany (M. L. Evans), 1 March 1989 through 28 February 1990. (Project 763005 - Continuation)

\$55,000.00 - National Science Foundation, Washington, D.C., DNA Mismatch Repair and DNA Methylation in Plants, Biotechnology Program and Department of Molecular Genetics (D. M. Bisaro) and Biotechnology Program (P. E. Kolattukudy), 1 July 1989 through 30 June 1990. (Project 766388 - Continuation)

June 2, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$50,000.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Computer Graphics Facility, Department of Chemistry (M. H. Klapper), 24 April 1989 through 23 April 1990. (Project 767432 - New)

\$37,777.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Biomechanics of the Middle Ear, Department of Zoology (T. E. Hetherington), 1 April 1989 through 31 March 1990. (Project 764599 - Continuation)

\$35,033.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Biomedical Research Support Grant, College of Pharmacy (J. M. Cassady), 1 April 1989 through 31 March 1990. (Project 760661 - Continuation)

\$34,705.00 - National Science Foundation, Washington, D.C., Phonetic Investigation of Metrical Structure in Orally Produced Poetry, Department of Linguistics (I. Lehiste), 1 October 1989 through 30 September 1990. (Project 766729 - Continuation)

\$32,000.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Patricia Roberts Harris Public Service Fellowship Program, School of Public Policy and Management (A. E. Merget), 1 September 1989 through 31 August 1990. (Project 767400 - New)

\$28,959.00 - National Science Foundation, Washington, D.C., Target Interception by Sonar in the Big Brown Bat, *Eptesicus fuscus*, Department of Zoology (W. M. Masters), 1 May 1989 through 30 April 1990. (Project 765902 - Continuation)

\$26,600.00 - National Science Foundation, Washington, D.C., Te Hurwitz Problem on Composition of Quadratic Forms, Department of Mathematics (P. Yiu), 1 December 1989 through 31 May 1991. (Project 766071 - Continuation)

\$24,096.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, A Low Velocity Vector, Full-Field Visual Velocimeter for Crystallization Experiments, Department of Chemical Engineering (R. S. Brodkey), 14 April 1989 through 13 April 1990. (Project 767435 - New)

\$22,000.00 - Department of the Navy, Bureau of Naval Personnel, Washington, D.C., Improvement of Earth Orientation Theory, Department of Geodetic Science and Surveying (I. I. Mueller), 1 June 1989 through 31 December 1989. (Project 767438 - New)

\$21,391.00 - Department of Health and Human Services, National Institute for Occupational Safety and Health, Atlanta, Georgia, Incidence of Work-Related Injury, Department of Preventive Medicine (R. S. Hopkins), 1 June 1989 through 31 May 1990. (Project 767413 - New)

\$21,053.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Biomedical Research Support Grant, Dentistry Administration (W. R. Wallace), 1 April 1989 through 31 March 1990. (Project 764652 - Continuation)

June 2, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$19,999.92 - Department of the Army, Army Materiel Command, Watervliet, New York, Optimum Preform Design for Rotary Forging, Engineering Experiment Station (T. Altan and R. Shivpuri), 22 March 1989 through 21 March 1990. (Project 767397 - New)

\$18,550.00 - National Science Foundation, Washington, D.C., Large Cardinals and Forcing, Department of Mathematics (M. Foreman), 1 June 1989 through 31 May 1990. (Project 767407 - New)

\$17,324.00 - Department of Health and Human Services, Public Health Service, Region V, Chicago, Illinois, AIDS Education and Training: Meeting the Needs of the Public Health Service, Department of Family Medicine (L. L. Gabel), 28 September 1988 through 30 September 1989. (Project 767424 - New)

\$15,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Numerical Investigation of Jet Mixing Enhancement by Single and Multiple Frequency Plane Wave Excitation, Department of Aeronautical and Astronautical Engineering (J. N. Scott), 1 May 1989 through 31 October 1989. (Project 767419 - New)

\$14,823.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Biomedical Research Support Grant, Veterinary Medicine Administration (R. A. Wright), 1 April 1989 through 31 March 1990. (Project 762776 - Continuation)

\$12,632.00 - National Science Foundation, Washington, D.C., Theoretical and Experimental Study of Rotating Flow Past a Sliced Cylinder, Department of Aeronautical and Astronautical Engineering (M. R. Foster), 15 February 1989 through 31 January 1991. (Project 767403 - New)

\$12,102.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Physics (R. J. Perry), 15 August 1988 through 31 January 1990. (Project 766901 - Continuation)

\$11,730.00 - National Science Foundation, Washington, D.C., Pulse Radiolysis Studies of Xanthine Oxidase, Department of Physiological Chemistry (C. R. Hille), 15 April 1989 through 31 March 1992. (Project 767404 - New)

\$10,000.00 - Department of Agriculture, Economic Research Service, Washington, D.C., Use of Target Revenues Versus Target Prices in Stabilizing Producer Income, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (M. J. Miranda), 12 April 1989 through 1 January 1991. (Project 767410 - New)

\$8,706.00 - Department of Health and Human Services, Division of Research Resources, Bethesda, Maryland, Biomedical Research Support Grant, College of Optometry (R. M. Hill), 1 April 1989 through 31 March 1990. (Project 765317 - Continuation)

\$3,500.00 - Department of Agriculture, Soil Conservation Service, Columbus, Ohio, Socio-Economic Factors Affecting the Adoption of Soil Erosion Control Practices, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics

June 2, 1989 meeting, Board of Trustees

REPORT OF RESERCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

and Rural Sociology (T. L. Napier), 30 September 1987 through 29 September 1989. (Project 766387 - Continuation)

TOTAL - FEDERAL AWARDS \$4,415,357.92

State of Ohio Research Contracts/Grants

\$147,835.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Ohio Adult Services Training Program, College of Social Work (R. E. Boettcher), 1 January 1989 through 30 June 1990. (Project 767200 - Continuation)

\$31,258.00 - State of Ohio, Department of Education, Columbus, Ohio, A Multifaceted Look at the Effects of Program OPTIONS, Center on Education and Training for Employment (R. D. Ryan), 15 March 1989 through 30 June 1989. (Project 767415 - New)

\$24,739.00 - State of Ohio, Environmental Protection Agency, Columbus, Ohio, Wetlands for the Control of Non-Point Source Pollution: Literature Review and Preliminary Feasibility Study for Swan Creek Watershed, School of Natural Resources and Department of Natural Resources - OARDC (W. J. Mitsch), 1 April 1989 through 31 March 1990. (Project 767362 - New)

\$9,850.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Processing Field Collections of Unionid Mollusks into Research-Ready Lots at the Museum of Zoology of The Ohio State University, Department of Zoology (D. H. Stansbery), 1 May 1989 through 31 December 1989. (Project 767416 - New)

\$8,000.00 - State of Ohio, Department of Education, Columbus, Ohio, State Superintendent's Task Force for Preparing Special Education Personnel, Education Administration (T. M. Stephens), 1 July 1988 through 30 June 1989. (Project 766857 - Continuation)

\$5,000.00 - State of Ohio, Ohio Humanities Council, Columbus, Ohio, Archaeology in a Greek Sanctuary: Isthmia Excavations, 1967-1989, Department of History (T. E. Gregory), 3 December 1988 through 30 April 1989. (Project 767263 - Continuation)

\$3,750.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Master Parenting, Cooperative Extension Field Operations (S. F. Joseph), 1 April 1989 through 30 June 1989. (Project 766052 - Continuation)

\$3,000.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Special Parenting Project, Cooperative Extension Field Operations (B. J. Wurzel), 1 April 1989 through 30 June 1989. (Project 765319 - Continuation)

\$2,750.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Mentor Mothers Program, Cooperative Extension Field Operations (W. D. Harris), 1 April 1989 through 30 June 1989. (Project 766679 - Continuation)

\$2,500.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Processing Field Collections of Ohio Fishes into Research-Ready Lots at the Museum of Zoology of The Ohio State University, Department of Zoology (T. M. Cavender), 1 May 1989 through 31 December 1989. (Project 767417 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The H. P. Wolfe Chair in Accounting Fund

The H. P. Wolfe Chair in Accounting Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Dispatch Printing Company of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income and additional gifts shall be added to the principal until the minimum level necessary to establish an endowed chair has been reached. Subsequently, the annual income shall be used to support the search for and maintenance of the H. P. Wolfe Chair in Accounting. When the H. P. Wolfe Chaired Professor has been appointed, the annual income shall be used to provide salary and program support in the Academic Faculty of Accounting and Management Information Systems of the College of Business. Appointment to the H. P. Wolfe Chair is to be recommended by the Dean of the College of Business to the Provost and approved by the Board of Trustees. The holder will report annually to the donor's designees on the goals, objectives, and plans for the chair in the upcoming academic year. These yearly reports will describe also the use of all fund earnings, past and projected, over the same two-year period.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Business, in order to carry out the desire of the donor.

The Health Management Lecture Fund

The Health Management Lecture Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from individuals, organizations and corporations interested in and supportive of the Division of Hospital and Health Services Administration in the College of Medicine.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide support for strategic programming initiatives by the Division of Hospital and Health Services Administration to support a lectureship series on health management issues.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Carolyn Engel Luebeck Memorial Endowment Fund

The Carolyn Engel Luebeck Memorial Endowment Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from John B. Luebeck, Associate Life Member, The Ohio State University Alumni Association, of Centreville, Virginia, and Stephanie Woodzell, sophomore, The Ohio State University.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Department of German for lectures and other departmental scholarly activities.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Humanities, in order to carry out the desire of the donors.

D. Ransom Whitney Endowed Fund in Statistics

The D. Ransom Whitney Endowed Fund in Statistics was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from D. Ransom Whitney (Ph.D '48), Columbus, Ohio, Professor Emeritus of the Department of Statistics, and from friends and students of D. Ransom Whitney.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Department of Statistics, in consultation, when possible, with D. Ransom Whitney, to fund special needs, including scholarships, fellowships, distinguished visitors and faculty development.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the Dean of the College of Math and Physical Sciences, in order to carry out the desire of the donors.

The Thomas E. and Jean D. Powers Award Fund

The Thomas E. and Jean D. Powers Award Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Thomas E. Powers (D.V.M. '53, M.S. '54, Ph.D '60) and Jean D. Powers (B.S. '50, M.S. '51, Ph.D '68) of the Departments of Veterinary Clinical Sciences and Statistics, respectively, at The Ohio State University.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Thomas E. and Jean D. Powers Award Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used in the Department of Statistics to recognize and promote excellence in the teaching of statistics through an annual award to deserving junior faculty members and graduate students.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the Dean of the College of Math and Physical Sciences, in order to carry out the desire of the donors.

**Ronald L. and Sharon Smith Redick
Home Economics Graduate Fellowship Fund**

The Ronald L. and Sharon Smith Redick Home Economics Graduate Fellowship Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Ronald L. Redick (M.A. '64, Ph.D '69) and Sharon Redick (B.S.H.E. '60, M.A. '64) of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The income shall be added to the principal until the principal reaches \$10,000. At that time, the annual income shall be used to fund a graduate fellowship. The fellowship shall be awarded to students preparing for positions in Home Economics Education. Preference is to be given to students with the following characteristics in priority order: 1. minorities or males; 2. students with high academic credentials; 3. those with prior experience as officers or advisors in Future Homemakers of America and those active in home economics education related professional and/or honorary societies; 4. applicants from Morrow County, Ohio. The recommendation for the recipient will be made by the faculty implementing the home economics teacher education program, in consultation with the University Committee on Student Financial Aid.

In the event that The Ohio State University should no longer support a Home Economics teacher education program, this account will be moved to the College of Education for graduate fellowships. Preference is to be given to students with an interest in the study of curriculum and instruction.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendation of the Dean of the College of Home Economics or the Dean of the College of Education.

June 2, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Lawrence D. Jones Scholarship Fund

The Lawrence D. Jones Scholarship Fund was established May 5, 1988, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund in memory of Dean Lawrence D. Jones (B.C.E. '23) from his wife, Alice Colton Jones (B.S. '24) of Columbus, Ohio. The description was changed June 2, 1989.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

Ten percent (10%) of the annual income shall be reinvested in the fund's principal to assure future growth. The remaining ninety percent (90%) of the annual income shall be used to provide one or more scholarships to students who have demonstrated superior academic ability as engineering majors at The Ohio State University. Preference will be given to Ohio residents. Additional consideration will be extended to students with proven financial need. Recipients will be named annually, but may be eligible to compete for renewed awards. Selection will be made by the Dean of the College of Engineering with assistance from the University Committee on Student Financial Aid.

Dean Lawrence D. Jones had a lifelong interest in the study of history. This interest should be considered if the need for this fund should cease to exist or so diminish as provide unused income within the area of engineering education at The Ohio State University. If this occurs, the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative officials of the University who are then responsible for engineering and history education.

Change in Name and Description of Named Funds

The Torrence A. Makley Research Professorship

The Torrence A. Makley Fund was established November 5, 1982, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund by alumni, patients, and friends of the Department of Ophthalmology in the College of Medicine. At the time of the establishment of the endowed fund it was agreed that the fund be redesignated The Torrence A. Makley Research Professorship when the level of funding reached the required amount. The name and description were changed to The Torrence A. Makley Research Professorship, June 2, 1989.

All gifts are to be invested in the University's Permanent Endowment Fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The principal and/or income is to be used to provide salary and program support for a distinguished scholar in the Department of Ophthalmology. Selection of the recipient is to be made upon the recommendation of the chairperson of the department, in conjunction with the Dean of the College of Medicine.

June 2, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Name and Description of Named Funds (contd)

The Torrence A. Makley Research Professorship (contd)

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Medicine's Department of Ophthalmology.

The Bert C. Wiley, M.D., Endowed Professorship
in Physical Medicine and Rehabilitation

The Bert C. Wiley, M.D., Professorship in Physical Medicine and Rehabilitation Fund was established April 5, 1985, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from an anonymous donor in honor of Bert C. Wiley, M.D., a graduate of The Ohio State University College of Medicine, Class of 1943. At the time of the establishment of the professorship fund it was agreed that the fund be redesignated as an endowed professorship when the level of funding reached the required amount. The name and description were changed to The Bert C. Wiley, M.D. Endowed Professorship in Physical Medicine and Rehabilitation, June 2, 1989.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide support for the work of a distinguished scholar and teacher in the Department of Physical Medicine and Rehabilitation within the College of Medicine. The recipient will be recommended by a search committee with final approval from the Dean of the College of Medicine.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income shall be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for medical education.

The Farm Income Enhancement Endowed Chair in
Agricultural Policy, Trade and Marketing

The Farm Income Enhancement Program Fund was established on April 8, 1988, by the Board of Trustees of The Ohio State University with gifts from Nationwide Insurance Company, the Ohio Farm Bureau Federation and the State of Ohio. The name and description were changed June 2, 1989.

The annual income shall be used to support the work of the distinguished professor whose research, teaching and public service focus on innovation and imaginative solutions to a myriad of marketing and policy issues facing agriculture. The chair holder shall provide leadership for innovative research and teaching programs concerned with farm income, price and market stability, and new alternatives for increasing cash marketing receipts, demand consumption, trade

policy, price income support, cooperatives and forward integration, marketing orders and self-help alternatives. The chair shall be appointed and shall serve at the pleasure of the Vice President for Agricultural Administration in consultation with the Chairperson of Agricultural Economics and Rural Sociology.

In the event that this position should remain vacant for more than one year, then the annual income from this fund shall be used for innovative and creative activities that will strengthen and enhance the ability of the College of Agriculture and its related units to carry out its mission in an exemplary manner. Specific use shall be determined each year by the Vice President for Agricultural Administration.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income can be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations of the appropriate administrative official of the University who is then directly responsible for agricultural teaching, research and extension.

THE OHIO STATE UNIVERSITY FOUNDATION

Approval of Description and Establishment of Fund

**William H. Havener, M.D., Chair
in Ophthalmology Research Fund**

The William H. Havener, M.D., Chair in Ophthalmology Research Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Foundation from friends and colleagues in honor of William H. Havener, M.D.

The annual income and additional gifts shall be added to the principal until the minimum level necessary to establish an endowed chair has been reached. Subsequently, the annual income shall be used to provide support for the work of a distinguished scholar in the Department of Ophthalmology within the College of Medicine. The recipient will be recommended by a search committee, with recommendation from the Dean of the College of Medicine to the Provost, and approved by the Board of Trustees.

**Employment of Architects/Engineers and
Requestion for Construction Bids**

Background

Derby Hall Renovation

This project will renovate all of Derby Hall (approximately 106,000 gross square feet) to improve the quality, quantity, and efficiency of the space assigned to several academic departments of the College of Social and Behavioral Sciences.

**Employment of Architects/Engineers and
Requestion for Construction Bids (contd)**

Background (contd)

Derby Hall Renovation (contd)

This major renovation project will correct long standing deficiencies and bring the building into compliance with current building code requirements. The project includes installation of a new hot water heating system throughout the building; installation of a new central air conditioning and ventilating system; installation of a new roof and new windows and a new accessible elevator; installation of sanitary and storm sewer drainage systems; installation of new plumbing systems, including the domestic hot and cold water distribution system; upgrading the primary and secondary electrical systems to provide sufficient service for the required programs; renovation of selected areas to accommodate changes in occupancy and improve efficiency of space within academic programs; and renovation of the ground level to provide classrooms for support of the general teaching requirements of the University.

Funds for the project were appropriated by the Ohio General Assembly in House Bills 870 and 810. Construction costs are estimated at \$5,950,000, and the total estimated project cost is \$7,105,250.

Kottman Hall - Biotechnology Center Improvements

This project will provide research and support facilities for work with plants and plant tissues for those faculty located in Kottman Hall. Included in the project is construction of a greenhouse facility with up to six separate compartments at the south end of the existing Kottman Hall Greenhouse; remodeling of Kottman Hall room 349 to house a tissue culture laboratory; and installation of five new growth chambers in Kottman Hall room 150.

The research work involves use of a variety of plants and will focus on controlling environmental variables of light, heat, moisture, air movement, dust, bedding materials, and treatments to study the effects on plant tissue and structure over time.

Funds for the project are available from a National Science Foundation grant. Construction costs are estimated at \$236,000; moveable equipment costs are estimated at \$208,000; and the total estimated project cost is \$500,000.

Starling Loving Hall - Pathology Photo Studio and Microscopy Lab

This project will remodel the east end of the ground floor portion of Starling Loving Hall's "M" wing and include extensive work in the basement and minor exterior work. The remodeled area will accommodate an electron microscope with associated support laboratory and office. In addition, the existing Pathology photo studio will be replaced with a new studio, darkrooms, and support facilities. The project also includes new lighting and a dedicated HVAC system.

Funds for the project will be made available from University funds. Construction costs are estimated at \$269,800, and the total estimated project cost is \$309,800.

(See Appendix LVIII for maps, page 1401.)

REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 89-126

**DERBY HALL RENOVATION
KOTTMAN HALL - BIOTECHNOLOGY CENTER IMPROVEMENTS
STARLING LOVING HALL - PATHOLOGY PHOTO STUDIO AND MICROSCOPY LAB**

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for the Derby Hall Renovation, Kottman Hall Biotechnology Center Improvements, and Starling Loving Hall Pathology Photo Studio and Microscopy Lab.

WHEREAS the Derby Hall Renovation will renovate the entire building to improve the quality, quantity and efficiency of the space assigned to several academic departments of the College of Social and Behavioral Sciences; and

WHEREAS the total estimated cost of this project is \$7,105,250, with the estimated construction cost being \$5,950,000, with funding provided from State appropriations in House Bills 870 and 810; and

WHEREAS the Kottman Hall Biotechnology Center Improvements will provide research and support facilities for work involving a variety of plants by Biotechnology Center faculty located in Kottman Hall; and

WHEREAS \$500,000 is available from a National Science Foundation grant for this project, with the estimated construction cost being \$236,000 and the estimated moveable equipment cost being \$208,000; and

WHEREAS the Starling Loving Hall Pathology Photo Studio and Microscopy Lab project will remodel the east end of the ground floor portion of Starling Loving Hall's "M" wing and include extensive work in the basement and minor exterior work; and

WHEREAS \$309,800 is available from University funds for this project, with the estimated construction cost being \$269,800:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for these projects, in conjunction with the Department of Administrative Services as appropriate, and that the fees for these services be negotiated between the firms selected and the Department of Administrative Services, Division of Public Works or the University as appropriate; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on these projects in accordance with established State of Ohio and/or University procedures, and if satisfactory bids are received, to award contracts or recommend the award of contracts, as appropriate, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Employment of Architects/Engineers

Background

Rightmire Hall Renovation, Phase II

This project is the second and final phase of a project to establish a Biotechnology Center at The Ohio State University. Phase II will remodel the basement and first floor of Rightmire Hall to provide office and administrative space and research laboratories to establish the Center's Molecular Neurobiology and Macromolecular Structure/Fermentation programs and support laboratories and facilities critical to the function of the research programs of the Center.

University funds, currently in the amount of \$200,000, will be made available for this planning and design work.

(See Appendix LVIII for map, page 1405.)

EMPLOYMENT OF ARCHITECTS/ENGINEERS

Resolution No. 89-127

RIGHTMIRE HALL RENOVATION, PHASE II

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms for the Rightmire Hall Renovation, Phase II.

WHEREAS the Rightmire Hall Renovation, Phase II will complete the phased project to establish a Biotechnology Center at the University; and

WHEREAS this project will remodel the basement and first floor of Rightmire Hall to provide office and administrative space and research laboratories to establish the Center's Molecular Neurobiology and Macromolecular Structure/Fermentation programs; and

WHEREAS \$200,000 is available from University funds for this initial planning and design work:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project, and that the fees for these services be negotiated between the firm selected and the University, with such actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Report of Award of Contracts and Establishment of Contingency Funds

Background

(See Appendix LXI for a complete tabulation of bids on all projects and locator maps, page 1409. Amounts shown with an * include accepted alternates.)

Lima Campus - Masonry Repairs and Roof Replacement

This project will replace the roof, flashing, and deteriorated mortar joints on the J. McLean Reed Student Activities Building and Galvin Hall on the Lima Regional Campus. The total project cost is \$156,000; funding is provided from State capital appropriations (House Bill 810). The estimated completion date is July 1989 for the masonry work and August 1989 for the roof. Contracts awarded are as follows:

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Lima Campus - Masonry Repairs and Roof Replacement (contd)

General Contract (Masonry):	J & P Paving, Columbus, Ohio
Amount:	\$17,872.00
Estimate:	\$28,250.00
General Contract (Roof):	New Tech, Lima, Ohio
Amount:	\$124,871.00
Estimate:	\$127,000.00
Total All Contracts:	\$142,743.00
Contingency Allowance:	\$11,422.58 (8% of construction cost)
Total Project Cost:	\$156,000.00

OARDC - Fisher Auditorium Roof Replacement

This project replaces the deteriorated roof on the Fisher Auditorium at the Ohio Agricultural Research and Development Center in Wooster. The total project cost is \$51,170; funding is provided from State capital appropriations (Senate Bill 386). The estimated completion date is September 1989. The contract awarded is as follows:

General Contract:	Franklin Roofing, Painesville, Ohio
Amount:	\$44,700.00
Estimate:	\$64,100.00
Total All Contracts:	\$44,700.00
Contingency Allowance:	\$4,470.00 (10% of construction cost)
Total Project Cost:	\$51,170.00

Scott Hall Remodeling - Phase I

This project will remodel part of the basement to provide space for the Ice Core Lab for the Byrd Center; part of the first floor to provide laboratories and office space for the Eminent Scholar in Hydrogeology; and part of the second floor to provide a Stable Isotope Lab. The total project cost is \$285,000; funding is provided from University funds. The estimated completion date is December 1989. Contracts awarded are as follows:

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Scott Hall Remodeling - Phase I (contd)

General Contract:	Good Home Maintenance, Columbus, Ohio
Amount:	\$82,812.00 *
Estimate:	\$180,150.00 *
Plumbing Contract:	Westland Mechanical , Columbus, Ohio
Amount:	\$44,500.00 *
Estimate:	\$67,100.00 *
HVAC Contract:	J. A. Guy, Dublin, Ohio
Amount:	\$60,600.00 *
Estimate:	\$75,700.00 *
Electric Contract:	Power National, Lancaster, Ohio
Amount:	\$39,267.00 *
Estimate:	\$54,500.00 *
Total All Contracts:	\$227,179.00 *
Contingency Allowance: (8.4% of construction cost)	\$19,142.73
Total Project Cost:	\$285,000.00 *

Ohio Stadium - Rehabilitation of Exterior Concrete

This project will clean all exterior surfaces by high pressure water blasting, seal all concrete and stucco surfaces with a clear sealer to minimize water absorption, repair deteriorated concrete, replace old aluminum windows, and add finished stucco surface to cover the concrete block walls of the press box in the Ohio Stadium. The total project cost is \$702,750; funding is provided from the Department of Athletics. The estimated completion date is November 1989. Contracts awarded are as follows:

General Contract:	Martin Construction, Columbus, Ohio
Amount:	\$579,530.00
Estimate:	\$958,000.00
Total All Contracts:	\$579,530.00

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 89-129

LIMA CAMPUS - MASONRY REPAIRS AND ROOF REPLACEMENT
OARDC - FISHER AUDITORIUM ROOF REPLACEMENT
SCOTT HALL REMODELING - PHASE I
OHIO STADIUM - REHABILITATION OF EXTERIOR CONCRETE

Synopsis: The Fiscal Affairs Committee recommended the acceptance of the report of award of contracts to the lowest responsive and responsible bidders, in accordance with University procedures, for the projects identified.

WHEREAS resolutions adopted by the Board of Trustees on May 4, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the Lima Campus - Masonry Repairs and Roof Replacement project; and

WHEREAS a resolution adopted by the Board of Control of the Ohio Agricultural Research and Development Center in 1981 authorized OARDC to request bids and, if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the OARDC - Fisher Auditorium Roof Replacement project; and

WHEREAS a resolution adopted by the Board of Trustees on April 7, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects: Scott Hall Remodeling - Phase I and Ohio Stadium - Rehabilitation of Exterior Concrete:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions authorized previously by this Board and upon the recommendation of the Fiscal Affairs Committee, the report of award of contracts and the establishment of contingency funds for the Lima Campus Masonry Repairs and Roof Replacement, OARDC Fisher Auditorium Roof Replacement, Scott Hall Remodeling Phase I, and Ohio Stadium Rehabilitation of Exterior Concrete projects is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

June 2, 1989 meeting, Board of Trustees

**Lease of Land to Union Township
1.5 Acres in Brown County, Ohio**

Background

Location and Description

The 1.5 acre tract, titled in the State of Ohio for the use of The Ohio State University, is located at the northwest corner of the Ohio Agricultural Research and Development Center's Southern Branch, which encompasses approximately 275 acres in Brown County. The property is approximately four miles north of Ripley, Ohio.

U.S. Route 68 and 62 is the western boundary of most of the Southern Branch property; however, this tract and another small parcel are west of the highway and thus are separated from the remainder of the property. The tract is mowed regularly but because of its size and location is not used for research or crop production and is not presently needed by OARDC for academic, research, or support activities.

Proposed Use of the Property

The Board of Trustees of Union Township desire to use the property for the storage of highway maintenance equipment and supplies. The township proposes to construct a small maintenance building (approximately 1,200 square feet) on the site.

Appraisal and Terms of the Lease

Based on a form appraisal in April 1989, by J.V. Rittenhouse, MSA, the fair market rental value of the property is \$1,450.00 per acre which would yield an annual rental rate of \$261.00 for the 1.5 acre tract. The University proposes to lease the land at an annual rental of \$300.00 for a term of 25 years. Rental income would provide general support for OARDC programs.

(See Appendix LXII for map on Lease of Land to Union Township 1.5 Acres in Brown County, Ohio, page 1419.)

**LEASE OF LAND TO UNION TOWNSHIP
1.5 ACRES IN BROWN COUNTY, OHIO**

Resolution No. 89-130

Synopsis: The Fiscal Affairs Committee recommended the lease of 1.5 acres in Brown County to the Union Township Trustees.

WHEREAS The Ohio State University owns approximately 1.5 acres of undeveloped land at the Ohio Agricultural Research and Development Center's Southern Branch in Brown County, Ohio; and

WHEREAS the Board of Trustees of Union Township in Brown County desires to lease this 1.5 acre tract for the purpose of constructing a building which, with the remainder of the site, would be used for storage of highway maintenance equipment and supplies; and

WHEREAS the appropriate University offices have determined that a long-term lease of this land to the Union Township Trustees is in the best interest of the University:

NOW THEREFORE

**LEASE OF LAND TO UNION TOWNSHIP
1.5 ACRES IN BROWN COUNTY, OHIO (contd)**

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees, to negotiate a long-term lease of this 1.5 acre tract in Brown County to the Board of Trustees of Union Township for the exclusive purpose described above, at a rental rate based on the market value of the property and upon such other terms and conditions as are deemed to be in the best interest of the University and to request the Ohio Department of Administrative Services, on behalf of the University, to develop and execute the necessary legal instruments for this lease.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

President Jennings:

It now appears likely that state appropriations for the 1989-91 biennium for higher education will not be approved until mid to late June at the earliest. As a consequence, full approval of the University's 1989-90 budget must be deferred until our July meeting. The timing of the state budget process adds a great deal of uncertainty to our fiscal planning this year but, nevertheless, we must proceed in this climate of uncertainty since our 1988-89 fiscal year will close June 30.

It is clear that whatever the final outcome, the 1989-90 University budget will be exceedingly tight. The most recent actions of the House and the Senate have substantially improved on the Executive proposals, and for that we are very grateful. While the increases to the instructional subsidy recommended by the House and Senate are significant, the recommendations now under consideration, nevertheless, fall considerably short of what is needed to maintain our operations at existing levels.

Last January, as we began the legislative process, it was noted that to account for inflation, and keep the student share of cost at an already too high 41 percent, an additional state appropriation of \$200 million for higher education beyond the Governor's recommendation would be required. The House and Senate figures -- while a great improvement -- fall \$64 million short. Furthermore, it also was noted that to continue the progress made by higher education in Ohio, particularly early in this decade, required another \$200 million. In essence the current proposals are \$264 million short of the modest higher education goals of quality and access. The state higher education community faces some difficult decisions.

As I told the House Finance-Appropriations Committee last February and the Senate Finance Education Subcommittee last month, I am extremely proud of the accomplishments of our distinguished faculty members, our dedicated staff members, and our talented students. Ohio State's achievements have been made possible in partnership with the state, through consistent efforts by all decision makers across the University to contain costs and allocate resources wisely. Ohio State has attracted external funds to a greater extent than ever before through the successful fund-raising campaign and through external research support. We have done our share -- and will continue to do so.

June 2, 1989 meeting, Board of Trustees

President Jennings: (contd)

Now, recognizing that there are many competing demands for limited state revenues, we are in a most difficult budget period. As we consider the 1989-90 budget, the priorities that are guiding our planning are to continue to keep costs down, to sustain the momentum as well as meet prior commitments, and to continue to enhance quality while being mindful of our unique mission as Ohio's land-grant research University. To continue to meet these objectives will test our creativity and will demand a high level of commitment to the University on the part of all members of our Ohio State community.

Within the context of these priorities, we must move forward with our planning as we enter the new fiscal year. Today, I am prepared to present for your consideration the expense guidelines for what will be an exceptionally tight budget, regardless of the final outcome of the legislative deliberations.

As in the past, the University Senate's Fiscal Committee and the Faculty Compensation and Benefits Committee have been consulted in the budget planning process. In particular, the Faculty Compensation and Benefits Committee placed before us recommendations to keep our faculty salaries competitive with peer institutions. However, we are not able to fund these recommendations.

Rather, circumstances dictate a different approach to salaries at our University. In this period of scarce resources, I believe that it is imperative that we give strong consideration to our junior faculty and staff colleagues at the lower end of the pay ranges. For this reason, I am recommending an increase for all of our faculty and staff members at the full-time rate of \$480 across-the-board. We also will provide each college and office an additional 2 percent for selective merit increases. We will continue our practice of making a pool of \$1.3 million available for equity, excellence, and market adjustments. Further, I do not anticipate providing any central funding to adjust equipment and supplies budgets for the coming year. The colleges and offices will have to accommodate cost increases for supplies and equipment through internal reallocations.

Due to the uncertainty of the outcome of the continuing deliberations in the General Assembly, I am not presenting revenue guidelines today. We must defer our decision on student tuitions until July. We enter this process with a demonstrated historical and continuing commitment to keeping the tuitions for our students as low as we responsibly can. I indicated earlier this year that with insufficient state support for the instructional subsidy, and with the apparent lack of state recognition for keeping tuitions low, we would have little choice but to increase tuitions. The extent of these increases is as yet unknown, however.

It is instructive to note that the latest proposal recommends a tuition increase cap of 7 percent on undergraduate instructional fees and yet funds Ohio State as though its tuitions were at the higher levels assumed in the Senate recommendations. In fact, this University has kept its tuitions significantly below these assumed levels -- 30 percent below the currently proposed assumptions. It is clear that the budget now under consideration penalizes institutions which have demonstrated their commitment to access through lower tuitions. Ohio State's budget is tight because of the \$22 million annual shortfall that results from the lack of recognition of our low tuitions in the proposed state budget.

June 2, 1989 meeting, Board of Trustees

President Jennings: (contd)

Suggesting guidelines to you for the 1989-90 budget before having a full picture of the institution's available resources contains risk, but a risk that can be dealt with in several ways. First, I remain optimistic that the General Assembly will produce a higher education budget that restores higher education to a top priority of state government. We have seen that the House and Senate each has substantially improved on the Executive budget. I share with my colleagues around the state our hope for adequate appropriations and am confident that the General Assembly will make every effort to improve our current situation.

To ensure that we maintain the momentum we have worked so hard to achieve, we must continue to look to ourselves. We must continue to control costs and effectively reallocate resources, mindful of the fundamental mission of this institution. We must focus our attention on the academic core of our great University, being certain that quality is not compromised. This will mean considerable sacrifice and difficult decisions in all areas, particularly those not directly related to our primary educational mission. I am asking each of the vice presidents to identify those activities and programs receiving general funds which are in support of, but not central to, our fundamental academic mission. These budgets will be reviewed carefully and general funds may be reallocated in support of the academic core.

In addition, each college and office will begin immediately to define expenditures equal to 1 percent of their total budget to be reallocated. While their reallocated funds will remain in each college or office, the deans and vice presidents will have to demonstrate how they have used these reallocated resources to meet their highest priority needs as identified during their budget hearings.

To deal with scarce resources in the coming year, we must limit our costs; however, we will not limit our energies in the pursuit of excellence. I am proud of all that is being accomplished at this University, and I remain confident that together we can take the steps needed to continue our achievements.

Ms. Casto:

I have a statement. I think it is important that we continue, in this tight budget year, in Ohio State's tradition of keeping education affordable. The Congress of the United States has taken the initiative to vote down a salary increase. Some feel it is due to a public outcry of spending. I feel that at this time it's important that we follow this example, so that we are able to address the issue and the need of an affordable education.

It has been difficult to make this decision but I do feel with this tight budget that I have to vote no this year. Thank you.

EXPENDITURE AUTHORIZATION 1989-90

Resolution No. 89-131

Synopsis: The Fiscal Affairs Committee recommended authorization to make interim expenditures in Fiscal Year 1989-90 is proposed.

WHEREAS levels of State financial support for 1989-90 have not yet been established; and

June 2, 1989 meeting, Board of Trustees

EXPENDITURE AUTHORIZATION 1989-90 (contd)

WHEREAS this University must proceed with its budget planning for 1989-90 even with the current uncertainties in State revenues; and

WHEREAS it is necessary to authorize expenditures for 1989-90 to be effective July 1, 1989, including payment of faculty and staff, prior to the time that this Board adopts the Current Funds Budget for 1989-90:

NOW THEREFORE

BE IT RESOLVED, That the University be authorized to make expenditures consistent with the budget guidelines and the Provisional Current Funds Budget for Fiscal Year 1989-90, as described in the accompanying table, effective July 1, 1989; and

BE IT FURTHER RESOLVED, That the President will present as soon as possible to the Board of Trustees the final version of the Current Funds Budget for 1989-90 with adjustments as may be necessary as a result of the final actions of the General Assembly and Governor of the State of Ohio.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution with seven affirmative votes cast by Messrs. Berry, Teaford, Barone, Kessler, Wolf, and Wexner, and Mrs. Bowser, and a negative vote cast by Ms. Casto.

(See Appendix LXIII for the chart on The Ohio State University 1989-90 Provisional Current Funds Budget, page 1421.)

--0--

Thereupon the Board adjourned to meet Friday, July 7, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

MEMORANDUM

Subject: Proxy Solicitations
Date: May 31, 1989
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of May 1989, the University voted 20 proxies.

Management proposals were as follows:

- 1) Ratification of the Board of Directors;
- 2) Approval of Independent Auditors;
- 3) Approval of the 1989 Incentive Stock Option Plan;
- 4) Amendment to require an 80% affirmative vote, by the Directors, to elect the president and chief executive officer;
- 5) Authorize repurchase of common stock;
- 6) Approve an amendment to the company's 1988 restricted stock incentive plan;
- 7) Increase the number of authorized shares of common and preferred stock;
- 8) Approval of amendments to the Employee Stock Option Plan;
- 9) Approval of the 1989 Stock Appreciation Rights Plan;
- 10) Approval of an amendment to the company's 1988 restricted stock incentive plan;
- 11) Approval of granting of options to members of Board of Directors;
- 12) Approval of a share exchange.

Shareholder proposals were as follows:

- 1) Reinstate election of directors annually, not staggered;
- 2) Provide for cumulative voting in the election of directors;
- 3) Implement a policy of secret voting at all shareholders' meetings;
- 4) Ensure that goods and services produced in whole or part by slave labor shall not be acceptable for delivery to the Corporation;
- 5) Require a mandatory retirement policy for members of the board.

The University voted for all management proposals and against all shareholder proposals, which management also opposed.

The 20 corporations were:

- 1) Albertson's, Incorporated
- 2) Ames Department Store, Incorporated
- 3) Autodesk, Incorporated
- 4) Citizens Utility Company
- 5) DNA Plant Technology Corporation
- 6) Food Lion, Incorporated
- 7) F.W. Woolworth Company
- 8) Hechinger Company
- 9) The Limited, Incorporated
- 10) Masco Corporation
- 11) May Department Stores, Incorporated
- 12) McDonalds Corporation
- 13) Mercantile Stores Companies
- 14) Newell Company
- 15) Occidental Petroleum Corporation
- 16) Student Loan Marketing Association
- 17) Super Value Stores, Incorporated
- 18) TriMas Corporation
- 19) Toys R Us, Incorporated
- 20) Wal-Mart Stores, Incorporated

APPENDIX LVII

DROUGHT TASK FORCE MINUTES
April 7, 1989

Presented to the Agricultural Affairs Committee
(See page 1347)

DROUGHT TASK FORCE MINUTES

April 7, 1989

The Drought Task Force met on April 7, 1989 to assess the drought situation and consider recommendations as a result of what was learned.

OBSERVATIONS

- The 1987-88 drought appears to be over based on
 - 1) Palmer Drought Index, except for some stations in NW Ohio still reporting below normal ppt, shows moist or no stress conditions.
 - 2) Reservoirs are near normal.
 - 3) Soil moisture within the root zone appears to be near normal although substrata moisture in some areas reported to be below normal.
 - 4) Tile lines are draining in most areas of Ohio, indicating saturated conditions.
 - 5) Stream flows are within normal/above normal range at this time of year for most of Ohio.
 - 6) Water tables are rebounding.
- Agriculture will still be impacted by drought in '89
 - 1) pesticide carryover, especially herbicides, expected; thus rotations changed and damage could result if rotations not changed.
 - 2) tree seedlings (forestry, Xmas trees, orchards) were severely damaged in '89 (>80-85% mortality); thus heavy replanting in '89 anticipated. No long-term forest impact expected.
 - 3) Food prices will be impacted in '89, adding 1.5-2% on top of the expected 4% increase, at least during 1st quarter of '89.
 - 4) It is anticipated that crop insurance interest, application will increase in '89, a typical reaction after any climatic stress.
 - 5) Gov't. program participation is likely to be down as a result of higher crop prices, again a typical reaction to higher commodity prices (approx. 70% compared to 80-85% normal).
 - 6) interest in irrigation among some farmers will continue as modified by how wet/dry this spring is; particularly as an "insurance" practice to overcome occasional dry "humps."
 - 7) The drought led to a temporary reprieve of the food/grain glut which came at the same time of the GATT negotiations and US Farm Bill development, thereby impacting the character of these policy instruments more so than if they were negotiated under more typical weather patterns.

CONCLUSIONS/RECOMMENDATIONS

- Several things were learned from the drought in reference to our (OSU) response:
 - 1) A media focus is needed under such stress; it took us a while to get this under control although the public and media were well-served. Recommendation: Coordinate with ODA-ODNR-Gov. Office.
 - 2) We were not well equipped (OCES) to deal with the emotional stress of our clientele that are weather-dependent. Recommendation: College of Home Economics now has a new resource on board but we must be careful to respect our boundaries of knowledge and know when to recommend professional help.
 - 3) We are not well-resourced with respect to legal issues - many questions were fielded on water rights, insurance liability, pest management system failures, etc. Recommendation: assess the need for refilling a position in this area.

- 4) We need resources to deal with irrigation - we are not well resourced with up-to-date printed material and economics and there will continue to be interest in this area, particularly with respect to horticultural crops and where they are rotated with agronomic crops. Recommendation: We are currently reviewing documents from other states and recommend that Ag Engineering develop resources in this area.
 - 5) The attempt to keep the county offices at the center of the information distribution seems to have proven both successful and beneficial to the OCES/OSU response. Recommendation: Maintain this delivery system.
 - 6) We must be conscious when to back off; the FSR program did not draw well- the drought and its impact were essentially over as far as the growing season was concerned. Recommendation: Trust collective judgement based on consumer demand for information.
- In short, the College response, primarily through OCES with intense OARDC back-up, appears to have been executed well. Feedback has been positive. We can be proud of our collective response - especially in times of declining resources.

PROGRAM UPDATE

February 1989

Response To The 1988 Drought

Planning, coordination and communication are the keys to a successful crisis response. When in drought, do like we did:

- Get the experts together fast.*** Ohio State's College of Agriculture put together a task force on drought. Within hours of its formation, hundreds of answers to drought questions were flying electronically from campus to county Extension offices. Within the week, a satellite TV broadcast addressed key issues.
- Work together.*** The drought brought questions for experts across Ohio State's main campus, at the OARDC in Wooster and from other agencies. Citizens needed answers. Ohio State found the people who had them.
- Get the word out.*** The hottest news story of the summer demanded lots of information and education. Ohio State kept the wires full of facts. We arranged press conferences, set up interviews for national media, provided TV footage and took the media to see the drought's effects first hand. We even did some live broadcasts ourselves, giving Ohioans a chance to ask questions on four call-in TV programs.
- Go one-on-one.*** Each situation was different. Sometimes people just wanted to talk. County Extension agents are where the people are. In a crisis they can give expert advice, one-on-one, and help cut the tension.
- Give fast relief.*** "How can I save my lawn?" "What will my cattle eat?" "Will the corn ever grow?" "When will my husband feel less depressed?" Ohio State faculty answered these questions as best anyone could. Sometimes it was with information. Sometimes it was with a supply of donated hay or new source of water. Sometimes it was by being there to talk to.
- Go with the flow.*** Everything else was secondary. Normal College of Agriculture programs took a different focus. Fairs, field days and meetings became times to show people exactly what drought was doing to their plants, animals and lifestyles. They were a chance to offer hope through practical suggestions, a chance to show what we did know and find out what we didn't. The "teachable moment" was a matter of financial and emotional survival for Ohioans.
- Be there.*** Hundreds of people gave of their time to help deal with the drought crisis. Extension employees across the state were on call practically 24 hours a day to answer questions and offer help. Researchers and other state employees worked round the clock to come up with possible solutions and help people deal with drought problems.
- Flaunt whatever you have.*** With Extension agents in every county and experts at Ohio State and the OARDC, we had the delivery system to get answers fast. Satellite TV, computer networks and the good ole' telephone were used to spread the word. And the news services from our Section of Information kept the media on top of the story from day one.
- Don't be caught napping.*** The drought's effects aren't over. Throughout the winter, Ohio State specialists have been analyzing the effects of last summer and looking ahead to another growing season. They've dealt with winter water supply and contamination questions for cities and towns. They've looked at how different home and farm plants stood the drought. And they've helped farmers make financial decisions with last summer in mind and 1989 in focus.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-SECOND MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, July 7, 1989

The Board of Trustees met at its regular monthly meeting on Friday, July 7, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** **

Minutes of the last meeting were approved.

** ** **

July 7, 1989 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on July 7, 1989, at 1:35 p.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, John W. Kessler, Milton A. Wolf, Sophia L. Paige, and Laurel A. Davis.

--0--

CAPITAL BUDGET REQUEST FOR 1990-1992

Mr. Ihrig:

As we do every two years, we are prepared to present to the Board of Regents the University's request for capital appropriation for the three biennia 1991 through 1996. In this process the University looks at all its capital needs regardless of source of funds, whether it be state, gifts, earnings, or internal operating dollars. Then we decide the projects to request that are best suited for State support and those are related to instructional facilities and the related support facilities. Throughout this capital process the key is to define our priority needs both from a programmatic stand point first, and then, secondly, to assure that the facilities that are provided to our faculty and staff meet today's state-of-the-art technology needs.

This process begins with reviewing with the deans and the vice presidents the capital list which is definitely listed in a priority order from the prior capital program. David Marsh, who is Associate Vice President of Finance and in charge of Campus Planning, will make the presentation today. His office works with the deans to develop their priorities and review whether there are any changes from the prior year. The process is very disciplined, because we must then go in and justify the priority list to the President and review any changes that happen in the priorities, of which there are few. But we do adjust to changing needs as well as any major repair considerations that are brought to our attention during the planning process.

While we develop this for three biennia, or six years, it is the first biennium -- the first two-year period -- that is the key. The costs are our best estimates based upon preliminary program data. We continue to look for better ways to handle construction at a more cost effective approach in developing these estimates. I would like to have David Marsh review with you a summary of what is in the first biennium of these requests. This will give you some idea of the type of items we are requesting of the State and then we will open it up for questions. David --

Mr. David C. Marsh:

Thank you, Mr. Ihrig. Mr. Chairman, members of the Board, it is my pleasure to give you a brief overview of the University's capital plan which must be forwarded to the Ohio Board of Regents as part of the Higher Education State Capital Funding Request for the 1991-92 biennium.

The Ohio State University's requests for capital improvement funds in the period 1991 through 1996 are based on a careful study of both program needs and the condition of the facilities housing these programs. While a large portion of this plan addresses outdated facilities, some additional space requirements have also been identified. Recognizing that funds are severely limited, the University continues to give priority to those programs that, with the assistance of the Board of Regents, are moving toward excellence but are restricted due to inadequate facilities.

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

Mr. Marsh: (contd)

In this and subsequent Capital Plans, the primary emphasis is on the rehabilitation and modernization of existing buildings and utilities to ensure an appropriate fit between the academic mission of The Ohio State University and its facilities. Our major goals and strategies in this and future capital planning will focus on the following areas:

1. Providing the facilities considered necessary to support the University's prominent position as a quality institution of higher education that is recognized for its excellence in teaching, research and public service.
2. Remodeling or rehabilitation of those outdated facilities which do not meet today's current educational needs with respect to space requirements, equipment, and/or utilities when such work is cost effective.
3. Updating utility systems, roads, grounds and building environmental systems with emphasis on energy conservation, health, and safety and to prevent further deterioration of the physical plant.
4. Introducing projects required to support the University's prominent role in evolving programs such as biotechnology and computer and information science.
5. Realizing economies in operating costs and space utilization, along with improved services to students and faculty, through the consolidation of existing branch libraries and the consolidation of academic departments into one location.

While recognizing that it is impossible to renovate or replace all of the University's facilities within the six years of the Capital Plan, a commitment by the State for an increased level of funding is needed to properly plan the sequence of improvements. Many buildings are renovated while still occupied, due to the lack of other facilities for temporary relocation. However, some projects require that the activities affected be relocated due to the delicate nature of the instruction and research carried out in those facilities. The University's Capital Plan attempts to provide a sequence of projects that minimizes disruption and provides the lowest overall cost. Varying this sequence as a result of funding restrictions, not only delays construction, but increases total costs due to required alterations in project schedules and relocation plans.

Now I would like to provide a brief overview of some of the projects in our first biennium request. Let me introduce to you Mr. Jack Probasco, Facilities Planner in the Office of Campus Planning, who prepared much of the material in the campus plan. Jack will point out the projects on the map where the projects are located as I read you the descriptions of the projects.

If you will now turn to page six in the document that was placed before you earlier, this lists the projects in the three biennium that we are requesting funding for. The first five projects from basic renovations on the Columbus Campus through OARDC renovations consists of smaller projects to building components such as roofs, window replacement, chiller replacements, roads and grounds improvements, and

July 7, 1989 meeting, Board of Trustees

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

Mr. Marsh: (contd)

etc. The descriptions are listed toward the end of the document. I won't go through those in detail, but if you are interested you can look at those and if there are questions later, I can speak to those.

Mr. Teaford:

Can I ask you one quickly though? This goes on to the Regents, they do look at those particular items, right?

Mr. Marsh:

Yes, sir, they do. Before we start I should ask Jack to orient us on the map. Hopefully, you can see the map OK, but -- why don't you orient us to general location and then you can point out each project as we go.

Mr. John F. Probasco:

This is Lane Avenue, High Street, Olentangy, and Rt. 315.

Mr. Marsh:

The Brown Hall Annex Replacement--Phase II -- this project is currently in design. It will provide an addition to the Math Building to consolidate the Department of Mathematics into two adjacent buildings and a Science and Engineering Library to permit the consolidation of the Engineering, Mathematics, Materials Sciences, Chemistry, and Physics libraries. The library consolidation will provide much needed space increases and improved services to the Sciences and Engineering. In addition, space will be vacated in several key buildings to address critical space needs in Physics, Chemistry, Electrical Engineering, and Computer and Information Sciences.

The Equine Center project will construct an addition to the Veterinary Hospital to provide space to accommodate a rapidly growing equine trauma unit for treating horses with various fractures and other conditions requiring emergency treatment and intensive care. Matching gift funds of \$1.5 million have been made available. This project is currently under design.

President Jennings:

That is the Galbreath family gift in honor of John.

Mr. Marsh:

The third project is an addition to Dreese Lab and also associated with that a project for the remodeling of Caldwell Hall which is adjacent to that. These two projects will provide a central facility for the Department of Computer and Information Sciences and much needed space additions for Electrical Engineering. Computer and Information Sciences is currently housed in several buildings and is in need of additional space. This project will permit the consolidation of CIS and provide specialized facilities such as a vibration-free clean room. The Caldwell Lab

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

Mr. Marsh: (contd)

remodeling will convert space that will be vacated by the Engineering Library move upon the completion of the Brown Hall Annex Replacement project to offices and labs for CIS and Electrical Engineering.

The Mendenhall Laboratory Renovation includes the complete rehabilitation of this eighty-four year old building. Every component (mechanical systems, roof, windows, laboratory benches, etc.) within this building needs attention, therefore, the entire building will be vacated for nearly two years. This oval building currently houses the Department of Geology and Mineralogy and the Byrd Polar Research Center. Limited temporary facilities are being provided in Scott Hall on the West Campus to Geology during the Mendenhall renovation. The Byrd Center will remain in Scott Hall after the Mendenhall Rehabilitation is completed. In addition, part of the Department of Geology and Mineralogy is located in Watts and MacQuigg in the Engineering area of campus. They will move to Mendenhall thus freeing up space for Engineering.

The next project is the Smith Laboratory which houses Physics and Astronomy. This building is in need of complete renovation; however, since it is not possible to relocate these departments, it is proposed that a new Physics building be constructed on the Lord Hall site and then Smith Hall can be completely renovated while unoccupied. In the meantime, funds are being requested in the coming biennium to replace some of the mechanical systems to keep the building operational until such time that it can be rehabilitated.

The next project is the Botany & Zoology Building Addition and Renovation. This includes the complete renovation of this seventy-six year old building, a small addition to the north, and the complete renovation and/or replacement of the connecting greenhouses. The building systems are worn out and are not adequate to perform modern scientific research. Since the building cannot be vacated during renovation due to lack of suitable alternate space, this project will have to be phased. Phase I will rehabilitate the greenhouses, some associated research labs and begin the design for the remainder of the renovation.

Next is the McPherson Laboratory Renovation. This includes the complete rehabilitation of this sixty year old chemistry building. This building must be renovated in phases since it is not possible or practical to relocate the Chemistry Department to temporary facilities. An addition, Evans Lab (also a Chemistry Building) was funded last biennium and is currently in the planning stages. This project must be completed first so that some labs can be moved from McPherson to free up space for the first phase of the renovation. Also, the move of the Chemistry library from McPherson upon the completion of the new Science Engineering library (the Brown Hall Annex) project will help in providing swing space within McPherson. This is a very complex project requiring very careful planning. Proper sequencing is critical.

The last project I want to outline for you today is the Law Building Addition and Renovation. This project will provide additional space for the expansion of the Law Library as well as space for faculty offices and instructional areas. The project is currently under design using \$1.5 million appropriated to the University in HB 870. The University will provide \$7.7 million toward the construction and renovation of this

July 7, 1989 meeting, Board of Trustees

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

Mr. Marsh: (contd)

facility with the remaining funds made available from fund raising activities.

With that I would simply like to stop and see if there are questions or concerns that we can address.

Mr. Ihrig:

This was to help give a flavor of the complexity and the types of projects that are in the list. The whole list is vitally important and have the real priorities of the University represented. As you can see, the next project is a continuation of the development of the Biotech Center in Rightmire Hall. And most of these projects are renovational work rather than new facilities. We are trying to upgrade very old buildings and make them into the state-of-the-art technology that is needed for today. We would be glad to try and respond to further questions that you might have regarding the Capital Plan. As I said, the discipline is there. We do have a priority list, and there has to be a very good reason, with matching funds in hand, to move a project up the list.

Mr. Teaford:

Which is what happened to the Law Building.

Mr. Ihrig:

That is exactly what happen to that.

Mr. Teaford:

My recollection is that the library got moved back. The President named that among our priorities the last time and we didn't get --

Mr. Ihrig:

The problem is that we never received it in the first biennium and we still haven't. We have hopes of receiving the total funding listed in the first biennium. So it has moved up, but it has not moved up far enough to reach the first biennium yet.

Mr. Teaford:

It was in last time.

President Jennings:

It was in our first biennial request. Our first biennial request was \$156 million, of which only \$100 million got funded. That is not even true. It wasn't even \$100 million in that funding.

Mr. Teaford:

But somethings have moved ahead of it.

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

President Jennings:

Well, Law has and the Equine Center has and that is it. But remember, that the Science and Technology Library has skipped completely over instead of being incorporated into the Mathematics building. The Fine Arts Library is now fully funded with the Wexner Center so you have those two that have skipped over everything else. That is one of the reasons incidentally that the Math building -- the Brown Hall replacement -- that is why it is an additional \$10 million. It originally was \$15 million and \$15 million was appropriated. We have essentially made the project a \$25 million project to accommodate the library.

Mr. Ihrig:

Joel, it was in the second biennium of the request last time and it was down the list the second biennium --

Mr. Teaford:

Basically, it was third down.

Mr. Ihrig:

No. Well the problem is the phasing on all of these projects. It has moved up closer to the top of the second biennium request, but due to the phasing and the time that it would take to design, it just wouldn't be prudent to try and get all the money in the one biennium while we are designing it. So part of this is a timing issue.

President Jennings:

I might add that the space and the mechanical facilities on campus are the single most difficult issue we face not only now, but realistically for the next twenty or thirty years. It is changing technology, different faculty demands, and also the fact that our capital appropriations come to us without recognition of the age of our buildings. And we, by over ten years, are the oldest single campus in the State of Ohio in terms of average age. I think about forty-five years is our average building age. The next one is below thirty-five. And third, we continue to attempt, with the General Assembly and the Board of Regents, to incorporate depreciation into the annual operating budget. While our problem is that this budget you are about to approve, which the Fiscal Affairs Committee approved this morning, has no depreciation on capital budget. If we stop to think for a moment, the replacement value of our assets is somewhere on the order of \$5 billion. An annual capital appropriation on the order of \$250 million would not be excessive by any stretch of the imagination. We are talking about an annual capital appropriation of \$50 million or one-fifth of what would be reasonable by any business standard. But we continue to try and incorporate a depreciation element into that budget. We haven't been successful, but we will keep trying on that particular issue. This is, in essence, a piece of this long-range planning. But realistically, it is going to be very difficult to satisfy all of the capital needs on this campus.

July 7, 1989 meeting, Board of Trustees

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

Mr. Teaford:

But it strikes me as -- especially as I hear the presentation that the long-range planning is really less involved with the capital plan than one might think -- that the driving thing in the capital plan is which buildings are falling down, rather than where the buildings will go.

President Jennings:

Some of that is in there, but much of this is because a lot of this is set so many years before, that the long-range planning impacted in any one year is very marginal. Whereas the long term activity is there. The Cancer Center is out of the long-range planning, Wexner is out of the long-range planning, Brown Hall is out of the long-range planning. But, they got started so long ago. Because of the limits, it appears that those are not needed. A lot of money and a recking ball could do an awful lot of good on this campus right now.

Mrs. Bowser:

I notice that you have very few complete replacement buildings. When you look at a building like Mendenhall, I'm sure you weighed taking it down and completely renovating it.

Mr. Ihrig:

Yes, we do. Those are very carefully considered. Now, we will admit that with the buildings surrounding the Oval our first goal will be to preserve the architecture and do everything possible to preserve those. That is our first priority. But as we get away from the Oval, we continually -- and there are certain buildings -- the infamous one is the McPherson Sawtooth or the Sawtooth behind McPherson, where we didn't try to preserve that. And there is another one that has been a favorite of David's since he was an electrical engineer and that is the Communication Lab. I don't think he has any desire to help preserve that in his planning.

President Jennings:

That is a marvelous thing. Some of these aren't modern buildings, but boy they were built well.

Mr. Ihrig:

I think Townshend and Lazenbee are beautiful examples of renovating the insides of the facilities and they are just outstanding buildings rights now.

Mr. Jackson:

I think I would only want to echo what the President has already said. We are running a race to try to catch up and we are not catching up. I'm sitting on a committee that is taking a look at the problem on a state-wide basis. And one of the problems that exists, from my perspective at any rate, is that we are not really telling the Legislature what the needs are to protect the present investment. We are really submitting a proposal that gets through to the Legislature that is based on what the

July 7, 1989 meeting, Board of Trustees

CAPITAL BUDGET REQUEST FOR 1990-1992 (contd)

Mr. Jackson: (contd)

dollars are that are available to support programs. That is fine, that is a decision which I understand needs to be made. But by the same token, I think it behooves us to really make the point of what the needs are versus what we are doing. That goes back to what the President said, and I think that is so crystal clear and this committee is beginning to talk about how we can get at that to make that presentation. Because if I was a Legislator, I would sit back and say "why didn't you tell me all of this, I didn't know it." Whether they will address the issue or not is a different subject. I feel lax from my standpoint that we are not telling them what the bare issue is.

Mr. Ihrig:

That completes our presentation unless there are other questions.

Mr. Berry:

Any other questions? Thank you, very much.

-0--

RESEARCH FOUNDATION REPORT

Mr. Barone:

I would like to read a report from the Research Foundation grants and contracts for the month of May which are shown in the Board Agenda book. There are 121 awards listed which provide a gross income of \$9.2 million.

Funding through eleven months of this fiscal year is 15 percent ahead of the same period last year. All funding sectors except for the "other Federal" category are ahead of last year.

Some highlights of awards are:

\$196,000 from the State to Engineering and Medicine to develop a communication system for persons with speech and hearing impairments.

\$60,000 from the National Science Foundation to the Department of Industrial and Systems Engineering for research on precision machining.

\$42,000 from the National Science Foundation to the Department of Political Science to study the impact of organized lobbying efforts on Federal Judicial Nominations.

\$32,000 from the National Science Foundation to Agriculture to study the geography of high technology industry in Japan.

This concludes my report. If there are any questions, Dr. Jack Hollander is available to answer any specific questions you may have. This is your last opportunity, I understand, to ask Jack.

July 7, 1989 meeting, Board of Trustees

RESEARCH FOUNDATION REPORT (contd)

Mr. Berry:

You want to make it easy on his last time.

Mr. Barone:

At this time I would like to present an expression of appreciation for Jack M. Hollander. He has been very successful in getting these research projects. I feel honored to have worked with Jack over this period of time. Just to be associated with him, slightly, has enhanced my knowledge about what research is going on at this University.

EXPRESSION OF APPRECIATION

Resolution No. 90-1

WHEREAS Jack M. Hollander joined The Ohio State University in 1983 as Vice President in Research and Graduate Studies and;

WHEREAS the execution of his duties Jack Hollander has rendered exemplary leadership on behalf of The Ohio State University, and

WHEREAS Jack M. Hollander has dramatically improved the level and type of research being conducted at the University, and

WHEREAS Dr. Hollander has enriched the University through his intellect, resourcefulness, dedication and ingenuity and has brought credit to the area of research and graduate studies, and;

WHEREAS Dr. Hollander recently expressed his desire to retire from his appointment within the University;

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees here by expresses its gratitude to Dr. Jack M. Hollander for his support of The Ohio State University his contribution to our continuing growth and excellence, and convey its best wishes for his future success.

Upon motion of Mr. Barone, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mr. Berry:

Jack, we wish you well, and we are sorry to see you leave us. You certainly have our best wishes for the future and we will be thinking of you.

Dr. Hollander:

Thank you, very much. It has been a wonderful six years of growth and excellence here at the University, for me working with all of you and the entire Ohio State family. I think the one word I could use to describe it is joy. I had a very joyful time, and I will long remember it. And I will be back. Thank you.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Hospitals Board's Executive Committee met on Thursday, June 29. We reviewed the current medical staff issues and endorsed the candidates for medical staff appointments and reappointments. There are over 1,000 names in our board book. Dr. Kathryn Clausen made her final report as Chief of Staff and the Board presented her with a framed resolution showing our gratitude for her leadership.

Mrs. Kate Bradford, the retired President of the Service Board presented her annual report of this group, which really in many ways adds the human element to the Hospitals treatments of its patients. She also got an award to commemorate her service. Dr. Kramer announced the committee appointments for the coming year.

Mr. Purcell reviewed the Hospitals financial statement for the month of May, which I might say reflected a loss of some \$400,000 in terms of current operations. At this point, the Hospitals are showing a \$2 million loss for the year, which is in excess of what should have been anticipated by the fact that we don't have the Cancer Hospital. Mr. Purcell also reported that 3 of 4 disputed issues with regard to Medicaid reimbursements have been conceded by the government resulting in a \$675,000 adjustment for the Hospitals' fiscal 1985. Which demonstrates, again, one of the problems with the Hospitals funding. There was a subsequent discussion of how these pending settlements will be carried on the Hospitals financial reports.

Mr. Purcell also reported that as a result of negotiations with the State, the University Hospitals had achieved a four-year agreement with the Department of Corrections for the provision of health-care services which is far more favorable than the contract in a previous period.

Mr. Purcell reviewed the aging and source of University Hospitals receivables. There was considerable discussion of the billing and collection strategies which are now being adopted. I think it is now probable that we will bring the procedures at least into the early 20th century. I am happy to say that the receivables were reduced by some three days in the past month, so we are now down to 93 days. Regular progress reports are going to be continuing on this. As I told you last time, we do indeed have a plan now for the reduction of the days of receivables.

Mr. Jackson gave a status report on the various projects designed to facilitate the flow of traffic into and away from the Medical Center, and the problems in terms of getting people on and off of 315 are almost mind boggling.

We heard a report from the new Acting Development Director for the Hospitals, Bruce Pontious. And the Hospitals Board concluded with one more resolution in recognition of Dr. Ernie Johnson's thirty years of service as the Chairperson of the Department of Physical Medicine.

And that completes my report, Mr. Chairman.

--0--

July 7, 1989 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee met this morning and reviewed the proposed reaffirmation of three Board of Trustees resolutions:

**AUTHORIZATION FOR DESIGNATED OFFICIALS TO
BUY, SELL, ASSIGN AND TRANSFER SECURITIES,
TO DEPOSIT OR WITHDRAW FUNDS FROM BANK ACCOUNTS,
AND TO DESIGNATE DEPOSITORIES**

Resolution No. 90-2

Synopsis: The Investments Committee recommended the reaffirmation of Board of Trustees Resolution No. 89-33 (September 2, 1988), which authorized designated officials to buy, sell, assign and transfer securities, to deposit or withdraw funds from bank accounts held in the name of The Ohio State University, and to designate depositories.

WHEREAS designated officials of the University buy, sell, assign and transfer stocks, bonds and other financial instruments owned by The Ohio State University; and

WHEREAS various financial institutions are designated as depositories for The Ohio State University; and

WHEREAS accounts at various financial institutions are opened and maintained in the name of The Ohio State University:

NOW THEREFORE

BE IT RESOLVED, That the Vice President for Business and Administration and/or the Treasurer be authorized and empowered to buy, sell, assign and transfer any and all stocks, bonds, evidences of interest and/or indebtedness, rights and options to acquire or to sell the same, and all other securities corporate or otherwise, standing in the name of or belonging to The Ohio State University in any capacity; and

BE IT FURTHER RESOLVED, That the Vice President for Business and Administration and/or Treasurer be authorized and empowered to designate various financial institutions as depositories for The Ohio State University and open and maintain accounts at various financial institutions in the name of The Ohio State University; and

BE IT FURTHER RESOLVED, That the Vice President for Business and Administration and/or the Treasurer be authorized, on behalf of The Ohio State University and in its name, to sign checks, drafts, notes, bills of exchange, acceptances or other orders for the payment of money from said accounts; to endorse in writing or by stamp checks, notes, bills, certificates of deposit or other instruments owned or held by this University for deposit in said accounts or for collection or discount by said banks; to accept drafts, acceptances, and other instruments payable to said banks; to waive, demand, protest, file notice of protest, or dishonor any check, note, bill, draft or other instrument made, drawn or endorsed by the University.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

July 7, 1989 meeting, Board of Trustees

**AUTHORIZATION FOR THE TREASURER OF THE UNIVERSITY TO
SERVE AS TRUSTEE FOR UNITRUSTS AND ANNUITY TRUSTS**

Resolution No. 90-3

Synopsis: The Investments Committee recommended the reaffirmation of Board of Trustees Resolution No. 89-35 (September 2, 1988), which authorized the Treasurer of The Ohio State University to serve as Trustee for Unitrusts and Annuity Trusts.

WHEREAS The Ohio State University Development Fund has requests from potential donors to the University or their designee to serve as Trustees of charitable remainder unitrusts or charitable remainder annuity trusts in order to minimize the expense of the trust by not having a bank serve as Trustee:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer of The Ohio State University be and is hereby authorized to serve as Trustee for any charitable remainder unitrust and charitable remainder annuity trust in which The Ohio State University is the charitable remainder beneficiary; and to execute as Trustee and on behalf of the University, any and all documents approved by University legal counsel, which are required to complete such gifts.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**APPOINTMENT OF TRUSTEES FOR POOLED
INCOME TRUST FUNDS I, II, III AND IV**

Resolution No. 90-4

Synopsis: The Investments Committee recommended the reaffirmation of Board of Trustees Resolution No. 89-36 (September 2, 1988), which authorized the Vice President for Finance, the Treasurer and the Development Fund Director of Trusts and Estates of The Ohio State University to serve as Trustees for Pooled Income Funds I, II, III and IV.

WHEREAS the Board of Trustees by actions of December 4, 1970, September 10, 1976, September 7, 1979, and November 4, 1983, established Pooled Income Funds I, II, III and IV, respectively, as convenient means for University benefactors to contribute financial support to the University and at the same time retain income during their lifetime:

NOW THEREFORE

BE IT RESOLVED, That the Vice President for Finance, the Treasurer and the Development Fund Director of Trusts and Estates of The Ohio State University be and are hereby authorized and appointed to serve as Trustees for donors transferring property to the University's Pooled Income Funds I, II, III and IV; each to serve at the pleasure of the Board of Trustees in accordance with the terms of the instruments establishing Pooled Income Funds I, II, III and IV.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

July 7, 1989 meeting, Board of Trustees

**APPOINTMENT OF INVESTMENT ADVISORS
AND REAPPOINTMENT OF INVESTMENT ADVISORS**

Resolution No. 90-5

Synopsis: The Investments Committee recommended the Appointment of Investment Advisors and Reappointment of Investment Advisors.

WHEREAS it is the policy of The Ohio State University to utilize the services of external Investment Advisors to assist in the management of the University's Endowment Fund; and

WHEREAS the Investments Committee of the Board of Trustees periodically reviews the results obtained by named external Investment Advisors and the amount of funds assigned to each of them; and

WHEREAS it is prudent investment policy to adjust the mix and amounts of money assigned to external Investment Advisors as economic conditions change; and

WHEREAS the Investments Committee has directed the Treasurer to maintain an initial amount of \$10,000,000 of the Endowment Fund in long term United States Government or Agency securities under the University Investments Policy; and

WHEREAS the number of external Investment Advisors and the amount of funds assigned to them shall be determined by the Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That upon the recommendation of the Investments Committee of the Board of Trustees the following named external Investment Advisors shall be appointed and the following named external Investment Advisors shall be reappointed to counsel in the management of Endowment Fund investments totaling the initial amounts indicated:

Boatmen's Trust Company	\$20,000,000
Cambridge Financial Group, Inc.	\$ 1,000,000
The Chicago Corporation	\$17,500,000
Duff and Phelps Investment Management Company	\$10,000,000
W.R. Lazard and Company (Domestic Index Fund) (New Appointment)	\$10,000,000
R. Meeder and Associates, Incorporated (Small Capitalization Index Fund) (New Appointment)	\$15,000,000
Neuberger & Berman Mutual Funds:	
Guardian Fund	\$ 2,000,000
Partners Fund	\$ 1,000,000

July 7, 1989 meeting, Board of Trustees

**APPOINTMENT OF INVESTMENT ADVISORS
AND REAPPOINTMENT OF INVESTMENT ADVISORS (contd)**

Nicholas-Applegate Capital Management	\$10,000,000
Siebel Capital Management, Incorporated	\$13,500,000
STW Fixed Income Management, Incorporated	\$20,000,000
Wells Fargo Investment Advisors (Standard and Poor 500 Index Fund) (New Appointment)	\$30,000,000
Wells Fargo Investment Advisors (International Equity Index Fund) (New Appointment)	\$10,000,000

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution with six affirmative votes cast by Messrs. Berry, Teaford, Barone, and Kessler, and Mrs. Bowser and Ms. Casto, and a negative vote cast by Amb. Wolf.

Amb. Wolf:

Let me just add that the reasons for my negative vote were announced at the meeting of the Investments Committee and make my comments of that meeting a part of this record. "I am opposing this resolution on the basis that I am new to this committee and do not feel comfortable moving the money out of the money market when it might be better to wait a month or two."

--0--

Mr. Kessler:

We also reviewed and discussed a report on the returns on investment for Endowment Properties presented by Mr. Nichols. And this was followed by a review of the University's land uses and boundaries. That concludes my report.

(See Appendix I for complete text of The Ohio State University Endowment Summary, June 16, 1989, page 105.)

(See Appendix II for the chart on The Ohio State University Endowment Fund Property, as of June 20, 1989, page 117.)

--0--

ACADEMIC AFFAIRS COMMITTEE

Ms. Casto:

The Academic Affairs Committee is recommending for approval the following resolutions:

July 7, 1989 meeting, Board of Trustees

Renaming of College

Background

Faculty in the College of Home Economics propose to change the name of the college to the College of Human Ecology. This proposal is in keeping with the progress of forward looking research institutions throughout the nation. The proposed change should not be construed as a rejection of home economics as it was originally conceived, but as one which will preserve the conceptual base on which our field was developed while, over time, freeing us from the impediment of the stereotype associated with our present name. Moreover, the proposed name reflects the human ecological perspective that characterizes our research and instructional efforts.

The primary purpose of an administrative name is to accurately reflect the programs of a unit and project an image congruent with the goals and mission of the college and the university. A name change also implies a modification in activity, such as changes that have occurred within programs, and reflects an active rather than reactive orientation. A name change draws attention to a unit, and provides an opportunity to explain its function and highlight its unique contributions to teaching, research, and service. Finally, a name change demonstrates the ability to adapt to changing college, university, and societal roles, norms, and expectations.

RENAMING OF COLLEGE

Resolution No. 90-6

Synopsis: The Academic Affairs Committees recommended the approval of the renaming of the College of Home Economics to the College of Human Ecology.

