Alumnae Scholarship Houses

That upon the recommendation of the Alumnae Council the two parcels of property—The Alumnae Scholarship Houses—be accepted by the Board of Trustees and the appreciation of the Board be appropriately expressed:

It is further recommended that they be named as follows:

The first one at 201 Sixteenth Avenue to be called the Mary Pomerene Alumnae Scholarship House, made possible largely through Mrs. Pomerene's original gift.

The second one at 195 Sixteenth Avenue to be called the Davisson Hanley Alumnae Scholarship House after the mothers of Mr. and Mrs. Stanley M. Hanley whose gift of \$40,000 made it possible to purchase this property.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund:

\$506.34 for the Edgar M. Erb Memorial Fund	
\$500.00 for the Frank C. Caldwell Memorial Fund	
\$520.00 to be deposited in Rotary 13431 for medical research	
\$326.00 to be deposited in the following endowment funds:	
Marion E. Bond Memorial Fund	\$ 10.00
E. E. Lewis Fellowship Fund	162.00
Industrial Engineering Alumni War Memorial Scholarship Fund	109.00
William A. Evans Memorial Scholarship Fund	25.00
Carnes-Bartz Memorial Fund	20.00
	<hr/>
	\$326.00

From other sources:

- \$2250.00 from the General Electric Company for the General Electric Company Fellowship in Chemistry;
- \$2000.00 from Westinghouse Educational Foundation for Westinghouse Fellowships—Rotary 11908;
- \$1150.00 from the American Cancer Society, Inc., to be credited to Rotary 11012 for research work under the director of Dr. Schlumberger;

\$1000.00 from the E. I. duPont de Nemours and Company for research work in the College of Veterinary Medicine;

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

The Procter and Gamble Company, Cincinnati, Ohio—Investigation of Pathogenesis of Dental Caries (To be known as the Procter and Gamble Company research project No. 323 (Ext. No. 7 and No. 8—Dentistry). Gross value—\$20,836.00;

Department of the Navy, Office of Naval Research, Washington, D.C.—Investigation of Studies in Polynitro Aliphatic Synthesis (To be known as the Department of the Navy research project No. 396 (Amend. No. 10)—Chemistry). Gross value \$12,490.00;

Department of the Army, Office of the Surgeon General, Washington, D.C.—Investigation of Physiological Evaluation of Mechanical Respirators (To be known as the Department of the Army Research Project No. 479 (Mod. No. 5—Physiology). Gross value—\$20,282.00;

Vice President Stradley stated to the Board that a request to establish a Strategic Intelligence Unit, Army, at the University had been received by the President, and stated that the assistance which might be furnished by the University would include, although not be limited, to the following:

1. The use of physical facilities when not required for other purposes of the University.
2. Access to the library and other information sources of the University.
3. Assistance of teaching staff.
4. Encouraging the formation of organized reserve and National Guard units among University personnel.
5. Encouraging faculty, staff and students to join non-University reserve and National Guard units when such opportunity is not available on the campus.

He stated that this proposal is in accord with the resolution presented by General Dargusch and approved at this meeting.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

Transmitted, herewith, is a tabulation of the bids for the project, TELEVISION STATION STUDIO BUILDING, received prior to 2:00 P.M., November 2, 1954, and opened immediately thereafter by Mr. Jacob B. Taylor, on authority of Mr. M. J. Moon representing the Director of Public Works.

It is noted that the low bid of Joseph Skilken & Company for Division I (General Contract) and the low bid of Electric Power Equipment Company for Division IV (Electrical Contract) are regular in every respect and below the estimates of cost for these divisions filed with the Auditor of State. It is also noted that the low bids of Piping Contractors Company for Division II (Heating and Ventilating Contract) and of A. C. Webster Heating and Ventilating Company for Division III (Plumbing Contract) are higher than the architect's estimates of cost for these divisions on file with the Auditor of State. They are regular in every other respect.

A tabulation of the low bids and a comparison with the architect's estimates follow:

	<i>Low Bid</i>	<i>Estimate</i>
<i>Joseph Skilken & Company</i>		
General Contract (I).....	\$ 58,460	\$ 95,000
Alt. A. (Site Improvement).....	8,890	15,000
<i>Piping Contractors Company</i>		
Heating & Ventilating Contract II.....	27,520	27,000
<i>A. C. Webster Heating & Plumbing Company</i>		
Plumbing Contract (III).....	10,770	8,000
<i>Electric Power Equipment Company</i>		
Electrical Contract (IV).....	17,617	18,000
Totals.....	<u>\$123,257</u>	<u>\$163,000</u>

The total number of bids received and the narrow range between high and low bids in all divisions indicate wide and satisfactory competition. Also, the total of all low bids, \$123,257, is \$39,743 below the overall estimate of cost prepared by the architect for the project.

