July 6, 1973 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Ely E. Bell, Professor in the Department of Physics; and Charles C. Callahan, Professor in the College of Law. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Ely E. Bell

The Board of Trustees of The Ohio State University expresses its sorrow at the death on June 20, 1973, of Ely E. Bell, Professor of Physics.

Dr. Bell was born in Trinidad, Colorado, on December 26, 1915. He received his bachelor's and master's degrees from the University of Colorado in 1938 and 1940 respectively and his doctoral degree in physics from The Ohio State University in 1947.

Dr. Bell began his service to The Ohio State University in 1942 as an Instructor in the Department of Electrical Engineering. He was a National Research Council Pre-doctoral Fellow in Physics at Ohio State in 1946-47 and became an Instructor in Physics in 1947. He was promoted to Assistant Professor in 1949, to Associate Professor in 1955, and to Professor in 1960. During the year 1952-53 he was on leave as a physicist at the U. S. Naval Research Laboratory, and in 1968-69 he held the Merton Professorship as Distinguished Visiting Professor at the University of Freiburg in Germany.

Dr. Bell's forty-four published papers and his international reputation in the field of molecular spectroscopy and infrared instrumentation attest to the important contributions he made to his chosen fields of research. He was a member of the American Physical Society, Phi Beta Kappa, and Sigma Xi.

Dr. Bell had a strong and vital interest in students as people, and he enjoyed teaching and working with them at all levels - from freshmen to graduate students. His recent contributions to the generation of new introductory courses in physics for students with no background in science were important ones and illustrative of his concerns as a scholar and teacher.

On behalf of the University, the Board of Trustees expresses to his family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

July 6, 1973 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (continued)

B. Charles C. Callahan

The Board of Trustees expresses its sorrow at the death on June 18, 1973, of Charles C. Callahan, Professor in the College of Law.

Professor Callahan was an outstanding teacher and a leading expert in the field of Property Law. He published a number of noteworthy books and articles and contributed chapters to Encyclopaedia Britannica and American Jurisprudence. He also taught Insurance and Evidence.

A native of Jackson, Ohio, Professor Callahan graduated from The Ohio State University College of Law in 1934 with the degree Juris Doctor (summa cum laude). He practiced briefly in Wellston, Ohio, and was then a Sterling Fellow and Research Assistant at the Yale Law School, from which he received the J. S. D. degree in 1937. He was Assistant Professor of Law at the Yale Law School from 1939 to 1943. He then joined the faculty of The Ohio State University College of Law and remained in its service until his death. He was widely known and respected among lawyers in Ohio and throughout the Nation and devoted himself unselfishly to his profession. Administrators and colleagues found in him a wise, sympathetic and steady co-worker. His passing leaves a void in the College of Law and The Ohio State University.

Professor Callahan was a man of many interests. He played the piano, violin and bass viol and enjoyed both jazz and classical music. He was also an accomplished amateur photographer and did bookbinding and woodworking in his spare time.

In 1971 Professor Callahan was honored by alumni of the College of Law with their Distinguished Alumnus Award, becoming only the eighth graduate of the College to be so recognized. It was then estimated that he had taught more than 3,000 graduates of the College. His portrait hangs in the Alumni Lounge of the College with the select group of statesmen and civic and professional leaders who have been similarly honored.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

July 6, 1973 meeting, Board of Trustees

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Degrees and Certificates Conferred--Summer Quarter Commencement

President Enarson recommended that degrees and certificates be conferred at the Summer Quarter Commencement Convocation on August 31, 1973, to those students who have completed the requirements for their respective degrees and certificates and are recommended by the University Senate. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix I, page 51.)

Upon motion of Mr. Shocknessy, seconded by Mr. Devenow, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

B. Distinguished Service Awards

Serving as a Committee on Distinguished Service Awards, the President's Cabinet has nominated and recommended for approval by the Board of Trustees, the following-named persons to receive the Distinguished Service Award at the August 31, 1973 Commencement. These awards are given in recognition of distinguished service to The Ohio State University and the awards are in accordance with action taken by the Board of Trustees in 1952.

Harold P. Fawcett  
Alfred B. Garrett  
John H. Herrick  
Frederick Stecker

Upon motion of Mr. Harrod, seconded by Mr. Safford, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

C. Fee Schedule, Effective Autumn Quarter, 1973

President Enarson made the following statement on fees for evening and part-time students:

Along with all major urban universities in the country, The Ohio State University needs to turn on the lights and open its doors to the non-traditional, the evening and part-time student. No longer can we--or should we--seek to appeal only to the typical undergraduate or graduate student.

Effective this autumn quarter, Ohio State will make it possible for a part-time student to earn a degree entirely during evening hours. And it will be economically feasible for him to do so, with fees charged on a sliding scale per credit hour, rather than on the current fee structure.

July 6, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Fee Schedule, Effective Autumn Quarter, 1973 (continued)

President Enarson's statement (continued)

This extension of the existing evening program will be of particular benefit to those in Central Ohio who are employed or otherwise occupied during the day but want to pursue a degree after 5:00 p.m. The emphasis will be on making the University's courses and services as convenient and accessible as possible.

We think these new opportunities will be especially appealing to several groups. The person on a job who has not attended college before will now be able to begin and complete a degree after working hours. The college graduate who may want to change careers, or obtain a master's degree for advancement in his present field, will be able to do so. Homemakers and others who started college but did not finish may now complete their degree. And students who are presently enrolled will welcome the flexibility of evening courses so that they can fit part-time employment into their schedules more easily.

Initially, undergraduate degree programs will be available in eleven fields--English, history, political science, psychology, sociology, social science, business administration, electrical engineering, mechanical engineering, computer and information science, and theatre.

Master's degrees will be available in six fields--English, history, journalism, business administration, music education, and art education. The possibility of M. A. programs in classics, French, German, and Spanish is being considered also and will depend upon whether sufficient demand exists.

All evening courses will continue to be exactly the same as their daytime counterparts. However, administrative procedures will be streamlined to make it as easy as possible for the evening student to be admitted, to schedule classes, and to receive such advising and counseling services as he may need or wish.

The Admissions Office will coordinate services for evening students and answer questions of prospective students. Interested persons may contact the Admissions Office for information.

July 6, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Fee Schedule, Effective Autumn Quarter, 1973 (continued)

President Enarson's statement (continued)

Evening classes are not new at Ohio State. In addition to regular course offerings in the evening, the University provides a wide range of credit and non-credit programs through its Division of Continuing Education. But interest has grown during the past few years to such an extent that last summer the Provost appointed a task force to assess the need and consider ways of expanding our evening program.

To get initial guidance on the kinds of courses needed, the task force conducted an informal survey of area businesses. More detailed information is currently being collected by Statewide Opinion Research of Ohio, a division of the University's Behavioral Sciences Laboratory. These findings will be used to refine the program this autumn and in future planning.

We feel that it is absolutely necessary to move ahead rapidly in offering a wider range of courses to the working adult, the housewife, or to any others who need these opportunities but have not found them readily available in the past. And we view this extension of our evening program and the modification of our fee structure as an essential first step.

President Enarson recommended that the current fee structure and attendant charges be modified in accordance with the accompanying schedule to support this University's commitment to provide broadened opportunities in continuing and non-traditional education through a comprehensive part-time and evening program. The current charge structure simply does not accommodate those persons who wish to register for but one course, since they are presently obliged to pay one-half of full quarterly fees plus an Application Fee and an Acceptance Fee upon initial registration. (For a three-credit-hour undergraduate level course, this presently is \$160.00.)

The modified fee structure and attendant charges proposed establishes a credit-hour charge for enrollment in six or fewer credit hours with a minimum charge for three or fewer credit hours and changes the Orientation and Registration Fee to an Acceptance Fee and defers the payment of this fee for part-time students until students enroll in a degree program. (This fee will continue to be assessed for all students enrolling for the first time in one of the University's undergraduate degree-granting colleges or schools or University College.)

Full-time students (those enrolled in any quarter, term, or period for seven or more hours) will be assessed full fees. Fees for students enrolled for six or fewer hours in any quarter, term, or period shall be assessed on a per credit hour of enrollment basis, with the minimum fee for three or fewer hours being the fee computed for three hours.

I. GENERAL RECOMMENDATIONS (continued)

C. Fee Schedule, Effective Autumn Quarter, 1973 (continued)

And finally because of the costs associated with the increased number of students who are receiving credit by examination, and in anticipation of a further increase in this means of earning credit particularly in our non-traditional education program, it is proposed that a \$10.00 charge be established for each examination taken for the possible award of credit by examination. However, examinations required by academic departments for placement of students in appropriate levels in a course series will be exempt from this charge.

It was further recommended that Rule 43.02 of Rules for the University Faculty be revised to accomplish the above change in regard to the Acceptance Fee. The modified Rule 43.02 will be as follows:

43.02. Application and Acceptance Fees.\*

Section 1. All applications for first admission to the University must be accompanied by an application fee of \$10.00. This fee is non-refundable and is not credited against any other fees charged by the University.

Section 2. A non-refundable Acceptance Fee in the amount of \$25.00 is assessed all students enrolling for the first time in one of the University's undergraduate degree-granting colleges or schools or University College. The Acceptance Fee is to be paid within three weeks following notification of official admission, in all cases prior to orientation, or within two weeks prior to the final date for registration.

Section 3. A non-refundable Acceptance Fee in the amount of \$15.00 is assessed all students enrolling for the first time in one of the professional colleges or the Graduate School of The Ohio State University. Payment is to be made at the time registration forms are requested.

-----  
\*Rule initiated by Board of Trustees.

Upon motion of Mr. Gushman, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendations by unanimous roll call vote.

2. Establishment of Named Funds

- a. \$30,000.00 from the Trust of Willard F. Guard for the establishment of the Dr. Willard F. Guard Memorial for Veterinary Surgery.

Dr. Willard F. Guard Memorial for  
Veterinary Surgery

The Dr. Willard F. Guard Memorial for Veterinary Surgery was established July 6, 1973, by the Board of Trustees of The Ohio State University with gifts through the Development Fund by bequest from the Trust of Willard F. Guard, D. V. M. 1912, Professor Emeritus of Veterinary Surgery and Radiology, former Chairman of the Department of Veterinary Surgery and Clinics, a founder of The Equine Practitioners Association and holder of a University Centennial Award.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of the University, with the right to invest and reinvest as the occasion dictates.

The income is to be used in support of graduate study in Veterinary Surgery, and/or research projects pertaining to the field of Veterinary Surgery and related Veterinary Clinical Sciences. The income may be awarded annually, accumulated for larger or multiple awards, or assigned to the principal of this fund, at the discretion of the administrators of the fund.

This is to be a perpetual fund for the support of Veterinary Medicine to which additional gifts may be directed. The fund is to be administered by Professor Richard L. Rudy, D. V. M., in consultation with the Dean of the College of Veterinary Medicine and the Chairman of the Department of Veterinary Clinical Sciences. The Dean shall appoint a senior Professor of Veterinary Clinical Sciences, specializing in Veterinary Surgery, to succeed Dr. Rudy at such time as the latter terminates his active professorship.

- b. \$23,670.17 from gifts through The Ohio State University Development Fund for the establishment of the Business Administration Advisory Council Fund.

Business Administration Advisory Council Fund

The Business Administration Advisory Council Fund was established July 6, 1973, by the Board of Trustees of The Ohio State University with gifts through The Ohio State University Development Fund.

Annual income is to be used to support the business and corporate relations programs of the College of Administrative Science as determined by the Dean of the College.

- c. \$5,000.00 by a bequest from Kenyon S. Campbell for the establishment of the Kenyon Stafford Campbell Fund.

Kenyon Stafford Campbell Fund

The Kenyon Stafford Campbell Fund was established July 6, 1973, by a bequest from Kenyon S. Campbell, B. A. '20, J. D. '22.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for the benefit of the College of Law as recommended by the Dean of said College, but limited to those activities not normally supported by legislative appropriated monies. This would not prevent, however, use of income for such items as named professorships or endowed chairs; special collection of books for the Law Library; or similar items.

In the event that the College of Law as it now exists should be altered in any reorganization of University colleges, schools and departments, the Board of Trustees or successor governing body of the University shall direct use of income for purposes within the field of Law as stipulated above, as recommended by the appropriate administrative official of the University then directly responsible for legal education at The Ohio State University.

- d. \$5,000.00 by a bequest from Kenyon S. Campbell for the establishment of the Elsie Kemery Campbell Fund.

e. The Allstate Foundation Nursing Scholarship Program (continued)

The annual income and/or principal is to be used to provide one or more scholarships for undergraduate students in Nursing who have demonstrated a need for financial assistance. The selection of the recipient is to be made upon the recommendation of the University Scholarship Committee.

Should the need for these scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for scholarships.

- f. \$2,742.00 from friends, colleagues, and former students of Harald H. Nielsen for the establishment of the Harald H. Nielsen Memorial Fund.

Harald H. Nielsen Memorial Fund

The Harald H. Nielsen Memorial Fund was established July 6, 1973, by gifts to The Ohio State University Development Fund from friends, colleagues and former students, in memory of Harald H. Nielsen, a member of the Department of Physics faculty from 1930 until the time of his death on January 8, 1973. Professor Nielsen was Chairman of the Department of Physics 1946-1967 and was internationally recognized for his work in and service to the field of infrared spectroscopy.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of the University, with the right to invest and reinvest as occasion dictates.

Annual income is to be used for purposes selected by the Chairman of the Department of Physics and with the approval of the Dean of the College of Mathematics and Physical Sciences, with first consideration to be given to visiting lectureships.

- g. \$1,000.00 from members of Scarlet Mask for the establishment of the Scarlet Mask Alumni Fund.

The Scarlet Mask Alumni Fund was established July 6, 1973, by the Board of Trustees of The Ohio State University with gifts from members of Scarlet Mask to The Ohio State University Development Fund.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide a cash award to a selected student of theatre to recognize distinction or good performance. The selection of the recipient is to be made upon the recommendation of the Chairman of the Department of Theatre and the Dean of the College of The Arts.

Should the need for this award cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for theatrical training and education.

- h. \$1,000.00 from Paul H. Smucker for the establishment of The Paul H. Smucker Fund.

The Paul H. Smucker Fund

The Paul H. Smucker Fund was established July 6, 1973, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Paul H. Smucker, Orrville, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income is to be used for the benefit of the College of Agriculture and Home Economics as recommended by the dean of that college.

Should the College of Agriculture and Home Economics cease to exist through any reorganization of the University, the income or the principal may then be used by the Board of Trustees, with preference being given to recommendations of the appropriate administrative official of the University who is then directly responsible for agricultural education.

V. PLANS AND SPECIFICATIONS

At the request of the Acting Vice President for Administrative Operations, the President recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. McPherson Laboratory--Repair and Replacement  
of Roof and Deck

This project will repair and replace the roof and roof deck on the sawtooth portion of McPherson Laboratory. This work is necessary due to deterioration.

Funds are budgeted in Budget Account 125064 (Contract Repair).

B. Newark Campus--New Parking Facility

This project will provide 400 additional parking spaces. The work also includes embankment construction, installation of a storm sewer, lighting, landscaping, and related improvements.

Funds are budgeted in Budget Account 801285 (Newark Campus--Parking Facility).

V. PLANS AND SPECIFICATIONS (continued)

C. University Hospital--Equipment Room Ventilation

This project will reduce the equipment room temperature during summer months which will minimize service interruptions and increase equipment life. Equipment located in this area includes air conditioning apparatus and elevator machinery.

Funds are budgeted in Budget Account 801282 (University Hospital Ventilation).

Upon motion of Mr. Safford, seconded by Mr. Harrod, the above recommendations were approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Acting Vice President Zimmerman was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

VIII. MISCELLANEOUS FROM OFFICE OF ADMINISTRATIVE OPERATIONS

A. University Airport, Ground Control Landing Approach System

The Federal Aviation Administration has requested to lease 3.25 acres of land at the University Airport to install a MALSR (ground approach lighting system) along the center line of Runway 9R from a point 200 feet west of the runway west end to a point 2,400 feet west of the runway west end. This will improve aircraft safety for all users of the University Airport. The University will agree to this lease with the understanding that the Federal Aviation Administration will assume full cost of this installation.

It was recommended that the President and/or Acting Vice President for Administrative Operations be authorized to request that the Director of Public Works, pursuant to his statutory duties, act on behalf of the University in developing the necessary legal instruments to provide this lease.

VIII. MISCELLANEOUS FROM OFFICE OF ADMINISTRATIVE OPERATIONS (continued)

B. Easement - Lima Campus - Trans-Ohio Pipeline Company

The Trans-Ohio Pipeline Company has requested a pipeline easement on State of Ohio lands that have been designated for the use of The Ohio State University, Lima Campus. Payment for this easement is \$3,375. This easement will be granted for a period of, not to exceed 15 years, subject to renewal. This is in accordance with the standard operating procedure, State of Ohio, Department of Public Works.

It was recommended that the President and/or Acting Vice President for Administrative Operations be authorized to request that the Director of Public Works, pursuant to his statutory duties, act on behalf of the University in developing the necessary legal instruments to provide for the pipeline easement.

C. Aircraft, Hangar Keepers and Student Flight Insurance

Coverage under the existing contracts is expiring. Competitive bids were solicited and received June 4, 1973, to extend the above coverage. In each case alternative specifications were invited, with the University reserving the right to select the alternatives which, in its judgment, provided the best coverage commensurate with the cost involved. An analysis revealed that the Ohio Casualty Insurance Company, John B. Koch, Agent, submitted the lowest and best proposal with a bid of \$69,524.72 for a three-year period.

It was recommended that the President and/or Acting Vice President for Administrative Operations be authorized to award the Ohio Casualty Insurance Company the contracts covering aircraft, hangar keepers and student flight insurance, effective on the expiration of the present contracts.

D. Building, Contents, Boiler, Machinery and Auto Insurance

Coverage under the existing contracts is expiring. Competitive bids were solicited and received June 4, 1973, to extend the above coverage. In each case alternative specifications were invited, with the University reserving the right to select the alternatives which, in its judgment, provided the best coverage commensurate with the cost involved. An analysis revealed that the Buckeye Union Insurance Company, with Atkinson-Dauksch Agencies, Inc., and John H. Gardiner Agency as servicing agencies submitted the lowest and best proposal with a bid of \$104,299 for a three-year period.

It was recommended that the President and/or Acting Vice President for Administrative Operations be authorized to award the Buckeye Union Insurance Company the contracts covering building, contents, boiler, machinery and auto insurance, effective on the expiration of the present contracts.

Upon motion of Mr. Safford, seconded by Mr. Gushman, the above recommendations were approved by unanimous roll call vote.

IX. REPORTS

A. Report from the Retirement and Insurance Committee

1. Tax Deferred Annuity Proposal

Mr. Gushman, Chairman of the Retirement and Insurance Committee, presented on behalf of the Committee the following recommendation:

In accordance with Section 403 (b) of the United States Internal Revenue Code, Public Law 87-370, and Section 9.90 of the Ohio Revised Code it is recommended that a Tax Deferred Annuity program be made available to all eligible employees of The Ohio State University.

It is further recommended that four companies, selected on the basis of specific bid proposals, be authorized to enroll and service this Tax Deferred Annuity program in accordance with each company's bid proposal and in full compliance with the rules and regulations of this University.

Teachers Insurance and Annuity Association and College  
Retirement Equities Fund  
Variable Annuity Life Insurance Company  
Prudential Life Insurance Company of America  
Aetna Variable Annuity Life Insurance Company

It is further recommended that the Acting Vice President for Administrative Operations be authorized to enter into an agreement in support of the University's Tax Deferred Annuity program with each of the above companies with the understanding that each such agreement be reviewed on a periodic basis to determine its suitability, but in no case should the period of review exceed three years.

Finally, it is recommended that the Acting Vice President for Administrative Operations be charged with the responsibility for the development of the necessary administrative procedures in support of this program.

Upon motion of Mr. Gushman, seconded by Mr. Safford, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

Mr. Devenow proposed that Paragraph 3 in this recommendation include the following condition:

". . . above companies including the condition that any such agreements are within the Phase IV guidelines of the Wage-Price Board and . . ."

Mr. Gushman and Mr. Safford accepted the addition to the recommendation.

Mr. Hilliker commended and thanked Mr. Gushman, Mrs. James, and Dr. Sirak for the outstanding job they have done on this Committee and cited this Committee as an example of how a Committee can work to the betterment of this University.

X. COMMITTEE APPOINTMENTS

Mr. Hilliker made the following statement preceding the appointment of the committees for 1973-74:

At this time, it is my desire to make the new committee appointments which will be in effect, beginning today until May of 1974. I alluded to these committees at the last meeting. I don't think that it is necessary that I repeat again the charges that were made to these committees but I would like to say that this committee structure which I am proposing is one which is used widely, not in all universities, but in many. It is also used widely in business. We are within a very, very complex city--a city within a city--a university with some \$288,000,000.00 worth of budget. The development of this committee structure is an attempt, at least a step, to bring this Board and the various segments of this University closer together. I am talking about students. I am talking about faculty. I am talking about the administration. I am talking about everybody connected with The Ohio State University.

I want to repeat what I said at the last meeting and I want to be sure that it is understood that these committees have absolutely no power. They have no vote as a committee. They are formed to help advise the President. They are formed hopefully to provide more input from the various segments of this University. The Chairman of each committee has the charge of calling a meeting of his committee at any time, any place. He may invite anyone and hopefully thus will reach out and include students and faculty as the various issues are considered. The Chairmen then will bring recommendations to this Board in a public meeting and this Board will hear, accept, reject, or modify such recommendations.

In appointing these committees, I want to re-emphasize that statement. I want to be honest with you. It is an increased work load for each of you but if this Board is to fulfill its statutory responsibility, we have got to be prepared to work a little harder. This committee structure is based upon what I consider to be a very favorable experience during the tenure of Mr. Shocknessy as Chairman in which he saw fit to reactivate the Insurance Committee.

July 6, 1973 meeting, Board of Trustees

X. COMMITTEE APPOINTMENTS (continued)

Mr. Hilliker's statement (continued)

I have already alluded to the fine job that Committee has done. He also created the OARDC Agenda Review Committee of which I was a member and which was chaired by Mr. Dunlap and I know, that this Committee was very effective in resolving some problems and misunderstandings between this Board and the administration at Wooster. So, these committees should assist this Board hopefully in furthering its work.

It might appear to some that the Board is delegating and fragmenting its responsibility through this approach. This simply is not the case. It is not true. These are resource committees. They are not delegated any authority to act on behalf of the Board thus the authority of this Board is not pre-empted or diluted in any way. But hopefully it is re-enforced with a comprehensive committee review structure. I asked the Secretary to mail all members of the Board a memorandum soliciting their interests in service on these committees. As you well know, you all can't serve on the same committee and thus there were preferences which I was not able to honor.

The committee membership will be as follows:

Committee Appointments - 1973-74

Finance Committee

William C. Safford, Chairman  
M. Merle Harrod, Vice Chairman  
John H. Dunlap  
Howard D. Sirak

Educational Affairs Committee

John L. Gushman, Chairman  
John H. Dunlap, Vice Chairman  
Patricia D. James  
Howard D. Sirak

Insurance Committee

Chester Devenow, Chairman  
Patricia D. James, Vice Chairman  
Howard D. Sirak

Buildings and Grounds Committee

M. Merle Harrod, Chairman  
Chester Devenow, Vice Chairman  
John L. Gushman

July 6, 1973 meeting, Board of Trustees

X. COMMITTEE APPOINTMENTS (continued)

Committee Appointments - 1973-1974 (continued)

OARDC Agenda Review Committee

John H. Dunlap, Chairman  
Gene R. Abercrombie, Vice Chairman  
William C. Safford

Research Foundation Board of Directors  
(Three-year term, July 1, 1973 - June 30, 1976)

John H. Dunlap

Development Fund Board of Directors  
(One-year term)

Patricia D. James  
Chester Devenow

Upon motion of Mr. Safford, seconded by Mrs. James, the Board of Trustees approved the above nominations for committees for 1973-1974 by unanimous voice vote.

Mr. Shocknessy then made the following statement:

So there won't be any misunderstanding by the people here attending this Board meeting, I advised the Chairman of the Board that I chose not to serve as Chairman of one of the committees. The Chairman asked me to serve as Chairman of the Educational Affairs Committee of which he has now appointed Mr. Gushman, Chairman. I chose, for reasons satisfactory to me and I hope to the Chairman, not to accept the Chairmanship of that committee and I also advised him that during this last year of my term I would choose to serve as a member-at-large to contribute anything to the University from the experience that I have had with the University over the years rather than to be confined to the Chairmanship responsibility or to membership on any specific committee. So, if that's agreeable with you, Mr. Chairman, I'd be glad to be invited by anybody who thinks I could offer anything.

Mr. Hilliker then said

Well, I would be less than honest, Jim, if I didn't say that I was disappointed when you saw fit not to serve on the Educational Affairs Committee. However, I see your point and I will respect your wishes in this regard.

Mr. Shocknessy said "I'm glad you amplified your understanding and interpretation of the charges because I wasn't altogether agreed with the specification that you gave last time but the amplification, I think, is helpful."

July 6, 1973 meeting, Board of Trustees

X. COMMITTEE APPOINTMENTS (continued)

Mr. Hilliker responded

Well, I believe, if you will go back to the minutes of the last meeting, you will find that I tried to make it very clear that these were review committees only and in no way were to have any power, any vote, nor could they take any action on behalf of this Board.

\* \* \*

XI. CHANCELLOR OF BOARD OF REGENTS

A resolution was offered by Mr. Shocknessy, seconded by Mr. Safford, offering the Board's congratulations and best wishes and cooperation to the new Chancellor of the Board of Regents, Dr. James A. Norton, who assumed office July 1.

The above resolution was approved by unanimous vote.

\* \* \*

XII. REPORT ON INVITATIONS

Mr. Hilliker reported that the Board had received two invitations:

- (1) an invitation by Mr. Mount to conduct the April 1974 meeting at the Lima Campus
- (2) an invitation by Director Kottman to conduct the October meeting in Wooster or in Columbus as was done in the past. At this time, the Board will be provided with a brief review of the research programs being conducted in Wooster.

\* \* \*

XIII. REPORT ON WOSU

President Enarson made the following report:

If I may just have one minute, I would like to report to a waiting world in Central Ohio that the "Friends of WOSU" have contributed \$20,000 which has been extremely helpful; and as of several days ago, I instructed our folks to make a partial restoration of the services. They tell me it can be done, effective August 1. Television programming will be resumed on Sundays from 7:00 p.m. to 11:00 p.m., and AM-FM split programming will resume Monday through Friday, 7:00 a.m. to 11:30 a.m. This restoration of services is based, of course, on the honoring of pledges of those who joined the "Friends of WOSU" and I hope that now the letters will subside.

July 6, 1973 meeting, Board of Trustees

Thereupon the Board adjourned to meet Friday, September 7, 1973, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, at 1:30 p.m.

## **Distinguished Service Awards**

### **Harold P. Fawcett**

An illustrious teacher and author, Harold Fawcett is nationally known as an innovator in mathematical reasoning and understanding, and was instrumental in the development of the revolutionary "new" mathematics concept. His encouragement of many Ohio State University students to attain distinctions of their own, and his leadership of the Department of Education and the University Planning Committee demonstrate his professional acumen. The Ohio State University recognizes his dedication by conferring upon Harold P. Fawcett the Distinguished Service Award.

### **Alfred B. Garrett**

A noted scientist and educator, the fresh thinking and enthusiasm which Alfred Garrett has demonstrated by his accomplishments as an author, teacher, and researcher, have marked him as a significant leader in the academic community. His effective guidance as Vice President for Research at the Ohio State University came at an important time in the development of increased quality programs and expanded opportunities for the University. The Ohio State University recognizes his dedication by conferring upon Alfred B. Garrett the Distinguished Service Award.

### **John H. Herrick**

The adept planning and keen perception of John Herrick have been effectual in The Ohio State University's continued broadening of facilities to serve higher education. Developing a carefully delineated blueprint for progress, he has applied perspective and thoroughness to designing the campus for tomorrow, achieving a balance between form and function. The Ohio State University recognizes his dedication by conferring upon John H. Herrick the Distinguished Service Award.

### **Frederick Stecker**

A civic and collegiate leader, Frederick Stecker has left an indelibly beneficial mark on The Ohio State University and the community at large. As Director of the Ohio Union and Executive Director of University Relations, his personal interactions with students and citizens have distinguished him as a man deeply involved in human progress. The Ohio State University recognizes his dedication by conferring upon Frederick Stecker the Distinguished Service Award.

## Colleges of the Arts and Sciences

Chairman, Coordinating Council of Deans: Arthur E. Adams  
Vice Provost for the Arts and Sciences: Robert G. Arns

The Colleges of the Arts and Sciences, a federation of five colleges, includes:

### College of The Arts

Dean: Lee Rigsby

### College of Biological Sciences

Dean: Richard Bohning

### College of Humanities

Dean: Arthur E. Adams

### College of Mathematics and Physical Science

Dean: Colin B. B. Bull

### College of Social and Behavioral Sciences

Dean: Franklin P. Kilpatrick

## College of The Arts

Dean: Lee Rigsby

### Bachelor of Arts

Six candidates

Dennis Lee McCord, Galion  
Karen Louise Nielsen, Columbus  
Maryann Theresa O'Dell,  
Garden City, N. Y.  
Ponzianna Newell Reed, Columbus  
Marc Steven Shaw, Northbrook, Ill.  
Marilyn Beth Wise, Columbus

### Bachelor of Fine Arts

Thirty-seven candidates

Richard Jerome Amann, Kettering  
Robert Lee Bainter, Columbus  
Vinciene Sanford Bartley, Columbus  
Nancy Jane Bersin,  
Rockville Centre, N. Y.  
Randolph Stephen Blackburn,  
Columbus  
Nancy Susan Bolon, Columbus  
William Louis Brewer, Springfield  
Judy Ann Dillon, Columbus  
Russell Earl Douglass, Delaware

### Bachelor of Music

Three candidates

\*\*David William Donovan, Lebanon  
Steven Patrick Monroe, Chillicothe  
\*\*\*Walter Watkins Nielsen, Columbus  
B.S.; J.D. (George Washington  
University)

**Bachelor of Art Education and  
Bachelor of Music Education  
degree are offered jointly by the  
College of The Arts and the  
College of Education  
Candidates are listed on page 41**

### Bachelor of Science in Industrial Design

Three candidates

Robert Frederick Mitchell, Columbus  
Louise Ellen Rothenberg,  
New Milford, N. J.  
Matthew Gillary Ungar, Columbus

## College of Biological Sciences

Dean: Richard Bohning

### Bachelor of Arts

Eleven candidates

Thomas Harry Boreman, Ashland  
William Michael Bridges, Columbus

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
ONE THOUSAND AND EIGHTY-NINTH MEETING  
OF THE BOARD OF TRUSTEES

Columbus, Ohio, September 7, 1973

The Board of Trustees met at its regular monthly meeting on Friday, September 7, 1973, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, pursuant to adjournment.

Present: Don M. Hilliker, Chairman, James W. Shocknessy, William C. Safford, John H. Dunlap, John L. Gushman, Howard D. Sirak, Patricia D. James, and Chester Devenow.

Minutes of the last meeting were approved.

September 7, 1973 meeting, Board of Trustees

REPORT BY CHAIRMAN

Mr. Hilliker made the following statement:

I would like to say a few words which I believe are of importance to the Board. We have now had our first month of operation under the new committee structure and I want to take this opportunity to extend my thanks to those members who have expressed a willingness to take the time, and it will take a considerable amount of time and energy, to make this committee structure work. Some of you have already had to take off full days from your work and have driven many miles--I do want you to know that it is appreciated.

Mr. Harrod's Buildings and Grounds Committee met on August 21 in Lima which I understand was a very fruitful meeting. Later in the agenda I would like to have just an informal report from Mr. Devenow since Mr. Harrod has been called out of the state.

Mr. Gushman's Educational Affairs Committee met in Lancaster last Friday following the Summer Commencement and spent a considerable amount of time discussing the President's organizational plan. I was present and I thought it was a fine meeting. I will ask Chairman Gushman also to report later this afternoon on that meeting.

Mr. Safford's Finance Committee met today at 1:00 p.m. I have said this before and I want to say it again, I have a very comfortable feeling with Bill Safford as Chairman of this Committee.

As I said at the beginning, I realize that this committee approach is certainly not the answer to all Board problems. And I'm sure that it probably has some rough spots in it. But it was not pulled out of a hat. There was considerable study given to some 25 or 30 committee-oriented Boards before this structure was proposed, and I intend to give it a fair trial during my term as Chairman which will end May 1974. Now that you have had an opportunity to work with this committee structure--I would appreciate your thinking. Do you like it--what is good or bad about it?

In response to Mr. Hilliker's question, Mrs. James indicated that earlier this year she had attended the meeting of the Association of Governing Boards. In the round table discussions as well as in informal discussions, differing policies of various universities were examined. She found that other participants expressed some astonishment that this University's Board was able to operate effectively working without a committee structure but as a Committee of the Whole. Mrs. James expressed the belief that the committee structure will help the Board fulfill its statutory responsibility and its responsibility to the University community.

Mr. Safford indicated that he was well satisfied with the existing committee structure.

Mr. Devenow said he thought it is an effective way to "zero in on" some educational problems. It also affords, in his opinion, an opportunity to brief each other on the various problems being reviewed by the various committees.

September 7, 1973 meeting, Board of Trustees

REPORT BY CHAIRMAN (continued)

Mr. Dunlap said that while his committee had not as yet had a meeting that they would be having one shortly. He expressed his enthusiasm for the committee structure as exemplified by the Educational Affairs Committee meeting which he had attended.

Mr. Hilliker then asked Mr. Shocknessy if he wished to pursue any questions concerning the Board's committee structure.

Mr. Shocknessy said that he wished to clarify one point and that was that the Board had prior to this year had committees. He also stated that he had raised several questions concerning the committee structure in a letter to the Secretary since this information had been forwarded to him by the Secretary and that he had not received a response to his letter except for an acknowledgment.

Mr. Hilliker responded that while it was correct that the Board has always had one or two committees, the Board had not heretofore been committee structured so as to enable it to "zero in on" specific problems. He also stated that according to the Board minutes of the July 6 meeting, Mr. Shocknessy did approve of the committee structure since it was indicated to be a unanimous vote.

Mr. Shocknessy again raised the question of the lack of a response to his letter.

Mr. Hilliker then indicated there are a couple of things that needed to be said and as Chairman he was going to say them. "I guess they have to do with what I consider to be my policy as your Chairman for the next nine months. I want the Board to feel free at any time to call me day or night if there is anything that you wish to discuss. I want the Board to feel free at any time to write me. I will take time off and I will sit down with you and discuss whatever issue is of concern to you. I cannot promise you that I will have the answers because I am sure that in most cases I will not, but I can promise you that I will try to get the answers for you. However, I will not, and I repeat, I will not answer copies of letters that are sent to me and addressed to someone else."

Mr. Shocknessy said he had addressed a letter to the Secretary of the Board and asked him to deliver it to Mr. Hilliker.

Mr. Hilliker in response said that Mr. Shocknessy had his address and if he wished any communication with him to write him directly.

Mr. Shocknessy said that he had written Mr. Hilliker an earlier letter and that he had yet to receive a response to it.

Mr. Hilliker replied that he was prepared to discuss any letter he had a copy of today or any time. And further, that he wanted any Board member not to hesitate at any time to discuss any issue frankly and fully at the Board meetings. He said, however, that he would not permit in his remaining time as Chairman anybody on the Board, on the staff, or persons attending the meetings to clutter up issues, take time with nitpicking, with headline seeking, or with trivia. He reiterated that he was available for discussion or any assistance that he might be able to give.

September 7, 1973 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Jane Barton, Instructor in the Cooperative Extension Service; Harry W. Cordell, Associate Professor Emeritus in the College of Administrative Science, James F. Fullington, Professor Emeritus in the Department of English; David M. Harrison, Professor Emeritus in the Department of Economics; John G. Ketterer, former Member and Chairman of the Board of Trustees; George Elwyn Large, Professor Emeritus in the Department of Civil Engineering; Richard M. Mall, Director of Alumni Affairs, Executive Director of The Ohio State University Development Fund, Editor of The Ohio State University Monthly, and Professor of Speech Communication; Harry W. Rogers, Professor Emeritus in the Department of Romance Languages; Wilbur M. Tidd, Professor in the Department of Zoology; S. Rains Wallace, Professor and Chairman in the Department of Psychology; and Eugene J. Weigel, Professor and Director Emeritus in the School of Music. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Jane Barton

The Board of Trustees of The Ohio State University expresses its sorrow at the untimely death on May 16, 1973, of Jane Barton, Instructor in the Cooperative Extension Service.

Mrs. Barton was born June 29, 1913, on a farm near Sycamore, Ohio. She was graduated from Sycamore High School in 1931 and married Charles Barton May 25, 1931. The Bartons farmed and operated several businesses.

