President Bevis presented the following statement:

It is with deep regret that I present herewith the resignation of Dr. Harvey H. Davis as Vice-President of the University. His service in this capacity has been so large a part of my administration that when I think of my own service I shall always think of his.

Dr. Davis has, in effect, created a new function in the management of our faculty and curricular problems. With courage, tact, vision and judgment, he has interpreted the Board and the Administration to the Faculty, and in turn the Faculty to the Board and the Administration. His capacity for detail has been infinite; his broadmindedness and fairness have been universally appreciated across the campus.

July 10, 1948

President Howard L. Bevis
Administration building
The Ohio State University
Campus

Dear President Bevis:

Please accept this letter as my formal resignation effective September 15, 1948.

I trust that I have already made clear the fact that this resignation is not due to any discontent with my position here but to accept an attractive offer from the State University of Iowa.

It is manifestly impossible to put into a short letter all my feelings concerning my work here, but I wish at least to express to you, to the Board of Trustees, and to my close associates in the administration my deep appreciation for the

privilege of working with you and them during these years of war and post-war stress.

Sincerely,
(Signed) HARVEY H. DAVIS
Vice-President

Mr. Power moved that the resignation of Vice-President Harvey H. Davis be accepted with regret and that the President be requested to express to Mr. Davis the appreciation of the Board of Trustees for the splendid service which he has rendered. This motion was seconded by General Dargusch and upon roll call was unanimously approved.

The President now presented the following statement and recommendation:

The resignation of Dr. Davis creates the necessity of filling his position which is one of the most important in the University service. While in one sense it is an appointment almost personal to the President, in another and larger sense it involves the Faculty in its relations to the President and to the Board.

Satisfactory administration of the position requires at once initiative and judgment, firmness and tact, imagination and capacity for detail, fairness and the capacity to discriminate. It bespeaks a high degree of confidence on the part of the Faculty and an ability to interpret the Administration to the Faculty and vice versa.

I have made considerable inquiry among leaders of the Faculty in representative areas, and the consensus of opinion is overwhelmingly in favor of Dean Harlan Hatcher. This is gratifying to me for he is unquestionably my own choice.

He is thoroughly known to us as student, professor and dean. His *Who's Who* record gives the salient facts of his life. What *Who's Who* does not tell in full is his fine ability as a public speaker, his wide distinction as a scholar, and particularly his unusual capacity as an administrator. This last has been put to severe test in the administration of our largest college in the stressful days of the post-war period.

He believes in our democratic kind of education. He understands it and foresees its future. This belief and understanding have kept him in our service despite attractive offers from other campuses.

I recommend the appointment of Harlan H. Hatcher as Vice-President of The Ohio State University at the salary of \$11,256, effective September 16, 1948.

Upon motion of Mr. Power, seconded by Mr. Thompson, the above recommendation of the President was approved by unanimous vote.

President Bevis presented the following recommendations:

The President presented the following statement and recommendation:

For many years The Ohio State University has held a prominent place in the field of educational radio. It was a pioneer in this field and continues to have recognition as one of the leaders.

For several years I have served as Chairman of the Radio Committee of the Land Grant College Association, and also of the National Association of State Universities, and in this capacity have made several appearances before the Federal Communications Commission.

I have kept in fairly close touch with the progress of developments in FM radio with a view to determining the proper time for this University to make application to the Federal Communications Commission for the assignment of a wave length. In my judgment that time has arrived.

The Federal Communications Commission, after several years of waiting, recently issued a warning that unless the FM wave lengths reserved for educational institutions are taken within a reasonable time they will be allocated to commercial stations. In order to have application for a wave length granted, we must be able to certify that funds for the necessary equipment have been appropriated by the Board.

In the judgment of Mr. Higgy, a very competent radio engineer, an adequate installation for our purposes would entail an installation cost of about 42,000. A lesser initial cost—about \$25,000—would provide an installation here on the campus, but the coverage would be very small and we should undoubtedly want to supersede it before long with a better one. By utilizing what we have at the Golf course, a 3000 watt FM station having about 50 mile coverage can be provided. This, as I have indicated, is estimated to cost about \$42,000. In the judgment of the Business Manager, the funds can be made available for such an installation.

I recommend, therefore, that the proper officers of the University be authorized to proceed with the application for a wave length, and acquisition and installation of an FM Station on the site of the University Golf Course, and that the sum of \$42,000 be appropriated for this purpose.

Upon motion of Mr. Thompson, seconded by Mr. Power, the above recommendation was approved by unanimous vote.

The Business Manager presented the plans, specifications, bill

of materials and estimate of cost for the following project as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Stadium Closures	\$20,000	Rotary 18

Upon motion of Mr. Thompson, seconded by General Dargusch, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet are to be reported to the Board at a later meeting.

The Business Manager presented the following statement:

The Sanitary Engineering Department of Franklin County has submitted a proposal for the construction of a sanitary trunk sewer extending from a point northeast of the Ohio State University Stadium across the Olentangy River, thence north along the west side of the river to a point in the vicinity of Henderson Road.

The total cost of the entire project is estimated to be \$453,000.00. The Franklin County Commissioners have agreed that the University's assessment for its share of this cost will be \$125,000 which would appear to represent the relative benefits derived therefrom.

It is recommended that the Business Manager be permitted to discuss with the Attorney General of the State of Ohio, the legality of joining with the county in the construction of the proposed sewer. If, in the opinion of the Attorney General, such a move is considered to be legal, that the amount of \$125,000 be appropriated for this purpose out of Rotary 12879. Further, that the proper University authorities in that event be authorized to negotiate the necessary agreements with Franklin County for the purpose of constructing said sewer.

Upon motion of Mr. Power, seconded by General Dargusch, this recommendation of the Business Manager was approved by unanimous vote.

The Business Manager presented the following statement:

Public Law 796—80th Congress—approved by the President on June 28, 1948, provides for the transfer of the government's contractual and property rights in the property known as the Veterans Housing Project located on the Ohio State University grounds to the Ohio State University. It is necessary that an application be made for such transfer within 120 days from June 28. In order to accomplish such transfer the application must be accompanied by a (1) resolution of the Board of Trustees requesting such transfer, (2) the legal opinion of the Attorney General that the Ohio State University has the right to accept the property as a gift from the United States

Government, (3) that the resolution of the Board of County Commissioners of Franklin County approving the waiver of removal provisions of Section 313 of the original act.

Upon motion of General Dargusch, seconded by Mr. Power, the following resolution was approved by unanimous vote:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that the Public Housing Administration, an Agency of the United States Government, be requested by the Business Manager to transfer and relinquish to the Ohio State University all contractual and property rights in Project Number OH-V-33362, located on lands owned by the Ohio State University. The transfer is to be made pursuant to the provisions of Public Law 796, 80th Congress, approved June 28, 1948. The property to be transferred includes 352 family dwelling units and 1288 dormitory units provided in 73 buildings of various description; all furniture, furnishings, and equipment now on hand from the Public Housing Administration; and 10 motor buses held under bailment contract in connection with the project.

BE IT FURTHER RESOLVED by the Board of Trustees of the Ohio State University, which has jurisdiction over the area in which Project OH-V-33362 of the Ohio State University is located, that the waiver of the removal requirements of Section 313 of the Lanham Act (Public Law 849, 76th Congress, as amended) with respect to said project is hereby specifically approved in accordance with Public Law 796, 80th Congress.

It was further moved by General Dargusch, seconded by Mr. Thompson, that the Business Manager be authorized (a) to secure the opinion of the Attorney General as to the legality of the acceptance by the Ohio State University of the property in question and (b) to secure the resolution granting waiver of removal provisions from the County Commissioners of Franklin County. This motion was approved by unanimous vote.

The Business Manager now presented the official Report of Examination of the Ohio State University for the fiscal year ending June 30, 1947, as made by the Department of Auditor of State.

Upon motion of Mr. Thompson, seconded by Mr. Power, the above report was received and ordered filed.

In connection with the discussion of the budget for the Athletic Department for the year 1948-1949, the Business Manager pointed out that no provision had been made for black topping underneath the west side of the Stadium. He further pointed out that the damaged condition of the roadway and a part of the interior was the result of the construction activities incident to the extension of the Stadium Dormitories. To that extent it would seem proper that University funds be used to defray a part of the cost of the proposed improvements.

The Business Manager recommended, therefore, that the Director of the Physical Plant be authorized to proceed by contract with the

black top paving of the west side of the Stadium at once and that an appropriation for this purpose of \$10,000 be made against regular University funds and that the balance be paid from the Athletic Department Rotary.

Upon motion of General Dargusch, seconded by Mr. Power, the foregoing proposal was adopted unanimously.

The President presented the following statement relative to the Veterans' Hospital:

Pursuant to the Board's instruction to investigate and report upon the matter of locating a U. S. Veterans' Hospital upon this campus, or in connection with our Medical School:

General Dargusch was in personal touch with the Columbus committee and with General Carl Gray, Jr., of the U. S. Veterans' Administration, upon the occasion of his visit to Columbus. As I am advised, General Gray stated that he was not authorized to commit the Government to the location of a hospital anywhere in Columbus, and that the responsibility for such action, if any exists, is in other hands. Exactly where is not for the present clear.

On June 30 I asked Captain Mowery, Secretary of the Columbus committee, to have lunch with Dean Doan, Mr. Taylor and me, and at this luncheon the whole matter was discussed in friendly and I think constructive fashion. The consensus of our opinion, including that of Captain Mowery, seemed to be that the University ought not approach the Government in an attitude of supplication, but that it should be ready to advise properly interested parties of its capacities and facilities, and its willingness to cooperate if a proper basis can be found.

Further, it was agreed, I think, that the Columbus committee ought to assume the responsibility of urging the claims of Columbus for such a hospital. It was thought that recommendations ought to be made (1) to the effect that the veterans in a large section of Ohio, centering in Columbus, ought to have access to such a hospital, and (2) that prominent among the inducements Columbus has to offer are the leadership, personnel and the facilities of the University's Medical College and Medical Center.

I have since had no further word from Captain Mowery or any of his associates.

The President presented the following statement with reference to the Cancer Clinic:

Pursuant to the Board's instruction that there be referred to the University Cabinet Dean Doan's recommendation that an application be made for an allotment of one and a half million dollars by the Federal Government for the establishment of a Cancer Clinic in connection with our Medical Center:

I presented this recommendation with the supporting

data to the Cabinet which gave it study and consideration. It appeared:

That, should the application be granted, there would be constructed on University property at the expense of the U. S. Government a clinic building containing some 20 beds and other appropriate facilities that the expense of operation would be borne by the Government itself, subject to the following:

The University would control the location and exterior appearance of the building.

The University through the Medical School would have a concurring voice in the selection of such personnel as were important from the University's viewpoint.

Such teaching benefits as might accrue from the presence of the clinic would be available to the Medical College.

The University would be expected to supply heat, light, power, gas and water at an estimated cost of \$16,000 per year.

Taking into consideration the advantage to the University and the service to the public which it would render by this means, it was the judgment of the Cabinet that the University ought to make the application as recommended. I signed the application, therefore, and have forwarded it to the proper authorities in Washington.

Thereupon the Board adjourned to meet Tuesday, September 7, 1948 at Gibraltar Island. This meeting is to extend from September 7 through September 12.

Attest:

(Signed) CARL E. STEEB,
Secretary.

(Signed) H. S. ATKINSON,
Acting Chairman.

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE EIGHT HUNDRED AND SIXTEENTH MEETING OF THE BOARD OF TRUSTEES

Gibraltar Island, Ohio, September 7, 1948.

The Board convened at Gibraltar Island, pursuant to adjournment.

Present: James F. Lincoln, Chairman, Warner M. Pomerene, H. S. Atkinson, General Carlton S. Dargusch and Donald C. Power.

The Business Manager submitted the following report of the University Cabinet and asked for approval by the Board of Trustees of the actions taken:

On August 3, 1948 bids were received and opened for the four contract divisions of the Physics Building and a tabulation of the bids was recorded in the minutes of the Cabinet. The low bids for General Contract Division and for the Plumbing Division were below the estimates filed with the Auditor of State.

The low bids for the Heating and Ventilating Division and for the Electrical Division were in excess of the estimates filed with the Auditor by such large amounts that, upon the University Architect's recommendation, the Director of Public Works was requested to reject all bids for these Divisions, and revised bids were invited upon revised specifications and revised estimates of cost. The revision of specifications did not reduce the effective use of the building.

On August 24 at 2 P. M., the revised bids upon Divisions 2 and 4 were received and opened and a tabulation of those bids is presented herewith, together with the unrejected bids of August 3.

The low bids for the several Divisions and their comparison with the filed estimates of cost are as follows:

<i>Division</i>	<i>Architect's Estimate</i>	<i>Low Bidder</i>	<i>Amount of Low Bid</i>
General Contract	\$775,000	G. W. Atkinson & Son	\$747,500 Deduct \$200 for Alt. III Net amount \$747,300
Heating and Ventilating	(revised) 130,000	The National Company	119,240
Plumbing	77,324	Lieb-Jackson Co. Electrical	65,730
Electric	(revised) 135,000	Contractors Inc.	120,500
Totals	\$1,117,324		\$1,052,770

The total appropriation for the Physics Building and Equipment as provided for in H. B. 496 is \$1,040,000. Of this amount \$35,000 has been released for Architectural and Engineering Services.

Since the total of the low bids and the estimated amount for Architectural and Engineering Services and minor extras to contracts were in excess of the appropriated amount for this building, it was necessary to effect a transfer of funds from some other account.

The Controlling Board was requested to transfer \$55,000 from the balance of \$77,008.50 remaining in the appropriation of G-2 Botany and Zoology Building and Equipment to G-2 Physics Building and Equipment, so that the contracts could be awarded on the basis of the bids received for this project. The Controlling Board approval was granted and the money released to enter into the contracts. The Cabinet requests approval by the Board of Trustees of the award of these contracts and the transfer of the funds in question.

Upon motion of General Dargusch, seconded by Mr. Power, the above actions of the Cabinet were approved by unanimous vote.

* * * * *

The Business Manager submitted the following report of the University Cabinet and asked for approval by the Board of Trustees of the actions taken:

On August 31, 1948, pursuant to legal advertisement, bids were received for the construction of the Addition to Commerce Building and Equipment, for which funds were appropriated in H. B. 496.

The estimates of cost for the five divisions of the work as filed with the Auditor of State on July 30, 1948, are as follows:

General Contract	\$729,618.00
Plumbing and Drainage	56,854.00
Heating and Ventilating	94,755.00
Electric Wiring and Fixtures	66,828.00
Elevator	22,000.00

The estimates of cost for the five divisions of the work as filed with the Auditor of State on July 30, 1948, are as follows:

General Contract	H. M. Boyajohn	\$874,000.00
Plumbing	The Sauer Company	55,267.00
Heating	T. J. Connor, Inc.	70,153.00
Electric	Electrical Contractors Inc.	70,700.00
Elevator	Otis Elevator Company	23,188.00
		\$1,098,308.00

The acceptance of certain alternates and substitutions for which bids were received and recommended by the Architects made it possible to reduce the General Contract amount to \$857,300.00.

While the Plumbing and Heating low bids were below the estimates of cost filed with the Auditor of State, it is noted that the amounts for the General Contract, Electric Wiring and Fixtures and for the Elevator were in excess of the filed estimates. In the case of the General Contract there were only two bids, the second one being for the sum of \$1,064,000.00. In the case of the Electric Wiring there were four bids, the high three being \$70,794.00, \$80,800.00 and \$81,600.00. In the case of the Elevator Contract there were three bids, the high two being \$23,257.00 and \$24,188.00.

The Architects, Bellman, Gillett and Richards certified to the fact that, in their judgment, due to present construction conditions in Ohio, these bids were reasonable and that no additional bids would be received if the project were re-advertised at the present time, nor would any lower bids be received. The University Architect concurred in this judgment.

A request was made to the Board of Control for permission to award the contracts for General Contract, Electric Wiring and Fixtures, and for Elevators on the basis of low bids received on August 31, 1948, notwithstanding the fact that these bids were in excess of the estimates of cost filed with the Auditor of State.

The Board of Control was further requested to establish a new account, "H. B. 495, G-2 Commerce Building Addition" and to transfer thereto \$70,153.00 from Rotary 18. This transfer was necessary inasmuch as the total appropriation of \$1,085,000.00 made in H. B. 496 for the Addition to the Commerce Building was insufficient to enter into these contracts. Approval by the Board of Trustees of the transfer of funds and the award of the contracts is requested by the Cabinet.

Upon motion of General Dargusch, seconded by Mr. Power, the above actions of the Cabinet were approved by unanimous vote.

The Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Incinerator	\$ 76,000	G-2 Buildings: Incinerator
Addition to Library	2,500,000	G-2 Buildings: Ad- dition to Library
Central Service Building, Cold Storage	65,000	G-2 Buildings: Cen- tral Service Build- ing and Equip- ment
Completion of certain site im- provements adjoining Central Service Building	83,900	G-2 Buildings: Cen- tral Service Build- ing and Equip- ment

Upon motion of General Dargusch, seconded by Mr. Power, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Business Manager presented a bill from Colonel Brewer, Military Science Department, in the amount of \$71.39 payable to the Treasurer of the United States. This payment is to cover military students who were not required to put up a deposit for uniforms at the time of issue. The Military Science Department has failed to contact the students involved.

The Business Manager recommended that he be directed to issue a voucher in the amount of \$71.39 payable from Laboratory Deposit funds to liquidate this account, it being understood that in the future all students will pay a deposit before the uniform is issued.

On motion of General Dargusch, seconded by Mr. Power, this recommendation was approved by unanimous vote.

Mr. Power presented for the consideration of the Board the following revision of Faculty Rule No. 34, covering the duties and powers of the Athletic Board and moved its adoption:

The Athletic Board shall consist of eleven members and shall be responsible to the Board of Trustees through the President. Six of these shall be members of the University Faculty, appointed by the President annually. They shall constitute the Faculty Committee on Athletics and Athletic Eligibility. One member shall be a member of the Board of Trustees. Two members shall be Alumni of the University and shall be elected by the Ohio State University Association for a term of two years, one to retire each year. Two members shall be students of the University elected by the Student Senate, for a term of two years, one to retire each year.

Subject to the general authority of the Board of Trustees the Athletic Board shall be charged with the development of policy governing intercollegiate and intramural athletics. It shall recommend to the President the appointment of a Director of Athletics for submission to the Board of Trustees. All other appointments shall be made in the usual manner by the Board of Trustees after nomination by the President upon recommendation of the Director of Athletics following consultation with the Athletic Board. All schedules shall be approved by the Athletic Board. It shall make an annual report to the University Faculty Council.

The Director of Athletics shall have immediate direction of intercollegiate and intramural athletics and shall be responsible to the Athletic Board therefor. It shall be the duty of the Director to arrange the schedules of intercollegiate and intramural contests, subject to the approval of the Athletic Board. The Director shall supervise all trips and make all arrangements for the carrying on of intercollegiate and intramural contests.

The annual budget of the Athletic Department shall be prepared by the Director of Athletics in accordance with University procedures following consultation with the Athletic Board. All expenditures of the Athletic Department shall be accomplished in accordance with University procedures under the general supervision of the Business Manager.

The Athletic Physical Plant and employees thereof shall be under the jurisdiction of the Director of Physical Plant and shall be administered under the rules and regulations of the Board of Trustees. An appropriate charge for this service will be made to the Athletic Department Rotary.

The above motion was seconded by Mr. Atkinson and upon roll call was approved by unanimous vote of the Board.

General Dargusch presented the following motion and moved its adoption:

All properties of the University comprising the Physical Plant, no matter where located, and the employees thereof shall be under the jurisdiction of the Director of Physical Plant and shall be administered under the rules and regulations of the Board of Trustees. An appropriate charge for

this service will be made to the proper Department appropriation, rotary, or other fund for this service.

This motion was seconded by Mr. Pomerene and upon roll call was approved by unanimous vote of the Board.

During a discussion of the greatly increased administrative details which will obtain with the development of the new Medical Center, the Trustees gave serious consideration to the practicability of placing all matters relating to the business and custodial services of the Hospital under the jurisdiction of the Business Manager of the University, thereby relieving the Dean of the College of Medicine of this responsibility; thus permitting him to devote his entire time to the medical operations of the Hospital and the development of the College of Medicine.

As a result of the above discussion General Dargusch offered the following motion:

All Medical matters connected with the operation of the University Hospital shall be under the jurisdiction of the Dean of the College of Medicine.

All Business and Custodial service matters connected with the operation of the University Hospital shall be under the jurisdiction of the Business Manager of the University.

Under Medical matters will be included the care of patients, the Medical, Surgical, Nursing and Research Departments; and all technical laboratories connected with the operation of the Hospital, including all personnel connected therewith.

Under the Business and Custodial Service will be included the following services: admissions, collections, accounting, purchase requisitions, voucher approvals, store-room operations, receiving of all equipment and supplies, Dietary Department and Housekeeping, including all personnel connected therewith.

This action to become effective October 1, 1948.

The above motion was seconded by Mr. Pomerene and upon roll call was adopted by unanimous vote of the Board.

The Board now recessed to meet in the morning at 9:30 A. M.

September 9, 1948, 9:30 A. M.

The Board resumed its session.

Present: James F. Lincoln, Chairman, Warner M. Pomerene, H. S. Atkinson, General Carlton S. Dargusch, C. F. Kettering, and Donald C. Power.

The President now presented to each member of the Board a copy of "1948 Report of Progress on University Affairs." This report covers certain activities on the campus.

Vice-President Stradley read the following portions:

1. A report on the "Religious Life at The Ohio State University"
2. Contributions to the people of Ohio, by the College of Agriculture

3. Contributions toward the Conservation and Protection of the Food Supply, by the College of Veterinary Medicine

President Bevis now read the following portions:

1. Some of the University's Contributions to Scientific and Industrial Life of the State
2. Work of the Personnel Research Board
3. Program of the College of Law
4. Report on the College of Education

The Board now recessed for luncheon.

The Board resumed its session at 2:00 P. M., with the same members present as at the morning session.

The Business Manager now read that portion of the report covering

1. Statement on major capital additions
2. Proposals concerning land purchases
3. Medical Center, progress of
4. Major capital additions from Rotary 12879
5. Statement concerning new Ohio Union Building
6. Report on maintenance, repair and rehabilitation of Physical Plant
7. A view of what's ahead

The Board now discussed various phases of the reports as read.

* * * * *

Mr. Power submitted the following resolution and moved its adoption:

RESOLVED that the President submit to the next Board meeting the requirements for admission to the various colleges of the University and the method by which such standards are formulated.

BE IT FURTHER RESOLVED that all such requirements shall be subject to the review and approval of the Board of Trustees and that any such requirements hereafter proposed shall not become effective until approved by said Board.

This motion was seconded by General Dargusch and upon roll call was approved by unanimous vote.

* * * * *

In the presentation of the activities and future program of the College of Law, the President read the proposal of the College of Law to develop an Institute of Public Law and Administration, which stated certain objectives of such an institute.

After some discussion of this proposal, General Dargusch moved that the approval of the creation of such an institute be deferred for the present, and that further study be made of the proposed objectives.

This motion was seconded by Mr. Power, and upon roll call was approved by unanimous vote.

* * * * *

Mr. Pomerene presented the following statement and resolution and moved its adoption:

The Board is aware of the apparent great need for more and better trained Doctors, Dentists and Veterinarians.

In order that the University discharge its public obligations in this respect.

RESOLVED that the President is directed to request the respective Deans of the Colleges of Medicine, Dentistry and Veterinary Medicine to submit at the next Board meeting a comprehensive report which will outline the plans of each College to provide training for such number of students in each College as will discharge the full duty of the University to the people of Ohio and the public generally, in providing graduate practitioners in these three vital fields.

This motion was seconded by General Dargusch and upon roll call it was adopted by unanimous vote.

* * * * *

Mr. Kettering presented the following resolution and moved its adoption:

It was with a sense of shock that the members of the Board of Trustees of The Ohio State University learned of the tragic death of George A. Stone. Continuing the interest of his beloved father in the welfare of the University, he had made for himself, through his interest in its aviation program, a place in the University family which will long be remembered. The University, furthermore, was filled with a growing pride in his contribution to the safety and welfare of the nation. His part in the development of the Civil Air Patrol was of significant importance to the winning of the war. The recognition which was increasingly coming to him on every hand was a continuing pleasure to his friends at Ohio State.

With a deep sense of loss, therefore, the Board of Trustees

RESOLVES, That the foregoing testimonial be spread upon its minutes and that copies be presented to his wife, his mother and to other members of the family.

Mr. Pomerene seconded this motion and upon roll call it was unanimously adopted.

* * * * *

General Dargusch now moved that Dr. James R. Hopkins be commissioned to paint an oil portrait of Julius F. Stone, and that \$750.00 be appropriated from the Interest on Endowment Fund for this purpose.

This motion was seconded by Mr. Power and upon roll call approved by unanimous vote.

The Board now recessed to meet in the morning at 9:30 A. M.

September 10, 1948, 9:30 A. M.

The Board now resumed its session.

Present: James F. Lincoln, Chairman, H. S. Atkinson, General Carlton S. Dargusch, C. F. Kettering, Donald C. Power and Lockwood Thompson.

* * * * *

Dr. Charles A. Doan, Dean of the College of Medicine, now appeared before the Board and discussed with the Board the benefits which the College of Medicine might receive if the proposed Veterans Hospital were constructed near the University property.

The possibility of increasing the number of Freshmen to be admitted to the College of Medicine was also given careful consideration.

* * * * *

Director of Athletics, Richard C. Larkins, now came into the meeting to discuss with the Board the progress being made in the Athletic Department and also some of the problems confronting that department.

* * * * *

General Dargusch presented the following resolution and moved its adoption.

Whereas the Ohio State University Medical Center will be completed in 1950, thus making available additional teaching facilities and,

Whereas the College of Medicine will thus be enabled with some relatively small additional facilities and equipment to increase the enrollment of medical students in the College of Medicine,

Now, therefore, be it resolved that the Administration of the University be instructed to take such steps as may be necessary to provide the following enrollment of freshman students in the College of Medicine:

1948 —	84
1949 —	84
1950 —	110
1951 —	150

This motion was seconded by Mr. Power and upon roll call was approved by unanimous vote of the Board.

* * * * *

General Dargusch presented the following statement and moved its approval by the Board:

The Board of Trustees is cordially receptive to the location of a Veterans Hospital in such geographical proximity to the new Medical Center that the Veterans Administration (1) may avail itself of University medical services and (2) make available to the College of Medicine such teaching facilities as may be available in such Veterans Hospital.

This motion was seconded by Mr. Power and upon roll call was approved by unanimous vote.

The President now reported to the Board the deaths of Professor Charles F. Harrold and Dr. Harry M. Semans. In accordance with the recommendation of the Board of Trustees, copies of the resolu-

tions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees learns with regret of the death on July 10, 1948 of Professor Charles F. Harrold of the Department of English. Professor Harrold received his Bachelor's and Master's degrees from Ohio State University and his Doctor of Philosophy degree from Yale University. He was an Instructor in English at The Ohio State University in 1921-1922, and, after experience at Michigan State Normal College for a number of years, returned to Ohio State in 1943 as Professor of English.

Professor Harrold was known as an authority on the life and works of Cardinal Newman, and at the time of his death was working on proofs of a volume on Cardinal Newman's work.

Dr. Harrold was a valued member of the staff of our Department of English and brought real distinction and scholarship to those phases of the Department's work for which he was responsible. His passing will be mourned by his colleagues in the English Department and on the campus generally, and by scholars in the field.

The Board of Trustees learns with regret of the death on July 29, 1948 of Dr. Harry M. Semans, Dean Emeritus of the College of Dentistry. Dr. Semans brought to his service at Ohio State University a splendid background of training and experience. Included in the training were degrees of B.A. and M.A. from Ohio Wesleyan University, and D.D.S. from New York University College of Dentistry. His experience was primarily gained in the Starling-Ohio Medical College where he served in various capacities from 1898 until 1914, when he became Acting Dean of our College of Dentistry. He was made Dean the next year and held that position until his retirement in 1938.

Great credit is due Dr. Semans for his work in developing our program in dental education. In addition to his contributions to that field, he found time to be active in the dental associations of the city, the state and nation, and was past president of both the Ohio State and the American Dental Associations. He was active in church and community work, and his death will be mourned by his friends in the community as well as by a host of professional friends and associates over the country.

The Board of Trustees desires to express its deep sympathy and its sense of understanding in their loss. It is directed that these resolutions be inscribed upon the minutes of the Board.

The President presented the recommendation of the Business Manager that Mr. John M. Wilcoxon be appointed to the position of Business Administrator in the University Hospital at an annual salary of \$7800, effective November 15, 1948.

This appointment is requested in pursuance to the action of the Board of Trustees on September 8, 1948, vesting the responsibility for the Business and Custodial Services of the Hospital in the Business Manager.

President Bevis now recommended that the above recommendation of the Business Manager be approved by the Board.

Upon motion of Mr. Power, seconded by Mr. Atkinson, the Board by unanimous vote approved said recommendation.

The above ten contracts for research in cooperation with Government and Industry represent a gross income of \$128,987.00.

Upon motion of Mr. Atkinson, seconded by Mr. Thompson, the above recommendations of the President were approved by unanimous vote.

The President now presented a report on the matter of aptitude tests required of students entering the College of Law.

Mr. Power moved that the charge of \$10 now being made for the Aptitude tests in the College of Law be discontinued. This motion was seconded by Mr. Pomerene and upon roll call was approved by unanimous vote.

Following the discussion the Chairman appointed a special Committee to confer and advise with the College of Law concerning the whole matter of aptitude tests and to bring in a report to this Board at a later meeting. The members appointed on this Committee were Mr. Power, Chairman, Mr. Pomerene and General Dargusch.

* * * * *

As requested at the last meeting of this Board, Vice President Stradley now presented a written report covering the admission requirements in force in the Professional Colleges and the Graduate School.

Following the consideration of this report, General Dargusch offered the following resolution and moved its adoption:

Be it hereby resolved, in order to make the Rules and Regulations of the University Faculty which deal with admissions and entrance requirements consistent with the policies of this Board, that the following revisions be enacted, effective this date:

1. Rule 61. *College Faculties—Powers*

Section A, add the words "and the Board of Trustees" at the end of the section. Section A will then read: "To adopt requirements for admission subject to the approval of the Faculty Council and the Board of Trustees."

2. Rule 32. *The Entrance Board*

Insert the words "the Board of Trustees" before the words "University Faculty" in line 2, page 15. The second paragraph will then begin: "It shall be the duty of the Entrance Board to carry into effect the rules of the Board of Trustees, of the University Faculty and of the College Faculties . . ."

3. Rule 32. *The Entrance Board*

Add the sentence "Final decision concerning admission of any student to the University shall rest with the Entrance Board with the University Examiner as its Executive Officer" at the end of the second paragraph. The second paragraph will then read: "It shall be the duty of the Entrance Board to carry into effect the rules of the Board of Trustees, of the University Faculty and of the College Faculties relating to the admission of students to all Colleges and Schools of the University, to decide, in disputed cases, whether students shall be transferred from one college to another, to inform the Faculty of any needed changes in these rules, and to act as an advisory council to the University Examiner upon all problems arising in connection with his duties. Final decision concerning admission of any student to the University shall rest with the Entrance Board with the University Examiner as its Executive Officer."

4. Rule 9. *The University Examiner*

Section F. Add the words "and he may in his discretion disclose information contained in these records." Section F would then read: "He shall have the custody of all certificates offered for admission or for advanced standing and he may in his discretion disclose information contained in these records."

The above motion was seconded by Mr. Power and upon roll call was approved by unanimous vote.

The Business Manager presented the following statement and recommendation:

The employment situation at the Starling-Loving Hospital is still unsatisfactory from the standpoint of placing employees on the regular A-1 budget. Much of the work still has to be carried on by employees hired on the wage basis and paid from the hospital rotary.

In order to give the Hospital full advantage of the appropriation as provided in the 1948-49 budget, it is requested that the Board authorize the Business Manager to transfer employees from the Hospital rotary budget to the Hospital A-1 budget from time to time so that the full amount of the appropriation from A-1 funds may be used prior to June 30, 1949.

Upon motion of General Dargusch, seconded by Mr. Power, the Board approved the above recommendation by unanimous vote.

President Bevis presented the following statement:

The Siebert Home

One of the urgent needs of the Ohio State University is proper facilities for the entertainment of University guests.

Hotel accommodations, even if obtainable, are often a poor substitute for gracious entertainment, and the gracious entertainment of a good many people is a large factor in our public relations.

It seemed to me, therefore, that Professor Wilbur Henry Siebert, Emeritus, came with heaven-sent inspiration to my office recently to inquire whether the University would be willing, at his death, to accept his home, completely furnished, for the entertainment of University guests.

I had seen his home—in fact, he had been at pains to show it to me in detail, some time before. Both in location, in arrangement, and in appointments, it would be almost ideal for the purpose.

I told him that, in my judgment, such a devise would be highly acceptable to the University and the most fitting memorial he and Mrs. Siebert could leave to their long University service, but that the Board of Trustees ought to be consulted before definite action was taken.

He has, accordingly, delivered to me a copy of his will, as he proposes to leave it, which, if it becomes effective upon his death, will vest title to the property in the University.

Since the will can have no legal effect until his death, the Board could not now accept the transfer. It could, however, indicate the attitude of the University and such indication Professor Siebert would like to have.

I should like strongly to recommend that a favorable response be given to Professor Siebert's generous proposal.

Mr. Pomerene offered the following resolution and moved its adoption:

RESOLVED: That in the judgment of the Board of Trustees the acquisition of Professor Siebert's home at 182 West Tenth Avenue, Columbus, Ohio, for use as a guest house would adequately serve an urgent University need, and

That the Board of Trustees express its sincere sense of gratitude and appreciation for the generous offer made by Professor Siebert through the President.

The above motion was seconded by General Dargusch and upon roll call was unanimously approved by the Board.

President Bevis presented the following statement for the record:

The opening phase of Ohio State University's 75th Anniversary Celebration passed beyond the realm of success into the realm of inspiration. The painstaking labors of the committees, headed by Vice-President Hatcher, produced a series of events marked by an easy smoothness noted and commented upon by hundreds.

Our visiting speakers were literally top-flight personalities who both brought honor and paid honor to this University. The uniformly high level of their addresses has not been exceeded by anything in my experience. Other celebrations have been more extensive. I know of none which maintained a higher note of quality.

I do not think I exaggerate when I say that our Diamond Jubilee marks a new departure, sets a new bench mark, for our University progress. Visiting administrators observed, again and again, that there was in evidence here, not only marked physical expansion, but a "ferment" among our people. There was favorable comment upon the light emphasis placed upon our history, our size and our accomplishment to date, much heavier emphasis upon our plans and aspirations for the future.

Ohio State gained many friends and acquired many admirers on October 14 and 15, 1948.

The President now reported to the Board the deaths of Mr. A. J. Patch and Professor Robert B. Stoltz. In accordance with the recommendation of the Board of Trustees, copies of the resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees learns with regret of the sudden death of A. J. Patch on September 29, 1948.

As Assistant Extension Editor, Agricultural Publications, he had served the University with distinction since January 1, 1936.

A native son of Michigan, he received his B.S. degree from Michigan State College in 1917. He served with the

U. S. Army in World War I. Following the war he taught in the Addison, Michigan, High School. From 1920-1924 he was County Agricultural Agent at Lapeer, Michigan. For ten years he served as Assistant Editor, Michigan State College. He left this position to join the staff of The Ohio State University.

Mr. Patch was widely known for his editorial work, particularly among newsmen and Ohio farmers who held him in high esteem as a writer on agricultural topics and sports. His favorite interest was in fishing and hunting. He was a man of quiet reserve and of warm friendship. Though he spoke few words, he had a capacity for fellowship which endeared him to his wide circle of colleagues. He will be missed by all his associates in the University. The Board of Trustees, on behalf of the University, extends its sympathy to Mr. Patch's family.

The Board of Trustees expresses its sorrow for the death of Professor Robert Bear Stoltz on October 2, 1948. He was still in mid-career in his fine work as Chairman of the department of Dairy Technology, in which capacity he had served since 1929. He was recognized throughout the nation as an authority on dairy technology.

An Ohioan by birth, he received his B.S. degree at The Ohio State University in 1912. He was immediately appointed to the staff as Instructor in Dairying, and rose rapidly in his profession. He became an Assistant Professor in 1914, and Professor in 1923. His keen interest in his chosen field led him on to Wisconsin for special study in the summers of 1915 and 1916, and to New Zealand and Australia in 1937. He was a prominent member and officer in the dairy and cheese associations in the state and nation. He served for a time as a dairy specialist with the U. S. Department of Agriculture. He also found time to be active in the Masonic Order, in the Columbus Rotary Club and other service and fraternal organizations.

During his thirty-six years of service with this University he built up the Department of Dairy Technology to national prominence. He won the understanding support of the vast dairy industry, and linked it more advantageously than in any other state with the work of the department. His immediate colleagues looked up to him because of his achievement, his wisdom in running the department, and his constant solicitude for their personal welfare. He sacrificed himself for the work in which he found such complete satisfaction. The present distinction of the department, and the advancement of scientific knowledge in the field are his monument. As a professional associate and as a man he will be sorely missed.

On behalf of the entire University the Board of Trustees extends its deepest sympathy to the family.

The Board of Trustees desires to express its deep sympathy and its sense of understanding in his loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Mr. Power presented, for the consideration of the Board, the following amendments to the September 8, 1948 revision of Faculty Rule No. 34, covering the duties and powers of the Athletic Board and moved their adoption:

(1) After the word "Board" at the end of the third sentence in the second paragraph add the following:

"Provided, however, that all appointments of personnel engaged in the conduct of Inter-Collegiate Athletic activities shall be first submitted to the Athletic Board for approval prior to submission to the President."

The second paragraph will then read:

Subject to the general authority of the Board of Trustees the Athletic Board shall be charged with the development of policy governing intercollegiate and intramural athletics. It shall recommend to the President the appointment of a Director of Athletics for submission to the Board of Trustees. All other appointments shall be made in the usual manner by the Board of Trustees after nomination by the President upon recommendation of the Director of Athletics following consultation with the Athletic Board, provided, however, that all appointments of personnel engaged in the conduct of Inter-Collegiate Athletic activities shall be first submitted to the Athletic Board for approval prior to submission to the President. All schedules shall be approved by the Athletic Board. It shall make an annual report to the University Faculty Council.

(2) Delete the first sentence of paragraph four and substitute the following:

"The annual budget of the Athletic Department shall be prepared by the Director of Athletics and submitted to the Athletic Board for its approval. The Director of Athletics will then forward the budget to the President with the Athletic Board's recommendations. The President in turn will forward the budget with his recommendations to the Board of Trustees for final approval."

The fourth paragraph will then read:

The annual budget of the Athletic Department shall be prepared by the Director of Athletics and submitted to the Athletic Board for its approval. The Director of Athletics will then forward the budget to the President with the Athletic Board's recommendations. The President in turn will forward the budget with his recommendation to the Board of Trustees for final approval. All expenditures of the Athletic Department shall be accomplished in accordance with University procedures under the general supervision of the Business Manager.

The above motion was seconded by General Dargusch and upon roll call was approved by unanimous vote.

The President reported that Dr. Harry C. Ramsower is retiring December 31, 1948 as Director of Agricultural Extension Service.

Dr. Ramsower's service with The Ohio State University began forty years ago, twenty-nine years of which have been in his present position. He has been a figure of commanding stature in the national councils of extension service and has left his imprint on the many phases of agriculture in Ohio.

Dr. Ramsower's desire to terminate his service with the University upon the completion of his fortieth year has been a matter of discussion between him and Dean Rummell for several months. This discussion has embraced likewise the matter of his successor.

After a canvass of the field, Dean Rummell recommends for the position of Director of Agricultural Extension Service Clarence M. Ferguson. Mr. Ferguson was born in Ontario, Canada, on June 21, 1899. He is a graduate of Guelph Agricultural College of Ontario, a graduate of Michigan State College, Ohio State University and Colorado Agricultural College. He became Extension Specialist in Michigan State College in 1922-23 and Assistant Professor in the same institution in 1923-28. He went to Colombia, South America in 1928 as Agricultural Technologist, and became Extension Specialist in Ohio State University in 1929.

He has been President of the Extension Professors' Association, Secretary of the Ohio Poultry Council, and Secretary of the Ohio Poultry Improvement Association. His appointment to the position of Director of Agricultural Extension Service has been endorsed by many leading figures including the Executive Council of the College of Agriculture and the Agricultural Experiment Station, the Extension Professors' Association, and the County Agents' Association.

