July 14, 1961 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Articles of Incorporation and the Code of Corporate Regulations for The Ohio Legal Center

The Board of Trustees on September 9, 1960, designated the following named persons--Messrs. Frank R. Strong, Robert J. Nordstrom and Ervin H. Pollack--to act on behalf of The Ohio State University as incorporators of a corporation, not for profit, having as its primary purposes the formation and administration of programs of legal research and continuing legal education. This corporation was to have equal representation from The Ohio State University, The Ohio State Bar Association, and The Ohio State Bar Association Foundation. The Board of Trustees, at that time, further stipulated that "when completed, the provisions of the general organization and operation of the new corporation shall be subject to the approval of the Board of Trustees of The Ohio State University."

The Articles of Incorporation of this corporation, named The Ohio Legal Center, and the Code of Corporate Regulations of this corporation have now been drafted by the designated incorporators and are hereby submitted to the Board of Trustees for consideration. A copy of the Articles is attached to these minutes as Exhibit "A" (see Appendix I, page 51) and a copy of the Code is attached to these minutes as Exhibit "B" (see Appendix II, page 55). It is my recommendation that these drafts be approved. It is further recommended that Dean Frank R. Strong, Associate Dean Robert J. Nordstrom and Professor Ervin H. Pollack be designated trustees of The Ohio Legal Center representing The Ohio State University and that they shall serve until they resign or their successors are designated by this Board.

Mr. Loop moved that the Articles of Incorporation and the Code of Corporate Regulations of The Ohio Legal Center as submitted by the President of The Ohio State University be and they hereby are approved and that Dean Frank R. Strong is hereby authorized, in conjunction with The Ohio State Bar Association and The Ohio State Bar Association Foundation, to proceed with the filing of these Articles and the formation of the non-profit corporation, The Ohio Legal Center; and further that Messrs. Strong, Nordstrom and Pollack be designated as trustees to represent The Ohio State University until they resign or their successors are designated by this Board. The motion was seconded by Mr. Davis and unanimously approved by roll call vote.

B. Inter-University Council of Ohio - Establishment of the Office of Executive Secretary

Pursuant to the action taken by the Board of Trustees on April 14, 1961, the Inter-University Council of Ohio has established a permanent central office in the Ohio State Museum and engaged an Executive Secretary whose services began on July 1, 1961. It is therefore recommended that the University shall pay from state-appropriated funds its pro rata share for the 1961-62 operation of the Office of the Executive Secretary of the Inter-University Council based upon the distribution of funds to the State Universities in Am. Sub. H. B. 390.

Upon motion of Mr. Patton, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

July 14, 1961 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. The Ohio State University Development Fund - Change in Constitution

The Board of Directors of The Ohio State University Development Fund at a special meeting on June 10, 1961, approved the resolution set forth below authorizing an addition to Article IV, Section 4, of the Development Fund Constitution. In accordance with the requirements of the Constitution of the Development Fund it is recommended that the following addition to Article IV, Section 4, of the Constitution of The Ohio State University Development Fund be approved.

In all solicitations by separate colleges, 17% of the total funds designated for such college in any calendar year shall be retained by the Development Fund. The balance shall be allocated to that college; provided, however, that the amount to be retained by the Development Fund for general University purposes shall in any calendar year be no less than 75% of the average of undesignated funds received from donors during the five years preceding the date of the request for such solicitation, plus 5% of all funds contributed. Irrespective of the foregoing, single contributions in the amount of \$1,000.00 or more in any calendar year designated for the college shall be allocated to such college without deduction in any amount by the Development Fund.

Upon motion of Mr. Davis, seconded by Mr. Patton, the above change in the Constitution of The Ohio State University Development Fund was unanimously approved by roll call vote.

D. Degrees Conferred - August 1961 Commencement

It is recommended that degrees be conferred at the August 25, 1961 Commencement to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix III, page 61.)

Upon motion of Mr. Allyn, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

XI. RESOLUTIONS IN MEMORIAM

A. Clarence Merton Brown

The Board of Trustees expresses its sorrow at the death on June 24, 1961, of Clarence Merton Brown, Associate Professor Emeritus of Pharmacy and Secretary of the College of Pharmacy from 1920 to 1952.

Professor Brown was born in Galion, Ohio, on February 6, 1887. He attended Galion High School and The Ohio State University, receiving the degree B.Sc. in Pharmacy in 1911. He continued his education later while serving on the faculty of the College of Pharmacy and received the M.A. degree in 1935.

July 14, 1961 meeting, Board of Trustees

XI. RESOLUTIONS IN MEMORIAM (continued)

A. Clarence Merton Brown (continued)

Professor Brown began a long and successful teaching career in 1912 when he accepted a position as instructor in the high school at Logan, Ohio. New teaching opportunities took him to Zanesville High School in 1913 and to Springfield High School in 1920. When teaching duties did not demand all of his time, especially during the summer vacations, he contributed his services and professional knowledge to the public as a registered pharmacist in numerous neighborhood pharmacies.

In 1920 he was appointed Assistant Professor of Pharmacy and Secretary of the College of Pharmacy at The Ohio State University. He served as Secretary of the College during all of his thirty-two years at the University and held the position of Associate Professor of Pharmacy from 1938 until his retirement June 30, 1952.

Numerous publications in pharmaceutical journals attest to Professor Brown's interest in advancing pharmaceutical education. He was also the author of several laboratory manuals for first-year students in pharmacy.

Professor Brown was always a loyal and enthusiastic supporter of the professional fraternities and student organizations. He was a member of Rho Chi, the national honor society in Pharmacy; an honorary member of Phi Delta Chi, national professional pharmaceutical fraternity; faculty advisor to Phi Rho Alpha; and co-advisor to The Ohio State University Student Branch of the American Pharmaceutical Association for several years. He was a member of the American Pharmaceutical Association, First Congregational Church, and University Lodge F and AM 631.

Sincerity, fairness, enthusiasm, insistence upon perfection, and devotion to his job and to his profession were qualities attributed to Professor Brown by the hundreds of students who were privileged to attend his classes in Pharmacy. His contributions to the College of Pharmacy and to The Ohio State University through trying times of a major depression and world conflict can never be recognized adequately by words.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Carl Warren Gay

The Board of Trustees expresses its sorrow at the death on July 3, 1961, of Carl Warren Gay, Professor Emeritus of Animal Science.

Dr. Gay was born in Waverly, New York, on March 14, 1877. Following his graduation from Ithaca High School he enrolled at Cornell University. He graduated from the College of Veterinary Medicine at Cornell in 1899 and remained to accept a graduate fellowship in bacteriology. After completing this graduate experience, Dr. Gay was employed by the New York State Board of Health.

XI. RESOLUTIONS IN MEMORIAM (continued)

B. Carl Warren Gay (continued)

In September, 1901, Dr. Gay was appointed Assistant Professor of Veterinary Medicine at Iowa State College. While at Ames, Dr. Gay, in quest of additional training and experience in the livestock field, arranged to be a part-time student in animal husbandry. In 1903 he joined the Animal Husbandry Department at Iowa State College with the rank of Assistant Professor and with permission to continue his studies.

Dr. Gay's first service to The Ohio State University was as Assistant Professor in Animal Husbandry in the spring term of 1905, after which he returned to Iowa State College in June to graduate and receive his B. S. A. degree. He returned to The Ohio State University as Associate Professor in Animal Husbandry.

Dr. Gay remained on the staff at The Ohio State University until July, 1907, at which time he transferred to The University of Pennsylvania as Professor of Animal Husbandry in the College of Veterinary Medicine. He moved back to the Midwest in 1916 to accept appointment as Chairman of the Department of Animal Husbandry at the University of Minnesota. He served the livestock interests in the Gopher State until August, 1920, when he returned to The Ohio State University as Chairman of the Animal Husbandry Department.

Dr. Gay held the Chairmanship of Animal Husbandry at The Ohio State University until he asked to be relieved of this responsibility in 1940. He continued to be an active staff member and teacher until he retired in 1947. Dr. Gay maintained his keen interest in the livestock industry and the Department during his years as Professor Emeritus.

Upon the receptive minds of his students lasting impressions have been made--impressions of a friendly man with a quizzical smile--a kindly man most often described as "truly a gentleman and a scholar."

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

C. Harry Everett LeFever

The Board of Trustees expresses its sorrow at the death on June 18, 1961, of Harry Everett LeFever, Professor and Director of the Division of Neurological Surgery.

Dr. LeFever was born in Mountville, Ohio, on April 2, 1900, and was reared in Glouster, Ohio. From his earliest days the practice of medicine held great interest for him. He frequently accompanied his physician father on rounds in the community, slowly nurturing his career in medicine. He was graduated from Glouster High School with honors. In 1922 Dr. LeFever was graduated Phi Beta Kappa from Ohio University, Athens, Ohio, with the A. B. degree and in 1925 received his M. D. degree from Jefferson Medical College, Philadelphia, Pennsylvania. He was a member of Sigma Xi and Alpha Omega Alpha.

July 14, 1961 meeting, Board of Trustees

XI. RESOLUTIONS IN MEMORIAM (continued)

C. Harry Everett LeFever (continued)

Dr. LeFever spent his postgraduate years as an intern and a resident in surgery at Philadelphia General Hospital from 1925 through 1927. There he met and married Grace E. Riggs in 1928. He came to Columbus, Ohio, in 1928, where he opened his office in general practice. During this period he exhibited a profound interest in the nervous system and gradually expanded his practice in this field. In the early 1930's he visited and audited the Neurosurgical Clinics at Rochester, Minnesota; at Peter Bent Brigham Hospital at Harvard; and in Philadelphia, Pennsylvania; Paris, France; and London, England. In 1930 he was appointed Instructor in Surgery at The Ohio State University College of Medicine, Columbus, Ohio, under Dr. Verne Dodd and served in this capacity until 1937. He was then appointed Assistant Professor of Surgery and in 1944 was named Professor and Director of the Division of Neurological Surgery. He held this Chair until his death. He also served as Chief of the Section of Neurological Surgery at White Cross Hospital and Children's Hospital, Columbus, Ohio.

Honors befell Dr. LeFever successively for outstanding community service and professional excellence. He was a Diplomate of the American Board of Neurology and the American Board of Neurological Surgery, a Fellow of the American College of Surgeons, and a member of the Central Surgical Association. He served as President of the Columbus Academy of Medicine in 1942; Treasurer of the Ohio State Medical Association 1943-1946; President of the Ohio Society of Neurosurgeons 1948-1950; and President of the Columbus Surgical Society in 1960. He was a member of the Ohio State Medical Association, American Medical Association, Columbus Academy of Medicine, Columbus Surgical Society, Harvey Cushing Society, Interurban Neurosurgical Society, Central Neuropsychiatric Association, and the Central Ohio Neuropsychiatric Association. During World War I he served as an Apprentice Seaman and in World War II as a Lieutenant Commander.

Dr. LeFever always stood in silent awe in the presence of greatness, and yet within himself greatness found a humble home. He was, above all, a gentleman in the truest sense. He lived to excel and was a devoted scholar, an untiring and inspiring teacher, and a skillful surgeon. In his lifetime he exerted a profound influence on those about him. This was especially true of the many medical students whose careers were strongly influenced by his touch.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

D. Erwin Eugene Lewis

The Board of Trustees expresses its sorrow at the death on June 11, 1961, of Erwin Eugene Lewis, Professor Emeritus of Education.

Dr. Lewis was born in Orwell, New York, on July 20, 1882. He obtained an A.B. and M.A. degree from Stanford University and the Ph.D. degree from Columbia University. Dr. Lewis joined the University staff in 1926 as

D. Erwin Eugene Lewis (continued)

Chairman of the Department of School Administration and Professor of Education, following teaching assignments at California State Normal School, Eastern Illinois State Normal School, the University of Iowa, and positions as Superintendent of Schools at Rockford, Illinois, and Flint, Michigan. Throughout his professional career Professor Lewis was in great demand as a lecturer and summer school teacher. He taught at Indiana University, the Universities of Chicago, Michigan, Wyoming, Northwestern, and Hawaii. He retired from the University on July 30, 1952, after serving twenty-six years as an administrator and professor in the College of Education and, following his retirement, serving the University for two years by giving direction to the establishment of a College of Education on the island of Guam.

Professor Lewis was a man of many interests, as is indicated by the variety of his professional activities. Not only did he contribute articles and books in the field of educational administration, but many of his writings were in the form of curriculum materials to be used in elementary and secondary schools. In addition to being the co-author of a series of twenty-six English books, he was a contributor to the field of spelling and social studies.

Dr. Lewis was active in many professional organizations, including the National Education Association, the American Association of School Administrators, the National Vocational Education Association, the National Society for the Scientific Study of Education, Phi Delta Kappa, and Sigma Phi Epsilon. He was one of the founders and charter members of the National Conference of Professors of Educational Administration.

Dr. Lewis was devoted to the cause of educational leadership. Many superintendents of schools in Ohio and adjoining states attest to the fact that it was through his influence that they were persuaded to obtain the advanced preparation necessary for the positions which they hold today. Dr. Lewis was not only a teacher respected for the practical help he could give to young administrators, but he was their friend as well. No statement or record can do justice to his interest in students and to the many deep and abiding friendships that resulted from this teacher-student relationship. The sincerity of his interest in helping men of high potential for leadership in education is expressed by his generous contribution to the E. E. Lewis Fellowship Fund which he established at the time of his retirement.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

E. William Marshall MacNevin

The Board of Trustees expresses its sorrow at the death on July 5, 1961, of William Marshall MacNevin, Professor of Chemistry.

Professor MacNevin was born in Chelsea, Massachusetts, on September 20, 1906. He was graduated from Mt. Allison College in 1927 and received the A.M. degree from Harvard University in 1932 and the Ph.D. degree from The University of Minnesota in 1936. He then joined the staff of the Department of Chemistry of The Ohio State University in October 1936 and moved through the ranks to become Professor and Head of the Division of Analytical Chemistry in 1948, which position he held at the time of his death. During this period Dr. MacNevin published over 66 papers in chemical research and chemical education and was co-author of three books in Analytical Chemistry and two sets of Laboratory Procedures and Notes.

Professor MacNevin carried out a dynamic, well-balanced program of teaching, research, writing, and professional and community work. In 1954 he won the "Honored Teacher of the Year" award in the College of Arts and Sciences, a signal mark of distinction for teaching in the undergraduate courses. In his graduate work he directed the research and thesis work of 20 Ph. D. graduates and 18 M. S. candidates.

In his Department Dr. MacNevin served faithfully on many important committees, including the executive committee during 1960-61. In the College and University he served on most of the principal committees, boards and councils. In the community he was a leader in the First Congregational Church, a member of the choir and of the official board. In his professional service he contributed to the programs of the Division of Analytical Chemistry and of Chemical Education. He was regarded as a leader of his profession--versatile, appreciative, exacting, thorough, inquiring, and untiring in all of his efforts.

Professor MacNevin served this University as an effective scholar, teacher, researcher, and leader for a quarter of a century. His contribution will be long remembered and respected.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

I. GENERAL RECOMMENDATIONS

A. Faculty Council - Changes in Rules

At its meeting held August 22, 1961, the Faculty Council approved a report of the Faculty Committee on Rules and recommended to the Board of Trustees that the Rules for the University Faculty be revised as follows:

1. That Section 1 of Rule 47.09 be amended to read as follows:

Section 1. Dismissal under Rule 47.03. Failure to meet the minimum scholastic requirements of Rule 47.03 shall result in dismissal from the University as of the end of the quarter in which such failure occurs.

2. That the present Chapter 49.00 be repealed and the following be substituted in place thereof:

49.00. Graduation

49.01. Degrees and Certificates.*

Section 1. Degrees and certificates shall be awarded undergraduate and professional students by the Board of Trustees upon recommendation of the College faculties and the Faculty Council, transmitted to the Board by the President.

Section 2. Degrees and certificates shall be awarded graduate students by the Board of Trustees upon recommendation of the Graduate Council and the Faculty Council, transmitted to the Board by the President. (See Rule 27.0705)

To obtain an undergraduate degree from this University an undergraduate student must:

- b. Have been enrolled in the College recommending that degree during the last two quarters of work necessary to complete the degree requirements. The Executive Committee of the College recommending the degree may waive this requirement to the extent of not more than one quarter's enrollment if the student has six quarters in full-time residence (as defined in paragraph a, above) at this University, including a minimum of forty-five quarter credit hours earned through regular course enrollment at this University during the Junior and Senior years.
- c. Have earned through regular course enrollment a minimum of forty-five quarter hours credit from this University.

September 8, 1961 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

- d. Have satisfactorily completed the number of credit hours required for the curriculum he is pursuing. The minimum number of credit hours required in each curriculum shall include the credit hours required under Rules 31.0701 and 31.0703; however, excuses granted under Rule 31.0705 shall not reduce the stated minimum number of credit hours required in the curriculum for a degree or a certificate. Credit hours are considered as "satisfactorily completed" only if the student has received, at this University the mark A, B, C, D, Em, or K in those hours (see Rule 35.07).
- e. Have earned credit points (see Rule 37.03) totaling at least twice the number of credit hours undertaken at this University.
- f. Have satisfactorily met all additional college and curricular requirements for the degree involved.
- g. Have filed an application for the degree in accordance with rules prescribed by the College.

49.05. Requirements for a Graduate Degree.

To obtain a graduate degree from this University, a graduate student must have met the minimum requirements established by the Graduate Council and approved by the Board of Trustees.

3. That Rule 29.2713 be revised by deleting the second paragraph in Section 2 thereof and inserting immediately following the present Section 2, as amended, the following Section:

Section 3. Vacancies in the Faculty Advisory Committee to the President and the Board of Trustees shall be filled as follows:

- a. Vacancies caused by resignation from the Committee or termination of University service shall be filled by the Faculty Council by secret ballot after nominations from the floor. A member so elected shall take office immediately and shall serve until the next regular election. At the next regular election the vacancy shall be filled by following the procedures outlined in Section 2, above, except that the person filling the vacancy shall be the one who receives the next highest number of votes after the expiring terms have been filled.

September 8, 1961 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

A. Faculty Council - Changes in Rules (continued)

- b. Temporary vacancies caused by leaves of absence or temporary inability to serve shall be filled from the panel of available non-elected nominees at the last election, in the order of votes which the nominees received at that election. A member so appointed shall take office immediately and shall serve until the regular member returns to the Committee or resigns from the Committee or terminates his service with the University.

A person filling a vacancy under a or b, above, shall not, for that reason be ineligible under Section 1 of this rule for election to the Committee within the year following his service on the Committee.

The present Section 3 is to be renumbered as Section 4 and the reference in Section 1 is to be changed to "Section 3".

4. That Rules 13.07 and 13.09 be amended by adding the word "Research" immediately before the word "Institute" in each instance that the word "Institute" appears in these two Rules.
5. That the phrase "Mershon Center for Education in National Security" be substituted for the phrase "Mershon National Security Program" each time the latter phrase appears in Rule 13.11.

It is recommended that these recommendations of the Faculty Council be approved.

Upon motion of Mr. Patton, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

It is recommended that Ralph & Curl, Columbus, Ohio, be employed to provide complete professional engineering services for heating, ventilating, plumbing and electrical work for the above project, including design, preparation of drawings, specifications, and estimate of cost.

The fee for this service will be calculated on an hourly basis of \$7.50 per hour for a principal, \$6.00 per hour for an engineer, and \$4.50 per hour for a draftsman, the total fee not to exceed \$1,700.00. Funds will be provided from a transfer from the General University Fund to an appropriate building account.

Upon motion of Mr. Ketner, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote.

C. Employment of Marion A. Carter, Consulting Architect

It is recommended that Marion A. Carter, Columbus, Ohio, be employed to provide architectural and engineering services in connection with supervision of construction on the various projects on the campus.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Professor Horace B. English and Professor Wilbur H. Siebert and, in accordance with instructions of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University, the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

A. Horace Bidwell English

The Board of Trustees expresses its sorrow at the death on July 20, 1961, of Horace Bidwell English, Professor of Psychology.

Dr. English was born October 1, 1892, at Eagle, Nebraska. He was a Rhodes Scholar, 1911-1914, receiving a Certificate in Cultural Anthropology and his B.A. at Oxford University, England, in 1914. He obtained his Ph.D. at Yale University in 1916.

Dr. English went to Wellesley College as an instructor in 1916 and returned after World War I as Assistant Professor in 1919. He was professor of Psychology at Antioch College during 1921-1925 and 1927-1930 and at Connecticut Wesleyan in 1925-1927. In 1930 he joined the staff of The Ohio State University as Professor of Psychology. At various times he taught summer sessions at the Universities of Indiana, Nebraska, and Illinois, served as Visiting Professor at New York University for one semester, was a collaborator at the Child Development Center of the American Council on Education in 1940, and Consultant on Child Development for the West Virginia State Department of Education in 1941. He also taught abroad as Fulbright Lecturer in 1952-53 at the University of the Punjab in Pakistan and in 1953-1954 as Visiting Professor at the University of Sao Paulo in Brazil.

Dr. English was frequently honored by the members of his profession. In 1933 he was President of the Midwestern Psychological Association. For two years he was Executive Secretary and then President (1940) of the American Association of Applied Psychology. He was active for many

A. Horace Bidwell English (continued)

years in the Ohio Psychological Association and the Ohio College Association. He served as a member of the Council of the American Psychological Association, as Chairman of its Committee on Ethics, and as a member of the Council of the Society for the Study of Social Issues.

Dr. English rendered national service in many other ways. In World War I as Captain in the U. S. Army he was a Psychological Examiner and later Chief of Education and Rehabilitation for a base hospital. In World War II he was a Research Consultant to the Adjutant General's Office, 1942-1945; Consultant on Human Relations to the U. S. Forest Service, 1943; and Research Analyst for the U. S. Strategic Bombing Survey in Japan, 1945-1946.

As a productive scholar Dr. English's work was wide-ranging. The five editions of his Students Dictionary of Psychology served a whole generation of students from 1927 on, and finally culminated in the Comprehensive Dictionary of Psychological and Psychiatric Terms, published in 1958. He was also author of textbooks in the fields of learning and child psychology, as well as scores of articles ranging over nearly all facets of psychology. From 1958-1960 he edited Psychological Abstracts. As a section editor for Collier's Encyclopedia, he undertook in 1960-1961 the complete editorial revision of all articles in Psychology and Psychiatry, a project he had practically finished at the time of his death.

Finally, Dr. English was a man with strong social convictions and a great champion of personal rights. An inveterate writer of letters-to-the-editor, he made known his views on topics from the County Children's Home to perspectives on internationalism, further implementing them through many organizational affiliations from YMCA Forum through Urban League to World Federalists. In 1951 he served as expert witness, on behalf of the National Association for Advancement of Colored People, in two of the U. S. District Court trials on which were based the historic 1954 Supreme Court school desegregation decision. On campus, he was active in the affairs of the Association of University Professors.

He will be remembered by the numerous graduate students whose theses he supervised and by his colleagues in the Department of Psychology who often disagreed with him but always found him stimulating.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Wilbur Henry Siebert

The Board of Trustees expresses its sorrow at the death on September 2, 1961, of Wilbur Henry Siebert, Professor Emeritus of History.

Professor Siebert was born in Columbus, Ohio, on August 30, 1866. Having attended the public schools of Columbus, he entered The Ohio State University, where he received his A.B. degree in 1888. He continued his education

at Harvard University, where he earned the A. B. degree in 1899 and the A. M. degree the following year. In the academic year 1890-1891 he attended the Universities of Freiburg i. Br. and Berlin.

In 1891 Professor Siebert began his long and valuable service at The Ohio State University as an instructor in history. He was made assistant professor in 1893, associate professor in 1898, professor and chairman in European history in 1902, and research professor in history in 1925. He became professor emeritus in 1935. While lecturing to large classes and carrying on extensive research, he rendered valuable administrative service to the University. From 1902-1906 he was secretary of the faculty. On three different occasions, 1911-1912, 1927-1928, and 1936-1937, he was acting dean of the College of Arts and Sciences. In 1917-1918 he was acting dean of the Graduate School.

The best known of Professor Siebert's numerous publications are the following: The Underground Railroad from Slavery to Freedom (New York, 1898), still the standard work on this subject; The Government of Ohio (New York, 1904); Loyalists in East Florida, 2 vols. (DeLand, 1929); History of The Ohio State University, 7 vols. in 9 (Columbus, 1920-1959); and The Mysteries of Ohio's Underground Railroads (Columbus, 1951).

Professor Siebert was an active member of The American Historical Association and the Mississippi Valley Historical Association, where his scholarly and dignified appearance invariably elicited comments of admiration. His international reputation led to his election as fellow of the Royal Historical Society (Great Britain) and of the Institute Historique et Heraldique (France). Other honors included election to Phi Beta Kappa as a member of the first group received into the new chapter at The Ohio State University. He also was in the first group elected to the local chapter of Beta Theta Pi Fraternity.

As a public-spirited citizen of Columbus, Professor Siebert gave unselfishly of his time to the First Congregational Church and to a number of social agencies. For many years he was president of the Godman Guild Settlement House in Columbus and served as a member of the Board of the Associated Charities of Columbus.

Through his stimulating lectures, scholarly works, and personal contacts, Professor Siebert exerted a profound influence both on the many students who came under his influence and on those instructors who had the privilege of being his colleagues. His loyalty to his friends, his kindness to all who came into contact with him, and his unselfish service to The Ohio State University as a student and instructor for about three-quarters of a century cannot be given adequate verbal expression.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Authorization to Negotiate a Lease with Children's Hospital for Operation of a Research Facility

President Fawcett presented the following statement and recommendation concerning the possible negotiation of a lease with The Children's Hospital for the operation and maintenance of a research facility constructed by that institution.

The Children's Hospital has long been a co-operating agency with The Ohio State University College of Medicine. Recently The Children's Hospital constructed at an approximate cost of \$628,000.00 a research building at Monroe Avenue and Donaldson Street in Columbus, which had been planned for use in basic research in the field of medicine.

The University is in receipt of a letter dated August 31, 1961, and signed by R. M. Rex, President of The Children's Hospital, requesting that a nominal \$1.00 per year lease be negotiated for a period of not less than three nor more than five years wherein The Ohio State University would operate the research building at The Children's Hospital.

It is, therefore, recommended with the concurrence of the Dean of the College of Medicine, that the Board of Trustees authorize the President and/or the Vice President, Business and Finance, to negotiate such a lease with The Children's Hospital on the basis that the operation as an agency of the College of Medicine will be self-sustaining and that no University funds will be committed to the subsidy of it over and above those funds received through federal and other grants and the current operating arrangements in effect between The Ohio State University and The Children's Hospital.

Upon motion of Mr. Patton, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote and the Secretary was instructed to file the letter from Mr. Rex with the official records of the Board of Trustees.

B. Report of Audit of Concession Contract with the David J. Belknap Company

President Fawcett presented the following statement and recommendation concerning the continuation of the concession contract with the David J. Belknap Company.

The Board of Trustees on May 5, 1960, authorized a three-year concession contract with the David J. Belknap Company with the condition that the per cent return to the University and the price schedules be negotiated each year following an audit of the Belknap Company's books and records. The financial records of the said company for the fiscal year which ended June 30, 1961, have been examined and found to be in proper order and it is recommended, with the concurrence of the Vice President, Business and Finance and the Director of Athletics, that the contract be continued with the same price schedule and the same twenty per cent of gross revenues to be paid to the University as was stipulated in the agreement for last year.

Upon motion of Mr. Ketner, seconded by Mr. Patton, the recommendation to continue the concession contract with the David J. Belknap Company was unanimously approved.

XII. REPORTS (continued)

C. Review of the Proposal for a "Center for Tomorrow"

President Fawcett reviewed with the Board of Trustees the proposal for a multi-million dollar "Center for Tomorrow" which was presented to the Ford Foundation on August 22, 1961. The President reminded the Board that an amount not to exceed \$7,500.00 was appropriated by the Board for the purpose of employing an architectural firm to assist with the preparation of such a proposal. He then exhibited an architect's rendering and a 32-page prospectus for the proposed "Center for Tomorrow." The Center is to be located at a site now owned by the University on the northeast corner of Lane Avenue and Olentangy River Road.

In summary the President indicated that the proposal provides for a synthesis of the following three major educational ventures of importance to the future of our country and in which The Ohio State University already has a substantial investment.

1. Telecommunications
2. Continuing Adult Education
3. Education for National Security

The Board of Trustees by unanimous consent commended the President on an excellent report and enthusiastically encouraged the President to proceed with plans for obtaining the necessary resources for this "Center."

Also, the President advised the Board that educational and business leaders in the metropolitan areas of Dayton, Cleveland and Lima have expressed a desire for The Ohio State University to assist with providing additional higher educational opportunities for the growing student population through branch operations. He then reviewed in some detail on several conferences held during the past two months at the invitation of representative groups in the above-named communities.

Mr. Allyn confirmed that the Dayton community has a strong interest in the development of a branch university of The Ohio State University.

By unanimous agreement the Board authorized President Fawcett to proceed with the discussions and negotiations for the development of off-campus academic centers in the Dayton, Cleveland and Lima communities.

E. Report from the Office of Instruction and Research

G. Report on Student Enrollment

Executive Dean Ronald Thompson briefly reviewed the status of student enrollment at The Ohio State University for the Autumn Quarter, 1961, and the enrollment projections for higher education in the state and nation.

Dr. Thompson stated that it is anticipated that the University will surpass its previous all time peak of 25,403 students reached in the fall of 1947 and that it is expected that the total enrollment for this autumn will reach approximately 26,000. In relation to long-range planning, Dr. Thompson stated that "It seems clearly evident that the number of 18 year olds will increase approximately 50 per cent between the years of 1963 and 1965, and that The Ohio State University should plan very soon whether or not it will attempt to accept its share of the increase in student enrollment."

Dr. Thompson distributed and commented briefly on a publication entitled, "Enrollment Projections for Higher Education 1961-1978," issued in September, 1961, by the American Association of Collegiate Registrars and Admissions Officers.

H. Report on Student Housing - Autumn Quarter 1961

Dr. John T. Bonner, Jr., Executive Dean, Student Relations, presented a brief summary of student housing. He disclosed that approximately 69 per cent of the student body are men and that the 31 per cent who are women is the largest relative percentage of coeds since World War II. He also stated that 32 per cent of the undergraduate women and 35 per cent of the undergraduate men attend the University from their homes.

Dr. Bonner pointed out that there was a net gain of 452 spaces in the men's residence halls, and 294 additional spaces in the women's residence halls. Because of these gains, there will be 2,723 men and 2,913 women in the University residence halls for the academic year, 1961-1962.

XII. REPORTS (continued)

H. Report on Student Housing - Autumn Quarter 1961 (continued)

Upon the request of Mr. Loop, Dr. Bonner agreed to send to each member of the Board copies of the priority system for the allocation of residence hall space to students. A complete copy of Dr. Bonner's report will be filed with the official records of the Board of Trustees.

I. Report from the Office of University Relations

Executive Director Frederick Stecker informed the Board that advance copies of the President's Annual Report will be available for distribution about October 15. The theme of this year's report is "Investment in Human Resources" and the content of the report is described in President Fawcett's message as follows:

This Report deals with the human products of The Ohio State University and their worth to the State of Ohio--the value received for funds invested. An effort has been made to present convincing evidence that investment in human resources has in the past and will continue in the future to be a major force, if not indeed the decisive factor, which determines the qualitative essence of our cherished civilization.

Mr. Stecker also distributed and commented briefly on the following two documents.

1. An article prepared by Professor James Pollard, University Historian, dealing with the Land-Grant Act and the development of The Ohio State University.
2. An outline of the major functions, activities, and services performed by the Office of University Relations.

J. Progress Report on the Campus Plan

Executive Director John Herrick presented a progress report on the Campus Plan and indicated that the final report of the consultants, Caudill, Rowlett and Scott would be available for distribution to the Board of Trustees not later than its November meeting.

In response to a question from the Chairman of the Board, Dr. Herrick indicated that the Expressway Coordinator for the City of Columbus expects an early completion of the engineering study concerning the feasibility of relocating the Olentangy River Road. Upon completion of this study, it will be brought to the attention of the Board.

October 6, 1961 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATION

A. University Traffic and Parking

Since the Commission on Traffic and Parking serves in an advisory capacity, makes such studies as may be required and serves as an appeal board for the faculty and non-faculty staff, it is necessary to revise Section 5 of the University's Traffic and Parking Plan as approved by the Board of Trustees on November 8, 1957, in order to detach these functions from the administration of the traffic and parking system.

It is therefore recommended that the membership of the Commission on Traffic and Parking be limited to the following-named persons: Executive Dean, Special Services, Chairman; Executive Director, University Relations; a representative of the Vice President, Business and Finance; three faculty members appointed by the President--one for a one-year term, one for a two-year term, one for a three-year term with the understanding that each subsequent faculty appointment be for a three-year term.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation for membership of the Commission on Traffic and Parking was unanimously approved by roll call vote.

XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Professor Elaine Knowles Weaver, and, in accordance with instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased.

A. Elaine Knowles Weaver

The Board of Trustees expresses its sorrow at the death on September 26, 1961, of Elaine Knowles Weaver, Professor of Home Economics.

Dr. Weaver was born in Beverly, Nebraska, on October 27, 1906. She completed the requirements for the Bachelor of Science Degree at the University of Maryland in 1931, and the Master of Science and Doctor of Philosophy Degrees were earned at Cornell University in 1937 and 1944 respectively.

Her early professional experiences were varied and rich, contributing much to her depth of understanding of people and their needs, which was the key to her prestige as a teacher and the motivation of her research. She was a grade school teacher in Nebraska and taught high school home economics in Maryland. She served as a Home Demonstration Agent and later as Rural Resettlement Supervisor at the University of Maryland before becoming Home Management Specialist with the Cornell University Extension Service in 1937.

Dr. Weaver's career as a college teacher began in 1938. She served on the faculty of the College of Home Economics at Cornell University from that date through 1945. Prior to coming to The Ohio State University and the Ohio Agricultural Experiment Station in October 1947, she was Assistant Professor of Home Economics, Teachers College, Columbia University. At the time of her death she was Professor and Chairman of the Division of Housing, Equipment and Furnishings of the School of Home Economics. Research with the Ohio Agricultural Experiment Station from 1947 to 1961, extensive professional publications, her reputation as a competent teacher and consultant, and recognition as an authority in her field attracted graduate students from many states.

She was a member of many national honorary societies and professional associations in the fields of education and home economics. In 1950 she was the first alumnae to receive the "Award of Recognition for Teaching and Research in Home Economics" from the University of Maryland. In 1960 she was elected as a national honorary member of Phi Upsilon Omicron upon the recommendation of The Ohio State University Chapter.

Dr. Weaver was in constant demand as consultant and counselor to both industry and education. In recognition of her leadership, "The Elaine Knowles Weaver Fund to make financial contribution to worthy research or study in the field of home laundering" is being established by the American Home Laundry Manufacturers' Association of Chicago.

October 6, 1961 meeting, Board of Trustees

XI. RESOLUTION IN MEMORIAM (continued)

A. Elaine Knowles Weaver (continued)

In teaching and research her goal was to contribute to better management of time and energy in household work and to promote the design of appliances and work areas to expedite household activity in American homes. Research in progress at the time of her death analyzes the physiological responses of women of varying ages and physical types in selected household tasks.

Mrs. Weaver was truly a successful woman in that she achieved a satisfying home life with her husband, James Weaver, and sons James and John, as well as a highly productive career.

Elaine Knowles Weaver will long be remembered for her love of life, her creativity, humility, and the depth of her understanding of others. Her untimely death has saddened her many students and associates and is a deep loss to the profession. Friends, students, and professional associates are challenged to carry on the ideals which she so ably exemplified and inspired in others.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

X. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Professor Lawrence D. Jones and Professor Emeritus Harry W. Vanneman and, in accordance with instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished to the families of the deceased.

X. RESOLUTIONS IN MEMORIAM

A. Lawrence Donald Jones

The Board of Trustees expresses its sorrow at the death on October 27, 1961, of Lawrence Donald Jones, Secretary of the University Faculty and of the Faculty Council.

Born in Noblesville, Indiana, he attended North High School in Columbus. In 1919 Mr. Jones enrolled in the College of Engineering of The Ohio State University and was graduated with the degree of Bachelor of Civil Engineering in 1923. Following a period of employment with the Pure Oil Company, he returned to the campus in 1924 as a member of the faculty--an appointment which was to culminate in thirty-seven years of devoted and effective service to this University. His teaching career in Engineering Drawing began in the role of Instructor, and the keen abilities and steadfast contributions of Mr. Jones assured his steady rise through the academic ranks; in 1943 he earned a promotion to the status of full Professor. Of him his Department Chairman said, "He was a good teacher." And in a University whose primary concern is to develop an educated people, there is no finer praise--there could be no tribute more genuine.

Professor Jones became Secretary of the College of Engineering in 1929, a post he held until 1958. During the early and crucial years of World War II he served the University and the nation as Assistant Director of the Engineering Science and Management War Training Program on the campus; he continued this service in yet another capacity through the years 1944-1946 as Coordinator of the Army Specialized Training Program at Ohio State.

In 1952 Professor Jones was called upon to serve as Acting Dean of the College of Engineering pending the selection of the permanent Dean in 1953. The next year he was appointed Associate Dean of the College, a position which he held with distinction for some five years. In 1958 Professor Jones became associated with the Office of the President of the University, where he continued the multiple responsibilities of his position as Secretary of the University Faculty and the Faculty Council, duties which he had carried since 1945. His incisive knowledge of procedure and organization contributed greatly to the important functions of these agencies.

Lawrence D. Jones was a member of Tau Beta Pi, The American Society for Engineering Education (on whose General Council he served in 1951-1953), Phi Eta Sigma, the Indianola Presbyterian Church, the Faculty Club (of which he was President in 1954), the Torch Club, and Delta Upsilon Fraternity.

Stated all too briefly, that is a summation of his life while at Ohio State, a resume which scarcely does justice to his impact upon the University; but what of the man himself? Lawrence Jones was a quiet and humble man who performed his duties unobtrusively, who exercised his inspiring leadership often behind the scenes without fanfare and without seeking personal aggrandizement. Although his closing years were clouded by illness, he remained steadfast and faithful to his duties. He believed firmly in the things that are right and good for the University in its ceaseless mission of public service and advancement; he was a sure source of support for those who relied upon him for help and strength.

X. RESOLUTIONS IN MEMORIAM (continued)

A. Lawrence Donald Jones (continued)

Lawrence Jones had major interests which transcended his profession at the University. He was a serious student of the Civil War and of British and American history. Only the night before his death he noted the fact that he had just completed the reading of his 2,125th book dealing with these and a wide range of other subjects. His deep interest in genealogy resulted in productive inquiries about the heritage of the Royal families of England, France, and Spain and about the history of European peoples. Such varied and diverse interests are the mark of a man of broad horizons.

A devoted husband and father, Professor Jones is survived by his wife, Alice; two daughters, Mrs. Roy D. Williams and Mrs. Richard S. Winnard, both of Columbus; a son, Lawrence D. of Cambridge, Massachusetts; a sister, Helen M. Jones of Boston, Massachusetts; and three grandsons.

Excellent teacher, able administrator, friendly counselor, keen interpreter of his College and University--the manifold contributions of Lawrence D. Jones to the official life of our campus community shall live on to preserve and transmit with honor our cherished memory of him and his rich legacy.

It has been said that no man is really indispensable; but it can also be asserted with sincere conviction that Lawrence Jones came as close as is humanly possible to making himself indispensable on this campus. To paraphrase Emerson's dictum, a University is the lengthened shadow of many men. Some cast long shadows, some short ones, and others are in between. Some grow and others fade with the years. It is with solemn appreciation that we note the lengthening shadow cast by Lawrence D. Jones by virtue of the fruits of his long years of professional service invested in The Ohio State University. A bountiful yield has come from his labors. His epitaph might well be the familiar Scriptural accolade: "Well done, thou good and faithful servant." It is with profound sorrow, shared with admiration for his accomplishments and gratitude for his friendship, that we record his passing.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Harry Walter Vanneman

The Board of Trustees expresses its sorrow at the death on October 9, 1961, of Harry Walter Vanneman, Professor Emeritus of Law.

Mr. Vanneman was a Professor in the College of Law of The Ohio State University from 1928 to 1952 and Emeritus Professor since 1952. He had been Acting Dean of the College of Law in 1946-1947. Prior to this appointment to the faculty of The Ohio State University, he had taught at the University of South Dakota from 1911 to 1927 and at the University of Missouri during the year of 1927-1928. After his retirement in 1952, he accepted an appointment to the faculty of the College of Law of the University of Cincinnati, teaching there during the school years of 1953 and 1954 and retiring as Professor Emeritus in 1955, although he had been urged to stay longer

X. RESOLUTIONS IN MEMORIAM (continued)

B. Harry Walter Vanneman (continued)

at that institution. He had also taught summer sessions at the Universities of Wisconsin (1928), Southern California (1932), Michigan (1935, 1936, 1950), and George Washington University (1945).

Born on July 23, 1882, at Sidell, Illinois, he was educated in the schools of Sidell and at the University of Illinois, where he obtained the degree of Bachelor of Arts in 1907 and Bachelor of Laws in 1909. From Yale University he received in 1910 the degree of Master of Laws and spent the summer of 1915 in graduate study in law at The University of Chicago. He was a member of the bars of Illinois, South Dakota, and Ohio and prior to becoming a teacher of law had practiced law with Franklin H. Boggs in Urbana, Illinois, from 1910 to 1911.

Harry Vanneman's principal areas of teaching were those of Equity, Restitution and Trusts, and his writings were chiefly in those areas. Some dozen articles of real importance were published in the Minnesota, Cincinnati, and Michigan "Law Reviews" and in the "Ohio State Law Journal." His work on the law of Trusts as it has been developed in Ohio appears in Volume 40, "Ohio Jurisprudence." This is a treatise of approximately 500 pages critically analyzing and reporting the law as he found it. He was also the author of the "Ohio Annotations to the Restatement of the Law of Restitution" and was one of the several advisers to the author of the "Ohio Annotations on the Law of Trusts." His writings on Ohio law have been of immense value to the lawyers of Ohio not only because of their accurate statement of what the law is but also for the constructive criticism offered for its improvement.

His fondness for the courses he taught evidenced itself in the enthusiasm with which he met the most intricate legal problems in his classes, which in turn inculcated in his students a like enthusiasm for the materials and often led them into research of their own beyond the call of duty. He was an adept artist in the teaching of the law through the casebook method and had few peers in casebook presentation in the classroom.

But Harry Vanneman's contributions did not terminate at the boundaries of the campus. His time was generously given to work for his community and his church. He served on the city's Council of Social Agencies and Recreation Commission, had been a member and chairman of the Columbus Recreation and Youth Services Council (a division of the then Community Chest), was a chairman of the Committee on American Citizenship of the Columbus Bar Association, and a member of Selective Service Board 18. These are but a few of his many contributions to the civic life of Columbus. In the First Congregational Church of Columbus, of which he was a member, he was a deacon for several years and for two important years was chairman of the Church Council. He was a delegate for two years to the General Council of the Congregational-Christian Church and occupied other important posts in furthering the interests of his church.

