

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND FOURTEENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, July 7, 1995

The Board of Trustees met at its regular monthly meeting on Friday, July 7, 1995, at The Ohio State University Hospitals' Rhodes Hall Auditorium, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

July 7, 1995 meeting, Board of Trustees

The Chairman, Ambassador Wolf, Ph.D., called the meeting of the Board of Trustees to order on July 7, 1995, at 7:30 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Leslie H. Wexner, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith.

--0--

Ambassador Wolf:

At this time, I would like to call for a motion to recess into Executive Session for the purpose of considering personnel and legal matters.

Upon motion of Mr. Skestos, seconded by Mr. Shumate, the Board recessed into Executive Session by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

Ambassador Wolf reconvened the meeting at 10:10 a.m. and asked the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Leslie H. Wexner, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith.

--0--

**AMENDMENTS TO THE COMMITTEE
APPOINTMENTS FOR 1995-96**

Resolution No. 96-1

Synopsis: Amendments to the Committee Appointments of the Board of Trustees for 1995-96 are recommended.

RESOLVED, That Resolution No. 95-125, detailing the Committee Appointments of the Board of Trustees for 1995-96 be amended as follows:

Educational Affairs

Theodore S. Celeste, Chair
James F. Patterson, Vice Chair
George A. Skestos
Zuheir Sofia
Thomas C. Smith

Investments Committee

Michael F. Colley, Chair
David L. Brennan, Vice Chair
George A. Skestos
Alex Shumate

Standing Committee on Agricultural
Affairs

James F. Patterson, Chair
Fred L. Dailey, Vice Chair, Ex Officio
Theodore S. Celeste

**AMENDMENTS TO THE COMMITTEE
APPOINTMENTS FOR 1995-96 (contd)**

Student Affairs	Thomas C. Smith, Chair James F. Patterson, Vice Chair Zuheir Sofia Holly A. Smith
Fiscal Affairs	Alex Shumate, Chair George A. Skestos, Vice Chair Michael F. Colley David L. Brennan
Personnel Committee	Milton A. Wolf, Chair Leslie H. Wexner, Vice Chair Alex Shumate
Inter-University Council	Zuheir Sofia
Research Foundation Board of Directors	Theodore S. Celeste
University Hospitals Board	George A. Skestos Theodore S. Celeste
The Arthur G. James Cancer Hospital and Research Institute Board	Alex Shumate, Chair Zuheir Sofia
Ohio State University Affiliates, Inc.	Milton A. Wolf (term 1 yr) Leslie H. Wexner (term 2 yrs) Alex Shumate (term 3 yrs)
University Foundation Ex Officio Class of Directors	Alex Shumate (term 1 yr) David L. Brennan (term 2 yrs) Theodore S. Celeste (term 3 yrs)
Wexner Center Foundation Board	Leslie H. Wexner (term 1 yr)
University Managed Health Care System, Inc., Board of Directors	Theodore S. Celeste
Committee on Planning*	George A. Skestos, Chair Alex Shumate, Vice Chair Theodore S. Celeste Michael F. Colley
University Master Plan Committee	Leslie H. Wexner

*Serves as Board of Trustees interface with the University's Planning Committee.

**AMENDMENTS TO THE COMMITTEE
APPOINTMENTS FOR 1995-96 (contd)**

The Ohio State University - Lima Board
The Ohio State University - Mansfield Board
The Ohio State University - Marion Board
The Ohio State University - Newark Board

Theodore S. Celeste (1997)
James F. Patterson (1997)
David L. Brennan (1997)
George A. Skestos (1997)

Upon motion of Mr. Patterson, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

Ambassador Wolf:

Ladies and gentlemen, before calling on President Gee for his report, I would like to mention that we are overjoyed to have him here with us for many, many more years. I think all of us lost a little weight the last couple of weeks worrying about his whereabouts. I will say that you never realize how precious someone is -- whether it is a friend, a professional associate or a family member -- until you almost lose them. It was at that moment that we realized how much we love our president and how devoted we are to him. We just want to give him a vote of confidence and tell him how grateful we are that he is still with us, and we look forward to a long relationship. Let's give him a round of applause.

President Gee:

Thank you very much, Mr. Chairman, and it is to all of you that I give my devotion. I told the Trustees -- I want to say this to my faculty, staff, and student colleagues who are here -- that ultimately the issue that I faced was an easy one because of the fact that I have such deep affection and appreciation for all of you. I appreciate all that you have done for me. Besides, it was just a public relations ploy, and it worked!

--0--

PRESIDENT'S REPORT

President Gee:

Not much has happened since the June meeting, I took a quiet little trip to Asia that seemed to capture the attention of the media. Representing the Midwest Universities Consortium for International Activities, I visited several leaders in Korean higher education, toured rubber and palm oil plantations in Malaysia, and met with Asian development leaders in Manila.

While observing the activities of this university and our Big Ten colleagues around the Pacific, I also met with our Ohio State alumni in Hong Kong -- which is a wonderful and very active group -- and had a lovely evening with our Seoul alumni. It was clear to me that the MUCIA universities are making a difference in the region, and Ohio State's ties to the area are strong, indeed, and growing.

In addition to all I learned about international scholarly activities, I also learned a lot about time zones and international telephone operators. People were trying to call me in Kuala Lumpur, fax me at a rubber plantation, and get messages to me in the swamps and jungles of Asia. In a very unexpected fashion, I was faced with a couple of great opportunities -- the greatest of which is right here at The Ohio State

PRESIDENT'S REPORT (contd)

President Gee: (contd)

University. I continue to be amazed by the attention and response to this whole scenario.

Just to balance the ledger a little, let me share a letter which I received from an anonymous citizen -- and I want Mr. Skestos to see that it is a real letter:

"Dear President Gee,

What a big joke! You were acting like you were out of the country. I heard on the radio, 'How do we really know he is out of the country?' And I know you made up the story. How can you keep a straight face. You weren't in Korea -- maybe Korea, Ohio. You were just hiding out and acting like someone else would want you to be their president. Ha! You were just trying to distract attention from the upcoming football season. Maybe you should try being president of the football team. Now that would be a real job."

Maybe he is the same person who put the "For Sale" sign in my yard, which was there when I came back. Let me say briefly and publicly today how grateful I am for the support shown me by all of the members of the Ohio State family and I reiterate what I said earlier. Our agenda is long, the opportunities are significant, and I want all of you to know that I look forward to vigorously working with you and do so with an open and cherished heart.

The campuses have been lively this summer. We hosted 800 young adults from around the nation as City Year celebrated its first national convention. I'm sorry that I wasn't here, but David Williams has reported that City Year felt very, very good about it and certainly we did. City Year is a community service program for 17 to 23 year-olds, a part of AmeriCorps.

Also visiting the campus last month were six Nobel Laureates in chemistry and physics who joined our own Laureate and Ohio State Professor Ken Wilson at the 50th International Symposium on Molecular Spectroscopy. It was fortunate that I was out of the country during that meeting. I can't imagine what I could have said to that impressive gathering!

A number of our students and faculty are on the road this summer. Seventy-one members of our Men's Glee Club are touring southern England and Wales to participate again -- as they did four years ago -- in international choral competition. The last time they went, they were the 1990 Choir of the World. As you know, they won that competition, and I know they will represent us very well indeed.

Athletic Director Andy Geiger and several of his staff and coaches have toured the state, meeting the public and promoting interest in the Ohio State sports program. Next week, I will again hit the road on one of my State Tours that I thoroughly enjoy, this time visiting northwestern Ohio.

June saw the presentation of the Distinguished Staff Awards to twelve honorees who have exceeded the norm and excelled in their service to students, faculty, and staff colleagues. Two Ohio State faculty received Sloan Fellowships in June. Assistant Professor of Physics Klaus Hinscheid received this prestigious grant to continue his study of elementary particles. Assistant Professor of Mathematics Ilya Zakharevich

PRESIDENT'S REPORT (contd)

President Gee: (contd)

will use his grant to study unpredictability -- to explain what is going on when you do not expect something to happen, and it does. Well I think that, in this instance, I probably should have consulted him a little earlier myself.

You have on the agenda today the naming of the Law Building for one of this university's great friends and a very distinguished attorney, John Drinko. Mr. Drinko is committed to quality legal education and has, through his leadership and generosity, advanced the reputation of Ohio State's law school. It is, indeed, appropriate that we honor Mr. Drinko in this manner.

This month, the dean of the College of Optometry, Dick Hill, is stepping down from his leadership role in the college. I know that this Board recognizes the enormously effective job that Dick has done for the college and as an academic leader across the institution.

I will just add parenthetically, another individual who has stepped down -- a very, very key member of my team and one of my closest and dearest friends -- Herb Asher. As many of you know, Herb has retired. We will be hopefully attracting Herb back on a voluntary basis. We can't lose that insight and energy that Herb has. But, nonetheless, through our early retirement programs -- though effective in terms of fiscal resources of the institution -- we have lost some extremely extraordinarily talented people and they will be very much missed. I wish I could name all those many people, but just as two examples, Dick Hill and Herb Asher.

Today, I am very pleased to announce that Professor Glen Hoffsis is being recommended as dean of the College of Veterinary Medicine. I was delighted when the search committee came forward with Glen's name, as he has proven to be an extraordinarily capable leader for the college as Acting Dean. This is an important time for the college as academic programs have been reorganized and the significant new equine research and treatment facility is underway. I am confident of Glen's continued strong leadership.

Also, today we are most fortunate to have attracted to the deanship of our College of Medicine one of this nation's most distinguished leaders in academic medicine and health science activities. I am delighted to announce that Dr. Bernadine Healy has accepted the position of Dean of Ohio State's College of Medicine, and a recommendation on this appointment will be coming to this Board later today. As you all know, Dr. Healy has led the National Institutes of Health and been a national spokesperson on health issues. She is an accomplished practitioner and scholar whose extensive leadership experience will give strong direction to the college as we enter the next century.

I am delighted about both of these appointments and look forward to welcoming both of them as colleagues to this institution.

Mr. Chairman, that concludes my report and I thank you, again, for your kind words.

--0--

PERSONNEL COMMITTEE REPORT

Ambassador Wolf:

Ladies and gentlemen, at this meeting it is customary to review and recommend the President's salary for the coming year. So I would like to give you a report of the Personnel Committee's action regarding suggestions and recommendations for President Gee's salary for the coming year.

As you know, the Board of Trustees had Dr. Peter McGrath, President of the National Association of State Universities and Land Grant Colleges, conduct an extensive fifth-year evaluation of President Gee's activities and performance. The evaluation, I'm saying to you, was absolutely remarkable -- it might have been written by President Gee, I don't know -- but, it indicated that the University has had a remarkable run of effective leadership under Gordon Gee these past five years, certainly because of "his integrity, his vision and his high energy."

The Board of Trustees here certainly appreciates President Gee's dedication and hard work. He has guided this University through some of the most difficult financial periods and he has seized every opportunity to make this University a stronger institution. He has developed wonderful working relationships with our students, faculty, staff, alumni, and public officials and the Board is hereby recommending that President Gee's salary be increased to \$220,000 per year.

I will say to you, that this is over the objection and resistance of President Gee. I tried to talk to him about financial remuneration during this recent critical period and he refused to talk to me about any salary, so this is probably coming as a surprise to him. The Trustees would have recommended an even higher figure, but Dr. Gee refused to consider it. So I table that as a motion from the Personnel Committee. Is there a second?

Upon motion of Ambassador Wolf, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY

Ambassador Wolf:

Ladies and gentlemen, this morning we are going to hear and see a presentation on instructional technology here at the University. We are pleased to have Provost Sisson here with us and he will conduct this exploration. Provost Sisson --

Provost Sisson:

Let's get on with the show! If I might invite the members of the Board to have seats out in the audience, so you'll be able to see with greater acuity the things that are going to be played.

Good morning all. Learning technologies do change, though some have suggested they have changed insufficiently over the last half millennia. But today an extraordinary invention in telecommunications and the technologies of the electronic-age provide opportunities for advancement in instruction and in discovery that was the stuff of science fiction not so long ago.

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Provost Sisson: (contd)

While initially rather crude, the learning technologies of this new age are rapidly becoming more refined and can be important agents in improving the quality and efficiency in much of what we do. They provide accessibility, reaching students in a more flexible and efficient way in particular courses. And in more and more cases, we will see collaborative programs through distance learning -- accessibility in yet another way.

Students can have access to materials both written and visual that were inaccessible before, they now provide versatility. Ideas and objects of study can be virtually placed in virtual context, virtually. Whether in the study of language, the cultural context of art and performance, or biological ecology and environmental change. New technologies enable versatility in substitutions, in particular, experimental material used in the past -- whether organic or inorganic -- can now be replicated so that these objects in simulated three-dimensional space can be reconstructed after experimental use, made whole again. An alternative cut at that problem, in a manner of surgically speaking. They also enable versatile, self-generated, and cooperative learning through self-paced modes, as well as access to learning resources in rhythms that can better fit the student.

In all of these, the role of the instructor remains critical, but also can become more versatile whether as a guide, resource, motivator, mentor, challenger, or intellectual leader. Much education in these medias will be at the introductory and intermediate levels. Those simulations in some fields hold great potential for discovery and advanced instruction.

A number of universities are making advances in these areas as are our competitors without. The universities of the CIC (Committee on Institutional Cooperation), the Provostial Association of the Big Ten, plus the University of Chicago are no exception. Indeed, in order to minimize duplication and to maximize cooperative planning and collaboration, the provosts of the CIC, a little over a year ago, formed a task force on learning technologies. The task force surveyed the state of these technologies at our member institutions and recently sponsored a symposium that brought a dozen or more key campus leaders from each school to the University of Illinois for intensive discussions. Each school brought examples of their current technology initiatives to share with peers -- some of which we took are on display outside of the room here and I invite you to take advantage of some of those exciting things.

That symposium yielded a set of recommendations for the development of shared instructional programs for simultaneous, electronic delivery to multiple CIC campuses. Ohio State is participating in shared programs with the University of Illinois in military history and with the Universities of Michigan, Minnesota, and Wisconsin in political science. Another recommendation is the development of shared materials for high-demand language instruction. Ohio State has been chosen to take the lead in this initiative. A subcommittee of the CIC, the provosts of Illinois, Wisconsin, and Ohio State -- that is me -- have now been charged by our colleagues to define the next phase of collaboration and cooperation among our universities in the development and sharing of teaching and learning technologies, and joint programmatic development.

Today we want to share with you selections from a menu of learning technologies developed right here at Ohio State. Dr. Kermit Hall, Dean of the College of Humanities, will highlight a number of the current technology initiatives in several of

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Provost Sisson: (contd)

our colleges, followed by colleagues who will give you some glimpses into our future.
Kermit --

Dean Kermit Hall: [Computer Presentation]

Nothing like a dramatic introduction. Good morning, I am Kermit Hall, Dean of the College of Humanities. I am delighted to have this opportunity to share with you some of the exciting developments involving learning technologies not only in my College, but in the University as a whole. My goal this morning is simple, to give you an idea of how we use technology in our classrooms today. Bob Arnold and Charlie Bender will provide you with a vision of what can and should be at Ohio State in the future.

Today you will see examples from language instruction, art and culture, and anatomy. These examples are designed to give you a sense of the variety of ways teaching technologies are used at Ohio State, but what follows is merely a sampler. It is meant to wet your appetite. We are doing exciting things, for example in distance learning through the Department of Communication and in the College of Medicine. Examples of these and other kinds of learning technologies will be available to you after the meeting just outside the auditorium. Take a minute and graze in our electronic pasture and talk with our faculty and staff about what they are up to. They are available to help you literally get plugged in.

Now this presentation will emphasize four themes about learning technology presently in use at Ohio State. First, it allows students to be active learners rather than passive receivers of knowledge. They can become immersed in the materials in ways not previously possible. They can become virtually part of the nation's culture, hear the ideas that drive famous artists and politicians, and get inside the human body.

Second, our present technology permits students to develop their skills on an individualized, self-paced basis. Students have the opportunity to practice and repeat material until they master it -- qualities that make this technology appropriate for both introductory, as well as advanced instruction.

Third, the technology of today and tomorrow is not intended to replace faculty. To the contrary, it is designed to enhance what faculty can do. Few issues in higher education today raise greater concern than the quality of teaching. Indeed, at times critics are inclined to take Shakespeare's famous line from Henry VII, "The first thing we do is kill all the lawyers" and apply it to professors. But in contemplating such a solution, recall what H.L. Minkin once said about challenges as daunting as teaching our students. "For every complex problem," Minkin observed, "there is a simple solution and it is usually wrong."

Fourth, as proud as we are of what we have done, we also need to remind ourselves that we are at the beginning of a revolution. To stay competitive in the world of learning technology, any sense of complacency must be tempered with the knowledge that today's newspapers are used to wrap tomorrow's fishes. Now let's get on with your instruction in language, arts and culture, and anatomy.

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Dean Hall: (contd)

Think back to when you learned a language, you used a combination of text and audio tape. This approach was certainly sound enough for its time, but new technology allows us to make active learners of our students. It also means that students can stay on task because the language materials and all related supporting elements are readily accessible.

Let's explore Arabic songs -- a section from the Arabic individualized language course developed by Professor Mahdi Alish here at Ohio State. A homework assignment with this program asks you to listen to the song, try to understand what the artist is saying, and answer open-ended questions. Then, at the touch of a button, you can access a dictionary or a grammar reference. Access to these tools, plus the ability to control the pace at which you go through the material are what instructional technology is all about.

Here the singer is talking about his love for a woman, but the meaning the student must tease out of the text is that the woman represents his homeland, Iraq. A virtual tour of the City of Baghdad is included to provide a cultural back-drop for studying the song and learning the language. The program asks you to identify the country and city, and then you are taken at your own speed on a tour of the City of Baghdad.

Now this approach adds a cultural text in geographical reference to the supporting materials already provided through the dictionary and grammatical references. Through technology, we have not only strengthened the pedagogical process, but broadened significantly the students' learning horizon.

To check your own understanding of the song's meaning, a section of multiple-choice questions is included. If you choose an incorrect answer, you are returned to the original text. You are then asked to go back to the text, review both the song and the related material, and make another choice. The program immediately tells you that you are correct.

The last two tasks ask you to type in English what you remembered about the song and what you learned about the country and city presented. This information is invaluable in helping the professor evaluate your strengths, as well as your weaknesses.

As we have seen in Arabic songs, working with non-print materials gives students an opportunity to learn much more than just the grammatical components of the language as important as those are. Practice with real songs not only improve students' listening comprehension, but it also introduces them to the culture in a way not possible with textbooks or rehearsed language tapes. Computers in the end then are an excellent way of delivering materials because a mountain of information can be made available almost instantaneously to the student.

Japanese is another area of language instruction where technology brings different audio and video materials together to foster active student learning. One important aspect of learning spoken Japanese is to know what words to use based on the context. Professor Mari Noda of Ohio State employs a program to enhance listening comprehension and speaking skills which covers a number of commonly encountered context.

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Dean Hall: (contd)

Here at the main menu we see a variety of conversational settings. Let's take shopping as an example from this menu. In the program, you make a selection to listen to a conversation between speakers and then react to questions in situations based on what you learned. In many of the activities, you assume a speaking role and interact with your computer counterpart in a practice conversation such as this one.

The use of technology in this way gives you the ability to ask native speakers, "could you please repeat that?," as many times as you need to understand what was said. However, even more important technology puts you in the middle of the Japanese culture so that you can experience what it is like to go shopping in a Japanese store. You become a participant learner and you have an understanding of the language beyond just knowing the present subjunctive of a particular verb.

Now as a student of the College of Arts, a course about contemporary art and music, Susan Meyers takes you through American cultural forms from World War II to the present. When studying the 1960's, for example, the class will talk about social commentary as an important theme of the time and the role played by the arts in fostering that commentary. You examine photography, sculptures, and paintings as vehicles for expressing views about the Vietnam War. This approach allows the student and the teacher to integrate different media forms. The result is a rich portrayal of how one facet of public opinion influenced that War.

Multimedia technology also allows the teacher to give the student insight into the purposes of the artist. Take this picture of the Vietnam Memorial. What do you understand of the Memorial by looking at it? Wouldn't it be helpful to hear Mya Lynn, the designer of the Memorial, address this question of understanding from her perspective? Let's listen and find out.

Now let me shift your attention to another area of learning at Ohio State: the teaching of anatomy. Multimedia technology married with the computer's power to simulate, gives more than 700 students a year, in our Allied Health and Medicine Programs, a vivid demonstration and introduction to anatomy. However, instead of dissecting animals or cadavers, the computer provides the experience without the sacrifice. In anatomy, computer simulations of cadaver labs help students learn the structure and system of the body in an efficient manner.

The program, AnatLab, developed by Professor Julia Guy, takes students through drawings, photographs, and video clips to help them learn the course content. Now in this example about the muscles of the leg and foot, you learn physical structures and clinical terms as you go. Here you see a screen that sketches the three muscle groups you will study in this lesson with relevant vocabulary defined. As you continue through the lesson, you can dissect the leg as you see here on the screen. Moving further, you can learn the names of additional leg structures and then click the clinical terms to hear how they are pronounced. At certain points in the program, you can go through a demonstration like this one which points to a particular muscle.

All of the examples you have just seen are that -- examples of the technological revolution that is sweeping over not only Ohio State, but higher education generally and not just in this state and nation, but in the world. This learning revolution is driven not by the technology, but by the simple fact that the technology helps us do some things better than we have been able to do them previously; we make active learners of our students; we allow them to grow intellectually on an individualized

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Dean Hall: (contd)

and self-paced basis; and we give the faculty the opportunity to be even better teachers of those students.

Learning technologies are part of an on-going pedagogical revolution, one in which what seemed impossible a few years ago is now routine. That same process of making the exceptional commonplace will be going on for the foreseeable future. If we manage that process correctly, we will not only fashion better students and more creative professors, but we will make Ohio State a more attractive university for the best of both.

As these examples indicate, we are fortunate to have faculty and staff that have pushed us to the edges of the revolution in learning. But as Bob and Charlie will shortly suggest, in the fiercely competitive world of higher education and technological development, we can not afford to rest on our laurels. Because if we do, we will run the risk of becoming so many fishes wrapped up in our own old newspapers.

Thank you.

Dr. Robert Arnold: [Computer Presentation]

Morning. There are fifty-three multimedia classrooms on our campus, each equipped with audio/video projection and computer management of text, audio, and video. These classrooms range in size from 30 to 700 seats. In addition, there are twelve computing labs outfitted with computer desks that are suitable for multimedia teaching -- each has 30 seats. This means that today we have about 6,000 seats available in multimedia classrooms or labs. We are projecting another 1,000 by the beginning of Autumn Quarter. These 7,000 seats are about 25 percent of the available seats that we have in classrooms and labs. Sixteen of our 20 largest lecture halls are now so equipped. The other four soon will be.

The next step will be the centralization of media distribution to these rooms. We will begin by linking the 20 largest lecture halls to a central media distribution center that will deliver all media electronically. Faculty within these rooms will be able to access slides, videotapes, films, audio CD's, and network and cable television, as well as computer prepared courseware with a device similar to the remote control that you all use for a T.V. or a VCR. This system will be designed specifically for Ohio State's needs by a leading company in the development of fully integrated multimedia systems. It will be designed in such a way that at some point in the near future, virtually every appropriate classroom on campus will be linked to our media center and all media will be transported electronically.

In order to help faculty develop such materials, Academic Technology Services has a facility that provides instruction and demonstration, and courseware authoring; gives faculty support and design consultation; has a multimedia lab for testing and experimentation; and has state-of-the-art production services, including a CD mastering facility. They will soon announce a grant program that will provide funding to faculty who want to develop such materials.

In addition, an innovative center has been developed by the College of the Arts. The Advanced Computing Center for the Arts and Design has been successful in developing one of the 22 new media centers nationally. The Emerging Technology Studio is where high-end, state-of-the-art interactive multimedia are developed, demonstrated, produced, and evaluated. We expect the Center to provide leadership

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Dr. Arnold: (contd)

for the entire University and we have invested the Provost's Academic Enrichment Funds in its start-up and continuing operation.

But this is only the beginning, because as these materials become available for use in the classroom, they also have the potential to be made available to every computer on this campus and the Extended Campuses, as well as every computer linked to the University network through Homenet. Thus, any student with a computer, whether a University machine in a computing lab or a student-owned computer in a dorm or apartment will soon be able to access course material like you have just seen -- before a class to prepare and after class to review and study.

Imagine this at some time in the future, the person teaching Arts 160 will have all the course material available for computer access. During the fourth lecture on Pop Art, 20 slides of work by Andy Warhol and 20 slides of work by Roy Lichtenstein are discussed. In the future, any student in that course, from a home computer or a lab, will be able to see those 40 slides and the lecture text before coming to that lecture and will be able to review the slides and text after the lecture and at home, 24-hours-a-day whenever it is convenient.

But it goes beyond that. Let's say the material on Warhol and Lichtenstein has peaked an interest in the student, he or she then will be able to go much deeper. Another 100 slides of Warhol's and Lichtenstein's work, video interviews with the artists, art critics talking and writing about their work, biographical material, and a journey on the World-Wide Web to the Warhol Museum in Pittsburgh, as well as other museums around the world with Warhol and Lichtenstein works in their collections. We will then provide not just information on these artists, but create a dialog between students and the instructor who both have access to information that will emphasize understanding of the information rather than just the information itself.

Teaching will change in ways that we cannot even imagine at this point, but what we know now is that it will be richer, deeper, and far more potent than it presently is. This example from the Arts has parallels in almost all the other disciplines and, of course, as Kermit has shown, goes well beyond the materials presented in traditional lectures.

Thank you.

Dr. Charles Bender: [Computer Presentation]

After yesterday, I changed my title. I got involved in thinking about instructional technology about six months ago when Bob asked me to take a very close look at what we were doing, what other schools were doing, and so we did quite an assessment. We looked at Michigan, we looked at the Big Ten, and we even looked at the University of California -- Cal State looks pretty good, too. We did quite a bit of work with Ohio State and that is what you have heard from Dean Hall. We have planned faculty upgrades, expanded current activities, and we have some pilot projects in mind for next year. My job, I guess, was the vision for the future.

Why should OSU spend money on empowering instructional technology? I think it: enhances student learning; improves faculty teaching; develops a useful research agenda; and, finally, attracts better and more students and faculty.

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Dr. Bender: (contd)

Why now? We have new educational demands; we have maturing technologies that are right and ready to use today; we have a changing student pipeline; we are becoming a network society; we are competing now with information; we have the opportunity; and, finally, we have to compete.

The new educational demands talk more to not just traditional literacy, but have to include: computer literacy, media literacy, network literacy, and, in the central point, information literacy. Maturing technologies -- we have moved from print and software through multimedia, merged multimedia, entertainment technology, and, finally, communications technology.

Our changing student pipeline reflects fewer numbers of students as sophisticated users of technology. We have a group that comes every year to the Ohio Supercomputer Center, it is a program that we have run for six years. There are about 15 kids from junior and senior high schools that learn not just supercomputing, but how to compute in collections of groups of three and four as a research group would.

What is really important to us here in this room is that we have had 120 graduates. We have an active alumni group of 67 and 15 of them are going to OSU. Their needs are different today and in the future. Today they want to work at home. We have to provide them that kind of environment. Today they want to learn at 2:00 in the morning. We have to provide that kind of environment. Tomorrow they are going to have to learn almost anything, anytime, anywhere to compete for jobs and whatever.

We are becoming a network technology. Networking just for entertainment is an estimated \$400 billion business today and it is expanding very, very rapidly. The growth of the Internet is doubling every year. You have heard about the Global Information Infrastructure, it is connected to the National Information Infrastructure, which is connected to the Ohio Information Infrastructure -- we call that ORNET, something that we started -- which is connected to the greater Columbus Freenet -- which is something that we started -- which, of course, is connected to Sonnet, and then reaches out to our students, faculty, and staff through Homenet.

You have heard a lot about K-12 initiatives "wiring the state." We will be spending \$95 million connecting up our K-12 classrooms. We are not the only state, we are not in front, but we are doing it. So the network is really becoming very pervasive.

You hear about TeleHealth -- that is my term -- other people call it TeleMedicine. This shows the virtual hospital at the University of Iowa, where people can -- using the Internet -- find out information about themselves, as well as different kinds of medical problems.

The home is becoming a workplace, I have five machines at home -- some of them even work. We are getting new terms introduced into our living, "Edutainment." You know, it is interesting to watch your kid read on a CD ROM in front of you and learn probably quicker than I did.

So the stage is really set. We are beginning to compete over that Internet with information. As I said, the growth of the Internet is doubling every year and it is not doubling because of higher education, businesses are jumping on the Internet. For example, this is something I pulled off the Net yesterday. If you would like to buy a

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Dr. Bender: (contd)

lobster from Nova Scotia, you can order it over the Internet. The whole point is that you can access and look at catalogs over the Internet today.

In the Boston area, Internet growth is growing at a factor of four. On the peninsula in California, it is growing at a factor of about four. In Ohio itself, a factor of three. So people are jumping on the Net for purposes, industrial purposes, and economical purposes. Electronic data exchange is creating a global trade. Our ability to talk without understanding peoples' languages. There is a whole group in California called, "CommerceNet" that are trying to understand how this is all going to be put together, as well as to the trade point here in Columbus.

Information is becoming a commodity and that is what the bottom slide speaks to. Codified information and knowledge are replacing capital and energy as a primary transformation -- transforming economic resource. That is a change.

People are talking about information warfare. When we were in the energy crisis, all of a sudden the intelligence community started thinking more about energy rather than Soviet bombs. That was driven by John Doitch. He happens to run the CIA today, so I think you are going to see quite a bit more in that realm. The idea of an I-bomb was introduced on the third wave in 1970.

We have an opportunity and it is called cooperation. The College of Education has been working very hard -- and we have moved some people in there -- but think about different teaching paradigms. Teaching paradigms which might include learning by investigation rather than by rote memory and repetition. The College of the Arts, you have already heard -- ACAT -- has developed some of the best materials that are available both on CD ROM, as well as over the Internet. You have ATS and it provides multimedia design and tool support.

So you have all the ingredients: you have the guys that understand what it should be; you have the people that can design those kinds of activities; you have the support in ATS; and, of course, we have OSU for the content. All the colleges and departments can participate in developing courseware that could be available not just to our students, but hopefully to other students around the world and around the country.

So we are moving. We are currently developing an academic computing-like plan with the help of students, faculty, and staff. I have been asked to develop a faculty modernization and utilization plan for capital equipment both from the state, as well as other places. And, finally, we would like to develop a University involvement and commitment very much like we did for computing. Thank you.

Provost Sisson:

Mr. Chairman, that concludes the show -- at least the show on learning technologies. I am sure that anyone here would be prepared to answer questions, but in the interest of time, perhaps the Board would want to move on to the next item on the agenda. We will have opportunities to discuss these issues. I know a number of the members of the Board are very, very interested in this as we proceed, but we are at your disposal.

PRESENTATION ON INSTRUCTIONAL TECHNOLOGY (contd)

Ambassador Wolf:

I think as long as we are seated, we will move on to Vice President Janet Pichette's presentation.

Provost Sisson:

Very good.

--0--

PRESENTATION ON THE UNIVERSITY'S MASTER PLAN

Ms. Pichette:

The objective for today's presentation is to relay the main concept of the draft that we have right now for the overall University Master Plan Recommendations. You received a document last week called, "A Framework for Change and Improvements: The Update of the Campus Master Plan" and we are pleased to give you a synopsis today of these recommendations.

This plan, we believe, will truly give you the framework that the Board has been seeking to guide us in our future decision making. This long-range plan will allow OSU to achieve the true excellence it deserves. It is anticipated that once you have had more time to digest this material and we have had a much more detailed discussion, we will incorporate all of your comments into the Master Plan and then we will proceed with the comprehensive district plans.

At this time, I would like to ask Jill Morelli, University Architect, to proceed with the presentation. She will be introducing some members from IMPACT -- the Interim Master Planning Committee -- who have been working very diligently on this over the last year. Jill --

Ms. Jill Morelli: [Slide Presentation]

Thank you, Janet, and I want to thank the Board of Trustees for the opportunity to present this very exciting project to you today.

For nearly two years, the development of the Master Plan at Ohio State University has been an ongoing group of the Interim Master Planning Advisory Committee or IMPACT. IMPACT represents a truly collaborative effort which is led by Paul Young and Karen Bokor -- please stand and be recognized, thank you. Lead members of the Committee include: Eric Kunz, with the Office of Budget and Space Planning; Jim Stevens, with the Office of Physical Facilities; Alayne Parson, with the Office of Academic Affairs; Jean Hansford, Senior Campus Planner; and myself, with the Office of University Architect and Physical Planning. At least 20 other persons were actively involved with the seven work groups, which included students and faculty members. In addition, input was solicited from the Campus community through two open forums and also numerous presentations to the Senate committees, as well as other administrative groups.

But what exactly is Campus Master Planning? Campus Master Planning is an integral part of the University planning. It is not a separate and isolated activity that is accomplished only by physical planners and architects. It is an ongoing process. It does not end with the construction of a facility. It is a tool to reinforce the sense

PRESENTATION ON THE UNIVERSITY'S MASTER PLAN (contd)

Ms. Morelli: (contd)

of academic community, support the learning process and enhance the sense of heritage and tradition, and it is the creation and improvement of campus spaces through the siting and designing of buildings and landscape.

It is also important to know what Campus Planning will and will not do. Campus Master Planning will proactively anticipate long-range needs. It will guide currently identified needs and provide pertinent and timely campus-related information for making the best University decisions at all levels. However, it is also important to know what a Campus Master Plan won't do. It won't set academic priorities, it won't provide specific answers to specific questions, and it won't make decisions for us. These activities will always remain with and depend upon the collective judgement of individuals familiar with specific planning issues involved.

In January of this year, we selected the team of Sasaki Associates and Michael Dennis Associates with the local affiliate of Moody/Nolan to assist us in preparing the campus plan. Today we have with us representing the consultants: Ken Bassett and Perry Chapman of Sasaki; Eric Thorkelson of Michael Dennis and Associates; and Bob Larimer representing Moody/Nolan our local affiliate. This Sasaki-Dennis Team has been instrumental in focusing our priorities, providing us with the perspective of neutral observers and visionaries, and have identified resources that we who live here often overlook and underappreciate because of too frequent exposure.

For example, Ohio State has a compact, walkable central campus where the academic and living environment of the University is centered. Where else in the world can we find health sciences, agriculture, law, business, education, engineering, veterinary medicine, as well as the arts and sciences in such close proximity to campus. There are memorable campus spaces that link and define diverse groups of buildings. There is a vibrant blending of the campus with the surrounding urban fabric and the legacy of agriculture fields and natural resource areas sustain the University's land grant heritage.

The consultant team has also identified two past development trends that have guided growth in the last 30-50 years. The average annual growth of building area at Ohio State has been about one percent per year. Despite that now the University is projecting little or no increase in student population, the number of projects presently in planning, design, and construction, and the new emphasis in research suggests that this historical rate will, in fact, continue.

Additionally, the development in the past was constructed primarily in the Midwest and West Campus regions, in a low density, suburban-like type of construction. If today we were to apply these two trends to future campus construction, that is a one percent growth at this same low density, all available land on the existing Columbus campus could be consumed in 10 to 15 years. This map of the existing campus right now illustrates what a large resource that is.

To illustrate this point in the most dramatic fashion, the Master Planning Team prepared a fantasy plan of our campus at this suburban low density. In contrast, there is a second fantasy plan with a higher more urban density. Which is the better legacy to leave? We believe that the most important recommendation of the Campus Master Plan of the Sasaki-Dennis Team is that in order to maintain this walkable campus that we hold so precious, to meet the estimated future needs of growth that we will in fact see, and to preserve irreplaceable green, open spaces, the University must, in fact, make a commitment to development at the densities recommended.

PRESENTATION ON THE UNIVERSITY'S MASTER PLAN (contd)

Ms. Morelli: (contd)

The urban densities that the Master Plan has recommended are similar to the North Campus, rather than the high-rises of the medical campuses or downtown. Typical characteristics would be buildings of three to four stories, which create outdoor spaces with the characteristics of rooms.

The 1995 plan that we are submitting today has five components that I will be describing to you. First is the statement of University context which relates the 1995 plan to the University's mission, describes the assumptions upon which the planning process was based, and outlines the key historical decisions that have shaped the campus that we have today -- such as this map of the 1962 Campus Master Plan.

Second is the long-range conceptual plan. A picture of what the campus should be in 30 to 50 years. This conceptual plan has five primary objectives that guide future campus development. We must conserve our finite land resources by defining and protecting a green reserve of linked open spaces. We must develop an academic research core at a relatively high urban density. A key to this development is a commitment to structured parking, as well as instituting aggressive methods for reducing parking demands on campus.

Unifying and integrating the future campus development is a responsibility that we must assume which would create civic structures of boulevards, streets, bicycle paths, and pedestrian ways, and would also define development zones with designated land use and density ranges. It must establish planning and design principles which reflect long-range commitment to improving the quality of the campus environment. Strengthening the linkages to our community by developing mutually supported boundaries and campus gateways. Something that perhaps OSU has not always done well.

Third is the district plan for the academic core in the north zone. This area between High Street, Route 315, Lane Avenue and West Twelfth, supports a rich blending of academic, residential, social, and recreational functions. The primary objectives of the district plan are to identify infill and future development sites for new projects as shown here in red. It also will establish the framework of streets, major walks, open spaces, and landscape fabric -- a civic structure, if you will, that will draw the academic core zone together and set the terms for siting new facilities. And also to reinforce the role of Lane Avenue as a principal regional approach to the campus from Route 315, making it a great boulevard with a continuous campus green way. Fourth is the neighborhood plan for the North Campus. This is a prototype for a series of neighborhood plans that will eventually include all areas of the campus where detailed guidelines for building placement, massing, site improvement, and landscaping need to be delineated. This area was selected for a more detailed study because of the considerable amount of new construction, renovation, demolition, and replacements that will likely occur here in the next 10 to 15 years.

Principle recommendations include street and quad landscape upgrades to enhance stomatic coherence and improve pedestrian environment. As an example, these are views of our present Eighteenth Avenue, which is presently being redesigned as a pedestrian pathway.

Principal building entrances and other civic spaces need to be carefully defined. New building sites, new building frontage lines, and building entrance locations must be located and major streets in the area -- Seventeenth, Eighteenth, and Nineteenth Avenues -- will be landscaped to reinforce the sense of the American street.

PRESENTATION ON THE UNIVERSITY'S MASTER PLAN (contd)

Ms. Morelli: (contd)

However, Seventeenth and Nineteenth Avenues will serve vehicular traffic, while Eighteenth Avenue will become our primary pedestrian spine in the North Campus area.

The north/south pedestrian circulation will be enhanced and improved pathways, continuity of open spaces -- as illustrated here in Smith Plaza -- and future parking structures will be constructed with ground floor frontage for people-occupied spaces, rather than vehicles.

A fifth component response to that charge is to make this plan a dynamic working tool that shapes campus development. These principles, policies, and guidelines are designed to make this plan a living document by providing operating procedures for reviewing projects and recommendations. Design review procedures will be implemented which will guide the course of the University's own development on a project by project basis. In truly beautiful spaces such as the Oval, landscape and architecture coexist in a symbiotic relationship; however, this relationship is one that can only be built over time and with a very clear vision.

Our goal in preparing this 1995 Master Plan is to provide a decision-making framework that will give positive guidance to a wide-range of users, but, ultimately, it must provide flexibility without randomness and provide form without rigidity. I believe that this Master Plan can do exactly that.

What will our campus look like in 30 to 50 years? We don't know specifically what it will look like, but you will know that you are at Ohio State. The elements of what makes this campus great in 1995 will still be there -- not as museum pieces, but because people consider them important enough to be utilized and cherished, and there will be new sacred spaces and new buildings to define them with the plan that we are implementing. One of the basic precepts of any new project on this campus is that we are truly building a community for the future generations of students who will come to Ohio State.

What we are presenting to you today is a preliminary Master Plan draft for your comments and recommendations. We appreciate any and all of your comments. Over the next two months as the document is finalized, our goal is to bring it to you sometime in the fall for final approval.

We thank you for your time and I will be happy to answer any questions that you may have. I would also like to particularly thank four individuals who helped me put this program together: Paul Young, Karen Bokor, Lari Seeger, and Ayman Ishmail. Thank you all very much, I appreciate it.

--0--

UPDATE ON THE RESEARCH PARK

Dr. Edward Hayes:

Over the past several months, the Research Park Advisory Committee, along with members from the city and state government, the community, current Research Park tenants, members of the faculty, and the University administration, has been working with an external consultant, the Research Park Consortium Group, to develop the strategic action plan for further development of The Ohio State University Research Park.

UPDATE ON THE RESEARCH PARK (contd)

Dr. Hayes: (contd)

Today, I will be providing you with an update on these planning activities and setting forth the context and time line for the next steps in the development of The Ohio State University Research Park. I want to emphasize that we are talking about a university-focused research park, as opposed to a commercial research park. University-focused in that it supports the academic programs of the University.

You have just heard a clear, precise presentation on the major elements that are under consideration for the new Campus Master Plan. The planning for the Research Park can be viewed within the context of the Campus Master Plan as a district planning effort for the development of zone one -- which if you go back to your book is in volume one, page 32 of the draft summary report.

There are two specific conclusions from the Research Park Advisory Committee that I want to call to your attention this morning. The first is that the Research Park should be expanded and enhanced in order to further develop in Central Ohio knowledge-based and technology-based companies that capitalize on the business strengths of the community in the innovations of the faculty, students, and staff of the University. The second conclusion is that it would be important to the future of the University, our educational research activities, to the State of Ohio, and the communities of Central Ohio to have a successful Research Park at the main campus of The Ohio State University.

The external consultants that worked with the Advisory Committee were very specific in their recommendations to the University on steps that need to be taken to expand and enhance the Research Park. These include the following: 1) the Research Park should be managed by an affiliated not-for-profit corporation; 2) the University must address and resolve the space and land use issues regarding West Campus; 3) the University needs to clarify the terms and conditions under which the University will make land available for the Research Park; 4) the University should partner with the city, county, and state, as well as the private business sectors in the future development of the Research Park; and 5) there needs to be predicable commitments from all the partners to the start-up capitalization and operating expenses of the expanded Research Park activity.

Of course, there is much more information in the analysis in the consultant's report dealing with the successful operation of comparable university research parks. However, after you digest all of the analysis the basic message is clear, Ohio State can have a very successful Research Park, but we have some important homework to do with our potential partners before we will be ready to take the next steps in the development of the Research Park.

So the take home-message that I want to leave you with today is that while we have completed this first phase in our planning efforts, much remains to be accomplished before we can bring before you an action plan for discussion and approval. In order to capitalize on the momentum that has been built-up in this first phase of our planning effort we will be establishing a task force to develop the particulars for the operation of the not-for-profit organization and its interaction with the University.

The task force shall consist of the Vice President for Research, the Senior Vice President and Chief Information Officer, a representative of the Board of Trustees, a representative from Legal Affairs, representatives from the city, state, and county, plus representatives from the business community. This task force will take the lead in addressing recommendations of the external consultant and would develop and propose an operating budget for the Research Park office for the first two years of

UPDATE ON THE RESEARCH PARK (contd)

Dr. Hayes: (contd)

the project. The goal is to have a detailed Research Park plan ready for your consideration in the fall.

My hope is that this gives you an appropriate overview of where we stand now in our plans, and I would be happy to respond to any questions that you might have at this point. Thank you.

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Professional Affairs/Education/Research Committee and the Executive Committee of the Hospitals Board met on June 29, 1995. The Professional Affairs Committee received the annual evaluation summary of quality activities. The formal results of the unannounced inspection on May 17, 1995 by the Joint Commission of Healthcare Organizations was received with a positive report of "no recommendations."

The Executive Committee discussed the development of a primary care network. This discussion included a presentation by the new Chief of Service for the Department of Family Medicine, Dr. Glen Aukerman. Additional reports were presented on the economics and protocols of practice acquisitions and the establishment of protocols and funding distribution formulas for primary care physician recruitment. The Committee also recognized and approved a resolution in the name of Marie Gallagher, Administrative Assistant, for her dedication and service to The Ohio State University Hospitals Board. That completes my report.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

I would first like to call on Kevin Sheriff, President of the Undergraduate Student Government, who will deliver the student government report. Kevin --

Mr. Kevin Sheriff:

Thank you, Tom. First of all, I need to apologize to Dr. Gee for not having the courage to put my name on that letter. I know that your travels are well documented, I am still not convinced that you were out of the country for as long a time as you were! In all seriousness, I think that I speak on behalf of all the student governments when I say how grateful we are that you are here at Ohio State. As I tell orientation students every night when I speak to them about USG and the Living Gift Program, this is the greatest university on the face of the planet and your staying here demonstrates that. We are all very grateful that you are still here at Ohio State.

President Gee:

That is exactly the way that we rehearsed that, too.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Sheriff:

Right. As some of you may or may not know, summer is a transition time for the student governments. The student governments select their new leaders in the spring and I would like to introduce to you some of the officers.

For USG, I was elected President and I would like to introduce Jenny Nelson, Vice President, and Eric Gallon, Chief of Staff -- one of two. The executives have made almost all of their Cabinet and committee appointments, and the Assembly has elected its new officers. The new Assembly officers are: Speaker, Keir Gumbs; Parliamentarian, Adam Brinegar; and Clerk, Nick Parish.

We have also been very busy organizing our offices. Our Historian, Steven Casburn, is currently comprising a list of all former USG alumni and he is going as far back as 1908 when we had a separate Women's Council and Student Council. USG is also preparing for a summer Association of Big Ten Student Governments Conference in which we will have the opportunity to discuss with other Big Ten student governments our vision for the Big Ten and higher education.

In the coming year, we look forward to working very closely with the student government leaders. We have had an opportunity to meet with them twice already, which is a good sign, and we are much further along than we have been in past years.

I now would like to report to you what is going on with the Council of Graduate Students. They have elected their new leadership as well: President, John Wilhelm; Vice President, Jamie Newmeyer; Secretary, Kathleen Carberry; and Treasurer, Marc Conte.

CGS has scheduled two summer meetings and an executive planning session, as well as a retreat. Additionally, Vice President Newmeyer has been interviewing candidates for committee positions. Finally, there will be an incoming graduate student orientation on September 19, 1995.

IPC really did not have much to report, but in talking to their President, Sean Ruffin, I know that they have been very busy going through stacks and stacks of papers trying to get organized.

So that is the student government report. Thank you very much.

Ambassador Wolf:

Thank you very much.

Mr. Smith:

Thank you, Kevin. It was noted at the June meeting that the Student Affairs Committee has explored the formation of a separate committee to revise the Student Trustee selection process. Consistent with that desire, the Committee has decided upon a group of individuals to begin this undertaking and I would now like to announce a formation of that committee today.

Holly Smith, our other Student Trustee, will chair that committee, and the other members will be: Keir Gumbs, an undergraduate student; Sean Ruffin, who is the President of the Interprofessional Council and also a student at the Law School -- and by the way is also working in Ginny Trethewey's office this summer; Jamie Newmeyer, a graduate student representative; Barbie Tootle, the representative from the

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith: (contd)

University administration; David Frantz, the faculty representative; and Ted Celeste, the representative from the Board. This seven-person committee, a majority of whom are students, will begin its work immediately and, hopefully, will submit some proposals for a vision by November 1.

Last month I reported to you that the Committee is engaged in productive discussions regarding ways in which we can improve and strengthen our Committee. Those discussions continued throughout the month of June and will culminate soon with a plan of action for the remainder of the year. We expect that beginning with the next meeting, you will begin to see substantial changes with the way the Committee functions. At the least, you will see the Committee start to consider the student perspective of major policy issues that confront the University.

As if Gordon needed more accolades today, he may not think that he needs them but I am going to add to them. On behalf of Holly and the student government leaders, and the entire student body, let me express to Gordon how thankful we are that he has decided to remain with us for a while longer. Gordon's leadership has been absolutely tremendous for students here at Ohio State. I believe it to honestly be the case that he has never taken a single action here at the University without having the best interest of the students at heart. The results of his leadership prove exactly that from the commitment of improving the quality of education at Ohio State, to renovating and making safer the areas around campus, to simply restoring Ohio State to its rightful place as one of America's foremost public universities.

There are, of course, areas of which Gordon can improve, we won't mention the record against Michigan, but we do expect that he will preside over a Rose Bowl winner and national championship in years to come. Nonetheless, we are 1 and 0 against the State of California and even though it was not a tie, it was still one of our greatest victories ever.

To conclude, many of you have heard Gordon say that universities are very good at taking and not so good at expressing appreciation and thanks. So let me say publicly, Gordon, thank you. You have mine and my fellow students' deepest appreciation for all that you have done and will continue to do. That concludes my report.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

The four resolutions that I would like to offer this morning for approval are:

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS

Resolution No. 96-2

January - March 1995

Synopsis: Acceptance of the quarterly report on waivers of competitive bidding requirements is proposed.

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS (contd)

January - March 1995 (contd)

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, and revised on February 7, 1992, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of January - March 1995; and

WHEREAS during the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 75 waivers of competitive bidding requirements for annual purchases totaling approximately \$6,211,900.00, as shown on the enclosed exhibit:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of January - March 1995, is hereby accepted.

(See Appendix I for background information, page 63.)

1995-96 CURRENT FUNDS BUDGET

Resolution No. 96-3

Synopsis: The budget for fiscal year 1995-96 is being submitted for adoption.

WHEREAS the levels of resources have been identified for the first year of the 1995-97 biennium; and

WHEREAS appropriate planning and consultation within the University has been accomplished; and

WHEREAS the President is now prepared to present the 1995-96 budget:

NOW THEREFORE

BE IT RESOLVED, That the University's *Current Funds Budget* for fiscal year 1995-96, as described in the accompanying text and tables, be approved, with authorization for the President to make expenditures within the projected income levels; and

BE IT FURTHER RESOLVED, That the Secretary be instructed to incorporate all supporting documents into the minutes of this meeting, and to file these materials with the official records of this University.

(See Appendix II for the *Current Funds Budget* 1995-96, page 65.)

UNIVERSITY EXPENDITURE POLICIES AND UNIVERSITY TRAVEL POLICIES

Resolution No. 96-4

Synopsis: A University committee has formulated detailed policies on such expenditures as alcohol, employee recognition and business meals, and has revised the travel policies to be in compliance with federal tax regulations.

WHEREAS the University is held to a high level of accountability for its business practices, and, policies and procedures must be in place to ensure that expenditure decisions are consistent with the University's mission, applicable law, and ethical practice; and

WHEREAS these policies have been reviewed by various levels of fiscal personnel and by the President's Executive Committee, and have been found to be appropriate:

NOW THEREFORE

BE IT RESOLVED, That the policies as detailed in the accompanying attachments be accepted and approved, effective July 1, 1995.

(See Appendix III for background information, page 119.)

LEASE OF LAND

Resolution No. 96-5

296-306 WEST LANE AVENUE
COLUMBUS, OHIO

Synopsis: Authorization to Lease the improved real property at 296-306 West Lane Avenue in Columbus, Ohio, to Cooker Restaurant Corporation is proposed.

WHEREAS The Ohio State University owns and manages as part of the University Properties Portfolio, an apartment complex at 296-306 West Lane Ave., commonly known as Lane Manor Apartments; and

WHEREAS the facility is in need of major renovations, which will decrease the profitability of the facility; and

WHEREAS an alternative use for the site has been proposed; and

WHEREAS leasing this property to the Cooker Restaurant Corporation will increase the University's return on the property, as well as providing the University community with an underrepresented business and assisting the University efforts to revitalize the area surrounding the University community:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to lease the land to Cooker Restaurant Corporation upon such terms and conditions as are in the best interest of the University.

(See Appendix IV for background information and map, page 135.)

Upon motion of Mr. Shumate, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

AGRICULTURAL AFFAIRS REPORT

Mr. Patterson:

On June 22 and 23, Ted Celeste and I had an opportunity to meet with officials from the Ohio Sea Grant Program. This is another one of Ohio State's programs that shows the fingers of Ohio State extending out into many, many different areas. The Ohio Sea Grant Program is a program that is primarily funded through a National Sea Grant Program -- Ohio State is one of just a few universities in the country. The program is run by Dr. Jeff Reutter, Director, who is here on the faculty at Ohio State and works at Stone Laboratory in Put-In-Bay and Gibraltar Island.

This day was a combination meeting with Legislators and Congressmen and their aids. There were press conferences held that promoted the program and it was extremely beneficial to us to see what we are doing in that area. Most of the work in Lake Erie -- those on zebra mussels and bringing Lake Erie back from the so-called, "Dead Lake" to an "Alive Lake" -- has been through the thrust and efforts of this group. Something that we can be very proud of.

Joining us that day was Mr. Franz Stone. Franz is the son of Julius Stone who originally bought Gibraltar Island and gave it to Ohio State. He is an elderly gentleman, but he and his wife were with us as he was inducted into the first Stone Laboratory Hall of Fame.

It was a very positive two days for Ohio State. Again, it shows the breathe of the involvement of Ohio State in so many different areas. That concludes my report.

--0--

EDUCATIONAL AFFAIRS COMMITTEE MEETING

Mr. Celeste:

The Educational Affairs Committee will be meeting as a committee of the whole and I would now like to call on Provost Sisson to make a report on restructuring and note several agenda items for our attention.

UPDATE ON UNIVERSITY RESTRUCTURING

Provost Sisson:

Thank you, Mr. Chairman. I am delighted to provide this update on restructuring today. First I will ask the Board to act on a recommendation for the merger of the School of Journalism and the Department of Communications in the College of Social and Behavioral Sciences. This proposal ultimately received a strong endorsement -- in most cases unanimous and I think that perhaps in the University Senate there were one or two reservations of all the relevant agencies of the University Senate.

The effective date of the merger is to be July 1, 1996. That means that 1995-96 -- that is the coming academic year -- is to be a transitional year during which the two units will remain independent while working together on details of the merger. In particular, such issues as determining the name of the new school, reviewing possible changes in academic programs, and writing the patterns of administration. A working agreement describing the transitional period has been signed by Dean

UPDATE ON UNIVERSITY RESTRUCTURING (contd)

Provost Sisson: (contd)

Ripley, Lee Becker for Journalism, John Sagala for Communications, and myself in this regard.

In addition, a three-person committee of members from the University Senate's Council on Academic Affairs and the Oversight Committee on Restructuring will be setup to be kept informed of the progress during the coming year and to mediate if needed. In this process, let me note that the CAA, in conjunction with the Oversight Committee, asked for a working agreement. I would like to commend Dean Ripley and especially the faculty of the two units for their positive and rapid response to that request. Within one week of that request, Journalism and Communications had a written mission statement for the new school, they drafted a working agreement, and voted within their units to approve it. This is a remarkable experience and, in a sense, shows that things can occur in an expeditious fashion within such a liberal and conservative institution as the University.

As a preview of coming attractions, let me observe that part of the College of Humanities' restructuring proposal for the creation of a Department of Women's Studies from its current statement has received the unanimous endorsement of the Council on Academic Affairs of the University Senate. This cluster of faculty that we observed constitutes at Ohio State in this area as one of the most distinguished in the United States, outstanding students are attracted to their courses.

Finally, let me observe, too, that there is still work to be done, and we shall proceed to continue to do it during the coming year. Let me provide you with the installation and results at this point and time. With the changes in the Colleges of Engineering, Food, Agricultural, and Environmental Sciences, Veterinary Medicine, Human Ecology, Medicine, and Social and Behavioral Sciences, and approved by the Board, we will have decreased the number of departments at The Ohio State University from 112 less than two years ago, to the present 96. As I said, we still have work to do, and we look forward to doing it.

That concludes my report, Mr. Chairman. I would be happy to answer any questions.

Ambassador Wolf:

Are there any questions on the matter of restructuring that has been brought before us? If not, we have some other items to be presented.

Provost Sisson:

Thank you, Mr. Chairman. I would like to present the following resolutions for the approval of the Board:

**MERGER OF THE SCHOOL OF JOURNALISM
AND THE DEPARTMENT OF COMMUNICATION**

Resolution No. 96-6

WHEREAS the Provost has called upon the colleges of The Ohio State University to consider their current administrative organization and suggest any restructuring deemed necessary; and

WHEREAS the College of Social and Behavioral Sciences has developed a statement of mission to guide its future development and identified priority areas for emphasis in service of that mission; and

**MERGER OF THE SCHOOL OF JOURNALISM
AND THE DEPARTMENT OF COMMUNICATION (contd)**

WHEREAS the College of Social and Behavioral Sciences has considered alternatives and proposed a plan to merge the School of Journalism and the Department of Communication, and the proposed merger has the approval of the faculty of the College; and

WHEREAS a Working Agreement with Mission Statement has been developed and signed by all parties in which they pledge to work out any remaining issues and patterns of administration during the transitional year, 1995 - 1996; and

WHEREAS the proposed merger has the approval of the Council on Academic Affairs, and was approved by the University Senate at its June 3, 1995 meeting:

NOW THEREFORE

BE IT RESOLVED, That the above mentioned merger of the School of Journalism and the Department of Communication is hereby approved, effective July 1, 1996.

**THE OHIO STATE UNIVERSITY - LIMA
BOARD REAPPOINTMENTS**

Resolution No. 96-7

Synopsis: Approval of reappointments of Board members to The Ohio State University-Lima Board is proposed.

WHEREAS the Board of Trustees on July 8, 1994, approved the establishment of The Ohio State University-Lima Board; and

WHEREAS it has been previously stipulated that "The Lima board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Lima board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named persons have been nominated and selected for appointment and reappointment to The Ohio State University-Lima Board for the term as specified:

Reappointment of Private Citizens

<u>Name</u>	<u>Term of Appointment</u>
Thomas M. Francis	3 years
Daniel E. Fuhrman	3 years
Jaye E. McCain	3 years

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be approved as members of The Ohio State University-Lima Board, effective July 1, 1995.

**THE OHIO STATE UNIVERSITY - MANSFIELD
BOARD APPOINTMENT AND REAPPOINTMENTS**

Resolution No. 96-8

Synopsis: Approval of a nominee and reappointments of Board members to The Ohio State University-Mansfield Board is proposed.

WHEREAS the Board of Trustees on June 3, 1994, approved the establishment of The Ohio State University-Mansfield Board; and

WHEREAS it has been previously stipulated that "The Mansfield board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Mansfield board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named persons have been nominated and selected for appointment and reappointment to The Ohio State University-Mansfield Board for the term as specified:

Appointment of Private Citizen

<u>Name</u>	<u>Term of Appointment</u>
Hayward Richardson	3 years

Reappointment of Private Citizens

Robert Houk	3 years
John S. Roby	3 years

Reappointment of Student Member

Larry Douglas Stephens	1 year
------------------------	--------

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be approved as members of The Ohio State University-Mansfield Board, effective July 1, 1995.

ADMINISTRATIVE RESTRUCTURING

Resolution No. 96-9

WHEREAS the reporting line for University Systems was transferred to the Office of Academic Affairs, to which Academic Technology Services already reported, in July 1994 to promote cost effective delivery of informations system services; and

WHEREAS those efficiencies can best be realized by combining academic and administrative computing services within a single unit organized by functional areas; and

WHEREAS further efficiencies remain to be realized by coordinating networking and communication activities associated with computing and telephony:

NOW THEREFORE

ADMINISTRATIVE RESTRUCTURING (contd)

BE IT RESOLVED, That University Systems and Academic Technology Services be merged into a single unit organized by functional area and named University Technology Services under the leadership of a Director of University Technology Services, effective July 10, 1995; and

BE IT FURTHER RESOLVED, That the Director of UNITS will hold the additional title of Associate Director of University Technology Services for Networking and Communications and the responsibility of coordinating computing and telephony networking and communication activities; and

BE IT FURTHER RESOLVED, That the secretary of the Board of Trustees be hereby authorized and directed to incorporate the above changes in the Bylaws of the Board of Trustees and the Rules of the University Faculty.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 96-10

Synopsis: Approval of the following amendments to the Rules of the University Faculty are recommended.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on June 3, 1995:

Amended Rules

3335-3-21 Director of athletics.

- (A) Unchanged.
- (B) Under policies established by the athletic council, the director of athletics shall administer the ~~programs of intramural and~~ intercollegiate athletics PROGRAM.
- (C) and (D) unchanged.

3335-5-485 Athletic council.

- (A) Unchanged.
- (B) Duties and responsibilities.
 - (1) Unchanged.
 - (2) Participate with the president in the process of selecting ~~the university's two~~ ONE OR TWO UNIVERSITY faculty representatives to the intercollegiate conference of faculty representatives (big ten conference).
 - (a) through (c) Unchanged.
 - (d) IF THE PRESIDENT APPOINTS TWO FACULTY REPRESENTATIVES, THE terms of the representatives shall be arranged so that the terms shall not

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Amended Rules (contd)

begin or expire within the same year. The term of office for a faculty representative is four years, beginning the first of July following appointment. Reappointment for no more than one additional four-year term is permissible. If an incumbent faculty representative is eligible to and desires to serve another term, then at least seven months prior to the expiration of the current term, the athletic council shall undertake a review of the incumbent's performance. If the council decides that the incumbent should serve a second term and the president concurs, the faculty representative's term shall be renewed. Otherwise, the council shall move to prepare a list to submit to the president following the procedures of paragraphs (B)(2)(a) to (B)(2)(c) of this rule.

Balance unchanged.

3335-47-041 Exclusion of countable years of service from the probationary period ~~for child care and serious illness.~~

- (A) ~~One year of service may be excluded from the probationary period of an untenured regular faculty member after the birth or adoption of a child under six years of age. Such exclusion shall be granted at the request of a faculty member. Each faculty member is entitled to a maximum of two one-year exclusions should more than one child be born or adopted during the probationary period. If both parents are untenured faculty members at the Ohio state university, they are entitled to a maximum of one year between them if one child is born or adopted or two years between them if two or more children are born or adopted. Exclusion of time from countable years of service during the probationary period is not contingent upon a reduction in percent appointment or upon taking an official leave of absence. Requests for excluding time from the probationary period shall be made by the faculty member to the chairperson or director of the tenure initiating unit. The request must be made within one year of the birth or adoption and prior to the beginning of the final year of the probationary period. AN UNTENURED REGULAR FACULTY MEMBER MAY EXCLUDE TIME FROM THE PROBATIONARY PERIOD IN INCREMENTS OF ONE YEAR TO REFLECT THE CAREGIVING RESPONSIBILITIES ASSOCIATED WITH THE BIRTH OF A CHILD OR ADOPTION OF A CHILD UNDER AGE 6. REQUESTS TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD FOR THIS REASON MUST BE MADE WITHIN THE YEAR FOLLOWING THE BIRTH OR ADOPTION AND PRIOR TO THE BEGINNING OF THE YEAR IN WHICH THE MANDATORY REVIEW FOR TENURE MUST OCCUR. MAXIMUM AMOUNT OF TIME THAT CAN BE EXCLUDED FROM THE PROBATIONARY PERIOD FOR THE BIRTH OF A CHILD OR ADOPTION OF A CHILD UNDER AGE 6 IS ONE YEAR. REQUESTS TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD MADE UNDER THE TERMS OF THIS PARAGRAPH MUST BE SUBMITTED TO THE CHAIR OF THE TENURE INITIATING UNIT FOR FORWARDING TO THE DEAN AND TO THE OFFICE OF ACADEMIC AFFAIRS. SUCH REQUESTS WILL BE APPROVED UNLESS THEY ARE PROHIBITED BY PARAGRAPHS (C) OR (D) OF THIS RULE.~~
- (B) ~~Service time may be excluded from the probationary period at the request of a faculty member who must devote substantial time to the care of a seriously ill or injured person. Should such circumstances occur, up to two years of service time may be excluded from the probationary period. Requests for excluding time from the probationary period shall be made by the faculty member to the chairperson or director of the tenure initiating unit. The request must be made prior to the beginning of the final year of the probationary period. A PROBATIONARY FACULTY MEMBER MAY APPLY TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD IN INCREMENTS OF ONE YEAR BECAUSE OF PERSONAL ILLNESS, CARE OF A SERIOUSLY ILL OR INJURED PERSON, AN UNPAID LEAVE OF ABSENCE, OR FACTORS BEYOND THE FACULTY MEMBER'S CONTROL THAT HINDER THE PERFORMANCE OF THE USUAL RANGE OF DUTIES ASSOCIATED WITH BEING A~~

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Amended Rules (contd)

SUCCESSFUL UNIVERSITY FACULTY MEMBER, I.E., TEACHING, RESEARCH, AND SERVICE. REQUESTS TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD MADE UNDER THE TERMS OF THIS PARAGRAPH MUST BE SUBMITTED TO THE CHAIR OF THE TENURE INITIATING UNIT. REQUESTS SHALL BE REVIEWED BY THE DEPARTMENT PROMOTION AND TENURE COMMITTEE WHICH SHALL ADVISE THE DEPARTMENT CHAIR REGARDING THEIR APPROPRIATENESS. SUCH REQUESTS REQUIRE APPROVAL BY THE DEPARTMENT CHAIR, DEAN, AND SENIOR VICE PRESIDENT FOR ACADEMIC AFFAIRS AND PROVOST. A REQUEST TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD FOR ANY OF THESE REASONS MUST BE MADE PRIOR TO THE BEGINNING OF THE YEAR IN WHICH THE MANDATORY REVIEW FOR TENURE MUST OCCUR. THE EXTENT TO WHICH THE EVENT LEADING TO THE REQUEST WAS BEYOND THE FACULTY MEMBER'S CONTROL, THE EXTENT TO WHICH IT INTERFERED WITH THE FACULTY MEMBER'S ABILITY TO BE PRODUCTIVE, AND THE FACULTY MEMBER'S ACCOMPLISHMENTS UP TO THE TIME OF THE REQUEST WILL BE CONSIDERED IN THE REVIEW OF THE REQUEST.

- (C) ~~Service time may be excluded from the probationary period at the request of a faculty member who is stricken with a serious illness or injury. Up to two years of time may be excluded from the probationary period depending upon the nature and duration of the illness. Requests for excluding time from the probationary period shall be made by the faculty member to the chairperson or director of the tenure initiating unit. The request must be made prior to the beginning of the final year of the probationary period. A REQUEST TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD FOR ANY REASON WILL NOT BE GRANTED AFTER A NONRENEWAL NOTICE HAS BEEN ISSUED NOR WILL PREVIOUSLY APPROVED REQUESTS TO EXCLUDE TIME FROM THE PROBATIONARY PERIOD IN ANY WAY LIMIT THE UNIVERSITY'S RIGHT NOT TO RENEW A PROBATIONARY APPOINTMENT.~~
- (D) ~~Under this rule, a maximum of two years of service may be excluded from the probationary period. THE MAXIMUM AMOUNT OF TIME THAT CAN BE EXCLUDED FROM THE PROBATIONARY PERIOD FOR ANY REASON OR COMBINATION OF REASONS IS TWO YEARS FOR AN INSTRUCTOR OR ASSISTANT PROFESSOR AND ONE YEAR FOR AN ASSOCIATE PROFESSOR EXCEPT IN EXTRAORDINARY CIRCUMSTANCES. EXCEPTIONS REQUIRE THE APPROVAL OF THE DEPARTMENT CHAIR, DEAN, AND SENIOR VICE PRESIDENT FOR ACADEMIC AFFAIRS AND PROVOST.~~
- (E) ~~Requests to exclude service time from the probationary period under paragraph (A) of this rule shall be reported to the dean or director and senior vice president for academic affairs and provost. Requests to exclude service time from the probationary period under paragraphs (B) and (C) of this rule shall be reviewed by the chairperson or director of the tenure initiating unit with the advice of the unit's promotion and tenure committee. Recommendations for approval or disapproval under paragraphs (B) and (C) of this rule shall be forwarded to the appropriate dean for his/her recommendation. Both the unit and college recommendations shall be forwarded to the senior vice president for academic affairs and provost whose decision shall be final. (In the case of a faculty member serving on a regional campus, the request shall also be reviewed by the regional campus dean and director with the advice of the regional campus promotion and tenure committee. The dean and director's review shall be forwarded to the chairperson or director of the tenure initiating unit.)~~

3335-47-03 Probationary service, duration of appointments for regular faculty.

- (A) Unchanged.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Amended Rules (contd)

- (B) ~~Leaves of absence. The period of a leave of absence may not be credited in the probationary period unless there is a written agreement to so credit it. Such an agreement will require the approval of the dean and of the senior vice president for academic affairs and provost.~~
- (C) The appointment of a person to a nontenured regular faculty position is probationary in nature. Probationary appointments are for a one-year period, and faculty members on such appointments shall be reviewed annually. During this period persons have an opportunity to prove themselves to their peers; their record of accomplishments will be the basis for renewal or tenure decisions. Faculty members will be informed at the time of initial appointment and in a timely fashion each year thereafter when renewal or tenure decisions about them will be made and will be given the opportunity to submit materials they think are relevant to the making of these decisions. They shall also be provided all pertinent documents which set forth the relevant promotion and tenure policies, standards, and procedures (including but not limited to those that are required to be provided by rule 3335-3-35 of the Administrative Code) in a timely fashion.
- (D)-(C) The university does not assume any continuing obligation to renew the appointment of a nontenured regular faculty member. Nonrenewal may be based upon such factors as an assessment of inadequate performance or insufficient development, or any one of a number of academic, financial, or policy reasons, but must be the result of formal annual review in accord with the review procedures established by the appropriate academic unit of the appointee in accord with paragraph (B)(3) of rule 3335-3-35 of the Administrative Code. The nonrenewal of an appointment in and of itself, however, should not carry with it the implication of either incompetence or misconduct on the part of the faculty member.
- (E) (D) Decisions affecting the nonrenewal of a probationary appointment may not be arbitrary or capricious or carried out in violation of a faculty member's right to academic freedom. Faculty rule 3335-5-05 of the Administrative Code provides a procedural mechanism under which an aggrieved probationary faculty member can challenge a nonrenewal decision believed to have been improper. In that instance, however, the burden of proof is on the probationary faculty member to establish that the nonrenewal decision was improper. (B/T 10/5/84, B/T 7/10/87, B/T 11/2/90, B/T 4/8/94, B/T 7/7/95)

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

NAMING OF BUILDING

Resolution No. 96-11

Synopsis: Naming of the Law Building, 55 West 12th Avenue, on the main campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee it has been proposed that the Law Building at 55 West 12th Avenue be named "John Deaver Drinko Hall" to reflect Mr. Drinko's accomplishments in the field of law and his long-time support of the University and the College of Law; and

NAMING OF BUILDING (contd)

WHEREAS Mr. Drinko, as managing partner of the law firm Baker & Hostetler, was instrumental in the unprecedented growth of that firm as one of the first national law firms and one of the largest today with over 400 lawyers in seven offices nationwide; and

WHEREAS Mr. Drinko is recognized as one of the college's most generous benefactors whose contributions include the creation of endowments for two chairs, a building fund, and a law library fund; and

WHEREAS Mr. Drinko was instrumental in securing 40 percent of the \$15 million raised through the College of Law Centennial Campaign, providing funding for building additions and renovations and endowments which have greatly enhanced the College's quality of education; and

WHEREAS Mr. Drinko has distinguished himself as a dedicated advocate for higher education, through his leadership on The Presidents Club Executive Committee, The Ohio State University Foundation Board, the National Campaign Committee, and the College of Law's National Council, as well as through his creation of six endowed chairs at four Ohio law schools, including the two at Ohio State:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of Rule 3335-1-08 of the Administrative Code, the aforementioned Law Building shall hereby be named "John Deaver Drinko Hall."

CHANGE IN AN HONORARY DEGREE

Resolution No. 96-12

WHEREAS at the May 5, 1995 meeting, the Board of Trustees approved the awarding of an honorary Doctor of Engineering degree to Austin E. Knowlton; and

WHEREAS after consultation with the director of the Austin E. Knowlton School of Architecture, and key faculty members in the College of Engineering, it is recommended that the honorary degree of Doctor of Engineering be changed to Doctor of Architecture:

NOW THEREFORE

BE IT RESOLVED, That the Honorary Degree of Doctor of Engineering bestowed on Austin E. Knowlton be changed to the Honorary Degree of Doctor of Architecture and be awarded in accordance with this recommendation at a time convenient to the University and the recipient.

DEGREES AND CERTIFICATES - SUMMER QUARTER COMMENCEMENT

Resolution No. 96-13

Synopsis: Approval of Degrees and Certificates for Summer Quarter is proposed.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

DEGREES AND CERTIFICATES - SUMMER QUARTER COMMENCEMENT (contd)

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on August 31, 1995, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

PERSONNEL ACTIONS

Resolution No. 96-14

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the June 2, 1995 meeting of the Board, including the following Appointments, Reappointments, Appointment/Reappointment of Chairpersons and Directors, Leave of Absence Without Salary, Leave of Absence Without Salary--Continuation, Professional Improvement Leaves, Promotions/ Tenure/Reappointments, Emeritus Titles, and salary rolls with promotion, as detailed in the University Budget be approved and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved May 18, 1995, by the Hospitals Board be ratified.

Appointments

Name: BERNADINE P. HEALY

RESOLUTION IN MEMORIAM

Resolution No. 96-15

Synopsis: Approval of a Resolution in Memoriam is proposed.

RESOLVED, That the Board adopt the following Resolution in Memoriam and that the President be requested to convey a copy to the family of the deceased.

Wave H. Shaffer

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 15, 1995, of Wave H. Shaffer, Professor Emeritus in the Department of Physics.

Professor Shaffer received his AB (1933) from Hiram College, his M.A. (1936) and Ph.D. (1939) degrees from The Ohio State University. As a National Research Council Postdoctoral Fellow at the University of Chicago (1939-1940) he worked on molecular spectroscopy with Dr. R. S. Mulliken (later a Nobel Laureate). Dr. Shaffer returned to The Ohio State University in 1940 as an Instructor in Physics and progressed through the academic ranks serving as Professor of Physics from 1950 until his retirement July 1, 1976.

From April to September of 1944 and 1945, Dr. Shaffer served as Physicist with the Applied Research Laboratory of Johns Hopkins University assisting in the development of proximity fuse devices. He served as a consultant with the Office of Scientific Research and Development 1946-50. He taught summers at the University of Colorado (1964) and at Dartmouth College (1965 and 1966).

Professor Shaffer will be remembered by OSU students for his animated teaching of two series of academic-year-long graduate level courses in quantum mechanics and classical mechanics. He encouraged students to master both for their future as well-educated scientists. An accomplished organist, he enjoyed teaching the physics of acoustics to students of music and speech, always illustrating fundamental theories of music and speech with excellent demonstration experiments.

His research and that of his graduate students was primarily in the mechanics of rotating vibrating polyatomic molecules and interpreting infrared spectra. The more than thirty students earning Ph. D.

RESOLUTION IN MEMORIAM (contd)

Wave H. Shaffer (contd)

or M.Sc. degrees with Dr. Shaffer left OSU well-prepared for their successful lives in academia and/or industrial or governmental laboratories.

His effective service on many boards and committees must be acknowledged: Board of Directors, Institute for Polar Studies; Faculty Council; Graduate Council; Council on Instruction; Curriculum Committees at departmental, college, and university level; and a member of hundreds of examining committees for Master's and Doctoral candidates.

Professor Shaffer was a fellow of: The Ohio Academy of Science, the American Association for the Advancement of Science, and the American Physical Society. He also held membership in the American Association of Physics Teachers, Ohio Section of American Physical Society, the Society of Sigma Xi, and The American Guild of Organists.

On behalf of the University, the Board of Trustees expresses to the family of Professor Shaffer its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

Mr. Celeste:

Mr. Chairman, I just have one other item. I would like to remind members of the Educational Affairs Committee that next month we will be meeting with the Regional Campus Trustees after the August Board meeting in the afternoon. I would encourage any other Trustees that would like to sit in on that to be there, but particularly members of the Educational Affairs Committee.

That concludes my report.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

I would like to call on Dr. Hayes to give the Research Foundation Report.

Dr. Hayes:

Thank you, Mr. Celeste. A copy of the Report of the May 1995 Grants and Contracts of The Ohio State University Research Foundation was previously distributed to each of the members of the Board of Trustees.

Expenditures from external sources are ahead of last year by 9.1 percent for a total of \$156.6 million through May 31, 1995. Awards for the year are in excess of \$155.9 million or 12.1 percent above the July to May time period last year. A summary of the award totals is given in the second section of this report.

REPORT ON RESEARCH FOUNDATION (contd)

Dr. Hayes: (contd)

At Tab 3, four projects are highlighted. These projects deal with a broad range of scholarly activities: research on advanced ceramics; studies of spinal muscular atrophy; research on advanced heart failure; and, finally, support for an exhibition at the Wexner Center.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-16

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for May 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of May 1995 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Sofia, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

INVESTMENTS COMMITTEE MEETING

Mr. Colley:

We will be meeting as a committee of the whole this morning, and I would like to call on Mr. Nichols to present the Treasurer's report.

Mr. James Nichols:

Thank you, Mr. Chairman. This Endowment report is for the period May 19 through June 16. Market value of the Endowment was \$547.9 million at that point, which represents the third month in a row that I have reported to you an all time high. I am fairly comfortable -- given the movements of the market and the fund-raising -- that we will cross \$550 million at June 30, the end of the Fiscal Year.

The total market value was \$15.7 million above the number I reported to you last month, with the equity portion increasing 13.1 percent and the fixed income portion increasing \$2 million. Net new additions to the Endowment for June was \$1 million. Since July 1 of last year, the Endowment has increased \$62 million, including net additions of \$17.9 million. Asset allocation remains at 62 percent in equities, 23 percent in fixed, 7 percent in real estate, and 8 percent in cash.

That would conclude that part of my report and I would take any questions, Mr. Chairman, if there are any.

**AUTHORIZATION FOR DESIGNATED OFFICIALS TO BUY, SELL, ASSIGN
AND TRANSFER SECURITIES, TO DEPOSIT OR WITHDRAW FUNDS
FROM BANK ACCOUNTS, AND TO DESIGNATE DEPOSITORIES**

Resolution No. 96-17

Synopsis: Reaffirmation of the Board of Trustees Resolution No. 95-12 (July 8, 1994), which authorized designated officials to buy, sell, assign, and transfer securities, to deposit or withdraw funds from bank accounts held in the name of The Ohio State University, and to designate depositories is proposed.

WHEREAS designated officials of the University buy, sell, assign, and transfer stocks, bonds, and other financial instruments owned by The Ohio State University; and

WHEREAS various financial institutions are designated as depositories of The Ohio State University; and

WHEREAS accounts at various financial institutions are opened and maintained in the name of The Ohio State University:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer and/or Vice President for Finance be authorized and empowered to buy, sell, assign, and transfer any and all stocks, bonds, evidences of interest and/or indebtedness, insurance, rights and options to acquire or to sell the same, and all other securities corporate or otherwise, standing in the name of or belonging to The Ohio State University in any capacity; and

BE IT FURTHER RESOLVED, That the Treasurer and/or Vice President for Finance be authorized and empowered to designate various financial institutions as depositories for The Ohio State University and to open and maintain accounts at various financial institutions in the name of The Ohio State University; to sign Agreements for credit and non-credit bank services; and

BE IT FURTHER RESOLVED, That the Treasurer and/or Vice President for Finance be authorized, on behalf of The Ohio State University and in its name, to sign checks, drafts, notes, bills of exchange, letters of credit, acceptances or other orders for the payment of money from said accounts; to endorse in writing or by stamp checks, notes, bills, certificates of deposit or other instruments owned or held by this University for deposit in said accounts or for collection or discount by said banks; to accept drafts, acceptances, and other instruments payable to said banks; to waive, demand, protest, file notice of protest, or dishonor any check, note, bill, draft, or other instrument made, drawn or endorsed by the University.

Upon motion of Mr. Colley, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassdor Wolf.

--0--

INVESTMENTS COMMITTEE MEETING (contd)

Mr. Nichols:

Regarding the Firestone Gift -- just as a notification -- during the next several weeks there were various financial options involved in the contract that is due to expire. Depending on the outcome of those particular options, there very well may be an opportunity to do refinancing of the current debt on that property. If that should occur, I will report back to the Board at the next meeting.

INVESTMENTS COMMITTEE MEETING (contd)

Mr. Colley:

Mr. Chairman, Mr. Gary Kitsmiller will substitute for Mr. May, Vice President for Development, and present this month's Development Report.

Mr. Gary Kitsmiller:

Thank you, Mr. Chairman. In your notebook under the Development tab, you will see the results of the private gift support to the University for the first 11 months of this Fiscal Year compared to last Fiscal Year. I will not go into a lot of detail, but give you a few highlights.

One of the more significant things is that alumni giving is up significantly over last year -- a 23 percent increase over last year. I did sneak a peak at some of the June figures -- although I don't have the final results for the whole fiscal year, but that has been sustained -- and I believe we will have a record year of alumni giving for this year.

Corporate giving remains strong -- a 27 percent increase over last year. There are approximately 100 corporations who have given at the \$10,000 level or more this year; 100 more corporations than gave at that level last year, so that is quite significant.

As Jim Nichols said, the gifts to the Endowment continue to be very strong. We are up slightly this year over last year. We have had about \$18 million added to the Endowment, and we would hope to be over \$20 million when we report the June figures.

One other aspect of fund-raising this year -- which is important to us who process all of the gifts that you will not see in your report -- is that the record totals of alumni giving and all donors will be very high this year. In fact, we will probably process more than 165,000 gifts to the University, which certainly adds strength to the broad-based support that we receive from all alumni and individuals to The Ohio State University.

That concludes my report on the fund-raising totals. Are there any questions?

Mr. Chairman, I would also like to recommend to the Board the establishment of two endowed professorships which are fully funded, eight new endowed funds totaling approximately \$1.2 million, and the revision of five formally approved endowed funds. I submit that for your approval.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-18

Synopsis: The report on the receipt of gifts and the summary for May 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

REPORT ON UNIVERSITY DEVELOPMENT (contd)

WHEREAS the name and description are being revised and, the funding level has been reached to establish The Raymond E. Mason Professorship in Transportation and Logistics, and The Frederick P. Zuspan, M.D. Professorship in Obstetrics and Gynecology; and

WHEREAS this report includes the establishment of eight (8) new named endowed funds and amendments to five (5) endowed funds:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of May 1995 be approved.

TOTAL UNIVERSITY PRIVATE SUPPORT

Total	\$52,597,678	\$58,652,404	12

NOTES

A Alumni giving remains strong (up 23%) while gifts from non-alumni individuals lags behind last year (down 20%). So far this year gifts of \$10,000 or more from alumni total \$9.2 million. For the same period last year gifts at this level from alumni totaled \$6.8 million. At the \$10,000 or more level gifts from non-alumni are running \$2.4 million behind last year.

B Corporate giving is up 27%. Last year there were 412 corporations providing private support of \$10,000 or more (\$13.2 million). This year private support at the \$10,000 level exceeds \$17.5 million (507 corporations).

C Gifts of \$10,000 or more from private foundations during the July-May period are \$1.7 million more than last year.

D During July-May 1993-94, sixty-five associations or organizations gave \$10,000 or more (\$1.9 million). This year for the same period, only thirty-four associations or organizations also gave at this level for a total of \$0.7 million.

ESTABLISHMENT OF NAMED PROFESSORSHIPS

The Raymond E. Mason Professorship in Transportation and Logistics

WHEREAS in accordance with the guidelines previously established by the Board of Trustees, The Raymond E. Mason, Sr. (Designated) Professorship in Transportation and Logistics was established May 3, 1985, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Raymond E. Mason, Jr. (B.S.Bus.Adm. '41) and friends, in honor of Raymond E. Mason, Sr.; and

WHEREAS the required funding level has now been reached:

NOW THEREFORE

BE IT RESOLVED, That The Raymond E. Mason, Sr. (Designated) Professorship in Transportation and Logistics be changed to The Raymond E. Mason Professorship in Transportation and Logistics. The annual income shall be used by the Fisher College of Business to support the Raymond E. Mason Professorship in Transportation and Logistics. The Professorship will be used to attract and/or retain an internationally recognized scholar in the field of transportation and logistics. Appointment to the professorship will be made by the Dean of the Fisher College of Business with the approval of the Senior Vice President for Academic Affairs and Provost, and The Ohio State University Board of Trustees.

Requirements for the professorship include: a doctoral degree in transportation/logistics/marketing or related field; a record of significant achievements in transportation and logistics; demonstrated research capabilities; an ability to work effectively with professional community, industry and government; provides focus for Fisher College of Business in area of transportation and logistics; publishes research results; serves as leader and advocate for transportation and logistics with College, University and community-at-large; contributes to degree programs via curriculum design and/or instruction; participates in service activities at a national and/or international level; serves as liaison with University and business community, particularly transportation and logistics-related associations, groups and governmental agencies.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED PROFESSORSHIPS (contd)

The Frederick P. Zuspan, M.D. Professorship in Obstetrics and Gynecology (contd)

WHEREAS the required funding level has now been reached:

NOW THEREFORE

BE IT RESOLVED, That the Frederick P. Zuspan, M.D. Chair Fund in Obstetrics and Gynecology be changed to The Frederick P. Zuspan, M.D. Professorship in Obstetrics and Gynecology. The annual income shall be used to support a professorship position in the Department of Obstetrics and Gynecology as recommended by the Chairperson of the Department of Obstetrics and Gynecology and

the Dean of the College of Medicine. When the funding level required for a Chair at \$1,250,000 is reached, the income can be used for a chair position in the Department of Obstetrics and Gynecology as recommended by the Chairperson of the Department of Obstetrics and Gynecology and the Dean of the College of Medicine to the Provost and approved by the Board of Trustees. Any unused income can be returned to principal.

\$502,657.80

ESTABLISHMENT OF NAMED FUNDS

The Marion L. Smith Scholarship Fund

The Marion L. Smith Scholarship Fund was established July 7, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Ralph A. Rockow (B.S.M.E. '58; M.S. 1958) and other former students, friends, colleagues, and wife Marjorie L. Smith in honor of Professor Marion L. Smith (M.S., Mechanical Engineering '48) and his service as a Mechanical Engineering faculty member (1947-58) and as Associate Dean of Engineering (1958-84).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Ninety percent of the yearly income will provide scholarships for worthy and deserving undergraduate students enrolled in the College of Engineering. Preference will be given to Mechanical Engineering majors. Additional preference will be extended to students who have demonstrated leadership in campus and/or community affairs. Marion L. Smith Scholars will be named annually, but may compete for renewed awards. Selection will be made by the Dean of the College of Engineering with assistance from the College of Engineering Scholarship Committee and the University Committee on Student Financial Aid. The remaining ten percent of the yearly income will be reinvested in the fund's principal.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

ESTABLISHMENT OF NAMED FUNDS (contd)

Galion Scholarship Fund at OSU Mansfield

The Galion Scholarship Fund at OSU Mansfield was established July 7, 1995, by the Board of Trustees of The Ohio State University with community gifts to The Ohio State University Development Fund. The funds were raised through a campaign sponsored by the Galion Area Betterment Commission.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships to Galion High School graduates attending OSU Mansfield. Students shall be selected to receive awards based on criteria developed by the OSU-Mansfield Admissions and Scholarships Committee, in concert with Galion representatives and school officials, and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

\$20,235.94

The Lucy Roy Sibley Memorial Graduate Scholarship

The Lucy Roy Sibley Memorial Graduate Scholarship was established July 7, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the faculty and friends of the Department of Textiles and Clothing.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Annual income shall be used for graduate scholarships, or graduate associateships, or fellowships for students who are accepted in the graduate program of the Department of Textiles and Clothing in the College of Human Ecology. Selection shall be made by the Dean of the College or his/her designee upon recommendation of the department chairperson in consultation with the graduate studies committee of the Department of Textiles and Clothing and the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative officials of the University who are then directly responsible for Textiles and Clothing education or the Dean of the College of Human Ecology, in order to carry out the desire of the donors.

\$18,389.25

The Robert M. Zollinger Legacy Endowment

The Robert M. Zollinger Legacy Endowment was established July 7, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from friends and family of Dr. Robert M. Zollinger, B.S. '25; M.D. '27; Doctor of Science (Honorary) '74; and, Professor Emeritus in the Department of Surgery.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income shall support the preservation and availability of the collection of writings, materials for research and memorabilia of Dr. Robert M. Zollinger's, which is a part of the Health Sciences Library historic collection, as recommended by the Director of the Prior Health Sciences Library.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of the Prior Health Sciences Library and Vice President for Health Sciences, or program administrative officer in order to carry out the desire of the donors.

The TBDBITL Script Ohio Club Endowment

The TBDBITL Script Ohio Club Endowment was established July 7, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni and friends of The Ohio State University Marching Band.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used, at the discretion of the Director of the Marching Band, for the purchase of instruments and other items or services needed to enhance the quality of The Ohio State University Marching Band.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income shall be used for purposes similar to those specified by the donors, as directed by the Board of Trustees of The Ohio State University in order to carry out the desire of the donors.

\$15,285.50

The Phi Delta Gamma Graduate Scholarship Fund

The Phi Delta Gamma Graduate Scholarship Fund was established July 7, 1995, by the Board of Trustees of The Ohio State University, with gifts to the Ohio State University Development Fund from members of the Delta Chapter of Phi Delta Gamma.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide a scholarship to a Master's or Ph.D. candidate. Recipients shall be close to finishing the thesis or dissertation but for various reasons, including financial, have been unable to complete the requirements for the Master's and/or Ph.D. degree. Graduate students who are residents of Columbus or Franklin County, are in good standing, who have not registered for the last two years, and who could finish the degree requirements within one or two quarters are eligible for this scholarship. The scholarship may be used for stipend, thesis or dissertation expenses. This fund will be administered by the Graduate School. Recipients will be selected by the Dean of the Graduate School, on recommendation of a faculty committee, and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

CHANGE IN NAME AND DESCRIPTION OF NAMED FUNDS

The Family and Consumer Science Extension Fund

The Home Economics Cooperative Extension Fund was established March 1, 1985 by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from faculty, friends and associates of the Cooperative Extension Service. The name and description were revised July 7, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide support for activities and projects of Ohio State University Extension, Family and Consumer Sciences. Funds will be allocated upon the recommendation of the associate dean for extension education and approval of the dean of the College of Human Ecology.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees with preference being given to the recommendation of the dean of the College of Human Ecology, in order to carry out the desire of the donors.

The Chester C. Winter Visiting Lectureship in Urology

The Chester C. Winter Urology Library Endowment was established September 6, 1985, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Dr. Chester C. Winter, Columbus, Ohio. The name and description were revised July 7, 1995.

The Chester C. Winter Visiting Lectureship in Urology (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income shall support an annual lectureship by a visiting professor of urology or one noted in that field, and appropriate expenses for the lectureship will be defrayed from the fund. A committee to administer the fund and choose the lecturer will meet annually to make preparations and will be chaired by the Director of the Division of Urology and will include the faculty member who is responsible for pediatric urology at Columbus Children's Hospital and Dr. Chester C. Winter while he is alive and able to attend. The chairperson of the Department of Surgery at The Ohio State University will be an ex-officio member of the committee. The lecture will be given to an audience including Ohio State University urology staff, residents and students interested in urology, and members of the Central Ohio Urology Society, as well as others that may be included at the discretion of the committee.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director for the Division of Urology, Chairperson for the Department of Surgery and the Dean for the College of Medicine, or program administrative officer in order to carry out the desire of the donor.

CHANGE IN DESCRIPTION OF NAMED FUNDS

The Janet and Grace Souders Crist Music Scholarship Fund

The Janet and Grace Souders Crist Music Scholarship Fund was established October 5, 1990, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Janet Souders Crist (M.A. Music '47) of Lancaster, Ohio. The description was revised July 7, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships/fellowships titled "The Janet and Grace Souders Crist Music Scholarship/Fellowship," hereafter referred to as "scholarship."

To be eligible for consideration for the scholarship, students shall be residents of Lancaster, in Fairfield County, Ohio. If no qualifying Fairfield County student is identified for two consecutive years, the scholarship may be given in the third year to a resident of a county contiguous to Fairfield County (Franklin, Hocking, Licking, Perry, or Pickaway) who meets the scholarship requirements. Preference in the selection process, however, will always be given to qualified Lancaster or Fairfield County students. Students shall also be graduating or have graduated from an accredited high school in one of the named counties.

Applicants shall be enrolled or accepted as full-time students in the University and majoring in one or more of the following disciplines within the School of Music: Theory and Composition, Music History and Literature, Music Performance, or Music Education.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN DESCRIPTION OF NAMED FUNDS (contd)

The Janet and Grace Souders Crist Music Scholarship Fund (contd)

Applicants shall be required, in the screening process, to audition before appropriate faculty members of the School of Music. Preference shall be given to applicants who major in one or more of the following specialties: voice, violin, viola, violon-cello, piano, organ, flute, oboe, French horn, trumpet or trombone.

Applicants shall have achieved an outstanding record of music performance and a high point-hour academic average with honor roll status during their most recent year of school in high school or at the University. Applicants shall have demonstrated leadership ability and good school citizenship. Financial need shall not be a factor in the selection.

The final selection of the recipients shall be made by the Dean of the College of the Arts in cooperation with the Director of the School of Music and in consultation with the University Committee on Student Financial Aid and Janet Souders Crist (or her representative) during her lifetime.

Scholarships may be awarded to outstanding students for more than one year if they continue to meet all of the qualifications herein set forth. Seventy-five percent (75%) of the income is to be used for scholarships, and 25% of the income is to be returned to the fund's principal to promote growth of the scholarship endowment. If in any year there are no qualified applicants, the unused income shall be reinvested in the fund's principal.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income shall be used for awards to outstanding faculty in the College of the Arts or for purposes similar to those specified by the donor, as directed by the Board of Trustees of The Ohio State University, in order to carry out the desire of the donor.

The John O. and Elsie Jenkins Memorial Scholarship Fund

The John O. and Elsie Jenkins Memorial Scholarship Fund was established April 7, 1978, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Thomas A. Jenkins (B.S.Bus.Adm. '50) of Toledo, Ohio; Palmer L. Jenkins (B.S.Bus.Adm. '47) of Alamo, California; and John O. Jenkins, Jr. (B.S.Ed. '40; M.A. '46) of Huntington Beach, California, and relatives and friends of the Jenkins family in honor of the parents, Mr. John O. Jenkins, Sr., and Elsie Jenkins. The description was revised September 1, 1993, and again on July 7, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Twenty-five (25) percent of the annual income shall be returned to principal. Seventy-five (75) percent of the annual income shall be used to provide one or more scholarships to financially needy students in the College of Education. Selection of the scholarship recipients shall be made by the Dean of the College of Education in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

REPORT ON UNIVERSITY DEVELOPMENT (contd)
THE OHIO STATE UNIVERSITY FOUNDATION

CHANGE IN NAME OF NAMED FUND

The Marianna H. and P. Tennyson Williams, M.D. Endowment Fund

The P. Tennyson Williams, M.D. Endowment Fund was established May 5, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for support of the Department of Family Medicine in the College of Medicine from Chairperson and Professor Emeritus, Dr. P. Tennyson and Marianna H. Williams, Columbus, Ohio. The name of the fund was revised July 7, 1995.

The income shall support fellowships, with priority given to those pursuing academic careers in family medicine or to support the research of a fellow in training as a family medicine academician, as approved by the Chairperson, Department of Family Medicine and the Dean, College of Medicine. If funding becomes equal to or greater than that required to support a professorship position, the fund shall be renamed The Marianna H. and P. Tennyson Williams, M.D. Professorship Fund, and the income shall support a professorship position with a focus on the scholarly development of family medicine as an academic discipline as recommended by the Chairperson, Department of Family Medicine and the Dean, College of Medicine.

Upon motion of Mr. Colley, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND FIFTEENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, August 30, 1995

The Board of Trustees met at its regular monthly meeting on Wednesday, August 30, 1995, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

August 30, 1995 meeting, Board of Trustees

The Chairman, Ambassador Wolf, Ph.D. called the meeting of the Board of Trustees to order on August 30, 1995, at 10:45 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith. The Secretary notes for the record that Vice Chair Leslie H. Wexner, who was unavoidably out of state this morning, took part by means of a telephone connection which allowed him to hear all of the proceedings.

PRESIDENT'S REPORT

President Gee:

I appreciate the opportunity to be with you today. As most of you know, I have been on vacation -- well, actually, I was on my honeymoon -- but things continued to be busy around the university despite the fact that I was gone.

The Young Scholars Program held their Summer Institute for the eighth consecutive summer, providing students in grades 7 through 12 with academic classes, study and social skills workshops, and exposure to career opportunities. For your remembrance, there are approximately 1,600 Young Scholars and, of course, this fall we will enroll the second group of Young Scholar graduates as students at the university. Having had our first group as freshman this past year, first-year students, I can say that this program has worked very, very well in the interest of our students in the university.

Among our most distinguished visitors this summer was astronaut Nancy Currie, one of our graduates, who took her second shuttle flight this summer. As many of you can remember, the "Ohio Flight." Governor Voinovich honored the shuttle crew at the Ohio State Fair since, as you recall, four of the five crew members are Ohioans. I was delighted to present them with Ohio State shirts and hats, and Nancy gave me a Buckeye that they had taken on the trip. Ohio State truly is everywhere!

This month, Ed Jennings travelled to Hanoi, just hours after the U.S. re-opened relations with Vietnam. He and Professor Charlie Bender of the Ohio Supercomputer Center, participated in a seminar with Vietnamese educators as they work to build an improved university system. The program was organized by the Big Ten through our Midwest Universities Consortium for International Activities, which has housed Ohio State and which I have had the privilege of chairing over the past several years.

The University, as you know, mourns the loss of one of our colleagues who was both an outstanding teacher and very skilled diplomat. Political Science Professor Joe Kruzel was serving as deputy assistant secretary of defense for European and NATO affairs. He was killed in an accident outside Sarajevo.

One of our students said that she took his introductory course in the Politics of Global Problems, and he was one of the best teachers she ever had. She remarked on his passion for the field and his effective communication skills. We are certainly, I think, all inspired by his commitment to public service and to peace, which he lived to the end.

While Ohio State scholars are busy literally around the world, I had a chance to see some of their work closer to home in northwest Ohio, during one of my state tours. I experienced Ohio agriculture from a farm field in Lindsey, Ohio, to the Cheerios Capital of the World -- the General Mills plant in Toledo. I am not certain if everyone

PRESIDENT'S REPORT (contd)

President Gee: (contd)

knows that we make more Cheerios than any other place in the world. Some little known fact for you can take home to your family and friends.

Darryl Knipp offered me a ride in his Case combine -- a machine about the size of this room -- and we worked a couple of rows of wheat. What I won't do for this university! I visited a Migrant Families Health Fair in Delta, Ohio, where 150 youngsters were receiving health education and information thanks to our extension faculty. From Hirzel Canning to Sauder Woodworking, I was again reminded -- again, and again, and again -- of the richness of this state and the importance of this university to its future.

To further illustrate our commitment to service, let me mention the involvement of our College of Nursing faculty in the "Back to School Rally and Health Fair" in Columbus this weekend. Our University Medical Center Health Center Partners will do various screenings. Our Ophthalmology Clinic will offer eye exams and vision testing, and the Speech, Language, and Hearing Clinic will conduct exams. Other agencies will offer information for parents and free school supplies. We are participating in this program with the Ohio Commission on African-American Males.

We are also very, very proud that in the *U.S. News & World Report* ranking of "America's Best Hospitals," the University Medical Center's endocrinology, orthopedics, and rehabilitation programs were singled out as being among the very best in the nation.

Also among the best in the nation is Blaine Wilson, Ohio State gymnast, who finished third in the U.S. National Gymnastics Championships last weekend. Furthermore, our own Coach of Men's Gymnastics, Peter Kormann, has been invited to be the coach in the United States Olympic Men's Gymnastics Team in Atlanta! He truly is at the top of his profession.

Tomorrow, we will hold Ohio State's 333rd Commencement. Nearly 2,000 graduates will receive their degrees. As those of you who regularly attend the ceremony know, I sometimes note that the graduates have earned their degrees through hard work, determination, and perspiration. Tomorrow, there will be plenty of the latter, as we converge on an arena without air conditioning we will soon correct that.

Even as we send off this class, we are getting ready for fall quarter. One sure sign of fall is the first football game. Sunday, the Buckeyes faced the Eagles of Boston College in the Kickoff Classic. As I look at the schedule, I think I should speak to Athletic Director Andy Geiger about these Catholic institutions on our schedule. If he wants to play this type of school, I might suggest Ohio Dominican College. Nonetheless, we did win, we won soundly, but we have way too many religious institutions on our schedule this year and we need to correct that.

Thank you very much, Mr. Chairman.

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Administrative Operations Committee and Executive Committee of the Hospitals Board met July 20, 1995. The Administrative Operations Committee's main

HOSPITALS BOARD REPORT (contd)

Mr. Skestos: (contd)

discussion centered on the strategy for the development of a Primary Care Network. The Executive Committee's agenda included significant discussion on a potential relationship between The Ohio State University Hospitals and Harding Hospital.

On August 24, 1995 the Administrative/Operations Committee and the Hospitals Board convened. The Administrative/Operations Committee reviewed the process and criteria to be followed when negotiating to purchase Primary Care practices and authorized entering into final negotiations to acquire a physician practice, discontinuation of discussions for a second physician practice, and entering into the "due diligence" phase of negotiation with two other practices. The Hospitals Board ratified a primary care compensation program which allows the Hospitals to financially assist in the recruitment and retention of Primary Care physicians. The Hospitals Board also received a status report on discussions with U.S. Health and Harding Hospital, development of a Health Maintenance Organization (HMO), and the development of an Integrated Delivery and Finance System.

That completes my report, however I would move for the appointment of four members to the Medical Research and Development Committee which was established by this Board at its March 3, 1995 meeting.

APPOINTMENTS TO THE MEDICAL RESEARCH AND DEVELOPMENT COMMITTEE

Resolution No. 96-19

WHEREAS under the College of Medicine Practice Plan, the Medical Research and Development Foundation (MRDF), a not-for-profit corporation, was created to operate as the conduit for moving academic enrichment funds from the practice medical practice groups to the University; and

WHEREAS at its March 3, 1995 meeting, this Board approved the amended Practice Plan to replace the MRDF with the Medical Research and Development Committee (MRDC) (Resolution No. 95-103); and

WHEREAS academic enrichment and teaching and research funds will now be transferred directly from the practice medical practice groups to the University; and

WHEREAS the MRDC will serve as an oversight body; and

WHEREAS the MRDC will consist of ten members, six elected by the faculty and four appointed by the University Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That in accordance with Resolution No. 95-103, the Board of Trustees hereby appoints the following individuals to serve on the Medical Research and Development Committee (MRDC):

Milton A. Wolf, Chairman of the Board of Trustees
E. Gordon Gee, President
Bernadine P. Healy, Dean of the College of Medicine
William J. Shkurti, Vice President for Finance.

**APPOINTMENTS TO THE MEDICAL RESEARCH AND
DEVELOPMENT COMMITTEE (contd)**

Upon motion of Mr. Skestos, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

The Investments Committee received five detailed reports this morning from the Treasurer, Mr. Nichols, relating to the Endowment Report, the Quarterly Endowment Investment Report, the Endowment Income Summary, the Investment Manager Ownership and Management Changes, and the Refinancing of the Firestone Promissory Note. With your permission, I have asked Mr. Nichols to summarize those for the Board.

Mr. James Nichols:

Thank you, Mr. Chairman. With regards to the Endowment Report for the past month, the market value of the Endowment at the end of the reporting period, August 18, was at \$571.6 million. I might note this is the fifth month in a row I have reported an all-time high in the size of the market value of the Endowment. This was \$10.8 million above the previous report to the Board and the market value of the equity portion of the Endowment increased \$10.9 million, while the fixed income portion decreased \$200,000. Net new additions for the month total \$1.2 million.

Since the beginning of the fiscal year on July 1, the Endowment has increased in value \$15.9 million. Current asset allocations is 63 percent in equities, 22 percent in fixed income, 7 percent in real estate, and 8 percent in cash.

With regards to the Quarterly Endowment Report -- and this would be for the quarter ending and also fiscal year ending June 30, 1995 -- the Endowment rate of return for the Fiscal Year was 15.7 percent. When viewed in terms of the 3, 5, and 10 year returns of June 30, it was between the Lehman Corporate Bond Index and the S&P 500, which is where we would expect it to be given the strong movement in the stock market.

Over the past ten years, the value of the Endowment has increased 70 percent while inflation has increased 42 percent so our investment strategers are staying well ahead of inflation. An item as the Investments Committee knows in very important to me, during fiscal year 1995, the Endowment distributed \$26.8 million to the colleges and departments for use that was intended by the donors. I might note -- as we did this morning in the meeting -- that that is almost three and a half times the amount we distributed in 1985. So that's been a very substantive move and that is even in light of decreasing the distribution a half percent some seven years ago.

The Endowment also reviewed the Income Balance Report that has previously been reviewed on an annual basis. The report includes beginning and ending cash values with additions in expenditures for the last three fiscal years. Those balances have increased each of the last fiscal years and currently stand at approximately \$22 million.

Finally, I updated the Investments Committee on management changes at WR Lazard and an announcement by Wells Fargo that they were being purchased by Barkley's.

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Nichols: (contd)

Lastly, the Investments Committee discussed the refinancing of the Firestone Promissory Note. The refinancing will use Endowment funds currently invested in short-term securities, current interest rate is 10.8 under the proposed scenario, the interest rate will be floating, but currently will be 5.7. That savings of about 500 basis points will amount to about \$243,000 a year in financing interest savings annually. The Investments Committee recommended that proposal and I offer it for your consideration, Mr. Chairman.

**AUTHORIZATION TO REFINANCE FIRESTONE PROMISSORY NOTE
DATED JANUARY 10, 1995**

Resolution No. 96-20

Synopsis: Authorization to pay the Firestone Promissory Note on September 1, 1995 with a payoff of \$5,300,661.77 for an annual interest savings of approximately \$243,400.00 per year, using Endowment Funds invested in short-term securities is requested.

WHEREAS pursuant to authorization from the Board of Trustees in June 1987 and December 1994, The Ohio State University purchased the 1,503 acre property of the late Raymond C. Firestone on January 10, 1995; and

WHEREAS the University executed a promissory note for the purchase; and

WHEREAS in accordance with the purchase agreement, the interest rate stipulated in the note is 10.8% per annum, and the University is able to prepay the note in its entirety, with a prepayment penalty of \$147,812.08, which will be recouped by interest savings in approximately seven months; and

WHEREAS the University is able to utilize for this payment Endowment Funds currently invested at short-term interest rates resulting in a savings of approximately \$243,400.00 per year using current rates, and net proceeds from the sale of the property will be added to the Endowment Fund:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer of The Ohio State University be authorized to utilize Endowment Funds invested in short-term investments to prepay in full the Firestone note on September 1, 1995 in the amount of \$5,300,661.77; and that the Treasurer be authorized to execute all necessary documents to effect this transaction; and

BE IT FURTHER RESOLVED, That interest will accrue on the advance at the short-term investment rate of the Endowment Fund, and will be due from net proceeds from the sale of the property.

Upon motion of Mr. Colley, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution with six affirmative votes cast by Messrs. Celeste, Colley, Skestos, Patterson, Sofia, and Ambassador Wolf, and an abstention by Mr. Shumate.

(See Appendix VI for background information, page 247.)

Mr. Colley:

Mr. Chairman, Jerry May will present the monthly Development Report. Mr. May --

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Jerry May:

Thank you very much, Mr. Colley. If you will turn to your books under the tab labeled "Development," I'm going to give a two-part report. The first part will require some action and I'd like to just briefly review the first part because I'd like to spend more time on the second part because I think you'll find that helpful with regard to the University's upcoming campaign.

If you look at the last year, you will notice that we, for the second time in the University's history, stayed up at the \$90 million plus level, which we're very pleased about. We were off \$2 million largely due to fewer estate gifts than we have had in recent years -- estate gifts being transactions after estates are concluded and the money is distributed to the institution. However -- and I will show you this on a slide in a minute in the next part of my report -- our net new activity -- total new cash pledges and deferred gift commitments -- is dramatically up as it was last year and I'll show you that and elaborate on that in a little bit. I should also mention that the gifts to the Endowment this year were the second highest in our history -- \$22.3 million, a 16 percent increase over the previous year was added to the University's Endowment.

If you'll notice, your pages are a little thicker than usual in terms of the number of new funds and in the interest of time, I'd like to highlight simply one and then ask to move this particular part of my report and have you approve it. And that is, I'd like to highlight the Richard M. Ross Chair and Management that you see listed there. This is in The Max M. Fisher College of Business and was made possible by a generous gift by Mrs. Elizabeth Ross. The Chair is in memory of her late husband, Richard M. Ross, who -- as many of you know or knew personally -- was the Head of Ross Laboratories and a 1938 alumnus of The Ohio State University. We have a press release with regard to that particular gift that is here, as well as perhaps in your material.

That along with what is in there in terms of all the new funds, at this time I'd like to ask Mr. Colley to present to the Board -- for you to present to the Board approval of one new named endowed Chair and 25 named endowed funds and the revision of two funds all of these totaling \$1,974,000.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-21

Synopsis: The report on the receipt of gifts and the summary for June 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding level has been reached to establish The Richard M. Ross Chair in Management; and

WHEREAS this report includes the establishment of twenty-five (25) new named endowed funds and amendments to two (2) endowed funds:

REPORT ON UNIVERSITY DEVELOPMENT (contd)

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of June 1995 be approved.

Total	\$94,884,179	\$92,893,698	-2

NOTES

A Total giving from individuals (\$28.6 million) holds strong, staying at last year's FY95 record levels. Alumni giving was up considerably (16%) with about \$2.5 million more in gifts during FY95 than last year. This was particularly evident at the \$10,000 plus giving level whereby alumni contributed \$2 million more (up 24%) this year.

The opposite was true of gifts from non-alumni where there was a drop of 28% at the \$10,000 plus giving level. This drop was mostly due to two estates valued at more than \$2 million which were received last year while no estates at this level were realized during FY95. Overall, the drop in estates transferred to the University was the only blemish in individual giving strength.

B Corporate giving remained strong during FY95. Corporations and corporate foundations contributed \$2.6 million more in FY95 than last year (6% increase).

C Three major gifts from foundations totaling more than \$4 million led the way for a 20% increase in this category for FY95.

D Last year during July-June, 234 associations or other organizations gave \$10,000 or more (\$15.8 million). This year during the same period 240 organizations or associations gave at this level for a total of only \$9.8 million.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED ENDOWED FUNDS

Electric Power Systems Engineering Endowment Fund

The Electric Power Systems Engineering Endowment Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with dollars transferred into the University's Permanent Endowment Fund by the Department of Electrical Engineering. This transferred asset represents gifts from industry to The Ohio State University Development Fund for the Department of Electrical Engineering.

All assets are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

Electric Power Systems Engineering Endowment Fund (contd)

The annual income shall be used to support general educational activities of the electric power systems faculty of the Department of Electrical Engineering. The Chairperson, with the advice and consent of the electric power systems faculty, will be primarily responsible for authorizing expenditures from the Fund's annual income. Any unused yearly earnings will remain in the income account and will not be reinvested into the Fund's principal.

This Fund should benefit the University in perpetuity. If the need for the Fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the chairperson of the Department of Electrical Engineering and the concurrence of the electric power systems faculty.

\$121,839.80

Kresge Endowment Fund for Computer Visualization Laboratory in Geological Sciences

The Kresge Endowment Fund for Computer Visualization Laboratory in Geological Sciences was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni, corporations, foundations, faculty, students and friends of the Department of Geological Sciences.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the computer visualization laboratory with computer hardware for Geological Sciences as determined by the chairperson of the Department of Geological Sciences.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$119,569.00

The Maria A. Melnyk Franks Memorial Scholarship Fund

The Maria A. Melnyk Franks Memorial Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Richard L. Franks (B.A. Humanities, 1977) and friends in memory of Maria A. Melnyk Franks.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Maria A. Melnyk Franks Memorial Scholarship Fund (contd)

The intent of the fund is to provide scholarships in perpetuity for students actively involved in music study at Ohio State as music majors or members of The Ohio State University Marching Band. The annual income shall be divided equally to provide two scholarships.

One scholarship shall be awarded to an outstanding undergraduate or graduate student enrolled at The Ohio State University's main campus in Columbus. Priority shall be given to students with a major in piano performance. If no piano majors qualify, the scholarship may be awarded to any music major. The second shall be awarded to an outstanding undergraduate or graduate student who is an active member of The Ohio State University Marching Band. The marching band scholarship may be held by a student from any school or department on the University's main campus.

For the first four years, priority will be given to graduates of public or private schools in Montgomery, Frederick or Carroll Counties in the State of Maryland. If no students from these Counties qualify, the funds may be awarded to any student who qualifies for either scholarship. If, in any given year, there are no qualified recipients, the income shall be returned to the fund's principal. After the first four years, the geographic limitations described here are to be removed.

Scholarships may be renewed up to four years by any individual recipient. All recipients must maintain a minimum grade point average as stipulated by School of Music and University policies.

The selection of the recipients shall be made by the director of the School of Music and the director of The Ohio State University Marching Band in consultation with the University Committee on Student Financial Aid with approval of the dean of the College of the Arts.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with recommendations from members of the Franks family (Richard L., Charles R., Virginia L. Franks, and Connie A. Sanders or their heirs) in consultation with the appropriate college dean, school director, or program administrative officer in order to carry out the desire of the donor.

\$49,190.00

Department of Agricultural Education Program Excellence Fund

The Department of Agricultural Education Program of Excellence Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from alumni and friends of the Department of Agricultural Education.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the benefit of the Department of Agricultural Education or its successor as recommended by the Chairperson of that Department.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

Department of Agricultural Education Program Excellence Fund (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. Should the Department of Agricultural Education cease to exist through any reorganization of the University, the income or the principal may then be used by the Board of Trustees for any purpose whatsoever, with preference being given to recommendations of the appropriate official of the University who is then directly responsible for agricultural education, agricultural communication, extension education, or rural sociology programs.

\$30,000.00

The Van Wert County Extension Endowment Fund

The Van Wert County Extension Endowment Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the Ohio State University Extension, Van Wert County, and other friends of the Van Wert County Extension program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support educational programs in Van Wert County. This support may include, but is not limited to, the funding of scholarships and awards for Extension volunteers and friends of Extension; sponsoring seminars and programs; and purchasing material or services that will supplement Extension programming or increase the visibility and public support for Extension in Van Wert County. All expenditures from this fund shall be approved by the Extension Advisory Council in Van Wert County and the Extension staff.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used only for furthering the education of Van Wert County citizens as determined by the Board of Trustees, with preferences being given to the recommendations from the appropriate administrative official of the University who is the Director for the Ohio State University Extension, in consultation with a committee representing the local donors.

\$30,000.00

The Richard L. Bere Agricultural Economics Scholarship Fund

The Richard L. Bere Agricultural Economics Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from The Kroger Company.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Richard L. Bere Agricultural Economics Scholarship Fund (contd)

The annual income shall be used to support undergraduate student scholarships in the Department of Agricultural Economics and Rural Sociology. The student recipients, who shall be enrolled in the Department of Agricultural Economics and Rural Sociology shall have demonstrated both academic promise and financial need. Selection shall be made in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Chairperson, Agricultural Economics and Rural Sociology, or its successor in order to carry out the desire of the donor.

\$25,000.00

The WOSU Stations Fund

The WOSU Stations Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts from individuals, businesses, foundations, and others for the support of the WOSU Stations and their successors. The establishment of this Fund within the University's Permanent Endowment Fund was recommended and approved by The Friends of WOSU, an Ohio Nonprofit Corporation.

Except as hereinafter provided, all assets are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The uses of the net income of the WOSU Stations Fund shall be determined by the Board of the Friends of WOSU (the Board of Directors of the Friends of WOSU), or of the Friends Board of the successors to the WOSU Stations, which board shall establish an Endowment Commission to effectuate its decisions concerning the Fund. Such Commission shall consist of seven members, as follows: the President and the Treasurer of the Friends Board and the Director of the Stations who shall be ex-officio members; and four at-large members selected by the Board, two from among the current individual contributors and two from among the current business and foundation contributors. In selecting the business and foundation members, the Friends Board shall select the two institutions from which the members are to come, request a list of at least three candidates, with their qualifications, from each and appoint one members from each list. The ex-officio members shall serve during their terms of office; the at-large members (except three of those appointed at the inception of the Commission whose terms shall expire at the end of one, two, and three years respectively) shall each serve a four year term and may be reappointed by the Friends Board for one additional four year term. The Commission shall organize itself and elect its own officers in accordance with rules established by the Friends Board, which rules shall provide that the term of no more that one at-large member shall expire in any one year.

The Endowment Commission shall make recommendations regarding the following to the Friends Board which shall have the authority respecting the WOSU Stations Fund:

1. To withdraw any part or all of the current year's net income, and, after net income has been exhausted, to withdraw principal from the Fund, such withdrawals to be used for the purposes of the WOSU Stations or their successors as determined by the Friends Board. Net income not withdrawn by the end of each year shall be added to the principal of the Fund.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The WOSU Stations Fund (contd)

2. Should the WOSU Stations cease to be affiliated with The Ohio State University, the Friends Board has the authority to withdraw part or all of the Fund from the University's Permanent Endowment Fund.
3. To amend this document in order to make changes consistent with the purposes of the WOSU Stations Fund.

Should the need for the Fund as described cease to exist or so diminish as to provide unused income, the Friends Board shall determine an alternate use or disposition of the Fund.

If there is a change in the name of the Friends Corporation or of the public broadcasting station it supports, such new name shall be substituted above without affecting the validity of this document.

\$25,000.00

The Andreas Dorpalen Memorial Fund

The Andreas Dorpalen Memorial Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Rose-Marie Dorpalen in memory of her husband, Andreas Dorpalen. Andreas Dorpalen was Professor of German and European History at The Ohio State University from 1958 until his retirement in 1978. Professor Dorpalen was known as an inspiring teacher and a brilliant scholar. He is best remembered for his books, *The World of General Haushofer: Geopolitics in Action*; *Heinrich Von Treitschke*; *Hindenburg and the Weimar Republic*; *Hindenburg in der Geschichte der Weimarer Republik*; and *Europe in the Twentieth Century*.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to a graduate student enrolled in the Department of History to support travel to Germany when working on a doctoral dissertation in the areas of nineteenth or twentieth century German history. Applications will be solicited from graduate students and evaluated by an appointed committee. Recipients will be informed by the department chairperson. Awards need not be made each year and are made at the discretion of the committee and department chairperson. Each year the Andreas Dorpalen Award is awarded, it will be announced by the Department of History.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Dean of the College of Humanities in consultation with the chairperson of the Department of History in order to carry out the desire of the donor.

\$20,000.00

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

Shirley Brooks-Jones and Ronald Jones Student Support Fund for Study Abroad
in Agriculture and Natural Resources

The Shirley Brooks-Jones and Ronald Jones Student Support Fund for Study Abroad in Agriculture and Natural Resources was established August 30, 1995, by the Board of Trustees of The Ohio State University with initial gifts to The Ohio State University Development Fund from Shirley Brooks-Jones (B.A. English 1994), and Ronald Jones. This fund was created in honor of their parents who were natives of southeastern Ohio -- Maxine Helen Matthews (B.S.Ed. '24), Willard Ray Jones, Lena Ruth White and Raymond Brooks.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from the endowment shall be used for undergraduate students studying abroad for academic credit awarded for participation in formal courses (excluding independent studies). Use of income to include, but not exclusively, transportation, books, fees and tuition. The funds shall be awarded to undergraduate students who are enrolled in the College of Food, Agricultural and Environmental Sciences, including the School of Natural Resources and the Agricultural Technical Institute. Preference shall be given to students with financial need who are from southeastern Ohio. Awards shall be made by the Assistant Dean for Student Affairs or his/her designee in the College of Food, Agricultural and Environmental Sciences in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in Perpetuity. If the need for the fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President for Agricultural Administration in order to carry out the desire of the donors.

\$18,971.32

The Belmont County 4-H Endowment Fund

The Belmont County 4-H Endowment Fund was established August 30, 1995 by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Robert W. Lang, (B.S.Agr. '24) former County Extension Agent, Belmont County 4-H Council, and Friends of 4-H.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund, but not limited to, 4-H Camp Scholarships for Belmont County Youth to Camp Piedmont and to enhance 4-H Programs in Belmont County with scholarships for leadership and citizenship programs for youth and adult volunteers, promotion, and/or priority needs as determined by the County 4-H Council and the County Extension Agents.

An annual budget will be developed by a special committee made up of 4-H Council members, Ohio State University Extension, Belmont County Agents, and selected lay individuals.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Belmont County 4-H Endowment Fund (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with preferences being given to the recommendations from the appropriate administrative official of the University who is the Director for the Ohio State University Extension, in consultation with a committee representing the local 4-H donors in order to carry out the desire of the donors.

\$18,968.29

The J. Robert and Catharine P. Warmbrod Graduate Education and Research Fund

The J. Robert and Catharine P. Warmbrod Graduate Education and Research Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from former students, friends, family and colleagues of J. Robert Warmbrod in honor of his retirement.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to enhance the quality of graduate education and research in the Department of Agricultural Education. Uses shall include, but not exclusively, support of graduate and faculty research; visiting lecturers, consultants or professors; registration or tuition fees for graduate students and faculty for attendance at symposia, workshops, or conferences pertaining to their graduate studies; graduate courses taught or to be taught, or research. The uses of the funds shall be directed by the Chairperson, Agricultural Education, or his/her successor.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the chairperson, Agricultural Education, or his/her successor in order to carry out the desire of the donors.

\$17,748.00

The George E. Ruff Scholarship Fund

The George E. Ruff Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with the initial gifts to The Ohio State University Development Fund from George E. Ruff (B.S.Agr. '63), Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide a scholarship annually to an undergraduate student who is enrolled in the College of Food, Agricultural, and Environmental Sciences and has held a state officer position in the Future Farmers of America (FFA) program. The student must also possess at least a 3.0 GPA on a 4.0 scale. Scholarship recipient will be selected in consultation with the

REPORT ON UNIVERSITY DEVELOPMENT (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The George E. Ruff Scholarship Fund (contd)

University Committee on Student Financial Aid. Unawarded or unclaimed current-year earnings will be added to the principal of the endowment.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President for Agricultural Administration in order to carry out the desire of the donor.

\$16,413.22

The Paul E. Bates Chemical Engineering Scholarship Fund

The Paul E. Bates Chemical Engineering Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Paul E. Bates (B.Ch.E. '49) of Woodlawn, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to worthy and deserving Chemical Engineering students who have demonstrated promise of academic achievement. Preference will be given as follows: 1) African-American graduates of Columbus (OH) East High School; 2) African-American graduates of Cincinnati (OH) Princeton High School who are Woodlawn, Ohio, residents; 3) other African-Americans; and 4) women. The award recipients shall be selected by the Chairperson of the Department of Chemical Engineering in consultation with the University Committee on Student Financial Aid. The award is renewable. The Chemical Engineering department chairperson will reinvest all unused annual earnings into principal before the end of each fiscal year. The department chairperson also is expected to communicate yearly with the donor regarding the Bates Scholarship Program and its scholars.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

\$15,000.00

The John F. Disinger Endowment Fund

The John F. Disinger Endowment Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with various gifts to The Ohio State University Development Fund in honor of Dr. Disinger's 1995 Alumni Award for Distinguished Teaching.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

The John F. Disinger Endowment Fund (contd)

The annual income shall be used to provide scholarship support for upper division undergraduate students enrolled in the Sustainable Resource Management Program of the School of Natural Resources and/or for resident instruction in environmental history and/or environmental impact evaluation in the School of Natural Resources. Selection of scholarship recipients shall be made in consultation with the University Committee on Student Financial Aid. The uses of the funds shall be administered by the Director, School of Natural Resources, or his/her successor.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director, School of Natural Resources, or his/her successor in order to carry out the desire of the donors.

\$15,000.00

The Lee Johnston Scholarship Endowment Fund

The Lee Johnston Scholarship Endowment Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the family of Lee Johnston of Ohio, in memory of Lee Johnston.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to award one or more scholarships to junior or senior students in the School of Natural Resources at The Ohio State University. The students must possess leadership skills and maintain active participation in student/professional organizations within the School of Natural Resources. Selected students must demonstrate academic ability and a need for financial assistance. Selection of the award recipients shall be made by the Director, School of Natural Resources, and its scholarship committee in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

\$15,000.00

The Donald and Nancy Lamport Scholarship Fund in Pharmacy

The Donald and Nancy Lamport Scholarship Fund in Pharmacy was established August 30, 1995, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Donald (B.S.Pharm. '54) and Nancy (B.S. Occupational Therapy 1953) Lamport, Indianapolis, Indiana.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

The annual income shall be used to provide one or more scholarships in varying amounts to deserving students in the College of Pharmacy, based on criteria established by the College of Pharmacy Scholarship Committee. The scholarship recipient(s) shall be determined by the Dean of the College of Pharmacy or his/her designee, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$15,000.00

Master of Arts in Public Policy and Management Scholarship Fund

The Master of Arts in Public Policy and Management Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with a transfer of funds from the Public Management Programs.

All funds are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for a scholarship for a Master of Arts student enrolled in the Public Policy and Management Master's Program. Recipients shall be selected by the Director of the Public Management Programs in consultation with the faculty of the Public Policy and Management Master's Program and the University Committee on Student Financial Aid. Criteria for the award include financial need, professional development potential, and commitment to public service.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Director of the Public Management Programs in consultation with the faculty of the Public Policy and Management Master's Program in order to carry out the desire of the donor.

\$15,000.00

The George Sladoje Innovation Fund in Business

The George Sladoje Innovation Fund in Business was established August 30, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mr. George Sladoje (B.S.Bus.Adm. '65) of Glenview, Illinois.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUNDS

Sara Ann "Leach" Adams Loan Fund

The Sara Ann "Leach" Adams Loan Fund was established December 5, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the family and friends of Sara Ann Adams (D.D.S 1977) in her memory. The description was revised August 30, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUNDS (contd)

Sara Ann "Leach" Adams Loan Fund (contd)

The annual income will be used to help first, second, or third year students in Orthodontics. The income will be loaned to the students at an interest rate being used for other University loan funds. No interest should be accrued on the loan until six months after the students' graduation. The loan should be paid back as soon as possible, but in no event should the loan be outstanding five years after graduation. Should the income account exceed the loans, the excess should be added to the principal.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, as recommended by the College of Dentistry and/or appropriate University official in order to carry out the desire of the donors.

Shirley A. Brooks-Jones Scholarship in Agriculture

The Shirley A. Brooks-Jones Scholarship in Agriculture was originally established February 6, 1981, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Shirley A. Brooks-Jones (B.A. English, 1994). The name and description were revised February 3, 1995, and the description was further revised August 30, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from the principal is to be used to provide scholarships for incoming freshmen enrolled in the undergraduate degree program of agriculture. First preference shall be given to students who are residents of Vinton County, Ohio, and, in turn, other southeastern Ohio residents. The students need not be honors students but should instead be those whose grade-point average in high school shows evidence of potential for success in college and who come from homes of modest means. Recipients may apply for and receive a first renewal of the scholarship. The selection of the recipients shall be made by the University Committee on Student Financial Aid based on recommendations of a committee comprised of the Dean of the College of Food, Agricultural and Environmental Science, the Assistant Dean for Student Affairs in the College of Food, Agricultural and Environmental Sciences, and Shirley A. Brooks-Jones during her lifetime. Following her death, the third individual on the committee shall be a faculty member in agriculture who is familiar with the needs of students from southeastern Ohio.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with preference being given to recommendations from the appropriate administrative official who is then directly responsible for curricula in agriculture in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED CHAIR

The Richard M. Ross Chair in Management

The Richard M. Ross Chair in Management was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Elizabeth M. Ross (B.S.Ed. '40) of Columbus, Ohio.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

\$1,255,000.00
(Grandfathered)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Manuel Barkan Endowed Fellowship Fund

The Manuel Barkan Endowed Fellowship Fund was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Theresa (Toby) Barkan Willits (M.A., Social Admin., 1951) of Dublin, Ohio.

Income provided by the Foundation shall be distributed to the Department of Art Education to be used to support the research of one or more graduate students who are completing work on their doctoral dissertations. The annual award(s) made with this income shall be determined by an appropriate committee of the faculty of the Department of Art Education, and the award shall be called the "Manuel Barkan Dissertation Fellowship." The principal criteria for the award should be the academic record of the recipient and the potential scholarly contribution of his/her dissertation research.

\$32,000.00

James R. and Vylee Calvert Garstick Permanent Endowed Scholarship
Fund in the College of Optometry

The James R. and Vylee Calvert Garstick Permanent Endowed Scholarship Fund in the College of Optometry was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation which has established an endowed fund with gifts from Dr. James R. Garstick. Dr. Garstick, a private practitioner in Columbiana, Ohio, for 42 years and a 1951 graduate of The Ohio State University College of Optometry has enjoyed a very successful and productive career as an optometrist. His work ethic and very strong commitment to continuing education in the field of optometry has set an example for future students to emulate.

The annual income from this fund shall be used to award scholarships to third and fourth year optometry students with financial need. The award recipients shall be selected by the Dean of the College of Optometry program or designee in consultation with the University Committee on Student Financial Aid. Should income from this fund not be awarded in any given year, the income shall be added to the next year scholarship pool or used to increase the fund's principal.

\$25,000.00

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Clarence A. and Beatrice E. Rohrbach Memorial Scholarship Fund

The Clarence A. and Beatrice E. Rohrbach Memorial Scholarship Fund was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from their sons as a memorial to their parents. One or more of their sons, David C. (B.S. Animal Science 1958), Kenneth G. (B.S. Horticulture 1962), Roger P. (Bachelor, Agricultural Engineering 1965; Ph.D. Agricultural Engineering 1968) and Keith V. (B.S. Horticulture 1970; M.S. Horticulture 1971; Ph.D. Agricultural Education 1975) attended The Ohio State University every year for 21 consecutive years.

Income provided by the Foundation shall be used to provide a scholarship annually to the College of Food, Agricultural, and Environmental Sciences undergraduate student including Agricultural Engineering, who, including their siblings' attendance at OSU, has established the greatest number of years of attendance at OSU. Ties will be broken by selecting the student with the highest demonstrated record of academic achievement. Scholarship recipients shall be selected in consultation with the University Committee on Student Financial Aid. Unawarded or unclaimed current year earnings will be added to the principal.

\$15,000.00

Student-Alumni Council Service Endowment Fund

The Student-Alumni Council Service Endowment Fund was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from The Student-Alumni Council (SAC).

Income provided by the Foundation shall be distributed to the Office of Student Life to support University-related service projects which have a philanthropic and/or benevolent purpose of enhancing the benefits to the greater campus community and promoting awareness of activities and student lifestyles at The Ohio State University.

The service project(s) to be supported and at what monetary level will be suggested to the general membership for approval each year by the SAC Service Committee. The committee will be comprised of the following: the SAC treasurer, a SAC executive board member, a SAC general member, a representative from The Ohio State University Alumni Association, Inc., and a representative from the Office of Student Life. Selection of the project(s) will be based upon a written application submitted by a general member.

\$15,000.00

Student-Alumni Council Upperclassman Scholarship Fund

The Student-Alumni Council Upperclassman Scholarship Fund was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from The Student-Alumni Council (SAC).

Income provided by the Foundation shall be distributed to The Office of Student Financial Aid to be used to award scholarships to students at The Ohio State University who have successfully completed three (3) quarters of undergraduate curriculum at The Ohio State University or any other

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

Student-Alumni Council Upperclassman Scholarship Fund (contd)

university and intend to remain enrolled for at least three (3) quarters after receipt of the scholarship at The Ohio State University. The number of awards to be given and the amount of each award will be determined each year by the SAC Scholarship Committee in consultation with the University Committee on Student Financial Aid. Each award will be used by the recipients for the following academic year. If the earned income is insufficient in any given year to meet the award stipends, then the difference will be paid by the SAC; should the earned income be greater, however, then the balance shall be added to the fund's principal.

Scholarship applicants will be interviewed by the Scholarship Interview Board. Members of this Board will be selected by the SAC Scholarship Committee. The Board will be comprised of three SAC members: the Treasurer, an Executive Board member, and a general member. The Scholarship Committee will select two additional members of the Interview Board; one from The Ohio State University Alumni Association, Inc. and the other from the University faculty.

\$15,000.00

The John D. Rudolph Honors Fund for Author Speakers

The John D. Rudolph Honors Fund for Author Speakers was established August 30, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with a gift from John D. Rudolph (B.S. Industrial & Systems Engineering 1990) of Fishers, Indiana.

Income provided by the Foundation shall be used to bring an author to campus to meet with the student participants in the Freshman Book Program. This program is sponsored annually by the University Honors Program. Expenditures will be authorized by the Director, University Honors Center, or his/her designee.

\$19,500.00

Upon motion of Mr. Colley, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

PRESENTATION ON UNIVERSITY-WIDE CAMPAIGN

Ambassador Wolf:

I suppose Mr. May will continue with the campaign report.

Mr. May: [Slide Presentation]

Yes, I will, thank you. I have a couple of slides that I thought might be helpful for everyone to see, that talk a little bit about the University's upcoming campaign that we are going to kick off under President Gee's leadership on September 28.

If I could start out by saying, all of you are volunteers on behalf of the University. You volunteer your time around this table and during a campaign, you're going to get

PRESENTATION ON UNIVERSITY-WIDE CAMPAIGN (contd)

Mr. May: (contd)

asked a lot of questions and many of you -- as we all know -- have been deeply involved already in the planning of the campaign and helping us along the way. You're going to get asked some questions and I'd like to show you a couple pieces of information that hopefully will answer many of these questions and give you a little bit of overview of the campaign.

The first question you are going to be asked is, "Why do we have a campaign at a major University like Ohio State, particularly since we just finished one five years ago?" And the reasons for that are many, but let me just give you a couple to respond to.

One is, we need it to remain competitive as a university and if we want to continue to increase and improve, we need to have campaigns to ratchet up private support. The second reason and perhaps the most important reason is we need to have campaigns to help focus on high priority needs that have to do with the academic mission of the institution.

Another very important reason we have campaigns is to raise the level of support and participation by our alumni and by our friends to new higher levels because of the intensity and the focus and the credibility of the campaign and, frankly, because of the credibility of the leadership.

With that, what I'd like to do is simply show you a couple slides that will help elaborate on what we're talking about. In terms of why we have campaigns and the impact of campaigns -- if you'll just take a look at this that goes back to 1987-88, what you are going to see on these particular charts is something that's kind of interesting. Before the last campaign, in the early 80's, we were raising -- which is the blue section along the bottom -- and receiving in gift receipts up in the neighborhood of \$30, \$40, and \$50 million progressively during that period of time. The last campaign moved us -- as you can see, that campaign ended in 1990 -- into the \$60 million range and we plateau there.

What you can also see during that period of time -- particularly the peak years of the campaign -- '87, '88, and '89, you can see the red section which are new net gifts -- acquisitions. In other words, new net pledges that have come in that hadn't been received by the University at that point. You see they grow a little bit during that period of time and when that campaign ended, you will see they go down to \$4 million, \$5 million, \$4 million. What happens is, that is a direct result of what campaigns' impact are.

You also see some deferred commitments that were pretty high during that period because we were really working hard on deferred commitments during that period. We invested more in our fundraising enterprise, both in terms of development staff, in terms of volunteers, and particularly in terms of academic leaders being part of the campaign.

Now if I can take you to the two years of our nucleus fund, which are the last two bars in the bar graph -- 1993-94 and 1994-95 -- you will see, once again, we have reached a new plateau in terms of being up in the \$90 plus million market in receipts. We are pleased about that, but we are particularly interested in having the section that is the red section begin to increase and then the small white section on top of that -- those are the net new pledges. You can see they are much more dramatic than they even were during peak time of the last campaign. That is a very important part, because we are trying to create momentum at this point when we do begin our

PRESENTATION ON UNIVERSITY-WIDE CAMPAIGN (contd)

Mr. May: (contd)

campaign on September 28. We have had leadership gifts over the last two years for a lot of projects and for a programs that are in the pipeline for the future.

I should also mention that during this time -- because of the work of the Trustees and the Foundation Board and Mr. Shkurti and the financial people -- we invested significantly more in our fundraising enterprise in the last two years. And there is a direct relationship to that and I will talk a little bit more about that as we move to the next slide.

The other question that you are going to get is, "How does Ohio State rank?" You are going to get a question like, "Do other colleges and other major universities have campaigns like this?" and the answer is they do. The answer is we are very competitive in terms of our ranking.

What you see here are the top 11 public universities in America in terms of fundraising, in terms of private gift receipts. This is out of a total of 270 reporting. So think about that for just a minute -- 270 public universities in America who report and The Ohio State University is listed number 9 out of 270. That is directly related to the effort that this University put in on its campaign in the last decade and that is why we have a campaign now because we want to continue to be a leader -- we want to continue to be a top ten as we move into the next century.

One of the other things that I can tell you about those that you will get questions about is all of the universities that are ahead of us -- University of Wisconsin, Illinois, Washington, Michigan, Minnesota, Indiana, and so forth -- are all not only having campaigns, but many of them are in their second and third, and in one case, fourth comprehensive campaign in their history. So there is a direct relationship to focusing on fundraising priorities -- that is high priority, academic priorities of the institution and needs, the investment of staff and volunteers in the effort in where you end up on this. So we are doing well at this particular point in time.

I should also mention at this time that while it is very interesting to compare ourselves to the other institutions to remain competitive, what we are really interested in is the next slide. I am going to show you two slides here. There are actually eight categories. What the campaign is for is what is the most significant part and this is what Provost Sisson and his staff and some of my senior staff have been working on for the last year and a half -- paralleling the restructuring process.

The deans of the University and other academic leaders -- such as in the James Cancer Hospital, the Wexner Center, and Athletics, and so forth -- have identified their highest priority needs. This is simply a summary of those, it is not comprehensive. If it was comprehensive we would need many, many charts and we would not be able to take all that time. But what you need to know is the principle objectives of this campaign are students. We are looking for a lot of student support and scholarship support all across -- whether it is for Critical Difference for Women scholarships or minority scholarships or merit scholarships, whatever. Every college in this institution has a priority for scholarships, so each of them plugs in here and each of them has their own list but this is a summary of the categories themselves.

Secondly, faculty and teaching. It is very important we know that we have more Endowed Chairs and more Professorships so that we can remain competitive, attract great, new faculty and keep the best faculty so that they don't go to the other institutions that are also doing a good job raising money.

PRESENTATION ON UNIVERSITY-WIDE CAMPAIGN (contd)

Mr. May: (contd)

Quality learning environment is what you have heard from me the most over the last year or so. That has to do with the quality of our facilities, the Fisher College of Business, Knowlton School of Architecture, Food, Science, and Technology building, the new Arena, and so forth. These are all priorities in this campaign. This particular list is comprehensive at this point. It is conceivable that sometime during the campaign, we will come back and ask you to consider adding one or two facilities, but at this point and time, this a stable list and it's something we need to focus on in a big way.

The other area that I'd like to talk about before I go to the other four categorical areas are the arts, culture, and libraries in this campaign. I put those on there because as President Gee and I traveled the coasts of this country, we find that the Wexner Center for the Arts, in particular, has become a focal point for a lot of distinctiveness at The Ohio State University. We also have great colleges that surround the arts and that help support us in the arts and have some very distinctive features, but we've decided that this is a very important feature for The Ohio State University and will be one of the featured objective areas of the campaign thematically.

Another area that is an ongoing area that would happen regardless of whether we had a campaign or not, is the importance of research and partnerships, but we wanted to highlight that in any case. This is where we are looking for new laboratories, we are looking for new support for research and key technologies, and this is in partnership with the research operation and particularly with the deans of the colleges that are pursuing this.

Academic learning and leadership is the area that is really code-word for service. That continues to be a key part of our mission. We know that the things that you see listed there are just a few of the many interventions and the many activities where we go into schools to try to improve educational systems, where we go into all kinds of other organizations in our state to help improve the condition of other programs and other institutions.

Health and Wellness is a very important objective in this campaign. We have one of the finest medical complexes with our whole Medical Center and our James Cancer Hospital, and we will continue to pursue that. It will be a very substantial part of the overall campaign goal.

Finally, annual giving. If someone says to you, "I only read in the newspaper that they're interested in these million dollar gifts." We are very interested in very large gifts, but we anticipate in this campaign that we are going to need something in the neighborhood of \$80 million plus from gifts of \$500, \$1,000, and \$2,500. So when people say, "My gift doesn't make a difference," I wanted to make sure that you had some ammunition as you talk to people that every single gift is going to make a difference in this campaign and it is going to be very important.

One more thing that I think is important for me to give you as background here and that is, not every single objective in this campaign that is on every dean's list is going to be funded. We focused on the most marketable ones and we think we have put ourselves in a position where we are going to be able to do a lot of those. But it is a combination of the interest of the donor, matched with the involvement of the dean and academic leadership that really results in the success of reaching the individual objectives.

PRESENTATION ON UNIVERSITY-WIDE CAMPAIGN (contd)

Mr. May: (contd)

As Provost Sisson has talked with the deans and as I have talked with the deans, they now know that the amount of money raised for any particular unit is directly proportional to how much time they, as academic leaders, involve themselves in the fundraising process with us. We think this is a very, very important part. I can just tell you that the Provost has made this a very high priority himself in terms of his own personal time, as well as supporting this.

Now, any campaign needs to have great objectives, it needs to have an articulate case, it needs a good development staff to support people, and so forth, but it needs volunteers. So today we have already announced -- and it is in the paper this morning -- some of the leadership that stars in this campaign, but it first starts with you all around this table. We know that you give more time than probably any volunteer on behalf of the University and your involvement in this campaign is critical. You have delegated to The Ohio State University Foundation Board the responsibility to make sure we have a healthy and functioning fundraising program. I can tell you that under the leadership of Bernie Gerlach, those Board members take that responsibility very seriously and have been extremely generous themselves.

Now if you look on this slide, you will notice a new box that is a little bit different -- it is called, "National Campaign Executive Committee." The National Campaign Executive Committee is the group of people that will be made up some of Foundation Board Members themselves and the co-chairs of the campaign. We will announce those names as we get to the campaign kickoff. It will number about 25-30 total, but that group will be led by the co-chairs of the campaign.

As you know, two of those co-chairs sit around this table -- Ambassador Wolf and Leslie Wexner. In addition to that, Bernie Gerlach and Teckie Shackelford, from Columbus, and in addition to that, Mr. Larry Barnett of New York City and Palm Springs. All of whom have agreed to lead this campaign and lead the National Campaign Executive Committee. In addition to that, we have two honorary chairs -- that are in the press release that is around today -- Max Fisher of Detroit and John Berry, Former Trustee, from Dayton, Ohio.

The last thing I'd like to say about the volunteers is, if you look at the bottom, you see the College and Constituent Development Committees and Boards. There are over thirty of these college and constituent development committees. They range from the Alumni Association has a campaign committee for Alumni House that will make this wonderful addition onto this facility; to the College of Humanities Advisory Committee; to the College of Business Advisory Committee, to the College of Medicine, to the James Cancer Hospital, and so forth.

This group, plus the National Major Gift Committees -- which I'm going to show you in just a moment -- make up the people that will be doing a lot of the asking in this program and are also the people that give a lot of the gifts in this program. Those two boxes on the bottom now number 1,300 volunteers -- alumni and non-alumni -- who have said, 'we want to help Ohio State during this campaign' -- 1,300 all of whom we are inviting back to campus in the coming months.

I should also add, when you think about volunteers that we need to make sure that this is a national campaign and so what you see here are the places in the United States where we have begun to recruit volunteer committees. They will number several hundred. These are people that will help one particular unit and they will help the whole University. But you can see them in cities all around Ohio at this point, also California, Texas, Florida, the East Coast, and all over the Midwest.

PRESENTATION ON UNIVERSITY-WIDE CAMPAIGN (contd)

Mr. May: (contd)

We are also supported in this process by the great work of the Alumni Association. The Alumni Association is not necessarily in the fundraising business, although we know that under Dan Heinlen's leadership, the Alumni Association spent a lot of time making gifts to the University and they encourage their people to make gifts, particularly scholarship gifts. In addition to the Alumni House, we know that the Alumni Association keeps people involved in the institution and as long as they continue to do that, we will have people that are more interested in giving to this institution and reinvesting and giving back.

The last thing that I want to say before I open this up to any questions regarding the campaign and this brief overview, is you are also going to get questions about the goal. While I've said to you from the beginning -- and in my judgement the most important thing is what the campaign is for -- people will say, "What is the goal going to be?"

A year and a half ago, I mentioned to you and mentioned publicly that we had done an estimate that we can raise \$650 million preliminarily during the course of this campaign. We now believe we can raise more than \$650 million, but we do not have that figure decided on today. The reason is the volunteers that are associated with this are going to meet with us all during the month of September, so that by the time we get to the kick-off on Thursday, September 28 at 7:30 p.m. -- for those of you who can be there and we would like everyone to be there at Mershon Auditorium -- we will announce a goal at that time if it is directly related to the needs that we have, and Provost Sisson and the deans have identified with what we think we can accomplish and what the volunteers say they will help raise. If I were to just project a number, it would really be a hollow and artificial number. We need to make sure that volunteers go after numbers that both are achievable and that they are going to work on behalf of.

So with that, Mr. Chairman, I'd like to answer any questions that you may have about the campaign and I can always prepare other materials, as well. We have lots of materials, but I wanted to give you this brief summary. I really appreciate the opportunity to talk to you about it today.

Mr. Colley:

Any questions by members of the Board? If not, Mr. Chairman, that concludes our report.

Ambassador Wolf:

Thank you, Mr. Colley, and thanks very much Mr. May for that very clear and exciting report.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

The Educational Affairs Committee met this morning and heard three reports. The first of which Provost Sisson and Dr. Bob Arnold discussed the continuing efforts of the Committee on the Undergraduate Experience. One of the outcomes of the discussion was to make sure that we get regularly updated on the progress of the

EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Celeste: (contd)

efforts highlighted by the Committee and that not only do we get that information, but it is communicated to the University community as a whole and we have talked about several efforts of ways to make that happen. It is a very important Committee and has made great progress.

The second report was from Nancy Rudd and Linda Tom on the preliminary findings on the Faculty/Staff Attitude Survey that was done on approximately 1,500 faculty and staff that were interviewed. In general, the response was very favorable, there were some issues that were highlighted that we need to pay special attention to, and there will be further efforts to take a look at some of those areas.

Finally, Ed Ray reported back to the Committee on the Early Retirement Incentive Program and indicated that we are indeed in general on target with our original estimates. We will get another report -- this was the first early indication -- later on in the fall and then twelve months from now to take a look at what the impact was. Not only from a financial perspective, but also from the perspective of the reordering of priorities and restructuring. Which is a segue to introduce the Provost to update us on restructuring and then after that to give us presentation of the agenda items for our consideration.

UPDATE ON UNIVERSITY RESTRUCTURING

Provost Sisson:

Thank you very much, Mr. Celeste. I don't have any report on organizational change. This has been the summer we are going to be gearing up for continuing and bringing to completion a number of recommendations that I have already brought to the attention of the Board. I would like to elaborate just briefly comments that Mr. Celeste has already made having to do with the Early Retirement Incentive Program that Ed Ray presented in articulate detail to the Education Affairs Committee.

We really started our program and early retirement in a very focused way and it was and integral part of our restructuring process. This was the context in which that initiative, the ERI, was presented to the Board. You will recall that nearly two years ago, I invited all academic units to review, consider, and make proposals, as to how they would reallocate resources were resources to become available and had given that principle and programmatic direction we decided to proceed with an early retirement program.

There really are three principles -- three R's -- that undergird this program: redirection, redesign, and renewal. We are very pleased to present that our initial projections, as a consequence of the ERI, is a substantial savings that can be used for reinvestment, reallocation, and redirection of some \$8 million in annual rate savings and \$20 million in cash. The program is a very systematically drawn and will be very systematically implemented.

I also would like to accent another comment that Mr. Celeste made and that has to do with our Committee on the Undergraduate Experience. A Committee that was established jointly by Vice President Williams and me, just over a year ago and is going to constitute one of the most important initiatives that we have here at the University over the next several years. We shall look forward to providing regular updates to the Board with respect to our progress in that regard.

EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)

Provost Sisson:

Given that, Mr. Chairman, I would like to present the following proposals for adoption by the Board:

**ESTABLISHMENT OF THE HANS J. ZASSENHAUS
ASSISTANT PROFESSORSHIPS IN THE DEPARTMENT OF MATHEMATICS**

Resolution No. 96-22

WHEREAS many of the nation's finest universities offer term faculty positions in mathematics to recent Ph.D.s; and

WHEREAS such positions serve the purpose, analogous to that of postdoctoral fellowships in the laboratory sciences, of providing young scientists with an opportunity to further develop their teaching and research skills before seeking regular faculty positions; and

WHEREAS such individuals enrich the scholarly life of the department while helping it meet its instructional responsibilities; and

WHEREAS The Ohio State University Department of Mathematics has, with the approval of the College of Mathematical and Physical Sciences and the Office of Academic Affairs, for the past ten years maintained a complement of twelve rotating positions for term instructors and term assistant professors; and

WHEREAS recent changes to the Rules of the University Faculty have eliminated the category of term faculty under which such appointments were made; and

WHEREAS the Department of Mathematics, with the support of the College and the Office of Academic Affairs, proposes to continue this program of attracting the best teacher/scholars available and mentoring them and encouraging their development as future faculty members, and proposes also to use this program to promote diversity within the mathematical community; and

WHEREAS Hans J. Zassenhaus served with distinction as Research Professor in the Department of Mathematics of The Ohio State University from 1964 to 1982 and was a respected member of the international mathematical community:

NOW THEREFORE

BE IT RESOLVED, That the Department of Mathematics be authorized to offer, with the approval of the College of Mathematical and Physical Sciences, visiting assistant professor positions under the title of Hans J. Zassenhaus Assistant Professor; that these appointments be for one-year terms renewable for up to three years and carry regular faculty benefits; and that the Department of Mathematics be authorized to staff as many such positions as they deem appropriate, but not to exceed twelve at any one time.

NAMING OF BUILDING OR STRUCTURE

Resolution No. 96-23

Synopsis: The naming of the proposed new baseball stadium is presented for Board acceptance.

NAMING OF BUILDING OR STRUCTURE (contd)

WHEREAS The Board of Trustees has authorization in naming of all buildings and structures at The Ohio State University, as set forth in paragraph (F) of rule 3335-1-08 of the Administrative Code; and

WHEREAS The Ohio State University intends to build a new \$3.48 million baseball stadium; and

WHEREAS Dorothy M. Davis and the William H. Davis, Dorothy M. Davis and William C. Davis Foundation contributed a \$1.5 million leadership gift toward the construction of the new stadium:

NOW THEREFORE

BE IT RESOLVED, That the baseball stadium will henceforth be named the "William C. Davis Baseball Stadium," in memory of William C. Davis, son of Dorothy M. Davis and the late William H. Davis.

PERSONNEL ACTIONS

Resolution No. 96-24

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the July 7, 1995 meeting of the Board, including the following Appointments/Reappointment, Appointment/Reappointment of Chairpersons, Leaves of Absence Without Salary, Leaves of Absence Without Salary--Continuation, Professional Improvement Leaves, Professional Improvement Leave--Cancellation, Professional Improvement Leaves--Change in Dates, and Emeritus Titles, as detailed in the University Budget be approved and Medical Staff Appointments/Reappointments (The Arthur G. James Cancer Hospital and Research Institute) approved July 26, 1995, by The Arthur G. James Cancer Hospital and Research Institute Board and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved July 20, 1995, by the Hospitals Board be ratified.