WHEREAS the proposed name change of the College of Home Economics to the College of Human Ecology has been approved by the faculty of the College of Home Economics and by the Council on Academic Affairs; and

WHEREAS the proposed name, Human Ecology, is the name adopted by comparable units in leading institutions in the United States and Canada; and

WHEREAS the proposed name provides a conceptual framework for the mission and curriculum of the College; and

WHEREAS a name change will enhance the College's ability to recruit high quality faculty, to enroll a diverse student body, and to compete for external funds; and

WHEREAS no changes to the College's curriculum or mission are intended with the proposed name change; and

WHEREAS the University Senate approved the renaming of the College of Home Economics on June 3, 1989:

NOW THEREFORE

BE IT RESOLVED, That the proposal to change the name of the College of Home Economics to the College of Human Ecology, effective immediately, is hereby approved.

July 7, 1989 meeting, Board of Trustees

RENAMING OF COLLEGE (contd)

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

ABOLITION/CREATION OF DEPARTMENT

Resolution No. 90-7

Synopsis: The Academic Affairs Committee recommended the approval of the abolition of the Department of Food Science and Nutrition and the creation of the new Department of Food Science and Technology.

WHEREAS the proposed abolition of the Department of Food Science and Nutrition, and the creation of the new Department of Food Science and Technology has been approved by faculty in the College of Agriculture and by the Council on Academic Affairs; and

WHEREAS the unification of the food programs is in keeping with a national trend in which virtually all other leading institutions have developed unified programs; and

WHEREAS a review of the Department of Food Science and Nutrition by the Cooperative State Research Service, U.S. Department of Agriculture, recommended that all food science and technology programs be brought together; and

WHEREAS the new Department will be able to attract more highly qualified graduate students and faculty, and to compete for external funds; and

WHEREAS the new Department will provide Ohio State with the faculty and resources necessary to become a leader nationwide in food programs; and

WHEREAS the University Senate approved this proposal on June 3, 1989:

NOW THEREFORE

BE IT RESOLVED, That the proposal to abolish the Department of Food Science and Nutrition and establish the Department of Food Science and Technology, effective October 1, 1989, is hereby approved.

Upon motion of Ms. Casto, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

ABOLITION/CREATION OF DEPARTMENT

Resolution No. 90-8

Synopsis: The Academic Affairs Committee recommended the approval of the abolition of the Department of Romance Languages and Literatures and the creation of the Department of French and Italian and the creation of the Department of Spanish and Portuguese.

July 7, 1989 meeting, Board of Trustees

ABOLITION/CREATION OF DEPARTMENT (contd)

WHEREAS the faculty of the Department of Romance Languages and Literatures, the College of Humanities and the Council on Academic Affairs have approved the abolition of the Department of Romance Languages and Literatures and the creation of a Department of French and Italian and a Department of Spanish and Portuguese; and

WHEREAS the March 1988 report of the External Review Committee for the Department of Romance Languages and Literatures states that "the current administrative arrangement will not allow growth and development and that it is in the best interests of all concerned to divide into two departments: a Department of French and Italian and a Department of Spanish and Portuguese"; and

WHEREAS the proposed structure follows a national trend to separate the languages in response to the different directions in social, political, and cultural currents in each area, and also gives support to the development of new thrusts (e.g., Latin American Studies, Caribbean Studies); and

WHEREAS all faculty within the current Department of Romance Languages and Literatures have agreed to their new Tenure Initiating Unit (TIU); and

WHEREAS the University Senate approved this proposal on June 3, 1989:

NOW THEREFORE

BE IT RESOLVED, That the proposal to abolish the Department of Romance Languages and Literatures and establish the Department of French and Italian and establish the Department of Spanish and Portuguese, effective July 1, 1989, is hereby approved.

Upon motion of Ms. Casto, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 90-9

Synopsis: The Academic Affairs Committee recommended the approval of the creation of a new rule 3335-9-16 and amendments to rules 3335-7-21, 3335-9-14, and 3335-9-18, and of the Rules of the University Faculty.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on June 3, 1989, as follows:

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

NEW RULE

3335-9-16 Administrative holds.

- (A) With the approval of the vice provost for student affairs, an administrative hold may be placed on the records or accounts of any person who fails to comply in a reasonable period of time with an obligation imposed under university rules or who has an overdue debt or fine. An administrative hold will cause certain services to be withheld, including, but not limited to: obtaining current quarter grades, registering or enrolling, being certified as eligible to obtain a degree or certificate, receiving a transcript, borrowing books or equipment, or participating in discount plans available to faculty, staff, or alumni.
- (B) The unit originating an administrative hold on the records or accounts of any person shall notify the person in writing of the obligation that is overdue by providing another itemized billing or list of actions requested, specifying when the administrative hold will become effective, and indicating the name and method of contacting an individual who can provide additional information.
- (C) Any disputes concerning the legitimacy of a hold or its processing will be resolved by the university registrar.

AMENDED RULES

3335-7-21 Marks.

- (A) through (H) unchanged.
- (I) "P" - progress

This mark is used to indicate that the student has shown satisfactory progress in a series or sequence of courses where the mark is not recorded until the final quarter, semester, or session of the series or sequence is completed. Until such time as a final mark is recorded, the mark of "P" shall be given and the credit shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-7-26 of the Administrative Code. When a final mark is submitted by the instructor, all previous "P" marks shall assume and be recorded with the value of this final mark.

3335-9-14 Time of registration and payment of fees; penalties.

- (A) Unchanged.
- (B) Students whose fees are paid under contract with a third party will be held responsible for payment if the third party defaults or the contract is terminated.
- (C) All fees, including penalties, must be paid on or before the fourteenth day after classes begin each quarter, semester, or session. The university reserves the right to refuse registration if fees are not paid by the date on which they are due. Individual exceptions to this provision may be made only upon the approval of the vice provost for student affairs or designee.

Balanced unchanged.

July 7, 1989 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

3335-9-18 Return of fees.

(A) through (D) unchanged.

(E) In order to be eligible for the listed refund, the student's record and account must be free of any administrative hold (see rule 3335-9-16 of the Administrative Code). The student must present to the office of fees and deposits, within the time specified in paragraphs (B), (C), and (D) of this rule, written permission to withdraw, signed by the dean of the student's college and surrender the university-issued identification card.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

HONORARY DEGREES

Resolution No. 90-10

Synopsis: The Academic Affairs Committee recommended the approval for awarding two honorary degrees.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of honorary degrees as listed below:

Gertrude B. Elion

Doctor of Science

Gertrude B. Elion, the recipient of the 1988 Nobel Prize in Physiology or Medicine shared with Dr. George Hitchings and Sir James Black, has been involved for over forty years in the investigation of purines and purine analogs as chemotherapeutic agents. Working in collaboration with Dr. Hitchings, she synthesized a large number of purines, including 6-mercaptopurine and thioguanine, and investigated their loci of action in micro-biological systems. 6-Mercaptopurine (6-MP) became the first purine antagonist to be useful in the treatment of acute lymphoblastic leukemia of children. Her 1954 paper which quantified the synergistic effects of purine antagonists with pyrimidine and folic acid antagonists has become a classic in the field.

Through studies of the metabolic fate of the thiopurines in vivo, Elion found explanations for some of the differences in their antitumor effectiveness in animals and man. These studies led her to the synthesis and study of azathioprine which she found to be a pro-drug for 6-MP in vivo. Azathioprine, because of its immunosuppressive properties, is now a mainstay in preventing rejection of kidney transplants.

Another product of her studies in purine metabolism was the finding that allopurinol could act as an effective xanthine oxidase inhibitor in vivo, resulting in a useful treatment for gout and other forms of hyperuricemia.

HONORARY DEGREES (contd)

Gertrude B. Elion (contd)

The most recent accomplishment of Elion and her group has been the discovery of the mechanism of action and selectivity of the antiherpetic agent, acyclovir, 9-(2-hydroxyethoxymethyl) guanine. Acyclovir was found to be non-toxic to normal cells but to be activated by a herpesvirus-specific thymidine kinase to a nucleotide, which after intracellular conversion to a triphosphate is a selective inhibitor of the viral DNA polymerase. She led the investigations on the absorption, distribution, metabolism and other biological properties of the drug necessary for its most efficient clinical use. Acyclovir has proven to be highly effective in the treatment of mucocutaneous herpes, genital herpes, herpes encephalitis and varicella zoster virus infections. Dr. Elion's group have also been involved in development of AZT, a life prolonging drug for victims of AIDS.

Dr. Elion has received numerous honors including honorary doctoral degrees from Brown University in 1969, George Washington University in 1969 and the University of Michigan in 1983. She currently is Scientist Emeritus from the Wellcome Research Laboratories, Research Triangle, North Carolina. However, she continues to be active in many national organizations, editorial boards and on the National Cancer Advisory Board for the National Cancer Institute.

Stanley E. Harrison

Doctor of Humane Letters

Mr. Stanley E. Harrison continues a career of extraordinary accomplishment in business and in civic and community affairs. His contributions to business are illustrated in his management genius in lifting a \$4 million per year high technology consulting organization to an expenditure rate of over \$250 million annually. His leadership in civic and community affairs has covered a wide spectrum of accomplishments exemplified by the advances in higher education in the Commonwealth of Virginia through programs conceived and championed by Mr. Harrison while a member and chairman of the Virginia Council of Higher Education (the Virginia model of Ohio's Board of Regents). The National Center for the Performing Arts operated by the Wolf Trap Foundation provided a sharp focus for Mr. Harrison's civic leadership. These, among numerous other personal accomplishments, cause Stanley Harrison to stand out as one of very few individuals whose career has had such a positive impact by so many widely diverse populations.

An Ohio State alumnus, Stanley E. Harrison is a native of Gallipolis, Ohio. Following a four-year tour with the U.S. Air Force, Mr. Harrison enrolled in electrical engineering at Ohio State and graduated with honors in 1958. He later earned a Masters Degree in Electrical Engineering from the University of New Mexico. During his professional career he has been associated with Battelle Memorial Institute, Sandia Laboratories, Martin-Marietta Corporation, and The BDM Corporation. At BDM, he advanced rapidly from research engineer, program manager, director of R&D, to director of operations, executive vice president, and then to president and chief operating officer. The BDM team, comprised of some 4000 persons, provides contract research and consulting services to government agencies, multinational industries and international clients.

While playing a major role in BDM's remarkable success, Mr. Harrison has served on the boards of numerous civic, arts and educational organizations as either an officer or as chair. These organizations include the Wolf Trap Foundation for the Performing Arts, Council of Higher Education for the Commonwealth of Virginia, Task Force on Science and Technology for Virginia, Committee for Tomorrow for Ohio State's College of Engineering, National Finance Council and Business Council of the Democratic National Committee, Crime Stoppers, Washington Dulles Task Force, and American Defense Preparedness Association.

July 7, 1989 meeting, Board of Trustees

HONORARY DEGREES (contd)

Stanley E. Harrison (contd)

He has also been a trustee of Western Maryland College, Rio Grande College, Shenandoah College and Conservatory of Music. While many citizens have dedicated much of their adult lives to community and charitable causes, seldom is a person so actively involved in such endeavors while they are building a company which will become one of the world's pacesetters in utilizing high technology and analytical and planning methods. But, Stanley Harrison gives not just his name but his organizational genius, creative thinking, and unselfish commitment to the institutions in which he believes. Clearly, Mr. Harrison is a person who has very broad interests, a compassion for people, an uncanny ability to work within our American institutions, and a sense of commitment for human progress. He has the talents and the willingness to invest himself in worthy causes and the dedication to stay with a project until his efforts have made a difference. Based on his technical and managerial achievements alone, Mr. Harrison is most deserving of an honorary degree. He is an achiever among professional people. When his unstinting services to civil and community organizations and to his fellow human beings are added, Mr. Harrison's career exemplifies the highest ideals of the University and has brought extraordinary distinction to himself and to his alma mater. Few graduates are more deserving of this high honor.

NOW THEREFORE

BE IT RESOLVED, That honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

DEGREES AND CERTIFICATES - SUMMER QUARTER COMMENCEMENT

Resolution No. 90-11

Synopsis: The Academic Affairs Committee recommended the approval of Degrees and Certificates for Summer Quarter.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on August 31, 1989, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

Upon motion of Ms. Casto, seconded by Mr. Barone, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

July 7, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS

Resolution No. 90-12

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the June 2, 1989 meeting of the Board, including the following Promotion, Change in Title, Appointment of Chairpersons of Departments and Division and Director of School, Reappointment of Chairpersons and Directors of Academic Faculty, Departments, Divisions and Schools, Leaves of Absence Without Salary, Leave of Absence Without Salary--Change in Dates, Leave of Absence Without Salary--Continuation, Professional Improvement Leave, Professional Improvement Leaves--Cancellation, Professional Improvement Leaves--Change in Dates, Promotions/Tenure, and Emeritus Titles as detailed in the University Budget be approved, and the 1989-90 Medical Staff Appointments/Reappointments approved June 29, 1989, by the Hospitals Board be ratified.

Promotion

Name: RANDALL D. AYERS
Title: Men's Head Basketball Coach
Department: Athletics
Effective: July 3, 1989
Salary: \$75,000.00
Present Position: Assistant Coach--Major, Basketball

Change in Title

Name: JAMES R. WARMBROD
Title: Acting Vice President and Dean
Office/College: Agricultural Administration/Agriculture
Effective: July 1, 1989
Salary: N/A
Present Position: Acting Associate Dean, Agricultural Administration and Professor, Department of Agricultural Education

Appointment of Chairpersons of Departments and Division and Director of School

July 1, 1989 through June 30, 1990

Division of Pharmaceutics and Pharmaceutical Chemistry Sylvan G. Frank*

July 1, 1989 through June 30, 1993

School of Health, Physical Education and Recreation Dorothy M. Zakrajsek

October 1, 1989 through September 30, 1990

French and Italian Charles G. Williams*
Spanish and Portuguese Josephat B. Kubayanda*

*Acting Chairperson/Director

July 7, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment of Chairpersons of Departments and Division and Director of School (contd)

October 1, 1989 through September 30, 1993

Electrical Engineering
Family and Community
Sociology

Daniel B. Hodge
Mary G. MacVicar
Krishnan Namboodiri

Reappointment of Chairpersons and Directors of Academic Faculty, Departments, Divisions, and Schools

July 1, 1989 through June 30, 1990

Academic Faculty of Labor Education and
Research Services
Family Medicine
Horticulture
School of Music
School of Natural Resources
Preventive Medicine

Susan L. Josephs*
Patrick J. Fahey*
Steven M. Still*
Donald Harris*
John F. Disinger*
Douglas A. Rund*

July 1, 1989 through June 30, 1992

Division of Medicinal Chemistry and
Pharmacognosy

Duane D. Miller

July 1, 1989 through June 30, 1993

School of Architecture
Division of Mining Engineering

Jerrold R. Voss
George R. St. Pierre

*Acting Chairperson/Director

Leaves of Absence Without Salary

AMY E. SHUMAN, Associate Professor, Department of English, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a Guggenheim Fellowship.

JOSEPH T. ZEIDAN, Assistant Professor, Department of Judaic and Near Eastern Languages and Literatures, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a National Endowment for the Humanities grant at the American Research Center in Cairo, Egypt.

Leave of Absence Without Salary--Change in Dates

LINDA A. MIZER, Assistant Professor, Department of Veterinary Anatomy and Cellular Biology, change dates from April 13, 1989 through June 14, 1989, to April 13, 1989 through June 4, 1989.

July 7, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Leave of Absence Without Salary--Continuation

CAROL D. AUSTIN, Associate Professor, College of Social Work, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to continue as Director of the Ohio Department of Aging.

Professional Improvement Leave

DAVID L. BOGGS, Associate Professor, Department of Educational Studies, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

Professional Improvement Leaves--Cancellation

E. REID GILBERT, Associate Professor, Department of Theatre, effective Autumn Quarter 1989 and Winter Quarter 1990.

VIRGINIA E. RICHARDSON, Associate Professor, College of Social Work, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990.

Professional Improvement Leaves--Change in Dates

JOHN C. HUNTINGTON, Professor, Department of History of Art, change leave from Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

STEPHEN V. TRACY, Professor, Department of Classics, change leave from Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to Autumn Quarter 1990, Winter Quarter and Spring Quarter 1991.

Promotions and Tenure

COLLEGE OF BIOLOGICAL SCIENCES

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

Kathleen E. Kendrick, Microbiology, effective 10/1/89

Richard P. Swenson, Biochemistry, effective 10/1/89

COLLEGE OF BUSINESS

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

Robert L. Heneman, Management & Human Resources, effective 10/1/89

COLLEGE OF DENTISTRY

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

William M. Johnston, Restorative and Prosthetic, effective 7/1/89

July 7, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Promotions/Tenure (contd)

COLLEGE OF DENTISTRY (contd)

PROMOTION TO ASSOCIATE PROFESSOR with TENURE (contd)

John F. Sheridan, Oral Biology, effective 7/1/89

COLLEGE OF EDUCATION

PROMOTION TO PROFESSOR

Jack Naglieri, Educational Services, effective 10/1/89

TENURE

Ronald L. Jacobs, Educational Studies, effective 1/1/91

COLLEGE OF ENGINEERING

PROMOTION TO PROFESSOR

Manjula B. Waldron, Engineering Graphics, effective 10/1/89

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

Fabian C. Hadipriono, Civil Engineering, effective 10/1/89

Stephen Yurkovich, Electrical Engineering, effective 10/1/89

UNIVERSITY LIBRARIES

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

Dona Sue Straley, effective 7/1/89

COLLEGE OF MEDICINE

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

Curtin G. Kelley, Ophthalmology, effective 7/1/89

Sally V. Rudmann, Allied Med, effective 10/1/89

TENURE

James Bova, Radiology, effective 1/15/91

July 7, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Promotions/Tenure (contd)

**COLLEGE OF MEDICINE
REGULAR CLINICAL FACULTY**

PROMOTION TO ASSOCIATE PROFESSOR of CLINICAL RADIOLOGY

Lucy Freedy, effective 7/1/89

REAPPOINTMENTS

ASSISTANT PROFESSOR

Thomas Bullock, Preventive Medicine, effective 9/1/90

John V. Gaueman, Preventive Medicine, effective 1/1/90

COLLEGE OF VETERINARY MEDICINE

PROMOTION TO ASSOCIATE PROFESSOR with TENURE

Gay Y. Miller, Preventive Medicine, effective 7/1/89

Daniel D. Smeak, Clinical Sciences, effective 7/1/89

Maxey Lee Wellman, Pathobiology, effective 7/1/89

July 7, 1989 meeting, Board of Trustees

RESOLUTION IN MEMORIAM

Resolution No. 90-13

Synopsis: The Academic Affairs Committee recommended the approval of a Resolution in Memoriam for Frances F. Hinman.

RESOLVED, That the Board adopt the following Resolution in Memoriam and that the President be requested to convey a copy to the family of the deceased.

Frances F. Hinman

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 20, 1989, of Frances F. Hinman, Instructor Emeritus in the Cooperative Extension Service.

Frances Hinman was born on February 11, 1911, in Osage, Iowa. She received her B.A. in Home Economics Education from Iowa State University in 1940; then spent two years as a Home Economics and English teacher in Bancroft, Iowa. Mrs. Hinman began her Extension experience when she joined the faculty at The Ohio State University in 1962 as an Assistant Instructor in Portage County. She assumed the responsibilities of a County Extension Agent, Home Economics in 1963 and continued in this position until her retirement in 1980, at which time she was named Instructor Emeritus in 1980.

Mrs. Hinman was an active member of garden groups, the Farm Bureau organization and she served on the county board of trustees. Her contributions in providing excellent Extension educational programs during her career earned her the respect and admiration of her co-workers and many thousands of Ohio citizens throughout the length and breadth of Portage County.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to the family of Frances Hinman. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Ms. Casto, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Barone:

Mr. Chairman, the Student Affairs Committee met this morning and we are honored to have Dr. Louise Douce who gave a summary of Counseling and Consultation Center and what we expect in counseling at Ohio State University. I believe that everybody that was present was amazed at what Dr. Douce is doing here at Ohio State University in counseling. They offer students individual counseling for career planning, for personal or social problems that they may have, and counseling for couples. Group counseling is available for career information and planning, more effective use of academic potential, test taking anxiety, effective study, participation in short term and ongoing groups and workshops which focus on a variety of topics. I was amazed to find out that Ohio State University faculty are entitled to the same counseling services. Also, the Ohio State graduates, on a much shorter basis, are

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Barone: (contd)

invited to come in and participate. Dr. Douce is most interested in bringing out these things. It is probably one of the busiest areas in the University. Since we are one of the largest universities, the counseling and the area in which the counseling is done is, of course, very limited. They are short on counselors and there is somewhat of a waiting period which she tries to eliminate. Under the circumstances she works with, and the function which she performs in helping the students, graduate students faculty, and even past graduate students, I wish to report she is doing an excellent and tremendous job.

Mrs. Bowser:

This is academic counseling?

Mr. Teaford:

No, this is all psychological counseling. She has ten psychologist on staff and 20 graduate students in psychology who work on her staff as well.

President Jennings:

Not to suggest that all of these cases are serious mental illness. A lot of them are the normal problems that young people have.

Mr. Teaford:

In fact, they refer out all serious cases. They refer them to the medical facility.

Mr. Barone:

She has also been working with groups in the AIDS program and counseling on AIDS.

Mr. Teaford:

Dr. Douce said that it is reported that the national average among college students is 1 out of 300 are HIV positive.

President Jennings:

In Ohio, and nobody quite knows why, we have a larger incident per capita of AIDS at the 16-24 year olds group in the nation. Nobody quite knows why, but our incidents of AIDS in central Ohio is higher, that is not just Ohio State.

Mr. Barone:

She also stated that the staff now has national reputation, and that Ohio State University is probably one of the leaders in counseling of all the universities. I think we all should be proud of the results she has had with these students. I want this Board to know that because I had no idea that we had a a counseling program of this capacity here at the Ohio State University. Any more questions?

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Berry:

Could I say something, Mr. Chairman? In that regard, about a month ago I was in another meeting of another sort and they showed a film -- I am going to say it was produced by the University of Virginia, but I may be incorrect on the school. It was about a 15 minute film on AIDS and college students. It was quite an effective film. If you would like for me to get a hold of a copy, I would be glad to follow up on it. This was a film that was shown wide-spread to the student body. It was quite effective.

President Jennings:

We have similar activities in our summer orientation program where these students come in and there is an orientation period devoted to AIDS and AIDS education, as well as substance abuse.

Mr. Barone:

Thank you, Mr. Chairman. At this time I would like to call for the report of the Interprofessional Council by Steve Dibert.

Mr. Steve Sloan:

Hi, I am Steven Sloan not Steve Dibert. I guess that is getting kind of common now. Steve is looking forward to next year because he will have a more flexible schedule and will be able to go to more of these meetings. I am also looking forward to next year. This past school year I always seemed to face a choice, I could study and or I could pay bills and do paper work. Since I hate paper work, I studied. I studied so much, as a matter of fact, my performance was so noteworthy, now I have several collection agencies interested in me. Thanks, I hope my creditors are as good humored as you are.

Today, I thought that instead of talking about the IPC, I would instead talk about our constituents, that is the professional students. We recently visited each professional school and we asked and asked, until we finally found someone who could help us, for information about just a couple of students -- their most highly decorated students, as I would like to say. Of course, they assured me that all of their students were excellent and worthy of recognition. But, we persisted in our request for just a few students that the school itself was proud of. In fairness to their concerns, you should be informed that each school has more than just a couple of students worthy of recognition. In a somewhat arbitrary manner we took what the schools gave us and selected just one student from each school to mention.

You will see the professional students excel in their profession, in research activities, and also in service, both at a national and an international level. In no particular order I will go through each of these students. In the Veterinary School's Linda Lehmkuhl won first place in a national Hills Nutrition competition as well as the IAM's Paw Print Award, which actually looks like a paw. The Law School's Mimi Dane, who is the Editor and Chief of their law journal was selected and accepted a position as a Clerk for U.S. District Court Judge Lewis Pollack, in the Easter District of Pennsylvania. Judge Pollack is noted for his success in having several of his Clerks go onto clerk for the Supreme Court of the U.S. So the Law School is very happy about that. The Optometry School's Mark Fenton, who is a third year student, is

July 7, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Sloan: (contd)

going to Kenya this summer with the Students Voluntary Optometrical Service for Humanity, also known as S-VOSH. He will fit people in Kenya with glasses that have been donated here in the States. The Dental School's Donald Morgan presented his research at the National Meeting of American Association for Dental Research. He also was selected to compete in the students clinical competition of the American Dental Association. The Medical School's Shaila Patel, a classmate of Sophia's and mine, was selected for a one year research fellowship at the Howard Hughes Medical Institute at the National Institutes of Health. Last year only 34 medical students were selected for this in the United States.

I would like to thank the various people who helped me: Terry Camelford from the Veterinary School; Associate Dean for Admissions Jack Henderson from the Law School; Associate Dean Jack King from the Optometry School; Pat Burkhart from Alumni Affairs; and Dr. Clayman both of the Dental School, and Donna Cavell of the Medical School. I would also like to thank the student for their excellence.

That would have concluded my report except that earlier today I heard that the Board passed a tuition increase. For professional students whose tuition is increasing at a fairly rapid rate, I just wanted to make a few comments. First of all we are disappointed in that. Obviously that means all of us will go further into debt than we already are. But besides that obvious point, I think it is important to note that this may effect the kind of students who apply for professional schools, in particular minorities and women. I think it may have more adverse effects on those people. Second, it may hurt Ohio State's ability to compete with other schools for keeping Ohio residents in Ohio, because right now one of the main competitive advantages is the price differential. If that continues to decrease, we may lose one of our competitive advantages, certainly not the only. Thank you, that does conclude my report.

Mr. Barone:

Thank you, Steve. At this time I would like to call upon Luke Evans for the Council of Graduate Students.

Mr. Luke Evans:

Good afternoon. Let me begin by saying that we, the officers of the Council of Graduate Students, look forward to representing graduate students here at Ohio State, as well as exercising leadership in the National Association of Graduate and Professional Students during this coming academic year. Ohio State may claim they have the largest graduate school in the nation, but we want to claim it is among the best. Toward this end we will endeavor, along with others at this University, to protect and enhance the quality of both the academic and non-academic aspects of graduate education here at Ohio State. Our aim is not to do so at the expense of other significant groups in the university community. If our efforts are to have merit, they must promote the quality and image of the University as a whole, as well as that of graduate education. Of course, we expect the same consideration from other groups working in the University community.

July 7, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

Our efforts to address the academic aspects of graduate education will continue primarily in our annual programs such as the Autumn Graduate Student Orientation, Winter Workshops on topics of academic and professional concern to graduate students, and a Spring Graduate Research Forum. In addition to CGS programs, we will continue to support and co-sponsor campus events that enhance the academic quality of this University such as the TA Orientation and the TA Workshop Series sponsored by the Center for Teaching Excellence. More on the informal side, we are developing strategies aimed at promoting graduate student mentoring both from faculty and senior graduate students for those currently entering and matriculating through their programs. As far as non-academic aspects in graduate education of concern, we will continue to address such matters as the availability of financial aid, affordable, quality student health insurance for students and their dependents, child care, and rising cost of graduate housing. In regard to pertinent financial aid, we continue to monitor the thinking of Congress on pertinent matters as national service, which on some bills threatens financial aid programs as they currently exist, and efforts to restore the deductibility of interest on educational loans. Many of these student loans amount to the size of small house mortgages that have to be paid back in 10-year periods. Deductibility of interest on educational loans would ease the burden of repayment, and not act as a potential barrier for those who need to further their education.

As for student health insurance, NAGS is currently scheduled to mail its new health insurance plan to graduate students nationwide during the latter half of July. We are currently developing a brochure that would compare the major features of Ohio State's policy with that of NAGS for those students who may have basic question about these policies.

Our summer activities are concentrated around interviewing and appointing graduate students to University committees and preparing our annual graduate student orientation reception. We are dedicated, along with others in the University, toward doing all that we can to assure that new graduate students enter their academic and graduate and associate work with a sense of confidence and enthusiasm. We cannot over emphasize how important it is -- to new graduate students in particular, and the University in general -- to get off to a good start. Finally, contrary to popular belief, I did not grow this beard because Roger had one. I simply got tired of the preppy, yuppy look and decided to look a little closer to my chronological age. Do you have any questions?

Mr. Barone:

Thank you, Luke. The Undergraduate Student Government, David Straub.

Mr. David Straub:

Trustees, Mr. President, distinguished guests, the first thing I would like to do this afternoon is introduce my running mate who I ran with and we went through that USG ordeal of the election process for student government. Bart Deems is back here and he is Vice President of Undergraduate Student Government. Being the last report, I feel I can fill out the remainder of the day til about 5 o'clock, since that it typically when we get off work. I would just like to talk about a few things actually.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

Some of the projects that USG is taking on right now -- or one of the concerns rather -- is an information program to freshmen. And I know we have the freshmen orientation program, but at that time we feel that students are consumed with so much information it is hard for them to decipher what they need to know. Being that we have such a diverse body, we would like to send an information package out to these students. We are in the process currently of sending out a magazine, if you will, of the student leaders around the University. Those will be from the different areas at the University expressing interest in their organizations to those students that may be interested and so on. It is in the rough stages right now, but it is a very important program that we plan on sending to all the incoming freshmen informing them about the activities that they can get involved in.

Another one of the programs that we plan on implementing, through this program with the freshmen, is a parking program. It is a car-pool program that we would like to promote through the student government. Parking is definitely a problem on this campus as we all know. To alleviate some of this we want to set up a data base within the student government office of students that are interested in car-pooling to and from the University. We are coordinating a program with the office of Traffic and Parking so students will be able to link up with each other when departure and arrival times will be similar.

Another program that we have underway is the Student Political Action Committee. Right now at the national level we don't know where political committees will be standing in the near future. But the major concern of the program is to get students actively involved in the voting process, if you will, and involved in the political arena.

In my closing comments I would like to express one of the concerns that I have as a student and as a freshman coming to Ohio State. I came to Ohio State from a high school right in the Central Ohio area and we did not really have a choice in selecting courses. Every quarter a student goes through the process of selecting classes which they will be taking for the quarter, maybe an hour a day or two hours a day, possibly. They receive a package which is a course offering guide, a master schedule, if you will, of the classes that are being offered. As you open it up, it has a list of numbers and times you can take the course. One of the problems I see with this whole system -- and it has its merits -- is that a student has limited information about the course they are taking which. The Course Offerings Handbook has limited information about the classes that a student will be taking in the upcoming quarter, very brief. My analogy with this is that I can find more out about a \$15 blouse at Sears, then I could about a course that I will be spending about an hour a day in at The Ohio State University. That is a definite concern. The information in this publication is inadequate and the students don't have enough information about their instructors. If you were going to invest in a company you would not spend \$500, for example, let's say on IBM -- you would want a little more information than the price of that stock the week before. So you would talk to your broker and read up on it and see tabloids that had information regarding that stock. A student investing \$500 a quarter at the University, which they are doing, has very limited information. The information here is basically the time the course is offered, and possibly the teacher that is teaching the course, and possibly not. One of my goals is to have teacher evaluations published for students so they can have some information about the teachers. I think this can alleviate a lot of this problem. This is just one of the

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

concerns that we have right now. I am kind of passionate towards this issue because the students are passionate about knowing more about their instructors than they do. It is our belief that the instruction is of high quality, but the information and learning styles of students differ. If we could provide this information to the students, then the students will be able to learn at a better rate than they do currently. That basically concludes my report. I hope you have a great afternoon and if you have any questions, I open the floor.

Ms. Davis:

David, I have a question. The teaching evaluations that you have suggested, what is the process behind that. From what I can see and in talking to different students, a good teacher by student definition is a popular one, but isn't necessarily one who really gets across that material in the best way. Most times the difficult teachers, which aren't necessarily the most popular ones, are the best teachers for that material.

David Straub:

Exactly. From my position, I make the assumption that the teachers are of good quality and can teach the information to the students. We assume that is done through the University system in hiring the teachers that they hire. I guess my response is that we assume every teacher teaching Econ 200 is of good stature and a good teacher. It is up to the student then to select the teacher that is better qualified. It is not our job to make sure the best teacher is teaching the most students, but to get the students with the teacher that is best suited for them. I can give you an example. I usually don't talk about this, and I would rather not, but I am a dyslexic student, and I am enrolled in the Office of Disability Services. I learn in a different way than you may learn. Last quarter I had Roger Blackwell who taught Marketing 650. He is a very eloquent speaker and I learned a great deal from him. Other students learn in a different fashion. There is a variation on the learning capabilities of different students. So what this program will do is help get those bumps and ridges out of the selection process and get the students with the teachers that are best qualified. Right now this is at a very beginning stage. As my office only last for 365 days, I see this as a program that may take a lot longer to develop. I just want to bring it to your attention. It is a major concern of mine and the student population. That basically concludes my report. Any other questions?

Mr. Barone:

David, would you sell your evaluation system to the University?

David Straub:

Yes I would. And I would sell it to everyone along the way.

Mr. Barone:

Any other questions?

STUDENT AFFAIRS COMMITTEE REPORT (contd)

President Jennings:

I encourage David and the student government to continue on with this project. First of all, the student evaluations that are used in tenure, promotion, and salary generally separate out the good teachers from the popular teachers. Obviously, there are some exceptions that have to be discounted. Generally, you will find that student evaluations of the faculty members' teaching quality is consistent with the faculty members' evaluation. Most students do think about what they have learned. There are some exceptions obviously. Secondly, this publicizing teacher evaluations has been done before at Ohio State a long time ago. It is not all that unusual in America today. There are certain personnel safeguards that have to be incorporated into it. I know David is looking into that. Other universities have gone through this. I am confident that student evaluations on the average and in general do separate the good teachers from just the popular ones. What we would hope is that all our teachers are good and all are popular, but probably even at Ohio State we might have one or two that has had a bad year.

David Straub:

There is one other point I would like to make regarding this matter. Other student governments at other universities have taken it upon themselves to do this teacher evaluation process. It has not been, I guess, as scientific as I think it should be. It is my concern that it be done through the university rather than student government submitting forms to students, passing around wrong information. I really would like to see the University take a close look at this project, rather than us doing it on our own and not being as efficient as it should be. I think it is a very delicate situation and I am willing to work with whomever to get this program on its way.

Mr. Teaford:

One point that you make -- my son has a learning disability, so I can relate to what you are saying. People do learn differently; therefore, instructors have different gifts that are better for some students than others. That is an important aspect of evaluating teachers, which I never heard expressed before.

President Jennings:

There are different ways of learning; there are also personality clashes. David did mention Dr. Roger Blackwell who has one of the most popular courses on campus, also one of the best courses on campus. It is also interesting to note that Roger has done some experiments with his course. His course has about 800 or 900 students. He has done some experiments with the same course given with roughly 20 students. He ends up with no difference in knowledge gained between the students of the class of 20 and the class of 900. Every instructor is not as good as Roger.

Mr. Barone:

Any further questions? Thank you, David.

--0--

July 7, 1989 meeting, Board of Trustees

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

Dr. Warmbrod is with us, do you want to stand? This is our Acting Dean of Agriculture, and he is with us this morning to present the evolution of the Department of Food Science and Technology which we have already voted on. It does present an interesting aspect of our modern technology and that agriculture needs to move, as all disciplines do, in that area of growing concern. This is, I think, an excellent example of some good work done in the college--drawing two faculties together and making one faculty out of it. One of the interesting things he told us is that the enrollment in that department has doubled in the last several years, so that was an interesting aspect.

We asked him about his strategic plan for the College and that is moving along and hopefully by the end of Autumn Quarter we should have some finished material along those lines.

We had a discussion this morning about the Legislature's funding of Agriculture -- Cooperative Extension and OARDC. And we are very thankful that we received the funding we did. We are most appreciative of the Legislature for the funding we received. I think that completes my Committee report unless there are any questions.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Kessler:

The Fiscal Affairs Committee is recommending for approval the following resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-14

Synopsis: The Fiscal Affairs Committee recommended the approval of the following reports on contracts, grants, and gifts and the summary for May 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund, and The Ohio State University Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund, and The Ohio State University Foundation during the month of May 1989 be approved.

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR MAY 1989

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	121	\$ 9,190,612.15
Engineering Experiment Station	69	\$ 1,221,004.00
Total	190	\$10,411,616.15

The Ohio State University Development Fund

Establishment of Named Funds

The Sarah Eliza and Martin Luther Dickey
Memorial Fund in Electrical Enineering
(Aid the research, teaching and service
programs/facilities) \$ 47,000.00

The John M. Shepherd Athletic Scholarship Fund
(Grant-in-aid scholarships for members of
the men's varsity basketball team) \$ 25,000.00

The Dr. A. J. Christoforidis Lectureship in Radiology
(Lectureship on advances in radiology and
related educational activities) \$ 15,000.00

The Margaret Carter Speer and William Raymond
Speer Endowment Fund
(Assist in satisfying the housing needs of
the Alumnae Scholarship House Residents) \$ 15,000.00

The Wayne Woodrow 'Woody' Hayes Naval R.O.T.C.
Leadership Award Fund
(To provide awards for students in the unit
demonstrating outstanding leadership skills
and excellent academic achievement) \$ 5,000.00

Change in Description of Named Fund

The Sigmund & Rita Munster and Family Athletic Endowment Fund

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - May 1989

Federal Research Contracts/Grants

\$1,823,000.00 - National Science Foundation, Washington, D.C., Engineering Research Center for Net Shape Manufacturing, Engineering Experiment Station (T. Altan), 1 May 1989 through 30 April 1990. (Project 767477 - Continuation)

\$584,158.00 - Department of Labor, Bureau of Labor Statistics, Washington, D.C., National Longitudinal Surveys of Labor Market Experience, Round XI, Center for Human Resource Research (R. J. Olsen), 1 October 1988 through 30 September 1990. (Project 766448 - Continuation)

\$207,265.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Vascular Healing: Cell and Rheologic Factors, Department of Internal Medicine (D. L. Fry), 1 May 1989 through 30 April 1990. (Project 766884 - Continuation)

\$197,013.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Cytotoxic Cocarcinogenic and Antileukemic Agents, Department of Chemistry (L. A. Paquette), 1 June 1989 through 31 May 1990. (Project 763284 - Continuation)

\$179,763.00 - Department of the Air Force, Washington, D.C., "Big Ear" Range Studies, ElectroScience Laboratory, Department of Electrical Engineering (J. D. Young), 3 May 1989 through 2 August 1990. (Project 767467 - New)

\$172,432.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Polycondensed Alicyclics and Their Antiviral Role, Department of Chemistry (L. A. Paquette), 1 May 1989 through 30 April 1990. (Project 763920 - Continuation)

\$151,953.00 - Department of Health and Human Services, National Institute of Environmental Health Sciences, Bethesda, Maryland, Genotoxicity in Human Fetal Brain, Dermis, and Kidney Cells, Department of Radiology (S. M. D'Ambrosio and A. A. Wani), 1 June 1989 through 31 May 1990. (Project 763673 - Continuation)

\$138,889.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Intramolecular Electron Migration in Proteins and Polypeptides, Department of Chemistry (M. H. Klapper), 1 July 1989 through 30 June 1990. (Project 765529 - Continuation)

\$135,000.00 - National Science Foundation, Washington, D.C., The Spectroscopy of Chemical Intermediates and Other Transient Species, Department of Chemistry (T. A. Miller), 1 December 1989 through 30 November 1990. (Project 764814 - Continuation)

\$132,813.00 - National Science Foundation, Washington, D.C., Social Psychophysiology Research Program: Phase II, Department of Psychology (J. T. Cacioppo), 1 February 1989 through 28 February 1990. (Project 767272 - Continuation)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$127,619.00 - National Science Foundation, Washington, D.C., Optimal Design of Large-Scaled Structures with Multianalysis-Type Constraints, Department of Civil Engineering (O. G. McGee), 15 April 1989 through 31 March 1992. (Project 767449 - New)

\$126,000.00 - National Science Foundation, Washington, D.C., Nuclear Physics at Low and Intermediate Energies, Including the Hadron Charge Exchange and Radiative Capture Programs, Department of Physics (E. R. Sugarbaker), 1 December 1989 through 30 November 1990. (Project 766752 - Continuation)

\$124,809.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Dietary Fat: Physiological Function, Department of Physiological Chemistry (H. W. Sprecher), 1 May 1989 through 30 April 1990. (Project 764415 - Continuation)

\$120,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Validation of a Stochastic Model for Optimizing Greenhouse Pest Management, Department of Entomology and Department of Entomology - OARDC (D. J. Horn) and Department of Statistics (R. Bartoszynski and D. K. Pearl), 1 July 1989 through 30 June 1991. (Project 767498 - New)

\$120,000.00 - Department of Energy, Argonne, Illinois, The Hydrogen Induced Stress Corrosion Cracking of Nickel Base Alloys in High Temperature Water, Department of Materials Science and Engineering (P. G. Shewmon and S. S. Smialowska), 1 June 1989 through 31 May 1990. (Project 766068 - Continuation)

\$108,000.00 - National Science Foundation, Washington, D.C., The Chemistry and Electrochemistry of Hot Corrosion of Metals, Department of Materials Science and Engineering (R. A. Rapp), 1 August 1989 through 31 July 1990. (Project 766299 - Continuation)

\$106,300.00 - National Science Foundation, Washington, D.C., Basic Mechanisms of Sliding Friction and Wear, Department of Materials Science and Engineering (D. A. Rigney), 15 March 1988 through 28 February 1990. (Project 766644 - Continuation)

\$101,849.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Biochemical Probes of the Active Site of Aromatase, College of Pharmacy (R. W. Brueggemeier and S. Black), 1 May 1989 through 30 April 1990. (Project 766718 - Continuation)

\$100,000.00 - National Science Foundation, Washington, D.C., Targeting of Nodulins and Biogenesis of the Endosymbiotic Compartment, Biotechnology Program (D. P. S. Verma), 1 June 1989 through 31 May 1990. (Project 767492 - New)

\$95,706.10 - Department of Agriculture, Science and Education, Washington, D.C., Bacterial Genes Coding for Plant Ribulose Bisphosphate Carboxylase, Department of Microbiology (F. R. Tabita), 1 April 1989 through 30 November 1989. (Project 767446 - New)

\$94,000.00 - Environmental Protection Agency, Washington, D.C., Development of Improved Field Equipment and Interpretation Procedures for Ground Penetrating Radar to Analyze the Geohydrologic Setting of Hazardous Waste Sites, Department of Geology and Mineralogy (J. J.

Federal Research Contracts/Grants (contd)

Daniels) and ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr.), 29 September 1988 through 28 September 1990. (Project 767043 - Continuation)

\$91,200.00 - National Science Foundation, Washington, D.C., Limit and Averaging Theorems in Ergodic Theory, Department of Mathematics (L. Sucheston, J. M. Rosenblatt, and V. Bergelson), 1 December 1989 through 30 November 1990. (Project 766791 - Continuation)

\$90,170.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Function of the Enteric Nervous System, Department of Physiology (J. D. Wood), 1 May 1989 through 30 April 1990. (Project 765012 - Continuation)

\$88,899.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Novel Uracils, Pyrimidines, Azoles, and Purines, Department of Chemistry (H. Shechter), 1 June 1989 through 31 May 1990. (Project 762793 - Continuation)

\$86,143.00 - Department of Defense, Maryland Procurement Office, Fort George G. Meade, Maryland, Models, Mechanisms, and Methods for Integrity Policies, Department of Computer and Information Science (R. S. Sandhu), 22 May 1989 through 21 May 1990. (Project 767491 - New)

\$83,230.00 - Department of Agriculture, Science and Education, Washington, D.C., Development of Improved Yield-Loss Models for Potato Early Dying, Department of Plant Pathology - OARDC (R. C. Rowe, R. M. Riedel, and L. V. Madden), 1 June 1989 through 31 May 1991. (Project 767473 - Continuation)

\$83,159.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Acute Regulation of Casein Secretion and Degradation, Department of Veterinary Pathobiology (C. L. Brooks), 1 May 1989 through 30 April 1990. (Project 765962 - Continuation)

\$83,012.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, A "Dynamic" Tension-Time Index Hypothesis, Department of Internal Medicine (T. L. Clanton), 1 May 1989 through 30 April 1990. (Project 766821 - Continuation)

\$80,000.00 - Department of Energy, Argonne, Illinois, Molecular Orbital Studies of the Bonding in Heavy Element Organometallics, Department of Chemistry (B. Bursten), 1 July 1989 through 30 June 1990. (Project 765484 - Continuation)

\$78,101.00 - Department of Health and Human Services, Public Health Service, Health Resources and Services Administration, Rockville, Maryland, Health Careers Opportunity Program, School of Allied Medical Professions (S. L. Wilson), 1 September 1989 through 31 August 1990. (Project 766127 - Continuation)

\$71,596.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Regulation of Human Decidual Prolactin, Department of Internal Medicine (R. D. Jackson), 1 April 1989 through 31 March 1990. (Project 766234 - Continuation)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$65,000.00 - Department of Energy, Argonne, Illinois, Strongly Interacting Fermion Systems, Department of Physics (J. W. Wilkins), 15 May 1989 through 14 November 1989. (Project 766783 - Continuation)

\$65,000.00 - National Science Foundation, Washington, D.C., DNA Synthesis in Rice Endosperm, Department of Botany (V. Raghavan), 1 September 1989 through 31 August 1990. (Project 766364 - Continuation)

\$63,198.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Preclinical Pharmacology Investigations of Antitumor Agents, College of Pharmacy (L. Malspeis), 30 April 1989 through 30 August 1989. (Project 767472 - New)

\$60,499.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Intestinal Toxicity of 5-Fluorouracil and Leucovorin, College of Pharmacy (J. L. S. Au), 1 May 1989 through 30 April 1990. (Project 766016 - Continuation)

\$59,996.00 - National Science Foundation, Washington, D.C., Temperature Prediction in Ultra-Precision Machining, Department of Industrial and Systems Engineering (D. A. Lucca), 1 August 1989 through 31 July 1991. (Project 767452 - New)

\$56,099.00 - Department of the Navy, Office of Naval Research, Washington, D.C., Mathematical Analysis of the Propagation of Extremely Low Frequency Electromagnetic Energy in Conducting Media, ElectroScience Laboratory, Department of Electrical Engineering (N. N. Wang), 1 April 1989 through 31 March 1990. (Project 767489 - New)

\$55,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, A Novel Approach in Formulation of Special Transition Elements, Department of Aeronautical and Astronautical Engineering (N. Sarigul), 13 April 1989 through 9 May 1990. (Project 765939 - Continuation)

\$55,000.00 - National Science Foundation, Washington, D.C., Structural Requirements for Protein Membrane Assembly, Department of Chemistry (R. E. Dalbey), 1 December 1989 through 30 November 1990. (Project 766800 - Continuation)

\$54,130.00 - National Science Foundation, Washington, D.C., Diversity and Distribution of Fossil Floras from Southern Victoria Land, Antarctica, Byrd Polar Research Center (E. L. Taylor and T. N. Taylor) and Department of Botany (T. N. Taylor), 1 April 1988 through 30 September 1990. (Project 766664 - Continuation)

\$52,801.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Modeling of Free Surface Viscoelastic Jets and Instability Mechanisms, Department of Mathematics (G. Forest) and Department of Engineering Mechanics (S. E. Bechtel), 1 April 1989 through 31 March 1990. (Project 766707 - Continuation)

\$50,000.00 - National Science Foundation, Washington, D.C., Large-Scale Distributed Modeling and Parameter Estimation of Power Transformer, Department of Electrical Engineering (A. Keyhani and S. A. Sebo), 1 June 1989 through 30 November 1990. (Project 767454 - New)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$49,791.00 - Department of Agriculture, Science and Education, Washington, D.C., Population Dynamics of Velvetleaf in Conventional and No-Tillage Corn, Department of Agronomy - OARDC (J. Cardina) and Department of Agronomy (E. E. Regnier), 1 May 1989 through 30 April 1991. (Project 767474 - New)

\$42,174.00 - National Science Foundation, Washington, D.C., Organized Interests Before the Senate: The Politics of Federal Judicial Nominations, Department of Political Science (G. A. Caldeira), 1 May 1989 through 30 April 1990. (Project 767471 - New)

\$40,463.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Development of Animal Models Infected with Retroviruses for Testing of Antiviral Agents, Department of Veterinary Pathobiology (L. E. Mathes, R. G. Olsen, and M. J. Tarr), 16 December 1988 through 15 December 1989. (Project 765188 - Continuation)

\$40,000.00 - National Science Foundation, Washington, D.C., Probes of the Broad Line Region, Department of Astronomy (J. A. Baldwin), 1 September 1989 through 31 August 1990. (Project 767001 - Continuation)

\$34,000.00 - National Science Foundation, Washington, D.C., Non-Commutative Harmonic Analysis, Department of Mathematics (H. Moscovici and R. J. Stanton), 15 June 1988 through 30 November 1990. (Project 766790 - Continuation)

\$33,700.00 - National Science Foundation, Washington, D.C., Geometry and Topology of Complex Variables and Manifolds in Low Dimensions, Department of Mathematics (W. D. Neumann), 1 June 1989 through 31 May 1990. (Project 767479 - New)

\$31,750.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, The Toxicology of Hydantoins in Relation to Oral Biology, Department of Pharmacology (D. Couri and D. A. vonDeutsch), 1 May 1989 through 30 April 1990. (Project 764537 - Continuation)

\$31,720.00 - National Science Foundation, Washington, D.C., The Geography of High Technology Industry in Japan, Department of Agricultural Economics and Rural Sociology - OARDC and Department of Agricultural Economics and Rural Sociology (M. F. Kenney), 1 May 1989 through 30 April 1990. (Project 767493 - New)

\$30,500.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Mechanisms of Lymphocyte-Mediated Bone Resorption, Department of Veterinary Pathobiology (C. C. Capen and L. K. McCauley), 7 June 1989 through 6 June 1990. (Project 766748 - Continuation)

\$29,958.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Theory of System Reliability Demonstration, Burn-in Design, and Record Statistics, Department of Statistics (S. Blumenthal and H. N. Nagaraja), 1 July 1989 through 30 June 1990. (Project 767478 - New)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$29,400.00 - National Science Foundation, Washington, D.C., Study of Association Schemes and Their Character Tables, Department of Mathematics (E. Bannai), 1 June 1989 through 31 May 1990. (Project 767482 - New)

\$29,018.00 - National Science Foundation, Washington, D.C., Theoretical and Empirical Studies of Communities in Stochastic Environments, Department of Zoology (P. L. Chesson), 1 June 1989 through 31 May 1990. (Project 766066 - Continuation)

\$20,200.00 - National Science Foundation, Washington, D.C., Formal Systems and Combinatorics, Department of Mathematics (T. J. Carlson), 1 November 1989 through 31 October 1990. (Project 766044 - Continuation)

\$20,000.00 - Department of Agriculture, Washington, D.C., Small Area Estimation of Agricultural Products, Department of Statistics (P. K. Goel and E. Stasny), 1 June 1989 through 31 May 1991. (Project 767475 - New)

\$20,000.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Plate Vibrations: A Summary of Useful Results, Department of Engineering Mechanics (A. W. Leissa), 1 May 1989 through 30 April 1990. (Project 767476 - New)

\$19,900.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Plate Vibrations: A Summary of Useful Results, Department of Engineering Mechanics (A. W. Leissa), 16 September 1989 through 31 December 1989. (Project 766608 - Continuation)

\$15,048.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, An Experimental Study of Shock-Boundary Layer Interaction in Hypersonic Flow, Department of Aeronautical and Astronautical Engineering (J. D. Lee and M. B. Bragg), 1 June 1989 through 31 December 1989. (Project 765240 - Continuation)

\$12,000.00 - National Science Foundation, Washington, D.C., Composition Laws for Sums of Squares, Department of Mathematics (T. L. Smith and J. C. Ferrar), 1 June 1989 through 31 May 1990. (Project 767481 - New)

\$7,018.00 - Department of Agriculture, Science and Education, Peoria, Illinois, Cooperative Agricultural Research, Office of the Director - OARDC (N. D. Schmidt and R. F. Edwards), 1 October 1988 through 30 September 1989. (Project 766472 - Continuation)

\$5,250.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Binding Properties of Rhodium (II) Carboxylate Complexes, Department of Chemistry (B. E. Bursten and K. I. Goldberg), 12 May 1989 through 11 August 1989. (Project 766735 - Continuation)

\$4,000.00 - Department of Health and Human Services, National Institute of Arthritis and Musculoskeletal and Skin Diseases, Bethesda, Maryland, Frontiers in Smooth Muscle Research: Emil Bozler Symposium, Department of Physiology (J. A. Rall), 1 May 1989 through 30 April 1990. (Project 767468 - New)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$3,665.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award: Very Large Scale Integrated Design of Electronic Circuits, Department of Electrical Engineering (M. I. El-Naggar), 1 July 1989 through 31 December 1990. (Project 766995 - Continuation)

\$1,489.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Regulation of the Gene Expression in Neurospora, Department of Biochemistry (G. A. Marzluf), 1 January 1989 through 31 December 1989. (Project 760578 - Continuation)

\$900.00 - Department of Health and Human Services, National Institutes of Health Clinical Center, Bethesda, Maryland, Normal Patient Volunteer Program, Biological Sciences Administration and Department of Microbiology (A. M. Ackermann-Brown), 1 April 1989 through 30 June 1989. (Project 767460 - Continuation)

\$900.00 - Department of Health and Human Services, National Institutes of Health Clinical Center, Bethesda, Maryland, Normal Patient Volunteer Program, Biological Sciences Administration and Department of Microbiology (A. M. Ackermann-Brown), 1 April 1989 through 30 June 1989. (Project 767461 - Continuation)

TOTAL - FEDERAL AWARDS **\$6,971,646.10**

State of Ohio Research Contracts/Grants

\$250,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Earlier Breast Cancer Detection by Physiologic Breast Profiling, Department of Surgery (W. B. Farrar), 1 May 1989 through 30 April 1991. (Project 767436 - New)

\$195,693.00 - State of Ohio, Department of Development, Columbus, Ohio, Communication System for Speech and Hearing Impaired Persons, Biomedical Engineering Center (M. B. Waldron) and Department of Otolaryngology (W. Melnick), 1 June 1989 through 30 November 1990. (Project 767430 - New)

\$72,303.00 - State of Ohio, Department of Health, Columbus, Ohio, Outreach Education, Department of Pediatrics (L. Cordero), 1 October 1988 through 30 September 1989. (Project 764100 - Continuation)

\$48,274.00 - State of Ohio, Department of Education, Columbus, Ohio, Ohio's Martin W. Essex School for the Gifted -- 1989, College of Education - Administration (T. M. Stephens) and Department of Educational Services and Research (R. H. Swassing), 1 April 1989 through 31 March 1990. (Project 767443 - Continuation)

\$42,000.00 - State of Ohio, Department of Mental Retardation and Developmental Disabilities, Columbus, Ohio, Health Insurance and Retirement Options for Persons with Developmental Disabilities in Ohio, Nisonger Center (S. R. Schroeder and T. Fish), 1 May 1989 through 30 April 1990. (Project 767486 - New)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$39,749.00 - State of Ohio, Department of Mental Retardation and Developmental Disabilities, Columbus, Ohio, Ohio Developmental Disabilities Program Education Survey, College of Education - Administration and Department of Educational Services and Research (K. D. Arnold), 1 April 1989 through 31 March 1990. (Project 767444 - New)

\$35,000.00 - State of Ohio, Air Quality Development Authority, Columbus, Ohio, The Development of Observationally-Based Communication Strategies for Communicating Risk and Risk Assessment, Department of Communication (B. Dervin), 1 June 1989 through 30 June 1990. (Project 767469 - New)

\$30,499.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Homeless Children and Their Mothers, Department of Family and Community Nursing (J. A. Wagner), 1 March 1989 through 28 February 1990. (Project 767429 - New)

\$15,000.00 - State of Ohio, Department of Agriculture, Columbus, Ohio, Development and Testing of an Improved Biological Insecticide Against Gypsy Moth in Ohio, Department of Biochemistry (D. H. Dean), 1 May 1989 through 30 April 1990. (Project 767484 - New)

\$11,220.00 - State of Ohio, Department of Commerce, Columbus, Ohio, Household Formation, Homeownership, and Housing Quantity Decisions, Academic Faculty of Finance (R. L. Racster), 1 June 1989 through 15 May 1990. (Project 767494 - New)

\$9,996.00 - State of Ohio, Department of Mental Retardation and Developmental Disabilities, Columbus, Ohio, Marketing the Abilities of Persons with Developmental Disabilities to Potential Employers, Center on Education and Training for Employment (R. D. Ryan), 1 March 1989 through 28 February 1990. (Project 766602 - Continuation)

\$7,105.00 - State of Ohio, Department of Development, Columbus, Ohio, Extraction, Separation, and Analysis of High Sulfur Ohio Coal, Department of Chemistry (S. V. Olesik), 1 April 1989 through 31 December 1989. (Project 765906 - Continuation)

TOTAL - STATE OF OHIO AWARDS **\$ 756,839.00**

Industrial Research Contracts/Grants

\$164,671.00 - Berlex Laboratories, Inc., Cedar Knolls, New Jersey, Iloprost in Patients with Severe Atherosclerotic Peripheral Arterial Disease, Department of Surgery (J. G. Wright), 1 June 1989 through 31 May 1991. (Project 767448 - New)

\$105,812.00 - Sandoz, Inc., East Hanover, New Jersey, Evaluation of Efficacy and Safety of Sandostatin in the Treatment of Patients with Acquired Immunodeficiency-Related Diarrhea, Department of Internal Medicine (F. B. Thomas), 1 May 1989 through 31 July 1989. (Project 767487 - New)

\$105,403.30 - Winthrop Pharmaceuticals, New York, New York, Omnipaque Cooperative Study: Randomized, Double-Blind Comparison of Omnipaque^R 350 and Renografin^R 76 in Adult Patients with Normal or Abnormal Renal Function and With or Without Diabetes Mellitus

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

Undergoing Angiocardiography, Department of Internal Medicine (D. B. Van Fossen), 15 February 1989 through 15 February 1991. (Project 767428 - New)

\$90,000.00 - Dianon Systems, Inc., Stratford, Connecticut, Studies on a Human Tumor Marker Protein, Department of Physiological Chemistry (D. E. Schumm and T. E. Webb), 1 June 1989 through 30 June 1990. (Project 767496 - New)

\$66,000.00 - McGraw-Hill Clinical Research International, New York, New York, Double-Blind, Placebo-Controlled Study of Fluconazole in the Prevention of Fungal Infections in Neutro-penic Patients Undergoing Bone Marrow Transplantation, Department of Internal Medicine (B. C. Fox), 24 April 1989 through 23 April 1990. (Project 767450 - New)

\$65,650.00 - Mission Research Corporation, Santa Barbara, California, Compact Range System Development, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside), 17 March 1989 through 1 September 1989. (Project 767463 - New)

\$53,000.00 - Textron Defense Systems, Wilmington, Massachusetts, Compact Range Studies, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr.), 10 March 1989 through 28 April 1989. (Project 767368 - New)

\$52,000.00 - International Business Machines Corporation, Yorktown Heights, New York, Development of Phenomenological Relativistic Approach to Nuclear Physics, Department of Physics (B. C. Clark and R. J. Perry), 1 October 1989 through 30 September 1990. (Project 765137 - Continuation)

\$49,989.00 - Lederle Laboratories, Pearl River, New York, Lederle Protocol 60-16, Department of Pediatrics (L. K. Grossman), 1 May 1989 through 30 April 1990. (Project 767447 - New)

\$49,880.00 - Textron Defense Systems, Wilmington, Massachusetts, Hybrid Body RCS Code Development, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr.), 21 March 1989 through 31 March 1990. (Project 767375 - New)

\$37,430.62 - Various Milling Companies in Ohio, Soft Wheat Milling Research and Evaluation, Department of Agronomy - OARDC (A. L. Barta), 1 June 1989 through 30 June 1990. (Project 767462 - New)

\$32,915.55 - CIBA-GEIGY Corporation, Greensboro, North Carolina, Efficacy and Pharmacokinetics of Formulations of CGA-184699, An Experimental Compound for the Control of Fleas and Other Ectoparasitic Insects, Department of Entomology (W. F. Hink) and College of Pharmacy (J. J. Mackichan), 1 May 1989 through 28 February 1990. (Project 766635 - Continuation)

\$24,975.00 - Sandia Corporation, Albuquerque, New Mexico, The Influence of Surface Modification on Hydrogen Interaction with Metallic Surfaces, Department of Materials Science and Engineering (B. E. Wilde), 24 April 1989 through 30 September 1989. (Project 767464 - New)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$20,000.00 - Advanced Decision Systems, Mountain View, California, Sensor Algorithm Research, ElectroScience Laboratory, Department Electrical Engineering (R. J. Marhefka), 24 April 1989 through 30 June 1989. (Project 766088 - Continuation)

\$14,500.00 - E. I. Du Pont de Nemours and Company, Inc., Newark, Delaware, Evaluation of Soybean F₂ Populations, Department of Agronomy - OARDC (B. A. McBlain), 1 December 1988 through 31 December 1990. (Project 767433 - New)

\$10,000.00 and Materials and Supplies - Santa Fe Pacific Mining, Inc., Albuquerque, New Mexico, Center for Commercialization of Space Membership Agreement, Center for Mapping (J. D. Bossler), 1 May 1989 through 30 April 1990. (Project 766219 - Continuation) (Approximate Dollar Value - \$15,000)

\$4,773.00 - Vistakon, Inc., Jacksonville, Florida, Corneal Endothelial Status During Three Months of Low Plus Hydrogel (Acuvue/Durasoft 3) Extended Wear, College of Optometry (J. P. Schoessler), 1 April 1989 through 31 October 1989. (Project 767451 - New)

\$3,990.00 - The Procter and Gamble Company, Cincinnati, Ohio, In Vitro Study of 0.12% Chlorhexidine and 0.12% Chlorhexidine/0.2% Sodium Fluoride Rinse on Stain and Plaque Associated Demineralization with Orthodontic Bracket Placement on Bovine Enamel, Oral Biology (K. Schroeder), 1 April 1989 through 31 March 1990. (Project 767488 - New)

Materials and Supplies - EG & G Idaho, Inc., Idaho Falls, Idaho, Reactor Fuel Assistance Program, Engineering Experiment Station (D. W. Miller), 5 April 1989 through 30 October 1993. (Project 767456 - New) (Approximate Dollar Value - \$500,000)

TOTAL - INDUSTRIAL AWARDS \$ 950,989.47

Other Non-Federal Research Contracts/Grants

\$83,153.00 - Council for Tobacco Research - U.S.A., Inc., New York, New York, Neutrophil Stimulation: Biochemical and Cell Biological Studies, Department of Anatomy (J. M. Robinson), 1 July 1989 through 30 June 1990. (Project 766941 - Continuation)

\$80,000.00 - Rockefeller Foundation, New York, New York, International Program in Pharmacoepidemiology and Therapeutics, Department of Internal Medicine (C. M. Kunin), 1 March 1989 through 28 February 1990. (Project 767457 - New)

\$67,984.00 - Duke University, Durham, North Carolina, Characterization and Therapy of New Fat-Oxidation Defects, Department of Physiological Chemistry (H. W. Sprecher), 1 April 1989 through 31 March 1990. (Project 767453 - New)

\$58,966.00 - University of California, Livermore, California, Thermodynamic Modeling of Sensitization and SCC Performance of Candidate Materials for Containment of High Level Nuclear Waste, Department of Materials Science and Engineering (B. E. Wilde), 1 December 1988 through 30 September 1989. (Project 766496 - Continuation)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$48,300.00 - Council for Tobacco Research - U.S.A., Inc., New York, New York, Biological Synergism Between Glucarate and Retinoids, Department of Physiological Chemistry (T. E. Webb), 1 July 1989 through 30 June 1990. (Project 766741 Continuation)

\$28,380.00 - American Heart Association, Dallas, Texas, Cardiovascular Effects of B₁ Kinins, Department of Physiology (P. E. Ward), 1 July 1989 through 30 June 1990. (Project 767459 - New)

\$25,000.00 - Alfred P. Sloan Foundation, New York, New York, Alfred P. Sloan Research Fellow, Department of Chemistry (A. W. Czarnik), 16 September 1989 through 15 September 1991. (Project 767483 - New)

\$21,000.00 - National Kidney Foundation, Inc., New York, New York, National Kidney Foundation Research Fellowship, Department of Internal Medicine (L. A. Hebert and D. M. Ricker), 1 July 1989 through 30 June 1990. (Project 767466 - New)

\$14,495.00 - University of Puerto Rico, Rio Piedras, Puerto Rico, Workshops for Teachers on the Humane Care and Use of Vertebrates in Education and Student Research, Laboratory Animal Center, Department of Surgery, and Biomedical Engineering Center (J. F. Cornhill), 15 May 1989 through 15 August 1989. (Project 767490 - New)

\$14,100.00 - Arizona Conservation Projects, Inc., Tucson, Arizona, Survey of the Invertebrate Cave Fauna of Karchner Caverns, Arizona, Department of Entomology (D. E. Johnston and W. C. Welbourn), 1 May 1989 through 30 April 1990. (Project 767465 - New)

\$10,000.00 - International Center for the Preservation of Wild Animals, Columbus, Ohio, Development of a Baseline Digital Data Base of the Biopark, Phase I (Digital Terrain Model), Center for Mapping (J. D. Bossler), 1 May 1989 through 15 July 1989. (Project 767485 - New)

\$10,000.00 - United States Golf Association, Far Hills, New Jersey, Monoclonal Antibodies for Rapid Diagnosis of Summer Patch and Necrotic Ring Spot Diseases of Turfgrass, Department of Plant Pathology - OARDC and Department of Plant Pathology (W. W. Shane) and Cooperative Extension State Operations and Department of Plant Pathology (S. T. Nameth), 28 April 1989 through 27 April 1990. (Project 765882 - Continuation)

\$9,824.00 - Battelle Memorial Institute, Columbus, Ohio, Analysis of Current and Selected Soviet Literature on Carbon Monoxide Lasers, Department of Mechanical Engineering (J. W. Rich), 15 March 1989 through 31 August 1989. (Project 767445 - New)

\$8,234.00 - Washington Higher Education Coordinating Board, Olympia, Washington, Alternative Design(s) for Washington's Delivery of a Comprehensive Articulated Program of Vocational/Technical Education, Center on Education and Training for Employment (R. D. Ryan), 24 April 1989 through 10 September 1989. (Project 767455 - New)

\$7,710.00 - March of Dimes Birth Defects Foundation, Central Ohio Chapter, Columbus, Ohio, High Risk Perinatal Project: Teen Pregnancy Program, Department of Pediatrics (L. Cordero), 1 May 1989 through 30 April 1990. (Project 767406 - New)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$6,537.00 - University of Kentucky, Lexington, Kentucky, Development and Presentation of a Workshop on the Humane Care and Use of Animals in the Classroom, Laboratory Animal Center (J. F. Cornhill), 1 May 1989 through 31 July 1989. (Project 767458 - New)

\$6,072.00 - Cancer Therapy and Research Foundation of South Texas, San Antonio, Texas, Multidisciplinary Participation in the Cancer Control Activities of the Southwest Oncology Group, Department of Pathology (R. O'Toole), 1 January 1989 through 31 December 1989. (Project 761460 - Continuation)

\$3,574.00 - American Dental Hygienists' Association, Chicago, Illinois, Dental Hygienists' Utilization of Periodontal Assessment Skills Compared to Level of Collaboration with Their Dentist-Employer, Dental Hygiene (J. M. Uldricks), 1 October 1988 through 30 September 1989. (Project 767442 - New)

\$2,200.00 - Greater Columbus Arts Council, Columbus, Ohio, Grandparents Living Theatre, Department of Theatre (J. Reilly), 1 October 1989 through 1 June 1990. (Project 767470 - New)

\$2,169.08 - Council for Tobacco Research - U.S.A., Inc., New York, New York, Neutrophil Stimulation: Biochemical and Cell Biological Studies, Department of Anatomy (J. M. Robinson), 1 July 1988 through 30 June 1989. (Project 766941 - Continuation)

\$1,898.00 - Cancer Therapy and Research Foundation of South Texas, San Antonio, Texas, Multidisciplinary Participation in the Cancer Control Activities of the Southwest Oncology Group, Department of Internal Medicine (S. P. Balcerzak), 1 February 1985 through 30 June 1989. (Project 765208 - Continuation)

\$1,000.00 - American Chemical Society, Washington, D.C., Tumor Marker Protein, Department of Physiological Chemistry (D. E. Schumm) and College of Medicine - Administration (C. L. Yash), 12 June 1989 through 18 August 1989. (Project 767480 - New)

\$541.50 - Council on International Educational Exchange, New York, New York, Ministry of Education Intensive English in the U.S.A. for Japanese Teachers of English, English as a Second Language Program (R. N. Kantor), 1 April 1989 through 31 December 1989. (Project 767405 - Continuation)

TOTAL - OTHER NON-FEDERAL AWARDS **\$ 511,137.58**

ENGINEERING EXPERIMENT STATION

State Sponsored Research and Development

\$250,000.00 - from the Edison Program, Columbus, Ohio, and Adtech Systems, Columbus, Ohio, for "Failure mechanisms in Composite Materials and Structures: Global Local Finite Element Method," under the direction of the department of Civil Engineering for the period March 1, 1989 through February 28, 1991. (312498)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

State Sponsored Research and Development (contd)

\$74,759.00 - from Department of Development, Columbus, Ohio and LTV Steel, Columbus, Ohio, for "Development of Improved Rolls for Steel Continuous Casting," under the direction of the department of Welding Engineering for the period May 1, 1989 through April 30, 1990. (529803)

\$6,747.00 - from University of Cincinnati/Board of Regents, Columbus, Ohio, for "Ohio Aerospace Institute Ad Hoc Committee Support," under the direction of the department of Mechanical Engineering for the period November 1, 1988 through October 31, 1989. (529789, Ext. 1)

STATE SPONSORED RESEARCH AND DEVELOPMENT \$331,506.00

Industrial and Other Sponsored Research and Development

\$234,000.00 - from various industry for memberships in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

\$200,000.00 - from Gas Research Institute, Chicago, IL, for "The Determination of the Performance Life of Heat Fusion Joints in Polyethylene Gas Pipe," under the direction of the department of Engineering Mechanics for the period October 1, 1988 through September 30, 1990. (529804)

\$88,789.00 - from Electric Power Research Institute, Palo Alto, CA, for "Primary Water Stress Cracking Corrosion Crack Growth of Alloy 600 Tubing," under the direction of the department of Materials Science and Engineering for the period April 24, 1987 through February 28, 1990. (312412, Ext. 4)

\$80,844.00 - from Textron Lycoming, Stratford, CT, for "Feasibility Study: Laser Brazing of Recuperator Plates," under the direction of the department of Welding Engineering for the period May 1, 1989 through November 30, 1989. (312509)

\$45,282.00 - from McDonnell Douglas, St. Louis, MO, for "Analysis of Electromagnetic Scattering from Three Dimensional Coated Bodies," under the direction of the department of Electrical Engineering for the period May 1, 1989 through April 30, 1990. (312507)

\$44,955.00 - from McDonnell Douglas, St. Louis, MO, for "Uniform Theory of Diffraction Analysis of Electromagnetic Scattering from Corners and Vertices," under the direction of the department of Electrical Engineering for the period May 1, 1989 through December 31, 1989. (312506)

\$41,000.00 - from Lockheed Aeronautical System Co., Burbank, CA, for "Wind Tunnel Testing of Two Element Airfoil Models," under the direction of the department of Aeronautical and Astronautical Engineering for the period May 1, 1989 through December 31, 1989. (312505)

\$34,551.00 - from 40 sponsors of 51 development projects under the direction of the 3 departments/research areas of the College.