His warm-hearted, sympathetic approach to problems in the College of Law and to those personal problems of his colleagues will be long remembered. To him, the personal touch was as significant in his teaching as it was in his life outside the precincts of the University. His family life shared by his wife, Winifred Campbell Vanneman, whom he married in June of 1912 and who survives him, was marked by a similar warmth

and generosity which their many friends came to experience through the Vanneman hospitality over the years. Here was a life lived to the fullest and noblest and one which has contributed immeasurably to the lives of the many students, colleagues, friends and acquaintances who were exposed to it.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

The principal and interest of the Series H and J Bonds shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, at the principal office of the Trustee under the Trust Agreement (said Trustee at the time of issuance of the Series H and J Bonds being The Ohio National Bank of Columbus, Columbus, Ohio), or, at the option of the holder, at the principal office of Morgan Guaranty Trust Company of New York, in the Borough of Manhattan, City and State of New York except that interest on fully registered bonds is payable by check as provided in the Trust Agreement, and principal on fully Registered Bonds may also be payable at such additional place or places, at the option of the holder as shall be designated by the Fiscal Officer of the University. The Series H and J Bonds maturing October 15, 1973 and thereafter are subject to call for redemption prior to

Fourth Supplemental Trust Agreement

maturity at the option of the Board on April 15, 1973 or on any interest payment date thereafter. Each such series shall be callable in the inverse order of the maturities of the Bonds of that series at par and accrued interest to the redemption date plus redemption premiums as follows:

- 4% if called April 15, 1973 to October 15, 1977, inclusive
- 3% if called April 15, 1978 to October 15, 1982, inclusive
- 2% if called April 15, 1983 to October 15, 1987, inclusive
- 1-1/2% if called April 15, 1988 to October 15, 1992, inclusive
- 0% if called thereafter.

If less than all the Series H or J Bonds of one maturity are to be called, the Coupon Bonds or portions of fully Registered Bonds of such series and of that maturity to be called shall be chosen by lot conducted by the Trustee under the Trust Agreement. Such call for redemption shall be made by notice, specifying the numbers of the Series H or J Bonds to be called, published by the Trustee on behalf of the University once a week for two consecutive weeks in a financial newspaper of national circulation published in the English language in New York City and in an English language newspaper of general circulation in Columbus, Ohio, the first publication to be not more than forty (40) nor less than thirty (30) days prior to the date of redemption. Any bonds thus called for redemption and for the retirement of which funds are deposited with said Trustee as provided in the Trust Agreement on or before the redemption date shall cease to bear interest on said redemption date. Except in the case of redemption of Bonds of a particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time.

The Series H and J Bonds shall have such other terms and conditions and shall be issued, executed and delivered as provided by the applicable provisions of the Trust Agreement.

Section 3. Sale of Series H Bonds. The \$3,500,000 Series H Bonds shall be offered for sale, by solicitation of proposals from investment bankers and

Fourth Supplemental Trust Agreement

others or by advertisement or both, to the highest bidder based on the lowest net interest cost, in such manner and on such terms as determined by the President or the Fiscal Officer of the University.

Section 4. Sale of Series J Bonds. The \$3,000,000 Series J Bonds shall be advertised for sale, awarded, issued, authenticated and delivered pursuant to a Loan Agreement to be entered into with the United States of America acting through the Housing and Home Finance Administrator. The President of the University and the Secretary of the Board, and each of them, are authorized on behalf of the University to execute a Loan Agreement containing the standard terms of said Housing and Home Finance Administrator for loans to universities for dormitory construction with such changes and amendments as the officer acting shall deem necessary and not substantially unfavorable to the University, and said officers and each of them are authorized to take any and all action necessary to carry out such Loan Agreement. Any of said Series J Bonds awarded to the United States pursuant to said Loan Agreement shall be sold to the United States at par and accrued interest to the date of delivery. Said Series J Bonds shall be sold as provided in the Loan Agreement and issued at one time or from time to time to the Original Purchasers thereof upon written request of the Fiscal Officer of the University to the Trustee as provided in the Trust Agreement, provided that any Series J Bonds sold to the United States, acting through said Administrator, shall be issued at such time as shall be provided for in said Loan Agreement.

Section 5. Allocation of Proceeds of Series H and J Bonds. The proceeds from the sale of Series H and J Bonds shall be allocated and applied by the University as follows:

- (1) The portion representing accrued interest to the Debt Service Fund provided for in the original Trust Agreement to be held by the Trustee, and the portion representing premium above par paid to the University for such Bonds, to the Debt Service Reserve Fund so provided for.

Fourth Supplemental Trust Agreement

(2) From the proceeds of the Series H Bonds such amount as is verified by the fiscal officer of the University to be needed for the purchase of movable equipment for the project to the "Equipment Fund" hereby established to be held and applied to provide such movable equipment for the project in the same manner as the Equipment Fund provided for in the original Trust Agreement with respect to the Series A and B Bonds and any balance in the Equipment Fund not needed for such purposes shall be transferred to the Construction Fund.

(3) To the University the amounts necessary to reimburse the University for amounts expended by it on construction of the project prior to issuance of the Series H and J Bonds.

(4) The balance to the Construction Fund to be held by the Trustee to complete construction of the project and to pay all incidental expenses of the project and the financing thereof (including the repayment of any amounts borrowed by the University to pay project costs and interest thereon, capitalized interest, legal, engineering, and administrative expenses, and inspection costs, and all other Project Development costs under the Loan Agreement). After payment of all said project costs the balance in the Construction Fund shall be applied as follows: 6/13ths to retirement at par plus accrued interest in inverse order of maturity of Series J Bonds if any then held by the United States and the remaining portion not needed for such retirement of Series J Bonds shall be transferred to the Debt Service Reserve Fund.

No part of the proceeds of Series J Bonds sold to the United States acting through the Housing and Home Finance Agency shall be used to pay costs (including cost of movable equipment or fees of a financial advisor) which, under the rules, regulations or practices of the Housing and Home Finance Agency, may not be paid from proceeds of bonds purchased by the United States through that agency, and

Fourth Supplemental Trust Agreement

proceeds of Series J Bonds purchased by the United States as aforesaid shall be segregated in the Construction Fund to the extent necessary to effect the foregoing.

The Trustee shall apply said Construction Fund and Equipment Fund to the payment of such items as from time to time are requested in writing by a Fiscal Officer of the University. Such written request shall include a certification by such official that the amount to be paid from such Construction Fund or such Equipment Fund constitutes authorized payments from such fund under the foregoing provisions of this Section 5. If the payment is to be made with respect to an obligation under a construction contract relating to the Project, such written request shall further certify that such payment was certified as due under such contract by a qualified architect or engineer. If the payment is to be made from proceeds of the Series J Bonds sold to the United States acting through the Housing and Home Finance Administrator, then (1) said certificate shall certify that the costs to which such payment is to be applied constitute costs which may be paid from such proceeds under the rules, regulations and practices of the Housing and Home Finance Agency, and (2) if the United States so acting shall purchase any of the Series J Bonds, and so long as it shall hold any thereof, such payment shall be subject to such prior written approval of a representative of said agency as may be required in writing by said Administrator.

The Equipment Fund and the Construction Fund shall be invested by the Trustee in such direct obligations of the United States as shall be directed in writing by the President or a Fiscal Officer of the University, which writing shall designate maturities and amounts which, as nearly as practicable, would, through maturities, provide funds when needed to pay costs for which the respective funds have been established. Such investments and the proceeds of sale thereof shall constitute part of the fund from which the investment was made. Interest on such investments may be paid to the Dormitory Revenue Fund or applied to the purposes of the fund from which the investment was made as from time to time determined by a Fiscal Officer of the University. The said investments shall be sold, exchanged

Fourth Supplemental Trust Agreement

or collected from time to time as directed in writing by the President or a Fiscal Officer of the University and the Trustee shall be under no liability in connection with such investment, sale, exchange or collection thereof provided the directions of said officers are followed.

Section 6. Additional Bonds. (a) The Board shall have the right from time to time to issue Additional Bonds under the Trust Agreement if necessary to pay the costs of completing the Project or completing any projects for which Series H or J or additional Bonds, are issued. The Trustee shall authenticate and deliver such Bonds upon (but only upon) receipt of the documents required by Section 2.03 of the Trust Agreement. Nothing herein or in the Trust Agreement shall require any earnings coverage, or certificate with respect thereto, in connection with Additional Bonds issued for completion of a project.

(b) The Board shall also have the right from time to time to issue Additional Bonds under the Trust Agreement to provide funds for purposes authorized by Section 3345.07 of the Revised Code of Ohio, including construction and equipment by the University of buildings to be used as dormitories or as other living quarters or the refunding of outstanding bonds or notes issued under said Section 3345.07. The Trustee shall authenticate and deliver under the Trust Agreement Additional Bonds issued under this subdivision (b), if, (but only if), when such Additional Bonds are issued, the University shall have furnished to the Trustee in addition to the documents required by Section 2.03 of the Trust Agreement, a certificate of the President and the Fiscal Officer of the University, approved by the Board of Trustees, (1) showing that (a) the actual net income from the dormitory facilities of the University (excluding net income from any dormitory facility which is to be abandoned or which is not suitable for continuous use as a dormitory facility for the term of such Additional Bonds) for the preceding fiscal year, as adjusted, if necessary, to reflect the schedule of rates and charges to become effective at the beginning of the next semester, quarter or other school period and to give recognition to any anticipated changes in operating costs; plus (b) the estimated annual net

Fourth Supplemental Trust Agreement

income of the dormitory facilities to be financed through the proceeds of the sale of such Additional Bonds will be equal to or greater than one and three-tenths (1.3) times the maximum amount to become due in any succeeding fiscal year for the payment of principal and interest charges on the Bonds then outstanding hereunder and on the Bonds then to be authenticated and delivered; (2) showing that, until the dormitory facility being constructed from the proceeds of the Additional Bonds, is ready for occupancy, funds then available from net income, bond proceeds, gifts, legacies, devises or grants or other sources for payment when due of principal and interest on the Bonds will be at least one and three-tenths (1.3) times the principal and interest requirements for that period; (3) showing that there were not included in net income any receipts against which there is any prior claim other than the use thereof for the operating expenses included in computing the net income; (4) furnishing such other information in support of the foregoing as may reasonably be requested by the Trustee; (5) showing that the computations of estimates provided for above are based on an assumed occupancy of not more than 95% of capacity of the dormitory facilities in question.

The first call date on Additional Bonds shall not be earlier than the first call date on any issue of Bonds outstanding at the time of issue of such Additional Bonds.

Section 7. Terms of the Bonds Generally. As used in this Resolution, the term "Bonds" refers to the Series A, B, C, D, E, F, G, H and J Bonds and all Additional Bonds issued on a parity therewith under the Trust Agreement. The Bonds shall be designated The Ohio State University Dormitory Revenue Bonds, shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts to the United States of America, shall be negotiable instruments (except when registered), shall express upon their face the purpose for which they are issued, and shall be issued pursuant to Section 3345.07 of the Revised Code of Ohio. Unless otherwise provided by the Board, the Bonds shall be signed by the Chairman of the Board or bear his facsimile signature, shall

Fourth Supplemental Trust Agreement

be signed by the President of the University or bear his facsimile signature, shall be attested by the Secretary or the Treasurer of the Board, and shall be sealed with the seal of the University or a facsimile thereof, and interest coupons attached to the Bonds shall bear the facsimile signature of the Treasurer of the Board. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds or coupons shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. Except in the case of redemption of Bonds of a particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time. The Additional Bonds shall bear such designations as may be necessary to distinguish them from the Series A, B, C, D, E, F, G, H and J Bonds or other Additional Bonds having different provisions and shall have maturities, interest rates, interest payment dates, redemption provisions, denominations, registration provisions, and other provisions as provided in the Resolution providing for issuance of the Additional Bonds, provided, however, that such terms and provisions shall not be inconsistent with this Resolution, the Trust Agreement or the then outstanding Bonds. On the terms provided herein, in the Trust Agreement and in the Bonds, the Bonds shall be equally and ratably payable from and secured by pledge of, the receipts from the operation of all dormitory facilities now or hereafter under control of the Board including the dining facilities constituting a part thereof, after provision for reasonable and proper expenses of operation and maintenance of such facilities; and anything in this Resolution, the Bonds or the Trust Agreement to the contrary notwithstanding, neither this Resolution, the Bonds, nor the Trust Agreement shall be a claim against or a lien upon any property of the State of Ohio or any property of or under the control of the Board except the portion of said receipts pledged as provided herein; provided, however, that nothing herein shall be deemed to prohibit the University, of its own

Fourth Supplemental Trust Agreement

volition, from using, or pledging, to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution, or any of the bonds.

Section 8. Covenants of the University. The University covenants with the holders of the Bonds and with the Trustee under the Trust Agreement that (a) it will adopt and maintain so long as any of the Bonds are outstanding such parietal rules, and charge and collect such rental rates and charges, from time to time, as may be necessary to assure maximum occupancy and use of the dormitory facilities and to provide the costs of maintenance and operation thereof and the principal of and interest on the Bonds and the Special Funds required by Section 9 of this resolution; (b) from funds lawfully available, it will cause the Project and any project to be constructed from the proceeds of Additional Bonds to be completed and equipped in an efficient and economical manner with reasonable dispatch and in a manner consistent with the plans and recommendations of responsible architects and all applicable laws, ordinances and regulations; (c) subject to the right of abandonment under conditions provided in the Trust Agreement designed to prevent adverse effect of such abandonment on the expected earnings coverage of Debt Service, it will, from the dormitory receipts pledged under this resolution and as part of the operating expenses, maintain, preserve and keep the dormitory facilities in good repair, working order and operating condition and continuously operate the same on a revenue producing basis, and will apply the receipts therefrom only as provided in Section 9 of this Resolution and in the Trust Agreement; (d) it will furnish to the Trustee and the Original Purchasers of the Bonds within 120 days after the close of each fiscal year an annual report of the accounts (including each Special Fund provided for in Section 9 of this Resolution) and operations of the dormitory facilities prepared by qualified accountants approved by the Trustee; (e) it will keep proper books of record and accounts separate from all other records and accounts, in which complete and correct entries will be made of all transactions relating to the dormitory facilities and will at all reasonable times permit the Trustee, the Original Purchasers or any holder or

Fourth Supplemental Trust Agreement

holders of 25% of the outstanding Bonds, or their authorized representatives, to inspect the dormitory facilities and any books, documents and vouchers relating thereto; (f) it will furnish heat, light, power, water and other necessary services to the dormitory facilities at not in excess of reasonable cost; (g) it will comply with all the terms and conditions of the respective Loan Agreements with the Housing and Home Finance Agency as long as the United States holds any of the Series B, D, F, G or J Bonds; (h) it will insure the dormitory facilities as required by the Trust Agreement and apply the proceeds of such insurance as provided therein; and (i) it will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement or the Bond Resolution.

Section 9. Application of Receipts; Special Funds. There was established by the Original Bond Resolution a Special Fund designated "Dormitory Revenue Fund," which fund shall be maintained in a bank account, or invested as herein authorized, in the name of the University separate and distinct from all other funds of the University and, subject to the withdrawals and uses herein authorized, is pledged to and charged with the payment of the principal, interest, and premium, if any, on all the Bonds issued under the Trust Agreement.

Under the Original Bond Resolution there shall be maintained in the Dormitory Revenue Fund, as an Operating Reserve, such amount as is from time to time certified by the Fiscal Officer of the University as adequate and necessary for working capital for operation and maintenance of the dormitory facilities; provided, that such Operating Reserve shall not exceed one-fourth of the operating and maintenance expenses of the dormitory facilities for the preceding 12 months.

All receipts from dormitory facilities now or hereafter under the control of the Board, including the dining halls constituting part thereof, shall be deposited in the Dormitory Revenue Fund.

The Dormitory Revenue Fund, including the Operating Reserve, shall be applied to pay when due all reasonable and proper expenses of operation and maintenance (as defined in Section 11) of the dormitory facilities, excluding

Fourth Supplemental Trust Agreement

extraordinary repair and replacement expenses payable from the Contingency Repair and Replacement Fund and expenses of or provision for depreciation or capital replacement.

The remainder of the Dormitory Revenue Fund, after retaining therein the then current Operating Reserve and payment of said operation and maintenance expenses then due, shall be applied as provided in the Original Bond Resolution, namely, as follows and in the following order of priority:

First: Into the Debt Service Fund, to be held by the Trustee as a separate fund and used for the payment of principal and interest on the Bonds, the amounts provided in the Original Bond Resolution and in the Bond Resolutions relating to the Series C, D, E, F, and G Bonds for payment of principal and interest on the series A, B, C, D, E, F and G Bonds and, in addition, (1) on or before April 1 and October 1 of each year an amount equal to the interest due on the next ensuing interest payment date in that year on all Series H and J Bonds then outstanding; provided, that, the amount so payable on any such date into the Debt Service Fund shall be reduced by the amount then remaining in said Debt Service Fund from the accrued interest and from the funds deposited therein for capitalized interest pursuant to Section 5 of this Resolution; (2) on or before April 1 and October 1 of each year, the equal semi-annual amounts necessary to provide for payment of any principal maturity in that year on Series H and J Bonds; (3) if Additional Bonds shall be issued under the Trust Agreement, such additional amounts and at such times as specified in the resolution authorizing such Additional Bonds, which amounts shall be not less than necessary to provide in the Debt Service Fund amounts, in addition to the amounts hereinbefore provided for the Series A, B, C, D, E, F, G, H and J Bonds, sufficient to pay in full interest and principal on all Additional Bonds then outstanding, as the same shall become due and payable provided that no payments need be made to the Debt Service Fund so long as the amounts in the Debt Service Fund and Debt Service Reserve Fund aggregate at least the total principal

Fourth Supplemental Trust Agreement

and interest payable on all Bonds then outstanding to the dates of their respective maturities.

Second: Into the Debt Service Reserve Fund, to be held by the Trustee as a separate fund for the payment of principal and interest on, and purchase or redemption of, the Bonds as herein provided, on or before April 1 and October 1 of each year and on such other dates as amounts are payable into the Debt Service Fund with respect to Additional Bonds, such amounts as are necessary to create and maintain in said Debt Service Reserve Fund the required reserve, namely, an amount equal to the maximum principal and interest requirements for any consecutive two-year period on all Bonds at the time outstanding;

Third: Into the Contingency Repair and Replacement Fund, to be held by the University as a fund separate and distinct from all other funds of the University, semi-annually on or before April 1 and October 1 of each year, or as soon thereafter as the required reserve has been established in the Debt Service Reserve Fund, an amount equal to one-quarter of one per cent of the cost of construction on all dormitory facilities then under the control of the Board and 3 per cent of the cost of movable equipment for all such dormitory facilities, which fund may be used by the University to the extent necessary for payment of principal and interest on the Bonds or for extraordinary repairs and replacements to the dormitory facilities or for construction or equipping of additional dormitory facilities;

Fourth: On April 1 and October 1 of each year, to the foregoing funds, such amounts as may be necessary to make up any previous deficiency in any deposits required by the foregoing paragraphs of this section;

Fifth: So long as there is no deficiency in any of the deposits provided for in Paragraphs First through Fourth above and so long as the amounts in the Debt Service Reserve Fund are at least equal to the then required reserve, any amounts in the Dormitory Revenue Fund, after reserving therein the then current Operating Reserve, may be used for any purpose of the University for which such funds may lawfully be used.

Fourth Supplemental Trust Agreement

The Debt Service Fund is irrevocably pledged to and shall be used by the Trustee for the payment of principal and interest on the Bonds and, until required for such purposes, shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing addressed to the Trustee, which writing shall determine that the maturity of the respective obligations is not later than the date on which such funds will be required for payment of such principal and interest. The Trustee shall transfer from the Debt Service Fund to the Paying Agents amounts sufficient to enable said Paying Agents to pay when due principal and interest on the Bonds, or the Trustee shall make such credit arrangements with said Paying Agents as to permit such payments.

The Debt Service Reserve Fund is irrevocably pledged to, and shall be used by the Trustee for, the payment of principal and interest on the Bonds if other available funds are insufficient for that purpose and, to the extent herein provided, for purchase or redemption of Bonds. Until required for such purposes it shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing, which obligations shall mature not more than five years from the date of investment. The Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund such amounts as are necessary in addition to amounts available in the Debt Service Fund, including funds transferred from the Contingency Repair and Replacement Fund, to enable said Paying Agents to pay when due the principal and interest on the Bonds.

Any amounts in the Debt Service Reserve Fund in excess of the required reserve provided for in Paragraph Second above shall be used to purchase Bonds for retirement or to redeem Bonds then subject to redemption to the extent and in the manner from time to time requested in writing by the President and the Fiscal Officer of the University. In calculating at any time whether additional amounts are required to be paid into the Debt Service Reserve Fund under Paragraph Second

Fourth Supplemental Trust Agreement

above and in calculating the excess over the required reserve, no value shall be given to any investments of the fund other than direct obligations of the United States maturing within five years from the date of such calculation, but, in all other respects, such investments shall be valued at their face amount or market value, whichever is lower.

The Contingency Repair and Replacement Fund is irrevocably pledged to, and shall be used by the University for, extraordinary repairs and replacements to the dormitory facilities or to construct or equip additional dormitory facilities or for the retirement of all then outstanding Bonds by purchase or redemption or for payment of the principal and interest by transfer to the Debt Service Fund as herein provided. The University shall transfer from the Contingency Repair and Replacement Fund to the Debt Service Fund such amounts as are from time to time necessary, in addition to the other amounts available in the Debt Service Fund and without use of the Debt Service Reserve Fund, to provide for the payment, when due, of the principal and interest on the Bonds and shall not use any of this fund for repairs or replacement or additional facilities if there is any deficiency in any of the deposits required to be made under sub-paragraphs First or Second of this Section. Until required for such purposes, the Contingency Repair and Replacement Fund may be invested by the President and the Fiscal Officer of the University in direct obligations of the United States maturing not more than five years from the date of investment.

Investments made pursuant to this Section 9 of any amounts in any Special Fund herein created and the interest thereon and the proceeds thereof shall constitute part of that Special Fund and be added to that particular fund. Such investments shall be sold, exchanged or collected from time to time as directed by the President and the Fiscal Officer of the University, and the Trustee shall be under no liability and have no responsibility in connection with such investment, or the sale, exchange or collection thereof, provided the directions of said officers are followed.

Fourth Supplemental Trust Agreement

Section 10. Trust Agreement. In order to secure the payment of the principal and interest on the Bonds, the President of the University and the Chairman of the Board of Trustees, and each of them, are authorized to execute, acknowledge and deliver as may be appropriate the Fourth Supplemental Trust Agreement in substantially the form attached hereto, and the Secretary of the Board of Trustees is authorized to seal and attest the same, with such changes not unfavorable to the University as the officers acting shall deem advisable and as shall be approved by the Original Purchasers of the Series H and J Bonds. The terms and provisions of the Trust Agreement are hereby confirmed and adopted and the terms of said Trust Agreement purporting to be applicable to the Series A and Series B Bonds or to the Project to be constructed from the proceeds of the Series A and Series B Bonds shall be deemed equally applicable to the Series H and J Bonds and the Project covered by this Resolution to the extent that the same are not inconsistent with the terms or provisions of this Resolution and the context so permits.

Section 11. Definitions. Where the context permits, the following terms as used in this Resolution or in the Trust Agreement shall have the following meanings: (1) "the Fiscal Officer" shall mean the Vice President, Business and Finance, of the University or any official or employee performing the duties of such officer for the time being. The Comptroller, or any official or employee performing the duties of such officer for the time being, shall also be "a Fiscal Officer" when the context so permits. (2) "Additional Bonds" shall mean Bonds issued pursuant to the Trust Agreement in addition to and on a parity with the Series A, B, C, D, E, F, G, H and J Bonds, and "Bonds" shall mean both the Series A, B, C, D, E, F, G, H and J Bonds and Additional Bonds; (3) "Agreement" or "Trust Agreement" shall refer to the Trust Agreement dated as of April 15, 1957 as from time to time supplemented pursuant to its terms; (4) "Dormitory Facilities" shall mean buildings, groups of buildings or parts of or additions to buildings, including the sites therefor, now or hereafter constructed, acquired by or under the control of the Board and authorized to be constructed, equipped, maintained and

operated by Section 3345.07 of the Revised Code of Ohio, including the dormitories, additions to dormitories, dining facilities, and married student housing facilities or projects located on or in close proximity to the campus; (5) "Net Income" shall mean all receipts of the operation of dormitory facilities after deducting therefrom the reasonable and proper operating and maintenance expenses thereof; (6) "Reasonable and Proper Operating and Maintenance Expenses" shall mean ordinary and usual reasonable expenditures necessary to the operation, repair and maintenance of the dormitory facilities including, without limiting the generality of the foregoing, taxes, fees and expenses of the Trustee and paying agents and any expenses required to be paid by the Bond Resolution or the Trust Agreement, but excluding provision or expenditure for depreciation or capital replacement or expenditures for administration or regulation of the occupants of the dormitory facilities which expenditures do not constitute costs of the type included as costs of operation of the dormitory facilities under the present accounting practice of the University or expenditures for extraordinary repairs or replacements or payments to the Debt Service Fund, Debt Service Reserve Fund or Contingency Repair and Replacement Fund; (7) "Trustee" refers to the Trustee under the Trust Agreement, presently The Ohio National Bank of Columbus; (8) Any reference to an officer of the University or of the Board in this Resolution shall refer to the person holding such office or, in the event of resignation, absence, incapacity or vacancy in such office, then the person performing the duties of such office; any reference to Section 3345.07 of the Revised Code of Ohio shall, where the context permits, mean said section as it now exists and as it is from time to time amended, supplemented or affected by later legislation.

Section 12. General. The appropriate officers of the University and the Board, the architects and engineers employed by the University, and the Trustee designated in the Trust Agreement are authorized and directed to do all things necessary or proper to carry out the terms and provisions of this Resolution, the Trust Agreement, the Sale referred to in Section 3 above and the Loan Agreement

Fourth Supplemental Trust Agreement

referred to in Section 4 above, and to effect the execution, sale and delivery of said Series H and J Bonds in accordance therewith if approved by the President and Fiscal Officer of the University. It may be required as part of the terms of sale of the Series H or J Bonds that prior to or at the time of delivery of either the Series H or J Bonds there shall have been executed and delivered contracts for construction of the principal portions of the Project and provisions shall have been made for obtaining sufficient amounts to pay all costs of the Project as estimated by the Project architect. The obligations imposed upon the University under this Resolution or the Trust Agreement are established as duties specifically enjoined upon the University, the Board and the officials of the University by law and result from their respective offices, trusts or stations within the meaning of Section 2731.01 of the Revised Code of Ohio.

Whereas, the texts of the Series H and J Bonds and the coupons, if any, to be attached thereto and the authentication certificate of the Trustee to be endorsed thereon are to be substantially as follows:

(Form of Coupon Bond)

The form of Coupon Bond shall be identical with the form of Coupon Bond set forth in the Trust Agreement dated as of April 15, 1957 except that there shall be substituted in such form in lieu of the corresponding paragraphs and Trustee's Certificate and corresponding coupon form in said Coupon Bond the following paragraphs and coupon form:

This Bond is a Series ____ Bond and is one of a duly authorized issue of \$6,500,000 of Dormitory Revenue Bonds, consisting of \$3,500,000 Series H Bonds and \$3,000,000 Series J Bonds of the University, issued and to be issued from time to time, pursuant to Section 3345.07 of the Revised Code of Ohio and the Resolutions of the Board of Trustees of April 8, 1957 and November 10, 1961 (herein collectively called the "Bond Resolution") for the purpose of paying the costs of constructing

If less than all the Bonds (or parts of Registered Bonds) of one maturity and of one series are to be called, the Coupon Bonds or portions of fully Registered Bonds of such series and of that maturity to be called shall be chosen by lot by said Trustee. Except in the case of redemption of a particular series from surplus proceeds of that issue as provided in the Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time.

The Series A, B, C, D, E, F, G, H and J Bonds, together with such Additional Bonds as may be issued on a parity therewith under said Agreement, are, and are to be, secured only, but equally and ratably without priority one over another by reason of number or of date of Bond, sale, execution or delivery, by the Agreement, creating a prior pledge of the receipts of all dormitory facilities now or hereafter under the control of the Board of Trustees as defined in the

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
NINE HUNDRED AND SIXTY-FIFTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 12, 1961

The Board of Trustees met at its regular monthly meeting on December 12, 1961, at The Ohio State University, Columbus, Ohio, pursuant to call of the Chairman.

Present: John W. Bricker, Chairman, Forrest G. Ketner, Smith L. Rairdon and Alan B. Loop.

* * *

The minutes of the last meeting were approved.

* * *

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Degrees Conferred - December 1961 Commencement

It is recommended that degrees be conferred at the December 15, 1961 Commencement to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix V, page 267.)

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

B. Honorary Degrees

On November 21, 1961, the Faculty Council recommended that the honorary degree, Doctor of Science, be awarded to:

Howard Bernhardt Adelman
Joseph Howard Humberstone
Fred Homer Pumphrey
Grote Reber

and that the honorary degree, Doctor of Humane Letters, be awarded to:

Harry Clifford Ramsower

It is therefore recommended that the Board of Trustees approve the Faculty Council recommendation and that these degrees be awarded at one of the Commencements of the year 1962.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the above recommendation was unanimously approved by a roll call vote.

C. Report on Campus Planning Study

The Board of Trustees in 1958 authorized the employment of the firm of Caudill, Rowlett and Scott to develop, in cooperation with the Office of Campus Planning, a master plan for the future development of the campus. A preliminary report, raising certain basic policy questions, was presented to the Board of Trustees on September 7, 1959. Subsequently, on April 8, 1960, the Board adopted a statement answering the questions raised in the preliminary report, and at the same time authorized the further employment of the consultants to complete the study.

The final report of Caudill, Rowlett and Scott is now completed, and is submitted herewith. In order to provide for the prompt and orderly completion of this project, it is now recommended:

1. That this final report be made a matter of record.

December 12, 1961 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Report on Campus Planning Study (continued)

2. That the President be instructed to arrange promptly for study and analysis of this report by members of his staff and others, at his discretion, and that not later than February 9, 1962, he make his recommendations to the Board of Trustees with respect to appropriate action adopting or modifying the master plan as presented in the report.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendations were adopted by unanimous roll call vote.

Following the above action, Chairman Bricker presented the following statement concerning the Campus Planning Study - Phase II:

I have examined the Phase II master plan report with some care. The scope and complexity of the problems with which it deals and the comprehensiveness of its recommendations fully warrant the decision to defer action until the President, with such advice and assistance as he elects to seek, has had ample opportunity to complete his analysis and present his recommendations.

There is, however, one aspect of the recommended plan which is pressing in nature and which can be safely considered in advance of our action on the total report. This is the part related to traffic, and more particularly to the separation of urban and campus traffic.

When I first entered the University 49 years ago, the campus was still in a rural setting on the outskirts of the city. There were a few automobiles, to be sure, but the main problem created by them was the scaring of horses. The campus today provides parking space for almost 8,000 motor vehicles, and still the cars of University employees and students spill out into the surrounding neighborhoods.

Moving vehicles posed no great problem in 1912. There was a trickle of slow moving traffic on Neil Avenue through the campus. The University was quite oblivious to the light traffic on the old Delaware Pike on the west bank of the river, which is now the Olentangy River Road. Today, Neil Avenue is clogged by non-University traffic each morning and afternoon, and urban traffic moves on many campus streets at speeds far in excess of the 20 miles per hour considered essential for the safety of the thousands of students who move from building to building each hour. This urban traffic, and campus traffic as well, also spills over into surrounding residential streets, which they are not designed to carry. The Olentangy River Road has become a major highway, and its intersection at Lane Avenue has become the busiest in the county.

We cannot drift for another 49 years, or even 49 months or 49 weeks, without launching a frontal attack upon the traffic problem on campus and the surrounding urban streets. It is imperative

I. GENERAL RECOMMENDATIONS (continued)

C. Report on Campus Planning Study (continued)

that we move as rapidly as possible to the implementation of the master plan recommendations with respect to the separation of urban and campus traffic.

The University can solve part of the traffic problem through its own efforts, but some aspects of the solution depend upon the understanding cooperation of other public agencies--federal, state, county, and city.

The routing of urban traffic around the campus, rather than through it, is the major contribution that these other agencies can make to the solution of the traffic problems of the University and of the surrounding residential neighborhoods. This involves the construction of east-west by-pass routes on the north and the south, and, if the proposed plan is followed, the improvement of Lane Avenue to handle more traffic with less interference with University operations.

The major problem requiring action by non-University agencies is the relocation of the Olentangy River Road. It is commendable that the state and city are collaborating in the study of the feasibility of several alternate routes for this highway, and it is hoped that there can be an early completion of these studies.

I have been advised that the Olentangy River Road now carries 32,000 vehicles per day on the segment across the river from the Stadium. The proposed improvement of this highway south of King Avenue and other contemplated street changes will greatly increase this volume, probably to 48,000 vehicles or more by 1980. Since the present highway, and the intersection at Lane Avenue, cannot handle this increased load, it is necessary that a road with a higher capacity and a better interchange be constructed, either along the present alignment or farther west.

Improvement of the road in its present location would require substantial encroachment on University lands for the construction of additional traffic lanes and the interchange. It would not be in the best interests of the University to grant the easements necessary for these improvements. A new location farther west, along the east side of the Chesapeake and Ohio Railroad, would permit the University to develop a unified academic area, which is essential for close cooperation among related disciplines, and it would remove a major obstacle to the free movement of students from one part of the central academic area to another. Return of the present Olentangy River Road right-of-way to the University is necessary for the proper placement of dormitories adjacent to the undergraduate academic buildings and to essential recreation fields. This change would also make it possible for the University to develop the river into a campus symbol in much the same way that the Oval is the symbol of the original campus.

I. GENERAL RECOMMENDATIONS (continued)

C. Report on Campus Planning Study (continued)

Even a preliminary study of this Phase II report indicates that the essential key to the success of the recommended plan is the relocation of the Olentangy River Road, and every reasonable effort should be made to bring this about at the earliest possible time. Failure at this point will plague the University and curtail its effectiveness for untold generations to come.

Mr. Ketner, Vice Chairman, spoke in support of the Chairman's statement and expressed the opinion that the relocation of the Olentangy River Road will not only provide great educational advantages to the University but will also result, if executed as recommended, in a significant saving of funds for the State of Ohio as well as adding to the convenience of personnel, students and the general public who travel to and about the University.

In conclusion the Chairman commended Dr. John H. Herrick, Executive Director, Campus Planning, and his staff and the consultants for the effective manner in which the Campus Planning Study - Phase II has been presented.

D. Naming of New Veterinary Pathology Building - Leonard W. Goss Laboratory

Upon the recommendation of the Faculty, the Executive Committee, and the Dean of the College of Veterinary Medicine, and with the concurrence of the Executive Director, University Relations, it is proposed that the new veterinary pathology building now under construction at 1925 Coffey Road be designated as the "Leonard W. Goss Laboratory."

Dr. Goss was widely recognized for the excellence of his teaching ability. He served as chairman of the Department of Veterinary Pathology from 1920 until the time of his retirement in 1947. During this period and under his leadership, the stature of the Department of Veterinary Pathology was advanced.

This recommendation has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the Board of Trustees by unanimous roll call vote approved the naming of the building located at 1925 Coffey Road as the "Leonard W. Goss Laboratory."

X. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of William Guy Hinton, Jr., Assistant Professor of Music, and Wilmer Garfield Stover, Professor Emeritus of Botany and Plant Pathology, and in accordance with instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished to the families of the deceased.

A. William Guy Hinton, Jr.

The Board of Trustees expresses its sorrow at the death on November 11, 1961, of William Guy Hinton, Jr., Assistant Professor of Music.

Dr. Hinton was born in Dayton, Ohio, on April 25, 1919. He received his Bachelor of Science Degree in Education at the University of Dayton in 1943, his Master of Music Degree at The University of Michigan in 1952, and his Ph. D. Degree at The Ohio State University in 1960. His education also included study at the Naples, Italy, Conservatory of Music in 1951.

Dr. Hinton's wide variety of professional experiences prepared him well for the position which he held at the University. He served as a Lieutenant Junior Grade in the United States Navy during the Second World War (1943-1946). In 1946 he was appointed to the position of Director of Music Education in the Randolph School in Englewood, Ohio, a position he held until 1950. He was then recalled into military service as a Lieutenant in the United States Navy during the Korean Conflict (1950-1951). In 1952 he was appointed Chairman of the Department of Music and Assistant Professor of Music at Wilmington College (Ohio), a post he occupied until 1956. During this period he also served as Supervisor of Music Education for the Clinton County Schools.

X. RESOLUTIONS IN MEMORIAM (continued)

A. William Guy Hinton, Jr. (continued)

In October 1956 Mr. Hinton began his doctoral studies at The Ohio State University. He was appointed Instructor in Music Education in 1957 and received the rank of Assistant Professor in 1960.

Dr. Hinton was a member of the Ohio Music Education Association and in 1961 served as the Director of the State High School Music Competitions. He was also a member of the Music Educators National Conference and at the time of his death was serving as the faculty sponsor of the student chapter of the Music Educators National Conference. He was a member of the National Association of Teachers of Singing and Pi Kappa Lambda, national honorary music fraternity.

Dr. Hinton was always interested in affairs of the church and had been active as the Director of Music in a number of churches, the most recent being the First Baptist Church of Columbus, Ohio, where he served as the Minister of Music. Dr. Hinton was a specialist in the field of music education and was particularly well known for his study of the problems of vocal music in the training of future music educators. During his brief period at the University, he exerted a strong influence upon the students with whom he came in contact. He was admired and respected by his students and by his professional colleagues.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Wilmer Garfield Stover

The Board of Trustees expresses its sorrow at the death on November 3, 1961, of Wilmer Garfield Stover, Professor Emeritus of Botany and Plant Pathology.

Dr. Stover was born on October 3, 1881, in Hancock County, Ohio. He received his A. B. degree from Miami University in 1909, his A. M. degree from the same institution in 1910, and his Ph. D. degree from The University of Wisconsin in 1921.

Dr. Stover spent almost his entire professional career in the service of The Ohio State University. Starting in 1910 when he first became an Instructor in the Department of Botany and Plant Pathology of the University, he served continuously on the staff except for one year, 1911-12, when he held a position as Assistant Professor of Botany at the Oklahoma Agricultural and Mechanical College. He rose successively through the academic ranks, becoming an Assistant Professor in 1914, a Professor in 1922, and an Emeritus Professor in 1952.

Professor Stover was a dedicated teacher, well liked and highly respected by both students and faculty. His greatest contributions to the University were made in the classroom. As a member of the faculty of the Department of Botany and Plant Pathology, he taught courses in General Botany, Mycology

B. Wilmer Garfield Stover (continued)

and Plant Pathology. For several years he also served part time as an Extension Plant Pathologist and made many friends throughout the State of Ohio as a result of his effectiveness in this capacity.

Dr. Stover's major scientific interest was in the fleshy fungi, especially the Agaricaceae, and his monograph on this group, although written in 1911, is still widely consulted. A number of graduate students obtained advanced degrees in either Mycology or Plant Pathology under Dr. Stover, and some of these persons occupy prominent positions in this country today.

Wilmer Garfield Stover was a man of broad interests. He was active in various phases of community life, and especially in church work. He was interested in people, a trait of his which was instinctively recognized by other persons and which put him on a friendly basis with many individuals both in and out of the academic world.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

\$425.00 be appropriated from the University Treasurer Account No. 19603, Research Facilities, for the purpose of installing a chemical hood and service facilities for Area 400 at the Research Center.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

B. Children's Hospital Research Facility

On September 8, 1961, the Board of Trustees authorized the President and/or the Vice President, Business and Finance, to negotiate a lease with The Children's Hospital for the operation of the Children's Hospital Research Facility. The lease has now been prepared and the terms are satisfactory to the Dean of the College of Medicine, the President of Children's Hospital and the Vice President, Business and Finance, of The Ohio State University.

Since this is a new venture no budget allocation is included in the current operations budget for 1961-62 for this facility.

It is, therefore, recommended that \$30,000.00 be appropriated from Item (f) of the University Treasurer Research Account as an operating fund to cover the cost of utilities, maintenance and housekeeping costs until such time as sufficient research grants are received and the indirect costs are of sufficient volume to cover such operating costs. It is clearly understood that the Children's Hospital Research Facility will be self-supporting within the next year.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Earl Jones, Professor Emeritus of the Agricultural Extension Service, and Arthur F. Schalk, Professor Emeritus of Veterinary Preventive Medicine, and in accordance with instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished to the families of the deceased.

A. Earl Jones

The Board of Trustees expresses its sorrow at the death on December 29, 1961 of Earl Jones, Professor Emeritus.

Professor Jones' life was one of dedicated and outstanding service to his Alma Mater and to Ohio people. He served 36 years as an Extension Specialist in Agronomy in the College of Agriculture and Home Economics at The Ohio State University, retiring from active service in 1956.

Professor Jones received his B.S. in Agriculture in 1912 and his M.S. in 1913, both at The Ohio State University. He served two years as an Instructor in Agronomy in Maine and five years as Extension Agronomist at Massachusetts College of Agriculture before returning to Ohio State.

Earl Jones endeared himself to his associates on the staff and to thousands of agricultural leaders throughout Ohio by being deeply concerned with problems of people and by diligently seeking with them the scientific solutions to their problems. His extensive training and broad experience in agronomy equipped him admirably to command the confidence, respect, and admiration of those with whom he came in contact. Thoroughness of approach to problems, perseverance in seeking solutions, and promptness in communicating with his constituents characterized his method of operation.

The total program of The Ohio State University was greatly enhanced by the contributions made by Professor Jones.

XI. RESOLUTIONS IN MEMORIAM (continued)

A. Earl Jones (continued)

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Arthur F. Schalk

The Board of Trustees expresses its sorrow at the death on January 12, 1962 of Arthur F. Schalk, Professor Emeritus of Veterinary Preventive Medicine.

Dr. Schalk was born in Hamilton, Ohio, on June 12, 1880 and received his Doctor of Veterinary Medicine degree from The Ohio State University in 1908. Prior to joining the staff of The Ohio State University's College of Veterinary Medicine, he served for twenty years on the staff of the Veterinary Science Department of the North Dakota State College of Agriculture. He was appointed professor and head of the Department of Veterinary Preventive Medicine at Ohio State in 1930 and served in that capacity until his retirement on June 30, 1950.

Professor Schalk's pioneering work in the field of veterinary preventive medicine was largely instrumental in establishing the importance of preventive medicine as a part of the veterinary educational programs in colleges of veterinary medicine in the United States and the major role now attached to preventive medicine in modern veterinary practice and animal production. His lifetime research activities and publications have contributed immeasurably to our knowledge in the broad field of animal diseases.