With the opening of the Marion Branch Campus of The Ohio State University, Jane Barton started her college training. She transferred to Heidelberg College, Tiffin, receiving her B. A. degree in home economics in 1963. She joined the Cooperative Extension Service on June 16, 1963. In August 1969, she completed her M. S. degree at The Ohio State University specializing in clothing.

Mrs. Barton loved her work and was especially effective in working with the disadvantaged. She influenced many girls to seek careers in home economics. She was an active member of the Ohio Cooperative Extension Agents Association, the Ohio Home Economics Association, and the American Home Economics Association serving as a committee member of the latter association.

On behalf of the University community, the Board of Trustees expresses its deepest sympathy to the family of Mrs. Barton. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to Mr. Barton as sincere appreciation of the loss which the family, the University, and her many friends and associates have sustained.

RESOLUTIONS IN MEMORIAM (continued)

B. Harry W. Cordell

The Board of Trustees expresses its sorrow at the death on July 17, 1973, of Harry W. Cordell, Associate Professor Emeritus in the College of Administrative Science.

Born in Moundsville, West Virginia, in 1883, Dr. Cordell received a Ph. B. from Hiram College in 1908. He was Pastor of the Fourth Street Christian Church in Harrisburg, Pennsylvania, the following year and of the Northside Christian Church in Cincinnati from 1909 to 1913. He left the ministry in 1913 for graduate study at the University of Chicago, receiving his A. M. in 1915.

Dr. Cordell began his teaching career at Washington State College in 1917 and served as Chairman, Department of Economics and Business Administration from 1920 to 1927. He came to Ohio State under a University Fellowship in 1927 and was awarded a Ph. D. in 1930. He began his teaching career in 1928 and continued until his retirement in 1953. His primary interest was in advertising, and he was a member of the Advertising Club of Columbus for many years. He was an honorary member of Theta Chi and Phi Kappa Phi fraternities.

Although he had left the ministry, Dr. Cordell remained active in the church, serving as Elder and Chairman of the Board of West Fourth Avenue Church of Christ in Columbus. He was an active Mason, a past Master of the University Lodge #631 in Columbus, and also belonged to the York Rite. His primary hobby was music, and he had a large collection of records.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

C. James F. Fullington

The Board of Trustees of The Ohio State University expresses its sorrow at the death on July 14, 1973, of James F. Fullington, Professor Emeritus in the Department of English.

Professor Fullington was born in Marysville, Ohio, in 1895. A 1916 graduate of this University, he served with distinction in France during the first World War. He received a M. A. from The Ohio State University, a second M. A. from Harvard University, and a Ph. D. from Ohio State. He was a member of the faculty of this University from 1922 until his retirement in 1965. From 1936 until 1952, the rapidly changing years of depression, war, and the post-war expansion of the University, he was Chairman of the English Department; in those years, in the words of one of his successors, he turned "an inferior, provincial" department into "one of the major departments in the country."

RESOLUTIONS IN MEMORIAM (continued)

C. James F. Fullington (continued)

He provided administrative leadership, an atmosphere conducive to excellence in teaching and research, and the warmth of personal friendship for the distinguished faculty he brought to the University. In 1952 he became Dean of the Arts and Sciences College, serving with distinction in that post until 1957.

Although he was a great administrator and scholar, Professor Fullington will perhaps best be remembered as a teacher. He was regarded with affection and respect by generations of students, especially the many who took his highly popular course in The Bible, which he taught regularly even during his many years as an administrator. His achievements as a teacher were recognized when he received, in 1965, the Alumni Award for Distinguished Teaching.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

D. David M. Harrison

The Board of Trustees of The Ohio State University expresses its sorrow at the death on June 17, 1973, of David M. Harrison, Professor Emeritus in the Department of Economics.

Professor Harrison was born in Loyalhanna, Pennsylvania, on March 21, 1902. He received the B. S. degree from Ursinus College in 1929, having been engaged in several business employments before his college years. He received the M. A. degree in 1933, and the Ph. D. degree in 1940 from Duke University. He was appointed as Instructor of Economics at Duke University in 1933 and at The Ohio State University in 1934. In 1942 he transferred to war work with the U. S. Office of Price Administration, returning to Ohio State in 1944 as Assistant Professor of Economics. From 1946 to 1959 he was an Associate Professor of Economics, and from 1959 until his retirement in 1970 he was a full Professor. He was also a Visiting Professor at the University of California at Berkeley in 1946 and at Ohio Wesleyan University in 1958 and 1959. He was Staff Economist at the Air Force School of Logistics from 1954 to 1963, and Consultant to the Economic Mobilization Branch, Industrial College of the Armed Forces in 1956.

The official record of "Dave" Harrison's life, however, doesn't quite capture its real quality to those who lived and worked with him over the decades at Ohio State. The one word seemingly most strongly projected by that life is sincerity. There was nothing "catchy" or flamboyant or pretentious about the man. Fads come and go among professional economists, as elsewhere in life, but they touched David Harrison lightly, if at all. "Publish or perish" could pass as the guiding rule for academic advancement, but to Dave, it had to take inferior status to the central focus of higher education upon the endless

task of assisting young inquirers gain for themselves both broader and deeper understandings of their chosen fields of work. The Harrison office door was always open, as was the willingness of the man at the desk to talk at any length to any student who felt the need of his counsel. David Harrison never lacked for students of a quieter, more serious type who appreciated his sincerity and scholarly competence.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

E. John G. Ketterer

The Board of Trustees expresses its sorrow upon the death on August 8, 1973, of its former member and Chairman, John G. Ketterer, of North Canton.

Mr. Ketterer served as a Trustee of this University from 1963 to 1971, the last two years as Chairman. At the completion of his Board membership, he continued his distinguished service to his alma mater by accepting an appointment as the citizen-at-large member and the Chairman of the Consultative Committee to Advise in the Selection of a President. He directed this activity until early in 1972 when illness necessitated his resignation.

He had been active also in alumni affairs and had served as President of the University Alumni Club of Stark County.

Born in Woodsfield, Ohio, Mr. Ketterer attended Villa Nova College briefly before entering Ohio State, where he received the Bachelor of Arts and the Juris Doctor degrees. He was elected to the Order of the Coif.

He entered the practice of law in Canton in 1925, specializing in general corporation practice and labor law, and rose to become a senior partner in the law firm of Day, Ketterer, Raley, Wright & Rybolt.

His many civic services included membership on the Board of Advisors of Walsh College and the Board of Trustees of Timken Mercy Hospital. He also had served as a Director of the Ohio Ferro-Alloys Corporation.

On behalf of The Ohio State University community, the Board of Trustees expresses its great sense of loss and deepest sympathy to Mrs. Ketterer and the sons and daughters. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that copies be tendered the family as sincere expressions of the Board's sense of understanding of the loss which the family and the University have sustained.

RESOLUTIONS IN MEMORIAM (continued)

F. George Elwyn Large

The Board of Trustees of The Ohio State University expresses its sorrow at the death on June 28, 1973, of George Elwyn Large, Professor Emeritus in the Department of Civil Engineering.

Professor Large was born in Whigville, Ohio, July 20, 1899. He received his Bachelor of Science Degree in Civil Engineering and his Professional Degree, Civil Engineer, from the University of Washington in 1922 and 1929 respectively.

Professor Large began his service to The Ohio State University in 1923 as an Instructor in the Department of Engineering Drawing. From 1924 to 1929 he served as an Assistant Production Engineer with the Buckeye Steel Castings Co. He returned to The Ohio State University in 1929 as an Assistant Professor in Civil Engineering and as a Research Engineer with the Engineering Experiment Station. He was promoted to Associate Professor in 1934 and to Professor in 1942. He served as Chairman of the Department of Civil Engineering from 1947 until 1953 when he returned to full time teaching as Professor. Upon his retirement in 1964 he became Professor Emeritus. Also during the above period of time he served as Structural Engineering Consultant to the University Architect, and to many private consulting and industrial firms.

Professor Large was nationally recognized as an authority on reinforced concrete. His book, Basic Reinforced Concrete Design, first published in 1950, became the leading text in its field. The second edition followed in 1957 and the third edition (with co-author T. Y. Chen) in 1969. He was author and co-author of four Engineering Experiment Station Bulletins and of many technical papers and reports. He was a member of Sigma Xi, Tau Beta Pi, Chi Epsilon, Triangle Fraternity and Texnikoi. He was a member of the American Society for Engineering Education, a Fellow in the American Society of Civil Engineers (President of the Central Ohio Section in 1947) and a member of the American Concrete Institute, in which he was active as a member and chairman of various committees. He was listed in Who's Who in America.

Professor Large developed and taught courses in reinforced concrete design, plain concrete, materials, soils, and engineering problems. He was a perfectionist in his work and expected the same from his students. His contributions to the profession were important and reflected his ideals as a teacher and as an engineer.

On behalf of the University, the Board of Trustees expresses to his family its deepest sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

RESOLUTIONS IN MEMORIAM (continued)

G. Richard M. Mall

The Board of Trustees of The Ohio State University expresses its sorrow at the death on August 28, 1973, of Dr. Richard M. Mall, Director of Alumni Affairs, Executive Director of The Ohio State University Development Fund, Editor of The Ohio State University Monthly, and Professor of Speech Communication.

Dr. Mall was born in Cambridge, Massachusetts, on January 15, 1919. He received his Bachelor of Science Degree in Industrial Journalism from Kansas State University in 1940 and both his M.A. and Ph. D. degrees from The Ohio State University in 1949 and 1952 respectively.

Dr. Mall began his association with The Ohio State University in 1947 after serving as Associate Professor of Speech at Kansas State University and as an officer with the Ninth Armored Division in Europe during World War II.

During his years of graduate study at Ohio State he served as an Instructor in Speech and as Assistant to the President of Peoples Broadcasting Co., and as Director of Public Affairs for WLW-C Television, Columbus.

He was named Director of Alumni Affairs, Executive Director of The Ohio State University Development Fund and Editor of The Monthly in 1967 by the Board of Directors of The Ohio State University Association. He retained his faculty appointment in the Department of Speech Communication and continued to guide and counsel graduate students, while directing the variety of activities involving the more than 50,000 members of the Alumni Association, and the 35,000 supporters of the Development Fund.

His distinguished listing of civic and community service included membership on the Board of Governors of the Columbus chapter of the National Academy of Television Arts and Sciences, Radio and Television Coordinator for two Statehouse Conferences on Education, Director of the Advance Placement Program for Ohio, Chairman of the Christmas Seal Campaign in Franklin County, Chairman of the Easter Seal Campaign in Franklin County, Chairman of the Council on Intercultural Education for the Columbus Board of Education, and founder of the Motorists and Pedestrian Safety Campaign conducted throughout Metropolitan Columbus.

A devoted family man, he was active in the affairs of Maple Grove United Methodist Church in Columbus and served as President of the PTA at Whetstone High School in Columbus.

For many years he had been featured as Judge Merrill on the Columbus television program, "Traffic Court," and won many plaudits for his portrayal on that entertaining and informative program.

He will be long remembered by thousands within and without the University community--his faculty and administrative colleagues, his students, the many members of the alumni body, and faithful television viewers--for his facile

and captivating delivery, the wisdom of his words, the timeliness of his thoughts and above all, his enthusiasm for the cause of higher education and his total dedication to improvement of the world about him.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a small and humble expression of the Board's heartfelt sympathy in its bereavement.

H. Harry W. Rogers

The Board of Trustees of The Ohio State University expresses its sorrow at the death on July 9, 1973, of Harry W. Rogers, Professor Emeritus in the Department of Romance Languages.

A native of Dayton, Ohio, Professor Rogers' long association with The Ohio State University began as an undergraduate student in 1916 and continued until his retirement in 1968. He completed his degree program with a B. A. in 1925 and M. A. in 1928 and began his teaching career in the Department of Romance Languages in 1925. Besides his duties as a teacher of Spanish, Professor Rogers served for many years as coordinator of language instruction for French and Spanish.

In 1952, he participated with Professors Kenneth Abbott and the late John B. Titchener of the Department of Classics, in the preparation of a series of courses that eventually led to the establishment of the Division of Comparative Literature. Professor Rogers served as Chairman of the Division from its inception to the time of his retirement.

On behalf of the University, the Board of Trustees expresses to his family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

I. Wilbur M. Tidd

The Board of Trustees of The Ohio State University expresses its sorrow at the death on June 30, 1973, of Wilbur M. Tidd, Professor of Zoology, Department of Zoology, College of Biological Sciences.

Dr. Tidd was born in McGuffey, Ohio, on October 4, 1903. He completed his college preparatory course at Alger High School and went on to earn all three of his degrees at The Ohio State University; the Ph. D. was awarded in 1937. His association with The Ohio State University began in 1927 when he was appointed as a Teaching Assistant. He was promoted through the academic ranks and became a Professor of Zoology in 1956.

RESOLUTIONS IN MEMORIAM (continued)

I. Wilbur M. Tidd (continued)

His colleagues will remember him as an enthusiastic, energetic teacher who was constantly concerned about students, their learning processes and personal contact. Parents of his students wrote letters indicating their gratitude for his personal attention to student problems. His most recent teaching assignment involved lecturing on evolution to large classes of a hundred or more students. He tried to give each and every one of them the same personal attention when they came to him for assistance. Many of the students were pre-professional majors in Zoology and Dr. Tidd was always careful to prepare personal and detailed letters of recommendation to professional schools.

Dr. Tidd, in recent years, became very active in a research program involved with the description, identification and quantification of whirling disease (Myxosoma) in trout. His methods and techniques have been adopted throughout North America and he was constantly sought-after as a speaker and visitor to federal and state hatcheries and fish disease laboratories. He published over 30 technical papers, many of them in recent years as a result of his unique research on fish diseases. His enthusiasm was infective and he was anxious to enlarge and expand his research projects and programs.

Dr. Tidd was a member of six professional societies and was elected a Fellow of the Ohio Academy of Science and The American Association for the Advancement of Science. He was listed as a scientist in Who's Who and in the American Men of Science. He gave unselfishly of his time and effort when it came to University Committee assignments serving for several years on the Executive Committee of the Graduate School and the Conference Committee of the Teaching Staff.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a small and humble expression of the Board's heartfelt sympathy in its bereavement.

J. S. Rains Wallace

The Board of Trustees of The Ohio State University expresses its sorrow at the death on August 28, 1973, of S. Rains Wallace, Professor and Chairman of the Department of Psychology, College of Social and Behavioral Sciences.

Dr. Wallace was born in McMinnville, Tennessee, on December 19, 1913. He will be remembered for his teaching. His classroom career began with his appointment as Instructor in Psychology at The Ohio State University in 1936. He taught at Tulane and Yale Universities and returned to campus teaching at Ohio State in 1970. At the Life Insurance Agency Management Association (LLAMA) in Hartford, Connecticut, he established and supported a large, effective educational division. But his finest teaching took place in the daily contacts he had with hundreds of friends and associates. The

RESOLUTIONS IN MEMORIAM (continued)

J. S. Rains Wallace (continued)

mark of his teaching was not just the breadth of his knowledge, the excellence of his preparation, or the skillfulness of his presentation, but it is found in the mastery, the achievement, the growth, and the understanding of his students.

Dr. Wallace's career as a scholar began at the University of Virginia where he received his bachelor's degree in 1934, his master's degree in 1935, and the doctorate in 1937. His work on vision and perception was published in the finest journals of the day. Early in his career he established a pattern which he followed throughout his life: he not only engaged in scholarly work on his own, but he also took responsibility for supporting the scholarship of others. During World War II he headed research efforts on the selection of the air crew members, and at LIAMA he built what is today the world's finest center for the application of psychological methods and theories to organizational problems. His work on employee selection and development is a model of scholarly effort. Dr. Wallace wrote extensively, and was editor of Personnel Psychology. Running throughout his scholarship was the vision that research and application are interdependent.

Dr. Wallace was a wise and effective leader, and his skills were widely known and admired. They were manifest in his work in the Army Air Corps, as Chairman of Psychology at Tulane, as Vice President for Research at LIAMA, as Behavioral Science Advisor to the Secretary of Defense, as President of the American Institutes for Research and as Chairman of Psychology at The Ohio State University.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a small and humble expression of the Board's heartfelt sympathy in its bereavement.

K. Eugene J. Weigel

The Board of Trustees of The Ohio State University expresses its sorrow at the death on August 11, 1973, of Eugene J. Weigel, Professor and Director Emeritus of the School of Music.

Professor Weigel was born in Cleveland, Ohio, in 1894. He was educated in the Cleveland Public Schools, Columbia University, the Institute of Music in Berlin, and The Ohio State University from which he received both the Bachelors and Masters degrees.

Professor Weigel taught in the Cleveland Public Schools from 1923 to 1928 and was appointed Professor in the Department of Music at The Ohio State University in 1929. In 1940 he was named Chairman of the Department and in 1945, Director of the newly formed School of Music in which position he served until his retirement in 1959.

RESOLUTIONS IN MEMORIAM (continued)

K. Eugene J. Weigel (continued)

Professor Weigel's name will always be intimately associated with The Ohio State University Marching Band, which he developed into one of the finest organizations of its kind in the nation and which subsequently has exerted profound influence on marching band techniques and styles throughout the world. During his tenure as chief music administrator at the University, the Department of Music achieved the status of a School, enjoyed a three-fold increase in faculty and student body, enlarged its curriculum to embrace all the traditional areas of music instruction, was granted membership in the National Association of Schools of Music, and attained an enviable reputation for the excellence of its total music programs. Professor Weigel not only served as conductor of the Marching Band but was also, for some years, conductor of the University Symphony Orchestra and the University Concert Band. Under his directorship these ensembles performed innumerable concerts on campus, in downtown Columbus, and in various communities throughout Ohio.

Professor Weigel was extremely active in the cultural life of Columbus and occupied, among others, the positions of Conductor of the Columbus Civic Opera Company from 1933 to 1937 and President of the Columbus Philharmonic Association from 1943 to 1945. He was always a vigorous leader in the field of music education, both in the state and nation, and was recognized for his accomplishments in this area when he received the Ohio Music Education Association's distinguished service award in 1957.

Professor Weigel's many and varied contributions to music at The Ohio State University and to the profession of music in general will long be remembered and valued by his many colleagues, friends, and students. His fundamental integrity and vigor, his deep sense of discipline, and his forthrightness are qualities that guided and counseled both his faculty and students.

On behalf of the University, the Board of Trustees expresses to his family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

President Enarson presented the following recommendations:

September 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS

A. Budget Statement

President Enarson made the following statement:

At the June meeting, this Board, at my request, approved a provisional budget for this current year since we had not at that time received our appropriation from the General Assembly. The General Assembly has now enacted an appropriation bill for the 1973-1975 biennium as well as a separate bill mandating pay increases for classified personnel. The 1973-1974 budget, which I am now presenting for your consideration, reflects the following substantial changes from the previously approved budget.

Income

The instructional subsidy provided by the State is slightly above what was previously anticipated both for the Columbus campus and regional campuses. There was also included a supplemental appropriation which will assist in funding classified employee special pay increases provided by the General Assembly. Earlier estimates of income from federal grants and contracts have been revised upward based upon increased activity in this area. And, there have been increases in both federal and state appropriations for Cooperative Extension. Finally, this budget has been generally modified upward to reflect increased rates. These increases are necessary to provide for classified pay increases mandated by the 110th General Assembly.

Expense

The expense budget for the Columbus campus, our regional campuses, and our auxiliary operations, now include the cost of increases for classified salaries and wages and related benefits. The budget also reflects increased expenses because of increased volume in federal grants and contracts. Also, the personnel services and operating budget for the Columbus campus have been adjusted to incorporate mandated Federal minimum wage increases, and utility and other rate increases, from funds which have previously been shown in the reserve category.

I. GENERAL RECOMMENDATIONS (continued)

A. Budget Statement (continued)

President Enarson's statement (continued)

Expense (continued)

This budget is balanced. A minimal, but adequate general reserve, of \$2 million is provided. Assuming our current enrollment estimates are reasonably accurate and assuming there will be no dramatic court decisions which directly affect non-resident fees, this is a workable budget. We are particularly pleased that it has not been necessary to increase the student fees. Indeed, we have decreased the part-time fees. We are also pleased that we have been able to provide a substantial increase to our classified personnel. Even though these increases were substantially more than anticipated in our provisional budget, they are well deserved. We regret, however, that we were unable to provide the same level of increases for instructional and professional staff. The average increase of 4% does not even enable our people to maintain the purchasing power they had last year. The impact of inflation continues to be severe and we cannot in good conscience be satisfied with this year's increase to our faculty and administrative and professional personnel. Unfortunately, this situation is further complicated by the inequities created to a number of these people by the classified service increases mandated by the General Assembly. To the limit of our resources, we will do our utmost to eliminate at least some of the greatest of such inequities during the year.

General Financial Planning for the  
Second Year of the Biennium

The State subsidy support formula contained in Amended Substitute House Bill 86, provides for the first time an increase in the support factors in the second year of the biennium. This represents a departure from the previous biennia. It will no longer be necessary for the University to set aside funds from the first year's budget so as to provide for the second year increases. Part of the anticipated increase in subsidy for the second year of the biennium will be offset by projected decreases in enrollment making necessary further budgetary retrenchments. At the same time it is essential that we improve substantially the salaries

I. GENERAL RECOMMENDATIONS (continued)

A. Budget Statement (continued)

President Enarson's statement (continued)

General Financial Planning for the  
Second Year of the Biennium (continued)

of our faculty and professional administrative personnel next year. This will require still further retrenchment. We are initiating a comprehensive review of all existing commitments of this University to see where such further cutbacks can most appropriately be made. With a broad base of cooperation and support from all the various units within this University, barring failures in anticipated enrollment projections, or additional inflationary pressure, I believe that it is possible to identify the necessary resources to support a salary plan which will place our people in a more competitive position. I hope to be back to you with such a plan at an early date.

Actual 1972-73 Expenses

The financial schedules which have been presented to you reflect actual income and expenses for the 1972-1973 year subject to minor adjustments when financial accrual statements are available. The only significant changes include an increase in federal grants and contract volume which contributed almost \$2 million toward the overall \$3 million increase. Increased activity in auxiliary operations accounted for the remainder. This final income and expense statement varied less than 1% from the amount estimated in our June presentation.

Upon motion of Mr. Safford, seconded by Dr. Sirak, the Board of Trustees approved the foregoing report by unanimous roll call vote.

B. Lincoln Tower

President Enarson made the following statement:

One of the major unresolved problems of my first year as President of this University is how best to utilize Lincoln Tower. On a number of occasions, I have discussed with you various alternatives for the utilization of this facility. I will not attempt to review that history today, but, rather, seek your concurrence for what we believe to be the best answer to this problem.

September 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Lincoln Tower (continued)

President Enarson's statement (continued)

You will recall that after a comprehensive review of the entire problem we initiated a request to the 110th General Assembly for the necessary financial support to renovate this facility for the purpose of housing the College of Social and Behavioral Sciences. At that time, we also requested a subsidy to cover the annual payment for the outstanding bonded indebtedness remaining on this facility.

The College of Social and Behavioral Sciences, the administration of the University, and this Board of Trustees are agreed that this was a most reasonable solution to a difficult problem. Indeed, we have been informed that there was strong sentiment in support of this solution within the General Assembly. Unfortunately, however, this plan did not receive the necessary support for funding, either for the renovation or for the bond payments. The Governor had called for a virtual moratorium on capital improvement money to higher education and, thus, a request of some six years standing for the construction of an urgently needed facility for the College of Social and Behavioral Sciences was not included in the appropriations bill. In spite of our best efforts, we still are in the untenable position of having a building that is substantially under-utilized and at the same time having a critical space shortage in our fastest growing college.

Because we can renovate Lincoln Tower at a cost of approximately \$1.5 million, a fraction of the cost of new construction, I remain convinced that this is the best possible use of Lincoln Tower. We have restudied the entire problem during the summer and I strongly recommend that we proceed in this manner, within the new resources made available to us for utility improvements and renovations for the biennium of \$2 million. We can delay no further in seeking a solution to this problem and we are persuaded that we must give first priority to this project.

We want to emphasize that in converting Lincoln Tower to an academic building, we are recommending an action which will have major, long-range benefits to the University, benefits which are academic and administrative, as well as financial. For in seeking to put Lincoln Tower to the best possible use, we have reviewed the assignment and quality of building space for the entire campus and have developed a comprehensive plan which, when fully realized over the next three years, will substantially improve the University's capacity for educational and administrative services.

September 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Lincoln Tower (continued)

President's Enarson's statement (continued)

The plan takes into account the new space now under construction in the University Hall complex and on the West Campus; it reviews the condition of many of the oldest buildings on campus, like Lord Hall, Student Services Building, McMillin Observatory, and many others; and it proposes the relocation of over 100 organizational and instructional units.

But the key move in the plan is Lincoln Tower. In converting Lincoln Tower to an academic facility, we accomplish the following academic and administrative benefits:

- it would consolidate the College of Social and Behavioral Sciences, a basic undergraduate college now scattered over 13 campus buildings, in one central location;
- it would provide, from space vacated by the Social and Behavioral Sciences, for much needed additional space for the Colleges of Administrative Science and Education;
- it would consolidate administrative support services now in Archer House, Oxley Hall, and Lincoln Tower, thereby returning Archer House and Oxley Hall to the housing system;
- it would allow the demolition of several obsolete buildings whose operating costs can no longer be justified in terms of the poor quality of space provided.

The quality and use of space of course must be our overriding concern, and our analysis of current campus buildings indicates that at least nine of them, built at the beginning of this century, are in very poor condition.

The implications of this decision should be clearly understood. Drastic cutbacks will be necessary in the current biennium and the following biennium in a variety of much needed, high priority, renovation projects; including Hayes Hall, Hughes Hall, and Brown Hall which have been scheduled for remodeling. In my judgment, we must be prepared to defer all other projects, to get on with a solution to the space needs of the College of Social and Behavioral Sciences. The second major implication of this decision is that we will have no other choice than to fund the bonded indebtedness of Lincoln Tower from the general funds of the University for at least the next

I. GENERAL RECOMMENDATIONS (continued)

B. Lincoln Tower (continued)

President Enarson's statement (continued)

two years. There is also the risk that we might be forced to continue funding this indebtedness from general funds beyond this period unless we are successful in winning the support of the Regents and the next General Assembly. The sad truth is that we will be draining our financial resources which come from State subsidy and student fees to meet these bond payments and this cannot help but have some impact on the quality of our educational programs.

The reluctance of the General Assembly to address itself to this problem we are told is largely caused by its awareness that several of the State universities have similar dormitory problems. The Chancellor of the Ohio Board of Regents recently has indicated that he intends to initiate a study of this problem on a state-wide basis and based upon his findings will make an appropriate recommendation to the next General Assembly upon this matter. We are most hopeful that the next General Assembly will support a reasonable solution to this problem.

We have a moral obligation to our students and faculty to continue to pursue everything within our means to obtain financial relief from this situation. Hopefully, it will come from the next General Assembly.

It is completely unreasonable to leave Lincoln Tower dark. It is also unrealistic to continue maintaining this facility as part of the residence system. Thus we seek your authorization to proceed to implement this decision. At subsequent meetings I will report on our progress in this matter and present specific requests for your consideration in implementing this decision.

Mr. Shocknessy suggested that the Legislature might wonder why the University requested State support for this project which was not provided and now the University has found the money to fund this project from within existing funds.

The President responded by saying that even though we are using existing resources for this project, we will be draining our financial resources which come from State subsidy and student fees to meet these bond payments which cannot help but have a direct effect on the quality of our educational program.

Upon motion of Mrs. James, seconded by Dr. Sirak, the Board of Trustees approved the foregoing recommendation with seven affirmative votes: Mr. Hilliker, Mr. Shocknessy, Mr. Safford, Mr. Dunlap, Mr. Gushman, Dr. Sirak, and Mrs. James.

I. GENERAL RECOMMENDATIONS (continued)

C. Sick Leave Policy

In conformity with a provision in Amended Substitute Senate Bill 31 which was passed by the General Assembly, President Enarson recommended that the Board adopt an amended sick leave policy for principal administrative officers and senior administrative and professional staff, unclassified professional staff and classified civil service employees effective July 23, 1973, as follows:

It shall be the policy of this Board that University employees upon retirement with ten or more years of service with the State, shall be compensated in an amount not to exceed one-fourth the value of accrued but unused sick leave credit based on the employee's rate of compensation at the time of retirement. The maximum payment for any employee shall be 240 hours. The payment for sick leave under this policy eliminates all sick leave credit of the employee at the time of retirement and payment will be made only once to any employee.

Upon motion of Mr. Dunlap, seconded by Mr. Safford, the Board of Trustees approved the foregoing recommendation with seven affirmative votes: Mr. Hilliker, Mr. Shocknessy, Mr. Safford, Mr. Dunlap, Mr. Gushman, Dr. Sirak, and Mrs. James.

D. Improvements in University Organizational Structure

President Enarson made the following statement:

I thought it best to become thoroughly familiar with the existing organizational structure of the University before proposing improvements. Accordingly, I have examined at length and with considerable care present organizational arrangements and am now prepared to recommend modifications, both major and minor, which should enhance administrative effectiveness in meeting institutional goals.

In this connection, I have no illusions that these or any other realignments by themselves will work a miracle. The results of organizational change are often imperceptible in any short-run assessment of institutional performance. We are ultimately dependent on the competence, dedication, and commitment of the people who are The Ohio State University. I should add that I have inherited an organizational structure which has served the University well. However, a dynamic university requires constant renewal in all respects, including its organizational structure.

I. GENERAL RECOMMENDATIONS (continued)

D. Improvements in University Organizational Structure (continued)

President Enarson's statement (continued)

It should be stressed at the outset that very likely there is no "one best way" of structuring any large comprehensive organization. Certainly there is no prescribed "perfect organization" for the bewilderingly complex multiversity.

For one thing no university has the same mix of programs, the same history, the same clientele, the same environment, the same goals as any other university. Moreover, universities--along with business corporations, government bureaus, churches, research bodies and the like--are inhabited by different persons, with different perceptions of organization and management. Thus it is not surprising that the vast literature of higher education provides little help in resolving the organizational issues of a modern university. Nor is it surprising that there is not even standard nomenclature of job titles and administrative units, let alone a clear-cut "once and for all" definition of duties that are properly allocated as between--for example--the Vice President for Student Affairs and the Business Office, or as between the Vice President for Finance and the Vice President for Academic Affairs.

In thinking about matters of administrative structure, however, there are several obvious (and well-accepted) "principles" of good organization.

For example, there must be a "reasonable" span of control; the president with twenty-five persons reporting to him faces an intolerable burden--but the president with only two persons reporting to him risks being sealed off from necessary first-hand contact with key people and key problems.

Tasks that are closely related should be closely linked; payroll and personnel records are closely related--the library and the police are not.

"Layering" must be kept at a minimum to avoid clogged lines of communication and dissipation of effective control.

The many tasks of the University must be assembled in manageable groups. While in a sense almost all tasks in a university have an academic dimension or an impact, however remote, on the quality of education, it would be self-defeating to burden the provost with all those tasks.

September 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

D. Improvements in University Organizational Structure (continued)

President Enarson's statement (continued)

The difficulty with "principles" in administration is that they are general propositions and--as in law--general propositions do not decide concrete cases. Accordingly, in any thoughtful re-examination of organization, one's judgment and experience--even individual preference--must finally determine the precise delineation of who is responsible for what and who reports to whom.

In developing the accompanying recommendations, two considerations have been controlling:

1. Since any change is to some degree threatening to some persons and necessitates some dislocation, however temporary, no change will be proposed because it looks plausible, or "might work better" or would appear appropriate if one were designing a new university from scratch. In brief, if the structure is reasonable and the system "works," we do not propose change for the sake of change.
2. There will be no increase in costs of administration, no increase in the number of administrators, no new "layers" of administration--which so often isolate the responsible executive from a keen awareness of the problems for which he is ultimately responsible.

Before coming to the specific detailed recommendations for your consideration, may I direct attention to four general goals which I seek to achieve through those recommendations.

1. To infuse throughout all parts of the institution a concern for the primacy of academic values and educational concerns by strengthening the role of the Provost, reinforcing his responsibility for the whole broad range of academic concerns, and stressing the centrality of academic affairs in the University's mission.

The chief academic officer of the University should carry the title of Provost and the academic constellations of the University shall report to me through the Provost. As with the other senior officers, the Provost will be expected to consult with the various University officers in his sphere of responsibility and make recommendations to me concerning any necessary realignments.

I. GENERAL RECOMMENDATIONS (continued)

D. Improvements in University Organizational Structure (continued)

President Enarson's statement (continued)

2. To encourage and facilitate direct and continuing interactions between the President and the principal officers.

To this end, I propose a more closely knit management team, with workable spans of control, which will enable me to be linked more intimately with the major programs and operations of the University. This requires senior university officers, reporting to the President in the following areas: academic affairs, business and administration, budget and resources planning, university development, and student services. This realignment deals with each of these areas.

3. To create a new means for concentrating our staff resources on determining our future objectives, on establishing priorities, on planning programs, and allocating our resources purposefully in pursuing our agreed goals.

The Ohio State University is a multimillion dollar enterprise larger than many business corporations and government agencies. As long as steady growth was occurring, there was a fairly even balance between programs and resources. It is painfully evident that we are now entering a period marked by stable or uncertain enrollments, great inflationary pressures, and intensifying competition for state and federal resources. The need for effective budgetary planning and a matching of programs to resources are a requirement that any president must assert as a first priority.

It is necessary to establish an Office of Budget and Resources Planning, directly responsible to the President, so that major and continuing attention will be directed to matching our program priorities with our increasingly constraining fiscal resources. In this way we will most effectively meet our varied commitments and responsibilities.

4. To assure ourselves and those who support us that we are making the most effective use of resources by improving our management methods, by maximizing the return on the finances available, and by achieving closer coordination and more efficient use of all our support and service activities.

I. GENERAL RECOMMENDATIONS (continued)

D. Improvements in University Organizational Structure (continued)

President Enarson's statement (continued)

The area of business management, finance and administration is of crucial importance in the efficient operation of the University. The essential purposes of this institution--instruction--research--public service--cannot be fulfilled without sound management and effective utilization of our resources. It is necessary therefore, that one senior officer be charged with responsibility for financial and business management, physical facilities, space development, utilization and allocation, computer coordination, and other operations vital to the smooth functioning of a large and complex institution. All such operations should report to the President through a Vice President for Business and Administration.

To achieve these goals, I am recommending the following specific organizational realignments to be effective immediately:

Newly Created Authorities

Office of Vice President for Business and Administration

Office of Director of Budget and Resources Planning

Special Assistant to the President

Reassigned Authorities

University College to Office of Academic Affairs

Agricultural Technical Institute to the College of Agriculture and Home Economics

All authorities with the exception of the Office of Campus Planning and Office of Residence and Dining Halls within the Office of Administrative Operations to the Office of Business and Administration

Office of Administrative Systems to Office of Business and Administration

Office of Finance and Treasurer to Office of Business and Administration

Reassigned Authorities (continued)

Office of Personnel Services to Office of Business and Administration

Office of Public Safety to Office of Business and Administration

Office of University Budget to Office of Budget and Resources Planning

Office of Campus Planning to Office of Budget and Resources Planning

Division of Planning Studies to Office of Budget and Resources Planning

Office of Special Projects to Office of Budget and Resources Planning

Office of Residence and Dining Halls to Office of Student Services

Office of Student Discipline Officer to Office of Student Services

Eliminated Authorities

Office of Executive Vice President

Office of Vice President for Administrative Operations

Office of Executive Director of University Planning

The accompanying chart graphically portrays the realigned organizational structure of the University.

These realignments will in all probability necessitate some further internal reorganization within the various units. Such changes, along with the Bylaws of the Board of Trustees in support of these changes and those which I have presented today, will be presented at the next Board meeting.

# ORGANIZATION OF THE OHIO STATE UNIVERSITY

September 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

D. Improvements in University Organizational Structure (continued)

President Enarson's statement (continued)

It should be understood that this revised structure like any organizational structure is exceedingly time critical. With the many forces for change from both within and outside universities today, it is essential that we are prepared to accommodate change almost on a continuous basis rather than allowing such needs to accumulate until such a time that a major reorganization is necessary. Thus, I do not wish to represent these changes as the structure which I believe will somehow solve all the problems that the University is facing. Rather I believe that these shifts will assist in making this University more responsive to the problems at hand. I will be examining further organizational changes with you during the year.

In this connection, I should alert you to at least one additional area in which the existing organizational structure will be under careful review and that is the Health Sciences. This is under active study and I will be back to the Board with a recommendation when the study is completed.

Mr. Hilliker called on Mr. Gushman for a report from the Educational Affairs Committee.

Mr. Gushman made the following statement:

As you have indicated Mr. Chairman, our Committee, consisting of Mr. Dunlap, Mrs. James, and Dr. Sirak, Chairman Hilliker, President Enarson and Secretary Moulton, met last Friday in Lancaster. And may I say thanks to the Committee for meeting in Lancaster since I was unable to travel on that particular day.