Appointments

Name: RICHARD W. HALL
Title: Associate Dean
College: Biological Sciences
Effective: September 1, 1995
Salary: N/A

Name: ROBERT W. BRUEGGEMEIER
Title: Charles H. Kimberly Professorship in Pharmacy
College: Pharmacy
Term: July 1, 1994 through June 30, 1997
Salary: \$82,500.00

Name: PETER D. EASTON
Title: Professor (The John J. Gerlach Chair)
Department: Accounting and Management Information Systems
Term: July 1, 1995 through June 30, 2000
Salary: \$130,044.00
Present Position: Professor of Accounting and Finance, School of Economic and Financial Studies, Macquarie University, Australia

PERSONNEL ACTIONS (contd)

Appointments (contd)

Name: JOHN C. FELLINGHAM
Title: Professor (The H. P. Wolfe Chair in Accounting)
Department: Accounting and Management Information Systems
Term: July 1, 1995 through June 30, 2000
Salary: \$150,000.00
Present Position: Arthur Andersen Professor of Accounting, Penn State University

Name: EDWARD H. JENNINGS
Title: Professor (William H. Davis Chair in the American Free Enterprise System)
Department: Management and Human Resources
Term: October 1, 1995 through September 30, 2000
Salary: \$146,280.00

Name: DAVID R. RUDY
Title: Professor (The Warner M. and Lora Kays Pomerene Chair in Medicine)
Department: Family Medicine
Effective: August 1, 1995
Salary: \$100,008.00
Present Position: Professor and Chair, Department of Family Medicine, Finch University of Health Sciences, The Chicago Medical School

Reappointment:

Name: KENNETH J. WALDRON
Title: Professor (The John B. Nordholt Professorship in Mechanical Engineering or Metallurgical Engineering)
Department: Mechanical Engineering
Term: July 1, 1995 through June 30, 1998
Salary: \$145,740.00

Appointment of Chairpersons

July 1, 1995 through June 30, 1996

Division of Pharmacology

Norman J. Uretsky*

July 1, 1995 through September 30, 1996

Educational Studies: Humanities,
Science, Technological
and Vocational

David L. Boggs*

July 1, 1995 through June 30, 1999

Chemistry
Geography
Geological Sciences

Matthew S. Platz
Lawrence A. Brown
William I. Ausich

September 1, 1995 through December 31, 1995

Art Education

E. Louis Lankford*

*Acting

PERSONNEL ACTIONS (contd)

Reappointment of Chairperson

July 1, 1995 through June 30, 1999

Agricultural Engineering

Robert J. Gustafson

Appointments

GARY L. FLOYD, Acting Dean, College of Biological Sciences, effective September 1, 1995, through June 30, 1996, and waiver of rule 3335-5-19 (D) of the Administrative Code.

JOHN H. COOPER, new 5-year contract. Term of the contract: January 1, 1995 - January 1, 2000 with possible 2-year extension. Salary: \$130,008 with annual increases to be determined. Incentives: \$10,000 - \$50,000 based upon post-season competition, national ranking and graduation rates.

Leaves of Absence Without Salary

TODD W. SLAUGHTER, Associate Professor, Department of Art, effective Autumn Quarter 1995, to establish a studio in New York City and to pursue his art.

MARIO J. CRUCINI, Assistant Professor, Department of Economics, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to accept a visiting appointment at the New York University, Stern School of Business Administration.

Leaves of Absence Without Salary--Continuation

LYNN CORBIN COSTANZA, Associate Professor, School of Music (Marion Campus), effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to continue as the Music Consultant at the Ohio Department of Education.

GAY Y. MILLER, Associate Professor, Department of Veterinary Preventive Medicine, effective July 1, 1995 through September 30, 1995, to continue her work with colleagues at the University of Illinois.

Professional Improvement Leaves

STIG M. BERGSTROM, Professor, Department of Geological Sciences, effective Winter Quarter and Spring Quarter 1996.

MOHAMMED ISMAIL ELNAGGAR, Department of Electrical Engineering, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996.

BERL R. OAKLEY, Professor, Department of Molecular Genetics, effective Winter Quarter, Spring Quarter, and Autumn Quarter 1996.

RUSSELL M. PITZER, Professor, Department of Chemistry, effective Spring Quarter 1996.

MARIO J. MIRANDA, Associate Professor, Department of Agricultural Economics and Rural Sociology, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996.

Professional Improvement Leave--Cancellation

MARTIN D. CAFFREY, Associate Professor, Department of Chemistry, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996.

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves--Change in Dates

MERRY M. MERRYFIELD, Associate Professor, Department of Educational Studies: Humanities, Science, Technological, and Vocational, change leave from Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to Autumn Quarter 1995, Winter Quarter and Summer Quarter 1996.

MINEHARU NAKAYAMA, Associate Professor, Department of East Asian Languages and Literatures, change leave from Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to Autumn Quarter 1995 and Winter Quarter 1996.

ROHAN SAMARAJIVA, Associate Professor, Department of Communication, change leave from Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to Winter Quarter and Spring Quarter 1996.

Medical Staff--Appointments (The Arthur G. James Cancer Hospital and Research Institute)

July 1, 1995 through December 31, 1995

Todd Michael Dowling, M.D., Associate Attending Staff, Anesthesiology
Norman A. Smyke, Jr., M.D., Associate Attending Staff, Anesthesiology
James N. Allen, M.D., Associate Attending Staff, Medicine
Judith A. Betts, M.D., Associate Attending Staff, Medicine
Michael E. Falkenhain, M.D., Associate Attending Staff, Medicine
Dean William Hearne, M.D., Associate Attending Staff, Medicine
James F. Lamb, M.D., Associate Attending Staff, Medicine
Clay B. Marsh, M.D., Associate Attending Staff, Medicine
Roy C. St. John, M.D., Associate Attending Staff, Medicine
Frank David Tice, M.D., Associate Attending Staff, Medicine
Sam Lawrence Penza, M.D., Attending Staff, Medicine
Niranjan T. Shah, M.D., Associate Attending Staff, Pathology
Sandra L. Cottingham, M.D., Associate Attending Staff, Pathology
Barry DeYoung, M.D., Associate Attending Staff, Pathology
Sandra Maia-Cohen, M.D. Associate Attending Staff, Pathology
William E. Burak, M.D., Attending Staff, Surgery
Joel Gelman, M.D., Associate Attending Staff, Surgery
Avrom Epstein, M.D., Associate Attending Staff, Neurology
Igor Janke, M.D., Associate Attending Staff, Psychiatry
Joseph Kington, M.D., Associate Attending Staff, OB/GYN
Michael Miloro, D.M.D., M.D., Associate Attending Staff, Dentistry
Alan B. Carr, D.M.D., Associate Attending Staff, Dentistry

Medical Staff--Reappointments (The James Cancer Hospital and Research Institute)

July 1, 1995 through June 30, 1997

BELINDA R. AVALOS, M.D., Attending Staff, Med/BMT
JAMES P. BACON, M.D., Associate Attending Staff, Med/Cardio
STANLEY P. BALCERZAK, M.D., Attending Staff, Med/Hem/Onc
CONSTANCE BAUER, M.D., Attending Staff, Rad/Therapy
BRENT C. BEHRNES, M.D., Attending Staff, Med/Hem/Onc
COSTANTINO, BENEDETTI, M.D., Attending Staff, Anesthesiology
DAVID BENJAMIN, M.D., Attending Staff, Med/Hem/Onc
WILLIAM F. BENNETT, M.D., Associate Attending Staff, Radiology
PHILIP F. BINKLEY, M.D., Associate Attending Staff, Med/Cardio
HARISIOS BOUDOULOS, M.D., Associate Attending Staff, Med/Cardio
BERTHA A. BOURONCLE, M.D., Attending Staff, Med/Hem/Onc

PERSONNEL ACTIONS (contd)

Medical Staff--Reappointments (The James Cancer Hospital and Research Institute) (contd)

July 1, 1995 through June 30, 1997 (contd)

JOHN G. BOUTSELIS, M.D., Attending Staff, OB/GYN
CHARLES A. BUSH, M.D., Associate Attending Staff, Med/Cardio

**PURCHASE OF ADDITIONAL YEARS OF
PUBLIC EMPLOYEES RETIREMENT SYSTEM SERVICE CREDIT**

Resolution No. 96-25

WHEREAS the University entered into a compensation arrangement effective December 1, 1989, involving the position of Vice Provost for Minority Affairs; and

WHEREAS as part of the total compensation package The Ohio State University ("University") agreed to purchase one year of additional retirement system service credit for each year of actual service to the University, up to a maximum of five years, with the understanding that the employee had five or more years of military service or teaching service not included in a vested retirement system; and

WHEREAS the employee completed five years actual service to the University effective December 1, 1994; and

**PURCHASE OF ADDITIONAL YEARS OF
PUBLIC EMPLOYEES RETIREMENT SYSTEM SERVICE CREDIT (contd)**

WHEREAS the employee was enrolled in the Public Employees Retirement System ("PERS") throughout his employment with the University; and

WHEREAS the PERS plan is contributory and meets the qualification requirements under Internal Revenue Code Section 401(a); and

WHEREAS the Board desires to confirm a plan to permit the University to "pick up" and pay such amounts which the Board determines in order to purchase the five additional years of PERS service credit for the employee pursuant to Ohio Revised Code Sections 145.291 - .293; 145.295; 145.301 or 145.31, provided that the University shall not be permitted to pay such contributions to the extent (1) of any reimbursement by way of salary reduction agreement with the employee, or (2) of any option by the employee to receive such "pick up" payments in cash in lieu of having such contributions paid to the plan within the meaning of revenue and private letter rulings construing Internal Revenue Code Section 414(h)(2):

NOW THEREFORE

BE IT RESOLVED, That the Board confirms a plan to "pick up" and pay the amounts which the University determines to be necessary to purchase on the employee's behalf the five additional years of PERS service credit pursuant to Ohio Revised Code Sections 145.291 - .293; 145.295; 145.301 or 145.31, provided that the University shall not be permitted to pay such contributions to the extent (1) of any reimbursement by way of salary reduction agreement with the employee, or (2) of any option by the employee to receive such "pick up" payments in cash within the meaning of revenue and private letter rulings construing Internal Revenue Code Section 414(h)(2); and

BE IT FURTHER RESOLVED, That the amounts which the University determines to pay to purchase five additional years of PERS service credit under Ohio Revised Code Section 145.293 for the then-Vice Provost for Minority Affairs be "picked up" (within the meaning of Internal Revenue Code Section 414(h)(2)) and paid by the University to PERS in lieu of a contribution by the employee and in lieu of any additional compensation to the employee.

RESOLUTIONS IN MEMORIAM

Resolution No. 96-26

Synopsis: Approval of eight Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the families of the deceased.

Leonard O. Andrews

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 24, 1994, of Leonard O. Andrews, Professor Emeritus in the Department of Educational Theory and Practice.

Dr. Andrews was born on October 11, 1904, in Wausaukee, Wisconsin. He received a bachelor's degree in 1926 from Alma College (MI); a master's degree from the University of Michigan in 1930; and an honorary LL.D. degree from Capital University in 1965.

Leonard Andrews joined the faculty of The Ohio State University in 1948. He served as the coordinator of student field experiences for the College of Education from 1948 to 1967, and was professor of curriculum and foundations until 1971 when he received his emeritus status.

RESOLUTIONS IN MEMORIAM (contd)

Leonard O. Andrews (contd)

For many years, Dr. Andrews served as a speaker and consultant in the field of student teaching and laboratory experiences in teacher education. Following retirement from regular teaching, Professor Andrews continued to work with institutions, state departments, and associations across a broad range of topics and issues in teacher education, working with teaching education centers, evaluations of programs and agencies, and with several subject areas such as foreign language education and vocational education.

Professor Andrews was recognized for his achievements and service to educators by the College of Education when he was inducted into the Hall of Fame in December 1993 for his significant contributions to the teaching profession. To be inducted into the Hall of Fame is the highest honor given by the College of Education to a faculty member or former student. The Association of Teachers Educators at their 60th Annual Convention in 1980 also recognized Dr. Andrews as a Distinguished Lecturer and made him a Distinguished Member of the Association.

On behalf of the University, the Board of Trustees expresses to the family of Professor Andrews its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Orval J. Baldwin

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 7, 1994, of Orval J. Baldwin, Assistant Professor Emeritus in the Department of Engineering Graphics.

Professor Baldwin was a graduate of Iowa State University where he was enrolled in the Reserve Officers Training Corps. Upon graduation he accepted a commission in the U.S. Army, in which he served until 1962, attaining the rank of Colonel.

Orval Baldwin joined the Department of Engineering Graphics as an Assistant Professor in Autumn 1962. While a member of the Department, he led the effort to create a new graphics problem book which was created "inhouse" to meet the needs of OSU students. His colleagues have described him as a very meticulous person with great attention to detail. A former supervisor praised him as faithful, prompt, and conscientious in performing his teaching functions.

Professor Baldwin was also known as an avid stamp collector - from his travels in the military he had amassed a collection of stamps from around the world. One of his career assignments in the military was to aid in the recovery of villages and towns in Europe; transportation had been mostly destroyed. When asked about this experience he said he remembered one thing: the mud.

He retired from the University in 1976, and lived in the Dublin area with his wife, Nelle. In 1991, they entered the Friendship Village retirement community where he was active on the program committee for residents. His wife predeceased him in November of 1992.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Baldwin its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Elwood J. Dollinger

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 20, 1993, of Elwood J. Dollinger, Professor Emeritus in the Department of Agronomy.

RESOLUTIONS IN MEMORIAM (contd)

Elwood J. Dollinger (contd)

Dr. Dollinger was born April 20, 1920, in Lynchburg, Ohio. He received the B.S. degree from The Ohio State University in 1944; M.S. degree from Penn State in 1947; and Ph.D. degree from Columbia University, New York, in 1953. During his Ph.D. program, Dr. Dollinger was a research associate at the Cold Spring Harbor from 1951-1953 and a member of the research staff at Brookhaven National Lab from 1951-1953.

Elwood Dollinger began his career in 1955 at the Ohio Agricultural Research and Development Center in Wooster, Ohio. His research activities were divided between corn breeding and genetic research. He was a member of the Maize Virus Disease Research Group in Wooster, and cooperated in the development of disease tolerant germplasm. During his career at the OARDC, Dr. Dollinger contributed greatly to the development and release of 20 inbred lines of corn and several synthetic populations. The improved agronomic traits of these lines, as well as enhanced resistance to viruses contributed greatly to the increased production of maize in Ohio and the North Central region.

Throughout his career, Professor Dollinger maintained an interest in maize mutants. He worked on the production, characterization and cytological analysis of maize mutants using microscopy. His mutant stocks were remitted to the Maize Genetics Stock Center upon his retirement.

On behalf of the University, the Board of Trustees expresses to the family of Elwood Dollinger its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Virgil G. Hinshaw, Jr.

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 22, 1995, of Virgil G. Hinshaw, Jr., Professor Emeritus in the Department of Philosophy.

Professor Hinshaw graduated with highest honors from Pasadena Junior College and Stanford University. In 1941 he followed his undergraduate advisor at Stanford, Everett Hall, to the University of Iowa. At Iowa he earned an M.A. degree, working primarily with Gustav Bergmann who was to be a dominant philosophical influence on him, despite his later completion of both A.M. and Ph.D. degrees at Princeton where he worked closely with Walter Stace and Ledger Wood. After taking his Ph.D. in 1946, Dr. Hinshaw accepted a position at Ohio State and remained a full-time member of The Ohio State University Department of Philosophy until his retirement in 1981, following which he taught as part-time Emeritus for several years.

Virgil Hinshaw brought the post-war emphasis on modern logic and philosophy of science to Ohio State. Indeed, his courses, papers, and serious connections with mathematics and the sciences during the late '40's and early '50's were the dominant factors in giving the Ohio State department the shape and stance which it has had ever since. His early papers on the sociology of knowledge and the nature of philosophy of history attracted wide attention, as did his contribution to the Einstein volume in the Library of Living Philosophers and a number of papers read at meetings of the American Philosophical Association and on special occasions. In commenting on the papers of others, he managed to be acute, well-informed, and penetrating, all the while being considerate and courteous. He took pleasure in a well-turned phrase--especially if it enlivened a paper or a conversation with a bit of humor.

At one time or another he served on all of the Department committees and was for several years Director of Graduate Studies and Department Vice-Chair. He also served occasionally as Acting Chair of the department. His services were valued on college and University committees and as elected member of the Faculty Council.

RESOLUTIONS IN MEMORIAM (contd)

Virgil G. Hinshaw, Jr. (contd)

From 1975-87, he served on the Governing Board of the Association of Princeton Graduate Alumni, and for many years he was recording secretary representing the Graduate School for the *Princeton Alumni Weekly*. He was elected to Phi Beta Kappa and listed in the *Directory of American Scholars, Who Knows--and What, Who's Who in the Midwest, in America, and in the World*, and in the *Dictionary of International Biography*. He held long-time memberships in the American Philosophical Association, the Association for Symbolic Logic, the Mind Association, the History and Philosophy of Science section of the American Association for the Advancement of Science, the Philosophy of Science Association, and the AAUP.

On behalf of the University, the Board of Trustees expresses to the family of Professor Hinshaw its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Clifton J. Latiolais

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 30, 1995, of Clifton J. Latiolais, Sc.D., Professor Emeritus in the College of Pharmacy.

Professor Latiolais earned his B.S. in pharmacy degree in 1949 from Loyola University, New Orleans, Louisiana; his M.S. in hospital pharmacy in 1952 from the University of Michigan; and was awarded an Honorary Doctor of Science degree in 1973 from the Philadelphia College of Pharmacy & Science.

Clifton Latiolais began his career at The Ohio State University in 1958 and retired in 1983, after bringing international distinction to Ohio State University Hospitals and the College of Pharmacy. During his tenure, the program produced 129 outstanding leaders in hospital pharmacy and pharmacy education. In a manner of speaking, Professor Latiolais was at the pinnacle of hospital pharmacy for 30 years. His preeminence in the area of bringing IV admixture technology to the forefront of hospital pharmacy practice led to dozens of national and international seminar engagements.

In 1959 Professor Latiolais established a graduate program and residency program in hospital pharmacy at Ohio State which has produced directors of pharmacy at the top teaching hospitals in the nation. In 1985, his former students bestowed an honor on Professor Latiolais by dedicating The Latiolais Award to recognize excellence for contributions made to hospital pharmacy. The Latiolais Award is presented annually at the Midyear Clinical Meeting of the American Society of Health-Systems Pharmacists.

Professor Latiolais served as president of the American Society of Hospital Pharmacists (ASHP), the American Pharmaceutical Association, the Ohio Society of Hospital Pharmacists, and the American Managed Care Pharmacy Association. He is a former Harvey A.K. Whitney Award recipient and was granted lifetime ASHP Honorary Member Status.

On behalf of the University, the Board of Trustees expresses to the family of Professor Latiolais its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

James C. MacDonald

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 27, 1994, of James C. MacDonald, Associate Professor Emeritus in the School of Journalism.

RESOLUTIONS IN MEMORIAM (contd)

James C. MacDonald (contd)

James MacDonald received his B.A. from the University of Michigan in 1947 and worked for the Milwaukee Journal, the Battle Creek Enquirer, the Detroit Free Press, and the Toledo Blade before coming to Ohio State.

He joined The Ohio State University School of Journalism in 1970 and taught courses on world press, public affairs reporting, advanced newswriting and reporting, and investigative reporting and editorial writing. He is remembered by his students as a caring and warm teacher devoted to the improvement of field of journalism. Upon his retirement in 1984, he was named Associate Professor Emeritus.

On behalf of the University, the Board of Trustees expresses to the family of Professor MacDonald its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Richard W. Stow

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 8, 1995, of Richard W. Stow, Professor Emeritus in the Department of Physical Medicine and Rehabilitation.

Dr. Stow was recruited from the Mayo Foundation in Rochester, Minnesota, where he was doing cardiovascular research specifically in the field of cardiac output determination. Dr. Stow served the University forty-two years, starting in 1953 when he joined The Ohio State University College of Medicine as an Assistant Professor. He remained in that capacity for the next five years and then was promoted to Associate Professor in 1958. During the academic year of 1960-61, he became a Fulbright Scholar in Physiology at the University of Tehran, Iran, studying blood pressure in camels. Dr. Stow was promoted in 1972 to Professor.

Professor Stow loved working with students and served as a thesis advisor for several students of the Department of Physical Medicine as candidates for M.M.S. degree. He worked with resident and staff in the area of research, especially in the area of methods and instrumentation.

Dr. Stow designed an electromyographic monopolar needle and other unique electrodiagnostic equipment. He was the most cited author in the Archives of Physical Medicine and Rehabilitation.

Richard Stow was a member of the Ohio State Chapter of the AAUP, serving as secretary from 1969-71 and was a member of the Green Ribbon Commission.

On behalf of the University, the Board of Trustees expresses to the family of Richard Stow its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Thomas R. White

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 12, 1995, of Thomas R. White, Professor in the Department of Educational Studies: Humanities, Science, Technological and Vocational.

Professor White was a B.S., M.A., and Ph.D. graduate of The Ohio State University. He provided substantive leadership in the development of vocational and distributive education for Ohio State.

RESOLUTIONS IN MEMORIAM (contd)

Thomas R. White (contd)

From 1976 to 1982, Professor White chaired the Commission on Professional Standards for the Council for Distributive Education. He was active in developing graduate studies in vocational education both here and for the Indiana Consortium for Advanced Graduate Studies in Vocational Education.

Thomas White received Outstanding Service Awards from the Indiana Vocational Association and the National Council for Distributive Education.

On behalf of the University, the Board of Trustees expresses to the family of Professor White its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

Ordinarily, as you know, we have asked Dr. Hayes to give this report, and I am pleased to report that the reason that he is not giving the report today is that he is in class giving a final exam, but were he here, I am sure that he would be pleased to hold up several items. So, I will try to stand in his place and point out to you that in your report for June and July of 1995 you will find that in Tab 1 for '95 Fiscal Year we exceeded the previous year by 9.1 percent for a total of \$173.6 million. Now if Ed were here he would have wanted to have highlighted one particular thing and that is the indirect costs collections are up by seven percent, which helps to pay the heat and the light.

Expenditures through July 31 of the new fiscal year are approximately \$15.4 million, a decrease of 7.5 percent from the previous fiscal year. Total awards for Fiscal Year '95 were \$180.4 million or 8.2 percent above Fiscal Year '94 and that you can find in Tab 2.

Awards for the first month of the new fiscal year through July 1, 1995 are \$11.1 million, about 7.8 percent above awards for July for the same period last year. In Tab 3, you will find six projects that are highlighted; Tab 4 lists new awards received in June; and Tab 5 lists new awards received in July.

I would like to mention that I had -- as I have done in the past -- a good visit with one of the University's distinguished scholars and eminent scientist, Ron Glaser, Associate Vice President for Research and Administration. We had an excellent discussion about what the University's efforts have been and will continue to be to hold up this institution as one of the finest research institutions in the country.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-27

Synopsis: The reports on research and other sponsored program contracts and grants and the summaries for June and July 1995 are presented for Board acceptance.

REPORT OF RESEARCH CONTRACTS AND GRANTS (contd)

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the months of June and July 1995 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

Today our Committee heard an update from Associate Athletic Director Paul Krebs regarding student usage of the new arena. I am happy to report that students will be very pleased with the seating arrangement in the new arena. First the seating in the new arena will continue the tradition of maintaining student seating close to the floor to enhance the excitement and intensity of every Ohio State event. In addition, students will have access to more seats both near the floor and in the rest of the arena that is currently provided in St. John Arena.

In addition to that, there will be many opportunities for students in regards to reworking the student seating plan itself, facilities' management of the new arena, and many other areas concerning the new arena. The Athletic Department has really made an effort to ensure that the new arena becomes and remains student friendly and the report for today reflects that commitment.

Also today, our Committee considered a new initiative aimed at determining student satisfaction vis-a-vis their status as customers of the University. This undertaking is - - as of this time -- in the form of a draft and is noted in the memo that I have distributed to each of you. The Committee welcomes your input and suggestions. Now I would like to call on David Williams to deliver an update on Student Affairs. David --

Mr. David Williams:

Thank you, Mr. Chair. When Tom asked us to do this, I thought first that we want to thank Tom for bringing the focus back on Student Affairs because after all, what we are here for is students and we hope that this can just be the start of us giving more information and a more expansive view to you guys throughout the year. But first, I thought that maybe the best thing to do is to actually let you know what and who is Student Affairs just in case you do not know.

Student Affairs now is basically comprised of about six different types of units and many of the people who head up those units are here today and so when I call them, I wish they would stand so people could recognize them. First -- and I am sure everybody on the Board knows -- one of my Assistant Vice Presidents is also Director of Athletics and, obviously, is in charge of the Athletic Department, Andy Geiger.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Williams: (contd)

Second, we have the Human Resource and Fiscal Area headed by Assistant Vice President Eric Bush. Within that area is: Disability Service, Parents Association, and all our personnel and fiscal aspects across the whole unit.

Third, we have Residence and Dining, Unions, and Events headed by Bill Hall. I am sure most of you know Bill Hall. Within that we have: Residence Halls; both the Ohio and Drake Unions; the Fawcett Center -- which you are in now -- and for those of you who have been on the Board for a while, you have seen how this place has improved over time and I might add that at one point for some of you when you came on, that was not part of Student Affairs, so we think we have done a wonderful job with it; and the Office of Student Life.

Also, we have our Wellness Area headed by Mary Daniels. I might add that both Eric and Mary are graduates of Ohio State. Eric having two degrees from here, including a M.B.A. and Mary who is a Ph.D. graduate of Ohio State. Mary heads up the Wellness Unit which has: Student Health Center; Counseling and Consultation; and Recreation and Intramurals.

Fifth, we have Campus Partners -- which is pretty new to us -- and Barry Humphries is here. I am sure all of you know about Campus Partners and the efforts we are trying to do to renovate the area, if you like, on our south and our east borders.

Finally, our newest unit, which is headed up by Mary Basinger and was mentioned earlier today, is our Student Advocacy Center and Mary is not with us today. I want to mention two things: 1) this is one of the outcomes of the "Q" committee. The Committee on Undergraduate Experience actually recommended that we have something like this and we thought it was a good idea. We actually were hoping that they would recommend something like that so we would have a little more ammunition to do this and we went right out and did it. We were able to steal the President's right-hand person to head it up and we're very happy with it.

Let me kind of give you an example of how some of that works, so you don't get a misconception of this office and there was some of that at first. I explain it by relating an experience I had when a student came in who could not register for his last quarter. He was ready to graduate and he owed about \$150. The interesting thing was he was both a student employee in the Union, but he also was on Financial Aid.

So one office was basically saying he could not register, but in the other office they were ready to cut him a check. The computers just weren't talking. I was able to pick up the phone and I called Jim Magers and Jim said, "send him right over, we will take care of it," and we got him registered within an hour.

That is not to bring focus to Jim or I, but to bring focus on some of the problems our students experience. This office basically would do that for any student who comes in. This office has absolutely nothing to do with a student who comes in and says, "You know I got a 'D' in that class and I really thought I should get a 'B+'." We won't be an advocate for that. This is just to cut through some of the red tape on campus. In saying that, that kind of segue right into what we are trying to consider our goal mission and objectives. In a unit that large -- as I just described to you all the units that work in there -- it is kind of hard to come up with a mission. So we are working on that and we have a committee that is comprised of people from all of those different areas working on that.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Williams: (contd)

The one thing I like about this is, this is chaired by a woman named Janice Browning. Janice Browning is a staff person in Recreation and Intramurals. What we decided to do is all of us administrators in Student Affairs, we got out of the way and we let the people that have to work every, every day in there to have a lot of leadership in that. So they are working on coming up with a precise sort of set of objectives, goals and a mission.

I can basically say, "I know where this is going to end," because I know what our mission is. Our mission is to serve the student and we look in Student Affairs that our primary customer, recognizing that there are a lot of customers in the University, are the students first and their parents second. So that will be the bedstone of our mission if you like.

Let me just give you a few examples of the things that are coming up because I know I have a very short period of time. As Dick mentioned, the Committee on Undergraduate Experience -- Dick and I appointed that Committee. We are going to spend the year implementing some of the recommendations and doing some of the tracking.

Move in -- if you all have never been to Ohio State's move in, I invite each and every one of you to come and not only observe, but to help us move in students. The President's Executive Committee is there, the President himself has on time gone out and worked with the OWLS. The OWLS are students who come in and help other students move in on September 17 at St John's Arena, we will move in all of our first year students. Every first year student who comes here who lives in the Dorm comes through St. John, we send them over to their dorm and we actually help move them in. So you're welcome to come to that.

You have heard a lot about the Arena. I just want to say what Tom has already said -- we are working very hard this year to involve the students not only in the seating capacity and their designation of seats in the arena, but also to try to develop more opportunities from a learning point of view. We're going to work with the Office of Academic Affairs to see if we can't make a multidiscipline sort of unit that deals with the running of the arena, concert promotion, all those sort of things and actually, hopefully, one day you might have an entertainment type major here at Ohio State. Student Affairs is responsible to a certain degree for our speaker's bureau -- second year we'll be doing that, this year and concert. I was hoping that I'd be happy to say to you today that we had signed a contract to have another stadium concert next year with the Grateful Dead, but as you know, one of the Grateful Dead died and that concert went in the wind. We are working with some promoters for two big concerts, names of which if I told you would certainly blow your mind so I won't tell you.

We try to involve students in community involvement. We are very close to things like City Year, Columbus Compact, Campus Compact, and trying to move to a situation where all our students feel very, very concerned about the fact that they should be doing something along the way of giving back to their community.

Soon you will be seeing drawings for new rec fields. We're losing our rec fields over here. At first we cried about it. Mary stayed on my back almost every day about getting this resolved. We think we have it resolved and we're going to be moving to West Campus and I can guarantee you when those fields are finished, they will be the best recreation and intramural fields in the United States on a College Campus. They will also include a childrens park and some involvement with the community.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Williams: (contd)

We were able to help both the Student Government and the Greek -- let me put the Greek aside for a minute. Student Government had their first retreat -- the student government leaders. We were happy to help make that happen.

Most of you know that we have had problems with our Greek Community. We've had big problems with our Greek Community. One of the biggest challenges we've had -- we've turned the corner on that. Our Greek Community is probably one of our strongest allies now and a lot of you have had a lot to do with that because of your leadership. Certainly Mike and David have had a lot to do with the two fraternities that they are members of to help us turn the corner in that.

We are real happy that we are going to be sponsoring the Ohio State's first OSU team retreat, which will take members of every one of our Greek Organizations away for four days. The President is going to be there, I'm going to be there, Andy Geiger will be there, and, I think, Janet is going to be there. We are going to work with these young people to make our Greek Community even better. So we are real happy with where we are going there.

South Campus -- if you have been on South Campus, especially in our dorms -- I'm sure Tom and Holly can attest to the fact -- that most students here do not want to live on South Campus and we are going to change that. We have a massive plan for the renovation of South Campus. We have already started on it with the Jessie Owens Rec Center. We have a sand volleyball court -- one of only ten universities to have that -- and we soon will have the only inline, rollerhockey court. This is where kids who do roller blading can play roller blading hockey. Obviously, I do not know anything about that, but it will be there.

We also are working to have Neil Hall renovated. As a keystone in that, Andy is bringing over the academic support unit of Athletics. So we will have our academic center for Athletics, but we're working with the College of Education to have what we consider to be the state-of-the-art Education Laboratory in that building. And we're going to renovate every dorm on South Campus. So, hopefully, within five years, all the students will be wanting to live on South Campus and not wanting to live on North Campus.

We are working with a number of units on campus. Actually, we will be in a meeting Friday and we are hoping to start a Student and Student Affairs -- and this is just a part of a bigger picture -- exchange with the University of Natal in Durben, South Africa. They had had a lot of interest in what they're going in Student Affairs and when we were over there, we were surprised that many of their problems were some of the same problems we had. And so what they have asked is can they bring over some administrators and students and we likewise send some of ours over.

As you can see from CUE and since Dick has been here as a Provost, we are trying to get a stronger working relationship with the Office of Academic Affairs and I think CUE is sort of the beginning of that.

We have increased funding for student organizations, twice as much. We went from \$50,000 to \$100,000 this year thanks to Mr. Shkurti. And we also want to work with Student Government and with the Student Trustees on trying to resolve the issue of the General Fee. We hope that by the end of this year we can put that one to bed. Finally I might say that -- or finally as it relates to this is serving all of our students. Why I say that is because I think that some of the programs that we have, we've had at this University serve some students and we haven't done as good of job as we need to do to serve all of our students and so you can expect to see Student Affairs

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Williams: (contd)

continue to be restructured until we get to that goal -- til we serving all of our students.

I want to close by just saying this going a little bit back to the mission and the philosophy is, in Student Affairs -- we don't write this down anywhere, but this is basically what we think -- if you don't like to work with students, if you don't like to sit and talk to them, if you don't like them bugging you every hour of the day, then you shouldn't be working in Student Affairs. It is as simple as that. That's basically what we're about.

Let me just close by saying this, a couple of years ago, we had a snow day -- a close day. It was cold outside and we closed the school for a day or two and there are a lot of people that have to work, Janet's Police have to work during that day, but the fact of the matter is what I think a lot of people fail to realize is when we closed this school, there were 10,000 students that were in the dormitories. All of those people had to come to work that day. Everybody that works in those dorms, so even when this school closes for emergency, people in Student Affairs are working and our Recreation Staff volunteered to come in that day so we could open up Larkins so we could have some of those students to come over and have something to do. I'd be happy to entertain any questions.

Mr. Smith:

Are there any questions? If not, let me just say that David was my tax professor last year and he missed out on the opportunity to call on me on occasion so it's a lot easier for me to ask him questions about Student Affairs than for him to ask me questions about tax..

Mr. Williams:

Thank you, Mr. Chairman.

Mr. Smith:

Thank you very much, David.

Finally, I would like to call on John Wilhelm to present the report on behalf of the Student Governments. John --

Mr. John Wilhelm:

Good morning. On behalf of the three student governments, I am pleased to relay the following information. All three student governments have had a productive summer and have accomplished many of the organizational tasks in preparation for the beginning of the academic year. We are all excited about the arrival of Fall Quarter and the chance to further the work that we have already begun. We are also looking forward to celebrating the University's 125 Anniversary.

Earlier this month, the leadership of all three organizations participated in a joint planning session and retreat at Stone Lab. This was a unique opportunity and provided the beginnings of a forum for discussion and interaction between the student governments that can positively impact all students and the campus community as a whole.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Wilhelm: (contd)

During the session, we identified areas of both individual and joint focus. USG noted that they have prioritized student run radio, publishing teacher evaluations, and academic advising. CGS is currently finalizing the plans for the orientation of incoming graduate students. We are also interested in reviewing the proposal for the restructuring of the Graduate School. IPC will stress increased awareness of its role in support of professional students.

At the joint planning session, we reached consensus to work on two initiatives this year. The first is their review of student organization funding with an emphasis on the funding mechanisms for the 300 plus student organizations on campus. The second initiative involves the rising need for childcare services amongst the student body.

Finally, as President of the Council of Graduate Students, I would like to thank Dean Roy Koenigskecht for his many years of service to graduate students at Ohio State. I would also like to welcome Dr. Susan Huntington as the new Dean of the Graduate School and relay that we are all looking forward to working with her.

Thank you.

Mr. Smith:

Thanks, John. Mr. Ambassador, that concludes my report.

Amb. Wolf:

Thanks very much, John, that was a very, very informative report. We certainly enjoyed the two presenters.

--0--

FISCAL AFFAIRS COMMITTEE MEETING

Mr. Shumate:

First in our committee of the whole meeting, I would like to call upon Vice President Janet Pichette to make two presentations: 1) concerning the Waiver of Competitive Bidding Requirements; and 2) Request for Construction Bids.

Ms. Janet Pichette:

Thank you, Mr. Chairman. The first item of the report on Waivers of Competitive Bidding granted from April through June 1995, there were 103 waivers granted for annual purchases, totally a little more than \$26 million. I would note that over \$18.5 million of this was for merchandise to be resold in the Bookstores, Clinics, and other locations. The breakdown is shown on the exhibit included in your materials, we seek your acceptance of this report, and I would be happy to answer any questions you might have.

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS

Resolution No. 96-28

April - June 1995

Synopsis: Acceptance of the quarterly report on waivers of competitive bidding requirements is proposed.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, and revised on February 7, 1992, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of April - June 1995; and

WHEREAS during the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 103 waivers of competitive bidding requirements for annual purchases totaling approximately \$26,314,100.00, including two waivers for merchandise for resale of approximately \$18,567,000.00, as shown on the enclosed exhibit:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of April - June 1995, is hereby accepted.

(See Appendix VII for background information, page 249.)

Ms. Pichette:

The second resolution is to allow the University to move forward with the renovations to the University Hospitals' Radiology Department, our new Baseball Stadium, and improvements to the Howlett Hall Greenhouse. This last item was approved by the Board as a small capital project, but the project has received additional funding to take it over \$1 million, so we are bringing it back for the Board to reauthorize. We also have the report of award of contracts for Bloch Cancer Survivor's Plaza.

I would like to note the importance of two donor funding to these projects: 1) the Cancer Survivor's Plaza has been made possible through a very generous gift from Richard and Annette Bloch; and 2) Dorothy Davis and the Davis Foundation contributed generous leadership gifts to the Baseball Stadium.

I would be happy to answer any questions that you might have about these projects.

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS**

Resolution No. 96-29

**RADIOLOGY DEPARTMENT RENOVATION, PHASE II;
BASEBALL STADIUM;
HOWLETT HALL GREENHOUSE IMPROVEMENTS; AND
RICHARD AND ANNETTE BLOCH CANCER SURVIVOR'S PLAZA**

Synopsis: Authorization to request construction bids for the Radiology Department Renovation Phase II, Baseball Stadium, and Howlett Hall Greenhouse Improvements projects and acceptance of the report of award of contracts for the Richard and Annette Bloch Cancer Survivor's Plaza project are proposed.

WHEREAS University Hospitals desires to proceed with Phase II of the renovation of the Radiology Department, which will include approximately 12,000 square feet of space on the second floor of Rhodes and Doan Halls and will continue the renovation of diagnostic support service areas and improve patient services in the CT scan and Ultrasound areas; and

WHEREAS the total estimated Phase II project cost is \$1,700,000 and the total estimated construction cost is \$1,300,000, with funding provided by University Hospitals; and

WHEREAS the Department of Athletics desires to proceed with construction of a 3,000 seat baseball stadium including pressbox, locker rooms, concession and vending areas, security, first aid areas, and dugouts; and

WHEREAS the total estimated project cost is \$3,481,942 and the total estimated construction cost is \$3,052,278, with funding provided by the Department of Athletics (\$149,678), unused bond proceeds (\$649,000), and gifts (\$2,683,264) including a generous leadership gift of \$1,500,000 from Dorothy Davis and the Davis Foundation; and

WHEREAS a resolution adopted by the Board of Trustees on February 4, 1993 authorized the President and/or Vice President for Business and Administration to employ architects/engineers and request construction bids in accordance with established University procedures for various projects estimated at less than \$1,000,000 including the Howlett Greenhouse Remodeling Phase I project estimated at \$450,000; and

WHEREAS this project has received additional funding and now is anticipated to exceed the \$1,000,000 authorized in the previous resolution;

WHEREAS the revised total project cost is \$1,100,000 and the total estimated construction cost is \$900,000; with funding provided by House Bill 904 (\$450,000) and House Bill 790 (\$650,000); and

WHEREAS a resolution adopted by the Board of Trustees on March 3, 1995 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to recommend the award of contracts for the Richard and Annette Bloch Cancer Survivor's Plaza project:

Richard and Annette Bloch Cancer Survivor's Plaza

This project will construct a plaza at the northeast corner of Lane Avenue and Olentangy River Road including sculpture, walls, seating areas, new walkways, an open one-story structure with a fountain and interactive computer, and a connector walk to the Fawcett Center with a six space parking area. The total project cost is \$1,317,805; funding is provided from a generous gift from Richard and Annette Bloch (\$1,000,000) and University Funds (\$317,805). The estimated completion date is December 1995. The contracts awarded are as follows:

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS (contd)**

RADIOLOGY DEPARTMENT RENOVATION, PHASE II;
BASEBALL STADIUM;
HOWLETT HALL GREENHOUSE IMPROVEMENTS; AND
RICHARD AND ANNETTE BLOCH CANCER SURVIVOR'S PLAZA (contd)

Richard and Annette Bloch Cancer Survivor's Plaza (contd)

General Contract: Gutknecht Construction, Columbus, Ohio

Amount: \$782,400 *

Estimate: \$789,300 *

Electric Contract: Romanoff Electric, Columbus, Ohio

Amount: \$123,890 * +

Estimate: \$111,200 * +

Total All Contracts: \$906290

Contingency Allowance: 45,315 (5% of construction cost)

Total Project Cost: \$1,317,805

* Recommended alternates included in these totals.

+ The Electric Contract is in excess of the filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on the Radiology Department Renovation Phase II, Baseball Stadium, and Howlett Hall Greenhouse Improvements projects in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts with all actions to be reported to this Board at the appropriate time.

BE FURTHER IT RESOLVED, That pursuant to the actions previously authorized by this Board, the report of award of contracts and establishment of contingency funds for the Richard and Annette Bloch Cancer Survivor's Plaza project is hereby accepted.

(See Appendix VIII for maps, page 251.)

Upon motion of Mr. Shumate, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador. Wolf.

--0--

CAPITAL BUDGET PRESENTATION

Mr. Shumate:

Our next agenda item, Mr. Chairman, is a presentation on the Capital Budget, and I would like to call upon Provost Sisson and Vice President Shkurti to make that presentation.

Provost Sisson:

Thank you, Mr. Shumate. Before I commence this presentation, I would like to bring to your attention -- sitting on my right -- Professor Jane Fraser. Professor Fraser is the new Chair of the University Senate Steering Committee and a Professor of Engineering, and you all know Professor Allen.

Mr. Chairman and members of the Board, we are sharing with you today our recommendations regarding the University's request to the Board of Regents for Capital Projects for the period July 1, 1996 to June 30, 1998. These recommendations represent the culmination of a year long planning effort that involved extensive consultations with the Fiscal Committee of the Board of Trustees, the deans and vice presidents, and the Fiscal Committee of the University Senate.

For the first time in recent history, preliminary recommendations were shared with the Board and with the campus community in May, well before a final decision was required. These recommendations reflect a significant effort to improve the quality of our physical environment within available resources.

The specifics of the criteria we used, the reasoning behind our decisions on each project, and the implications for the future are all discussed in detail in the memorandum from Bill Shkurti and me to President Gee dated August 28. You have a copy of that document, so I will not go into detail here. Instead, I will briefly summarize our recommendations which fall into three categories.

The first category is University Commitments. This includes basic and supplement renovations to reduce the back-log of deferred maintenance, as well as phase two of the Fisher College of Business and the Food, Science, and Technology project. Both the Fisher College of Business and the Food, Science, and Technology project involve matching fundraising and replacement of outdated facilities for core professional disciplines.

High academic priority, high need. This second group involves renovation and repair facilities for core disciplines in Arts and Sciences, Life Sciences, and Physical Sciences. The renovation of Hagerty Hall and replacement of outdated facilities for the College of Veterinary Medicine.

High financial feasibility. This third group involves projects where there is a high physical need and high financial feasibility. This includes replacement of outmoded facilities for the College of Architecture, for which \$10 million in private donations has already been pledged; and replacement facilities -- this is number two -- for the Heart and Lung Institute, which involves a net reduction of 37,000 square feet of space.

We feel that our recommendations are consistent with the University's academic priorities in support of teaching, research, and public service. They are also consistent with our financial goals of maximizing the effective use of existing space. We strongly recommend these proposals for your approval.

Now I would like to ask Bill if he would address issues concerning the particulars of the financing of these initiatives.

CAPITAL BUDGET PRESENTATION (contd)

Mr. William Shkurti:

Thank you, Provost Sisson. The Provost explained the process and priorities of the Capital Request, so I would like to deal with the funding support in behind them. There are really three aspects to this: the changes in the way the State is funding capital projects and this has occurred since we briefed you last May; the implications of that for OSU; and then what we proposed to do about it. Those are described in detail in the memo from me or Mr. Shumate that's in your board book, so I will not go over them in detail but simply summarize the outcome.

The changes are significant and they are included in the state budget. In fact they are the most significant in state funding in the 25 years since the state voters originally approved the state-wide bond issue in 1968 to have state-wide funding of university academic buildings. The new set-up, which was proposed by the Board of Regents, and approved by the General Assembly and signed by the Governor, sets up an allocation for each university per capital determined via formula and then if the university spends more than that they have to come up with the money out of their own resources. If they spend less than that they can keep it and redirect it to other capital resources.

I want to stress that this is something that we support, we have supported, and will support, when I say we I mean the president, speaking for the university as well as the Provost and I in consultations with the Regents. And even though it provides more financial responsibility to the university then for us it also gives us more control and more ability to affect our own destiny and we think that's consistent with where the university needs to go.

In terms of the implications of these changes, I wish that I could say to you there are this, this, and this, in fact, the implications are not clear because the implementations issues are not yet been resolved. In the memo I highlight five different implementations issues that we still need to work out with the Board of Regents. I will highlight just one as an example for you today, which is probably most important.

The Regents have already issued the details of a formula by which they will distribute the money that we will use to pay for capital projects and Ohio State's share of that is 22.4 percent. It is based on a combination of our mission and the age of our facilities and we support the way that the formula was put together and we were consulted on it as were the other universities.

The problems is that the Regents have not yet been able to tell us that it is 22.4 percent of what and the what could make a big difference in terms of what happens to our capital request. They have said that the minimum that they will recommend state-wide for these capital projects is \$300 million, so you do not need to be a genius to figure out 22.4 percent is \$67 million. The problem is that if this minimum ends of being up what they recommend that is not enough to cover projects the state has already committed to us and we have already committed, including to donors, to move forward with, in fact, there are five projects that are in the pipeline that have already been authorized by the state, under the old system, and that includes the Fisher College of Business, the Food Science Building, Biological Sciences Building, The Knowlton School of Architecture, and the Heart and Lung Institute.

Now we the university will meet our commitment to the donors but we would like to do this in an orderly way that's consistent with our priorities and we would not like to feel that the state is punishing us for good planning or changing the rules in the middle of the game. On the other hand, if the Regents recommend \$400 million, for state-wide projects which is in fact is what was recommended two years ago. Our 22.4 percent of that is \$89 million that would allow us to fund fully seven of the eight

CAPITAL BUDGET PRESENTATION (contd)

Mr. William Shkurti: (contd)

projects on our priority list, leaving only the Heart and Lung is the eighth of the seven on a list that we would still like to find a way to fund that. so in terms of what we are doing about the situation that we find ourselves, again I want to stress that we are supporting the policy direction the Regent's are moving in. IN fact this request that you received in May was done in anticipation that we are in affect spending our own money and should treat these capital projects as such so that there are no klunkers on the list. These are all things that we need to do sooner or later.

The recommendations though are due to the Board of Regents on September 15. There are requests so that is why we are asking you to vote on them today. The priorities will stay the same as the Provost mentioned, they haven't changed since our initial outlook in the Spring but we have added some disclaimer language which says even though the priorities are going to stay the same the amount for each project may differ so once we find out what the ground rules are we may ruggle dollars and sources between different projects so that we could meet our commitments and move forward with these projects.

The third thing that we have done is to talk to our sister institutions, the four year schools, to see how their dealing with this and they are having the same problems we are, and they are also going to encourage the Regents to do something other than a \$300 million minimum and we think that'll help. And finally we will be talking to the Regents and the political leadership because in the end all state capital decisions are political decisions to make sure the political decision reflects the right economic and educational decision for this institution and we think a \$400 million state allocation is not unreasonable to do that. So in summary I think that I can say that these capital request reflect a new funding era and a new funding era that we support. That the implementation issues can best be described as muddy or muddled, at this point, but there will be proactive in trying to deal with those and trying to work cooperatively with the Regents and hope that the Regents will work cooperatively with us in making this new system work in the way that everybody intended. Mr. Chairman that concludes my presentation I'm sure that the Provost and I will be glad to answer any questions you might have.

Are there any questions from members of the Board? One question might be that many of these recommendations relate to the first phase of larger and longer commitments and what's the impact of adopting this resolution today, on future years?

Mr. Shkurti:

Mr. Chairman, I will deal with the financial impact and if the Provost wants to add on the academic impact. One of the things that the Board and the President has impressed upon us as vice presidents is to think ahead move than six months, so that in preparing these proposals we've tried to think through the impact of this on future biennium and attachment H in the document that provost Sisson talks about the linkages for some of the future bienniums. I think in summary I could describe it as we've worked out the cost of Phase II and III of some of these projects that were started in the first year, for example the Physics building, and are confident that within any reasonable state-wide appropriation from the Regents under the new system we will be able then to meet the commitments in the next two years of the biennium and the years that follow and do it in a way that's consistent with our academic needs.

CAPITAL BUDGET PRESENTATION (contd)

Provost Sisson:

I have nothing to add.

Mr. Shumate:

The second question, just for my clarification, we've already received private funds for the College of Architecture, so as a result aren't we in fact committed to that project.

Mr. Shkurti:

Mr. Chairman that is absolutely correct and I want to stress that we will meet all of our commitments to our donors no matter what it takes but what we hope is that the Regents will be helpful to us in setting up a system that allows us to do that and isn't punitive towards us for going out and finding the extra funding.

Mr. Shumate:

Any other questions? If not a would make a motion to adopt the resolution. Is there a second.

Milton Wolf:

Thank you very much, Mr. Shumate. And I think that with the completion of your report if there is no other business that brings us to the completion of this meeting. The next meeting of the Board of Trustees will be held on Friday October 6 at the Fawcett Center in this room. Thank you very much.

1997-98 CAPITAL REQUEST

Resolution No. 96-30

Synopsis: The Capital Request for FY 1997-98 is being submitted for adoption.

WHEREAS the capital needs and resources for the 1997-98 have been identified; and

WHEREAS the appropriate planning and consultation within the University has been accomplished; and

WHEREAS the President is now prepared to present the 1997-98 capital request; and

WHEREAS this request is due to the Ohio Board of Regents by no later than September 15, 1995:

NOW THEREFORE

BE IT RESOLVED, That the University's FY 1997-98 capital request as described in the accompanying text and tables be approved for submission to the Ohio Board of Regents; and

BE IT FURTHER RESOLVED, That the Secretary be instructed to incorporate all supporting documents into the minutes of the meeting, and to file these materials with the official records of this University.

(See Appendix IX for background material, page 257.)

Upon motion of Mr. Shumate, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Amb. Wolf.

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, welcome. September was an extraordinary month for this university as we welcomed and welcomed back some 56,000 students. Once again, move-in day for the residence halls was an exercise in precision and planning. Parents told me they were amazed at how easily and quickly they completed the task of getting their students settled. Of course, no amount of planning by Vice President Williams' team can prepare them for those tearful goodbyes!

The recommendations of the Committee on the Undergraduate Experience called for greater emphasis on welcome activities and better attention to transfer students. Significant strides were made in both areas. A transfer student orientation program was well received, and the program schedule for new students was filled. In an effort to provide alternative programming for students, the Office of Residence and Dining Halls hosted "Buckeye Fever" in St. John Arena on the first Thursday night of the quarter. Thousands of students participated in fun and games, music and dancing. Prizes included a free quarter's room and board, tickets to athletic events, and even a chance to attend football practice!

Ohio State's highly regarded Farm Science Review was held in September, with hundreds of thousands of people visiting our Molly Caren Center. I continue to be impressed by the innovations on display. I visited the Irv Bell farm outside Zanesville this week, and I know he speaks for many Ohioans when he praises the work of our faculty in bringing new ideas to the farm and field.

More than 25 alumni groups met in reunion with the opening of the home football season. As I told our Alumni Club Officers Conference, we are blessed with great alumni support. From the Mechanical Engineering Alumni Luncheon to that great alumni band, thousands of Buckeyes came together to celebrate this university. Of course, I would be remiss not to mention one of the highlights of my career: as you well know, Constance and I dotted the "i" in "Script Ohio." It was wonderful and something that I will always remember of the university.

The university started the year with great energy and tremendous pride. The *U.S. News and World Report* rankings rated us 15th in the nation among public universities in academic reputation, and 36th among all universities. The Fisher College of Business placed in the top 25 in both the undergraduate and graduate programs. And, the College of Engineering was ranked 17th in the nation, 10th among public universities.

The National Research Council reported their study of doctoral programs and Ohio State received very good news. Among the 38 disciplines rated, Ohio State placed 16 in the Top 25 in the nation. Thirty-six of the 38 programs ranked Ohio State number one among all Ohio public universities. And perhaps most significantly, 26 of the 29 Ohio State programs that were ranked in 1982, were rated higher in this report. It is gratifying, by these numbers, to see the quality of our faculty so recognized.

PRESIDENT'S REPORT (contd)

President Gee: (contd)

We welcomed one of Ohio State's great citizens back to campus this month with the opening of the Roy Lichtenstein Exhibit at the Wexner Center for the Arts. Community and campus came together to celebrate this notable presentation of one of America's greatest artists.

I was particularly taken with Mr. Lichtenstein's sincere tributes to his teacher and mentor, Professor Hoyt Sherman. We dedicated the Hoyt Sherman Studio Art Center, made possible through the generosity of the Lichtensteins. And, Roy and I even got caught up in a game of Twister with students! It was an exhilarating few days for the university. The exhibition promises to bring many people to the campus.

The kickoff of *The Ohio State University Campaign: Affirm Thy Friendship* was memorable! CBS News correspondent Erin Moriarty guided us through an outstanding program highlighting the many ways this campaign will enhance the university. My compliments to Vice President May and his colleagues for so effectively launching the campaign. Everyone present felt the spirit and excitement of this undertaking. I will say that our goal of \$850 million looked even larger when it was spelled out by the marching band on Saturday! The zeros ran into the end zone!

We continued to enjoy our great Buckeye spirit when the Notre Dame game kicked off. What a great day for college athletics and for the university. Although the press might lead you to think otherwise, 100,000 fans in the stadium and 60,000 students at the university all enjoyed the day with exuberance and good judgment.

Four dozen people, most of them not Ohio State students, received much more attention than they deserved. While we continue to be concerned about excessive rowdiness and are working with city officials to improve behavior in the area, I also want to say how proud I am of the way the people of Ohio State conducted themselves on that occasion. Even Regis Philbin, Mr. Notre Dame, had kind words for the hospitality of Ohio State on his program Monday morning!

In all, we had a wonderful opening ten days. The energy and pride that has been generated will be needed as we look ahead to a great quarter and an outstanding year.

Mr. Chairman, as I close my report, I want to offer for your consideration a resolution honoring the University Women's Club on the occasion of their 100th anniversary. This group of dedicated women enjoys a legacy of service and success that has enhanced university life for a century.

President Canfield's wife was the founder of the group, organized to promote friendly association and service. Members have raised funds for scholarships, served as ambassadors for the university, and volunteered thousands of hours to our university community.

I ask that you join me in honoring the University Women's Club, its president Ann Hayes and centennial chair Ruth Mount, for their continued loyalty and service to Ohio State.

**RECOGNITION OF THE 100TH ANNIVERSARY OF THE
UNIVERSITY WOMEN'S CLUB AT THE OHIO STATE UNIVERSITY**

Resolution No. 96-31

WHEREAS October 1995 marks the 100th anniversary of the founding of the University Women's Club at The Ohio State University by Flavia Canfield, the wife of President James H. Canfield; and

WHEREAS the purposes of the University Women's Club over the years have been to promote friendly association among its members; to furnish them organized opportunities for participation in social, cultural, recreational and intellectual activities; to promote service projects for educational and philanthropic purposes; and to further other interests of the University community; and

WHEREAS in fulfilling its purposes the Club has assumed leadership in promoting the interests and the welfare of women and of women students; and

WHEREAS it has contributed monies to the University for scholarships, grants, and student emergency loan funds over the past century, and it has given \$207,200, the proceeds from Buckeye Bargains Thrift Shop, during the last twenty-eight years; and

WHEREAS members of the Club have provided extensive volunteer services to many programs of the University including the University Medical Center, University Student Orientation, activities of numerous student organizations; and to community groups and agencies in times of need; and

WHEREAS since its early years the Club has offered its members opportunities for fellowship and service through its many interest groups; and

WHEREAS the Club continues to be sensitive to the many avenues through which it may enhance the lives of its members and contribute to the betterment of the University:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University continues to recognize and support the University Women's Club as an important and viable organization which through its presence, its programs, and its projects enhances the lives of students, faculty, and all members of the University community.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Strategic Planning Committee met on September 28, 1995. The Committee heard a status report from the consulting firm of McManis Associates on the restructuring of our twelve-hospital Healthcare Consortium into an Integrated Delivery System. The Committee also reviewed a proposal for the development of a comprehensive plan for our Information System.

The Professional Affairs/Education/Research Committee convened September 28, 1995. In executive session they reviewed the Hospitals' quality indicators and the managed care quality report developed by the Community Mutual Insurance Company. In regular session, the Executive Director briefly presented a semi-annual report on Human Resource activities.

The Executive Committee received an update on collaboration discussions with local and regional facilities. Coopers and Lybrand representatives summarized their audit

October 6, 1995 meeting, Board of Trustees

of University Hospitals' fiscal year 1995. No audit adjustments or items of concern were noted. The Hospitals' Fiscal Services Department was complimented for their management of the accounting process for the James Cancer Hospital and University Hospitals.

--0--

CANCER HOSPITAL REPORT

Mr. Shumate:

Next month Dr. David Schuller will be with us to present a full report on activities at the James. I have an agenda item that I would like to present to the Board today that recommends the approval of the annual appointment of members to the James Cancer Hospital and Research Institute Board.

THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE BOARD APPOINTMENTS

Resolution No. 96-32

Synopsis: Appointments of members to The Arthur G. James Cancer Hospital and Research Institute Board is proposed.

WHEREAS the Board of Trustees on September 1, 1993, approved the establishment of The Arthur G. James Cancer Hospital and Research Institute Board; and

WHEREAS it has been stipulated in Bylaw 3335-1-03 (W) that the Cancer Hospital Board shall be comprised of two members of the university board and a senior physician and faculty member, two senior university administrators, and two citizens from the general public who shall be appointed by the university board of trustees in consultation with the president; and

WHEREAS the following named persons have been selected for appointment to the Cancer Hospital Board:

Alex Shumate (Reappointment)
Zuheir Sofia (Appointment)
Henry G. Cramblett, M.D., Senior Physician and Faculty Member (Reappointment)
Edward F. Hayes, Senior University Administrator (Reappointment)
Greta Russell, Senior University Administrator (Appointment)
Richard J. Solove, General Public Member (Reappointment)
Ellen Hardymon, General Public Member (Reappointment)

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be appointed, effective May 1, 1995, as members of The Arthur G. James Cancer Hospital and Research Institute Board for a term ending April 30, 1996.

Upon motion of Mr. Shumate, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

The Investments Committee met yesterday for five hours to review the performance of the Endowment Funds Equity Managers. We will meet next month to review the Fixed Managers and will recommend any changes necessary in asset reallocation after that time.

Mr. Chairman, with your permission, I would like to ask Mr. Nichols and Mr. May to present the Treasurer's Report and the monthly Development Report at this time.

Mr. James Nichols:

Thank you, Mr. Colley. This Endowment report is for the period August 18 through September 15. The market value of the Endowment on September 15 was \$588.8 million, which for the sixth month in a row, is an all time high for the University. This total was approximately \$17.2 million above the number I reported to you last month, which includes an increase in the equity portion of \$12.3 million, and the fixed income portion of \$2.4 million. Net new additions for the Endowment for August were \$3.4 million.

Since July 1, the Endowment has increased \$33.1 million including net new additions of \$4.6 million. Current asset allocation is 64 percent in equities, 22 percent in fixed, 7 percent in real estate, and 7 percent in cash equivalents.

As Mr. Colley indicated, the Investments Committee met yesterday afternoon to review Equity Managers, and we will meet next month to review Fixed Income Managers. I have promised the Chair that the meeting will not exceed four hours next month. However, the Committee will discuss any recommendations concerning adjustments and asset allocations or amounts of money that would go to managers, and any of those recommendations will be brought forward to the full Board next month. That concludes my report of the Investments Committee.

Mr. Colley:

Mr. May --

Mr. Jerry May:

Thank you very much, Mr. Colley. Before I proceed to the tab labeled "Development" in your book, I'd like to just take one moment to thank each of the Board members for their time, counsel, and support they provided in the past months as we initiated the University Campaign. Your endorsement and your support has been well noticed by lots of people. We deeply appreciate it, and we have plenty to do.

If I could turn to the tab under Development for a moment, I want to highlight a couple of things. At this point in time, the July - August period, our private support is up about \$3 million, and we will continue to try to push that as hard as we can during the year. The real encouraging news so far is that our scholarship support is up significantly and our gift additions to the Endowment are up about 170 percent, which is pretty dramatic. I suspect that is going to level down a little bit, but it is encouraging to know that last year we added about \$1.5 million in additions to the Endowment in the first two months, and this year we are up to \$4.3 million. So we are encouraged by that.

Before I ask you to pass a resolution regarding the new additions to the Endowment of the University and the endowed funds, I would like to make a personal comment about one of the donors that you see back in gift additions to the endowed funds

INVESTMENTS COMMITTEE REPORT (contd)

Mr. May: (contd)

under the Foundation. You will notice that Professors William Form and Joan Huber, husband and wife, have established a graduate fellowship fund in the Department of Sociology.

Now the reason that I want to call attention to this is not because Joan and Bill, who many of you know very well, are fine faculty members, great researchers, and terrific teachers who have distinguished themselves as professors here over a number of years, but I also want to highlight this because they represent literally thousands of individuals who give to Ohio State every year through the Campus Campaign. This, as many of you know, is the tenth year of the Campus Campaign.

The Campus Campaign is the effort every year where faculty and staff of the University give back to the University. They are just an example today of the generosity of many, many faculty and staff. This year we passed the \$30 million mark for the ten years of the Campus Campaign. That is \$30 million that the faculty and staff have contributed to this institution. We are very proud of our colleagues on the faculty and staff, and we are very pleased that Bill and Joan, Professors Form and Huber, have given to the graduate fellowship fund -- graduate fellowships being one of those key areas of this campaign that we want to support in the future.

With that, Mr. Colley, I would like to present to the Board for approval one named endowed chair, 12 new named endowed funds, and the revision of two endowed funds. Total of the gifts received in these new endowment funds is \$2,025,783.00.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-33

Synopsis: The report on the receipt of gifts and the summary for August 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding level has been reached to establish The John L. Marakas Nationwide Insurance Enterprise Foundation Chair in Cancer Research; and

WHEREAS this report includes the establishment of twelve (12) new named endowed funds and amendments to two (2) endowed funds:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of August 1995 be approved.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

TOTAL UNIVERSITY PRIVATE SUPPORT
July-August
1994 Compared to 1995

GIFT RECEIPTS BY DONOR TYPE

	Dollars July through August		
	<u>1994</u>	<u>1995</u>	<u>% Change</u>
Individuals:			
Alumni (Current Giving)	\$2,200,974	\$2,051,945	-7
Alumni (From Bequests)	<u>202,672</u>	<u>181,647</u>	-10
Alumni Total	\$2,403,646	\$2,233,592	-7
Non-Alumni (Current Giving)	\$417,106	\$751,929	80
Non-Alumni (From Bequests)	<u>94,173</u>	<u>190,505</u>	102
Non-Alumni Total	\$511,279	\$942,434	84

Associations & Other Organizations	<u>\$532,912</u>	<u>\$500,873</u>	-6
Total	\$6,690,421	\$9,565,090	43

NOTES

- A Overall in individual giving is up 9% even though gifts from alumni during the first two months is 7% behind last year for the same period.
- Non-alumni giving is up 84%. So far this year gifts of \$10,000 or more from alumni total slightly more than \$500,000. For the same period of time last year gifts at this level totaled about \$200,000.
- B Corporate giving is up 71%. Last year there were 64 corporations providing private support of \$10,000 or more (\$2 million). This year private support at the \$10,000 level exceeds \$3.8 million (73 corporations).
- C Gifts of \$10,000 or more from private foundations are about \$600,000 more than last year for the first two-month period.

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Samuel B. Sneath Memorial Scholarship Fund

The Samuel B. Sneath Memorial Scholarship Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with a gift to The Ohio State University Development Fund from the estate of Helen S. Sneath, Ft. Lauderdale, Florida.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from the fund shall be used for the purpose of educating needy students who are residents of Hancock and/or Seneca Counties, Ohio, pursuing premedical and medical studies at The Ohio State University with the intent of becoming Doctors of Medicine. The award(s) shall be made as equitable as possible between these two counties. If there are no such students from the two aforementioned counties during any calendar year to receive such an award, then applicants may be selected from among students who are residents of Sandusky, Crawford, or Wyandotte Counties, Ohio, for such year and, if there are no applicants from these counties, then the fund may make an award to applicants who are residents of any county in Ohio. The selection of the recipient shall be made by the College of Medicine in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then it is the desire of the donor that it shall be terminated and thereupon the remaining assets of the fund shall be distributed equally between the following: First Presbyterian Church of Fort Lauderdale, Florida; First Presbyterian Church of Tiffin, Ohio; Trinity Church of Findlay, Ohio; Leo Goodwin Institute for Cancer Research of Fort Lauderdale, Florida; and Wittenberg University, Springfield, Ohio.

\$253,595.03

Student Organization Support Endowment Fund

The Student Organization Support Endowment Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with funds to The Ohio State University Development Fund from distribution of licensing revenue as recommended by the Licensing Revenue Task Force and approved by the Board of Trustees on June 3, 1994.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

Student Organization Support Endowment Fund (contd)

Funds are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used in support of the registered student organizations at The Ohio State University through the Office of Student Affairs. The 550 student organizations are a vital force in establishing a sense of community and connections between students and the University. The more than 10,000 students who participate annually are given tremendous opportunities to develop social and leadership skills. These organizations include the major student governments: Undergraduate Student Government, Council of Graduate Students, and Inter-professional Council; special event organizations such as Student Events Committee, Homecoming, and Renaissance Festival; clubs and special interest organizations like crew club and other sports clubs, chess club; Greek organizations, and minority focus organizations.

It is the desire of the Licensing Revenue Task Force and the Office of Student Affairs that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the intent of the Licensing Revenue Task Force and the Office of Student Affairs.

\$110,000.00

The Gwen H. Kagey Endowed Scholarship Fund

The Gwen H. Kagey Endowed Scholarship Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estate of Gwen H. Kagey (B.A. Theater '75). Gwen was a faculty member in the Department of Dance and was a frequent visitor to the College of Humanities office.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for qualified students majoring in the Black Studies program. Scholarship recipients shall be selected in consultation with the University Committee on Student Financial Aid. In the event the Black Studies program should cease to exist, it is the desire of the donor that the fund be used as appropriate to benefit minority students.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Dean of the College of Humanities in conjunction with the Chairperson of Black Studies in order to carry out the desire of the donor.

\$105,000.00

The Duane C. Brown Program Fund in Geomatics

The Duane C. Brown Program Fund in Geomatics was established October 6, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Theresa P. Brown, widow of Duane C. Brown, former adjunct professor in the Department of Geodetic Science and Surveying at The Ohio State University, of Indialantic, Florida.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Duane C. Brown Program Fund in Geomatics (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support workshops/short courses/schools in Geomatics at the discretion of the Department of Geodetic Science and Surveying chairperson.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$50,000.00

The Johnie Christian Scholarship Fund

The Johnie Christian Scholarship Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from the estate of Johnie Christian, (Ph.D. Education '40) a retired teacher in Denton, Texas, who passed away April 21, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for worthy undergraduate and graduate students in the College of Education. The recipients shall be in need of funds to continue their education. Preference shall be given to minorities and underprivileged students. Scholarship recipients shall be selected in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the person then responsible for teacher preparation programs in order to carry out the desire of the donor.

\$25,000.00

The Michelle Lynn Dauterman Fund

The Michelle Lynn Dauterman Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with memorial gifts to The Ohio State University Development Fund from friends and the family of Michelle Lynn Dauterman.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income earned for the first three years is to be used to establish a Computer-Aided Design Laboratory in the College of Human Ecology, Textiles and Clothing program. All annual income thereafter shall be used for program resources, support, and training in the area of Computer-Aided Design in the College of Human Ecology.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Michelle Lynn Dauterman Fund (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever, as determined by the Board of Trustees with preference being given to the recommendations from the appropriate officials of the University who are directly responsible for the College of Human Ecology in order to carry out the desire of the donors.

\$16,668.50
(Grandfathered)

The Todd David Harris Memorial Scholarship Fund

The Todd David Harris Memorial Scholarship Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Judith Wright Harris (B.A. Music '62) and Ronald D. Harris (B.Ch.E. '61; M.S. Chemical Engineering '61) and friends to honor the memory of Todd David Harris - a son of the Harris.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Eighty percent of the annual income will be awarded to one or more graduate or undergraduate students of Chemical Engineering. The remaining twenty percent shall be reinvested into the fund's principal before the end of each fiscal year. Selection of each Todd D. Harris Scholar will be done at the discretion of the Chairperson of the Department of Chemical Engineering or his/her designee in consultation with the University Committee on Student Financial Aid. Preference will be given to candidates for whom the Todd D. Harris Scholarship funds will make a meaningful difference in their academic life. Awardees will be provided with information about Todd D. Harris (previously furnished by the Harris family) and the name and address of the Harris family contact. If a deserving Chemical Engineering student cannot be found, then a Mechanical Engineering major will be chosen based on the above criteria. All unawarded income shall be reinvested into the fund's principal before the end of the fiscal year. Chemical Engineering's Department Chairperson will inform the Harris family on the use of each year's income.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$15,500.00
(grandfathered)

The Korean Studies Fund

The Korean Studies Fund was established October 6, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Mr. Kim Joon Hyup, Seoul, Korea, a former president of the Bank of Seoul and a friend of The Ohio State University and Korean Studies, and other individuals.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Korean Studies Fund (contd)

The annual income shall be used to increase and promote awareness of the Korean culture and language through some or all of the following means: providing study abroad funds for students to travel to Korea, providing funds for faculty doing research in Korean Studies, or sponsoring a lecture by a distinguished scholar in Korean Studies. The exact use will be determined on an annual basis by the Chairperson of East Asian Languages and Literatures in consultation with the faculty in Korean language and culture.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Dean of the College of Humanities in consultation with the Chairperson of East Asian Languages and Literatures in order to carry out the desire of the donors.

\$15,000.00
(Grandfathered)

The Clifton J. Latiolais Endowed Fund in Health-System Pharmacy

The Clifton J. Latiolais Endowed Fund in Health-System Pharmacy was established October 6, 1995, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from alumni and friends of the late Clifton J. Latiolais.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support educational and research initiatives and faculty appointments within the area of study of Health-System Pharmacy at the College of Pharmacy. In the event that it becomes necessary to invade the principal to meet the above objectives, the Dean of the College of Pharmacy may do so at his/her discretion. However, the principal of the fund shall not fall below \$15,000.00

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$15,000.00
(Grandfathered)

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

The Steve Goldberg Memorial Fund

The Steve Goldberg Memorial Fund was established November 5, 1993, with gifts in memory of Steven A. Goldberg (D.D.S. '79) from his wife, Sheryl, and his parents, Dr. and Mrs. Morris W. Goldberg (B.A. Bio Sci '49; D.D.S. '52). The description was revised October 6, 1995.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

The Steve Goldberg Memorial Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support research, publication costs, equipment, travel and other scholarly activities that assist students in fulfillment of the Master of Science degree in endodontics and enhance the educational objectives of the program. Expenditure of income shall be determined by the Director of Endodontic Graduate Programs.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED CHAIR

The John L. Marakas Nationwide Insurance Enterprise
Foundation Chair in Cancer Research

The John L. Marakas Nationwide Insurance Enterprise Foundation Chair in Cancer Research was established October 6, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed chair with a gift from Nationwide Insurance Enterprise Foundation.

The annual income from The John L. Marakas Nationwide Insurance Enterprise Foundation Chair in Cancer Research shall be used to support the cancer research activities of the holder of The John L. Marakas Nationwide Insurance Enterprise Foundation Chair in Cancer Research. The individual appointed to this chair should have a record of significant achievements in the field of cancer research. Appointment to the chair will be recommended by the Dean of the College of Medicine to the Provost and approved by The Ohio State University Board of Trustees.

\$1,250,000.00
(Grandfathered)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Bank One Fund for Student Excellence and Leadership

The Bank One Fund for Student Excellence and Leadership was established October 6, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation which has established an endowed fund with gifts from Bank One, Columbus, N.A.

The annual income shall be used to provide one or more full tuition scholarships for MBA students in the Max M. Fisher College of Business.

The College will meet annually with Bank One officials to define the characteristics of the student profile necessary to be considered for a scholarship and the availability of an internship as part of the scholarship package. Recipients shall be recommended by a college committee (led by the academic

director of the MBA program) in consultation with the University Committee on Student Financial Aid to the dean for formal approval.

\$100,000.00

The William Form and Joan Huber Graduate Fellowship Fund
in the Department of Sociology

The William Form and Joan Huber Graduate Fellowship Fund in the Department of Sociology was established October 6, 1995, by the Board of Trustees through gifts received by the University from The Ohio State University Foundation from William Form, Professor Emeritus in the Department of Sociology, and Joan Huber, Senior Vice President and Provost and Professor Emeritus in the Office of Academic Affairs and Department of Sociology, of Columbus, Ohio.

The annual income shall be used to provide graduate fellowship support for students in the Department of Sociology at the discretion of the Department Chair.

\$50,000.00

The Anna Sborowitz Scholarship Fund

The Anna Sborowitz Scholarship Fund was established October 6, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Paul K. Sorren (B.S.Bus.Adm. '46) of Miami Beach, Florida.

The annual income shall be used to provide one or more student scholarships for undergraduate mobility impaired students with severe limitations in movements or use of one or more of their extremities. Recipients must demonstrate financial need and satisfactory progress in their academic studies. They must be enrolled with seven or more hours of course work showing substantial progress toward a degree at The Ohio State University. Students may use the scholarship to support tuition, room, board, special equipment, and miscellaneous expenses such as books and supplies. The scholarships will be administered by the Office for Disability Services in consultation with the University Committee on Student Financial Aid.

\$20,000.00
(Grandfathered)

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

The Kent Distinguished Scholarship Fund

The Kent Distinguished Scholarship Fund was established February 4, 1993, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with an initial gift funding to The Ohio State University Foundation from Ralph Kent (B.S. Accounting '37) and Betty Kent (w. 1939), Harbor Springs, Michigan, and Longboat Key, Florida. The description was revised October 6, 1995.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND (contd)

The Kent Distinguished Scholarship Fund (contd)

The annual income and principal, if needed, as provided by the Foundation shall be used to provide merit scholarships for Kent Distinguished Scholars in Accounting. It is anticipated that the endowment principal, when fully funded, will provide each year sufficient distributable income as determined by the University to fund distinguished scholarships for five students annually on a continuing basis. Recipients shall be students majoring or planning to major in accounting. Annually, any prior year's income which was not awarded shall be added to the fund's principal. It is the desire of the donors that students be selected as freshmen and continued through their senior year so long as they continue as Distinguished Scholars and continue in Accounting. Should the Accounting major become a five-year program, as is now anticipated, recipients shall be continued for their fifth year.

It is the hope of the donors that recipients will give strong consideration to the accounting honors program and accounting internships, especially the internships offered by Ernst & Young. The scholarship will be administered by the Department of Accounting in cooperation with the University Honors Center and in consultation with the University Committee on Student Financial Aid. The Dean of the The Max M. Fisher College of Business will have a continuing oversight role on the operation of the Kent Scholarship program.

Kent Distinguished Scholars shall be selected through the University Initiative to recruit National Merit and National Achievement Scholars. Once these Scholars have confirmed acceptance at Ohio State, a Kent Scholar shall be named from the pool of candidates based on the above criteria. Should the recipient maintain eligibility as a Distinguished Scholar, but change from Accounting, then the University shall fund the student from other sources and a new Kent Distinguished Scholar would be named. Each year, any unused income shall be transferred to the endowment principal.

The merit scholarship initiative is the result of recommendations from the 1990 University Task Force on Undergraduate Recruitment and the 1990-1991 Undergraduate Recruitment Implementation Steering Committee to the Senior Vice President for Academic Affairs and Provost.

Upon motion of Mr. Colley, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

Before I begin my report, I would just like to take a moment to thank the Provost and the Vice Provost, as well as those Trustees who serve on the Regional Boards, for their help last month in making a success of the Regional Boards of Trustees meeting that followed our full Board meeting. I thought it went off very well and appreciate everyone's help in making that happen.

This morning at the Educational Affairs Committee we heard several reports, one of which the President has already referred to on the various rankings by the National Research Council. In addition to those that the President held up, I might add that, in particular, three programs jumped out: 1) the physics program jumped 15 places, from 39th to 24th and had the highest rated improvement in program quality in the last five years of any physics program in the country; 2) the psychology program improved from 32nd to 21st and had the highest program quality improvement in the last five years among the top 50 psychology programs surveyed; and the linguistics program improved from 11th to 8th and is the top program of its kind in the Big Ten.

EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Celeste: (contd)

We expect additional large improvements in the next 10-year report.

Also during the Committee meeting, the Provost reported on providing information on reinstating the distinguished university professorship program and Dr. Ray discussed plans for providing institutional analysis through a joint appointment, which we will be voting on, that is listed in the Personnel Actions. Additionally, we heard some continuing information on the work of the Committee for the Undergraduate Experience and I would like to call on Provost Sisson and Vice President David Williams to present an update on that report.

UPDATE ON THE COMMITTEE FOR THE UNDERGRADUATE EXPERIENCE

Provost Sisson:

Thank you, Mr. Celeste. Mr. Chairman and members of the Board, one of the major initiatives that we have here at Ohio State -- and this was announced over a year and half ago -- was a review and action with respect to the Undergraduate Experience. It is a joint effort on the part of the Vice President for Student Affairs and myself, our joint offices, together with a much wider range within the University community, to take a look not only at the academic side of things, but the context in which students live and learn during this extraordinarily important part of their lives.

We have received a report as you know, we have reviewed the report as you know, we are taking action on the report -- as I hope that you would suspect that we are -- and we are here to provide you with some of the things that have been done. What we propose to do is to do this on a regular basis so that you are aware of the things that are going on in this regard within the University. I might add that we are doing more than the Undergraduate Experience, we are making major strides in the graduate areas and professional schools as well. But we want to focus on this extraordinarily important dimension of what we do here at Ohio State.

We have established a Student Advocacy Office to facilitate students who have concerns about navigating the University and I am pleased to say that seems to be working extremely well. We have spent a considerable amount of time at the outset looking at the transition that students have from whatever walk of life that they are in before coming to Ohio State -- whether as a recent graduate from high school or from a community college or employment -- and their entry into the University. This is a critical element of success at Ohio State and also in proceeding to a timely graduation from the institution. In this regard, we are starting this quarter with a pilot series of course clusters where students see one another in an educational format -- in a number of different courses -- the same students studying in the same courses. Another thing that we haven't done well in the past -- we are getting better at it, I think, but nevertheless we certainly have a long way to go -- is in assisting our transfer students into the University. We tend to focus on new first quarter freshmen, but a large proportion of our students who come here -- and I would imagine that that proportion may well increase -- come from other institutions. We need, we are, and we shall continue to provide our transfer students with greater attention than we have in the past, and David will elaborate on that somewhat.

One other point that I would like to make before David provides a more robust commentary, is that the President has just asked that I, through the Coordinating Council, see that the vice presidential areas that have a responsibility in the area of the Undergraduate Experience follow-up on the recommendations. This is to be given the consistent attention of all vice presidents who have responsibilities relevant in the Coordinating Council. David --

UPDATE ON THE COMMITTEE FOR THE UNDERGRADUATE EXPERIENCE (contd)

Professor David Williams:

Thank you. Just a few other things that I might add is that we have tried to take all of the recommendations that were listed in the CUE report and keep an updated score card as it relates to what has been implemented, what we are working on implementing, and what has not been implemented as of yet -- either because we are trying to find if that is the right thing to do or trying to identify the resources to do it. We want to come back to you and tell you some of the things that have been implemented so far and so we will consistently do that. So my role is just to tell you a few of them today.

The first one is one of the things that came out very strong in the CUE report is the whole thing of how we deal with new students -- from when they get accepted, to what we do in Orientation, to what we do during Welcome Week. We have expanded that. What we want to do is to look at when that first bit of interest is taken -- either by the student while in high school or when we have an interest in a student -- and what we do from that point to transition the student in until the end of the first year, because we don't want to stop at just when they start classes.

The Provost and I will be appointing, as of Monday morning, what we call the Transition-in Committee, that will look at all of that. They will look at what we do once that interest is shown, how we respond to the perspective student, how we respond to the parent, what we do at Orientation, what we do during Welcome Week, and how we keep in touch with the student and the student's progress for transferring in during that first year. This Committee will look at that whole process and come back to us in February with a report, so that we can start on the next year to try to do a better job.

Having said that, we think that with Welcome Week and Orientation we did a better job this year. We had a lot more activities. Some that you might want to be aware of are: for the first time we had what was called "Scarlet Fever," which was a party that took place the second or third day. It was in St. John and about 3,500 students were predominantly first-year students. We had a lot of give-a-ways, in fact we gave away dinner at the President's house for a whole floor in one of our dorms. He wasn't there when I gave that away, but nevertheless we gave it away and it went very well.

Also, the Office of Recreation and Intramurals are co-sponsoring what we call "All-nighters" at Larkins. We had our first "all-nighter" on that first Friday and this was in response to the students' desires that we have some alternative activities for them other than the High Street scene. We had an overwhelming crowd at Larkins that night.

Some other things. One of the big issues that the students talked about was safety and alcohol and drugs, and we have done a number of things in that area. One thing that actually took place last night was in response to what happened on 12th Avenue last weekend, and we want to move as quickly as we can on this. Ohio State, through Campus Partners, sponsored a forum held in the Law School auditorium where we brought together people who were involved on 12th Avenue. It was hard going in and even afterwards it was hard to figure out exactly who were the victims -- the students, non-students, or the police -- but we facilitated a dialogue between those individuals and the City police. It was very, very interesting and actually the auditorium was packed.

Also we have distributed alcohol fact sheets. It is very interesting when you talk to the Greek community now, because they have credited us with actually giving them information as it relates to how to actually throw a proper party. If you are going to have alcohol, this is what you have to do: you have to have doors closed, no underage drinkers in the houses, and all those sort of things. I'm real happy to say, as it relates to our Greek community, they have actually turned the corner. Actually,

UPDATE ON THE COMMITTEE FOR THE UNDERGRADUATE EXPERIENCE (contd)

Professor Williams: (contd)

to a large degree, our Greek community is one of the jewels that we have now.

Sororities have all passed rules that there be no alcohol in their houses. Saturday I was pleased to be on a program with a fraternity where we had a fire last year, and they are our first fraternity that has gone on record as being a substance-free house.

So they vowed, as of Saturday when they reopened their fraternity, that there would be no alcohol and no drugs in their house. So we are real pleased with that.

We have also hired a new wellness director, who basically will work in the area of wellness, but has an extensive background in alcohol and drug prevention education experience. This is a combining of at least three of our areas: Counseling and Consultation; Recreation and Intramurals; and the Student Health Center. We are trying to get the message out that wellness is just not one thing, it is a lot of things for the benefit of our students.

One of the things that I think the students here will clearly state is that one of the big problems they saw as it relates to the University was Traffic and Parking. We have a new Traffic and Parking director and she has expressed her overwhelming commitment to addressing the CUE recommendations. I am real proud to say that Traffic and Parking actually did a lot with regard to the entry of our students this year.

One of the things that was very impressive was in the midst of a rainy day, where the students had to actually register their cars, Traffic and Parking had tents out, they had music on, they had food out, and the attitude was totally different. So our hats go off to them.

Welcome Week was a lot better. As I said we had a lot more activities, but the key mark of that was the move-in. Our move-in is becoming internationally known. People are very pleased, and we had a lot of comments on how well it went. The President actually comes and goes around to the dorms. I think that he could elaborate on how well the parents perceived what we do as it relates to moving in our students. Everybody takes part in it. The real nice thing about this year is that every office that has something to do with freshmen coming into this University was out that Sunday in the Field House. So if you had a problem as a student -- financial aid, fees and deposits, or you wanted to register your bike -- there was somebody there in the Field House to help that day.

Student Trustee Tom Smith will be heading up a committee that he is putting together to actually look at the further review and implementation of a student fee. This is something that the students are very interested in so that we can move forward on some of our projects.

I think the last thing that I want to speak to is the whole issue of rewarding things that have gone right. CUE has been very, very forceful and Sherri Noxel -- Sherri, please stand up -- actually works as the GAA, a doctoral student, who basically keeps Dick and I on the right road to make sure that we are staying with this. Sherri was very, very instrumental in telling us that a lot of people have been doing the right things already, and a lot of people are changing over to do the right things. I am real pleased with what CUE has done. We will consistently come out with what we call, "Things done right" -- to publicly come out and say to departments and to people, "You're doing the right things for our customers -- the students."

Thank you, Mr. Provost and Mr. Chairman.

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste: (contd)

Thank you very much. This will be an ongoing report and as you can see, we have already taken a lot of action in terms of the recommendations of CUE.

I would like to call on Provost Sisson, once again, to present the agenda items for the Board's approval.

Provost Sisson:

Thank you, Mr. Celeste. I have six proposals to bring before you:

**THE OHIO STATE UNIVERSITY - MARION
BOARD APPOINTMENT**

Resolution No. 96-34

Synopsis: Approval of a nominee of a Board member to The Ohio State University-Marion Board is proposed.

WHEREAS the Board of Trustees on July 8, 1994, approved the establishment of The Ohio State University-Marion Board; and

WHEREAS it has been previously stipulated that "The Marion board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the University" (one member of the Marion board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named person has been nominated and selected for appointment to The Ohio State University-Marion Board to fill the unexpired term of James McGlamery:

David F. Bacon, term ending June 30, 1996

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominee be approved as a member of The Ohio State University-Marion Board, effective immediately.

**APPOINTMENTS TO THE ENGINEERING EXPERIMENT STATION
ADVISORY COUNCIL**

Resolution No. 96-35

WHEREAS the Engineering Experiment Station is under the control of the Board of Trustees of The Ohio State University; and

WHEREAS according to statute 3335.27 of the Administrative Code, there shall be an advisory council made up of the director of the Engineering Experiment Station and six members appointed by the Board, chosen from the faculty of the College of Engineering; and

WHEREAS this Engineering Experiment Station Advisory Council "shall select suitable subjects for investigation, apportion the available funds, and with the consent of the Board may provide for the dissemination of the results to the people of the state;"

NOW THEREFORE

**APPOINTMENTS TO THE ENGINEERING EXPERIMENT STATION
ADVISORY COUNCIL (contd)**

BE IT RESOLVED, That upon the recommendation of President E. Gordon Gee, pursuant to the request of Jose B. Cruz, Jr., Dean and Director, College of Engineering, Engineering Experiment Station, The Ohio State University Board of Trustees, acting in accordance with the requirements of the Ohio Revised Code Section 3335.27, hereby appoint the following individuals to serve on the Engineering Experiment Station Advisory Council:

Name	Title	Proposed Term
William A. Baeslack, III	Professor of Industrial, Welding & Systems Engineering & Associate Dean for Research & College Development	3 years (10/1/95 - 9/30/98)
Walter D. Burnside	Professor of Electrical Engineering & Director, ElectroScience Laboratory	3 years (10/1/95) - 9/30/98)
Liang-Shih Fan	Professor & Chairperson of Chemical Engineering	2 years (10/1/95 - 9/30/97)
Hamish L. Fraser	Professor & Ohio Eminent Scholar of Materials Science & Engineering	2 years (10/1/95 - 9/30/97)
Donald R. Houser	Professor of Mechanical Engineering & Director, Center of Automotive Research	1 year (10/1/95 - 9/30/96)
Don W. Miller	Professor of Mechanical Engineering & Chairperson, Nuclear Engineering Graduate Program	1 year (10/1/95 - 5/30/96)

NAMING OF BUILDING

Resolution No. 96-36

Synopsis : Naming of the new Equine Trauma, Intensive Care and Research Center, a new facility adjacent to the Veterinary Hospital on Vernon Tharp Street, on the Columbus campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the new Equine Trauma, Intensive Care and Research Center currently under construction be named "The Daniel M. Galbreath Equine Trauma, Intensive Care and Research Center" to reflect the many contributions of Mr. Galbreath to The Ohio State University, the College of Veterinary Medicine, the equine industry, and the community; and

WHEREAS Daniel M. Galbreath had been a committed leader and supporter of the University for many years as a member of The Ohio State University Foundation Board, the University Board of Trustees, the Fisher College of Business' Pace Setters Club, the University Hospitals Board, and the 1985-90 National Campaign Committee, for which he served as vice chairman; and

WHEREAS Mr. Galbreath's role as chair of the College of Veterinary Medicine's fund-raising campaign for the \$6.9 million equine center has brought significant distinction to the project through his dedication and long-time involvement with the College; and

NAMING OF BUILDING (contd)

WHEREAS he was a well-known, respected member of the equine industry, breeding winning thoroughbred racehorses at the Kentucky Derby, Belmont, and the English Derby, and providing guidance as a director of Churchill Downs and as a member of organizations such as Breeders Cup and Ohio Thoroughbred Breeders & Owners, as well as numerous conservation societies; and

WHEREAS both the University and the central Ohio community have benefitted from Daniel M. Galbreath's efforts as a liaison between the two, as well as a civic activist with leadership roles in the Columbus Rotary Club, The Columbus Foundation, and the Columbus Area Chamber of Commerce:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned Equine Trauma, Intensive Care and Research Center, adjacent to the Veterinary Hospital on Vernon Tharp Street, be named "The Daniel M. Galbreath Equine Trauma, Intensive Care and Research Center."

WAIVER

Resolution No. 96-37

Synopsis: Approval of a waiver for Donald Harris is proposed.

WHEREAS pursuant to the Board's acceptance of the Report of the Committee on Retirement and Insurance on February 6, 1959, and Resolution 77-92, "Principal Administrative Officials" of The Ohio State University are to be relieved of their administrative assignments at age 65; and

WHEREAS the University's proposed reappointment of Donald Harris as Dean of the College of the Arts would be restricted by the age 65 exclusion; and

WHEREAS the University wishes to continue the appointment of Donald Harris in this administrative post beyond his sixty-fifth birthday:

NOW THEREFORE

BE IT RESOLVED, That Resolution 77-92 and the provisions of the February 6, 1959, Report of the Committee on Retirement and Insurance be waived to allow for the continued reappointment of Donald Harris as Dean of the College of the Arts.

PERSONNEL ACTIONS

Resolution No. 96-38

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the August 30, 1995 meeting of the Board, including the following Change in Title, Concurrent Appointment, Appointments, Reappointment, Appointment of Chairpersons/Director, Reappointment of Administrative Official, Leave of Absence Without Salary, Emeritus Titles, and Correction to Emeritus Status, as detailed in the University Budget be approved.

PERSONNEL ACTIONS (contd)

Change in Title

Name: JAMES J. MAGER
Title: Assistant Vice President for Enrollment Management
Office: Academic Affairs
Term: October 1, 1995, through September 30, 2000
Salary: \$105,000.00
Present Position: Director, Office of Admissions and Student Financial Aid

Concurrent Appointment

Name: ERIC R. KUNZ
Titles: Assistant Vice President for Resource Planning and Assistant Provost for
Institutional Analysis
Offices: Finance and Academic Affairs
Effective: October 1, 1995
Salary: \$97,056.00
Present Position: Assistant Vice President for University Budget and Space Planning,
Office of Finance

Appointments

Name: WILLIAM L. BERRY
Title: Professor (The Richard M. Ross Chair in Management)
Department: Management Sciences
Term: October 1, 1995, through September 30, 2000
Salary: N/A

Name: DONNA A. CANIANO
Title: Associate Professor (The Harry C. and Mary Elizabeth Powelson
Professorship of Medicine)
Department: Surgery
Effective: October 1, 1995
Salary: N/A

Reappointment

Name: JACK A. BOULANT
Title: Professor (Fred A. Hitchcock Professorship in Environmental Physiology)
Department: Physiology
Term: July 1, 1995 through June 30, 1999
Salary: \$82,812.00

Appointment of Chairpersons/Director

September 1, 1995 through June 30, 1999

Human Nutrition and Food Management

Tammy M. Bray

October 1, 1995 through September 30, 1996

Educational Services and Research

Peter V. Paul *

October 1, 1995 through September 30, 1999

Center for Medieval and Renaissance Studies

Nicholas G. Howe

*Acting

PERSONNEL ACTIONS (contd)

Reappointment of Principal Administrative Official

DONALD HARRIS, Dean, College of the Arts, effective July 1, 1996, through June 30, 1997, pursuant to rule 3335-3-17 of the Administrative Code.

Leave of Absence Without Salary

ELIZABETH B. BERNHARDT-KAMIL, Professor, Department of Educational Studies: Humanities, Science, Technological, and Vocational, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to accept the position of Director of the Language Center at Stanford University.

Emeritus Titles

Professor Emeritus, effective July 1, 1995

CLYDE W. FRANKLIN II, Department of Sociology

Assistant Professor Emeritus, effective October 1, 1995

JOSEPH C. LOON, Department of Geodetic Science and Surveying

Correction to Emeritus Status

LARRY B. ANDERSON, Associate Professor Emeritus, Department of Chemistry, effective July 1, 1995, has now decided not to retire and Emeritus status is withdrawn.

RESOLUTIONS IN MEMORIAM

Resolution No. 96-39

Synopsis: Approval of three Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the families of the deceased.

Barbee William Durham

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 12, 1995, of Barbee W. Durham, Supervisor Emeritus in the Office of Business and Administration - Stores.

Mr. Durham graduated from The Ohio State University School of Pharmacy in 1934. He joined The Ohio State University Reagent Laboratory in 1937, and served the University for more than 44 years with a high sense of professional and unusual dedication.

Beyond the borders of the campus he promoted progress toward equal rights for all people. His conviction launched six decades of work in civil rights activities, beginning as a University student working to desegregate campus-area restaurants. He was a charter member of the Vanguard League, which successfully ended racial discrimination in Columbus theaters and restaurants. He was a Life member of NAACP; past president of the Columbus branch and part-time Executive Secretary of the branch from 1952-1967. He was a member of the Columbus Board of Education's Task Force on Racism; Mayor's Task Force on University Area Problems; Columbus Board of Education's 1976 "Committee on Criteria for Superintendent Selection;" and in 1983 he served as Columbus Council's PTA representative to the Ohio State Board of Education. Mr. Durham was active in developing the Columbus school desegregation case.

RESOLUTIONS IN MEMORIAM (contd)

Barbee William Durham (contd)

Mr. Durham was a member of several professional and honor societies, among them: Phi Rho Alpha, Rho Chi, Sigma Xi and Alpha Phi Alpha. He was the recipient of numerous awards, including The Ohio State University Distinguished Service Award (1980), the Alpha Kappa Alpha Sorority Human Service Award (1984) and The Columbus Education Association Martin Luther King, Jr. Humanitarian Award (1985).

On behalf of the University, the Board of Trustees expresses to the family of Mr. Durham its deep sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Daniel M. Galbreath

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 3, 1995, of Daniel M. Galbreath, former chairman and member of the Board of Trustees of The Ohio State University.

Born in Columbus, Ohio, Mr. Galbreath graduated from Amherst College in 1950 and earned his Master's Degree from The Ohio State University in 1952. He served as Chairman and Chief Operating Officer of The Galbreath Company, an international real estate development, management and leasing firm founded by his father, the late John W. Galbreath.

Daniel M. Galbreath was a member of the Board of Trustees of The Ohio State University from 1978 through 1987, serving as chairman in 1986-87. His support of and involvement with The Ohio State University extended well beyond his appointment as a Trustee. His dedication and commitment to Ohio State is further evidenced by his service as a member of the University's Foundation Board, the Hospitals Board, chairman of the 1985-90 National Campaign Committee, and chairman of the College of Veterinary Medicine's fundraising campaign.

An ardent sportsman, he served as president of the Pittsburgh Pirates, director of Churchill Downs, The Keeneland Association, and The National Football Foundation and Hall of Fame, and former chairman of the Player Relations Committee of Major League Baseball. He had a deep interest in conservation, locally and nationally, serving as chairman of the Wildlife Conservation Fund of America and trustee of The Wilds.

Well known for his involvement in the Columbus Community, Dan Galbreath's civic contributions included leadership roles in The Columbus Foundation, the Columbus Rotary Club, the Columbus Zoological Park Association, and the Columbus Area Chamber of Commerce. In recognition of his many contributions, he was awarded the Columbus Award in 1988, the Governor's Award in 1980, and The Ohio State University Distinguished Service Award in 1994.

In addition to his civic involvement, Dan Galbreath also served as director of the National Realty Committee, the Borden Chemicals and Plastics Partnership. He was a former director of Banc One Corporation, and former member of the Federal Research Board and The Chemical Bank National Advisory Board.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

RESOLUTIONS IN MEMORIAM (contd)

Joseph J. Kruzel

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 19, 1995, of Joseph J. Kruzel, Associate Professor in the Department of Political Science and the Mershon Center.

Dr. Kruzel was born on May 6, 1945 in Goldsboro, North Carolina. A distinguished graduate of the U.S. Air Force Academy Class of 1967, he served on active duty as an intelligence officer in Vietnam and as a briefing officer for the Joint Chiefs of Staff. He later served as a member of the U.S. Delegation to the Strategic Arms Limitation Talks (SALT 1). In recognition of his contributions to the SALT 1 negotiations, Dr. Kruzel was presented a Department of Defense distinguished service award.

Dr. Kruzel received his M.P.A. and Ph.D. from Harvard University. Further government service included assignments as special assistant to Secretary of Defense Harold Brown, and legislative assistant for defense and foreign policy for Senator Edward M. Kennedy.

Following faculty service at Duke University, Dr. Kruzel joined the faculty of The Ohio State University in 1983 as an associate professor in the Department of Political Science and the Mershon Center. He was an outstanding teacher in the Department of Political Science and a recipient of an Arts and Sciences Outstanding Teaching Award. Among his numerous publications on defense policy and arms control was the Mershon Center's American Defense Annual, a critically acclaimed yearly review and assessment of the major issues in U.S. security policy which he served as founding editor. He also served as director of the Mershon Program on International Security and Military Affairs.

In 1993 Dr. Kruzel took a leave of absence from Ohio State to serve in Washington as Deputy Assistant Secretary of Defense for European and NATO Policy. In this position, he served as the Secretary of Defense's chief advisor and policy maker with regard to NATO and Eastern Europe. He received the Medal for Distinguished Public Service for his work in creating the Partnership for Peace program which has brought the former Warsaw Pact nations into close harmony with NATO. As the crisis in Bosnia deepened, Dr. Kruzel's expertise and diplomacy saw him become the chief Department of Defense negotiator on the U.S. team striving to end that Balkan conflict. Warmly regarded and respected by all parties to the conflict, he saw it as his duty to bring about a peaceful resolution of the war without widening the violence and involving U.S. troops. Dr. Kruzel was discharging this duty and commitment to peace at the time of his tragic death in Bosnia. His posthumous honors include a second Medal for Distinguished Public Service, the Presidential Citizen's Medal, and the French Legion of Honor.

On behalf of the University, the Board of Trustees expresses to the family of Professor Kruzel its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

Ambassador Wolf:

I suggest we stand for a moment in memory of those folks who we just passed Resolutions in Memoriam for.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

I would like to call on Dr. Hayes to make the Research Foundation report.

REPORT ON RESEARCH FOUNDATION (contd)

Dr. Hayes:

A copy of the Report of the August 1995 Grants and Contracts of The Ohio State University Research Foundation was previously distributed to each of the members of the Board.

Expenditures from external sources are under Tab 1, and are below last year by 12.0 percent for a total of \$31.2 million through August 31, 1995. Some of the decrease is due to current year handling of the Department of Labor expenditures. Normally, the Research Foundation would have funded over \$3 million in subcontracts at other institutions in July and August. Due to changes in the Department of Labor payment schedules, these expenditures have not been made at this point.

When expenditures are corrected for this anomaly in subcontracts, the rate for Fiscal Year 1996 is still approximately 5.5 percent below last year at this time. This slower than anticipated expenditure rate appears to be due to two factors: 1) slower than anticipated start-up of some major projects; and 2) a natural conservatism as faculty anticipate further cuts in federal funding.

Awards for the year are in excess of \$23 million or 13.5 percent below the July to August time period last year. A summary of the award totals is given in the second section of this report.

At Tab 3, four projects are highlighted. These projects cover a broad range of scholarly research, from controlling brown tree snakes, development of visualization tools for die casting, diagnostic tests for cancer, to feasibility studies for obtaining more and better traffic control using satellite data. Tab 4 is a complete list of new awards received in August of this year and Tab 5 provides summary tables and pie charts for Fiscal Year 1995.

I would like to bring to your attention the additional materials that you received at today's meeting: 1) a copy of our annual report, 1995 Research at The Ohio State University; and 2) a pocket card summarizing Fiscal Year 1995 research data. I just call your attention to the fact that the total for 1995 is \$213.5 million in total external support. Another feature on the backside of this pocket card is that approximately 1,400 undergraduates were supported last year by external contracts and grants.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-40

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for August 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of August 1995 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

Good morning, everyone. Yesterday, the Student Affairs Committee met and discussed a presentation from Dean Nancy Zimpher and Dr. Mike Casto, both of whom are heading up the Campus Collaborative for Educational Excellence. This initiative forms the Human Services Area of Campus Partners.

Dean Zimpher and Dr. Casto presented five general areas in which the Collaborative is attempting to provide a unique approach to the social and human problems of the University district: strengthening faculty participation, increasing the quality of student life in the area, enhancing public schools, increasing health and well-being, and strengthening the economic environment. Examples of these efforts include: developing an Off-Campus Student Services Center; creating a Business Incubator Program; and extending outreach programs across High Street in an effort to build linkages with the area's residents.

This Collaborative is composed of over 25 campus and community organizations and is maintaining funding from various University and private sources. It truly represents a vital effort of the Campus Partner's initiative and we can expect to hear many good things from them in the future.

The Committee also heard a report from Student Trustee Holly Smith on the progress of revising the Student Trustee selection process. The revisions to this process will be presented to the full Board at next month's meeting. Among the changes the Board can expect to consider is a streamlining of the process from two evaluation committees to one.

As David mentioned earlier, we will convene a committee later this month which will explore issues regarding the creation and implementation of a student activity fee as part of the University's revision and clarifications of the General Fee. We are eager to get started so that we can once and for all resolve the issues surrounding and ultimately create such a student fee.

Now I would like to call on Sean Ruffin, President of the Interprofessional Council, who will give the report on behalf of the student governments. The total reports are noted beyond the Student Affairs tab in your folders. Sean --

Mr. Sean Ruffin:

Thank you, Mr. Smith. Good morning. The Interprofessional Council had an opportunity to participate in the orientations of the Colleges of Veterinary Medicine, Optometry, and Dentistry, and we think that this opportunity had a great impact on our increased interest in participation of the students at our first meeting. At our first meeting we filled all of our appointment positions to the University Senate, as well as confirmed our operating for the academic year.

One of our main agenda items for this semester will be establishing and strengthening ties with the outside community outside of the University, and consequently, we're in the process of coordinating a mentoring program with Columbus City Schools -- middle school students -- and we are really excited about that.

Finally IPC, CGS, and USG coordinated a joint committee orientation to apprise and acclimate our committee members to University governance. It was well attended and we think that was a great success.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Ruffin: (contd)

USG has been working on a number of projects during that past month. The start-up of the student run radio has been the main priority of USG during the past months and it is still at the forefront of their agenda. The equipment for the station has been ordered and is currently en route to Columbus. The studio room has been secured and will be located in the basement of the Ohio Union, and UNITS' technicians have already installed the signal lines for the studio. The staff has largely been selected and is enthusiastic about its start-up. USG is working as hard as it can to get the radio up and running as soon as possible.

USG has also been diligently working on a published teacher evaluation manual. Carolyn Hopkins, the Academic Excellence Director for USG, has been researching evaluation projects around the Big Ten and within the now famous, Shkurti or Sisson Sixteen. Carolyn is also working with the University Registrar's Office on this project.

It is hoped a final proposal will be submitted in a matter of weeks to the Office of Academic Affairs. The proposal will advocate, of course, the teacher evaluation project which not only will provide useful statistics to students, but celebrate teaching as well. The ultimate goal is to improve the quality of education for students.

In addition to these projects, USG is currently signing up incoming students for the First Year Intern and Living Gift Programs. The First Year Intern Program provides incoming students the chance to get involved with USG through working with current members of the organization. The Living Gift Program is a Community Service Program which asks students to give some of their time to the University community through volunteer work.

USG will also seek to improve academic advising, campus safety, and time to graduate during the coming year as they work on the implementation of the Committee on the Undergraduate Experience Report.

The Council of Graduate Students is pleased to report that they have had a very productive start to the new academic year. One of their flagship events, the Orientation for Incoming Graduate Students, was a huge success. It attracted between 600 and 700 new students who attended this half-day program and the response was very positive. CGS would like to thank the members of the Board of Trustees who participated, specifically President Gee and Trustees Celeste and Holly Smith.

At their September Council Meeting, CGS approved a set of priorities for '95-'96. Their intent is to make this list more of a working set of activities for the Council than perhaps they have been in the past. These priorities are as follows: Graduate School Restructuring; representation and participation; tuition, fees and financial support; child care; health care; diversity; and the Graduate School experience. While all of these issues are important, the report to the Provost regarding the restructuring of the Graduate School is perhaps the most timely and has received the most attention with graduate students.

Finally, CGS is pleased to report that we are in the initial stages of coordinating a Homecoming Tailgate Party for advanced degree students with the Interprofessional Council and Jones Graduate Tower. This will be in celebration of Homecoming and the 125th Anniversary of the University.

Thank you, Mr. Smith, and that concludes my report.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith:

Thank you very much, Sean. That was a great report.

Beginning today, the Student Affairs Report will also include a brief presentation from one area of Student Affairs and I would now like to call on David Williams who will introduce today's presenter. David --

Professor David Williams:

Thank you, Mr. Smith. As I mentioned at the last Board meeting, we welcome the opportunity to give you some information about some of the things we do in Student Affairs vis-a-vis the quality of life for students outside of the class. Today we are going to hear from our Director of Recreation and Intramurals, Mr. Mike Dunn. Mike actually has the distinction of being the first person I was able to hire when I moved to Student Affairs and he is still here and doing a great job, I might add. Mike --

Mr. Mike Dunn:

Thank you, David, and thank you, Mr. Smith and the Board. I'm really happy to be here; in fact, today celebrates my 18th month and 15th day at Ohio State University. I keep teasing the staff, but the honeymoon period doesn't appear to be over with yet. We're still getting just a great amount of cooperation from people in this room and people throughout the University and from our staff.

I am told that I'm actually the third full-time director that Ohio State has ever had in the Recreation and Intramural Sports Program. The person who I succeeded, Fred Beekman, actually had worked for the University for 47 years, and even in his retirement -- emeritus status -- continues to work for the University. So this is a real exciting opportunity for me. I am originally a Big Ten graduate from Purdue University and I know we're going to beat Purdue in another Homecoming game this year.

The tradition that this program has in Recreation and Intramurals at Ohio State is really a great one. Ohio State was the first campus in the country to recognize the importance of intramural and recreational sports on any college campus. We formed the first department in 1913 and four months after that, the University of Michigan followed suit -- as they often do, I guess, with following Ohio State -- and then several other Big Ten campuses and then campuses across the country.

The program that I inherited is one that is therefore steeped in a lot of tradition. It is also one that, in terms of tradition, has had a very long tradition of providing excellent intramural programs for students from throughout the University campus over the years.

Upon my arrival, one of the first things that we did was identify with the need for looking at new directions to move in. One of the things that I have left at your places is our new mission/vision and value statement. It is a corporate model. We've not just identified with the mission and vision, but also with the nine different areas that we value which include: customer satisfaction, tradition, awareness, mutual respect, development, innovation, diversity, partnership, and community support.

We spent in the neighborhood of about 6-7 months, as a staff, developing this. We had tremendous assistance. This past year we used a CQI process and worked closely with Jane Fraser, Linda Tom, and Hal Brown throughout this entire process. So it has been a real exciting opportunity for us to learn what CQI was all about at the same time.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Dunn: (contd)

There are other things that we have attempted to do this year that I want to share with you -- David has mentioned a couple. I think we really recognize the role that we play as an alternative to some of the other options that students have for recreation, particularly the High Street area.

David has mentioned the all-nighter and we actually had our first all-nighter this past January. We say all-nighter, but that is a little bit of a misnomer -- it goes from 10:00 p.m. to 2:00 a.m. At our first one in January, we had well over 2,000 students that attended and participated. We actually had to open spaces that we didn't anticipate having to open in the facility.

Dr. Gee:

Mike, let me just say for me that is all night, let me assure you.

Mr. Dunn:

Thank you, President Gee. I think one of the most telling moments that we had was at the end of the evening when two students that had hung out from 10:00 p.m. right until we closed at 2:00 a.m. at the Kaoroke area, came up to several of our staff -- and I was included -- and said, "We'd really like to thank you. You gave us something else to do besides go to the bars this evening." I think that was the consensus among many of the students that were there that evening. We gave them some options that they may not have had previously.

This year we were fortunate enough to be funded for an additional six all-nighters, plus we are going to continue with the tradition we started in the spring which is to have a Sunday night all-nighter as we start each finals week for students who choose to stay up all night anyway. We will offer students study opportunities, as well as the opportunity to take a swim, shoot baskets, play racquet ball, and lift weights between their studying and when they want to go back to studying again. So that will be a program that will continue this year.

We also worked with several of the High Street vendors -- specifically with McDonald's, Campus Expressions, Grade A Notes, and Donatos Pizza -- and in each of our three facilities, we developed a comments board. It's a High Street Partner's Comment Board for all of our participants to be able to respond back to us with what their needs are. We basically promised 48-hours turnaround on anything that is put in the comment boxes across campus. We don't always give people the answer they'd like, but we explain why we do some of the things that we do.

We've taken our aerobics program which is nationally known -- it was a program that had been offered just in Larkins Hall -- and have expanded it across campus and off-campus. This year we will be offering aerobics at University Hospitals, the Jewish Community Center, and the Ohio Union as we did this past winter. Also we are looking to offer sand volleyball and aerobics in the East of High Street area.

We have worked closely with the Admissions Office recognizing that Larkins Hall and our facilities are places that perspective students will want to visit to see what kind of recreational sport opportunities are available for the students. We work closely with them to identify with new passes and things of that nature so that when guests visit campus, they have free access to our facilities.

We did a take-off on Dr. Gee's "High on Pride" clean-up days. We actually closed Larkins Hall -- which I'm told had never been done before -- from our normal 6:00 a.m. to 5:00 p.m., back in December and we invited all of our participants to come in

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Dunn: (contd)

and help us with the clean-up of Larkins Hall. We had over 150 participants -- students, faculty, and staff -- that came in and many spent the entire day with us. At 5:00 p.m. we opened back up for our regular hours to a number of real positive comments about the experience. I think this also allowed for some new ownership of that facility and all our facilities.

We have worked with the Prior Health Sciences Library project providing a facility on South Campus with our Jesse Owens Center-South. We feel it has been a great exchange. We gave up some indoor space that we'd like to have for this next year and a half, but in exchange for that we will actually have -- when it is returned to us -- an air conditioned Jesse Owens Center with a new roof, a new handicapped accessible area, and new lighting that is three times greater than the lighting that we gave up. At the same time, this project has allowed us the opportunity to add some other outdoor recreation areas on the South Campus specifically: in-line skating, basketball, noose, and volleyball courts. The list goes on and on.

I think one of our best accomplishments on campus is that we have well over 500 student employees that work for us in a variety of capacities. Often times I think that people don't realize that the students who work for us come from virtually every major area of the campus and are participants the same way. We have several thousand participants a day in our facilities, and we are also one of the areas on campus where there is no distinction made between students, faculty, and staff. So our areas are areas where faculty, staff, and students can work together and actually participate together. Our 74 student clubs all involve faculty and staff as advisors, as well as participants in the clubs.

We are not without our challenges and I need to mention a couple of those. Paula Compton, the Associate Director for Admissions, calls our programs, "the actual programs that fit inside the envelope," the envelope meaning the facilities that we have. We have been real appreciative of the Board's support, as well as the support from the vice presidents and numerous other offices around campus for the relocation project of our outdoor recreation fields from King Avenue out to West Campus. We think that will be a really great alternative for students when that is fully developed.

At the same time, our indoor facilities have some real special needs. They could best be described as being aging. The Jesse Owens Centers were built in the early '70's and were meant to stand for 20 years. They have actually reached the 20-year mark, and we are doing a great deal of work on them now on almost a daily basis.

The Larkins Hall facility was the original facility that opened in 1931, was added to in 1977, and in five to ten years after that, the whole industry of recreational sports on college campuses changed. For those of you who have visited campuses like Miami of Ohio, Ohio University, Toledo, Bowling Green, or Indiana University, the student recreational facilities there are really very attractive facilities that allow for students to say, "I want to be there, this is the choice for how I would like to spend my time outside of the classroom and away from a study environment."

We are also saddled with -- and this is both a positive and negative responsibility -- currently 44 percent of our indoor facility time is shared with Athletics and Physical Education, often times during prime time, as well as non-prime times. We both need to find ways to be better landlords to intercollegiate athletics with the 13 teams that practice and participate at our facilities, but we also need to find ways to create new spaces for our students.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Dunn: (contd)

The last thing that I would mention, and then I would entertain any questions that you might have, is that recreation and intramural sports plays a tremendous role on college campuses, and Ohio State is certainly one where we play a role in the whole area of recruitment and retention of students. The one study that I always like to refer to when I talk about recruitment/retention of students, is the ten-year longitudinal study that was completed about a half a dozen years ago at Bowling Green. They identified with the students that graduated from that campus over a 10-year period. They found that students that made use of their recreational facilities three or more times a week for an hour or more a day, the persistence rate of those students for graduation was 74 percent, versus the campus-wide average of 43 percent. They also found that the 643 students that worked in recreation and intramurals at that time persisted and graduated at a rate of 91 percent.

I think we in recreation and intramural sports have a real opportunity to make a difference on the Ohio State campus. I would like to tell you that we pledge ourselves to doing that to the best of our ability. I apologize if I have gone over. Are there any questions?

President Gee:

Mike, in terms of the issue of being a landlord for intercollegiate athletics, obviously, one of our major hopes with the new arena is that the use of St. John and that new arena will alleviate a large amount of space that can then be returned to the intramural programs and students on a regular basis. I assume that you are planning with Athletics to make sure that that happens?

Mr. Dunn:

That is correct, as much as is possible with that facility.

Mr. Smith:

Thank you very much, Michael.

Mr. Dunn:

Thank you. I will leave some extra forms for anybody that might like to see our mission/vision statements.

Mr. Smith:

Last and certainly not least, the Student Affairs Committee announced in July that each month they would recognize a student for providing outstanding service and spirit to Ohio State. Holly Smith is coordinating the selection of those honorees and I would now like to call on her to present the very first Student Recognition Award. Holly --

Ms. Smith:

Thank you. As Tom has explained, each month the Student Affairs Committee of the Board of Trustees will recognize one Ohio State student who has exemplified either outstanding service to fellow students or outstanding service to the community. The Student Affairs Committee is committed to recognizing those students who promote understanding, diversity, or mutual respect throughout the University or the community.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith: (contd)

I am very honored to recognize Tamara Renee Carter as the first recipient of the Student Recognition Award. Tamara is a fifth-year student at Ohio State majoring in communications who hopes to find a career in crisis management. Tamara has been employed in Residence and Dining Halls for several years. She was an office assistant in Bradley/Patterson, a resident advisor in Barrett House, and currently she works as a student assistant in the Office of Resident Life.

Recently Tamara has exemplified outstanding service to the University community by tirelessly assisting incoming students moving into the dormitories. Tamara worked to coordinate the OWLS Program, which is the Orientation Welcome Leader Program, for the Residence Halls opening. Just for your information, OWLS are students who volunteer to return to campus early to assist other students to move into the Residence Halls. During the Residence Halls opening, Tamara was assigned to manage hot spots, which were high stress points for students and parents.

Tamara's service to students has not been just with the Residence Halls. She has been involved with the University Mentoring Program as a peer mentor. Tamara has also volunteered with the minority scholars program, calling perspective students to provide them with information and encourage their attendance at Ohio State. Thus, Tamara is certainly a student who exemplifies outstanding service to this University.

Tamara, the Board would like to commend you for your service to fellow students by presenting you with the first Student Recognition Award.

Mr. Smith:

Congratulations, Tamara. Thank you, Holly. As you can see, we have been a very active Committee and are going to continue to be in the future. That concludes my report, Mr. Ambassador.

Ambassador Wolf:

Thanks very much, Tom. That was a wonderful report and those were marvelous presentations.

(See Appendix X for the Student Recognition Award, page 331.)

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mr. Patterson:

September 19-21, 1995, the 1995 Farm Science Review was held at the Molly Caren Agricultural Center near London. On Tuesday, Ted Celeste and I attended the Vice President's luncheon and heard Gordon speak, and Marion Berry, the Presidential Assistant to the Secretary of the USDA, discussed the upcoming Farm Bill. Over 400 leaders from across the state attended the luncheon, where Bob Eby of OARDC and Dave Miskell of Ohio State University Extension were inducted into the Farm Science Review Hall of Fame. The weather was great on Tuesday and brought out 48,860 people, and over the three-day period 126,720 people visited the Farm Science Review.

AGRICULTURAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Patterson: (contd)

The development of the vision and mission statement for Project Reinvent, the Kellogg Project, is complete. Six major strategy areas that align with this statement have been identified to provide the Foundation for action planning and implementation over the next several years. These six areas are: 1) to focus the programmatic efforts of the College to reach greater levels of excellence; 2) to build structures within the College that allow for the kind of flexibility needed to meet future demands; 3) to modify current systems of reward to support the vision and mission; 4) to create a comprehensive communication and marketing system that will increase common understanding of the direction and efforts of the College; 5) to develop a strong network of partnerships among units within the College; and 6) to build systems that will increase the College's capacity for timely response to constituent needs.

The final report for Phase I of Project Reinvent and the proposal for Phase II funding will be submitted to the Kellogg Foundation in December. A site visit by Foundation representatives is being planned for January. Pending approval from Kellogg, Phase II should begin in late winter or early spring.

--0--

FISCAL AFFAIRS COMMITTEE MEETING

Mr. Shumate:

This morning during our Committee meeting, Vice Presidents Bill Shkurti and Jerry May presented a report on the Development and Endowment Activities, and Dr. Ed Ray discussed the internal reorganization of support units in Academic Affairs and Finance to provide for institutional analysis.

I would also like to present the following resolutions for approval:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND REQUEST FOR
CONSTRUCTION BIDS AND REPORT OF AWARD OF CONTRACTS
AND ESTABLISHMENT OF CONTINGENCY FUNDS**

Resolution No. 96-41

POSTLE HALL - CLINIC RENOVATION;
HEALTH SCIENCE LIBRARY RENOVATION; AND
HOWLETT HALL GREENHOUSE IMPROVEMENTS

Synopsis: Authorization to employ architectural/engineering firms and request construction bids for the Postle Hall - Clinic Renovation and acceptance of the report of award of contracts for the Health Science Library Renovation and the Howlett Hall Greenhouse Improvements projects are proposed.

WHEREAS the College of Dentistry desires to reconfigure approximately 4,000 square feet of existing clinical space on the first floor of Postle Hall to support the activities of Pediatric Dentistry, Orthodontics, and Graduate Orthodontics; and

WHEREAS the total estimated project cost is \$350,000 and the total estimated construction cost is \$280,000, with funding provided by the College of Dentistry; and

WHEREAS a resolution adopted by the Board of Trustees on April 2, 1993 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to recommend the award of contracts for the Health Science Library Renovations project:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND REQUEST FOR
CONSTRUCTION BIDS AND REPORT OF AWARD OF CONTRACTS
AND ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

POSTLE HALL - CLINIC RENOVATION;
HEALTH SCIENCE LIBRARY RENOVATION; AND
HOWLETT HALL GREENHOUSE IMPROVEMENTS (contd)

Health Science Library Renovations

This project will renovate the existing library including removal of the Randtriever, install another floor in the two-story area, relocate the circulation desk, and enclose the first floor. This project is being accomplished in two phases: first, a renovation of the Jesse Owens Recreation Center South to temporary house the Health Science Library during the renovation of Prior Health Science Library, and second, the renovation of the Prior Health Science Library facility. The total project cost is \$8,527,000; funding is provided from House Bill 904 (\$1,885,000), House Bill 790 (\$6,168,000), House Bill 715 (\$24,000), central University funds (\$150,000), Academy of Medicine grant (\$300,000).

The estimated completion date for Phase I is August 1995 and Phase II is September 1996. The contracts awarded are as follows:

General Contract (Phase I):	Williamson Builders, Plain City, Ohio
Amount:	\$197,200
Estimate:	\$265,000
Mechanical Contract (Phase I):	J. A. Guy Inc., Dublin, Ohio
Amount:	\$106,900
Estimate:	\$183,000
Electric Contract (Phase I):	Fetter Electrical Contractors, Newark, Ohio
Amount:	\$75,650
Estimate:	\$95,000
General Contract (Phase II):	Newberg International Corp., Cleves, Ohio
Amount:	\$2,780,500 *
Estimate:	\$4,107,080 *
Plumbing Contract (Phase II):	Radico, Inc., Columbus, Ohio
Amount:	\$197,900 *
Estimate:	\$200,700 *
HVAC Contract (Phase II):	Farber Corp., Columbus, Ohio
Amount:	\$810,000 *
Estimate:	\$996,800 *

* Recommended alternates included in these totals.

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND REQUEST FOR
CONSTRUCTION BIDS AND REPORT OF AWARD OF CONTRACTS
AND ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

POSTLE HALL - CLINIC RENOVATION;
HEALTH SCIENCE LIBRARY RENOVATION; AND
HOWLETT HALL GREENHOUSE IMPROVEMENTS (contd)

Health Science Library Renovations (contd)

Electric Contract (Phase II):	Eastmoor Electrical Contractors, Columbus, Ohio
Amount:	\$820,570 *
Estimate:	\$864,600 *
Total All Contracts:	\$4,988,720 *
Moveable Equipment/Furniture:	\$1,297,200
Asbestos Abatement:	\$150,000
Completion of Fifth Floor:	\$640,450
Contingency Allowance:	\$538,669 (10.8% of construction cost)
Total Project Cost:	\$8,527,000

* Recommended alternates included in these totals.

WHEREAS a resolution adopted by the Board of Trustees on August 30, 1995 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to recommend the award of contracts for the Howlett Hall Greenhouse Improvements project:

Howlett Hall Greenhouse Improvements

This project will renovate the existing greenhouse, polyhouse, and headhouse facilities with provisions for new pesticide storage area, floors, cooling upgrade, electrical, water and computer upgrade to each compartment. The total project cost is \$1,219,000; funding is provided by House Bill 904 (\$450,000), House Bill 790 (\$650,000), and Department of Horticulture (\$119,000). The completion date is February 1996. The contracts awarded are as follows:

General Contract:	M & P Construction Co., Blacklick, Ohio
Amount:	\$840,700 * +
Estimate:	\$833,746 * +
Plumbing Contract:	J. A. Croson Co., Columbus, Ohio
Amount:	\$97,000 * +
Estimate:	\$87,316 * +

* Recommended alternates included in these totals.

+ The General and Plumbing Contracts are in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND REQUEST FOR
CONSTRUCTION BIDS AND REPORT OF AWARD OF CONTRACTS
AND ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

POSTLE HALL - CLINIC RENOVATION;
HEALTH SCIENCE LIBRARY RENOVATION; AND
HOWLETT HALL GREENHOUSE IMPROVEMENTS (contd)

Howlett Hall Greenhouse Improvements (contd)

HVAC Contract:	Farber Corp., Columbus, Ohio
Amount:	\$52,200 *
Estimate:	\$54,600 *
Electric Contract:	Fetter Electrical Contractors, Newark, Ohio
Amount:	\$61,510 *
Estimate:	\$63,171 *
Total All Contracts:	\$1,051,410 *
Contingency Allowance:	\$60,397 (5.7% of construction cost)
Total Project Cost:	\$1,219,000

* Recommended alternates included in these totals.

+ The General and Plumbing Contracts are in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Postle Hall - Clinic and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on the Postle Hall - Clinic Renovation in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by this Board, the report of award of contracts and establishment of contingency funds for the Health Science Library Improvements and Howlett Hall Greenhouse Renovations projects is hereby accepted.

(See Appendix XI for maps, page 333.)

Ms. Pichette:

I am very pleased to bring the following resolution to you this morning. This will formerly approve the two-year process on revising the University's Master Plan, which was adopted in 1962. This new plan will take us into the 21st century.

We have reviewed the progress towards this new plan with the Board at various Board committee meetings during the last year and, as you recall, held a working

Ms. Pichette: (contd)

committee of the whole meeting in late August. In your book is a summary of the issues from those meetings that address the various points. Also, as a result of that and other sessions we have strengthened the Master Plan that you are approving today.

I want to let you know that there are no significant changes to any policies, principles, or procedures, but what we have done is strengthen the report as to clarity and added some principles where they would specifically call out certain issues. For example, we met with the Knowlton School of Architecture people and chapter four now has greater clarity. One of the principles now stands on its own, as opposed to being nested as a safety principle. Also, we have emphasized the focus on Lane Avenue. Another emphasis has been made on the East of High and where we interact with the community.

The plan is a dynamic framework for decision-making. We look forward to bringing to you the next level, which are the district plans. The district plans will include such areas as the Research Park. We hope to start presenting some of these to the Board as early as November and through the coming months.

I would like to recognize the impact group: Paul Young, Jill Morelli, Jean Hansford, Eric Kunz, Alayne Parson, and Jim Stevens. They have worked countless hours on bringing this to you and also we have had the benefit of our consultants, Sasaki Associates/Michael Dennis Associates, and Moody/ Nolan. I would be happy to answer any questions.

Mr. Shumate:

Are there any questions?

Mr. Patterson:

Alex, I don't know whether this is the right time for it, but it is not part of the motion that will be before us. There were a couple of places in the policies that were enumerated in the Master Plan where we were delegating authority to the University Facilities Committee. Mr. Chairman, we may want to give some thought -- since we are delegating authority for approving different things to them -- to perhaps annually reporting back to your Committee, or to the full Board, any of the actions that they take in regard to that Master Plan during the course of the year.

President Gee:

I would incorporate that as a friendly amendment.

Mr. Patterson:

Alright.

Mr. Shumate:

Excellent suggestion. Any other suggestions? That will be incorporated in our motion for approval.

Mr. Brennan:

Am I to understand that the amendment suggested by Jim will be incorporated in that resolution?

October 6, 1995 meeting, Board of Trustees

Mr. Shumate:

Yes.

UNIVERSITY MASTER PLAN

Resolution No. 96-42

Synopsis: Adoption of the University Master Plan is proposed.

WHEREAS The Ohio State University Comprehensive Master Plan was adopted by the Board of Trustees on February 16, 1962, and subsequently amended from time to time during the 1960s and 1970s; and

WHEREAS the current Master Plan needs to be updated and revised to support the academic purposes and priorities of the University as it approaches the 21st century; and

WHEREAS the Board of Trustees recognizes the campus and its facilities as a valuable resource for accomplishing the University's mission and enhancing the quality of life for its students, faculty, staff, and visitors; and

WHEREAS the Board recognizes an obligation to support and lead collective efforts to improve the quality of life in the neighborhoods adjacent to the University's campuses; and

WHEREAS the current master planning effort has been led and coordinated by the University's Interim Master Planning Advisory Committee, and the University hired Sasaki and Associates with subcontracts to Michael Dennis and Associates and Moody/Nolan, LTD., to provide planning services in the development of a new Master Plan; and

WHEREAS this effort has been reviewed by the Board's Planning Committee on November 1, 1994, and by the Board of Trustees at their July 7, 1995 meeting and at a special working briefing on August 29; and

WHEREAS Volume I ("University Context") of the proposed Campus Master Plan describes the history, background principles, and the physical and institutional setting for the Plan and describes the proposed decision-making process for Columbus Campus projects and improvements for which the Master Plan is intended to be an essential resource document; and

WHEREAS Volume II ("Long Range Concept Plan") provides for a broad framework to guide the physical development of the Columbus Campus over the next 30 or more years and frames a vision of what the Columbus Campus should look like beyond 30 years to ensure that physical development decisions contribute to a clear, long-range concept for a unified, efficient, and attractive campus well beyond 2025, and this vision includes the conservation of open spaces and land resources, a strategy for unifying and integrating future campus development, a commitment to strong design principles, and strengthened linkages with the University's neighbors; and

WHEREAS the appropriate University offices have reviewed the proposed Campus Master Plan and recommend its adoption:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby adopts the proposed Columbus Campus Master Plan consisting of Volume I ("University Context") and Volume II ("Long Range Concept Plan") and directs the appropriate University offices under the leadership of the Office of Business and Administration and the Office of Finance to proceed, consistent with established University decision-making procedures, with implementation of the processes and additional planning activities provided for in the Plan and that the University shall report annually to this Board, through the Fiscal Affairs Committee, decisions made with respect to matters for which authority is delegated in accordance with this Master Plan as adopted.

UNIVERSITY MASTER PLAN (contd)

(See Appendix XII for Master Plan Summary of Issues, page 337.)

DISPOSITION OF PATIENT SATISFACTION MEASUREMENT SYSTEM

Resolution No. 96-43

WHEREAS the University, through the combined efforts and expertise of faculty, employees and students associated with Health Services Management and Policy, School of Public Health, and University Medical Center, using University financial and administrative support, has developed, tested, copyrighted and now markets Patient Satisfaction Measurement System (PSMS), which measures and evaluates health care patient satisfaction and medical provider satisfaction; and

WHEREAS Stephen Strasser, an Associate Professor of Health Services Management and Policy, has played a major role in the design, development and marketing of PSMS, and continues to be a key element in the evolution of PSMS; and

WHEREAS, Associate Professor Strasser desires to grow and expand PSMS as a private enterprise, and to this end has, independent of the University, organized Healthcare Research Systems, LLC. (HRS), a limited liability company under Ohio law; and

WHEREAS, the Board finds that the best interests of the University and the citizens of the State of Ohio will be served by the University selling PSMS to HRS for its present fair market value, enhanced by a share in the profits, if any, realized by HRS upon a subsequent sale of HRS or the assets thereof to a third party:

NOW THEREFORE

BE IT RESOLVED, That in accordance with Sections IV and V of the Policy on Patents and Copyrights and Revised Code Section 3345.14, the Vice President for Health Sciences, with the concurrence of the Vice President for Research, is authorized to sell and transfer to HRS all of the University's ownership interest in the intellectual property, personal property, contracts, and all other assets and contractual obligations of PSMS, under contract terms that recognize the fair market value of PSMS as it currently exists within the University, and such other terms as the Vice President for Health Sciences shall find in the best interests of the University.

Upon motion of Mr. Shumate, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

Ambassador Wolf:

Before we adjourn, I would like to call on President Gee for some last minute observations.

President Gee:

Thank you very much, Mr. Chairman. The observation will be precise and that being that as you are aware we have accepted the opportunity to host the President of the United States, the Vice President of the United States, a number of Cabinet officers, and approximately 250 chief executive officers for a Regional Economic Summit on October 20, 1995.

We look forward to hosting the President. I was asked by several of our news folks why we were chosen and I think the reason is simple, to note: Ohio is an extremely strong state economically and is doing very well; Columbus is a very progressive

October 6, 1995 meeting, Board of Trustees

city;
President Gee: (contd)

and this University is uniquely positioned in that regard. So we welcome the President and look forward to that day. The students and others at this University will have a great opportunity to visit with him. Thank you very much, Mr. Chairman.

--0--

Thereupon the Board adjourned to meet Friday, November 3, 1995, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Robert M. Duncan
Secretary

Milton A. Wolf, Ph.D.
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND SEVENTEENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, November 3, 1995

The Board of Trustees met at its regular monthly meeting on Friday, November 3, 1995, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

November 3, 1995 meeting, Board of Trustees

The Chairman, Ambassador Wolf, called the meeting of the Board of Trustees to order on November 3, 1995, at 7:35 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, and James F. Patterson.

--0--

Ambassador Wolf:

At this time, I would like to call for a motion to recess into Executive Session for the purpose of considering personnel and legal matters.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board recessed into Executive Session by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Ambassador Wolf.

--0--

Ambassador Wolf reconvened the meeting at 10:40 a.m. and asked the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Leslie H. Wexner, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Thomas C. Smith, and Holly A. Smith. Fred L. Dailey, Director of the Ohio Department of Agriculture, was also in attendance.

--0--

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, welcome. Let me first note that the apples at the back of the room are Melrose, a cross between Red Delicious and Jonathan. These apples were developed, by the way, at Ohio State University by the late Dr. Freeman Howlett, former Professor Emeritus of Horticulture, and grown by Mr. Patterson. So those of you who are eating those Ohio State apples, remember that that is the reason we do research and teaching at this university.

Last month, I began my report by saying that "September was an extraordinary month" for the university. Well, ladies and gentlemen, October was no different! I am quite certain that no one can say Ohio State is boring! We have had quite a procession of distinguished visitors -- as I said to the President of the United States, having Lou Holtz and Bill Clinton on campus in the same quarter is almost overwhelming!

Let me say first how very proud we all should be of the fine work done by our colleagues and our students hosting the President's Midwest Region Economic Conference. Let me just note for those who were not present, that our chair, Ambassador Milton Wolf, presided over that visit with great grace and represented the university very well, including hosting the evening dinner. I thank you very much, Ambassador Wolf, for doing that. It was terrific.

Bill Hall, Assistant Vice President for Student Affairs, put together a great team on very short notice. The staff of the Fawcett Center, our University News Services group, our Public Safety department, and many, many others worked together to create a memorable occasion.

I would especially like to call your attention to the exceptional educational opportunities our students enjoyed during this meeting. At our suggestion, several cabinet officials left the conference to meet with students. I only imagine the benefits

PRESIDENT'S REPORT (contd)

President Gee: (contd)

to those who gathered at the Hale Center to listen to Commerce Secretary Ron Brown. Or the agriculture students who visited with Secretary of Agriculture Dan Glickman. Dozens of students served as hosts and aids to the press center and the staff during the conference. I am quite certain that for all of those and all of us it will be a day long to be remembered.

It is a day that will be remembered by the College of Law as well. On that same afternoon, we celebrated the action this Board took to name the College of Law Building: John Deaver Drinko Hall. By the time we got to the Homecoming Parade and Pep Rally, enthusiasm was at quite a pitch! Homecoming King Laurence Latimer, a political science major from Brooklyn, New York, and Homecoming Queen Khieka Jennings, a theatre major from Tampa, Florida, presided over a rainy, but spirited, Homecoming victory over Purdue University.

Our university family came together for another big weekend in October. Parents' Weekend was a great success, and Bill Wahl will be sharing some of that with you in his report later this morning. We also held our third "High on Pride" Campus Clean-Up Day. Despite a steady downpour, community residents, faculty, staff, and students worked diligently to clear trash from the neighborhood east of High Street. This activity is now a regular part of our program schedule, and we will be out there again in the spring.

Today, the College of Law is hosting a conference on public and private responsibilities for meeting the needs of children. As the nation debates welfare reform and social policy, and in the face of crises in our cities and in families, Ohio State's Interprofessional Commission is bringing together experts from many disciplines, for informed dialogue on an important issue. This conference is part of the law school's Justice for Children Project, one of the first of its kind in the country to look at the issue of children's legal rights.

While Ohio State at Lima is celebrating its 35th birthday, and the Wexner Center for the Arts prepares to celebrate its sixth anniversary this weekend, the university celebrated its 125th birthday with a party on the Oval on October 16, complete with an enormous cake.

I had the opportunity last month to visit Muskingum and Perry Counties. I spent an afternoon visiting with high school and middle school students in Crooksville, Ohio. A class of fifth graders put on a skit for me in which four rather shy young men portrayed Terry Glenn, Shawn Springs, Bob Hoying, and Eddie George, and a very spirited young lady played the part of Coach Cooper. The point of their skit was congratulating these players for the good job they were doing, and to show great spirit that we have come to know as part of this institution! Everyone in the room was wearing something scarlet and gray.

I mention this point for one very simple reason and that is how far-reaching the success of our athletic and academic programs can be. Here I was in a very poor school district in an Appalachian county, in a school where only a small percent go on to college. And yet they felt a part of Ohio State. They know we have great students, they know we have great athletes, and they believe that we are a great university!

We are receiving a lot of national attention right now for our success in football. And, I know we take pride in the way in which our students and coaches represent us in that pursuit. I must say to everyone in this room that I was never more proud of the

PRESIDENT'S REPORT (contd)

President Gee: (contd)

team and its coaches in my fifteen years as university president as I was at the Iowa game: a game we won, but with class and in the best interest in traditions of intercollegiate athletics.

Ladies and gentlemen, that completes my report.

Ambassador Wolf:

Thanks very much, Mr. President. I know while you described what a glorious month October was, November has started out with a little bit of sadness. I know that all of us are very grieved that Florida State University lost their football game last night!

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Hospitals Board held its annual Strategic Planning Retreat on October 23, 1995. Three separate presentations were heard: Ms. Farah Walters, President and Chief Executive Officer of University Hospitals Health System, Inc. of Cleveland, discussed the experience University Hospitals of Cleveland had undergone in building a Primary Care Network; Mr. James Wesner, General Counsel for the University of Cincinnati, discussed the joint alliance agreement where the University of Cincinnati Hospital aligned with Christ Hospital and St. Luke Hospital; and Mr. Mark Johnson and Mr. Fred Cohen, representatives of an insurance company entitled Independent Health, reviewed the strategic process they are following in order to develop a Health Maintenance Organization (HMO) for The Ohio State University Hospitals.

A brief Hospitals Board meeting convened during the lunch hour of the retreat at which time the Board approved the Strategic Financial Goals for Fiscal Year 1995-96.

That concludes my report, Mr. Chairman.

--0--

CANCER HOSPITAL REPORT

Mr. Shumate:

The report this morning will be presented by Dr. David Schuller and he will be reporting on the results and operations of the Cancer Hospital.

Dr. David Schuller:

Good morning. The Comprehensive Cancer Center, The Arthur G. James Cancer Hospital and Research Institute, witnessed another year of growth and achievement over Fiscal Year '94-'95. Almost 5,200 admissions equated to some 37,000 patient days and an occupancy rate of 83 percent for this past year. In addition, Clinic visits exceeded 38,500, which included some 22,349 new cancer patients to the James. These statistics supported income of just over \$93 million, which after expenses netted an increase to funds of \$3,870,000.

CANCER HOSPITAL REPORT (contd)

Dr. Schuller: (contd)

In addition to the Hospital's operations, the Comprehensive Cancer Center received over \$49.2 million in total annual peer-reviewed research awards continuing our growth in our research program. One of the reasons for the continued positive growth in our operations can largely be attributed to an increase in the awareness of the cancer program at Ohio State and specifically the James. In our annual awareness survey, individuals were asked to name facilities that were known for cancer diagnosis and treatment and in an unaided format, more than half of those surveyed mentioned the James or Ohio State University. This reflected a dramatic overall increase in comparison to the responses recorded during the previous year.

Fiscal Year '94-'95 was extremely busy in the development and continued growth of new research programs. The Comprehensive Cancer Center successfully competed for a four-year continuation of its Cancer Center Support Grant. This award from the National Cancer Institute finances Cancer Center administration and funds a variety of services critical to the efficacy of its research programs.

Typical of programs within our Center is the focus on breast cancer research which received a major boost this year when the NCI awarded a four-year \$1.6 million program development grant to an interdisciplinary group of our Cancer Center investigators. This funding will allow for the expansion of breast cancer research, as well as the recruitment of new researchers to our program.

In addition to research initiatives, the James continued as a leader in public education with distribution throughout the United States of over 28,000 educational video tapes produced by our Cancer Center and made available through Blockbuster Video Stores, Big Bear, Krogers, and statewide local libraries. A second mobile mammography unit was added during the year supporting both our educational and cancer detection activities. The James also joined forces with the Twin Rivers Chapters of Lynx Incorporated, the Columbus Cancer Clinic, and Mount Carmel Health to form the Breast Cancer Awareness and Prevention Project to help educate African-American women about breast cancer.

With the introduction of the Comprehensive Oncology Rehabilitation Program during the year, the James took one of its greatest steps forward in enhancing the quality of patient care and redefining the way care will be delivered. The program's mission is to return our patients to as normal a lifestyle as possible within the limits of their disease and the treatment for that disease.

During the year, the cancer program saw a continuation of its history of strong support and involvement from the community. To recognize individuals whose voluntary leadership over an extended period of time has had a positive impact on the creation and continued advancement of our program here at Ohio State, the James Leadership Society was established. And during the Hospital's annual Cancer Survivors' Day this past June, John Walton Wolfe was inducted as the sole charter member of the Society in recognition of his persevering support and guidance which were vital to the creation of our cancer research facility.

A major advantage that we cannot at all underestimate -- and really a source of excitement for all of us -- is having our Cancer Center be part of a large national university like Ohio State. It creates opportunities that arise to work with other programs on our campus. Now some of these partnerships, like those with the University Extension Service and the Ohio Super Computer Center, might be expected, while partnerships with the Department of Athletics and the Wexner

CANCER HOSPITAL REPORT (contd)

Dr. Schuller: (contd)

Center for the Arts might seem quite unusual. We collaborated with the Wexner Center leadership to sponsor a symposium on mortality, with a talented panel including: internationally acclaimed choreographer Bill T. Jones and President Gee.

Again, the James continued its partnership with head football coach John Cooper coordinating regular visits to the James by football coaches and players, which clearly boosts the spirits of both the patients and staff of the James during the football season.

In the coming year, the focus will be on preparing ourselves for the future. In Fiscal Year '94-'95, the James was a founding member of the National Comprehensive Cancer Network. This is a network of some 13 leading national cancer institutions who will concentrate on providing comprehensive quality care under a changing healthcare environment. The James will continue to focus on cost, access, and the protection of clinical trials, as well as the continued growth of our research activities. This completes my report. Thank you very much.

Mr. Shumate:

Are there any questions for Dr. Schuller? If not, we thank you for your report and also for your excellent leadership at the James.

Dr. Schuller:

Thank you.

President Gee:

David just had a birthday. How old are you now, David?

Dr. Schuller:

Fifty-one years old, sir.

President Gee:

I went over to the James in secret to give you a tie-dyed doctor's robe, but, unfortunately, you were still in the operating room. It's really terrible that you would not forsake that patient and come out for a minute or two. Happy Birthday, David!

Dr. Schuller:

Thank you.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

The Investments Committee met yesterday for three and a half hours and, again, this morning. I would now like to call on Mr. Nichols to present the Treasurer's report.

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Nichols:

Thank you, Mr. Chairman. This Endowment report is for the period September 15 through October 20. The market value of the Endowment Fund on October 20 was \$584 million, approximately \$4.8 million below the September 15 value. The market value of the equity portion decreased \$5 million and the fixed income portion increased \$700,000 during the reporting period.

Net new additions to the Endowment for October were \$1.4 million. Since July 1, the Endowment Fund has increased \$28.3 million, including net new additions of \$6 million. Current asset allocation is 63 percent in equities, 23 percent in fixed income, 7 percent in real estate, and 7 percent in cash.

The Investments Committee also heard the Quarterly Endowment Investment Report for September 30. The report of the Endowment Fund had a total rate of return of 5.8 percent for the three-month period, out performing the Lehman Government Bond Index, but trailing the S&P 500. The Endowment will distribute more than \$25.9 million to its over 2,200 funds during this fiscal year.

The Investments Committee was also informed that ABN (AMRO Bank of the Netherlands) has signed a letter of intent to acquire the Chicago Corporation, with the acquisition expected to be finalized during the second quarter of 1996.

The Investments Committee was also briefed on a federal class action lawsuit filed in Texas concerning charitable organizations who use the Gift Annuity giving option. That suit has been expanded to include over 2,000 charitable organizations which includes The Ohio State University Foundation.

And, finally, yesterday, as Mr. Colley mentioned, the Investments Committee held its annual review of Endowment Fund Fixed Income Managers. Next month the Investments Committee will bring recommendations for change in both asset allocation and the allocations of each investment managers to the Board. That concludes my report, Mr. Chairman.

Mr. Wexner:

I'm curious, it has just occurred to me -- what has been the performance of the equity managed funds over that last three years, as compared to the S&P?

Mr. Brennan:

It is in there.

Mr. Wexner:

Over three years?

Mr. Nichols:

Let me pull that out.

Mr. Wexner:

Do you look at it on a 12, 24, 36 -- that kind of roll?

Mr. Brennan:

Jim, do you have that?

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Nichols:

Yes. The equity performance over a three-year basis, Mr. Wexner, would be 13 percent, compared to the S&P 500 at 13.2 percent; the Dow Jones at 14.2 percent; and the Russell 2000 at 16.4 percent. Over the five-year period, the equity performance would be 11.6 percent, compared to the University at 12.1 percent; and the Dow Jones at 13 percent.

Ambassador Wolf:

Are there any other questions?

Mr. Colley:

Mr. Chairman, Mr. May will now present the monthly Development Report.

Mr. May:

Thank you very much, Mr. Colley. As you can see from the Development tab in your notebook, we list the gifts to the University by purpose and source. We are about seven percent ahead in the first quarter of this year than we were last year. Alumni giving continues to be up. The reason non-alumni giving is down is because we hit a substantial contribution -- which was part of a large package from a group of non-alumni last year at this time -- but we believe we'll recover by the end of the year. Our corporate giving and Foundation giving continues to be up.

What we are encouraged about are two things. If I could call your attention to the Gifts by Purpose -- colleges and departments giving is up about 50 percent, and those are the unrestricted gifts that are designated to the colleges and to the departments. We encourage that mostly through annual giving and that continues to be up, as it is unrestricted money to the University.

The most encouraging news for us at this point -- and, I think, it is probably directly related to the hard work of the faculty, deans, and development staff across the University and the responsiveness of donors -- is that the Endowment support is running about twice as much. Instead of \$3 million, where we were last year to the Endowment, we have added over \$6 million to the Endowment this year. I can't guarantee we are going to keep that pace up, but we are going to do our best.

Mr. Chairman, at this time I'd like to ask for approval of four new named endowed funds and the revision of two named endowed funds totaling \$436,861.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-44

Synopsis: The report on the receipt of gifts and the summary for September 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS this report includes the establishment of four (4) new named endowed funds and amendments to two (2) endowed funds:

REPORT ON UNIVERSITY DEVELOPMENT (contd)

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of September 1995 be approved.

TOTAL UNIVERSITY PRIVATE SUPPORT
July-September
1994 Compared to 1995
GIFT RECEIPTS BY DONOR TYPE

	Dollars July through September		
	<u>1994</u>	<u>1995</u>	<u>% Change</u>
Individuals:

Alumni (From Bequests)	<u>645,508</u>	<u>777,277</u>	20
Alumni Total	\$3,440,174	\$4,706,950	37
Non-Alumni (Current Giving)	\$4,041,258	\$1,123,044	-72
Non-Alumni (From Bequests)	<u>529,636</u>	<u>567,028</u>	7
Non-Alumni Total	\$4,570,894	\$1,690,072	-63
Individual Total	\$8,011,068	\$6,397,022	-20 ^A
Corporations/Corp. Foundations	\$4,757,230	\$6,581,384	38 ^B
Private Foundations	\$653,818	\$1,329,210	103 ^C
Associations & Other Organizations	<u>\$620,590</u>	<u>\$647,619</u>	4
Total	\$14,042,706	\$14,955,235	7

NOTES

A Overall individual giving is down 20% even though gifts from alumni during the first quarter is 37% ahead of last year for the same period.

Non-alumni giving is down 63% due to a \$3.2 million gift-in-kind received last year from a group of non-alumni. Without this very exceptional gift, non-alumni giving would be up 22% thus far this year.

Alumni have given \$1.3 million more during the first quarter this year than last, highlighted by one gift of securities of more than \$1 million.

B Corporate giving is up 38%. Last year there were 98 corporations providing private support of \$10,000 or more (\$3.4 million). This year private support at the \$10,000 level exceeds \$5.2 million (116 corporations).

C Gifts of \$10,000 or more from private foundations are about \$600,000 more than last year for the first quarter.

CHANGE IN NAME AND DESCRIPTION OF NAMED ENDOWED FUND

From: The Thomas E. Leontis Endowment in Modern Creek Studies
 To: The Thomas E. Leontis Endowment in Modern Greek

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

James Mosher Klein Scholarship in Psychology

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Joseph D. Blickle Educational Development Fund

The Joseph D. Blickle Educational Development Fund was established November 3, 1995, by the Board of Trustees of The Ohio State University with initial gifts to The Ohio State University Development Fund from the estate of Joseph D. Blickle (B.S.Agr. '29; M.S. Agricultural Engineering '32).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide undergraduate educational program support which includes but not exclusively, scholarships, wages, recruitment activities, graduate programs through potential supplementing of graduate stipends to attract top students and staff development activities within the Agricultural Engineering Department at the College of Food, Agricultural and Environmental Sciences. Unawarded or unclaimed current-year earnings will be added to the principal of the endowment.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Joseph D. Blickle Educational Development Fund (contd)

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President of Agricultural Administration in order to carry out the desire of the donor.

\$391,856.32

John P. Apel Memorial Scholarship Fund in Civil Engineering

The John P. Apel Memorial Scholarship Fund in Civil Engineering was established November 3, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the family and friends of the late John P. Apel (B.C.E. '56).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income will be awarded to one or more Civil Engineering undergraduate(s) in recognition of John "Jack" Apel's accomplished career as a civil engineer and surveyor. Selection criteria will include leadership abilities and demonstrated commitment to the Civil Engineering profession. Additional preference will be extended to Ohio residents. Selection will be made by the Chairperson for the Department of Civil Engineering in consultation with the Dean of Engineering and the University Committee on Student Financial Aid. If The Ohio State University ceases to offer Civil Engineering degrees, the John P. Apel Memorial Scholarship will be awarded to qualified students in other engineering disciplines.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer, in order to carry out the desire of the donor.

\$15,005.00
(Grandfathered)

The Ohio State Floriculture/Landscape Horticulture
Alumni Association Fellowship Endowment Fund

The Ohio State Floriculture/Landscape Horticulture Alumni Association Fellowship Endowment Fund was established November 3, 1995, by the Board of Trustees of The Ohio State University with a gift from The Ohio State University Development Fund from The Ohio State Floriculture/Landscape Horticulture Alumni Association to be used for student stipends to fund faculty directed work experiences within the Department of Horticulture. This work experience is designed to provide hands-on field experience in an instructional/laboratory setting.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual interest income shall be used for undergraduate student stipends, awarded through a competitive application process. Award criteria and awards shall be made available to applicants as recommended by a committee comprised of:

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Ohio State Floriculture/Landscape Horticulture
Alumni Association Fellowship Endowment Fund (contd)

- 1) The president of The Ohio State Floriculture/Landscape Horticulture Alumni Association or his/her appointee,
- 2) Chairperson of the Department of Horticulture, and
- 3) His/her appointed faculty representatives from floriculture and horticulture.

The committee named above shall have the responsibility and must approve expenditures from the fund.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$15,000.00
(Grandfathered)

The Van Wert County 4-H Endowment Fund

The Van Wert County 4-H Endowment Fund was established November 3, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Van Wert County 4-H Advisory Council and other friends of the Van Wert County 4-H program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the Van Wert County 4-H youth development program. This support may include, but is not limited to, the funding of scholarships and awards for 4-H members, volunteer leaders and friends of 4-H; sponsoring seminars and programs; and purchasing material or services that will supplement 4-H programming or increase the visibility and public support for 4-H in Van Wert County. All expenditures from this fund shall be approved by the Van Wert County 4-H Advisory Council and the Extension professional in charge of the Van Wert County 4-H program.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with preferences being given to the recommendations from the appropriate administrative official of the University who is the Director for the Ohio State University Extension in consultation with a committee representing the local 4-H donors in order to carry out the desire of the donors.

\$15,000.00
(Grandfathered)

REPORT ON UNIVERSITY DEVELOPMENT (contd)
THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN NAME AND DESCRIPTION OF NAMED ENDOWED FUND

The Thomas E. Leontis Endowment in Modern Greek

The Thomas E. Leontis Lecture in Modern Greek Studies was established May 8, 1987, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Thomas E. Leontis of Columbus, Ohio. Anna P. Leontis made additional gifts to expand the endowment's purposes. The name and description were revised November 3, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support a lectureship in Modern Greek Studies, as well as regular conference activities. The purpose of the endowment fund is twofold: first it is to serve as a catalyst in the Modern Greek Program at the University in generating a keener awareness of the importance of Greek history and culture, especially since 1204; and their contribution to solidifying the bonds between Greece and the United States; and secondly, the endowment fund will bring annually to the Ohio State campus a distinguished speaker of national and/or international reputation who will contribute to the cultural growth of the University and community bodies, by offering new ideas and historical and cultural interpretations of important past and current situations. The selection of the lecturer will be made by a committee chaired by the senior staff member of The Ohio State University Modern Greek Studies Program and including (a) the second staff member of the Program, and (b) an individual selected by the committee Chair either from the University faculty involved with the Program or from the Greek Orthodox Community.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

James Mosher Klein Scholarship Fund in Psychology

The James Mosher Klein Scholarship Fund in Psychology was established July 7, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from his parents, Charles Mosher Klein, M.D. and Barbara Barr Klein of Sylvania, Ohio. The description was revised November 3, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund a scholarship(s) for a graduate student(s) in the Department of Psychology with preference given to students majoring in the cognitive/experimental field. The recipient(s) will be chosen by the chairperson of the Department of Psychology in consultation with the University Committee on Student Financial Aid based on merit.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

Upon motion of Mr. Colley, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

November 3, 1995 meeting, Board of Trustees

Mr. Colley:

I have one further item, Mr. Chairman, and I would like to call on Provost Sisson to present the report and resolution regarding the Naming and Complex Gift Policy.