Dr. Schalk will best be remembered by his students as a dynamic, inspirational teacher, who was deeply concerned with his students' welfare. He was an active member of many State, national, and international professional organizations and in 1948 was awarded the Borden Award of the American Veterinary Medical Association for his research in cattle diseases.

Dr. Schalk also took an active interest in civic affairs. He was a member of the Columbus Board of Health for twenty years, during four years of which he served as the Board's president.

Because of his dedication to his profession through teaching, research and community service and particularly because of his pioneering spirit in developing the field of veterinary preventive medicine, Dr. Schalk has brought outstanding recognition to The Ohio State University and has exerted a lasting influence on the profession of veterinary medicine.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Report of the Finance Committee

Mr. Patton presented the following report concerning an application to the Federal Housing and Home Finance Agency for loan assistance:

Student Housing, Dining Facility and Central Commissary

It is recommended that an application for loan assistance, under Title IV of the Housing Act of 1950, be filed to obtain funds for three dormitories to house 2,442 single students, one dining facilities building for 1,800 students and a food service central commissary. It is estimated to cost approximately \$12,000,000.00, including architect's fees, roads, site improvement and movable equipment. The estimated cost of construction is \$11,200,000.00 and the estimated cost of movable equipment and other non-eligible costs is \$800,000.00.

The application will request a federal loan in the amount of 50% of the cost of construction, or \$5,600,000.00 and additional bonds will be sold to private investors for the balance of the construction costs, plus the cost of movable equipment and other non-eligible costs (total \$6,400,000.00).

NOW, THEREFORE, BE IT RESOLVED, that the President of the University and the Vice President, Business and Finance, of the University, or either of them, are authorized on behalf of the University to file an application or applications or amendments or supplements to existing applications in such form or forms as they shall deem advisable to obtain from the United States Government, acting through the Housing and Home Finance Administration, and pursuant to Title IV of the Housing Act of 1950, loan assistance in the amount of \$5,600,000.00 to cover one-half of the cost of the project known as Student Housing, Dining Facility, and Central Commissary, exclusive of the cost of movable equipment and such other costs as are not permitted to be included under the rules of practice of the Housing and Home Finance Administration.

Upon motion of Mr. Patton, seconded by Mr. Davis, the foregoing recommendation and resolution were approved by unanimous roll call vote.

THE OHIO STATE UNIVERSITY

Report of the President
on the
"Campus Planning Study--Phase II"

February 16, 1962

THE OHIO STATE UNIVERSITY

Report of the President on the "Campus Planning Study--Phase II"

February 16, 1962

SECTION A--GENERAL

The Board of Trustees at its meeting on December 12, 1961 received the Phase II report of Caudill, Rowlett and Scott recommending a master plan for the future development of the campus. In addition to making the report a matter of record, the Board's action on December 12, 1961 stipulated that the President be instructed to arrange promptly for study and analysis of this report by members of his staff and others, at his discretion, and that at the February meeting he make his recommendations to the Board of Trustees with respect to appropriate action adopting or modifying the master plan as presented in the report.

In keeping with the spirit of the Board's action, the report has been explained by the Executive Director of Campus Planning and others to more than a dozen groups of public officials, neighborhood residents, faculty members, students, and alumni. All faculty members received a 19 page digest of the report and copies of the complete report were made available to them on a loan basis. Copies of the complete report were placed in the reading rooms at the Faculty Club, the Ohio Union, and all campus libraries. The Executive Director of Campus Planning has reviewed the report with each college dean, with the Campus Planning Advisory Board, and with the President's Cabinet. The questions, criticisms, and counterproposals of these various groups and individuals have been carefully considered, and the results thereof are reflected in the recommendations that follow.

The analysis of the report by the administration, the faculty, and others clearly indicates substantial agreement with the report as a guide for future campus development. While more than 35 specific changes in the plan have been proposed, all of them can be accommodated within the broad framework of the recommended total plan. They are the kinds of changes that will continue to be proposed from time to time as programs and personnel are changed and as the details of plan implementation are developed. It is my judgment, therefore, that the Board of Trustees should adopt the recommended master plan now, together with the modifications explained in Section B hereof, and at the same time establish guidelines for later modifications. Action on the remaining suggested changes can then be delayed without prejudice and the Office of Campus Planning can proceed in due course to analyze and report on the suggested changes still pending.

This report completes the work of Caudill, Rowlett and Scott, and provides the kind of master plan contemplated when the study was authorized four years ago. The University should now take whatever steps are necessary for a continuation of such planning services as are essential to the orderly development of the campus within the general framework of this plan. There will be need for more detailed feasibility studies of parts of the plan, studies of staging the major developments, and more detailed analysis of many component areas of the campus. It was contemplated when the master plan was authorized in 1958 that the Office of Campus Planning would conduct these continuing studies, possibly with outside assistance from time

Report of the President on the "Campus Planning Study--Phase III"

to time. In a sense, then, the Office of Campus Planning must now move into what might be called the third, or continuing, phase of the project.

One of the more urgent needs is for studies of certain areas of the campus prior to architectural work on the first building therein. The west side of Neil Avenue north of 17th Avenue is one example. Here it is proposed to construct parking structures to take advantage of the change in elevation of the ground, use the top of the parking structures as a pedestrian plaza, and later to have several tall buildings rise from the plaza. The parking facilities probably will be constructed in stages and will undoubtedly precede the high-rise buildings. Before the first construction in this area can be planned with any measure of confidence, it will be necessary to conduct a preliminary study of the whole area covering such things as elevations of the various parking levels and the plaza, points of ingress and egress for parking, the column spacing that will best satisfy the needs of both the parking facilities and the future buildings above them, the rerouting of utilities, and the like. Other areas requiring similar advance study would include the proposed dormitory area on both sides of the river, the area in which new buildings are proposed south of the Stadium, and the entire Health Center expansion area. Such resources as are needed for these studies should be included at appropriate times in the University's requests for capital plan money.

Questions have been raised in a few circles about the need for and desirability of planning a campus for so great an expansion. It is suggested by some people that the size of Ohio State University should be restricted and that the other state universities should be enlarged. Simple analysis of inescapable population statistics quickly reveals that no such easy solution to the problem of providing facilities for higher education in Ohio is available. It is estimated that by 1970, only 8 years from next September, the college enrollment in all Ohio colleges will be 146,000 higher than it was last fall. The best estimates available indicate that 130,000 or more of these additional students must be accommodated in public institutions, existing or new. Since there are now 110,000 enrolled in public colleges and universities in Ohio, the increase of 130,000 would represent a gain of 118 percent by the end of this decade. All existing public institutions in Ohio, including Ohio State University, will be taxed to their utmost by substantial enrollment increases beginning almost immediately. In face of such facts, The Ohio State University cannot discharge its responsibility to the people of Ohio without making prompt preparations for accommodating more students. This requires a master plan for physical expansion of the University, as well as new procedures for more effective use of existing facilities on a year-around basis.

It is heartening that cost has seldom been mentioned in the discussion of the planning report. This is appropriate since the plan is a long range one that will be implemented over a period of many years as funds become available and as additional space is required. No one can predict at this moment the changes in technology, in price levels, in teaching and research requirements, and in the many other factors that will affect the size and cost of buildings to be constructed a number of years hence.

The immediate needs for capital improvements are grave and sizeable, and the problem has been aggravated by the almost complete lack of legislative appropriation for this purpose during the current biennium. These needs will be reassessed and the costs estimated during the coming summer as a basis for a request for funds to the next General Assembly, and this reassessment will reflect the provisions of the master plan.

SECTION B--MODIFICATIONS IN THE MASTER PLAN

It was pointed out in Section A that a number of minor changes in the plan had been proposed. Analysis of the proposed changes has proceeded to the point that action on four of them is possible at this time. A brief description of each of these four modifications follows:

1. The area along the west side of High Street between Lane Avenue and Woodruff Avenue was designated for University-related agencies (page 35). More specifically this was to be the site for new facilities for Chemical Abstracts. For a number of reasons, including primarily the continuing uncertainty about the availability of this site at an early date, the American Chemical Society has tentatively decided to locate Chemical Abstracts on the south side of Dodridge Street west of the river. This change would do no violence to any of the major principles underlying the plan, and could easily be accommodated. However, the plan would have to be changed in the area west of the river to conform to the boundaries of whatever tract is purchased by the American Chemical Society for Chemical Abstracts. The site originally contemplated for Chemical Abstracts on High Street could be used for some other related agency or could be added to the adjacent student housing area. Until a final decision has been made by the American Chemical Society, the master plan should be considered open in the two locations affected.
2. The groupings of dormitory buildings in the area north of Woodruff Avenue contemplated the provision of adequate recreation space within the site. It is essential that such provision be made. It now develops, however, that in order to meet the financial requirements of the dormitory program the tall dormitories will have to be expanded into land which had originally been reserved for recreation. The plan should be changed to permit this expansion, and the proposed dormitories north of Woodruff and west of Neil should be eliminated in order to provide the needed recreation space. No loss in total dormitory capacity will result from this change, and the recreation space will be somewhat larger and better proportioned than that shown in the report.
3. The report proposes Lane Avenue as a main east-west traffic artery in the urban street system. This is in accordance with the preliminary thinking of the staff of the City Planning Commission. While the University recognizes that much of the traffic on this street would be campus bound, and that the street would have to be designed to accommodate this traffic, the thousands of vehicles not University-oriented should be diverted, if at all possible, to another route or routes. The plan should be left open at this point to permit further efforts to find a more satisfactory solution to this problem.
4. The recommended plan proposes an area along the east side of North Star Road for possible future use for faculty housing. Recent plans for the future expansion of the Antenna Laboratory Building will require a considerable widening of the Antenna Laboratory Range, which is an open area devoid of buildings extending northward to West Lane Avenue. There is also the probability that the "saucer field" (saucer-shaped antennae) will be increased considerably, or that other sophisticated

Report of the President on the "Campus Planning Study--Phase II"

antenna arrays will be erected. With any such expansion, it would be detrimental to research to permit housing on the east side of North Star Road, because the mass of the buildings would interfere with the laboratory studies. For these reasons, the faculty housing area at this location should be deleted and the same area designated for joint use for Antenna Laboratory purposes and for agricultural teaching and research plots.

SECTION C--RECOMMENDATIONS

I now submit the following recommendations with respect to the master plan as submitted by Caudill, Rowlett and Scott, subject to the modifications indicated in Section B hereof:

1. That the Board approve and endorse in its principal features the proposed campus master plan and adopt it as a guide for future campus development with the stipulation that all future buildings, circulation facilities, major open spaces, and other major physical plant improvements shall be located in accordance with the plan, unless reasons for exception, which are acceptable to the President and the Board of Trustees, are presented in support of any proposed deviation.
2. That the pending suggestions for modification of the plan be carefully analyzed to determine what additional changes, if any, should be made at an early date; that other proposed changes arising from time to time be similarly considered; and that any proposed deviation from the plan as now adopted be consistent with the following basic principles and concepts:
 - a. The concept of a unified academic community, with the basic disciplines grouped around the Main Library at the heart of the central academic area, with the applied disciplines surrounding the basic disciplines, and with closely related disciplines (whether basic or applied) placed in reasonable proximity to one another.
 - b. The concept of a river campus, by which is meant the development of the river and its environs as an aesthetic asset which strengthens and enriches the concept of a unified campus.
 - c. The concept of a pedestrian campus, which is interpreted to mean the elimination of parked and moving vehicles (except for necessary emergency and service vehicles) from the central academic area, the avoidance of any further geographical dispersal of the academic facilities frequently used by students, and the placement of dormitories and other student housing in close proximity to the central academic area.
 - d. The concept of strict separation of urban and campus traffic with no urban traffic flowing through the central academic area on either side of the river.

Report of the President on the "Campus Planning Study--Phase II"

- e. The use of the campus loop roads and the conversion of some existing campus streets to pedestrian walkways as devices for creating a pedestrian campus.
 - f. The concept of parking zones with the elimination of most surface parking in the central academic area.
 - g. The concept of placing dormitories in close proximity to the central academic area and to outdoor recreation facilities.
 - h. The concept of locating service buildings, selected varsity athletic fields, continuing education, telecommunications, and other nonacademic facilities on the periphery of the campus in order to release space for teaching and research within the central academic area.
 - i. The concept of transferring to Don Scott Field those barns, pastures, agricultural lands, and other facilities that can effectively use the open spaces otherwise needed there, with the exception that limited facilities of similar nature should be kept near the central academic area of the main campus insofar as needed for frequent access by students.
 - j. The concept of developing within the central academic area more research facilities close to faculty offices and teaching facilities.
 - k. The concept of encouraging the development at appropriate places adjoining the campus of research-oriented industries and other university-related agencies.
 - l. The concepts of controlled density of land use; of permanent open spaces attractively designed and developed; of a pleasing variety of building types and sizes, textures of ground and building surfaces, and plantings; of emphasis upon excellence of architectural design; and of other devices for maintaining human scale and warmth regardless of size.
 - m. The concept of flexible design of buildings with joint occupancy of buildings by more than one department as needed in order to avoid distortion of the plan by major adjustments in building size or shape.
 - n. The concept of open-endedness with respect to the future enrollment of the University, insofar as this is possible without violence to other planning criteria.
3. That the Board of Trustees and the University administration move promptly and with vigor to bring about the implementation of the recommendations of the report with respect to separation of urban and campus traffic, including, as the most important prerequisite to the attainment of the total plan, the relocation of the Olentangy

Report of the President on the "Campus Planning Study--Phase II"

River Road, and including also the closing of Neil Avenue and other campus streets to non-University traffic and the construction of necessary by-pass routes to divert and facilitate the flow of urban traffic in the University district.

4. That the University cooperate with appropriate city, county and other public agencies in further study of the neighborhoods adjoining the campus, and at the proper times urge and support such zoning legislation or other action by the City Council or other public body or agency as required to strengthen, stabilize, and improve these neighborhoods, all in general conformity with the principles underlying the approved campus master plan.
5. That the President be authorized and instructed to proceed, through the Office of Campus Planning, to conduct such additional studies of feasibility, staging, and plan revision as are required for the effectuation of the plan, and that funds for such additional studies be included, as required, in capital plan monies requested of the General Assembly each biennium.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
NINE HUNDRED AND SIXTY-EIGHTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, March 15, 1962

The Board of Trustees met at its regular monthly meeting on Thursday, March 15, 1962, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: John W. Bricker, Chairman, Smith L. Rairdon, Alan B. Loop and Jacob E. Davis.

* * *

The minutes of the last meeting were approved.

* * *

President Fawcett reported the untimely death of Jacob B. Taylor, Vice President Retired and Professor Emeritus, on March 14, 1962. He advised that an appropriate Resolution in Memoriam, recognizing Mr. Taylor's many years of outstanding service to this University, will be presented to the Board of Trustees at the next regular meeting.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of a Department of Slavic Languages and Literatures Within the College of Arts and Sciences

The Faculty Council on February 13, 1962 approved the proposal of the Council on Instruction for the establishment of a Department of Slavic Languages and Literatures within the College of Arts and Sciences to be effective at the beginning of the Summer Quarter, 1962.

As of the current academic year, an undergraduate major in Slavic Languages and Literatures is available to students at Ohio State. The previous course structure has been revised considerably and a unified curriculum of courses in the Russian language and literature, the non-Russian Slavic literatures, and Polish has been established. Because the pattern of growth to the present time indicates that there will be even more growth in the future, and because the program in Slavic Languages and Literatures has developed to the point at which it can take its place in the University on an equal footing with the other language departments, it is logical that departmental status be given to this academic area.

It is recommended that the Department of Slavic Languages and Literatures be given status as a separate department in the College of Arts and Sciences.

Upon motion of Mr. Rairdon, seconded by Mr. Davis, the recommendation to establish a Department of Slavic Languages and Literatures was approved by unanimous roll call vote.

B. Recommendation for the Benjamin G. Lamme Meritorious Achievement Medal - Harry B. Warner

The Committee on Honorary Degrees and Awards of the College of Engineering, with the unanimous endorsement of the faculty of the College of Engineering, has nominated Harry B. Warner, President of the B. F. Goodrich Chemical Company, Cleveland, Ohio, for the Benjamin G. Lamme Meritorious Achievement Medal to be awarded at the June Commencement, 1962.

It is therefore recommended that this nomination be approved by the Board of Trustees.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

March 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Scholastic Requirements in Professional Division of the College of Engineering

The Board of Trustees, on July 10, 1959, approved the establishment of the Professional Division of the College of Engineering and changes in Rules of the University Faculty to implement establishment and operation of the Division. First admissions to the Professional Division were approved for Autumn, 1961.

In addition to the changes in Rules of the University Faculty which were approved July 10, 1959, it is the responsibility of the faculty of the College of Engineering under the provisions of the Rule 47.03 to establish rules on academic standards controlling warning, probation, and dismissal of students in the Professional Division of the College of Engineering subject to the approval of the Board of Trustees.

In accordance with this responsibility, the faculty of the College of Engineering recommends the establishment of the following:

POINT-HOUR RATIO - The point-hour ratio of a student in the Professional Division shall be computed on the basis of all course work undertaken while enrolled in the Professional Division.

WARNING - Any student in the Professional Division who fails to achieve a point-hour ratio of 2.0 on the work of any quarter shall be warned by the Dean that his scholastic progress is unsatisfactory and his parents or guardian shall be notified.

PROBATION and DISMISSAL - If at the end of any quarter a student's cumulative point-hour ratio is below 2.0, he shall be placed on probation. The conditions for removal from probation shall require that he either attain a cumulative point-hour of 2.0 or better at the end of his next quarter, or that he satisfy other conditions prescribed by the Executive Committee.

If a student fails to satisfy the conditions of his probation, he shall be dismissed. Notice of the dismissal shall be sent by the Dean to the student and to the student's parents or guardian.

DISMISSAL BY SPECIAL ACTION - If at any time the preparation, progress, or success of a student in his assigned work is determined to be unsatisfactory, the Executive Committee of the College of Engineering shall be empowered to dismiss him from the University.

WAIVER OF DISMISSAL - A dismissal required by the above rule may be waived for educationally sound reasons through special action of the Executive Committee of the College of Engineering.

March 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Scholastic Requirements in Professional Division of the College of Engineering (continued)

REINSTATEMENTS AFTER DISMISSAL - Any student who may be reinstated by the Executive Committee of his College following dismissal shall be subject to such special requirements as may be determined appropriate by the Executive Committee. If the performance records of any reinstated student do not meet the conditions specified at the time of reinstatement, then the Executive Committee shall consider all the facts in the student's case and determine whether dismissal by special action or a waiver for another quarter is indicated.

It is therefore recommended that the Board of Trustees approve the Scholastic Requirements in the Professional Division of the College of Engineering as set forth in the preceding statement.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the recommendation to approve the Scholastic Requirements in the Professional Division of the College of Engineering was unanimously approved by roll call vote.

D. Degrees and Certificates Conferred - Winter Quarter Convocation

It is recommended that degrees and certificates as approved by the Faculty Council be conferred at the Winter Quarter Convocation on March 16, 1962 to those students who have completed their requirements for graduation on that date. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix VIII, page 390.)

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

E. Dayton Area Academic Center - Authorization to Develop a Combined Program of The Ohio State University and Miami University

The Ohio State University in cooperation with the Aeronautical Systems Division of the United States Air Force has maintained for the past sixteen years a Graduate Center at Wright-Patterson Air Force Base near Dayton, Ohio. This Center was established for the purpose of providing advanced scientific and technical training to civilian and military personnel. Since the Autumn Quarter of 1960, this program has been available to any qualified students in the Dayton area. Miami University has for many years provided course offerings for the Dayton community and in 1954 established an academic center in Dayton. A thorough study of the future plans of the University of Dayton reveal that this institution alone cannot provide sufficient enlargement of opportunity to meet the needs of an increasing college-age population in the Dayton area.

March 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

E. Dayton Area Academic Center - Authorization to Develop a Combined Program of The Ohio State University and Miami University (continued)

The Area Progress Council of Dayton has now requested The Ohio State University and Miami University to consolidate their efforts on a site to be made available to these two institutions and a facility or facilities to be constructed from resources that are being raised locally in a \$6,000,000.00 fund-raising campaign. The University of Dayton is to receive \$3,000,000.00, and the two State universities are to receive \$3,000,000.00, which is to be used to construct and equip a facility or facilities for this joint effort.

The Ohio State University and Miami University already have experience in working cooperatively through a joint Ph.D. program authorized by the Board of Trustees on June 11, 1960. Personnel from both institutions have discussed the possible division of work in a new combined academic center and are convinced that, under a single administrative head appointed jointly by the two institutions and answering to the two presidents, the development of this new venture will have great promise for meeting the critical higher education needs in one of the large centers of population in this State.

It is therefore recommended that the Board of Trustees of The Ohio State University authorize the president to proceed in cooperation with the president of Miami University and the Area Progress Council of Dayton in the development of plans designed to provide for the Dayton area a combined academic center of the two State universities identified above. Further, it is recommended that a copy of this statement of intent be forwarded to the Area Progress Council of Dayton and to the president of Miami University with the understanding that as precise steps requiring action evolve out of the negotiations this Board will review and act upon them without delay.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the Board of Trustees by unanimous roll call vote approved the above recommendations.

F. Establishment of Branch Campus at Lakewood, Ohio

Under date of May 13, 1957, the Board of Trustees of The Ohio State University approved the policy of establishing branch campuses of The Ohio State University in the spirit of helping to find answers to Ohio's growing need for educational opportunities for its intellectually competent young people. Two campuses were established in the cities of Marion and Newark, effective with the opening of the Autumn Quarter, 1957. The Mansfield Campus opened Autumn Quarter, 1958 and the Lima Campus opened Autumn Quarter of 1960.

The City of Lakewood, which has been under study as a branch site, has agreed to meet all major conditions requested by this University; and also has agreed to (1) provide \$25,000.00 to bring the laboratories and library up to our standards, (2) underwrite any loss up to \$10,000.00 which may be incurred during the first year of operation, and (3) provide a minimum of thirty scholarships on a continuing basis.

I. GENERAL RECOMMENDATIONS (continued)

F. Establishment of Branch Campus at Lakewood, Ohio (continued)

On the basis of approval by the Council on Off-Campus Education and a supporting resolution adopted by the Inter-University Council of Ohio on February 27, 1962, it is now recommended that subject to satisfactory negotiations, a branch campus of The Ohio State University be established in the City of Lakewood, Ohio, effective with the opening of the Autumn Quarter, 1962 with a program of instruction consisting primarily of basic courses required for the first year of standard college work. In 1963 and succeeding years, the program of instruction will be expanded to include the basic courses required for the first two years of standard college work.

Upon motion of Mr. Davis, seconded by Mr. Loop, the Board of Trustees by unanimous roll call vote approved the establishment of a branch campus in the City of Lakewood, Ohio, subject to meeting the conditions set forth above.

G. Amendments to the Constitution of the Inter-University Council of Ohio

The Inter-University Council of Ohio at its meetings on January 5, 1962 and February 27, 1962 approved the following amendments to its Constitution in the manner described by Article IX, Section 1 through 3 thereof.

In accordance with Article IX, Section 3, these amendments are hereby referred to the Board of Trustees of Ohio State University for appropriate action. Acceptance by the Board of Trustees of each of the six participating institutions is necessary to the adoption of these proposals.

Amendment #1

That Article III, Section 1 of the Constitution of the Inter-University Council of Ohio be amended to read as follows:

"Section 1. Membership

The Council shall at any time consist of the President and one Trustee of each of the following: Bowling Green State University, Central State College, Kent State University, Miami University, Ohio State University, and Ohio University."

and further, that:

Article IV, Section 1 of the Constitution of the Inter-University Council of Ohio be amended to read as follows:

"Section 1. Officers

Officers of the Council shall be: Chairman, Vice-Chairman, and Executive Secretary. Following the order established in Article III, Section 1, the office of Chairman shall be rotated yearly among the presidents of the six institutions, provided that no one shall be eligible who has not served a minimum of two years as president of his institution. The institutional president next succeeding to Chairmanship of the Council shall serve as Vice-Chairman. The Executive Secretary shall be employed by the Council and shall serve at its pleasure."

March 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

G. Amendments to the Constitution of the Inter-University Council of Ohio (continued)

Amendment #2

That Article II, Section 2 of the Constitution of the Inter-University Council of Ohio be amended to read as follows:

"Section 2. Means

Through the Council the State-assisted institutions of higher education in Ohio shall cooperate closely, placing common goals above conflicting institutional preferences yet preserving maximum recognition of the independence and existing diversity in the individuality and traditions of each institution."

Amendment #3

That Article VII of the Constitution of the Inter-University Council of Ohio be amended to read as follows:

"Financing

That financing of the Secretariat provided in Article IV, of the biennial evaluations required by Article VI, of appropriate exercises of jurisdiction under Article V, and any other expenditures receiving Council approval shall be by yearly assessments laid upon the six institutions in proportion to their respective State tax appropriations for operating expense."

It is therefore recommended that the Board of Trustees approve the above amendments to the Constitution of the Inter-University Council of Ohio.

Upon motion of Mr. Rairdon, seconded by Mr. Davis, the amendments to the Constitution of the Inter-University Council of Ohio as approved by the said Council on February 27, 1962 were unanimously approved by roll call vote, and the Secretary was instructed to file said amendments with the Constitution and Bylaws of the Council as approved by this Board on September 8, 1961.

H. College of Engineering - Change of the Petroleum Engineering Curriculum and Degree Program to a Program of Courses in Petroleum Engineering Within the Chemical Engineering Curriculum

During the past several years the enrollment in the Petroleum Engineering curriculum has dropped to a very low level and a careful study of the situation has been made by the Dean of the College of Engineering, the Executive Committee of the College, and the Chairman of the Department of Chemical Engineering. Representatives of the petroleum industry and other educators in Petroleum Engineering have also been consulted on all aspects of the problem.

March 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

H. College of Engineering - Change of the Petroleum Engineering Curriculum and Degree Program to a Program of Courses in Petroleum Engineering Within the Chemical Engineering Curriculum (continued)

On the basis of this study, it has been concluded that the demand for Petroleum Engineering graduates in Ohio is not sufficient to justify the heavy investment by the University that would be required to maintain an accredited curriculum leading to a degree in Petroleum Engineering, and that as an alternative, elective and graduate courses in Petroleum Engineering should be maintained to provide opportunities for students in Chemical Engineering and in other departments to supplement their education with courses unique to the technology of petroleum related industry.

Therefore, upon the approval of the Faculty of the College of Engineering, the Council on Instruction, and the Faculty Council, it is recommended that effective Autumn Quarter 1962: (1) the curriculum leading to the degree Bachelor of Petroleum Engineering be abolished, (2) the combined curriculum leading to the combined degrees, Bachelor of Petroleum Engineering and Master of Science, be abolished, and (3) the degree Bachelor of Petroleum Engineering be abolished. This recommendation is presented with the understanding that a program of courses in Petroleum Engineering will be maintained within the Chemical Engineering curriculum.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation was approved by unanimous roll call vote.

C. Agreement Between The Ohio State University and Educational Services Incorporated for Technical Assistance to the Government of India Through the Agency for International Development

The Ohio State University has joined with a group of universities consisting of the University of California, California Institute of Technology, Purdue University, University of Michigan, Case Institute of Technology, Carnegie Institute of Technology, Princeton University, and Massachusetts Institute of Technology to assist in providing technical advice and assistance to the Government of India as a part of the foreign assistance program administered by the Agency for International Development.

The above universities have agreed that Educational Services Incorporated of Watertown, Massachusetts, should serve as the prime contractor for the group of universities; therefore, Educational Services Incorporated has entered into a contract (AIDc-2285) with the Government of the United States on February 21, 1962 to provide the technical advice and assistance to be rendered under said contract.

It is therefore recommended that the President be authorized to sign an agreement on behalf of the University with Educational Services Incorporated in which the University agrees to use its best efforts to assist in performing the required services by providing such technical and educational resources as may be agreed upon with the understanding that all costs for this program are to be covered by funds from the Agency for International Development through Educational Services Incorporated.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the Board of Trustees by unanimous roll call vote authorized the President to sign the contract between The Ohio State University and Educational Services Incorporated.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Annual Recognition Dinner - May 9, 1962

Upon the request of the Executive Director, University Relations, and with the concurrence of the Committee on Recognitions, it is recommended that the annual Recognition Dinner for faculty and staff, sponsored by the Board of Trustees, be held on Wednesday, May 9, 1962, at 6:15 p.m. in the Ohio Union, and that a sum not to exceed \$3,125.00 be appropriated from Endowment 4002 for expenses.

Upon motion of Mr. Rairdon, seconded by Mr. Davis, the appropriation of \$3,125.00 for the annual Recognition Dinner was unanimously approved by roll call vote.

B. Remodeling of Area 200/300 at Research Center

Aviation Psychology, in order to have sufficient room available for a research project, moved to an area in the Research Center formerly occupied by the Department of Geodetic Science. This move forces the Department of Geodetic Science to move into part of the area formerly occupied by Aviation Psychology and some remodeling is necessary to make the area suitable for their operation.

It is therefore recommended that an amount not to exceed \$11,200.00 be appropriated from the University Treasurer Research Account, Subaccount (b) - 19609.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

C. Remodeling Projects

At the request of the Vice President, Business and Finance, and with the concurrence of the President's Cabinet, it is recommended that an amount not to exceed \$30,000.00 be appropriated from Subaccount (f) of the University Treasurer Research Account No. 19999 for small remodeling projects which are approved by the President and for which no state-appropriated funds are available.

Upon motion of Mr. Rairdon, seconded by Mr. Davis, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

VI. EXTRA ORDERS AND EXTENSIONS OF TIME TO CONTRACTS (continued)

A. Dormitory "F" for Women

General Contract

It is recommended that the following changes be made:

1. Provide double chain link type gates at the drive-thru and the walk-thru passages to the court, complete with all hardware and heavy duty padlocks, master keyed to the building master key. Add \$580.00.
2. Reduce the height of the marble in the partitions between the showers and between the dressing spaces by raising the bottom 6" higher above the floor. Deduct \$183.00.
3. Move double doors No. VV-12 at entrance vestibule 6" north and make necessary changes in masonry, woodwork and hand rails. Add \$85.00.
4. Omit wire mesh partition in Transformer Room No. 21A. Deduct \$152.00.

Net addition \$ 330.00

Electrical Contract

It is recommended that the following changes be made:

1. Provide one porcelain light fixture on wall in elevator pit, switches at each of three access doors, one duplex receptacle, and necessary conduit and wiring. Add \$106.00.
2. Provide one 30 amp., 3 pole, 2 wire, 250 volt twistlock receptacle for coin operated hair dryers in each of 14 shower rooms, with necessary conduit and wiring back to panel boxes. Add \$1,184.00.

Total addition \$1,290.00

Funds will be provided from Dormitory Construction Funds for these extra orders.

March 15, 1962 meeting, Board of Trustees

VI. EXTRA ORDERS AND EXTENSIONS OF TIME TO CONTRACTS (continued)

B. Men's Housing No. 1 and 2

Electrical Contract

It is recommended that eleven mercury vapor lamps with ballasts be installed in lieu of standard incandescent lamps in the eleven outdoor fixtures for yard lighting.

Add \$810.00

Funds will be provided from Dormitory Construction Funds for this extra order.

C. Repairs in Mendenhall Laboratory, Rooms 101 and 104

General Contract

It is recommended that the cylinders on locks for all eight new doors be changed to our new standard lock system.

Add \$ 44.00

Funds will be provided from Account 19910, H. B. 390, for this extra order.

D. Motor Truck Platform Scales for Power Plant

It is recommended that an extension of time for completion of contract be approved from March 29, 1962 to May 31, 1962, because the inclement weather has prevented virtually all progress on the work.

E. Married Housing Project #2

On November 15, 1961, an extra order was approved for flood control and drainage work on this contract. Because of inclement weather conditions, much of this work has not been done and cannot be done until spring. In addition to underground work and grading, a large amount of seeding and sodding must be done. It is therefore recommended that an extension of time for completion of contract be granted the Outside Services Contractor from January 11, 1962 to May 15, 1962.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendations individually and collectively were approved by unanimous roll call vote.

Upon motion of Mr. Loop, seconded by Mr. Davis, the above recommendations were unanimously approved by roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with advertising for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter shall be reported to the Board of Trustees at a later meeting.

IX. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE

A. City of Columbus, Kinnear Road Sanitary Sewer Easement

At the Board meeting held on December 12, 1961, a resolution was passed authorizing the Secretary of the Board of Trustees to execute such documents as were necessary to grant an easement to the City of Columbus for the Kinnear Road Sanitary Sewer.

Since that time, the property now owned by The Ohio State University Research Foundation at the corner of Kinnear Road and Kenny Road and described as follows is being transferred to the Board of Trustees of the University by the Foundation:

IX. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE (continued)

A. City of Columbus, Kinnear Road Sanitary Sewer Easement (continued)

Being a rectangular parcel of land (measuring from the center of Kenny Road), being 225.85 feet east and west by approximately 508 feet (measuring from the center of Kinnear Road) north and south off of the west side of the following described premises:

Being part of Lots Nos. 1 and 2 of a subdivision of lands belonging to Jeremiah O. Lisle, made by order of the Court of Common Pleas of Franklin County, Ohio, in an action pending in said Court, numbered No. 33550, wherein the Citizens Savings Bank was plaintiff and Jeremiah O. Lisle et al were defendants, of record in Plat Book 5, page 751, Recorder's Office, Franklin County, Ohio, and more particularly described as follows:

Beginning at a point where the center line of the Kenny Road intersects the center line of Kinnear Road; thence along the center line of Kinnear Road, 426.70 feet to a point; thence northerly $3^{\circ} 45'$ east 509.24 feet to the south line of the spur tract of the Chesapeake and Ohio Railway Company; thence westerly along the southerly line of said right of way to the center of said Kenny Road; thence southerly with the center of said Kenny Road, 508 feet to the place of beginning, subject to all legal highways.

The easement requested is for a continuation of the same sewer line for which the Board granted approval and authority for the Director of Public Works to negotiate an easement on other University owned property on December 12, 1961.

To complete the record, it is requested that the previous action of the Board of Trustees be amended to include this property in the wording of the previous resolution, thus authorizing the Secretary of the Board of Trustees to proceed in accordance with previous instructions to handle the easement through this parcel of land when the title is properly vested with the Board of Trustees of the University.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above resolution was unanimously approved by roll call vote.

March 15, 1962 meeting, Board of Trustees

X. RESOLUTION IN MEMORIAM (continued)

A. Gladys E. Palmer

The Board of Trustees expresses its sorrow at the death on February 19, 1962 of Gladys E. Palmer, Professor Emeritus of Physical Education.

Gladys E. Palmer was born in Chicago, Illinois on May 26, 1895. She received the Bachelor of Arts degree from the University of Chicago in 1918 and the Master of Arts degree from The Ohio State University in 1935. From 1918 to 1922 she served as an instructor in physical education at the University of California at Los Angeles.

Miss Palmer came to The Ohio State University in 1922 as an instructor in the Women's Division of the Department of Physical Education. She served as chairman of her division from 1933 to 1951, attaining the rank of professor in 1936. Upon retirement from the University in 1957, she was granted the title professor emeritus.

Gladys Palmer served the Columbus and Franklin County community as a member of the Girl Scout Council; as a member of the Board of Directors, Columbus Counseling Bureau; as President of the Columbus Altrusa Club; and as Vice-Governor, Fourth District, Altrusa International. She served on numerous College of Education committees at The Ohio State University. She was chairman of the advisory committee on girls athletics of the Ohio High School Athletic Association, a group influential in improving the program of athletics for Ohio high school girls. Miss Palmer was the recipient of an Honor Award from the Ohio Association for Health, Physical Education and Recreation.

In 1938 Miss Palmer initiated the National Women's Collegiate Golf Tournament, which was held at The Ohio State University for the first few years. This was a significant and exemplary type of competitive sport event for women and still serves as the model for planning similar tournaments.

Miss Palmer's talents, her thorough and meticulous work, her leadership and professional insight, and her keen intellectual ability earned the admiration of colleagues and students throughout her thirty-five years of teaching and administration at The Ohio State University.

On behalf of the entire University, the Board of Trustees expresses its deep sympathy. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

April 6, 1962 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Student Fees

As a result of a very careful analysis of the financial resources available to the University for the 1962-63 fiscal year, it is concluded that a modest advance in student fees is necessary if the University is to (1) avoid a drop in the quality of its educational program, (2) remain in a fairly competitive position in its attempt to retain faculty members and search for others, and (3) keep pace with the increasing need for improved student facilities and services.

It is therefore recommended that effective Autumn Quarter 1962 student fees shall be in accordance with the schedule indicated below. All of the increase in student fees shall be deposited in the Incidental Fee Account with the exception of \$5.00 per Quarter per student, which amount shall be deposited in the Student Facilities Fee Account.

<u>College or School</u>	<u>Fees for Resident Students Per Quarter</u>	<u>Fees for Non-Resident Students Per Quarter</u>
Agriculture and Home Economics	\$110	\$260
Arts and Sciences	110	260
Commerce and Administration	110	260
Education	110	260
Engineering	110	260
Graduate School	110	260
School of Nursing	110	260
School of Optometry	147	297
Dentistry	230	380
Dental Hygiene and Dental Laboratory Technology	157	307
Law	132	282
Medicine	230	380
Pharmacy	115	265
Veterinary Medicine	150	300

All other fees as set forth by the action of the Board of Trustees at its meeting on March 11, 1960 shall remain unchanged.

Upon motion of Mr. Patton, seconded by Mr. Loop, the above recommendation to increase fees, effective Autumn Quarter 1962, was unanimously approved by roll call vote and a detailed schedule of student fees as approved above is included in the minutes of this meeting as Appendix IX, page 435.

April 6, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Revision of Rule 21.09 of Rules for the University Faculty

On March 13, 1962 the Faculty Council recommended that Rule 21.09, Speakers Rule, of Rules for the University Faculty, be amended by deleting Section 2 and inserting in place thereof the following:

Section 2. Officially recognized student organizations shall be entitled to issue invitations to guest speakers, subject to the prior written approval of the Faculty or Staff adviser. (See Rule 53.01.) In assuming sole responsibility for such invitations, the adviser need not personally desire the speaker but must be satisfied that the organization is acting in good faith and that an invitation would serve the best and overall interests of the University (as described in Section 1 of this Rule).

It is therefore recommended that this action of the Faculty Council be approved.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

C. Naming of Student Housing Units North of Campus

Upon the proposal of Mr. Frederick Stecker, Executive Director, University Relations, after consultation with appropriate administrative officers of the University, it is recommended that the nine low-rise student housing units that are to be erected in the complex north of the campus be named in memory of former students who are representative of the University's honored war dead. The student housing units to be named are identified as follows:

Student Housing Unit One	"Barrett House" In memory of Thomas W. Barrett, Agr. w'19
Student Housing Unit Two	"Halloran House" In memory of William I. Halloran, B.Sc. in Journalism '38
Student Housing Unit Three	"Blackburn House" In memory of John T. Blackburn, Com. w'42
Student Housing Unit Four	"Haverfield House" In memory of James W. Haverfield, B.A. '39
Student Housing Unit Five	"Norton House" In memory of Fred W. Norton, Jr., B.Sc. in Forestry '17
Student Housing Unit Six	"Scott House" In memory of Robert R. Scott, Arts w'41

April 6, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

Unit Eight In memory of William C. Nosker, B.Sc. in Agri-
culture '42

Student Housing "Archer House"

It is further proposed that the Central Dining Hall in this complex be named "Royer Commons" in memory of the late Ray M. Royer, who spent forty-eight years in the service of the University. He became the University's first purchasing agent in 1908 and served in this capacity until his retirement in 1950.

These proposals have the concurrence of the President's Cabinet and are in accordance with the By-Laws of the Board of Trustees. They are hereby recommended for your approval.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the Board of Trustees by unanimous roll call vote approved the naming of the student housing units indicated above.

D. Establishment of University Treasurer General Fund

Certain statutes were enacted by the 104th General Assembly that make it proper for the University to establish a University Treasurer General Fund for the receipt of repayments on self-liquidating projects and such other payments to the University as come properly within such a fund.

It is therefore recommended that the University General Fund be established in the University Treasurer Account.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

April 6, 1962 meeting, Board of Trustees

XI. RESOLUTION IN MEMORIAM (continued)

A. Jacob Bacchus Taylor (continued)

After receiving his B.S. degree from the University of Pennsylvania in 1921, Mr. Taylor joined the teaching staff of the University of North Dakota. He received his M.A. degree from that University in 1923 and advanced to the rank of Associate Professor in 1927. He joined the Ohio State faculty in 1927 as Associate Professor in the Department of Accounting, became Chairman of that Department in 1930, and received the rank of Professor in 1932. From 1939 to 1943, Professor Taylor took leave from the University to serve as Ohio's Director of Liquor Control and as a member of the Governor's Cabinet. His military career included service with the American Expeditionary Force Engineers in World War I and with the Audit Division of the Office of Fiscal Director in World War II. During this latter service he attained the rank of Lieutenant Colonel.

Professor Taylor was appointed Business Manager of The Ohio State University in 1946, Vice President in 1948, and Vice President and Treasurer in 1953. In 1952, he received the University's Distinguished Service Award. He demonstrated exceptional administrative ability in a leading role in the multi-million dollar postwar building program on the Ohio State campus. Leaving the campus in 1957, he became a financial executive for the General Telephone and Electronics Corporation in New York City.

As an author and teacher, Professor Taylor was one of the leading authorities of his day in financial accounting and business controls. With the late Professor Hermann Miller, he co-authored Intermediate Accounting, C.P.A. Problems, and Solutions to C.P.A. Problems, all of which became standard textbooks. He was a C.P.A. in North Dakota and Ohio, President of the American Accounting Association in 1937, and President of the Grand Council of Beta Alpha Psi, the national accounting honorary, in 1931. He was a member of Beta Gamma Sigma and Delta Sigma Pi.

Professor Taylor will be long remembered for his outstanding achievements both as an educator and administrator at the University, in government, during military service, and in the business world. He was eminently successful in all of his many fields of endeavor and served them with complete dedication. His efforts in the role as the University's liaison representative to the General Assembly gained him the confidence and respect of Ohio's legislators. In his death, the University notes with sorrow the passing of one who made a notable and permanent contribution to his community, state and country.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

May 18, 1962 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Modification of Campus Master Plan

The Board of Trustees at its meeting on February 16, 1962 adopted a master plan for the future development of the campus by approving the "Report of the President on the 'Campus Master Plan Study--Phase II.'" In Paragraph 1 of Section B of that report, it was indicated that the American Chemical Society was contemplating the purchase of property west of the Olentangy River for its Chemical Abstracts service, and that in event of such change of location the campus master plan would have to be modified.

The American Chemical Society has purchased the site west of the river, and it is now recommended that the campus master plan be modified as follows:

1. Change Area A on the attached map to "residence hall" use.
2. Change Area B on the attached map to "physical education and residence hall recreation" use.
3. Change Area C on the attached map to "related agencies" use.
4. Change Area D on the attached map to "related agencies" use.