\$30,000.00 - from Boeing Company, Seattle, WA, for "Physically-based Models for Heterostructure Devices," under the direction of the department of Electrical Engineering for the period March 27, 1989 through December 31, 1989. (312503)

July 7, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industrial and Other Sponsored Research and Development (contd)

\$30,000.00 - from the City of Columbus, Department of Public Utilities, Columbus, OH, for "An Aviation Statistical Data Bank," under the direction of the department of Aviation for the period March 30, 1989 through December 31, 1989. (312504)

\$20,000.00 - from various industry for membership in the Compact Radar Cross Section Measurement Ranges Research and Development Consortium under the direction of the department of Electrical Engineering. (312884)

\$15,701.00 - from Westinghouse, Sunnyvale, CA, for "Evaluation of Gear Mesh Transmission Error," under the direction of the department of Mechanical Engineering for the period May 1, 1989 through November 30, 1989. (529805)

\$10,000.00 - from Boeing Advanced Systems, Seattle, WA, for "Electromagnetic Testing of the Harris Dual Reflector Compact Range," under the direction of the department of Electrical Engineering for the period December 8, 1988 through December 31, 1989. (312495, Ext. 1)

\$7,622.00 - from Edison Welding Institute, Columbus, OH, for "Development Proposal: Inertia Welding of Alumina Reinforced 6061 Aluminum," under the direction of the department of Welding Engineering for the period April 17, 1989 through June 30, 1989. (312500)

\$7,000.00 - from various industry for membership in the Gear Research Laboratory, under the direction of the department of Mechanical Engineering. (529735)

\$ -246.00 - from Lockheed Missiles & Space Company, Sunnyvale, CA, for "Technical Assistance/Large Compact Range Project," under the direction of the department of Electrical Engineering for the period January 1, 1989 through January 20, 1990. (312496)

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$1,221,004.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

**The Sarah Eliza and Martin Luther Dickey Memorial Fund in
Electrical Engineering**

The Sarah Eliza and Martin Luther Dickey Memorial Fund in Electrical Engineering was established July 7, 1989, by the Board of Trustees of The Ohio State University with a gift from the estate of Albert Dickey (B.S.E.E. '23) in memory of his parents, Sarah Eliza and Martin Luther Dickey.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

Ten percent (10%) of the annual income shall be reinvested in the fund's principal to ensure future growth. The remaining ninety percent (90%) of the annual income shall be used for purposes which will aid the research, teaching and service programs/facilities within the

Electrical Engineering (contd)**

Department of Electrical Engineering in the College of Engineering. The chairperson of the Department of Electrical Engineering will have sole authority to authorize expenditures from the fund, as approved by the Dean of the College of Engineering.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The John M. Shepherd Athletic Scholarship Fund

The John M. Shepherd Athletic Scholarship Fund was established July 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from John M. Shepherd (B.Cer.E. '58, M.B.A. '59) of Cincinnati, Ohio.

All gifts are to be invested in the University's permanent endowment fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to supplement the grant-in-aid scholarship costs of qualified student athletes pursuing undergraduate degrees at The Ohio State University who are members of the men's varsity basketball team. Recipients shall be selected by the Director of Athletics in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of Athletics in order to carry out the desire of the donor.

The Dr. A. J. Christoforidis Lectureship in Radiology

The Dr. A. J. Christoforidis Lectureship in Radiology was established July 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Dr. A. John and Ann A. Christoforidis.

All gifts are to be invested in the University's permanent endowment fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for a lectureship on advances in radiology and related educational activities within the Department of Radiology at The Ohio State University College of

Medicine. Expenditures from the fund shall be authorized by the Dean of the College of Medicine.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson, or program administrative officer, in order to carry out the desire of the donors.

**The Margaret Carter Speer and
William Raymond Speer Endowment Fund**

The Margaret Carter Speer and William Raymond Speer Endowment Fund was established July 7, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estates of Margaret Carter Speer (B.S.Ed. '23) and William Raymond Speer (B.S.Bus.Adm. '23, J.D. '27) of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to assist in satisfying the housing needs of the Alumnae Scholarship House Residents. Expenditures from the fund shall be authorized by the Alumnae Scholarship House Advisory Board.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the Alumnae Scholarship House Advisory Board, in order to carry out the desire of the donors.

**The Wayne Woodrow 'Woody' Hayes
Naval R.O.T.C. Leadership Award Fund**

The Wayne Woodrow 'Woody' Hayes Naval R.O.T.C. Leadership Award Fund was established July 7, 1989, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Mrs. Anne Hayes of Columbus, Ohio, in memory of her late husband, Wayne Woodrow 'Woody' Hayes, and his wartime naval service as a commissioned officer and his commitment to and appreciation of the Naval Reserve Officer Training Corps Unit at The Ohio State University.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

**The Wayne Woodrow 'Woody' Hayes
Naval R.O.T.C. Leadership Award Fund (contd)**

The annual income shall be used under the direction of the commanding officer of the Naval Reserve Officer Training Corps to provide awards for students in the unit demonstrating outstanding leadership skills and excellent academic achievement as reflected by their selection as student battalion commanders.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate administrative officer in order to carry out the desire of the donor.

Change in Description of Named Fund

**The Sigmund & Rita Munster and Family
Athletic Endowment Fund**

The Sigmund & Rita Munster and Family Athletic Endowment Fund was established February 3, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Sigmund Munster family of Columbus, Ohio. The description was revised July 7, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide funds for student athlete scholarships as determined by the Director of Athletics. Selection of the recipients is to be made by the Director of Athletics in cooperation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University then responsible for the intercollegiate athletic program, in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

Approval of Description and Establishment of Fund

The H. Justin Davidson Fellowship Fund

The H. Justin Davidson Fellowship Fund was established July 7, 1989, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for The Ohio State University College of Business.

Employment of Architects/Engineers and Request for Construction Bids

Background

DINING COMMONS REMODELING - PHASE I, NORTH COMMONS

On November 16, 1987, the Board of Trustees approved the employment of an architectural firm and food service consultant to prepare a master plan, budget, and detailed program of requirements for construction for this project. The master plan and detailed program of requirements have been completed, and the University is ready to move forward with the project, which will be accomplished in five phases to update and remodel the existing kitchen, serving area, and dining areas of North, Raney, Baker, Kennedy, and Morrill Commons.

Phase I will remodel two levels of North Commons and includes the existing kitchen, serving area, and dining areas. Due to the advanced age of the equipment in the food preparation areas, much of it will be replaced with new and more efficient equipment. The new kitchen design will use existing plumbing and electrical facilities where feasible, with new services added. The serving area will be completely updated to accommodate the changing service needs of the facility and the dining area will change only as needed to address the changes created in the serving functions and functional requirements of the dining facility.

Funds for the project are available from Residence and Dining Halls. Construction costs for Phase I are estimated at \$2,560,000, and the total estimated Phase I project cost is \$3,200,000.

(See Appendix III for map, page 119.)

EMPLOYMENT OF ARCHITECTS/ENGINEERS AND REQUEST CONSTRUCTION BIDS

Resolution No. 90-15

DINING COMMONS REMODELING - PHASE I, NORTH COMMONS

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for Phase I of the Dining Commons Remodeling.

July 7, 1989 meeting, Board of Trustees

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST CONSTRUCTION BIDS (contd)**

WHEREAS this five phase project will remodel the dining area, kitchen, serving area, and entrance lobbies of North, Raney, Baker, Kennedy, and Morrill Commons; and

WHEREAS Phase I of this project will accomplish desired changes in the North Commons; and

WHEREAS the total estimated cost of this phase of the project is \$3,200,000, with the estimated construction cost being \$2,560,000, with funding provided from Residence and Dining Halls:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for this project, and that the fees for these services be negotiated between the firms selected and University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on this project in accordance with established State of Ohio and University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Report of Award of Contracts and
Establishment of Contingency Funds**

Background

(See Appendix IV for a complete tabulation of bids on all projects and locator maps, page 121. Amounts shown with an * include accepted alternates.)

Masonry Repairs - Bricker Hall

This project will replace the damaged and deteriorated exterior masonry on the Bricker Hall parapet. The total project cost is \$66,095.00; funding is provided from State capital appropriations (House Bill 810). The estimated completion date is November 1989. The contract awarded is as follows:

General Contract:	General Maintenance, Columbus, Ohio
Amount:	\$59,176.00 *
Estimate:	\$76,000.00 *
Total All Contracts:	\$59,176.00 *
Contingency Allowance:	\$ 5,919.00 (10% of construction cost)
Total Project Cost:	\$66,095.00

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Masonry Repairs - Pomerene Hall

This project will renovate the damaged and deteriorated exterior masonry on Pomerene Hall. The total project cost is \$128,250; funding is provided from State capital appropriations (House Bill 810). The estimated completion date is November 1989. The contract awarded is as follows:

General Contract:	H. K. Phillips, Columbus, Ohio
Amount:	\$115,664.00
Estimate:	\$160,000.00
Total All Contracts:	\$115,664.00
Contingency Allowance:	\$ 11,586.00 (10% of construction cost)
Total Project Cost:	\$128,250.00

Dodd Hall Interface

This project will improve the first and second floors of Dodd Hall in order to integrate the activities of Dodd Hall and the Davis Medical Center. The total project cost is \$1,230,500; funding is provided from University funds. The estimated completion date is February 1991. The contract awarded is as follows:

General Contract:	Functional Development, Dublin, Ohio
Amount:	\$ 987,689.00
Estimate:	\$1,142,890.00
Total All Contracts:	\$ 876,769.00
Contingency Allowance:	\$ 99,260.79 (10% of construction cost)
Total Project Cost:	\$1,230,500.00

Dodd Hall HVAC System Modifications

This project will modify and upgrade the HVAC system to provide a new four pipe fan coil system for patient comfort and health through improved air quality, dust control, and ventilation. The total project cost is \$1,393,030; funding is provided from University funds. The estimated completion date is February 1991. Contracts awarded are as follows:

July 7, 1989 meeting, Board of Trustees

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

Dodd Hall HVAC System Modifications (contd)

Fire Protection Contract:	Franklin Fire Sprinkler, Columbus, Ohio
Amount:	\$ 135,912.00
Estimate:	\$ 182,694.00
Plumbing Contract:	C. W. Construction, Groveport, Ohio
Amount:	\$ 109,975.00
Estimate:	\$ 149,073.00
HVAC Contract:	J. A. Guy, Dublin, Ohio
Amount:	\$ 603,700.00
Estimate:	\$ 550,919.00
Electric Contract:	Royal Electric, Columbus, Ohio
Amount:	\$ 278,600.00
Estimate:	\$ 286,300.00
Total All Contracts:	\$1,128,187.00
Contingency Allowance:	\$ 112,819.67 (10% of construction cost)
Total Project Cost:	\$1,393,030.00

ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 90-16

MASONRY REPAIRS - BRICKER HALL
MASONRY REPAIRS - POMERENE HALL
DODD HALL INTERFACE
DODD HALL HVAC SYSTEM MODIFICATIONS

Synopsis: The Fiscal Affairs Committee recommended the acceptance of the report of award of contracts to the lowest responsive and responsible bidders, in accordance with University procedures, for the projects identified.

July 7, 1989 meeting, Board of Trustees

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

**MASONRY REPAIRS - BRICKER HALL
MASONRY REPAIRS - POMERENE HALL
DODD HALL INTERFACE
DODD HALL HVAC SYSTEM MODIFICATIONS (contd)**

WHEREAS a resolution adopted by the Board of Trustees on May 4, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the following projects: Masonry Repairs - Bricker Hall and Masonry Repairs - Pomerene Hall; and

WHEREAS resolutions adopted by the Board of Trustees on November 6, 1987, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects: Dodd Hall Interface and Dodd Hall HVAC System Modifications:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions authorized previously by this Board and upon the recommendation of the Fiscal Affairs Committee, the report of award of contracts and the establishment of contingency funds for the Masonry Repairs - Bricker Hall, Masonry Repairs - Pomerene Hall, Dodd Hall Interface, and Dodd Hall HVAC System Modifications projects is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

1989-90 BUDGET PRESENTATION

Mr. Ihrig:

Today we are presenting Ohio State's first billion dollar current funds budget for your approval. This budget of \$1,080,000,000.00 dollars, while sounding very big in total dollars, in reality it represents a tight budget throughout the University. This new biennium is what I call a "foundation building" biennium for Ohio State. This means a period to continue the progress toward enhancing excellence by consolidating the outstanding gains achieved over the past two biennia, or four years.

Let me try to explain this graphically. After the disastrous period of the early 1980's when State support was flat, with periods of cutbacks and inflation in double digits, the instructional subsidies have grown at a fairly steady rate. For this support, Ohio State is most grateful to the Ohio General Assembly. However, to understand the real impact of State support on Ohio State's Columbus Campus, we need to look at the instructional subsidy in constant dollars, i.e. adjusted for inflation. This chart shows the instructional subsidy adjusted for inflation based not upon the CPI, which does not reflect Ohio State's costs, but the Higher Education Price Index which more closely reflects our true costs. You can see that the high inflation of the early 1980's took its toll, with real recovery beginning in the 1985-87 biennium. Even so, we

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mr. Ihrig: (contd)

didn't reach the purchasing power of 1979-80 until 1986-87. However, the 1985-87 biennium was our signal that this State was willing to fund both excellence and access for higher education.

Once the momentum was created, the 1987-89 biennium arrived with no growth and some decline, but Ohio State considered this to be a temporary lull. The University decided to sustain the momentum through expanded cost containment and reallocations that continued to fund new and expanded expectations and kept tuitions as low as possible. However, as you can see, the 1989-91 biennium continues this flat support in constant dollars when we project a 6 percent rate of increase in operating costs, as did the Board of Regents. What this means is that since Ohio State can no longer continue its past levels of internal reallocations; we must temper, not our expectations, but the rate of support for these expectations to keep within our levels of available funding.

Let us also look at the increases in tuitions over the same period. You can see how Ohio State has been addressing access by holding tuitions below the State levels assumed in the subsidy models. For 1989-90, even with the recommended increases, Ohio State would still have to increase undergraduate instructional fees 19 percent to reach the Regents' fee assumptions, 68 percent to reach the graduate, and 43-69 percent to reach the professional tuition assumptions. These represent significant losses of potential revenue that this University does not have available with the tuition cap on undergraduate instructional fees imposed by the General Assembly. Our plan was to utilize this and the next biennium to close the tuition gap and help continue the rates of progress; however, for the undergraduate instructional fee, that option is no longer available. Other universities in Ohio appear to have made the correct decision when they kept their tuition increases at the State assumed levels.

This level of state support combined with comparable rates of tuition increases would have presented an excellent budget for a university satisfied with the status quo. Ohio State's problem is that the status quo is unacceptable; therefore, our challenge is to find ways over this biennium to continue the enhancement of excellence with reasonable tuitions and limited resources.

Total budgeted resources are \$1,080,290,000, of which \$1,018,800,000 is the Columbus Campus (94.3 percent); while budgeted uses are 1,079,950,000 in total, \$1,018,690,000 on the Columbus Campus.

Amb. Wolf:

May I ask a question? Do you relate these figures to the first two charts that you showed us? For example, you had \$250 million from the State?

Mr. Ihrig:

That was instructional subsidy which is included in this state appropriation number which includes instructional subsidy, as well as the line items they give us.

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Amb. Wolf:

O.K. That takes care of that one. The second one, you had 50,000 students times \$3,000 -- is that where you get the \$150 million?

Mr. Ihrig:

\$158,000 is the tuition paid by the students and remember some of the students are part-time as well as full-time.

Amb. Wolf:

So, it averages \$1,900 a student?

Mr. Ihrig:

It varies because in this budget the undergraduate students would pay --

Amb. Wolf:

So, the previous chart was just for the undergraduates?

Mr. Ihrig:

That's right. That was only for undergraduate tuition. Professional and medicine were not included.

Mr. Berry:

And out-of-state students?

Mr. Ihrig:

Out-of-state students were not included.

Mr. Kessler:

Other resources such as private gifts and grants of \$61 million, and an endowment of \$10 million, what is the private gifts? That is not Tobin's area is it?

Mr. Ihrig:

It is part of that. Those are private gifts that are given for current funds uses that don't go into endowment principle, as well as grants from private businesses to do research. They are combined in private gifts and grants.

Mr. Teaford:

It tends to be the small gifts, right?

Mr. Ihrig:

They are beginning to get larger now.

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mr. Kessler:

\$61 million is a large number.

Mr. Berry:

\$61 million is just in annual gifts?

Mr. Ihrig:

Annual giving for grants that come from private enterprise to do research by the faculty of the University. There are contract and grants in there as well as by giving by individuals, and corporations and foundations.

Ms. Casto:

Those are restricted right, usually, not just general --

Mr. Ihrig:

Usually, it is all restricted for the most part. There are some that are --

Mr. Teaford:

But not very much of that would be contract grants would it? Because most of the contract grants are up in the top --

Mr. Ihrig:

No. Those up here are from federal government, state government, and county and city government. These are private corporations. And that is a growing area.

Dr. Hollander:

It's over \$10 million now.

Mr. Teaford:

It is the \$10 million of the \$65 billion --

Amb. Wolf:

Can you pick out of those figures how much is going in for research. I would presume --

Mr. Teaford:

He said \$10 million.

Amb. Wolf:

But the \$102 million from the federal government --

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mr. Ihrig:

Yes. Because the federal government grants and contracts would also include financial aid monies that come in directly through the University, as well as the sponsored research.

Dr. Hollander:

It is \$130 million in sponsored research.

Mr. Ihrig:

We also put money in from inside the University.

Amb. Wolf:

How much is that?

Mr. Ihrig:

That's running now close to \$20 million a year, in that range.

Amb. Wolf:

OK. So it is \$150 million worth of research in this budget -- 15%.

Mr. Ihrig:

For directly identified research.

President Jennings:

The other thing you might point out is that the \$10 million in endowment income is not the endowment income that Jim reports. It is endowment income that is planned to be distributed.

Mr. Teaford:

Some of the money he reports gets reinvested.

President Jennings:

That is right.

Mr. Ihrig:

Now page four breaks this down into three major components of this budget. Those are the general funds, which are the basic funds within the University that support the colleges; the academic support areas such as the libraries, computer centers and the utilities that go with those areas; and the administrative support areas. The earnings operations are the residence halls, athletics, bookstores, anything that charges a fee for its activities. The restricted funds will be those funds in which

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mr. Ihrig: (contd)

external agencies or individuals give us money in contract with us, and they define the use of those funds. There is also the State money in here that are line item budgeted in the State approved budget. You will find private gifts and contracts that are restricted in here.

So the general funds for the University total \$476 million and then we have another \$350 million in the earnings operations and \$255 million in restricted funds. The interesting thing on this budget, when you look at the percentage trends here, the funding is down slightly in earnings and the general funds, while our restricted funds are up. That is basically because of the related State support and the tuition areas tightening in this budget, and the earnings operations pressured to operate efficiently and to keep the costs down. We are out actively pursuing increasing the restricted fund category to fill in those gaps.

President Jennings:

That restricted fund is a reflection of these young faculty being brought in here and getting more and more high level research grants and increasing that \$150 million.

Amb. Wolf:

But, if we compare our budget to our peer institutions, do they all include all their operations -- the hospital operations? We have about \$200 million for the Hospitals, when we compare budgets for budgets, do we purify the comparisons?

Mr. Ihrig:

Yes. The large research institutions will mostly compare on the total dollar basis and those that have hospitals will include them. Now there will be other comparisons that will take it upon the basis of general funds column and try to look at the core academic activities of the University, rather than the total budget. So they compare it both ways.

President Jennings:

That is one of the reasons most of our comparisons are done consistently with the big research universities that also happen to have medical schools. Some of this stuff is very difficult to separate out.

Mr. Teaford:

Well, there is an awful lot of instructional in that \$200 million.

President Jennings:

That is not only just instruction for medicine, but it is also for nursing, pharmacy, engineering, allied medicine, and all sorts. That's why a comparison to say Michigan or the University of Iowa is more relevant than a comparison to Purdue. Purdue doesn't have the medical complex. But, Joel, that is why you see consistently total budget comparisons to places with medical complexes. It is exactly the reason,

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

President Jennings: (contd)

because you can't separate that out as to what is going on in the hospital, just as you can't separate out say totally in agriculture its impact on the rest of the campuses.

Mr. Ihrig:

The general fund of the University for the Columbus Campus is up to \$452.4 million. That increase over last year is \$31.4 million. I thought you might like to look at what that increase is being used for. Personnel salaries and benefits is \$19.9 million, making up 63 percent of that increase. And the salary guidelines are even restricted this year in their magnitude. I am personally very concerned about our competitive position among faculty in the Big 10 and elsewhere. Over 63 percent is being used here. Utilities and bringing on new facilities that have been under construction is \$3.6 million or -- this is just the general fund, it does not include the Cancer Hospital. This is all for academic buildings, such as Lazenby, Enarson Hall, and this is getting those fully operational now.

Mr. Teaford:

But that doesn't have anything to do with the cost of building at all?

Mr. Ihrig:

No. This is the operational costs. It would include those as well as bringing on the Wexner Center and all of those facilities that have been through renovation or under construction that support the academic core of the University. So you've got another 11.5 percent of the budget there. Eleven percent is going toward enhancements for student aid to adjust for the new expenses including our own tuition, as well as fee authorizations for graduate students who are using the research labs and in the classroom. Academic Challenge is another 7.2 percent. That is where the State gives us one percent of the instructional subsidy to apply to already excellent programs to help improve them further. I will come back to that one later. Library support is expanded by almost \$1.6 million and making that a recurring expense where we have been using one time funds in the past. We are trying to compensate for the high cost of book prices and journal prices, especially the international articles that the libraries are trying to acquire. We have an exchange rate problem that is working against us now that use to work for us. Finally, we are increasing the internal research support of the University by \$700,000.

Mrs. Bowser:

So, when you talk about controlling costs you are talking about these items?

Mr. Ihrig:

Yes.

Mr. Teaford:

This is the way we are spending the new money.

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mr. Ihrig:

This is the new money. But it is part of the control of costs. You either have to take the base and lower the costs of some things we have been doing so the increases aren't as high, and reallocate those funds to do new ventures, or we have to limit the rate of increase here.

The benefits includes the 40 percent increase in health insurance benefits. Even though the faculty and the staff are paying 15 percent. We are looking at this as a very uncertain market, this is with the real costs of benefits. After being burned two years in a row of coming from behind and having to eat our reserves, we are still budgeting in the total expense to the University. Now, if the costs have dropped and we don't use that total budget, the first call on those funds will be to replace the reserves that we depleted to get through the last two years of underestimating. So now we have to rebuild the reserves so we are ready for the next time.

Mrs. Bowser:

How much were they depleted?

Mr. Ihrig:

They were depleted by around \$12 million.

Mrs. Bowser:

So you are going to get back to \$12 million?

Ms. Casto:

There is a lot more savings expected than that, right?

Mr. Ihrig:

No. The savings on an annual basis in the first year when they are fully realized would be somewhere around \$4 - \$5 million. It doesn't happen in one year.

Amb. Wolf:

I am looking at the library -- how does our library rate nationally as far as the number of volumes?

Mr. Ihrig:

The latest figures show that in comparison with the Big 10, we rank 8th in terms of the extent of expenditures of the current funds budget. And that is one of the reasons that we are having to invest in the libraries, in order to bring that rating up.

President Jennings:

We should also point out that we are 8th in the Big 10, but we are 16th in the nation.

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Amb. Wolf:

We are 16th in the nation?

President Jennings:

Yes. The point that I'm trying to make is the Big 10 comparison -- that is the major comparison in terms of the number of volumes.

Amb. Wolf:

Sixteenth in the nation is pretty good.

President Jennings:

Very good. That is why when you make your comparisons of the Big 10, you are comparing to the major universities in America. So you've got roughly those 10 institutions plus the five that are now in there and so forth. But in the Big 10 we have fallen behind a bit and have not made that commitment.

Mr. Teaford:

Eighth among our peers is not good.

Mr. Scott:

There are two questions. One has to do with the expenditure and one has to do with volumes. I'm not sure that we are eighth in volumes?

Mr. Ihrig:

I don't know where we rank on volumes.

Mr. Scott:

We are probably third or fourth.

President Jennings:

Sixteenth in volume nationally. We can find out where we are among the Big 10.

Dr. Hutchinson:

I think one of the big issues is whether we are getting into the new acquisitions. There are a lot of new journals that relate to our new faculty and we've got to be sure that we are getting those kinds of volumes into our libraries.

President Jennings:

One of the things that you will see this afternoon in terms of the capital budget, you are going to see a long-term, huge \$100 million plus item for libraries, into the '90's as a capital expenditure. And we are of course building a facility right now --

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mrs. Bowser:

That isn't going to answer to this -- more space. You have to fill the space up. I think Fred's point is well taken and also what Weldon says -- the foreign journals must really be a drain on the budget now because of the exchange.

Mr. Ihrig:

Yes. Because the exchange rates were in our favor in the early '80's, there was a level of expectation set up. All of a sudden the exchange rates shifted and became less favorable, but the expectations are still there. Again, it is that area of expectations and now the costs are far exceeding those. So, that is the reason we are having to move more money and we are trying to develop an index that will cover pits and valleys on this.

Mr. Teaford:

What are our total library budgets, that's not it --

Mr. Ihrig:

No, that is an increase to their acquisition budget, not to their personnel.

Mr. Teaford:

What is the total acquisition budget?

Mr. Ihrig:

I don't have that number with me.

Amb. Wolf:

Is it in the book here someplace?

Mr. Ihrig:

No. Because we are putting together this budget at the last minute, it still is only details, but the details have not gotten in your book.

Mr. Teaford:

Do you have a sense of how much of that is truly acquisition and how much is just keeping up our subscriptions? By percentage?

Mr. Ihrig:

I can't give you a percent on that, Joel. The heavy pressure now is on subscriptions and journals, not on individual books. And that has been putting heavy pressure on the library. It is for all libraries on campus.

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

President Jennings:

But the questions you are asking is why in a very tight budget we are still putting a \$1.5 million in the library for --

Mr. Teaford:

But it is easy to see that you've got to do it.

Mrs. Bowser:

Are we going back here to Academic Challenge?

Mr. Ihrig:

Yes, I am showing here an additional \$2.3 million. That is the amount the State designates -- 1% instructional subsidies that was budgeted in. This is the third biennium of Academic Challenge. It is the fourth for Ohio State, because this University started doing Academic Challenge internally as a concept and the State caught on to it and started funding it. The concept was that the State would provide an additional 1% of the instructional subsidy for commitments on a continuing basis. These are not one-time funds, they are continuing. What has happened is the first biennium monies were provided two biennia ago. Due to this leveling off of monies, the State budget has not been fully funded for two biennia as requested by the Regents. Therefore, the continuation costs of Academic Challenge have not been funded and we are having to eat those -- if I may use the raw term-- out of our basic budget dollars. This year of the biennium adds \$4.95 million to this number -- it takes it up to about \$7.3 million -- that we are supporting in those Academic Challenge initiatives covering the two biennias ago, as well as the new one coming in that we are funded for. Next year that goes up to \$5.2 million in the budget.

Mr. Teaford:

You are saying we are obligated to the State to do that even though they aren't going to pay for it?

Mr. Ihrig:

Yes.

President Jennings:

No, I don't think we are obligated to the State. We are basically obligated to ourselves.

Mr. Ihrig:

But also in agreeing to take the money, we are obligated.

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

President Jennings:

What he is saying is this State appropriation is \$7.9 million short of what was expected when the Academic Challenge was begun.

Mr. Ihrig:

So that is another reason why this budget is very, very tight. On page six of the budget you are presented a summary of the sources of funds. State appropriations are at 31.4 percent in this budget. They have been over 32 percent in the past when we were in the good years and things were improving. The students are paying over 15 percent. This gives you a share of the budget coming from the various sources.

Let's move to the actual impact on student tuition. This chart below shows the fees on an annual basis of which the undergraduate students will be paying \$2,190 for three quarters. This is made up of the \$120 increase that has been capped by the State for the instructional fee, plus the general fee -- which is an integral part of the tuition we charge -- of a \$30.00 increase. Together they represent a 7.4 percent increase. We have increased the general fee at the same relative proportion as the \$120.00 represents as a percent increase. So the total impact to the undergraduate students is 7.4 percent. If we could have gone to the Board of Regents' assumed level, that would have been \$2,100. The instructional fee assumed in the State budget is \$2,100, versus the \$1,764 instructional fee being recommended.

This budget is extremely difficult in that we must recommend tuition increases much higher than recent years. Non-resident undergraduate increases 11.6 percent. Graduate tuition increases 14.8 percent, while professional tuition increases 13 to 15.3 percent.

Mr. Teaford:

The rationale for the non-residents paying more is that they don't pay state taxes that give us our state subsidy.

Mr. Ihrig:

That is correct.

President Jennings:

And further, Joel, we get no subsidy for the out-of-state student. What Weldon is recommending is bringing that tuition to the equivalent level of in-state tuition plus subsidy. That is the theory there, that is tuition plus subsidy.

Mr. Teaford:

The assumption there is that in-state people are paying taxes that cause the subsidy to happen. So that is why --

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

Mr. Ihrig:

Overall, undergraduate resident students will pay 6.8 percent more to attend Ohio State, live and park on campus, as well as purchase books. Graduate resident students will pay 10.3 percent more this year.

Ohio State's earnings operations rates will increase 5.7 percent on a weighted average basis. When tuitions are added, the composite rate increases to 6.9 percent.

We are recommending the 1989-90 Current Funds Budget for your approval, and I'll be glad to respond to your questions.

Amb. Wolf:

This is the operating budget, what is the capital budget for this year?

Mr. Ihrig:

That is a biennium budget and we are in the mid-year of the biennium on that. We received from the State of Ohio just around \$100 million at the start of the last biennium for capital expenditures. So we are in the process of expending that. Those are on a project basis. I would have to get you that number.

Mr. Teaford:

Because we also have capital expenditures that are not in this one, in addition to that \$100 million. The Cancer Center and the Wexner Center would be two examples.

President Jennings:

Cancer Center, Lazenbee, and Enarson Hall.

Mr. Ihrig:

Over the next six years we are projecting expenditures of around \$800 million, of which \$500 million will be requested from the State.

Amb. Wolf:

But for this biennium, this two years, you have \$100 million from the State for capital?

Mr. Ihrig:

Yes.

Mr. Teaford:

Which if those averages are right, our total capital budget is in the \$150-\$160 million.

1989-90 BUDGET PRESENTATION (contd)

Ms. Paige:

I would like to ask a question. I think my main concern right now, after looking over the budget, is just the basic attitude that graduate and professional school students can afford a 15 percent increase. Just looking at the progression of our society, we're saying that more people are going to have to be enrolled in graduate and professional schools just looking at the trend of technology. However, we are increasing tuition at such a rate where the common student is not going to be able to afford this tuition. So on one side of the story we are increasing the undergraduates who are going to be competent to enroll in graduate and professional school, but on the other side of the story we are increasing the graduate and professional students' tuition to such an extent that the transition is not going to be able to be made. I guess in my mind I cannot understand why we are not as concerned about keeping the in-state graduate and professional students' tuition as low as we are keep the undergraduate tuition.

Mr. Ihrig:

Our goal would be to try to and keep that as low. It is interesting, at one time back in 1970-71 the two tuitions for in-state graduate students and in-state undergraduate students were exactly the same. The problem is funding. The state models assume that the students at the graduate and professional levels are going to take a greater share of the total cost of their instruction and pay that themselves. All we are able to do at this point, unless we are going to move money from undergraduate revenues and support graduate students to a greater extent, is we have to then, based on the funding sources, put that burden on the students in order to keep the quality programs available. If we cut the programs too drastically, then we won't offer the quality programs that the graduate students and professional students are looking for. So we are caught in a box in that the State assumptions are exactly what you said, unfortunately, that the students should pay a greater proportion.

Mr. Teaford:

You showed us the State assumptions for undergraduates and how we were significantly lower. How do we relate to the State assumptions for graduate students?

Mr. Ihrig:

It was 68 percent. We would have to increase undergraduate instructional fees 19 percent to reach the State assumptions. We have to increase the graduate fees 68 percent to reach State assumptions.

Mr. Teaford:

So, in fact, we are even better -- relative to that measure, which may not be a fair one -- for graduate students than we are for undergraduate students.

President Jennings:

There is another issue here, too. On one of the previous charts, if you noticed, it showed \$3.4 million of student financial aid. In this budget there are sufficient

July 7, 1989 meeting, Board of Trustees

1989-90 BUDGET PRESENTATION (contd)

President Jennings: (contd)

increases in student financial aid to do two things: to accommodate all the increases, and to accommodate those students who become eligible for student aid because of the increases. So in this we continue the policy of the double stool of accessibility of modern tuition but financial aid as well. A great deal of that financial aid is going to go right back into the graduate and professional area as these increases take place. The other thing, as Mr. Teaford pointed out, is that we are further below the State assumptions on the graduate level than we are on the undergraduate. This is bringing that closer. This is one of the objections we have got to State funding. The State funding, while much improved, is a funding process that does not reward, indeed, penalizes those institutions who keep their tuitions low. As I pointed out, our budget would be \$34 million higher if we did what the State was instructing us to do. But by keeping our tuition low, we are shortchanging ourselves.

Mr. Teaford:

Also, it reflects that unfortunately the State has the view that -- as Paige is criticizing -- that we don't need a bunch of people beyond the undergraduate degree level. That is wrong, but that is their clear message.

President Jennings:

That has been the message for many years. Remember the national college going rate is 53 percent -- high school to college. The Ohio college going rate is 43 percent. We are among the lowest college going rates in the United States. But, there is some recognition of low tuition institutions in this by making it at 6 percent or \$120.00. Very little. That 6 percent -- that tuition increase there, again, had we, over the last several years, been with the State the percentage increase wouldn't be as great, but the dollar increase would be greater than it in fact is now. That is part of the difficulty here. We expected that the State would continue to join us in partnership with keeping accessibility. That is not happening.

Mr. Teaford:

The graduate school, because of the high percentage of students getting aid, we are really hitting the middle class in graduate school. That is who is really getting burdened, the ones who are just above the scholarship level abilities.

President Jennings:

A great many graduate students, -- of course, not so much with professional students -- but a great many graduate students are supported by research grants or things like that.

Mr. Kessler:

Any further questions?

Background

1989-90 CURRENT FUNDS BUDGET

I. INTRODUCTION

In June 1989, this Board approved a Provisional Budget enabling the University to initiate operations for the 1989-90 Fiscal Year. The provisional budget was adopted in accordance with the planning guidelines presented at that meeting. Budget legislation for the 1989-91 biennium has now been passed by the Ohio General Assembly. Therefore, the University 1989-90 Current Funds Budget can be recommended to the Board of Trustees.

The amount of instructional subsidy is critical in establishing Ohio State's position among the major research universities in the nation. Instructional subsidies account for approximately 58.5 percent of the University's general fund, the primary support for the academic core and related support activities. These resources also provide the foundation for continued growth in sponsored research and development monies. The actions by the Ohio General Assembly have provided a substantial increase in the instructional subsidies over the level recommended by the Governor's budget request, sustaining the upward trend begun two biennia ago.

However, to measure the impact on excellence and student tuitions, we need to look at the resource trends in relation to their real purchasing power over the decade of the 1980's. When using constant dollars, the real purchasing power of the instructional subsidies declined from 1979-80 through 1982-83 and did not return to the 1979-80 level until 1985-86. Funding for fiscal year 1985-86, combined with new support in 1986-87, created a biennium of real growth, allowing Ohio State to make significant progress in promoting excellence and holding down increases in student tuitions. Then, just as these new expectations were being realized, the real value of state support not only leveled off but declined during the 1987-89 biennium. Progress was sustained only through cost containment and reallocations of \$12 million in recurring dollars each year of the biennium. As we now begin the new biennium, 1989-90 provides us some gain, but by 1990-91 purchasing power of instructional subsidies are again expected to decline.

In addition to not making real progress in the growth of the instructional subsidy, since 1979-80 revenues from student tuitions have not matched state assumptions. During this period, Ohio State has kept student tuition increases below those assumed in the state budgets. As a result, current undergraduate tuitions at Ohio State would need to be raised 21 percent to reach the State assumed levels. The \$120 per year cap on increases in undergraduate instructional fees does not enable Ohio State to pursue closing this gap in undergraduate tuitions as quickly as was planned.

Ohio State is not willing to compromise on excellence. Yet, over the past decade, the combined effects of major progress toward enhanced excellence and national recognition, student tuitions that are well below the State assumed levels, and annual internal reallocations to support new and expanded initiatives have taken their toll. While we will continue to hold down costs, we can no longer advance within the current levels of State funding without moving tuitions closer to the State assumed levels. Such action is taken reluctantly, with grave concern for the impact on our students. However, the faculty and staff are also sacrificing through lower levels of salary adjustments as well as paying part of the costs of their health insurance premiums.

Commitments to excellence remain in all areas of teaching and research as well as the related support and service activities. However, our rate of progress must be tempered as we take actions to keep within the level of resources provided by the State budget for the biennium 1989-91. These actions will require that Ohio State not only continue to reallocate resources, but challenge all areas to search for ways to reduce costs even more, which will include the

Background (contd)

1989-90 CURRENT FUNDS BUDGET (contd)

evaluation of whether all activities being performed are relevant within today's available resources.

II. SOURCES OF FUNDS

Current Funds Budget Resources proposed for 1989-90 total \$1,080,290,000, as summarized by funding source in the Budgeted Resources. This amount includes State support totaling \$339,640,000, which represents 31.4 percent of the total resources budgeted. Other major sources of income include student tuitions, 15.6 percent; government grants and contracts, 12.9 percent; and hospital sales and services at 20.6 percent.

The core instructional and general budgets of the University--Unrestricted General Funds--are budgeted to have resources of \$475,930,000, which amounts to 44.1 percent of total resources. Earnings operations, which include activities such as University Hospitals, Residence Halls, and Athletics, are budgeted to bring in \$349,890,000, which accounts for 32.4 percent of total resources. The remaining 23.5 percent of resources is in the restricted fund group which includes sponsored research projects, most private gifts, and such State-funded line-item activities as the Ohio Cooperative Extension Service and the Ohio Agricultural Research and Development Center.

The recommended tuition rates for both residents and non-residents of the various colleges and schools are shown in the Student Fee Schedules. In the past, Ohio State's tuition increases have been considerably less than those assumed in the state's instructional subsidy appropriation. In 1988-89, Ohio State's annual undergraduate tuitions were 351 dollars below the State assumed levels. For 1989-90, this University's plans were to begin to reduce this gap through a series of increases over three to four years. However, the General Assembly has mandated a tuition cap of \$120 on resident undergraduate instructional fees, in essence penalizing the University for minimizing past fee increases. As a result, this budget includes the recommended increase in the resident undergraduate instructional fee of \$120 on an annual basis. In addition, general fees are recommended to increase \$30 per year.

Since the gap between the fee assumptions and Ohio State's tuition charges is even greater for graduate and professional instructional fees, increases in these fees are being recommended for a net increase, including general fees, of 13 to 15 percent. These fees are expected to remain below the average within the Big Ten, with medical and dental student instruction fees still falling below national averages.

The review of tuitions charges for non-resident students indicates that the fees for undergraduate, graduate, and professional non-resident students continue to fall short of the targeted three-to-one ratio. Therefore, the non-resident surcharge for undergraduate students is recommended to increase 14 percent to continue the trend toward the three-to-one goal. However, due to the large increases in the graduate and professional instructional fees, non-resident surcharges for these students are recommended to increase the same percentage as their resident fees for 1989-90.

In addition to the changes in instructional and general fees, increases in some admission application and acceptance fees are being recommended. All domestic admission application fees except those for graduate students are being recommended to be set at \$20 versus the \$15 and \$10 currently charged. Acceptance fees for all undergraduate students as well as domestic graduate students are recommended to be \$50, with professional students at \$25. Overall, the

Background (contd)

1989-90 CURRENT FUNDS BUDGET (contd)

recommended fee changes place Ohio State in a competitive position with other universities while increasing the incentive to receive only thoughtful applications and intentional acceptances. These changes are the recommendations of the University's Council on Admissions and Registrations, which is composed of faculty, students and staff.

A major revenue source for the University continues to be the sales and services of the earnings units. As a result of continuing efforts to monitor and limit increases in all fees and charges of the University, the average increase in all University rates and charges will be just under 7 percent. The weighted average of only the earnings operations has been held to 5.7 percent, with Athletics and Traffic and Parking proposing average rate increases of slightly over 3 percent. Just as general funds units may institute internal reallocation methods to fund some desired programs, earnings operations retain the same option.

III. USES OF FUNDS

As detailed in the schedule and supporting documents of budgeted uses for Fiscal Year 1989-90, the University's planned expenditures from current funds total \$1,079,950,000. This level of recommended Current Funds expenditures will support the following budget planning guidelines reviewed with the Board of Trustees at the June 2, 1989, meeting.

- * Increase faculty, administrative and professional, and classified staff salaries by \$480 per year and provide 2 percent in salary funds for selective merit increases, with a pool of \$1.3 million available on a competitive basis for equity, excellence and market adjustments.
- * Fund compensation increases for negotiated wage settlements.
- * Provide funding to maintain the purchasing power of University-funded student financial aid, plus cover new students who may qualify with increases in tuition.
- * Provide resources to meet mandatory cost increases, such as utilities and employee benefits.
- * Provide an additional \$1.5 million for library book acquisitions.
- * Fund previous commitments such as the Young Scholars Program, curriculum enhancement, and the Wexner Center operations.

In addition, each college and office is being requested to define one percent of their 1989-90 budgets for reallocation. This action to lower costs and eliminate low priority activities and services will provide resources which will remain within the colleges and offices to address their highest priority needs.

This balanced budget for 1989-90 is being presented for Board of Trustees approval.

1989-90 CURRENT FUNDS BUDGET

Resolution No. 90-17

Synopsis: The Fiscal Affairs Committee recommended the approval of the budget for fiscal year 1989-90.

WHEREAS the levels of State support have been established with the enactment of budget legislation for the 1989-91 biennium; and

WHEREAS appropriate planning and consultation within the University have been accomplished; and

WHEREAS this Board approved a provisional expenditure budget for 1989-90 at its June meeting which is the basis for this budget for 1989-90; and

WHEREAS the President is now prepared to present the final 1989-90 budget:

NOW THEREFORE

BE IT RESOLVED, That the University Current Funds Budget for Fiscal Year 1989-90, as described in the accompanying text and tables, be approved, with authorization for the President to make expenditures within the projected income levels; and

BE IT FURTHER RESOLVED, That student fees be increased for all students beginning Autumn Quarter 1989, as specified in the Schedule of Student Fees incorporated in this resolution effective Autumn Quarter 1989; and

BE IT FURTHER RESOLVED, That the Secretary be instructed to incorporate all supporting documents into the minutes of this meeting, salary rolls with promotions, authorizations to purchase an annuity for Jack M. Hollander and to purchase retirement credit for David P. Mayers, and fees and charges for the Fiscal Year 1989-90, and to file these materials with the official records of the University.

Mr. Berry:

Before I ask for a motion on the President's budget recommendations, I would like to make the following report. On July 7, the Personnel Committee of this Board met to review the President's salary and to develop a recommendation for consideration by the entire Board. It is the Committee's conclusion that the President has continued to carry out his responsibilities in a manner consistent with the high expectations and ideals of the University. The role of a CEO is not an easy one, particularly in a major public educational institution. To manage and balance the many diverse interests, and to minimize the inherent conflicts necessarily associated with the University, is a splendid achievement.

Recognizing the President's contributions to this institution and recognizing the current financial condition of the University, the Committee recommends that the President receive a salary increase of 5 percent for the fiscal year ending June 30, 1990. The Secretary of the Board is hereby authorized and directed to develop the appropriate documents to effectuate this change in salary.

May I now have a motion to approve the President's budget report and recommendations, as well as the Personnel Committee's salary recommendation for President Jennings?

July 7, 1989 meeting, Board of Trustees

1989-90 CURRENT FUNDS BUDGET (contd)

Upon motion of Mr. Kessler, seconded by Mr. Teafor, the Board of Trustees adopted the foregoing resolution with six affirmative votes cast by Messrs. Berry, Teafor, Barone, Kessler, and Wolf, and Mrs. Bowser, and a negative vote cast by Ms. Casto.

Ms. Casto:

I vote no for the same reasons I indicated at the last meeting.

(See Appendix V for the charts on The Ohio State University 1989-90 Current Funds Budget, page 129.)

--0--

Thereupon the Board adjourned to meet Wednesday, August 23, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

MEMORANDUM

Subject: Proxy Solicitations
Date: June 30, 1989
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the month of June 1989, the University voted 8 proxies.

Management proposals were as follows:

- 1) Election of the directors;
- 2) Classify the Board of Directors;
- 3) Change the date and the time of the annual meeting;
- 4) Add the Chairman of the Board to the officers authorized to call special meetings of shareholders;
- 5) Approval of the independent auditors;
- 6) Approval of the corporate reorganization plan, along with the redistribution of common stock and the appropriate changes in the company's by-laws;
- 7) Approval of a 2-for-1 split of the outstanding common stock;
- 8) Approval of a merger of two independent concerns into one concern;
- 9) Approval of the 1989 stock incentive plan, effective upon consummation of the above merger;
- 10) Ratification of the 1989 Management Incentive Plan.

Shareholder proposals were as follows:

- 1) Election of directors annually.

The University voted for all management proposals and against the shareholder proposal, which management also opposed.

The 8 corporations were:

- 1) American Greetings Corporation
- 2) Comcast Corporation
- 3) Ennis Business Forms, Incorporated
- 4) McKesson Corporation
- 5) Morton Thiokol Incorporated
- 6) Oracle Systems Corporation
- 7) Rite Aid Corporation
- 8) Time, Incorporated

AUTHORIZATIONS

The University, in its negotiations to secure the services of Jack Hollander as Vice President for Research and Graduate Studies in 1983, made a commitment to compensate Dr. Hollander for his loss of retirement income in the State Retirement System of California which would result from his accepting his appointment at The Ohio State University.

The difference between the retirement income Dr. Hollander would have received had he remained in the California State Retirement System and the retirement income to which he will be entitled as a result of his six year appointment at The Ohio State University combined with his current California retirement entitlement is approximately \$1,700 per month.

The University has agreed to purchase an annuity on Dr. Hollander's behalf which will provide the institution with sufficient income to raise the retirement benefit for Dr. Hollander to the level it would have been had he remained employed by the University of California, Berkeley, and retired at age 62 within the State of California Retirement System, accordingly.

The Vice President for Personnel Services is authorized to effect the purchase of such an annuity on behalf of the University.

AUTHORIZATIONS (contd)

Under State law, provision is made for supplementing a person's retirement benefits by the purchase of prior years of military service.

The purchase of 5 years of service by the University is consistent with the terms stipulated in the original letter of offer and subsequent appointment of Professor David Mayers.

Professor David Mayers qualifies under this law for the purchase of additional years of such credit from State Teachers Retirement System of Ohio, accordingly.

Effective July 1, 1989, the Secretary of the Board of Trustees is authorized to implement the purchase of such prior service credit (not to exceed a total of five (5) years) in increments as provided in Section 3307 of the Ohio Revised Code in the State Teachers Retirement System of Ohio on behalf of David Mayers and that the cost of service should be paid from unrestricted monies received by the University pursuant to Section 3345.16 of the Ohio Revised Code.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-THIRD MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, August 23, 1989

The Board of Trustees met at its regular monthly meeting on Wednesday, August 23, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

August 23, 1989 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on August 23, 1989, at 11:10 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, Deborah E. Casto, John W. Kessler, Milton A. Wolf, Alex Shumate, Sophia L. Paige, and Laurel A. Davis.

--0--

INTRODUCTION OF ALEX SHUMATE

Mr. Berry introduced the new member of the Board of Trustees:

I am happy to have the opportunity to formally introduce Alex Shumate as our newest Trustee today and to welcome him to our Board. Mr. Shumate is a partner with the law firm of Squire, Sanders & Dempsey in Columbus, having joined the firm after serving the Governor as Deputy Chief of Staff and Chief Counsel for several years. In addition to his professional activities, Mr. Shumate has been very active in community affairs, including service on the boards of the Columbus Museum of Art, the Columbus Urban League, Ballet Metropolitan and Ohio Wesleyan University. We all look forward to Mr. Shumate's participation with this Board and the oversight of The Ohio State University. I should note here that Mr. Shumate is a graduate of Ohio Wesleyan University and received his law degree from the University of Akron School of Law. Please join me in welcoming Alex Shumate as a Trustee.

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Hospitals Board and two of its standing committees met on Thursday, July 27.

The Professional Affairs/Education/Research Committee devoted much of its time to issues of methodologies related to defining, measuring, and enhancing the quality of patient care. Ms. Susan Insley, Committee chairperson, reported on the program that she, Dr. Kramer, and Mr. Fraley attended. According to the meeting leaders, although responsibility for quality assurance has shifted from the individual physician to the institution and boards like ours, there are no nationally accepted standards on either what constitutes, or how to measure, quality of care. However, we do believe, and HCFA mortality statistics apparently confirm that University Hospitals does provide excellent patient care. And I might say, by far the finest patient care in this community. In fulfilling the Board's ethical and legal responsibility to be informed about quality of care, Ms. Insley is working with Mr. Fraley and Dr. Mekhjian to review University Hospitals' existing criteria and develop new criteria and measurement standards for reporting this information to the Board. Also, Dr. Mekhjian was asked to review with us the process for credentialing of Physicians in the Hospitals.

The Administrative/Operations Committee reviewed the Hospitals' preliminary year-end financial statement. Although the Hospitals' budget for 1988-89 anticipated a net loss of \$1.9 million, the actual loss was \$1.1 million. But, of course, we had no Cancer Hospital. A report summarizing Franklin County hospitals' shares of the healthcare market appears to indicate that those hospitals utilizing aggressive management and marketing strategies have increased their market share while

HOSPITALS BOARD COMMITTEE REPORT (contd)

Mr. Teaford (contd)

University Hospitals' share has remained constant during the past four years. Those studies seem to indicate that we have indeed lost our dominance in the out-of-Franklin County tertiary care market, and I think that is cause for considerable concern. It is a very, very competitive business right now as all of you who have TV sets know. We are really going to have to face that problem. Since volume is critical to the Hospitals' fiscal stability, this emphasizes the importance of implementing the Medical Center's Strategic Plan. Discussion of the remaining major agenda item -- a review of the proposed five-year capital plan -- was continued at the full Board meeting.

After much discussion covering the interrelationship between operations and capital funds and need for a "worst case scenario," the Hospitals Board approved the proposed 1989-90 Capital Budget and the associated five-year Capital Plan. And I might say to you that this was an extremely modest plan. It hardly involves doing much more than repairs except in a couple of areas, and even then, frankly, I find it scary.

The Board also heard reports from Dr. John McDonald on the Hospitals' Pain Management Program, and from Dr. George Paulson on the Clinic Executive Committee's efforts toward improving patient services.

That completes my report, Mr. Chairman.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee reviewed the status of the Endowment Portfolio through July 21st as presented by Mr. Nichols. The value of the Endowment Portfolio was \$292.3 million.

Mr. Nichols also reported on the status of the endowed chairs and professorships. Ohio State currently has 36 endowed chairs, including the previously approved 8 Eminent Scholars, and 41 endowed professorships. Donations of \$1,250,000 are required to create an endowed chair and \$500,000 for a professorship. We have asked the staff to distribute to the full Board the list of all of the chairs and professorships, as well as a map that we had asked for before on the areas around the university in color which I think you will find very helpful.

That completes my report for the Investments Committee, Mr. Chairman.

(See Appendix VI for complete text of The Ohio State University Endowment Summary, July 21, 1989, page 217.)

(See Appendix VII for complete text of Status Report on The Ohio State University Endowment Funds and The Ohio State University Foundation Endowment Funds as of June 30, 1989, page 229.)

--0--

ACADEMIC AFFAIRS COMMITTEE

Ms. Casto:

This morning the Academic Affairs Committee heard from the libraries and of course it was very interesting. I might recommend sometime that they present what they presented to us to the full Board. As you know, budgets have been very tight and I think that we have talked about our libraries being a priority here. I think that everyone should see these statistics. They are just too long and lengthy to name, so I think that you all might want to see the presentation.

The Academic Affairs Committee is recommending for approval the following resolutions:

NAMING OF BUILDING

Resolution No. 90-18

Synopsis: The Academic Affairs Committee recommended the approval for naming the bee laboratory, located on the Columbus Campus at 2501 Carmack Road, in honor of Professor Emeritus Walter C. Rothenbuhler

WHEREAS the Board of Trustees has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS the building on the Columbus Campus at 2501 Carmack Road is currently described as the Bee Laboratory; and

WHEREAS during his twenty-one years at the University, Dr. Walter C. Rothenbuhler built a program in honey bee genetics at the University that earned him international recognition as one of the pioneers of behavioral genetics; and

WHEREAS Dr. Rothenbuhler is remembered for his ability to work with and motivate students, and his unbending standards of excellence; and

WHEREAS he has been instrumental in the replacement of the old bee laboratory with a new honey bee research facility, from the early planning stages in 1979 through the construction phases, even after his retirement in 1985; and

WHEREAS the President recommended, with the concurrence of the President's staff, that the aforementioned bee laboratory at 2501 Carmack Road be named in honor of Walter C. Rothenbuhler:

NOW THEREFORE

BE IT RESOLVED, That hereafter the building at 2501 Carmack Road shall bear the name "Walter C. Rothenbuhler Honey Bee Research Laboratory."

Upon motion of Ms. Casto, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

August 23, 1989 meeting, Board of Trustees

NAMING OF BUILDING

Resolution No. 90-19

Synopsis: The Academic Affairs Committee recommended the approval for naming the Water Resources Building, located on the Columbus Campus near 12th and Neil Avenues, the General Biology Annex.

WHEREAS the Board of Trustees has authority in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (G) of rule 3335-1-08 of the Administrative Code; and

WHEREAS the building on the Columbus Campus near 12th and Neil Avenues is currently described as the Water Resources Building; and

WHEREAS the faculty and graduate students of the Water Resources Center have relocated from the Water Resources Building to the Agricultural Engineering Building; and

WHEREAS General Biology classes presently located on West Campus will be relocated to Main Campus in the present Water Resources Building beginning Fall Quarter; and

WHEREAS the President recommended, with the concurrence of the President's staff, that the aforementioned Water Resources Building be named the General Biology Annex:

NOW THEREFORE

BE IT RESOLVED, That hereafter the building known as the Water Resources Building and located near 12th and Neil Avenues shall bear the name "General Biology Annex."

Upon motion of Ms. Casto, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

MORTAR BOARD RECOGNITION

Resolution No. 90-20

Synopsis: The Academic Affairs Committee recommended the recognition of the 75th anniversary of Mortar Board.

WHEREAS Mortar Board is a national honor society of college seniors recognized for superior scholastic ability, outstanding and continual leadership, and dedicated service in support of the ideals of the University; and

WHEREAS 1989 marks the seventy-fifth anniversary of the founding of Mortar Board at The Ohio State University; and

WHEREAS Mortar Board at The Ohio State University was one of the four founding chapters of the national organization of Mortar Board; and

WHEREAS the National Council of Mortar Board, Inc., has established at The Ohio State University its national archives and its national office; and

August 23, 1989 meeting, Board of Trustees

MORTAR BOARD RECOGNITION (contd)

WHEREAS The Ohio State University Mortar Board chapter will sponsor a seventy-fifth anniversary celebration on October 13 and 14, 1989:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University acknowledges the seventy-fifth anniversary of the founding of Mortar Board at The Ohio State University; and

BE IT FURTHER RESOLVED, That the Board of Trustees of The Ohio State University congratulates Mortar Board on its significant influence as a senior honor society on The Ohio State University campus over these seven and one-half decades, and encourages its continued pursuit of excellence through superior scholarship, distinguished leadership, and exemplary service for women and men.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

**CHANGE "THE NEWTON D. BAKER - BAKER & HOSTETLER PROFESSORSHIP
IN LAW" TO "THE NEWTON D. BAKER - BAKER & HOSTETLER CHAIR IN LAW"**

Resolution No. 90-21

Synopsis: The Academic Affairs Committee recommended changing "The Newton D. Baker - Baker & Hostetler Professorship in Law" to "The Newton D. Baker - Baker & Hostetler Chair in Law."

WHEREAS in accordance with the guidelines previously established by this Board, "The Newton D. Baker Memorial Fund" was established on February 1, 1974, with initial gifts from John D. Drinko of the law firm of Baker, Hostetler and Paterson, and several of his friends in memory of the firm's founder, Newton D. Baker; and

WHEREAS the name and description were changed to "The Newton D. Baker - Baker & Hostetler Professorship in Law" on February 7, 1986; and

WHEREAS all gifts are to be invested in the University's Permanent Endowment Fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates; and

WHEREAS at the time of the establishment of the endowed fund it was agreed that the fund be redesignated The Newton D. Baker - Baker & Hostetler Chair in Law when the level of funding reaches \$750,000; and

WHEREAS the level of funding has now reached the level required through unexpended earnings on the original investment:

NOW THEREFORE

BE IT RESOLVED, That The Newton D. Baker - Baker & Hostetler Professorship in Law be changed to The Newton D. Baker - Baker & Hostetler Chair in Law. The annual income shall be used to support the Newton D. Baker - Baker & Hostetler Chair in Law. The chair is created to

August 23, 1989 meeting, Board of Trustees

**CHANGE "THE NEWTON D. BAKER - BAKER & HOSTETLER PROFESSORSHIP
IN LAW" TO "THE NEWTON D. BAKER - BAKER & HOSTETLER CHAIR IN LAW (contd)**

recognize the work of a distinguished scholar and teacher in the College of Law. Appointment to the Newton D. Baker - Baker & Hostetler Chair in Law will be recommended to the Provost by the Dean of the College of Law for approval by the Board; and

BE IT FURTHER RESOLVED, That if at any time the annual income is greater than that necessary in the opinion of the Dean of the College of Law to support the chair, or if the chair should be vacant, the available income may, at the discretion of the Dean of the College of Law, be used to award a Newton D. Baker Award to one or more students in need of financial aid, or for one or more Newton D. Baker Summer Research Fellowships for faculty members of the College of Law; and

BE IT FURTHER RESOLVED, That should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official for the University who is then directly responsible for law education.

Upon motion of Ms. Casto, seconded by Mr. Kessler, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 90-22

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the July 7, 1989 meeting of the Board, including the following Change in Title, Appointment, Appointment of Chairpersons of Departments, Reappointment of Chairpersons of Departments and Director of Hospital, Leaves of Absence Without Salary, Leave of Absence Without Salary--Continuation, Professional Improvement Leave, Professional Improvement Leaves--Change in Dates, Emeritus Titles, and Promotion/Tenure, as detailed in the University Budget be approved and the Medical Staff Appointments/Reappointments approved July 27, 1989, by the Hospitals Board be ratified.

Change in Title

Name: THOMAS L. SWEENEY
Title: Acting Vice President for Research and Graduate Studies
Office: Research and Graduate Studies
Effective: September 1, 1989
Present Position: Associate Vice President for Research and Graduate Studies

Appointment

Name: KENNETH C. JEZEK
Title: Director/Associate Professor
Center/Department: Byrd Polar Research Center/Geology and Mineralogy
Effective: December 1, 1989
Salary: \$66,600.00

August 23, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment (contd)

Present Position: Geophysicist, U.S. Army Cold Regions Research and Engineering Laboratory, Hanover, NH, Research Assistant Professor, Thayer School of Engineering, Dartmouth College, Hanover, NH

Appointment of Chairpersons of Departments

July 1, 1989 through June 30, 1990

Poultry Science

J. Fred Stephens*

August 1, 1989 through June 30, 1990

Agricultural Education

R. Kirby Barrick, Jr.*

October 1, 1989 through September 30, 1990

Black Studies

William T. McDaniel*

Reappointment of Chairpersons of Departments and Director of Hospital

July 1, 1989 through June 30, 1990

Veterinary Hospital

John A. E. Hubbell

July 1, 1989 through June 30, 1993

Home Economics Education
Textiles and Clothing

Sharon V. Redick
Lucy R. Sibley

*Acting Chairperson/Director

Leaves of Absence Without Salary

ABRAHAM J. NEYMAN, Professor, Department of Economics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a Visiting Professorship at Stoney Brook.

MORGAN E. SHIPMAN, Professor, College of Law, effective Autumn Semester 1989, to accept the Culverhouse Chair at Stetson University College of Law.

LAWRENCE R. BRAMLAGE, Associate Professor, Department of Veterinary Clinical Sciences, effective August 1, 1989, through July 31, 1990, for personal reasons.

GARY J. FERLAND, Associate Professor, Department of Astronomy, effective Winter Quarter 1990, for personal reasons.

RICHARD K. HERRMANN, Associate Professor, Department of Political Science, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to work on the Policy Planning Staff in the U.S. Department of State, Washington, DC.

August 23, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Leaves of Absence Without Salary (contd)

CHARLES E. WILSON, Associate Professor, College of Law, effective Autumn Semester 1989, to accept a visiting professorship at Brooklyn Law School.

DANIEL O. BOORD, Assistant Professor, Department of Photography and Cinema, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a visiting associate professorship at the School of Art and Design at the University of Illinois.

RUTH F. CAUTHEN, Assistant Professor, College of Dentistry--Restorative & Prosthetic, effective September 1, 1989, through October 31, 1989, for personal reasons.

TIMOTHY P. REDMAN, Assistant Professor, Department of English (Lima Campus), effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a position at The University of Texas at Dallas.

SHIBLEY Z. TELHAMI, Assistant Professor, Department of Political Science, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a fellowship from the Council on Foreign Relations.

Leave of Absence Without Salary--Continuation

POK-SANG LAM, Assistant Professor, Department of Economics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter, 1990, to continue as a Visiting Professor at Stanford University.

Professional Improvement Leave

VIVIAN B. HARVEY, Adjunct Instructor, Department of Family Relations and Human Development, effective July 1, 1989, through June 30, 1990, to study the Spanish language and the Mexican culture in Mexico.

Professional Improvement Leaves--Change in Dates

MARCIA P. MICELI, Associate Professor, Academic Faculty of Management and Human Resources, change leave from Winter Quarter and Spring Quarter 1990, to Autumn Quarter 1989 and Winter Quarter 1990.

S. M. TARIQ RIZVI, Associate Professor, Department of Mathematics (Lima Campus), change leave from Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to Winter Quarter, Spring Quarter, and Autumn Quarter 1990.

Emeritus Titles

JEROME ROTHSTEIN, Department of Computer and Information Science, with the title Professor Emeritus, effective July 1, 1989.

WILLIAM M. SUMNER, Department of Anthropology, with the title Professor Emeritus, effective July 1, 1989.

DAVID YASHON, Department of Surgery, with the title Professor Emeritus, effective January 1, 1989.

August 23, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Emeritus Titles (contd)

BETTY C. HARRIS, Department of Family and Community, with the title Instructor Emeritus, effective July 1, 1989.

Promotion/Tenure

**COLLEGE OF MEDICINE
CLINICALS**

Promotion to Clinical Professor

A. James Giannini, Psychiatry, effective July 1, 1989

Upon motion of Ms. Casto, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

RESOLUTIONS IN MEMORIAM

Resolution No. 90-23

Synopsis: The Academic Affairs Committee recommended the approval of the following Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Daniel Couri

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 3, 1989, of Daniel Couri, Professor in the Department of Pharmacology, College of Medicine.

Professor Couri was born on October 4, 1930, in Streator, Illinois. He received a Bachelor of Science degree in 1954 from Queens College, New York; a Master of Science in 1958 from New York University; and a Ph.D. from the State University of New York, Brooklyn in 1965. Dr. Couri was in the U.S. Military Service, Army Chemical Center from 1954 to 1956 and then served with Public Health Research between the years 1957 to 1960.

Dr. Couri joined the pharmacology faculty at The Ohio State University in 1965 and became Director of the Toxicology Laboratory in 1967. He remained as the Director of the Toxicology Division of Pharmacology serving as mentor for students until his death. During this time he had authored more than 160 journal publications and 12 chapters for various books under such topics as obstetrics, pharmacology and forensic toxicology. Dr. Couri also received numerous major research grants from the EPA and other state and federal organizations.

Dr. Couri was also Director of Forensic Toxicology at the Franklin County Coroner's office. He was selected by Dr. William R. Adrion to head toxicology work for the new county morgue that opened in 1977. For 12 years, he had directed the OSU laboratory that did contract toxicology work for the morgue.

August 23, 1989 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Daniel Couri (contd)

He was active in many professional organizations within his field, including: the American Society for Pharmacology and Experimental Therapeutics; the International Association of Forensic Toxicologists; the Society of Toxicology and served as counselor and vice president of the Ohio Valley Chapter in 1983; and The Ohio Academy of Science. Dr. Couri served as a member of the American Industrial Hygiene Association's All Ohio Safety and Health Congress; the American Conference of Governmental Industrial Hygienists; the Society for the Scientific Detection of Crime; the American College of Toxicology; the American Academy of Forensic Sciences; and the International Union of Pharmacologist's Section on Toxicology.

Dr. Couri served as consultant to the Clinical and Forensic Toxicology Service of the Legal and Medical Professions and as a technical consultant to the State of Ohio Department of Mental Health and Prosecuting Attorney's Association. He was a member of the Toxicology Laboratory Accreditation Board, along with being a member of the Advisory Boards of the Ohio EPA Public Advisory Group, the City of Columbus Department of Health, and the Chemical Emergency Preparedness Advisory Council.

At The Ohio State University, Professor Couri also served on many committees including the Graduate Council; the Human Subjects Biomedical Research Committee; the University Senate; the Academic Misconduct Committee; the Faculty Compensation and Benefits Committee; the Biohazard Committee for Animal Science; and the departmental Promotion and Tenure committee. He also served as a faculty representative to The Ohio State University Research Foundation Board of Directors.

Despite his many accomplishments, Dr. Couri was most proud of his students. He was the advisor for 25 Ph.D. students who went on to research careers in academic, industrial, and government laboratories. He had a special knack for recruiting and inspiring students and researchers. He was honored by the pharmacology department and students for his outstanding contributions as a teacher and for his dedication.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Couri its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, his students, the University, and his many friends and associates have sustained.

Sara Ann Foster

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 1, 1989, of Sara Ann Foster, Assistant Professor in the College of Social Work.

A native of Greencastle, Indiana, Professor Foster received her B.A. degree from the University of New Mexico in 1948 and her Master of Arts in Social Administration degree from The Ohio State University in 1952. She also did post-graduate study at the University of Wisconsin from 1972-74. Professor Foster served as a research analyst for the High Allied Command in Frankfurt, Germany, in 1950-51. Following the completion of her master of social work degree, she was employed variously as a psychiatric social worker and researcher until 1956 when she became an Instructor for the Department of Sociology at Ohio Wesleyan University. Professor Foster became an Assistant Professor at The Ohio State University College of Social Work in 1963, and served the college continuously since that time.

RESOLUTIONS IN MEMORIAM (contd)

Sara Ann Foster (contd)

During her 26 years as a faculty member, Sara Ann Foster strove diligently to meet the needs of her students and to serve the best interests of the college and the University. Professor Foster taught social welfare policy courses, primarily to undergraduates, and health practice and policy courses to graduate students. She also pioneered courses on women's issues, and she was a very strong and active campaigner in the drive for equal opportunity and treatment for women. She published articles on social work field instruction and on gender related discrimination. In addition to her teaching and research, Professor Foster was deeply involved in the management of the operations of the college through her tireless work on college committees. In the community and in her profession Professor Foster was a member of the House of Delegates of the Council on Social Work Education; the Board of Directors of the Ohio Chapter of the National Association of Social Workers; the Ohio College Association of Social Service Educators; AAUP; and Ohio Women, Incorporated.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Nellie F. Jennings

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 11, 1989, of Nellie F. Jennings, Assistant Professor Emeritus in the University Libraries.

Professor Jennings was born February 3, 1903, in Delaware, Ohio (Delaware County). In 1924, she was awarded a Bachelor of Science in Education degree from The Ohio State University. In 1926, she earned a library certificate (an equivalent to a Master's degree) from Western Reserve University.

Professor Jennings was an Assistant School Librarian from 1926 to 1928, in Cleveland, and Young People's Librarian, 1928 to 1929, in the Cleveland Public Library, before beginning her tenure during the latter year with The Ohio State University Libraries as an Assistant in the Reference Department. Between 1930 and 1935 she worked at the Ohio Wesleyan University Library, followed by service in the State Library of Ohio, 1935 to 1945, as Head, Traveling Libraries and Head, Inter-Library Loan.

In 1947, she returned to The Ohio State University Libraries as Reference Department Assistant. She later served as Head, Serial Division, from 1954 to 1961, and as Senior Bibliographer, from 1961 until her retirement in 1973.

Professor Jennings always demonstrated an unsurpassed sense of professional duty and responsibility. She was long an active member of the Franklin County Library Association, the Ohio Library Association, and the American Association of University Professors. Professor Jennings served both willingly and ably on numerous local and state-level committees to advance library service. One notable legacy of her contribution to The Ohio State University Libraries was her work to structure a "Central Serial Record" file, from what had been thousands of scattered files recording serial publications received by the University Libraries system. Ohio State and its library system are richer for having had the benefit of many, many years of devoted, loyal service by Professor Jennings.

August 23, 1989 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Nellie F. Jennings (contd)

On behalf of the University community, the Board of Trustees expresses to the family of Professor Jennings its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and her many friends and associates have sustained.

Henry M. Moser

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on March 7, 1989, of Henry M. Moser, Professor Emeritus in the Department of Communication.

Professor Moser was born February 1, 1902, in Wapakoneta, Ohio (Auglaize County). Professor Moser received his B.A. degree in 1924 from The Ohio State University, M.A. degree from the University of Michigan in 1928, and his Ph.D. from the State University of Iowa in 1936.

Professor Moser taught graduate studies at both the University of Michigan and The Ohio State University, from which he retired in 1968. While at Ohio State, Professor Moser served as director of the Speech and Hearing Clinic while also acting as a communication consultant to the U.S. Air Force. During the Korean War, he developed the ICAO phonetic alphabet still utilized by the U.S. Military, NATO, as well as the civilian aviation community. During World War II he served as director of Training of Voice Communication for the Army Air Corps. Professor Moser was credited with the development of the diagnostic testing procedure which allows laryngectomy patients to speak.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Moser its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

Helen L. Wallace

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 9, 1989, of Helen L. Wallace, Assistant Professor Emeritus in the Department of Life Span Process.

Ms. Wallace was born in Cambridge, Ohio, on May 12, 1924. She received her diploma from the Newark Hospital School of Nursing in October 1945, a B.S. in Education (Summa Cum Laude) from The Ohio State University in March 1953, and also her M.S. in Nursing from Ohio State in June 1959.

Ms. Wallace was affiliated both with The Ohio State University Hospitals and the School/College of Nursing from 1953 until 1988 when she retired with the title of Assistant Professor Emeritus. She began as a staff nurse, Medical Unit, The Ohio State University Hospitals in 1953. Prior to her retirement, she served as the Director of Operating Room Nursing from 1973 until 1980, and was the Coordinator of Nursing Quality Assurance from 1980 until 1988 in The Ohio State University Hospitals. Ms. Wallace was appointed Instructor of Surgical Nursing, School of Nursing from 1953 until 1959, and served as Assistant Professor, School of Nursing from 1959

August 23, 1989 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Helen L. Wallace (contd)

until 1972. Ms. Wallace's affiliation with the School/College of Nursing continued on in the capacity of Adjunct Assistant Professor until her retirement in June 1988. Ms. Wallace also served as a Clinical Professor in the School of Allied Medicine from 1979 until 1983.

In her thirty-five years of service to The Ohio State University, Ms. Helen Wallace conducted herself in a professional and in a very humane and caring manner. The College of Nursing pays tribute to Ms. Wallace's sustained contribution to teaching and service at the University and to her dedication and commitment to the advancement of the nursing profession.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Wallace its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

Lowell Ashley Wrigley

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 27, 1989, of Lowell Ashley Wrigley, Assistant Dean Emeritus in the Office of Student Affairs.

Born December 4, 1910, in Lima, Ohio, Mr. Wrigley graduated from Lima Central High School where he was captain of the football team. He received his Bachelor of Science in Education degree from The Ohio State University in 1932. As a scholar-athlete he earned three varsity letters each in both baseball and basketball, was elected treasurer of the sophomore class and to membership in the honor societies Bucket and Dipper and Sphinx. He was a member of the Tau Kappa Epsilon Fraternity.

Mr. Wrigley began his professional career as a teacher of mathematics and science at Johnsville High School where he also coached basketball. From there he moved to Celina High School to continue teaching and to coach basketball.

His long and effective service to The Ohio State University began in June 1937, when he was appointed to the Dean of Men's staff and served as the first director of Baker Hall, which opened in 1939. As an effective member of the men's residence hall staff during the time of unprecedented growth in residence halls; he earned the respect and admiration of his colleagues and students. He served as faculty adviser to numerous student organizations including Ohio Staters, Inc., the senior honor society Sphinx, and the national honor society Phi Eta Sigma. He also served as coach of The Ohio State University baseball team in 1945-46 and later as an assistant coach with coaches Floyd Stahl and Marty Karow.

Mr. Wrigley served as a Big Ten football official for 17 years. He officiated the 1963 Rose Bowl Game and the 1970 Cotton Bowl Game. The Ohio Association of Football Officials honored him with life membership and he served as the secretary/treasurer of the association for many years. He was elected President of the Central Ohio Football Officials Association in 1966. Lowell Wrigley earned the respect and confidence of his peers for his inspirational leadership, his sharp and fair decision-making ability, and his complete integrity. Upon his retirement on July 31, 1973, he was named Assistant Dean Emeritus.