I am, accordingly, recommending the appointment of Clarence M. Ferguson to the position of Director of Agricultural Extension Service, effective January 1, 1949, at a salary of \$7,000 per annum.

Upon motion of General Dargusch, seconded by Mr. Power, the above recommendation was approved by unanimous vote.

General Dargusch offered the following resolution and moved its adoption:

In order that academic status be accorded the Business Manager of the University commensurate with his rank, be it resolved:

THAT, the position heretofore designated Business Manager be now designated Vice-President and Business Manager, and,

THAT, all the powers and duties heretofore conferred upon and vested in the Business Manager be now conferred upon and vested in the Vice-President and Business Manager of The Ohio State University.

The above motion was seconded by Mr. Power and upon roll call the resolution was adopted by unanimous vote.

Twelve Inch Cold Water Main from King Avenue to Medical Center	\$24,380	G-31 Capital Equipment: Roads, Walks, Tunnels and Utility Lines, H.B. 496

Upon motion of Mr. Atkinson, seconded by Mr. Thompson, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees.

The Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

In presenting Dean Donald P. Cottrell of the College of Education, President Bevis made the following statement:

Several years ago there appeared in a widely read magazine of national circulation, a tabular rating of the Colleges of Education in the United States. In that rating the College of Education at The Ohio State University stood first.

Ratings are, of course, in some measure matters of opinion. There may have been dissent in some quarters then, there might be now, but there would be few competent appraisers who would rank us lower than second, and I am sure many would continue to place us first.

This is, to us, a matter of just pride. We are jealous of the continuance of our standing.

That our present Dean came to us from Columbia University is evidence of what he thought of us. In the time he has been here he has taken firm hold of the College.

I now take pleasure in presenting Dean Cottrell.

A summary of Dean Cottrell's remarks follows herewith:

In its seven instructional departments and schools the College of Education has this Autumn Quarter enrolled 3,310 students. Approximately three-fourths of this number are preparing for teaching positions.

The number of freshmen entering the field of elementary education has increased 165 per cent over one year ago. This increase is gratifying because it follows upon intensive efforts at recruitment which have been aided by the Administration and Board of Trustees over the past year. There is still a great shortage of elementary teachers in Ohio (26 institutions in the State graduated 851 to fill 3000 positions this year) and five years from now there promises to be an almost equally great shortage of qualified high school teachers. The College of Education is endeavoring to give guidance to its students in order to prepare them for the most needed and readily available positions.

Effective recruitment, however, waits upon the increase of prospective life earnings for teachers, the liberalizing of community attitudes toward teachers living normal lives in their profession, and basic improvement of the program of education in the schools. The College of Education is endeavoring through its program of service to the schools, boards of education and community groups of the State to bring about such basic improvements in education and in the opportunities of the profession of education.

In addition to its undergraduate program, the College bears a heavy load of graduate instruction. In the years 1941-46, approximately 50 per cent of the Master's Degrees and 30 per cent of the Doctor's Degrees granted by the Uni-

versity were earned through the Departments comprising the College of Education.'

With the great expansion of education in the United States there have come greatly increased demands upon the competency of teachers. Richer general education and more adequate professional education for prospective teachers are now a necessity if the needs of educational institutions and the public are to be served. One of the trends in this connection is the increase of practical experience under supervision for the prospective teacher. The educational profession is now about where the profession of medicine was 30 years ago. Since that time clinical observation and internship have become standard requirements of medical education. They must now be included in teacher education, if the public is to have assured competency in its teachers.

Among the more urgent needs of the College of Education are the following:

(1) *Continued strong support for the professionalization of the calling of education.* Our present very good faculty should be strengthened in certain areas at the top ranks. The individualizing of instruction in the College requires more faculty time for guidance conferences with students, in order to guard against mechanical methods of mass education. Field experience for students requires much faculty time for supervision, but in many ways constitutes one of the most effective means of professional instruction.

(2) *Increased building space.* The College of Education is now housed in 15 buildings on campus. Arps Hall is greatly overcrowded and an addition to it is much needed. University School was not built for a full school program from kindergarten through high school. It is neither large enough nor well enough adapted to the type of work which this vitally important part of the College is set up to accomplish. The School of Fine and Applied Arts continues to occupy quarters very poorly suited to its work and should have a home of its own.

(3) *Continued and increased support for field service.* The very fundamental purpose of a professional college of education is the improvement of education in the schools of its area. To bring about such improvement an organized program to carry out from this campus the resources of research and professional expertness is needed. We have made a good beginning in this work and it should be to the great advantage of the University to extend it.

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE EIGHT HUNDRED AND NINETEENTH MEETING OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 13, 1948.

The Board of Trustees met at 9:30 A. M., pursuant to adjournment.

Present: James F. Lincoln, Chairman, Warner M. Pomerene, General Carleton S. Dargusch, Donald C. Power, Lockwood Thompson and John W. Bricker appointed by Governor Herbert and confirmed by the Senate December 6, 1948 to succeed H. S. Atkinson for the term ending May 13, 1955.

General Dargusch presented the following resolution and moved its adoption:

Herbert S. Atkinson has just completed almost twenty-four years of service as a member of the Board of Trustees of The Ohio State University. He attended this University and as an alumnus he brought to his service on the Board a filial devotion, an unselfish zeal, which were marked and constant.

Much of the University's growth and development occurred during the period of his trusteeship. In each successive phase his discernment, his judgment and his courage contributed much to the Board's deliberations.

The measure of a man's stature is his capacity for continued growth. Herbert S. Atkinson grew in wisdom and stature during the years of his service. He appraised well the true function of a governing board and its proper relationship to administration, faculty, students, and public. In the highest sense, he was a good Trustee.

His warm friendship and genial personality will long be remembered by his associates in service. To the important social side of official life he brought a talent for friendship, a love of people, a gift for promoting informal relationships.

In token of his long and valuable service and of the esteem in which he is held both in public and in private,

BE IT RESOLVED, That the Board of Trustees of The Ohio State University hereby express the highest regard for his significant service and the warmest appreciation for his cordial fellowship, and,

BE IT FURTHER RESOLVED, That Herbert S. Atkinson be and he is hereby elected Trustee Emeritus of The Ohio State University.

This motion was seconded by Mr. Power and upon roll call was adopted by unanimous vote of the Board.

That the following miscellaneous recommendations be approved:

That Tibor Rado, Professor and Chairman of the Department of Mathematics, be transferred to the Graduate School as University Research Professor, effective January 1, 1949, and that his salary be increased from \$8604 to \$10,008 per annum, effective February 1, 1949;

(The increase in salary for Professor Rado is delayed one month beyond his appointment to the University Research Professorship because of the method of salary payment of faculty in the quarter system under which the salary for one quarter's service is spread over four months.)

That Omar L. Cunningham, County Agricultural Agent, Montgomery County, who has made application to the Public Employees

Retirement System of Ohio for retirement effective January 1, 1949, be given the rank of Emeritus County Agricultural Agent.

That Elwood Campbell, Demonstration Assistant, Department of Physics and Astronomy, be given a regular instead of a special contract and that his service to the University be changed from Autumn, Winter and Spring Quarters to twelve months, effective October 1, 1948;

That the effective date of the contract of Ross L. Mooney, Research Associate and Professor, Bureau of Educational Research, College of Education, be changed to July 1, 1948 from October 1 to restore him to the status of his previous contracts. His quarters of service for 1948-1949 remain Autumn, Winter and Spring.

That the following salaries which were on Educational Conservation Laboratory Rotary 11172 in the Summer of 1948 be transferred to the A-1 account of the Department of Education, College of Education:

Charles A. Dambach	Director and Associate Professor	\$800 for 1st term
Clyde H. Jones	Assistant Professor	\$600 for 1st term
Betty Mahan	Assistant	\$250 for 1st term

That the salaries of the following persons be transferred from A-1 funds to Rotary funds, effective October 1, 1948 for the Autumn Quarter:

John A. Brown, Student Assistant, Department of Speech from A-1 to Rotary 12767 at \$126 for the period,

Milo T. Gruwell, Graduate Assistant, Department of Speech from A-1 to Rotary 13729 at \$222 for the period,

Charles E. Brown, Student Assistant, Department of Speech from A-1 to Rotary 12764 at \$126 for the period.

That Dairy S. Hudson, Cook, Women's Residence Dining Room and Kitchen, Rotary 8230, be transferred to River Road Cafeteria Rotary 8241 effective November 1, 1948.

That the following transfers be made:

Doris Cunningham, Stenographer, from Starling-Loving Hospital Teaching, to Department of Surgery, College of Medicine, effective November 1, 1948.

Genevieve C. Gray, Nurse's Aide, from Nursing Care Rotary 13727, Starling-Loving Hospital, to Operating Room Rotary 13727, Starling-Loving Hospital, effective November 1, 1948.

Elizabeth R. Pressie, Nurse's Aide, from Operating Room Rotary 13727, Starling-Loving Hospital, to Nursing Care Rotary 13727, Starling-Loving Hospital, effective November 1, 1948.

That the following leaves of absence, with salary, be granted:

Thelma Beall, Specialist in Home Management, Department of Agricultural Extension, effective February 1, 1949 to June 15, 1949, for graduate study at Columbia University;

Edna M. Callahan, Extension Specialist in Clothing, Department of Agricultural Extension, from January 1 to March 15, 1949, for study at The Ohio State University;

Margaret F. McDonald, Assistant Professor, General Economic Information Project, Department of Agricultural Extension from February 1, 1949 to June 1, 1949, for study

in the Graduate School of the U. S. Department of Agriculture;

Arthur R. Milner, County Agricultural Agent, Ashtabula County, Department of Agricultural Extension, from February 1, 1949 to June 15, 1949, for graduate study at Cornell University;

S. N. McIntosh, County Agricultural Agent, Holmes County, Department of Agricultural Extension, from January 1, 1949 to March 15, 1949, for study at The Ohio State University;

Oscar E. Share, County Agricultural Agent, Guernsey County, Department of Agricultural Extension, from January 1, 1949 to March 15, 1949, for graduate study at The Ohio State University.

That the following leaves of absence, without salary be granted:

Betty Lou Weber, Stenographer, College of Arts and Sciences, Administration, effective December 1 through December 31, 1948;

Julian Chuan-Chun Wu, Graduate Assistant, Department of Geography, for the month of October 1948;

Bernard Desenberg, Instructor, Sociology, for the Winter Quarter 1949;

Mabel Vesper, Assistant, Electrical Engineering, effective December 1 for one month;

Esther G. Stewart, Bibliographer, University Library, effective November 1 for one month;

Marguerite Gilbert, Cook, Women's Residence Dining Room and Kitchen, Rotary 8230, effective September 1, 1948 for an indefinite period.

That the following regulations governing the Ohio Vegetable Research Fund, part of the University's permanent endowment, which was established June 5, 1946, be approved:

1. *Source of Gifts*

Contributions to The Ohio State University Development Fund from individuals, companies or organizations interested in improving vegetable growing and processing industries.

2. *Disposition of Contributions*

To be invested in accordance with Section 4861-10 of the General Code of Ohio, unless otherwise stipulated by the donor, in which case to be deposited with the Business Manager of The Ohio State University in accordance with the Constitution of the Development Fund.

3. *Use of Income*

To foster a continuous research program in fields vital to the vegetable growing and processing industries as recommended by the Executive Committee.

4. *Executive Committee*

The Executive Committee shall be made up of the following:

1. The head of the Vegetable Gardening Division of the Department of Horticulture of The Ohio State University.
2. The Chairman of the Department of Horticulture of The Ohio State University.
3. The Dean of the College of Agriculture of The Ohio State University.
4. The Chairman of the Department of Agronomy of The Ohio State University.
5. The Dean of the Graduate School of The Ohio State University.
6. A representative from the Ohio Agricultural Experiment Station to be appointed by the Director of the Ohio Agricultural Experiment Station.
7. The Associate Dean of the College of Agriculture of The Ohio State University. In case this office should be vacant, a representative in his stead to be appointed by the President of The Ohio State University.
8. Two representatives of the Ohio Vegetable Growers' Association to be selected by said Association.
9. Two representatives of the Ohio Cannery Association, to be selected by said Association.
10. Two representatives of the Ohio Hot House Cooperative Association, to be selected by said Association.

The head of the Vegetable Gardening Division of the Department of Horticulture is to serve as Chairman of this Committee.

Changes in this Committee may be made on a majority vote of the Committee, subject to the approval of the Board of Trustees of The Ohio State University.

5. *Duties of Executive Committee*

- A. To promote the solicitation of funds, in cooperation with the Ohio State University Development Fund.
- B. To give approval of research projects to be undertaken.
- C. To recommend to the Board of Trustees of Ohio State University items of expenditure.

6. *Expenditure*

- A. The Executive Committee shall make recommendations to the Board of Trustees of The Ohio State University for the expend-

iture of funds and such expenditures shall be made only on the order of the said Board of Trustees.

- B. Expenditures shall be only from the interest of the fund, excepting when at the request of the donor the principal is designated for a specific purpose.
- C. The total income from this Fund is to be used for the three participating groups, The Ohio Vegetable Growers' Association, The Ohio Cannery Association and The Ohio Hot House Cooperative Association, on a basis proportionate to the amount each has contributed or caused to be contributed. The income on miscellaneous or designated contributions is to be used as recommended by the Executive Committee, subject to approval of the Board of Trustees of The Ohio State University, or as designated.

That students registering in Education 6260, "Field Workshop in Resources for the Teaching of French" to be given in France during the second term of the Summer Quarter 1949, be charged a tuition fee of \$15.00 with no laboratory fee, and that students from other institutions who enroll for this course be exempted from the following fees:

1. The student activity fee
2. The Ohio Union fee
3. The matriculation fee
4. The non-resident fee

That the Memorandum of Agreement with Sinclair Refining Company be approved, which transfers operation of the corporation's 63 acre farm near Columbus from both the Ohio Agricultural Experiment Station and The Ohio State University to the Agricultural Experiment Station alone; and that the farm's funds now handled by the University be transferred to the Ohio Agricultural Experiment Station.

That the continuing Memorandum of Understanding and Agreement between The Ohio State University and The Ohio Division of Conservation and Natural Resources, dated October 26, 1948, be approved.

That the following research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects, be reported to the Board of Trustees for information and record:

Velsicol Corporation, Chicago, Illinois—Investigation of Insecticidal and Fungicidal Properties of Chemical Compounds (to be known as the Velsicol Corporation Research Project No. 329—Zoology);

Office of Naval Research, Washington, D. C.—Investigation of Measurements of Heat Capacities (to be known as the Office of Naval Research Research Project No. 309—Chemistry);

Navy Department, Office of Naval Research, Washington, D. C.—Investigation of Thermodynamic Constants of Cases (to be known as the Navy Department, Office of Naval Research Research Project No. 316—Chemistry);

Aerojet Engineering Corporation, Azusa, California—Investigation of Smokeless Propellants (to be known as the Aerojet

- Engineering Corporation Research Project No. 327—Chemistry);
- Curtiss-Wright Corporation, Columbus, Ohio—Investigation of Superconductive Bodies Carrying a Persistent Current (to be known as the Curtiss-Wright Corporation Research Project No. 330—Chemistry);
- Office of Naval Research, Washington, D. C.—Investigation of Study of Reaction of Alcohols in Acids (to be known as the Office of Naval Research Research Project No. 359—Chemistry);
- Engineer Research and Development Board, The Engineer Center, Ft. Belvoir, Virginia—Investigation of Photoemissive Surfaces (to be known as the Engineer Research and Development Board Research Project No. 360—Chemistry);
- Air Materiel Command, Wright-Patterson AF Base, Dayton, Ohio—Investigation of Measurement Methods and Techniques (to be known as the Air Materiel Command, Wright-Patterson AF Base Research Project No. 275—Physics);
- Navy Department, Office of Research and Inventions, Washington, D. C.—Investigation of Special Devices (to be known as the Navy Department Office of Research and Inventions Research Project No. 243—Psychology);
- Master Builders Company, Cleveland, Ohio—Investigation of Cement (to be known as the Master Builders Company Research Project No. 239—Chemical Engineering);
- Air Materiel Command, Watson Laboratories, Red Bank, New Jersey—Investigation of Pulse Transformers (to be known as the Air Materiel Command, Watson Laboratories Research Project No. 256—Electrical Engineering);
- Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Aircraft Antennas (to be known as the Air Materiel Command, Wright-Patterson Air Force Research Project No. 301—Electrical Engineering);
- Fairchild Engine and Airplane Corporation, Oak Ridge, Tennessee—Investigation of Coatings for the protection of ceramic bodies (to be known as the Fairchild Engine and Airplane Corporation Research Project No. 321—Engineering Experiment Station);
- Structural Clay Products Institute, Washington, D. C.—Investigation of Lightweight Ceramics (to be known as the Structural Clay Products Institute Research Project No. 324—Engineering Experiment Station);
- American Society of Mechanical Engineers—Investigation of Study of Eccentric Orifices (to be known as the American Society of Mechanical Engineers Research Project No. 335—Mechanical Engineering);

The Vice-President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

The Vice-President and Business Manager reported further that the authority to proceed with the project covering Roads and Utilities to University Incinerator was granted by the Board, by phone vote, given to the Secretary on November 26, 1948.

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Roads and Utilities to University Incinerator	\$25,000	G-31 Roads, Walks, Tunnels, Utility Lines, H. B. 496
Revised—General Contract Central Service Building, Cold Storage	30,000	G-2 Buildings: Cen- tral Service Build- ing and Equipment
Pharmaceutical Laboratory	76,600	Laboratory Supply Store funds

Upon motion of Mr. Pomerene, seconded by General Dargusch, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice-President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

C. E. MacQuigg, Dean of the College of Engineering, appeared before the Board of Trustees and gave a brief resume of matters pertaining to the work of the College. A summary of the statement read by the Dean follows:

1. Curricula. The philosophy which moved the College in 1945 to increase the time required for a degree from four to five years was pointed out and the cooperative effort of engineering and its sister colleges on this campus was mentioned, namely, an effort to determine and present the proper kind of courses in the "broadening" subjects, such as history, philosophy, psychology, etc.

2. The principle governing the selection of new faculty members was explained and the need for men with breadth of character, technical competence and, particularly, interest in research and development of industry was pointed out. It was also shown that because of improvement in the budget situation, it is possible to attract the highest type of men to college work.

3. Equipment. Requests for some \$675,000 worth of new equipment were prepared by the Departments for the biennium 1949-1950, with an estimated immediate need for a minimum of more than \$250,000.

4. Buildings. A formal report by the College of Engineering Building Committee was explained and reasons outlined for the priorities established in the building program.

5. The work of the Engineering Experiment Station was mentioned and the extent of service to the natural resources of the State illustrated by examples in oil research, fuels technology and other lines of activity.

6. Student Body. A few remarks were included by the Dean on the quality and the present and prospective enrollment of students in the College of Engineering. Indications are that transfer students from other colleges and a healthy growth in graduate enrollment will sustain the present calculated growth curve.

7. The present objective of the College was summarized in the following:

- A. To prepare our students for competition with the best produced by any school elsewhere.
- B. To maintain the closest liaison with the whole University in those matters of major policy which will contribute to better service to state and nation and this means a recognition by the faculty of its responsibility to the economic welfare of the state and the nation.
- C. A sympathetic relationship to the contemporary ideas of engineering education to the end that we remain sensitive to all changes for the better.

At the conclusion of the discussion which followed, the Chairman expressed to Dean MacQuigg the appreciation of the Trustees for his presentation.

That the following miscellaneous recommendations be approved:

In accordance with House Bill 495, salaries of all persons in the Classified Service who have not already received credit for their five years of service are to be increased on January 1 of each year in the amount of 2% of the base salary.

This provision is included in Senate Bill 1, the partial appropriation act for the period January 1 to June 30, 1949.

In order that these changes may be made for the January 1949 payroll, it is recommended that such salaries be increased in accordance with Senate Bill 1 and to that end adjusted to the next higher annual rate divisible by 12, provided that, in doing so, account be taken of any salary adjustments already made.

That Harry C. Ramsower, Director of the Agricultural Extension Service since January 1, 1920, be given the rank of Director Emeritus effective January 1, 1949 and that, in accordance with the University Plan for Retirement Income, the University pay a supplementary benefit of \$600 per year from Interest on Endowment 4002 to bring his retirement income to the amount provided for under this plan;

That the compensation of Leroy Wilson, Laborer on the Farm Operations Rotary 13250, be changed effective January 1, 1949 from \$2040 to \$2040 and room;

That the effective date of the change in title of Blanche E. Fohrenbach, in Administration, Starling-Loving Hospital, from Typist to Clerk, be changed from November 1, 1948 to January 1, 1949;

That Leah Donaldson Wolford, Assistant Dietitian, be transferred from College Road Cafeteria Rotary 8208 to River Road Cafeteria Rotary 8240, effective December 1, 1948;

That William Elmer Henricks, Laborer, Laboratory Supply Store Rotary 15991, be transferred from Botany pro rata to Zoology pro rata effective January 1, 1949;

That Dr. John W. Hibbs of the Department of Dairy Industry, Ohio Agricultural Experiment Station, who has been selected in accordance with the regulations of the Board of Trustees, be appointed to the staff of the Institute of Nutrition and Food Technology, effective at once;

That Stella Lee, Nurse's Aide, Starling-Loving Hospital, Dispensary Rotary 13727, be returned from leave effective December 20, 1948;

That the following leaves of absence, with salary, be granted:

Leota Leyda, Home Demonstration Agent, Sandusky County, Agricultural Extension Service, from February 1 to June 15, 1949 for study at Cornell University;

Vivian Johnston, Home Demonstration Agent, Muskingum County, Agricultural Extension Service, from February 1, 1949 to June 15, 1949 to study at Teachers' College, Columbia University.

That the following leaves of absence, without salary, be granted:

Donald Fogg, Associate County Extension Agent, Fairfield County, Agricultural Extension Service, from January 1 to February 28, 1949 in order that he may complete his requirements for his degree at The Ohio State University;

Charles J. Coyle, Associate County Extension Agent, Lawrence County, Agricultural Extension Service, from January 1 to March 15, 1949 in order that he may complete his requirements for his degree at The Ohio State University;

Myra Gable, Librarian, College of Arts and Sciences, Administration, for the period December 20 through December 31, 1948;

Maurice Desirant, Assistant Professor, Department of Physics and Astronomy, for the Winter Quarter 1949;

Juan Barona, Instructor, Department of Romance Languages, for the Winter Quarter 1949;

James B. Tharp, Professor, Department of Education, for the second half of the second term of the Summer Quarter 1949;

Carl V. Wren, Technical Assistant, Department of Electrical Engineering, effective January 1 for three months;

J. James Ebers, Instructor, Department of Electrical Engineering, for the Winter Quarter 1949;

Leroy E. Johnson, Assistant Professor of Veterinary Surgery, College of Veterinary Medicine, effective Winter Quarter 1949 through the Spring Quarter 1950, in order that he may accept a fellowship for post graduate training in the field of Surgery at the Mayo Foundation;

Eleanor Collins, Assistant Dean of Women, effective January 1 to August 1, 1949;

Orlo B. Figley, Laborer, Laboratory Supply Store, Rotary 15991, effective January 1, 1949 for three months (extension of leave).

That upon the recommendation of the Faculty Council at its meeting held on December 14, 1948, the following action be approved:

Alma Louise Kelsey received the degree Bachelor of Music at the June 1948 commencement. Because of an error in the point-hour average reported to the College Committee on Degrees with Distinction in the spring quarter, Miss Kelsey was not then considered as a potential candidate for honors. The error subsequently was discovered and corrected and Miss Kelsey was found to be in all respects worthy of "cum laude." The College of Education, therefore, recommends that "cum laude" be added to the degree of Alma Louise Kelsey as of June 11, 1948, and that a diploma carrying this recognition be issued to her as of that date.

That the agreement between The Ohio State University and the Infantry Journal, Incorporated for publication of the book "How Children Develop" be approved. This is on the basis of a flat royalty of \$100.00 and five per cent of the catalogue retail price on all sales up to 10,000 copies and ten per cent thereafter.

That the following regulations governing the Ohio Field Crop Improvement Fund, part of the University's permanent endowment, which was established July 30, 1945, be approved:

1. *Cooperators*

The Ohio Seed Improvement Association, Incorporated

The Ohio Hybrid Seed Corn Producers, Incorporated

The Ohio Seed Dealers Association.

Individual and Corporate Producers, Distributors and Users of Improved Field Seeds in Ohio

The Ohio Agricultural Experiment Station

The Ohio State University

2. *Sources of Gifts*

Contributions from time to time to the Ohio State University Development Fund from individuals, companies and organizations interested in developing and promoting the use of superior strains of field crops in Ohio.

3. *Disposition of Contributions*

To be invested in accordance with the provisions of Article VI of the Constitution of Ohio and specifically as directed under Section 4861-10 of the Ohio General Code, unless otherwise stipulated by the donor.

4. *Use of Income*

To foster research programs in basic principles and methods of improving field crops of importance in Ohio, and in the application of improved practices to the production, processing and distribution of seed of improved strains of field crops.

To foster the training of qualified individuals for future research or service having to do with improved field crops. The specific programs shall be determined by the governing committee set up in No. 5 of these regulations.

Suggestions for appropriate projects may originate from any cooperating individual or group and are to be considered when formally submitted to the committee.

The governing committee shall make recommendations to the Board of Trustees of The Ohio State University for the expenditure of funds and such expenditures shall be made only on the order of the Board of Trustees.

5. *Direction of Research and Training Programs*

Projects to be undertaken shall be approved by a Governing Committee composed of:

1. The Chairman of the Department of Agronomy of The Ohio State University.
2. The Associate Chairman of the Department Agronomy of the Ohio Agricultural Experiment Station.
3. The Agronomist in charge of extension projects in improvement of field crops at the Ohio State University.
4. The Dean of the College of Agriculture of The Ohio State University.
5. The Associate Dean of the College of Agriculture of The Ohio State University. In case this office should be vacant, a representative in his stead to be appointed by the President of The Ohio State University.
6. The Associate Director of the Ohio Agricultural Experiment Station. In case this office should be vacant, a representative in his stead to be appointed by the Director of the Ohio Agricultural Experiment Station.
7. The Dean of the Graduate School of The Ohio State University.
8. Two representatives of the Ohio Hybrid Seed Corn Producers Association, to be selected by said Association.

9. Two representatives of the Ohio Seed Improvement Association, to be selected by said Association.
10. Two representatives of The Ohio Seed Dealers Association, to be selected by said Association.

Advisory Members

The Director of The Ohio State University Research Foundation

The Field Director of The Ohio State University Development Fund

The Chairman of the Department of Agronomy of The Ohio State University is to serve as chairman of this committee.

Changes in this committee may be made by a majority vote of the committee, subject to the approval of the Board of Trustees of The Ohio State University.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$3000 from David Gray, Jr., Irvin Long and Mack Ryan, Attorneys in Fact, Detroit, Michigan, to be credited to the Student Loan Fund—Rotary 14801

\$1500 from the Borden Company Foundation for the Borden Company Scholarship—Rotary 11087

Equipment (total dollar value about \$1500) offered to WOSU by Mrs. John F. Timmons of Lancaster, Ohio

\$600 from the National Shade Tree Conference for the National Shade Tree Conference Scholarship—Rotary 11529

The President presented the following regulations covering the requirements for admission to the College of Law and recommended that they be approved by the Board of Trustees subject to the approval of the Faculty Council.

Requirements for Admission

The minimum age for admission is eighteen years.

To be eligible for admission an applicant must be either:

First, a graduate of The Ohio State University or of another approved university or college with a record which includes at least one hundred and thirty-five Quarter hours (ninety semester hours) of work in a college of liberal arts or its equivalent, except that in the case of an engineering graduate the minimum of such pre-law work is ninety quarter hours (sixty semester hours); or

Second, a student who has completed three full years in a college of arts, or its equivalent, in this or another university or college of recognized standing and there acquired one hundred and thirty-five Quarter hours (ninety semester hours) of credit. In the case of a student admitted to the combined curriculum in arts and law or commerce and law in this University, completion of the first three years of the curriculum in arts or in commerce will satisfy the present requirement.

The one hundred and thirty-five quarter hours offered by an applicant under either of the foregoing requirements may include not more than nine quarter hours in advanced Military or Naval science, but must be exclusive of non-theory courses such as basic Military or Naval science, physical education, music and industrial arts, and exclusive of courses in law which duplicate to a substantial extent material contained in the curriculum of the College of Law.

In addition, applicants for admission must have a point standing of not less than 2.25 on all pre-law work undertaken. It is recognized that there may be exceptional cases and the University Examiner is authorized to admit an applicant whose pre-law standing, based on all work undertaken, is at least equal to the quality of work required for graduation in the institutions attended, and in no event less than that required for graduation in this University, if he is satisfied that the applicant, in view of the scholastic and other factors bearing upon qualification to study law, has a reasonable probability of success in law study.

In all cases applicants must qualify as to character and general fitness as well as scholarship, and all applicants may be required to take a legal aptitude test.

Upon motion of Mr. Bricker, seconded by Mr. Power, this recommendation of the President was approved by unanimous vote.

The Vice President and Business Manager presented the following statement:

The Board of Trustees of The Ohio State University is now in possession of 10 shares of Ohio Finance Company Common Stock, which came as a result of a gift from Miss H. J. Biddlecombe. Up to the present time there has been no sale for this stock and accordingly it has been held.

The Board of Directors of the Ohio Finance Company has approved an Exchange Offer by the American Investment Company of Illinois wherein each share of Common Stock of The Ohio Finance Company will be exchanged for four-fifths of a share of Series A \$1.25 Convertible Preference Stock of American, which stock now has a sale.

The proceeds of this sale will be deposited in the State Treasury to the credit of the H. J. Biddlecombe Endowment Fund.

The action necessary at this time is to authorize Mr. Carl E. Steeb, Secretary of the Board of Trustees, to assign this stock of the Ohio Finance Company for exchange, and then proceed to sell the American Investment Company stock.

General Dargusch offered the following motion: that Mr. Carl E. Steeb, Secretary of the Board of Trustees, is hereby authorized to assign 10 shares of Common Stock of the Ohio Finance Company for exchange for shares in the American Investment Company, and, after exchange is completed, to proceed to sell the stock of the American Investment Company and deposit the proceeds in the State Treasury to the credit of the H. J. Biddlecombe Endowment Fund.

The motion was seconded by Mr. Thompson, and upon roll call was approved by unanimous vote.

Dean N. Paul Hudson of the Graduate School appeared before the Board to present matters relating to the Graduate School. A summary of his statement follows:

Numerous factors supplied by students and society are causing an emphasis on graduate education and research. The University responding to these demands should follow certain principles affecting the nature and quality of instruction.

The task of providing adequate facilities and the number of students presenting themselves are large. Sixty-four departments are authorized to give work toward Masters' degrees and fifty-one for the Ph.D. degree. In 1947-48, 789 students received the Master's degree and 125 the doctoral degree. In the four Quarters of the same year, there were 10,084 student enrollments. In 1948-49, the enrollment was 2,888 in the Summer, 2,685 in the Autumn, and 2,535 thus far in the Winter Quarter. Faculty members approved for different levels of graduate instruction number about 750.

The Ohio State University is in an exceptionally favorable position to provide an effective program of graduate education and research, because it has so many fields of study represented on one campus. This allows for a fruitful exchange of interests, abilities and subject matter, available to graduate students and faculty.

The administration of Graduate School affairs depends on cooperation with the instructors and administrators in departments and colleges. The Graduate School office and its executive bodies deal with the common denominator of graduate work throughout the University. The individuality of the student and his program is emphasized. The Dean of the Graduate School acts as coordinator and consultant in research. The Graduate School Record has proved to be effective in the exchange of information on principles and programs of graduate education and research.

In summary, the University has a demand and opportunity to provide graduate education high in quality and wide in scope. Our task is to implement the policy, declared by the President and the Board of Trustees, that the University is to emphasize graduate and professional work and research.

Due to lack of time it was agreed to postpone the discussion of the Dean's report until a later meeting and Vice-Chairman Pomerene expressed to Dean Hudson the thanks of the Trustees for his report.

A ruling by the Civil Service Commission approved by the State Auditor's Office permits the inclusion of these 2% increases under House Bill 484 as originally recommended, but denied by the Auditor's Office.

That the stipend of the Managing Editor of the Ohio State Lantern, Rotary 13380, be increased from \$100 to \$150 for the Winter and Spring Quarters, effective January 1, 1949. This stipend is paid on a wage bill.

That Mary E. Stevens, Clerk, Bureau of Public Relations, be returned from leave, effective February 1, 1949;

That Suzanne Macino, Stenographer, Agricultural Extension Service in the 4-H Club Office, be transferred to the State Department of Agriculture effective February 1, 1949;

That William Parker be appointed Special Police Officer in accordance with Section 4863-3-4 of the General Code of Ohio;

That Max R. Goodson, Assistant Dean of the College of Education, be granted a leave of absence, with salary, for the period June 9 through July 31, 1949 for the purpose of serving as a member of the staff and representing the College of Education of this University at the National Training Laboratory, Bethel, Maine;

That the following leaves of absence, without salary, be granted:

Gerard Lord, Assistant, Department of Chemistry, for the Winter Quarter 1949, on account of illness;

George Shortley, Professor, Department of Physics and Astronomy, effective Spring Quarter 1949 to October 1, 1950, in order that he may work on a research project for the United States Army;

Charles Carlut, Assistant Professor, Department of Romance Languages, effective October 1, 1949 to October 1, 1950 for study in France;

Arthur W. Melton, Professor, Department of Psychology, effective Spring Quarter 1949 through the Winter Quarter 1950, in order that he may render an important service to the Air Training Command in connection with setting up a personnel research program;

Roberta M. McGill, Linen Room Helper, Housekeeping, Starling-Loving Hospital, College of Medicine, effective January 8 through February 28, 1949;

Helen V. Redman, Maid, River Road Housing, effective January 1 to February 1, 1949 on account of illness;

Jo Ann Merkle, Assistant to Registrar, Registrar's Office, effective January 1 through February 9, 1949;

Rhea W. Ferrell, Assistant to Registrar, Registrar's Office, effective February 1 through July 31, 1949

That a fee of \$1.00 be placed on the fee card for all students in the College of Agriculture for the Spring Quarter 1949 only. This is for the use of the Agricultural Student—the student publication in the College of Agriculture—which is in financial difficulties due to increased publishing costs, etc.

That a registration fee of \$25.00 be charged for each 3-hour course taken by a member of the Ohio Bar in the 1949 Summer session of the College of Law;

That 88 four-year tuition scholarships, one to each county in the State—for students who desire to become teachers in the elementary schools—be established, effective with the Autumn Quarter 1949, with the provision that if any county offers no candidate, more than one be taken from another county or counties, but not to exceed 88 scholarships in total.

That, upon the recommendation of the faculty of the School of Music and the University Cabinet, the Recitation Building be named "Hughes Hall", in recognition of Dr. Royal D. Hughes, who died on November 7, 1938, for his outstanding contribution as a musician, an administrator and a friend. Professor Hughes was the first Chairman of the then Department of Music, 1925-1938.

That the Memorandum of Understanding between The Ohio Agricultural Experiment Station, The College of Veterinary Medicine of The Ohio State University, The College of Agriculture of The Ohio State University, and The Ohio State Department of Agriculture, relative to

cooperative research on animal and poultry diseases,
 diagnostic work and the production of biological products,
 teaching arrangements for undergraduates,
 graduate study, and
 division of expenditures for the support of research, for salaries,
 and for the maintenance and upkeep of the physical plant of

the Animal Disease Laboratory, formerly known as the State Serum Institute, located at Reynoldsburg (approved in Sections 1170-1172 of the Ohio General Code, April 29, 1931)

be approved;

That the Cooperative Agreement between The Ohio State University and the Ohio Division of Conservation for the operation of The Ohio Conservation Laboratory during the year 1949, be approved;

That the agreement between The Ohio State University and the State Department of Education, Division of Special Education, Teacher Education for Handicapped Children—Child Study—for the period January 1 to June 30, 1949 be approved;

That, upon the recommendation of the Board of Directors of The Ohio State University Development Fund and the Board of Directors of the Alumni Association, the following changes in the Constitution and By-laws of the Development Fund be approved:

Constitution

Article 2, Section 3. The words "the Vice President in charge of Public Relations" to be changed to "one of the Vice Presidents of the University to be appointed by the President of the University."

Article 2, Section 7. The words "One in the Spring and one in the Fall" to be deleted.

Article 4, Section 3. Subdivision *b* to be numbered *c* and a new subdivision *b* to be inserted which shall read substantially as follows: "Funds for direct disbursement, to be made by authorization of the Board of Trustees of The Ohio State University through the order of the President of the University, shall be deposited in the name of the Development Fund in a bank designated by the Board of Directors upon recommendation of the Treasurer of the Development Fund."

Article 4, Section 4, line 9. Insert after "prescribe": "Subject to the approval of the Board of Trustees of the University."

By-Laws

Article 1, Section 4. Delete the words "its stated Spring" and insert "any regular."

Article 1, Section 6, line 4. Substitute "Field Director of the Fund" instead of "Chairman."

Article 2, Section 1. Delete "April 1" and insert "November 1." Also delete the words "at their Spring meeting."

Article 2, Section 2. To be renumbered Section 3.

Article 2, Section 2. Admission of Projects and Allocation of Receipts. To sort out the projects and to allocate the revenues a committee on Admissions and Allocations shall be appointed by the Chairman of the Board of Directors annually. It shall consist of the President of the University, the Chief Financial Officer of the University, the Vice President of the University serving on the Board of Directors of the Fund,* who shall serve as Chairman of this Committee. The Dean of the Graduate School of The Ohio State University shall serve as a member of this Committee.

Article 4, Section 3 (new section). Relation to Faculty and Administration. Since a central nerve center on all matters relating to University contributions is desirable for the purpose of eliminating

* See correction in April 4, 1949 minutes, pages 304 and 305.

multiple solicitation of prospects, all members of the faculty and University staff shall be requested to check all prospective solicitations with the Fund office for sanction of the solicitation and for cooperation and assistance where necessary.

In reference to the change of Article 4, Section 3, of the constitution, some of the items that would come under this new regulation would be the following:

1. President's Emergency Funds
2. Deans' Emergency Funds
3. Expense accounts for special projects
4. Gifts received by the Fund for use of a department or college, when the Development Fund has no project to which they may be credited. Example: gift made in 1948 for Metalumni Directory.
5. Development Fund Prize Awards
6. Expense items for Alumnae Scholarship House

That the list of projects recommended by the Board of Directors of The Ohio State University Development Fund as the objectives for the 1949 solicitation be approved;

That, upon the recommendation of the Ohio State University Development Fund, a special fund be set up within the University's permanent endowment to be known as the Ohio Housing Research Fund;

Regulations governing the Ohio Housing Research Fund

1. *Source of Gifts*

Contributions to the Ohio State University Development Fund from individuals, companies or organizations interested in improving the nation's housing facilities.

2. *Disposition of Contributions*

To be invested in accordance with the provisions of Article VI of the Constitution of Ohio and specifically as directed under Section 4861-10 of the Ohio General Code, unless otherwise stipulated by the donor.

3. *Use of Income*

To foster a continuous program of education and research in developing and improving

a. *Housing, as to*

- (1) Design and Standards of Living
- (2) Construction Standards
- (3) Materials, new and old
- (4) Impartial selection of materials best adapted to usage
- (5) Production methods:
 - Assembly line
 - Package unit assemblies, including panel, structural and mechanical
- (6) Construction or site erection

b. *Large scale planning of controlled communities*

To foster the training of qualified individuals for future research or service relating to improved housing.

The specific programs shall be determined by the Governing Committee set up in No. 4 of these regulations.

Suggestions for appropriate projects may originate from any cooperating individual or group and are to be considered when formally submitted to the committee.

The Governing Committee shall make recommendations to the Board of Trustees of The Ohio State University for the expenditure of funds and such expenditures shall be made only on the order of said Board of Trustees.

4. *Direction of Research Program*

Approval of projects to be undertaken shall be given by a Governing Committee composed of:

- (1) The Chairman of the Department of Architecture of The Ohio State University
- (2) The Dean of the Graduate School of The Ohio State University
- (3) The Dean of the College of Engineering of The Ohio State University
- (4) The Assistant Director of the Engineering Experiment Station at The Ohio State University or, if this office be vacant, a representative in his stead from the Engineering Experiment Station to be appointed by the Dean of the College of Engineering
- (5) Two representatives appointed annually by the American Institute of Architects or Producers' Council
- (6) Advisory member: The Director of The Ohio State University Research Foundation

The Chairman of the Department of Architecture is to serve as Chairman of this Committee.