Provost Sisson:

Thank you, Mr. Chairman. As we gear up for the upcoming Campaign, it is very important that we focus our attention on the procedures for the naming of University facilities. The procedures for submitting and processing commemorative naming requests are outlined in the "Naming and Complex Gifts Policy" which is in your Board books.

We have discussed this procedure over the last six months with a variety of people on campus and we believe this policy will serve the institution well. If you have any questions, Jerry May or I will be happy to address them.

PROCEDURES FOR COMMEMORATIVE NAMING REQUESTS

Resolution No. 96-45

Synopsis: Procedures for submitting and processing commemorative naming requests are presented for Board acceptance.

WHEREAS in accordance with University bylaw 3335-1-08 (F) University buildings and structures shall be named by the Board of Trustees following recommendations submitted by the President and the appropriate faculty or other group; and

WHEREAS it is desirable to specify the procedures and process by which naming requests are submitted for consideration; and

WHEREAS the commemorative naming procedures will be more systematic and inclusive of the views of the University community; and

WHEREAS the President's Executive Committee, the University Senate Steering Committee and the Council of Deans have reviewed and approved the attached naming requests procedures:

NOW THEREFORE

BE IT RESOLVED, That the procedures for submitting and processing commemorative naming requests as described in the attached document be approved and become effective November 3, 1995.

Upon motion of Mr. Colley, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

(See Appendix XIII for procedures of Naming Requests, page 389.)

--0--

EDUCATIONAL AFFAIRS COMMITTEE MEETING

Ambassador Wolf:

The Educational Affairs Committee will now meet as a committee of the whole and I would like to call on Mr. Celeste to chair the meeting.

Mr. Celeste:

Thank you, Mr. Chairman. In that capacity, I would suggest that since we do have a number of reports, I would urge the Provost and his colleagues to keep the reports as brief and efficient as possible. We do have three reports to be made, and I would like to turn it over to the Provost to begin that presentation.

ACADEMIC SUPPORT UNIT RESTRUCTURING REPORT

Provost Sisson:

Thank you, Mr. Celeste. First of all, I would like to introduce my colleague to my right who is not Professor Marilyn Blackwell, but Professor Sebastian Knowles, Professor of English, and very active in the Faculty Council.

Mr. Chairman, I would like to present -- and I will be brief -- a report on the very important initiative that the President and I discussed at the time that I agreed to come back to Ohio State as Provost. I have reported on a number of aspects of academic restructuring and I don't know of any university that has accomplished more than we. We proceeded in that regard in a principled way with a breath of involvement that is unusual for a university. The product is the work of many and has taken enormous amounts of time and energy, especially of faculty, deans, and department chairs. It is difficult and it is continuing.

The same I would say is true for our academic support unit restructuring, which has proceeded at pace. You have in the material before you a description of how we proceeded in the process, the charges, and to each of the twelve task forces that were set up. We decided how to proceed by initially having a consumer survey. The consumers being the academic leadership within the University, as well as the major leaders of non-academic units. To define those areas that they felt should have the highest priority for improving efficiency, the quality of service, and also where we would be able to secure savings.

I was initially inclined to secure the assistance of outside consultants to do the work for us, but was prevailed upon by wiser counsel to invite those responsible to assume the initiative in pushing these issues as far as they possibly could with the assistance of their associates and managers under their purview. As well as with the help of principal consumers on the things that they did.

There have been a number of achievements, the process is ongoing, and it will never finish, but there have been a number of things that I would like to bring to your attention. We have secured in these 12 areas, \$4.5 million in permanent savings and also in anticipated cost avoidance. We have also been able to redirect over \$1 million to new activities and initiatives.

There has been increased efficiency and effectiveness in a number of these areas. I would just like to point to three. One is the coordination of our information systems on campus, where we have brought into a congruency the academic and administrative computing operations on campus. Relevant to this also is our initiative that you have already been alerted to and informed about, which is our ARMS Project.

Another area is space planning -- our master planning process was facilitated by the reorganization that came about as a consequence of this larger initiative from which I am reporting. Also for the first time, the capital planning process, review, and decision was a function of this initiative.

ACADEMIC SUPPORT UNIT RESTRUCTURING REPORT (contd)

Provost Sisson: (contd)

Another area which I would like to alert you to -- and which will be very important -- is our Graduate School review. This will be a much more targeted effort than our task force on the Undergraduate Experience, but will certainly have important long-term consequences.

This is not a final report, this is a status report of a continuing process. The President and I are now considering how we can best move into the second phase and we will be delighted to keep you apprised of our progress in that regard.

If there are any questions, I would be happy to do my best to address them.

Mr. Celeste:

Are there any questions? That is a tremendously important area and we appreciate your work and efforts to present it in a brief way.

UPDATE ON THE CUE REPORT IMPLEMENTATION

Provost Sisson:

Mr. Chairman, our next issue is an update on the Undergraduate Experience and I would call on my colleague, Vice President Williams, to lead off this discussion.

Professor David Williams:

We have seven items to report back to you that are in the pipeline from last week. I want to first read a sentence to you as stated in the CUE final report, "We were consistently impressed with the good work that so many people at Ohio State are already doing." This was in the final report.

Based on that, during the time that the Committee for the Undergraduate Experience (CUE) was doing this report and in its findings, they decided to give an award called "The Things Gone Right Award" and five of those were given out to: 1) the Offices of Student Financial Aid, Student Loan Services, and Fees, Deposits and Disbursements; 2) the Offices, Colleges, and Vice Presidents serving on the CQI Initiative; 3) College of Engineering Gateway Program; 4) High on Pride Events Committee; and 5) the Offices of the University Registrar, Fees, Deposits and Disbursements, Offices of Housing Food Service and Event Centers, and Academic Technology Services.

What the Provost and I have decided to do, beginning with the December 1 Board meeting, is to continue that award. Sherri Noxel, a GAA who is working on this, will be bringing forth to us things that are "going right at the campus." These are things that have gone right even without CUE and some that have gone right because of CUE. So beginning next month, we will present a plaque at this meeting to someone who or some unit that has done something right for recognition. I'll turn it back to you, Dick.

Provost Sisson:

Thank you, David. I would like to bring your attention to three different initiatives. One, they all in one way or another address the issue of the first-year experience, the transition into the University, which is perhaps the most critical for undergraduates, not only here at Ohio State but at universities around the country.

UPDATE ON THE CUE REPORT IMPLEMENTATION (contd)

Provost Sisson: (contd)

Dean James Garland, Dean of Mathematical and Physical Sciences, has appointed a task force to address a very important issue -- instruction of lower level courses in mathematics. This is where students have experienced quite a bit of difficulty. It is not an issue only for Ohio State, it is an issue for entering students at practically all universities. This committee is being chaired by Professor Jim Stith, Professor of Physics, and also has the full engagement of the Department of Mathematics. There is a coordinating committee within that Department chaired by Professor Dan Shapiro that is involved with this.

If we can figure this out, if we are able to do what we hope that we are going to be able to do, we will not only provide a great service to the students who study here, but to students at other universities around the country.

Another initiative I would like to report on is academic clusters for first-year students. We have several of these and we have a request from other groups of students to establish them in the Winter Quarter. One is being conducted by University College and includes students who are living in Baker Hall. Another cluster has 38 students in it from the College of Food, Agricultural and Environmental Sciences. These students take the same courses and have a considerable amount of interaction together, which is the idea of this. This cluster will continue for this group of students into the Winter Quarter.

I indicated that we have a request from other students for the same kind of opportunity. Albeit all students don't agree that this is the best way to pursue their education, but for a number of students, they do. We anticipate a year from now that we will have 19 clusters that will hopefully facilitate students into University life.

In order to attract more of the very finest students who graduate from Ohio high schools and also in areas in the neighboring states, a critical element will be our Honors Program. Again, Jim Garland, Executive Dean of the College of Arts and Sciences, has established a task force to develop a strategic plan for enhancing the character and the quality of our Honors Program, a very vital part of the undergraduate education at Ohio State even today. David --

Professor Williams:

As Dick mentioned about the transition-in, we reported to you at the last Board meeting that we were in the process of establishing a committee called the Transition-in Committee. That has been done, it will be co-chaired by Dr. Jack Cooley from Arts and Sciences, and Bryan Harris from Recreation and Intramural Sports.

We will also be undertaking a project to relocate the Offices of Off-Campus Housing and Greek Affairs -- or at least major portions of them -- into the areas where the student community lives. So we will be moving our services out of the Union to 15th Avenue, because that is where the population of students they serve actually live.

Finally, we are real happy to say that KBUX -- the student-run radio station -- began broadcasting on October 20. They have had such a great outpour of support that Director Geiger and myself offered to do a program for them. We were going to do a jazz show, but I hate to say they have not called on us. So evidently they do not want us or they have enough DJ's. But we are real proud of the students -- it is a student initiative, student run, student done, and all kudos go to the students. Thank you.

UPDATE ON THE CUE REPORT IMPLEMENTATION (contd)

Mr. Celeste:

Mr. Provost, I had a question about the clustering concept. Are those students all in the same year?

Provost Sisson:

They are all first-year students. In the University College cluster, they all live in the same dorm. In the Food, Agricultural and Environmental Sciences cluster many of them live together in the same dorm, but not all. These 38 students are clustered into two different interconnected groups, which will be the same during the Winter Quarter.

Mr. Celeste:

Any other questions on this topic?

President Gee:

I can attest that the clustering concept works well. I stayed overnight the other evening in Norton and Scott Halls -- which are the two halls that mainly house agricultural students -- and they really feel that that type of clustering makes you feel much more accommodated. Many of them know each other from FHA and FFA activities, state officers and a variety of other things. It seems to me like it is working very, very well. I am very pleased with that.

GRADUATE EDUCATION HIGHLIGHTS

Dr. Hayes:

You will find in the package in front of you, information on programs that we put together for local members of the business community and the General Assembly, and today we are bringing forward to you one example of these presentations. It is an example of an outstanding research program, as well as an educational program for our graduate students.

At this time, I would like to introduce to you the presenters -- Glenn Daehn, Associate Professor in the Department of Materials Science and Engineering. Professor Daehn is one of our rising stars both in teaching and research. One indication of this is that he was selected as one of the Presidential Young Investigators and received a five-year award as a result of that from the National Science Foundation. Glenn is joined at the table by his graduate student, Greg Fenton, and William Clark, Associate Dean of the Graduate School.

The research work that Professor Daehn and Mr. Fenton will be reporting on is aimed at making lighter vehicles possible with high velocity metal forming. Then we will give you a few highlights of this research.

Professor Glenn Daehn: [Slide presentation]

Thank you very much. It is really my privilege to be here today and tell you a little bit about some of the work my students have been working hard on over the past few years. What we are working on is high velocity metal forming and Greg is one student who is working with me, among a number of others. Let me give you a little bit of the motivation for this.

GRADUATE EDUCATION HIGHLIGHTS (contd)

Professor Daehn: (contd)

First of all, it is well-known that aluminum can provide lightweight automobiles. Ford has shown this and many other companies have shown this. In the example that you see on the screen, you can take a steel body and reduce the weight almost by half if you can use aluminum.

However, there are a few problems with aluminum. First of all, it tears very easily relative to steel. That makes it difficult to form. It's also difficult to hold dimensional tolerances because of some special problems. You usually use thicker pieces of aluminum which cause some problems. The material is also fairly expensive, but recycling can mitigate much of that, and that's not a problem that we are addressing right now.

We have found through our research that high velocity metal forming can solve many of the traditional problems associated with aluminum sheet forming. First of all, the formability is dramatically improved if you can use high velocity metal forming and you can also gain much better dimensional tolerance. Also, we use one-sided dyes which will allow you to go from the concept to an automobile much faster.

However, there are some problems with this. First of all, the equipment for doing high velocity forming is not well-developed at all. Although in theory and in practice in our laboratories it can be done very reproducibly -- very easily; design methods are not very well established at all. Greg's research really is addressing design methods and eventual manufacturing of equipment.

We feel we have been progressing fairly well. We have a consortium that's being formed right now. Rockwell International has been working with us very hard, and they have actually installed some facilities in their Thousand Oaks Facility to do this experimentally. We are also working with G.M. Reynolds, and Battelle is heavily involved. Greg happens to be a joint grad student between Ohio State and Battelle.

Some of the other bits and pieces, we had a consortium meeting in June and we had about 25 people from industry attend. Also, we have appeared in Business Week and other places, and I think you'll agree that they caught my good side in this photo.

One point I'd like to make is that students are really the key in any kind of new technology. First of all, we are doing something that is fairly new. There was some work in this many years ago that has been forgotten and there is really very little that is relevant in the published literature. A company can't go out and easily hire people in this area if they would want to get into this and also there aren't companies that are really producing serious production equipment. Really it is graduates from groups like mine, I'd like to think, that are going to be important in bringing us to the marketplace. I think it is no coincidence, whatsoever, that usually you find vigorous high-tech employment near top research universities.

I'd also like to make a few points on how graduate and undergraduate education are very different. Undergraduate education is really dealing with classical established things -- things that are well-known. Teaching methods do not vary very much from place to place and as a result of this, you can draw on things that have been done before and teaching can be efficient.

In graduate education, we are really trying to develop new concepts, new ideas, and we are really teaching people to be intellectual pioneers. We are hoping to train the next generation of teachers and also economic development often flows from a lot of these ideas. Since you are doing things for the first time often, teaching is necessarily somewhat inefficient and you can't teach people in as large of groups and as efficiently as you may otherwise.

GRADUATE EDUCATION HIGHLIGHTS (contd)

Professor Daehn: (contd)

With that, I'd like to turn things over to Greg who can share some of his personal experiences in this research.

Mr. Greg Fenton:

Thank you very much, Dr. Daehn. I'd like to thank everyone for letting me have a few moments to tell you about myself and the research that I'm conducting at OSU under the advisement of Dr. Daehn.

As you can see, the title of my presentation today deals with miracle tools to study electromagnetic forming. Electromagnetic forming is by no means a new concept, but it is a novel one and it has been around for about two and a half decades. In that time, basically no research or work has been done to put together high-fidelity models to understand the phenomena and the physics involved; let alone all the aspects related to the materials into forming techniques.

To take a few minutes to tell you who I am, I was born in the Columbus area and graduated from high school in this area. I then went to OSU to get an undergraduate degree. After finishing that, I went to work at Battelle for a number of years before returning back to graduate school. I am now in the Materials Science Department working under Dr. Daehn. Most of the work that I'm pursuing deals with high-velocity forming techniques and the various aspects related to that.

My graduate experience meant a lot of independent thought when I first got here. It was a very big adjustment period for me. However, when we got into laboratory problems always a very intense team effort was put forth to solving a problem which is a very good thing. How that relates to problems that you get in the undergraduate curriculum is that they're usually very well posed and solution paths are always very concise and clear, and that is not true in the graduate regime.

My graduate experience basically fell in place when I realized why my undergraduate curriculum was even taken. You take all these difficult courses and, at times, things don't make sense, but eventually things do make sense and that is a very rewarding experience.

Now to get to the good stuff, I'll tell you a little bit about my research. The slide I'm showing here is a very simple schematic of a sheet metal free-form operation. What you see on the lower left is a high energy capacitor system which is usually charged to a few thousand kilovolts and then the large current is dumped into what I'm calling a pancake-type coil. That intense current has a very high magnetic field associated with it. That field then works against this conductive plate which induces currents to flow in it. Those currents themselves have a magnetic field associated with them. The two fields work against each other and you get a very rapid propulsion of this plate along this axis of symmetry here. So you'll get a bulging effect out of this.

This slide shows some two-dimensional data that is taken off the computer and these simulations were done at OSC, Ohio Supercomputer Center, on the CRAY. Just to briefly tell you what I'm showing you here, this slide shows a thin aluminum sheet over here; underneath is my pancake coil with five conducting rings; and then this is a clamping block to hold the sample in place. What you are seeing are the magnetic fields of the two currents running both in the sheet and in the coil, interacting and causing a rapid expansion of the sheet.

To make that information a little bit more easily understood, what you see at the top was some data that was taken out of some literature that was done about 7 or 8 years ago by some Japanese. These are some snapshots out of a simulation that

GRADUATE EDUCATION HIGHLIGHTS (contd)

Mr. Greg Fenton: (contd)

was put together showing you a relative comparison between computer and in-lab experiment. As you can see, there is very good qualitative agreement between the two.

Earlier this summer, some work was done at the Rockwell Science Center by another graduate student looking at different aspects of forming energies and starting temperatures of the samples. So qualitatively, the simulations agree nicely with the experiment. The next step to my research deals with performing quantitative comparisons.

So with that, I'd like to conclude. Thank you very much for your time.

Dr. Hayes:

The take home message I hope that Board members will get from this presentation is that Ohio State -- particularly in Engineering, but in many of our departments -- is committed to creating this kind of research environment, that we are producing new knowledge and insights that are important for economic growth. At the same time, this research is providing the kind of education and training opportunities that our students, particularly graduate students, need to have for productive careers in the years ahead.

This is the kind of thesis research that has given Ohio State high standings in the recent National Research Council of Graduate Rankings that Associate Dean Douglas Wolfe reported to the Educational Affairs Committee on last month. Dean Clark is with us to give you a brief update on this and there is a table and handout there for later reading. Dean Clark --

Dean William A. Clark:

Thank you very much, Mr. Chairman, and members of the Board. First let me send Dean Susan Huntington's apologies for not being here. She is downtown wrestling with the Board of Regents' Doctoral Program Reviews, so her sense of priorities puts her efforts in that direction.

You have in front of you two additional documents as Vice President Hayes referred to. The first one is a report entitled, "Research Doctorate Programs in the United States." As Vice President Hayes just mentioned, much of the data in here was presented to the Educational Affairs Committee last month. However, there is some additional data information that we have been working on subsequently which begins on page 11 through to the end. This data compares much of what we do at Ohio State in our performance as evaluated in the NRC report with our performance against other institutions within the State of Ohio. There are some conclusions that I will touch briefly on in just a moment.

What we have seen this morning from Professor Daehn is a wonderful example of the kind of university/industry/community interactions which are possible at major research and teaching universities. However, these enterprises are large, they require people of high quality, and they require capital investment, all of which are very expensive. There has been a tendency we feel, within the State of Ohio, to try to duplicate efforts such as this around the state, when, in fact, economies have scaled and quality indicates that the competitive states are far better served by consolidating such facilities in a few well-chosen, strategically placed locations and increasing investment in those local areas.

GRADUATE EDUCATION HIGHLIGHTS (contd)

Dean Clark: (contd)

In Ohio, we began to look at this in some areas. Materials network is an example of that where very expensive capital equipment has been strategically positioned, rather than be distributed all over the state.

The Research Doctorate Program document -- especially the second half -- provides more clear evidence that Ohio State in its doctorate educational programs has, again, done more with less. Not only than other major peer group schools -- those of the Big Ten and top quality elite public institutions of the nation -- but, also surprisingly, other institutions within the State of Ohio.

If you look at some of the data contained in pages 15 through 21, you will see comparisons of improvements in program quality that have taken place at Ohio State, compared to those other institutions in the last 10 years or 5 years. You will also see comparisons of the critical statistics of time to the doctoral degree and those institutions. It is quite clear that Ohio State has been more successful in making those improvements and at keeping time to degree for doctoral students down to a minimum, rather than up here in our peer institutions and other institutions in the State of Ohio have done. So once again the argument in some cases of small is better and distributing is better, doesn't appear to hold up in this particular case.

If we compare our performance with our neighboring states, there are some guidelines and some hints there as to why this is, and that is the single sheet that I have distributed. What we have here is some data gathered again two years ago by the National Research Council on doctoral programs in all of the states in the United States. We have taken out of this Michigan, Wisconsin, and Illinois, whose flagship institutions rank among the very, very top institutions in the country.

The interesting fact here is that in Ohio in 1993 we produced 1,663 Ph.D.'s. and we did this by having doctoral programs in 15 separate institutions. If we compare that, for example, with the State of Illinois -- which produced almost half as many Ph.D.'s as we did at 2,236 -- they did that with one fewer doctoral grounding institutions. The State of Michigan produces almost as many as we do with 1,400 Ph.D.'s, by doing it in eight institutions; and the State of Wisconsin produces half as many Ph.D.'s as we did, in one quarter of the number of institutions. So it is quite clear that our competitive states are much more efficient at focusing doctoral education in the high quality institutions than we are within the State of Ohio.

So we would ask you to consider the information that we presented in this document and make a couple of observations as we try to position Ohio State to continue its dramatic improvement in the last ten years and right through till the next NRC report in ten years time. Number one, we feel very strongly that the State of Ohio must rationalize its Ph.D. programs and not only recognize Ohio State as a flagship teaching and research institution at the doctoral level, but also try to look outside the State of Ohio for indications as to how to improve Ohio State rather than concentrating on interstate competition.

Secondly, the institutions that we have referred to on the single sheet -- Michigan, Illinois, and Wisconsin -- are not only flagship institutions in their state, they are funded as flagship institutions in their state. Whereas we at Ohio State are funded as are other state institutions. I think that it is asking a lot of Ohio State to continue to improve against this elite group and continue to lead the way within the State of Ohio until there is some recognition and some difference in the funding subsidy to reflect the different nature of the operation in doctoral education that we have at this University.

That concludes my remarks.

November 3, 1995 meeting, Board of Trustees

Dr. Hayes:

Thank you, that concludes our report.

President Gee:

Will, your point was subtly made but deeply appreciated, because we are all caring on the same issue.

(See Appendix XIV for background information on Research - Doctorate Programs in the United States, page 397.)

Mr. Celeste:

If there are no questions, Provost Sisson would you move ahead?

Provost Sisson:

Thank you, Mr. Chairman. I would like to present the following resolutions for the approval of the Board:

ESTABLISHMENT OF DEPARTMENT

Resolution No. 96-46

WHEREAS the Center for Women's Studies has proposed that it be established as an academic department in the College of Humanities; and

WHEREAS departmental status with the accompanying rights and responsibilities as a tenure-initiating unit will permit the program in Women's Studies to prosper with greater control over hiring, promotions, and tenure decisions; and

WHEREAS Women's Studies has been recognized as an academic program at The Ohio State University since 1975 and a Center since 1980, and has satisfied or exceeded the academic guidelines for a department, concerning discrete area of academic concern, potential academic programs, source of faculty research and public service opportunities, potential for developing national and international recognition, and student demand; and

WHEREAS the Center for Women's Studies and the College of Humanities have concluded a working agreement assuring that Women's Studies will satisfy or exceed the requirements for administrative efficiency for departments, concerning faculty positions, budget, and enrollment; and

WHEREAS the faculty of the College of Humanities has voted to support this proposal; and

WHEREAS this proposal has the approval of the College of Humanities Executive Committee and the Dean of the College; and

WHEREAS this proposed change has the approval of the Council on Academic Affairs, and was approved by the University Senate at its October 7, 1995 meeting:

NOW THEREFORE

BE IT RESOLVED, That the requested change to departmental status for the Center for Women's Studies is hereby approved, effective immediately.

NAMING OF BUILDING

Resolution No. 96-47

Synopsis: Naming of new addition to Evans Laboratory, 100 W. 18th Avenue, on the main campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the newly constructed addition to Evans Laboratory at 100 W. 18th Avenue be named the "Newman and Wolfrom Laboratory of Chemistry" to reflect the notable contributions of Melvin Newman and Melville Wolfrom, two career-long members of Ohio State's chemistry department; and

WHEREAS Newman and Wolfrom were the first two faculty members of the department elected to the National Academy of Science and were among the first three named Regents' Professors at Ohio State; and

WHEREAS as the authors of over 850 publications between them, dedicated to the pursuit of research and the dissemination of knowledge to colleagues, industry, and students, Newman and Wolfrom had a tremendous impact on advancing the field of chemistry; and

WHEREAS Newman and Wolfrom's leading achievements in organic chemistry and carbohydrate chemistry -- developing the Newman Projection Method used world-wide to depict three-dimensional molecules and developing a systematic terminology now used as the standard for carbohydrate chemistry, respectively -- have brought them many awards and have helped build the Department of Chemistry to a position of national prominence:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned addition to Evans Laboratory shall be named the "Newman and Wolfrom Laboratory of Chemistry."

DEGREES AND CERTIFICATES - AUTUMN QUARTER COMMENCEMENT

Resolution No. 96-48

Synopsis: The Academic Affairs Committee recommended the approval of Degrees and Certificates for Autumn Quarter.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements; and

WHEREAS the College of Food, Agricultural, and Environmental Sciences has recommended that George Easton Morrow be awarded a Bachelor of Science in Natural Resources degree posthumously:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on December 8, 1995, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

PERSONNEL ACTIONS

Resolution No. 96-49

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the October 6, 1995 meeting of the Board, including the following Appointments, Reappointment, Appointment/Reappointment of Chairpersons, Leaves of Absence Without Salary, Professional Improvement Leaves, and Emeritus Titles, as detailed in the University Budget be approved and Medical Staff Appointments (James Cancer Hospital) approved September 27, 1995, by The Arthur G. James Cancer Hospital and Research Institute Board, and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved September 28, 1995, by the Hospitals Board be ratified.

Appointments

Name: MARVIN T. BATTE
Title: Professor (The Fred N. VanBuren Professorship in Farm Management)
Department: Agricultural Economics and Rural Sociology
Term: October 1, 1995 through September 30, 1998
Salary: \$67,890.01

Name: WILLIAM S. MARRAS
Title: Professor (The NCR Designated Chair in Biodynamics)
Department: Industrial, Welding, and Systems Engineering
Term: October 1, 1995 through June 30, 1996
Salary: \$74,472.00

Reappointment

Name: GLENN S. DAEHN
Title: Associate Professor (The Dr. Mars G. Fontana Professorship in Metallurgical Engineering)
College: Engineering
Term: October 1, 1995 through June 30, 1996
Salary: \$79,915.56

Appointment of Chairpersons

July 1, 1995 through June 30, 1996

Medical Biochemistry

Howard W. Sprecher*

October 1, 1995 through June 30, 1996

Art

Georg Heimdal

October 1, 1995 through September 30, 1996

Near Eastern, Judaic and Hellenic Languages
and Literatures

Reuben Ahroni*

January 1, 1996 through December 31, 1999

Art Education

James W. Hutchens

*Acting

PERSONNEL ACTIONS (contd)

Reappointment of Chairperson

October 1, 1995 through June 30, 1996

Educational Policy and Leadership

Beverly M. Gordon*

Leaves of Absence Without Salary

HOWARD M. FEDERSPIEL, Professor, Department of Political Science (Newark Campus), effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to accept a position at the Institute of Islamic Studies, McGill University, Montreal, Canada.

KARL C. RUBIN, Professor, Department of Mathematics, effective Autumn Quarter 1995 and Winter Quarter 1996, to do research at the Institute for Advanced Study in Princeton, New Jersey.

KATHERINE TATE, Associate Professor, Department of Political Science, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to accept a fellowship at the Center for Advanced Study in the Behavioral Sciences, Stanford University.

DAVID H. STEIGERWALD, Assistant Professor, Department of History (Marion Campus), effective Autumn Quarter 1995, Winter Quarter, and Spring Quarter 1996, to accept a Fulbright Visiting Lectureship at the University of Ryukus, Okinawa, Japan.

Professional Improvement Leaves

CHARLES G. BROWN, Associate Professor, Department of Emergency Medicine, effective January 1, 1996, through June 30, 1996.

WILLIAM R. FENNER, Associate Professor, Department of Veterinary Clinical Sciences, effective January 14, 1996, through May 5, 1996, and June 17, 1996, through August 2, 1996.

Medical Staff--Appointments (The Arthur G. James Cancer Hospital and Research Institute)

Mary Beryl Daly, M.D., Ph.D., Honorary Staff

September 1, 1995 through February 29, 1996

Thomas Andrew Gable, M.D., Department of Anesthesiology, Associate Attending Staff

Ali Akbar Mehdirad, M.D., Department of Medicine, Associate Attending Staff

Jean Pintar Hubble, M.D., Department of Neurology, Associate Attending Staff

Michael J. Stanek, D.O., Department of Medicine, Attending Staff

Donald S. Higgins, Jr., M.D., Department of Neurology, Associate Attending Staff

Steven M. Nash, M.D., Department of Neurology, Associate Attending Staff

Candia S. Kaplan, Ph.D., Department of Surgery--Division of Neurosurgery, Clinical Attending Staff

Medical Staff--Appointments (The Ohio State University Medical Center)

July 1, 1995 through June 30, 1997

Backes, Carol R., Courtesy Staff, Department of Pediatrics

Ladson-Wofford, Stephanie, Attending Staff, Department of Internal Medicine/Nephrology

Narula, Komal, Courtesy Staff, Department of Obstetrics and Gynecology

Penza, Sam, Attending Staff, Department of Internal Medicine/Bone Marrow Transplantation

Pope-Harmon, Amy L, Attending Staff, Department of Internal Medicine/Pulmonary

Wilmer, William A., Attending Staff, Department of Internal Medicine/Nephrology

PERSONNEL ACTIONS (contd)

Medical Staff--Appointments (The Ohio State University Medical Center) (contd)

July 1, 1995 through June 30, 1996

Al-Turk, Issam Ahmad, Limited Staff, Department of Family Medicine
Althouse, Dee Ann, Limited Staff, Department of Internal Medicine (General Medicine)
Brown, Sonya K., Limited Staff, Department of Pathology
Chan, Yiu-Chung, Limited Staff, Department of Psychiatry
Cho, Chin (Andy) Uk, Limited Staff, Department of Surgery (General Surgery)
Cocci, Maria Regina, Limited Staff, Department of Internal Medicine (Infectious Disease)
Davis, Denise Lynn, Limited Staff, Department of Physical Medicine and Rehabilitation
Dox, Hector A., Limited Staff, Department of Surgery (Thoracic Surgery)
Fahy, Ruairi Joseph, Limited Staff, Department of Internal Medicine (Pulmonary and Critical Care)
Farhan, Nabil Jamil, Limited Staff, Department of Internal Medicine (Nephrology)
Farmer, Linda Ann, Limited Staff, Department of Pediatrics
Galbraith, James, H., Limited Staff, Department of Internal Medicine (General Medicine)
Gorman, Timothy Edward, Limited Staff, Department of Pathology
Grant, Iain Lachlan, Limited Staff, Department of Otolaryngology
Hackenberg, D. Douglas, Limited Staff, Department of Pediatrics
Herman, Perry M., Limited Staff, Department of Phys Med and Rehab (Dual Appointment Pediatrics)
Hoover, Robert James, Limited Staff, Department of Internal Medicine (Cardiology)
Isaacson, Bart Jon, Limited Staff, Department of Internal Medicine (General Medicine)
Iskra-Stevenson, Linda A., Limited Staff, Department of Pediatrics
Jett, Laura L., Limited Staff, Department of Family Medicine
Joseph, Monica Adla, Limited Staff, Department of Pediatrics
Keeling, Thomas Callender, Limited Staff, Department of Internal Medicine (General Medicine)
Lee, Jody Sul, Limited Staff, Department of Radiology
Linscott, Joseph C., Limited Staff, Department of Family Medicine
McGuinness, Brian Joseph, Limited Staff, Department of Surgery, (General Surgery)
Mitroo, Varun, Limited Staff, Department of Radiology
Moore, Nancy Carroll, Limited Staff, Department of Pathology
Quarterman, Mark Johnson, Limited Staff, Department of Pathology
Singh, Sonia, Limited Staff, Department of Pediatrics
Thomas, Andrew McLean, Limited Staff, Department of Internal Medicine (General Medicine)
Tisone, Joseph Andrew, Limited Staff, Department of Pathology
Tranovich, Virginia Luisa, Limited Staff, Department of Pediatrics
Trela-Fulop, Kathleen Jean, Limited Staff, Department of Pediatrics
Wallington, Charlyce Janell, Limited Staff, Department of Pediatrics
White, Erik David, Limited Staff, Department of Pediatrics
Yunger, Jr., Thomas Matthew, Limited Staff, Department of Internal Medicine (General Medicine)

Medical Staff--Reappointments (The Ohio State University Medical Center)

July 1, 1995 through June 30, 1996

Benner, Daniel R, Physician Extender, Department of Internal Medicine (Hematology/Oncology)
Boyle, Jeffrey G., Limited Staff, Department of Obstetrics and Gynecology (Maternal and Fetal)
Choric, III, Louis Joseph, Limited Staff, Department of Ophthalmology
Davidorf, Jonathan Michael, Limited Staff, Department of Ophthalmology
Hanf, Thomas R., Limited Staff, Department of Family Medicine (Transfer from Department of Surgery)
Herta, Nancy L., Limited Staff, Department of Obstetrics and Gynecology
Horak, Holli A., Limited Staff, Department of Neurology (Transfer from Internal Medicine)
Hurlbutt, Thomas C., Limited Staff, Department of Neurology
Marar, Uma U., Limited Staff, Department of Internal Medicine (General Medicine)
Nguyen, Phoung D., Limited Staff, Department of Family Medicine
Olmo, Franklin A., Limited Staff, Department of Family Medicine
Rhine, Lorie A, Physician Extender, Department of Surgery (Thoracic and Cardiovascular Surgery)

Fox, Charity C, Attending Staff, Department of Internal Medicine (Rheumatology/Immunology)
Freedy, Lucy R, Attending Staff, Department of Radiology
Freimer, Miriam L, Attending Staff, Department of Neurology
Friedman, Chad I, Attending Staff, Department of Obstetrics and Gynecology (Endocrinology-Infertility)
Fuller, Roderick L, Courtesy Staff, Department of Surgery (Orthopedic Surgery)
Gaeuman, John V, Attending Staff, Department of Internal Medicine (General) (Also in Department of Preventive Medicine)
Garvin, J. Charles, Courtesy Staff, Department of Ophthalmology
Goldberg, Donald, Courtesy Staff, Department of Psychiatry

PERSONNEL ACTIONS (contd)

Medical Staff--Reappointments (The Ohio State University Medical Center) (contd)

July 1, 1995 through June 30, 1997 (contd)

Grosskinsky, Clemens M, Courtesy Staff, Department of Ophthalmology
Gupta, Bhagwandas, Attending Staff, Department of Anesthesiology
Hebert, Lee A, Attending Staff, Department of Internal Medicine (Nephrology)
Hedrick, Sterling W, Courtesy Staff, Department of Internal Medicine (Rheumatology/Immunology)
Hewitt, Geri D, Attending Staff, Department of Obstetrics and Gynecology
Hodgson, Sheila E, Attending Staff, Department of Radiology (Radiation Oncology)
Kelley, Michael T. Attending Staff, Department of Emergency Medicine (Also in Department of Pediatrics)
Kiecolt-Glaser, Janice K, Attending Staff, Department of Psychiatry (Health Psychology)
Kim, Moon H, Attending Staff, Department of Obstetrics and Gynecology (Endocrinology-Infertility)
King, Mark, A, Attending Staff, Department of Radiology
Kolibash, Albert J, Attending Staff, Department of Internal Medicine (Cardiology)
Larsen, Peter E., Attending Staff, Department of Dentistry (Oral and Maxillofacial Surgery)
Lebeiko, Carol H, Attending Staff, Department of Psychiatry (Child)
Leier, Carl V, Attending Staff, Department of Internal Medicine (Cardiology)
Little, Charles M., Attending Staff, Department of Emergency Medicine
Loar, Michael C, Courtesy Staff, Department of Pediatrics
Love, Charles J Attending Staff, Department of Internal Medicine (Cardiology)
Lozano, Rolando A, Courtesy Staff, Department of Pediatrics
Lynn, Deborah J, Attending Staff, Department of Neurology

Emeritus Titles

Professor Emeritus, effective July 1, 1995

ROBERT SHAY, Department of Art

Assistant Professor Emeritus, effective June 1, 1995

JUDITH A. WESSEL, Ohio State University Extension

Correction in Emeritus Title

Chairperson and Professor Emeritus

FREDERIC J. CADORA, Department of Near Eastern, Judaic and Hellenic Languages and Literatures

RESOLUTIONS IN MEMORIAM

Resolution No. 96-50

Synopsis: Approval of six Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

RESOLUTIONS IN MEMORIAM (contd)

H. Richard Blackwell

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 20, 1995, of H. Richard Blackwell, Professor Emeritus in the College of Optometry.

Dr. Blackwell was internationally renowned for his research in visibility and visual performance. His work formed the basis for the solution of many practical problems as disparate military strategy in World War II, determining the cause of traffic accidents, setting illumination standards for interior and exterior lighting, and testing visual functions both for screening purpose and in the course of optometric or ophthalmologic eye examinations. It was for these activities that he was honored by the War and Navy Departments, by the Optical Society of America, by the Industrial Medicine Association, by the Illuminating Engineering Research Institute, by the Illuminating Engineering Society of North America, and by the United States Committee for CIE (International Commission on Illumination).

He was Executive Secretary of the Armed Forces-National Research Council Vision Committee (1947-1958). He was professor of psychology, engineering, and ophthalmology at the University of Michigan and head of the Vision Research Laboratories there until 1958. Then he became Director of the Institute for Research in Vision at Ohio State University, as well as professor of physiological optics in the College of Optometry. For 18 years he was chairman of the Committee of Experts on Visual Performance of the International Commission of Illumination (CIE). He was also the inventor of a number of optical instruments for vision research and application in the field of illumination engineering as well as other applications involving visibility.

In 1983, he retired to Longboat Key, Florida, with his wife. When he was not walking, swimming, hiking in the mountains, dancing, and seeking out birds and wildflowers with his wife, he worked on a mathematical model for predicting visibility.

On behalf of the University, the Board of Trustees expresses to the family of Dr. Blackwell its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

John T. Davis

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 22, 1995, of John T. Davis, Professor Emeritus in the Department of Classics.

Professor Davis was born on December 15, 1942, in Columbus. He took his degrees in Classics at The University of Michigan, B.A. in 1964, M.A. in 1965, and Ph.D. in 1967. He completed his dissertation on Latin love poetry under the late Professor Frank Copley, one of the greatest American scholars in that field. While at Michigan, Professor Davis not only excelled as a student -- he was elected to Phi Beta Kappa -- but he also became head drummer in the Michigan marching band.

Professor Davis spent his entire 28-year career at Ohio State in the Department of Classics. He was an authority on Latin poetry, in particular the love poetry of Ovid, and wrote two well-received books as well as significant articles on Ovid and other Latin writers. He also directed the work on a number of Ph.D. and M.A. students in his chosen field.

Indeed, Professor Davis was one of the most effective teachers in the University both at the undergraduate and graduate level. Among his many activities, he created very innovative slide/tape programs and a workbook to facilitate the teaching of classical mythology. These remain in use at a number of universities around the country. He also created an audio-visual center (the Forbes Center) where the students could study the myths at their own pace. Through the use of these materials and through his own dynamic teaching, Professor Davis in his first years at the University developed Classics 222, classical mythology, into the biggest and most popular course on campus. He continued to teach this course annually until his retirement. It may be fair to say that he taught more undergraduate students during his career than perhaps any professor on campus.

RESOLUTIONS IN MEMORIAM (contd)

John T. Davis (contd)

While formally retiring this past summer because of ill health, Professor Davis had hoped to be able to continue his scholarly work and to aid in the transformation of his beloved Forbes Center from a tape/slide to computer format. It is a great loss to the field and to the students of this University that he was taken from us at so young an age.

On behalf of the University, the Board of Trustees expresses to the family of Professor Davis its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Carl R. Reese

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 29, 1995, of Carl R. Reese, Professor Emeritus in the Department of Zoology.

Professor Reese, who was born in 1900, was a pioneer in bird-song recording and analyses. In addition to 22 years of service to the University and the Zoology Department, Professor Reese taught for 19 years in the Columbus Public Schools.

Professor Reese was a World War 1 Navy veteran, USS Drayton, anti-submarine patrols. Dr. Reese received his Ph.D. from Ohio State in 1947 and began teaching at Ohio State on a full-time basis that same year.

He and Professor Donald Borrer were among the first to do spectrographic analyses of bird-song and coauthored several seminal papers in the area. His pioneering work with Borrer was cut short, when, in 1955, he was asked to be the first on-campus coordinator for the Agricultural Assistance Program to India.

After his retirement in 1970, Professor Reese enjoyed traveling and took great pleasure in the accomplishments and successes of his former students.

Professor Reese was a member of several professional societies, including the American Association for the Advancement of Science, Columbus Audubon Society, Sigma Psi, and was past president of the Wheaton Club.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Reese its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Mabel Spray

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 4, 1995, of Mabel Spray, Professor Emeritus of the Ohio State University Extension.

Professor Spray was born June 16, 1914, in Leopold, West Virginia. She received a BS in home economics from West Virginia University in 1937 and a MA from Columbia Teacher's College in 1954.

Professor Spray began her Extension career on September 16, 1943, as the Home Demonstration Agent in Richland County. On November 1, 1951, she became the Home Management Specialist. She held this position until July 1, 1958, when she became Extension Specialist, Family Economics and remained in this position until her retirement on June 30, 1970.

RESOLUTIONS IN MEMORIAM (contd)

Mabel Spray (contd)

Mabel's contributions in providing excellent Extension educational programs in home economics during her career earned her the respect and admiration of co-workers and associates throughout the state.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to her family. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees as an expression of the Board's heartfelt sympathy.

Robert G. Whiteus

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 26, 1995, of Dr. Robert G. Whiteus, Assistant Dean and Professor Emeritus in the Department of Veterinary Clinical Sciences.

A native of Coshocton, Ohio, Dr. Whiteus graduated from The Ohio State University College of Veterinary Medicine in 1952. He then received a clinical instructor position for a year, but was called to serve in the military during the Korean Conflict and was stationed for two years in Germany. Dr. Whiteus returned to Ohio State and the position of head of the Small Animal Outpatient Clinic.

In 1957, Dr. Whiteus earned a master's degree in hospital administration and taught a practice management course to senior veterinary students for several years. He was the principal planner, coordinator, and designer of the current Veterinary Hospital building which was completed in 1973. In 1971, Dr. Whiteus was appointed Director of the Veterinary Hospital, a position he held until becoming Assistant Dean of finances and personnel in 1984. Dr. Whiteus retired from Ohio State in December 1988.

On behalf of the University, the Board of Trustees expresses to the family of Dr. Whiteus its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Shimson Zimering

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 6, 1995, of Shimson Zimering, Associate Professor Emeritus in the Department of Mathematics.

Professor Zimering was a graduate of the University of Geneva; he earned his Ph.D. in Mathematics and Physics at the University of Brussels and did postdoctoral research at Harvard University.

Professor Zimering did significant research in physics, in applied mathematics, and in classical mathematical analysis, and published numerous articles in all three fields. Dr. Zimering joined the Mathematics Department of The Ohio State University in 1968, and remained in that department until his retirement in June 1995.

Professor Zimering was a dedicated teacher. His students recognized his sincere commitment to their education, filling his classes and referring to him affectionately as "Sam." He developed advanced courses to share his special insights with them. He was several times a finalist for the Outstanding Teaching Award.

On behalf of the University, the Board of Trustees expresses to the family of Professor Zimering its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

RESOLUTIONS IN MEMORIAM (contd)

Shimson Zimering (contd)

Upon motion of Mr. Celeste, seconded by Mr. Wexner, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Celeste, Colley, Skestos, Brennan, Patterson, and Ambassador Wolf.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

I would like to call on Dr. Hayes to give the Research Foundation Report.

Dr. Hayes:

A copy of the Report of the September 1995 Grants and Contracts of The Ohio State University Research Foundation was previously distributed to each Board member.

I would call your attention to Tab 1, expenditures from external sources are below last year by 8.9 percent for a total of \$44.5 million through September 30, 1995. About \$2.6 million of this lower expenditure rate is due to a technical change in the Department of Labor outlay rates on subcontracts to other institutions. If one corrects for this anomaly, the expenditure rate would be 3.5 percent below last year at this time.

Awards for the year are in excess of \$38.4 million or 28.9 percent below the July to September time period last year. A summary of the award totals is given in the second section of this report. Much of the reduction is due to the timing of new awards. However, some of the reduction in federal awards may be an early sign of program reductions in the FY '96 federal budget.

At Tab 3, four projects are highlighted and cover a broad range of scholarly research: 1) the acquisition of an atomic resolution analytical transmission electron microscope will enhance research on new and advanced materials; 2) the studies of chemopreventive agents, with support from the Cleveland Clinic Foundation, will explore dose levels for candidate compounds, as well as mechanisms of action; 3) this project will receive support from the Environmental Protection Agency to collect practical information on agricultural management practices for nutrient and pesticide applications; and 4) this project is made possible by a grant from the Ohio Division of Adult and Vocational Education. In this project, Emmalon Norland will carry out an evaluation of the Ohio Department of Education's adult basic and literacy education program.

In Tab 4 is a complete list of new awards received in August.
This concludes my report.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-51

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for September 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

REPORT OF RESEARCH CONTRACTS AND GRANTS (contd)

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of September 1995 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

First I would like to introduce the student member of the President's Council, Mara Levine. Mara, would you please stand and be recognized? Thank you for coming today.

The Committee met yesterday and along with members of the Student Activity Fee Committee, heard a presentation from Eric Busch, Assistant Vice President of Student Affairs, regarding the issues surrounding the feasibility of and need for a student activity fee. Mr. Busch distributed information, noting that every Big Ten university, except Ohio State, currently has a student activity fee of some kind, funding everything from student organizations to entertainment programming to student legal services.

This information, along with data relevant to this campus, will serve as the basis for discussion in the Student Activity Fee Committee to answer two key questions: 1) is it desirable to create a student activity fee out of part of what is currently the general fee?; and 2) if so, what should that fee entail and how can it be designed so that students will have a greater voice over it?

Those are the primary issues that committee will be exploring over the next few months, but let me emphasize that we are not necessarily talking about a fee that is in addition to what students already pay. We will simply be trying to see if it is feasible to give students a larger voice over the student-related portion of the general fee monies.

At today's meeting we heard reports on Homecoming and the 125th Anniversary, both of which contributed to making October such an exciting month here at the University. The Committee also heard from our student government leaders and I am pleased to report -- which David has already mentioned -- on behalf of Kevin Sheriff, that we now have a student-run radio system on campus that is on the air and running very well. And, David, Kevin informs me that he would like you and Andy to do your jazz show from Southern California in a couple of months. He is waiting to surprise you, I think.

In addition, the Interprofessional Council has also been very active. Their most significant news is that they are now receiving funding for their officers, which puts them on an even plane with our other student government leaders.

At this time, I would like to call on Bill Wahl, Manager of the Parent Association to deliver a report. Bill --

REPORT ON THE PARENT ASSOCIATION

Mr. Bill Wahl:

Thank you. I thought I would take just a very brief period of time to bring you up to speed on our Parent Association. This is something that is relatively new here at the University. Dr. Gee had a parent association at Colorado, and I received a call one day to start a parent association here at the University and I did.

The Parent Association is three and a half years old at this point. We have a Board of Advisors and it is composed of 20 parents and up to eight University representatives, including a student representative on our Board. Our mission is to provide opportunities for parents and guardians to become partners with the University in the educational experience of their students and provide a link to campus life and information about the University.

We have over 600 families in the Association and find that most of our parents join during summer orientation. Every year we send out renewal notices and most years we get 70 percent of the folks coming back to be a part of our Association.

The Office has an 800-number and we find that an average of 25 calls per week come into our 800-number. Lots of moms and dads call us with questions and concerns, many times we can solve those problems within our Office and a lot of times we end up sending them to other offices for more information.

Within the last couple of months, the new Student Advocacy Office has really helped us out. Mary Basinger and I are working very closely together with the students and the parents, as a group. Our parents love to volunteer for a wide variety of University projects -- you get mothers and fathers who want to see what is going on here -- and they do get involved. Every year they volunteer at the summer orientation for our new students coming in. During orientation, our Association Office provides a reception every evening, and mothers and fathers who are a part of the Association take time to come in and greet the new moms and dads who are arriving on campus -- make them feel more comfortable with what we are as a University. Many times they strike up friendships immediately.

We also assist with move-in. When Bill Hall gets started with move-in for Autumn Quarter, we get involved in several ways: we provide an opportunity for our parents, who are a part of our Association to be there, again, to greet our parents coming in, while the students are picking up keys or whatever. A couple of years ago, I asked moms if they would like to bake some cookies and this year we had about 3,000 home baked cookies for our new parents as they came to the French Field House. They thoroughly enjoyed it.

Parents' Weekend is the largest event that the Association Office directs. This weekend was just held October 13-15. The first four Parents' Weekends that we had were held about three-quarters of the way through Spring Quarter and were never well attended, just a modest amount of individuals. This spring when we held Parents' Weekend, we had only about 750 parents and guardians attend. So we moved Parents' Weekend to Autumn Quarter and it was really successful -- almost 1,800 guests were in attendance. Parents, guardians, some grandparents, and several hundred siblings, younger brothers and sisters, came to see what our University was all about.

At our Parents' Weekend we did several things. On Friday, we had a downtown experience to give our mothers, fathers, and guardians a chance to see Columbus. Saturday included: participation in the campus clean-up, and several of my parents went along with Dr. Gee on the clean-up; tours of the campus, the Greek area, and the Woody Hayes practice facility; and the afternoon was dedicated to a tailgate party in the French Field House.

REPORT ON THE PARENT ASSOCIATION (contd)

Mr. Wahl: (contd)

In just a moment you will see a very short video of some of the things that happened during Parents' Weekend. Our parents were treated to a variety of student entertainment: there was a dance group; we watched the Buckeyes on large screen televisions as they beat Wisconsin, and the parents loved that as well; we had a cookout for the parents; and a variety of other things. The evening entertainment included: a Glenn Miller Swing Band and a chance for the parents to see the Buckeye Basketball Midnight Madness in St. John Arena. There was a kind of electricity in the crowd that you will see.

Sunday morning we had a brunch in the Ohio Union, which included the presentation of the Parent of the Year Award and a speech by Dr. Gee. The video that you will see was produced by Act 1, a company in Columbus, and they spent most of Saturday night editing the video that they took Saturday. On Sunday, the parents were in the Union and they got to see the video of themselves immediately, which was a pleasant surprise.

I really do want to take one moment to thank David Williams for his support and Eric Busch who really gave a lot of advice and guidance to this weekend. Eric spent some time with me and we really worked on trying to improve communication with the parents. Again, the video was conceived and executed by Eric, in conjunction with Act 1. Steve, if you will roll the video.

[Video presentation of the Parents' Weekend.]

I think that you can see that our parents and guardians had a wonderful weekend and the Association is moving forward. In the next few years, you will be hearing much more from us. Thank you.

Mr. Smith:

If there are no questions for Bill, thank you very much for coming that was a great presentation.

STUDENT RECOGNITION AWARD

Mr. Smith:

I would now like to call on Holly Smith, Student Trustee, to present the Student Recognition Award this month. Holly --

Ms. Holly Smith:

Thank you, Tom. I am very honored to recognize Arnita Marie Stanford, as this month's recipient of the Student Recognition Award. Arnita has exemplified outstanding service to The Ohio State University and to the community. She is a senior pharmacy major at Ohio State and plans to graduate Winter Quarter 1996, with a minor degree in Family Relations and Human Development.

Arnita has been both a dedicated and active leader at Ohio State serving as the president of the Student National Pharmaceutical Association and the Ohio State chapter of Phi Lambda Sigma, a national pharmacy leadership society.

STUDENT RECOGNITION AWARD (contd)

Ms. Smith: (contd)

Not only has Arnita been very active at Ohio State, but she has also exemplified outstanding service to the children in our community. Arnita currently directs the pharmacy program entitled, "Katy's Kids." Katy's Kids is an educational program which teaches local elementary children about responsible and appropriate medication use. This program stresses that medicine is not candy and that medicine could be dangerous if taken incorrectly.

In addition, Arnita is one of Ohio State's excellent scholar athletes. She is a member of the track team and currently holds Ohio State's women's outdoor track record of 56.97 seconds in the 400-meter hurdles and the French Field House record for the 55-meter hurdles with a time of 7.77 seconds. To top off this impressive record, Arnita placed sixth in the semi-final 400-meter hurdles during the 1992 Olympic trials.

Arnita is clearly an outstanding example of a student who has demonstrated excellence in her leadership roles at Ohio State and her commitment to community service. Arnita, the Board would like to commend you for your service to elementary school children and for your service to this University by presenting you with the Student Recognition Award.

Ms. Arnita Stanford:

I would just like to thank the Board of Trustees, President Gee, the Dean of our College, my husband, and Dr. Ken Hale. Thank you.

Mr. Smith:

Congratulations, Arnita, and thank you, Holly.

(See Appendix XV for Student Recognition Award, page 401.)

Mr. Smith:

I would like to, again, call on Holly Smith to present the Amendments to the Student Trustee Selection Process.

Ms. Smith:

There are several proposed changes to the Student Trustee Selection Process, but they are in no way a drastic departure from the previous process that we have had in place. I would like to briefly explain to you the changes that have been made.

First of all, the Student Trustee Selection Process would become a one committee process where in previous years there have been both a screening and interviewing committee. It was believed that the one committee structure would allow for the continuity of criteria from the screening portion of the process to the interviewing portion of that process.

Secondly, a document entitled "The Specific Guidelines for the Student Trustee Selection Process" would provide both a framework and suggestions for implementing the selection process. These guidelines are meant to clarify the coordination and procedural aspects of this process. In addition, applications would be made available to students by December 1, allowing for an increased time interval for students to fill out and complete their applications.

The fourth change is that the coordination of the Student Trustee Selection Process

would alternate each year between the Undergraduate Student Government president and the joint leadership of the Council of Graduate Student president and the Interprofessional Council president. We believe that this will provide an opportunity to utilize the resources from both CGS and IPC, and the coordination of the selection process for the graduate student trustee.

Finally, if a dispute should arise concerning the coordination and/or procedures of the Student Selection Process, the Student Affairs Committee jointly with the three student governments would resolve this dispute. This provides a mechanism for disputes to be resolved in a timely and efficient manner.

The Student Affairs Committee has reviewed these proposed changes and would like to recommend them to the Board for their approval. Thank you.

**AMENDMENTS TO THE STUDENT TRUSTEE
SELECTION PROCESS**

Resolution No. 96-52

WHEREAS on September 2, 1988, the Board approved a procedure for Selection of Student Trustees, which was subsequently amended on February 2, 1992; and

WHEREAS the Student Affairs Committee of the Board of Trustees formed a Student Trustee Selection Process Committee to review the selection of student trustees, consulting with the Board, and determining an appropriate method to revise the selection process; and

WHEREAS the Student Trustee Selection Process Committee has met and revised the selection process, with the approval of the three student governments, as follows:

- A. The Application Process. The three student government presidents will meet in November to finalize the student trustee application. They shall determine the format of the application, the application deadline, and other dates pertaining to the student trustee selection process.
- B. The Student Trustee Selection Committee. Each student government shall appoint a maximum of three members to serve on the Student Trustee Selection Committee [Committee]. The Vice President for Student Affairs will appoint one faculty member and one administrator who will serve as non-voting members.
- C. The Screening Process. The Committee will review all applications and forward a select group for interviews.
 1. A quorum shall be constituted by two-thirds of the voting members of the Committee.
 2. The Committee shall develop written procedures and criteria by which all nominees will be considered.
- D. The Interviewing Process. The Committee will conduct interviews over a two-week period.
 1. A quorum shall be constituted by two-thirds of the voting members of the Committee.
 2. The Committee shall develop the written procedures and review the criteria by which all nominees recommended by the Screening Process shall be interviewed and evaluated.
- E. The Selection Process.
 1. Upon completion of all interviews and evaluations, the Committee will select a slate of five students to be presented to the Governor of the State of Ohio by March 1.

AMENDMENTS TO THE STUDENT TRUSTEE

SELECTION PROCESS (contd)

2. One of these students will be appointed to the Board of Trustees by the Governor.

NOW THEREFORE

BE IT RESOLVED, That the amendments to the Student Trustee Selection Process be approved, effective immediately.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

(See Appendix XVI for Specific Guidelines for the Student Trustee Selection Process, page 403.)

--0--

AGRICULTURAL AFFAIRS COMMITTEE REPORT

Mr. Patterson:

This morning we heard a report on CQI within the College of Food, Agricultural and Environmental Sciences.

The College CQI Committee has identified issues with the help of a Values Survey coupled with information from Project Reinvent. Through a priority process, the top identified problems and issues are now to be tackled by work teams. A CQI resource team has been formed with the purpose of coordinating common needs, supporting access to continued learning, and acting as an information broker, as well as serving as an advocate for the work teams. These work teams, using CQI principles, have started forming throughout the College. The Vice President's Administrative Cabinet has started the process with a fall retreat and has recently been organized into three teams: leadership, red tape, and identifying our customers.

The Department of Agricultural Engineering has identified its own resource team and the Department of Agricultural Economics has also started working with CQI tools. A recent CQI retreat was also held for OARDC Administrative Cabinet and Ohio State University Extension administration worked through the process at a fall meeting. The OSU Extension Administrative office will be forming their team and implementation should begin in December.

Mr. Chairman, I also would just like to pyramid -- in Dr. Schuller's report this morning he made note that the James Cancer Hospital is now working with the Ohio State University Extension Service. This is something the Extension Service views as a very exciting new endeavor and is looking forward to as they work with all phases of the University.

Thank you.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

Mr. Chairman, our Committee met this morning and received a report from Vice President Shkurti on the enrollment. We also heard a report on faculty/staff benefits from Vice President Tom. At this time, I would like to call upon Vice President Pichette to present three resolutions for our vote this morning.

Ms. Pichette:

The three resolutions are as follows:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS**

Resolution No. 96-53

DOAN HALL - LABOR AND DELIVERY UNIT
UNIVERSITY HOSPITALS - EMERGENCY POWER SYSTEM

Synopsis: Authorization to employ architectural/engineering firms and request construction bids for the Doan Hall - Labor and Delivery Unit and acceptance of the report of award of contracts for the University Hospitals - Emergency Power System project are proposed.

WHEREAS University Hospitals desires to complete approximately 19,000 square feet of shelled-in space and renovate approximately 12,500 square feet of existing space on the sixth floor of Doan Hall to create one contiguous labor and delivery unit; and

WHEREAS the total estimated project cost is \$4,900,000 and the total estimated construction cost is \$4,150,000, with funding provided by University Hospitals; and

WHEREAS a resolution adopted by the Board of Trustees on October 2, 1992 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to recommend the award of contracts for the University Hospitals - Emergency Power System project:

University Hospitals - Emergency Power System

This project updated a 1989 emergency power study and initiated action to upgrade and consolidate the Hospitals' emergency power system. The total project cost is \$4,230,820; funding is provided from University Hospitals. The estimated completion date is May 1997. The contracts awarded are as follows:

General Contract:	Cody Zeigler, Summit Station, Ohio
Amount:	\$1,147,000
Estimate:	\$1,153,000
Plumbing Contract:	Farber Corporation, Columbus, Ohio
Amount:	\$151,020 * +
Estimate:	\$135,300 *
HVAC Contract:	Farber Corporation, Columbus, Ohio
Amount:	\$189,100 * +
Estimate:	\$182,500 *
Electric Contract:	Accurate Electric Construction, Columbus, Ohio
Amount:	\$2,143,500 *
Estimate:	\$2,239,500 *

EMPLOYMENT OF ARCHITECTS/ENGINEERS AND

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS (contd)**

**DOAN HALL - LABOR AND DELIVERY UNIT
UNIVERSITY HOSPITAL - EMERGENCY POWER SYSTEM (contd)**

Contingency Allowance: \$263,650 (7.3% of construction cost)

Total Project Cost: \$4,230,820

* Recommended alternates included in these totals.

+ The Plumbing and HVAC Contracts are in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Doan Hall - Labor and Delivery Unit and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on the Doan Hall - Labor and Delivery Unit in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by this Board, the report of award of contracts and establishment of contingency funds for the University Hospitals - Emergency Power System project is hereby accepted.

(See Appendix XVII for map, page 409.)

PURCHASE OF REAL PROPERTY

Resolution No. 96-54

**1.428 ACRES SOUTH OF KINNEAR ROAD
COLUMBUS, OHIO**

Synopsis: The Fiscal Affairs Committee recommends authorization to purchase 1.428 acres of vacant real property in the Kinnear Road corridor adjacent to University owned property along Kinnear Road.

WHEREAS The Ohio State University owns property in the West Campus Research Park area that is transversed by railroad sidings owned by CSX Transportation, Inc.; and

WHEREAS CSX has discontinued rail service in the area and desires to dispose of its rights of way, both owned and held by easement; and

WHEREAS acquisition of this property would be of strategic value to the University by removing physical and legal barriers for University operations requiring crossings of CSX property and providing land for needed parking and driveway access at 1275 Kinnear Road; and

PURCHASE OF REAL PROPERTY (contd)

1.428 ACRES SOUTH OF KINNEAR ROAD
COLUMBUS, OHIO (contd)

WHEREAS the property has an appraised value of \$90,000.00, and CSX has offered to sell the property to the University for \$50,000.00; and

WHEREAS the appropriate University offices have determined that the purchase of this property is in the best interest of the University; and

WHEREAS funds for the purchase will be provided from Research Park funds to be repaid through Research Park operations at 1275 Kinnear Road:

NOW THEREFORE

BE IT RESOLVED, That the President and/ or the Vice President for Business and Administration be authorized to purchase, in the name of the State of Ohio for the use of The Ohio State University, the 1.428 acres of vacant land adjacent to and east and south of 1275 Kinnear Road for \$50,000.00 and to acquire easement rights along Kinnear Road from CSX Transportation, Inc., upon such terms and conditions as are deemed to be in the best interest of the University, subject to the University receiving the necessary approvals from the Ohio Board of Regents and the State Controlling Board.

(See Appendix XVIII for background information and map, page 413.)

**USE OF LAND AT THE LIMA REGIONAL CAMPUS
BY LIMA TECHNICAL COLLEGE**

Resolution No. 96-55

Synopsis: The Ohio State University-Lima Board and the Fiscal Affairs Committee recommend the approval of Lima Technical College's use of land at the Lima Campus for the construction of an Engineering and Technologies Laboratory.

WHEREAS in support of Lima Technical College's academic program, the College desires to build a new Engineering and Technologies Laboratory; and

WHEREAS this facility will require approximately 1.3 acres of land, with an additional .5 acre for joint use site landscaping, and this land is located on the University's Lima Campus; and

WHEREAS construction of this facility will displace current intramural facilities and the College has agreed, within two years of the start of construction, to replace these intramural facilities at a site to be approved by the Dean and the office of the University Architect and Physical Planning; and

WHEREAS the University and the College have agreed to cooperate in the support of each entity's programs; and

WHEREAS The Ohio State University-Lima Board recommended approval of this use of University land at their meeting on October 12, 1995; and

WHEREAS use of University land for the construction of this facility is in the best interest of the University and the College:

NOW THEREFORE

**USE OF LAND AT THE LIMA REGIONAL CAMPUS
BY LIMA TECHNICAL COLLEGE (contd)**

BE IT RESOLVED, That the President and/or the Dean of The Ohio State University at Lima and the Vice President for Business and Administration be authorized, in the name of the University, to enter into a Memorandum of Understanding authorizing the Lima Technical College to construct its Engineering and Technologies Laboratory on the University's Lima Campus.

(See Appendix XIX for map, page 417.)

Upon motion of Mr. Shumate, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Skestos, Brennan, Patterson, and Ambassador Wolf.

--0--

AUDITOR'S REPORT

Mr. Shumate:

Mr. Chairman, our Committee also met yesterday to review the Auditor's Report and the Fiscal Year 1995 financial reports. Again, I would like to call upon Vice President Pichette to provide us with a brief summary of yesterday's presentation.

Ms. Pichette:

The University now is in the final year of a five-year contract with Coopers and Lybrand for the annual audit of the University. Coopers and Lybrand has completed the audit for FY '94-'95 and we are submitting that for your acceptance. There was a detailed presentation of the report to the Fiscal Affairs Committee yesterday.

I would stress that the presentation of the Audit Report has been a joint collaboration effort of the Offices of the Internal Auditors, Controller's, and Coopers and Lybrand. On behalf of Bill Shkurti and myself, I want to acknowledge the fine work that both the Office of Internal Auditors, directed by Aletha Shipley, and the Controller's Office, lead by Greta Russell, have done in coordinating this annual audit effort. They have both responded especially well to the challenge given that this is their first year or using the term "new experience" at Ohio State.

I would like to ask Aletha to introduce the external auditors and present the summary presentation.

Ms. Aletha Shipley: [Overhead presentation]

Thank you, Ms. Pichette and Mr. Chairman. As you know, the University has a five-year contract with Coopers and Lybrand for the annual audits of the University through the Fiscal Year, which ended June 30, 1995. I believe it was my third day on the job that we kicked off this audit process for the year and yesterday, after a little over six months, we presented in detail the financial results for the 1994-95 Fiscal Year. Today we will briefly summarize items that were discussed in that presentation.

To address the Board today, I am accompanied by Mr. Mike Fleitz, a partner with Coopers and Lybrand, and Ms. Greta Russell, University Controller. Our presentations will be made in two-parts: 1) Ms. Russell will give a summary of the financial results for the 1994-95 Fiscal Year; and 2) Mr. Fleitz will give the external auditors' summary.

Before I ask Ms. Russell for the financial summary, I would, again, like to thank Mr. Fleitz and the staff of Coopers and Lybrand for their efforts. The audit went smoothly

AUDITOR'S REPORT (contd)

Ms. Shipley: (contd)

and was completed in a timely manner with a September 15 report date and anticipated completion of remaining reports within the next month. Again, we received an unqualified and clean opinion.

I would also like to thank Ms. Pichette and Mr. Shkurti for their support and last, but not least, I would like to recognize the efforts of all of the external auditors' staffs, the internal auditor's staff, the staff of the Office of the Controller, and all of the fiscal officers and administrative associates in the various colleges, offices, and departments within the University that participated in the audit process.

I would now like to introduce Ms. Greta Russell, University Controller, for the financial summary for Fiscal Year 1995, followed by Mr. Mike Fleitz with his summary of the external auditors' reports.

Ms. Greta Russell:

Thank you, Aletha. Mr. Chairman, today we would like to take the opportunity to hit the highlights for the financial for 1994-95. First we would like to look at the University in total. We had revenue of \$1.8 billion, 65 percent in current unrestricted funds --which are the operating funds of the University -- made up of state appropriation, tuition, Hospitals, and auxiliaries; expenses of \$1.6 billion, resulting in an increase in our equity position of \$172 million; assets of \$3.1 billion; and equity of \$2.6 billion, with \$2.1 billion made up in plant.

To look at a closer view of our Education and General of the revenue that came in we had state appropriations of 33 percent; tuition and fees of 25 percent; private support of 13 percent; federal support of 18 percent; sales and service of 4 percent; and others of 7 percent. I would just like to highlight that our private support this year went up 10 percent.

A closer look at our federal support -- as was noted earlier by Dr. Hayes, we are experiencing a flat in federal support. We received 77 percent of our federal support from four agencies: HHS - 31 percent; Education - 20 percent; Agriculture - 15 percent; the National Science Foundation - 11 percent; Defense and Labor - 5 percent each; and the other agencies make up 13 percent. With the federal government's goal of a balanced budget there is an uncertainty as to the growth of our federal funds. So as we look to the future, as you know, half of our students receive student aid support. If we take the total students we have enrolled at this point, over 27,000 of our students receive some kind of federal support.

As we look to the uncertainty of the federal government, it means that we will have to look at others for our support. When you take into consideration that tuition and fees are capped at six percent, our state support has been level for the last three years at about 33 percent. That says that we didn't start none to soon with our campaign for private support and that is where we have to experience our growth. As I mentioned before, this year private support went up and it went up enough to move private support from 12 to 13 percent of our overall revenue.

Looking at how we expended our money in Education and General: 45 percent went to instruction; 18 percent went to research; 8 percent went to public service; 8 percent went to academic support -- that is our libraries; student service accounted for 3 percent; and scholarships and fellowships were at 6 percent.

To highlight scholarships and fellowships, they went up 11 percent. If we look at the trend for the last 10 years up to 1994, we had experienced a growth in scholarships and fellowships of about 8.7 percent, so it was certainly gratifying to see that this

AUDITOR'S REPORT (contd)

Ms. Russell: (contd)

year we were able to contribute 11 percent of our expenditures to scholarships and fellowships. The other 12 percent is of other support and mandatory transfers which is our debt seeking fund.

Looking at our equity and the revenue growth of our equity in the last 10 years, you will see that our unrestricted has continued to grow, as well as our restricted. The downturn that you see in 1989 and 1992, were the result of the Early Retirement Incentive Programs. As you can see even though we had an Early Retirement Incentive Program this year, we were able to sustain and continue to grow because of our revenues and be able to sustain the \$37 million that it took to fund that early retirement. So we didn't have a downturn this year because of that Early Retirement Incentive Program.

Just to see that we are able to meet our bills, this overhead is a look at our liquidity ratio which indicates the relative liquidity of the University. It is a fundamental indicator of our financial strength. A one-to-one ratio indicates that an institution has sufficient liquid assets to satisfy all related liabilities and plant debt. As you see, we are 1.87 to 1, so that certainly says that we are able to meet our liabilities and debt.

Another ratio I ask that you consider is the current operation support ratio. This ratio measures the ability to support current operations from available resources without using future resources. The average industry ratio is .30 to 1 and Ohio State is .29 to 1, that is consistent with Fiscal Year 1994. We expected this ratio to go down, to decrease dramatically, due to the early retirement incentive, but as you can see it did not, and that was because of the equity growth that we sustained this year.

In conclusion, I would just like to say that the University is certainly healthy from a financial standpoint. We have constant state growth at 33 percent, the federal growth is an uncertainty, and our tuitions are capped at 6 percent. So that means growth has to come from private support.

With that, Mr. Chairman, I conclude my report.

Ms. Shipley:

Thank you, Greta. Mike --

Mr. Mike Fleitz:

Thank you, Aletha. Mr. Chairman, being near the end of the agenda today, I will be brief. I would first point you to the blue document that you should have in your packet entitled, "Report on Audit of Financial Statements." On page I of that document is our report on the audit of the University's financial statements and, as Aletha mentioned, it is a clean and unqualified opinion.

I would state that as a result of the hard work done by Greta in her first year as Controller of the University, and Mark Hilligoss and the rest of the Controller's office staff, in preparing the financial statements we were able to complete the audit in a timely fashion and sign off by September 15, as you see at the bottom of that report.

Also in your packet, you should see a white document entitled, "Matters Related to the 1994-95 Audit of the University," which really summarizes the detailed results of the audit. That document was, again, discussed in detail with the Fiscal Affairs Committee yesterday and I would only make two comments with regard to that document this morning.

AUDITOR'S REPORT (contd)

Mr. Fleitz: (contd)

First of all, the audit of an institution of your size is a very extensive and long project. As Aletha mentioned, it runs for about six months. This year's project involved the collaborative efforts of the Internal Auditor's department, two sub-contracting firms, Manoranjan & Jayanthan, Inc., and Parms & Company, in addition to Coopers and Lybrand. So it is a rather large project.

The agenda for yesterday's meeting is presented on the screen and I would move on the summary of significant recommendations which is on page 7 of the document that you have. We make a number of recommendations as a result of the audit and they deal with issues from the departmental level to looking at the University on a University-wide basis or campus-wide basis.

I would focus your attention on the last bullet of that slide and as you see there is a comment that we have made in prior years and it has received a lot of discussion relative to the University's information and technology environment. That comment dealt with our belief that the University needed to upgrade its financial systems.

As you can see, we have indicated that we feel that comment is no longer applicable. That really reflects the progress that has been made by your ARMS Steering Committee, the University's management, and your external consultant, headed toward really upgrading your financial systems.

As we discussed yesterday with the Fiscal Affairs Committee, you are headed toward probably the most challenging piece of that project, the implementation phase. We would only reemphasize today that as management faces that challenge, we would certainly encourage the Fiscal Affairs Committee and the Board to support them through that process. That will be a significant challenge.

With that, that concludes my comments. I would say on behalf of Coopers and Lybrand, we are in the final stages of our five-year contract with the University. It's been our pleasure to be of service to you and we look forward to an opportunity to serve you in the future. Thank you.

Mr. Shumate:

Are there any questions? If not, Mr. Chairman, I would like to move acceptance of the report of audit recommendations and responses. I am very pleased that this is an unqualified and clean report.

**ACCEPTANCE OF THE REPORT OF AUDIT
RECOMMENDATIONS AND RESPONSES FOR 1994-95**

Resolution No. 96-56

Synopsis: The report of the audit recommendations and responses for The Ohio State University for 1994-95 conducted by Coopers & Lybrand is recommended for acceptance.

WHEREAS in April 1991, with the approval of the Auditor of State, The Ohio State University entered into a five-year agreement with Coopers & Lybrand for an annual audit of the University for fiscal years 1990-91 through 1994-95; and

WHEREAS the Coopers & Lybrand audit of the University for 1994-95, meeting the requirements of the Auditor of State, has been received and the accounts, records, files, and reports of the University have been found to be in satisfactory condition, but certain recommendations have been included in the audit report; and

**ACCEPTANCE OF THE REPORT OF AUDIT
RECOMMENDATIONS AND RESPONSES FOR 1994-95 (contd)**

WHEREAS the auditors' recommendations have been studied by the appropriate University offices, and procedures and responses have been developed as a result of the recommendations:

NOW THEREFORE

BE IT RESOLVED, That the report of the Coopers & Lybrand audit for The Ohio State University for 1994-95 (including the report on the audit of the University's financial statements; and the summary of significant recommendations to management) and the management responses to the recommendations be accepted.

Upon motion of Mr. Shumate, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Skestos, Brennan, Patterson, and Ambassador Wolf.

--0--

Mr. Shumate:

Mr. Chairman, there is one additional resolution this morning on the Authorization of Funding for Campus Partners. At this time, I would like to call on Vice President Williams to lead us in this discussion.

Professor Williams:

You have an Authorization of Funding for Campus Partners in front of you. Just very briefly -- and I would like to ask Mr. Shkurti to help with any questions you may ask -- this resolution is for \$28 million over five years and for the Board of Trustees to approve the authorization of that funding.

It is a clear understanding that before any money will be released for Campus Partners' initiatives, there will be plans submitted and approval by an internal committee, which will comprise of myself, Vice Presidents Pichette, Shkurti, and Trethewey, and Senior Vice Provost Ray. We are in the process of trying to phase out the plan, to try to come back to the Board with different phases, with partners for these projects. We foresee coming back next month with at least the first plan of our first phase.

Bill, you might want to talk about where the money is coming from.

Mr. Shkurti:

The money, as David mentioned, is up to \$28 million over five years. The details, as David mentioned, will follow next month and beyond that. Our preliminary plans are that \$25 million of the \$28 million would come from the Endowment for investment in physical assets, such as land. It is not new for the Endowment to invest in land, the Endowment currently owns land worth about \$44 million.

The difference then between the \$25 million and \$28 million, is an additional \$3 million that will come from restricted gift money for investment of people. That includes seed money for our faculty to become involved in some of the issues involving Campus Partners and East of High Street, and also for the administrative cost of Campus Partners.

The other thing that I would say regarding the financial commitment is that it is a significant financial commitment. It also has a significant benefit that could help the University for years to come, both in terms of recruiting the best students -- who are our lifeblood -- and excellent academic programs, which we do have. But our surveys are showing that the students also want a physical environment that they are

November 3, 1995 meeting, Board of Trustees

comfortable in and this project provides that opportunity. It is also the opportunity to protect the investment in our main campus by protecting our borders of which the east side of High Street is an important part.

Professor Williams:

We would be happy to entertain any questions.

Mr. Shumate:

Are there any questions?

**AUTHORIZATION OF FUNDING
FOR CAMPUS PARTNERS**

Resolution No. 96-57

Synopsis: Authorizes up to \$28 million in funding for Campus Partners Initiatives from investment of endowment funds and expenditure of unrestricted gift money.

WHEREAS the success of the Campus Partners Initiatives is in the best interests of The Ohio State University, its students, faculty and staff; and

WHEREAS the revitalization of the area East of High Street will benefit the entire University community and the citizens of the City of Columbus for many years to come; and

WHEREAS the Campus Partners Initiatives present meaningful opportunities for collaborative programming between academic units and support units of the University and the constituent groups and institutions within the East of High Street area; and

WHEREAS the Campus Partners Initiatives depend for their success on significant investment by the University and by the City of Columbus, the State of Ohio, the business community and other public and private investors; and

WHEREAS the University's investment in Campus Partners Initiatives is premised upon the basic principles that such investment

- a. Will serve as a catalyst to attract other sources of funding and not as a substitute for other support;
- b. Will be directed to revitalization efforts in the immediate vicinity of the University generally described as East of High Street; and
- c. Will support initiatives that directly benefit OSU students, faculty and staff:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University Board of Trustees authorizes funding support for investment in Campus Partners Initiatives from endowment and unrestricted gift money, not to exceed the amount of \$28 million over the next five years; and

BE IT FURTHER RESOLVED, That any release of the authorized funds will require the prior approval and recommendation of an internal review committee of the University administration and the specific approval by resolution of The Ohio State University Board of Trustees.

Upon motion of Mr. Shumate, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Skestos, Brennan, Patterson, and Ambassador Wolf.

--0--

November 3, 1995 meeting, Board of Trustees

Thereupon the Board adjourned to meet Friday, December 1, 1995, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Robert M. Duncan
Secretary

Milton A. Wolf
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND EIGHTEENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 1, 1995

The Board of Trustees met at its regular monthly meeting on Friday, December 1, 1995, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

December 1, 1995 meeting, Board of Trustees

The Chairman, Ambassador Wolf, Ph.D., called the meeting of the Board of Trustees to order on December 1, 1995, at 11:15 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Leslie H. Wexner, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

Mr. Chairman, the Investments Committee met earlier this morning and received reports from Mr. May and Mr. Nichols relating to the University Development Campaign and the Treasurer's Report. At this juncture, Mr. Nichols will relay the Treasurer's Report.

Mr. Nichols:

Thank you, Mr. Colley. This report is for the period October 20 through November 17. Market value of the Endowment on November 17 was \$589.6 million, which is another all-time high. This is approximately \$5.5 million above the number I reported to you last week. The equity portion increased \$4.1 million, the fixed income portion increased \$900,000 during the reporting period, and net new additions total \$1.7 million.

Since July 1, the Endowment has increased \$33.8 million, including net new additions of \$7.8 million. Current asset allocation is 63 percent in equity, 23 percent in fixed, 7 percent in real estate, and 7 percent in cash.

The Investments Committee also reviewed the Investment Managers' Fee Schedule and the individual Investment Managers' performance for 1995 and further back, and discussed the Endowment's current asset allocation.

In October, in a long afternoon meeting, and again in November, in a long afternoon meeting, the Investments Committee had their annual review of both equity and fixed income managers. And as a result of that, under the Investments tab there is a resolution concerning approval of Investment Managers, which includes asset allocation changes and changes in Investment Managers. This resolution is presented for your consideration.

Judge Duncan:

Mr. Chairman, it is my understanding that Ambassador Wolf and Messrs. Shumate, Skestos, Sofia, and Patterson will be abstaining on this vote.

APPROVAL OF INVESTMENT MANAGERS

Resolution No. 96-58

Synopsis: The Investments Committee recommended the approval of Investment Managers.

WHEREAS it is the policy of The Ohio State University to utilize the services of external investment Managers to assist in the management of the University's Endowment Fund; and

WHEREAS the Investments Committee of the Board of Trustees periodically reviews the results obtained by the external Investment Managers and the amount of funds assigned to each of them; and

APPROVAL OF INVESTMENT MANAGERS (contd)

WHEREAS it is prudent investment policy to adjust the allocation and amounts of money assigned to external Investment Managers as economic conditions and performance change; and

WHEREAS the Investments Committee has also directed the Treasurer to maintain University Managed equity funds which primarily consist of gifts and a University Managed Fixed Income fund which consists of GNMA's, U.S. Treasury & Agency Securities; and

WHEREAS the number of external Investment Managers and the amount of funds assigned to them and the Treasurer shall be determined by the Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That upon the recommendation of the Investments Committee of the Board of Trustees the following named external Investment Managers and the Office of the Treasurer shall be approved to manage Endowment Funds as follows:

<u>Manager</u>	<u>Allocations</u>	<u>Date</u>	<u>Market Value as of 11/17/95</u>
Banc One Investment Advisors (Fixed Income)	<u>\$10,000,000</u> <u>\$10,221,032</u>	6/95

			<u>\$74,754,806</u>

* Numerous dates due to receipt and sale of gifts.

** Temporary reduction.

Upon motion of Mr. Colley, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution with four affirmative votes cast by Messrs. Wexner, Celeste, Colley, and Brennan, and five abstentions by Messrs. Shumate, Skestos, Sofia, and Patterson, and Ambassador Wolf.

INVESTMENTS COMMITTEE (contd)

Mr. Colley:

Mr. Chairman, if I may, I'd like to call on Jerry May for the Development Report.

Mr. Jerry May:

Thank you very much, Mr. Colley. Before I share with you the usual report on giving for the fiscal year thus far and the information regarding endowed funds, I'd like to bring you up-to-date regarding progress on the University's Campaign that we kicked off a couple of months ago.

You may recall that we announced an \$850 million goal and at the time of kick-off, we announced \$281.2 million in gifts, pledges, and commitments. We now have moved from \$281 million to \$313 million toward the Campaign goal, \$32 million since the Campaign kick-off. I'd be happy to take any questions with regard to the Campaign progress, otherwise I'll move ahead with the remainder of the regular Development Report.

The regular report is under the Development tab and you'll notice for the first four months of Fiscal Year '96, we are about \$2.5 million ahead of last year's support for the same period. A couple of highlights for you: alumni giving is up \$3.3 million, about 77 percent at this point in time and corporate giving is strong again, up another 25 percent. One that we are very interested in and are watching carefully is unrestricted giving to the colleges and departments, which is up 34 percent, and unrestricted giving to the University is up 182 percent at this point in time.

We will look to see how this trend goes, but, as you know, annual giving is one of the eight major components in this Campaign. We are hoping that the annual giving will continue to rise, because that benefits both the University and the individual colleges within the University in a very significant way. I'm also pleased to report that gifts to the Endowment continue to surpass last year's at this point, \$3.3 million ahead or 84 percent ahead, and we will watch that during the course of the year.

Before I ask Mr. Colley to approve the resolution to establish new named endowed funds, I'd like to highlight -- and you'll see several interesting ones there and people that you know -- Rick and Marty Denman. The Denman Professorship has now been fully funded. Rick and Marty have just completed the funding of their Professorship in Clinical Research in Epilepsy.

Rick Denman, as many of you know, was a charter member of the University Foundation Board and has worked on behalf of the University for more than a decade. They have been very close to the medical school, are close supporters of the Young Scholars Program, and have been active with the College of Business. They are former Ohio natives living now in California, and I believe are representative of the kind of people nationally that have had links to this University, have had links to this state, have not forgotten their roots, and continue to keep Ohio State University in their plans.

Mr. Colley, at this time, I'd ask you to present to the Board of Trustees, the approval of two named professorships, seven new named endowed funds, and the revision of two endowed funds that total \$1,457,726.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-59

Synopsis: The report on the receipt of gifts and the summary for October 1995 are presented for Board acceptance.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding level has been reached to establish the Richard J. and Martha D. Denman Professorship for Clinical Research in Epilepsy and The Vernal G. Riffe Professorship in Government and Politics; and

WHEREAS this report includes the establishment of seven (7) new named endowed funds and amendments to two (2) endowed funds:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of October 1995 be approved.

TOTAL UNIVERSITY PRIVATE SUPPORT

Associations & Other Organizations	<u>\$823,675</u>	<u>\$769,976</u>	-7
Total	\$18,356,548	\$20,850,381	14

NOTES

A Overall individual giving is about the same this year as last for the July-October reporting period. Non-alumni giving is down 61% due to a \$3.2 million gift-in-kind received last year from a group of non-alumni. Without this very exceptional gift, non-alumni giving would be up 6% thus far this year.

Alumni have given \$3.3 million more during the first quarter this year than last, highlighted by two gifts totaling nearly \$2.8 million.

B Corporate giving is up 25%. Last year there were 148 corporations providing private support of \$10,000 or more (\$5.1 million). This year private support at the \$10,000 level exceeds \$6.8 million (153 corporations).

C Gifts of \$10,000 or more from private foundations are about \$900,000 more than last year for the first quarter.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED ENDOWED PROFESSORSHIPS

Richard J. and Martha D. Denman Professorship
for Clinical Research in Epilepsy

WHEREAS in accordance with the guidelines previously established by the Board of Trustees, the Richard J. and Martha D. Denman Fund was established March 1, 1985, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Richard J. (B.S.Bus.Adm. '57) and Martha D. Denman of Laguna Beach, California; and the name was revised November 1, 1991; and

WHEREAS the required funding level has now been reached:

NOW THEREFORE

BE IT RESOLVED, That the Richard J. and Martha D. Denman Fund be changed to the Richard J. and Martha D. Denman Professorship for Clinical Research in Epilepsy. Future funding will lead to the eventual establishment of a Chair. The Professorship will support the work of a distinguished researcher, teacher and practitioner to be selected by the Dean of the College of Medicine in consultation with Mr. and Mrs. Denman as long as they are alive.

\$521,534.60 (Grandfathered)

The Vernal G. Riffe Professorship in Government and Politics

The Vernal G. Riffe Professorship in Government and Politics was established December 1, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the friends and associates of Vern Riffe.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide salary and/or program support for the work of a distinguished teacher and scholar in the Department of Political Science whose interests focus in one or more areas of American government and politics--legislative, state or democratic political leadership and institutions. Appointment to the Vernal G. Riffe Professorship will be recommended by the Chairperson of the Department of Political Science and the Dean of the College of Social and Behavioral Sciences to the Provost and approved by The Ohio State University Board of Trustees.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for these funds should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$500,000.00 (Grandfathered)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Dayton A. Eldridge Innovation Fund in Business

The Dayton A. Eldridge Innovation Fund in Business was established December 1, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mr. Dayton A. Eldridge (B.S.Bus.Adm. '36).

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Dayton A. Eldridge Innovation Fund in Business (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Dean of the Fisher College of Business to fund new projects and activities which further the academic interests of the College. Allocations from this fund will act as catalysts for new program developments and be based on competitive review processes.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$166,666.66

The STRS Teacher Education Scholarship Endowment Fund

The STRS Teacher Education Scholarship Endowment Fund was established December 1, 1995, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from STRS 75th, Inc., a nonprofit corporation created as part of the 75th anniversary celebration of the State Teachers Retirement System of Ohio (STRS).

STRS 75th, Inc. was established for the purpose of commemorating Ohio teachers by establishing a Teachers' Park at the Ohio Historical Center and commissioning relief statuary for the Ohio Capitol. It was understood at the beginning of the subscription campaign for these commemorative projects that any excess funds would be used to endow teacher education scholarships.

Donor gives its funds to The Ohio State University for the purpose of endowing teacher education scholarships at the state universities of Ohio, subject to the conditions set forth below. The gift shall be invested in the Permanent Endowment Fund of The Ohio State University, with the right to invest and reinvest as the occasion dictates.

The annual income shall be used to provide scholarships for students (undergraduate or graduate) preparing for teacher certification at any of the state universities in Ohio with a college, school, or department of education. Annual scholarship distribution will be overseen by the State University Education Deans (SUED). Scholarships shall be awarded on a rotating basis among the various state universities, with each college, school, or department of education sharing in approximate proportion to the number of students enrolled in their teacher preparation programs during a multiple-year cycle of awards. The Dean of The Ohio State University College of Education (or its successor) shall ensure that a committee of SUED is convened at least annually, that the interest income from the Endowment is distributed in accordance with the wishes of the donor and the deans, and that a report is submitted to the State Teachers Retirement System of Ohio at least annually setting forth the previous year's distributions.

It is the desire of the donor that this fund should benefit the state universities in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, or if the gift or interest generated therefrom should be used in a manner inconsistent with these terms, then the principal of the fund shall be paid to STRS. If that organization ceases to exist, another use shall be designated by the Board of Trustees to carry out the desire of the donor.

\$152,750.00

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Edward J. Ray Commemorative Research Fund

The Edward J. Ray Commemorative Research Fund was established December 1, 1995, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the alumni, friends and associates of Edward J. Ray.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support scholarly activities of the Department of Economics graduate students at the discretion of the department chairperson.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$15,000.00
(Grandfathered)

CHANGE IN NAME AND DESCRIPTION OF NAMED FUNDS

The William E. and Charlotte Curtis Hunt Professorship Fund in Neurosurgery

The Dr. William E. Hunt Fund in Neurosurgery was established March 7, 1986, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund in honor of William E. Hunt (M.D. 1945) from friends and colleagues. Significant contributions were made after the death of Charlotte Curtis Hunt, former Associate Editor of The New York Times and daughter of Dr. George Morrice Curtis, first Professor of Research Surgery at Ohio State. The name and description were revised December 1, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income will be returned to the principal until it reaches the required level of \$500,000 at which time it is to be activated as a Professorship in Surgery in the Division of Neurologic Surgery, for the purpose of maintaining and enhancing joint teaching and research activities in clinical neurosurgery and the basic neurosciences. Candidates would be recommended to the Provost by the Director of Neurologic Surgery, the Chairs of the Departments of Surgery and Neurology, the Chair of the Neuroscience Program and the Dean of the College of Medicine, for the approval of the Board of Trustees. If funds become available and the principal reaches the required Chair level of \$1,250,000, the Professorship will be converted to a Chair with the same purpose as outlined above.

A special program to raise funds for this Professorship will be instituted upon approval. If, within five years, the funds received or committed are not adequate to support a Professorship, the annual income will be assigned to such other faculty position (or positions) as would support the aims of the fund as described above.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN NAME AND DESCRIPTION OF NAMED FUNDS (contd)

The William E. and Charlotte Curtis Hunt Professorship Fund in Neurosurgery (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the concerned faculty and the Dean of the College of Medicine, in order to carry out the desire of the donors.

The D. W. Miller, 1869-1947, Medical Student Loan Fund

The D. W. Miller, 1869-1947, Endowed Scholarship Fund was established September 2, 1992, by the Board of Trustees of The Ohio State University through gifts to The Ohio State University Development Fund from Marian Y. Rudd in memory of D. W. Miller (1869-1947), a person whose concern for others helped many. May those who benefit from it find reason to remember him and follow his example. The name and description were revised December 1, 1995.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income shall be used to provide one or more interest-free loans to students enrolled in the College of Medicine. Selection shall be made with preference to female student(s) from Auglaize or Allen counties and, in turn, other such Ohio residents, although there may be occasional exceptions. Any unused income should be returned to the principal at the end of each fiscal year.

The terms of the loan are under the jurisdiction of the College of Medicine in consultation with the University Committee on Student Financial Aid. Loan terms and application and repayment procedures will be consistent with other College of Medicine and University loan procedures with the exception that repayment may be delayed until 15 years after graduation from the College of Medicine and be interest free.

The selection of the recipient(s) shall be made at the recommendation of the Dean of the College of Medicine in consultation with the University Committee on Student Financial Aid. In awarding the loan funds, it is preferred that the amount be as substantial as possible rather than distributing smaller loan funds to numerous students.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Medicine and with the University Committee on Student Financial Aid in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Mary K. Laughlin and Emery B. Laughlin Endowment Fund

The Mary K. Laughlin and Emery B. Laughlin Endowment Fund was established December 1, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for support of the Department of Ophthalmology, College of Medicine, from a bequest of the late Mary K. Laughlin, Montgomery County, Ohio.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Mary K. Laughlin and Emery B. Laughlin Endowment Fund (contd)

The income shall be used to support research and education programs deemed most vital by the Chairperson of the Department of Ophthalmology in consultation with the Dean of the College of Medicine.

\$50,000.00

William E. and Mary Ann Arthur Dean's Innovation Fund

The William E. and Mary Ann Arthur Dean's Innovation Fund was established December 1, 1995 by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for support of the Max M. Fisher College of Business from contributions from William E. (B.S.Bus.Adm. '50; J.D. Law '53) and Mary Ann (B.S.H.E. '54) Arthur, Columbus, Ohio.

The annual income shall be distributed to the Max M. Fisher College of Business to be used by the dean for the following:

The income shall be used to fund activities by faculty and students which relate to those participating in the service economy. Funds shall be awarded on a competitive basis (annually) to support research, teaching, and interaction with service providers and other aspects of the service economy. The donors shall be updated annually on the use of the fund income.

\$20,000.00
(grandfathered)

The Dorothy Lewis, Freda and Roy Barnhart and Mary and Frank Jenkins 4-H Fund

The Dorothy Lewis, Freda and Roy Barnhart and Mary and Frank Jenkins 4-H Fund was established December 1, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Mary Lewis Jenkins in memory of her mother, Dorothy Helm Lewis, by Lester Barnhart (B.S.Agr. '69), Lynda Jenkins Heyl (B.S.H.E. '74; M.S. Human Ecology '78), Barry Lewis Jenkins, and Janet Jenkins Johnson (B.S.Ed. '74, B.A. Humanities '76, M.A. Education '81), in honor of their parents.

Income provided by the Foundation shall be used to support 4-H Volunteer Leader recognition in Clark County, 4-H members enrolled in nutrition projects in Madison County, and Ohio 4-H members with disabilities. The income shall be equally divided and administered by the County Extension professionals directly responsible for 4-H programming in Clark and Madison Counties, and the 4-H State Leader or their designee who is directly responsible for 4-H programming for youth with physical, learning or emotional disabilities. Uses for the leader recognition shall include, but not be limited to: recognition items, banquets, leader trips, plaques or gifts. Uses for 4-H members in nutrition projects shall include: recognition items, student scholarships for nutrition programs at The Ohio State University, nutrition leader training, trips to regional or state nutrition educational events. Uses for support of 4-H members with disabilities shall include but are not limited to: scholarships, special equipment, programs, member travel, camp or conference fees. If no funds are used for disabled 4-H members in a given year, the second preference is to use the funds for needy 4-H member support or returning the unused income to the principal.

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Magdalena M. Fearon Cancer Out-Patient Support Fund

The Magdalena M. Fearon Cancer Out-Patient Support Fund for The Arthur G. James Cancer Hospital and Research Institute was established December 1, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Magdalena M. Fearon.

The annual income produced by this endowment fund shall be distributed for the non-medical care of cancer patients while they receive service by the Cancer Hospital. This assistance may include but need not be limited to housing, support groups, transportation to and from the hospital and educational materials. Housing, meals (per diem), and transportation assistance for needy families of cancer patients (out patients or hospital patients) should also be provided. If the University should create a hospice, then it shall share half of the annual income with the Out-Patient Support Fund, to be approved by the Director of The Arthur G. James Cancer Hospital and Research Institute and the Vice President of Health Services.

\$15,000.00 (grandfathered)

Upon motion of Mr. Colley, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, welcome and thank you very much for joining us today. Some might say that this past month has been one of highs and lows ... but let me put things in perspective. On September 30, when Ohio State played Notre Dame, we honored the members of the 1935 Buckeye team who, sixty years ago, lost to the Irish in Ohio Stadium. Fred Crow, an attorney from Pomeroy, Ohio, was a member of that team. Despite facing some serious health concerns, he made the trip to campus for the game.

He wrote me a wonderful note saying that game day was, "one of the most outstanding days in my lifetime." Mr. Crow wrote a column for the Pomeroy newspaper describing his experience. He said that it was "one of the greatest thrills that I have ever experienced . . . especially when we entered the field as heroes."

Just two weeks later, Mr. Crow passed away at University Hospitals. In the obituary that appeared in the *Columbus Dispatch*, it was proudly noted that Fred Crow was a member of the 1935 Ohio State football team, listed first among many other distinguished accomplishments and contributions to his community.

That I submit to you, ladies and gentlemen, is what this is about -- about pride and loyalty, about dedication and commitment to team. I am enormously proud to be part of a university that means so much to so many people, a university that cares so much about its traditions -- and certainly about its people.

A marvelous group of student athletes will represent us in the Citrus Bowl -- including Eddie George, winner of the Walter Camp Award as the nation's most outstanding college football player.

PRESIDENT'S REPORT (contd)

President Gee: (contd)

Our women's volleyball team is ranked 7th in the nation and just received an invitation to the NCAA tournament. This marks the seventh consecutive year this team has participated in the tournament. Last year we made the Final Four in women's volleyball, a team with a record of excellence.

A member of our faculty was honored this month with the 1995 Excellence in College and University Teaching Award in the Food and Agricultural Sciences. This is a national award and was given to Professor Carl Zulauf, Associate Professor of Agricultural Economics, by the U.S. Department of Agriculture and the National Association of State Universities and Land-Grant Colleges.

Beyond the classroom, Professor Zulauf has involved 22 undergraduates in various research projects and published two peer-reviewed and nine other articles with undergraduates as co-authors. He is, indeed, one of our finest teachers.

This afternoon, we will hold a ceremony honoring former Ohio Governor Richard Celeste with the naming of the Chemistry Building the Richard F. Celeste Laboratory of Chemistry. The faculty and students who remember the old "Sawtooth" Chemistry Building are excited not only by this facility, but also by the addition to the adjacent Evans Lab that is nearing completion.

We announced a wonderful gift this month for the Schottenstein Center, a building which will house, among other things, an arena for the men's and women's basketball programs and ice hockey. The Schottenstein family has been extraordinarily generous to this university in a number of areas, and we are very proud and grateful for this evidence of their continuing support.

This month marked the sixth anniversary of the Wexner Center for the Arts. The gala weekend honored many of the Wexner Center's supporters, and enriched the Center's programs by \$1.5 million. Let me add, that that is a hell of an anniversary present!

A very special party was held at The Frank W. Hale, Jr. Black Cultural Center on Thanksgiving. The Office of Minority Affairs hosted 110 students, faculty, and staff for a free turkey dinner with all the trimmings. For those unable to go home, it was a wonderful opportunity to be with the Ohio State family. In fact, I understand that one mother from the Detroit area read about the dinner and called to see if her son, a student at Capital University, could attend since he could not get home. He joined the Ohio State group for a great afternoon of food and fellowship.

Finally, I want to report that a time capsule has been prepared as part of the university's 125th anniversary. The capsule will be placed in a pillar in the Main Library and is scheduled to be opened in 2070, the 200th anniversary of Ohio State. Students, faculty, and staff contributed items that represent this year -- 1995. Among the objects in the capsule are a university ID card, a telephone receiver containing fiber optics, various pins and patches, and musical CDs. Perhaps one of the most characteristic items of today's students is a backpack. Of course, I would have to note with some pride, that the capsule also contains a bow tie! It is hard to imagine what students will say when the capsule is opened in 75 years! Of course, by then EVERYONE will be wearing bow ties, and I will be recognized as a fashion visionary!

Mr. Chairman, that concludes my report.

--0--

STUDENT RECOGNITION AWARD

Ms. Smith:

I am very honored to recognize Christian Zawodniak as this month's recipient of the Student Recognition Award. Christian is a junior majoring in both English and French and plans to pursue a career in teaching at the high school level.

Christian has exemplified outstanding service and leadership at Ohio State in various ways. To begin with, Christian volunteers his time as a peer tutor for students enrolled in English 110. Students in this English class receive one hour and twenty minutes of tutoring each week from students like Christian. In addition, he is very active in the Undergraduate English Forum which is a group designed to assist English majors in career choices and provide a sense of community for these students. Christian has been very instrumental in organizing forums that address issues of interest to these English majors.

Christian has gone above and beyond the call of duty to represent his fellow English majors. For example, he is a student representative to the English Undergraduate Committee, which is a committee comprised of faculty and staff who review policy changes in the structural frame of the English major curriculum.

Not only has Christian exemplified outstanding service and leadership at Ohio State, but he has also exemplified outstanding service to the Columbus Community. Christian willingly volunteers his time to the Columbus AIDS Service Connection. Each month the AIDS Service Connection sponsors a dinner for people with AIDS at the North Broadway United Methodist Church and Christian volunteers his time by serving the meals. He is committed to this volunteer effort because he feels that these dinners provide a sense of community for those people who are HIV- positive. Clearly Christian is a fine example that in this holiday season it is truly more important to give of your services and talents rather than to receive. Christian, the Board would like to commend you for your service to this University and to the Columbus Community by presenting you with the Student Recognition Award. Congratulations!

Christian would like to make a few remarks. Christian --

Mr. Christian Zawodniak:

I would like to thank everyone for this great award. I think it is great that the Board of Trustees and Ohio State University is putting this kind of focus on undergraduate education, because it is easy to get lost at a big place like this. I would like to read very briefly from a speech I like by James Baldwin which addresses the purpose of education, if I may:

"The purpose of education finally is to create in a person the ability to look at the world for himself; to make his own decisions; to say to himself, this is black or this is white; to decide for himself whether there is a God in Heaven or not; to ask questions of the universe; and then learn to live with those questions is the way he would achieve his own identity. But no society is really anxious to have that kind of person around. What society really ideally wants is a citizenry which will simply obey the rules of society. If a society succeeds in this, that society is about to perish."

I read that not to cast any kind of gloom on this great ceremony, but to stress the importance of a sense of humanity and compassion in our education. Because

STUDENT RECOGNITION AWARD (contd)

December 1, 1995 meeting, Board of Trustees

Mr. Zawodniak: (contd)

Germany, before World War II, had the best universities in the world, but they still ended up being led by a maniac who ruined much of the world.

So even though we must have a fine university -- and we do and I love it -- we must also have a fine sense of personal compassion and understanding. It works not only for students, but for all teachers as well.

Also, I would like to thank my mentor, Brenda Brueggemann, who welcomed me into Ohio State's English Department and really helped me get around that big place. So I'd like to say that it is important that we are a great university, but it is also important that we are a great community.

Thank you!

Ambassador Wolf:

Thank you very much, Christian. You certainly deserve that honor and your words were very well received.

Mr. Zawodniak:

Thank you, I really appreciate it.

Ambassador Wolf:

Thank you, Holly.

(See Appendix XXIX for Student Recognition Award, page 601.)

HOSPITALS BOARD REPORT

Mr. Skestos:

The Hospitals Board met November 30, 1995, at which time it approved the Harding/OSU Joint Venture agreement and thereafter recommended it for approval by the University Board of Trustees. The Hospitals Board also endorsed a loan in the amount of \$250,000 to MedOhio Health, Inc., for filing of a fully refundable deposit with application for Certificate of Authority to operate a health maintenance organization and recommended it to the University Board of Trustees.

The Executive Director presented the Hospitals' annual report which highlighted activities initiated in Fiscal Year 1994-95, as well as the current/future concept strategies of primary care. A panel of physicians and an administrator were available for a question and answer session relating to the development of the Hospitals' primary care network.

Mr. Chairman, that completes my report.

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

Our Committee met earlier today and we received a report on the update for the Debt Reduction Program from Vice President Bill Shkurti. We also received the report and background discussion on the adoption of the District Plan for the North Academic Core Area and in our books is a proposed resolution to be voted on in February. I would point out that the staff is using that document as a guide at the present time and if any Board members have any questions or suggestions, please feel free to contact Vice President Pichette.

At this time, Mr. Chairman, we have several resolutions that I would like to present for Board approval and these resolutions are in our Board books and were discussed at the Fiscal Affairs Committee meeting this morning:

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS

Resolution No. 96-60

July - September 1995

Synopsis: Acceptance of the quarterly report on waivers of competitive bidding requirements is proposed.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, and revised on February 7, 1992, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of July - September, 1995; and

WHEREAS during the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 101 waivers of competitive bidding requirements for annual purchases totaling approximately \$17,519,700.00, as shown on the enclosed exhibit:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of July - September 1995, is hereby accepted.

(See Appendix XXI for background information, page 501.)

(* Recommended alternates included in these amounts)

Bevis and Rightmire Structural Systems

This project removes asphalt walkways on the east side of Bevis Hall and the south side of Rightmire Hall, remove topping to expose concrete decking, waterproof the concrete decking, and install new asphalt. The total project cost is \$115,121; funding is provided from House Bill 808 (\$112,081) and Department of Physical Facilities (\$3,040). The completion date is June 1995. The contract awarded is as follows:

General Contract:	Central Ohio Building Co., Inc., Columbus, Ohio
Amount:	\$88,720
Estimate:	\$94,500
Total All Contracts:	\$88,720
Contingency Allowance:	\$8,873 (10% of construction cost)
Total Project Cost:	\$115,121

Public Safety Building - HVAC System Improvement

This project installs a single package roof mounted air conditioning system to serve the entire building, modify the radiant heating system, and install a new system of direct digital controls. The total project cost is \$285,000; funding is provided from House Bill 808. The completion date is September 1995. The contracts awarded are as follows:

HVAC Contract:	Columbus Heating and Ventilating, Columbus, Ohio
Amount:	\$219,000 +
Estimate:	\$205,500 +
Electric Contract:	Fetter Electric, Newark, Ohio
Amount:	\$16,450
Estimate:	\$31,000
Total All Contracts:	\$234,450
Contingency Allowance:	\$18,185
Total Project Cost:	\$285,000

+ The HVAC Contract is in excess of the filed estimate of cost; however the total price of all contracts in within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

OARDC Pesticide Storage Building

This project will construct approximately 1,500 square feet of enclosed space with proper floor, air handling, utilities and exhaust hood for the storage and mixing of pesticides. The total project cost is \$144,500; funding is provided from House Bill 808. The completion date is September 1995. The contracts awarded are as follows:

General Contract:	Alvada Construction, Inc., Alvada, Ohio
Amount:	\$88,213
Estimate:	\$80,300

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND

OARDC Pesticide Storage Building (contd)

Plumbing Contract:	Warner Mechanical Corp., Fremont, Ohio
Amount:	\$23,930
Estimate:	\$24,150
Electric Contract:	A. T. Emmett, Inc., Port Clinton, Ohio
Amount:	\$12,622
Estimate:	\$15,250
Total All Contracts:	\$124,765
Contingency Allowance:	\$12,487 (10% of construction cost)
Total Project Cost:	\$144,500

WHEREAS a resolution adopted by the Board of Trustees on May 3, 1991 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established State of Ohio and University procedures, and if satisfactory bids were received to award contracts for the following project:

ATI - Phases I and IV, Mechanical and Masonry Improvements

This project improves the mechanical equipment and HVAC controls, and makes masonry improvements and foundation and structural modifications to buildings on the ATI campus in Wooster. The total estimated project cost is \$102,743; funding is provided by House Bill 808. The completion date is September 1995. Contracts awarded are as follows:

General Contract:	Stanley Miller Construction Co., East Sparta, Ohio
Amount:	\$40,807
Estimate:	\$52,300
HVAC Contract:	Schmid Plumbing and Heating, Inc., Wooster, Ohio
Amount:	\$36,400 +
Estimate:	\$23,300
Total All Contracts:	\$77,207
Contingency Allowance:	\$4,941 (6.4% of construction cost)
Total Project Cost:	\$102,743

+ The HVAC Contract is in excess of the filed estimate of cost; however the total price of all contracts in within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

WHEREAS resolutions adopted by the Board of Trustees on February 4, 1993 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established State of Ohio and University procedures, and if satisfactory bids were received to award contracts for the following projects:

Road Resurfacing - W. 10th Avenue

This project provides new wearing surface for West 10th Avenue from Clinic Drive to Neil Avenue. The total project cost is \$81,450; funding is provided from House Bill 904. The completion date is May 1996. The contract awarded is as follows:

General Contract:	Kokosing Construction, Fredricktown, Ohio
Amount:	\$68,000
Estimate:	\$115,700

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND

Road Resurfacing - W. 10th Avenue (contd)

Total All Contracts:	\$68,000
Contingency Allowance:	\$6,810 (10% of construction cost)
Total Project Cost:	\$81,450

Waterline Extension - College Road to Neil Avenue

This project will complete the water line from College Road to Neil Avenue to provide a reliable water services to the main campus. The total project cost is \$500,000; funding is provided from House Bill 904. The completion date is January 1996. The contract awarded is as follows:

General Contract:	Bale Contracting, Columbus, Ohio
Amount:	\$451,624 * +
Estimate:	\$438,250 * +
Total All Contracts:	\$451,624
Contingency Allowance:	\$22,581 (5% of construction cost)
Total Project Cost:	\$500,000

+ The General Contract is in excess of the filed estimate of cost; however the total price of all contracts in within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Street and Road Improvements

This project resurfaces several streets on central campus including: West 17th Avenue, West 11th Avenue, and Neil Avenue from 11th to South Oval Drive. The total project cost is \$270,320; funding is provided by House Bill 904. The completion date is June 1996. The contract awarded is as follows:

General Contract:	Lionel Construction, Zanesville, Ohio
Amount:	\$238,159 +
Estimate:	\$231,500 +
Total All Contracts:	\$238,159
Contingency Allowance:	\$11,908 (5% of construction cost)
Total Project Cost:	\$270,320

+ The General Contract is in excess of the filed estimate of cost; however the total price of all contracts in within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Smith Lab - Roof Replacement

This project replaces 44% of the roof and renovates the parapet walls. The total project cost is \$145,755; funding is provided by House Bill 904. The completion date is February 1996. The contract awarded is as follows:

General Contract:	Harold J. Becker Company, Dayton, Ohio
Amount:	\$130,049
Estimate:	\$152,400
Total All Contracts:	\$130,049
Contingency Allowance:	\$13,006 (10% of construction cost)
Total Project Cost:	\$145,755

EMPLOYMENT OF ARCHITECTS/ENGINEERS AND

**REQUEST FOR CONSTRUCTION BIDS AND

Animal Science - Meat Lab Renovation

This project renovates sections of the basement and first floor to meet federal government requirements (USDA) for the meat lab operation in the Animal Science Building. The total project cost is \$395,500; funding is provided from House Bill 904. The completion date is December 1995. The contracts awarded are as follows:

HVAC Contract:	Farber Corporation, Columbus, Ohio
Amount:	\$169,600 +
Estimate:	\$150,000 +
General Contract:	Dorsey Construction Co., Columbus, Ohio
Amount:	\$86,350
Estimate:	\$89,400
Electric Contract:	Electric Power Equipment Co., Columbus, Ohio
Amount:	\$55,593
Estimate:	\$70,800
Asbestos Abatement	
Contract:	Hunter Environmental, Seven Hills, Ohio
Amount:	\$10,200
Estimate:	\$25,000
Total All Contracts:	\$321,743
Contingency Allowance:	\$31,140 (9.7% of construction cost)
Total Project Cost:	\$395,500

+ The HVAC Contract is in excess of the filed estimate of cost; however the total price of all contracts in within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Campus Lighting Renovation, Phase II

This project will complete the exterior lighting improvements for safety and security in the areas of the Oval and Mirror Lake Hollow pedestrian circulation paths. The total project cost is \$500,000; funding is provided from House Bill 904. The completion date is May 1996. The contract awarded is as follows:

Electric Contract:	Elite Building/Electric Power Equipment (AJV), Westerville, Ohio
Amount:	\$464,400 +
Estimate:	\$459,500 +
Total All Contracts:	\$464,400
Contingency Allowance:	\$29,756 (6.4% of construction cost)
Total Project Cost:	\$500,000

+ The Electric Contract is in excess of the filed estimate of cost; however the total price of all contracts in within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Research Center Roof Replacement

This project will replace the deteriorated roof over the entire building. The total project cost is \$477,250; funding is provided from House Bill 904. The completion date is August 1995. The contract awarded is as follows:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

Research Center Roof Replacement (contd)

General Contract:	Phinney Industrial Roofing, Inc., Dublin, Ohio
Amount:	\$425,000 *
Estimate:	\$494,560 *
Total All Contracts:	\$425,000 *
Contingency Allowance:	\$42,500 (10% of construction cost)
Total Project Cost:	\$477,250 *

Smith Lab Remodeling

This project remodels space vacated by the Physics Library for classroom use. The total project cost is \$125,000; funding is provided from House Bill 904. The completion date is June 1995. The contracts awarded are as follows:

General Contract:	Williamson Builders, Plain City, Ohio
Amount:	\$63,000 *
Estimate:	\$69,300 *
HVAC Contract:	R. J. Lemmons, Springfield, Ohio
Amount:	\$8,470
Estimate:	\$14,900
Electric Contract:	Knight Electric, Gahanna, Ohio
Amount:	\$33,050
Estimate:	\$39,770
Total All Contracts:	\$104,520 *
Contingency Allowance:	\$5,245 (5% of construction cost)
Total Project Cost:	\$125,000

WHEREAS a resolution adopted by the Board of Trustees on May 7, 1993 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established State of Ohio and University procedures, and if satisfactory bids were received to award contracts for the following projects:

OARDC - Outlying Branch Roads

This project repairs and resurfaces roads and parking lots and related work at the Southern Branch. The total project cost is \$70,000; funding is provided by House Bill 904. The completion date is July 1996. The contract awarded is as follows:

General Contract:	L. P. Cavett, Cincinnati, Ohio
Amount:	\$58,825
Estimate:	\$59,000
Total All Contracts:	\$58,825
Contingency Allowance:	\$5,268 (9% of construction cost)
Total Project Cost:	\$70,000

Larkins Hall - Roof Replacement

This project replaces the deteriorated roof. The total project cost is \$500,000; funding is provided by House Bill 904. The completion date is August 1996. The contract awarded is as follows:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND

Total Project Cost:	\$400,000

ATI - Skou Hall Roof and OARDC - Roof Replacement

These projects replace the deteriorated roof on Skou Hall on the ATI campus and Agricultural Engineering and Gerlaugh Hall plus ten shingle roofs on miscellaneous buildings on the OARDC campus. The total project cost is \$373,500; funding is provided by House Bill 790. The completion date is August 1996. The contract awarded is as follows:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

ATI - Skou Hall Roof and OARDC - Roof Replacement (contd)

General Contract:	Lepi Enterprises, Zanesville, Ohio
Amount:	\$314,157
Estimate:	\$583,880
Total All Contracts:	\$314,157
Contingency Allowance:	\$31,440 (10% of construction cost)
Total Project Cost:	\$373,500

South Polo Field Addition Parking Lot

This project provides for better drainage, a paved surface, and new lighting at the current gravel parking lot. The total project cost is \$250,000; funding is provided by Traffic and Parking. The completion date is October 1995. The contracts awarded are as follows:

General Contract:	Strawser Paving, Columbus, Ohio
Amount:	\$111,290
Estimate:	\$291,000
Electric Contract:	Romanoff Electric, Columbus, Ohio
Amount:	\$91,275
Estimate:	\$97,000
Total All Contracts:	\$202,565
Contingency Allowance:	\$17,520 (8.6% of construction cost)
Total Project Cost:	\$250,000

Byrd Polar - Sediment Core Archival Coldroom

This project provides storage facilities for Russian and American Arctic sediment cores and all associated interior equipment. The total project cost is \$330,000; funding is provided by a Board of Regents Grant (\$65,000), Naval Research Grant (\$200,000) and Office of Research (\$65,000). The completion date is February 1996. The contracts awarded are as follows:

General Contract:	Paul Vlack, Canal Winchester, Ohio
Amount:	\$244,100
Estimate:	\$252,150
Plumbing Contract:	J. A. Croson, Columbus, Ohio
Amount:	\$26,500 * +
Estimate:	\$24,400 * +
Electric Contract:	Romanoff Electric, Columbus, Ohio
Amount:	\$6,485
Estimate:	\$7,650
Total All Contracts:	\$277,085
Contingency Allowance:	\$23,966 (8.6% of construction cost)
Total Project Cost:	\$330,000

+ The Plumbing Contract is in excess of the filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

WHEREAS a resolution adopted by the Board of Trustees on March 3, 1995 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established State of Ohio and University procedures, and if satisfactory bids were received to award contracts for the following projects:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

Rhodes Hall - Atrium Refurbishing

This project renovates the atrium between Rhodes and Doan Halls including installation of a new ceiling, lighting, painting of the north wall along Doan Hall, and cleaning of the sculpture. The total project cost is \$504,500; funding is provided by University Hospitals. The completion date is July 1996. The contracts awarded are as follows:

General Contract:	Field and Associates, Springfield, Ohio
Amount:	\$303,620
Estimate:	\$452,000
Electric Contract:	Romanoff Electric, Columbus, Ohio
Amount:	\$97,725
Estimate:	\$100,000
Total All Contracts:	\$401,345
Contingency Allowance:	\$69,527 (17% of construction cost)
Total Project Cost:	\$504,500

University Hospitals Clinic - First Floor Offices

This project renovates a suite of general offices on the first floor of the Clinics building to provide outpatient examination areas. The total project cost is \$265,000; funding is provided by University Hospitals. The completion date is March 1996. The contracts awarded are as follows:

General Contract:	Good Home Maintenance, Columbus, Ohio
Amount:	\$124,849
Estimate:	\$150,000
Plumbing Contract:	Franklin Fire Protection, Columbus, Ohio
Amount:	\$48,296 +
Estimate:	\$25,000 +
HVAC Contract:	R. J. Lemmons, Springfield, Ohio
Amount:	\$26,940
Estimate:	\$32,500
Electric Contract:	Charles Hardy Inc., Columbus, Ohio
Amount:	\$33,500 +
Estimate:	\$32,500 +
Total All Contracts:	\$233,585
Contingency Allowance:	\$15,315 (6.6% of construction cost)
Total Project Cost:	\$265,000

+ The Plumbing and Electric Contracts are in excess of the filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Doan Hall Endoscopy Suite and Peripheral Vascular Lab and Doan Hall Roof Replacement projects and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on the Doan Hall Endoscopy Suite and Peripheral Vascular Lab and the Doan Hall Roof Replacement projects in accordance with established

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND
ESTABLISHMENT OF CONTINGENCY FUNDS (contd)**

University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by this Board, the report of award of contracts and establishment of contingency funds for the projects listed is hereby accepted.

(See Appendix XXII for maps, page 503.)

ARMS PROJECT - PHASE III

Resolution No. 96-62

Synopsis: A vote to approve Phase III of the ARMS Project is proposed.

WHEREAS Phase II of the Administrative Resource Management System (ARMS) Project as authorized by the Board of Trustees as its June 2, 1995 meeting has been successfully completed; and

WHEREAS Phase III has been recommended by the appropriate University offices and required funding will be available:

NOW THEREFORE

BE IT RESOLVED, That the University is authorized to proceed with Phase III-A of the ARMS Project as described in the accompanying materials, including authorization to spend up to \$7.0 million; and

BE IT FURTHER RESOLVED, That the University will report back to this Board at the next regularly scheduled Board meeting (February 2, 1996) for authorization to proceed with the remainder of Phase III and with cost and benefits estimates for the life of the project.

(See Appendix XXIII for background information, page 531.)

**NON-MANDATORY TRANSFERS FROM CURRENT FUNDS
FISCAL YEAR 1994-95**

Resolution No. 96-63

Synopsis: Transfers to Endowment Principle Funds, Annuity and Life Income Funds, Unexpended Plant Funds, Renewal and Replacement Funds - Remodeling and Renovation, Renewal and Replacement Funds - Repair and Replacement, and Retirement of Indebtedness Funds be submitted for approval.

WHEREAS non-mandatory transfers from current funds for the fiscal year 1994-95 have been made; and

WHEREAS this account procedure is in compliance with the Auditor of State that all transfers among fund groups to reported:

**NON-MANDATORY TRANSFERS FROM CURRENT FUNDS
FISCAL YEAR 1994-95 (contd)**

NOW THEREFORE

BE IT RESOLVED, That the transfers as detailed in the accompanying report be accepted and approved.

(See Appendix XXIV for charts, page 543.)

SOUTHERN OHIO ECONOMIC DEVELOPMENT CORPORATION

Resolution No. 96-64

WHEREAS the Ohio General Assembly in 1989 appropriated funds for the establishment of the Alternative Agriculture Enterprise Center (the "Enterprise Center") as a unit within the University Extension and has continued such appropriation through the current biennium; and

WHEREAS the purpose of the Enterprise Center is to promote economic growth and development in Southern Ohio through programs encouraging the introduction of specialty crops, marketing, and the establishment of small businesses; and

WHEREAS the Enterprise Center has achieved continuing success through its development programs; and

WHEREAS economic growth in Southern Ohio can further be promoted through the creation of a non-profit corporation which will perform an expanded outreach function and participate directly in small business development and marketing activities:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University Board of Trustees authorizes The Ohio State University to enter into an agreement with the non-profit corporation to be known as Southern Ohio Development Corporation for participation in an expanded economic development program, upon such terms as the Vice President for Agricultural Administration may deem appropriate; and

BE IT FURTHER RESOLVED, That The Ohio State University is authorized to contribute funds to the support of the Southern Ohio Development Corporation in an amount which the Vice President for Agricultural Administration may deem appropriate, but not to exceed \$100,000 per year; and

BE IT FURTHER RESOLVED, That the Vice President for Agricultural Administration shall provide an annual report to this Board on the activities of the Southern Ohio Development Corporation; and

BE IT FURTHER RESOLVED, That the Vice President for Agricultural Administration is authorized to designate three University employees who are hereby nominated to serve on the board of trustees of Southern Ohio Development Corporation; and

BE IT FURTHER RESOLVED, That the three University employees designated by the Vice President for Agricultural Administration to serve on the board of trustees of Southern Ohio Development Corporation, and any other University trustees, officers, employees, or agents who may subsequently be selected to serve on the board, are hereby authorized to serve in that capacity and to represent the interests of the University as part of their official responsibilities to the University, entitling them to any immunity, insurance or indemnity protection to which trustees, officers, employees and agents of the University are or hereafter may become entitled.

(See Appendix XXV for background information, page 551.)

THE OHIO STATE UNIVERSITY

AND HARDING HOSPITAL JOINT VENTURE

Resolution No. 96-65

Synopsis: Authorization to enter into a Joint Venture Agreement with Harding Hospital, Inc., an Ohio non-profit corporation, for the joint provision of mental health services is proposed.

WHEREAS The Ohio State University operates a neuropsychiatric facility providing mental health services to citizens of Central Ohio and opportunities for teaching and research with the College of Medicine; and

WHEREAS the managed care environment in health care continues to reduce utilization of the neuropsychiatric facility thereby jeopardizing its continued financial stability; and

WHEREAS The Ohio State University and Harding Hospital have previously collaborated on initiatives of mutual interest such as a joint psychiatric residency program and the placement of a MedOhio Family Care Center on the Harding campus; and

WHEREAS a joint venture between Harding Hospital and The Ohio State University will allow the development of a more attractive, efficient, and comprehensive program of mental health services to be made available to the community and third party payors; and

WHEREAS a joint venture with Harding Hospital will enhance the teaching and research mission of the College of Medicine:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University Board of Trustees authorizes The Ohio State University to enter into a Joint Venture Agreement with Harding Hospital for participation in a financially integrated joint venture for the coordinated management of inpatient and outpatient mental health services, upon such specific terms as the Vice President for Business and Administration and the Vice President for Health Sciences may deem appropriate; and

BE IT FURTHER RESOLVED, That The Ohio State University is authorized to contribute up to \$2 million to the support of this joint venture, and to loan funds not to exceed \$2 million to Harding Hospital for its contribution to the joint venture, upon terms further outlined in the Joint Venture Agreement; and

BE IT FURTHER RESOLVED, That as appropriate and as directed by the President, any one or more of the Trustees, officers, and employees of the University are hereby authorized, designated and directed to serve as members of the joint governing body, joint oversight committee, and officers of the joint venture, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity and representation to which Trustees, officer, and employees of the University now are, or hereafter may be, entitled.

(See Appendix XXVI for background information, page 555.)

**FORMATION OF THE OHIO STATE UNIVERSITY RESEARCH PARK, INC.
(AN OHIO NONPROFIT CORPORATION)**

Resolution No. 96-66

Synopsis: The Fiscal Affairs Committee recommends authorization to form an Ohio nonprofit corporation, The Ohio State University Research Park, Inc.

**FORMATION OF THE OHIO STATE UNIVERSITY RESEARCH PARK, INC.
(AN OHIO NONPROFIT CORPORATION) (contd)**

WHEREAS the Board of Trustees established The Ohio State University Research Park on October 5, 1984, as a University operation managed by the Offices of Research and Business and Administration to foster and encourage research affiliations and linkages between the University and private businesses, governmental entities, and nonprofit research organizations; and

WHEREAS there is a need for an enhanced Research Park to expand industry-supported research opportunities, provide greater economic enrichment and development within central Ohio, increase opportunities for technology transfer, increase educational experiences available to our students, and enhance the University's preeminence as a major research institution; and

WHEREAS the Board of Trustees recognizes that this effort requires a partnership approach with substantial involvement and commitment from the State, the City of Columbus, and other local jurisdictions, businesses, and research organizations; and

WHEREAS this Board has determined that there is a need to create a nonprofit corporation to plan, market, promote, finance, and operate an enhanced University Research Park and to undertake other related activities in support of this purpose; and

WHEREAS the formation of a nonprofit research park corporation has been recommended by a special Research Park advisory committee and the appropriate University offices; and

WHEREAS the City of Columbus and the State of Ohio have agreed in principle to support a first phase of study by such a corporation to determine the feasibility of developing an enhanced University Research Park:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby authorizes and endorses the establishment of a nonprofit corporation under Chapters 1702 and 1724 of the Ohio Revised Code, that will qualify as an exempt organization under the U.S. Internal Revenue Code, to plan, market, promote, finance, and operate The Ohio State University Research Park, as provided in this resolution; and

BE IT FURTHER RESOLVED, That the University gives its consent to such corporation to use the name and registered marks of the University, as determined appropriate by the President of the University, to carry out the purposes of the corporation; and

BE IT FURTHER RESOLVED, That the President is hereby authorized, in consultation with State, City, other governmental, business, and civic leaders, to identify the six community directors of the corporation, no more than one of whom may be a University employee, who, together with the President of the University, the Vice President for Research, and a Trustee of the University, will constitute the initial board of the corporation; and

BE IT FURTHER RESOLVED, That as appropriate and as directed by this Board or the President, any one or more of the Trustees, officers, and employees of the University are hereby authorized, designated, and directed to serve as an incorporator of the corporation and/or as directors, officers, employees, and agents of the corporation, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which Trustees, officers, and employees of the University now are, or hereafter may be, entitled; and

BE IT FURTHER RESOLVED, That the University is not authorized to delegate any operation of the Research Park to this corporation or to lease or give effective control of any land or buildings to the corporation until this Board has approved a Phase I development plan for the corporation, which plan will include a business plan, marketing plans, infrastructure needs analysis, land use plan, and

**FORMATION OF THE OHIO STATE UNIVERSITY RESEARCH PARK, INC.
(AN OHIO NONPROFIT CORPORATION) (contd)**

proposed agreements with other governmental entities, the University, and private organizations as appropriate for the necessary support of the development plan; and

BE IT FURTHER RESOLVED, That the Vice President for Research will report to this Board periodically on the activities and progress of The Ohio State University Research Park, Inc.

(See Appendix XXVII for background information, page 559.)

Mr. Shumate:

A supplemental resolution was passed out to all of the Board members authorizing the appointment of Ted Celeste to The Ohio State University Research Park Board of Directors.

**APPOINTMENT TO THE BOARD OF DIRECTORS OF
THE OHIO STATE UNIVERSITY RESEARCH PARK, INC.**

Resolution No. 96-67

WHEREAS the Board of Trustees has authorized and endorsed the establishment of The Ohio State University Research Park, Inc., as a nonprofit corporation under Chapters 1702 and 1724 of the Ohio Revised Code, that will qualify as an exempt organization under the U.S. Internal Revenue Code, to plan, market, promote, finance, and operate The Ohio State University Research Park; and

WHEREAS one member of the Board of Directors of this corporation is to be a Trustee of the University, appointed by this Board:

NOW THEREFORE

BE IT RESOLVED, That Resolution No. 95-125, detailing Committee Appointments of the Board of Trustees for 1995-96 be amended to include:

The Ohio State University Research
Park, Inc., Board of Directors

Theodore S. Celeste

HEALTH MAINTENANCE ORGANIZATION

Resolution No. 96-68

Synopsis: Loan to MedOhio Health, Inc. for filing of deposit with application for certification of authority to operate as a health maintenance organization.

WHEREAS The Ohio State University Medical Center would benefit from a close alignment with an insurance organization, especially a health maintenance organization (HMO); and

WHEREAS the Ohio Medicaid program is essential to the teaching, research and patient care missions of The Ohio State University; and

WHEREAS the Ohio Medicaid program will soon be undergoing significant changes and an HMO aligned with the University will be necessary to preserve the University's position in the Medicaid program; and

WHEREAS the process for qualifying for HMO status requires the immediate submission of an application and \$250,000 filing fee to the Ohio Department of Health:

December 1, 1995 meeting, Board of Trustees

HEALTH MAINTENANCE ORGANIZATION (contd)

NOW THEREFORE

BE IT RESOLVED, That the University is authorized to loan \$250,000 to MedOhio Health, Inc. contingent on MedOhio Health, Inc.'s decision to seek a certificate of authority for operation as a health maintenance organization.

Upon motion of Mr. Shumate, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Patterson, Sofia, and Ambassador Wolf.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

Good morning. Yesterday the Committee participated in a discussion led by Eric Busch, Assistant Vice President for Student Affairs, regarding a concept of customer service vis-a-vis students at Ohio State. Along with the Committee and Eric, representatives from various offices across campus discussed both the measures needed to gauge the level of this concept here at Ohio State and why Ohio State should place greater value upon recognizing the student as a customer of its product.

The why part is easy. We must continue to give increasing emphasis to learning what motivates students in terms of attending school here and what satisfies them once they are here in terms of their education and quality of life. Should we not do so, plain economic reality dictates that we will risk losing our competitive edge in the market and our status as Ohio's flagship University.

The Committee concluded yesterday that the next step is to gather information campus-wide in a number of different areas in which the customer concept is being tested including: the CUE project, CQI efforts, and initiatives in Academic Affairs. The Committee plans to revisit this issue prior to the next Board meeting and, with information in hand, determine how best to proceed.

This morning Jim Mager presented a report from the Office of Admissions. He presented the Committee with a great deal of useful information regarding efforts to improve and strengthen the admissions and recruitment process, and responded to several questions by the Trustees.

This month's meeting roughly marks the half-way point in the year for the Board and the Committee, and our plate the past six months has been a full one. We have created a Student Recognition Award to honor students for outstanding service to the community and the University. This month, we are particularly happy that the award will be given from now on at the beginning of the Board meeting to heighten its status as an award of outstanding achievement and we intend to make it even more prestigious in the future in order to draw the very finest recipients.

In addition, we have discussed in detail efforts of the University community and Campus Partners, through the Campus Collaborative for Community Excellence, and the issue of student fees, which has led to the formation of a committee to study the issue. Our Committee also over saw the approval of the Student Health Insurance Plan, the amendments to the Student Trustee Selection Process, and in kicking off our student customer discussion yesterday, we realized our last major goal of 1995.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith: (contd)

We would have traded all of these things however, for a victory over Michigan. I want to especially thank Vice Presidents Hayes, Pichette, and Shkurti, Eric Busch, and Provost Sisson for their help on all of these issues. Most importantly, we are happy that the Office of Student Affairs has worked closely with the Committee enabling them to give the Board a greater sense of its activities and mission. Holly and I are appreciative to President Gee and the Trustees, especially Jim Patterson, Zuheir Sofia, and our Chairman, Ambassador Wolf, for giving us the freedom to be creative and innovative in building a stronger Committee. Our task for the Spring is very clear: to continue and build what we have started.

Mr. Ambassador, I would now like to call on Jennifer Nelson, Vice President of the Undergraduate Student Government and a newly appointed Student Trustee member to the Campus Partners Board of Trustees, to deliver the student government report. Jennifer, welcome.

Ms. Jennifer Nelson:

Thank you. Hello. I will be giving the student government report today because USG President Kevin Sheriff is at the Association of Big Ten Students Conference at the University of Iowa this weekend and could not be here.

I would just like to update the Board on the activities of the Undergraduate Student Government at this time. KBUX student radio has been running very smoothly and we're excited to have over a hundred student D.J.'s on the air. We have a radio benefit scheduled for the first week of classes Winter Quarter, on January 4, in the Ohio Union Ballroom. We have about six bands committed at this time and are looking forward to even more. It should be a very exciting evening and we would like to invite everyone to be there. We are also continually working towards off-campus broadcasting.

Teacher evaluations will be available for students to use in scheduling Spring Quarter classes and will be published on a permission-granted basis. Because of the many time restraints -- the end of the quarter and the beginning of the new quarter -- we have been working day and night on this project.

Two other items to note: 1) USG's four-part Senate Legislative packet is currently in committee; and 2) USG is also exploring ways to implement the recommendations of the CUE Report with regard to UVC.

CGS would like to commend the many individuals and offices around the University that were involved in coordinating President Clinton's visit and the Midwest Economic Conference. CGS would like to say that this was a fantastic chance to showcase Ohio State and the entire two days was conducted under first-class fashion.

CGS was honored to have Dean Susan Huntington address the Council at their October meeting. Dean Huntington outlined several activities that will improve the graduate student experience at Ohio State, and they are looking forward to working closely with the Graduate School next fall and jointly producing the orientation for incoming graduate students. Dean Huntington will also assist CGS in promoting the annual Graduate Research Forum, which occurs in the spring of each year.

John Wilhelm, President of CGS, would like to report that Provost Sisson invited several members of CGS to visit with him and discuss the proposal for the restructuring of the Graduate School. The Provost agreed to speak at the November 19 Council meeting and entertained questions regarding this situation.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Nelson: (contd)

Two weeks ago, the Legislative Affairs Chair of CGS and John Wilhelm attended the Annual Conference of the National Association of Graduate and Professional Students. The primary thrust at the national level revolves around Student Financial Aid and Research Funding. Direct lending has also arisen as a focal point in this arena.

Finally, CGS is compelled to register their concern regarding the new initiatives surrounding the prospect of a student activity fee. From a historical perspective, CGS has not been opposed to the consideration of the fee but has advocated a diligent approach to the evaluation of such a fee based on equity, efficiency, and long-term implications to graduate students.

It also seems that at this juncture, CGS must question the new forum in which the discussion is slated to occur and the justification for this being based on an apparent urgency associated with the budgetary process and the inability of existing policy and decision-making bodies of the University to react in a timely fashion. Short cutting the existing system is likely to produce a poor product or doom a good product through distrust of the underlying motives.

CGS urges that through the Senate Steering Committee representatives of this body, the student governments, faculty, and the administration meet to establish the proper starting place and parameters for continued discussion regarding the student activity fee.

The Interprofessional Council is currently working on matching professional students with students from Everett Middle School. Mr. Ray Paulkin, director of the Adopt-a-School Program for Columbus City Schools, addressed the body and discussed ways that members of IPC can get involved. Many of the students lack positive role models, so he explained the necessity of matching them with tutors and mentors. The school is very flexible in accommodating professional students' schedules, which makes the program very appealing. IPC will begin meeting with students at the beginning of the year.

IPC is also responding to a request by non-law students that the Law Library be made accessible to other segments of the student population. Within the past year, the Law School has added security readers to the Law building, which although are great for safety, effectively closes off the building to non-law students. Considering that law students are a bit elitists, it remains to be seen how this will be resolved. I must comment that this was submitted to me by Mr. Sean Ruffin himself. Nevertheless, they are having discussions to see what alternatives exist.

Lastly, IPC decided on the agenda for the next half of the school year. Agenda items include: tuition and financial aid; Traffic and Parking issues -- i.e., "B" stickers for professional students; and, of course, a social event. IPC would also like to join the other student governments in their concern with the proposed student activity fee. This University, unlike many others, has a rich history of student participation on critical issues. Certainly if the idea of a student activity fee is a good one, students will be receptive. On the other hand, we could start down the slippery slope of ignoring students' good sense, intellect, and desire to do what's best for the University and for students.

That concludes my report from the three student governments.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith:

Mr. Ambassador, as an elitist law student, that concludes my report. Thank you, Jennifer.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

We had a long and very interesting agenda at the Educational Affairs Committee this morning. Provost Sisson commented on the Board of Regents' Master Plan and there was a great deal of discussion on the Master Plan as drafted. Also, the Trustees will have an opportunity to participate in the give and take at the session that is planned in the next week or so.

We also heard a report from Vice Provost Bob Arnold on Distance Learning, which updated us on activities at the University up to this point. It also included a number of experiments and efforts here on campus, as well as some exciting new opportunities going on on the Mansfield and Lima Campuses. While we do have quite a bit going on, there was clearly an indication of the need to make additional efforts in this area.

Vice President Ed Hayes discussed the present status of our Technology Transfer efforts. In particular, what the implications are on the economic impact both to the University and to the community in general of those efforts and what the possibilities might be for the future in those efforts.

We also have three presentations for the full Board this morning, the first being what we talked about instituting, "The Things Gone Right Award." I would call on Provost Sisson and David Williams for this presentation.

THE THINGS GONE RIGHT AWARD

Provost Sisson:

Thank you, Mr. Chairman. We have normally presented an update on CUE activities for the benefit of the Board, also restructuring activities in those academic support units and the academic units themselves. David and I thought that there are reports on "Things Gone Wrong" frequently -- not at the Board meetings, but around the community and whatnot -- but it is very important for us to take notice of things gone right. So we are honored to commence this tradition at this meeting of the Board, and I would ask Professor Williams to give the citations.

Professor David Williams:

Thank you, Provost Sisson. In recognition of the outstanding effort of individuals who have gone beyond the expected and past the ordinary, we are delighted to present the "Things Gone Right Award." With less than three weeks to prepare, staff members from across campus committed extraordinary time and effort to make a special event happen. Calendars were cleared of all previous engagements and as one staff member said, "We were working seven days straight, from 7:00 in the morning until 11:00 at night with hardly any sleep."

In the Ohio State tradition, a group of Ohio State's family did not hesitate to work hard to meet tough deadlines. Students sometimes pull all-nighters to complete end-of-the-quarter term papers; faculty sometimes pull all-nighters to get those Federal Express grant proposals in to meet funding agency deadlines; and, in this

THE THINGS GONE RIGHT AWARD (contd)

Professor Williams: (contd)

case, many dedicated staff members were pulling all-nighters to make this event a success.

To formally express our gratitude today, we honor three of these individuals on behalf of all of the dedicated University employees who made President Clinton's visit and the Midwest Regional Economic Conference possible with the "Things Gone Right Award." Would Bill Hall, Assistant Vice President for Student Affairs, who chaired the campus coordinating committee for the Conference and the President's visit; Jim Stevens, Associate Vice President for Business and Administration/Physical Facilities, who was responsible for the physical set-up for the President's address; and Dick Stoddard, Director of Federal Relations and Special Assistant to the President, who coordinated the original contact between the White House and the University, please come forth to receive these awards. I would like to read "The Things Gone Right Award" at Ohio State:

"This University award presented December 1995 recognizes individuals or groups at Ohio State who have gone beyond the expected and past the ordinary. The "Things Gone Right Award" established by the Committee on the Undergraduate Experience rewards examples of innovation, community building, student involvement, positive impact, and special effort.

Congratulations to these offices: Academic Affairs, the Fawcett Center, Finance, House and Food Service Event Center, Ohio State Marching Band, Office of the President, Physical Facilities, Reprographics and Printing Services, Special Events, UNITS, University Communication, University Development, University Police, the Wexner Center, and WOSU for the outstanding work in preparing for the visit of the President of the United States."

The individuals in these offices worked tirelessly to plan the Midwest Regional Economic Conference and the Presidential address on the Oval in less than three weeks. The efforts let undergraduates experience Ohio State as a leading university in national affairs and gave students the opportunity to see President Clinton, Vice President Gore, and members of the Cabinet. Thanks for showing the nation and the world The Ohio State University pride!

Mr. Bill Hall:

On behalf of literally hundreds of people that really made this happen, I will accept this award, but it was a real pleasure to serve the University in this way. Thank you very much, Dr. Gee, Mr. Ambassador, and the Board for giving us this opportunity.

President Gee:

Thanks to all of you, they did a remarkable job. And thanks to the two of you, what a nice surprise. I, of course, expected to get one, too, but "The Things Gone Wrong Award" will be mine.

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM

Mr. Celeste:

Our next presentation is from Ed Ray on the Early Retirement Incentive Program.

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM (contd)

Dr. Edward Ray:

Thank you, Mr. Chairman. You have material in front of you that provides a narrative and some tables of data on where we are with respect to the Early Retirement Program and that certainly doesn't bear repeating here.

What I would like to remind you of is this really is our first summing up of how this program has played out. The retirements were officially closed effective at the end of June. We have had detailed discussions with each of the colleges and departments about how they might want to modify their replacement programs to be as protective as possible of the quality of the programs that we offer in concert with their efforts to redirect resources. So there have been some minor changes relative to some of the earlier reports that I have given to you as we have tried to forecast how this would all play out.

Let me give you some bottom line statistics. We have had effectively 335 full-time equivalent retirements out of a population of 506, which is 63 percent. To give you some perspective, in May of 1994 when we came to the Board and asked you to raise the cap from the 300 that we had started with, we indicated that we anticipated that we might have something on the order of 350 retirements out of a population of about 518. That compares with the figures that I just gave you of 335 out of 506.

If you remember that the nature of the program was to predominately replace retired faculty with faculty at the entry level on a staggered basis over a several year period, you should know that we anticipate -- after our discussions with the colleges and departments -- 221 of the 267 replacements, or 83 percent, to be at the assistant professor level. We expect the actual reduction in line positions to be 56 positions, which represent something less than two percent of the faculty FTE base.

If one looks at the student/faculty ratio that emerges as a result of this in the downsizing and the student population that we have managed over the last four or five years -- when this program has played itself out we expect the student/faculty ratio to be approximately 16.6. That compares with a ratio of 16.8 in 1986 and a high point of 17 in 1994. That is not to say that that is a good figure or it is a competitive place to be if we want to be a major provider of education in America, but it does say that we are not in fact losing ground relative to the relationships that we have managed to maintain in the past.

When I came to the Board in February 1994 to talk about the possibility of an Early Retirement Program, we indicated that we expected -- as a result of the non-replacement of some positions and the replacement of other positions at entry level salaries below exit salaries -- that we might be able to realize something on the order of \$8 million in continuing annual rate savings that could be redirected to other purposes in the University. I am here to report to you that our current estimate of that figure is \$7.7 million.

I also indicated to the Board in November of 1994 -- when we began to get a better sense of what the annual changes in cash flow might be across departments and colleges -- that we anticipated that the cash savings would be somewhere between \$9.5 and \$26.5 million, it obviously depended upon the rate at which we replaced positions and the entry level salaries that were awarded to new hires. I am here to tell you that our current estimate is, in fact, \$18 million, which is below the \$20 million that we indicated might be possible in August. That has to do with making what we think are prudent decisions, about letting some hires occur a little earlier, and at a little more senior level because they represent critical specific hires to maintain program quality in particular areas.

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM (contd)

Dr. Ray: (contd)

A couple of other elements of the plan that I would like to call to your attention include the fact that one of our biggest concerns about this program -- apart from the financials -- would be its impact on the quality of our program offerings, particularly during this transition period, the first year, in which very few replacements are expected to take place.

You should know that departments and colleges worry about the quality of the products that they offer as well and have been anticipating this transition for some period of time. So during the course of this first year, we expect that close to 25 percent of the faculty retirees, through this program, will have some sort of affiliation with their programs, primarily in providing teaching in critical areas. Staffing is going to be required of this sort until the new hires are brought aboard.

Our expectation is that, as the program proceeds, fewer and fewer rehires of retirees will occur as permanent staff come aboard. I can tell you as a practical financial matter that these faculty who are coming back to provide that fill-in teaching in critical areas are, in fact, being paid, on average, \$5,000, which corresponds to an exit average cost per course of just under \$15,000. So, again, I think prudent measures have been taken by people at the department and college level to provide intermediate staffing where it is needed and to do it in a very cost effective way.

You will remember also that we set aside \$1 million in annual rate -- out of the FY '95 budget reduction -- to be used to deal with cash flow and annual rate problems that might emerge in selected areas because of the implementation of the buy-out program. I am here to tell you that, in fact, we will be able to manage and to have negotiated managing the few areas where difficulties exist quite easily. We expect that at the end of this program, almost all of the \$1 million in annual rates -- and most certainly more than half of the \$5 million in cash that was kicked off by that insurance program -- will be available at the end to -- as the Provost has promised -- put resources back into academic enrichment efforts.

Finally, the last element of the program that I should be on record as recognizing now -- because we will need to come back to a discussion of it -- is "What the follow-up program for phased retirement will be for the University?" We, of course, still have the STRS Program in place, but it was a very clear mandate from the Board that this would, in fact, be the last time that we would have an across-the-board Early Retirement Program, and that we need to come up with some substitute mechanism.

Our office, Academic Affairs, will be working over the next few months with Human Resources to develop alternatives and at such time as we have produced them, we will be here before the Board to discuss those alternatives and to get your counsel.

That concludes my report, and I would be happy to respond to any questions.

Mr. Celeste:

Thank you very much, Ed. Are there any questions? If not, I appreciate your report and the status of the program.

(See Appendix XXVIII for background information on the Early Retirement Incentive Program, page 591.)

REPORT ON OUTSIDE CONSULTING BY FACULTY

Mr. Celeste:

We have one final presentation this morning from Drs. Rudd and Hayes on outside consulting by faculty.

Dr. Nancy Rudd:

Thank you. About three weeks ago an article in the Columbus Dispatch pointed out deficiencies in the reporting and approval process for faculty members on outside professional service activities. We had begun to address these deficiencies before the article was published. The new handbook for deans, chairpersons, and directors that was disseminated in early October, put these academic administrators on notice with regard to their responsibility and the approval process for such activity. They have been working with their faculty to assure that any who are involved in such outside professional service are reporting that activity and having it approved in compliance with University procedures. In addition, we will be holding a workshop for department chairs next week. They are working with faculty to determine when outside professional service is and is not appropriate.

To put this issue in context, we would like to provide brief comments on the nature of faculty members on outside professional service activities and on administrative efforts -- other than approving the reporting process -- that have been underway to assure that this activity is an appropriate use of faculty time. A thorough discussion of the nature of outside professional service by faculty and its benefits to the University and to the community would require far more time than is available today, but I offer a few highlights.

First, faculty have expertise that is not readily available outside universities and is sometimes unique. Provision of this expertise contributes to economic development and to the alleviation of social problems. Indeed, universities are being called upon to provide increasing amounts of such expertise by entities in both the private and public sector. If faculty were not permitted to engage in outside professional service, the loss to public and private entities in Ohio and beyond would be considerable.

Much of this service, particularly to public entities, does not provide direct compensation to the faculty member. It may provide research opportunities or research funds for faculty members and/or students; it may provide in-kind gifts, such as state-of-the-art laboratory equipment that enhances both instruction and research; or it may provide no compensation at all. It may be purely voluntary.

Second, students benefit by being taught by faculty members with ongoing experience in the professional field for which students are being trained, by being able to participate in the research opportunities that are involved in such activities, and by the connections to prospective employers made by faculty members.

Third, research carried out during outside consulting activities produces both advancements in knowledge and publications that disseminate those findings. These outcomes enhance the University's reputation, in addition to their inherent value.

I might add that most consulting or outside professional service activities is sporadic and does not involve a great deal of time. The number of faculty who are engaged in this kind of activity to the maximum permitted by the University is extremely small and is largely in those colleges, like engineering, where there is a very, very heavy demand for the expertise that faculty members can provide.

While our form of reporting and approval process needs work -- and we have acknowledged that -- it is not the case that our department chairs are unaware of the

REPORT ON OUTSIDE CONSULTING BY FACULTY (contd)

Dr. Rudd: (contd)

outside professional activities of their faculty. In 1993, the Office of Academic Affairs established faculty workload and performance review policies. The first required departments to develop policies that assure that every faculty member is carrying a full complement of responsibilities. The second requires a written annual performance review for every faculty member.

We reported the establishment of these policies to the Board at the time that they were developed. These two policies together, when fully implemented, should assure that outside professional activities are a part of the performance review process and do not take the place of or otherwise interfere with a faculty member's foremost responsibility to effectively teach, conduct research, and perform intrauniversity service.

Vice President Hayes will now comment on another important initiative.

Dr. Edward Hayes:

In parallel with our efforts on workload and performance for the faculty, the University over the past year undertook the development of a conflict of interest policy in parallel with what is going on in many universities. We were required to have a policy in place, as of this October, in order for faculty to be involved as principal investigators on grants funded by the National Science Foundation and the National Institutes of Health.

The inner policy that is in place applies to all research activity and is primarily focused on financial conflicts of interest. The implementation began this summer. During the coming Winter Quarter we will begin a more comprehensive conflict of interest policy that will apply to aspects of faculty work. As anticipated, this policy will deal with both financial conflicts of interest and conflicts of time. This policy will be developed through the normal approved channels for developing such policies, and will ultimately come to the Board when that action is complete for final approval by the Board.

This policy -- and the educational efforts that will accompany it -- will assure that faculty members are sensitive to and avoid potential conflicts of interest. It will also provide a mechanism to help faculty members structure potential conflicts of interest situations, to avoid conflicts, and also to provide a mechanism to inform faculty members that some activities cannot be carried out at all because they entail unavoidable conflicts. I mentioned that with the interim policy, the Office of Research, working with Legal Affairs, have added an additional person to specifically focus on managing potential conflicts of interest situations during this period.

I hope this gives you some perspective as to where we stand in developing more formal conflict of interest policies. We would be happy to answer any questions that you might have.

Mr. Celeste:

Are there any questions from the Trustees on this important issue? If not, thank you very much for your presentation and update on the status in that area.

Mr. Celeste:

In addition, Mr. Chairman, we do have several resolutions to consider and I would like to ask Provost Sisson to present them.

Provost Sisson:

Thank you, Mr. Chairman. A very short side bar, the body politic of the University -- the minds and vital organs of this University that makes it distinctive -- I have reported on a number of times on restructuring, and the support structures -- the arms, legs, and backbone of the University -- I reported on at the last meeting. I think that this physical model has been most useful in the restructuring of one element within the Office of Academic Affairs. That is, let me refer to my colleague, Ed Ray, as a consequence of his running and finishing the Columbus Marathon three weeks ago. It may take a little time for us to make him restructure himself, but we will assure that that is done. I know it can be done because I ran it with him last year, and I am continuing to restructure myself in preparation for running it with him again.

Mr. Chairman, I present the following resolutions for approval of the Board:

**THE OHIO STATE UNIVERSITY - LIMA
BOARD APPOINTMENT**

Resolution No. 96-69

Synopsis: Approval of appointment of Board member to The Ohio State University-Lima Board is proposed.

WHEREAS the Board of Trustees on July 8, 1994, approved the establishment of The Ohio State University-Lima Board; and

WHEREAS it has been previously stipulated that "The Lima board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Lima board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named person has been nominated and selected for appointment to The Ohio State University-Lima Board for the term as specified:

Appointment of Student Member

<u>Name</u>	<u>Term of Appointment</u>
Troy Green	1 year

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominee be approved as a member of The Ohio State University-Lima Board, effective July 1, 1995.

NAMING OF BUILDING

Resolution No. 96-70

Synopsis: Ratification of the naming of the convocation, sports, and multi-purpose center to be constructed at the corner of Lane Avenue and Olentangy River Road.

NAMING OF BUILDING (contd)

WHEREAS The Ohio State University intends to build a new \$75 million convocation, sports, and multi-purpose center at the corner of Lane Avenue and Olentangy River Road; and

WHEREAS the Schottenstein family has a long and distinguished tradition of philanthropy, service and dedication to the community and to The Ohio State University; and

WHEREAS it is the desire of the Schottenstein family and the Schottenstein Stores Corp., and its subsidiary, Value City Department Stores, Inc., that the University have the finest facility possible to enhance the quality of the life of Ohio State student-athletes, faculty, staff, alumni, and the people of Ohio through sports, entertainment, and other activities; and

WHEREAS the Schottenstein family and the Schottenstein Stores contributed \$12.5 million, the third largest gift ever received by The Ohio State University, toward the construction of this facility:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees hereby ratifies that the aforementioned facility be named "The Schottenstein Center."