It is further recommended that a copy of the above changes and the attached map be filed by the Secretary with the "Campus Master Planning Study--Phase II" report submitted on December 12, 1961.

Upon motion of Mr. Loop, seconded by Mr. Patton, the above recommendations were unanimously approved by roll call vote.

B. Urban Renewal Studies

The Board of Trustees on April 14, 1961 approved a set of maps and accompanying text as a development plan to be used in connection with an urban renewal project or projects in the campus area. These documents have now been revised to conform to the campus master plan which was approved by the Board of Trustees on February 16, 1962. It is therefore recommended that the approval of certain maps and text on April 14, 1961 be rescinded, that the new maps and text be approved, that the new maps and text be furnished to the City of Columbus for use in the development and prosecution of an urban renewal project or projects in the campus area, and that the Secretary be instructed to file the maps and text with the official records of the Board of Trustees.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the above recommendations were unanimously approved by roll call vote.

May 18, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Degrees and Certificates Conferred - Spring Quarter Commencement

It is recommended that degrees and certificates as approved by the Faculty Council be conferred at the Spring Quarter Convocation on June 8, 1962 to those students who have completed their requirements for graduation on that date. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix XI, page 529.)

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

D. Nomination for Honorary Degree - General Curtis E. LeMay

On April 10, 1962, the Faculty Council recommended that the honorary degree, Doctor of Science, be awarded to General Curtis E. LeMay at the June 8, 1962 Commencement.

It is therefore recommended that the Board of Trustees approve the Faculty Council's recommendation and that the degree indicated be conferred at the June 1962 Commencement.

Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the above recommendation was unanimously approved by roll call vote.

E. Modification of Policy for Allotment of Football Tickets

At its January 12, 1959 meeting, the Board of Trustees directed the Athletic Council to make an annual review of the allotment of football season books. As a result of this year's review, the Athletic Council on April 27, 1962 approved the proposal that any additional seats created in the Ohio Stadium in excess of the 79,658 capacity specified in the January 12, 1959 action of the Board of Trustees may be sold as season books. This proposal will increase the maximum number of season books that may be sold and therefore will allow the Athletic Department to accommodate an increased number of students, faculty and alumni. Further, it will maintain the priority system now in effect and will not reduce the number of individual game seats available within the confines of the concrete area of the Stadium for each of the priority groups.

It is recommended that the above proposal of the Athletic Council be approved.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above recommendation was approved by unanimous roll call vote.

Station to carry out a more effective educational program in the area of field crop production with special emphasis on the efficient use of harvesting machinery and automation of the farming enterprise. The Dean has further proposed that the Ohio Expositions Commission and other appropriate business, industrial and state agencies be invited to assist in the development of plans for this educational program in order that unnecessary duplication of effort might be avoided.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Construction of Office and Research Space on East Side of Stadium

By Board action of October 6, 1961, \$88,000.00 was appropriated from University Treasurer Subaccount (b) Building Remodeling and Expansion for construction of office and research space on the east side of the Stadium. \$18,000.00 be appropriated from University Treasurer Subaccount (b) Building Remodeling and Expansion so that Phase I of this project can be completed at this time.

The campus master plan provides that the space under the east side of the Stadium be used for ROTC. However, the extent and nature of the future ROTC programs are still in considerable doubt. Once these doubts have been resolved, an alternate location for ROTC will be selected, and the campus master plan amended accordingly.

Upon motion of Mr. Ketner, seconded by Mr. Loop, the recommendation for an additional appropriation of \$18,000.00 from University Treasurer Subaccount (b) Building Remodeling and Expansion was unanimously approved by roll call vote.

B. Midwest Program Airborne Television Instruction

The Ohio State University has received an invitation to become a charter member of the Midwest Program Airborne Television Instruction (MPATI). During the past two years The Ohio State University has served as a resource center and has been invited to continue in this role. Membership as a charter member would give the University a voice in the permanent organization of MPATI which will be closely related to our own development on the campus and in central Ohio. The University Advisory Committee for MPATI has recommended charter membership for The Ohio State University.

Upon the request of the Executive Dean of Special Services and with the concurrence of the Cabinet, it is recommended that the President be authorized to take the necessary action to become a charter member of the MPATI and that an amount of \$400.00 be appropriated from Account No. 12953 for the payment of the annual dues for the fiscal year 1962-1963.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

C. Ohio Journal of Science

Upon the request of the Joint Administrative Board of the Ohio Journal of Science and with the concurrence of the Vice President, Instruction and Research, it is recommended that \$3,000.00 be appropriated from Account No. 12953 for the use of the Ohio Journal of Science for the period from July 1, 1962 through June 30, 1963.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

May 18, 1962 meeting, Board of Trustees

It is therefore recommended that the Board allocate the sum of \$30,000.00 from Subaccount (f) in the University Treasurer Research Account to provide a fund which may be used for extra orders and architect's fees on projects under construction.

Upon motion of Mr. Rairdon, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of William John McCaughey, Professor Emeritus of Mineralogy, and Bert A. Wallace, Professor Emeritus of the Agricultural Extension Service, and in accordance with instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished to the families of the deceased.

A. William John McCaughey

The Board of Trustees expresses its sorrow at the death on April 8, 1962 of William John McCaughey, Professor Emeritus of Mineralogy.

William John McCaughey was born in Philadelphia, Pennsylvania, on June 21, 1882. After graduating from Philadelphia Central High School, he attended the University of Pennsylvania, where he received the B. S. degree in Chemistry in 1906. Graduate studies at Johns Hopkins University and George Washington University culminated in the Ph. D. degree from the latter institution in 1912.

Dr. McCaughey was Assistant Assayer for the United States Mint from 1906 to 1908 and Mineralogist for the United States Bureau of Soils from 1908 to 1911. In 1911 he joined the faculty of The Ohio State University as Assistant Professor of Mineralogy and became Acting Head of the Department of Mineralogy in 1913. In 1916 he attained the rank of Professor and was named Chairman of the Department, a post which he held until his retirement in 1952.

May 18, 1962 meeting, Board of Trustees

XI. RESOLUTIONS IN MEMORIAM (continued)

A. William John McCaughey (continued)

He was a member of the honorary fraternities Alpha Chi Sigma, Tau Beta Pi, Phi Lambda Upsilon, Sigma Gamma Epsilon, and Sigma Xi, serving as President of the Ohio State Chapter of Sigma Xi in 1928-1929. He held Fellowship in the American Geological Society and the Ohio Academy of Science. As a member of the American Mineralogical Society, he served as Councillor from 1932 to 1935 and Vice President in 1941. Other memberships included American Chemical Society, American Geophysical Union, American Institute of Mining and Metallurgical Engineers, American Crystallographic Association, Mineralogical Society of Great Britain and Ireland, and Deutsche Mineralogische Gesellschaft. From 1912 to 1916 he served as Assistant Editor of the Transactions of the American Ceramic Society.

Dr. McCaughey was well-known nationally and internationally for his contributions to microscopic mineralogy and thermochemical mineralogy and established and taught the first course in the latter subject in the United States beginning in 1911. He made outstanding contributions in the field of complex silicate systems at high temperature, and these studies have been of extreme importance in metallurgical practice. He also made significant contributions to ceramic technology. His outstanding work in this field was recognized by the American Ceramic Society when he was invited to present the Edward Orton Jr. Fellow Lecture at the Annual Meeting in 1936. He was honored by the Pittsburgh section of the Society when he was named the Bleining Medalist in 1954. He was to have received an Honorary Life Membership in the Society this very month.

As an educator Professor McCaughey epitomized the model teacher: extremely well-informed, enthusiastic about his subject, sympathetic and patient with the student, but uncompromising in regard to the highest standards of scientific accuracy. In his teaching, as well as his relations with former students and his associates at the University, he was unselfish in giving of his time, skill, and extensive knowledge and experience. In tribute to these accomplishments during 41 years as an educator, The Ohio State University conferred upon him its honorary Doctor of Science degree in 1953. He received the Lamme Award in Engineering Education in 1954. In 1960 a Graduate Fellowship in Mineralogy was established in his honor at the University.

In his passing, American mineralogy has lost one of its stalwarts; the University, one of its most inspiring teachers and faithful servants; and his former colleagues and students, a cherished hero and a sympathetic friend.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Bert A. Wallace

The Board of Trustees expresses its sorrow at the death on April 28, 1962 of Bert A. Wallace, Professor Emeritus.

May 18, 1962 meeting, Board of Trustees

XI. RESOLUTIONS IN MEMORIAM (continued)

A. Bert A. Wallace (continued)

Professor Wallace's life was one of dedication and outstanding service through education to the people of the States of Minnesota and Ohio. He was an educator of the first degree, having served as City Superintendent of Schools in Minnesota from 1898 to 1910; Head of Rural Department, Valley City, North Dakota, Normal School, 1910 to 1918; and as assistant instructor at the University of Minnesota 1918 to 1921. His service to Ohio people extended over a period of 25 years from 1921 to his retirement in 1946.

Professor Wallace attended State Normal School and later graduated from the University of Minnesota in 1917 and in 1920 received his M.A. He attended Chicago University during the summer and fall of 1927. Professor Wallace during his active years as an Extension Economist in Ohio became known as an authority on cooperatives throughout the State. He was known for his understanding of the cooperative movement and for his service to this activity. He was responsible for the development of an accounting system and for years analyzed the annual reports of the cooperative grain elevators of the State and made a detailed report for their study and use. He was known as an authority on cooperative laws and was instrumental in the revision of the bylaws of many of the cooperative marketing organizations throughout the State. He was an early leader in the organization of Production Credit Associations in the State and through this activity assisted thousands of farmers with their credit problems.

Professor Bert Wallace endeared himself to the staff of this institution and to thousands of agricultural leaders throughout Ohio. He was known for his deep concern with problems of people and his willingness to seek solutions with them based on scientific procedures. He is credited with having attended thousands of meetings throughout Ohio in the promotion of the educational program he represented. He was always welcome in any Ohio meeting of agricultural leaders because of the contributions he made.

The total program of The Ohio State University was greatly enhanced by the contributions made by Professor Wallace.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

Dr. Carson reported as follows:

Because there were no State-appropriated funds provided by the 104th General Assembly of Ohio for the acquisition of real estate, it is impossible to proceed at this time with the construction of eight buildings out of the fifteen projected for the North Residence Hall area. Therefore, the Housing and Home Finance Agency has requested that the remaining seven buildings of the project provided by the two loan agreements under Projects CH-Ohio 87(D) and 99(D) be consolidated and the resolutions, as drafted by Bond Counsel, Squire, Sanders and Dempsey, which are now under consideration by the Board of Trustees will effect the changes necessary to expedite the Residence Hall construction program.

Mr. Patton then presented the following resolutions:

a. Bond Resolution and Third Supplemental Trust Agreement

BE IT RESOLVED, that the Third Supplemental Trust Agreement, including Bond Resolution, attached hereto and made a part of these minutes (see Appendix X, page 494), is hereby approved, and the President of the University and the Chairman of the Board of Trustees are authorized to execute, acknowledge and deliver the same as may be appropriate in the form so presented to this meeting, and the Secretary is authorized to seal and attest the same, all with such changes not unfavorable to the University as the officers acting shall deem advisable or as shall be required by the rules or practices of the Housing and Home Finance Administration.

FURTHER RESOLVED, that the Third Supplemental Trust Agreement and the Bond Resolution therein approved at this meeting shall be changed in such manner as necessary to conform to the Loan Agreement approved at this meeting, and, as so changed, the same are hereby approved and adopted and said Third Supplemental Trust Agreement as so changed shall be executed, acknowledged, sealed and delivered as may be appropriate by the President of the University and the Chairman and the Secretary of the Board, or any of them.

Upon motion of Mr. Patton, seconded by Mr. Davis, the above resolution was unanimously adopted by roll call vote.

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers

President Fawcett made the following statement:

At the close of each meeting of the Board of Trustees recently, I have been commenting upon some highlights which I believed would be interesting to members of the Board. Since our last meeting my time has been consumed very largely on the issue of my interpretation of the Speakers Rule and my actions which were based upon University rules and regulations.

On Monday, May 14, 1962, I presented my views on this subject on the occasion of a special meeting of the faculty which was called under Rule 25.07. The results of that meeting are a matter of public information, and a copy of my address to the faculty was mailed to each member of this Board on the afternoon of the 14th.

Among other statements made by me on this occasion, I stated that channels were open for any clarification or rewriting of the Speakers Rule that might be needed. I suggested further that the matter might very appropriately be referred to the Faculty Advisory Committee to the President and the Board of Trustees or to some other committee and to the Board of Trustees for ultimate action. I have since written to the Faculty Advisory Committee and suggested that we might give this matter our early consideration.

Since my views on the entire issue have been set forth in my address to the faculty, I have no other comments to make on this subject.

SPECIAL MEETING OF THE OHIO STATE UNIVERSITY FACULTY

May 14, 1962

This special meeting of the University faculty was called pursuant to a petition submitted under Rule 25.07. The petition stated that the purpose of this meeting was "to discuss the meaning and application of Speakers' Rules in the light of recent Presidential Action." The recent presidential action referred to is my action in postponing indefinitely a meeting scheduled for April 25, 1962. I assume from the petition that you would like me to discuss with you certain of the broad principles which I believe must govern all of us as responsible members of a university community. I do this not to continue the debate in which we have found ourselves during the last several days but, rather, to make my position clear and to give such members of our University faculty who wish to speak an opportunity to express their views. It is my plan to make a statement concerning these matters and then to open the meeting for whatever discussion you may feel is appropriate.

First, I wish to re-emphasize that which I said when I found it advisable to postpone this meeting that was sponsored by one of our recognized student organizations. I believe strongly in free and responsible inquiry on this campus, and I subscribe wholeheartedly to Rule 21.01, including the following sentence therefrom: "Honesty and objectivity, however, must always be cardinal principles in teaching, and one who is not free in conscience has neither the right to teach nor the right to speak in a community of scholars which is founded upon the principle of intellectual integrity." Honesty, objectivity, and a free conscience are by Rule 21.01 made prerequisites for the exercise of academic freedom. Certainly academic freedom was never meant to become the weapon of its own destruction. It was not designed to become the tool of those who are not free and whose indoctrination of others would destroy freedom.

Our faculty must always be free to examine and to explore controversial matters as long as the examination and exploration are in keeping with moral and intellectual integrity. I have defended and I shall continue to defend this freedom. Our Rules for the University Faculty, as adopted by our Board, favor the fullest academic freedom which is consistent with an educational program. Responsible discussion and investigation are the foundation

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

of any university in a free society. In my view, without responsible free discussion and investigation, a university becomes nothing more than a propaganda tool designed to indoctrinate, not to educate.

This academic freedom, like all freedoms, can be exercised only with honesty, objectivity, and a free conscience. It is only when intellectual matters, including those involving controversy, are thus pursued that the best and over-all interests of the University are met. We must today be thoughtfully aware of that familiar paradox--freedom without restraint is not freedom at all; unrestrained freedom for some produces oppression of others. Our heritage is the social concept of freedom restrained by rules. The task of decision thus becomes the difficult one of balancing the desire for free and open discussion by all against the preservation of our heritage. I realize, as well as do you, that we must be careful not to destroy that heritage by seeking overzealously to preserve it. We must not destroy freedom in the name of freedom.

This job of balancing and of making decisions must fall to someone. As I understand administration, the State statutes, and our Rules, this task falls to me. While a governing board and its chief executive officer--in our case the Board of Trustees and myself--may delegate various duties, various responsibilities, and various powers, the ultimate responsibility for acts done by the organization or any of its parts must remain with the governing board and its chief executive officer. If the governing board or its chief executive officer knowingly permits an action to be taken by any member of the organization which cannot in good conscience be supported as a proper act of the organization, this is an abdication of that ultimate responsibility.

It is, then, the responsibility of the chief executive officer to consider the total effect upon the organization of any proposal arising from within the organization. His responsibility is to all those with a legitimate claim upon the organization rather than to any one group. The chief executive, more than any other member of the organization, is responsible for anticipating and weighing the results which come from any major decision and for attempting to insure that the decision produces the best foreseeable pattern of results.

The responsibilities of a university extend beyond the boundaries of the campus and reach to the entire state and nation. This fact must be recognized in the administration of a university. We face times when ideologies are being promoted not for the purpose of education but for the purpose of indoctrination. It is my view that we must not allow our schools and universities to become places in which objectivity gives way to indoctrination. As president, I am ultimately responsible for anticipating and weighing the complex results which will come from any major decision made on this campus.

In discharging responsibilities, an administrator must act in a reasonable manner. This faculty has a right to expect its president to make reasonable decisions based upon the academic criteria agreed upon by us as a faculty.

May 18, 1962 meeting, Board of Trustees

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

But the president, as the chief executive officer of this University, does have the authority to act and the responsibility for anticipating the effects of his judgment. A chief executive officer is more than an errand boy or an assessor of consensus. He is expected by the Board--and I believe by the faculty--to exercise leadership in University affairs.

The ultimate responsibility for governing this University rests, by statutes, in our Board of Trustees. These same statutes further provide that the Board has authority to adopt by-laws, rules, and regulations to govern The Ohio State University. These by-laws and rules, as adopted, make the president the chief executive officer of the University and provide that he is "responsible for the entire administration of the University." In discharging this responsibility, he must foster and promote instruction and research within an atmosphere of responsible academic freedom. He also is charged with a duty of enforcing the rules as adopted by the Board of Trustees. In short, the responsibility of the president rests upon the statutes of the State of Ohio and on the rules and regulations of the Board of Trustees.

I accepted the responsibility of president of this University with seriousness and with a resolve to aid the University in its development and growth. I would be neglecting my duty if I were to ignore activity on this campus which I believe would be detrimental to the over-all interest of this University in that development and growth, especially when the particular activity was my ultimate responsibility under University Rules. I believe that I am expected by this faculty, by the Board, and by the public to exercise leadership and to anticipate the effect which various activities within the University community will have on our primary goal of education. Of course, in the exercise of this leadership in an institution as large and complex as this one, major decisions are preceded by consultation.

In exercising leadership, every chief executive officer will make decisions which are not concurred in by all affected. You have a right to expect the president to act reasonably and in good faith within criteria which you have agreed are applicable to his decision. This I did in postponing indefinitely the meeting scheduled for April 25, 1962.

None of the principles which I have described in any way detracts from the responsibility of each member of our faculty to act at all times in the best interests of the University. None of these principles restricts the freedom of our faculty members to take part in the processes through which the Rules which govern this University are created or interpreted. Obviously none of these principles guarantees unanimous agreement about every administrative act. They do, however, establish a pattern through which the faculty of this University, working with good sense and good judgment, can promote the goals of the University and the prestige of individual faculty members.

With this general background, I shall now discuss the specific decision which brings us together today. Simply put, I decided that a scheduled meeting

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

sponsored by a student organization on this campus should be postponed indefinitely because I was convinced--and am still convinced--that holding this meeting would not have been in the best and over-all interests of this University. My decision was based upon our University Rules. This statement should be expanded. I shall outline my interpretation of Rule 21.09, the Guest Speakers Rule.

Our Guest Speakers Rule was written as a statement of policy. Rule 21.09 was the product of more than eighteen months of effort on my part to negotiate a policy between the Board of Trustees and the Faculty Advisory Committee--a policy that would provide reasonable latitude for faculty member to extend invitations to guest speakers and a policy that could be supported by the Board and by the faculty. The result was a compromise of positions. I do not look at the present words of Rule 21.09 as the final word of this University in regard to guest speakers. It is, however, our present position with more responsibility in the faculty than when I assumed the duties of president. More work may well be needed to sharpen criteria and to accumulate data to guide in decision making as we attempt to work together under its mandate. Moreover, because it is not written in the more precise words of our other Rules, it is fair to say that it might reasonably be interpreted in different ways.

When I read this Rule, I find that it contains a variety of terms about the responsibility for issuing invitations to persons to speak on this campus. Such phrases as these are contained in Rule 21.09: "The responsibility for initiating an invitation . . . is primarily a responsibility of the faculty . . ." Further, the Rule indicates that "in case of doubt" the faculty member should do all he can to remove that doubt, including, if advisable, discussing the problem with the president of the University. The Rule then states that the faculty member "assumes sole responsibility" for the invitation.

All of these references leave open the question of responsibility to whom. Some contend that this is a responsibility to the conscience of the individual faculty man extending the invitation. Others claim that this is a non-reviewable responsibility which is subject only to disciplinary action in the event irresponsible action is taken. I, many members of the faculty, and I believe the Board of Trustees, interpret our Guest Speakers Rule as making the faculty ultimate responsible to the president for invitations extended.

I rest this interpretation on the fact that the president is the chief executive officer of the University and is, under statutes and rules of the Board, responsible for the entire administration of the University. I rest this interpretation on the structure of Rule 21.09. This Rule recognizes the role of the president as the person who makes the ultimate decision "in case of doubt." Notice that the Rule does not say that it must be the faculty member who has the doubt; it says only "in case of doubt."

Finally, I rest my interpretation on what I understand was the intention of the Board of Trustees in adopting Rule 21.09. You will recall that prior to

May 18, 1962 meeting, Board of Trustees

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

this Rule all decisions as to guest speakers were made by the president. Rule 21.09 was passed to give the faculty member the primary (in the sense of in the first instance) authority to initiate an invitation to a guest speaker and to provide that the faculty man solely (in the sense of he alone) was to be responsible to the president for the invitation. Had it been the intention of the Board to grant a non-reviewable decision to the faculty in respect to guest speakers, such intent surely would have been stated clearly, and there would not have been the requirement in the Rule that he consult with his colleagues and ultimately the president. The requirement of concurrence in the faculty man's decision ultimately by the president is implicit in the requirement of ultimate consultation with the president.

It was with this interpretation of Rule 21.09 that I had to make the decision as to whether this particular meeting should be held on the Ohio State campus on Wednesday, April 25. I carefully followed regular University channels before reaching a decision. Within the framework of time available the problem was considered with the faculty man extending the invitation, with the Dean of his College, with the Executive Dean, Student Relations, with the Vice President, Instruction and Research, and with the Faculty Advisory Committee. I then determined that it was in the best interests of the University that this meeting be postponed for two reasons.

First, Rule 21.01 states: "Honesty and objectivity, however, must always be cardinal principles in teaching, and one who is not free in conscience has neither the right to teach nor the right to speak in a community of scholars which is founded upon the principle of intellectual integrity." Rule 21.09 states: ". . . those whose views do not contribute in some way to the University's educational program are not acceptable as guest speakers." Therefore, I made my decision based on my interpretation of the Rules and not based upon outside pressure as has been inferred.

The second reason for the action which I took centers on the meeting itself. It was scheduled for April 25. To my knowledge, until April 24 no one in University administration was aware that guest speakers had been invited. I did not know it until April 25. The student organization had not listed the names of its speakers when the room was reserved. For all we knew, this was to be a regular business meeting. The fact that there were to be guest speakers came to our attention on April 24 when a notice appeared on a bulletin board that a "rally" was to be held. The notice stated, "Our rally is a part of a national series of demonstrations protesting the new hearings." Essentially what I did was to bar a demonstration. The term "rally" may accurately state what the students had in mind, but it is not appropriate to describe a scholarly presentation in the tradition of academic objectivity.

This general build-up, coupled with a last-minute, three-speaker package deal, all combined to convince me that this University was to be used for a propaganda venture rather than for an educational meeting, and I did not then and I do not now feel that any expression of views under those circumstances contributes in any way to the University's educational program within Rule 21.09.

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

Although I assume that some of you may desire to turn this meeting into an argument about the items of evidence which were presented to me, I believe that such an approach would not be of benefit to this University. Even though I recognize that the existence of academic freedom turns on how individual cases are decided, I believe that I have demonstrated through past behavior that I sincerely believe in the principles of academic freedom and will intervene only in extreme cases. Throughout my tenure as president of this University, I have attempted to respect the traditional rights of faculty members in an academic community. In spite of pressures from one source or another, to my knowledge I have never interfered with a faculty member in his personal teaching, writing, research, or community activities. As a matter of fact, I have defended the right of faculty members to criticize legislators, governors, and members of the University administration. I cannot believe that I have in any way acted to create a valid opinion that I neither understand nor defend academic freedom.

I knew the comments which would follow my decision. I knew that the easy, indeed the cowardly, way would be to remain silent. My conscience would not permit me to do so. I believe the Rules required me to act. Inaction at this point would, in my opinion, have amounted to shirking my responsibilities as president of this University. From the viewpoint of the administrator, the easy way would be to permit all persons free access to University facilities and student audiences. Such a course would not only be a breach of the University's Rules, but it would lead to a complete disruption of the orderly educational process and a conversion of the University to a haven for propagandists.

After I made the decision I wrote to the Chairman of the Faculty Advisory Committee and suggested that that Committee might wish to assess the action of the faculty man extending the invitation and to examine the performance of the president in the light of his role at this University. I also requested that our chapter of the AAUP address itself, among other things, to the question of responsibility. An analysis of our current problem cannot be made in the absence of a clear-cut statement of the responsibilities which a faculty accepts on behalf of the freedom it expects. I cannot agree that it is possible to take votes on freedom in the absence of votes on responsibility.

It is because of my understanding of the meaning of academic freedom and responsibility as related to this University that I am convinced I could act in no other way than to have postponed the meeting under question. The action I took is the type of action that is inherent in any organized group and is inevitable where rules exist which must be administered.

Much of the controversy about our Guest Speakers Rule appears to assume that conferring the power upon the president to review decisions made by individual faculty members is somehow inconsistent with freedom. I do not accept this assumption. I agree with a sentence cited by Justice Cardozo,

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

"If liberty is a social conception, there can be no liberty without social restraint."¹ Authority in the hands of one person or a group of persons does not necessarily infringe upon the freedom of those who are subject to the authority. Decisions which are made in accordance with criteria which have been accepted by the community governed by the decisions are not an infringement on freedom as long as there are methods for seeking changes in criteria. In this particular case, I do not believe that the president of this University exercises arbitrary power if his review of faculty choice is made in accordance with criteria acceptable to the faculty.

My critics are claiming that my act of postponing indefinitely the demonstration scheduled on this campus was a denial by me of the right of free speech. I think an honest appraisal of the question I have been discussing with you demonstrates that the question of free speech is not the current question. The sole question before us now is who, under Rule 21.09, has the authority to refuse permission for a guest speaker to appear on the campus. The faculty member by refusing to issue an invitation or by refusing to approve an invitation under Rule 21.09 would have barred the demonstration just as effectively as did my action. From the standpoint of free speech, the denial would have been the same--this location would not have been available for these speakers. Yet I doubt that such action by the faculty man would have called forth the furor that my action has created. The instant question, therefore, is not whether access to the University campus can be denied to a speaker (the possibility of such a denial has been established by the Rules), but rather who, under the Rules, has the power to make and the responsibility for such a denial.

Now, in order to inform you of one of the recent developments, I wish to read to you a letter which I received bearing the date May 1, 1962 and bearing the signature Phillip Abbott Luce.

EMERGENCY CIVIL LIBERTIES COMMITTEE
421 Seventh Avenue, New York 1, N. Y. Oxford 5-2863

President Novice G. Fawcett
Ohio State University
Columbus, Ohio

Dear Sir:

It has been reported that you are considering making public a statement that may be defamatory of me. I wish to advise you that I shall hold you, and the university of which you are President, fully accountable in the courts for any injury that you may cause me.

If it is your intention, notwithstanding the above, to comment on me at a meeting as the reports indicate, then I must insist on my rights to have counsel present. I would therefore appreciate a prompt reply to this letter advising me of the time and place of the intended meeting.

Yours truly,

S/ Phillip Abbott Luce

Phillip Abbott Luce

I am confident Mr. Luce did not intend to accommodate me when he wrote that letter. I am certain I do not intend to accommodate him by resorting to the tactics which he suggests and evidently anticipates.

The important problem--the problem which must command your time and effort and my time and effort--is how we can best proceed to make this a better University. What steps can be taken now within the bounds of responsibility I have attempted to outline which will give our students an opportunity to develop their interests, their healthy curiosities, and their intellectual capacities to the utmost?

What does all this mean for the future? Some of you may say that it means each member of this faculty can invite a guest speaker only in the constant fear that the president will intervene to cause embarrassment. Of the many

XII. REPORTS (continued)

B. Report by President Fawcett on Interpretation of Faculty Rule Concerning Guest Speakers (continued)

Special Meeting of The Ohio State University Faculty

meetings with outside speakers which take place on this campus each year, this is the only case in which I felt it necessary to intervene. Parenthetically, let me add that in many cases it has been suggested that I exercise my authority to cancel scheduled talks. In each instance I carefully reviewed the facts and refused. Thus, I have not and do not intend to use this authority to cause embarrassment. I will use this authority only when I come reluctantly to the conclusion that the Rules and the welfare of the University prohibit the appearance of the speaker.

I do believe, however, that this incident has caused careful thought about our Guest Speakers Rule. Perhaps from the many letters and articles that have been written about Rule 21.09 we can draw positive ideas from which changes in the Rule may be recommended. I am especially concerned with the criteria that are set forth for the faculty man and for me to apply in reaching our decision. I believe that all of us would welcome a more careful statement of these criteria. If you agree with me, I suggest that there are channels available for the development of such a statement. In my view the problem of clarification or rewriting of the Rule should be referred to the Faculty Advisory Committee or some other committee and to the Board of Trustees for early consideration and consultation and for ultimate action by the Board of Trustees. At the same time, a study could be made of a more satisfactory procedure for notification of just when a guest speaker is to be invited. These procedures could help save unnecessary embarrassment as well as remove the pressure of time in reaching these decisions.

In conclusion, I want to say without bitterness that the past several days have been difficult for the University and for me personally. One of the significant events of the academic year, the International Symposium on the Role of Food in World Peace, was all but buried under the impact of this controversy. Meetings of potential importance to this University were postponed or canceled as I and others dealt with the deluge of material concerning this affair. It is true that all of us attach importance to academic freedom and responsibility. I want only to strengthen our understandings of this freedom and this responsibility as they are defined in our Rules. It is my hope that from this controversy will come a clearer understanding of our roles in promoting the instruction, research, and service efforts of this University. I must and I do rely upon the good faith, the reasonableness, and the good judgment of each one of you every day. I have always tried and shall continue to try to merit the same reliance upon me by you.

/s/ Novice G. Fawcett

The principal and interest of the Series E, F, G and H Bonds shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, at the principal office of the Trustee under the Trust Agreement (said Trustee at the time of issuance of the Series E, F, G and H Bonds being The Ohio National Bank of Columbus, Columbus, Ohio), or, at the option of the holder, at the principal office of Morgan Guaranty Trust Company of New York, in the Borough of Manhattan, City and State of New York except that interest on fully registered bonds is payable by check as provided in

Third Supplemental Trust Agreement

the Trust Agreement, and principal on fully Registered Bonds may also be payable at such additional place or places, at the option of the holder as shall be designated by the Fiscal Officer of the University. The Series E, F, G and H Bonds are subject to call for redemption prior to maturity at the option of the Board on April 15, 1973 or on any interest payment date thereafter. Each such series shall be callable in the inverse order of the maturities of the Bonds of that series at par and accrued interest to the redemption date plus redemption premiums as follows:

- 4% if called April 15, 1973 to October 15, 1977, inclusive
- 3% if called April 15, 1978 to October 15, 1982, inclusive
- 2% if called April 15, 1983 to October 15, 1987, inclusive
- 1-1/2% if called April 15, 1988 to October 15, 1992, inclusive
- 0% if called thereafter.

If less than all the Series E, F, G or H Bonds of one maturity are to be called, the Coupon Bonds or portions of fully Registered Bonds of such series and of that maturity to be called shall be chosen by lot conducted by the Trustee under the Trust Agreement. Such call for redemption shall be made by notice, specifying the numbers of the Series E, F, G or H Bonds to be called, published by the Trustee on behalf of the University once a week for two consecutive weeks in a financial newspaper of national circulation published in the English language in New York City and in an English language newspaper of general circulation in Columbus, Ohio, the first publication to be not more than forty (40) nor less than thirty (30) days prior to the date of redemption. Any bonds thus called for redemption and for the retirement of which funds are deposited with said Trustee as provided in the Trust Agreement on or before the redemption date shall cease to bear interest on said redemption date. Except in the case of redemption of Bonds of a particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time.

The Series E, F, G and H Bonds shall have such other terms and conditions and shall be issued, executed and delivered as provided by the applicable provisions of the Trust Agreement.

Third Supplemental Trust Agreement

Section 3. Sale of Series E Bonds. The \$5,500,000 Series E Bonds shall be offered for sale, by solicitation of proposals from investment bankers and others or by advertisement or both, to the highest bidder based on the lowest net interest cost, in such manner and on such terms as determined by the President or the Fiscal Officer of the University.

Section 4. Sale of Series F, G and H Bonds. The \$1,200,000 Series F Bonds, the \$1,350,000 Series G Bonds, and the \$2,850,000 Series H Bonds shall be advertised for sale, awarded, issued, authenticated and delivered pursuant to the terms and provisions of the Loan Agreement with the United States of America acting through the Housing and Home Finance Administrator. Any of said Series F, G, or H Bonds awarded to the United States pursuant to said Loan Agreement shall be sold to the United States at par and accrued interest to the date of delivery. Said Series F, G, and H Bonds shall be sold as provided in the Loan Agreement and issued at one time or from time to time to the Original Purchasers thereof upon written request of the Fiscal Officer of the University to the Trustee as provided in the Trust Agreement, provided that any Series F, G, or H Bonds sold to the United States, acting through said Administrator, shall be issued at such time as shall be provided for in said Loan Agreement.

Section 5. Allocation of Proceeds of Series E, F, G and H Bonds. The proceeds from the sale of Series E, F, G, and H Bonds shall be allocated and applied by the University as follows:

(1) The portion representing accrued interest to the Debt Service Fund provided for in the original Trust Agreement to be held by the Trustee, and the portion representing premium above par paid to the University for such Bonds, to the Debt Service Reserve Fund so provided for.

(2) From the proceeds of the Series E Bonds such amount as is verified by the fiscal officer of the University to be needed for the purchase of movable equipment for the project to the "Equipment Fund"

Third Supplemental Trust Agreement

hereby established to be held and applied to provide such movable equipment for the project in the same manner as the Equipment Fund provided for in the original Trust Agreement with respect to the Series A and B Bonds. Any balance in the Equipment Fund not needed for such purposes shall be transferred to the Construction Fund.

(3) To the University the amounts necessary to reimburse the University for amounts expended by it on construction of the project prior to issuance of the Series E, F, G, and H Bonds.

(4) The balance to the Construction Fund to be held by the Trustee to complete construction of the project and to pay, or secure by pledge or otherwise on such terms as the Fiscal Officer shall determine, any or all expenses of the project and the financing thereof (including any amounts borrowed by the University to pay project costs and interest thereon, capitalized interest, legal, engineering, and administrative expenses, and inspection costs, and all other Project Development costs under the Loan Agreement). After payment of all said costs the balance in the Construction Fund shall be applied as follows: 54/109 to retirement at par plus accrued interest in inverse order of maturity of Series F, G, and H Bonds if any then held by the United States and the portion not needed for such retirement of Series F, G, and H Bonds shall be transferred to the Debt Service Reserve Fund.

No part of the proceeds of Series F, G, or H Bonds sold to the United States acting through the Housing and Home Finance Agency shall be used to pay costs (including cost of movable equipment or fees of a financial advisor) which, under the rules, regulations or practices of the Housing and Home Finance Agency, may not be paid from proceeds of bonds purchased by the United States through that agency, and proceeds of Series F, G, and H Bonds purchased by the United States

Third Supplemental Trust Agreement

as aforesaid shall be segregated in the Construction Fund to the extent necessary to effect the foregoing.

The Trustee shall apply said Construction Fund and Equipment Fund to the payment of such items as from time to time are requested in writing by a Fiscal Officer of the University. Such written request shall include a certification by such official that the amount to be paid from such Construction Fund or such Equipment Fund constitutes authorized payments from such fund under the foregoing provisions of this Section 5. If the payment is to be made with respect to an obligation under a construction contract relating to the Project, such written request shall further certify that such payment was certified as due under such contract by a qualified architect or engineer. If the payment is to be made from proceeds of Series F, G, or H Bonds sold to the United States acting through the Housing and Home Finance Administrator, the (1) said certificate shall certify that the costs to which such payment is to be applied constitute costs which may be paid from such proceeds under the rules, regulations and practices of the Housing and Home Finance Agency, and (2) if the United States so acting shall purchase any of the Series F, G, or H Bonds, and so long as it shall hold any thereof, such payment shall be subject to such prior written approval of a representative of said agency as may be required in writing by said Administrator.

The Equipment Fund and the Construction Fund shall be invested by the Trustee in such direct obligations of the United States as shall be directed in writing by the President or a Fiscal Officer of the University, which writing shall designate maturities and amounts which, as nearly as practicable, would, through maturities, provide funds when needed to pay costs for which the respective funds have been established. Such investments and the proceeds of sale thereof may be applied by the Fiscal Officer to any authorized purpose of Construction Fund and shall constitute part of the fund from which the investment was made. Interest on such investments may be paid to the Dormitory Revenue Fund or applied to the purposes of the fund from which the investment was made as from time to time determined by a Fiscal

Officer of the University. The said investments shall be applied, transferred, delivered, sold, exchanged or collected from time to time as directed in writing by the Fiscal Officer of the University and the Trustee shall be under no liability provided the directions of said officers are followed.

Section 6. Additional Bonds. (a) The Board shall have the right from time to time to issue Additional Bonds under the Trust Agreement if necessary to pay the costs of completing the Project or completing any projects for which Series E, F, G, or H or Additional Bonds, are issued. The Trustee shall authenticate and deliver such Bonds upon (but only upon) receipt of the documents required by Section 2.03 of the Trust Agreement. Nothing herein or in the Trust Agreement shall require any earnings coverage, or certificate with respect thereto, in connection with Additional Bonds issued for completion of a project.

(b) The Board shall also have the right from time to time to issue Additional Bonds under the Trust Agreement to provide funds for purposes authorized by Section 3345.07 of the Revised Code of Ohio, including construction and equipment by the University of buildings to be used as dormitories or as other living quarters or the refunding of outstanding bonds or notes issued under said Section 3345.07. The Trustee shall authenticate and deliver under the Trust Agreement Additional Bonds issued under this subdivision (b) if, (but only if), when such Additional Bonds are issued, the University shall have furnished to the Trustee in addition to the documents required by Section 2.03 of the Trust Agreement, a certificate of the President and the Fiscal Officer of the University, approved by the Board of Trustees, (1) showing that (a) the actual net income from the dormitory facilities of the University (excluding net income from any dormitory facility which is to be abandoned or which is not suitable for continuous use as a dormitory facility for the term of such Additional Bonds) for the preceding fiscal year, as adjusted, if necessary, to reflect the schedule of rates and charges to become effective at the beginning of the next semester, quarter or other school period and to give recognition to any anticipated changes in operating costs; plus (b) the estimated annual net income of the

Third Supplemental Trust Agreement

dormitory facilities to be financed through the proceeds of the sale of such Additional Bonds will be equal to or greater than one and three-tenths (1.3) times the maximum amount to become due in any succeeding fiscal year for the payment of principal and interest charges on the Bonds then outstanding hereunder and on the Bonds then to be authenticated and delivered; (2) showing that, until the dormitory facility being constructed from the proceeds of the Additional Bonds, is ready for occupancy, funds then available from net income, bond proceeds, gifts, legacies, devises or grants or other sources for payment when due of principal and interest on the Bonds will be at least one and three-tenths (1.3) times the principal and interest requirements for that period; (3) showing that there were not included in net income any receipts against which there is any prior claim other than the use thereof for the operating expenses included in computing the net income; (4) furnishing such other information in support of the foregoing as may reasonably be requested by the Trustee; (5) showing that the computations of estimates provided for above are based on an assumed occupancy of not more than 95% of capacity of the dormitory facilities in question.

The first call date on Additional Bonds shall not be earlier than the first call date on any issue of Bonds outstanding at the time of issue of such Additional Bonds.

Section 7. Terms of the Bonds Generally. As used in this Resolution, the term "Bonds" refers to the Series A, B, C, D, E, F, G and H Bonds and all Additional Bonds issued on a parity therewith under the Trust Agreement. The Bonds shall be designated The Ohio State University Dormitory Revenue Bonds, shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, shall be negotiable instruments (except when registered), shall express upon their face the purpose for which they are issued, and shall be issued pursuant to Section 3345.07 of the Revised Code of Ohio. Unless otherwise provided by the Board, the Bonds shall be signed by the Chairman of the Board or bear his facsimile signature, shall be signed by the President of the University or bear his facsimile signature, shall be attested by the Secretary of the Board or by the Vice President, Business and Finance of the University, and shall be

sealed with the seal of the University or a facsimile thereof, and interest coupons attached to the Bonds shall bear the facsimile signature of the Secretary of the Board or of the Vice President, Business and Finance of the University. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds or coupons shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. Except in the case of redemption of Bonds of a particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time. The Additional Bonds shall bear such designations as may be necessary to distinguish them from the Series A, B, C, D, E, F, G and H Bonds or other Additional Bonds having different provisions and shall have maturities, interest rates, interest payment dates, redemption provisions, denominations, registration provisions, and other provisions as provided in the Resolution providing for issuance of the Additional Bonds, provided, however, that such terms and provisions shall not be inconsistent with this Resolution, the Trust Agreement or the then outstanding Bonds. On the terms provided herein, in the Trust Agreement and in the Bonds, the Bonds shall be equally and ratably payable from and secured by pledge of, the receipts from the operation of all dormitory facilities now or hereafter under control of the Board including the dining facilities constituting a part thereof, after provision for reasonable and proper expenses of operation and maintenance of such facilities; and anything in this Resolution, the Bonds or the Trust Agreement to the contrary notwithstanding, neither this Resolution, the Bonds, nor the Trust Agreement shall be a claim against or a lien upon any property of the State of Ohio or any property of or under the control of the Board except the portion of said receipts pledged, as provided herein; provided, however, that nothing herein shall be deemed to prohibit the University, of its own volition, from using, or pledging,

to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution, or any of the bonds.