Changes in this committee may be made by a majority vote of the committee, subject to the approval of the Board of Trustees of The Ohio State University.

5. In the event that research in this field is abandoned, the Board of Trustees of The Ohio State University shall determine the use of the income.

That the following research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects, be reported to the Board of Trustees for information and record:

Inland Manufacturing Division, GMC, Dayton, Ohio—Investigation of Sponge Rubber (to be known as the Inland Manufacturing Division GMC Research Project No. 172—Agricultural Chemistry);

President Bevis recommended that the salary of Dean Charles A. Doan of the College of Medicine be increased from \$15,000 to \$18,000 per annum, effective February 15, 1949.

The President suggested that this increase can be accomplished in two ways:

1. Allow Dean Doan to retain annually \$3000 of the fees he receives for consultation services and the remainder of the fees received to be turned over to the University.
2. Increase the salary to \$18,000 with the understanding that all fees received for consultation services will be turned over to the University.

Mr. Pomerene moved that Dean Doan's salary be increased to \$18,000, effective February 15, 1949, and that all fees received by Dean Doan for consultation services be turned over to the University.

This motion was seconded by Mr. Power, and upon roll call, the result was as follows:

Yes: Bricker, Dargusch, Lincoln, Pomerene, Power. Total 5

No: Thompson. Total 1

The Chairman declared the motion carried.

Mr. Thompson requested that the record show the following explanation for his negative vote:

"Dr. Doan's salary, as contemplated by the resolution is being increased in view of outside fees earned by Dr. Doan to be turned in to the University. Mr. Thompson stated that, until such time as a firm policy is established at the University applicable to all full time employees, the teaching and administrative staff should be entitled to retain outside earnings so long as such earnings result from work done in non-working hours at the University and work not affecting prejudicially their full time responsibilities at the University."

(d) *Interpretation of contract**Site Improvement—Ohio Union—Item B-2*

The contract with Bellman, Gillett & Richards for architectural services for Ohio Union contains a stipulation that their drawings covering site improvement shall cover an area extending 25 feet outside the limits of the building.

Since the grading problems incident to the proper location of the building and the determination of proper floor levels require study of a much larger area, it is now recommended that the interpretation of this provision of the contract be explained to include the area bounded on the east by the west line of the sidewalk along High Street, on the south by the north curb of Twelfth Avenue, on the west by the west curb of the present South College Road, and on the north by a diagonal line along the north side of the present walk which extends from a point at High Street approximately opposite Fourteenth Avenue to a point at South College Road approximately 140 feet south of the southeast corner of the new Commerce Building Addition; and this diagonal line extended in a curve to include the new black-top drive and adjoining sidewalk at High Street.

Authorization to provide purchase schedules, drawings and specifications for special equipment and furniture. Ohio Union

The contract dated August 3, 1948 with Bellman, Gillett and Richards for architectural services for the Student Union Building and Equipment includes on page 1-A under "The scope of the said improvement", item B-(4), "Special equipment and furniture for which the Board of Trustees shall request, in writing, purchase schedules and/or drawings and specifications."

It is now recommended that Bellman, Gillett and Richards be requested to provide such documents as may be required to invite bids and award contracts for furnishing and installing all special furniture, hangings and floor coverings for all rooms, stairs and corridors, excluding only such standard items of equipment and supplies for offices and service areas as may be purchased by the University directly by the Purchasing Agent.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of the Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Relaying Tile Roof on Horticulture and Forestry Building	\$9,500	F-1 Roofing
Interior Painting and Patch Plastering of Administration Building, Ives Hall, Social Administration Building and Veterinary Clinic Building	\$25,500	F-1 Building Repairs

Upon motion of Mr. Thompson, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimates of cost for the following projects as prepared by the Architect for the Medical Center and by the University Architect, and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Pneumatic Tubes, Medical Center	\$6,000	G-2 Buildings: Health and Medical Center, H. B. 496
Electrical Engineering Building and Equipment	\$750,000	G-2 Electrical Engineering Building and Equipment, H. B. 496
Service Elevator in the Northwest Tower of Ohio Stadium	\$35,000	Transfer of athletic funds to a University building account

Upon motion of Mr. Thompson, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval, and, if so approved, to advertise for bids in accordance with law. The Cabinet

was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported that the drawings, specifications and bidding documents for the New Student Union are practically completed, and, according to present indications they will be ready for advertising before the regular meeting of the Board of Trustees on March 14.

The Cabinet, therefore, presents the drawings and specifications in their present condition, together with the large rendered perspectives and the scale model of the project to the Board of Trustees for approval.

The Cabinet recommends, further, that the Board of Trustees authorize the Secretary to sign the documents for and on behalf of the Board and to authorize the Cabinet to take the appropriate steps to advertise for bids and award contracts in the usual manner. All actions of the Cabinet on these matters are to be reported to the Board of Trustees.

Upon motion of Mr. Thompson, seconded by Senator Bricker, the above recommendations, upon roll call, were approved by unanimous vote.

The Vice President and Business Manager made the following report relative to Sewer Improvement No. 208 proposed to be made by Franklin County, Ohio. The following is the Sanitary Engineer's description of the project and suggestion for action by the Board of Trustees.

"The total length of the project, as proposed, is approximately 21,000 lineal feet, extending from a point northeast of the Ohio State University Stadium west across the Olentangy River, thence north, more or less parallel to the Olentangy River Road, to a point north of Henderson Road. Of this total length, approximately 7,535 lineal feet is located on and extends through State of Ohio property. Of the above total

length located on State property, approximately 5,719 lineal feet is west of the Olentangy River, while an additional 1,816 lineal feet is east of the River.

The tentative assessment of \$125,000 represents that portion of the total cost to be paid by the State of Ohio and is applied on an acreage basis against 1,068.1 acres belonging to the State, located west of the Olentangy River. The total tributary acreage served by the proposed trunk sewer within the Sewer District amounts to approximately 5,778 acres. The total estimated cost of the entire project is \$454,000.00, including the amount assessed against State lands.

In connection with the project, it will be necessary for the County to obtain an easement right-of-way from the State of Ohio through that property on which the sewer is located. We would also like very much to work out some means whereby a portion or all of the estimated assessment can be paid to the County in advance of the letting of the contract. This would appear desirable in order to eliminate the necessity of issuing short-time notes for that portion of the work which will eventually be financed by the State."

It was moved by Senator Bricker and seconded by General Dargusch, that the Vice President and Business Manager be authorized to proceed to secure legislation which would permit the Board of Trustees to grant an easement right-of-way through the University property on which the sewer is to be located and, further, to permit the Board of Trustees to pay an assessment for the proportionate share of the total cost of the sewer improvement in the tentative amount of \$125,000.00.

Dean Jefferson B. Fordham of the College of Law now appeared before the Board to discuss matters relating to the College of Law. Dean Fordham made a report upon the work and program of the College, the salient points of which were as follows:

1. *Student body*

The most important element in a great law school is the student body. Improving student quality and the upbuilding of the staff, program and facilities go hand in hand. The College is working on all these fronts at the same time. At present many of the best law school candidates in Ohio colleges are going to law school in the east and not a few to schools in neighboring states. Ohio State should get more of the cream of the crop. To this end emphasis is being laid upon good public relations, in general, and upon effective working relations with pre-law advisers in Ohio colleges in particular.

Attention is being devoted to the needs of the individual law student. Thus an orientation program for the new student and a placement service for graduates have recently been inaugurated.

2. *Faculty*

Quality is the cardinal criterion in the selection of new faculty. The three younger members added during the past eighteen months are doing extremely well; they have added considerable strength to the group.

Every effort is being made to stimulate faculty research and writing. Indications are that the faculty is entering upon a very fruitful period.

3. *Library*

The development of the law library has been moving apace. In 1947 the Board of Trustees imposed a fee of \$15 per student per quarter for use in augmenting the collection. A highly competent librarian was secured, procedures were streamlined and the program of expansion was set in motion. On July 1, 1947 there were approximately 53,000 volumes in the library. Today the total is just under 80,000.

As a secondary but very useful function the library will henceforth provide reference and other services to members of the bar.

4. *Instruction program*

A curriculum committee of the faculty has been working many months on a thorough re-examination of the program of instruction. The members began by making a careful analysis of legal capacities and have been laying emphasis upon legal education as the groundwork process of developing legal capacities rather than as a mere matter of transmitting information.

Thought is being given to the possibility of launching a graduate program designed to provide intensive training in special areas as well as to increase the College's contributions to legal scholarship. This is secondary to the effort to improve the regular program.

5. *The Ohio State Law Journal*

The Journal, reactivated in the winter of 1948 after a period of suspension of publication, is measuring up well. The first post-war volume was concluded with a very substantial number on the uniform state laws movement.

6. *Research and Service Activities*

In addition to encouraging individual projects, it has been considered an institutional responsibility to bring about organized research and service activities. Since the dean has no professional assistant, this puts an onerous burden on his office. There is great need of a research and service division in the College to stimulate, direct, implement and co-ordinate research and service activities. Several useful projects, which would be appropriate grist for such an agency, are already on the agenda.

7. *Physical Plant*

The members of the Board have previously received a report on the building needs of the College. They are urgent and are commended to the sympathetic consideration of the Board for action at the current session of the General Assembly.

8. *Public Relations*

Faculty members are participating in substantial measure in the work of the organized bar at national, state and local levels.

A College of Law Alumni Association was organized in 1948 and is now very much in the picture. A new alumni directory is in course of preparation.

Several faculty members have been active in community service.

The Chairman expressed the thanks of the Board to Dean Fordham for his presentation.

* * * * *

The Board now discussed with Dean Fordham the proposal to enter into an agreement with the Educational Testing Service of Princeton, New Jersey for conducting Law School admission tests for students desiring to enter the Law College of the Ohio State University.

Mr. Pomerene moved that the proposed agreement be approved and that the President be authorized to execute said agreement. This motion was seconded by General Dargusch, and upon roll call the vote was as follows:

Yes: Pomerene, Thompson (2)

No: Bricker, Dargusch, Lincoln and Power (4)

The Chairman declared the motion lost.

The President now reported to the Board the deaths of Professor Floyd C. Dockeray, Emeritus Professor Edmund S. Manson, and Visiting Professor Underhill Moore. In accordance with the recommendation of the Board of Trustees, copies of the resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees learns with regret of the death of Professor Floyd C. Dockeray on January 15, 1949. Professor Dockeray was a graduate of the University of Michigan. He taught psychology at the University of Kansas and at Ohio Wesleyan University. He joined the faculty of the Ohio State University in 1929 as Professor of Psychology. He was one of the outstanding teachers and research scholars in his field. He had a particular interest in the psychological aspects of aviation, an interest which had grown out of his experiences in France during the first World War. Professor Dockeray conducted many research projects in this field under the auspices of the National Research Council.

Professor Dockeray was also widely known for his many research articles and textbooks. He made a notable contribution to the teaching of introductory psychology as supervisor of these elementary courses. He was particularly helpful to the graduate students and gave generously of his time advising and counseling with them on their research projects and program of studies.

Professor Dockeray's pleasant and friendly personality had won for him a wide circle of friends in the University family and throughout the community.

The Board of Trustees learns with regret of the death of Emeritus Professor Edmund S. Manson on January 29, 1949. He was a graduate of Massachusetts Institute of Technology, and served as Assistant at the Harvard Observatory in Peru from 1902 to 1907. He joined the faculty of the Ohio State University in 1907 as an Instructor in Astronomy. He rose through successive ranks to become Professor of Astronomy in 1923, succeeding Professor Lord as Director of the University Observatory. He was made Emeritus Professor in 1946. Since his retirement at this University, he had been engaged in part-

time work for the Naval Observatory in celestial mechanics. He had made his home in Washington for the past two years.

Professor Manson was known among his colleagues as a classical astronomer and was held in the highest respect. He was a quiet, self-effacing scholar and gentleman who did not mingle freely and easily. He was beloved by his circle of colleagues and close friends on the campus.

The Board of Trustees expresses its very great appreciation for the long and distinguished service which Professor Manson rendered, and its sorrow for his death.

The Board of Trustees expresses its sorrow for the death of Underhill Moore, Visiting Professor of Law, on January 26, 1949. Professor Moore came to the University in the spring of 1948 after his retirement at the Yale Law School where he had had a distinguished career as Sterling Professor of Law. He was nationally recognized and esteemed for his eminence in the field of commercial banking law.

Professor Moore had entered wholeheartedly into the professional and social life of the Ohio State University and Columbus. His brilliant mind, his breadth of interest, and his capacity for friendship had endeared him to his colleagues in all areas of the University. His death comes as a distinct shock to the entire University community. The Board of Trustees extends its deepest sympathy to the family.

The Board of Trustees desires to express its deep sympathy and its sense of understanding in their loss. It is directed that these resolutions be inscribed upon the minutes of the Board.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$6,506.53 for the establishment of the Robert B. Stoltz Memorial Fund, to be deposited with the Treasurer of the State of Ohio in accordance with Section 4861-10 of the General Code of Ohio.

The suggested regulations in reference to the use of the income from this fund are as follows:

The Robert B. Stoltz Memorial Fund

Established February 9, 1949 by gifts through the Development Fund from friends of the late Professor Robert B. Stoltz, to reflect honor upon one whose chief accomplishment was the molding of young men into outstanding technicians with even more outstanding character. The fund is to be invested in accordance with Section 4861-10 G.C., the income to be used to provide fellowships for graduate students enrolled at Ohio State University in the Department of Dairy Technology or to provide scholarships for undergraduate students in said Department in the event there are no graduate students qualified for an appropriate fellowship. The appointments are to be made by the President of the University upon recommendation of a committee composed of the Chairman of the Department of Dairy Technology, who shall serve as chairman of this committee; the Dean of the College of Agriculture; the Associate Dean of the College of Agriculture, or someone appointed in his stead by the President of the University if this position should be vacant; the Dean of the Graduate School and

three members from the industry to be chosen by the Board of Directors of the Ohio Dairy Products Association. In the event the need for this income should cease to exist, the Board of Trustees of the Ohio State University shall determine the use of the funds. It is requested that preference be given in that case to items connected with Dairy Technology.

\$1500.00 for the Chic Harley Scholarship Fund.

\$740 for the Sheard Foundation for Research in Vision

\$700 for the Ohio Poultry Research Fund

President Bevis submitted the following statement:

The University serves each year many workshop and conference groups. The period of their activity varies from a full academic quarter to a few days. The activities of the groups are enormously varied. The workshop or conference fee likewise varies according to the demands which they make upon the resources of the University though they all fall into a common pattern. These have been presented from time to time to the Board of Trustees as individual matters. It would simplify the administration of this service if the Board of Trustees would delegate to the President authority to adjust these fees within the general category according to the nature and circumstances of the workshop or conference. It is recommended, therefore, that the Board of Trustees approve the following resolution:

The President of the University is hereby authorized to establish fees for workshop and conference groups under University auspices for short periods of time, in accordance with the circumstances and the needs of these groups. The President will report annually all the fees so established.

Upon motion of Mr. Pomerene, seconded by Mr. Thompson, this resolution was approved by unanimous vote of the Board.

President Bevis presented the recommendation and request of the Athletic Board and the Director of Athletics that the Field House

be declared a going project. The purpose of this action would be to permit the development of a program looking toward the construction of a Field House for the use of Intercollegiate Athletics and other University purposes. The details of the program, methods of financing, recommendations as to site and similar matters are to be presented to the Board of Trustees at a later meeting.

Upon motion of Mr. Pomerene, seconded by Mr. Power, this recommendation was upon roll call unanimously approved.

The President presented the request of Director Thomas H. Langlois to invite the National Resources Council, of which he is a member, to hold their annual meeting at Gibraltar Island in late September or early October 1949, and recommended that the Board approve the request.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above request was approved by unanimous vote.

The President presented a letter from Mr. John K. Kennedy, Attorney of Columbus, requesting the release by the University of an interest in remainder created in deed of Professor Charles S. Plumb to the Gladden Community House, a corporation, which deed conveyed certain land in Delaware County as a recreational center, but provided that, if at any time the Gladden Community House should cease to use the property for the specified purpose, title should pass to The Ohio State University.

It appears that the Gladden Community House desires to discontinue the use of the property for the specified purpose and desires further to sell it. By reason of its location and distance from the University, the property would be of little or no value to it.

A special Act of the Legislature will be required to authorize the University to convey its interest in the property.

The President recommended that the University convey, by proper legal instrument, to the Gladden Community House all of its right, title and interest to said property which is described as follows:

“The following Real Estate situated in the County of Delaware in the State of Ohio and in the Township of Berlin and bounded and described as follows:

Being a part of Lot No. 4, Section No. 4, Township No. 4, and Range No. 18, United States Military Lands, and being more particularly described as follows:

Beginning at an iron pin in the line fence of the L.H. and A. Delauder lands; thence south 5 deg. and 9' East 71.24 poles to a new post; thence North 85 deg. and 44' West 39.44 poles to a new post; thence South 4 deg. and 16' West 20

poles to a new post; thence North 85 deg. and 44' West, 72.56 poles to the center of the State Road, passing an iron pin in the line 47½ links East of the corner; thence south with the center of said road to the center of the Peachblow Pike; thence east on the north line of the Kaiser and De Vault lands to the center of Alum Creek; thence northerly with the center of Alum Creek to the south line of lands belonging to L. H. and A. Delauder; thence west on the south line of said Delauder land now owned by Mary O. Davis, 45½ poles to a post; thence North 12 poles to a post; thence West 12 poles to an iron pin, the place of beginning, containing 30 acres of land, more or less.

The property herein described is conveyed to the Gladden Community House, to have, hold and use so long as the same may be used by said corporation or its successors, for the purposes for which said corporation has been organized. In the event that said The Gladden Community House shall fail to use said property for the purposes aforesaid, then in that event said property shall become the property of The Ohio State University, to be used by it for sociological or agricultural purposes."

The President recommended further that steps be taken to request the General Assembly of the State of Ohio to enact necessary legislation to authorize the transfer of the University's interest in said property as hereinbefore set forth, and that the President of the University be authorized to take all steps necessary and proper to effect the provisions of this proposal.

Upon motion of Senator Bricker, seconded by Mr. Power, the Board by unanimous vote approved the above recommendation of the President.

- (4) *Agricultural Laboratory*

On March 17, 1949, under authority of the Board of Trustees and pursuant to legal advertisement, bids were received and opened by the University Cabinet for the construction

of the Agricultural Laboratory at The Ohio State University for which H. B. 496 provided the sum of \$960,000. The unencumbered balance in this fund, after all credits are taken into consideration, is \$951,015.05. A transfer of \$5,000 from Rotary 15954 will be necessary to bring this total to \$956,015.05, the amount necessary to make the awards.

Base bids were received on five separate Divisions and on nineteen Alternates. The total of the low bids is sufficiently low to permit the award of contracts in all five divisions, including fifteen desirable additive alternates. Details of the bids are included in the minutes of the University Cabinet, under date of March 17, 1949, the applicable parts of which minutes are included herein by reference.

A tabulation of the low bids for these items and a comparison with the Architect's estimate is given below:

I. General Contract, Division I

<i>Item</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
Haig M. Boyajohn & Associates		
Base Bid	\$528,700.	\$581,000.
Alt. G-1—Add 24' to Creamery.....	21,700.	32,000.
Alt. G-2—Add Lecture Room.....	48,600.	60,000.
Alts GV-1-2—Add Ven. Blinds (total of 3).....	4,622.	5,180.
Alts. GS-1—Add Site Improvements.....	66,300.	49,600.
Alt. GA—Add Certain Acoustics.....	3,000.	4,300.
Total.....	\$672,922.	\$732,080.

(Alt. GS-2 is not needed when Division V, Tunnel, is included.)

II. Heating and Ventilating, Division II

T. J. Conner, Incorporated		
Base Bid	\$ 89,852.	\$ 90,000.
Alt. H-1—Add 24' of Creamery.....	1,204.	1,800.
Alt. H-2—Add Lecture Hall.....	6,140.	10,000.
Alt. H-4—Add Outside Steam Line.....	10,412.	12,000.
Total.....	\$107,608.	\$113,800.

(Alt. H-3 is not needed when Division V, Tunnel, is included.)

III. Plumbing, Division III

Sauer Company, Incorporated		
Base Bid	\$ 83,475.	\$ 53,000.
Alt. P-1—Add 24' of Creamery.....	1,182.	1,200.
Alt. P-2—Add Lecture Hall.....	1,480.	3,000.
Total.....	\$ 86,137.	\$ 57,200.

IV. Electrical Contract, Division IV

Lawrence Electric Company		
Base Bid	\$ 42,543.	\$ 50,000.
Alt. E-1—Add 24' to Creamery.....	385.	1,000.
Alt. E-2—Add Lecture Hall.....	2,680.	3,000.
Alt. E-3—Added work for G-A.....	60.	530.
Total.....	\$ 45,668.	\$ 54,530.

(Alternates E-4 and E-5 are not needed when Division V, Tunnel, is included.)

V. Tunnel, Division V

Haig M. Boyajohn & Associates

Base Bid	\$39,700.	\$35,000.
----------	-----------	-----------

The total of the low bids referred to above is \$952,035, compared with the total estimate of cost of the corresponding items which is \$992,610. This indicates satisfactory over-all competition.

Of the low bids received on the total number of items for which awards are desired, all items were below the Architect's estimates of cost, except those Alternates G-S-1, Site Improvement under Division I; Base Bid for Division III, Plumbing; and Base Bid for Division V, Tunnel.

A tabulation of all bids received for these three items follows:

Alt. G-S-1. Site Improvement (to be added to Base Bid I)

Huber, Hunt and Nichols.....	\$50,744.00
H. M. Boyajohn & Associate.....	66,300.00
Ang Construction Company.....	69,280.00
Joseph Skilken & Company.....	90,400.00

Base Bid, Division III, Plumbing

Sauer Company, Incorporated.....	\$83,475.00
National Company, Incorporated.....	85,340.00
Lieb-Jackson Company.....	85,900.00
Huffman-Wolfe Company.....	92,300.00

Base Bid, Division V, Tunnel

H. M. Boyajohn & Associate.....	\$39,700.00
Ang Construction Company.....	49,788.00
Joseph Skilken & Company.....	52,900.00

The bids indicate satisfactory competition, and the University Architect in his report of March 24 has certified that, in his judgment, no lower bids would be received if the project as a whole or any of its divisions were to be re-advertised.

The University Cabinet recommends that permission be sought from the Board of Control:

(1) to accept the proposal of Haig M. Boyajohn & Associates for General Contract Alternate G-S-1, Site Improvement and to include the amount of \$66,300 in the total award of \$672,922 to this company. (It is noted in this connection that the figure of \$50,744 submitted by Huber, Hunt and Nichols, the second low bidder, for Alternate G-S-1 cannot be considered separately from their Base Bid of \$545,000. It is also noted that the aggregate of the corresponding items in the Huber, Hunt and Nichols' proposal is \$674,311 as compared to \$672,922 of the recommended Boyajohn award.)

(2) to accept the proposal of Sauer Company, Incorporated, for Division III, Plumbing, Base Bid in the sum of \$83,475, and include it in a total recommended award of \$86,137.

(3) to accept the proposal of Haig M. Boyajohn & Associates for Division V, Tunnel, in the sum of \$39,700.

(4) to authorize the transfer of \$5,000 from Rotary 18 to an Additions and Betterments account titled G-2 Agricultural Laboratory and Equipment, S. B. 1, and that this amount be released for the purpose indicated.

(5) that the balance of \$944,000 of the appropriation for G 2-10 Agricultural Laboratory and Equipment, H. B. 496 be released so that the contracts indicated may be entered into for this project. It will be recalled that \$16,000 has already been released by the Controlling Board previous to this time.

The Cabinet further recommends that the Board of Trustees approve all the actions of the University Cabinet with respect to the Agricultural Laboratory Building contracts, including the recommendation to the Director of Public Works to award contracts to the low bidders for each division as indicated herein.

Upon motion of Senator Bricker, seconded by Mr. Power, the above actions and recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 336 Transfer of \$66,331.17 from Rotary 18 to G 2-E Pharmaceutical Laboratory, S. B. 1
- 337 The following extras to contracts, Medical Center
 (a) Electrical Contractors, Incorporated.....\$ 623.00
 (b) Huffman-Wolfe Company (Plumbing)..... 2,090.60
 (c) Huffman-Wolfe Company (Heating)..... 1,189.30
- 338 \$2,942 extra on contract with Grove-Drake-Psaty to build "access road"—Medical Center
- 340 Entering into contract with A. M. Harris, Incorporated for \$8,395 for Breeching for New No. 6 Boiler in Power Plant
- 350 \$869.22 extra on contract with Lieb-Jackson Company for installation of piping and utility lines, Addition to Botany and Zoology Building.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimates of cost for the following projects as prepared by the Director of the Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of cost</i>	<i>Payable from</i>
Interior Painting and Patch Plastering of Horticulture and Forestry Building and University Hall	\$23,500.00	F-1 Building Repairs, S. B. 1
Repairs to Stadium structure. Waterproof one section of "A" seats	\$ 6,000.00	Athletic Fund— Rotary 8001
Repairs by guniting the over- hanging part of Section C and the necessary work on the seats above the overhanging area	\$10,000.00	Athletic Fund— Rotary 8001

Upon motion of General Dargusch, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed

the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

Dean of Men Joseph A. Park now appeared before the Board and presented a chart showing the organization of the Dean's office.

He also explained in detail the many duties and responsibilities falling under his supervision and direction.

The Chairman expressed to Dean Park the Board's appreciation for his clear and interesting presentation.

That, upon the recommendation of the Faculty Council at its meeting on April 12, 1949, the name of the Department of Military Science be changed to Department of Military and Air Science, effective the academic year 1949-1950;

That, in the matter of the Krumm Will, Case 130474, Probate Court of Franklin County, Ohio, upon the request of Hugh Huntington, Executor, Carl E. Steeb, Secretary of the Board of Trustees of The Ohio State University, be authorized and instructed to sign a waiver of appearance and service of summons on behalf of The Ohio State University;

That in order that the most efficient use may be made of the services of the University Faculty, it is recommended that the following changes be made in the Rules and Regulations of the Four Quarter Plan as revised July 1, 1948:

1. Add the following paragraphs to the section "Quarters of Service to be Given":

The University may assign an individual a fourth quarter of service in his regular contract year, providing that in the next year he is assigned only two quarters of service. He will thus receive his two quarters of leave within the two contract years.

The University reserves the right to determine whether the fourth quarter of service be assigned as part of the individual's services to the University in the year immediately following or whether a special contract for cash compensation shall be issued.

In the event of emergency requiring an individual's services for more than six quarters within the two contract years, a special cash contract for extra instruction shall be issued. If an individual's salary is changed on October 1 immediately following a fourth quarter of teaching, for which he does not receive a special cash contract, he shall be paid for such fourth quarter's service at the rate established by his new contract. The credit thus established shall be paid in the contract year immediately following that in which four quarters of service are given.

2. ELIMINATE second paragraph under "Contracts".

That the Lamme Medal be awarded at the Commencement on June 10, 1949 to Dr. Howard E. Fritz, B.Ch.E., 1912-M.S. 1913-Ph.D. 1924. Dr. Fritz is at the present time Director of Research and Vice President of the B. F. Goodrich Company;

That in accordance with the recommendation of the University Faculty Council degrees be awarded at the Spring Convocation on June 10, 1949 to the following named students who have completed their requirements therefor:

BACHELOR OF SCIENCE IN OCCUPATIONAL THERAPY

Dorothy Helen Dittmer; Bertha Story Roberts.

PROFESSIONAL DEGREES

ARCHITECT

Walter Andrews Taylor, B. Arch. E., 1921.

CERAMIC ENGINEER

Harold Howard Hanna, B.Cer.E., 1915.

CHEMICAL ENGINEER

Frank Joseph Cservenyak, B.Ch.E., 1938.

CIVIL ENGINEER

Frederick Hewitt Fox, B.E., 1916; Charles Brown Smith, B.C.E., 1936.

MECHANICAL ENGINEER

Joseph B. Smith, B.M.E., 1931.

BACHELOR OF AERONAUTICAL ENGINEERING

Charles Howard Armbruster; Richard Thomas Boerem; Howard Stanton Davis; Merlin Lee Bull; Nelson Harvey Kemp; Thomas Lowell Kennedy; Jerald Elliott Mason; James Hoffman Nolan; Arthur Philip Rohr; Scott Franklin Slotterbeck; Howard Ralph Valentine.

BACHELOR OF AGRICULTURAL ENGINEERING

Byron Lee Bondurant; Benson J. Lamp, Jr., B.Sc. in Agr.; Robert Calvin Robison; Mardis Ryan Warner.

BACHELOR OF ARCHITECTURE

Burtch William Beall, Jr.; Leland Frank Brubaker; Robert Glen Edwards; Russell Sharon Fling; William Warren Gilfillen; William Joseph Gleason; David Ellis Jones; Walker Bruce Lowman; William Whitlock Loy; Phyllis Asplund Miller; Charles Nelson Neubrecht; Keith Emerson Plank; Thomas Bigelow Ross; Marvin Joseph Rukin; Francis Louis Ruzsa; Paula Francine Schatzman; Daniel Earl Speakman; Orville Varasso; Dixon Shaw Wilson; Michael Leo Yeager.

BACHELOR OF CERAMIC ENGINEERING

Fred William Andreatta; David George Bolon; John Wallace Herbert; Frank Joseph Hynes, Jr.; Franklin Keith Manning; Joseph

Keith McLaughlin; Arthur Charles Meiresonne; William Gloster Mixer, Jr., M.S. (Stevens Institute of Technology); Tom Clinton Norman; Betty Timshan Owen; Robert Richard Rowlands; Frederick James Ryland; Olen Ray Sluss; William Edward Stearns; James Calvin Stultz; Robert Greetham Twells.

BACHELOR OF CHEMICAL ENGINEERING

William David Arthur; Paul Edward Bates; Bernard Clement Booth; Lee Briggs Canfield; Joseph Witten Connolly; John Edward Egelhoff; George Walter Egger; Thomas Orlo Feasel; Edward Earl Galloway, Jr.; Raymond Dale Hammond; Robert Lee Harbour; Thomas Alvin Haverfield; Allan Charles Heidenreich; Richard Phillip Heintz; Maurice Ray Hetler; William Henry Hoge; Wilbur Charles Hoover; Theodore Manchester Jenney; John Howard Kerstetter, Jr.; William Kenneth Kinzer; Rudolph Knaus; Rodney James Koenig; Rine Kruger, Jr.; Frederick Alexander MacDougall; Cecil Grange Miller, Jr.; Ralph Ishman Mitchell; Dean Bronson Plotts; Roy E. Retzke; John Philip Rosser; Glen Dale Schaaf; Joseph Cannon Shaw; Edgar Albert Shawd; John William Shook, Jr.; Robert Mathias Shuster; Roland Irvin Spencer; Howard Rollin Steele; David Francis Stewart; Ralph Frederick Strigle, Jr.; Howard George Wittmer, Jr.

BACHELOR OF CIVIL ENGINEERING

Clifford Howard Birdsall; Robert William Cheugh; Frank Junior Geib; Sheldon Marsh Hulbert; Robert William Kessler; James Richard Longenecker; John Joseph McGough; Wilbur Harry Mechwart; Glen Steward Pierce, Jr.; Curtis Eugene Ridenour; Rodney Stanley Dallas Roberts; Chester Sarver, Jr.; Howard Lewis Schuster, Jr.; Charles Thurman Sheley; Alvin Seymour Sturm; Louis David Troglia; Robert Grayum Watts; Charles Weidner, Jr.

BACHELOR OF ELECTRICAL ENGINEERING

Anthony George Adamakos; William James Adams; Lloyd Andrew Addleman; Ned Forrest Alexander; James Stuart Badger; Harold A. Balo; William Edwin Best; Allen Grant Bogart; Jack Gordon Brown; Lewis Velmond Bucklew; Warren Edwin Carpenter; Robert Gordon Christy; Dwight Richard Craig, B.M.E.; Lloyd Eugene Craig; William Pow Davidson; Robert Edwin DeMuth; Lewis Junior Eggert; Allen Ralph Engler; James Phillip Fenstermaker; Richard Laird Gibbs; Lawrence Glenn Gifford; Norman Lee Goodman; Brooks Dallas Griffith; Tom Kline Hamilton; Raymond Haney; Don James Harbour; Zoltan George Horvath; Robert MacQuire Hruza; Herbert Bernard Imboden, Jr.; Elwood Faze Ingledue; Forest Robert Jacobs; Donald Robert Kearns; Alexander Samuel Kraut; Evan Daniel Larkin; Richard Eugene Long; Paul Alter MacCaughey; Ira Paige Martin; Charles Junior McDermott; John Edward Miller; Nubuo Miyake; Richard Arthur Nagel; Frank Martin Pelteson; Earl Ferdinand Roessing; John Rosing; Richard Gottlieb Schumann; Lowell Ward Sheets; Gordon Douglas Shisler; John Frazier Shumaker, Jr.; Nicholas Thomas Simopoulos; John Kramer Skomp; Floyd Ord Smeltz; Thomas Brown Smith; William Powers Somers; Robert Walter Sterling; Edward John Urbanik; Joseph Matrin Valerio; Ralph Robert Vanderlipp; John Webster Waugh, B.M.E.; Myron Weinstein; Robert William Wilmarth; Raymond Rankin Withers; Ernest Otto Wolden; Ray Alexander Work, Jr.

BACHELOR OF INDUSTRIAL ENGINEERING

Glenn Woolever Barnhart; Arthur Dale Bartlett; Robert Ellwood Bragg; Robert Elton Cervay; John Richard Crane; Richard Carington Crise; Everly Gale Crouser; Howard William Geyer; Larry DeFord Hansbarger; Frederick Warren Hardin; Bruce Campbell Hoover; Ora Aden Kelsey, Jr.; Carl Lewis Knapp; John Benson Landon; Sidney Owen Margolis; DeLancy Edward McGowan; William George Plumer; Joseph Edward Pompura; Harry Poulos; Richard Jay Price; Gale Edward Roshon; Gene Edwin Shook; Charles Robert Snyder; Robert William Spacek; Doyt Lowell Spridgeon; Richard Roscoe Thompson; Charles Donald Williams; Donald Herbert Williams; Harry A. Wilson.

BACHELOR OF LANDSCAPE ARCHITECTURE

Angelo Orlando DeMare; Richard Wellington McGinnis, B.S. in Edu. (Kent State University); Thomas Joseph Stepwith; George Allan Stolar; Albert Szunyog.

BACHELOR OF MECHANICAL ENGINEERING

Russell Kaye Annis, Jr.; Roderick Grant Bang; Edward Hollman Benton; Addison Doane Brainard; Lewis Marion Cerreta; Louis Carroll Cobb; Michael Salvador Costantino; Ralph Leroy Costlow; James Allen Culbertson; Sidney Hamilton Davis; John Louis Deering; Leroy Rex Dickerson; Robert Sherwood Dorsey; Thomas Joseph Dunn; Lester Irwin Dvorak; Lowell Levon Elder; Richard E. Etter; Thomas Wesley Fairhurst; Richard William Folk; James Russel Gregory, B.S. in Naval Tech. (University of Minnesota); Paul Junior Harmon; Sanford Dean Heil; Alfred Robert Hoel; Donald Reed Hoskinson; Jack Mason Hultz; William Bruce Hunter; Donald Richard Kibbey; Kenneth Keith Klier; Donald Paul Kochendorfer; Robert Arthur Kramer; Sanford Allen Lane; Lloyd Darrell Lee; Richard Emerson Lewis; Arthur Malecek; Glenn Norris McComb; Ralph Waldo McIntyre; Robert Anthony Minch; William Harrison Newman; Fred Nolls; Duane E. Oyster; Paul Edmond Pipes; Thomas James Porcari; John Rober Prior; Dean Carl Reemsnyder; George Victor Rippel, Jr.; Richard Godfrey Salter; William Yates Sayers; Robert Blair Schuler; Gene Edwin Shook; John Hays Shuler; Robert James Steele; Herbert Dale Tucker; Byron Burrell Williams; Harold Arthur Williams; Douglas Wilton Wollam; Robert Arlington Woodward.

BACHELOR OF METALLURGICAL ENGINEERING

Virgil Dudley Basinger, B.A. (Bluffton College); Dean Davis Burgan; Thomas Louis Chase; Glenn W. Jackson; Forrest Ward Johnson; Robert Eugene Lenhart; Frank Natale Petrilli; Benjamin Roth; Frank Anton Valentine Zorko.

BACHELOR OF ENGINEERING IN MINING

Clifford Hughes Chandler, B.A.; George William Sall; Hartzel Clinton Slider; Richard Harvey Widmyer; John Charles Wright, B.A. (Denison University).

BACHELOR OF SCIENCE IN PHYSICS

Robert Russell Brooks; James Edward Roderick; Stanley Dale Rohlf; Jack Holmes Waggoner, Jr.

BACHELOR OF WELDING ENGINEERING

Amel Robert Meyer.

COLLEGE OF LAW—JURIS DOCTOR

Charles William Davidson, Jr., B.Sc. in Bus. Adm.

BACHELOR OF LAWS

William Albert Ashbrook, Jr., B.Sc. in Bus. Adm.; Robert Winston Bennett; John George Beyoglides, B.A.; James Ralph Burchfield, Jr., B.A.; William David Campbell, B.N.S. (Marquette University); Daniel James Cavanaugh, B.S. in Edu. (Kent State University); John Edward Cumming; Robert Louis DeVictor, B.Sc. in Bus. Adm.; Norman Keith Fenstermaker, B.Sc. in Bus. That upon the recommendation of the Faculty Council at its meeting held on May 3, 1949, the following persons be awarded honorary degrees at the Spring Convocation on June 10, 1949.

Edith D. Cockins	—Doctor of Administration
John Lyon Collyer	—Doctor of Laws
Charles P. Hoover	—Doctor of Engineering
Raymond Carroll Osburn	—Doctor of Science
Wilbur Henry Siebert	—Doctor of Laws
Frank Stanton	—Doctor of Laws
Edgar Nelson Transeau	—Doctor of Science
George White	—Doctor of Laws

That the agreement between the College of Medicine of The Ohio State University and the City of Columbus, regarding mutual responsibilities in the attempt to cover professionally, through senior externes, the medical problems involved at the City Prison, be approved;

That, upon the recommendation of the Dean of the College of Medicine, the Indenture of Lease dated April 9, 1940, between The Ohio State University and the Sisters of the Poor of St. Francis Hospital be amended as follows:

That the number of clinical beds allotted for the use of the College of Medicine be reduced from 123 to 105, effective at once and that, if and as the clinical service becomes inadequate for the demands, the medical or surgical residents may request the "borrowing" of a bed or beds in these areas, if and as a vacancy exists at such times. The Sister in charge will decide the relative urgency of the demands upon these beds, in conference with the appropriate physicians.

It is further recommended that the Vice President and Business Manager with the advice of the Attorney General, be authorized to sign a contract for the year 1949-1950 on the same basis as the 1947-1948 contract including the changes indicated above.

That the following research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects, be reported to the Board of Trustees for information and record.