The Committee spent the better part of three hours reviewing Dr. Enarson's proposed administrative realignments. A number of questions were raised by those present concerning this proposal. I should say for the benefit of the members of the Board not present at that meeting there was some concern expressed over the direct working relationship between the President and the number of major administrative officers of the University. This was of concern since we did not wish the President to be unduly burdened with administrative detail to the point that he might have less time to spend on what we believe is his number one job--planning the future and the well-being of this University. After considerable debate, Dr. Enarson convinced

September 7, 1973 meeting, Board of Trustees

D. Improvements in University Organizational Structure (continued)

Mr. Gushman's statement (continued)

the Committee that such would not be the case. The Committee finally voted unanimously to recommend this re-organization to the Board recognizing first, that any organization structure has to be dynamic and fluid and that there undoubtedly will be further changes as time goes on. Thus we are not cemented into this organization for any fixed period. And secondly, we believe that the President as the Chief Executive Officer of this University must have, within reason, the organizational structure with which he feels most comfortable and in which he believes he can operate most efficiently.

Accordingly, I move that the Board adopt this organizational structure. In making the motion, I would like to add that I urge that there be a full and free discussion at this time on this very important proposal, particularly by those members who were unable to attend our Committee meeting.

The motion was seconded by Mr. Safford, and the Board of Trustees approved the foregoing structure of the administration by unanimous roll call vote.

Mr. Shocknessy expressed the thought that the administrative realignment as presented by the President did not represent the magnitude of change which he was led to believe would be recommended, but in his opinion represented only a minor modification of the existing structure which was a testimonial in itself to the past administrations. He inquired as to the effective date of these realignments.

President Enarson indicated that they were to be effective immediately.

Mr. Shocknessy also inquired as to the implications of the proposed change in the administrative location of University College.

President Enarson responded that this realignment was simply bringing the chart in line with operating authority.

I. GENERAL RECOMMENDATIONS (continued)

E. Establishment of a Chair in Endocrinology in the College of Medicine

President Enarson recommended that a Chair in Endocrinology in the College of Medicine be designated in accordance with the wishes of a donor who prefers to remain anonymous and pursuant to an action by the Board of Trustees of The Ohio State University approved on March 3, 1972.

The donor has agreed that this Chair should be funded from income derived from deposits made in the form of a revocable trust on September 15, 1971. The income from this trust will provide sufficient funds to support the Chair in Endocrinology on an annual basis and may eventually be used to permanently endow this Chair.

The purpose of this Chair in Endocrinology shall be for the teaching of endocrinology, for the enhancement of research in endocrinology and for the development of clinical learning experiences in endocrinology, but is not necessarily limited to these three areas. Funds provided for the support of this Chair can be used for purposes of salary or program support.

At some future date, if the donor wishes, the Chair may be named in his honor.

Upon motion of Mr. Gushman, seconded by Dr. Sirak, the Board of Trustees by unanimous voice vote approved the establishment of a Chair in Endocrinology in the College of Medicine.

II. PERSONNEL ACTIONS

In order to effect the foregoing administrative changes, the following personnel actions were recommended:

A. Newly Created and/or Modified Authorities

Edward Q. Moulton, Vice President for Business and Administration, effective immediately, at no change in salary. (Dr. Moulton will continue his administrative responsibility as Secretary of the Board of Trustees.)

Albert J. Kuhn, Provost, in the Office of Academic Affairs, effective immediately, at no change in salary.

Richard H. Zimmerman, Executive Assistant to the President and Director of the Budget and Resources Planning, effective immediately, at no change in salary.

Eric Raymond Gilbertson, Special Assistant to the President, effective October 1, 1973, at a salary of \$17,868.00 per annum.

II. PERSONNEL ACTIONS (continued)

B. Resignation

President Enarson made the following statement:

In the reorganization of my office it will be readily apparent that Ken Krouse will not be continuing as Executive Assistant to the President. To avoid any misunderstanding, I want to say that Ken advised me earlier in the year that he wished to leave the University and pursue his own professional interests. He agreed to stay at least until I could rethink the administrative organization and then to assist me in the transition. It was his wish that nothing be said of his resignation, which is effective October 15, until this time. I wish to take this occasion to thank Ken publicly for the many valuable contributions to Ohio State while serving in the President's Office since 1964. Further, I wish to express my appreciation for his cooperation during this past year. And I wish him every possible success in his new career.

Personnel actions since the July 6, 1973 meeting of the Board, as recorded in the official "Salary Roll" of the University, include the following Appointments, Leaves of Absence Without Salary, and Emeritus Titles:

Florence Leone Lloyd Scholarship Fund

The Florence Leone Lloyd Scholarship Fund was established September 7, 1973, by the Board of Trustees of The Ohio State University with a bequest through The Ohio State University Development Fund from Florence Leone Lloyd, late of Columbus, Ohio, and a distinguished member of the faculty of The Ohio State University College of Agriculture, School of Home Economics.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide scholarship assistance to a junior or senior student in home economics who ranks in the upper third of her class; said student to be selected by the Scholarship Committee of the School of Home Economics.

Should the School of Home Economics of the College of Agriculture cease to exist through any reorganization of the University, then the income may be used by the Board of Trustees, with preference being given to the recommendations of the appropriate administrative official of the University who is then directly responsible for home economics instruction.

- b. \$4,000.00 from family and friends of Dr. Grant O. Graves for the establishment of the Grant O. Graves Memorial Scholarship Fund.

a. Department of Obstetrics and Gynecology Endowment Fund (continued)

Should the Department of Obstetrics and Gynecology cease to exist, through any reorganization of the University, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations of the appropriate administrative official of the University who is then directly responsible for Obstetrics and Gynecology.

- b. \$5,000.00 from William E. Copeland, M. D., for the establishment of The William E. Copeland Fund in Obstetrics and Gynecology.

The William E. Copeland Fund in Obstetrics and Gynecology

The William E. Copeland Fund in Obstetrics and Gynecology was established September 7, 1973, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from William E. Copeland, M. D., Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment under the rules and regulations adopted by the Board of Trustees of The Ohio State University with the right to invest and reinvest as occasion dictates.

The annual income is to be added to the principal until the fund reaches \$10,000. At that time, the income is to be used: to provide support of staff research; supplement expenses of staff, students and residents attending educational meetings that are beneficial to the department and to the College of Medicine; assist students and residents within this department in any other way possible. The income is to be used in accordance with the suggestions of Dr. Copeland while he is a member of the University faculty so long as the suggestions do not conflict with policies of said Board of Trustees then in effect. After Dr. Copeland retires, the income may be used for purposes suggested by the Chairman of the Department of Obstetrics and Gynecology and approved by the Dean of the College of Medicine.

Should the Department of Obstetrics and Gynecology or the College of Medicine cease to exist through any reorganization of the University, then the income may be used by the Board of Trustees, with preference being given to the recommendations of the appropriate administrative official of the University who is then directly responsible for medical education.

IV. ADMINISTRATIVE OPERATIONS

Mr. Hilliker called upon Mr. Devenow to report on the Buildings and Grounds Committee meeting.

Mr. Devenow made the following statement:

Mr. Chairman, the Buildings and Grounds Committee met in Lima, Ohio, several weeks ago at which time we spent approximately three hours examining the administrative process of bidding, letting of contracts, the massive problems related to the University's Master Plan, the physical problems associated with the operation and maintenance of some 300 buildings and approximately 14 million square feet of space. I believe we have a major start toward getting an understanding on exactly what the problems are from a maintenance and obsolescence point of view. I think it's important that the Board is aware that a great many of these buildings have deteriorated substantially over the years which has greatly increased the cost of maintenance. For this reason, I think it's important for the Board to understand not only this University's space needs in support of program growth but it is essential that we recognize also the need for building replacement. Over the years many of the campus buildings have served their purpose well but now they should be replaced because of their high operating costs and further they are simply worn out. We are trying to draw a line somewhere between the needs as related to obsolescence and needs as related to growth, so we can give this Board a better picture of what's ahead for the University.

A. Architects or Engineers

1. University Activities Center, Selection of Architect/Engineer

President Enarson recommended that the Architect/Engineer firm of Samborn, Steketee, Otis and Evans, Inc., Toledo, Ohio, be employed to provide complete services for this project, including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, other bidding documents, and supervision of construction.

The fee for this service will be negotiated between the Architect/Engineer firm and the Ohio Department of Public Works. The total cost of the project will be about \$10,000,000. The State of Ohio has provided \$5,000,000 and the University expects to raise an additional \$5,000,000 through private gifts.

Funds for this Architect/Engineer service have been provided from Budget Account 801295 (University Activities Center).

Upon motion of Dr. Sirak, seconded by Mr. Dunlap, the above recommendation was approved with six affirmative votes: Mr. Hilliker, Mr. Shocknessy, Mr. Dunlap, Dr. Sirak, Mrs. James, and Mr. Devenow.

IV. ADMINISTRATIVE OPERATIONS (continued)

B. Plans and Specifications

At the request of the President and/or his designee, it was recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees.

1. Upham Hall--Air Conditioning and Electrical Improvements

This work includes complete electrical renovations, including new distribution systems, and completion of air conditioning by means of through-wall units.

Funds are budgeted in Budget Account 801267 (Hospital Capital Reserve).

2. Mirror Lake--Additional Lighting, Amphitheater Area

This work includes the installation of permanent additional lighting.

Funds are budgeted in Budget Account 125064 (Contract Repair).

3. Law Building Library, Relighting

This work includes removal of existing incandescent lighting, installation of fluorescent lighting, and rewire branch circuits.

Funds are budgeted in Budget Account 125064 (Contract Repair).

Upon motion of Mr. Dunlap, seconded by Dr. Sirak, the above recommendation was approved with six affirmative votes: Mr. Hilliker, Mr. Shocknessy, Mr. Dunlap, Dr. Sirak, Mrs. James, and Mr. Devenow. The Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The President and/or his designee was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

D. Other Actions

1. Easement - Marion Campus Sewer Line

The Marion County Engineers have requested a sanitary sewer easement on State of Ohio lands that have been designated for use of The Ohio State University, Marion Campus. Marion County desires this easement. The University will have the right to future taps to the system.

It was recommended that the President and/or his designee be authorized to request the Director of Public Works pursuant to his statutory duties to act on behalf of the University in developing the necessary legal instruments to provide for the sanitary sewer easement.

2. Construction Contracts - Request for Approval of Extras

President Enarson requested that the Board approve increases in the total contract cost of the following project:

West Campus--Fifth Building (Proposals total - \$46,687.00)

Ground Floor Level - Since funds for the sixth building on the West Campus were not reappropriated, it is necessary to revise plans for the fifth building (which is now under construction). The revised plans will increase the cost of the fifth building by \$46,687.00. Contingency funds of \$63,700.00 are available to cover the cost of these revisions.

3. Lease: Cooperative Extension Service of The Ohio State University and Mahoning County Commissioners

The Cooperative Extension Service has requested to lease at no cost to the University 1.71 acres of land at Canfield, Mahoning County, Ohio, to construct and operate an Area Extension Center. Land to be leased is owned by the Mahoning County Commissioners.

It was recommended that the President and/or his designee be authorized to request that the Director of Public Works, pursuant to his statutory duties, act on behalf of the University in consummating the lease and in developing the necessary legal instruments to provide for the sanitary sewer easement and other utility requirements.

4. Lease Agreement - Board of Trustees of The Ohio State University and the Board of Control of the Ohio Agricultural Research and Development Center

Section 903.011, Ohio Revised Code, provides that the Board of Control of the Ohio Agricultural Research and Development Center may enter into a lease with the Board of Trustees of The Ohio State University authorizing said Board of Trustees of The Ohio State University the use of lands for the construction and operation of educational facilities.

The Center has custody and control of certain lands owned by the State of Ohio and located in Franklin Township, Jackson County, Ohio.

It is the desire of the parties hereto that the University have the use of these lands for the construction and operation of an Area Extension Center and related facilities.

The parties propose utilization of the land in accordance with the provisions of Section 903.011, Ohio Revised Code.

It was recommended that the President and/or his designee be authorized to act on behalf of the University to enter into a lease agreement between the Board of Control of the Ohio Agricultural Research and Development Center and the Board of Trustees of The Ohio State University to provide for the lease of 5 acres for the construction and operation of an Area Extension Center and related facilities located in Franklin Township, Jackson County, Ohio.

Upon motion of Mr. Devenow, seconded by Dr. Sirak, the Board of Trustees approved the foregoing recommendations with five affirmative votes: Mr. Hilliker, Mr. Dunlap, Dr. Sirak, Mrs. James, and Mr. Devenow.

RESOLUTION IN MEMORIAM

President Enarson reported to the Board the death of Wilson R. Dumble, Assistant Professor Emeritus in the Department of English. In accordance with the instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the family of the deceased.

A. Wilson R. Dumble

The Board of Trustees of The Ohio State University expresses its sorrow at the death on August 30, 1973, of Wilson R. Dumble, Assistant Professor Emeritus in the Department of English.

Professor Dumble was born in Marion, Ohio, in 1895. He taught at Marion Harding High School, served overseas during World War I, and received his B. S. and M. A. degrees from Ohio State. He became a member of the faculty in 1931 and served continuously until his retirement in 1965.

Professor Dumble was a popular teacher with the many students who took his courses on modern literature, and he was widely known in the community. For many years he conducted radio programs on literature for WOSU, including a radio twilight course, a book review course, and, later, his very popular "In the Bookstall." He was much sought after as a speaker to civic groups, and in this role he performed a valuable function for the University.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of the Leo Yassenoff Chair  
in Philosophy and Jewish Studies

President Enarson recommended that the Leo Yassenoff Chair in Philosophy and Jewish Studies be designated in accordance with the wishes of the trustees of the Leo Yassenoff Foundation, Inc., and pursuant to an action by the Board of Trustees of The Ohio State University approved on March 3, 1972.

The Foundation has pledged annual support of the Yassenoff Chair and related programs, with at least three years notice if support is to be discontinued or reduced. The University has agreed that at some future date it will establish a fully endowed Chair as a permanent memorial to Leo Yassenoff if the Foundation provides a grant of not less than \$500,000 to be added to the University's permanent endowment portfolio, with annual income used for support of the Chair or related programs.

This designated Chair will provide an opportunity for substantial improvement of the Ohio State program in Jewish Studies which has already been widely recognized by universities and Judaica scholars throughout the country.

Upon motion of Mr. Shocknessy, seconded by Mr. Safford, the Board of Trustees by unanimous voice vote approved the establishment of the Leo Yassenoff Chair in Philosophy and Jewish Studies.

B. Amendments to By-Laws of the Board of Trustees  
and Rules for the University Faculty

In accordance with Article IX of the By-Laws of the Board of Trustees, President Enarson recommended that the By-Laws of the Board of Trustees and Rules for the University Faculty be amended as indicated in the following pages to be in compliance with the administrative reorganization adopted by the Board of Trustees at the September 7, 1973, meeting. It was recommended further that the Secretary incorporate the appropriate change in titles and responsibilities in the Rules for the University Faculty to reflect the new authorities.

Upon motion of Mr. Gushman, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendations by unanimous roll call vote, and the Secretary was instructed to incorporate these changes in the next printing of the By-Laws of the Board of Trustees and Rules for the University Faculty.

2. Establishment of Named Funds (continued)

a. Robert Lazarus Student Loan Fund (continued)

Robert Lazarus had a life-long conviction that the self-disciplined individual can, by his own effort, make an effective contribution to the betterment of human life. He believed in the University as an institution which exists to enable the student to maximize his potential to make a particular contribution to the world in which he lives.

These scholarship loans are to be assigned to students devoted to the practical betterment of human life through the knowledge of demographic trends and the development of techniques, methods and philosophies that adapt the expanding technical, social, political, educational, environmental and other advances to the needs of individual men and women.

It is recommended that the income and principal of the Robert Lazarus Student Loan Fund be employed at the discretion of the University as a revolving fund and that the loans be repaid to the Fund.

- b. \$10,000.00 from the Estate of Siragan H. Ezekelian for the establishment of the Siragan H. Ezekelian Bacteriology Fund.

Siragan H. Ezekelian Bacteriology Fund

The Siragan H. Ezekelian Bacteriology Fund was established October 5, 1973, by the Board of Trustees of The Ohio State University with a bequest through The Ohio State University Development Fund from Siragan Hovhanes Ezekelian (B.Sc. Agr. '14, M.S. '16), late of Oak Park, Illinois.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income is to be used to establish the Siragan H. Ezekelian Bacteriology Fund for the discretionary use of the Department of Microbiology, College of Biological Sciences.

Should the need for this Fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for bacteriology education.

IV. BUSINESS AND ADMINISTRATION

A. Architects or Engineers

1. Hayes Hall, Fire Safety Improvements and Vivian Hall Remodeling, Selection of Architect/Engineer

President Enarson recommended that the architectural firm of John W. Spencer and Associates, Inc., Columbus, Ohio, be employed to provide complete architectural and engineering services for these projects, including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, other bidding documents, and supervision of construction.

The fee for this service will be negotiated between the architectural firm and the Ohio Department of Public Works. The total estimated project cost for the Hayes Hall, Fire Safety Improvements project is \$60,000; total estimated project cost for Vivian Hall Remodeling is \$70,000.

Funds for this Architect/Engineer service have been provided from the Utilities and Renovation Appropriation (H. B. 985).

2. Hagerty Hall Air Conditioning, Selection of Architect/Engineer

President Enarson recommended that the engineering firm of W. E. Monks, Columbus, Ohio, be employed to provide complete engineering services for this project, including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, other bidding documents, and supervision of construction.

The fee for this service will be negotiated between the engineering firm and the Ohio Department of Public Works. The total estimated project cost for the Hagerty Hall Air Conditioning project is \$475,000.

Funds for this Architect/Engineer service have been provided from the Utilities and Renovation Appropriation (H. B. 985).

Upon motion of Mr. Harrod, seconded by Mr. Safford, the above recommendations were approved by unanimous roll call vote.

B. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the project listed below and the contracts were recommended for award. The action reported to the Board was as follows:

V. REPORTS

A. Report from the Insurance Committee

1. Extension of Medical Coverage for Retirees and Dependents

The Insurance Committee of the Board of Trustees has consulted with members of the University administration in an effort to improve the post-retirement medical benefits with no additional out-of-pocket cost to the University. As a result of these deliberations and with the agreement of the insurance carrier, Mr. Devenow, Chairman of the Insurance Committee, recommended that the following modifications be adopted by the Board of Trustees of The Ohio State University.

Effective October 1, 1973, the major medical and surgical coverage under the John Hancock contract applicable to retirees and dependents be amended as follows:

1. The full John Hancock Medical Care Insurance (the basic surgical-medical coverage and the \$50,000 major medical insurance) be extended to include eligible retired employees and eligible dependents beyond age seventy until deceased.
2. The self-insured \$2,500 major medical plan be terminated.
3. The full John Hancock Major Medical and Surgical Insurance coverage be extended to all present and future eligible University retired employees and dependents who retire with a minimum of ten years of OSU service and who are eligible to receive retirement or disability benefits under any retirement program administered by the State of Ohio, by paying the monthly premium cost to the University.
4. No restrictions for preexisting conditions are to apply, except that the improved coverage shall not apply to any medical care treatment or physician's services being rendered with respect to a current injury or sickness for which treatment is now being received. A carefree period of ninety days shall apply as respecting a current treatment to establish eligibility.

Upon motion of Mr. Devenow, seconded by Mrs. James, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

B. Report on the University's Investment Portfolio

The report dated September 28, 1973, as submitted to the Finance Committee of the Board of Trustees by Mr. Ernest W. Leggett pertaining to the University's Investment Portfolio, was received and ordered to be filed with the official records of the Board of Trustees.

V. REPORTS (continued)

C. Enrollment for the Autumn Quarter 1973

President Enarson made the following comments:

The leveling off of enrollments signals the end of the era of rapid growth and gives us the opportunity to concentrate our energies on upgrading quality.

We initially estimated that we would share in the common affliction, being down perhaps 1,500 or so students this fall. Instead, Ohio State University enrollment is up slightly to a new all time high of 46,700 on the Columbus campus.

Undergraduate enrollment is substantially down in the College of Education; it is substantially up in Agriculture and Natural Resources, in the Health Sciences and in other areas where market demand and social need are high. Call it 'dollar therapy,' call it students' 'voting preferences'--the point is that today's students are acutely conscious of the job market and are planning accordingly.

On yet another score I find the evidence impressive and encouraging--Ohio State University has powerful attraction, not only for those seeking graduate and professional preparation but for the starting freshmen as well. And well over 1,000 adult part-time students are enrolled for the first time in evening programs.

More flexibility, more options for the part-time student who works--these are the directions Ohio State must set for itself.

Mr. Richard Zimmerman, Executive Assistant to the President and Director of Budget and Resources Planning, made the following report:

The Columbus headcount enrollment for all credit programs (day and evening), Autumn 1973, is about 46,700 (approximately 1.6 per cent above the corresponding enrollment of 45,963 for Autumn 1972). The enrollment of 46,700 is 4 to 5 per cent above the level projected for Autumn 1973. Both the total baccalaureate enrollment and the total post-baccalaureate enrollment have increased by about 1.6 per cent over the corresponding enrollments for last Autumn.

Baccalaureate enrollment is higher than projected because of larger-than-expected numbers of new freshman and transfer students and because of the new evening program.

October 5, 1973 meeting, Board of Trustees

V. REPORTS (continued)

C. Enrollment for the Autumn Quarter 1973 (continued)

Mr. Zimmerman's report (continued)

Approximately 750 additional undergraduate students are enrolled in the new evening program. The number of new freshmen (first-time college students) is about 6,900; this number exceeds last year's number (6,463) by about 7 per cent and exceeds the projected number (6,250) by 10 per cent. The number of undergraduate transfer students is 400 to 500 (or approximately 25 per cent) above the expected number.

The number of credit hours of instruction and the FTE of enrollment by subsidy category will not be known until early in November 1973. It is expected that the number of part-time students will be greater than last Autumn.

For all non-Columbus campuses, the total enrollment is up from 4,077 last year to about 4,125 for Autumn 1973. Enrollment at the Agricultural Technical Institute (Wooster) is up from 198 to about 290. Enrollment at the OSU Graduate Center, Wright-Patterson Air Force Base, increased from 273 to about 330. The regional campuses (which enroll students in both baccalaureate and associate degree studies) are experiencing a continuing, steady growth in technical education. The total enrollment on these four campuses increased from 5,658 last Autumn to 5,900 for Autumn 1973 (+4%), even though the baccalaureate enrollment decreased slightly. The baccalaureate enrollment decreased about 4 per cent at Lima, increased about 4 per cent at Mansfield, decreased about 8 per cent at Marion and decreased about 6 per cent at Newark.

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of George R. Eastwood, Professor Emeritus in the Cooperative Extension Service, and Hortense Rickard, Assistant Professor Emeritus in the Department of Mathematics. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. George R. Eastwood

The Board of Trustees of The Ohio State University expresses its sorrow at the death of George R. Eastwood, Professor Emeritus in the Cooperative Extension Service, on October 8, 1973.

Mr. Eastwood was born October 3, 1884, in Madisonville, Kentucky. He spent the early years of his life on a farm while attending school in Kentucky. In 1906 he acquired a state teachers' certificate upon completion of two years at Kentucky State Normal. In 1910 he secured a B.Sc. in Agriculture degree from Kentucky State University. A M.Sc. degree, with emphasis in agricultural economics, was secured at The Ohio State University in 1931.

In 1910 Mr. Eastwood was employed by the Kentucky Agricultural Experiment Station and from 1910 to 1915 at the Ohio Agricultural Experiment Station. On September 1, 1915, he became county agricultural agent in Miami County and held that position until July 1, 1918, when he was named district supervisor. This was the position from which he retired on October 31, 1954, culminating over forty years of public employment and service to the people of Ohio.

Throughout his career as a faculty member with the Ohio Cooperative Extension Service, Mr. Eastwood earned and enjoyed the admiration and respect of a large group of county and state Extension faculty as well as local leadership in the areas of the state which he served. He was noted for his honest and forthright expression and the slow deliberate manner in which he dealt with problems of personnel and programs. His ability in planning and coordinating educational programs was widely recognized.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Eastwood its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to his son and daughter as a sincere expression of sympathy and respect.

RESOLUTIONS IN MEMORIAM (continued)

B. Hortense Rickard

The Board of Trustees of The Ohio State University expresses its sorrow at the death on October 10, 1973, of Hortense Rickard, Assistant Professor Emeritus in the Department of Mathematics.

Professor Rickard was born in Columbus, Ohio, in 1885. She obtained her B.A. degree in 1907 and M.A. degree in 1910, both from Ohio State. She was appointed to the faculty of the Mathematics Department in 1910, becoming an Instructor in 1917 and an Assistant Professor in 1924. She served continuously until her retirement in 1955.

Her teaching interest was centered on the less experienced lower division students. Her excellent work with this group was appreciated by the many students she encountered over her long tenure with the University. She was a long time member of the Mathematical Association of America.

On behalf of the University, the Board of Trustees expresses to the family and her friends its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Naming of Building

Upon the recommendation of the Vice President for Educational Services, President Enarson recommended that the ROTC Building located at 2121 Tuttle Park Place, housing the Department of Military Science, be officially named "George L. Converse Hall" to honor the memory of Colonel George Leroy Converse, Jr., Professor of Military Science with the longest tenure of any Commandant in the history of Ohio State University. Colonel Converse was primarily responsible for the creation of the Reserve Officer Training Corps (ROTC).

This recommendation is in accordance with the Bylaws of the Board of Trustees.

Upon motion of Mr. Dunlap, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

November 2, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Amendment to Sick Leave Policy

In the Board action of September 7, 1973, pertaining to the University's sick leave policy, the definition of "employee" should be understood to be limited to: Principal administrative officers, senior administrative and professional staff, unclassified professional, and classified civil service employees.

President Enarson recommended that the foregoing amendment be adopted by the Board of Trustees.

Upon motion of Mr. Safford, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

C. Change in Organization for Office of Student Services

At the request of Richard Armitage, Vice President for Student Services, President Enarson recommended that the Office of Dean of Students be replaced by the Office of Student Programs and Development, and that the Rules for the University Faculty be modified to effectuate this organizational realignment.

Upon motion of Mr. Harrod, seconded by Mrs. James, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

Rodney Swearingen from Acting Dean of Students to Assistant to the Vice President for Student Services, effective November 1, 1973, at a salary of \$19,368.00 per annum.

November 2, 1973 meeting, Board of Trustees

II. PERSONNEL ACTIONS (continued)

A. Appointments (continued)

David H. Elliot from Associate Professor in the Department of Geology and Mineralogy to Director of the Institute of Polar Studies and Associate Professor in the Department of Geology and Mineralogy, effective November 1, 1973, at a salary of \$20,088.00 per annum.

Robert W. Gardier from Professor in the Departments of Pharmacology and Anesthesiology to Professor and Acting Chairman of the Department of Pharmacology and Professor in the Department of Anesthesiology, effective November 1, 1973, at a salary of \$24,768.00 per annum.

Yehiel Hayon from Associate Professor in the Department of Romance Languages to Associate Professor of Hebrew in the College of Humanities, effective November 1, 1973, at a salary of \$16,008.00 per annum.

B. Leaves of Absence Without Salary

Ruth E. King, Instructor, School of Nursing, effective October 1, 1973 through December 31, 1973, for personal reasons.

Jean McClester, Instructor, Cooperative Extension Service, effective February 1, 1974 through June 15, 1974, to participate in a program of professional improvement at Michigan State University.

Edward L. Rice, Instructor, Mansfield Campus, effective October 1, 1973 through March 31, 1974, to continue work on his Ph. D. dissertation.

C. Emeritus Title

Charles J. Beetham, School of Health, Physical Education, and Recreation, with the title Instructor Emeritus, effective July 1, 1973.

President Enarson recommended that the Appointments, Leaves of Absence Without Salary, Emeritus Title, and the personnel budget actions as recorded in the "Salary Roll" of the University be approved.

Upon motion of Mr. Safford, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll," an official document of the University.

a. College of Medicine Progress Fund (continued)

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income is to be used as directed by the Dean of the College of Medicine to achieve excellence in medical education, medical research, and patient care. The principal may be invaded to the extent of part or all of it for uses as indicated above.

Should the need for this Fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations of the Dean of the College of Medicine or administrative official of the University who is then directly responsible for the College of Medicine.

3. Gifts-in-Kind

a. The Milton Caniff Collection for Research in  
Cinematography, Photography and Journalism

Milton Caniff, distinguished alumnus and internationally known and respected cartoonist, has offered to this University the complete collection of his works, including a unique reference library.

The University is fortunate to have this opportunity to add to its research holdings one of the outstanding collections of this form of graphic art and related materials.

The donor, a native of Hillsboro, Ohio, received the bachelor of arts degree from Ohio State in 1930. The long list of awards and honors earned during his career includes the Distinguished Service Award of Sigma Delta Chi; the Ohioana Career Medal; the National Service Medal and George Washington Honor Medal of the Freedoms Foundation; The Ohio State University Centennial Achievement Award; the presidency and currently the honorary chairmanship of the National Cartoonists Society; and citations from the U. S. Defense Department, Treasury Department, the Air Force Association, the Aerospace Education Council, the Boy Scouts of America, and the YMCA.

3. Gifts-in-Kind (continued)

- a. The Milton Caniff Collection for Research in Cinematography, Photography and Journalism (continued)

Although research would be the primary use of this collection, it is Mr. Caniff's intention that it be open and available to the largest possible number of students and others who have interest in his work.

It is recommended that Mr. Caniff's generous offer be accepted, and that the Milton Caniff Collection for Research in Cinematography, Photography and Journalism be established and appropriately housed at The Ohio State University.

- b. On April 3, 1973, Nancy L. and Carley Cramer provided The Ohio State University Development Fund with a letter of intent to make a gift of real and personal property located on the Island of St. Croix, Virgin Islands, to The Ohio State University. Subsequently, representatives from the University inspected the property and had an appraisal report from Raymond L. W. Wright, AIA Registered Architect and Licensed Appraiser, on St. Croix. The property consists of approximately 1.8 acres, three buildings, and all furnishings located on Constitution Hill, Christiansted, St. Croix, Virgin Islands. The appraised value of the property is \$286,000.

The appropriate deed searches have been completed and it is recommended that the Secretary of the Board be authorized to proceed with the acceptance of the Deed of Gift.

IV. BUSINESS AND ADMINISTRATION

A. Architects or Engineers

1. Derby Hall Improvements - Selection of Architect/Engineer

President Enarson recommended that the engineering firm of Heapy and Associates, Dayton, Ohio, be employed to provide complete engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and supervision of construction.

The fee for this service will be negotiated between the engineering firm and the Ohio Department of Public Works. The total estimated project cost for the Derby Hall Improvements project is \$300,000.00.

IV. BUSINESS AND ADMINISTRATION (continued)

A. Architects or Engineers (continued)

1. Derby Hall Improvements - Selection of Architect/Engineer (continued)

Funds for this Architect/Engineer service have been provided from the Utilities and Renovations Appropriation (H. B. 985).

Upon motion of Mr. Shocknessy, seconded by Mr. Harrod, the above recommendation was approved by unanimous roll call vote.

B. Plans and Specifications

At the request of the Vice President for Business and Administration, President Enarson recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

1. University Hospital, Intensive Care Unit Alteration

This project is necessary because the hospital critically requires more intensive care beds. The project will provide 21 new beds and will be located on the fourth floor adjacent to the surgical suite of the existing University Hospital. Existing intensive care beds in the hospital will remain.

Funds are budgeted in Budget Account 801279 (Hospital Rotary).

2. Agricultural Technical Institute, Wooster, Ohio--  
Street and Parking Lot Lighting

This project will provide roadway and parking lot lighting to improve traffic and pedestrian safety.

Funds are budgeted in Budget Account 024001 (Agricultural Technical Institute) H. B. 985.

Upon motion of Mr. Safford, seconded by Mr. Dunlap, the above recommendation was approved by unanimous roll call vote and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

IV. BUSINESS AND ADMINISTRATION (continued)

C. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the project listed below and the contract was recommended for award. The action reported to the Board was as follows:

1. Law Building Library, Relighting

	<u>Low Bid</u>	<u>Est. of Cost</u>
<u>Electric Contract</u> (9 bids received 10-19-73)		
Electric Power Equipment Co. (Columbus)	\$6,869.00	\$24,600.00

Funds for this project have been provided in Budget Account 125064 (Contract Repair).

Upon motion of Mr. Safford, seconded by Mr. Dunlap, the above award of contracts and expenditure of funds were approved and the action of the Vice President for Business and Administration was ratified by unanimous roll call vote.

D. Other Action

1. Easement (Underground) Columbus and Southern Ohio Electric Company - University Airport

The Columbus and Southern Ohio Electric Company has requested an easement for the installation of an electric service at the University Airport. The electric service will provide power to operate the ground approach lighting system to be installed by the Federal Aviation Administration. The easement is to be granted at no cost to the University.

President Enarson recommended that the electric service easement be granted to the Columbus and Southern Ohio Electric Company. It was further recommended that the President and/or the Vice President for Business and Administration be authorized to request the Director of Public Works, pursuant to his statutory duties, to act on behalf of the University in developing the necessary legal instruments to provide the easement.

Upon motion of Mr. Harrod, seconded by Mr. Safford, the above recommendations were approved by unanimous roll call vote.

V. REPORTS

A. Report on the University's Investment Portfolio

The report dated October 26, 1973, as submitted to the Finance Committee of the Board of Trustees by Mr. Ernest W. Leggett pertaining to the University's Investment Portfolio, was received and ordered to be filed with the official records of the Board of Trustees.

B. America's Leading Professional Schools

President Enarson distributed to the members of the Board copies of a recent report which appeared in the magazine, Change. This study undertaken by a Columbia faculty member purports to rate the various professional schools around the country. Ohio State was ranked fifth in Education, second in Pharmacy, third in Optometry, and fifth in Veterinary Medicine in this study.

December 7, 1973 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Eugene Van Cleef, Professor Emeritus in the Department of Geography, and Louis Edmond Vandegrift, Professor Emeritus in the Department of Civil Engineering. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Eugene Van Cleef

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Eugene Van Cleef, Professor Emeritus in the Department of Geography, on November 7, 1973.

Dr. Van Cleef was born January 17, 1887, in Chicago, Illinois. He obtained a S. B. degree from the University of Chicago in 1908 after which he was employed with Rand McNally and Company until 1911. His service as an Instructor in Geography at the State Teachers College, Duluth, Minnesota, from 1911 to 1918 was interrupted by a year of graduate study at the University of Leipzig. He obtained the Ph. D. degree from Clark University in 1926.

In 1921 Dr. Van Cleef joined the faculty of The Ohio State University where he served a long and distinguished career, retiring in 1957. During his tenure he compiled an impressive bibliography reflecting his interests in climatology, business and foreign trade, and urban geography and planning. Included was the first American text in Urban Geography entitled Trade Centers and Trade Routes.

Throughout his academic career, Dr. Van Cleef earned and enjoyed the admiration and respect of a large number of businessmen and officials in state and local government. He founded the International Trade Committee of the Columbus Area Chamber of Commerce and served on the Columbus, Franklin County, and Upper Arlington Planning Commissions. Such responsibilities reflected his concern with the application of his discipline to urban planning and development.

On behalf of the University community, the Board of Trustees expresses to the brother of Dr. Van Cleef its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to his brother as a sincere expression of sympathy and respect.

B. Louis Edmond Vandegrift

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Louis E. Vandegrift, Professor Emeritus in the Department of Civil Engineering, on November 7, 1973.

RESOLUTIONS IN MEMORIAM (continued)

B. Louis Edmond Vandegrift (continued)

Professor Vandegrift was born February 10, 1893, in Hollywood, West Virginia, but moved to Columbus at an early age. Although family circumstances prevented completion of formal secondary education, independent study enabled him to gain admission to The Ohio State University from which he received the B. S. degree in 1920. Between 1909 and 1916, he had worked for a sheet metal company and for the Norfolk and Western Railroad. He also served in the infantry during the First World War.

Following graduation from The Ohio State University, Professor Vandegrift was for a number of years self-employed as a building contractor. In 1928, he became a field engineer with the City of Columbus, supervising construction of various bridges, buildings, and waterworks, including the O'Shaughnessy Dam. From 1936 to 1940, he worked for a heavy construction firm and as a supervisor in the Public Works Administration.

Between the years 1940 and 1946, he served as Research Engineer for the Bureau of Bridges, Ohio Department of Highways, and obtained the M. S. and C. E. degrees from The Ohio State University where he also taught part time as Assistant Professor of Mechanics. From 1946 to 1948, he was Associate Professor of Civil Engineering at Wayne State University and in 1948 became Professor of Civil Engineering and Research Professor of Structural Engineering at The Ohio State University, positions he held until his retirement in 1960.