NAMING OF CLINIC

Resolution No. 96-71

Synopsis: Naming of the Plant and Pest Diagnostic Clinic (PPDC), 110 Kottman Hall, 2021 Coffey Road on the main campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the Plant and Pest Diagnostic Clinic located in 110 Kottman Hall at 2021 Coffey Road be named the "C. Wayne Ellett Plant and Pest Diagnostic Clinic" to honor Dr. C. Wayne Ellett, professor emeritus; and

WHEREAS Dr. Ellett served on the faculty of The Ohio State University for more than forty-five years as a professor in both botany and plant pathology; and

WHEREAS his contributions to the University were many, including his expertise in plant disease diagnosis, and most notably, his establishment of the Plant Disease Clinic; and

WHEREAS Dr. Ellett's expertise and willingness to collaborate and work cooperatively with colleagues across many departments have earned him the respect and admiration of many faculty:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned facility shall be named the "C. Wayne Ellett Plant and Pest Diagnostic Clinic."

NAMING OF LIBRARY

Resolution No. 96-72

Synopsis: Naming of the library in Room 1160 Dodd Hall, 480 W. 9th Avenue on the main campus of The Ohio State University is proposed.

NAMING OF LIBRARY (contd)

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the library located in Room 1160 Dodd Hall at 480 W. 9th Avenue be named the "Richard W. Stow Memorial Library" in memory of the late Richard W. Stow; and

WHEREAS Dr. Stow was a Fulbright Lecturer and prominently noted for his innovations in electromyographic instrumentation; and

WHEREAS he was a recipient of the prestigious "Award for Outstanding Contributions to Clinical Chemistry" for his research in the measurement of blood flow and chemistry in tissues; and

WHEREAS Dr. Stow's exemplary and distinguished career and accomplishments as a biophysicist provide a legacy of excellence at The Ohio State University College of Medicine:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned facility shall be named the "Richard W. Stow Memorial Library."

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 96-73

Synopsis: Approval of the following amendments to the Rules of the University Faculty are recommended.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on November 4, 1995:

Amended Rule

3335-5-481 Council on academic affairs.

(A) and (B) unchanged.

(C) Organization.

- (1) The chair of the council shall be elected for a one-year term by the council from the membership of the council. The vice chairperson of the council shall be elected for a one-year term BY THE COUNCIL from the ~~regular faculty~~ membership of the council. The chairperson (or in that person's absence, the vice chairperson) shall preside at all meetings of the council. ~~The chairperson shall vote only in case of a tie vote among members of the council present and voting, whereas the vice chairperson shall vote without such restriction, even though presiding.~~

Balance unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

HONORARY DEGREE

Resolution No. 96-74

Synopsis: The awarding of honorary degree to Jeanne Bonnet McCoy is recommended for approval.

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommends to the Board of Trustees awarding of an honorary degree as listed below:

Jeanne Bonnet McCoy

Doctor of Humane Letters

NOW THEREFORE

BE IT RESOLVED, That the above honorary degree be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

PERSONNEL ACTIONS

Resolution No. 96-75

WHEREAS faculty previously honored with assignment of the title of Presidential Professor or University Professor have indicated a desire to have their titles changed to Distinguished University Professor (or Distinguished University Professor Emeritus if retired) in keeping with the title to be conferred under the reactivated award program; and

NOW THEREFORE

BE IT RESOLVED, That all aforementioned previously honored faculty receive the titles of Distinguished University Professor or Distinguished University Professor Emeritus; and

BE IT FURTHER RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the November 3, 1995 meeting of the Board, including the following Concurrent Appointment, Appointments, Leaves of Absence Without Salary, Leave of Absence Without Salary--Continuation, Professional Improvement Leave--Change in Dates, and Change of Titles as detailed in the University Budget be approved.

Concurrent Appointment

Name: SUSAN L. HUNTINGTON
Titles: Acting Vice Provost for Graduate Studies and Acting Dean
Office/School: Academic Affairs and Graduate School
Effective: December 1, 1995
Salary: N/A
Present Position: Acting Dean, Graduate School

Appointments

Name: JAY D. IAMS
Title: Professor (The Frederick P. Zuspan, M.D. Professorship in Obstetrics and Gynecology)
Department: Obstetrics and Gynecology
Effective: October 1, 1995
Salary: \$53,472.00

PERSONNEL ACTIONS (contd)

Appointments (contd)

Name: JOAN M. KRAUSKOPF
Title: Professor (President's Club Professorship in Law)
College: Law
Effective: November 1, 1995
Salary: \$108,960.00

Name: NANCY H. ROGERS
Title: Associate Dean and Professor (The Joseph S. Platt - Porter, Wright, Morris & Arthur Professorship in Law)
College: Law
Effective: November 1, 1995
Salary: \$127,920.00

Leaves of Absence Without Salary

JOSUE CRUZ, JR., Associate Professor, Department of Educational Theory and Practice, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to accept a faculty position at the University of South Florida.

ELLEN S. NEWMAN, Associate Professor, Department of Theatre, effective Winter Quarter 1996, for personal reasons.

RICHARD L. STALNAKER, Associate Professor, Department of Mechanical Engineering, effective October 1, 1995, through November 30, 1995, for personal reasons.

PERVIN K. SHROFF, Assistant Professor, Department of Accounting and Management Information Systems, effective Winter Quarter and Spring Quarter 1996, to spend time at the University of California at Berkeley.

Leave of Absence Without Salary--Continuation

ELIAS L. KHALIL, Assistant Professor, Department of Economics (Mansfield Campus), effective Autumn Quarter 1995 and Winter Quarter 1996, to study the theory of entrepreneurship.

Professional Improvement Leave--Change in Dates

ELLEN S. NEWMAN, Associate Professor, Department of Theatre, change leave from Winter Quarter and Spring Quarter 1996 to Spring Quarter 1996.

Change of Titles

From Presidential Professor to Distinguished University Professor

GEORGE F. MARTIN

From University Professor to Distinguished University Professor

BUNNY C. CLARK
HARVEY M. FRIEDMAN
SUSAN L. HUNTINGTON
LEO A. PAQUETTE

From Presidential Professor Emeritus to Distinguished University Professor Emeritus

JAMES R. WARMBROD

PERSONNEL ACTIONS (contd)

Change of Titles (contd)

From Chairperson and Professor Emeritus to Chairperson and Distinguished University Professor Emeritus

GEORGE R. ST. PIERRE

From Professor Emeritus to Distinguished University Professor Emeritus

JOHN P. HIRTH
DAVID O. EDWARDS
ROBERT A. RAPP
ARNOLD M. ZWICKY

RESOLUTIONS IN MEMORIAM

Resolution No. 96-76

Synopsis: Approval of three Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the families of the deceased.

Francis R. Aumann

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 2, 1995, of Francis R. Aumann, Professor Emeritus in the Department of Political Science.

Born in Delaware, Ohio, and a graduate of Ohio Wesleyan, Professor Aumann held an M.A. from Ohio State University and a Ph.D. from the University of Iowa. He was a visiting professor at Ohio Wesleyan University, Wayne State University, the University of Iowa, and Southern Illinois University.

During World War II, he served in the United States Navy and subsequently was a member of the Naval Reserve, from which he retired in 1963 at the rank of Commander.

Professor Aumann was a faculty member in the Department of Political Science from 1928 to 1971, rising quickly through the ranks from Instructor to Professor in 1940. Upon his retirement in 1971, he was appointed Professor Emeritus. In recognition of his valuable contributions to his University and his community, Dr. Aumann was presented with the University's Distinguished Service Award in 1981.

Francis Aumann was an accomplished scholar and teacher and provided valuable service to the Department and the University throughout his over four decades as a member of the faculty. A leading specialist in public law, he was author of seven books and fifty articles in professional journals, including the premier journal of his discipline, the American Political Science Review. Professor Aumann was a highly respected teacher and played a valuable role in shaping the careers of numerous undergraduate and graduate students, whose devotion to him has been expressed over the years by their substantial contributions to maintain the Department's Francis R. Aumann Fund. He also played a significant role in the development of the Department as its national reputation grew during his tenure. His high standards, his conscientiousness, and his collegiality served as a model for all of his colleagues.

After his retirement in 1971, Professor Aumann maintained contact with his department from his long-time home on Como Street in the Clintonville area of Columbus. Through visits to his home, current faculty were able to appreciate his strong commitment to intellectual life as well as his recollections of his profession and his life on the faculty.

RESOLUTIONS IN MEMORIAM (contd)

Francis R. Aumann (contd)

On behalf of the University, the Board of Trustees expresses to the family of Professor Aumann its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Clyde W. Franklin II

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 25, 1995, of Clyde W. Franklin II, Professor Emeritus in the Department of Sociology.

Professor Franklin graduated magna cum laude with a B.A. degree in Sociology from A.M. and N. College, Pine Bluff Arkansas, in 1961. He received his M.A. in Sociology from Atlanta University in 1962, and his Ph.D. degree in Sociology from the University of Washington in 1969.

He began teaching at Ohio State in 1967 and, after 26 years at Ohio State, he decided to retire because of illness in June 1995. Originally Dr. Franklin's research interests were in theoretical social psychology and race relations, but in recent years his work concentrated on the interactions of race and gender. One of the foremost scholars of men's studies, he was the founding editor of The Journal of African American Male Studies. He has published numerous articles on men's lives and written four books in the areas of social psychology and race and gender relations. In his teaching and research, Professor Franklin sought to generate knowledge that would make a difference by making empirically grounded statements about socially and politically important issues.

In addition to expanding knowledge in the fields of race and gender, Professor Franklin never lost his enthusiasm for teaching and mentoring young scholars. His talents and skill as a lecturer allowed him to challenge students in his large introductory sociology course to come to terms with the impact of race and gender inequality in their own lives. Although he was honored with the Distinguished Graduate Teaching Award in Sociology several times during his career, Dr. Franklin's success is measured in the lives of the many women and men he has influenced both intellectually and personally.

A strong advocate of social change, Professor Franklin was respected and admired by his colleagues and students for his unfaltering commitment to social equality for all groups of people. As outspoken as he could be in challenging social injustice, he was also a valued, trustworthy, and loving friend who will be remembered for his kindness, humor, and fun-loving nature. He lived life to its fullest and will be sorely missed as a colleague, a mentor, a teacher, and a friend.

On behalf of the University, the Board of Trustees expresses to the family of Professor Franklin its deep sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Miriam Mooney

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 9, 1995, of Miriam Mooney, Professor Emeritus in the School of Music.

Professor Mooney graduated with honors from Western College for Women and earned a M.A. in literature from Vanderbilt University. She then completed advanced piano study at the Juilliard School in New York and with Tobias Matthay in London. She was on the faculty of the School of Music for 38 years and served as Chair of the Keyboard Section of the School of Music from 1955 until her retirement in 1973.

RESOLUTIONS IN MEMORIAM (contd)

Miriam Mooney (contd)

She served on the Board of Directors of the Ohio Federation of Music, the Columbus Symphony, and the Ohioana Library, and was a founder and life member of the Board of Opera Columbus, She also was a member of Wednesday Literary Club and served as a Deacon at the Broad Street Presbyterian Church.

Her many students and colleagues will always remember her kindness and her constructive leadership.

On behalf of the University, the Board of Trustees expresses to the family of Professor Mooney its deep sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Celeste, Colley, Skestos, Patterson, Sofia, and Ambassador Wolf.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

For the purpose of the Research Foundation report, I'd like to call on Dr. Hayes.

Dr. Hayes:

The Board should have the report for October 1995 Grants and Contracts which was previously distributed to each of the members.

Expenditures from external sources are at Tab 1. They are below last year by 8.3 percent for a total of \$56.3 million through October 31, 1995. Much of this reduction in the rate of expenditures is due to the normal conservatism of our faculty waiting to see what is going to happen in Washington as Congress figures out how it is going to balance the budget. The immediate result is that it looks like our return on indirect cost recoveries for this year may be down by as much as two or three percent.

Awards for this year are in excess of \$63.7 million or 3.9 percent below the July to October time period last year. A summary of the awards' total is given in the second section of this report. With the continuing uncertainty surrounding the '96 budget, for most agencies, we're likely to continue to experience further delays in the receipt of new awards. For instance, just last month the National Science Foundation was shut down at the time that the National Science Board was supposed to meet and approve various key programs. So there are a number of activities which have been delayed and the final appropriations for a number of the agencies have not yet been approved for this year.

At Tab 3 there are five projects highlighted that cover the broad range of scholarly activities that receive funding. I'll just mention these for your information. The Center for Human Resources received funding from the Bureau of Labor Statistics for the collection and production of data from the National Longitudinal Surveys. The data are used by economists, sociologists, and other researchers in government, academic research community, and private organizations to examine a variety of policy issues related to the labor market.

REPORT ON RESEARCH FOUNDATION (contd)

Dr. Hayes: (contd)

The Byrd Polar Research Center has received funding from NASA for a remote sensing system to be used in the Antarctic continent. Dr. Pollock has received funding from the National Institute on Aging for a study on disruptive nocturnal behaviors of elders residing with caregivers. In addition, several faculty in Pathology have received funds for a multidisciplinary study using boron compound as a capture agent on patients with brain tumors. And Robert Suber, from the Office of Minority Affairs, has received funding for the Upward Bound Project to empower low-income youth to persist in their educational and career pursuits.

In Tab 4 is a complete list of new awards received in October. Tab 5 provides data on the Office of Technology Transfer and Licensing. Some details of this activity were presented to the Educational Affairs Committee, as Mr. Celeste mentioned earlier. At Tab 6 you'll find the list of awards, fellowships, and prizes that have been provided to individual faculty members and we do this once a year. The faculty in the Colleges of Arts and Humanities, in many cases, receive awards directly, as opposed to receiving them through the Research Foundation.

Mr. Celeste, this concludes my report. A motion to approve the research agreement between The Ohio State University and The Ohio State University Research Foundation would be appropriate at this time.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-77

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for October 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of October 1995 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

Thereupon the Board adjourned to meet Friday, February 2, 1996, at The Ohio State University Ohio Union, Columbus, Ohio.

Attest:

Robert M. Duncan
Secretary

Milton A. Wolf, Ph.D.
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND NINETEENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 2, 1996

The Board of Trustees met at its regular monthly meeting on Friday, February 2, 1996, at The Ohio State University Ohio Union, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

February 2, 1996 meeting, Board of Trustees

The Chairman, Ambassador Wolf, Ph.D., called the meeting of the Board of Trustees to order on February 2, 1996, at 10:45 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith.

--0--

Ambassador Wolf:

Ladies and gentlemen, before we go any further we have a very happy occasion today to celebrate. I hope all of you will join me in wishing President Gee a very happy birthday! We have a birthday cake for him, which is being wheeled in right now.

President Gee:

Thank you very much. I really appreciate this.

--0--

PRESIDENT'S REPORT

President Gee:

I might note that today is Groundhog Day. I was hoping to see my shadow, so I would have a job for at least six more weeks!

Mr. Chairman, I want to make special note of two agenda items to be considered by this Board this morning. The Ambassador Milton A. and Roslyn Z. Wolf Chair Fund is before this body for acceptance, thanks to a substantial gift from Ambassador and Mrs. Wolf. This generously endowed fund will help ensure the future strength of this university and future opportunities for its students.

Mr. Ambassador, I would just note that this commitment is deeply appreciated. Coupled with the time and dedication you have given as a member and chair of this Board, please know that you are making a difference.

Secondly, also on your agenda today, is The Michael F. Colley Fund for The Michael F. Colley Trial Advocacy Skills Competitions Program. When the endowment is fully funded, the annual income will support an intra-scholastic competition and two inter-scholastic competition teams. These mock trial experiences are an invaluable part of legal education. I might just note, that this is something that is very, very important to our Law School and being a faculty member in the Law School, I know how important this is to our faculty and certainly to our students.

So, to both of you I say thank you. This kind of dedication from our own Board is something that we all ought to recognize. Please give these two gentlemen a round of applause.

As has been widely reported, and as will be noted in this meeting, The Ohio State University enjoyed record levels of support for the Campaign during the month of December. Many, many people have "affirmed their friendship" for this great university. As we look to the future, this support will be vital not only to maintaining our strength, but also to building upon it.

The future of America's state and land-grant universities will be shaped by decisions and actions taken now. As you know, thanks to Alan Miller and others, I am

PRESIDENT'S REPORT (contd)

President Gee: (contd)

privileged to chair the Kellogg Commission on the Future of State and Land-Grant Universities.

I will just note that in light of what we are doing at this institution, that this larger commission will be examining the student experience, access to public education, creating a learning society, campus cultures, and outreach for the 21st century.

As we seek to enrich the student experience at Ohio State, we have many partners. The Elaine S. and John C. Rule Study Abroad Fund on today's agenda, will support study-abroad programs for history students, with preference to those studying early and modern Europe. Professor Rule is a noted scholar in that field and Elaine Rule is a public school educator.

We believe that community service also is important to student development. Our University Honors Center is engaged in the Adopt-A-School Program with the Indianola Middle School. This month, the project received a grant from the National Collegiate Honors Council to help link the middle school students to the Internet. Ohio State students will be helping these junior high youngsters develop a home-page for their school on the World Wide Web. Honors students regularly tutor, teach music, and prepare students for proficiency tests.

Service has also been important to another of our other great staff members, Reggie Anglen, coordinator of public relations for our news services office. Reggie directs and produces a weekly radio program, "Insight," and gives his time to numerous community boards. He is a friend and mentor to many students on the campus. Reggie is the 1996 recipient of the Columbus Education Association's Dr. Martin Luther King, Jr. Humanitarian Award, and I am enormously proud of what Reggie does for this University and what he has accomplished.

This month, a graduate student in public policy and management, Jing Shiang, received the 1994-95 Dissertation of the Year Award from the National Association of Schools of Public Affairs and Administration. This is a national competition, and I congratulate not only Mr. Shiang -- who is still Mr. Shiang because he has not yet been adopted by the doctoral program -- but also Professor Ron Huff and his colleagues in the School of Public Policy and Management.

The Ohio State Medical Center received more honors this month. Ours is one of three health care organizations recognized for its program to improve quality and lower costs while maintaining a high standard of patient care. The award was presented by Modern Healthcare.

We are beginning Ohio State's celebration of United Black World Month. A wide array of programs will reach not only our university students, but members of the community. A number of school groups will be visiting the campus to learn more about African-American history.

Earlier this week, we opened the new book depository on Kenny Road, with a capacity of 2 million volumes. Currently home to 300,000 volumes collected from Ohio State libraries and temporary off-campus warehousing, books are stored for preservation and to make room for new acquisitions.

The building also houses the University Archives whose holdings include more than one million photographic images of Ohio State. The depository is climate controlled. Any item can be retrieved through the computerized library catalog system. I was interested to learn that the items are not stored by call numbers -- which is the way I

PRESIDENT'S REPORT (contd)

President Gee: (contd)

was used to finding things "in the good old days" -- instead, they are shelved by size and are assigned location numbers, making retrieval quite simple and storage more efficient, and very consistent with the nature of the new technology, I might note, Mr. Brennan.

Finally, I don't think anyone here needs to be reminded -- as we have walked in here today -- of the weather in January. Our staff in physical facilities did a truly marvelous job clearing sidewalks and roads on the campuses.

I also was made aware of the role of the Department of Geography's Atmospheric Science Lab in America's transportation industry. The lab maintains a computerized forecasting service on-line. An article in the *New York Times* most recently indicated how important the forecasting service is to the trucking industry. Emeritus Professor of Geography Henry Hunker shared a message he received from one official of Schneider National Trucking. He wrote:

"You folks run a tremendous page. I've been using information obtained through it to keep the more than 10,000 truck drivers employed by our company aware of what the road ahead will look like. As the nation's largest truckload carrier, we continually strive to find an edge, and the OSU page has given one to us. We were able to stop most of our trucks west of the blizzard, and so they were productive while others sat in truck stops for two days."

This is yet one more interesting and important service provided by the university.

Mr. Chairman, that completes my report.

--0--

STUDENT RECOGNITION AWARD

Ms. Smith:

I am very honored to recognize Michael McNamara as this month's recipient of the Student Recognition Award. Michael is a junior majoring in microbiology. He has exemplified outstanding service to The Ohio State University and to its students. Michael has been an outstanding volunteer at The Ohio State University and particularly in the Office for Disability Services.

As a group tutor, Michael spends over four hours a week to assist students with numerous academic subjects. He has assisted the blind in taking their examinations by dictating tests for these students and as a test proctor, Michael, supervises students who require additional time to complete their examinations. According to the coordinator of academic support services, Michael has given the Office for Disability Services over 70 hours of volunteer service since July 1995.

Surprisingly, Michael's service to Ohio State as a volunteer does not end at the Office for Disability Services. He has volunteered two quarters at The Ohio State University Hospitals in the Emergency Department and an additional two quarters in Transportation. Michael is clearly an outstanding example of an Ohio State student who has demonstrated commitment to University and community service.

Michael, the Board would like to commend you for your service to this University and its students by presenting you with this month's Student Recognition Award.

February 2, 1996 meeting, Board of Trustees

STUDENT RECOGNITION AWARD (contd)

Congratulations.

Mr. Michael McNamara:

Thank you.

Ambassador Milton Wolf:

All of us congratulate you, Mr. McNamara. Thank you very much, Holly.

(See Appendix XXX for Student Recognition Award, page 665.)

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Executive Committee of the Hospitals Board met December 21, 1995 and January 25, 1996, at which time it authorized the Hospitals: 1) to purchase the SMS Clinical Information System which will replace the paper ordering process, automate patient order communications, and integrate clinical results into a single computerized patient record; 2) to join the Ohio State Health Network, a formal network of rural hospitals currently in the Healthcare Consortium of Ohio. The Ohio State Health Network will become a sustaining member of Prime Physician Access (PPA), a regional group of primary care physicians who will be a part of the provider network for the HMO being developed by MedOhio Health, Inc.; and 3) to participate in a national not-for-profit organization entitled the National Cardiovascular Network, which is intended to bid on national contracts for health patients.

The Executive Committee also received a detailed financial presentation by management reflecting the need for continuous action to decrease costs and to continue to make changes which will allow the Medical Center to be responsive to the health market place.

In addition, I would like to recommend the resolution to Amend the Hospitals Board Bylaws, as detailed in your Board books:

AMENDMENTS TO THE UNIVERSITY HOSPITALS BOARD BYLAWS

Resolution No. 96-78

Synopsis: The amendments to the University Hospitals Board Bylaws are recommended for approval.

WHEREAS pursuant to bylaw 3335-103-01 of the University Hospitals Board Bylaws, the University Hospitals Board Bylaws may be amended by The Ohio State University Board of Trustees; and

WHEREAS the amendments to the University Hospitals Board Bylaws have been endorsed and ratified by the University Hospitals Board on August 24, 1995, as follows:

Amended Bylaws

3335-93-10 Responsibilities of executive director of university hospitals.

The executive director shall have authority as conferred by the vice president for health ~~services~~ SCIENCES and the hospitals board. The executive director shall be responsible for the operation of

AMENDMENTS TO THE UNIVERSITY HOSPITALS BOARD BYLAWS (contd)

university hospitals and shall serve as the chief executive and operating officer. The executive director will coordinate and prioritize matters of capital medical equipment, clinical space, and clinical programs with the medical director. (B/T 4/6/90, B/T 2/2/96)

3335-97-01 Committee designations.

The board shall establish an executive committee, a strategic planning committee, an administrative/operations committee, a professional affairs/education/research committee, and special purpose committees. The chairperson of the board shall appoint the board's representatives to the committees; the president of the university may designate any officer of the university to attend meetings of the committees as ex-officio members without vote. The vice president for health ~~services~~ SCIENCES, the dean of the college of medicine, and the medical director, may attend meetings as ex-officio members without vote. As non-voting secretary of the board, the hospitals executive director shall attend all meetings and act as secretary. (B/T 5/2/80, B/T 4/6/90, B/T 2/2/96)

3335-97-02 Executive committee.

- (A) Unchanged.
- (B) Composition. The executive committee of the board shall consist of: the chairperson of the board, who will serve as chairperson of the committee; the vice chairperson of the board; the immediate past chairperson of the board; the president of the university; and the chairpersons of all standing committees of the board, and the two trustee members of the board. The vice president for health ~~services~~ SCIENCES, or other officer designated by the president of the university, and the dean of the college of medicine, the medical director, the hospitals executive director, the chief of the medical staff, and the chief of staff elect, shall serve as ex-officio members without vote.
- (C) Unchanged.

3335-101-07 Hospital clinical departments.

- (A) Appointment of the chief of each clinical department is subject to approval by the board on the recommendation of the dean of the applicable professional school and the vice president for health ~~services~~ SCIENCES. All such appointments shall be periodically reviewed by the board. Chiefs of clinical departments vacancies may be filled on an interim basis at any time by action of the dean of the appropriate professional college, after consulting with the board. (In general, the chiefs of clinical departments will be chairpersons of corresponding academic departments in the medical college.)
- (B) Unchanged.
- (C) The dean of the college of medicine ~~serves as the chief medical officer and~~ shall appoint a medical director who SHALL SERVE AS THE CHIEF MEDICAL OFFICER WHO reports to the dean and to the board. In matters relating to medical care in the hospitals, members of the clinical departments of the hospitals are accountable to the clinical chiefs, who are accountable to the medical director, who is accountable to the dean of the college of medicine and to the board. The dean in this capacity is accountable directly to the vice president for health ~~services~~ SCIENCES and to the board. If one individual holds both the dean and vice president position, the medical director will serve as the chief medical officer in the hospital.

Balance unchanged.

NOW THEREFORE

February 2, 1996 meeting, Board of Trustees

AMENDMENTS TO THE UNIVERSITY HOSPITALS BOARD BYLAWS (contd)

BE IT RESOLVED, That the foregoing amendments to the University Hospitals Board Bylaws be adopted as recommended by the University Hospitals Board.

Upon motion of Mr. Skestos, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

At yesterday's meeting the Committee discussed two issues relating to students as the principal client and customer of the University. Mary Basinger, Director of the Student Advocacy Center, and Rich Hollingsworth, Special Assistant to the President, delivered a presentation on the new Student Advocacy Center and the phase-out of the Ombudservices Office.

The Student Advocacy Center originated from a recommendation in the CUE report and was modeled after a similar center at Indiana University. Any University student with a concern, issue, or problem can come to the Center and ask for help. So far the Center has handled financial aid, academic, and other concerns simply dealing with students who need to be pointed in the right direction.

To give you an example of the Center's success, one student was quoted in yesterday's Lantern as saying, "I would not have made it through my first quarter without the center." Another student had a financial aid concern resolved in a matter of hours after spending nearly two weeks cutting through the red tape with the University. With success stories like these, the Center's popularity is guaranteed to only increase in the future.

The Committee also discussed a presentation yesterday from the University Career Services Committee, which was formed in part to examine how Ohio State can better prepare its students for employment and/or graduate education. National trends have indicated that getting a job after graduation has surpassed the general desire to gain education beyond high school as the most important reason to go to college.

Improving coordination among existing career and placement units and capitalizing on technological advances were among the solutions recommended in the presentation yesterday. The Career Services Committee also proposes establishing a university-wide career resource library so that students all over campus can have a single place to go and explore career information and opportunities.

Let me editorialize a bit by saying that these initiatives will not succeed without the strategic vision and support of this Board and the administration. Our ability to prepare students for the marketplace and the world they will face after graduation is growing increasingly critical not just to students, but also to employers.

In the report you were given from the presentation, it was reported that, "seven out of every eight alumni" stated that improved career assistance or internship development was the most important service Ohio State could individually provide. Building a vision and culture that links our students with more job and career opportunities is essential to competing in a technological age, attracting better students, and telling the world about the value that an Ohio State education will add to a student's potential.

February 2, 1996 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith: (contd)

The Committee intends to revisit these issues in the future by building on the momentum and perspective we gained in our recent retreat.

I would now like to call on John Wilhelm, who will deliver this month's report from the three student governments. Welcome, John.

Mr. John Wilhelm:

Good morning. I believe that the last time we saw each other we were trying to get the most out of our Citrus Bowl experience by hanging around the baggage carousel until the wee hours of the morning; and although it may be cold today, at least we are not wet. So I think that is a good start.

Sean Ruffin, IPC President, and Kellie Hay, from CGS, have been coordinating the selection process for the new Student Trustee and are pleased to report that things are proceeding on schedule and according to plan.

USG would like to announce that 15,000 teacher evaluations have been distributed this week and are available around campus, and welcomes feedback surrounding this issue. The Council of Graduate Students would like to highlight our upcoming Graduate Research Forum. The Forum is our flagship event and is the most notable event of its kind at any university in the nation. We would like to thank the Office of Research and the Graduate School for their continued support of this event.

Additionally, I would like to take a brief moment and mention that the three student governments are in the initial stages of organizing a joint task force to improve the child care opportunities for all students. Changing student demographics have significantly increased the need for these services not just at Ohio State, but across the country. We hope to be at the forefront of designing solutions to this situation. We will be seeking your support for our initiatives in this area.

Finally, on behalf of all students, I would like to welcome Tami Longaberger-Kaido to the Board of Trustees and encourage her to continue the fine traditions of this Board in its attention to student issues at Ohio State.

Also, I was tapped on the shoulder by Campus Mail and they had a birthday card that needed to be delivered here today from the students of Ohio State to the President.

President Gee:

Thank you very much, John. I appreciate that.

STUDENT PRESENTATIONS TO BOARD

Mr. Smith:

Today we have a number of students on the agenda who will share with us their experiences and concerns at the University. Under the leadership of Student Trustee Holly Smith, the Board has selected five students who will talk to us for a few minutes. I would now like to now turn it over to Holly, who will explain a little bit about how these students were selected and introduce them. Holly --

STUDENT PRESENTATIONS TO BOARD (contd)

Ms. Smith:

Thank you. Today we have the unique opportunity to hear first-hand the experiences of five students here at Ohio State University. These students were selected based on a form that they submitted to the Ohio Union office. This group will share with us a broad spectrum of issues that impact this University daily. I strongly believe that this is a positive experience both for the students and Trustees. The Trustees will have the opportunity to gain a greater insight into student life and concerns, and the students will be able to effectively convey their concerns and issues.

First of all, I would just like to say that I am delighted to welcome each of these five students. The first two students who will address the Board are Pamela M. Cusick and Roberta Rindfleisch, graduate students in the College of Social Work. Welcome.

Ms. Pamela M. Cusick:

Thank you very much for this great opportunity. My name is Pamela Cusick and I am a master's student in the College of Social Work at the Mansfield Campus.

I am a non-traditional student. I have found it necessary to further my education and get my master's, but continue to work at the same time. Luckily, the Regional Campuses offer an accelerated program that allows us to attend classes in the evenings and on the weekends. I am able to complete this degree in two years on the Mansfield and Columbus Campuses.

What Roberta and I are here to do today is advocate on behalf of the non-traditional student to provide this same type of a program on the Columbus Campus. There are two types of programs in the College of Social Work: 1) the accelerated program where you can go full-time and complete your degree in two years; and 2) a part-time program that you can participate in, but it can take up to four to five years, depending on your stamina to complete the degree.

We are advocating that the same programs that are offered on the Regional Campuses, Mansfield and Lima, respectively be provided in Columbus so that non-traditional students can attend these classes in the evenings and on the weekends and still get a Master's degree from the College of Social Work.

One of the reasons that I did apply to the Mansfield Campus is that in the year I applied, there were over 700 students who applied to the College of Social Work to get their Master's degree in Columbus. Over 700 students for 120 student positions. There is a need in this area for master's students. A non-traditional program would open up this opportunity to people who work full-time -- need to work full-time -- and have a family. You can't afford to go to school without a job in most situations.

I happened to have read the Lantern last Wednesday -- and congratulations, President Gee on your nomination to the Kellogg Commission -- and the Commission's five goals are: 1) the student experience; 2) access to public education; 3) creating a learning society; 4) campus cultures; and 5) responsible engagement and outreach for the 21st century. What a better opportunity there would be for the students of the College of Social Work here in Central Ohio to receive a Master's degree and be able to get a job -- successfully complete the program.

Roberta and I are cohorts and she is going to tell you a little bit about her experience as a graduate student here on the Columbus Campus.

STUDENT PRESENTATIONS TO BOARD (contd)

Ms. Roberta Rindfleisch:

Thanks, Pam. Thank you all for the opportunity to discuss our concerns today. I am very proud to be a student in The Ohio State University College of Social Work Master's Clinical Program. My father recently retired from teaching here and I have great respect for the professors in the College, but I also have concerns as to the attitude within this College towards the non-traditional working students.

I am a product of a local adult degree program at the undergraduate level. I know how difficult it is to work full-time, perform a field practicum, carry a class load, keep a grade point average up, and take care of a family. Upon scheduling for classes in the Master's program last fall, it was explicitly clear through conversations with College staff that non-traditional students were not "catered to" and that is in quotes.

Personally, I did not enter the program to be catered to. I found these statements to be very condescending and disrespectful. Many of my student peers have experienced much the same attitude, which is reflected in their frustration towards faculty and staff of the College. Adult students receive little support or flexibility on the job for their educational goals and when combined with the College's attitude of inflexibility -- it makes for a very difficult situation. I have heard this on many occasions with students in my classes.

The field of social work is comprised of diverse individuals from all lifestyles, working to make life better for all of us. It is of concern that a great deal of emphasis at the College is on the younger, traditional students within its operational levels. While I do not begrudge the younger traditional student, I would like to see an openness or willingness to consider more closely the needs of the non-traditional student.

As Social Work students, how better to learn advocacy at the academic level than to feel the empowerment of an organization which respects what a student brings to others, no matter what age they are and no matter what stage of life they are in. Rather than making non-traditional students fit a mold, why not create a new agenda or paradigm for growth within a great university for the many years to come.

We thank you very much.

President Gee:

Could I just ask a couple of questions? Did both of you do your undergraduate work here earlier? Tell me about your undergraduate experience.

Ms. Cusick:

I initially started my undergraduate work at OSU Lima. In my junior year, I commuted from Lima down here two days a week, and in my senior year I moved down here and graduated in 1992.

President Gee:

In 1992 -- so you are a fairly recent graduate of the institution as an undergraduate. Did you go directly into the Master's program?

Ms. Cusick:

I waited a year.

February 2, 1996 meeting, Board of Trustees

STUDENT PRESENTATIONS TO BOARD (contd)

President Gee:

Roberta, what about you?

Ms. Rindfleisch:

My undergraduate degree is in Gerontology from Ohio Dominican College, and I graduated in 1991. I waited a few years, got some experience, and then went back and applied for the Master's program.

President Gee:

I think that it is important for us all to hear your background. The reason that I asked that question is that even though you call yourselves non-traditional students, I would submit to you that in the world in which we now are living, that you are increasingly the traditional student. Those bright young folks that you see behind you who have always been designated the traditional student -- the 18 to 22 year olds, "thank you very much, come get a degree, and join a fraternity and a sorority and that's the way that life is" -- their challenges are increasingly different. But the truth of the matter is that universities -- unless they are configured to serve you -- are not going to be serving very many people. The life-long learning, however we designate it, is actually going to be configured by the strains and constraints that you all bring to the table. We are in the throws of becoming a 21st century university and part of that real struggle is to identify who our customer is, the clientele, and how we serve them. I think that is very much the issue that you brought to the table.

We had a discussion in this very room about two weeks ago about this and that discussion continues. So your plea is not falling on deaf ears. Actually we are all struggling not with whether we have to do the kinds of things that you are talking about, but how quickly we can do it with the strains of quality that we think that we need to bring to the table. Thank you very much.

Mr. Brennan:

I would just like to add that we all admire both of you very, very much.

Ms. Cusick:

Thank you very much.

Ms. Rindfleisch:

Thank you for the opportunity.

Mr. Smith:

Thank you, Pamela and Roberta. When Holly and I were discussing about how best to introduce the students we agreed that we should do the introductions on an alternating basis. So at this time, I would like to call on Kayvan Keyhani to address the Board. Thanks for coming today.

Mr. Kayvan Keyhani:

My name is Kayvan Keyhani and I am a first-year medical student at Ohio State University.

STUDENT PRESENTATIONS TO BOARD (contd)

President Gee:

Where did you do your undergraduate work, Kayvan?

Mr. Keyhani:

I just finished my undergraduate work this summer at Ohio State.

President Gee:

Great, so you are in the continuing mode.

Mr. Keyhani:

I am quite continuing and actually in dire need of a break, but we won't discuss that. That was an argument that I had with my parents, but I won't get into that.

I really would like to thank the Board of Trustees for listening to me. It is extremely empowering to be able to have these core complaints that you have been carrying around for years and always complaining to your friends and people, and then to one day have the opportunity to come here and actually get to the heart of the matter. Whether or not you are in the position right now to do anything about these things is irrelevant. Just the fact that I was able to share these with you is extremely great. The mark of a great empire is the ability to keep in touch with its students and constituents. So I thank you.

I came to the Ohio State Medical School, over many other schools, basically because of what I saw happening on Twelfth Avenue. The whole of Twelfth Avenue -- I graduated in four years and a quarter -- changed in four years. I have never seen such growth. The entire Avenue used to be just three or four buildings, and by the time I graduated and entered Medical School, the entire Avenue was lined with Medical complexes. I realized that as a clinician you couldn't ask for anything better than to be here because of the incredible opportunities that I would be afforded in any specialty I would later choose. The investment in growth that Ohio State has committed into its Medical Complex was definitely the number one prevailing reason that I chose this school.

Another great thing that I would like to comment on -- before I start into my complaints, I guess that is the best way to say it. Even though the excellence of the University goes unspoken everyday and I am here to talk about some of the things that maybe you haven't heard about -- one of the things that I have noticed recently is the physical grounds. I have always remarked when I visit other universities that my friends go to -- where the price tag is around \$22,000 in-state or out -- that it looks great here. There are nice entrances to the university, there are great trees everywhere, it is well manicured, and it looks like you are on a college campus. I have to say in the last four years, ever since Dr. Gee came here, I have noticed quite a change in the physical appearance of this University. I have to congratulate the University and the Board of Trustees on this magnificent change. I think it totally gives you a different psychology when you are on this campus and when you see nice facilities.

The commitment to investment and research growth are all wonderful, but on the other hand I see some really basic needs of the students going completely unfulfilled. I had the opportunity to come here about an hour earlier to hear a little of the proceedings, and the price tag for some of these things would be so trivial compared to the numbers that we were talking about. I will just share with you one of them and it is called Larkins Hall.

STUDENT PRESENTATIONS TO BOARD (contd)

Mr. Keyhani: (contd)

I was here for the last four years and for the whole debate on whether we needed a new Ohio Union. Although I believe that we need a new Ohio Union and I voted for it, I think one argument that just went totally unfulfilled was the commitment of this University to the health of its students. Larkins Hall is the smallest complex that I have visited in the twelve interviews I had at different medical schools.

Dr. Gee, one place that you may not be unfamiliar with, I think, is the University of Colorado. They had an incredible physical facility where --

President Gee:

It is called, "Gee Memorial Hall."

Mr. Keyhani:

Basically my friends are in disbelief when I tell them about the University of Colorado's physical facilities for exercise. They have more than just one room and one weight set. At Larkins Hall if you want to lift weights, there are two weight sets ranging from 10 to 70 pounds, that is what we consider a weight set. Two weight sets for 50,000 people who would want to work out. At the University of Colorado, you basically have a whole weight set to yourself. You have a hall that drags on and on. Now granted, the University of Colorado has quite a different tuition price tag and we can all contribute some of these things to that. On the other hand, two weight sets for 50,000 students -- and the price of these weight sets amounts to less than \$5,000 each -- should be rectified.

Another huge problem is that we have one area to ride the bikes. Last year they put in a tread mill on a trial basis and received overwhelming input, "yes, yes, yes, we love this tread mill, we love this tread mill." They pulled the tread mill out and said, "we don't have any more money, we can't buy it." Yet you had this forum for input from the students, and they wrote we need a tread mill. One tread mill costs less than \$500.00 -- one tread mill. I mean the University's Office of Physical Facilities is really responsive to us, as far as answering our complaints. They have a whole board for that -- "Sorry. We loved your suggestion, but we can't put another tread mill in. We don't have a tread mill, we can't even do that. We don't have the money right now." There are 12 bikes there, I believe, and I calculated that that works out to 3,500 students for every bike.

The answer most of my friends have chosen is, "Oh, just go buy a membership at any of these local workout places; Columbus is full of workout places." I submit, that is a poor, poor excuse. I do not want to pay money anywhere else when I am paying tuition at this University. I want to be shown that there is a commitment to my health and to my exercise.

I would also like to relate one other problem in Larkins Hall. The place is so hot it is unbearable -- even when it is 15 degrees below zero outside like we are at right now. You can ask anyone who works out there who hasn't bought a membership at Sawmill, and they will tell you that they can't believe it. The people in administration there who don't workout tell you, "boy you gotta be real tough because that temperature is up there." They have assured me that the temperature in there is not fatal.

STUDENT PRESENTATIONS TO BOARD (contd)

Mr. Keyhani: (contd)

I said to them that I have a little experience with physiology and I am a healthy, fit person, but when I walk in there I break into a sweat without even pedaling. That can't be too good. They assure me that, "No, no it is not fatal. Nobody will die and if it gets dangerous we are going to close the place down, we did four times last summer." I was very impressed with that and I thanked them.

There used to be a huge fan in there that used to circulate the air -- and this is an example of runaway bureaucracy -- they pulled the fan out of there and put it in the aerobics room, which is in equal need of circulation of air. I complained four distinct times, "Can we have the big fan back?" They said, "we don't have the money for a big fan; we put in four little fans." But it doesn't equal one big fan. I am at a loss as to how this could occur and they say that you have to write to President Gee. I asked if there was anybody less than President Gee that I could write to so that I could get a more immediate response. They said, "No, President Gee." So here I am complaining about a fan. Trivial but important nonetheless.

The other thing, I was reading in the Lantern -- and I would like to point this out to the Board of Trustees and the President -- about the leadership in the area of environment. If we are not leaders in the area of environment, then I ask who can be? I mean the businesses are under pressure for profit margins and if the University is not dedicated to the overall health of its community, then who will be dedicated to the overall health?

The Ohio State University in September 1994 purchased 1,500 acres of the Firestone Estate. Now this was a man who kept 1,500 pristine acres untouched for his hunting. It has 500 acres of untouched wetlands and hundreds of acres of mature woodlands and is home to endangered Tamarack trees. This area is located next to the very nice suburb of Bath Township. In a survey conducted there, 61 percent of the residents said that they were willing to pay higher property taxes to have the Township purchase the estate and designate it as a nature preserve.

On the other hand, in discussions with a liaison with the Board of Trustees -- that I have been reading here from an environmental group on campus -- OSU refuses to attach any environmental conditions to the sale and then refuses to section off any of the land. Bath Township cannot afford all 1,500 acres, but they can buy 1,000 acres. Ohio State has expressed that they would like to sell all of it in one parcel and obtain the maximum profit, which would be -- I guess the market is -- \$10-15 million. That is from September 1994 on a \$5 million purchase price.

Now I agree to research and commitment to growth and everything involved in that. I came here because of that commitment. On the other hand, I think that there needs to be a line drawn where leadership is cognizant of what we need to have a profit margin on and what we don't need. There have been 10 universities, including this University, that have expressed interest in sponsoring students and research activities there. I think that if there is a need and there are people who want to do research and find this place viable for research, than perhaps the idea of selling at a maximum price, or the idea of sticking to your guns, should be left behind in view of a more progressive tactic.

Thank you for hearing me. Thank you very much.

Mr. Smith:

Thank you, Kayvan.

STUDENT PRESENTATIONS TO BOARD (contd)

President Gee:

First of all thank you for coming, I think that was very helpful. Let me note to you that I couldn't agree with you more, and we do have very serious plans about renovating Larkins Hall and this facility.

I'd also note to you -- because I know this case very clearly and I hope that all of the students hear this -- that the University of Colorado charges a substantially higher tuition. The students there decided, without a vote, that they wanted to have a new facility and they are paying an extra \$250 a semester for that. That is a student run and student owned facility for which they are paying the full cost. You need to fully recognize that. So with all of this does come a price tag which we are fully willing to talk about, but ultimately we all have to come to the table on this. Thank you very much.

Mr. Keyhani:

Thank you.

Ms. Smith:

The next student who will address the Board is Bonita R. McGee, a senior majoring in Finance and International Business.

Ms. Bonita McGee:

Hello. First I would like to greet the Board and everyone here on this cold morning with the words of peace, "asalaamualaikum." My name is Bonita and today I wish to share with you experiences, concerns, and aspirations of the Muslim community here at The Ohio State University.

A Muslim friend of mine, from London, once observed that we as Muslims are an invisible minority here on this campus. And when I stop to think about my experiences over the years -- how difficult it was to find resources where I could practice my religion, or literally not eating some days when I lived in the dorms because the cafeteria system, at the time, was not sensitive enough in recognizing the Muslim's observance of Ramadan -- I can conclude that my friend's observation was correct.

The hostility and misconceptions of Islam that hold true nationwide, manifest themselves right here at this University. Muslim women are being ostracized by both men and women because of the proper dress they choose to wear and just last week, in this very building, a bulletin board on Islam was vandalized. What are we as an OSU community to do?

First, I would like to add that we as a Muslim community understand that we also hold a stake in making the term, "invisible minority" an untruth. Islam is a universal religion. We are embraced by peoples of all racial, social, and cultural backgrounds. Organizations such as the Muslim Student Association and the Islamic College group, aid in not only spiritual support for Muslims but also promote Islamic understanding and interfaith activities in this sometimes hostile environment of The Ohio State University.

Today I am proud to say that the Dates and Data Religious Life section now includes a listing of local mosques. Why?, because I wrote a letter and SCC responded. I remember speaking with Becky Parker a few years back, after my concerns over the many difficulties of Muslims observing Ramadan in the dorms. She told me about

STUDENT PRESENTATIONS TO BOARD (contd)

Ms. McGee: (contd)

the new Buckeye ID System, and I was reassured.

So you see, I understand that you can raise your voice and act and that makes a difference. I am here today to inform you that we, the Muslim community, will not be invisible any longer and we will continue to build upon what we are doing. For it is our obligation as Muslims to struggle to make this environment better for all Muslims and by doing that making the OSU community better for everyone. We maintain the right to voice our concerns and to critique policies of the University that we feel to be problematic to our communities.

We understand our obligations and we are ready to step forward. What we ask from you is that you meet us halfway in trust, fairness, and integrity. So sit with us and talk with us for we will no longer be an invisible minority at The Ohio State University.

Thank you.

Ms. Smith:

Bonita, how do you feel that Ohio State could better address the concerns of minorities and different cultural groups that are on campus?

Ms. McGee:

I think with respect to cultural minority groups -- even though I do not like the term minority but, albeit -- they are very good at expressing their concerns. I know that in the past, minority groups have come before the Board and periodically have expressed their concerns and I think that needs to continually happen. I think that these concerns happen in cycles and needs to stop happening in cycles. There needs to be a consistent commitment from the University, and it can't be something that is in today and out tomorrow.

We have to understand that we are constituents here and our concerns are legitimate and our concerns don't go away in a few months. We have to be vigilant, and students need to keep an open dialogue with the University. I know that in the past the dialogue has sometimes been hostile, but we need to keep reaching out our hands to one another. It can't just be students reaching out our hands to you, you have to reach out your hands to us also, because we will tell you our concerns and we will work with you. We don't want to work against the University, because we are all trying to graduate and educate one another here.

Mr. Smith:

Bonita, are you observing Ramadan right now?

Ms. McGee:

Yes. We are observing Ramadan right now, it started two Mondays ago. We also will have an interfaith program next Friday at the Hale Black Cultural Center, and we are inviting people of all faiths to come and join us, so you can understand a little bit more about us. You have no idea the questions I get about Ramadan and how torturous it is or what do we do and things like that. That type of ignorance needs to be alleviated. There is no reason why we should be in such a state of ignorance about a religion that's the fastest growing religion in the world and at this Ohio State University.

STUDENT PRESENTATIONS TO BOARD (contd)

Mr. Smith:

Thank you very much. Our final student will be Mara Levine, a senior majoring in Occupational Therapy.

Ms. Mara Levine:

Members of the Board of Trustees, good morning and thank you for providing this opportunity for students to be heard. My experiences could have happened to anyone on this campus, so I feel confident in saying that my general issues are similar to those of other students.

Ohio State displays great effort in providing excellence in academics, athletics, and activity opportunities for its students. Many times this effort is rewarded with smooth running programs; however, all programs are not perfect and quite often the students suffer.

For example, many undergraduates come to Ohio State with one major in mind, then change their mind again and again. Or they come completely undecided. That was the case with myself. I remember turning to my advisor for guidance and after discussing options my freshman year, we planned out a schedule that worked toward possible majors and kept me exploring in all of the liberal arts areas as well.

Unfortunately I never saw that advisor again, he left and so did the next three advisors that I received. In fact, I had a total of four more advisors before being shoved into an exploratory student category which is also known as being a junior stuck in UVC. Meanwhile, I was trying to sort out which courses would grant me academic satisfaction without destroying my GPA while meeting the prerequisites of my intended major, my intended minor, and my unintentional backup plan.

Luckily my story has a happy ending as I was accepted into my program of choice and have actually completed all of my GEC's. However, I still hear my friends complaining about getting mixed messages, and not getting all of the answers and information that they could from their advisors. They are uncertain as to how to plan their courses in order to graduate on time.

I strongly urge everyone to listen when students voice their concerns about frustrations in the academic advising situations because they are not unfounded. Additionally, I also recommend that the suggestions of the Academic Advising Association of Ohio State be considered, because sometimes students are not aware that there are issues on the other side of the table and that could be really pertinent. I think if we focus on this problem, students can obtain excellence easier at Ohio State.

My next issue that I wanted to discuss is actually piggybacking off of Kayvan. I participate in activities at Larkins Hall -- and now you know what it is from Kayvan -- but I just wanted to fervently, fervently ask that we really try to procure the funds to definitely renovate Larkins.

I also have a big suggestion, we need to put in coin operated lockers in the areas to replace the hooks that say, "high theft area" because that is kind of silly. I was a recent victim of theft at Larkins. My winter jacket was stolen from a public locker, but they left my boots, which was good because it was right after that snowfall.

We have the answers -- at the OSU bookstores they use the coin operated lockers and it is fine. I just wanted to add to all of Kayvan's pleas that we need to work on

STUDENT PRESENTATIONS TO BOARD (contd)

Ms. Levine: (contd)

Larkins Hall, because the safety there is important. I felt I could get out of this University without being a victim, but I didn't.

I am more at the end of my undergraduate academic career than I am at the beginning, but I always remember my first quarter here because I went in to see my professor. He was a professor teaching American History, Mansel Blackford, and he spoke to 400 students. I went in as this little freshman saying, "Hi, how are you?" He was kind, he tried to convince me to major in History, and he gave me his expectations of students.

I thought that would be it, but almost weekly throughout the rest of the quarter he stopped during class to check up on me. This is a class of 400 students, and I often sat in the back trying to rest a little. But he really sought me out to hear my concerns and to see how I was doing. What was truly special was that he continually recognizes me every time we've met on campus. Although it has been three years since I have taken that course, and I know my name now escapes him, I am his face from the past as he likes to call me. I know every time I run into him, I remember how small this school can be and that makes me happy.

Serving on the Board of Trustees indicates your loyalty and commitment to this University. I just wanted you to know that despite the kinks and the run-a-round students sometimes get, I feel that way too. Thank you.

Mr. Celeste:

Mara, on the academic advising issue -- other than people disappearing when you were trying to relate to them -- what specific things do you think they could be doing?

Ms. Levine:

I think that, especially in the undecided areas -- that is called UVC right now -- those advisors have to be very, very sensitive and very aware to the changing requirements and prerequisites for all of the degree granting programs here. I was undecided and one of my fields of study was a professional program. It was very competitive and really all I should have been worrying about was my grades instead of exploring everything. I was kind of lead in a different direction and my grades suffered. So I think that that is something that is really important.

Also, information needs to be consistent and current. For example, one of my sorority sisters took a biology course and the next day they came in and said, "Oh, it is not worth it, you shouldn't be taking this." She had to repeat two classes of biology for no reason -- although she is very good in biology now. Things like that would be very helpful, especially keeping consistent counselors for the younger students and during their sophomore years when changing majors really does seem to occur a lot.

Ms. Smith:

Thanks, Mara. I would just like to thank each one of these five students for sharing their experiences and concerns with the Board of Trustees. I believe that their experiences have allowed both the Board and students to better understand one another. I believe that it is vitally important that communications between students and the administration at Ohio State remain very open and productive. Thank you, again, Pamela, Roberta, Kayvan, Bonita, and Mara for sharing your experiences. We all appreciate that.

STUDENT PRESENTATIONS TO BOARD (contd)

Mr. Smith:

Ambassador, that concludes my report. I would like to thank you, the President, and all of the Board members for allowing the students this opportunity today. Thank you very much.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

Before I begin, I'd like to thank Tom and Holly for putting together the presentations. I'd also like to thank the students for bringing up the issues that they did and know that we heard them, will take them to heart, and will consider everything that was brought up.

The Educational Affairs Committee did meet earlier this morning and I might just mention one thing before I talk about the meeting. Gordon alluded to some ongoing discussions that the Board has been having about excellence in the issues of teaching. I think that the Board is excited about the fact that we can have this dialog and it is one we wish to continue. We are excited about the caliber of people that we have running the University to make that happen and appreciate all the efforts that they've been putting forward.

In that light, I would like to raise up the Committee work this morning that focused on discussions with Vice Provost Bob Arnold, and Vice Presidents Williams and Pichette on the implementation of recommendations in the CUE Report. First was the University Departmental Teaching Excellence Award. This is the beginning of a process -- the awards will be presented at the June graduation -- to focus attention on the importance of teaching excellence, particularly as it pertains to the works of a department in that area. Secondly, we also talked about the efforts of the University on entering students with the help of a Transition-In Task Force and the work that they've been doing.

THE THINGS GONE RIGHT AWARD

Mr. Celeste:

I would like to call on Provost Sisson and Vice President Williams for a special presentation that we've coined, "The Things Gone Right Award."

Provost Sisson:

Thank you, Mr. Chairman. I'm delighted that we do have this award apropos of the context of things that aren't going quite as right as they should -- as we have heard from the very excellent presentations of our students. This is an award -- The Things Gone Right Award -- which the Offices of Student Affairs and Academic Affairs has awarded once and will award periodically to those who have gone beyond the call of duty in furthering the excellence of this institution. I would like to now call upon my good colleague here to make that presentation.

February 2, 1996 meeting, Board of Trustees

THE THINGS GONE RIGHT AWARD (contd)

Professor David Williams:

Thank you. As we always try to do, this is a surprise and the Provost had to stall because one of our surprisees left the room. Mary Basinger and Kim Pachell, would you both please come up!

Let me read this:

"Congratulations to the Student Advocacy Center for helping students help themselves. The staff in the Student Advocacy Center has created a respectful and responsible place for students who have simple questions and complex problems. Retired faculty and staff volunteer with their understanding that Ohio State and its vast network of resources provide a valuable service for students who ask for help at our large University. Thanks for making a difference one student at a time."

As Tom quoted earlier -- I want to give you the exact quote from the Lantern, he didn't make this up -- this is from a transfer student majoring in education:

"The Student Advocacy (Center) is my best friend. I would not have made it through my first quarter without the center." He goes on to say, "I go straight to the center. You will have an answer, no matter what, within a week."

I'd also like to add the Center has been open only officially for one quarter and has already been contacted by 500 students, of which 200 of those students they were able to give a quick referral or answer to within a matter of 48 hours.

Ms. Basinger:

Thank you.

Ms. Pachell:

Thank you.

Mr. Celeste:

Congratulations to the winners and thank you, David and Mr. Provost.

Mr. Celeste:

I believe, Mr. Provost, you have some resolutions to present to us for consideration.

Provost Sisson:

Thank you, again, Mr. Chairman. I would like to present the following resolutions for the attention and action of the Board:

February 2, 1996 meeting, Board of Trustees

**CREATION OF AN INSTITUTE FOR
BEHAVIORAL MEDICINE RESEARCH**

Resolution No. 96-79

WHEREAS the proposed Institute would enhance the University's competitiveness in a promising emerging field of research; and

WHEREAS it would facilitate and enhance continuing cooperation among a multi-disciplinary group of researchers who have already enjoyed considerable success working together; and

WHEREAS it would enhance this multi-disciplinary group's ability to attract research funds, graduate students, and post-doctoral researchers; and

WHEREAS the proposal satisfies Faculty Rule 3335-3-36, dealing with the establishment of academic centers, concerning the rationale for a center, membership/involvement, administration, budget and funding sources, and evaluation; and

WHEREAS the proposal to create an Institute for Behavioral Medicine Research has the approval of the Council on Academic Affairs, and was approved by the University Senate at its December 2, 1995 meeting:

NOW THEREFORE

BE IT RESOLVED, That the creation of an Institute for Behavioral Medicine Research is hereby approved, effective immediately.

NAMING OF DEPARTMENTS

Resolution No. 96-80

WHEREAS on June 3, 1994, the Board of Trustees approved the administrative reorganization of the College of Food, Agricultural, and Environmental Sciences; and

WHEREAS as a result of the administrative restructuring within the College of Food, Agricultural, and Environmental Sciences, the Department of Horticulture and the faculty in agronomic crops from the Department of Agronomy were consolidated to form a new department to be named the Department of Horticulture and Crop Science; and

WHEREAS as a result of the administrative restructuring within the College of Food, Agricultural, and Environmental Sciences, the Departments of Animal Science, Dairy Science, and Poultry Science were consolidated to form a new department to be named the Department of Animal Sciences; and

WHEREAS the names are appropriate to the curricular offerings and to research foci of the new departments; and

WHEREAS the proposed names for the two departments have been discussed with the faculty within the College, and have been approved by a vote of the faculty; and

WHEREAS the proposed changes have the approval of the Council on Academic Affairs, and were approved by the University Senate at its December 2, 1995 meeting:

NOW THEREFORE

BE IT RESOLVED, That the above mentioned departmental name changes created by the administrative reorganization within the College of Food, Agricultural, and Environmental Sciences are hereby approved, effective immediately.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 96-81

Synopsis: Approval of the following amendment to the Rules of the University Faculty is recommended.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendment to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed change in the Rules of the University Faculty was approved by the University Senate on December 2, 1995:

Amended Rule

3335-3-03 The president.

(A) and (B) unchanged.

(C) After consultation with the steering committee of the university senate, the president may recommend to the board of trustees candidates for honorary degrees. The number of candidates so recommended shall be limited to ~~four~~ EIGHT per calendar year. This right and its limitation in no way abrogates the power of the university senate to recommend candidates for honorary degrees (rule 3335-5-41 of the Administrative Code).

Balance unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendment to the Rules of the University Faculty be adopted as recommended by the University Senate.

HONORARY DEGREES

Resolution No. 96-82

Synopsis: The awarding of honorary degrees to Chang L. Tien and Leon H. Sullivan is recommended for approval.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of honorary degrees as listed below:

Chang L. Tien
Leon H. Sullivan

Doctor of Engineering
Doctor of Humane Letters

NOW THEREFORE

BE IT RESOLVED, That the above honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

PERSONNEL ACTIONS

Resolution No. 96-83

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the December 1, 1995 meeting of the Board, including the following Appointments, Appointment/Reappointment of Chairpersons and Directors, Leaves of Absence Without Salary, Leave of Absence Without Salary -- Continuation, Professional Improvement Leaves, and Emeritus Title as detailed in the University Budget be approved and Medical Staff Appointments (James Cancer Hospital) approved January 24, 1996, by The Arthur G. James Cancer Hospital and Research Institute Board, the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved November 16, 1995, by the Hospitals Board be ratified.

Appointments

Name: JOSEPH W. RICH
Title: Professor (The Ralph W. Kurtz Chair in Mechanical Engineering)
Department: Mechanical Engineering
Term: January 1, 1996 through June 30, 2000
Salary: \$89,976.00

Name: RENE M. STULZ
Title: Professor (Everett D. Reese Chair of Banking and Monetary Economics)
College: Max M. Fisher College of Business
Effective: February 1, 1996
Salary: \$158,496.00
Former Position: Professor (The Ralph W. Kurtz Chair in Finance)

Appointments

July 1, 1995 through June 30, 1996

School of Public Health	Randall E. Harris, Interim Director
Slavic and East European Languages and Literatures	Anelya E. Rugaleva, Acting Chair

October 1, 1995 through September 30, 1999

Art	Georg R. Heimdal, Chair*
French and Italian	Robert D. Cottrell, Chair

Reappointments

July 1, 1996 through June 30, 2000

School of Music	Donald B. Gibson, Jr., Director
Theatre	Kathleen F. Conlin, Chair

*Correction in dates

Leaves of Absence Without Salary

MICHAEL L. KAMIL, Professor, Department of Educational Theory and Practice, effective Winter Quarter, Spring Quarter, and Autumn Quarter 1996, to accept a Visiting Professorship at Stanford University.

HAJIME MIYAZAKI, Professor, Department of Economics, effective Summer Quarter 1996, to conduct research at Osaka University Institute of Social and Economic Research, in Osaka, Japan.

February 2, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Leaves of Absence Without Salary (contd)

PHILIP L. SMITH, Associate Professor, School of Health, Physical Education, and Recreation, effective Autumn Quarter 1995 and Winter Quarter 1996, to be a Visiting Professor in Philosophy of Education at Harvard University.

VICTORIA E. URIS, Associate Professor, Department of Dance, effective Winter Quarter 1996, to prepare for a multimedia performance at the Wexner Center for the Arts in March 1996.

JOSEP FONTANA, Assistant Professor, Department of Spanish and Portuguese, effective Winter Quarter and Spring Quarter 1996, to accept a position at the Pompeu Fabra University in Barcelona, Spain.

XIAOTONG SHEN, Assistant Professor, Department of Statistics, effective Winter Quarter and Spring Quarter 1996, to do research with Wing Wong from the University of Chicago and the Chinese University of Hong Kong.

Leave of Absence Without Salary--Continuation

ELIAS L. KHALIL, Assistant Professor, Department of Economics (Mansfield Campus), effective Spring Quarter 1996, to continue his research.

Professional Improvement Leaves

DAVID R. DOWTY, Professor, Department of Linguistics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

HENRY H. GLOVER, Professor, Department of Mathematics, effective Spring Quarter and Autumn Quarter 1996, and Winter Quarter 1997.

DAVID B. MIN, Professor, Department of Food Science and Technology, February 25, 1996, through August 24, 1996.

DIETER WANNER, Professor, Department of Spanish and Portuguese, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

MARTIN D. CAFFREY, Associate Professor, Department of Chemistry, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

MARJORIE K. M. CHAN, Associate Professor, Department of East Asian Languages and Literatures, effective Winter Quarter and Spring Quarter 1997.

KATHY M. FAGAN, Associate Professor, Department of English, effective Winter Quarter and Spring Quarter 1997.

EVE R. LEVIN, Associate Professor, Department of History, effective Winter Quarter and Spring Quarter 1997.

DAVID A. ODDEN, Associate Professor, Department of Linguistics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

CAROLINE M. PALMER, Associate Professor, Department of Psychology, effective Winter Quarter and Spring Quarter 1997.

MARY A. ROZNOWSKI, Associate Professor, Department of Psychology, effective Autumn Quarter 1996 and Winter Quarter 1997.

February 2, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

DONALD C. WINFORD, Associate Professor, Department of Linguistics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

Medical Staff--Appointments (The Arthur G. James Cancer Hospital and Research Institute)

M. Judah Folkman, M.D., Honorary Staff

October 13, 1995 through June 30, 1997

Alan Brooks Carr, D.M.D., M.S., Associate Attending Staff, College of Dentistry
Holly R. Cronau, M.D., Associate Attending Staff, Department of Family Medicine
Charles P. Pollak, M.D., Associate Attending Staff, Department of Neurology
John B. Roberts, M.D., Associate Attending Staff, Department of Surgery

December 10, 1995 through June 30, 1997

James N. Allen, M.D., Associate Attending Staff, Department of Medicine
Judith Betts, M.D., Associate Attending Staff, Department of Medicine
Michael E. Falkenhain, M.D., Associate Attending Staff, Department of Medicine
Joseph K. Kington, M.D., Associate Attending Staff, Department of OB/GYN
James F. Lamb, M.D., Associate Attending Staff, Department of Medicine
Clay B. Marsh, M.D., Associate Attending Staff, Department of Medicine
Michael Miloro, DMD, M.D., Associate Attending Staff, Department of Dentistry
Roy C. St. John, M.D., Associate Attending Staff, Department of Medicine

January 12, 1996 through June 30, 1997

William E. Burak, M.D., Attending Staff, Department of Surgery
Sandra Maia-Cohen, M.D., Associate Attending Staff, Department of Pathology
Sandra Cottingham, M.D., Associate Attending Staff, Department of Pathology
Barry DeYoung, M.D., Associate Attending Staff, Department of Pathology
Todd Dowling, M.D., Associate Attending Staff, Department of Anesthesiology
Joel Gelman, M.D., Associate Attending Staff, Department of Surgery
Dean Hearne, M.D., Associate Attending Staff, Department of Medicine
Sam L. Penza, M.D., Attending Staff, Department of Medicine
Niranjan Shah, M.D., Associate Attending Staff, Department of Pathology
Frank Tice, M.D., Associate Attending Staff, Department of Medicine

January 31, 1996 through June 30, 1996

James E. Gadek, M.D., Associate Attending Staff, Department of Medicine
James Chadwick Tober, M.D., Associate Attending Staff, Department of Surgery
David Alan Wininger, M.D., Associate Attending Staff, Department of Medicine

Medical Staff--Appointments (The Ohio State University Medical Center)

July 1, 1995 through June 30, 1997

Aukerman, Glen F., Attending Staff, Department of Family Medicine
Ball, Alton J., Courtesy Staff, Department of Preventive Medicine
Blocker, Denise L., Courtesy Staff, Department of Pediatrics, Community Affiliate Physician,
Department of Internal Medicine
Boyer, Stephen H., Attending Staff, Department of Internal Medicine (Cardiology)
Burak, William E., Attending Staff, Department of Surgery (Surgical Oncology)
Cottingham, Sandra L., Attending Staff, Department of Pathology (Anatomic)

February 2, 1996 meeting, Board of Trustees

Waack, David Alexander, Limited Staff, Department of Dentistry (Oral & Maxillofacial Surgery)
Watkins, Kathryn Jeanne, Limited Staff, College of Dentistry (General)
Yim, Susan Harris, Limited Staff, Department of Internal Medicine (Nephrology)

July 1, 1994 through June 30, 1996

Maia-Cohen, Sandra, Attending Staff, Department of Pathology (Anatomic)
Mangino, Julie E., Attending Staff, Department of Internal Medicine (Infectious Disease)
Marrar, Unni, K., Attending Staff, Department of Internal Medicine (General)
Nash, Steven, M., Attending Staff, Department of Neurology
Pesavento, Todd, E., Attending Staff, Department of Internal Medicine (Nephrology)
Reich, Michael I., Courtesy Staff, Department of Obstetrics and Gynecology
Rudy, David, R., Attending Staff, Department of Family Medicine
Savage, Beverley A., Courtesy Staff, Department of Obstetrics and Gynecology
Slone, Hasel W. Attending Staff, Department of Radiology
Smyke, Norman, A. Attending Staff, Department of Anesthesiology
Stanek, Michael J. Attending Staff, Department of Internal Medicine (Hematology, Oncology)
Sundaram, Uma, Attending Staff, Department of Internal Medicine (Gastroenterology)
Vanderhoff, Bruce T. Attending Staff, Department of Family Medicine
Whitaker, Elizabeth, R., Courtesy Staff, Department of Pediatrics
Wininger, David, A. Attending Staff, Department of Internal Medicine (Infectious Disease)

Medical Staff--Reappointments (The Ohio State University Medical Center)

July 1, 1995 through June 30, 1997

Austin, David G., Courtesy Staff, Department of Neurology
Baird, Ian M., Courtesy Staff, Department of Internal Medicine (Infectious Disease)
Barnes, James E., Attending Staff, Department of Surgery (Neurological)
Barrows, Holly, J. Courtesy Staff, Department of Obstetrics and Gynecology
Batley, Rosalind, Attending Staff, Department of Physical Medicine and Rehabilitation
Bell, David C., Courtesy Staff, Department of Obstetrics and Gynecology
Bennett, William, F., Attending Staff, Department of Radiology
Buchele, Brent, Attending Staff, Department of Surgery (Plastic)
Bullock, Joseph D, Courtesy Staff, Department of Pediatrics
Caffaratti, John, D., Courtesy Staff, Department of Internal Medicine (Cardiology)
Caputo, Renee M., Attending Staff, Department of Obstetrics and Gynecology
Cataland, Samuel, Attending Staff, Department of Internal Medicine (Endocrinology, Diabetes and Metabolism)
Chaykin-Glover, Dana Beth, Attending Staff, Department of Family Medicine
Coleman, Mary T., Attending Staff, Department of Family Medicine
Dadmehr, Nahid, Courtesy Staff, Department of Neurology
Davis, John B, Attending Staff, Department of Dentistry
Diaz, Donna T., Courtesy Staff, Department of Obstetrics and Gynecology
Eckhardt, A. Jay, Courtesy Staff, Department of Obstetrics and Gynecology
Ellison, E. Christopher, Attending Staff, Department of Surgery (General)
Finn, James W., Courtesy Staff, Department of Internal Medicine (Dermatology)
Fontaine, Arthur B., Attending Staff, Department of Radiology
Ford, James, B., Attending Staff, Department of Dentistry
Forrest, Lowell A., Attending Staff, Department of Otolaryngology
Francis, Patricia A., Courtesy Staff, Department of Pediatrics

February 2, 1996 meeting, Board of Trustees

Emeritus Title

GORDON M. CLARK, Department of Industrial, Welding and Systems Engineering, with the title Professor Emeritus, effective January 1, 1996.

RESOLUTIONS IN MEMORIAM

Resolution No. 96-84

Synopsis: Approval of seven Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

George Frederick Collins

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 6, 1995, of George Frederick Collins, Associate Professor Emeritus in the Department of Anesthesiology.

February 2, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

George Frederick Collins (contd)

Dr. Collins was born in New Philadelphia, Ohio, in 1908, and graduated from The Ohio State University College of Medicine in 1933. His internship and residency in anesthesiology took place at the Methodist Hospital in Indianapolis, Indiana.

Dr. Collins was the first board certified anesthesiologist to practice in Columbus. He served as the head of the Department of Anesthesiology at the White Cross Methodist Hospital, later the Riverside Methodist Hospital. Under his leadership, the Department of Anesthesiology at Riverside grew to be one of the largest in the entire country, and appointment to that staff was a highly prized achievement.

Residents at University Hospitals were privileged to obtain part of their education from him. He attended many of the case conferences, making cogent comments about the management of complex clinical problems. He gave many talks to the residents, emphasizing the fine points of practice.

As one of the pioneers in the field, Dr. Collins was on close friendly terms with the leaders of the specialty throughout the country, and was highly respected by them.

On behalf of the University, the Board of Trustees expresses to the family of George Collins its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

James H. Davis

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 6, 1995, of James H. Davis, Professor Emeritus in the Department of Marketing.

James H. Davis was born February 1, 1914, in Seattle, Washington. He received a B.S. in accounting from the University of Missouri in 1937, an MBA in 1940, and a Ph.D. in marketing in 1947, both from The Ohio State University. Dr. James joined the faculty of the Business Administration Department of the College as an Instructor in 1947, progressing to full Professor in the Department of Marketing, and upon his retirement he was named Professor Emeritus.

While serving as a faculty member in the College of Business, Dr. Davis was a member of the Council on Admissions, the Graduate Committee, and the Committee on Criteria and Standards for a Ph.D. Degree. In 1948, his book, Increasing Wholesale Drug Salesmen's Effectiveness, was recognized by the American Marketing Association as the outstanding contribution toward increasing efficiency in marketing. Dr. Davis also published three additional books on marketing subjects.

On behalf of the University, the Board of Trustees expresses to the family of Professor Davis its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Walter M. Erickson

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 8, 1995, of Walter M. Erickson, Assistant Professor Emeritus in the College of Dentistry (Restorative and Prosthetic Dentistry).

Professor Erickson attended The Ohio State University and received his Doctor of Dental Surgery degree in 1946 from the College of Dentistry. Following military service in the United States Navy Dental Corps, Dr. Erickson was engaged in private dental practice in the Youngstown area from 1948-1972. In 1972, he was appointed to the faculty of the College of Dentistry, The Ohio State University, and served in the Section of Restorative and Prosthetic Dentistry for 17 years, retiring in 1989.

RESOLUTIONS IN MEMORIAM (contd)

February 2, 1996 meeting, Board of Trustees

Walter M. Erickson (contd)

Dr. Erickson's considerable experience in the practice of dentistry greatly enhanced and enriched the clinical training and education of his students. He will be remembered by all his students and associates as gentle and compassionate, extremely witty and very generous.

Professor Erickson was a Life Member of the Ohio Dental and American Dental Associations and of Delta Sigma Delta Dental Fraternity. He was a member of the Faculty Club, University Lodge No. 631, F&AM, and a 50-year member of the Ancient Accepted Scottish Rite, Valley of Columbus.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Erickson its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, his students, the University and his many friends and associates have sustained.

Duane B. Lau

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 17, 1995, of Duane Lau, Associate Professor Emeritus in the Ohio State University Extension.

Professor Lau was born June 6, 1928, in Adrian, Michigan. He received a B.S. in agriculture education from The Ohio State University in 1953 and a MA in adult education from the University of Maryland in 1959.

His career spanned many years and positions in Extension: Associate County Extension Agent in Lucas County, 1953; 4-H Agent in Lucas County, 1958; County Extension Agent, Agriculture in Lucas County, 1960; District Program Leader, 4-H, 1964; and Assistant State Leader, 4-H, 1966. He held this position until his retirement in 1983, when he was named Associate Professor Emeritus.

Professor Lau's contributions during his career included being responsible for 4-H project development in the areas of automobiles, safety, bicycles, electricity, petroleum power, aerospace, tractors, woodworking, mass media, and the 4-H dog program, as well as being the Ohio coordinator for the 4-H TV series "Mulligan Stew." His knowledge and technical competencies in 4-H and youth development earned him the respect and admiration of co-workers and associates throughout the state as well as the nation. He received the Distinguished Service Award presented by the National Association of Extension 4-H Agents in 1981.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to his family. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees as an expression of the Board's heartfelt sympathy.

Leroy F. Meyers

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 8, 1995, of Leroy F. Meyers, Associate Professor Emeritus in the Department of Mathematics.

Professor Meyers was a graduate of the City University of New York, Queens College, and earned his Ph.D. in Mathematics at Syracuse University. Dr. Meyers joined The Ohio State University, Department of Mathematics in 1954 and retired as Associate Professor Emeritus in 1995. In 1961, he used a leave of absence to do research in mechanical translation of languages at the National Bureau of Standards.

Leroy Meyers published research and creative work in diverse areas, including classical mathematical analysis, linguistics, geometry, and topology. He proposed and solved problems in mathematical

February 2, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Leroy F. Meyers (contd)

journals and served as Problems Editor for Mathematics Magazine. He even contributed poetry to some popular mathematical journals.

Professor Meyers' interest in supporting undergraduate mathematics was manifest. He willingly accepted assignments involving more than the customary number of credit hours in order to present the structure of the subject in a complete and organized manner. He sometimes supervised the undergraduate mathematics contests, and was always involved in them. He attended meetings of the Undergraduate Mathematics Club regularly and, in fact, had been scheduled to present a talk to the Club the second week of November. Professor Meyers also was responsible for overseeing the completion of the language requirement for graduate students.

Professor Meyers' other deep interests included astronomy and languages. He would research any question that arose in these areas, and provide the inquirer with a meticulously prepared report.

On behalf of the University, the Board of Trustees expresses to the family of Professor Meyers its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Lee Modjeska

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 1, 1996, of Lee Modjeska, Professor Emeritus in the College of Law.

Lee Modjeska received his B.A. from Antioch College in 1955 and his LL.B from the University of Wisconsin in 1960 where he served as Note Editor of the Wisconsin Law Review and earned Order of Coif honors.

He began his professional career with the National Labor Relations Board in Washington, D.C. During his NLRB tenure, he earned several commendations for sustained superior performance and participated in many landmark cases in the appellate courts and the U.S. Supreme Court.

In 1964, he went into private practice, first joining Smith & Schnacke in Dayton, Ohio. There he represented employers, most notably the Mead Corporation. Following a brief stint as a criminal defense attorney in Washington, he joined one of the nation's premier firms, Morrison & Forester of San Francisco.

Feeling the tug of public service, Lee Modjeska returned to the NLRB in 1975 and ultimately drew upon this combination of public and private labor law experience to teach at The Ohio State University College of Law beginning in 1977. In the course of his distinguished career, Lee Modjeska touched the lives of students as a teacher and mentor. He authored four legal treatises and nearly forty law school articles. He participated in and played important leadership roles in countless professional organizations. In recognition of this exemplary service, scholarship and teaching, Lee Modjeska was named the Joseph S. Platt - Porter, Wright, Morris & Arthur Professor of Law.

Struck with incurable cancer in 1987, Lee Modjeska brought the same discipline and mastery he displayed throughout his professional career to the personal battle he waged for eight years. Marshaling strength and spirit, Lee Modjeska took up taekwondo in 1988 and earned a black belt in 1991. Although illness brought his teaching career to a close in 1992, Lee Modjeska continued to work. He chronicled his battle with cancer in *Keeper of the Night, A Portrait of Life in the Shadow of Death* published in 1995.

On behalf of the University, the Board of Trustees expresses to the family of Professor Modjeska its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

February 2, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Quentin Van Winkle

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on November 10, 1995, of Quentin Van Winkle, Professor Emeritus in the Department of Chemistry.

Professor Van Winkle was born on March 10, 1919, in Grand Forks, North Dakota. He graduated *summa cum laude* with a B.S. degree in Chemical Engineering from South Dakota School of Mines in 1940. He then entered the graduate program in chemistry at The Ohio State University under the direction of Professor W. G. France and received his Ph.D. degree in 1947, following an interruption of his studies during World War II. During the war, he worked with Ph.D. status directly under Dr. Glenn T. Seaborg of the Metallurgical Laboratories of the University of Chicago on research for the Atomic Energy Commission at the Argonne National Laboratory.

He served as Research Associate in Chemistry at The Ohio State University in 1947 until his appointment as Assistant Professor in 1948. His activities at that time were especially demanding as a result of the untimely death of Professor France. Professor Van Winkle was promoted to Associate Professor in 1952 and to Professor in 1959. Upon his retirement in 1977, he was named Professor Emeritus.

Throughout his tenure at The Ohio State University, Dr. Van Winkle was regarded highly for his teaching skills and for his enthusiasm and personal interest in projects of students and colleagues from many diverse academic areas. In 1978, there was a **Quentin Van Winkle Symposium on the Physical Chemistry of Milk Proteins** sponsored by The Ohio State University Departments of Food Science and Nutrition and Chemistry, supported by the College of Agriculture and Home Economics and the Graduate School. The banquet address was presented by Professor C. V. Morr, who studied with Quentin Van Winkle. Professor Morr provided an excellent summary: "...Van Winkle is recognized and respected by his former students, especially his former graduate students who worked directly under him, as a person with a touch of genius and a generous amount of ingenuity, resourcefulness, cooperativeness, and as a truly 'professional' scientist."

Professor Van Winkle conducted research over a wide range of topics which resulted in more than sixty publications as papers, books, reviews, and patents. The topics covered by this research include a number of areas, including: separation processes for protactinium; physical chemical studies of numerous protein systems using electrophoresis, ultracentrifuges, and electron microscopes; and bioelectricity as an energy source. The work was supported through numerous research grants and involved a large number of graduate and undergraduate students. These diverse interests resulted in his: serving as research consultant with E. I. du Pont De Nemours & Co.; being given a courtesy appointment in the Division of Biophysics of the College of Biological Sciences; serving as an interface between the Department of Chemistry and the Department of Chemical Engineering; and teaching two summers in Lucknow and Chandigarh, India.

His memberships and honors also include: American Chemical Society; Fellow, American Association for Advancement of Science; DuPont Fellow at Ohio State University, 1943; Who's Who in American Science; and service on numerous Councils at Ohio State University.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

Mr. Chairman, I might mention that I think it would be worthwhile for everyone to take a look at the Research Report. I have ask Ed to spend just a minute or two more on highlighting the issues. You should note that our awards for the period July 1, 1995 through December 31, 1995, are almost \$18 million less than the previous year and I think that it requires some comments from Dr. Hayes.

Dr. Edward Hayes:

Thank you, Mr. Celeste. I think that this overview is maybe appropriate at this time because what we are seeing are some of the unintended effects of the budget impasses in Washington. The Board may recall about 60 percent of our funding comes from the federal government and that we have had a very interesting year in Washington. This particular report is certainly dismal compared to the kinds of reports that this Board has seen over the past many years, so I thought that I would try to give you some insight into that.

Before I do that, I think it is important to note that there is one very positive sign, and you can see that under Tab 2. If you look at that Tab, you will note the support from industry is up about \$2 million or 28 percent. As you know, one of the things that we have been focusing on is increasing and improving our capacity to get funding from industry. So we hope that that component will continue to grow as we build stronger University/industry relationships.

Also under Tab 2, you can see the impact if you look at the total federal line. As Mr. Celeste pointed out, through the first six months we have seen \$52 million in new awards compared to about \$71 million for the same period last year.

Of particular interest is the 20 percent reduction in the National Science Foundation and the 41 percent reduction from the Department of Health and Human Services. That is mostly the National Institutes of Health or NIH, as we commonly refer to it. In the case of the NIH, the short fall is due primarily to the government shutdown, with significant delays in proposal review. Many of the NIH study sections had to be cancelled when the government was shut down and until they complete the review of proposals, we are not able to get new awards. We also received word from the National Institutes of Health that there may be delays throughout the next six months as they work their way out of the impact of the government shutdown.

We are also experiencing delays and awards from the National Science Foundation. Unlike the NIH, which now has a full year of appropriation, there is an additional reason that the NSF has had reductions. They are only funded through March 15 and not able to make commitments on new awards because they do not have their full year budgeted at this particular time. We are seeing some new awards, but certainly not the numbers that we have experienced in previous years.

So the shortfall, as you see it in this report, is about \$20 million. Our expectation is that you will probably see it grow over the next four months. I think that it is also important to recognize that the Republicans, the Democrats, Congress, and the Whitehouse all support university-based research. So I can go back to the point that I made at the beginning. I think that what we are seeing is the unintended effect of the fact that they are wrestling about other budget and policy issues in Washington. These science agencies happen to be in appropriation bills with other agencies in which the Republicans, Democrats, the Whitehouse, and the Congress do not agree.

I want to also call to your attention the secondary effect on expenditures, which is under Tab 1. The uncertainty about where the next grant is going to come from is

REPORT ON RESEARCH FOUNDATION (contd)

Dr. Hayes: (contd)

causing our faculty to be very conservative in expenditures. Sometimes you will hear people say that the faculty are hoarding their money. I would not suggest that would be the appropriate term, but they are being conservative.

For example, as a graduate student completes his or her degree, a faculty member may not take on a new graduate student; or if equipment is not needed, they may delay expenses; or if a trip to an international meeting is not absolutely essential they may delay that.

When we started into the year we were expecting a seven to eight percent increase in our expenditures, in fact the federal part of that is actually down nine percent. And although most of the expenses are controllable, the one item in there that goes right to the University's income is the indirect cost. So the fact that the indirect cost is running a few percentages behind where we were last year -- and probably around six to seven percent below what we were projecting -- is a matter that the Provost, the Vice President for Finance, and myself are focusing our attention on. We need to figure out that if we don't see a recovery in expenditures this year, we will have mechanisms in place to be able to make reductions in other parts of the research expenditures and that we come out with a balanced budget at the end of the year.

President Gee:

That indirect cost item that you are referring to does reflect the non-federal -- it is a general budget.

Dr. Hayes:

That is a reflection of the fact that when the money is not spent on direct expenses, like personnel, the University does not get its indirect cost because we get it as a fixed percentage. Our rate is 46 percent. We get the indirect cost as a fixed percentage of the actual expenditures. The slow down basically is affecting our bottom line through the indirect cost recoveries. So we have to plan for that. I wanted to assure the Board that we are planning for that. With the uncertainty it is a challenge to be effective, and so we need lots of options to deal with that.

That is intended to be an overview. I am optimistic about the longer term future because of the strength that we have in research, and also the fact that there appears to be a bipartisan support for university-based research. It may take us a while -- possibly as long as six months -- to work our way out of this.

President Gee:

Ed, I assume that indemnified in your remarks is the note that even as unfortunate as this is for us -- because we are a huge research enterprise -- every other major research institution is feeling almost the same impact within a plus or minus one percent. That is my understanding.

Dr. Hayes:

That is correct. What we are seeing is basically the same as our counterparts in the Big Ten -- and we keep in very close contact on these sorts of matters -- are seeing on their own campuses.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-85

Synopsis: The reports on research and other sponsored program contracts and grants and the summaries for November and December 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the months of November and December 1995 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

The Investments Committee met earlier this morning and heard reports from the Treasurer, Mr. Nichols, and from Mr. May, Vice President for Development. With your permission, at this time I would invite Mr. Nichols to present the Treasurer's report.

Mr. James Nichols:

Thank you, Mr. Colley. This Endowment report is for the period December 15 through January 19. The market value of the Endowment on January 19 was \$6.9 million. I might also note that it was \$604.4 million on December 31, and this represents the first time the Endowment has crossed \$600 million in the history of the University. The total was approximately \$5.7 million above the December 15 market value. The equity portion decreased \$1.9 million, and the fixed income portion increased \$1.1 million. The net new additions totaled \$8.5 million.

Since July 1, the Endowment Fund has increased \$45.2 million, including net new additions of \$19.8 million. The current asset allocation is 65 percent in equities, 23 percent in fixed income, 7 percent in real estate, and 5 percent in cash.

The Investments Committee reviewed a schedule for bidding of financial services. The components to be bid in the remainder of this fiscal year and early next fiscal year are equity gift sales, master lease, credit process, and lock boxes.

Finally, the Committee heard a report on consultants hired to perform land planning services for the Endowment Fund. A final report will be issued in the Fall of 1996. That completes my report, Mr. Chairman, but I would have one additional comment, an observation.

Earlier Provost Sisson reported on two new chairholders: one person was named to the Ralph Kurtz Chair in Mechanical Engineering; and the other chairholder was just leaving the Ralph Kurtz Chair in Finance. In a moment, the Board is going to vote on

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Nichols: (contd)

a resolution fully funding the Helen Kurtz Chair in Marketing. A close observer might think that this is a typo or something else is wrong -- it is not. These are three of the six chairs established by Ralph and Helen Kurtz for this University: two in Medicine, two in Engineering, and two in Business.

Helen and Ralph both passed away this last year at age 95. I had the opportunity many times to travel to Tampa, and sit in their house and talk to them about investments and other areas, as did some of our faculty, particularly Dr. Tzagournis. Until their last conscience moments, I always got advice from Ralph Kurtz and Helen, I might add, about investments. So I will miss their counsel through the years, but did want to note that these represent -- until a couple of gifts that we had just received very recently -- the second largest donors in the history of the University. They truly loved this place.

Mr. Colley:

Thank you, Jim. Mr. Chairman, before I move to adopt the resolution to approve the Endowed funds, Mr. May has asked me to update the Board on the progress of the current giving year and the Development Campaign.

First, gift receipts for the first six months of the fiscal year are at an all-time high for the University. During the first six months, July through December, we received \$48.2 million in gifts, surpassing last year's record of \$37.5 million which represents an increase of 29 percent.

Second, Mr. Chairman, during December more than \$21 million in gifts were received. This was an all-time record of total gifts for one month. Not only was the total amount of gifts a record, but also the number of gifts -- more than 26,000 during the month. That means that we were receiving gifts at a rate of 1,000 per day during the month of December.

Finally, Mr. Chairman, the "Affirm Thy Friendship Campaign" total as of December 31, 1995, stands at \$345.1 million. Since the Campaign kickoff on September 28, 1995, the total announced today is at \$281.2 million. Nearly \$64 million have been contributed or pledged.

Mr. Chairman, at this time, I move that the Board approve the resolution to establish one endowed chair, sixteen named endowed funds, and to revise four endowed funds.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-86

Synopsis: The report on the receipt of gifts and the summary for December 1995 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding level has been reached to establish The Helen C. Kurtz Chair in Marketing; and

REPORT ON UNIVERSITY DEVELOPMENT (contd)

WHEREAS this report includes the establishment of sixteen (16) new named endowed funds and amendments to four (4) endowed funds:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of December 1995 be approved.

TOTAL UNIVERSITY PRIVATE SUPPORT

Associations & Other Organizations	<u>\$1,602,809</u>	<u>\$1,302,490</u>	-19 ^D
Total	\$37,491,460	\$48,214,769	29

NOTES

- A Overall individual giving this year is running 42% ahead of last year for the July-December reporting period. This is due to a 70% increase in alumni giving.

Alumni have given \$7.5 million more during the July-December period this year than last, highlighted by five gifts totaling \$6.6 million.
- B Corporate giving is down slightly (-2%). Last year there were 294 corporations providing private support of \$10,000 or more (\$12.3 million). This year private support at the \$10,000 level is \$12.1 million (266 corporations).
- C Gifts of \$10,000 or more from private foundations are about \$3.5 million more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are down about \$200,000 this year for the July-December period.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED ENDOWED CHAIR

The Helen C. Kurtz Chair in Marketing

The Helen C. Kurtz Chair in Marketing was established February 2, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the late Helen C. and Ralph W. Kurtz (B.M.E. '23) for support of the Max M. Fisher College of Business.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be distributed to the Max M. Fisher College of Business to support the teaching and research of The Helen C. Kurtz Chair in Marketing. The chairholder shall be an internationally recognized scholar in Marketing. The preferred focus of the chairholder's research and teaching shall be in the area of advertising, retailing, and promotions strategies. Appointment to the Chair shall be recommended by the Dean of the Max M. Fisher College of Business to the Provost and approved by the Board of Trustees.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

\$1,250,000.00
(Grandfathered)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Harry D. Moore and Lois A. Moore Memorial Fund

The Harry D. Moore and Lois A. Moore Memorial Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estates of Professor Emeritus Harry D. Moore (B.M.E. '41; M.S., Mechanical Engineering, '49) and Lois A. Moore.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Fifty percent (50%) of the annual income shall be used by the Department of Industrial and Systems Engineering for the purchase of materials and equipment to aid the teaching of undergraduate manufacturing engineering courses. This portion of income shall not be used for scholarships, salaries, wages, graduate research or for travel expenses. All purchases shall be approved by the Industrial and Systems Engineering Alumni/ae Advisory Committee. If this committee ceases to exist or fails to function over a 24-month period, the income from this portion shall be used by The Ohio State University for undesignated purposes.

The remaining fifty percent (50%) of the annual income shall be used for the purchase of materials and equipment for the College of Engineering. This portion of income shall not be used for scholarships, salaries, wages, graduate research, or for travel expenses. The Dean of the College of Engineering shall authorize all expenditures in consultation with the Chairperson of the Department of Industrial Systems Engineering and the Vice President for University Development.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

\$300,000.00

The Gwen H. Kagey Memorial University/Distinguished Scholarship Fund

The Gwen H. Kagey Memorial University/Distinguished Scholarship Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Gwen H. Kagey, (B.A. Arts, '75) of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one Distinguished Scholarship and four or more University Scholarships each year. The fund will be administered by the University Honors Center in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$262,500.00

The College of Medicine Surgery Chair Fund

The College of Medicine Surgery Chair Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from an anonymous donor.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be applied back to the principal until it reaches the required Chair level of \$1,250,000 at which time it shall support an area within the Department of Surgery in the College of Medicine. The naming and appointment of the Chair shall be recommended by the Dean of the College of Medicine in consultation with the Vice President for Health Sciences.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Medicine and the Vice President for Health Sciences in order to carry out the desire of the donor

The Michael F. Colley Fund for The Michael F. Colley Trial
Advocacy Skills Competitions Program

The Michael F. Colley Fund for The Michael F. Colley Trial Advocacy Skills Competitions Program was established February 2, 1996, by the Board of Trustees of The Ohio State University with founding gifts to The Ohio State University Development Fund from Michael F. Colley (B.A. Social Sciences '59; J.D. Law '61) and Michael F. Colley Co., L.P.A. of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

At the time the Endowment reaches \$250,000, the annual income shall be used to provide financial support for the trial advocacy skills competitions program in the College of Law including an intrascholastic competition and two interscholastic competition teams. The respective trial advocacy teams shall be named the "Michael F. Colley National Mock Trial Team" and the "Michael F. Colley Student Trial Advocacy Team."

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

\$115,000.00

The Friends of the Libraries Endowment Fund

The Friends of the Libraries Endowment Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from earnings from The Ohio State University Friends of the Libraries semi-annual booksales.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the purchase of books, journals, and other library materials; for supplies and equipment; for personnel resources; for resources, activities, and fees related to preservation of library materials; or for other purposes deemed beneficial by the Director of University Libraries.

This fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Director of University Libraries.

\$25,000.00

The Ross/Abbott Laboratories Scholarship Fund

The Ross/Abbott Laboratories Scholarship Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund of \$10,000 designated by Ralph A. Gyax, Associate Research Fellow, Process and Package Development, The Ross Products Division of Abbott, Columbus, Ohio, and \$15,000 from the estate

of Joseph Blicke, Professor Emeritus, Department of Agricultural Engineering, The Ohio State University.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for scholarships to be awarded to undergraduate students in the Department of Agricultural Engineering. Preference shall be given to students with interest in food and biological engineering. Selection of the recipient(s) will be made by the scholarship committee in consultation with the Department Chairperson of Agricultural Engineering and the Office of Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Chairperson of the Department of Agricultural Engineering, their successor, or the program administrative officer in order to carry out the desire of the donor.

\$25,000.00

The Lois Simonds Hungate Extension Fellowship

The Lois Simonds Hungate Extension Fellowship was established February 2, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Lois Simonds Hungate (B.S.H.E. '51; M.S. Agricultural Economics, '58; Ph.D., Agricultural Economics, '67).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund an associateship or fellowship for Ph.D. students undertaking degrees in (in preference order) extension education, agricultural economics, or human ecology. Annual selection shall be made by the Director, Ohio State University Extension, or Chairperson, Agricultural Economics, or Dean, College of Human Ecology or their designees.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Vice President for Agricultural Administration, in order to carry out the desire of the donor.

\$17,500.00
(Grandfathered)

The Stella R. Jenks Education Library Endowment Fund

The Stella R. Jenks Education Library Endowment Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Stella R. Jenks (B.S.Ed. '35) of Santa Rosa, California.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used primarily to purchase scholarly resources for the collections supporting The Ohio State University's instructional and research programs in Education. The income may also be used to purchase equipment that would facilitate access to a particular information format or research technology. The collection manager for the College of Education Library will be responsible for selecting scholarly resources for the collections and/or recommending equipment to be purchased with the income.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the collection manager for the College of Education Library and the director of University Libraries in order to carry out the desire of the donor.

\$16,702.00
(Grandfathered)

OSU Mansfield Business Program Endowment Fund

The OSU Mansfield Business Program Endowment Fund was established February 2, 1996 by the Board of Trustees of The Ohio State University with various gifts to The Ohio State University Development Fund from the Mansfield community.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to supplement the costs of the OSU-Mansfield business administration program to assure it meets the high standards of the University.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

The annual income shall be awarded to one or more doctoral candidates enrolled in the Department of History of The Ohio State University to support travel and/or study abroad in Western Europe, defined for purposes of this scholarship as France, the Netherlands, Belgium, Italy, Spain and Portugal. Preference will be given to students in the field of Early Modern Europe (1450-1789); and failing a doctoral candidate in that field, to a student or students doing work in Modern Europe (1789 to the present) in the above enumerated countries. Applications will be solicited from graduate students and evaluated by an appointment committee in consultation with the University Committee on Student Financial Aid. The recipients will be informed by the department chairperson. Awards need not be made each year and are made at the discretion of the committee and the department chairperson. Each year, The Elaine S. and John C. Rule Scholarship is awarded, it will be announced by the Department of History.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Dean of the College of Humanities in conjunction with the Chairperson of the Department of History in order to carry out the desire of the donor.

(Grandfathered)

CHANGE IN NAME OF NAMED ENDOWED FUND

The Ohio State University Chadwick Arboretum Endowment Fund

The L. C. Chadwick Endowment Fund was established April 8, 1994, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from gifts to The OSU Chadwick Arboretum Tree Planting Program and from gifts in memory of L. C. Chadwick to be used for the maintenance of the landscaped spaces of the arboretum. The name was revised February 2, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for the care and maintenance of landscaped spaces of the arboretum. These expenditures listed according to priority, include but are not limited to:

- (1) student internships which are to be conducted within the Lane Avenue Gardens, and/or as needed throughout the arboretum proper;
- (2) maintenance of the Lane Avenue Gardens and other landscaped spaces whether as supplies, services, equipment and labor in the form of permanent and/or temporary wages; and
- (3) sponsorship of educational programming which may include an annual symposium focusing on public horticultural education.

The Ohio State University Chadwick Arboretum Coordinating Council and/or executive officer shall, in conjunction with an appointed standing arboretum advisory committee, have the responsibility for and must approve all expenditures from the fund.

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUNDS

The Ohio State Floriculture/Landscape Horticulture
Alumni Association Fellowship Endowment Fund

The Ohio State Floriculture/Landscape Horticulture Alumni Association Fellowship Endowment Fund was established November 3, 1995, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from The Ohio State Floriculture/Landscape Horticulture Alumni Association to be used for student stipends to fund faculty directed work experiences within the Department of Horticulture. This work experience is designed to provide hands-on field experience in an instructional/laboratory setting. The description was revised February 2, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual interest income shall be used for undergraduate student stipends, awarded through a competitive application process. Award criteria and awards shall be made available to applicants as recommended by a committee comprised of:

- 1) The president of The Ohio State Floriculture/Landscape Horticulture Alumni Association or his/her appointee,
- 2) Chairperson of the Department of Horticulture, and
- 3) His/her appointed faculty representatives from floriculture and horticulture.

The committee named above shall have the responsibility and must approve expenditures from the fund.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The W. Keith Davis Memorial Scholarship Fund

The W. Keith Davis Memorial Scholarship Fund was established March 1, 1985, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Gerald A. and Betty L. Davis, Marion, Ohio. The description was revised July 8, 1994, and was further revised February 2, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

February 2, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUNDS (contd)

The W. Keith Davis Memorial Scholarship Fund (contd)

Seventy-five percent of the annual income is to be used to provide scholarship assistance to qualified students of sophomore standing or higher who are enrolled at The Ohio State University, Marion Campus. The remaining twenty-five percent of annual income is to be returned to principal each year. The selection of the scholarship recipient(s) will be made by the University Committee on Student Financial Aid upon consultation with the Dean and Director of The Ohio State University at Marion.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the person or committee then responsible for student scholarship awards.

The George B. Durell Memorial Scholarship

The George B. Durell Memorial Scholarship was established July 25, 1943, by the Board of Trustees of The Ohio State University with the initial gifts to The Ohio State University's Endowment Fund from The Union Fork and Hoe Company of 500 Dublin Avenue, Columbus, Ohio. The description was revised February 2, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from the endowment shall be used to provide a renewable scholarship with a minimum \$2,500 annual value to one entering freshman agricultural student with financial need in the College of Food, Agricultural, and Environmental Sciences. The student would be eligible for renewal for a total of 12 quarters provided he/she remains a student in the College and maintains a minimum 3.3 cumulative grade point at the end of each academic year. A total of four students (one freshman, sophomore, junior, and senior) will be supported by the fund each year. Selection of the recipient will be made by the College Scholarship Committee directed by the Assistant Dean, Student Affairs, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President of Agricultural Administration in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Ambassador Milton A. and Roslyn Z. Wolf Chair Fund

The Ambassador Milton A. and Roslyn Z. Wolf Chair Fund was established February 2, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Ambassador Milton A. Wolf (B.A. Biological Sciences '48) and Roslyn Z. Wolf.

Income earned on the Endowment will be added to the principal of the fund until the donor's commitment has been fulfilled. When fully funded, the annual income provided by the Foundation will

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Ambassador Milton A. and Roslyn Z. Wolf Chair Fund (contd)

be used for support of an endowed chair at The Ohio State University. At the option of Ambassador Wolf, the chair fund may be converted to a scholarship fund, the provisions of which will be agreed upon between Ambassador Wolf and the University.

\$199,375.00

The Lovell B. Tipton Endowed Fund for the Benefit of The Young Scholars Program

The Lovell B. Tipton Endowed Fund for the Benefit of The Young Scholars Program was established February 2, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation which has established an endowed fund with a gift from The Lovell B. Tipton Charitable Remainder Unitrust, Columbus, Ohio.

The annual income shall be used to support the Young Scholars Program in a way that honors the spirit of Lt. Colonel Lovell B. Tipton's community involvement as it relates to youth.

The purpose of this fund shall include, but not be limited to, providing funds for scholarships and/or an annual activity or event appropriately named to honor Lt. Colonel Tipton's memory. Expenditures shall be determined by the director of the Young Scholars Program in consultation with the Vice Provost of the Office of Minority Affairs.

\$73,607.07

The Gerlach Athletic Scholars Fund

The Gerlach Athletic Scholars Fund was established February 2, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from John B. Gerlach, Sr., Columbus, Ohio.

Income provided by the Foundation shall be used to supplement the grant-in-aid scholarship costs of male and female student athletes pursuing undergraduate degrees at The Ohio State University. Recipients will be selected by the Director of Athletics in consultation with the University Committee on Student Financial Aid.

\$63,750.00

The Ronald L. Stuckey Stone Laboratory Endowment Fund

The Ronald L. Stuckey Stone Laboratory Endowment Fund was established February 2, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund, initiated by Ronald L. Stuckey, Professor Emeritus, Plant Biology and given to The Ohio State University Foundation by his brother, Darwin Stuckey.

The annual income shall be used to support a qualified faculty-level individual for the offering of a course of instruction at Stone Laboratory in Higher (Vascular) Aquatic Plants to include field and laboratory work on their identification, and ecological and geographical relations.

\$15,000.00
(Grandfathered)

REPORT ON UNIVERSITY DEVELOPMENT (contd)

Upon motion of Mr. Colley, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

During our Committee meeting this morning, we received a very informative and very well-presented report from the University Architect on five major projects currently underway at the University: Life Sciences, the Knowlton School of Architecture, the Schottenstein Center, the Fisher College of Business, and the Food Science and Technology Building. I would recommend next year if we can, schedule permitting, that we have this presentation to the full Board. I think that you will find it interesting and informative, and these are major projects that are underway.

We also heard reports on the Capital Request, the Enrollment Management, and the Risk Management.

At this time, I would like to offer several resolutions for approval and I will move all of these. If there are any questions, the respective University officials are here to answer them. The written material on these resolutions was previously mailed to all Board members, and we did discuss these in detail during our Committee meeting.

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS**

Resolution No. 96-87

MANSFIELD CAMPUS - BOARD OF TRUSTEES CONFERENCE ROOM
FISHER COLLEGE OF BUSINESS - PHASES IA and I
AGRICULTURAL ADMINISTRATION MASONRY IMPROVEMENTS
BOTANY AND ZOOLOGY ROOF REPLACEMENT
HUGHES HALL ROOF REPLACEMENT
MERSHON AUDITORIUM RENOVATION
VETERINARY HOSPITAL WATERPROOFING
MANSFIELD - CONARD LEARNING CENTER
BOTANY AND ZOOLOGY LIBRARY RENOVATION
DAVIS BASEBALL STADIUM

(*Recommended alternates included in these numbers.)

Synopsis: Authorization to request construction bids for the Mansfield Campus Board of Trustees Conference Room and Fisher College of Business Phases IA and I, and acceptance of the report of award of contracts for the Agricultural Administration Masonry Improvements, Botany and Zoology Roof Replacement, Mershon Auditorium Renovation, Veterinary Hospital Waterproofing, Mansfield Campus Conard Learning Center, Botany and Zoology Library Renovation, and Davis Baseball Stadium projects are proposed.

WHEREAS the Mansfield Campus desires to renovate space in room 113 of Eisenhower Hall for use as a conference and board room for campus executive committee meetings, OSU/NCTC administration meetings, interactive teleconferencing, small conferences or meetings, and the monthly meetings of the Mansfield Board of Trustees; and

WHEREAS the estimated project cost is \$60,000 and the total estimated construction cost is \$34,000, with funding provided by House Bill 790; and

February 2, 1996 meeting, Board of Trustees

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS (contd)**

WHEREAS the University desires to proceed with the construction of the infrastructure for the Fisher College of Business (Phase IA) that includes the additional chiller plant capacity in the McCracken Power Plant to service this new complex and Phase I of the project which includes the College Building and Graduate Program Building; and

WHEREAS the total estimated project cost for these two phases of the work is \$47,508,620 and the total estimated construction cost for these phases of the work is \$35,626,000, with funding provided by House Bill 904 (\$2,630,000), House Bill 790 (\$23,932,000) and gifts to the University (\$20,946,620); and

WHEREAS resolutions adopted by the Board of Trustees on February 4, 1993, July 9, 1993, February 4, 1994, April 8, 1994, December 2, 1994, and August 30, 1995 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University and/or State of Ohio procedures, and if satisfactory bids were received to award contracts or as appropriate recommend the award of contracts for the Agricultural Administration Masonry Improvements, Botany and Zoology Roof Replacement, and Hughes Hall Roof Replacement, Mershon Auditorium Renovation, Veterinary Hospital Waterproofing, Mansfield Campus Conard Learning Center, Botany and Zoology Library Renovation, and Davis Baseball Stadium projects:

Agricultural Administration Masonry Improvements

This project provides spot tuckpointing, resealing stress points, removal and replacement of all sealant and caulking around windows and entrances, and chemically cleaning the entire building. The total project cost is \$98,350; funding is provided from House Bill 904. The contract awarded is as follows:

General Contract:	Restoration Company of America, Cincinnati, Ohio
Amount:	\$87,350
Estimate:	\$93,500
Total All Contracts:	\$87,350
Contingency Allowance:	\$10,127 (11.6% of construction cost)
Total Project Cost:	\$98,350

Botany and Zoology Roof Replacement

This project replaces 85% of the total roof. The total project cost is \$329,746; funding is provided by House Bill 904 (\$310,000) and Department of Physical Facilities (\$19,745). The contract awarded is as follows:

General Contract:	Phinney Industrial Roofing, Columbus, Ohio
Amount:	\$287,779 +
Estimate:	\$265,110
Total All Contracts:	\$287,779
Contingency Allowance:	\$15,589 (5.4% of construction cost)
Total Project Cost:	\$329,746

+The General contract is in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Hughes Hall Roof Replacement

This project replaces the roof, gutter and flashing. The total project cost is \$425,000; funding is provided by House Bill 904. The contract awarded is as follows:

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS (contd)**

Hughes Hall Roof Replacement (contd)

General Contract:	United Roofing, Holland, Ohio
Amount:	\$360,700 *
Estimate:	\$380,000 *
Total All Contracts:	\$360,700 *
Contingency Allowance:	\$26,493 (7.3% of construction cost)
Total Project Cost:	\$425,000

Mershon Auditorium Renovation

This project provides renovations to improve compliance with ADA, reupholster seats, replace the stage rigging, and upgrade the electrical distribution system. The total project cost is \$3,150,000; funding is provided from House Bill 904 (\$1,250,000), House Bill 790 (\$1,200,000), University Funds (\$700,000). The estimated completion date is January 1997. The contracts awarded are as follows:

General Contract:	Sherman R. Smoot, Columbus, Ohio
Amount:	\$1,915,000 +
Estimate:	\$1,825,000
Plumbing Contract:	C. R. Legner & Co., Columbus, Ohio
Amount:	\$45,193 +
Estimate:	\$41,085
HVAC Contract:	C. R. Legner & Co., Columbus, Ohio
Amount:	\$12,750 +
Estimate:	\$11,600
Electric Contract:	Electric Power Equipment, Columbus, Ohio
Amount:	\$721,574
Estimate:	\$726,000
Asbestos Abatement Contract:	Air Management Technologies, Muncie, Indiana
Amount:	\$17,840
Estimate:	\$57,000
Total All Contracts:	\$2,712,357
Contingency Allowance:	\$166,087 (6.1% of construction cost)
Total Project Cost:	\$3,150,000

+The General, Plumbing, and HVAC contracts are in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Veterinary Hospital Waterproofing

This project waterproofs the mechanical room floor. The total project cost is \$82,500; funding is provided by House Bill 904. The contract awarded is as follows:

General Contract:	H. K. Phillips Masonry, Columbus, Ohio
Amount:	\$73,181
Estimate:	\$83,300
Total All Contracts:	\$73,181
Contingency Allowance:	\$8,587 (11.7% of construction cost)
Total Project Cost:	\$82,500

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS (contd)**

Mansfield Campus - Conard Learning Center

This project constructs a two-story addition to Bromfield Hall to house a multi-use academic facility for instructional support programs, including computer laboratories, classrooms, and a two-way video classroom. The total project cost is \$1,425,000 and funding is provided by House Bill 790 (\$900,000) and gifts to the Mansfield Campus (\$525,000). The contracts awarded are as follows:

General Contract:	Stanley Miller Construction, East Sparta, Ohio
Amount:	\$738,340 +
Estimate:	\$735,500
Plumbing Contract:	Mohawk Mechanical, Lexington, Ohio
Amount:	\$21,534
Estimate:	\$25,000
HVAC Contract:	Mohawk Mechanical, Lexington, Ohio
Amount:	\$239,736
Estimate:	\$242,000
Electric Contract:	Knox Electric, Fredricktown, Ohio
Amount:	\$147,640 +
Estimate:	\$146,550
Total All Contracts:	\$1,147,250
Contingency Allowance:	\$156,933 (13.7% of construction cost)
Total Project Cost:	\$1,425,000

+The General and Electric contracts are in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Botany and Zoology Library Renovation

This project renovates space vacated by the Library on the second floor to provide faculty, administrative, and graduate student offices to house a department within the College of Humanities. The total project cost is \$450,000; funding is provided from House Bill 790. The contracts awarded are as follows:

General Contract:	Dorsey Construction, Columbus, Ohio
Amount:	\$144,570 *
Estimate:	\$177,200 *
Plumbing Contract:	Radico, Inc., Columbus, Ohio
Amount:	\$16,620 * +
Estimate:	\$11,620 *
HVAC Contract:	Radico, Inc., Columbus, Ohio
Amount:	\$119,475
Estimate:	\$134,500
Electric Contract:	Royal Electric, Columbus, Ohio
Amount:	\$59,700
Estimate:	\$73,500
Total All Contracts:	\$340,365 *
Contingency Allowance:	\$52,885 (15.5% of construction cost)
Total Project Cost:	\$450,000 *

**REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS AND ESTABLISHMENT OF
CONTINGENCY FUNDS (contd)**

Davis Baseball Stadium

This project constructs a 2,500 - 3,000 seat baseball stadium, including pressbox, lock rooms, concession and vending areas, first aid areas, and dugouts. The total project cost is \$4,983,767; funding is provided from gifts to the Department of Athletics. The estimated completion date is March 1997. The contracts awarded are as follows:

General Contract:	John James Estes, Columbus, Ohio
Amount:	\$3,547,000
Estimate:	\$3,685,214
Plumbing Contract:	Mariah, Inc., Columbus, Ohio
Amount:	\$311,000 +
Estimate:	\$278,000
HVAC Contract:	Mariah, Inc., Columbus, Ohio
Amount:	\$50,865 +
Estimate:	\$43,000
Electric Contract:	Wagner Smith, Dayton, Ohio
Amount:	\$524,000 +
Estimate:	\$488,000
Total All Contracts:	\$4,432,865
Contingency Allowance:	\$157,358 (3.5% of construction cost)
Total Project Cost:	\$4,893,767

+The General, Plumbing, HVAC, and Electric contracts are in excess of the filed estimate of cost; however, the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids on the Mansfield Campus Board Room and Fisher College of Business Phases IA and I projects in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by this Board, the report of award of contracts and establishment of contingency funds for the Agricultural Administration Masonry Improvements, Botany and Zoology Roof Replacement, Hughes Hall Roof Replacement, Mershon Auditorium Renovation, Veterinary Hospital Waterproofing, Mansfield Campus Conard Learning Center, Botany and Zoology Library Renovation, and Davis Baseball Stadium projects is hereby accepted.

(See Appendix XXXI for maps, page 667.)

**USE OF LAND AT THE NEWARK CAMPUS
BY THE CENTRAL OHIO TECHNICAL COLLEGE**

Resolution No. 96-88

Synopsis: The Ohio State University-Newark Board and the Fiscal Affairs Committee recommend the approval of the Central Ohio Technical College's use of land at the Newark Campus for the construction of an addition to Hopewell Hall.

February 2, 1996 meeting, Board of Trustees

**USE OF LAND AT THE NEWARK CAMPUS
BY THE CENTRAL OHIO TECHNICAL COLLEGE (contd)**

WHEREAS in support of student service programs of the Central Ohio Technical College and The Ohio State University at Newark, the College desires to build an addition to Hopewell Hall; and

WHEREAS, this facility will require approximately 1.9 acres of land, and this land is located on the University's Newark Campus; and

WHEREAS the University and the College have agreed to cooperate in the support of each entity's programs; and

WHEREAS The Ohio State University-Newark Board recommended approval of this use of University land at their meeting on January 18, 1996; and

WHEREAS use of University land for the construction of this facility is in the best interest of the University and the College:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Dean of The Ohio State University at Newark and the Vice President for Business and Administration be authorized, in the name of the University, to enter into a Memorandum of Understanding authorizing the Central Ohio Technical College to construct an addition to Hopewell hall on the University's Newark Campus.

(See Appendix XXXII for map, page 679.)

**SALE OF REAL PROPERTY
APPROXIMATELY 125 ACRES OF THE BARNEBEY CENTER
FAIRFIELD COUNTY, OHIO**

Resolution No. 96-89

Synopsis: The recommending of the sale of approximately 125 acres of the Barnebey Center, located in Fairfield County is proposed.

WHEREAS the Board of Trustees of The Ohio State University owns approximately 506 acres of real property located in Madison Township of Fairfield County and Good Hope Township of Hocking County and known as the Barnebey Center; and

WHEREAS the School of Natural Resources and College of Food, Agricultural, and Environmental Sciences have determined that this property no longer is needed for, and cannot be operated economically in support of, the educational and research programs of the School; and

WHEREAS Jack and Rebecca Schumacher of Carroll, Ohio, have offered to purchase approximately 125 acres of this property, including timber and mineral rights, with actual acreage to be determined by survey, at the consideration price of \$1,100 per acre, and the previous appraised value of this portion of the property is approximately \$750 per acre, and

WHEREAS the Metropolitan Park District of Columbus and Franklin County has a right of first refusal to purchase this property on the same terms and conditions and is in the process of determining whether it will exercise this right; and

WHEREAS the net proceeds from the sale of this property shall be deposited in two Endowment accounts, the Barnebey Family Scholarship Fund and the Annabelle Hoge Scholarship Fund, for undergraduate and graduate scholarships for students in the School of Natural Resources; and

February 2, 1996 meeting, Board of Trustees

**SALE OF REAL PROPERTY
APPROXIMATELY 125 ACRES OF THE BARNEBEY CENTER
FAIRFIELD COUNTY, OHIO (contd)**

WHEREAS the appropriate University offices have determined that the sale of this property is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees of The Ohio State University, to sell all of the University's right, title, and interest in this 125 acre portion of the Barnebey Center property, including all timber and mineral rights, with the actual acreage to be determined by survey, to Jack and Rebecca Schumacher, or to the Metropolitan Park District of Columbus and Franklin County, at a consideration price of \$1,100 per acre, upon such terms and conditions as are deemed to be in the best interest of the University.

(See Appendix XXXIII for map, page 681.)

ADOPTION OF THE DISTRICT PLAN FOR THE ACADEMIC CORE NORTH DISTRICT

Resolution No. 96-90

Synopsis: The recommending of adoption of the proposed District Plan for the Academic Core North District as a part of the University Master Plan is proposed.

WHEREAS the Board of Trustees adopted Volume I ("University Context") and Volume II ("Long Range Concept Plan") of the University Master Plan on October 6, 1995; and

WHEREAS as provided in the Long Range Concept Plan, the University is to prepare district plans for all areas of the University to provide more detailed planning and design guidelines for each area and to ensure that the Master Plan's principles are advanced in a way that is commensurate with the particular circumstances of each district; and

WHEREAS the University now has prepared the first district plan, for the Academic Core area of the Columbus Campus bounded generally by High Street, Lane Avenue, Herrick and Cannon Drives, and West 12th Avenue; and

WHEREAS this Academic Core North District Plan addresses planning and design issues specific to this area, including land use, density and future development capacity, open space and civic structure, circulation and parking, infrastructure, and siting, design, and development guidelines for future facilities and open space improvements; and

WHEREAS the appropriate University offices have reviewed the proposed Academic Core North District Plan and recommend its adoption:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby adopts the proposed Academic Core North District Plan as a part of the University Master Plan and directs the appropriate University offices under the leadership of the Office of Business and Administration to proceed, consistent with established University decision-making procedures, with additional planning activities provided for in the Plan and that the University shall report annually to this Board, through the Fiscal Affairs Committee, decisions

February 2, 1996 meeting, Board of Trustees

ADOPTION OF THE DISTRICT PLAN FOR THE ACADEMIC CORE NORTH DISTRICT (contd)

made with respect to matters for which authority is delegated in accordance with the University Master Plan.

(See Appendix XXXIV for background information, page 683.)

ARMS PROJECT - PHASE III

Resolution No. 96-91

Synopsis: A vote to approve completion of Phase III of the ARMS Project is proposed.

WHEREAS Phase IIIA of the Administrative Resource Management System (ARMS) Project as authorized by the Board of Trustees at its December 1, 1995 meeting has been successfully completed; and

WHEREAS completion of Phase III has been recommended by the appropriate University offices and required funding will be available:

NOW THEREFORE

BE IT RESOLVED, That the University is authorized to proceed with completion of Phase III of the ARMS Project as described in the accompanying materials, including authorization to spend up to an additional \$9.0 million; and

BE IT FURTHER RESOLVED, That the University will report back to this Board before June 30, 1996 for authorization to proceed with the final project implementation phase.

(See Appendix XXXV for background information, page 685.)

FORMATION OF THE OHIO STATE HEALTH NETWORK

Resolution No. 96-92

Synopsis: The Hospitals Board recommends participation in the formation in and operation of an Ohio non-profit corporation, Ohio State Health Network.

WHEREAS the Board of Trustees previously authorized the University Hospitals to enter into affiliation agreements with other hospitals to establish the Health Care Consortium of Ohio to better fulfill the teaching, research and service missions of the University; and

WHEREAS the University Hospitals and James Cancer Hospital and the other Consortium hospitals intend to create a regional health care delivery system to develop a comprehensive health service network, to develop additional cost reduction initiatives, to develop information and telecommunication programs, and to develop an integrated service delivery network for managed care purposes; and

WHEREAS University Hospitals and the James Cancer Hospital recommend the best way to achieve these goals is to join in the formation of a new non-profit corporation, Ohio State Health Network:

NOW THEREFORE

FORMATION OF THE OHIO STATE HEALTH NETWORK (contd)

BE IT RESOLVED, That the Board of Trustees hereby authorizes and endorses the establishment of and participation in Ohio State Health Network, a nonprofit corporation, under Chapter 1702 of the Ohio Revised Code, to plan and develop a regional health care delivery system; and

BE IT FURTHER RESOLVED, That on an annual basis, a report will be presented to The University Hospitals Board and the University Board of Trustees outlining the activities and accomplishments of the Ohio State Health Network. The report will highlight key indicators which have been developed to assess progress of the network in meeting its objectives. Emphasis will be given to new program initiatives which have been established to improve the coordination and continuity of care for patients who must leave their community for more intensive service; and

BE IT FURTHER RESOLVED, That as appropriate and as directed by the President, any one or more of the officers and employees of the University are hereby authorized, designated, and directed to serve as an incorporator of the corporation and/or as directors, officers, employees, and agents of the corporation, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which officers and employees of the University now are, or hereafter may be, entitled.

(See Appendix XXXVI for background information, page 695.)

**AGREEMENT WITH MEDOHIO HEALTH, INC.
HEALTH MAINTENANCE ORGANIZATION**

Resolution No. 96-93

Synopsis: Approval of loan to MedOhio Health, Inc. for the purpose of developing a health maintenance organization compatible with and supportive of the teaching, research, and service missions of The Ohio State University.

WHEREAS The Ohio State University Medical Center would benefit from the services and products only available through an insurance organization, especially a health maintenance organization, which is supportive of the teaching, research, and service missions of The Ohio State University; and

WHEREAS MedOhio Health, Inc. is interested in pursuing the development and operation of such a health maintenance organization and has formed a non-profit subsidiary corporation MedOhio Health Plan, Inc. for such purpose; and

WHEREAS this Board previously authorized the University to loan \$250,000 to MedOhio Health, Inc. for the purposes of initiating an application by MedOhio Health Plan for a Certificate of Authority to operate as a health maintenance organization; and

WHEREAS it has been determined that \$1,200,000 will be needed by MedOhio Health Plan in order to develop the HMO:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees authorizes The Ohio State University and its Medical Center to enter into an agreement with MedOhio Health, Inc., a not-for-profit corporation, for the development of a health maintenance organization useful to and supplementing the services provided by the Medical Center; and

February 2, 1996 meeting, Board of Trustees

**AGREEMENT WITH MEDOHIO HEALTH, INC.
HEALTH MAINTENANCE ORGANIZATION (contd)**

BE IT FURTHER RESOLVED, That the University is authorized to loan \$1,200,000 to MedOhio Health, Inc., for the purpose of developing a health maintenance organization eligible to receive a Certificate of Authority from the Ohio Department of Insurance.

(See Appendix XXXVII for background information, page 697.)

Upon motion of Mr. Shumate, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

February 29, 1996 meeting, Board of Trustees

The Chairman, Ambassador Wolf, Ph.D., called the meeting of the Board of Trustees to order on February 29, 1996, at 10:45 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Leslie H. Wexner, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith.

--0--

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, welcome. I am sorry that we had a few minutes delay, but this is a very busy time for the university. I must say that I am not sure of the significance of meeting on Leap Day. But I suspect that in the university's 125-year history, this will be one of the few, if only, known occasions in which we have met on February 29!

Despite the fact that this is our second meeting of the month, I do have several items of university news to call to your attention. This week I had the opportunity to recognize long-time employees at the university. More than 350 faculty and staff who have worked for Ohio State for 25, 30, 35, and 40 years were honored at the Faculty and Staff Service Recognition Brunch.

Three people each celebrated 40 years of service. They have survived five university presidents! As I told them, when they started at Ohio State Ike was in the White House, Elvis was in demand, and I was in the 7th grade!

The long-service of these exceptional people is certainly worthy of our commendation. I might point out that among those honored for 30-years of service was Dan Heinlen, president and CEO of the Alumni Association. Dan does an exceptional job leading our more than 300,000 living alumni. But I might just point out -- and Dan is in the audience -- that when he became the head of our Alumni Association, I was still an undergraduate student.

Today you have on the agenda the appointment of one of our graduates, Colleen O'Brien, as Director of State Relations. Her substantial experience in state government will serve the university well. And, I might note -- and Kevin you are here -- it is reassuring to see that a former Student Government President turned out so well!

The 1996 Economic Impact Report was released earlier this month. Prepared by the School of Public Policy and Management under the direction of Professor Lee Walker, the study looked at the university's impact on spending, jobs, taxes, and community service. Let me just note that in 1994, through good stewardship and decision making, Ohio State leveraged state funds of \$351 million into a \$1.51 billion enterprise. This university promotes economic prosperity by generating \$3.5 billion in economic activity, nine times, I might note, the state's investment in the university. Of course, the economic benefits of the university -- while significant -- do not represent the value added by Ohio State in terms of knowledge, culture, health and well being, an educated work force, and an informed citizenry.

The Wall Street Journal of February 9 discussed the economic health of the midwest, saying, "Few Midwestern cities have thrived like Columbus, which

PRESIDENT'S REPORT (contd)

President Gee: (contd)

boasts an economy built on research, high technology and banking." Clearly, The Ohio State University is an integral part of that success.

The 1995 President's Report was published this month as part of Ohio State's *Quest*. The report calls attention to a number of outstanding programs that reflect the innovation and renewal evident across the university, including Campus Partners, the Student Advocacy Center, initiatives in teaching, and Project Reinvent.

Recruitment of new students for the Class of 1996 is aggressive and -- I am very happy to report -- very successful. As many of you have read in the newspapers, we attracted a very talented 1996 football recruiting class. Many pundits rank the class the very top in this nation. Having met a number of these young men and their families, I can tell you that the future looks bright for these students and our football program.

Nearly 900 of the most academically gifted students in the country who have applied for admission to Ohio State, came to campus this month to compete for scholarships. The students are in the top 3 percent of their high school classes. They participated in an essay examination and then learned a great deal more about opportunities at Ohio State. The number of scholarships for this target group was increased this year from 40 to 100.

The Student Alumni Council brought several hundred Ohio high school juniors to campus this month for Leadership Day. These prospective Ohio State students have demonstrated leadership in their schools and communities. They participated in a day-long series of workshops as well as campus tours.

To improve our recruitment efforts, we have opened a new Visitors Center this month. Located in Enarson Hall, it is a beautiful place to meet and greet the some 30,000 prospective students, family members, alumni, and friends who visit us each year. The Visitor Program of the Office of Admission and Financial Aid is delighted to have such pleasant surroundings, as all of us are. With brochures, videos, and computer-based information readily available to visitors -- as well as beverages and Cheryl's cookies -- we feel that this long-awaited move will put Ohio State's best foot forward to our guests. The Center will be formally dedicated next month.

Our students and faculty continue to garner honors and awards that bring distinction not only to them, but to the university. Katie Smith, a senior pre-dentistry student from Logan, became the all-time career scoring leader in Big Ten women's basketball. She also is the highest career scorer in Ohio State basketball history -- men's or women's. Katie made her final St. John Arena appearance last Sunday.

Aimee Hogan, a sophomore from Cherry Hill, New Jersey, was named Big Ten Diver of the Year and her coach, Vince Panzano, was named Coach of the Year in the conference.

Kendra Franklin of Gahanna was recognized by *USA Today* by being named a third-team selection in the All-USA College Academic Team. This places her among the top 60 college students in the nation! Kendra maintains a 3.98 grade average in molecular genetics. She has contributed significantly to a research

PRESIDENT'S REPORT (contd)

President Gee: (contd)

project on brain cancer. She is an active student leader, was a member of the Homecoming Court, and works at the University Honors Center.

Three Ohio State faculty members are among the recipients of Faculty Early Career Development Program Grants from the National Science Foundation. These awards are given to junior-level faculty in science and engineering who are effectively participating in research and teaching activities. Assistant Professor of Chemistry, Philip Grandinetti, and Assistant Professors of Computer and Information Science, Thomas Page and D.K. Panda, received a total of more than \$460,000 in grants.

Dean Nancy Zimpher, who is with us today, of our college of education has been named chair of the board of directors of The Holmes Partnership, a group of 90 education deans concerned with improving teacher education and better linking schools and universities. They seek to bring together veteran teachers, education students, and professors to conduct research, develop innovative programs that improve teaching, and prepare new teachers for the profession. The outstanding national reputation of the college and of its dean put Ohio State in a leadership role in teacher preparation and school reform.

Mr. Chairman, though long, that is my report and I appreciate you giving me the time.

--0--

STUDENT RECOGNITION AWARD

Ms. Smith:

I am very honored to recognize Brian Mitchell, a junior majoring in mechanical engineering, as this month's recipient of the Student Recognition Award. Today we are recognizing Brian for his heroic and humanitarian efforts towards one of his professors at Ohio State.

Brian was enrolled in Math 415 during the past Summer Quarter. On the first day of classes, his professor, Professor Zimering, rushed into class looking very hot. As Professor Zimering reached up to write on the chalk board he grabbed his chest. It was apparent to the class that Professor Zimering was having a heart attack. One student stated that he had just completed an emergency training course, and in a very level-headed manner Brian instructed the student to take care of Professor Zimering while he left the room to call 911.

When Brian returned three minutes later, the student -- who had been left in charge -- had not done anything to help Professor Zimering. As a result, Brian took over and laid Professor Zimering down. He could not get a pulse, so Brian performed CPR for close to 20 minutes before the paramedics took over. Luckily, the paramedics were able to revive Professor Zimering after about 45 minutes of CPR, and he was able to return home thanks to the heroic efforts of Brian. Unfortunately, Professor Zimering did die four months later when he had a second heart attack while working in his garden.

STUDENT RECOGNITION AWARD (contd)

Ms. Smith: (contd)

Brian certainly acted in a heroic and, more importantly, level-headed manner during this crisis situation. According to Brian, the only thing going through his mind was what he could do to help Professor Zimering. He felt lucky to have had the chance to help him.

Like a true hero Brian does not accept credit for saving Professor Zimering, he believes all of the credit goes to the paramedics who arrived on the scene. In addition, he felt that Officer Scott Tipton -- the first University Police Officer on the scene -- deserves a great deal of credit in helping him perform CPR on Professor Zimering.

Brian was able to act quickly in this crisis situation due to training he had received previously as a life guard and in the military's standard first aid training class. He has been a member of Ohio State's ROTC program for two years and experienced six months of active duty in reserve training. In fact, Brian was the first in his class in advanced individual training as a radio and communications operator at military school at Fort Gordon, Georgia. Additionally, Brian has excelled academically at The Ohio State University by making the dean's list last quarter. Brian is clearly an outstanding example of a true hero here at The Ohio State University.

Brian, the Board of Trustees would like to commend you for your service to this University by presenting you with the Student Recognition Award. Congratulations and thank you.

Mr. Brian Mitchell:

Thank you.

Ambassador Wolf:

Brian, on behalf of the Board of Trustees, I would like to congratulate you. That was an outstanding performance and Holly delivered the history of your accomplishments very well. Thank you very much.

(See Appendix XXXVIII for Student Recognition Award, page 745.)

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The University Hospitals Board met February 22, 1996. The Board Chairman appointed three Board members to work with Hospitals' management on the development of strategic and operational issues in the areas of fund raising, personnel, and ethics.

As part of the financial report, pricing for managed care contracts was discussed in great detail. It was reported that the Hospitals is now beginning to see a negative impact of managed care contracting by Medicare and Medicaid, as well as commercial insurers on its activity levels and its revenues.

HOSPITALS BOARD REPORT (contd)

Mr. Skestos: (contd)

Strategic initiative updates included identifying the challenges related to the development of our HMO, the good progress in the alliance between Harding Hospital and OSU Hospitals, and the status of service improvements and cost reduction programs.

There was also significant discussion on the requirements for the information system of the University Medical Center sponsored integrated delivery system.

--0--

FOUNDATION BOARD REPORT

Mr. Celeste:

On behalf my colleagues, Mr. Shumate and Mr. Brennan, who serve with me on the Foundation Board, I would like to briefly report on the recent meeting of The Ohio State University Foundation Board of Directors. On a very cold and rainy February 3, a joint meeting of the Foundation Board and the National Campaign Executive Committee was held in Naples, Florida.

Some of the highlights of the meeting included: 1) a discussion of the Campaign net progress-to-date; 2) a Campaign total of \$345 million showing excellent progress, with \$64 million acquired since the kick-off; 3) an insightful presentation made by John F. Wolfe, co-chair of the Campaign, about the value of the University Endowment and issues regarding the financing of public higher education; and 4) Campaign gift additions to the Endowment reaching \$60 million.

In addition, facility projects included in the Campaign remain on track, with four of them close to reaching the goal. John Berry, Foundation Board member and honorary co-chair of the Campaign, spoke on the importance of these facilities to the recruitment of students and faculty, the University's Master Plan, and Lane Avenue corridor.

Jim Nichols gave a very informative presentation on the history and performance of the University's Endowment. Especially noteworthy has been the growth and trust established by donors. The number has more than doubled since 1990, with 75 in 1991 and 151 in 1995.

David Brennan provided the Board with an update on the status of the Firestone Estate. Dick Leep reviewed with the Board the first results of the peer screening program. Thirteen screening sessions have been held with more than 200 alumni and friends participating. More than 6,000 new donor prospects have been identified.

Dean Bernadine Healy joined us and gave a marvelous talk about her vision for the College of Medicine and health care delivery. And President Gee reviewed and discussed several key initiatives with the Board including: the Campaign, Campus Partners and High Street, the Schottenstein Center, the Research Park, and the Kellogg Foundation Study of the Future of Land-Grant Institutions.

February 29, 1996 meeting, Board of Trustees

FOUNDATION BOARD REPORT (contd)

Mr. Celeste: (contd)

Jerry and his staff did a marvelous job preparing for the event and put together a comprehensive notebook, which I asked to be sent to all of the Trustees. I think that you will find this notebook very informative. The next meeting of the Foundation Board will be May 16 and 17 here on campus.

If there are no questions, that concludes my report, Mr. Chairman.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

I will begin with an apology that the Educational Affairs Committee meeting ran a little bit long this morning, which kept the full Board meeting from operating on time. We heard some important information from Vice Provost Ed Ray and Professors Lewis Ulman and Bill Palmer about the use of instructional computing support in our undergraduate programs. At a future meeting of the Committee, we expect to hear a more lengthy report when we have more time.

In addition, we have passed several resolutions which we would like for the full Board to consider and I'd like to ask Provost Sisson to present them.

Provost Sisson:

Thank you, Mr. Celeste. Mr. Chairman, I would like to present the following resolutions for Board approval:

MERGER AND NAMING OF DEPARTMENTS

Resolution No. 96-94

WHEREAS on June 3, 1994, the Board of Trustees approved the administrative reorganization of the College of Engineering; and

WHEREAS as a result of the administrative restructuring within the College of Engineering, the Department of Civil Engineering and the Department of Engineering Graphics were consolidated to form a new department; and

WHEREAS on April 7, 1995, in cross-college restructuring, the Department of Geodetic Science and Surveying was transferred from the College of Mathematical and Physical Sciences to the College of Engineering; and

WHEREAS the Departments of Civil Engineering and Geodetic Science enjoy close disciplinary relationships in teaching and research, and these relationships would be enhanced by merging the respective departments, to the benefit of the College and the University; and

WHEREAS the College administration and faculty, and the faculties of the departments concerned, support the proposed merger of the departments; and

February 29, 1996 meeting, Board of Trustees

MERGER AND NAMING OF DEPARTMENTS (contd)

WHEREAS the faculties of the departments concerned, after a long and searching process, have determined that they can support only one name for the unit to be created by this merger, the Department of Civil and Environmental Engineering and Geodetic Science; and

WHEREAS the proposed merger and naming has the approval of the Council on Academic Affairs and was approved by the University Senate at its January 20, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees approve the proposal to combine the department formed by merging Civil Engineering and Engineering Graphics with the Department of Geodetic Science and Surveying, and to name the combined unit the Department of Civil and Environmental Engineering and Geodetic Science, effective immediately.

**DEGREE PROGRAM MODIFICATIONS
IN THE COLLEGE OF ENGINEERING**

Resolution No. 96-

95

WHEREAS the College of Engineering has the objective of creating programs in computer engineering that meet the criteria for ABET accreditation; and

WHEREAS this objective can be accomplished by modifying existing degree programs; and

WHEREAS the proposed modified and renamed programs have been approved by the College Committee on Academic Affairs, and have the support of College administration, faculty, and students; and

WHEREAS the Departments of Electrical Engineering and Computer and Information Science will establish a coordinating body to handle issues related to transition to and operation of the proposed curricula; and

WHEREAS the proposal to modify the current "BS in Computer and Information Science" and rename it "BS in Computer Science and Engineering," and the proposal to modify the current "BS in Electrical Engineering" and rename it "BS in Electrical and Computer Engineering" (BSECE) with two options: Electrical Engineering (EE), and Computer Engineering (CpE) has the approval of the Council on Academic Affairs and was approved by the University Senate at its January 20, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees approve the proposal to modify the degree programs as outlined above, effective upon the approval of the Board of Regents.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 96-96

Synopsis: Approval of the following amendments to the Rules of the University Faculty are

February 29, 1996 meeting, Board of Trustees

recommended.

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on January 20, 1996:

Amended Rules

3335-5-4810 Faculty hearing committee.

- (A) Unchanged.
- (B) Duties and responsibilities.
 - (1) Conduct hearings ~~on allegations of incompetence or grave misconduct, or on appeals BY RESPONDENTS from findings of failure to meet university responsibilities, CHARGED UNDER RULE 3335-5-04 OF THE ADMINISTRATIVE CODE following THE procedures of paragraph (E) of THIS rule 3335-5-04 of the Administrative Code.~~
 - (2) Conduct hearings on complaints of alleged improper evaluation based upon reasons or considerations that infringe a constitutional right of the complainant following procedures of paragraph (C)(3) of rule 3335-5-05 of the Administrative Code.
 - (3) Conduct hearings on allegations of improper evaluation based upon inadequate consideration of the pertinent facts by the individual(s) making the decision following procedures of paragraph (C)(4) of rule 3335-5-05 of the Administrative Code.
 - (4) Conduct hearings on an appeal of a tenured faculty member because of termination of appointment during financial exigency following procedures of paragraph (B) of rule 3335-5-023 of the Administrative Code.

Balance Unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

DISTINGUISHED SERVICE AWARDS

Resolution No. 96-

97

Synopsis: Approval of eight individuals to receive Distinguished Service Awards is proposed.

WHEREAS the President's Executive Committee, upon the recommendation of the Committee on

February 29, 1996 meeting, Board of Trustees

Distinguished Service Awards, nominated and recommended eight individuals for approval by the Board of Trustees to receive the Distinguished Service Award at a time convenient to the University and the recipients:

February 29, 1996 meeting, Board of Trustees

DISTINGUISHED SERVICE AWARDS (contd)

Richard J. Denman
Simon Dinitz
Wilbur Gould
Billy A. Hill (posthumously)
Susan J. Insley
Sally M. Nitschke (posthumously)
John J. Schiff
Arthur I. Vorys

WHEREAS these awards are given in recognition of distinguished service to The Ohio State University and the awards are in accordance with action taken by the Board of Trustees in 1952:

NOW THEREFORE

BE IT RESOLVED, That the Distinguished Service Awards be approved for awarding as designated above.

DEGREES AND CERTIFICATES - WINTER QUARTER COMMENCEMENT

Resolution No. 96-

98

Synopsis: Approval of Degrees and Certificates for Winter Quarter is proposed.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on March 15, 1996, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

PERSONNEL ACTIONS

Resolution No. 96-99

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the February 2, 1996 meeting of the Board, including the following Appointment, Appointment of Chairperson, Leave of Absence Without Salary, Professional Improvement Leaves, Emeritus Title, as detailed in the University Budget be approved and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved December 21, 1995, and January 25, 1996, by the Hospitals Board be ratified.

February 29, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Appointment

Name: COLLEEN A. O'BRIEN
Title: Director - State Relations
Office: Office of the President
Effective: March 11, 1996
Salary: \$85,008.00
Present Position: Deputy Director, State of Ohio, Office of Budget and Management

Appointment of Chairperson

January 1, 1996, through September 30, 1996

Department of Women's Studies

Sally L. Kitch

Leave of Absence Without Salary

STEWART D. SHAPIRO, Professor, Department of Philosophy (Newark Campus), to do a combination of teaching and research at the University of St. Andrews in Scotland, effective Spring Quarter 1996.

Professional Improvement Leaves

WEN S. CHERN, Professor, Department of Agricultural Economics and Rural Sociology, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

SHELDON W. HALPERN, Professor, College of Law, effective Spring Semester 1997.

TIMOTHY S. JOST, Professor, College of Law, effective Autumn Semester 1996 and Spring Semester 1997.

STANLEY K. LAUGHLIN, JR., Profesor, College of Law, effective Spring Semester 1997.

JAMES E. MEEKS, Professor, College of Law, effective Spring Semester 1997.

Medical Staff--Appointments (The Ohio State University Medical Center)

July 1, 1995 through June 30 1997

Dull, Pamela A., Attending Staff, Department of Family Medicine
Durda, Elaine A., Attending Staff, Department of Internal Medicine (General Medicine)
Hansen, Thomas N., Attending Staff, Department of Pediatrics (Neonatology & Pulmonary)
Linchangco, Emmanuel, Courtesy Staff, Department of Internal Medicine (Community Medicine)
Cyran, Katherine M., Attending Staff, Department of Radiology
Elliott, Mark L., Attending Staff, Department of Anesthesiology
Garcha, Trishwant S., Attending Staff, Department of Neurology
Higgins, Donald, S, Jr., Attending Staff, Department of Neurology
Keder, Lisa M., Attending Staff, Department of Obstetrics and Gynecology

July 1, 1994 through June 30, 1996

Michaels, Gregory C., Courtesy Staff, Department of Dentistry (Oral and Maxillofacial Surgery)
Mobin-Uddin, Asthma, Courtesy Staff, Department of Pediatrics
Tomczak, Rodney L., Attending Staff, Department of Surgery (Orthopedic)

February 29, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Medical Staff--Appointments (The Ohio State University Medical Center) (contd)

July 1, 1994 through June 30, 1996 (contd)

Ridgeway, Joseph A., Courtesy Staff, Department of Radiology
Shellhaas, Cynthia S., Attending Staff, Department of Obstetrics and Gynecology (Maternal & Fetal Medicine)
Vegunta, Suneela, Attending Staff, Department of Internal Medicine (General)
Weinstock, Michael, Attending Staff, Department of Internal Medicine (Infectious Diseases)

July 1, 1995 through June 1996

Jones, Julie Hickson, Limited Staff, Department of Obstetrics and Gynecology
Neal, David E., Attending Staff, Department of Radiology
Prior, Simon Robert, Limited Staff, College of Dentistry (Oral Surgery)
Schutte, Deborah Ann, Limited Staff, Department of Pediatrics (Cardiology)
Smith, III, Townsend, Limited Staff, Department of Anesthesiology
Hussein, Abdelhakim A., Limited Staff, Department of Neurology

Medical Staff-- Reappointments (The Ohio State University Medical Center)

July 1, 1995 through June 30, 1996

Cook, Paul A., Limited Staff, Department of Surgery (Orthopedic)
Janer, Myrna, Limited Staff, College of Dentistry (General)
Verma, Anil, Limited Staff, College of Dentistry (General)

July 1, 1995 through June 30, 1997

Christoforidis, A. J., Attending Staff, Department of Radiology
Davis, John, T., Attending Staff, Department of Surgery (Thoracic and Cardiovascular)
Drabyn, Gerald, Courtesy Staff, Department of Surgery (Plastic)
Kelly, David, R., Attending Staff, Department of Otolaryngology
Inglis, William D., Courtesy Staff, Department of Internal Medicine (Pulmonary)
Gadek, James E., Attending Staff, Department of Internal Medicine (Pulmonary)
Heck, Christopher F., Attending Staff, Department of Surgery (Thoracic and Cardiovascular Surgery)
Jackson, Benita M., Attending Staff, Department of Preventive Medicine

Laser Privileges

September 25, 1995

Pollifrone, David L., Attending Staff, Department of Surgery (Urology)
Arkady, Kagan, Attending Staff, Department of Ophthalmology
Pajka, John T., Attending Staff, Department of Ophthalmology

Emeritus Title

HUGO BEKKER, Department of Germanic Languages and Literatures, with the title Professor Emeritus, effective April 1, 1996.

RESOLUTIONS IN MEMORIAM

Resolution No. 96-100

Synopsis: Approval of four Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

Thomas J. Burns

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 10, 1996, of Thomas J. Burns, Professor Emeritus in the Department of Accounting and Management Information Systems.

Thomas Junior Burns was born in Arena, Wisconsin, on April 6, 1923. Following service with the U.S. Army in Europe during World War II, Professor Burns graduated from the University of Wisconsin with a degree in business administration in 1950. For several years, he served as controller and instructor in accounting at Lawrence University in Appleton, Wisconsin, and in 1952 he became a certified public accountant. In 1955 he entered the University of Michigan from which he received a Master's of Business Administration degree in 1957. Following a year on the accounting faculty at Southern Illinois University, he entered the University of Minnesota where he earned a Ph.D. in accounting.

In 1963, he was appointed Associate Professor of accounting at The Ohio State University. He spent the remainder of his career at Ohio State except for visiting professorships at the University of Chicago, Harvard University, Stanford University, and the University of California-Berkeley. He was promoted to professor in 1967 and served as chair of the Department of Accounting and Management Information Systems from 1977 to 1981. Professor Burns retired from Ohio State as the Deloitte & Touche Professor of Accounting in 1994. Despite the limitations imposed by severe arthritis, he continued to come to his office twice weekly to talk with students and colleagues and to work on matters related to various organizations and projects.

Professor Burns was totally dedicated to Ohio State's accounting students and programs. He founded the Accounting Honors Program in the late 1960's and served as its director until his retirement in 1994. Working with the Honors Program and the Omicron Chapter of Beta Alpha Psi, he molded an extraordinary educational experience for hundreds of accounting students. That experience included the Beta Alpha Psi National Student Seminar which he founded and which was named in his honor. In the early 1970's, he revitalized The Ohio State Accounting Hall of Fame and served as its chair until his death in 1996.

In addition to papers in academic and professional journals, Professor Burns' scholarly publishing included several books and many edited conference proceedings. Several of these proceedings were instrumental in raising the importance of behavioral and social phenomena in accounting research. He was a strong proponent of innovation in accounting education, and for nearly 30 years McGraw-Hill published his *Accounting Trends*, an annual collection of innovative course outlines.

Professor Burns contributed to many professional organizations. He served as national president of Beta Alpha Psi, director of education for the American Accounting Association, and president of the Academy of Accounting Historians. He received honors and awards from virtually every organization in which he became involved. These many honors include the Outstanding Accounting Educator Awards from both the American Institute of CPAs (1989) and the American Accounting Association (1992). He was also the first recipient of the Ohio Outstanding Accounting Educator Award. In addition, he received distinguished service awards from the

February 29, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Thomas J. Burns (contd)

Columbus Chapters of the Financial Executive Institute and the Institute of Management Accountants.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Burns its deepest sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Beulah Converse

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 30, 1996, of Beulah Converse, Assistant Professor Emeritus in the Ohio State University Extension.

Beulah Converse was born June 10, 1912, in Leetonia, Ohio. She received a Bachelor of Science in Home Economics degree from The Ohio State University in 1936. She began her Extension Career in 1959 in Mahoning County as the County Extension Agent, Home Economics. In 1970 she became the Area Extension Agent, Home Economics for the Canfield Area and held this position until her retirement in 1974.

Professor Converse's contributions in providing excellent Extension educational programs in home economics in the areas of working with low income youth and adults and homemakers during her career earned her the respect and admiration of co-workers and associates throughout the state.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to her family. It was directed that this resolution be inscribed in the minutes of the Board of Trustees as an expression of the Board's heartfelt sympathy.

William B. Shook

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 1, 1995, of William B. Shook, Professor Emeritus in the Department of Materials Science and Engineering.

Professor Shook came to The Ohio State University as a student and received a Bachelor's degree in Ceramic Engineering in 1953, after which he joined the Engineering Experiment Station as a research associate. In 1958, he was appointed supervisor of ceramic research and continued in this position until 1961, when he earned his Ph.D. He then joined the Department of Ceramic Engineering.

In 1963, Professor Shook joined an AID consortium of nine universities, and served for two years as a visiting professor at the Indian Institute of Technology in Kanpur, India, where he helped organize the metallurgy department. Professor Shook resumed his teaching and research activities at The Ohio State University in 1965.

Advising and counseling students were extremely important to Professor Shook. In 1971, he received The Ohio State University's Distinguished Teacher Award, the MacQuigg Award in 1972, and The Alumni Award for Distinguished Teachers in 1973. He served on numerous University and College of Engineering committees, was on the advisory board for Tau Beta Pi, and was a faculty advisor for Keramos, a professional fraternity for Ceramic Engineers.

RESOLUTIONS IN MEMORIAM (contd)

William B. Shook (contd)

William Shook became Chairman of the Department of Ceramic Engineering in 1972 and served in this capacity until his retirement in 1983. His expertise and research in the physical properties of ceramic materials and applications of computer technology to material analysis were well respected.

Professionally, Dr. Shook was active in the American Ceramic Society, where he served as an officer at both the local and national level. He was elected a Fellow of the Society in 1972. He received the Cramer Award in 1981. He was also active in the National Institute of Ceramic Engineers and the Ceramic Educational Council.

Dr. Shook served for many years as one of the Managing Directors for the British Ceramic Service Company. In the summer he would travel to England to help this firm coordinate kiln design issues in the firing of ceramics.

On behalf of the University, the Board of Trustees expresses to the family of Professor Shook its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Lowell Wilson

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on December 3, 1995, of Lowell Wilson, Associate Professor Emeritus in the Ohio State University Extension.

Lowell Wilson was born August 22, 1921, in Hamersville, Ohio. He received a B.S. in agriculture education in 1950, and a MS in agriculture education in 1964, both from The Ohio State University.

Professor Wilson began his Extension career in 1953, as the Associate County Extension Agent in Richland County. In 1956, he became the County Agricultural Agent in Union County and held this position until his retirement in 1981.

His contributions included: providing excellent Extension educational programs in agriculture, specifically in the area of corn and soybean production; and community development programs, including the Community Improvement Project in Milford Center. Professor Wilson's expertise in these areas during his career earned him the respect and admiration of co-workers and associates throughout the state.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to his family. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

Yesterday, our Committee heard a presentation from the Office of Greek Affairs and I want to summarize their presentation this morning.

From about 1973 to 1988, the Greek Affairs program at Ohio State was ranked one of the best, if not the best, in the country. After a period of down time in the last few years, I'm happy to report that with the support of Vice President Williams and some new leadership in the Greek Affairs Office, they are well on their way back.

As evidence of that, they just recently won a couple of awards for the first time in many, many years. They are also working very hard on developing alternative programs on campus to reduce the risk of alcohol and substance abuse. They are also engaging in some creative marketing on campus and working in coalitions and with other campus organizations to improve their effectiveness here at Ohio State.

We also heard a brief update yesterday on the Student Trustee Selection Process. That process is expected to conclude by March 15 and several of the candidates for the upcoming vacant Student Trustee position are in the audience today.

This morning our Committee heard a presentation from the NCAA Athletic Certification Committee which is a review program that was implemented in 1993 by the NCAA for all Division I institutions. Its purpose is to ensure integrity in the institution's athletic program and is composed of a two-step process.

The first step is a self-study process which is the on-campus process. At Ohio State it was composed of four subcommittees: 1) dealing with fiscal integrity -- examining the fiscal practices and the degree of institutional control in terms of financial management over the athletic program; 2) the Academic Integrity Subcommittee, which dealt with the integration of the student athlete with the student body, admission and recruitment issues, retention and graduation issues, and student support issues in terms of coursework, career, and life skills, and also academic tutoring; 3) the Equity Subcommittee, which dealt with student welfare issues, minority issues on campus, and also Title IX Compliance; and 4) the Governance Subcommittee, which was composed of the system that governs the athletic program here on campus and also examined issues dealing with rules compliance. Its primary purpose is to ensure that athletics and the mission of athletics is consistent with the mission of the institution.

The work of the subcommittees resulted in a nearly 700-page draft report. The report will be submitted to the NCAA subsequent to the completion of the second stage of the process, which is a peer review that will occur here at Ohio State in late April and May. After that, the recommendations will be submitted to the NCAA and they will make a recommendation on certification. So far, we are very confident that we will meet substantial compliance with all of their operating principals and we will be certified.

Finally, this morning we have a presentation from David Hothersall and Mabel Freeman from the University Honors Center. So I would like to call on them now.

REPORT ON THE UNIVERSITY HONORS CENTER

Dr. David Hothersall:

Thank you very much. Mr. Chairman, this is the fourth occasion that I have been asked to meet with members of the Board of Trustees to describe some of the activities in the University Honors Program. On previous occasions what I have done is to present you with profiles of the incoming class of honors students and to discuss the merit scholarship programs and various other activities. We thought that what we would do today, in the short time that we have available, is really try to capture for you some aspects of the experience of an honors student at this University. And, of course, at the heart of that experience are the academics.

The honors students are exceptionally talented and strong students. They come to this university expecting an academic program second to none, and that is what we endeavor to provide for them. Each quarter we offer between 55 and 60 honors courses, those are small enrollment courses with an average class size of 18 students. They are taught by some of the most distinguished members of our faculty and are taken only by honors students. They have an excellent reputation and are in great demand. I'd like to just describe two of them very quickly.