Calgon, Incorporated, Pittsburgh, Pennsylvania—Investigation of Phosphates in Liquid Eggs (to be known as the Calgon Incorporated Research Project No. 377—Poultry Husbandry);

American Petroleum Institute, New York City—Investigation of Hydrocarbons (to be known as the American

- Petroleum Institute Research Project No. 31—Chemistry);
- Office of Naval Research, Washington, D. C.—Investigation of Definition of Equalibria (to be known as the Office of Naval Research Research Project No. 284—Chemistry);
- Office of Naval Research, Washington, D. C.—Investigation of Measurements of Heat Capacities (to be known as the Office of Naval Research Research Project No. 309—Chemistry);
- Chicago Quartermaster Depot, Chicago, Illinois—Investigation of Browning Reaction (to be known as the Chicago Quartermaster Depot Research Project No. 366—Chemistry);
- National Advisory Committee for Aeronautics, Washington, D. C.—Investigation of Viscosities of Nitrogen and Air (to be known as the National Advisory Committee for Aeronautics Research Project No. 375—Chemistry);
- General Tire and Rubber Company, Akron, Ohio—Investigation of Preparation of Esters (to be known as the General Tire and Rubber Company Research Project No. 336—Chemistry);
- Department of the Army, Washington, D. C.—Investigation of Psychological Studies (to be known as the Department of the Army Research Project No. 376—Psychology);
- War Department, Fort Belvoir—Investigation of Development of glass to transmit infrared radiation (to be known as the War Department Research Project No. 314—Ceramic Engineering);
- Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Mathematic-Geodetic Computation (to be known as the Wright-Patterson Air Force Base Research Project No. 378—Civil Engineering);
- Structural Clay Products Institute, Washington, D. C.—Investigation of Lightweight Ceramics (to be known as the Structural Clay Products Institute Research Project No. 324—Engineering Experiment Station);
- Wright-Patterson AF Base, Dayton, Ohio—Investigation of Test Axial Flow Compressor Wheels (to be known as the Wright-Patterson AF Base Research Project No. 259—Mechanical Engineering);
- Republic Steel Corporation, Cleveland, Ohio—Investigation of Blast Furnace Slag (to be known as the Republic Steel Corporation Research Project No. 374—Mineralogy);
- Firestone Tire and Rubber Company, Akron, Ohio—Investigation of Health Hazards of Certain Compounds and Products (to be known as Firestone Tire and Rubber Company Research Project No. 246—Pathology);
- Charles F. Kettering Foundation, Dayton Ohio—Investigation of Radiation Factor in Photosynthesis (to be known as the Charles F. Kettering Foundation Fellow Research Project No. 373);

The above fifteen contracts for research in cooperation with Government and Industry represent a gross income of \$336,358.00.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$25,000 for Development Fund—Gifts—Rotary 11168.

\$3,000 for the Kimberly Endowment Fund for Chemistry.

\$2,100 for the Department of Physics Equipment Fund.

Department of Physics Equipment Fund

Established March 30, 1949 by a gift through the Development Fund, from Stanley M. Hanley, MSC '24, in honor of Alpheus Wilson Smith, Emeritus Professor of Physics and Emeritus Dean of the Graduate School, and in honor of the late Alva Wellington Smith, Professor of Physics; to be invested in accordance with Section 4861-10 G.C. The income is to be used at the discretion of the Chairman of the Department of Physics for special scientific apparatus and equipment, or for machines, tools, materials and supplies for the construction of research apparatus and equipment. Should the Department of Physics cease to exist, then the use of the income shall be determined by the Board of Trustees of The Ohio State University. In such event it is requested that preference be given to items in the area of Physics.

\$1,701.01 for the Ohio 4-H Club Foundation.

\$1,098.51 for the Mary Christie Curtis Fund—Rotary 11155.

\$380 for the Alumnae Scholarship House—Rotary 8201.

\$310 for the Alumni Endowment Fund.

\$248 for the Robert B. Stoltz Memorial Fund.

\$100 for the Beulah Winkler Koch Memorial Fund.

\$50 for the Howard Fenimore Haines II Fund for Visual Research.

From other sources

\$9,386 from the W. K. Kellogg Foundation, Battle Creek, Michigan for Post Graduate Dental Education—Rotary 11355.

\$5,400 from the Research Corporation, New York City, for the continuation of the Frederick Gardner Cottrell Grant—Rotary 11150.

\$2,000 from the Socony-Vacuum Oil Company, Incorporated, New York City, for the Socony-Vacuum Oil Company, Fellowship—Rotary 11724.

\$1,240 from the Pan American Refining Corporation, Houston, Texas, for the Pan American Refining Corporation Fellowship in Chemistry—Rotary 11584.

\$500 from the Wildlife Management Institute, Washington, D. C., to be credited to Rotary 11025.

\$600 from The Ohio State University Mothers' Club for scholarships in the School of Music and the College of Medicine—Rotary 14803.

\$20 from Frank W. Preston Laboratories, Butler, Pennsylvania for Library contributions—Rotary 11400.

\$1,000 from the Robert G. Gould Research Foundation, Incorporated, for use in defraying expenses incident to the session on cattle nutrition which will be conducted in June 1949 under the auspices of the College of Veterinary Medicine.

Upon motion of Mr. Kettering, seconded by Senator Bricker, these recommendations of the President were approved by unanimous vote of the Board.

President Bevis now expressed his personal thanks to the Board for having Professor Hopkins paint his portrait, which now hangs in the Faculty Club. President Bevis stated that he admired the Hopkins' style of portrait painting and was so happy that the Board had selected Professor Hopkins to do this work.

President Bevis presented the report of Mr. Paul Elleman upon the condition of the George Wells Knight property, now owned by the First Congregational Church and used as a living center for foreign students.

At the conclusion of this report the President recommended that the offer of said First Congregational Church to convey this property by deed to The Ohio State University be accepted.

Upon motion of Mr. Pomerene, seconded by Mr. Kettering, it was resolved that the offer of conveyance heretofore made by the First Congregational Church be accepted and the proper officers of the University be instructed to take such steps with the said First Congregational Church as will consummate the transaction.

Further, that the President of the University be directed to express to the First Congregational Church on behalf of the Trustees the sincere appreciation of the University for this generous gift.

Upon motion of Mr. Pomerene, seconded by Mr. Kettering, the above recommendation of the President was approved by unanimous vote of the Board.

The President presented the following statement relating to the recent strike of workmen on the construction of new buildings:

As members of the Board will have noted, we were confronted by strikes of workmen upon our construction in two trades—hod carriers and painters. Picketing was announced and on Friday, April 22, begun.

We called together the present contractors on all jobs and made to them substantially the following statement:

- I. Our problem, as a public institution, is sharply differentiated from that of a private company concerned in a strike. The University's primary concern is that the work of education go on without interruption.

To this end, it is vital that there be no riots or violence. The presence of large numbers of students including, on the one hand, many veterans and on the other, a few

radicals is a circumstance to be guarded against. Outsiders, too can easily masquerade as students.

- II. We have no concern with how the issues are settled. We shall not participate in the 'negotiations' nor make any suggestions as to terms.
- III. There would appear to be little tangible advantage in keeping up the fiction of continued work. None of the men will 'cross a picket line.' We want only that our state property be a neutral zone, thus removing the likelihood of disturbance which may easily get out of hand and make the strike harder to settle.
- IV. Our position is simple:

We should like to have (1) a statement from all contractors that until the strike or strikes reach final settlement, work on University property is suspended; and (2) the withdrawal of all pickets from the campus for the same period.

Upon receiving indications of their assent, we made contact with the Union representatives, who likewise indicated agreement. On Saturday morning, April 23, the Union representatives and the contractors met in my office and agreed:

1. That all work would stop (leaving only watchmen) until the settlement of the strike.
2. That there would be no picketing on our campus.

This agreement was put into effect. The same day the strike was settled.

We think that a pattern for future labor controversies has thus been set.

The President called the Board's attention to its action taken at the Gibraltar meeting in September 1948, whereby a plan was adopted which would increase the number of first year students in the College of Medicine and stated that Dr. Ronald Thompson, University Registrar, has suggested and elaborated an ingenious plan which has much merit for making still further use of our physical facilities by taking in an additional class each year.

The President stated further that the execution of this proposed plan will necessitate certain additions to the staff and some additional expense and that it was his opinion that, if the proposed plan is put into operation, our Medical School will be making in proportion a greater contribution to supplying sufficient numbers of doctors than any other in the country.

The plan has received some preliminary consideration, but thus far to no final conclusion by the staffs of the colleges concerned.

The President recommended that the Board request a comprehensive study and report of the advantages, the cost, etc. of the Thompson or similar plan.

Upon motion of Mr. Pomerene, seconded by Senator Bricker, the Board by unanimous vote approved the above recommendation and requested the President to have said report ready for the Board as quickly as possible.

* * * * *

President Bevis advised the Board that upon his request a very careful survey of fire hazards in the University buildings has been made under the direction of Mr. Harry J. Callon, State Fire Marshal.

As a result of this examination, a detailed report has been prepared which includes several recommendations to assist in fire prevention and the President stated that, so far as possible, these recommendations will be carried out.

The Vice President and Business Manager presented the following report and recommendation of the University Cabinet:

On April 12, 1949, under authority of the Board of Trustees and pursuant to legal advertisement, bids were received and opened by

the University Cabinet for the construction of the Electrical Engineering Building and Equipment at The Ohio State University for which H. B. 496 provided the sum of \$750,000.00.

An analysis of the bids indicates that the low bids will permit award of contracts in all Divisions of the work including all additive alternates, within the amount of funds available from H. B. 496. This analysis appears in the minutes of the University Cabinet.

The University Cabinet recommends that awards be made to the following low bidders:

General Contract

Huber, Hunt & Nichols

<i>Item</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
1. Base Bid	\$350,588.00	\$409,836.00
11. Alt. G-2, S.E. Wing Complete.....	32,500.00	
12. Alt. G-3, 4th Story.....	55,400.00	
13. Alt. G-4, Al. D.H.Windows.....	6,700.00	
15. Alt. G-6, Al. D.H.Windows (G-2).....	400.00	
16. Alt. G-7, Al. D.H.Windows (G-3).....	2,600.00	
Total	<u>\$448,188.00</u>	

(Item 10, Alt. G-2 is not needed when Item 11, Alt. G-2 is included. Item 14, Alt. G-5 is not needed when Item 15, Alt. G-6 is included.)

Plumbing Contract

The National Company

<i>Item</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
4. Base Bid	\$21,843.00	\$19,825.00
19. Alt. P-2, S.E. Wing Complete.....	740.00	
20. Alt. P-3, 4th Story.....	660.00	
Total	<u>\$23,243.00</u>	

(Item 18, Alt. P-1 is not needed when Item 19, Alt. P-2 is included.)

Heating, Ventilating & Air Conditioning Contract

T. J. Conner, Incorporated

<i>Item</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
5. Base Bid	\$65,354.00	\$86,690.00
22. Alt. H-2, S.E. Wing Complete.....	2,560.00	
23. Alt. H-3, 4th Story.....	6,303.00	
Total	<u>\$74,217.00</u>	

Item 21, Alt. H-1 is not needed when Item 22, Alt. H-2 is included.)

Electrical Contract

Lawrence Electric Company

<i>Item</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
7. Base Bid	\$51,990.00	\$53,820.00
25. Alt. E-2, S.E. Wing Complete.....	6,020.00	
26. Alt. E-3, 4th Story.....	9,690.00	
Total	<u>\$67,700.00</u>	

(Item 24, Alt. E-1 is not needed when Item 25, Alt. E-2 is included.)

Elevator Contract

Westinghouse Electric Corporation

<i>Item</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
2. Base Bid	\$20,613.00	\$26,600.00
17. Alt. Ev-1, 4th Story.....	1,053.00	
Total	<u>\$21,666.00</u>	

<i>Tunnel Contract</i>			
J. Skilken			<i>Architect's</i>
	<i>Item</i>	<i>Low Bid</i>	<i>Estimate</i>
3.	Base Bid	\$15,700.00	\$9,806.00
<i>Tunnel Service Lines</i>			
Lieb-Jackson Company			<i>Architect's</i>
	<i>Item</i>	<i>Low Bid</i>	<i>Estimate</i>
6.	Base Bid	\$8,780.00	\$13,500.00
<i>Tunnel Electrical Contract</i>			
Harlan Electrical Construction Company			<i>Architect's</i>
	<i>Item</i>	<i>Low Bid</i>	<i>Estimate</i>
9.	Base Bid	\$5,607.00	\$5,540.00
<i>Power Center (Transformer) Contract</i>			
Wagner-Smith			<i>Architect's</i>
	<i>Item</i>	<i>Low Bid</i>	<i>Estimate</i>
8.	Base Bid	\$11,930.00	\$15,350.00

It will be noted that three base bids exceed the Architect's estimate, namely, Plumbing, Tunnel Contract and Tunnel Electrical Contract. Examination of all bids received for these items leads to the conclusion that lower bids would not be obtained if these items were re-advertised.

The University Cabinet requested the Controlling Board to grant permission for the award of the three items referred to, namely Plumbing, Tunnel Contract and Tunnel Electrical Contract, which request was approved.

Since the base bids received amounted to \$552,405 against the Architect's estimate of \$640,967, and since the total of base bids plus desired additive alternates is \$677,031 against an amount available for construction of \$707,547, it appears advisable to award contracts as recommended above. This will leave \$40,516 available for equipment.

The total amount of the award would, therefore, be as follows:

General Contract	\$448,188.00	
Plumbing Contract	23,243.00	
Heating, Ventilating and Air Conditioning Contract	74,217	
Electrical Contract	67,700.00	
Elevator Contract	21,666.00	
	<hr/>	
Total Building Contracts		\$635,014.00
Tunnel Contract	\$15,700.00	
Tunnel Service Lines Contract	8,780.00	
Tunnel Electrical Contract	5,607.00	
Power Center (Transformer) Contract	11,930.00	
	<hr/>	
Total Tunnel Contracts		\$42,017.00
		<hr/>
Total Contracts		\$677,031.00
Architect's Fees		40,622.00
		<hr/>
Total Funds Required		\$717,653.00

Upon motion of General Dargusch, seconded by Senator Bricker, the above actions of the Cabinet were approved by unanimous vote.

Dean B. V. Christensen of the College of Pharmacy now appeared before the Board to discuss matters relating to the College of Pharmacy. A summary of his statement follows:

For purposes of discussion, the educational program of the College of Pharmacy may be considered under three phases: namely;

A. Undergraduate Programs

B. Graduate Programs

C. In-Service Programs for Training of Pharmacists Who Are Now in Practice

A. *Undergraduate Programs*

Since 85 per cent of the graduates of the College of Pharmacy engage in the practice of Pharmacy in the drug stores of the state,

the undergraduate program is given primary emphasis. It is the aim to provide adequate programs and facilities for instruction for the training and education of practitioners in Pharmacy who are qualified and competent to render improved and more widespread pharmaceutical service to the public. These programs include general education, the essentials of a Pharmacy education, and opportunity for some degree of specialization in such areas as hospital pharmacy, manufacturing pharmacy, commercial pharmacy and in the more scientific and technical phases.

This involves careful selection of students, adequate instruction in the principles, practices and professional developments of the modern pharmacy; and inculcation of ethical ideals, professional standards and a spirit of loyalty to the profession.

In addition, it is the purpose to include a reasonable amount of general education to prepare graduates to participate with some degree of intelligence and understanding in the civic, social and religious life of their respective communities.

Professional Improvement

It is the aim to improve the educational program each succeeding year. The educational system of a profession is primarily responsible for progress and development in that profession. The colleges of pharmacy are, to a large degree, responsible for growth and development in the profession of Pharmacy. To make possible the quality and improvement in service that the public deserves and has a right to expect, each succeeding graduating class should be a little better trained and a little better educated than the one preceding. This requires continuous study and evaluation of the educational program including such items as the curriculum. The staff of the College of Pharmacy is continuously studying and evaluating the curriculum, deleting outdated material and adding new material, even to the extent of deletion of courses and addition of entirely new courses.

Considerable attention has been given to improving the quality of students by careful selection of admissions and the maintenance of exacting scholastic standards of attainment in the college. Means of selection have improved considerably with the inauguration of a five-year educational program consisting of two years of pre-pharmacy college education and three years of professional education. This not only makes it possible to more carefully select students, but provides a better foundation for students on which to base their professional studies.

Considerable attention likewise has been given to improving the quality of teaching. This has been done by careful selection of additional staff members, in-service training through staff meetings, special assignments, visitation of other colleges and industries, and active membership in professional organizations.

The standards of scholarship likewise have been raised through improved facilities for instruction. Considerable attention is given to laboratory instruction since this offers an opportunity for individual attention to the needs of particular students. This individual attention has been made possible through limitation of the number of students in sections. Instruction likewise has been considerably improved through the addition of modern equipment in keeping with modern practices, and also through the use of teaching aids such as charts, slides, etc.

Extension and Vitalization of Practical Instruction

It is the conviction of the faculty that students in Pharmacy should have facilities and opportunities available for actual professional practices such as they must engage in under conditions similar to those they encounter in practice as a legal qualified pharmacist. For example, advanced undergraduate and graduate students in Pharmacy should have facilities available and opportunities available to compound and manufacture medicines, reagents and solutions under strict faculty supervision for actual practical use.

Likewise, such students should have an opportunity to fill prescriptions, also under qualified faculty supervision, for the actual use of patients for whom prescribed. A plan covering such a project has been outlined with the cooperation and endorsement of the colleges of Medicine and Dentistry and discussed with President Bevis.

This plan contemplates the participation of the College of Pharmacy in the operation of the drug dispensing and compounding unit (the Pharmacy division of the medical center of the University) as soon as the buildings now under construction are ready for occupancy.

B. Graduate Programs

Graduate programs leading to the Master of Science and the Doctor of Philosophy degrees were inaugurated in 1940 and 1941. It is necessary that those colleges of pharmacy having the necessary facilities should set up adequate programs providing for graduate instruction to train capable and qualified young men and women to become teachers and administrators in the colleges to insure the continuation and improvement of pharmaceutical education. Of the seventy colleges of pharmacy in the United States, approximately eight have the necessary facilities for graduate instruction leading to the Doctor of Philosophy degree.

Since inauguration of this program, three Master of Science and eight Doctor of Philosophy degrees have been awarded. All of the recipients of the Doctor of Philosophy degree, except one, have become teachers in colleges of pharmacy.

It also is necessary to provide graduate programs in the several subdivisions of Pharmacy for the training of technical and research workers in the pharmaceutical industries. The demand and need for both teachers and research workers is very strong and undoubtedly will continue so for several years to come.

C. In-Service Training of Pharmacists Who Are Now in Practice

One of the recommendations of the Pharmaceutical Survey now being completed is as follows:

"It is recommended that each of the accredited colleges and schools of pharmacy recognize and assume responsibility for providing organized programs of in-service professional instruction of the practicing pharmacists within the area normally served by the institution, and to this end set up, under competent, professional direction, an operation unit to be known as the 'division of pharmaceutical extension'."

The College of Pharmacy of this University has given some attention to in-service training of pharmacists but is planning to extend this considerably in the future in accordance with the recommendation above referred to. This has been done through annual alumni confer-

5-9-'49

ences, lectures to groups of pharmacists in a limited area of the state, and through short course programs covering two or three days.

Outstanding Needs

Additional space adapted to the needs of pharmaceutical instruction and sufficient to carry on the various necessary phases of a professional education as outlined above constitute the outstanding needs of the college. A statement of needs has been referred to President Bevis for consideration.

Thereupon the Board adjourned to meet Friday, June 10th, at 9:30 a. m. at the University.

Attest:

(Signed) CARL E. STEEB,
Secretary.

The minutes of the last meeting were approved.

The following letter from the Secretary of the College of Arts and Sciences was read:

June 10, 1949

To the Board of Trustees:

The Executive Committee of the College of Arts and Sciences at a meeting held Tuesday, June 7, 1949, approved a petition of Charles Emory Smith to be graduated by allowing an addition of three more courses to be counted on his major. He had been short six points on the requirement in his major field of concentration. This petition was approved, but due to an error in transcription the petition was marked declined. This latter error was reported to the University Faculty Council and his name was removed from the list of candidates for the Bachelor of Arts degree. It is respectfully requested that this error be rectified by favorable action by the Board of Trustees, so that Mr. Smith may be awarded his degree with his class today.

We very much regret this error and we shall appreciate the favorable action by the Board of Trustees in correcting it.

Respectfully submitted,

(Signed) H. L. HAMILTON,
*Secretary, College of
Arts and Sciences*

Upon motion of General Dargusch, seconded by Mr. Power, the Board unanimously approved the award of the Bachelor of Arts degree to Charles Emory Smith.

That the following miscellaneous recommendations be approved:

That the salaries of General Supervisors, Supervisors, Assistant Supervisors, Operating Room Supervisor, Head Nurses, Assistant Head Nurses, General Duty Nurses, and all open positions in these classifications in the Starling-Loving Hospital be raised \$10.00 per month, effective May 1, 1949;

That Ira A. Gould, Chairman of the Department of Dairy Technology, and Inez Prudent, Associate Professor in the School of Home Economics, be appointed to the staff of the Institute of Nutrition and Food Technology, effective at once;

That the following leaves of absence, with salary, be granted:

George L. Brown, County Agricultural Agent, Vinton County, Department of Agricultural Extension, for the period June 15 to August 31, 1949. Mr. Brown is planning to attend The Ohio State University to work on special problems in Dairy Husbandry and Farm Management;

Victor M. Ries, Extension Specialist in Floriculture, Department of Agricultural Extension, from June 15 to August 31, 1949. Mr. Ries will visit extension specialists in the western states and observe a number of seed farms and nurseries. He will be registered in the United States Department of Agriculture Graduate School to report on a problem in extension teaching methods;

Mabel G. Fernald, Home Demonstration Agent, Huron County, Department of Agricultural Extension, for the period June 15 to August 31, 1949. Miss Fernald is planning to attend the summer sessions at the Colorado Agricultural and Mechanical College;

Geneva H. Nolan, Home Demonstration Agent, Meigs County, Department of Agricultural Extension, for the period June 15 to August 31, 1949. Mrs. Nolan is planning to attend Colorado Agricultural and Mechanical College;

Roger M. Thomas, County Agricultural Agent, Portage County, Department of Agricultural Extension, for the period June 15 to August 15, 1949. Mr. Thomas is planning to attend the summer sessions at the University of Indiana to study the use of visual aids in educational work.

That the following leaves of absence, without salary, be granted:

June Henry, Stenographer, College of Engineering Administration, effective July 9 through August 31, 1949;

Gerard Lord, Assistant, Chemistry (Laboratory Supply Store Pro Rata 15991), effective April 1, 1949, for an indefinite period;

Fern M. Pugh, Stenographer, Laboratory Supply Store, Rotary 15991, Physics and Astronomy Pro Rata, effective June 23 through September 30, 1949;

Henrietta Jiron, Janitress, Dietary, Starling-Loving Hospital, effective June 1 through June 30, 1949;

Mary N. Berger, General Duty Nurse, Starling-Loving Hospital, Dispensary, effective May 1 through June 30, 1949;

Martha W. Fulton, Stenographer (part time), Medical Records, Starling-Loving Hospital, effective May 1 through May 29, 1949;

June R. Lucas, Clerk, River Road Housing, Rotary 8240, for the period June 20 through June 26, 1949.

That the leave of absence granted at the meeting of the Board of Trustees on May 9, 1949, to Roland T. Richart, Janitor, Janitor Service, Physical Plant, effective May 16, 1949, be cancelled.

That the following persons be returned from leave:

Nannie Ellen Jones, Janitress (part time), Starling-Loving Hospital, Nurses' Home Rotary 13727, effective June 1, 1949;

Ella May Hale, Stenographer, Military Science, effective May 10, 1949.

That the leave of absence, without salary, granted on January 10, 1949 to James B. Tharp, Professor in the Department of Education, for the second half of the second term of the 1949 Summer Quarter be cancelled and that Professor Tharp's quarters of service for his 1948-1949 contract be established as Autumn 1948, Spring 1949, and Summer 1949;

That the motion requiring the Oath of Allegiance approved by the Board of Trustees on April 14, 1948, be amended to read as follows: ". . . with the understanding that said oath will apply to all members of the teaching staff, all officers, and all employees of the University, *excepting personnel of the Armed Forces of the United States on duty at The Ohio State University*, and will be made a part of the regular annual contracts, . . ."

That the President or one of the Vice-Presidents of the University be authorized and directed to sign, on behalf of the University, application blanks for the withdrawal of alcohol tax free as provided for in Article 81, Regulation No. 61, Internal Revenue Department;

That the agreements between The Ohio State University and the State Department of Education, Division of Vocational Education, covering the following contracts for the year beginning July 1, 1949, and ending June 30, 1950, be approved:

Guidance Services
Trade and Industrial Education
Distributive Education

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$18,927.84 from the Joseph Carl Troutman Estate, to be credited as follows:

\$1,000.00 to Rotary 11851 for Books for European History and Political Science

\$1,075.67 to Rotary 11852 for Books—General

\$16,852.17 to Rotary 11853 for Student Aid

\$1,000.00 from the Cincinnati Chemical Works, Norwood, Ohio, to be credited to Rotary 11128 for the Cincinnati Chemical Works Fellowship;

\$250.00 from Ralph W. Powell, Columbus, Ohio, to be credited to Rotary 11317 for the Louise Huey Fellowship;

\$161.60 from the National Tuberculosis Association, New York City, to be credited to Rotary 11524.

The President presented the following statement from the Athletic Board:

“The University Golf Course and Club House was planned, built, and paid for by the Athletic Board entirely from funds accruing from football gate receipts. It is desirable that the facts and conditions having to do with this important addition to the facilities of the University be made a matter of record both in the minutes of the Athletic Board and in the minutes of the Board of Trustees.”

This property is valued at \$363,617.36. It is now entirely paid for.

In view of the foregoing, President Bevis recommended that the appreciation and thanks of the University be extended to the Athletic Board for the acquisition and development of this facility and that it be regularly entered upon the books of the University.

On motion of General Dargusch, seconded by Senator Bricker, these recommendations of the President were unanimously approved.

* * * * *

Vice-President Hatcher made a verbal progress report for the Committee appointed by President Bevis to study the plan of Dr. Ronald Thompson, University Registrar, for the acceleration of Medical School training.

After considerable discussion, Mr. Pomerene presented the following resolution which was seconded by Mr. Power and adopted unanimously by the Board:

It will be the policy of The Ohio State University to adopt a plan which will have as its goal the increase in the number of entrants in the Medical School as follows:

1950-1951	145
1951-1952 and thereafter.....	200

Further, that the President appoint a Committee to include members of the administration and of the School of Medicine to make an over-all study of the existing and prospective medical plant and its proper use to the end that the foregoing plan may be put into effect.

* * * * *

President Bevis made the following statement regarding Commencement procedure:

In view of the character of Commencement proceedings necessitated by the large number of graduates, the Commencement Committee has recommended that the presentation

of all candidates for honorary degrees be made by some one person instead of having each presentation made by a separate individual.

The award of honorary degrees, while strictly a matter for faculty initiation, is in the last analysis made by the Board of Trustees. It, therefore, seems appropriate that a member of the Board make, upon each occasion, the combined presentation desired by the Commencement Committee.

I would therefore recommend that in rotation (or otherwise) the Board members perform this office.

The Vice-President and Business Manager reported that the Cabinet, acting under the authority of this Board, has received bids and approved the award of the following contracts, and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

New Student Union Building

On May 12, 1949, under authority of the Board of Trustees and pursuant to legal advertisement, bids were received and opened by the University Cabinet for the construction of the New Student Union Building at The Ohio State University for which a transfer from Rotary funds provided the sum of \$3,323,606.00.

An analysis of the bids indicates that the low bids will permit award of contracts in all Divisions of the work, including all additive alternates, within the amount of funds available. This analysis appears in the minutes of the University Cabinet.

The University Cabinet recommends that awards be made to the following low bidders:

*General Contract—Division I**The Struck Construction Company, Louisville, Kentucky*

Base Bid	\$2,028,000
Alt. A	147,200
B	52,400
C	7,800
D1	30,000
D2	8,000
F1	900

Total	\$2,274,000	Estimate of Base	\$2,959,250
-------	-------------	------------------	-------------

*Plumbing—Division II**The Sauer Company, Incorporated, Columbus, Ohio*

Base Bid	\$119,750
Alt. A	2,863
B	4,607
C	2,045
F1	13,116
F2	250

Total	\$142,631	Estimate of Base \$253,650
-------	-----------	----------------------------

*Heating and Ventilating—Division III**The Sauer Company, Incorporated, Columbus, Ohio*

Base Bid	\$252,560
Alt. A	19,142
C	786
C	8,629
F1	63,416
F2	1,172

Total	\$345,705	Estimate of Base \$422,750
-------	-----------	----------------------------

*Electrical—Division IV**Gustav Hirsch Organization, Columbus, Ohio*

Base Bid	\$174,740
Alt. A	24,290
B	9,000
C	250
F1	not needed

Total	\$208,280	Estimate of Base \$295,925
-------	-----------	----------------------------

*Elevator—Division V**Warner Elevator Company, Cincinnati, Ohio*

Base Bid	\$67,107
Alt. A	included in base

Total	\$67,107	Estimate of Base \$84,550
-------	----------	---------------------------

*Kitchen Equipment—Division VI**Southern Equipment Company, St. Louis, Missouri*

Base Bid	\$277,083	Estimate of Base \$211,375
----------	-----------	----------------------------

*Relocate 42" City Sewer—Division IIA**Southeast Excavating Company, Columbus, Ohio*

Base Bid	\$8,500	Estimate of Base \$10,000
----------	---------	---------------------------

Contracts to be paid from G2-k, Ohio Union, Senate Bill 1.

It will be noted that one base bid exceeds the Architects' estimate, namely, Kitchen Equipment, Division VI contract. Examination of all bids received for this item leads to the conclusion that lower bids would not be obtained if these items were re-advertised.

The University Cabinet requested the Controlling Board to grant permission for the award of the one item referred to, namely Kitchen Equipment, Division VI, which request was approved.

Since the base bids received amounted to \$2,929,768 against the Architects' estimate of \$4,237,500.00, and since the total of base bids plus desired additive alternates is \$3,323,606 against the same amount available for construction, it appears advisable to award contracts as recommended above.

The total amount of the award would, therefore, be as follows:

General Contract	\$2,274,300
Plumbing Contract	142,631
Heating & Ventilating Contract.....	345,705
Electrical Contract	208,280
Elevator Contract	67,107
Kitchen Equipment Contract	277,083
Relocate 42" City Sewer.....	8,500
TOTAL CONTRACTS	\$3,323,060

Interior Painting and Patch Plastering of Horticulture and Forestry Building and University Hall

On May 18, 1949, at 2:00 p. m., on authority from the Board of Trustees, the University Cabinet met for the purpose of opening bids on Interior Painting and Patch Plastering of Horticulture and Forestry Building and University Hall. The following bids were received:

<i>Bidder</i>	<i>Amount of Bid</i>
Bohl Painting Company.....	\$21,830
Harold F. Mollenauer.....	25,658
Maxwell Fishking	24,543
Bexley Recorating Company.....	27,000
Art Crafts Decorators.....	24,000
L. D. Henry Painting Company.....	23,675

The engineer's estimate for this project was \$23,500. The low bid of Bohl Painting Company is below the engineer's estimate and is regular in every respect and the Cabinet therefore wishes to recommend that *Bohl Painting Company* be awarded the contract by The Ohio State University at their bid of \$21,830. This project is to be paid from F-1 Building Repair, Senate Bill No. 1.

Professional engineering services for designing, heating and electrical divisions for proposed Optometry Wing on University Hospital

In order to expedite the preparation of drawings and specifications for the proposed Optometry Wing on University Hospital, I (University Architect) recommend that the necessary action be taken to retain the firm of Sims, Cornelius and Schooley to perform professional engineering services for designing the heating and the electrical divisions of the work. This service would supplement the work of the University Architect in the preparation of the complete set of documents for the project. It would not include supervision, which will be performed by the University Architect.

The estimated cost of these two divisions of work does not exceed \$50,000. The normal fee for this type of work is 4% of the cost of the work. Sims, Cornelius and Schooley have agreed to accept this fee and the University Cabinet now recommends that it be used as the basis for a contract for these services.

To: Sims, Cornelius and Schooley—\$2,000

To be paid from G-2 Optometry Building and Equipment, H.B.496 and a grant from the Development Fund

Piping for New No. 6 Boiler and Main Steam Header in Power Plant

On authority from the Board of Trustees, the University Cabinet met on June 6, 1949, for the purpose of opening bids on Piping for New No. 6 Boiler and Main Steam Header in Power Plant. A representative from the office of the Director of Public Works was present and read the bids. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Pittsburgh Piping and Equipment Company	\$59,118
T. J. Conner, Inc.....	64,000
Lieb-Jackson Company	44,970
National Valve and Manufacturing Company	63,410
Dravo Corporation	47,640
Moffett & Troop, Inc.....	44,103
Huffman-Wolfe Company	94,700

The engineer's estimate on this project was \$49,600. The bid of Moffett & Troop, Inc., is regular in every respect and is below the engineer's estimate. Therefore, the Cabinet recommends that we request the Director of Public Works to enter into a contract with Moffet & Troop, Inc., at its bid of \$44,103.

This project is to be paid from G-31 Capital Equipment, Power Plant Equipment, H.B. 496.

To: Moffett & Troop, Incorporated—\$44,103

To be paid from G-31 Capital Equipment, Power Plant Equipment, H.B. 496

Insulation of Piping and Ducts on New No. 6 Boiler in Power Plant

On authority from the Board of Trustees, the University Cabinet met on June 6, 1949, for the purpose of opening bids on Insulation of Piping and Ducts on New No. 6 Boiler in Power Plant. A representative from the office of the Director of Public Works was present and read the bids. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Johns-Manville Sales Corp.....	\$14,249
Earl E. Bright, Inc.....	13,469

The engineer's estimate on this project was \$17,500. The bid of Earl E. Bright, Incorporated, is regular in every respect and is below the engineer's estimate. Therefore, the Cabinet recommends that we request the Director of Public Works to enter into a contract for this project with the Earl E. Bright, Inc., at its bid of \$13,469.

This project is to be paid from G-31 Capital Equipment, Power Plant Equipment, H.B. 496.

To: Earl E. Bright, Incorporated

To be paid from G-31 Capital Equipment, Power Plant Equipment, H.B. 496

Interior Painting and Patch Plastering of Botany and Zoology Building and Brown Hall

On June 9, 1949, at 2:00 p. m., on authority from the Board of Trustees, the University Cabinet met for the pur-

pose of opening bids on Interior Painting and Patch Plastering of Botany and Zoology Building and Brown Hall. The following bids were received:

General Maintenance & Engineering	
<i>Bidder</i>	<i>Amount of Bid</i>
Company	\$29,003.50
Fishking Decorators	27,990.00
L. D. Henry Painting Company.....	20,900.00
Ballenger Painting Company.....	19,657.00
Bohl Painting Company.....	23,480.00

The engineer's estimate for this project was \$20,000.

The low bid of Ballenger Painting Company is below the engineer's estimate and is regular in every respect, and the Cabinet wishes to recommend that Ballenger Painting Company be awarded the contract by The Ohio State University at their bid of \$19,657.

To: Ballenger Painting Company—\$19,657.00

To be paid from F-1 Building Repairs, S.B. 1

New Skylight on Center Court of Ives Hall

On June 9, 1949, at 2:00 p. m., on authority from the Board of Trustees, the University Cabinet met for the purpose of opening bids on New Skylight on Center Court of Ives Hall. The following bid was received:

<i>Bidder</i>	<i>Amount of Bid</i>
George Snyder & Sons Co.....	\$7,902

The engineer's estimate for this project was \$7,500. The bid of George Snyder & Sons Company is \$402 above the engineer's estimate.

Although we contacted other companies there were only three that took out specifications on this project and from these three we were able to receive only the one bid.

It is my opinion that we would be unable to obtain either a lower bid or wider competition should be readvertise this project.

Therefore, the Cabinet wishes to recommend that the University request permission from the Board of Control to award the contract to George Snyder & Sons Company at their bid of \$7,902. If this permission is granted, the University can then enter into a contract for this project.

To: George Snyder & Sons Company—\$7,902

To be paid from F-1 Roofing, S.B. 1

Upon motion of Senator Bricker, seconded by General Dargusch, these actions of the Cabinet were unanimously approved.

The Vice-President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

382—(a) transfer and release of \$4,000 from G 2-4 Industrial X-ray Laboratory, H.B. 496 to G 2-15 Recitation Building, H.B. 496.

- (b) extra of \$2,310 on contract with Haig M. Boyajohn & Associates for painting and decorating all unfinished plaster in Auditorium and corridors, Recitation Building.
- 383—transfer and release of \$158 from G 2-2 Power Plant Remodeling to G 31-3 Roads, Walks, Tunnels, Utility Lines, to provide funds for two extras to contracts for Roads and Utilities to the Incinerator.
- 384—(a) transfer and release of \$3,323,606 from Rotary 18 to G 2-k Ohio Union.
- (b) award of contract for Kitchen Equipment to Southern Equipment Company, though its low bid of \$277,083 was in excess of Architects' estimate.
- 385—(a) transfer and release of \$42,417 from G 2-4 Industrial X-ray Laboratory to G 2-8 Addition to Library.
- (b) authorized acceptance of an alternate for complete site improvement by Mellon-Stuart Company in amount of \$42,417 for Addition to Library.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Remodeling and Extension of Press Box on Ohio Stadium	\$215,000	Transfer from Athletic Funds
Optometry Wing on University Hospital	\$300,000	G-2 Optometry Building and Equipment and a grant from Development Fund

Upon motion of Mr. Power, seconded by Mr. Thompson, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees, and if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Installation of New Heating Coils and Air Filters in Mendenhall Laboratory	\$11,170	F-1 Building Repairs, S.B. 1

Upon motion of Mr. Power, seconded by Mr. Thompson, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following comment and appropriate recommendations concerning the handling of administrative detail at the University Hospital:

With respect to the action of the Board of Trustees on September 8, 1948, relative to the allocation of administrative detail in the new Medical Center, it may not be inappropriate to make the following comment:

1. It is obvious that in vesting the business matters of University Hospital in the Business Manager, a long step in the direction of properly determining and adequately controlling what are certain to be large and important costs may have been taken. However, the full

operation of the present rule injects the Business Office into the *active internal management* of certain phases of University Hospital. An analysis of this situation might be made as follows:

- a. In participating in the internal management of the Hospital, the Business Office has departed from its traditional role of being the central, cohesive and controlling financial and business agency to that of actually creating, at least in part, the transactions to be controlled.
- b. The position of the Business Office with respect to all other departments and colleges is analogous to that of the State Department of Finance to the University. Financial control is exercised by the Director of Finance without participating grossly in the internal management of the University.
- c. The greatly enlarged Medical Center will require attention, however, to business, financial and accounting matters unlike any other activity in the University. The very large operating cost to be required after the Medical Center has reached full stature indicates a need for financial and budgetary control of the highest order. If the Business Office were not to assume participation in the daily business routine of the Hospital, it seems mandatory that all transactions of the Hospital be *pre-audited before finally being consummated*. This would insure compliance with the budget adopted by the Board of Trustees without participation in the internal management.

2. The Dean of the Medical School raises what seems to be a proper question concerning who is to run the Hospital. A Medical Director could certainly run the medical aspects of the Hospital, but with a divided responsibility on other matters the resultant lack of cohesion is almost certain to provide an unsatisfactory overall administration. Matters of admission and dietary have less of business than other aspects. Therefore, it would seem entirely logical that a highly satisfactory administration of the Hospital would result from the following:

- a. A superintendent of the Hospital (responsible to the Dean of the Medical School) should be secured whose training is on the Medical side of hospital administration.
- b. The superintendent would have, at least, nominal charge of the business affairs of the hospital, subject to rules and regulations prescribed by the Business Office.
- c. All transactions would be pre-audited by an Auditing and Cost Control Department set up as a part of the Business Office for the purpose. (Mr. John Wilcoxon would head this department.) All budgets would pass through the Auditing and Cost Control Department before being presented to the President's Office for approval.
- d. It would be the duty of the Auditing and Cost Control Department to study the needs as well as control the costs of the Hospital. It should render a constructive service of analysis and appraisalment so that the needs of a rapidly growing part of the University can be kept in proper perspective—fair to the Hospital yet equally fair to the rest of the University.

- e. Under ideal conditions, after the Medical Center had reached full stature and experience had been gained in the operation of this large venture, the activities of the Auditing and Cost Control Department might be merged with the Business Office of the Hospital. This would be a wholesome goal to seek. The head of the Auditing and Cost Control Department should always be looked upon as the eventual head of all business activities in the Hospital.
3. The duties and responsibilities of the proposed "Auditing and Cost Control Department" would be as follows:
- a. All budgets of University Hospital would be examined and analyzed and reports and recommendations thereon would be made by the Auditing and Cost Control Department before such budgets were forwarded to the President's Office.
 - b. All payrolls—both A-1 and Wage—would channel through the Auditing and Cost Control Department before being sent to the Business Office to be written.
 - c. All appointments, resignations, salary change proposals and other modifications of status of personnel would channel through the Auditing and Cost Control Department before being sent to the President's Office and the Business Office.
 - d. All requisitions for the purchases of supplies and equipment would channel through the Auditing and Cost Control Department before being sent to the office of the University Purchasing Agent.
 - e. It is intended that all matters of business and finance, as the terms are used in the Ohio State University and as affecting University Hospital, channel through the office of the Auditing and Cost Control Department. Therefore, the failure to enumerate (above) any such activity does not indicate that it should not channel through the office of the Auditing and Cost Control Department before being sent to the appropriate branch of the Administration.
 - f. The Auditing and Cost Control Department, after the adoption of the annual budget for University Hospital, should set up detailed records for the purposes of budgetary control. All business transactions of the Hospital controlled by, affecting or influenced by the budget should be posted against the appropriate section of the budget control, so that at all times the proper relationship between budgeted and actual expenditures and income may be disclosed. Periodic reports will be made as to this relationship at proper intervals.
 - g. All billings to the hospitals operated by the State Public Health and Public Welfare Departments would be audited by the Auditing and Cost Control Department before being rendered.
 - h. The Auditing and Cost Control Department should be charged with studying budgetary procedures and cost controls at such hospitals as Michigan, Iowa, and Minnesota. Cost comparisons should be made with these hospitals and improvements noted in their operations should be adopted

here at Ohio State. In short, the great, ultimate gain to be achieved through the functioning of the Auditing and Cost Control Department would be in the proper appraisal of the operations of University Hospital—cost wise—as a result of adequate comparisons with the comparable state university hospitals.