Professor Vandegrift was a member of the American Society of Civil Engineers, American Concrete Institute, American Railway Engineers Association, and American Society for Engineering Education, as well as of the honoraries Tau Beta Pi, Chi Epsilon, Pi Mu Epsilon, Sigma Xi, and Triangle Fraternity. He was the author of several bulletins of the Engineering Experiment Station and served as consultant on a number of complex structures and storage elevators. Following retirement from the University, he again served the City of Columbus in a supervising capacity.

This modest self-made man, possessed of unusual idealism, ability, and personality, was greatly esteemed and respected by his associates and students for his intimate knowledge of engineering practice and his thorough understanding of theory and engineering principles.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Vandegrift its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to Mrs. Vandegrift and her daughter as a sincere expression of sympathy and respect.

December 7, 1973 meeting, Board of Trustees

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Revision of Rules 27.0701 and 27.0703 of Rules for the University Faculty

The University Senate by an action on November 13, 1973, approved a revision of the Rules for the University Faculty pertaining to the representation and election of the members on the Graduate Council. The specific nature of this proposed revision is presented on the accompanying page. (See page 257.)

President Enarson recommended that this revision in the Rules for the University Faculty as approved by the University Senate be approved by the Board of Trustees, effective immediately.

Upon motion of Mr. Dunlap, seconded by Mr. Shocknessy, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

B. Establishment of a Program in Black Studies  
Leading to Master of Arts Degree

The Curriculum Committee of the College of Humanities, the Executive Committee of the Graduate School, the Graduate Council, the Council on Academic Affairs, and the University Senate at its meeting November 13, 1973, have approved a program leading to the Master of Arts in Black Studies and recommended it for adoption by this Board, with the program to be effective upon approval of this Board and the Ohio Board of Regents.

This Master of Arts program is conceived as an extension of the academic work previously established by the Black Studies Department at the undergraduate level. Students enrolled for the Master of Arts program may specialize in Afro-American and African Literature, Afro-American and African Politics, Philosophy in the Black World, Black Community Development, and Afro-American and African History. The Black Studies Library has become a major distribution center for the 21,500 titles available for circulation. The Master of Arts program will be unique in Ohio since no other universities in Ohio offer comprehensive programs in this area.

President Enarson recommended that the proposal of the University Senate be adopted, and pursuant to Section 3333.04 of the Revised Code of Ohio, with the approval of the Board of Trustees, the proposal be forwarded to the Ohio Board of Regents for approval.

Upon motion of Mr. Devenow, seconded by Mrs. James and Mr. Shocknessy, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

Revision of Rules 27.0701 and 27.0703 of Rules for the University Faculty

On November 13, 1973, the University Senate approved changes in Rules 27.0701 and 27.0703 of Rules for the University Faculty. The text of each Rule as modified is as follows:

27.0701 (Section c, paragraph 2). Membership.

Service as an alternate does not make the alternate ineligible for election to membership in the Council the following year.

- o -

27.0703 (Section 2, paragraph 2). Elections.

There shall be a Graduate Council Nominating Committee in each area, consisting of the retiring member of the Graduate Council representing that area, as chairman, and as members the continuing members representing that area and the chairman of the graduate committee for each Department in that area or, in the absence of a graduate committee, the Department Chairman or his designee. The committee shall make a minimum of four nominations, including nominations received by petition from any six or more members of the Graduate Faculty of the area concerned. The area nominating committee shall prepare and mail the election ballot to each member of its graduate faculty. The election ballots shall be counted by that committee. The person or persons receiving the highest number of votes shall be elected to the vacancy or vacancies existing at the time of election. The person receiving the next highest number of votes shall be an alternate member for a term of two years.

December 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Establishment of a Department of Statistics

Upon the recommendation of the College of Mathematics and Physical Sciences and the Council on Academic Affairs, the University Senate on November 13, 1973, approved departmental status for the Division of Statistics, effective July 1, 1974.

The Division of Statistics was established in 1969 to provide a program for those who wish to specialize in this area at the undergraduate and graduate levels, as well as to provide consultation service on statistical problems to all disciplines and to support research on this subject.

At the present time programs are available which lead to a Bachelor of Science, Master of Science, and Doctor of Philosophy degrees. During the four quarters, Summer 1971 through Spring 1972, the Division taught 1,923 students with 9,059 credit hours.

President Enarson recommended that a Department of Statistics be established, effective July 1, 1974, in accordance with the University Senate's recommendation.

Upon motion of Mr. Gushman, seconded by Mr. Dunlap, the Board of Trustees approved the above recommendation by unanimous voice vote.

D. Adoption of an Official Shield for the School of Allied Medical Professions

The administration, faculty, and students of the School of Allied Medical Professions of the College of Medicine have accepted a shield for the School of Allied Medical Professions. It is the intention of the personnel of the School to wear this shield on their coats in a manner similar to that of faculty, staff members, and students of the College of Medicine, University Hospital, and School of Nursing.

President Enarson recommended that the Board of Trustees approve the proposed shield as submitted by the Vice President for Medical Affairs, and further that the original copy of such shield be filed with the official records of the Board of Trustees.

Upon motion of Mr. Dunlap, seconded by Mr. Gushman, the Board of Trustees approved the above recommendation by unanimous voice vote.

E. Degrees and Certificates Conferred--Autumn Quarter Commencement

President Enarson recommended that degrees and certificates be conferred at the Autumn Quarter Commencement Convocation on December 14, 1973, to those students who have completed the requirements for their respective degrees and certificates and are recommended by the University Senate. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix II, page 289.)

Upon motion of Mr. Shocknessy, seconded by Mr. Devenow, the Board of Trustees approved the above recommendation by unanimous voice vote.

December 7, 1973 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

F. Renaming of "Royer Commons"

At the request of the Vice President for Student Services, acting upon a request from the Office of Residence and Dining Halls, President Enarson recommended that the building now identified as "Royer Commons" (by action of the Board of Trustees on April 6, 1966), be renamed "Royer Student Activities Center."

This building is currently being used by North Campus Residence Hall students as a student activities center.

This proposal is in accordance with the Bylaws of the Board of Trustees.

Upon motion of Mr. Devenow, seconded by Mrs. James, the Board of Trustees by unanimous voice vote approved the foregoing recommendation to rename the building located at 85 Curl Drive as "Royer Student Activities Center."

2. Establishment of Named Funds

- a. \$50,000.00 from the Estate of Edith R. Harris for the establishment of the Edith R. Harris Memorial Scholarship Fund.

Edith R. Harris Memorial Scholarship Fund

The Edith R. Harris Memorial Scholarship Fund was established December 7, 1973, by the Board of Trustees of The Ohio State University with a bequest from Edith R. Harris, B.A. '16, Lima, Ohio, to The Ohio State University Development Fund.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide scholarships for students attending the Lima Regional Campus who have demonstrated academic ability and need for financial assistance. The selection of the recipients is to be made upon the recommendation of the Director of the Lima Campus and the University Scholarship Committee.

Should the need for these scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the Director of the Lima Regional Campus.

- b. \$5,000.00 from Ithamar D. Weed and Sally Lemert Weed for the establishment of The Weed-Lemert Fund.

The Weed-Lemert Fund

The Weed-Lemert Fund was established December 7, 1973, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Ithamar D. Weed, J.D. '39, and Sally Lemert Weed, B.A. '40, J.D. '42, Cincinnati, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

A. Architects or Engineers (continued)

3. Ohio Stadium--Additional Rest Room Facilities (continued)

Funds for this service have been provided from Budget Account 801288 (Athletic Revenue Funds).

4. Ohio Stadium--All Weather Track

Upon unanimous action by the Athletic Council and the recommendation of the Vice President for Student Services, President Enarson recommended that the engineering firm of Jones & Stuckey, Ltd., Columbus, Ohio, be employed to provide complete engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and resident supervision of construction.

The fee for this service will be negotiated between the engineering firm and the Ohio Department of Public Works. The total estimated project cost is \$350,000.

Funds for this service have been provided from Budget Account 801287 (Athletic Revenue Funds).

Upon motion of Mr. Gushman, seconded by Mr. Shocknessy, the above recommendations were approved by unanimous roll call vote.

B. Plans and Specifications

At the request of the Vice President for Business and Administration, President Enarson recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

1. Brown Hall, Main Entrance South Side--  
Removal and Replacement of Steps

This project will remove and replace badly deteriorated steps which will restore them to a first-class condition. This area, as it now exists, is a safety hazard. This work will be coordinated with long-term plans for Brown Hall.

Funds are budgeted in Budget Account 125064 (Contract Repair).

2. Lazenby Hall, Optometry Building (Part I), Physical  
Education Building, Interior Painting, 1974

This project involves the repair of plaster walls, repainting of walls, ceiling and trim, and vinyl wall covering in designated areas.

Funds are budgeted in Budget Account 125064 (Contract Repair).

IV. BUSINESS AND ADMINISTRATION (continued)

B. Plans and Specifications (continued)

3. Lord Hall, North Wing--Repair of Masonry Parapet Walls

This project will accomplish the removal and building of the north, west and east parapet walls down to the second floor window head of the building. Deterioration has caused the joints to open and the walls have extended outward from their original foundation.

Funds are budgeted in Budget Account 125064 (Contract Repair).

4. Welding Engineering Building--Exterior Masonry Repairs

This project involves repairs which are necessary to the joints in the masonry as a result of the mortar losing bond to the brick.

Funds are budgeted in Budget Account 125064 (Contract Repair).

5. Electric Trunk Lines--Utility Substation

This project involves the installation of 13.8 KV equipment as required to accept electric service from the electric utility and make connections to the existing campus distribution. This is a part of implementing the long-term contract between The Ohio State University and the Columbus and Southern Ohio Electric Company, signed October 1, 1972.

Funds are budgeted in H. B. 985, Item 315-074 (Utilities and Renovations).

6. Tennis Courts--New Locations

This project will provide eight new tennis courts. The location for six courts will be northeast of the Biggs Athletic Facility and two courts will be located east of Raney Commons.

Funds are budgeted in Budget Account 801296 (Tennis Courts - New Locations - Athletic Revenue Funds).

7. Fawcett Center for Tomorrow--Roadway Improvements

This project will improve the traffic pattern of the existing intersection at Argyll Street which is commonly used by The Ohio State University and Chemical Abstracts Service. The improvement will reduce the hazards currently existing in this intersection.

Funds are budgeted in Budget Account 125064 (Contract Repair), and Chemical Abstracts is sharing the cost of the improvements.

IV. BUSINESS AND ADMINISTRATION (continued)

B. Plans and Specifications (continued)

8. Arps Hall, College of Education--Library Improvements

This project will improve the traffic flow in the collection and reading areas and increase seating capacity in the library area.

Funds are budgeted in H. B. 985, Item 315-074 (Utilities and Renovations).

9. Law Building, Library--Improvements

This project will expand the library to include Room 019 and provide for a rare book storage area, two faculty offices and a small storage space.

Funds are budgeted in H. B. 985, Item 315-074 (Utilities and Renovations).

Upon motion of Mr. Shocknessy, seconded by Mr. Devenow, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

C. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the projects listed below and the contracts were recommended for award. The action reported to the Board was as follows:

Upon motion of Mr. Gushman, seconded by Mr. Dunlap, the above award of contracts and expenditure of funds were approved and the action of the Vice President for Business and Administration was ratified by unanimous roll call vote.

D. Other Actions

1. Purchase of Property - Glenn Wendland Property, West Boundary of Barnebey Center, Fairfield County

It was recommended that the President and/or Vice President for Business and Administration be authorized to proceed with the purchase of:

118 acres adjacent to The Ohio State University Barnebey Center, Fairfield County

for the sum of \$45,000 from University Investment Portfolio Funds and in the name of the Board of Trustees.

This purchase of land will permit expansion of the research program by the School of Natural Resources now in effect at Barnebey Center.

Funds are available in Budget Account 801262.

IV. BUSINESS AND ADMINISTRATION (continued)

D. Other Actions (continued)

2. Utility Easement - Marysville, Ohio, Veterinary Clinic Property

The University has received a request for a thirty-foot easement across University land at The Ohio State University's Marysville Veterinary Clinic. The purpose of this easement is to install a twelve-inch sanitary sewer, 285 feet in length, across University property. The University will be compensated for the easement.

It was recommended that the President and/or Vice President for Business and Administration be authorized to request that the Director of Public Works, pursuant to his statutory duties, act on behalf of the University in developing the necessary legal instruments to provide for the lease.

Upon motion of Mr. Gushman, seconded by Dr. Sirak, the above recommendations were approved by unanimous roll call vote.

E. Report of Controlling Board Actions Pertaining to The Ohio State University

- 10 Approves the release of \$13,000 from H. B. 985, Item 315-074 (Utilities and Renovations) to enter into a contract with John W. Spencer and Associates, Inc., for the planning and preparation of complete bidding documents and related miscellaneous costs for the project known as "Hayes Hall, Fire Safety Improvements - Vivian Hall Remodeling."
- 11 Approves the release of \$45,000 from H. B. 985, Item 315-074 (Utilities and Renovations) to enter into a contract with W. E. Monks and Company, Engineers, to provide engineering design and drafting services for the project known as "Hagerty Hall Air Conditioning."
- 12 Approves the release of \$30,000 from H. B. 985, Item 315-074 (Utilities and Renovations) to enter into a contract with Heapy and Associates, Dayton, Ohio, to provide complete engineering services for the project known as "Derby Hall Alterations."

V. REPORTS

A. Proposal - Clinical Medical Sciences Education Facility

Mr. Gushman made the following statement:

On behalf of the Educational Affairs Committee, I wish to report to this Board on a matter which has been referred to this Committee for consideration by President Enarson--the proposed expansion of the University Hospital (the Clinical Medical Sciences Education Facility). By way of review, in February, 1970, this Board endorsed a \$38 million expansion program

V. REPORTS (continued)

A. Proposal - Clinical Medical Sciences Education Facility (continued)

Mr. Gushman's statement (continued)

of the existing University Hospital facilities as the final phase in the expansion of our medical facilities to support an expanded medical education program. The Board's endorsement of this proposed facility expansion was a necessary condition for the submission of a Federal matching request. The request was for \$24 million, the balance to be provided from the remaining \$10 million from a \$14 million State capital improvements appropriation made by the 108th General Assembly, and \$4 million from bonds issued against future hospital revenues. After several submissions and a substantial amount of encouragement by Federal representatives, particularly in the earlier stages of this process, it is now apparent that matching Federal funds are not presently available for this purpose. Because of this situation a reexamination of the scope and funding of the project is now essential.

Accordingly the administration of medical affairs revised the project downward by \$6 million and proposed that the loss of Federal funds be made up by an additional \$18 million in revenue bonds. Thus the proposed funding pattern of \$32 million would include a total of \$22 million in revenue bonds financed by an increase in patient charges and the \$10 million still available through the original capital improvements funds which were again reappropriated by the 110th General Assembly.

This proposal has now been carefully reviewed by the Educational Affairs Committee and it is the consensus of the Committee that immediate steps should be taken to develop the necessary plans for a \$10 million expansion funded by the State capital improvements which would incorporate the highest priority needs of the initially proposed facility. It was further recommended that such a modification should be achieved in such a way to accommodate the total proposed project if and when Federal and/or State funds become available for this purpose. The Committee took this position because of the urgently needed support facilities of the existing facility, coupled with the belief that it would be unwise to commit this Board to further indebtedness in the light of the Board's current obligations, particularly with the many uncertainties that appear to exist within the health care delivery area as evidenced by the Federal Government's withdrawal from the capital improvements grants program.

This position was transmitted to President Enarson and he in turn has been working directly with the administration in medical affairs to implement this decision. A new program of requirements has been developed now accommodating this recommendation and at an early date a contract should be negotiated for the appointment of the project architects.

V. REPORTS (continued)

A. Proposal - Clinical Medical Sciences Education Facility (continued)

Mr. Gushman, on behalf of the Educational Affairs Committee, moved the adoption of the following resolution:

The architectural firms of Page Southerland Page, in association with Dan A. Carmichael, be continued as architects of the revised Clinical Medical Sciences Education Facility, that the fee for this service be negotiated with the architectural firms by the Ohio Department of Public Works, and finally that the earlier Board action authorizing a \$38 million support level be modified downward to limit a total project cost to \$10 million for present planning purposes.

Funds for this service have been provided from H. B. 985, Item 315-077 (Clinical Medical Sciences Education Facility).

Upon motion of Mr. Gushman, seconded by Mrs. James, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote.

Mr. Gushman made the following additional statement:

In making this motion I would like to make a few additional comments--This Committee arrived at this conclusion most reluctantly. Dr. Meiling, Vice President for Medical Affairs, believes sincerely that we should proceed with the total project now. And Doctor we are aware of the superb job you have done in developing one of the finest medical education facilities in the country. We have no quarrel with the plan; your presentation, I thought was most thorough and complete. We simply prefer a different timetable and hopefully less patient cost in the financing of this facility.

At Mr. Shocknessy's suggestion, the motion was modified to clarify the intent of this action by the addition of "for present planning purposes" to the end of the resolution as stated.

Mr. Devenow raised a question as to the need for the additional support services facility.

Dr. Meiling indicated that the need for these facilities is extremely critical, since the present hospital core facilities were built 25 years ago in support of 600 beds. Since that time we have added 400 beds and four buildings without any increase in the core facilities. Further he stated, that the proposed \$10 million project will provide our existing facilities with but minimal health standards.

V. REPORTS (continued)

B. Report on Committee Studying Development Fund Organization

Mr. Gushman was requested to report on the activities of the special committee to which he was appointed concerned with the administrative relationship of the Development Fund.

Mr. Gushman reported as follows:

This Committee has had many meetings and interviewed a lot of people, and the function of the Committee is to study the organizational relationship between the Development Fund, the University administration, and the Alumni Association. The Chairman of this Committee is Mr. Jacob E. Davis. (Incidentally, I think it might be appropriate, with your consent, to point out that Dan Heinlen, the new Director of Alumni Affairs, is here in the room, and I know the rest of you join with me in offering Dan congratulations from the Board of Trustees in this assignment, and we wish you well. Mr. Hilliker noted that he had a note to congratulate Dan Heinlen on his new position on behalf of the Board.) Mr. Wesley Leas, who is Chairman of the Alumni Advisory Board and a member of this Committee, has undertaken an assignment to visit a number of Big Ten and other major universities on a fact-finding assignment to learn how the private fund and alumni fund raising organizations work relative to the university administrations. This will take probably several months. About April 1 the Committee will reconvene and I will be coming back to the Board to get your advice and direction and also to bring you up-to-date on the findings of the Committee.

C. Report from President Enarson

President Enarson called the Board's attention to a "Fact Sheet" enumerating steps which have been taken by the administration relating to the conservation of energy. He indicated that fairly effective cooperation was being achieved.

President Enarson announced a plan for opening University resources to area residents over 65. This plan would allow them to "sit in" on some University classes free. The details of the plan remain to be worked out.

The President reported that the campus United Appeal raised more dollars this year than before although not by any significant amount, except in the student sector.

V. REPORTS (continued)

D. Report on President's Speech at National Football Hall of Fame

Mr. Shocknessy congratulated the President on the speech which he made in New York on December 4 at the National Football Hall of Fame ceremonies at which time some of the University's distinguished alumni were honored.

E. Report on the University's Investment Portfolio

The report dated November 30, 1973, as submitted to the Finance Committee of the Board of Trustees by Mr. Ernest W. Leggett pertaining to the University's Investment Portfolio, was received and ordered to be filed with the official records of the Board of Trustees.

Upon motion of Mr. Safford, seconded by Mr. Harrod, Mr. John H. Dunlap was elected to preside at this meeting in the absence of the Chairman, Mr. Don M. Hilliker.

---

Mr. Dunlap acknowledged the presence of Mr. Ed Heinke and indicated his pleasure on behalf of the Board and thanked him for the wonderful publicity given the University in his recent articles on "Program 65."

---

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Esther Allen Gaw, Dean of Women Emeritus; Alan W. Hart, Head Athletic Trainer in the Department of Athletics, and Instructor in the School of Health, Physical Education, and Recreation; and Salvatore M. Marco, Professor Emeritus in the Department of Mechanical Engineering. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Esther Allen Gaw

The Board of Trustees of The Ohio State University expresses its sorrow at the death on December 27, 1973, of Esther Allen Gaw, Dean of Women Emeritus.

Dean Gaw was born in Hudson, Ohio, December 28, 1879. She received a B.A. degree from Western Reserve University in 1910; and a Ph.D. degree from the University of Iowa in 1919. She was a sister of Judge Florence Allen, the first woman elected to the Supreme Court of Ohio in 1921. Mrs. Gaw served as Dean of Women at The Ohio State University for seventeen years. While holding this position she became interested in Spanish and attended freshman and advanced classes in the subject. She became so proficient in the language that in 1938 she was invited to visit Santiago, Chile, as a special lecturer in psychology.

Mrs. Gaw was named Dean of Women Emeritus when she retired on March 31, 1944. She was a member of the American Psychological Association, a Fellow in the American Association for the Advancement of Science, a member of Sigma Xi, Phi Beta Kappa, and Pi Lambda Theta. After retirement she made her home in California.

On behalf of the University, the Board of Trustees expresses to the family and her friends its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

RESOLUTIONS IN MEMORIAM (continued)

B. Alan W. Hart

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Alan W. Hart, Head Athletic Trainer in the Department of Athletics, and Instructor in the School of Health, Physical Education, and Recreation, on November 25, 1973.

Mr. Hart was born May 27, 1936, in Cleveland, Ohio. He lived his entire pre-college life in Cleveland, having graduated from Fairview Park High School in 1954. He was active in high school athletics and served as President of his Junior Class.

In the fall of 1954 Mr. Hart enrolled at Ohio University and in the spring of 1958, graduated from that school with a B.S. in Education degree. While in college he served as a student athletic trainer and became interested in this field as a profession.

Upon graduation from Ohio University, Mr. Hart was named Head Athletic Trainer at his alma mater. He remained in this position until August, 1971, when he was named Head Athletic Trainer at The Ohio State University.

During the time that Mr. Hart was associated with the Ohio State Athletic Department, he gained the complete respect and admiration of the athletes, coaches, and administrators for his knowledge and warmth shown to all. He was efficient, competent, and compassionate. Everyone who knew Mr. Hart liked him.

Last summer he was selected to be Head Trainer for the United States athletes competing in the World University Games in Russia.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Hart its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be sent to his family as a sincere expression of sympathy and respect.

C. Salvatore M. Marco

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Salvatore M. Marco, Professor Emeritus in the Department of Mechanical Engineering, on December 15, 1973.

Professor Marco was born in Cleveland, Ohio, on December 19, 1907. He graduated from Cleveland's East Technical High School in 1926. He earned his Bachelor of Mechanical Engineering degree (1930) and his Master of Science degree (1932) from The Ohio State University. Professor Marco began his academic career at The Ohio State University in 1935 as an Instructor of Mechanical Engineering. He progressed rapidly to Assistant Professor

C. Salvatore M. Marco (continued)

in 1940, Associate Professor in 1944, and Professor in 1947. He was appointed Chairman of the Department of Mechanical Engineering in 1952 and served with distinction until 1968, when he elected to return to the classroom and research.

Professor Marco dedicated his life to The Ohio State University and during his 35 years as a member of the faculty he made many outstanding contributions in teaching and research in the design and heat transfer area, in sixteen years as Chairman in active participation with the many committees through which the University functions, and in many national society committees which establish the criteria for the engineering profession.

His superlative teaching and consideration of his students is attested to by many spontaneous acclamations of former students. He was always available for counsel and consultation and all who knew him have felt the warmth of kindness.

His textbook on heat transfer was ahead of its time and was adopted by more than fifty colleges. This text was also translated and sold in foreign countries. His high quality technical papers and direct contributions have enhanced technical societies and the engineering profession.

In the past few years he developed a new program of teaching and research in engineering acoustics; timely for its contribution to improvement of our environment.

His character was unassailable. He set high standards on integrity, honesty, and moral values and then lived his daily life meticulously by them. This, with his total dedication to the University, led him to membership and leadership in the highest level councils.

His influence on our civilization is ensured by his direction of at least thirty-five doctoral dissertations and scores of master's theses. At least twenty of his former advisees serve on no less than thirteen college faculties and many are leaders in research and industry.

On behalf of the University community, the Board of Trustees expresses to the family of Salvatore M. Marco its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to Mrs. Salvatore Marco as a sincere expression of sympathy and respect.

February 1, 1974 meeting, Board of Trustees

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Revision of Rules 41.15, 47.05, 47.07, 47.09, and 47.11 of Rules for the University Faculty

In order to make the Rules for the University Faculty compatible with the recently enacted Amended Substitute Senate Bill 1, 110th General Assembly, establishing 18 years as the age of majority within the State of Ohio, President Enarson proposed that the Rules for the University Faculty be modified as follows:

41.15. Student Addresses.

At the time of registration each student shall submit to the Office of Registration and Records the address of the person who should be notified in case of emergency and his local address. All subsequent changes to these addresses shall be promptly reported to the Office of Registration and Records as long as he is currently enrolled at the University.

47.05. Academic Warning.

Section 1. Any student who has never attended another college or university and who seeks to enroll as a new freshman in this University shall be placed on special warning when his application for admission is received and processed if his academic credentials indicate the probability of low achievement. He shall be so informed before final registration and the payment of fees are completed, except as provided in Rule 47.11. The fact that special warning has been given shall be made known to the office of the College or School to which he seeks admission.

Section 2. If, at the end of any quarter, a student subject to the provisions of Rule 47.03 has accumulated deficiency points in the range from one through fourteen, he shall receive a warning from the Dean of his College, or the Director of his School, except as provided in Rule 47.11.

47.07. Academic Probation.

Section 1. Any student who has accumulated fifteen or more deficiency points shall be placed on probation. The probation shall continue provided the student's college considers his progress to be satisfactory and shall be removed when he has reduced his deficiency points to fourteen or

I. GENERAL RECOMMENDATIONS (continued)

A. Revision of Rules 41.15, 47.05, 47.07, 47.09,  
and 47.11 of Rules for the University Faculty (continued)

47.07. Academic Probation.

fewer. The student shall be notified of probationary status by the Dean of the College or the Director of the School in which he is registered, except as provided in Rule 47.11. Such notification shall include a clear statement of what shall be considered to be satisfactory progress.

Section 2. Probation by special action. If at any time the preparation, progress, or success of a student in his academic program is determined to be unsatisfactory, the College or School in which the student is registered shall be empowered to place him on academic probation.

47.09. Academic Dismissal.

Section 1. If the student's College or School considers a student's progress as unsatisfactory in meeting the conditions placed on his probation the College or School shall be empowered to dismiss him from the University. An exception to this authority for undergraduate professional students shall be in accordance with Rule 47.03, Section 1. Notice of the dismissal shall be sent to the student by the Dean of the College or the Director of the School in which the student was registered for the quarter, except as provided in 47.11. No student shall be subject to academic dismissal unless he is currently on probation.

47.11. Notice of Dismissal.

Notice of dismissal from the University shall be sent by the Dean of the College in which the dismissed student is registered.

Upon motion of Mr. Safford, seconded by Mr. Gushman, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

February 1, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. 1973-1974 Budget Second Quarter Reconciliation  
(Quarter Ended December 31, 1973)

Based upon the experience of the second quarter, the University's estimated income for the fiscal year will be \$285,948,000 which represents only a slight modification from an income of \$285,851,000 that was anticipated and approved by the Board on September 7, 1973.

There were some significant variations in the individual sources of income. Increases were primarily associated with a larger enrollment than anticipated this past Autumn Quarter and the concomitant increases in the state instructional subsidy, student fees, and housing revenue. The endowment income would appear to be significantly larger than anticipated due to an increase in the number of gifts as well as earnings. Intercollegiate Athletics was also increased due to a modification in the accounting and reporting procedures. These increases were largely offset by decreases in federal grants and contracts funds due to program reductions.

The budget expenditure program has been modified to be commensurate with the changes in the activities within the areas in which the modifications of income were experienced.

President Enarson recommended that the sources of income and the budget as presented on the attached tables be approved.

Upon motion of Mr. Harrod, seconded by Mr. Safford, the Board of Trustees approved the above recommendation by unanimous roll call vote.

3. Establishment of Named Funds (continued)

a. Chester C. Cook Memorial Fund (continued)

The annual income is to be used by The Ohio State University Cancer Research Center to establish the Chester C. Cook Memorial Fund. Disbursements are to be made upon the recommendation of the Provost of The Ohio State University.

Should The Ohio State University Cancer Research Center cease to exist through any reorganization of the University, then the income may be used by the Board of Trustees, with preference being given to the recommendations of the Provost of the University or the appropriate administrative official who is then directly responsible for cancer research.

b. \$25,000.00 from the Estate of Herman Van Moss Glunz for the establishment of the H. V. Glunz Scholarship Fund.

H. V. Glunz Scholarship Fund

The H. V. Glunz Scholarship Fund was established February 1, 1974, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from the late Herman Van Moss Glunz, with Class of 1912, formerly of Norristown, Pennsylvania.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide one or more scholarships for undergraduate and/or fellowships for graduate students who have demonstrated academic ability and need for financial assistance. The fund shall be known as the H. V. Glunz Scholarship Fund. The selection of the recipient is to be made upon the recommendation of the Scholarship Committee of the College of Engineering. Preference is to be given to students enrolled in the College of Engineering, and who are working in the broad field of the mineral industries.

Should the need for these scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for scholarships.

- c. \$11,425.00 from Mrs. Olive H. Emery, Helen K. Cooley, Paul E. Emery, Evelyn E. Kingan, and former students and friends for the establishment of The Walter B. Emery Memorial Scholarship for Communication.

The Walter B. Emery Memorial Scholarship for Communication

The Walter B. Emery Memorial Scholarship for Communication was established February 1, 1974, by the Board of Trustees of The Ohio State University in memory of the late Walter B. Emery, distinguished professor of Communication, with a gift to The Ohio State University Development Fund from Mrs. Olive H. Emery, Columbus, Ohio, widow of Professor Emery, their children, Helen K. Cooley, Paul E. Emery, Evelyn E. Kingan, and former students and friends.

All gifts are to be invested in the University's Permanent Endowment under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide scholarship assistance for one or more students enrolled in the Department of Communication. Selection of the recipient(s) is to be made by the University Scholarship Committee upon the recommendation of the Chairman of the Department of Communication after appropriate consultation with Mrs. Emery and faculty members of that department.

Should the need for the scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for speech education.

d. Hewitt A. Gehres Fund in Engineering (continued)

The gift is to be invested in the University's Permanent Endowment Fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used for approved programs and activities of the Department of Mechanical Engineering as selected by the chairman of that department and approved by the Dean of the College of Engineering.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for engineering education.

- e. \$1,000.00 from Joe R. Engle for the establishment of The Perry L. Engle Endowment Fund.

The Perry L. Engle Endowment Fund

The Perry L. Engle Endowment Fund was established February 1, 1974, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Joe R. Engle, B. I. E. '43, Coshocton, Ohio, in honor of his father, Perry L. Engle.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used for the purchase of appropriate equipment in the intensive care--cardiac unit, University Hospital. Requests for the funds will be initiated by the Chairman of the Department of Medicine and approved by the Dean of the College of Medicine.

Should the need for these funds cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for medical education.

2. Establishment of Named Funds

- a. \$20,000.00 from Jack W. Nicklaus for the establishment of The L. Charles Nicklaus Golf Scholarship Fund.

The L. Charles Nicklaus Golf Scholarship Fund

The L. Charles Nicklaus Golf Scholarship Fund was established February 1, 1974, by the Board of Trustees of The Ohio State University with a gift through The Ohio State University Development Fund from Jack W. Nicklaus, (A.A.D. '72), of North Palm Beach, Florida, in memory of his father, L. Charles Nicklaus, (B.S. Pharm. '35), late of Columbus, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide scholarship assistance for a worthy student from southwestern Ohio who is interested in golf. The fund shall be known as The L. Charles Nicklaus Golf Scholarship Fund. The selection of the recipient is to be made upon the recommendation of the golf coach and approved by the Director of Athletics and the University Scholarship Committee.

2. Establishment of Named Funds (continued)

a. The L. Charles Nicklaus Golf Scholarship Fund (continued)

Should the need for this scholarship cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for athletic scholarships.

b. \$2,500.00 from John D. Drinko and several of his friends for the establishment of The Newton D. Baker Memorial Scholarship Fund.

The Newton D. Baker Memorial Scholarship Fund

The Newton D. Baker Memorial Scholarship Fund was established February 1, 1974, by the Board of Trustees of The Ohio State University with initial gifts from John D. Drinko, LL.B. '44, of the law firm of Baker, Hostetler and Patterson, Cleveland, Ohio, and several of his friends in memory of the firm's founder, Newton D. Baker, who was also a loyal benefactor and Chairman of the Board of Trustees of The Ohio State University.

All gifts allocable to this Fund are to be invested in the University's Permanent Endowment under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide one or more scholarships or other forms of financial assistance for students enrolled in the College of Law. Selection of the recipient(s) is to be made by the University Scholarship Committee upon the recommendation of the Dean of the College of Law.

Should the need for the scholarships or other forms of financial assistance cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for law education.

- e. \$1,000.00 from Joseph K. Walkup, and sons, David W., Robert E., and John D. Walkup, for the establishment of The Wildah Turnbull Walkup Memorial Fund.

The Wildah Turnbull Walkup Memorial Fund

The Wildah Turnbull Walkup Memorial Fund was established February 1, 1974, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from Joseph K. Walkup, B.A. '32, Professional I. E. '41, Ames, Iowa, and sons, David W., Robert E., and John D. Walkup, in memory of their wife and mother, Mrs. Wildah Turnbull Walkup, B.A. '31, M.A. '32.

All gifts are to be invested in the University's Permanent Endowment under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide one or more undergraduate scholarships for female students enrolled in the College of Engineering. Selection of the recipient(s) is to be made by the University Scholarship Committee upon the recommendation of the Dean of the College of Engineering. Recipients will be selected solely on the basis of their academic achievement during the first full year of enrollment in the engineering curriculum.

It is understood that additional funds may be provided to this named endowment and new specifications for the use of the added income may then be suggested.

Should the College of Engineering cease to exist, through any reorganization of the University, then the income may be used by the Board of Trustees, with preference being given to the recommendations of the appropriate administrative official of the University who is then directly responsible for engineering education.

IV. BUSINESS AND ADMINISTRATION

A. Architects or Engineers

1. Jackson County Area Extension Center

President Enarson recommended that the architectural firm of Swiatek and Grutsch, Columbus, Ohio, be employed to provide architectural services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and periodic supervision of construction.

The fee for this service will be negotiated between the architectural firm and the Division of Public Works. The total estimated project cost is \$275,000.

Funds for this service have been provided from H. B. 985, Item 315-086 (Jackson County Area Extension Center).

2. Mahoning County Area Extension Center

President Enarson recommended that the architectural firm of C. Robert Buchanan and Associates, Canfield, Ohio, be employed to provide architectural services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and periodic supervision of construction.

The fee for this service will be negotiated between the architectural firm and the Division of Public Works. The total estimated project cost is \$275,000.

Funds for this service have been provided from H. B. 985, Item 315-087 (Mahoning County Area Extension Center).

Upon motion of Mr. Safford, seconded by Mr. Devenow, the above recommendations were approved by unanimous roll call vote.

B. Plans and Specifications

At the request of the Vice President for Business and Administration, the President recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

B. Plans and Specifications (continued)

1. Veterinary Hospital--Connecting Road

This project will construct a roadway which will provide direct access to the Veterinary Hospital from Loop Road. This will eliminate circuitous routing of Veterinary Hospital patrons and minimize traffic on campus roads.

Funds are budgeted in Budget Account 125064 (Contract Repair).

2. Dentistry Building--Heating System Repair (Original Building)

This project will provide for the removal of the existing 1948 ventilating apparatus and the installation of a new system. This is necessary due to the obsolescence of the existing system and to better serve the building as it is now used.

Funds are budgeted in Budget Account 125064 (Contract Repair).

3. Campbell Hall--Office Improvements

Substantial reconfiguration of the involved areas to provide efficient office space for the School of Home Economics. Work will include demolition, new ceiling high partitioning and consequent work involving new ceiling lighting and electrical-mechanical systems and refinishing of surfaces.

Funds are budgeted in H. B. 985 (Utilities and Renovation).

Upon motion of Mr. Devenow, seconded by Mr. Safford, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

C. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the projects listed below and the contracts were recommended for award. The action reported to the Board was as follows:

Upon motion of Mr. Safford, seconded by Mr. Harrod, the above award of contracts and expenditure of funds were approved and the action of the Vice President for Business and Administration was ratified by unanimous roll call vote.

D. Other

1. Agricultural Technical Institute, Wooster, Ohio--  
Sewer Easement

The Zieg Realty Company has requested a sanitary sewer easement to tap into an existing sanitary sewer line at the Agricultural Technical Institute, Wooster, Ohio. This will permit the construction of a housing facility to serve the Agricultural Technical Institute. The Zieg Realty Company will compensate the University for a share of the sewer cost based upon usage.

It was recommended that the President and/or the Vice President for Business and Administration be authorized to request the Division of Public Works, pursuant to their statutory duties, to act on behalf of the University in developing the necessary legal instruments to provide for the sewer line easement.