Because of these two facts, it is my opinion that no lower bids would be received for Division II (Heating and Ventilating) and Division III (Plumbing) if the total project, or Divisions II and III, were to be readvertised.

I, therefore, make the following recommendations:

1. That the State Controlling Board be requested to grant permission for the award of contracts in Division II to Piping Contractors Company, and in Division III to A. C. Webster Heating and Plumbing Company, notwithstanding the fact that their low bids were in excess of the architect's estimates in these respective divisions.

2. If the permission referred to in No. 1 above is granted, that awards be made in all divisions as follow:

In Division I, General Contract, including Alternate A, to Joseph and Company for their low bid of \$67,350.

In Division II, Heating and Ventilating Contract, to Piping Contractors Company for their low bids of \$27,520.

In Division III, Plumbing Contract, to A. C. Webster Heating and Plumbing Company for their low bid of \$10,770.

In Division IV, Electrical Contract, to Electric Power Equipment Company for their low bid of \$17,617.

3. If the awards listed above are made by the Board of Trustees, that the Director of Public Works be requested to execute proper contracts accordingly, the amounts of the contracts to be financed from G-2-H Television Station, Tower and Equipment, H.B. 10.

Award of Division II and III contracts over the estimates, mentioned in No. 1 above, was approved by the State Controlling Board on November 4, 1954.

In order to provide funds for the execution of these contracts recommended for award, a transfer of \$123,257 from Department 804 Rotary A to G-2-H Television Station, Tower and Equipment, H.B. 10, is required and is accordingly recommended. This transfer has been approved by the State Controlling Board.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 228—Transfer and release of \$15,450 from Department 804 Rotary A to \$7,500 G-2-A Field House, \$6,700 G-2-C Women's Dormitories, \$1,250 G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for architect's services on these projects.
- 232—Transfer of \$1,000 from Department 804 Rotary A to G-2-B Housing for Chemical Abstracts, H.B. 10, to cover miscellaneous extras, blueprints, and University Architect services on the project, Chemical Abstracts Building.
- 235—Transfer and release of \$5,000 from Department 804 Rotary A to G-2-F Auditorium, H.B. 10, in order to provide funds for blueprints and other miscellaneous charges on the Auditorium project.
- 241—(a) Award contracts to Piping Contractors Company in the amount of \$27,520 for Division II, Heating and Ventilating, and to A. C. Webster Heating and Plumbing Company in the amount of \$10,770 for Division III, Plumbing, of Television Station Studio Building project, notwithstanding the fact that these low bids were in excess of the estimates of cost filed with the Auditor of State. (Division II estimate, \$27,000; Division III estimate, \$8,000).
(b) Transfer and release of \$123,257 from Department 804 Rotary A to G-2-H Television Station, Tower and Equipment, H.B. 10, in order to provide funds for award of contracts for Television Station Studio Building project.
- 242—Transfer and release of \$1,300 from Department 804 Rotary A to G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for architect's services on the Antenna Laboratory project.

The Vice President and Business Manager presented the recommendations of the Director of Physical Plant that William R. Cooper, Ralph W. Lanning and Arthur W. Strouse be given special police commissions by the Board of Trustees under authority granted by Section 3345.04 Revised Code. Mr. Cooper was appointed park patrolman to fill the vacancy created by the resignation of Emil A. Schaible. Mr. Lanning was appointed park patrolman to fill the vacancy caused by the promotion of John Strong from park patrolman I to patrolman II. Mr. Strouse was appointed a special police officer to work in the Physical Education Building from November 1, 1954 to April 1, 1955.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager offered the following resolution for approval by the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on December 15, 1954 a portion of the \$500,000 Dormitory Construction Loan (Stadium) amounting to \$17,500.00 or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above resolution was approved and accepted by unanimous vote.

In accordance with action taken March 8, 1945 by the Board of Trustees, authorizing the Vice President and Business Manager to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500 per project per quarter, the Vice President and Business Manager reported that the following transfers were made to cover University Architect services during October, November and December, 1954:

\$1,250—from Rotary 12261 to G-2-K *Antenna Laboratory*, H.B. 10
 1,300—from Rotary 12261 to G-2-K *Antenna Laboratory*, H.B. 10
 6,700—from Rotary 12261 to G-2-C *Women's Dormitories*, H.B. 10
 7,500—from Rotary 12261 to G-2-A *Field House*, H.B. 10

Upon motion of Judge Gorman, seconded by Senator Huffman, the foregoing report was approved by unanimous vote of the Board of Trustees.