Section 8. Covenants of the University. The University covenants with the holders of the Bonds and with the Trustee under the Trust Agreement that (a) it will adopt and maintain so long as any of the Bonds are outstanding such parietal rules, and charge and collect such rental rates and charges, from time to time, as may be necessary to assure such occupancy and use of, and receipts from, the dormitory facilities as will pay the costs of maintenance and operation and provide for the payment of the principal of and interest on the Bonds and other payments to Special Funds required by Section 9 of this resolution; (b) from funds lawfully available, it will cause the Project and any project to be constructed from the proceeds of Additional Bonds to be completed and equipped in an efficient and economical manner with reasonable dispatch and in a manner consistent with the plans and recommendations of responsible architects and all applicable laws, ordinances and regulations; (c) subject to the right of abandonment under conditions provided in the Trust Agreement designed to prevent adverse effect of such abandonment on the expected earnings coverage of Debt Service, it will, from the dormitory receipts pledged under this resolution and as part of the operating expenses, maintain, preserve and keep the dormitory facilities in good repair, working order and operating condition and continuously operate the same on a revenue producing basis, and will apply the receipts therefrom only as provided in Section 9 of this Resolution and in the Trust Agreement; (d) it will furnish to the Trustee and the Original Purchasers of the Bonds within 120 days after the close of each fiscal year an annual report of the accounts (including each Special Fund provided for in Section 9 of this Resolution) and operations of the dormitory facilities prepared by qualified accountants approved by the Trustee; (e) it will keep proper books of record and accounts separate from all other records and accounts, in which complete and correct entries will be made of all transactions

Third Supplemental Trust Agreement

relating to the dormitory facilities and will at all reasonable times permit the Trustee, the Original Purchasers or any holder or holders of 25% of the outstanding Bonds, or their authorized representatives, to inspect the dormitory facilities and any books, documents and vouchers relating thereto; (f) it will furnish heat, light, power, water and other necessary services to the dormitory facilities at not in excess of reasonable cost; (g) it will comply with all the terms and conditions of the respective Loan Agreements with the Housing and Home Finance Agency as long as the United States holds any of the Series B, D, F or G or H Bonds; (h) it will insure the dormitory facilities as required by the Trust Agreement and apply the proceeds of such insurance as provided therein; and (i) it will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement or the Bond Resolution.

Section 9. Application of Receipts; Special Funds. There was established by the Original Bond Resolution a Special Fund designated "Dormitory Revenue Fund," which fund shall be maintained in a bank account, or invested as herein authorized, in the name of the University separate and distinct from all other funds of the University and, subject to the withdrawals and uses herein authorized, is pledged to and charged with the payment of the principal, interest, and premium, if any, on all the Bonds issued under the Trust Agreement.

Under the Original Bond Resolution there shall be maintained in the Dormitory Revenue Fund, as an Operating Reserve, such amount as is from time to time certified by the Fiscal Officer of the University as adequate and necessary for working capital for operation and maintenance of the dormitory facilities; provided, that such Operating Reserve shall not exceed one-fourth of the operating and maintenance expenses of the dormitory facilities for the preceding 12 months.

All receipts from dormitory facilities now or hereafter under the control of the Board, including the dining halls constituting part thereof, shall be deposited in the Dormitory Revenue Fund.

Third Supplemental Trust Agreement

The Dormitory Revenue Fund, including the Operating Reserve, shall be applied to pay when due all reasonable and proper expenses of operation and maintenance (as defined in Section 11) of the dormitory facilities, excluding extraordinary repair and replacement expenses payable from the Contingency Repair and Replacement Fund and expenses of or provision for depreciation or capital replacement.

The remainder of the Dormitory Revenue Fund, after retaining therein the then current Operating Reserve and payment of said operation and maintenance expenses then due, shall be applied as provided in the Original Bond Resolution, namely, as follows and in the following order of priority:

First: Into the Debt Service Fund, to be held by the Trustee as a separate fund and used for the payment of principal and interest on the Bonds, the amounts provided in the Original Bond Resolution and in the Bond Resolution relating to the Series C and D Bonds for payment of principal and interest on the Series A, B, C and D Bonds and, in addition, (1) on or before April 1 and October 1 of each year an amount equal to the interest due on the next ensuing interest payment date in that year on all Series E, F, G and H Bonds then outstanding; provided, that, the amount so payable on any such date into the Debt Service Fund shall be reduced by the amount then remaining in said Debt Service Fund from the accrued interest and from the funds deposited therein for capitalized interest pursuant to Section 5 of this Resolution; (2) on or before April 1 and October 1 of each year, the equal semi-annual amounts necessary to provide for payment of any principal maturity in that year on Series E, F, G and H Bonds; (3) if Additional Bonds shall be issued under the Trust Agreement, such additional amounts and at such times as specified in the resolution authorizing such Additional Bonds, which amounts shall be not less than necessary to provide in the Debt Service Fund amounts, in addition to the amounts hereinbefore provided for the Series A, B, C, D, E, F, G and H Bonds, sufficient to pay in full interest and principal on all Additional Bonds then outstanding, as the same shall become due and payable provided that no payments need be made to the Debt Service Fund so long as

Third Supplemental Trust Agreement

the amounts in the Debt Service Fund and Debt Service Reserve Fund aggregate at least the total principal and interest payable on all Bonds then outstanding to the dates of their respective maturities.

Second: Into the Debt Service Reserve Fund, to be held by the Trustee as a separate fund for the payment of principal and interest on, and purchase or redemption of, the Bonds as herein provided, on or before April 1 and October 1 of each year and on such other dates as amounts are payable into the Debt Service Fund with respect to Additional Bonds, such amounts as are necessary to create and maintain in said Debt Service Reserve Fund the required reserve, namely, an amount equal to the maximum principal and interest requirements for any consecutive two-year period on all Bonds at the time outstanding;

Third: Into the Contingency Repair and Replacement Fund, to be held by the University as a fund separate and distinct from all other funds of the University, semi-annually on or before April 1 and October 1 of each year, or as soon thereafter as the required reserve has been established in the Debt Service Reserve Fund, an amount equal to one-quarter of one per cent of the cost of construction on all dormitory facilities then under the control of the Board and 3 per cent of the cost of movable equipment for all such dormitory facilities, which fund may be used by the University to the extent necessary for payment of principal and interest on the Bonds or for extraordinary repairs and replacements to the dormitory facilities or for construction or equipping of additional dormitory facilities;

Fourth: On April 1 and October 1 of each year, to the foregoing funds, such amounts as may be necessary to make up any previous deficiency in any deposits required by the foregoing paragraphs of this section;

Fifth: So long as there is no deficiency in any of the deposits provided for in Paragraphs First through Fourth above and so long as the amounts in the Debt Service Reserve Fund are at least equal to the then required reserve, any amounts in the Dormitory Revenue Fund, after reserving therein the then current Operating Reserve, may be used for any purpose of the University for which such funds may lawfully be use

Third Supplemental Trust Agreement

The Debt Service Fund is irrevocably pledged to and shall be used by the Trustee for the payment of principal and interest on the Bonds and, until required for such purposes, shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing addressed to the Trustee, which writing shall determine that the maturity of the respective obligations is not later than the date on which such funds will be required for payment of such principal and interest. The Trustee shall transfer from the Debt Service Fund to the Paying Agents amounts sufficient to enable said Paying Agents to pay when due principal and interest on the Bonds, or the Trustee shall make such credit arrangements with said Paying Agents as to permit such payments.

The Debt Service Reserve Fund is irrevocably pledged to, and shall be used by the Trustee for, the payment of principal and interest on the Bonds if other available funds are insufficient for that purpose and, to the extent herein provided, for purchase or redemption of Bonds. Until required for such purposes it shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing, which obligations shall mature not more than five years from the date of investment. The Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund such amounts as are necessary in addition to amounts available in the Debt Service Fund, including funds transferred from the Contingency Repair and Replacement Fund, to enable said Paying Agents to pay when due the principal and interest on the Bonds.

Any amounts in the Debt Service Reserve Fund in excess of the required reserve provided for in Paragraph Second above shall be used to purchase Bonds for retirement or to redeem Bonds then subject to redemption to the extent and in the manner from time to time requested in writing by the President and the Fiscal Officer of the University. In calculating at any time whether additional amounts are required to be paid into the Debt Service Reserve Fund under Paragraph Second above and in calculating the excess over the required reserve, no value shall be given to any

Third Supplemental Trust Agreement

investments of the fund other than direct obligations of the United States maturing within five years from the date of such calculation, but, in all other respects, such investments shall be valued at their face amount or market value, whichever is lower.

The Contingency Repair and Replacement Fund is irrevocably pledged to, and shall be used by the University for, extraordinary repairs and replacements to the dormitory facilities or to construct or equip additional dormitory facilities or for the retirement of all then outstanding Bonds by purchase or redemption or for payment of the principal and interest by transfer to the Debt Service Fund as herein provided. The University shall transfer from the Contingency Repair and Replacement Fund to the Debt Service Fund such amounts as are from time to time necessary, in addition to the other amounts available in the Debt Service Fund and without use of the Debt Service Reserve Fund, to provide for the payment, when due, of the principal and interest on the Bonds and shall not use any of this fund for repairs or replacement or additional facilities if there is any deficiency in any of the deposits required to be made under sub-paragraphs First or Second of this Section. Until required for such purposes, the Contingency Repair and Replacement Fund may be invested by the President and the Fiscal Officer of the University in direct obligations of the United States maturing not more than five years from the date of investment.

Investments made pursuant to this Section 9 of any amounts in any Special Fund herein created and the interest thereon and the proceeds thereof shall constitute part of that Special Fund and be added to that particular fund. Such investments shall be sold, exchanged or collected from time to time as directed by the President and the Fiscal Officer of the University, and the Trustee shall be under no liability and have no responsibility in connection with such investment, or the sale, exchange or collection thereof, provided the directions of said officers are followed.

Section 10. Trust Agreement. In order to secure the payment of the principal and interest on the Bonds, the President of the University and the Chairman of the Board of Trustees, and each of them, are authorized to execute, acknowledge and

Third Supplemental Trust Agreement

The terms and provisions of the Trust Agreement are hereby confirmed and adopted and the terms of said Trust Agreement purporting to be applicable to the Series A and Series B Bonds or to the Project to be constructed from the proceeds of the Series A and Series B Bonds shall be deemed equally applicable to the Series E, F, G and H Bonds and the Project covered by this Resolution to the extent that the same are not inconsistent with the terms or provisions of this Resolution and the context so permits.

June 15, 1962 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Motor Vehicle Registration Fees for Faculty, Staff and Students--1962-63

The Commission on Traffic and Parking with the concurrence of the Vice President, Business and Finance, and the President's Cabinet has recommended that the faculty, staff and student registration fees for parking be increased to the following amounts, effective October 1, 1962.

	<u>Zone A</u>	<u>Zone B</u>	<u>Zone C</u>
October 1, 1962 through September 30, 1963	\$15.00	\$8.00	\$7.00
January 1, 1963 through September 30, 1963	12.00	7.00	6.00
April 1, 1963 through September 30, 1963	9.00	6.00	5.00
July 1, 1963 through September 30, 1963	6.00	5.00	5.00

The registration fee for a parking permit in any zone for a second car will be \$5.00. Persons who are attending conferences and similar meetings on the campus at the invitation of the University will park in assigned areas. The registration fee for such parking will be 50 cents a day.

All parking permits are issued on a no-refund basis.

The increase in parking fees will be used for additional surface parking facilities, for better maintenance of the present parking facilities, and for expenses in connection with the feasibility study to determine the location of parking ramps, financing, and cost to faculty, staff and students, as authorized by the Board of Trustees on April 6, 1962.

It is therefore recommended that the above registration fees for parking on The Ohio State University grounds be approved and that the Code of Motor Vehicle Regulations enacted by the Board of Trustees on November 8, 1957 (amended April 14, 1961) to provide for the control of the parking and operation of motor vehicles on the grounds of The Ohio State University by faculty, staff and students be amended accordingly.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation was approved by unanimous roll call vote.

B. Revision of Rule 29.2721 of Rules for the University Faculty

On May 8, 1962, the Faculty Council recommended that Section 1 of Rule 29.2721 of Rules for the University Faculty (the Rule establishing the Committee on Academic Misconduct) be deleted and that the following Section be inserted in place thereof:

Section 1. The Committee on Academic Misconduct shall consist of three members of the University Faculty, one student, and the Executive Dean, Student Relations, ex officio.

June 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Revision of Rule 29.2721 of Rules for the University Faculty (continued)

The three members of the University Faculty shall be appointed by the President for a term of three years, the appointments to be made annually so that one member will retire each year. No member of the University Faculty shall serve more than two consecutive terms. The student member shall be appointed by the President for a term of one year. This appointment shall be made from nominations (no less than four in number) of students with at least junior standing, the nominations to be made by the Student Senate in a manner prescribed by the Student Senate.

It is therefore recommended that the action of the Faculty Council as indicated above be approved.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation to revise Section 1 of Rule 29.2721 of the Rules for the University Faculty was unanimously approved and the Secretary was instructed to include this revision in the appropriate documents as they are reprinted.

C. Authorization to Grant the Degree--Bachelor of Science in Medical Dietetics

The Faculty Council on May 8, 1962 approved the proposal of the Council on Instruction and the Department of Preventive Medicine and the College of Medicine to offer the Bachelor of Science in Medical Dietetics Degree to those students satisfactorily completing the requirements in the experimental Medical Dietetics Curriculum which is being sponsored by the Kellogg Foundation.

It is therefore recommended that the Board of Trustees authorize the granting of the Bachelor of Science in Medical Dietetics to those students who have completed the requirements for the degree with the understanding that the authorization would not be limited to the experimental period if it is determined that the program should be continued after the experimental project has been completed.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above recommendation to authorize the granting of the Bachelor of Science in Medical Dietetics Degree was unanimously approved by roll call vote.

D. Budgets for the 1962-63 Fiscal Year

The following budgets, including ranks, titles and salaries, as set forth in the "Salary Roll" are hereby recommended for approval:

Upon motion of Mr. Rairdon, seconded by Mr. Patton, the Department of Athletics operating budget was unanimously approved by roll call vote.

E. Change of Name of the School of Fine and Applied Arts to School of Art

The faculty of the School of Fine and Applied Arts has proposed that the name of the School be changed to School of Art, for the reason that the present name (a) makes an unnecessary distinction between "fine" and "applied" arts, (b) is no longer appropriate for the variety of disciplines within the school, and (c) creates an erroneous impression of the School's purposes and activities.

This proposal was endorsed by the Dean of the College of Education, the Council on Instruction, and was approved by the Faculty Council on May 8, 1962. It is therefore recommended that the Board of Trustees approve the proposed change in name of the School of Fine and Applied Arts to the School of Art, effective immediately.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the name of the School of Fine and Applied Arts was changed to the School of Art, effective immediately, by unanimous roll call vote of the Board of Trustees.

June 15, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

F. Naming of Residence Hall--Morrison Tower

Upon the proposal of Mr. Frederick Stecker, Executive Director, University Relations, after consultation with appropriate administrative officers of the University, it is recommended that the residence hall now identified as "Dormitory F" be named "Morrison Tower" in memory of Mary Franc Morrison, B.A. 1879 (Mrs. Sidney Howell Short), the first woman graduate of The Ohio State University.

This proposal has the concurrence of the staff of the Dean of Women and of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the Board of Trustees by unanimous roll call vote, approved the naming of the residence hall located at 196 West Eleventh Avenue as Morrison Tower.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Statement on Faculty Appointments, Promotions and Tenure

For more than a year a special committee of the faculty has been reviewing the statement on Academic Appointments, Promotions, and Tenure as approved by the Board of Trustees October 15, 1951. The revisions as proposed by the faculty committee were approved by the Administrative Council and forwarded to the Faculty Council for further consideration. On June 5, 1962 the Faculty Council approved a revised statement and it is therefore recommended that this statement on Faculty Appointments, Promotions and Tenure be adopted by the Board of Trustees and included in the minutes of this meeting. (See Appendix I, page 33.)

It is further recommended that the revised statement be effective upon passage by the Board of Trustees except that the new probationary periods for the ranks of Associate Professor, Assistant Professor, and Instructor shall apply to all persons appointed for the first time to one of these ranks on or after January 1, 1963; provided however that the present policies (i. e., those in effect prior to the approval of the new statement) will apply to appointments made on or after January 1, 1963, if (a) an offer to an individual for an appointment to become effective on or after January 1, 1963, has been made prior to the approval by the Board of Trustees of the new policy and (b) the Dean recommends that the prior policies be adhered to in the individual case.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote, and the Secretary was instructed to include this revised statement in the handbook series entitled, Publications for Faculty Information.

B. Revision of Article IV, Section 1, of the By-Laws of the Board of Trustees and Rule 25.01 of Rules for the University Faculty

In accordance with authority as set forth in Article IX, Section 5, of the By-Laws of the Board of Trustees, the Faculty Council on June 5, 1962 recommended that Section I of Article IV of the Board of Trustees and Rule 25.01 of Rules for the University Faculty be amended to read as follows:

The University Faculty shall be constituted as follows: the President of the University; the members of the President's Cabinet; the Deans; the Associate Deans, Assistant Deans, and Secretaries of the Colleges and of the Graduate School; all persons with the faculty rank of Professor, Associate Professor, Assistant Professor, and Instructor (providing that persons holding the rank of Instructor have served the University on a Regular appointment in that rank for at least six quarters); all persons with the faculty rank of Professor Emeritus, Associate Professor Emeritus, and Assistant Professor Emeritus; the Director, Mershon Center for Education in National Security; the Director of Libraries; the Registrar; and the Director of Admissions.

July 13, 1962 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Revision of Article IV, Section 1, of the By-Laws of the Board of Trustees and Rule 25.01 of Rules for the University Faculty (continued)

It is therefore recommended that the revised definition of University Faculty membership as set forth above be approved.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

C. Degrees Conferred - August 1962 Commencement

It is recommended that degrees be conferred at the August 24, 1962 Commencement to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix II, page 44.)

Upon motion of Mr. Rairdon, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

D. Retirement Date

A Board of Trustees' policy adopted on April 10, 1939 and amended on December 6, 1943 provides that officers and employees of the University who are members of the State Teachers Retirement System, must retire not later than August 31 next following the attainment of age 70, and those who are members of the Public Employees Retirement System must retire not later than June 30 next following the attainment of age 70.

Since these actions were taken, the State Teachers Retirement System has provided for retirement benefits to begin on dates which correspond with the June 30 and September 30 termination dates of University teaching contracts. It is therefore recommended that the Board policy relating to compulsory retirement be revised so that officers and employees of the University must retire not later than the end of the contract year in which the officer or employee reaches age 70.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

E. Honorary Degrees

The Faculty Council on June 5, 1962 recommended that the following persons be awarded honorary degrees at appropriate and acceptable dates:

Paul Clifford Kitchin, Doctor of Science
Roger Tory Peterson, Doctor of Science

It is therefore recommended that the Board of Trustees approve the Faculty Council's recommendation that the honorary degrees indicated be conferred

It is therefore recommended that the Board of Trustees approve the Faculty Council's recommendation that the honorary degree indicated above be conferred upon Mr. Foy David Kohler at a Convocation convenient to Mr. Kohler.

President Fawcett reported to the Board the death of Grace M. Bareis, Assistant Professor Emeritus of Mathematics, H. Gordon Hullfish, Professor of Education, L. Edwin Smart, Professor of Economics, and Harold Zink, Professor of Political Science, and in accordance with instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished to the families or friends of the deceased.

A. Grace M. Bareis

The Board of Trustees expresses its sorrow at the death on June 15, 1962 of Grace M. Bareis, Assistant Professor Emeritus of Mathematics.

Professor Bareis dedicated her life to the profession of teaching. She received her A.B. degree from Heidelberg College (Ohio) in 1897 and had been a member of its Board of Trustees since 1934. After attending Bryn Mawr College, she taught at Miss Roney's School in Bala, Pennsylvania. Coming to The Ohio State University as a fellow in 1906, she earned her Ph.D. in 1909. She remained here as a teacher for nearly forty years until her retirement in 1947.

On behalf of the entire University, the Board of Trustees expresses its deep sympathy. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. H. Gordon Hullfish

The Board of Trustees expresses its sorrow at the death of H. Gordon Hullfish, Professor of Education, on June 15, 1962.

Dr. Hullfish was born in Washington, D. C., January 3, 1894. He received the A.B. degree from the University of Illinois in 1921, and came to The Ohio State University as University Scholar in Education the following year. He received the M.A. degree in 1922 and was appointed to the faculty as instructor in that year. He received the Ph.D. degree in 1924 and advanced through the ranks to become professor in 1933. In 1960 he was one of the first five recipients of the \$1,000 Alumni Award for Distinguished Teaching.

XI. RESOLUTIONS IN MEMORIAM (continued)

B. H. Gordon Hullfish (continued)

Throughout his professional career Dr. Hullfish was in great demand as a lecturer and summer school teacher. He served as a Fulbright lecturer in the history and principles of American education at the Tokyo University of Liberal Arts and Ochanomizu Women's University in Japan and Korea. Dr. Hullfish also taught for short periods at Harvard, Hawaii, California, Illinois, Tennessee, and Auburn Universities and at the City College of New York. He was a lecturer at the 1936 Pan-Pacific Conference of the New Educational Fellowship at Honolulu and served in a similar capacity at many other institutions and conferences.

Dr. Hullfish held numerous offices in national and community organizations. In 1948, he was president of the Philosophy of Education Society; in 1951 he was president of the Ohio Valley Philosophy of Education Society; and from 1952 to 1955 he was president of the Progressive Education Association. Dr. Hullfish was a member of the first executive board of the John Dewey Society; he was later vice president of the society (1951-52), executive secretary and treasurer (1955-58), president (1958-61), and was chairman of the Commission on Forces Affecting American Education, a major committee of one of the affiliates of the National Education Association. He was a past member of the Board of Education of Upper Arlington, Ohio.

Dr. Hullfish was a prolific author and editor. He was joint author of several books, including The Educational Frontier, Democracy in Transition, The Community School, Educational Freedom and Democracy, and Democracy in the Administration of Higher Education. In 1960 and 1961, six lectures which Dr. Hullfish had delivered in Japan were published in Japanese and in English as a book, Toward a Democratic Education. Two of Dr. Hullfish's books received special commendation. In 1953, Educational Freedom in an Age of Anxiety, of which he was editor and a major contributor, was selected by the Enoch Pratt Free Library of Baltimore as one of the outstanding education books of the year. His last book, Reflective Thinking: The Method of Education, of which he was senior author, was given the same recognition by the Pratt Library in 1961.

Over a period of nearly forty years, Dr. Hullfish contributed several dozen articles to many educational journals and learned works. He was often called upon to assist as editor or editorial consultant for these publications. For many years, he was a member of the board of editors of Educational Administration and Supervision. From 1955 to 1957, he edited a monthly column in Educational Leadership, dealing with forces affecting education as an institution. In 1957-60, he was a member of the editorial advisory board of the Education Digest. At the time of his death, Dr. Hullfish was on the editorial board of Educational Theory. More than twenty-five years ago, he served on the board of directors of the journal, The Social Frontier. In recent years, he was a consultant and contributor to Compton's Pictured Encyclopedia. He also edited the significant posthumous work of Joseph K. Hart, which was entitled Education and the Humane Community (1951).

XI. RESOLUTIONS IN MEMORIAM (continued)

B. H. Gordon Hullfish (continued)

As a teacher, Dr. Hullfish will be remembered for his ability to challenge students to involvement in the analysis of educational ideas and for his unflagging energy in urging them on to a continuing quest for truth and to an ever keener self-criticism of their own intellectual development. As a colleague, Dr. Hullfish will long be remembered as one who stood firm, whatever the crisis and whatever the odds, against any threat to the integrity of the University or to its capacity to perform its true function of nurturing the intellectual growth of those who come to it. As a citizen, Dr. Hullfish will be remembered for his consistent fight against totalitarian and authoritarian forces, whether these appeared in individuals, in communities, or in nations, and for his steadfast support of all agencies, movements, and ideas which add meaning and strength to the democratic ideal. He was deeply committed to the belief that a human community must be based on a mutual respect among men, and upon the freedom of every man to think and act both as an individual and as an integral part of the larger society for the good of all.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

C. L. Edwin Smart

The Board of Trustees expresses its sorrow at the death on June 27, 1962 of L. Edwin Smart, Professor of Economics.

Dr. Smart was born in Raymond, Ohio, on December 8, 1895 and received his Doctor of Philosophy degree from The Ohio State University in 1930. He attended the Universite de Toulouse in France and the London School of Economics and Political Science in England. He also did research work in the British Museum and the Bibliotheque Nationale in France. Prior to coming to The Ohio State University as an Assistant in Economics in 1921, Dr. Smart taught in high school and had military service in Europe in World War I with the First Division, A. E. F. Passing through the several academic ranks, he was appointed Professor in Economics at The Ohio State University in 1941.

Professor Smart served the State of Ohio as a fiscal consultant in many different capacities. He was Director of the Division of Research and Statistics of the Ohio Department of Taxation for many years. Virtually every analysis of Ohio tax and fiscal problems since 1930 enlisted the services of Professor Smart both as a researcher and writer. His contributions were further recognized by committee appointments in various national organizations interested in government fiscal affairs.

Dr. Smart will best be remembered by his many students as a modest, effective, and painstaking teacher of statistics, public finance, and economic history. His many graduate students, who hold important positions in higher education, government, and business, will always think of him as a wise student counselor and a friendly and stimulating advisor.

XI. RESOLUTIONS IN MEMORIAM (continued)

C. L. Edwin Smart (continued)

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

D. Harold Zink

The Board of Trustees expresses its sorrow at the death on June 19, 1962 of Harold Zink, Professor of Political Science.

Professor Zink was born in Roswell, New Mexico, in 1901 and received his A. B. from the University of Denver in 1921. He received his M. A. from Harvard in 1924 and his Ph. D. from Harvard in 1926.

Prior to joining the faculty of The Ohio State University, Professor Zink was Chairman of the Political Science Department of DePauw University. He lectured at European and Asian universities and frequently contributed to academic journals. He was the author of more than a dozen books, including American Military Government (1947) and The United States and Germany (1957). He wrote concerning the government and politics of American cities as well as of the Nation.

Professor Zink directed a research project on local government in Sweden, Italy, and India, sponsored by the United Nations Educational, Scientific and Cultural Organization, from 1954 through 1957.

During World War II Professor Zink was assigned to Supreme Headquarters Allied Expeditionary Forces as a staff officer. He was the American editor of the "Handbook for Military Government in Germany" and a consultant to the Allied Control Council on the reorganization of the German Government.

Professor Zink made many contributions to the field of political science; but he will be best remembered by his students for his keen concern for governmental changes and evolution, a concern that made him a "field researcher" and constant world traveler, bringing to his classroom and his books the most up-to-date knowledge of the world's governments.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

FACULTY APPOINTMENTS,
PROMOTIONS, AND TENURE

FACULTY APPOINTMENTS,
PROMOTIONS, AND TENURE

Introduction

This publication describes the selection, promotion, and tenure of those employees of The Ohio State University having faculty rank. Another publication describes the appointment and continuity of employment for those employees of The Ohio State University who are not under civil service and who do not have faculty rank.

The University Faculty is defined in Section 1 of Article IV of the By-laws of the Board of Trustees and in Rule 25.01 of the Rules for the University Faculty as follows:

The University Faculty shall be constituted as follows: the President of the University; the members of the President's Cabinet; the Deans; the Associate Deans, Assistant Deans and Secretaries of the Colleges and of the Graduate School; all persons with the faculty rank of Professor, Associate Professor, Assistant Professor, and Instructor (providing that persons holding the rank of Instructor have served the University on a regular appointment in that rank for at least six quarters); all persons with the faculty rank of Professor Emeritus, Associate Professor Emeritus, and Assistant Professor Emeritus; the Director, Mershon Center for Education in National Security; the Director of Libraries; the Registrar; and the Director of Admissions.

PART I

PRINCIPLES OF TENURE;
STATEMENTS OF PRIVILEGES AND RESPONSIBILITIES

1. This University, through its Board of Trustees, has adopted Rules relating to tenure and to the privileges and responsibilities of persons holding faculty rank. These Rules are contained in a publication entitled Rules for the University Faculty and are available on request.

2. Those sections of the Rules relating to appointment and tenure include the following:

Faculty Appointments, Promotions, and Tenure

21.05 Election of Faculty and Staff; Tenure.

The Board of Trustees shall annually elect the President, members of the faculty and all employees of the University not in the classified civil service. However, permanent tenure is an attribute of all faculty ranks, subject to a period of probation as established by the Board.¹ It is terminable only by voluntary formal resignation, by retirement, or death, or for incompetence, grave misconduct or for the causes set forth in Rule 21.03.

Termination of tenure for incompetence, grave misconduct or for the causes set forth in Rule 21.03 shall be subject to the procedures outlined in Rule 21.07.

21.03 Appointments and Continuing Employment; Conditions Upon.

Section 1. Upon nomination and recommendation by the President of the University, the Board of Trustees shall make all appointments to all positions within the University and approve the salaries therefor.

Section 2. All officers, teachers and other employees of The Ohio State University are required to take the following Oath of Allegiance as a condition of their initial appointment and continuing employment:

I, _____, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of Ohio against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office or position in which I am employed, SO HELP ME GOD.

Section 3. In defense of the freedom of those who teach and those who learn, and of the governmental system upon which such freedom is dependent, the conditions hereinafter set forth shall govern all initial appointments and continuing employment by the University.

It shall be sufficient cause for the removal of any officer, teacher or employee of the University, pursuant to the procedure set forth in Rule 21.07, that such officer, employee or teacher advocate, or have membership in an organization which is generally known to advocate the overthrow of the government of the United States, or of the State of Ohio, by force, violence or other unlawful means. (Reference is made to the provisions of Section 143.272, Ohio Revised Code).

-
1. This pamphlet contains those periods of probation as established by the Board of Trustees.

Faculty Appointments, Promotions, and Tenure

Furthermore, in the event that any officer, teacher or employee of The Ohio State University, called to testify before any legally constituted legislative committee or any court, refuses to testify concerning his membership in an organization which advocates overthrow of the government of the United States or of this State, by force, violence or other unlawful means, on the ground that his answers might tend to incriminate him under the Fifth Amendment to the Constitution of the United States, a hearing pursuant to the procedure set forth in Rule 21.07 shall be held to consider his fitness to retain such position in the University.

3. In Part II of this publication certain probationary periods are established for several faculty ranks. In determining the years under contract in these probationary periods, part-time service and service on special contract will not be credited toward the attainment of tenure. For the purpose of this statement:

- a. "Part-time service" is defined as less than 50% service to the University or to the University and to University-related units.
- b. "Special contract" is defined as a contract given to a person whose appointment is temporary; while this temporary appointment may be renewed, it does not indicate permanence of appointment.

4. If termination of tenure is proposed on the grounds of incompetence, grave misconduct, or for the causes set forth in Rule 21.03 above, a procedure as set forth in the Rules for the University Faculty (see especially Rule 21.07) is to be followed.

5. The Rules for the University Faculty also contain a full statement of academic freedom and the responsibilities of those who teach and do research. That statement is contained in Rule 21.01:

Faculty Appointments, Promotions, and Tenure

21. 01 Academic Freedom and Responsibility.

Section 1. The Ohio State University favors the fullest academic freedom consistent with its educational program and with national security. It believes that steadfast adherence to the principles of free discussion and investigation, with correlative responsibility, is the cornerstone of such an institution in a free society; that the continued strength of the educational process depends upon an unqualified dedication to our traditional freedoms and the preservation of the moral and intellectual integrity of the teacher. In the United States, in contrast to much of the world where doctrinaire propaganda, officially stated and enforced, is substituted for freedom of individual thought and expression, the molding of the lives of young people outside the family circle is largely entrusted to the church and the school, and this University holds inviolate the essential rights of the teacher. Honesty and objectivity, however, must always be cardinal principles in teaching, and one who is not free in conscience has neither the right to teach nor the right to speak in a community of scholars which is founded upon the principle of intellectual integrity.

Section 2. A teacher, regardless of tenure in The Ohio State University, is entitled to freedom of research and publication, of classroom discussion of all matters relevant to the subject matter of his course, and of expression of opinion as a citizen, subject to the obligation to be accurate and to exercise appropriate restraint in accordance with the standards of his learned profession.

The teacher's privileges imply correlative responsibilities. In addition to maintaining those standards of competence set forth as minima for his rank, and particularly those relating in scholarship and teaching ability, the teacher also has the obligation to maintain the proper attitude of objectivity, conscientious industry and cooperation with his associates and the University. Further, he has the responsibility to refrain from introducing into his teaching controversial matter unrelated to his subject; and in making public statements, he has the responsibility to make it clear that he is not an institutional spokesman.

PART II

APPOINTMENTS, PROMOTIONS, AND TENURE

A. In General

1. Personnel administration related to persons having faculty rank is conducted primarily under the direction of Deans and Chairmen. The appointment and subsequent periodic evaluation of persons with faculty rank for purposes of making tenure

Faculty Appointments, Promotions, and Tenure

decisions, granting promotions, and determining salaries is a responsibility of Deans and Chairmen who maintain personnel records which include evaluative material for persons in their units.

2. The primary criteria to be used in appointing, promoting, and retaining persons having faculty rank are:

- a. Teaching ability and scholarship. This includes personal attributes of integrity, industry, openmindedness, objectivity, capacity for leadership and cooperation.
- b. Research ability and its evidences, both published and unpublished.

In considering the selection, promotion, and retention of persons having faculty rank, rigid application of the criteria for each rank may not be practicable. The duties and responsibilities of individuals vary greatly and various criteria are of different importance in each individual position. The objective is to determine that a person with faculty rank reaches a level of performance in reasonable conformity with the requirements of a given rank as a prerequisite to tenure or promotion or appointment to that rank.

3. In certain of the faculty ranks set forth below a period of probation is established as a prerequisite to obtaining tenure. In general, the University will follow these periods. However, in exceptional cases and when the person involved has had prior service at or above the level of Instructor at this or another university or organization, such prior service may be included as part of the probationary period. This will be done only upon the written recommendation of the Dean of the College after consultation with the Chairman of the applicable department, the Dean of the Graduate School, and the Vice President, Instruction and Research.

4. In all cases the attainment of tenure is not automatic. It is earned in accordance with the University's rules relating to tenure and is acquired either in the original appointment or following the probationary period upon the recommendation

Faculty Appointments, Promotions, and Tenure

of the Dean of the College after consultation with the Chairman of the applicable department, the Dean of the Graduate School, and the Vice President, Instruction and Research.

Only units of Colleges, the Department of Physical Education, the Departments of Air Science, Military Science, and Naval Science, and the University Libraries may recommend appointment to the faculty ranks and to the following special ranks: (a) Part-time designations, (b) Visiting designations, (c) Adjunct designations, and (d) Clinical designations. Appointees to these special ranks may be accorded some faculty privileges (such as Faculty Club Membership, Athletic ticket privileges, and appropriate parking privileges).

5. The details of each specific appointment to the University Faculty are outlined in the notice of appointment sent by the Board of Trustees to the appointee.

B. Faculty Ranks

INSTRUCTOR

1. Attainment of faculty rank of Instructor is the first substantial step toward tenure at this University. Initial appointment to this faculty rank is necessarily with uncertain knowledge of fulfillment of many of the qualifications essential or desirable for permanent recognition. Accordingly initial appointments are made on a temporary basis.

2. Recommendations for appointment as an Instructor reflect the following formal requisites, capacities, and tenure provisions:

- a. Formal requisites: Baccalaureate degree and Master's degree, or its equivalent, and at least three years of graduate study or of professional experience in the field in which the faculty rank is granted.
- b. Capacities: Satisfactory evidence that the person being appointed possesses the capacity to develop and meet substantially the criteria listed in Part II, Section 2, of this publication.

Faculty Appointments, Promotions, and Tenure

- c. Tenure: Before an Instructor will be granted tenure, a seven year probationary period in that rank must be met. During his seventh year of service the person involved will be informed by the Dean if he is to be granted tenure beginning with his eighth year of service. If tenure is not granted, his services with the University will be terminated at the end of that academic year and assistance will be given him toward securing a position elsewhere.

The University, through the appropriate Department Chairman, will make every effort to inform the person involved, during the fourth year of his service as an Instructor, as to whether he is to be considered a candidate for tenure. If he is informed that he is not considered a candidate for tenure, his services will be terminated at the end of the fourth year and assistance will be given him toward securing a position elsewhere.

The period of time described in this section may be adjusted in exceptional cases according to Part II, Section 3, of this publication.

ASSISTANT PROFESSOR

Recommendations for appointment as an Assistant Professor reflect the following formal requisites, capacities, and tenure provisions:

- a. Formal requisites: Ph.D. degree or its equivalent.
- b. Capacities: Demonstrated evidence that the person being appointed possesses the capacity to meet substantially the criteria listed in Part II, Section 2, of this publication.

Faculty Appointments, Promotions, and Tenure

- c. Tenure: Before an Assistant Professor will be granted tenure, a seven-year probationary period must be met. Service to the University as an Instructor will be counted in meeting this probationary requirement. During his seventh year of service the person involved will be informed by the Dean if he is to be granted tenure beginning with his eighth year of service. If tenure is not granted, his service with the University will be terminated and assistance will be given him toward securing a position elsewhere.

The University, through the appropriate Department Chairman, will make every effort to inform the person involved, during the fourth year of his service to the University (including service as an Instructor), as to whether he is to be considered a candidate for tenure. If he is informed that he is not considered a candidate for tenure, his services will be terminated at the end of the fourth year and assistance will be given him toward securing a position elsewhere.

The period of time described in this section may be adjusted in exceptional cases according to Part II, Section 3, of this publication.

ASSOCIATE PROFESSOR

Recommendations for appointment as an Associate Professor reflect the following formal requisites, capacities, and tenure provisions:

- a. Formal requisites: Ph.D. degree or its equivalent.

Faculty Appointments, Promotions, and Tenure

- b. Capacities: Demonstrated evidence that the person being appointed meets substantially the criteria listed in Part II, Section 2, of this publication and that his growth will continue.
- c. Tenure: A person promoted to Associate Professor from a lower faculty rank at this University will acquire tenure upon the effective date of his promotion.

A person appointed from outside of this University to Associate Professor shall normally serve a two-year probationary period. During his second year the person involved will be informed by the Dean if he is to be granted tenure beginning with his third year of service. If tenure is not granted, his services with the University will be terminated at the end of that academic year and assistance will be given him toward securing a position elsewhere.

The period of time described in this section may be adjusted in exceptional cases according to Part II, Section 3, of this publication.

PROFESSOR

Recommendations for appointment as a Professor reflect the following formal requisites, capacities, and tenure provisions:

- a. Formal requisites: Ph. D. degree or its equivalent.
- b. Capacities: Those of the next lower faculty rank and distinguished teaching or research work; consistent contributions to his chosen field of learning; high achievement in research and publication; outstanding contributions in the applicable professional field.

Faculty Appointments, Promotions, and Tenure

- c. Tenure: Tenure is automatic upon promotion or appointment to this faculty rank.

EMERITUS STATUS

A distinguished member of the University Faculty who has served The Ohio State University for at least ten years and who retires from this University may be appointed to Emeritus status upon the recommendation of the Chairman of his Department and the Dean of his College. Upon such appointment, his rank shall include the designation, "Emeritus".

APPENDIX II

THE OHIO STATE UNIVERSITY COMMENCEMENT

August 24, 1962

RECIPIENTS OF HONORS

FOY DAVID KOHLER

DOCTOR OF HUMANE LETTERS

Dispassionate student of world affairs, crusader for peace and national security, distinguished diplomat, respected civil servant, and esteemed counselor of statesmen

Foy David Kohler, Career Minister and Appointed-Ambassador to the U.S.S.R., has the integrity which excites the confidence of his superiors and the respect and affection of those serving under him. He has the sensitivity which enables him to understand problems of the utmost delicacy and to give consideration to the feelings of both our friends and our adversaries. He has the sincere humility which disarms those around him who possess less talent. A devoted public servant, Foy David Kohler has selflessly spent his mature life in the service of his country.

Admitted to the Foreign Service shortly after his graduation from The Ohio State University in 1931, Mr. Kohler has served in Windsor, Bucharest, Belgrade, Athens, Cairo, Moscow, London, and Ankara. In the Department of State in Washington he has acted with skill and imagination as Assistant Chief of the Division of Near Eastern Affairs, Director of the Voice of America, Member of the Policy Planning Staff, and Advisor to the International Cooperation Administration. He has held many special diplomatic assignments, one of the more notable being Secretary General of the United States Mission to observe the Greek elections in 1946.

In 1959, President Eisenhower appointed Mr. Kohler Assistant Secretary of State for European Affairs, a post many consider the most active and complicated in the Department of State. Since 1959, Mr. Kohler has been the professional officer most closely concerned with the diplomatic aspects of the Berlin crisis. His competence and his courage led President Kennedy to reappoint him in 1961 to his post of Assistant Secretary of State for European Affairs and, in addition, to designate him chairman of the Berlin Task Force and of the Quadripartite Ambassadorial Group dealing with the German crisis.

Mr. Kohler participated in the planning of Vice President Nixon's visit in 1958 to Moscow and Warsaw and accompanied him on that trip. He was the coordinator of the tour of Chairman Khrushchev in the United States in 1959, was present at the Camp David meetings, and attended the abortive summit meeting in Paris in 1960. In 1961, he accompanied President Kennedy to Vienna to meet with Chairman Khrushchev.

The personal regard for Mr. Kohler felt by his friends and colleagues is as high as their respect for his professional attainments. He is a man of modest, engaging friendliness, lively humor, and self-evident integrity. In our own Foreign Service, he has become an example of outstanding professional effectiveness.

GROTE REBER

DOCTOR OF SCIENCE

America's pioneer radio astronomer who turned a new eye to the heavens and thereby opened an unseen universe to the exploration of man

Grote Reber is universally recognized today as the founder of the science of radio astronomy. Although the existence of radio radiation from outer space was discovered by Karl Jansky in 1932, the scientific community took no general interest in this discovery until after World War II. Then it did, awakened at last by the persistence of Grote Reber, by his pioneering work, and by the publications, many of them now classics in the field, in which he reported his findings. From 1936 to 1947 he was the only active radio astronomer in the world. Yet in that time, sustained only by his conviction of the importance of this new realm, he took Jansky's discovery and nurtured and developed it into an infant science.

His were the first maps ever made of the radio sky, maps which even today are considered among the most accurate. He located regions of intense radiation later found to be associated with radio stars. He also had the insight to point out for the first time that much of this radiation must be produced by free electrons moving in the electrical fields of nearby atoms.

The impetus which he gave to radio astronomy becomes more remarkable when it is recalled that Mr. Reber was not associated with any university or research laboratory and that he did much of his early work with homemade equipment built at personal expense and erected in his back yard. The 30-foot-diameter solid parabolic antenna which he constructed in 1936 at his home in Wheaton, Illinois, was the first true radio telescope ever built. Its uniqueness has been recognized by the National Radio Astronomy Observatory at Green Bank, West Virginia, where it has been permanently installed. The mechanical design principles which he used in this early instrument have been employed extensively in modern radio telescopes.

Today, Grote Reber is acclaimed by the radio and astronomical scientific communities as the foremost pioneer in this new field and as a productive research scholar whose leadership continues. There is no doubt that his efforts sowed the seeds for the later successful development in radio astronomy at The Ohio State University and elsewhere throughout the world. Thus this University, one of the first in the United States to undertake work in radio astronomy, honors the founder of this science and becomes the first university to recognize Grote Reber's brilliant contributions to knowledge.