Upon motion of General Dargusch, seconded by Mr. Power, the action of September 8, 1948, relative to the allocation of administrative responsibility in University Hospital was rescinded. In place thereof, the Auditing and Cost Control Department was created, effective at once, with the duties and responsibilities as set forth in the foregoing recommendation.

The above motion was unanimously approved.

Nancy D. Reid, Stenographer part time, College of Edu-
cation, Administration, effective July 1 through August 31,
1949.

That Arthur Kirk, Utility Man, Physical Plant, Steamfitters &
Plumbers, be returned from leave effective June 16, 1949;

That the following gifts be accepted and the appreciation of the
Board of Trustees be appropriately expressed:

From the Development Fund

\$3,200 for the Ohio Hybrid Seed Corn Producers Research
Fund—Rotary 11554.

\$2,113.87 for the Sada A. Harbarger Memorial Scholarship

The Sada A. Harbarger Memorial Scholarship Fund

Established June 20, 1949 by a gift, through the Develop-
ment Fund, from the Board of Control of the Ohio State
Engineer, to be invested in accordance with Section 4861-10,
General Code, the income to be added to the principal until
the principal shall be \$5,000, at which time the income is to
be used to provide a scholarship for an outstanding student
in the College of Engineering. The award is to be made by
the University Scholarship Committee upon recommendation
of the Dean of the College of Engineering. It is requested

that preference be given to members of the staff of the Ohio State Engineer, other than the Editor or Business Manager, as long as it is in existence.

\$1,514.55 for the Ohio 4-H Club Foundation.

\$1,000 for the Henry Russell Spencer Fund in Political Science.

The Henry Russell Spencer Fund in Political Science

Established June 9, 1949 by gifts through the Development Fund from friends, colleagues and former students of Henry Russell Spencer, to be invested in accordance with Section 4861-10, General Code. The income from this fund is to be used (1) to establish a series of lectures in Political Science; (2) or to finance a fellowship or fellowships for outstanding students in Political Science; (3) or for any other purpose formulated by an administrative board of three to be appointed by the President of The Ohio State University. This committee shall use the proceeds of this fund in any fashion deemed appropriate for the advancement of the study of Political Science at The Ohio State University, subject to the approval of the Board of Trustees of the University.

\$394.32 for the Minnie Price Scholarship.

\$97 for Research in Optometry.

\$42.50 for the William A. Starin Lectureship.

From other sources

\$4,874.80 to be credited to Rockefeller Foundation Rotary 11678, from the Rockefeller Foundation, New York City.

\$3,600 from the Procter and Gamble Company, Cincinnati, Ohio, for the Procter and Gamble Fellowship in Chemistry—Rotary 11653.

\$1,500 from the Monsanto Chemical Company, St. Louis, Missouri, for the Monsanto Chemical Company Fellowship—Rotary 11455.

\$2,200 from the Allied Chemical and Dye Corporation, New York City, for the Allied Chemical and Dye Corporation Fellowship in Chemistry—Rotary 11009.

\$25 from The Ohio State University Mothers' Club for student scholarships—Rotary 14803.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Schenley Laboratories, Incorporated, New York, New York—Investigation of microbiological products (to be known as the Schenley Laboratories, Incorporated Research Project No. 391—Poultry Husbandry);

War Department, Quartermaster Depot, Alexandria, Virginia—Investigation of "to evaluate test methods developed by Ohio State University for use in screening mosquito repellants" (to be known as the War Department, Quartermaster Depot Research Project No. 380—Zoology);

- National Institute of Health, Bethesda, Maryland—Investigation of mosquito studies (to be known as the National Institute of Health Research Project No. 388—Zoology);
- Bristol Laboratories, Incorporated, Syracuse, New York—Investigation of Synthesis of Antibiotics (to be known as the Bristol Laboratories Research Project No. 224—Chemistry);
- Office of Naval Research, Washington, D. C.—Investigation of research at liquid helium temperature (to be known as the Office of Naval Research, Research Project No. 282—Chemistry);
- Office of Naval Research, Washington, D. C.—Investigation of thermodynamics of inorganic substances (to be known as the Office of Naval Research, Research Project No. 283—Chemistry);
- Aerojet Engineering Corporation, Azusa, California—Investigation of smokeless propellants (to be known as the Aerojet Engineering Corporation Research Project No. 327—Chemistry);
- Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Rocket Motor Research (to be known as the Wright-Patterson Air Force Base Research Project No. 333—Chemistry);
- Navy Department Office of Naval Research, Washington, D. C.—Investigation of literature search, nitro compounds (to be known as the Navy Department Office of Naval Research, Research Project No. 386—Chemistry);
- War Department, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of analysis of flight records (to be known as the War Department, Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 382—Mathematics);
- War Department, Watson Laboratories, Red Bank, New Jersey—Investigation of Constituents and their distribution in the atmosphere (to be known as the War Department, Watson Laboratories Research Project No. 381—Physics);
- Navy Department, Office of Naval Research, Washington, D.C.—Investigation of X-Ray Spectroscopy (to be known as the Navy Department, Office of Naval Research, Research Project No. 384—Physics);
- United States Air Force Institute of Technology, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of visual perception (to be known as the United States Air Force Institute of Technology, Wright-Patterson Air Force Base Research Project No. 392—Psychology);
- Navy Department, Office of Naval Research, Washington, D. C.—Investigation of Internal Diffusion in Glass (to be known as the Navy Department, Office of Naval Research, Research Project No. 385—Ceramic Engineering);
- Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Studies to Develop Aeronautical Chart Control Data (to be known as the Wright-Patterson Air Force Base Research Project No. 379—Civil Engineering);
- Mathieson Chemical Corporation, New York, New York—Investi-

gation of chemical processes and products (to be known as the Mathieson Chemical Corporation Research Project No. 116—Chemical Engineering);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of patterns and radiation characteristics of antennas (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 326—Electrical Engineering);

War Department, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Microwave Generators (to be known as the War Department, Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 340—Electrical Engineering);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of klystron tubes (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 383—Electrical Engineering);

Air Materiel Command, Watson Laboratories, Red Bank, New Jersey—Investigation of effects of direction of polarization (to be known as the Air Materiel Command, Watson Laboratories Research Project No. 389—Electrical Engineering);

The National Clay Pipe Research Corporation, Logan, Ohio—Investigation of pressure pipe (to be known as the National Clay Pipe Research Corporation Research Project No. 146—Engineering Experiment Station);

Fairchild Engine and Airplane Corporation, Oak Ridge, Tennessee—Investigation of coatings for the protection of ceramic bodies (to be known as the Fairchild Engine and Airplane Corporation Research Project No. 321—Engineering Experiment Station);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of composite refractory structures (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 390—Engineering Experiment Station);

Navy Department, Office of Research and Inventions, Washington, D. C.—Investigation of metallurgical research (to be known as the Navy Department, Office of Research and Inventions Research Project No. 266—Metallurgy);

Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of mechanical properties of metals at low temperature (to be known as the Wright-Patterson Air Force Base Research Project No. 287—Metallurgy);

Washington Quartermaster Depot, Alexandria, Virginia—Investigation of substitute fats, oils and grease for application to leather (to be known as the Washington Quartermaster Depot Research Project No. 273—Physiological Chemistry);

Globe Iron Company, Jackson, Ohio—Investigation of high silicon chrome pig iron (to be known as the Globe Iron Company Research Project No. 387).

The above twenty-seven contracts for research in cooperation with Government and Industry represent a gross income of \$882,192.50.

That in accordance with the recommendation of the Faculty Council, degrees be awarded at the Summer Convocation on September 2, 1949 to the following named students who have completed their requirements therefor:

The President reported that, in view of the fact that the General Assembly had not yet passed the biennial appropriation bill, it was impossible to present the annual budget in completed form until the September meeting. In order to carry the University forward in the interim, the President presented and recommended for adoption an interim salary budget which continues without change in position or salary the present payroll. Such changes as are to be made will be recommended at the September meeting.

Upon motion of General Dargusch, seconded by Mr. Lincoln, the interim salary budget as presented by the President was approved by unanimous vote.

The Vice President and Business Manager presented the following statements and recommendations:

A. *Exterior Painting of Buildings at River Road*

On June 16, 1949 at 2:00 P.M., on authority from the Board of Trustees, the University Cabinet met for the purpose of opening bids on Exterior Painting of Buildings at the Ohio State University River Road Housing. The following bids were received:

<i>Bidder</i>	<i>Amount of Bid</i>
Artcraft Decorators	\$15,500.00
Ohio Decorating Maintenance Inc.	21,730.00
General Maintenance & Eng. Co.	14,955.00
Harold F. Mollenauer	18,400.00
Bexley Decorating Company	16,000.00
Bohl Painting Company	16,513.00
L. D. Henry	16,000.00

The engineer's estimate for this project was \$13,500.00

The low bid of General Maintenance & Engineering Company is \$1,455.00 above the engineer's estimate.

This project was advertised for thirty days and there were twelve companies who took out specifications. This number indicates wide interest and the above tabulation shows close bidding.

It is the opinion of the Director of Physical Plant that we would be unable to obtain either a lower bid or wider competition should we readvertise this project.

Therefore, the Cabinet recommends that the University request permission from the State Board of Control to award the contract for the Exterior Painting of Buildings at the Ohio State University River Road Housing to the General Maintenance and Engineering Company at their bid of \$14,955.00. If this permission is granted, the University can then enter into a contract for this project.

This contract to be paid from River Road Housing Rotary 8240.

B. *Remodelling WOSU Transmission Station for FM*

Following is a tabulation of the bids received prior to 2 P.M. June 21, and opened immediately thereafter by a representative of the Department of Public Works, for Remodelling WOSU Transmission Station for FM:

<i>Bidder</i>	<i>Amount of Bid</i>
George Sheaf & Company.....	\$36,900.00
Joseph Skilken and Company.....	33,400.00
Haig M. Boyajohn & Associates.....	42,887.00
L. M. Leonard Company.....	48,339.00

The architect's estimate of cost for the construction of the project is \$29,284.00. A careful review of the details of that estimate and an examination of the four proposals indicate that the estimate is insufficient and that the low bid received is very satisfactory. In my opinion no lower bids would be received if the project were to be re-advertised.

The low bid of Joseph Skilken and Company, in the sum of \$33,400.00, is regular in every respect, except that it is in excess of the architect's estimate of cost.

The Cabinet recommends that the Controlling Board be requested to grant permission to award the contract to Joseph Skilken in the sum of \$33,400.00. Further, that the amount of \$33,400.00 be transferred from G-2-4 Industrial X-Ray Laboratory, H.B. 496, to G-2-17 Remodelling WOSU Transmission for FM, H.B. 496.

On motion of Mr. Lincoln, seconded by General Dargusch, the above recommendations of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

390—\$7,186.95 extra on Huffman-Wolfe Company contract

for required connections to high pressure steam line from University Power Plant to Medical Center

391—Transfer and release of \$3,400 from G 2-4 Industrial X-Ray Laboratory, H.B. 496, to G 2-15 Recitation Building, H.B. 496

392—\$4,242.75 extra on Huffman-Wolfe Company contract for expansion joints in tunnel to provide for expansion of steam line, University Hospital, Medical Center

396—Transfer and release of \$12,588.61 from the following funds in H.B. 496 to G 2-16 Construction Audit Account:

G 2-1	Service Center and Equipment.....	\$ 815.61
G 2-5	Botany and Zoology Addition.....	262.63
G 2-7	Physics Building	916.04
G 2-8	Addition to Library.....	2,423.30
G 2-9	Addition to Commerce.....	949.82
G 2-10	Agricultural Laboratory	952.04
G 2-11	Health and Medical Center.....	5,764.98
G 2-12	Electrical Engineering Building.....	677.03
G 2-4	Industrial X-Ray	89.79
G 2-15	Recitation Building	237.42

397—Transfer and release of \$3,323.61 from Rotary 18 to G 2-k Ohio Union, S.B. 1 to cover the cost of construction audits.

401—Transfer of \$75,437.73 from G 2-B Buildings—Ohio Union, H.B. 495 to Rotary 18, S.B. 1

402—\$4,097.81 on contract with Krause & Pagura, Incorporated for changes due to quicksand around footers—Removal of Two Old Boilers and Installation of New Concrete Floors, Structural Steel and Foundations for New No. 6 Boiler, Power Plant

403—Award of contract for New Skylight on Center Court of Ives Hall to the sole bidder, George Snyder & Sons Company, although this amount (\$7,902) is in excess of architect's estimate.

404—\$1,175 extra on Electrical Contractors, Incorporated contract for furnishing and installing Vaporproof lights and wiring in Dental College tunnel and in transformer vault, Medical Center.

410—\$890.90 extra on Sauer Company, Incorporated contract for changes to make a more efficient layout, Piping for New 5000 KW Turbine, Power Plant.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Remodelling the Ground Floor of Orton Hall to house the Proposed Coal Laboratory	\$22,000	F-1, H.B. 654

Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees:

Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

* * * * *

Dr. Frank M. Fletcher, Director of the Occupational Opportunities Service, now appeared before the Board and made an interesting report on the aims, purposes and results of the activities connected with this service.

Chairman Pomerene thanked Dr. Fletcher on behalf of the Board for his fine report.

* * * * *

The President stated that an honorary Doctor of Laws degree will be conferred upon Mr. Frank Stanton, at the Summer Convocation, and suggested that a member of the Board be selected to present Mr. Stanton.

The Chairman designated General Dargusch to present Mr. Stanton.

Thereupon the Board adjourned to meet at Gibraltar Island September 6-10, 1949, official business session to begin at 9:30 A.M., Wednesday, September 7.

Attest:

Chairman

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE EIGHT HUNDRED AND TWENTY-SEVENTH MEETING OF THE BOARD OF TRUSTEES

Gibraltar Island, Ohio, September 7, 1949

The Board of Trustees met pursuant to adjournment.

Present: Warner M. Pomerene, Chairman, Donald C. Power, Vice-Chairman, General Carlton S. Dargusch, Charles F. Kettering and Forrest G. Ketner of Columbus, appointed by Governor Lausche and confirmed by the Senate July 29, 1949, for the term ending May 13, 1956. Mr. Ketner succeeds Mr. James F. Lincoln.

* * * * *

The minutes of the last meeting were approved.

* * * * *

President Bevis presented a statement regarding the proposed appointment by Governor Lausche of Professor L. A. Kauffman, of the Department of Animal Husbandry, to the position of State Director of Agriculture.

After discussing the facts as presented, the matter, by agreement, was referred to a special committee consisting of General Dargusch, Mr. Ketner and Mr. Power to make an investigation of the facts in the case and to submit its recommendations to the Board later.

* * * * *

President Bevis now presented to each member a summary of the 1949-1950 salary budget, and stated that he had before him, for the information of the Board, a master copy of the complete budget, showing all changes from the interim budget adopted at the July 11th meeting.

The President explained that it was physically impossible to have ready for the members at this meeting a detailed mimeographed copy, due to the delay in the passage by the legislature of the appropriation bill. The President stated that the mimeographed copies will be sent to each member as soon as possible.

It was agreed to take action on the budget at a later session of this meeting.

President Bevis presented the following recommendations:

The Vice President and Business Manager presented the following statements and recommendations:

A. Dairy Herd Barns

Presented herewith is a tabulation of the bids received up to 2 P.M. July 19, 1949, for Dairy Herd Barns and opened by a representative of the Department of Public Works at the special meeting of the Cabinet held immediately thereafter. (The detailed tabulation of bids, which is now on file in the offices of the University Architect and Auditor of State, is incorporated in this report by reference.)

A careful examination of the bids indicates that for all possible combinations of Feeding Barn and Waterman Barn and Sewage Disposal bids, those submitted by George Sheaf and Company are low, and that for Water Supply and Electrical Services the bids of the National Company and of the Gustav Hirsch Organization, respectively are low.

The lowest combination based upon these bids including all Divisions is \$62,215. This figure includes approximately \$28,647 for the three utilities, viz., Water Supply, Sewage

Disposal and Electrical Services. The amount now available from the original appropriation is \$50,000.00. It is possible, therefore, to award contracts for portions of the project within the available funds in two ways:

Omit either the Feeding Barn or the Waterman Barn remodeling and include all three of the utilities.

Include both barns and their accessories, and a part of the utilities until funds are available from the new H.B. 577 for Roads, Walks, Tunnels and Utilities.

For purposes of analysis and comparison, the following possible combinations are listed:

I Feeding Barn and Sewage Disposal	\$20,000	
Concrete Floors and Doors in Outside Pens	4,593	\$24,593
Water Supply		14,807
Electric Service		5,740
		<u>\$45,140</u>
This omits the Water Barn	\$16,040	
Stalls and Fittings	1,575	
	<u>\$17,615</u>	
II Waterman Barn and Sewage Disposal	\$24,000	
Stalls and Dairy Barn Fittings	1,575	\$25,575
Water Supply		14,807
Electric Service		5,740
		<u>\$46,122</u>
This omits the Feeding Barn	\$11,961	
Concrete Floor in Pens	4,593	
	<u>\$17,615</u>	
III Feeding Barn, Water Barn, and Sewage Disposal	\$35,500	
Concrete Floors and Doors	4,593	
Stalls and Fittings	1,575	\$41,668
Electric Service		5,740
		<u>\$47,508</u>
This defers Water Supply	\$14,807	
		<u>\$62,215</u>

The low bid for Water Supply is very much in excess of the Architect's estimate for this Division. While it is evident that the estimate is in error, it is quite possible that revisions may be made in the specification requirements and this Division readvertised, resulting in lower bids, upon which contract awards could be made when utility funds are available in October.

The Cabinet recommends that awards be made on the basis of combination III listed above:

To George Sheaf and Company for his
Combination Bid Nos. 3 and 5, the
Feeding Barn, the Waterman Barn
and the Sewage Disposal

\$35,500

Alternate A-1 Concrete Floors and Doors for Feeding Barn	4,593
Alternate B-1 Stalls and Fittings for Waterman Barn	1,595

Total Contract	\$41,688
To Gustav Hirsch Organization for his No. 6 Bid for Electrical Services	\$5,740

The Cabinet also recommends that the University Architect be directed to revise the specification for Water Supply Division II and prepare documents for readvertising this portion of the project.

B. Installation of New Heating Coils and Air Filters

On July 21, 1949, at 2:00 P.M., on authority from the Board of Trustees, the University Cabinet met for the purpose of opening bids on Installation of New Heating Coils and Air Filters in Mendenhall Laboratory. The following bids were received:

<i>Bidder</i>	<i>Amount of Bid</i>
National Company, Incorporated	\$10,724
Lieb-Jackson Company	8,519
Huffman-Wolfe Company	13,850

The engineer's estimate for this project was \$11,170. The low bid of Lieb-Jackson Company is below the engineer's estimate and is regular in every respect and the Cabinet, therefore, wishes to recommend that Lieb-Jackson Company be awarded the contract by The Ohio State University at their bid of \$8,519.

This contract is to be paid from F-1, Building Repairs.

C. Central Service Site Improvement

Presented herewith is a tabulation of the bids received up to 2:00 P.M., EST, August 16, 1949, for Central Service Site Improvement and opened by a representative of the Department of Public Works at their special meeting of the Cabinet held immediately thereafter.

<i>Bidder</i>	<i>Amount of Bid</i>
George Sheaf and Company	\$76,200
George J. Igel Company	54,290

Upon examination, the low bid of George J. Igel Company was found regular in all respects and under the Architect's estimate of \$83,900. It is therefore recommended that an award of contract be made to George J. Igel Company in the sum of \$54,290.

In order to provide the necessary funds for the proposed Central Service Site Improvement, a transfer of funds will be necessary as follows:

Transfer: \$17,556.61 from G-2-4, Industrial X-Ray Laboratory
\$20,047.00 from G 2-12, Electrical Engineering Building
\$7,500.00 from G 2-7, Physics Building
To: G 2-1, Service Building—\$45,103.61

D. Dry Mop Cleaning System—Medical Center

Skidmore, Owings and Merrill, Architects for the Medical Center, submitted the following report to the Cabinet:

"We are returning, herewith, proposal received this date from Midwest Equipment Company, 545 West Broad Street, Columbus, Ohio, with enclosures covering the installation of a dry mop cleaning system for The Ohio State University Medical Center Building and Equipment. The proposal is in order, containing no modifications and no substitutions. The enclosures include nine sheets of blue prints and six pages of catalog data applicable to the work.

We believe that information on these drawings or catalog pages inconsistent with the specifications on which the proposal is based would in no way modify the requirements of the contract based on plans and specifications as issued. However, we have examined these enclosures and find that the work indicated thereon, as expected to be furnished, while incomplete, does comply with the contract documents in all essential respects. A further submission of more detailed drawings is called for by the specifications before fabrication and installation of the work. The amount of the proposal is \$6,381.00, which is under the estimate filed with your office of \$6,500.00. We recommend acceptance of the proposal."

The Cabinet recommends acceptance as indicated.

E. Optometry Building and Equipment

Presented herewith is a tabulation of the bids received up to 2:00 P.M., August 30, 1949, for the Optometry Building and Equipment and opened immediately thereafter by a representative of the Department of Public Works. (The detailed tabulation of bids, which is now on file in the offices of the University Architect and Auditor of State, is incorporated in this report by reference.)

An examination of the bids indicates that the low bids in each of the four divisions of the contract are regular in every respect and are below the estimates of cost filed with the Auditor of State. The difference between the low bids and the estimate of cost is such that the two alternates to the contract—namely, site improvement and venetian blinds—may be accepted within the available funds.

The Cabinet therefore recommends that a decision be made to accept alternates Nos. 1 and 2 of the General Contract. The estimate of cost of alternate No. 1, Site Improvement, is \$4,475. The proposal of the low bidder for this item is \$7,650. It will be necessary, therefore, to obtain the approval of the Control Board for award of this item above the estimate of cost.

If Control Board approval is obtained for the acceptance of alternate No. 1, the Cabinet recommends that the award for Division 1, General Contract be made to Huber, Hunt and Nichols, Indianapolis, on the following basis:

Base bid	\$188,700	(Estimate \$226,000)
Alternate No. 1		
Site Improvement	7,650	(Estimate 4,475)

Alternate No. 2 Venetian Blinds	448	(Estimate	900)
	<hr/>		
Total	\$196,798		\$231,375

The Cabinet also recommends that the awards be made to low bidders for the other divisions as follows:

Division No. 2—Heating—Huffman-Wolfe Company, for
\$27,193 (Estimate, \$29,600)

Division No. 3—Plumbing—National Company, Inc. for
\$13,550 Estimate, \$20,300)

Division No. 4—Electrical—Electrical Contractors for
\$14,875 (Estimate, \$19,000)

The Cabinet recommends that the Director of the Department of Public Works be requested to execute proper contracts on the basis of the above figures.

F. Coal Geology Laboratory

Transmitted herewith is a tabulation of the bids received prior to 2:00 P.M., August 30, 1949, for the Coal Geology Laboratory (Remodeling Orton Hall), and opened by a representative of the Department of Public Works immediately thereafter. (The detailed tabulation of bids, which is now on file in the offices of the University Architect and Auditor of State, is incorporated in this report by reference.)

The low bid for the General Contract and for Alternate No. 1 (electric sub-station and transmission line) are below the estimate of cost. The low bid for alternate No. 2, the steam line from the Faculty Club to the new Coal Geology Laboratory is much in excess of the estimate of cost. After discussing the amount involved in alternate No. 2 with Mr. Melvin, the State Geologist, the Cabinet recommends that this item be omitted from consideration. It appears possible to provide a small steam generating unit or an electrical heating device to serve the purpose intended.

The low bid of George Sheaf and Company for the General Contract and for alternate No. 1 are regular in every respect and the Cabinet recommends that an award be made in the total amount of \$16,600 computed as follows:

General Contract	\$12,000	(Estimate, \$16,000)
Electrical Services	4,500	(Estimate, 5,000)

The Cabinet recommends that the Director of Public Works be requested to execute proper contracts accordingly.

Upon motion of Mr. Power, seconded by Mr. Ketner, the above actions and recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 415—(a) Transfer and release of \$14,955 from Rotary 18 to F-1-b Painting Buildings, H.B. 654

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by Bellman, Gillett and Richards and stated the Cabinet has approved said documents and now recommends that that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Dry Mop Cleaning System, Medical Center	\$6,500	G-2 Buildings: Health and Medical Center H.B. 496

Upon motion of Mr. Power, seconded by Mr. Kettering, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees, and if any bids are received below the estimate of cost, to recommend to the Director of Public Works and award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager now presented the following statement and proposed amendment to the contract between The Ohio State University and the St. Francis Hospital for clinical services for the fiscal year 1949-1950 and recommended its approval:

In accordance with the instructions of the Board of Trustees at its meeting of May 9, 1949, we have attempted to obtain an agreement with the management of St. Francis Hospital for the fiscal year 1949-50.

A recent survey of the number of beds in the Hospital shows a total of 162. Of this number 86 are permanently assigned as clinical beds for use of the College of Medicine. However, the management has agreed to make available 18 more beds for clinical purposes if and when requested by the Medical and Surgical staff.

In view of this explanation, the Dean of the College of Medicine recommends that the Indenture of Lease dated April 9, 1940, between The Ohio State University and the Sisters of the Poor of St. Francis be amended as follows:

That the 104 clinical beds be allotted for the use of the College of Medicine and that 18 of this number may be

released from time to time for private cases. The re-assignment of these 18 beds will be decided jointly by the Hospital management and the Chief of Staff. It is further recommended that the Vice President and Business Manager with the advice of the Attorney General, be authorized to sign a contract for the year 1949-1950 on the same basis as the 1947-1948 contract with exception that the bed allocation will be as indicated above.

Upon motion of Mr. Kettering, seconded by Mr. Power, the Board by unanimous vote approved the amendment to the contract as presented.

The Secretary presented Opinion No. 815 of the Attorney General approving the application of John Becker and Caroline E. Becker of Norwich Township, Franklin County, for a deed for 107.4 acres of land, in the Virginia Military District of Ohio, in accordance with Section 14987 of the General Code, stating that said documents are approved, as being in conformity with an act to quiet title to unpatented lands in the Virginia Military District of Ohio passed March 14, 1889.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board by unanimous vote approved said application and authorized the Chairman to execute deed therefor.

Thereupon the Board recessed to meet in the morning, September 8th, at 9:00 A.M.

September 8, 1949, 9:00 A.M.

The Board convened at 9:00 A.M., same members present as at yesterday's session.

General Dargusch presented the following resolution and moved its approval:

Resolved, that matters pertaining to the internal functioning of the University are to be handled on a chain of command basis, i.e., they shall normally originate with the person making the request or initiating the proposed action and shall be expeditiously processed by the appropriate department chairman, Dean and other officers of the University concerned.

However, matters directly affecting the University as a whole or those initiated by the Governor or heads of Federal or State Departments shall be submitted directly to the President for action, who may request the recommendation of the responsible Dean or Department Chairman.

The motion was seconded by Mr. Power, and upon roll call the resolution was adopted by unanimous vote.

The balance of the morning was spent in listening to and discussing the following reports, copies of which were presented to each member of the Board.

President Bevis—Toward New Goals

Vice President Hatcher—Areas of Distinction on the staff of The Ohio State University

Vice President Stradley—The Relationship of The Ohio State University to other Colleges and Universities in Ohio

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND TWENTY-EIGHTH MEETING OF THE
BOARD OF TRUSTEES

Columbus, Ohio, September 24, 1949

The Board met in special session at the University at 9:30 A. M., pursuant to call of the Chairman.

Present: Donald C. Power, Vice Chairman, Forrest G. Ketner, Senator John W. Bricker, General Carlton S Dargusch and Lockwood Thompson. Director A. W. Marion of the Department of Natural Resources was present by invitation.

* * * * *

The Board met for the purpose of continuing its investigation of the facts relating to the proposed appointment by Governor Lausche of Professor L. A. Kauffman to the position of State Director of Agriculture.

After carefully reviewing all the circumstances, the Board requested President Bevis to advise the Governor that the Board was unanimously of the opinion that a leave of absence should have been given to Professor Kauffman, and further that the Board has now adopted an official procedure which will prevent a repetition of such an experience in the future.

* * * * *

General Dargusch stated that the Board of Directors of the Development Fund desires to start a special campaign to raise \$500,000 for University-wide scholarships, to be known as The Ohio State University Scholarship Fund, and now requests the approval of the Board of Trustees for such a project.

General Dargusch then moved that the Directors of the Development Fund be advised that this Board looks with favor on the solicitation of funds for worthy students and therefore approves the above request. This motion was seconded by Senator Bricker and upon roll call was unanimously approved.

* * * * *

The Board now adjourned to meet at Wooster, Ohio, October 19, 1949.

Attest:

(Signed) CARL E. STEEB,
Secretary

General Dargusch presented the following motion and moved its
 adoption:

That it is the desire of this Board that, when the term
 of a member ends, the cap and gown which said member used

at the Commencement Exercises, be presented to such member, and the Secretary of the Board is hereby directed to carry out this proposal.

This motion was seconded by Mr. Power and upon roll call was unanimously adopted.

 Vice President Stradley presented the following report:

The proposal to employ a special person to visit high schools to secure outstanding students for the Ohio State University was referred by the Board of Trustees at the Gibraltar meeting to me for review and report.

It occurs to me that I should call your attention to a resolution passed by the Inter-University Council in 1940, which is as follows:

"1. The Ohio State university with its existing plant, facilities, and specially trained personnel is the logical institution among the five state universities for the development and prosecution of graduate work at the Ph.D. level; for specialized technological training; and for professional training such as Law, Medicine, Dentistry, Veterinary Medicine, Pharmacy, etc. Accordingly, the Ohio State University will place its developmental emphasis in these areas.

"2. The other state universities will find their fields for constructive expansion, in response to public demand, in liberal arts (including fine arts), education, business and commerce through undergraduate curricula leading to the Bachelor's degree and in graduate work for the Master's degree."

I believe that the appointment of a field man to recruit outstanding high school graduates for Ohio State University would not be in harmony with the policy set forth in this resolution and I am of the conviction that it might lead to competition among the State Universities which would greatly weaken the Inter-University Council and the benefits it has brought to each of its member institutions.

We should not overlook the fact that there are certain subject matter fields included in the offerings which are not available in other colleges or universities in the State of Ohio. For example: Agriculture, Veterinary Medicine and Optometry. In other areas the Ohio State University is one of two or three fully accredited institutions in Ohio. These include Engineering and Pharmacy. Furthermore, many Ohio students enter our under-graduate colleges because they are looking toward admission to our professional schools.

Our best recruiting power is a great university. Our next recruiting strength lies with our alumni who are serving the public throughout Ohio.

Naturally many of the outstanding Ohio high school students are attracted to the largest university of the State. Whenever such a student comes to our attention, we are alert to encourage his interest in attending the Ohio State University.

A recent study made by the Registrar, Dr. Ronald B. Thompson, shows that our efforts are paying dividends. This study reveals that approximately 50% of our student body comes from the upper third of their graduating classes and that approximately 20% comes from the lower third.

In order to get a clearer picture of the quality of entering freshmen, a sampling was taken of 666 in the fall of 1949. It was found that just 20% of these students ranked in the top 10% of their high school graduating classes, while slightly under 4% were ranked in the lower ten per cent of their respective classes. It is evident that the Ohio State University is securing a selected group of high school graduates as beginning freshmen.

The quality of freshmen is improving and it is our belief that we can continue to spot and encourage an increasing number of outstanding high school graduates by using more effectively our present personnel.

Mr. Ketner moved that this report be received and the recommendations contained therein be adopted as a guiding principle.

This motion was seconded by Mr. Power and upon roll call was adopted by unanimous vote.

Vice President Stradley presented the following statement:

At the Gibraltar meeting of the Board of Trustees, the subject of scholarship funds was referred to a committee composed of President Bevis, Mr. Fullen and Mr. Stradley. Unfortunately the committee has been unable to meet. Some work has been done in preparation of a report that will be presented later.

As a result of plans made last spring, a full-time person has been added to the Student Financial Aids Office to assist in locating jobs for students and in the administration of loans and scholarships.

I wish to report also that at a meeting of the Development Fund Committee held Sunday, October 16, approval was given to the limited solicitation of money for a new scholarship fund to be known as the Ohio State University Scholarship Fund.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the

Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Remodeling Industrial Engineering Laboratory (for Welding)	\$150,000	House Bill 655

Upon motion of Mr. Thompson, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the request of Director A. W. Marion of the newly created Department of Natural Resources for the use of seven Barracks Type Buildings in the River Road Housing Project.

It is understood by the Department of Natural Resources that, in case permission should be granted for the requested use of these buildings, all repairs necessary to make them suitable for office use together with all costs as to heat, light, utilities and maintenance would be borne by the Department of Natural Resources, and that no cost would accrue to the University. Further, that on or before the expiration of four years from the date of occupancy, the Department of Natural Resources will, of its own motion, vacate such buildings and surrender them to the University.

On motion of Mr. Ketner, seconded by Mr. Thompson, the Department of Natural Resources was granted permission to use said buildings subject to the limitations expressed herein.

The Vice President and Business Manager now presented a proposal to grant an Easement for Sewer Line, Sewer Improvement No. 208, Sewer District Clinton No. 3. This request made by the Franklin County Engineering Department is based on the authority granted to the Board of Trustees of The Ohio State University to grant such an easement, as provided in Amended Senate Bill No. 234, signed by the Governor on July 25, 1949.

The proposed easement does not include express permission for the University to tap and use the sewer without cost. It is recommended that such permission be included in the easement granted by the Board of Trustees.

Upon motion of General Dargusch, seconded by Mr. Power, the above easement was granted, provided permission is granted to the University to tap and use the sewer without cost.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant, concurred in by the University Cabinet, that Sargent and Lundy, Engineers, of Chicago, be re-employed to continue the preparation of the detailed drawings, specifications, and estimates of cost for the installation of Power Plant equipment, for which the Legislature has appropriated the sum of \$1,150,000 in House Bill 655 under the item G-31 Capital Equipment, Power Plant Equipment.

The master plan for the modernization and rehabilitation of the University Power Plant as designed by Sargent and Lundy, Engineers several years ago has been two-thirds completed under their detailed engineering. This master plan will be completed by this appropriation.

The University is to pay the engineers the usual seven per cent on the final cost of the equipment and installations for which they have furnished the drawings and specifications.

Upon motion of General Dargusch, seconded by Mr. Power, the re-employment of Sargent and Lundy, Engineers, was approved.

The Vice President and Business Manager referred again to the recommendation made in the September meeting of the Board of Trustees that the Auditorium be declared a going project and that

Bellman, Gillett and Richards of Toledo, who so masterfully designed the Ohio Union, be engaged to draw the plans for the structure.

It is suggested that the target amount be set at not to exceed \$2,500,000 and that the rate of compensation for drawing the plans and supervising the construction, in the event that the building can be constructed, be set at a rate not to exceed six per cent. Further, the contract for architectural services should provide, as was done in the case of the Ohio Union, that the work be done in conjunction with the University Architect. The cost of such architectural services would be charged to Veterans Administration Rotary 12879.

Upon motion of General Dargusch, seconded by Mr. Ketner, the proposed contractual arrangement with Bellman, Gillett and Richards was approved.

General Dargusch presented the following resolution and moved its adoption:

WHEREAS, the 96th General Assembly (H. B. 477 approved by the Governor on July 18, 1945) appropriated the sum of \$5,000,000 to The Ohio State University for the construction of additional hospital facilities, and

WHEREAS, said General Assembly conditioned the use of said appropriation as follows:

"... Said Medical Center to be opened to the general public of the State of Ohio upon the recommendation of any physician, surgeon, or dental surgeon duly licensed under the laws of the State of Ohio and the additional beds and laboratories to be used for clinical teaching and research. The directing staff of medical center and clinic to be full time employees of the board of trustees of the Ohio State University and all receipts of any source whatsoever accruing to the Medical Center shall be deposited in the state treasury. Any accredited physician or surgeon licensed to practice medicine in Ohio shall at all times have the privilege of visiting any patient admitted to said hospital either for the purpose of consultation or the performing of operations should said admitted patient so desire and any student attending the university college of medicine shall be permitted to observe such operations.", and

WHEREAS, an additional \$3,000,000 was appropriated for such purpose under the same terms and conditions by the 97th General Assembly; and

WHEREAS, contracts have been let for the construction of said additional facilities (including a substantial number of hospital beds) and it now appears that said additional facilities will be available for use on or about July 1, 1950; and

WHEREAS, it is a matter of common knowledge that there is an overall shortage in the number of hospital beds available for the hospitalization of inhabitants of the State of Ohio requiring such care; and

WHEREAS, there are presently available approximately 300 hospital beds in the existing hospital (known as the Starling-Loving Hospital) at The Ohio State University Medical Center,

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University that upon completion of the

aforementioned additional facilities, the approximately 300 beds in the existing hospital be continued in operation in accordance with the needs of the University and inhabitants of the State of Ohio, and

BE IT FURTHER RESOLVED, that upon the completion of said additional facilities (including said additional beds) Hamilton Hall be altered so as to provide the necessary laboratory and other facilities for the training of the number of additional medical students as heretofore authorized by the Board of Trustees, and

BE IT FURTHER RESOLVED, that the President be and he is hereby directed to survey and report to the Board concerning the additional space and equipment which will be required and the best method of utilizing the said space for the instruction of said additional medical students within the limitations of the appropriations by the General Assembly for remodeling and improvement of Hamilton Hall.

Mr. Power seconded the above motion and upon roll call said resolution was adopted by unanimous vote.

General Dargusch presented the following resolution and moved its adoption:

WHEREAS, H. B. 477 as enacted by the 96th General Assembly provided as follows:

"\$5,000,000 to the Ohio State University, Medical Center Building and Equipment. Said Medical Center to be opened to the general public of the State of Ohio upon the recommendation of any physician, surgeon or dental surgeon duly licensed under the laws of the state of Ohio and the additional beds and laboratories to be used for clinical teaching and research. The directing staff of medical center and clinic to be full time employees of the board of trustees of the Ohio State University and all receipts of any source whatsoever accruing to the Medical Center shall be deposited in the state treasury. Any accredited physician or surgeon licensed to practice medicine in Ohio shall at all times have the privilege of visiting any patient admitted to said hospital either for the purpose of consultation or the performing of operations should said admitted patient so desire and any student attending the university college of medicine shall be permitted to observe such operations."

WHEREAS, the additional hospital facilities contemplated in said H. B. 477 will be available for occupancy on or about July 1, 1950, the Board coming on to consider the meaning of the language contained in such appropriation relating to (a) the admission of patients to such additional beds, and (b) the determination of the qualifications of physicians, surgeons and dental surgeons authorized to recommend the admission of patients to said additional beds and facilities and to practice therein,

NOW, THEREFORE, BE IT RESOLVED that any physician, surgeon or dental surgeon duly licensed to practice his profession within the State of Ohio by the licensing authority created under the laws of this State and who is in good standing shall be entitled to recommend patients for admission to said additional beds and such duly licensed physicians, surgeons and dental surgeons shall be authorized to visit patients occupying said additional beds and to operate

or treat such patients under such rules and regulations as may be adopted by the University Hospital authorities with the advise and consent of the Board of Trustees.

The above motion was seconded by Mr. Thompson and upon roll call the above resolution was adopted by unanimous vote.

The President now reported to the Board the death of Clair A. Dye, Dean Emeritus of the College of Pharmacy. In accordance with the recommendation of the Board of Trustees, a copy of the resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow for the death of Clair A. Dye, Dean Emeritus of the College of Pharmacy, on October 10, 1949, following a long illness. Dr. Dye was born on June 23, 1869, in Young Hickory, Ohio. Following his early education in the public schools of McConnelsville and Columbus, he entered The Ohio State University in 1887 and was graduated in 1891. For the next forty-nine years he was connected with this University. He began as a student assistant in pharmacy and chemistry; he became an assistant in pharmacy in 1894, and an Assistant Professor in 1898. He went abroad, on leave, in 1899 to study pharmaceutical chemistry and pharmacology under Professor Dr. Tschirch at the University of Berne, Switzerland. In 1901 he received the degree of Doctor of Philosophy, with honors, from the University of Berne.