This quarter, Professor Rick Herrmann, from the Department of Political Science, is teaching an honors 597 course on political problems of the contemporary world. That class has 67 students in it. That is well above the norm for an honors class for reasons that I will make clear in a few minutes.

For the first six weeks of this quarter, the students were working together in teams collecting background information and studying assigned countries. They also had to learn to cooperate in that each of these countries had to be represented by either a president or a prime minister. The students are now involved in a two-week diplomatic simulation where they are developing national strategies, bargaining with each other, representing their national entities, and negotiating. These are countries that are involved in very serious ethnic and territorial conflicts. They are addressing issues of national and global significance and economic and ecological challenges. They are engaged in both bilateral and multilateral negotiations.

Throughout this entire process, the students are being provided -- perhaps even flooded -- with additional background information which is being presented to them electronically over a UserNet that has been set up for the members of this class. Fascinatingly, this information includes intelligence information -- which they can choose to use or discard -- and it also includes counterintelligence or deceptive intelligence information. Based upon all of this, the students then have to represent the best interests of their countries and their regions.

I can tell you that for the students in this class it has become almost totally consuming. We have three of the participants working at the University Honors Center and they talk about this class night and day. That is just about all we ever hear about. So it has been a most wonderful experience for them. They are also very involved and we hear about various strategies. I must tell you, ladies and gentlemen, I personally was very disturbed the other day when I heard that the Prime Minister of England had to report that the country had been bombed and eliminated from the face of the earth. But it is a wonderful course, and I think an example of the innovative teaching that is being conducted in the Honors Program.

REPORT ON THE UNIVERSITY HONORS CENTER (contd)

Dr. Hothersall: (contd)

On a modest scale, I would like to just tell you about my course. As a psychology professor, I teach honors psychology and have 24 students in my class. One of the projects that my students always do is to conduct an observation of some aspect of human behavior. So they develop a research proposal, which is then approved. They go out and conduct their observations, and they report these observations, both in written format and also in a poster or presentation format. I find that it is a marvelous feature of the class and it also really facilitates interaction and discussion between the class members.

The second area of the academics is, of course, research. Ohio State is a major research university and honors students are well-qualified to participate in research activities and many of them are doing so. We estimate that at this moment some 800 honors students are actively working on research projects and we expect 130 students will write honors theses and graduate with distinction.

Just one of them is the student that President Gee mentioned -- Kendra Franklin. Kendra is a senior Battelle Scholar, working with Dr. Ing-Ming Chiu in his molecular genetics laboratory. Kendra is working on a research team with ten other people consisting of faculty, post-doctoral fellows, pre-doctoral fellows, and graduate students. She is the only undergraduate working on that project.

As President Gee mentioned, Kendra is working with Human DNA. A particular gene which appears to be critically involved in glioblastoma -- the process by which certain brain cells become cancerous. What they are looking for is trying to understand the mechanism which is responsible for that development. Kendra has been working on this project for two and a half years, as an undergraduate student working in a world-class laboratory on a cutting edge research project.

This month, Kendra was named to the USA Today's All-American Academic Team and in her application she was asked to describe a creative achievement. This research is what she described by saying, "I think it is an example of the tremendous benefits and the opportunities that are available to students at this University."

We also have a very, very active co-curricular program. I have asked my colleague, Associate Director Mabel Freeman, to describe some of those activities to you.

Dr. Mabel Freeman:

Thank you. I'll be very brief. We think it is important for the students to see the faculty outside of the classroom and to experience the resources of both the university and the community around it.

To that end, this quarter alone, the students have been engaged in what we call, "Faculty Firesides." There has been a theme running through this Winter Quarter's Faculty Firesides: Professor Dan Barnes talking of contemporary legends and Professor Linda Rugg talking about Scandinavian Mythology. These evening sessions are totally voluntary, and the living room at Honors House is usually filled with students for them.

REPORT ON THE UNIVERSITY HONORS CENTER (contd)

Dr. Freeman: (contd)

We also have a Leadership Ohio State Project run by the honors students. Just this week, Dr. Bernadine Healy came and engaged the students in a discussion, not about medicine, but about leadership and how to be effective as a leader. They have heard from President Gee and a number of leaders throughout the year that they have been working with. These are freshman honors students.

This quarter alone we have seventy-four honors students engaged in volunteer work at Indianola Middle School. That school is located in the Campus Partners area and has thirty-three social agencies connected with it. Yet we have seventy-four college students suddenly making these kids think that there is hope, and that there is a possibility that they too might someday aspire to go to college.

Our students are working one-on-one as tutors. They are developing music programs in the middle school, they are developing a newspaper for the school and, in fact, the students wrote and received a National Ports Grant for \$500 so that the school could be linked into the Internet. They have now set up their own Worldwide Web page as a middle school, and there is great pride among the students that they are now on the Web thanks to this grant. We anticipate a hundred honors students volunteering Spring Quarter at Indianola Middle School.

We also have the John Rudolph Book Program through the generous donation of one of our more recent graduates. Each quarter the students voluntarily read "extra" books and sit down with faculty outside of a classroom setting and talk about what they have read.

During Autumn Quarter we had 120 students read a little book called, Einstein's Dreams by an MIT professor, and we had eight faculty meeting in small groups with these students. I think you will find it interesting to know, the faculty leading this literary discussion all came from the Departments of Physics and Chemistry.

This week opened the Mosaic Art Show. Mosaic is a literary magazine. As a result of the Mosaic Art show, there is a wonderful art display now in the Ohio Union.

David and I are looking forward to our Memorial Day weekend when we will be taking 154 honors students to Chicago for an architectural look at that city. In order to save money, we just cut out one thing -- sleeping. We leave early in the morning, we only sleep one night there, and we come back at midnight the next day. It is very economical, and 154 students will be going with us.

We have made use of the Honors House, as well as three Honors Residence Halls, housing 1,200 students, to do our programming. We must admit, unfortunately, that the honors ice hockey team did lose this week in the intramural playoffs, but they plan to be back Spring Quarter.

Finally, we would like to share with each of the Trustees our most recent poster, and we have brought one for each of you. We have a tradition with the scholarship competition that President Gee alluded to of bringing in outstanding high school students and giving them our "Ohio State of Mind: Where Great

February 29, 1996 meeting, Board of Trustees

REPORT ON THE UNIVERSITY HONORS CENTER (contd)

Dr. Freeman: (contd)

Minds Go" poster. Our students thought that you might like to have one and they would like your vote on the most compelling question of the season, which is: What is this green thing on this person's cheek? The current guess is that it is guava fruit, but we are open to other thoughts. So we do have one of these for each of you.

We appreciate your time today. Thank you. Thank you, Tom.

Mr. Smith:

Thank you very much. Are there any questions or comments for Drs. Hothersall or Freeman?

President Gee:

Thank you. They do a great job representing the University and all that is good about Ohio State. Thanks to both of you.

Mr. Smith:

That concludes my report, Mr. Ambassador. I would add one thing, I neglected to mention that Ted Celeste also served on the NCAA Athletic Certification Committee -- not just on the Steering Committee, but also on one of the Subcommittees -- and did an incredible amount of work on behalf of it. So the Committee wanted to express its thanks to him for all the work that he has done. Thank you, Mr. Ambassador.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

The Investments Committee met earlier this morning and received reports from Mr. May and Mr. Nichols. At this time, I am pleased to present Mr. May for the Development Report.

Mr. Jerry May:

Thank you very much, Mr. Colley. If you would turn to the Development tab in your book you will notice the results of private support for the first seven months of this Fiscal Year. Much of this is impacted by the University's Campaign and the fact that we are \$11 million ahead so far this year, compared to where we were last year. This is clearly the result of the hard work of the Board of Trustees, the Foundation Board, the National Campaign Executive Committee, and, frankly, hundreds of volunteers across the country that continue to put Ohio State in front of individuals, corporations, and foundations.

I do want to talk about something that is on the second page entitled, "Gifts By Purpose." This is something that we sometimes take for granted because it happens on a daily basis and that is that every day we have students who are working on behalf of the university and on behalf of the Campaign, calling

INVESTMENTS COMMITTEE REPORT (contd)

Mr. May: (contd)

alumni and friends of the university all across the country. I can tell you that the reason we are up over 20 percent in our annual giving to our colleges and departments, and that we are up over 35 percent in our annual support to the university is clearly the result of the partnership that these students have made with us in terms of their own Campaign initiatives and leadership. So we are very appreciative of that and I wanted to mention that hard work.

You also see a number of pages of new endowed funds. Today, I would like to call your attention to three scholarship funds. I have singled them out because of the range that they represent coming to the institution. The first one that I want to talk about is a very, very substantial one provided by George W. Hendricks and Elizabeth L. Hendricks, The George and Elizabeth Hendricks Scholarship Funds, you will notice totals \$1.7 million. These four new endowed funds were created for the Colleges of Humanities, Engineering, and Medicine, by Mr. Hendricks in his will. He was a 1929 graduate of the College of Commerce, now the Fisher College of Business, and he had a successful career with the Ohio Company. He passed away in 1992 and we are now benefiting from the generosity of that decision that he made in his lifetime.

Secondly, in a very different area, I would like to call your attention to The Alice and Carolyn Bierce Thomas Critical Difference for Women Re-entry Scholarship Fund. This was made possible by a gift from the estate of Alice Thomas and also by her daughter, Carolyn Thomas, who has two degrees from The Ohio State University. What is exciting about this is that it will provide scholarships for women who have interrupted their education to meet other responsibilities and now need financial support to return to the academic process. This is an example of lots of gifts that we are continuing to get more of now in this particular program. It is an important area for our students.

The third endowed scholarship is from Ed Johnson. As many of you know, Ed Johnson is a 1959 graduate of the College of Agriculture, now the College of Food, Agricultural, and Environmental Sciences, and is owner and CEO of the Agricultural Broadcasting Network. He has established an undergraduate scholarship for entering freshmen who have been active in 4-H or the Future Farmers of America.

This just gives you an example of the range of people and areas where we are really beginning to make a huge difference in our endowed scholarship funds. I congratulate all of the people that provided this and the people that helped along the way.

Mr. Colley, at this time I would like to ask that you present to the Board of Trustees for approval 12 new named endowed funds and a revision of one endowed fund, all of these totaling \$2,389,000.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-101

Synopsis: The report on the receipt of gifts and the summary for January 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

February 29, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS this report includes the establishment of twelve (12) new named endowed funds and the amendment to one (1) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of January 1996 be approved.

TOTAL UNIVERSITY PRIVATE SUPPORT
July-January
1994-95 Compared to 1995-96

NOTES

- A Overall individual giving this year is running 45% ahead of last year for the July-January reporting period. Alumni have given nearly \$7 million more during the July-January period this year than last, highlighted by five gifts totaling \$6.6 million. Non-alumni giving is also running about \$2 million ahead of the same period last year.
- B Corporate giving is up slightly (2%). Last year there were 330 corporations providing private support of \$10,000 or more (\$13.1 million). This year private support at the \$10,000 level is \$13.5 million (313 corporations).
- C Gifts of \$10,000 or more from private foundations are about \$2.3 million more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are down about \$500,000 this year for the July-January period.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Barton C. Kagey Scholarship Fund

The Barton C. Kagey Scholarship Fund was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Gwen H. Kagey (B.A. Arts '75), Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for students in the College of Law.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$174,000.00

The Glen H. and Beverly A. Schmidt Student Support Fund for Study Abroad
in Agriculture and Natural Resources

The Glen H. and Beverly A. Schmidt Student Support Fund for Study Abroad in Agriculture and Natural Resources was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the College of Food, Agricultural, and Environmental Sciences in lieu of compensation of Glen H. Schmidt's

The Glen H. and Beverly A. Schmidt Student Support Fund for Study Abroad
in Agriculture and Natural Resources (contd)

teaching after retirement. The fund was created in appreciation for his enjoyable and rewarding employment at The Ohio State University as a faculty member and department chairperson in Dairy Science from 8/6/74 to 12/31/90 and as chairperson of the Department of Animal Sciences from 1/1/91 to 6/30/95.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for undergraduate students enrolled in the College of Food, Agricultural, and Environmental Sciences (including Natural Resources) studying abroad for academic credit in formal courses. Stipends provided to students from this fund shall be used to support fees, tuition, books, transportation, and living expenses abroad.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President of Agricultural Administration in order to carry out the desire of the donors.

\$60,000.00

The Alice and Carolyn Bierce Thomas Critical Difference
for Women Re-Entry Scholarship Fund

The Alice and Carolyn Bierce Thomas Critical Difference for Women Re-Entry Scholarship Fund was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Carolyn B. Thomas (B.S. Social Administration '49; Masters Social Administration '52), of Newtonville, Massachusetts and her mother, Alice B. Thomas of Akron, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for women at the undergraduate or graduate level who have interrupted their education to meet other responsibilities and are in need of financial support to re-enter the educational process.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

\$66,156.96

February 29, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Thelma Ross Scholarship Fund

The Thelma Ross Scholarship Fund was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from trusts established by Thelma Ross (B.S.Ed. '23), of Palm Beach, Florida.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more merit scholarships for Thelma Ross Distinguished Scholars, Medalist Scholars and/or University Scholars. Students shall be selected based upon the criteria sanctioned by the Senior Vice President for Academic Affairs and Provost and administered by the University Honors Center in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$49,599.83

The Patricia A. Robinson Athletic Scholarship Fund

The Patricia A. Robinson Athletic Scholarship Fund was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Patricia A. Robinson of Troy, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to supplement the student-athlete grant-in-aid scholarship costs of student athletes who are pursuing undergraduate degrees at The Ohio State University. The recipients will be chosen by the Director of Athletics in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

February 29, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Allen W. Hall Endowed Sports Dentistry Award Fund

The Allen W. Hall Endowed Sports Dentistry Award Fund was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the Allen W. Hall Sports Dentistry Award Fund and from family, friends and alumni.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide a suitable award to senior dental students who have participated in the Sports/Dentistry program in association with the Department of Athletics.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$25,215.87

The Ed Johnson Scholarship Fund

The Ed Johnson Scholarship Fund was established February 29, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Ed Johnson (B.S.Agr. '59).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to award one or more scholarships of a minimum of \$1,500.00 to a current 4-H or FFA student. The student is to be enrolled as an entering freshman at The Ohio State University, Columbus Campus, with a preferred, but not limited to, major in Agricultural Communication or Agribusiness and Applied Economics. The Student must be in the upper one-third of their high school class and have a record showing leadership, citizenship, and community service. Selection shall be made by the Assistant Dean, Student Affairs, College of Food, Agricultural and Environmental Sciences in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Food, Agricultural and Environmental Sciences in order to carry out the desire of the donor.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The George W. Hendrix and Elizabeth L. Hendrix
College of Humanities Scholarship Fund

The George W. Hendrix and Elizabeth L. Hendrix College of Humanities Scholarship Fund was established February 29, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Mrs. Elizabeth Hendrix and the estate of George W. Hendrix (B.S.Bus.Adm. '29). This fund is established in memory of the parents of George W. Hendrix and Elizabeth L. Hendrix, namely, J. Clifford Hendrix and Lou Etta Hendrix, and Herman D. Lowe and Zilah Kays Lowe, respectively.

The annual income shall be used to provide merit based scholarships for students pursuing undergraduate degrees in the College of Humanities at The Ohio State University. Recipients will be selected by the Dean of the College of Humanities and/or his or her designees in consultation with the University Committee on Student Financial Aid.

\$432,023.47

The George W. Hendrix and Elizabeth L. Hendrix
Mechanical Engineering Scholarship Fund

The George W. Hendrix and Elizabeth L. Hendrix Mechanical Engineering Scholarship Fund was established February 29, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Mrs. Elizabeth Hendrix and the estate of George W. Hendrix (B.S.Bus.Adm. '29). This fund is established in memory of the parents of George W. Hendrix and Elizabeth L. Hendrix, namely, J. Clifford Hendrix and Lou Etta Hendrix, and Herman D. Lowe and Zilah Kays Lowe, respectively.

The annual income from this fund shall be used by the Department of Mechanical Engineering to provide scholarships for deserving undergraduate Mechanical Engineering majors. Students selected as George W. Hendrix and Elizabeth L. Hendrix Scholars will be eligible for renewal pending review of their academic progress. The Chairperson of the Department of Mechanical Engineering will be responsible for administering these scholarships in consultation with the University Committee on Student Financial Aid.

The William R. Bennett - Vision Service Plan Chair Fund
in Business Practice Management in the College of Optometry

The William R. Bennett - Vision Service Plan Chair Fund in Business Practice Management in the College of Optometry was established February 29, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the Vision Service Plan, Northeastern Region.

VSP was established in 1967 by a group of Ohio optometrists with William R. Bennett serving as its President. Together they founded the first system of pre-paid vision care for the group market in Ohio under the name of Ohio Vision Service, later named Vision Service Plan. Bill served as President of Vision Service Plan through 1994, establishing programs in an eight state area. Through his careful guidance, innovation and leadership, Vision Service Plan has become the major provider of eye care insurance in the United States.

When fully funded, the annual income from this endowed gift shall be used to support The William R. Bennett - VSP Chair in Business Practice Management within Optometry. Any

individual appointed in the future to this distinguished chair should have an exemplary background in business principles and practice as they would relate optimally to independent professional practice. As part of this appointment, the chairholder will be involved in forming a business or financial plan for each optometry student for passage through their curriculum with emphasis on the best business practice strategies upon graduation and to direct them toward a successful entry into independent professional practice. Until this fund reaches its fully funded level as a chair, annual income will be used to retain the services of lecturers to enhance basic business skills within the optometry profession.

Appointments to this Chair may be made on a visiting or term basis, and may be full or part-time. Only one individual may hold this title at any time, however. Any unused income shall be applied to the principal.

\$250,000.00

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

The Bank One Fund for Student Excellence and Leadership

The Bank One Fund for Student Excellence and Leadership was established October 6, 1995, by the Board of Trustees through funds received by the University from The Ohio State University Foundation which has established an endowed fund with gifts from Bank One, Columbus, N.A. The description was revised February 29, 1996.

The annual income shall be used to provide one or more full tuition scholarships (with stipend, as appropriate) for MBA students in the Fisher College.

The college will meet annually with Bank One officials to define the characteristics of the student profile necessary to be considered for a scholarship and the availability of an internship as part of the scholarship package. Recipients shall be recommended by a college committee (led by the academic director of the MBA program) in consultation with the University Committee on Student Financial Aid to the dean for formal approval.

Upon motion of Mr. Colley, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

Mr. Colley:

I would now like to call on Mr. Nichols for the Treasurer's Report.

TREASURER'S REPORT

Mr. James Nichols:

Thank you, Mr. Chairman. This Endowment report is for the period January 19 through February 16. The market value of the Endowment on February 16 was \$627.1 million. This is another all time high and makes 10 of the last 11 months that we have been in that category. This is a \$26.2 million increase through the year. During the month, the market value of the equity portion increased \$25.5 million, a 6.4 percent move in four weeks, which is the largest that we have ever experienced. The fixed income decreased \$1.4 million during the period and new additions total \$900,000.

Since July 1, the Endowment Fund has increased \$71.4 million, including net new additions of \$20.7 million. The current asset allocation is 67 percent in equities, 22 percent in fixed, 7 percent in real estate, and 4 percent in cash.

The Investments Committee also heard the Quarterly Endowment Investment Report for December 31. The total Endowment rate of return was 9.2 percent, out performing the Lehman Government Bond Index but trailing the S&P 500. During the 10-year period, ending June 30, the Endowment's market value per share increased 70 percent, while the Higher Education Price Index increased only 52 percent.

The Endowment will distribute a little over \$26 million to its over 2,300 funds during this Fiscal Year. The Committee also discussed Endowment land planning.

That concludes my report, Mr. Chairman.

Mr. Colley:

Mr. Chairman, that concludes the report of the Investments Committee.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

Prior to calling on Dr. Hayes to present the Research Foundation Report, I would like to make mention that pursuant to our resolution, which we passed in December, the Research Park Corporation has been established. Members of its board have been selected and the first meeting will be tomorrow morning, at an office near the Research Foundation. We have an exciting group of folks and I think it will be a terrific board. We look forward to reporting its progress to you as it meets. Right now, I would like to call upon Dr. Hayes to present his report.

Dr. Edward Hayes:

Thank you, Mr. Celeste. A copy of the Report of the January 1996 Grants and Contracts of The Ohio State University Research Foundation is at your places. Expenditures from external sources are shown under Tab 1. They are below last year by 6.8 percent for a total of \$95.7 million in expenditures through January 31, 1996. About 4 percent of this reduction is due to a technical change in how the Department of Labor is paying for one of the subcontracts under our project.

REPORT ON RESEARCH FOUNDATION (contd)

Dr. Hayes: (contd)

So it is not a reduction of actual expenditures on the campus, but money that normally leaves the campus to support components of that project. The rest is due to the impact of uncertainties with the federal budget.

Awards for the year are in excess of \$93 million. This is 14.9 percent below the July to January time period last year. A summary of the award totals is given in the second section of the report.

Also at your places is a table -- it is not intended to be an eye test -- with a summary of what the situation is at the other CIC institutions. We have been in contact with the other senior research officers at all of the CIC institutions, and they're basically experiencing the same kind of impact. The table gives you detailed information on award dollars and the numbers of awards, and there are two histograms on the back, one for award dollars and the other for numbers of awards. Basically everybody is experiencing this kind of difficulty.

The one exception that I would call to your attention is in the case of one of the universities up north. Their NIH support looks particularly good during this period, but that is due to a single award of \$26 million from the NIH. If you subtract that award out, all of the CIC institutions look pretty much the same as a result of the government shut down and the delay of funding actions.

Listed under Tab 3 are three projects highlighted that cover a broad range of scholarly research. The Ohio State University Extension has received funding from the Ohio Department of Human Services to provide nutrition and education to food stamp participants. Professor Arnold Mokma, from the Agricultural Technical Institute, received funding from the Department of Education, to demonstrate an innovative set of practices and integrated academic and vocational education at three Ohio correctional institutions.

The Department of Sociology received a four-year renewal grant from the National Heart Lung and Blood Institute. This study will advance our understanding of the manner in which behavioral stress, reproductive hormones, and psychological characteristics impact lipid metabolism to alter the risk for coronary heart disease.

Under Tab 4 is a complete list of new awards received in January of this year.

This concludes my report, Mr. Celeste. A motion to accept the awards would be appropriate at this time.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-102

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for January 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

February 29, 1996 meeting, Board of Trustees

NOW THEREFORE

REPORT OF RESEARCH CONTRACTS AND GRANTS (contd)

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of January 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

Our Committee met earlier today and received a report from Dean Nancy Zimpher and Vice President Virginia Trethewey on the proposal to approve the formation of corporations for the Reading Recovery Program. This item will be presented to the Board next month for adoption.

At this time, I would like to call upon Vice President Shkurti to report to the Board on Revenue Benchmarks and the Preliminary Recommendation on Tuition and Fees.

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES**

Mr. William Shkurti: [overhead presentation]

Thank you, Mr. Chairman. It is that time of year when our budget process starts to rumble forward. I will begin today, as Mr. Shumate mentioned, with some benchmarking on revenues and recommended levels of tuition. I will be referring to a report that is in your Board books dated February 29, that has some statistical comparisons I think you will find useful.

As Mr. Shumate mentioned, the purpose of this report is to make some financial comparisons to evaluate the university's overall context in terms of our revenues and also to give us a sense, strategically, of where we hope to go in terms of using those revenues. Before I get started, I would like to point out that the information in this report was compiled by the Office of University Resource Planning and Institutional Analysis, and includes the best data sets available in higher education. Those are based on self-reported data from the various institutions -- and we all subscribe to generally accepted accounting principles -- but there are some differences in reporting that need to be taken into account as we look at this data.

The first revenue benchmark that I would like to point out is on page three and is a table that we do annually that compares annual resident undergraduate fees at OSU with sixteen pure institutions. This list of sixteen was developed by Provost Sisson and myself, and the faculty call it the "Sisson/Shkurti Sweet Sixteen." It represents the other public comprehensive research institutions. The list shows that Ohio State's annual tuition for the regular three-fourths is \$3,273 a year, 9.6 percent below the average for all of those peer institutions.

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

Mr. Shkurti: (contd)

If you turn to page four, we show how these figures have changed over time, particularly the last five years. A relatively high number among the sixteen means high tuition, a low number means relatively low tuition. As you can see, our resident undergraduate tuition, when compared to these institutions, has actually declined over the last five years, as has our non-resident undergraduate tuition. Our non-resident graduate tuition, on the other hand, is very high compared to these other institutions.

The next table, page five, compares OSU's tuition with the other thirteen Ohio public-assisted universities for the annual resident undergraduate fees. In this case, it shows where ten out of the thirteen universities are 8 percent below the average for the state, and I'll come back to that in a minute. That standing, by the way, has stayed relatively the same over the last five years.

Another source of our income is not just tuition, but also state support and I have an overhead which will illuminate what is in the chart. It shows what has happened to tuition and other sources of income for OSU's main campus between 1991 and 1996.

I think it is important to keep in mind that during this period inflation increased at an average of about three percent a year, and OSU's total revenues increased at an average of about three percent a year -- that's the bar chart on the right-hand side. But our state subsidy -- the very small tiny little block on the left-hand side -- increased at an average of .3 percent a year, yet our student fees increased at an average of a little over 6 percent a year. In other words, student fees went up 20 percent faster than state support for FTE.

One of the questions that I always get is, "Why is your tuition going up twice the rate of inflation?" I think one of the answers is that our overall revenues are going up at just about the inflation rate, but our state support -- because of budget cuts and other reasons -- has not increased as rapidly as we think it should. We have had to make up at least a good portion of that through student tuition. I will be revisiting that issue in a minute as well.

Now let me talk about the implications of these numbers, because it shows that both on tuition and state support -- at least compared to some other institutions and compared to historical comparisons -- we are not doing as well maybe as we might. I think one implication of this -- and it is a good implication, because with low tuition we are providing a first-class education -- is that OSU is a tremendous value for our students and our taxpayers. So we don't think low tuition is bad by itself, it is how it relates to what else is going on.

You will notice on page seven, a chart that compares five Ohio universities regarding academic reputation -- at least as reported in *U.S. News and World Report* -- with their annual tuition and fees. You can see that in this particular chart, that our academic reputation -- and the academic reputation is the national ranking -- is thirty-sixth. It is the highest among these five schools and, in fact, the highest among all of the public universities in Ohio.

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

Mr. Shkurti: (contd)

Our annual tuition and fees -- when compared to these public institutions -- are the lowest. So we have the best reputation for the lowest fees, which is an excellent value for our students. In presenting this chart I do not mean at all in any way to denigrate the education that students get at Miami, OU, Cincinnati or Bowling Green. They are all fine institutions. But one of the values of a degree is the reputation of the institution that goes with it and, in Ohio, that highest value is at Ohio State, even though our tuition is not the highest.

If you turn to the next page, you will see in part how OSU manages to do this, and I think we also have a graphic that shows this. What we have done here is use some standard reports that compare educational or instructional expenditures per FTE with instructional support or non-instructional expenditures per FTE, between OSU and the sixteen peer institutions that I mentioned earlier.

It shows that on instruction we are a little bit below the average of all of those institutions -- about 2.8 percent -- but we are fairly close in our instructional expenditures per FTE. So what this chart tells us is that we have stayed competitive in the classroom on the instructional side. I think that is appropriate to where the University should put its priorities if we have limited funds. But if we have low tuition, our state support has not grown, and we have invested money on the instructional side of what we do, something has to give.

The something that has to give is the kind of support that we provide outside the classroom, for a variety of activities, most of which benefit our students. The kinds of activities that are included in the non-instructional support side in these reports are things such as the administration of student financial aid, the maintenance of our buildings, academic computing support, various student services, recreation, and so forth, and academic and career counseling.

Now the people at this university who work in those areas do a magnificent job with the limited resources that they have. But when you are starting out 34 percent below your competition in a key area, there are just some things that you are not able to do. When we talk about where we need to go strategically and also what we hear from our students in terms of what concerns them, that is an area that we need to focus on. I'll be revisiting that in a minute.

Now the next issue that I would like to address is on page nine and it deals with the way that the State of Ohio has applied tuition caps. Essentially, the tuition caps on resident undergraduate tuition and our increases are limited to 6 percent a year, and that applies to all of the public institutions in Ohio. Although that is fair in the sense that everybody plays by the same rules, the disadvantage that provides to an institution like Ohio State -- who has historically had low tuition -- is demonstrated in the chart on page nine.

If you go to the far right-hand corner, it shows that if everybody raised their tuition 6 percent, for every dollar OSU gets, Ohio University gets \$1.12; the University of Cincinnati gets \$1.20; and Miami gets \$1.47. That is simply because they are starting at a higher base. If we would want someone like that big school up north within our state borders, and if tuition caps applied to them, and if they raised their already high tuition 6 percent, they would get \$1.78 for

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

Mr. Shkurti: (contd)

every dollar that we get. So I think it shows that the way the tuition caps have been applied makes it hard for us to make a dent in terms of the competitiveness of some of the resources that we have generated by tuition.

On page 10 is a narrative that reiterates some of the things that I have already said, so I won't go into those. What I do want to talk just a little bit about is what our recommendations are now for tuition for Fiscal Year 1997. I would stress that these are preliminary, we are not asking the Board to vote on these today because we do need time to let you think about it and also to consult with our students.

Given our current enrollment levels, our levels of state support -- and I pointed out that our state support is growing, but it is not growing as much as some of our peer institutions -- and the level of tuition that we need to support our academic priorities and maintain financial equilibrium, we think the minimum amount necessary just to stay even is 5 percent. The problem is that it would not allow much in the way of service improvements, particularly in services outside of the classroom, for our students.

So what we are recommending this year is similar to what we did last year, which is a tuition increase of 6 percent on the instructional and general fee for all of our undergraduate students. The difference between that five percent that we just need to break even and the six percent -- or the one percent -- we would propose that we do the same thing we did last year, which is set it aside and have a detailed consultation with our students as to how that money can best be used to benefit them directly. We think that process worked well last year.

It is my understanding that Ed Ray gave a report to the Educational Affairs Committee on where the amount of money that was allocated for academic computing went. I think that benefited the students a great deal, and we would like to look at something similar for this year. So we recommend a 6 percent increase for our undergraduate students, a 5 percent base increase for everybody else, and then selective increases as appropriate for some of our professional schools.

In fact if you turn to page 12, there is a table that shows what these recommendations mean. In the case of a resident undergraduate, the quarterly tuition would go from \$1,091 to \$1,156 per quarter or a dollar increase of \$65. Over three quarters, that would be an increase of over \$195 or about 6 percent. As I indicated, those are our preliminary recommendations and we have also laid out the recommendations for graduate students and the non-resident surcharge which is paid by non-residents on top of the resident charges as well.

We have also laid out for you the request that we have received from the different professional schools for tuition increases above 5 percent for them. Remember, they are not covered by the state tuition caps and we've put them here for your information. These are not necessarily the recommendations of the administration. We will come back to you after we have had a chance to discuss this with the students and the colleges involved on recommendations in that area.

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

Mr. Shkurti: (contd)

Now the final issue that I would like to address is the more strategic and long term issues of where we hope to go regarding tuition. On page 13, you will see proposed tuition principles on how we address the issue of tuition and setting tuition at Ohio State University. Again, these are proposed. The idea is to get a dialogue going on campus about what we would try to do.

I want to highlight one or two things. Item number four indicates that we need to address the imbalance between needs and resources at this university and that educational quality is not determined by available resources alone. So we are not proposing that a solution to all of our problems is to throw money at it that we extract from our students. On the other hand, in order to compete effectively with peer institutions and maintain excess for qualified students -- which include scholarship money -- we do need financial resources that would at least get us in and keep us in the ball game.

The other point is there are a number of things we do when we raise tuition -- inevitably most years we have to do that -- that we think protects our students. We think it is important that we recognize that and we deal with it. For example, principle number seven says that: general fund financial aid and graduate assisted fee authorization support increases should be commensurate with general tuition increases. So if tuition for undergraduate goes up 6 percent, we would recommend scholarship funding for undergraduate students go up 6 percent. We protect those students who are least able to pay and that is something that we have done automatically, but we think we need to put it in writing.

The other thing that I would point out on page 14 is a similar statement of principles that came from the University of Wisconsin system. We thought that you might be interested in those for comparison purposes. I could not resist pointing out in a note at the bottom of the table that the State of Wisconsin pays for approximately 65 percent of the cost of their students. Whereas the State of Ohio, through our funding network, pays approximately half. We are grateful for the half that we get, because without it it would not be possible for us to operate. When you compare, for example, tuition between OSU and Wisconsin that is a fair comparison, but Wisconsin is also operating from a much higher level of state support than we are.

On page 15, I have laid out simply the way the budget will be presented to the Board and to the Fiscal Affairs Committee over the spring. The benchmarks on revenue is what we are doing at this meeting; at the next meeting we will be back with some benchmarks on expenditures; and then at the May 3 meeting we will be asking you to approve guidelines on tuition and expenditures as we did last year. At the June 6 meeting we will have more on spending detail, including recommendations as to how we spend the one percent set aside after we consult with our students. Then on July 12, we will be asking you to approve the final budget document in its entirety and give you a strategic assessment and preview as to what we think lies ahead for the next fiscal year.

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

Mr. Shkurti: (contd)

Finally, in the way of a summary, I want to point out -- and I think the data is very clear -- that our undergraduate fees at OSU are significantly below those at comparable institutions. This makes OSU an excellent value for Ohio taxpayers, and we are proud of that, but it also means that OSU does not have the kinds of resources to match our competition, particularly in the area of support services to students outside the classroom. So in order to maintain at least a minimum level of our competitive standing, we need to increase undergraduate instructional and general fees about 6 percent, or about \$195 a year, effective Autumn Quarter 1996, and instructional and general fees for all other students at least 5 percent.

We will use the next 60 days for consultation throughout the campus community and we will return to you in May. With regard to the question of strategically where the university needs to go, we recognize that price is extremely important. We do not want to price students out of access to education at Ohio State. But we are in an environment now where low price by itself is not enough, and the expectation of our students is low price and high quality. We think that is fair, and we think they deserve that. In order to provide that kind of value, we need to have a resource base that is competitive in providing our students the services they feel they need and we feel they need.

Mr. Chairman, that concludes my presentation and I would be glad to answer any questions any of the Board members may have.

Mr. Shumate:

Thank you, Bill. Are there any questions?

Mr. Patterson:

Bill, on page seven where you tied the expenditures to our rankings -- and you were talking about your whole report being a benchmark -- it just seems to me that of all of the things you have given us, that is the most important. I think as Trustees we need to know, perhaps now and in the future, whether this level of funding is going to keep us at, increase our level of ranking, or decrease our level of ranking. We need to get a trend on where we are going on that.

For example, we are using up the maximum -- we are going up to the cap on tuition. It seems to me that we need to know if we are falling behind, or whether we are going to be able to keep pace with that ranking or, as we indicated at our retreat, we want to increase our ranking.

Mr. Brennan:

Is there anybody above the thirty-sixth rank that has less tuition than we do?

Mr. Shkurti:

There are a number of institutions above thirty-sixth that have less tuition than we do and the most obvious example is the University of North Carolina at

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

Mr. Shkurti: (contd)

Chapel Hill. If you take a look at their total revenues, they are way above us because their state support is much higher. If it would be of assistance to the Board, I would be glad to prepare a chart that compares the academic reputation with the overall revenues in spending and also what has happened over time in response to Mr. Patterson's question. This will provide you with a sense of where we are going. I think it is an important question. Of course, we are in a race where other people are not out to do us any favors. If we just stay where we are, it is very possible we could fall behind in the long run.

Ambassador Wolf:

Can you add state support to that, too?

Mr. Shkurti:

Yes, I can. I will be glad to provide that.

Mr. Shumate:

Any other questions? Bill, I assume the one percent tuition set-aside program has been favorably received by students. Is that correct?

Mr. Shkurti:

Mr. Chairman, at least in my perception it has. I have had the opportunity to meet with the Council on Student Affairs and the students on the Senate Fiscal Committee. I have received a very favorable response. I suspect the student trustees, the president, and the vice president for student affairs who interact with students even more than I do, would be able to comment on that as well.

Ms. Smith:

I would just like to say that I think students are very receptive to that. Students are looking to have opportunities outside the classroom, and right now, as Mr. Shkurti has stated, funding is just not available for those things. It is really important that we place the emphasis on the out of the classroom experience because that is how we retain students at Ohio State. So I totally agree, and I think students are very supportive.

Mr. Smith:

I would echo that. I think the process has been received very well. I have had conversations with Bill Shkurti regarding the fact that we will have consultations with students, and I think that they are excited about having that opportunity.

Mr. Shumate:

Great. Any other questions? If not, thank you, Bill, for your report. It was detailed thoroughly and we appreciate that. We look forward to the subsequent reports.

**REPORT ON REVENUE BENCHMARKS AND
PRELIMINARY RECOMMENDATIONS ON TUITION AND FEES (contd)**

(See Appendix XXXIX for background information, page 747.)

Mr. Shumate:

Mr. Chairman, at this time I do have four resolutions that I would like to present for the Board's approval:

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS

Resolution No. 96-

103

OCTOBER - DECEMBER 1995

Synopsis: Acceptance of the quarterly report on waivers of competitive bidding requirements is proposed.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, and revised on February 7, 1992, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of October - December, 1995; and

WHEREAS during the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 51 waivers of competitive bidding requirements for annual purchases totaling approximately \$3,732,400.00, as shown on the enclosed exhibit:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of October - December 1995, is hereby accepted.

(See Appendix XXXX for background information, page 763.)

**NORTHWEST PARKING GARAGE EXPANSION
SCHOTTENSTEIN CENTER
BIOTECHNOLOGY SUPPORT FACILITY - HEATING AND ELECTRICAL BACK-UP**

Synopsis: Authorization to employ architectural/engineering firms and request construction bids for the Northwest Parking Garage Expansion and request construction bids for the Schottenstein Center and Biotechnology Support Facility Heating and Electrical Back-up projects is proposed.

WHEREAS the College of Business complex will create an increased demand for faculty, staff and visitor parking in the central campus area; and

WHEREAS it has been determined to expand the existing Northwest Parking Garage by constructing approximately an 800 space, six level parking structure containing office and commercial shell space; and

WHEREAS the total estimated project cost is \$11,700,000 and the total estimated construction cost is \$9,400,000, with funding provided from future University bond proceeds with debt service being paid by the Division of Traffic and Parking; and

WHEREAS the Department of Athletics desires to proceed with the construction of the Schottenstein Center to house various sports programs; and

WHEREAS the estimated project cost is \$84,526,042 and the total estimated construction cost is \$71,600,000, with funding provided by House Bill 790 (\$15,000,000), future University bond proceeds (\$35,000,000), and gifts (\$34,526,042); and

WHEREAS the Biotechnology Center desires to proceed with the installation of back-up heating and electrical systems in the Biotechnology Support Facilities; and

WHEREAS the total estimated project cost is \$265,000 and the total estimated construction cost is \$228,250, with funding provided by a Board of Regents grants:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Northwest Parking Garage Expansion project and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids for the Northwest Parking Garage Expansion, Schottenstein Center and Biotechnology Support Facility - Heating and Electrical Back-up projects in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to recommend the award of contracts or to issue contracts as appropriate with all actions to be reported to this Board at the appropriate time.

(See Appendix XXXXI for maps, page 765.)

SALE OF REAL PROPERTY

Resolution No. 96-

105

2.62 ACRES ON SAWMILL ROAD, COLUMBUS, OHIO

Synopsis: Recommendation of the sale to the City of Columbus of approximately 2.62 acres of land on the east side of Sawmill Road for the widening of that road is proposed.

WHEREAS The Ohio State University owns a tract of land consisting of approximately 2.62 acres running along the east side of Sawmill Road north of the intersection of Case Road and continuing north to the north boundary of the University's property; and

WHEREAS the City of Columbus desires to purchase this property for the widening of Sawmill Road as a part of the FRA Sawmill Road/West Case Road Improvement Project; and

WHEREAS, Marjorie Umbstaetter has a life estate interest in .055 acres of the 2.62 acres; and

WHEREAS based on appraisals done for the City and University, the value of this property is \$190,456, and the City is willing to purchase the property for this amount; and

WHEREAS the appropriate University offices have determined that this sale is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to sell all of the University's right, title and interest in this property to the City of Columbus, for no less than \$190,456, upon such terms and conditions as are deemed to be in the best interest of the University, subject to authorization by the Ohio General Assembly and approval by the Federal Aviation Administration, and to pay Marjorie Umbstaetter a portion of the purchase price that reflects the value of her life estate interest.

(See Appendix XXXXII for background information and map, page 769.)

EASEMENTS

Resolution No. 96-

106

**CITY OF MARYSVILLE - SANITARY SEWER IMPROVEMENTS, MILFORD AVENUE;
HOLMES-WAYNE ELECTRIC COOPERATIVE - ELECTRICAL SERVICE,
OHIO AGRICULTURAL RESEARCH AND DEVELOPMENT CENTER, WAYNE COUNTY;
COLUMBIA GAS OF OHIO, INC. - GAS PIPELINE SERVICE,
EDISON JOINING TECHNOLOGY CENTER;
METROCOMM AXS -
FIBER OPTIC CABLE, 2470 NORTH STAR ROAD; AND
OHIO BELL TELEPHONE COMPANY - TELEPHONE SERVICE,
OHIO AGRICULTURAL RESEARCH AND DEVELOPMENT CENTER, JACKSON COUNTY**

Synopsis: Authorization to grant easements on Milford Avenue, Marysville, Ohio; Ohio Agricultural Research and Development Center, Wayne County; Edison Joining Technology Center; 2470 North Star Road; and Ohio Agricultural Research and Development Center, Jackson County is proposed.

February 29, 1996 meeting, Board of Trustees

EASEMENTS (contd)

WHEREAS the City of Marysville has requested a 25-year easement consisting of a strip of land approximately 30 feet in width and approximately 85 feet in length for construction of sanitary sewer improvements to the University's Veterinary Clinic facilities located at 1018 and 1050 Milford Avenue; and

WHEREAS the sanitary sewer improvements will benefit the University; and

WHEREAS the Holmes-Wayne Electric Cooperative has requested a 25-year easement consisting of a strip of land approximately 30 feet in width and approximately 5,288 feet in length for providing electric service to facilities at the Ohio Agricultural Research and Development Center in Wayne County; and

WHEREAS the electric service will serve University property; and

WHEREAS Columbia Gas of Ohio, Inc. has requested a 25-year easement consisting of a strip of land approximately 20 feet in width and approximately 1,420 feet in length for installation of a gas pipeline service to the Edison Joining Technology Center located south of Lane Avenue and west of Carmack Road; and

WHEREAS the gas pipeline service will benefit the University and future Research Park tenants; and

WHEREAS the MetroComm AxS has requested a 15-year easement consisting of .286 acres of land; one tract of land being ten feet in width and approximately 413 feet in length for the installation of overhead wires; the other tract being approximately ten feet in width and approximately 941 feet in length for installation of underground fiber optic cables; both tracts leading into 2470 North Star Road; and

WHEREAS this easement will benefit the University; and

WHEREAS the Ohio Bell Telephone Company has requested a 15-year easement consisting of a strip of land ten feet in width and approximately 1,725 feet in length for the purpose of installing telephone service across the frontage of Ohio Agricultural Research and Development Center's farm operations in Jackson County, Ohio; and

WHEREAS this easement will serve University property and private property and the Ohio Bell Telephone Company will compensate the University with a lump sum payment of \$625.00 in consideration of the granting of this easement; and

WHEREAS the appropriate University offices have recommended the approval of these easements:

NOW THEREFORE

BE IT RESOLVED, That the Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for these easements.

(See Appendix XXXXIII for maps, page 773.)

Upon motion of Mr. Shumate, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

February 29, 1996 meeting, Board of Trustees

--0--

Thereupon the Board adjourned to meet Wednesday, April 3, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Robert M. Duncan
Secretary

Milton A. Wolf, Ph.D.
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND TWENTY-FIRST MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, April 3, 1996

The Board of Trustees met at its regular monthly meeting on Wednesday, April 3, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

** ** *

Minutes of the last meeting were approved.

** ** *

April 3, 1996 meeting, Board of Trustees

The Chairman, Ambassador Wolf, Ph.D., called the meeting of the Board of Trustees to order on April 3, 1996, at 11:20 a.m. He requested the Secretary to call the roll.

Present: Milton A. Wolf, Chairman, Leslie H. Wexner, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, Zuheir Sofia, Thomas C. Smith, and Holly A. Smith. James F. Patterson arrived and was present at 11:40 a.m.

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, welcome. We are delighted to have you here on a beautiful day -- the first day to break 70 degrees in some time.

Since our last meeting, we have said good-bye to some 1,400 new graduates, and we have launched Spring Quarter. We begin this final quarter of the academic year with considerable momentum and many points of pride.

Yesterday, we broke ground for the Schottenstein Center. The premiere collegiate arena in the nation and which will, indeed, be a great point of pride for the University and all of its many friends.

To prepare for the spring quarter, the campus area did a little spring cleaning. During the break, the streets in the core student neighborhoods east of High Street were swept. It was the first time in at least six years that this was done. A massive communications plan warned the residents to move their cars off the streets. I think everyone was pleased with the results -- with the possible exception, of course, of those whose cars were removed! We will have the "High on Pride" clean-up day later this month. I would note with some trepidation that we had a fire off our campus last evening, and as many of you know Papa Joe's, a famous Ohio State establishment, did burn down. I was home with my wife last evening, I want everyone to know!

During the break, I took another of my State Tour trips, this time to Vinton, Fayette, and Perry counties. In addition to going to high schools, Rotary, alumni, and Chamber meetings, I visited the Orient Correctional Institution. No, not for an alumni meeting . . . although the two wardens and many of the staff are our graduates. I would just say as an aside, the staff laughed at me for the fact that I was walking around shaking everyone's hand. Professor Ron Huff accompanied me on the visit, as he is working with corrections personnel on eliminating gang activity within the system.

After the visit, I received a warm letter from the Director of the Ohio Department of Rehabilitation and Correction, Reginald Wilkinson, a wonderful person and another of our distinguished graduates. He pointed out that I am familiar with large state agencies that commit offenders, house felons, and parole people. . . only WE like to call it graduation. I never thought about it, but he and I do have some relationship in terms of the same kind of job! I told Reggie it could be worse: he could have a football team.

Members of the Ohio State family won a number of honors and awards this month. Professor of English Andrea Lunsford was named one of the Columbus YWCA Women of Achievement. She was honored for her mentoring and leadership not only within her department, but across the campus and in the community.

804

April 3, 1996 meeting, Board of Trustees

PRESIDENT'S REPORT (contd)

President Gee: (contd)

Dr. John McDonald of the Department of Anesthesiology and Don Stredney of the Ohio Supercomputer Center were recognized by the Smithsonian Institution with the Cray Research Information Technology Leadership Award for breakthrough computational science. They have collaborated on a virtual reality project of epidural simulation.

The award honors vision, foresight, courage, and the determination to solve a significant but previously insoluble problem. This recognizes the partnership between the Ohio Supercomputer Center and our faculty. It is a wonderful project.

Interdisciplinary collaboration brought attention to the University this month with the announcement of a patent for the first blood test for cancer in animals. Professor of Veterinary Pathobiology Paul Stromberg and his colleagues in the Department of Medical Biochemistry, Thomas Webb and Dorothy Schumm, have come up with a test which, we hope, could lead to earlier diagnosis of cancer in humans. This breakthrough emphasizes the value of having medicine, veterinary medicine, and the basic sciences on the same campus collaborating.

The National Science Foundation has selected Ohio State as the site for a new \$5 million research center to study industrial sensors. This truly is a partnership, again, of the state, industry, and the University. The center will, among other things, study sensors to detect hazardous materials.

Our business students won the Big Ten MBA Case Competition for the second time in the past four years. Teams of students analyze case studies during the 24-hours of the contest, and they are judged on creativity, analysis, and communication.

The University garnered other honors this month including the Big Ten Championship in men's gymnastics and the National Collegiate Synchronized Swimming Championships. In both of these sports, we have Olympic-caliber athletes and coaches.

As part of our 125th anniversary celebration, WOSU produced a video, *Echoes Across the Oval*, which effectively tells the story of the University. The program has aired on WOSU-TV and is available in video. My congratulations to Dale Ouzts, Brent Greene, and Ed Clay for a first-rate production.

Finally, I want to introduce our new Director of State Relations, Colleen O'Brien. Colleen is here with us today -- at one of her first forays -- and is standing. She is already hard at work on behalf of the University. I can assure you her quick start on the job derives from her long and good service to the State of Ohio where she has served in many capacities. The final being as president of the Controlling Board which, of course, controls money coming to the University. Colleen, keep it coming, would you please! Of course, she is an Ohio State graduate. I would note -- Kevin Sheriff -- Colleen was a former student body president. So people do make good after this life, Kevin! Colleen, welcome and thank you so much for being with us.

Mr. Chairman, that is my report.

--0--

805

STUDENT RECOGNITION AWARD

Ms. Smith:

I am very honored to recognize Deborah Lange as this month's recipient of the Student Recognition Award. Deborah is an example of one of Ohio State's excellent non-traditional students. She is a senior pharmacy student at Ohio State, expecting to graduate this Spring Quarter.

A proud mother of two children, ages 11 and 13, Deborah leads an extremely busy life. She has excelled at Ohio State and truly exemplifies outstanding service to the University and to the community.

As a pharmacy major, Deborah has been very involved in addiction recovery programs. Currently she serves as chair of the College of Pharmacy's Drug Abuse Education Committee, which is a student organization focused on educating primary students about drug abuse. This quarter the Committee plans to attend Ridgeview Middle School to help educate students about drug and alcohol abuse.

Also, Deborah was recruited by Ohio's Pharmacists Recovery Organization to lead a state-wide effort to implement student recovery programs in the four Ohio colleges of pharmacy. In addition, she attended the University of Utah School of Alcoholism and Other Drug Dependencies during the summer of 1995. The Utah school provides education and training relating to addictive drugs and the establishment of effective recovery programs.

Deborah believes that one of her strongest assets is her ability to adapt to new situations. During her lifetime she has moved a total of thirty-five times. At Ohio State Deborah has demonstrated a deep sense of commitment to addictive studies, education, and recovery program development as a pharmacy student. She has been a strong student leader in this regard, as well as other avenues within the College of Pharmacy and the community. Furthermore, she brings a diversity of life experiences to her professional education as a non-traditional student and a single mother.

Deborah, the Board of Trustees would like to commend you for your service to this University and the community by presenting you with this month's Student Recognition Award. Congratulations.

I would also like to introduce the people who are here to support her: Tom Lange; her two sons, Jason and Brandon; and Kenneth Hale, Assistant Dean of the College of Pharmacy.

Ms. Deborah Lange:

I would like to say thank you to the most important people in my life who helped me get to where I am today and they are my children. Jason and Brandon, would you please stand up.

This has been a fabulous journey and I would like to thank the Board for recognizing students. It is always a pleasure to be able to give back when one has been receiving so much. Thank you.

(See Appendix XLV for Student Recognition Award, page 847.)

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Administrative/Operations Committee and Executive Committee of the University Hospitals Board met March 28, 1996. The Committee for Administrative/Operations was given an overview of the strategy for identifying and acquiring office locations for primary care physician practices. The Committee also instructed the Hospitals to enter into confidential discussions on acquiring two physician practices. Approval was given for the Hospitals to become a founding member of Labnet of Ohio, Inc., which is a newly created not-for-profit organization consisting of seventeen based laboratories. Labnet will market laboratory services on a regional and state-wide basis to insurers, managed care organizations, and others, and will refer sophisticated tests to OSU Hospitals for analysis and interpretation.

The Executive Committee approved the revised Interest and Ethics policies for the Hospitals and the Hospitals Board. The Executive Committee discussed the status of the OSU/US Health collaboration discussions, with specific emphasis on recent newspaper articles and the principle purpose for the talks. The principle issue is whether OSU can work with others to lower costs in an orderly way and in a manner consistent with continuing to provide quality medical care and quality medical education opportunities.

This same issue was the purpose for our current contractual partnership with Harding Hospital. It was reported that the OSU Hospitals/Harding Hospital Joint Governing Board met for the first time on March 28, 1996 to review current progress and the future direction of the relationship.

The financial report for the month of February 1996 showed University Hospitals' operational activities at a break-even level for the year.

That completes my report.

--0--

CANCER HOSPITAL REPORT

Mr. Shumate:

The James Cancer Hospital Board is recommending amendments to their medical staff bylaws and to changes specifically to deal with board certification and the addition of a new category of attending staff. The amendments are noted in our books, along with an impact statement. The impact statement indicates that the amendments would allow community physicians with an interest in oncology, but without a University faculty appointment, access to the resources of the James Hospital.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE

Resolution No. 96-107

Synopsis: The amendments to the Bylaws of the Medical Staff of The Arthur G. James Cancer Hospital and Research Institute are recommended for approval.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

WHEREAS The Arthur G. James Cancer Hospital and Research Institute Board pursuant to Bylaw 3335-109-02 of the James Cancer Hospital Board Bylaws is authorized to recommend to the Board of Trustees the adoption of amendments to the Bylaws of the Medical Staff Bylaws of The Arthur G. James Cancer Hospital and Research Institute; and

WHEREAS the proposed amendments to Medical Staff Bylaws 3335-111-04 and 3335-111-07 were previously approved by The Arthur G. James Cancer Hospital and Research Institute Board on January 24, 1996, as follows:

Amended Bylaws

3335-111-04 Membership.

(A) Qualifications.

(1) and (2) unchanged.

(3) BOARD CERTIFICATION.

AN APPLICANT FOR MEMBERSHIP SHALL AT THE TIME OF APPOINTMENT OR REAPPOINTMENT, BE AND REMAIN BOARD CERTIFIED IN A MEDICAL SPECIALTY APPROVED BY THE AMERICAN MEDICAL ASSOCIATION AND AMERICAN BOARD OF MEDICAL SPECIALTIES, OR OTHER APPLICABLE CERTIFYING BOARDS FOR DOCTORS OF OSTEOPATHY, PODIATRY, PSYCHOLOGY, AND DENTISTRY. AN APPLICANT WHO IS AN ACTIVE CANDIDATE FOR BOARD CERTIFICATION AT THE TIME OF INITIAL APPOINTMENT OR REAPPOINTMENT SHALL HAVE THREE YEARS FROM THE DATE ELIGIBILITY WAS FIRST ATTAINED TO BECOME BOARD CERTIFIED. BOARD CERTIFICATION IS A CONTINUING REQUIREMENT, WHENEVER RECERTIFICATION IS REQUIRED BY A SUBSPECIALTY BOARD APPROVED HEREIN, APPLICANTS FOR APPOINTMENT OR REAPPOINTMENT SHALL MEET THE TERMS OF RECERTIFICATION ESTABLISHED BY THEIR RESPECTIVE SUBSPECIALTY BOARD OR BOARDS. FAILURE TO MEET OR MAINTAIN BOARD CERTIFICATION WILL RESULT IN IMMEDIATE TERMINATION FROM THE MEDICAL STAFF. THIS REQUIREMENT MAY BE WAIVED BY ACTION OF THE MEDICAL STAFF ADMINISTRATIVE COMMITTEE, UPON THE RECOMMENDATION OF THE CREDENTIALS COMMITTEE OR THE MEDICAL DIRECTOR OF THE CHRI.

(3) (4) Unchanged.

(B) through (F) Unchanged.

3335-111-07 Divisions of the medical staff.

The medical staff of the CHRI shall be divided into honorary, attending, associate attending, clinical, and limited designations.

(A) through (D) Unchanged.

(E) COMMUNITY ONCOLOGIST ATTENDING STAFF.

(1) QUALIFICATIONS.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws (contd)

THE COMMUNITY ONCOLOGIST ATTENDING (COA) STAFF SHALL CONSIST OF MEDICAL STAFF MEMBERS WHO DO NOT HAVE FACULTY APPOINTMENTS IN ANY OF THE ACADEMIC UNITS OF THE OHIO STATE UNIVERSITY, ARE LICENSED IN THE STATE OF OHIO WITH A PROVEN CAREER COMMITMENT TO ONCOLOGY AS DEMONSTRATED BY:

TRAINING.

CURRENT AMERICAN BOARD OF MEDICAL SPECIALITIES CERTIFICATION, IF APPLICABLE.

PRACTICE PROFILE.

MEMBERSHIP - PROFESSIONAL ONCOLOGY SOCIETIES.

PUBLICATIONS.

GRANT FUNDING.

OTHER FUNDING AND EXPERIENCE (AS APPROVED BY THE CHRI DIRECTOR AND THE CHIEF OF THE APPROPRIATE CHRI SECTION).

INDIVIDUAL COA STAFF UTILIZATION EXPECTATIONS SHALL BE DETERMINED BY THE CHRI DIRECTOR WITH THE ADVICE OF THE CHRI DIRECTOR OF MEDICAL AFFAIRS AND SHALL BE INTENDED TO PROVIDE OPTIMAL ACCESS FOR PATIENTS TO THE CHRI THAT DOES NOT INTERFERE WITH THE SERVICE, RESEARCH, OR EDUCATIONAL ACTIVITIES AND PRIORITIES OF THE UNIVERSITY FACULTY WHO CONSTITUTE THE CHRI ATTENDING, ASSOCIATE ATTENDING, OR CLINICAL ATTENDING STAFF. THE CHRI DIRECTOR AND THE STAFF MEMBER APPLYING FOR COA PRIVILEGES WILL MUTUALLY IDENTIFY THE APPLICANT'S CHRI CLINICAL AND/OR NON-CLINICAL INVOLVEMENT, INCLUDING THE CATEGORIES OF DIAGNOSIS, EXTENT OF ANTICIPATED PATIENT ACTIVITY, AND THE SERVICE AREAS TO BE UTILIZED EACH YEAR. A STATEMENT OF THIS PARTICIPATION WILL BE MADE A PART OF THE APPLICATION FOR APPOINTMENT.

ALL APPLICATIONS FOR APPOINTMENT AND REAPPOINTMENT AS A MEMBER OF THE COA STAFF SHALL BE MADE TO THE CHRI DIRECTOR FOR INITIAL EVALUATION. THE CHRI DIRECTOR MAY, WHEN APPROPRIATE, REFER EACH APPLICATION FOR COMPLETION OF THE APPOINTMENT PROCEDURE IN ACCORDANCE WITH PARAGRAPH (E) OR (F) OF RULE 3335-111-04 OF THE ADMINISTRATIVE CODE. HOWEVER, THE APPROVAL OF A CHAIRPERSON AND CHIEF OF SECTION SHALL NOT BE REQUIRED FOR THE APPOINTMENT OR REAPPOINTMENT RELATIVE TO ANY APPLICATION FOR COA STAFF PRIVILEGES. THE STAFF MEMBER'S ABILITY TO COOPERATE AND SUPPORT THE GOALS IDENTIFIED BY THE CHRI DIRECTOR WILL BE CONSIDERED IN THE DECISION FOR APPOINTMENT AND REAPPOINTMENT. ADEQUATE LEVELS OF CLINICAL ACTIVITY MAY BE REQUIRED TO PERMIT PROPER EVALUATION UNDER CHRI QUALITY ASSURANCE AND UTILIZATION GUIDELINES.

(2) PREROGATIVES.

COMMUNITY ONCOLOGIST ATTENDING STAFF MEMBERS MAY:

(a) ADMIT PATIENTS CONSISTENT WITH THE BALANCED TEACHING AND PATIENT CARE RESPONSIBILITIES OF THE INSTITUTION, WHEN, IN

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws (contd)

THE JUDGMENT OF THE DIRECTOR OF MEDICAL AFFAIRS, A BALANCED TEACHING PROGRAM IS JEOPARDIZED, FOLLOWING CONSULTATION WITH THE DIRECTOR AND CHAIRPERSON OF THE APPROPRIATE ACADEMIC DEPARTMENT, AND WITH THE CONCURRENCE OF A MAJORITY OF THE MEDICAL STAFF ADMINISTRATIVE COMMITTEE, THE DIRECTOR OF MEDICAL AFFAIRS MAY RESTRICT ADMISSIONS, IMPOSITION OF SUCH RESTRICTIONS SHALL NOT ENTITLE THE COA STAFF MEMBER TO THE PROCEDURES OF PARAGRAPH (G) OF RULE 3335-111-04 AND RULE 3335-111-05 OF THE ADMINISTRATIVE CODE.

- (b) EXERCISE SUCH CLINICAL PRIVILEGES AS ARE GRANTED.
- (c) UTILIZE ALL AMBULATORY AND INPATIENT FACILITIES OF THE CHRI CONSISTENT WITH THEIR GRANTED PRIVILEGES. COA STAFF WILL BE SUBJECT TO THE SAME CREDENTIALS REVIEW AS ALL OTHER CHRI STAFF.
- (d) ATTEND MEETINGS OF THE MEDICAL STAFF AS NON-VOTING MEMBER AND ATTEND ANY MEDICAL STAFF OR HOSPITAL EDUCATION PROGRAM. THE COA STAFF MEMBER MAY NOT HOLD ELECTED OFFICE IN THE MEDICAL STAFF ORGANIZATION OR SERVE ON ANY OF ITS STANDING COMMITTEES. HOWEVER, SUCH MEMBER MAY SERVE AS NON-VOTING EX-OFFICIO MEMBER OF MEDICAL STAFF COMMITTEES IF APPOINTED PURSUANT TO THESE RULES.

(3) RESPONSIBILITIES.

A COMMUNITY ONCOLOGY ATTENDING STAFF MEMBER SHALL:

- (a) MEET THE BASIC RESPONSIBILITIES SET FORTH IN RULES 3335-111-02 AND 3335-111-03 OF THE ADMINISTRATIVE CODE.
- (b) RETAIN RESPONSIBILITY WITHIN HIS/HER AREA OF PROFESSIONAL COMPETENCE FOR THE CONTINUOUS CARE AND SUPERVISION OF EACH PATIENT IN THE CHRI FOR WHOM HE/SHE IS PROVIDING CARE, OR ARRANGE A SUITABLE ALTERNATIVE FOR SUCH CARE AND SUPERVISION.
- (c) ACTIVELY PARTICIPATE IN SUCH QUALITY EVALUATION AND MONITORING ACTIVITIES AS REQUIRED BY THE MEDICAL STAFF, AND DISCHARGE SUCH STAFF FUNCTIONS AS MAY BE REQUIRED FROM TIME TO TIME INCLUDING, BUT NOT LIMITED TO, ADHERENCE TO ALL APPLICABLE QUALITY ASSURANCE AND MONITORING ACTIVITIES IN THE DIVISION RELATED TO THE COA'S PRACTICE INCLUDING ATTENDANCE AT PEER REVIEW, MORTALITY AND MORBIDITY CONFERENCES.
- (d) SATISFY THE REQUIREMENTS SET FORTH IN RULE 3335-111-11 OF THE ADMINISTRATIVE CODE FOR ATTENDANCE AT CHRI MEETINGS.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws (contd)

- (e) ACTIVELY ENCOURAGE ALL THEIR PATIENTS TREATED AT THE CHRI TO COOPERATE IN, AND WHENEVER APPLICABLE, PARTICIPATE IN AN APPROVED PROTOCOL AND KNOWINGLY PARTICIPATE IN THE TEACHING PROGRAM. FAILURE TO DO SO MAY CONSTITUTE GROUNDS FOR LOSING COA STAFF PRIVILEGES.
- (f) BECOME A MEMBER AND ACTIVE PARTICIPANT OF AT LEAST ONE CCC DISEASE SPECIFIC COMMITTEE.
- (g) BE SUBJECT TO REIMBURSING THE OSUMC FOR REGULAR UTILIZATION OF THE OSUMC GRADUATE MEDICAL STAFF AS DETERMINED BY THE DIRECTOR OR THE DIRECTOR OF MEDICAL AFFAIRS WITH APPROPRIATE ADVICE AND COUNSEL FROM THE ACADEMIC CHAIRPERSON.
- (h) BE SUBJECT TO PAYMENT OF MEDICAL STAFF DUES OR ASSESSMENTS AS APPROVED BY THE CHRI MEDICAL STAFF.

(E) (F) Unchanged.

(F) (G) Unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to Bylaws of the Medical Staff of The Arthur G. James Cancer Hospital and Research Institute be adopted as recommended by The Arthur G. James Cancer Hospital and Research Institute Board.

Upon motion of Mr. Shumate, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

Our Committee met earlier today in a joint session with the Educational Affairs Committee, and we received a detailed report from Vice Presidents Shkurti and Tom, and Dr. Ray on the 1997 budget, including spending benchmarks and the preliminary recommendations for expenditures and compensation.

(See Appendix XLVI for background information on Expenditure Benchmarks and Preliminary Recommendations, page 849.)

We also are recommending to the full Board the following resolutions:

April 3, 1996 meeting, Board of Trustees

**AUTHORIZATION OF THE DEFEASANCE OF THE OHIO STATE UNIVERSITY
DORMITORY REVENUE BONDS, SERIES A, C, E AND I**

Resolution No. 96-108

Synopsis: Authorization to deposit of securities representing direct obligations of the United States of America with an escrow trustee for the purpose of defeasing the Dormitory Revenue Bonds, Series A, C, E and I of The Ohio State University is proposed.

WHEREAS pursuant to a resolution of this Board of Trustees (the "Board") of The Ohio State University (the "University") adopted on April 8, 1957 (the "1957 Resolution") and a Trust Agreement dated as of April 15, 1957 (the "Original Trust Agreement"), this Board authorized, sold and delivered the University's Dormitory Revenue Bonds, Series A in the original principal amount of \$6,000,000, of which \$560,000 in principal amount is now outstanding (the "Series A Bonds"); and

WHEREAS pursuant to a resolution of this Board adopted on July 8, 1960 (the "1960 Resolution") and a Second Supplemental Trust Agreement dated as of October 15, 1959 (the "Second Supplement"), this Board authorized, sold and delivered the University's Dormitory Revenue Bonds, Series C, in the original principal amount of \$2,330,000, of which \$310,000 in principal amount is now outstanding (the "Series C Bonds"); and

WHEREAS pursuant to a resolution of this Board adopted on June 15, 1962 (the "1962 Resolution") and a Third Supplemental Trust Agreement dated as of April 15, 1962 (the "Third Supplement"), this Board authorized, sold and delivered the University's Dormitory Revenue Bonds, Series E, in the original principal amount of \$5,300,000, of which \$1,031,000 in principal amount is now outstanding (the "Series E Bonds"); and

WHEREAS pursuant to a resolution of this Board adopted on July 13, 1967 (the "1967 Resolution", and together with the 1957 Resolution, the 1960 Resolution and the 1962 Resolution, the "Resolutions") and a Fourth Supplemental Trust Agreement dated as of August 1, 1967 ("Fourth Supplement" and together with the Original Trust Agreement, the Second Supplement and the Third Supplement, the "Trust Agreement"), this Board authorized, sold and delivered the University's Dormitory Revenue Bonds, Series I, in the original principal amount of \$10,500,000, of which \$4,050,000 is now outstanding (the "Series I Bonds" and together with the Series A Bonds, the Series C Bonds, and the Series I Bonds, the "Bonds"); and

WHEREAS this Board has determined that it is in the best interests of the University to deposit with an escrow trustee direct obligations of the United States of America, which obligations will provide funds sufficient in time and amount to pay the remaining debt service on the Bonds so that the lien of the Trust Agreement may be deemed discharged and defeased, all within the meaning of the Resolutions and the Trust Agreement.

NOW THEREFORE

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE OHIO STATE UNIVERSITY as follows:

Section 1. This Board hereby selects National City Bank, Columbus to act as escrow trustee (the "Escrow Trustee") in connection with the defeasance of the Bonds. The form of Escrow Agreement attached hereto (the "Escrow Agreement") is hereby approved, together with any changes therein and completions thereof which are not inconsistent with this Resolution and not substantially adverse to the University, and as are approved on behalf of the University by the Chairman of the Board of Trustees (the "Chairman") or the Treasurer of the University. The approval on behalf of the University of those changes and completions by the Chairman or the Treasurer, and the status of those changes as not substantially adverse to the University, shall

April 3, 1996 meeting, Board of Trustees

**AUTHORIZATION OF THE DEFEASANCE OF THE OHIO STATE UNIVERSITY
DORMITORY REVENUE BONDS, SERIES A, C, E AND I (contd)**

be conclusively evidenced by the execution of the Escrow Agreement on behalf of the University by the Chairman or the Treasurer. The Chairman, the President of the University, the Secretary of the Board and the Treasurer, or any one or more of them, are authorized and directed to execute and deliver the Escrow Agreement, in the name of and on behalf of the University. Such officers are each further authorized to execute and deliver on behalf of the University such other certificates, documents, receipts and instruments as are necessary in connection with the acts authorized by this Resolution and contemplated by the Escrow Agreement.

Section 2. It is found and determined that all formal actions of the Board Concerning and relating to the adoption of this Resolution were adopted in an open meeting of the Board, and that all deliberations of the Board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code.

Section 3. This Resolution shall take effect and be in force immediately upon its adoption.

(See Appendix XLVII for background information, page 863.)

...

**FORMATION OF READING RECOVERY, INC.
AND READING RECOVERY COUNCIL OF NORTH AMERICA, INC.
(Ohio Nonprofit Corporations)**

Resolution No. 96-109

Synopsis: Authorization to form two Ohio nonprofit corporations, Reading Recovery, Inc., and Reading Recovery Council of North America, Inc., is proposed.

WHEREAS in 1984 the College of Education of The Ohio State University initiated the Reading Recovery program in North America; and

WHEREAS Reading Recovery is an early intervention program designed to help young, at risk, children develop literacy and the program has components involving research and development, teacher training, program evaluation, and service and outreach programs; and

WHEREAS this innovative program has been of tremendous success and is a continually expanding initiative that has brought international recognition to the University in the area of reading instruction; and

WHEREAS there is the need to provide a new structure and framework for the administration of Reading Recovery programs and activities to facilitate the continued growth and development of the programs and sustain and promote the nationwide network of professional educators involved in these programs, while continuing the leadership role the University in the research and development of Reading Recovery programs; and

WHEREAS this Board has determined that there is a need to create a nonprofit corporation, Reading Recovery, Inc., to assist the University in the ongoing research and development of Reading Recovery programs, to prepare teachers to conduct such programs, to evaluate and measure the success of such programs, and to provide and promote service and outreach activities related to these programs, and that there is a need to create, through Reading Recovery, Inc., a subsidiary nonprofit corporation, Reading Recovery Council of North America,

April 3, 1996 meeting, Board of Trustees

FORMATION OF READING RECOVERY, INC.
AND READING RECOVERY COUNCIL OF NORTH AMERICA, INC.
(Ohio Nonprofit Corporations) (contd)

inc., to directly promote Reading Recovery programs, to foster, encourage, and promote outreach, service, and coordination of nationwide Reading Recovery activities, and to provide for a national organization that is affiliated with the University but with a separate identity and focus; and

WHEREAS these corporations are to be organized and operated exclusively for educational, charitable, or scientific purposes by conducting the above and other related activities to benefit or carry out the purposes of the University:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby authorizes The Ohio State University and its affiliate, Ohio State University Affiliates, Inc., to establish two nonprofit corporations under Chapter 1702 of the Ohio Revised Code, such that each will qualify as an exempt organization under the U.S. Internal Revenue Code, to carry out the purposes related to the Reading Recovery program, as provided in this resolution; and

BE IT FURTHER RESOLVED, That the University may enter into agreements, as it deems necessary and appropriate, to license and govern the use, by these corporations, of the registered marks of the University, including the Reading Recovery mark, to carry out the purposes of the corporations; and

BE IT FURTHER RESOLVED, That Reading Recovery, Inc., and Reading Recovery Council of North America, Inc., shall reimburse the University for any direct or indirect costs incurred by the University on behalf of, or at the request of, these corporations; and

BE IT FURTHER RESOLVED, That as appropriate and as directed by this Board or the President or the Dean of the College of Education, any one or more of the Trustees, officers, and employees of the University are hereby authorized, designated, and directed to serve as an incorporator of either corporation and/or as directors, officers, employees, and agents of either corporation, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which Trustees, officers, and employees of the University now are, or hereafter may be, entitled; and

BE IT FURTHER RESOLVED, That the Dean of the College of Education shall annually report to this Board on the activities and accomplishments of these corporations.

Upon motion of Mr. Shumate, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Sofia, and Ambassador Wolf.

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

As a part of the Educational Affairs Committee agenda, which we shared with the Fiscal Affairs Committee, we heard several reports including: an update on restructuring from Provost Sisson and Vice President Bobby Moser; a quick review of the Statement on Teaching; and a recommendation for the establishment of the Technology Transfer Oversight Committee and related

April 3, 1996 meeting, Board of Trustees

EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Celeste: (contd)

issues. Those items will be brought up to the Board at our next meeting for approval.

We do have several resolutions and I would like to call on Provost Sisson to present them for the Board's consideration.

Provost Sisson:

Thank you, Mr. Celeste. Mr. Chairman, I would like to present the following resolutions for Board approval:

ABOLISHMENT OF NOTICES OF APPOINTMENT

Resolution No. 96-110

WHEREAS the University has traditionally issued an annual Notice of Appointment form in connection with personnel transactions for faculty and administrative and professional staff; and

WHEREAS the Notice of Appointment form is a budgetary convenience containing some information relating to the employment relationship, but is not intended to establish the terms and conditions of employment; and

WHEREAS the terms and conditions of employment for faculty and administrative and professional employees are set forth in the faculty rules and personnel policies of the University; and

WHEREAS the issuance of Notices of Appointment results in needless bureaucratic paperwork and superfluous documentation:

NOW THEREFORE

BE IT RESOLVED, That University rules 3335-1-04, 3335-5-02, 3335-5-03, and 3335-5-022 are hereby amended to delete the requirement for the issuance of a Notice of Appointment and to accurately state the conditions of employment for faculty and staff.

Amended Bylaw

3335-1-04 The faculty and staff.

(A) through (G) Unchanged.

(H) Election APPOINTMENT of faculty and staff. The board of trustees shall annually elect APPOINT the president, members of the faculty and all other employees of the university not in the classified civil service. ~~It is, however, the desire and intention of the board that these persons shall be permanent in their positions, subject to continued efficiency in service, the provisions of the Revised Code, and the rules relating to tenure promulgated by the board of trustees.~~

Balance unchanged.

ABOLISHMENT OF NOTICES OF APPOINTMENT (contd)

Amended Rules

3335-5-02 Appointments and continuing employment; conditions upon.

- (A) Upon nomination and recommendation by the president of the university, the board of trustees shall make all appointments to all positions within the university and approve the salaries therefor. Such appointments, for a period not to exceed four academic quarters, or a summer session and two semesters if applicable, shall be evidenced by a notice of appointment signed by the secretary of the board and sent to the appointee for acceptance. The notice of appointment form is a budgetary convenience containing some detail relating to the employment relationship during the term of the appointment, such as salary, title, and the quarters, semesters, or sessions, during which service is to be rendered. The form is used for appointment to many and varied kinds of service, including appointment to positions which may be tenure accruing and others which are not. Neither the issuance of the notice nor its contents is intended to reflect any commitment by the trustees as to the recipient's tenure or as to renewal of appointment.

Balance unchanged.

3335-5-03 Appointment of faculty and staff; tenure.

The board of trustees shall annually appoint the president and all employees of the university not in the classified civil service, subject to the laws of the state of Ohio, and in the case of regular faculty, to the rights and protection of tenure as provided for in these rules. Tenure is a commitment by the university and may be earned by all individuals with regular faculty status subject to successful completion of a probationary period. Regular faculty status is defined in rule 3335-5-19 of the Administrative Code. The protections of tenure and academic freedom extend to all levels of faculty responsibility within the university in accordance with rule 3335-5-01 of the Administrative Code and are not restricted to activities identified with specific instructional, research or public service programs. Tenure is only lost by formal resignation, by voluntary reduction of appointment below fifty per cent of service to the university (as specified in the notice(s) of appointment) except in the case of an approved leave of absence, by retirement, by transfer to regular clinical faculty or auxiliary status, or may be terminated by reason of proved incompetence or grave misconduct in accordance with rule 3335-5-04 of the Administrative Code, for causes set forth in rule 3335-5-02 of the Administrative Code, or under the conditions of bona fide financial exigency, as specified in rule 3335-5-021 of the Administrative Code. Tenure members of the regular faculty who serve the university as administrators do not lose tenure by virtue of being administrators.

3335-5-022 Treatment of tenured faculty members during financial exigency.

(A) Unchanged.

(B) (1) through (5) Unchanged.

- (6) Notice of termination. A termination of appointment because of the elimination of a tenure initiating unit shall become effective no sooner than one full appointment period following the expiration of the faculty member's current appointment JUNE 30 OF THE FIRST FULL ACADEMIC YEAR FOLLOWING THE ACADEMIC YEAR IN WHICH THE APPOINTMENT IS TERMINATED.

THE OHIO STATE UNIVERSITY - MANSFIELD BOARD APPOINTMENT

Resolution No. 96-111

Synopsis: Approval of a nominee to The Ohio State University-Mansfield Board is proposed.

WHEREAS the Board of Trustees on June 3, 1994, approved the establishment of The Ohio State University-Mansfield Board; and

WHEREAS it has been previously stipulated that "The Mansfield board shall be composed of eleven members appointed by The Ohio State university Board of Trustees in consultation with the president of the university" (one member of the Mansfield board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named person has been nominated and selected for appointment to The Ohio State University-Mansfield Board to fill the unexpired student term of Larry Douglas Stephens, who graduated on March 15, 1996:

Megan E. Grimm, term ending June 30, 1997

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominee be approved as a student member of The Ohio State University-Mansfield Board, effective March 15, 1996.

NAMING OF DEPARTMENT

Resolution No. 96-112

WHEREAS on April 7, 1995, the Board of Trustees approved the administrative reorganization of the College of Human Ecology; and

WHEREAS as a result of the administrative restructuring within the College of Human Ecology, the Departments of Family Resource Management, and Textiles and Clothing were consolidated to form a new department to be named the Department of Consumer and Textile Science; and

WHEREAS the proposed name reflects the teaching, research, and service interests of the new department, and it is consistent with trends in the profession; and

WHEREAS the faculty of the new department has voted unanimously in support of the proposed name change; and

WHEREAS related units in the University have raised no objections to the proposed name; and

WHEREAS the proposed change has the approval of the Council on Academic Affairs, and was approved by the University Senate at its March 2, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the above mentioned departmental name change created by the administrative reorganization within the College of Human Ecology is hereby approved, effective immediately.

April 3, 1996 meeting, Board of Trustees

RENAMING OF DEPARTMENT

Resolution No. 96-113

WHEREAS the name, Department of Agricultural Engineering, no longer reflects the scope and mission of the Department; and

WHEREAS the proposed name, the Department of Food, Agricultural and Biological Engineering, reflects the teaching, research, and service interests of the new Department, and it is consistent with trends in the profession; and

WHEREAS the faculty of the Department has voted unanimously in support of the proposed name, and the faculty of the College of Food, Agricultural, and Environmental Sciences voted 150 for and 54 against; and

WHEREAS related units in the University have raised no objections to the proposed name; and

WHEREAS the proposed name change has the approval of the Council on Academic Affairs, and was approved by the University Senate at its March 2, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the Department of Agricultural Engineering be renamed the Department of Food, Agricultural and Biological Engineering, effective immediately.

NAMING OF INTERNAL SPACES IN CAMPUS FACILITIES

Resolution No. 96-114

Synopsis: The naming of internal space within University facilities is proposed.

WHEREAS gifts and gift commitments have been received by donors to support the construction, equipping or furnishing of the classrooms, offices, laboratories and other noted spaces; and

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the donors to these internal spaces be recognized for their generosity; and

WHEREAS the following list includes four (4) areas within Alumni House; thirteen (13) areas within the Max M. Fisher College of Business; seven (7) areas within the Food Science and Technology Building; three (3) areas within the Galbreath Equine Trauma Hospital; and, three (3) areas within the Schottenstein Center:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned internal spaces in campus facilities shall be named as indicated below:

April 3, 1996 meeting, Board of Trustees

NAMING OF INTERNAL SPACES IN CAMPUS FACILITIES (contd)

Project: Alumni House

- Columbia Gas Presidential Office Suite
- Walter and Gail Klevay Parlor
- Greenfield Printing and Publishing Company and the Wilson and David Moon Families Office of the Vice President for Communications
- Thomas E. Wheeler Communications Room

Project: Fisher College of Business

- John W. Berry Auditorium
- Huntington National Bank Plaza
- John W. Berry Atrium
- Continental Office Courtyard Area

- Robert F. Baker Ticket Office

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 96-115

Synopsis: Approval of the following amendments to the Rules of the University Faculty are recommended.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

April 3, 1996 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on March 2, 1996:

Amended Rules

3335-11-07 Purpose.

The Ohio union and the Drake union UNIONS are established as the community UNIVERSITY centers of the OHIO STATE UNIVERSITY UNIVERSITY'S COLUMBUS CAMPUS. THEY EXIST for the primary purpose of serving students in their cultural, social, recreational, and organized LEADERSHIP activities. The Ohio union and the Drake union UNIONS are also established to serve the faculty, staff, and alumni, AND GUESTS of the university as well as their guests. (B/T 9/7/59, B/T 7/11/75, B/T 4/2/96)

3335-11-08 Director.

The director, Ohio unions, shall be the chief administrator of the Ohio union and the Drake union UNIONS. He THE DIRECTOR shall have the general administrative responsibility for the programs and financial affairs of these unions. The director shall be responsible to the ASSISTANT vice president for student affairs (HOUSING, FOOD SERVICE, AND EVENT CENTERS). (B/T 9/7/59, B/T 12/3/71, B/T 7/11/75, B/T 7/12/91, B/T 4/2/96)

3335-11-09 The Ohio unions council.

(A) The Ohio unions council shall consist of thirty-three THIRTY-FOUR members chosen as follows:

(1) Eighteen student members chosen in accordance with rules established by the Ohio unions council STUDENTS.

(a) ONE GRADUATE STUDENT SELECTED BY THE COUNCIL OF GRADUATE STUDENTS. TERM OF SERVICE SHALL BE ONE YEAR.

(b) ONE PROFESSIONAL STUDENT SELECTED BY THE INTER-PROFESSIONAL COUNCIL. TERM OF SERVICE SHALL BE ONE YEAR.

(c) ONE UNDERGRADUATE STUDENT SELECTED BY THE UNDERGRADUATE STUDENT GOVERNMENT. TERM OF SERVICE SHALL BE ONE YEAR.

(d) THE PRESIDENT OF THE STUDENT EVENTS COMMITTEE SHALL HAVE A PERMANENT SEAT ON THE COUNCIL.

(e) ONE STUDENT MEMBER SELECTED BY THE OHIO UNIONS PROGRAM OFFICE.

(f) THIRTEEN STUDENT MEMBERS SHALL BE SELECTED FROM THE STUDENT BODY UNDER THE PROCEDURES ESTABLISHED AND DOCUMENTED BY THE COUNCIL.

(2) One student appointed by the president of the undergraduate student government with the advice and consent of the student assembly; one student appointed by the president of the council of graduate students with the advice and consent of that council; one

April 3, 1996 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Amended Rules (contd)

~~student appointed by the president of the inter-professional council with the advice and consent of that council~~ REGULAR FACULTY.

FOUR REGULAR MEMBERS SELECTED BY THE FACULTY COUNCIL. TERM OF SERVICE SHALL BE TWO YEARS.

(3) ~~The vice president for student affairs and five staff members chosen as follows: the director, Ohio unions; the program director, Ohio unions; the recreation director, Ohio unions; one residence halls staff representative; one student organization staff representative. The staff members of the Ohio unions council shall be appointed for a term of two years by the vice president for student affairs~~ STAFF MEMBERS.

(a) THE DIRECTOR SHALL HAVE A PERMANENT SEAT ON THE COUNCIL.

(b) FOUR UNIONS' STAFF MEMBERS SHALL BE APPOINTED BY THE DIRECTOR. TERM OF SERVICE SHALL BE TWO YEARS.

(c) THREE STAFF MEMBERS FROM ACROSS THE UNIVERSITY SHALL BE APPOINTED BY THE VICE PRESIDENT FOR STUDENT AFFAIRS UNDER PROCEDURES ESTABLISHED AND DOCUMENTED BY THE COUNCIL.

(4) ~~Four faculty members. The faculty members shall be appointed for a term of two years by the vice president for student affairs after consultation with the senior vice president for academic affairs and provost~~ ALUMNI MEMBERS.

(5) Two alumni members designated SHALL BE APPOINTED by the Ohio state university ALUMNI association for a term of IN CONSULTATION WITH THE COUNCIL. TERM OF SERVICE SHALL BE three years under such procedures as the association shall adopt.

~~The faculty and alumni members shall not serve more than two consecutive terms on the council.~~

(5) COMMUNITY MEMBERS.

TWO COMMUNITY REPRESENTATIVES SHALL BE SELECTED UNDER PROCEDURES ESTABLISHED AND DOCUMENTED BY THE COUNCIL.

(B) DUTIES AND RESPONSIBILITIES.

Subject to the general authority of the president and the board of trustees, the Ohio unions council shall:

(1) ~~Establish the program policies of the Ohio unions and shall assist in the development of all of their student activities programs. It may advise the director on other matters pertaining to the operation~~ GENERAL POLICY ON SUCH MATTERS AS, BUT NOT LIMITED TO, FINANCIAL PLANNING, FACILITY USE, STUDENT DEVELOPMENT, PUBLIC AND CAMPUS RELATIONS.

April 3, 1996 meeting, Board of Trustees

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY (contd)

Amended Rules (contd)

(2) THESE POLICIES SHALL GUIDE THE ADMINISTRATION OF THE PROGRAM OF THE UNIONS BY THE DIRECTOR OF the Ohio unions, but the council shall not serve in an administrative-or-executive-capacity.

(C) ORGANIZATION

The president of the ~~Ohio-Drake-unions-activities-board~~ STUDENT EVENTS COMMITTEE shall serve as chairperson THE CHAIR, ~~of the Ohio-unions-council~~; AND the director, ~~Ohio unions~~, shall serve as the executive secretary of FOR the Ohio-unions council. THE STRUCTURE AND OPERATION OF THE OHIO UNIONS COUNCIL WILL BE ESTABLISHED AND DOCUMENTED BY THE COUNCIL (B/T 9/7/59, B/T 2/9/67, B/T 11/9/67, B/T 12/3/71, B/T 7/11/75, B/T 7/20/79, B/T 2/7/86, B/T 11/2/90, B/T 7/12/91, B/T 4/2/96)

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

HONORARY DEGREES

Resolution No. 96-116

Synopsis: The awarding of the following honorary degrees is proposed.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of the honorary degrees as listed below:

Sir James W. Black	Doctor of Science
Dr. Robert F. Furchgott	Doctor of Science
Dr. Daniel F. Koshland, Jr.	Doctor of Science

NOW THEREFORE

BE IT RESOLVED, That the above honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

PERSONNEL ACTIONS

Resolution No. 96-117

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the February 29, 1996 meeting of the Board, including the following Reappointment of Chairpersons/Director, Reappointment of Principal Administrative Officials, Leaves of Absence Without Salary, Professional Improvement Leaves, Professional Improvement Leave--Change in Dates and Emeritus Title, as detailed in the University Budget be approved.

April 3, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Reappointment of Chairperson/Director

January 1, 1995 through September 30, 1997

Department of Germanic Languages and Literatures	Mark W. Roche
---	---------------

July 1, 1996 through September 30, 1996

Department of Medical Biochemistry	Howard W. Sprecher*
------------------------------------	---------------------

October 1, 1995 through June 30, 1996

School of Health, Physical Education, and Recreation	Mary M. O'Sullivan*
---	---------------------

*Acting

Reappointment of Principal Administrative Officials

CAROLE A. ANDERSON, Dean, College of Nursing, effective July 1, 1996, through June 30, 2001, pursuant to rule 3335-3-17 of the Administrative Code.

HENRY W. FIELDS, Dean, College of Dentistry, effective July 1, 1996, through June 30, 2001, pursuant to rule 3335-3-17 of the Administrative Code.

Leaves of Absence Without Salary

STEPHEN W. BIRDWELL, Associate Professor, College of Pharmacy, effective March 1, 1996 through February 28, 1997, for medical reasons.

MARY A. ROZNOWSKI, Associate Professor, Department of Psychology, effective March 3, 1996, through April 30, 1996, for medical reasons.

Professional Improvement Leaves

ARTHUR W. LEISSA, Professor, Department of Aerospace Engineering, Applied Mechanics and Aviation, effective Winter Quarter 1997.

EDWARD H. NEWMAN, Professor, Department of Electrical Engineering, effective Winter Quarter and Spring Quarter 1997.

WANSOO T. RHEE, Professor, Department of Management Sciences, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

RICHARD L. ROTH, Professor, Department of Art, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

PETER J. TURCHI, Professor, Aerospace Engineering, Applied Mechanics and Aviation, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

JEFFREY J. CHALMERS, Associate Professor, Department of Chemical Engineering, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

April 3, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

BARBARA J. HAEGER, Associate Professor, Department of History of Art, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

ANTONIO G. MENDOZA, Associate Professor, Department of Art, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

ANNA O. SOTER, Associate Professor, Department of Educational Studies: Humanities, Science, Technological and Vocational, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

MELANYE P. WHITE-DIXON, Associate Professor, Department of Dance, effective Winter Quarter and Spring Quarter 1997.

DAVID D. WOODS, Associate Professor, Department of Industrial, Welding, and Systems Engineering, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

Professional Improvement Leave--Change in Dates

KATHY M. FAGAN, Associate Professor, Department of English, change dates from Winter Quarter and Spring Quarter 1997, to Autumn Quarter 1996 and Winter Quarter 1997.

Emeritus Titles

ERNEST M. NEWKIRK, Department of Obstetrics and Gynecology, with the title Clinical Associate Professor Emeritus, effective March 1, 1996.

...

RESOLUTIONS IN MEMORIAM

Resolution No. 96-118

Synopsis: Approval of four Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

Glenn A. Fry

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 5, 1996, of Glenn A. Fry, Professor Emeritus in the College of Optometry.

Professor Fry received his A.B. degree from Davidson College in 1929, and then went on to receive a Master's and Ph.D. degrees from Duke University. Following two years at Washington University in St. Louis as a National Research Fellow, he came in 1935 to direct the optometry program at Ohio State where he remained for the next sixty years.

Wasting no time, he quickly established the optometry program as a School within the College of Arts and Sciences and began the first Physiological Optics graduate program in the nation associated with a School of Optometry. Dr. Fry administered the optometry program until 1966, when he was made a Regents Professor. In recognition of many years with the University and his legendary contributions to his profession, the University named the Optometry Building in his honor in 1983.

April 3, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Glenn A. Fry (contd)

Long before multi-disciplinary associations became fashionable, Dr. Fry was practicing the concept. Together with Dr. Arthur Culler of the Department of Ophthalmology, he established the Institute for Research in Vision on The Ohio State University campus in 1942. He maintained contacts in several disciplines by being active in the Illuminating Engineering Society, the International Commission on Illumination, Night Visibility Committee of the NRC Highway Research Board, Inter-Society Color Council, and the National Eye Institute. His research encompassed everything from highway safety to military applications of vision science (color vision, high intensity flashes, aerial reconnaissance, range finders).

Professor Fry's most notable contribution was his ability to educate and inspire others in the fields of optometry and vision science. The list of his graduate students serves as a Who's Who in optometric education and research. The curriculum he developed at Ohio State for both the professional program in optometry and the graduate program in physiological optics became the model for most other programs in the country.

Hailed as one of the most important figures in visual science, Glenn Fry received virtually every award his profession could give him including: the Tillyer Medal from the Optical Society of America; the Distinguished Service Award from the American Optometric Association; the Gold Medal from the Illuminating Engineering Society; and the Prentice Award from the American Academy of Optometry.

On behalf of the University, the Board of Trustees expresses to the family of Professor Fry its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Webster B. Kay

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 19, 1996, of Webster B. Kay, Professor Emeritus in the Department of Chemical Engineering.

Dr. Kay was born on December 8, 1900, in Hammond, Indiana, and attended country schools, graduated from Lima High School in 1918, and received his B.S. degree in Chemical Engineering from The Ohio State University in 1922. In 1926 he received his Ph.D. in Chemistry from the University of Chicago.

Webster Kay joined the Chemical Engineering faculty at Ohio State University in 1946, after twenty years as a Research Scientist at Standard Oil of Indiana. He was known world-wide as a leader in experimental research in thermodynamics. With his many graduate students he published his research results extensively in prestigious archival journals. His method of combining the critical constants of the pure components in a mixture, known as Kay's Rule, is found in thermodynamic textbooks for chemical engineering courses.

In addition to his research accomplishments, the courses Dr. Kay taught at Ohio State were highly regarded by students who appreciated his friendly manner and concern for their learning. In 1971 he was granted the title of Professor Emeritus, but continued to do research in thermodynamics and to advise graduate students working in this area.

He was a member of the American Institute of Chemical Engineers, Sigma XI Scientific Honorary Society, and a lifetime member of the American Chemical Society. In 1980, a special symposium in honor of Dr. Kay was held at the annual meeting of the American Institute of

April 3, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Webster B. Kay (contd)

Chemical Engineers in Chicago to acknowledge his many outstanding contributions in thermodynamics research.

On behalf of the University, the Board of Trustees expresses to the family of Professor Kay its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Elzy V. McCollough

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 12, 1996, of Elzy V. McCollough, Professor Emeritus in the Department of Accounting and Management Information Systems.

Professor McCollough received his Bachelor of Arts degree (cum laude) from Tarkio College and his Masters and Ph.D. degrees from the University of Iowa. He served on the accounting faculties of the University of Iowa and Louisiana State University prior to coming to Ohio State in 1959. He had been a CPA since 1956.

Elzy McCollough was a specialist in electronic data processing and served as department chair from 1964 to 1971. He also served as director of the Data Processing Center in the College and on the Graduate Council for the University. Professor McCollough was recognized as an outstanding teacher by the Undergraduate Student Forum. Dr. McCollough was awarded the title Professor Emeritus in 1985.

Professor McCollough was a member of the American Accounting Association, the American Institute of Certified Public Accountants, the National Association of Accountants, the Ohio Society of CPAs, the Systems and Procedures Association, Beta Gamma Sigma, the Order of Artus, Beta Alpha Psi, and Pi Omega Pi.

On behalf of the University community, the Board of Trustees expresses to the family of Professor McCollough its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family has sustained.

Pearl S. Mullen

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on January 4, 1996, of Pearl S. Mullen, Assistant Professor Emeritus in the Ohio State University Extension.

Professor Mullen was born August 1, 1911 in Arnheim, Ohio. She received a B.S. in home economics education from The Ohio State University in 1933. She began her Extension career on July 1, 1961, as the County Extension Agent, Home Economics in Adams County. On January 1, 1965, she became the County Extension Agent, Home Economics in Brown County. She held this position until her retirement on August 15, 1973.

Pearl Mullen's contributions included providing excellent Extension educational programs in home economics, and especially to the Expanded Food and Nutrition Educational Program for both adults and youth as well as the Extension Homemakers group in Brown County. She was awarded the Distinguished Service Award at the 1973 annual meeting of the National Association of Home Economists. Her teaching and home economics expertise earned her the respect and admiration of co-workers and associates throughout the state.

April 3, 1996 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (contd)

Pearl S. Mullen (contd)

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to her family. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Celeste, seconded by Mr. Wexner, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Sofia, and Ambassador Wolf.

--0--

REPORT ON RESEARCH FOUNDATION

Mr. Celeste:

The Board may recall the President cited the recognition that Dr. McDonald and Don Stredney recently received with their "Virtual Reality Demonstration." Mr. Stredney was here before the Board and provided us with a demonstration of their efforts. We are very proud of what they have been able to accomplish. I would like to call on Dr. Hayes to present the Research Foundation Report.

Dr. Edward Hayes:

Thank you, Mr. Celeste. A copy of the Report of the February 1996 Grants and Contracts of The Ohio State University Research Foundation was previously distributed to the Board. We are continuing to see a slow down in funds coming from the federal government due to the shutdown and to the fact that a number of the agencies still do not have a full-year appropriation bill.

We have been sharing data with other CIC institutions and the impact here at Ohio State is being felt at the other CIC institutions. There is some difference in detail because there are different distributions among the federal funding agencies, but we are right about in the middle of the pack in terms of the downturn.

Under Tab 2, you will notice in new awards we are down below last year at this time by about 10 percent, and some of the other universities are down as much as 30 percent. This slow down in the arrival of awards is also affecting the rate of expenditures and we do not, at this point in time, expect that the rate of expenditures will be restored to the kind of growth that we have seen over the last three or four years until the situation of the federal government is sorted out.

Under Tab 1, you will see that through February 29, 1996, we are 6.4 percent behind where we were last year in terms of expenditures.

In Tab 3, there are five projects that are highlighted. The College of Pharmacy has received \$700,000 from Pharmacia to support drug development design and delivery over the next five years, and \$300,000 from Pharmacia for graduate fellowship support. Also of interest may be the Center of Mapping grant from the U.S. Geological Survey for \$500,000 for a cooperative effort with four state agencies to digitize State of Ohio maps.

April 3, 1996 meeting, Board of Trustees

REPORT ON RESEARCH FOUNDATION (contd)

Dr. Hayes: (contd)

In Chemical Engineering, Professor Fan has received \$300,000 from the National Science Foundation for investigating the hydrodynamic behavior of gas-liquid-solid fluidization under high pressure and high temperature conditions. This work is being conducted with industrial collaborators including: Shell Development Company, Amoco Oil Company, and Exxon Research and Engineering Company.

NSF is also providing over \$175,000 next year to support an Asynchronous Transfer Mode Networking Testbed. This is often referred to as an ATM Networking Testbed. There are important research problems including parallel computing, distributed computing, and multimedia that will be possible as a result of the support of that testbed.

Under Tab 4, is a complete list of the new awards received in February.

It would now be appropriate for a motion to accept these awards. Thank you.

REPORT ON RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-119

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for February 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of February 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

-0-

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

Yesterday, the Student Affairs Committee met and discussed this year's budget process with Vice President Bill Shkurti. Vice President Shkurti presented an overview of last year's process of consultation with students which culminated in the allocation of the one percent set-aside for student services in this fiscal year.

April 3, 1996 meeting, Board of Trustees

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith: (contd)

This year the process of consultation will be even more expansive than the previous year. We hope that there will be even more student input into the allocation of this year's planned one percent set-aside. Specifically, as Vice President Shkurti noted yesterday, we plan to consult student organizations, the Council on Student Affairs, the Senate Fiscal Committee -- which has three student members -- the Office of Student Affairs, and the Office of Academic Affairs as part of the consultation process. The Committee wants to express, as it did yesterday, its strong support to Vice President Shkurti for a well-designed input process which appears well poised for a substantial amount of student consultation.

At the same time, the Committee also discussed the allocation of last year's set-aside and reviewed a number of conceptual ideas that are possible allocations for this year. Many of those ideas are congruent with past priorities established by this Board as important and requiring follow-up and follow-through. Implementing the recommendations of CUE, primarily in the area of Career Services and Academic Advising, was strongly supported both by the Office of Student Affairs and also by a student proposal submitted to the Office of Finance.

As you may recall, I reported to this Board in February about the Career Services proposal presented to our Committee. Our Committee is pleased to see and support the continuing work on that issue. Investing in technology, particularly in the area of computing, was also mentioned as a possible priority for next year following up on last year's allocation in that area. CUE and technology represent two of our established commitments and require the requisite support to achieve the maximum benefit for the students and the University.

The Undergraduate Student Government also advocated exploring the issue of funding possible credit hour reduction requirements through the set-aside. All of these ideas and others will be discussed more thoroughly by students and others in the consultation as outlined above. The Committee looks forward to following up on the progress made in the coming months.

As a student, I personally want to applaud the University's commitment to setting aside one percent of the revenue increase for Student Services and look forward to the delivery of that promise. It shows we are placing a premium on the out-of-classroom experience and the quality of student life here at Ohio State.

As all of you know, yesterday the University broke ground on what promises to be our crown jewel facility, The Schottenstein Center. This forum today gives me the opportunity to state for the benefit of the community that this facility will represent one of the most student-friendly, student-driven enterprises ever undertaken at Ohio State.

At athletic events, the new arena will provide students with more seating than currently exists at St. John Arena, but at the same great location close to the action. In addition, students will have many, many opportunities to participate in the management of the facility through programs being considered across campus. Students will also have the benefit of athletic scholarships funded through the Seal-License Program, while at that same time paying nothing out of their tuition dollars for the facility.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Smith: (contd)

And perhaps most importantly, the Schottenstein Center will attract entertainment for the University community like we have never had before at Ohio State. Let there be no mistake, yesterday's ground-breaking was a terrific and beneficial event for the entire University community, including, and especially, the students.

Finally, I had the unique opportunity to travel Ohio with our President visiting high schools, community leaders, and alumni recently. Our tour took us through some of the deepest parts of rural Ohio. We visited a high school in Perry County where only four students per graduating class go on to attend a four-year university.

You may be wondering, as I was, why would we visit there? As I pondered that thought, one of our Admission's officers on the trip let me know that while recruiting at an elite high school near Chicago recently, she conveyed to them that we would also be visiting the high school in Perry County, as an example of Ohio State's diversity and its value to so many different people. That is, of course, the answer. Ohio State means so much because it offers so much opportunity to so many: rural and urban, elite and modest, native Buckeyes and adopted Buckeyes. What a statement about the potential of our University.

All during our tour we found time and again people who deeply appreciated the time Ohio State and our President was willing to spend with them, whether it was with community leaders learning about their economic development in agricultural programs in the schools, or spending time with alumni. As Gordon mentioned, we even visited a prison. And I'm not sure what programs we had there, but nonetheless, it was interesting.

When we began the trip, Dr. Gee asked me what I hoped to learn, and not being awake at the time I was non-plused to respond. I returned having learned not only what our President means to our University -- which is a lot, and as an example I will tell you that the E. Gordon Gee autographed poster is now the hottest commodity in southern Ohio -- I also learned what Ohio State means to Ohio's people.

The people we met confirmed that we are Ohio's flagship university and we must carry that message beyond our campus to every corner of our state and further. There is no university in this state which can match our good will if we continue to reach out and reach up, reconnecting with Ohio's people again and again. As a student and as a Trustee, I am excited about what we can do when people learn that we can and will make a difference in their lives.

I would now like to ask Sean Ruffin to deliver the Student Government report.
Sean --

Mr. Sean Ruffin:

Thank you and good morning. The Undergraduate Student Government is currently in its election season and elections will be held on April 9 and 10. Also, USG will be distributing their second published teacher evaluations and I am told that they will be coming very soon.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Mr. Ruffin: (contd)

The Council of Graduate Students would like to highlight the upcoming Graduate Research Forum scheduled for Saturday, April 20. CGS would also like to encourage the Board of Trustees and the University administration to devote more attention and resources to career counseling and placement services for all students which would show a strong institutional commitment to the long-term success of our students. The Interprofessional Council is currently winding up its elections with the final ballot counts being done today.

On behalf of all student governments, I am also pleased to announce that the Board of Trustees Selection Committee has made its final selections, and we are really impressed with the final candidates and feel that they are worthy of mention. They are: Mark Burkman, from the College of Dentistry; Darren Gebler, from the Department of Physics; Damien Green, from the College of Medicine; David Torborg and Rebecca Woods, both from the College of Law. I would also like to thank Kelly Hay, from the Council of Graduate Students, who served as co-coordinator of the Committee for all of her hard work and diligence.

That concludes my report.

Mr. Smith:

Thank you very much, Sean, and we need to give you a special thanks for overseeing the process. You did an outstanding job. Dr. Wolf, and fellow Indians' fans, that concludes my report.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

The Investments Committee met earlier this morning and received a report from the Treasurer, Mr. Nichols, on the Endowment Portfolio. At this time, I would like to ask Mr. Nichols to give his report.

Mr. James Nichols:

Thank you, Mr. Chairman. This covers the period of February 16 through March 15, 1996. The market value of the Endowment on March 15 was \$623.1 million, approximately \$3.9 million below the number I reported to you last month. The market value of the equity portion increased \$500,000, while the fixed income portion decreased \$4.7 million in light of rising interest rates during the reporting period. Net new additions to the Endowment for March totaled \$1.2 million.

Since July 1, the Endowment fund has increased \$67.4 million, including net new additions of nearly \$22 million. Current asset allocation is 67 percent in equities; 22 percent in fixed income; 7 percent in real estate; and 4 percent in cash.

The Investments Committee also heard a report on the net benefit achieved from the Endowment Asset Reallocations which occurred in December. For the first three months, the net benefit is \$780,000.

April 3, 1996 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

Mr. Nichols: (contd)

That concludes my report, Mr. Chairman.

Mr. Colley:

Mr. Chairman, you may recall that last November we reported that the Investments Committee met for nine hours -- two separate meetings -- and reviewed portfolio managers. Based upon the recommendations of the Treasurer, the gain he mentioned was a result of the changes made at that time for which the Investments Committee wishes to commend the Office of the Treasurer.

At this time, Mr. Jerry May, Vice President for Development, will present his monthly report.

Mr. Jerry May:

Thank you very much, Mr. Colley. The Development Report is in your Board book.

As you can see by the summary, after the first eight months of this year we are \$13 million ahead in private support and about 28 percent ahead for the fiscal year-to-date. Much of this is related to the University's energy and investment all across the University, and its fund raising campaign.

Individual giving is the area that we are most pleased to talk about for the moment because it is up by more than \$10 million, almost a fifty percent increase. We continue this trend, and we should continue to recognize and thank the alumni and other individual supporters who have stood up on behalf of Ohio State.

Support for Student Financial Aid continues to be up significantly this year. Annual giving continues to be up -- in fact, the annual giving unrestricted to the colleges and departments is up 23 percent. That means that deans have more money to work with. In addition to that, the unrestricted giving to the University is up 36 percent. Mr. Nichols already mentioned that we are up considerably. In fact, 33 percent so far this year has been added to the Endowment over the previous period last year.

Before I ask Mr. Colley to present to the Board the resolution today, I would like to highlight two of the endowments that are listed. The first one I would like to highlight is The Roxanne (Roxey) C. Sedgwick Critical Difference for Women Re-Entry Scholarship Fund.

The reason I want to mention this is that Roxanne Sedgwick was from LaJolla, California, and passed away a couple of years ago. She had a B.S. in Education in 1937, and an M.A. in education in 1942. She spent her career as a teacher encouraging young women to pursue their educational interests and advanced educational interests. Today with support from her estate, we are able to set up a Critical Difference For Women Scholarship for women who have interrupted their education to meet other responsibilities and now are in need of financial support as they re-enter the educational enterprise.

April 3, 1996 meeting, Board of Trustees

INVESTMENTS COMMITTEE REPORT (contd)

Mr. May: (contd)

The second one is the Vision Service Plan, which is listed under the gifts to the Foundation. This is a fully endowed chair by the Vision Service Plan, a corporation made up of many optometrists who are alums of The Ohio State University. They have developed a VSP Chair for the Advancement of Professional Practice. This particular chair will promote the highest ethical standards and professionalism in the independent practice of Optometry.

We are very excited to have this fully endowed chair. I would be very remiss if I did not mention and acknowledge Richard Hill -- although he is not here today -- who was the Dean of Optometry, until last year. Dick Hill was key in building this relationship and really made this happen. If all goes well, we will also have a second endowed chair to announce in the next year from this organization.

Mr. Colley, at this time, I'd like to ask you to present to the Board of Trustees for approval: two new fully endowed chairs, eight new named endowed funds -- including, two new endowed chair funds -- and the revision of four endowed funds. The total amount of the gift received related to these ten funds is \$4,340,321.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-120

Synopsis: The report on the receipt of gifts and the summary February 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding levels have been reached to establish The William Greenville Pace III Endowed Chair in Cancer Research, and The Vision Service Plan Chair for the Advancement of Professional Practice; and

WHEREAS this report includes the establishment of eight (8) new named endowed funds and amendments to four (4) endowed funds:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of February 1996 be approved.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

Total	\$45,214,525	\$57,888,007	28%

NOTES

- A Overall individual giving this year is running 49% ahead of last year for the July-February reporting period. Alumni have given nearly \$8 million more during the July-February period this year than last, highlighted by five gifts totaling \$6.6 million. Non-alumni giving is also running about \$2 million ahead of the same period last year. The largest gift from a non-alumnus is \$1.3 million.
- B Corporate giving is up slightly (5%). Last year there were 358 corporations providing private support of \$10,000 or more (\$13.8 million). This year private support at the \$10,000 level is \$14.6 million (354 corporations).
- C Gifts of \$10,000 or more from private foundations total about \$2.2 million more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are down about \$500,000 this year for the July-February period.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED ENDOWED CHAIR

The William Greenville Pace III Endowed Chair in Cancer Research

WHEREAS in accordance with the guidelines previously established by the Board of Trustees, The William Greenville Pace III Fund was established December 5, 1969 with gifts from an anonymous donor in honor of William G. Pace III, M.D. (M.M.Sc. '59), Professor Emeritus, of Naples, Florida; and

WHEREAS the required funding level has now been reached:

NOW THEREFORE

BE IT RESOLVED, That The William Greenville Pace III Fund be changed to The William Greenville Pace III Endowed Chair in Cancer Research. The annual income shall provide for a chair position to exclusively support the advancement of medical knowledge in the field of cancer research, both basic and clinical, with emphasis on hematology oncology, in the College of Medicine. The position shall be held by a nationally eminent faculty member as recommended by the Dean of the College of Medicine in consultation with the Vice President for Health Sciences to the Provost and approved by the Board of Trustees. The activities of the endowed chair holder shall be reviewed no less than every five years by the Dean to determine compliance with the intent of the donor as well as the academic and research standards of the University

\$1,500,000.00

April 3, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The William Greenville Pace III and Joann Norris Collins-Pace
Chair Fund for Cancer Research

The William Greenville Pace III and Joann Norris Collins-Pace Chair Fund for Cancer Research was established April 3, 1996, by the Board of Trustees with gifts from William G. Pace III, M.D. (M.M.Sc. '59), Professor Emeritus, and his wife, Joann Norris Collins-Pace, of Naples, Florida.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall provide for a Chair position to exclusively support the advancement of medical knowledge in the field of cancer research, both basic and clinical, with an emphasis on surgery, in the College of Medicine. The position shall be held by a nationally eminent faculty member as recommended by the Dean of the College of Medicine in consultation with the Vice President for Health Sciences. The activities of the endowed chair holder shall be reviewed no less than every five years by the Dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Medicine and the Vice President for Health Sciences in order to carry out the desire of the donors.

\$400,000.00

The Endowed Chair Fund for Director of The Ohio State University Marching Band

The Endowed Chair Fund for Director of The Ohio State University Marching Band was established April 3, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of the late Dayton Eldridge (B.S.Bus.Adm. '36, OSU Marching Band member 1932-35) and friends of the marching band.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

Income from the fund shall be distributed to the School of Music and shall provide for support of The Ohio State University Marching Band until such time as the endowed chair is filled. Appointment of the Chair for Director of The Ohio State University Marching Band will be made by the Director of the School of Music with the approval of the Dean of the College of the Arts. When the appointment is made, income from the fund will be distributed to the School of Music for support of the director's position.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of the Arts or program administrative officer in order to carry out the desire of the donors.

Dean Arthur Martin Scholarship Fund

The Dean Arthur Martin Scholarship Fund was established April 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Alice Elizabeth Martin (B.A. English '28), Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for needy students in the College of Law. Recipients will be selected in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$52,146.26

The Roxanne (Roxey) C. Sedgwick Critical Difference
for Women Re-Entry Scholarship Fund

The Roxanne (Roxey) C. Sedgwick Critical Difference for Women Re-Entry Scholarship Fund was established April 3, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Estate of Roxanne (Roxey) C. Sedgwick (B.S.Ed. '37; M.A. Education '42).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for women at the undergraduate or graduate level who have interrupted their education to meet other responsibilities and are in need of financial support to re-enter the educational process. Recipients will be selected in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate program administrative officer in order to carry out the desire of the donor.

College of Dentistry Endowed Faculty Research Enrichment Fund

The College of Dentistry Endowed Faculty Research Enrichment Fund was established April 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Dr. Paul J. Slazen (D.D.S. '71; M.S. 1975).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support both basic and clinical research projects conducted by faculty in the College of Dentistry and/or the Division of Dental Hygiene. Awards will be made annually to faculty whose research is judged to be outstanding as determined by those with oversight for these programs and designated by the Dean of the College of Dentistry. The award may be used for equipment, supplies, travel, publications or other research related needs.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Dentistry in order to carry out the desire of the donor.

\$30,407.93

The Charles M. Lynn Memorial Award

The Charles M. Lynn Memorial Award was established April 3, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Anne E. Lynn, wife; Marion MacBeth and Marjorie Lynn (B.S.Ed. '48), sisters; Elizabeth A. Teti and Mary Beth Lynn (M.S. Human Ecology '85), daughters; and friends of Charles M. Lynn (B.I.E. '44).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall provide one or more Charles M. Lynn Awards to outstanding Industrial and Systems Engineering majors who have completed their junior year. Preference will be given to candidates who, like Mr. Lynn, are members of the Tau Beta Pi engineering honorary fraternity. Descendants of Mr. Lynn who meet these selection criteria are encouraged to compete for Lynn Awards. Selection will be made by the chairperson of the Department of Industrial, Welding and Systems Engineering with assistance from the College of Engineering Scholarship Committee and in consultation with the University Committee on Student Financial Aid. The chairperson will inform Mrs. Anne E. Lynn or her designated family representative on the use of each year's income.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean.

(Grandfathered)

The Elizabeth Dancy Scholarship Fund

The Elizabeth Dancy Scholarship Fund was established April 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from family and friends in memory of Elizabeth Dancy.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to an incoming student in the School of Music who has demonstrated promising vocal ability and academic achievement and who has chosen a major in voice. Following an audition, scholarship recipients shall be selected by the Director of the School of Music in consultation with the voice faculty and the University Committee on Student Financial Aid. The scholarship shall be awarded annually and is not renewable. If there are no candidates in any given year, the earnings are to be added to the principal.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income shall be used for purposes similar to those specified by the donors, as directed by the Board of Trustees of The Ohio State University in order to carry out the desire of the donors.

\$15,976.11
(Grandfathered)

CHANGE IN NAME AND DESCRIPTION OF NAMED ENDOWED FUNDS

The W. Arthur Cullman Executive Involvement Fund

The W. Arthur Cullman Business Policy Support Fund was established July 9, 1982, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the family and friends of W. Arthur Cullman. The name and description were revised April 3, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used by the Max M. Fisher College of Business to involve executives in formal and informal interaction with students and faculty. Activities can include but

not be limited to the Cullman MBA Luncheon Series, the recruitment of adjunct faculty, and the development of guest executive lecturers in the classroom.

It is the desire of the donor(s) that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor(s).

The Robert A. and Dorothy M. Hodson Family 4-H Scholarship Endowment Fund

The Robert A. and Dorothy M. Hodson Family 4-H Endowment Fund was established April 3, 1992, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Robert A. Hodson (B.S. Agr. '51) and Dorothy M. Hodson of Hillsboro, Ohio. The name and description were revised April 3, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships to one or more undergraduate students at The Ohio State University enrolled in the College of Food, Agricultural and Environmental Sciences, from Highland County High Schools who successfully completed at least one year of 4-H membership. Preference will be given to those with outstanding 4-H achievements who continue to lead and serve in the University or their local community. Recipients may be entering first year students as well as continuing students. Students must maintain a minimum GPA of 2.25. Recipients will be selected in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

The Presutti-Madison Memorial Dance Fund

The Presutti Dance Fund was established April 4, 1986, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Dr. John R. (B.S. Biological Sciences '56; M.D. '60) and Mrs. Janet Presutti Madison (B.S.Ed. '58; M.A. Physical Education '65), in memory of Mrs. Lucy E. Presutti. The description was revised July 11, 1986, and the name and description were further revised April 3, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN NAME AND DESCRIPTION OF NAMED ENDOWED FUNDS (contd)

The Presutti-Madison Memorial Dance Fund (contd)

The annual income shall be used to provide support for archival research in dance. Disposition of the funds shall be determined by the chairperson of the Department of Dance in consultation with appropriate dance faculty and Janet Presutti Madison (or her representative), and with the approval of the Dean of the College of the Arts.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income shall be used for similar purposes as determined by the Board of Trustees, with preference being given to recommendations from Janet Presutti Madison in consultation with the appropriate administrative official of the University who is then directly responsible for the academic programs in dance in order to carry out the desire of the donors.

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

The Wayne E. and Mildred K. Smith Endowment Fund

The Wayne E. and Mildred K. Smith Endowment Fund was established June 4, 1976, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Wayne E. Smith (B.S.Agr. '37) and Mildred K. Smith, Worthington, Ohio. The description was revised April 3, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for scholarships for needy students and research in food systems as designated by the chairperson of the Department of Food Science and Technology in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees as recommended by the Vice President, Agricultural Administration in consultation with the chairperson of the Food Science and Technology department, or their successor, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED CHAIR

The Vision Service Plan (VSP) Chair for the Advancement of Professional Practice

The Vision Service Plan (VSP) Chair for the Advancement of Professional Practice was established April 3, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the Vision Service Plan, Northeastern Region. The Vision Service Plan, from its inception, has championed independent professional practice at highest ethical levels. The commitment of VSP to this proposition is well demonstrated through an outstanding program which provided

scholarships and another which funded an endowment that provides basic equipment assistance to every second-year student, both programs having the direct effect of reducing student debt on graduation.

Income provided by the Foundation shall be used to support the Vision Service Plan (VSP) Chair for the Advancement of Professional Practice. The purpose of this chair is to promote the highest ethical standards and professionalism in the independent practice of optometry. Any individual appointed to this distinguished chair must have a demonstrated commitment to these principles and must have had extensive, personal experience with that mode of practice. Duties associated with this appointment would be expected to include active and enthusiastic participation in the instructional, research and patient care dimensions exemplifying independent practice in this profession. Appointments to this chair may be made on a visiting or term basis, and may be full or part-time. Only one individual may hold this title at any time however. Any unused income shall be applied to the principal.

\$1,250,000.00
(Grandfathered)

ESTABLISHMENT OF NAMED ENDOWED FUND

The Ciba Vision-Richard M. Hill Contact Lens Endowed Scholarship Fund

The Ciba Vision-Richard M. Hill Contact Lens Endowed Scholarship Fund was established April 3, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Ciba Vision Corporation in honor of Dr. Richard M. Hill, former Dean of the OSU College of Optometry.

This gift from Ciba Vision honors Dr. Hill for a lifetime of unflinching service to the profession of optometry and optometric education, and for his outstanding leadership.

As Dean of the College of Optometry at Ohio State, Dr. Hill made a valued difference in vision, health care in our country and abroad. Through his dedication to the fields of education and optometry, much has been accomplished in support of optometric education of the highest quality.

Income provided by the Foundation shall be distributed to be used to award scholarships to optometry students who have demonstrated (1) leadership ability, (2) a high degree of academic potential, and (3) scholastic achievement and enthusiasm for learning and/or financial need. The award recipients shall be selected by the Dean of the College of Optometry in consultation with the University Committee on Student Financial Aid. Should income from this fund not be awarded in any given year, the income shall be added to the next year scholarship pool or used to increase the fund's principal.

\$66,666.00

Upon motion of Mr. Colley, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

**ELECTION OF OFFICERS
BOARD OF TRUSTEES**

Resolution No. 96-121

Judge Duncan read the Nominating Committee's report in which the following slate of officers were recommended:

WHEREAS pursuant to paragraph (B) of rule 3335-1-02 of the Administrative Code, the officers of the Board are to be elected at the May meeting to take office immediately following adjournment of the meeting (May 3, 1996) and shall hold their office through the May 1997 meeting:

NOW THEREFORE

BE IT RESOLVED, That the following slate of officers for 1996-97 be elected:

Leslie H. Wexner, Chairman

Alex Shumate, Vice Chairman

Robert M. Duncan, Secretary

James L. Nichols, Treasurer

Upon motion of Ambassador Wolf, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

--0--

Judge Duncan:

I would like to advise the Board that Mr. Wexner will be reviewing the Trustee Committee appointments recommendations for 1996-97 and they will be ratified at our next Board meeting.

--0--

PRESIDENT'S REPORT

President Gee:

Welcome all. We are pleased that so many of you would come and join us today.

First of all, let me recognize the extraordinary service of Ambassador Milton Wolf -- nine years of great effort and energy on this Board, and dedication to this University.

May 3, 1996 meeting, Board of Trustees

We had an opportunity last night to tell him what we think of him, how much we love him, and how much we appreciate him. I will not go into those again, but to just say to those of you today that he is a person of extraordinary abilities and uncommon courage, someone that we greatly appreciate, and someone that I value as my friend.

Milt, on behalf of all of us at this institution and all of those who have benefited from your leadership, again, I want to congratulate you. We have a small plaque from your colleagues on the Board to say, once again, how much we love and appreciate your service. Congratulations.

Ambassador Wolf:

Thank you very much, Mr. President. I will just have a few comments toward the end of the meeting.

President Gee:

O.K., great! I would note, Mr. Wexner, congratulations to you. This is a burden that no one should have to take on, but, nonetheless, we welcome you to that. We all look forward, and I particularly, to the opportunity to work under your chairmanship.

It does give me a great deal of pleasure on your last meeting, Mr. Chairman, to report a spade of good news. It has been a winning month on a number of fronts.

Michael Timko of Lorain, Ohio, majoring in chemical engineering and Garth Robins, a physics major from Shaker Heights, Ohio, have been named 1996 Goldwater Scholars. Ladies and gentlemen, this prestigious national competition among more than 1,200 nominees recognizes 250 students for excellence in science and mathematics. Ohio State has had a Goldwater Scholar named in 5 of the 8 years of this award. This is the first time we have had two in the same year. Our best and brightest students are competing effectively on the national stage.

Our men's gymnastics team has proven themselves the very best in the nation by winning the NCAA Championship last weekend in California. This talented group of athletes has worked very hard and was ranked Number One for most of the year. Further evidence of Coach Peter Kormann's talent is the fact that he will coach the United States Men's Gymnastics Olympic team this year -- and we hope that several of our own Buckeyes will be on that national team representing the United States. When you stop by Larkins Hall and watch the team practice, you are seeing world-class gymnastics! We are enormously proud of their achievements.

Ohio State received more recognition when Architecture Professor Mark Robbins, Curator of Architecture at the Wexner Center, received the Prix de Rome from the Art Institute of Rome. He will begin a six-month fellowship at the Institute this fall. It is a great honor for the Wexner Center and the Knowlton School of Architecture that one of our own has received this award.

History Professor Mark Grimsley received \$10,000 for second-place in the Lincoln Prize competition for a book he wrote on the civil war: *The Hard Hand of War: Union Military Policy Towards Southern Civilians*, published by Cambridge University Press. This is the first time that a Lincoln Prize has been awarded for an author's first book.

An unusual honor was garnered by The Ohio State University Marching Band when they were invited to Hollywood to appear in a Warner Brothers' film with Jack Lemmon, Dan Ackroyd, James Garner, and Lauren Bacall. It sounds like exactly the kind of movie I would like to be in -- I have actually heard of those people, unlike some that I have recently seen! Apparently they didn't, of course, have a role for me. But nonetheless, the squad leaders made the trip to Los Angeles, thanks to financial support from several people -- three or four of whom are in this room -- and we thank you dearly for that.

Kudos are due to many, many people for their outstanding work on the spring High on Pride project. Last Saturday, more than 1,600 University volunteers picked up trash and cleaned the neighborhood from Lane Avenue north to the Glen Echo Ravine, from the Olentangy River east to the railroad tracks. It was the largest clean up day yet! This program continues to grow and to build community pride and responsibility among students, faculty, staff, and our neighbors. As part of High on Pride, the University community came together with Medary Elementary School to plant a garden designed to attract butterflies.

Also this weekend, a group of students led by Ohio Staters and the Undergraduate Student Government worked with Indianola Middle School to rebuild the playground equipment that was burned by an arsonist last year. By the way, was that completed? I am not certain. Ginny, was that completed? Well, this weekend we will then all be out there again. Right?

Two weeks ago, more than 200 medical students engaged in "Reaching Out '96" -- a service initiative that extended to 17 sites around the city, including the Faith Mission, Godman Guild, and the Methodist Children's Home. Medical students pitched in on service projects. This program is intended to raise awareness of community needs and the value of volunteering. These efforts give you some idea of the growing and very positive relationship we have with our community.

Ohio State hosted the Ohio Science Olympiad, an interscholastic academic competition for 6th through 12th graders. More than a thousand students participated in individual and team events in biology, earth sciences, chemistry, physics, and technology. We are delighted to have such able students -- hopefully future Buckeyes -- on the campus.

We welcomed a number of youngsters to campus on Take a Daughter To Work Day. In addition to shadowing a parent for the day, daughters -- and, yes, there were some sons I noted in the audience -- could choose from more than 50 workshops and programs on a variety of careers. I think that my session was effective in dissuading anyone from seeking a University presidency! They all have higher aspirations!

This week, we were visited by an external team of reviewers as part of our NCAA Division I Athletic Certification process. This program is intended to ensure integrity and provide opportunity for self-study. The reports on governance and compliance, academic integrity, fiscal integrity, and equity are quite thorough and the committee should be commended for their good work in preparing for this review. And, David, please pass that to your colleagues.

With the dedication of the Geraldine Schottenstein Wing of Campbell Hall for the College of Human Ecology yesterday, we continue to celebrate enhanced opportunities thanks to our many good friends and supporters.

May 3, 1996 meeting, Board of Trustees

Mr. Chairman, that concludes my formal remarks, but I would just note that today we did discuss -- because some people have asked me this question -- the issue of our Firestone property. Some students are here and I want to make certain they know that we have a process in which we are dealing with that issue. We have received some bids and they will be under review by our committee.

I would say to all involved that this is an issue of importance to this University. We certainly intend on listening carefully to the donor's intent and we intend on living by the principles that have exhibited Ohio State through the years in terms of integrity, in terms of focus, in terms of making certain that we listen to our communities, and those who are involved with this process will clearly listen and be engaged in that activity.

At the moment we have those bids, and at the moment the committee is reviewing them, but Mr. Firestone and his family, and all involved will be carefully considered, as will be the Bath Township folks as we continue these discussions over the next several weeks.

With that, Mr. Chairman, I conclude my remarks and note to you that we appreciate, again, your good service.

I would also like to say to -- and we are going to have a chance to say this a little bit more -- that Tom Smith, Student Trustee, is completing his service on the Board. Tom is, among other things, a third-year law student in my class. Tom, I have not yet graded your papers so I am not certain whether you are graduating or not. We may keep you here because we love you so much. I just want to note Tom's service, too, and I will say something in a few minutes about that.

--0--

STUDENT RECOGNITION AWARD

Ms. Smith:

I would also like to extend my sincere appreciation to you, Ambassador Wolf, for your years of service here at Ohio State. This year you have provided the Board with exceptional leadership and enabled the University to reach new heights as both a rigorous teaching and research institution.

In addition, I would also like to give my thanks to Tom Smith who has done an excellent job this year in his role as a Student Trustee, and the Student Affairs Committee Chair. Tom has worked tirelessly to enhance the student experience here at Ohio State and through the Committee, I believe, has made significant strides this year.

It has been both a pleasure and an honor to work with both the Ambassador and Tom. Again, I would just like to extend my sincere appreciation to both.

Today, I am very honored to recognize Jody Seward as this month's recipient of the Student Recognition Award. Jody is a Veterinary Medicine student at Ohio State who is originally from Fairless, Ohio. He has exemplified outstanding service to The Ohio State University and to the Columbus community.

As the Vice President of the Interprofessional Council, Jody has coordinated a peer mentor program between professional students at Ohio State and Everett Middle School students. Currently, there are forty-two volunteers from the Interprofessional Council that participate in this peer mentor program. The

May 3, 1996 meeting, Board of Trustees

purpose of the program is to provide role models for sixth, seventh, and eighth graders. Jody believes that these young students are at an impressionable age and that the peer mentor program provides them with encouragement to stay in school and think about possible career choices.

As a peer mentor himself, Jody has given his young friend an opportunity to tour the College of Veterinary Medicine, has played basketball with him, and provided the young student with help on his homework. That is among various other activities. This program has been not only personally satisfying for Jody, but he believes that he has learned a great deal from his new young friend.

Jody has also demonstrated a strong commitment to serve the University as well. Not only is he extremely involved in the Interprofessional Council, but Jody is the president of the Veterinarian School Student Council and a member of the student chapter of the American Veterinarian Medical Association. Thus, Jody is clearly a student who exemplifies outstanding service to The Ohio State University and the community.

Jody, the Board would like to commend you for your service to the University and the Columbus community by presenting you with this month's Student Recognition Award. Congratulations!

Ambassador Wolf:

Congratulations, Jody, for earning this well-deserved recognition. Thanks, Holly, for that nice report and those nice comments.

(See Appendix XLVIII for the Student Recognition Award, page .)

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Professional Affairs/Education/Research Committee and Executive Committee of the University Hospitals Board met April 25, 1996. The Committee for Professional Affairs received reports on two new programs dedicated to reducing the length of stay and reducing the cost of care. The Patient Care Resource Management program will streamline patient care and standardize medical request procedures. A new computerized information management system, which identifies costs per department and costs per physician, will permit more unified efficiency of medical practice. The Committee also was instructed on the progress of the interdisciplinary educational program designed to assist patients dealing with nearing the end of life decisions. Two policies on "Advance Directives" and "Do-Not-Resuscitate" were approved.

The Executive Committee was informed that discussions continue on the development of an Ambulatory Surgery Center to be owned jointly by physicians and University Hospitals. Information was presented on the "continuum of care" program for long-term patients which would involve the leasing of approximately 40 beds to an outside organization. These two programs will improve service and reduce costs. In order to secure a contract with the federal government for "Medicare Choices" demonstration project, the Executive Committee reviewed a proposal for a non-profit corporation which would permit joint ownership of the Medicare product by U.S. Health and University Hospitals.

May 3, 1996 meeting, Board of Trustees

In addition I would like to recommend the following resolution for approval:

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF

Resolution No. 96-122

Synopsis: The amendments to the Bylaws of the Medical Staff are recommended for approval.

WHEREAS The Ohio State University Hospitals Board pursuant to bylaw 3335-101-04 of the Hospitals Board Bylaws is authorized to recommend to the Board of Trustees the adoption of amendments to the Bylaws of the Medical Staff; and

WHEREAS the proposed amendments to the Bylaws of the Medical Staff were previously endorsed and ratified by the University Hospitals Board on March 28, 1996, as follows:

Amended Bylaw

3335-43-04 Membership.

(A) Qualifications.

- (1) Membership on the medical staff of the Ohio state university hospitals is a privilege extended to doctors of medicine, osteopathic medicine, dental surgery, and to practitioners of psychology and podiatry who consistently meet the qualifications, standards, and requirements set forth in the bylaws, rules and regulations of the medical staff, the university hospitals board and the board of trustees of the Ohio state university. MEMBERSHIP ON THE MEDICAL STAFF IS AVAILABLE ON AN EQUAL OPPORTUNITY BASIS WITHOUT REGARD TO RACE, COLOR, CREED, RELIGION, SEXUAL ORIENTATION, NATIONAL ORIGIN, SEX, AGE, HANDICAP, OR VIETNAM-ERA VETERAN STATUS.

(2) through (4) unchanged.

(B) through (E) unchanged.

(F) Procedure for reappointment.

- (1) At least one hundred eighty days prior to the end of the fiscal year, or the end of the biennial period, the medical director shall provide each medical staff member with an application for reappointment to the medical staff. The chief of the clinical department shall review the information available on each medical staff member, and the chief of the clinical department shall make recommendations regarding reappointment to the medical staff and for granting clinical privileges for the ensuing biennial period. Those recommendations shall be transmitted in writing along with the signed and completed reappointment forms to the medical director at least ninety days prior to the end of the fiscal year or biennial period. The terms of paragraphs (A), (B), (D), and (E) of this rule apply to all applicants for reappointment. An application for reappointment must be submitted following a leave of absence from the medical staff and/or from the faculty.

Only completed applications for reappointment will be considered by the credentials committee. An application for reappointment is complete when all the information requested on the reappointment application form is provided, and the reappointment form is signed by the applicant. A completed reappointment application form must contain:

May 3, 1996 meeting, Board of Trustees

(a) through (d) unchanged.

(e) Verification of primary source documentation of:

(i) State licensure.

(ii) Faculty appointment.

(iii) DEA registration.

(iv) Successful completion or record of additional post M.D. graduate medical education AND AT LEAST PART OF WHICH EDUCATION RELATES TO THE INDIVIDUAL MEDICAL STAFF MEMBER'S SPECIALTY OR SUB-SPECIALTY AREA.

(v) Board certification, re-certification, or continued active candidacy for certification.

(2) Unchanged.

(3) The medical director shall forward the reappointment forms and the recommendations of the chief of the clinical department to the credentials committee. The credentials committee shall review the request for reappointment in the same manner, and with the same authority as an original application for medical staff membership. The credentials committee shall review all aspects of the reapplication including source verification of the applicant's quality assurance record for continuing membership qualifications and for clinical privileges. THE CREDENTIALS COMMITTEE SHALL REVIEW EACH APPLICANT'S QUALITY ASSURANCE RECORD TO SEE THAT THE SAME LEVEL OF QUALITY OF CARE IS DELIVERED BY ALL MEDICAL STAFF MEMBERS WITH SIMILAR DELINEATED CLINICAL PRIVILEGES ACROSS ALL CLINICAL DEPARTMENTS AND ACROSS ALL CATEGORIES OF MEDICAL STAFF MEMBERSHIP.

Balance unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to the Bylaws of the Medical Staff be adopted as recommended by the University Hospitals Board.

Upon motion of Mr. Skestos, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

CANCER HOSPITAL REPORT

Mr. Shumate:

The James Cancer Hospital Board is recommending amendments to their Bylaws and one of the changes increases the number of community members on the Board from two to four and, in addition, establishes staggered four-year terms to allow for greater continuity on this Board. The amendments are noted in our books along with an impact statement.

**AMENDMENTS TO THE ARTHUR G. JAMES CANCER HOSPITAL
AND RESEARCH INSTITUTE BOARD BYLAWS**

Resolution No. 96-123

Synopsis: The amendments to The Arthur G. James Cancer Hospital and Research Institute Board Bylaws are recommended for approval.

WHEREAS pursuant to bylaw 3335-109-20 of The Arthur G. James Cancer Hospital and Research Institute Board Bylaws, the bylaws may be amended by The Ohio State University Board of Trustees; and

WHEREAS these amendments to The Arthur G. James Cancer Hospital and Research Institute Board Bylaws have been endorsed and ratified by The Arthur G. James Cancer Hospital and Research Institute Board, as follows:

Amended Cancer Hospital Board Bylaw

3335-109-01 General.

(A) The body with ultimate responsibility to the Ohio state university board of trustees (hereinafter referred to as "university board") for establishing policy, maintaining quality patient care and providing for organization management and planning within the Arthur G. James cancer hospital and research institute (hereinafter referred to as "CHRI") shall be the Arthur G. James cancer hospital and research institute board (hereinafter referred to as "board").

(1) The board shall be composed of:

(a) Two members of the university board, each to be appointed by the university board for a one-year term (commencing May 4 FOURTEENTH and ending ~~April 30~~ MAY THIRTEENTH), one of whom shall serve as chair of the board;

(b) The director of the Arthur G. James cancer hospital and research institute;

(c) The executive director of university hospitals;

~~(d) A senior physician and faculty member appointed by the university board of trustees in consultation with the university president for a one-year term (commencing May 1 and ending April 30); and THE DIRECTOR OF MEDICAL AFFAIRS OF THE JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE;~~

~~(e) THE CHIEF OF STAFF OF THE JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE;~~

~~(e)(f) Two senior university administrators appointed by the university board of trustees in consultation with the university president for a one-year term (commencing May 4 FOURTEENTH and ending April 30 MAY THIRTEENTH;~~

~~(f) (g) Two FOUR citizens from the general public appointed by the university board of trustees in consultation with the university president for a one-year term (commencing May 1 and ending April 30). THE INITIAL TERM OF OFFICE OF ALL FOUR OF THE COMMUNITY MEMBERS SHALL COMMENCE MAY 14, 1996. SAID INITIAL TERMS OF THE FOUR COMMUNITY MEMBERS SHALL EXPIRE AS FOLLOWS: ONE ON MAY 13, 1997; ONE ON MAY 13, 1998; ONE ON MAY 13, 1999; AND ONE ON MAY 13, 2000. THEREAFTER,~~

May 3, 1996 meeting, Board of Trustees

TERMS OF OFFICE OF COMMUNITY MEMBERS SHALL BE FOR FOUR YEARS, COMMENCING ON MAY FOURTEENTH AND ENDING ON MAY THIRTEENTH. EACH COMMUNITY MEMBER SHALL HOLD OFFICE FROM THE DATE OF APPOINTMENT UNTIL THE END OF THE TERM FOR WHICH APPOINTED. ANY COMMUNITY MEMBER APPOINTED TO FILL A VACANCY OCCURRING PRIOR TO THE EXPIRATION OF THE TERM FOR WHICH HIS OR HER PREDECESSOR WAS APPOINTED SHALL HOLD OFFICE FOR THE REMAINDER OF SUCH TERM. NO PERSON WHO HAS SERVED TWO FULL FOUR-YEAR TERMS SHALL BE ELIGIBLE FOR REAPPOINTMENT; and

~~(g)(h)~~ The university vice president for health services SCIENCES AND THE DEAN OF THE COLLEGE OF MEDICINE shall be an ex-officio member MEMBERS of the board WITHOUT VOTE.

(2) and (3) Unchanged.

(4) In addition to the board members, the following may participate in deliberations at the board's request, will receive agenda and minutes, and from time to time will be invited to submit agenda items:

Deans of health sciences colleges
CHRI director of administration
~~CHRI chief of staff~~
~~CHRI director of medical affairs~~
CHRI senior administrative staff

Balance unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to The Arthur G. James Cancer Hospital and Research Institute Board Bylaws be adopted as recommended by The Arthur G. James Cancer Hospital Board.

Upon motion of Mr. Shumate, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Celeste:

Mr. Chairman, before I begin my report I would like to add my congratulations to what has been a stellar service of yours over these past nine years. I have very much appreciated your advice, guidance, council, and leadership in this process and have valued that role that you have played for all of us. I appreciate it very much.

Ambassador Wolf:

Thank you.

May 3, 1996 meeting, Board of Trustees

Mr. Celeste:

The Committee met this morning and heard several reports on academic computing and tuition. We had several drafts of policies presented by Nancy Rudd, which will be presented more formally to the Committee and to the Board later this year; and had an exciting policy presentation on new faculty reward structure, which has had a great deal of deliberation in the system and I believe has some outstanding results. As a result of that, we will be voting on that in addition to some other resolutions presented by Dr. Sisson. Provost Sisson --

Provost Sisson:

I would like to present the following resolutions for approval:

AMENDMENTS TO BYLAWS AND RULES

Resolution No. 96-124

Synopsis: Amendments are being proposed to the Bylaws of the Board of Trustees, Rules of the University Faculty, and University Senate Bylaws.

WHEREAS a periodic faculty and administrative review of the University's promotion and tenure policies is essential to assuring that policies and procedures are those that best serve the University as an institution that strives for excellence and the faculty both as individuals subject to performance review and as peers who pass judgment on the qualifications and performance of colleagues; and

WHEREAS the proposed revisions have undergone a two year process of development including broad consultation and considerable revision as a result of the consultative process; and

WHEREAS it has been determined in this review process that the current content of Chapter 47 of the Rules of the University Faculty contains little guidance with respect to University-wide qualitative criteria for appointments, reappointments, promotion and tenure, and nonrenewals and such guidance is needed to provide a context for the articulation of criteria by the University's individual academic units; and

WHEREAS it has been determined in this review process that the current content of Chapter 47 contains no material specific to how promotion and tenure reviews should be conducted and such content is needed to assure that such reviews are conducted fairly and in a meaningful way; and

WHEREAS it has been determined in this review process that a number of policies articulated in or implicit in Chapter 47 are not consistent with the current standards and aspirations for excellence of The Ohio State University; and

WHEREAS it has been determined in this review process that content regarding administrator appointments and reappointments presently in rule 3335-47-01 (A) belongs in rules pertinent to the appointment of such persons rather than in a rule dealing with nonadministrator faculty appointments, reappointments, promotion and tenure, and nonrenewals and so should be moved to a more appropriate section of the Rules; and

WHEREAS the proposed changes were approved by the University Senate at its April 6, 1996 meeting; and

WHEREAS additional amendments are also being recommended to include gender neutral language and technical and grammatical corrections:

May 3, 1996 meeting, Board of Trustees

NOW THEREFORE

BE IT RESOLVED, That the following amendments to the Bylaws of the Board of Trustees, the Rules of the University Faculty, and the University Senate Bylaws be adopted as recommended by the University Senate.

**ESTABLISHING THE TECHNOLOGY TRANSFER OVERSIGHT COMMITTEE,
AND AUTHORIZATION TO APPROVE LICENSE AGREEMENTS WHERE THE LICENSEE
CONVEYS STOCK TO THE OHIO STATE UNIVERSITY FOUNDATION**

Resolution No. 96-125

WHEREAS the University wishes to make the benefits of its technology available to the public; and

WHEREAS the Office of Technology Transfer was established to achieve this purpose by transferring University technology through commercial channels for the benefit of the University, its faculty and the citizens of the State of Ohio; and

WHEREAS the Office of Technology Transfer has seen increasing opportunities to license early-stage University technologies to companies that may be unable to pay the initial licensing fee usually charged by the University, but are willing to convey to The Ohio State University Foundation stock in return for the opportunity to license the technology; and

WHEREAS the Board finds that licensing University technology to such companies is, under certain circumstances, an effective means to transfer the technology and will best serve the interests of the University, its faculty and the citizens of the State of Ohio; and

WHEREAS the Board wishes to establish a model for the University to enter into such agreements:

NOW THEREFORE

BE IT RESOLVED, That a Technology Transfer Oversight Committee is created to review and approve any such agreements negotiated by the Office of Technology Transfer that the Committee believes are in the University's best interests, that all University direct and indirect costs are recovered and advise the Treasurer's Office concerning any decisions needed to be made by that office in its role as manager of the Foundation's endowment portfolio; and

BE IT FURTHER RESOLVED, That the Technology Transfer Oversight Committee be made up of the following persons or their designees: the Vice President for Academic Affairs and Provost, the Vice President for Finance, the Vice President for Legal Affairs and General Counsel, and the Vice President for Research as Chairperson.

BE IT FURTHER RESOLVED, That the Vice President for Research and the Vice President for Business and Administration be authorized to enter into licensing agreements on behalf of the University in which the licensee conveys shares of its stock to The Ohio State University Foundation, and with such other terms as are acceptable to the Vice President for Research, subject to the approval of the Technology Transfer Oversight Committee.

**AUTHORIZATION FOR THE TECHNOLOGY TRANSFER OVERSIGHT
COMMITTEE TO APPROVE RESEARCH INCENTIVES FOR FACULTY**

Resolution No. 96-126

WHEREAS the University often licenses its technology to private companies that further develop the technology, increasing the commercial value of the technology and benefiting the University, its faculty and the public; and

WHEREAS the continued participation of faculty inventors is often crucial to the successful development of such University technology; and

WHEREAS the University, through its Office of Technology Transfer has been approached by faculty inventors seeking opportunities to become involved with private companies that license the University technology created by such faculty inventors; and

WHEREAS the Board wishes to encourage faculty members to engage in research with commercial applications, thus benefiting both the University and the public; and

WHEREAS the Board wishes to position University technology for transfer to the public in a manner that will obtain the greatest benefit for the University, its faculty, and the public; and

WHEREAS the Board finds that a cooperative effort involving the University, its faculty researchers, and outside entities is sometimes the most effective way to develop University technology and will best serve the interests of the University, its faculty, and the public: and

WHEREAS the Board wishes to establish a model for the University to engage in such cooperative efforts:

NOW THEREFORE

BE IT RESOLVED, That the Technology Transfer Oversight Committee is authorized to review and approve proposals in which faculty inventors wish to be involved in private business ventures to commercialize University technologies such inventors have created; and

BE IT FURTHER RESOLVED, That the Technology Transfer Oversight Committee shall ensure that the following guidelines have been followed before approving any such proposals:

- (1) any proposed agreement involving faculty has been negotiated at arms length by the Office of Technology Transfer and contains terms comparable to those granted University outsiders;
- (2) the faculty inventor has complied with University policies on Conflicts of Commitment, Consulting and/or Conflicts of Interest;
- (3) any royalties to which the faculty inventor would be entitled under the University's Policy on Patents and Copyrights have been assigned back to the University;
- (4) the faculty inventor's Dean and Department Chair have approved the arrangement;
- (5) the faculty member or outside company has agreed to reimburse the University for the use of any University facilities, or equipment, and all other costs to the extent such use was not intended to be compensation in kind for services rendered;
- (6) the provisions of Section IV and VI of the University Policy on Patent and Copyrights and Ohio Revised Code Section 3345.14 have been followed if the proposed transaction includes the

May 3, 1996 meeting, Board of Trustees

licensing of University technology to a faculty inventor or a company in which the faculty inventor has an equity interest; and

- (7) the Technology Transfer Oversight Committee has determined that the proposed arrangements serve the best interests of the University; and

BE IT FURTHER RESOLVED, That the Vice President for Research be authorized, on behalf of the University, to enter into such agreements to provide research incentives for University faculty on terms that are consistent with the guidelines stated above, subject to the approval of the Technology Transfer Oversight Committee and subject to the Board of Trustees' approval of the faculty inventors' compensation.

HONORARY DEGREES

Resolution No. 96-127

Synopsis: The awarding of honorary degrees to the following individuals are recommended for approval.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of honorary degrees as listed below:

Marie M. Clay	Doctor of Humane Letters
Ada E. Deer	Doctor of Humanities
Stanley N. Katz	Doctor of Laws
Gerhard Levy	Doctor of Science
Eugene P. Odum	Doctor of Science
Clifton Wharton, Jr.	Doctor of Humane Letters
E. T. York	Doctor of Science

and

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of an honorary degree as listed below:

John Jakes	Doctor of Humanities
------------	----------------------

NOW THEREFORE

BE IT RESOLVED, That the above degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

DEGREES AND CERTIFICATES - SPRING QUARTER COMMENCEMENT

Resolution No. 96-128

Synopsis: Approval of Degrees and Certificates for Spring Quarter is proposed.

May 3, 1996 meeting, Board of Trustees

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on June 7, 1996, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

PERSONNEL ACTIONS

Resolution No. 96-129

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the April 3, 1996 meeting of the Board, including the following Appointment of Chairperson, Professional Improvement Leaves, and Promotions/ Tenure/Reappointments, as detailed in the University Budget be approved and Medical Staff Appointments (The Arthur G. James Cancer Hospital and Research Institute) approved March 27, 1996, by The Arthur G. James Cancer Hospital and Research Institute Board and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved March 28, 1996, by the Hospitals Board be ratified.

Appointment of Chairperson

April 1, 1996 through September 30, 2000

Management and Human Resources

David B. Greenberger

Professional Improvement Leaves

DON W. MILLER, Chair and Professor, Department of Mechanical Engineering, effective September 25, 1996, through June 22, 1997.

THOMAS J. SANTNER, Chair and Professor, Department of Statistics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

ELIZABETH G. MENAGHAN, Acting Chair and Professor, Department of Sociology, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

STEPHEN F. DALE, Professor, Department of History, effective Autumn Quarter 1996.

ANGELA M. DEAN, Professor, Department of Statistics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

KOICHIRO HARADA, Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

JASON C. HSU, Professor, Department of Statistics, effective Winter Quarter and Spring Quarter 1997.

May 3, 1996 meeting, Board of Trustees

PATRICK B. MULLEN, Professor, Department of English, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

KAZIMIERZ M. SLOMCZYNSKI, Professor, Department of Sociology, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

SALEH A. TANVEER, Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

JUNE W. ALLISON, Associate Professor, Department of Classics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

MARILYN J. BLACKWELL, Associate Professor, Department of Germanic Languages and Literatures, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

FRANCIS J. DONOGHUE, Associate Professor, Department of English, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

LINDSAY R. JONES, Associate Professor, Division of Comparative Studies in the Humanities, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

SAM A. MEIER, Associate Professor, Department of Near Eastern Judaic and Hellenic Languages and Literatures, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

TERRELL A. MORGAN, Associate Professor, Department of Spanish and Portuguese, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

SUSAN V. OLESIK, Associate Professor, Department of Chemistry, effective Winter Quarter and Spring Quarter 1997.

AKOS SERESS, Associate Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

MO-HOW HERMAN SHEN, Associate Professor, Department of Aerospace Engineering, Applied Mechanics and Aviation, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

Professional Improvement Leave--Cancellation

CHARLES G. BROWN, Associate Professor, Department of Emergency Medicine, effective January 1, 1996, through June 30, 1996.

Professional Improvement Leave--Change in Dates

STANLEY K. LAUGHLIN, JR., Professor, College of Law, change leave from Spring Semester 1997, to Autumn Semester 1996.

May 3, 1996 meeting, Board of Trustees

Promotions, Tenure, and Reappointments

CRAIG HOLMAN, Limited Staff, College of Dentistry (General)
KRISTINA REBER, Limited Staff, Department of Pediatrics

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

Mr. Celeste:

Mr. Chairman, I would like to mention that you will find at your places a schedule of opportunities for Board members to participate in classes that are taking advantage of the technology enhanced learning. Several folks have asked about opportunities to get into the classroom and to see what the University is doing. So opportunities have been presented for us to visit those classrooms. There is a number of them that are available and I would encourage all of you to take advantage of that opportunity. That concludes my report, Mr. Chairman.

--0--

May 3, 1996 meeting, Board of Trustees

RESEARCH FOUNDATION REPORT

Mr. Celeste:

In regards to the Research Foundation, I would like to mention that the Research Park Corporation has had its second meeting since our participation in that process began in December. We will be bringing information back to the Board next month as a recommendation from the Research Park Corporation and there will be an opportunity for Board members to participate in a review of that process. Additionally, I'd like to call on Dr. John Hall for a review of the Research Foundation Report.

Dr. John Hall:

Thank you, Mr. Celeste. A copy of the report of the March 1996 Grants and Contracts of The Ohio State University Research Foundation was previously distributed to each of the members of the Board. Expenditures from external sources, Tab 1, are below last year by 6.9 percent for a total of \$121.1 million through March 31, 1996. As we indicated last month, we are not expecting expenditure rates to recover until the federal award rates recover.

Awards for the year are in excess of \$123.8 million, 6.6 percent below the July to March time period last year. Note that our awards from industrial sponsors have increased by approximately 50 percent. We have received over five hundred awards from industrial sponsors to date this year, totaling more than \$17.8 million. A summary of the award totals is given in the second section of this report.

At Tab 3, five projects are highlighted that cover a broad range of scholarly research. In particular, Professor Sheikh Akbar has received the first of four years of funding for the Center of Industrial Sensors and Measurements. The total NSF Commitment over four years is \$1.2 million. This multidisciplinary project fosters collaboration among government, industry, and higher education to conduct research on sensors for use in hostile environments. The Center will link development and application of new sensor of technology with the availability of lower cost electronics and software, and will apply these to improve industrial process measurements and control. This is an example of the kind of center that enhances our relationship with industry.

In addition: Professor Warren Dick received an award of \$377,845 from the Ohio Coal Development Office; Professor Ming-Daw Tsai received an award of \$1 million from the National Cancer Institute; the Department of Physics will receive \$391,500 over three years from the National Science Foundation; and several faculty under the Department of Statistics have received \$103,701 from the National Science Foundation. Under Tab 4 is a complete list of new awards received in March.

This concludes my report.

Mr. Celeste:

Thank you very much, Dr. Hall.

REPORT ON RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-

130

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for March 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of March 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Mr. Smith:

With your permission, Ambassador Wolf, I would like to present the one item of business for the Board before I deliver my report.

Today, I would like to ask for the Board to approve an expression of appreciation to Sean Ruffin for his work as President of the Interprofessional Council. Sean is a law student and graduate of Miami University, but his exemplary service as IPC President -- and he also worked last summer in the Office of Legal Affairs -- represents that he is a true Buckeye!

Sean has done an outstanding job this year particularly in terms of chairing our Student Trustee Selection Process. I would ask that the Board approve the Expression of Appreciation and for Sean to come forward and receive it.