* * * * *

Thereupon the Board adjourned to meet Monday, December 13, 1954 at 10:10 a.m. at the University.

President Bevis presented the following miscellaneous recommendations:

That the supplementary agreements between the Ohio State University and the State Department of Education, Division of Vocational Education, covering the following contracts for the period July 1, 1954 and ending June 30, 1955, be approved:

Trade and Industrial Education
Vocational Agriculture

That the action of the Board of Trustees at its meeting on November 8, 1954 regarding the salary of William F. Ashe, Professor and Chairman of the Department of Preventive Medicine, be rescinded and that his salary be paid from the following funds, effective October 1, 1954:

\$6900 from Rotary 11497
\$8232 from A-1

Due to the nature of his appointment, and duties, Dr. Ashe will not be in a position to add materially to Rotary 13431 from patient consultations, and therefore should not be paid from that account.

That leaves of absence, with salary, be granted to the following members of the Agricultural Extension staff:

Charles H. Ingraham, County Agricultural Agent, Hocking County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

Thomas D. Jenkins, County Agricultural Agent, Union County for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

Frederic C. Wise, Associate County Agent, Huron County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

Paul C. Leidheiser, Associate County Agent, Sandusky County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

George B. Ganyard, County Agricultural Agent, Franklin County, for the period January 1 to March 15, 1955, for graduate study at Michigan State College.

John Vermilya, County Club Agent, Montgomery County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

That the following leaves of absence, without salary, be granted:

Marion E. Kroetz, Associate County Extension Agent, Pickaway County, effective January 1, 1955, for military service;

Louis H. Burgwald, Professor of Dairy Technology, effective January 1, 1955 through December 31, 1955, for service in the United States Department of Agriculture, Foreign Food Service Area;

Weikko H. Heiskanen, Professor (part-time) and Director of the Institute of Geodesy, Photogrammetry and Cartography, for the Winter and Spring Quarters 1955;

Howard F. Seely, Professor of Education, for the Winter Quarter 1955.

That the status of Neil C. Andrews, Assistant Professor of Surgery, and Robert J. Atwell and Joseph F. Tomashefski, Assistant Professors of Medicine, be changed effective January 1, 1955 from "Special" to "Regular" and that \$24 a year be added to each of their salaries to cover the cost of Group Insurance. These three men are all directors of divisions in the Ohio Tuberculosis Hospital and as such are full-time on the University campus. It is believed that the status of "Regular" described their University connection better than does "Special."

That upon the recommendation of the Faculty Council at its meeting held on November 9, 1954, the following changes in the Faculty Rules, be approved:

That Faculty Rule 32 be amended to read as follows:

32. The Entrance Board. The Entrance Board shall consist of the University Examiner and six members of the teaching staff, two to retire each year, appointed by the President. The University Examiner shall be chairman of the Board and its executive officer.

It shall be the duty of the Entrance Board to administer the rules relating to admission of students to the Colleges and Schools of the University. In this connection, the Entrance Board shall (1) decide, in disputed cases, whether a student shall be transferred from one College to another; (2) inform the Faculty of any needed changes in admission rules; (3) review changes in the entrance requirements proposed by any of the Colleges or Schools and make its recommendation concerning them to the Faculty Council; and (4) act as an advisory council to the University Examiner upon all problems arising in connection with his duties. Final decision concerning admission of any student shall rest with the University Examiner.

That Faculty Rule 121 be revised as follows:

121. Examination Schedule. Scheduling of examinations in classes, the enrollment in which consists exclusively of students registered in the College of Dentistry, Law, Medicine, Pharmacy, or Veterinary Medicine shall be done by the administrative officers of these respective colleges. All other examinations shall be centrally scheduled by the Office of the Registrar. Examination schedules prepared outside the Office of the Registrar shall, before publication, be cleared for time and room conflicts with the University Registrar who shall have power to resolve all such conflicts. In performing its scheduling functions, the Office of the Registrar shall limit individual examinations to two-hours' duration and the total examination period to five days; provided, however, that examinations in Deans' survey courses shall be held during the last scheduled class hour, that examinations for the Summer Quarter shall be given during the final two scheduled class hours of each course, and that graduating Seniors shall be examined in advance of the regular examination period at the time and in the mode fixed by their instructors.

The official examination schedules of the several colleges and the Graduate School shall be strictly adhered to by all instructors and shall control in the administration of Rule 126. Any deviation from the official schedule must be approved by the Office of the Registrar.