Upon returning to The Ohio State University, Dr. Dye taught pharmacology and materia medica. In 1906 he was made an Associate Professor of Pharmacy and in 1909, he was promoted to the rank of Professor.

In 1915 Dr. Dye was appointed Acting Dean of the College, with authority to proceed with plans for the permanent organization of the College. In 1921 he was elected Dean of the College of Pharmacy and Professor of Pharmacy. He served in this capacity until his retirement in 1939.

Dr. Dye was a registered pharmacist in the State of Ohio, a member of the Columbus Retail Druggists' Association, and was also affiliated with the Ohio State Pharmaceutical Association, and served on the Committee on Education, for two years as Chairman. Dr. Dye served on important committees of the American Conference of Pharmaceutical Faculties and as president of this organization during the association year 1921-1922. This organization is now known as The American Association of Colleges of Pharmacy. He was a delegate of the College to the U. S. Pharmacopoeial Convention of 1910, and again to that of 1920. He was elected a member of the U. S. P. Revision Committee at the convention in 1920 and served in such capacity during the decade 1920 to 1930.

He was also a member of the American Pharmaceutical Association in 1901 and served on various committees.

Dr. Dye had implicit faith in the importance of pharmacy as one of the major health professions. He had a full realization of the responsibility of the pharmacist to society and

as co-worker with the physician, the dentist, and others interested in the promotion of public health. He believed that the educational standards of pharmacy must be persistently and regularly raised in order that this profession might keep pace with standards in other fields of medicine and the related sciences. That ideal is clearly reflected in the progress made by the College of Pharmacy under his administration. The College adopted the minimum four-year curriculum in 1925, although the maximum required by the State at that time was two years of college training and a majority of other colleges of pharmacy offered a maximum of three years of training. Hence, the College of Pharmacy of The Ohio State University was the first school in the country to operate on a minimum four-year basis. The distinction which the College enjoys is a monument to his vision and devotion.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

President Bevis presented the following progress report on the preparations being made for increased admissions to the College of Medicine:

The two resolutions concerning the Medical Center adopted by the Board of Trustees at the Wooster meeting came to my hands on October 31st.

Since the October meeting the Administration has held several conferences and has been actively engaged in preparing the problem for presentation to the Committee, set up to make the recommendations as to the remodeling, construction, etc., necessary for the admittance to Medicine of the numbers of students prescribed by the Board's resolution of June 10, 1949.

Preparatory to the next meeting of this Committee, an effort has been made to analyze and state the problem with which the Committee will be confronted.

The determining factors are:

1. The establishment by the Board of Trustees of a schedule of admissions, to wit:
150 in 1950-1951
200 in 1951-1952 and thereafter
2. The determination by the Board of Trustees that the present hospital be retained for hospital use in order that the beds in the new hospital shall comply with the Legislative description, "additional beds."
3. The funds at the disposal of the administration for construction and remodeling purposes total \$500,000.00.

The ultimate question is how to accomplish the result with the means available.

To accomplish the result we have at our disposal Hamilton Hall as it now exists and an appropriation of \$500,000.

When Hamilton Hall was built, it was designed to accommodate incoming classes of 60 Medical students and the same number of Dental students. In recent years, the number of Medical students has been increased to 88 and those in Dentistry to 84.

To handle the additional number of students called for in the Board's resolution, we shall need to provide such increase in the facilities now allocated to *Anatomy, Physiology, Physiological Chemistry, and Pathology* as will meet at least minimum requirements and make some additional provision for *Bacteriology*.

When the College of Dentistry moves into its new building, the space it now occupies will be freed for other uses.

Subject to more *definitive* calculations, it is *tentatively* suggested that there can be provided within the limits of Hamilton Hall minimum space for the requirements of *Anatomy, Physiology and Physiological Chemistry*. It is hoped that the necessary remodeling to provide for these three departments, and *new* space adequate for the minimum requirements for *Pathology*, can be provided within the limits of \$500,000.

In order to provide the necessary minimum of laboratory space with the money at hand, we should probably have to make less generous provision for the *Medical College Library* than we hope will ultimately be possible. We are suggesting, however, that reasonably adequate space can be retained for the Library in Hamilton Hall, which will at least be much better than the present Library space.

The foregoing, as we see it, presents the problem with which this Committee will be confronted, and a *tentative* suggestion for its solution.

Definitive recommendations will require:

- (a) a statement of the functional needs embraced in the teaching program implicit in the Board's schedule of admissions; and
- (b) the architectural work called for by this statement of eaching needs.

I have addressed and sent to the Dean of the College of Medicine a request based upon the Board's resolution that he furnish the University Architect, with all proper dispatch, a statement of these functional needs. These departments have been working on this problem during the past year and should be able to report promptly to the Architect a statement of their needs. In the meantime, the Architect has already begun his over-all study of the available space and its potential use.

During the discussion of the President's report, General Dargusch called the attention of the Board to the fact that, in the resolution adopted by the Board June 10, 1949, the number of entrants in the College of Medicine for 1950-51 was fixed at 145, whereas in the action taken by the Board September 10, 1948 the number of entrants for 1951 was 150.

General Dargush now moved that the action taken June 10, 1949 be amended to read 150 instead of 145. This motion was seconded by Senator Bricker and upon roll call was unanimously approved.

President Bevis presented the following report and recommendation relating to a proposed grant for Cancer Research.

I have received from Dr. R. G. Meader, Chief, Cancer Research Grants Branch, National Institute of Health, U. S. Public Health Service, a letter dated November 4, 1949, tendering the sum of \$300,000 for cancer research at the Ohio State University. The letter reads as follows:

"It is a pleasure to inform you that the National Advisory Cancer Council has recommended the approval of a grant to the Ohio State University in the amount of \$300,000 for the construction of cancer research facilities.

"Since the funds available for this program is limited, the Council did not recommend the approval of the full amount of your request. If this grant of \$300,000 will permit you to proceed with your construction, it is requested that you so advise us at your early convenience since this information is necessary before we can undertake to make any formal award.

"The funds from which this grant is to be paid is in the form of contract authorization and it is expected that cash would not be available for payment to the Ohio State University until after July 1, 1950. Requests will be made by the National Cancer Institute for the conversion of contract authorization into cash after estimated construction schedules are furnished by all participating grantees.

"If it is determined that you will be able to use the funds to be provided by this grant, will you kindly furnish us with an estimated construction schedule together with the dates that payments will be needed. We would like to know, also, what modifications in your plans will be necessary because of the reduction of the amount of your request.

"Application blanks are enclosed for your use in submitting a revised application for the reduced amount."

While the sum of \$300,000 is less than we had hoped for, it is a recognition of our growing capacity for research and may well be the forerunner of larger grants.

It is our recommendation, therefore, that the gift be accepted and applied to the purposes specified.

Subject to further study, it is our opinion that this fund could advantageously be used for the construction of Wing C on the present hospital. By utilizing the supporting services already available, this space would lend itself to cancer research and at the same time provide the basis for future expansion.

I recommend, therefore, that the tender of this grant be accepted and the President be instructed to submit the necessary application for the grant.

I recommend further that the proper administrative officers study and report to the Board upon the use of the fund to build Wing C upon the present hospital.

Upon motion of Senator Bricker, seconded by General Dargusch, the above recommendations of the President were approved by unanimous vote.

The President presented the following statement regarding Pan-American Games.

I have a letter from James A. Rhodes, Mayor of Columbus and President of the American Athletic Union, attaching copy of a letter addressed to Mr. Pomerene, Chairman of this Board.

In this letter he sets forth the idea of bringing to Columbus, Ohio, the "Pan-American Games" in the year 1954. To this end, he suggested the use of the athletic facilities of the Ohio State University.

Together with Mr. Taylor, I had lunch with Mayor Rhodes and discussed the project so far as the University might be concerned.

It is our judgment that considerable benefit might accrue to the

University by reason of its becoming the focal point of such an international athletic event. Without danger of damage, we could make available the Stadium, the Natatorium and perhaps other facilities. We could perhaps assist to some extent in housing the participants. We could, however, as we advised the Mayor, house only a limited number.

Whether the event can be brought to Columbus is yet to be decided, but I should like to be able to tender such co-operation as our capacity makes possible.

Upon motion of General Dargusch, seconded by Mr. Thompson, the Board by unanimous vote approved the recommendation of the President that the use of the athletic facilities of the University be made available to the American Athletic Union for the "Pan-American Games" in the year 1954 and the President was authorized to tender such co-operation.

As requested by the Board at its Wooster meeting, Vice President Stradley presented a detailed report on the Scholarship Funds now available at the Ohio State University. A copy of this report was presented to each member.

* * * * *

The President presented the following statement:

For the information of the Board, I wish to report that I have approved a recommendation of the School of Nursing, endorsed by the Dean of the Medical School, that the laboratory fee for student nurses be set at \$7.00 per quarter, effective Winter Quarter 1950, to provide practical experience and observation under professional supervision of the District Nursing Association.

The student nurses will participate with professional nurses in their field work, in their relationship with social agencies in the communities, and in their operations with the city and state departments of health and welfare. This type of training has been incorporated into many of the leading schools of nursing. It has been tried out here on an exploratory basis for some years with good results, and the School of Nursing is now ready to establish this program on a permanent basis.

* * * * *

Vice President Stradley now made a report to the Board on the results of the recent fire drill and the development of the Music and Lecture series being held on the campus this year.

He also discussed the work of the Student Financial Aids Office.

* * * * *

Vice President and Business Manager Taylor presented a preliminary statement concerning the creation of a stenographers' pool and stated that a full report would be presented at the January meeting.

General Dargusch offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be called for redemption on December 15, 1949, Women's Dormitories Construction Revenue Bonds in the amount of \$13,000.00 being bonds Nos. 64 through 76 inclusive, and that the Business Manager be directed to notify in writing the State Teachers' Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Power and upon rool call was unanimously approved.

General Dargusch offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be called for redemption on December 15, 1949, Men's Dormitory Construction Revenue Bonds in the amount of \$20,000.00 being bonds Nos. 126 through 145 inclusive, and that the Business Manager be directed to notify in writing the State Teachers' Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Power and upon rool call was unanimously approved.

General Dargusch offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on December 15, 1949, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945, and approved by Governor Lausche on July 18, 1945.

This motion was seconded by Mr. Power and upon rool call was unanimously approved.

The Vice President and Business Manager presented the following report and recommendation:

Under Substitute House Bill 382 (Nicley Bill), there is provided a classification system for employees in the Civil Service positions of the State. This Bill does not require the state universities to comply with its provisions, but does suggest that they shall do so as closely as possible.

It would be highly desirable for the University to fall in line with the other State departments who will apply the provisions of the Bill on January 1st. At the present time it has not been possible to determine whether funds will be available by January 1, 1950 to make full application of the classification provisions of this Bill.

Therefore, it is recommended that the President's Office be given authority to continue its study of the desirability of making the necessary increases and, if and when the funds are available, to make such increases on January 1, 1950 or at such later date as may seem desirable. All actions in this matter are to be reported to the Board of Trustees at a later date.

Upon motion of Senator Bricker, seconded by Mr. Thompson, this recommendation was approved by unanimous vote of the Board.

Vice President Hatcher reported for the information of the Board that, at a conference with the Commanding Officers of the R.O.T.C. Units and the Dean of the College of Law regarding the R.O.T.C. Training program for Law students, it was agreed that a student who had a cumulative point hour ratio of 3.0 or better for the three years of pre-law work would be eligible to complete his final year of R.O.T.C. training during his first year of law study in addition to taking the regular program of the first year of work in the College of Law; that a student who had less than a 3.0 average on his three years of pre-law work would be eligible to complete

his final year of R.O.T.C. during his second year in the College of Law if he had attained an average of 2.5 or better in his first year of Law. His R.O.T.C. work would carry University credit but not professional Law credit.

The Vice President and Business Manager presented the following statement and recommendations:

A. Due to employment conditions it has been impossible for the Starling-Loving Hospital to find employees to fill all the positions provided for in the 1949-50 A-1 Salary Budget. The necessary work has been performed by temporary employees or by part time labor and has been paid from the Hospital Rotary account.

In order to give the Hospital full advantage of the 1949-50 appropriation, it is requested that the Vice President and Business Manager be authorized to transfer certain employees, in an amount not to exceed \$4,000, in December from the Rotary budget to the A-1 Salary Budget.

B. In order to supplement the appropriation for the Health and Medical Center and to permit the inclusion of a number of necessary extras in the Hospital and Dental Buildings, the Vice President and Business Manager recommended that there be transferred \$33,000 from Rotary 12879 to G-2-F Health and Medical Center, H.B. 654.

Upon motion of Senator Bricker, seconded by Mr. Thompson, the requested transfers were unanimously approved.

T. J. Conner, Incorporated of Cincinnati, Ohio, now has in process the Heating Contracts for the Agricultural Laboratory and for the Electrical Engineering Building. This company has requested permission, due to a death in the organization and the resultant managerial changes, to assign these contracts to B. and J. Jacobs Company, Incorporated of Cincinnati.

The attorney for T. J. Conner, Incorporated, Mr. Timothy S. Hogan, has prepared the necessary papers to effect such an assignment. These papers follow the same form and are based on the same procedure followed under similar circumstances in the case of contracts for certain work being executed by the Conner Company for Miami University.

The University Architect has investigated the qualifications of B. and J. Jacobs Company, Incorporated to complete the work still remaining to be done and it is his judgment that the Jacobs Company is fully capable so to do. He also has examined the papers which have been submitted and finds that insofar as they relate to title and extent of construction contract requirements, they are satisfactory. He was also assured by Mr. Hogan, the Conner attorney, that they have been informally reviewed by the Attorney General's office and will merit approval of that office if and when submitted to it.

The University Cabinet now, therefore, recommends that the Board of Trustees request the Director of the Department of Public Works, acting in behalf of the Board, to execute these assignments and transmit them to the Attorney General for approval.

Upon motion of General Dargusch, seconded by Mr. Kettering, the above recommendation was approved by unanimous vote.

The University Cabinet recommends that the Board of Trustees grant to the Research Foundation for Research Housing purposes the use of a plot of ground near Trumbull Road and Defiance Drive on the property used for Emergency Housing Project No. 3 and shown by dimension only on the accompanying plan.

This grant shall terminate in five years or as soon as the Emergency Housing Project No. 3 is abandoned.

There shall be a set-back line restriction for buildings of 25 feet from the existing parking lot line on the north and west. No building shall be located less than 50 feet from any existing building.

This permission will include the right to use gas, electricity, water and sewer. Gas, electricity and water are to be metered and paid for by the Research Foundation.

The right to use this property shall not require any expense of construction or maintenance by the University.

Upon motion of Senator Bricker, seconded by General Dargusch, the above approval was unanimously adopted.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by Skidmore, Owings and Merrill and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimated Cost</i>	<i>Payable From</i>
Health and Medical Center— Dental Cubical Equipment	\$160,000	G-31 Equipment Medical Center, B.B. 655
Health and Medical Center— Special Refrigeration Equipment	\$14,500	G-31 Equipment Medical Center, H.B. 655

Upon motion of General Dargusch, seconded by Mr. Kettering, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

General Dargusch presented the following motion and moved its adoption:

That all former members of the Board of Trustees shall, as a matter of courtesy, be accorded access to the grounds under the jurisdiction of The Ohio State University, and to all official functions of the University, and the Secretary is hereby instructed to procure and issue to said former members of the Board cards of identification signed by the Chairman and Secretary which shall plainly state that the bearers thereof are entitled to such courtesy.

The above motion was seconded by Mr. Thompson and upon roll call was approved by unanimous vote of the Board.

* * * * *

The Board now went into executive session.

General Dargusch offered the following resolution:

BE IT RESOLVED, that the official party (other than the band, the football team and designated members of the staff of the Department of Physical Education and Athletics) representing The Ohio State University at the Tournament of Roses at Pasadena, California, on January 2, 1950, shall include the following:

A. *The Board of Trustees*

B. *The Office of the President.* Such representatives therefrom (i.e., the President and the Vice Presidents) as shall be designated by the President, provided that said office shall be continuously and adequately staffed at all times

C. *The Athletic Board*

The Chairman

The faculty representative to the Big Ten

The senior alumni representative

The senior student representative

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above resolution was adopted by unanimous vote.

The Board now resumed its regular session.

Professor C. L. Shartle now presented a statement to the Board covering the work of the Personnel Research Board. The Chairman thanked Mr. Shartle for coming before the Board.

Chairman

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND THIRTY-SECOND MEETING OF THE
BOARD OF TRUSTEES

Columbus, Ohio, January 9, 1950.

The Board of Trustees met at the University pursuant to adjournment.

Present: Warner M. Pomerene, Chairman, Senator John W. Bricker, General Carlton S. Dargusch, Donald C. Power and Lockwood Thompson.

President Bevis presented the following statement:

Current and widespread comment concerning the continuance of Coach Wesley Fesler in his present position accentuates the desirability of defining the status and giving stability to the position of Head Football Coach at the Ohio State University.

Precarious tenure, inherent in the present method of employment, creates many unsatisfactory conditions too obvious to require enumeration.

To establish the degree of security necessary to effective and satisfactory coaching it is recommended that, in addition to adequate financial compensation while the incumbent serves as Head Football Coach, he be assured of a position as Professor of Physical Education upon his retirement as Head Coach.

This professorship should carry (1) a salary consistent with the experience and ability of the person concerned, (2) tenure under the University rules, and (3) retirement benefits.

It is believed that the adoption of this recommendation at this time would not only alleviate the difficulties in the current situation, but would constitute a long step forward in the management of competitive athletics for the future.

Mr. Power now offered the following motion and moved its adoption:

That effective January 1, 1950, the salary of Wesley E. Fesler as Head Football Coach be fixed at \$15,000.00 per annum; that upon the retirement of Wesley E. Fesler as Head Football Coach, he shall continue to be employed as a Professor, with the title of Professor of Physical Education and shall receive a salary of \$9,000.00 per annum; and that upon his retirement from the University, in accordance with the University's retirement rules respecting age, his total retirement pay is hereby fixed at \$5,000.00 per annum, and the University will contribute such amount to said total retirement pay as may be necessary in addition to his earned retirement pay to make such total amount.

This motion was seconded by General Dargusch, and upon roll call was adopted by unanimous vote.

* * * * *

General Dargusch moved that the Chairman appoint a special committee of the Board to make a study of the present Retirement Plan, said committee to make an interim report to this Board at the April meeting and a final report when its deliberations are completed.

In making this study this committee is to advise and consult with a special Faculty Council committee which was appointed by the President to make a similar study.

This motion was seconded by Mr. Power and upon roll call was approved by unanimous vote.

The Chairman appointed General Dargusch, Chairman, Mr. Thompson and Mr. Power to serve on such committee.

The Vice President and Business Manager now presented the following:

The site improvement for the Central Service Building was substantially completed prior to January 1, 1950. The completion date established by the contract of \$54,290 with George J.

Igel and Company was set as January 1, 1950. There are, however, several small items of sidewalk replacement and the resurfacing of a small area of paving which it is necessary to defer until proper weather conditions prevail next spring.

The University Cabinet recommends that the work of the contract be accepted in order that the payment may be made on account of the balance of \$3,879.50 due on the contract, and that a certified check in the sum of \$350.00 be accepted from the Igel Company to cover the estimated cost of the items referred to above. This check should be held by the University Business Office until the University Architect certifies that the work in question has been satisfactorily done. This action does not in any way affect the force of the performance bond which is a part of the Igel contract.

The University Architect reports that Mr. H. G. Allen, State Architect in the Department of Public Works, and Mr. Farrell of the State Auditor's Office, have been advised of this recommendation and concur in it.

Upon motion of Senator Bricker, seconded by General Dargusch, the above recommendation was unanimously approved.

The President now reported to the Board the death of Marie K. Mason, Assistant Professor of Speech. In accordance with the recommendation of the Board of Trustees, a copy of the resolution expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Marie K. Mason, Assistant Professor of Speech, on December 8, 1949. A graduate of St. Joseph's Academy in Columbus and Canisius College in Buffalo, Marie Mason received her Master of Arts degree in 1932 and her Doctor of Philosophy degree in 1941 from The Ohio State University. In 1930 Miss Mason became Instructor in Phonetics, in 1934 Assistant Professor of Phonetics, and in 1936 Assistant Professor of Speech at this University. At various times she served as visiting professor or lecturer at other universities: Chicago, Minnesota, Southern California at Los Angeles, Wayne; and at schools for the deaf in Buffalo (St. Mary's), Columbus, St. Louis (Central Institute), Detroit, Washing (Callaudet), Indianapolis, New York City (Lexington) and Winkinsburg, Pennsylvania.

Her publications appeared in the American Annals of the Deaf, American Federation of Organizations for the Hard of Hearing (Proceedings), American Journal of Occupational Therapy, Auditory Outlook, Journal of Speech Disorders, Proceedings of the Ohio Student Health Association, Physiotherapy Review, and Volta Review.

She was a member of the Speech Association of America, American Speech and Hearing Association (ranking as a Fellow), American Association to Provide Teaching of Speech to the Deaf, National Forum on Deafness, National Education Association (Department of Lip Reading, Educational Policies Commission), and the Ohio Association of College Teachers of Speech. As a charter member she helped to organize the Ohio Association of Speech and Hearing Therapists.

Miss Mason was well known for her work in speech correction for students of many groups and ages. Her children's clinics were notably successful, especially when she used a piano and the rhythm therapy with which she had begun her career at the Ohio School for the Deaf. The Ohio State University Speech and Hearing Clinic, together with the speech and hearing tests of the Freshman Week and later Orientation Week programs, have owed more to Miss Mason than can easily be acknowledged. During many terms and particularly during the war period, she bore the complete responsibility for directing these university-wide services. During her final illness she completed a manual to accompany the recent series of 30 color films which constituted another revision of her visual hearing method of teaching the deaf and hard of hearing. This last revision is the result of some 15 years of experimentation.

Behind all her work was the moving spirit of a profound and sincere religious conviction which gained her the love and respect of hundreds of associates both within and without the Catholic circles in which she carried on her church activities. Just before the recent death of Monsignor Joseph A. Cousins of St. Charles Barromeo, they had labored together on a program of speech education in the diocesan schools of Columbus.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

(Signed) WARNER M. POMERENE,
Chairman

Columbus, Ohio, February 4, 1950.

Faculty Club—7:00 P.M.

The Board of Trustees, in accordance with a plan informally agreed to at its January meeting, were hosts to a special dinner honoring President Howard L. Bevis, in recognition of ten years of distinguished service as President of The Ohio State University. Dr. Bevis assumed the duties of President on February 1, 1940.

Seventy-two invited guests were present. These included the Deans and administrative officers and their wives, also the former Deans and Trustees who served with Dr. Bevis.

Following the dinner which was presided over by Chairman Pomerene, Dean Walter C. Weidler spoke for the Deans and Vice President Harlan H. Hatcher for the Administration.

Chairman Pomerene then spoke for the Board of Trustees and at the conclusion of his remarks he presented to Dr. Bevis a beautifully illuminated scroll carrying the signatures of the members of the Board.

Dr. Bevis then responded with appropriate words of appreciation on behalf of Mrs. Bevis, the assembled guests and himself.

the text of the scroll is as follows:

THE BOARD OF TRUSTEES OF THE OHIO STATE UNIVERSITY
extends felicitations and deep appreciation to

HOWARD L. BEVIS

for ten years of distinguished service as
PRESIDENT OF THE UNIVERSITY

Assuming office in a period of national economic distress, he has guided the University through the difficult war years, and he has brought it at full strength through the unprecedented challenges of the post-war demands upon higher education. He has enhanced its faculty, he has transformed its physical plant, and he has created an atmosphere in which teaching and scholarship have flourished. In a period of international confusion he has been sure of direction and purpose; in the midst of hostilities he has maintained a humane sympathy and tolerant understanding; in a time of uncertainty and perplexity in the educational world he has kept his poise in wise leadership.

The Board of Trustees wish for him happiness and success as he continues to lead the University in the high endeavor to which it has been unswervingly dedicated since the day of its founding. And it expresses to Mrs. Bevis its warm admiration for her gracious spirit and for her great contribution to the life and welfare of the University.

The Board of Trustees:

Warner M. Pomerene

Donald C. Power

Carlton S. Dargusch

Forrest G. Ketner

Lockwood Thompson

Charles F. Kettering

John W. Bricker

The Fourth Day
of February

Upon motion of Senator Bricker, seconded by Mr. Thompson, the above recommendations of the President were approved by unanimous vote.

President Bevis presented the following statement regarding a grant from the National Heart Institute:

On February 8th I received through Dr. Doan official application blanks for the initiation of a request for a research construction grant of \$300,000 to the National Heart Institute similar to that addressed to the Advisory Cancer Council about 18 months ago. Dr. Doan's letter advises that communication with Dr. Van Slyke, Director of the Heart Institute, gives reason to believe that such a request will be favorably considered. Furthermore, in view of similar requests from other areas, it is important that our needs and our opportunities be presented as soon as possible.

The provision of space and facilities for cardio vascular research is in line with policies and action already taken by the Board of Trustees. In fact, the building space for this specific purpose was contemplated in making the original drawings for the Medical Center.

In view of the foregoing, I have felt warranted in signing the application and with the co-operation of Mr. Taylor and Dr. Doan, in forwarding the same to Washington prior to this Board meeting. I want, however, to report now that I have done this and to ask that the Board approve my action if in its judgment it was proper.

Upon motion of Senator Bricker, seconded by Mr. Thompson, the action of the President as stated above was approved by unanimous vote.

Vice President Stradley presented a detailed report to the Board covering the procedures followed in granting admissions to the Medical School. In this report he referred especially to the consideration of applications from students proposing to locate in the rural areas of the state.

Upon motion of Mr. Thompson, seconded by Senator Bricker, the Board directed that the following statement by the Chairman be incorporated in the minutes of this meeting:

The administration is to be highly commended for the carefully worked out procedure which it has developed in order to properly carry forward the difficult task of selecting students for the College of Medicine.

At the request of Dr. Doan, Skidmore, Owings and
 Merrill investigated the possibility of making a
 ward area out of the original area on the eleventh
 floor which was assigned to communicable diseases.
 It is their judgment that there will be no additional
 cost involved, Medical Center

Request approval for substitution of Matico tile in
 lieu of Armstrong tile for floors in Dental and
 Hospital Buildings. Upon investigation, the Archi-

The Water Resources Division of the Geological Survey has been occupying space in the Engineering Experiment Station for a number of years. In the opinion of Dean MacQuigg, it now becomes necessary and desirable to use that space for other purposes. The Water Resources Division is requesting the temporary use of one of the barracks type buildings in the University Veterans Housing Project so that they may continue their cooperative endeavor with the Engineering Experiment Station.

The Division has agreed to pay the expenses of making the building ready for occupancy. They have also agreed to return the building to the University not later than four years from date.

On the basis of the strong recommendation of Dean MacQuigg and the information contained in the letters from the District Engineer of the Geological Survey to President Bevis, the University Cabinet recommends that one of the buildings in Project 2, the River Road Housing Project, be converted, for office use only, for the Water Resources Division of the Geological Survey, for a period not to exceed four years, the cost of alterations to be borne by the Water Resources Division.

Upon motion of Mr. Thompson, seconded by Senator Bricker, the above recommendation of the Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the following statement:

The University Cabinet has given further consideration to the recommendation of Mr. John N. Richards of Bellman, Gillett and Richards that Marshall Fredericks be selected as the sculptor to execute the six carved limestone panels on the east and north exterior walls of the ballroom wing of the New Student Union Building.

The prominence of the building as an important unit of the University's building program, and its peculiar significance as a student contribution to the general University welfare are sufficient reasons to justify its embellishment by the addition of these six panels. Mr.

Fredericks is one of the most active and prolific young men in his profession and has already established an enviable reputation for himself among his fellow artists.

The Cabinet, therefore, recommends that the Board of Trustees approve the employment of Mr. Fredericks under the direction of Bellman, Gillett and Richards to execute this commission at his proposed professional fee of \$16,000, which includes all designs, scale and full size models, castings, complete carvings and supervision, insurance and shipping by truck to the site, using limestone stock delivered to his studio by the general contractor for the project.

Upon motion of Senator Bricker, seconded by Mr. Thompson, the Board by unanimous vote approved the above recommendation.

In accordance with the action taken in the October meeting of the Board of Trustees concerning architectural service for the proposed Auditorium, the Vice President and Business Manager reported that the University Cabinet has approved, and will so recommend to the Director of Public Works, a contract with Bellman, Gillett and Richards in the amount of 5½ per cent. The target amount of this project has been set at \$2,500.00. The University Architect will prepare display drawings and perspectives and handle the necessary paper work in connection with the administration of this project.

The Vice President and Business Manager reported for the record the completion of the gift of the property known as the George Wells Knight House located at 104 15th Avenue, from the Board of Trustees of the First Congregational Church of Columbus, Ohio to the State of Ohio for the use of the Ohio State University, in accordance with the action of this Board taken May 9, 1949.

This property was transferred on January 17, 1950 and upon motion of Mr. Thompson, seconded by Senator Bricker, it was ordered that it be entered on the books of the Ohio State University as the George Wells Knight House at a valuation of \$15,000.00.

The Vice President and Business Manager presented the following statement:

At the request of the University Architect, the University Cabinet approved a recommendation that Bellman, Gillett and Richards take over the preparing of plans for the electrical work on the New Student Union Building and perform certain other additional services in connection therewith. The proposed amount of fees to compensate the architects for taking over this additional work is as follows:

- (a) add 2¼% of cost of electrical contracts:
 - (1) for revision of electrical drawings and specifications
 - (2) electrical drawings and specifications of the tunnel
- (b) add ¾% of the cost of electrical contracts for assuming supervision of the electrical contracts.

The added fees thus will be 3½% of the total of the electrical contracts, \$222,487.00 or \$7,787.05. It will be noted that the addition of this proposed amount of \$7,787.05 brings the total to be paid to Bellman, Gillett and Richards to the percentage amount of 4.73 per

cent. The University Cabinet recommends the addition to Bellman, Gillett and Richards contract in the amount suggested.

Upon motion of Senator Bricker, seconded by Mr. Thompson, this recommendation was approved by unanimous vote.

The Vice President and Business Manager now presented the Easement for Sewer Line, Sewer Improvement No. 208, Sewer District Clinton No. 3, which has been prepared in accordance with the agreement and understanding of the Franklin County Engineer and The Ohio State University.

Upon motion of Mr. Thompson, seconded by Senator Bricker, the Board of Trustees approved the easement and authorized the President, Howard L. Bevis, and the Vice President and Business Manager, Jacob B. Taylor, to sign the easement and present it to the Attorney General for final approval, after which the easement will be recorded by the Franklin County Recorder.

The Vice President and Business Manager now presented a proposal from the State Department of Health with respect to the cancer research program to be carried on by the College of Medicine. This project originates as the result of an appropriation made in the last session of the General Assembly to the Department of Health for cancer research.

Director Porterfield, of that Department, and Dean Doan have reached an agreement whereby, at the present time, researches in the amount of \$48,000 are to be undertaken by the College of Medicine. The formal proposal sets forth the nature of the researches and the requirements for reporting and so forth. Because of the great value of the project, it is recommended that the proposal be accepted at once.

Upon motion of Senator Bricker, seconded by Mr. Thompson, President Bevis was authorized to sign the proposed agreement form on behalf of The Ohio State University.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND THIRTY-FOURTH MEETING OF THE
BOARD OF TRUSTEES

Columbus, Ohio, March 20, 1950.

The Board of Trustees met at the University pursuant to adjournment.

Present: Warner M. Pomerene, Chairman, General Carlton S. Dargusch, Forrest G. Ketner and Lockwood Thompson.

The minutes of the last meeting were approved.

* * * * *

General Dargusch presented the following Preliminary and Partial Report of Special Committee on Retirement and Insurance.

The special committee appointed by the Board of Trustees under date of January 9, 1950 has considered the matters assigned to it and has advised and consulted with the Faculty Committee as well as attending the joint meeting of the Conference Committee of the Faculty and the University Chapter of the American Association of University Professors. The committee believes that the following represent objectives to be attained by the University if, as and when administratively feasible and finances are available as required:

1. *Annual Physical Examinations*

Such examinations should be provided by the University for its faculty and non-teaching staff without charge to the individual concerned. Similar examinations are quite generally afforded by business concerns and governmental agencies and it is believed that the ultimate benefits to the University and its personnel will far outweigh the expenditures involved. If the examinations are properly scheduled during the year, the number of personnel and amount of equipment required should be relatively small;

2. *University Health Program*

Such a health program should be established under which the faculty, non-teaching staff and their families will be afforded medical care and hospitalization, the cost of said program to be financed by contributions from the faculty and non-teaching staff.

3. *University Retirement Plan*

(a) The rules controlling the University Retirement Plan should be changed so as to provide at the option of the individual a waiting period before enrollment of three years in the case of instructors and two years in the case of assistant professors, provided that participation at age thirty (30) shall be mandatory in all cases except those of temporary employees who shall be excluded from the plan.

(b) Faculty members should have the option of additional participation in the state teachers retirement fund in lieu of taking an annuity contract with one of the designated insurance companies.¹

¹ For this purpose, it is suggested that procedures be established under which the Business Manager would act as trustee for members of the faculty, receiving from them monthly contributions to be deposited annually to such faculty member's credit with the State Teachers Retirement fund in multiples of \$100, i.e., as of each September 1.

(c) The present University Retirement Plan became effective January 1, 1940 and the total amounts then provided were reasonably adequate in the light of existing conditions and the University's fiscal ability. Such total amounts are, however, no longer adequate and further study and early action should be had for the purpose of (1) increasing to the extent possible the total amounts now paid to faculty members receiving supplemental benefits, and (2) increasing to the extent possible the total amounts to faculty members other than those receiving supplemental benefits. This last will obviously require an increase in the rate and amount of the contribution by the individual and the University.

4. *State Teachers Retirement System*

At present only the faculty member's contributions are payable to his beneficiary on the death of the faculty member prior to retirement. The General Assembly should be urged to authorize the payment of an additional amount representing the actuarial value of the contributions which would be required from the state if the state teachers retirement plan were entirely funded.

5. *Group Insurance*

Benefits under this program should be increased so as to provide substantially more coverage than is presently available as follows:

(a) All policies shall have a minimum value of \$500, including those held after retirement;

(b) Maximum coverage of insured persons to be \$5000 with increased amounts over those presently provided in the case of those holding policies of a value between the minimum and maximum.

NOTE: These results can be attained by increasing the present premium per insured person from \$1.00 to \$2.00 per month.

6. *Miscellaneous*

(a) Continuing study should be given to the lowering of the retirement age from 70 to 68 with the proviso that persons retired at 68 be continued in service (until age 70 attained) on a discretionary basis by the University administration, where needed, for periods of one year at a time.

(b) Continuing study should be given to the reduction of work loads and a commensurate reduction in compensation in the case of older members of the teaching staff who have reached the age of 65 and who request such assignments;

(c) Continuing study should be given to the feasibility of providing non-classroom employment with a commensurate reduction in compensation to members of the teaching staff who have attained the age of 65, who have completed a minimum of thirty years' service at the University, who have not reached mandatory retirement age and who request such assignments.

Certain of the foregoing proposals can be placed in effect as of the beginning of the next fiscal year, namely, July 1, 1950, and it is recommended that the Board of Trustees approve said proposals to be effective at that time:

1. *Annual Physical Examinations*

Annual physical examinations for all members of the faculty and non-teaching staff of the University without cost to the individual.

2. University Health Program

A University health program affording medical care and hospitalization to all members of the faculty, employees and members of their families on a voluntary contributory basis, the contributions and services afforded thereunder to be fixed by subsequent action of the Board of Trustees.

3. University Retirement Plan

(a) All faculty members must enter the plan not later than attaining the age of thirty (30) provided that at the option of the individual an instructor may wait for a period of three years before entering the plan and an assistant professor may wait for a period of two years; all temporary employees shall be excluded entirely from the plan.

(b) Faculty members shall have the option of additional participation in the state teachers retirement fund in lieu of carrying an annuity contract with one of the designated insurance companies. Persons exercising such option shall agree to make monthly payments, which shall be equal in amount to the deduction which otherwise would have been made under the University annuity program, to a trust fund held by the business manager who shall make annual deposits therefrom to the credit of the individual in the state teachers retirement fund.

The present group insurance contract shall be expanded so as to provide a minimum of \$500 life insurance for all members of the faculty and non-teaching staff, including those now or hereafter retired, and a maximum of \$5,000 life insurance to those eligible therefor and a doubling of the value of policies falling between minimum and maximum.

General Dargusch now read the following letter from Professor Henry E. Hoagland:

Columbus, Ohio
March 18, 1950

Mr. Carlton S. Dargusch, Chairman
Committee on Retirement and Insurance
Columbus, Ohio

Dear Mr. Dargusch:

I have reviewed the proposed report of the Board of Trustees Committee on Retirement and Insurance and find that it conforms to the current thinking of the faculty committee on the same subject.

I recommend that the Board adopt this report, and that as early as possible further progress be made toward arriving at conclusions on the subjects that require further study.

Respectfully submitted,

(Signed) H. E. HOAGLAND

General Dargusch now offered the following resolution and moved its adoption:

That effective July 1, 1950 the following measures shall take effect:

1. Annual Physical Examinations on a voluntary basis shall be provided by the University for all members of the faculty and non-teaching staff without cost to the individual;

2. A University Health Program is hereby established under which medical care and hospitalization shall be afforded to all members of the faculty, employees and members of their families on a voluntary contributory basis, the contributions and services afforded thereunder to be fixed by subsequent action of the Board of Trustees.

3. University Retirement Plan:

(a) All faculty members must enter the plan not later than attaining the age of thirty (30) years provided that at the option of the individual an instructor may wait for a period of three years before entering the plan and an assistant professor may wait for a period of two years; all temporary employees shall be excluded entirely from the plan.

(b) Faculty members shall have the option of additional participation in the state teachers retirement fund in lieu of carrying an annuity contract with one of the designated insurance companies. Persons exercising such option shall agree to make monthly payments, which shall be equal in amount to the deduction which otherwise would have been made under the University annuity program, to a trust fund held by the business manager who shall make annual deposits therefrom to the credit of the individual in the state teachers retirement fund.

4. Group Insurance. The present group insurance contract shall be expanded so as to provide a minimum of \$500 life insurance for all members of the faculty and non-teaching staff, including those now or hereafter retired, and a maximum of \$5,000 life insurance to those eligible therefor and a doubling of the value of policies falling between the minimum and maximum. The premium deduction for each insured person shall be increased to \$2.00 per month, effective July 1, 1950.

The above motion was seconded by Mr. Thompson and upon roll call was adopted by unanimous vote.

President Bevis recommended that Charles A. Dambach, Associate Professor and Director of Conservation Curriculum, Department of Zoology and Entomology, be granted a leave of absence, without salary, effective the Summer Quarter 1950 for an indefinite period in order to accept the position of Chief, Division of Wildlife

of the State Department of Natural Resources, with the understanding that he will be free during the Spring Quarter to take care of his duties with the Division of Wildlife.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

* * * * *

President Bevis recommended that the title of Robert G. Helsel, Associate Professor and Acting Chairman of the Department of Mathematics be changed to Professor and Chairman of the Department of Mathematics and that his salary be increased from \$5,700.00 to \$6,600.00 per annum, effective April 1, 1950.

Upon motion of Mr. Ketner, seconded by Mr. Thompson, the Board approved the above recommendation by unanimous vote.

Leaves of Absence

Agricultural Extension

Mr. Fred Marti, Associate County Extension Agent of Holmes County was granted a leave of absence, without salary, for the months of January and February, 1950. Through error his name was included on the February payroll with the usual deductions for insurance and retirement. Because of complications involved in refunding, it is recommended that Mr. Marti be paid for the month of February and that he be granted a leave of absence without salary for the month of March instead of February. This would meet the requirements of the original recommendation of two months without salary and one month with salary for the quarter January 1 to March 31, 1950.

That the following miscellaneous recommendations be approved:
That leaves of absence, *with* salary, for the following members of the Agricultural Extension staff, be granted:

Raymond R. Starbuck, Extension Dairy Husbandman, for the period April 1 to June 15, 1950 for graduate study at the University of Minnesota.