2. Purchase of Property - Ott Farm, Ashland County, Ohio

It was recommended that the President and/or Vice President for Business and Administration be authorized to proceed with the purchase of:

120 acres of land (Ashland County), adjacent to The Ohio State University Moore's Demonstration Farm at a price mutually agreeable to the present owner and a third party who has agreed to give the necessary funds to the University for this purpose.

Upon motion of Mr. Gushman, seconded by Mr. Harrod, the above recommendations were approved by unanimous roll call vote.

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of James C. Babcock, Professor Emeritus in the Department of Romance Languages; Jacob W. Old, Jr., Associate Professor in the Department of Pathology; and Palmer E. Overholt, Assistant Professor in the Department of English. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. James C. Babcock

The Board of Trustees of The Ohio State University expresses its sorrow at the death on January 16, 1974, of James C. Babcock, Professor Emeritus in the Department of Romance Languages.

A native of the State of Arkansas, Professor Babcock received his B.A. degree from the University of Arkansas in 1929. He received his M.A. degree in 1930 and his Ph. D. degree in 1939, both from the State University of Iowa. He then was appointed Professor of Spanish and subsequently Chairman of Spanish at the University of Chicago. During his years of service at the University of Chicago, he was deeply involved in the humanities program. In 1950, he became Professor of Spanish at Dartmouth College and later Chairman of its Department of Romance Languages. At Dartmouth he was also prominently identified with humanities courses.

In 1957 he came to The Ohio State University as Chairman of the Department of Romance Languages. He held that position until 1966. During the nine years of his Chairmanship, he was active in bringing a number of new professors to the Department. He participated in the planning of the new Language Listening Center in Denney Hall and in the early stages of the planning of Cunz Hall. He was Chairman at the period of the greatest growth of the University

RESOLUTIONS IN MEMORIAM (continued)

A. James C. Babcock (continued)

and of the greatest increase in enrollment in the Department of Romance Languages. He is happily remembered by his colleagues for his affable and urbane manner and for his understanding nature.

In 1966 Professor Babcock retired from the Chairmanship to devote his time to teaching. He was particularly interested in Spanish poetry and was co-author of a widely used textbook in beginning Spanish and of another, on French composition. For some thirty years he was the Spanish editor of Houghton Mifflin Company.

On behalf of the University, the Board of Trustees expresses to his family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

B. Jacob W. Old, Jr.

The Board of Trustees of The Ohio State University expresses its sorrow at the death on December 30, 1973, of Jacob W. Old, Jr., Associate Professor in the Department of Pathology.

Dr. Old was born in Louvier, Colorado, on June 6, 1921. He received his B. E. degree from the Virginia Polytechnic Institute in 1942, and his M. D. degree from Washington University in St. Louis in 1946.

Dr. Old served his internship at the Santa Barbara College Hospital, Santa Barbara, California, 1946 to 1947, and his residency as a Captain in the United States Medical Corps and as an Assistant of Pathology with the Armed Forces Institute of Pathology in Washington, D. C., from 1947 to 1950. He was certified by the American Board of Pathology and Clinical Pathology in 1950. He then served one year as a Fellow in the Department of Pathology of the M. D. Anderson Hospital, Houston, Texas, from 1950 to 1951, and an Instructor at the University of Texas Post Graduate School in the same institution from 1951 to 1953. From 1953 to 1957, he served as an Assistant Professor in Pathology at the M. D. Anderson Hospital and the University of Texas School of Medicine, Post Graduate School. From 1957 until his death, he served as Associate Professor in the Department of Pathology at The Ohio State University and on the staff of the University Hospital.

Dr. Old was identified with the teaching program in Pathology while in Texas and in Ohio. He taught tumor pathology to second year medical students and participated in the surgical pathology rounds for senior medical students and residents. He was Chairman of the Tissue Committee during his stay at The Ohio State University and his name appeared in the Bibliography of the American Men of Science in 1965.

March 1, 1974 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (continued)

B. Jacob W. Old, Jr. (continued)

Dr. Old was always interested in medical research and published seven papers while in Texas and seven papers while at The Ohio State University, including a chapter on reserve cell hyperplasia in Gray's book on Dysplasia, Carcinoma in Situ in 1964. His proposed new classification of carcinoma in situ found wide acceptance here and abroad. In his medical writing, Dr. Old proved himself as a perfectionist who often rewrote a manuscript many times before he was satisfied with the text. His wide knowledge in dermatological pathology made him a valuable consultant to the area of skin disease and his great experience in tumor pathology, which he acquired at the M. D. Anderson Hospital, made him a valuable consultant to the Departments of Surgery and Obstetrics and Gynecology.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

C. Palmer E. Overholt

The Board of Trustees of The Ohio State University expresses its sorrow at the death on January 27, 1974, of Palmer E. Overholt, Assistant Professor in the Department of English.

Professor Overholt was born in Fostoria, Ohio, in 1913. He received his undergraduate education at Oberlin College, the University of Arizona, and The Ohio State University, where he subsequently earned a Master's degree and completed most of the requirements for a doctorate. During World War II he worked as a chemist in a high-explosives laboratory and as a quality control engineer on a bomb-loading line. Later he worked as an advertising executive in a Columbus department store, a newspaper circulation manager, and a procedure writer for a U. S. Navy installation. He taught English on the Columbus campus of The Ohio State University from 1956 to 1962, at which time he became a member of the faculty of the Mansfield campus of Ohio State where he taught until his death.

Professor Overholt was a popular teacher with the many students who took his courses, particularly his early English course featuring Beowulf, and he was widely known in the Mansfield community. For many years he organized and produced Manuscript, a yearly compilation of outstanding literary works of students, and he had been in charge of several student writing contests, including The Florence Allen Poetry Contest. He was a member of the regional campus academic review board and was a former coordinator of the Mansfield English Department.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Authorization for the Filing of Application for Grant Funds Under Title VII of the Public Health Service Act, as Amended

At its meeting on February 12, 1970, this Board authorized and directed that an application be filed with the Secretary of Health, Education and Welfare under Title VII of the Public Health Service Act, as amended, for a grant in support of the development of a Clinical Medical Sciences Education Facility (Inpatient Teaching Facility) of the College of Medicine.

The National Advisory Council on Education for Health Professions at its June 1970 meeting recommended approval of this application at a level of support not to exceed \$22, 441, 649 or 66. 67 percent of eligible costs which ever was less. Regrettably, however, Federal funds were not sufficient to fund all of the approved projects and our project was not funded. Additional Federal funds for Health Professions Education Facilities construction are now to be allocated from Federal Fiscal Year 1973 and Fiscal Year 1974 appropriations and a new application cycle has been announced by the Secretary of Health, Education and Welfare. As a part of the formal application, this Board is required to approve the following resolution in order to reapply for Federal funds for this project:

The Board of Trustees of The Ohio State University authorizes and directs that an application be filed with the Secretary of Health, Education and Welfare under Title VII of the Public Health Service Act, as amended, for a grant in support of the development of a Clinical Medical Sciences Education Facility (Inpatient Teaching Facility).

The Board designates Harold L. Enarson, President of The Ohio State University, as the person authorized to file this application and act as the representative of the University in all matters relating to this application and Edward Q. Moulton, Vice President for Business and Administration, as the alternate.

March 1, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

A. Authorization for the Filing of Application for Grant Funds Under Title VII of the Public Health Service Act, as Amended (continued)

And finally, the Board of Trustees of The Ohio State University is cognizant of the conditions under which such grant funds are made available and approved for payment to an applicant.

President Enarson recommended that the foregoing resolution be adopted by this Board.

Upon motion of Mr. Harrod, seconded by Mr. Safford, the Board of Trustees approved the above recommendation by unanimous roll call vote.

B. Revision of Rules 29.2709, 35.07, and 37.15 of Rules for the University Faculty

The University Senate on February 12, 1974, approved revisions of Rules 29.2709, 35.07, and 37.15 of Rules for the University Faculty. The full text of the Rules as modified is attached. Briefly, the proposed changes are:

- (1) Rules 35.07 and 37.15 pertain to grades resulting from an approved petition to withdraw from a course after noon of the seventh Saturday of a quarter, and
- (2) Rule 29.2709 pertains to membership on the Council on Student Affairs and the Standing Committee on Student Affairs of University Senate.

President Enarson recommended that the changes as authorized by the University Senate be approved by the Board of Trustees and that these changes become effective upon approval by the Board.

Upon motion of Mr. Dunlap, seconded by Mr. Safford, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

C. Degrees and Certificates Conferred--Winter Quarter Commencement

President Enarson recommended that degrees and certificates be conferred at the Winter Quarter Commencement Convocation on March 15, 1974, to those students who have completed the requirements for their respective degrees and certificates and are recommended by the University Senate. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix III, page 397.)

Upon motion of Mr. Shocknessy, seconded by Dr. Sirak, the Board of Trustees approved the above recommendation by unanimous voice vote.

Revision of Rules 29.2709, 35.07, and 37.15  
of Rules for the University Faculty

On February 12, 1974, the University Senate approved changes in Rules 29.2709, 35.07, and 37.15 of Rules for the University Faculty. The text of each Rule as modified is as follows:

29.2709. Council on Student Affairs.

Section 2. The University Senate members elected or appointed to the Council on Student Affairs shall also constitute the Standing Committee on Student Affairs of the University Senate.

Section 3. The Vice President for Student Services shall be the Chairperson of the Council. A Vice Chairperson shall be designated by the University Senate members of the Council on Student Affairs, who shall also serve as Chairperson of the University Senate's Standing Committee on Student Affairs.

I. GENERAL RECOMMENDATIONS (continued)

D. Residence Hall Room and Board Rates and Rentals for North Campus Apartments

President Enarson made the following statement:

This administration continues to make every reasonable effort to hold down the costs of education in spite of the dramatic increases in costs of operating this University which we are presently experiencing. The pressures of increased costs being imposed on the operation of this University's Residence and Dining Hall Facilities and Apartments have been particularly acute during this past two-year period. Labor costs have been increased almost 25 per cent. Food costs have exceeded this amount. The problem has been compounded by our commitment to provide improved services which will attract students to these facilities rather than drive them away. In an effort to counteract these costs, numerous efficiencies and economies have been implemented both in personnel and operating budgets. Thus through these efforts we have been able to minimize the increases which must be passed on to the students utilizing these services.

I am pleased to be able to report to you that through such efforts it will not be necessary to implement an across-the-board increase in these services for this coming year. Rather, we believe that we can achieve financial stability through selective increases within those housing situations where because of special circumstances such adjustments are essential.

Accordingly, President Enarson recommended that the attached rate structure for the fiscal year 1974-75 be adopted.

Upon motion of Mr. Safford, seconded by Mr. Dunlap, the Board of Trustees approved the foregoing recommendation with the deletion of the rates for Buckeye Village apartments by unanimous roll call vote. (Consideration of the proposed increase in the rates for Buckeye Village apartments will be deferred to a later meeting.)

Mr. Hilliker added for the record that he will request a review of the proposed rates at Buckeye Village and if there is any inequity in these rates this matter will be corrected before it is considered by the Board again.

II. PERSONNEL ACTIONS

Personnel actions since the February 1, 1974 meeting of the Board, as recorded in the official "Salary Roll" of the University, include the following Appointments, Resignation, Leave of Absence Without Salary, and Emeritus Titles:

A. Appointments

Robert F. Mathis from Assistant Professor, Department of Computer and Information Science, to Assistant Dean and Secretary of the Graduate School, effective July 1, 1974, at a salary of \$19,608 per annum. Dr. Mathis will continue as Assistant Professor at No Salary in the Department of Computer and Information Science.

Albert B. Bishop from Professor in the Department of Industrial and Systems Engineering to Professor and Chairman, Department of Industrial and Systems Engineering, effective July 1, 1974, at a salary of \$29,928 per annum.

Robert Y. Hare, Professor and Director of the School of Music, effective July 1, 1974, at a salary of \$28,608 per annum.

March 1, 1974 meeting, Board of Trustees

II. PERSONNEL ACTIONS (continued)

A. Appointments (continued)

David P. Robinson from Associate Professor and Acting Chairman, Department of Slavic Languages and Literatures, to Associate Professor and Chairman, Department of Slavic Languages and Literatures, effective March 1, 1974, at a salary of \$19,858 per annum.

Tennyson Williams from Clinical Instructor in the Department of Preventive Medicine to Professor and Director of the division of Family Medicine in the Department of Preventive Medicine, effective April 1, 1974, at a salary of \$20,148 per annum. Dr. Williams will be working 50 percent time through June 14, 1974. On June 15, 1974, he will assume the position on a full-time basis at a salary of \$40,128 per annum.

B. Resignation

James C. Kirby, Jr. has resigned his position as Dean of the College of Law, effective June 30, 1974. Dean Kirby will accept a position as Vice President, General Counsel, and Secretary at New York University.

C. Leave of Absence Without Salary

Bonnie J. Garvin, Instructor, School of Nursing, effective February 18, 1974 through March 16, 1974, for personal reasons.

D. Emeritus Titles

Charles E. Blakeslee, Cooperative Extension Service, with the title Professor Emeritus, effective February 1, 1974.

Kenneth S. Rinehart, Cooperative Extension Service, with the title Associate Professor Emeritus, effective February 1, 1974.

President Enarson recommended that the Appointments, Resignation, Leave of Absence Without Salary, Emeritus Titles, and personnel budget actions as recorded in the "Salary Roll" of the University be approved.

Upon motion of Mr. Devenow, seconded by Mr. Safford, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll," an official document of the University.

IV. BUSINESS AND ADMINISTRATION

A. Architects or Engineers

1. Cancellation of Previous Actions - Approval of Engineers for the Projects Designated as--Hagerty Hall Air Conditioning and Derby Hall Air Conditioning

In agreement with the University's current programs and in the national interest to conserve energy, it was proposed that two of the University's Utilities and Renovation projects which were primarily air conditioning in nature be removed from active status.

These jobs have progressed only to the point of hiring engineers.

President Enarson recommended that Board action for the employment of engineers for the following projects be rescinded:

Hagerty Hall Air Conditioning  
W. E. Monks, Engineers - October 5, 1973

Derby Hall Air Conditioning  
Heapy & Associates - November 2, 1973

2. Mansfield Campus, Phase IV

President Enarson recommended that the architectural firm of Zaugg, Olinger, Zaugg, Architects, Inc., Mansfield, Ohio, be employed to provide complete architectural and engineering services for this project, including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, architectural rendering, necessary bidding documents, and supervision of construction.

The fee for this service will be negotiated between the architectural firm and the Division of Public Works. The total estimated project cost is \$3,870,000.

Funds for this service have been provided from H. B. 985, Item 315-082 (Mansfield Branch, Ohio State University, in cooperation with North Central Ohio Technical College).

3. Marion Campus, Phase II

President Enarson recommended that the architectural firm of Edwards, Burris & Lockwood, Marion, Ohio, be employed to provide complete architectural services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, architectural rendering, necessary bidding documents, and periodic supervision of construction.

March 1, 1974 meeting, Board of Trustees

A. Architects or Engineers (continued)

3. Marion Campus, Phase II (continued)

The fee for this service will be negotiated between the architectural firm and the Division of Public Works. The total estimated project cost is \$2,500,000.

Funds for this service have been provided from H. B. 985, Item 315-088 (The Ohio State University, in cooperation with Marion Technical College), and H. B. 988, Item 359-001 (Marion Technical College, in cooperation with The Ohio State University).

Upon motion of Mr. Safford, seconded by Dr. Sirak, the above recommendations were approved by unanimous roll call vote.

B. Plans and Specifications

At the request of the Vice President for Business and Administration, President Enarson recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

1. Ohio Stadium--Additional Rest Room Facilities

This project will provide additional rest room facilities on the ground level of the Ohio Stadium. Existing facilities will be approximately doubled.

Funds are budgeted in Budget Account 801288 (Athletic Revenue Funds).

2. Ohio Stadium--All Weather Track

This project will involve excavation of the track area and some other areas peripheral to the playing field, replace excavated material with controlled fill, installation of asphalt concrete subsurface and synthetic running track surfacing and synthetic surfaces for other recreational facilities in the Ohio Stadium area.

Funds are budgeted in Budget Account 801287 (Athletic Revenue Funds).

Upon motion of Mr. Dunlap, seconded by Mr. Safford, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

March 1, 1974 meeting, Board of Trustees

IV. BUSINESS AND ADMINISTRATION (continued)

C. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the projects listed below and the contracts were recommended for award. The action reported to the Board was as follows:

1. Agricultural Technical Institute, Wooster, Ohio--  
Street and Parking Lot Lighting

	<u>Low Bid</u>	<u>Est. of Cost</u>
<u>Electric Contract</u> (4 bids received 1-22-74) Mirk, Inc. (Orrville, Ohio)	\$16,211.00	\$23,000.00

Funds for this project have been provided in H. B. 985, Item 366-001 (Agricultural Technical Institute).

2. Lazenby Hall, Optometry Building (Part I), Physical  
Education Building - Interior Painting, 1974

	<u>Low Bid</u>	<u>Est. of Cost</u>
<u>General Contract</u> (4 bids received 2-19-74) L. D. Henry, Inc. (Columbus)	\$49,432.00	\$63,780.00

Funds for this project have been provided in Budget Account 125064 (Contract Repair).

Upon motion of Mr. Dunlap, seconded by Mr. Harrod, the above award of contracts and expenditure of funds were approved and the action of the Vice President for Business and Administration was ratified by unanimous roll call vote.

D. Other

1. Easement - Columbus and Southern Ohio Electric Company,  
OSU Golf Course at McCoy and Kenny Roads

The University has received a request from the Columbus and Southern Ohio Electric Company for a 5' by 20' and a 47.36' easement at the north-east corner of The Ohio State University Golf Course at Kenny and McCoy Roads. The purpose of this easement is to install underground electric cables and will be effective for a period of fifteen years.

It was recommended that the President and/or the Vice President for Business and Administration be authorized to request the Division of Public

Works, pursuant to their statutory duties to act on behalf of the University in developing the necessary legal instruments to provide for this easement.

Upon motion of Mr. Harrod, seconded by Mr. Safford, the above recommendation was approved by unanimous roll call vote.

E. Report of Controlling Board Actions Pertaining  
to The Ohio State University

- 17 Approves the release of \$77,992 from H. B. 985, Item 315-074 (Utilities and Renovations) to award the electrical contract work for the project known as "Substation C--Underground Cable and Equipment."
- 18 Approves the expenditure of \$85,000 from the Investment Fund to purchase the property commonly referred to as the Ott Farm.

V. REPORTS

A. Report on Action Taken by Ohio Board of Regents

President Enarson reported that the Ohio Board of Regents at the meeting held February 15, 1974, approved the

New degree program Master of Arts in Black Studies submitted by The Ohio State University.

B. Report from the Insurance Committee

Mr. Devenow, as Chairman of the Insurance Committee of this Board, made the following recommendation:

I wish to recommend on behalf of this Committee and with the full support of the administration of the University, the establishment of a supplemental long-term disability program for the purpose of supplementing the disability benefits for those employees of this University who are presently within either the State Teachers Retirement System or the Public Employees Retirement System, and specifically, that the Teachers Insurance Annuity Association be awarded a long-term disability contract effective July 1, 1974,

Mr. Devenow's recommendation (continued)

at a premium rate of 21 cents per hundred dollars of payroll per year for a period of three years, subject to renewal for an additional three years based upon satisfactory performance.

In making this recommendation, I should like to point out that the need for this supplemental disability program was first brought to this Board's attention approximately three years ago by the firm of Alexander and Alexander, Inc., engaged by this Board to review the insurance program of this University. At the direction of this Board the University administration reviewed this matter and solicited the information and experience from a number of other universities, prepared the necessary bid documents and employee information, solicited bids from over forty insurance carriers, made a careful analysis of the comparative benefits versus cost, and in turn recommended that the Teachers Insurance Annuity Association be awarded this contract.

Finally, I should like to say that the Committee believes that the addition of this benefit fills a very distinct void in the current benefit package of a large segment of the employees within this University, and, accordingly, I am pleased to move the adoption of this recommendation.

Upon motion of Mr. Devenow, seconded by Mr. Safford, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

C. Report on the University's Investment Portfolio

The report dated February 22, 1974, as submitted to the Finance Committee of the Board of Trustees by Mr. Ernest W. Leggett pertaining to the University's Investment Portfolio, was received and ordered to be filed with the official records of the Board of Trustees.

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
ONE THOUSAND AND NINETY-FIFTH MEETING  
OF THE BOARD OF TRUSTEES

Lima, Ohio, April 5, 1974

The Board of Trustees met at its regular monthly meeting on Friday, April 5, 1974, at The Ohio State University Lima Regional Campus, Lima, Ohio, pursuant to adjournment.

Present: Don M. Hilliker, Chairman, William C. Safford, John H. Dunlap, M. Merle Harrod, John L. Gushman, Howard D. Sirak, and Patricia D. James.

\* \* \*

Minutes of the last meeting were approved.

\* \* \*

Mr. Hilliker expressed the appreciation and pleasure of the Board to the staff of the Lima Campus for having the opportunity to meet in such beautiful surroundings. He also stated that all of those who had the foresight, energy, and money to develop the Lima Campus were to be congratulated.

- o -

Mr. Hilliker indicated that action on the proposed rate increase for Buckeye Village which was postponed at the March 1, 1974 meeting would be taken up at the May meeting of the Board.

- o -

President Enarson concurring in the comments of the Chairman said he was pleased to be meeting on the Lima Campus which along with the other Regional Campuses are an essential part of The Ohio State University.

#### RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Francis I. Bell, County Extension Agent Emeritus in the Cooperative Extension Service; Robert Clifford Chase, Instructor in the Department of Preventive Medicine; Florence M. Harvey, Professor Emeritus in the School of Nursing; Joseph F. Haskins, Professor Emeritus in the Department of Chemistry; Paul N. Lehoczky, Professor Emeritus in the Department of Industrial and Systems Engineering; Gladyce E. Scott, Instructor Emeritus in the University Libraries; Francis Lee Utley, Professor in the Department of English; and John F. Williams, Jr., Assistant Professor in the Department of English. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

##### A. Francis I. Bell

The Board of Trustees of The Ohio State University expresses its sorrow at the death on February 19, 1974, of Francis I. Bell, County Extension Agent Emeritus in the Cooperative Extension Service.

Mr. Bell was born September 13, 1901, in Zanesfield, Ohio. He was graduated from West Mansfield High School in 1919. He received a Bachelor of Science in Agriculture degree from The Ohio State University in 1923. Additional education towards a Master of Science degree in Agricultural Economics was undertaken in 1925 and 1930 at Ohio State, in 1939 at Cornell University, plus additional work at Purdue, Wisconsin, and Colorado A & M.

RESOLUTIONS IN MEMORIAM (continued)

A. Francis I. Bell (continued)

Prior to joining the faculty of The Ohio State University on August 1, 1926, Mr. Bell was employed as vocational agriculture teacher in both Fayette and Williams Counties. His entire Cooperative Extension career was in Williams County. He retired on January 31, 1964. In 1952 and 1953, Mr. Bell served as an Extension Specialist in Agriculture with the Foreign Agriculture Service of the United States Department of Agriculture. His assignment was in India and a leave of absence was granted from the Williams County Agricultural Agent position.

Mr. Bell was a dedicated and highly respected leader in Williams County as well as among his peers within and beyond the State of Ohio. Mr. Bell was active in the affairs of the Ohio Cooperative Extension Agents' Association. He will be remembered for his contribution as an educational leader in Williams County. The impact of his leadership is felt in the dairy industry and with both agronomy and farm management education programs.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Bell its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and a copy be tendered to Mrs. Bell as sincere appreciation of the Board's realization of the loss which the family, the University, his many friends and associates have sustained.

B. Robert Clifford Chase

The Board of Trustees of The Ohio State University expresses its sorrow at the death on February 3, 1974, of Robert Clifford Chase, Instructor in the Department of Preventive Medicine.

Robert Chase was born in Piercefild, New York, on April 2, 1929. He was graduated from the University of Maine in 1953, with the degree of Bachelor of Science in Chemical Engineering. He became a member of the Society of Professional Engineers and continued to work at the University of Maine as Instructor in Engineering. He also pursued graduate studies and earned the degree of Master of Science in Chemical Engineering in 1956. He first came to The Ohio State University in 1959 and spent one year as Instructor in the Department of Chemical Engineering. He then returned to the University of Maine as Associate Professor of Chemical Engineering, from 1960 to 1964. In 1965, he returned to The Ohio State University to pursue further studies and to serve as Math Analyst at the Computer Center.

Robert Chase had a rare combination of skills in computer science and engineering and a talent for adapting these skills to needs for information science and technology in medicine. This arose not out of his formal educational background alone, but rather out of unique vision and the ability to synthesize the concepts of several fields. In October, 1966, he was invited to join the Department of Preventive Medicine, where he served with distinction to the time of his death on February 3, 1974.

RESOLUTIONS IN MEMORIAM (continued)

B. Robert Clifford Chase (continued)

In the course of his activities in the Department of Preventive Medicine, Robert Chase participated in numerous studies that resulted in scientific publications. His versatility is exemplified by the titles of his papers that include medical data processing, engineering applications in medical research, studies of human performance under stress, and the assessment of health care.

In 1969, Robert Chase was appointed Associate Director of the Biometrics Laboratory of the Department of Preventive Medicine. Together with his colleagues in the Laboratory he served over 400 faculty, students, and research fellows in the design of biomedical investigations and the analysis of research data. This devoted work was responsible for significant augmentation of the research capability of the College of Medicine and of related programs throughout the University. He also served on the Coordinating Committee of the Biomedical Engineering Center of The Ohio State University.

On behalf of the University, the Board of Trustees expresses to his family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

C. Florence M. Harvey

The Board of Trustees of The Ohio State University expresses its sorrow at the death on February 3, 1974, of Florence M. Harvey, Professor Emeritus in the School of Nursing.

Miss Harvey had been associated with The Ohio State University from 1951 until her retirement in June, 1972. In 1951 she accepted a faculty position in the School of Nursing while also assuming the responsibilities as Director of Psychiatric Nursing at Upham Hall (then the Columbus Psychiatric Institute and Hospital). While serving in this dual position, Miss Harvey, in collaboration with several others, designed and implemented a six-months nurse residency program for psychiatric nurses lasting from 1956 to 1961.

It was through Miss Harvey's efforts that a course in psychiatric nursing became an integral part of the undergraduate nursing curriculum at The Ohio State University. Prior to Miss Harvey's coming to The Ohio State University, students had had to affiliate with psychiatric institutions in Toledo, New York, and Chicago. In 1967 Miss Harvey resigned her position as Director of Nursing Service at Upham Hall to devote full-time efforts to the School of Nursing.

A native of Dover-Foxcraft, Maine, Miss Harvey earned her baccalaureate degree from Columbia University Teachers College and a Master of Education degree from The Ohio State University. From 1934 until coming here Miss Harvey had held a variety of positions in nursing including staff nurse

and head nurse positions; faculty positions in such institutions as Butler Hospital School of Nursing, Cornell University-New York Hospital School of Nursing, University of Michigan School of Nursing, and the Johns Hopkins Hospital School of Nursing; director of nursing in the Westchester Division of The New York Hospital, Henry Phipps Psychiatric Clinic (Johns Hopkins Hospital), and Spring Grove State Hospital in Catonsville, Maryland.

Miss Harvey was active in the Central Ohio League for Nursing and the Mid-Ohio District Nurses Association. She served for several years on the Nursing Service Committee of the Columbus Hospital Federation. From 1962 until 1967 Miss Harvey was a nursing service consultant to the Veterans Administration Hospitals at Brecksville and Chillicothe, Ohio. From 1952 to 1962 Miss Harvey was a member of the Nursing Service and Educational Committee of the Ohio Division of Mental Hygiene and Correction. Other professional activities included membership in the American Association of University Professors, and Sigma Theta Tau, a nursing honorary.

On behalf of the University, the Board of Trustees expresses to her family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

D. Joseph F. Haskins

The Board of Trustees of The Ohio State University expresses its sorrow at the death on December 18, 1973, of Joseph F. Haskins, Professor Emeritus in the Department of Chemistry.

Professor Joseph F. Haskins was born in St. Joseph, Michigan, August 1, 1891. He began his career in chemistry at Denison University where he obtained a B.S. degree in 1914 and the M.S. degree in 1917. After service as a First Lieutenant in the Army Air Force in World War I, he entered The Ohio State University where he worked as a Teaching Assistant while earning the Ph.D. degree in chemistry in 1922 under the supervision of the late Professor William McPherson. He then joined the faculty at the College of Wooster as an Instructor in Chemistry; he was advanced to the position of Assistant Professor in 1923, and to Professor in 1924. While at Wooster he served as Visiting Assistant Professor of Chemistry at Ohio State during the Summers of 1924, 1925, 1926, and 1927. He served as Professor of Chemistry at Wooster until 1929, at which time he joined the technical staff of E. I. du Pont de Nemours and Company, Wilmington, Delaware. At du Pont he served as a Research Laboratory Supervisor until 1936. In 1936 he accepted a position as a Special Research Chemist with the Canadian International Paper Company in Hawkesbury, Ontario. In 1942 he moved to Columbus, Ohio, to accept the position of Professor of Chemistry, a position he held until retirement in 1961 to become Professor Emeritus.

April 5, 1974 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (continued)

D. Joseph F. Haskins (continued)

Professor Haskins' research was concerned with the chemistry of cellulose and its derivatives, an area in which he made a number of inventions covered by U. S. Patents and authored several papers for publication in scientific journals. He was a co-author of textbooks and laboratory teaching manuals in General Chemistry. Dr. Haskins was a member of the American Chemical Society, Phi Beta Kappa, Sigma Xi, and Phi Lambda Upsilon.

On behalf of the University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

E. Paul N. Lehoczky

The Board of Trustees of The Ohio State University expresses its sorrow at the death on February 25, 1974, of Paul N. Lehoczky, Professor Emeritus in the Department of Industrial and Systems Engineering.

Born in Pittsburgh, Professor Lehoczky was a graduate of Case Institute of Technology in 1927. He received his Master of Science degree in 1928 and his Ph. D. degree in 1931, both from The Ohio State University. He joined the faculty of Ohio State in 1928 and was instrumental in the creation and development of the Department of Industrial and Systems Engineering. He became Chairman of the Department in 1944 and served in that position until 1964. In 1965 he retired as Professor Emeritus. He served the University in many ways, leading his Department to a position of national prominence, creating the first five-year program in Industrial Engineering and participating actively in major boards and committees.

Dr. Lehoczky's service to a variety of government and industrial agencies included appointment by President Eisenhower to a three-man fact-finding board required under provisions of the Taft-Hartley Act to inquire into the steel strike of 1959. His arbitration practice was chiefly in the steel, steel products, glass, chemical, rubber, aircraft, and metal-working industries, as well as the iron mines.

In recent years he had been a permanent arbitrator for a number of contracts including Goodyear Aerospace--United Auto Workers; White Pine Copper Co. and USW; De Havilland (Toronto) and U. A. W. ; National Electric Coil and I. W. E. ; PPG Industries and UGCWA; Hanna Mining--United Steel Workers; Pickands Mather--USW; Westinghouse E & M--International Union of Electrical Workers (work standards), and others. Earlier he served in a similar capacity for the Pittsburgh Plate Glass Co. for ten years. He was chairman of a three-man board empowered to write sections of the labor contract after a 142-day strike between Pittsburgh Plate Glass and the United Glass and Ceramic Workers. He served in a similar capacity for the Springfield, Ohio, newspapers and printing pressmen.

RESOLUTIONS IN MEMORIAM (continued)

E. Paul N. Lehoczky (continued)

On behalf of the University, the Board of Trustees expresses to his family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

F. Gladyce E. Scott

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Gladyce E. Scott, Instructor Emeritus in the University Libraries, on September 25, 1973.

Gladyce E. Scott was born December 11, 1904, in Lancaster, Ohio. She obtained a B. A. degree in 1927 from Ohio Wesleyan University where she then was employed in the library until 1928. Miss Scott attended the University of Illinois in 1929 where she earned the B. S. L. S. degree. During the Summer of 1929, Miss Scott served as a librarian at the Akron Public Library.

On September 1, 1929, Miss Scott joined the staff of The Ohio State University Libraries where she served continuously as Librarian-in-Charge of Binding until her retirement in 1968.

During her career with the University Libraries, Miss Scott contributed ideas as well as many years of service to the improvement of all technical service areas and especially the area of binding for which she was responsible. On problems of binding and collection preservation, her assistance was constantly sought, reflecting her devotion to the profession and to the University. Throughout her career, Miss Scott earned and maintained the respect of her colleagues.

On behalf of the University community, the Board of Trustees expresses to the family and friends its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family and friends as a sincere expression of sympathy and respect.

G. Francis Lee Utley

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Francis Lee Utley, Professor in the Department of English, on March 8, 1974.

Professor Utley was born in Watertown, Wisconsin, in 1907, and was a graduate of the University of Wisconsin. He received M. A. and Ph. D. degrees from Harvard, the latter in 1936.

RESOLUTIONS IN MEMORIAM (continued)

G. Francis Lee Utley (continued)

In 1935 Professor Utley joined the faculty of The Ohio State University, where he served long and brilliantly as teacher, scholar, and citizen of the academic community. He attained the rank of Professor in 1947, and in 1973 was honored by being named the first Professor of English and Folklore at this institution. Throughout his career he published frequently in the fields of medieval and modern literature, linguistics, and folklore. His best-known book was The Crooked Rib, a study of medieval stereotypes of women; but he was also the author of countless articles and notes, and the editor of a number of studies of literary figures and phenomena. At the time of his death he was working on a major research project dealing with apocryphal stories of the flood. His research had been supported by three Guggenheim Fellowships.

Professor Utley was internationally known and respected as a scholar. He was past national president of the American Folklore Society, the College English Association, and the American Name Society. He was also an officer of the Ohio Academy of Science, a member of the Executive Board of the Modern Language Association, and a fellow of the American Folklore Society and the American Anthropological Association. He lectured in Padua, Rome, Oxford, Uppsala, and Helsinki. He was instrumental in establishing the American place-name survey and the Center for Medieval and Renaissance Studies at Ohio State.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Utley its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of sympathy and respect.

H. John F. Williams, Jr.

The Board of Trustees of The Ohio State University expresses its sorrow at the death on February 11, 1974, of John F. Williams, Jr., Assistant Professor in the Department of English.

Professor Williams was born in Boston, Massachusetts, in 1939, and received his B. A. degree from Dartmouth College. He received his M. A. degree from Indiana University in 1967 and did further graduate work there. He was appointed Assistant Professor of English at The Ohio State University in 1970. Professor Williams was a member of the Modern Language Association and the American Association of University Professors.

On behalf of the University, the Board of Trustees expresses to the family and his friends its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Revision of Rule 43.02 of Rules for the University Faculty

During the past several years a number of graduate programs in this country have begun to experience a drop off in applicants and in enrollments. Because of this growing trend, more and more universities are finding it necessary to increase their recruitment efforts to sustain their current enrollment levels. With this effort many of the major institutions either have or are in the process of revising the application process to make it less onerous, including deferring the payment of an Application Fee until such a time that the students are accepted in the program.

President Enarson recommended that this University adopt a similar procedure whereby the \$10 fee for those applying to the Graduate School of this University is deferred and incorporated into the Acceptance Fee which will be increased from \$15 to \$25. The Rule which must be amended to achieve this change in fee structure is attached.

43.02. Application and Acceptance Fees.\*

Section 1. Undergraduate. Undergraduate applications for first admission to the University must be accompanied by an Application Fee of \$10. This fee is non-refundable and is not credited against any other fees charged by the University.

Section 2. A non-refundable Acceptance Fee in the amount of \$25 is assessed all students enrolling for the first time in one of the University's undergraduate degree-granting colleges or schools or University College. The Acceptance Fee is to be paid within three weeks following notification of official admission, in all cases prior to orientation, or within two weeks prior to the final date for registration.

Section 3. Professional. Professional applications for first admission to the University must be accompanied by an Application Fee of \$10. This fee is non-refundable and is not credited against any other fees charged by the University.

Section 4. A non-refundable Acceptance Fee in the amount of \$15 is assessed all students enrolling for the first time in one of the professional colleges of The Ohio State University. Payment is to be made at the time registration forms are requested.

Upon motion of Mr. Safford, seconded by Mr. Gushman, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

B. Reprinted Sections--Bylaws of the Board of Trustees and Rules for the University Faculty

Two sections of the publication--Bylaws of the Board of Trustees and Rules for the University Faculty--have been reprinted to conform with changes which have been approved by the Board of Trustees since the last publication in March, 1973.

President Enarson recommended that these two reprinted sections be accepted as the official publication of the Board of Trustees.