That Faculty Rule 122, Examination for Seniors, be repealed. The content of this Rule is included in the revision of Rule 121.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

 \$78.00 from contributions for the Columbus Chapter, National Association of Cost Accountants, Scholarships in Accounting
 \$5.00 from contributions for the Boyd H. Bode Memorial Lectures Fund

Fees

That the general fees for each of the various colleges or schools, as they are now assessed, be consolidated in order to simplify the assessing and collecting of fees, and the accounting for the amounts received. Accordingly, the following schedule of fees is proposed for the year 1955-1956, effective with the Summer Quarter 1955:

<i>College or School</i>	<i>Proposed Total Fee</i>
Agriculture	\$ 63.00
Arts and Sciences.....	63.00
Arts-Education	63.00
Commerce and Administration.....	63.00
Education	63.00
Engineering	63.00
Graduate School	63.00
Home Economics	63.00
Nursing	63.00
Dentistry	165.00
Dental Laboratory Technology.....	165.00
Dental Hygiene.....	110.00
Law	75.00
Medicine	175.00
Optometry	100.00
Pharmacy	68.00
Veterinary Medicine	95.00
Twilight School One course	20.00
Two courses	25.00

The total fee for each college or school will be allocated by action of the Board of Trustees. This allocation will be made for the following categories: incidental fee, Ohio Union building fee, student services and laboratory deposits.

In addition to the above total, the following will be assessed:

Non-Resident fee of \$85.00 per quarter
 Matriculation fee of \$15.00 payable once
 Deposits to cover individual services
 and materials used in accordance with
 schedule approved by the President.

The University regularly employs a large number of graduate students who, as Assistants or Graduate Assistants, play important supporting roles in research and instruction while continuing their individual programs of advanced study. In addition to the services which they perform, we have a keen interest in them as potential university teachers, here or elsewhere. Because of increasing enrollments and the growth of research ventures in most universities, competition for high quality graduate student employees, as well as Fellows and Scholars, has been increasing rapidly. We must keep pace if we hope to attract the best.

As a first step toward making our opportunities more attractive, we think that it is advisable to modify our present plan of offering partial compensation through exemption from certain standard fees. We now recommend a new policy of employing Assistants and Graduate Assistants and appointing University Fellows and Scholars upon the basis of direct payment through increased stipends. These new stipends will be determined by a careful calculation of our total needs and financial resources.

Certain changes in University Rules are necessary if this new plan is to be put into effect. I therefore recommend the following changes in Rule 166:

- (a) Paragraph 1, page 58, to be amended to read:
 "Members of the instructional staff of the University of the rank of Assistant Instructor or above who are registered in the Graduate School; and any member of the teaching staff who, on the approval of the appropriate instructor and department chairman, enrolls as an auditor."
- (b) Paragraph 3, page 58, to be amended to read:
 "Student Dietitians, Internes and Residents in the University Hospital who are registered in the Graduate School."
- (c) Paragraph 4, page 58, to be repealed.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendations of the President were approved by unanimous vote.

Upon the recommendation of the Dean of Women, and the Vice President in charge of student relations, President Bevis now recommended that one part of the new residence hall for women, now known as the "C Wing", be named "Carolyn Bradley Hall" in honor of the late Professor Carolyn Bradley, and that the other part, now known as "D Wing", be named "Alma W. Paterson Hall" in honor of the late Alma Wacker Paterson, formerly a member of the Board of Trustees of the Ohio State University.

Miss Bradley brought distinction to the University as an artist, teacher and ambassador of goodwill in foreign countries. Mrs. Paterson was the first woman to serve on this Board of Trustees and in many other important ways served the interests of the University, its alumnae and the city in which she lived. Both will long continue to provide inspiration for those who come after them.

Upon motion of General Dargusch, seconded by Mr. Black, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the recommendations of the University Architect, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

ANTENNA LABORATORY

“Transmitted herewith is a tabulation of the bids received prior to 2 P.M., December 7, 1954, for the Antenna Laboratory in the office of the Vice President and Business Manager and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

“The low bids of G. W. Atkinson and Son, in the sum of \$131,400, for the General Contract is regular in every respect and is below the estimate of cost filed with the Auditor of State.

“The low bids of the three mechanical divisions of the contracts are regular, except that none of them is below the

estimate of cost filed with the Auditor of State. An analysis of these estimates indicates that several factors affect the discrepancies:

(1) The estimates were made during the preparation of the documents in the University Architect's Office several weeks preceding their approval by the Board of Trustees and the Director of Public Works.