Israel P. Blauser, Extension Agricultural Engineer, for the period April 1 to June 15, 1950 for study and research at The Ohio State University.

Floyd Lower, County Agricultural Agent, Columbiana County, for the period April 1 to June 15, 1950 for study at The Ohio State University.

That the following leave of absence, without salary, be granted:

Carroll J. Peirce, Director of the School of Aviation, for the months of July and August 1950 in order to accept a confidential mission for the United States Air Force in Europe.

That the cooperative agreement between The Ohio State University and the Ohio Division of Wildlife for the operation of The Ohio Conservation Laboratory during the year 1950, be approved.

That the agreement between The Ohio State University and the

State Department of Education, Division of Vocational Education to provide special services in Trade and Industrial Education for the period July 1, 1949 to June 30, 1950, be approved.

That upon the recommendation of the Faculty Council at its meeting held on March 14, 1950, the names of the following departments be changed effective July 1, 1950:

Department of Architecture and Landscape Architecture to the School of Architecture and Landscape Architecture;

Department of Rural Economics and Rural Sociology to the Department of Agricultural Economics and Rural Sociology;

The Franz Theodore Stone Laboratory to The Franz Theodore Stone Institute of Hydrobiology;

It is further recommended that the Department of Hydrobiology be created for the courses taught at the Institute.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$1200.00 from the Chrysanthemum Society of America—to be credited to Rotary 11124 for a fellowship in floriculture

\$1000.00 from the Robert Gould Research Foundation—to be credited to Rotary 11268

\$500.00 from the Wildlife Management Institute—to be credited to Rotary 11025

\$125.00—Anonymous—to be credited to Rotary 11317—Louise Huey Fellowship

\$12.50 from the Development Fund for the Alumni Endowment Fund.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

General Tire and Rubber Company, Akron, Ohio—Investigation of preparation of samples of nitroacrylonitrile and methyl nitroacrylate (to be known as the General Tire and Rubber Company Research Project No. 405—Chemistry);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of pumps (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 410—Chemistry);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of laminar boundary layer (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 411—Aeronautical Engineering);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of microwave generators (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 340—Electrical Engineering);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of reflection measurements of selected targets (to be known as the Air Materiel Command, Wright-

Patterson Air Force Base Research Project No. 406—Electrical Engineering);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of fuming nitric acid containers (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 409—Engineering Experiment Station);

Engineer Research and Development Laboratories, The Engineer Center, Fort Belvoir, Virginia—Investigation of photoemissive surfaces (to be known as the Engineer Research and Development Laboratories Research Project No. 360);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of interference filters (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 274—Physics);

Engineer Research and Development Laboratories, Fort Belvoir, Virginia—Investigation of—to develop graphs on water vapor absorption (to be known as the Engineer Research and Development Laboratories Research Project No. 407—Physics);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of research planning and guidance program (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 408—Psychology).

The above ten contracts for research in cooperation with Government and Industry represent a gross income of \$202,517.35.

Upon motion of Mr. Thompson, seconded by Mr. Ketner, the Board by unanimous vote approved the above recommendations.

General Dargusch moved that James R. Hopkins be commissioned to execute an oil painting of Carl E. Steeb at a cost not to exceed \$750 to be paid from Interest on Endowment.

Mr. Ketner seconded the above motion which upon roll call was approved by unanimous vote.

The Vice President and Business Manager now presented a report of the University Cabinet on Remodeling of Hamilton Hall. Copies of this report had been previously mailed to the Board of Trustees for their study. After a discussion of the plan in some detail, the Board, upon motion of General Dargusch, seconded by Mr. Ketner, approved the recommendations of the University Cabinet for the space assignments as set forth in the report and authorized the following program to be followed in connection therewith:

1. That the administration request the Board of Control for an amendment to the appropriation which now reads "Addition to Hamilton Hall, \$500,000.00" to provide for the "Addition and Remodeling of Hamilton Hall and the Remodeling of Starling-Loving Hospital" in the requisite amounts to carry out the proposals made.

2. That the Addition to Hamilton Hall, represented by the Library addition, be advertised for bids at the earliest possible moment. That inasmuch as the plans and specifications for this

addition had once been approved by the Board of Trustees in 1941, the Secretary now be empowered to sign the revised plans and specifications for and on behalf of the Board of Trustees and that the University Cabinet be authorized to take the necessary steps to execute this part of the contract.

3. That the University Architect be instructed to draw the necessary plans and specifications for the Remodeling of Hamilton Hall and Main Wing of Starling-Loving Hospital as indicated in the agreed-to proposal with the idea that this work be advertised for bid as early in the Autumn of 1950 as possible.

4. That the University Cabinet prepare, in cooperation with Dean Doan and his associates in the Medical School, a series of floor plans showing the space allocations proposed for Starling-Loving Hospital. This report should be placed in the hands of the Board of Trustees, if possible, one week before the April 17th meeting. Such space allocations envisage the use of Oxley Hall by the School of Nursing.

5. That the University Cabinet, in cooperation with Dean Doan and his associates in the College of Medicine, discuss the feasibility of a connection between Starling-Living Hospital and New University Hospital and, if feasible, have the report on this proposed change in the hands of the Board of Trustees one week before the April 17th meeting.

The Vice President and Business Manager, now presented a series of photographs of the model of the Medical Center showing in various phases the changes encompassed in the proposed Cancer-Heart-Clinic wing. These photographs set forth the following:

Phase I—The three-bay ground and four-story cancer wing estimated to cost \$300,000.00.

Phase II—The six-bay ground and four stories for the combined cancer and heart clinics estimated to cost \$535,000.00.

Phase III—The ten-bay full length ground and four stories estimated to cost \$845,000.00. This would represent the extension of the heart and cancer clinic and/or the beginning of the general clinic.

Phase IV—Complete ten-bays ground and eleven stories estimated to cost \$9,185,000.00. This would be the complete clinic—heart, cancer and general.

All of the above figures are without provision for equipment and the cubage may have to be scaled down accordingly when the equipment is included. Upon motion of General Dargusch, seconded by Mr. Thompson, the Board approved the recommendation of the University Cabinet that an extension be made to the contract of Skidmore, Owings and Merrill, Architects and Engineers, to provide for the drawing of working plans and specifications and the supervision of construction of the cancer and heart wings of the proposed new clinic addition as indicated in Phase II.

The cancer grant of \$300,000 has already been made by the U. S. Public Health Service and an application has been made to the same agency for a like grant for a heart clinic. The extension of the Architect's contract would recognize the possibility that both the

cancer and heart wings may be added simultaneously and the preliminary planning would be effected accordingly.

The Vice President and Business Manager presented the following report of the University Cabinet:

On authority of the Board of Trustees, the University Cabinet met on March 2, 1950, for the purpose of opening bids on ONE 60,000 lb./hr. SPREADER FIRED STEAM GENERATOR NO. 5

COMPLETE WITH ALL APPURTENANCES. A representative from the office of the Director of Public Works was present and read the bids. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Babcock & Wilcox Company.....	\$155,874
Edgemoore Iron Works.....	155,524
Lieb-Jackson Company	130,800
Combustion Engineering Super. Com.....	194,710
Riley Stoker Corporation	156,682
Wickes Boiler Company.....	143,902

The engineer's estimate on this project was \$216,000. The capacity of this steam generator unit was determined by the amount of money appropriated to the University for power plant equipment and the Engineer's estimate of cost of the 60,000 lb./hr. capacity.

In the preliminary calculations to determine the size of equipment needed to meet our heating and electric load demand from the new buildings now in process of being built on the campus, it was the original judgment that we should install a steam generator unit of somewhere between 80,000 and 100,000 lb./hr. capacity.

The space in our present power plant to be occupied by this new steam generator will accommodate a larger capacity equipment; namely, 80,000 lb./hr. and since the bid on the 60,000 lb./hr. is approximately \$85,000 below the Engineer's estimate, Sargent & Lundy, Engineers, and Mr. Elleman now recommend that the Board of Trustees request that the Director of Public Works reject all bids and that the University now readvertise for an 80,000 lb./hr. generator.

This rejection of bids has been discussed with Mr. Samuel O. Linzell, Director of the Department of Public Works, and after close examination of the entire problem, he is agreeable to the above recommendation.

Upon motion of Mr. Ketner, seconded by General Dargusch, the Board of Trustees approved the rejection of the above mentioned bids and granted authority to advertise for an 80,000 lb./hr. generator.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of the Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Repair by Guniting the Concrete Work in Sections One to Ten of the North End of the Stadium	\$20,000	Rotary 8001, Athletics

Upon motion of Mr. Thompson, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager now presented the request of Professor I. A. Gould, Chairman of the Department of Dairy Technology, which was approved by Dean Rummell, that there be transferred \$4,000.00 from Dairy Laboratory Rotary 15954 (manufacturing operations) to Dairy Technology Rotary 13156 (regular expenses). Upon motion of General Dargusch, seconded by Mr. Thompson, the above mentioned transfer was authorized.

* * * * *

The Vice President and Business Manager now presented the request of Dean L. L. Rummell that there be transferred from Pomereene Refectory to Home Economics Rotary 8211 the amount of \$30,000.00. Upon motion of Mr. Ketner, seconded by General Dargusch, the above mentioned transfer was authorized.

* * * * *

The Vice President and Business Manager now presented the proposal of Dean L. L. Rummell that a contract be entered into between The Ohio State University and C. B. Marquette, Powell, Ohio, for the rental of farm land for the use of the Wildlife Research Unit, affiliated with the Department of Zoology and Entomology. The amount of the rental is to be \$270.00 for the period from March 1, 1950 to March 1, 1951, with an option of yearly renewal for a period of two years. Rental is to be paid from funds provided by the State Department of Natural Resources.

Upon motion of Mr. Ketner, seconded by General Dargusch, the proposed contract was approved and the President was authorized to sign the agreement for and on behalf of the University.

* * * * *

The Vice President and Business Manager now presented a Memorandum of Agreement proposed by the Ohio Department of Health to be entered into by that Department and The Ohio State University for the purpose of conducting a Special Industrial Wastes Study. Funds for the study are to be supplied by the Ohio Department of Health as a result of a grant by the Federal Government of \$12,900.00 for this purpose. All expenses of the survey are to be paid out of these funds by the Ohio Department of Health. The Ohio State University will undertake the responsibility of directing the survey.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board of Trustees approved the Agreement and authorized the President to sign the Agreement for and on behalf of the University.

* * * * *

The Vice President and Business Manager presented the recommendation of the University Cabinet that a contract be effected between the State of Ohio and Sims, Cornelius and Schooley for professional services in connection with the design of the mechanical divisions of the contract for the construction of the proposed new Field House. These services would be on the basis similar to that on which Sims, Cornelius and Schooley rendered engineering services on the Optometry Building. They propose a fee of 4½% of the cost of the divisions of the work for which they perform services, these services to include necessary conferences, sketches, preliminary drawings, working drawings, specifications and checking of shop drawings and periodic supervision. The University Architect's Office will perform the local supervision and handle the necessary paper work in connection with contracts, extra orders and payments.

Upon motion of Mr. Ketner, seconded by General Dargusch, the Board authorized the Vice President and Business Manager to request the Director of Public Works to enter into a contract with Sims, Cornelius and Schooley on the basis suggested.

The Vice President and Business Manager presented a prelim-

inary report on the expenses of the official party and band to the Rose Bowl for the California-Ohio State game January 2, 1950. While every attempt has been made by the Athletic Department, through Director Larkins and Mr. Bernard, the Auditor of that Department, to make a complete report, there were necessarily certain items which could not be determined finally at the time of the present meeting. The Vice President and Business Manager requested authority be given for the payment of necessary expenses of the Rose Bowl trip as presented to him by the Director of Athletics in accordance with the preliminary report submitted herewith. All changes or modifications in the final determination of the expense items will be reported to the Board at a later date.

Upon motion of General Dargusch, seconded by Mr. Thompson, the authority for the Vice President and Business Manager to pay the expenses of the Rose Bowl trip was granted.

President Bevis reported to the Board of Trustees that by a record vote the Athletic Board had expressed itself as favoring a five-year renewal of the contract between the Western Conference and the Tournament of Roses Association of California, under which contract a Western Conference team plays a California team in the Rose Bowl.

President Bevis reported on our experience in the recent Rose Bowl game and reviewed the arguments for and against the renewal of the Rose Bowl contract.

In view of the fact that Dr. Wendell Postle, our representative in the Western Conference, will be called upon to vote on this question in the near future, the views of the Board with regard to renewing the Rose Bowl contract were asked.

It was the consensus of opinion of the members of the Board of Trustees that if certain conditions which have marked the present arrangement could be improved, this University would be in favor of renewing the contract.

It was strongly felt that the renewal of the contract ought to embrace the following:

1. A substantially greater allotment of tickets ought to be made to the schools comprising the Western Conference.
2. That the prices for tickets to students of Western Conference schools ought not to be greater than those to students of the California schools.
3. That in the computation of "expenses" to be deducted before dividing the net proceeds of the Rose Bowl game, the number of persons in the "official" personnel of the visiting team ought to be increased from 55 to approximately 100 and that this number might include wives of coaches and players.
4. That in the computation of "expenses," allowance should be made for the transportation of a band if the Western Conference school desires to send one. It is estimated that the expense of taking a band to California would approximate \$35,000.00.
5. That the language of the basic contract be completely rewritten. It is felt that the contract under which the arrangement was operated for the first five years was incomplete and inadequate in many respects.
6. It is the distinct feeling of the Trustees of the Ohio State University that the Rose Bowl game should be regarded as a University affair and that in an affair between universities officers of the participating Western Conference school would properly be included within the list of "official" personnel.
7. It is felt that much confusion and difficulty could be avoided if, on the basis of accumulated experience, the procedures for participating in the Rose Bowl game could be "manualized." A great deal in the way of arranging for hotel rooms and other incidents of taking a large number of people to California could be handled by the representatives of the Western Conference and the people in California before it is known what team will participate. The arrangements could be turned over to the school which is to go whichever one it turns out to be.

The President read a report concerning the University Retirement plan as prepared by the Faculty Committee.

The President was requested to have copies of this report sent to each member of the Board for study and further consideration.

* * * * *

The President presented a memorandum re conference concerning the use of University property north of King Avenue for playground purposes and announced that the request for this purpose has now been withdrawn.

The Board now took under consideration the matter of the space allocations in Starling-Loving Hospital. In accordance with the Board's wishes, the Vice President and Business Manager had previously placed in the hands of the members of the Board a report of the University Architect to the University Cabinet concerning remodeling and reassignment of space in Starling-Loving Hospital. He now presented a letter from Dean Doan concerning the necessity for dormitory accommodations for interns and the office requirements for staff members. He also read to the Board a telegram from Dr. Doan from Boston in which he gave his full approval of the report which had been made by Mr. Smith and Professor Shupe.

After extended discussion of the report the Board requested the Vice President and Business Manager to present at the May meeting a report on the dietary problem of the Medical Center and a similar report on the space allocations in New University Hospital, with specific emphasis being placed on the present use of part of the latter space for pre-clinical facilities while the remodeling of Hamilton Hall is in process.

* * * * *

President Bevis recommended that authority be given to the proper officers of the University to take such steps as may be necessary and proper to effect the practice of handling athletic, dining hall, and dormitory funds through the State Treasury in like manner as other University funds are handled.

Upon motion of General Dargusch, seconded by Mr. Power, the above recommendation was approved by unanimous vote.

President Bevis presented to the Board of Trustees a resolution adopted by the Student Senate seeking revision of the terms of the resolution of the Board of Trustees of May 10, 1948 concerning the holding of political meetings and the appearance at such meetings of candidates for public office.

After some discussion the President was requested to present his recommendations thereon to the Board at its next meeting.

Vice President Stradley presented the Board with copies of the following study which has been made regarding the proposed governing body for the New Ohio Union, which calls for a modification of the membership of the present Ohio Union Board of Governors, since for the first time the Union will be coeducational.

A standing committee of members of the Ohio Union Board of Overseers was appointed on December 8, 1948, to gather information concerning Union organizations, to summarize these findings, and to present recommendations on the organization of government for the new Ohio Union. During the past fifteen months, this committee, working under capable student leadership, has performed outstanding service in making available to the Board an accurate summary of Union administrations from

leading universities all over the country, and in submitting recommendations for the constituency of a governing organization for the Ohio State University's new Student Union building. In the examination of this work, criticism has been sought and received from the Pomerene Board of Control, The Ohio Union Board of Overseers respectfully submits for your approval the following:

1. It is proposed that there be two organizations charged with administrative responsibilities in the new Ohio Union. The organization directly responsible for making the wheels turn in the form of programmed activities in the building is hereafter referred to as the Union Directorate. Members of the Directorate shall correlate the work of the various Union committees, discuss common problems, study and compare techniques of effective committee and community services, and formulate social and educational programs and policies for recommendation to the governing or senior board of the new Ohio Union.

The membership of the Union Directorate shall be composed of the chairmen of all standing committees organized under Union auspices. Staff members of the Union shall work with the Directorate in an ex-officio capacity.

It has been the experience at some other large Unions that the committees have total working memberships numbering as many as 400 or 500 students. Participation as a working member of a committee would be open to any and all interested students, there being no requirements of representation according to class or college. It should be noted, however, that the requisite of demonstrated ability to do a given job would usually result in the more responsible positions being held by juniors or seniors for the reason that it would probably take two years to become experienced in and familiar with the scope of the Union's recreational program. Through in-service training, comparable in many respects to the selection of the present heads of activities, students would become eligible for consideration as a committee chairman and thus a member of the Union Directorate. The final selection of committee chairmen would be made by the members of the governing board on the basis of the following:

1. The recommendation of the outgoing chairman of the committee.
2. Recommendation as indicated by ballot of the committee members.
3. Recommendation of the staff person directly charged with program supervision.

It is further suggested that in each of these three cases a first and second choice be indicated to aid the board in its final selection.

2. The governing board of the Union (actual name to be determined) shall direct the administration of the affairs of the building, subject to the counsel and approval of the University Board of Trustees. The Union Directorate and all groups or individuals having jurisdiction in the building, or using the building, shall be responsible to it. The board shall have the power, provided it does not supersede University rules, to govern the activities of members, guests, and organizations in the build-

ing, and may suspend membership, deny the privileges of the building, and/or impose fines to maintain discipline.

The board shall approve all budgets for the social activities supported by the Ohio Union fee or that part of the General Activities fee allocated to the Ohio Union.

The board shall be composed of eleven voting members. Seven of this number shall be students. Other members shall be the Vice President in Charge of Student Affairs; the Vice President and Business Manager; a faculty member, to be appointed by the President for a two-year term; and one alumnus who shall be elected according to the rules of the Alumni Association for a two-year term. It is further recommended that the terms of the faculty and alumni representatives shall expire in alternate years.

The Treasurer of the Ohio Union, the Director of the University Physical Plant, and the Director of the Ohio Union shall serve as ex-officio members of the board without power to vote.

The student members shall be selected in the following manner:

A Nominations and Elections Committee shall be established, with its membership made up of the President and Vice-President of the Union board, both student members; the President of the University or the Vice-President in Charge of Student Affairs; and the Director of the Ohio Union.

Prior to the annual elections, which shall coincide with the general elections conducted by the Student Senate in the Spring Quarter, petitions for candidacy will be accepted by the Ohio Union from any students meeting the University requirements for eligibility. In addition, the Nominations and Elections Committee will invite from and receive lists of students eligible for membership on the board, from the Student Senate, the Women's Self-Government Association, the Council of Men's Organizations, the Union Directorate, the Dean of Men, the Dean of Women, and the Director of the Ohio Union. From such lists and through selection based on merit, the Committee will place in nomination the names of not more than three candidates for each elective office. The rules covering publicity and elections shall be those set forth by the Student Senate, but the control of the election shall be in the charge of the board.

At each annual election three students shall be elected for terms of one year each, and two, who shall have remaining at least six quarters as students in the University, shall be elected for terms of two years each, this to provide for continuity among the student members.

Two of these seven members shall be women.

3. The officers of the board shall be: President; Vice-President; Secretary; and Treasurer. The President and Vice-President shall be chosen from the student representatives on the board. The Ohio State University Board of Trustees shall designate the Treasurer. The Director shall be the Secretary.

Dr. Stradley stated that there is not sufficient time to carry out the suggested changes made in this report, before the regular student spring election which will be held the first week in May, and there

are no other provisions for the election of student members in time for them to assume office and the related duties by the opening of the autumn quarter 1950. Therefore it is recommended that

1. The above organization plan be approved.

2. The present Ohio Union Board of Overseers be permitted to serve through the remainder of this spring quarter, and that the President of the University be authorized to appoint the student and Faculty representatives for the new coeducational board in sufficient time that they might assume their duties by the opening of the autumn quarter 1950.

Upon motion of General Dargusch, seconded by Mr. Kettering, the Board by unanimous vote approved the above recommendations.

The President reported that the next annual meeting of the Association of Governing Boards of State Universities and Allied Institutions will be held in Charleston, South Carolina on November 1 to 4, 1950.

Upon motion of Mr. Thompson, seconded by Mr. Ketner, it was agreed that the Board should be represented by General Dargusch and also by any other members who can attend.

Upon motion of Mr. Power, seconded by General Dargusch, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Expend Outlet of the East Drainage Area of Present 30-Inch Concrete Sewer at Don Scott Field Approximately 900 feet to the East Across the Land Owned by Gable Brothers	\$7,200	G-32-1 Roads, Walks, Tunnels, Utility Lines, Site Improvement, Landscaping for Buildings under Construction H. B. 655

The Vice President and Business Manager made the following statement with respect to this project:

In 1944 the University built two paved runways at Don Scott Field and installed underground drainage.

One of the natural outlets for this underground drainage was at the east side of the airport. At the time of the installation of the drainage, we asked permission for an easement of about 900 feet in length through the land immediately to the east of the airport in order to have the outlet for this drainage in a natural open ravine.

The owner of the land at that time refused to grant the easement. The University, therefore, terminated their underground drainage at a manhole at its east property line.

Gable Brothers, the present owners of this property, are requesting that we install the 30-inch storm sewer to prevent the erosion of their farm land.

The present arrangement is alleged to be in violation of the Ohio Ditch Drainage Laws, since we have accelerated the natural run-off of storm water from our land over the adjoining property.

On motion of General Dargusch, seconded by Mr. Ketner, the proper University authorities were authorized to discuss with the Attorney General the proper and legal method of proceeding to accomplish the extension of the underground drainage referred to above, and subject to this advice from the Attorney General, the Board approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees and the Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager now recommended to the Board that, in order to provide for recommended changes in the Medical Center buildings belonging to the University, there be transferred from Rotary 12879 to G-2-F Health and Medical Center, H. B. 654, the sum of \$25,000.00.

Upon motion of Mr. Thompson, seconded by Mr. Power, this motion was unanimously approved.

* * * * *

The Vice President and Business Manager recommended that, in order to provide for the extra to the contract of the General Contractor for the Addition to Commerce covering the labor and material to install Steel Book Stacks, there be transferred \$10,885.00 from Rotary 12879 to G-2-I Addition to Commerce Building, H. B. 654.

Upon motion of Mr. Power, seconded by Mr. Thompson, this motion was approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Director of Physical Plant recommends, and the University Cabinet concurs in the recommendation, that the University employ the engineering firm of Burgess & Niple, of Columbus, to do the necessary engineering (including drawings, specifications, and supervision) on new roadways and parking areas on the University campus. This firm has done similar engineering work for the University in the past.

Their fee, which is customary for work of this sort, will be 7½ per cent of the amount of money to be expended for this type of work, \$93,000.00. This will be budgeted from the amount appropriated in House Bill 655, G-32-1 Roads, Walks, Tunnels, Utility Lines, Site Improvement, and Landscaping for Buildings under Construction.

The Director of Physical Plant has discussed the employment of this firm of engineers at the fee rate mentioned above with Mr. S. O.

Linzell, Director of Public Works, and he is agreeable to the University entering into a contract with this engineering firm.

Upon motion of Mr. Power, seconded by Mr. Ketner, the Board by unanimous vote approved the above recommendation.

The Vice President and Business Manager now presented the following statement:

At the beginning of the post-war enrollment up-swing, there were erected on the campus 35 Dallas Huts. These came to the University originally from Evansville, Indiana, on bailment from the U. S. Army and were charged to Colonel Middleton who was then Commandant of the ROTC at the Ohio State University.

However, on August 16, 1948, a survey was made with recommendation that the local ROTC Commandant be relieved of all responsibility and accountability for these Dallas Huts and title to the property be given to the Ohio State University.

The report of survey was as follows:

"Shipped here at Ohio State University expense, for use as temporary class rooms. Eleven of these hutments are located on ground required for new permanent construction. All hutments are of such construction and in such condition that they are not worth moving and, in my opinion, are of no further use to the government. It is recommended that they be abandoned in place. The University authorities are agreeable to such procedure and will raze them at their convenience. Land is owned by the State of Ohio."

Action taken on this report of survey was as follows:

"Headquarters Second Army
Ft. George G. Meade, Md.
20 August 1948

"Approved to relieve all concerned of accountability and responsibility. Property listed to be abandoned at present location and disposed of at convenience of the Ohio State University.

"By Authority of the Secretary of the Army
For the Commanding General
(signed) R. E. LINES
Major AGD
Asst. Adj. General"

With the title to these Dallas Huts thus rested in the Ohio State University, it would seem proper for the University to now enter into a contract to have them removed from the campus.

It is recommended, therefore, that the following policy, suggested by the University Cabinet, be adopted:

1. Remove all Dallas Huts in the Hagerty Hall area and as many in the Chemistry and Derby Hall areas as, after consultation with the University Registrar, it seems wise to eliminate at the end of the Spring Quarter, 1950.

2. Take bids for the removal of all huts in the Hagerty Hall area at once, after the Director of Physical Plant has salvaged such material from each of them which he considers salvageable.
3. Take bids for the removal of such huts in the Derby Hall and Chemistry areas as agreed upon, immediately after the completion of the Spring Quarter, 1950.
4. Set an early date for the removal of the remaining huts in the Chemistry and Derby Hall areas.

Upon motion of Mr. Kettering, seconded by Mr. Power, the above recommendation was unanimously approved.

The President now reported to the Board the death of Allen McManigal, Professor of Engineering Drawing. In accordance with the recommendation of the Board of Trustees, a copy of the resolution expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Allen McManigal, Professor of Engineering Drawing, on March 28, 1950. Professor McManigal entered the services of The Ohio State University in October 1922 as an instructor in engineering drawing. He had served in the Bridge Construction Division, 27th Engineers, First Army, American Expeditionary Forces in France in 1918-19. Upon leaving the service he became an assistant engineer to Frank A. Ray, Consulting Mining Engineer, serving from 1919 until he came to the University. He completed his academic work in Mining Engineering, graduating with the degree B.E.M. in 1926. He was promoted to the rank of assistant professor of engineering drawing in 1928, to the rank of associate professor in 1934, and to a full professorship in that department in 1943.

Professor McManigal had served on several important University committees, and was a member of Ohio Union Board of Overseers from 1931 to 1939. For 25 years Professor McManigal had played the University chimes twice daily during the regular school quarters. He had been University Chimes Master since their installation, and was one of the few persons ever to play the chimes. Thousands of students through the years knew of and appreciated his inspiring efforts in furnishing the mellow tones at mid-day and at the close of the afternoon's classes.

He was an excellent teacher, and highly respected by his colleagues and his students. He particularly excelled in the teaching of descriptive geometry and related subjects. He developed a reputation among all who were acquainted with his work as a leader in educational methods of solving graphical problems.

Professor McManigal enjoyed good music, worked diligently in his shop on many constructive projects, was an excellent photographer and loved the out-of-doors. He was a member of several musical groups, the University Post American Legion, the University Faculty Photographic Club and Phi Gamma Delta fraternity.

His untimely death is a distinct loss to the Department of

Engineering Drawing and to The Ohio State University which he faithfully served for 28 years. On behalf of the entire University the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

\$25.00 from the Federated Garden Clubs of Cincinnati and Vicinity for the Division of Conservation—Laboratory Camp—Rotary No. 11172.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Calgon, Inc., Pittsburgh, Pa.—Investigation of phosphates in liquid eggs (to be known as the Calgon, Inc. Project No. 377—Poultry);

American Petroleum Institute, New York, New York—Investigation of pure hydrocarbons (to be known as the American Petroleum Institute Project No. 31—Chemistry);

Office of Naval Research, Washington, D. C.—Investigation of thermodynamics at high temperatures (to be known as the Office of Naval Research Project No. 280—Chemistry);

Cleveland Ordnance District, Cleveland, Ohio—Investigation of study of nitrocellulose (to be known as the Cleveland Ordnance District Project No. 402—Chemistry);

Office of Naval Research, Washington, D. C.—Investigation of X-Ray spectroscopy (to be known as the Office of Naval Research Project No. 384—Physics and Astronomy);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of practice and forgetting changes in time, force and pattern characteristics of basic skill components (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Project No. 412—Psychology);

Engineer Research and Development Laboratories, Ft. Belvoir, Va.—Investigation of infra red transmitting glasses (to be known as the Engineer Research and Development Laboratories Project No. 414—Ceramic Engineering);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of jamming, transmitting antennas (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Project No. 339—Electrical Engineering);

Signal Corps Procurement Agency, Fort Monmouth, New Jersey—Investigation of miniature suppression filters (to be known as the Signal Corps Procurement Agency Project No. 415—Electrical Engineering);

U. S. Potters Association, East Liverpool, Ohio—Investigation of fluxes for dinnerware bodies (to be known as the U. S. Potters Association Project No. 108—Engineering Experiment Station);

Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of test axial flow compressor wheels (to be known as the Wright-Patterson Air Force Base Project No. 259—Mechanical Engineering);

Office of Naval Research, Washington, D. C.—Investigation of internal diffusion in glass (to be known as the Office of Naval Research Project No. 385—Ceramic Engineering);

Battelle Memorial Institute, Columbus, Ohio—Investigation of coating of molybdenum against corrosion at high temperatures (to be known as the Battelle Memorial Institute Project No. 413—Metallurgy);

Firestone Tire and Rubber Company, Akron Ohio—Investigation of health hazards of certain compounds and products (to be known as the Firestone Tire and Rubber Company Project No. 246—Pathology);

Office of Naval Research, Washington, D. C.—Investigation of gaseous exchanges in the pulmonary alveoli (to be known as the Office of Naval Research Project No. 293—Physiology).

Upon motion of General Dargusch, seconded by Mr. Kettering, the Board by unanimous vote approved the above recommendations.

General Dargusch now presented to the Board the Second Partial Report of the Special Committee on Retirement and Insurance as follows:

This report will supplement the report of the Committee made by the Board of Trustees under date of March 20, 1950.

Under date of March 20, 1950, the Board authorized in principle an annual physical examination for the faculty and non-teaching staff on a voluntary basis and a University health program on a contributory basis. Since the preparation of detailed plans for the carrying into effect of such authorizations is not properly a function of the Board, it is suggested that an advisory committee be appointed by the President for that purpose, said committee to be composed of persons to be selected by the President. In view of the profound interest of the faculty in the matter, it is suggested that such body be represented on the advisory committee. Upon completion of said detailed plans, same shall be referred by the President to the Board of Trustees for approval in accordance with the resolution of March 20, 1950.

In the report of this Committee under date of March 20, 1950, it was indicated that further study should be given to the matter of reduced schedules for members of the faculty who have attained the age of 65 and who have 30 years of service in the University. The Committee now recommends that the President be authorized to assign members of the faculty to reduced teaching loads or non-classroom assignments upon attaining the age of 65, provided they have completed 30 years of service, such assignments to be made upon the request of the individual faculty member and to be accompanied by an appropriate reduction in salary as may be agreed upon by the faculty member and the University.

In the committee report of March 20, 1950, it was recommended that further study be given to the matter of supplemental benefits to retired persons and an expanded program of retirement benefits. The Committee now recommends that:

(a) Supplemental benefits presently payable to retired members of the faculty be increased in the amount of \$204.00 per annum, effective July 1, 1950, said increase to be paid from the premium reserve for group insurance.

(b) A careful study has been made of the University's financial situation for the forthcoming fiscal year and it is believed that sufficient funds can be made available for the fiscal year 1951 so as to increase the University's contribution for faculty retirement benefits from the present contribution of 2% to 3.2%. The percentage of 3.2 shall remain constant in subsequent fiscal years unless and until modified by action of the Board of Trustees. The contribution of the University shall be matched by an equal contribution by each member of the faculty. It is recommended that consistent with University policy, total salaries be so determined as to be divisible by 12. It is further recommended that the Agricultural Extension Service be excluded as sufficient funds are not available to include that service.

(c) The option of additional participation in the State Teachers' Retirement Fund in lieu of carrying or increasing an annuity contract under the University's Retirement Program shall be exercisable only upon application to and approval by the University. In making such determinations the University shall be guided by the best financial interests of the individual concerned. In order to insure the accumulation of funds for retirement purposes, it should be further provided that in the event a faculty member who exercises such option and during his em-

ployment by the University withdraws his contributions for additional benefits from the State Teachers' Retirement Fund in lieu of using the same for the purchase of retirement benefits shall thereupon reimburse the University for its contributions for such purposes in full, including any interest that may have been earned thereon.

The Committee now recommends that the \$500.00 death benefit payable to beneficiaries of deceased faculty members and non-teaching staff shall be paid by the University from the premium reserve for group insurance, said payments to be made in the case of all deceased, retired personnel who had group insurance at the time of their retirement and who served the University for a period of 25 years prior to retirement, such death benefit to be effective upon the passage of the Board's resolution authorizing the same.

Your Committee believes that there is merit in the proposition of providing expanded benefits in the State Teachers' Retirement System and that the University's Retirement Program would be substantially simplified if the entire coverage for faculty members could be maintained under one system in the future.

It is, therefore, recommended that the University support a proposal increasing the present State Teachers' Retirement ceiling upon which payments are calculated from \$3,000.00 to \$6,000.00 or, as an alternative, that the percentage of deduction from salaries for retirement purposes be increased proportionately.

General Dargusch presented the following letters and requested that they be made a part of the record at this meeting:

Columbus, Ohio
May 4, 1950

Mr. Carlton S. Dargusch, Chairman
Committee on Retirement and Insurance
Columbus, Ohio

Dear Mr. Dargusch:

I have reviewed the proposed report of the Board of Trustees Committee on Retirement and Insurance and find that it conforms to the current thinking of the faculty committee on the same subject.

I recommend that the Board adopt this report and that as early as possible further progress be made toward arriving at conclusions on the subjects that require further study.

Respectfully submitted,

(Signed) H. E. HOAGLAND
Chairman, Faculty Committee on
Retirement and Group Insurance

Columbus, Ohio

General Carlton S. Dargusch
c/o President's Office
Ohio State University
Columbus, Ohio

Dear General Dargusch:

At the meeting of the University Faculty held May 4, a motion was passed declaring it to be the sense of the Faculty that the recommendations on retirement and insurance, which you had prepared for presentation to the Board of Trustees should be endorsed and supported.

The Faculty also expressed its appreciation for your efforts in working toward a solution of these problems, and requested that you convey to the Board of Trustees the thanks of the Faculty for the Board's interest and action.

Very truly yours,

(Signed) LAWRENCE D. JONES
Secretary
University Faculty

LDJ:mh

General Dargusch now offered the following resolution and moved its adoption:

1. *Reduced teaching or work loads*

That the President be and he is hereby authorized to assign members of the faculty to reduced teaching loads or non-classroom assignments, who have attained the age of 65 years and who have completed 30 years of service in the University, said assignments to be made upon the request of the individual faculty member and to be accompanied by an appropriate reduction in salary as may be agreed upon by the faculty member and the University.

2. *Death Benefits*

That in lieu of a minimum group insurance coverage of \$500.00 after retirement, a \$500.00 death benefit shall be paid to the designated beneficiaries of deceased faculty members and the non-teaching staff, said death benefit to be paid from the premium reserve for group insurance only in the case of retired persons (a) who had insurance under the University's group plan at the time of their retirement, (b) who had served the University for a minimum of 25 years prior to retirement, and (c) who become deceased subsequent to May 7, 1950.

3. *Retirement Benefits*

(a) That the supplemental benefits payable to retired members of the faculty be increased in the amount of \$204.00 annually, effective July 1, 1950, said increased amounts to be paid from the premium reserve for group insurance.

(b) That the University's Retirement Program be expanded by an additional contribution by the University so as to increase said contribution from 2% to 3.2%, effective July 1, 1950. Salaries of all covered faculty members shall be increased accordingly and the total University contribution of 3.2% shall remain constant in subsequent

fiscal years until such time as it may be modified by the University. The University's contribution under this paragraph shall be matched by an equal contribution by each member of the faculty. All salaries, as finally determined, shall be divisible by 12. The above action does not include the Agricultural Extension Service.

4. State Teachers' Retirement Fund Option

The resolution of the Board of Trustees under date of March 20, 1950, insofar as it pertains to additional benefits under the State Teachers' Retirement System is hereby modified as follows:

The option of additional participation in the State Teachers' Retirement Fund, in lieu of carrying or increasing an annuity contract under the University's Retirement Program, shall be exercisable only upon application to and approval by the University. The agreement to be executed by the faculty member with the Business Manager covering deposits to be so made shall provide that a faculty member who exercises such option and during his employment by the University withdraws his contributions for additional benefits, in lieu of using the same for the purchase of retirement benefits, shall thereupon reimburse the University for its contributions for such purposes in full, including any interest that may have been earned thereon.

This amendment shall be effective July 1, 1950.

This motion was seconded by Mr. Thompson, and upon roll call was adopted by unanimous vote.

* * * * *

General Dargusch moved that the President and Business Manager be instructed to procure and present to the Board of Trustees for its approval a design for a University flag.

This motion was seconded by Mr. Power and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch offered the following motion:

Whereas it is the sense of this Board that a new modern building is greatly needed for the College of Law, therefore, the Board requests the President to advise with the Dean and Faculty of the College of Law and inform them that the Trustees would look with favor upon a plan which they might devise through the Development Fund to make possible the solicitation of funds from alumni and other citizens, for the purpose of constructing a new Law building. Additional funds needed would be requested from the General Assembly.

This motion was seconded by Mr. Power and upon roll call was unanimously approved.

Upon the request of the Board, Dean Charles A. Doan of the College of Medicine was present at the meeting and discussed with the Board the proposed plans for the remodeling and use of a portion of the Starling-Loving Hospital for teaching purposes, as presented to the Board at its April 17, 1950 meeting and stated that the plans as suggested have the approval of the College of Medicine.

Upon motion of Mr. Power, seconded by General Dargusch, the Board by unanimous vote approved the plans as presented at the

April 17, 1950 meeting and directed the Vice President and Business Manager to proceed with the preparation of the necessary plans and specifications to accomplish this.

* * * * *

Dean Doan now discussed the proposed increase in the number of freshmen students to be admitted to the College of Medicine and advised the Board that with the changes now authorized the entering class for the fall quarter 1950 can be increased to 150 students.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board by unanimous vote agreed that 150 freshmen students should be admitted to the College of Medicine for the coming fall quarter and directed that the proper University authorities be instructed to make such arrangements as are necessary to accomplish this result.

* * * * *

The President reported conversations with Dean Wendell Postle of the College of Dentistry, who has thus far been engaged part time in the service of the University, to the effect that Dean Postle is now willing to give up the general practice of dentistry and devote full time to the deanship.

He recommended that the employment of Dean Postle on full time be authorized as of July 1, 1950, and that Dean Postle's salary as of the date when he assumes full time duties be established at \$12,000.00 per year.

Upon motion of Mr. Ketner, seconded by Mr. Power, the above recommendation was approved by unanimous vote.

The President presented the following statement in reference to the Evacuation Hospital:

On November 9, 1947, by resolution, the Board of Trustees provided, upon the recommendation of Major General R. W. Bliss, Surgeon General, for the reactivation in the College of Medicine of the Ohio State University an "Evacuation Hospital."

Such unit had existed prior to World War II. Its membership however, comprised most of the key members of the Faculty of the College of Medicine, and the proposal to call the unit into active service threatened the virtual discontinuance of our program of training doctors. Upon the suggestion of the Surgeon General's Office, we asked for the cancellation of this unit which was then ordered.

The unit, as now reactivated, is composed of junior Faculty members who would, in the event of war, in all probability be called into service regardless of their membership in the unit.

It is now proposed that the status of our 49th Evacuation Hospital unit be changed to a "General Hospital" unit. According to Dr. Doan, this change would involve very little difference in personnel. Five such units are being created throughout the country, and we are to be one of the five if change is made. Dr. Doan recommends the change.