Upon motion of Mrs. James, seconded by Mr. Gushman, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

Personnel actions since the March 1, 1974 meeting of the Board, as recorded in the official "Salary Roll" of the University, include the following Appointments, Leaves of Absence Without Salary, and Emeritus Titles:

A. Appointments

Joseph R. Bianchine, Professor and Chairman, Department of Pharmacology, effective July 1, 1974, at a salary of \$35,208 per annum.

Samuel H. Osipow from Professor and Acting Chairman to Professor and Chairman, Department of Psychology, effective April 1, 1974, at a salary of \$25,588 per annum.

Heinz P. Pieper from Professor and Acting Chairman to Professor and Chairman, Department of Physiology, effective April 1, 1974, at a salary of \$30,648 per annum.

April 5, 1974 meeting, Board of Trustees

II. PERSONNEL ACTIONS (continued)

B. Leaves of Absence Without Salary

Anthimos J. Christoforidis, Professor, Department of Radiology, effective April 1, 1974 through April 30, 1974, for personal reasons.

Jean Rhoad, Assistant Professor, Lima Campus, effective April 1, 1974 through June 30, 1974, for personal reasons.

Gale Marie Baumgardner, Instructor, Cooperative Extension Service, effective April 1, 1974 through June 30, 1974, to participate in a program of professional improvement at Kansas State University of Agriculture and Applied Science, Manhattan, Kansas.

Bonnie Lu Stultz, Instructor, School of Nursing, effective April 1, 1974 through June 30, 1974, for personal reasons.

C. Emeritus Titles

Richard H. Baker, Department of Agricultural Economics and Rural Sociology, with the title Professor Emeritus, effective May 1, 1974.

Leland D. Schuler, Cooperative Extension Service, with the title Associate Professor Emeritus, effective April 1, 1974.

President Enarson recommended that the Appointments, Leaves of Absence Without Salary, Emeritus Titles, and personnel budget actions as recorded in the "Salary Roll" of the University be approved.

Upon motion of Mr. Dunlap, seconded by Dr. Sirak, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll," an official document of the University.

2. Establishment of Named Funds

- a. \$46,197.50 from the Estate of Beatrice M. Miller for the establishment of the Beatrice M. Miller Memorial Fund.

Beatrice M. Miller Memorial Fund

The Beatrice M. Miller Memorial Fund was established April 5, 1974, by the Board of Trustees of The Ohio State University with a bequest from the late Beatrice M. Miller, B.S. Edu. '28, M.A. '32, formerly of Warren, Ohio, to The Ohio State University through The Ohio State University Development Fund.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used for the sole purpose of pursuing a cure for cancer through The Ohio State University Cancer Research Center. The principal may be invaded to the extent of part or all of it for uses as indicated above. Disbursements are to be made upon the recommendation of the Provost of The Ohio State University.

Should The Ohio State University Cancer Research Center cease to exist through any reorganization of the University, then the income may be used by the Board of Trustees, with preference being given to the recommendations of the Provost of the University or the appropriate administrative official who is then directly responsible for cancer research.

IV. BUSINESS AND ADMINISTRATION

A. Architect or Engineer

1. Lima Campus, Phase IV

President Enarson recommended that the architectural firm of Barnes, Neiswander and Associates, Cleveland, Ohio, be employed to provide complete architectural and engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, architectural rendering, necessary bidding documents, and supervision of construction of Phase IV - Lima Campus of The Ohio State University.

April 5, 1974 meeting, Board of Trustees

IV. BUSINESS AND ADMINISTRATION (continued)

A. Architect or Engineer (continued)

1. Lima Campus, Phase IV (continued)

The fee for this service will be negotiated between the architectural firm and the Division of Public Works. The total estimated project cost is \$3,725,000.

Funds for this service have been provided from H. B. 985, Item 315-083 (Lima Branch, Ohio State University, in cooperation with the Lima Technical College).

Upon motion of Mr. Harrod, seconded by Mr. Safford, the above recommendation was approved by unanimous roll call vote.

B. Plans and Specifications

At the request of the Vice President for Business and Administration, President Enarson recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees.

1. Jackson County Area Extension Center

This center will be located in Jackson County, Ohio, and will provide agricultural extension services for nine counties in Southern and Southeastern Ohio.

Funds are budgeted in H. B. 985, Item 315-086 (Jackson County Area Extension Center).

2. Physical Education Building--Improvements (Phase I, Floor)

This project will make areas safer and more convenient for various physical activities, improve working environment for health, physical education and recreational personnel, and reduce future maintenance of heavily used facilities.

Funds are budgeted in H. B. 985 (Utilities and Renovation).

3. Vivian Hall Partial Remodeling

This project will provide for the improvements of certain laboratories, classrooms, and offices for the Department of Food Science and Nutrition.

Funds are budgeted in H. B. 985 (Utilities and Renovation).

April 5, 1974 meeting, Board of Trustees

IV. BUSINESS AND ADMINISTRATION (continued)

B. Plans and Specifications (continued)

4. Watts Hall--Masonry Repair

This project will provide relief to stresses occurring in the masonry walls and the first floor stone surround. It will also provide for the repair of cracks, broken stone, and spot pointing as a result of these stresses.

Funds are budgeted in Budget Account 125064 (Contract Repair).

Upon motion of Mr. Gushman, seconded by Mr. Harrod, the above recommendations were approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

C. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the projects listed below and the contracts were recommended for award. The action reported to the Board was as follows:

\*It was necessary to delete Alternate 3 because the total would exceed project funds authorized by the Board on December 7, 1973.

Funds for this project have been provided from Budget Account 125064 (Contract Repair) and Chemical Abstracts.

Upon motion of Mr. Gushman, seconded by Mr. Safford, the above award of contracts and expenditure of funds were approved and the action of the Vice President for Business and Administration was ratified by unanimous roll call vote.

D. Other

1. WTVN--Broadcasting Tower Lease

At the request of the Telecommunications Center and with the support of the Office of Educational Services, it was recommended that the University lease 4.728 acres of land at 2470 North Star Road to the Taft Broadcasting Company to construct a 600-foot broadcasting tower, buildings, and other related structures to properly broadcast radio and television programs.

This facility will support the transmission of a 50,000 watt signal of WOSU-FM and the signal for WTVN-Channel 6. Transmission from a single tower will prevent interference between these signals.

The lease agreement is for a term of 15 years with renewal provisions for two five-year periods. This proposed lease has been reviewed by legal counsel.

April 5, 1974 meeting, Board of Trustees

President Enarson called on Vice President Mount who presented enrollment and budgetary information on the operation of the Regional Campuses. Vice President Mount then introduced the Directors and representatives of the Advisory Committees of the Regional Campuses.

- o -

Vice President Mount called on Dr. James Biddle, Director of the Lima Campus, who spoke on the accomplishments of the Lima Campus.

- o -

Mr. Wayne Bahr, a Vietnam veteran, representing the students of the Lima Regional Campus, spoke on the opportunity of attending college locally.

- o -

Dr. David Hagar made a presentation on behalf of the faculty of the Lima Campus on the advantages of a small campus. He also discussed the opportunities available to the faculty for working with community groups.

- o -

Harriett Pughsley Williams, a graduate of The Ohio State University, who began her college career on the Lima Regional Campus expressed her appreciation for the availability of the educational opportunity at the Lima Campus. She stated that she would not have been able to go beyond high school had it not been that she could live at home and with scholarship assistance complete the first two years of college before transferring to the Columbus Campus. She is now a member of the faculty of the Lima Senior High School.

- o -

Mr. Charles H. Cook, Chairman of the Lima Campus Advisory Committee, whose association with the University encompasses 58 years, reviewed some of the accomplishments of the Lima Campus from the time classes first met in the Lima Senior High School until funds were raised in the community to get the first building constructed. He cited the financial contribution of John Galvin and the work of former Senator Ross Pepple as examples of leadership in the development of the Lima Campus.

- o -

At the conclusion of this program, President Enarson presented Mr. Cook with a citation for his many years of devoted service to The Ohio State University.

- o -

April 5, 1974 meeting, Board of Trustees

Thereupon the Board adjourned to meet Friday, May 3, 1974, at The Ohio State University Fawcett Center for Tomorrow, Columbus, Ohio, at 1:30 p.m.

ELECTION OF OFFICERS

The Chairman, Mr. Hilliker, convened the meeting of the Board of Trustees of The Ohio State University first for the purpose of electing officers for the coming year.

Dr. Sirak moved, and Mr. Gushman seconded the motion, that the following persons be nominated as officers of the Board of Trustees:

Chairman	William C. Safford
Vice Chairman	John H. Dunlap
Secretary	Edward Q. Moulton
Treasurer	Ernest W. Leggett

The Board approved, with Mr. Safford abstaining, the above slate by roll call vote.

Mr. Hilliker congratulated the new officers.

Mr. Safford thanked Mr. Hilliker and pledged that the current slate of officers would attempt to carry on in the same manner as the officers in the past.

Mr. Hilliker said, "Thank you, Bill. You know our President has an expression that I've always thought well of. When something goes well with him, he says he feels comfortable (I assume if something doesn't go well, he feels uncomfortable) and I can truthfully say that with Bill Safford and Jack Dunlap, I feel comfortable and I know I speak for the Board."

The Board of Trustees recessed and the Board of Control meeting was convened.

The meeting of the Board of Trustees was reconvened following the meeting of the Board of Control.

MR. HILLIKER'S STATEMENT

Mr. Hilliker made the following statement:

Speaking as Chairman of this Board I would like to make about an hour's speech. Seriously, it's been an easy year for me, I guess because it's been a quiet year. I want to give special thanks to the gentleman on my right [President Enarson] who has been a great help. He has a very capable Staff and its members have been most cooperative. I want to thank the gentleman on my left [Secretary Moulton] because he has a very effective under-the-table jab when I get out of line, and I say, Bill, to you that Ned Moulton will keep you on the straight and narrow. He's essential.

Mr. Safford: "I need that."

May 3, 1974 meeting, Board of Trustees

MR. HILLIKER'S STATEMENT (continued)

I'd like to thank Mrs. Smith for such a splendid job of recording the minutes of these meetings and getting me to sign on the right line.

This marks my eighth year of service on this Board, and for seven of those years I read in the papers and I heard about all of the secret meetings that the Board of Trustees have had in smoke-filled rooms, all the decisions that were made and were 'cut and dried' when we got to this point. And I made up my mind that this year you would not hear about secret meetings for two reasons: (1) we didn't have any, and (2) the reason we didn't have any is because we worked through a system of committees which I felt would bring the members of the Board into a better working relationship with the administration and with faculty and with students. Now it's not easy for Board members like Pat James to get up at seven o'clock in the morning and drive down from Cleveland or Mr. Safford to drive from Cincinnati. Everybody is busy, and I want to express really and truly and sincerely my appreciation to all of you who have made the committee system work. I'd like to thank Jack Dunlap who chaired the OARDC Committee and Mr. Abercrombie and Mr. Safford who were members. I want to thank Jack Gushman, who chaired a particularly difficult committee responsibility, the Educational Affairs Committee, and did an outstanding job along with the other members Dr. Sirak, Mrs. James, and Jack Dunlap. I want to thank Merle Harrod for chairing the Buildings and Grounds Committee, and I can assure you that he asked some very searching questions in this connection; and he, in conjunction with Mr. Devenow and Mr. Gushman, has done a fine job. I want to thank Mr. Devenow, who unfortunately could not be here for chairing the Insurance Committee, along with Mrs. James and Dr. Sirak who were members of that committee. And finally I want to thank Mr. Safford for chairing the Finance Committee, along with its members Mr. Harrod and Mr. Dunlap, and Dr. Sirak, and I've got news for you--if you don't listen to this man when it comes to financial matters you're going to be in trouble.

I also want to say a word about Mr. Shocknessy, who is not at the meeting today and who I am told will not be here. This marks the end of the ninth year of Jim's association with this Board. Jim and I have not always agreed on every subject, and I think this is constructive. (I don't think there is anything worse than a rubber stamp.) I wanted to tell him that I forgave him all of his many sins with one exception, the 1935 Ohio State-Notre Dame game. Mr. Shocknessy, probably as much as any Board member faced the full gamut of problems that have and will continue to confront a large and complex university. I can recall when he came on this Board in 1965 the big issue, and it was a very emotional issue, was the speaker's rule on campus. It was getting a little bit out of bounds and there were about three Lantern extras a day, and as I recall, I believe it was largely due to Mr. Shocknessy that the issue was met head-on, a few heads were butted together, and it was resolved, and resolved correctly. Soon after that the Board was confronted with the possibility of building the new President's house. That was only good for two Lantern extras a day. But this

May 3, 1974 meeting, Board of Trustees

MR. HILLIKER'S STATEMENT (continued)

issue was resolved with Mr. Shocknessy's help. Of course, we all recall with little enthusiasm the campus disruptions in 1970, which I think was one of Ohio State's dark hours. I suppose some things came out of it that were good, but a lot of things that came out of it were not good. Hopefully, however, we all became more understanding of each other's problems, the lines of communication opened up to a greater degree, and we all learned to compromise more. I pray to the good Lord that this situation will never arise again where rocks and obscenities become a way of life on this campus, and I don't think they will. It was during Mr. Shocknessy's term as Chairman that this Board was faced with selecting a replacement for Dr. Fawcett. I don't have to tell you that that was handled effectively and expertly, the living proof sits to my right [President Enarson]. I'm sorry that Mr. Shocknessy is not here, however I want to say for the record, on behalf of this Board, and I know I speak for the entire University community, we all appreciate the many hours of his devotion to this University. He'll be missed. Mr. President, that concludes my hour's speech.

PRESIDENT ENARSON'S STATEMENT

President Enarson made the following statement:

It's been a joy to work with Don Hilliker and I know it's going to be an equal joy to work with Bill Safford. Mr. Hilliker doesn't scare easily--he doesn't move into frenzy and excitement when he reads of some new disaster in the morning issue of the Lantern. His motto has been, 'If Harold has a problem, he'll call.' And I think, Don, your secretary and mine can testify to the fact that there have been those calls. One of my frustrations, among many, is the difficulty in clarifying for the University community what the Trustees do and don't do and that they operate necessarily at a certain level of abstraction, at least the good ones do. They do not meddle in detail, but they do share a responsibility in the main for policy-making. In an attempt to kind of warm-up for today and this moment of transition, I tried to find a good definition of what Boards of Trustees do, and I discovered that the Ohio law was no help. Indeed, it was a positive discouragement to me, because it provides that the Trustees 'hold and administer' our dollars, 'supervise and control' our property, and 'elect and remove' the President. That's as far as I read. The former President of Harvard University, Nathan Pusey, didn't quite capture it when he used to say that the function of a member of the Board of the Harvard Corporation was to see that the University was properly staffed and that the bills were paid. And, indeed, my friend, Logan Wilson, the former President of the American Council on Education, missed it too when he said and I quote, 'The basic function of institutional trustees is commonly conceived as that of representing the best interests of the outside world intramurally, and of the academic community, in turn, to the larger community,' or, if you will,

May 3, 1974 meeting, Board of Trustees

PRESIDENT ENARSON'S STATEMENT (continued)

'to act as buffers against misconceived or improper influences.' Well, of course, the Board of Trustees is all of those things and more. It involves asking necessarily probing questions of the University administration, of offering sage advice particularly in the business area to professional educators that don't know the Dow Jones average, wouldn't know how to read it if they knew where to find it in the newspaper, and more often than not, offering a friendly shoulder to cry on. But I think, the dimension of this job that strikes me as most crucial is really in many ways that you gentlemen are, and must be, the conscience of the community as you look at this enterprise. I am sorry that Jim isn't here to hear me say this, but I think Mr. Shocknessy has a good, clear grasp of that particular, distinctive role.

MR. DUNLAP'S STATEMENT

Mr. Dunlap made the following statement:

Mr. Chairman, before Harold moves into his agenda, I'd just like to add, and I guess I'm the third oldest person with reference to seniority in this group now, that I think Don is a little modest. I think he's done a tremendous job, and we all know that he had some difficult problems. And I told his wife, who I'm sure is, as is mine, his severest critic, that I thought he had done one heck of a good job. He organized the present committee system, which has worked beautifully, and they say if you want to get a job done, give it to a busy man. Well, he's probably as busy or maybe the busiest in this group. And, I think he's done a terrific job, and I want that to go on the record, and I think we all feel that way about it.

And I would like to say a word about Jim. I didn't know him until I was appointed to the Board. And about ten minutes after the Governor called to appoint me, Jim called to congratulate me. We've had our ups and downs, but I think he's a very conscientious member of this Board, and I think he's done a terrific job on behalf of this Board. I have enjoyed working with him.

The above statement was duly seconded and passed by acclamation.

INTRODUCTION OF LEADERS OF THE STUDENT BODY

May 3, 1974 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Richard L. Canary, Instructor in the Department of English, and Wilbert Cathmore Ronan, Professor Emeritus in the School of Architecture. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Richard L. Canary

The Board of Trustees of The Ohio State University expresses its sorrow at the death of Richard L. Canary, Instructor in the Department of English, on March 21, 1974.

Mr. Canary was born on April 11, 1910, in Bowling Green, Ohio. He attended the Bowling Green public schools and obtained a B.A. degree from Denison University in 1931. He was for a number of years a sales representative, first for Meredith Publishing Company and later for several tire companies, including B. F. Goodrich, Kelly-Springfield and Dunlop. During World War II he served for three years in the U. S. Navy, rising to the rank of Lieutenant Commander.

Mr. Canary resumed his education in 1963 at The Ohio State University, receiving both a B.S. Ed. and a M.A. in 1966. After two years of teaching at Groveport High School, he joined the teaching staff of the English Department of The Ohio State University where he continued until his death. He was a conscientious and dedicated teacher and colleague whose wide experience in the non-academic world stood him in good stead in the classroom and in the administrative duties he performed cheerfully and well.

On behalf of the University community, the Board of Trustees expresses to the wife and family of Mr. Canary its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of sympathy and respect.

B. Wilbert Cathmore Ronan

The Board of Trustees of The Ohio State University expresses its sorrow at the death on December 7, 1973, of Wilbert Cathmore Ronan, Professor Emeritus in the School of Architecture.

Born in Ottawa, Canada, Professor Ronan received the degree of C. E. in Architecture from The Ohio State University in 1910. In 1913 he earned a B.S. in Architecture from the University of Pennsylvania, earning a prize in the decorative arts, a parallel area of study which later became his lifelong avocation. He joined the faculty of the School of Architecture in 1913 and served as a member of the teaching faculty until his retirement in 1957. From 1945 to 1950 he served as Professor and Chairman of the School of Architecture. His principal areas of teaching were the history of architecture, architectural design, and the decorative arts. He authored or co-authored many books and articles on architectural drawing and

stained glass. In 1955 he was one of nine teachers in architectural education in the United States cited by the College of Fellows of the American Institute of Architects for his "effectiveness in teaching."

Professor Ronan was a scholar, possessed of splendid reading and writing skills in Greek, Latin, French, German, and Spanish. His personal studies took him to all parts of the United States and Europe. His knowledge and excellent personal collections of fine Oriental carpets and stained glass, together with his extensive collection of color slides, kept him in constant demand as a lecturer throughout Ohio. A practicing registered architect, he was responsible for the design of many notable buildings in central Ohio, including buildings on the campus of Kenyon College and at Kent State University. He was twice president of the Columbus Chapter of the American Institute of Architects. Upon his retirement, Professor Ronan was appointed a Whitney Visiting Professor in the Humanities, a program of awards sponsored by the John Hay Whitney Foundation.

On behalf of the University, the Board of Trustees expresses to his family its deepest sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of a Department of Art Education

Upon the recommendation of the College of The Arts, the College of Education, and the Council on Academic Affairs, the University Senate on April 9, 1974, approved departmental status for the Division of Art Education.

Presently the Division of Art Education offers programs leading to a Bachelor of Art Education, Master of Arts, and Doctor of Philosophy degrees. The Division is presently teaching over 1,300 credit hours each quarter, including Summer Quarter. Thus this Division meets all criteria to be an academic department under Rule 13.0501.

President Enarson recommended that a Department of Art Education be established effective July 1, 1974, in accordance with the University Senate's recommendation.

Upon motion of Mr. Safford, seconded by Mr. Harrod, the Board of Trustees approved the above recommendation by unanimous voice vote.

I. GENERAL RECOMMENDATIONS (continued)

B. Establishment of a Division of Hebrew Language and Literature

The University Senate at its meeting April 9, 1974, approved the establishment of a Division of Hebrew Language and Literature, effective July 1, 1974.

The Hebrew program at Ohio State is considered to be among the best undergraduate Hebrew programs in the United States, because of its academic content, its teaching staff, and the scholastic achievement of its students.

In the present academic year, 1973-1974, a new Designated Professorship of Hebrew was established. This Professorship was made possible by a grant of \$100,000.

Presently twenty-eight courses are being offered through this program. Approval of a Division of Hebrew Language and Literature does not preclude development in the future for some combination of Hebrew/Arabic/Islamic offerings. The criteria for the establishment of a Division have been met in the proposal.

President Enarson recommended that a Division of Hebrew Language and Literature be established as recommended by the University Senate.

Upon motion of Mr. Dunlap, seconded by Mrs. James, the Board of Trustees approved the recommendation by unanimous voice vote.

C. Rental Rates for Buckeye Village

At the March 1, 1974 meeting of the Board of Trustees, President Enarson recommended certain changes for Residence Hall Room and Board rates. A rate increase for Buckeye Village apartments was included in this proposal. Mr. William Goslee, representing an ad hoc group of Buckeye Village residents, spoke in opposition to the proposed rent increase as submitted by the Office of Residence and Dining Halls for the Buckeye Village apartments and presented a petition to this effect.

Chairman Hilliker requested that action on this proposal be deferred to a later meeting so that this request might be restudied.

Dr. Armitage, Vice President for Student Services, has now supplied additional information further justifying the rent increase based on cost figures for the operation of these housing units.

President Enarson recommended that the rates for Buckeye Village apartments be as follows, effective July 1, 1974:

May 3, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Rental Rates for Buckeye Village (continued)

	<u>Current</u>		<u>Proposed</u>	
	<u>Year</u>	<u>Month</u>	<u>Year</u>	<u>Month</u>
One Bedroom	\$1,128	\$ 94	\$1,188	\$ 99
Two Bedroom	1,428	119	1,500	125

Upon motion of Mr. Safford, seconded by Mr. Gushman, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

D. Naming of Building

Upon the recommendation of the Vice President for Regional Campuses, and with the concurrence of the President's Staff, President Enarson recommended that University College Building No. 13, located at 1050 Carmack Road, be designated "West Hall" until such time as a suitable memorial name is selected.

The new facility will be occupied this spring and contains the administrative offices of University College including University College student academic advisors, laboratories, and classrooms for instruction for the Departments of Physics, Political Science, Theatre, and Geology as well as faculty offices and an auditorium with a seating capacity of 312.

This recommendation is in accordance with the Bylaws of the Board of Trustees.

Upon motion of Mr. Safford, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

E. Quarterly Review of Current Funds Budget  
(Quarter Ended March 31, 1974)

The third quarter of the current fiscal year ending March 31 is presented to you for your consideration and approval. You will note from the accompanying income and budget statements that no significant change from the previous quarter has been experienced during this period. There have been some increases in the volume of activities conducted within the University. Also, greater income than anticipated is being realized from the endowment, grants and contracts, and private gifts. The decrease in the budget of the Dairy and Meats Laboratory reflects a phase-out of the Dairy Laboratory's commercial activities. The change in the Intercollegiate Athletics budget is attributable to a change in bookkeeping procedures.

A. Z. Larison/Local 683 I. B. E. W. Scholarship Fund

The A. Z. Larison/Local 683 I. B. E. W. Scholarship Fund was established May 3, 1974, by the Board of Trustees of The Ohio State University, with a gift from the membership of the International Brotherhood of Electrical Workers, Local 683, Columbus, Ohio, to commemorate the memory of Mr. A. Z. Larison, the first Business Manager of Local 683.

The original gift, and all subsequent gifts, are to be invested in The Ohio State University's Permanent Endowment Fund under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income from this fund is to be used to provide scholarships awarded on the bases of need and merit to sons, daughters, and wards of members of Local 683 of the International Brotherhood of Electrical Workers. The University's Student Financial Aids Committee is to evaluate applicants and make the selections annually. The awards are renewable annually through four years of undergraduate study.

IV. BUSINESS AND ADMINISTRATION

A. Architect or Engineer

1. University Hospital, Air Conditioning Improvements

President Enarson recommended that the engineering firm of W. E. Monks, Columbus, Ohio, be employed to provide complete engineering services required including preliminary, basic and final bidding documents and cost estimates.

May 3, 1974 meeting, Board of Trustees

IV. BUSINESS AND ADMINISTRATION (continued)

A. Architect or Engineer (continued)

1. University Hospital, Air Conditioning Improvements (continued)

The fee for this service will be negotiated between the engineering firm and the Division of Public Works. The total estimated project cost is \$303,570.

Funds for this service have been provided from Budget Account 960200 (Hospital Rotary).

Upon motion of Mr. Safford, seconded by Mr. Gushman, the above recommendation was approved by unanimous roll call vote.

B. Plans and Specifications

At the request of the Vice President for Business and Administration, President Enarson recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees.

1. Mahoning County Area Extension Center

This center will be located in Canfield, Ohio, and will provide agricultural extension services for the nine-county area of Northeastern Ohio and for the Mahoning County Extension Office.

Funds are budgeted in H. B. 985, Item 315-087 (Mahoning County Area Extension Center).

2. Mansfield Campus--Recreational Facility

This project will provide two tennis courts and one multi-purpose court for basketball and volleyball. At present there is no recreational facility of this type on the Mansfield Campus.

Funds are budgeted in Budget Account 801299 (Mansfield Recreation Courts).

3. Means Hall--Renovation of Elevators

This project will provide for replacement of two passenger elevators and one freight elevator with a passenger elevator. The existing elevators were installed in 1948 for the Tuberculosis Hospital.

Funds are budgeted in Budget Account 801297 (Means Hall Elevators).

IV. BUSINESS AND ADMINISTRATION (continued)

B. Plans and Specifications (continued)

4. Parking Lot Renovation--Eleventh and Worthington Avenues

This project will provide compatible grading plans to expand the number of existing parking spaces.

Funds are budgeted in Budget Account 801292 (Parking Lots West Tenth - West Eleventh Avenues).

5. Evans Laboratory - Ventilation (Phase I, First Floor)

This project will improve the ventilation of the first floor laboratories for the purpose of eliminating safety hazards to students and all University personnel.

Funds are budgeted in H. B. 985, Item 315-074 (Utilities and Renovation).

Upon motion of Mr. Harrod, seconded by Dr. Sirak, the above recommendations were approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

C. Report of Award of Contracts

In accordance with authorization provided by the Board of Trustees, bids were taken on the projects listed below and the contracts were recommended for award. The action reported to the Board was as follows:

V. REPORTS

A. Report of Auditor of State - The Ohio State University Hospitals

The Annual Report of the Auditor of State for The Ohio State University Hospitals for the fiscal year 1971-1972 has been received and reviewed by the appropriate officers of the University.

The accounts, records, files, and reports of The Ohio State University Hospitals were found to be in order with a limited number of exceptions which have since been accommodated.

President Enarson recommended that this Report of the Auditor of State for the fiscal year 1971-1972 for The Ohio State University Hospitals be received and filed with the official documents of the University.

Action on the foregoing recommendation was deferred until the June meeting.

B. Report on the University's Investment Portfolio

The report dated April 26, 1974, as submitted to the Finance Committee of the Board of Trustees by Mr. Ernest W. Leggett pertaining to the University's Investment Portfolio, was received and ordered to be filed with the official records of the Board of Trustees.

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Clarence C. Bowen, Associate Professor Emeritus in the Department of Agricultural Economics and Rural Sociology; Lawrence Francis Hill, Professor Emeritus in the Department of History; William E. Linch, University Architect Emeritus; Richard C. Miller, Professor Emeritus in the Department of Agricultural Engineering; and Gates S. Vickers, Assistant Professor Emeritus in the Cooperative Extension Service. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Clarence C. Bowen

The Board of Trustees of The Ohio State University expresses its sorrow at the death on May 4, 1974, of Clarence C. Bowen, Associate Professor Emeritus in the Department of Agricultural Economics and Rural Sociology.

Professor Bowen was born on August 16, 1909, in Montpelier, Ohio, where he graduated from high school in 1926. Following graduation from high school, Professor Bowen entered Ohio State University and received his Bachelor of Science degree with a major in agricultural education in June of 1930. In the autumn of that year he accepted a position as instructor of vocational agriculture at Cheshire High School, a position he held until 1935. In 1935 he accepted a similar position at St. Paris and Rosewood High School, a position he held until 1939. In 1939 he became a vocational agriculture instructor at Covington High School and held this position until 1943. During the period 1943-1947, he was a technician with the Western Ohio Breeders Association. In 1943, he became a livestock marketing county agriculture agent in Preble County, Eaton, Ohio. He held this position until 1959. In 1959, he accepted a position in the Department of Agricultural Economics and Rural Sociology at Ohio State University as a livestock marketing specialist. He held this position until his retirement in 1973.

During the period of his association with the Department of Agricultural Economics and Rural Sociology at Ohio State University, one of his most significant contributions was the development, demonstration, and evaluation of carcass weight and grade selling of beef and hogs in Ohio. He worked closely with Ohio meat packers and livestock market operators. He was a co-author of the Cooperative Extension Service Bulletin, "Auction Selling of Slaughtered Cattle on a Carcass Basis--An Alternative Approach." This publication had a major impact in Ohio and was reprinted primarily because of the unexpected demand from other states throughout the United States. Professor Bowen was really an agent of change in the livestock industry in Ohio and because of his work there has been a large increase in the proportion of Ohio beef and hogs sold on a weight and carcass grade basis. The livestock marketing industry and consumers generally are benefiting from the work he did in this area.

RESOLUTIONS IN MEMORIAM (continued)

A. Clarence C. Bowen (continued)

In 1967 through a program sponsored by the Agency for International Development of the USA, Professor Bowen served three months as a consultant to the Brazilian Meat Type Hog Production and Marketing Program in Brazil. In this capacity, he was responsible for developing a meat type hog production and marketing program for this nation.

Professor Bowen was a member of Gamma Sigma Delta, the honor society of agriculture, the American Economics Association, the Ohio Pork Improvement Association, and the American Agricultural Economics Association.

On behalf of The Ohio State University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to the family as a sincere expression of the Board's realization of the loss which the family and the University have sustained.

B. Lawrence Francis Hill

The Board of Trustees of The Ohio State University expresses its sorrow at the death on May 6, 1974, of Lawrence Francis Hill, Professor Emeritus in the Department of History.

Professor Hill was born in Bivins, Texas, November 19, 1890. He received a B.S. degree from West Texas State College in 1915; an A.B. degree in 1919, a M.A. degree in 1921, and a Ph.D. degree in 1923, all three from the University of California at Berkeley. He was an Assistant Professor of History at East Texas State College, 1919-1920, and was appointed Assistant Professor of History at The Ohio State University in 1922. He was promoted to the rank of Associate Professor in 1927 and to Professor in 1933, which position he held until 1959 when he became an Emeritus Professor. He also served as Acting Chairman of the Department of History for the year, 1948-1949. He held summer appointments at the University of Nevada, 1921, University of Michigan, 1927 and 1942, University of Colorado, 1932, and Duke University, 1939. Following retirement, he taught at Southern Illinois University, the University of Kansas, and the University of Denver. During World War II he served as an adviser to the Office of Strategic Services from 1941 to 1945, and in 1944 he went to Brazil on a cultural mission for the Department of State.

Professor Hill was recognized as one of the prominent American scholars regarding the affairs of Brazil, and his volume entitled Diplomatic Relations Between the United States and Brazil, published in 1932 by the Duke University Press, has remained the outstanding study of this subject. He was the author of three other books: Jose de Escandon and the Founding of Nuevo Santander; The Confederate Exodus to Latin-America; and Brazil. In addition he contributed a score of articles to scholarly periodicals and reviewed more than one hundred books for professional journals.

Professor Hill was a member of the Mississippi Valley Historical Association, the Conference of Hispanic American History, the Society of American

Historians, the Ohio Historical Society, and the American Historical Association, in which he played an active role. At the time of his retirement he was Chairman of the Latin American Conference of the American Historical Association. Professor Hill was elected an honorary member of Phi Beta Kappa.

As a valued member of the Faculty of the Department of History for thirty-seven years, Professor Hill was a warm-hearted, interested, cordial, and candid adviser of many students. As a teacher, he was very exacting and his students were superbly trained. He possessed a vigorous, crisp personality. Before he attended college he worked as a ranchman in West Texas and at one time he played semi-professional baseball. Rugged characteristics and skills developed during these early years remained with him throughout his life. After retirement and post-retirement teaching, he made his home in Colorado.

On behalf of the University, the Board of Trustees expresses to the family and his friends its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

C. William E. Linch

The Board of Trustees of The Ohio State University expresses its sorrow at the death on May 25, 1974, of William E. Linch, University Architect Emeritus.

Born November 21, 1895, in Steubenville, Ohio, Mr. Linch graduated from The Ohio State University, June, 1921, with the degree of Bachelor of Architectural Engineering. During his school years he was President of Strollers Dramatic Club and was a member of the Glee Club, Scarlet Mask, and Alpha Tau Omega fraternity.

Prior to his University service, Mr. Linch was employed by the architectural firms of York and Sawyer in New York and Robert S. Harsh Associates in Columbus. During the years 1930 through 1944 he served in the Office of the State Architect and from 1945 to 1956 was a member of the firm of Sims, Cornelius, and Schooley.

In February, 1956, Mr. Linch was appointed University Architect to succeed retiring Professor Howard Dwight Smith. As University Architect, Mr. Linch was a member of the Council on Business Affairs, chaired by the Vice President and Business Manager. Under his leadership, 71 buildings on the campus were constructed, remodeled or received major additions. During this period, the increased volume of construction forced a gradual shift of design work to off-campus architectural firms, with some design work continuing in-house. In this capacity, he gained the respect and admiration of the prominent professional and nonprofessional associates in the construction industry.

RESOLUTIONS IN MEMORIAM (continued)

C. William E. Linch (continued)

Mr. Linch retired from full-time service, effective July 1, 1966, and continued to serve the University as a Consulting Architect until December, 1969.

His many professional and community affiliations included membership in the First Community Church, the Downtown Rotary Club, the Players Club, the Faculty Club, the American Institute of Architects, and the Association of University Architects. Mr. Linch was one of a very select group of men to have been given the 33rd degree in Masonry and was a member of the Scottish Rite and Aladdin Temple Shrine.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Linch its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and that a copy be tendered to Mrs. Linch as sincere appreciation of the Board's realization of the loss which the family, the University, his many friends and associates have sustained.

D. Richard C. Miller

The Board of Trustees of The Ohio State University expresses its sorrow at the death on April 20, 1974, of Richard C. Miller, Professor Emeritus in the Department of Agricultural Engineering.

Professor Miller was born in Jackson, Minnesota, on January 6, 1892. He began his career in Agricultural Engineering at Iowa State University where he received his B.S. degree in 1916. In the fall of 1916, he was employed as Extension Specialist in the Agricultural Engineering Department at The Ohio State University. This was followed by an Instructorship in the Department of Agricultural Engineering at Iowa State University, Ames, Iowa. In 1918, he entered military service and served as a Second Lieutenant in the Army Engineers Corps in France until the Spring of 1919. He then taught Mathematics, History, Drawing, and Agriculture in the Iowa Public School System from 1919 to 1923. He then joined the faculty at the North Dakota Agriculture College where he was instrumental in developing the Agricultural Engineering Department, as well as conducting research, teaching, and extension programs in Agricultural Engineering. In 1930, Professor Miller returned to The Ohio State University where he conducted a very active program of teaching, research, and extension in the Agricultural Engineering Department. He held this position until his retirement in 1962 to become Professor Emeritus.

Professor Miller was recognized as an outstanding teacher who managed to teach students how to "think." He was also recognized as a leader and a pioneer in research dealing with the artificial drying of crops such as ear corn, shelled corn, and alfalfa hay. He authored numerous technical papers, building plans, fact sheets, and popular articles on his work. Professor Miller was a member of the American Society of Agricultural Engineers, the American Society of Engineering Education, the Ohio Society of Professional Engineers, Tau Beta Pi, and Gamma Sigma Delta.

RESOLUTIONS IN MEMORIAM (continued)

D. Richard C. Miller (continued)

An OSU Agricultural Engineering "R. C. Miller Award" was established in 1972 to honor Professor Miller. The award is supported by gifts by former students, alumni, faculty, and friends of Agricultural Engineering. The award is given annually to the Junior in Agricultural Engineering who best exemplifies the mental qualities which Professor Miller sought to develop in his students.

On behalf of the University, the Board of Trustees expresses to his family its deepest sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heart-felt sympathy in its bereavement.

E. Gates S. Vickers

The Board of Trustees of The Ohio State University expresses its sorrow at the death on April 17, 1974, of Gates S. Vickers, Assistant Professor Emeritus in the Cooperative Extension Service.