(2) Between the times of the preparation of the estimates and of the receipt of the sealed proposals, two things affected the cost of the project:

(a) The gradual increase in all three mechanical contract divisions requirements, due to additions and refinements recommended by a change in the Directorship of the Antenna Research Project and by our own further study, including the necessary outside mechanical services.

(b) A marked increase in building costs during that period, particularly those affecting the mechanical trades.

"The uniformity of the bids in the three mechanical divisions (plumbing, heating and electrical) indicates satisfactory bidding, and it is the Architect's opinion that no more favorable bids would be received if these divisions were readvertised with a revised estimate of cost.

"I am advised that the funds from which this project is financed are sufficient to cover the total of the low bids on all four divisions and for additional equipment and furnishings which will be required to operate the project after it is constructed.

"I, therefore, recommend:

(1) That the necessary action be taken to accept the low bid of G. W. Atkinson and Son for the General Contract Division in the base sum of \$131,400, but including Alternate G-1 (Substitution of cement enamel for glazed tile in the Women's Toilet) for a deduction of \$150.00, making a net amount of \$131,250, and that the Director of Public Works be requested to execute the contract accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit the acceptance of the low bids of:

- (a) Limbach Company for Plumbing.....\$14,918
- (b) Limbach Company for Heating & Ventilating. 39,900
- (c) McCarty Bros. Electric Co. for Electrical... 28,380

"If the permission referred to in (2) above is granted, I recommend that the Director of Public Works be requested to execute contracts accordingly.

"These contracts are to be financed from funds to be supplied by the Research Foundation."

In order to provide funds for the execution of these contracts recommended for award and advertising costs, a transfer of \$214,523 from Department 804 Rotary A to G-2-K Antenna Laboratory, H.B. 10, is required and is accordingly recommended. This transfer has been requested of the State Controlling Board.

Upon motion of Judge Gorman, seconded by Mr. Black, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager presented the following recommendation of the Director of Physical Plant, for the University Cabinet, to the Board of Trustees for their approval:

"It is hereby recommended that Ralph J. Kramer & Associates, 145 North High Street, Columbus, be employed to do the necessary engineering for REFRIGERATED COOLING AND VENTILATING OF THE ADMINISTRATION BUILDING AND THE ALUMNI HOUSE.

"The estimated cost of this project is \$100,000 for the Administration Building and \$25,000 for the Alumni House. The engineering fee for this work is to be on the basis of six per cent of the contractor's bid."

Upon motion of Mr. Black, seconded by Judge Gorman, the foregoing recommendation of the University Cabinet was approved by unanimous vote.

In accordance with action taken March 8, 1954 by the Board of Trustees, authorizing the Vice President and Business Manager to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500 per project per quarter, the Vice President and Business Manager now recommends that the following transfers from Rotary A to cover University Architect services during October, November and December, 1954, be approved by the Board of Trustees:

\$ 9,550 G-2-A Field House, H.B. 10
 1,000 G-2-B Housing for Chemical Abstracts, H.B. 10
 12,850 G-2-C Women's Dormitories, H.B. 10
 5,000 G-2-F Auditorium, H.B. 10
 650 G-2-H Television Station, Tower & Equipment, H.B.10
 1,475 G-2-K Antenna Laboratory, H.B. 10

Upon motion of Judge Gorman, seconded by General Dargusch, the Vice President and Business Manager, by unanimous vote, was given authority to transfer funds as recommended above.

The President now reported to the Board the deaths of William Lloyd Evans, Earl Northup Manchester and Herbert Osborn, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of William Lloyd Evans, Professor Emeritus of Chemistry, on October 18, 1954. He would have been 84 years old on December 22. He had been a member of the faculty of the Department of Chemistry for more than 50 years; and had been chairman of the department for many years when he retired in 1941. He was one of Ohio's greatest and most beloved professors.

On the campus, he was admired and loved by all of the many who knew him; by colleagues of the faculty; by hundreds of graduate students in training, over the years, to become professional chemists, fifty of whom did their researches with him; and by thousands of undergraduates who remember him affectionately as an inspiring teacher of most vivid and friendly personality.

Nationally, he stood high in the regard of the chemists of the industrial laboratories, as well as of the educational institutions, and was admired and respected for the fine quality of his research achievements in organic chemistry, particularly in the field of the carbohydrates. Many honors came to him, including two medals: the Nichols Medal, in 1929, given by the New York Section of the American Chemical Society, "for the most outstanding research contribution of the year"; and in 1942 the Medal of the American Institute of Chemists. In 1941 he was president of the American Chemical Society, elected by the society's membership of 24,000; and in 1940 was president of the Ohio Academy of Sciences. He was a Fellow of the American Academy of Arts and Sciences of Boston; he was an American delegate to the International Union of Chemistry, meeting in Liege in 1939; he received honorary degrees, LL.D. from Ohio State in 1948; and D.Sc. from Capital University in 1950.