GEORGE WENDELL ECKELBERRY

THE OHIO STATE UNIVERSITY DISTINGUISHED SERVICE AWARD

Noted leader in accounting education and effective servant of this University in major administrative assignments

George Wendell Eckelberry devoted nearly a half-century of his life to The Ohio State University. His retirement in June, 1962, removed from the academic scene one of the nation's pioneers in accounting education, a challenging classroom personality, and an administrator of recognized excellence.

With the exception of a period of duty during World War I, he served this University from the time of his appointment in 1915 as an assistant in economics and sociology until his retirement. In 1921 he became the youngest full professor on the campus and was appointed the following year to the chairmanship of the newly formed Department of Accounting. From 1926 to 1938 he served as assistant to President Rightmire, with duties which included supervision of the faculty budget, chairmanship of the Council on Instruction, and membership in the Administrative Council and the University Cabinet. A certified public accountant and attorney-at-law, he was also recognized as an authority in public utility accounting. An able leader in his field nationally, he was one of the founders of the professional organization which later became the American Accounting Association.

ERNEST REES GODFREY

THE OHIO STATE UNIVERSITY DISTINGUISHED SERVICE AWARD

Long-time member of the football coaching staff, good-will ambassador for athletics and this University

Ernest Rees Godfrey has often said that if he had his life to live over he would go into the same work, the work of helping boys shape their lives. That he has met and mastered this challenge, during his thirty-three years as a member of the football coaching staff of this University, is now a matter of record. To a small army of Ohio State athletes he transmitted through every word and deed his guiding philosophy: "A coach can never think in terms of himself but only in terms of what is good for the boy." His enthusiasm and devotion to youth made a lasting impression on several generations of Ohio State students and brought forth from "his boys" a rare loyalty and affection.

Known to all as "Ernie," though he held a full professorship and the title of Assistant Athletic Director, he was truly one of the vital personalities in intercollegiate athletics and an outstanding good-will ambassador for the University. Although retirement in June, 1962, has shifted the scene of his activities, it has not diminished the pace or the scope of his many enterprises in behalf of athletes and sound athletics.

WILLIAM STONE GUTHRIE

THE OHIO STATE UNIVERSITY DISTINGUISHED SERVICE AWARD

Friend of students, perceptive educational administrator, and former Executive Dean, Student Relations

William Stone Guthrie, now president of the Buckeye Federal Savings and Loan Association, joined the staff of The Ohio State University in 1936 as Assistant Dean of Men and Director of Student Employment. At the time of his resignation in 1961, he had risen through a variety of major administrative offices, including that of Associate Dean of the College of Arts and Sciences, to become Executive Dean, Student Relations, and to achieve national acclaim as a leader in his field. In 1960, his professional counterparts across the country selected him as president of the National Association of Student Personnel Administrators.

Keenly sensitive to the interests of students in every issue or policy decision, he repeatedly demonstrated a fundamental fairness which earned him the respect and admiration of students and colleagues alike. A man of unusual resources, Dean Guthrie brought into play, as the situation required, the adroitness of the diplomat, the expertness of the scholar, and the compassionate understanding of the counselor. By his masterful ability to keep open the channels of communication among students, faculty, and administrators, he was able to guide the healthy ferment of student life along lines of lasting progress.

HERSCHEL WARD NISONGER

THE OHIO STATE UNIVERSITY DISTINGUISHED SERVICE AWARD

Nationally recognized authority in adult education, Director Emeritus of the Bureau of Educational Research and Service

Herschel Ward Nisonger followed the way of true greatness during his eminent forty-one-year career as a teacher and administrator at The Ohio State University, for he chose to dedicate his life to his fellow man, particularly to the enrichment of the adult years and to the rehabilitation of the handicapped. Throughout his long tenure at this University, his work in adult education, community service, and in health and welfare drew increasing acclaim, both within Ohio and throughout the nation. The depth of his concern and the breadth of his efforts are suggested by the many professional organizations in which he was an active participant, groups concerned with vocational rehabilitation, blindness, hearing, mental deficiency, exceptional children, crippled children, family relations, probation and parole. Two national organizations—the American Hearing Society and the American Association of Mental Deficiency—selected him to serve as president.

Professor Nisonger joined the faculty in 1919 as an instructor in agricultural education and advanced to full professor in 1926. A series of administrative appointments followed, culminating with that of Director of the Bureau of Educational Research and Service, the position he held upon retirement in 1960.

I. GENERAL RECOMMENDATIONS

A. Distribution of Indirect Expense Money from the Research Foundation to University Treasurer Research Subaccounts

Since the September 8, 1961 meeting of the Board of Trustees through June 30, 1962 a total of \$880,649.00 has been received in payment for indirect expenses incurred on projects administered through The Ohio State University Research Foundation, after Foundation costs and the costs of retirement were provided for.

It is recommended that these receipts be distributed to the University Treasurer Research Subaccounts to provide for specified projects previously approved, and thereafter in amounts related to the indirect expense rates contractually approved by the Federal Government. It is further recommended that receipts hereafter received from such sources be distributed to the University Treasurer Research Subaccounts in like manner.

Upon motion of Mr. Rairdon, seconded by Mr. Davis, the above recommendations were unanimously approved by roll call vote.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of George Adison Bole, Professor Emeritus of Ceramic Engineering, Ward Glen Reeder, Professor Emeritus of Education, and Shephard Liverant, Associate Professor of Psychology, and in accordance with the instructions of the Board of Trustees copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. George Adison Bole

The Board of Trustees expresses its sorrow at the death on July 22, 1962 of George Adison Bole, Professor Emeritus of Ceramic Engineering.

George Adison Bole was born in Beaver Falls, Pennsylvania, February 29, 1884. He received his B.S. degree in 1906 from Geneva College and his M.S. degree in physical chemistry from Columbia in 1912. Alfred University conferred an honorary Doctor of Science degree on him in 1930, and a similar recognition was accorded him by Geneva College in 1935.

Dr. Bole began his professional career as a high school instructor in chemistry in 1907. In 1909 he joined the Corps of Engineers and continued with that organization until 1912, when he returned to the teaching profession

A. George Adison Bole (continued)

as professor of chemistry at Alfred University. He was head of the chemistry department at Alfred for nine years. Courses in physical chemistry as applied to ceramics were developed by him, as well as courses in the use of industrial fuels. He also was Athletic Director at Alfred. He came to Columbus in 1921 as superintendent of the Columbus Section of the U. S. Bureau of Mines, where he continued research in industrial fuels as applied to ceramic processes. During this time he also contributed much to the technology of oxychloride cements and high temperature oxidation processes.

Dr. Bole joined the faculty of the Department of Ceramic Engineering at The Ohio State University in 1926 and was research professor in that Department and the Engineering Experiment Station. He was named emeritus professor on retirement in 1954. During his career at The Ohio State University he was particularly active in the fields of colloid chemistry and refractory technology. His contributions in these areas were significant, leading to the development of the insulating refractory industry on a national basis and to the expansion of the clay and silica refractory industries in Ohio. During and after World War II, he made substantial contributions to the development of ceramic-metal systems in the field of oxide and carbide cermets. His research in the field of expanded aggregates has had much to do with the development of new products for the structural industry and the expansion of the light-weight structural products industry generally. He also made substantial contributions in improved methods of manufacturing dinnerware and stabilization of glazes and colors. Perhaps his most significant accomplishment was the profound influence he exercised on the character and ability of the many graduate students who studied under him.

Dr. Bole assisted in organizing the Ohio Ceramic Industries Association and acted as its secretary for several years. During his career at the University, he was for some time manager of the Edward Orton Jr. Ceramic Foundation.

He was a member and fellow of the American Ceramic Society, serving as its president in 1929-30. Honorary membership was conferred on him in 1960. He was also a member of the American Institute of Mining and Metallurgical Engineers, the American Society for Testing Materials, the American Foundrymen's Society, the National Research Council, the Society for the Promotion of Engineering Education, the American Refractories Institute, The American Institute of Chemists, the German Ceramic Society, Sigma Xi, Phi Lambda Upsilon, and Delta Sigma Phi.

In his passing, the field of ceramics has lost one of its pioneers in education, research, and technology. His students and associates will remember him as a sympathetic and inspiring friend.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. RESOLUTIONS IN MEMORIAM (continued)

B. Ward Glen Reeder

The Board of Trustees expresses its sorrow at the death on Friday, July 20, 1962, of Ward Glen Reeder, Professor Emeritus of Education.

Ward Glen Reeder was born in Windfall, Indiana, on March 7, 1891. He attended Indiana University where he received his A.B. in 1914. Graduate studies at the University of Chicago culminated in the Ph.D. degree in 1921.

Dr. Reeder served as a teacher, principal and superintendent of schools in the State of Indiana from 1910 to 1918. From 1919 to 1922 he served on the faculty at Minnesota State Teachers College, Morehead, Minnesota, as Professor of Education and head of the Department of Education. In 1922 he joined the faculty of The Ohio State University as Assistant Professor of School Administration. In 1928 he became Associate Professor of Education, and in 1933 he attained the rank of Professor of Education which he held until his retirement in 1956.

He was a member of the National Education Association, the American Association of School Administrators, the American Educational Research Association, the Ohio Education Association, the Society for the Advancement of Education, Phi Delta Kappa, Phi Sigma Pi, and the Free and Accepted Masons. He has served on many state and national professional committees, such as the Joint Legislative Committee Investigating County and State School Aid and the National Survey on School Finance. He is listed among those eminent Americans whose biography appears in Who's Who in America.

Dr. Reeder authored more than twenty books in the field of Education. Among his major contributions were, The Business Administration of a School System, Public School Relations, First Course in Education, Fundamentals of Public School Administration, and School Boards and Superintendents. He was well known nationally for his contributions as visiting professor at such institutions as the University of California, the University of Michigan, the University of Minnesota, and the University of Pittsburgh. In addition, he participated as a consultant to the U. S. Office of Education and to public school surveys in Ohio, Michigan, West Virginia, Pennsylvania, and Indiana.

He was an outstanding teacher; he challenged his students to thoughtful consideration of the myriad of problems--social, personal, psychological, and technical--in the field of educational administration; he took the time needed to personalize his teaching despite large classes and heavy teaching loads; he inspired in his students a desire to do thorough and rigorous research as a basis for making educational and administrative decisions.

In his passing, educational administration has lost one of its outstanding scholars, a pioneer in the development of the professional literature in the field; his former colleagues and students, a friend and teacher of high integrity and professional standards.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. RESOLUTIONS IN MEMORIAM (continued)

C. Shephard Liverant

The Board of Trustees expresses its sorrow at the death on August 21, 1962 of Shephard Liverant, Associate Professor of Psychology.

Doctor Liverant was born in New York City on October 4, 1927. He was educated at the Universities of New Mexico and Colorado. The University of New Mexico awarded him the B. S. degree in 1950 and the M. S. in 1952; the University of Colorado conferred his Ph. D. in 1956.

During the years 1956-1957, Doctor Liverant was an Assistant Professor in the Department of Psychology and Acting Director of Psychological Services in the Department of Psychiatry of the Medical School at the University of North Carolina. He came to The Ohio State University in 1957.

Doctor Liverant was a dedicated scholar, scientist, and teacher. He was never content with ideas; as a psychologist and teacher, his struggles to examine, perfect, and polish them leave an indelible mark on his students and colleagues. His contributions to the fields of clinical, personality, and social psychology were indeed significant.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Recommendation Concerning Change Orders on Construction, Remodeling and Repair Projects

In accordance with a suggestion made at the September 7, 1962 meeting of the Board of Trustees, it is recommended that the President be given authority to approve all individual change orders on construction, remodeling and repair projects where said orders do not exceed \$500.00 each. Actions thus taken are to be reported to the Board upon the completion of each of the respective projects, said reports being in total amounts and not in detail.

Upon motion of Mr. Patton, seconded by Mr. Davis, and by unanimous roll call vote of the Board of Trustees, the President was authorized to approve individual change orders on construction projects not exceeding \$500.00 each.

B. Athletic Department Budget for 1962-1963 Amended

It is recommended that the Athletic Department budget for 1962-1963 as approved by the Board of Trustees on June 15, 1962 in the amount of \$1,828,897.00 be increased in the amount of \$5,713.92 to provide funds for installing blacktop in the Maintenance Building Area at the Golf Course. This action will increase the authorized budget to \$1,834,610.92.

The Board of Trustees approved the award of this contract to the low bidder at their meeting on July 13, 1962.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation to increase the Athletic Department budget for 1962-1963 to provide for the installation of blacktop in the Maintenance Building Area at the Golf Course was unanimously approved by roll call vote.

C. Creation of New Position, Vice President for Research (Rule 11.1102) and Substitution of Rule for Vice President for Instruction and Dean of Faculties (Rule 11.1101)

For some time it has seemed apparent that the provision of central administrative leadership at The Ohio State University for both the instruction and the research programs of the University has become a task of such a magnitude that it requires the time and attention of more than one individual. Curricular developments which include the task of providing day-to-day teaching for over 30,000 students plus continuous efforts to revise and improve the curricular patterns of the University require almost full-time attention. In addition, major studies of the organization of the University and of the academic calendar contain crucial instructional implications which require leadership. A wide variety of other matters including faculty personnel policy, academic counseling and library services demand attention.

I. GENERAL RECOMMENDATIONS (continued)

C. Creation of New Position, Vice President for Research (Rule 11.1102) and Substitution of Rule for Vice President for Instruction and Dean of Faculties (Rule 11.1101) (continued)

On the research side, The Ohio State University is experiencing unprecedented growth. Sponsored research through the Research Foundation--only a part of our total research effort--reached a dollar volume of \$9,020,000.00 in 1961-1962. Increasing attention on the campus, in legislative halls and in the public press has been given to the need for the further stimulation of research in Ohio. Present day research has outgrown departmental boundaries and the need for the development of interdepartmental and intercollege research ventures continues to grow.

In view of these and many similar demands which could be mentioned, a variety of studies and consultations about the central administration of instruction and research at The Ohio State University have been conducted over a period of more than two years. As a result of these studies and discussions, it is therefore recommended that the positions of Vice President for Instruction and Dean of Faculties and of Vice President for Research be created and substituted for the position of Vice President, Instruction and Research. To formally establish these positions, it is recommended that Rule 11.1101 be deleted and that a revised Rule 11.1101 be substituted for it and that new Rule 11.1102 be adopted as follows:

11.1101. Vice President for Instruction and Dean of Faculties

Section 1. The Vice President for Instruction and Dean of Faculties shall be the executive head of the Office of Instruction.

Section 2. The major area of responsibility and authority of the Vice President for Instruction and Dean of Faculties shall be that of the instructional and faculty affairs of the University. Without limiting the generality of the foregoing, the Vice President for Instruction and Dean of Faculties shall, under the direction of the President and with the approval of the Board of Trustees, be responsible and have the necessary authority for: providing coordinated leadership for the development and evaluation of curricular patterns and teaching methods; the selection, promotion, professional development, tenure and salary of the instructional staff; and the development of the services of the University libraries. In cooperation with the Vice President for Research and the Dean of the Graduate School, he shall assist in the coordination of the instructional program with the research program of the University; and, in cooperation with the Executive Dean for Student Relations, he shall work with the constituent academic divisions to appraise the effectiveness of academic counseling and to devise organization and procedures to improve its effectiveness.

Section 3. The principal administrative officials of the Office of Instruction and Dean of Faculties shall include the Associate to the Vice President, Curriculum Development; the Director of Off-Campus Education; and the Director of Libraries.

I. GENERAL RECOMMENDATIONS (continued)

C. Creation of New Position, Vice President for Research (Rule 11, 1102) and Substitution of Rule for Vice President for Instruction and Dean of Faculties (Rule 11, 1101) (continued)

11.1102. Vice President for Research

Section 1. The Vice President for Research shall be the executive head of the Office of Research.

Section 2. The major area of responsibility and authority of the Vice President for Research shall be that of encouraging, stimulating, and coordinating the research programs of the University. Without limiting the generality of the foregoing, the Vice President for Research shall, under the direction of the President and with the approval of the Board of Trustees, be responsible and have the necessary authority for: developing broad policies and operating procedures for the research activities of the University; stimulating research developments and assisting in the evaluation of the total research program of the University; providing advice and assistance to college research administrators as they develop the research program within the colleges; supplying coordinated leadership in securing governmental, industrial, and individual support for the research programs of the University; developing the interdepartmental and intercollege cooperative arrangements for the administration of the research projects. In cooperation with the Vice President for Instruction and Dean of Faculties and the Dean of the Graduate School, he shall assist in the coordination of the research program with the instructional program of the University; and, in cooperation with the Vice President for Business and Finance, he shall be responsible for developing the contracting procedures and contract terms for sponsored research undertaken by the colleges and divisions of the University.

Section 3. The principal administrative officials of the Office of Research shall include an Associate to the Vice President for Research.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, Rules 11.1101 and 11.1102 were adopted by the Board of Trustees by unanimous roll call vote, and the Secretary was authorized to make such editorial changes in the By-Laws of the Board of Trustees of The Ohio State University and the Rules for the University Faculty as are required by virtue of the above change in Rules, such editorial changes to be reported to the Board at a subsequent meeting.

I. GENERAL RECOMMENDATIONS (continued)

D. Policy on Patentable Discoveries or Inventions by Faculty or Staff

The 104th General Assembly repealed Sec. 3335.30 of the Revised Code, relating to patentable discoveries or inventions made at The Ohio State University and enacted a new Sec. 3345.14 on the same subject. The new statute, like the old, provides that inventions which result either from research or investigations conducted at, or from the use of the facilities of, the University are the sole property of the University. However, for the first time this new statute permits a share of the income to be paid to the inventor, as in fairness it should be. Also, in those exceptional cases where the inventions are not the property of the University because they did not result from research or investigations conducted in any department of the University and the faculty or staff member's research did not involve the use of University facilities, it may be in the interest of the University in such instances to assist the inventor in patenting and exploiting the invention. It is therefore recommended that:

It shall be the policy of The Ohio State University, where a member of its faculty or staff (hereinafter referred to as the "inventor") conceives a patentable discovery or invention (hereinafter referred to as an "invention"), to grant a share in the net proceeds of the invention to the inventor in those situations in which the invention is clearly the property of the University. In those exceptional cases where the inventions do not appear to be the property of the University because the faculty or staff member's research did not involve the use of University facilities, the University may assist the inventors in patenting and exploiting such inventions.

To this end, it is recommended further that the President of the University be authorized and directed, in his discretion

- A. To determine the position of the University in respect to the ownership of any invention under Ohio Revised Code Section 3345.14 or otherwise.
- B. To cause to be assigned to The Ohio State University Research Foundation any invention, whether it is or is not conceived in the course of sponsored research, which he regards to be the property of the University; with the request that the Foundation endeavor to patent and exploit the invention and pay over to the inventor an appropriate share of the net proceeds of the invention or in lieu of assignment to the Research Foundation to direct such other disposition of the invention as he deems appropriate.
- C. To assist the inventor in securing patent protection upon and exploiting such inventions in those exceptional situations where the inventions do not appear to him to be the property of the University by virtue of Ohio Revised Code Sec. 3345.14 or otherwise, and to approve the

I. GENERAL RECOMMENDATIONS (continued)

D. Policy on Patentable Discoveries or Inventions by Faculty or Staff (continued)

acceptance by The Ohio State University Research Foundation of the offer by a member of the University's faculty or staff of the assignment of an invention which does not appear to be the property of the University, upon condition that the Foundation endeavor to patent and exploit the invention and pay over to the inventor an appropriate share of the net proceeds of the invention.

- D. To appoint such committee as he deems appropriate to advise and assist him in the discharge of his responsibilities hereunder.

The phrase "net proceeds" as used herein shall mean (a) any royalty or other periodic payment, or lump sum, received for the right to utilize an invention, but not including any amount paid by the sponsor of a research project which is computed as a percentage of all or some of the costs of the project, whether or not denominated "overhead" and whether or not paid for the right to utilize an invention, less (b) the costs of obtaining a patent and the costs of exploiting the patent, including development, marketing and out-of-pocket costs.

The phrase "an appropriate share" as used herein shall mean normally one-third, but this fraction may be varied in specific instances if, in the President's judgment, the circumstances call for a departure from the norm.

The policy hereby established may be modified, altered, or revoked by the Board of Trustees at any time, and nothing contained herein shall be considered as granting any property right to or creating any contract right in any member of the faculty or staff in any invention or in the proceeds of any invention.

Upon motion of Mr. Patton, seconded by Mr. Loop, the Board of Trustees by unanimous roll call vote approved the above recommendations concerning the Policy on Patentable Discoveries or Inventions by Faculty or Staff. Mr. Patton suggested, and the Board concurred, that the President and the administrative staff give further study to the policy of granting a share of the profits from an invention in those exceptional situations where the invention does not appear to be the property of the University and report back to the Board at a future meeting.

E. Supplemental Personnel Budgets

1. The Ohio State University Personnel Budget

It has been the intention of the University for some time to develop its sponsored research program in such a way as to eliminate "over-time" compensation for research. This requires that service on sponsored research projects be considered a part of the full-time duty of faculty members and that projects be billed for the released

time of faculty members serving on such projects. In order to accomplish this change, salary adjustments are necessary to reflect the redefinition of full-time service. Funds to support these adjustments will be available from billings against sponsored research projects which will be deposited in the budget account supporting The Ohio State University annual personnel budget.

It is therefore recommended that The Ohio State University annual personnel budget as approved by the Board of Trustees on June 15, 1962, be increased in the amount of \$238, 676. 00 to provide salary adjustments reflecting a redefinition of full-time service. XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of William Edwards Henderson, Professor Emeritus of Chemistry, and James Earl McClintock, Professor Emeritus of the Agricultural Extension Service, and in accordance with the instructions of the Board of Trustees copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. William Edwards Henderson

The Board of Trustees expresses its sorrow at the death on September 30, 1962 of William Edwards Henderson, Professor Emeritus of Chemistry.

William Edwards Henderson was born in Wilksburg, Pennsylvania, January 19, 1870. He attended the College of Wooster (Ohio) where he received the Bachelor of Arts degree in 1891 and after two years as professor of natural science at the College of Emporia, Kansas, began graduate work in organic chemistry at Johns Hopkins University. He was awarded the Doctor of Philosophy degree from this University in 1897.

Doctor Henderson taught for two years at Ohio University, before joining The Ohio State University faculty in 1899, as assistant professor of chemistry. He was made associate professor in 1901, professor of inorganic and physical chemistry in 1908, professor of inorganic chemistry in 1912 and emeritus professor in 1940. During his 41 years at Ohio State,

XI. RESOLUTIONS IN MEMORIAM (continued)

A. William Edwards Henderson (continued)

he pioneered and did research in physical chemistry, taught the first science survey classes at the University, served as dean of the Arts College from 1921-1927, was chairman of the Entrance Board for many years, took part in the work of scientific organizations and was the author or co-author of a number of publications, including some of the most widely used chemistry textbooks ever published. He developed Ohio State's courses in advanced inorganic chemistry, inorganic preparations, physical chemistry, history of chemistry and chemical biography.

Professor Henderson was secretary of the Council of the American Association for the Advancement of Science in 1915 and the following year was general secretary of the Association. In 1917 he was secretary for the Division of Inorganic and Physical Chemistry of the American Chemical Society and chairman of the Division the next year.

Doctor Henderson's honors include the Doctor of Science degree, conferred by the College of Wooster in 1925, and the Doctor of Laws, awarded by Ohio State in 1950. The American Chemical Society in 1949 presented him a certificate in recognition of 50 years of continuous membership, and the American Association for the Advancement of Science gave him similar recognition the following year.

Professor Henderson was a member of Sigma Chi social fraternity; Phi Lambda Upsilon and Alpha Chi Sigma, chemistry honoraries; Sigma Xi, scientific honorary; and Phi Beta Kappa. He was instrumental in organizing Ohio State's Phi Beta Kappa chapter. Other memberships included the ACS, AAAS and the Ohio Academy of Science.

Doctor Henderson lived a rich and full life. He contributed much to the scholarly and spiritual life of our University community. He helped to build The Ohio State University in its early, critical and formative period. He will be long remembered by his students and colleagues for his courageous, objective, scholarly, statesmanlike approach to the great variety of problems that must be studied and resolved in an academic community.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. James Earl McClintock

The Board of Trustees expresses its sorrow at the death on October 2, 1962 of James Earl McClintock, Professor Emeritus, Agricultural Extension Service.

As an Extension educator and editor, Professor McClintock served the people of Ohio for thirty-six years prior to retirement in 1950. His love of the outdoors and his intense interest in gardening kept him occupied

XI. RESOLUTIONS IN MEMORIAM (continued)

B. James Earl McClintock (continued)

during the intervening years, and he was a frequent visitor to the University campus and a participant in many community activities.

Professor McClintock was born and reared in Noble County, Ohio, and he was graduated from The Ohio State University in 1906. He began his lifelong career of educational service as a scientific assistant for the U. S. Bureau of Soils in 1906 and 1907. He was assistant professor of agronomy at the University of Maine from 1907 to 1909, specialist in agricultural education in the U. S. Bureau of Education from 1909 to 1910, and agriculturist for the International Correspondence Schools in Scranton, Pennsylvania, from 1910 to 1914. His experience with correspondence courses brought him back to Ohio State in 1914 as supervisor of publications and later editor with the Agricultural Extension Service, a position he held until retirement in 1950.

The non-credit Extension correspondence courses which Professor McClintock established in 1915 have been the source of free study-at-home education for more than 40, 600 Ohioans. Four of the original twenty-eight courses are still being offered: beekeeping, dairy farming, farm accounts, and poultry farming.

As a pioneer member of the State staff of the Agricultural Extension Service, Professor McClintock was largely responsible for the development of the comprehensive information program which supports Extension work throughout Ohio so effectively today. This program includes popular subject-matter publications in every area of agriculture and home economics offered within the College of Agriculture and Home Economics; a weekly educational news service to Ohio newspapers, magazines, radio and television stations; daily radio and television broadcasts on the University and commercial stations; a regular tape-recording service to radio stations; a motion-picture and filmstrip lending library for county Extension agents and other teachers, and the production of hundreds of visual teaching aids of all types for the Extension faculty members.

Professor McClintock was a kindly man, beloved by his many associates and friends as a competent editor and wise counselor. Affectionately known as "Mr. Mac," he was never too busy to confer with faculty members who were seeking new ways to communicate with their off-campus students at home, on the farm, or in the local community. Through his enthusiastic support of the American Association of Agricultural College Editors, which he served as president in 1917, he helped establish agricultural journalism as a profession, and he encouraged many young students to seek careers in the field. His long-time interest in AAACE was evident in that he attended most of the sessions of the 46th annual meeting held on the Ohio State campus last July.

The total educational program of The Ohio State University was greatly enhanced by the significant contributions made by Professor McClintock.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Certificate Program in Russian Area Studies

On November 6, 1962 the Faculty Council approved the recommendation of the Council on Instruction that there be established a Certificate Program in Russian Area Studies.

The Certificate Program in Russian Area Studies consists of a year's work of related graduate level courses on the Soviet Union selected from the Departments of Economics, Geography, History, Political Science, Sociology, and Slavic Languages and Literatures. It is designed as a supplementary program of education to provide and to integrate specialized knowledge in the Russian area for persons who have demonstrated competence in their own disciplines. To qualify, a candidate must have completed a Master's or Ph.D. degree, or have passed the General Examinations for the Ph. D., and must also have a knowledge of the Russian language sufficient for his use as a research tool in his own discipline.

It is therefore recommended that the Board of Trustees approve the above Certificate Program and that it be granted only upon the recommendation of the Graduate School Committee on Russian Studies.

Upon motion of Mr. Patton, seconded by Mr. Loop, the Board of Trustees by unanimous roll call vote approved the Certificate Program in Russian Area Studies.

B. Re-establishment of a Department of Astronomy within the College of Arts and Sciences

On November 6, 1962 the Faculty Council approved the following proposals of the Council on Instruction and the College of Arts and Sciences that:

- (1) a Department of Astronomy be re-established within the College of Arts and Sciences;
- (2) the program of the proposed Department of Astronomy be that presently conducted under the Division of Astronomy of the Department of Physics and Astronomy; and
- (3) the name of the Department of Physics and Astronomy be changed to the Department of Physics.

The astronomy program at The Ohio State University, currently in the Department of Physics and Astronomy of the College of Arts and Sciences, has been growing steadily during recent years, particularly since the development of space sciences has stimulated interest in all branches of astronomy. Not only has enrollment at both the undergraduate and graduate levels increased, but research facilities have multiplied and been extended both physically and geographically. Furthermore, it seems clear that this growth will continue as space sciences play an increasing role in the public interest and in the research aspects of astronomy.

I. GENERAL RECOMMENDATIONS (continued)

B. Re-establishment of a Department of Astronomy
within the College of Arts and Sciences (continued)

It is therefore recommended that the Board of Trustees authorize the adoption of the above proposals as approved by the Faculty Council.

Upon motion of Mr. Bricker, seconded by Mr. Patton, the Board of Trustees by unanimous roll call vote approved the proposals concerning the re-establishment of a Department of Astronomy and the renaming of the Department of Physics effective immediately.

V. APPROPRIATION AND TRANSFER OF FUNDS

A. Construction of Water Storage Tank

The erection of a water storage tank west of the Olentangy River and an interconnection between this tank and the large capacity well located on University property at the west end of Hess Road will safeguard the University in case of interruption in its present water service. Since water service is the most vulnerable point in the University's total utility operation, this additional safeguard is deemed essential as the University grows geographically and as its enrollment and staff expands.

It is therefore recommended that an amount not to exceed \$200,000.00 be appropriated from the University Treasurer General Fund for the purpose of providing an elevated storage tank, the necessary accouterments such as check valves, manifolding, interconnecting and pumping equipment to provide the University with a complete alternate water supply system.

Upon motion of Mr. Bricker, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Herman L. Wirthwein, Assistant Professor Emeritus of Physical Education, and in accordance with instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased.

A. Herman L. Wirthwein

The Board of Trustees expresses its sorrow at the death on October 13, 1962 of Herman L. Wirthwein, Assistant Professor Emeritus of Physical Education.

Herman Wirthwein was born in Columbus, Ohio, on September 17, 1891. He attended The Ohio State University where he was graduated from the College of Agriculture in 1913.

XI. RESOLUTION IN MEMORIAM (continued)

A. Herman L. Wirthwein (continued)

Professor Wirthwein assumed the position of Head Tennis Coach in 1926 and continued in this capacity for thirty years, although he was also Director of Recreation for the City of Columbus from 1929-1932. Throughout his career, he divided his time between coaching and teaching physical education activities. From 1956 until he retired in 1961, he devoted all his time to physical education.

During his tenure as a faculty member, Mr. Wirthwein pioneered coaching clinics in Ohio and the Midwest. He wrote a booklet, "Tennis for Beginners," which was adopted as a text by the University as well as other educational institutions in the Midwest. As President of the Midwest Tennis Coaches Association and as an officer in the National Tennis Association, he devoted considerable time and energy in upgrading the organization and promoting this sport. During World War II the physical conditioning of hundreds of military personnel, who were stationed on the campus, was assigned to him.

During his long and fruitful years of teaching and coaching, Herman Wirthwein contributed much to the efficient living of faculty and students in the University community. He will be remembered for his work at Camp Connibuck, Vermont, where he spent his summers. In this position he was instrumental in encouraging young boys to lead wholesome and useful lives.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Grants-in-Aid for Research and Assigned Research Duty

The Board of Trustees at its meeting on October 19, 1953 declared its intention to allocate funds for research fellowships, assistants, grants-in-aid, and allied supports for research to be distributed on a basis to be determined by the President.

On September 8, 1961 the Board authorized the establishment of the University Treasurer Research Account with six subaccounts for specific purposes. Subaccount (d), identified as Research Fellowships and Grants, was established to be used for making research grants including fellowships and upon the recommendation of the President an annual allocation of \$250,000.00 for this purpose was approved.

V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

A. Grants-in-Aid for Research and Assigned Research Duty (continued)

Through a recent reorganization of procedures for the administration of "indirect cost" income derived from research, the Engineering Experiment Station will transfer to the University Treasurer Research Account the "indirect cost" income from research grants, effective January 1, 1963, thereby increasing the funds available for research grants.

Therefore, upon the recommendation of the Vice President for Research and with the concurrence of the Vice President for Business and Finance and of the Cabinet, it is recommended that \$275,000.00 be transferred to Subaccount (d), Research Fellowships and Grants, for the 1963-64 year.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the transfer of \$275,000.00 for the purpose recommended above was approved by unanimous roll call vote.

B. Remodeling Projects

At the request of the Vice President, Business and Finance, and with the concurrence of the President's Cabinet, it is recommended that \$55,000.00 be appropriated from Subaccount (f) of the University Treasurer Research Account for small remodeling projects which are approved by the President and for which no state-appropriated funds are available.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

C. Equipment and Physical Facilities for Research Projects

At the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that \$10,000.00 be appropriated from Subaccount (f) of the University Treasurer Research Account to the Research Facilities Rotary 19603 for the emergency purchase or repair of equipment and the enlargement or rearrangement of space to provide continuation of current research projects and/or contracts which have been processed through the Research Foundation or the Business Office.

This is a renewal of Board actions of September 1, 1958, November 6, 1959, and October 6, 1961 which appropriated \$10,000.00 each year for the purposes indicated.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation for appropriation of funds was approved by unanimous roll call vote.

D. Additional Space at the Research Center for the Institute of Nutrition and Food Technology

At the request of the Vice President for Research, and with the concurrence of the Vice President for Business and Finance and the Cabinet, it is

V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

D. Additional Space at the Research Center for the Institute of Nutrition and Food Technology (continued)

recommended that \$15,800.00 be appropriated from Subaccount (b) of the University Treasurer Research Account for remodeling work at the Research Center to provide additional space for the Institute of Nutrition and Food Technology.

Upon motion of Mr. Loop, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

E. Construction of Aircraft Hangar No. 4, University Airport

On July 13, 1962 the Board of Trustees appropriated an amount not to exceed \$250,000.00, which was a preliminary estimate, to be advanced from the University Treasurer General Fund for the construction of a large aircraft hangar.

More accurate costs for the construction of Phase I and Phase II of this project have now been developed and it is recommended therefore, that the Board of Trustees increase the original appropriation to an amount not to exceed \$300,000.00. This appropriation will cover the total cost of the construction of Aircraft Hangar No. 4, including the architect's fees and other miscellaneous costs. This is a self-liquidating project to be amortized over a period not to exceed 25 years, at 4 per cent interest, the repayment to be returned to the University Treasurer General Fund.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

VI. EXTRA ORDERS TO CONTRACTS

At the request of the Council on Business Affairs, and with the concurrence of the Cabinet, it is recommended that the Extra Order to Contract and the Change in Wage Rates as outlined below be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds as indicated.

A. Repair and Resurface Sidewalks on Campus

It is recommended that additional walks on campus be resurfaced and new walks be constructed where need has been shown. The cost is based on the unit prices given by the contractor at the time the original contract was bid.

Add \$7,767.02

Funds will be provided from Maintenance Account 200, H. B. 1123.

VI. EXTRA ORDERS TO CONTRACTS (continued)

B. Student Housing, Building No. 3 (Blackburn House)

It is recommended that the Wage Scale as established by the U. S. Department of Labor be made a part of the General, Heating and Ventilating and Air Conditioning, Plumbing and Electrical Contracts as provided on Page 15a of the General Conditions of the original contracts for these divisions. This scale is supplemental to the Wage Rates as determined by the Ohio Department of Industrial Relations. Where there is a difference in rates between these two schedules for any classification, the higher rate shall govern. These rates effect no change in the contract cost.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

X. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Robert Earnest Smith, Professor Emeritus of Education, and in accordance with instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased.

A. Robert Earnest Smith

The Board of Trustees expresses its sorrow at the death on November 23, 1962 of Robert Earnest Smith, Professor Emeritus of Education.

Robert Earnest Smith was born in Garryhinch, Kings County, Ireland, December 18, 1879. He obtained his early education in the schools of Ireland and England, came to the United States in 1897, and served as a pattern maker for the Jeffrey Manufacturing Company, Columbus, Ohio, until he received his appointment as an Assistant in Woodworking in the College of Engineering at The Ohio State University in 1912. Even though he had not completed a formal program of education in a secondary school, he was accepted as a special student at The Ohio State University where he

received his Bachelor of Science degree in education. Professor Smith received the Master of Arts degree in 1926 and the Doctor of Philosophy degree in 1928 from this institution.

Dr. Smith served the University as a member of the staff from 1912 when he became an Assistant of Woodworking in the College of Engineering. He became an Instructor of Manual Training and Industrial Education in 1917, an Assistant Professor of Industrial Education in 1925, an Associate Professor of Industrial Arts Education in 1930, and a full Professor in 1940. During his 38 years at Ohio State, he guided the research activities of 185 master's and eight doctoral candidates. His publications consist of a series of eight widely used textbooks which have had a large and wholesome influence on Industrial Arts and Vocational Education. Following his retirement in 1950, he joined the faculty of Southern Illinois University where for eight years he served as a Professor of Industrial Education and Acting Chairman of the Department during an interim period.

Following his retirement, the Robert E. Smith Student Loan Fund was established in his honor by the students he had served. His significant contribution to Vocational Education was recognized in 1958 through the presentation of the Outstanding Service Award of the American Vocational Association. Four years later, March, 1962, he was honored by the Ohio Industrial Arts Association by being awarded the first Honorary Membership of the Association. Professor Smith was a member of Iota Lambda Sigma, Kappa Phi Kappa, Phi Delta Kappa, Epsilon Pi Tau, honorary educational fraternities. His other memberships included the Ohio Vocational Association, The American Vocational Association, The Association for Student Teaching and the Masonic Lodge. He was listed in Who's Who in American Education.

Dr. Smith's life was full and rewarding. The many students who came under his influence had their horizons extended and their lives enriched through his patience, wisdom, and sound judgment. His influence on Industrial Arts Education both at The Ohio State University and throughout the country will long be recognized.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. REPORTS

A. Reports from the Finance and Investment Committee

1. Rescinding the Action of April 6, 1962 Relating to the Employment of Special Bond Counsel for Parking and Traffic

Mr. Allyn presented the following report and recommendation:

At the meeting of the Board of Trustees held on April 6, 1962, the President and the Vice President, Business and Finance, were authorized to proceed with the development of a self-liquidating financing plan for construction of parking ramps, engaging a consultant in connection therewith. In the same meeting, the Board approved a resolution requesting of the Attorney General appointment of bond counsel.

On July 13, 1962 the Board of Trustees authorized employment of Wilbur Smith & Associates as project consultant. After the date of the April 6, 1962 meeting the general feasibility of the program has been studied and to some extent questioned. It now is recognized that in order to proceed, if at all, with the parking ramps on a self-liquidating basis, the Board should await the results of Wilbur Smith & Associates' studies which now cover the entire area of feasibility. The suggestion was made, in light of the foregoing, that the request for appointment of special bond counsel was premature. Therefore, it was recommended that action of the Board of April 6, 1962 in requesting such special bond counsel be rescinded.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

2. Report on Investment Portfolio

The report on the University's Investment Portfolio dated November 30, 1962 was presented to the Board of Trustees. The Secretary was instructed to file a copy of the report with the official records of the Board of Trustees.

B. Report on the Status of the Guest Speakers Rule

President Fawcett reported the developments relating to the Guest Speakers Rule, which developments have taken place since the October 11 informal meeting of the Board of Trustees with the Faculty Advisory Committee to the President and the Board of Trustees.

The President's report included reference to

- (a) the report and recommendation of the Faculty Advisory Committee which was presented to the Faculty Council on November 6, 1962 and tabled by the Faculty Council until its December 11 meeting. At the December 11 meeting of the Faculty Council after a full and complete debate, action was taken to recommit the report and recommendation to the Faculty Advisory Committee for restudy, revision and re-submission to the Faculty Council. (A copy of this report is on file with the official records of the Board of Trustees.)

XI. REPORTS (continued)

B. Report on the Status of the Guest Speakers Rule (continued)

- (b) the Student Senate proposal for modification of the Guest Speakers Rule submitted through the Council on Student Affairs to the Faculty Council.
- (c) the resolution adopted by the Council on Student Affairs regarding the invitation of guest speakers by student organizations.
- (d) the resolution passed by the American Association of University Professors which supported in principle the Student Senate proposal relating to rules for guest speakers.

Copies of the foregoing three documents have been forwarded to the Faculty Advisory Committee for consideration since this Committee by faculty rules is charged with the continuing responsibility for evaluating the University's policy on guest speakers. Copies of these documents were in the hands of members of the Board of Trustees in advance of this meeting.

The President further reported that he had been advised by the President of the Student Senate via telephone that 3,004 student signatures out of a possible 28,160 on-campus students had been secured on a petition supporting the Student Senate's position relating to guest speakers.

Whereupon Mr. Davis presented the following statement and resolution:

Mr. Chairman, in keeping with our discussions with the Faculty Advisory Committee in October and in light of the desires of the Faculty Council as expressed at their December 11 meeting, it seems advisable at this time to remove any doubt and ambiguity with respect to the authority of the President under the Guest Speakers Rule. To clarify his authority, I offer the following resolution and move that it be adopted:

Be it resolved that Faculty Rule 21.09 relating to guest speakers be amended by adding Section 3, to read as follows:

Section 3. The President shall have the authority to review, on his own initiative or otherwise, requests to invite guest speakers and decisions relating to invitations to guest speakers, and to take such action as, in his judgment, he deems necessary or advisable in the best and over-all interests of the University.

Mr. Allyn seconded the motion to adopt the above resolution and stated "It should be emphasized that this action is for clarification purposes only." Mr. Davis reported that he had been requested by Mr. Thomas F. Patton to announce at the meeting that if he were present he would vote for the adoption of this resolution. Mr. Bricker reported that he had a similar request from the Chairman of the Board, Mr. Ketner.

Thereupon the Board of Trustees by unanimous roll call vote adopted the above resolution adding Section 3 to Faculty Rule 21.09.

XI. REPORTS (continued)

B. Report on the Status of the Guest Speakers Rule (continued)

President Fawcett presented the following statement:

Statement on Guest Speakers Rule presented by
President Novice G. Fawcett to the Board of Trustees
December 13, 1962

Having been informed by the Board of Trustees at its October meeting with the Faculty Advisory Committee to the President and Board of Trustees of the Board's intention to make the clarification of the Guest Speakers Rule at the meeting today, I should like to take this opportunity to advise the Board and those present of my views on the subject. The action you have just taken adds Section 3 to Faculty Rule 21.09 and is as follows:

Section 3: The President shall have the authority to review, on his own initiative or otherwise, requests to invite guest speakers and decisions relating to invitations to guest speakers, and to take such action as, in his judgment, he deems necessary or advisable in the best and over-all interests of the University.