EXPRESSION OF APPRECIATION

Resolution No. 96-131

Synopsis: The Student Affairs Committee recommends an Expression of Appreciation to Sean Ruffin.

WHEREAS Sean Ruffin, a third-year law student, has served this past year as President of the Interprofessional Council, representing the students of all of the professional schools; and

WHEREAS he has given generously of his time to represent the diverse interests of the professional students in an exemplary manner; and

May 3, 1996 meeting, Board of Trustees

WHEREAS Sean has worked diligently in order to bring matters and concerns of special interest to professional students to the attention of this Board; and

WHEREAS his leadership in Student Trustee Selction Process was

WHEREAS he in his capacity as President of the IPC he has carried out his duties with a high degree of integrity and professionalism and earned the respect and regard of the faculty, staff and students with whom he has interacted; and

NOW THERFORE

BE IT RESOLVED, That this Board expresses appreciation to Sean Ruffin for his outstanding contributions of leadership and service to The Ohio State University and wishes to convey to him its best wishes for success in the future.

Upon motion of Mr. Patterson, seconded by Mr. Sofia, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

President Gee:

Sean, let me just say on behalf of all of us today that we are awfully proud of what you have done and appreciate your good services. It has been a pleasure to work with you. I know that several of your colleagues are going to be changing -- we have the new and the old here today -- and at the same time -- as this is a time of transition on this Board, it is a time of transition of leadership among our students. I say to you and all who are doing that, that you have done a remarkably fine job in what has been a challenging year, and we do appreciate it.

By the way, Sean, what are you going to do with your life?

Mr. Sean Ruffin:

I want to become a university president.

President Gee:

Raise your aspirations, Sean, please!

Mr. Smith:

As you know, one of the roles that Holly and I have as student trustees is to, on occasion, represent the voice of the students and I want to act in that capacity for a few minutes. We were approached by several students regarding the Firestone Estate and I have some student petitions that they would like me to submit to the Secretary of the Board for the Board's consideration. I will read to you the substance of the petition and then present them to the Secretary of the Board:

"The Firestone Estate in Bathe Township in northern Ohio consists of 1500 acres of wilderness including at least 400 acres of wetlands. It is home to endangered tamarack trees and it has five of the last bogs in the entire state. This land is the aquifer for 50% of the water that goes to the residents of Bath Township.

We demand that Ohio State ensure, either by stipulations in the sale or by actions taken directly by the University, that at least 700 acres of the Firestone Estate is preserved."

May 3, 1996 meeting, Board of Trustees

I will now present this to Secretary Duncan at this time.

May 3, 1996 meeting, Board of Trustees

President Gee:

Thank you, Tom. Again, as I reported in my report to the Board, we appreciate the students for providing us with that information and with those petitions. We are in the process, which I think is a healthy one, of looking at the issues of the University, the issues of the donor, and the intent of all of us to try to reach an appropriate resolution on this matter, and we will continue to follow that path.

Mr. Smith:

Ambassador Wolf, let me start by adding to your salute today by saying, once again, how much you have meant to Ohio State and its people. Your graceful leadership has been nothing short of remarkable, but it is, of course, what we have come to expect from you. None of us will ever know or work with someone who cares in his heart more deeply for the students of Ohio State than the Ambassador. So today, Ambassador, I bid you farewell by publicly stating that it has been truly an honor and a privilege to have worked with you. You are an unbelievably caring and thoughtful human being.

I also want to extend my best wishes to our new chair, Mr. Wexner, and to vice chair, Alex Shumate. The Board is unquestionably in good hands for many years to come.

I would also like to recognize our new president of the Undergraduate Student Government, John Carney. John, would you stand and be recognized? Congratulations.

Since this marks my last opportunity to report to the Board, there are a few people that I want to thank publicly for their hard work and for the help over the course of the past year. I want to first recognize Eric Busch, from the Office of Student Affairs. You will not find anyone who works harder for this University or believes in it more than Eric.

Over the past year, Eric has worked tirelessly co-chairing the CUE Committee, serving on the NCAA Athletic Certification Committee, and working with me on the Student Activity Fee Review Committee. Always striving to improve the quality of life for students at Ohio State. There are those who talk a lot about treating the student as their principal customer, but Eric believes in it and practices it everyday. Eric, would you stand and be recognized?

Second, I want to thank Holly for all of her hard work and dedication over the past year. All year long Holly demonstrated exceptional leadership in representing the students, great responsibility, and implementing many of our initiatives, particularly the Student Recognition Award, and a little courage in telling me whenever I was wrong, which was often, I might add. We made a great team over the past year and our partnership, I think, made a difference for the students and the Board.

Our goal when we began last year was to strengthen the Students Affairs Committee both structurally and substantially, and although we didn't accomplish everything that we wanted we made at least a little progress. I am proud that together we were able to begin to address such issues as retention, recruitment, career services, student fees, and the student service tuition set-aside, as well as improving the relationship between the Committee and the Office of Student Affairs.

There is no one that I would rather work with on these issues than Holly, and to the extent that we achieved anything she deserves much of the credit. Holly, I

May 3, 1996 meeting, Board of Trustees

will miss working with you, but I know that you will be a great leader for the students and for the Board next year.

I would also be remiss if I did not mention how much I have appreciated our Board staff -- Maureen, Lucy, Barbara, and Bob. They don't always get recognized, but I have seen -- perhaps more than most Trustees -- how hard they work day in and day out. During my two years here I have been overwhelmed by their kindness, their unmatched willingness to help, and their readiness to point me in the right direction. It has been said that we have a great Board, and we do, but we also have terrific staff who make our Board great and their dedication to the University should not go unnoticed.

Today, Ambassador, our Committee met and discussed the preliminary recommendations related to the one percent student service set-aside. Vice President Shkurti presented preliminary recommendations for allocation of the set-aside and under these recommendations, 50 to 60 percent will go toward academic computing with the rest going towards implementation of some CUE proposals, including careers services and academic advising, funding credit hour reduction, and adding recreational equipment.

You may remember that at last month's Board meeting, I urged the University not only to invest the set-aside in CUE and technology, but also to engage the students in a consultation process that was informative and productive. This generated a result that was at least somewhat reflective of that student input.

The preliminary recommendations presented today represent a beginning -- and I emphasize beginning -- towards achieving those goals. Vice President Shkurti, the Provost, and others have stated recently that students are telling us that we must invest more in services outside of the classroom, and indeed they are.

The Student Activity Fee Review Committee recently conducted focus groups composed of randomly selected undergraduate and graduate students. At these focus groups, students were asked what out of the classroom services were either inadequate or needed improving. Students cited uniformly: transportation, particularly parking and reliability of the bus service; recreation; and student programming and events at Ohio State. Less uniformly, but still consistently important, students expressed the need for improved career services; academic advising; and computing services. Finally, and most importantly, students told us that they want greater accountability for where their dollars go at Ohio State. That is students are willing to accept higher tuition and fees so long as they know where those higher fees are going.

On the basis of that information and further discussion, the Council on Student Affairs and our student leadership roundtable formulated additional recommendations on the one percent student service set-aside. Without going into a lot of detail, I want to highlight three key aspects of those recommendations. First, CSA and the roundtable feels that prioritizing the implementation of the CUE proposal is critical. In particular, we feel that it is absolutely essential that the University make every effort to fully fund both the academic advising and career services proposals.

Second, we believe the University can make great strides in building accountability by making a commitment to improving transportation service, particularly parking and the bus service. In light of the recent parking lot closings adding shuttles to the bus service not only would encourage less traffic congestion around the campus, but also would respond quickly to a primary of student dissatisfaction.

In our focus groups, students were concerned that we say that they are the prime customers, but we don't always act in ways that match our talk. This issue represents a wonderful opportunity to build accountability and trust.

Finally, we continue to support improving the computing infrastructure at Ohio State and are eager to learn more about exactly what services students would gain for more funding. The guiding principle of the set-aside is to allocate one percent to improve services that would directly benefit students. Improving computing services -- for example, HomeNet access -- by additional funding via the one percent set-aside, may however also benefit faculty, staff, and others who use the services.

It is important therefore that many computing services funded from the set-aside clearly demonstrate a prime benefit to students and it also tends to encourage a balanced approach towards the overall allocation of the entire set-aside. To that end, we were happy to receive a letter from Jim Davis, of University Technology Service, to Vice President Shkurti that begins to initially address many of these issues.

Much of this information was gathered and presented to Vice President Shkurti in the past few days and we are eager to work with him in the coming months to complete the consultation process. I applaud him for his efforts so far.

Without question this represents more student input than we have had on most issues here at Ohio State. However, it is important that the new information that we have lead to a balanced approach that is satisfactory to all and is somewhat reflective of student input because it represents student leader opinion and input from randomly selected students, a critical component which was missing from earlier consultations. We are very happy with our ability to provide input so far and we are confident that working together we will achieve a result consistent with the University's priorities and mission.

So I complete my final report today. I have had the good fortune to serve on two different university boards as a student trustee. While I am very grateful to Governor Voinovich for both opportunities -- and both experiences have been great learning ones -- I will leave with the regret of never having had the chance to cast a vote, as student trustees or regents currently do in twenty-six states across the nation.

I must point out that again a bill sits in the Legislature that would grant this privilege to Ohio student trustees and, again, the Legislature has not yet acted. As has been the case in the past, you need not look far to find those who publicly support the bill: Governor Voinovich, Speaker Joanne Davidson, our own President, and many members of this Board, just to name a few.

Every year though you have to look a little bit harder to find those who oppose it because as the years go by the facts are increasingly clear: student trustees are responsible; student trustees are mature; student trustees can handle conflicts of interest, just as well as other board members; and student trustees really represent a positive opportunity to add a new and productive dimension to university policy making, both on the board and within the administration. If anything, most universities can look at the model that we have at Ohio State to understand that last point. The bottom line is this, student trustees are capable of responsibly exercising voting privileges and they should vote.

May 3, 1996 meeting, Board of Trustees

In our political system though the better idea ultimately prevails and I am therefore confident that one day someone will sit in my seat or Holly's and cast a vote as a student trustee. When that day comes, many of you will still be here and wonder why it did not happen sooner. Holly and I are so very appreciative of the Trustees, the President, and the members of the administration and we urge the students not to quit and not to give up, because one day it will happen.

Now that my sermon is over and I have run out of jokes, I want to add a personal note as I conclude what is a lengthy report. So often today our society cries out for leadership without looking at the person behind the leader. We then accept-- and somewhat deserve -- what we get, because we almost intuitively believe that in today's world we are lucky if we get a good leader who also happens to be a good person of strong character, personal integrity, and independent will.

Things though are not always as they seem, for God has blessed Ohio State with great people who also happen to be terrific leaders. That is what has made this such a wonderful experience for me that is also the tradition of Ohio State. From serving as a student member of a board that has in the past included a United States President, and today includes a United States Ambassador, and many other fine members, to working with a nationally known President, who seems destined to achieve everything except going to the Rose Bowl --

President Gee:

That will happen too, Tom, I can assure you.

Mr. Smith:

to observing some immensely talented, caring, and dedicated administrative members all symbolizing the excellence of Ohio State. What a wonderful institution, amazing and marvelous over 125 years, and forever young. I hope that in some small way that I have made a contribution to that excellence. Thank you for allowing me to be a part of it.

Ambassador Wolf:

Tom, President Gee and I are overjoyed to present you with this plaque commemorating your dedication and your great service to this Board. I will say to you that in describing the qualities of a Trustee, you have described yourself, because you are one of the finest young men I have ever met in my life. I would say that I would be proud to have you as my son and as a role model for any young student because you set an example of the intelligence, maturity, and wisdom that our role models that are to be really emulated. I think that the Board is fortunate in having you as a Student Trustee.

I think you are 100 percent correct in that we would have been enriched in our decision making if you had had the privilege of a vote. Although, I think that even without a vote you influenced all of us and had your way most of the time. I won't say good-bye to you now, because I hope that our lives will cross frequently in the future and I look forward to seeing you whenever you have the opportunity or the time. Please call me. Thank you very much, Tom.

President Gee:

Tom, let me just add that this University is blessed with great Trustees and this University is also blessed with great Student Trustees. It has been a remarkable opportunity for me to work with young people who care so deeply about the

May 3, 1996 meeting, Board of Trustees

institution and you certainly have exhibited that. I can say many things about Tom, but the Ambassador has really said what I would reflect. I just might say one other thing, Tom, we all look forward to the day when we will be working for you!

Ambassador Wolf:

What do you think we have been doing the last two years!

President Gee:

You would think that I would have figured that out! Thanks, again, Tom.

Mr. Smith:

Thank you.

Ambassador Wolf:

Believe me folks, this young man is world-class. We will really miss him.

--0--

INVESTMENTS COMMITTEE REPORT

Mr. Colley:

Mr. Chairman, at the Investments Committee meeting this morning the Treasurer of the University, Mr. Nichols, presented the monthly and quarterly Endowment Portfolio reports. With your permission, I will ask Mr. Nichols to present the Treasurer's report and a resolution regarding the Refinancing of the Debt of the River Road Hotel Corporation. Mr. Nichols --

Mr. James Nichols:

Thank you, Mr. Chairman. Before I start my report, everyone is familiar that nine years ago, next month, Ambassador Wolf arrived on the Board. The Board members know -- but some of the audience members do not -- that for those nine years Ambassador Wolf served on the Investments Committee the entire time and I had the honor to work with him during that time. I can tell you that he had a profound impact on the way the portfolios are structured and the improvements, not only in the investment techniques of the University, but in investment returns.

I would also tell you that he always made himself available to discuss the investments, at any time. We have discussed investments not only in meetings, but also in automobiles driving from airports, in his airplane, and in his hotel room. I have visited more places around the world -- by telephone speaking with Ambassador Wolf -- than I can imagine. I have spoken with him from the Concord and from his own plane. I want to say, Ambassador, that we deeply appreciate everything that you have done in terms of the investments and it has made a difference.

I want to report to the Board that I have already spoken with Ambassador Wolf and he has agreed to continue to assist with some consulting and advising from time to time when I call him. Thank you.

May 3, 1996 meeting, Board of Trustees

This Endowment Report is for the period March 15 through April 19. The market value as of April 19 was \$630.1 million, again, an all-time high for the University. This is \$7 million above the number I reported to you last month. The equity portion increased \$7.6 million, while the fixed income portion decreased \$700,000. Net new additions for the month total \$2.1 million.

Since July 1, the Endowment has increased nearly \$75 million in market value including net new additions of \$23.9 million. Current asset allocation is 67 percent in equities, 22 percent in fixed income, 7 percent in real estate, and 4 percent in cash.

The Investments Committee also heard the Quarterly Endowment Report. The Endowment had a total rate of return of 12.5 percent for the first nine months, out performing the Lehman Bond Index but trailing the S&P 500. This month the Endowment will distribute more than \$26.4 million to the exactly 2,300 funds that make up the endowment fund.

The Investments Committee also reviewed the refinancing plan for the debt of the River Road Hotel Corporation and the Committee voted to proceed with the refinancing.

That would be the completion of my report, Mr. Chairman.

Judge Robert Duncan:

I have been previously advised that a number of members of the Board will abstain on this matter, however I will proceed to call the roll.

**REFINANCING OF DEBT OF RIVER ROAD HOTEL CORPORATION
BY THE OHIO STATE UNIVERSITY ENDOWMENT FUND**

Resolution No. 96-132

Synopsis: Authorization is requested to refinance the debt of River Road Hotel Corporation.

WHEREAS The Ohio State University Endowment Fund is the sole shareholder of River Road Hotel Corporation, which owns and operates the Ramada University Hotel and Conference Center at 3110 Olentangy River Road, Columbus, Ohio; and

WHEREAS River Road Hotel Corporation has an outstanding mortgage with John Hancock Life Insurance Company at an interest rate of 10 percent per annum; and an outstanding Line of Credit with Huntington National Bank at the prime interest rate; and

WHEREAS it is in the interest of the University Endowment Fund to refinance the debt to incur a lower interest charge, and be the ultimate beneficiary of increased cash flow; and

WHEREAS Arthur Andersen, the University's tax consultant, has reviewed the proposed transaction and has advised the University as to the proper structuring of the transaction:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer is authorized to transfer \$9.5 million from The Ohio State University Endowment Fund to River Road Hotel Corporation in the form of a capital contribution; and

BE IT FURTHER RESOLVED, That the Treasurer is authorized to execute all appropriate documents to complete this transaction.

May 3, 1996 meeting, Board of Trustees

Upon motion of Mr. Colley, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by five affirmative votes cast by Messrs. Wexner, Shumate, Celeste, Colley, and Brennan, and four abstentions cast by Messrs. Skestos, Patterson, Sofia, and Ambassador Wolf.

(See Appendix XLIX for background information, page 979.)

Mr. Colley:

Mr. Chairman, Mr. May will present the monthly report on the University Development and present a resolution for approval.

Mr. Jerry May:

Thank you very much, Mr. Colley. What I am about to report on with regards to the progress on the University's Campaign and our private support to the University is due in no small measure to the personal and financial leadership of lots of people, including Ambassador Wolf, who is serving, as you all know, as a co-chair of this Campaign. The good news is, while he is leaving today, he still has a 4 1/2 year commitment to this Campaign. We are delighted about that, Mr. Ambassador.

I reported to the Investments Committee this morning that since the Campaign kick-off last September 28, we have received nearly \$94 million in new gifts, pledges, and bequest intentions, bringing the Campaign total to \$374 million. This includes: nearly \$65 million in cash gifts that have been added to the University's Endowment; more than \$40 million given or committed to student financial aid and student support; and nearly \$23 million given and committed for faculty support, including 12 new fully funded endowed chairs and 19 endowed chair funds that are in process.

One commitment that just took place in the last couple of weeks that I would like to illustrate for you -- and you also received a press release relating to it this month -- is someone that has been very close to the University for many, many decades. This is a commitment from Major General Raymond E. Mason, Jr., who many of you know.

Ray and his wife, Margaret, through the Raymond E. Mason Foundation, have made a commitment of more than \$1.6 million to The Ohio State University. Their money will be designated as follows: The Major General Raymond E. Mason, Jr., Endowed Professorship in Military History at the Mershon Center; The Raymond E. Mason, Sr. -- for his father -- Endowed Professorship in Transportation and Logistics at the Fisher College of Business; and a large commitment to the Fisher College of Business Building Campaign.

I raise this as an example to you of the kind of commitments that have happened since the Campaign began. General Mason is somebody that has been close to Ohio State for many years. He served in the Reserve Officer Training Corp and has been an advisor to the Mershon Center for many, many years. He has been an advisor to the Fisher College of Business for many years, has served in various volunteer capacities, and has helped bring in and sponsor national security speakers and seminars at Ohio State over the years. General Mason's endowments will be coming to the June or July meeting and we are very pleased to have this kind of leadership and this kind of statement from one of our great friends and alums.

May 3, 1996 meeting, Board of Trustees

At this time, I would like to also direct you to the Development Tab in your notebook for the first three-quarters of this year. I am pleased to report that for the first three-quarters, our gift receipts are nearly \$17 million ahead of the same period last year and giving from individuals continues to stay strong, up 72 percent. That continues to bode well for the future.

At this time, Mr. Colley, I would ask you to present to the Board of Trustees for their approval: nine new named endowed funds and the revision of one endowed fund, with the total gifts received in this grouping being \$254,052.00.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-133

Synopsis: The report on the receipt of gifts and the summary March 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS this report includes the establishment of nine (9) new named endowed funds and amendments to one (1) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of March 1996 be approved.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

NOTES

- A Overall individual giving this year is running 72% ahead of last year for the July-March reporting period. Alumni have given \$14 million more during the July-March period this year than last, highlighted by eight gifts of \$1 million or more totaling \$12.3 million. Non-alumni giving is also running about \$2 million ahead of the same period last year. The largest gift from a non-alumnus is \$1.2 million.
- B Corporate giving is down slightly (4%). Last year there were 411 corporations providing private support of \$10,000 or more (\$16.6 million). This year private support at the \$10,000 level is \$15.9 million (395 corporations).
- C Gifts of \$10,000 or more from private foundations total about \$2.2 million more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are down about \$500,000 this year for the July-March period.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Charles F. Sinsabaugh M.D. Medical Endowment Fund

The Charles F. Sinsabaugh M.D. Medical Endowment Fund was established May 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Charles F. Sinsabaugh, M.D. (B.A. Biological Sciences '47; M.D. '51) of Newark, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support teaching or research, with a preference for but not limited to, affective psychiatric disorders.

If funding reaches the level of \$750,000, the income will be used for a Professorship position supporting a distinguished scholar in the College of Medicine. Appointment shall be made at the recommendation of the Dean of the College of Medicine in consultation with the Vice President for Health Sciences.

If funding reaches the Chair level of \$1,500,000, the Professorship will be converted to a Chair in the College of Medicine. The Chair position shall be held by a nationally eminent faculty member as recommended by the Dean of the College of Medicine in consultation with the Vice President for Health Sciences. The activities of the endowed chair holder shall be reviewed no less than every five years by the Dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

Any unused income shall be returned to the principal in this fund.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Medicine and the Vice President for Health Sciences in order to carry out the desire of the donor.

\$63,000.00

Auxiliary to the Columbus Ohio Chapter of the
National Medical Association Scholarship Fund

The Auxiliary to the Columbus Ohio Chapter of the National Medical Association Scholarship Fund was established May 3, 1996, by the Board of Trustees of The Ohio State University through gifts to The Ohio State University Development Fund from the membership of the Auxiliary to the Columbus Ohio Chapter of the National Medical Association for scholarships in the College of Medicine.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

Auxiliary to the Columbus Ohio Chapter of the
National Medical Association Scholarship Fund (contd)

The annual income shall be used to provide one or more scholarships for 3rd or 4th year African-American medical students at The Ohio State University, preferably, but not limited to, students who reside in the Columbus, Ohio, and Franklin County geographical areas. The recipient selection shall be based on demonstrated excellence in a broadly balanced set of criteria to include: academic merit, honors received while attending the College of Medicine, participation and offices held in the College of Medicine activities, community and leadership service and activities, and travel or summer study experience during the last three years. Financial need is to be taken into consideration but should not be the primary selection criteria. The award shall be a minimum of \$1,000 per recipient. The recipients shall be chosen upon the recommendation of the Dean of the College of Medicine in consultation with the Auxiliary to the Columbus Ohio Chapter of the National Medical Association Scholarship Committee and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the College of Medicine at The Ohio State University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Medicine and the existing Auxiliary members in order to carry out the desire of the donors.

\$30,000.00

The Collicott-Arps Scholarship Fund for Columbus Public Schools Graduates

The Collicott-Arps Scholarship Fund for Columbus Public Schools Graduates was established May 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Ruth Collicott Arps (B.A. Arts & Sciences 1928) in honor of her family and the family of her late husband, Leslie H. Arps. Mrs. Arps father, Jacob Collicott, was Superintendent of the Columbus Public Schools (1920-1937). Leslie Arps father, George F. Arps, served The Ohio State University as Dean of the College of Education (1920-1937) and as Dean of the Graduate School (1937-1939).

This fund is also established in honor of the wives of Jacob Collicott and George Arps, Lydia Gemmer Collicott and Alice Black Arps. Lydia Collicott and Alice Arps were great friends and great educators. Mrs. Collicott was a teacher and Mrs. Arps was a member of the Board of Education of the Columbus Public Schools. This fund recognizes the dedication and drive both families gave to further education.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships to students seeking teaching certification in the College of Education. Applicants must have graduated from the Columbus Public Schools and must be currently enrolled at The Ohio State University Columbus campus. The scholarships shall be based on financial need and shall be renewable. The selection shall

be made by the Dean of the College of Education or a designee, in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of the College of Education, with preference to scholarships in order to carry out the desire of the donor.

\$30,000.00

The Wesley and Katherine Cushman Memorial Scholarship Fund

The Wesley and Katherine Cushman Memorial Scholarship Fund was established May 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the three sons of Wes and Kit Cushman (James P. Cushman (Bachelor Music '75), Samuel W. Cushman, and Sydney F. Cushman) and friends and family to honor the memory of the Cushmans and to recognize the great commitment of Wes Cushman to health education and to the School of Health, Physical Education and Recreation at The Ohio State University.

Dr. Wesley P. Cushman retired in 1974 following 40 years of distinguished service to The Ohio State University. He was a professor of health education and department chair of Health, Physical Education and Recreation until his retirement. During his tenure, health education became recognized as one of the outstanding graduate programs in the United States. His outstanding service to the American Alliance for Health, Physical Education, Recreation, and Dance was recognized in 1985 when it awarded Dr. Cushman the Alliance Centennial Award.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to recognize outstanding graduate students in health education or any of the specializations in the Sport and Exercise Science program area, by providing them with financial support to complete their academic programs. Selection of the scholarships shall be made by the Dean of the College of Education in consultation with faculty responsible for health education and sport and exercise sciences and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

The Darke County 4-H Endowment Fund

The Darke County 4-H Endowment Fund was established May 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the Darke County 4-H Advisory Committee and other friends of the Darke County 4-H Program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the Darke County 4-H Program. This support may include, but is not limited to, the funding of scholarships and rewards for 4-H members, volunteer leaders and friends of 4-H; sponsoring seminars and programs; and purchasing material or services that will supplement 4-H programming or increase the visibility and public support for 4-H in Darke County. All expenditures from this fund shall be approved by the Darke County 4-H Advisory Committee and the professional in charge of the Darke County 4-H Program.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever, as determined by the Board of Trustees, with preferences being given to the recommendations from the appropriate administrative official of the University who is the director for Ohio State University Extension, in consultation with a committee representing the local 4-H donors in order to carry out the desire of the donors.

\$16,915.46
(Grandfathered)

The Virginia Rose Crafts Achievement Award

The Virginia Rose Crafts Achievement Award was established May 3, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Virginia Rose Crafts (M.A. Physical Education 1954). Virginia Crafts was a Professor Emeritus at Illinois State University in Normal, Illinois.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to present an award to an outstanding female upon completion of her master's degree in the field of physical education. She should be of upstanding good moral character, outgoing, friendly, helpful and open to new ideas. She should be willing to promote physical education vigorously and optimal learning by students. She should aspire to teach at a college or university level.

Selection of the recipient shall be made by the Dean of the College of Education or a designee, in consultation with the University Committee on Student Financial Aid and the faculty in the program of physical education.

\$15,000.00
(Grandfathered)

CHANGE IN NAME AND DESCRIPTION OF NAMED ENDOWED FUND

The Donald D. Glower Merit Scholarship Fund in Engineering

The Donald D. Glower Merit Scholarship Fund was established December 6, 1991, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from friends, colleagues and former students in honor of Donald D. Glower, Dean, College of Engineering, 1976-90, and Vice President, University Communications and Development 1990-92. The name and description were revised, at the request of Dean Glower, May 3, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more full tuition undergraduate merit scholarships to students in the College of Engineering. Recipients shall be selected from incoming freshmen whose homes are in either Crawford or Richland Counties of Ohio. All recipients must be either majoring or planning to major in engineering. Preference will be given to freshmen who excelled in high school. If there are no qualified incoming freshmen from either Crawford or Richland County, the funds shall be reinvested in the endowment. Recipients may be renewed as Glower Scholars if they demonstrate superior academic achievement and progress towards an undergraduate degree in the College of Engineering.

The annual income shall support at least one Donald Glower Scholar from Crawford or Richland Counties. If the income grows to support two or more scholarships, additional Glower Merit Scholars shall be phased in with a new recipient chosen from the group of qualified entering freshmen. All unused annual income shall be reinvested into the fund's principal. In no way are any of these funds to be diverted from direct student support for students from Crawford and Richland Counties. The fund shall be administered by the College of Engineering in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, the funds should be used to provide living expenses for academically qualified students from Crawford or Richland Counties of Ohio.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED FUNDS

James E. Gui Design Competition Awards Fund

The James E. Gui Design Competition Awards Fund was established May 3, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from James E. Gui (B.Arch. '54).

Income provided by the Foundation shall be distributed to the Austin E. Knowlton School of Architecture to be used for student awards in design competition. The awards will be administered during the Spring Quarter of the students' fourth and final year in the undergraduate studio sequence. It is the donor's intention that the amounts of the awards be approximately in the ratio of (1) for first place, (0.65) for second place, (0.35) for third place and, should honorable mention awards be merited, (0.10) for the honorable mention awards.

\$39,000.00

The A. K. and Judith A. Pierce Athletic Graduate Fellowship Fund (Phoenix Award)

The A. K. and Judith A. Pierce Athletic Graduate Fellowship Fund (Phoenix Award) was established May 3, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated to support the Department of Athletics from contributions from Arthur Kenneth Pierce, Jr. (B.S.Bus.Adm. '55), and Judith A. Pierce.

Income provided by the Foundation shall be distributed to the Department of Athletics to be used to provide a fellowship for a student athlete who will attend The Ohio State University Graduate School, with a preference for a student accepted to and enrolling in The Fisher College of Business' MBA program. The student selected should have displayed success in scholastics, athletics and personal growth through perseverance and hard work, and have overcome adversities in his/her life.

Recipients of this fellowship will be selected by the Assistant Director of Athletics for Student Athlete Support Services (S.A.S.S.) in consultation with the S.A.S.S. staff and the Director of Athletics.

Endowment earnings shall be returned to the principal until such time as the earnings reach the amount the donors wish to have awarded.

\$26,562.50

Wilbur J. Garmhausen Scholarship Fund

The Wilbur J. Garmhausen Scholarship Fund was established May 3, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with a gift from Wilbur J. Garmhausen (B.S. Landscape Architecture '95).

Income provided by the Foundation shall be used to award one scholarship at the end of the sophomore year to undergraduate students majoring in Landscape Architecture. The award is to

FISCAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

Mr. Chairman, I would also like to add my voice to those that are singing your praises this morning. You have been and are an outstanding leader, and like many have indicated, all of us will be looking for meaningful and substantive ways to keep you involved with The Ohio State University. I thank you for your leadership and service.

Our Committee met earlier today and we have three resolutions to present to the Board for approval:

1996-97 CURRENT FUNDS BUDGET GUIDELINES

Resolution No. 96-134

Synopsis: The budget guidelines for fiscal year 1996-97 are being submitted for adoption.

WHEREAS the levels of resources have been identified for 1996-97; and

WHEREAS appropriate planning and consultation within the University has been accomplished; and

WHEREAS the President is now prepared to present his 1996-97 Budget guideline recommendations:

NOW THEREFORE

BE IT RESOLVED, That the guidelines for the University's Current Funds Budget for fiscal year 1996-97, be developed from the accompanying text and tables; and

May 3, 1996 meeting, Board of Trustees

BE IT FURTHER RESOLVED, That the compensation package for fiscal year 1996-97 presented in the accompanying documents be implemented by the President for faculty, staff, and students; and

BE IT FURTHER RESOLVED, That tuition and fees be increased for all students beginning Autumn Quarter 1996 as specified in the accompanying guidelines incorporated in this resolution which is in compliance with current legislation.

(See Appendix L for background information, page 981.)

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS**

Resolution No. 96-135

**BRICKER BASEMENT AND FIRST FLOOR RENOVATIONS AND HVAC REVISIONS
HASKETT/HOPKINS RENOVATIONS;
UNIVERSITY HOSPITAL - EMERGENCY DEPARTMENT; AND
RADIOLOGY DEPARTMENT RENOVATIONS PHASE II**

Synopsis: Authorization to employ architectural/engineering firms and request construction bids for the Bricker Basement and First Floor Renovations and HVAC Revisions and the Haskett/Hopkins Renovations and accept the report of award of contracts and establishment of contingency funds for the University Hospital - Emergency Department and Radiology Department Renovations Phase II is proposed.

WHEREAS the Bricker Hall Basement and First Floor Renovations and HVAC Revisions project was approved by the Board of Trustees on December 2, 1994 on the projects under \$1,000,000 list; and

WHEREAS additional funds have been made available for this project to meet the needs of the program of requirements; and

WHEREAS the revised total estimated project cost is \$1,075,000 and the total estimated construction cost is \$858,300, with funding provided from House Bill 790 Basic and Supplemental Renovation funds; and

WHEREAS the Haskett/Hopkins Hall Renovation project was approved by the Board of Trustees on December 2, 1994 on the projects under \$1,000,000 list; and

WHEREAS additional funds have been made available for this project to meet the needs of the program of requirements; and

WHEREAS the revised total estimated project cost is \$1,125,000 and the total estimated construction cost is \$870,501, with funding provided from House Bill 790 Basic and Supplemental Renovation funds; and

WHEREAS resolutions adopted by the Board of Trustees on February 3 and August 30, 1995 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects:

May 3, 1996 meeting, Board of Trustees

(* Recommended alternates included in these amounts)

University Hospital - Emergency Department

This project renovates and reorients the emergency department and constructs an addition to the west of the building to double the size of the emergency department. The total project cost is \$6,653,760; funding is provided by University Hospital. The completion date is February, 1998. The contracts awarded are as follows:

General Contract:	Newberg International, Cleves, Ohio
Amount:	\$3,519,000 *
Estimate:	\$3,481,634 *
Plumbing Contract:	Farber Mechanical Contractors, Columbus, Ohio
Amount:	\$610,500 *
Estimate:	\$654,350 *
HVAC Contract:	Farber Mechanical Contractors, Columbus, Ohio
Amount:	\$595,800 *
Estimate:	\$589,485 *
Electric Contract:	Buckeye Electric, Dayton, Ohio
Amount:	\$778,000 *
Estimate:	\$840,114 *
Total All Contracts:	\$5,503,300 *
Contingency Allowance:	\$375,160
Total Project Cost:	\$6,653,760

Radiology Department Renovation Phase II

This project relocates the following functions to improve efficiency: two CAT scan procedure rooms, ultra sound suite, outpatient waiting, inpatient waiting, library and teaching file room, and prisoner holding. The total project cost is \$1,500,000; funding is provided from University Hospitals. The completion date is July 1997. The contracts awarded are as follows:

General Contract:	Miles McClellan, Columbus, Ohio
Amount:	\$480,000
Estimate:	\$641,000

May 3, 1996 meeting, Board of Trustees

Plumbing Contract:	J. A. Croson, Columbus, Ohio
Amount:	\$164,000
Estimate:	\$175,000
HVAC Contract:	Farber Corporation, Columbus, Ohio
Amount:	\$152,400
Estimate:	\$186,000
Electric Contract:	Brush Electrical, Grove City, Ohio
Amount:	\$299,700
Estimate:	\$252,000
Total All Contracts:	\$1,086,100
Contingency Allowance:	\$169,547
Total Project Cost:	\$1,500,000

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Bricker Basement and First Floor Renovations and HVAC Revisions and the Haskett/Hopkins Renovations projects and that the fees for these services be negotiated between the firms selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids for the Bricker Basement and First Floor Renovations and HVAC Revisions and the Haskett/Hopkins Renovations projects in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts as appropriate with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by the Board, the report of award of contracts and establishment of contingency funds for the University Hospital - Emergency Department and Radiology Department Renovations Phase II projects is hereby accepted.

(See Appendix LI for maps, page 999.)

EASEMENT

Resolution No. 96-136

AMERICAN ELECTRIC POWER

Synopsis: Authorization to grant an easement to American Electric Power for electric service to the Edison Joining Technology Center is recommended.

May 3, 1996 meeting, Board of Trustees

WHEREAS American Electric Power has requested a 25-year easement consisting of a strip of land approximately ten feet in width and approximately 977 feet in length for providing underground electric service to the Edison Joining Technology Center located at 2155 Carmack Road; and

WHEREAS the electric service will benefit the University and future Research Park tenants; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

NOW THEREFORE

BE IT RESOLVED, That the Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for this easement.

(See Appendix LII for map, page 1005.)

Upon motion of Mr. Shumate, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, Sofia, and Ambassador Wolf.

Mr. Shumate:

That completes my report, Mr. Chairman. However, I would add that on the good news front that the Moody's Rating Service has upgraded our bond rating from AA- to AA and that is outstanding news for the University. I would certainly like to thank all of those who have contributed to that upgrade, including the Vice President for Finance's office and the Treasurer's office.

--0--

Ambassador Wolf:

Before I turn this meeting over to our new Chairman, Mr. Wexner, I would like to add a few words to the thoughts that I articulated last evening. I had the opportunity last night to review my thoughts at length, and I will just take a moment or two to tell you that I have never worked with a finer board of trustees than the one that I have worked with this past year. I mentioned last night, and I will mention again, that they are the finest group of people that I have ever known. If I had my choice of choosing friends for my life, I would have chosen every member of the Board around this table, including our two Student Trustees. I will certainly miss them.

I must tell you that I applaud Governors Voinovich and Celeste for the miracle of picking such a magnificent group of people from different walks of life, different professions, and different backgrounds. They have come together in this room and they have brought great credit, great recognition, and rendered great service to Ohio State.

I also want to say to Jim Nichols that I appreciate his comments regarding my service on the Investments Committee. His words were a little bit of a surprise to me, because I used to hear that if you wanted to make a small fortune with Milt Wolf, start with a large one!

May 3, 1996 meeting, Board of Trustees

My word of caution to Jerry May because he is overflowing with contributions. I am reminded of the story about the greatest train robbery in history which was the train going from Tel Aviv to Jerusalem. They say that the bandits got \$4,000 in cash and \$12 million in pledges! So, I give you that word of caution.

I want to thank the staff, as Tom Smith, has already done. They are marvelous. Both the administrative staff and the academic leaders.

I mentioned last night, and I will mention again, that the person one works so closely with on this Board is Maureen Sharkey. I told the folks last night that she is very easy to get in touch with -- if you want to reach her dial 9-1-1. Whether it is a toothache or an overdrawn bank account, Maureen is there.

Just let me close by saying that it has been a great honor for me also to work with President Gee these past six years. He is an incredible human being, he is world-class, and unquestionably the best president of any academic institution in America. He could be president of any private institution and make it a success. I hope that the good Lord favors him with good health and good fortune, so that the University can continue to prosper under his leadership as it will.

I know that our incoming Chairman, Les Wexner, brings a luster and prestige and wisdom to this Board that may be unparalleled in its history. Every one of us knows this man has a managerial judgment, a wisdom, and experience running world-wide corporations that will benefit this Board immensely. I think that we are fortunate in having him take over the chairmanship of this Board and with these words I turn this meeting over to our new Chairman, Les Wexner.

Mr. Wexner:

Just a quick word. As you get to this season of the year and you think about graduation, I like to remind people -- and Tom, I would remind you, and, also, Milt -- it is much better off if you think of it as a commencement, a beginning rather than an end. I have enjoyed, as the other Trustees have, working with you and your participation, and we would hope that it is a beginning not only of your career, but of continued involvement with this University.

I have sat behind Milt now for eight years and -- as I mentioned last night -- it is a bit aggravating to sit behind an Ambassador. You heard it, again, today -- Mr. Chairman, Mr. Ambassador, Dr. Wolf. Milt, in those eight years your attendance was not perfect, but your attention was. Your caring about the University, about students, about faculty, and your relationship with the President and with your fellow Trustees has been as close to perfect as mortals can get.

I hope for you, too, that this is a commencement of a further relationship with the Board and with the University. On behalf of all of the Trustees, we thank you for your friendship. Thank you.

--0--

Thereupon the Board adjourned to meet Thursday, June 6, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Robert M. Duncan

Milton A. Wolf, Ph.D.

May 3, 1996 meeting, Board of Trustees

Secretary

Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND TWENTY-THIRD MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 6, 1996

The Board of Trustees met at its regular monthly meeting on Thursday, June 6, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

June 6, 1996 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on June 6, 1996, at 11:00 a.m. He requested the Secretary to call the roll.

Present: Leslie H. Wexner, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Tamala Longaberger Kaido, Holly A. Smith, and Mark E. Berkman.

--0--

Mr. Wexner:

Tami, I want to welcome you to the Board. You will find it a challenging and interesting experience and I know you are well underway.

Mark, likewise, as a Student Trustee, you have big shoes to fill. Tom Smith, your predecessor -- just a terrific guy -- contributed enormously as a student. As you have learned already, by the meetings that we have had, you are one of us, we appreciate you. Your term expires in 1998, so you will be here past me, so we will try to teach you tricks that aren't bad -- but welcome.

--0--

RATIFICATION OF COMMITTEE APPOINTMENTS 1996-97

Resolution No. 96-137

BE IT RESOLVED, That the appointments to Committees and representatives to various Boards for 1996-97 be approved as follows:

Theodore S. Celeste

OSU Research Park, Inc., Board of Directors:

Theodore S. Celeste

University Hospitals Board:

George A. Skestos
Theodore S. Celeste

The Arthur G. James Cancer Hospital and Research Institute Board:

Zuheir Sofia, Chair
Tamala Longaberger Kaido

RATIFICATION OF COMMITTEE APPOINTMENTS 1996-97 (contd)

Ohio State University Affiliates, Inc.:

Leslie H. Wexner (term 1 yr)
Alex Shumate (term 2 yrs)
Theodore S. Celeste (term 3 yrs)

University Foundation Ex Officio Class of Directors:

Alex Shumate (term 1 yr)
Theodore S. Celeste (term 2 yrs)
David L. Brennan (term 3 yrs)

Wexner Center Foundation Board:

Leslie H. Wexner
Tamala Longaberger Kaido*

University Managed Health Care System, Inc., Board of Directors:

George A. Skestos

University Master Planning Committee:**

Leslie H. Wexner, Chair
George A. Skestos, Vice Chair
Alex Shumate
Michael F. Colley
Zuheir Sofia

Regional Campus Boards:

Lima - Theodore S. Celeste (1997)
Mansfield - James F. Patterson (1997)
Marion - David L. Brennan (1997)
Newark - Tamala Longaberger Kaido (1999)

* President's appointee

**Serves as Board of Trustee's interface with the University's Planning Committee.

Upon motion of Mr. Skestos, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

President Gee:

I might note that I have an appointment at the Wexner Center Foundation Board and Tami Longaberger Kaido will be joining that Board as a matter of that appointment.

--0--

President Gee:

I would like to mention that, as many of you know, today Judge Robert Duncan will be stepping down from the position of Secretary of the Board. The Board of Trustees, members of the University community, and I would particularly like to express our appreciation to Judge Duncan for his service to the University as Vice President for Legal Affairs and General Counsel, and Secretary of the Board.

Let me just say, on a very personal note, that I have worked with a lot of outstanding people in my 15 years as a university president and it is a great privilege working with the people that I work with now, but very few people do you feel that it is an honor to work with and that is clearly Bob Duncan. It has been an absolute honor. I have learned so much from him. He is a remarkable human being. His history is well-known. The history of this University will be much better because Bob Duncan has been part of our University family.

We have an Expression of Appreciation which, I think, Mr. Chairman, if you don't mind, on behalf of all of us, I am going to read:

EXPRESSION OF APPRECIATION

WHEREAS the Honorable Robert Morton Duncan has served The Ohio State University as Vice President for Legal Affairs and General Counsel, and as the Secretary of the Board of Trustees; and

June 6, 1996 meeting, Board of Trustees

EXPRESSION OF APPRECIATION (contd)

WHEREAS Judge Duncan has represented the University throughout Ohio and the country, as well as in the international arena, in a most exemplary manner; and

WHEREAS Judge Duncan has served his *Alma Mater*, both as an active and dedicated alumnus of the University itself and of the College of Law, where he served as class president as a student, and as President of the College of Law Alumni Association; and

WHEREAS he has served as a Judge on the United States District Court for the Southern District of Ohio; and

WHEREAS Judge Duncan has served as a Judge on the United States Court of Military Appeals, as a Justice on the Supreme Court of Ohio, and as a partner in the law firm of Jones, Day, Reavis & Pogue; and

WHEREAS Judge Duncan has participated on countless committees, Boards of Directors, Boards of Trustees, and commissions, locally and nationally, including the President's Commission on White House Fellows; and

WHEREAS Judge Duncan has received numerous prestigious awards for his civic engagement, humanitarian efforts, and meritorious service; and

WHEREAS Judge Duncan is well-known as a gifted and wise counselor, a fair-minded administrator, a mentor to all who seek his counsel, and a kind and true friend to all those who have had the privilege and good fortune to know him:

NOW THEREFORE BE IT RESOLVED, That The Ohio State University extends its deep and heartfelt appreciation to the Honorable Robert Morton Duncan for his unparalleled service, always adhering to the highest standards and principles, to this academic community and its numerous constituencies throughout the world. The Board of Trustees congratulates Judge Duncan on his distinguished career and looks forward to his continued involvement with The Ohio State University.

President Gee:

Judge Duncan, I cannot think of anyone I would rather give this resolution to.

Judge Robert Duncan:

Thank you.

Mr. Wexner:

Would you like to say something?

Judge Duncan:

Only that everything that has been good about my life has, in the terms of my profession, an approximate causal relationship to what began for me when I came here as a freshman 51 years ago. Since that time, I have considered that I owe a tremendous debt to The Ohio State University. Your expression today is not helping me with the discharge -- it is making the debt grow larger.

I welcome the opportunity to continue my association with this University, this Board, and this President. I will be across the Oval at the Law School. Thank you very much for this very generous award. I thought you were talking about somebody else for a while, but I certainly appreciate it and my family appreciates it. I look forward to our continued relationships. Thank you, Mr. Chairman.

EXPRESSION OF APPRECIATION (contd)

Mr. Wexner:

Thank you.

--0--

PRESIDENT'S REPORT

President Gee:

First of all, let me join with all of you by indicating how pleased we are to have Mr. Wexner as our new Chair, and we welcome him to that capacity and welcome him as the leader of our Board. I can tell you that we have already experienced the jobs of that leadership and I know that all the members appreciate that. Of course, I also want to welcome Tami. Tami Longaberger Kaido is going to be a great member of our Board, and, Mark, we welcome you.

I might note that -- in light of the fact that we might have a little noise outside -- I had a little bit of a pause when Tami became a member of our Board because she was at a meeting I was at -- about this time last year, in fact -- and she came up with the top 10 reasons Gordon Gee should have taken the California job. This is really her list, but I thought that I would just read them:

- "#10 I heard that Rosa Lopez was available for housekeeping.
- #9 Trade Herb Asher for Jerry Brown and a lobbyist to be named later.
- #7 Two words -- 'Good-bye Cooper.'
- #4 Decided he needed an easier school up north -- Oregon.
- #2 Rare opportunity to offend the Governor on both coasts.
- #1 As president of the California University system when UCLA plays Cal a tie really would be like a win."

I tell you something the last thing that I need to do is to have a smart aleck Trustee, that is for sure.

Ms. Longaberger Kaido:

Thank you for sharing that personal insight with everyone.

President Gee:

Your welcome. Today nearly 6,000 newly minted Ohio State graduates entered Ohio Stadium to rehearse for tomorrow's ceremony. I continue to receive inspiring notes from members of the class who have overcome challenges to complete their degrees.

One student confessed to an academic career of hard-earned B's and C's. She said that she got a lot from Ohio State including, and I quote her letter: "confidence, strength, leadership, focus, and personal excellence. . . ." She continues -- and I want to read this to you because I think that this is particularly important -- "I found parts of me such as determination, tenacity, courage, conviction, and guts that will create opportunities for a magical life. I made my life something great."

PRESIDENT'S REPORT (contd)

President Gee: (contd)

Ladies and gentlemen, I submit to you today that after all is said and done including the opportunities that we hear and the discussions that take place -- including those that are going on outside -- that is what the university is about. A place of ideas, a place of opportunities, a place of realization and we will certainly see that tomorrow in our commencement ceremony.

Of course the end of the quarter has been stressful for all of our students. In fact, last week there was a Stress Oasis on the Oval, complete with massage therapists, free ice tea, and brochures on reducing stress. Unfortunately, I was too stressed out to try it -- I might use it by the end of today though!

The College of Law held its hooding ceremony in May. We were honored that the Attorney General of the United States, Janet Reno, was the speaker. National Public Radio Correspondent Nina Totenberg addressed the College of Humanities Baccalaureate Ceremony last week, as the college recognized its graduates and most outstanding students. Award-winning author Terry McMillan visited campus in May as part of the African American Heritage Festival. She addressed a student audience and shared excerpts from her new book with them.

The debate over the validity of Admiral Richard Byrd's claim to have flown over the North Pole in 1926 centered on Ohio State, as we have the Byrd Papers in our collection, including Byrd's diary kept at the time of the famous flight. The Byrd collection by the way -- which is very interesting for our Trustees -- includes 523 cubic feet of space, one of the largest collections of polar records in the world.

The first Undergraduate Research Forum was held in May. Gender roles and women, theatrical dance, and molecular science were among the 62 student projects presented at the forum. The past month brought a flurry of award programs for students, faculty, and staff members. From the College of Food, Agricultural, and Environmental Sciences Annual Award Banquet to the Graduate Student Awards, to the Celebration of University Leadership, students have been honored for their many contributions to campus life.

A record number of scholar athletes were recognized this month -- 263 students achieved a grade point average over a 3.0 while competing in a varsity sport, which is quite remarkable. The Affirmative Action Awards were presented as were the Distinguished Staff Awards. These honors recognize faculty and staff who go beyond expectations and have a significant impact on students and on the quality of this university.

The exhibit "Hospice: A Photographic Inquiry" opened in May at the Wexner Center for the Arts. As part of the educational programming surrounding the exhibit, Wexner Center educators are joined by hospice volunteers in giving tours. Ohio State is proud to be the first site for the national tour of the hospice photos.

As the result of another partnership, the university dedicated the Bloch Cancer Survivors Plaza this month, which is directly across the way. I urge all of you to go and see this, it enhances the quality of our campus and lives that we celebrate. More importantly it is certainly a celebration of life, of victory. This is the first of the Bloch parks to be sited at a university -- in large measure due to our interdisciplinary strengths in medicine, horticulture, the arts, and more. We continue to build on those strengths by managing change in creative ways.

I was pleased this month to spend some time with our colleagues at Ford and another of their collegiate CQI partners, the University of Texas.

PRESIDENT'S REPORT (contd)

President Gee: (contd)

Sometimes we have to get away from campus to truly appreciate how far we as a university have come! Ohio State's CQI Steering Committee has issued a report of the progress we have made in many parts of the campus.

Wednesday, we had the opportunity to demonstrate the university's video conferencing network in a meeting of members of the board and I appreciate many of you being there. This "virtual" meeting showed us the interaction that is possible through distance learning.

I want today to note that Professor of Mathematics Robert Gold is nominated as acting dean of the College of Mathematical and Physical Sciences. He will replace Dean Jim Garland who has been named president of Miami University. As many of you know, we are losing our very able dean of the College of Mathematical and Physical Sciences to an institution not far from here. Jim Garland has been a remarkable example of committed educational leadership and for that I am grateful. I am also very pleased that Bob Gold is taking on this position.

Mr. Chairman, this concludes my report.

--0--

Audience member:

I would like to address the issue of safe sex and domestic partnerships, please. Why have you refused to extend domestic partnership health insurance to same sex domestic partners? Could you please address the whole issue? Is it because there is homophobia latent? People of color on the Board, this was the same kind of racial discrimination that was a part of the people of color in this country 20 years ago. Why has this not been addressed by this Board?

Mr. Wexner:

Could you identify yourself, please?

Mr. T. J. Ghose:

T. J. Ghose.

Mr. Wexner:

Thank you.

Mr. Ghose:

I represent a group for diversity of Ohio -- "People of Color Who Are Queer."

Mr. Wexner:

Thank you. I take your comments seriously. The process for the Board is that student groups or other constituent groups are welcome to address the Board. If you would like to do so at our next Board meeting, we would be happy to hear you or other groups.

June 6, 1996 meeting, Board of Trustees

Mr. Ghose:

We have done so for three years, sir, we have not been heard. Silence equals death. We can't be silent anymore. Why don't you address your conscience and try to address this issue of homophobia that seems to be so prevalent on this Board? What is wrong here? What is going on here?

Mr. Wexner:

Speaking for the Board, I express my concern for your interest. We will take this under consideration. Your issue and other issues that address --

Mr. Ghose:

Why don't you take it under consideration right now? Speak from your heart! I am speaking from my heart. Let's not go into the bureaucratic stuff, alright? Come on let's speak from the heart.

Mr. Wexner:

Thank you. I think that I understand your issue. We will discuss this. The issue of student health and other items that are serious to the Trustees and of significant importance to the University are discussed in an orderly manner. And I assure you --

Mr. Ghose:

And you have said that you do not want to extend health insurance to domestic partners of the same sex, why? I want to ask you why? You have already said that you do not want to do it and I want to ask you why?

Mr. Wexner:

We will discuss this at a later time.

Mr. Ghose:

No, sir, please discuss it now.

Mr. Wexner:

I am sorry.

Mr. Ghose:

This is a student interest.

Mr. Wexner:

Your agenda and my agenda is quite different today.

Mr. Ghose:

Obviously, obviously!! "Hey hey ho ho homophobia has got to go! Hey hey ho ho homophobia has got to go! Hey hey ho ho homophobia has got to go..."

June 6, 1996 meeting, Board of Trustees

Mr. Wexner:

I do take these interests and these concerns as serious, and we will address them in a serious manner. This is a real issue that confronts University health and I meant what I said.

--0--

STUDENT RECOGNITION AWARD

Mr. Berkman:

It is my honor and privilege to recognize Eric E. Barrett as this month's recipient of The Ohio State University Board of Trustees Student Recognition Award. Eric is an animal science major and came to Ohio State from Vincent, Ohio, on the Charles Ingraham 4-H Scholarship. His service involvement at OSU began with his term as treasurer of the student council of the College of Food, Agricultural and Environmental Sciences.

After seeing first hand the direct correlation between student involvement and the success of the council, he served as vice president the following year. Eric's leadership within the University community also extends to his unprecedented two-year term as president of the Alpha Zeta fraternity. Under his leadership, this agriculture fraternity rechartered itself as the Alpha Thau fraternity and established itself on the national level.

Eric was a 1994-95 recipient of the Edward S. Beany Drake Student Leader Award and Scholarship, and currently serves on the board of directors of the all student run scholarship committee. He was this year's general co-chairman of the Agriculture and Natural Resources Annual Recognition Banquet, the largest student operated banquet at OSU.

He has been a member of Ohio Stater's, Incorporated, and serves this year as secretary. Eric has been a member of the Bucket and Dipper junior honorary, the Sphinx senior honorary, and a treasurer of Failings, an organization within his College, which introduces Ohio teenagers to the extensive opportunities for an agricultural education that are available at The Ohio State University.

Eric was a member of OSU's homecoming court in 1995. He was the OSU Ross Gainer Greek Man Of The Year in 1996 and was voted one of the top 10 outstanding seniors by his College this year.

I believe that it is Chairman Wexner's intention that this meeting be adjourned sometime today and I am therefore unable to comprehensively list all of the honors, awards, and distinctions that Eric has earned during his four years at Ohio State. The good news is that Eric will be presented with a baccalaureate degree during tomorrow's commencement. The better news is that Eric plans to attend The Ohio State University to earn a master's and subsequently a doctorate in the agricultural sciences. The best news is that Eric hopes to one day teach at the university level and this Board is confident that he will continue to contribute greatly to his field of study throughout his life.

Eric Barrett, if you would please come forward, the Board of Trustees of The Ohio State University would like to commend you for your service to the University by presenting you with the Student Recognition Award.

June 6, 1996 meeting, Board of Trustees

STUDENT RECOGNITION AWARD (contd)

Mr. Wexner:

Eric, congratulations, and thank you.

(See Appendix LIV for the Student Recognition Award, page 1117.)

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

Mr. Chairman, the Strategic Planning Committee and the Hospitals Board met on May 23, 1996. It was reported to the Strategic Planning Committee that the continuing consolidation of insurance companies, physician practices, and hospital systems in central Ohio are beginning to restrict the opportunity and flexibility for University Hospitals to exercise decisions about its future. The Dean of the College of Medicine briefed the Committee on activities within the College of Medicine to create a common vision and a new clinical practice organization model for the physicians of the Medical Center. The Committee then began a discussion on the commonality of vision, leadership initiatives, and strategic actions between the various organizations and physicians of the Medical Center.

At the Hospitals Board meeting, the Chairman led a discussion on the governance structure of the Hospitals Board, the Hospitals, and hospital related organizations. Board members agreed that the current structure needs to be reexamined and possibly redefined so that the Hospitals could react to health care market conditions more efficiently and quickly.

The Hospitals Board approved the Hospitals' Operating and Capital Budget for 1996-97. The operating budget includes a zero rate increase; an expected decrease in inpatient activity and a concurrent increase in the outpatient activity; and a planned \$4 plus million support for off campus based primary care practices and ambulatory sites. The 1996-97 budget was developed to maintain and/or increase market share while continuing to improve services; reduce costs; compete for managed care contracts; develop institutional and physician partnerships locally and regionally; and to increase physician involvement in and commitment to the development of the Medical Center's Integrated Delivery and Finance System.

That completes my report, Mr. Chairman.

--0--

**PRESENTATION BY DAVID HILL, MEMBER OF
THE STUDENT ENVIRONMENTAL ACTION COALITION**

Mr. Wexner:

I believe the next person to speak is David Hill. David, are you here? Could you tell us what your background is and who you represent and where you are in school, so that we could get to know you a little bit before you present?

Mr. David Hill:

Yes. My name is David Hill and I am a junior majoring in environmental science and a member of the Student Environmental Action Coalition (SEAC). I want to talk today about my opinions on the Firestone Estate and the sale of it.

June 6, 1996 meeting, Board of Trustees

**PRESENTATION BY DAVID HILL, MEMBER OF
THE STUDENT ENVIRONMENTAL ACTION COALITION (contd)**

Mr. Hill: (contd)

President Gee and members of the Board of Trustees, I would like to thank you for this opportunity to speak today and voice my opinions concerning this issue. As a member of SEAC, I would like to thank the Board, President Gee, and other OSU administrators for taking time to meet with us at various times during this year. I would like to say also that our group has held no animosity or intended no disrespect in any actions that we have taken to bring our message to the administration and to the OSU students and community.

I don't think SEAC has resorted to banging on windows or anything like that.

President Gee:

I must say that I thoroughly enjoyed your display that fell during the middle of my speech at the College of Humanities. I kept looking up there and saying "What" and then I realized what it was, you were terrific.

Mr. Hill:

Us, you mean? We didn't have anything to do with that!

President Gee:

Your SEAC friend. Whoever your SEAC friends were.

Mr. Hill:

No disrespect is meant by any of that, but to accomplish getting the message to students and the administration this was done because as students, we're lacking power in the decision making process at Ohio State. On the other hand, you as members of the Board of Trustees do hold this power. You have the power to sell the Firestone land for maximum profit. You have the power to sell this land as quickly as possible, but you also hold the power to preserve the wetlands and wilderness areas of the Firestone Estate.

You hold the power to place stipulations on the sale of this land, requiring the chosen bidder to preserve or sell back to OSU parts of the estate. You hold the power to sell this land, perhaps for less profit, to the Trusts for Public Lands, a group working with Bath Township residents, the Medina County park districts and local school districts who will set aside some of this land as a nature preserve.

You hold the power, if choosing the Trust for Public Lands, to require the land they set aside to be designated as "Bath Township/OSU Raymond Firestone Nature Preserve and Research Facility," for example. This option would be a wonderful opportunity to honor the life of Mr. Firestone who hoped his land donation would "assist this fine institution in its ongoing efforts to educate the young people of our state."

An educational nature preserve named for Raymond Firestone, as well as profits received from the sale to the Trust for Public Lands, would be a way that Ohio State could both preserve the Firestone name, as well as preserve the environment. This could cause Ohio State University to become nationally renowned as a leader in environmental preservation and education.

**PRESENTATION BY DAVID HILL, MEMBER OF
THE STUDENT ENVIRONMENTAL ACTION COALITION (contd)**

Mr. Hill: (contd)

With the power that you hold you have responsibilities. In a broad sense you have responsibility to the earth, to the future generations, and to education. In a more focused sense you have responsibility to the residents of Bath Township and to Ohio State students and community members.

You have a responsibility to all of those who voice their opinions concerning the sale of this land. And even after the land is sold, you still remain responsible for what the chosen bidder does to this land. What happens to this land is a direct reflection of yourselves, and this University and its reputation.

Section 404 of the Clean Water Act should in theory preserve the wetlands that are located on the Firestone Estate, but the Act allows development to within one centimeter of the land designated as wetlands. One of my professors -- who is a wetlands expert and who has had students who have done research at the wetlands located at the Firestone Estate, by the way -- said that the preservation of a buffer zone around the designated wetlands is necessary for the survival of the integrity of the wetlands. Also in the past, the Clean Water Act has allowed permits to be granted to developers for the destruction of wetlands of comparable qualities to those located at the Firestone Estate, if the loss was later mitigated.

Two months ago I tracked through the beautiful and serene Firestone Estate, an area that has some of the last bogs in Ohio, is home to diverse species -- some of which are threatened -- and holds one of the largest tracks of contiguous forest in the state. For me the journey was quite a spiritual one and I have with me one of the photographs that I took while on this hike.

This photo shows a creek meandering into the distance with the orange sun near the horizon shining through the forest and it is difficult to tell by looking at the picture whether the sun is setting or rising. Whether the sun sets for the last time on the Firestone wilderness and wetlands or whether the sun rises again, depends on your decision.

I would like to present my last copy of this photograph to President Gee and the Board of Trustees as a reminder to you to hear the voice of the land, the voice of the people, and the voice of your conscience and to preserve the Firestone wilderness and wetlands area.

Thank you, again, for your time and may peace, love, and justice reign in the biosphere.

Mr. Wexner:

Thank you. David, before you leave, the issue that you speak to, in whatever wisdom there is on the Board, this issue has been raised and we have heard it. We are considering it, not unlike other issues that have come before this Board and will come before it in the future.

There are often competing goods, not just one. And to speak directly to this issue -- we have an issue to the environment to be responsible citizens of the state, we have a responsibility to listen to students and faculty, and in this case, we also have a responsibility to a donor and a man that I knew and a man whom Dr. Gee had spoken with. The integrity of the trust of his gift to us and the intentions of those gifts are balanced with other equities. That is the context that we are thinking about this, so there are always competing goods.

June 6, 1996 meeting, Board of Trustees

**PRESENTATION BY DAVID HILL, MEMBER OF
THE STUDENT ENVIRONMENTAL ACTION COALITION (contd)**

Mr. Wexner: (contd)

I think in reference to the other speaker before you, this Board, for as long as I have been a part of it, has heard -- and we have to hear in an orderly manner -- but we need the input. That is why these meetings are held in a public manner. I sincerely appreciate your group's interest and hopefully its influences will be in a way that makes the outcome more positive for all concerned.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

To begin with, I would like to ask Provost Sisson and Vice President Williams to present the "Things Gone Right Award."

THINGS GONE RIGHT AWARD

Provost Sisson:

Thank you, Mr. Shumate. We will do this as we have in the past. We have young colleagues who have made uncommonly fine contributions, creatively and with extraordinary energy to the common welfare and we are honored to present this award to them, which the Vice President for Student Affairs will do.

Vice President Williams:

The Things Gone Right Award at Ohio State:

"The Committee of the Undergraduate Experience recognize individuals or groups at Ohio State who go beyond the expected and past the ordinary.

The Things Gone Right Award awards examples of innovation, community building, student involvement, positive impact, and special effect. Congratulations to the 1995-96 Undergraduate Student Government."

Would representatives of such, please step forward.

"Congratulations to the 1995-96 Undergraduate Student Government for simply improving the undergraduate experience. The 1995-96 Undergraduate Student Government completed several major projects with a positive impact on students: electronic voting greatly increased student participation in USG elections; the student-run radio station, KBUX -- by the way, which you still haven't gotten me on yet -- and USG teacher evaluations were made available to undergraduates for the first time.

Furthermore, USG's thoughtful participation in University governance continues to help make the CUE recommendations happen. Thanks for showing that students can make a difference."

EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Shumate:

Thank you and congratulations, once again, to the Undergraduate Student Government.

Also, Mr. Chairman, as a part of our Educational Affairs Committee agenda this morning we received several reports: 1) the CUE update from Provost Sisson; 2) a report from Dr. Ray on the continuation of computing fees at the University; and 3) Bob Arnold presented a report on the undergraduate student enrollment and retention plan.

At this time, I would like to call again upon Provost Sisson to present the resolutions for approval today.

Provost Sisson:

Thank you, Mr. Shumate. As I work my way into that, I would just like to note that we have talked about transition within the Office of Academic Affairs and the Educational Affairs Committee. We look forward to an extraordinary year as we have had this last year in which, under the leadership of Ted Celeste, a number of extraordinary initiatives have been launched ranging from the reorganizations of a number of very important units to putting the CUE Committee recommendations front and center; from the launching of distance learning, which many of the members of the Board witnessed yesterday, to the draft of an academic plan, which attempts to draw together the many initiatives -- pieces of the quilt so to speak -- that are directly linked to the evolving strategic vision for the University. We are very grateful to you for that, Ted.

I would like to present the following resolutions:

**THE OHIO STATE UNIVERSITY - LIMA
BOARD APPOINTMENT AND REAPPOINTMENTS**

Resolution No. 96-138

Synopsis: Approval of a nominee and reappointments of Board members to The Ohio State University-Lima Board is proposed.

WHEREAS the Board of Trustees on July 8, 1994, approved the establishment of The Ohio State University-Lima Board; and

WHEREAS it has been previously stipulated that "The Lima board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Lima board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named persons have been nominated and selected for appointment and reappointment to The Ohio State University-Lima Board for the term as specified:

Appointment of Student Member

<u>Name</u>	<u>Term of Appointment</u>
Kelly Richards	1 year

June 6, 1996 meeting, Board of Trustees

**THE OHIO STATE UNIVERSITY - LIMA
BOARD APPOINTMENT AND REAPPOINTMENTS (contd)**

Reappointment of Private Citizens

<u>Name</u>	<u>Term of Appointment</u>
Jed E. Osborn	3 years
Larry E. Ward	3 years
Howard N. Watkins, Jr.	3 years

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be approved as members of The Ohio State University-Lima Board, effective July 1, 1996.

**THE OHIO STATE UNIVERSITY - MANSFIELD
BOARD APPOINTMENTS AND REAPPOINTMENT**

Resolution No. 96-139

Synopsis: Approval of two nominees and a reappointment of Board members to The Ohio State University-Mansfield Board is proposed.

WHEREAS the Board of Trustees on June 3, 1994, approved the establishment of The Ohio State University-Mansfield Board; and

WHEREAS it has been previously stipulated that "The Mansfield board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Mansfield board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named persons have been nominated and selected for appointment and reappointment to The Ohio State University-Mansfield Board for the term as specified:

Appointment of Private Citizens

<u>Name</u>	<u>Term of Appointment</u>
Anne Epperson	3 years
Randy Osler	3 years

Reappointment of Private Citizen

<u>Name</u>	<u>Term of Appointment</u>
James E. Meyer	3 years

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be approved as members of The Ohio State University-Mansfield Board, effective July 1, 1996.

**THE OHIO STATE UNIVERSITY - MARION
BOARD APPOINTMENT AND REAPPOINTMENTS**

Resolution No. 96-140

Synopsis: Approval of a nominee and reappointments of Board members to The Ohio State University-Marion Board is proposed.

WHEREAS the Board of Trustees on July 8, 1994, approved the establishment of The Ohio State University-Marion Board; and

WHEREAS it has been previously stipulated that "The Marion board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Marion board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

WHEREAS the following named persons have been nominated and selected for appointment and reappointment to The Ohio State University-Marion Board for the term as specified:

Appointment of Student Member

<u>Name</u>	<u>Term of Appointment</u>
Christopher John Elsasser	1 year

Reappointment of Private Citizens

<u>Name</u>	<u>Term of Appointment</u>
David F. Bacon	3 years
Ron Laipply	3 years
Elaine Merchant	3 years

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be approved as members of The Ohio State University-Marion Board, effective July 1, 1996.

**THE OHIO STATE UNIVERSITY - NEWARK
BOARD APPOINTMENT AND REAPPOINTMENTS**

Resolution No. 96-141

Synopsis: Approval of a nominee and reappointments of Board members to The Ohio State University-Newark Board is proposed.

WHEREAS the Board of Trustees on April 8, 1994, approved the establishment of The Ohio State University-Newark Board; and

WHEREAS it has been previously stipulated that "The Newark board shall be composed of eleven members appointed by The Ohio State University Board of Trustees in consultation with the president of the university" (one member of the Newark board shall be a member of the university board of trustees; nine members shall be private citizens; and one member shall be a student); and

June 6, 1996 meeting, Board of Trustees

**THE OHIO STATE UNIVERSITY - NEWARK
BOARD APPOINTMENT AND REAPPOINTMENTS (contd)**

WHEREAS the following named persons have been nominated and selected for appointment and reappointment to The Ohio State University-Newark Board for the term as specified:

Appointment of Student Member

<u>Name</u>	<u>Term of Appointment</u>
Katheryn M. Lloyd	1 year

Reappointment of Private Citizens

<u>Name</u>	<u>Term of Appointment</u>
Eugene Branstool	3 years
Stuart N. Parsons	3 years
Charles F. Sinsabaugh	3 years

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be approved as members of The Ohio State University-Newark Board, effective July 1, 1996.

**LICENSING UNIVERSITY TECHNOLOGY
TO GENETIC INTEGRATION TECHNOLOGIES LTD**

Resolution No. 96-142

WHEREAS Dr. Alan Lambowitz, Eminent Scholar and Professor of Molecular Genetics, is the primary inventor of a genetic technology known as Group II Intron Technology ("the technology") and the University has applied for a patent on this technology; and

WHEREAS Dr. Lambowitz wishes to form a company to be known as Genetic Integration Technologies LTD in order to further develop the technology; and

WHEREAS Genetic Integration Technologies LTD wishes to license the technology from the University; and

WHEREAS the members of the Technology Transfer Oversight Committee have reviewed the transaction proposed by Dr. Lambowitz and Genetic Integration Technologies LTD and have agreed that the guidelines for approval of such transactions have been followed; and

WHEREAS the members of the Technology Transfer Oversight Committee have approved the proposed transaction in accordance with Board Resolution 96-126, contingent upon the submission by Genetic Integration Technologies LTD of a business plan acceptable to the Vice President for Research:

NOW THEREFORE

**LICENSING UNIVERSITY TECHNOLOGY
TO GENETIC INTEGRATION TECHNOLOGIES LTD (contd)**

BE IT RESOLVED, That as a component of his University compensation and as an incentive to the performance of research which will benefit the University and the citizens of the State of Ohio, Dr. Lambowitz will be afforded the opportunity to hold an equity interest in Genetic Integration Technologies LTD and to use University facilities in connection with the research conducted by Genetic Integration Technologies LTD on terms acceptable to the Vice President for Research; and

BE IT FURTHER RESOLVED, That the Vice President for Research and the Vice President for Business and Administration be authorized to enter into agreements with Genetic Integration Technologies LTD pursuant to Board Resolutions 96-125 and 96-126 upon submission by Genetic Integration Technologies LTD of a business plan acceptable to the Technology Transfer Oversight Committee.

Provost Sisson:

I would like for you to take particular note of a substantial restructuring that we do bring for your approval today and that is that the College of Education -- which was formerly composed of five units -- is now composed of three units. But more than that, these units are devoted to the principle future directions of learning and teaching that this College wants to take.

I would particularly like to single out: Daryl Siedentop, Associate Dean and former Chair of the Faculty Council at the time that most of the work was done; Susan Sears, Associate Dean -- they are right over here in front and center next to the Dean, Nancy Zimpher, who is the leader of all of this; Pat Magee, who represents the A&P staff of the College; Betsy Tannehill, who is representing the Civil Service staff; and Tonette Rocco, who is representing the students of the College and where you have accomplished quite an extraordinary thing.

ADMINISTRATIVE REORGANIZATION OF THE COLLEGE OF EDUCATION

Resolution No. 96-143

WHEREAS the Provost has called upon the colleges of The Ohio State University to consider their current administrative organization and suggest any restructuring deemed necessary; and

WHEREAS the College of Education has developed a statement of vision and core values to guide its future; and

WHEREAS the College of Education has considered alternatives and proposed a restructuring plan that has the approval of the faculty of the College; and

WHEREAS the College of Education has proposed reorganizing from four departments and a school into three schools; and

WHEREAS the proposed administrative reorganization of the College of Education has the approval of the Council on Academic Affairs, and was approved by the University Senate at its May 4, 1996 meeting:

NOW THEREFORE

ADMINISTRATIVE REORGANIZATION OF THE COLLEGE OF EDUCATION (contd)

BE IT RESOLVED, That the College of Education be reorganized from four departments and a school into three schools: the School of Physical Activity and Educational Services, the School of Teaching and Learning, and the School of Educational Policy and Leadership, effective immediately.

UNDERGRADUATE MAJOR IN SOIL SCIENCE

Resolution No. 96-144

Synopsis: Establishment of an undergraduate major in Soil Science in the School of Natural Resources is proposed.

WHEREAS a specialization in Soil Science was previously offered in the Department of Agronomy; and

WHEREAS the Soil Science faculty and program were relocated to the School of Natural Resources as a result of restructuring in the College of Food, Agricultural, and Environmental Sciences; and

WHEREAS Soil Science majors are offered at other major land-grant universities in the U.S.; and

WHEREAS the proposed Soil Science major will be the only one offered in the State of Ohio; and

WHEREAS the proposed major satisfies all relevant School, College, and University rules and guidelines; and

WHEREAS the establishment of an undergraduate major in Soil Science in the School of Natural Resources has the approval of the Council on Academic Affairs, and was approved by the University Senate at its May 4, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the proposal to establish an undergraduate major in Soil Science in the School of Natural Resources is hereby approved, effective upon approval by the Board of Regents.

NAMING OF BUILDING

Resolution No. 96-145

Synopsis : Naming of the Marion Student Center, 1463 Mt. Vernon Avenue, Marion, Ohio, on the Ohio State-Marion campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President, the President's Executive Committee, and the Marion Campus Board of Trustees, it has been proposed that the Marion Student Center at 1463 Mt. Vernon Avenue, Marion, Ohio, be named "The George H. Alber Student Center," to reflect Mr. Alber's long-time support of the university and particularly the Marion Campus since his graduation from the university in 1929; and

WHEREAS Mr. Alber has given \$600,000 to date to the Marion Campus, including funds for an endowed scholarship fund, the construction of the Alber Bell Tower, and most recently, a large gift to start a new business initiative to help economic development in Marion and surrounding counties; and

NAMING OF BUILDING (contd)

WHEREAS Mr. Alber has generously provided for the future development of the Marion Campus beyond his lifetime through the creation of a trust. The annual income from the trust will provide in excess of \$500,000 (10 percent of the current campus budget) in perpetuity, and will most likely increase in size. These funds will be used for additions to the Dorothy and George H. Alber Scholarship Fund and for a new fund to enhance the campus of Ohio State-Marion; and

WHEREAS future improvements to the Student Center made possible by income from the campus enhancement fund will benefit students of both Ohio State-Marion and the Marion Technical College who share the facility; and

WHEREAS Mr. Alber, a long-time resident of Marion, has distinguished himself as a supporter of higher education, and is respected for his commitment to the community:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned Marion Student Center shall be named "The George H. Alber Student Center."

HONORARY DEGREE

Resolution No. 96-146

Synopsis: The awarding of an honorary degree to Barbara Reynolds is recommended for approval.

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of an honorary degree as listed below:

Barbara Reynolds

Doctor of Humane Letters

NOW THEREFORE

BE IT RESOLVED, That the above honorary degree be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

PERSONNEL ACTIONS

Resolution No. 96-147

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the May 3, 1996 meeting of the Board, including the following Appointments/Reappointment, Change in Title, Reappointment of Principal Administrative Officials, Professional Improvement Leaves, Promotions, Tenure, and Reappointments, and Emeritus Title as detailed in the University Budget be approved and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved April 25, 1996, by the Hospitals Board be ratified.

PERSONNEL ACTIONS (contd)

Appointments

Name: ROBERT GOLD
Title: Acting Dean
College: Mathematical and Physical Sciences
Term: July 1, 1996 through June 30, 1997
Salary: \$109,296.00
Present Positions: Associate Dean, College of Mathematical and Physical Sciences and Professor, Department of Mathematics

Name: GEOFFREY PARKER
Title: Professor (The Andreas Dorpalen Designated Professorship in European History)
Department: History
Effective: February 1, 1997
Salary: \$120,000.00
Present Position: Robert A. Lovett Professor of Military and Naval History, Yale University

Reappointment

Name: GERALD M. REAGAN
Title: Secretary of the University Senate
Office: Academic Affairs
Term: October 1, 1995 through September 30, 1998
Salary: N/A

Change in Title

Name: JAMES F. DAVIS
Title: Acting Associate Provost and Director for University Technology Services
Office: Academic Affairs
Term: July 1, 1996 through June 30, 1997
Salary: \$108,807.60
Present Position: Interim Director, University Technology Services

Reappointment of Principal Administrative Officials

JOSEPH A. ALUTTO, Dean, The Max M. Fisher College of Business, effective March 1, 1996 through June 30, 2001, pursuant to rule 3335-3-17 of the Administrative Code.

BOBBY D. MOSER, Executive Dean, College of Food, Agricultural, and Environmental Sciences, and Vice President, effective July 1, 1996 through June 30, 2001, pursuant to rule 3335-3-17 of the Administrative Code.

MAC A. STEWART, Dean, University College, effective July 1, 1996 through June 30, 2001, pursuant to rule 3335-3-17 of the Administrative Code.

Professional Improvement Leaves

J. BROOKS BREEDEN, Professor, Austin E. Knowlton School of Architecture, effective Autumn Quarter 1996.

PAUL E. YOUNG, Professor, Austin E. Knowlton School of Architecture, effective Spring Quarter 1997.

June 6, 1996 meeting, Board of Trustees

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

MICHAEL L. DAY, Associate Professor, Department of Animal Sciences, effective July 22, 1996, through April 22, 1997.

MARCIA DICKSON, Associate Professor, Department of English (Marion Campus), effective Spring Quarter and Autumn Quarter 1996.

DOUGLAS E. GRAF, Associate Professor, Austin E. Knowlton School of Architecture, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

CATHERINE A. HEANEY, Assistant Professor, School of Public Health, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

Professional Improvement Leaves--Correction in Dates

GREGORY A. CALDEIRA, Professor, Department of Political Science, correct leave from Autumn Quarter 1994, Winter Quarter and Spring Quarter 1995, to Autumn Quarter 1994.

ANTON F. SCHENK, Professor, Department of Geodetic Science and Surveying, correct leave from Autumn Quarter 1994, Winter Quarter and Spring Quarter 1995, to Winter Quarter, Spring Quarter, and Autumn Quarter 1995.

Promotions, Tenure, and Reappointments

COLLEGE OF PHARMACY

PROMOTION TO PROFESSOR

Robert A. Buerki - effective 7/1/96

Emeritus Title

ROBERT M. DUNCAN, Office of the Board of Trustees, with the title Vice President and Secretary Emeritus, effective June 8, 1996.

RESOLUTIONS IN MEMORIAM

Resolution No. 96-148

Synopsis: Approval of two Resolutions in Memoriam are proposed.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

Richard L. Rudy

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 21, 1996, of Dr. Richard L. Rudy, Professor Emeritus in the College of Veterinary Medicine.

Following graduation in 1943 from The Ohio State University College of Veterinary Medicine, Dr. Rudy accepted the position of instructor of large animal surgery at the College, followed by small animal surgery in 1947. Due to the small number of veterinary faculty in the 1940's, Dr. Rudy taught quite a number of courses in his early career and developed the first course in radiology at the College in

RESOLUTIONS IN MEMORIAM (contd)

Richard L. Rudy (contd)

1945. He also performed the first cataract removals, glaucoma, and corneal surgeries, the first repairs of PDA's pulmonic stenosis and persistent right aortic arch, thoracic duct ligation, total and subtotal lung lobectomies, and removal of foreign bodies from the esophagus. In the early 1950's, Dr. Rudy was introduced to the Paatsama technique, a revolutionary treatment for anterior cruciate ligament repair in dogs, and traveled throughout the U.S. to teach other veterinarians this new technique. In 1957 he was named professor and head of the Department of Veterinary Surgery and Radiology. In the 1960's Dr. Rudy researched and developed skull and mandible surgical techniques. He retired from The Ohio State University in 1985 but continued to perform referral surgery throughout the state.

Dr. Rudy was a member of the organizing committee for the American College of Veterinary Surgeons and was its second president. He is past president of the Ohio Veterinary Medical Association and was named "Veterinarian of the Year" in 1980 by the American Animal Hospital Association.

On behalf of the University community, the Board of Trustees expresses to the family of Dr. Rudy its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board in Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Junius F. Snell

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on February 9, 1996, of Dr. Junius F. Snell, Professor Emeritus in the Department of Biochemistry.

Dr. Snell was born in Lovell, Wyoming, on February 6, 1921. He attended Idaho State University for two years and then received his B.S. degree from the University of Texas. He received his doctorate at the University of Wisconsin.

Dr. Snell was Director of Research at the Pfizer Therapeutic Institute in Maywood, New Jersey, where he carried out research on the development of antibiotics. Dr. Snell was appointed at Ohio State in 1961 and served on the faculty of the Department of Biochemistry for 31 years.

Dr. Snell was a devoted teacher and researcher. He loved classical music and was an avid pianist, and also excelled in tennis and ice skating. Upon retirement, he remained a resident of Columbus, but often traveled to California, Texas, and other distant points.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Snell its deepest sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Shumate, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

Mr. Brennan:

Excuse me, Mr. Chairman, before we go on, I would like to comment on the naming of the building at the Marion Campus that has been identified in our resolution. I just want to say that we don't often enough pay attention to our Regional Campuses, which are a major asset to this University. More importantly, each of us who sits on those Boards is, I think, enormously impressed with the tremendous pride

June 6, 1996 meeting, Board of Trustees

these various campuses take in themselves in being a part of The Ohio State University.

This particular honor is most noteworthy because this individual has been so substantially supportive of Marion Campus and I just wanted to personally make the comment that I am glad that he is being so identified. We are as proud of them as they are of us.

Mr. Wexner:

Thank you, so noted.

Mr. Celeste:

As a follow-up to David's comment, I would like to thank everybody that was involved in helping to put together the video conference yesterday. The video conference allowed us to get a little bit closer to the extended campuses and we had a very effective dialogue.

--0--

RESEARCH FOUNDATION REPORT

Mr. Celeste:

I would like to call on Vice President Hayes to present the Research Foundation Report.

Dr. Edward Hayes:

You have a copy of the April report on Grants and Contracts. A couple of points that I'd make today is that we continue to be below where we were last year in terms of expenditures and in terms of award dollars. Most of this is related to the shutdown of the Federal Government and we expect that, based on conversations that we are having with other research universities, it will be another six months before this works its way out of the system.

We continue to be pleased with the growth in funding from private industry, which is up 48 percent in terms of new awards this year, and there are a number of projects which I would recommend to your reading under Tab 3. At this point, it would be appropriate for a motion to accept the projects listed in the report. Thank you.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 96-149

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for April 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

REPORT OF RESEARCH CONTRACTS AND GRANTS (contd)

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of April 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Smith:

I am very happy to welcome both Tami Longaberger Kaido and Mark Berkman as new Trustees and members of the Student Affairs Committee. I look forward to working with them during the coming year.

Today I'm also pleased to present two Board expressions of appreciation. The Board would like to express its appreciation to both John D. Wilhelm and Kevin Sheriff for their outstanding contributions of leadership and service to The Ohio State University, and wish to convey to both John and Kevin our best wishes for success in the future. Thank you very much for your service.

**EXPRESSION OF APPRECIATION
KEVIN V. SHERIFF**

Synopsis: The Student Affairs Committee recommended an Expression of Appreciation to Kevin Sheriff.

WHEREAS Kevin Sheriff, an undergraduate student majoring in political science, has diligently served this past year as President of the Undergraduate Student Government; and

WHEREAS giving generously of his time, Kevin has represented the diverse interests of the undergraduate students in an exemplary manner; and

WHEREAS Kevin has worked tirelessly in order to bring matters and concerns of special interest to undergraduate students to the attention of this Board; and

WHEREAS he has been an outstanding representative of the undergraduate students on many University committees, including the Student Activity Fee Review Committee, the NCAA Athletic Certification Steering Committee, the Campus Campaign Steering Committee, and the Ohio Student Aid Commission Advisory Board; and

WHEREAS in his capacity as President of the Undergraduate Student Government Kevin has carried out his duties with a high degree of integrity and professionalism and has earned the respect and regard of the faculty, staff, and students with whom he has interacted:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses its appreciation to Kevin Sheriff for his outstanding contributions of leadership and service to The Ohio State University, and wishes to convey to him its best wishes for success in the future.

**EXPRESSION OF APPRECIATION
JOHN D. WILHELM**

Synopsis: The Student Affairs Committee recommended an Expression of Appreciation to John D. Wilhelm.

WHEREAS John D. Wilhelm, a Ph. D. student in the School of Public Policy and Management, has diligently served this past year as President of the Council of Graduate Students; and

WHEREAS he has given generously of his time to represent the diverse interests of the graduate students in an exemplary manner; and

WHEREAS John has worked tirelessly in order to bring matters and concerns of special interest to graduate students to the attention of this Board; and

WHEREAS he has been an outstanding representative of the graduate students on many University committees, including the Provost's Advisory Committee, the Council on Student Affairs, the University Senate Steering Committee, the Council on Research and Graduate Studies, the NCAA Athletic Certification Steering Committee, and the Campus Campaign; and

WHEREAS in his capacity as President of the Council of Graduate Students John has carried out his duties with a high degree of integrity and professionalism and earned the respect and regard of the faculty, staff, and students with whom he has interacted:

NOW THEREFORE

BE IT RESOLVED, That this Board expresses its appreciation to John D. Wilhelm for his outstanding contributions of leadership and service to The Ohio State University, and wishes to convey to him its best wishes for success in the future.

Mr. Kevin Sheriff:

Before sitting down, I accept both this award, as well as the previous award --The Things Gone Right Award -- on behalf of a number of people -- students first and foremost, but a number of all of you as well have made this possible. I thank you very much and have greatly enjoyed working with all of you.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith:

Today also marks the first meeting for our new student government leaders. I would like to briefly introduce them and ask them to stand: John Carney is the newly elected Undergraduate Student Government President and is a second-year student majoring in criminology. Congratulations and welcome. Kelly Hay is the newly elected President of the Council of Graduate Students and is a doctoral candidate in the Department of Communications. Congratulations and welcome to you as well.

During the coming year, the Student Affairs Committee plans to take an active role in substantial student issues that affect the quality of the student experience at Ohio State both in and out of the classroom. The underlying theme of the Student Affairs Committee is viewing the student as the University's primary customer.

This morning, Vice President Shkurti provided the Student Affairs Committee with an update on the one percent student set-aside. The administration has been committed to the idea that this one percent tuition set-aside should go

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith: (contd)

towards programs that directly benefit students. The Committee did not reach a final recommendation concerning the allocation of the one percent set-aside, but we look forward to hearing from Vice President Shkurti and obtaining additional information at the July Student Affairs Committee Meeting.

I would like to share briefly several viewpoints that were expressed at the Committee meeting this morning. Several members of the Committee believe that the one percent set-aside should emphasize implementation of the CUE proposals -- specifically academic advising, career counseling, Larkins, and student programming are all critical areas at Ohio State in need of additional resources. While we believe that academic computing should be a priority at the University, we do not support allocating nearly 50 percent of the set-aside towards academic computing. Ohio State students have continually expressed their concerns about the lack of adequate academic advising, and career services and counseling.

In addition, students have voiced their concerns over the need to improve recreational facilities and student programming opportunities. We have heard what the student customer wants and I believe that we need to listen. The one percent set-aside provides us with a unique opportunity to enhance academic and non-instructional services that would improve the student experience here at Ohio State.

I would like to commend the administration on the increased amount of student input concerning the set-aside this year. I believe that this was a step in the right direction -- a direction of being more accountable to student needs and concerns at The Ohio State University.

Finally this morning, the Committee also heard about the student health insurance plan from Mary Daniels. The plan aims to meet the healthcare needs of the University's student population. I would note the attendance of many members of the Student Health Insurance Committee, which developed this proposal, and I would thank them for attending the meeting.

Mr. Chairman, I would like to present the 1996-1997 Student Health Insurance Plan for the Board's approval and consideration. The Student Affairs Committee recommended that this plan be approved.

**STUDENT HEALTH INSURANCE
PLAN YEAR 1996-97**

Resolution No. 96-150

WHEREAS this Board awarded the insurance contract to Central Benefits Mutual Insurance Company following a competitive bid process, effective Autumn Quarter 1989 for an initial two (2) year term, subject to renewal thereafter; and

WHEREAS the University now has the opportunity to seek renewal of the program with the current carrier or competitively bid the insurance program; and

WHEREAS the current carrier, Central Benefits Mutual Insurance Company, has offered renewal rates that are very competitive in the insurance market and appropriate to our history of claims experience; and

WHEREAS the Student Health Insurance Company obtained the assistance and expertise of Stephen L. Beckley & Associates, a nationally recognized student insurance consulting firm; and

**STUDENT HEALTH INSURANCE
PLAN YEAR 1996-97 (contd)**

WHEREAS after consideration of the expressed needs and concerns of the students who purchase the insurance, the Student Health Insurance Committee of the Council on Student Affairs has recommended -- and the full Council has ratified that recommendation -- that the current contract be renewed at the specific rates to provide the existing benefits plus benefit improvements to include:

- (a) Adding the newly created OSU Urgent Care Clinic to the plan's OSU preferred provider network comprised of Student Health Services, OSU Hospitals, OSU Physicians Provider Care Network, and MedOHIO urgent care facilities;
- (b) Improving the prescription benefit under the self-insured portion of the plan;
- (c) Adding seven (7) days of coverage prior to a school term starting for all new plan enrollees;
- (d) Holding realignment of rates for the various insured groups flat to help keep family coverage affordable; and

WHEREAS this plan is full funded by student premiums and will be available on an optional basis to all registered students for the following proposed Quarterly Premium Rates:

<u>Classification</u>	<u>Current Quarterly Rates 1995-96</u>	<u>Proposed Quarterly Rates 1996-97</u>
Student	\$177	\$188 (6.2% ^)
Student & Spouse	\$483	\$513 (6.2% ^)
Student & Children	\$525	\$557 (6.1% ^)
Student, Spouse, & Children	\$831	\$881 (6.0% ^)

Appropriate rates have also been derived from the quarterly rate for students on a semester system, and for periods of continuing coverage while not registered as a student.

NOW THEREFORE

BE IT RESOLVED, That Central Benefits Mutual Insurance Company be approved for renewal of the Student Health Insurance Contract effective Autumn Term 1996, for a period of one (1) academic year. The contract will provide the benefits now available under the terms of the 1995-96 contract together with the aforementioned benefit improvements.

Upon motion of Mr. Shumate, seconded by Mr. Patterson, the Board of Trustees adopted the foregoing resolution with eight affirmative votes, cast by Messrs. Wexner, Shumate, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT

Mr. Skestos:

Mr. Chairman, our Committee met earlier this morning and we heard several reports including the Endowment report, update on the Ohio Union renovation, 1997 Budget, and a presentation on Planned Giving. At this time, I would like to call on Jim Nichols, our Treasurer, to present his report.

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT (contd)

Mr. Jim Nichols:

Thank you, Mr. Chairman. This report is for the period April 19 through May 17. Market value on May 17 was at \$651 million, which is another all-time high. This is approximately \$20.8 million above the number I reported to you last month. The market value of the equity portion increased \$21.6 million, while the fixed income portion decreased \$400,000. Net new additions to the Endowment for May totaled \$500,000.

Since July 1, the Endowment Fund has increased \$95.2 million, including net new additions of \$24.4 million. Current asset allocation is 69 percent in equities, 21 percent in fixed income, 7 percent in real estate, and 3 percent in cash. That concludes my report, Mr. Chairman.

Mr. Skestos:

Any questions for our Treasurer? If not, I would now like to call on Jerry May, Vice President for Development.

Mr. Jerry May:

Thank you very much, Mr. Skestos. The Development Report is in your book under the Development tab. I think the increase that we have continued to have this year is a result of a lot of hard work from a lot of people. Let me highlight just three things that I would like you to know about. One of them is Student Financial Aid is fast approaching \$10 million in new money this year and that continues to go up very well -- up 35 percent over the same period last year.

You will also notice in the list of gifts that there are a number of new gifts and new funds. Rather than just talk about numbers all the time, I'd like to make sure that we put a face on some of these numbers. I'd like to tell you about two people that are listed in there. One of them is Isabelle Perry of Sylvania, Ohio, who President Gee and a number of people have visited over the past few years. Isabelle received a Bachelor of Science degree in Biological Sciences in 1943.

She has just established a \$500,000 Charitable Remainder Trust for the benefit of merit scholarships. I should say, parenthetically, it seems that the merit scholarship initiative continues to capture the imagination and the intention of a lot of donors at the University. With this support, they will establish the David and Isabelle Perry Merit Scholarship Fund in honor of her and her late husband who also graduated from Ohio State. He graduated with a Bachelor of Science in Business Administration in 1942.

The second one I would like to tell you about is a couple who has given both in their lifetimes and after their lifetimes. I have mentioned their names a couple of times, but they are going to be very common household names and very special here at The Ohio State University, and they are Ralph and Helen Kurtz. Ralph had a Bachelor's Degree in Engineering in 1923, and they were a gracious couple from Coshocton, Ohio, who loved Ohio State and did not have children.

In their lifetime, they gave or are responsible for over \$7 million in support for faculty endowed chairs. With their most recent gifts through their estate -- they both passed away in the last year and a half -- they have now provided a total of \$12 million to The Ohio State University for Endowed Chairs and Endowed Professorships. In fact, these are seven endowed chairs in the College of Medicine, the Fisher College of Business, and the College of Engineering. It is an extraordinary gesture from lifetime partners, and I think it should be highlighted

June 6, 1996 meeting, Board of Trustees

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT (contd)

Mr. May: (contd)

and noted. You will hear more about them over a period of time, but they are a very special couple.

Mr. Skestos, at this time, I would like to ask you to present to the Board of Trustees for approval: one designated professorship, one named endowed chair, fourteen new named endowed funds and the revision of one endowed fund. The gifts received in the Endowment this month are \$4,364,000.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 96-151

Synopsis: The report on the receipt of gifts and the summary for April 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding levels have been reached to establish The Ralph W. and Helen Kurtz Chair in Pathology, and The Andreas Dorpalen Designated Professorship in European History; and

WHEREAS this report includes the establishment of fourteen (14) new named endowed funds and amendments to one (1) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of April 1996 be approved.

Total	\$54,593,885	\$73,047,467	34%

NOTES

- A Overall individual giving this year is running 71% ahead of last year for the July-March reporting period. Alumni have given \$14 million more during the July-April period this year than last, highlighted by eight gifts of \$1 million or more totaling \$12.3 million. Non-alumni giving is also running about \$3 million ahead of the same period last year. The largest gift from a non-alumnus is \$1.2 million.
- B Corporate giving is up slightly (8%). Last year there were 444 corporations providing private support of \$10,000 or more (\$15.7 million). This year private support at the \$10,000 level is \$17.5 million (441 corporations).
- C Gifts of \$10,000 or more from private foundations total about \$300,000 million more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are down about \$600,000 this year for the July-April period.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED DESIGNATED PROFESSORSHIP

The Andreas Dorpalen Designated Professorship in European History

The Andreas Dorpalen Designated Professorship in European History was established June 6, 1996 by the Board of Trustees of The Ohio State University with gifts of \$37,500 per year for five years from the alumni of the College of Humanities. Dr. Andreas Dorpalen, a member of the History Department for many years, was a distinguished scholar and the author of several notable works on modern Germany. He was, indeed, one of the most distinguished scholars to ever hold a tenured position in the Department of History.

The annual gifts shall be used to provide support for the work of a Professor in European History recommended by the Dean of the College of Humanities through the Senior Vice President for Academic Affairs and Provost and approved by the Board of Trustees.

The Designated Professorship may be renewed at the prevailing amount and term at the time of renewal.

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Howard D. Winbigler Memorial Fund in the College of Engineering

The Howard D. Winbigler Memorial Fund in the College of Engineering was established June 6, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Howard D. Winbigler (B.M.E. '15) of Ashland, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to commemorate Howard D. Winbigler and his desire to advance the quality of teaching and research within the University's College of Engineering. The Dean of the College of Engineering will be responsible for allocating these discretionary earnings in ways to enhance the College.

It is the desire of the donor that this fund should benefit the College of Engineering in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$963,187.50

The Wayne Woodrow Hayes Professorship Fund in National Securities Studies

The Wayne Woodrow Hayes Professorship Fund in National Securities Studies was established June 6, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the family and friends of Woody Hayes.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates. At a point when the fund reaches \$500,000.00 from gifts and additions, the University will establish the Wayne Woodrow Hayes Professorship.

June 6, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Wayne Woodrow Hayes Professorship Fund in National Securities Studies (contd)

The annual income shall be used to support the Wayne Woodrow Hayes Professorship Fund in National Securities Studies. Appointment to the Hayes Professorship will be made upon recommendation of the director of the Mershon Center and with approval of the University Board of Trustees. The annual income shall be returned to the principal until the fund reaches \$500,000.00 and the professorship is established.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$352,317.40 (Grandfathered)

The Pharmacia & Upjohn Endowed Fund in the Pharmaceutical Sciences

The Pharmacia & Upjohn Endowed Fund in the Pharmaceutical Sciences was established June 6, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Pharmacia, Inc.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support educational and research initiatives and graduate student fellowship support within the pharmaceutical sciences at the College of Pharmacy and the Health Sciences Center at the University. In the event that it becomes necessary to invade the principal to meet the above objectives, the Dean of the College of Pharmacy may do so at his/her discretion. However, the principal of the fund shall not fall below \$25,000.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$60,000.00

The Kroger Food and Drug Scholarship Fund in Pharmacy

The Kroger Food and Drug Scholarship Fund in Pharmacy was established June 6, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Kroger Food and Drug/Columbus Marketing Area, Westerville, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarships in varying amounts to deserving students in the College of Pharmacy, based on criteria established by the College of Pharmacy Scholarship Committee. The scholarship recipient(s) shall be determined by the Dean of the College of Pharmacy or his or her designee in consultation with the University Committee on Student Financial Aid.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Kroger Food and Drug Scholarship Fund in Pharmacy (contd)

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$30,000.00

Hocking County 4-H Endowment Fund

The Hocking County 4-H Endowment Fund was established June 6, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Hocking County 4-H Committee and other friends of the Hocking County 4-H Program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from this fund shall be used to support the County 4-H Program. This support may include but is not limited to the funding of scholarships and awards for 4-H members; volunteer leaders and friends of 4-H; sponsoring seminars and programs; purchasing material for services that will supplement 4-H programming or increase the visibility and public support for the 4-H in Hocking County. All expenditures from this fund shall be approved by the Hocking County 4-H Committee.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees with preference being given to the recommendations from the appropriate administrative official of the University who is the Director for Ohio State University Extension in consultation with a committee representing the local 4-H donors.

\$23,575.00 (Grandfathered)

The Mabel M. Sarbaugh 4-H Scholarship Endowment Fund

The Mabel M. Sarbaugh 4-H Scholarship Endowment Fund was established June 6, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Mabel M. Sarbaugh, Columbus, Ohio, friends and colleagues.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to establish one \$1,000 scholarship (unless the income warrants a second scholarship of the same amount) to be awarded annually to a 4-H member who is a senior in high school during the year of application. Applicants must be committed to a profession in Human Ecology and planning to enroll as a freshman autumn quarter of the current year at The Ohio State University, Columbus campus, or any of its regional campuses. The scholarship is to be equally awarded for 3 consecutive quarters providing the recipient maintains a minimum GPA required for admission to the College of Human Ecology. Selection shall be made by the Ohio 4-H Awards Selection Committee in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees with strong preference being given to the recommendation of The Ohio State University Extension Assistant Director, 4-H, or her/his successor, in order to carry out the desire of the donors.

\$22,500.00 (Grandfathered)

Glendine Huggins Wadlington Memorial Fund

The Glendine Huggins Wadlington Memorial Fund was established June 6, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from family, friends and co-workers in memory of Glendine Huggins Wadlington.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be divided with 50% to the Ohio 4-H Support Fund for service to developmentally disabled youth; and 50% to the College of Education to provide scholarships or financial aid to one or more students from Preble County with financial need who are preparing for teacher certification in special education of, but not limited to, developmentally challenged or gifted youth. Recipients should have demonstrated strong character and outstanding service to school and community. The selection will be administered by the College of Education in consultation with the University Committee on Student Financial Aid. Unused income shall be invested into the principle.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer and in consultation with a member of the family in order to carry out the desire of the donors.

\$18,950.86 (Grandfathered)

The Stadium Scholarship Dormitory Founder's Endowment Fund

The Stadium Scholarship Dormitory Founder's Endowment Fund was established June 6, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from students, alumni and friends of the Stadium Scholarship Dormitory.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide assistance which enables the Stadium Scholarship Dormitory to attract outstanding eligible students and to retain their residency; to support the implementation of the Stadium Scholarship Dormitory's virtues of scholarship, cooperation and community spirit; and to create and promote a positive, supportive and thriving educational community of Dormitory residents and alumni. Recommendations for the expenditure of income shall be made by the Board of Governors of the Stadium Scholarship Dormitory Alumni Society and approved by the director of Residence and Dining Halls.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

\$15,264.13 (Grandfathered)

CHANGE IN DESCRIPTION OF NAMED FUND

The Gerry D. Guthrie Scholarship Award

The Gerry D. Guthrie Scholarship Award was established December 4, 1987 by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Mrs. Cecile Guthrie, George P. Guthrie, Jr., and a matching gift from Rockwell International Corporation Trust. The description was revised June 6, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to present The Gerry D. Guthrie Scholarship Award to an incoming undergraduate honors student majoring in History. Selection of the student will be made by the designated Scholarship Committee in the Department of History, in consultation with the University Committee on Student Financial Aid. If the Scholarship Committee deems that no student qualifies for the award in a particular year, the scholarship does not have to be awarded and the income will be reinvested into the principal of the endowment.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, with preference being given to the recommendations from the appropriate administrative official of the University who is then directly responsible for the College of Humanities, in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED CHAIR

The Ralph W. and Helen Kurtz Chair in Pathology

The Ralph W. and Helen Kurtz Chair in Pathology was established June 6, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the estate of Ralph W. Kurtz (B.M.E. '23) and Helen C. Kurtz of Tampa, Florida.

The annual income shall provide for a Chair position to exclusively support the advancement of medical knowledge in the field of pathology, both basic and clinical research, in the College of Medicine. The position shall be held by a nationally eminent faculty member as recommended by the Chairperson of the Department of Pathology to the Dean of the College of Medicine. In consultation with the Vice President for Health Sciences, the appointment will be recommended to the Provost and

approved by the Board of Trustees. The activities of the endowed chair holder shall be reviewed no less than every five years by the Dean to determine compliance with the intent of the donors as well as the academic research standards of the University.

\$1,500,000.00

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The Ralph W. and Helen Kurtz Research Fund

The Ralph W. and Helen Kurtz Research Fund was established June 6, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the estate of Ralph W. Kurtz (B.M.E. '23) and Helen C. Kurtz of Tampa, Florida.

The annual income shall be used to support the Helen C. Kurtz Chair in Neurology, the Ralph W. Kurtz Chair in Hormonology, and the Ralph W. and Helen Kurtz Chair in Pathology as recommended by the Dean of the College of Medicine. The income may support, but is not limited to, scientific supplies, equipment, salaries for research personnel, and activities required for quality medical research and education.

\$1,100,000.00

The Helen M. and Milton O. Lee Fellowships Fund

The Helen M. and Milton O. Lee Fellowships Fund was established June 6, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for support of the College of Biological Sciences from the estates of Helen M. (B.A., History, '23) and Milton O. Lee (B.A., Zoology, '23; M.A., Zoology, '23 and Ph.D., Physiology, '26).

The annual income shall be distributed to the College of Biological Sciences for fellowships for graduate students to go to the Woods Hole Marine Biological Laboratory, Woods Hole, Massachusetts. Selection of recipients shall be at the sole discretion of the dean of the College of Biological Sciences.

\$100,000.00

The William B. and Marcia H. Howell Scholarship Fund

The William B. and Marcia H. Howell Scholarship Fund was established June 6, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with a gift from William B. Howell (B.S., Social Adm., '40) and his spouse, Marcia H. Howell, of Vero Beach, Florida.

The annual income shall be used for scholarships for undergraduate students who are academically worthy and/or who display a financial need. Recipients will be selected by the Director of Student Financial Aid, in consultation with the University Committee on Student Financial Aid.

June 6, 1996 meeting, Board of Trustees

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT (contd)

Mr. Skestos:

Mr. Chairman, I have several resolutions that I'd like to present to the Board:

INTERIM BUDGET

Resolution No. 96-152

Synopsis: The authorization to make expenditures in 1996-97 is proposed.

WHEREAS having approved fee increases and salary raises, the University has not yet finalized its operating budget for fiscal year 1996-97; and

WHEREAS it is necessary to continue University expenditures, including payment of faculty and staff, prior to the time that the Current Funds Budget for 1996-97 is developed and adopted:

NOW THEREFORE

BE IT RESOLVED, That the University be authorized to make expenditures consistent with the level of resources approved for fiscal year 1995-96 pending adoption of the Current Funds Budget for 1996-1997; and

BE IT FURTHER RESOLVED, That at the regularly scheduled meeting of the Board of Trustees in July 1996, the President will present the Administration's recommendation for the Current Funds Budget for 1996-97.

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS

Resolution No. 96-153

January - March, 1996

Synopsis: Acceptance of the quarterly report on waivers of competitive bidding requirements is proposed.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, and revised on February 7, 1992, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of January - March, 1996; and

WHEREAS during the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 72 waivers of competitive bidding requirements for annual purchases totaling approximately \$7,182,800.00, as shown on the enclosed exhibit:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of January - March 1996, is hereby accepted.

(See Appendix LV for chart, page 1119.)

REPORT OF AWARD OF CONTRACTS

Resolution No. 96-154

JESSE OWENS RECREATION CENTERS IMPROVEMENT

Synopsis: Authorization to accept the report of award of contracts and establishment of contingency funds for the Jesse Owens Recreation Centers Improvement project.

WHEREAS a resolution adopted by the Board of Trustees on December 3, 1993 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects:

(* Recommended alternates included in these amounts)

Jesse Owens Recreation Centers Improvements

This project provides exterior renovations which include removal and replacement of all rotting and mildewed exterior wood, staining and varnishing of the exterior, additional perimeter safety lighting, and modification or replacement of the exterior doors for all three centers. The total project cost is \$1,115,000; funding is provided by House Bills 904 and 790. The completion date is January, 1997. The contract awarded is as follows:

General Contract:	Williamson Builders, Plain City, Ohio
Amount:	\$954,900 *
Estimate:	\$960,467 *
Total All Contracts:	\$954,900 *
Contingency Allowance:	\$79,111
Total Project Cost:	\$1,115,000

NOW THEREFORE

BE IT RESOLVED, That pursuant to the actions previously authorized by the Board, the report of award of contracts and establishment of contingency funds for the Jesse Owens Recreation Centers Improvement project is hereby accepted.

(See Appendix LVI for map, page 1121.)

LEASE OF LAND

Resolution No. 96-155

**CONSTRUCTION OF AN INTERPRETIVE CENTER
AT THE MOLLY CAREN AGRICULTURAL CENTER, LONDON, OHIO
IN COOPERATION WITH THE OHIO DEPARTMENT OF NATURAL RESOURCES**

Synopsis: Authorization to lease land at the Molly Caren Agricultural Center to permit the Ohio Department of Natural Resources to construct a building for joint use is proposed.

June 6, 1996 meeting, Board of Trustees

LEASE OF LAND (contd)

**CONSTRUCTION OF AN INTERPRETIVE CENTER
AT THE MOLLY CAREN AGRICULTURAL CENTER, LONDON, OHIO
IN COOPERATION WITH THE OHIO DEPARTMENT OF NATURAL RESOURCES (contd)**

WHEREAS the College of Food, Agricultural, and Environmental Sciences desires to have an exhibit facility at the Molly Caren Agricultural Center; and

WHEREAS the Ohio Department of Natural Resources has funds necessary to construct a facility at the Molly Caren Agricultural Center that can be used both as an exhibit facility and interpretive center for ODNR soil and water educational programs; and

WHEREAS the College believes this project will enhance the use of the Molly Caren Agricultural Center without a significant cost factor; and that this enhancement will support the University's educational and community service mission; and

WHEREAS the facility will be constructed by the ODNR and the improvements will revert to University ownership at the end of a 15-year lease:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to enter into a 15-year lease with the Ohio Department of Natural Resources at a rental rate of \$1.00 per year to facilitate the construction of the exhibition facility and interpretive center at the Molly Caren Agricultural Center.

(See Appendix LVII for background information and map, page 1123.)

EASEMENT

Resolution No. 96-156

**CITY OF COLUMBUS
FOR STORM SEWER IMPROVEMENT, PHASE II**

Synopsis: Authorization to grant an easement on Twelfth Avenue to the City of Columbus is proposed.

WHEREAS the City of Columbus has requested a 25-year easement consisting of two strips of land, one strip being approximately 20 feet in width starting at the westerly end of the General Biology Annex and traveling easterly a distance of 225 feet; the second strip being approximately 40 feet in width starting in a vicinity near the north end of the Botany and Zoology Building and traveling Twelfth Avenue toward High Street for a distance of approximately 2,775 feet in length for construction of storm sewer line improvements; and

WHEREAS the storm sewer line improvements will benefit the University; and

WHEREAS the appropriate University offices have recommended the approval of this easement:

NOW THEREFORE

June 6, 1996 meeting, Board of Trustees

EASEMENT (contd)

CITY OF COLUMBUS
FOR STORM SEWER IMPROVEMENT, PHASE II (contd)

BE IT RESOLVED, That the Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to his statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for these easements.

(See Appendix LVIII for background information and map, page 1125.)

Upon motion of Mr. Skestos, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

Mr. Wexner:

Before we adjourn the meeting, I would like to thank Bob Duncan, again, for his help as I have observed it. I was particularly touched by your remarks. Many of us have been touched by the University, but not many of us have been able to give as you have and set a wonderful example. I think the examples that Jerry gave of other friends of the University prove how firm Ohio State's friendship is. Maybe we will come and visit you in the Law School.

--0--

Thereupon the Board adjourned to meet Friday, July 12, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Robert M. Duncan
Secretary

Leslie H. Wexner
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND TWENTY-FOURTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, July 12, 1996

The Board of Trustees met at its regular monthly meeting on Friday, July 12, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

July 12, 1996 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on July 12, 1996, at 11:25 a.m. He requested the Secretary to call the roll.

Present: Leslie H. Wexner, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, James F. Patterson, Zuheir Sofia, Tamala Longaberger Kaido, Holly A. Smith, and Mark Berkman.

--0--

ACTING SECRETARY

Mr. Wexner:

Maureen T. Sharkey will be serving as Acting Secretary of the Board until a new Secretary is appointed. She will have all of the powers, duties, etc., of authority that a Secretary should have.

--0--

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, because of the fact that the hour is a little bit long, I will try and keep my remarks short. Let me just say a couple of things, first of all several images stand out in my mind since our last meeting. The first is on the seventh of June handing out diplomas to students from some 80 countries around the face of the earth. Then, one week later, I met Edwin Ngidi who had received his Ph.D. from Ohio State in 1994. Here he is -- out in the middle of South Africa -- teaching people how to improve poultry production and, ultimately, to improve the quality of their lives.

That meeting reminded me that the people who receive those diplomas go on to make an enormous difference in the world that they inhabit. It is the character of Ohio State that many students come to us from afar, sacrifice greatly, and go home to enormous challenges. Armed with their Ohio State degrees, they impact hundreds of thousands of individuals.

I remember also meeting an agricultural engineer in Uganda. I walked into his class, he was wearing an Ohio State hat with a big "O" on it and the first thing that he says to me is "O-H-I-O." What do you say when someone says that to you? These are all snapshots to communicate to you the remarkable -- and I've recalled this on several occasions -- but certainly the spiritual experience that we all had in going to South Africa and Uganda with our great team of academic folks and basketball team, all of whom represented us quite well.

Of course, I can't help mentioning that I received the distinct honor of being named an honorary member of the Hippo Clan in Uganda. The chief gave me the name Ssejjengo. I want to clear up one thing -- the name means "Big Wave," NOT "Big Wind." But, nonetheless, I want you to know that it was a delightful experience.

Earlier this week I was on one of my State Tours, spending three days in the western part of Ohio. On the Rothschild Berry Farm in Urbana, I saw an international specialty gourmet food manufacturing operation based on 170 acres of raspberries and herbs.

The Stadler Farm, also in Urbana, has been designated as the "farm of the future" for our 1996 Field Days in the fall. Featuring advanced technology crop production, the Stadlers' corn and soybean operation is part of the Mad River watershed, and

PRESIDENT'S REPORT (contd)

President Gee: (contd)

their farming techniques are environmentally friendly. The Mad River is Ohio's only cold water trout stream.

So, from a 4-H camp to the Madison County Fair, I saw Ohio State at work for Ohioans.

There are other Buckeyes travelling this summer. The Ohio State Jazz Ensemble, under the direction of Professor Ted McDaniel, is appearing at Jazz Festivals this month in Amsterdam and Montreux, Switzerland. And, while the world comes to America for the Centennial Olympics, Ohio State will be very well represented. Next week, you will see the Ohio State cheerleaders participating in the opening ceremony.

Among the athletes and coaches will be Peter Kormann, U.S. men's gymnastics coach, Miles Avery, assistant U.S. gymnastics coach, and two members of that team: junior Blaine Wilson and Kip Simon -- who, by the way, graduated in June. Nancy Darsch is assistant women's basketball coach. Vince Panzano is our diving coach and Patrick Jeffery and David Pichler are former Buckeye divers who made the U.S. team.

Diver Mary Ellen Clark has a master's from Ohio State, earned while working with Coach Panzano. Coach Russ Hellickson will provide commentary for NBC television coverage of wrestling. In track and field, Butch Reynolds and Joe Greene will be joined by steeplechase runners Mark Croghan and Robert Gary.

Several Buckeye varsity athletes will represent other nations in the games. Rich Jones will run the 400-meter dash for Guyana. Marko Strahija will swim for Croatia. Roger Smith will play tennis for the Bahamas and Gabe Koves will be a member of the Hungarian tennis team. And a number of Ohio State faculty and staff are involved in athletic training, officiating, and facility management.

Of course, I might note, that we have our own Olympian right here, as Tami Longaberger Kaido carried the Olympic torch on its way through Central Ohio! You only stumbled once and embarrassed us none.

The campus is not quiet this summer. We are in the middle of summer orientation for the entering fall class. Our Young Scholars are attending classes and workshops. And this month, we host youngsters in 10th, 11th, and 12th grades for the Summer Institute for the Gifted and Talented in the Arts, the Summer Institute in Engineering, and an Ohio Supercomputer Center program in scientific visualization.

I am delighted that on your agenda today is the appointment of Dr. Alan Goodridge as dean of the College of Biological Sciences. He is one of this nation's notable scholars and headed the Department of Biochemistry -- one of the most distinguished in this country -- at the University of Iowa.

I also want to note the appointment of the dean of the College of Humanities, Kermit Hall, as Executive Dean of Arts and Sciences. Dean Hall, by the way, has done an outstanding job with his college, and will provide strong coordination for the five colleges in Arts and Sciences.

Finally, I want to pay tribute to the former secretary of this board, Madison Scott, who passed away last month. Madison gave long and committed service to The Ohio State University, for many years in personnel services and more recently for this board and with me. Madison participated in the development of the university, seeing the institution through some very, very challenging times. For me, he was,

PRESIDENT'S REPORT (contd)

President Gee: (contd)

and for many, an institutional memory, placing discussions and decisions in their historical context.

Just a few days before his death, Madison's son David received a Master's degree in Public Policy at our June commencement. I know Madison was very proud of his family and, of course, they of him. Madison Scott devoted his professional career to this university and, I know, I speak for his many friends at the university and on this board when I say that he will be missed.

Mr. Chairman, that concludes my report.

--0--

STUDENT RECOGNITION AWARD

Mr. Berkman:

Jennifer Ann Grimes came to The Ohio State University from Eastern High School in Brown County, Ohio. She became involved in service-related activities the moment she set foot on this campus. Jennifer served as a University Ambassador, volunteering her time to recruit top students to Ohio State.

Through The Ohio State University Cooperative Extension Service, she developed and coordinated youth leadership and self-esteem programs throughout southwestern Ohio. In 1993, she received an OSU Presidential Leadership Citation for her efforts.

Jennifer also served The Ohio State University community as a member of Ohio Stater's, as a president of Ohio Stater's, and as a coordinator of the 1992 Ohio Wheelchair Games, which Ohio Stater's sponsors. In 1993, Jennifer won the Edward S. Beanie Drake Student Leader Scholarship, and the very next year she served on the all student-run Scholarship's board of directors overseeing the distribution of the scholarship.

As a member of the Student Alumni Council, she chaired the Survival Kits project -- a fundraiser for SAC -- which enabled parents of Ohio State students to send their sons and daughters care packages to help them make it through finals' week. Jennifer, on behalf of the thousands of students who received those care packages, thank you very much.

The people with whom Jennifer has worked with have yet to find a meeting that she isn't able to attend, an intramural team that she isn't eager to captain, or a committee that she doesn't have time to chair. In fact, many of her friends wonder if she ever had time to go to class. The fact that she is graduating at the end of this summer's quarter with a major in Family Resource Management and Consumer Affairs seems to indicate that indeed she did.

Jennifer Ann Grimes, if you would please come forward, the Board of Trustees of The Ohio State University would like to present you with the Student Recognition Award.

President Gee:

I might note that she is wearing scarlet and gray. In fact, that is the only thing I have ever seen her in!

HOSPITALS BOARD REPORT

Mr. Skestos:

The Professional Affairs/Education/Research Committee and the Executive Committee of the Hospitals Board met on June 27, 1996. The Professional Affairs Committee reviewed a comparison report on hospital-wide quality and/or utilization trends for the period of 1993-1996, as well as an annual evaluation result report. Approved was a revised hospital-wide Clinical Quality Management Committee Plan that now expands the quality programs into the integrated delivery system. There was discussion about the development and implementation of a university-based program to ensure compliance with a recently released federal guideline for teaching physician professional fee billing.

The Executive Committee accepted the annual report of the Hospitals Service Board for 1995-96; approved the April 1996 medical staff appointments/reappointments; and approved a recommendation to the University Board of Trustees for the formation of the Ohio Health Alliance, a not-for-profit corporation, for the purpose of developing and delivering Medicare Choices, a managed care insurance program in collaboration with U.S. Health.

After reviewing a proposed financial forecast of a MedOhio Health Plan product, the Executive Committee approved a loan in the amount of \$600,000 to MedOhio Health, Inc. to be used toward the formation of a Medicaid managed care insurance product. Initiatives to establish a fully licensed acute care specialty hospital within University Hospitals, as well as establishing nursing home options within our continuum of care were discussed.

In addition, the Hospitals is also recommending the appointment of Mary Grose, Associate Director of Clinical Labs, to serve as a trustee on the Labnet of Ohio, Inc. Board of Trustees in her representative capacity for the University:

APPOINTMENT TO LABNET OF OHIO, INC.

Resolution No. 97-1

Synopsis: The Hospitals recommend the appointment of Mary Grose, Associate Director of Clinical Labs, to serve as a Trustee on the Labnet of Ohio, Inc. Board of Trustees in her representative capacity for the University.

WHEREAS the University Hospitals has agreed to participate in Labnet of Ohio, Inc. ("Labnet"), a non-profit Ohio corporation that was formed to offer lab services of its members to managed care companies; and

WHEREAS the University Hospitals, as a member of Labnet, is entitled to appoint one Trustee to the Labnet Board of Trustees; and

WHEREAS the University Hospitals recommends that Mary Grose, Associate Director of Clinical Labs, be appointed as a part of her duties as a University employee to serve as a Trustee on the Labnet Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees of The Ohio State University hereby approves the appointment of Mary Grose to serve as Trustee for Labnet of Ohio, Inc., representing the University in such capacity as part of her official duties and responsibilities to the University and entitling her to any immunity, insurance, indemnity, and representation to which employees of the University now are, or hereafter may be, entitled.

APPOINTMENT TO LABNET OF OHIO, INC. (contd)

Upon motion of Mr. Skestos, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

AGRICULTURAL AFFAIRS COMMITTEE UPDATE

Mr. Patterson:

Mr. Chairman, yesterday Tami and I had a truly unique experience. We had the opportunity to take a canoe trip down the Darby Creeks at the invitation of Bob Moser, Vice President and Executive Dean for the College of Food, Agricultural, and Environmental Sciences. Both creeks are designated as state and federal wild and scenic rivers and are listed by the nature conservancy as one of the last great places in the western hemisphere.

The canoe trip began within the Battelle-Darby Creek Metro Park. With seining nets in hand, and with assistance from the Ohio Department of Natural Resources -- representatives from the Ohio EPA, the Extension Service, and the scenic rivers also assisted us -- we ventured into the creek to do the "Darby Shuffle," which was kicking up mollusks and muck in there and it was a great experience. Many of the samples that we found were very intolerant to pollution and their very existence in the Darby is testimony to the water quality in the creeks.

Further down the creek we stopped at a sand bar in mid-creek to learn about the fish population. The Ohio EPA had done some electro-fishing -- which was new for me -- and collected a wide variety of fish species from Darters to Small Mouth Bass. The diversity of fish collected from this section of the creek was very impressive. The Metro Parks Naturalist and the OSU intern explained the diversity of over 40 species of mussels, including 11 rare or endangered species, that exist in the Darby Creeks.

With the exception of an occasional fisherman and one roadway overpass, it was hard to believe that we were anywhere near a major metropolitan area. A little tired, our feet a little squishy, we finished our Darby adventure with a greater appreciation for the beauty and importance of this natural resource, and OSU's role in the Darby partnership and their dedication to preserving this area for future generations. It truly is a partnership because it is agriculture -- farmers working with naturalists and environmentalists to make something work.

Thank you very much, Mr. Chairman.

Mr. Wexner:

Thank you. Glad your back. I'd like to hear Tami's report on this later.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

As part of the Educational Affairs Committee agenda this morning, we received a report from Dr. Alayne Parson and Professor Randy Smith, which was an update on the current University-wide accreditation review for the North Central Association of Colleges and Universities. This is a very important project for the University in that such a review only occurs every ten years.

EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)

Mr. Shumate: (contd)

In preparation for the report, the Office of Academic Affairs created a faculty, student, and staff steering committee that has begun to gather relevant data and is in the process of beginning to draft an initial report. This report will address how the University completes its three-part mission of instruction, research, and service.

The final report, Mr. Chairman, will be submitted in November of 1996 and a site visit team will be here December 9-11. The Board will be receiving copies of the draft reports, we will be asked to comment on these reports, and, in addition, we will be asked to meet with members of the site visit team in December.

On behalf of the Committee, I would like to recommend the following resolutions to the Board for approval:

RENAMING OF DEPARTMENT

Resolution No. 97-2

WHEREAS the Department of Industrial Design has long been burdened with a name that failed to reflect the breadth of its courses, programs, and scholarship; and

WHEREAS the proposed name does describe adequately the Department's role and functions within the University; and

WHEREAS faculty in that Department have voted in favor of the proposed name; and

WHEREAS related units in the University have been consulted and do not object to the proposed name; and

WHEREAS the proposed name change has the approval of the Council on Academic Affairs, and was approved by the University Senate at its June 1, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the Department of Industrial Design be renamed the Department of Industrial, Interior, and Visual Communication Design.

NEW DEGREE PROGRAM

Resolution No. 97-3

WHEREAS Ph.D. education programs in Nutrition currently occur in three Colleges: Food, Agricultural and Environmental Sciences, Human Ecology, and Medicine; and

WHEREAS consolidation of these programs into a single multidisciplinary, University Ph.D. program in Nutrition will strengthen graduate teaching and research in nutrition, while encouraging efficiency in organization and use of resources; and

WHEREAS the University Ph.D. program in Nutrition will be unique among state-supported universities in Ohio; and

WHEREAS faculty in the three Colleges currently offering Ph.D. programs in nutrition have voted strongly in favor of consolidation, and graduate students have been consulted appropriately; and

NEW DEGREE PROGRAM (contd)

WHEREAS the proposed program will be administered in accordance with all pertinent university rules and guidelines; and

WHEREAS a memorandum of understanding has been filed committing the Colleges of Food, Agricultural, and Environmental Sciences; Human Ecology; and Medicine; and the Graduate School to provide resources to support the proposed program; and

WHEREAS the University Ph.D. program in Nutrition has the approval of the Council on Academic Affairs, and was approved by the University Senate at its June 1, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the proposal to establish a University Ph.D. program in Nutrition is hereby approved, effective immediately.

CREATION OF UNIVERSITY SENATE DIVERSITY COMMITTEE

Resolution No. 97-4

Synopsis: Creation of the University Senate Diversity Committee is recommended.

WHEREAS the integrity and quality of our academic community require both a richly diverse administration, faculty, staff, and student body; and

WHEREAS our vigilant attention is required to assure equitable treatment for all; and

WHEREAS there appear to be overlapping functions of the President's Committee on Diversity and the University Senate Committee on Women and Minorities; and

WHEREAS there appear to be some diversity concerns not dealt with adequately by the Committee on Women and Minorities; and

WHEREAS the Steering Committee of the University Senate in its role as the committee on committees is convinced that there should be a single committee which performs the functions now being performed by the two committees; and

WHEREAS the Committee should be of the appropriate size to be effective and to allow a workable subcommittee structure; and

WHEREAS the Steering Committee is committed to the view that this single committee is properly a standing University Senate Committee; and

WHEREAS the President has agreed that the President's Committee on Diversity be dissolved and at its June 1, 1996 meeting the University Senate approved the recommendation that the University Senate Committee on Women and Minorities be dissolved and that a University Senate Diversity Committee be established as described in the accompanying amendments to the Rules of the University Faculty:

NOW THEREFORE

BE IT RESOLVED, That the recommendation to create the University Senate Diversity Committee is hereby approved.

CREATION OF UNIVERSITY SENATE DIVERSITY COMMITTEE (contd)

Amended Rule

TO BE RESCINDED

~~3335-5-4816 Committee on women and minorities.~~

~~(A) Membership.~~

~~The committee on women and minorities shall consist of thirteen members.~~

~~(1) Six regular faculty selected by the faculty council. The term of service is three years.~~

~~(2) Two staff members.~~

~~(a) One classified civil service staff member appointed by the steering committee from a slate of two nominees provided by the university staff council. The term of service is three years.~~

~~(b) One administrative and professional staff member appointed by the steering committee from a slate of two nominees provided by the university staff council. The term of service is three years.~~

~~(3) Three students.~~

~~(a) One graduate student selected by the council of graduate students. The term of service is one year.~~

~~(b) One professional student selected by the inter-professional council. The term of service is one year.~~

~~(c) One undergraduate student selected by the undergraduate student government. The term of service is one year.~~

~~(4) Two administration members, non-voting.~~

~~(a) The vice provost for minority affairs or designee.~~

~~(b) The vice president for human resources or designee.~~

~~(B) Duties and responsibilities.~~

~~(1) Study, evaluate, and make appropriate recommendations for programs to improve educational, employment, and advancement opportunities for women and minorities at the university.~~

~~(2) Evaluate university affirmative action policy and make appropriate recommendations to the senate, the president, or other interested parties.~~

~~(3) Oversee the administration of affirmative action grants and awards and where appropriate promote similar programs in the area of affirmative action.~~

~~(4) Report from time to time, but at least annually, to the senate on the progress of affirmative action at the university.~~

CREATION OF UNIVERSITY SENATE DIVERSITY COMMITTEE (contd)

Amended Rule (contd)

~~(C) Organization:~~

~~As a standing committee of the senate, this committee is also governed by the provisions of rules 3335-5-46 and 3335-5-48 of the Administrative Code. (B/T 5/1/86, B/T 5/8/87, B/T 2/5/88, B/T 2/3/89, B/T 7/12/91, B/T 2/4/93, B/T 11/4/94)~~

ENACTMENT OF NEW RULE

3335-5-4816 DIVERSITY COMMITTEE.

(A) MEMBERSHIP.

THE COMMITTEE ON DIVERSITY SHALL CONSIST OF SIXTEEN MEMBERS.

(1) EIGHT REGULAR FACULTY WITH STAGGERED TERMS.

(a) SIX REGULAR FACULTY SELECTED BY THE EXECUTIVE COMMITTEE OF THE FACULTY COUNCIL IN ACCORDANCE WITH PROCEDURES SPECIFIED IN PARAGRAPH (B)(2) OF RULE 3335-5-48 OF THE ADMINISTRATIVE CODE. THE TERM OF SERVICE IS THREE YEARS.

(b) TWO REGULAR FACULTY APPOINTED BY THE PRESIDENT. THE TERM OF SERVICE IS THREE YEARS.

(2) THREE STAFF MEMBERS WITH STAGGERED TERMS.

(a) TWO STAFF MEMBERS SELECTED BY THE STAFF ADVISORY COUNCIL. THE TERM OF SERVICE IS THREE YEARS.

(b) ONE STAFF MEMBER APPOINTED BY THE PRESIDENT. THE TERM OF SERVICE IS THREE YEARS.

(3) THREE STUDENTS.

(a) ONE GRADUATE STUDENT SELECTED BY THE COUNCIL OF GRADUATE STUDENTS. THE TERM OF SERVICE IS ONE YEAR.

(b) ONE PROFESSIONAL STUDENT SELECTED BY THE INTERPROFESSIONAL COUNCIL. THE TERM OF SERVICE IS ONE YEAR.

(c) ONE UNDERGRADUATE STUDENT SELECTED BY THE UNDERGRADUATE STUDENT GOVERNMENT. THE TERM OF SERVICE IS ONE YEAR.

(4) TWO ADMINISTRATION MEMBERS, NON-VOTING.

(a) THE SENIOR VICE PRESIDENT AND PROVOST OR DESIGNEE.

(b) THE VICE PRESIDENT FOR HUMAN RESOURCES OR DESIGNEE.

CREATION OF UNIVERSITY SENATE DIVERSITY COMMITTEE (contd)

Amended Rule (contd)

(B) DUTIES AND RESPONSIBILITIES.

THE COMMITTEE SHALL STUDY ISSUES THAT RELATE TO THE IMPLEMENTATION OF THE UNIVERSITY NONDISCRIMINATORY POLICY. IT SHALL RECOMMEND POLICIES THAT FOSTER AN ENVIRONMENT OF CIVILITY, TOLERANCE, AND MUTUAL RESPECT. IT SHALL PERFORM THE FOLLOWING FUNCTIONS WITH APPROPRIATE ADMINISTRATIVE SUPPORT FROM THE OFFICE OF ACADEMIC AFFAIRS AND THE OFFICE OF HUMAN RESOURCES.

- (1) STUDY AND EVALUATE ISSUES AFFECTING DIVERSITY FROM AN OVERALL UNIVERSITY PERSPECTIVE.
- (2) BE INFORMED ON EXTERNAL REQUIREMENTS ON THE UNIVERSITY AFFECTING DIVERSITY.
- (3) ADVISE THE PRESIDENT, THE SENIOR VICE PRESIDENT AND PROVOST, THE VICE PRESIDENT FOR HUMAN RESOURCES, AND THE VICE PRESIDENT FOR STUDENT AFFAIRS ABOUT THE INSTITUTIONAL CLIMATE, POLICIES, AND PRIORITIES FOR ENSURING JUSTICE, FAIRNESS, AND EQUITABLE TREATMENT TO ALL MEMBERS OF THE UNIVERSITY.
- (4) EDUCATE AND INFORM THE UNIVERSITY COMMUNITY ON ISSUES OF DIVERSITY, INCLUDING THE LETTER AND SPIRIT OF ALL OHIO AND FEDERAL RULES REGARDING MEMBERS OF PROTECTED CLASSES.
- (5) OVERSEE ADMINISTRATION OF UNIVERSITY AFFIRMATIVE ACTION GRANTS AND AWARDS.
- (6) REPORT ANNUALLY TO THE UNIVERSITY SENATE.

(C) ORGANIZATION.

- (1) THE COMMITTEE SHALL ELECT A CHAIR FROM AMONG ITS VOTING MEMBERS.
- (2) AS A STANDING COMMITTEE OF THE SENATE, THIS COMMITTEE IS ALSO GOVERNED BY THE PROVISIONS OF RULES 3335-5-46 AND 3335-5-48 OF THE ADMINISTRATIVE CODE.

HONORARY DEGREES

Resolution No. 97-5

Synopsis: The awarding of honorary degrees is recommended for approval.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees awarding of honorary degrees as listed below:

Yousuf Karsh
Walter Mischel
Toni Morrison
Karen Uhlenbeck

Doctor of Humane Letters
Doctor of Science
Doctor of Humanities
Doctor of Science

and

HONORARY DEGREES (contd)

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of an honorary degree as listed below:

George Alber

Doctor of Business Administration

NOW THEREFORE

BE IT RESOLVED, That the above honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

DEGREES AND CERTIFICATES - SUMMER QUARTER COMMENCEMENT

Resolution No. 97-6

Synopsis: Approval of Degrees and Certificates for Summer Quarter is proposed.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on August 29, 1996, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

PERSONNEL ACTIONS

Resolution No. 97-7

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the June 6, 1996 meeting of the Board, including the following Concurrent Appointment, Appointments/Reappointments, Reappointment of Principal Administrative Officials, Leave of Absence Without Salary--Change in Dates, Professional Improvement Leaves, Promotions/Tenure/Reappointments, Emeritus Title, and salary rolls with promotion, as detailed in the University Budget be approved and Medical Staff Appointments (The Arthur G. James Cancer Hospital and Research Institute) approved May 29, 1996, by The Arthur G. James Cancer Hospital and Research Institute Board.

Concurrent Appointment

Name: KERMIT L. HALL
Title: Executive Dean for the Colleges of the Arts and Sciences
Term: July 1, 1996 through June 30, 1999
Salary: N/A
Present Position: Dean of the College of Humanities and Professor

PERSONNEL ACTIONS (contd)

Appointments

Name: ALAN G. GOODRIDGE
Title: Dean, College of Biological Sciences and Professor, Biochemistry
Effective: September 1, 1996
Salary: \$160,008.00

Leaves of Absence Without Salary

YUNG HEE KIM, Associate Professor, Department of East Asian Languages and Literatures, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to accept an appointment at the University of Hawaii.

JAMES TAI, Associate Professor, Department of East Asian Languages and Literatures, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to serve as the founding director of the Graduate Institute of Linguistics at National Chung Cheng University in Taiwan.

JOHN C. PERSONS, Assistant Professor, Department of Finance, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to teach and do research at the University of Michigan.

Leave of Absence Without Salary--Change in Dates

MARY A. ROZNOWSKI, Associate Professor, Department of Psychology, change leave from March 3, 1996, through April 30, 1996, to a Medical Leave of Absence, effective February 1, 1996, through December 31, 1996.

Professional Improvement Leaves

WALTER A. DAVIS, Professor, Department of English, effective Spring Quarter 1997.

EUGENE W. HOLLAND, Associate Professor, Department of French and Italian, and Division of Comparative Studies in the Humanities, effective Winter Quarter and Spring Quarter 1997.

JON A. KROSNICK, Associate Professor, Department of Psychology, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

Professional Improvement Leave--Cancellation

DIETER WANNER, Professor, Department of Spanish and Portuguese, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

PERSONNEL ACTIONS (contd)

Professional Improvement Leave--Cancellation (contd)

MARY A. ROZNOWSKI, Associate Professor, Department of Psychology, effective Autumn Quarter 1996 and Winter Quarter 1997.

Professional Improvement Leave--Change in Dates

MARI R. JONES, Professor, Department of Psychology, change leave from Spring Quarter and Autumn Quarter 1995, to Spring Quarter 1995.

DONALD C. WINFORD, Associate Professor, Department of Linguistics, change leave from Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to Winter Quarter and Spring Quarter 1997.

Promotions, Tenure, and Reappointments

COLLEGE OF ENGINEERING

PROMOTION TO ASSOCIATE PROFESSOR WITH TENURE

Lee C. Potter, Electrical Engineering - effective 10/1/96

LIBRARIES

PROMOTION TO ASSISTANT PROFESSOR AND TENURE

Karen R. Diaz - effective 7/1/96 & 3/4/97

COLLEGE OF VETERINARY MEDICINE
REGULAR CLINICAL

PROMOTION TO ASSISTANT PROFESSOR AND REAPPOINTMENT

Steven B. Thompson, Veterinary Clinical Sciences - effective 7/1/96 and 7/1/97

Emeritus Title

ROBERT E. LAUER, College of Dentistry (Oral and Maxillofacial Surgery), with the title Clinical Associate Professor Emeritus, effective July 1, 1996.

Medical Staff Appointment (The Arthur G. James Cancer Hospital and Research Institute)

April 12, 1995 through June 30, 1997

JAMES C. TOBER, M.D., Associate Attending, Department of Surgery/General

RESOLUTIONS IN MEMORIAM

Resolution No. 97-8

Synopsis: Approval of five Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

RESOLUTIONS IN MEMORIAM (contd)

Eleanor R. Devlin

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 12, 1996, of Eleanor R. Devlin, Associate Professor Emeritus in the University Libraries.

Eleanor Devlin was born February 23, 1913, in Boston, Massachusetts. She received her B.A. from Albertus Magnus College, New Haven, Connecticut in 1935, and her degree in library science from Simmons College, Boston, Massachusetts in 1944. In addition, she received a master of liberal arts degree from the University of Pennsylvania, Philadelphia in 1953.

Professor Devlin worked in the library field for forty-five years, of which twenty-three were at The Ohio State University. Before joining The Ohio State University Libraries for the first time in 1959, she worked in the Reference Department of the Boston Public Library from 1938-1946; the Veterans Administration Hospital Library, Bedford, Massachusetts from 1946-1947; the University of Pennsylvania Library, Philadelphia from 1947-1955; and Ohio University Library, Athens, Ohio from 1955-1959. Following four years (1959-1963) as a Reference Librarian at Ohio State, Eleanor was appointed Head of the Reference Department at Temple University, Philadelphia (1963-1968). In August 1968 Eleanor returned to The Ohio State University Libraries as Head of the Reference Department and served in this capacity until 1976 when she became the Senior Research Consultant, a position she held until her retirement in 1983.

Eleanor's real devotion was reference work, and she was considered by her colleagues, faculty and students to be a reference librarian par excellence. In addition to her administrative responsibilities and her reference work, Professor Devlin was involved in a number of professional organizations, including the American Library Association.

On behalf of the University, the Board of Trustees expresses to the family of Eleanor R. Devlin its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees, and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Theodore Lyman Moor

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 22, 1996, of Theodore L. Moor, Assistant Professor Emeritus in the College of Dentistry.

Dr. Moor was a distinguished veteran of WWII, serving his country as a medical corpsman in the United States Air Force.

Dr. Moor attended the University of Toledo and graduated from The Ohio State University College of Dentistry in 1951. He was engaged in the private practice of dentistry from 1951 to 1972. Dr. Moor began teaching at the College of Dentistry in 1972, having a special interest in the area of complete dentures. He retired from the college as Assistant Professor Emeritus in 1988.

Dr. Moor was active in the Columbus Dental Society, the American Dental Association, the Ohio Dental Association, and the Psi Omega dental fraternity as well as a member of The Ohio State University Faculty Club. He was also very active in many other professional, community and religious organizations. He was an active proponent of open and respectful discussions of local and global issues.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Moor its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, his students, the University, and his many friends and associates have sustained.

RESOLUTIONS IN MEMORIAM (contd)

William G. Pace III

The Board of Trustees of The Ohio State University expresses its sorrow upon the death, on June 16, 1996, of William G. Pace III, M.D., Clinical Professor Emeritus in the Department of Surgery.

Dr. Pace was born on March 22, 1927, in Columbus, Ohio. He completed his M.D. degree and internship at the University of Pennsylvania School of Medicine. After achieving the highest grade in the State of Ohio on his Medical Board Examinations, Dr. Pace entered a surgical residency at The Ohio State University, which he interrupted for two years to serve as Captain in the United States Air Force in the Korean Conflict. Completing his residency at The Ohio State University in 1960, he then underwent a two-year postgraduate fellowship with the American Cancer Society. Dr. Pace joined the faculty of The Ohio State University in 1961, and served the University for 36 years until his death.

Dr. Pace was an active faculty member. For ten years he was Assistant Dean of The Ohio State University College of Medicine and the Director of the Center for Continuing Medical Education. He founded the Medical Education Network and expanded The Ohio Radio Education Network for Physicians from 24 to 125 individual hospitals in six states. He was the author of more than 100 articles, several books, 12 scientific exhibits, and 17 teaching motion pictures which were presented at national and international surgical meetings. Dr. Pace was a member of 26 national and international surgical societies. He served on many committees for the American College of Surgeons, and as president of The Columbus Surgical Society. In addition, he held memberships on numerous committees and boards in the Columbus community.

The William G. Pace III Endowment was created in honor of Dr. Pace in 1969. Through his efforts the fund became one of the largest endowments in the Medical Center and has recently been used to establish two prestigious endowed faculty chairs. "The William Greenville Pace III Endowed Chair in Cancer Research" will support hematology/oncology research and "The William Greenville Pace III and Joann Norris Collins-Pace Chair Fund for Cancer Research" will focus on surgical oncology.

On behalf of the University, the Board of Trustees expresses to the family of Dr. William G. Pace its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Madison H. Scott

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 8, 1996, of Madison H. Scott, Vice President Emeritus in the Board of Trustees Office.

Madison H. Scott was born August 10, 1929, in Union Springs, Alabama. He enjoyed a thirty-year career in the military that began in 1948 when he enlisted in the United States Army and served on active duty in the occupations of both Germany and Japan, and the Korean Conflict. Upon completion of his tour of duty in Korea, he entered The Ohio State University and received a Bachelor of Arts degree in political Science in 1958. Madison Scott continued service to his country in the Army Reserves and attained the rank of command sergeant major, the highest standing for a non-commissioned officer, and was honored with a Bronze Star and a Meritorious Service Medal.

Madison Scott returned to The Ohio State University in 1968 as the first Director of Equal Employment Opportunity. He continued to serve this University in many capacities, including serving as the University's first Affirmative Action Officer, the Vice President for Personnel Services, and Executive Assistant to the President. During his career he also served as Secretary of the University's Board of Trustees from 1979 until his retirement in 1993, when he was named Vice President Emeritus.

Mr. Scott served on countless University committees and on a wide range of commissions, boards of directors, and boards of trustees, including the Board of Examiners, United States Civil Service; the Ohio Supreme Court's Board of Grievances and Discipline; Children's Hospital; the Worthington Untied

RESOLUTIONS IN MEMORIAM (contd)

Madison H. Scott (contd)

Methodist Children's Home; and Anthem Health Insurance Company of Cincinnati, Ohio. He was the recipient of many awards and honors in the larger community, including the Columbus Bar Association's Liberty Bell Award. He also was recognized for his dedicated service to his *Alma Mater* by his department with a Distinguished Alumnus of Political Science Award and by the University with a Distinguished Alumnus Award.

On behalf of the University, the Board of Trustees sends deepest condolences to the family and friends of Madison Hensley Scott for their loss. He will long be remembered for his enthusiasm, loyalty, and dedication to this University and will be sadly missed by his many friends and colleagues.

It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Virginia E. Yagello

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 23, 1996, of Virginia E. Yagello, Professor Emeritus in the University Libraries.

Virginia Yagello was born September 10, 1919, in Cleveland, Ohio. She received the B.A. in History and German from Western Reserve University, Cleveland, in 1944 and an M.L.S. (master's degree in library science) from Carnegie Library School, Pittsburgh, in 1950.

Professor Yagello had been associated in the library field for thirty-eight years of which twenty-seven were at The Ohio State University. Before joining The Ohio State University Libraries in 1961, she was a Special Services Librarian, Department of Army, serving in Europe from 1954-1961. Prior to this service she was a Young Adult Librarian, 1950-1954 at the Enoch Pratt Free Library, Baltimore, Maryland. From 1961 to 1963 she was the Assistant to the Head of Department Libraries. In 1963 she became Head, Chemistry Library and in 1967 added Head, Physics Library. As head of each of these libraries she was responsible for the collection's growth of over one hundred percent in each of the libraries.

In addition to her administrative responsibilities, Professor Yagello was very active in many professional organizations. She gained a national reputation with her work in the Special Libraries Association. In 1973-74 she was elected as Vice Chairperson and Chairperson, Chemistry Division, S.L.A. In May 1977 she was elected to the Board of Directors, and served as Chair of the Associate Division Cabinet.

Professor Yagello's research and publication activities included over 20 articles, 30 plus book reviews, and a Guide to the Literature on Chemical Engineering.

On behalf of the University, the Board of Trustees expresses to the family of Virginia Yagello its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Shumate, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

RESEARCH FOUNDATION REPORT

Mr. Celeste:

I would like to call on Dr. John Hall to give us an update on the Research Foundation Report.

RESEARCH FOUNDATION REPORT (contd)

Dr. John Hall:

Thank you. A copy of the report of the May 1996 Grants and Contracts of The Ohio State University Research Foundation was previously provided to each of the members of the Board. Under Tab 1, you will notice that expenditures from external sources are below last year by 5.3 percent, for a total of \$148.4 million through May 31, 1996. Awards for the year are in excess of \$145 million. This is 7 percent below the July to May time period last year.

A summary of the award totals is given in the second section of this report. At Tab 3, we have highlighted five projects that cover a broad range of scholarly research. Professor Jonathan Young and colleagues have received an award of \$484,900 to first set up the speed control and steering systems in the test vehicle, and then to study such things as integration of front- and side-looking radar, radar construction, and speed and headway control design.

The College of Food, Agricultural, and Environmental Sciences received \$396,250 from the W.K. Kellogg Foundation for Phase II of Project Reinvent. Professors Diane Birckbichler and Galal Walker received \$310,000 from the Department of Education to develop pathways to advance language competencies, especially in less commonly taught languages. Professors Lonnie Thompson and Ellen Thompson have received \$299,000 from the National Aeronautics and Space Administration to continue a Paleoclimate Study of the High Russian Arctic.

Listed in Tab 4 is a complete list of new awards received in May. This concludes my report.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 97-9

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for May 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of May 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Smith:

I am pleased to report that the Student Affairs Committee is very supportive of the proposed allocation of the one percent tuition set-aside. Allocation of the set-aside has clearly been a symbolic issue for this University.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith: (contd)

When over 70 percent of the set-aside is allocated toward CUE initiatives, I think that this administration is making a powerful statement to students. It is a statement that clearly demonstrates a responsiveness to those issues and concerns of students here at The Ohio State University, although I hope that this allocation of set-aside dollars reflects this University's on-going commitment to support the CUE proposals. At Ohio State, the student is the consumer.

Yesterday we discussed how value-sensitive consumers are. It is services such as academic advising, career counseling, and student programming that have a direct impact on the student experience at Ohio State. The idea of a student experience must not be taken lightly, for it is the quality of this experience that is reflected in Ohio State's retention rate. Thus, it is vitally important that we respond to both the academic and non-instructional needs of all of our students. One might argue that one of the major indications of this University's success is the type of graduates that we produce, and it is the value added to a student during their career at Ohio State, both inside and outside of the classroom, that shapes our graduates.

I would also like to take this opportunity to commend Provost Sisson and Vice Presidents Shkurti and Williams for their commitment in soliciting student input during the allocation process of the one percent set-aside. I believe that the increased level of student input concerning the set-aside allowed this University to be more accountable to the students. That concludes my report, Mr. Chairman.

Mr. Wexner:

Thank you. As you know -- and it should be said publicly -- the notion of the students having primacy in our minds as Trustees is an important issue. The set-aside -- and the students' input and seeing themselves as being satisfied customers, and us being responsive to them -- is important. I hope that message is going both ways -- the good news to us and, hopefully, our concerns to them.

--0--

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT

Mr. Skestos:

Mr. Chairman, our Committee met earlier today and we heard several reports including the Endowment Report, the Equity Portfolio Comparisons, and the West District Plan. I would now like to call upon OSU's man for all seasons, David Williams, who will provide us with an update on Campus Partners.

CAMPUS PARTNERS UPDATE

Mr. David Williams:

Thank you. I apologize for those who have already heard some of this, but I am going to give an update on Campus Partners. In your packets, you will find a very large document entitled, "University Neighborhoods Revitalization Plan." Now first I want to make it very clear this is nothing more than a plan. It is a document. There are actually disclaimers in it. It does not suggest that any of this, or all of this, will be done. This is just a beginning phase.

CAMPUS PARTNERS UPDATE (contd)

Mr. Williams: (contd)

In one aspect we have completed phase one, we now have a plan. We have looked at things. We have seen what we think is wrong, and we have now come up with a number of recommendations that we can look at.

The highlights of that plan are as follows. It is something that we started 18 months ago and we have now finished phase one. We knew that if we were serious about our involvement in the neighborhoods east and south of us, that it would be a long haul, and we were prepared that it would take a number of months to just do the planning. In that there are over 250 policies and recommendations that we have looked at and we have come out with, the length of the document and the length of time is a clear reflection of the significant community and student input balanced with the consulting team's strongest recommendations.

I want to go back and stress that significant community and student input. Part of the reason why we have taken the long period of time that we have, and the document is so large and comprehensive, is because even when we got to what we considered our final draft -- our final draft became a final, final, final draft. We kept going back and making sure that we had as much buy-in in this process as we could.

In addition, as we were going through this, we had the great advantage of having two other individuals who -- because of their commitment and their affection for Ohio State and the community -- basically gave us recommendations and input that we did not have to pay for. They were consultants, but we didn't have to pay them. They were Dr. Gerald McCue, former dean of the College of Architecture at Harvard, and Robert Larson, a senior official for Taubman Realty Group, an international development company, and vice president for Urban Land Institute. And from them we got a lot of positive recommendations -- even up to this final document -- things that we are going to try to incorporate in this.

This whole process was finally structured around six core values -- this is what we are trying to funnel everything through -- and these values are as follows: a model for University community relationships; a place of pride; culture and socio-economic diversity; a neighborhood of choice; demonstrated new leadership; and active participation of individuals and agencies. Based on those six core values and all of the input, we have a number of recommendations and that can be divided into eight areas. I want to just first tell you the eight areas and then concentrate on three for the moment. They are: planning and land use; commercial market; residential market; safety and law enforcement; human services; public service; code enforcement; and transportation and parking.

Now there is a role for Ohio State in each of those eight areas. Let me just talk about three areas, because those would be areas where Ohio State would have to play a major part. The first area is the commercial market. Some recommendations are: the potential redevelopment of the south campus bar area as an urban retail and entertainment center; to create incentives to redevelop neighborhood commercial sites; and to create a High Street special improvement district.

The second area is the residential market. We would have things like: tiered staff and faculty housing incentives to stabilize and improve the neighborhood; active upgrading of the quality of student housing by removing problem properties through public/private partnerships or direct intervention and the creation of a Property Owners Association for maintenance; and property management training and resident advisor programs in east, south, and north campus areas.

CAMPUS PARTNERS UPDATE (contd)

Mr. Williams: (contd)

The third area is human services -- to take a community of education as a central theme -- and this is where our Campus Collaborative initiative becomes so important.

We would try to increase the involvement of faculty, staff, students, and community members through teaching, research grants, and community service opportunities. They would be involved with such initiatives as how we improve the neighborhood schools via teaching, training and technology, employment training, and job creation for the area through extension services. We would also try to improve the student quality of life through community involvement and better service and facilities off campus.

If you look at those three areas, what we have come up with is basically four key points of priorities for the University that we are going to try to explore. The first key point of priority is the housing for faculty and staff. We are all in agreement, all of our partners, that one key thing that is going to have to happen to improve that area is home ownership. So the University needs to be very serious and aggressive about whether or not and how we can plan some incentive programs to try to get faculty and staff to move into and live in the neighborhood.

The second key point of priority is housing for students. We went into this project because we were concerned about our students, we were concerned about their safety, and the housing opportunities. So how do we create quality, affordable housing for our students in the area?

The third key point of priority is commercial development. What do we need to do, if anything, to change the commercial outlook on High Street? Do we want it the way it is? If not, what things do we need to do and how we need to go about changing that?

And the fourth key point of priority is the human services piece. This, once again, goes back to the Campus Collaborative, through the leadership of Dean Nancy Zimpher. How will we involve our faculty and staff in doing the things that Ohio State does so well, but concentrating some of that in the area of our neighbors?