Mr. Vickers was born on December 2, 1895, in Canajorie, New York. He received a Bachelor of Science in Agriculture degree from New Mexico State University in 1917. Following the receipt of a Master of Science degree from Cornell University in 1920 he joined the faculty at The Ohio State University as an Extension Poultry Specialist, a position he retained for seven years. In 1927 he joined the Ohio Poultry Improvement Association, a group responsible to the United States Department of Agriculture for poultry breeding and disease control work in the State of Ohio. Later he organized an industry-wide trade association, The Ohio Poultry Association, and served as its Executive Secretary. On July 1, 1961, Mr. Vickers rejoined The Ohio State University as an Assistant Professor and Extension Poultry Specialist, a position which he retained until retirement in 1966.

During his career in Ohio, Mr. Vickers instituted a certification program for the breeding value and disease control methods used in hatchery flocks that supplied the farmer with chicks for his farm production operation. Under his leadership the hatchery industry in Ohio led the nation in solving one of the major disease problems transmitted through the egg to the chick from the breeder flocks. Mr. Vickers was the co-author of the widely used textbook on hatchery management and as an Extension Poultry Specialist conducted an intensive program for determining the costs of egg production in Ohio that was one of the most comprehensive projects of its kind in the United States. Mr. Vickers was a dynamic speaker and writer and was considered to be a national authority on disease control problems of the hatchery industry.

On behalf of the University community, the Board of Trustees expresses to the family of Mr. Vickers its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and a copy be tendered to Mrs. Vickers as sincere appreciation of the Board's realization of the loss which the family, the University, and his many friends and associates have sustained.

June 14, 1974 meeting, Board of Trustees

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of School of Public Administration

Upon the recommendations of the College of Administrative Science and the Council on Academic Affairs, the University Senate on May 14, 1974, approved the change in status for the Division of Public Administration to the School of Public Administration, effective July 1, 1974.

The Division of Public Administration was established July 1, 1968, to provide a professional school of public administration in a state-assisted institution of higher education in Ohio in accordance with the Master Plan for State Policy in Higher Education. The committees originally formed to study the need for education in public administration recommended a broad interdisciplinary curriculum that integrated contributions from many disciplines and fields in the graduate professional education of public administrators. Undergraduate programs were not included within the scope of the Division program as either originally or presently contemplated since current needs are best served by graduate instructional programs. Following the establishment of the Division, three graduate degree programs were approved: M. A., M. P. A., and Ph. D., with a field of specialization in Public Administration.

Since its inception this program has experienced a dramatic growth. Presently more than 170 graduate students are enrolled within the Division with over 3,000 student credit hours being taught in 1973-74.

President Enarson recommended that a School of Public Administration be established, effective July 1, 1974, in accordance with the University Senate's recommendation.

Upon motion of Mr. Gushman, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

B. Establishment of an Associate of Arts Program

Upon the recommendations of the Senate of the Colleges of the Arts and Sciences and the Council on Academic Affairs, the University Senate approved the establishment of an Associate of Arts program at the meeting May 14, 1974.

The Associate of Arts Certificate will be awarded upon recommendation of the Faculty of the Arts and Sciences with the approval of the University Senate and the Board of Trustees.

The student will have a great deal of flexibility in designing an Associate of Arts program commensurate with his interests and abilities. It will signify a half-way point in the progression toward a baccalaureate degree only if the student, in consultation with his adviser, includes in his Associate of Arts

I. GENERAL RECOMMENDATIONS (continued)

program those foundational courses (programmatic prerequisites) needed to enable him to move without delay into the upper division portion of his program.

Awarding of the Associate of Arts Certificate in no way relieves the student of the responsibility to meet all University requirements, College requirements, and major program requirements of the baccalaureate program of his choice.

President Enarson recommended that an Associate of Arts program be established, effective upon the approval of the Board of Trustees, in accordance with the University Senate's recommendation.

Upon motion of Mr. Gushman, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

C. Establishment of New Rule 29.2733 and Revision of Rules 28.01, 28.05, 28.07, 28.19, 29.2701, 29.2705, 29.2711, and 29.2721

The University Senate, at its meeting on May 14, 1974, approved changes in three Rules for the University Faculty, 29.2701 (Council on Academic Affairs), 29.2705 (Library Council), and 29.2721 (Committee on Academic Misconduct), relating to the membership, qualifications, and the manner of selecting the members on these Councils and Committee.

At this meeting held May 28, 1974, the University Senate approved the adoption of a new Rule 29.2733, establishing a Committee on Faculty Compensation and Benefits. At the same Senate meeting revisions were approved relating to the University Senate: 28.01 (Membership); 28.05 (Representation and Methods of Selection); 28.07 (Alternate Members); 28.19 (Committees); and 29.2711 (membership and the qualifications for service on the Athletic Council).

President Enarson recommended that the Rules for the University Faculty, as amended by the University Senate, be approved.

Upon motion of Mr. Harrod, seconded by Mr. Gushman, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

D. Honorary Degrees

Upon the recommendation of the Committee on Honorary Degrees, the University Senate at a meeting on May 14, 1974, approved and recommended to the Board of Trustees the following four persons for the honorary degrees as indicated:

Milton Arthur Caniff	Doctor of Humane Letters
Joseph Sandy Himes	Doctor of Science
Walter R. Krill	Doctor of Science
Robert M. Zollinger	Doctor of Science

Establishment of New Rule 29.2733 and Revision of Rules 28.01, 28.05, 28.07, 28.19, 29.2701, 29.2705, 29.2711, and 29.2721

The University Senate in meetings held on May 14, 1974 and May 28, 1974, approved the establishment of a new Rule 29.2733 and the revision of Rules 28.01, 28.05, 28.07, 28.19, 29.2701, 29.2705, 29.2711, and 29.2721 of Rules for the University Faculty. The text of the new Rule and sections of each Rule as modified are as follows:

29.2733. Committee on Faculty Compensation and Benefits.

4. In the event of a concurrent vacancy during the term of both the elected Student Member and his/her Alternate, the President with the advice and consent of his/her respective Council or governing body shall appoint a student from the Member's constituency.

- o -

28.07. Alternate Members.

- c. A Student Member shall designate an Alternate from his constituency in the following way:
1. The Student's runner-up in his/her Senatorial election shall be declared his/her Alternate by his/her Council or governing body.
    - a. In the event of a vacancy in the Alternate's position during the year the Student Member shall designate one from his/her constituency with the advice and consent of his/her Council or governing body.
  - d. Non-voting members (see Rule 28.01.b.) shall designate their Alternates from their respective constituencies or offices.

- o -

28.19. Committees.

1. Steering Committee

The Steering Committee shall consist of 13 members apportioned as follows: 6 Faculty, 1 elected Dean, 2 Administrators, and 4 Students. The Faculty representatives, 3 of whom shall be elected each year, and the elected Dean shall serve two-year terms and be ineligible for immediate re-election. The Student members shall serve one-year terms but be eligible for election to a second term. The representatives from the Administration shall be the Provost and the Vice President for Business and Administration. The (elected) members of the Steering Committee shall be chosen as follows:

The Faculty Membership shall nominate a slate of at least 3 and no more than 6 faculty representatives.

The representatives of the Administration shall nominate at least 1 and no more than 2 Deans when a new representative is to be elected.

The four Student Members shall be as follows:

- 1 The President of the Inter-Professional Council
- 1 The President of the Council of Graduate Students
- 1 The President of the Undergraduate Student Government
- 1 1 Elected from the Undergraduate Student Membership of the Senate

A special meeting of Members selected to serve for the following academic year shall be held in June for the purpose of electing the members of the Steering Committee. Written nominations shall be sent to the Membership at least seven days prior to this meeting. The Membership of the new Senate shall elect the Committee members from among these nominees and voting shall be by written ballot. For the period of time beginning with this election and ending with the start of the Autumn Quarter there will be two Steering Committees.

The Steering Committee shall select its Chairman from among the 6 faculty members of the Committee, and he shall serve for one year.

- o -

29.2701. Council on Academic Affairs.

Section 1. The Council on Academic Affairs shall consist of fourteen members.

- a. Five members of the University Faculty, at least two of whom must be Senate members, shall be nominated by the Faculty Membership and subject to confirmation by vote of the Senate for three-year terms; one member to be elected the first year and every third year thereafter, and two members to be elected in each of the other years.

Establishment of New Rule 29.2733 and Revision of Rules 28.01,  
28.05, 28.07, 28.19, 29.2701, 29.2705, 29.2711, and 29.2721 (continued)

29.2701. Council on Academic Affairs. (continued)

- b. Four members of the University Faculty shall be appointed by the President for three-year terms; two members to be appointed the first year and every third year thereafter, and one member to be appointed in each of the other years.
- c. A faculty member who has completed a three-year term on the Council shall not be eligible for appointment or election for one year after such service.
- d. Four members shall be students: one graduate student appointed by the President of the Council of Graduate Students with the approval of the Council of Graduate Students; one professional student appointed by the President of the Inter-Professional Council with the approval of the Inter-Professional Council; and two undergraduate students appointed by the President of the Undergraduate Student Government with the approval of the Undergraduate Student Assembly. At least one of the undergraduate students shall be a member of the University Senate. Each student member shall be appointed for a one-year term and be eligible for reappointment.
- e. When an unexpired term becomes vacant, the vacancy shall be filled in the same manner that the position was previously filled. A member selected to fill such a vacancy shall serve for the duration of the unexpired term.
- f. The Provost or his designee shall be the Chairman of the Council. The Vice Chairman of the Council shall be elected for a one-year term from the Faculty Membership of the Council. The Chairman (or in his absence, the Vice Chairman) shall preside at all meetings of the Council. The Chairman shall vote only in case of a tie vote among members of the Council present and voting; whereas the Vice Chairman shall vote without such restriction, even though presiding.

June 14, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

D. Honorary Degrees (continued)

President Enarson recommended that the conferring of the above-named honorary degrees at the June Commencement be ratified.

Upon motion of Mr. Harrod, seconded by Mr. Kessler, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

E. Degrees and Certificates Conferred--Spring Quarter Commencement

President Enarson recommended that the awarding of degrees and certificates conferred at the Spring Quarter Commencement Convocation on June 7, 1974, to those students who had completed the requirements for their respective degrees and certificates and were recommended by the University Senate be ratified. The names of those awarded degrees and certificates are included in the minutes of this meeting. (See Appendix IV, page 557.)

Upon motion of Mr. Harrod, seconded by Mr. Gushman, the Board of Trustees approved the above recommendation by unanimous voice vote.

F. Establishment of the Charles H. Kimberly Professorship in Chemistry

Pursuant to the initial conditions set forth by the Board of Trustees at the January 14, 1965 meeting for the establishment of "Named Professorships," President Enarson recommended that the Kimberly Professorship in Chemistry be established at The Ohio State University.

A bequest of \$100,000 was made for the establishment of the Kimberly Professorship in Chemistry through the Charles H. Kimberly Trusts in full compliance with all conditions set forth by this Board at the time this bequest was made.

President Enarson recommended further that this bequest be accepted and that this designated professorship be appropriately named for the donor, the Charles H. Kimberly Professorship in Chemistry.

Upon motion of Mr. Kessler, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendations by unanimous voice vote.

G. Establishment of the Charles H. Kimberly Professorship in Pharmacy

Pursuant to the initial conditions set forth by the Board of Trustees at the January 14, 1965 meeting for the establishment of "Named Professorships," President Enarson recommended that the Kimberly Professorship in Pharmacy be established at The Ohio State University.

June 14, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

G. Establishment of the Charles H. Kimberly Professorship in Pharmacy (continued)

A bequest of \$100,000 is to be received through the Charles H. Kimberly Trusts for the establishment of a Kimberly Endowment for Pharmacy. It is deemed advisable to use this bequest and establish a Designated Professorship when the money is received and that this professorship be appropriately named for the donor, the Charles H. Kimberly Professorship of Pharmacy.

Upon motion of Mrs. James, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

H. Budget for the 1974-1975 Fiscal Year and Increase in General Fee

President Enarson presented the following statement:

I am presenting the current funds budget for the second year of the biennium, 1974-1975, for your consideration and approval. The total expenditure level is expected to increase from \$284,500,000 in the current year to \$300,800,000 in 1974-1975, an increase of \$16,300,000 or 5.8 percent. Budgeted expenditures for the Columbus Campus and for the Regional Campuses are:

	<u>1973-1974</u>	<u>1974-1975</u>	<u>Increase</u>
Columbus Campus	\$278,300,000	\$294,000,000	\$15,700,000 (5.7%)
Regional Campuses	<u>6,200,000</u>	<u>6,800,000</u>	<u>600,000</u> (9.3%)
Total	\$284,500,000	\$300,800,000	\$16,300,000 (5.8%)

The recommended expenditure level of \$294,000,000 for the Columbus Campus for this coming year includes the following five major components:

1. Instruction and General Program: (48%) \$143,500,000
  - Departmental Instruction and Research
  - Instructional Services
  - Library Services
  - Student Services
  - General Expense
  - General Administration
  - Plant Operation

and Increase in General Fee (continued)

President Enarson's statement (continued)

2.	Sponsored Research: Federal, State and Private Contracts	(9%)	\$ 25,200,000
3.	Public Service: Cooperative Extension Service, Hospitals, Conferences	(27%)	79,300,000
4.	Student Aid: Federal Funds, Private Gifts, Endowment	(3%)	7,900,000
5.	Auxiliary Services: Housing, Bookstores, Parking, Athletics, Facility Services, Student Unions	(13%)	38,100,000
	Total	(100%)	\$294,000,000

The key budget for policy review by the Board of Trustees is the Instruction and General Program Budget. And it is essential to understand the main elements which govern the preparation of this budget.

Income for the Instruction and General Program is largely in direct proportion to students enrolled. Enrollment determines, for the most part, the level of state subsidy and the income from student charges. We are greatly encouraged by the current predictions for Fall, 1974. I am pleased to report that our enrollment applications are up from last year, except in the Graduate School, and now we must be concerned that we do not exceed the enrollment ceiling imposed by the General Assembly. Enrollment estimates are influenced by a number of factors--a variation of 2 percent in our enrollment estimate corresponds to 1,000 students. At this time, our best estimates of the enrollments for the Autumn Quarter are:

	<u>Fall, 1973</u>	Estimated Range <u>Fall, 1974</u>	Estimates for Planning <u>Fall, 1974</u>
Columbus			
Undergraduate	36,545	36,000-37,200	37,000
Graduate School	8,067	7,800- 8,200	8,025
Professional Colleges	<u>2,656</u>	<u>2,700- 2,750</u>	<u>2,725</u>

Grand Total	51,491	50,800-52,700	52,200

The two principal sources of Instruction and General income are State of Ohio subsidy and student fees. Expected income from each of these two sources is determined from the enrollment estimates. The third source of Instruction and General revenue is within the category labeled "Other Instruction and General Income." It includes land-grant funds, departmental earnings from such areas as clinics, computer centers, laboratory services, publications, income from endowments and temporary investments, faculty released time, designated gifts, capitation grants, training grants, laboratory stores, general stores, print shop, laundry and food facility. Funds in the "Other Instruction and General" category are not, simply undesignated gift funds. The great bulk of these funds is accepted or earned for specific programs.

The expected Instruction and General income, by source, for the Columbus Campus for this coming year is as follows:

	<u>1973-1974</u>	<u>1974-1975</u>	<u>Increase</u>
State Subsidy	\$ 73,500,000	\$ 80,000,000	\$6,400,000 (8.7%)
Student Charges	43,700,000	45,100,000	1,400,000 (3.1%)
Other Income	<u>18,500,000</u>	<u>18,500,000</u>	<u>--</u>
Total Instruc- tion and General	\$135,800,000	\$143,500,000	\$7,700,000 (5.7%)

June 14, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

H. Budget for the 1974-1975 Fiscal Year  
and Increase in General Fee (continued)

President Enarson's statement (continued)

The apparent increase of \$7,700,000 (5.7%) in the Instruction and General budget for 1974-1975 represents, in fact, a loss of real income. With inflation figured conservatively at from 8 to 9 percent for 1974-1975, this means the Instruction and General budget will suffer a loss in purchasing power of about 3 percent. We have fewer real, i. e., equivalent dollars available to educate the same or probably a slightly larger number of students. For the current biennium, our Instruction and General budget will increase only 4 percent, while its equivalent purchasing power will decrease approximately 10 percent.

Even to hold our losses to these levels has forced us to recommend an increase of \$10 per quarter in the General Fee. In making this recommendation, it is important to understand that the University operates under severe restraints on the Instruction and General Fees. A ceiling on the Instruction Fee was fixed with the enactment of the appropriations act for this biennium. We are at the ceiling for undergraduate students, \$210 per quarter. The General Fee, which has been held constant for four years, is at \$40 per quarter. The only leeway we have on the income side is to bring the General Fee to its ceiling level which will be comparable to that for most all other public universities in Ohio. In short, the prices we charge are frozen, yet the prices of goods and services are constantly rising. Thus, the faculty and staff generally face erosion of real income.

We are caught in the crunch between what amounts to controlled prices on what we charge and rapidly escalating prices for that which we must buy. This has forced us into extremely cruel choices in the use of available resources for 1974-1975.

Our objectives for the 1974-1975 budget are:

- a. An average adjustment of 6 percent in salaries for regular, continuing faculty; an average adjustment of 5 percent for other regular, continuing personnel, except classified personnel who receive increases according to S. B. 31. The slight differential between faculty and staff reflects our judgment that the catch-up situation for faculty salaries is more critical, even though major improvements in salaries are urgently needed for both faculty and staff.

I. GENERAL RECOMMENDATIONS (continued)

H. Budget for the 1974-1975 Fiscal Year  
and Increase in General Fee (continued)

President Enarson's statement (continued)

- b. A 0.5 percent adjustment in fringe benefits.
- c. A 0.5 percent for salary equity adjustments, e.g., minorities, women and intra-group inequities.
- d. Adjustments for unavoidable increases in operating costs, e.g., utilities, the opening of new buildings and minimum wage laws.
- e. One percent of the Instruction and General budget for minimally essential program flexibility (high-priority needs, matching fund opportunities, etc.)
- f. No increase in funds for travel, telephone, equipment and supplies.

Total required increase in Instruction and General budget: 7.7%

These objectives require an increase of 7.7 percent in the Instruction and General budget. However, even with the increase in the recommended student fees of \$10 per quarter, the increase in Instruction and General income next year is only 5.7 percent-- leaving a gap of 2 percent. To close this gap, existing budgets were reduced 2 percent "across the board." This cut will mean less employment, fewer dollars for equipment and supplies and reduced services.

Prices of books, equipment and supplies are increasing dramatically. Some of these increases which we experienced during this current year are:

Instructional and Research Equipment	20-25%
Instructional Supplies	12%
Books, Films, Tapes	15%
Serials	25%
Laboratory Chemicals	14%
Office Furniture	10%
Gasoline	74%
Heating Oil	90%
Natural Gas	25%

H. Budget for the 1974-1975 Fiscal Year  
and Increase in General Fee (continued)

President Enarson's statement (continued)

Purchased Power	10%
Water and Sewage	7%
Food Purchases	12%
Computer Paper	62%
Fertilizers	37%
Photographic Supplies	14%

Stringent measures of economy are already under way within the University. Next year will be the third straight year for which departments of instruction have not had an increase in their budget allocations for equipment, travel, telephone and supplies. Departmental budgets have been required to absorb the increasing cost of phone services, postage, equipment, etc.

Our Energy Conservation Program is producing major savings in utility use. The consumption of fuels and electrical energy is being reduced by operating buildings at lower temperatures in the winter and at higher temperatures in the summer, the closure of certain buildings during low-use periods, the elimination of several large air conditioning projects, the lowering of light levels, the lowering of the domestic water temperature, the elimination of excess use of ventilation and the redesign of building systems to recover a portion of the thermal energy normally wasted to the outside environment or to cooling water. Specifically, our Energy Conservation Program is expected to produce a savings of over \$400,000 in utility costs for 1973-1974 (which is over 7 percent of the total utility cost of \$5,500,000) and a savings of about \$300,000 in 1974-1975.

A few examples of other economy measures which are being implemented include:

Elimination of 55 FTE positions in service areas.

A sizeable reduction in the number of University vehicles.

Reductions in the amount of overtime employment by adjustments in work schedule.

Selective reductions in services during the weekends.

Replacement of some police cruisers with motor-cycles, reduced motor patrol assignments and increased foot patrol assignments.

I. GENERAL RECOMMENDATIONS (continued)

H. Budget for the 1974-1975 Fiscal Year  
and Increase in General Fee (continued)

President Enarson's statement (continued)

Reduction in the amount of printed material, including a 25 percent reduction in the number of copies of college bulletins.

The development of a new computerized food management system to control the purchase, processing and preparation of food.

Economy measures across the whole range of activities are estimated to save over \$1,000,000 next year, with approximately one-half of these economies being direct savings to the Instruction and General budget.

Finally, I want to comment briefly on the other major budgets for 1974-1975. Sponsored research is expected to increase from \$22,900,000 in 1973-1974 to about \$25,200,000 next year, an increase of 3 percent. The proportion of grants and contracts being sponsored by non-federal agencies, including industrial and other commercial agencies, continues to increase. Budgeted expenditures for Public Service programs are up \$4,200,000 or 9 percent, primarily because of higher Hospital revenues. Budgets for Cooperative Extension are up \$1,400,000 or 11.6 percent; additional Smith-Lever funds allow significant improvements in salaries for faculty and staff in this area. Grants and contracts for other Public Service programs are expected to decline by about \$2,800,000. Federal support for vocational and technical education programs has decreased from a recent peak level. Auxiliary enterprise costs will increase by \$2,700,000 or 4.6 percent, reflecting the higher costs for food, fuel and services.

Regional Campus budgets have been developed using the same set of budget objectives as was applied to the Columbus Campus. Instruction and General expenditures for the Regional Campuses are expected to increase from \$6,200,000 in 1973-1974 to about \$6,800,000 or 9.3 percent, for this coming year. Some increases in enrollments was projected for these campuses, especially at the Agricultural Technical Institute. But the principal source of new funds will be from higher unit subsidies in Amended Substitute House Bill 86.

Now I wish to recommend that the budget for the fiscal year 1974-75 and that an increase in the student General Fee of \$10 per quarter, from \$40 to \$50, effective Autumn, 1974, be approved; and that the Secretary be instructed to incorporate all supporting

2. Establishment of Named Funds

- a. \$15,000.00 from Harvey A. Shuler for the establishment of The Harvey A. and Mary Grace Holliday Shuler Scholarship Fund.

The Harvey A. and Mary Grace  
Holliday Shuler Scholarship Fund

The Harvey A. and Mary Grace Holliday Shuler Scholarship Fund was established June 14, 1974, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Harvey A. Shuler, Mechanical Engineering '11, Detroit, Michigan.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and re-invest as occasion dictates.

The annual income is to be used to provide scholarships, student loans, or grants-in-aid for graduate or undergraduate students enrolled in the College of Engineering with first preference given to students enrolled in the Department of Mechanical Engineering. The selection of the recipients is to be made upon the recommendation of the University Committee on Student Financial Aids.

Should the need for these scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for scholarships.

- b. \$5,000.00 from friends of The Griffith Foundation for the establishment of The Griffith Foundation Endowment Fund.

The Griffith Foundation Endowment Fund

The Griffith Foundation Endowment Fund was established June 14, 1974, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from friends of The Griffith Foundation.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

2. Establishment of Named Funds (continued)

b. The Griffith Foundation Endowment Fund (continued)

The annual income is to be used for the support of educational activities of The Griffith Foundation.

Should the need for this fund cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for insurance education.

- c. \$5,000.00 from G. Alfred Krebs, Sr., for the establishment of the Betty J. Krebs Memorial Fund.

Betty J. Krebs Memorial Fund

The Betty J. Krebs Memorial Fund was established June 14, 1974, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund by G. Alfred Krebs, Sr., Bach. Arch. Eng. '32, in memory of his wife, Betty J. Krebs, formerly of Newark, Ohio.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and re-invest as occasion dictates.

The annual income is to be added to principal until the principal reaches \$10,000 at which time annual income is to be used to provide a scholarship for a student enrolled on the Newark Campus of The Ohio State University.

Should the need for this scholarship cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the Director of the Newark Regional Campus.

2. Establishment of Named Funds (continued)

- d. \$2,260.42 from friends, colleagues, and former students of Lucile B. Alexander for the establishment of The Lucile B. Alexander Recognition Fund.

The Lucile B. Alexander Recognition Fund

The Lucile B. Alexander Recognition Fund was established June 14, 1974, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from friends, colleagues, and former students of Lucile B. Alexander, in honor of her retirement from the School of Home Economics.

The gift is to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide financial assistance to students enrolled in the School of Home Economics in recognition of their leadership and scholastic ability, upon the recommendations of the Director of the School of Home Economics.

Should the need for these scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for scholarships.

IV. BUSINESS AND ADMINISTRATION

A. Plans and Specifications

At the request of the Vice President for Business and Administration, President Enarson recommended that the plans and specifications, bills of materials, and estimates of cost for the following project be approved by the Board of Trustees:

IV. BUSINESS AND ADMINISTRATION (continued)

A. Plans and Specifications (continued)

1. Lima Campus--New Recreational Area

This project provides for the construction of two new tennis courts to meet all requirements for varsity-type competition. It will also provide one baseball diamond.

Funds are budgeted in Budget Account 801301 (Lima Campus, New Recreational Area).

Upon motion of Mr. Harrod, seconded by Mr. Gushman, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above project for and on behalf of the Board of Trustees. The Vice President for Business and Administration was directed to proceed with a request for bids in the normal University manner, and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

B. Report of Award of Contracts

1. Cancellation of Bids

Bids on the following projects have been judged to be unacceptable. Accordingly, authority is being requested to reject all bids and cancel these projects:

a. Rebid and Cancellation of Project

Fawcett Center for Tomorrow--Roadway Improvements

On April 5, 1974, the award of contract to Legg & Davis, Inc., was reported to the Board. The low base bid was \$17,552.00 on an estimate of \$20,116.00. Following the acceptance of the bid, Legg & Davis, Inc., refused to accept the contract for this work because of an alleged error which had been made in completing the bid document. Upon advice of legal counsel this matter was not pursued and the project was rebid on May 3, 1974.

Since Legg & Davis, Inc., was the only contractor to submit a quotation at the May 3, 1974 rebid, and counsel recommended against an award under these conditions, President Enarson recommended that the project in its present form be cancelled.

b. Cancellation of Project

Dentistry Building--Heating System Repairs

On April 19, 1974, bids were received on the project known as "Dentistry Building--Heating System Repairs." The low bid on the Heating, Ventilating and Air Conditioning Contract was

b. Cancellation of Project

Dentistry Building--Heating System Repairs (continued)

\$69,900.00 and the estimate was \$54,000.00. The bid on the Electrical Contract was \$3,817.00 submitted by Claggett Electric, and the estimate was \$10,000.00. Because of the magnitude of the bids over estimate on the HVAC Contract, President Enarson recommended that all bids be cancelled and the project be re-studied in an effort to achieve a less costly solution.

c. Rebid and Cancellation of Project

Ohio Stadium--All Weather Track

On April 9, 1974, bids were received on the project known as "Ohio Stadium--All Weather Track." The low bid on the General Contract was \$324,965.00, submitted by Farley Paving, Inc., compared to an estimate of \$80,500.00. On the Synthetic Track, the low bid received was by the Monsanto Company in the amount of \$125,245.00 compared to an estimate of \$215,000.00. The Electrical Contract low bid was \$7,860.00 submitted by the Utilicon Company, against an estimate of \$4,500.00. The total bids received on this project were \$458,070.00 and the total estimate was \$300,000.00.

On April 30, 1974, rebids were received on this project for the General and Electrical Contracts. The low bid received on the General Contract was submitted by Farley Paving, Inc., in the amount of \$262,288.85 and the new estimate was \$165,755.00. On the Electrical Contract, the low bid was submitted by Jess Howard Electric Company in the amount of \$7,474.00 against an estimate of \$9,000.00. The total bids received on the rebid for General and Electrical Contracts were \$269,762.85 on a rebid total estimate of \$174,755.00.

Since the bids received on the General Contract were so high as to be unacceptable (initial and rebid), the decision to reject all bids and cancel the project for the year's construction period was made.

Upon motion of Mr. Gushman, seconded by Mrs. James, the above cancellation of contracts was approved by unanimous roll call vote.

V. REPORTS

A. Report of Auditor of State - The Ohio State University Hospitals

The Annual Report of the Auditor of State for The Ohio State University Hospitals for the fiscal year 1971-1972 has been received and reviewed by the appropriate officers of the University.

The accounts, records, files, and reports of The Ohio State University Hospitals were found to be in order with a limited number of exceptions which have since been accommodated.

President Enarson recommended that this Report of the Auditor of State for the fiscal year 1971-1972 for The Ohio State University Hospitals be received and filed with the official documents of the University.

Upon motion of Mr. Harrod, seconded by Mrs. James, the above recommendation was approved by unanimous voice vote.

V. REPORTS (continued)

B. Report from Insurance Committee

Dr. Sirak made the following report on insurance coverages:

1. Blanket Crime Policy

Since the current blanket crime insurance policy will expire July 8, 1974, competitive bids with alternative specifications were recently solicited and received to continue this coverage, for a three-year period. An analysis revealed that The Buckeye Union Insurance Company, through the Atkinson-Dauksch Agencies, Inc., submitted the lowest and best bid proposal of \$21,485.

2. Concealed Weapons and Faithful Performance Police Bonds

Sections 2923.01 (Weapons Bonds) and 3345.04 (Faithful Performance Bonds) of the Revised Code of Ohio requires that specially appointed Police Officers give bond to the State of Ohio in a form approved by the Clerk of Courts of Common Pleas, Franklin County, Ohio, and the Attorney General of the State of Ohio, in the sum of one thousand dollars for each police officer employed by the University.

Coverage provided by the existing bonds expires June 30, 1974. Accordingly competitive bids were requested and received to extend this coverage for an additional three-year period. Analysis revealed that the National Surety Corporation, through the Atkinson-Dauksch Agencies, Inc., submitted the lowest and best bid proposal of \$1,365.

3. Medical Care Insurance Plan for Eligible Retired Employees and Dependents

As the five State of Ohio retirement systems are implementing a new, comprehensive health care insurance plan effective July 1, 1974, and because the full cost of this new health care insurance will be paid for primary recipients by the Ohio retirement systems, it is necessary to make certain revisions in the plan of medical care insurance which the University makes available to eligible retired employees and dependents.

V. REPORTS (continued)

B. Report from Insurance Committee (continued)

Dr. Sirak's report (continued)

3. Medical Care Insurance Plan for Eligible Retired Employees and Dependents (continued)

The Board of Trustees of The Ohio State University resolves that the John Hancock Mutual Life Insurance Contract No. 58175-GTC as amended for faculty and staff and Contract No. GTC-58175-100 as amended for classified and hourly employees be amended further to include the following changes to be made effective on July 1, 1974:

- a. Any and all medical care expenses which are covered on a non-contributory basis for primary recipients under the health insurance plan of the Ohio retirement systems will be eliminated as covered expenses under the University's plan of medical care insurance for retirees. Eligible OSU retirees will continue to be eligible for the University's plan of medical care insurance for retirees on payment of the appropriate quarterly premium.
- b. The University's medical care insurance plan available to the spouse and covered dependents of an eligible retiree will be subject to the standard coordination of benefits provision with other coverage which they may have under the Ohio retirement systems.
- c. The deductible amount under the University's major medical insurance will be \$500 for spouses and covered dependents of retired employees if such spouses and covered dependents are not eligible for Medicare and do not participate under the health care insurance available to them on a contributory basis through any of the Ohio retirement systems.

On behalf of the Insurance Committee Dr. Sirak recommended that the President and/or Vice President for Business and Administration be authorized to implement these recommendations.

Upon motion of Dr. Sirak, seconded by Mr. Kessler, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

June 14, 1974 meeting, Board of Trustees

V. REPORTS (continued)

C. Report on the University's Investment Portfolio

The report dated June 5, 1974, as submitted to the Finance Committee of the Board of Trustees by Mr. Ernest W. Leggett pertaining to the University's Investment Portfolio, was received and ordered to be filed with the official records of the Board of Trustees.

D. Report by President Enarson on "Closed Campus"

President Enarson reported that contrary to what has been in the Lantern or in the newspapers, the University administration has not reached a final decision with respect to the particular streets to be closed on the Central Campus in an effort to achieve a pedestrian campus. He further assured that there will be open meetings during the summer for the purpose of reviewing and discussing the recent proposal.

## **The Recipients of Honors**

### **MILTON CANIFF**

#### **Doctor of Humane Letters**

Conscientious craftsman, loyal alumnus, friend of his fellow man, Milton Caniff's creative life has captured our imagination and admiration. His involvement with programs for youth and the handicapped demonstrates his continuing concern for the welfare of humanity. The Ohio State University is honored to confer upon Milton Caniff the degree, Doctor of Humane Letters, honoris causa.

### **JOSEPH SANDY HIMES**

#### **Doctor of Science**

Distinguished sociologist, Joseph Sandy Himes' contributions to his profession through authorship of numerous articles, as a sought-after consultant, and by his personal example mark him as a respected leader in higher education. He has been an active and articulate spokesman for equal rights and expanded opportunities for the disadvantaged in our society. The Ohio State University is honored to confer upon Joseph Sandy Himes the degree, Doctor of Science, honoris causa.

### **WALTER R. KRILL**

#### **Doctor of Science**

Dedicated teacher, counselor, and leader in the field of veterinary medicine, Walter R. Krill has displayed a firm belief in the abilities of others, inspiring students and faculty to achieve distinctions of their own. His statesmanship on behalf of veterinary medicine in the areas of government and public service has given people the world over the benefit of his extraordinary wisdom. The Ohio State University is honored to confer upon Walter R. Krill the degree, Doctor of Science, honoris causa.

### **ROBERT M. ZOLLINGER**

#### **Doctor of Science**

Outstanding surgeon and scholar, Robert M. Zollinger's enlightened approach to medicine has established him as a pioneer in exploring new horizons in medical understanding. Internationally recognized as an innovative leader in his profession, he has brought distinction to himself, to medicine, and to Ohio State, his alma mater. The Ohio State University is honored to confer upon Robert M. Zollinger the degree Doctor of Science, honoris causa.