August 23, 1989 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Lowell Ashley Wrigley (contd)

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Lowell Wrigley its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

Upon motion of Ms. Casto, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Shumate:

The Board will receive three presentations this morning from student government leaders. The first report, I believe, will be presented by Mr. Steve Sloan on behalf of the Interprofessional Council.

Mr. Steve Sloan:

Thanks a lot. I'm impressed you got my name. Steve Diebert actually could have made it today, but I told him since I was entering my third year of medical school and I would probably not be able to make too many more meetings that I would just go ahead and give my last report. But Steve is looking forward to speaking to you at the next meeting.

I want to welcome Alex Shumate to the Board of Trustees. If my last name sounds familiar to you, it's because my twin brother worked for Squire, Sanders & Dempsey during the summer. I think you can tell us apart fairly easily -- I don't wear a suit, my brother does; my brother is in law school, I'm in medical school. So, I think it is pretty easy to keep us apart.

Last year we spoke a lot about the organizational structure of the IPC and how we were really just trying to strengthen that. I think we pretty much have worn that topic pretty thin. This year we plan to be productive and actually get some things done.

We plan to take advantage of some of the things that we have built up -- our organization, our office, and things like that. We also plan to work with the other student governments, the Undergraduate Government and the Graduate Student Government -- they have a lot of expertise and experience that we may lack. Also, we are looking forward to working with the Board of Trustees and the administration.

That concludes my report and thank you very much.

Mr. Shumate:

Are there any questions? Thank you. Our next report will be given by Luke Evans from the Council of Graduate Students.

August 23, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Luke Evans:

Good morning. Chairman Berry, President Jennings, members of the Board, we are looking forward to this coming year and working with you and the rest of the University. We have some pretty exciting things on the slate for the coming year. Our activities for this summer have been quite busy.

First of all, we have been selected as the site for the National Membership Coordinator position with the NAGS organization. That is a board member position. So we think this would be very good for highlighting Ohio State nationwide. We will be making a lot of efforts to recruit members to NAGS. Since we will be working with present members as well as potential members, we think this is probably the most visible position on the board of directors.

On the local scene, we have completed our interviews for all of our university-wide committees. We have some excellent people selected and as a result we think that we will be able to make a positive contribution to the activities of this university.

Benetta Lucius, our Vice President, has been working very diligently on our orientation and reception for graduate students on Monday, September 18. We value this highly because it is very important to us that 2,900 new graduate students entering this University get off to a good start. We will be orienting them as far as to where the libraries are, basic things like that. We will also have panel discussions with successful graduate students who will give them some words of advice on how to proceed successfully through the program. In the evening we will be holding a reception, the second annual reception. The purpose of this is to promote the social side of Graduate School. We do want new graduate students get to know the senior graduate students, as well as key graduate faculty and administrators here at Ohio State. So we think that we will be getting everyone off to a good start here. At this reception we will have a jazz band, food refreshments and door prizes. So we think that these carrots will help encourage -- if there is any shyness on the part of the new students -- we hope that will bring them out.

And, finally, a little bit on the lighter side, we managed to double our office space this summer. That is something that is hard to do on this campus. We had four people working in a room 14 x 13 feet, we now have 14 x 26 feet. This was a win, win, win situation. All parties involved managed to come out ahead. This makes it even more rare. But this is the way we would like to work with the University throughout the year. We do not want to advocate our position at the expense of other significant groups at the University. Thank you.

Mr. Shumate:

Are there any questions? Thank you, Mr. Evans. Our final report will come from David Straub representing the Undergraduate Student Government.

Mr. David Straub:

Good afternoon. Members of the Board of Trustees, President Jennings, good afternoon. Today, my presentation is unique -- I think I try to make them unique all of the time -- I know that you are in meetings all day.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

First and foremost, I would like to introduce somebody that has been working very diligently this summer in the Undergraduate Student Government. He is the chair of our Assembly for this upcoming year, his name is Mike Arnott. He is back there, will you please stand, Mike. He has been working very hard this year to represent the students of the University.

On to some of the things that we have been doing this summer. We just attended a conference -- the U.S.S.A. Conference out in Berkeley, California. United States Student Association is a national lobbying organization for students. We were out there and I would say highly visible and active and debating some of the issues that will be lobbied at the national level for students. We made a lot of connections and a lot of friends out there and have networked to some of the campuses that we will be working with in the upcoming year.

This brings me to another point, in the beginning of September we will be working with the Big 10 Conference that will be held out in Iowa City. The ten universities will be represented and a platform will be developed from the student governments of those universities. We are excited about that and we are looking forward to attending.

I'd like to ask, Laurel, if you could help me out with a little presentation that I have to make. If you could help me string this out. It is regarding student organizations. What I want to do is show it to you -- the student organizations on this campus and will give you a little feel for this. If you want to walk back there. This is not rehearsed by the way.

Ms. Davis:

No, it's not.

Mr. Straub:

The point is that these are all of the address labels for the registered student organizations. This goes on for a ways This is to prove a little point. The student organizations on this campus number over 500. And if you would like to write to them, I am sure their labels are there. There are many things that students gain from being a member of those student organizations. They develop leadership skills so they can become active leaders in the community upon graduation. They enhance their education through practical experience in dealing with students and administrators. They make the campus more cohesive. These different organizations represent things from astronomy club to zoology, and on down. It is very important that these organizations are active at this University. One of my thoughts and one of the things that we just heard about Wednesday, is that approximately \$2,000 will be cut from the funds of these organizations. And that is a major concern of mine and to all of those students involved in those student organizations. I think that the University should look at those organizations as a higher priority than they have in the past.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

There are student organizations around the country that receive more money as an individual student government than all of our student organizations and student governments receive combined. That is an important point to take note of, because those developed leadership skills can then add to the University in the future in other ways such as endowing a chair possibly. Those are things that we would like to look at. We would like the University to reconsider the funding process for the students organizations. That is basically my point and I think it is pretty self-explanatory.

One of the other things that is of concern to me is the vision of the University, I guess, and the representation of students on committees and on Senate. And I can just explain to you when a student comes to sit down before tenured faculty members in a committee, to say the least, it may be intimidating for them. President Jennings has expressed the fact that he likes to have two students appointed so they can stay together and represent the views of the students. But I would like to go one step further, and have more students represented on those university committees and in the Senate. I know that I am asking for a lot, but I think that this campus is a student campus, at least in my view, and that we should represent those students' views as strongly as possible.

That concludes my report. One last note, published teacher evaluations are a major concern of students and we are continuing this struggle to have those published to provide more information for students. Thank you, and have a good afternoon. Any questions?

Mr. Berry:

I would like to ask a question. You said that there are over 500 various student groups at the present time. Are all of these ongoing groups or are some of them started and then dropped?

Mr. Straub:

Let me clarify some of those student organizations, because it is somewhat complicated. There are some organizations that continue to be strong on campus year in and year out and some come and go. A lot of student organizations, I would say the majority, don't apply for funding through the University, and that is another issue in itself -- the funding procedure for those organizations. I don't have a number for you specifically as to how many have been around for how many years, but there are a good number that are active in University activities.

Mr. Berry:

You mentioned the astronomy organization -- that would be limited to the people, I presume, that are interested in that. Would they have any formal goals that they are working towards?

August 23, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub:

I don't know exactly what that particular club's objective would be, but every club has a special interest. It is not the point of whether we agree with their views or not, because there are some political organizations. And those political organizations cannot be funded, but the other organizations that may have special interests at heart are a viable part in the whole process of University activities. In my opinion their views, although they may disagree with mine, are important just the same.

President Jennings:

You might point out, David, for each one of these student organizations one of the requirements to be recognized is that there has to be an advisor. Something like the astronomy club would have a faculty advisor and this would be typically students interested in astronomy, but not majoring in astronomy. It might include some majors, but the student organizations of that character typically have students who are interested in the field but not majoring necessarily in that particular activity. We were talking about Mortar Board -- Mortar Board would fit under the same rubric. The fraternities and sororities would fit under the same rubric. The Young Republicans and the Young Democrats would fit under the same rubric. It is the whole diversity of the student body that is to be represented. The funding is always difficult. I would mention that whenever university funding for student services is compared, it is always extraordinarily difficult because it depends on the accounting technique. Where ours is put through the normal budgets of student services in the various collegiate units, there are student government organizations who are responsible for the entire student services funding. For example, the University of Iowa shows up with a student government having about \$3 million of student organization funding. We would show up with much more than that, except our accounting process would not put that money into student government, it would put it under Russ's budget.

I might add that David looks to me, Jack, like a marvelous young marketing major. He has learned his job well. If you would note, looking at those labels, every other one is blank.

Mr. Straub:

No, that's my family's addresses.

Mr. Berry:

I might take this opportunity to make one slight correction. Normally, under past chairmen, it would be afternoon when you report this, but since I run a very tight ship it is still morning.

Mr. Shumate:

Any other questions? Thank you, David. Mr. Chairman, I might suggest that we may have a trial lawyer in the making, because I saw that as demonstrative evidence.

August 23, 1989 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub:

I watch too many movies.

Mr. Shumate:

That completes my report, Mr. Chairman.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

This morning we had a report from OARDC on their plan to reduce expenditures and to balance the annual operating budget by the end of this year, and also to eliminate a negative cash balance by 1993. It is a very well thought out plan. They have touched all the important bases. It is an example of downsizing in this University. It can be painful, but this has been done very thoroughly and with great feeling, I think, for those concerned.

I would like to introduce Dr. Kirklyn Kerr, who is with us this morning, who is the head of OARDC; and Dr. Warmbrod, who is back there, too. He is the Acting Vice President for Agriculture.

Since there were five Trustees in our Board meeting this morning, which is the majority, if there are any questions we certainly have the expertise in the room to answer them. It is sort of what all of agriculture is facing and that is that they were carrying a debt and they decided to meet it square on and to take the appropriate action. The program will certainly level off and go forward with great speed and zeal, I think. That completes my report.

Mr. Berry:

I might add that on that Committee there were two very competent Trustees in attendance, because you had two farmers in attendance.

Mrs. Bowser:

Some of us make our living farming --

Mr. Kessler:

Who was the second?

Mr. Berry:

If you don't know the second, I'm not going to tell you.

(See Appendix VIII for complete text of the College of Agriculture Report on OARDC, August 23, 1989, page 237.)

--0--

August 23, 1989 meeting, Board of Trustees

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Kessler:

The Fiscal Affairs Committee began by hearing a report on the University debt. Mr. Nichols provided a summary of the outstanding debt and savings resulted from the use of variable rate debt, reviewed improvements to the debt management process, and listed the projects being considered for a coming debt issue. Staff is currently reviewing proposals from investment banking firms interested in being the bond underwriters.

(See Appendix IX for the complete chart on The Ohio State University Plant Indebtedness as of June 30, 1989, page 239.)

The Fiscal Affairs Committee is also recommending approval for the following resolutions:

**WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS
APRIL - JUNE 1989**

Resolution No. 90-24

Synopsis: The Fiscal Affairs Committee recommended acceptance of the quarterly report on waivers of competitive bidding requirements.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of April-June 1989, and the Fiscal Affairs Committee recommends the acceptance of this report:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of April-June 1989, is hereby accepted.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-25

Synopsis: The Fiscal Affairs Committee recommended the approval of the research contracts, grants, and gifts and the summaries for June and July 1989.

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, The Ohio State University Development Fund, and The Ohio State University Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund, and The Ohio State University Foundation during the months of June and July 1989 be approved.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

SUMMARY FOR JUNE 1989

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	157	\$9,304,065.94
Engineering Experiment Station	55	\$ 455,289.00
Total	212	\$9,759,354.94

The Ohio State University Development Fund

Establishment of Named Funds

Ohio Eminent Scholar in High-Temperature Structural Materials (Provide salary and program support for an outstanding scholar-leader in high-temperature structural materials)	\$ 500,000.00 (Designated by General Assembly of Ohio) \$ 500,000.00 (University Funds)
Ohio Eminent Scholar in Macromolecular Structure Determination (Provide salary and program support for an outstanding scholar-leader in macromolecular structure determination)	\$ 500,000.00 (Designated by General Assembly of Ohio) \$ 500,000.00 (University Funds)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR JUNE 1989 (contd)

Background (contd)

The Ohio State University Development Fund (contd)

Establishment of Named Funds (contd)

Ohio Eminent Scholar in Protein Engineering (Provide salary and program support for an outstanding scholar-leader in protein engineering)	\$ 500,000.00 (Designated by General Assembly of Ohio) \$ 500,000.00 (University Funds)
Ford Motor Company - EEOC Scholarship for Minorities and Women (Scholarships)	\$ 200,000.00
The Campbell Hall Building Fund (Cover building-related costs)	\$ 50,000.00
The Henry County 4-H Endowment Fund (Scholarship and the Henry County 4-H program)	\$ 29,000.00
The Sam Cashman Family 4-H Endowment Fund (Support development of innovative ways to expand 4-H membership)	\$ 25,090.00
75th Anniversary Scholarship Fund (Nursing scholarships)	\$ 19,000.00
The S. Maurice Bostic and Birch S. M. Bostic Memorial Award Fund (Awards - College of Business)	\$ 17,633.60
The Robert A. Barnes Award for Exemplary Teaching (Award for exemplary teaching - Newark Campus)	\$ 15,000.00

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR JULY 1989

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	143	\$13,444,058.27
Engineering Experiment Station	35	\$ 82,500.00
Total	178	\$13,526,558.27

The Ohio State University Development Fund

Establishment of Named Funds

The Paul and Lucy Dale Kent Cancer Research Endowment Fund
(Support cancer research) \$ 15,000.00

The Marshall McDonald Scholarship Fund
(Scholarships to students in Beekeeping Technology at ATI) \$ 15,000.00

The Floyd B. Mellor Scholarship Fund
(Scholarships to graduate associates in beef cattle
research at OARDC) \$ 15,000.00

The John Weller Wuichet, Jr., and Norma Johns Wuichet
Endowment Fund
(Assist selected departments or divisions in the College
of The Arts in recruiting and retaining outstanding students) \$ 15,000.00

The Chhotey Lal and Mohra Devi Rustagi Memorial Lectureship Fund
(Honoraria and expenses incurred by visiting lecturer(s) to
the Department of Statistics) \$ 5,000.00

Change in Name and Description of Named Fund

From: The Hospitality Management Research Fund
To: Bob Evans Farms Inc., Hospitality Research Fund

Change in Description of Named Funds

Arthur E. Baggs Memorial Fund
The Baker & Hostetler Law Library and Building Fund
The H. P. Wolfe Chair in Accounting Fund

The Ohio State University Foundation

Approval of Description and Establishment of Professorship

The Robert K. Fox Professorship in Chemistry Fund

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - June 1989

Federal Research Contracts/Grants

\$280,450.00 - Department of Education, Office of Elementary and Secondary Education, Washington, D.C., Training and Demonstration Grants to Institutions of Higher Education, Department of Educational Theory and Practice (J. J. Quaranta), 1 October 1989 through 30 September 1991. (Project 767590 - New)

\$272,947.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Modification of Diet in Renal Disease (MDRD) Study, Department of Internal Medicine (L. A. Hebert), 1 June 1989 through 28 February 1990. (Project 766873 - Continuation)

\$227,365.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Human Leucocyte Fragment Crystallizable Receptor Structure and Function, Department of Internal Medicine (C. L. Anderson), 1 July 1989 through 30 June 1990. (Project 765701 - Continuation)

\$200,000.00 - National Aeronautics and Space Administration, Washington, D.C., Hypersonic Training and Research, Department of Aeronautical and Astronautical Engineering (J. D. Lee), 1 June 1989 through 31 May 1990. (Project 765979 - Continuation)

\$197,850.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Title III -- Development and Improvement of Academic Programs, Agricultural Technical Institute - Administrative Support (D. D. Garrison and L. J. Clevenger), 1 October 1989 through 30 September 1990. (Project 766437 - Continuation)

\$175,641.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Preteaching Strategy Research, Education Administration and Department of Education Services and Research (L. Magliocca), 1 October 1989 through 30 September 1990. (Project 767101 - Continuation)

\$171,006.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., National Resource Center -- East Asia, Office of International Affairs (C. M. Chen), 15 August 1989 through 14 August 1990. (Project 766979 - Continuation)

\$145,966.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Functional Domains of the HSV-1 65K DNA Binding Protein, Department of Microbiology and Immunology (D. S. Parris), 1 July 1989 through 30 June 1990. (Project 765482 - Continuation)

\$140,883.50 - Department of Health and Human Services, Centers for Disease Control, Atlanta, Georgia, Study to Evaluate the Impact Strategies to Improve Prevention Behaviors and Reduce the Risk for Lower Extremity Amputation in Persons with Diabetes Mellitus, Department of Internal Medicine (S. Cataland), 30 September 1989 through 29 September 1990. (Project 767120 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$134,911.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Pharmacodynamics of Agents for Bladder Cancer Intravesical Therapy, College of Pharmacy (J. L. S. Au) and Department of Surgery (M. G. Wientjes), 1 June 1989 through 31 May 1990. (Project 767508 - New)

\$131,216.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Acute Phase Reactants: Induction and Host Resistance, Department of Microbiology (R. F. Mortensen), 1 July 1989 through 30 June 1990. (Project 762354 - Continuation)

\$130,463.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Genetics of Myogenesis: Structure and Function, Department of Molecular Genetics (S. Falkenthal), 1 June 1989 through 31 May 1990. (Project 763993 - Continuation)

\$119,144.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Oncology Training Grant, Department of Internal Medicine (S. P. Balcerzak), 1 July 1989 through 30 June 1990. (Project 761160 - Continuation)

\$115,237.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Developmental Plasticity of Descending Spinal Pathways, Department of Anatomy (G. F. Martin, Jr.), 1 July 1989 through 30 June 1990. (Project 766115 - Continuation)

\$112,000.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Patricia Roberts Harris Program, 1989 - 1990 (Graduate and Professional Study Fellowships), Graduate School Administration (J. D. Dickerscheid), 1 October 1989 through 30 September 1990. (Project 767593 - Continuation)

\$110,358.00 - Department of Health and Human Services, National Institute of Environmental Health Science, Research Triangle Park, North Carolina, Biochemical Studies of Arsenite Oxidase and Sulfite Oxidase, Department of Physiological Chemistry (C. R. Hille), 1 July 1989 through 30 June 1990. (Project 766908 - Continuation)

\$105,130.00 - Department of the Interior, Geological Survey, Reston, Virginia, FY 1989 Ohio Water Research Institute Program, Department of Civil Engineering and Engineering Experiment Station (R. C. Stiefel), Department of Chemical Engineering (L. S. Fan), Department of Agronomy (G. K. Sims and S. J. Traina), and Department of Agricultural Engineering (A. Ward), 1 July 1989 through 30 June 1990. (Project 766766 - Continuation)

\$104,046.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Preservice Training for Ohio School Psychologists to Provide Related Services Promoting Placement in the Least Restrictive Environment for Students Who are Severely Handicapped, Education Administration (K. D. Arnold), 1 June 1989 through 31 May 1990. (Project 766059 - Continuation)

\$99,261.00 - National Science Foundation, Washington, D.C., Ice Sheet Dynamics in Central Greenland, Byrd Polar Research Center (J. Bolzan), 15 April 1989 through 31 March 1990. (Project 767423 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$97,400.00 - National Science Foundation, Washington, D.C., Radiative and Collisional Atomic Data for Singly Ionized Iron, Department of Astronomy (A. K. Pradhan), 1 July 1989 through 31 July 1990. (Project 767507 - New)

\$90,989.00 - Department of Health and Human Services, National Institute on Aging, Bethesda, Maryland, Age-Related Changes in the Perception of Speech, Division of Speech and Hearing Science (R. A. Fox), 1 July 1989 through 30 June 1990. (Project 767540 - New)

\$89,123.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, The Application of Low Temperature Chemistry and Kinetics to Photoaffinity Labeling, Department of Chemistry (M. S. Platz), 1 July 1989 through 30 June 1990. (Project 765496 - Continuation)

\$84,493.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Aberrant Papovavirus Replication After Genotoxic Damage, Department of Radiology (R. M. Snapka), 1 June 1989 through 31 May 1990. (Project 766206 - Continuation)

\$83,500.00 - Department of Energy, Argonne, Illinois, Structure and Regulation of Methanogen Genes, Department of Microbiology (J. N. Reeve), 1 July 1989 through 30 June 1990. (Project 766060 - Continuation)

\$82,998.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Enroute Flight Path Planning: Cooperative Performance of Flight Crews and Knowledge-Based Systems, Department of Industrial and Systems Engineering (P. J. Smith), 1 July 1989 through 30 June 1990. (Project 767591 - New)

\$77,188.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Training School Speech/Language Pathologists in an Educationally-Based Model, Education Administration (T. M. Stephens) 1 September 1989 through 31 July 1990. (Project 766389 - Continuation)

\$75,828.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Professional Nurse Traineeship Program, Department of Family and Community Nursing (E. M. Menke), 1 July 1989 through 30 June 1990. (Project 760803 - Continuation)

\$74,704.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Development and Implementation of a Ph.D. Program in Special Education with an Emphasis in Applied Behavior Analysis, Department of Education Services and Research (W. L. Heward), 1 October 1989 through 30 September 1990. (Project 766390 - Continuation)

\$72,455.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Role of Polyamines in Calmodulin and C-Kinase Regulation, Periodontology (J. D. Walters), 1 July 1989 through 30 June 1990. (Project 765508 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$70,602.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, A Study of Ionic Channels in Rat Pituitary Somatotrophs, Department of Pharmacology (J. J. Enyeart), 1 May 1989 through 30 April 1990. (Project 766691 - Continuation)

\$67,074.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Project LRE/PE, School of Health, Physical Education, and Recreation (P. Jansma), 1 July 1989 through 30 June 1990. (Project 765970 - Continuation)

\$66,498.00 - National Science Foundation, Washington, D.C., Distributions of Input-Output Coefficient and Probabilistic Input-Output Models, Department of Geography (R. W. Jackson), 1 July 1989 through 30 June 1990. (Project 767525 - New)

\$65,296.00 - National Science Foundation, Washington, D.C., Workstation for Flow Visualization, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 June 1989 through 31 May 1990. (Project 767515 - New)

\$63,500.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Developing a Prototype System for Intelligent Information Retrieval, Department of Industrial and Systems Engineering (P. J. Smith), Department of Pathology (J. W. Smith), and Health Sciences Library (E. J. Sawyers), 1 October 1989 through 30 September 1990. (Project 767559 - New)

\$60,000.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Reading Recovery Project 1987-1991, Department of Educational Theory and Practice (C. A. Lyons, G. S. Pinnell, and D. Deford), 1 October 1989 through 30 September 1990. (Project 766402 - Continuation)

\$58,965.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Regulation of Metamorphosis Behavior in the Tsetse Fly, Department of Entomology (D. L. Denlinger), 1 June 1989 through 31 May 1990. (Project 767561 - New)

\$54,968.00 - Department of Energy, Argonne, Illinois, Investigations of Ultrasonic Surface Wave Interaction with Porous Saturated Rocks, Department of Welding Engineering (L. Adler), 1 July 1989 through 30 June 1990. (Project 766168 - Continuation)

\$53,550.00 - National Science Foundation, Washington, D.C., Extensions of the Graph-Minor Project, Department of Mathematics (G. N. Robertson), 15 June 1989 through 31 May 1990. (Project 767504 - New)

\$51,459.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Mediastinal Effects on Pulmonary Function, Department of Veterinary Physiology and Pharmacology (L. E. Olson), 1 June 1989 through 31 May 1990. (Project 766765 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$50,903.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Calcium and Calmodulin in Smooth Muscle Contraction, Department of Physiological Chemistry (J. D. Johnson), 1 July 1989 through 30 June 1990. (Project 764653 - Continuation)

\$49,148.00 - National Science Foundation, Washington, D.C., Field Theoretic Models of Nuclear and Subnuclear Systems, Department of Physics (R. J. Perry), 1 September 1989 through 31 August 1990. (Project 766657 - Continuation)

\$45,000.00 - National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, Maryland, Robust Estimation of Regional Deformations and Relative Plate Motions from Robust Estimation, Department of Geodetic Science and Surveying (I. I. Mueller), 1 July 1989 through 31 July 1990. (Project 761054 - Continuation)

\$43,277.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Small Instrumentation Program, Research and Graduate Studies Administration (T. L. Sweeney), 19 June 1989 through 31 May 1990. (Project 767571 - Continuation)

\$42,243.00 - Department of Health and Human Services, Bureau of Health Professions, Rockville, Maryland, Graduate Program in Hospital and Health Services Administration, Hospital and Health Services Administration (S. F. Loeb), 1 October 1989 through 30 September 1990. (Project 761329 - Continuation)

\$41,641.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Foreign Language and Area Studies Fellowships in Slavic and East European Studies, Office of International Affairs (J. P. Scanlan), 15 August 1989 through 14 August 1990. (Project 767007 - Continuation)

\$41,000.00 - Department of the Interior, Fish and Wildlife Service, Anchorage, Alaska, Remote Sensing Techniques for Counting Brant in Nesting and Staging Areas, Center for Mapping (J. D. Bossler and W. H. Anderson), 15 May 1989 through 1 February 1990. (Project 767595 - New)

\$40,751.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Multiple Comparisons with the Best Treatment, Department of Statistics (J. C. Hsu), 1 June 1989 through 31 May 1990. (Project 765581 - Continuation)

\$39,988.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Radar Cross Section Computation of Arbitrarily Shaped Cavities, ElectroScience Laboratory, Department of Electrical Engineering (R. C. Chou), 21 June 1988 through 20 June 1990. (Project 766823 - Continuation)

\$39,895.00 - Department of the Navy, Naval Material Command, China Lake, California, Ram and Inlet Modeling: Compact Range Scattering, ElectroScience Laboratory, Department of Electrical Engineering (P. Pathak, W. D. Burnside, and R. J. Marhefka), 1 July 1989 through 29 December 1989. (Project 764991 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$29,100.00 - National Science Foundation, Washington, D.C., Topics in the Foundations of Mathematics, Department of Mathematics (H. Friedman), 1 June 1989 through 31 May 1990. (Project 767495 - New)

\$25,917.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Research Training Program in Psychoneuroimmunology, Department of Microbiology and Immunology (M. R. Glaser), 1 July 1989 through 30 June 1990. (Project 766200 - Continuation)

\$25,000.00 - Department of the Army, Army Corps of Engineers, Champaign, Illinois, Perform a Functional and Structural Review of the Geographic Resources Analysis Support System (GRASS), Center for Mapping (J. D. Bossler), 1 June 1989 through 31 January 1990. (Project 766475 - Continuation)

\$25,000.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Mathematics (K. Rubin), 1 February 1990 through 31 January 1991. (Project 766905 - Continuation)

\$25,000.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Computer and Information Science (K. J. Supowit), 1 September 1989 through 28 February 1991. (Project 766850 - Continuation)

\$24,999.00 - Department of the Army, Army Materiel Command, Aberdeen Proving Ground, Maryland, Medetomidine Analogs as Alpha Adrenergic Agonists, College of Pharmacy (D. D. Miller), 1 June 1989 through 31 May 1990. (Project 767531 - New)

\$23,750.00 - National Science Foundation, Washington, D.C., Development and Applications of Periodic Soliton Theory for Nearly Integrable Partial Differential Equations, Department of Mathematics (G. Forest), 1 December 1989 through 30 November 1990. (Project 766786 - Continuation)

\$23,600.00 - National Science Foundation, Washington, D.C., L-Functions with Applications to the Oscillator Representation, Department of Mathematics (S. Rallis), 1 December 1989 through 30 November 1990. (Project 766771 - Continuation)

\$22,150.00 - National Science Foundation, Washington, D.C., Simulation and Field Measurement of Aspects of the Urban Canopy Layer Climate and Energy Budget, Department of Geography (A. J. Arnfield), 16 March 1988 through 31 May 1990. (Project 766530 - Continuation)

\$21,584.00 - Department of the Army, Army Corps of Engineers, Vicksburg, Mississippi, Determination of Residual Stress and Effects in Thick Section Weldments for Hydraulic Structures, Department of Welding Engineering (C. L. Tsai), 12 December 1988 through 11 December 1989. (Project 767229 - Continuation)

\$20,726.00 - Department of the Army, Army Materiel Command, Fort Belvoir, Virginia, Application of Borehole Geophysics to Locating Tunnels, Department of Geology and Mineralogy (J. J. Daniels), 1 April 1989 through 30 September 1989. (Project 766708 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$20,000.00 - National Science Foundation, Washington, D.C., Development of High Deformation Rate Experiment at Elevated Temperatures, Department of Engineering Mechanics (A. Gilat), 1 June 1989 through 31 May 1990. (Project 767516 - New)

\$18,674.00 - Department of the Navy, Office of Naval Research, Washington, D.C., Packet Radio Networks, Department of Electrical Engineering (R. L. Hamilton), 8 June 1989 through 8 September 1989. (Project 767502 - New)

\$18,095.00 - National Science Foundation, Washington, D.C., Computational Studies of Vortex Flow, Department of Mathematics (G. R. Baker), 16 June 1988 through 31 December 1989. (Project 766749 - Continuation)

\$15,000.00 - National Aeronautics and Space Administration, Washington, D.C., SETI Research, Department of Electrical Engineering (J. D. Kraus and R. S. Dixon), 1 April 1989 through 31 March 1990. (Project 764694 - Continuation)

\$12,000.00 - National Science Foundation, Washington, D.C., Algebraic Combinatorics of Hyperplane Arrangements, Department of Mathematics (L. Rose and J. C. Ferrar), 1 June 1989 through 31 May 1990. (Project 767506 - New)

\$12,000.00 - National Science Foundation, Washington, D.C., Productive Versus Non-Productive Binding Kinases, Department of Chemistry (M. D. Tsai), 1 September 1988 through 28 February 1990. (Project 765630 - Continuation)

\$9,950.00 - Department of Labor, Employment and Training Administration, Washington, D.C., Accreditation Process for Apprenticeships, Center on Education and Training for Employment (R. D. Ryan), 1 May 1989 through 31 July 1989. (Project 767497 - New)

\$9,454.00 - Department of Health and Human Services, Bureau of Health Professions, Rockville, Maryland, Traineeships for Students in Graduate Health Administration, Hospital and Health Services Administration (S. F. Loeb), 1 July 1989 through 30 June 1990. (Project 767532 - New)

\$9,309.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Small Instrumentation Program, College of Pharmacy (R. W. Brueggemeier), 1 June 1989 through 31 May 1990. (Project 767522 - New)

\$4,000.00 - National Science Foundation, Washington, D.C., Structure and Dynamic Behavior of Selected Organolithium Compounds, Department of Chemistry (G. A. Fraenkel), 1 January 1989 through 31 December 1989. (Project 767225 - Continuation)

\$4,000.00 - National Science Foundation, Washington, D.C., Kinetics, Spectroscopy, and Mechanistic Studies of Carbenes, Biradicals, and Radicals, Department of Chemistry (M. S. Platz), 1 February 1989 through 31 January 1990. (Project 767259 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$3,307.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Modification of Diet in Renal Disease (MDRD) Study, Department of Internal Medicine (L. A. Hebert), 1 June 1989 through 28 February 1990. (Project 766873 - Continuation)

\$826.00 - Department of Health and Human Services, National Institutes of Health Clinical Center, Bethesda, Maryland, Normal Patient Volunteer Program, Biological Sciences Administration and Department of Microbiology (A. M. Ackermann-Brown), 1 May 1989 through 31 July 1989. (Project 767556 - Continuation)

\$770.00 - Department of Health and Human Services, National Institutes of Health Clinical Center, Bethesda, Maryland, Normal Patient Volunteer Program, Biological Sciences Administration and Department of Microbiology (A. M. Ackermann-Brown), 1 May 1989 through 31 July 1989. (Project 767557 - Continuation)

TOTAL - FEDERAL AWARDS **\$5,252,521.50**

State of Ohio Research Contracts/Grants

\$315,014.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Ecology and Population Dynamics of Lake Erie Fishes, Department of Zoology (B. Vondracek), 1 July 1989 through 30 June 1990. (Project 766201 - Continuation)

\$284,750.00 - State of Ohio, Department of Education, Columbus, Ohio, Southwest Vocational Education Personnel Development Regional Center, Department of Agricultural Education (R. K. Barrick and L. H. Newcomb), Department of Educational Studies: Humanities, Science, Technological, and Vocational (A. J. Miller), and Department of Home Economics Education (S. V. Redick), 1 July 1989 through 30 June 1990. (Project 766226 - Continuation)

\$239,750.00 - State of Ohio, Department of Education, Columbus, Ohio, Central Vocational Education Personnel Development Regional Center, Department of Agricultural Education (R. K. Barrick and L. H. Newcomb), Department of Educational Studies: Humanities, Science, Technological, and Vocational (A. J. Miller), and Department of Home Economics Education (S. V. Redick), 1 July 1989 through 30 June 1990. (Project 766218 - Continuation)

\$202,176.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Evaluation of Fish Management Techniques, Department of Zoology (B. Vondracek, R. A. Stein, and D. A. Culver) and School of Natural Resources (D. L. Johnson), 1 July 1989 through 30 June 1990. (Project 766202 - Continuation)

\$157,760.00 - State of Ohio, Department of Health, Columbus, Ohio, OSU High Risk Perinatal Project -- Care of the High Risk Mother and Infant, Department of Pediatrics (L. Cordero), 1 October 1988 through 30 September 1989. (Project 765042 - Continuation)

\$134,660.00 - State of Ohio, Department of Education, Columbus, Ohio, A Multifaceted Look at the Effects of Program OPTIONS, Center on Education and Training for Employment (R. D. Ryan), 1 July 1989 through 30 June 1990. (Project 767415 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$80,808.00 - State of Ohio, Department of Health, Columbus, Ohio, Early Intervention Update Survey, Nisonger Center (E. King and S. R. Schroeder), 1 October 1988 through 30 June 1989. (Project 767019 - Continuation)

\$26,074.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Impact of Medication and Individual Versus Group Psychotherapy on Adolescents Who are Severely Emotionally Disturbed and Incarcerated, Department of Psychology (J. C. Gibbs), 26 May 1989 through 31 March 1990. (Project 767505 - New)

\$20,000.00 - State of Ohio, Department of Education, Columbus, Ohio, State Superintendent's Task Force for Preparing Special Education Personnel, Education Administration (T. M. Stephens), 1 July 1989 through 30 June 1990. (Project 766265 - Continuation)

\$19,999.00 - State of Ohio, Department of Education, Columbus, Ohio, Effects of Ohio Investments in Career Guidance Program FY 1988-89 -- Carl D. Perkins Grant to Vocational Districts, Center on Education and Training for Employment (R. D. Ryan), 1 June 1989 through 30 September 1989. (Project 767560 - New)

\$15,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Enhancing Mathematics Through Technology Inservice, Research and Graduate Studies Administration (W. F. Palmer), 17 March 1989 through 30 June 1989. (Project 767392 - New)

\$14,282.00 - State of Ohio, Ohio Library Board, Columbus, Ohio, Retrospective Conversion of the Library's Catalogue of Holdings to Machine-Readable Format, Mansfield Campus (D. Cheatham), 1 July 1989 through 30 June 1990. (Project 767570 - New)

\$7,766.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, A Collaborative Relationship, Department of Family and Community Nursing (J. A. Clement), 21 February 1989 through 30 June 1989. (Project 767349 - New)

\$3,000.00 - State of Ohio, Ohio Humanities Council, Columbus, Ohio, Images of China: A Cultural Journey, Continuing Education Administration (J. L. Kramer), 3 December 1988 through 31 August 1989. (Project 767526 - New)

\$2,000.00 - State of Ohio, Ohio Humanities Council, Columbus, Ohio, The University Learning Guild -- "Images of China: A Cultural Journey," Continuing Education Administration (J. L. Kramer), 4 March 1989 through 28 August 1989. (Project 767517 - New)

Total - State of Ohio Awards \$1,523,039.00

Industrial Research Contracts/Grants

\$208,734.60 - Organon, Inc., West Orange, New Jersey, An Ultra-sound Study of Ovarian Cyst Activity Comparing CTR-03 and CTR-05 Versus a Concurrent Untreated Control, Department of Pharmacology (N. Gerber and G. Apseloff), 22 May 1989 through 21 May 1990. (Project 767548 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$100,000.00 - Mission Research Corporation, Santa Barbara, California, Advanced Radar Cross Section Measurement Range, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside and J. D. Young), 1 January 1989 through 31 December 1989. (Project 766973 - Continuation)

\$84,460.00 - Pfizer, Inc., Groton, Connecticut, Study No. 064-017-501, Department of Pharmacology (N. Gerber), 1 May 1989 through 30 April 1990. (Project 767512 - New)

\$76,310.00 - G. H. Besselaar Associates, Princeton, New Jersey, A Double-Blind, Placebo-Controlled, Parallel, Multicenter Study to Assess the Effects of Digoxin Withdrawal on Exercise Tolerance and Other Measures of Clinical Efficacy in Patients, Department of Internal Medicine (R. J. Cody), 1 June 1989 through 28 February 1991. (Project 767535 - New)

\$67,114.00 - Pfizer, Inc., Groton, Connecticut, Study No. 120-003-501, Department of Pharmacology (N. Gerber), 10 April 1989 through 9 April 1990. (Project 767511 - New)

\$60,000.00 - Janssen Research Foundation, Inc., Piscataway, New Jersey, Flunarizine in the Treatment of Partial Seizures - An Open Label Extension Study, Department of Neurology (M. E. Drake, Jr.), 1 June 1989 through 31 May 1991. (Project 767503 - New)

\$45,000.00 - CeramPhysics, Inc., Westerville, Ohio, Ceramic Honeycombs for Joule-Thompson Cryocooler, Department of Materials Science and Engineering (E. R. Kreidler), 6 April 1989 through 30 June 1990. (Project 767533 - New)

\$40,220.00 - Pfizer, Inc., Groton, Connecticut, Study No. 110-003-501, Department of Pharmacology (N. Gerber), 20 April 1989 through 19 April 1990. (Project 767514 - New)

\$39,739.00 - Pfizer, Inc., Groton, Connecticut, Evaluation of the Safety, Clinical Activity, Toleration, and Pharmacokinetics of CP-80,794 -- A Single Escalating Dose Study in Normotensive Healthy Volunteers, Department of Pharmacology (N. Gerber), 18 October 1988 through 31 December 1989. (Project 765696 - Continuation)

\$35,700.00 - Lockheed Engineering and Science Company, Houston, Texas, Tethered Target Scattering Research, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr., E. K. Newman, and N. N. Wang), 26 May 1989 through 26 January 1991. (Project 767524 - New)

\$35,000.00 - Brunswick Corporation, Marion, Virginia, Radome Research, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 November 1988 through 30 September 1989. (Project 767500 - New)

\$26,832.00 - Pfizer, Inc., Groton, Connecticut, Study No. 124-002-501, Department of Pharmacology (N. Gerber), 17 April 1989 through 16 April 1990. (Project 767513 - New)

\$24,000.00 - Owens-Illinois, Columbus, Ohio, Industrial Water Treatment Operator Orientation and Training Development, Education Administration (J. J. Buffer), 1 June 1989 through 31 December 1989. (Project 767519 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$23,235.00 - Adria Laboratories, Dublin, Ohio, Test of the Absorption of Adria Magnesium Lactate Tablets, Department of Pharmacology (N. Gerber), 1 March 1989 through 28 February 1990. (Project 767547 - New)

\$21,455.00 - Alcoa Defense Systems, Inc., San Diego, California, Advanced Antennas for Future Air Vehicles, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 June 1988 through 28 February 1989. (Project 766329 - Continuation)

\$21,450.00 - Church and Dwight Company, Inc., Princeton, New Jersey, Identifying and Characterizing the Flavor Components of Megalac Rumen Bypass Fat, Department of Food Science and Nutrition - OARDC and Department of Food Science and Nutrition (D. B. Min), 1 June 1989 through 31 December 1989. (Project 767529 - New)

\$16,869.00 - Brunswick Corporation, Marion, Virginia, Wedge Studies, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 March 1989 through 30 September 1989. (Project 766719 - Continuation)

\$15,261.00 - Pfizer, Inc., Groton, Connecticut, Phase I Study to Assess the Potential of Amlodipine to Alter the Pharmacodynamics of Warfarin, Department of Pharmacology (N. Gerber), 1 April 1989 through 31 December 1989. (Project 765696 - Continuation)

\$14,636.00 - Boeing Computer Services, Seattle, Washington, RAMCAD Software Development, Department of Computer and Information Science (B. Chandrasekaran), 1 April 1989 through 30 September 1989. (Project 766470 - Continuation)

\$12,805.00 - Pfizer, Inc., Groton, Connecticut, A Multiple Dose, Double-Blind, Placebo-Controlled Study of the Safety, Toleration, and Pharmacokinetics of CP-72,467 in Healthy Male Volunteers, Department of Pharmacology (N. Gerber), 6 September 1988 through 31 December 1989. (Project 765696 - Continuation)

\$10,800.00 - The Firestone Tire and Rubber Company, Akron, Ohio, Measuring Soil Compaction Beneath Agricultural Tires, Department of Agricultural Engineering - OARDC and Department of Agricultural Engineering (R. K. Wood and R. G. Holmes) and Department of Agricultural Engineering - OARDC and Cooperative Extension State Operations (R. C. Reeder), 15 May 1989 through 30 June 1990. (Project 767523 - New)

\$9,476.84 - Universal Energy Systems, Inc., Dayton, Ohio, Demonstration of Parallel Computation for a 3D-Rigid Viscoplastic Finite Element Method, Department of Computer and Information Science (P. Sadayappan, F. E. Ozguner, and K. Schwan) and Department of Electrical Engineering (B. Weide), 1 July 1988 through 30 November 1988. (Project 765894 - Continuation)

\$9,308.00 - CeramPhysics, Inc., Westerville, Ohio, Stress Analysis of Honeycomb Structures, Department of Materials Science and Engineering (P. M. Anderson), 1 July 1989 through 31 March 1991. (Project 767594 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$5,659.00 - GAC International, Central Islip, New York, Evaluation of New Orthodontic Bracket Base, Orthodontics (Z. Davidovitch), 17 April 1989 through 17 October 1989. (Project 767520 - New)

\$3,960.00 - E. I. Du Pont de Nemours and Company, Inc., Newark, Delaware, Evaluation of Soybean F₂ Populations, Department of Agronomy - OARDC (B. A. McBlain), 1 December 1988 through 31 December 1990. (Project 767433 - Continuation)

\$2,631.00 - Oral-B Laboratories, Redwood City, California, The Effectiveness of Dental Floss, Interdental Brushes, and a Non-Dental Cotton Coated Wire in Removing Supragingival Accumulations in a Periodontally Diseased Model, Dental Hygiene (C. H. Devore), 1 July 1989 through 30 September 1990. (Project 767576 - New)

\$2,444.00 - Adria Laboratories, Columbus, Ohio, Single Dose Pharmacokinetic and Bioavailability Study of Toremfene in Postmenopausal Healthy Volunteers, Department of Pharmacology (N. Gerber), 1 July 1989 through 30 June 1990. (Project 767554 - New)

\$1,500.00 - Navistar International Transportation Corporation, Columbus, Ohio, Winning Through Fitness, School of Health, Physical Education, and Recreation (W. J. Rudman), 1 January 1989 through 31 December 1989. (Project 767298 - Continuation)

TOTAL - INDUSTRIAL AWARDS

\$1,014,599.44

Other Non-Federal Research Contracts/Grants

\$312,852.00 - Franklin County Mental Retardation and Developmental Disabilities Board, Columbus, Ohio, Early Childhood Classes, Nisonger Center (S. R. Schroeder and V. L. Reynolds), 1 October 1989 through 30 September 1990. (Project 767544 - Continuation)

\$277,808.00 - University of Pennsylvania, Philadelphia, Pennsylvania, Conducting Electronic Polymers by Non-Redox Processes Synthesis, Physical Studies, and Application, Department of Physics (A. J. Epstein), 1 April 1989 through 31 March 1990. (Project 765670 - Continuation)

\$175,977.00 - Healthcare Financial Management Association, Westchester, Illinois, The Development of a Financial Service for the Hospital Industry, Hospital and Health Services Administration (W. O. Cleverley), 1 July 1989 through 30 June 1990. (Project 761794 - Continuation)

\$116,267.00 - Franklin County Mental Retardation and Developmental Disabilities Board, Columbus, Ohio, Exemplary Dental Services for the Handicapped, Nisonger Center (E. S. Sterling), 1 July 1989 through 30 June 1990. (Project 767539 - Continuation)

\$73,000.00 - American Cancer Society, Atlanta, Georgia, Patterns of Macromolecular Synthesis During Acquisition and Loss of Amplified Genes, Department of Radiology (R. M. Snapka), 1 July 1989 through 30 June 1990. (Project 765521 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$45,410.00 - AARP Andrus Foundation, Washington, D.C., A Plan to Increase Hope in the Older Population Through an Increase in Positive Activities and Imagery, Newark Campus (S. Staats), 1 July 1989 through 30 June 1990. (Project 767572 - New)

\$42,287.00 - The Association for Computers and the Humanities, Chicago, Illinois, Text Encoding Initiative, Department of Computer and Information Science (S. A. Mamrak), 1 January 1989 through 31 May 1990. (Project 767580 - New)

\$30,000.00 - National Alliance for Research on Schizophrenia and Depression, Chicago, Illinois, Investigation of Anti-depressants Acting in the GABA-Receptor Chloridelonophore Complex, Department of Psychiatry (S. C. Dilsaver and E. Malatynska), 1 July 1989 through 30 June 1990. (Project 767530 - New)

\$28,000.00 - Columbus State Community College, Columbus, Ohio, Intramural/Recreation and Athletic Training/Administration Program, School of Health, Physical Education, and Recreation (W. A. Sutton), 1 July 1989 through 30 June 1990. (Project 767549 - Continuation)

\$27,500.00 - Eleven Members of the National Entrepreneurship Education Consortium, National Entrepreneurship Education Consortium, Center on Education and Training for Employment (R. D. Ryan), 1 July 1988 through 30 June 1989. (Project 766880 - Continuation)

\$26,100.00 - Battelle Memorial Institute, Columbus, Ohio, Central Electron Optics Facility Analytical Services for Battelle, Central Electron Optics Facility (R. W. Burry), 15 November 1988 through 8 September 1989. (Project 767565 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Isolated Myocytes from Spontaneously Failing Rat Hearts, Department of Physiological Chemistry (R. A. Altschuld), 1 July 1989 through 30 June 1990. (Project 767562 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Isolated Myocytes from Failing Human Ventricle, Department of Physiological Chemistry, (R. A. Altschuld and Q. Li), 1 July 1989 through 30 June 1990. (Project 767564 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, The Calcium Cycle of Heart Mitochondria, Department of Physiological Chemistry (D. Jung), 1 July 1989 through 30 June 1990. (Project 767563 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, The Role of Atrial Natriuretic Peptide and Other Vasoactive Hormones in Developing Hypertension in SHR:N-Mcccp Rats, Department of Veterinary Pathobiology (M. J. Radin), 1 July 1989 through 30 June 1990. (Project 767568 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Investigation of Autonomic Responses to Passive Upright Tilt in Symptomatic Patients with Mitral Valve Prolapse, Department of Internal Medicine (S. F. Schaal), 1 July 1989 through 30 June 1990. (Project 767550 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Effects of Angioplastic (PTCA) on Regional Diastolic Function in Limited Coronary Artery Disease, Department of Internal Medicine (D. B. Van Fossen), 1 July 1989 through 30 June 1990. (Project 767552 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Z-line Structural Dynamics as a Function of Physiological State, Department of Veterinary Anatomy and Cellular Biology (M. Yamaguchi), 1 July 1989 through 30 June 1990. (Project 767567 - New)

\$19,996.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Pathogenesis of Non-Pulmonary Organ Failure in Adult Respiratory Distress Syndrome (ARDS), Department of Internal Medicine (P. M. Dorinsky), 1 July 1989 through 30 June 1990. (Project 767551 - New)

\$19,996.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Mechanisms of Organ Injury During the Pathogenesis of Phorbol Myristate Acetate-Induced Adult Respiratory Distress Syndrome, Department of Veterinary Anatomy and Cellular Biology (L. A. Mizer), 1 July 1989 through 30 June 1990. (Project 767573 - New)

\$19,980.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Cellular Dynamics of Failure-Prone Cardiomyocytes, Department of Physiology (B. T. Stokes), 1 July 1989 through 30 June 1990. (Project 767558 - New)

\$19,944.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Autonomic Control of the Contractile and Endocrine Function of the Heart, Department of Internal Medicine (R. J. Cody and G. J. Haas), 1 July 1989 through 30 June 1990. (Project 767569 - New)

\$19,747.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Roles of Hypertension and Arrhythmia in a Rat Heart Failure Model, Department of Veterinary Physiology and Pharmacology (R. L. Hamlin), 1 July 1989 through 30 June 1990. (Project 767575 - New)

\$18,000.00 - Ten Members of the National Alliance of Community and Technical Colleges, National Alliance of Community and Technical Colleges, Center on Education and Training for Employment (R. D. Ryan), 1 July 1988 through 30 June 1989. (Project 766839 - Continuation)

\$16,874.00 - Battelle Memorial Institute, Columbus, Ohio, Parainfluenza Pneumonia and Vaccination, Department of Veterinary Pathobiology (G. S. Krakowka), 1 June 1989 through 30 September 1989. (Project 767574 - New)

\$15,000.00 - Arthritis Foundation - Central Ohio Chapter, Columbus, Ohio, Immunoregulation and Autoimmunity, Department of Internal Medicine (R. L. Whisler), 1 April 1989 through 31 March 1990. (Project 760620 - Continuation)

\$10,614.00 - Hong Kong Government, Hong Kong, Study Tour for the Vocational Training Council -- Hong Kong, Center on Education and Training for Employment (R. D. Ryan), 1 May 1989 through 31 July 1989. (Project 767527 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$10,240.00 - The Columbus Foundation, Columbus, Ohio, Audiology Equipment to Increase Identification of Increased Numbers of Hearing Impaired Infants, Nisonger Center (P. Niswander), 1 June 1989 through 31 May 1990. (Project 767553 - New)

\$9,540.00 - Ohio River Basin Consortium, Columbus, Ohio, Ohio River Basin Consortium Agreement, School of Natural Resources and Department of Natural Resources - OARDC (J. F. Disinger), 1 July 1989 through 30 June 1990. (Project 765812 - Continuation)

\$8,350.00 - Great Lakes Commission, Ann Arbor, Michigan, Great Lakes Curriculum Development, School of Natural Resources (R. W. Fortner), 1 June 1989 through 31 December 1989. (Project 767509 - New)

\$6,675.00 - Ohio Poultry Association, Columbus, Ohio, Testing Feeding Programs for Layers Which Have Different Protein, Amino Acid, and Energy Levels for Their Cost Effectiveness, Department of Poultry Science - OARDC and Department of Poultry Science (J. D. Latshaw), 1 June 1989 through 30 May 1990. (Project 767541 - New)

\$5,021.00 - Midwest Universities Consortium for International Activities, Inc., Columbus, Ohio, Subcontract for the General Participant Training II Project in Indonesia, Office of International Affairs (D. G. McCloud), 1 April 1988 through 21 June 1989. (Project 766807 - Continuation)

\$5,000.00 - Ohio Poultry Association, Columbus, Ohio, The Growth Characteristics of Nicholas and British United Turkey Toms When Fed Diets Containing Two Levels of Dietary Protein and the Response of Hens to Step-Down Versus Step-Up Lighting Programs, Department of Poultry Science - OARDC (M. S. Lilburn), 1 April 1989 through 31 December 1989. (Project 767542 - New)

\$4,409.00 - Ohio University, Athens, Ohio, On-Site Instruction for Vocational Agriculture Instructors in the Southeast Region, Department of Agricultural Education (L. H. Newcomb), 1 July 1988 through 30 June 1989. (Project 767080 - Continuation)

\$2,500.00 - Sport Fishing Institute, Washington, D.C., The Effects of Trip Duration and Angler Demographics on Recreation Demand Functions: The Case of Ohio's Lake Erie Sport Fishery, Department of Agricultural Economics and Rural Sociology OARDC and Department of Agricultural Economics and Rural Sociology (L. J. Hushak), 1 October 1989 through 30 June 1990. (Project 767545 - New)

\$2,470.00 - Cancer Therapy and Research Foundation of South Texas, San Antonio, Texas, Mesothelioma Pathology Subcommittee, Department of Pathology (J. G. Lucas), 1 January 1989 through 31 December 1989. (Project 764837 - Continuation)

\$1,924.00 - Arts Midwest, Minneapolis, Minnesota, Ballet West, Mershon Auditorium (R. Stearns), 28 September 1989 through 28 September 1989. (Project 767501 - New)

\$1,425.00 - Arts Midwest, Minneapolis, Minnesota, David Parsons Dance Company, Mershon Auditorium (R. Stearns), 24 January 1990 through 26 January 1990. (Project 767499 - New)

August 23, 1989 meeting, Board of Trustees

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$1,000.00 - Detroit Edison Company, Newport, Michigan, Consortium for the Development of Instructor Training Materials for the Electric Power Industry, Center on Education and Training for Employment (R. D. Ryan), 1 November 1988 through 31 October 1989. (Project 767260 - Continuation)

Equipment - University of Colorado, Boulder, Colorado, University NAVSTAR Consortium Membership, Center for Mapping (J. D. Bossler), 1 July 1989 through 30 June 1990. (Project 767555 - New) (Approximate Dollar Value - \$50,000)

TOTAL - OTHER NON-FEDERAL AWARDS **\$1,513,906.00**

ENGINEERING EXPERIMENT STATION

State Sponsored Research and Development

\$78,485.00 from The Ohio Coal Development Office, Columbus, Ohio, for "Agglomeration Column Flotation for Cleaning and Desulfurization of Ohio Coal Fines," under the direction of the department of Materials Science and Engineering for the period May 1, 1989 through August 1, 1990. (529810)

\$40,000.00 from the Edison Program, Columbus, Ohio, and Arcair, Columbus, Ohio, for "Development of Underwater Shielded Metal-Arc Welding Electrode," under the direction of the Department of Welding Engineering for the period July 1, 1989 through June 30, 1990. (312511)

\$2,500.00 from The Ohio Department of Development, Columbus, Ohio, for "UNESCO Conference," under the direction of the College Office, for the period May 1, 1989 through July 31, 1989. (529813)

TOTAL - STATE SPONSORED RESEARCH AND DEVELOPMENT **\$120,985.00**

Industrial and Other Sponsored Research and Development

\$74,414.00 from B. F. Goodrich, Troy, Ohio, for "Convection Heat Transfer Study," under the direction of the Department of Mechanical Engineering for the period May 10, 1989 through June 30, 1990. (529811)

\$50,130.00 from Teledyne Monarch Rubber Company, Hartville, Ohio, for "Computer Modeling of Hydromounts," under the direction of the Department of Mechanical Engineering for the period July 1, 1989 through June 30, 1990. (529809)

\$41,524.00 from Teledyne Monarch Rubber Company, Hartville, Ohio, for "Design of Adaptive Hydromounts," under the direction of the Department of Mechanical Engineering for the period July 1, 1989 through June 30, 1990. (529808)

\$39,979.00 from The American Foundrymen's Society, Inc., DesPlaines, Illinois, for "Influence of Sand Surface Chemistry on Bonding," under the direction of the Department of Materials Science and Engineering for the period May 1, 1989 through May 1, 1990. (529806)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industrial and Other Sponsored Research and Development (contd)

\$35,000.00 from B. F. Goodrich Aerospace, Uniontown, Ohio, for "Droplet Impingement Program," under the direction of the Department of Aeronautical and Astronautical Engineering for the period June 1, 1989 through May 31, 1990. (312512)

\$23,967.00 from 33 sponsors of 42 development projects under the direction of three departments/research areas of the College.

\$20,141.00 from Nippon Yakin Kogyo Co., Ltd., Tokyo Japan, for "Oxide Modification of Aluminum Bearing Stainless Steels using CO₂ Laser Beams," under the direction of the department of Welding Engineering for the period May 19, 1989 through December 30, 1990. (312510)

\$17,500.00 additional funding from General Electric, Cincinnati, Ohio, for "Lufthansa Engine Test Cell Model Study #2," under the direction of the Department of Aeronautical and Astronautical Engineering, for the period March 1, 1988 through December 31, 1989. (312449, Ext. 1)

\$15,099.00 from BBN Advanced Computers, Cambridge, Mass., for "Port of Portable Common Loops to Butterfly Common LISP," under the direction of the Department of Computer and Information Science, for the period June 15, 1989 through December 31, 1989. (529814)

\$14,000.00 additional budget from American Society of Mechanical Engineers, New York, NY, for "Editing Services -- Journal of Mechanisms, Transmission and Automation in Design," under the direction of the Department of Mechanical Engineering for the period December 1, 1987 through September 30, 1989. (312441, Ext. 1)

\$2,550.00 additional funding from Battelle Columbus Division, Columbus, Ohio, for "Transport and Dosimetry Analysis Test Specimen Evaluation," under the direction of the Nuclear Reactor Laboratory for the period April 1, 1988 through November 30, 1989. (312460, Ext. 4)

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$334,304.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

Ohio Eminent Scholar in High-Temperature Structural Materials

The Ohio Eminent Scholar in High-Temperature Structural Materials was established August 23, 1989, by the Board of Trustees of The Ohio State University with \$500,000 awarded by the General Assembly of Ohio and a matching \$500,000 from unrestricted gifts to the University.

The funds are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide salary and program support for the work of an outstanding scholar-leader in high-temperature structural materials. Appointment as the Ohio

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

Ohio Eminent Scholar in High-Temperature Structural Materials (contd)

Eminent Scholar in High-Temperature Structural Materials will be recommended by the Dean of the College of Engineering to the Provost and President and approved by the Board of Trustees.

Should the need for this position cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for education and research in metallurgical engineering. Any redirection of this endowment prior to ten years from the date established shall require the prior approval of the Ohio Board of Regents.

**Ohio Eminent Scholar in
Macromolecular Structure Determination**

The Ohio Eminent Scholar in Macromolecular Structure Determination was established August 23, 1989, by the Board of Trustees of The Ohio State University with \$500,000 awarded by the General Assembly of Ohio and a matching \$500,000 from unrestricted gifts to the University.

The funds are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide salary and program support for the work of an outstanding scholar-leader in macromolecular structure determination. Appointment as the Ohio Eminent Scholar in Macromolecular Structure Determination will be recommended by the Dean of the College of Mathematical and Physical Sciences to the Provost and President and approved by the Board of Trustees.

Should the need for this position cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for education and research in chemistry. Any redirection of this endowment prior to ten years from the date established shall require the prior approval of the Ohio Board of Regents.

Ohio Eminent Scholar in Protein Engineering

The Ohio Eminent Scholar in Protein Engineering was established August 23, 1989, by the Board of Trustees of The Ohio State University with \$500,000 awarded by the General Assembly of Ohio and a matching \$500,000 from unrestricted gifts to the University.

The funds are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Should the need for this position cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for education and research in biochemistry. Any redirection of this endowment prior to ten years from the date established shall require the prior approval of the Ohio Board of Regents.

**Ford Motor Company - EEOC Scholarship
For Minorities and Women**

The Ford Motor Company - EEOC Scholarship for Minorities and Women was established August 23, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Ford Motor Company.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for minorities and women, with preference given to Ford Motor Company employees, their spouses and children. These scholarships are not to be restricted to any particular college or discipline. Scholarships are targeted primarily to students in undergraduate programs; however, at the University's discretion, scholarships may be awarded to students enrolled in the Graduate School. Awards for undergraduate students may be renewed up to three times but may be renewed only once for graduate students. Eligibility to continue in the program requires that all student participants meet the academic requirements established by the University. Awards may be expanded beyond tuition to include other expenses, such as: class textbooks, laboratory fees, room and board in campus facilities, mandatory admission fees or instructional fees. No recreational, sports or social activities are coverable, unless such fees are part of the degree requirement.

For those applicants who claim a Ford Motor Company connection, the University will require candidates to complete a verification form provided by Ford Motor Company. If no Ford Motor Company employees, their spouses or offspring apply, the University may use available funds for other minorities and women who apply for financial assistance. Scholarship recipients shall be chosen by the University Committee on Student Financial Aid.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**Ford Motor Company - EEOC Scholarship
For Minorities and Women (contd)**

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Campbell Hall Building Fund

The Campbell Hall Building Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from alumni and friends of the College of Human Ecology for the New Ventures, New Vision Campaign.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be added to the principal until the University makes a final determination on the financing arrangements of the Campbell Hall Building Additions Project. The College of Human Ecology reserves the right to invade the principal to cover building-related costs and fees following the final determination of the financing arrangements.

It is the desire of the donors that this fund should benefit the University in perpetuity. Should the need for this fund cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in order to carry out the desire of the donors.

The Henry County 4-H Endowment Fund

The Henry County 4-H Endowment Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from persons interested in the Henry County 4-H program.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The first \$550 of annual income shall be used for the Henry County 4-H Scholarship, the recipient of which will be selected by a committee including a Henry County Extension Agent, a respected agricultural leader in Henry County and a representative of the Henry County 4-H Endowment Committee, in consultation with the University Committee on Student Financial Aid. Any distributable income above the amount of \$550 will be applied to the purposes of the Henry County 4-H program at the direction of the Henry County 4-H Endowment Committee or its successor.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

The Sam Cashman Family 4-H Endowment Fund

The Sam Cashman Family 4-H Endowment Fund be established August 23, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from friends, relatives and colleagues of Sam Cashman (B.S.Agr. '41) of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Under the administration of the State 4-H Leader or his/her designee in the State of Ohio 4-H Office, the annual income shall be used to support development of innovative ways to expand 4-H membership and to find more effective ways of attracting and keeping older youth (ages 13-18) in 4-H.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

75th Anniversary Scholarship Fund

The 75th Anniversary Scholarship Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from alumni, special friends, hospitals and other corporations in recognition of the College of Nursing's 75th anniversary.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide undergraduate nursing scholarships at The Ohio State University College of Nursing. Scholarship recipients shall be chosen by the Dean of the College of Nursing upon recommendation of the Director of Nursing Student Affairs and in consultation with the University Committee on Student Financial Aid.

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

**The S. Maurice Bostic and Birch S. M. Bostic
Memorial Award Fund**

The S. Maurice Bostic and Birch S. M. Bostic Memorial Award Fund was established August 23, 1989, in honor of S. Maurice Bostic, past president of the Columbus Trucking Company, Commercial Motor Freight, Inc. and Birch S. M. Bostic, grandson of S. Maurice Bostic, and member of the Sigma Chi fraternity, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from The Ohio Trucking Association and friends, family, and fraternity brothers of Birch S. M. Bostic.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more awards to the outstanding male member(s) of the baccalaureate graduating class of the College of Business. The award(s) shall be based on recognition of both academic excellence and outstanding leadership and shall be presented at the annual Pace Setters Banquet. The award recipient(s) shall be selected upon the recommendation of the College of Business Pace Setters Selection Committee with final approval by the Dean of the College of Business.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with a representative(s) of full-time students of The Ohio State University who are active members of the Sigma Chi fraternity and/or a representative(s) of the undergraduate full-time students of the College of Business, the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

**The Robert A. Barnes Award
for Exemplary Teaching**

The Robert A. Barnes Award for Exemplary Teaching was established August 23, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Robert A. Barnes (Ph.D., Education, '63) of Newark, Ohio.

**The Robert A. Barnes Award
for Exemplary Teaching (contd)**

All gifts are to be invested in the University's permanent endowment fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide an award for exemplary teaching to be presented not more often than once each year to an Ohio State University faculty member with an annual, full-time teaching assignment at the University's campus at Newark, Ohio.

The recipient's name is to be engraved on an appropriate plaque to be presented to the individual and on another plaque to be permanently and prominently displayed at the Newark Campus. Both plaques shall bear the full name of the award.

At the option of the recipient, the award shall consist of one of the following:

A one-thousand-dollar cash prize

One thousand dollars worth of teaching-related travel provided by the University

One thousand dollars worth of teaching-related publications or equipment provided by the University for the recipient's teaching area -- such to remain property of the University.

The criteria and procedures for annual recipient selection and presentation shall be determined by the chief administrator of The Ohio State University at Newark, in consultation with the Newark Campus faculty.

The first presentation of this award will take place when the annual income reaches \$1,000. In future years the annual income consistently exceeds \$1,000, the chief administrator of the Newark Campus can or may recommend to The Ohio State University Development Fund that the annual award be adjusted to a higher amount.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the chief administrator of the University's campus at Newark, Ohio, or, if such should no longer exist, the most appropriate University administrator.