Who has approved the plan so far? One of the things that is very important to us is that this plan has a lot of buy-in, and so we have at least five groups that have already unanimously voted to either accept, endorse or approve the plan. The five groups are: the University Area Commission; the University Community Business Association; obviously, the Campus Partners Board of Trustees -- a number of people in this room are on that board; the Columbus Development Commission; and the Columbus Historical Resource Commission. At some point in time we would like -- not today, but in the future -- this body to approve, accept or endorse the plan. We will also be going to the Columbus City Council in early fall for the same sort of thing.

One other important thing is the partners. This is a partnership. I think when we started this we thought about Ohio State and the City of Columbus. We learned very quickly, as we should have, that there was a third major partner, that was the community. So right off the bat we had the City of Columbus, Ohio State, and the community as partners. There are other people in agencies that have joined on already who have said, "We are partners and we understand we haven't got the implementation, but wherever we go, we will be a part of this." There are groups like the Columbus Foundation, who has already given us two grants to do some of the work that we have been doing.

Private developers are another group. We have had three or four private developers who have already indicated interest and have submitted to us ideas of things that

CAMPUS PARTNERS UPDATE (contd)

Mr. Williams: (contd)

they could do in this area. We also have major property owners as partners. One of the recent things that we have done is we have just concluded our first meeting with Flowers Industry. Flowers Industry just recently bought the Big Bear Bakery and they have come to us and said, "We are now in this neighborhood, we want to work with all of you to make that facility the sort of facility that we want to have in this area."

As I said, the University Community Business Association, a number of local businesses, many individual homeowners, long-term renters, the University Area Commission, neighborhood-based associations and agencies, and the U.S. Department of Housing and Urban Development have indicated to us that they would like to be a part in two of our efforts. The Campus Collaborative can help us in that. Through that, there is a great program called, "University Partnerships/University Links," and four HUD Offices around the country have been designated as demonstration sites. Columbus is one demonstration site, and Columbus is actually the only non-regional office. This will provide a link for us to get money from HUD through the University Partnership Program. The other way that they would like to be helpful is in our faculty/staff incentive program. They can help us get to the point of doing some sort of creative financing so that we can offer incentives for faculty and staff to live in the area.

The U.S. Department of Justice is also a partner. We have just signed an agreement where we are a part of what is called the "Weed Debatement Program," that is sponsored by the United States Department of Justice in this area.

There are a lot of next steps that we have to do, but I think there are two very important ones. One is that we are at a point where we have to appoint a new president for Campus Partners. I am happy to say that we hope to have that done by the end of August. We've been working very, very hard, and we really believe that we will have this done, not by the end of August, but actually by the end of July. We have narrowed the field down to four people. The Campus Partners Board has interviewed all four, and we are waiting for the President and the Mayor to interview them next week. We hope to have a decision within ten days.

The second important step after that is to develop the implementation strategy. That is the next major step. How do we go out and pick what limited amount of key projects we are going to focus on, on what I call the first stage of implementation? That is what we plan to do over the next two to three months.

Finally, let me talk about some of the things that have already been done. In this 18-month period of planning, some things have improved already: increased street sweeping and increased trash pick-up in the area. The Safety Committee of Campus Partners has been working both with our police and the City police to try to put a presence in the area. We were hoping very much that the City police would put one of their substations in there. They have not agreed to do that as of yet, but we do have a presence with our police who have a substation over in that area.

We have moved our Off-campus Student Services Office, which services students who live off campus. It was in the Union, but we have now moved it off campus, to an area where many of our students live. This office provides all sorts of services, including: how to help you with a landlord if you are having a problem, to how to pick a place to live. We hope to get to a point, too -- in conjunction with Campus Collaboratives -- to have tutorial services, computer services, all sorts of things. Human Resources, through Linda Tom, has already set up an employment office in the area. And, finally, I think, one of the biggest things that has come out of the

CAMPUS PARTNERS UPDATE (contd)

Mr. Williams: (contd)

Campus Collaborative -- through the leadership of Nancy Zimpher -- is the development of a partnership for technology and education in the Campus Partners' area. This basically has our College of Education working with the Columbus Public Schools in order to improve the quality of the schools in that area.

Mr. Chairman, I submit to you that is where Campus Partners is right now. As I said earlier today, I would like to take the time to thank Steve Sterrett and Joe Williams, both are in the audience. Would you gentlemen please stand?

I think that it should be noted that, in particular, after Mr. Barry Humphries resigned, we were put in a situation where we really had to call on the staff to do a lot more work. I would submit to you that wherever we are and however you feel about it -- and I hope that you feel positive about it -- certainly these two gentlemen have had a lot to do with it. They have spent a lot of time working with people in the community. My pleasure in this is the fact that in the number of projects that I have been involved with, even before coming to Ohio State, I have never seen as much buy-in through the community as in this project. I would suggest that these two gentlemen have a lot to do with that.

Thank you.

BUDGET UPDATE

Provost Richard Sisson:

Mr. Chairman, since my good colleague, Vice President Shkurti -- with whom I have worked very closely in the development of the budget -- made such a brilliant presentation to the Fiscal Affairs and Investments Committee this morning, I think that it would be in the best interest of the Board were I to defer to his articulate tongue, which I hereby do.

Mr. William Shkurti:

Mr. Chairman, with that introduction it is very hard to follow-up appropriately. So what I will do -- since I did give a very intense presentation before the Fiscal Affairs and Investments Committee -- is not go over the details, but simply raise two important points about the budget that I think, for the Board as a whole, are important.

One of the questions that I often get from the Board -- and, I know, Dick does as well -- is "What are our priorities, we seem to be doing a lot of different things?" I think if you look at the budget from the way that it is laid out, it is clear that the priorities fit around the focus of the students in three ways. The first priority is the academic product and the quality of the academic product, because this is first and foremost an academic institution. For a strong academic product, we need a strong faculty. So that was the first planning assumption, objective, and priority in the budget.

But as important as the quality academic product is, it doesn't mean anything if the students aren't here. So the second part of this triangle is the student experience, both in and outside of the classroom. To have a strong academic program and a good student experience in our society in the 1990's, you need some degree of money. Throwing money at these is not the way to do it, but you do need a level of financial support combined with a good academic product and a good student

BUDGET UPDATE (contd)

Mr. Shkurti: (contd)

experience to have the enrollments that provide the opportunity for revenue growth and a good fundraising campaign. This, in turn, then allows resources to be focused back into the quality of the academic product and the student experience. So those are the priorities that the budget is built upon and the three fit upon each other, and the glue that holds it altogether is the focus on the students.

The second major point that I would like to make about the budget is, again, an issue that the Board of Trustees has raised in the past -- and also the Senate Fiscal Committee -- which is that it is important for the administration to run the day-to-day operations of the institution, but we also need to take a strategic view of where we are going on a multi-year basis. In the materials presented to the Board -- at the tail end -- are the multi-year issues involved in this budget, both in terms of what we tried to accomplish last year and the goals for the following year on a broader sense.

Those four general areas are: 1) increasing the University's capability to deal with uncertainty, because we are dealing in a world that is changing much more rapidly than it has in the past; 2) realigning the incentives of the budget process with the academic goals of the institution, so the budget process serves the academic goals not the other way around; 3) making better use of the resources we have, because we will not have -- no matter how much revenue growth we have -- enough to do everything that we need to do; and 4) to align very closely and explicitly the academic planning process and the budgeting process, which we are also trying to do. So we will keep the Board updated on those as the year goes on.

After several years of presenting budget cuts to the Board and to the University, I am delighted to, for the second year in a row, be presenting a balanced budget without across-the-board budget reductions. We hope to take the necessary steps, with your support, to keep doing that in the future.

Mr. Skestos:

Thank you, Mr. Shkurti.

1996-97 CURRENT FUNDS BUDGET

Resolution No. 97-10

Synopsis: The budget for fiscal year 1996-97 is being submitted for adoption.

WHEREAS the levels of resources have been identified for the second year of the 1995-97 biennium; and

WHEREAS current legislation requires a second separate vote for any tuition increases above 4 percent for the combined General and Instructional Fees for in-state undergraduates; and

WHEREAS an increase of 4 percent in combined General and Instructional Fees for in-state undergraduates was previously approved at the May 3, 1996 meeting; and

WHEREAS an additional increase of 2 percent, for a total of 6 percent, must be approved on a contingent basis in a separate vote; and

WHEREAS the Board is authorized to set the compensation of the President; and

WHEREAS appropriate planning and consultation within the University has been accomplished; and

WHEREAS the President is now prepared to present the 1996-97 budget:

1996-97 CURRENT FUNDS BUDGET (contd)

NOW THEREFORE

BE IT RESOLVED, That tuition and fees be increased for in-state undergraduates and all other levels of students as specified in the accompanying materials; and

BE IT FURTHER RESOLVED, That the University's *Current Funds Budget* for fiscal year 1996-97, as described in the accompanying text and tables, be approved, with authorization for the President to make expenditures within the projected income levels; and

BE IT FURTHER RESOLVED, That the salary increase for President Gee will be 5 percent for fiscal year 1997; and

BE IT FURTHER RESOLVED, That the Secretary be instructed to incorporate all supporting documents into the minutes of this meeting, and to file these materials with the official records of this University.

Upon motion of Mr. Skestos, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido.

(See Appendix I for the *Current Funds Budget*, page 49.)

UNIVERSITY DEVELOPMENT REPORT

Mr. Skestos:

Mr. Chairman, I have several other resolutions to present for the Board's approval this morning. However, first I would like to give a report on the University's Development progress.

The monthly Development Report is in your notebooks and, as you can see, during the period of July/May the University has received \$78.4 million in gift receipts, nearly \$20 million more and a 34 percent increase over the same period one year ago. At our next meeting it appears to be certain that we will be able to report a new all-time record in annual gift support.

The Affirm Thy Friendship Fundraising Campaign also continues to progress nicely. At the end of May, the Campaign total stood at \$394.1 million in gifts, pledges, and planned gifts to the University. This represents achievement of 46 percent toward the \$850 million goal and acquisition of \$112.9 million in gifts, pledges, and planned gifts since the Campaign began on September 28, 1995.

The resolution that is before us this morning is to approve the establishment of three named endowed funds and revisions to four others. I would ask that we would hold off voting on this until I have presented a number of other resolutions.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 97-11

Synopsis: The report on the receipt of gifts and the summary for May 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

REPORT ON UNIVERSITY DEVELOPMENT (contd)

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS this report includes the establishment of three (3) new named endowed funds and amendments to four (4) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of May 1996 be approved.

Total	\$58,652,404	\$78,426,319	34%

NOTES

- A Overall individual giving this year is running 71% ahead of last year for the July-May reporting period. Alumni have given \$15.3 million more during the July-May period this year than last, highlighted by eight gifts of \$1 million or more totaling \$13.3 million. Non-alumni giving is also running about \$3 million ahead of the same period last year. The largest gift from a non-alumnus is \$1.2 million.
- B Corporate giving is up slightly (3%). Last year there were 507 corporations providing private support of \$10,000 or more (\$17.5 million). This year private support at the \$10,000 level is \$18.8 million (485 corporations).
- C Gifts of \$10,000 or more from private foundations total about \$100,000 more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are up \$700,000 this year for the July-May period.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND

ESTABLISHMENT OF NAMED FUNDS

The G. Preston Hoff Graduate Fellowship in Chemistry

The G. Preston Hoff Graduate Fellowship in Chemistry was established July 12, 1996, in honor of G. Preston Hoff (B.A. Chemistry '21; M.S. Chemistry '22; Ph.D. Chemistry '25; Honorary Doctorate Science '64) by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of his late wife, Eleanor Hammond Hoff (B.S.H.E. '21).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be assigned to the Graduate School to provide one or more graduate fellowships in fields of chemistry. Selection of the recipient shall be made by the Dean of the Graduate School in consultation with the University Committee on Student Financial Aid. The recipient's title will be "G. Preston Hoff Graduate Fellow."

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations of the Dean of the Graduate School or appropriate administrative officials of the University who are then directly responsible for graduate student education in order to carry out the desire of the donor.

\$100,000.00

The David S. Hunt Scholarship Fund

The David S. Hunt Scholarship Fund was established July 12, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Fern E. Hunt (B.S.H.E. '48, M.S. Human Ecology '54, Ph.D. Human Ecology '65) Columbus, Ohio, in memory of her husband, David S. Hunt (B.S.Ed. '45).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED FUNDS (contd)

The David S. Hunt Scholarship Fund (contd)

The annual income shall be used to provide funding for academic merit scholarships to undergraduate students with a preference for students from Tuscarawas County, Ohio. Award decisions shall be made in consultation with the respective high school guidance counselors by the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

\$26,171.88

The Bloom Family Scholarship Endowment Fund

The Bloom Family Scholarship Endowment Fund was established July 12, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Clifford M. Eldredge (B.S. Physical Therapy 1965; M.S. Allied Medical Professions 1971) and Janis Bloom Eldredge (B.S.Ed. '70), in memory of George "Wally" and Ina Bloom.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to award one or more annual scholarships to an entering freshman at The Ohio State University. Applicants for this scholarship shall be 4-H members, either current or alumni, and current residents of Ashtabula County, Ohio. Excess income shall accrue to the principal balance until such interest is sufficient to award an additional scholarship of a like amount, under the same conditions. In the event there is no qualified applicant, unused interest shall accrue to the principal balance. The beneficiaries and the number of scholarships are to be determined by a committee of, or approved by, the Ashtabula County 4-H Advisory Committee in consultation with Clifford and Janis Eldredge or their designee, and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, the income may be used for any purpose whatsoever as determined by the Board of Trustees with preference being given to the recommendation from the appropriate administrative official of the University who is the Director for the OSU Extension, 4-H Youth Development, in consultation with a committee representing the local 4-H donors.

\$15,000.00
(Grandfathered)

CHANGE IN NAME AND DESCRIPTION OF NAMED FUND

The Producers Livestock Association Endowment Fund

The Producers Livestock Association Scholarship Fund was established on September 2, 1971 by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Producers Livestock Association, Columbus. The name and description were changed July 12, 1996.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN NAME AND DESCRIPTION OF NAMED FUND (contd)

The Producers Livestock Association Endowment Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from the endowment fund shall be used to support the Ohio LEAD Program in Concert with the College of Food, Agricultural, and Environmental Sciences on an annual basis.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President and Dean, College of Food, Agricultural, and Environmental Sciences in order to carry out the desire of the donors.

CHANGE IN DESCRIPTION OF NAMED FUNDS

The Paul E. Bates Chemical Engineering Scholarship Fund

The Paul E. Bates Chemical Engineering Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Paul E. Bates (B. Ch.E. '49) of Woodlawn, Ohio. The fund's guidelines were revised at the request of the donor July 12, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to worthy and deserving Chemical Engineering students who have demonstrated promise of academic achievement. Preference will be given as follows: 1) African-American graduates of Columbus (OH) East High School; 2) African-American graduates of Cincinnati (OH) Princeton High School who are Woodlawn, Ohio, residents; and 3) other African Americans. The award recipients shall be selected by the Chairperson of the Department of Chemical Engineering in consultation with the University Committee on Student Financial Aid. The award is renewable. The Chemical Engineering department chairperson will reinvest all unused annual earnings into the principal before the end of each year. The department chairperson also is expected to communicate yearly with the donor regarding the Bates Scholarship program and its scholars.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of Engineering in order to carry out the desire of the donor.

Karl V. Taylor Memorial Scholarship Fund in the College of Engineering

The Karl V. Taylor Memorial Scholarship Fund in the College of Engineering was established November 2, 1984, by the Board of Trustees of The Ohio State University with a gift from Ruby Byers Taylor (B.A. Political Science '35) in memory of her husband Karl V. Taylor (B.C.E. '29; M.S. Civil Engineering '32). The fund's description was revised at the request of Mrs. Taylor and approved by the Board of Trustees July 12, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN DESCRIPTION OF NAMED FUNDS (contd)

Karl V. Taylor Memorial Scholarship Fund in the College of Engineering (contd)

The annual income shall be used to provide annual scholarships to outstanding Civil Engineering graduate and undergraduate students. Preference will be given to students preparing for careers as Geotechnical Engineers. Selection will be based upon academic performance in Geotechnical Engineering courses. Recipients will be named annually, but may be eligible to compete for renewal as Karl V. Taylor Scholars. Selection will be made by the Chairperson of the Department of Civil and Environmental Engineering and Geodetic Science in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate official of the University who is then responsible for Civil Engineering education in order to carry out the desire of the donor.

THE OHIO STATE UNIVERSITY FOUNDATION

CHANGE IN DESCRIPTION OF NAMED FUND

Schoenbaum Scholars Program Fund

The Schoenbaum Scholars Program Fund was established April 7, 1989, by the Board of Trustees of The Ohio State University through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts designated for The Ohio State University College of Education and The Max M. Fisher College of Business. The fund was revised July 12, 1996.

Income provided by the Foundation shall be used for scholarships for students entering or intending to enter, or enrolled in the College of Education or The Max M. Fisher College of Business.

The following criteria shall be in effect for Schoenbaum Scholars in The Max M. Fisher College of Business:

1. Selection to begin with freshmen in the fall of 1989;
2. The scholarship will provide tuition, room and books;
3. Each year following 1989, additional students will be selected until scholars at the freshmen, sophomore, junior, and senior levels are supported;
4. Recipients will be selected through a formula based on test scores and/or high school rank;
5. Students should show a demonstrated financial need;
6. Selected students entering as freshmen will be eligible for renewal of the scholarships provided they maintain a grade point average of 3.0 or with appeal to the financial aid committee;
7. Selected students should show a potential for success as measured by academic record, extra-curricular activities, work experience and other experiences;

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

CHANGE IN DESCRIPTION OF NAMED FUND (contd)

Schoenbaum Scholars Program Fund (contd)

8. Selection of the recipients will be made by the University Committee on Student Financial Aid and, when appropriate, upon recommendation of the Dean of The Max M. Fisher College of Business.

The following criteria shall be in effect for Schoenbaum Scholars in the College of Education:

1. Recipients shall be graduate students who desire to become teachers and who are seeking teaching certification/licensure in the College of Education;
2. The scholarships shall provide tuition and a stipend for books, based on the University formula for book expense, for five quarters;
3. Students should show a demonstrated financial need;
4. Students should show potential for success based on undergraduate grades and experience, volunteer and/or paid, with children;
5. First preference shall be given to students from groups under represented in the teaching profession;
6. Selection of the recipients will be made by the University Committee on Student Financial Aid in consultation with the Dean of the College of Education.

**AUTHORIZATION FOR DESIGNATED OFFICIALS TO BUY, SELL, ASSIGN
AND TRANSFER SECURITIES, TO DEPOSIT OR WITHDRAW FUNDS
FROM BANK ACCOUNTS, AND TO DESIGNATE DEPOSITORIES**

Resolution No. 97-12

Synopsis: Reaffirmation of the Board of Trustees Resolution No. 96-17 (July 7, 1995), which authorized designated officials to buy, sell, assign, and transfer securities, to deposit or withdraw funds from bank accounts held in the name of The Ohio State University, and to designate depositories is proposed.

WHEREAS designated officials of the University buy, sell, assign, and transfer stocks, bonds, and other financial instruments owned by The Ohio State University; and

WHEREAS various financial institutions are designated as depositories of The Ohio State University; and

WHEREAS accounts at various financial institutions are opened and maintained in the name of The Ohio State University:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer and/or Vice President for Finance be authorized and empowered to buy, sell, assign, and transfer any and all stocks, bonds, evidences of interest and/or indebtedness, insurance, rights and options to acquire or to sell the same, and all other securities corporate or otherwise, standing in the name of or belonging to The Ohio State University in any capacity; and

**AUTHORIZATION FOR DESIGNATED OFFICIALS TO BUY, SELL, ASSIGN
AND TRANSFER SECURITIES, TO DEPOSIT OR WITHDRAW FUNDS
FROM BANK ACCOUNTS, AND TO DESIGNATE DEPOSITORIES (contd)**

BE IT FURTHER RESOLVED, That the Treasurer and/or Vice President for Finance be authorized and empowered to designate various financial institutions as depositories for The Ohio State University and to open and maintain accounts at various financial institutions in the name of The Ohio State University; to sign Agreements for credit and non-credit bank services; and

BE IT FURTHER RESOLVED, That the Treasurer and/or Vice President for Finance be authorized, on behalf of The Ohio State University and in its name, to sign checks, drafts, notes, bills of exchange, letters of credit, acceptances or other orders for the payment of money from said accounts; to endorse in writing or by stamp checks, notes, bills, certificates of deposit or other instruments owned or held by this University for deposit in said accounts or for collection or discount by said banks; to accept drafts, acceptances, and other instruments payable to said banks; to waive, demand, protest, file notice of protest, or dishonor any check, note, bill, draft, or other instrument made, drawn or endorsed by the University.

**CONTINUATION OF COMPUTER LABORATORY FEE
IN BUSINESS**

Resolution No. 97-13

Synopsis: Authorization to continue with a computer laboratory fee in the Fisher College of Business is proposed.

WHEREAS the Fisher College of Business was authorized to implement a computer laboratory fee for its majors in Spring 1994; and

WHEREAS a review of the past year has shown the income from that fee to have been invested as planned and the planned past-year improvements in instructional computing services to have been accomplished; and

WHEREAS a survey of business students has shown substantial satisfaction with the improvements already made; and

WHEREAS the Fisher College of Business has monitored the use of computing laboratories and taken steps to increase accessibility as needed by students; and

WHEREAS there is a need to continue the implementation of the Fisher College of Business computer laboratory plan:

NOW THEREFORE

BE IT RESOLVED, That the Fisher College of Business is authorized to continue assessing undergraduate majors and graduate students in the college a computer laboratory fee. Beginning Autumn Quarter 1996 full-time undergraduate majors (12 credit hours or more) will be assessed \$85 and full-time graduate students (8 credit hours or more) will be assessed \$120 per quarter. The fee will be prorated at \$7 per credit hour for undergraduate majors enrolled for less than 12 credit hours and at \$15 per credit hour for graduate students enrolled for less than 8 credit hours. For subsequent years the computing fee will be limited to 10 percent of the resident undergraduate tuition and the prorated fees for students who are not full-time will be adjusted correspondingly; and

BE IT FURTHER RESOLVED, That the use of the Business computer laboratory fee will be reviewed by the Office of Academic Affairs, and subject to annual approval by the Board of Trustees, until the fee is eliminated or replaced by a University-wide computing fee.

**CONTINUATION OF COMPUTER LABORATORY FEE
IN ENGINEERING**

Resolution No. 97-14

Synopsis: Authorization to continue with a computer laboratory fee in the College of Engineering is proposed.

WHEREAS the College of Engineering was authorized to implement a computer laboratory fee for its majors in Spring 1993; and

WHEREAS a review of the past year has shown the income from that fee to have been invested as planned and the planned past-year improvements in instructional computing services to have been accomplished; and

WHEREAS a survey of engineering students has shown substantial satisfaction with the improvements already made and a desire for increased staff support; and

WHEREAS the College of Engineering has monitored the use of computing laboratories and taken steps to increase accessibility as needed by students; and

WHEREAS there is a need to continue the implementation of the College of Engineering computer laboratory plan; and

WHEREAS students who are majors in computer and information sciences in the College of Mathematical and Physical Sciences make substantial use of Engineering computing laboratories, approximately two-thirds as much as their counterparts in Engineering, and are currently assessed the computing fee:

NOW THEREFORE

BE IT RESOLVED, That the College of Engineering is authorized to continue assessing undergraduate majors and graduate students in the college a computer laboratory fee and to expand services to include additional staff in labs. Beginning Autumn Quarter 1996 full-time undergraduate majors (12 credit hours or more) will be assessed \$110 and full-time graduate students (8 credit hours or more) will be assessed \$120 per quarter. The fee will be prorated at \$9 per credit hour for undergraduate majors enrolled for less than 12 credit hours and at \$15 per credit hour for graduate students enrolled for less than 8 credit hours. For subsequent years the computing fee will be limited to 15 percent of the resident undergraduate tuition and the prorated fees for students who are not full-time will be adjusted correspondingly; and

BE IT FURTHER RESOLVED, That majors in computer and information science who are enrolled in the College of Mathematical and Physical Sciences will continue to be assessed a computing laboratory fee by the College of Engineering at the rate of two-thirds of the amount assessed engineering majors; and

BE IT FURTHER RESOLVED, That the use of the Engineering computer laboratory fee will be reviewed by the Office of Academic Affairs, and subject to annual approval by the Board of Trustees, until the fee is eliminated or replaced by a University-wide computing fee.

ARMS PROJECT - PHASE IVA

Resolution No. 97-15

Synopsis: A vote to approve completion of Phase IVA of the ARMS Project is proposed.

WHEREAS Phase III of the Administrative Resource Management System (ARMS) Project as authorized by the Board of Trustees at it February 1, 1996 meeting has been successfully completed; and

ARMS PROJECT - PHASE IVA (contd)

WHEREAS completion of Phase IVA has been recommended by the appropriate University offices and required funding will be available:

NOW THEREFORE

BE IT RESOLVED, That the University is authorized to proceed with completion of Phase IVA of the ARMS Project as described in the accompanying materials, including authorization to spend up to an additional \$6 million; and

BE IT FURTHER RESOLVED, That the University will report back to this Board on November 1, 1996 for authorization to proceed with the remainder of Phase IV.

(See Appendix II for background information, page 101.)

FORMATION OF THE OHIO HEALTH ALLIANCE

Resolution No. 97-16

Synopsis: Approval for The Ohio State University to join and participate in a not-for-profit corporation, Ohio Health Alliance, for the purpose of developing and delivering a new Medicare Choices program is proposed.

WHEREAS participation in the Medicare program to the fullest extent possible is necessary to the teaching, research, and service missions of The Ohio State University; and

WHEREAS a joint collaboration between U.S. Health and The Ohio State University in developing a new Medicare managed care program, Medicare Choices, will allow for the creation of a more attractive, efficient, and comprehensive program of services to seniors; and

WHEREAS The Ohio State University Medical Center and the Board of Trustees have determined that the funds to be used to support such a managed care program will be fair consideration for the value and benefits received by the University; and

WHEREAS The Ohio State University Hospitals Board recommends that the best way to implement this new Medicare program is to join with the U.S. Health in the formation of a new non-profit corporation, the Ohio Health Alliance:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees authorizes and endorses the establishment of and participation in the Ohio Health Alliance, a non-profit corporation, under Chapter 1702 of the Ohio Revised Code for the purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency, and economy of hospital facilities and services, including to plan and develop the Medicare Choices product; and

BE IT FURTHER RESOLVED, That as appropriate and as directed by the President, anyone or more of the officers and employees of the University are hereby authorized, designated, and directed to serve as an incorporator of the corporation and/or as directors, officers, employees, and agents of the corporation, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which officers and employees of the University now are, or hereafter may be, entitled; and

FORMATION OF THE OHIO HEALTH ALLIANCE (contd)

BE IT FURTHER RESOLVED, That the University is authorized to enter into an agreement with Ohio Health Alliance and to spend up to \$1 million from University Hospitals funds for the purpose of developing and implementing the Medicare Choices program.

**EMPLOYMENT OF ARCHITECTS/ENGINEERS
AND CONSTRUCTION MANAGER**

Resolution No. 97-17

OHIO STADIUM

Synopsis: Authorization to employ architectural/engineering and construction manager firms for the Ohio Stadium project is proposed.

WHEREAS the University has commissioned a feasibility study, undertaken in concert with the Master Plan, to provide options for renovation and expansion of the existing Ohio Stadium; and

WHEREAS this study has provided numerous options with the associated estimated costs to provide additional seating capacity, improve sight lines, meet new code requirements, and address major deferred maintenance needs of the facility; and

WHEREAS the University now desires to proceed with the employment of a design firm to investigate the options of major renovation versus new construction, verify cost estimates, develop a program of requirements for a major renovation program, and perform the preliminary schematic design based on this assessment; and

WHEREAS the relocation of the Jesse Owens Track is an integral part of this project and its cost is included in the Stadium renovation cost estimates, but it will be performed under separate contracts, and the University will present this separate project to the Board for consideration at an upcoming meeting; and

WHEREAS the program of requirements, preliminary design, and associated cost estimates will be reviewed and approved by the University before granting authorization to proceed with further phases of design; and

WHEREAS the anticipated cost of the program of requirements and preliminary design is estimated at \$1.5 million to \$2 million, with funding provided through University bond proceeds, with the debt service being paid by the Department of Athletics:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering and construction manager firms as necessary for the Ohio Stadium project and that the fees for these services be negotiated between the firm selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to proceed with preliminary design and cost estimated with a report to be made to this Board before the selected firms are authorized to proceed with any design work beyond the preliminary design phase.

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS**

Resolution No. 97-18

**UNIVERSITY AIRPORT 1996 IMPROVEMENTS
DOAN HALL - ENDOSCOPY AND PERIPHERAL VASCULAR LAB
FISHER COLLEGE OF BUSINESS PHASE I**

Synopsis: Authorization to employ architectural/engineering firms and request construction bids for the University Airport 1996 Improvements and accept the report of award of contracts and establishment of contingency funds for the Doan Hall - Endoscopy and Peripheral Vascular Lab and Fisher College of Business Phase I projects.

WHEREAS the University Airport desires to proceed with the extension of runway 5 by 170 feet in accordance with the Airport Master Plan previously approved by this Board; and

WHEREAS the total estimated project cost is \$200,000 and the total estimated construction cost is \$150,000, with funding provided by an FAA Grant (\$180,000) and the Department of Aviation (\$20,000); and

WHEREAS resolutions adopted by the Board of Trustees on December 1, 1995 and February 2, 1996 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects:

(* Recommended alternates included in these amounts)

Doan Hall - Endoscopy Suite and Peripheral Vascular Lab.

This project renovates approximately 3,000 square feet of space on the second floor of Doan Hall to relocate the Peripheral Vascular Lab and expand cardiology services in the adjacent area and renovates approximately 3,300 square feet of space on the second floor north wing of the Endoscopy Suite to increase patient privacy, improve operating efficiency, and generally upgrade the facility. The total project cost is \$1,021,010; funding is provided by University Hospitals. The completion date is January, 1997. The contracts awarded are as follows:

General Contract:	Miles McClellan, Columbus, Ohio
Amount:	\$357,000
Estimate:	\$435,000
Plumbing Contract:	Mandeville/Croson (AJV), Columbus, Ohio
Amount:	\$101,489
Estimate:	\$154,000
HVAC Contract:	Mandeville/Croson (AJV), Columbus, Ohio
Amount:	\$129,500
Estimate:	\$171,800

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS (contd)**

Doan Hall - Endoscopy Suite and Peripheral Vascular Lab. (contd)

Electric Contract:	Eastmoor Electric, Columbus, Ohio
Amount:	\$202,000 +
Estimate:	\$133,750
Total All Contracts:	\$789,989
Contingency Allowance:	\$78,997
Total Project Cost:	\$1,021,010

+ The Electric Contract is in excess of the filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

Fisher College of Business Phase I

This project constructs the first phase of a new complex to house the functions of the Fisher College of Business. The complex will consist of six buildings containing offices, classrooms, an auditorium, library, computing facilities, and executive education. This first phase of the project constructs the College and Graduate Program Buildings and provide the infrastructure that includes the additional chiller plant capacity in the McCracken Power Plant to service this new complex. The total Phase I project cost is \$49,543,674; funding is provided by House Bill 904 (\$2,630,000), House Bill 790 (\$27,465,000), Department of Physical Facilities (\$314,715) and gifts (\$19,133,959). The estimated completion date is February, 1998. The contracts awarded are as follows:

General Contract:	Danis Building Construction Co., Dayton, Ohio
Amount:	\$24,659,000 *
Estimate:	\$24,138,490 *
Plumbing Contract:	Teepe River City Mechanical, Cincinnati, Ohio
Amount:	\$988,000
Estimate:	\$1,171,700
HVAC Contract:	Kirk Williams Co., Grove City, Ohio
Amount:	\$6,132,000 *
Estimate:	\$6,850,800 *
Electric Contract:	Buckeye Electric Company, Dayton, Ohio
Amount:	\$5,073,300 *
Estimate:	\$5,120,800 *
Total Construction Contracts:	\$36,872,300 *

**EMPLOYMENT OF ARCHITECTS/ENGINEERS AND
REQUEST FOR CONSTRUCTION BIDS AND
REPORT OF AWARD OF CONTRACTS (contd)**

Fisher College of Business Phase I (contd)

Contingency Allowance: \$1,843,314

Total Phase I Project Cost: \$49,543,674

+The General Contract is in excess of the filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the University Airport 1996 Improvements project and that the fees for these services be negotiated between the firm selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids for the University Airport 1996 Improvements project in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts as appropriate with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by the Board, the report of award of contracts and establishment of contingency funds for the Doan Hall - Endoscopy and Peripheral Vascular Lab and Fisher College of Business Phase I projects are hereby accepted.

(See Appendix III for maps, page 107.)

PURCHASE OF REAL PROPERTY

Resolution No. 97-19

225 WEST TENTH AVENUE, COLUMBUS, OHIO

Synopsis: Authorization to purchase improved real property at 225 West Tenth Avenue in Columbus, Ohio is proposed.

WHEREAS The Ohio State University has been presented with an opportunity to purchase the improved real property located at 225 West Tenth Avenue in Columbus, Ohio; and

WHEREAS this property has an appraised value of \$130,000 to \$135,000, and the owners, Fred Neuenschwander and June Loving, of Columbus, have offered to sell the property to the University at a price of \$135,000; and

WHEREAS this property is located within the South Campus acquisition boundary of the University's Master Plan and the appropriate University offices have determined that the purchase of this property is in the best interest of the University; and

WHEREAS funds for the purchase will be provided from the University's land purchase account, to be repaid from net receipts from operation of the property:

NOW THEREFORE

PURCHASE OF REAL PROPERTY (contd)

225 WEST TENTH AVENUE, COLUMBUS, OHIO (contd)

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration be authorized to purchase, in the name of the State of Ohio for the use of The Ohio State University, the improved real property located at 225 West Tenth Avenue at a price not to exceed \$135,000, upon such terms and conditions as are deemed to be in the best interest of the University, subject to the University receiving the necessary approvals from the Ohio Board of Regents and the State Controlling Board.

(See Appendix IV for background information and map, page 111.)

SALE OF REAL PROPERTY

Resolution No. 97-20

189 ACRES OF THE KAGAY FARM
2809 GEORGESVILLE-WRIGHTSVILLE ROAD, PLEASANT TOWNSHIP
FRANKLIN COUNTY, OHIO

Synopsis: Authorization to sell the remaining parcels of property at the Kagay Farm is proposed.

WHEREAS the Board of Trustees of The Ohio State University owns approximately 189 acres of farmland located at 2809 Georgesville-Wrightsville Road in Pleasant Township, Franklin County, Ohio, as the result of a distribution from a unitrust agreement between the late Edmund M. Kagay and the Treasurer of The Ohio State University as Trustee; and

WHEREAS the appraised value of this property is \$265,000; and

WHEREAS Robert and Susan Morton, of Georgesville, Ohio, have offered to purchase approximately one acre with a pole barn at a price of \$18,000 and James Phillippi, of Columbus, Ohio, have offered to purchase the remaining approximately 188 acres at a price of \$1,525 per acre for a total price of approximately \$286,700, resulting in total proceeds of \$304,700 from these two sales; and

WHEREAS Mr. Kagay's wishes were that the net proceeds from the unitrust assets be used to support scholarships for University students studying languages; and

WHEREAS the appropriate University offices have determined that these sales of property are in the best interest of the University, and it is the desire of this Board to accept these offers and sell all of the University's right, title, and interest in these parcels of property:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees, to sell all of the University's right, title, and interest in approximately one acre of this property to Robert and Susan Morton at a price of \$18,000.00 and to sell all of the University's right, title, and interest in approximately 188 acres of this property to James Phillippi at a price of \$1,525 per acre for a total price of approximately \$286,700, with both sales to be upon such terms and conditions as are deemed to be in the best interest of the University.

(See Appendix V for background information and map, page 113.)

ACCEPTANCE OF THE TRANSFER OF REAL PROPERTY

Resolution No. 97-21

CAMP COOPER, GREENE COUNTY, OHIO

Synopsis: Authorization to accept the administrative transfer of the real property known as Camp Cooper in Greene County, Ohio, is proposed.

WHEREAS The Ohio State University owns Camp Clifton, a camp located in Greene County, Ohio, and operated for the University Extension's 4-H Program by the self-supporting, nonprofit 4-H Camp Clifton Corporation, under accreditation from the American Camping Association; and

WHEREAS a State task force recommended that Camp Cooper, a camp facility located to the west of Camp Clifton, and under the management of the Ohio Veterans' Children's Home, be transferred to The Ohio State University to be similarly operated as a 4-H camp by the Camp Clifton Corporation; and

WHEREAS Amended Substitute Senate Bill 310, enacted by the 121st General Assembly authorizes the transfer of this property to the University for this purpose; and

WHEREAS this transfer will enable the University Extension's 4-H Program to enhance its successful educational camping experiences for 4-H members and other youth, will allow for expanded programming, and will relieve overcrowding at the present Camp Clifton; and

WHEREAS the appropriate University offices have recommended that the University accept this transfer of property:

NOW THEREFORE

BE IT RESOLVED, That in accordance with the provisions of Amended Substitute Senate Bill 310, enacted by the 121st General Assembly, the Board of Trustees of The Ohio State University hereby accepts the transfer of the real property known as Camp Cooper in Greene County, Ohio, with title to be held in the name of the State of Ohio for the use of The Ohio State University.

(See Appendix VI for background information and maps, page 115.)

TRANSFER OF BUILDING

Resolution No. 97-22

2090 KENNY ROAD

Synopsis: Authorization to transfer the building located at 2090 Kenny Road in Columbus, Ohio from the University Endowment to the University's General Fund at a cost of \$1,427,500 is proposed.

WHEREAS The Ohio State University has a need for additional academic support space in the north academic core of the campus to relocate the occupants of the Public Safety Building which will be demolished as part of the Tuttle Parking Garage expansion project; and

WHEREAS the building and land improvements at 2090 Kenny Road is held as a part of the University Endowment and, based on appraisals, has a value of \$1,427,500; and

WHEREAS funds to cover the cost of transferring this building from the Endowment will be provided from University General Funds; and

TRANSFER OF BUILDING (contd)

2090 KENNY ROAD (contd)

WHEREAS the appropriate University offices have recommended that this building be transferred from the Endowment to the General Fund to meet a variety of space needs:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Finance be authorized to transfer the building located at 2090 Kenny Road from the University Endowment to the University General Fund at a price of \$1,427,500, upon such terms and conditions as are deemed to be mutually beneficial to the University Endowment and the University General Fund.

(See Appendix VII for background information and map, page 119.)

Upon motion of Mr. Skestos, seconded by Mr. Colley, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

LEASE OF REAL PROPERTY

Resolution No. 97-23

ATI/OARDC APARTMENT VILLAGE, WOOSTER, OHIO

Synopsis: Authorization to lease of approximately 12 acres of unimproved land in Wooster, Ohio, to facilitate the construction of residential facilities at ATI/OARDC through the use of a long-term lease/lease-back contract.

WHEREAS the University's Agricultural Technical Institute and Ohio Agricultural Research and Development Center in Wooster have a need for on-campus residential housing; and

WHEREAS the University prepared a program of requirements for a project to provide 118 apartment units to meet this joint need and established a budget of \$7,250,000 for the project; and

WHEREAS the University solicited competitive proposals through the Office of the University Architect and Physical Planning to select a developer to design, finance, and construct the project; and

WHEREAS the University has determined that the lowest and best proposal has been submitted by the Zaremba Group, Inc., to build the facilities for \$6,527,690 and to finance them through certificates of participation; and

WHEREAS the University and Zaremba desire to enter into a 20-year lease/lease-back contract to undertake this project; and

WHEREAS Chapter 3345 of the Ohio Revised Code authorizes the University to enter into long-term lease/lease-back contracts for housing facilities, and the University has determined that this project is the best way to provide the desired facilities at the lowest cost:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration be authorized to enter into a long-term lease/lease-back contract not to exceed 20 years with Zaremba Group, Inc., for the design and construction of the proposed ATI/OARDC apartment village and to execute such other documents as are necessary for this project.

LEASE OF REAL PROPERTY (contd)

ATI/OARDC APARTMENT VILLAGE, WOOSTER, OHIO (contd)

Upon motion of Mr. Skestos, seconded by Mr. Patterson, the Board of Trustees adopted the foregoing resolution with seven affirmative votes, cast by Messrs. Wexner, Shumate, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido.

(See Appendix VIII for background information and map, page 121.)

--0--

AUTHORIZATION OF MASTER LEASE

Resolution No. 97-24

Synopsis: Authorization to enter into a Master Lease Agreement for the purpose of leasing equipment with an aggregate cost of approximately \$10 million for use by various departments of the University, is proposed.

WHEREAS the Office of the Treasurer and the Purchasing Department have concluded that tax-exempt leasing by The Ohio State University is an advantageous form of financing the acquisition of certain equipment for use by various departments of the University; and

WHEREAS the Office of the Treasurer desires to propose cost effective options for the leasing of equipment by various departments of the University; and

WHEREAS the Office of the Treasurer and the Purchasing Department have heretofore issued to leasing companies and other financial institutions Requests for Proposal with respect to such leasing program; and

WHEREAS to carry out the foregoing purposes, the University has selected Banc One Leasing Corp. (the "Lessor"), Columbus, Ohio, and has negotiated a Master Lease Agreement dated as of July 15, 1996, with said Lessor providing for acquisition and use under the Master Lease Agreement of various equipment:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer be, and he hereby is, authorized and directed to enter into a Master Lease Agreement dated as of July 15, 1996, by and between the aforesaid Lessor and this University and, in consultation with legal counsel, to execute and deliver such other certificates, instruments and other documents, as are necessary or desirable to carry out the tax-exempt leasing program for the equipment mentioned above in an amount not to exceed \$10 million during the term of said Master Lease Agreement. This resolution shall take effect and be in force immediately upon its adoption.

Upon motion of Mr. Skestos, seconded by Mr. Sofia, the Board of Trustees adopted the foregoing resolution with six affirmative votes cast by Messrs. Wexner, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido, and an abstention cast by Mr. Shumate.

(See Appendix IX for background information, page 123.)

LEASE OF LAND FOR THE JACK NICKLAUS MUSEUM

Resolution No. 97-25

Synopsis: The Fiscal Affairs and Investments Committee, upon recommendation of the Department of Athletics, recommended the long-term lease of land to Jack Nicklaus Private Operating Foundation, Inc., a non-profit 501(c)(3) tax-exempt organization, for construction and operation of the Jack Nicklaus Museum.

WHEREAS Jack Nicklaus has greatly distinguished himself in every facet of the game of golf and has brought great credit to The Ohio State University where as an undergraduate he played collegiate golf and led the University team to Big Ten Championships in 1960 and 1961 and won the individual Big Ten and NCAA Championships in 1961; and

WHEREAS the University has the opportunity to have the Jack Nicklaus Museum be located on the University's Columbus Campus in the area which includes the Schottenstein Center, the Bill Davis Baseball Stadium and the Woody Hayes Athletic Center; and

WHEREAS the University would lease approximately two acres of undeveloped land along Olentangy River Road to Jack Nicklaus Private Operating Foundation, Inc. for the construction and operation of the Museum facility at the Foundation's sole cost and expense, with a land lease rental rate of \$1.00 per year; and

WHEREAS the Foundation has committed to compensate the University through additional lease payments over the initial 25-year term of the lease for certain development costs associated with displaced parking in the area of the Museum site; and

WHEREAS design of the Museum facility would be subject to University review and approval and the Museum facility would revert to University ownership after the initial and renewal lease terms; and

WHEREAS the Museum will provide internships and/or employment opportunities for University students and provide exhibit space for a University developed display reflecting the turf management program of the College of Food, Agricultural and Environmental Sciences, and the University's collegiate golf program; and

WHEREAS the appropriate University offices have determined that this long-term lease is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees, to negotiate and enter into a long-term lease for the leasing of approximately two acres to Jack Nicklaus Private Operating Foundation, Inc. for construction and operation of the Jack Nicklaus Museum upon such terms and conditions as are deemed to be in the best interest of the University, subject to final review by the Board of Trustees.

Upon motion of Mr. Skestos, seconded by Ms. Longaberger Kaido, the Board of Trustees adopted the foregoing resolution with seven affirmative votes cast by Messrs. Wexner, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido, and an abstention cast by Mr. Shumate.

July 12, 1996 meeting, Board of Trustees

Thereupon the Board adjourned to meet Friday, September 13, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

Maureen T. Sharkey
Acting Secretary

Leslie H. Wexner
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND TWENTY-FIFTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, September 13, 1996

The Board of Trustees met at its regular monthly meeting on Friday, September 13, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

September 13, 1996 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on September 13, 1996, at 11:00 a.m. He requested the Secretary to call the roll.

Present: Leslie H. Wexner, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Tamala Longaberger Kaido, Holly A. Smith, and Mark E. Berkman.

--0--

ELECTION OF SECRETARY

Resolution No. 97-26

WHEREAS section 3335-1-02, paragraph (B) of the Administrative Code, provides for replacement of Board officers through election:

NOW THEREFORE

BE IT RESOLVED, That pursuant to section 3335-1-02, paragraph (B) of the Administrative Code, William J. Napier is hereby designated as Secretary for the Board of Trustees of The Ohio State University for a term commencing August 29, 1996, and continuing through the May 1997 meeting of the Board and is empowered to act on behalf of this Board.

Upon motion of Mr. Celeste, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

Mr. Wexner:

Bill, welcome. You are at work already and, hopefully, you have taken notice that we have perfect attendance.

--0--

PRESIDENT'S REPORT

President Gee:

First of all, Mr. Chairman, let me note that I object strenuously having to sit next to David Brennan! His hat takes up the whole room, and I will have no working space for a whole year. So if my work productivity goes down, we will know what has happened here.

Next, I would join you and all members of the Board and all members of the university family in welcoming Bill Napier back to the university and to this most significant position. In the nearly two weeks that Bill has been here, I can assure you that he has already made an impact. We are honored, Bill, with your presence.

You have on your agenda today the appointment of two deans. Professor Susan Huntington is a distinguished art historian with a specialty in Asian Indian art. She has been acting dean and will continue her effective leadership as Vice Provost for Graduate Studies and Dean of the Graduate School.

Dr. John Schoessler is the Wildermuth Professor of Optometry and was long-time associate dean of the college. After serving in an acting role, he is recommended to be Dean of the College of Optometry which is widely regarded -- and I say this with great pride -- as this nation's finest.

PRESIDENT'S REPORT (contd)

President Gee: (contd)

We are delighted that Terry Foegler is taking the leadership of our Campus Partners initiative at this important time. With a plan developed and supported by residents and neighborhood groups, various city agencies, and the university, Campus Partners will continue to serve as the catalyst for improving our neighborhood. Terry brings significant urban planning experience and great energy to this important program.

This month, the university has announced several important honors and awards. We have inaugurated a new program by naming the first group of University Distinguished Lecturers. Professor of Music History Charles Atkinson, the Kimberly Professor of Chemistry Sheldon Shore, and Professor of Mathematics Karl Rubin have been honored with this lectureship.

Each quarter, one of the recipients will present a lecture on a topic of interest to the university community. The lecture by the way will be published. Each recipient is a former winner of the university's Distinguished Scholar Award.

Professor Karl Rubin also has been named a Distinguished University Professor, joining Professor of Geography Larry Brown and Professor of Chemical Engineering L.S. Fan in this honor. Distinguished University Professors are selected competitively and receive \$30,000 over three years to support their academic work. Professor Brown is a former Distinguished Teaching Award winner and Professor Fan is an Outstanding International Faculty Award winner. We are delighted, by the way, and the Provost's joins me in recognizing faculty members who inspire both their students and colleagues with their commitment to academic excellence.

The 1996 William H. Watson, Jr. Memorial Award has been presented to the Reverend Leon Troy, pastor of Second Baptist Church and a member of the Columbus Board of Education. The Watson Award is presented by our University College to those who nurture opportunity and promote equality. Reverend Troy, as we all know, is a committed individual committed to much and with great passion to all that he does and is certainly committed to academic achievement. His leadership has benefitted this university greatly and our community. I congratulate him as do all members of our university family.

The Ohio State University Medical Center was recognized in August by *U.S. News & World Report* as one of "America's Best Hospitals." The magazine singled out programs in endocrinology, gynecology, and rehabilitation as being among the nation's best.

I might note that the Medical Center has expanded its Health For Life community education programs this fall, offering more than 250 classes and programs at more than 20 locations. This year, the Medical Center is teaming up with the College of Food, Agricultural, and Environmental Sciences to present health and wellness programs at the Farm Science Review, which will be next week.

Our first-year medical students participated in a very special program to begin their academic program. A "White Coat Ceremony" was held at which the 200 entering students received their first white coats and took a medical student oath articulating their responsibilities to their patients. Fifty medical schools around the country held such programs for the first time this year, emphasizing medical ethics and responsibility.

PRESIDENT'S REPORT (contd)

President Gee: (contd)

We were pleased to host more than one hundred senior development staff members from the Big Ten institutions and the University of Chicago for a three-day conference. By all accounts, our colleagues were dazzled by our faculty, our development team, and other conference presenters. I want especially to thank Trustees Alex Shumate and Tami Longaberger for participating in a very successful meeting. I understand that Jerry May's only contribution was leading the macarena, but other than that he probably did an excellent job!

Since the last meeting of this Board, I testified before the U.S. House of Representatives' Subcommittee on Postsecondary Education, Training, and Life-Long Learning. Speaking on behalf of 17 educational associations and 3,600 colleges and universities across the country, I reminded members of Congress that a college education remains one of America's great bargains.

Sixty percent -- and I want all of you to hear this because this is an extraordinary piece of data -- of all college students -- 9 million people -- face a tuition bill of less than \$3,000. And in terms of public perceptions, tuition is significantly lower than the public thinks it is or should be.

The sensationalized slant on prices in the media often focuses on the most expensive few. But we in higher education -- and certainly at Ohio State -- have an extraordinary story to tell of access and opportunity. I was pleased to tell that story to policy makers and opinion leaders in Congress.

I want to note that we are celebrating the 20th anniversary of the founding of the National Regulatory Research Institute at this university. The NRRI has an international reputation in the regulation of electricity, natural gas, telecommunications, and water. The NRRI employs faculty and graduate students from departments across the university including economics, law, political science, accounting, and engineering.

Finally, Mr. Chairman, I want to note that Ohio State put up some big numbers last weekend in the Stadium. No, I am not just talking about the 70 points scored, I was irritated that we didn't get 77! More than 650 alumni members of our band returned to campus in reunion. As we celebrated the 60th anniversary of Script Ohio, 12 members of the 1936 band who marched in the first script formation, were honored on the field. It was a terrific day. And just yesterday, 125 students were selected for the 1996 band -- reminding us of the scarlet and gray thread that runs from our newest students to our loyal alumni.

Thank you very much, Mr. Chairman, that concludes my report.

--0--

STUDENT RECOGNITION AWARD

Mr. Berkman:

Karen Lee Gallagher was an honor graduate of Ball State University and was working as an X-ray technician when she decided that she wanted to be a doctor. So in 1993, Karen came to The Ohio State University College of Medicine.

As a medical student she worked very hard in the classroom and her grades reflected that, but today we are recognizing her for her dedicated efforts outside the prescribed medical curriculum. In the midst of her second year of med school -- I

STUDENT RECOGNITION AWARD (contd)

Mr. Berkman: (contd)

assume that studying for 26 hours-a-day just didn't keep her busy enough -- Karen decided to put in a great deal of time to co-found the Reach Out Program, a college-wide community service project.

Through the project that she coordinated, OSU med students from all classes were given an opportunity to participate in one or more of the 15 volunteer projects that she organized. From assisting the county health department with immunization records to conducting blood pressure screening in minority neighborhoods, to disinfecting toys at Children's Hospital, it was made very apparent that Ohio State's med students were making a difference in the Columbus community through this program. Karen then represented Ohio State at the national meeting of the American Medical Association, with a poster presentation of the Reach Out Program and won first place for the exhibit.

Karen has received letters of commendation in Obstetrics and Gynecology, Internal Medicine, and General Medicine. She is chair of the Community Service Committee -- her College's -- the American Medical Association, and is a Student Affairs Committee member of the Ohio Academy of Family Practice. She is a free clinic volunteer with the Academy of Medicine and Physicians. In her free time -- what little of it she must have -- she volunteers at Linden McKinley High School as an assistant athletic trainer and enjoys gardening. From what I hear, she has a tomato jungle in her back yard.

Karen you are scholarship, leadership, and service all rolled into one. On behalf of the Board of Trustees of The Ohio State University, I would like to present you with the Student Recognition Award.

Mr. Wexner:

Karen, what an outstanding record of achievement. Congratulations.

--0--

CAMPUS CAMPAIGN PRESENTATION

Mr. Jerry May:

As our leaders come forward and have a seat at the table, I would like to say a couple of things about the Campus Campaign. We thought that you should have an update from time to time on different kinds of leading edge issues that happen to deal with fundraising and development at the University. You should have in front of you now a Campus Campaign Spring Update report which gives you a glimpse of some of the things related to that, and our people today are going to talk with you about that.

The Campus Campaign is a volunteer-driven, morale-raising campaign for current and retired faculty, staff, and perspective graduates. The annual fundraising effort is planned and guided by the Campus Campaign Council, which is made up of faculty and staff. Our fundraising for the campus is an integral part of the University's development program and the Affirm Thy Friendship Campaign. The mission of the program is to educate faculty, staff, and perspective graduates about the University's needs and to nurture philanthropy and encourage participation. Our Campus Campaign is nationally recognized as the leader in evolving faculty and staff, and there is no other university-wide solicitation that is as comprehensive or as productive as the one at The Ohio State University, now 11 years old.

CAMPUS CAMPAIGN PRESENTATION (contd)

Mr. May: (contd)

So in keeping with this volunteer tradition, I'd like to introduce Dick Hill, who is one of our co-chairs. He is Dean Emeritus, as you all know, in the College of Optometry. And I should say, parenthetically, Dick is one of the people that -- in addition to this role and the role that he has in fundraising for the College as Dean Emeritus -- has stimulated an enormous amount of philanthropy at this institution. I am deeply indebted to Dick for that.

I also want to introduce Marquetta Peavy, Assistant Director of Human Resources in the Medical Center, and co-chair of the Campus Campaign this year with Dick. We are pleased to have her with us. I would also like to introduce Linda Johnson, Associate Director of the Annual Giving Programs. She has been Director of this program for the past four years and has been with it for all 11 years. So, Dick, with that I would like to turn this over to you.

Dr. Richard Hill:

Thank you very much for having us here this morning. I think for Marquetta and I -- more than the \$33 million that has been raised over 11 years by the Campaign -- we are really impressed by the substrate, the source, the broad profile of donors throughout the University that participate -- faculty, staff, and graduating seniors. This is a remarkable demonstration, as Jerry May said, of morale.

The main spring really of this Campus Campaign is its Council. These are 36 special volunteers appointed by President Gee and he appoints 12 new ones every year for a three-year term. These individuals then go back into their constituencies and train 1,000 volunteers across the University. Those 1,000 volunteers, in turn, are the interface with our donors which are tens of thousands of individuals throughout the campus and our regional campuses I should add, too.

I think it's not just the money -- which is vital to deans, chairs, and administrative heads for projects that we just wouldn't have funds for -- that is so important. But I think it is, in fact, a demonstration of a remarkable generosity and morale that is distinctive and really indigenous here at The Ohio State University. We are a unique institution in that regard. Marquetta --

Ms. Marquetta Peavy:

Thank you, Dick. I would like to continue on the same thing that Dick mentioned because I think the thing that keeps this Campaign going is the idea that we are getting faculty and staff to think about giving back. I think that's the piece that encourages our staff and faculty to really participate in this Campaign. Not only do they give back to their units, but they get to choose where their donations go. I think that is important to them.

In addition to faculty and staff, this past year we included the students. In the past, the students contributed through what we call the class gift. Well this year we got the students to integrate the class gift into the Campus Campaign and it was the largest gift that we had ever received from students. So I think they really embraced that as being part of the faculty and staff.

As you see, the posters in back of you are one of the ways that the Campus Campaign tries to become visible in the community. We utilize posters, T-shirts, and mugs to keep people aware of our presence within the community. The one thing

CAMPUS CAMPAIGN PRESENTATION (contd)

Ms. Peavy: (contd)

that you will see in each one of those posters is the fact that "We believe in Ohio State." I think that it is very important for us to keep that concept going as we continue with the Campus Campaign.

So we would like to offer a gift to you, the Board, and we hope that you also will continue to believe and support us here at the University, and to keep our presence felt there. So thank you for the opportunity.

Dr. Hill:

Also for our volunteers each year, and just for them, we have a special pin that we like to have them wear, and we consider you, of course, to be our most important volunteers. So in order to extend our thanks and appreciation for you hearing us this morning, we would like to give you one of those upon our departure, and thank you very much for having us.

Mr. Wexner:

Thank you very much.

President Gee:

Mr. Chairman, let me just note that this is an absolutely remarkable feat when you think about the fact that over the past 10 years our University has raised more money, internally, than any other university in this country. That shows a real commitment and something that I think we ought to take as a public sign of the health of the institution and the commitment that our people do have to Ohio State. We do appreciate that.

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Administrative Operations Committee and Executive Committee of the Hospitals Board met on July 25, 1996. The Executive Committee reviewed and approved the 1996-97 Bonus Program for eligible staff. The Administrative Operations Committee discussed the need for a subacute care unit. With the assistance of a consultant firm, the Hospitals is developing a strategy for adding skilled nursing facility beds.

On August 22, 1996, the Strategic Planning Committee and the Hospitals Board met. An Information Systems consultant reviewed current stages of the Hospitals' information systems network development. In order to continue moving forward, further discussion about shared funding and management must be held between the proposed unified practice plan and the Hospitals.

The Hospitals Board reviewed and approved the Medicare Billing Integrity Compliance Program for the Medical Center. This compliance manual formally addresses the recent standards issued by the Health Care Financing Administration office for billing by teaching physicians when a resident is present.

Mr. Chairman, at this time I would like to call on Dr. Tzagournis and Mr. Fraley to present a resolution for the Board's approval.

HOSPITALS BOARD REPORT (contd)

Dr. Manuel Tzagournis:

Mr. Chairman and members of the Board, thank you. Over a decade ago the Health Care Financing Administration had a series of informal rules and guidelines regarding the billing of Medicare patients by teaching physicians when a resident or medical student were present. These guidelines were poorly understood, I might say, and needed to be improved. In December 1995, HCFA did that -- they set out very specific guidelines and rules which are now in the hands of most teaching physicians and hospitals.

Even though our teaching physicians have their own guidelines in their departments, we felt that the institution itself should have a compliance manual with this spelled out. We had the help of special counsel, a good committee of faculty members and administrators, and we formed such a compliance effort. It is designed to help educate our physicians and our residents, to monitor proper billing, and then to make sure that we are in complete compliance over the next several years.

This can be an expensive item if it is not done properly. I think many of you know that the University of Pennsylvania recently was fined over \$30 million in damages because they were not doing it properly. We urge you then to pass this. It has been passed by the Cancer Hospital Board and the University Hospitals Board, and has the support of our faculty. If there are any questions, Reed is here to answer them.

Mr. Wexner:

Manny, does this have to be -- or should it be -- approved also by the Children's Hospital Board, because of the teaching that the Ohio State faculty does there?

Dr. Tzagournis:

Good point. I'll tell you next month. Really it is. I had not thought of that, but we will call there and make sure that our faculty residents who are there are covered by a similar institutional rule or else this one. Thank you.

**APPROVAL OF INTEGRITY PROGRAM FOR UNIVERSITY
MEDICAL CENTER**

Resolution No. 97-27

Synopsis: Approval of the Integrity Program and Integrity Program Compliance Manual for the University Medical Center, for the purpose of achieving compliance with applicable government and professional standards and requirements.

WHEREAS compliance with Medicare, Medicaid, and related government health care regulations is a necessary component of the clinical and service missions of the University Medical Center; and

WHEREAS the University desires to deliver a single standard of high quality patient care, which treats all patients of the University Medical Center with honesty and integrity; and

WHEREAS the University believes that an Integrity Program which establishes standards of conduct; educates and trains University Representatives; provides for persons with sufficient authority to monitor and audit compliance; and allows for enforcement and modification of the Integrity Program as necessary will best serve the interests of the University; and

WHEREAS compliance with the Integrity Program will be a requirement for all University employees, agents, and medical staff members while acting in the University Hospitals, The Arthur G. James Cancer Hospital and Research Institute, University affiliated clinics and health care facilities, and MedOhio Family Care Centers; and

**APPROVAL OF INTEGRITY PROGRAM FOR UNIVERSITY
MEDICAL CENTER (contd)**

WHEREAS compliance to a single Integrity Program by members of the medical staffs of The Ohio State University Hospitals and The Arthur G. James Cancer Hospital and Research Institute requires participation and compliance by the clinical departmental practice groups recognized by The Ohio State University Medical Practice Plan, as that Medical Practice Plan has been adopted and may be amended from time to time:

NOW THEREFORE

BE IT RESOLVED, That ultimate responsibility for the Integrity Program be vested by this University Board of Trustees in the President of the University, the Vice President for Health Sciences, and the Boards of the University Hospitals and The Arthur G. James Cancer Hospital and Research Institute in conformity with the terms of the Integrity Program Compliance Manual; and

BE IT FURTHER RESOLVED, That the granting of medical staff privileges or the employment of any employee or agent at any University Medical Center facility is contingent upon acceptance and compliance with the Integrity Program, and that such acceptance and compliance shall also become a condition of approval for any departmental practice group or successor thereto, as recognized by the University under the terms of the Medical Practice Plan, and

BE IT FURTHER RESOLVED, That The Ohio State University Medical Center Integrity Program and Compliance Manual, as initially effective July 1, 1996, be adopted.

Upon motion of Mr. Celeste, seconded by Mr. Sofia, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

(See Appendix XI for background information, page 225.)

CANCER HOSPITAL UPDATE

Mr. Zuheir Sofia:

On September 1, 1993, the Board of Trustees established The Arthur G. James Cancer Hospital and Research Institute Board and their bylaws dictate that the membership of that Board requires the approval of this Board. At this time, I would like to recommend the following individuals for membership on The Arthur G. James Cancer Hospital and Research Institute Board for the term outlined in the resolution.

**THE ARTHUR G. JAMES CANCER HOSPITAL
AND RESEARCH INSTITUTE BOARD APPOINTMENTS**

Resolution No. 97-28

Synopsis: Appointment of members to The Arthur G. James Cancer Hospital and Research Institute Board is proposed.

WHEREAS the Board of Trustees on September 1, 1993 approved the establishment of The Arthur G. James Cancer Hospital and Research Institute Board; and

WHEREAS it has been stipulated in Board of Trustees Bylaw 3335-1-03 (W) and The James Cancer Hospital and Research Institute Board Bylaw 3335-109-01 that the Cancer Hospital Board shall be comprised of four citizens from the general public who shall be appointed by the University Board of Trustees in consultation with the President; and

WHEREAS the following named persons have been nominated and selected for immediate appointment to the Cancer Hospital Board for the term as specified:

**THE ARTHUR G. JAMES CANCER HOSPITAL
AND RESEARCH INSTITUTE BOARD APPOINTMENTS (contd)**

<u>Name</u>	<u>Term of Appointment</u>
Richard J. Solove (Reappointment)	ending May 13, 1997
Ellen Hardymon (Reappointment)	ending May 13, 1998
Robert B. Smith (Appointment)	ending May 13, 1999
Curtis J. Moody (Appointment)	ending May 13, 2000

NOW THEREFORE

BE IT RESOLVED, That the foregoing nominees be appointed, effective immediately, as members of The Arthur G. James Cancer Hospital and Research Institute Board for the specific term as set forth above.

Upon motion of Mr. Sofia, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

As a part of the Educational Affairs Committee agenda this morning, Vice Provost Alayne Parson and Professor Randy Smith gave a brief status report on the University's 10-year accreditation review. The process for the review is on schedule, both Dr. Parson and Professor Smith indicated that they personally visited the accrediting agency to give a progress report on where we are in our process, and they have received some useful guidance from the accrediting agency.

The Steering Committee and the Office of Academic Affairs are now reviewing the first set of chapters of the plan. They will then be distributed more widely for input including to the Board of Trustees members. The goal is to have the full document completed this fall, well before the site visit which is now scheduled for May 1997.

Dr. Nancy Rudd then discussed two draft policies, which are currently under review by University faculty groups. The first addresses conflicts of interest and conflicts of commitment for faculty and the second addresses external professional activities on the part of faculty. These policies should be ready for Senate action and Board action sometime during this academic year.

Mr. Chairman, on behalf of the Committee, I would like to recommend the following resolutions:

NAMING OF BUILDING

Resolution No. 97-29

Synopsis: Naming of a University-owned house at 141 W. 11th Avenue, near the campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee it has been proposed that the recently renovated house at 141 W. 11th Avenue be named "The Max Kade German House" to reflect the generous gift of \$240,000 from The Max Kade Foundation for the purpose of renovating the facility to create a residential/educational house, beginning Fall Quarter 1996, for nine undergraduate students and one graduate resident advisor all studying German; and

NAMING OF BUILDING (contd)

WHEREAS the house will also serve as a focal point for cultural and educational events for the Department of Germanic Languages and Literatures, including student club meetings, presentations, German film showings, German television broadcasts, and receptions; and

WHEREAS a single location for these activities would assist the Department in its efforts to create a stronger community of learning, and enhance the rapport among students and faculty. The facility would also provide a setting for students to speak German on a daily, active basis, contributing to their mastery of the language; and

WHEREAS the creation of such a residential and cultural center will be attractive to top students, and the name of the late Max Kade, an outstanding German-American industrialist and philanthropist, would lend additional prestige:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned house at 141 W. 11th Avenue shall be named "The Max Kade German House."

NAMING OF STREET

Resolution No. 97-30

Synopsis: Naming of a permanent street constructed to provide access in the West Campus and Research Park area on the campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee it has been proposed that the permanent road constructed in the Research Park/West Campus area be named "Arthur E. Adams Drive" to reflect Professor Emeritus Arthur E. Adams' long and productive history of service to the University and to higher education; and

WHEREAS as special assistant to the President and the Vice President for Research and Graduate Studies from 1982-1984, Dr. Adams led the development of a research park proposal for Ohio State; and

WHEREAS the campus area now designated as the Research Park was first outlined by Dr. Adams, and he developed many of the covenants now included in the current effort through detailed research of other university-related research parks; and

WHEREAS the concept that an Ohio State Research Park should contribute to related University academic activities was a special contribution by Dr. Adams which has endured; and

WHEREAS the West Campus District Plan confirms that the street will be part of the long range development pattern for the West Campus/Research Park area, and it is most fitting that it be named for the individual who bears so great a responsibility for the park's inception:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned road constructed in the Research Park/West Campus area shall be named "Arthur E. Adams Drive."

NAMING OF ROOM

Resolution No. 97-31

Synopsis: Naming of room 168 Dulles Hall, 230 W. 17th Avenue, on the campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee it has been proposed that the recently renovated seminar room 168 Dulles Hall at 230 W. 17th Avenue be named "The Gerry D. Guthrie Seminar Room" to honor the memory of the late Gerry D. Guthrie, a long-time employee of The Ohio State University Libraries and an amateur historian of American History, particularly the history of the Civil War; and

WHEREAS Mr. Guthrie's mother, Cecile Guthrie, has made a gift of \$10,000 which covers approximately 50 percent of the costs for the recent renovation of this room, formerly a student study lounge; and

WHEREAS the room will be used by the Department of History, which has requested this naming and which has provided matching funds to complete the project, for meetings, history seminars, and classes. The renovation also has allowed the student study lounge to move to a larger space which will better serve the needs of students; and

WHEREAS Mrs. Guthrie has made other generous contributions in memory of Mr. Guthrie which will enhance the educational experience for students including providing an endowed scholarship fund for outstanding undergraduate majors in the history department:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned room 168 Dulles Hall shall be named "The Gerry D. Guthrie Seminar Room."

PERSONNEL ACTIONS

Resolution No. 97-32

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the July 12, 1996 meeting of the Board, including the following Appointments, Appointment/Reappointment of Chairpersons and Directors, Leaves of Absence Without Salary, Professional Improvement Leaves, and Emeritus Appointments as detailed in the University Budget be approved and the Medical Staff Appointments (The Arthur G. James Cancer Hospital and Research Institute) approved by The Arthur G. James Cancer Hospital and Research Institute), and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved June 27 and July 25, 1996, by the Hospitals Board be ratified.

Appointments

Name:	ROBERT R. BAHNSON
Title:	Professor (The Louis Levy Professorship in Cancer)
College:	Medicine
Effective:	September 1, 1996
Salary:	\$60,000.00
Present Position:	Associate Professor, Department of Surgery, University of Pittsburgh

PERSONNEL ACTIONS (contd)

Appointments (contd)

Name: TERRY D. FOEGLER
Title: Executive Assistant to the Vice President for Student Affairs
Offices: Campus Partners/Student Affairs
Effective: September 23, 1996
Salary: \$125,004.00
Present Position: Assistant City Manager/Director of Development, City of Dublin

Name: PETER W. HOWITT
Title: Professor (University Chair in Monetary Economics and Macroeconomics)
Department: Economics
Effective: October 1, 1996
Salary: \$165,000.00
Present Position: Professor, University of Western Ontario and Visiting Professor, University of Toulouse, France

Name: SUSAN L. HUNTINGTON
Titles: Vice Provost for Graduate Studies and Dean of the Graduate School
Office/School: Academic Affairs/Graduate School
Effective: July 1, 1996
Salary: \$140,004.00

Name: WILLIAM J. NAPIER
Title: Secretary of the Board of Trustees and Executive Assistant to the President
Offices: Board of Trustees/President's
Effective: August 29, 1996
Salary: \$140,004.00
Present Position: Vice Chancellor for External Affairs, Ohio Board of Regents

Name: JOHN P. SCHOESSLER
Titles: Dean of the College of Optometry
Effective: September 1, 1996
Salary: \$126,000.00

Name: STEVEN J. SCHWARTZ
Title: Professor (The Carl E. Haas Chair in Food Industries)
Department: Food Science and Technology
Term: January 1, 1996 - December 31, 2001
Salary: \$95,400.00
Present Position: Professor and Site Director, Center for Advanced Aseptic Processing and Packaging, North Carolina State University

Name: STEPHEN A. SEBO
Title: Professor (The Neal A. Smith Chair in Electrical Engineering)
Department: Electrical Engineering
Correction of Dates: January 1, 1995 - December 31, 2000

Name: PHILIP E. TETLOCK
Title: Professor (The Harold E. Burt Chair in Psychology)
Department: Psychology
Effective: July 1, 1996
Salary: \$130,000.00

PERSONNEL ACTIONS (contd)

Appointment of Chairpersons and Directors

July 1, 1996 through June 30, 1997

Obstetrics and Gynecology

Larry J. Copeland*

July 1, 1996 through June 30, 2000

School of Educational Policy and

*Acting

**Interim

Leaves of Absence Without Salary

STANLEY F. GORSKI, Professor, Department of Horticulture and Crop Science, effective August 20, 1996, through June 30, 1997, for personal reasons.

PERSONNEL ACTIONS (contd)

Leaves of Absence Without Salary (contd)

YUJI KODAMA, Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to visit Osaka University, Osaka, Japan.

JAMES E. MEEKS, Professor, College of Law, effective Autumn Semester 1996, to visit Boston University.

MICHEL P. TALAGRAND, Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to visit C.N.R.S. in Paris, France.

LUCIA H. COSTIGAN, Associate Professor, Department of Spanish and Portuguese, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to except a position as a visiting professor and scholar at Duke University.

THOMAS KAPPELER, Associate Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to visit the Mathematics Institute at the University of Zurich.

EMILIE E. REGNIER, Associate Professor, Department of Horticulture and Crop Science, effective October 1, 1996 through March 31, 1997, received a grant to do a sculpture.

LARS J. ERNSTROM, Assistant Professor, Department of Mathematics (Mansfield Campus), effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to accept a position at the Swedish Mittag-Leffler Institute.

KENNETH D. MCLAUGHLIN, Assistant Professor, Department of Mathematics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to visit the Department of Mathematics at Princeton University.

CATHERINE M. O'CONNOR, Assistant Professor, Department of Economics, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to accept a visiting assistant professorship at Bucknell University, Department of Economics.

Professional Improvement Leaves

GORDON J. AUBRECHT II, Professor, Department of Physics (Marion Campus), effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

ROBERT F. LAWSON, Professor, School of Educational Policy and Leadership, effective Spring Quarter and Autumn Quarter 1997 and Winter Quarter 1998.

ROBERT J. STANTON, Professor, Department of Mathematics, effective Winter Quarter, Spring Quarter, and Autumn Quarter 1997.

DAVID W. COVEY, Associate Professor, Department of Dance, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

MARY M. GARRETT, Associate Professor, Department of Communication, effective Winter Quarter, Spring Quarter and Autumn Quarter 1997.

JOHN L. HEYWOOD, Associate Professor, School of Natural Resources, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997.

STUART D. LISHAN, Associate Professor, Department of English, effective Winter Quarter, Spring Quarter and Autumn Quarter 1997.

PERSONNEL ACTIONS (contd)

Professional Improvement Leaves (contd)

SABRA J. WEBBER, Associate Professor, Division of Comparative Studies in the Humanities and Department of Near Eastern, Judaic, and Hellenic Languages and Literatures, effective Spring Quarter and Autumn Quarter 1997, and Winter Quarter 1998.

Professional Improvement Leave--Change in Dates

CAROLINE M. PALMER, Associate Professor, Department of Psychology, change leave from Winter Quarter and Spring Quarter 1997, to Spring Quarter and Autumn Quarter 1997.

Emeritus Titles

AUGUST F. SCHMITTHENNER, Department of Plant Pathology, with the title Professor Emeritus, effective August 1, 1996.

JOHN F. SENA, Department of English, with the title Professor Emeritus, effective September 1, 1996.

Medical Staff Appointments (The Arthur G. James Cancer Hospital and Research Institute)

July 12, 1996 through December 31, 1996

Rebecca Gutmann, M.D., Associate Attending Staff, Department of Anesthesiology
Matthew G. Kramer, M.D., Associate Attending Staff, Department of Anesthesiology
Robert Small, M.D., Associate Attending Staff, Department of Anesthesiology
Townsend Smith, M.D., Associate Attending Staff, Department of Anesthesiology
Heather O. Thomas, M.D., Associate Attending Staff, Department of Anesthesiology
Larry C. Martin, M.D., Associate Attending Staff, Department of Surgery
Lisa D. Yee, M.D., Attending Staff, Department of Surgery
Julie Mangino, M.D., Associate Attending Staff, Department of Medicine (Infectious Diseases)
Chris A. Rhoades, M.D., Attending Staff, Department of Internal Medicine (Hematology/
Oncology)

August 9, 1996 through January 31, 1997

RESOLUTIONS IN MEMORIAM

Resolution No. 97-33

Synopsis: Approval of nine Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

Alfred B. Garrett

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 12, 1996, of Alfred B. Garrett, Professor Emeritus in the Department of Chemistry.

Professor Garrett received his B.S. in chemistry from Muskingum College in 1928, his M.S. degree in 1931, and his Ph.D. degree with Herrick Johnston in 1932 from OSU. After three years as an Assistant Professor at Kent State University, he joined the Department of Chemistry at OSU as an Instructor in 1935.

His contributions to physical, inorganic and organic chemistry were described in 56 research publications. They included thermodynamic studies of inorganic and organic systems and the electrochemical properties of metals and their compounds. He was preceptor for 43 Ph.D. and five M.S. students at OSU.

Garrett was nationally renowned for his contributions to chemical education, particularly at the introductory level. He was appointed Head of the Division of General Chemistry in 1942, and was author and co-author of a number of introductory chemistry texts from 1938 to 1980. In his classes, he introduced the science of chemistry to more than 20,000 students and was selected by the students as "Honor Professor of the Year" in 1958. He was elected President of the National Science Teachers Association in 1969.

His book, "The Flash of Genius" written in 1963, was an inspirational account of the processes of scientific discovery. One important result was that the lives and work of individual scientists became real and understandable to many young people interested in a career in science. Many of the discoverers, such as Plunkett (inventor of Teflon) and Henne and Johnston (faculty colleagues), Garrett had known personally during his career at Ohio State. This seminal effort in popularization of science led him to a nationwide series of lectures to a broad public. His prefatory notes to the book state, among several reasons for writing the book: "I believe that students deserve to be challenged by the mystery of the trigger-tripping process that leads to the birth of a new idea...furthermore, it has been fun." Garrett imparted that sense of fun to all the students privileged to have him as their scientific mentor.

Al Garrett became Acting Chairperson of the Department of Chemistry in 1959 and Chairperson in 1961. His experience in science at the national and international levels was recognized in 1962 when he was appointed the University's first Vice President for Research. He received the Governor's Award, State of Ohio, in 1964 and NASA's Apollo 11 Award in 1970. He became Professor Emeritus in 1971.

On behalf of the University, the Board of Trustees expresses to the family of Professor Garrett its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Florence A. Hendee

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 6, 1996, of Florence A. Hendee, Assistant Professor Emeritus in the University Libraries.

RESOLUTIONS IN MEMORIAM (contd)

Florence A. Hendee (contd)

Florence Hendee was born October 2, 1904, in Litchfield, Ohio. She received her B.A. from Ohio Wesleyan University, Delaware, Ohio, in 1929, and her degree in library science from Western Reserve University, Cleveland, Ohio, in 1945. In addition, she did additional graduate study at Northwestern University, Chicago, in 1931, and at Western Reserve in 1954.

Professor Hendee worked in the library field for 21 years, of which 12 were at The Ohio State University as Head of the Geology Library, 1955-1967. Before receiving her library science degree, Florence Hendee taught at the Wellington High School, 1929-1930 and the Grandview High School, Columbus, 1930-1945. Her first library positions were at the Cleveland Public Library, Schools Department, 1946-1948, and as Young People's Librarian, Worthington Public Library, 1948-1955.

In addition to her administrative responsibilities, Professor Hendee was very active in numerous professional organizations. Among these organizations were the American Library Association, Special Libraries Association, Ohio Library Association, Franklin County Library Association, the Geological Society of America, and a member of the Geoscience Information Society since the Society's beginning. She was also a member of Theta Upsilon, Kappa Delta Pi, American Association of University Women, and the Order of Eastern Star, Chapter 137, in Lodi.

On behalf of the University, the Board of Trustees expresses to her family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Thyra B. Kabealo

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 31, 1996, of Thyra B. Kabealo, Professor Emeritus in the Department of English.

Thyra Kabealo, born in 1905, attended public school in New York State and took an A.B. degree from Albany State Teachers College in 1926. She served as an instructor in the library school of Syracuse University before moving to Columbus, where she received the M.A. degree from Ohio State in 1930 and took further work on the Ph.D. level.

At Ohio State through the years she performed various editorial functions. In the English Department she served as Instructor and Assistant Professor from 1955 until her retirement in 1971. As a scholar, she was general editor of the Latin incipit project undertaken by several faculty members of the department.

On behalf of the University, the Board of Trustees expresses to the family of Professor Kabealo its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Iris Macumber

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 4, 1996, of Iris Macumber, Professor Emeritus in the Ohio State University Extension.

Professor Macumber was born May 1, 1908, in Winterset, Iowa. She received a BS in home economics from Iowa State College in 1930 and a MEd from Colorado A & M in 1957. Her Extension career began on February 1, 1941 as the County Extension Agent, Home Economics in Montgomery County. She held this position until her retirement on June 30, 1976.

RESOLUTIONS IN MEMORIAM (contd)

Iris Macumber (contd)

Professor Macumber's contributions included providing excellent Extension educational programs in home economics. Among the many honors and recognitions she received, she was awarded the National Home Demonstration Agents Association Distinguished Service Award, the NSDA Superior Service Award, and the Florence Hall Award during her career with OSU. She was an officer in the Ohio Cooperative Extension Agents Association, served as President of the Dayton Metropolitan Home Economics Association, Secretary of the Ohio Home Economics Association, Vice President of the Dayton Altrusa, and Honorary Vice President of the President's Association of the Dayton-Montgomery County Garden Club Association. Iris Macumber was the first woman to be appointed as a County Chair for the Ohio Cooperative Extension Service. Her teaching and home economics expertise earned her the respect and admiration of co-workers and associates throughout the State of Ohio as well as the nation.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to her family. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Walter E. Mitchell, Jr.

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 26, 1996, of Walter E. Mitchell, Jr., Professor Emeritus in the Department of Astronomy.

Professor Mitchell earned his B.S. degree from Tufts College, his M.S. from the University of Virginia, and his Ph.D. from the University of Michigan. He joined The Ohio State University in 1957 as an Instructor, moving through the professorial ranks and becoming Professor in 1969. He retired as Professor Emeritus in 1991.

Walt Mitchell's research interests were concentrated in the high-resolution study of the spectrum of the sun, including measurements of the variation of spectral lines with location on the solar disk and with the eleven-year sunspot cycle. Dr. Mitchell also worked on the theoretical interpretation of the observations to deduce conditions in the sun's atmosphere. While most of his publications were in solar physics, he also published papers on the spectra and photometry of several peculiar stars.

Before attending college, Professor Mitchell served in the U.S. Army in World War II, with the rank of 2nd Lieutenant in the Infantry. He was an Assistant Professor at Brown University for one year before coming to Ohio State. He frequently spent time observing at the Mount Wilson Observatory in California and Kitt Peak National Observatory in Arizona.

Dr. Mitchell was a member of the American Astronomical Society (including the Solar Physics and the Historical Astronomy divisions), the Royal Astronomical Society, the International Astronomical Union, and the Great Lakes Planetarium Association. He had a special interest in undergraduate education and public outreach through the use of the Perkins Observatory and the planetarium on the OSU campus.

On behalf of the University, the Board of Trustees expresses to the family of Professor Mitchell its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Andrew I. Schwebel

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 4, 1996, of Andrew I. Schwebel, Professor in the College of Social and Behavioral Sciences.

RESOLUTIONS IN MEMORIAM (contd)

Andrew I. Schwebel (contd)

Dr. Schwebel joined the faculty of the Psychology Department in 1969 after earning his Ph.D. from Yale University. A member of the department's clinical psychology program, he served with distinction and dedication as teacher and scholar. He was recognized eleven times for distinguished undergraduate teaching, and in 1995 he was honored by his former graduate students for his commitment to their professional development. In 1983 he was appointed Faculty Associate of the Mershon Center. Dr. Schwebel published over one hundred articles in professional journals. Books that he authored or co-authored include: A Guide to a Happier Family, Understanding and Helping Families: A Cognitive-Behavioral Approach, and Student Teacher's Handbook. Dr. Schwebel served in an editorial capacity on journals in his fields of specialization and was elected Fellow of the American Psychological Association. He also served as a member of Sigma Xi, the New York Academy of Science, the Society for the Psychological Study of Social Issues, and the National Council for Therapy and Rehabilitation Through Horticulture.

Dr. Schwebel's extensive public service included chairmanship of the Governor's Commission on Child Support Enforcement and co-administration of the Linden Group for Community Learning Center. He also served on the advisory board of the National Academy for Certified Family Therapists and of Peers Unlimited. His many local community involvements included a radio talk show and a newspaper column, both dealing with psychological issues.

In recent years, Dr. Schwebel worked actively on the University's Interdisciplinary Committee to Develop Training Programs for Providers of Service to the Chronically Mentally Ill and on the Intrauniversity Mediation Program. This work, as well as his scholarly efforts, were directed toward the application of the social sciences to the problems people encounter across the life span.

On behalf of the University, the Board of Trustees expresses to the family of Professor Schwebel its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Floyd S. Stahl

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 26, 1996, of Floyd S. Stahl, Professor Emeritus in the School of Physical Activity and Educational Services, and retired Assistant Athletic Director.

Professor Stahl received his Bachelor's degree from the University of Illinois, after serving in World War I. He coached three consecutive state championship teams at Dayton Stivers High School, before joining The Ohio State University Athletic Department as an assistant basketball and football coach in 1930.

Professor Stahl eventually served The Ohio State University as Head Baseball and Basketball Coach, Assistant Football Coach, as well as Assistant Athletic Director. He is a member of The Ohio State University Athletic Hall of Fame.

Floyd Stahl was remembered by the athletes he coached and the Athletic Department colleagues with whom he worked as a tireless competitor with high standards for himself and those who played for him. His coaching talents in multiple sports greatly enhanced the continued development of the intercollegiate sports program at The Ohio State University.

On behalf of the University, the Board of Trustees expresses to the family of Professor Stahl its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

RESOLUTIONS IN MEMORIAM (contd)

Vern A. Vandemark

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 13, 1996, of Vern A. Vandemark, Associate Professor Emeritus in the Department of Agricultural Economics and Rural Sociology.

Professor Vandemark was born in Fairgrove, Michigan, on November 16, 1917. He graduated from Fairgrove High School in 1936 and attended Albion College from 1936 to 1937. He received his B.S. (1940) with honors, M.S. (1950), and M.A. (1951) degrees from Michigan State University and his Ph.D. (1963) in Agricultural Economics and Rural Sociology at The Ohio State University. His career at Ohio State began in 1957 when he was hired as an Extension Economist/Instructor in the area of Food Distribution. He was promoted to Assistant Professor in 1964 and to Associate Professor in 1971.

Professor Vandemark was a member of many professional and honor societies, among them: American Marketing Association, American Agricultural Economics Association, Agricultural Marketing Forum, National Food Distribution Research Society, Phi Kappa Phi, Alpha Zeta, Gamma Sigma Delta, and Epsilon Sigma Phi. He was the recipient of a Fellowship from the Automatic Retailers of America and a Fellow of the National Association of Food Chains.

Professor Vandemark will be remembered for his leadership in the food industry at the national, state and local levels. For many years, Dr. Vandemark served as coordinator and/or advisory committee member for both the Ohio Food Distribution Conference and Ohio Roadside Marketing Conference. He led a number of person-to-person delegations of food industry businessmen to international sites such as Eastern and Western Europe, the Orient, and South America.

In addition to professional service, Professor Vandemark was a member of several university, college and departmental committees including service as founding President of The Ohio State University Chapter of Phi Kappa Phi, Chair of the Department Alumni Round-Up, and Chair of the College Alumni Awards Committee. He retired on September 1, 1983.

On behalf of the University, the Board of Trustees expresses to the family of Professor Vandemark its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Marilyn Robinson Waldman

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 8, 1996, of Marilyn Robinson Waldman, Professor in the Department of History and the Division of Comparative Studies in the Humanities.

Professor Waldman was born in Dallas, Texas, on April 13, 1943. She received a B.A. Summa cum laude in African history from Radcliffe College; and an M.A. with honors and a Ph.D. with distinction, both in Islamic history, from the University of Chicago.

Professor Waldman, who earned international acclaim as a scholar of Islam and the history of religions, joined The Ohio State University History Department in 1971. She served as Director of The Ohio State University Near and Middle East Studies Program from 1977-80. Her vision was largely responsible for the present configuration of the Division of Comparative Studies in the Humanities, for which she served as the chairperson from 1980-91.

During Professor Waldman's 25 years of teaching, research, and service at The Ohio State University, she won numerous prestigious awards and honors, including most recently the College of Humanities' 1996 Exemplary Faculty Award. An innovative teacher and influential scholar, she brought clarity to a variety of issues that crossed the disciplinary lines of history, Islamic studies, religious studies, and comparative cultural studies. Her contributions to community service and

RESOLUTIONS IN MEMORIAM (contd)

Marilyn Robinson Waldman (contd)

education, which included hundreds of public presentations, are also legendary. Whether being interviewed on national television or lecturing before a small group of Columbus citizens, she brought the insights of the University to the concerns of the larger community.

On behalf of the University community, the Board of Trustees expresses to the family members of Professor Waldman its deepest sympathy for their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as expression of the Board's heartfelt sympathy.

Upon motion of Mr. Shumate, seconded by Ms. Longaberger Kaido, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

RESEARCH FOUNDATION REPORT

Mr. Celeste:

I would like to call on Dr. Hayes to present the Research Foundation Report.

Dr. Edward Hayes:

Thank you, Mr. Celeste. A copy of the report of the June and July 1996 Grants and Contracts of The Ohio State University Research Foundation was previously distributed to each of the Board members.

Under Tabs 1 and 2, we have the normal summary tables of expenditures and new awards. The funding from the federal government is still lagging behind previous years because of the government shut down, and we don't expect that to be rectified or clarified until the end of the federal government's fiscal year, which ends September 30. We are very pleased that we ended the year with nearly a 50 percent increase in funding from industry, which is going to be reflected in support for graduate students and equipment within the next year.

I also wanted to call to your attention the projects under Tab 3, in particular the National Regulatory Research Institute, which President Gee mentioned in his remarks. One of the points that is in this summary that I call to your attention is that not only in the 20-year history did this Center bring in about \$40 million in terms of external support, but it also brought in about \$11 million that paid for the infrastructure cost, the heat, the light, the other services that pay for this very important research center. That is one of the characteristics of the external support that it not only provides support for equipment facilities and people, but it also provides support for the infrastructure which a center like this depends upon. I recommend to your reading the other projects which are highlighted under that Tab.

The final point is that there is a summary under Tab 6, indicating how the various colleges fared in terms of their support during the past year. It is much too detailed to cover at this point, but you may find that interesting reading. At this time, a motion would be appropriate to approve the Grants and Contracts that are listed under Tab 5.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 97-34

Synopsis: The reports on research and other sponsored program contracts and grants and the summaries for June and July 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the months of June and July 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Smith:

This morning the Student Affairs Committee heard a report on student retention given by Jim Mager, from the Office of Admissions, and Bob Arnold, from the Office of Academic Affairs. As I have mentioned in the past, this year the Committee's underlining theme is retention. Retention is one of the most critical issues faced by many universities today. I believe that it is an important indicator of how well we are doing our job because the underlining purpose of the University is to retain its diverse student body and produce educated men and women who are ready to make a positive contribution to society.

I am happy to report that Ohio State is taking a proactive stance on this issue. I believe that it is instructive for us to understand who is leaving Ohio State and why. This morning Jim Mager indicated that 29 percent of the students stated financial reasons for leaving the University and 25 percent indicated that the quality of instruction was a major factor. In terms of the student environment, 15 percent of the students surveyed indicated difficulties with bureaucracy and poor service from different offices, while 7 percent indicated some kind of parking issue.

These statistics are instructive because they indicate what areas this University needs to improve upon or where we need to focus our resources. They indicate whether the current services OSU provides are adequate or whether we must implement new services to meet our students' needs. Some of the issues like parking, we hear over and over.

This study on retention simply highlights and confirms areas that need additional attention. Already the first year Retention Committee has compiled a list of recommended actions to improve retention. Implementation of several actions have, or are in the process of being implemented, while others are being more fully developed for future implementation. But I believe that Ohio State is on the right track.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith: (contd)

Bob Arnold expressed his belief that the University must establish a partnership with its students. A partnership where students are committed to study for four years at a research-intensive university and, in turn, Ohio State commits to providing these students with a challenging and nurturing learning environment. During the coming year, the Student Affairs Committee will focus on areas such as academic advising, career counseling, and rewarding excellent teaching to name a few. I truly believe that it is the quality of these services that has a direct impact upon our retention rate.

Mr. Chairman, I am pleased to report that the Committee looks forward to a busy year of much discussion. I would now like to introduce John Carney, President of the Undergraduate Student Government, who will present the student government report this morning.

STUDENT GOVERNMENT REPORT

Mr. John Carney:

Good morning. For those of you who don't know me, I am John Carney. I am a junior majoring in criminology from the Cleveland area and I'll be giving the student governments' report this morning. Unfortunately, I don't have a report from the Interprofessional Council, but hopefully at the next Board meeting they can bring you up to speed on what they have been doing over the summer.

The Council on Graduate Students have been working on a new graduate student orientation that is scheduled for Sunday, September 22, and Trustee Shumate has generously agreed to speak at that, and they really appreciate that. They have also elected their new graduate student senators and have appointed their graduate student representatives to the University's committees.

They are also looking at some parking issues, as Holly has mentioned. That is a big issue for a lot of students on and off campus, and they will be talking to the Director of Traffic and Parking, Sarah Bloch. They are also looking at setting up a Webpage with parking information.

Greg Krabacher, my vice president, and I have been here all summer long working on undergraduate issues. We have also been busy taking classes, but fortunately we think that by the end of this year we will have them all solved.

KBUX -- the student-run radio station which was started last year -- is something that we would really like to see expanded this year. Right now we are broadcasting only in the residence halls, but that is a huge market, 7,500 students, that basically can really use information. That is what we are hoping to do this year, provide them with more information than just the Lantern.

We have received money from Student Affairs to expand KBUX and hopefully this year we will have a mobile unit which will be able to go out to residence halls, Larkins, and fraternities and sororities. We want to be able to broadcast live from those areas to let students know, who are not in the residence halls, exactly what the student-run radio station is doing. We have also received a stipend for the station manager. Last year there was no stipend and so it was very difficult to put in the type of hours that were necessary to be a station manager of a radio station and also take classes.

STUDENT GOVERNMENT REPORT (contd)

Mr. Carney: (contd)

Something else that we have been continually working on is teacher evaluations. The teacher evaluation program is a publication of all of the evaluations of all of the faculty members on campus. We are hoping to expand that this year. Right now all of the faculty members are not included in that and hopefully the public evaluation form will become the one that all faculty members will be using in the upcoming year. We are also trying to broaden that and hopefully have distribution through the Lantern so that more students have access to it.

Something else that is a very pertinent issue this year is voter registration. With the presidential election coming up, it only makes sense that the elected students would go out and try to make sure that their fellow students would try to vote for who the new leaders of this country would be. We are hoping to be able to go out and get a couple of thousand new students registered to vote. We will be going into the UVC classes, and we are also working with the Association of Ohio State Class Honoraries to do this.

Another pertinent issue is that student organizations really do not have access to the tools they need to function as a student organization. This past summer, Jenny Nelson, past vice president, and Colin O'Brien, my chief-of-staff, put together a proposal that basically allows student organizations to have access to computers, fax machines, and copy machines. These are the things that you really have to have to be a student organization at Ohio State.

Right now there are over 500 student organizations at Ohio State, but only 300 of them are registered student organizations. We would like to see this student organization center be a means to getting more student organizations to register, and the only way that they are going to be able to use this center is to be a registered student organization. So, hopefully, this will encourage them to become registered at Ohio State University.

The last thing that I would like to touch on is a universal bus pass for all students at Ohio State University. One thing that I heard when we were out campaigning last year is that a lot of students have a very difficult time accessing the other opportunities beyond the limits of the Ohio State campus. If you are a residence hall student and your car is parked out on West Campus, or if you don't have a car down here, it is very difficult to go shopping downtown or in Dublin.

What we have been doing is negotiating with COTA and what we have come up with is a bus pass that for \$9.00 per quarter would give you access to all of Columbus. It would also give you access to the new Lennox facility, which will have 24 movie theaters, or to German Village. We have also gotten the hours extended on Friday's and Saturday's until 2:30 a.m. If students want to go out, they need to be safe, and this gives them a safe ride back to campus on COTA.

Also for our commuter students getting into campus is often very difficult. Again, parking issues are something that really troubles our students. If you are able to walk down to the corner and hop on a bus to campus, that is going to make it a lot easier for you to get around Ohio State University. You are not going to have to worry about where to park or how early you have to leave home to find a parking spot on campus.

Currently, we have a referendum scheduled for October 22 and 23. We have been talking to various people within the administration to try to work out the kinks within this proposal. This is something that we have heard a great voice from our students and we hope to have this accomplished by the time Winter Quarter comes around.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith:

Thank you, John. Mr. Chairman, that concludes my report.

--0--

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT

Mr. Skestos:

Mr. Chairman, our Committee met earlier today and we heard several reports including: a Campaign Update from Jerry May; Jim Nichols presented a draft recommendation for University Managed Equity Portfolios, a report on Endowed Income Balances, a Risk Management Questionnaire for Investments, and the monthly Endowment Report; and Bill Shkurti briefed the Committee on the biennial budget.

At this time, I would like to call upon Provost Sisson to make a brief presentation on the proposed Research Park.

PRESENTATION OF RESEARCH PARK

Provost Sisson:

I would ask Virginia Trethewey and Ed Hayes to join me. We shall be brief, but let me provide first of all some context. There has been discussion of the Research Park and various venues over a number of years, and it has been much more intense over the last couple of years with respect to the West District Plan surrounding the creation of the Research Park Corporation.

What I propose we do is to provide the Board with an update on where we are with respect to the Research Park and to an initiative that we would like to bring to the Board for its formal consideration at the upcoming meeting. What I will do is to address very briefly some of the relationships that the Park would have in terms of the academic mission and enhancing the academic excellence of The Ohio State University. Ed Hayes will address the issue of vision and distinctiveness of the Park as we see it, and Virginia Trethewey will talk about the terms of substance of the agreement that would govern how we would proceed. Scott Whitlock is also present and he has spent quite a bit of energy in bringing us to where we are.

With respect to the academic core of the institution, there was a considerable amount of discussion -- this even proceeded my arriving here as the Provost -- concerning key technologies at The Ohio State University. Areas within the University community where there are substantial resources -- faculty resources, graduate student programmatic resources -- which, if enhanced somewhat, could make a big difference in the quality of science and technology development and innovation. These include a variety of different areas: material science, biotechnology, and computer technology, several of which have done very well in competitions for academic enrichment funds over the last couple of years.

An avenue or an innovations park or center -- a center where innovations could be developed, could enhance our initiatives in that regard. Here I am talking about an area where innovations and technologies -- that can make a difference in the world -- are developed by an increasingly, I think, intellectually entrepreneurial faculty. A characteristic that has always been here, but is becoming increasingly so, can be

PRESENTATION OF RESEARCH PARK (contd)

Provost Sisson: (contd)

developed more fully. Also where there is a concept and the space, those from outside the University can take advantage and find partnerships and a common cause with expertise within the University to explore and develop things of value.

One of the things that universities are going to have an increasingly greater difficulty achieving is the provision of sufficient research space and facilities for faculty and students. This would certainly supplement what we want to do in that regard.

Another area of that, which is very important here, has to do with the long-term funding of higher education in this country. Increasingly, it is going to come from unorthodox sources, through technology transfer, and through the development of alternative sources of funding such as this. That includes being increasingly competitive in the search for extramural support.

The better you get, the tougher it is to keep your batting average high; the more committed you are to recruiting and retaining the very finest faculty; and to recruiting the very finest students who are going to be the most innovative people in the long-term and seeing them through to their degrees. We are committed to this institution becoming one of the most highly regarded institutions and to be placed at the forefront in terms of academic excellence in this country. This would provide a piece of that. It is not the whole answer by any stretch of the imagination, but it would fit well with other initiatives to which we are committed. Ed --

Dr. Edward Hayes:

What we are bringing forward, at this time for your consideration, is a plan that was developed with support from the University, city, and state. At your places -- for your light reading -- is a red book that gives you some of the rationale and other features that is the product of work within the University. My task has been to very briefly give you the highlights.

The plan envisions a strong coupling between the Research Park and the University's education, research, and service missions. Plans based on the best practices and lessons learned from other university-focused research parks around the country. The plan has been focused and informed by the top external consultants on university-focused research parks. The planning has also been informed by discussions with several interested parties: faculty and students here on campus, and representatives from the city, state, and business community. I think that it is important that the plan has the potential to produce a world-class research and technology center right here in Columbus on our campus.

There are three key elements to the plan. The conversion of the old Simmons factory building into a vibrant innovation center. We will build on the successful activities of the building technology center that are currently located in the old Simmons building.

The second key element is the development of a science village west of the Electro-Science Laboratory. The science village will provide a supportive and nurturing environment for small technology-based companies. Some portion of these companies will be graduates of the Business Technology Center who need space and facilities beyond those available in the innovation center.

PRESENTATION OF RESEARCH PARK (contd)

Dr. Hayes (contd):

The third element is the two vacant field sites. A 7.4-acre tract that will act as the southwest corridor and an 11-acre tract, next to the new EWI site, that will act as the northern part.

As the plan moves forward, we anticipate several major benefits to our academic programs: jobs for students, both graduate and undergraduate; extensive experiential learning from those jobs; strong couplings to University-based research programs, particularly those in the key technology areas that Provost Sisson mentioned; and a more effective transfer of University technology that will produce and enhance royalties to support University programs.

As a result of the considerable efforts of Scott Whitlock, President of the Research Park Corporation, and the Research Park staff and board, we are confident that this is the right path for Ohio State University at this time. A path that will be market-driven, that can move faster in response to market polls, and that maximizes the potential for University gains and minimizes our risks. The path that lays the groundwork for coupling with other research parks and technology development efforts within the state and will give us the experience and credibility needed to expand these efforts in the future if we want to be more aggressive in this area. Finally, this is a path that has built-in checks and balances, including a detailed planning review every three years. Ginny --

Ms. Virginia Trethewey:

The organizational structure under which this would operate -- there would be an agency agreement between the Research Park Corporation and The Ohio State University, whereby the Corporation would be appointed the exclusive agent to develop the property pursuant to the Phase I plan that is represented in the book. That agreement would have a 40-year term with rolling extensions of three years, so that when the first three years expire this Board of Trustees would review it and if everything is going forward as anticipated, it would then add another three years at the conclusion. So it will always be a 40-year window. There would be quarterly reports and annual audited financial statements that would come back to the Board of Trustees from the Research Park Corporation Board, so that you would be able to monitor its progress on an ongoing basis.

The financial commitment -- The Ohio State University Research Foundation has already made a commitment of \$300,000 in one-time working capital to fund the operation through Phase I. Then on an annual operating basis, there would be \$300,000 from the University each year with a like amount anticipated to be matched by the city and the State of Ohio.

The capital funds would consist of up to \$22.5 million of development money throughout Phase I. Only \$3 million of that would be available at any one time for what would be effectively spec building projects. Everything else that would be funded would have to be backed by lease commitments in place, so that any other money borrowed would be financed -- principal and interest -- totally out of the operations of the Research Park itself.

The property would actually be leased by the University to the Research Park Corporation and then sub-leases would be entered into between the Research Park Corporation and the individual tenants. Those also would have terms not to exceed, of course, the term that the University granted to the Research Park Corporation.

PRESENTATION OF RESEARCH PARK (contd)

Ms. Trethewey: (contd)

One of this Board's continuing concerns in any of these real estate ventures has been that the University's land not be subrogated to the interest of outside financing. That would be a condition to all leases, that the land that we own would not be subrogated. To the extent that the Research Park Corporation, at any time, would cease doing business, the leases in place would atturn to the benefit of the University so that we could continue in those operations.

Again, the checks and balances that Dr. Hayes referred to -- every three years the Research Park Corporation would be obligated to bring back to this Board a revised Phase I plan, so that we can see what progress has been made and maybe what new opportunities might be considered. It would also take the 15-year financial projections and update those on a three-year basis. Part of that process would be the Board deciding how to proceed given the more current information that would be available on each three-year cycle.

Provost Sisson:

Thank you, Ginny. Mr. Chairman, that is the substance of the report.

Mr. Wexner:

Do you have an appraisal of the proposed site? Do you know what its present value is?

Mr. Robert Haverkamp:

I can speak to that somehow indirectly. We have had property appraised in that general area over the last couple of years for a number of different purposes, including the discussions that we had with respect to Battelle. It's clear that the land is worth in the neighborhood of \$100,000 an acre and up. Obviously, it depends on which road frontage you are talking about, what the access is, and what the utility situation is. Those vary widely, but I would think that certainly that whole area would be \$100,000 per acre or up.

Provost Sisson:

And the total number of acres is 38?

Mr. Haverkamp:

It depends on how you are counting these.

Provost Sisson:

I am referring to this plan.

Mr. Haverkamp:

This plan is quite limited in the amount of acreage.

Mr. Wexner:

It depends on whether you are in Phase 1 or Phase 2, or what the definition is. I want to be clear -- because the Trustees have talked about this informally -- if it is a magnitude of 30 acres -- and my estimate of the value would be in excess of

PRESENTATION OF RESEARCH PARK (contd)

Mr. Wexner: (contd)

\$100,000 -- maybe it is \$100,000, or maybe it is a \$150,000 an acre. If you are beginning and tying up 300 acres at a value like that, you have to consider present value and how fast they are absorbed. The issue for the Trustees -- and I want to make the point of saying this clearly -- is that we are always looking at competing goods and the assets of the University used to their highest and best use for the benefits of students and faculty, and the general community.

So if you are talking in the magnitude of \$3 million to \$30 million of value tied up in land -- plus, in changing the purpose by what we do over a period of 40 years -- tied against other goods -- whether it is expanded medical facilities or athletic facilities -- those are the trades that we are making. I just received the report this morning and I think that, in a public forum, the notion of the seriousness of what we do -- recognizing the strategic impact and the total cost in money and intellectual horsepower that each project requires -- I want to make sure that at least on our watch, collectively, we are looking at these things thoroughly. The upsides are wonderful; it is the untended downsides that we will lose sleep over. This is a major bet. I am just calling on all of the Trustees to be thoughtful about it. Thank you.

Mr. Skestos:

Mr. Chairman, I have a number of resolutions to present and I would ask that the Board withhold its vote until they have all been presented. I would like Jerry May to present the Development Fund Report.

DEVELOPMENT FUND REPORT

Mr. May:

Thank you very much, Mr. Skestos. I noted this morning with the Fiscal Affairs and Investments Committee, that our private fundraising for the year, which was just completed, was at \$124.1 million, that is up 34 percent. The first time that the University has ever passed the \$100 million mark.

I particularly want to note that while the Campaign is a little over the 50 percent mark, that it is clearly the result of the work of the University Foundation Board members, the National Campaign Executive Committee, this Board, and literally hundreds of volunteers across the country to continue to carry the goodwill of the institution to lots of people. The fact that our giving from individuals was up \$20 million this year and our giving from alumni was at an all-time record, I think, speaks to the fact that there are lots of people who care about the institution.

Mr. Chairman, the resolution that you are going to recommend for approval is listed in your book, which includes the establishment of three new endowed chairs, two new endowed professorships, 16 new named endowed funds, and the revision of one endowed fund. The total amount of these gifts to establish these funds is \$6.8 million.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 97-35

Synopsis: The report on the receipt of gifts and the summary for July 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS this report includes the establishment of The Heck-Faust Memorial Chair in Constitutional Law and the W. K. Kellogg Foundation-endowed chair in ecological management; and

WHEREAS the funding level has been reached to establish The Charlotte S. Huck Professorship in Children's Literature and The Francis B. McCormick Professorship in Agricultural Marketing and Policy; and

WHEREAS this report also includes the establishment of seventeen (17) new named endowed funds and amendments to one (1) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of June 1996 be approved.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

Total	\$92,893,698	\$124,076,806	34%

- A Overall individual giving this year was very strong at \$47.5 million, 66% more than the \$28.6 million given by individuals during 1994-95.
Alumni gave \$16 million more (88% increase) in 1995-96 than in 1994-95, highlighted by eight gifts of \$1 million or more totaling \$14 million.
Non-alumni giving was about \$3 million ahead of last year (28% increase). The largest gift from a non-alumnus is \$1.2 million.
- B Private support from corporations was up 14% during 1995-96. Corporations gave \$6 million more in 1995-96 than 1994-95 for a record total of \$48.3 million.
- C Gifts from private foundations increased slightly (7%) for a total of \$12.2 million. The largest gift from a foundation was \$2.2 million.
- D Last year, 240 associations or other organizations gave \$10,000 or more (\$9.8 million). During 1995-96, 217 associations or organizations gave at this level for a total of \$14.9 million, representing most of the 52% increase from these donors.

ESTABLISHMENT OF NAMED ENDOWED CHAIRS

The Heck-Faust Memorial Chair in Constitutional Law

The Heck-Faust Memorial Chair in Constitutional Law was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Grace Fern Heck-Faust (B.A. Arts & Sciences '28; J.D. Law '30), Urbana, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide salary and program support for a distinguished scholar and teacher in the field of Constitutional Law in the College of Law.

It is the desire of the donor that this Chair should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$2,765,243.76

W. K. Kellogg Foundation-endowed chair in ecological management

The W. K. Kellogg Foundation-endowed chair in ecological management was established September 13, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the W. K. Kellogg Foundation of Battle Creek, Michigan.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

September 13, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED CHAIRS (contd)

W. K. Kellogg Foundation-endowed chair in ecological management (contd)

The annual income shall be used to support the work of a distinguished professor whose research, teaching and public service focus on ecosystems design and management, and on farming systems. The chair holder shall provide leadership for a multi-disciplinary and stakeholder team to produce innovative research and teaching programs concerned with an ecological approach to farm and resource management, in support of whole farm, farming community and natural resource management. The chair holder shall be appointed by and serve at the discretion of the Vice President for Agricultural Administration, in consultation with the Director of the Ohio Agricultural Research and Development Center.

In the event that this chair should remain vacant for more than one year, during the period of vacancy the annual income shall be used for research, teaching and service on these same issues, within the College of Food, Agricultural, and Environmental Sciences. Specific use shall be determined each year by the Vice President for Agricultural Administration, in consultation with the Director of the Ohio Agricultural Research and Development Center.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Vice President for Agricultural Administration and with the Director of the Ohio Agricultural Research and Development Center in order to carry out the desire of the donor.

ESTABLISHMENT OF NAMED ENDOWED PROFESSORSHIPS

The Charlotte S. Huck Professorship in Children's Literature

WHEREAS in accordance with the guidelines previously established by the Board of Trustees, "The Charlotte S. Huck Children's Literature Endowment Fund" was established July 11, 1986 by gifts to The Ohio State University Development Fund from alumni and friends of Charlotte S. Huck, Professor, at the time of her retirement; and

WHEREAS the funding has now reached the level required:

NOW THEREFORE

BE IT RESOLVED, That The Charlotte S. Huck Children's Literature Endowment Fund was changed to The Charlotte S. Huck Professorship in Children's Literature. The annual income shall be used to support the work of a distinguished professor in the area of children's literature. Appointment to the professorship will be recommended by the Dean of the College of Education.

\$512,180.52

The Francis B. McCormick Professorship in Agricultural Marketing and Policy

WHEREAS in accordance with the guidelines previously established by the Board of Trustees, "The Francis B. McCormick Professorship Fund" was established June 7, 1991 with gifts to The Ohio State University Development Fund from the estate of Francis B. McCormick (B.S.Agr. '39; M.S., Agricultural Economics, '47; Ph.D., Agricultural Economics, '53), former associate chairperson, Department of Agricultural Economics and Rural Sociology; and

\$250,191.15 (Grandfathered)

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The John Adam Sammet and Emma Miller Sammet Trust

The John Adam Sammet and Emma Miller Sammet Trust was established September 13, 1996, by the Board of Trustees of The Ohio State University with the initial gifts to The Ohio State University Development Fund from the estate of Loy (B.C.E. '29; M.S., Civil Engineering '33) and Grace Sammet.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from the endowment shall be distributed equally, share and share alike in alternate years to The Ohio State University and the University of California, Berkeley. Each institution shall apply the proceeds to the support of graduate research and education on the use of natural resources in the production of food, fiber, and forest products and in the recreational use of open space. Individual projects thus supported may focus on any of the broad range of issues concerning the interdependent resource needs of rural and urban society and the employment of natural resources in ways that are at once efficient in the production of economic goods, conservative of the resource base, and sensitive to the need for aesthetics, amenities and equity in rural and urban life. The trust will be administered by the Director of the School of Natural Resources in the College of Food, Agricultural, and Environmental Sciences.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of the School of Natural Resources and the Vice President for Agricultural Administration in order to carry out the desire of the donors.

\$237,638.39

Mary Keller Moyer Memorial Fund

The Mary Keller Moyer Memorial Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Mary Keller Moyer (B.S.Bus.Adm. '39), Sun City Center, Florida.

Mary Keller Moyer Memorial Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be distributed to the College of Veterinary Medicine to be used at the discretion of the Dean of the College of Veterinary Medicine for "academic reasons."

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$235,345.00

Miriam and Stanley Schwartz, Jr. Cancer Research Endowment Fund

The Miriam and Stanley Schwartz, Jr. Cancer Research Endowment Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Miriam Schwartz (B.S. Arts & Sciences '44; M.A., Slavic Languages & Literatures '67; Ph.D., Slavic Languages & Literatures '79).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support cancer research in the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute as approved by the Director of the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute and the Vice President for Health Sciences.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute and the Vice President for Health Sciences in order to carry out the desire of the donor.

\$100,375.00

The Richard A. Yarrington and Esther Rabe Yarrington
Endowed Scholarship Fund

The Richard A. Yarrington and Esther Rabe Yarrington Endowed Scholarship Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Esther Rabe Yarrington (B.S.Ed. '43).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Richard A. Yarrington and Esther Rabe Yarrington
Endowed Scholarship Fund (contd)

The annual income from the principal is to be used to provide one or more scholarships in the Austin E. Knowlton School of Architecture. The recipient must be a fourth quarter student enrolled in the Austin E. Knowlton School of Architecture who has completed his/her freshman year at The Ohio State University. Preference should be given to a student with financial need, leadership ability and a creditable grade point. The scholarship may be granted for one year, or may be granted until the recipient receives an accredited architectural degree, so long as the recipient meets the above requirements. Scholarship recipients shall be selected in consultation with the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the Austin E. Knowlton School of Architecture in order to carry out the desire of the donor.

\$60,385.00

The Professor Samuel E. Rasor Mathematics Scholarship Fund

The Professor Samuel E. Rasor Mathematics Scholarship Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Alice Elizabeth Martin (B.S. English '28), Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund scholarships in the Department of Mathematics with preference given to those interested in teaching or teachers interested in returning to school for additional training in mathematics. Recipients will be determined by the Chairperson of the Department of Mathematics in consultation with the University Committee on Student Financial Aid, and distribution will be based on merit and need.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$52,146.27

James B. Umsted Scholarship Fund

The James B. Umsted Scholarship Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of James B. Umsted (B.S. Arts & Sciences '41).

James B. Umsted Scholarship Fund (contd)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used for undergraduate, graduate or professional scholarships for financially needy students to encourage and reward outstanding scholars. The President of the University has delegated the authority to select the scholarship students and to make award decisions to the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the President of the University and the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$30,000.00

The Smith E. Howland and Aristech Chemical Corporation Scholarship Fund

The Smith E. Howland and Aristech Chemical Corporation Scholarship Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Smith E. Howland (B.Ch.E. '69; M.S., Chemical Engineering '69) and the Aristech Chemical Corporation.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall provide one or more Smith E. Howland and Aristech Chemical Corporation Scholarships to students majoring in Chemical Engineering who have completed their freshman year and who rank academically in the top quartile among Chemical Engineering majors. Preference will be given to candidates who are graduates from high schools in Ohio's Scioto or Lawrence Counties. Secondary preference will be given to graduates of high schools in the Ohio counties of Adams, Gallia, and Jackson; in the Kentucky counties of Boyd, Carter, and Greenup; and in the West Virginia counties of Cabell and Wayne. Selection will be made by the Chairperson of the Department of Chemical Engineering with assistance from the College of Engineering Scholarship Committee and in consultation with the University Committee on Student Financial Aid. The Chairperson will inform Mr. Howland and Aristech Chemical's designated representative on the use of each year's income.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

Edward F. Lopina Scholarship Endowment Fund

The Edward F. Lopina Scholarship Endowment Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Edward F. Lopina (B.S.Bus.Adm. '49).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income of the endowment will be used to provide scholarship funds for a student of the Fisher College of Business, with preference granted to those students hailing from Hamilton County.

It is the desire of Edward F. Lopina that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to best fulfill the spirit and intentions of the Lopina Endowment.

\$25,586.25

Paulding County 4-H & Youth Endowment Fund

The Paulding County 4-H & Youth Endowment Fund was established September 13, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Paulding County.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the Paulding County 4-H & Youth Program. This support may include, but is not limited to, the funding of scholarships and awards for 4-H members, volunteer leaders, friends of 4-H and youth; sponsoring seminars and programs; and purchasing materials or services that will supplement 4-H programming or increase the visibility and public support for 4-H and youth in Paulding County. All expenditures from this fund shall be approved by the Paulding County 4-H Advisory Committee and the professional in charge of the Paulding County 4-H & Youth Program.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the University's Board of Trustees in consultation with the Dean of the College of Food, Agricultural and Environmental Sciences, and with a committee representing the local donors in order to carry out the desire of the donors.

CHANGE IN DESCRIPTION OF NAMED ENDOWED FUND

George R. Gist Graduate Scholarship Fund In Extension Education

The George R. Gist Graduate Scholarship Fund In Extension Education was established July 8, 1903, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from George R. Gist, family and friends. Gist was Director of the Ohio State University Extension and served as a faculty member of The Ohio State University for 36 years. The fund was revised September 13, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support graduate research and extension education within the Department of Agricultural Education in the College of Food, Agricultural, and Environmental Sciences. The funds may be used to provide tuition, professional and research related travel, costs associated with data collection and other graduate program expenses relating to extension education. The Chair of the Department shall be responsible for administering the funds.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations of the Chair of the Department of Agricultural Education or its successor and the Director of the Ohio State University Extension in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED ENDOWED FUNDS

The John W. Wolfe Chair Fund in Cancer Research

The John W. Wolfe Chair Fund in Cancer Research was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Wolfe Associates, Inc.

The annual income shall be used to support a Chair in the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute as approved by the Director of the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute, the Dean of the College of Medicine and the Vice President for Health Sciences.

Until the fund is fully funded at \$1,500,000 by the donor, the income shall be accumulated and added to the principal. Neither the income or principal shall be used for any other purpose until the chair is fully funded.

\$750,000.00

The Affiliate to the Ohio Optometric Association (AOOA) Endowed Fund
to Support the BuckEYE Van in the College of Optometry

The Affiliate to the Ohio Optometric Association (AOOA) Endowed Fund to Support the BuckEYE Van in the College of Optometry was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from The Affiliate to the Ohio Optometric Association.

September 13, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Affiliate to the Ohio Optometric Association (AOOA) Endowed Fund
to Support the BuckEYE Van in the College of Optometry (contd)

An organization dedicated to the visual welfare of Ohioans, The Affiliate to the OOA and its members have served the community with extraordinary energy, creativity, and commitment for more than 25 years. The Affiliate (formerly known as The Auxiliary of the OOA) has had a very positive impact on the optometry profession through scholarship awards, members' work in nationally recognized awareness efforts, children's vision and safety, the Outreach to Older Americans Program, and numerous other enterprises.

With this outstanding gift to the College, The Affiliate will significantly enhance the OSU College of Optometry's ability to provide through the use of the BuckEYE Van, on-site vision screenings to Ohio school and preschool children and on-site home and nursing home visits to serve the visual needs of elderly Ohioans with limited mobility.

This gift also gives optometry students the opportunity to learn firsthand the special needs of these two important groups (children and the elderly) with the participation of 120 students in the College's community outreach efforts.

Through this fund, The Affiliate to the Ohio Optometric Association will continue in perpetuity, its legacy of actively serving the visual needs of the children of Ohio. The annual income from this fund shall be used to pay for the van's annual expenses to include lease/payment, fuel, maintenance, mandatory insurance coverage, and other costs to maintain this key vehicle.

It is the desire of the donor that this fund benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the endowment will be used for The Ohio State University College of Optometry's scholarship fund in the name of the Affiliate to the OOA in order to carry out the desire of the donor.

\$115,000.00

The A. Alfred Taubman Innovation Fund in Business

The A. Alfred Taubman Innovation Fund in Business was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from The Taubman Foundation.

The annual income shall be used by the Dean of the Fisher College of Business to fund new projects and activities which further the academic interests of the College. Allocations from this fund will act as catalysts for new program developments and be based on competitive review processes.

\$50,000.00

The Franklin M. Rhodes Memorial Scholarship Fund in Industrial
and Systems Engineering

The Franklin M. Rhodes Memorial Scholarship Fund in Industrial and Systems Engineering was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with a gift from Mrs. Jeanne Rhodes Riddle (B.S.Bus.Adm. '40) in memory of her husband Franklin M. Rhodes (B.I.E. '39).

September 13, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Franklin M. Rhodes Memorial Scholarship Fund in Industrial
and Systems Engineering (contd)

The scholarship will be awarded on an annual basis to Industrial and Systems Engineering undergraduates who are, preferably, but not necessarily, Ohio residents. The award recipients shall be selected by the Chairperson of the Department of Industrial, Welding and Systems Engineering in consultation with the University Committee on Student Financial Aid. Criteria for awarding the scholarship include that the student has demonstrated academic achievement, good character and conduct, and involvement in extracurricular activities.

The Industrial, Welding and Systems Engineering department chairperson will provide each scholarship recipient with donor-furnished information about Franklin M. Rhodes along with the name and address of the Rhodes family contact. The department chairperson will reinvest all unused earnings into the principal before the end of each fiscal year. The chairperson will inform the Rhodes family contact on the use of each year's income.

\$30,000.19

The Glenn C. and Janet L. Wenz Scholarship Fund

The Glenn C. and Janet L. Wenz Scholarship Fund was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with a gift from Glenn C. and Janet L. Wenz, of Toledo, Ohio.

The annual income shall be used to assist students with educational costs at The Ohio State University Agricultural Technical Institute. Recipients will be selected by the Coordinator of Financial Aid and other appropriate administrators at the Agricultural Technical Institute, in consultation with the University Committee on Student Financial Aid. The income may be used for the following four types of financial assistance. All unused funds will be returned to the endowment principal yearly.

First priority for the annual income is to provide the Glenn C. and Janet L. Wenz University Scholar Award. Recipients must have excellent academic qualifications. Awards will be determined through the University Scholars Program.

Second priority is to award the Glenn C. and Janet L. Wenz Director's Scholarship. Eligible students must demonstrate exceptional ability, along with school and community involvement. This scholarship will provide in-state tuition and books to one or more entering students. It may be renewed if the applicant maintains a 3.0 cumulative grade point average.

Additional income will provide need-based loans and grants. The Glenn C. and Janet L. Wenz Loan Fund shall be used to make loans to worthy students, and repayments shall be returned to the endowment principal. The income will be loaned to students at an interest rate being used for other University loan funds. No interest should accrue on the loan until six months after the student ceases to be enrolled for 6 or more credit hours at The Ohio State University or any of its extended campuses. The loan should be paid back on the schedule specified in the promissory note. The same cancellation and deferment provisions in force on other University loans shall apply. The total amount a student may borrow from this loan program shall be determined yearly. A student must have or predict a minimum of a 2.4 cumulative grade point average to be considered. Other selection criteria will be determined annually based on funds available and needs of the student population.

September 13, 1996 meeting, Board of Trustees

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED ENDOWED FUNDS (contd)

The Glenn C. and Janet L. Wenz Scholarship Fund (contd)

The Glenn C. and Janet L. Wenz Grant Fund will grant funds to students with a high need for financial assistance who demonstrate potential for academic success. Applicants must complete the required financial aid application form. This grant will be a grant of last resort, to ensure that these students can meet direct in-state educational costs.

\$29,844.00

The Sarah M. and William F. Spengler MBA Program Enrichment Fund

The Sarah M. and William F. Spengler MBA Program Enrichment Fund was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with a gift from Sarah M. (B.S.Ed. '51) and William F. (B.S. Business Administration '50; M.B.A. '51) Spengler.

The annual income shall be used by the dean of the Fisher College of Business to support activities with the MBA program including student fellowship(s), faculty and student initiatives, and other projects that bring distinction to the MBA program.

\$26,399.75

The Drug Emporium Scholarship Fund in Pharmacy

The Drug Emporium Scholarship Fund in Pharmacy was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the Drug Emporium Foundation of Powell, Ohio.

The annual income shall be used to provide one or more scholarships in varying amounts to deserving students in the College of Pharmacy, based on criteria established by the College of Pharmacy Scholarship Committee. The scholarship recipient(s) shall be determined by the Dean of the College of Pharmacy or his/her designee in consultation with the University Committee on Student Financial Aid.

\$25,000.00

The William M. and Rosalind W. Wolfson University Scholarship Fund in the Fisher College of Business

The William M. and Rosalind W. Wolfson University Scholarship Fund in the Fisher College of Business was established September 13, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from William M. (B.S.Bus.Adm. '48) and Rosalind W. Wolfson of Carmel, New York.

The annual income shall be used to provide one or more University scholarships for University Scholars enrolled in the Fisher College of Business. The fund will be administered by the Fisher College of Business in cooperation with the University Honors Center and in consultation with the University Committee on Student Financial Aid.

\$25,000.00

September 13, 1996 meeting, Board of Trustees

Mr. Skestos:

Thank you, Jerry. There are several other resolutions that I will now present and they are listed in your book:

WAIVERS OF COMPETITIVE BIDDING REQUIREMENTS

Resolution No. 97-36

April - June 1996

Synopsis: Acceptance of the quarterly report on waivers of competitive bidding requirements is proposed.

WHEREAS the Purchasing Policy of The Ohio State University, adopted by the Board of Trustees on September 7, 1984, and revised on February 7, 1992, provides that the President and/or the Vice President for Business and Administration may grant a waiver from competitive bidding in the event of an emergency, when a sufficient economic reason exists, or when the goods or services can be purchased from only a single source, with a report on such waivers to be made quarterly to this Board; and

WHEREAS the Vice President for Business and Administration has submitted a report on waivers of competitive bidding requirements granted for the period of April - June 1996; and

WHEREAS during the period covered, the Vice President for Business and Administration, at the requests of the departments making the purchases and upon the recommendation of the Purchasing Department, granted 115 waivers of competitive bidding requirements for annual purchases totaling approximately \$39,735,400.00, including \$27.4 million for merchandise for resale and \$8.2 million for health care services and equipment for the Hospitals, as shown on the enclosed exhibit:

NOW THEREFORE

BE IT RESOLVED, That the report on waivers of competitive bidding requirements for the period of April - June 1996, is hereby accepted.

(See Appendix XII for background information, page 227.)

...

EMPLOYMENT OF ARCHITECTS/ENGINEERS,
REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS

Resolution No. 97-37

STORM WATER MANAGEMENT - FYFFE ROAD EXTENSION
STEAM LINE REPLACEMENT
UTILITIES UPGRADE AND EXTENSION - MANSFIELD CAMPUS,
JESSE OWENS TRACK RELOCATION
BRICKER HALL BASEMENT AND FIRST FLOOR RENOVATION

Synopsis: Authorization to employ architectural/engineering firms and request construction bids for the Storm Water Management - Fyffe Road Extension, Steam Line Replacement, Jesse Owens Track Relocation, and Utilities Upgrade and Extension - Mansfield Campus projects, and accept the report of award of contracts and establishment of contingency funds for the Bricker Hall Basement and First Floor Renovation project is requested.

September 13, 1996 meeting, Board of Trustees

EMPLOYMENT OF ARCHITECTS/ENGINEERS,
REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS (contd)

WHEREAS the Department of Physical Facilities desires to proceed with the construction of a storm water detention area, storm sewers near Buckeye Village and extend Fyffe Road from Hess Road north to Ackerman Road at the Child Care Center; and

WHEREAS the total estimated project cost is \$2,900,000 and the total estimated construction cost is \$2,330,000, with funding provided by central University funds; and

WHEREAS the Department of Physical Facilities desires to proceed with the replacement of approximately 900 feet of buried steam and condensate distribution piping which must be relocated and sized to meet the future load west of the Olentangy River; and

WHEREAS the total estimated project cost is \$1,300,000 and the total estimated construction cost is \$1,170,000, with funding provided by central University funds; and

WHEREAS the University desires to proceed with upgrade of the current out-dated, under-sized and frequently non-functional HVAC systems in Ovalwood, Bromfield, and Eisenhower Halls on the Mansfield Campus; and

WHEREAS the total estimated project cost is \$774,600 and the total estimated construction cost is \$612,600, with funding provided by House Bill 743 (\$682,000), House Bill 790 (\$28,000), and North Central Technical College (\$64,600); and

WHEREAS the University desires to proceed with the relocation of the Jesse Owens Track to a site north of the new Schollenstein Center to accommodate planned renovations of Ohio Stadium; and

WHEREAS the total estimated project cost is \$6,000,000 to \$10,000,000 and the total estimated construction cost is \$5,000,000 to \$8,000,000, with funding provided through University bond proceeds, with the debt service being paid by the Department of Athletics; and

WHEREAS a resolution adopted by the Board of Trustees on May 3, 1996 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects:

(* Recommended alternates included in these amounts)

Bricker Hall Basement and First Floor Renovation and HVAC Revisions

This project renovates space vacated by academic departments for administrative use and revises the centralized chilled water system to meet the needs of the entire building. The total project cost is \$1,215,000; funding is provided by House Bills 790 and 715. The completion date is December, 1996. The contracts awarded are as follows:

General Contract:	Navarro Construction, Columbus, Ohio
Amount:	\$331,000 *
Estimate:	\$355,955

September 13, 1996 meeting, Board of Trustees

EMPLOYMENT OF ARCHITECTS/ENGINEERS,
REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS (contd)

Bricker Hall Basement and First Floor Renovation and HVAC Revisions (contd)

Plumbing Contract:	One Stop Mechanical Contractors, Dayton, Ohio
Amount:	\$26,440 *
Estimate:	\$26,570 *
HVAC Contract:	Ragland/J. A. Guy (AJV), Dublin, Ohio
Amount:	\$523,000
Estimate:	\$535,000
Electric Contract:	Knight Electric, Worthington, Ohio
Amount:	\$170,372 *
Estimate:	\$175,530 *
Asbestos Abatement Contract:	American Abatement, Cleveland, Ohio
Amount:	\$5,400
Estimate:	\$40,000
Total All Contracts:	\$1,056,212 *
Contingency Allowance:	\$58,632
Total Project Cost:	\$1,215,000

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Storm Water Management - Fyffe Road Extension, Utilities Upgrade and Extension - Mansfield Campus, and Jesse Owens Track Relocation projects and that the fees for these services be negotiated between the firm selected and the University; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids for the Storm Water Management - Fyffe Road Extension, Steam Line Replacement, and Utilities Upgrade and Extension - Mansfield Campus projects in accordance with established University, and if satisfactory bids are received, to issue contracts as appropriate with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by the Board, the report of award of contracts and establishment of contingency funds for the Bricker Hall - Basement and First Floor Renovation project is hereby accepted.

(See Appendix XIII for maps, page 229.)

September 13, 1996 meeting, Board of Trustees

SALE OF REAL PROPERTY

Resolution No. 97-38

ESTATE OF RAYMOND C. FIRESTONE
1,503 ACRES IN SUMMIT AND MEDINA COUNTIES, OHIO

Synopsis: Authorization to sell approximately 1,503 acres of real property in Summit and Medina Counties, Ohio, is proposed.

WHEREAS in June 1987 the Board of Trustees of The Ohio State University authorized the University to enter into a real estate purchase contract for the bargain purchase of 1,503 acres of improved and unimproved real property in Bath, Ohio, owned by Raymond C. Firestone; and

WHEREAS Mr. Firestone passed away on September 9, 1994; and

WHEREAS in December 1994 the Board of Trustees authorized the purchase of this property pursuant to the 1987 agreement and subsequently the University purchased the property on January 10, 1995; and

WHEREAS the University has determined that there is no funded academic or programmatic use for this property and that the University should sell the property as expeditiously as possible to provide funds for the University's Endowment to support the University; and

WHEREAS after soliciting competitive proposals, the University hired The Galbreath Company to market the property and coordinate sale process under the University's direction; and

WHEREAS in response to that marketing effort, The Galbreath Company received proposals for the purchase of the entire property and, after negotiations with the bidders, has recommended that the University sell the property to Biskind Realty Company, of North Olmsted, Ohio, in accordance with the purchase price and terms and conditions outlined above; and

WHEREAS the appropriate University offices have determined that this sale of the property is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration be authorized, in the name of the Board of Trustees of The Ohio State University, to convey all of the University's right, title, and interest in this property to Biskind Realty Company, Inc., at a price of \$13,000,000, upon the terms and conditions outlined above and upon such other terms and conditions as are deemed to be in the best interest of the University.

(See Appendix XIV for background information, page 235.)

...

ADOPTION OF THE DISTRICT PLAN FOR THE WEST CAMPUS DISTRICT

Resolution No. 97-39

Synopsis: Adoption of the proposed District Plan for the West Campus District as a part of the University Master Plan is proposed.

WHEREAS the Board of Trustees adopted Volume I ("University Context") and Volume II ("Long Range Concept Plan") of the University Master Plan on October 6, 1995; and

September 13, 1996 meeting, Board of Trustees

ADOPTION OF THE DISTRICT PLAN FOR THE WEST CAMPUS DISTRICT (contd)

WHEREAS as provided in the Long Range Concept Plan, the University is to prepare district plans for all areas of the University to provide more detailed planning and design guidelines for each area and to ensure that the Master Plan's principles are advanced in a way that is commensurate with the particular circumstances of each district; and

WHEREAS the University now has prepared a district plan for the West Campus area of the Columbus Campus, bounded generally by State Route 315, Ackerman Road, North Star Road, and Klnnear Road; and

WHEREAS this plan is meant to guide, over a period of up to 50 years, development of an area still significantly undeveloped, and recognizes that there still will need to be specific reviews, decision making, and commitments (programmatic, land use, and costs) with respect to projects and facilities undertaken in concert with this conceptual plan; and

WHEREAS this West Campus District Plan addresses planning and design issues specific to this area, including land use, density and future development capacity, open space and civic structure, circulation and parking, infrastructure, and siting, design, and development guidelines for future facilities and open space improvements; and

WHEREAS this District Plan provides for the preservation of the Waterman Farm area; the conservation of other critical areas, including the relocated sports activity fields, as part of the University's "green reserve"; incremental development of land south of Lane Avenue to support the University's Research Park and other University needs as part of the unified extension of the established urban development of the campus east of State Route 315; and the incremental development of land to meet the needs of the University Services Center; and

WHEREAS the appropriate University offices have reviewed the proposed West Campus District Plan and recommend its adoption:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby adopts the proposed West Campus District Plan as a part of the University Master Plan and directs the appropriate University offices under the leadership of the Office of Business and Administration to proceed, consistent with established University decision-making procedures, with additional planning activities provided for in the Plan and that the University shall report annually to this Board, through the Fiscal Affairs and Investments Committee, decisions made with respect to matters for which authority is delegated in accordance with the University Master Plan.

Upon motion of Mr. Skestos, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

Thereupon the Board adjourned to meet Friday, November 1, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

William J. Napler
Secretary

Leslie H. Wexner
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND TWENTY-SIXTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, November 1, 1996

The Board of Trustees met at its regular monthly meeting on Friday, November 1, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

November 1, 1996 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on November 1, 1996, at 10:45 a.m. He requested the Secretary to call the roll.

Present: Leslie H. Wexner, Chairman, Alex Shumate, Theodore S. Celeste, Michael F. Colley, George A. Skestos, David L. Brennan, James F. Patterson, Zuheir Sofia, Tamala Longaberger Kaido, and Holly A. Smith. Fred L. Dailey, Director of the Ohio Department of Agriculture, was also in attendance.

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, welcome. We are pleased that all of you would join us today.

October was, by any standard, a busy month for this university, as we welcomed a number of visitors. Public lectures were given by Doug Adams, author of the *Hitchhikers Guide to the Galaxy* -- a book which I have read with my daughter in younger days and I recommend it to all of you, and as the father of young children, I recommend it to you too, Mr. Chairman; by satirist Mike Morris, whose book *Downsize This!* has received a lot of attention, by Henry Kissinger, at a celebration of the Schottenstein Chabad House, and by Richard Smalley, Rice University chemist, who was here only four days after winning the Nobel Prize. A number of candidates for state and national office also held public meetings on the campus.

We welcomed CBS News Correspondent Erin Moriarty and world record holder Butch Reynolds back to campus as Grand Marshals of Homecoming 1996. The Parade and Pep Rally were the largest in recent memory. Both the Homecoming King and Queen are honors students. Luke Siedensticker is majoring in molecular genetics and Jackie Onyejekwe is majoring in human nutrition and both intend to pursue careers in medicine.

We also were visited by more than 1700 family members for Parents' Weekend this year. One of the most popular activities of the weekend was a tour of the Woody Hayes Athletic Facility. Interestingly, another very popular event for the family members was volunteering for the Campus Clean Up, which we call "High on Pride."

On Saturday, October 19, despite a cool and rainy day, more than 700 people worked in an area from Ninth to Lane Avenues, from High Street to the railroad tracks. This area is 250 city blocks with 30 miles of sidewalk and 65 miles of roadway. Once again, our students and staff responded enthusiastically and helped pick up an enormous amount of trash.

A highlight for me was the opportunity to drive a street sweeper on 16th Avenue, but I am afraid that I terrorized the local constabulary there! But, nonetheless, it was great fun. With all of this activity, I am certain that our new students have found Ohio State to be an enormously exciting place -- occasionally almost too exciting.

Let me note briefly that rowdyism and vandalism on 12th Avenue have received considerable attention. It should be reported that most of the problems are caused by non-students in the area and by a very small number of our own students.

From walking the streets with Vice President Williams and Coach Cooper, and meeting with many students, I can tell you that they accept responsibility and have a strong sense of community, and concern for public safety. I have received many comments from neighbors, parents, and students themselves encouraging us to be firm and fair in dealing with this issue. Our student leadership is determined to reclaim this area as a positive place for our students.

PRESIDENT'S REPORT (contd)

President Gee: (contd)

We are, as you know, delighted with the strength of the incoming class. We are at the top of the Big Ten in valedictorians and National Merit Scholars, and the average ACT score is nearly 24. We appreciated, by the way, the editorial in *The Columbus Dispatch* noting our success in student recruitment. But even as we are celebrating the new class, we are recruiting next year's entering students.

We held National Merit/National Achievement Day, inviting semifinalists for these awards to spend time with us. The response has been so good that we held two such days this year for the first time in our history.

Last month, I had the opportunity to visit Beachwood High School in suburban Cleveland and Hudson High School in Summit County. In both places, I found strong interest in Ohio State among the best and brightest students and their parents.

Clearly, our ability to attract outstanding students depends on the quality of our faculty. And we continue to see evidence of their distinguished and growing reputation.

Three young faculty members received the prestigious National Science Foundation Early Career Development Award: Professor Philip Grandinetti, assistant professor of chemistry, who works with silicate glass program that we have here; Thomas Page, assistant professor of computer and information science, who is working with file system databases; and Dhableswar Panda, also an assistant professor of computer and information science, who is developing a multidimensional message-passing communication framework. The NSF award honors very talented young scientists and engineers, and we are proud that this year we have three winners.

At the other end of the spectrum, today we honor three senior faculty members by appointing them Distinguished University Professors. This honor recognizes senior faculty members who have made exceptional contributions to teaching, research or creative work, and service. Nominated by their colleagues at Ohio State and internationally, evaluators review their accomplishments.

Each of the honorees is a committed teacher and strong university citizen. Professor Larry Brown, chair of Geography, L.S. Fan, chair of Chemical Engineering, and Mathematics Professor Karl Rubin are, indeed, a very distinguished group. I might just note, Mr. Chairman, as you can tell from these achievements, Orlando Pace isn't the only Big Dog on campus! Indeed, I have been to Orlando too many times, we are changing his name to Pasadena Pace!

We have considerable momentum as an institution this fall -- from move-in day to the winningest season ever for our women's soccer team, which is now 13 and 5. We hope to finish the quarter in the same fashion as we have started! Thank you very much, Mr. Chairman.

--0--

STUDENT RECOGNITION AWARD

Ms. Smith:

I am pleased to report that Cara Denise Williams, is this month's Student Recognition Award recipient. Cara Williams is a master's student in the sports management program in the College of Education and she is from East Dennis, Massachusetts.

STUDENT RECOGNITION AWARD (contd)

Ms. Smith: (contd)

She has been very active in the Sports Management Association, which is an organization for students interested in professions relating to sports management, marketing, and promotions. Last year she was treasurer for the group, but continues to maintain an active role.

She and seven other students in the program also were instrumental in creating a marketing strategy for the Crew, Columbus' only professional sports team. They created the Buckeye Pack, which is a special ticket package geared toward Ohio State students. Williams continued her work with the Crew's inaugural season, volunteering to assist in event management. In addition to her work in the program, she also volunteers regularly on "High On Pride." When she is not in class, Williams spends her days assisting the Department of Athletics to market and promote Ohio State sports as a graduate assistant. This she feels has been a great opportunity for her.

A former three-sport athlete during her undergraduate years at Drew University, in New Jersey, Williams is attending Ohio State by way of an NCAA post-graduate scholarship. Although she does not play lacrosse and basketball as actively now, she continues to play field hockey on a regular basis as a member of the Hockey Club in Dayton.

But while sports has played a large role in her life, Williams has worked hard to establish herself in the classroom. "Being a varsity athlete in college you have to overcome the stigma as being known as a dumb jock," she says. "Academics has always been number one in my life," and there is no doubt about that. Williams maintains a 3.9 cumulative grade point average, which is very, very impressive, and after graduation this spring she hopes to find a position in the sports marketing field. Congratulations, Cara.

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Professional Affairs Committee and the Executive Committee of the Hospitals Board met on September 26, 1996. The Professional Affairs Committee reviewed two new quality of care processes. These processes outline trends of successes and areas for improvement per department. The Professional Affairs Committee also received an overall legal claims activity report which noted that the Medical Center had a very favorable legal situation during 1995-96. The Executive Committee discussed the status of the OSU/Harding joint venture.

The Administrative/Operations Committee and Executive Committee met on October 31, 1996. The Administrative/Operations Committee received an annual update from MedOhio Health, Inc. defining the challenges of the corporation and progress of the two endeavors, University Home Health, Inc. and University Health Care Plan. It was also reported to the Committee that the Joint Commission on Accreditation of Healthcare Organizations surveyors gave the Hospitals a very favorable review during its site visit on October 21-25, 1996. At the Executive Committee, Deloitte & Touche presented the annual University auditor's report summarizing constructive comments and emerging issues.

At this time, Mr. Chairman, I would like to recommend for approval the following resolution:

**NOMINATIONS FOR BOARD OF DIRECTORS OF
MEDOHIO HEALTH, INC.**

Resolution No. 97-40

WHEREAS the University Board of Trustees has previously authorized The Ohio State University and its Medical Center to enter into agreements with MedOhio Health, Inc., for the provision of a home health care program and the services of a health maintenance organization; and

WHEREAS representatives of the University are to be nominated annually to serve on the Board of Directors of MedOhio Health, Inc.; and

WHEREAS the nominees from the University should be drawn from amongst several groups broadly representative of various components of the University:

NOW THEREFORE BE IT RESOLVED, That the President may nominate officers and employees of the University to serve on the Board of Directors of MedOhio Health, Inc., and the officers and employees nominated may include, as appropriate, a senior administrator of University Hospitals representatives from amongst the following groups: a senior physician leader with special insight into the practice plan, a senior administrative official of the University, a member of the University Hospitals Board, and a member of the University Board of Trustees. The officers and/or employees so nominated are hereby authorized, designated and directed to serve as directors of MedOhio Health, Inc., representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity and representation to which officers and employees of the University now, or hereafter, are entitled; and

BE IT FURTHER RESOLVED, That the Secretary of the University Board of Trustees be annually notified of the nominees elected to the MedOhio Board of Directors.

Upon motion of Mr. Skestos, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT

Mr. Skestos:

Our Committee met earlier today and we heard several reports including: the monthly Endowment Report, a report on the 1997 bond issue, and the risk management questionnaire for real estate. In addition, Jerry May discussed "naming" opportunities at the University.

At this time, we are prepared to present the Auditor's report for 1995-96, and I would like to call on Vice President Janet Pichette to begin this presentation.

AUDITOR'S REPORT

Ms. Janet Pichette:

Thank you, Mr. Chairman. The University is in the first year of a new five-year contract with Deloitte and Touche per annual audits of the University. They have completed the audit for 1995-96 and we are submitting that for your acceptance. There was a detailed presentation of the audit report to the Fiscal Affairs and Investments Committee at their meeting on October 21. I would stress that the presentation and the audit report has been a joint and collaborative effort by the Internal Audit, the Controller's office, and Deloitte and Touche.

AUDITOR'S REPORT (contd)

Ms. Pichette: (contd)

On behalf of Bill Shkurti and myself, I want to acknowledge the fine work that both the Internal Audit, directed by Aletha Shipley, and Controller's office, lead by Greta Russell, have done in coordinating this annual audit effort. I would like to now call on Aletha to introduce our external auditors and to present the summary of the presentation. Aletha --

Ms. Aletha Shipley:

Thank you, Ms. Pichette. Mr. Chairman, at about this time last year, as Janet said, we were commencing the process of selecting the University's external auditors for the next five years. That process concluded on February 29, 1996, with the selection of Deloitte and Touche LLP to perform the annual audits for fiscal years ending June 30, 1996 through June 30, 2000. Last week on October 21, we presented in detail the results of the audit and a financial review for the 1995-96 fiscal year and today we will briefly summarize items that were discussed in that presentation.

I am accompanied by Mr. Mike Fritz, the audit engagement manager with Deloitte and Touche, and Ms. Greta Russell, University Controller. Our presentation will be made in two parts: 1) we will have a financial review of the 1995-1996 year from Ms. Russell; and 2) Mr. Fritz will give a summary of the results of the audit and communication of some items that are required by auditing standards.

Before turning the presentation over to Ms. Russell, I would like to first thank Mr. Fritz and the staff of Deloitte and Touche for their efforts. Transition years, such as this year, with new auditors can often be challenging but our transition went smoothly. The financial statements being discussed today were completed in a timely manner with the September 13 report date and anticipated completion of the remaining reports according to the requirements of the contract. We, again, received an unqualified or a clean opinion.

I would be remised if I didn't recognize also the extensive efforts of the many University representatives, including: fiscal officers and administrative associates in the various offices, colleges, and departments; the Controller's office staff; the Office of the Treasurer; the Hospitals; OSURF; my internal audit staff and many others. Last, but definitely not least, I would like to thank Ms. Pichette and Mr. Shkurti, for their support and participation throughout both the selection process of the external auditors as well as the actual audit process.

I would now like to introduce Ms. Greta Russell, University Controller, and she will be followed by Mr. Mike Fritz with Deloitte and Touche.

Ms. Greta Russell:

Thank you, Aletha. Today, I will be speaking from the spiral notebook that was mailed to you and will just be going through selected highlights to give you an overview of what happened for Fiscal Year 1996.

Revenue for 1996 was \$1.7 billion, expenses were \$1.5 billion. These figures, exclude gross, are up \$126 million for capital expenditures and \$29 million for principal payments on debt. Long-term debt include both outstanding bonds, notes of \$197 million, and capital expenditure obligations of \$7.5 million. So you can see that our long-term debt totalled \$205 million for the year. Our assets for the year were \$3.4 billion and our equity ended the year at \$2.8 billion.

AUDITOR'S REPORT (contd)

Ms. Russell: (contd)

Just a note that if we were like a business or a private institution, the accumulated depreciation of prior years would decrease our total equity significantly downwards to probably about \$1 billion. Keep in mind that our financial statements does not show depreciation. There is a move afoot to make that possible, but at this point and time we do not show that.

I would just like to show a couple of the revenues that made up the \$1.7 billion, specifically the private support. We received \$194 million in private support. I think the "Affirm Thy Friendship" was very successful for us this year. It caused an increase of almost 30 percent. You can see the trend is certainly upward. I think when I was before you last year, I stressed the fact that we had to do more in private support and certainly this year we did. This included over \$30 million in new additions to the Endowment Fund, so that was a very good year for private support.

On the expense side, I would like to take a look, just for a moment, at the institutional support. You will see that it increased over 21 percent to approximately \$63 million this year. That was due in part from the ARMS Project expenditures of \$10.1 million and also the increase of the support in the University Campaign and the overall additional expenditures for vacation and sick accrual.

With an increase of almost 3 percent in our revenue and a less than one percent increase in our expenditures, we had a very good year for our E&G equity position. Our unrestricted equity increased by \$19.4 million and our restricted increased to \$16.4 million this year. For this year, I can say that we had a stellar year, in that we kept our expenses down and our revenues up, and so we are very excited about that.

One of the other issues that we presented to the Fiscal Affairs and Investments Committee was just to take a look at our net cash flows from tuition. Today we read a lot about private colleges reducing their tuition and you want to know, "How do we spend our money and what is the net flow from our undergraduate tuition?" And so we shared with them that this year we received \$161,584,000 in undergraduate tuition and fees. Of that amount, \$38,957,000 was awarded as scholarship, therefore the net cash flow coming from tuition was \$122,626,000.

That says that we received basically 76 cents per dollar from the undergraduate tuition. That has come down. Ten years ago we received 82 cents per dollar and today we are receiving 76 cents per dollar from the undergraduate fees to go into operation.

So I just wanted to share with you some brief highlights of the year. I think from the slides that have been presented you can see that we are in a continuing improving posture. The highlights show a strong growth in our private support and a minus increase in the total expenditures. I think that any accountant would be glad to say that today. I think that the slides or the book -- or we are certainly available for any questions that you may have -- will show the analysis of our tuition and fees.

I also would just like to say that on Monday the IRS auditors will be with us and from what I hear, and their estimation, they will be with us from six months to a year. We will be coming back to report to you on that.

President Gee:

And I am certain that they are here to help us.

AUDITOR'S REPORT (contd)

Ms. Russell:

Yes. Thank you, so much, for your consideration.

Mr. Shumate:

Greta, you made a reference to our equity balance. What level of equity balance do you think is appropriate for us at the University?

Ms. Russell:

What Vice President Shkurti had wanted was that a certain percentage of the equity should be there and any gift we should at least take one percent of that. So that our goal is to have an equity balance of, at least, five percent of the total.

Mr. Mark Fritz:

Mr. Chairman and members of the Board, it is my pleasure, as a partner with Deloitte and Touche here in Columbus, to share the results of our audit process this past year. I have four primary items that I wish to share with you this morning.

One is dealing with our audit scope and organization. We did have a minority sub-contractor working with us during the audit of the financial statements and I will share with you who did what as a part of that process. I'll talk briefly with you about some other items that were communicated to the audit committee which I also, as an auditor, have responsibility to report to you. We will also talk briefly about minor items that we have on internal control observations that we had during our audit and, finally, talk about some emerging issues dealing with the audit and the financial statements.

As far as the audit scope and organization, we had a minority sub-contractor by the firm's name of Parms and Company. They participated in approximately 15 percent of the engagement. Their responsibility was for WOSU Stations, Campus Partners, and also the Residence and Dining Halls. Our firm, under my direction, then completed the audit of all of the other component units that exist here at the University. In addition, we also served as auditors for the OSU Foundation and the Transportation Research Center for the first time incorporating all component units of the University under one audit relationship.

As far as our responsibility under generally accepted auditing standards, we are to primarily issue a report on the financial statements. Included in this maroon document -- that you should have received -- is our report on those financial statements. It is included on page one and it is, as Ms. Shipley mentioned, an unqualified opinion, it is a clean opinion on your financial statements. It is the best report that you can get from that standpoint.

We also do report on internal controls. We will be issuing a management letter to the University. That management letter will contain no material weaknesses or any reportable conditions. Again, from an internal control standpoint, the fact that there are no reportable conditions or material weaknesses that is the best report that you can receive from that standpoint.

As far as significant accounting policies, the University's financial statements and the policies are those directed by the University management. There were two minor changes in University policy this year: 1) how investments are recorded and how those are carried at market value; and 2) how the University was handling its capital subsidy it received from the State of Ohio for capital appropriations. You used to record that on an accrual basis -- the State Auditor and other universities are

AUDITOR'S REPORT (contd)

Mr. Fritz: (contd)

recording that on a cash basis -- and that resulted in about a \$38 million decrease in the plant fund assets in this current year.

We also -- as a part of our audit look at management judgements and accounting estimates -- included in your financial statements the University management looks at the allowance for doubtful accounts and it looks at reserves for litigation, other types of accruals, as a part of our audit process. We do look at those subjective items. We believe that there is a standard philosophy there and we concur with the process that University management has used from that standpoint.

There were no significant audit adjustments that were passed. There was a minor adjustment related to the health insurance accrual. We suggested that a decrease be made in the health insurance accrual of approximately \$9 million and that adjustment was posted to the financial statements. That was the only significant audit adjustment as a result of our audit. And then, finally, as far as any difficulties that we encountered in the audit, there were no difficulties. We received the full cooperation of management, items were given to us timely, and the audit went very smoothly from our process.

Let's talk briefly about constructive service comments that we presented to the Fiscal Affairs and Investments Committee. There are approximately eight items which deal with such things as wire transfers and the fact that there is some segregation of duties; to issues regarding an individual having responsibility over the vendor master file, also being able to do an actual wire transfer. We suggested that be separated as far as those responsibilities.