 Bachelor of Music Education  
 degree are offered jointly by the  
 College of The Arts and the  
 College of Education  
 Candidates are listed on pages 27  
 and 28**

## College of Engineering

Dean: Harold A. Bolz

### Bachelor of Aeronautical and Astronautical Engineering

One candidate

\*\*Richard Jeffrey Freuler, Hamilton

### Bachelor of Science in Aeronautical and Astronautical Engineering

Sixteen candidates

Douglas Neal Ball, Mansfield  
Samuel Russell Barlow, Cincinnati  
Robert William Bigi, Thornville  
Steven Paul Clark, Columbus  
Roger Leo Davis, Columbus  
Jay Lance Elliott, New Concord  
Deems Shelton Emmer, Reynoldsburg  
Michael Glenn Evans, Columbus  
Bruce James Gallagher,  
New Hyde Park, N. Y.  
Keith Dennis Kern, Westlake  
Emilio Dominico Marasco,  
Mt. Vernon, N. Y.  
Robert John Moffitt, Akron  
Patrick Augustine O'Brien, Columbus  
Donald Christopher Richter, Jr.,  
Rochester, N. Y.  
Karl Wayne Rust, St. Paris  
Michael Timothy Smiley,  
Canal Winchester

### Bachelor of Science in Agricultural Engineering

Nine candidates

John Wayne Arnold, Orrville  
George Michael Bayer, Columbus  
G. James Deeds, Pataskala  
Mark Raymond Hartman, Xenia  
David Lewis King, Fairfield  
John James Parker, Kingsville  
David Kevin Robson, Westerville  
David Lloyd Roehm, New Vienna  
Glenn William Shields, Cadiz

### Bachelor of Science in Ceramic Engineering

Nine candidates

Robert Roy Blakely, Jr., Zanesville  
Kenneth Richard Butcher, Elyria  
Alfred DeLeon, Columbus

Guy Daniel Ensinger, East Liverpool  
JoAnn Grill, Uhrichsville  
Robert Lanson Hyde, Westerville  
Frederick Charles Rau, Middletown  
Marcia Provens Rausch, Columbus  
George John Ulrich, Ridgeway

### Bachelor of Science in Chemical Engineering

Thirty-six candidates

Steven Harold Alkire, Circleville  
John Joseph Antolik, Richfield  
Barry Thomas Bayne, Columbus  
Ernest Harland Beadle, Jr., Columbus  
Christopher Randall Beharry,  
Chesterland  
Edward David Brooks, Tiffin  
Steven Merrell Brown, Chillicothe  
Raymond Thomas Collins, Westlake  
Kenneth Richard Cox, Cincinnati  
Gary Scott Cullen, Lorain  
Bruce Kyle Dawson, Lakewood  
Louis Richard Dossie, Bellaire  
Herbert Plugin, Columbus  
Mark Edwin Forry, Columbus  
Timothy Lee Goslin,  
Miami Lakes, Fla.  
Alan Ralph Harrison, Conneaut  
Dan Warren Hester, Jr., Lancaster  
Brooks Harding Hurd, Jr., Columbus  
James John Krejci, Medina  
Dannie Paul Maddox,  
Franklin Furnace  
James Anthony McCaw, Jr.,  
Cuyahoga Falls  
Robert Cloyd McKee, Mt. Vernon  
Kenneth Lee Montague, Lima  
Edward Charles Myers, Toronto  
John Edward Myers, Circleville  
George Louis Ott, Brunswick  
Michael Allen Patterson, Ashland  
William Martin Pekman,  
Fairbanks, Alaska  
David Bruce Ramey, Worthington  
John Lawrence Rhode, Wooster  
Barry Alan Robinson, Medina  
Steven Karl Scheel, Columbus  
Randall Lawrence Schroeder,  
Glandorf  
Dana Keith Thompson, Columbus  
Gary Jan Walter, Canton  
Isaac Meyer Worthalter,  
Bogota, Colombia

### Civil Engineer

Two candidates

Steven Barbour, Columbus  
B.S.C.E.  
Robert Russell Howard II, Columbus  
B.E. (Youngstown State  
University)

### Bachelor of Science in Civil Engineering

Forty-two candidates

Dennis Lee Anderson, Xenia  
Gary Lee Behnke, Columbus  
Hugh Blocksidge, Cleveland  
Alan Lee Blosser, Lakewood  
Robert Spencer Chambers, Belpre  
Lynn Alan Clark, Wooster  
Vernon Michael Cochran,  
New Matamoras  
James Kevin Farrell, Brecksville  
Steven Richard Fox, Findlay  
Stephan Marc Gale, Eastlake  
Nick Gust Gianakis, Cleveland  
William Keith Gilbert, Mason  
Kenneth James Graham, Jr.,  
Columbus  
Peter Bryan Grazier, Columbus  
Dennis Keith Hartman, Findlay  
Michael Alan Hemmerich, Greenville  
Joseph Edward Hickle, Jr., Columbus  
Steven William Hostetler, Columbus  
Paul Steven Hundley,  
Upper Montclair, N. J.  
David Allan Macynski, Columbus  
William Velmen Mathews, Columbus  
Ronald Ira Mayo, II, Columbus  
William Parks McKinnell, III,  
Columbus  
Mark Eric Moellman, Bay Village  
Mark Edward Moloney, Euclid  
Michael Lee Myers, Carey  
Ralph Edward Norman, Jr.,  
North Canton  
David Alan Norris, Woodsfield  
Victor Omelchenko, Rochester, N. Y.  
Gus Papageorgiou, Martins Ferry  
James Alan Petsche, Willowick  
Timothy Owen Riley, Norwalk  
James Donald Rogers, Lancaster  
Kenneth Hayes Roush, Columbus  
Walter Ewell Sandefur, Columbus  
James Raymond Scott, Chillicothe

\*\* Also Bachelor of Science in Computer and Information Science, College of Engineering  
\*\* Also Master of Science, Graduate School

William Raymond Shelley, Bellevue  
Robert Perry Shumate, Lima  
William Lee Wallace, Elida  
Bruce Edward Walpole, Columbus  
Ronald Raymond Weaver, II, Belpre  
Charles Franklin Zirkle, Greenville

### **Bachelor of Science in Computer and Information Science**

Thirty candidates

Colin Edward Abbott, Columbus  
Terry Alan Bechtle, Marion  
William Edward Breen, Marion  
Stephen Randall Brenneman, Coshocton  
Mark Christopher Brinich, Lakewood  
Steven Wayne Chapman, Delaware  
Jill Chamberlain Chappel, Wyoming, N. Y.  
Edmund Donald Clapp, Broadview Heights  
Terry Richard Cooper, Ripley  
George Ronald Dettore, Granville  
\*\*Richard Jeffrey Freuler, Hamilton  
Steven John Gray, Gahanna  
Clark Edward Hawk, Chagrin Falls  
Robert Eugene Horton, Brook Park  
Brion Dale Jones, Warren  
Carl David Nau, South Euclid  
Ronald Gary Nichols, Columbus  
John Willard Orwig, Bellevue  
John Lee Panteck, Parma  
Kristine Jean Peters, Chillicothe  
Thomas Herbert Port, Youngstown  
Kenneth Louis Rancour, Parma  
Scott Warner Riddle, Ravenna  
Michael Francis Singer, Defiance  
Michael Lee Snider, Columbus  
James Stuart Totty, Maumee  
Mark Jay Waite, Westerville  
Douglas Leonard Weed, Columbus  
Bruce Elton Wilkinson, Hinckley  
Benjamin Franklin Yee, Columbus

### **Electrical Engineer**

One candidate

Robert Mitchel Blumgold, Dayton  
B.S.E.E. (Polytechnic Institute of Brooklyn)

### **Bachelor of Electrical Engineering**

One candidate

\*Richard Allen Sunderland, Spencerville

### **Bachelor of Science in Electrical Engineering**

Forty-nine candidates

Hossein Abolmolouki, Tehran, Iran  
Norman Frederick Abreo, Columbus  
Gregory Ralph Baehr, Bucyrus  
Charles Martin Bell, Columbus  
Roger Lewis Boyer, Cuyahoga Falls  
David Lee Budde, Kettering  
Ronald Paul Caron, Columbus  
Thomas Richard Clark, Columbus  
Brian Kent Cosens, Columbus  
Christopher Leonard DeCenzo, Coshocton  
Timothy Lee Deeter, Greenville  
John Robert Deller, Jr., Cincinnati

Gary Gerard Meloency, Birmingham, Mich.  
Paul Richard Michel, Kettering  
Richard Allan Nagy, Parma  
Robert Thomas Parrett, Worthington  
David Randolph Pickut, Cuyahoga Falls  
Frank Joseph Ricker, Columbus  
Howard Sheldon Robbins, Columbus  
David Alan Saghy, Seven Hills  
Daniel Ivan Schoenberger, Upper Sandusky  
David Bruce Schultz, Marion

Daniel Earle Sheley, Columbus  
James Robert Sherbundy, Bucyrus  
Keith Alan Shubert, Columbus  
Donald Warren Spencer, Clyde  
John Edward Stickel, Galion  
Robert Lee Sweitzer, Columbus  
Arthur Martin Thinguldstad, Worthington  
Steven Mark Thurber, Columbus  
Maurice Anthony Tourville, III, Pittsburgh, Pa.  
Pierre Marie Wilson, Columbus

### **Bachelor of Science in Engineering Physics**

Two candidates

Lawrence Francis Rubin, Columbus  
James Edwin Watson, Atlanta, Ga.

### **Industrial Engineer**

One candidate

William Loren Cantor, Senecaville  
B.S.A.A.E.

### **Bachelor of Science in Industrial and Systems Engineering**

Twenty-three candidates

William Wesley Bundy, Coshocton  
Gregory Dean Crase, Canal Winchester  
Burton Andrew Davis, Jr., Cincinnati  
Daniel Edward Deveau, Lexington  
Richard Alvin Fulgham, Columbus  
Paul Larry Hamer, Columbus  
John Serge Kisch, Maple Heights  
Robert James Koch, Brooklyn  
Jeffrey Wills Lusk, Troy  
David Charles Murman, Lakewood  
David Martin Pavlik, Shadyside  
John Alan Reidy, Lakewood  
Glenn Russell Sewell, Columbus  
Barbara Jo Simpson, Columbus  
Gregory Laurence Smith, Columbus  
David Harry Starkey, Dublin  
Leon Richard Substelnj, Columbus  
Daniel Anthony Szablewski, Jr., Parma

\* Also Master of Science, Graduate School  
\*\* Also Bachelor of Aeronautical and Astronautical Engineering, College of Engineering  
\*\* Also Master of Science, Graduate School

Ralph John Troha, Cleveland  
John Dennis Vasichko, Columbus  
Robert Ernest Wilkins, Hilliard  
Dennis Lee Wolf, Medina  
John Melvin Yesso, Conneaut

### **Bachelor of Science in Mechanical Engineering**

Thirty-seven candidates

Michael James Angle, Bellefontaine  
Kurt David Badertscher, Worthington  
Thomas James Baughman, Napoleon  
Sason Benado, Givataim, Israel  
Bruce Harvey Blank, Mansfield  
Michael Joseph Boss, Kettering  
Kenneth Fred Deken, Westerville  
Robert Lee DuHadway, Cleveland

Donald Lavern Smith, Jr., Conneaut  
Gail Elliott Spain, III, Hudson  
Glen Clarence Steyer, Fostoria  
Roger Allen Strawman, Garrettsville  
Lawrence Albert Westhoven, Jr.,  
    Liberty Center  
Dale Allen Wiseman, Columbus  
Amichay Zelcer, Givataim, Israel

### **Bachelor of Science in Metallurgical Engineering**

Six candidates

David John Blazek, Columbus  
Steven Earl Fisher, Lima

Thomas Eugene Roberts,  
    New Carlisle  
Robert Bradley Sikora, Euclid  
    B.S. (Ohio University)  
Michael Dean Strayer, Lima  
Gary Arthur Welch, Tulsa, Okla.

### **Bachelor of Science in Welding Engineering**

Four candidates

John Graham Johnston, III, Columbus  
John Michael Menhart, Aurora  
Fred John Schaidler, Parma  
Michael Eugene Schwartzwalder,  
    Reynoldsburg

### **School of Architecture**

#### **Bachelor of Science in Architecture**

Seventy-seven candidates

Magdy Mohamed Amer, Westerville  
Robert Lee Bates, Jr., Columbus  
George Domenic Berardi, Cleveland  
William Marlon Bernstein,  
    Brooklyn, N. Y.  
Walter Paul Betley, Jr., Columbus

RESOLUTIONS IN MEMORIAM

President Enarson reported to the Board the deaths of Everett J. Kircher, Professor Emeritus in the College of Education; Victor Heinrich Ries, Professor Emeritus in the Department of Horticulture; and Charles L. Williams, Assistant Professor Emeritus in the College of Pharmacy. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Everett J. Kircher

The Board of Trustees of The Ohio State University expresses its sorrow at the death on June 26, 1974, of Everett J. Kircher, Professor Emeritus in the College of Education.

Dr. Kircher was born on January 29, 1906, in Fennimore, Wisconsin. He received a Bachelor of Arts degree from the University of Wisconsin in 1931. Following the receipt of a Master's degree in English Education and a Ph. D. degree in Philosophy of Education from The Ohio State University in 1935 and 1938, respectively, he joined The Ohio State University as an Assistant Professor of Language Arts Education in the University School. He then was an Associate Professor of Education at Tulane University from 1941 to 1944 when he rejoined the College of Education faculty at The Ohio State University as a Professor in the area of philosophy of education, a position which he retained until retirement in 1971.

Dr. Kircher's interests in philosophy of education were primarily in the arts, religion and humanities, and he lectured before many local, state and national meetings of religious, art and musical organizations as well as educational groups. He frequently served as a Visiting Professor or Consultant. During a leave of absence in 1945-46, Dr. Kircher was a Visiting Professor at the Graduate Institute of Education in Cairo, Egypt, and in the Autumn of 1949, was a Visiting Consultant on General MacArthur's staff in Tokyo, working on the reorganization of Japanese education. The University of Louisville and Greeley State College are among the institutions where he served as a Visiting Professor. He served on a number of University committees and various national committees, including the University Committee on Academic Affairs, the Administrative Committee of the Commission on Higher Education, the National Council of Churches, and the National Consultation Committee on Theology and Philosophy of Education. He was a past national president of the Philosophy of Education Society and was affiliated with numerous other professional groups. He was a member of Phi Delta Kappa and an honorary member of Kappa Delta Phi and Kappa Phi Kappa. Dr. Kircher was the author of a number of publications in his field, and he was known widely for his effectiveness as a teacher and lecturer.

July 12, 1974 meeting, Board of Trustees

RESOLUTIONS IN MEMORIAM (continued)

A. Everett J. Kircher (continued)

On behalf of the University community, the Board of Trustees expresses to the family of Dr. Kircher its deepest sympathy. It was directed that this resolution be inscribed in the minutes of the Board of Trustees and a copy be tendered to Mrs. Kircher as sincere appreciation of the Board's realization of the loss which the family, the University, and his many friends and associates have sustained.

B. Victor Heinrich Ries

The Board of Trustees of The Ohio State University expresses its sorrow at the death on June 28, 1974, of Victor H. Ries, Professor Emeritus in the Department of Horticulture.

Professor Ries, nationally known authority on plants and gardening, was born in New York City on July 29, 1894, received a B.S. degree in 1915 and a M.S. degree in 1916 in Floriculture both from Cornell University, Ithaca, New York. He served in France in the U. S. Army from 1916 to 1918, and from 1919 to 1921 was Professor of Natural Science at Iowa State Teachers College, Cedar Falls, Iowa. He became associated with the Horticulture Department at Purdue University, Lafayette, Indiana, in 1921 and was the home beautification specialist in extension. In 1926 he transferred to The Ohio State University at Columbus and was at that institution until he retired in 1957.

Vic, as he preferred to be called, was a prolific author. He wrote many articles on flowering trees and shrubs, perennials, annuals, bulbs, and native plants, and was the author of numerous bulletins and several books on these subjects. He contributed an avalanche of articles to newspapers and magazines on the subject of gardening, and he was one of the most authoritative individuals on the identification of herbaceous and woody plants in the country. He traveled extensively and gave many lectures to garden clubs and civic groups on the subject of plants and gardens.

Vic was a founder of the Ohio Association of Garden Clubs in the late 1920's and served as its Secretary for many years. He was honored by that organization for his contributions to its success in 1970. In 1966 he was awarded the distinguished garden writers' citation by the American Nurserymen's Association at its annual convention in Chicago.

Professor Ries won the Ohio Nurserymen's Association citation on the basis of his Citizen Journal garden column, his monthly garden report for East Central United States in Flower and Garden magazine, and for his contribution to Gardener's Forum, a publication of the American Horticulture Society. He was a Director of that society and an Associate Editor of its newsletter. He was also a charter member of the Garden Writers' Association of America.

RESOLUTIONS IN MEMORIAM (continued)

B. Victor Heinrich Ries (continued)

Vic will long be remembered for his exposure of garden frauds and half-truths that abound, and he delighted in lambasting individuals or companies in his newspaper columns when he believed them to be taking advantage of gardeners.

On behalf of the University, the Board of Trustees expresses to his family its deepest sympathy and sense of understanding in its loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

C. Charles L. Williams

The Board of Trustees of The Ohio State University expresses its sorrow at the death on May 29, 1974, of Charles L. Williams, Assistant Professor Emeritus in the College of Pharmacy.

Professor Williams was born in Tuscola, Illinois, on February 5, 1893. He received a Ph. G. degree from Purdue University in 1922; a B.S. in Pharmacy degree in 1929 and a M. A. degree in 1933 both from The Ohio State University.

Professor Williams served as a faculty member of The Ohio State University College of Pharmacy for 41 years, from 1922 to 1963. This is more years of service than any faculty member of the College of Pharmacy other than Dean Clair B. Dye who served 48 years.

Charlie, as he was affectionately called, had seen a lot of changes in pharmacy and pharmaceutical education during his years at The Ohio State University. He began teaching when a pharmacy certificate could be obtained after two years of college, and when he retired the educational requirement for a pharmacist was a five-year program resulting in a bachelor of science degree. Professor Williams had to teach a variety of courses during his 41 years on the faculty. During two of those years there were only four people on the faculty and for twelve years there were only five faculty members. When he retired the faculty had grown to seventeen members. During his tenure he served eight years as Secretary of the College of Pharmacy. Upon his retirement he was made Assistant Professor Emeritus. Professor Williams was a member of the Rho Chi National Honorary Society, Phi Delta Chi, Rho Pi Phi, Central Ohio Academy of Pharmacy, Ohio State Pharmaceutical Association, and American Pharmaceutical Association. One of his most coveted awards was the College of Pharmacy Distinguished Alumni Award that he received in 1970. Professor Williams was a man to whom The Ohio State University owes much gratitude for his many years of dedicated service. Some of the years were critical years and much was expected of and in turn received from Charles L. Williams.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Reorganization of Health Sciences at the University and Revision of Article III, Section 12, of the Bylaws of the Board of Trustees and Rule 11.1107 of Rules for the University Faculty.

President Enarson made the following statement and recommendation:

At the last meeting of this Board, I indicated to you that I would be bringing to this meeting a recommendation for the reorganization of the Health Sciences of the University.

After considerable study and reflection, I am now prepared to propose a plan for your consideration which I believe will strengthen the Health Sciences within this University and hopefully enhance the well-deserved national reputation for leadership which these areas have achieved.

As I am sure you are aware, this University is deeply involved in teaching large numbers of future practitioners in the Health Sciences in the far-ranging research for new knowledge, and in the necessary corollary of teaching and research--the provision of patient care to ever-larger numbers of persons. Historically, the various health disciplines developed largely independent of one another. Simply to list major professions such as human medicine, veterinary medicine, and dentistry is to dramatize the point.

These efforts, now organized in five major separate units and embracing distinct specialties, testify to the University's major, continuing commitment to all the health sciences and in their totality constitute a massive investment in professional talent, in buildings, and in specialized equipment. The health sciences are unique in significant respects: sheer size of operating and capital budget requirements; the necessarily close intertwining of teaching with research and both with patient care; the complexity and sensitivity of the "interface" with individual patients,

the community interests, federal and state and local regulatory agencies, and organizations such as Blue Cross-Blue Shield; the necessarily heavy reliance on federal, state, and private funding for capital expansion, for research, and for improved professional preparation.

In view of this, it is needful that we reorganize the current Office of Medical Affairs and create the Office for the Health Sciences, with a Vice President for Health Sciences as its executive head.

As the chief administrative officer for the Health Sciences in the University, the Vice President for Health Sciences will be directly responsible to the President for the overall administration of programs in the Health Sciences offered by the Colleges of Dentistry, Medicine, Optometry, Pharmacy, and Veterinary Medicine. In this position, the Vice President for Health Sciences will

- give central leadership to the special and unique nature of the Health Sciences in the University;
- encourage cooperative relationships among the colleges in the continuous planning and review of all programs for their relevance to evolving health care systems;
- maintain a balance in the development of the constituent units within the Health Sciences and the relative emphases among education, research, and service;
- give institutional focus to the relationships between the University and federal, state, and community agencies;
- and advise the President on all Health Science matters.

In consultation with the Deans of the Colleges of Dentistry, Medicine, Optometry, Pharmacy, and Veterinary Medicine, the Vice President for Health Sciences will develop and

administer the annual budgets for personnel and programs, and will coordinate academic programs and personnel with the Office of the Provost and non-academic budgets and personnel with the Office of the Vice President for Business and Administration.

President Enarson recommended that the reorganization of the Health Sciences of the University as set forth above be approved and that Article III, Section 12, of the Bylaws of the Board of Trustees and Rule 11.1107 of Rules for the University Faculty be modified accordingly. This reorganization is to be effective upon appointment of a Vice President for Health Sciences.

Upon motion of Dr. Sirak, seconded by Mr. Kessler, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

ARTICLE III

ADMINISTRATION OF THE UNIVERSITY

Section 12. Vice President for Health Sciences.

The major area of responsibility and authority of the Vice President for Health Sciences shall be that of the health sciences at the University. Without limiting the generality of the foregoing, the Vice President for Health Sciences shall, under the direction of the President, and with approval of the Board of Trustees, be responsible and have the requisite authority for the administration of: the Colleges of Dentistry, Medicine, Optometry, Pharmacy, and Veterinary Medicine, and their clinics, schools, and hospitals, including such other supporting services and facilities as the Health Sciences Library; Laboratory Research Animal Program; Radiation Safety; Medical Audiovisual and TV Center; Mental Retardation Center; Institute for Research in Vision; Center for Continuing Medical Education; Computer Assisted Instruction for Community Hospitals; agreements and cooperative arrangements with various regional and governmental hospitals. The Vice President for Health Sciences will coordinate academic programs and appointments with the Office of the Provost and non-academic budgets and personnel with the Office of the Vice President for Business and Administration.

D. The Ohio State University Development Fund (continued)

2. Establishment of Named Funds

- a. \$100,000.00 from the Estate of Mazie M. Barnes for the establishment of the Dr. Robert L. Barnes Fellowship of Medicine.

Dr. Robert L. Barnes Fellowship of Medicine

The Dr. Robert L. Barnes Fellowship of Medicine was established July 12, 1974, by the Board of Trustees of The Ohio State University with a bequest to The Ohio State University through The Ohio State University Development Fund from Mazie M. Barnes, formerly of Columbus, Ohio, in memory of her husband, Dr. Robert L. Barnes, M. D. 1910.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide an annual postgraduate fellowship or fellowships in Medicine at The Ohio State University for a student or students whose undergraduate work in the College of Medicine has convinced the Scholarship Committee of the University of his or their promise and worth for advanced or postgraduate study in Medicine. Such student or students shall be selected by the Scholarship Committee of the University and said fellowship or fellowships shall be known and referred to as the "Dr. Robert L. Barnes Fellowship of Medicine."

Should the need for these fellowships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for medical education.

- b. \$73,417.51 from the Estate of Ruth Regina Hale Canaga for the establishment of The Wilbur Waite Canaga Memorial Fund.

The Wilbur Waite Canaga Memorial Fund

The Wilbur Waite Canaga Memorial Fund was established July 12, 1974, by the Board of Trustees of The Ohio State University with a bequest from the late Ruth Regina Hale Canaga, to The Ohio State University through The Ohio State University Development Fund in memory of her husband, Wilbur Waite Canaga, B.Sc. Agr. '15, formerly of Lansing, Illinois.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

III. REPORT OF RESEARCH CONTRACTS, GRANTS, GIFTS, AND AGREEMENTS  
(continued)

D. The Ohio State University Development Fund (continued)

2. Establishment of Named Funds (continued)

b. The Wilbur Waite Canaga Memorial Fund (continued)

The annual income is to be used to provide one or more scholarships for deserving, intelligent students in Chemistry, preferably Agricultural Biochemistry in the College of Biological Sciences. The selection of recipients is to be made upon the recommendation of the University Scholarship Committee in cooperation with the Dean of the College of Biological Sciences and the Dean of the College of Agriculture and Home Economics.

Should the need for these scholarships cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for scholarships.

c. \$1,200.00 from wives of alumni and friends of the Department of Mechanical Engineering for the establishment of the Mechanical Engineering Sustaining Board Scholarship Fund.

Mechanical Engineering Sustaining Board Scholarship Fund

The Mechanical Engineering Sustaining Board Scholarship Fund was established July 12, 1974, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from wives of alumni and friends of the Department of Mechanical Engineering.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income is to be used to provide assistance for undergraduate students enrolled in mechanical engineering who could not qualify for financial aid under the normal University financial aids program, but who could not attend college without financial aid. The recipients are to be selected by the Chairman of the Department of Mechanical Engineering.

Should the need for this financial assistance cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to recommendations from the appropriate administrative official of the University who is then directly responsible for mechanical engineering education.

V. BUSINESS AND ADMINISTRATION

A. Architect or Engineer

1. Traffic Improvements

President Enarson recommended that the engineering firm of Jones-Stuckey, Ltd., Columbus, Ohio, be employed to provide complete engineering services including a traffic study, preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and resident supervision of construction.

The fee for this service will be negotiated between the engineering firm and the Division of Public Works. The total estimated project cost is \$250,000.00.

Funds for this service have been provided from House Bill 985, Item 315-074 (Utilities and Renovations).

Upon motion of Mr. Kessler, seconded by Mr. Devenow, the above recommendation was approved by unanimous roll call vote.

from Mrs. Helen L. Crane for the sum of \$8,100.00 from General University Funds, and in the name of the State of Ohio (The Ohio State University).

2. Easement - Newark Regional Campus, Electric Pole Line Anchor

The University has received a request from the Ohio Power Company to install a pole line anchor approximately ten feet west of the eastern property line and 595.2 feet north of the southerly property line of The Ohio State University Newark Regional Campus.

It was recommended that the President and/or Vice President for Business and Administration be authorized to request the Division of Public Works, pursuant to their statutory duties, to act on behalf of the University in developing the necessary legal instruments to provide for the easement.

3. Supplement to Lease of 3.25 Acres, Don Scott Field  
F.A.A. Lease, Requirements for Additional .51 Acres

On July 6, 1973, the Board authorized a lease with the Federal Aviation Administration. The Federal Aviation Administration has requested a supplement to their original lease adding .51 acres of ground to complete the installation of the MALSR ground approach system.

It was recommended that the President and/or Vice President for Business and Administration be authorized to request the Division of Public Works, pursuant to their statutory duties, to act on behalf of the University in developing the necessary legal instruments to provide the supplement to the original lease.

Upon motion of Mr. Devenow, seconded by Mr. Harrod, the above recommendations were approved by unanimous roll call vote.

4. Basketball Television Broadcasting Contract

Bids were solicited for a three-year exclusive contract (1974-1977) to televise The Ohio State University home basketball games in accordance with the specifications developed by the Director of Athletics, Department of Purchasing, and legal counsel.

President Enarson recommended that a three-year contract in the amount of \$180,700 be entered into between this University and WTVN-TV (Channel 6), Columbus, Ohio, effective with the 1974-1975 basketball season.

Upon motion of Mr. Harrod, seconded by Mr. Kessler, the Board of Trustees approved the foregoing recommendation by unanimous roll call vote.

President Enarson presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Revision of Personnel Salaries and  
Fee Schedules for Fiscal Year 1974-75

President Enarson presented the following statement and recommendations:

I am grateful to each of you for rearranging your schedules on short notice to attend this special meeting, which is to deal with a matter that cannot await our regularly scheduled meeting of September 6.

At the June 14 meeting the Board adopted the recommended budget for 1974-75, including salary increases. Now, two months later, I must ask reconsideration of earlier actions on two items: one, the rates charged to patients in the hospitals and to students in the residence halls; two, the compensation of all personnel other than those in the Classified Civil Service.

Recently the Ohio General Assembly enacted Amended Substitute House Bill 1476, which provided graduated pay increases for all State Civil Service employees. In my view the initiative of the General Assembly was fully justified; inflation ravages all Americans, but it has an especially harsh impact on those who serve in the public sector. Briefly, H. B. 1476 funded increases for some, but not all, who work at The Ohio State University. Of our 14,000 full-time equivalent (FTE) employees, 6,300 had increases mandated by the General Assembly, but we received funding for less than half of these; the other 7,700 employees of this University were not covered by the mandated increase, nor was funding provided for the University to provide an increase.

Obviously, this action which--to repeat--I applaud--has created serious inequities. The recommendation that I bring to you today is designed to deal directly and forthrightly with this inequity. No one in the General Assembly set out to create inequities; it is simply that all of us, legislators and University officials alike, function within a complicated system which places the initiative and responsibility for salary determination in different hands.

May I refresh your understanding of the employment pattern. In general, University funds are divided into two major categories--Instructional and General budgets, and other budgets

August 16, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

A. Revision of Personnel Salaries and Fee Schedules for Fiscal Year 1974-75 (continued)

President Enarson's statement (continued)

including Auxiliary Operations, University Hospitals, Cooperative Extension, Research Grants, etc. Basically these funds support a total University work force of 14,000 full-time equivalent employees (not including student employees). The Faculty and instructional staff consists of the Regular Faculty of the University as well as the various personnel associated with the instructional process, including Graduate Teaching, Administrative and Research Associates. In addition to the faculty complement, the academic missions of the University are supported by a wide variety of persons with special skills--carpenters, secretaries, policemen, laboratory staff and the like--who are employed in a Classified Civil Service system pursuant to the laws of Ohio. The third category is broadly termed Administrative and Professional, and staff members in this category do not fall within the State Civil Service structure nor within the Faculty structure of the University. Many of these staff members, however, have advanced degrees, and serve in such capacities as counselors, managers, research associates, computer analysts, etc.

The distribution of these employees by fund type is as shown in Table I, page 52.

Now with this breakdown of employment and funding structure in mind, let's look at the impact of H. B. 1476 on the University. What does H. B. 1476 do and what does it not do?

Very simply, the pay bill permits us to increase the salaries of the 2,700 FTE University Classified Civil Service employees who are paid from Instructional and General funds as follows: 30 cents an hour for employees being paid under \$8,000 at an annual rate; 20 cents an hour for those employees receiving an income of \$8,000 but less than \$12,000; and 10 cents an hour for all Civil Service employees being paid on an annual basis of \$12,000 or over. The estimated cost to fund this increase amounts to \$1,619,150. That amount will be provided through the Board of Regents. But the pay increase for some--I repeat--is not available to all.

The pay act funds increases on one category of employee; it provides no increase for the other employees, many of whom work directly alongside of those given pay increases against the inflation-fueled erosion of real income. Specifically the pay act does not provide anything for our Faculty and Administrative and Professional staff members within the instructional category. It does not provide funding to pay the increases

President Enarson's statement (continued)

for anyone in the Auxiliary enterprises (hospitals, dormitories, bookstores, etc.), including the more than 3,600 FTE employees in the Classified Civil Service. (This means that an increase for a secretary who works in the Registrar's Office would be subsidized, but one for a secretary in the hospital or the dormitory system would not.)

Now what does this mean? It means that by law we must provide the mandated increase to Classified Civil Service employees serving in the Auxiliary enterprises, although no funds are provided to the University to meet this sizable and unexpected cost, which amounts to \$2,371,480 for the coming year. (See Table II, page 54.) Those added costs can only be met by increasing proportionately the charges to those receiving the service--e.g., patients in the University hospitals and residents in the dormitory system. This is the basis for the recommended increases in rates for the hospitals and dormitories which are before you.

Obviously, we could have done this and nothing more. However, in my judgment and that of my colleagues in Central Administration, it would be unfair not to make special efforts to help all of those who serve the University. I need not belabor the point--inflation hurts all of our people and it is our duty, within the limits of our resources, to do what we can to help minimize the erosion of real income. For these reasons, I am requesting approval of a "package" of graduated increases for all those other than Civil Service persons provided for under H.B. 1476.

Since inflation has its cruelest impact on those with lowest incomes, whose food and clothing and utilities budget make up a larger proportion of total income, our recommendation is for graduated increases, designed to favor those with lowest income. Therefore, I recommend that the Board approve pay adjustments for Faculty and Administrative and Professional Staff employees of the University. Specifically, it is recommended that a graduated across-the-board pay increase, to be effective October 1, 1974, be provided for all (a) Regular Faculty, (b) Administrative and Professional Staff, (c) Other Instructional Staff, including Graduate Associates. Included in the above would be any regular non-classified staff member who has an appointment of more than 50 percent time, or who continually works more than 20 but less than 40 hours per week. The proposed increases are as follows: \$600 for FTE salaries under \$8,000; \$480 for FTE salaries between \$8,000 and \$12,000; and \$240 for FTE salaries in excess of \$12,000. The amount

of the increase would be prorated in the case of an appointment of more than 50 but less than 100 percent. These increases apply only to those persons who were on the payroll July 1, 1974. The annual cost to provide these increases, including increased benefits payments, is shown in Table II, page 54.

The cost for 1974-75 of these increases comes to an estimated \$1,418,816. Where will it come from? You will recall that in submitting the Instructional and General budget, I stressed that it was an extraordinarily tight budget, requiring program cuts as a precondition of the modest salary and fringe benefit increases recommended. You also will recall that we proposed to hold in reserve approximately one percent of our Instructional and General budget, or \$1,400,000. This one percent, small by any measure, was to be reserved for new and improved programs.

It is a cruel trade-off, but in last analysis my recommendation is that we sacrifice this last bit of flexibility to the higher priority of help to the people--all the people--who make up this University.

I say cruel trade-off because I now have on my desk requests totaling over \$24 million. None of these are trivial; all are needed. With few exceptions, none of those proposals can be funded. For example, we will not be able to purchase an additional vehicle to transport handicapped students; we will not be able to adequately fund needed alterations to buildings as part of our energy conservation program; we will not be able to provide a much needed adjustment to our library's periodicals budget. And so it goes.

In conclusion, a great university improves or it begins to falter. The quality of a university is difficult to measure, but no one denies that quality is all-important--whether it is the quality of student counseling, maintenance of the plant, or classroom teaching (important above all else). The Ohio State University cannot hold its own, let alone advance in quality and in service, unless it is given some protection against inflation in the next biennial budget. For your information, this is the burden of the presentation that I have advanced recently in discussions with the Chancellor of the Board of Regents.

August 16, 1974 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

A. Revision of Personnel Salaries and Fee Schedules for Fiscal Year 1974-75 (continued)

President Enarson's statement (continued)

I further recommend that this University be authorized to make the necessary budget adjustments in the University's schedule of charges, including those charges of Residence and Dining Halls and University Hospitals, as set forth on the attached schedules, pages 57-59.

Upon motion of Mr. Hilliker, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendations by unanimous roll call vote.

B. Distinguished Service Awards and Degrees and Certificates--Summer Quarter Commencement

Serving as a Committee on Distinguished Service Awards, the President's Staff has nominated and recommended for approval by the Board of Trustees, the following-named persons to receive the Distinguished Service Award at the August 30, 1974 Commencement. These awards are given in recognition of distinguished service to The Ohio State University and the awards are in accordance with action taken by the Board of Trustees in 1952.

Lilyan B. Bradshaw  
B. Maxwell Drake  
Erwin E. Dreese  
Robert M. Estrich  
Richard C. Larkins

President Enarson recommended that degrees and certificates be conferred at the Summer Quarter Commencement Convocation on August 30, 1974, to those students who have completed the requirements for their respective degrees and certificates and are recommended by the University Senate. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix L, page 61.)

Upon motion of Mr. Harrod, seconded by Mr. Kessler, the Board of Trustees approved the foregoing recommendations by unanimous voice vote.

C. Honorary Degree

President Enarson recommended under Section 3, Rule 11.05, and after consultation with the Steering Committee of the University Senate, that the honorary degree, Doctor of Laws, be conferred on Gerald R. Ford, President of the United States, at the August 30, 1974 Commencement.

Upon motion of Mr. Hilliker, seconded by Mr. Harrod, the Board of Trustees approved the foregoing recommendation by unanimous voice vote.

THE OHIO STATE UNIVERSITY  
COMMENCEMENT CONVOCATION

August 30, 1974

Page 62 Blank

**Lilyan B. Bradshaw**

A respected counselor in the College of Engineering, Lilyan Bradshaw provided capable leadership for forty-five years, and brought to her office a wide and richly deserved reputation for excellence. She was not only the first woman in the nation to serve as a college placement director, but she was also instrumental in the development of college career guidance as a profession. She has been in demand as a stimulating lecturer on educational motivation, career goals, and professional ethics. The Ohio State University recognizes her dedication by conferring upon Lilyan B. Bradshaw the Distinguished Service Award.

**Erwin E. Dreese**

A noted innovator and scholar, Erwin E. Dreese has brought to the field of electrical engineering impressive accomplishments as inventor, teacher, and author. As chairman of the Department of Electrical Engineering for thirty-five years, a period of burgeoning growth, he insisted on high standards of instruction, innovative research, and high quality graduate student work. His inventions in electric motors and controls are further evidence of the excellence he has achieved. The Ohio State University recognizes his dedication by conferring upon Erwin E. Dreese the Distinguished Service Award.

**Max Drake**

An agriculturist and faithful alumnus, Max Drake has made extensive contributions in academic and alumni affairs, which reflect his deep and abiding loyalty to the College of Agriculture and Home Economics and to this University. Industry, agriculture, and conservation nationwide have benefitted from his outstanding leadership. As the first President of the Alumni Association of the College of Agriculture, he clearly demonstrated his staunch support of his College and its programs. The Ohio State University recognizes his dedication by conferring upon Max Drake the Distinguished Service Award.

**Robert M. Estrich**

For thirty-five years a distinguished servant of this University and of the institution of higher learning, Robert M. Estrich exemplifies the highest traditions of the academic trinity—educator, scholar, administrator. He is the author of an extensive bibliography and is nationally accredited as an authority in medieval English literature and linguistics. As Chairman of the Department of English, he administered its orderly growth and development. Serving on numerous University committees, he sought to improve the quality of campus life. The Ohio State University recognizes his dedication by conferring upon Robert M. Estrich the Distinguished Service Award.

**Richard C. Larkins**

An able teacher and administrator, Richard C. Larkins has demonstrated his professional competence as a University leader throughout twenty-four years of loyal devotion to this academic community. He has inspired his students and others with his belief in the positive values of physical exercise and intercollegiate athletics. As Director of Athletics he was instrumental in steering that department to its present position of national prominence. The Ohio State University recognizes his dedication by conferring upon Richard C. Larkins the Distinguished Service Award.

**Gerald R. Ford**  
**President of the United States**

The Ohio State University, in this its 249th Commencement ceremony, is deeply honored by the presence of the 38th President of the United States, Gerald R. Ford. The University is pleased to bestow upon President Ford its highest honor, the degree Doctor of Laws, *honoris causa*.