M. Burghes), 1 July 1989 through 30 June 1990. (Project 767635 - New)

\$90,394.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Cell-Mediated Immunity Regulation and Reinfection: Role of Conrallymphokine, Oral Biology (J. F. Sheridan), 1 July 1989 through 30 June 1990. (Project 766852 - Continuation)

\$85,400.00 - Department of Agriculture, Science and Education, Washington, D.C., Molecular Mechanisms of Geminivirus Replication, Biotechnology Program and Department of Molecular Genetics (D. M. Bisaro), 1 September 1989 through 31 August 1990. (Project 766350 - Continuation)

\$85,000.00 - National Science Foundation, Washington, D.C., X-Ray Spectroscopy of Metal Centers in Respiratory Proteins, Department of Physiological Chemistry (J. O. Alben), 1 August 1989 through 31 July 1990. (Project 767637 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$84,350.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Muscarinic Receptor Abnormalities in Affective Illness, Department of Psychiatry (S. C. Dilsaver), 1 August 1989 through 31 July 1990. (Project 766385 - Continuation)

\$83,158.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Catalytic Sites of Two Calmodulin-Dependent Enzymes, Department of Chemistry (M. M. King), 1 July 1989 through 30 June 1990. (Project 767619 - New)

\$81,130.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Feline Retrovirus Associated Intestinal Dysfunction, Department of Veterinary Pathobiology (L. E. Mathes), 1 July 1989 through 30 June 1990. (Project 766909 - Continuation)

\$80,647.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Calcium and Calmodulin in Smooth Muscle Contraction, Department of Physiological Chemistry (J. D. Johnson), 1 July 1989 through 30 June 1990. (Project 764737 - Continuation)

\$80,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Role of Constitutive Isoflavone Conjugates in Soybean Resistance to Phytophthora, Department of Plant Pathology - OARDC and Department of Plant Pathology (T. L. Graham), 1 August 1989 through 31 July 1991. (Project 767639 - New)

\$75,000.00 - National Science Foundation, Washington, D.C., Molecular Phylogeny and Evolution of Compositae of the Juan Fernandez Islands, Department of Botany (D. J. Crawford and T. F. Stuessy), 15 July 1989 through 30 June 1990. (Project 767622 - New)

\$71,269.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Phase I and Clinical Pharmacokinetic Studies of Anticancer Agents, Comprehensive Cancer Center and Department of Internal Medicine (S. P. Balcerzak and B. Behrens) and College of Pharmacy (L. Malspeis), 1 June 1989 through 30 November 1989. (Project 764860 - Continuation)

\$69,530.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Deoxyuridine Metabolism in Herpes Labialis, Department of Microbiology and Immunology (M. V. Williams), 1 July 1989 through 30 June 1990. (Project 764006 - Continuation)

\$68,500.00 - National Science Foundation, Washington, D.C., The Relativistic Optical Model at Intermediate Energies, Department of Physics (B. C. Clark), 15 July 1989 through 30 June 1990. (Project 767674 - New)

\$65,898.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Correlation of 3-D Coronary Axial Geometry and Pathology, Biomedical Engineering Center (M. H. Friedman), 1 July 1989 through 30 June 1990. (Project 766943 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$65,500.00 - National Science Foundation, Washington, D.C., Synthetic Catalysts Based on Reversible Covalent Bond Formation, Department of Chemistry (A. W. Czarnik), 15 June 1989 through 31 May 1990. (Project 767602 - New)

\$62,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Physics (D. L. Cox), 1 January 1990 through 31 December 1990. (Project 766937 - Continuation)

\$61,996.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Molecular Organization of a Membrane Protein Complex, Department of Botany and Department of Biochemistry (R. T. Sayre), 1 July 1989 through 30 June 1990. (Project 766849 - Continuation)

\$60,000.00 - National Science Foundation, Washington, D.C., Partial Oxidation of Methane to Methanol and Formaldehyde over Molybdenum-Oxide-Based Catalysts, Department of Chemical Engineering (U. Ozkan), 1 August 1989 through 31 July 1990. (Project 767675 - New)

\$60,000.00 - National Science Foundation, Washington, D.C., Isomorphism Problems in Structural Complexity Theory, Department of Computer and Information Science (T. J. Long), 15 July 1989 through 30 June 1991. (Project 767543 - New)

\$59,949.00 - National Science Foundation, Washington, D.C., Communication and Synchronization in Parallel Computation, Department of Computer and Information Science (D. Jayasimha), 1 July 1989 through 30 June 1991. (Project 767677 - New)

\$57,614.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, Physiological Analysis of Optic Nerve Disease, College of Optometry (P. E. King-Smith), 1 August 1989 through 31 July 1990. (Project 763996 - Continuation)

\$55,302.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Stochastic Estimation of Coherent Structures and Their Dynamics in Transitional and Turbulent Layers, Department of Mechanical Engineering (Y. G. Guezennec), 15 June 1989 through 14 June 1990. (Project 767647 - New)

\$54,938.00 - National Science Foundation, Washington, D.C., Continuation of a Study of the Windfield Near Terra Nova Bay, Byrd Polar Research Center (D. H. Bromwich), 15 July 1988 through 31 December 1990. (Project 766896 - Continuation)

\$51,863.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Molecular Analysis of Exotoxin A from Pseudomonas aeruginosa, Department of Microbiology (D. R. Galloway), 1 June 1989 through 31 May 1990. (Project 766775 - Continuation)

\$50,091.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Small Instrumentation Program, Medicine Administration (D. G. Cornwell), 15 July 1989 through 30 June 1990. (Project 767690 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$49,982.00 - National Science Foundation, Washington, D.C., Expression of a Recombinant Protein Kinase, Department of Chemistry (M. M. King), 1 September 1989 through 31 August 1990. (Project 767657 - New)

\$49,198.00 - National Science Foundation, Washington, D.C., Behavioral and Neural Plasticity in the Developing Brain, Department of Psychology (J. P. Bruno), 1 September 1989 through 28 February 1991. (Project 766304 - Continuation)

\$48,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Food, Forest Products, or Agribusiness Marketing, Department of Agricultural Economics and Rural Sociology (J. Havlicek and D. R. Henderson), 1 September 1989 through 31 August 1994. (Project 767672 - New)

\$45,926.00 - National Science Foundation, Washington, D.C., Econometric Models of Probabilistic Choice Over a Continuous Choice Set, Department of Economics (S. R. Cosslett), 1 July 1989 through 30 June 1990. (Project 767597 - New)

\$45,737.00 - National Science Foundation, Washington, D.C., A Strontium, Oxygen, and Carbon Isotopic Study of Cenozoic Marine Biogenic Carbonate from Antarctica, Byrd Polar Research Center and Department of Geology and Mineralogy (P. N. Webb) and Department of Geology and Mineralogy (E. Barrera), 15 June 1989 through 31 May 1990. (Project 767689 - New)

\$44,997.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Decentralized Control and Identification Experiments for the NASA Langley Research Center SCOLE (Spacecraft Control Laboratory Experiment Program), Department of Electrical Engineering (U. Ozguner and S. Yurkovich), 1 October 1989 through 30 September 1990. (Project 765807 - Continuation)

\$42,500.00 - National Science Foundation, Washington, D.C., Multilinear Analysis of Spectroscopic Data, Department of Statistics (S. E. Leurgans), 1 July 1989 through 30 June 1990. (Project 767631 - New)

\$40,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Jet Noise Production and Radiation, Department of Aeronautical and Astronautical Engineering (J. N. Scott and R. J. Bodonyi), 29 June 1989 through 15 October 1989. (Project 767656 - New)

\$33,665.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, DNA Diagnostic Probes for Acanthamoeba Keratitis, Department of Molecular Genetics (T. J. Byers), 15 July 1989 through 14 July 1990. (Project 767688 - New)

\$30,000.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Research on Analysis of Large Aperture Reflector Antennas, ElectroScience Laboratory, Department of Electrical Engineering (R. Rudduck), 1 September 1989 through 31 August 1991. (Project 763724 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$30,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, Substrate Recognition by Archaeobacterial tRNA Intron Processing Enzymes, Department of Microbiology (C. J. Daniels), 1 August 1989 through 30 November 1989. (Project 767661 - New)

\$29,250.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Eustachian Tube Mucociliary Function in Otitis Media, Department of Otolaryngology (D. J. Lim and J. Coticchia), 1 July 1989 through 30 June 1990. (Project 767610 - New)

\$29,192.00 - National Science Foundation, Washington, D.C., Collaborative Research: Fort Payne Formation Echinoderms: Systematics, Paleocology, and Regional Synthesis (Lower Mississippian, Midcontinental United States), Department of Geology and Mineralogy (W. I. Ausich), 1 September 1989 through 31 August 1990. (Project 767673 - New)

\$25,000.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Linguistics (M. E. Beckman), 1 March 1990 through 28 February 1991. (Project 766861 - Continuation)

\$24,500.00 - Department of the Interior, Geological Survey, Reston, Virginia, Ohio-Indiana Regional Aquifer System Analysis Project, Center for Mapping (J. D. Bossler), 1 July 1989 through 30 June 1990. (Project 767669 - New)

\$19,000.00 - National Science Foundation, Washington, D.C., The Limit of High Reynolds Number for Shear Layers, Department of Mathematics (G. R. Baker and G. Majda), 15 June 1989 through 31 May 1990. (Project 767636 - New)

\$19,000.00 - National Science Foundation, Washington, D.C., Construction and Study of Certain Infinite Dimensional Processes, Department of Mathematics (P. March), 15 July 1989 through 30 June 1991. (Project 767605 - New)

\$18,000.00 - National Aeronautics and Space Administration, Washington, D.C., Fault Tolerant Control Using Neural Nets for Large Flexible Space Structures, Department of Electrical Engineering (U. Ozguner), 1 August 1989 through 31 July 1990. (Project 767653 - New)

\$12,500.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Aging and Diabetes: Coping with Chronic Illness, Department of Life Span Process (E. M. Burns), 1 September 1989 through 31 August 1990. (Project 767664 - New)

\$12,500.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Interval Inspiratory Muscle Training in Chronic Obstructive Pulmonary Disease (COPD) Patients, Department of Family and Community Nursing (M. G. MacVicar), 1 July 1989 through 30 June 1990. (Project 767685 - New)

\$12,000.00 - National Science Foundation, Washington, D.C., Development of a Systems Ecology Study of Low-Input Sustainable Agroecosystems, Department of Entomology - OARDC (B. R. Stinner), 1 July 1989 through 30 June 1990. (Project 767620 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$9,500.00 - Department of the Army, Army Corps of Engineers, Vicksburg, Mississippi, ARMS -- An Acoustics-Based Resuspension Measurement System for In-Place Estimates of Entrainment and Erosion from Dredged Material Disposal Sites, Department of Civil Engineering (K. W. Bedford), 1 October 1988 through 30 September 1989. (Project 766710 - Continuation)

\$1,750.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Acute Phase Reactants: Induction and Host Resistance, Department of Microbiology (R. F. Mortensen), 1 July 1989 through 30 June 1990. (Project 762354 - Continuation)

\$629.00 - Department of Health and Human Services, National Institutes of Health Clinical Center, Bethesda, Maryland, Normal Patient Volunteer Program, Biological Sciences Administration and Department of Microbiology (A. M. Ackermann-Brown), 1 June 1989 through 31 July 1989. (Project 767686 - Continuation)

Equipment - Department of Energy, Aiken, South Carolina, Energy-Related Laboratory Equipment, Engineering Experiment Station (J. W. Talnagi), 7 July 1989 through 30 September 1989. (Project 767625 - New) (Approximate Dollar Value - \$91,754)

TOTAL - FEDERAL AWARDS \$6,902,130.00

State of Ohio Research Contracts/Grants

\$853,866.63 - State of Ohio, Department of Education, Columbus, Ohio, Vocational Education Contracts - C - Trade and Industrial Education Services, Education Administration (J. J. Buffer), 1 July 1989 through 30 June 1990. (Project 767628 - Continuation)

\$722,073.00 - State of Ohio, Department of Education, Columbus, Ohio, Vocational Education Contracts - E - Instructional Materials Laboratory, Education Administration (J. J. Buffer), 1 July 1989 through 30 June 1990. (Project 767630 - Continuation)

\$643,726.86 - State of Ohio, Department of Education, Columbus, Ohio, Vocational Education Contracts - D - Vocational Educational Services, Education Administration (J. J. Buffer), 1 July 1989 through 30 June 1990. (Project 767629 - Continuation)

\$482,787.74 - State of Ohio, Department of Education, Columbus, Ohio, Vocational Education Contracts - B - Vocational Research, Survey, Evaluation, and Exemplary Programs, Education Administration (J. J. Buffer), 1 July 1989 through 30 June 1990. (Project 767606 - Continuation)

\$115,725.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Acquisition of a Research Vessel, Department of Zoology (B. Vondracek), 12 September 1988 through 30 June 1991. (Project 767054 - Continuation)

\$104,344.00 - State of Ohio, Department of Education, Columbus, Ohio, Labor Market Information Development, Center for Human Resource Research (H. R. Blaine) and Academic Faculty of Management and Human Resources (S. L. Mangum), 1 July 1989 through 30 June 1990. (Project 766869 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$101,319.96 - State of Ohio, Department of Education, Columbus, Ohio, Vocational Education Contracts - A - Vocational Teacher Education, Department of Educational Studies: Humanities, Science, Technological, and Vocational (G. Jarvis), 1 July 1989 through 30 June 1990. (Project 767577 - Continuation)

\$80,000.00 - State of Ohio, Department of Education, Columbus, Ohio, State Superintendent's Task Force for Preparing Special Education Personnel, Education Administration (T. M. Stephens), 1 July 1989 through 30 June 1990. (Project 767658 - Continuation)

\$58,500.00 - State of Ohio, Department of Natural Resources, Columbus, Ohio, Ecology and Population Dynamics of Lake Erie Fishes, Department of Zoology (B. Vondracek), 1 July 1989 through 30 June 1990. (Project 766201 - Continuation)

\$57,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Support for the Ohio Technology Transfer Organization (OTTO), Department of Mechanical Engineering and Academic Affairs Administration (R. E. Bailey), 1 July 1989 through 30 June 1990. (Project 766925 - Continuation)

\$49,545.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Take a Break, Cooperative Extension Field Operations (C. J. Syracuse), 1 July 1989 through 30 June 1990. (Project 767604 - New)

\$31,874.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Housing as Housing: The Relationship Between Housing Factors and Community Adaptation in Three Client Groups, Department of Life Span Process (L. C. Dzurec), 1 September 1989 through 30 June 1990. (Project 767534 - Continuation)

\$23,324.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Parent Education: A Prevention, Cooperative Extension Field Operations (B. W. Chirayath), 1 July 1989 through 30 June 1990. (Project 767371 - New)

\$19,371.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Master Parenting, Cooperative Extension Field Operations (S. F. Joseph), 1 July 1989 through 30 June 1990. (Project 767585 - New)

\$17,625.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Special Parenting, Cooperative Extension Field Operations (B. J. Wurzel), 1 July 1989 through 30 June 1990. (Project 767587 - Continuation)

\$13,230.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Housing as Housing: The Relationship Between Housing Factors and Community Adaptation in Three Client Groups, Department of Life Span Process (L. C. Dzurec), 23 May 1989 through 31 August 1989. (Project 767534 - New)

\$11,245.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Building Family Strengths, Cooperative Extension Field Operations (B. J. Gilbert), 1 July 1989 through 30 June 1990. (Project 767584 - New)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$10,443.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Latch Key 4-H Club, Cooperative Extension Field Operations, (R. P. Cripe), 1 July 1989 through 30 June 1990. (Project 767588 - New)

\$7,619.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Parent Support Group, Cooperative Extension Field Operations (C. J. Syracuse), 1 July 1989 through 30 June 1990. (Project 767586 - New)

\$3,500.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Building Family Strengths, Cooperative Extension Field Operations (C. S. Oliver), 1 July 1989 through 30 June 1990. (Project 767583 - New)

TOTAL - STATE OF OHIO AWARDS \$3,407,119.19

Industrial Research Contracts/Grants

\$75,000.00 - Superconductive Components, Inc., Columbus, Ohio, Study of Superconductive Composites, Department of Physics (J. C. Garland), 1 April 1989 through 31 March 1991. (Project 767623 - New)

\$70,254.00 - Pharmakinetiks Laboratories, Inc., Baltimore, Maryland, A Long-Term Multicenter Glycemic Control Study, Department of Family Medicine (R. M. Guthrie), 1 July 1989 through 30 June 1990. (Project 767633 - New)

\$56,400.00 - Merck, Sharp, and Dohme Research Laboratories, West Point, Pennsylvania, A Triple-Blind, Randomized Parallel Study Comparing SINEMET CR (50/200) with SINEMET 25/100 in Parkinson's Disease for Patients on No Prior Levodopa Therapy, Department of Neurology (G. W. Paulson), 1 May 1989 through 30 April 1990. (Project 767645 - New)

\$54,678.00 - The Procter and Gamble Company, Cincinnati, Ohio, In Vitro Studies on the Digestibility of Olestra by Rumen Organisms and Its Effect on Rumen Fermentation Processes, Department of Dairy Science - OARDC (D. L. Palmquist), 21 June 1989 through 30 November 1989. (Project 767566 - New)

\$35,000.00 - Mobil Research and Development Corporation, Paulsboro, New Jersey, In Situ Zeolite Crystallization and Spectroscopic Characterization, Department of Chemistry (P. K. Dutta), 1 June 1989 through 31 May 1990. (Project 766931 - Continuation)

\$34,686.54 - Norwich-Eaton Pharmaceuticals, Inc., Norwich, New York, A Double-Blind, Placebo-Controlled, Multicenter Trial to Determine the Effects of the Sequential Dosing of Phosphate Didronel and Calcium in Postmenopausal Osteoporotic Women, Department of Internal Medicine (R. D. Jackson and M. B. Rao), 19 January 1989 through 31 January 1990. (Project 765531 - Continuation)

\$27,849.54 - CIBA-GEIGY Corporation, Greensboro, North Carolina, Efficacy and Pharmacokinetics of Formulations of CGA-184699, An Experimental Compound for the Control of Fleas and Other Ectoparasitic Insects, Department of Entomology (W. F. Hink), ●
1 July 1989 through 30 May 1990. (Project 767646 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$20,000.00 - Fidia, Abano Terme, Italy, GM1 as Potential Therapy for Neonatal Brain Damage, Department of Psychiatry and Department of Pharmacology (M. H. Neff) and Department of Pharmacology (N. H. Neff), 1 April 1989 through 31 March 1990. (Project 767663 - New)

\$8,300.00 - Advanced Decision Systems, Mountain View, California, Sensor Algorithm Research, ElectroScience Laboratory, Department of Electrical Engineering (R. J. Marhefka), 1 July 1989 through 31 July 1989. (Project 766088 - Continuation)

\$3,900.00 - Septech, Wakefield, Rhode Island, A System for Realtime Automated Control of Preparative and Process HPLC Equipment, College of Pharmacy and Comprehensive Cancer Center (J. M. Jagadeesh), 20 June 1988 through 31 December 1989. (Project 766951 - Continuation)

\$2,300.00 - Caremark Plus, San Bernardino, California, Patient Education and Clinical Management Services, Department of Internal Medicine (S. P. Balcerzak), 1 October 1988 through 31 March 1989. (Project 767279 - Continuation)

\$1,800.00 - Lockheed Engineering and Science Company, Houston, Texas, Tethered Target Scattering Research, ElectroScience Laboratory, Department of Electrical Engineering (L. Peters, Jr., E. K. Newman, and N. N. Wang), 26 May 1989 through 26 January 1991. (Project 767524 - Continuation)

Materials and Supplies - Superconductive Components, Inc., Columbus, Ohio, Fabrication of High Temperature Superconducting Films, Department of Physics (T. R. Lemberger), 1 March 1989 through 31 August 1989. (Project 767603 - New) (Approximate Dollar Value - \$5,250)

TOTAL - INDUSTRIAL AWARDS

\$ 390,168.08

Other Non-Federal Research Contracts/Grants

\$1,200,000.00 - Howard Hughes Medical Institute, Rockville, Maryland, Undergraduate Biological Sciences Education Initiative, Biological Sciences Administration (W. A. Jensen), 15 June 1989 through 31 August 1994. (Project 767627 - New)

\$362,150.00 - United Nations, Geneva, Switzerland, Evaluation of Active Immunization with Synthetic Peptides of hCG as a Fertility Control Method, Department of Obstetrics and Gynecology (V. C. Stevens), 1 July 1989 through 30 June 1990. (Project 760113 - Continuation)

\$238,305.00 - Riverside Research Institute, New York, New York, Compact Range Analysis Research, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside), 1 August 1989 through 31 July 1990. (Project 767079 - Continuation)

\$105,000.00 - American Cancer Society, Atlanta, Georgia, Leukemia Cell Differentiation: Epigenetic Therapeutics, Department of Physiological Chemistry and Comprehensive Cancer Center (R. W. Trewyn), 1 July 1989 through 30 June 1990. (Project 766163 - Continuation)

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$100,196.00 - Muscular Dystrophy Association, New York, New York, Collaborative Investigation of Duchenne Dystrophy, Department of Neurology (J. R. Mendell), 1 March 1989 through 28 February 1990. (Project 761360 - Continuation)

\$90,000.00 - The George Gund Foundation, Cleveland, Ohio, Development of a Sustainable Agriculture Education and Internship Program to Promote Soil and Water Conservation in Ohio, Department of Entomology - OARDC and Department of Entomology (C. A. Edwards and B. R. Stinner), 1 July 1989 through 30 June 1992. (Project 767621 - New)

\$75,000.00 - Metropolitan Life Foundation, New York, New York, Preparing Teacher Leaders to Assist Preservice and Beginning Teachers and Recruit Minorities into Teaching, Department of Educational Policy and Leadership (K. R. Howey and N. L. Zimpher), 1 September 1989 through 31 August 1990. (Project 767665 - New)

\$45,296.00 - International Life Sciences Institute, Washington, D.C., Characterizations and Adjustments for the Effects of Dependencies in Risk Assessment, Department of Preventive Medicine (M. L. Moeschberger) and Department of Statistics (J. P. Klein), 1 June 1989 through 31 May 1990. (Project 767607 - New)

\$42,046.00 - The Juvenile Diabetes Foundation International, New York, New York, The Microvascular Choroidal Changes in Diabetes Type I and Its Repair Process Following Photo-coagulation, Department of Ophthalmology (A. J. Fryczkowski and F. H. Davidorf), 1 September 1989 through 31 August 1990. (Project 767655 - New)

\$40,000.00 - The Petroleum Research Fund, Washington, D.C., Photochemical Alkyne Activation by Dinuclear Organometallic Complexes, Department of Chemistry (B. E. Bursten), 1 September 1989 through 31 August 1991. (Project 767643 - New)

\$39,750.00 - The Juvenile Diabetes Foundation International, New York, New York, Assessment of the Mechanisms that Regulate Glomerular Mesangial Fibronectin Accumulation, Department of Internal Medicine (F. G. Cosio), 1 September 1989 through 31 August 1990. (Project 767671 - New)

\$36,256.00 - Boston University, Boston, Massachusetts, Principles for Machine/Human Compatibility in Manufacturing Systems, Department of Industrial and Systems Engineering (A. B. Bishop), 1 July 1989 through 30 June 1990. (Project 766000 - Continuation)

\$35,000.00 - The National Council for Soviet and East European Research, Washington, D.C., Disadvantaged Groups and Backward Regions in the Soviet Union, Department of Geography (Y. Medvedkov) and Mershon Center for Education (O. Medvedkov), 1 July 1989 through 30 June 1990. (Project 766762 - Continuation)

\$33,000.00 - American Heart Association, Dallas, Texas, Hydraulic Load in Congestive Heart Failure (CHF): Response to Vasodilator, Department of Internal Medicine (P. F. Binkley), 1 July 1989 through 30 June 1990. (Project 767638 - Continuation)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

**The Paul and Lucy Dale Kent Cancer
Research Endowment Fund**

The Paul and Lucy Dale Kent Cancer Research Endowment Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Paul and Lucy Dale Kent of Granville, Ohio.

All gifts are to be invested in the University's permanent endowment fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support cancer research in the Arthur G. James Cancer Hospital and Research Institute as approved by the Director of the Arthur G. James Cancer Hospital and Research Institute and the Vice President for Health Services.

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

**The Paul and Lucy Dale Kent Cancer
Research Endowment Fund (contd)**

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of the Arthur G. James Cancer Hospital and Research Institute and the Vice President for Health Services in order to carry out the desire of the donors.

The Marshall McDonald Scholarship Fund

The Marshall McDonald Scholarship Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Marshall McDonald of Palo Alto, California.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students in Beekeeping Technology at the Agricultural Technical Institute. Recipients will be selected by a committee consisting of the Beekeeping Technology Coordinator, the Agricultural Business Division Chairperson, and the Financial Aid Coordinator, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University students in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Floyd B. Mellor Scholarship Fund

The Floyd B. Mellor Scholarship Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Floyd B. Mellor, Killbuck, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships to worthy students who are graduate associates in beef cattle research at the Ohio Agricultural Research and Development Center, Wooster, Ohio. Scholarship recipients shall be selected by the chairperson of the Department of Animal Science and the chairperson of the Graduate Studies Committee, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

**The John Weller Wuichet, Jr., and Norma Johns Wuichet
Endowment Fund**

The John Weller Wuichet, Jr., and Norma Johns Wuichet Endowment Fund was established August 23, 1989 by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from John Weller Wuichet, Jr. (B.S.Bus.Adm. '34) and his wife, Norma Johns Wuichet (B.S.Ed. '34) of Columbus, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to assist selected departments or divisions in the College of The Arts in recruiting and retaining outstanding undergraduate and graduate students. Said income may be used for recruitment materials and events; recruitment/audition travel expenses required to bring outstanding prospective students to campus or to send faculty members to those students; student prizes or awards; and student travel grants to conferences, exhibits, or festivals for the purpose of presenting papers, performing, or exhibiting. Funds may also be used to provide undergraduate scholarships, graduate associateships, and fellowships.

The annual income shall be made available to the selected departments and divisions of the College of The Arts on an annual rotating basis in the following order commencing in the first year with Art, and following in alphabetical order in each succeeding year with Art Education, Dance, Music Education, and Theatre.

The specific activity selected for fund income use and, if necessary, the criteria required to select students are at the discretion of the respective department or division chairperson with appropriate consultation with faculty and approval of the Dean of the College of The Arts. Where financial aid (i.e., scholarships, fellowships, and associateships) is involved, decisions shall be made in consultation with the University Committee on Student Financial Aid. Financial need is not a necessary criterion; quality of student is.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department/division chairperson, or program administrative officer in order to carry out the desire of the donors.

The Chhotey Lal and Mohra Devi Rustagi Memorial Lectureship Fund

The Chhotey Lal and Mohra Devi Rustagi Memorial Lectureship Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Jagdish S. Rustagi, Chairperson, Department of Statistics, in memory of his parents, Chhotey Lal and Mohra Devi Rustagi.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Department of Statistics for honoraria and expenses incurred by visiting lecturer(s) to the Department of Statistics for giving a Chhotey Lal and Mohra Devi Rustagi Memorial Lecture each year. The expenditures of all income will be approved by the Chairperson of the Department of Statistics.

It is the desire of the donor that this fund should benefit the University in perpetuity. Should the need for this fund cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

Change in Name and Description of Named Fund

Bob Evans Farms Inc., Hospitality Research Fund

The Hospitality Management Research Fund was established November 4, 1988, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Bob Evans Farms, Inc. The name and description were revised August 23, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support faculty and graduate student research in the area of hospitality management in the Department of Human Nutrition and Food Management, College of Human Ecology, as authorized by the department chairperson with advice of the faculty.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative officials of the University who are then directly responsible for Hospitality Management Programs or the Dean of the College of Human Ecology.

August 23, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Description of Named Funds

Arthur E. Baggs Memorial Fund

The Arthur E. Baggs Memorial Fund was established February 14, 1961, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund in memory of Arthur E. Baggs (B.S.M.E. '39). The description was changed May 4, 1989, and was further revised August 23, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for a scholarship to an outstanding undergraduate student with interest in pursuing a major in the ceramic arts with the equivalent of high school chemistry as a prerequisite. Suggested studies are to include investigation of basic vessel tradition of glaze chemistry, craftsmanship, and aesthetics. The selection of the recipient will be made by the ceramic faculty in consultation with the University Committee on Student Financial Aid. It is the donors' expressed desire to fund activities related to one of the following curricula in order of preference: industrial design, music, photography and cinema, art history.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The Baker & Hostetler Law Library and Building Fund

The Mildred S. and Noel F. George Fund was established September 3, 1982, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the Kaplan-Halpert Foundation of Cleveland, Ohio, through the generosity of Noel F. George ('32 Law), a trustee of the Foundation, on the occasion of his 50th anniversary of graduation from the College of Law. The name was changed to The Noel F. George - Baker & Hostetler Law Library Fund on February 7, 1986. The name was further changed to The Baker & Hostetler Law Library and Building Fund on June 3, 1988, and the description was further revised August 23, 1989.

All gifts are to be invested in the University's permanent endowment fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used at the discretion of the Dean of the College of Law for the activities of the Law Library in the College of Law and/or for the library addition to the Law Building. The Dean of the College of Law may, at his discretion, invade the principal for the library addition, if this is necessary to complete funding of the building project.

August 23, 1989 meeting, Board of Trustees

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Description of Named Funds (contd)

The Baker & Hostetler Law Library and Building Fund (contd)

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for legal education.

The H. P. Wolfe Chair in Accounting Fund

The H. P. Wolfe Chair in Accounting Fund was established June 2, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Wolfe Associates, Inc. The description was revised August 23, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income and additional gifts shall be added to the principal until the minimum level necessary to establish an endowed chair has been reached. Subsequently, the annual income shall be used to support the search for and maintenance of the H. P. Wolfe Chair in Accounting. When the H. P. Wolfe Chaired Professor has been appointed, the annual income shall be used to provide salary and program support in the Academic Faculty of Accounting and Management Information Systems of the College of Business. Appointment to the H. P. Wolfe Chair is to be recommended by the Dean of the College of Business to the Provost and approved by the Board of Trustees. The holder will report annually to the donor's designees on the goals, objectives, and plans for the chair in the upcoming academic year. These yearly reports will describe also the use of all fund earnings, past and projected, over the same two-year period.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Business, in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

Approval of Description and Establishment of Fund

The Robert K. Fox Professorship in Chemistry Fund

The Robert K. Fox Professorship in Chemistry Fund was established August 23, 1989, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed professorship with gifts designated for The Ohio State University College of Mathematical and Physical Sciences.

Income provided by the Foundation shall be used to enhance the salary and support the work of the Robert K. Fox Professor of Chemistry.

August 23, 1989 meeting, Board of Trustees

**Employment of Architect/Engineer and
Request for Construction Bids**

Background

Ohio Stadium Turf Replacement

This project will remove the existing artificial playing surface and subbase in Ohio Stadium and install a grass playing surface, associated drainage system, and subbase.

Funds for this project are available from the Athletic Department. Construction costs are estimated at \$950,000 and the total estimated project cost is \$1,100,000.

North Athletic Complex Playing Fields

This project will create two soccer/lacrosse fields and two baseball fields with appropriate drainage west and south of the Woody Hayes Athletic Center.

Funds for this project are available from the Athletic Department. Construction costs are estimated at \$800,000 and the total estimated project cost is \$1,000,000.

(See Appendix X for maps, page 241.)

**EMPLOYMENT OF ARCHITECT/ENGINEER AND
REQUEST CONSTRUCTION BIDS**

Resolution No. 90-26

**OHIO STADIUM TURF REPLACEMENT
NORTH ATHLETIC COMPLEX PLAYING FIELDS**

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for Ohio Stadium Turf Replacement and North Athletic Complex Playing Fields projects.

WHEREAS the Ohio Stadium Turf Replacement project will remove the existing artificial playing surface and subbase and replace it with a new drainage system, subbase, and grass playing surface; and

WHEREAS the total estimated cost of this project is \$1,100,000, with the estimated construction cost being \$950,000, with funding provided from the Athletic Department; and

WHEREAS the North Athletic Complex Playing Fields project will create two soccer/lacrosse fields and two baseball fields west and south of the Woody Hayes Athletic Center; and

WHEREAS the total estimated cost of this project is \$1,000,000, with the estimated construction cost being \$800,000, with funding provided from the Athletic Department:

NOW THEREFORE

August 23, 1989 meeting, Board of Trustees

**EMPLOYMENT OF ARCHITECT/ENGINEER AND
REQUEST CONSTRUCTION BIDS (contd)**

**OHIO STADIUM TURF REPLACEMENT
NORTH ATHLETIC COMPLEX PLAYING FIELDS (contd)**

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for these projects, and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on these projects in accordance with established University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

**Report of Award of Contracts and
Establishment of Contingency Funds**

Background

(See Appendix XI for a complete tabulation of bids on all projects and locator maps, page 245.)
Amounts shown with an * include accepted alternates.)

**Site Renovation and
Bridge and Street Improvements, Phase I**

The Site Renovation project will renovate the site bounded by Woodruff Avenue on the north, High Street on the east, College Road on the west and 17th Avenue on the south by installing plants, walls, plazas, planters, walks, lighting and drainage systems. Phase I of the Bridge and Street Improvements project will close 17th Avenue and convert it to a pedestrian mall and replace existing concrete walks on High Street from Woodruff to West 11th Avenue, including relocation of bus shelters and installation of new plantings and site furniture. Funds are provided from State capital appropriations (House Bill 810) and University funds. The estimated completion date is November 1989. These two projects were bid together as a package. The contracts awarded are as follows:

General Contract: Dugan and Meyers, Cincinnati, Ohio

Amount: \$648,700.00

Estimate: \$765,800.00

Electric Contract: Clagget Electric, Columbus, Ohio

Amount: \$ 84,234.00

Estimate: \$ 95,000.00

Total All Contracts: \$732,934.00

August 23, 1989 meeting, Board of Trustees

**Report of Award of Contracts and
Establishment of Contingency Funds (contd)**

Background (contd)

**Site Renovation and
Bridge and Street Improvements, Phase I (contd)**

Contingency Allowance: \$ 58,634.88 (8% of construction cost)
Total Project Cost: \$793,600.00

Campbell Hall Laboratory Remodeling

This project will remodel a series of existing teaching and research laboratories used by the College of Human Ecology. Funds are provided from State capital appropriations (House Bills 870 and 810) and University funds. The estimated completion date is July 1990. The contracts awarded are as follows:

General Contract:	B. S. Contractors, Inc. , Columbus, Ohio
Amount:	\$308,130.00 *
Estimate:	\$367,494.00 *
Plumbing Contract:	Stevens Painton Corp. , Hilliard, Ohio
Amount:	\$166,550.00 *
Estimate:	\$185,720.00 *
HVAC Contract:	Farber Corporation, Columbus, Ohio
Amount:	\$185,200.00 * +
Estimate:	\$166,390.00 *
Electric Contract:	Buckeye Electric Co., Dayton, Ohio
Amount:	\$128,309.00 *
Estimate:	\$153,205.00 *
Total All Contracts:	\$788,189.00 *
Contingency Allowance:	\$ 44,617.64 (5.7% of construction cost)
Total Project Cost:	\$1,009,834.00

+ HVAC contract is in excess of filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

August 23, 1989 meeting, Board of Trustees

**REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 90-27

**SITE RENOVATION
BRIDGE AND STREET IMPROVEMENTS, PHASE I
CAMPBELL HALL LABORATORY REMODELING**

Synopsis: The Fiscal Affairs Committee recommended the acceptance of the report of award of contracts to the lowest responsive and responsible bidders, in accordance with University procedures, for the projects identified.

WHEREAS resolutions adopted by the Board of Trustees on May 4, 1989, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids were received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the following projects: Site Renovation and Bridge and Street Improvements, Phase I; and

WHEREAS the University determined that better bids would be received if these two project were bid as one; and

WHEREAS resolutions adopted by the Board of Trustees on July 11, 1986, authorized the President and/or Vice President for Business and Administration to request bids in accordance with established University procedures, and if satisfactory bids are received, to recommend to the Department of Administrative Services, Division of Public Works, the award of contracts for the Campbell Hall Laboratory Remodeling project:

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions authorized previously by this Board and upon the recommendation of the Fiscal Affairs Committee, the report of award of contracts and the establishment of contingency funds for the Site Renovation and Bridge and Street Improvements, Phase I and the Campbell Hall Laboratory Remodeling projects is hereby accepted.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Background

College Road Storm Sewer Extension (contd)

recurrence of such flooding is by completing a portion of the sewer separation work for Mershon Auditorium, Weigel Hall, and the Wexner Center that was identified in the master sewer separation study undertaken in 1986 by the City of Columbus with assistance from the University.

Because of the need to complete this sewer expansion project prior to the opening of the Wexner Center and prior to the start of Autumn Quarter to minimize disruption on College Road, plans and specifications for this emergency project were developed by the University Architect's Office and the Department of Physical Facilities, and the project was bid on August 15, with an expected completion date of September 15.

The project will install a new 30-inch storm sewer from an existing manhole near the southwest corner of the Wexner Center to run in a southerly direction in the College Road right-of-way to an existing 93-inch interceptor sewer located midway between 12th Avenue and Hagerty Drive. This project also will extend an existing 20-inch water main from College Road and 17th Avenue to College Road and 12th Avenue. The total project cost is \$249,468.00; funding is provided from University funds.

The contract awarded is as follows:

General Contract:	Concrete Construction, Columbus, Ohio
Amount:	\$216,000.00*
Estimate:	\$350,000.00*
Contingency Allowance:	\$ 10,800.00
Total Project Cost:	\$249,468.00*

**RATIFICATION OF REQUEST FOR CONSTRUCTION BIDS AND
ACCEPTANCE OF THE REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 90-28

COLLEGE ROAD STORM SEWER EXTENSION

Synopsis: The Fiscal Affairs Committee recommended ratification of the request for construction bids and acceptance of the report of award of contracts for the College Road Storm Sewer Extension project.

WHEREAS recent heavy rains created serious storm water runoff and flooding in the College Road area of the central campus; and

WHEREAS the 1986 City of Columbus master sewer separation plan included storm and sanitary sewer separation work in this area to prevent recurrence of such flooding; and

August 23, 1989 meeting, Board of Trustees

**RATIFICATION OF REQUEST FOR CONSTRUCTION BIDS AND
ACCEPTANCE OF THE REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

COLLEGE ROAD STORM SEWER EXTENSION (contd)

WHEREAS the project will install a new 30-inch storm sewer to serve this area; and

WHEREAS the project was bid as an emergency so that it could be completed prior to the opening of the Wexner Center and prior to the start of Autumn Quarter:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby ratifies and approves action taken by the President and/or Vice President for Business and Administration to request construction bids and award contracts on the College Road Storm Sewer Expansion project in accordance with established University procedures and hereby accepts the report of award of contracts for this project.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**EASEMENT
OHIO POWER COMPANY**

Resolution No. 90-29

Synopsis: The Fiscal Affairs Committee recommended the authorization to grant an electric easement to The Ohio Power Company is requested.

WHEREAS the Ohio Power Company has requested a three-year easement consisting of a strip of land approximately 10 feet in width and approximately 368 feet in length for the installation of temporary parking lot lights on the east side of Adena Hall at the Newark Regional Campus; and

WHEREAS the electric service will serve University property; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

(See Appendix XIII for map, page 257.)

August 23, 1989 meeting, Board of Trustees

Beechwold Medical Center, Columbus, Ohio

Background

Location and Description

The property consists of approximately 1.5 acres located at 4808 North High Street, Columbus, Ohio. The site includes a two-story medical center building of brick construction built in 1952. The building is in excellent condition and contains 4,747 square feet of usable space.

Use of the Property

The University wishes to enter into a lease of this property for the purpose of fulfilling the teaching, research, and service missions of University Hospitals by providing an additional site for primary medical care.

Valuation and Terms of the Lease

The University proposes to lease the site from Beechwold Medical Center, Inc., for an initial term of five years, with five one-year renewal options. Based on an examination of the local market by the University's Office of Property Management in May 1988, fair market rent for this facility is in the range of \$9.00 to \$10.50 per square foot on a triple net basis. The proposed rental rate would be within this range. The equipment was valued at \$88,910 by A-R-M Appraisal Services in December 1988, and would be purchased for this amount. The receivables would be purchased at 93% of the valuation established by Ernst & Whinney as of the date of purchase. The estimated valuation was \$225,000 in June 1988.

Terms of the Management Agreement

The University would cause to be formed a professional corporation. Manuel Tzagournis, M.D., in his official capacity as Dean of the College of Medicine, would own the single share of the corporation and would then transfer the share in trust to himself in his official capacity as Dean to be held for the benefit of the University.

The University would enter into a service agreement with the professional corporation for physician services, with the University serving as business manager. The professional corporation would employ physicians through a contracting physicians agreement. The term of the agreement would be three years, renewable for two years, and thereafter year to year. Consideration of approximately \$500,000 would be paid in the first three years with a base salary component escalating six percent a year and the balance depending on private patient care revenues. A non-competition clause would be included.

(See Appendix XIV for map, page 259.)

BEECHWOLD MEDICAL CENTER, COLUMBUS, OHIO

Resolution No. 90-30

Synopsis: The Fiscal Affairs Committee recommended authorization to lease real property, purchase assets, manage and enter into an agreement with a professional corporation to provide patient care at the Beechwold Medical Center; and authorization for Manuel Tzagournis, M.D., Dean of the College of Medicine, to form a professional corporation and enter into a trust agreement for the benefit of The Ohio State University.

August 23, 1989 meeting, Board of Trustees

BEECHWOLD MEDICAL CENTER, COLUMBUS, OHIO (contd)

WHEREAS The Ohio State University Hospitals Board has determined that additional sites for primary patient care are needed to fulfill the teaching, research and service missions of The Ohio State University Hospitals; and

WHEREAS the property known as the Beechwold Medical Center, located at 4808 North High Street in Columbus, Ohio, is available for lease and the physician group practicing at the site is willing to enter into an agreement to provide physician services with a professional corporation to be managed by The Ohio State University; and

WHEREAS the appropriate University officers and the Executive Committee of the Hospitals Board at their January 26, 1989 meeting have determined that such an arrangement is in the best interests of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration, in consultation with the Vice President for Health Services and with the advice of legal counsel, be authorized to negotiate the terms of and enter into such agreements as are necessary to lease the Beechwold Medical Center, acquire assets, provide physician services there through a professional corporation and enter into an agreement to manage the Center; and

BE IT FURTHER RESOLVED, That Manuel Tzagournis, Dean of the College of Medicine, be authorized and directed to form a professional corporation, to be its sole shareholder, and to transfer its shares to himself as trustee for the benefit of the University, all in his official capacity as Dean. In carrying out this mandate the Dean, acting as part of his official responsibility to The Ohio State University, is entitled to any insurance or indemnity protection to which officers and employees of the University now are or hereafter may be entitled; and

BE IT FURTHER RESOLVED, That this resolution shall constitute formal direction to the Dean of the College of Medicine to cause the professional corporation to be formed, to subscribe to and hold its shares, and to transfer the same to himself as Dean in his official capacity to be held for the benefit of the College of Medicine of The Ohio State University.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

EXPRESSION OF APPRECIATION

Resolution No. 90-31

WHEREAS Chancellor William B. Coulter of the Ohio Board of Regents has expressed his intention to retire effective December 31, 1989; and

WHEREAS Chancellor Coulter has had a long and distinguished career with the Ohio Board of Regents, beginning with its founding in 1963; and

WHEREAS he has served the State of Ohio, the colleges and universities in Ohio and The Ohio State University well in his work with the Ohio Board of Regents and the Inter-University Council; and

August 23, 1989 meeting, Board of Trustees

EXPRESSION OF APPRECIATION (contd)

WHEREAS The Ohio State University is indebted to Chancellor Coulter's commitment to accessible higher education and his leadership with the Selective Excellence programs:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University Board of Trustees expresses its appreciation to Chancellor Coulter for his dedication to education in Ohio and wishes him and his wife, Virginia, great success with all future endeavors.

Mr. Berry:

Very good. I think it is very deserved and we will miss him.

Upon motion of Mr. Kessler, seconded by Mr. Teafor, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

Thereupon the Board adjourned to meet Friday, October 6, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

MEMORANDUM

Subject: Proxy Solicitations
Date: July 31, 1989
From: James L. Nichols, Treasurer
To: Board of Trustees, The Ohio State University

During the month of July 1989, the University voted ten proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Approval of a 1989 stock option plan for non-employee directors;
- 3) Ratification of independent auditors;
- 4) To fix the number of Directors;
- 5) Increase authorized common stock;
- 6) Increase the number of shares of common stock available for stock option plans;
- 7) Increase authorized serial preferred stock;
- 8) Approval to reincorporate from Delaware to Ohio;
- 9) Approval of a 1989 stock incentive plan and the reservation of shares for a restricted rights plan;
- 10) Amendment to an existing combined stock option plan;
- 11) Ratification of the distribution of all shares of a new corporation that was formerly a division of the company;
- 12) Approval of a 1989 employee incentive plan.

Shareholder proposals were as follows:

- 1) Require that the independent auditors be submitted for shareholder approval.

The University voted with Management on all issues and against the shareholder proposal, which Management also opposed.

The ten corporations were:

- 1) Bob Evans Farms, Incorporated
- 2) Carter-Wallace
- 3) Community Psychiatric Centers
- 4) Computer Associates International Incorporated
- 5) Computer Sciences Corporation
- 6) The J.M. Smucker Company
- 7) Loral Corporation
- 8) NCH Corporation
- 9) Webster Industries Incorporated
- 10) Wetterau Incorporated

Designated Chair (2)

<u>Date</u> <u>Established</u>	<u>Description</u>	<u>College</u>	<u>Required</u> <u>for Full</u> <u>Funding</u>	<u>Book</u> <u>Value</u>	<u>Market</u> <u>Value</u>	<u>Holder of Chair</u>
1974	Yassenoff Designated Chair in Philosophy and Jewish Studies	Humanities	(2)	(2)	(2)	Tamar Rudavsky

(1) Historical Data on Funding Levels of Chairs

Until 3/2/72, a chair would be established if the fund generated enough income to pay the salary of the chair holder.
From 3/3/72 to 5/4/78, gifts of \$600,000 were needed to establish a chair.
From 5/5/78 to 9/5/85, gifts of \$750,000 were needed to establish a chair.
From 9/6/85 to present, gifts of \$1,250,000 were needed to establish a chair.

(2) A "Designated Chair" may be established through annual support of \$75,000 or more. The donor will ordinarily be expected to guarantee support for a minimum of three years.

Sept. 8, 1978	Wiant Desg. Prof. in Chinese Lit. and Culture	Humanities	(2)	(2)	(2)	John C. Huntington

(1) Historical Data on Funding Levels of Professorships

Until 3/2/72, there had to be at least \$5,000 generated to the income account annually to establish a professorship.

From 3/3/72 to 5/4/78, gifts of \$150,000 were needed to establish a professorship.

From 5/5/78 to 9/3/85, gifts of \$250,000 were needed to establish a professorship.

From 9/6/85 to the present, gifts of \$500,000 were needed to establish a professorship.

- (2) A "Designated Professorship" may be established through annual support of \$30,000 or more for a specific term. The donor will ordinarily be expected to guarantee support for a minimum of three years.

COLLEGE OF AGRICULTURE REPORT ON OARDC
August 23, 1989

Presented to the Agricultural Affairs Committee
(See page 160)

COLLEGE OF AGRICULTURE

REPORT on O.A.R.D.C.

August 23, 1989

Goals

- Balance the annual operating budget by the end of FY 90
- Eliminate the negative cash balance by the end of FY 93

Plan

- 20% reduction in operating funds; FY 90
- 20% reduction in personnel positions over 2-year period; FY 90 and FY 91
(Personnel reductions through attrition, transfer to other positions within the College of Agriculture, transfer to other positions within O.S.U., and possible abolishment of positions.)

Process

- OARDC Director requested department chairs and administrative units to submit plans for 10% and 20% reductions
- College of Agriculture administrative team submitted plan to achieve financial goals to Acting Provost Fred Hutchinson, Vice President Weldon Ihrig, and Controller Janet Achterman
- College of Agriculture administrative team met with each department chair to work out details of each unit's deficit reduction plan
- College of Agriculture administrative team met with Vice President Madison Scott to review possible reductions in personnel, to seek advice and counsel regarding personnel policies and procedures, and to plan procedures for the personnel reduction phase of the plan, if required
- Progress report discussed with Acting Provost Hutchinson, Vice President Ihrig, and Controller Achterman
- Meetings with faculty, staff and graduate students will be held on the Columbus and Wooster campuses (September 14-15) to share information about the deficit reduction plan

Personnel Reduction

	<u>Faculty</u>	<u>A&P</u>	<u>CCS</u>	<u>Specials</u>	<u>Total</u>

Commencement Speaker

Jay R. Smith

Jay R. Smith is publisher of *The Atlanta Journal* and *The Atlanta Constitution*. Prior to his appointment in Atlanta, he was publisher of the *Austin-American Statesman*.

He began his career in journalism at 17, when he was hired as a reporter at *The Cincinnati Post*. While a student at Ohio State, he worked on the national copy desk of *The Wall Street Journal* as a summer job.

Other newspaper positions Smith has held include president of the *Dayton Daily News and Journal Herald*; reporter, assistant city editor and assistant managing editor for the *Dayton Daily News*; and business manager of Dayton Newspapers, Inc., which published the two papers.

Smith is a native of Cincinnati and a 1971 graduate of Ohio State's School of Journalism. He earned a master's degree in public administration from the University of Dayton in 1975 and is a member of the Ohio State Alumni Advisory Board.

In 1986, *Texas Business Magazine* named Smith one of ten "rising stars" under the age of 40 in the state. His civic and professional affiliations include the board of directors of the Atlanta Chamber of Commerce; the Metro-Atlanta advisory board of directors of the Salvation Army; and chairman of the minority affairs committee of the American Newspaper Publishers Association.

Smith is serving as chairman of Camp Best Friends, a summer day-camp program for 13,000 Atlanta children; chairs the Atlanta United Way's strategic marketing committee; and serves on the boards of Central Atlanta Progress, Inc. and the Commerce Club in Atlanta. Smith chairs the United Negro College Fund drive in Atlanta this year and he served as the major gifts campaign chairman for ZOO Atlanta.

In 1987, the University awarded him the President's 300th Commencement Award, which was given to outstanding alumni for representing excellence in the enduring mission of Ohio State. We welcome him as speaker for today's commencement ceremony.

Recipients of Honors

Gertrude B. Elion **Doctor of Science**

Gertrude Elion, a leader in biochemical research, was one of the three 1988 recipients of the Nobel Prize in Physiology or Medicine. She won the award for her dedication to and accomplishment in the development of therapeutic drugs.

Her work in the 1950s led to an important breakthrough in the treatment of leukemia, and she has made invaluable contributions to the development of drugs to treat a variety of diseases, including gout, malaria, herpes infections, rheumatoid arthritis, cancer, and more recently, AIDS. She is a scientist emeritus at Wellcome Research Laboratories (WRL) in Research Triangle Park, North Carolina.

In 1937, Elion graduate Phi Beta Kappa and summa cum laude from Hunter College in New York and earned a master's degree from New York University in 1941. Despite her emeritus status, she remains active in research, teaching, advising, and in professional organizations.

Among her many honors and awards are honorary degrees from the University of Michigan, Brown University, and George Washington University. Her lengthy list of professional activities includes several terms as associate editor of the prestigious journal, *Cancer Research*; membership on the National Cancer Advisory Board; and a position on the board of directors of the American Association for Cancer Research. In those roles she has been a vocal proponent of basic research and has fought for the preservation of basic research support in the face of dwindling resources. She is also greatly concerned with the quality of science education in the United States. Her contribution to science has been profound, and Ohio State is deeply honored to present her with an honorary degree.

Recipients of Honors

Dale T. Friday Distinguished Service Award

Dale T. Friday was the first general manager of Ohio State's Farm Science Review, a position he held from 1963 until his retirement in 1981. Under his guidance, the event became nationally recognized as the premier showcase of the best in agricultural automation, farming practices, crop varieties, and livestock breeds.

Friday, who also served as professor of agronomy, pioneered research on forestry fertilization by airplane and originated the first aerial application of dry fertilizer during his tenure as county extension agent in Putnam County, Ohio. Friday also supervised the application of the first carloads of liquid nitrogen fertilizer ever used in the United States. He conducted some of the earliest research and demonstration work on no-till crop production in Ohio and supervised use of the first no-till corn planter utilized in Ohio.

Friday was among the founders and organizers of the North American Farm Show Council and has served as president, vice president, and treasurer of that organization. He is currently executive coordinator and in that role effected a 50 percent growth in membership of the council.

During the last decade, he has held leadership positions with the Ohio Vegetable and Potato Growers' Association, the Ohio Agro-Expo Agribusiness Trade Show, and the Ohio Association of Vocational Agriculture.

As an active community leader, he is involved in numerous organizations in the Columbus area and has participated in People-to-People Goodwill missions to China, Hong Kong, Korea, and Japan, as well as to Australia and New Zealand. Friday received both his bachelor's and master's degrees in agricultural education from Ohio State. His service to Ohio State and to the field of agriculture has been invaluable, and it is with great pleasure we award him this Distinguished Service Award.

Thomas B. Smith Distinguished Service Award

As a former associate vice president for physical facilities, Thomas B. Smith was responsible for construction, renovation, maintenance, utilities, and landscaping services for the hundreds of buildings and thousands of acres that compose the Ohio State campuses. He retired in 1986 as an associate vice president emeritus after 39 years at the University. During his tenure, he directed the unprecedented growth in the University's physical plant that made it a model for institutional facilities management.

Smith came to Ohio State in 1946 to teach engineering drawing while studying for his degree in electrical engineering. He graduated in 1949 and began work as an engineer in the University Architects Office, where he served until he was named assistant director of the physical plant in 1956.

He was responsible for construction planning during a period of explosive growth at Ohio State. As assistant and then associate director of the physical plant between 1956 and 1970, he oversaw more than 300 major construction projects such as the entire North Campus residential and dining facilities, Baker Systems Engineering Building, and St. John Arena. During his tenure in the Department of Physical Facilities, nearly 78 percent of the University's buildings were constructed.

Smith used aggressive and innovative strategies to combat the energy crisis in the 1970s. While he served as associate vice president, his energy management measures saved more than \$100 million, and they will continue to provide savings to the University for years to come. Consequently, other universities have looked upon Ohio State as a leader in energy management.

A member of the Association of Physical Plant Administrators since 1963, he served as the 1981-82 president and received its Meritorious Service Award—the association's highest recognition. We, too, recognize him for his outstanding achievement and are proud to present him with this Distinguished Service Award.

The Graduate School

Dean: Roy A. Koenigsnecht

Doctor of Musical Arts

Richard Clarence Lopez, Columbus; B.Mus., M.Mus.; *Music*
Dr. Burdette Green

Doctor of Philosophy

Farzan Abdolsalami, Mashhad, Iran; B.S. (University of Oklahoma); M.S.; *Electrical Engineering*
Dr. James G. Gottling

Ioan Adonyi-Bucuroiu, Gyuat Nesher, Israel; B.S. (Polytechnical Institute); M.S.; *Welding Engineering*
Dr. W. A. Baeslack III

Akintunde Akintayo Akioye, Nigeria; B.A. (The University of Ife); M.A. (Fairfield University); *Communication*
Dr. R. Monaghan

Ahmad Maatooq Al-Shabaan, Saudi Arabia; B.S. (Riyadh University); M.S. (University of California at Davis); *Agronomy*
Dr. Frank Himes

Abdollah I. M. Alajaji, Durma, Saudi Arabia; B.A. (King Saud University); M.A.; *Education*
Dr. Elise J. Alberty

Beverly Joyce Allen, North Carolina; B.S. (North Carolina Agricultural and Technical State University); M.F.A. (University of North Carolina at Greensboro); *Health, Physical Education and Recreation*
Dr. Seymour Kleinman

Cynthia Ann Allen, Jackson; B.S.; M.A. (University of Dayton); *Psychology*
Dr. Gifford Weary

Paul Joseph Andaloro, Canton; B.A. (Mount Union College); *Mathematics*
Dr. Joseph Ferrar

Emeka Bernard Anyadoh, Imo, Nigeria; B.S. (Northeast Missouri State University); M.S. (Virginia State University); *Agricultural Education*
Dr. R. Kirby Barrick

Robert David Aron, Columbus; B.A. (University of Iowa); M.B.A. (Illinois Institute of Technology); M.A.; *Education*
Dr. Ronald L. Jacobs

Kojo Assan, Saltpond, Ghana; B.S. (University of Ghana); M.S.; *Agricultural Economics and Rural Sociology*
Dr. Dale Adams

Bela Bajnok, Columbus; M.Ed. (Eotvos University); M.S.; *Mathematics*
Dr. Eiichi Bannai

Maree J. Garchow Bellchambers, Mundelein, IL; Diploma (New South Wales College of Occupational Therapy); M.S.; *Education*
Dr. Gregory L. Trzebiatowski

Ajay Bhardwaj, India; B.S. (Haryana Agricultural University); M.S. (Udaipur University); *Agricultural Education*
Dr. Larry E. Miller

Rajiv Bhatnagar, Kanpur, India; B.Tech., M.Tech. (Indian Institute of Technology); M.S.; *Nuclear Engineering*
Dr. Don W. Miller

Carolyn Birmingham, Cleveland; B.A. (University of Rochester); M.A.; *Health, Physical Education and Recreation*
Dr. Seymour Kleinman

Win Bo, Rangoon, Burma; B.E. (Rangoon Institute of Technology); M.S.; *Computer and Information Science*
Dr. Bruce Weide

Karen Maki Bolinger, Willowick; B.S.Ed.; *Mathematics*
Dr. M. Gregory Forest

Robert John Bowling, Florence, KY; B.S. (Northern Kentucky University); M.S.; *Chemistry*
Dr. Richard L. McCreery

Greg Brock, Columbus; B.A. (University of Michigan); M.A.; *Economics*
Dr. W. Eason

Frank Barringer Brooks, Williamsburg, VA; B.A. (Christopher Newport College); M.A. (Ohio University); *Education*
Dr. Gilbert A. Jarvis

Dawna L. Buchanan-Berrigan, Columbus; B.A. (Brock University); M.A.; *Education*
Dr. Janet Hickman, Dr. Rudine Sims Bishop

John Arnold Bunge, Gambier; B.A. (Macalester College); M.A. (Miami University); M.S.; *Statistics*
Dr. H. N. Nagaraja

Robert William Butler, Columbus; B.A. (Northwestern University); M.A.; *History*
Dr. Martha Garland

Marilyn L. Cantwell, Columbus; B.S. (University of Wisconsin at Stevens Point); M.A. (University of New Mexico); *Home Economics*
Dr. Anne Coveney

Glynis Elaine Carr, Columbus; A.B. (University of California at Berkeley); M.A.; *English*
Dr. Amy Shuman

Martha Carrillo, San Juan, PR; B.S., M.S. (University of Puerto Rico); *Microbiology*
Dr. Omar O. Barriga

Paul C. Castagno, West Hartford, CT; B.F.A. (University of Connecticut); M.F.A. (Stanford University); *Theatre*
Dr. Alfred S. Golding

Anthony Nino Celso, Columbus; B.A., M.A.; *Political Science*
Dr. Lawrence Herson

Chin-Fen Chang, Taipei, Taiwan, R.O.C.; B.A. (National Taiwan University); M.A. (The University of Iowa); *Sociology*
Dr. Toby Parcel

Yueh-Jane Chang, Keelung, Taiwan, R.O.C.; B.S. (Chung-Yuan Christian University); *Statistics*
Dr. William Notz

Hua Chen, Beijing, P.R.C.; B.S. (Wuhan University); *Mathematics*
Dr. Dan Burghlela

Jian-Shiang Chen, Taipei, Taiwan, R.O.C.; B.S., M.S. (National Tsing-Hua University); *Mechanical Engineering*
Dr. C. H. Meng

Xiao-Dong Chen, Beijing, P.R.C.; B.S. (Fudan University); M.S.; *Physics*
Dr. James Gaines, Dr. Daniel Cox

Yuh-Ing Chen, Taipei, Taiwan, R.O.C.; B.B.A. (Fu Jen University); M.S. (National Central University); *Statistics*

Master of City and Regional Planning

Shohreh Elhamimanes, Tehran, Iran; B.Arch. (National University of Iran); *City and Regional Planning*

Amrah Harun, Terengganu, Malaysia; B.A. (University of Southwestern Louisiana); *City and Regional Planning*

Hsiu-Wei Kan, Taipei, Taiwan, R.O.C.; B.S. (National Taiwan University); *City and Regional Planning*

Dah Ming Shiah, Hsin Chue, Taiwan, R.O.C.; B.S. (Fang-Chin University); *City and Regional Planning*

Tsui-Yi Tseng, Miaoli, Taiwan, R.O.C.; B.A. (Chinese Culture University); *City and Regional Planning*

Master of Fine Arts

Solla Carrock, Columbus; B.F.A. (Pacific Northwest College of Art); M.S. (Portland State University); *Art*

William Robert DeForest III, Oswego, NY; B.F.A. (State University of New York at Oswego); *Art*

Stephen Michael Deorio, Canton; B.F.A. (Cleveland Institute of Art); *Art*

Suzanne Claire Evenson, Worthington; B.S.H.E., M.S.W.; *Art*

Prudence Yates Gill, Miami, FL; B.A. (State University of New York at Fredonia); *Art*

Mary Louise Greene, Columbus; B.A. (University of Arkansas); *Art*

Jack Pascal Harrison, Columbus; B.F.A. (University of Georgia); *Art*

Joseph Ihns, South Bend, IN; B.A. (Purdue University); *Art*

Francis Jackson James, Gainesville, FL; B.F.A. (University of Florida); *Art*

Ming Te Lin, Taipei, Taiwan, R.O.C.; B.A. (National Taiwan Normal University); *Art*

Athanasios Maggioros, Athens, Greece; B.F.A.; *Art*

Christina Caravajal Quiroz, San Antonio, TX; B.F.A. (Corpus Christi State University); *Art*

Robert Tavani, Erie, PA; B.F.A. (Columbus College of Art and Design); *Art*

Renee Ann Witherwax, Columbus; B.F.A. (University of Nebraska at Lincoln); *Art*

Master of Health Administration

Roland Conard Griggs, Columbus; A.B. (Dartmouth College); M.D.; *Hospital and Health Services Administration*

Master of Labor and Human Resources

Kathy Patin Arcement, Blacklick; B.S. (Texas A & M University); M.S. (California State University at Hayward); *Labor and Human Resources*

Barbara Armitage, Elyria; B.S.Ed.; *Labor and Human Resources*

Christine Louise Cooper, Lancaster, PA; B.S., B.S. (Elizabethtown College); *Labor and Human Resources*

Lynn Ann Ervin, Edmonton, Alberta, Canada; B.S.Bus.Adm.; *Labor and Human Resources*

Anthony Martin Fischer, Columbus; B.A. *Labor and Human Resources*

Margaret Mary Green, Monroe; B.S. (University of Dayton); *Labor and Human Resources*

Bette Jean Hartschuh, Columbus; B.S.Ed.; *Labor and Human Resources*

Hugh David Hindman, Columbus; B.A.; (College of Wooster); M.A.; *Labor and Human Resources*

Dorothy Ann Rado, Dayton; B.A. (Earlham College); M.S.W.; *Labor and Human Resources*

Charles George Smith, Cleveland; B.A. (John Carroll University); M.S. (University of Cincinnati); *Labor and Human Resources*

Charles G. Turner, II, Bellfontaine; B.A. (University of Kentucky); *Labor and Human Resources*

Diana Lynn Weaver, Marysville; B.S. (Bowling Green State University); *Labor and Human Resources*

Master of Landscape Architecture

Leigh Anne Dunworth, Kansas City, MO; B.A. (Wichita State University); *Landscape Architecture*

Whee Kyoung Kang, South Korea; Bachelor's (Kyunghee University); *Landscape Architecture*

Arrug Ouyiamapun, Bangkok, Thailand; B.Land.Arch. (Chulalongkorn University); *Landscape Architecture*

Djakaria Suryana Prawiranata, Bandung, Indonesia; B.A. (Catholic University of Parahyangan); *Landscape Architecture*

Robert Paul Tucker, Little Rock, AR; B.Land.Arch. (University of Arkansas); *Landscape Architecture*

Philip Gerard Tworek, Omaha, NE; B.F.A. (University of Nebraska at Lincoln); *Landscape Architecture*

Master of Music

Ralph Quay Brown, Cleveland; B.Mus.Ed. (Central State University); *Music*

Jesse Isaac Hernandez, San Antonio, TX; B.Mus. (University of Texas at San Antonio); *Music*

Charles Gregory Washington, Milwaukee, WI; B.Mus. (Fisk University); *Music*

Kevin Nile Wines, Wheelersburg; B.Mus.Ed., M.A.; *Music*

Master of Public Administration

Jan-Hsin Cheng, Taipei, Taiwan, R.O.C.; B.S. (Tungshai University); *Public Policy and Management*

Shujen Lin, Taipei, Taiwan, R.O.C.; B.A. (National Chengchi University); M.A.; *Public Policy and Management*

Derrick Parham, Saginaw, MI; B.S.Soc.Wel. (Southern University Agricultural and Mechanical College); *Public Policy and Management*

Master of Science

Larbi Aboufadi, Rabat, Morocco; B.S. (Institute of Agriculture and Veterinary Medicine); *Geodetic Science and Surveying*

Mark Steven Ackerman, Millersport; B.S. (Pennsylvania State University); *Nuclear Engineering*

Jacqueline Marie Akah, Columbus; B.S.N. (Mankato State University); *Nursing*

Raid Ali Jawad Al-Tahir, Baghdad, Iraq; B.S. (University of Baghdad); *Geodetic Science and Surveying*

Abdullah M. Alhmandan, Riyadh, Saudi Arabia; B.S. (King Saud University); *Agricultural Engineering*

Alpesh Parmanand Amin, England; B.S. (University of Texas at Austin); *Electrical Engineering*

Peter John Angeline, Greensburg, PA; B.S. (Carnegie-Mellon University); *Computer and Information Science*

Nitin Srinivas Apte, New Delhi, India; B.Tech. (Indian Institute of Technology); *Industrial and Systems Engineering*

Yong-Kook Bae, Seoul, South Korea; B.S. (Yonsei University); *Chemical Engineering*

Kimberly Anne Baker, Nashport; *Natural Resources*

Shankar Balasubramanian, Madras, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*

- Carol Jean Baldauf**, Marion; B.S.N. (Capital University); *Nursing*
- Gregory Robert Balogh**, Bay Village; B.S.Nat.Res., M.S.; *Zoology*
- William Alan Bella**, Gahanna; B.S. (Ohio University); *Electrical Engineering*
- Gerhard Alexander Berberich**, Mansfield; B.S.Pharm., D.D.S.; *Dentistry*
- Carolyn Lee Berry-Pettit**, Columbus; B.S.Nurs.; *Nursing*
- Rajiv Bhatnagar**, Columbus; B.Tech., M.Tech. (Indian Institute of Technology); M.S.; *Computer and Information Science*
- Daniel Vasil Bogoevski**, Amherst; B.S. (Case Western Reserve University); *Chemical Engineering*
- Lora Lee Bohn**, Lima; B.S. (University of Dayton); *Statistics*
- Thomas Hire Borgstrom**, Kettering; B.S.E.E.; *Electrical Engineering*
- Jeanette Lorraine Cameron**, Columbus; B.S.N. (Ohio University); *Nursing*
- John Paul Cameron**, Indianapolis, IN; B.A., J.D. (Indiana University); *Computer and Information Science*
- Lawrence Alexander Capitini**, Columbus; B.S.; B.V.S. (University of Pretoria); B.S. (Rhodes University); *Veterinary Pathobiology*
- Peter Craig Cassini**, Cincinnati; B.A. (Indiana University); *Anatomy*
- Sabrina Delorise Chaney**, Unandilla, GA; B.S. (Fort Valley State College); *Home Economics*
- Deborah Michelle Chatman**, Columbus; B.S.N. (Saint Louis University); *Nursing*
- Debbie Lynne Cheatham**, Canton; B.S. (Vanderbilt University); *Nursing*
- Andrea Ying Chen**, Taiwan, R.O.C.; B.S.; *Ceramic Engineering*
- Sheng-I Chen**, Taiwan, R.O.C.; B.S. (Chinese Culture University); *Food Science and Nutrition*
- Byeong-Seo Cheong**, Seoul, South Korea; B.S., M.S. (Seoul National University); *Chemistry*
- Paramesw Chidamparam**, Kerala, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Yi-Fei Chu**, Taipei, Taiwan, R.O.C.; Diploma (National Taipei Institute of Technology); *Civil Engineering*
- Bryan Jeffery Coates**, Lorain; B.S.E.E.; *Electrical Engineering*
- John Eric Collins**, Centralia, IL; B.S. (University of Missouri at Rolla); *Chemical Engineering*
- Peter David Constable**, Victoria, Australia; Bachelor's (University of Melbourne); *Veterinary Clinical Science*
- Evagoras Demetriou Constantinides**, Nicosia, Cyprus; B.S.E.E.; *Electrical Engineering*
- Shashikant Gwaldas Damani**, Bombay, Maharashtra, India; B.Tech. (Indian Institute of Technology); *Chemical Engineering*
- Whitney Kay Danhof**, Columbus; B.S. (Bob Jones University); *Home Economics*
- Julie Davis-Colan**, Dublin; B.S. (Florida State University); *Preventive Medicine*
- Deidre Marie DeRoia**, Hinckley; B.A. (Hiram College); *Zoology*
- Robert Keith Digel**, Bradford, PA; B.S. (Bucknell University); *Geology and Mineralogy*
- Bhaskar Dutta**, Calcutta, India; B.Tech. (Indian Institute of Technology); *Agricultural Engineering*
- Jane Marie Eastman**, Ellisburg, NY; B.S. (State University of New York at Plattsburgh); *Home Economics*
- Hany Mohammed El Sayed**, Zagazig, Egypt; M.D. (Zagazig University); *Pathology*
- Gregory Scott Elliott**, Newark; B.S.M.E.; *Mechanical Engineering*
- Ellen Joyce Epstein**, Columbus; B.S. (Case Western Reserve University); *Civil Engineering*
- Lawrence William Farley, Jr.**, Des Plaines, IL; B.S. (University of Northern Colorado); *Home Economics*
- John Anthony Feller**, Louisville, KY; B.S. (University of Dayton); *Computer and Information Science*
- Keith Alan Fish**, Fort Collins, CO; B.S.C.I.S.; *Computer and Information Science*
- Edward William Gallagher**, Sangerfield, NY; B.S. (Cornell University); *Agricultural Economics and Rural Sociology*
- Anthony Lawrence Gareau**, Cleveland; B.S.Nat.Res.; *Natural Resources*
- Maureen Elizabeth Geraghty**, Columbus; B.S. (University of Dayton); *Allied Medical Professions*
- Judith Ann Gluvna**, Lorain; B.S. (Bowling Green State University); *Food Science and Nutrition*
- Deborah Kay Grisham**, Laramie, WY; B.S. (University of Wyoming); *Geology and Mineralogy*
- Bonnie Fay Grotjohn**, Columbus; B.S. (George Fox College); *Chemistry*
- Elza Maria Vidigal Guimarães**, Gomes Barbosa, Brazil; B.S. (Federal University of Vicosa); *Home Economics*
- Yuh-Renn Yuri Guo**, Tainan, Taiwan, R.O.C.; B.S. (Chinese Culture University); *Natural Resources*
- Christopher Allen Hamrick**, West Chester; B.S.I.S.E.; *Industrial and Systems Engineering*
- David William Hawkins**, St. Clairsville; B.S.C.E.; *Civil Engineering*
- Gerard James Hayes**, Upper Montclair, NJ; B.S.E.E. (North Carolina State University); *Electrical Engineering*
- Kathleen Ann Hayes**, Columbus; B.A. (Miami University); *Veterinary Pathobiology*
- Hamdy Ahmed Helal**, ElMansoura, Egypt; B.S., M.S. (Mansoura University); *Zoology*
- Amy Jo Herald**, Mt. Vernon; B.S. (The Pennsylvania State University); *Home Economics*
- Michael Alan Herbert**, Cincinnati; B.S. (The University of Cincinnati); *Pathology*
- MaryJo O'Reilly Holbrook**, Columbus; B.S.H.E.; *Home Economics*
- Chang-Hsi Hsiao**, Taiwan, R.O.C.; B.S. (National Central University); *Chemical Engineering*
- Chih-Pin George Hsu**, Kaohsiung, Taiwan, R.O.C.; B.S. (National Taiwan University); *Chemical Engineering*
- Jy-minna Hsu**, Yang-Mei, Taiwan, R.O.C.; B.S., M.S. (National Taiwan University); *Zoology*
- Chenway Hwang**, Taipei, Taiwan, R.O.C.; B.S. (National Cheng Kung University); *Geodetic Science and Surveying*
- Thomas Alan Jakubowski**, Oshkosh, WI; B.S. (University of Wisconsin at Madison); *Nuclear Engineering*
- Chien-Sheng Jang**, Taipei, Taiwan, R.O.C.; B.S. (Tsing-Hua University); *Chemical Engineering*
- Steven Lynn Jenkins**, St. Paris; B.S.Agr.; *Agricultural Education*
- Robert Lee Johnson**, Fredericktown; B.S.Agr.; *Agricultural Economics and Rural Sociology*
- Jeffrey Ray Jones**, Jackson; B.S.Agr.; *Agricultural Education*
- Tzypping Jung**, Taiwan, R.O.C.; B.S.E.E. (National Chiao Tung University); *Electrical Engineering*
- James Richard Karpac**, Columbus; B.A., D.D.S., M.A.; *Dentistry*

- Soowon Kim**, Seoul, South Korea; B.S.E.E. (Seoul National University); *Bio-Medical Engineering*
- Richard Franz Kueller**, Freeport, IL; B.S. (Iowa State University); *Chemical Engineering*
- Wanduramba Hewage Dailin Kularatne**, Sri Lanka; M.S. (People's Friendship University); *Agricultural Economics and Rural Sociology*
- Chi-Ming Kwok**, Hong Kong; B.S. (University of Hong Kong); *Mathematics*
- Judith Louise La Rosa**, Parma; B.S.Cer.E.; *Ceramic Engineering*
- William Peter Lata**, San Diego, CA; B.S. (California Polytechnic University); *Welding Engineering*
- Scott MacLaren Lawrence**, Wilmington, DE; B.S. (Wake Forest University); D.D.S. (West Virginia University); *Dentistry*
- Kun-bok Lee**, Seoul, South Korea; Bachelor's (Dongguk University); Master's (Hanyang University); *Industrial and Systems Engineering*
- Barry Siu-Fung Leung**, Hong Kong; B.S. (Northeastern University); *Electrical Engineering*
- Ira Seth Levenson**, Worthington; B.A. (Queens College); D.D.S. (Columbia University); *Dentistry*
- Juhn-Shyue Lin**, Taiwan, R.O.C.; B.S. (National Taiwan University); *Mechanical Engineering*
- Lite Lin**, Beijing, P.R.C.; B.S. (Peking University); *Physics*
- Louie Yu Liu**, P.R.C.; B.S. (Tsinghua University); *Nuclear Engineering; Mechanical Engineering*
- Madhumita N Lodh**, Bandra, India; B.S. (Bombay University); *Statistics*
- Stephen John Lukezich**, Calumet, MI; B.S. (Michigan Technological University); *Metallurgical Engineering*
- Leon Jairo Madrid**, Colombia; B.S. (Universidad Pontificia Bolivariana); *Electrical Engineering*
- Lawrence Michael Maloney**, Mayfield; B.S.M.E. (GMI Engineering and Management Institute); *Industrial and Systems Engineering*
- Clarissa Jos Manese Maroon**, Bay, Philippines; B.S. (University of the Philippines at Los Baños); *Plant Pathology*
- Gwendolyn C. Martin**, Columbus; B.S. (Purdue University); *Home Economics*
- Sandra Louise Martinelli**, Columbus; B.S.Nurs.; *Nursing*
- Jette Falsig Meglan**, Denmark; M.S. (Aalborg University Centre); *Mechanical Engineering*
- Gregory Robert Merrill**, Ottawa, Canada; B.Tech. (Ryerson Polytechnical Institute); *Welding Engineering*
- Thomas Edward Miller**, Elyria; B.S., M.S. (Eastern Kentucky University); *Industrial and Systems Engineering*
- Sudipta Kumar Misra**, Bhubaneswar, Drissa, India; B.Tech. (Indian Institute of Technology); *Mechanical Engineering*
- Andreas Mitschele-Thiel**, Schwieberdingen, West Germany; Diploma (Fach. Fur Tech. Esslingen); *Computer and Information Science*
- Seung-III Moon**, Beolgyo Chollanam-Do, South Korea; B.S.E. (Seoul National University); *Electrical Engineering*
- Kevin Patrick Moore**, Bay City, MI; B.S.M.E. (GMI Engineering and Management Institute); *Mechanical Engineering*
- Douglas James Morrison**, St. Louis, MO; B.S. (Ferris State College); *Geodetic Science and Surveying*
- Monique Diane Mosher**, Albuquerque, NM; B.S. (New Mexico State University); *Dairy Science*
- John Robert Mudd**, Westerville; B.S.C.I.S.; *Computer and Information Science*
- Rebecca A. Muha**, Columbus; B.S. (The Pennsylvania State University); *Electrical Engineering*
- Ye Myint**, Mandalay, Burma; Bachelor's (Institute of Economics); *Agricultural Economics and Rural Sociology*
- Gail Junko Nakamura**, Los Altos, CA; B.S. (The University of California at Davis); *Bio-Medical Engineering*
- Robert A. Nist**, Hilliard; B.S., D.D.S.; *Dentistry*
- Warren Ben Nothnick**, Franklinville, NJ; B.S.Agr.; *Dairy Science*
- Timothy Joseph Nye**, Amherstburg, Ontario, Canada; B.A. (The University of Waterloo); *Industrial and Systems Engineering*
- Laura Jane Obenour**, Zanesville; B.S.H.E.; *Home Economics*

- Joan Marie Sentipal**, Aliquippa, PA; B.S. (Hood College); *Allied Medical Professions*
- Valter Sergio**, Trieste, Italy; Bachelor's (Università Di Trieste); *Ceramic Engineering*
- Beverly Elliott Shapter**, Marion; B.S.Nurs.; *Nursing*
- Kathleen Short-Carroll**, Columbus; B.S.Nurs. (Capital University); *Nursing*
- Raymond Edward Slyh**, Columbus; B.S.E.E.; *Electrical Engineering*
- Suzanne Frances Smith**, Guatemala City, Guatemala; B.S. (Universidad Francisco Marroquin); *Bio-Medical Engineering*
- Majd Ed-deen Isam Sonalla**, Jordan; B.S.C.E.; *Engineering Mechanics*
- Susan Marvane Stahly**, Columbus; B.S. (The College of William and Mary); *Chemistry*
- Karl Nathan Steadman**, Geneva, NY; B.S. (Rensselaer Polytechnic Institute); *Electrical Engineering*
- Carolyn Elizabeth Stilwell**, Columbus; B.A. (University of Illinois); *Nursing*
- Nancy Pauline Streng**, Marysville; B.S.H.E.; *Home Economics*
- Kurt Allen Strickler**, Ontario; B.S.E.E.; *Electrical Engineering*
- Donna E. Supko**, Columbus; B.S. (Philadelphia College of Pharmacy and Science); *Pharmacy*
- Karen Marie Swalec**, Batavia, IL; B.S. (Southern Illinois University); B.S., D.V.M. (University of Illinois); *Veterinary Clinical Sciences*
- Stephen T. Tafaro**, Rockaway, NJ; B.S. (Upsala College); D.D.S. (Farleigh Dickinson University); *Dentistry*
- Mohamad Anas Tarazi**, Damascus, Syrian Arab Republic; B.S. (University of Damascus); M.S.; *Industrial and Systems Engineering*
- Terry Alan Taylor**, Richwood; B.S.Agr.; *Agricultural Economics and Rural Sociology*
- Rajendra K. Teli**, India; Bachelor's (Arder Patel University); *Civil Engineering*
- Shawn Louise Thayer**, Cummington, MA; B.S. (University of Connecticut); *Animal Science*
- Harvey Toliver**, Warner Robins, GA; B.A. (The Fort Valley State College); *Agriculture Education*
- Phyllis Toliver**, Perry; B.S. (The Fort Valley State College); *Agricultural Education*
- Fernando Ray Tollens**, San Juan, PR; B.S. (University of Puerto Rico); *Chemistry*
- Carol Gay Traunero**, Westerville; B.S.Food Sc.; *Horticulture*
- Bradley Russell Trees**, Milford Center; B.A. (Ohio Wesleyan University); *Physics*
- Wai-Keung Tsang**, England; B.S.E.E. (The Wichita State University); *Electrical Engineering*
- Hui-Hsun Tu**, Taiwan, R.O.C.; B.S. (Fujen University); *Food Science and Nutrition*
- Sameer Suresh Vijayakar**, Secunderabad, India; B.Tech. (Indian Institute of Technology); *Metallurgical Engineering*
- Loni Marie Walker**, Columbus; B.S. (Western Oregon State College); *Botany*
- Susan Marie Wallace**, Williamstown, KY; B.S. (Eastern Kentucky University); *Statistics*
- Lih-Ling Wang**, Taipei, Taiwan, R.O.C.; B.S. (National Taiwan University); *Horticulture*
- Arnon Wexler**, Gigatayim, Israel; B.S.W.E.; *Welding Engineering*
- James Robert Whiteley**, Columbus; B.S. (Oklahoma State University); *Chemical Engineering*
- Jennifer L. Williams**, Amlin, B.S. (Murray State University); *Animal Science*
- Thomas William Witte**, Columbus; B.A. (University of Florida); *Geodetic Science and Surveying*
- Mark Steven Woodrey**, Trenton; B.S.; *Zoology*
- Chung-yuan Wu**, Taichung, Taiwan, R.O.C.; B.S.M.E. (Tamkang University); *Welding Engineering*
- Daniel Mark Wuescher**, Brook Park; B.S. (Cleveland State University); *Electrical Engineering*
- Baiping Xie**, P.R.C.; B.S. (Sichuan University); *Mathematics*
- Chihheng Yeh**, Taipei, Taiwan, R.O.C.; B.S. (National Taiwan University); *Civil Engineering*
- Thomas Aquinas Yonchak**, Chesterland; B.S. (Loyola University of Chicago); D.D.S.; *Dentistry*
- Veronica Lynn Zawada**, Springfield; B.S.Nurs.; *Allied Medical Professions*
- Shun-De Zhao**, Israel; B.S. (Wuhan Technical University of Surveying and Mapping); *Geodetic Science and Surveying*
- Xuejin Zheng**, Shanghai, P.R.C.; B.E. (Zhejiang University); M.E. (Shanghai Institute of Metallurgy); *Metallurgical Engineering*
- Binbing Zhou**, P.R.C.; B.S. (Fudan University); *OSU Biochemistry Program*