Some bank reconciliations were not conducted on a timely basis. There were some November bank reconciliations that weren't done when we came out in June. Those have been corrected. Those were in relation to some turnover that occurred in the Treasurer's office. We suggested that the Billing and Accounts Receivable system, which is known as the bar system for student fees and deposits, be reconciled to the general ledger on a more timely basis. We had some security concerns regarding the actual data processing center and EDP concerns over changing passwords, access to files, and things of that nature, and we have made some suggestions there.

Business area continuity planning deals with not a disaster recovery plan for the data processing center, but it relates to the other peripheral areas. How does the Treasurer's office work? How does the Accounts Payable Department work? What do they do when the data processing center is down and/or if there is a disaster in an area, how do they then make the process more timely?

The IDX system was something that Bill Shkurti and Janet Pichette asked us to take a look at and that relates to the data processing controls over the MedOhio operation. There had been a minor amount of error that had resulted there and they wanted to make sure that there were controls that existed to avoid that in the future. In Accounts Payable at the Hospitals we found that there were some checks that were in excess of \$1.5 million that required dual signatures that did not have the dual signatures that should be there, and we are suggesting that be adhered to in the future.

And then finally, as a part of our audit, we did look at the status of prior year comments. Coopers and Lybrand had a lengthy letter last year and looked at those items and we believe that a majority of those have been satisfactorily resolved. There will be two comments that were in the prior year letter that will be in our final letter, but from the general standpoint, I believe that things were adequately and timely addressed from the prior year letter.

AUDITOR'S REPORT (contd)

Mr. Fritz: (contd)

As far as emerging issues, there are some minor changes that are occurring, nothing major. One is the use of non-profit accounting and that really relates to your peripheral organization, such as the Transportation Research Center, MedOhio, and other areas as to what accounting policies do you follow since you are a governmental university. It is basically just a statement that indicates that you should stay status quo until the final reporting model gets changed and that relates to the next item.

There is a lot of discussion in the accounting profession right now about the format of university financial statements and I think that what you will see is ultimately you will move away from the various funds that you have, not show current funds, the unrestricted funds, the plant funds, and get to more of a corporate reporting format. This is where you have a single presentation showing all of the activity of the University with then some supplemental information that will report on the Athletic Department, the Hospitals, and some of the auxiliary organizations. That is currently under process in the accounting profession and there should be an exposure graph issue within the next year. It will probably be two or three years away before your financial statements will be reformatted into that new presentation.

There are some minor changes in relation to auditors responsibility for detecting fraud. As you probably are aware, our audit is not primarily focused at looking at fraud, but there has been more and more concerns in the investment community about something occurring and auditors not finding it. There is more definition then of how we will address that in the future.

On the positive side -- you talked about negative with the IRS coming in -- the federal government is changing its rules and regulations regarding Circular A-183, for single audits -- that deals with the audits of your research and development funds -- also the audits of your student financial aid funds and other grants that you receive. Those limits have been changed. It used to be \$100,000 or 3 percent, it is now a lot larger amount and we will not have to report minor items to you in the future. So that is a positive standpoint from what the federal government doing.

We reported to the Fiscal Affairs and Investments Committee some emphasis on the Department of Health and Human Services and how it is relating to its review of Hospitals and Medicare billing. I am aware that the Fiscal Affairs and Investments Committee has taken that into consideration and I think that has been adequately addressed.

Finally, the Department of Education has decided, for the first time, that it would like to have some of the NCAA revenues and expenses audited. The NCAA has minimum agreed upon procedures which you have to follow and now the Department of Education is also saying that we have to provide a special report to the President of the University, indicating that we have audited the revenues and expenses of the football and basketball programs and some of the other programs that exist. And we will be doing that in support of the audit.

Mr. Skestos:

Are there any questions? Thank you, Mr. Fritz, Ms. Shipley, and Ms. Russell. You gave us an excellent report and I want to, on behalf of the Board, commend you on that. Thank you very much. Mr. Chairman, I would now like to make a motion for approval of the audit report.

ACCEPTANCE OF THE REPORT OF AUDIT FOR 1995-96

Resolution No. 97-41

Synopsis: The report of the audit of the financial statements for The Ohio State University for 1995-96 conducted by Deloitte & Touche is recommended for acceptance.

WHEREAS in February 1996, with the approval of the Auditor of State, The Ohio State University entered into a five-year agreement with Deloitte & Touche for an annual audit of the University for fiscal years 1995-96 through 1999-2000; and

WHEREAS the Deloitte & Touche audit of the University for 1995-96, meeting the requirements of the Auditor of State, has been received and the accounts, records, files, and reports of the University have been found to be in satisfactory condition, but certain recommendations have been discussed with the Fiscal Affairs and Investments Committee; and

WHEREAS the auditors' recommendations are being studied by the appropriate University offices, and procedures and responses are being developed as a result of the recommendations:

NOW THEREFORE

BE IT RESOLVED, That the report of the Deloitte & Touche audit for The Ohio State University for 1995-96, including the report on the audit of the University's financial statements and the summary of significant recommendations to management be accepted.

Upon motion of Mr. Skestos, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

Mr. Wexner:

I was wondering, George, if you might ask Deloitte and Touche if the internal staff should look to investigative and fraud auditors -- that is special kind of thing. I am thinking of the Board's oversight capacity that periodically that kind of audit activity at an enterprise this large should be undertaken. That is different than accounting auditing and it is very different from internal auditing.

I am not directing that it be done, but for at least some discussion be had and perhaps to talk to outside firms that specialize in this kind of thing. Clearly, this is no indication of the quality of our internal work, I just think that this is a good practice that at least we should consider.

Mr.Skestos:

I will look into it, Mr. Chairman, and report back to you.

Mr. Skestos:

At this time, I have several other resolutions to present to the Board for their approval:

**EMPLOYMENT OF ARCHITECTS/ENGINEERS,
REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS**

Resolution No. 97-42

LIFE SCIENCES RESEARCH BUILDING
FOOD SCIENCE AND TECHNOLOGY BUILDING
OARDC/ATI - CONFERENCE CENTER
KNOWLTON SCHOOL OF ARCHITECTURE
NATURAL HABITAT RESEARCH SITE IMPROVEMENTS
PHYSICAL SCIENCES BUILDING
LIBRARY BOOK DEPOSITORY, PHASE II
HAGERTY HALL REHABILITATION
SISSON HALL REPLACEMENT
COLUMBUS SPEECH AND HEARING CENTER
OARDC - CENTRAL CHILLED WATER PLANT
OARDC - FEED MILL REPLACEMENT
UNIVERSITY HOSPITALS/JAMES HOSPITAL COURTYARD
NEIL/17TH BUILDING DEMOLITION
MCCAMPBELL HALL ROOF REPLACEMENT
OARDC - POULTRY SCIENCE RESEARCH FACILITY

Synopsis: Authorization to employ architectural/engineering firms for the Physical Sciences Building, Hagerty Hall Rehabilitation, Sisson Hall Replacement, Library Book Depository, Phase II, and OARDC - Feed Mill Replacement projects; employ architectural/engineering firms and request construction bids for the Natural Habitat Research Site Improvements, Columbus Speech and Hearing Center, Neil/17th Building Demolition, McCampbell Hall Roof Replacement, and OARDC - Central Chilled Water Plant projects; request construction bids for the Life Sciences Research Building, Food Science and Technology Building, ATI/OARDC - Conference Center, University Hospitals/James Hospital Courtyard, and Knowlton School of Architecture projects; and accept the report of award of contracts and establishment of contingency funds for the OARDC - Poultry Science Research Building project is requested.

WHEREAS the University desires to proceed the construction of a replacement building of approximately 123,000 gross square feet of laboratory and office space to house the departments of Zoology, Entomology, and Plant Biology; and

WHEREAS the total estimated project cost is \$23,291,080 and the total estimated construction cost is \$18,897,390, with funding provided by House Bill 904 (\$800,000), House Bill 748 (\$21,691,080), central University funds (\$700,000) and department of Biological Sciences (\$100,000); and

WHEREAS the University desires to proceed with the construction of a facility to house the Food Science and Technology program, including classrooms, offices, research laboratories, computing facilities, and pilot plant space for the department; and

WHEREAS the total estimated project cost is \$17,299,000 and the total estimated construction cost is \$12,108,000, with funding provided from House Bill 904 (\$1,100,000), House Bill 748 (\$9,999,000) and anticipated gifts to the department of Food Science (\$6,200,000); and

WHEREAS the University desires to proceed with the construction of a facility on the OARDC/ATI campuses to house an executive business and industry conference center with provisions for satellite link and telecommunications center to provide meeting space for business, industry, and the local community; and

WHEREAS the total estimated project cost is \$3,700,000 and the total estimated construction cost is \$2,595,000, with funding provided from House Bill 904 (\$125,000), House Bill 748 (\$2,400,000), and anticipated gifts of \$1,175,000; and

**REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS (contd)**

WHEREAS the University desires to proceed with the construction of a new facility to house the programs of Architecture, City and Regional Planning, and Landscape Architecture and the Knowlton Columns; and

WHEREAS the total estimated project cost is \$19,233,280 and the total estimated construction cost is \$15,855,000, with funding provided from House Bill 790 (\$1,000,000), House Bill 748 (\$8,233,280), and a generous gift from Austin E. Knowlton (\$10,000,000); and

WHEREAS the University in conjunction with the Preservation of Wild Animals, Inc. (WILDS) desires to proceed with the design and construction of various improvements to the WILDS facilities in Cumberland, Ohio, including expanded parking, new admissions facilities, African conservation education center, expansion of the African and Asian ranges, conference and meeting center, education camps, food and merchandising facility, develop hoofstock handling system, medical and research offices, picnic pavilion and shelters, expand rhino complex, and wetlands trail project; and

WHEREAS the total estimated project cost is \$4,500,000 and the total estimated construction cost is \$4,432,500, with funding provided by House Bill 748; and

WHEREAS the University desires to proceed with the design of a new or renovated facility for the Department of Physics; and

WHEREAS the total estimated project cost is \$49,000,000 and the total estimated construction cost is \$36,200,000, with planning funds provided by House Bill 748 (\$4,000,000) and construction funds anticipated in a future biennium; and

WHEREAS the University desires to proceed with design of an addition to the Library Book Depository; and

WHEREAS the total estimated project cost is \$2,000,000 and the total estimated construction cost is \$1,700,000, with planning funds provided by House Bill 748 (\$200,000) and construction funds anticipated in a future biennium; and

WHEREAS the University desires to proceed with design to rehabilitate Hagerty Hall including building system replacement and some interior redesign of the space to house a core academic program to be determined during the planning phase; and

WHEREAS the estimated project cost is \$16,320,000 and the estimated construction cost is \$12,200,000, with planning funds provided in House Bill 748 (\$1,000,000) and construction funds anticipated in a future biennium; and

WHEREAS the University desires to proceed with design to construct a replacement facility for the 1957 wing of Sisson Hall to house research and teaching labs, library, classrooms and administrative, and faculty and graduate student offices for the College of Veterinary Medicine; and

WHEREAS the estimated project cost is \$18,200,000 and the estimated construction cost is \$13,809,200, with planning funds provided by House Bill 748 (\$1,600,000), central University funds (\$1,950,000) and construction funds anticipated in a future biennium; and

WHEREAS the University desires, in conjunction with the Columbus Speech and Hearing Center, to proceed with the renovation of current space at the facility; and

WHEREAS the total estimated project cost is \$1,000,000 and the estimated construction cost is \$985,000, with funding provided by House Bill 748; and

WHEREAS the University desires to proceed with the construction of a facility to provide central chilled water to the OARDC and ATI facilities; and

**REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS (contd)**

WHEREAS the estimated project cost is \$4,800,000 and the estimated construction cost is \$3,850,000, with funding provided by House Bill 748; and

WHEREAS the University desires to proceed with the design of a replacement feed mill on the OARDC campus for the production of rations for research with all types of animals, including ingredient storages, feed processing and mixing equipment, mixed feed storages, and grain drying and handling system; and

WHEREAS the total estimated project cost is \$5,000,000 and the total estimated construction cost is \$4,020,000, with planning funds provided by House Bill 748 (\$300,000) and construction funds anticipated in a future biennium; and

WHEREAS the University desires to proceed with the construction of a handicapped accessible open air courtyard in the area bounded by Postle Hall, James Hospital, and Doan Hall to be used by staff, patients, and visitors as a respite area outside, yet close to, the Hospitals for relaxation and meditation; and

WHEREAS the total estimated project cost is \$300,000 and the total estimated construction cost is \$265,000, with funding provided by University Hospitals (\$150,000) and James Cancer Hospital (\$150,000); and

WHEREAS the University desires to proceed with the demolition of the deteriorated Neil/17th Building and restore the site with walkways, site furniture, plantings, and lawn restoration;

WHEREAS the total estimated project cost is \$392,000 and the total estimated construction cost is \$350,000, with funding provided by central University budget; and

WHEREAS the University desires to proceed with replacement of approximately 24,000 square feet of deteriorated roofing, metal counter and flashings on McCampbell Hall; and

WHEREAS the total estimated project cost is \$200,000 and the total estimated construction cost is \$170,000, with funding provided by central University funds; and

WHEREAS a resolution adopted by the Board of Trustees on April 2, 1993 authorized the President and/or Vice President for Business and Administration to request construction bids in accordance with established University procedures, and if satisfactory bids were received to award contracts for the following projects:

(* Recommended alternates included in these amounts)

OARDC - Poultry Science Research Facility

This project constructs a set of buildings on the Wooster Campus for the Department of Poultry Science and replaces the poultry houses presently located to the west and north of Dakan Hall on the Columbus Campus. The total project cost is \$3,126,005; funding is provided by House Bill 904. The completion date is June, 1997. The contracts awarded are as follows:

General Contract:	Stanley Miller Company, East Sparta, Ohio
Amount:	\$1,551,300 *
Estimate:	\$1,598,829 *

**REQUEST FOR CONSTRUCTION BIDS, AND
REPORT OF AWARD OF CONTRACTS (contd)**

OARDC - Poultry Science Research Facility (contd)

Plumbing Contract:	Schmid Plumbing and Heating, Inc., Wooster, Ohio
Amount:	\$143,268 *
Estimate:	\$166,188 *
HVAC Contract:	AAA Mechanical Services, Inc., Akron, Ohio
Amount:	\$397,500 * +
Estimate:	\$376,524 *
Electric Contract:	Abbott Electric, Canton, Ohio
Amount:	\$518,850 * +
Estimate:	\$397,854 *
Total All Contracts:	\$2,610,918 *
Contingency Allowance:	\$130,547
Total Project Cost:	\$3,126,005

+The HVAC and Electric Contract are in excess of the filed estimate of cost; however the total price of all contracts is within 10% of the total estimate of cost and is recommended for award as provided by Section 153.12 of the Revised Code.

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to select qualified architectural/engineering firms as necessary for the Natural Habitat Research Site Improvements, Physical Sciences Building, Library Book Depository, Phase II, Hagerty Hall Rehabilitation, Sisson Hall Replacement, Columbus Speech and Hearing Center, OARDC - Central Chilled Water Plant, OARDC - Feed Mill Replacement, Neil/17th Building Demotion, and McCampbell Hall Roof Replacement projects and that the fees for these services be negotiated between the firm selected and the University or the State of Ohio, as appropriate; and

BE IT FURTHER RESOLVED, That the President and/or Vice President for Business and Administration be authorized to request construction bids for the Life Sciences Research Building, Food Science and Technology Building, OARDC/ATI - Conference Center, Knowlton School of Architecture, Natural Habitat Research Site Improvements, Columbus Speech and Hearing Center, OARDC - Central Chilled Water Plant, University Hospitals/James Hospital Courtyard, Neil/17th Building Demolition, and McCampbell Hall Roof Replacement projects in accordance with established University and State of Ohio procedures, and if satisfactory bids are received, to issue contracts or recommend contracts as appropriate with all actions to be reported to this Board at the appropriate time; and

BE IT FURTHER RESOLVED, That pursuant to the actions previously authorized by the Board, the report of award of contracts and establishment of contingency funds for the OARDC - Poultry Science Research Facility project is hereby accepted.

(See Appendix XV for maps, page 295.)

EASEMENTS

Resolution No. 97-43

COLUMBIA GAS OF OHIO, INC. - 521 WEST FRAMBES AVENUE
OHIO BELL TELEPHONE COMPANY -
CORNER OF ACKERMAN AND OLENTANGY RIVER ROADS
WEST OHIO GAS COMPANY -
MUMAUGH AND CAMPUS DRIVE, LIMA, OHIO
AMERICAN ELECTRIC POWER - 300 WEST LANE AVENUE
CITY OF COLUMBUS -
SANITARY SEWER - 300-306 WEST LANE AVENUE
AMERICAN ELECTRIC POWER - 2231 NORTH HIGH STREET

Synopsis: Authorization to grant six easements across University property is proposed.

WHEREAS Columbia Gas of Ohio has requested a 25-year easement consisting of a strip of land approximately 20 feet in width and approximately 498 feet in length for the construction of underground gas service to 521 West Frambes Avenue for the new Max M. Fisher College of Business; and

WHEREAS the gas service will benefit the University; and

WHEREAS the Ohio Bell Telephone Company has requested a 25-year easement consisting of a strip of land ten feet in width and approximately 157 feet in length for the purpose of installing a manhole and underground fiber optic cable in the vicinity of Ackerman and Olentangy River Roads; and

WHEREAS, this easement will serve University property and private property; and

WHEREAS the Ohio Bell Telephone Company will compensate the University with a lump sum payment of \$500.00 in consideration of the granting of this easement; and

WHEREAS the West Ohio Gas Company has requested a 25-year renewal of an easement consisting of two strips of land, one strip of land being 20 feet in width and approximately 2,241 feet in length running along Campus Drive and the second strip of land being 15 feet in width and approximately 1,082 feet in length running along the east side of Mumaugh Road for the purpose of providing gas service to the Lima Campus; and

WHEREAS this easement will serve the Lima Campus only; and

WHEREAS the American Electric Power has requested a 25-year easement consisting of a strip of land approximately ten feet in width and approximately 90 feet in length for the purpose of installing three-phase electric service to the Cooker Restaurant to be located at 300 West Lane Avenue; and

WHEREAS this easement will serve University property; and

WHEREAS the City of Columbus has requested a 40-year easement consisting of a strip of land approximately 3,920 square feet in size for the purpose of installing a sanitary sewer at the Cooker Restaurant located at 300-306 West Lane Avenue; and

WHEREAS this easement will serve University property; and

WHEREAS the American Electric Power has requested a 25-year easement consisting of a strip of land approximately ten feet in width and approximately 14 feet in length for the purpose of installing electric service to the Northwood/High Building located at 2231 North High Street, Columbus, Ohio; and

WHEREAS this easement will serve University property; and

EASEMENTS (contd)

WHEREAS the appropriate University offices have recommended the approval of these easements:

NOW THEREFORE

BE IT RESOLVED, That the Vice President for Business and Administration be authorized to request the Deputy Director of Public Works of the Department of Administrative Services, pursuant to her statutory duties, to act for and on behalf of the University in developing the necessary legal instruments to provide for these easements.

(See Appendix XVI for maps, page 311.)

ACCEPTANCE OF THE GIFT OF REAL PROPERTY

Resolution No. 97-44

65 ACRES OF UNDEVELOPED LAND
CRAWFORD COUNTY, OHIO

Synopsis: Acceptance of the gift of 65 acres of undeveloped farmland in Crawford County, Ohio, is proposed.

WHEREAS The Ohio State University has been provided with an opportunity to acquire a tract of 65 acres of undeveloped farmland in Crawford County, Ohio; and

WHEREAS the owner, Marie Unger of Bucyrus, Ohio, has offered to make a gift of this property to the University with two restrictions: first that no commercial, non-agricultural, or residential development be undertaken during the University's ownership; second, that the Crawford County Park District be given the first right of refusal to purchase the property should the University decide to sell; and

WHEREAS this property will be used by The Ohio State University Extension as an education and research site, and the College of Food, Agricultural, and Environmental Sciences will be responsible for all financial and managerial obligations of the property; and

WHEREAS the appropriate University offices have determined that the acceptance of the gift of this property is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized to accept this gift and to acquire title to this property in the name of the State of Ohio for the use of The Ohio State University, upon the terms and conditions described above and upon such other terms and conditions deemed to be in the best interest of the University.

(See Appendix XVII for background information and map, page 317.)

SALE OF REAL PROPERTY

Resolution No. 97-45

APPROXIMATELY 344.89 ACRES OF THE BARNEBEY CENTER
FAIRFIELD AND HOCKING COUNTIES, OHIO

SALE OF REAL PROPERTY (contd)

**APPROXIMATELY 344.89 ACRES OF THE BARNEBEY CENTER
FAIRFIELD AND HOCKING COUNTIES, OHIO (contd)**

Synopsis: Authorization for the sale of the remaining approximately 344.89 acres of the Barnebey Center is proposed.

WHEREAS the Board of Trustees of The Ohio State University owns approximately 344.89 acres of real property located in Madison Township of Fairfield County and Good Hope Township of Hocking County, Ohio, and known as the Barnebey Center; and

WHEREAS the School of Natural Resources and College of Food, Agricultural, and Environmental Sciences have determined that this property no longer is needed for, and cannot be operated economically in support of, the educational and research programs of the School; and

WHEREAS the Metropolitan Park District of Columbus and Franklin County has offered to purchase this remaining acreage, including timber and mineral rights, at the consideration price of \$1,100.00 per acre, and the previous appraised value of this portion of the property is approximately \$750.00 per acre; and

WHEREAS the net proceeds from the sale of this property shall be deposited in two Endowment accounts, the Barnebey Family Scholarship Fund and the Annabelle Hoge Scholarship Fund, for undergraduate and graduate scholarships for students in the School of Natural Resources; and

WHEREAS the appropriate University offices have determined that the sale of this property is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees of The Ohio State University, to sell all of the University's right, title, and interest in this remaining 344.89 acre portion of the Barnebey Center property, including all timber and mineral rights, with the actual acreage to be determined by survey by the buyer if required, to the Metropolitan Park District of Columbus and Franklin County, at a consideration price of \$1,100 per acre, upon such terms and conditions as are deemed to be in the best interest of the University.

(See Appendix XVIII for background information and map, page 319.)

**NON-MANDATORY TRANSFERS FROM CURRENT FUNDS
FISCAL YEAR 1995-96**

Resolution No. 97-46

Synopsis: Transfers to Endowment Principle Funds, Annuity and Life Income Funds, Unexpended Plant Funds, Renewal and Replacement Funds - Remodeling and Renovation, Renewal and Replacement Funds - Repair and Replacement, and Retirement of Indebtedness Funds be submitted for approval.

WHEREAS non-mandatory transfers from current funds for the fiscal year 1995-96 have been made; and

WHEREAS this account procedure is in compliance with the Auditor of State that all transfers among fund groups be reported:

NOW THEREFORE

**NON-MANDATORY TRANSFERS FROM CURRENT FUNDS
FISCAL YEAR 1995-96 (contd)**

BE IT RESOLVED, That the transfers as detailed in the accompanying report be accepted and approved.

(See Appendix XIX for background information, page 321.)

ARMS PROJECT - PHASE IV-B

Resolution No. 97-47

Synopsis: A vote to approve completion of Phase IV-B of the ARMS Project is proposed.

WHEREAS Phase IV-A of the Administrative Resource Management System (ARMS) Project as authorized by the Board of Trustees at its July 12, 1996 meeting has been successfully completed; and

WHEREAS completion of Phase IV-B has been recommended by the appropriate University offices and required funding will be available:

NOW THEREFORE

BE IT RESOLVED, That the University is authorized to proceed with completion of Phase IV-B of the ARMS Project as described in the accompanying materials, including authorization to spend up to an additional \$8 million for Human Resources and General Ledger Systems and up to \$1.5 million for the Procurement System in FY 1997; and

BE IT FURTHER RESOLVED, That the University will report back to this Board before June 30, 1996 for authorization to proceed with Phase V.

(See Appendix XX for background information, page 325.)

Upon motion of Mr. Skestos, seconded by Mr. Brennan, the Board of Trustees adopted the foregoing resolutions with eight affirmative votes, cast by Messrs. Wexner, Shumate, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

UNIVERSITY DEVELOPMENT REPORT

Mr. Jerry May:

Thank you very much, Mr. Skestos. Before I present the new endowed funds for approval to the Board today, I would like to bring you up-to-date on five new appointments to the University's Foundation Board and mention a small sentence or two about the University Campaign.

First, in its most recent meeting on October 4, 1996, The Ohio State University Foundation, elected the following individuals as new members of that Board: Edwin Cooperman, executive vice president of the Traveler's group, who received a J.D. in 1967, from New York City; William Lowery, president of the Amoco Corporation, who received a B.S. in Chemical Engineering in 1966 from Ohio State, from Chicago; Robert Martini, chairman and chief executive officer of Bergen/Brunswick Corporation, who received a B.S. in Pharmacy in 1954, from Los Angeles; and Jacqueline Woods, president and chief executive officer of Ameritech of Ohio, from Cleveland, Ohio.

UNIVERSITY DEVELOPMENT REPORT (contd)

Mr. May: (contd)

In addition to that, a new ex-officio member and Secretary to the Board was elected, Ginny Trethewey to replace Robert Duncan. I might add that Ginny received a J.D. (cum laude) from The Ohio State University in 1977.

In addition to that, I would like to report that the Affirm Thy Friendship Campaign, as of September 30 has reached \$472 million, 56 percent of the way to the goal. We have \$347.1 million in gift receipts, that is cash and securities, \$75.8 million in net new pledges, and \$49 million in net planned gifts, so far, in the one-year of the public phase of the Campaign and in the two years prior to that.

Mr. Skestos, at this time, I would ask that you present to the Board of Trustees for approval, the establishment of one new designated professorship, 12 new endowed funds, and the revision of three endowed funds. The amount of these gifts added to the Endowment, this past month, is \$4,971,696.00.

REPORT ON UNIVERSITY DEVELOPMENT

Resolution No. 97-48

Synopsis: The report on the receipt of gifts and the summary for September 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS the funding level has been reached to establish The W. Arthur Cullman Designated Professorship in Marketing; and

WHEREAS this report includes the establishment of twelve (12) new named endowed funds and amendments to three (3) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of September 1996 be approved.

Total	\$14,955,235	\$19,292,168	29

NOTES

- A Individual giving is up 83% due to two estate gifts totaling more than \$8 million (one from an alumnus of \$7 million; one from a non-alumnus of \$1.2 million).
- B Corporate giving is down 13%. Last year there were 116 corporations providing private support of \$10,000 or more (\$5.2 million). This year private support at the \$10,000 level is \$4.5 million (117 corporations).
- C Gifts from associations and other organizations are down 44% since giving at the \$10,000 or more level is about \$300,000 less than last year for the same period.

ESTABLISHMENT OF NAMED DESIGNATED PROFESSORSHIP

The W. Arthur Cullman Designated Professorship in Marketing

The W. Arthur Cullman Designated Professorship in Marketing was established November 1, 1996 by the Board of Trustees of The Ohio State University, with a pledge of \$38,000 per year for three years to The Ohio State University Development Fund from the family of Mrs. Cecilia S. Cullman and the first annual gift having been received.

The annual gift shall be used to provide support for The W. Arthur Cullman Designated Professorship in Marketing. The professor shall be an outstanding faculty member in Marketing. Appointment to the professorship shall be recommended by the Dean of the Fisher College of Business and the Provost and approved by the Board of Trustees.

The designated professorship may be renewed at the prevailing amount and term at the time of renewal.

\$38,000.00

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED FUNDS

R. David and I. Lorraine Thomas Family Cancer Research Endowment Fund

The R. David and I. Lorraine Thomas Family Cancer Research Endowment Fund for the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute was established November 1, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from R. David and I. Lorraine Thomas.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support cancer research in the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital and Research Institute as approved by the Director of the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital Research Institute and the Vice President for Health Sciences.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director of the Comprehensive Cancer Center - The Arthur G. James Cancer Hospital Research Institute and the Vice President for Health Sciences in order to carry out the desire of the donors.

\$3,371,128.27

The Emanuel and Ann Rudolph Friends of the Libraries
General Endowment Fund

The Emanuel and Ann Rudolph Friends of the Libraries General Endowment Fund was established November 1, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the estate of Emanuel D. Rudolph, Professor Emeritus, Plant Biology, The Ohio State University, Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support programs of Friends of the Libraries and/or to support the acquisition and preservation of library materials. Expenditure decisions are to be determined jointly by the Director of the Friends of the Libraries and the Director of University Libraries.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$59,012.55

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

ESTABLISHMENT OF NAMED FUNDS (contd)

Robert Llewellyn Crosby Career Services Endowment Fund

The Robert Llewellyn Crosby Career Services Endowment Fund was established November 1, 1996, by the Board of Trustees of The Ohio State University with contributions to The Ohio State University Development Fund gifted by Margaret Alexander (B.F.A. '66; M.A. '68) in memory of her husband Robert Llewellyn Crosby.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income generated by the endowment shall be used to support the Career Services Office, located in the Fisher College of Business, in its efforts to develop new networks and systems to reach smaller companies. Through the use of emerging technologies and strategies the Career Services Office will use the annual income from the endowment to develop relationships with firms which either lack the resources or time to send recruiters to campus for more traditional recruiting activities.

It is the desire of Margaret Alexander that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of Margaret Alexander.

\$25,000.00

Columbia Gas Family Merit Scholarship Endowed Fund

The Columbia Gas Family Merit Scholarship Endowed Fund was established November 1, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Columbia Gas of Ohio, Inc. in 1990.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support one or more academic merit scholarships for students who have completed one year of undergraduate course work at any campus of The Ohio State University who are employees; or, children, grandchildren, siblings, nieces and nephews of current employees of Columbia Gas of Ohio, Inc. Applicants must identify themselves as eligible on the OSU Scholarship Application. Selection will be made by the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donor.

\$20,000.00 (Grandfathered)

ESTABLISHMENT OF NAMED FUNDS (contd)

The Roger and Jennie Hall Concert Band Scholarship Fund

The Roger and Jennie Hall Concert Band Scholarship Fund was established November 1, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Donald M. (B.S.Bus.Adm. '76; MBA '77) and Leesa Hall Kurdziel (B.S.Soc.Wel. '78) of Greenwich, Connecticut, in honor of Roger A. (B. Music Education '74) and Jennie Hall.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide one or more scholarship awards to outstanding freshmen music majors who play wind or percussion instruments. The recipient(s) must have made a significant contribution to the concert band program and must have shown excellent musical and academic achievement. The recipient(s) shall be chosen by the Director of the School of Music and Director of the Concert Band, in consultation with Roger and Jennie Hall and the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

\$15,500.00 (Grandfathered)

The Sheila Brannon Scholarship Fund

The Sheila Brannon Scholarship Fund was established November 1, 1996, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Thomas A. Brannon (B.S. Optometry '58; O.D. '77) in memory of his wife.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall provide one or more scholarships for students whose principal area of study is art and who are enrolled at The Ohio State University Newark Campus. Scholarship recipients shall be selected by the Dean of the Newark Campus or his/her designee in consultation with members of the art faculty on the Newark Campus and the University Committee on Student Financial Aid. The scholarship shall be awarded annually and may be renewed. If there are no candidates in any given year, the earnings are to be added to the fund's principal.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income shall be used for purposes similar to those specified by the donor, as directed by the Board of Trustees of The Ohio State University in order to carry out the desire of the donor.

Olentangy River Wetland Research Park Program Endowment Fund

The Olentangy River Wetland Research Park Program Endowment Fund was established November 1, 1996 by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Bill and Edith Walter Foundation, Consoer Townsend Envirodyne Engineers, Inc., and friends of the Olentangy River Wetland Research Park Program.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to support the programs at the Olentangy River Wetland Research Park in the School of Natural Resources in the College of Food, Agricultural and Environmental Sciences. Uses shall include, but not be limited to, site development, scientific research, staffing, site maintenance, graduate and undergraduate student support, and educational outreach provided through the Olentangy River Wetland Research Park and its related research. Use of these funds shall be administered by the Director, Olentangy River Wetland Research Park, with approval of the Director, School of Natural Resources, or his/her designee.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Director, School of Natural Resources, in order to carry out the desire of the donors.

\$15,000.00 (Grandfathered)

CHANGE IN NAME AND DESCRIPTION OF NAMED FUND

The Howard D. Winbigler/Ohio Eminent Scholar in Mechanical Systems

The Ohio Eminent Scholar in Mechanical Systems was established March 6, 1987, by the Board of Trustees of The Ohio State University with \$500,000 from the General Assembly of Ohio. The fund and description were revised November 1, 1996 by the Board of Trustees in recognition of the \$750,000 addition from Howard D. Winbigler (B.M.E. '15) and his estate.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income will provide salary and program support for the work of an outstanding scholar-leader in mechanical systems. Appointment as The Howard D. Winbigler/Ohio Eminent Scholar in Mechanical Systems will be recommended by the Dean of the College of Engineering to the Provost and President and approved by the Board of Trustees.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY DEVELOPMENT FUND (contd)

CHANGE IN DESCRIPTION OF NAMED FUNDS

The Frank W. Hale, Jr., Endowed Scholarship

The Frank W. Hale, Jr., Endowed Scholarship was established February 2, 1990, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from business associates, relatives and friends in honor of Dr. Frank W. Hale, Jr., Vice Provost and Professor Emeritus, who served The Ohio State University as Professor of Communication, Associate Dean of the Graduate School, Vice Provost of Minority Affairs, and Special Assistant to the President from 1971 to 1988. The description was revised November 1, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to provide scholarships for students of color (African American, Hispanic or Native American) who have displayed scholarship (a cumulative grade point average of 3.0 or above), leadership, and integrity. The scholarship shall be awarded to high school graduating seniors from the Columbus and Franklin County area. Award recipients shall be selected in consultation with the University Committee on Student Financial Aid from the pool of students participating in the Minority Scholars Program.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson or program administrative officer in order to carry out the desire of the donors.

The Luther and Eloyce Tweeten Endowment Fund

The Luther and Eloyce Tweeten Endowment Fund was established February 7, 1992 by the Board of Trustees of The Ohio State University, with gifts to The Ohio State University Development Fund from Luther and Eloyce Tweeten. The fund was revised November 1, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to fund associateships and lecturers in the Department of Agricultural Economics and Rural Sociology. Unused income shall be reinvested to principal.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donors.

THE OHIO STATE UNIVERSITY FOUNDATION

ESTABLISHMENT OF NAMED FUNDS

Jane E. Orosz Endowment Fund for the College of Veterinary Medicine

The Jane E. Orosz Endowment Fund for the College of Veterinary Medicine was established November 1, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the estate of Jane E. Orosz, Cleveland, Ohio.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED FUNDS (contd)

Jane E. Orosz Endowment Fund for the College of Veterinary Medicine (contd)

The annual income shall be used for (1) the College of Veterinary Medicine's Human/Animal Bond Program, and (2) the College of Veterinary Medicine's Hospital Support Fund for the purpose of defraying in whole or in part surgical and other medical bills of individuals who cannot afford such services for their domestic pets. The division of the income between the two programs shall be based upon the needs of the said programs at the time the funds become available as determined by the College of Veterinary Medicine.

\$1,180,000.00

The Albert J. and Martha Mattern Fund for University Support

The Albert J. and Martha Mattern Fund for University Support was established November 1, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Albert J. Mattern (B.S.Bus.Adm. '33) and Martha Mattern, Pompano Beach, Florida.

The annual income shall be used by the University on an unrestricted basis.

\$102,631.17

The David F. and Kathryn B. Beard Scholarship Endowment Fund

The David F. and Kathryn B. Beard Scholarship Endowment Fund was established November 1, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from David F. (B.S.Agr. '35; Ph.D. Agronomy '40) and Kathryn B. Beard to The Ohio State University, College of Food, Agricultural, and Environmental Sciences.

The annual income from the endowment fund shall be used for merit scholarships, and will be restricted to qualified students who have maintained at least a 3.5 GPA, or its equivalent, during their last three (3) years in high school or in the College of Food, Agricultural, and Environmental Sciences.

Scholarship recipients shall be selected in consultation with the University Committee on Student Financial Aid.

\$100,287.50

The Virginia Grama Schmidt and Hubert Conrad Schmidt
Scholarship Fund for Somatic Studies

The Virginia Grama Schmidt and Hubert Conrad Schmidt Scholarship Fund for Somatic Studies was established November 1, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from Virginia Grama Schmidt (B.A. Arts & Sciences 1936; M.A. French 1937; B.S.Ed. '38) and Hubert Conrad Schmidt (B.Land.Arch. '38).

The annual income shall be used to provide scholarships for graduate students in Somatics, a program area in the College of Education.

REPORT ON UNIVERSITY DEVELOPMENT (contd)

THE OHIO STATE UNIVERSITY FOUNDATION (contd)

ESTABLISHMENT OF NAMED FUNDS (contd)

The John F. Isler Endowed Scholarship Fund

The John F. Isler Endowed Scholarship Fund was established November 1, 1996, by the Board of Trustees through funds received by the University from The Ohio State University Foundation, which has established an endowed fund with gifts from the members of the John F. Isler family as well as associates and friends of the family. John F. Isler served as Marion County Commissioner for thirteen years and was instrumental in the founding of The Ohio State University at Marion. Mr. Isler dedicated his life to promoting youth and educational activities at local and state levels.

Twenty percent (20%) of the annual income distributed shall be added to the fund's principal. The remaining eighty percent (80%) of the annual income shall be used to fund one or more scholarships for students attending The Ohio State University and enrolled in the College of Food, Agricultural, and Environmental Sciences. Selection of scholarships shall be based on activities, leadership, academic achievement and/or financial need. Applicants must have exhibited a project in the Junior Fair or equivalent at the Marion County Fair for so long as these events exist. Priority will be given to students attending Ohio State Marion but applicants attending any other Ohio State University campus including

ATI will also be considered. Recipients of the award(s) are to be chosen by the Marion Campus Scholarship Committee appointed by the Dean and Director, Ohio State Marion. A family member or representative will also be involved in the recipient selection process for each year as long as the family so desires. The successor to the above committee will be the Dean of The Ohio State University at Marion and the Dean of the College of Food, Agricultural, and Environmental Sciences. If no student meets the requirements in any given year, unused funds will carry over to the next year's awarding.

\$15,010.00 (Grandfathered)

Upon motion of Mr. Skestos, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Smith:

This morning I would like to share with the Board some of the successes of the Office of Student Affairs. As some of you may be aware, the CUE report emphasized the importance of providing early experiences for incoming students. As a result, additional funds were allocated this year in order to enhance Welcome Week and the Office of Student Affairs worked diligently to make Welcome Week for incoming freshmen a success this fall. Simply stated it worked. The events were far more vibrant and there was an increased number of students who participated.

Let me just briefly state that there were four different components of Welcome Week: 1) the Convocation; 2) the Oval picnic for 10,000 students, which was a new idea and it was very, very well received. I think that they were very strategic about this because they closed down the dining halls so that students had to come to get lunch.

I think that was a great idea because they had a lot of participation; 3) a community fair, including student organizations; and 4) a Scarlet Fever pep rally at St. John Arena.

STUDENT AFFAIRS COMMITTEE REPORT (contd)

Ms. Smith: (contd)

I would also like to add that Parents' Weekend was a smashing success, with 1,700 people in attendance. A more complete report on Fall Quarter's transition and activities will be given by Vice President David Williams at the December Board meeting.

On another note, this morning the Student Affairs Committee heard a report from L.H. Newcomb and Bobby Moser, from the College of Food, Agricultural and Environmental Sciences, and Martha Garland, who is the new dean of the College of Arts and Sciences concerning academic advising at Ohio State.

Advising in the College of Food, Agricultural and Environmental Sciences is truly a success story here at Ohio State. Their advising program is based on faculty participation. New first quarter freshmen and transfer students are directly enrolled in their particular department and at this time most students are assigned to a faculty advisor in their particular area of interest. These advisors take their job very seriously. On average the advising load is 15 students per advisor. This advising program is committed to the idea of better serving students.

For example, advisors conduct an adjustment check during the third and seventh week to see how the quarter is progressing. They have even instituted a program where by a College counselor is available on Thursday evenings in residence halls, but more importantly students find these programs beneficial. I really believe that this College deserves recognition for their efforts to enhance academic advising in their College and I would like Bobby Moser and L.H. Newcomb to know that the Board does appreciate your hard work.

In addition, Martha Garland shared with us her new and innovate ideas to enhance the Arts and Sciences academic program. In the past, there has been a division between professional advisors who work with GEC requirements and academic faculty advisors in the Colleges of the Arts and Sciences. Martha Garland indicated that they are working very hard to innograte their advisors and associate them more closely with the five colleges, which are housed in the Arts and Sciences.

I am happy to report that they have hired three new academic advisors. In addition, Arts and Sciences academic advisors are working on improving their technological services such as electronic degree audits, initiating a web site, and improving their E-mail capabilities. We've remained excited to see the effects of these new ideas and programs and we welcome Martha Garland into her new position.

Now, Mr. Chairman, I would like to introduce Kelly Hay, who is the President of the Council of Graduate Students to give the student government report this morning.

STUDENT GOVERNMENT REPORT

Ms. Kelly Hay:

Good morning. I am very honored and excited to address you today. What I am going to do is to begin with USG's report, then I am going to move through IPC's report, and end up with the Council of Graduate Students' report. I am beginning with USG first because, as you all know, I hope, they have been very, very active this quarter. They have sponsored many events that have brought a lot of attention to the University.

John has given me an update and I am going to move through his report. As you know, USG began their voter registration kick-off at the Pittsburgh game and we

STUDENT GOVERNMENT REPORT (contd)

Ms. Hay: (contd)

know how successful we were at that game and so, too, was USG. They have now, to date, registered 3,500 students. Colin O'Brien, who works closely with President Carney, attended our Graduate Orientation and signed up a fair amount of us at that time, too. So we appreciate their efforts -- I was one of them.

Tied to the political engagement that they are doing, they have been on the move to get political candidates here, given the election year and given how students need to be informed on political issues that is going to effect their lives. They have been very successful in doing this. They have extended invitations to the Republican Party, as well as, the Democratic Party.

We know that Vice President Gore and President Clinton came as a result of USG's sponsorship and hard work. I think that we should all commend John Carney, he did an excellent job putting together, with the help of a lot of key staff, those visits. They and the rest of us would have liked to have seen the Republican Party here in fuller force, but Senator Dole has elected to go to smaller schools. In fact, I think that he is at Capital University today.

I don't know how much of it you saw, but I definitely saw the work that went into these visits. They did a wonderful job and I don't want to belabor that, but they did tremendous work for us.

This past week USG published their teacher evaluations. As you know, at the end of each quarter or term students do teacher evaluations that are very important for all of us. With the approval and support of faculty, they are publishing now the comments of their fellow classmates in terms of what they think about particular professors that have agreed to have their evaluations published and the implication of this being that they think that having students informed about teacher evaluations will help them in terms of their scheduling, as well as being able to contribute significantly in the tenure process if these are taken seriously. So that is what they intend to do.

Finally, the last point that John would like for me to cover is the COTA of referendum and that is important for all of us. You will find in front of you a folder that President Carney has put together to bring you up-to-date to the most current activities that are going on with respect to that referendum.

At this point, I am going to move on to IPC's report. Eric Reeves, President of IPC, has given me a four-point bullet statement and I am going to move through it strategically.

As you know, last year they developed a mentoring program where they did outreach to the community to get professional students involved with middle and high school students, and sometimes elementary students. They are doing that again this year and IPC recently entered mentoring programs with the Police Athletic League of the Columbus Police Department and Everett Middle School.

IPC will also be hosting a membership appreciation party on November 15 from 9:00 p.m. to 1:00 a.m. at the Drake Union. And, finally, Eric would like me to report that pursuant to the formation of a committee to assess the Office of Minority Affairs, IPC has requested representation on that committee in the form of a letter to President Gee and Provost Sisson.

STUDENT GOVERNMENT REPORT (contd)

Ms. Hay: (contd)

Now what is the Council of Graduate Students up to. Well I am going to tell you about some of the events that we have performed so far effectively and what is on our plate right now and for the year.

This was the year that the Graduate School co-sponsored with us our annual orientation, in which this is a major program for us. A lot of our budget goes into it. Dean Huntington sponsored it with us this year. It was probably one of the most successful orientations that we have had. Trustee Shumate addressed us and was involved, and more than 500 students attended.

At this orientation we give them literature about how to help them get socialized and comfortable in the OSU community. We also give them academic information -- all kinds of important literature -- and at the same time, we solicit their involvement in the Council of Graduate Students, since we represent them as the official governing body.

We also had a welcome party, which the Wexner Center was generous to provide us with their performance space. We had graduate students performing, from Dance and Theatre, to their fellow students. For those of you that were there, we know that those performances were exciting and most unexpected in certain cases. It was a productive party and we had a good turnout. We also had a band. Many of those people had already signed up in the Council, at least 10, to be delegates to serve on University-wide communities. So I think that we were successful.

Now the biggest thing on our plate this year, I just received approval for on Wednesday. You all know how effective CUE has been and what kinds of structural and advising changes it is putting into place. What the Council of Graduate Students are trying to do is provide a report on the quality of life for graduate students in terms of experience. This is our chief priority this year. This will deal with more than just housing and career advising, it will deal with academic issues, stipend levels, and advising stability levels.

There is a whole range of issues underneath the umbrella of this report and Dean Huntington has agreed to be a full partner in this report. She is going to help us restructure a committee that is going to have faculty, students, and representatives from the Graduate School.

This came into being because I constructed a subcommittee out of my executive committee to put together the rationale of why this report needs to be done. It is in full form right now. We are just now getting to the nuts and bolts of the mechanisms through which the research is going to take place, the surveys, the follow-up, and the continuity issue.

This is not necessarily a report that we expect in any shape or form to be done by the end of this year, because part of what we want to happen is continuity. So each year a new president doesn't leave on the shelf what was there before and go on to something else. We are trying build continuity, so that the University knows what is on the plate and what are the issues for graduates students at this point.

Thank you very much. That is all that I have to report.

Mr. Wexner:

Are there any questions of Kelly before she leaves? Thank you.

AGRICULTURAL AFFAIRS REPORT

Mr. Patterson:

Mr. Chairman, I want to make just a brief report on The Ohio State University's Farm Science Review, which was held in September. Just a little bit of background. The Farm Science Review is held at the Molly Caren Farm, which is adjacent to I-70 West of Columbus. It has become -- under the direction of Bobby Moser and Greg Fendrick, Director of the Farm Science Review -- probably the most sufficient agricultural event in the country. It is an extremely important event where producers and suppliers, technology and education all come together in one setting for a three-day event.

There were about 599 commercial exhibitors processed for the event, second only to 670 in 1963, but they occupied nearly all of the exhibit area space that was available. About 35,000 square feet were sold above and beyond the previous record.

The commercial exhibitors displayed about \$65 million worth of cutting edge, state-of-the-art, machinery and technologies. In excess of 141,000 individuals enjoyed these displays in what was this year nearly perfect weather. Attendance set two major milestones: a single-day attendance was shattered with over 69,000 people on Wednesday; and the total attendance was nearly 9,000 over the previous high set in 1992. As you can see, this takes some pretty big fields just to park the cars.

The 1996 Review will be most remembered in the College of Food, Agriculture and Environmental Sciences as the maturation point of OSU central: the outreach program for the entire University; and the installation date of the first permanent restroom, and when you get this many people that is important.

Just one additional thing. Included in the format were several displays on farming in the 21st century and actually this is the way that it is going to be because there are farmers in Ohio right now doing some of these. Probably the most popular stop featured the Global Positioning Systems. G.P.S. includes a recording, and application of, yield data, fertilizer and various other agricultural inputs on a grid system. That system -- when up-linked to a satellite for down-linking to a computer base, which is located in the tractor or in the combine -- permits and facilitates the precise application and data collection essential to maintain a competitive farming edge.

Just to go a step further, farmers linked up to this are farmers right here in Ohio and are using it. They can be going down in the field and putting on one rate of fertilizer on this strip and coming back and applying a different rate on the other one. That is how technology is going to take us.

This year, 1996, will certainly be a difficult year to surpass, but they are working on it next year already. Thank you, Mr. Chairman.

Mr. Wexner:

I can't wait to tell my wife about this. She is very interested in agriculture, as we were discussing last night.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

As you heard earlier, the Educational Affairs Committee met jointly this morning with the Student Affairs Committee. I think it was an excellent discussion and dialog, and several recommendations came out of our discussion on academic advising. Trustee Sofia strongly recommended that we develop a centralized qualitative standard for academic advising and all of the Trustees who were there this morning agreed that should be a priority. So we have directed the Provost to take the lead in developing that minimum standard for academic advising which is critical, as you know, to achieving the academic excellence that we want at the University.

In addition, the Provost reported on academic enrichment. At your places is a summary contained in this document of the initiatives that were funded for the academic year 1996-1997. And, again, this is another important vehicle to help us move toward the academic preeminence that we desire.

At this time, I'd like to call upon the Provost to report on restructuring.

REPORT ON UNIVERSITY RESTRUCTURING

Provost Sisson:

Thank you, Mr. Shumate, Mr. Chairman, and members of the Board. In a moment of exhilaration -- at a time I don't specifically remember this past year -- after discussions with the faculty leadership of the University Senate, with the President of the University and the Chairman of the Board, I agreed that it would be a very good idea and a worthwhile thing to do to present a status report on restructuring at The Ohio State University. I say status report because it is exactly that -- it is sort of like life, it is in process. But, nevertheless, it was, I think, very instructive to take stock.

Restructuring didn't commence when a new Provost arrived here in August 1993. Restructuring is a part of this University's tradition, but nevertheless, it seemed that we needed to take a collective look. When I first arrived, the University had gone through two budget reductions and the very first thing that I was faced with when I arrived here in August was to allocate budget reductions in the University. My first reaction was that this is an odd way to welcome a new Provost, but being the resourceful fellow that I am, I said "well, let's have a go at it." But it was not only that. We were also faced with an additional budget shortfall for the next year. And so it seemed to me, as it seemed to others that I discussed this with, that we needed to proceed in as principled, priority-oriented, value-driven way that we possibly could.

After a number of discussions with members of the University community within the faculty, the Council of Deans, and the members of the Educational Affairs Committee at that time, one of whom is still a member of this Board, I sent out a famous memorandum of November 3, 1993, directing that all colleges review their programs and make a determination what their highest priorities were, how they related to general priorities within the University as we had discussed them, where they would take fourteen percent of their permanent funds budget, from where they would take it and where they would invest it, and why. That was number one.

The second was to look at the way that we are organized in our colleges and also the way that we build bridges and man boats between them. Make recommendations about the reorganization of the academic units within the University that would be congruent with the new direction, the priorities that have been established. So first comes purpose. Second comes organization.

REPORT ON UNIVERSITY RESTRUCTURING (contd)

Provost Sisson: (contd)

There was another element that was very important in this consideration as well. After budget cuts, budget cuts, budget cuts, there can be moral erosion that takes place within a community and it seemed absolutely essential -- this was part of the reallocation that as we think about how we are going to become smaller and leaner and more efficient -- that we think about where we are going to go and where we are going to grow. The kinds of valued things that we are going to do because there is a new day, even after budget cuts. We had to look forward. We have to provide for the renewal of this institution.

So these two elements were also associated with two other elements in this -- not scheme, but way of proceeding -- rather simple solution to a rather complex problem.

We have to have academic enrichment funds in order to help seed collaborative activity among academic units and to assist the various academic units in proceeding in directions that are high priority to them. And we need to provide for renewal, thus the argument for an early retirement incentive program. None of this is the way that an organization should do business on a regular basis, but the circumstances were very stringent to that time.

Another element a broadly participative discussion about where we are going to go, but then a decisive decision is the direction in which we are going to go. Let me provide you with a brief summary of the results. I think that everyone has a copy of the more elaborate report. It will be finalized and submitted to the Board, as well as to the University Senate together with appendices that constitute a permanent record of this experience at The Ohio State University and I will be providing updates at the appropriate times.

As a consequence of what we did, we reduced our budget by \$80 million, we also addressed the issue of \$40 million in structural deficits within the University. We also have seen the reallocation -- within academic units -- of somewhere between \$20-25 million from certain areas to other areas of high priority investment and we aren't finished. We have two to three more years to go, and I would imagine that it is a fair estimate that we will see another \$8-10 million that will be re-allocated -- that is from the FY 1994 budget -- to high priority areas. This is largely as a consequence of a very deliberate plan for renewing the faculty -- that is using positions that were vacated over a period of 4 to 5 years with respect to replacement.

Another point which I have already made here, all are not being replaced. We are reducing -- at least with respect to the size of the faculty in FY 1994 -- 1.8 percent of the faculty. But our student/faculty ratio is even more favorable than it was at that time, as a consequence of the reduction of the size of the student body.

This does not come without costs. There is a cost in terms of the time and effort that has gone into this that could have been invested in other kinds of things. That is one kind of cost. There is also a cost with respect to identity -- the loss that faculty have, that colleagues have, that students have with respect to a given organization of things which is changed by reconfiguration, merger and whatnot. And there is the issue of developing new identities, new working relationships, new patterns of a cooperative behavior.

Then there is a third and I want to give you an example of that with respect to something that I cut -- one of a number of things. That is, we eliminate things that are of value. The presumption is that if one's doing something it is of value. That is not always a correct presumption, but it covers a good proportion of the variants. But let me give you an example. We had, here at Ohio State, a marvelous art press that was running at a deficit. A wonderful press, the books of which, published a number

REPORT ON UNIVERSITY RESTRUCTURING (contd)

Provost Sisson: (contd)

of years ago, fetch reasonable prices at auctions in highly regarded houses. But it was running at a structural deficit, there was no way that it could pay its way, and we closed it down. But the trade-off is whether or not we do that or whether we have 15-20 scholarships or fellowships -- that order of magnitude of trade-off.

No institution can do this as a normal order of business. We are through this intense compressed period of restructuring of the University, but we are not finished with restructuring. This is a permanent part of the way that we will do business. We will have selective restructuring during the years to come. We are going to enhance the reservoir of academic enrichment funds that can be used over the long-term in investing in the highest priorities and inter-unit, cooperative ventures within the University. This is going to be essential for any university that wants to be standing proudly in the front rank of the great universities of this country in the next century.

Mr. Chairman, that is my report. I'd be happy to try to address any questions that might be raised and certainly would welcome any comments that might be presented.

Mr. Wexner:

This is a substantial area. Let me go around the table. Holly, any questions or comments?

Ms. Smith:

No.

Mr. Wexner:

George?

Mr. Skestos:

I think it is very exciting what we are doing and the challenge that the President, the Provost, and all of the faculty have accepted and the road that they have chosen for this University along with support from the Trustees. It is very exciting to be a part of this wonderful educational institution and we are behind you 100 percent.

Provost Sisson:

Thank you very much.

Mr. Wexner:

Michael, any questions?

Mr. Colley:

No.

Mr. Wexner:

Alex?

REPORT ON UNIVERSITY RESTRUCTURING (contd)

Mr. Shumate:

Dick, what is the next big challenge that you see? Since you indicate that restructuring is an ongoing process, what is the next challenge for us?

Provost Sisson:

Making decisions as to what particular areas this University is going to be preeminent and investing in them.

Mr. Sofia:

I have already told the Provost that maybe we should call it a positive statement of renewal and continued improvement, instead of just restructuring.

Provost Sisson:

That is right! That was a big part of the idea behind this.

Mr. Wexner:

Jim?

Mr. Patterson:

Dick and I have talked before about restructuring -- for example, what the College of Food, Agriculture, and Environmental Sciences did is only the first step and now we have to make that new system produce.

Provost Sisson:

Absolutely!

Mr. Patterson:

We can't just go to combining departments and this and that. Now it has to work.

Provost Sisson:

Absolutely! That is the first or second phase. I don't know, it depends upon how one defines things.

Many of the reorganized units are developing new academic programs right now, new degree programs, and merged degree programs. We will end up having fewer degree programs than we did three years ago, two years ago, and what we even have now. We have to stay the course, to invest in the way that we are committed to doing, but be resilient.

Once one invests, you develop a program and invest in faculty, just as an example. You have some conception of what it is that you're going to do. You're going to invest right here, you don't quite get it every time, it may be a little over here which is going to have an impact on what you do in the next iteration and the next iteration, but with some conception of where it is you're going. You have to know where you're coming from and you have to know where you're going. But it is that resilience in moving on that path that is critical.

REPORT ON UNIVERSITY RESTRUCTURING (contd)

Mr. Wexner:

David?

Mr. Brennan:

Now if we could only beat Michigan!

Dr. Sisson:

Yeah!

President Gee:

Mr. Chairman, I obviously applaud the Provost and all who have made this possible. I want to emphasize again that this is the beginning of a process, not the end. One of the issues we have to be very, very careful about -- and we spend a lot of time talking about this -- is the fact that we don't want people to view this as something that we have been through. Rather that it is a positive, on-going effort to improve the quality of the institution.

I think I'd be remised if I did not mention -- and I want to note this with Sally present - - that we have had more success in this effort -- and this is not hyperbole -- than any university in this country. The only reason we have had that success is the fact that we have had a faculty that has been willing and able and courageous enough to ask very tough questions. One of the really interesting moments was at our Faculty Senate meeting at the end of last year when a report on restructuring was given by our faculty in which they said basically, "You're not doing enough, get with it!" I'm not sure that many university presidents have ever had that charge from a faculty. So, Sally, I hope that on behalf of all of those out there, that you would just convey my personal thanks to them. I do appreciate it.

Provost Sisson:

This was a collective effort.

Mr. Wexner:

Dick, I can't help but make two comments. One from me as a child and one from me as an adult, who is often child-like. The first one as a child is one of the lessons my father passed to me was the belief that trees can grow to the sky. He said, "but if you believe that, you can't just believe that you water and fertilize them. You also have to believe that they have to be pruned."

That cutting back to go forward, I think, was, as an adult, what I began to understand. I think that the fertilizing, if you would, and the watering of the tree or the metaphor that the University is hard work and is relatively easy compared to the pruning, that enables in agricultural terms for trees to continue to grow and, hopefully, to the sky and bear bigger and better fruit.

I think the other comment is that I think what the University has begun -- and it began years ago and hopefully will continue forward -- is the believing that change is inevitable and change is a habit. If you see change as change -- I'm trying to amplify what you have said -- nothing really changes. If you see it in terms of distortion, significant change, then I think you do get to really effective change because of the implications of what you said in terms of millions of dollars of magnitude or the impact on professors, on faculty, on functions has great implication of risk. And

REPORT ON UNIVERSITY RESTRUCTURING (contd)

Mr. Wexner: (contd)

unless you are willing to take those negative risks, then you don't get a chance to have the positive ones.

So I really congratulate the leadership of the University beginning with the President, yourself, faculty, and staff for this significant work.

Provost Sisson:

Thank you very much.

(See Appendix XXI for Provost's Status Report on Restructuring, page 333.)

--0--

Mr. Shumate:

Mr. Chairman, on behalf of the Committee, I would like to now recommend the following resolutions to the Board for approval:

NAMING OF BUILDING

Resolution No. 97-49

Synopsis: Naming of executive education building to be constructed as part of the new Max M. Fisher College of Business Complex at Neil Avenue and Woody Hayes Drive on the campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the executive education building to be constructed as part of the new Max M. Fisher College of Business Complex at Neil Avenue and Woody Hayes Drive be named "The John K. Pfahl Executive Education Building," in honor of Dr. Pfahl, former college faculty member and chairperson of the Department of Finance; and

WHEREAS the recipient of a M.B.A. and a Ph.D. from Ohio State and president of his own consulting firm, John Pfahl was a highly valued member of the boards of many companies, including: Columbia Gas of Ohio, The Limited, Nationwide Life Insurance, and Worthington Foods; and

WHEREAS John Pfahl received numerous awards in recognition of his service and philanthropy, including the University's Distinguished Service Award and the prestigious Eagle Scout Award from the Boy Scouts of America; and

WHEREAS after his death in 1994, friends and colleagues initiated a fund-raising project in concert with the Pfahl family to memorialize John's life. This initiative has raised almost \$3.5 million from family, colleagues, friends, and former students, with over a half-million dollars in gifts under consideration by other prospective donors:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned executive education building to be constructed as part of The Max M. Fisher College of Business Complex shall be named "The John K. Pfahl Executive Education Building."

NAMING OF BUILDING

Resolution No. 97-50

Synopsis: Naming of undergraduate program building to be constructed as part of the new Max M. Fisher College of Business Complex at Neil Avenue and Woody Hayes Drive on the campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the undergraduate program building to be constructed as part of the new Max M. Fisher College of Business Complex at Neil Avenue and Woody Hayes Drive be named "The Schoenbaum Undergraduate Program Building," in honor of long-time University supporters, Alex and Betty Schoenbaum; and

WHEREAS Alex Schoenbaum, a 1939 graduate of the college and founder of the successful national restaurant chain, Shoney's, is internationally recognized for philanthropic support to the community and education at all levels, including: United Jewish Appeal, United Way, and the Salvation Army; and

WHEREAS both Alex and Betty Schoenbaum have demonstrated a longstanding commitment to the University which Alex has served as a member of The Ohio State University Foundation Board, the Fisher College of Business Campaign Committee, and, in the last campaign, as chair of the Campaign for Athletics. Betty Schoenbaum, also an alumnus of Ohio State, has helped to increase educational opportunities for non-traditional students as a founder of and donor to the Critical Difference for Women Initiative; and

WHEREAS gifts from the Schoenbaums, whose lifetime giving to the University exceeds \$3 million, and their friends toward the undergraduate program building total \$4 million:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned undergraduate program building to be constructed as part of The Max M. Fisher College of Business Complex shall be named "The Schoenbaum Undergraduate Program Building."

NAMING OF INTERNAL SPACES IN CAMPUS FACILITIES

Resolution No. 97-51

Synopsis: The naming of internal space within University facilities is proposed.

WHEREAS gifts and gift commitments have been received by donors to support the construction, equipping or furnishing of the classrooms, offices, laboratories and other noted spaces; and

WHEREAS upon the recommendation of the President and the President's Executive Committee, it has been proposed that the donors to these internal spaces be recognized for their generosity; and

WHEREAS the following list includes four (4) areas within the Daniel M. Galbreath Equine Trauma Center; one (1) area within the Schottenstein Center; one (1) area within The Max M. Fisher College of Business; and three (3) areas within the Food Science and Technology Building:

NOW THEREFORE

NAMING OF INTERNAL SPACES IN CAMPUS FACILITIES (contd)

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned internal spaces in campus facilities shall be named as indicated on the attached report.

(See Appendix XXII for background material.)

HONORARY DEGREES

Resolution No. 97-52

Synopsis: The awarding of honorary degrees to Lawrence R. Barnett and John Doyle Ong is recommended for approval.

WHEREAS pursuant to paragraph (C) of rule 3335-3-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of honorary degrees as listed below:

Lawrence R. Barnett
John Doyle Ong

Doctor of Fine Arts
Doctor of Humanities

NOW THEREFORE

BE IT RESOLVED, That the above honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipients.

DEGREES AND CERTIFICATES - AUTUMN QUARTER COMMENCEMENT

Resolution No. 97-53

Synopsis: Approval of Degrees and Certificates for Autumn Quarter is proposed.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on December 13, 1996, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

PERSONNEL ACTIONS

Resolution No. 97-54

RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the September 13, 1996 meeting of the Board, including the following Appointments, Reappointment, Leaves of Absence Without Salary, Professional Improvement Leaves, and Emeritus Titles, as detailed in the University Budget be approved, and Medical Staff Appointments (The Arthur G. James Cancer Hospital and Research Institute) approved September 17, 1996, by The Arthur G. James Cancer Hospital and Research Institute Board, and the Medical Staff Appointments/Reappointments (The Ohio State University Medical Center) approved September 26, 1996, by The Ohio State University Hospitals Board be ratified.

Appointments

Name: GREG M. ALLENBY
Title: Associate Professor (The W. Arthur Cullman Designated Professorship in Marketing)
Department: Marketing
Term: October 1, 1996 through September 30, 1999
Salary: \$113,556.00

Name: LAWRENCE A. BROWN
Titles: Distinguished University Professor (and Chairperson)
Department: Geography
Effective: October 1, 1996
Salary: N/A

Name: LIANG-SHIH FAN
Titles: Distinguished University Professor (and Chairperson)
Department: Chemical Engineering
Effective: October 1, 1996
Salary: N/A

Name: KARL C. RUBIN
Title: Distinguished University Professor
Department: Mathematics
Effective: October 1, 1996
Salary: N/A

Reappointment:

Name: GLENN S. DAEHN
Title: Professor (The Dr. Mars G. Fontana Professorship in Metallurgical Engineering)
College: Engineering
Term: October 1, 1996 through September 30, 1997
Salary: \$93,312.72

Appointment of Chairpersons

October 1, 1996 through September 30, 2000

Medical Biochemistry

Samson T. Jacob

October 21, 1996 through June 30, 1997

Agricultural Education

N. L. McCaslin*

*Acting

PERSONNEL ACTIONS (contd)

Leaves of Absence Without Salary

FRANCIS X. BEYTAGH, Professor, College of Law, effective Spring Semester 1997, to accept a visiting professorship at Southern Methodist University.

JEREMY COHEN, Professor, Department of History, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to accept a National Endowment for the Humanities fellowship.

PATRICIA B. REAGAN, Associate Professor, Department of Economics, effective Winter Quarter and Spring Quarter 1997, to accept an invitation at the National Bureau of Economic Research in Cambridge, Massachusetts.

AHMAD A. SIKAINGA, Associate Professor, Department of Black Studies, effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to accept a Fulbright Scholar Award to conduct research in Morocco.

NATHANIEL Q. BELCHER, Assistant Professor, Austin E. Knowlton School of Architecture, effective Autumn Quarter 1995, Winter Quarter and Spring Quarter 1996, to teach and conduct research at Tulane University, and continuation effective Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to teach and conduct research at Florida International University.

Professional Improvement Leave--Cancellation

ELLEN S. NEWMAN, Associate Professor, Department of Theatre, effective Spring Quarter 1996.

Professional Improvement Leave--Change in Dates

GORDON AUBRECHT, Professor, Department of Physics, change leave from Autumn Quarter 1996, Winter Quarter and Spring Quarter 1997, to Winter Quarter and Spring Quarter 1997.

HENRY H. GLOVER, Professor, Department of Mathematics, change leave from Spring Quarter and Autumn Quarter 1996, and Winter Quarter 1997, to Spring Quarter 1996, and Winter Quarter and Spring Quarter 1997.

Medical Staff -- Appointments (The Arthur G. James Cancer Hospital and Research Institute)

September 13, 1996 through February 28, 1997

Rebecca R. LaRoe, M.D., Associate Attending, Department of Anesthesiology
Amy Louise Miller, M.D., Associate Attending, Department of Anesthesiology
William A. Wilmer, M.D., Associate Attending Staff, Department of Medicine
Gregory T. Wiet, M.D., Associate Attending Staff, Department of Otolaryngology

Medical Staff -- Appointments (The Ohio State University Medical Center)

July 1, 1996 to June 30, 1997

Calland, Jon W., M.D., Attending, Anesthesiology
Chorich, Louis J. III, M., M.D., Attending, Ophthalmology
Grady, Lonna L., R.N., Physician Extender, Internal Medicine, Cardiology
Kaide, Colin G., M.D., Attending, Emergency Medicine
Karl, Joyce I., R.N., Physician Extender, Internal Medicine, General Medicine
Kays, Mary L., R.N., Physician Extender, Obstetrics and Gynecology
Martin, Larry C., M.D., Attending, Surgery
Rhoades, Chris A., M.D., Attending, Internal Medicine
Ryu, Grace Y., M.D., Attending, Pediatrics, Allergy
Teller, Timothy, M.D., Courtesy, Pediatrics

PERSONNEL ACTIONS (contd)

Medical Staff -- Appointments (The Ohio State University Medical Center) (contd)

July 1, 1996 to June 30, 1997 (contd)

Aerts, Mellisa Anne, M.D., Limited, Obstetrics and Gynecology
Armanios, Mary Yousry, M.D., Limited, Internal Medicine
Ashcraft, Cregg Duaine, M.D., Limited, Internal Medicine
Ashford, Helen J., D.D.S., PGY1, Limited, Dentistry, General Dentistry
Asuncion, Alfredo, Jr., M.D., Limited, Pathology, Surgical Pathology
Atasoy, Erhan Cemil, M.D., Limited, Surgery, Neurosurgery
Baird, Michael A., M.D., PGY1, Limited, Internal Medicine, General Medicine
Baker, Thomas Scott, M.D., Limited, Physical Medicine and Rehabilitation
Banks, Mark Andrew, M.D., Limited, Physical Medicine and Rehabilitation
Beatty, Martilla Renee Jones, M.D., Limited, Physical Medicine and Rehabilitation
Bernacki, Walter Lang, M.D., Limited, Surgery
Blotter, James Wallentine, M.D., Limited, Otolaryngology
Brand, Matthew Raymond, M.D., Limited, Surgery - Orthopedic Surgery
Carroll, William Emil, M.D., Limited, Neurology
Chadha, Suvinder K., M.D., Limited, Anesthesiology
Chaudhari, Tara Mohan, M.D., Limited, Anesthesiology
Clark, Eloise-Marie, M.D., PGY1, Limited, Obstetrics and Gynecology
Clarke, Grace Angela, M.D., Limited, Ophthalmology
Cohen, Howard, Michael, D.D.S., Limited, Dentistry
Corley, Bonnie S., M.D., PGY1, Limited, Obstetrics and Gynecology

Emeritus Titles

WEN L. LI, Department of Sociology, with the title Professor Emeritus, effective October 1, 1996.

C. BENJAMIN MELECA, change from the Department of Family Medicine to the Department of Internal Medicine, with the title Professor Emeritus, effective September 1, 1996.

RUTH M. CONONE, Ohio State University Extension, with the title Associate Professor Emeritus, effective August 13, 1996.

BETTY L. MILUM, University Libraries, with the title Assistant Professor Emeritus, effective October 1, 1996.

RESOLUTIONS IN MEMORIAM

Resolution No. 97-55

Synopsis: Approval of six Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

Ronald G. Courtright

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 24, 1996, of Ronald Courtright, Assistant Professor Emeritus in the Ohio State University Extension.

Professor Courtright was born October 14, 1935, in McComb, Ohio. He received his B.S. in Agricultural Education in 1957 from The Ohio State University.

Ron began his Extension career in Ohio when he joined the faculty at The Ohio State University on January 1, 1958, as the Associate County Agent in Wyandot County. On July 1, 1959, he became the County Extension 4-H Agent. On May 1, 1964, he became the County Extension Agriculture Agent and held this position until his retirement on January 31, 1988.

RESOLUTIONS IN MEMORIAM (contd)

Ronald G. Courtright (contd)

Professor Courtright's contributions in providing excellent Extension educational programs during his career earned him the respect and admiration of his coworkers and associates throughout the state. His work with agriculture clientele in Wyandot County included developing ways for farmers to improve their crop yields and income. The use of demonstration plots and tours were two tools that Ron used in "helping others help themselves." The establishment of the Integrated Pest Management Program as well as soil surveys and conservation were other highly successful agriculture programming efforts Ron conducted in Wyandot County. He served on numerous committees throughout his career which distinguished him as one of Extension's top agents.

Ron received the Distinguished Service Award at the 1977 annual meeting of the National Association of County Agricultural Agents. He was also named Citizen of the Year by the Wyandot County Citizens Recognition Committee in 1985.

On behalf of the University community, the Board of Trustees expresses its sympathy and understanding to his family and friends. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees as an expression of the Board's heartfelt sympathy.

Merle C. Derrenbacher

The Board of Trustees and The Ohio State University expresses its sorrow upon the death on August 14, 1996, of Merle C. Derrenbacher, Professor Emeritus in the University Libraries.

Merle Derrenbacher was born February 2, 1904, in Penfield, New York. She received her B.A. from the University of Rochester, Rochester, New York, in 1926, and her degree in library science from Columbia University, New York, in 1930.

Professor Derrenbacher worked in the library field for forty-nine years, of which thirty-three were in the Catalog Department, The Ohio State University Libraries, 1933-1971. Before receiving her library science degree, Ms. Derrenbacher was a secretary, Rochester, New York Public School Number 8, 1926-1929. Her first library positions were cataloger, Queens Borough, New York, 1930-1931; and first assistant cataloger, University of North Carolina, Chapel Hill, 1931-1937. During her final work years at The Ohio State University Libraries she was the specialist in cataloging of rare books.

In addition to her cataloging responsibilities, Professor Derrenbacher was active in numerous professional organizations. Among these organizations were the American Library Association, The Ohio Library Association, and the Ohio Valley Regional Catalogers Group.

Professor Derrenbacher was an avid world traveler making over twenty trips to Europe and Asia. She was among the first residents to move into Friendship Village of Columbus where she planned and set-up the Village library.

On behalf of the University, the Board of Trustees expresses to her family its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Arthur B. Lewis

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on March 21, 1996, of Arthur B. Lewis, Assistant Professor Emeritus in the College of Dentistry (Orthodontics).

Arthur Lewis, known to many as Buzz, was born of Welsh descent in Steubenville, Ohio, on January 9, 1909. He attended Kenyon College and graduated from the College of Dentistry, The Ohio State

RESOLUTIONS IN MEMORIAM (contd)

Arthur B. Lewis (contd)

University, in 1933. Under Dr. Allan Brodie, he earned his Master of Science degree at the University of Illinois. Arthur practiced in Dayton, Ohio, for 43 years -- long enough that he often treated several generations of the same family. He was one of the first orthodontists to use the Broadbent-Bolton cephalometer and Greulich-Pyle skeletal ages in private orthodontic practice.

Arthur Lewis served as a Research Associate in the Department of Growth and Genetics at the Fels Research Institute, now part of Wright State University, from 1939 to 1993, and he was honored in 1956 as Consultant in Physical Growth. In collaboration with Stanley Garn and Alex Roche, his research resulted in 71 publications covering dental morphology and maturity and pubertal changes in the cranial base and mandible. He was associate editor of The Angle Orthodontist from 1947 - 1951, and the editor from 1951 - 1980. The 23rd Biennial Meeting of the Edward H. Angle Society was dedicated to him. He received the Distinguished Service Award from the Great Lakes Association of Orthodontists in 1978 and the same year was the recipient of the prestigious Albert B. Ketcham Memorial Award from the American Board of Orthodontics.

Dr. Lewis began teaching in the Graduate Orthodontic Department of The Ohio State University in 1961 and was an Assistant Professor for 18 years. In his honor, students presented a portrait of Dr. Lewis that hangs in the Orthodontic Department Library. The Arthur B. Lewis Lectureship was established the year before his death to honor him in perpetuity.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Lewis its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Jerome Rothstein

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 4, 1996, of Jerome Rothstein, Professor Emeritus in the Department of Computer and Information Science.

Professor Rothstein earned a B.S. cum laude in Physics from the City College of New York; a B.H.L. in Hebrew Literature from the Seminary College of Jewish Studies of the Jewish Theological Seminary of America; and an A.M. in Physics from Columbia University. He joined The Ohio State University faculty in 1967 as an Associate Professor in the Departments of Computer and Information Science, and Biophysics. He was promoted to Professor in 1969, and retired as Professor Emeritus in 1989.

Professor Rothstein's research interests were varied and highly cross-disciplinary. They included information theory, pattern recognition, solid state physics, thermodynamics, statistical mechanics, bus automata, and control processes of biological interest. His work is distinguished by its integration of biological and physical science with information theory and computer science.

Prior to his employment at The Ohio State University, Professor Rothstein held various management and scientific positions at the Laboratory for Electronics, Inc., Maser Optics, Inc., Germeshausen and Grier, U.S. Army Electronics Laboratories, and Columbia University. He wrote hundreds of papers, articles, and books and received "outstanding paper awards" several times. He also gave hundreds of invited lectures at organizations, conferences, and technical societies throughout the world including NATO and NASA. He belonged to many technical societies and he has over 15 patents and inventions credited to his name. He personally conferred with Albert Einstein, at Einstein's request in his home.

On behalf of the University, the Board of Trustees expresses to the family of Professor Rothstein its deep sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

RESOLUTIONS IN MEMORIAM (contd)

Acie C. Waldron

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 17, 1996, of Acie C. Waldron, Professor in the Department of Entomology.

Professor Waldron received his B.S. in agronomy from Brigham Young University in 1957, his M.S. in agronomy from The Ohio State University in 1959, and his Ph.D. in agronomy from The Ohio State University in 1961.

Acie Waldron was appointed as an assistant professor at Ohio State in 1966, and as an extension specialist, he was responsible for pesticide safety issues. He was appointed as Pesticide Coordinator for the Ohio Cooperative Extension Service in 1969 and in 1989 he also assumed the role of Pesticide Applicator Training Coordinator for Ohio State University Extension. At the time of his death, Professor Waldron also served as the coordinator for issues related to the impact of pesticides in the North Central Region of the United States. He was a leader in Ohio pesticide law and the author of over 85 papers relevant to this topic.

Dr. Waldron played an active role in his department, college and university community, as well as many professional societies, including: the Entomological Society of America, American Chemical Society, American Society of Agronomy, Soil Science Society of America, Ohio Academy of Science, Association of Official Analytical Chemists, Council for Agricultural Science Technology, American Association for the Advancement of Science, North Central Weed Science Society, and Benson Institute.

Professor Waldron received numerous awards during his career, most recently the Distinguished Regulatory Entomology Award from the North Central Branch of the Entomological Society of America in 1995.

Throughout his career, Professor Waldron presented many invited seminars on pesticide residue analysis and safety issues related to pesticide usage. He was a frequent lecturer in several departments on campus and at extension meetings throughout the State of Ohio. And, at the national level, he represented the State of Ohio at frequent meetings on pesticide usage.

He will be remembered as a quiet and valued friend who efficiently and effectively shared his expertise of pesticides with the citizens of this University, the State of Ohio, and indeed the nation.

On behalf of the University, the Board of Trustees expresses to the family of Professor Waldron its deep sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Walter A. Zacherl

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 26, 1996, of Walter A. Zacherl, Professor Emeritus in the College of Dentistry.

Dr. Zacherl, a native of Bruno, Saskatchewan, was born on July 24, 1921. During World War II, he served for six years in the Canadian Royal Air Force achieving the rank of Flight Lieutenant. He attended the University of Alberta and graduated with a D.D.S. in 1950. In 1958, he earned a Ph.D. in Public Health from the University of Toronto. He then began his career in public health dental research and served as a research associate at the University of Alberta from 1962-1965. He was elected as a Fellow in the Royal Society of Health.

In 1965, he joined the faculty of the College of Dentistry as an Assistant Professor and rose to the rank of Professor in 1971. Dr. Zacherl retired from the University in 1986. During his tenure at Ohio State, he was involved in clinical research, much of which was directed to the testing of the effectiveness of therapeutic dentifrices. He and his family moved from Columbus to Florida in 1991.

RESOLUTIONS IN MEMORIAM (contd)

Walter A. Zacherl (contd)

On the behalf of the University community, the Board of Trustees expresses to the family of Professor Zacherl its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Shumate, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Brennan, Patterson, and Sofia, and Ms. Longaberger Kaido.

--0--

Mr. Shumate:

Mr. Chairman, I know the hour is late, but we do have two of our deans with us today who will be leaving their deanships to return to the faculty. They are in two of our key colleges and both have done outstanding jobs. I would like to take a couple minutes to recognize them if we may?

Mr. Wexner:

Yes.

Mr. Shumate:

Dr. Joe Cruz -- if you might stand -- on behalf of the Board, I'd like to thank you and commend you for your leadership with the College of Engineering. The accomplishments of the College, under your leadership, have been substantial and I'd like to just mention a few of them at this time.

The College has certainly risen in stature with notable prestige being evidenced by the recent National Research Council's Graduate Program Rankings. Also, the College has addressed a number of issues of priorities and has developed a budget planning process that has been called a model for other colleges.

The College of Engineering has also successfully restructured, consistent with the Provost's report this morning, its departments so that the College is positioned more effectively to move forward into the 21st century. Faculty members in the departments, under your deanship, have received prestigious awards and have received increased success in sponsored research. Also, the departments have been very successful in their recruiting efforts in attracting outstanding faculty and also in increasing the number of women and other members of underrepresented groups into the faculty of the College.

We certainly want to thank you not only for these few accomplishments that I've mentioned, but I'm sure there are many more and we certainly wish you success as you return to research and teaching in the department. I wonder if you might have a comment?

Dean Joe Cruz:

Mr. Shumate, Mr. Chairman, and members of the Board, first I would like to thank you for the opportunity to take two minutes of your precious time and also for giving me the opportunity to serve as dean of one of the largest colleges of engineering in the United States.

Dean Cruz: (contd)

I came to the University on November 1, 1992, from Southern California. The past four years I have really enjoyed working with our faculty, with my fellow deans, and the leaders of this University and I look forward to continuing relationships in other areas particularly teaching, research, and service. Among the things that we did during the last four years was to develop our mission and vision consistent with the University's mission and vision. And I would just like to share with you two aspects of our vision.

One is that we would like our students and alumni to be aggressively recruited. We didn't say by whom. We include students because 60 percent of our graduates have had co-op or part-time work before they graduate. And, therefore, our students are indeed being aggressively recruited.

Second, there is nothing specific about our curricula. We need to find out why and what it takes for recruiters to come here. So we need to benchmark and we have been benchmarking among the best and taking the best practices so that indeed we can be a placed where we are aggressively recruited from. We also want students from diverse backgrounds to come to Ohio State University for the valuable education that they will get here.

I know that time is of the essence and I just wanted to share that with you. Thank you very much.

Mr. Shumate:

Thank you. Also, Mr. Chairman, Dean Donald Harris will be leaving the deanship to return to the faculty. And, again, thanks to the Board office, we have some highlights of his stewardship with the College of the Arts.

First the development of a computer research laboratory that has given tremendous impetus to the development of a program in Music Cognition -- a highly appraised academic enrichment funded initiative. Also the development of: the Martin Luther King, Jr. Institute for the Arts, which is a collaborative program directed towards multicultural arts education for urban youth; the Robert Shaw Choral Institute at Ohio State, but also in France; and a graduate degree program in Arts, Policy, and Administration developed jointly with the School of Public Policy and Management.

Also under the Dean's leadership over the past nine years, the percentage of female faculty members has grown from 17 percent to 43 percent of the total faculty and the number of minority faculty has increased from 4 percent to 10.3 percent.

Again, Dean Harris, we want to thank you for the countless ways you've represented us not only here at Ohio State, but throughout the community and throughout the country. We appreciate the national and international recognition that has come to the College under your leadership.

Also, do you have any comments that you would like to make?

Dean Donald Harris:

Thank you very much, Mr. Shumate, Chairman Wexner, members of the Board, and President Gee.

This June 30 will mark my thirtieth anniversary in higher education administration in the arts at three institutions -- each about 10 years. I can truthfully say that the last 9 years at Ohio State have been the happiest years of my life. This is a very wonderful forthcoming institution and for an artist like myself to have been accepted

Dean Harris: (contd)

in such a rich fertile academic environment has been a great privilege and a great honor.

I'm very proud of this little College. We are probably in many senses one of the smallest colleges in the University. We have only 1,500 majors, graduate and undergraduate. We don't want anymore. It is very hard to get a job in the arts. We want to make sure that our students can go on and become practicing artists and teachers and earn a living. So we are very selective in the students we take.

You should know, that at any given time 25 percent of all undergraduates in this University take courses in the College of the Arts. This is really important. This shows the value of the arts in making the complete person, the complete citizen. But it also shows that we are working hard to make sure that we have listeners in the future, people to go to our museums, to look at our plays, and to have a cultured society. I can tell you that -- because I am currently the President of the International Council of Fine Arts Deans and I know most of the other colleges -- I have never found an institution more forthcoming and more welcoming of the arts and the professional artists than this one. We have found here that we have our place in the academic environment and we have our place in society.

I look forward to spending a few years on the faculty and to continue to service this University. I thank you all for the opportunity to be here and to work with all of you.

Mr. Shumate:

That completes my report.

--0--

RESEARCH FOUNDATION REPORT

Mr. Celeste:

If any of you are looking for the Research Report book which is usually on the table at your places, you won't find it. What you will find is that some of the material is in the Board agenda notebooks and each of you should have a small brochure at your places. This is a new format which will be used on a monthly basis. You can keep the brochure in your breast pocket so that it can be used for constant reference and, hopefully, you will find it useful. If you have suggestions as to how to improve it, please let us know.

I would now like to call on Ed Hayes to make the formal report.

Dr. Edward Hayes:

Thank you, Mr. Celeste. In your notebooks under the Research Foundation tab, we have the new awards for August and September. Total awards for FY 1997 through September 30, 1996, are \$49 million or 27.5 percent for both fiscal year 1996 at this time.

We are starting to see some recovery particularly in the federal support because of the government shutdown. You may remember things were delayed and that is starting to come back. In this little brochure you have -- one of the features that we have is the 12-month running totals -- the 12-month running totals on awards are starting to pick up again and we expect that this will continue over the next several months. We should start to see a rebound in the expenditures as we get more money in the pipeline.

RESEARCH FOUNDATION REPORT (contd)

Dr. Hayes: (contd)

I'd also recommend the four projects that are highlighted in this brochure. If any of you at any time would be interested in visiting any of these programs, I would be pleased to arrange for such visits. Finally, there are two news features there: 1) a newly cloned gene study for possible role in breast cancer; and 2) the alert that pets may spread infection to immune-suppressed owners. I think you might find them both quite interesting.

At this point, it would be appropriate for a motion to approve the agreement between the University and the Research Foundation.

REPORT OF RESEARCH CONTRACTS AND GRANTS

Resolution No. 97-56

Synopsis: The reports on research and other sponsored program contracts and grants and the summaries for August and September 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the months of August and September 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

--0--

Mr. Wexner:

Our next Board meeting will be held in this same place on Friday, December 6, which comes after life-cycle events in the University -- December comes after November.

Today's meeting just struck me as a very unusual meeting. Maybe they all are, but I just have to say this. Beginning with things as mundane and as important as audit and oversight, to the IRS being here to visit us, to guests of the campus, to the success of the University's Endowment, to President Gee talking about the unfortunate disturbances near campus, to Jim talking about global positioning satellites and spreading fertilizers to make agriculture successful in the 21st century, and then to the restructuring, the cutting back and the regrowth of the University. It just struck me how big this place is and how broad its reach. Then deans talking about experiences in their lives from things as important as engineering to things as touchy and feely as culture and life, and not only having artists, but having audiences.

November 1, 1996 meeting, Board of Trustees

Mr. Wexner: (contd)

I'm happy that this is November, we are past Halloween. The next meeting will be after Thanksgiving, it will be in December. So, I guess I'm just thankful for the range and the success of the University. I would like to thank the students -- we talked about that -- and the faculty, the staff, the alums, the benefactors, the legislatures, and the President. And I would really like to thank all of the Trustees for bearing with me and working with me before and after Halloween and Thanksgiving.

Since there is no other business, this meeting is adjourned. Thank you.

Thereupon the Board adjourned to meet Friday, December 6, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio.

Attest:

William J. Napier
Secretary

Leslie H. Wexner
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND THREE HUNDRED AND TWENTY-SEVENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 6, 1996

The Board of Trustees met at its regular monthly meeting on Friday, December 6, 1996, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

**

**

**

Minutes of the last meeting were approved.

**

**

**

December 6, 1996 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on December 6, 1996, at 11:00 a.m. He requested the Secretary to call the roll.

Present: Leslie H. Wexner, Chairman, Alex Shumate, Theodore S. Celeste, George A. Skestos, David L. Brennan, James F. Patterson, Tamala Longaberger Kaido, Holly A. Smith, and Mark Berkman. Fred L. Dailey, Director of the Ohio Department of Agriculture, was also in attendance.

--0--

PRESIDENT'S REPORT

President Gee:

Ladies and gentlemen, let me just note that, today is the final day of classes for Autumn Quarter, and we have finished the quarter with a flourish! We celebrated the seventh anniversary of the Wexner Center for the Arts with an extraordinary celebration that included the costume designs of Edith Head. It was an evening of high fashion and generous spirit. The occasion raised some \$1.6 million for the Center, and we thank our chairman for his leadership in that effort.

Also in November, I helped the Ohio Parents for Drug Free Youth kick off a statewide campaign responding to alcohol-related problems on college and university campuses -- in particular, issues related to binge drinking. It is my view that we must not accept these serious problems as an inevitable part of college life. Rather, we must work to change the culture and support responsible decision making on the part of our students.

The Buckeye Spirit Week prior to the Ohio State-Michigan game focused on responsible celebrations. The Office of Student Life and a number of student organizations planned special events that were entertaining and spirit-raising. From the Blood Battle between our universities, in which the winner was the Red Cross Blood Bank -- and Ohio State, I might add -- to the more than 20,000 people who attended the Senior Tackle, to the free Pancake Breakfast in Larkins Hall before the game, thousands of students and community members came together with Buckeye Pride. We were very pleased with the conduct of our students. The entire week went well -- until the second half of the darn game!

Let me remind all of you, however, that the Buckeyes share the Big Ten Championship and are headed for the Rose Bowl! Our team and players continue to receive national recognition. Last evening, as you know, for the first time in history, a player has been named the Lombardi Trophy winner for two years in a row, Orlando Pace -- a small, petite guy. We call him "Pasadena Pace," as you well know. I add my congratulations on achieving many of our goals and certainly on playing in Pasadena.

We also enjoyed an excellent season in women's volleyball. The team earned an invitation to the NCAA tournament, which begins tomorrow. Vanessa Wouters of Westmalle, Belgium, in her first year at Ohio State, was named Big Ten Volleyball Player of the Year.

Ohio State is one of thirteen Division 1 schools to receive NCAA athletic certification. The team of external evaluators and our self-study committee thoroughly reviewed the operations of the department. The certification ensures integrity in athletic operation and the review process helps improve the department and its programs. I congratulate Vice President Williams, Director Geiger, and the Athletic Council on this accomplishment.

Ohio State Pride is evident in many places, as I noted on recent visits with our alumni and friends in California, Georgia, Florida, and South Carolina. While in

PRESIDENT'S REPORT (contd)

President Gee: (contd)

Atlanta, I had the privilege of participating in a roundtable at Morehouse College. The dialogue with very able students regarding the role of higher education in this country was stimulating. And, I hope I persuaded a few of these fine students to consider Ohio State for a graduate program or professional degree!

Jun Zhao, a graduate student in chemistry, has won honorable mention in the sixth annual BF Goodrich Collegiate Inventors Program. He devised a new type of spectrometer to analyze and identify chemicals. The National Inventors Hall of Fame in Akron administers the collegiate program spotlighting the best student inventions in the United States. This is the fourth time in six years that an Ohio State student has won an award in this competition.

In the spirit of the season, university family members came together on Thanksgiving Day to serve a free holiday dinner at the Hale Center. More than 100 students who were unable to go home for the holiday enjoyed fellowship and a great dinner.

Students in a program called "Dare to Care" are packing 300 boxes of non-perishable foods, letters, and Ohio State items for Ohio soldiers stationed in Bosnia during the holidays. The university family responded generously to the United Way campaign. Service to others continues to be a hallmark of this university.

As we close the year, I want to mark the departure of some of Ohio State's great friends and recognize their public service. Three retiring members of the Ohio Board of Regents will receive letters of commendation from this Board: Paul Dutton, Ralph Frasier, and Ray Sawyer. These Regents gave generously of their time and talent to higher education in Ohio, and we publicly acknowledge their commitment to quality education.

I also want to note that the President of the Ohio Senate, the Honorable Stanley Aronoff, has retired after a very distinguished career in public service. I am very proud that the first honorary degree I presented as president of this university was to Stan Aronoff. His commitment to higher education and his continued support for this university are worthy of the commendation he will receive from this Board.

Finally, I want to note that Vice President for Human Resources Linda Tom has announced her retirement -- though Linda is in no way, shape or form old enough to do so! This is the last Board meeting Linda will attend as Vice President. Linda and her husband are moving to the red neck Riviera in Alabama, and she is rethinking that as I speak.

But, nonetheless, I must say that in my six years as university president, I have had great joy in working with Linda, she has done a remarkable job in moving this university forward, and its human caring and human resources programs are among the best in the country. Linda, we are all grateful for your service and for your friendship I cherish. Ladies and gentlemen, let's give her a round of applause.

Mr. Chairman, that concludes my report.

--0--

Mr. Wexner:

Unfortunately, I have a conflict in my schedule and I'll turn into a pumpkin at 11:30 a.m. if the Board meeting isn't over, but I'll quietly pass the gavel to Alex Shumate to finish the meeting. So if I get up and leave, everybody will be advised.

Mr. Wexner: (contd)

Alex and I were talking last night and he said that we enjoy a wonderful relationship - which we do -- and that in our relationship, the transition from my being Chairman of the Board to Alex being Chairman of the Board would be seamless and you'll see a demonstration of that perhaps at 11:30 a.m. But it reminded me that this is -- although it's the end of the quarter -- my midterm, having endured me for six months and with six to go, I want to thank the Trustees and the staff of the University, particularly Gordon.

Since I may leave before the meeting is over, I would like to wish everybody a healthy and happy new year. Thank you.

--0--

HOSPITALS BOARD REPORT

Mr. Skestos:

The Strategic Planning Committee and the Hospitals Board convened as a combined meeting on November 14, 1996 on the Harding Hospital campus. The Hospitals Board received an update on Columbus health consumer preference and the market place which included a number of multi-media video television spots soon to be released by the Hospitals as a part of its marketing initiatives.

The Hospitals Board also reviewed a status report on the OSU Hospitals/Harding Hospital joint venture. The report covered the first eight months of 1996 and included a synopsis of the current financial arrangement between OSU Hospitals and Harding Hospital; the challenges of organizing a single integrated program; and future initiatives.

MedOhio Health, Inc. requested a loan in the amount of \$550,000 to further support the activities under the umbrella of the corporation. A motion was made and seconded to recommend for approval to the University Board of Trustees.

At this time, Mr. Chairman, I would like to move for approval a resolution found in the Trustees' books which deal with the Home Health Care program:

HOME HEALTH CARE PROGRAM (AGREEMENT WITH MEDOHIO HEALTH, INC.)

Resolution No. 97-57

WHEREAS in February 1995, the Board of Trustees authorized The Ohio State University and its Medical Center to enter into an agreement with MedOhio Health, Inc. for the provision of home health care program for patients served by the Medical Center; and

WHEREAS MedOhio Health, Inc., has developed and implemented a home health care program for the patients served by the Medical Center; and

WHEREAS MedOhio Health, Inc., has requested an additional loan of \$550,000 to further assist in the early stages of development of the program; and

WHEREAS the University Hospitals Board approved loaning this additional amount to MedOhio Health, Inc., for use in the home health care program:

NOW THEREFORE

**HOME HEALTH CARE PROGRAM
(AGREEMENT WITH MEDOHIO HEALTH, INC.) (contd)**

BE IT RESOLVED, That the Board of Trustees authorizes the University to loan MedOhio Health, Inc., up to \$550,000 as additional funding for the implementation of the home health care program.

Upon motion of Mr. Skestos, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Skestos, Brennan, and Patterson, and Ms. Longaberger Kaido.

--0--

CANCER HOSPITAL REPORT

Mr. Skestos:

I would like to present for approval a resolution to the Board concerning the amendments to the Bylaws of the Medical Staff of The Arthur G. James Cancer Hospital and Research Institute:

**AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE**

Resolution No. 97-58

Synopsis: The amendments to Bylaws of the Medical Staff of The Arthur G. James Cancer Hospital and Research Institute are recommended for approval.

WHEREAS The Arthur G. James Cancer Hospital and Research Institute Board pursuant to bylaw 3335-109-02 of the James Cancer Hospital Board Bylaws is authorized to recommend to the Board of Trustees the adoption of amendments to the Bylaws of the Medical Staff of The Arthur G. James Cancer Hospital and Research Institute; and

WHEREAS the proposed amendments to the Medical Staff Bylaws 3335-111-02, 3335-111-03, 3335-111-04, 3335-111-07, 3335-111-3335-111-08, 3335-111-09, 3335-111-10, 3335-111-11, and 3335-111-13, were previously endorsed and ratified by The James Cancer Hospital and Research Institute Board on November 19, 1996, as follows:

Amended Bylaws of the Medical Staff

3335-111-02 Purpose.

The purpose of the medical staff of the CHRI shall be:

- (A) To ensure that all patients admitted to the CHRI shall receive the best possible care and treatment in a teaching environment, realizing that the care and treatment of the individual patient is the responsibility of the member of the attending, associate attending, or clinical ~~medical staff~~ ATTENDING OR COMMUNITY ONCOLOGIST ATTENDING STAFF to whose care the patient is admitted or transferred.
- (B) To ~~support cancer research and educational programs;~~ provide research programs to enhance and advance the educational and patient-care programs; and, elevate and advance the educational standards of the medical profession, including, but not limited to, undergraduate and graduate medical students, nursing students, graduate nursing students, undergraduate and graduate pharmacy students, students of the allied medical professions, and students of other health professional colleges; ~~and, provide research programs to enhance and advance the educational and patient care programs.~~

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

- (C) To provide a means whereby medical problems may be reviewed; joint commission on accreditation of hospitals HEALTHCARE ORGANIZATIONS quality assurance standards adhered to; policies and procedures discussed; and to provide a means for establishing and maintaining standards of professional, medical and educational performance, organization, and discipline within the medical staff and harmonious cooperation and understanding among the units comprising the CHRI.

- (D) Unchanged.

3335-111-03 Patients.

- (A) The care and treatment of individual patients is the medical responsibility of the member of the attending, associate attending, COMMUNITY ONCOLOGIST ATTENDING or clinical medical staff to whose care the patient is admitted or transferred within the CHRI.

- (B) and (C) unchanged.

3335-111-04 Membership.

- (A) Qualifications.

- (1) Membership on the medical staff of the CHRI is a privilege extended to allopathic and osteopathic physicians, dentists, oral surgeons, clinical psychologists, and podiatrists who consistently meet the qualifications, standards, and requirements set forth in the bylaws, rules and regulations of the medical staff, and the board of trustees of the Ohio state university WITHOUT REGARD TO RACE, CREED, SEX, NATIONAL ORIGIN, RELIGION, SEXUAL ORIENTATION, AGE, HANDICAP OR VIETNAM ERA VETERAN STATUS.

- (2) All members of the medical staff of the CHRI, EXCEPT COMMUNITY ONCOLOGY ATTENDING STAFF, shall be members of the faculty of the Ohio state university college of medicine, or in the case of dentists, of the Ohio state university college of dentistry, and shall be duly licensed. Only those allopathic and osteopathic physicians, dentists, oral surgeons, clinical psychologists, and podiatrists who can document their education, training, experience, competence, health status adequate to perform the privileges being requested, adherence to the ethics of their profession, dedication to educational and research goals, and ability to work with others with sufficient adequacy to assure the board of trustees of the Ohio state university that any patient treated by them at the CHRI will be given the highest quality of medical care shall be qualified for eligibility for membership on the medical staff of the CHRI. EXCEPT FOR COMMUNITY ONCOLOGIST ATTENDING STAFF, CHRI medical staff members shall also hold appointments to the medical staff of the Ohio state university hospitals for consulting purposes.

- (3) Board certification.

An applicant for membership shall at the time of appointment or reappointment, be and remain board certified in a medical specialty approved by the American medical association and American board of medical specialties, or other applicable certifying boards for doctors of osteopathy, podiatry, psychology, and dentistry. An applicant who is an active candidate for board certification at the time of initial appointment or reappointment shall have three years from the date eligibility was first attained to become board certified. Board certification is a continuing requirement. Whenever recertification is required by a subspecialty board approved herein, applicants for

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

appointment or reappointment shall meet the terms of recertification established by their respective subspecialty board or boards. Failure to meet or maintain board certification will result in immediate termination from the medical staff. This requirement may be waived by action of the medical staff administrative committee, upon the recommendation of the credentials committee or the ~~medical~~ director of ~~the CHRI~~ MEDICAL AFFAIRS.

- (4) All patients admitted for podiatric care shall receive the same medical appraisal as all other hospitalized patients. A member of the medical staff who is a doctor of allopathic or osteopathic medicine shall admit the patient and be responsible for the history and physical and medical care that may be required at the time of admission or that may arise during hospitalization, and shall determine the ~~need~~ EFFECT of any proposed procedure on the total health status of the patient. The podiatrist will be responsible for the podiatric care of the patient including the podiatric history and physical examination and all appropriate elements of the patient's record. Any proposed procedures by the podiatrist must be approved by, and be under the direct supervision of, an active member of the medical staff who is a doctor of allopathic or osteopathic medicine.

- (B) Application for membership.

Initial application for medical staff membership shall be made by the applicant to the director on prescribed forms stating the qualifications and references of the applicant and giving an account of professional training and experience. Applications may be made only if the qualifications are fulfilled as outlined in paragraph (A) of this rule and supported by signatures of the chief of the CHRI section, chief of the clinical division and the appropriate academic department chairperson. SEE PARAGRAPH (E)(1) OF RULE 3335-111-07 OF THE ADMINISTRATIVE CODE FOR EXCEPTIONS TO SIGNATURE REQUIREMENTS. It shall include written statements which commit the applicant to abide by the bylaws, rules and regulations of the medical staff, and the board of trustees of the Ohio state university. The application shall also contain a statement acknowledging that medical staff membership requires participation in and cooperation with the peer review processes of evaluating credentials, medical staff membership and clinical privileges, and that a condition for membership requires mutual covenants between all members of the medical staff to release one another from civil liability in these review processes as long as the peer review is not conducted in bad faith, with malice, or without reasonable effort to ascertain the accuracy of information being disclosed or relied upon.

- (C) and (D) unchanged.

- (E) Procedure for appointment.

- (1) The completed and signed application for membership on the medical staff shall be presented to the director. Signing the application constitutes a consent to be interviewed in regard to the application, authorizes appropriate personnel within the CHRI to consult with members of the medical staffs of other hospitals with which the applicant has been or has attempted to be associated, and with others who may have information bearing on the applicant's competence, health status, character and ethical qualifications. The applicant also consents to inspection by CHRI personnel of all records and documents that may be material to the evaluation of professional qualifications and competence to carry out the clinical, medical, and educational privileges for which the applicant is applying as well as professional ethical qualifications for medical staff membership and further releases from any liability all representatives of the CHRI for acts performed concerning this process.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

The applicant has an affirmative duty to disclose any prior or current challenges to licensure, including voluntary relinquishment of such licensure, or any loss or limitations of membership in any medical, dental, podiatric, or other professional organization, or loss or limitations of medical staff membership or privileges at any other hospital, including voluntary terminations. Upon request of the medical staff administrative committee, the applicant will document physical and mental status with sufficient adequacy to demonstrate that any patient treated by the applicant will receive professional care of a generally recognized level of high quality and efficiency. The conditions of this paragraph shall be deemed continuing and may be applicable to issues of continued good standing as a member of the medical staff. Individuals in administrative positions who request medical staff membership or clinical privileges are subject to the same procedures as all other applicants for membership and privileges.

The application for medical staff membership and/or clinical privileges shall be deemed complete when the following documents and information are received by the director; notice of faculty appointment (EXCEPT FOR COMMUNITY ONCOLOGIST ATTENDING STAFF), completed and signed application, photograph attached, photostat of license, and DEA certificate AND BOARD CERTIFICATION (including verification by a primary source), chief(s) of section's and department chairman's endorsements, letters (3) of recommendation at least one of which references the applicant's current health status, delineation of privileges, malpractice insurance policy face sheet, continuing medical education information, IF APPLICABLE.

- (2) The director will forward the application to the chairperson of the appropriate academic department for review and verification of faculty status. The director will forward the application to the chief of each section to which the applicant is being appointed. The chairperson and the chief of section shall signify their approval by signing their names on page PAGES 7 AND 8.
 - (3) The credentials committee will be responsible for investigating and verifying the character, qualifications, and professional standing of the applicant and shall submit a report of those findings and recommendations to the medical staff administrative committee for action. The chairman of the credentials committee shall be responsible to see that each complete application is reviewed and processed within ~~one hundred eighty~~ NINETY days.
 - (4) The medical staff administrative committee (see paragraph (B) of rule 3335-111-10 of the Administrative Code) shall recommend to the director, the appropriate department chairperson, and the chief of the CHRI section that the application be accepted, further investigated, or rejected. The director will forward the candidates qualifications, with recommendations to the board of trustees of the Ohio state university ~~by communicating through the executive committee of the board of trustees. (Executive committee)~~ AFTER APPROVAL BY THE HOSPITALS BOARD.
 - (5) When the board of trustees of the Ohio state university has acted, the director of medical affairs of the CHRI shall transmit the decision in writing to the applicant. The director of medical affairs shall also notify ~~the dean of the appropriate college and~~ the chairperson of the appropriate academic department.
- (F) Procedure for reappointment.
- (1) At least sixty days prior to the scheduled final medical staff administrative committee meeting of the fiscal year (first of July through thirtieth of June), the chairperson of

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

the appropriate academic department and the chief of each CHRI service of the CHRI shall review medical staff members for the purpose of determining recommendations for reappointment to the medical staff and for granting clinical privileges for the ensuing two years. Those recommendations shall be transmitted in writing to the director at least thirty days prior to the scheduled final medical staff administrative committee meeting of the fiscal year. THE CREDENTIALS COMMITTEE SHALL REVIEW EACH APPLICANT'S QUALITY ASSURANCE RECORD TO SEE THAT THE SAME LEVEL OF QUALITY CARE IS DELIVERED BY ALL MEDICAL STAFF MEMBERS WITH SIMILAR DELINEATED CLINICAL PRIVILEGES ACROSS ALL SECTIONS AND ACROSS ALL CATEGORIES OF MEDICAL STAFF MEMBERSHIP. Where reappointment is recommended the subsequent procedure will be the same as upon appointment, but, in addition, the individual's adherence to quality assurance standards as well as cooperation with and participation in other peer review activities will be taken into account. Where a recommendation to not reappoint or to change clinical privileges is made, the reason for such recommendation shall be stated. The director of medical affairs will forward the appropriate recommendations to the medical staff administrative committee.

- (2) The basis on which the chairperson of the academic department and the chiefs of the sections of the CHRI are to act in regard to the reappointment of a medical staff member and the clinical privileges to be granted upon such reappointment shall be a member's professional competence; clinical judgment; ethical conduct; current licensure and listing of CME units required; health status, including any reasonable evidence and/or health assessment that may be requested by the credentials committee, the medical staff administrative committee or committee on physician health; ANNUAL PPD TEST; participation in clinical research programs; participation in staff affairs; compliance with the bylaws, rules and regulations of the medical staff including quality assurance responsibilities, and the board of trustees of the Ohio state university; cooperation with CHRI personnel; relations with other physicians, other health professionals or other staff; professional attitude toward patients; clinical and technical skills as indicated in part by the results of monitoring and evaluation activities; and, fulfillment of responsibilities to the university and the public. Continued membership on the medical staff requires participation in the patient care activities of the CHRI. A staff member who fails to admit patients or engage in comparable patient care activities in the CHRI (as determined by the director of medical affairs) for the preceding year will not be reappointed to the medical staff. The candidate may reapply for membership on the medical staff by procedures set forth in this rule subject to the same provisions and probation as new applicants for membership.

(3) through (5) unchanged.

3335-111-07 Divisions of the medical staff.

The medical staff of the CHRI shall be divided into honorary, attending, associate attending, clinical, COMMUNITY ONCOLOGIST ATTENDING, and limited designations.

- (A) Unchanged.
- (B) Attending staff.
- (1) Unchanged.
- (2) Prerogatives:

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

Attending staff members may:

(a) Admit patients consistent with the balanced teaching and patient care responsibilities of the institution. When, in the judgment of the director of medical affairs, a balanced teaching program is jeopardized, following consultation with the director and chairperson of the appropriate academic department, and with the concurrence of a majority of the medical staff administrative committee, the director of medical affairs may restrict admissions. Imposition of such restrictions shall not entitle the attending staff member to the procedures of paragraph (F) of rule ~~3335-111-04~~ 3335-111-05 of the Administrative Code and rule ~~3335-111-05~~ 3335-111-06 of the Administrative Code.

(b) through (d) unchanged.

(3) Responsibilities:

An attending staff member shall:

(a) Unchanged.

(b) Retain responsibility within their area of professional competence for the continuous care and supervision of each patient in the CHRl for whom he is providing care, or arrange a suitable alternative for such care and supervision, INCLUDING THE SUPERVISION OF INTERNS, RESIDENTS AND FELLOWS ASSIGNED TO HIS/HER SERVICE.

(c) Unchanged.

(d) Satisfy the requirements set forth in rule ~~3335-111-11~~ 3335-111-13 of the Administrative Code for attendance at staff and departmental meetings and meetings of those committees of which they are a member.

(e) Unchanged.

(C) Associate attending staff.

(1) Unchanged.

(2) Prerogatives:

The associate attending staff may:

(a) Admit patients consistent with the balanced teaching and patient care responsibilities of the institution. When, in the judgment of the director of medical affairs, a balanced teaching program is jeopardized, following consultation with the director and chairperson of the appropriate academic department, and with the concurrence of a majority of the medical staff administrative committee, the director of medical affairs may restrict admissions. Imposition of such restrictions shall not entitle the associate attending staff member to the procedures of paragraph (F) of rule ~~3335-111-~~

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

~~04 3335-111-05~~ of the Administrative Code and rule ~~3335-111-05~~ 3335-111-06 of the Administrative Code.

(b) and (c) Unchanged.

(3) Unchanged.

(D) Clinical staff.

(1) Unchanged.

(2) Prerogatives:

The clinical attending staff may:

(a) Unchanged.

(b) Exercise such clinical privileges as are ~~granted~~ APPROVED by the ~~chief of service~~ CREDENTIALS COMMITTEE.

(c) Unchanged.

(3) Unchanged.

(E) Community oncologist attending staff.

(1) Qualifications.

The community oncologist attending (coa) staff shall consist of medical staff members who do not have faculty appointments in any of the academic units of the Ohio state university, are licensed in the state of ohio with a proven career commitment to oncology as demonstrated by:

Training.

Current American board of medical specialties certification, if applicable.

Practice profile.

Membership - professional oncology societies.

Publications.

Grant funding.

Other funding and experience (as approved by the CHRI director ~~and the chief of the appropriate CHRI section~~);

Individual COA staff utilization expectations shall be determined by the CHRI director with the advice of the CHRI director of medical affairs and shall be intended to provide optimal access for patients to the CHRI that does not interfere with the service, research, or educational activities and priorities of the university faculty who constitute the CHRI attending, associate attending, or clinical attending staff. The CHRI director and the staff member applying for coa privileges will mutually identify the applicant's CHRI clinical and/or non-clinical involvement, including the categories of diagnosis, extent of anticipated patient activity, and the service areas to be utilized each year. A statement of this participation will be made a part of the application for appointment.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

All applications for appointment and reappointment as a member of the COA staff shall be made to the CHRI director for initial evaluation. The CHRI director may, when appropriate, refer each application for completion of the appointment procedure in accordance with paragraph 3335-111-04 (E) or (F). However, the Approval of a chairperson and chief of section shall not be required for the appointment or reappointment relative to any application for coa staff privileges. The staff member's ability to cooperate and support the goals identified by the CHRI director will be considered in the decision for appointment and reappointment. Adequate levels of clinical activity may be required to permit proper evaluation under CHRI quality assurance and utilization guidelines.

(2) Unchanged.

(3) Responsibilities.

A community oncology attending staff member shall:

(a) through (c) Unchanged.

(d) Satisfy the requirements set forth in rule ~~3335-111-14~~ 3335-111-13 of the Administrative Code for attendance at CHRI meetings.

(e) through (h) Unchanged.

(F) Limited medical staff.

(1) Unchanged.

(2) Responsibilities:

The limited staff shall:

(a) Unchanged.

(b) Not admit patients but participate under supervision, in the care of all patients to whom they are assigned. They shall follow all rules and regulations of the service to which they are assigned, as well as the general rules of the CHRI pertaining to limited staff, including, but not limited to this requirement. Consultation shall be obtained with the attending, associate attending, or clinical, ~~or honorary~~ member of the medical staff responsible for the care of that patient before undertaking a procedure or treatment that carries a significant risk to the patient unless this consultation would cause a delay that would jeopardize the life or health of the patient.

Balance unchanged.

3335-111-08 Organization of the CHRI.

(A) through (C) unchanged.

(D) Department chairs.

Departmental chairpersons are appointed by the dean of the college of medicine and participate in the processing of applications for appointment and reappointment to the

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

medical staff pursuant to these bylaws AND MAY ALSO BE APPOINTED TO SERVE AS DELEGATES AT LARGE ON THE MEDICAL STAFF ADMINISTRATIVE COMMITTEE.

Balance unchanged.

3335-111-09 Elected officers of the medical staff of the CHRI.

(A) through (D) unchanged.

(E) Election of officers.

(1) and (2) Unchanged.

(3) The committee's nominees will be submitted in writing to all voting members of the ~~attending~~ MEDICAL staff no later than the fifteenth of June.

(4) Unchanged.

(5) Candidates for the office of chief of staff-elect will be listed and each attending OR ASSOCIATE ATTENDING staff member may vote for one. Candidates for the at-large positions will be voted upon as a group. Each voting member of the ~~attending~~ MEDICAL staff may vote for three at-large candidates. The three candidates with the highest number of votes will be elected. A majority of the votes is not necessary.

(6) An officer may be removed from the elected position by a majority vote upon written ballot of the attending AND ASSOCIATE ATTENDING staff following a regularly scheduled semi-annual meeting. GROUNDS FOR REMOVAL SHALL BE MALFEASANCE, MISFEASANCE, OR NONFEASANCE IN OFFICE, AS DOCUMENTED BY WRITTEN CHARGES SUBMITTED TO THE CHIEF OF STAFF OR TO THE DIRECTOR OF MEDICAL AFFAIRS IF CHANGES ARE FILED AGAINST THE CHIEF OF STAFF.

(F) Unchanged.

(G) Vacancies in office.

(1) Unchanged.

(2) Vacancies in the office of chief of staff-elect will be filled by a special election held within sixty days of establishing the vacancy. The nominating committee will make nominations and a special meeting of the ~~attending~~ VOTING MEMBERS OF THE MEDICAL staff will be called to add nominations and elect the replacement. The new chief of staff-elect will become chief of staff at the end of the term of the incumbent.

(3) Balance unchanged.

3335-111-10 Administration of the medical staff of the CHRI.

Medical staff committees.

(A) Appointments: Appointments to all medical staff committees except the medical staff administrative committee and the nominating committee will be made jointly by the chief of staff, chief of staff-elect, and the director of medical affairs. UNLESS OTHERWISE

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

PROVIDED BY THE BYLAWS, ALL APPOINTMENTS TO MEDICAL STAFF COMMITTEES ARE FOR ONE YEAR AND MAY BE RENEWED. THE CHAIRPERSON SHALL CONTROL THE COMMITTEE AGENDA, ATTENDANCE OF STAFF AND GUESTS AND CONDUCT THE PROCEEDINGS. A SIMPLE MAJORITY OF APPOINTED VOTING MEMBERS SHALL CONSTITUTE A QUORUM.

(B) Medical staff administrative committee:

(1) Composition:

- (a) Chief of staff, chief of staff-elect; section chiefs of medical oncology, radiation oncology, surgical oncology and pathology; chiefs of CHRI services; CHRI director, CHRI director of administration, CHRI director for OF medical affairs, CHRI associate director for professional education; six at-large delegates, CHRI administrator for nursing; CCC director for clinical research, CCC director for cancer control, associate vice president of health sciences of the college of medicine and university hospitals medical director.

(b) and (c) Unchanged.

(2) and (3) Unchanged.

(C) Credentials committee:

(1) Composition:

The committee shall be composed of the chiefs of the ~~disease specific committees~~ FOUR SECTIONS: MEDICAL ONCOLOGY, SURGICAL ONCOLOGY, RADIATION ONCOLOGY AND PATHOLOGY AND TWO ADDITIONAL MEMBERS OF THE MEDICAL STAFF or their designee ~~and other members of the medical staff as appointed~~. Appointments to the committee shall be in accordance with paragraph (A) of this rule. The chairperson of the committee shall be appointed by the director of medical affairs, the chief of staff, and the chief of staff elect.

(2) Unchanged.

(D) through (F) Unchanged.

(G) ETHICS COMMITTEE.

(1) COMPOSITION.

THE COMMITTEE IS A JOINT COMMITTEE AND SHALL CONSIST OF MEMBERS OF THE MEDICAL STAFF, NURSING, HOSPITAL ADMINISTRATION, AND OTHER PERSONS REPRESENTING BOTH THE CHRI AND UH WHO, BY REASON OF TRAINING, VOCATION, OR INTEREST, MAY MAKE A CONTRIBUTION. APPOINTMENTS WILL BE MADE AS PROVIDED BY IN THESE BYLAWS. THE CHAIRPERSON SHALL BE A PHYSICIAN WHO IS A CLINICALLY ACTIVE MEMBER OF THE MEDICAL STAFF OF UH OR THE CHRI.

(2) DUTIES.

(A) TO MAKE RECOMMENDATIONS FOR THE DEVELOPMENT OF GUIDELINES OR POLICIES REGARDING ETHICAL ISSUES.

AMENDMENTS TO THE BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND RESEARCH INSTITUTE (contd)

Amended Bylaws of the Medical Staff (contd)

- (B) TO PROVIDE ETHICAL GUIDELINES AND INFORMATION IN RESPONSE TO REQUESTS FROM MEMBERS OF THE MEDICAL STAFF, PATIENTS, PATIENT'S FAMILY OR OTHER REPRESENTATIVE, AND STAFF MEMBERS OF THE CHRI.
- (C) TO PROVIDE A SUPPORT MECHANISM FOR PRIMARY DECISION MAKERS AT THE CHRI.
- (D) TO PROVIDE EDUCATIONAL RESOURCES ON ETHICS TO ALL HEALTH CARE PROVIDERS AT THE CHRI.
- (E) TO PROVIDE AND ENHANCE INTERACTION BETWEEN CHRI ADMINISTRATION AND STAFF, DEPARTMENTAL ETHICS COMMITTEES, PASTORAL CARE SERVICES, AND MEMBERS OF THE MEDICAL STAFF. (B/T 9/1/93, B/T 3/3/95, B/T 12/6/96)

3335-111-13 Meetings and dues.

(A) Meetings.

The medical staff of the CHRI shall conduct scheduled meetings semi-annually. Notice of the meetings will be sent to all ~~attending staff~~ MEMBERS at least two weeks prior to the meeting. Attendance at least one of the two regularly scheduled meetings shall be a requirement of continuing attending staff privileges. Exceptions requested in writing may be sent to the chief of staff who recommends action to the medical staff administrative committee. A special meeting may be called at the option of the medical staff administrative committee.

(B) Unchanged.

NOW THEREFORE

BE IT RESOLVED, That the foregoing amendments to Bylaws of the Medical Staff of The Arthur G. James Cancer Hospital and Research Institute be adopted as recommended by The Arthur G. James Cancer Hospital and Research Institute Board.

Upon motion of Mr. Celeste, seconded by Mr. Skestos, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

CANCER HOSPITAL REPORT

Mr. Skestos:

Mr. Chairman, I would like to now call upon Dr. David Schuller to present the annual report of the Cancer Hospital.

Dr. David Schuller:

Good morning. The Arthur G. James Cancer Hospital and Research Institute, once again, met or surpassed financial and statistical goals this year. For the fiscal year ending June 30, 1996, the James completed its sixth year of operation with a contribution from operations of \$5.7 million, reflecting a 4.4 percent net margin. Supporting this margin were total admissions of 5,529 -- an increase of 6.4 percent

CANCER HOSPITAL REPORT (contd)

Dr. Schuller: (contd)

over last year. An important feature of this figure is that it represents a 3.4 percent increase in new patients to the Cancer Hospital.

The average length of stay was lower than budget by 10 percent and the average daily inpatient census was 97 supporting an occupancy rate for the year of 83 percent against staff beds. The cost per adjusted stay in the Cancer Hospital was \$12,463 which was lower than last fiscal year, which was \$13,374. It was also lower than the Board approved goal of \$13,054.

Both inpatients and outpatients were questioned about their satisfaction with the medical staff, nursing staff, and overall hospital stay. Throughout the course of the year, the James maintained a satisfaction rate above the 90 percentile threshold.

A number of goals and objectives were established by the James Hospital Board in late 1995, including reorganization of the Hospital's governing board to include additional community and medical staff leadership. Joining the Board in 1996 were Dr. William Farrar, Director of Medical Affairs, and Dr. James Ungerleider, Chief of Staff. New community members to the Board appointed were Curtis J. Moody and Robert B. Smith.

Other objectives set by the Board included: the initiation of a network to allow for the expansion of the James' mission across the State of Ohio; the initiation of a costing model sensitive to the unique population seen at the James; and the initiation of a heightened public awareness campaign and the approval of a three-year capital budget, which includes dollars allocated for information system improvement.

The membership of the James Foundation Board was also expanded and Mr. Jim Pickett was appointed as chair. Mr. Pickett brings considerable business and civic leadership to this board which has set a goal of raising \$50 million as part of the Threshold of Discovery Campaign to fund the Human Cancer Genetics Initiative.

The James had a number of successful fund-raising events in 1996, including the Up On the Roof Gala that raised \$178,000 and the Bloch Memorial Golf Tournament which raised \$110,000. Funds from the tournament support the Herbert J. Bloch Memorial Lectureship at the James, an award which recognizes distinguished achievements in cancer research. Last year's recipient was Dr. Judah Folkman -- the originator of a new field of science termed, "angiogenesis."

The 1996 Marketing Awareness Survey result supports the educational focus that the James has taken during the past year in its marketing initiatives. When asked what institutions specialize in treating cancer, respondents in 39 counties continue to mention the James in increasing numbers resulting in an increase in awareness from 29 percent to 45 percent over the past five years. In Franklin County, awareness is 70 percent. During the last year, specific awareness of the James increased 10 percent in the 39 counties surveyed. When asked which hospital conducts cancer research, 84 percent of the general population mentioned either the James or Ohio State.

In one of its many public awareness efforts, the James entered into a collaborative agreement this year with the Ohio Association of School Nurses creating a program called, School Nurses As Advocates for Cancer Control. This statewide program gives school nurses access to resources and knowledge about cancer detection and control in order to promote healthy behavior in Ohio schools.

To provide other resources to the community, two centers for health information were opened: 1) at Doan Hall; 2) at the Stoneridge Medical Center. These centers

CANCER HOSPITAL REPORT (contd)

Dr. Schuller: (contd)

were made possible by donations from Pharmacy, Upjohn, the Harold Zigg family, and the Medical Center Service Boards.

In partnership with OSU Extension, the James co-produced an interactive television program highlighting family history and cancer, reaching some 1,300 people at 75 sites in 34 states. These two OSU partners also teamed together to produce a cookbook featuring health conscious recipes. I have an example of the cookbook here and have left order forms on the back table for any of you looking for Christmas gifts.

The James initiated its Clinical Cancer Genetics Program with the appointment of Dr. Judy Westman who is a board certified geneticist. This patient care component of the broader human cancer genetics initiative helps patients from families who have a strong cancer history.

The new Palliative Medicine Hospice Program was announced and Dr. Nino Benedetti was appointed as its medical director. This unique program will include educational and research components in Palliative medicine, as well as a new hospice program that will begin operations in the coming months.

As a founding member of the National Comprehensive Cancer Center Network, the James served in a leadership role to develop national treatment guidelines for the most common cancers.

Finally, the Cancer Hospital Board has had a change in its leadership and the Board would like to present and have me read a bit of a resolution to honor Alex Shumate. There are a series of whereases, but if you will:

"WHEREAS Alex Shumate served as Chairman of The Arthur G. James Cancer Hospital and Research Institute Board with exceptional leadership from 1994-1996."

And after several whereases:

"NOW THEREFORE

BE IT RESOLVED, That this Board acknowledges its deep appreciation to Alex for his dedicated service and outstanding leadership to The James Cancer Hospital and Research Institute and extends best wishes for continued success."

I would like to personally extend my appreciation for Alex for his great leadership. Thank you very much. Here ends my report.

Mr. Wexner:

We all join you in congratulating Alex and likewise congratulating you for your leadership and the work of the hospital. I wonder if there are any questions or comments from any of the Trustees about your presentation or work at the hospital? Tami, Jim, David?

Mr. Shumate:

If there was one thing that this Board of Trustees could do to help you achieve even more of your goals, what would that be?

CANCER HOSPITAL REPORT (contd)

Dr. Schuller:

I think that the Board has been extraordinarily supportive, Alex, from day one of my appointment, to help us achieve our goals. We are in a very rapidly changing, if you will, somewhat volatile time in healthcare delivery in this country. It represents challenges, not problems. It also provides opportunities, I think, and we are very excited about some new initiatives that are somewhat nontraditional initiatives to help us achieve our goal.

So we are looking at expanding the concept of the James beyond the four walls of the building, to the James as being a descriptor of the overall cancer program of The Ohio State University that embraces all health professionals and lay people that are interested in helping us deal with this problem. So we appreciate the support of the Board and you can rest assured that we will be coming to the Board with some proposals of new initiatives for your approval in the ensuing months.

Mr. Wexner:

David, I'd be curious -- as the James isn't yet a teenager and it isn't a baby either -- at this point in its life how are you finding the opportunities for recruiting senior staff researchers -- the kinds of people that I would assume you need to build the institution to the next level of performance?

Dr. Schuller:

We think that is critically important, sir. This is now where we feel there is the opportunity to take our cancer program from being a one of a handful within the United States, to one of a handful within the world. We have a spectacular state-of-the-art physical facility, we have a tradition of excellence in cancer research throughout this University, and now we are, indeed, if you will, investing heavily in bringing world class people to this program specifically with the focus of cancer genetics.

We are in active stages of those recruiting activities. And, quite frankly, the initial recruitments represent a major challenge because it takes a certain individual who has that desire to be a part of a building team. We are very excited about the possibilities and we hope to be able to make some announcements in the next few weeks about that. We are in the process of some very exciting recruiting initiatives because that is where the investment needs to be made now -- not in bricks and mortar, not in new gizmo machines, but in world class quality people. That is correct.

Mr. Wexner:

If we can help in any way, through Alex or directly, I'm sure we all will. Thank you very much.

Dr. Schuller:

Thank you.

--0--

STUDENT AFFAIRS COMMITTEE REPORT

Ms. Smith:

This morning the Student Affairs Committee heard a report from Drs. Louise Douse, Pamela Park-Curry, and Christina Rideout regarding career counseling.

Career counseling is a vitally important service that we provide to OSU students. I know that you have all heard me say this before, but I truly believe that the type of support services that we provide our students have a direct impact on the student experience that they have here at Ohio State.

This year the Career Services Office has attempted to improve the collaborative efforts between colleges. They have also implemented a computerized on-line program called Job Track, which lists jobs, co-op programs, and study-abroad programs. They have printed a brochure for potential employees and funds that were made available vis-a-vis the one percent set aside have allowed three new positions to be created: 1) two new career counselors; and 2) one new career technology position. I'm very happy to see what a significant impact the one percent set aside has had on the student services that we provide at Ohio State.

In the future, the Career Services Office plans to categorize their development experiences and programs. They want to continue to expand their technology innovation and enhance the connections with potential employees.

In addition, the Career Services Office will have a new location in Neil Hall which will house a state-of-the-art success center for OSU students and the move-in date is scheduled for November 1998. I think that this is a very exciting thing for Ohio State and everyone is really looking forward to the opening of this office.

The Committee felt that there needed to be some sort of base qualitative or quantitative standard that Career Services must achieve. I think that we are excited about the positive new ideas and strategies that they have and we look forward to working with them during the coming year.

I would now like to introduce Vice President Williams who will share with us some of the successful student-oriented activities that were implemented this fall.

REPORT ON START-UP OF AUTUMN QUARTER

Vice President David Williams:

Bill Hall is going to give the report, but before he gives you the narrative and the visual, I just want to say a few things and then say a few things afterward.

First, what you are going to see is a result from CUE. When the Provost and I put the CUE Committee together, it was a collaboration between Academic Affairs and Student Affairs, but it went much broader than that. It brought in a lot of different people from the University. In fact, one of the great things that we think happened out of it -- it actually ended up being an equal amount of faculty and staff and an equal amount of students. The faculty/staff side was chaired by Eric Busch, from Student Affairs, and Martha Garland, from Academic Affairs.

The real focus of that -- and I'm sure you all have heard a lot about CUE -- is the fact that we recognized that we needed to listen to the students more, and from that, we have moved into different sorts of areas. A recommendation of CUE was to create what was called a Transition-In Committee and we did that. That was chaired by Brian Harris, from Recreational and Intramural, and Jack Cooley, one of our counselors.

REPORT ON START-UP OF AUTUMN QUARTER (contd)

Vice President Williams: (contd)

They came up with a number of recommendations, but one of the basic ones is that we need to be more concerned about the beginning of a student's career.

I think it is important to say a lot of people and a lot of different areas were involved and some special attention should go to some of the departments that helped us: Bill Shkurti and the Office of Finance helped us a lot with flexible financing; Janet Pichette and her people, particularly Traffic and Parking, the Police, and Physical Facilities; and then I would certainly be remiss if I didn't note, once again, all of the help that we have gotten from Academic Affairs and, in particular, from Dick, Ed Ray, Bob Arnold, and Dave Ferguson. One of the real things you are going to see in this is we have taken the position that this is just not Student Affairs. In all of the activities there was a sharing and Academic Affairs played an important part.

Afterwards, I'll introduce some of the people in Student Affairs who were involved in what Bill is now going to explain to you. Bill --

Mr. Bill Hall: [slide presentation]

Thank you, David. I will provide an overview of the start-up of Fall Quarter beginning with Welcome Week through Michigan Week. As David indicated as we initiated our planning going into this year, we focused on the recommendations from the CUE Report and the Transition-in Report, and we looked at the Vice President's and President's vision for change on this campus. That resulted in an evaluation of our Mission Statement and for the Board's review, and I have enclosed a copy of that in your packet.

As I draw your attention to the Mission Statement on the screen here, there is a key principle that stands out and that is: provide for all students. I think unlike an academic college mission, the Mission of Student Affairs is that we have a responsibility -- inherent in our mission is to reach out and touch each and every student on this campus. That became the principle that guided our mission development and our philosophy of serving students first.

Our challenge is: How do we make this a reality? How do we actualize that? How do we put that into actual play and practice? We decided to focus on three major areas. The first was the heritage and traditions, and spirit of this campus. Trying to connect students very early on with the campus community and providing those learning and leadership opportunities that are so critical to our students' academic success.

As we look at the area of community connections, what we wanted to say and demonstrate to our students very early on is that you belong here and there is a place for you at Ohio State University. That begins with our Residence Hall Move-in and that is much more than just opening up the doors to the Halls and saying "come on down folks." It is a major campus activity that is well planned and well executed, and nobody does it better than Ohio State University. When the students and parents arrive on this campus, it suggests to them that we were prepared for them, we welcome them, and there is a place for them at this University.

The reason that works so well is that we have cooks, custodians, maintenance workers, bargaining unit and non-bargaining unit staff, civil service and A&P, the President of the University, vice presidents, deans of the colleges, and the Director of the Athletic Department coming out, working shoulder to shoulder, and focusing on the needs of the students. When our students and parents arrive here, it definitely says, "you belong here at Ohio State University."

REPORT ON START-UP OF AUTUMN QUARTER (contd)

Mr. Hall: (contd)

That is followed by our Community Involvement Fair. What we are trying to get students to do is introduce students very early on to the over 500 student organizations, academic, and social clubs on this campus so that they can get connected and find a place where they belong.

A new initiative this year was our Job Fair under the leadership of Becky Parker and her staff. Each year we have hundreds of students coming to this campus looking for employment and we have numerous offices on this campus trying to employ students. A lot of energy and attention was placed on bringing those two groups together in the ballroom. Not only do we assist students financially -- if they need that financial assistance -- but more importantly, we know from the research that we have done, that those students that work on campus do better academically and have a higher retention rate at this institution.

Parents' Weekend -- we moved that activity from the Spring to the Autumn Quarter. It is not only about connecting parents and students, but it is about connecting parents and students to the activities and to the heart of this campus.

As we look at the second major area -- transitions and the spirit of a campus community -- I would ask Board members to reflect on their college memories and experiences. What comes to your minds? I would suggest to you, that it is not the lecture in biology, but it is those programs and events that built those life-long memories, friendships, and relationships that are so critical to a college experience.

I'll highlight a few of those on our campus: the President's Picnic or Buckeye Bash as we call it. This is an event that we used to hold outside of St. John Arena in the parking lot, which was not well attended. This year our focus was to involve the total campus community in that experience. We were prepared to serve over 12,000 students -- I think you can see from the two students that are devouring that sub -- I'm not sure how many students attended, but they devoured every bit of food that we had. It was just a great social experience right in the heart of the campus -- the Oval.

Scarlet Fever is in its second year. It is a large scale program, but it is designed to introduce our freshmen students to the great traditions of this institution. We brought in a number of our athletic coaches and some of the team captains, the cheerleaders, and Brutus Buckeye and introduced them to the students. We taught the students some of the cheers and what Carmen Ohio is all about. It is just a great, fun-filled event and it's a great alternative to the typical Thursday night bar scene.

Homecoming Week -- as we bring our alumni back to campus and the great traditions that we have there with the pep rally and parade. We worked very hard to involve some of the campus businesses east of High in forming corporate sponsorships to enhance those activities as we connect our students and alumni to Homecoming Week.

As we look to Michigan Week there was a whole host of activities that I could highlight, but I'll highlight just a few. Operation Fill-Up being one activity where our Student Organizations Office canvassed the residents living east of High and the Greek community in collecting over 3,500 items to contribute back to the local food pantries in the community. Those kinds of things that our students do quite often that go unnoticed and unappreciated.

REPORT ON START-UP OF AUTUMN QUARTER (contd)

Mr. Hall: (contd)

Or our 12th Avenue Walk where we had teams of faculty, staff, administrators, students, OSU Police, and Columbus Police going from 10th Avenue all the way up to Lane Avenue. They went door to door, talking with students about their responsibility to be good citizens of the community in which they live and as they celebrated, to make sure that they did so safely and responsibly.

While we were out there, we invited them over to the pancake breakfast the day of the game and we opened up all the doors to the Dining Commons. We teamed up with Bob Evans and served over 4,000 students a free pancake and sausage breakfast.

Perhaps that is a good place to stop with respect to Michigan Week. But as Dr. Gee said, "we are on our way to the Rose Bowl."

I would call your attention to the slide in the lower left-hand corner. I don't know if you recognize those two individuals trying to do the Macarena, but I can assure you, Vice President Williams is an extremely good dancer. I am not so inclined. I certainly created some memories for our students and it is one of a bull in a China closet that I'm sure that they'll recall from that evening.

As I look at the last area in terms of academic success and retention, what we are trying to focus on is providing learning and leadership opportunities for our students to contribute to their academic success. Convocation is certainly one of the starting points in that. We got students much more involved in planning that process, we shortened the length and we gave it much more of an academic focus. As you can see on the screen, that great processional coming across campus from St. John Arena to the academic heart of the campus -- the Oval -- tended to draw faculty, staff, and students out of their offices and join in that great social experience right in the heart of the academic core of this campus.

First-year Experience Program targets freshmen and we have expanded that. We have gone from one building to four buildings in the Residence Halls, and we have teamed up and formed a collaborative partnership with University College. We have UVC advisers coming back and tutoring, mentoring, and guiding our freshmen students. Our Upperclass Peer Mentoring Program, where we bring upper class students back into the halls that have learned how to negotiate the academic ladders of this institution, and passing that knowledge along to our freshmen students.

Our Gore and Clinton rallies on this campus were much more than political rallies. They were absolutely great opportunities for our student leaders to get involved working with the White House staff and Commerce staff in planning those activities as they brought those activities to this campus. The students just did a magnificent job of holding those events on this campus.

The lecture series sponsored by our Student Events Committee -- again, students much more involved in deciding the lectures that they would bring to this institution. They focused on bringing in lectures that have a direct tie to the academic process.

Let me highlight just a few things in the area of academic success programs. In the Residence Halls, under the leadership of Steve Kramer and his staff, a couple of initiatives need to be mentioned. The first is focusing on training the residence adviser staff to be alert to the warning signs that students may have as they get into academic trouble. So the staff can refer those students to get them the resources and help that they need before it is too late.

REPORT ON START-UP OF AUTUMN QUARTER (contd)

Mr. Hall: (contd)

The second is the academic grants program, whereby we cut back on some administrative staff to create a pool of approximately \$45,000: \$30,000 is made available for students that submit grants that enhance the academic life of this campus; and \$15,000 is made available to students that come up with initiative programs for drug and alcohol awareness issues or extended instruction programs, where we have faculty and T.A.'s from a number of disciplines around campus coming back into the Halls, and mentoring and guiding our students.

As we look to the future, there are two initiatives that I want to mention: 1) the Student Affairs leadership team that has been initiated by Vice President Williams. This is a collaborative and strategic planning process, and we have students involved at all levels of that process; and 2) the Vice President and the Provost are teaming up to appoint a Campus Activities and Events Coordinating Board. Its purpose is to ensure more effective communication and collaboration regarding the program experiences that we offer on this campus.

I have only touched on a few of the activities, but there is a whole host of staff and offices that are working very hard to serve students. I hope I have communicated to you that Student Affairs is much more than just a series of disjointed events and programs on this campus. We have a strategic focus and a plan that is designed to enhance the social and academic experience of our students as they go through this institution. The students that are represented on these slides are certainly the future and the essence of this institution.

Holly, we appreciate the time that we have had to make this presentation. Thank you very much.

Ms. Smith:

Thank you. I would just like to commend the Office of Student Affairs for their outstanding efforts and I would like you to know that Ohio State students truly do appreciate all of your efforts.

Mr. Hall:

Thank you.

Mr. Williams:

You saw what we did for Autumn Quarter and we hope next year -- and I've already started talking to the Provost -- to expand that from one quarter to a whole year, to go beyond the quarter. We just started integrating to the point where we have for all four years or whatever the time the student is here, the same sort of input we've put in that sort of quarter. But we find this to be successful and we think we can build on that.

As we leave I would just like to have those people stand and be recognized: Tina, Mary, Eric, John, Ann, Angie, and Becki. These are the people from Student Affairs that had so much to do with this. All of them had different parts in it. They worked real hard and continue to work hard.

President Gee:

David, let me just comment from my particular perch and I want everyone in Student Affairs to hear this. I think that the energy and commitment is evident, the quality of

REPORT ON START-UP OF AUTUMN QUARTER (contd)

President Gee: (contd)

our product is very high, and the satisfaction of our students has never been better. I think that we are making enormous progress. I want everyone to know how deeply I personally appreciate what they are doing. It is very evident to me the progress and energy we're making and obviously your leadership is central to that and that goes without saying how much we appreciate what you are doing.

Mr. Wexner:

Are there any questions or comments to Bill or David? This is obviously a major area of Board concern and interest. Before we close this, if there is any discussion or questions anyone has --

Provost Sisson:

Let me just extend a comment, Mr. Chairman, that David made. The first year experience is critical for our students. It is critical with respect to retention into the second year, it is critical with respect to graduation rates, ultimately. That is why our next priority is to extend the transition into the University -- that is from admission to orientation, to Welcome Week, to the first quarter. To make this a seamless experience and commitment that goes through the first year into the second year, and ultimately into a career. So it is the relationship and the collaborative ventures that we have been involved in thus far that have been, I think, very productive.

STUDENT RECOGNITION AWARD

Ms. Smith:

Mr. Chairman, I would like to call on Mark for the Student Recognition Award.

Mr. Berkman:

Thank you, Holly. Tonette Rocco, a native of North Royalton, Ohio, and now a resident of Columbus, is finishing her doctoral degree in adult education, which is part of the Wellness Education and Lifelong Learning section in the College of Education. She is expected to complete her dissertation in Workforce Education this quarter and graduate Winter Quarter.

Tonette is very diligent in her work with the Dean's Leadership Council, a group of student leaders working to improve the atmosphere at the College of Education for themselves and their fellow classmates. She has been instrumental in making the Council a success, co-chairing the Governance Committee, and sitting on the Special Events Committee. Where she has put forth incredible amounts of time and energy is in establishing a student-run journal at the College.

Other activities include: serving on the Adult Education Colloquium and Community of Scholars. She was a founding member of the Students for Disability Awareness. Not only has Tonette been active as a leader among her peers, she excels in the classroom as well. She has been a part of collaborative writing projects with four professors and several students. One of these manuscripts is published, while two are currently in review.

STUDENT RECOGNITION AWARD (contd)

Mr. Berkman: (contd)

The Board of Trustees finds it especially admirable that in the near future, Tonette will be taking a homeless man into her home, helping him to finish high school, and to find a job. Tonette is here today with her adviser, Dr. Kevin Freer, assistant professor in the College of Education. If both Tonette and Dr. Freer will come forward, the Board of Trustees of The Ohio State University would like to present Tonette Rocco with the Student Recognition Award.

Mr. Wexner:

Congratulations. Thank you, Mark.

STUDENT GOVERNMENT REPORT

Ms. Smith:

Mr. Chairman, I apologize for the longevity of my report, but I would like to introduce Eric Reeves, a second-year law student and President of the Interprofessional Council, to give the student government report.

Mr. Eric Reeves:

Good morning, Chairman Wexner, President Gee, Trustees, distinguished guests, and visitors. Again, allow me to introduce myself, my name is Eric Reeves. I am a second-year law student and President of the Interprofessional Council.

I will begin with the Undergraduate Student Government Report. First the undergraduate student Board of Trustee applications are available in all of the student government offices. Jenny Nelson, of USG, is heading the committee that will determine who will replace Trustee Holly Smith. USG would like to thank Holly Smith, Mark Berkman, Kellie Hay, and Eric Reeves for all of their help with this process.

Secondly, USG will be expending an incredible amount of effort to determine how to make the general education curriculum more flexible for all students. It is the hope that by the end of the Winter Quarter, there will be 45 credit hours that any freshman can take that will apply towards graduation.

Finally, I passed out a manilla envelope which is the response to many of the questions and concerns that Dr. Napier raised with respect to the COTA Referendum. If all goes as planned, this plan will come to the Board for approval in February.

Thanks, happy holidays, and Go Bucks -- beat ASU!!

Next, the Council of Graduate Students Report. The Council of Graduate Students is now in the process of finalizing the committee structure of faculty and student representation for our quality of Graduate Experience Report. Dean Huntington has approved our charge to produce an exhaustive needs assessment with respect to employment, policy and curriculum, and student services. We will have the survey instrument prepared this month and will be surveying in late January.

Next, the annual Graduate Research Forum is coming up on April 22, 1997. We are now searching for abstract judges and getting the word out so as to encourage

STUDENT GOVERNMENT REPORT (contd)

Mr. Reeves: (contd)

graduate students to submit their current research. Cash awards are available for the top three winners in each division. This year, thanks to the help of the Graduate School, our top division winners will also receive a \$500 travel award. We look forward to as much faculty and administrative support as possible to carry out this event.

And, finally, the Interprofessional Council Report. First, I would like to comment that IPC has decided to participate in the COTA Referendum and we are very excited about that. We believe that it will be very beneficial to professional students who tend to live further outside the campus community.

Second, we will be convening with the presidents of the individual professional schools to collaborate on a project to provide a professional services day to undergraduate students. Finally, IPC will be voting on a new constitution and voting procedures in January. We will report the outcome of this at the next Board of Trustees meeting.

Thank you, and, again, go OSU. Let's beat ASU in the Rose Bowl!

Mr. Wexner:

Any questions for Eric before he leaves? Thank you very much. Holly, do you have anything else?

Ms. Smith:

That concludes my report.

Mr. Wexner:

Very good report, likewise from your colleagues.

--0--

EDUCATIONAL AFFAIRS COMMITTEE REPORT

Mr. Shumate:

During our Committee meeting this morning, Provost Sisson presented a detailed report on a diversity project that is focused on faculty and student retention, as well as recruitment. As well, we heard a report about the CUE Committee and I have asked the Provost to circulate both of those reports to all of the members of the Board.

At this time, I would like to call on Ed Ray to give us an update on the Early Retirement Incentive Program.

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM

Dr. Ed Ray:

Thank you, Mr. Shumate. This represents the second annual report on the progress that we are having with respect to the Early Retirement Incentive Program. It represents the first report covering the year after all of the retirements have, in fact, taken place. Part of what I want to do is to give you a sense of how the numbers --

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM (contd)

Dr. Ray: (contd)

in terms of retirements and the finances and the replacement efforts -- are going, relative to the projections that we made at the outset of putting this program together, which dates back as early as December 1993.

I think before we get into the numbers -- and there is sometimes a tendency to get caught up in the numbers -- it is important to remind ourselves why we ever got involved in the Early Retirement Incentive Program. We did so as a part of an outgrowth of discussions with the academic leaders of the University, the deans and the chairs, about the needs that they had to in effect be able to redirect resources to more effectively meet students' demands for different areas of instruction; the flexibility that they needed to target staffing in areas in which they felt academic programs needed to grow in the future; and the more immediate needs that they had to deal with budget reductions, which were a part of that period of Fiscal '93 through '95 that we are all quite familiar with.

Obviously, one of the concerns that the Board expressed to me and to others was that to the extent that we implemented a program of this sort, we had to be absolutely clear up-front of the kinds of financial obligations that we were taking on. Also, to be as prudent as possible to manage this program to the extent that if it had any predominant effect, that effect would be to free up annual rates that programs could redirect to new uses and that on a cash flow basis, it ought to look as positive as possible.

I gave you a number of tables and documents in the report that you have received and what I would like to do is -- for the sake of brevity -- just hit on some of the highlights of the second page of that report that you have in front of you. First let me remind you that as a result of the program: 335 retirements occurred under the STRS program; 318 of those retirements involved faculty; and 267 of those positions will, in fact, be filled over the course of the next several years. In fact, we are talking about an actual downsizing of regular faculty staffing of 1.8 percent.

I have seen some media reports that talk about replacing 75 percent of our faculty at the entry level. I think to set the record straight, we want to be clear that first of all we are talking about slightly less than 10 percent of our faculty positions being involved in this program at all. And that something on the order of 75 percent of those 267 replacement hires will, in fact, occur at the assistant professor level.

We expect -- and we indicated this last year -- that when all is said and done, the annual rate savings available to academic units to redirect to other purposes will be on the order of \$7.7 million. We expect that over the five-year life of this project to see a net cash flow to the academic units for their own programmatic uses to total something on the order of \$18 million.

For the first full year of this replacement process out of 48 positions that were available for rehire, 24 new faculty were brought to the campus. As you would expect, the replacement is less than anticipated and the net cash flow ought to also be more positive. So we find at the end of Fiscal '96 -- as indicated in the information that I have provided to you -- that as a result of those delayed hires, the cash flow has increased to \$15.4 million compared to the earlier estimate of \$13.3 million through June 1996.

One of the concerns that the Board also expressed at the very outset was that we had to do everything we could to protect the integrity, variety, and quality of our academic offerings. One of the things that the academic programs have been very careful about is designing ways to deal effectively with this transition period. That included systematically hiring back retirees on a case-by-case, part-time basis to

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM (contd)

Dr. Ray: (contd)

teach critical courses until the appropriate staffing could be accomplished and to make sure that we weren't giving up quality in key areas.

I can tell you that of the 258 faculty who retired from the Columbus campus, 113 were hired back during the course of that first year to teach primarily individual courses at a rate of about \$5,300 per course. This is compared to a preretirement compensation rate in excess of \$14.4 thousand per course taught. So another way of saying all of this is a little bit less than half of the retirees were hired back during the first year at a rate of something less than 40 percent of their previous compensation rate to help in a strategic targeted way to help the academic units maintain the quality, integrity, and variety of their academic offerings.

Our experience to date -- if I had to characterize some of the things that we have learned from this program -- is that there is an awful lot to be said to listening to your people in the field who know the courses, the programs, their needs, and know the people that they are dealing with. I indicated here that we had an outside consultant come in at first and advice us about the potential value of such a buyout program. The figures didn't look very promising at all and we were quite unenthusiastic about going forward.

Our academic leaders, basically the deans and chairs, told us the numbers are wrong. If you follow this program, we expect something on the order of 300 to 325 retirements. We got 318 from among the faculty. They told us when we first started to implement this program that we were doing two things wrong: 1) that we had set the end time to the retirement date at April 30, 1995. They said extend that to June 30, it will make the whole turnover process much more effective; and 2) they told us "don't worry about setting a cap -- we set a cap, as you will remember, of about 300 - - we are confident about our numbers, we are looking at something on the order of 320-325 faculty to retire.

We were smart enough -- if not to figure it out at first -- to at least take good advice when we heard it. I think the evidence that we are looking at so far suggest that the program is working out much as we expected.

That concludes my remarks and I would be happy to respond to comments or questions.

Mr. Wexner:

In being a part of that and remembering the discussion about the risks involved, I guess a couple of things come to my mind. One is that using an outside resource is good and it pays to know the territory. Obviously, you know the territory so you could merge that and craft something that was important.

A thought that just occurred to me after listening to the Student Affairs report is that the retention of faculty when retired to the University might be kind of a dirt measurement of the relationship that the University has with its faculty. Much as students transiting from first quarter to first year to ultimately graduation, and the fact that it was a third or a half of the faculty that retired continue their relationship with the University, keeping that intellectual horse power on the campus and the community is kind of a unintended big bonus. I wouldn't have seen that.

UPDATE ON THE EARLY RETIREMENT INCENTIVE PROGRAM (contd)

Dr. Ray:

If I could just add to that sentiment, Mr. Chairman, a third of the faculty who could have taken five-year buyouts, chose to stay at this University because they are very activity engaged and even with that kind of an inducement, found that their most attractive alternative was to stay an active part of Ohio State University.

Mr. Wexner:

That would be an interesting statistic to follow probably every five-years or every ten-years, just to make sure that we are doing as well or better. Very good. Thank you. Any other questions or comments? Thank you very much.

(See Appendix XXIII for background information on the 1994-95 ERI Program, page .)

Mr. Shumate:

Mr. Chairman, at this time on behalf of the Committee we would like to recommend the following resolutions to the full Board for approval:

MERGED DEGREE PROGRAM

Resolution No. 97-59

Synopsis: Establishment of a Ph.D. program in Veterinary Biosciences is proposed.

WHEREAS the Department of Veterinary Biosciences was formed during restructuring by combining the former departments of Veterinary Anatomy and Cellular Biology, Veterinary Pathobiology, and Veterinary Physiology and Pharmacology; and

WHEREAS three Ph.D. programs, each named for one of the former departments now combined, currently exist in the Department of Veterinary Biosciences; and

WHEREAS the academic programs and research foci of the three existing Ph.D. programs are grounded in a common core area, cellular and molecular biology; and

WHEREAS it therefore serves the causes both of academic enhancement and administrative efficiency to consolidate these three existing Ph.D. programs; and

WHEREAS this proposal was adopted by the Department in a properly deliberative and consultative process, and those faculty casting votes were unanimously in favor of the proposal; and

WHEREAS the Ph.D. in Veterinary Biosciences program has the approval of the Council on Research and Graduate Studies, the Council on Academic Affairs, and was approved by the University Senate at its October 26, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the University Senate approve the establishment of a Ph.D. Program in Veterinary Biosciences by consolidating existing programs.

NAMING OF LAND

Resolution No. 97-60

Synopsis: Naming the quadrant of land known as the Waterman Farm, located north of Lane Avenue between Kenny Road and North Star Road on the campus of The Ohio State University, is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee it has been proposed that the quadrant of land known as the Waterman Farm located north of Lane Avenue between Kenny Road and North Star Road be named the "Waterman Agricultural and Natural Resources Laboratory" in reference to the activity conducted at the facility; and

WHEREAS a committee representing all of the academic units using the Waterman Farm facility have developed the proposed name; and

WHEREAS the proposed name better reflects the student-faculty teaching and research focus of the facility:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the aforementioned quadrant of land known as the Waterman Farm shall be named the "Waterman Agricultural and Natural Resources Laboratory."

NAMING OF BUILDING

Resolution No. 97-61

Synopsis: Naming of new turfgrass building, 2710 North Star Road, on the campus of The Ohio State University is proposed.

WHEREAS upon the recommendation of the President and the President's Executive Committee it has been proposed that the new turfgrass building at 2710 North Star Road in the Waterman Farm complex be named the "Ohio Turfgrass Foundation Research and Education Facility" in honor of the Foundation's generous support of research and educational efforts at The Ohio State University; and