During the First World War he served for two years as Major in the Chemical Warfare Service, and was Director of the Chemical Laboratories at Edgewood Arsenal. He was a member of the Committee on Chemistry and Chemical Technology of the National Research Council, 1934-1940; and for many years a consulting chemist for the Columbus Coated Fabric Corporation, and for Lowe Brothers of Dayton, and at one time for a branch of the U. S. Public Health Service.

He published some 70 scientific papers, was author of chemical education papers and review papers, contributed several chapters to treatises on chemistry and was co-author of several books on general chemistry.

Dr. Evans was born in Columbus, December 22, 1870. He attended the old Columbus High School and the Preparatory Department on the campus. While at Ohio State he took an active part in student affairs; he was concert master of the first orchestra, editor of the Song Book, member of the glee club; and in the prize drill of the Battalion of Cadets in 1891, it was Captain W. L. Evans who received the prize sword for the excellent performance of his Company C.

He took his B.Sc. degree at Ohio State in 1892, his M.Sc. in 1896 while a fellow, and his Ph.D. with Professor J. U. Nef at the University of Chicago, in 1905. He then returned to Ohio State as an assistant professor, and became professor in 1911. He served as chairman from 1928 until the year of his retirement, 1941.

Let us quote from an editorial in the Columbus Dispatch, October 19:

When a man has written his record of accomplishment over as long a time and as clearly as Professor

William Lloyd Evans did there remains little to say about him, except to point out, again, that it is men like this who give our community character and who inspire others to confident and persistent endeavor.

We quote also from the Journal:

"Billy" Evans was one of the adornments of Ohio State University whose usefulness and influence will be reflected far beyond the generation of his youngest former student. His personality teamed up with his learning to make him an inspiration for all who were fortunate enough to come into his presence.

And finally we wish to quote the last paragraph of President Bevis' report to the Board of Trustees in 1942:

At a recent meeting on our campus a discussion arose as to the religious character of state versus private universities. In the progress of this discussion, a man who had been a student at our school arose to say that of all the teachers who have ever given him a sense of spiritual values, "Billy" Evans, then head of our department of chemistry, had given him the most profound inspiration. This man of science, famed for his exploration of the chemical properties of matter, had all the time retained a perspective which kept him alive to the vital properties of the spirit.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Earl Northup Manchester, Director Emeritus of Libraries and Professor Emeritus of Library Administration on November 11, 1954. Professor Manchester received the A.B. degree from Brown University in 1902, attended the New York State Library School in 1902-1903 and took graduate work at Brown in 1903-1904. He served on the library staffs of Brown University and of the University of Chicago and was Director of Libraries at the University of Kansas before coming to the Ohio State University as librarian in 1928. From 1948 until his retirement June 30, 1952 he was Director of Libraries and Professor of Library Administration.

During the 24 years of Mr. Manchester's distinguished service to the Ohio State University the library collection grew from 310,000 to 925,000 volumes and the library staff was expanded from 42 to 139 full time persons. He was an excellent book man and bibliographer. He contributed significantly to the quality as well as to the quantity of the libraries' holdings. Under his careful direction definite collections were acquired in the areas of fine and applied arts, romance languages, classics, medieval history, chemistry, bibliography and other fields. Due to his catholic taste, long runs of serials, especially in physics and chemistry, were gradually acquired to increase the research resources in the physical sciences and biological sciences, the humanities and the social sciences.

Another significant contribution was his emphasis upon the ease of access to and the use of the various campus libraries. He made library patrons feel welcome.

The large addition to the Main Library was planned, constructed and dedicated during his administration.

Mr. Manchester served with the American Library Association War Services in camps in the United States and in France in 1918-1919. He had been an active member of the American Library Association Council, president of the Chicago Library Club and a member of the Franklin County Library Association. At the time of his death he was Director of the S. Cornelia Young Memorial Library of Daytona Beach, Florida.

All who knew Professor Manchester were impressed by his cordiality, affability, sincerity and humility. He was a beloved figure on the campus for almost a quarter of a century.

In his death the University notes with sorrow the passing of one who made a notable and permanent contribution to the teaching and research programs on this campus.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Herbert Osborn, Professor Emeritus of Zoology and Entomology, on September 20, 1954. His death marked the passing of the last of the great pioneers in economic entomology. The respect in which he was held by his fellow workers was well stated in 1939 by Dr. L. O. Howard, for many years at the head of the entomological work of the U. S. Department of Agriculture: "He is the dean of the entomologists of North America, and this includes all kinds of entomologists."