Master of Social Work

- Carole Songy Delaforet**, Worthington; B.S. (Loyola University); *Social Work*
- Ruth Victoria Heldman**, West Islip, NY; B.A. (The College of Wooster); *Social Work*
- Edwin Harry Heller**, Dublin; B.A. (Ohio Wesleyan University); *Social Work*
- Barbara-Mary Rossler**, Springfield; B.A. (Ohio University); *Social Work*

Colleges of the Arts and Sciences

Chairman, Coordinating Council of
Deans: Joan Huber

Associate Dean for Undergraduate Studies
in the Arts and Sciences:
Robert M. Arkin

The Colleges of the Arts and Sciences, a
federation of five colleges, includes:

College of the Arts
College of Biological Sciences
College of Humanities
College of Mathematical and Physical
Sciences
College of Social and Behavioral Sciences

College of the Arts

Dean: Donald Harris

Bachelor of Arts

Tiberiu D. Dabo, Columbus
Charles Christopher Fritsch, New Albany
Wendy Elaine Haddaway, Columbus
Rick Alan Kinsel, Brookville
Gillian Justine Lancione, Columbus
Michelle Renee McCoy, Columbus
Cheryl Lynne Moland, Columbus
Scott Andrew Orts, Monroe
Jeffrey Clarke Sampson, Yellow Springs
Loreen Louise Yinger, Sidney

Bachelor of Fine Arts

Jill Marie Davis, Columbus
Sherry Lynn Gingery, Dover
Brian Douglas Griffin, Columbus
Lisa Ann Herbold, Columbus
Sharon Ann Kelly, Euclid
Ruth Lillie Maclin, Columbus
Brian Phillip Marcus, Columbus
Marie Therese Mascarello, Columbus
Adam D. Santelli, Columbus
David Michael Taylor, Moundsville, WV
Diane Marie Vanik, Columbus

Bachelor of Music

Michael Joseph Ferguson, Cincinnati
Dana Paul Rowe, Columbus

Bachelor of Art Education¹

Shanley Renay Smith, Steubenville

¹Offered by the College of the Arts

Bachelor of Art Education²

Tamara Ann Hampton, Columbus
April G. Handley, Columbus
Jon Micheal Hill, Akron

Bachelor of Music Education²

Gerald Anson Harvey, Grove City
Stephen Paul Honton, Columbus
Andrew George Irvin, Columbus
Lynn Louise Powelson, Elyria
Bonnie Lou Weaver, Lockbourne

Bachelor of Science in Industrial Design

Duane Joseph Belotti, Montville, NJ
Peter Ward Cameron, Lima
Robert Sean Hagen, Columbus
Alexandra Sylvia Keves, Powell
Stephen William Wharton, Avon

College of Biological Sciences

Dean: William A. Jensen

Bachelor of Arts

Anthony Lee Clemmons, Carlisle
Joseph A. Galusick, Columbus
Christopher David Lima, Mentor
Harry Louis Linardos, Springfield

Bachelor of Science

Michael Darin Alter, Youngstown
Andrew Robert Barienbrock, Grove City
Kevin Lee Beggs, Columbus
Abha Berdia, Raleigh, NC
Barbara Jean Buczkiewicz, Akron
Nicholas Harding Burnett, Medford, NJ
Stephany Kay Butler, Columbus
Barbara Ann Byerly, Findlay
Marc Alan Cameron, Gallipolis
Kendall Davis Carey, Akron
Anthony C. Cario, Girard
Richard James Ciotola, Poland
Shawn Christopher Comella, Lakewood
Joanna Marie Ehrmin, Toledo
Laura Kathleen Gigas, Westerville
Holly Cottrell Irvin, Covington
Sarah Jacob, Macedonia
Sherrri Corinne Kalb, Marion
Theresa M. Kim, West Chester
Carmen Anthony Lorubio, Struthers
Marija Milojic, Hilliard
Patrick Henry Nepomuceno,
Farmington, CT
Kenneth John Patterson, Parma
James Antonio Pilla, Bethel Park, PA
Michael Joseph Rish, Marion

²Offered jointly by the College of the Arts and the
College of Education

Jane Ellen Ross, Tiffin
Pamela Jane Tofil, Youngstown
Donald Eugene Trick, Jr., Dayton
Patricia Lynn Truax, Shadyside
Scott Philip Watson, Martins Ferry
Renée Francine Wilson, Mentor
Richard Allan Winters II, Fairborn
Patrick Kent Wood, Delaware

College of Humanities

Dean: G. Micheal Riley

Bachelor of Arts

Sheryll Ann Adams, Dayton
Andrea Jane Applegate, Worthington
Patrick Michael Bellamy, Columbus
Michelle Lori Bloom, Columbus
Todd Martin Bowden, Novelty
Cynthia Ann Breda, Columbus
Eugene Vincent Brugger, Westerville
Joy Gwendolyn Brundidge, Cleveland
Yolanda Mora Calderon, Columbus
Anthony Lee Clemmons, Carlisle
Laura Michele Corbin, Columbus
Theodore Alan Davis, Clyde
Jon Stuart Doyle, Marion
Beth Linda Dworken, Shaker Heights
Robert Bruce Ewart, Columbus
Elena Sara Freccia, Bryan
Julie Marie Frueh, Vermilion
Renée Lisette Graxirena, Columbus
Wendy L. Gregory, West Jefferson
Cheri Brook Hass, Columbus
Patricia Lynne Hayes, Waynesville
Rhonda Renee Hoffman, Dola
Joseph W. Holbrook, Worthington
Anne Marie Hollenkamp, Centerville
Tamara Joy Hunyadi, Wooster
Timothy James Kreider, Columbus
Elizabeth Anne Landis, Westerville
Kimberly Delores Litmon, Baltimore, MD
William Charles Lydic, Vermilion
Orville Wayne Martin, Columbus
Vickie Lynn Martin, Solon
Beth Louise Mirka, Brecksville
Mitchell Fremont Mulbarger, Columbus
Melissa Nichols, Columbus
Kerry Ann Niggemyer, Toledo
Todd William Oates, Forest
Barbara Ann O'Neil, Worthington
Jeffrey D. Passifiume, New Castle, PA
Eric William Rapp, Marion
Robert Edward Reilly, Bay Village
Lisa Cox Ritchie, Columbus
John Byron Rush, Munroe Falls
Brenna Jeanne Ryan, Columbus
Athan C. Sarantopoulos, Youngstown
Douglas Allen Schonauer, Lakeville
Dolores Frances Shapiro, Missoula, MT
Robert Jo Shoemaker, Columbus
Barbara Jane Smail, Navarre
Stéphane Joseph Spoiden, Columbus
Jennifer Anne Spreitzer, Columbus
Timothy Ted Stark, Centerville
Peter Douglas Steiger, Zanesville
Terri Yolanda Street, Columbus

Linda Sue Tullis, Hilton Head, SC
Lisa Lynne Wachs, Cincinnati
Kirk Matthew Wall, Columbus
Van Roger Williams, Ottawa
Kimbra Marie Winnestaffer, Columbus
Paul Frederick Woodrow, Mansfield
Dawn Elena Yoakam, Columbus
Doug Robert Zaper, Jr., Toledo

College of Mathematical and Physical Sciences

Dean: C. William Kern

Bachelor of Arts

John Tod Betts, McDonald
David Alan Coleman, Columbus
Mary Elizabeth Heist, Alexandria
Brian Edward Jones, Columbus
Scott Allen Martin, Shelby
Richard Edward Raabe, Parma
Timothy Allen Thraikill, Portland, OR

Bachelor of Science

John Wilson Alisbrook III, San Pedro, CA
Paula Ann Bihn, Oregon
Kirsten Lizbeth Campbell, Pickerington
Ismael Casillas, Caguas, PR
Jia-Chi Wang Chen, Tao-Yuan, Taiwan, R.O.C.
Lisa J. Cole, Hilliard
Frank Anthony Corraele, Canton
John Alfred Donnenwirth, Columbus
Lynne Marie Dougherty, Newark
Albert Michael Drees, Cincinnati
Jude Anthony Fiorini, Campbell
William Peter Fisanick, Columbus
Eric Warren Grelson, Columbus
Kelly Jean Hamilton, Mansfield
Mark Dennis Izold, Columbus
Kristin Michelle Jones, Hamilton
Henry Valentino Lagunzad, Cleveland
Michelle Anne Malcuit, Louisville
Scott Russell Olson, Columbus
Robert Edward Reilly, Bay Village
Athan C. Sarantopoulos, Youngstown
James Webster Saunders, Cleveland
James Michael Vespe, Conneaut
Kirby N. Yagi, Hilo, HI

College of Social and Behavioral Sciences

Dean: Joan Huber

Bachelor of Arts

Falah Oujeil Abdulkarim, Aleppo, Syria
Alia Anor Akins, Powell
Steven Vincent Albano, Lyndhurst
Alejandro Palencia Aldana, Brecksville
Lisa Michele Amweg, Ohio City

Kelley Rae Anderson-Young, Springfield
Darrell Elliott Ansted, Sylvania
Matthew Lee Arntz, Strongsville
Rodney Allen Atkins, Worthington
C. Todd Bailey, Pittsburgh, PA
Jeanne Marie Bascuk, Columbus
Scott Eric Baughman, Sylvania
Kelly Lynn Bell, Elizabeth City, NC
Amy Lynn Betz, Maumee
Deborah Elyse Blackney, Worthington
Betsy Lynn Blair, Columbus
Arnold Dale Blankenship II, Frazeeburg
Elizabeth Kay Bonar, Mansfield
Kimberly Ann Bosko, Johnstown
Eric Joseph Boyles, Sylvania
Donita Evonne Brown, Forest Park
Scott Fitzgerald Brown, Worthington
Sharon L. Bucher, Mansfield
John Andrew Burns, Canfield
Thelma Rosario Butts, Sevilla, Spain
Linda Sue Casas, Gahanna
Jenny Lee Chaplik, Tallmadge
Deborah Jean Choleva, Warren
Joseph Michael Ciriello, Akron
Charla Lanette Clarke, Felton, DE
Charles Robert Coffey, Lyndhurst
Lisa Lynn Conant, Westerville
Ann Kathleen Conroy, Centerville
Krisofer Myron Cooper, Cincinnati
John Curtis Cornett, Columbus
Deirdre Jo Corraele, Columbus
Steven St. Leger Cox, Akron
Jamie Lynn Cruikshank, Hebron
Brenda Kay Dalton, Westerville
Roger Lyn Damron, Galion
Anne Elizabeth Davis, Bay Village
Gregory John Demos, Dayton
Daryl Tremayne Dennie, Cincinnati
Charles Michael Diersing, Delaware
Kimberly Kay Dill, Columbus
Teena Diane Dixon, Columbus
Marilyn Susan Dlesk, Mansfield
Emily Christine Dunn, Columbus
Steven Joel Erd, Toledo
Douglas Richard Ervin, Columbus
Michael Joseph Failla, Vincentown, NJ
Scott Robert Fenstermaker, Worthington
Victor Scott Fishman, Columbus
Douglas Frederick Flowers, New Albany
Todd Anthony Fournier, Columbus
Jeffrey David Friedman, Canton
Adam Frix, Columbus
James Roger Fulker, Troy
Jack Leslie Ganues, Oregon
Jennifer Robin Geary, Ashley
Andrea Kari Gibbs, Columbus
Betty Glassmeyer, Marion
Kerry Dee Gleich, Columbus
Daryl David Gordon, Cleveland
Michael Charles Grabner, North Canton
Timothy Thomas Sutton Gray, Zanvesville
Sharon Ann Grusendorf, Mentor
Lisa Lee Halcomb, Waverly
Diana Lynn Hallas, Louisville
Mark Richard Harshbarger, Wapakoneta
Natalie Kay Heffernan, Bay Village
Lora Ann Herf, Celina
Jeanette Hernández López, Bayamón, PR
Robin Lynn Hilton, Columbus

William Michael Homka, Vermilion
Carol Jill Hothersall, Columbus
Brian Matthew Hoyland, Columbus
Heather Marie Huff, Maineville
Matthew Lewis Hughes, New Riegel
Gregory W. Illig, Brunswick
Bradley Scott Jester, Worthington
Bryant Odell Johnson, Washington, DC
Kathleen Therese Jones, Rochester, NY
Kathleen Ann Kalinay, Youngstown
Marianne Kamm, Oregon
James Dale Kauffman, Columbus
Sonya Roberta Kearney, Philadelphia, PA
Karen Margaret Kiener, Columbus
Erik Eugene King, Columbus
Glenn Michael Klassa, Dearborn, MI
Randall Ross Kolin, Beachwood
Charles Edward Kullik, Jr., Fairview Park
Robert Matthew Lauria, Smithtown, NY
Michael John Leckwatch, Columbus
Paula Jean Logan, Middletown
Michelle Marie Lorch, Kirkwood, MO
Deborah Ann Mac, New Kensington, PA
David Brian Mackey, Groveport
Adnan Malik, Columbus
Hilary René Masser,
West Bloomfield, MI
John Roger Matthews II, Marion
Kimberly René McCarthy, Granville
Charles Edward McGroarty, Columbus
Kathryn Elizabeth McGuire,
Upper Arlington
Brian Charles McIntosh, Delta
Lisa Jean McKibben, Sunbury
Amy Jane Catherine Meisner, Massillon
Christopher John Merritt, Rocky River
Shari Lynn Mickey, Lancaster
Randall Lee Miller, Springfield
Traci Ann Moon, Centerville
Deborah Patricia Morris, Cincinnati
Laura Beth Motok, Grove City
Timothy Lee Murray, Columbus
Josias Ndaribamare, Burundi, Africa
Amy Lynn Nelson, Newark
Denise Marie Nelson, Bay Village
Ronald Allen Nerad, Brook Park
Cynthia Marie Newberry, London
Nancy Suzanne Niibert, Delaware
Rosalie Jean Niemeyer, Ottoville
Robert Allen Noe, Cincinnati
Jennie Louise O'Connor,
Willoughby Hills
Angelo Joseph Palladino, Parma
Alexandra Ioannis Papouras, Cleveland
Gregory Pawlack, Warren
James Paul Peck, Grove City
Todd Keith Pember, Lorain
Donald A. Peterson III, North Canton
Timothy James Phillips, Warren
John Fitzhugh Pilcher, Worthington
Brian Everett Poe, Shaker Heights
Elizabeth Anne Preston, Whitehall
Sherri Lynn Pryatel, Mentor
Carol Sue Rees, New Carlisle
Penney Lynne Richardson, Aurora
Jean Cesar Richter, Columbus
H. Edward Roberts, Jr., Columbus
Carlos Ernesto Rodríguez-McGill, Berea
Douglas Newton Rorapough, Columbus

Barbara Faith Rosenthal, Akron
 Michael John Santoro, Cincinnati
 Gregory Gene Schlechty, New Madison
 Jillia Patrice Schlingman, Ashland
 Traci Diane Schonauer, Westerville
 Victor Joseph Schroeder, Gahanna
 Keith Ronald Sergent, Vandalia
 James Harold Seymour, Powell
 Michael Evan Shapiro, Marion
 Aaron Howard Sigall, Bexley
 Helen Williams Sloan, Columbus
 Susan Dean Smedley, Vandalia
 Christopher Edward Charles Smitherman,
 Cincinnati
 Diantha Day Sprouse, Monroe, VA
 Victor Brian Stentz, Delaware
 Sharon Ann Stiff, Granville
 Jack Madeira Subel, Chagrin Falls
 James Michael Sudduth, Jr., Kettering
 Mark C Sull, Willoughby Hills
 Jennifer Carol Thomasson, Chesterland
 Terry Alan Tibbals, Upper Arlington
 Paul David Tinkelenberg, Charlotte, NC
 Ann Elizabeth Tobin, Cleveland
 Judith Anne-Cox Tomcho, Granville
 Jon Mathew Van Buren, East Claridon
 Michelle Jean Ventker, Wyoming
 Carolyn Yvonne Wade, Russell
 Joel Eric Weber, Lisbon
 Patricia Marie Werner, Warren
 Deane Richard Western, Kalamazoo, MI
 Laura Lee Weygandt, Cleveland Heights
 Rebecca Ann Whiteside, St. Clairsville
 Richard Michael Whitmore, Bainbridge
 Lee Mary Wilson, The Plains
 D. Barry Winovich, Chagrin Falls
 George Howard Wolfington, Jr.,
 Cambridge
 Debora Lynn Yurek, Solon

Bachelor of Science

Bradley Michael Agee, Sebring, FL
 Laura Annette Amsbary, Gallipolis
 Jessica Lynn Anderson, Urbana
 Steven Anthony Audi, Brunswick
 Kevin J. Butler, Columbus
 Marcos Chong, Dominican Republic
 Matthew Franklin Chronister, Medina
 Alexander G. Gowan, Columbus
 Robert Leroy Numbers, Cridersville
 Bethany Ann Ritter, Columbus
 Kristin Michelle Rose, Xenia
 Kevin Grady Shays, Wellington
 Michael James Stricklin, Ashland
 Dean M. Watzman, Columbus
 Vivianne Mary Whalen, Akron
 Julie Anne Willis, Columbus

School of Journalism

Bachelor of Arts in Journalism

Joseph Raymond Abraham, Columbus
 Kimberly Merle Allen, Ashland, KY
 Reginald Charles Anglen, Cleveland
 Betsy Sue Berman, University Heights

Anne Marie Berring, Canton
 Krista Carol Bistline, Milan
 William Jasper Black, Marion
 John Carl Bombatch, Marion
 Thomas Michael Boyd, Gahanna
 Julia Ann Brinksneader, Mt. Sterling
 Lynn Michele Bruno, Hopedale
 Andrew Patrick Coffey, San Diego, CA
 Leslie Marguerite Curran, Worthington
 Cameron Leigh Davis, Dayton
 Susan Marie Demski, Rayland
 Arden Louise Dobias, Columbus
 Kelly Marie Donahue, Dublin
 Brian Joel Dulay, Maumee
 Maria-Luisa Arches Durant, Zanesville
 Jeffrey Carl Ellington, Mansfield
 John Edward Elsasser, Piqua
 Susan Laurie Esterline, Dublin
 Daryn John Fersovich, Edmonton,
 Alberta, Canada
 Janet Marie Foley, Dayton
 Andrew William Forcey, Brampton,
 Ontario, Canada
 James Emery Fox, Forest
 Michael William Fox, Galion
 Marcco Anthony Gambatese,
 Highland Heights
 Tina Ann Garbin, Worthington
 Julia Lynne Grubb, Athens
 Dawn Michelle Hammond, Bainbridge
 Stephanie Rae Harper, Zanesville
 Viviana Lamanna Heger, Columbus
 Craig Randall Jordan, Cleveland
 Rebecca Lynn Karam, Akron
 Jill Marie Keenan, Medina
 Michael Charles Kehlmeier, Columbus
 Maureen Ann Kilkenny, Mt. Vernon
 David Jon Kirschbaum, Akron
 Gia Derede Kourilas, Columbus
 Mary Teresa Kreuz, Upper Arlington
 Patricia Anne Kuhar, Wadsworth

 Mary Katherine LeMay, Columbus
 Kimberly Anne Maly, Berea
 Timothy C. Martin, Latham
 Amy Marie Mathews, Columbus
 Melissa Rochelle Miller, Shaker Heights
 Joseph Patrick Mischler, Cincinnati
 Mohua Nandi, Columbus
 William Clayton Newman, Jr., Dola
 Julia Delinda Page, Columbus
 Tara Anne Powers, Southbury, CT
 Heather Ann Putney, Rochester, NY
 Brynn Ann Ray, DeWitt, MI
 Lisa Ann Riznikove, Port Clinton
 Laurie Anne Robb, Granville
 Leigh Kingsbury Roessler,
 Upper Arlington
 Laurence F. Rosenthal, Cincinnati
 Jillia Patrice Schlingman, Ashland
 Frank Scott III, Warren
 Lori Ann Shoemaker, Bath
 Lisa Ann Shumay, Brunswick
 Michelle Lorene Skomra, Lisbon
 Jerrud Cortney Smith, Columbus
 Kendra Lisa Smith, Lisbon
 Carole Ann Spencer, Zanesville
 Kristine Hayes Stultz, Lancaster
 Susan Wertz Szturm, Middletown

Martha Ann Weithman, Columbus
 D. Scott Wilson, Tiffin
 Tricia Ann Wintergerst, North Olmsted
 Jenny Elizabeth Worden, Black River
 Debora Lynn Worrell, Cadiz

College of Agriculture

Acting Dean: J. Robert Warmbrod

Bachelor of Science in Agriculture

Gary Linden Baldosser, Green Springs
 Polly Rae Carpenter, Columbia Station
 Christopher Peter Ciotta, North Olmsted
 William Edward Distad, Columbus
 Michael Scott Galbreath, Godfrey
 Daniel Lynn Hall, Columbus
 Eric Oliver Harding, Lancaster
 Gary Lynn Hart, Galloway
 George Edgar Hill, Marysville
 Kristine Lynn Hoover, Bucyrus
 Jerry Scott Hoppes, Greenfield
 Pamela Kay Hunt, Amelia
 Matthew Alan Lane, Washington
 Court House
 Margaret Louise McArtor, Hemlock
 Travis Dean Pees, Dola
 Ann Marie Rosati, Akron
 Daniel Joseph Schmitmeyer, Anna
 Mark Darrin Schweitzer, Findlay
 Todd Dean Stockwell, Galena
 Jeffrey Robert Stroupe, Akron
 Brian Earl Thomas, Kenton
 Richard A. Warner, West Chester
 Kimberly Sue Weller, Columbus
 Antonios Konstandinos Xenikis, Campbell
 Anthony Michael Yacaprano IV, Wooster

School of Natural Resources

Bachelor of Science in Natural Resources

Kimberly Anne Baker, Nashport
 Vanessa Cataldo, Rocky River
 Rita Louise Clements, Pioneer
 George Albert Comstock, Chillicothe
 Jeffrey Charles Gates, Carrollton
 Mark Allen MacLeod, Dayton
 Kenneth Ray Pendley, Centerville
 Juli Marie Spohn, Wadsworth
 Edward Dodge Sturges, Upper Arlington
 Christy Jo Schwartz, Marion
 Michael Richard Thomas, Brecksville

Agricultural Technical Institute – Wooster

Associate in Applied Science

John Edward Druga, White Oaks, PA
 Keith Eric Etchen, Hicksville
 Julie Ann Harbert, Wooster

Neil Douglas Harder, Martin
Martha Isaura Holguin, Wooster
Rhonda Lee Roberts, Wooster
Todd Alan Sheets, Pemberville
Kevin Lee Stotsberry, Caldwell
Craig John Woltz, New Lexington

College of Business

Dean: H. Justin Davidson

Bachelor of Science in Business Administration

Gregory W. Aaron, Atlanta, GA
Cheryl Ann Adams, Westerville
James Anthony Albanese, Eastlake
Tamara Jane Albright, Circleville
Tracy Lee Allen, Columbus
Alan Lewis Argabright, Jackson Center
David Michael Barnes, Columbia Station
Dane Thomas Bartley, Waverly
Jon Allan Beacham, Waynesville
Marca Marie Bear, Hudson
Amy Beth Beard, Upper Sandusky
Laurie Sue Beckley, Bellevue
Shawn Maria Behling, Columbus

Graduates with Honors

Criteria for graduating with honors are as follows:

Summa Cum Laude designates those graduating in the top 3% of the class.

Cum Laude designates those graduating in the top 10% of the class.

With Distinction requires successful completion of a Senior Honors Thesis, oral examination, and graduation in the top 25% of the class.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

With University Honors designates those graduating with circricular distinction and dedication to high educational goals.

Summa Cum Laude with Honors in the Liberal Arts and with Distinction in Political Science

Cynthia Marie Newberry

Summa Cum Laude with Distinction in Mechanical Engineering

Dina Celeste Birrell

Summa Cum Laude with Distinction in Natural Resources Development

Kimberly Anne Baker

Summa Cum Laude with Distinction in Sociology

Kimberly Kay Dill

Summa Cum Laude with Honors in the Liberal Arts

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND TWO HUNDRED AND FIFTY-FOURTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, October 6, 1989

The Board of Trustees met at its regular monthly meeting on Friday, October 6, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** *

Minutes of the last meeting were approved.

** ** *

October 6, 1989 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on October 6, 1989, at 11:05 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, John J. Barone, Deborah E. Casto, John W. Kessler, Milton A. Wolf, Leslie H. Wexner, Alex Shumate, Sophia L. Paige, and Laurel A. Davis.

--0--

Mr. Berry:

First, we have a special report from Dr. John Kramer, Chairman of the University Hospitals Board.

HOSPITALS BOARD REPORT

Dr. Kramer:

Good morning. Having recently completed my first term as Chairman of the Hospitals Board, I felt I should report to you on the current status of the Hospitals and share with you our perceptions of the challenges and opportunities that lie ahead.

Before I proceed with my comments, I would like first to express my gratitude to each of the Hospitals Board members for their dedication, energy, and willingness to give of their time and expertise for the benefit of the Hospitals and the patients we serve. Our acknowledgements would not be complete without special mentions to Dr. Manuel Tzagourmis; University Administration; Reed Fraley and Hospitals Administration; Medical Director Dr. Hagop Mekhjian; and Jim Nichols, our University Treasurer who did an outstanding job of shepherding the Hospitals as Interim Executive Director. And we would certainly be remiss if we failed to acknowledge the consistent, strong support we have always enjoyed from the University Board of Trustees.

In preparing for this report, I discovered the following quote taken from President Harold Enarson's opening statement to the Hospitals Board in May of 1980:

"OSU Hospitals face many of the same problems haunting community hospitals everywhere -- rising costs along with rising expectations and rising resistance to cost increases. They face other pressing problems such as governmental regulation, shortages of health professionals, and the thrust toward increased litigation."

Those words are as true today as they were almost ten years ago. Clearly the current environment presents significant challenges to our Hospitals and the entire healthcare industry. But I believe there is also good news: The Ohio State University Hospitals are continuing to provide an excellent environment for teaching new generations of healthcare professionals; our researchers are exploring new frontiers of knowledge in the health sciences; and we are moving ever forward toward recognition as one of the premier university medical centers in the nation. Strong, innovative leadership from the Hospitals and the University have brought us to our current prominence, and must continue as we meet serious challenges and move toward even greater recognition.

HOSPITALS BOARD REPORT (contd)

Dr. Kramer: (contd)

The first part of my report concerns the present state of the Hospitals with regard to its mission of teaching, research and patient care. As you know, we are among the largest university teaching hospitals in the nation. In providing clinical experiences for medical, dental, pharmacy, allied health and nursing students, residents and fellows, and in fulfilling our trust to provide high-quality, comprehensive healthcare for the citizens of Ohio, we offer a range of services far beyond that of community hospitals. For example, University Hospitals transplants human hearts and other organs and tissue; we care for mothers with high-risk pregnancies and provide the highest level of intensive care for their babies, some of whom are extremely premature and critically ill; we offer a Level One trauma center with helicopter transport and 24-hour staffing of specialists; we provide comprehensive care for the physically and mentally impaired; we help restore sight with delicate eye surgery; we treat athletic injuries through our sports medicine program; and we have a special center to diagnose and treat sleep disorders. Our physicians use the most advanced lithotripsy for non-surgical removal of gallstones; we are the only facility in central Ohio capable of providing the intensive care needed by critically burned adults; our Gait Laboratory offers non-invasive evaluation of patients' walking patterns to help physicians choose the best treatments; we offer sophisticated diagnosis through computer-assisted Magnetic Resonance Imaging scans; and in the new Davis Center we can provide comprehensive care for our older citizens. Cancer patients and a growing number of AIDS patients find care and compassion at our Hospitals. We provide free healthcare information to the community through the Ask-A-Nurse program. Under the auspices of the Columbus Health Department we provide professional medical services at six neighborhood health centers. And we are reaching out to the community with healthcare services through our MedOhio facilities and mobile mammography van.

On an average day in 1988-89 we were caring for more than 625 in-patients, many of whom were critically ill. Last year we had 29,417 admissions; more than 280,000 Clinic visits; and 40,421 Emergency visits. We performed more than 1.7 million clinical laboratory procedures and filled more than 3 million prescriptions. Our physicians took care of 14,443 surgical patients and delivered 3,570 babies.

Even a procedure as dramatic as heart transplants is becoming almost routine at University Hospitals. To date, our transplant surgeons have implanted 44 donor hearts.

The number of kidney transplants at University Hospitals averages about 150 per year, and actually exceeds the number of appendectomies. We are ranked among the ten largest and most successful kidney transplant centers in the United States, and the largest among the six located in Ohio. I am proud to report our success rate with living, related donors fluctuates between 90 and 95 percent.

Our bone marrow transplant service continues to be recognized as truly outstanding. Since there are different types of leukemia and different risk groups within each type, it is impossible to quote a single percentage to indicate our cure rate. But I can tell you that The Ohio State University Hospitals' bone marrow transplant program has the highest reported survival rates anywhere in the world.

HOSPITALS BOARD REPORT (contd)

Dr. Kramer: (contd)

Our division of Maternal-Fetal Medicine includes the Prenatal Diagnosis Program, the largest in the state. Three specific early diagnostic procedures performed here are available at only one other facility in the state. And even though it was almost beyond imagination only a few years ago, Ohio State physicians now provide blood transfusions and perform life-saving surgery on babies still in the womb.

A careful analysis of mortality data compiled and released by the federal Health Care Financing Administration (HCFA) reveals that University Hospitals' mortality rate is the lowest among area hospitals and also the lowest reported among our sister Big 10 institutions. At the same time our acuity rate, which measures the severity of illness of our patients, is the highest in the community and among the highest in the nation. Our mortality rate compares favorably among university teaching hospitals nationwide, and is lower than other prestigious hospitals in the country. The Ohio State University Hospitals has been identified by various publications as being 28th lowest and 18th lowest in mortality in the nation. At this point we should note that the hospital boasting the country's lowest mortality rate is an Eye, Ear and Throat Hospital in New York with no emergency patients, no cardiac patients, no transplant or intensive care units. We believe these federally developed data give impressive evidence that the care provided at The Ohio State University Hospitals is as good as, or better than, any other hospital anywhere.

We were the first in Ohio to implant the Jarvik-7 artificial heart which keeps a patient alive until a suitable donor heart can be found. We are one of only two centers in the nation with on-site training for the Jarvik-7 surgical team. We are also one of few medical centers approved to use external ventricular assist devices which do not replace the patient's heart, but take over the ailing heart's pumping action and thereby give it a chance to recover.

Strong emphasis has been placed on advancement of research. Last year the College of Medicine was awarded a total of \$26.7 million in research grants, an increase of 18.1 percent from the previous year. The College of Medicine, the School of Allied Medical Professions, the Hospitals, and our Department of Pediatrics located at Children's Hospital, together attracted almost \$36 million in research funding. Included in that total is \$1.7 million from the National Institutes of Health to study whether diet and blood pressure control can help stop or slow chronic kidney disease. We are the only medical center in Ohio and one of 15 in the nation taking part in the study, which is the largest clinical kidney study ever undertaken by the National Institute of Health.

University Hospitals is the only place in the nation performing a dramatic type of surgical technique to help fight colon cancer that has spread to the liver. Preliminary results are very promising. We are also one of five medical centers in the nation participating in clinical trials for an experimental eye operation for cataract patients.

Now let us turn to the realities of operating a major tertiary care hospital in the current environment. In the early 1980's, in an attempt to curb expenditures and reward efficiency, federal and state governments initiated a prospective payment system of reimbursement for Medicare and Medicaid patients. DRG's (diagnosis related groups) are used to determine the amount of reimbursement hospitals receive for providing care to patients with specific diagnoses. Additionally, third-party payers began to specify certain procedures that now would be reimbursed only

HOSPITALS BOARD REPORT (contd)

Dr. Kramer: (contd)

on an outpatient basis. The ever-increasing shift toward outpatient care means that fewer patients are being hospitalized -- and those who are admitted are the most seriously ill. Since fewer patients are being admitted, we are now seeing intense competition among hospitals who depend on patient volume for their very existence.

To put all this in perspective, we need to keep several things in mind. First, University Hospitals has a disproportionately high number of Medicare and Medicaid patients (a combined total of 43 percent of the patient mix), which makes us more vulnerable to constant erosion in governmental reimbursement rates. For example, for care we provided last year to Medicare and Medicaid patients, our total reimbursement will fall approximately \$17.5 million short of charges -- and this balance is not recoverable from any source. Second, hospitals are often excluded as providers for managed-care networks unless they are prepared to discount their usual charges by as much as 20 percent, which is the discount we provide to the University Health Plan. Third, an added threat to teaching hospitals is the fact that federal support for medical education has declined dramatically and the downward spiral is expected to continue. Fourth, while other hospitals can choose not to offer a program they know will lose money, University Hospitals must continue to offer the broadest range of patient care -- both to honor our obligation to the citizens of Ohio and to ensure that our students will be exposed to all types of illnesses and patients as part of their clinical education. Finally, as an academic institution our traditional inclination has been to disdain competing in the marketplace, choosing instead to allow our expertise to speak for itself. This attitude is changing and we are now implementing a marketing program for the medical center.

Judge Robert Duncan, in his 1981 report to the Trustees, referred to "the national nursing shortage." The shortage is now acute. Although 80 percent of the nation's two million registered nurses are working (as compared with 54 percent of women in the total workforce) the demand for nurses continues to rise. Early this year we appointed a Nursing Task Force to address the problem and recommend possible strategies for developing, recruiting and retaining nursing professionals. Some of those recommendations are reflected in the University's contract agreement with the Ohio Nurses' Association; others are in the process of being implemented by Mr. Fraley. These strategies include some innovations which, if successful, will serve as a model for other hospitals in this nation.

Mr. Dean Jeffers reported to you in 1983 that the Hospitals' Revenue and Expense budget was approximately \$165 million. This year's budget is just over \$230 million, even though the number of Hospitals employees has been reduced and operating costs have been cut as much as possible without compromising quality. The Hospitals Board is firmly committed to operating the Hospitals on a break-even or better budget, with the understanding that very close budgeting will produce a bottom line that is positive in some years and negative in others. Our intent is to generate enough money to meet our obligations, maintain our facilities -- and still hold charges low enough to remain competitive. We must preserve this delicate balance, especially in light of recent market share reports that indicate our relative share of patients has declined over the past four calendar years while certain of our competitors, using aggressive marketing programs, have made impressive gains in both actual numbers and market share. Although the Franklin County population is

HOSPITALS BOARD REPORT (contd)

Dr. Kramer: (contd)

projected to grow by five percent, the number of hospital admissions will decline because of changing trends in healthcare delivery.

Two years ago the Hospitals ended the fiscal year with a net loss of \$1.6 million; this past year, although we anticipated a \$1.9 million loss, the actual loss was \$1.1 million. A considerable part of those losses was due to unexpectedly high costs associated with the University's Early Retirement program and the utilization of agency nurses. Again this year we have approved a budget we anticipate will fall just short of break-even. Mr. Fraley and his staff have initiated an aggressive plan to reduce Accounts Receivable and strategies to improve investment returns, in addition to ongoing cost-containment programs. We are confident that our Strategic Plan, coupled with strong leadership and careful management, will carry us through this adversity.

What lies ahead? In such a complex environment, assumptions can be perilous at best. However, let me share a few insights we feel will shape medical education and healthcare delivery during the next decade.

Approximately one of every six hospital admissions across the nation is to a teaching hospital. In fact, teaching hospitals provide the bulk of this country's uncompensated medical care. Thirty-seven million Americans have no healthcare insurance. Despite aggressive educational campaigns, millions continue to jeopardize their health through smoking, drug abuse, alcoholism and obesity. The elderly are the fastest-growing segment of our population. In the future we will need more disease-prevention programs and more emphasis on dealing with long-term and chronic illnesses.

A major concern, of course, is the soaring cost of healthcare services. Healthcare accounts for one out of every eight dollars in the Gross National Product -- and is growing at a rate 50 percent faster than other sectors of the economy. Escalating expenses for healthcare have triggered heated disputes between labor and management. Insurance premiums in the private sector are rising by 10-20 percent each year, and the elderly are increasingly pressed to afford the added costs of needed care. Various initiatives by government and private industry to curb runaway costs have been unsuccessful, and increasing frustration has led to renewed calls for change.

Some medical executives urge that healthcare providers compete on the basis of quality, and undoubtedly we will see increasing demands for documentation of appropriate levels of quality and cost containment. Quality has many facets; it includes access, timeliness, efficient use of technology and accepted principles of medical science, sensitivity, confidentiality, optimal outcome, patient satisfaction, and documentation to allow continuity of care and peer evaluation. What about the appropriateness of specific services? Is it more ethical to preserve life at all costs for a few weeks or months, or should we spend our resources where they produce the most benefit? According to the Boston Globe, 85 percent of all healthcare expense for the average American occurs in the final two years of life.

HOSPITALS BOARD REPORT (contd)

Dr. Kramer: (contd)

University teaching hospitals are the source of our nation's skilled physicians, nurses and allied professions; sophisticated patient care; and breathtaking technological developments. In today's environment we are facing enormous challenges to our unique mission of teaching, research and patient care. We are mindful of the need to maintain the highest levels of quality while remaining competitive and continuing to provide the wide scope of absolutely essential services. To ensure these broad responsibilities are accomplished, we have charged Hospitals Administration with implementing and constantly updating the Strategic Plan in cooperation with the College of Medicine. Current initiatives in centralized billing and changes in Ambulatory Surgery are expected to contribute to improved patient convenience and satisfaction. During the months and years to come, we will propose additional initiatives that become necessary to protect and enhance our position. Some of those most likely will take the form of an overnight lodging facility and a medical research building.

As you can see, the issues are complex and the stakes are high. There is an old adage that says character is not made, but only revealed, by adversity. As healthcare leaders to whom the public looks for solutions, we and other academic medical centers must be in the forefront in analyzing the current situation and charting the course with appropriate action. We believe University Hospitals are choosing effective strategies -- sometimes innovative and even revolutionary -- that will allow us not only to fulfill our commitment to the people of Ohio, but also help lead the way in resolving healthcare problems at the national level. With your continued support, we will succeed. Thank you.

Mr. Teaford:

Mr. Chairman, one other thing that I think we should point out is that in addition to the extraordinary amount of service that we get from the Hospitals Board, I want to particularly point out that Dr. Kramer who lives 100 miles from Columbus, comes once a week to the Hospitals to work at his job as Chairman. His service, I think, is invaluable to the Hospitals and to the University. I also want to point out one other thing he said. He said, "that the patients who come to Ohio State University Hospitals are sicker than any other patients who come to any hospital in this area. And we have the lowest death rate of any of those hospitals." To me, the bottom line, when you are going to the hospital, is that. And I think that is the absolute proof, beyond any doubt, that this is the best hospital in the area.

Dr. Kramer:

Thank you. I think the message is clear, if you are sick, you want to come to OSU Hospitals.

President Jennings:

John and Joel, I would like to second that. And John, on behalf of all of us, thank you. John has done an extraordinarily good job. He is extremely dedicated and his leadership has been very important to our Hospitals. Joel, I thank you for pointing that out.

HOSPITALS BOARD REPORT (contd)

President Jennings: (contd)

I think another thing that should be pointed out, that is often forgotten, when Dr. Kramer was talking about the finances, that this is a hospital run with, for practical purposes, no state appropriations. Whereas most of the other teaching hospitals that John was referring to are, hospitals that receive some sort of state appropriation, some larger, some smaller. But this is a university hospital that we are asking, not only to do the research mission, teaching mission and the care mission, without a state appropriation. So the fact that budgets are, for practical purposes, balanced is also an accomplishment that very few other institutions can claim without the assistance of their respective states. John, we appreciate that and all of the staff has done a marvelous job on that, too, in financing this place without the help of the State.

Mr. Berry:

Thank you, Dr. Kramer. This Board, again, appreciates all the work that you and the other Board members do on behalf of University Hospitals. I think, Joel, what you were trying to say about when you are sick, go there -- everybody wants to go to heaven, but nobody wants to die to get there. So, go to the University Hospitals.

--0--

RESEARCH FOUNDATION REPORT

Mr. Barone:

Mr. Chairman, I would like to report on the Research Foundation Committee at this time. The Research Foundation grants and contracts for the month of August 1989, are shown in the Board agenda book. There are 169 awards listed which provide a gross income of \$14.1 million.

Funding for the first two months of the fiscal year is 23% ahead of last fiscal year at this time. Funding increases are noted for all sponsor sectors.

Some highlights of the awards are:

\$721,000 from the Midwest Universities Consortium for International Activities for an overseas training operation with the government of Indonesia.

\$184,000 from the Department of Education for the University's Upward Bound Program.

\$126,000 from the National Science Foundation for a study on arm and leg coordination of industrial robots in the Department of Electrical Engineering.

\$92,000 from the Department of Education for a Drug Prevention Program at Ohio State.

RESEARCH FOUNDATION REPORT (contd)

Mr. Barone: (contd)

Thank you, that concludes my report. Dr. Thomas L. Sweeney, Acting Vice President for Research and Graduate Studies, is available to answer any specific questions you may have.

--0--

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Hospitals Board and two of its Committees met on Thursday, September 28.

Medical Director Dr. Hagop Mekhjian reported on various issues under discussion by the medical staff. At the request of the Board, he reviewed the criteria and procedures used in the credentialing of medical staff applicants. Criteria are very strict and initial appointments are provisional. Annual reappointments include mandatory updating of information as well as a review of clinical performance during the previous year. We received a Quality Assurance report from the Department of Internal Medicine, and I might say that we get these reports monthly from the various departments and they, again, reflect what you were told before of the very high quality of care that the Hospitals provide. Mr. Fraley also updated us on the status of implementation activities as recommended by the Nursing Task Force. The most hopeful thing that he reported is that, indeed, we have increased the number of nurses on staff. I have very little doubt that the Task Force recommendations will continue to increase that. We have decided to find out what nurses want, and it is not money that they want. I think that that will yield great results.

The Administrative/Operations Committee reviewed the Hospitals' financial performance during the month of August, and received a progress report on reduction of accounts receivable. And, I am happy to say that they are coming along well. We were briefed on the status of various construction and renovation projects, as well. Dick Jackson pointed out to me yesterday that in a couple more months we will actually be in the circumstance where there will not be any external construction going on in the Hospitals area for the first time in the history of the world, I suspect. We learned that final construction work is being done, and equipment is beginning to arrive for the Cancer Hospital. And as you know, it is scheduled to open the first of the year. The Committee considered and endorsed a proposal for the management by The Ohio State University of the J. Leonard Camera rehabilitation facility. Which, as you all undoubtedly know, is located across Rt. 315 from the Medical facility. It is actually a spectacular looking facility -- which is more spectacular on the inside than out. And, it is largely unused to this point. One of the things that we will get is over 7,000 feet of space that will be available for the University's use. As I understand it we intend to put Sports Medicine and Cardiac Rehabilitation in there. It will be a marvelous facility for those programs. It is easy to reach, there is easy parking, and the facility, for complicated things, is almost unbelievable.

HOSPITALS BOARD COMMITTEE REPORT (contd)

President Jennings:

Except it is in Illinois colors.

Mr. Teaford:

Yes. Well, I don't know about that yellow. Mr. Fraley reported that a review of market quotes indicates that purchase of commercial excess malpractice insurance would not be cost-effective for the Hospitals at this time, although it has gone down a little.

The full Board then met and endorsed the recommended medical staff appointments as well as the proposed management contract for the J. Leonard Camera Center. We heard a report from Dr. Michael Para, a faculty member nationally recognized for his expertise in AIDS treatment and research, addressed the Board about study protocols and research developments. Although the drug AZT has proven effective in slowing progression of the disease, researchers have not yet been able to find a cure. Lastly, we viewed a videotape of television news coverage featuring the Hospitals, and received a report on medical center development activities.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee met this morning and reviewed the status of the Endowment Portfolio as of September 15, 1989, as presented by Mr. Nichols. The value of the endowment portfolio was reported as \$299.6 million, and Mr. Nichols advised us that today the value of the Endowment has exceeded \$300 million.

Yesterday afternoon, members of the Investments Committee, along with other Board members, met with the equity advisors to review their performance for the year. We will do the reviews of the fixed income advisors on the afternoon of November 2, prior to our next Board meeting.

The Committee heard a report of an audit of Campaign Contributions conducted by the University Controller's staff and the results were positive.

That concludes my report, Mr. Chairman.

(See Appendix XVI for complete text of The Ohio State University Endowment Summary, September 15, 1989, page 345.)

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

This morning we heard from Dr. Jim Bishop on the Young Scholars Program, which is a youth program for minorities or low income children; they can be black, Hispanic, Appalachian or native Americans. The thing that makes this program so attractive is that it does guarantee admission to Ohio State University with financial aid.

The students are nominated for this program in sixth grade. The parents and students have to adhere to several guidelines that allow them to be eligible for the program and stay in the program throughout their junior high school and high school years. We currently have 600 students at a cost of \$1,700 per student. Full implementation of the program will be in 1994-95, at a cost of \$4 million, but we will have 2,280 students. I think that the most important thing is that we continue to support this program, I would hate to let these children down. They are really enthusiastic about the program. They have a 90% attendance rate, and that means that only 10% have dropped out, so obviously it is really attractive to them.

Did anybody want to add anything? A lot of Trustees have been involved in this.

Mr. Teaford:

I think we should note that Ms. Paige is, indeed, one of the counselors for the program -- has been for two years -- and has made a great contribution.

Ms. Casto:

The Academic Affairs Committee is recommending for approval the following resolutions:

DISTINGUISHED SERVICE AWARDS

Resolution No. 90-32

Synopsis: The Academic Affairs Committee recommended the approval for two individuals to receive Distinguished Service Awards.

WHEREAS the President's Staff, serving as a Committee on Distinguished Service Awards, has nominated and recommended two individuals for approval by the Board of Trustees to receive the Distinguished Service Award at a time convenient to the University and the recipients:

James E. Chapman

Since his 1954 summa cum laude graduation from Ohio State's College of Law, James E. Chapman has accumulated a truly distinguished record of volunteer service to The Ohio State University. He graduated cum laude from Ohio State in 1953 with a bachelor's degree in business administration. He has continued a strong and supportive relationship with his college, providing astute counsel to the dean, faculty and staff on the future direction of the College of Law.

DISTINGUISHED SERVICE AWARDS (contd)

James E. Chapman (contd)

A volunteer's support for an institution may be measured by his or her contributions of wisdom, work and wealth. Mr. Chapman has generously share all three with his alma mater. As chair of The Ohio State University's Cleveland Campaign, Mr. Chapman has taken the lead in enhancing the image of and the support for the University in the Cleveland area. In addition, his assistance and direction as Ohio State's new regional offices took shape in Cleveland and elsewhere have helped to advance the University's position as a leader in higher education throughout the country.

His value as a "goodwill ambassador" for his alma mater is beyond measure. He has helped to establish a warm place for Ohio State in the heart of Cleveland, effectively cementing common bonds of interest between Clevelanders and Ohio State.

As a volunteer leader at the national level, Mr. Chapman has brought his thoughtful guidance and spirit to the many deliberations of the National Campaign Steering Committee over the past few years.

His leadership and counsel have been invaluable to the University not only through the Campaign, but through The Presidents Club as a member of the Executive Committee and the Ohio State Alumni Club of Cleveland as well. In all of his activities on behalf of the University, Mr. Chapman has shown an enthusiastic interest and a selfless dedication.

Among all of Ohio State's many valued volunteers, Mr. Chapman exemplifies the unmistakable spirit of one who believes deeply in his cause, and feels it deserving of generous amounts of his time and effort. His level of commitment is truly rare. As a true partisan of Ohio State, James E. Chapman exemplifies its ideals of leadership, scholarship, and service, and its standards of excellence.

Richard W. Trott

Richard Trott began his study of architecture at The Ohio State University in the Autumn of 1955 and graduated in the Spring of 1961 summa cum laude. He compiled an outstanding academic record receiving virtually every honor awarded by the School. He received the Faculty Prize in Architecture in 1957, 1958, 1959, and 1960. In addition, he won the John Noble Richards Scholarship and the Joseph N. Bradford Memorial Scholarship. In his senior year he graduated first in his class and was awarded the AIA Medal, the Certificate of Merit from the Architects Society of Ohio, and the Produce Council Award. Finally, as a student he received honors in three national design competitions, and these awards not only recognized his abilities but enhanced the reputation of the School.

During his undergraduate years, in addition to compiling a distinguished academic record, Richard Trott was also a campus leader. He served as an officer of Ohio Stater's, and on various other student organizations including the Senior Class Committee, the Campus Life Conference, the Engineer's Council, the Student Leader Endowment Fund, the Student Chapter of the AIA, and was the Chairman of the Leadership Training Day. He was a member of Sphinx and Texnikoi. His activities while at The Ohio State University were an extraordinary blend of personal substantive growth and contributions to campus life.

DISTINGUISHED SERVICE AWARDS (contd)

Richard W. Trott (contd)

The commitment to professional excellence and service to the University which Richard Trott established as an undergraduate has characterized his life to the present. He has generously contributed of his resources, time, and talent to the Presidents Club, the Symposium on a Quality Learning Environment, the Committee for Tomorrow of the College of Engineering, the Presidents Club Executive Committee of '88, and the Alumni Association. In 1985, as a member of the Committee for the 50th Anniversary Reunion of the Ohio State he designed the outdoor performance center in Browning Amphitheatre. Richard Trott received a Distinguished Alumnus Award in 1984 and was a Special Honoree at the 300th Commencement ceremonies in 1987. Although he has truly been a dedicated alumnus throughout his professional life, it has been through his contributions to the School of Architecture and his design of the Wexner Center that he has made his most significant and lasting contributions to the University. In respect of the School he has been a tireless and effective fund raiser and he was instrumental in launching the Graduate Associate program. Moreover, he has taught a design course each year, served on various juries and reviews, and he is a member of the School's Advisory Board. He has led efforts to strengthen the architecture library and he has vigorously promoted the School locally, and throughout Ohio and the nation. Indeed, he has served continuously as an informal advisor on all matters pertaining to the development of the School.

Richard Trott has made many important design contributions to the quality of the campus environment. However, none to date are comparable with the enormous effort and distinguished leadership that he invested in the design and construction of the Wexner Center. In many ways the building symbolizes his sincere love for and loyalty to his alma mater. The design excellence which the Center has achieved was driven by Richard Trott's desire to present the University with a landmark building.

Following Mr. Trott's graduation from The Ohio State University, he obtained a Master of Science degree from the University of Minnesota in 1963. Two years later he established his own architectural firm. Since that time he has become nationally recognized for his contributions to the field of architectural design and was named a Fellow of the American Institute of Architects in 1982, and was honored in 1986 with the Governors Award for Contribution in Fine Arts. He has participated in design symposiums at the University of Rome, the American Academy in Rome, and Harvard University; and has spoken at several international meetings of the International Council of Shopping Centers and at the COGEM International Retailing and Services symposiums. Mr. Trott has written articles which have appeared in a number of national professional and trade journals and he has served on both regional and national design juries. Under his design direction, his firm has won over eighty design awards, and was recognized in 1985, as the first ever Gold Medal firm in the State of Ohio. Among the firm's recognitions is the prestigious Progressive Architecture Award for the Wexner Center for the Visual Arts; the first Recchie Award for his firms' office building; the National Laboratory of the Year Award for the Sherex Chemical Company Headquarters; and twenty-six awards from the American Institute of Architects. Clients of the firm include many national corporations and developers as well as international organizations from Europe and Australia.

Richard Trott has made extraordinary contributions toward raising the standards of excellence in architectural design both in Ohio and the nation while simultaneously advancing the ethical norms of his profession. In the latter instance, examples of his pro-bono activities in the community have included service on the Citizens Advisory Committee of the MidOhio Regional Planning Commission, the Upper Arlington Planning Commission, the 1983 Committee for the Greening of Columbus, the Land Use Committee of the Columbus Chamber of Commerce, and participation and membership in numerous other professional and business organizations. Richard Trott has

DISTINGUISHED SERVICE AWARDS (contd)

Richard W. Trott (contd)

always discharged his service responsibilities with distinction and in accordance with the highest ideals of the public interest.

Richard Trott's career is characterized by unselfish devotion to his University, profession, and community while always demanding personal and professional excellence. The Ohio State University is sincerely grateful for his dedication and proudly commends the contributions he has made toward creating an enduring quality environment for living and learning.

and

WHEREAS these awards are given in recognition of distinguished service to The Ohio State University and the awards are in accordance with action taken by the Board of Trustees in 1952:

NOW THEREFORE

BE IT RESOLVED, That the Distinguished Service Awards be approved for awarding as designated above.

President Jennings:

These are two people who have provided enormous service to Ohio State University, Jim Chapman, an attorney from Cleveland, and Dick Trott, an architect here in Columbus. We are very pleased to recommend these to you and I submit these names for your consideration. We would hope to be able to award these in December.

Upon motion of Mr. Teaford, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 90-33

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the August 23, 1989 meeting of the Board, including the following Appointments, Reappointment, Appointment of Chairperson of Department and Director of Center, Reappointment of Chairperson of Department, Leaves of Absence Without Salary, Leave of Absence Without Salary--Change in Dates, Professional Improvement Leave, Professional Improvement Leave--Change in Dates, and Emeritus Titles as detailed in the University Budget be approved.

Appointments

Name:	GARY L. FLOYD
Title:	Acting Dean
College:	Biological Sciences
Effective:	10/1/89 through 6/30/90
Salary:	\$79,200.00
Present Position:	Associate Dean, College of Biological Sciences and Professor, Department of Botony

October 6, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointments (contd)

Name: ASTRID E. MERGET
Title: Acting Dean
College: Business
Effective: 10/1/89 through 6/30/90
Salary: \$110,040.00
Present Position: Associate Dean, College of Business and Director, School of Public Policy & Management

Reappointment

Name: CHARLES F. HERMANN
Title: Acting Vice Provost
Office: International Affairs
Effective: 7/1/89 through 6/30/90
Salary: \$96,480.00
Present Position: Acting Vice Provost for International Affairs and Professor, Department of Political Science

Appointment of Chairperson of Department and Director of Center

July 1, 1989 through June 30, 1990

Mershon Center
Photography and Cinema

Charles F. Hermann
J. Ronald Green*

Reappointment of Chairperson of Department

January 1, 1990 through June 30, 1993

Veterinary Physiology and Pharmacology

Young C. Lin

*Acting Chairperson

Leaves of Absence Without Salary

EIICHI BANNAI, Professor, Department of Mathematics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a position at Kyushu University in Fukuoka, Japan.

MARC L. RAPHAEL, Professor, Department of History, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept the Gumenick Professor of Jewish Studies at William and Mary College.

LUCY D. VENABLE, Professor, Department of Dance, effective Autumn Quarter 1989, for personal reasons.

RAYMOND MONTEMAYOR, Associate Professor, Department of Psychology, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a Visiting Associate Professorship at the Institute of Child Development, University of Minnesota.

October 6, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Leaves of Absence Without Salary (contd)

MICHAEL D. ORLANSKY, Associate Professor, Department of Educational Services and Research, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, for personal reasons.

JULIA F. ANDREWS, Assistant Professor, Department of History of Art, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to complete research articles and a book.

WADE T. DYKE, Assistant Professor, School of Public Policy and Management, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a White House Fellowship.

MARTIN HEESACKER, Assistant Professor, Department of Psychology, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a position at the University of Florida.

ROSEMARY REISS, Assistant Professor, Department of Obstetrics and Gynecology, effective October 1, 1989, through July 31, 1990, for personal reasons.

JAMES C. TURNER, Assistant Professor, Department of Mathematics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a position at Hampton University.

SUSAN P. VAN PELT, Assistant Professor, Department of Dance, effective Winter Quarter and Spring Quarter 1990, for personal reasons.

RAKESH V. VOHRA, Assistant Professor, Academic Faculty of Management Sciences, effective Autumn Quarter 1989, to accept a visiting professorship at the Wharton School of Business, University of Pennsylvania.

Leave of Absence Without Salary--Change in Dates

SHIBLEY Z. TELHAMI, Assistant Professor, Department of Political Science, change leave from Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to Winter Quarter, Spring Quarter and Autumn Quarter 1990.

Professional Improvement Leave

MARLIN L. LANGUIS, Professor, Department of Educational Theory and Practice, effective Spring Quarter and Summer Quarter 1990.

Professional Improvement Leave--Change in Dates

S. M. TARIQ RIZVI, Associate Professor, Department of Mathematics (Lima Campus), change leave from Winter Quarter, Spring Quarter, and Autumn Quarter 1990, to Spring Quarter, Autumn Quarter 1990, and Winter Quarter 1991.

Emeritus Titles

ROBERT J. LYNN, College of Law, with the title Professor Emeritus, effective October 1, 1989.

PEGGY K. HULL, Department of Life Span Process, with the title Instructor Emeritus, effective October 1, 1989.

October 6, 1989 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Upon motion of Mr. Barone, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

RESOLUTIONS IN MEMORIAM

Resolution No. 90-34

Synopsis: The Academic Affairs Committee recommended the approval of the following Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Alexander Frazier

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 23, 1989, of Alexander Frazier, Professor Emeritus in the Department of Educational Theory & Practice.

A native of Arizona, Professor Frazier completed his B.A. (1932) and his M.A. (1933) in Education at the University of Arizona. Following study at the University of Mexico, University of Chicago, and Stanford University, he earned his Ed.D. from Teachers College, Columbia University in 1951. He taught in the Phoenix, Arizona, High School and served as Curriculum Director in the Los Angeles Schools, the Phoenix Schools, and the Houston Schools. Prior to coming to The Ohio State University, he was Assistant Superintendent of the Phoenix Public Schools.

Professor Frazier was employed as Director of the University Laboratory School and Professor of Elementary Education in 1958. During his twenty-year tenure in the College of Education, he played a leadership role in transforming the Laboratory School into a Center of School Experimentation. An excellent administrator and teacher, he was a prolific author. He wrote more than 150 journal articles and authored or edited eight books. Always an advocate for the poor and minority populations, one of his most noteworthy publications was Educating Children of the Poor, published by the Association for Supervision and Curriculum Development in 1968. His concern for these populations moved the entire College to examine admission and retention programs for minority graduate students. Professor Frazier was President of the Association for Supervision and Curriculum Development and held leadership positions in the National Council of Teachers of English and the National Laboratory School Administrators Association.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Woodford W. Zimmerman

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 20, 1988, of Woodford W. Zimmerman, Associate Dean and Associate Professor Emeritus in the School of Music (Lima Campus).

RESOLUTIONS IN MEMORIAM (contd)

Woodford W. Zimmerman (contd)

Professor Zimmerman was born May 15, 1933, in Lexington, Kentucky. He graduated from Wilbur Wright High School in Dayton, Ohio, and then matriculated at The Ohio State University where he was awarded a Bachelor of Science in Music Education degree in 1955, a Master of Arts degree in 1962, and a Doctor of Philosophy degree in 1969.

Professor Zimmerman was a music instructor and Supervisor of Music in the Marysville, Ohio, schools from 1957 to 1961 and music teacher in the Bexley, Ohio, schools from 1961 to 1964. He then came to Ohio State and served as a research assistant during the 1964-1965 academic year and a Graduate Teaching Associate during the 1965-1966 year. He joined the faculty at The Ohio State University in Lima as an Instructor of Music in 1966, and was appointed Associate Dean at Lima in 1970, and remained there until his retirement in 1986. He then assumed the position as Director of Undergraduate Studies at Florida Atlantic University.

Woody was most active professionally and musically during his time at Lima. He was an active member of the Music Educators National Conference, the Ohio Music Education Association, Phi Delta Kappa, and Pi Kappa Lambda. He organized the music program upon his arrival at Lima and was most proud of the breadth and scope of the music program, which still bears his mark. His contribution to the cultural activities in Lima were significant, serving as a member of the Lima Symphony Orchestra Board of Trustees and as Director of the Lima Symphony Orchestra Chorus. He will be remembered for his many years of loyal and dedicated service to the University and the community in Lima.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Zimmerman its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his many friends and associates have sustained.

Upon motion of Mr. Barone, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Barone:

At this time I would like to call on Steve Diebert for the Interprofessional Council report.

Mr. Steve Diebert:

Good morning. For the past few months I have had my vice president fill in for me because I have been in those great University Hospitals that we were talking about earlier. I think that they have a great third-year program where we pay a couple of thousand dollars a quarter and they work us 100 hours a week. That works pretty good.

President Jennings:

That's not enough, Steve -- work that is.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Diebert:

My report to you will be pretty brief this morning, since our first meeting will just be next week. This is due to a lot of the professional schools starting late this year. Last year was a building year for us, a year in which we put in place the facilities in which to establish continuity. As of July of this year, the office was working great. We had a computer in place and a thorough filing system going quite well. However, within the past couple of months a water pipe burst above the ceiling of the office, came straight down on the computer and it was not found until water was leaking into the bookstore below our office. The repairs are underway and we hope to be operating in full tilt by the end of the month.

We also expect to receive our allocation monies within the next few weeks, although we have some concern about a 5 percent cap they put on funding where an organization cannot raise a request for funding above 5 percent. Like I had mentioned, we are a building organization and we are trying to play catch up ball and then move on ahead. The 5 percent will be fine after this year, but we have a lot of things that we still have to do and we need more than a 5 percent increase. We are trying to create the proper working environment, one that we can effectively project to the professional students. Holding us to that 5 percent would be penalizing us for the lack of work displayed by previous IPC administrations. I have been informed that it has been recommended that this 5 percent cap be waived by the Allocations Committee, but it still has to pass the head of CSA.

Luke, Dave, and myself have currently been working on the system to select next year's Student Trustee member. This looks like it is going to be on schedule and there shouldn't be any problems there.

The IPC is planning a conference on terminal illness to be held November 11, in the Union. The conference places many professional disciplines into groups to discuss the ethics involved in dealing with the terminally ill.

Concerning loan disbursement, I would like to let the Board of Trustees know that it took me seventeen minutes to get my loan and pay my fees. As I told President Jennings earlier, it is like when you watch the weather and the weatherman tells you to expect a blizzard and you end up getting a pleasant day. Thank you.

Mr. Barone:

Thank you, Steve. I would like to call Luke Evans, Council of Graduate Students.

Mr. Luke Evans:

Good morning. Autumn Quarter is here again and we are off to a flying start. We have already had our Graduate Student Orientation. We had 400 new entering graduate students attend. They had the pleasure of hearing words of wisdom from Professor George Martin, who is an awardee of Distinguished Research here at this University, and from Professor Ann Souther who is an awardee of Distinguished Teaching, as well as having the benefit of a panel discussion of graduate students who are soon to graduate with Ph.D.'s. We advised them on basic survival techniques that are essential, right from the beginning of one's program -- from choosing the right academic advisor, to parking safely on football Saturday's without getting your car towed. We think it was quite successful and we are pleased that many of the students that participated thought so as well.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

This coming winter we are planning a grant proposal writing workshop to help give graduate students who are in the middle of their programs helpful hints on how to successfully write grant proposals. This is coming at a time when we will gain access to a Stanford University data base that yields funding opportunities for graduate students. This was brought to our attention by Tom Sweeney, Office of Research and Graduate Studies. We are very pleased about this opportunity to give graduate students an opportunity to fund their research. Some of the examples that the data base brought forward -- on a couple of cases, graduate students would present their ideas and would receive anywhere from 70 to 100 opportunities to get their research funded in their particular area. We think this will be fine addition to graduate education.

In the Spring Quarter we are already gearing up for our Graduate Research Forum. This is the granddaddy of our events. This gives graduate students at Ohio State an opportunity to present the results of their research conclusions in a conference-like setting and earn opportunities to win cash awards. We usually require the assistance of approximately 100 faculty members at this institution and at many institutions across the country to be judges in this event. We have had nothing but praises from the participants, both faculty and students, about how this can contribute to increasing the quality of graduate education. Graduate students seem to receive a great boost of confidence when they have the opportunity to present their research in this type of setting. Many universities across the nation are modeling similar events based upon our program.

Some of the issues that we are currently focusing on deal with the quality of student mentoring. We are concerned about the length of time it takes for a person to earn a Ph.D. That is increasing more and more each year. When we consider the cost of getting a graduate education, both in terms of actual cost and opportunity cost, it is imperative that we look closely at the quality of student mentoring and the length of graduate programs. I know for many people the opportunity cost is in the six figures. It takes 6-7 years to earn a Ph.D., that can climb high.

We are also focusing a lot on health care issues. We are concerned that graduate students are paying \$89.00 a quarter for health insurance. But a single graduate student with a dependent has to pay \$278.00 per quarter. We have heard news already that one student in that situation is dropping out of graduate school because of that. We are trying to contact that student so that we can help that student find alternative means of financing. Those are not the stories we like to hear. We are very concerned about health insurance, especially for the people who are single and have dependents, because these people may need graduate education the most.

We are also working actively with minority groups around campus. We are adding the President of the Hispanic Graduate and Professional Student Caucus to our executive committee so that we have a direct pipeline into the issues that are facing Hispanic Americans. We are also working with Asian Americans and Native Americans to develop their particular graduate/professional student organizations, so that they can be members of our executive board and we are not oblivious to their concerns. We are even going beyond that -- the members of our organization are attending their meetings on an active basis and becoming members, so that we have communication in both directions. We don't think it is enough just to invite people to our committees, we want to become actively involved in their

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

organizations so that we can be fully apprised of their concerns.

That is basically it. I am now off to Notre Dame. I will be attending a NAGS regional conference. It is the Midwest Regional Conference and on this occasion I will have a chance to meet with graduate and professional leaders from the entire Midwest and exchange views on what we are doing, our successes and our problems. It should be interesting. It's too bad it isn't a football weekend up there.

Mr. Barone:

Thank you, Luke. At this time, I would like to call on David Straub, Undergraduate Student Government.

Mr. David Straub:

Members of the Board, President Jennings, well not good afternoon quite yet, good morning. First in my report, I would like to introduce our advisor -- last time I didn't, I wasn't sure if he wanted to be introduced or not being as part of this organization -- Dr. Asher, please stand. He is our new advisor. Our previous advisor left with another obligation outside of the University.

In beginning my report, the student government over the summer has been working on many things. Our student newsletter just came out and it will be distributed to all of the students, it is called USG Today. It is like a little play on that national paper. I think we want to be bigger than they are, possibly.

I want to talk about a few controversial things and then talk about some of the programs that we are doing. One of the concerns that I had -- and I almost brought a telephone into this meeting today to set it on the desk and leave it off the hook. The students have been calling our office very frequently -- and it has been a concern of mine -- regarding basketball tickets. They all want to go to the games, but we don't have enough tickets to provide for them. I understand the situation the University's in, and I will just look for support in this matter, hopefully next year, in dealing with this issue.

One other issue that we are concerned with is student representation on all University committees. We feel that our views are important and that there are some committees that undergraduate students in particular, are not represented on, and we ask that they be represented in that capacity.

Now on to the things that we have been doing. We have been working with some minority students right now on a retention program. We are starting a high-risk student study table that will be in effect on Monday for minority students, in particular, to increase their retention at this University. I am really looking forward to this program and hope that it will have an impact at the University in the retention area.

We are working with Representative Mike Stinziano with a campus safety program to increase the crime watch program that USG currently undertakes to go outside of the campus area into all the vicinities where students live off campus. Right now that right now is in the preliminary stages and are working out the details.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub: (contd)

As Steve said, we have been working together with the different student governments on the appointment of the new Student Trustee and we are just in the preliminary stages of that also.

Ms. Davis:

You needn't rush that process.

Mr. Straub:

O.K., we won't rush that process. Another program that we are really looking forward to is the campus environment program that we have initiated. We are concerned with environmental issues inside the classroom, as well as outside as I have expressed in earlier reports to the Board. Our student working on this is Matt Krause. He has been working diligently with the different state government offices in helping with a clean-up program on our campus. I know that our goal is to make this campus one of the cleanest in the country, not only inside the classroom, but outside as well and the entire campus community.

And then one other bright note regarding one of our programs, and then I will end my report, is our park program, USG Park Program. In my first report I discussed the problem of parking on this campus and that we would be dealing with this issue. Well, we have come together with a proposal and a plan to help resolve some of the parking problems on this campus. We worked with the MidOhio Regional Planning Commission, the MetroRide Division, and the Office of Traffic and Parking at the University, to provide a car pool program for students. This program is being implemented. There are a couple different facets of the program and I will explain them just briefly. A student can apply through MetroRides with an application to be matched up with a student at this University. A student can also go to the Office of Traffic and Parking and receive a car pool decal with a hanging tag that they can car pool with. Or the student can do both, be matched up and also receive the car pool tag. So there are different facets of the program that we believe students will utilize and we are really hopeful for this program. The Office of Commuter Affairs is excited about the program, as well as Traffic and Parking, as well as our Office.

Those are just briefly a few things that we are doing and you will all be receiving a copy of our newsletter to peruse, if you will, during this quarter. Thank you for your time, and this concludes my report.

Mr. Barone:

Thank you. Any questions?

Ms. Paige:

I have a question. I was just wondering about the high-risk students' study table for minority students that you mentioned. I know myself, being a minority, I would be kind of hesitant to sit in the area that was labelled a high-risk student study group. I was wondering if you really have thought about this --

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Straub:

The whole program was worked through a student who has been very politically active in the minority issues. His name is Rick Iverson with the Just Us Group. Rick and I both went to a racism conference, which I didn't address, a few weekends ago in Cincinnati, sponsored by the Board of Regents. It was very successful and we spent the weekend together discussing this issue. He expressed his concern that last year he attempted this program and it was not successful. The issue of high risk is defined by the University, as I understand it, and I don't know the specifics. But as I understand it, for minority students, in particular, we are concerned with retention. That is why it is called what it is. We only have limited space also. We would like to have all-student study tables, but we can only limit it to 80 - 100 students right now until we get additional spacing.

Ms. Davis:

How are you making the students aware of these?

Mr. Straub:

Well right now it is brand new. I just talked to scheduling at 10:45 a.m. today to confirm that we had the room. As soon as I get back to the office, I will talk to Rick and we will disseminate this information to those students via phone, via flyers.

Ms. Paige:

Seeing that the program is only limited to 80 students, how are you going to choose which students will attend?

Mr. Straub:

Well, it is not going to be selection at first. If there is a need for greater capacity I plan on soliciting the scheduling office again for additional space at the University. It is the first program of this kind and I think it is important for USG to take the initiative on something to make steps in the right direction in the retention area.