As I view your action this addition adds nothing new to the Rule but merely clarifies the authority of the President. The Board's decision is not in conflict with the action of the Faculty Council to recommit this problem to the Faculty Advisory Committee, which Committee carries the responsibility for a continuing study of this matter. No meeting of the Committee and the Board of Trustees for the discussion of the Speakers Rule or other appropriate matters will be called for several months. During this period some sober reflection should take place on this campus to the end that further discussions can proceed in a dispassionate atmosphere free from the quibbling and pressures that to a large degree have distracted some faculty, staff and students from their central tasks. The existing Speakers Rule has worked satisfactorily for several years with only an occasional controversial incident. There has been no instance in which a topic or issue has been held to be "too controversial" for intelligent discussion on our campus. There has been no instance of what some call "thought control." The issue has centered on the person and not on the idea to be explored in depth.

Just as we attempt to maintain high standards in the selection of faculty members, teaching assistants, and curricular content in our classrooms, so should we strive for high standards in those other educational experiences that are provided for students on the campus but which are outside of the formal classroom setting. We select and retain faculty members who exhibit high standards of character and integrity and who have intellectual depth in their teaching and research fields. When we ask others to assist in the education of our students, certainly it is not asking too much to insist that guest speakers also bring high standards to our campus.

XI. REPORTS (continued)

B. Report on the Status of the Guest Speakers Rule (continued)

President Fawcett's Statement on Guest Speakers Rule (continued)

I have stressed many times and I repeat again my strong belief in the right of our faculty and students to examine and to explore honestly and objectively all such controversial matters as are in keeping with the high standards of excellence this University has achieved. I shall continue with all of my vigor to defend this right in every case that is marked by the moral and intellectual integrity characteristic of scholars and students engaged in free and responsible inquiry. This dimension of freedom is the keystone of a great university. However, controversy for controversy's sake does not contribute to progress and does not strengthen the image of this University as it strives to discharge its responsibility to society. Our greatest need at the present time is for a united effort on the part of faculty, students, and staff to further the growth of this University in the face of almost unprecedented problems related to quantity of students, to the so-called knowledge explosion, and to the needs of society for highly-educated citizens. These problems are worthy of the best efforts of us all and to their solution we should dedicate ourselves.

Major decisions on this campus evolve out of long deliberation and earnest consultation so that the best knowledge at a given point in time can impinge on the solutions to problems. This campus is blessed with some of the finest intellects in the world. I pledge my continuing best efforts to the process of intelligent consultation with all appropriate groups to the end that problems may be resolved in an atmosphere of mutual respect and confidence.

C. Annual Report for The Ohio State University Research Foundation and the Engineering Experiment Station

Mr. Mount reported that the Annual Report for The Ohio State University Research Foundation and the Engineering Experiment Station have been received. A copy of each report will be mailed to each member of the Board of Trustees and one copy of each report will be filed with the official records of the Board of Trustees.

D. Report on Highlights of Campus Activities

In concluding the meeting, President Fawcett reviewed some of the highlights of campus activities during the past month as compiled by the Executive Director, Office of University Relations.

RECIPIENTS OF HONORS

JOHN HARVEY KNOX

DOCTOR OF SCIENCE

Rare combination of teacher and administrator, researcher, animal scientist, student counsellor, and advisor to livestock producers

John Harvey Knox, Professor and Head of the Department of Animal Husbandry, New Mexico State University, has dedicated himself to the advancement of the science of his choice. He is a rare combination of teacher and administrator, research scientist, counsellor to students, and advisor to livestock producers. His ability to communicate at all levels of learning and thus to make available his vast fund of knowledge is one of his greatest attributes. His masterful teaching ability, along with his many accomplishments in his field of science, brought him the first Distinguished Teacher Award presented by the American Society of Animal Production in 1959.

A native of Geauga County, Ohio, he received the Bachelor of Science degree from The Ohio State University in 1921. In 1935, he became head of the Animal Husbandry Department at New Mexico College of Agriculture and Mechanic Arts (now New Mexico State University). He is active in Sigma Xi and Alpha Zeta, and is frequently asked to serve as advisor to student organizations.

His foresight and recommendations have led to many techniques for the improvement of production on New Mexico ranches. One of his outstanding accomplishments has been in connection with the need for mineral supplements. From statewide analysis of grasses, he determined the areas which were deficient in minerals essential to good livestock production. Ultimately he proved that adding phosphorus to livestock feed would result in increased calf crops and an improvement in grade and weight of the cattle produced. Ninety-five percent of the cattlemen in New Mexico now feed a phosphorus supplement as a result of his research.

Other contributions include the use of protein supplements for range cattle, Vitamin A studies, the use of salt to control intake of self-fed supplements, and pioneering work in production testing that has demonstrated the relationship of the type and size of beef cattle to optimum production.

Professor Knox has also had the vision to see that this information would be of little value without communicating it to those who need it. To this end he organized "Ranch Days," "Feeders' Days," and "Cattle Breeders' Schools."

Mr. Knox has been a vice president of the American Society of Animal Production and a long-time member of the executive committee of the New Mexico Cattleman's Association. He has won the admiration and respect of New Mexico cattlemen, and in 1954 was the first "college man" selected by them as "Cattleman of the Year," an honor reserved for those of outstanding accomplishment.

ROGER TORY PETERSON
DOCTOR OF SCIENCE

Conservationist and student of nature whose dedication, observation and artistry have enriched the lives of men by opening to the world the joys of an informed appreciation of birds and other wildlife

Roger Tory Peterson concentrates his entire being on observing and recording in word and picture the world of nature which he loves so much. His reputation as a pre-eminent ornithologist, conservationist, nature illustrator, and author is world wide. One of his field guides, now in its third edition, 30th printing, has sold more than 600,000 copies. *Wild America* (1955) is on the best seller lists; other books of his are now being printed in 12 languages. As editor of a classic series of field guides on wildlife, including flowers, trees, shells, rocks, insects, birds, and mammals, he is exerting a powerful influence on the study and observation of natural history, both at the amateur and professional levels. His superb paintings illustrate many books and pamphlets and adorn the rooms of many institutions and homes.

Between 1931 and 1934, Mr. Peterson was an instructor in science and art at the Rivers School in Brookline, Massachusetts. He was art editor of *Audubon* magazine from 1934-1943 and has served on the administrative staff of the National Audubon Society, in charge of educational activities. Since 1946 he has been a dynamic and outstanding Audubon Screen Tour lecturer.

He holds an honorary D.Sc. (1953) from Franklin and Marshall College. Several national and foreign ornithological and nature-study organizations have awarded gold medals for his contributions to wildlife and nature study. These include the Brewster Memorial Medal of the American Ornithological Union; the John Burroughs Medal "for exemplary nature writing"; the Geoffrey St. Hilare gold medal of the French Natural History Society for his "outstanding work on European birds"; and the Gold Medal of the New York Zoological Society.

For more than a year he travelled across the face of western Europe, from Lapland to Gibraltar studying European birds and adding greatly to the knowledge of them. As a member of the Yale University Patagonian Expedition, he surveyed bird life during a 14,000 mile journey into the southern tip of South America. At present he is completing work on a field guide to Mexican birds and conducting researches and gathering data for a work on the sea birds of the world.

Largely because of this man, the study of nature has become the pursuit and hobby of millions of persons in many countries. His distinguished work has been a major force in bringing diverse peoples more closely together in mutual appreciation of nature and of each other.

HAZEL KATHERINE STIEBELING
DOCTOR OF SCIENCE

*Dedicated research scientist in nutrition who is internationally recognized
for her contributions to the betterment of human life*

Hazel Katherine Stiebeling, Deputy Administrator of the Agricultural Research Service, United States Department of Agriculture, directs research in home economics that benefits most families and individuals in the United States and many in other parts of the world. As a result of her contributions to the science of nutrition and to the well-being of people everywhere, she received in 1959 the President's Award for Distinguished Federal Civilian Service, the highest award that can be granted to a civilian government employee. She is the first woman to have been so honored.

A native of Haskins, Ohio, Hazel Stiebeling began her professional career in Findlay, where she taught home economics in the public schools. After having taught nutrition at Kansas State Teachers' College, she attended Columbia University and completed requirements for the doctorate. In 1930, she was employed by the United States Department of Agriculture. The nation was deep in depression, and incomes were low or nonexistent. For those thousands of persons in need, Hazel Stiebeling was able to translate her scientific knowledge of human nutritional requirements into practical guides for providing the best diets possible at the least cost. Through her efforts, basic schedules for adequate diets at different levels of income became available for the first time.

Shortly after joining the Department of Agriculture she initiated family food consumption studies. Much credit belongs to Dr. Stiebeling for the comprehensive knowledge available today concerning the dietary patterns of the people in this country and the nutritional adequacy of the food they consume. She was instrumental in developing techniques for obtaining data on population groups and for interpreting the findings in terms of dietary adequacy. The methods devised continue to be used worldwide.

Since 1936 when she attended her first international conference on nutrition, Dr. Stiebeling has worked actively on world-nutrition problems. She holds the distinction of having been a representative of this country at almost all such international conferences for the past twenty years. The United States' delegations to the Regional Food and Agricultural Conference in Uruguay (1948) and in Brazil (1950) were under the leadership of Dr. Stiebeling.

Hazel Stiebeling, acclaimed for her capabilities as scientist and administrator, is distinguished for her professional achievements. Humility is the common denominator of all that she does. Her judgments are tempered by understanding tolerance, her contacts by friendliness and warmth, and her influence by respect for the dignity of mankind.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of Department of Physical Medicine
in the College of Medicine

The Faculty Council on January 8, 1963 approved the recommendation adopted by the Faculty of the College of Medicine and endorsed by the Council on Instruction that a Department of Physical Medicine be established in the College of Medicine, effective July 1, 1963.

This proposed department is to be responsible for teaching, research, and patient care in the special area of physical medicine and medical rehabilitation. For many years the area of physical medicine has been administered as a Division of Physical Medicine in the Department of Medicine. This Division currently offers an instructional program at the postgraduate, graduate, professional and undergraduate levels. The undergraduate work includes 18 courses for the baccalaureate student in physical therapy. This proposed reorganization, if approved, would bring The Ohio State University's College of Medicine in line with 35 similar colleges which have separate Departments of Physical Medicine. It is understood that all aspects of the educational program of the Division of Physical Medicine in the Department of Medicine will be transferred to the new Department of Physical Medicine.

It is therefore recommended that the above action of the Faculty Council be approved.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was unanimously approved by roll call vote.

B. Honorary Degrees

The Faculty Council on January 8, 1963 recommended that the honorary degree, Doctor of Humane Letters, be conferred on:

Carl Raymond Arnold
Jerome Lawrence
Herman B Wells
Carl Frederick Wittke

and also that the honorary degree, Doctor of Science, be conferred on:

Russell Games Slayter
Bertram D. Thomas

It is therefore recommended that the Board of Trustees approve the Faculty Council recommendations and that these degrees be awarded at the June, 1963 Commencement or at one of the following Commencements to be held during the year 1963.

Upon motion of Mr. Rairdon, seconded by Mr. Bricker, the above recommendation was unanimously approved by roll call vote.

I. GENERAL RECOMMENDATIONS (continued)

C. Appointment of Special Legal Counsel

The University is confronted with an increasing volume of work which requires assistance and advice in the preparation of legal instruments and documents, necessary litigation, and consulting service from the Office of the Attorney General, State of Ohio. Upon the request of the Vice President for Business and Finance and under authority of Chapter 109, Ohio Revised Code, the Attorney General has appointed Mr. Huntington Carlile as Special Counsel for The Ohio State University.

It is therefore recommended that the Board of Trustees authorize the payment of fees for services rendered to the University by Mr. Huntington Carlile as approved by the Attorney General of Ohio.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

D. Athletic Department Budget for 1962-63 Amended

At the request of the Executive Dean, Student Relations, representing the Athletic Council, and with the concurrence of the Vice President, Business and Finance, and the Cabinet, it is recommended that the 1962-63 annual budget for the Athletic Department be amended by increasing expenditures in the amount of \$7,875.00 from available income for the reconversion and renovation of the heating plant located at the University Golf Course.

Upon motion of Mr. Loop, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of William Baldwin Jencks, Professor of Accounting, and Wells Halderman Teachnor, Clinical Assistant Professor of Surgery, and in accordance with the instructions of the Board of Trustees copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. William Baldwin Jencks

The Board of Trustees expresses its sorrow at the death on December 7, 1962 of William Baldwin Jencks, Professor of Accounting.

Professor Jencks was born in Ottawa, Illinois, November 21, 1909. He received his A. B. degree in Romance Languages from Knox College in 1932 and his M. A. degree from the State University of Iowa in 1935. He qualified as a Certified Public Accountant in New York in 1941 and in Ohio in 1943.

Professor Jencks' professional career included, interdependently, the fields of education and business. He began his teaching at Buena Vista College as an Instructor in Commerce, 1935-36, and at The Ohio State University as an Assistant in Commerce, 1936-38. From 1938-42 he was a staff accountant with Scovell, Wellington & Co., Certified Public Accountants, in New York City. In 1942 Professor Jencks returned to The Ohio State University as an Instructor. He became an Assistant Professor in 1946, Associate Professor in 1947, and was raised to the rank of Professor in 1957. Throughout his years at the University, he improved his competency as a professional accountant by his membership and participation in professional accounting organizations and consulting activities. His breadth of viewpoint as a teacher contributed much to the professional societies of which he was a member. The knowledge and experience he obtained by such memberships earned for him respect and stature as a teacher.

Professor Jencks was a member of the Ohio Society of Certified Public Accountants. He served as Treasurer, Vice President, and President of the Columbus Chapter. He was a Director of the State Society from 1955-57

XI. RESOLUTIONS IN MEMORIAM (continued)

A. William Baldwin Jencks (continued)

and editor of its "The Ohio Certified Public Accountant" from 1947-52. He was a member of Beta Alpha Psi, national accounting professional and scholastic honorary fraternity, serving as faculty adviser to the University chapter for a number of years and then as Secretary-Treasurer and, in 1957, as President of the national fraternity. He served on local, state, and national committees of the National Association of Accountants, the American Accounting Association, and the Institute of Internal Auditors. He was a member of the American Institute of Certified Public Accountants from 1941 and in the two years, 1960-62, served as a member of its Committee on Auditing Procedure. This Committee, during his tenure, developed and drafted for distribution to all members of the accounting profession a series of reports which significantly influence the practices followed by all independent certified public accountants. Professor Jencks was also a member of Beta Gamma Sigma, business honorary; the Order of Artus, economics; and of Phi Sigma Kappa.

Professor Jencks was co-author of Ohio CPA Problems and Solutions and of Audit Working Papers. The latter, published in 1953, was a pioneer work in the field and gained acceptance in staff training programs by national public accounting firms. He was the author of a textbook, Auditing Principles, published in 1959 and only recently completed the draft of a new textbook to be published.

Throughout his career as a teacher and an accountant, Professor Jencks provided for his students and his colleagues an outstanding example of high moral and ethical standards of professional competency.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Wells Halderman Teachnor

The Board of Trustees expresses its sorrow at the death on December 24, 1962 of Dr. Wells Halderman Teachnor, Clinical Assistant Professor of Surgery.

Dr. Teachnor was born in Sciotoville, Ohio, on September 26, 1894, the son of a prominent Ohio physician, Dr. Wells H. Teachnor, Senior. Following his graduation from The Ohio State University in 1919, he interned at Mt. Carmel Hospital from 1919-1920 and was a resident surgeon at this hospital from 1921-1923. He was honored by being selected by the late Dr. Charles S. Hamilton as his protege and associate. His heavy responsibilities at Mt. Carmel Hospital included Chief of the Surgical Service and member of both the Lay Board of Trustees and the Medical Advisory Board of that hospital for a period of 29 years. He maintained a keen interest in the activities of Mt. Carmel, despite his retirement as Active Chief of the Surgical Service on July 1, 1961.

XI. RESOLUTIONS IN MEMORIAM (continued)

B. Wells Halderman Teachnor (continued)

Dr. Teachnor was a truly gifted diagnostician and technical surgeon. In his easy way he could rapidly ferret out the non-essentials and arrive at the correct diagnosis. Throughout the years he stood for the best traditions in American surgery and was always willing to lend his time and support to his profession, Hospital, and University. More recently he was active as the designated chairman of a committee concerned with a large bequest of one of his former patients to the College of Medicine of The Ohio State University.

Dr. Teachnor was a member of the American College of Surgeons, the American Medical Association, Ohio State Medical Association, Columbus Surgical Society, Ohio State Surgical Society, Columbus and Franklin County Academy of Medicine, and Fellow of the International College of Surgeons.

This man was not only humble and gifted but also loved by his patients and highly regarded by his contemporaries and co-workers. Dr. Teachnor was truly a "lighthouse" showing the way during a period of troubled medical times. Such stalwarts are infrequent and most difficult to replace.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

25.07. Meetings.

A regular meeting of the University Faculty shall be held during each of the Fall, Winter, and Spring Quarters. 25.11. Vote.

Only members of the University Faculty (see Rule 25.01) shall be eligible to vote at a meeting of the University Faculty.

In the event that the approval of the Board of Trustees is required, the action of the Faculty Council or of the University Faculty shall not be effective until such action is taken by the Board of Trustees.

I. GENERAL RECOMMENDATIONS (continued)

B. Revision of Rule 25.07 through 25.13 and Rule 29.15--

It is therefore recommended that the above Rules as amended by action of the Faculty Council be adopted.

Upon motion of Mr. Bricker, seconded by Mr. Allyn, the Board of Trustees by unanimous roll call vote approved the above recommendations, and the Secretary was authorized to revise Rules 25.07 through 25.13 and Rule 29.15 of Rules for the University Faculty accordingly.

C. Degrees Conferred - 1963 Winter Quarter Commencement Convocation

It is recommended that degrees be conferred at the Winter Quarter Convocation on March 15, 1963, to those students who have completed the requirements for their respective degrees and have been approved by the Faculty Council. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix IV, page 311.)

Upon motion of Mr. Loop, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

D. Schedule for Football Ticket Prices for the 1963 Season

Upon the recommendation of the Athletic Council and with the concurrence of the Vice President, Business and Finance, it is proposed that the following schedule for football ticket prices be approved for the 1963 season.

	<u>Individual Games</u>	<u>Season Books</u>
Bleacher Seats	\$3.00	\$15.00
Reserved Seats	5.00	25.00
Box Seats	6.00	30.00
Student Activity Cards		12.00
Faculty-Staff Cards		14.00

The above schedule of ticket prices represents a 50 cent increase per game in the price of all box and stadium reserved seat tickets and is comparable to the football ticket prices for seven of the other nine Western Conference universities. There will be no increase in bleacher, student, and faculty-staff football tickets for 1963.

Mr. Loop stated "In view of the fact that the recommendation does not call for an increase in price for student and faculty-staff tickets I move that the recommendation be approved." Mr. Allyn seconded the motion and it was approved unanimously by a roll call vote.

I. GENERAL RECOMMENDATIONS (continued)

E. Loan of First Teaching Machine to the Smithsonian Institution, Washington, D. C.

The Smithsonian Institution through its Secretary, Mr. Leonard Carmichael, has expressed a desire to add to its collection the first teaching machine created by Dr. Sidney L. Pressey, Professor Emeritus, and constructed in The Ohio State University Department of Psychology in 1925. This instrument is recognized as the first in its field.

Dean Donald P. Cottrell of the College of Education and Dr. Robert Wherry of the Department of Psychology have proposed that the University take advantage of this opportunity to have this instrument included among the exhibits of the Smithsonian Institution since it would add greatly to the prestige of The Ohio State University and would be a well-deserved recognition of Dr. Pressey's significant contribution in the field of education.

It is therefore recommended that the Board of Trustees authorize the President to arrange for the loan on an indefinite basis of this first teaching machine to the Smithsonian Institution.

Upon motion of Mr. Bricker, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

VIII. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Arthur Simeon Watts, Professor Emeritus of Ceramic Engineering, and in accordance with instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased.

A. Arthur Simeon Watts

The Board of Trustees expresses its sorrow at the death on March 4, 1963 of Arthur Simeon Watts, Professor Emeritus of Ceramic Engineering.

Arthur Simeon Watts was born in Zanesville, Ohio, March 27, 1876. He received his early education in the Zanesville schools and came to The Ohio State University in 1896 as a student in Mining. He transferred as a special student in Ceramics in 1897 and left in 1898 to work for the Bell Telephone Company. In 1900 he returned to the campus as a special assistant to Edward Orton Jr. and was awarded a certificate for completing the short course in Ceramics in 1901.

Professor Watts spent the next eight years in industry gaining an insight into industrial practice particularly in the production of electrical porcelain. This early preparation led to later revolutionary developments in the electrical insulator field. He went to Germany in 1909 intending to further his education and studied at the Ceramic Fachschule in Bunzlau and the Charlottenburg Technische Hochschule in Berlin. He returned to this country in 1911 to become quarry technologist with the United States Bureau of Mines. During this period and for many years thereafter he acted as private counsel for the Westinghouse Electric Corporation.

He was appointed Associate Professor in the Department of Ceramic Engineering in 1914 and the following year assumed the post as Department Chairman, which he held until retirement in 1946. He received the Professional Degree of Ceramic Engineer in 1928. The Doctor of Science degree was conferred upon him by Alfred University in 1950 and by The Ohio State University in 1951.

VIII. RESOLUTION IN MEMORIAM (continued)

A. Arthur Simeon Watts (continued)

Dr. Watts was President of the American Ceramic Society in 1912 and held many distinguished positions in the Society, among them Dean of Fellows in 1936-37. He was made a Life Member of the Society in 1946. For many years he represented this country in the International Association for Materials Testing and the Inter-Society Color Council. He served as Trustee of the Edward Orton Jr. Ceramic Foundation and was a member of the English Ceramic Society, Sigma Xi, Tau Beta Pi, Alpha Chi Sigma, and Keramos.

Among his technical contributions were the development of high tension electrical porcelain, hot pressing of porcelain and china, wet grinding processes, preheating of combustion air, eutectic based glazes, and dental porcelain. He was essentially the founder of the high tension electrical porcelain and dental porcelain industries in America. He did the fundamental eutectic work in the zinc oxide, magnesia and baria, and alumina-silica systems. He was the author of more than one hundred technical papers and until a short time before his death was active in continuing technical studies under sponsorship of the Edward Orton Jr. Ceramic Foundation and the A. C. Spark Plug Company. He held numerous German, British, and American patents on ceramic processes.

Perhaps Arthur Simeon Watts' most significant accomplishment was the education and influence on the character of the many students who studied under him. He was held in profound respect and reverence by every alumnus of the Department.

In his passing the field of ceramics has lost one of its pioneers in education, research, and technology. His students and associates remember him as a sympathetic and inspiring friend.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

IX. REPORTS

A. Report from the Board of Directors - The Ohio State University Development Fund

Upon the recommendation of President Fawcett, the Chairman, Mr. Ketner, presented Mr. Everett D. Reese, Chairman of the Board of Directors of The Ohio State University Development Fund, whose report to the Board is summarized as follows:

The Development Fund of The Ohio State University is widely recognized for the outstanding record achieved during its 24

A. Report from the Board of Directors - The Ohio State University Development Fund (continued)

years of existence. It has more contributors annually than any other tax-assisted college or university in the country and more than any college or university with the exception of Harvard and Yale Universities.

While the Fund Board continually desires to broaden the base of contributors, it has, in this silver anniversary year, planned some important new dimensions which will involve the seeking of larger gifts from those interested alumni and friends who have the capacity to make benefactions of significant magnitude.

To this end the Fund Board has approved the formation of a Presidents Club, composed of those who agree to give \$10,000.00 or more at a rate of not less than \$1,000.00 per year, or \$15,000.00 or more by way of a deferred gift, such as a bequest, a life insurance program, a life income agreement or some similar arrangement. A committee composed of the following members of the Fund Board of Directors has been appointed to develop specific plans for the creation of and implementation of the Presidents Club program: Novice G. Fawcett, Gordon B. Carson, Everett D. Reese, John Paynter, and Thomas B. Meek, Sr. Development Fund staff members Kenyon S. Campbell and John B. Fullen serve as ex officio members of the committee.

Mr. Reese, on behalf of the Development Fund Board of Directors, recommended that the Board of Trustees give the Presidents Club of The Ohio State University its sanction and endorsement.

Mr. Alan B. Loop then presented the following resolution and moved that it be adopted:

BE IT RESOLVED, that the Board of Trustees hereby approve the recommendation of the Board of Directors of The Ohio State University Development Fund for the establishment of a Presidents Club of The Ohio State University, the members thereof to be donors who as individuals agree to contribute \$10,000.00 or more at a rate of not less than \$1,000.00 per year, or those who agree to make a deferred gift by way of bequest, insurance, life income agreement, or similar arrangement of \$15,000.00 or more. Further, this Board encourages the solicitation of memberships to the Presidents Club of The Ohio State University and gives the program its full and hearty support.

Mr. Loop reported that a copy of the above resolution had been sent to Messrs. Patton, Davis, and Rairdon and each of them authorized him to report for the record his enthusiastic and full support of this project. Mr. Allyn seconded the motion offered by Mr. Loop, and it was adopted unanimously by roll call vote.

IX. REPORTS (continued)

B. Request for Authority to Appropriate Property for the Dayton Area Academic Center - The Ohio State University and Miami University Combined Academic Program

Mr. S. C. Allyn as a member of the Finance and Investment Committee of the Board of Trustees and Co-Chairman of the Combined University Building Fund Committee presented the following resolution:

WHEREAS, the president and trustees of the Miami University and the Board of Trustees of The Ohio State University have by their respective resolutions dated February 3, 1962 and March 15, 1962 expressed their intention to enter into the acquisition and construction of a joint academic facility in the Dayton, Ohio area, and

WHEREAS, application has been made to the Department of Health, Education and Welfare for the transfer to Miami University for the joint use of The Ohio State and Miami Universities two parcels of Government owned land, known as the Miami Conservancy District and Skyway tracts, totaling 190 acres more or less, and

WHEREAS, a trust established in the Winters National Bank of Dayton, Ohio, acting in behalf of the Combined University Building Fund Committee has acquired, or is acquiring, additional acreage from private owners totaling 388 acres, more or less, said land being either adjacent to the federal parcels and/or each other, and

WHEREAS, one 27.33 acre parcel adjacent to the Miami Conservancy District tract and centrally located within the planned campus area is now owned by Rebecca Koogler, and

WHEREAS, all efforts of the Combined University Building Fund Committee acting through its agents have failed to reach a negotiated settlement for a fair acquisition price of said tract from Rebecca Koogler, and

WHEREAS, the master plan for the campus will require incorporation of said Koogler tract to permit orderly development of the campus, and

WHEREAS, sufficient funds for payment of a fair price for said Koogler tract are available for placement in escrow from the Combined University Building Fund Committee, and therefore

BE IT RESOLVED that, the Director of Public Works of the State of Ohio be requested to exercise the right of eminent domain in acquiring said tract totaling 27.33 acres of land from Rebecca Koogler, as empowered under Section 123.26 et seq. of the Revised Code for the State of Ohio for the joint use of Miami University and The Ohio State University for purposes of higher education.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above resolution was unanimously approved by roll call vote.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
NINE HUNDRED AND SEVENTY-NINTH MEETING
OF THE BOARD OF TRUSTEES

The Board of Trustees met at its regular monthly meeting on Friday, April 12, 1963, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Forrest G. Ketner, Chairman, Smith L. Rairdon, Jacob E. Davis, Stanley C. Allyn, and John W. Bricker.

April 12, 1963 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. School of Aviation, Change of Name to Department of Aviation in College of Engineering

The Faculty Council on March 12, 1963 approved the proposal of a special faculty committee which was endorsed by the Faculty of the College of Engineering and the Council on Instruction that the name of the School of Aviation be changed to the Department of Aviation in the College of Engineering, effective July 1, 1963.

The above proposal to change the name and organization of the School of Aviation to a Department of Aviation is based on a careful study by a special committee involving the personnel of the School of Aviation, the Committee on Instruction and the Executive Committee of the College of Engineering, the Council on Instruction, and faculty and administrative representatives of the University at large. The proposed change is in accord with a revised definition of the department's responsibility for teaching, research, and service in the area of aviation and will enable it to fit more appropriately in the University's structure as an instructional unit in the College of Engineering. The alterations in the objectives of the Department of Aviation are reflected in a thoroughly revised list of courses which have been approved by the appropriate agencies of the University.

It is therefore recommended that the above proposal to change the name of the School of Aviation to the Department of Aviation be approved.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

B. Establishment of a Department of Pharmacology in the College of Medicine

The Faculty Council on March 12, 1963 approved the recommendation adopted by the Faculty of the College of Medicine and endorsed by the Council on Instruction that:

- (1) A Department of Pharmacology be established in the College of Medicine.
- (2) The instructional program of the proposed Department of Pharmacology be that which is offered at present by the Division of Pharmacology in the Department of Physiological Chemistry and Pharmacology.
- (3) The name of the Department of Physiological Chemistry and Pharmacology be changed to the Department of Physiological Chemistry.

I. GENERAL RECOMMENDATIONS (continued)

B. Establishment of a Department of Pharmacology in the College of Medicine (continued)

The proposal to establish a Department of Pharmacology in the College of Medicine culminates the long development of pharmacology as an independent discipline in the Department of Physiological Chemistry and Pharmacology. In 95 per cent of the Colleges of Medicine in this country the discipline of pharmacology is administered through independent departments. Within the last five years the Division of Pharmacology has greatly strengthened its research and teaching programs for both medical and graduate students.

It is therefore recommended that the above action of the Faculty Council be approved, effective July 1, 1963.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

C. Recommendation for the Benjamin G. Lamme Meritorious Achievement Medal - William Royal Chambers

The Committee on Honorary Degrees and Awards of the College of Engineering, with the unanimous endorsement of the Faculty of the College of Engineering, has nominated William Royal Chambers, Mechanical Engineering Consultant, Knoxville, Tennessee, for the Benjamin G. Lamme Meritorious Achievement Medal to be awarded at the June Commencement, 1963.

It is therefore recommended that this nomination be approved by the Board of Trustees.

Upon motion of Mr. Bricker, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

D. Clarification of Policy on Retirement of Principal Administrative Officers

It is recommended that section (d) in the resolution of the Board of Trustees adopted on February 6, 1959 upon the report and recommendation of the Committee on Retirement and Insurance be amended for the purpose of clarification to read as follows:

(d) That the principal administrative officers, other than the President and the Vice Presidents, who are relieved of their assignments pursuant hereto, following the attainment of age 65, and who do not continue in the service of the University or University-related units, shall receive a supplemental retirement benefit from the University sufficient in amount to bring their total annual retirement benefits from the State Retirement System, the University's Annuity Plan and the University's Supplemental Plan to the amount that they would have received had they retired following the attainment of age 70. If pursuant to section (a), above, a principal administrative officer chooses to remain in the employment of the University or University-related units after the attainment of age 65, he shall continue to be eligible for a supplemental retirement benefit at the time of his retirement if he

agrees to serve on a year-to-year basis with continued service subject to review at the end of each contract year. This supplemental retirement benefit shall be an amount sufficient to bring total annual retirement benefits including benefits from the State Retirement System, the University's Annuity Plan and the University Supplemental Plan to the amount which would have been received had the principal administrative officer retired at age 65.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above recommendation was unanimously approved by roll call vote.

E. Rule Relating to Duplication of Keys

In accordance with the authority of Section 3345.13, Ohio Revised Code, it is recommended that the following Rule relating to the duplication of keys be adopted:

Upon motion of Mr. Davis, seconded by Mr. Rairdon, Rule 61.07 was adopted by the Board of Trustees by unanimous roll call vote, and the Secretary was authorized to include this Rule in the Rules for the University Faculty.

F. Clarification of Policy Statement on Patentable
Discoveries or Inventions

In accordance with the request of the Board of Trustees, further study has been given to the policy of granting to the inventor a share of the profits from a discovery or invention. As a result of the findings of the study conducted by the Patent Committee under the leadership of the Vice President for Research, Dr. Alfred B. Garrett, it is recommended that the patent royalty to the inventor be normally 15 per cent of the gross income and that the Policy Statement Relating to Patentable Discoveries or Inventions by Faculty or Staff adopted by the Board of Trustees on October 12, 1962, be revised accordingly.

For the purpose of clarification, it is further recommended that the following statement be added to the next to the last paragraph in the above referred to Policy Statement:

The distinction between an invention on University time or in a University research program and an invention unrelated to University research or apart from University work may be difficult to define in generalization to cover all possible cases. In most cases the distinction should be clear; however, those doubtful cases will be referred for study and recommendation to the

Committee authorized to advise the President on such matters. It shall be the responsibility of the faculty member properly to guard against a "conflict of interests" in each case and to keep official records of research concepts as they are conceived and are developed.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the Board of Trustees by unanimous roll call vote approved the above recommendations to revise the Policy on Patentable Discoveries or Inventions by Faculty or Staff.

G. Rule Relating to Rights to and Interests in Patentable Discoveries and Inventions

Section 2. The Board of Trustees deems it in the best interest of the University, its faculty and staff and in the interest of the promotion of research and development to provide for participation by faculty and staff members in the proceeds of patentable discoveries and inventions conceived by them. The Board of Trustees further believes that the best interest of the University will be served by providing a means whereby the University may acquire, develop, perfect, sell, assign and otherwise deal in patents, patentable discoveries and inventions, and all rights therein and proceeds therefrom.

Section 3. The President of the University is hereby empowered and authorized, after receiving the advice of a committee of University faculty and administrative personnel which he shall appoint, to:

IX. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Edith D. Cockins, Registrar Emeritus, and in accordance with instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased.

A. Edith D. Cockins

The Board of Trustees expresses its sorrow at the death on March 15, 1963 of Edith D. Cockins, Registrar Emeritus.

It is a singular coincidence that the life of Edith D. Cockins began with that of the University which she served faithfully in so many capacities. She was born the year the University opened and became actively identified with it in 1888 as a student in the Preparatory Department. Thus began a life-long connection with the University which ended only with her death at the age of 89. She was graduated with the class of 1894 and studied as a graduate student the following year. In 1895 she entered the employ of the University as record clerk. In 1897 she was appointed Registrar, an office she filled capably and with distinction until her retirement in 1944. During the years of her service, she handled many University responsibilities, both official and unofficial, with equal competence and thoroughness.

In 1938-39 in recognition of her election as president of the American Association of Collegiate Registrars, a faculty dinner was held in her honor where she declared that this was "the only place in the United States that such a thing could happen." More importantly, she pointed out that "on this campus no door has ever been closed to women," citing the fact that from its first day women students had been admitted "on the same terms as men."

But this condition went far beyond the mere admission of women students. The fact that women members of the staff were respected and were recognized for their personal and professional achievements was due in large measure to the prime example set by Miss Cockins herself. She was not only a good administrator in a post of major responsibility, but she was a leader in both campus affairs and a wide variety of other fields.

IX. RESOLUTION IN MEMORIAM (continued)

A. Edith D. Cockins (continued)

Her potential for leadership was forecast in her student days. She was a charter member of her sorority, a member of the staff of the Lantern and the Makio, and a critic and later president of the Browning Dramatic Society.

In 1897 when Miss Cockins became Registrar, she alone kept the entire records for the 968 students then enrolled. From the very first she began to make what became her outstanding reputation for meticulousness, for accuracy, for thoroughness, and for dependability in any task that was assigned to her. In all she and her staff ultimately handled the records for nearly 60,000 students.

Miss Cockins served the University under five of its eight presidents and under several acting presidents. While continuing as Registrar, she was made University Editor and Secretary of the Faculty in 1914, Director of the Alumni Records Division in 1929, and found time to serve as Acting Secretary of The Ohio State University Association during its reorganization in 1911-1912. In World War I she made all class schedules for the three military schools in the campus, a task that took three days of her time each week.

For many years she played an active role in the affairs of the Alumni Association. She was credited with being the originator and first chairman of the annual observance of both "Ohio State Day" and the alumni "Sunset Supper." Over the years she was a close friend of Ralph D. Mershon, '91, and her friendship and influence with him were partly instrumental in the multi-million dollar Mershon bequest coming to the University. It was especially fitting, therefore, that the University later commissioned her to write the Mershon biography, including a volume of his professional papers, and to serve as curator of the Mershon papers. In her characteristic manner she attacked this project with vigor. The two Mershon volumes were published in 1956, and only last fall she took pride in conducting a tour of the special Mershon Room in the Auditorium where, as a result of her labors, Mr. Mershon's papers are now arranged and preserved along with other Mershon memorabilia.

In 1949 the University conferred upon her the honorary degree of Doctor of Administration. She was the seventh woman upon whom the University had conferred an honorary degree.

Miss Cockins was president of an organization of college women in Columbus, which later became the local chapter of the American Association of University Women. She served this Association as its local and state president. After her retirement she was national housing chairman of her sorority, Kappa Alpha Theta, and in that capacity visited chapters from coast to coast.

The printed program at the faculty dinner in honor of her being elected national president of the registrars spoke of this "signal recognition" of her professional capacities and added that thereby the University "enjoyed a

reflected distinction." It referred also to "her distinguished and constructive service" to the University and emphasized "the larger significance of her contributions to higher education generally." To this reference could be added the fact that through her warm human qualities she made friends for the University in whatever circles she moved.

The stature of Edith D. Cockins grew steadily with the years, and it did not diminish with her retirement. Her faculties remained clear, and the University and other interests continued to have the benefit of her energy, her enthusiasm, her devotion, and her wisdom. She made for herself a unique and influential place in the development and continuing growth of the University and left it in her eternal debt.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

A. Reports from the Finance and Investment Committee

1. Negotiations for Interim Financing for Improvement of Power Plant Capacity

Mr. Allyn, a member of the Finance and Investment Committee, presented the following resolution:

WHEREAS, The Ohio State University Power Plant capacity is dangerously low due to the increased facilities on the campus and the age of the boilers; and

WHEREAS, a crisis could occur next winter if any of the existing power plant units should fail, making it impossible to heat the entire campus; and

WHEREAS, The Ohio State University is seeking funds from a capital improvement appropriation or bond issue for this improvement;

NOW, THEREFORE, BE IT RESOLVED, that the President and Vice President, Business and Finance, of The Ohio State University, and each of them are hereby authorized and directed to negotiate legal interim financing commitments to obtain financing for improvement of the Power Plant capacity under such terms and conditions as the officer acting shall deem advisable and not unfavorable to the University.

X. REPORTS (continued)

A. Reports from the Finance and Investment Committee (continued)

1. Negotiations for Interim Financing for Improvement of Power Plant Capacity (continued)

FURTHER, BE IT RESOLVED, that said officers and each of them are authorized to enter into such agreements and to execute and deliver such promissory notes or other evidences of indebtedness and to secure such indebtedness upon such terms as the officer acting shall deem appropriate and not unfavorable to the University.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above resolution was unanimously adopted by roll call vote.

2. Negotiation of Interim Financing for Miami University - The Ohio State University Dayton Campus, Phase I (First Academic Building)

Mr. Allyn presented the following statement and resolution:

On March 15, 1962, the Board of Trustees of The Ohio State University authorized the President to proceed in cooperation with Miami University in the development of plans for a jointly operated Dayton Campus. The necessary site has been acquired and the plans and specifications drawn for the construction of the first building for this joint facility.

Funds for this building are being provided from resources obtained in a fund-raising campaign by the Combined University Building Fund Committee of Dayton. However, these pledges are being paid over a three-year period and it is necessary to certify that funds are presently available before the Department of Public Works can advertise these plans for bid. It has, therefore, become necessary to arrange a revolving line of credit so that we may diligently pursue the early completion of this project.

NOW, THEREFORE, BE IT RESOLVED, that the President and Vice President, Business and Finance, of The Ohio State University, and each of them are hereby authorized and directed to negotiate an interim loan for this project upon such terms and conditions as the officer acting shall deem advisable and not unfavorable to the University except that it shall be a condition of said loan that it will under no circumstances be repaid from resources other than those supplied the University through the fund-raising campaign of the Combined University Building Fund Committee of Dayton.

FURTHER RESOLVED, that said officers and each of them are authorized to enter into such agreements and to execute and deliver such promissory notes or other evidences of indebtedness and to secure such indebtedness upon such terms as the officer acting shall deem appropriate and not unfavorable to the University.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above statement and resolution were unanimously adopted by roll call vote.

RETIREMENT OF TRUSTEE FORREST G. KETNER

Mr. John W. Bricker expressed the following sentiments concerning the retirement of Mr. Forrest G. Ketner from the Board of Trustees upon the expiration of his term of office on May 13, 1963:

Since this is the last regular meeting of the Board for Mr. Ketner to serve as member and chairman, it is indeed appropriate that the records of this meeting include an expression of the Board's sincere appreciation and deep gratitude for his constructive, conscientious, and able service to the University. He has served on the Board of Trustees for fourteen years by the appointment of two governors of different political affiliations. It should also be noted with high commendation that Mr. Ketner was chairman of the Board seven years ago, and that he very capably guided the Board in the arduous deliberations which led to the wise selection of Dr. Fawcett for the Presidency of this great University. We shall greatly miss Mr. Ketner's service on this Board; however, we are hopeful that the warm personal relationships which have developed through these past fourteen years shall continue for many years to come.

Other members of the Board then added personal expressions of commendation and appreciation for the pleasure which has come from the service on the Board with Mr. Ketner.

President Fawcett, speaking on behalf of the University administrative officers, faculty, and staff followed with an expression of high tribute and appreciation for Mr. Ketner's dedicated and effective service to The Ohio State University and the citizens of Ohio during his two terms as a member of the Board of Trustees.

Mr. Ketner responded as follows:

I deeply appreciate your kind and thoughtful sentiments concerning our relationships during the period of my service on the Board. Our joint efforts in service to the University have been very pleasant and challenging, and I trust reasonably profitable to The Ohio State University. With the expiration of my term of office on May 13, I will officially end an

association with the University which started as an institute lecturer in December 1917 and as one of the first County Extension Agents in 1918. I am sincerely grateful for the kind considerations and courtesies extended to me by many members of the University family and especially the members of the Board, the President, and his Cabinet officers. These personal contacts and very pleasant relationships shall be held in high esteem, and I shall undoubtedly be returning to the University in an unofficial capacity on many occasions. Thank you very much.

(Mr. Ketner was appointed by Governor Frank J. Lausche to the Board of Trustees on July 29, 1949 to succeed Mr. James Lincoln whose term expired July 28, 1949, and he was reappointed by Governor C. William O'Neill on June 26, 1956 for a term ending May 13, 1963.)

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Sale of Property - 194 King Avenue, Columbus, Ohio

The Board of Trustees of The Ohio State University acquired title to property located at 194 King Avenue, Columbus, Ohio, by certificate of transfer of the Probate Court, Franklin County, Ohio, on August 1, 1962. The property was transferred as a result of a bequest in The Last Will and Testament of May Lynas Bibbee. It was her wish that the property be used for the benefit of student nurses for the first ten years. Since the house would require an expenditure of over Fifteen Thousand Dollars for renovation, remodeling and furnishing to provide satisfactory housing for student nurses and is located at such distance from the campus that it would be undesirable for student nurses to walk to and from the house during the night hours, it was deemed desirable to determine whether the Board of Trustees could legally sell this property. It is the opinion of the Attorney General of the State of Ohio that the Board of Trustees may sell this property. The wish of Mrs. Bibbee could be honored by using the proceeds from the sale in the acquisition and furnishing of another house more suitably located for the use of student nurses.