He was born in Lafayette, Wisconsin, March 19, 1856, grew to manhood at Fairfax, Iowa, and attended the State College at Ames where he received the Bachelor of Science degree in 1879 and the Master's degree in 1880. He was appointed to an assistantship in zoology and entomology in 1879, advanced rapidly to a professorship in 1885, and retained that position at Ames until 1898. The 19 years at Iowa State College were broken only by two years of further graduate study, 1881-2 at the Museum of Comparative Zoology at Harvard, and 1884-5 at the Zoological Station at Naples, Italy.

By the time, 1898, when at the age of 42, he was called to the Ohio State University as Head of the Department of Zoology and Entomology, he was already well known for his numerous and important publications, was State Entomologist of Iowa, a special agent for the U. S. Department of Agriculture, and President of the American Association of Economic Entomologists for 1898.

His reputation as an economic entomologist attracted

numerous graduate students from various parts of the world, as well as from many of the states of the Union—men who have since become noted for their research and administrative ability. During these years of active teaching he was busy with many other matters; Director of the Lake Laboratory 1898-1918, Associate Entomologist at the Ohio Experiment Station, President of the Ohio Academy of Science in 1905, the American Microscopical Society in 1909-11, the Entomological Society of America 1911, the Society for the Promotion of Agricultural Science in 1916, and Managing Editor of the *Annals of the Entomological Society of America* from its origin in 1908 until 1929 when he withdrew in favor of Dr. C. H. Kennedy.

In 1916 he was relieved of administrative duties and elevated to a research professorship to provide more time for advising and directing the research programs of the ever-increasing number of students in entomology. During the following years he was also a consultant at several of the state experiment stations, and of the Tropical Plant Research Foundation. This latter connection involved trips to Mexico, several of the Central American countries and Panama. These duties continued until at the age of 77 he retired as Emeritus Professor, but still his office door was always open to students who sought his advice, and his interest in promising students never ceased.

His publications, large and small, total the astonishing number of 515 items. Two of those published in earlier years as bulletins of the U. S. Department of Agriculture, "The Hessian Fly" and "Insects Affecting Domestic Animals" may be considered classics for that period. His first book, "Economic Zoology" (The Macmillan Co., 1908) was re-issued several times; "Agricultural Entomology" (Lea and Febiger, 1916) was widely used, and "Meadow and Pasture Insects" (The Educators' Press, 1939), the results of a lifetime of work, was an exceptionally fine and scholarly contribution to the literature of entomology. His research papers dealt chiefly with the taxonomy and life histories of the Hemiptera, especially the "leaf-hoppers," revising many of the genera and describing a great number of new species. In his later years, no longer able to use the microscope, he devoted his time to the production of three books: "Fragments of Entomological History," Part I in 1937, and Part II in 1946, and his final work, "A Brief History of Entomology" in 1952 at the age of 96 (all by the Spahr & Glenn Co.).

Naturally he received many awards and honors during his long active career. In 1916 his alma mater granted him the degree of Doctor of Science, and in 1930 the University of Pittsburgh and again in 1936 the Ohio State University honored him with the Doctor of Laws. He was a member of numerous state and national scientific societies and a life member of the Societe Entomologique de France.

As a man he was modest, gentle, companionable, with a fine appreciation of humor, and only those who worked with him in the field were able to realize the breadth of his knowledge and interest in all phases of natural history. Unfor-

tunately, due to the increasing necessity for narrower specialization as science progresses, we may not have the opportunity to "look upon his like again."

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, January 10, 1955 at 10:15 a. m. at the University.

\$2780.00 for the Dr. Louis M. Mark Memorial Fund

The Dr. Louis M. Mark Memorial Fund

Established December 14, 1954, by gifts through the Development Fund in memory of Dr. Louis M. Mark, to be invested in accordance with section 3335.12, Revised Code of Ohio, the income to be used for medical research.

\$2500.00 to establish the Fred M. Greer Memorial Fund as part of the University's permanent endowment.

The Fred M. Greer Memorial Fund

A. The sum of \$2500 is granted the Board of Trustees of The Ohio State University, through the Ohio State University Development Fund, the said sum to be invested in any manner which the Board of Trustees may deem advisable and expedient and in their opinion in the best interests of the Fund.

B. Only the income of the Fund shall be used for the purposes hereinafter stated, and the principal of the Fund shall be maintained intact.