Ms. Paige:

Are you saying that only minority students --

Mr. Straub:

No, no, that is why we qualify it as high risk -- students with learning disabilities or any students -- I am particularly concerned with the minority students, as a personal thing, but it is open to all students.

Mr. Barone:

Any further questions? That completes my report, Mr. Chairman.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

The Agricultural Affairs Committee met this morning and heard a report on the Farm Science Review which was held in the month of September. We found out that it is bigger and better than ever, having the largest three-day total number of paid admissions and the greatest exhibitors' square footage -- 43 acres. That is a lot of exhibits.

We also heard a progress report on the Piketon Research Extension Center. Bids are to be let on or around January 1, 1990. Hopefully, the construction will be completed within the year, and it will offer some new opportunities for the rural area in the southeastern and western Ohio. That constituency is most anxious that we get on with it and get started. So we heard a report on that, and they will continue to keep us updated. That completes my report.

(See Appendix XVII for complete text of the 1989 Farm Science Review, page 357.)

(See Appendix XVIII for complete text of the Progress Report at the Piketon Research and Extension Center, page 359.)

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Kessler:

The Fiscal Affairs Committee heard an extremely favorable status report on the University Campaign for the past fiscal year, as well as progress through August 31, of this year. Gift Receipts for this fiscal year just ended totalled \$68.3 million. Those receipts combined with campaign expectancies and previous year's receipts bring the Campaign total to \$388.2 million, which is 110% of the Campaign goal. During July and August of 1989, the Campaign received an additional \$12.7 million in contributions, bringing the total as of August 31 to just over \$401 million or 115% of the \$350 million goal in the fourth year of this five year Campaign.

(See Appendix XIX for charts of The Ohio State University Campaign, page 363.)

The Fiscal Affairs Committee is also recommending approval for the following resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 90-35

Synopsis: The Fiscal Affairs Committee recommended the approval of the following reports on contracts, grants, and gifts and the summary for August 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station, The Ohio State University Development Fund during the month of August 1989 be approved.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Background

SUMMARY FOR AUGUST 1989

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	169	\$14,099,696.92
Engineering Experiment Station	66	\$ 1,015,894.00
Total	235	\$15,115,590.92

The Ohio State University Development Fund

Establishment of Designated Professorship

The American Electric Power Professorship of Power Systems Engineering (Professorship)	\$ 20,000.00 Annually
--	--------------------------

Establishment of Named Funds

The Sandoz Pharmaceuticals Corporation Endowment Fund for Clinical Research (Support clinical research)	\$ 200,000.00
The Sam Segall Memorial Library Fund (Purchase library books and periodicals for the Veterinary College Library)	\$ 181,407.00
The Sam Segall Memorial Scholarship Fund (Scholarships - College of Veterinary Medicine)	\$ 181,407.00
The Virginia I. Zirkle Scholarship Fund (Scholarships - College of Human Ecology or University College)	\$ 15,000.00

Change in Name and Description of Named Fund

From: The John J. Gerlach Professorship Fund
To: The John J. Gerlach Chair Fund

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - August 1989

Federal Research Contracts/Grants

\$1,807,124.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Manpower for Agricultural Development in Uganda, Office of International Programs in Agriculture (D. O. Hansen and J. M. Erbaugh), 1 October 1989 through 30 September 1990. (Project 764443 - Continuation)

\$935,105.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Spinal Cord Injury Research Center, Department of Surgery (W. E. Hunt) and Department of Physiology (B. T. Stokes), 1 September 1989 through 31 August 1990. (Project 763358 - Continuation)

\$648,769.00 - Department of Health and Human Services, Health Resources and Services Administration, Rockville, Maryland, East Central Regional AIDS Education and Training Center, Department of Family Medicine (L. L. Gabel), 1 September 1989 through 31 August 1990. (Project 766345 - Continuation)

\$349,992.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Improvement of Savings and Credit Services by Rural Financial Institutions in Developing Countries, Department of Agricultural Economics and Rural Sociology (R. L. Meyer and C. Gonzalez-Vega), 1 June 1989 through 30 June 1990. (Project 763301 - Continuation)

\$344,403.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Investigation of Problem-Solving and Man-Machine Systems, Department of Pathology (J. W. Smith and M. S. Kennedy), Department of Industrial and Systems Engineering (P. J. Smith), and Department of Computer and Information Science (B. Chandrasekaran), 1 July 1989 through 30 June 1990. (Project 766119 - Continuation)

\$316,181.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Transmural Transport in Blood Vessels, Department of Pathology and Department of Internal Medicine (D. L. Fry), 1 September 1989 through 31 August 1990. (Project 763184 - Continuation)

\$276,912.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Biogenesis of Mitochondria in *Neurospora*, Department of Molecular Genetics (A. M. Lambowitz), 1 September 1989 through 31 August 1990. (Project 765538 - Continuation)

\$224,526.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Restraint Stress: Suppression of Ia Expression, Department of Microbiology (B. S. Zwilling), 1 August 1989 through 31 July 1990. (Project 767728 - New)

\$197,085.00 - Department of Energy, Argonne, Illinois, An Accelerator Neutron Source for Boron Neutron Capture Therapy (BNCT), Department of Mechanical Engineering (T. E. Blue, R. Christensen, and K. Vafai) and Department of Radiology (R. Gahbauer), 15 July 1989 through 14 July 1990. (Project 767614 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$184,107.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Upward Bound Program, Office of Minority Affairs (L. K. Jackson), 1 September 1989 through 31 August 1990. (Project 767700 - New)

\$183,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Immune Response Mechanisms in Luteolysis, Department of Dairy Science and Department of Dairy Science OARDC (J. L. Pate), 1 September 1989 through 31 August 1992. (Project 767761 - New)

\$179,099.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Thymidylate Synthetase Gene Structure and Expression, Department of Biochemistry and Department of Molecular Genetics (L. F. Johnson), 1 September 1989 through 31 August 1990. (Project 762903 - Continuation)

\$166,958.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Ion Transport by Heart Mitochondria, Department of Physiological Chemistry (G. P. Brierley), 1 September 1989 through 31 August 1990. (Project 760026 - Continuation)

\$150,008.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, An Experimental Study of Shock-Boundary Layer Interaction in Hypersonic Flow, Department of Aeronautical and Astronautical Engineering (J. D. Lee, M. B. Bragg, and J. N. Scott), 1 January 1990 through 31 December 1990. (Project 765240 - Continuation)

\$145,400.00 - Department of Energy, Argonne, Illinois, Molecular Ferromagnetism, Department of Physics and Department of Chemistry (A. J. Epstein), 1 August 1989 through 31 July 1990. (Project 765592 - Continuation)

\$145,030.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Brain Development in Schizophrenics and Their Siblings, Department of Psychiatry (S. C. Olson), 1 September 1989 through 31 August 1990. (Project 767013 - Continuation)

\$137,688.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, DNA Damage in Oncogene Activation, Department of Radiology (A. A. Wani, S. M. D'Ambrosio, and R. M. Snapka), 1 September 1989 through 31 August 1990. (Project 766418 - Continuation)

\$133,880.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Stochastic Fourier Transform Ion Cyclotron Resonance Mass Spectrometry, Department of Chemistry and Department of Biochemistry (A. G. Marshall), 1 September 1989 through 31 August 1990. (Project 763504 - Continuation)

\$130,503.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, The Value of Glycolipids for Classifying Astrocytomas, Department of Pathology (A. J. Yates), 1 September 1989 through 31 August 1990. (Project 767769 - New)

\$126,000.00 - National Science Foundation, Washington, D.C., Arm-Leg Coordination of Multilimbed Industrial Robots, Department of Electrical Engineering (Y. F. Zheng), 16 August 1989 through 31 August 1990. (Project 767792 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$125,844.00 - Department of Health and Human Services, Food and Drug Administration, Rockville, Maryland, Reproductive Toxicology Models for Testing Gossypol Metabolites and Covalently-Bound Residues, Department of Veterinary Physiology and Pharmacology (Y. C. Lin) and College of Pharmacy (R. W. Brueggemeier), 1 July 1989 through 30 June 1990. (Project 767113 - Continuation)

\$124,960.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Cardiac Myocytes and the Cellular Response to Ischemia, Department of Physiological Chemistry (G. P. Brierley), 30 September 1989 through 29 September 1990. (Project 765733 - Continuation)

\$124,696.00 - Department of Health and Human Services, National Library of Medicine, Bethesda, Maryland, Computer Based Pathology Consultation Submodule, Department of Pathology (J. W. Smith) and Department of Computer and Information Science (B. Chandrasekaran), 1 September 1989 through 31 August 1990. (Project 764606 - Continuation)

\$120,373.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Development of Cerebellar Circuits, Department of Anatomy (J. S. King), 1 September 1989 through 31 August 1990. (Project 760045 - Continuation)

\$120,000.00 - National Science Foundation, Washington, D.C., Collaborative Research on Pollen Tube Growth Rates and Male Fitness in Hibiscus moscheutos, Department of Botany (A. A. Snow), 15 October 1989 through 30 September 1992. (Project 767510 - New)

\$107,568.00 - Department of Health and Human Services, National Institute of Child Health and Human Development, Bethesda, Maryland, Teenage Decision-Making, Schooling, and Fertility, Department of Economics (D. O. Parsons), 1 August 1989 through 31 July 1990. (Project 767000 - Continuation)

\$100,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Protein and Epitope-Specific Immune Responses to Bovine Coronavirus in Calves, Food Animal Health Research Program - OARDC (L. J. Saif), 1 September 1989 through 31 August 1992. (Project 767537 - New)

\$100,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Bacterial Genes Coding for Plant Ribulose Biphosphate Carboxylase, Department of Microbiology (F. R. Tabita), 1 September 1989 through 31 August 1991. (Project 767701 - New)

\$99,953.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Peptide Regulation of the HPA Axis in Major Depression, Department of Psychiatry (R. S. Jaeckle), 1 September 1989 through 31 August 1990. (Project 767045 - Continuation)

\$99,340.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Ex Vivo Xenoantibody Adsorption, Department of Surgery (M. L. Henry), 1 July 1989 through 30 June 1990. (Project 767662 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$99,051.00 - International Development Cooperation Agency, Agency for International Development, Mbabane, Swaziland, University Linkage Program in Agriculture: University of Swaziland and The Ohio State University, Office of International Programs in Agriculture (D. O. Hansen), 17 July 1989 through 30 June 1991. (Project 767716 - New)

\$97,109.00 - Department of Health and Human Services, National Institute of Diabetes and Digestive and Kidney Diseases, Bethesda, Maryland, Signal Transduction in Gastrointestinal Neurons, Department of Physiology (J. D. Wood) and Department of Pharmacology (R. H. Fertel), 1 September 1989 through 31 August 1990. (Project 768006 - Continuation)

\$95,403.00 - Department of Agriculture, Science and Education, Washington, D.C., Serotypic Characterization of Porcine Rotaviruses Using Gene 9 cDNA Probes, Food Animal Health Research Program - OARDC (L. J. Saif), 1 September 1989 through 31 August 1991. (Project 767538 - New)

\$92,834.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Drug Prevention Program at OSU, Department of Preventive Medicine (J. R. Hostetler), 1 September 1989 through 30 September 1991. (Project 767785 - New)

\$90,550.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Somatostatin in Spinal Sensory Circuits, Department of Anatomy (R. H. Ho), 1 July 1989 through 30 June 1990. (Project 766184 - Continuation)

\$87,442.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Transfusion Medicine Academic Award, Department of Pathology (M. S. Kennedy), 1 August 1989 through 31 July 1990. (Project 764898 - Continuation)

\$87,057.00 - Department of Education, Office of Special Education and Rehabilitation Services, Chicago, Illinois, Training Grant in Physical Medicine and Rehabilitation, Department of Physical Medicine (E. W. Johnson), 1 October 1989 through 30 September 1990. (Project 767118 - Continuation)

\$87,000.00 - National Science Foundation, Washington, D.C., Physiological Substrates and Products of Carbon Monoxide Dehydrogenase from Methanosarcina barkeri, Department of Microbiology (J. A. Krzycki), 15 July 1989 through 30 June 1990. (Project 767791 - New)

\$86,400.00 - Department of Health and Human Services, National Institute of Aging, Bethesda, Maryland, Geriatric Leadership Academic Award, Department of Internal Medicine (R. Whisler), 1 September 1989 through 31 August 1990. (Project 766318 - Continuation)

\$80,000.00 - National Science Foundation, Washington, D.C., Identification of Sequences Necessary for the Regulation and Function of p33 in Carrot, Biotechnology Program and Department of Agronomy (M. L. Tierney), 15 August 1989 through 31 July 1990. (Project 767706 - New)

\$80,000.00 - National Science Foundation, Washington, D.C., Role of the Host Gene in Root Nodule Development, Biotechnology Program (D. P. S. Verma), 1 August 1989 through 31 July 1990. (Project 767707 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$79,608.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Neuronal Development, Plasticity, and Regeneration, Department of Anatomy (G. F. Martin, Jr.), 10 July 1989 through 30 June 1990. (Project 767734 - New)

\$77,516.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Individual Faculty Scholar Award in Schizophrenia, Department of Psychiatry (J. A. Coffman), 1 September 1989 through 31 August 1990. (Project 768004 - Continuation)

\$71,798.00 - National Science Foundation, Washington, D.C., Summer Mathematics Program, Department of Mathematics (A. E. Ross, G. Edgar, and D. Ray-Chaudhuri), 1 July 1990 through 30 June 1991. (Project 767333 - Continuation)

\$67,183.00 - National Science Foundation, Washington, D.C., Ship-to-Shore Seismic Refraction Investigation of the Lithospheric Structure of the Transantarctic Mountain Front, Byrd Polar Research Center and Department of Geology and Mineralogy (R. R. B. Von Frese), 1 July 1989 through 31 December 1990. (Project 766709 - Continuation)

\$65,000.00 - National Science Foundation, Washington, D.C., Formation of Hybrid Natural Products by Interspecies Cloning of Streptomyces, Department of Microbiology (W. R. Strohl), 15 September 1989 through 31 August 1990. (Project 767709 - Continuation)

\$63,084.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Nicotine, Neuroregulators, and Dysphoric States Among Smokers, Department of Life Span Process (M. E. Wewers), 1 August 1989 through 31 July 1990. (Project 766969 - Continuation)

\$62,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Physics (G. P. Lafyatis), 1 March 1990 through 28 February 1991. (Project 766988 - Continuation)

\$62,500.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Physics (R. J. Perry), 1 February 1990 through 31 January 1991. (Project 766901 - Continuation)

\$59,000.00 - National Science Foundation, Washington, D.C., Presidential Young Investigator Award, Department of Electrical Engineering (Y. F. Zheng), 16 July 1989 through 31 January 1990. (Project 767624 - New)

\$50,778.00 - Department of the Navy, Office of Naval Research, Washington, D.C., Signature Reduction Technology, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 15 September 1989 through 14 September 1990. (Project 767754 - New)

\$50,000.00 - National Science Foundation, Washington, D.C., Predation, Herbivory, and Disturbance: Structuring Forces in the Littoral Zone Community of North Temperate Lakes, Department of Zoology (R. A. Stein), 1 July 1989 through 30 June 1990. (Project 767694 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$49,986.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, NASA Lewis Research Center Compact Range Design, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside and I. J. Gupta), 20 August 1989 through 19 August 1990. (Project 767771 New)

\$48,095.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Preclinical Pharmacology Investigations of Antitumor Agents, College of Pharmacy (L. Maispeis), 31 August 1989 through 30 November 1989. (Project 767472 - Continuation)

\$45,201.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Ethology of Blood/Sugar Antagonism in Mosquitoes, Department of Entomology (W. A. Foster), 1 September 1989 through 31 August 1990. (Project 766238 - Continuation)

\$40,500.00 - National Science Foundation, Washington, D.C., Algebraic and Geometric Topology, Department of Mathematics (M. W. Davis and R. M. Charney), 15 July 1989 through 30 June 1990. (Project 767613 - New)

\$40,000.00 - Department of Education, Washington, D.C., Expanding African Studies at The Ohio State University, Department of Black Studies (I. J. Mowoe), 1 October 1989 through 30 September 1990. (Project 767698 - New)

\$36,218.00 - Environmental Protection Agency, Chicago, Illinois, Effect of No-Till and Fall Plowing on Pesticide Movement in Runoff and Till Drainage, Department of Agronomy - OARDC and Department of Agronomy (T. L. Logan) and Cooperative Extension State Operations and Department of Agronomy - OARDC (D. J. Eckert), 1 May 1989 through 30 April 1990. (Project 766424 - Continuation)

\$36,100.00 - National Science Foundation, Washington, D.C., Bayesian Design and Analysis Stochastic Optimization and File-Merging Methodology, Department of Statistics (P. K. Goel, L. M. Berliner, W. Notz, and S. MacEachern), 15 July 1989 through 30 June 1990. (Project 767762 - New)

\$35,420.00 - National Science Foundation, Washington, D.C., Diatom Biostratigraphy and Antarctic Glacial History Through Reworked and In Situ Microfossils, Byrd Polar Research Center (D. H. Elliot), 1 May 1989 through 31 October 1990. (Project 766757 - Continuation)

\$34,129.00 - National Science Foundation, Washington, D.C., Studies of Internal Layering and Basal Conditions in Ice Sheets Using Low Frequency Ice Radar, Byrd Polar Research Center and Department of Geology and Mineralogy (I. M. Whillans), 1 December 1989 through 30 November 1990. (Project 765261 - Continuation)

\$32,538.00 - Department of Agriculture, Science and Education, Peoria, Illinois, Cooperative Agricultural Research, Office of the Director - OARDC (N. D. Schmidt and R. F. Edwards), 1 October 1988 through 30 September 1989. (Project 766472 - Continuation)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$27,200.00 - Department of Commerce, National Institute of Standards and Technology, Gaithersburg, Maryland, Initiative for the Analysis and Selection of Opacity Project Data, Department of Astronomy (A. K. Pradhan), 1 August 1989 through 31 December 1989. (Project 767788 - New)

\$22,977.00 - Department of the Navy, Navy Material Command, China Lake, California, Antenna Edge Treatment, ElectroScience Laboratory, Department of Electrical Engineering (B. A. Munk), 1 July 1989 through 31 December 1989. (Project 767718 - New)

\$21,000.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Involvement of a tRNA Synthetase in RNA Splicing, Department of Molecular Genetics (A. M. Lambowitz), 1 September 1989 through 31 August 1990. (Project 767697 - New)

\$20,860.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, MARC Predoctoral Fellowship, Department of Microbiology and Immunology and Oral Biology (J. F. Sheridan), 1 September 1989 through 31 August 1990. (Project 766363 - Continuation)

\$20,000.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Small Instrumentation Program -- The Ohio State University, Medicine Administration (D. G. Cornwell), 1 September 1989 through 31 August 1990. (Project 767765 - New)

\$18,000.00 - National Aeronautics and Space Administration, Washington, D.C., Nonlinear Analysis of Boundary Layers with Streamwise Varying Properties, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 1 August 1989 through 31 July 1990. (Project 766897 - Continuation)

\$17,990.00 - National Science Foundation, Washington, D.C., Simulation of Fluid Flow and Solidification in Die Casting Processes, Department of Industrial and Systems Engineering (T. Altan and Y. T. Im), 1 September 1989 through 31 August 1992. (Project 767738 - New)

\$14,480.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, Lubrication of Triboelements, Department of Mechanical Engineering (B. J. Hamrock), 1 July 1989 through 30 September 1990. (Project 766311 - Continuation)

\$12,859.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Spinal Cord Injury Research Center, Department of Physiological Chemistry (L. A. Horrocks) and Department of Physiology (B. T. Stokes), 1 September 1988 through 31 August 1989. (Project 763358 - Continuation)

\$12,000.00 - National Science Foundation, Washington, D.C., Acoustic Communication and Mating Behavior of Prokelisia Planthoppers, Department of Entomology - OARDC (R. E. Treece), 1 September 1989 through 31 August 1990. (Project 767747 - New)

\$10,000.00 - Department of Agriculture, Forest Service, Fort Collins, Colorado, Airborne Video Analysis and Interpretation Software Development, Center for Mapping (J. D. Bossler), 1 August 1989 through 30 October 1990. (Project 767775 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$10,000.00 - Department of Agriculture, Science and Education, Peoria, Illinois, Production and Characterization of Glycosylated Chicken Growth Hormone, Department of Poultry Science - OARDC (D. N. Foster), 1 June 1989 through 1 June 1991. (Project 767720 - New)

\$8,662.00 - Environmental Protection Agency, Chicago, Illinois, Acid Deposition Monitoring Program for Western Lake Erie, Center for Lake Erie Area Research (J. M. Reutter), 1 July 1989 through 30 June 1990. (Project 767085 - Continuation)

\$8,490.00 - Department of Transportation, National Highway Traffic Safety Administration, East Liberty, Ohio, Heavy Duty Brake Research, Department of Statistics (P. K. Goel), 1 August 1989 through 31 July 1990. (Project 767787 - New)

\$7,024.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Small Instrumentation Program, Department of Veterinary Physiology and Pharmacology (L. E. Olson), 1 July 1989 through 30 June 1990. (Project 767732 - New)

\$7,000.00 - Department of the Interior, National Park Service, Yellowstone National Park, Wyoming, Local, Regional, and National Coverage of the 1988 Yellowstone-Area Wildfires: Content Analysis and Evaluation, School of Journalism (C. G. Smith), 1 July 1989 through 31 March 1990. (Project 767730 - New)

\$5,000.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, Small Instrumentation Program, College of Optometry (R. M. Hill), 1 August 1989 through 31 July 1990. (Project 767708 - New)

\$5,000.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Small Instrumentation Program, Oral Biology (J. Travers), 1 September 1989 through 31 August 1990. (Project 767727 - New)

\$4,007.00 - National Science Foundation, Washington, D.C., Scientists and Statesmen: President Dwight D. Eisenhower's Science Advisers and National Security Policy, Department of History (M. J. Hogan and R. Damms), 1 September 1989 through 31 August 1990. (Project 767783 - New)

\$3,750.00 - National Science Foundation, Washington, D.C., REU Supplement to "Models of the Location of Hub Facilities," Department of Geography (M. E. O'Kelly), 1 March 1989 through 28 February 1990. (Project 767343 - Continuation)

\$2,768.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, RNA Splicing in *Neurospora* Mitochondria, Department of Molecular Genetics and Department of Biochemistry (A. M. Lambowitz), 1 April 1989 through 31 March 1990. (Project 765596 - Continuation)

\$2,535.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Synthesis of Polyquinane and Related Natural Products, Department of Chemistry (L. A. Paquette), 1 July 1989 through 30 June 1990. (Project 762298 - Continuation)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$2,421.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, The Molecular Biology of Organellar Translocation, Department of Molecular Genetics (B. R. Oakley) and Department of Microbiology (D. R. Galloway), 1 April 1989 through 31 March 1990. (Project 763502 - Continuation)

\$2,029.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Intramolecular Electron Migration in Proteins and Polypeptides, Department of Chemistry (M. H. Klapper), 1 July 1989 through 30 June 1990. (Project 765529 - Continuation)

\$1,916.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Genetics of Myogenesis: Structure and Function, Department of Molecular Genetics (S. Falkenthal), 1 June 1989 through 31 May 1990. (Project 763993 - Continuation)

\$1,411.00 - Department of Health and Human Services, National Institute of Environmental Health Sciences, Research Triangle Park, North Carolina, Biochemical Studies of Arsenite Oxidase and Sulfite Oxidase, Department of Physiological Chemistry (C. R. Hille), 1 July 1989 through 30 June 1990. (Project 766908 - Continuation)

\$1,137.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Conformational and Electrostatic Effects in Plastocyanin, Department of Biochemistry (E. L. Gross), 1 April 1989 through 31 March 1990. (Project 765991 - Continuation)

\$434.00 - Department of Health and Human Services, National Institutes of Health Clinical Center, Bethesda, Maryland, Normal Patient Volunteer Program, Biological Sciences Administration and Department of Microbiology (A. M. Ackermann-Brown), 1 July 1989 through 31 July 1989. (Project 767704 - Continuation)

Personnel Services - Department of Commerce, National Oceanic and Atmospheric Administration, Rockville, Maryland, Geodetic Advisor for the State of Ohio, Center for Mapping (J. D. Bossler), 1 July 1989 through 30 June 1990. (Project 766340 - Continuation) (Approximate Dollar Value - \$59,000)

TOTAL - FEDERAL AWARDS **\$10,265,454.00**

State of Ohio Research Contracts/Grants

\$210,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Support for the Ohio Technology Transfer Organization (OTTO), Engineering Experiment Station and Academic Affairs Administration (R. E. Bailey), 1 July 1989 through 30 June 1990. (Project 767751 - Continuation)

\$150,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Labor-Management Partnership Program (A Regional Center for the Advancement of Labor-Management Cooperation), Academic Faculty of Management and Human Resources (D. B. Patton and H. R. Bobbitt, Jr.), 1 July 1989 through 30 June 1990. (Project 767608 - Continuation)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$67,746.00 - State of Ohio, Department of Education, Columbus, Ohio, Entrepreneurship Education in the Modernization of Vocational Education in Ohio, Center for Education and Training for Employment (R. D. Ryan), 1 July 1989 through 30 June 1990. (Project 767713 - New)

\$50,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Development of Mascarpone, Italian Style Cream Cheese, for the United States Market, Department of Food Science and Nutrition - OARDC and Department of Food Science and Nutrition (D. J. Dzurec, Jr.), 1 August 1989 through 31 July 1991. (Project 767711 - New)

\$34,000.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, The Mental Health Needs of Persons Who Are Deaf, College of Social Work (R. E. Boettcher), 1 July 1989 through 30 June 1990. (Project 767729 - New)

\$33,708.00 - State of Ohio, Department of Education, Columbus, Ohio, Ohio Ventures in Business Ownership -- Year III, Center for Education and Training for Employment (R. D. Ryan), 1 July 1989 through 30 June 1990. (Project 767712 - Continuation)

\$30,000.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Forensic Psychiatry Traineeship -- Level II, Department of Psychology (H. L. Mirels), 1 July 1989 through 30 June 1990. (Project 767741 - New)

\$30,000.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, Into the 90's: New Works for New Spaces, Wexner Center for the Visual Arts (R. Stearns), 1 September 1989 through 1 October 1990. (Project 767782 - New)

\$19,745.00 - State of Ohio, Department of Health, Columbus, Ohio, Hemophilia/AIDS/HIV Infection Prevention, Department of Internal Medicine (S. P. Balcerzak), 1 July 1989 through 30 June 1990. (Project 767778 - New)

\$15,000.00 - State of Ohio, Department of Development, Columbus, Ohio, Biotechnology Program, Biotechnology Program (P. E. Kolattukudy), 12 May 1989 through 30 December 1989. (Project 767745 - New)

\$10,000.00 - State of Ohio, Department of Health, Columbus, Ohio, Diabetes in Pregnancy -- Education Program, Department of Obstetrics and Gynecology (M. B. Landon), 18 May 1989 through 31 August 1989. (Project 767731 - New)

\$7,358.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, Festival of Cartoon Art, University Libraries (L. S. Caswell), 1 July 1989 through 31 December 1989. (Project 767648 - New)

\$5,550.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, Grandparents Living Theatre, Department of Theatre (J. Reilly), 1 July 1989 through 30 June 1990. (Project - 767755 New)

\$5,109.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, 1989 International Computer Music Conference, School of Music (D. Butler and T. Wells), 1 July 1989 through 30 November 1989. (Project 767767 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

State of Ohio Research Contracts/Grants (contd)

\$5,000.00 - State of Ohio, Department of Human Services, Columbus, Ohio, Successful Single Parenting, Cooperative Extension Field Operations (R. Culbertson), 1 July 1989 through 30 June 1990. (Project 767589 - New)

\$3,749.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, Publication Support for "The Journal: The Literary Magazine of The Ohio State University," Department of English (D. J. Citino), 1 October 1989 through 30 September 1990. (Project 767789 - New)

\$2,801.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, Mershon Performing Arts Season, Mershon Auditorium (R. Stearns), 28 September 1989 through 20 June 1990. (Project 767781 - New)

\$2,263.00 - State of Ohio, Department of Education, Columbus, Ohio, Upward Bound Summer Food Service Program, Office of Minority Affairs (L. K. Jackson), 12 June 1989 through 31 October 1989. (Project 767750 - New)

\$847.00 - State of Ohio, Ohio Arts Council, Columbus, Ohio, A Program of International Visiting Artists for 1990, Department of Art (T. W. Slaughter), 1 January 1990 through 30 June 1990. (Project 767780 - New)

\$150.95 - State of Ohio, Department of Education, Columbus, Ohio, Upward Bound Summer Food Service Program, Office of Minority Affairs (L. K. Jackson), 12 June 1989 through 31 October 1989. (Project 767750 - Continuation)

TOTAL - STATE OF OHIO AWARDS **\$ 683,026.95**

Industrial Research Contracts/Grants

\$198,720.00 - Sandoz, Inc., East Hanover, New Jersey, ZK112-119 -- Study No. C201, Department of Psychiatry (M. R. Mavissakalian), 1 July 1989 through 31 December 1990. (Project 767749 - New)

\$127,147.00 - General Electric Company, Cincinnati, Ohio, Duct Propagation Analysis and Termination Characterization, ElectroScience Laboratory, Department of Electrical Engineering (P. H. Pathak), 1 August 1989 through 31 December 1989. (Project 767744 - New)

\$110,736.00 - Sandoz, Inc., East Hanover, New Jersey, ZK112-119 -- Study No. B202, Department of Psychiatry (M. R. Mavissakalian), 1 July 1989 through 30 September 1990. (Project 767779 - New)

\$110,374.00 - The R. W. Johnson Pharmaceutical Research Institute, Spring House, Pennsylvania, Topiramate Follow-On Protocols (YK-T and YK-P), Department of Neurology (M. E. Drake, Jr.), 1 June 1989 through 31 May 1992. (Project 767760 - New)

\$108,796.00 - Imperial Chemical Industries PLC, London, England, The Genetic Basis of Specific Symptom Responses in Maize Inbreds and Hybrids to Infection by Maize Chlorotic Dwarf Virus, Department of Agronomy - OARDC (R. C. Pratt), 1 September 1989 through 30 August 1991. (Project 767759 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$100,000.00 - Duphar, B.V., Weesp, Holland, Medicinal Chemistry Research, College of Pharmacy (D. T. Witiak), 1 July 1989 through 30 June 1991. (Project 767753 - New)

\$55,757.00 - Neoprobe Corporation, Columbus, Ohio, Phase I-II Clinical Study: The Intraoperative Detection of Colorectal Cancer by Radiolabeled B72.3 Monoclonal Antibody, Department of Surgery (E. W. Martin), 1 August 1989 through 31 July 1990. (Project 766930 - Continuation)

\$40,609.50 - Burroughs Wellcome Company, Research Triangle Park, North Carolina, Evaluation of BW tPA in the Initial Lysis and Maintenance of Patency of Coronary Arteries in Patients with Acute Myocardial Infarction, Department of Internal Medicine (R. D. Magorien), 1 July 1988 through 31 December 1989. (Project 766466 - Continuation)

\$38,600.00 - The Edison Materials Technology Center, Kettering, Ohio, Processing Oxide Superconducting Films as Infrared Wave Detectors, Department of Physics (T. R. Lemberger), 1 August 1989 through 31 July 1990. (Project 767772 - New)

\$38,400.00 - Clinical Research International, Inc., Research Triangle Park, North Carolina, A Multicenter, Placebo-Controlled, Parallel-Design, Phase III Evaluation of the Safety of Lamotrigine as Add-On Therapy in Outpatients with Partial Seizures, Department of Neurology (M. E. Drake, Jr.), 1 July 1989 through 30 September 1991. (Project 767774 - New)

\$30,954.00 - Honda of America Manufacturing, Inc., Marysville, Ohio, Basic Skills Training, Education Administration (J. J. Buffer), 1 June 1989 through 1 December 1989. (Project 767679 - New)

\$28,113.33 - Merck and Company, Rahway, New Jersey, Merck Urine Dose Confirmation Study, Department of Veterinary Clinical Sciences (J. J. Kowalski), 1 August 1989 through 31 December 1989. (Project 767687 - New)

\$26,000.00 - Burroughs Wellcome Company, Research Triangle Park, North Carolina, Open, Multicenter Study of the Safety of PROLYSIS^R (BW tPA) in Patients with Acute Myocardial Infarction, Department of Internal Medicine (R. D. Magorien), 1 July 1989 through 30 June 1990. (Project 767722 - New)

\$20,132.00 - Mission Research Corporation, Santa Barbara, California, Compact Range System Development, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside), 1 July 1989 through 1 September 1989. (Project 767463 - Continuation)

\$20,000.00 - The Procter and Gamble Company, Cincinnati, Ohio, Model Gastritis Infections: Pathogenesis, Immune Response, and Therapeutic Intervention, Department of Veterinary Pathobiology (G. S. Krakowka), 1 June 1989 through 30 April 1990. (Project 767763 - New)

\$15,958.00 - World Book Encyclopedia, Chicago, Illinois, Graduate Student Practicum -- 1989-1990, Education Administration (T. M. Stephens), 1 September 1989 through 30 June 1990. (Project 767752 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$15,000.00 - Beecham Laboratories, Bristol, Tennessee, A Randomized, Double-Blind, Multicenter Study Comparing Myocardial Function, Patency, and Safety of Intravenous EMINASE^R (anistreplase; APSAC; BRL 26921) Versus Intravenous Alteplase (t-PA) in Patients with an Acute Myocardial Infarction, Department of Internal Medicine (R. D. Magorien), 23 August 1989 through 22 August 1990. (Project 767764 - New)

\$12,000.00 - Rosemount, Inc., Burnsville, Minnesota, Advanced Radar Cross Section Measurements, ElectroScience Laboratory, Department of Electrical Engineering (J. D. Young), 1 March 1989 through 30 September 1989. (Project 766668 - Continuation)

\$12,000.00 - Stuart Pharmaceuticals, Wilmington, Delaware, A Multicenter Comparison of Zoladex Depot and Surgical Castration in Metastatic Prostrate Carcinoma, Department of Surgery (J. R. Drago), 1 September 1985 through 30 June 1990. (Project 765067 - Continuation)

\$8,998.00 - Corpak, Inc., Wheeling, Illinois, The Efficacy of Citrate Solution Flushes in the Prevention of Nasogastric Feeding Tube Occlusion, School of Allied Medical Professions (J. C. Burge), 1 June 1989 through 31 May 1990. (Project 767723 - New)

\$7,150.00 - Ross Laboratories, Columbus, Ohio, Enteral Feeding Device Study, Department of Veterinary Clinical Sciences (C. A. Buffington), 15 June 1989 through 14 June 1991. (Project 767699 - New)

\$6,137.50 - Sandoz, Inc., East Hanover, New Jersey, A Double-Blind, Multicenter Study to Determine the Safety and Efficacy of Chronic Sandostatin Treatment in Acromegalic Patients, Department of Internal Medicine (W. B. Malarkey) 1 March 1989 through 30 June 1990. (Project 767693 - New)

\$1,000.00 - Various Food Companies, Minority Internships in Food Science and Nutrition, Department of Food Science and Nutrition (M. E. Mangino and G. W. Chism III), 1 June 1990 through 31 May 1991. (Project 767691 - New)

Travel - International Business Machines Corporation, San Jose, California, Garnet Thin Films for Magneto-Optic Recording Media, Department of Physics (P. E. Wigen), 1 December 1988 through 30 November 1989. (Project 767208 - New) (Approximate Dollar Value - \$7,000)

TOTAL - INDUSTRIAL AWARDS

\$ 1,132,582.33

Other Non-Federal Research Contracts/Grants

\$721,070.00 - Midwest Universities Consortium for International Activities, Inc., Columbus, Ohio, OTO Office Support Project, Office of International Affairs (D. G. McCloud), 1 April 1989 through 30 June 1990. (Project 767598 - New)

\$162,342.00 - Butler County Children Services Board, Hamilton, Ohio, Development of Living Skills Program, Cooperative Extension Field Operations (P. H. Simmons-Schear), 1 July 1989 through 30 June 1991. (Project 767719 - New)

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$156,250.00 - Getty Center for Education in the Arts, Los Angeles, California, The Ohio Partnership for Visual Arts: Regional Institute for Educators, Department of Art Education (N. MacGregor and M. J. Parsons), 1 April 1989 through 30 June 1990. (Project 766784 - Continuation)

\$150,000.00 - American Cancer Society, Ohio Division, Inc., Dublin, Ohio, Application for a Grant to Help Create an American Cancer Society Professorship of Clinical Oncology, Department of Otolaryngology (D. E. Schuller), 1 July 1989 through 30 June 1994. (Project 767737 - New)

\$142,050.00 - Inland Fisher Guide Division, General Motors Corporation/United Auto Workers/The Ohio State University, Columbus, Ohio, IFG/UAW/OSU Cooperative Research Agreement, Department of Industrial and Systems Engineering (G. L. Smith), Academic Affairs Administration (H. L. Gauthier), Department of Psychology (R. S. Billings and R. J. Vance), Academic Faculty of Management and Human Resources (A. E. Reichers and J. Wanous), Department of Communication (K. J. Krone), Department of English (K. O. Locker), Department of Economics (L. F. Dunn), Academic Faculty of Labor Education and Research Services (R. M. Montgomery and E. E. Daniels), and Department of Preventive Medicine (C. A. Heaney), 1 July 1989 through 30 September 1991. (Project 767599 - New)

\$100,000.00 - Ohio University, Athens, Ohio, Molecular Farming: Recombinant Gene Expression in Bovine Mammary Gland and Hen Oviduct, Department of Dairy Science - OARDC (F. L. Schanbacher and C. P. Hodgson), 1 July 1989 through 30 June 1990. (Project 766005 - Continuation)

\$62,732.00 - The Cleveland Foundation, Cleveland, Ohio, Development of a Management Design Program, Business Administration (J. D. Ford), 1 July 1989 through 30 June 1991. (Project 767726 - New)

\$60,000.00 - American Cancer Society, New York, New York, American Cancer Society Institutional Research Grant, Comprehensive Cancer Center (D. S. Yohn), 1 July 1989 through 30 June 1990. (Project 764472 - Continuation)

\$47,163.00 - Robert Wood Johnson Foundation, Princeton, New Jersey, Robert Wood Johnson Dental Services Research Scholar, Community Dentistry (R. A. Kuthy), 1 July 1989 through 30 June 1990. (Project 766819 - Continuation)

\$45,300.00 - American Cancer Society, Atlanta, Georgia, Total Synthesis of Neoliacinic Acid, Department of Chemistry (L. A. Paquette and D. N. Deaton), 1 July 1989 through 30 June 1991. (Project 767756 - New)

\$35,000.00 - American Lung Association, New York, New York, Oxidant Injury in the Adult Respiratory Distress Syndrome (ARDS), Department of Internal Medicine (W. B. Davis), 1 July 1989 through 30 June 1990. (Project 765375 - Continuation)

\$33,931.00 - California Institute of Technology, Pasadena, California, Experimental Study of Decentralized Control Approach Applied to Control of Large Flexible Space Structures, Department of Electrical Engineering (U. Ozguner and K. Ossman), 11 August 1989 through 10 March 1990. (Project 767678 - New)

October 6, 1989 meeting, Board of Trustees

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Designated Professorship

**The American Electric Power
Professorship of Power Systems Engineering**

The American Electric Power Professorship of Power Systems Engineering was established October 6, 1989, as a designated professorship program, by the Board of Trustees of The Ohio State University. This prestigious position was made possible through annual gifts from the American Electric Power System.

October 6, 1989 meeting, Board of Trustees

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Designated Professorship (contd)

**The American Electric Power
Professorship of Power Systems Engineering (contd)**

Each year the funds given for the American Electric Power Professorship will be used to provide compensation and/or program support for a truly distinguished member of the Department of Electrical Engineering. Selection for the coveted honor will be made by the Dean of the College of Engineering in consultation with the Chairperson of Electrical Engineering and with the approval of the Provost of the University. The professorship will be awarded on a year-to-year basis and may be renewable.

Establishment of Named Funds

**The Sandoz Pharmaceuticals Corporation Endowment Fund
for Clinical Research**

The Sandoz Pharmaceuticals Corporation Endowment Fund for Clinical Research was established October 6, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Sandoz Research Incorporated, designated for support of clinical research in the College of Medicine and University Hospitals.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide support for clinical research, including salary and program costs in the College of Medicine and University Hospitals. Clinical research grants and fellowships in areas of mutual interest to the donor and the University will be awarded to eminent faculty members, selected by the Associate Dean of Clinical Affairs in consultation with the Vice President for Health Services and the Dean of the College of Medicine.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Medicine and the Vice President for Health Services in order to carry out the desire of the donor.

The Sam Segall Memorial Library Fund

The Sam Segall Memorial Library Fund was established October 6, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Estate of Samuel Segall (D.V.M. '50) of Youngstown, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Sam Segall Memorial Library Fund (contd)

The annual income shall be used to purchase library books and periodicals for the Veterinary College Library; however, if the annual income of this fund is in excess of the amount needed to purchase library books and periodicals during any year, the excess shall be added to The Sam Segall Memorial Scholarship Fund.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson or program administrative officer, in order to carry out the desire of the donor.

The Sam Segall Memorial Scholarship Fund

The Sam Segall Memorial Scholarship Fund was established October 6, 1989, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Estate of Samuel Segall (D.V.M. '50) of Youngstown, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to students enrolled in the College of Veterinary Medicine. The number and amount of each such scholarship and the recipient(s) thereof shall be selected by the Dean of the College of Veterinary Medicine and his or her associates, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer, in order to carry out the desire of the donor.

The Virginia I. Zirkle Scholarship Fund

The Virginia I. Zirkle Scholarship Fund was established October 6, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Virginia I. Zirkle (B.S.H.E. '45) of Ottawa, Ohio.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Establishment of Named Funds (contd)

The Virginia I. Zirkle Scholarship Fund (contd)

The annual income shall be used to provide one or more scholarships to a student(s) from Putnam County enrolled in the College of Human Ecology or University College with a curricular academic program (CAP) of Human Ecology, at either the Columbus Campus or the Lima Campus. The student(s) should have good potential for career success, have good leadership qualities and be in the upper one-third of his/her high school graduating class academically. Preference should be given to a freshman. If a freshman student is not identified who meets these criteria, then an upper class undergraduate student from Putnam County should be selected. If neither a freshman student nor an upper class undergraduate student from Putnam County is identified, students from the following counties may be considered in order of donor's preference: Van Wert, Allen, Hancock, Henry, Defiance, Paulding. Criteria for selection shall be the same for these students. Selection of the recipient(s) shall be made by the College of Human Ecology Scholarship Committee in consultation with the University Committee on Student Financial Aid. Preference should be given to a Lima Campus student.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

Change in Name and Description of Named Fund

The John J. Gerlach Chair Fund

The John J. Gerlach Professorship Fund was established December 9, 1982, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the family and friends of John J. Gerlach (B.S.Bus.Adm. '23; M.A. '23). The name and description were revised October 6, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income and additional gifts shall be added to the fund's principal until the principal reaches \$1,250,000. At that time the annual income shall be used to provide support for the work of a distinguished teacher and scholar of accounting in the College of Business. Appointment to the Gerlach Chair will be recommended by the Dean of the College of Business to the Vice President for Academic Affairs and Provost of the University and approved by the Board of Trustees.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, in consultation with the appropriate college dean, department chairperson or program administrative officer, in order to carry out the desire of the donors.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Description of Named Funds

The Sphinx Endowment Fund

The Sphinx Endowment Fund was established November 5, 1982, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from members and friends of the Sphinx Senior Class Honor Society. The description was revised December 14, 1984; April 7, 1989; and has been further revised October 6, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income may be used to provide funds for any or all of the following:

- (1) Scholarships to one or more of the current class of active Sphinx members who are entering or are in their senior year of undergraduate study;
- (2) the continued maintenance of, and the addition of class plaques to, the Sphinx Plaza;
- (3) the costs of communications with Sphinx members for gift support and reunion activities; and
- (4) the support of current active chapter activities.

To the extent annual income is not adequate, principal may be used for the same purposes for which income may be used. Principal may also be used for the further development of the site and structures in and adjacent to the Sphinx Plaza and for the upkeep and maintenance of such further developments. At the end of each of the University's fiscal years, any unallocated income balance shall be transferred to the principal account. All expenditures of income and principal shall be approved in advance by the affirmative vote of a majority of the members of the Sphinx Alumni Council which shall be made up of the current active chapter Sphinx President, the Sphinx faculty advisor, the Director of Alumni Affairs, and three Sphinx alumni members appointed by The Ohio State University Alumni Association Board of Directors.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees of The Ohio State University.

Robert M. Zollinger Lectureship Fund

The Robert M. Zollinger Lectureship Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from members of the Zollinger Club and colleagues and friends of Robert M. Zollinger (B.S. '25, M.D. '27). The description was revised October 6, 1989.

All gifts are to be invested in the University's permanent endowment fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

Change in Description of Named Funds (contd)

Robert M. Zollinger Lectureship Fund (contd)

The annual income shall be used to support a distinguished lectureship within the Department of Surgery. The speaker will be selected by the Executive Committee of the Zollinger/Ohio State University Surgical Society in consultation with the department chairperson.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Chairperson of the Department of Surgery, the Executive Committee of the Zollinger/Ohio State University Surgical Society and the Dean of the College of Medicine in order to carry out the desire of the donors.

**Employment of Architect/Engineer and
Request for Construction Bids**

Background

Coffey Road Intramural Fields

The installation of a grass playing surface in Ohio Stadium necessitates development and installation of replacement intramural facilities. This project will develop the field south of Woody Hayes Drive and east of Coffey Road to include five flag football fields, five softball fields, a small storage building, and restrooms. Two of the flag football fields and two of the softball fields will have lighting.

Funds for this project are available from the Athletic Department. Construction costs are estimated from the Athletic Department. Construction costs are estimated at \$375,000.00, and the total estimated project cost is \$475,000.00.

(See Appendix XX for map, page 369.)

**EMPLOYMENT OF ARCHITECT/ENGINEER AND
REQUEST FOR CONSTRUCTION BIDS**

Resolution No. 90-36

COFFEY ROAD INTRAMURAL FIELDS

Synopsis: The Fiscal Affairs Committee recommended authorization to employ architectural/engineering firms and request construction bids for the Coffey Road Intramural Fields project.

WHEREAS this project will develop the fields south of Woody Hayes Drive and east of Coffey Road and install five flag football fields, five softball fields, a small storage building, and restrooms; and

**EMPLOYMENT OF ARCHITECT/ENGINEER AND
REQUEST FOR CONSTRUCTION BIDS (contd)**

COFFEY ROAD INTRAMURAL FIELDS (contd)

WHEREAS the total estimated cost of this project is \$475,000.00, with the estimated construction cost being \$375,000.00, with funding provided from the Athletic Department:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select a qualified architectural/engineering firm as necessary for this project and that the fees for these services be negotiated between the firm selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on this project in accordance with established University procedures, and if satisfactory bids are received, to award contracts, with all actions to be reported to this Board at the appropriate time.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

PURCHASE OF REAL PROPERTY

Background

141 West 11th Avenue
Columbus, Ohio

Location and Description

The property consists of a two and one-half story, four-unit brick and frame residence and a detached frame two-car garage located on approximately 0.11 acres at 141 West 11th Avenue in Columbus, Ohio. The house formerly was a single family residence which was converted for multiple tenancy in the 1950's. The house, built around the turn of the century, contains approximately 2,450 net square feet of living space, plus finished attic and unfinished basement, and is in excellent condition. The property is located within the South Campus acquisition boundary of the University's Master Plan.

Appraisals and Purchase Price

Two MAI appraisals, one by Wilhelm and Associates and the other by Charles R. Allen and Associates, both done in June 1988, valued the property at \$80,000.00. The owners, Charles Beatley of Alexandria, Virginia, and his sister Mary Alice Beatley Jordan of Sunland, California, have offered to sell the property to the University for that amount. Funds for the purchase will be provided from University funds, including funds resulting from the previous sale of properties outside the acquisition boundary.

PURCHASE OF REAL PROPERTY (contd)

Background (contd)

141 West 11th Avenue
Columbus, Ohio (contd)

Use of the Property

Title to the property will be taken in the name of the State of Ohio for the use of The Ohio State University. Because the property is located within the Master Plan boundary, acquisition is important for the University's long-range plans for the South Campus area. Because of the excellent condition of the residence, the property will be used for housing or offices for the foreseeable future.

(See Appendix XXI for map, page 371.)

PURCHASE OF REAL PROPERTY

Resolution No. 90-37

141 WEST 11TH AVENUE
COLUMBUS, OHIO

Synopsis: The Fiscal Affairs Committee recommended the purchase of the improved real property located at 141 West 11th Avenue in Columbus, Ohio.

WHEREAS The Ohio State University has been presented with an opportunity to purchase the property located at 141 West 11th Avenue in Columbus, Ohio; and

WHEREAS this property has an appraised value of \$80,000.00 and the owners, Charles Beatley of Alexandria, Virginia, and Mary Alice Beatley Jordan of Sunland, California, have offered to sell the property to the University at that price; and

WHEREAS this property is located within the South Campus acquisition boundary of the University's Master Plan and the appropriate University officers have determined that the purchase of this property is in the best interest of the University; and

WHEREAS funds for the purchase will be provided from general University funds, including those resulting from previous sales of property outside the acquisition boundary:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to purchase, in the name of the State of Ohio for the use of The Ohio State University, the improved real property located at 141 West 11th Avenue at a price not to exceed \$80,000.00, upon such terms and conditions as are deemed to be in the best interest of the University, subject to the University receiving the necessary approvals from the Ohio Board of Regents and the State Controlling Board.

Upon motion of Mr. Kessler, seconded by Ms. Casto, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

STRS EARLY RETIREMENT INCENTIVE PROGRAM

Resolution No. 90-38

Synopsis: The Fiscal Affairs Committee recommended the approval of the STRS Early Retirement Incentive Program.

WHEREAS in July 1983, the Ohio General Assembly enacted Amended Substitute House Bill 410 which became effective on October 7, 1983, enabling universities and colleges to establish retirement incentive plans for individuals at their respective institutions who are members of the State Teachers Retirement System (STRS); and

WHEREAS The Ohio State University desires to adopt such a retirement incentive plan in order to provide more flexibility in its long term planning for its academic human resource needs:

NOW THEREFORE

BE IT RESOLVED, That effective January 1, 1990, and continuing for two years thereafter, the University will purchase service credit, in one year increments, for eligible STRS members electing to retire under this plan, and further that the amount of service credit purchased shall not exceed the lesser of five years or one-fifth of the individual's total service credited by STRS as of the date the eligible STRS member elects to participate in this plan; and

BE IT FURTHER RESOLVED, That to be eligible, all members must be members of STRS and be currently eligible to retire or eligible to retire after including the years of service credit to be purchased under the plan; and

BE IT FURTHER RESOLVED, That the maximum number of eligible members under this plan will be limited to five percent (5%) of the total number of individuals at the University who are members of STRS as of January 1, 1990, and further that if the total number of persons applying for this program exceeds the five percent (5%) maximum, then approval for participation will be determined in accordance with Section 3307.35; and

BE IT FURTHER RESOLVED, That those individuals who are eligible and approved for participation in this plan must retire within ninety (90) days of notification that additional service credit has been purchased; and further that those individuals who retire under this plan will not be eligible for participation in any other supplemental or early retirement program previously established by the University; and

BE IT FURTHER RESOLVED, That the President and/or the Vice President for Personnel Services are hereby authorized to notify the State Teachers Retirement System on the official form approved by that agency of The Ohio State University's election to participate in the retirement incentive plan in accordance with Section 3307.35 and the terms of this resolution.

BE IT FURTHER RESOLVED, That those individuals who retire under this plan will not be eligible for re-employment with the University.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

PERS EARLY RETIREMENT INCENTIVE PROGRAM

Resolution No. 90-39

Synopsis: The Fiscal Affairs Committee recommended approval of the PERS Early Retirement Incentive Program.

WHEREAS the Ohio General Assembly enacted Amended Substitute House Bill 706 which enables State agencies and institutions of higher education to establish retirement incentive plans for individuals at their respective institutions who are members of the Public Employees Retirement System (PERS); and

WHEREAS The Ohio State University desires to adopt such a retirement incentive plan in order to provide more flexibility in its long term planning for its human resource needs:

NOW THEREFORE

BE IT RESOLVED, That effective January 1, 1990, and continuing for two years thereafter, the University will purchase service credit, in one year increments, for eligible PERS members electing to retire under this plan, and further that the amount of service credit purchased shall not exceed the lesser of five years or one-fifth of the individual's total service credited by PERS as of the date the eligible PERS member elects to participate in this plan; and

BE IT FURTHER RESOLVED, That to be eligible, all members must be members of PERS and be currently eligible to retire or eligible to retire after including the years of service credit to be purchased under the plan; and

BE IT FURTHER RESOLVED, That the maximum number of eligible members under this plan will be limited to five percent (5%) of the total number of individuals at the University who are members of PERS as of January 1, 1990, and further that if the total number of persons applying for this program exceeds the five percent (5%) maximum, then approval for participation will be determined in accordance with Section 145.297(C); and

BE IT FURTHER RESOLVED, That those individuals who are eligible and approved for participation in this plan must retire within ninety (90) days of notification that additional service credit has been purchased; and further that those individuals who retire under this plan will not be eligible for participation in any other supplemental or early retirement program previously established by the University; and

BE IT FURTHER RESOLVED, That the President and/or the Vice President for Personnel Services are hereby authorized to notify the Public Employees Retirement System on the official form approved by that agency of The Ohio State University's election to participate in the retirement incentive plan in accordance with Section 145.297 and the terms of this resolution.

BE IT FURTHER RESOLVED, That those individuals who retire under this plan will not be eligible for re-employment with the University.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

**AWARD OF THE LOW COST MEDICAL PLAN (BUCKEYE PLAN)
FOR THE FACULTY/STAFF BENEFIT PROGRAM**

Resolution No. 90-40

Synopsis: The Fiscal Affairs Committee recommended the award of the low cost medical plan (Buckeye Plan) for the faculty/staff benefit program.

WHEREAS the Board of Trustees in a previous resolution directed the Vice President for Personnel Services to investigate another option for University faculty and staff in the form of a low cost medical plan; and

WHEREAS William M. Mercer-Meidinger-Hansen, Incorporated was employed to assist in the plan design and preparation of, specifications and proposal forms; and

WHEREAS after public advertisement, specification and proposal forms were mailed to eighteen carriers; six did not respond, nine declined in writing to quote, and three carriers submitted proposals; and

WHEREAS the appropriate University offices, Coopers & Lybrand and William M. Mercer-Meidinger-Hansen, Incorporated have reviewed the proposals and, based on financial considerations, claims processing capabilities, other administrative services and carrier financial stability, it is the recommendation of the Office of Personnel Services that the best package for the low cost medical plan, to be named the Buckeye Plan, is offered by John Hancock Mutual Life Insurance Company. The monthly premiums quoted by John Hancock are:

<u>Type of Coverage</u>	<u>Total Premiums</u>	<u>University Share</u>	<u>Individual Share</u>
Single	\$ 81.11	\$ 78.11	\$ 3.00
Two Person	162.22	156.22	6.00
Family	256.10	248.10	8.00

NOW THEREFORE

BE IT RESOLVED, That the contract for coverage under the low cost medical plan (Buckeye Plan) be awarded for a one-year period effective January 1, 1990, with the premium and the performance of the carrier to be reviewed annually. This insurance contract will remain in force after the initial term until the Board of Trustees deems it appropriate to review the designation of the carrier and/or seek a new premium quotation.

Upon motion of Mr. Kessler, seconded by Amb. Wolf, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

REPORT - EXPENSES FOR DESIGNATED ADMINISTRATIVE OFFICIALS

Resolution No. 90-41

Synopsis: The Fiscal Affairs Committee recommended the approval for reimbursement of expenses for designated administrative officials.

October 6, 1989 meeting, Board of Trustees

REPORT - EXPENSES FOR DESIGNATED ADMINISTRATIVE OFFICIALS (contd)

WHEREAS the Fiscal Affairs Committee has authorized the payment of expenses for designated administrative officials; and

WHEREAS it is deemed in the best interest of the University for the Fiscal Affairs Committee to provide from the unrestricted gifts to the University Endowment Fund on an appropriate basis, to the President and designated University officials, reimbursement for expenditures which are directly and necessarily related to the performance of their assigned responsibilities and in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the Fiscal Affairs Committee be authorized to provide reimbursement to designated University officials from unrestricted gifts to the University Endowment Fund.

Upon motion of Mr. Kessler, seconded by Mrs. Bowser, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

--0--

Thereupon the Board adjourned to meet Friday, November 3, 1989, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Madison H. Scott
Secretary

John W. Berry
Chairman

APPENDIX XVI

THE OHIO STATE UNIVERSITY ENDOWMENT SUMMARY
September 15, 1989

Presented to the Investments Committee and
Adopted by the Board of Trustees October 6, 1989
(See page 298)

MEMORANDUM

Subject: Proxy Solicitations
Date: September 30, 1989
From: James L. Nichols, Treasurer *James L. Nichols*
To: Board of Trustees, The Ohio State University

During the months of August and September 1989, the University voted nineteen proxies.

Management proposals were as follows:

- 1) Election of the Board of Directors;
- 2) Approval to increase authorized common stock shares;
- 3) Ratification of independent auditors;
- 4) Approval of a Director Stock Option Plan;
- 5) Approval of a 1989 Stock Award Plan;
- 6) Amendment to limit the liability of Directors and Officers;
- 7) Approval to continue a Stock Option Plan for seasonal employees and increase common shares for said plan;
- 8) Amendment to classify voting of the Board of Directors and require a 75% affirmative vote for their removal;
- 9) Allow the Board of Directors to establish voting rights for preferred stock;
- 10) Approval of the 1989 non-qualified Stock Option Plan;
- 11) Allow for the issuance of common stock pursuant to certain employment contracts;
- 12) Approval to change the name of the corporation;
- 13) Amendment to reduce the number of directors and size of the respective classes of directors;
- 14) Approval to increase authorized shares for a stock option plan.

Shareholder proposals were as follows:

- 1) Enact cumulative voting of the Board of Directors;
- 2) Limit to six years, the term for outside directors.

The University voted for all Management proposals and against the shareholder proposals, which Management also opposed.

The nineteen corporations were:

- 1) Briggs and Stratton Corporation
- 2) ConAgra, Incorporated
- 3) Dean Foods Company
- 4) Gerber Scientific Incorporated
- 5) General Mills Incorporated
- 6) Handleman Company
- 7) Herman Miller Incorporated
- 8) H.J. Heinz Company
- 9) H & R Block, Incorporated
- 10) International Minerals and Chemical Corporation
- 11) Medtronic Incorporated
- 12) Morrison Incorporated
- 13) Premier Industrial Corporation
- 14) RPM, Incorporated
- 15) Skyline Corporation
- 16) Strata Corporation
- 17) Tyco Labs Incorporated
- 18) Universal Corporation
- 19) Worthington Industries Incorporated

1989 FARM SCIENCE REVIEW

**Presented to the Agricultural Affairs Committee
(See page 312)**

1989 Farm Science Review
Board of Trustees Agricultural Affairs Committee
October 6, 1989

The 27th Farm Science Review enjoyed both perfect weather and record attendance. The weather, coupled with late maturing crops across most of the Midwest, assisted in the Farm Science Review, Ohio State's largest, open-air educational activity, setting five new records:

- 1) largest, 3-day total number of paid admissions - 126,400
- 2) largest, single-day total paid admissions - 60,300
- 3) largest, 3-day total number of vehicles parked - 41,262
- 4) largest, 3-day total buses parked - 292
- 5) greatest exhibitor square footage - 1.9 million square feet (equal to approximately 43 acres, an increase of 3% over the previous high)

The trend toward a decreasing number of commercial exhibitors over the previous five years was reversed, with 509 commercial entries, including over 5,000 trademarks of services and equipment. This represented a 5% exhibitor increase over 1988 and a 10% increase in square footage of exhibitor space over the 1988 figures. Considering the continuing trend toward decreasing participation at other, similar expositions around the country, and the continuing increase in mergers of agribusinesses, these statistics are even more remarkable.

Farm Science Review, while sponsored principally by the College of Agriculture (including the Ohio Cooperative Extension Service and the Ohio Agricultural Research and Development Center), can be considered a University activity, having active participation by the Colleges of Veterinary Medicine, Human Ecology, and Biological Sciences. All faculty, staff and students, with valid Ohio State identification, are invited to attend at no charge. Shuttle buses run from the College of Agriculture campus to the Farm Science Review throughout each day.

The 1989 Farm Science Review also saw increased participation by various categories of attendees:

- 1) the number of minorities and women increased
- 2) the number of non-agribusiness persons increased
- 3) the number of out-of-state agribusiness persons increased

For example, 3% of those in attendance were from Indiana, 2% from Pennsylvania, 5% from Kentucky, and 1% from West Virginia. The only decrease in a participant category this year was in the number of out-of-country visitors. A similar Canadian farm exposition in western Ontario overlapped the dates of the 1989 Review and this is thought to be the cause for the decrease in Canadian participation.

Work has already begun on the 1990 Review. It is hoped that the outreach educational program, known as the Farm Science Review, will touch a still greater number of people in 1990.

APPENDIX XVIII

PROGRESS REPORT AT THE PIKETON RESEARCH AND EXTENSION CENTER

**Presented to the Agricultural Affairs Committee
(See page 312)**

Progress Report
Piketon Research and Extension Center
Board of Trustees Agricultural Affairs Committee
October, 6, 1989

Name

The 4.1 million dollar capital funds for the Piketon Research and Extension Center was approved in June 1986 by the Ohio Legislature. Operating funds of 1.5 million dollars were in this biennial budget. The Piketon Research and Extension Center is an unique addition to Ohio State's Ohio Agricultural Research and Development Center and Ohio Cooperative Extension Service. The Center will support programs targeted to Southern and Southeastern Ohio.

Facilities

The new Center will include a 16,456 square foot office, lab, headhouse, and greenhouse building; a 4,784 square foot aquaculture building; a 2,883 square foot farm operations shop; and several site improvements including aquaculture ponds, a 4-acre water reservoir, and research plots on 160 acres of land. Bids were opened on July 30, 1989.

The buildings will be masonry construction with wood siding. Wood will also be emphasized in the entry, lobby, and the multi-purpose room.

Programs

The programs at Piketon will address specific needs of Southern and Southeastern Ohio. The major programs of aquaculture, forestry, agronomy, horticulture, economic development, and water quality and management were developed with input of the local people.

Organization

A coordinator, research assistants or associates, extension assistants or associates, a farm labor support crew, and secretaries will be at the Center. The coordinator will provide overall direction at Piketon and be the contact with the Directors of the Ohio Agricultural Research and Development Center and the Ohio Cooperative Extension Service.

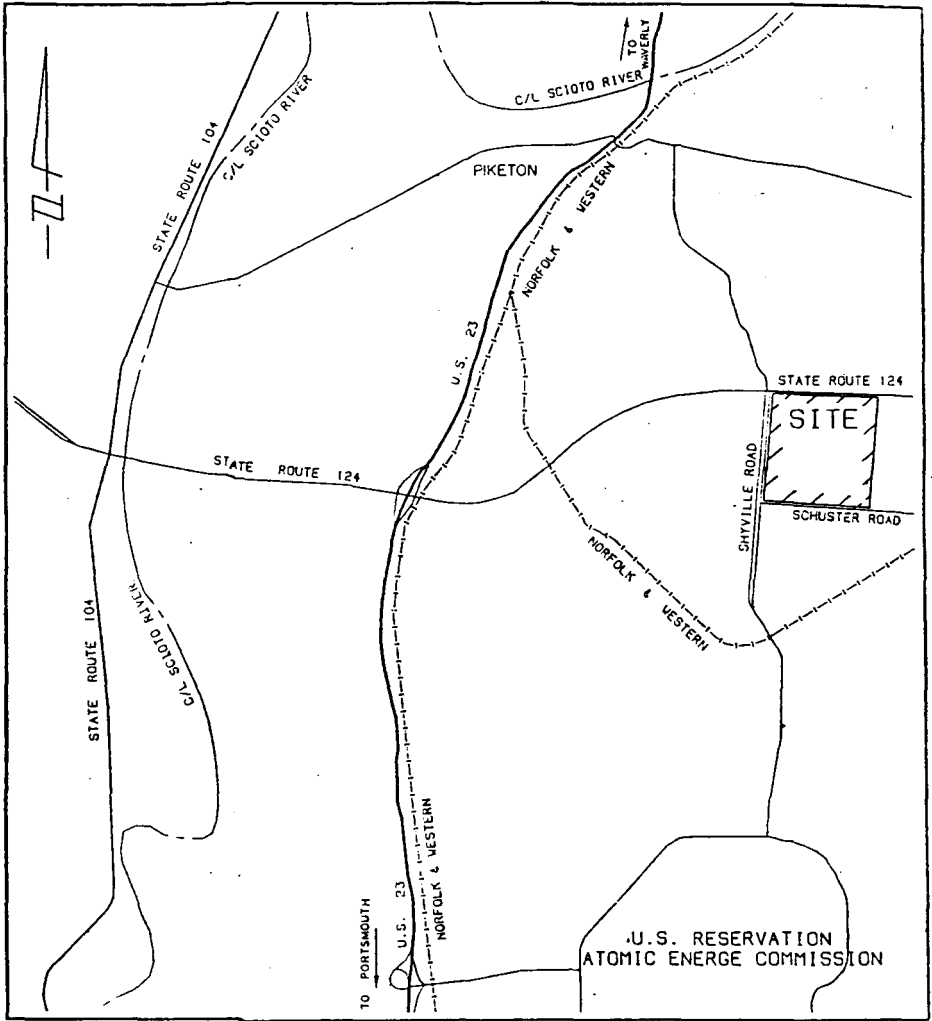

The research and extension programs will be conducted by the Center staff working on specific projects under the direction of Ohio State University faculty members. A portion of the operating funds will be available for special, short-term applied type of projects.

Start Up

Operating funds for the Piketon Research and Extension Center were received July 1, 1989. Office space has been leased in the Scioto Valley School Administration Building in Piketon, Ohio. Dave Rausch is in the office and will assist in the monitoring of construction and with the water quality and management program. The hiring of a site coordinator and adding research/extension assistants or associates in forestry, economic development, and horticulture are proceeding. Additional staff will be hired as facilities become available and projects are approved.

Some water aquifer projects are already started on leased bottom land near Piketon. The initial work has been on historical record studies. The land will be set up for monitoring and on-site projects will be started in 1990.

November 3, 1989 meeting, Board of Trustees

The Chairman, Mr. Berry, called the meeting of the Board of Trustees to order on November 3, 1989, at 11:30 a.m. He requested the Secretary to call the roll.

Present: John W. Berry, Chairman, Shirley D. Bowser, Hamilton J. Teaford, Deborah E. Casto, John W. Kessler, Alex Shumate, and Laurel A. Davis.

--0--

ENROLLMENT REPORT - AUTUMN QUARTER 1989

Mr. Ihrig:

We have with us today Jim Mager, Director of Admissions, and Gene Schuster, the University Registrar, to try and keep me in line to make sure I give you the real story on this. The overall enrollment for Autumn Quarter 1989 is 58,994 students for the University. That represents a decrease from last year of 1.4 percent, as well as a decrease from our projected target for the year of 2.1 percent. Actually, this year in our targets we were down in all categories except for the category of continuing students. There was an increase over the target there due to retention as well as the continual upper divisions within the University. Those represents the ranks of sophomore, junior and senior.

The decrease occurred on the Columbus campus. The regional campuses were up, and ATI continued on its recovery from three to four years ago. The real decrease from last year relates to the entering freshmen. That was a planned decrease. If you will remember, our long-range plan for entering freshmen at Ohio State is 6,500 a year to keep within the enrollment limits set by the State of Ohio.

Last year because of selective admissions and trying to understand the selective admissions process, we reached 7,100, which is far over our target. It put a real strain on the University to handle that many incoming freshmen. This year our target was 6,300 to help compensate for that high enrollment last year of freshmen, and to get us back into the 6,500 on a continuing basis.

Again this year, the quality of the freshman applications and the quality of those admitted had gone up, but the actual retention of those who were actually admitted to enrollment, those percentages decreased on us this year unexpectedly. Last year they went up on us unexpectedly, so we are still learning how to deal with a selective admissions environment and this is going to take us some time. This is like trying to dock and ocean liner and making sure we don't dock it half a mile off the course or run into the beach. We are still in that learning process and I know it will improve over time.

Now, the other factor we have going, when looking at the overall enrollment, is that higher education in Ohio had a 3.5 percent increase. Universities in Ohio only had a 1.6 percent increase as reported by the Board of Regents. A much higher gross, over 5 percent, was reported in the two-year technical colleges, community colleges, and the regional campuses throughout Ohio. OSU Columbus, had a decrease of 1.4 percent. Those trends are going to be interesting to watch over the next decade, especially since we know the high school graduating classes to come over the next 18 years have a projected decrease of 12.5 percent in graduates. Now, being the flagship institution, the demand will still be to enter Ohio State University. Also countering that decrease in the number of expected high school graduates, is an increase in the college going rate, which increased from 40 percent last year to over 46 percent this year. And, it is estimated to go up again to 48 percent next year.

ENROLLMENT REPORT - AUTUMN QUARTER 1989 (contd)

Mr. Ihrig: (contd)

So more and more students are interested in going on to higher education in Ohio and that is very good news. That will be happening in the face of a declining high school graduating class. A lot of first time higher education students, however, will tend to go toward the community colleges and the technical colleges, and those are going to be the growth areas as we see more and more students going on to higher education. Whereas for this University, which is capped -- and we have no interest in growing -- our challenge will be to make sure we have the resources -- since our resources are tied to enrollment -- to continue the quality of the flagship institution in Ohio. I think that is going to be our challenge.

In addition to those issues and with the first quarter freshman issue, we had a slight decrease in the retention of our freshman class -- and it was about a 1 percent decrease -- and I think that can be attributed to having a very large class of 7,100 last year. That is another reason why we are trying to keep the freshman class at a very even rate of 6,500 per year.

Enrollments in the graduate area of the University are down 1.3 percent. This is due to a reduction in part-time graduate students, whereas full-time graduate students are up this year. On our graduate decrease, it was primarily due to the part-time students being down. A heavy part of this was in the College of Education where they are changing the way they offer some of their part-time classes. They changed some hours of the day and made the classes go later, and they have reduced some of their off campus courses as well. That had an impact in reducing the number of students in that area. That was where a large majority occurred.

In some of the other areas there were some planned reductions. Again, the graduate departments will admit graduate students based on how many students were accepted the prior year and how many spaces they have available. So, if they had a high number the previous year, they will have some planned reductions the following year.

We are not completely sure why Continuing Education and the part-time students had a real decrease this year. We think part of this is due to the selective admissions impact at Ohio State. Continuing Education classes are not affected by selective admission. We think some students may have stayed away and not come in because of the publicity of selective admissions. I think that is more of a public relations problem.

Another problems is that the federal government has restricted financial aid for part-time continuing education students much more than they have in the past. So, we are just trying to understand what is really happening in those areas.

The domestic and foreign applications for our graduate programs are up again, and the quality of the applicants is up. The fellowship applicants have a significant increase with top quality students being involved. So, the good news in the graduate area is that we are having a real increase in the quality of the student. In addition, full-time students are taking a larger load of graduate studies. Last year we had a significant drop off of graduate course loads and that was tied into the tax issue of whether the graduate stipends were taxed or not. That has cleared up and we have seen recovery of that, which is good news both for the students and for our subsidies.

ENROLLMENT REPORT - AUTUMN QUARTER 1989 (contd)

Mr. Ihrig: (contd)

The professional colleges are maintaining basically on target. The reductions there are planned reductions in the College of Medicine -- over five years they are taking a 10 percent reduction in the size of the entering classes. Dentistry has had a planned reduction, going from an entering class of 110 down to 100. We see no significant changes there.

We are not over-enrolled at Ohio State this year, and it is the first time I have been able to say that. We have always been over the 40,000 state mandated limit. Our preliminary data indicate we will be 39,727. I would prefer to be right at 40,000 for obvious reasons, but at this point we are slightly below it. That is primarily because of the number of credit hours in some of the areas that had been decreasing in the past and have now turned around. Agriculture appears to have bottomed out in the number of decreases and turned around. Allied Medicine, Dental Hygiene had increases. In Nursing, the number of credit hours turned around from a low last year. We are also getting credit for the increase in our minority student enrollments above Autumn Quarter 1986. So the efforts the University has made in continuing to increase our minority and black student enrollments has had a significant impact not only in the diversity on campus, but also in keeping us within the state mandated enrollment limit. Overall, black enrollments are up 6.2 percent for the year, and entering black first quarter freshmen are up 12.7 percent -- from 482 to 543.