Therefore, it is recommended that the Vice President, Business and Finance, be authorized to publicly advertise for a period of not less than one week the sale of property described as follows:

Being Lots No. 1 and 2 of Elizabeth J. McMillan's subdivision in the City of Columbus, Ohio, as the same are designated and delineated on the plat of said subdivision in the Recorder's Office, Franklin County, Ohio, in Plat Book No. 3, Page No. 334, and commonly known as 194 King Avenue, Columbus, Ohio.

It is further recommended that sealed bids for the purchase of said property shall be received at a designated time as advertised but no sooner than twenty-eight calendar days following first public advertisement; that bids be opened and read publicly; and the sale of the property shall be made to the highest and best bidder on a net cash basis, as determined by the Vice President, Business and Finance, who shall be authorized to reject any and all bids.

It is further recommended that the Secretary of the Board of Trustees be authorized to execute a deed conveying title to the property to the highest and best bidder with the net proceeds of this sale to be applied to the purchase, furnishing, operation and maintenance of the house located at 182 West Tenth Avenue, Columbus, Ohio.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

B. Purchase of Property - 182 West 10th Avenue, Columbus, Ohio

The property located at 182 West 10th Avenue, being part of Reserve "B" of University Heights Addition to the above said city as the same is numbered and described upon the recorded plat thereof, of record in Plat Book 4, Page 255, Recorder's Office, Franklin County, Ohio, is available for purchase from Midwest Business Consultant, Inc., at a price of \$36,500.00 including furnishings.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

B. Purchase of Property - 182 West 10th Avenue, Columbus, Ohio (continued)

This property is within the area encompassed in the Campus Master Plan and its purchase at this time will aid in the future development of the area. Until all properties in this area have been acquired and the Campus Master Plan realized, the property can be utilized for housing student nurses as a replacement for 194 King Avenue.

It is, therefore, recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of the above described property in the name of the Board of Trustees of The Ohio State University at a price not to exceed \$36,500.00. Funds are available in the University Treasurer General Fund which can be used for interim financing. It is understood that the net proceeds realized from the sale of 194 King Avenue will be deposited in the above account except that all funds, if any, in excess of the \$36,500.00 will be deposited in a special account for the maintenance and improvement of the student nurses residence.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the above recommendation was unanimously approved by roll call vote.

C. University Hospital, IBM Installation

It is recommended that the original contract for engineering services with Ralph J. Kramer, Comer & Passe for the above project be supplemented and the maximum fee raised from \$2,000.00 to \$3,072.50. The original contract was based on an estimated project cost of \$21,000.00. The scope of the work was increased to an estimated contract cost of \$42,000.00, but the total of the low bids was \$30,725.00. The new maximum is based on ten per cent of the bids. Funds are available in University Hospital Rotary.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

D. Demolition of Buildings

Upon the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that all buildings located on the following property be demolished as soon as practical:

2445 Wood Avenue

This demolition will be accomplished in the normal University manner.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation was unanimously approved.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

E. Demolition of Buildings

Upon the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that miscellaneous buildings at the Lakeholm Farm be demolished as soon as practical. The specific buildings to be demolished will be determined by the Dean of the College of Agriculture and Home Economics. This demolition will be accomplished in the normal University manner.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation was unanimously approved.

F. Purchase of Buildings and Property, 180 West Frambes Avenue

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of the following property from Vernie Cline at a price of \$11,200.00:

Property known as 180 West Frambes Avenue, being
Lot #186, R. P. Woodruff's Agricultural College
Addition, City of Columbus, County of Franklin, State
of Ohio.

Funds are available in Item 750 Land Purchases, H.B. 1123.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

A. Paul Morris Hatfield

The Board of Trustees expresses its sorrow at the death on March 11, 1963 of Paul Morris Hatfield, Clinical Instructor in the Department of Medicine.

The name of "Hatfield" has long been an honored and revered one in the field of Medicine at The Ohio State University and in the community which it serves. Although Paul Hatfield was less than forty years of age, he upheld

the tradition of his family. He served the community of Franklin County for thirteen years in the private practice of Internal Medicine while contributing generously of his time as a clinical instructor in the College of Medicine at The Ohio State University.

Paul Morris Hatfield was born December 24, 1923 in Columbus, Ohio, the second son of the late Dr. Solomon A. Hatfield, who was clinical professor of Medicine at The Ohio State University College of Medicine. Paul attended the public schools of Columbus and was graduated from North High School. As a high school student he was intensely interested in athletics and was a letter man in track. He became the team physician at North High School in 1953, a position he held until his death.

Paul received his B.A. degree from The Ohio State University in 1944 and his M.D. degree in 1947. After graduation he went to Henry Ford Hospital in Detroit, Michigan, for his internship and residency in Internal Medicine, which he completed in June 1950.

He entered the Medical Corps of the United States Army in 1950 and served as a medical officer until June 1952. He was discharged after 51 months of active duty with the rank of Major. He continued his military career as an officer in the Ready Reserve, with a promotion to the rank of Lieutenant Colonel, and was the Chief of the Medical Service of the 449th General Hospital, Reserve.

Paul Hatfield served as a senior assistant resident in Medicine at The Ohio State University Hospital from July 1952 through June 1953. At the end of his residency he was appointed a clinical instructor in the Department of Medicine. As a clinical instructor in Medicine, Dr. Hatfield was a loyal and faithful teacher. He was respected by students and colleagues alike.

Dr. Hatfield was a member of the American Medical Association, the Columbus Academy of Medicine, the Ohio State Medical Association, and the Henry Ford Medical Society. He was also a member of the Columbus Society of Internal Medicine in which he held the office of secretary. He belonged to the Phi Gamma Delta and Alpha Kappa Fraternities and was a member of the Overbrook Presbyterian Church.

Paul was particularly interested in Cardiology and for a time he served as a consultant in Cardiology at The Ohio State University Student Health Service. He presented a paper on "Rheumatic Fever in College Students" at a conference of the Society of Ohio College Physicians in Columbus, Ohio, in March 1956.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. RESOLUTIONS IN MEMORIAM (continued)

B. Alfred John Philby

The Board of Trustees expresses its sorrow at the death on April 21, 1963 of Alfred John Philby, Associate Professor of Engineering Drawing.

Professor Philby was born in Sandusky, Ohio, on October 27, 1906, and was graduated from The Ohio State University in 1931 with the degree of Bachelor of Science in Education. He taught Industrial Arts for six years at Salem-Oak Harbor High School in Oak Harbor, Ohio. In October, 1937, he returned to his Alma Mater as an Instructor in Engineering Drawing. In 1942 he was promoted to Assistant Professor and in 1947 to the rank of Associate Professor.

For several years after graduation he served as camp counselor at Camp Sarona, Sarona, Wisconsin. This boys' camp was operated by the late Harold G. Olsen, former basketball coach at Ohio State.

From 1937 to 1948 he was employed during the summers in the engineering department of the Fred D. Pfening Company, Columbus. From 1949 to 1961 he was employed during the summers in the Franklin County Engineer's Office.

Professor Philby was an excellent draftsman and made contributions to several editions of Engineering Drawing by Thomas E. French. He was co-author of Lessons in Lettering, Books I and II, with Thomas E. French and William D. Turnbull.

He was truly a devoted teacher, and his excellent classroom procedures and chalkboard demonstrations were not exceeded by anyone at this University. He will be severely missed by his many friends, not only here, but throughout the engineering drawing field in the United States where he had established a reputation through his participation in meetings of the Engineering Graphics Division of the American Society for Engineering Education. Three days before his death he was notified of his election to the Executive Committee of this Division and was looking forward to accepting this assignment in Philadelphia on June 18.

Professor Philby was a member of Phi Kappa Tau, social fraternity; Sphinx, Bucket and Dipper and Romophos, men's honorary societies; and Ohio Staters, Inc. He was Editor of the Sun Dial in 1930. He also was a member of the American Society for Engineering Education and Epsilon Pi Tau, professional fraternity.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

C. Jacob Ralph Shank

The Board of Trustees expresses its sorrow at the death on April 20, 1963 of Jacob Ralph Shank, Professor Emeritus of Civil Engineering.

XI. RESOLUTIONS IN MEMORIAM (continued)

C. Jacob Ralph Shank (continued)

Jacob Ralph Shank was born at Bressler, Pennsylvania, June 30, 1887. He was graduated from the Steelton, Pennsylvania, High School in 1906. He then entered Pennsylvania State College (now University) and was graduated in civil engineering in 1910 with the degree of Bachelor of Science. In June 1935 he received the Professional Degree of Civil Engineer from the same institution. Professor Shank spent the next five years in the steel industry at the plant of The Pennsylvania Steel Company (Bethlehem Steel Corporation) at Steelton, Pennsylvania, first as assistant to the Experimental Engineer, and later as structural detailer and checker. He then came to Ohio in 1915 to become a structural draftsman and bridge designer in the Engineering Department of the New York Central Railroad at Cleveland.

Professor Shank was appointed Instructor in the Department of Civil Engineering at The Ohio State University in 1917, was made Assistant Professor the following year, and Professor of structural engineering in 1923, which rank he held until his retirement in 1956. In 1929 he also became Research Professor in the Engineering Experiment Station, a position which he held until early 1954. He continued in full-time Civil Engineering teaching and research until early in 1956 when he became Professor Emeritus.

His latter years were spent as Executive Secretary of the Ohio Board of Building Standards, and he worked with The Board of Registration for Professional Engineers and Surveyors.

In 1918 Professor Shank began his research into the time-dependent strain of concrete under load, now known as creep of concrete, and later became one of the select few world authorities on the subject. In recognition thereof the American Concrete Institute awarded him the signal honor of the "Wason Medal for Research" in 1937. His Bulletin Number 91 of the Engineering Experiment Station, "The Plastic Flow of Concrete," published in 1935, still is in great demand. He also authored, or co-authored, three other bulletins of the Engineering Experiment Station, as well as numerous papers in technical journals and periodicals. For many years he acted as consulting editor for John Wiley and Sons, Inc., on manuscripts of structural engineering textbooks. He also conducted a consulting engineering practice.

Professor Shank was long an active member of the American Concrete Institute, The American Society of Civil Engineers, The Ohio Society of Professional Engineers, and The American Society for Testing Materials. He was a member of the Newcomen Society, also Sigma Xi and Tau Beta Pi honoraries.

Perhaps Jacob Ralph Shank's most significant accomplishment lay in his close personal relationship with his students, as well as with the other staff members. His genial but earnest and strictly fundamental approach to a wide range of scientific matters will be long remembered. His passing is a distinct loss to the fields of education and research.

The engineering profession has lost one of its most enthusiastic devotees, the University one of its most gifted and faithful servants, and his former colleagues and students, a sympathetic friend.

C. Jacob Ralph Shank (continued)

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

D. Guybert Phillips Cahoon

The Board of Trustees expresses its sorrow at the death on April 24, 1963, of Guybert Phillips Cahoon, Professor Emeritus of Education.

Dr. Cahoon was born on November 25, 1896, in Minneiska, Minnesota. He received his B.S. degree from Hamline College in 1920. The University of California (Berkeley) awarded him the M.A. degree in 1929 and the Ed. D. degree in 1937.

Dr. Cahoon began his professional career as a high school teacher of science and mathematics in Minnesota, becoming principal of Parker Junior College at Winnebago. His teaching included brief periods also at the LaCrosse High School in LaCrosse, Wisconsin, and at the Stockton High School in Stockton, California. From 1925 to 1934 he held the position of supervising teacher of science in the University High School, Oakland, California.

In 1934, Dr. Cahoon came to The Ohio State University as an Assistant Professor in the University School. He joined the faculty of the Department of Education in 1935 with the rank of Associate Professor, and became Professor of Education in 1943. Illness necessitated Professor Cahoon's retirement in 1959 with the rank of Professor Emeritus.

Professor Cahoon was a highly dedicated teacher, placing professional responsibility and opportunity ahead of personal interest and convenience. His concern for the individual student--whether a prospective science teacher or a teacher returned from the field--was genuine and his energy for such persons seemed unlimited. His productive years were marked by enthusiasm and creativity; his classes reflected these traits, characterized always by a pragmatic approach to learning and teaching.

A veteran of World War I, Dr. Cahoon served our country again in World War II. In a civilian capacity, he took an active role in creating and operating institutes in aviation education at many points in the country.

The professional field of science education beyond the campus benefited greatly because of Dr. Cahoon. He was active in several professional societies, serving as president of one of them, the National Association for Research in Science Teaching. He enriched the literature of science education through contributions to books and journals. Many of his graduate students are in leadership positions in our schools and universities.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. RESOLUTIONS IN MEMORIAM (continued)

E. Bruce Helmick Edgington

The Board of Trustees expresses its sorrow at the death on May 8, 1963, of Bruce Helmick Edgington, Professor Emeritus of Veterinary Preventive Medicine.

Dr. Edgington was born on February 27, 1885, in Harrisburg, Ohio. He received his M.D.C. degree from the Chicago Veterinary College in 1907 and the D.V.M. degree from The Ohio State University in 1912. Following graduation he engaged in the general practice of his profession for six years. He was a member of the veterinary staff of the Ohio Department of Agriculture for a period of ten years where he served as field veterinarian and chief veterinary pathologist and held the position of State Veterinarian for two years. In 1923 he was appointed to the staff of the Ohio Agricultural Experiment Station at Wooster, Ohio, as pathologist and later chairman of the Department of Veterinary Science, a position which he held at the time of his retirement in 1955. During the last twenty-five years while employed at the Ohio Agricultural Experiment Station he was a part-time staff member of The Ohio State University College of Veterinary Medicine.

Dr. Edgington's primary interests were in the field of research in infectious and contagious diseases of livestock and poultry. His scientific contributions to veterinary literature consist of over fifty publications. Of even greater importance was his inspirational leadership to students and co-workers. He was a member of many scientific, state and national professional organizations and served as president of the Ohio Veterinary Medical Association in 1924.

Dr. Edgington's service to the profession for nearly a half century, forty-two years of which were in the employment of the State of Ohio, provided the counsel and knowledge which played an important role in shaping the sound animal health programs now in practice in this State.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

F. H. Gordon Hayes

The Board of Trustees expresses its sorrow at the death on May 4, 1963 of H. Gordon Hayes, Professor Emeritus of Economics.

Dr. Hayes was born in Prairie City, Iowa, on March 22, 1883. He received three degrees from the University of Michigan, the A.B. in 1910, the M.A. in 1912, and the Ph.D. in 1914. He was awarded an honorary degree, Doctor of Humane Letters, by Kenyon College in 1943.

Professor Hayes' active teaching career stretched over more than half a century. Before coming to The Ohio State University in 1920 he taught at Hiram College, the University of Michigan, the University of Minnesota, and Yale University. Upon his retirement from The Ohio State University in 1952, at the age of 69, he accepted the chairmanship of the Economics Department at Tulane University and continued to serve there until his final retirement in 1958.

XI. RESOLUTIONS IN MEMORIAM (continued)

F. H. Gordon Hayes (continued)

Professor Hayes' career was long, varied, and rewarding. He made significant contributions as a teacher, writer, public lecturer, and public servant in both state and Federal Government, but he will be best remembered as a classroom teacher. In 1949, on the occasion of their 25th reunion, the members of the Class of 1924 voted him one of their "favorite professors." In 1952, the students of the College of Commerce and Administration elected him the College's first "Professor of the Year." For years he lectured on economics over Station WOSU enlarging his "classroom" to include large areas of Ohio.

A frequent contributor to many professional journals and magazines, Dr. Hayes also authored several books, the best known of which was his Spending, Saving and Employment, published in 1947. In recognition of his many contributions he was elected president of the Midwest Economics Association for 1952-53.

Professor Hayes served Ohio as a member of the Ohio Commission on Unemployment Insurance in 1931-32. He served the Federal Government as Chief of the Division of Economic Research, United States Department of Commerce in 1934 and 1935 and again as Chief Economist of the Consumer Council of the Bituminous Coal Commission in 1940 and 1941.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

G. Kazuo Kawai

The Board of Trustees expresses its sorrow at the death on May 4, 1963 of Kazuo Kawai, Professor of Political Science.

Professor Kawai was born in Tokyo, Japan, in 1904 and was brought to the United States at the age of five. The son of a Christian minister, Professor Kawai spent his boyhood in California, and, as a young man, attended first the University of California at Los Angeles and then Stanford University, receiving from Stanford his A. B. in 1926. Further study at Stanford earned for him his M. A. in 1928. He studied at Harvard during 1928 and 1929 and, after an interlude of teaching, returned again to Stanford to receive his Ph. D. in 1938.

From 1932 to 1941 Professor Kawai taught at the University of California at Los Angeles and in 1941 journeyed to Japan for what was to have been a brief visit. The outbreak of hostilities prevented his return to the United States and in 1941 Kawai became foreign news editor of the Nippon Times (now the Japan Times) of Tokyo. His work was later viewed by the Occupation Authorities as being consonant with the liberalizing and democratizing principles of the Occupation, and he was made editor-in-chief of the paper by the American military authorities until his resignation in 1949. He then returned to Stanford as Visiting Lecturer, and in 1951 he received an appointment to the faculty of The Ohio State University. In 1960 he published his major work, Japan's American Interlude.

XI. RESOLUTIONS IN MEMORIAM (continued)

G. Kazuo Kawai (continued)

Trained first as a historian and then as a political scientist, possessed of a remarkably rich experience as a result of his newspaper editorship, bi-cultural in the very best sense of that term, Professor Kawai brought to his writings and his classroom both insight and objectivity. He made many contributions to the field of political science, but he will be best remembered by his students for his patient and, at the same time, penetrating analyses of Far Eastern Government and Politics.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

RECIPIENTS OF HONORS

CARL RAYMOND ARNOLD

DOCTOR OF HUMANE LETTERS

Distinguished teacher, authority in agricultural finance, outstanding administrator, founder of the production credit system in this country

Carl Raymond Arnold is acknowledged widely today as a foremost authority on farm credit. His significant role in the production credit system for farmers in the United States has led to his being known as the "father of the production credit system,"—an organization that has undergone phenomenal growth in this country and has provided a pattern for many other nations of the world.

Having been reared on a ranch in Oregon, his early educational opportunities were limited. When his family moved to Ohio, however, he entered and completed high school after which he began his teaching career as an elementary school teacher. Three years later he enrolled at The Ohio State University where his ability and qualities as a student and a teacher were soon recognized. Upon graduation in 1920 from Ohio State, he was employed on the staff as a Farm Management Extension Specialist in the Department of Agricultural Economics and Rural Sociology. Completing his Master's degree at the University of Minnesota in 1926, he continued as an outstanding teacher both in extension work and on the campus. In 1928 he founded the monthly publication, *Timely Economic Information for Ohio Farmers*, which has been published on a continuing basis since that date by the Ohio Agricultural Extension Service.

In 1933 Carl Arnold was called to Washington where he was assigned the task of establishing the first Production Credit Association in the United States. Approximately 500 of these cooperative associations were established during his administration of the program. Having served under two Presidents, he retired to his home in Ohio in 1951 only to be recalled to Washington by President Eisenhower who asked Mr. Arnold to serve as Governor of the Farm Credit Administration. During this period he was able to accomplish one of his final objectives which was to decentralize the controls of the farm credit system and to place the authority in the hands of competent farmer directors and managers entirely freeing the program of government domination and political controls.

A knowledge of sound economic principles, a determination to adhere to those principles, a personal understanding of farmers' problems, and a sense of democratic leadership are the chief characteristics of Carl (Cap) Arnold, as he is affectionately known. His capable leadership was responsible for a farm credit system so sound that all of the money appropriated by Congress to initiate the program has been repaid to the United States Treasury—a rare occurrence in the history of government-financed programs.

PAUL CLIFFORD KITCHIN

DOCTOR OF SCIENCE

Highly esteemed teacher and internationally recognized pioneer research scientist in the fields of dental histology and caries

Paul Clifford Kitchin, Professor Emeritus of Dental Histology and Embryology at The Ohio State University, is a modest and unpretentious research scientist who has achieved a world-wide reputation for his original research on dental caries and on the structure of human enamel in health and disease. Most textbooks of dental histology, as well as dental periodicals published throughout the world, give references to his contributions in this field of dental science.

A native of Ohio, Paul C. Kitchin was graduated from The Ohio State University in 1915. He received a Master of Science degree from Michigan State College and the Doctor of Dental Surgery degree from this University. From 1925 until his retirement in 1958, he served on the faculty of the College of Dentistry at Ohio State. An able and devoted teacher, Dr. Kitchin was continuously engaged in dental research throughout his long and productive career.

During his tenure on the faculty, he participated actively in many scientific and professional organizations at the local, state, national, and international levels, as well as on University committees and councils. In all of his activities he did meritorious work and is acknowledged as being forthright, competent, and industrious. He holds an honorary degree from Washington University and is the recipient of the Callahan Medal, the highest award of the Ohio State Dental Society. He has been a member of the National Research Council, a Fellow of the Academy of Oral Pathology, and has served as secretary of the dental section of the American Association for the Advancement of Science. He has been a member of the Dental Study Section of the National Advisory Research Council of the U. S. Public Health Service and has served as President of the International Association for Dental Research.

Prior to and since his retirement, he has served on the National Advisory Council on Health Research Facilities, an appointment that involves his personal inspection of health institutions requesting Federal aid for research projects. Unquestionably, Paul C. Kitchin's prolific contributions to dental research, literature, and education exemplify the life of the true scholar.

JEROME LAWRENCE
DOCTOR OF HUMANE LETTERS

Prominent American playwright in legitimate theater, films, radio, and television whose plays have consistently had meaning and significance for our times

Jerome Lawrence is one of a very small group of men who can be called successful American playwrights. The significance and distinction of his career, however, transcend such considerations as commercial achievement or expert craftsmanship. His plays, written in collaboration with Robert E. Lee, have significance and meaning for our times and have consistently been concerned with upholding values which have made the theater important as one of the humanities. In comedies as well as dramas Jerome Lawrence's work has explored the nature of courage and conviction and has emphasized the human condition and the human anomaly. As Lewis Funke pointed out in *The New York Times*, the purpose of his plays is "to remind us all once and again that conformity and thought control are enemies of progress and enlightenment." Such a purpose was achieved with lucidity and emotional power in *Inherit The Wind*—his best-known play.

A native of Cleveland and a 1937 graduate of The Ohio State University, Jerome Lawrence turned early in his career toward dramatic writing for the mass media. He was an overseas correspondent for the Armed Forces Radio Service and received a special citation for his work from the Secretary of War in 1945. Later he wrote for *The Railroad Hour*, the *Columbia Workshop*, and the *Hallmark Playhouse*. His many awards have included the New York Press Club Award in 1942, Peabody Awards in 1949 and 1952, the Donaldson Award in 1955, the Ohioana Award presented in 1955 by the Martha Kinney Cooper Ohioana Library Association, and the British Drama Critics Award in 1960. He has written extensively in periodicals on the theater and the mass media and is the author of a book on television, *Off Mike*.

Jerome Lawrence has taken a strong stand for extending the American theater beyond the confines of the Broadway stage. He and his collaborator have offered the annual Margo Jones Award for theaters producing plays by beginning playwrights. Recently they have proposed a national Playwright's Project through which plays by established playwrights may be given premiere productions in university theaters.

GAMES SLAYTER
DOCTOR OF SCIENCE

Creative scientist, eminent glass technologist, distinguished leader in industrial research, ardent supporter of educational endeavors

Games Slayter, Vice President in Charge of Research for the Owens-Corning Fiberglas Corporation, has fashioned a life-long career as a pioneer in hitherto unexplored fields of materials science. Blessed with a keen, inquiring mind and boundless resourcefulness, he has literally created whole new enterprises which have greatly advanced our technology and enriched our economy. He earned early recognition as the "Father of Fiberglas." His brilliant exploitation of this unique and versatile material has continued to elicit the plaudits of the engineering world and to draw to him some of its most coveted awards.

A native of Indiana, he graduated from Purdue University with the Bachelor of Chemical Engineering degree in 1921. For ten years thereafter he initiated a wide variety of enterprises involving the invention, manufacture, and sale of such products as furnaces and building insulation. In 1931 he was retained as a consulting engineer by the Owens-Illinois Glass Company to devise new uses for glass products. It was in this setting that he developed the glass building block and initiated his basic work leading to the growth of the glass fiber industry.

In 1938, when the Owens-Corning Fiberglas Corporation was formed to develop the new product, Games Slayter became its Vice President in Charge of Research, a position he holds today. As a result of his creative efforts, he has received numerous awards including the Edward Longstreth Medal of the Franklin Institute and the Industrial Research Institute Medal. He holds the honorary degree Doctor of Engineering from Purdue University. When the Owens-Corning corporation inaugurated its multi-million dollar technical center in Granville, Ohio, it accorded him the signal honor of dedicating the center in his name.

Despite his commitment to scientific and technological matters, he has shared generously his talents and energies for a host of civic, cultural, and educational causes. He has served with distinction on the highest technical councils of the Nation. The first successful rocket nose cone resulted from suggestions he made while serving on the Materials Advisory Board of the National Research Council. He served as a member of The Ohio State University Research Foundation from 1948 through 1954 and has contributed substantially to the growth and development of the University's Department of Mineralogy.

BERTRAM DAVID THOMAS

DOCTOR OF SCIENCE

Research scientist and administrator; citizen with broad-gauge interests, activities, and proficiencies; devoted patron and scholar of both the sciences and the arts

Bertram David Thomas, President of Battelle Memorial Institute, is one of the country's authoritative spokesmen for scientific research. As an able and successful executive, he directs the largest independent research laboratory in the world. His professional memberships include the Board of Distinguished Consultants of the National Society of Professional Engineers, the National Council of the National Planning Association, and the Executive Committee of the Division of Engineering and Industrial Research of the National Research Council of the National Academy of Science.

Dr. Thomas, a graduate of the University of Washington, received his baccalaureate and doctoral degrees in chemistry while achieving a distinguished record as a Du Pont Fellow. He joined the research staff of Battelle Memorial Institute in 1934 and established and headed Battelle's first division of chemical research in 1939. He also had an important responsibility in the establishment of Battelle Research Centers in Frankfurt, Germany, and Geneva, Switzerland.

His interests in his home community extend beyond the professional; they include the economic and cultural well-being of the University community and of his city and State. Dr. Thomas is a director of the Columbus Area and the Ohio Area Chambers of Commerce. He is vice president of the Board of Trustees of the Columbus Gallery of Fine Arts, a long-time patron of the musical organizations of Columbus, and a member of the Board of Trustees of the Columbus Symphony Orchestra.

The interest Dr. Thomas has in higher education on a broad spectrum is illustrated by his appeal for support of graduate education through the Graduate School of The Ohio State University. In his words, ". . . it must be conceived . . . as an intellectual enterprise calculated to bring Ohio to the top of all phases of the cultural development of the United States."

His incisive thoughtfulness, broad versatility of interest and service, and quiet, engaging personal characteristics mark him as a leader in our intellectual and cultural community of minds.

CARL FREDERICK WITTKÉ
DOCTOR OF HUMANE LETTERS

*Inspiring teacher, distinguished historian, able administrator, true exemplar
of the liberal arts tradition, whose efforts have enriched the life
of the commonwealth and the community of scholars*

Carl Frederick Wittke, who was graduated from this University fifty years ago, is not only a scholar of international reputation who has lectured widely on both sides of the Atlantic Ocean but also an Ohioan who has made important contributions to the development of three leading institutions of higher learning. He has done much to interpret the efforts of the people of this commonwealth to build a better society through education and the democratic process and has left an indelible impression upon many generations of students.

Upon graduation from The Ohio State University he entered Harvard University where he continued his studies in history leading to the degrees of Master of Arts and Doctor of Philosophy. He returned to this University in 1916 to spend twenty-one productive years as an outstanding teacher and chairman of the Department of History. In 1937 he became Dean of Oberlin College, and he remained in that post until 1948 when he moved to Western Reserve University. From 1948 to the present he has served as Dean of the Graduate School, Vice President, and Elbert Jay Benton Distinguished Professor of History, as well as Chairman of the Department of History at that institution.

Dr. Wittke is widely respected and known for his historical scholarship and is a recognized authority on the history of immigrant groups in the United States. The author of thirteen books and many papers in scholarly journals, he also served as the editor of the official six-volume history of Ohio. He has received numerous citations for his writings, five honorary degrees, and a wide variety of awards from scholarly and civic organizations. Dr. Wittke has guided and encouraged the study and research of numerous students who have themselves become teachers and historians of note. The deep-seated appreciation of his work as a teacher is strikingly demonstrated in a testimonial volume of historical essays written by his former students who have wished to honor him.

Clearly discernible in all of his endeavors is a quality that reflects not only academic excellence but a certain largeness of mind and generosity of spirit that goes far to explain the willingness of this gifted, versatile, and kindly man to give so freely of his talents in a continuing effort to widen human knowledge, advance human dignity, and foster human understanding.

WILLIAM ROYAL CHAMBERS
BENJAMIN G. LAMME MEDAL AWARD

Eminent engineer, administrator, and educator in the field of mechanical engineering; prolific contributor, in war and peace, to the advancement of engineering technology

William Royal Chambers is widely recognized as one of the greatest living examples of the gifted engineers who have made outstanding contributions to society throughout modern history. He is probably best known for his contributions as manager-of-engineering for the Tennessee Eastman Corporation in which capacity he directed the efforts of 4,000 engineers during World War II in order to separate Uranium-235—a part of the program which led to the development of the first atomic bomb. He was responsible for the selection of the site of the Oak Ridge National Laboratory and is the person who has had the longest continuous relationship with Oak Ridge.

Mr. Chambers obtained the degree Mechanical Engineer from The Ohio State University in 1904. Since that time his productive efforts have provided an impressive record of major engineering contributions. He has held a number of positions of engineering leadership in several fields relating to power-production, machinery, and other heavy-equipment. From 1947 to 1952, he served as Head of the Mechanical Engineering Department of the University of Tennessee. In this capacity he was held in the highest esteem by his associates in the College of Engineering and by members of other colleges of the University. Since 1947, and continuing to the present, he has been serving as a consultant to the Oak Ridge National Laboratory on problems related to thermonuclear processes, nuclear power, space power, and cryogenics.

William Chambers' distinguished career has resulted not only from his technical and managerial capabilities but also from his unusual combination of human and personal characteristics. He has been described by his associates as an outstanding scholar and a civic-minded, Christian gentleman who has been an inspiration to all who have had the privilege of working with him.

THE OHIO STATE UNIVERSITY

NINE HUNDRED AND EIGHTY-FIRST MEETING
OF THE BOARD OF TRUSTEES

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Revision of Rule 35.07 - Rules for the University Faculty

Upon the recommendation of the Graduate Council, the Faculty Council on May 14, 1963 approved the following proposed changes in Rule 35.07:

1. That the first sentence of Rule 35.07 be amended to read as follows:

The official marks of the University are as follows:
A, B, C, D, E, I, P, R, S, T, X, Em, and K.
(The letter "S" immediately following the letter "R"
is added.)

2. That the following paragraph be added immediately following the "R-Audit" paragraph of Rule 35.07:

S--Satisfactory. This mark shall be used as a final mark only for (a) a graduate student who has completed satisfactorily his thesis or dissertation research, or (b) a graduate student who has completed satisfactorily a special problem or minor problem course in which the instructor works directly with the individual graduate student. A graduate student in such research or problem course who does not complete his work satisfactorily shall receive the mark of E. S credit shall be counted as hours only and shall not be considered in determining the graduate student's point-hour ratio under Faculty Rule 37.05.

It is therefore recommended that the above proposed changes in Rule 35.07 as approved by the Faculty Council be and hereby are adopted to become effective Autumn Quarter 1963.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

B. Honorary Degrees

The Faculty Council on May 14, 1963 recommended that the honorary degree, Doctor of Humane Letters, be conferred on:

Clarence Dewey Laylin
Robert Bingham Downs

and that the honorary degree, Doctor of Science, be conferred on:

Karl Terzaghi

June 14, 1963 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Honorary Degrees (continued)

It is therefore recommended that the Board of Trustees approve the Faculty Council recommendation and that these degrees be awarded at a Commencement Convocation during the academic year 1963-64.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was unanimously approved by roll call vote.

C. Change in Title of the Degree, Master of Business Administration with a Major in Accounting to Master of Accounting (M. Acc.)

Since the American Association of Collegiate Schools of Business restricts the degree, Master of Business Administration (M. B. A.), to designate a management-oriented degree program, the Department of Accounting has proposed that the title of the degree, Master of Business Administration with a major in Accounting, presently awarded by The Ohio State University, be changed to the degree, Master of Accounting (M. Acc.).

This proposal has the unanimous support of the Graduate Council, the Council on Instruction, and was approved by the Faculty Council on May 14, 1963.

It is recommended that the title of the degree "Master of Business Administration" with a major in Accounting be changed to "Master of Accounting (M. Acc.)," effective Autumn Quarter 1963.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

D. Student Fees

As a result of a very careful analysis of the fiscal resources available to the University for the 1963-1965 biennium, it is concluded that an advance of student fees is necessary if the University is to (1) avoid a drop in the quality of its educational program, (2) remain in a competitive position in its attempt to retain and recruit faculty and staff, and (3) retain its proper position in the fee structure among Ohio's tax-assisted institutions of higher education.

It is recommended that effective Autumn Quarter 1963 student fees be increased \$15.00 per Quarter for Ohio resident students and \$30.00 per Quarter for non-resident students. It is further recommended that in the College of Law, student fees be increased an additional \$6.00 per Quarter all of which is to be applied to the Law Library Fee Account. All of the increase in student fees, except the increase in the Law Library Fee, shall be deposited in the Incidental Fee Account and be used for support of the personal services budget. The new schedule of student fees shall be as indicated below.

I. GENERAL RECOMMENDATIONS (continued)

All other fees as set forth by the action of the Board of Trustees at its meeting on April 6, 1962 shall remain unchanged except (a) Undergraduate courses at the branch campuses shall be increased from \$12.00 to \$14.00 per credit hour, and (b) Graduate courses taught off-campus shall be advanced from \$18.00 to \$21.00 per credit hour.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the above recommendation to increase fees, effective Autumn Quarter 1963 was unanimously approved by roll call vote, and a detailed schedule of student fees as approved above is included in the minutes of this meeting as Appendix VI, page 512.

Before taking the above action the Board of Trustees spent considerable time in discussing the various implications which increased fees might have upon the basic purposes for a state-assisted institution of higher learning. Mr. Davis concurred with President Fawcett in the regret that it is necessary to increase student fees at this time. Mr. Davis expressed disappointment that sufficient funds from state appropriations are not available for State Universities. However, he conceded that the above recommended increases in fees appear to be the only solution to the problem of financing the educational programs of this University. Mr. Loop raised a question concerning the level of non-resident fees for the professional colleges which have not reached a maximum capacity in student enrollment.

In conclusion the Board of Trustees requested the appropriate administrative officers of the University to make a study of the effect increased non-resident student fees has on the enrollment of out-of-state students in the College of Law. The Board requested further that a careful analysis be made of all student fees assessed by selected private and public colleges and universities in Ohio and the Nation.

I. GENERAL RECOMMENDATIONS (continued)

E. Naming of First Academic Building on the Dayton Campus of the Miami University and The Ohio State University

Despite The Ohio State University's policy that buildings and structures shall not be named after living persons, it has seemed to be appropriate and fitting to name the first academic building to be constructed on the Dayton Campus of Miami University and The Ohio State University "Allyn Hall" in recognition of the creative and effective leadership of Mr. Stanley C. Allyn. Mr. Allyn has been the central figure in the development of the Dayton Campus and this action has been strongly supported by the Dayton Community; therefore, as President the following recommendation is presented with great pleasure:

That the Board of Trustees ratify the action that the first academic building to be constructed on the Dayton Campus of Miami University and The Ohio State University shall be named "Allyn Hall." This action has been endorsed by six members of the Board of Trustees through an informal poll.

The Board of Trustees of Miami University has previously approved this action as recommended above. The ground-breaking ceremonies for construction of the first academic building were held on May 31, 1963 and the announcement that the building be identified as "Allyn Hall" was made at that time.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the Board of Trustees by unanimous roll call vote ratified the action authorizing the name of "Allyn Hall" for the first academic building to be constructed on the Dayton Campus of Miami University and The Ohio State University. The Chairman, Mr. Patton, added "This is a very fitting recognition of the fine work done by Mr. Allyn."

F. Deactivation of the Institute for Perinatal Studies

The Institute for Perinatal Studies was organized as an interdisciplinary unit in 1960 upon the recommendation of the Council on Research and the approval by the Board of Trustees at its November 11, 1960 meeting. However, a re-evaluation of the program of the Institute has led to the request that the Institute be deactivated with the understanding that all funds, activities, and personnel of the Institute shall be assigned to the College of Medicine for administration and operation. This request has the endorsement of the co-directors of the Institute, Dr. John C. Ullery and Dr. Earl H. Baxter, and the Dean of the College of Medicine, Dr. Richard L. Meiling. The request was approved by the Council on Research on April 11, 1963 and by the Faculty Council on May 14, 1963.

It is therefore recommended that the Institute for Perinatal Studies be deactivated effective June 30, 1963.

Upon motion of Mr. Davis, seconded by Mr. Rairdon, the above recommendation was unanimously approved.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of James Leo Mortensen, Professor of Agronomy (Soils), and John W. Wilce, M. D., Clinical Professor Emeritus of Medicine, and in accordance with the instructions of the Board of Trustees copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

XI. RESOLUTIONS IN MEMORIAM (continued)

A. James Leo Mortensen

The Board of Trustees expresses its sorrow at the death on May 19, 1963 of James Leo Mortensen, Professor of Agronomy (Soils).

Dr. Mortensen was born in Benson, Arizona, September 23, 1924. He was graduated from high school in Thatcher, Arizona, in 1942 and enlisted in the U. S. Army Air Force in October of that year. He served as a bombardier instructor until his release in 1945. After attending Gila Junior College and Montana State College, he completed the B.S. degree at Brigham Young University in 1951. From September 1951 until October 1953, he was a research assistant with the Ohio Agricultural Experiment Station. He became an instructor of soils at The Ohio State University in 1953, holding that rank until he received the Ph. D. from Ohio State in 1955 at which time he was promoted to assistant professor. He became a full professor in July 1962.

Dr. Mortensen will be remembered for his outstanding work in the use of instrumentation and isotopes for studying the properties of soils and the chemical reactions occurring in the soil, the determination of chemical composition and structure of organic compounds in the soil and their reactions with the inorganic constituents of the soil, and the biological decomposition of organic compounds in the soil. His recent investigations included radioactive constituents of soils and plant tissues. A prolific worker, he had contributed more than 40 publications to the advancement of knowledge of his fields.

Dr. Mortensen was an outstanding teacher of graduate students, working closely with his associates. His passing removes from the ranks of soils personnel an energetic, enthusiastic, and meticulous worker.

Professor Mortensen was a member of numerous professional societies, including the American Society of Agronomy, Soil Science Society of America, International Society of Soil Science, American Chemical Society, American Society for the Advancement of Science, and Geochemical Society. He was a member of Sigma Xi, Phi Kappa Psi, Phi Lambda Upsilon, and Gamma Sigma Delta, and he was listed in "Who's Who in Radiology."

Ordained as a High Priest in the Church of Jesus Christ of Latter Day Saints, Dr. Mortensen had given unstintedly of his time and energy to serve his church. At the time of his death, he was president of the Columbus Stake comprised of eleven congregations. He spent two years on a full-time church mission in Great Britain in 1947-49, and he had been president of the Columbus Branch, presided over the Cincinnati and East Ohio Districts, and acted as a first councilor in the Great Lakes Mission Presidency.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. RESOLUTIONS IN MEMORIAM (continued)

B. John W. Wilce, M.D.

The Board of Trustees expresses its sorrow at the death on May 17, 1963 of John W. Wilce, Clinical Professor Emeritus of Medicine.

Since 1934, Dr. Wilce had been Professor of Clinical and Preventive Medicine and Director of the University Health Service until his retirement in 1958. Previous to this time, he served as head football coach at The Ohio State University for 16 years, which constituted 45 years of service to The Ohio State University. In 1958 he was appointed Clinical Professor Emeritus in the Department of Medicine.

Dr. Wilce won wide acclaim as a physician after his successful career as a football coach. He joined the staff of The Ohio State University in 1913 at the age of 25 to become the head football coach and Director of Intramural Athletics and Instructor of Physical Education. His rise to fame as the gridiron coach closely paralleled that of the rise of Ohio State football success. During this time, Ohio State's football teams became nationally recognized, and Dr. Wilce won acclaim as one of the game's greatest coaches as well as a place in the Football Hall of Fame. The Buckeyes won three Western Conference championships in 1916, 1917, and 1920. Those who knew him during his days as a football coach would say that in some way Dr. Wilce influenced his life and his future. He was truly a coach who placed fair play above victory. His intense concentration, his earnestness, and his rigid uncompromising code of ethics by which he lived served as a model for all those under his tutelage.

During his years as a football coach he entered the College of Medicine and in off quarters from his coaching, he progressed through this College from which he received his medical degree in 1919. He took postgraduate work at Columbia University, Harvard University, and the National Hospital for Diseases of the Heart in London, England.

During his tenure as Professor of Clinical and Preventive Medicine and Director of the University Health Service, Dr. Wilce authored a number of papers on health, public health, national physical fitness, and the medical aspects of sports. In addition, he conducted original research on the heart as related to athletics. He made a life-long study on the effects of athletic work and stress upon the heart.

His honors were many. In addition to his election to the Football Hall of Fame, Dr. Wilce was a Fellow and Life member of the American College of Physicians, an Emeritus member in the Ohio Academy of General Practice, President (1944) of The Ohio Student Health Association, and Vice President of the American College Health Association in 1954. From 1944 to 1946, he was the representative of the American Medical Association on a national physical fitness committee. He also was a member of the American Heart Association and the Columbus Academy of Medicine. He was active in the Ohio Tuberculosis Society, serving as Executive Board Member from 1929 to 1930 and a Director from 1938 to 1939. He served as President of the Central Ohio Area Council of Boy Scouts for seven years

and received the Boy Scout's highest award, the Silver Beaver. Further attesting to his community and civic leadership, he served as President of the Columbus Rotary Club.

Dr. Wilce was known as a philosophic and religious man, a gentleman, and a man of high purpose and integrity with a wholesome sense of humor. He accepted his obligations throughout his life without protest and his honors with humility. He never sought praise, but his recognition by his fellow man was due to his simple manner, his kindly consideration and a sincere interest in all human beings.

Dr. John W. Wilce will be remembered for his kindness, his honesty, and his love for his fellow man. He commanded respect, while at the same time he attracted friendships which progressed to devotion from his colleagues, his students, and his patients. His leadership through general persuasion, precept, and example will live on inspiring those who knew him well.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.