The Evacuation unit having been reactivated upon the authority of the Board of Trustees, I am now recommending to the Board that it approve the change of status to "General Hospital" unit.

Specifically, I recommend that as President of the University I

be authorized to enter into a contract for affiliation with the Department of the Army, forms for which have been given us.

Upon motion of General Dargusch, seconded by Mr. Kettering, the Board approved the above recommendation by unanimous vote.

* * * * *

Following report by Dean Doan as to the varying bases of employment and compensation of members of the faculty of the College of Medicine and discussion by the Board, it was agreed that it would be the sense of the Board of Trustees that there be two categories of employment:

(a) Part time employment under the terms of which offices may be maintained off campus and private practice carried on at the full discretion of the faculty member himself. This arrangement will be reflected in the amount of compensation paid such faculty member by the University.

(b) Full time service to the University with offices and facilities supplied by the University. Under this arrangement, patients may be seen by the faculty member to such extent as may be consistent with the proper performance of University duties, but all fees and charges for the faculty member's service shall be made by the University upon its billing and all proceeds paid to the University itself. Appropriate salary adjustments shall be made to the mutual satisfaction of the faculty member and the University. Moneys accruing from fees received by the University for the medical services of such faculty members shall be available for the payment of salaries.

The President was directed to work out a schedule of positions in accordance with the foregoing and report back to the Board of Trustees.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Completion of Substation C Including New Three Phase Service to Kinsman Hall; also New Electric Feeder from Power Plant to Substation D North and D South	\$45,160	G-31-2 Electrical Distribution Equipment, H. B. 655

New Steam and Condensate Lines from Administration Building to Mendenhall Laboratory	25,879	

Upon motion of Mr. Power, seconded by Mr. Thompson, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following statement concerning purchases from Equipment appropriations:

Movable equipment is purchased under the State law by competitive bids taken by sealed proposals and not pursuant to legal advertisement. It has not been the precedent, over the years, to report to the Board of Trustees purchases of such equipment payable from the regular equipment appropriations. However, due to the size of the appropriations for "Equipment for Buildings under Construction," \$750,000.00—and "Equipment Medical Center," \$1,000,000.00—it was thought wise to report to the Board of Trustees purchases over \$10,000 chargeable to these two appropriation accounts. In line with this policy, the following purchases are reported:

<i>Browne-Morse Company</i>	\$106,146.66
Laboratory Equipment for Botany and Zoology Ad- ditions. To be paid from G-31-6 Equipment for Buildings under Construction, H. B. 655	
<i>Hamilton Manufacturing Company</i>	\$150,994.85
Dental Cubicle Equipment, Medical Center. To be paid from G-31-7 Equipment Medical Center, H. B. 655.	

Mr. Power offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there be called for redemption on June 15, 1950, Women's Dormitories Construction Revenue Bonds in the amount of \$13,000.00 being bonds Nos. 51 through 63 inclusive, and that the Business Manager be directed to notify in writing the State Teacher's Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Thompson and upon roll call was unanimously approved.

Mr. Power offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there be called for redemption on June 15, 1950, Men's Dormitory Construction Revenue Bonds in the amount of \$20,000.00 being bonds Nos. 106 through 125 inclusive, and that the Business Manager be directed to notify in writing the State Teachers' Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Thompson and upon roll call was unanimously approved.

Mr. Power offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there shall be repaid to the Treasurer of the State of Ohio on June 15, 1950 a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

This motion was seconded by Mr. Thompson and upon roll call was unanimously approved.

The Vice President and Business Manager made the following statement:

On April 17, 1950 the Board of Trustees approved the transfer of \$10,885.00 from Rotary 12879 to G-2-I Addition to Commerce Building, H. B. 654. Since this money is to be used for equipment for the Commerce Library, it is now requested that the transfer be made from G-31-6 Equipment for Buildings under Construction, H B. 655 to G-2-9 Addition to Commerce Building and Equipment, H. B. 655.

Upon motion of Mr. Kettering, seconded by Mr. Thompson, this recommendation was approved by unanimous vote.

That the Athletic Department Budget for the year 1950-1951, be approved.

That Clinton C. Caldwell, Instructor, Agricultural Extension Service, College of Agriculture, be retired June 30, 1950 and be paid \$84 a year from Interest on Endowment 4002 to comply with provision for supplementary payment to University employees.

That the following leaves of absence, with salary, be granted:

E. O. Williams, County Agricultural Agent, Lucas County, Agricultural Extension Service, for the period July 1 to September 30, 1950 for graduate study.

Robert W. Lang, County Agricultural Agent, Agricultural Extension Service, for the period June 23 to August 18, 1950 for graduate study at the University of Wisconsin.

Thelma Beall, Extension Specialist in Home Management, Agricultural Extension Service, for the period June 5 to August 20, 1950 for graduate study at Columbia University.

That the following leaves of absence, without salary, be granted:

Erma Ramseyer, Specialist in Home Furnishings, Agricultural Extension Service for the period July 1 to September 15, 1950 for the purpose of travel and study in Europe.

That upon the recommendation of the Faculty Council at its meeting held on May 9, 1950, the degree Bachelor of Science in Restaurant Management be established in the College of Agriculture for those students who successfully complete the curriculum in Restaurant Management.

That upon the recommendation of the Faculty Council at its meeting held on May 9, 1950 the following change in Rule 125 be approved. (The change affects the last two paragraphs on Page 46 beginning with the words—"At the close of each quarter.")

"At the close of each quarter every instructor shall report to the Registrar, to his Dean, and to the Chairman of his Department on Form 3656 the names of students who have received the grade 'Inc.', together with a statement of the work required to be completed in the course and the grade to be given if the work is not completed in the manner hereinafter provided.

"The student must complete the work at the earliest possible time but not later than the close of the first quarter in residence following receipt of the Incomplete; except that in laboratory courses offered but once a year, he shall have one calendar year in which to complete the work. Provided, however, that upon petition, the Executive Committee of the College in which the student is presently enrolled may, for sufficient reason, waive compliance with this requirement to the extent of not more than one quarter.

"If at the close of the first quarter in residence or calendar year, as the case may be, following receipt of the Incomplete, the student has not completed the work remaining to be done in the course in which such mark was received, the instructor or,

in his absence, the Department Chairman, shall report a final quarter grade, giving such weight to the unfinished work as in his judgment he deems proper.

"In no case shall a student who has received the mark 'Incomplete' be permitted to repeat the course in which such mark was received until such time as the Incomplete has been removed in the manner hereinbefore provided, and then only in such cases as fall within Faculty Rule 133."

At the same meeting the Council also approved a change in Rule 133, which called for the deletion of the words—"or E" in Line 2.

That the agreement between The Ohio State University and the State Department of Education, Division of Special Education, to provide in-service training for teacher education of slow-learning children for the period June 26 to July 14, 1950, be approved.

That \$8000.00 be appropriated from H-8 Contributions for the use of The Ohio State University Association for the period July 1, 1950 to June 30, 1951.

That \$1000.00 be appropriated from H-8 Contributions for the use of the Ohio Journal of Science for the period July 1, 1950 to June 30, 1951.

That \$400.00 be appropriated from H-8 Contributions for the use of the Agricultural Student for the period July 1, 1950 to June 30, 1951.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$3600.00 from the Procter and Gamble Company, Cincinnati, Ohio, for the Procter and Gamble Fellowship—Rotary 11653.

\$2000.00 from the Firestone Tire and Rubber Company, Akron, Ohio, for the Firestone Tire and Rubber Company Fellowship—Rotary 11255.

\$1596.36 from the City National Bank and Trust Company, Executor, Estate of Ellis Lovejoy, deceased, to be credited as follows:

Helena Chamberlain Memorial Fund.....\$798.18

Caroline Drew Lovejoy Memorial Fund..... 798.18

\$1500.00 from the International Nickel Company, New York City, for the International Nickel Company Fellowship—Rotary 11332.

\$1500.00 from the Ciba Pharmaceutical Products, Inc., Summit, N. J., for the Ciba Fellowship in Surgical Research—Rotary 11126.

\$1500.00 from the Monsanto Chemical Company, St. Louis, Mo., for the Monsanto Chemical Company Fellowship—Rotary 11455.

\$1000.00 from the Cincinnati Chemical Works, Norwood, Ohio, for the Cincinnati Chemical Works Fellowship—Rotary 11128.

\$600.00 from the Ohio State University Mother's Club for student scholarships—Rotary 14803:

Medical Scholarship\$450.00

Music Scholarship 150.00

\$150.00 from Mortar Board for the Student Scholarship Fund—Rotary 14803.

From the Development Fund

\$1880.00 for the Mary Christie Curtis Fund—Rotary 11155.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Johns-Manville Corporation, Research Center, Manville, N. J.—Investigation of insulating firebrick (to be known as the Johns-Manville Corporation, Research Project No. 44—Engineering Experiment Station);

Navy Department, Office of Naval Research, Washington, D. C.—Investigation of fungicides and insecticides (to be known as the Navy Department, Office of Naval Research, Research Project No. 282—Chemistry);

Navy Department, Office of Naval Research, Washington, D. C.—Investigation of thermodynamics of inorganic substances (to be known as the Navy Department, Office of Naval Research, Research Project No. 283—Chemistry);

Fairchild Engine and Airplane Corporation, NEPA Division, Oak Ridge, Tennessee—Investigation of thermal conductivity of solid compounds, liquid metals and molten compounds (to be known as the Fairchild Engine and Airplane Corporation, Research Project No. 321“A”—Chemistry);

Air Materiel Command, Wright-Patterson AF Base, Dayton, Ohio—Investigation of patterns and radiation characteristics of antennas (to be known as the Air Materiel Command, Wright-Patterson AF Base, Research Project No. 326—Electrical Engineering);

Air Materiel Command, Wright-Patterson AF Base, Dayton, Ohio—Investigation of fatigue studies of X76ST aluminum alloy and 4330 steel alloy (to be known as the Air Materiel Command, Wright-Patterson AF Base, Research Project No. 516—Mechanical Engineering);

Air Materiel Command, Wright-Patterson AF Base, Dayton, Ohio—Investigation of preliminary study on crew composition and effectiveness (to be known as the Air Materiel Command, Wright-Patterson AF Base, Research Project No. 403—Psychology);

Department of the Army, Office of the Secretary of the Army, Procurement and Supply Division, Washington, D. C.—Investigation of psychological research (to be known as the Department of the Army, Research Project No. 417—Psychology);

The Velsicol Corporation, Chicago, Illinois—Investigation of insecticidal and fungicidal properties of chemical compounds (to be known as the Velsicol Corporation, Research Project No. 329—Zoology);

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of fungicides and insecticides (to be known as the Mathieson Chemical Corporation, Research Project No. 116-A—Zoology);

The above ten contracts for research in cooperation with Government and Industry represent a gross income of \$238,674.00 .

Upon motion of Senator Bricker, seconded by General Dargusch, the Board by unanimous vote approved the above recommendations.

Medical College admissions

Vice President Stradley submitted to the Board a report on the progress being made in the admission of applicants to the College of Medicine. Dr. Stradley was requested to develop this report further for presentation to the Board at its next meeting.

Classification of Medical College faculty positions

Vice President Hatcher presented a statement on the study being made of the classification of Medical College faculty positions. His report indicated that the situation was so complex that an immediate recommendation as to the classifications to be followed could not be immediately forthcoming. During the discussion, the need for proper office facilities for practicing members of the Medical College faculty was indicated. Resulting from that, on motion of General Dargusch, seconded by Mr. Ketner, the proper University authorities were authorized to investigate the possibility of interesting one of the large insurance companies in constructing a combined hotel, office building and drug store in the general area of the Medical Center.

Athletic Budget

With respect to the Athletic Budget for the year ending June 30, 1951, which was approved as a part of the President's recommendations, it was the consensus and request of the members of the Board that in the future the Athletic Budget should be circulated to the members of the Board one week prior to the meeting in which action is to be taken.

Field House and Auditorium

The Vice President and Business Manager presented the following report on the proposed Field House and Auditorium:

At the present time, the University Architect's Office is engaged in a study of the needs of the Athletic Department for indoor practice space for baseball, football, track, golf and tennis as well as the need for a proper place for playing basketball. Numerous conferences have been held with the various officials and coaches in the Athletic Department and the program of needs is emerging. In order to determine the proper relationship of these various needs, the University Architect's Office is preparing a model of a building which would house all of them. This model would indicate that the edifice could be built in part and would be expansible so that other parts could be added at any time in the future.

The University Cabinet feels that it is essential to a proper understanding of the problem that this model be completed. Therefore, this is to report to the Board of Trustees that the University Architect's Office is working intensively on this project and the results will be shown to the Board of Trustees at an early date. After the decision is made as to which part of the Field House is to be built first, working drawings will be made.

No architectural work has been done at all on the Auditorium. The Director of Public Works has consistently refused to permit the execution of architectural contracts, even for the development of preliminary drawings, without a certification from the department in question that the entire amount of funds necessary to do the job was in hand. This, of course, is contrary to our hopes as we had thought it might be possible to draw at least the preliminary plans and sketches so that we might have available to all interested parties an indication of the scope and nature of the proposed Auditorium.

The Auditorium, in our opinion, when built should complement the Field House and in no sense duplicate the facilities which will be included in the latter structure. Indoor commencements would be assigned to the Field House because of the greater seating capacity there. Concerts and lectures would be held in the Auditorium.

The size of each of these structures would depend upon the needs as the preliminary planning progressed and upon the amount of money available.

The Vice President and Business Manager also read a letter from John B. Fullen, Secretary of the Alumni Association, for and on behalf of the Alumni Advisory Board, urging that the proposed Field House contain space for basketball and that such basketball games be not taken to the new auditorium downtown.

Evaluation of Law Teachers

Vice President Hatcher presented the following statement re the student evaluation of the College of Law:

The first round of faculty evaluation by students has been accomplished in the College of Law. The results of this evaluation are now being scored by the Bureau of Educational Research.

The whole problem of faculty evaluation by students has been explored with a view toward campus-wide use.

Following the discussion of this project at the Gibraltar meeting of the Board of Trustees, I called together the outstanding experts on testing. These men have had wide experience in this matter. The problems are complex, particularly in a large institution where the courses of instruction are exceedingly diverse, where they range from introductory freshman courses to advanced research seminars, from courses in general education to specialized professional programs. The qualities which make for successful teaching frequently vary widely among these different situations. The judgment of the students also varies with their maturity and appreciation of the educational process.

The interest in student evaluation of faculty is widespread. Several institutions have been experimenting with it and have accumulated considerable experience with its usefulness as well as its trouble spots. The committee sought and obtained information and sample evaluation sheets from several of the leading schools. Several of them sent helpful covering letters.

In the meantime our own students carried forward their interest in faculty evaluation and a representative of their group called on me to discuss the possibility of a campus-wide evaluation. They have made some progress but not sufficient to be ready for a university-wide evaluation for this academic year.

The College of Law, however, has been most cooperative in the project and went forward with an evaluation which will serve as an important guide for the wider experiment which we expect to initiate in the coming academic year.

It is generally recognized that there are so many factors involved in a student evaluation of faculty that any single run of a test is unlikely to give sufficient data upon which to found a final judgment concerning an instructor. We propose to continue the evaluation until such time as sound and convincing data are made available.

We have been at some pains to permit the evaluation project to be discussed among the students and faculty in order that their full cooperation may be encouraged. The results so far are gratifying.

Television—Application for Channel

President Bevis presented the following statement regarding a television station at the University:

After a considerable period of hesitation, the development of television in actual public use has come with a rush. Having added FM Radio, which is now in unexpectedly successful operation, we are confronted with the necessity of making a prompt decision with regard to the application for a television wave length.

The assignment of wave lengths throughout the country has been "frozen" by the Federal Communications Commission since last September. The "freeze" will probably continue until a conclusion is reached as to color television—a decision chiefly between the rival methods in the hands of different major companies.

Prior to last Autumn, it was the consensus of professional opinion that colleges and universities would be well advised to apply for wave lengths in the ultra high frequency series. The number of such wave lengths is relatively large and the institutions of higher education represented in the Land Grant College Association and the National Association of State Universities have pending before the Commission at the current hearing, a request for the reservation of appropriate wave lengths for educational use.

Since last fall it has become increasingly apparent that with the great number of receiving sets in the very high frequency series in the public's hands, a wave length in the ultra high frequency area would be of little use at least for a long time to come.

Bringing our own problem into this developing picture: there are only three very high frequency channels assigned to the Columbus area, each of which is now "owned" by an existing telecasting company. There is, however, the possibility of securing a license on Channel 12. This, according to Mr. Higgy, is the sole possibility at the present time. Channel 12 is now assigned to Indianapolis and Charleston, West Virginia, and our midway position is not too favorable. It is not impossible, however, that we might obtain permission to use this Channel.

The installation of television facilities requires a considerable outlay. I have asked Mr. Higgy to give me as good a preliminary estimate as is possible at this time, and his report indicates that a fairly complete operation from a fixed studio location and also from any remote point on the campus would cost:

1. Studio equipment for two studios including two cameras for live program pickup, one film camera, two 16mm movie projectors, two slide projectors and audio equipment.....	\$ 78,000
2. Field or remote pickup equipment including two cameras and relay transmitter-receiver.....	58,000
3. Transmitter and antenna for 5 kilowatt video & 2.5 kilowatt sound with 500 foot high antenna..	129,000
	Total.....\$265,000

It would be possible, however, in Mr. Higgy's judgment, to begin operation on a more limited scale at a somewhat reduced cost. A minimum installation would require:

1. Studio equipment including one camera for live program and one film camera, one 16mm movie projector, one slide projector and audio equipment \$	39,000
2. Transmitter equipment and antenna for 5 kilowatt video and 2.5 kilowatt sound with 500 foot high antenna	129,000
	Total.....\$168,000

In view of the fact that perhaps our chief need at the moment is to get our foot in the door and of the still somewhat experimental character of television generally, there is something to be said for beginning on the more modest scale. Perhaps not the least thing to be said is that finding the funds will stretch our current resources.

It is Mr. Higgy's recommendation that the transmitting station and antenna be located in the farm area west of the Olentangy River, with studios on the campus at a central location. Some additional building space would be required. It is thought a transmitter building with about 1200 square feet of floor space would be necessary. This space need not be of expensive character.

A further saving of some \$55,000 might be made by using a small transmitter of only one-half kilowatt. It is doubtful that this saving would be economical in the end.

It is my recommendation, therefore, that the proper University officers be authorized to make application for a television license and channel. Unless action is taken pretty promptly, it may be totally impossible to acquire wave length in the very high frequency series and the usefulness of an ultra high frequency license may not materialize for a long time.

Upon motion of General Dargusch, seconded by Mr. Thompson, the proper University officials were, by unanimous action of the Board, authorized to make application for a television license and channel.

Report Western Conference Meeting in Chicago

President Bevis read the following letter from Dean Wendell Postle relative to the Western Conference Meeting in Chicago on May 25, 1950:

June 7, 1950

President Howard L. Bevis
The Ohio State University
Columbus 10, Ohio

Dear Doctor Bevis:

This is to inform you of the action taken at the recent Western Conference Faculty Representative meeting concerning the Rose Bowl contract and television.

A motion was made for the chairman to appoint a seven-man committee to negotiate with a similar committee of the West Coast Conference for the renewal of the Rose Bowl contract—three faculty representatives and three directors along with Mr. "Tug" Wilson, the commissioner.

A vote was taken and seven schools voted "yes." Northwestern, Wisconsin and Minnesota voted "no."

The men chosen to meet with the West Coast Conference is made up of the following personnel:

Faculty Representatives

Mr. Brenneman, Chairman	Indiana
Mr. Aigler	Michigan
Mr. Little	Wisconsin

Directors

Mr. Chrysler, Chairman	Michigan
Mr. Larkins	Ohio State
Mr. Mills	Illinois

Our conference favored the one-three plan of participation, but the committee was given authority to settle for the one-two plan if the West Coast Conference insisted. They also were instructed to insist upon such changes as better ticket distribution, improved hotel facilities, and more expense money for the visiting teams. This committee will meet with the West Coast Conference committee sometime in June.

In regard to television: After a long discussion, a motion was made to support the directors in their previous decision to ban "live" television for the year 1950 in football only. A vote was taken. Illinois voted "no," Ohio State did not vote and all the rest voted "yes." This was a decision for the fall of 1950 only and the whole matter of television with all its ramifications will be re-considered this fall to determine the policy in the future.

Sincerely,

WENDELL D. POSTLE, *Dean*

On motion of General Dargusch, seconded by Mr. Thompson, the above report was ordered received by the Board of Trustees.

The Alwood Tract

The Vice President and Business Manager presented the following statement with respect to the Alwood Tract on Olentangy River Road:

On May 16, the Rural Zoning Commission of Franklin County held a hearing for the purpose of considering a petition to zone the

Alwood tract on Olentangy River Road for light-manufacturing purposes. Among others present at the hearing were President Bevis, Dean Rummell, Mr. Kuntz, and Mr. Taylor. During the presentation of the case for the petitioner, it was pointed out that the only way in which the Alwood heirs could satisfactorily receive any money for their property was to have it zoned for light-manufacturing and thus secure the higher amount per acre which would result. During the discussion, a real estate broker indicated that he had a client who was interested in erecting a multiple housing project on this site and that his objection to the zoning for light-manufacturing was to enable his client's housing project to go forward. The name of the International Harvester Company came into the discussion as one of the probable purchasers of the land. Since that time the Harvester Company has indicated to us that they are no longer interested in the property as they have purchased sufficient acreage elsewhere.

President Bevis entered objection to the zoning of the property for light-manufacturing on the ground that the University had a vital interest in it. After what virtually constituted a public offer by the real estate interests for the property, President Bevis indicated that the University was interested in acquiring the property and would do so if it could get it on the proper basis.

On May 17th, in the office of President Bevis, discussions were had with a Mr. C. R. O'Neil, real estate broker representing the Alwood interests. Present at this meeting were President Bevis, Dean Rummell, Mr. Kuntz and Mr. Taylor. Mr. O'Neil said that the Alwood family was not averse to selling the property to the University but that any offer which would be below the asking figure of \$10,000 per acre would not likely be entertained very seriously. He indicated that Miss Alwood would like to retain the eight acres which contain her house and the greenhouses. This would mean that there would be about 17 or 18 acres available for purchase at this time at the suggested price of \$10,000 per acre. It should be pointed out that this land is all uncultivated and that the asking price is based on the use for industrial purposes and certainly not for the purposes for which the property would be used by the Ohio State University.

Dean Rummell was requested to consult with the members of the departments affected in the College of Agriculture and to make a recommendation concerning the probable purchase of the Alwood tract. His report and recommendation are as follows:

- "1. The purchase of the Alwood property is a matter for decision by the President's Office alone. At prices mentioned it can not be considered for purchase for farm purposes.
- "2. Dr. Walter Krill in conference today confirmed his previous opinion that it is an ideal location as a site for building a College of Veterinary Medicine in the master plan for University development. We concur and hence suggest University Administration should consider priority in its land purchase plans. We propose no alternative in opposition to such use of this site if it can be procured within the means at University disposal.
- "3. Finally, if the University Administration is unable to buy this property at a price within our means, then we still present for your consideration our proposals as outlined in our letter of

March 28, 1950, addressed to Mr. Taylor. For farm purposes we can acquire far more acres near Ackerman Road that will be worth as much per acre and will fit into our future development even better than the Alwood property.

"Therefore, we repeat that acquisition of the Alwood estate is primarily in the general interest of the University and from that view point we believe the best interests of the institution will be served by decision by the President."

The problem before the University at this time is briefly this: the Alwood property is an integral part of the development of the west campus of the College of Agriculture and is important as a site for the new Veterinary Medicine development on the west side. It would be unfortunate if the University were not able to acquire this property.

Judging by recent events, the time for decision on this property seems to have arrived. This matter is now being presented to the Board of Trustees for their advice and recommendation.

On motion of Senator Bricker, seconded by General Dargusch, by unanimous action of the Board, the President and the Vice President and Business Manager were authorized to proceed to negotiate for the purchase of the Alwood tract. This approval was extended, as a part of the same motion, to the Church situated on the corner of Lane Avenue and Kenny Road in Laneview.

Cooperation in Management of the Health, Welfare and University Hospitals

The Vice President and Business Manager presented the following statement with respect to the proposed cooperation in the management of the Health, Welfare and University Hospitals:

On May 23rd, the Vice President and Business Manager met with Dean Doan, Director Porterfield of the State Department of Health and Dr. Baker of the State Department of Welfare. The subject of the discussion was the possible cooperation in the management of the Health, Welfare and University Hospitals. The suggestion had been made by Dean Doan that perhaps the heads of the Health and Welfare Hospitals might be appointed by the University and the two cooperating departments charged back for their appropriate parts of the salaries involved. Dr. Porterfield immediately suggested that the act of the last legislature, which gave the Department of Public Health the authority to operate a hospital, provided that the Director of Health should appoint the head of that hospital. He further stated that an informal opinion of the Attorney General indicated that he would necessarily have to make that appointment himself.

Dr. Porterfield seemed to be of the opinion that the type of cooperation suggested was not possible and that he should proceed to appoint the head of the tuberculosis hospital and that Dr. Baker should proceed to appoint the head of the Receiving Hospital. The meeting closed with the understanding that Dr. Porterfield and Dr. Baker would submit to Dean Doan, in writing, a statement of what cooperation they were willing to undertake and how they thought it might be effected.

The Vice President and Business Manager then read from a memorandum furnished him by Dean Doan relative to a telephone

conversation which had taken place between Director Porterfield, of the State Department of Public Health and Dean Doan's office. This memorandum indicated that Dr. Porterfield had stated that the law was quite specific and that everyone, from the Governor on down, would prefer that the Superintendent of the Tuberculosis Hospital be appointed by the Department of Health and paid by the Department of Health. Therefore, if the University wishes to secure the services of the Superintendent of the Tuberculosis Hospital under faculty appointment, it would be necessary for the University to make an additional payment for that service. This duplicate payment has been the matter under discussion and which it was sought to avoid.

From this information and other data in the memorandum, it seems evident that the appointment of the Superintendent of the Tuberculosis Hospital will be direct by the Director of Public Health. No further information has been received from the Department of Public Welfare, but it is not unlikely that it will follow the same pattern as that of the Department of Public Health.

Hot Laboratories—Safety Inspector

President Bevis presented the following statement relating to a Radiation Safety Inspector:

Safety from the effects of radiation has become a pressing problem on the campus because of the considerable number of laboratories and workshops in which potentially dangerous materials are used. The situation is the more pressing because of the lack of knowledge about the character and extent of the danger.

On July 5, 1949 there was established the Radiation Laboratory Committee consisting of Dean Emeritus Alpheus W. Smith, Dr. C. A. Doan, Professor Edward Mack, Jr., Dr. George M. Curtis, and Professor E. E. Dreese, to whom we have looked for guidance.

There is quite naturally some difference of opinion as to the character and extent of the danger, and, it would appear, familiarity in many cases tends to breed carelessness.

On December 7, 1949, the Radiation Laboratory Committee recommended the appointment of a Radiation Safety Inspector, with the following duties:

- 1) Make systematic surveys of all areas in the University where ionizing radiation is generated or where radioisotopes are present.
- 2) Keep all workers with radiation supplied with radiation indicators such as meters and film badges and keep records of the exposures.
- 3) Keep radiation survey meters in accurate condition.
- 4) Keep records of blood counts of exposed persons.
- 5) Keep records of receipt and distribution of radioactive material at the University.
- 6) Check the methods of disposal of radioactive waste products.
- 7) Generally secure adherence to safety regulations for the protection of personnel and property from radiation hazards.

Because of the inter-departmental character of this position, it is

contemplated that it be budgeted in the President's Division and that the incumbent report to the President.

The officer's duties will consist in inspection, recommendation and report. Action based on his reports will be taken by the appropriate University agencies and officers under the direction of the President.

For the evaluation of reports, especially in case of disagreement, the Radiation Laboratory Committee will be available in advisory capacity.

It will probably be desirable to assign some teaching duties to this officer and to that end, when he is appointed, an academic rank may be suggested.

I recommend, therefore, the establishment of the position of Radiation Safety Inspector in the President's Division, at a beginning salary not to exceed \$5,000.00 per annum.

Upon motion of Senator Bricker, seconded by General Dargusch, the Board authorized the establishment of the position of Radiation Safety Inspector in the President's Division at a beginning salary not to exceed \$5,000 per annum.

University Flag

President Bevis presented the following statement relative to the design of a flag for the University:

Pursuant to the Board's instruction, I have asked Howard Dwight Smith to design and submit for the Board's approval a proper Ohio State University flag.

I shall submit the design at an early meeting of the Board.

Application for Dormitory Loan

The Vice President and Business Manager presented the following statement relative to the application for a dormitory loan under the Housing Act of 1950:

The Housing Act of 1950 (Public Law 475, Second Session, 81st Congress) creates a revolving fund of \$300,000,000 for loans to institutions of higher learning for the construction or renovation of housing facilities for faculty and students. It is estimated that the interest rate will be about 2.75% and that the period of repayment of the loan will be about 40 years in length.

The House and Home Finance Agency has been given the responsibility for operating this loan program. At present, this Agency is engaged in the problem of perfecting an application form by which educational institutions may make application for these dormitory loans. Until this Agency completes its work, no application may be made for a loan.

In order that the Ohio State University may make an application at the proper time for a dormitory loan under the provisions of the Housing Act of 1950, it is requested that the President and Vice President and Business Manager be given authority to investigate and to make application for such a loan in the name of the Ohio State University.

On motion of General Dargusch, seconded by Mr. Ketner, the above action was unanimously adopted.

General Dargusch offered the following resolution and moved its adoption:

That there be appropriated from Interest on Endowment the sum of Two Thousand Dollars (\$2,000.00) to the President for official entertainment for the fiscal year beginning July 1, 1950.

This resolution was seconded by Mr. Ketner and adopted by unanimous vote.

Identification Badges for Trustees

General Dargusch offered the following resolution and moved its adoption:

Press Box

The Vice President and Business Manager now presented the following statement:

The Press Box which is now under construction on the Stadium is nearing completion. Inasmuch as it is unlikely that the games for the season 1950 will be televised, space would be available for the use of the Board of Trustees for observation purposes. In connection therewith, the University Architect made the following report:

"I have investigated the possibility of providing special observation facilities in the Press Box for the Board of Trustees as requested by the Vice President and Business Manager.

"I find that it will be possible to combine radio broadcast booths 13 and 14 on the D deck, by eliminating the metal partition between these two areas. This will provide a space 8 ft. wide from front to rear and approximately 19 ft. long.

"Full observation space can be provided by eliminating the counter at the front of the area which has been provided for the broadcaster.

"If a decision is made on this matter at once the cost of making the necessary changes will be nominal."

On motion the Cabinet directed the Architect to take the necessary steps to make spaces D-13 and D-14 in the new Stadium Press Box available for the use of the University Board of Trustees for observation purposes.

This matter is now called to the attention of the Board of Trustees for whatever action they wish to take, the space having been held available pending the Board's decision as to whether or not it cared to use the space.

General Dargusch then offered the following resolution and moved its adoption:

That the space in the Press Box allotted to the administration shall be for the use of the following persons:

- (a) Members of the Board of Trustees, their wives and members of their immediate families (this to include retired members of the Board in accordance with resolution previously adopted according such persons the courtesies extended to members of the Board);
- (b) The President, his wife and the members of his immediate family;
- (c) The Vice Presidents, their wives and the members of their immediate families;
- (d) The Secretary of the Board of Trustees and his wife;
- (e) Guests of the University administration (here defined as the officials enumerated above).

In view of the extremely limited space allotted for the purpose, the allotment of seats is hereby delegated to the Vice President and Business Manager. Applications for space shall be made to such officer.

The above resolution was seconded by Senator Bricker, and upon roll call was unanimously adopted.

Water Lines at Golf Course

The Vice President and Business Manager presented the following report and recommendation:

In the Spring of 1938, the Athletic Department constructed a water line, starting at Highland Drive and proceeding to the intersection of Kenny Road and McCoy Road from whence it proceeded across the golf course, to furnish water for the golf course. The actual cost of the water main to the Athletic Department was \$2,300.00. Subsequent to that time, the Athletic Board entered into agreements with certain individuals permitting them to tap the water line on Highland Drive for the purpose of supplying water to private residences which they were constructing. A tapping charge of \$120 was made. This money became a part of Athletic receipts. The agreement, copy of which is attached, was signed by the Chairman and Secretary of the Athletic Board for the University.

Several similar requests have been made recently and it is the opinion of the University Cabinet that the University should not make a tapping charge to the residents in that area on the belief

that the University should not be in the business, even remotely, of acting as a public utility. The several requests which have been made to tap the line recently have been granted without a tapping charge. We now have a request from Mr. Oscar Thomas in which he asks that this main be extended several thousand feet west along McCoy Road to serve certain property which he has or does now own. It is again the opinion of the Cabinet that this request should be granted without a tapping charge to Mr. Thomas, but also without an assessment to the University for the extension of the line along McCoy Road. It is also the recommendation of the Cabinet that the Board of Trustees, for and on behalf of the University, ask the Board of County Commissioners of Franklin County to accept the water main from the Athletic Department, to maintain it in the future, to service it and to treat it in all respects as though it were its sole property, and that the University be relieved from all responsibility with respect thereto. This recommendation is made herewith.

Upon motion of General Dorgusch, seconded by Mr. Thompson, the above recommendations were unanimously approved.

Salary Adjustment—Apprenticeship Agreements

The Vice President and Business Manager presented the following statement and recommendation:

On November 1, 1946, an agreement was signed between Mr. Manchester of the Library and The Ohio State Apprenticeship Council employing Mr. Gilbert Smith as an Apprentice Book Binder. The Apprenticeship to begin November 1, 1946, under the following terms:

First Year	37½ %	of Journeyman Pay
Second Year	50 %	of Journeyman Pay
Third Year	67½ %	of Journeyman Pay
Fourth Year	87½ %	of Journeyman Pay
Fifth Year	Full	Journeyman Pay

Tied in with this agreement was the G. I. On-the-Job Training through the Veterans Administration which provided that the Veterans Administration pay the difference between the apprenticeship salary paid by the University and the maximum set under the law for On-the-Job Training.

The terms of this agreement were met through June 30, 1948, at which time a new policy for adjusting salaries in the printing and binding field was adopted. The new policy effective on July 1, 1948, inadvertently did not include the adjustments provided in the signed agreements. This cause an under-payment by the University and an over-payment by the Veterans Administration for the period of July 1, 1948 to June 30, 1950. The amounts indicated below are for the purpose of adjusting this difference.

Net under-payment to Mr. Smith.....\$921.00

It is recommended, therefore, that a voucher be drawn in the favor of Gilbert Smith in the amount of \$921.00 to enable him to refund to the Veterans Administration the amount of the University underpayment and the Veterans Administration's overpayment.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendation was unanimously approved.

Checking account—John Hancock Mutual Life Insurance Premium Reserve

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to establish a checking account in a local Bank to be used to deposit the premium reserve received from the John Hancock Mutual Life Insurance Company, and to make expenditures for the increased amount of \$204.00 annually to retired members and for the death benefits of \$500.00 to beneficiaries of deceased members.

It is also recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to make application to the John Hancock Mutual Life Insurance Company for the withdrawal of \$25,000 from the premium reserve on Group Life Insurance Policy No. 1305 G.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendations were approved by unanimous vote.

Trust fund—Monthly payments by faculty members

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to establish a trust fund in a local bank to be used to deposit the monthly payments by the faculty members, which payments shall be equal in amount to the deduction which otherwise would have been made under the University annuity program. The Vice President and Business Manager is also authorized to make annual deposits therefrom in multiples of \$100.00 to the credit of the individual in the State Teachers Retirement fund in the month of August each year.

Upon motion of Mr. Thompson, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Indenture of Lease—Sisters of the Poor of St. Francis

Upon recommendation of the Dean of the College of Medicine, it is requested that the Vice President and Business Manager be authorized to negotiate and sign an amendment to the Indenture of Lease dated April 8, 1940, between the Ohio State University and the Sisters of the Poor of St. Francis. Th amendment will cover the period from July 1, 1950 to June 30, 1951 on the same terms as agreed to for the fiscal year 1949-50:

(1) Salaries of residents, interns and assistants appointed by the College of Medicine amounting to approximately.....	\$10,000.00
2() Cash paymnt for surgical and laboratory supplies	12,000.00
(3) Cash payment for general purposes.....	30,000.00
	<hr/>
Total.....	\$52,000.00

Upon motion of Mr. Thompson, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Steeb Portrait

General Dargusch presented the following resolution and moved its adoption:

Upon motion of General Dargusch, seconded by Mr. Thompson, the Board by unanimous vote approved and accepted the portrait of Carl E. Steeb, painted by Dr. James R. Hopkins at the request of the Board, and directed that the appreciation of the Board be expressed to Professor Hopkins for this work of art and for the way it represents the warm human attributes of the subject.

This motion was seconded by Mr. Thompson and upon roll call was unanimously adopted.

The President now reported to the Board the deaths of the following faculty members: Ray Fife, Charles J. Shepard, and James E. Boyd. In accordance with the recommendation of the Board of Trustees, a copy of the resolutions expressing, on behalf of the University, the sorrow and sympathy of the Board has been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Ray Fife, Professor of Agricultural Education, on May 16, 1950. Mr. Fife graduated from The Ohio State University in 1917 and received his doctor's degree from Columbia University in 1920. He began his professional career as a rural school teacher and county superintendent of schools in Van Wert County in 1910. He became Assistant State Leader, Boys' and Girls' Club Work, Agricultural Extension in 1917, and held the title of Professor from 1938.

Dr. Fife was one of the pioneer leaders in agricultural education in the United States during its most crucial period. He was President of the American Vocational Association from 1933 to 1935 and had been President of New Mexico State A. & M. College from 1936 to 1938. Recently he served as Chairman of the Research Committee of the North Central Region for Vocational Education in Agriculture. From 1921 to 1936 he was the State Supervisor of Vocational Agriculture in Ohio. He was the author of numerous articles in the *Agricultural Education Magazine* as well as other agricultural and educational journals.

He was a great vocational leader—an excellent administrator, inspiring teacher and wise counsellor. He continually interpreted and evaluated the vocational program in terms of the basic purpose for which it was intended.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Dr. Charles J. Shepard, Professor Emeritus of Medicine, on March 8, 1950. A graduate of Bellevue Medical College in New York City in 1896, Dr. Shepard continued his special interest in skin diseases, with training under the best German authorities at the turn of the century. He came to Columbus the year following his graduation.

He was on the staff of several hospitals and soon joined the faculty of the University's College of Medicine. He became Professor of Dermatology in 1914 and Clinical Professor of Medicine in 1934 which he held until 1943 when he became Professor Emeritus.

Dr. Shepard was one of the nation's pioneer skin specialists. He was a member and past president of the Columbus Academy of Medicine, one of the founders of the American Academy of Dermatology, and a member of various state and national medical associations. He was beloved by many generations of medical students and has the respect and deep affection of all of his medical confreres.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of James E. Boyd, Professor Emeritus of Mechanics, on May 10, 1950. He graduated from The Ohio State University in 1891. Before receiving his degree, he was appointed as an assistant to Professor B. F. Thomas of the Physics Department and began a career of teaching at Ohio State which was to continue for 45 years continuously, except for a single year spent as a scholar in physics at Cornell, where he received the M.S. degree in 1896. Upon his return from Cornell, he became Assistant Professor of Physics and later became Associate Professor and Professor of Mathematics. The appointment in mathematics was a tribute to his success in teaching mechanics and he immediately took charge of the mechanics section in that department. In 1906 this section was elevated to full departmental status, with Professor Boyd as its chairman. He was the author of two outstanding texts, *Strength of Materials*, published in 1911, and *Mechanics*, in 1921.

During the 28 years he administered the work of the Department of Mechanics, Professor Boyd participated fully in the affairs of the College and of the University. He served as secretary of the first Entrance Board and as Secretary of the College of Engineering. In 1909 and 1910, he was acting Dean of the College. During World War I he was called to the Bureau of Standards where he worked on the puzzling problem of the strength and stability of tapered struts, and made a notable contribution in this area. He is known also for his pioneer work in testing the physical properties of porcelain. In 1938 he received the Lamme medal.

Professor Boyd had an abiding faith in the enduring value of the work of a teacher. His enthusiasm for imparting knowledge never waned, and he asked little reward other than the satisfaction of seeing his students go forth to successful and honorable careers. He devoted his energies to the cause of education and his life to the welfare of The Ohio State University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.