I would be glad to try to respond to further questions you might have regarding the data on this report.

Mr. Teaford:

I have a couple of questions, Mr. Chairman. Sixty five hundred times four is only 26,000 students that we are apparently admitting as first quarter freshmen in the fall, and we have got 40,000 undergraduates?

Mr. Ihrig:

There are also, in addition to the admissions that we have in the Winter, Spring and Summer Quarters, students admitted at the regional campuses and they can move from campus to campus. In addition to that, we bring in and we plan for large numbers of transfer students from other institutions outside the University. For Autumn Quarter the transfers were targeted at around 2,100. So, those activities go on all four quarters of the year.

Mr. Teaford:

Do we have a sense of how many first quarter freshmen there are in the other three quarters?

Mr. Ihrig:

I think Jim Mager can answer that for you.

ENROLLMENT REPORT - AUTUMN QUARTER 1989 (contd)

Mr. Mager:

Yes, the Winter Quarter will bring in about 700 new freshmen, the Spring Quarter will have between 200 to 300, and for Summer Quarter it has been between 300 to 400 freshmen.

Mr. Teaford:

One other thing that has been suggested to me as to why there are less part-time and more full-time graduate students, is that the fear of tuition increases has now caused people to say they want to get out of here faster.

President Jennings:

I hope it is not for fear, but I would hope graduate students would want to get out of here faster. Because one of the major problems in graduate education is and has been graduate students taking way too long to graduate, particularly at the Ph.D. level. I think the faculty should do everything they can to encourage graduate students to finish more rapidly than they have in the past.

Mrs. Bowser:

I don't understand the drop in Continuing Education?

Mr. Ihrig:

We don't fully understand that yet, Mrs. Bowser. I think that is a concern that we have. People in the Provost's office, Student Affairs' Office, and my office are looking at that and trying to understand it. I am concerned about it for the future.

President Jennings:

Up to this point, we have been ahead of the national trends when it comes to graduate education. Nationally it has been going down and we haven't. This is our first look at it. Getting the graduate students out faster would be appropriate. I might add that some of the state-wide restrictions on our graduate programs hurt us -- the limits of 200 hours where a subsidy will be paid is an artificially low limit associated with the Board of Regents and the state. We are working to correct that, as well.

I think the key though is that when we say we are down, remember that in terms of institutional policy, we are only down or up in any one period because of reversals that we didn't pick up, like the Continuing Education or like the graduate program or like the unpredictability of the yield of selective admissions. The basic institutional policy right now is to stay the same size.

(See Appendix XXII for Highlights of Fourteenth Day Enrollment for the Autumn Quarter 1989, page 425.)

At the outset of the Board meeting, Dr. William J. Studer, Director of University Libraries, gave an overhead presentation on The Ohio State University Libraries. (See Appendix XXIII for overhead presentation, page 447.)

HOSPITALS BOARD COMMITTEE REPORT

Mr. Teaford:

The Executive Committee of the Hospitals Board met on Thursday, October 26. We received reports from the medical staff, and reviewed and endorsed the recommendations for medical staff appointments.

Mr. Allen presented a summary of patient activity and the Hospitals' financial performance during the month of September. The number of admissions in the first quarter of this fiscal year exceeded both last year's actual and this year's budget. That is the good news. We believe that increasing admissions will be the key to the Hospitals' success in the future. We hope to accomplish this through continued efforts to cultivate physician referrals and to provide staffing and services high in patient satisfaction. I say that is the good news because, indeed, the revenues in the period were below budget, principally because of shorter patients stays. There also seems to be problems now in getting enough medical admissions. In the past, budgets we have been short in surgical admissions, now it is medical.

In response to our request, Mr. Fraley discussed most-favorable and least-favorable scenarios related to the Hospitals' 1989-90 Capital Budget and Five-Year Capital Plan. I would describe these to be, at best, bare bones, and the five-year capital plan is equally short. Although the Hospitals' ongoing commitments, long-term and operational priorities will remain constant, we explored alternative methods of funding in the event that actual revenues either exceed or fall short of expectations. Some of the factors that will impact on our financial position will be federal budget cuts -- one of which may be retroactive to 1985! In other words, they are going to take away money they have given us for the last four or five years. Other factors include state funding, success of our development efforts, and the ability of the Cancer Institute to repay research equipment expenses. Something which I am not at all optimistic about, personally. Although, I point out I am less optimistic than the Hospitals staff. It seems probable to me that it will be difficult for us to succeed in all of those areas, and, therefore, we looked at the possibility of the Hospitals' borrowing. The good news there is that our Hospitals have perhaps one of the lowest debts of any major hospital in the United States. By contrast the place up north has a debt probably 10 times ours.

Mrs. Bowser:

They have a new building.

Mr. Teaford:

They have all new buildings. Mr. Fraley reported on current Hospitals Administration projects. Lastly, we received updates on the MedOhio facilities and on medical center development. We will review in-depth information on the Med-Ohio operations at our next meeting on December 7, because they are not up to the budget predictions that we made for this year.

INVESTMENTS COMMITTEE REPORT

Mr. Kessler:

The Investments Committee met this morning and reviewed the status of the Endowment Portfolio as of October 20, 1989, as presented by Mr. Nichols. The value of the endowment was reported as \$303.3 million.

Yesterday members of the Investments Committee plus other interested Trustees met to hear reports from our fixed income managers. Based on these, along with last month's equity managers review, the Investments Committee will bring forward recommendations for adjustments in the Endowment investment managers at our December meeting.

That concludes my report, Mr. Chairman.

Mr. Berry:

Any questions?

Mr. Teaford:

I think it is true, isn't it Mr. Chairman, that I have sat on this Board when we have hit the \$100, \$200, and now \$300 million level.

Mr. Berry:

That is true, Mr. Teaford. I started on this Board when we were at \$70 million and Dr. Jennings joined us then, and we have it up over \$303 million. Ed. Joel, you will hit the half-billion dollar mark.

Mr. Kessler:

Mr. Nichols is predicting, and he says the President agrees with him, that in ten years, by the year 2000, we will be at \$1 billion.

Mr. Berry:

Of course, you always have to watch these people that deal with figures!

(See Appendix XXIV for complete text of The Ohio State University Endowment Summary, October 20, 1989, page 469.)

--0--

ACADEMIC AFFAIRS COMMITTEE REPORT

Ms. Casto:

This morning we heard from Dr. Hermann, from the Office of International Affairs. We currently have 2,800 international students here at Ohio State University. We have 500 undergraduates and we are the fourth largest college in the United States for international students. We have a Study Abroad Program that right now is just being implemented. He made a comparison that we allocate the same amount of money and have the same amount of students as Kenyon College, which is not very

ACADEMIC AFFAIRS COMMITTEE (contd)

Ms. Casto: (contd)

good. So we hope to increase that program, hopefully, with some kind of exchange program where we would have foreign students come here and we in turn go the foreign countries. Of course, the emphasis was upon the fact that we are now in such a world market that it is important for us to have that knowledge at Ohio State University.

DEGREES AND CERTIFICATES - AUTUMN QUARTER COMMENCEMENT

Resolution No. 90-42

Synopsis: The Academic Affairs Committee recommended the approval of Degrees and Certificates for Autumn Quarter.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on December 8, 1989, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

Upon motion of Mrs. Bowser, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PERSONNEL ACTIONS

Resolution No. 90-43

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the October 6, 1989 meeting of the Board, including the following Appointments, Appointment of Chairpersons of Departments and Director of School, Leaves of Absence Without Salary, Leave Without Salary--Continuation, and Emeritus Title, as detailed in the University Budget be approved, and the Medical Staff Appointments and Reappointments approved September 28, 1989, by the Hospitals Board be ratified.

PERSONNEL ACTIONS (contd)

Appointments

Name: LASZLO ADLER
Title: Professor (Taine G. McDougal Professorship in Engineering)
College: Engineering
Effective: October 1, 1989
Salary: \$78,320.00
Present Position: Professor, Department of Welding Engineering

Name: DAVID T. MUCCI
Title: Director of the Ohio Unions
Office: Student Affairs
Effective: November 1, 1989
Salary: \$48,000.00
Present Position: Acting Director of the Ohio Unions

Appointment of Chairpersons of Departments and Director of School

October 1, 1989 through September 30, 1990

Food Science and Technology
School of Public Policy and Management

Michael E. Mangino*
Henry L. Hunker*

January 1, 1990 through June 30, 1993

Preventive Medicine

Randall E. Harris

July 1, 1990 through June 30, 1994

Family Medicine

John A. Lombardo

*Acting Chairperson/Director

Leaves of Absence Without Salary

ANDREW D. BAILEY, Professor, Academic Faculty of Accounting and Management Information Systems, effective January 1, 1990, through September 30, 1990, to accept a faculty position in the Department of Accounting at the University of Arizona.

YAIR TAUMAN, Professor, Department of Economics, effective Autumn Quarter 1989, Winter Quarter and Spring Quarter 1990, to accept a visiting professorship at Stony Brook.

MARTIN F. KENNEY, Assistant Professor, OARDC and Department of Agricultural Economics and Rural Sociology, effective October 1, 1989, through June 30, 1990, to accept a position in the Department of Applied Behavioral Sciences at the University of California-Davis, Davis, CA.

Leave of Absence Without Salary--Continuation

BRUCE S. GROWICK, Associate Professor, Department of Educational Services and Research, effective Winter Quarter and Spring Quarter 1990, to continue as Director of the Rehabilitation Division of the Industrial Commission of Ohio.

PERSONNEL ACTIONS (contd)

Emeritus Title

JAMES B. RANDELS, Department of Computer and Information Science, with the title Associate Professor Emeritus, effective November 1, 1989.

Medical Staff--Appointments

CYNTHIA W. BRONER, M.D., Attending Staff, Pediatrics

MICHAEL E. MINER, M.D., Attending Staff, Division of Neurosurgery

MARIA NINI PLURAD, M.D., Limited Staff, Anesthesiology

ELLEN M. ROSENBERG, M.D., Attending Staff, Pediatrics

ROBERT SANTIAGO, M.D., Attending Staff, Preventive Medicine

WILEY G. WOODARD, M.D., Courtesy Staff, Obstetrics and Gynecology

Medical Staff--Reappointments

CHRISTOPHER L. DEMAS, M.D., transfer from Limited to Attending Staff, Family Medicine

JANE F. DONAT, M.D., Attending Staff, Pediatrics

TIMOTHY J. FALLON, M.D., Courtesy Staff, Physical Medicine and Rehabilitation

RODERICK L. FULLER, D.P.M., Courtesy Staff, Division of Orthopedic Surgery

WILLIAM B. KELLY, M.D., Limited Staff, transfer to Anesthesiology

MARY K. KUZMA, M.D., transfer from Limited to Courtesy Staff, Pediatrics

ROBERT E. LAUER, D.D.S., Attending Staff, Division of Oral and Maxillofacial Surgery

JUDITH R. LUBBERS, M.D., transfer from Limited to Courtesy Staff, Family Medicine

MARGARET M. OLSOY, M.D., transfer from Limited to Courtesy Staff, Pediatrics

MICHAEL C. OVERDAHL, M.D., transfer from Limited to Attending Staff, Division of General Medicine

DANA J. SCHULTZ, M.D., Courtesy Staff, Pediatrics

KIRK V. SHEPARD, M.D., Courtesy Staff, Division of General Medicine

RICHARD C. STEWART, D.P.M., Courtesy Staff, Division of Orthopedic Surgery

RENEE S. TAYLOR, M.D., Courtesy Staff, Pediatrics

JOHN N. TETERIS, M.D., Limited Staff, Obstetrics and Gynecology

MARK D. WEWERS, M.D., Attending Staff, Division of Pulmonary Medicine

PERSONNEL ACTIONS (contd)

Medical Staff--Reappointments (contd)

JOHN J. WHELLER, M.D., Attending Staff, Pediatrics

THOMAS E. WILLIAMS, M.D., Courtesy Staff, Division of Thoracic and Cardiovascular Surgery

JOSEPH P. YU, M.D., Limited Staff, Radiology

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

RESOLUTIONS IN MEMORIAM

Resolution No. 90-44

Synopsis: The Academic Affairs Committee recommended the approval of the following Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey a copy to the families of the deceased.

Richard S. Jaeckle

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 25, 1989, of Richard S. Jaeckle, Assistant Professor of Psychiatry.

Professor Jaeckle was born November 24, 1953, in Madison, Wisconsin. He received his B.S. degree (with honors) in physiological psychology and biochemistry from the University of Wisconsin in 1978, and his M.D. degree from Vanderbilt Medical School in 1982. Professor Jaeckle served his internship at the University of Michigan and received his psychiatric residency training at the University of Iowa, where he also did a fellowship in Neuroendocrine Molecular Genetics (1985-87).

Dr. Jaeckle was appointed Assistant Professor of Psychiatry at the University of Wisconsin from 1987-1988 before he was recruited to The Ohio State University in the summer of 1988. He served as director of the psychoneuroendocrinology program in the Department of Psychiatry at The Ohio State University, and taught medical students and psychiatric residents a variety of biological psychiatry and neuroscience topics. He also served as a consultant to the V.A. Outpatient Clinic in Columbus.

Dr. Jaeckle was a brilliant young scientist who was conducting research on some very important neural mechanisms in depressive disorders. He was principle investigator on a five-year NIMH grant titled "Peptide Regulation of the HPA Axis in Major Depression" and co-investigator on another NIMH grant "Corticotropin Releasing Hormone in Major Depression." He was extremely knowledgeable in the field of psychiatric neuroscience, and always had many new ideas for further research to discover the etiology and treatment of serious depression.

RESOLUTIONS IN MEMORIAM (contd)

Richard S. Jaeckle (contd)

On behalf of the University Community, the Board of Trustees expresses to the family of Professor Jaeckle its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, the University, and his friends and associates have sustained.

Geneva H. Nolan

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 17, 1989, of Geneva H. Nolan, Instructor Emeritus in the Cooperative Extension Service.

Mrs. Nolan was born September 1, 1905, in Walton, West Virginia. She received her B.S. in Home Economics Education from Ohio University in 1935; then spent three years teaching Vocational Home Economics in Morgan County.

Mrs. Nolan began her Extension experience when she joined the faculty at The Ohio State University in 1938 as a County Extension Agent, Home Economics in Meigs County. Mrs. Nolan continued in this position until her retirement in 1963.

The National Home Demonstration Agents Association presented Mrs. Nolan the Distinguished Service Award in October 1955 for outstanding work in the delivery of home economics programs. She was a member of the County Agents Association and attended many Extension conferences throughout her association with the Ohio Cooperative Extension Service.

Mrs. Nolan's contributions in providing excellent Extension educational programs during her career earned her the respect and admiration of her coworkers and many thousands of Ohio citizens throughout the length and breadth of Meigs County.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to the family of Mrs. Nolan. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Neal A. Smith

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 15, 1989, of Neal A. Smith, Professor Emeritus in the Department of Electrical Engineering.

Professor Smith was born on February 10, 1919, in Norwich, Ohio. He received his Bachelor of Electrical Engineering degree in 1941 and the Master of Science in 1947; both degrees were from The Ohio State University.

Prior to joining the faculty of The Ohio State University in 1947, Professor Smith was employed as Assistant Chief Engineer of the Federal Machine and Welder Company from 1941 to 1944, and served in the U.S. Navy from 1944 to 1946.

Professor Smith's career spanning 37 years of service to the Department of Electrical Engineering was characterized by many and varied contributions to the growth and success of the Department. A dedicated and inspirational teacher, he nearly single-handedly conducted its

RESOLUTIONS IN MEMORIAM (contd)

Neal A. Smith (contd)

program of instruction in power systems engineering for a number of years. At a time when some programs of this type were dying throughout the country, Professor Smith maintained the power systems program as a strong and vital one and continued to develop and invigorate it. His judgement that instruction in power systems engineering should not be subjugated to new areas was proved totally correct by the later resurgence of such programs throughout the country. The Department of Electrical Engineering has had an outstanding tradition of excellent instruction in power systems engineering since the late 1880's, and Professor Smith was an extremely important part of the maintenance of that tradition for nearly four decades.

He conducted research, served as a consultant to industry, and provided service to the professional organizations relevant to electrical engineering. Through his contacts in industry, he successfully established the Ohio Electric Utility Institute Fellowship Program at Ohio State.

A registered professional engineer, he also served as a consultant and expert witness concerning electrical fires and safety, electrical shock, and high voltage system design and testing throughout his career.

Professor Smith was a life member of the Institute of Electrical and Electronics Engineers and its Power Engineering and General Applications Societies. He was also a member of the American Society of Engineering Education, and other professional, technical, and honorary organizations.

A very loyal supporter of the University, Professor Smith was a member of the President's Club and the President's Club Council.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to the family. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Shumate:

The Student Affairs Committee received an excellent report from the Academic Support Systems for Student Athletes. Highlights of the report -- the report was presented by Russ Spillman, Vice Provost for Student Affairs; Jim Jones, Athletic Director; Larry Romanoff, Lead Academic Counselor; and, also, Kate Riffie and John Macko of the Athletic Academic Counseling Office.

Ohio State University was the second institution in the country to hire an academic counselor. Our thrust and goal is truly on the area of receiving a degree and also in receiving an education here at the University. Our focus is not just on the number of hours that our student-athletes take each quarter, but it is also a focus upon the hours in degree granting programs which is another leading component of the excellent program that we have here.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Shumate: (contd)

I think we can be very proud that the requirements of our academic eligibility program are the most stringent in the country. Not just in the Big 10, but in the country we have the highest standards of academic eligibility for our student-athletes. It is truly a very positive program of academics here at The Ohio State University and one as Trustees, I think we should assist this office in telling the good news story. We all hear about the leadership that we take on the sports programs, on the football fields, and on the various courts, but we can also be proud of this program.

Two areas of concern, if you will, that were mentioned by Mr. Romanoff were: 1) more space is needed for the study table program; and 2) if more courses could be offered during summer school periods, a time when our student-athletes could take advantage of greater course loads. Are there any questions? If not we will move, Mr. Chairman, to the student leaders' reports.

Mr. Luke Evans:

Good afternoon. Mr. Chairman, President Jennings, and Members of the Board, first I will report briefly on a few of CGS's current programming activities, and then I would like to follow-up by discussing, in some depth, what seems to be a growing concern among graduate students, the image of graduate education and graduate students among many of Ohio State's administrators, the State Legislator, and Ohio's general public, and how this image can impact graduate education and the quality of life of its students.

As for activities, Benetta Lucius, our Vice President, has just issued the call for papers for the 1990 Graduate Research Forum. Now she is beginning to work on the recruitment of approximately 100 graduate faculty, both within and outside the Ohio State academic community, to function as judges for this event of growing prestige. Last year's applicants increased 25% over that of the previous year. We expect a similar increase this year, especially since we issued the call for papers two months earlier. Six thousand dollars will be awarded to 20 well-deserving Ohio State graduate students in recognition of their outstanding research. Each year, as a result of our participation in the National Association of Graduate/Professional Students, we receive inquiries from other graduate schools around the country who wish to use our event as a model for their competitions. This year's forum will take place Saturday, April 21, 1990.

Beginning December 1, graduate students at Ohio State will be able to search for grant opportunities from the awards data base maintained by Stanford University. This data base provides grant opportunities almost exclusively to graduate students, thus affording them additional opportunities to fund research that might not otherwise be available. As an aside, I learned that this data base also contains opportunities for research for undergraduate students. So, perhaps, maybe our honors' undergraduate students who are writing an undergraduate thesis may be able to take advantage of this as well. This service is a joint effort between CGS, the Office of Research and Graduate Studies, and Sponsored Programs Development. This new service is being very well received by graduate students as a positive step to enhance the quality of graduate education at Ohio State.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

Finally, as far as activities are concerned we are working with the Center for Teaching Excellence on the Autumn TA Forum entitled, "When the Spotlight's on You, Presenting Yourself in the Classroom." As with last year's forum, the central purpose is to enhance the quality of undergraduate instruction by TA's and to give TA's, the professors of tomorrow, opportunities to improve their teaching skills. This event will be held this Wednesday, November 8.

Now on to the image of graduate education in Ohio. Some of you may have been following a series of articles that have been appearing in the Lantern that concern the Jones Tower resident's displeasure with the 7.3 percent rent increase imposed last July 1. This displeasure is a combination of several events taking place over Winter, Spring, and Summer Quarters.

During the last academic year the residence received various memos to the effect announcing changes in services as a result of cost-containment measures. Much to their surprise, another memo in April announced the 7.3 percent rent increase for the coming academic year citing increased operating costs and inflation as the reasons. This prompted many graduate students to inquire further into this matter by obtaining copies of the proposed budget. They noticed that projected operating expenses including adjustments for inflation were slightly lower than that of the previous year. Which seemed to correspond with cost-containment efforts described in previous memos. But they also noticed a new line-item for University reallocation. The residents are arguing that the rent increase was not a result of increased operating costs and inflation, but rather a consequence of the University's cost-containment reallocation program. While they have no complaint about the cost-containment portion, they do object to paying monies for reallocation since these funds go outside Residence and Dining to other areas of the University. Their belief is that cost-containment benefits should remain within Residence and Dining and accrue to those who use R & D services -- student residents. Reallocation, they claim, constitutes a profit and accrues to the benefit of all University students. Accordingly, reallocation has the unintended effect of placing a disproportionate share of the University's burden to fund its higher priority needs on students living residence halls. If this argument has some merit, could this affect accessibility to graduate education? Accessibility to higher education is one of the guiding principles of land-grant institutions. Defining accessibility, it would seem, does not include tuition alone. It would also include room and board, health insurance, and so on. So, what role does graduate housing play in accessibility to graduate education?

New graduate students generally arrive on campus under special circumstances. An out-of-town single student, for example, usually arrives without any established social structure and full employment. This generally means that this student is not likely to be able to afford an apartment until he or she has had the opportunity to make friends for roommate purposes. We would expect single students from the local area to have an established social structure and thus some opportunity to find a roommate to share apartment rent. Married couples can usually move directly into apartments, with the possible exception of international couples who may desire married housing for safety reasons until they get to know the area better. Graduate housing is especially important to those coming from out of town so that they can get settled in the shortest amount of time and begin their academic work. So the local rental market is, for all practical purposes, not available to many, newly arriving

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

graduate students. They are somewhat vulnerable and dependent upon the availability and reasonable pricing of the University Graduate Housing until they become settled.

Most of the Jones Tower residents are cognizant that administrators in higher education nation-wide are under tremendous financial pressure. Universities brutally compete with each other to attract top faculty, often by offering them salaries far in excess of the inflation rate. Universities spend large sums of money to attract the best students to the campuses. So, when faced with the pressures from the public to keep tuition low and a State Legislature reluctant to increase taxes for education, together in a brutally competitive environment in higher education, one can certainly see the logic of a cost-containment reallocation program as an operative to provide this fiscal flexibility required to enhance the quality of this institution.

The Jones Tower situation, as an example, is indicative of a much larger problem and that is the poor support for higher education among the general public of Ohio. Primary and secondary education have the highest priority, followed by undergraduate education, with virtually none remaining for graduate education. Support for graduate students in the form of graduate associateships appears more to support undergraduate instruction, not graduate education. Evidence of this lack of support was revealed when the State Legislature placed a cap on undergraduate, but not graduate tuition. The fact of the matter is that all levels of education are important to Ohio.

More and more graduate education is necessary to assume leadership goals in society. And contrary to popular belief, those who attend graduate school are not all from the affluent classes. Over 60 percent of all Ph.D.'s from Ohio State come from families who are first-time college graduates, and this is from both sides of the family. This means that the majority of Ohio State's Ph.D.'s are from working and middle-class backgrounds which sounds to me like Ohio State is living up to its land-grant mission of providing access from many of the general population. It is important that the people of Ohio move from the 20th Century into the 21st Century in recognizing the importance of strong budgeted education to the State. Not to do so may mean that Ohio's brightest, who are likely to be from all class backgrounds, will go elsewhere for their graduate education and perhaps stay elsewhere once they have graduated.

Graduate education needs the support of the general public if this University is to grow in quality, increase the accessibility for all, especially women, minorities and single parents, and to provide sound leadership for Ohio today and in the future.

Mr. Shumate:

Thank you, Mr. Evans. Are there any questions?

Mr. Teaford:

I just want to ask one question. Is that accurate that there is a reallocation out of dormitories and in to --

STUDENT AFFAIRS COMMITTEE REPORT (contd)

President Jennings:

Reallocation has been going on now for several years, out of all of the units in the institution. They have been coming out of the various units of the institution. There is no question that there is a systematic reallocation from the auxiliary enterprises to the academic enterprises. This has been going on for several years. The dormitories are paying to support the academic enterprise of this institution, as I think it should. One of the interesting things we will discuss next month, are graduate student stipends. You will note, Luke, that part of the graduate student stipends increases will come from the reallocations of this institution, because the State doesn't support them. That is a fairly narrow view.

I might ask, Luke, how many graduate students also have applied for application to the Board of Trustees for this upcoming year?

Mr. Evans:

I do not have those numbers.

Ms. Davis:

If I might provide -- I would like to ask you to remain here at the front. I have several questions and comments that Sophia and I have put together. As we understand, there were 13 applicants total from the student body of 55,000 plus; 10 of which were undergraduate, 3 of which then would be either graduate or professional students.

Mr. Teaford:

After all of the noise about wanting Student Trustees, there is obviously no interest on this campus in Student Trustees at all, if that was all that applied.

Ms. Davis:

Needless to say, Sophia and I are concerned and I would just -- I will ask my questions and give my comments after Bart has reported.

Mr. Evans:

May I comment on that?

Ms. Davis:

Will you please.

Mr. Evans:

I don't think it is a lack of interest. I think it was a matter of timing, at least as far as graduate students were concerned. When we established the dates for the Board of Trustees process for this year, it was just after our monthly meeting on October 1. We have our next monthly meeting this Sunday. We were a little bit late in getting our Graduate Voice out, which will be out in the next couple days. We do not have the resources to notify 10,500 graduate students and we relied on the three display

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans: (contd)

ads that were placed in the Lantern advertising the position. I think that this is probably a pretty weak approach and --

Mr. Teaford:

I saw all three ads myself.

President Jennings:

I did, too.

Mr. Shumate:

Are there any other questions of Luke? The next report, Mr. Chairman, will be from Bart Deems who is the Vice President of the Undergraduate Student Government.

Mr. Deems:

Members of the Board, President Jennings, distinguished guests, this is the first time I have had the privilege to address this body. Mr. Straub is not here today, because he is at a meeting on public safety and he wanted you to know that. Before I get to the Student Trustee issue, I would like to start off by covering some things that have been going on in undergraduate student government.

Once a month we have a joint meeting where we try to get all the bodies of student government together from the cabinet, to the committee members, to the Assembly, to the Administrative Staff, and get everyone working together. As a whole, it seems that a few problems with student government in the past were that each body student government worked on its own and didn't really get together and utilize the resources of the other bodies. Last night we had a joint session and Laurel gave an opening address regarding Student Trustees and what she did on the Board and how it benefitted not only the school, but herself as well. And then David and I proceeded to try and get as many issues as possible from all the students present, so we can say that these issues are important to students on campus. These issues are coming directly from students and I would like to share those issues with you. They are not, by any means, in order of importance. It is kind of a general list and I think that certain things need to be expounded upon and I will try to do so when I can.

The first issue that was brought up concerned the violence on campus. I am sure that you all have heard about the rapes and so forth. The most recent one was on the Oval. Something we feel that could be immediately taken care of is lighting on the Oval. Paulette Fouts, who is our appointee to the Committee on Women and Minorities, came into the office one night after an Assembly meeting a couple of weeks ago and said, "Bart, do me a favor, I would like for you to come outside." A group of us walked out to the middle of the Oval, it was maybe 8, 9, 10:00 at night, something like that, reasonable study hours I would assume. I thought it was pitch black out there. It really took Paulette to point this out to me because I usually don't worry about walking around campus by myself. But I think the lighting on the Oval needs to be addressed. It certainly is not satisfactory.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Deems: (contd)

Along those same lines, since the last attack on the Oval, the telephone calls through the Crime Watch Organization have increased by over 400 percent. I don't know if you are all familiar with Crime Watch, but it is an escort service, basically, that tries to make sure that people who need to get home safely, do.

The next issue that was brought up was the student involvement in all University committees. Again, transportation in regards to campus safety. We thought maybe that although the University does an excellent job transporting students around, there are still certain areas, especially around the Oval late at night where people need to get home safely. Traffic and Parking is always an issue. The basic environment of the campus, trash and litter -- the undergraduate students realize that is a responsibility that we create and we are working on a means where we can hopefully alleviate some of that.

Teacher evaluations are still very important to us. Student financial aid -- I spoke to Professor Brown regarding student financial aid. He called me about student financial aid and wanted to know what was going on with that committee, because he had had several students that came up to him after their classes that weren't able to add the class because their student loans had not come in and so forth. I am sure that President Jennings realizes that there is a lot of work going on in this area, but it is not perfected yet and we need to do something about that.

Child Care on campus for those who are attending school as well as trying to raise a family; basketball tickets, a hot issue right now; racism, sexism, and homophobia; alcohol and drug abuse; and theft. Along the racism, sexism, and homophobia issues, the action committee has met twice so far and we are going to have a Winter Quarter conference that will hopefully address as many of those issues as possible. Pom-Pom Day is November 11. The Undergraduate Student Government proposes to pass out in excess of 90,000 pom-pom at the Iowa football game.

And getting back to Laurel's original comments, the Student Trustee applications have all been turned in now. The screening committee will submit a list of ten applicants to the nominating committee and then the nominating committee will submit a list to the Governor. That list to the Governor should be out sometime in mid-December or so.

That concludes my report. Are there any questions?

Mr. Shumate:

Any questions of Bart?

Ms. Davis:

If I may, I will begin. Sophia Paige, the other Student Trustee, and I spoke last night regarding the response rate to the Student Trustee application process. As I mentioned earlier, there were thirteen applicants in all. And, needless to say, Sophia and I are very concerned about that low response rate. My first question is how do you both feel about the low response and the number of applicants for the position of the Student Trustee?

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Evans:

When I heard we had thirteen applications I was quite concerned, because I think it is important that we present a quality slate to the Governor. I had first proposed an extension of the deadline so that we could perhaps do some more advertising, but the others were opposed to that. They didn't want people applying who were perhaps not sharp in meeting deadlines and who weren't really interested in the position. So, we agreed that if the thirteen were not of good quality that perhaps we would reopen the process and do another push to get good people. I agree with the value of deadlines, but not at the expense of quality.

Mr. Deems:

I would just like to say that first of all that I am shocked and appalled that there were so few. From a personal standpoint, I would be thrilled and I can't imagine that everybody else in this school would not be thrilled to be involved with the process of the University. Regarding the number that we had, it came as a shock to me. I understand that there were 52 applications last year. Is that correct? Which works out to an average of about 26 per position, because there were two persons running. This year we had about 10. I think that the Lantern was ineffective, the poster boards that were put up were ineffective. We need to go out and address the student organizations, the leaders of those student organizations, and basically do a much more comprehensive job of trying to choose those students. We need to take a much more active role. All I can say is that this decision was reached by the three presidents of the student organizations. We were faced with the choice of going ahead with the thirteen applications, or extending the deadline, which realistically I don't think is fair to the students who met the deadline. But then again I see the other side -- we need to accept and submit an adequate list to the Governor. In the future, I will try and emphasize to anybody involved in the student government that this needs to be hand-held and carried, instead of just saying you can be appointed to the Board of Trustees if you apply.

Ms. Davis:

What you both said leads into the next two questions that I have. Sophia and I discussed the possible solutions to this low response rate. One being extending the application period, but I personally don't feel that that is fair to the thirteen who applied on time. Do you think that a more vigorous promotional campaign would affect the response rate? I am not so sure that the three small Lantern ads were enough. I didn't see any poster boards myself. I think, it is a hot issue for the student body to find out about, and the Lantern should have covered it in an article about what the role of the Student Trustee is. Do you agree with me and Sophia that a more vigorous campaign would help?

Mr. Evans:

Yes. I think last year there were several feature articles on this.

Mr. Deems:

Also, from what I understand, last year was the first time for this, so there was extensive media coverage.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Davis:

We are concerned whether or not thirteen students is going to end up representing a diverse sample of the student population. We believe that the Student Trustee position needs to be representative of the student population. And we are concerned about whether thirteen is going to give us a representative sample.

Mr. Deems:

I see what you are saying. If you don't mind, I would like to use the example -- people say to Dave and I, "only 10 percent of the population voted you in office." We are not a complete representation of student government, and I realize that. If you had 50,000 applicants, whomever you pick is not going to represent all of the students. But, that is not the point I am trying to make. I think that, obviously, we would like to have more applicants, but this is what we have and the screening committee and the nominating committee will both try to pick the most qualified applicant.

Mr. Evans:

Well, I am kind of doubtful that thirteen would be representative of the various significant groups that exist on campus, especially the minority groups. I have not seen the applications yet.

Ms. Davis:

If I might summarize, there are couple of points that Sophia and I, basically, wanted to make -- one is that with several improvements, perhaps, to the promotional campaign need to be made. Lantern stories could be done, as I mentioned earlier; government bodies addressed; distribution of applications throughout the campus at residence halls, unions, colleges offices, areas of that nature, as opposed to just going to the student government office. Also the current students on the Board of Trustees could offer a program in conjunction with the student governments, saying "we are here, the deadline is in two or three weeks, if you have any questions come ask us, we will tell you what it means to be a Student Trustee."

Secondly, as I said earlier, we believe that the students on the Board need to be representative of the student population and it is virtually impossible to believe that thirteen applicants is going to be able to give us a representative sample. As a result, OSU and the student body in general potentially may not be served as well as it could be. We see the Student Trustees as the most important position for students on this campus and in this community. Because it is a guaranteed two-year term and not just a one-year term like your positions as president and vice president of your respective student governments, we believe that USG, IPC, and CGS need to be promoting and advocating this position more than any other program. The two-year term intensifies the importance of selectively choosing the student for the Board of Trustees here at Ohio State.

Mr. Teaford:

We got a very clear message from the thirteen people. It is a very clear message.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

President Jennings:

Yes, it is a very clear message.

Mrs. Bowser:

For six years that is all the students talked about, that you wanted a trustee on the Board. That's all you talked about.

Ms. Casto:

This has been going on since I was an undergraduate.

Mrs. Bowser:

It is incredible!

Ms. Casto:

That was part of a sixties movement. That was a big deal, and look what happened. I can't believe --

Mr. Berry:

Well, we could go on for quite awhile on this subject. I don't think any one person, or one group is at fault, but I think we should certainly take note of the fact that this isn't a desirable situation and we should do something about it. We hope that we will improve in the future. Of course, I agree, that after your evaluation process, if you don't feel any of them are really the people you would like to recommend, then I think we should reevaluate what we should do to get other applicants this year. We don't just want to say here are the best two or three out of thirteen, if we don't really feel that any of them are qualified. Now maybe all of them are good people; they may all be very well qualified.

Mr. Shumate:

Are there any other questions? Thank you both for coming this morning. Thank you for your reports. That completes my report, Mr. Chairman.

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mrs. Bowser:

My report will be very brief since we are running behind schedule. We met with Dr. Dan Garrison who is head of the Agricultural Technical Institute at Wooster. His enthusiasm is wonderful and he was very impressive. He discussed many of the good things going on at ATI -- some of them very non-traditional -- and it made me very proud to hear his report. That completes my report.

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Berry:

It was a good report, I sat in on it.

(See Appendix XXV for complete report on The Agricultural Technical Institute, page 481.)

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Kessler:

The Fiscal Affairs Committee met this morning and we heard a report on the 1989-90 Current Funds Budget - 1st Quarter Report.

(See Appendix XXVI for the charts on The Ohio State University 1989-90 Current Funds Budget, 1st Quarter Report, page 485.)

The Fiscal Affairs Committee is also recommending approval for the following resolutions:

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS

Resolution No. 45

Synopsis: The Fiscal Affairs Committee recommended the approval of the research contracts, grants, and gifts and the summary for September 1989.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, other agencies, alumni, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts and grants are received through The Ohio State University Research Foundation, the Engineering Experiment Station of The Ohio State University, and The Ohio State University Development Fund:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein, and the acceptance of the reports from the Engineering Experiment Station and The Ohio State University Development Fund during the month of September 1989 be approved.

Upon motion of Mr. Kessler, seconded by Mr. Teaford, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

SUMMARY FOR SEPTEMBER 1989

Background

Source	No. of Projects	Support Level
The Ohio State University Research Foundation	113	\$10,738,286.63
Engineering Experiment Station	37	\$ 466,683.00
Total	150	\$11,204,969.63
The Ohio State University Development Fund		
Establishment of Named Funds		
The Eugene Thal Scholarship Fund (Financial assistance for students in the field of business administration)		\$ 378,778.00
The Dr. and Mrs. Victor L. Steffel Memorial Fund (Scholarships - first-year dental students)		\$ 120,000.00
The Dale E. and Lena K. Crossen Memorial Fund (Support the College of Agriculture)		\$ 75,000.00
Donald J. Borrer Fund for Bioacoustical Studies (Aid bioacoustical research, teaching and service programs)		\$ 15,000.00
Harry H. and Margaret B. Postle Scholarship Fund (75% for Scholarships - College of Dentistry; and 25% - used by the College of Human Ecology)		\$ 15,000.00

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION

Report - September 1989

Federal Research Contracts/Grants

\$1,094,210.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Stress: Impact on the Immune-Endocrine Axis and Health, Department of Microbiology and Immunology (M. R. Glaser), 1 September 1989 through 31 August 1990. (Project 767005 - Continuation)

\$621,765.00 - Department of Health and Human Services, Bureau of Maternal and Child Health and Resources Development, Rockville, Maryland, Mental Retardation Training, Nisonger Center (V. L. Reynolds), 1 July 1989 through 30 June 1990. (Project 767710 - Continuation)

\$618,253.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Improvement of Savings and Credit Services by Rural Financial Institutions in Developing Countries, Department of Agricultural Economics and Rural Sociology (R. L. Meyer and C. E. Cuevas) and Department of Agricultural Economics and Rural Sociology and Department of Agricultural Economics and Rural Sociology - OARDC (D. W. Adams), 1 September 1989 through 30 April 1992. (Project 763301 - Continuation)

\$550,000.00 - Department of Commerce, National Oceanic and Atmospheric Administration, Rockville, Maryland, The Ohio Sea Grant Program, Center for Lake Erie Area Research (J. M. Reutter and M. Brainard), Department of Agricultural Economics and Rural Sociology (L. J. Hushak), Department of Zoology (D. W. Garton), Department of Civil Engineering (K. W. Bedford and M. R. McCord), School of Natural Resources (R. W. Fortner), Cooperative Extension State Operations (J. D. Rohrer), Department of Educational Studies: Humanities, Science, Technological, and Vocational (V. J. Mayer), and Department of Welding Engineering (S. Rokhlin), 1 September 1989 through 31 August 1990. (Project 767770 - Continuation)

\$236,313.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Personality, Psychological Stress, and Immunocompetence, Department of Microbiology and Immunology (M. R. Glaser and W. P. Lafuse), Department of Psychiatry (J. Kiecolt-Glaser), and Oral Biology (J. F. Sheridan), 1 September 1989 through 31 August 1990. (Project 764961 - Continuation)

\$200,000.00 - Department of Health and Human Services, Office of Human Development Services, Administration on Developmental Disabilities, Kansas City, Missouri, UAF Administration and Operation, Nisonger Center (S. R. Schroeder), 1 July 1989 through 30 June 1990. (Project 763712 - Continuation)

\$195,087.00 - Department of Energy, Idaho Falls, Idaho, Installation and Evaluation of a Nuclear Power Plant Operator Advisor Based on Artificial Intelligence Technology, Department of Mechanical Engineering (B. K. Hajek and D. W. Miller), 1 September 1989 through 30 September 1990. (Project 767097 - Continuation)

\$151,350.00 - Department of Education, Washington, D.C., Fellowships for Competitiveness in Chemistry in the 21st Century, Department of Chemistry (C. W. Mathews), 1 January 1990 through 31 December 1990. (Project 767096 - Continuation)

\$149,776.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, General Simulation of Helicopters and Interface to Antenna Pattern Prediction

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

Codes, ElectroScience Laboratory, Department of Electrical Engineering (E. H. Newman and R. G. Rojas), 1 October 1989 through 30 June 1990. (Project 767820 - New)

\$140,350.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., U.S. AID Program Support Grant for Fiscal Years 1986-1991, Office of International Programs in Agriculture (D. O. Hansen), 29 August 1989 through 31 August 1990. (Project 765750 - Continuation)

\$138,383.00 - Department of Health and Human Services, National Institute of Mental Health, Rockville, Maryland, Aromatic L-Amino Acid Decarboxylase Modulation, Department of Pharmacology (N. H. Neff) and Department of Pharmacology and Department of Psychiatry (M. H. Neff), 1 September 1989 through 31 August 1990. (Project 767815 - New)

\$131,815.00 - Department of Health and Human Services, National Institute of Neurological Disorders and Stroke, Bethesda, Maryland, Pathway Formation in the Developing Spinal Cord, Oral Biology (R. H. Nordlander), 1 July 1989 through 31 March 1990. (Project 767816 - New)

\$128,140.00 - Department of Education, Office of Special Education and Rehabilitation Services, Washington, D.C., Early Integration Training Project: Providing Training to Child Care Staff to Promote the Integration of Young Children with Disabilities, Education Administration and Department of Educational Services and Research (L. Magliocca), 1 September 1989 through 31 August 1990. (Project 767808 - New)

\$123,915.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Improved Systemic Delivery of Anti-AIDS Drug 2', 3'-Dideoxyinosine, Department of Surgery (M. G. Wientjes) and College of Pharmacy (J. L. Au), 1 September 1989 through 31 August 1990. (Project 767804 - New)

\$122,056.00 - Environmental Protection Agency, Washington, D.C., Bacterial Degradation Under Anaerobic Conditions of KPEG-Modified Polychlorinated Biphenyls, Department of Microbiology (J. A. Krzycki), 1 October 1989 through 30 September 1990. (Project 767833 - New)

\$118,110.00 - Department of Energy, Idaho Falls, Idaho, Development of an Empirical Model for a Steam Driven Emergency Core Cooling System for an Inherently Safe Reactor and a Dynamic Methodology for System Reliability Assessment, Department of Mechanical Engineering (R. N. Christensen and T. Aldemir), 1 September 1989 through 30 September 1990. (Project 767093 - Continuation)

\$113,181.00 - National Science Foundation, Washington, D.C., Holocene Paleoclimatic Reconstruction from Greenland Ice Cores, Byrd Polar Research Center (E. Mosley-Thompson and L. G. Thompson), 1 August 1989 through 31 January 1991. (Project 765661 - Continuation)

\$105,334.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Structural Functional Studies of Neutrophil Activation, Department of Anatomy (J. M. Robinson), 1 August 1989 through 31 July 1990. (Project 766929 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$102,532.00 - National Science Foundation, Washington, D.C., A Cooperative Climatological-Glaciological Program in the Antarctic Peninsula -- Phase I, Byrd Polar Research Center (L. G. Thompson and E. Mosley-Thompson), 1 September 1989 through 28 February 1991. (Project 767075 - Continuation)

\$101,639.00 - Department of Health and Human Services, National Institute on Deafness and Other Communication Disorders, Bethesda, Maryland, Gustatory Afferent Organization in the Solitary Nucleus, Oral Biology (S. P. Travers), 1 September 1989 through 31 August 1990. (Project 765694 - Continuation)

\$100,000.00 - National Aeronautics and Space Administration, Lewis Research Center, Cleveland, Ohio, The Evaluation of Coatings and Lubricants for Increased Service Lives of Die Casting Dies, Department of Industrial and Systems Engineering (R. Shivpuri) and Engineering Experiment Station (T. Altan), 30 September 1989 through 29 September 1991. (Project 767083 - Continuation)

\$100,000.00 - National Science Foundation, Washington, D.C., Engineering Research Center for Net Shape Manufacturing, Engineering Experiment Station (T. Altan), 15 September 1989 through 14 September 1990. (Project 767477 - Continuation)

\$99,827.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Image Representation of Target Scattering Properties and Target Signature Modeling, ElectroScience Laboratory, Department of Electrical Engineering (W. D. Burnside and R. J. Marhefka), 1 September 1989 through 31 August 1990. (Project 767063 - Continuation)

\$90,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Molecular Biology of Mating Type and Pathogenicity in the Smut Fungus Microbotryum violaceum, Biotechnology Program and Department of Plant Pathology (R. C. Garber), 15 August 1989 through 31 August 1991. (Project 767810 - New)

\$89,752.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Scatterer Modeling/Calibration Study (Big Ear Measurement Supplement), ElectroScience Laboratory, Department of Electrical Engineering (R. J. Marhefka and J. D. Young), 1 September 1989 through 30 September 1989. (Project 766957 - Continuation)

\$88,124.00 - Department of Education, Office of Postsecondary Education, Washington, D.C., Retention-Based Counseling Program, Agricultural Technical Institute - Administrative Support (D. D. Garrison), 1 September 1989 through 31 August 1990. (Project 767032 - Continuation)

\$78,000.00 - National Science Foundation, Washington, D.C., Study of Gas-Liquid-Solid Fluidization, Department of Chemical Engineering (L. S. Fan), 1 September 1989 through 31 August 1990. (Project 767794 - New)

\$78,219.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, The Optimal Corneal Shape, College of Optometry (L. G. Carney), 30 September 1989 through 29 September 1990. (Project 766416 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$74,967.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Colorant Formulation of Polymeric Prosthetic Materials, Restorative and Prosthetic Dentistry (W. M. Johnston), 1 July 1989 through 30 June 1990. (Project 766900 - Continuation)

\$74,769.00 - National Aeronautics and Space Administration, Langley Research Center, Hampton, Virginia, Analysis of Airborne Antenna Patterns, ElectroScience Laboratory, Department of Electrical Engineering (E. H. Newman and W. D. Burnside), 1 September 1989 through 31 August 1990. (Project 761012 - Continuation)

\$74,563.00 - National Foundation on the Arts and Humanities, National Endowment for the Humanities, Washington, D.C., The Protestant Imagination: From Tyndale to Milton, Department of English (J. N. King), 1 October 1989 through 30 September 1990. (Project 767823 - New)

\$74,083.00 - Department of Health and Human Services, National Heart, Lung, and Blood Institute, Bethesda, Maryland, Human Erythroid-Potentiating Activity, Department of Internal Medicine (B. R. Avalos), 1 August 1989 through 31 July 1990. (Project 766427 - Continuation)

\$72,000.00 - Department of the Air Force, Air Force Systems Command, Bolling Air Force Base, D.C., Dynamical Properties of Josephson Junctions Arrays, Department of Physics (C. A. Ebner and C. Jayaprakash), 15 September 1989 through 14 September 1991. (Project 767834 - New)

\$68,922.00 - Department of Health and Human Services, National Cancer Institute, Bethesda, Maryland, Oncology Training Grant, Department of Internal Medicine (S. P. Balcerzak), 1 July 1989 through 30 June 1990. (Project 761160 - Continuation)

\$65,248.00 - National Science Foundation, Washington, D.C., Distributed Scheduling for Networks of Workstations, Department of Computer and Information Science (P. Krueger), 1 October 1989 through 30 September 1991. (Project 767796 - New)

\$58,537.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Development of Animal Models Infected with Retroviruses for Testing of Antiviral Agents, Department of Veterinary Pathobiology (L. E. Mathes, R. G. Olsen, and M. J. Tarr), 16 December 1985 through 15 December 1990. (Project 765188 - Continuation)

\$58,000.00 - Department of Energy, Argonne, Illinois, High Energy Physics, Department of Physics (High Energy Physics Group: S. Durkin, H. P. Kagan, R. D. Kass, K. D. Lane, T. Y. Ling, A. J. Niemi, W. F. Palmer, S. S. Pinsky, N. W. Reay, K. Reibel, T. A. Romanowski, J. Shigemitsu, R. A. Sidwell, N. R. Stanton, G. Steigman, K. Tanaka, and W. W. Wada), 1 January 1989 through 31 December 1989. (Project 762116 - Continuation)

\$52,279.00 - National Foundation on the Arts and Humanities, National Endowment for the Humanities, Washington, D.C., The Great Theorems of Mathematics in Historical Context, Department of Mathematics (J. C. Ferrar and W. W. Dunham), 1 October 1989 through 30 September 1990. (Project 767799 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$51,174.00 - Department of Education, Office of Educational Research and Improvements, Washington, D.C., Integrating an Organized Approach to Funding Information with an Online Library Catalog and Remotely-Searchable Bibliographic Data-bases, University Libraries (V. M. Tiefel), 1 November 1989 through 31 October 1990. (Project 766415 - Continuation)

\$50,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Detection of Ehrlichia risticii Antigen by Capture Enzyme Immunoassay, Department of Veterinary Pathobiology (Y. Rikihisa), 15 September 1989 through 30 September 1990. (Project 767821 - New)

\$50,000.00 - Department of Agriculture, Science and Education, Washington, D.C., Self-Incompatibility in Petunia: Regulation of S-Locus Gene Expression, Department of Molecular Genetics (T. L. Sims), 1 September 1989 through 31 August 1990. (Project 767790 - New)

\$50,000.00 - International Development Cooperation Agency, Agency for International Development, Washington, D.C., Inter-national Conference: Informal Financial Markets for Low-Income Countries, Department of Agricultural Economics and Rural Sociology (D. W. Adams), 31 August 1989 through 20 February 1990. (Project 767830 - New)

\$50,000.00 - National Science Foundation, Washington, D.C., Speech Recognition Using Layered Abduction and Multiple Knowledge Types, Department of Computer and Information Science (J. R. Josephson, T. A. Patten, and B. Chandrasekaran), Department of Linguistics (M. E. Beckman), Department of Electrical Engineering (A. Krishnamurthy), and Division of Speech and Hearing Science (R. A. Fox and L. L. Feth), 15 August 1989 through 31 August 1990. (Project 767601 - New)

\$49,972.00 - National Science Foundation, Washington, D.C., Sterilization and Sealing of Aseptic Food Packages, Department of Welding Engineering (D. Dickinson and A. Benator), 1 September 1989 through 31 August 1991. (Project 767813 - New)

\$45,000.00 - Department of the Army, Army Materiel Command, Aberdeen Proving Ground, Maryland, Unsteady Fluid Motion in Liquid-Filled Containers, Department of Mechanical Engineering and Department of Aeronautical and Astronautical Engineering (T. Herbert), 15 July 1989 through 30 October 1989. (Project 767692 - New)

\$44,781.00 - Department of Energy, Argonne, Illinois, Theoretical Studies of Dynamics and Correlations in Heavy Electron Materials, Department of Physics (D. L. Cox), 15 August 1989 through 14 August 1990. (Project 766287 - Continuation)

\$43,103.00 - Department of Commerce, National Institute of Standards and Technology, Gaithersburg, Maryland, A Centralized Database for Thermodynamic Data on Lipid Mesomorphic Phase Transitions and Miscibility, Department of Chemistry (M. Caffrey), 1 September 1989 through 31 August 1990. (Project 767047 - Continuation)

\$40,000.00 - Department of Agriculture, Science and Education, Washington, D.C., A Possible Mechanism for the Regulation of Gas Diffusion in Legume Nodules, Department of Agronomy - OARDC (J. G. Streeter), 1 September 1989 through 31 August 1990. (Project 767814 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$40,000.00 - Department of the Navy, Office of Naval Research, Arlington, Virginia, High Strain Rate Characterization of Ceramics in Shear, Department of Engineering Mechanics (A. Gilat), 14 June 1989 through 14 June 1990. (Project 767094 - Continuation)

\$40,000.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, A Numerical and Experimental Investigation of an Innovative and Efficient Energy Release/Storage System, Department of Mechanical Engineering (K. Vafai), 22 September 1989 through 30 September 1989. (Project 767829 - New)

\$38,121.00 - Department of the Army, Army Corps of Engineers, Hanover, New Hampshire, Integrating Tactical Terrain Data with Remote Sensing for U.S. Army Corps of Engineers Applications, Department of Civil Engineering (C. J. Merry), 1 September 1989 through 31 August 1990. (Project 767786 - New)

\$37,906.00 - Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, Laser Diagnostics of RF Hydrogen PLASMA Reactors: Application to the Processing of III-V Materials, Department of Chemistry (T. A. Miller), 1 July 1989 through 30 June 1992. (Project 767838 - New)

\$35,000.00 - Department of Energy, Idaho Falls, Idaho, Energy Reactor Sharing Program, Engineering Experiment Station (R. D. Myser), 1 September 1989 through 31 August 1990. (Project 762411 - Continuation)

\$30,888.00 - Department of the Interior, National Park Service, Washington, D.C., A Descriptive Analysis of the National Park Service Data in the Public Area Recreation Visitor Survey (PARVS) for Improving Interpretation and Visitor Services, School of Natural Resources and Department of Natural Resources - OARDC (G. W. Mullins), 14 September 1989 through 30 September 1990. (Project 767793 - Continuation)

\$25,431.00 - Department of the Interior, National Park Service, Washington, D.C., Research, Development, Evaluation, and Production of a Biological Diversity Slide Presentation, School of Natural Resources and Department of Natural Resources - OARDC (G. W. Mullins), 14 September 1989 through 30 October 1990. (Project 767793 - New)

\$24,639.00 - Department of Health and Human Services, Office of Human Development Services, Administration for Children, Youth, and Families, Chicago, Illinois, Child Welfare Traineeship Program, College of Social Work (N. J. Rindfleisch), 1 July 1989 through 30 June 1990. (Project 767062 - Continuation)

\$20,992.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, Collaborative Ocular Melanoma Study - Clinical Center, Department of Ophthalmology (F. H. Davidorf), 1 August 1989 through 31 July 1990. (Project 765050 - Continuation)

\$19,590.00 - National Science Foundation, Washington, D.C., Multi-Wavelength Analysis of M81 with Comparisons to Other Nearby Galaxies, Department of Physics (J. C. Garland and M. Kaufman), 15 September 1989 through 31 August 1992. (Project 767825 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$16,012.00 - Department of Health and Human Services, National Institute of Dental Research, Bethesda, Maryland, Short-Term Training for Students in Health Professional Schools, Oral Biology (S. Rosen), 1 June 1989 through 31 May 1990. (Project 764680 - Continuation)

\$15,008.00 - Department of Agriculture, Science and Education, Washington, D.C., Mechanisms Regulating Nodulation Formation in Soybean, Department of Agronomy - OARDC and Department of Agronomy (W. D. Bauer), 15 September 1989 through 30 September 1990. (Project 767817 - Continuation)

\$13,580.00 - Department of Health and Human Services, National Institute of General Medical Sciences, Bethesda, Maryland, Intramolecular Electron Migration in Proteins and Polypeptides, Department of Chemistry (M. H. Klapper), 1 July 1989 through 30 June 1990. (Project 765529 - Continuation)

\$13,406.00 - Department of Health and Human Services, National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, Development of Cerebellar Circuits, Department of Anatomy (J. S. King), 1 September 1989 through 31 August 1990. (Project 760045 - Continuation)

\$12,500.00 - Department of Health and Human Services, National Center for Nursing Research, Bethesda, Maryland, Processes of Change in Smoking Cessation, Department of Life Span Process (M. E. Wewers), 1 September 1989 through 31 August 1990. (Project 767831 - New)

\$12,000.00 - Department of Agriculture, Science and Education, Beltsville, Maryland, Genetic and Physiological Basis for Resistance of Elms to the Elm Leaf Beetle - Phase I, Department of Entomology (R. W. Hall), 1 August 1989 through 1 August 1992. (Project 766343 - Continuation)

\$11,266.00 - Department of Defense, National Security Agency, Fort George G. Meade, Maryland, The Arithmetic of Function Fields, Department of Mathematics (D. M. Goss), 12 September 1989 through 11 September 1990. (Project 767717 - New)

\$9,999.00 - Department of Health and Human Services, National Eye Institute, Bethesda, Maryland, The Ohio State University Advanced Glaucoma Intervention Study, Department of Ophthalmology (P. A. Weber), 1 September 1989 through 31 August 1990. (Project 766355 - Continuation)

\$8,667.00 - Department of Health and Human Services, National Institute of Allergy and Infectious Diseases, Bethesda, Maryland, Acquired Immunodeficiency Syndrome Clinical Study Group, Department of Internal Medicine (R. J. Fass), 1 September 1988 through 31 August 1989. (Project 766341 - Continuation)

\$8,224.00 - National Aeronautics and Space Administration, Ames Research Center, Moffett Field, California, Computational Study of the Jet-in-the-Ground-Effect Flow with Dynamically Adaptive Grid, Department of Mechanical Engineering (S. Nakamura), 21 March 1989 through 20 March 1990. (Project 766675 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Federal Research Contracts/Grants (contd)

\$2,000.00 - Department of Health and Human Services, National Institute of Arthritis and Musculoskeletal and Skin Diseases, Bethesda, Maryland, Frontiers in Smooth Muscle Research: Emil Bozler Symposium, Department of Physiology (J. A. Rall), 1 May 1989 through 30 April 1990. (Project 767468 - Continuation)

\$2,000.00 - Department of the Army, Army Corps of Engineers, Vicksburg, Mississippi, Determination of Residual Stress and Effects in Thick Section Weldments for Hydraulic Structures, Department of Welding Engineering (C. L. Tsai), 12 September 1989 through 11 December 1989. (Project 767229 - Continuation)

TOTAL - FEDERAL AWARDS **\$ 7,450,758.00**

State of Ohio Research Contracts/Grants

\$75,000.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, Mental Health Trainees: Practice with Persons Who Are Severely Mentally Ill, College of Social Work (M. Coleman), 1 July 1989 through 30 June 1990. (Project 767742 - New)

\$49,000.00 - State of Ohio, Department of Mental Health, Columbus, Ohio, ODMH Residency/Traineeship Program, Department of Family and Community Nursing (J. A. Clement), 1 July 1989 through 30 June 1990. (Project 767828 - New)

\$38,000.00 - State of Ohio, Department of Education, Columbus, Ohio, The Young Scholars Program, Academic Affairs Administration (J. J. Bishop), 9 July 1989 through 19 August 1989. (Project 767809 - New)

\$4,650.00 - State of Ohio, Department of Health, Columbus, Ohio, OSU High Risk Perinatal Project -- Care of the High Risk Mother and Infant, Department of Pediatrics (L. Cordero), 1 October 1988 through 30 September 1989. (Project 765042 - Continuation)

\$1,672.00 - State of Ohio, Department of Education, Columbus, Ohio, Labor Market Information Development, Center for Human Resource Research (H. R. Blaine) and Academic Faculty of Management and Human Resources (S. L. Mangum), 1 July 1989 through 30 June 1990. (Project 766869 - Continuation)

TOTAL - STATE OF OHIO AWARDS **\$ 168,322.00**

Industrial Research Contracts/Grants

\$137,452.64 - Rosemount, Inc., Burnsville, Minnesota, Advanced Radar Cross Section Measurements, ElectroScience Laboratory, Department of Electrical Engineering (J. D. Young), 18 August 1989 through 31 August 1990. (Project 767757 - Continuation)

\$110,911.00 - Resource International, Incorporated, Columbus, Ohio, Composite Material Tester -- Phase II, Department of Civil Engineering (S. Chaturvedi and R. L. Sierakowski), 1 August 1989 through 23 May 1990. (Project 767795 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

\$52,194.00 - Sandoz, Inc., East Hanover, New Jersey, Testing of Sandostatin Action on Angiogenesis, Department of Pathology (R. E. Stephens), 1 May 1989 through 30 April 1990. (Project 767743 - New)

\$25,000.00 - Sears Manufacturing Company, Davenport, Iowa, Research and Development of Heavy-Duty Truck Seating System and Interior Paneling Concept, Department of Industrial Design (R. F. Butter and H. Goeller), 1 July 1989 through 30 June 1990. (Project 766920 - Continuation)

\$23,235.00 - Adria Laboratories, Dublin, Ohio, Test of the Absorption of Adria Magnesium Lactate Tablets, Department of Pharmacology (N. Gerber), 1 March 1989 through 28 February 1990. (Project 767547 - Continuation)

\$21,208.00 - Universal Energy Systems, Inc., Dayton, Ohio, USAF Graduate Fellowship, Department of Electrical Engineering (R. Moses), 1 September 1989 through 31 August 1990. (Project 767803 - New)

\$16,700.00 - Advanced Decision Systems, Mountain View, California, Sensor Algorithm Research, ElectroScience Laboratory, Department of Electrical Engineering (R. J. Marhefka), 1 August 1989 through 30 September 1989. (Project 766088 - Continuation)

\$10,485.00 - Applied R & D, Olmsted Falls, Ohio, Vertical Multi-Junction Photovoltaic Cell, Department of Electrical Engineering (G. J. Valco), 1 August 1989 through 31 December 1989. (Project 767802 - New)

\$7,856.00 - America-Mideast Educational and Training Services, Inc., Washington, D.C., International Short-Term In-Residence Program -- Cyprus-America Scholarship Program, Center on Education and Training for Employment (R. D. Ryan), 1 August 1989 through 31 August 1989. (Project 767714 - New)

\$7,547.40 - Ethicon, Inc., Somerville, New Jersey, An Open Label Extension of the Evaluation of 2% Ketanserin Ointment for the Treatment of Lower Extremity Diabetic Ulcers, Department of Internal Medicine (S. Cataland), 1 September 1989 through 1 September 1990. (Project 767776 - New)

\$3,200.00 - Martin Marietta Corporation, Oak Ridge, Tennessee, Weld Imaging System for Control of Laser and Electron Beam Welding, Department of Welding Engineering (R. W. Richardson), 28 August 1989 through 30 September 1989. (Project 766726 - Continuation)

\$2,193.00 - AT&T Bell Laboratories, Columbus, Ohio, Improving the Written Communication Skills of Non-Native Speakers of English in the Work Setting Through Individualized Tutorial, English as a Second Language Program (R. N. Kantor), 1 October 1988 through 30 September 1989. (Project 767206 - Continuation)

\$1,642.00 - CeramPhysics, Inc., Westerville, Ohio, Ceramic Honey-combs for Joule-Thompson Cryocooler, Department of Materials Science and Engineering (E. R. Kreidler), 1 March 1989 through 6 April 1989. (Project 767822 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Industrial Research Contracts/Grants (contd)

Equipment - The Baker Company, Inc., Sanford, Maine, A Randomized Trial of Environmental Control for the Prevention of Filamentous Fungal Infections in Bone Marrow Transplant Recipients, Department of Internal Medicine (B. C. Fox), 1 August 1989 through 31 July 1989. (Project 767777 - New) (Approximate Dollar Value - \$8,080)

Personnel Services - Decision Images, Inc., Princeton, New Jersey, Center for Commercialization of Space Membership Agreement, Center for Mapping (J. D. Bossler), 1 August 1989 through 31 July 1990. (Project 766219 - Continuation) (Approximate Dollar Value - \$25,000)

TOTAL - INDUSTRIAL AWARDS **\$ 419,624.04**

Other Non-Federal Research Contracts/Grants

\$1,668,500.00 - National Association of Regulatory Utility Commissioners, Washington, D.C., The Research and Assistance Plan and Budget for the National Regulatory Research Institute: The Business Plan for Program Year 1990, National Regulatory Research Institute (D. N. Jones), 1 September 1989 through 31 August 1990. (Project 763289 - Continuation)

\$304,371.00 - Government of the Federated States of Micronesia, Kolonia, Pohnpei, Federated Micronesia, A Study to Prepare a Management Plan for the Improvement of Educational and Manpower Systems for the Federated States of Micronesia, Center on Education and Training for Employment (R. D. Ryan), 1 August 1989 through 30 December 1989. (Project 767715 New)

\$100,000.00 - American Cancer Society, Atlanta, Georgia, Differential Sexual Outcomes Following Treatment of In Situ Vulvar Cancer: Prevention of Sexual Functioning Morbidity, Department of Psychology (B. L. Andersen), 1 July 1989 through 30 June 1990. (Project 767617 - New)

\$100,000.00 - United States-Israel Binational Agricultural Research and Development Fund, Bet Dagan, Israel, Mechanisms of Interaction Between Verticillium dahliae and Root-Lesion Nematodes in the Potato Early Dying Syndrome, Department of Plant Pathology - OARDC (R. C. Rowe and R. M. Riedel), 1 October 1989 through 30 September 1992. (Project 767702 - New)

\$79,415.00 - Massachusetts Institute of Technology - Lincoln Laboratory, Lexington, Massachusetts, Electromagnetic Analysis of Thin Material and Conducting Wires, ElectroScience Laboratory, Department of Electrical Engineering (E. H. Newman), 1 June 1989 through 30 April 1990. (Project 767806 - New)

\$56,008.00 - California Institute of Technology, Pasadena, California, Altimetry Research in Ocean Circulation, Department of Geodetic Science and Surveying (R. H. Rapp), 1 June 1989 through 30 September 1995. (Project 766536 - Continuation)

\$53,902.00 - Smokeless Tobacco Research Council, Inc., New York, New York, Effect of Smokeless Tobacco on the Postnatal Development of the Mouse and Rat, Oral Biology (R. B. Paulson), 1 January 1990 through 31 December 1990. (Project 767102 - New)

\$49,450.00 - The Juvenile Diabetes Foundation International, New York, New York, Effect of Diabetes on Messenger RNA Metabolism, Department of Physiological Chemistry (D. E. Schumm), 1 September 1989 through 31 August 1990. (Project 767801 - New)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$34,114.00 - University of California, Livermore, California, Development and Use of Radioactive Ion Beam Facility, Department of Physics (R. N. Boyd), 1 September 1989 through 31 August 1990. (Project 767818 - New)

\$33,333.00 - Klingenstein Fund, New York, New York, Klingenstein Fellowship in Neuroscience, Oral Biology (W. E. Thomas), 1 July 1989 through 30 June 1990. (Project 766717 - Continuation)

\$32,890.00 - American Heart Association, Dallas, Texas, Endothelial Transport of Macromolecules: Structural Studies, Department of Anatomy (J. M. Robinson), 1 September 1989 through 30 August 1990. (Project 767081 - Continuation)

\$30,338.00 - The Petroleum Research Fund, Washington, D.C., Geologic Evolution of the Ordovician Sebree Trough, A Major Subsurface Feature in the North American Midcontinent Region, Department of Geology and Mineralogy (S. Bergstrom), 1 September 1989 through 31 August 1991. (Project 767805 - New)

\$30,000.00 - March of Dimes Birth Defects Foundation, White Plains, New York, Genetic Characterization of Novel Elements in Protein Membrane Assembly, Department of Chemistry (R. E. Dalbey), 1 September 1989 through 31 August 1990. (Project 767800 - New)

\$25,000.00 - Muscular Dystrophy Association, New York, New York, Characterization of the Mutant Gene of the Wobbler Mouse, Department of Neurology (J. R. Mendell and X. S. Jiang), 1 July 1989 through 30 June 1990. (Project 767616 - New)

\$20,194.00 - University of Georgia, Athens, Georgia, Effects of Resource Quality and Microarthropods on Forest Floor Nitrogen Dynamics, Department of Entomology - OARDC and Department of Entomology (C. A. Edwards) and Department of Entomology (J. M. Blair), 1 September 1989 through 28 February 1991. (Project 767826 - New)

\$20,000.00 - American Heart Association, Ohio Affiliate, Inc., Columbus, Ohio, Developmental Changes in Calcium Transients and Contractile Dynamics in Myocytes of Cardiomyopathic Rats, Department of Physiology (B. T. Stokes) and Department of Internal Medicine (D. L. Groden), 1 July 1989 through 30 June 1990. (Project 767807 - New)

\$13,800.00 - Muskingum County Board of Mental Retardation and Developmental Disabilities, Zanesville, Ohio, Graduate Research Associate Internship Training, Nisonger Center (S. R. Schroeder), 1 September 1989 through 31 August 1990. (Project 767739 - Continuation)

\$13,193.00 - Bowling Green State University, Bowling Green, Ohio, On-Site Instruction for Vocational Agriculture Instructors in the Northwest Region, Department of Agricultural Education (R. K. Barrick), 1 July 1989 through 30 June 1990. (Project 767049 - Continuation)

\$10,994.00 - Ohio University, Athens, Ohio, On-Site Instruction for Vocational Agriculture Instructors in the Southeast Region, Department of Agricultural Education (R. K. Barrick), 1 July 1989 through 30 June 1990. (Project 767080 - Continuation)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

THE OHIO STATE UNIVERSITY RESEARCH FOUNDATION (contd)

Other Non-Federal Research Contracts/Grants (contd)

\$10,800.00 - Children's Hospital Research Foundation, Columbus, Ohio, Insulin Effects on Growth in Children with Cystic Fibrosis, Department of Internal Medicine (T. M. O'Dorisio), 28 February 1989 through 27 February 1990. (Project 767837 - New)

\$10,000.00 - National Geographic Society, Washington, D.C., Sound Recording and Behavioral Correlates of the Vocalizations of Paridae (Aves) from China, Department of Zoology (A. D. Thompson and S. L. Gaunt), 1 September 1989 through 30 April 1990. (Project 767798 - New)

\$2,780.59 - North Atlantic Treaty Organization, Brussels, Belgium, Coronary Artery Geometry and Disease Distribution in Man, Biomedical Engineering Center (M. H. Friedman), 1 July 1989 through 30 June 1990. (Project 767811 - New)

\$500.00 - American Chemical Society, Washington, D.C., Oncofetal Proteins as Tumor Markers, Department of Physiological Chemistry (T. E. Webb) and Medicine Administration (C. L. Yash), 11 July 1989 through 18 August 1989. (Project 767766 - New)

TOTAL - OTHER NON-FEDERAL AWARDS **\$ 2,699,582.59**

ENGINEERING EXPERIMENT STATION

Industrial and Other Sponsored Research and Development

\$135,442.00 from Lockheed Missiles & Space Co., Sunnyvale, California, for "Technical Assistance/Large Compact Range Project," under the direction of the department of Electrical Engineering for the period January 20, 1989 through January 20, 1990. (312496, Ext. 2)

\$123,867.00 from AITRC, Columbus, Ohio, for "A Proposal for a Computerized System to Support Scholarly Writing," under the direction of the department of Computer and Information Science for the period July 1, 1989 through June 30, 1990. (529818)

\$80,000.00 from various industry for membership in the Compact Radar Cross Section Measurement Ranges Research and Development Consortium under the direction of the department of Electrical Engineering. (312884)

\$48,176.00 from ASME Gear Research Institute, Naperville, Illinois, for "Contact Analysis of Worm Gears," under the direction of the department of Mechanical Engineering for the period September 1, 1989 through August 31, 1990. (529822)

\$25,000.00 from Edison Welding Institute, Columbus, Ohio, for "An Experimental Investigation of Substrate-to-Metal Sealings in Microelectronics," under the direction of the department of Mechanical Engineering for the period July 1, 1989 through June 30, 1990. (312516)

\$20,356.00 from 19 sponsors of 29 development projects under the direction of two research areas of the College.

\$18,900.00 additional funding from General Electric, Cincinnati, Ohio, for "Refurbish Old Belmouth," under the direction of the department of Aeronautical and Astronautical Engineering for the period December 1, 1986 through October 2, 1989. (312895, Ext. 1)

REPORT OF RESEARCH CONTRACTS, GRANTS, AND GIFTS (contd)

ENGINEERING EXPERIMENT STATION (contd)

Industrial and Other Sponsored Research and Development (contd)

\$10,000.00 from various industry for membership in the Engineering Research Center for Net Shape Manufacturing under the direction of the Engineering Experiment Station. (529200)

\$4,942.00 from Ross Laboratories, Columbus, Ohio, for "Feeding Tube Electrode Optimization Study," under the direction of the Engineering Experiment Station -- Biomedical Engineering for the period October 1, 1989. (312485, Ext. 1)

TOTAL - INDUSTRIAL AND OTHER SPONSORED RESEARCH \$ 466,683.00

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

Establishment of Named Funds

The Eugene Thal Scholarship Fund

The Eugene Thal Scholarship Fund was established November 3, 1989, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estate of Eugene Thal (B.S.Bus.Adm. '35) of Dayton, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide financial assistance for students in the field of business administration at The Ohio State University College of Business. Scholarship selection criteria and awarding decisions are at the discretion of the Dean of the College of Business or their representative in consultation with the University Committee on Student Financial Aid.

If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

The Dr. and Mrs. Victor L. Steffel Memorial Fund

The Dr. and Mrs. Victor L. Steffel Memorial Fund was established November 3, 1989, by the Board of Trustees of The Ohio State University, with a gift to The Ohio State University Development Fund from the estate of Victor L. (D.D.S. '26) and Marie M. Steffel, of Columbus, Ohio.