C. The income of the Fund shall be used to support such travel as may be undertaken by the staff of the College of Commerce and Administration, The Ohio State University.

D. Requests for such travel shall be made to the Dean of the College of Commerce and Administration on forms approved by the University, and approval of such requests shall be by the Dean of the College of Commerce and Administration and by the President of The Ohio State University or his designee.

E. It is the desire of the donors that in considering requests for travel, preference shall be given to members of the junior teaching staff who, in the opinion of the Dean of the College of Commerce and Administration, will profit from attendance at meetings of professional groups related to their particular areas of interest, or in off-campus visits with business, industry, or other groups related to the program of the College of Commerce and Administration.

F. If in any year the expenditures for travel are less in amount than the Funds available therefor, the unexpended income shall be carried over to the succeeding year for the purposes herein provided.

G. The Board of The Ohio State University shall determine all matters not covered in this grant and relating to the administration of the Fund.

H. Such additional grants as may be made by the Donors of this Fund shall be added to the principal thereof and invested and the income thereof expended as hereinbefore provided.

\$1000.00 for the C. C. Stillman Scholarship Fund

\$1000.00 for the Sada A. Harbarger Memorial Scholarship Fund

\$549.94 for the Rebecca Topper Memorial Fund

\$534.00 for the Faith Lanman Gorrell Scholarship Fund

\$410.00 for Medical Research—Rotary 13431

\$ 15.00 from the Columbus Chapter, National Association of Cost Accountants Scholarships in Accounting.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

Upon motion of Mr. Ketner, seconded by Mr. Kettering, the Board by unanimous vote adopted the following resolution:

The Board of Trustees of The Ohio State University learned with deep regret of the passing of Herbert D. Defenbacher, Director of Finance for the State of Ohio.

Mr. Defenbacher was a public servant of surpassing excellence. By reason of his capacity, his fairness, and his devotion, he created a career position out of one normally subject to political change. No higher tribute could be paid than this.

The Ohio State University has benefited from his firm grasp of the financial problems of the State and his sympathetic understanding of the University's problems.

Be it therefore resolved that this statement be spread upon the minutes of the Board and that a copy be sent to Mrs. Defenbacher.

Vice President Stradley presented the following report relating to the recent trip by the students to the Rose Bowl game:

The excellent report on student conduct during the trip to Los Angeles and back to Columbus may be rooted in the thorough preparation which was made beforehand with student and faculty leaders. Student opinion before departure strongly favored adherence to the no drinking rule. There will always be a small minority who will test out any rule and this was the case. There was one drinking incident before we reached the Indiana state line. The Student Court met at once, heard the offenders, and put both on social probation. Word quickly spread throughout this particular train and there were no more incidents either on the rest of the trip out or on the trip home.

However, a report on the student conduct aboard the trains should not be phrased in terms of what the students did not do. It should be stated that each of the trains developed a real sense of community. The cordiality of the students towards each other, towards the faculty chaperones, and the railroad employees was outstanding. There seemed to be no complaining about anything. They liked the food, the train accommodations and everything about the trip.

Several of the students commented that living so closely together as they did with each other and with the faculty chaperones for this period of time had provided a wonderful opportunity for mutual understanding and respect. It was apparent that even without the stay in Los Angeles the trip out and back was a most worth-while experience for all who were concerned.

Dr. Stradley now read the following letter from Rev. Tom Wedsworth, which was ordered made a part of the record of this meeting:
Dr. Bland L. Stradley, Vice President

The Ohio State University
Columbus 10, Ohio

Dear Mr. Stradley:

As a religious advisor to the recent Rose Bowl tour involving several hundred Ohio State University students, I wish to make a few unsolicited observations.

First, I was a member of the group who traveled on the Buckeye train. I can say without reservation that the spirit and conduct of

students on our train were little short of excellent. Crewman of the train expressed their appreciation for this time and time again, failing to hide their utter amazement at this unusual phenomenon of well-behaved college students! The car to which I was assigned carried those football players who did not qualify for the Rose Bowl squad. Those men demonstrated the very finest spirit and conducted themselves as gentlemen throughout the tour.

Second, I stayed at the Clark Hotel in Los Angeles. I am most happy to observe that students who stayed at the Clark Hotel elicited nothing but praise and admiration from the hotel management and local guests for their fine attitude and complete co-operation. The property damage usually done by a spirited college student group was conspicuously absent. And while the students' demonstrations of spirit were intense and convincing at times, they always were well under control.

Third, to the best of my knowledge, the Los Angeles and Pasadena city authorities had no difficulties with Ohio State students at any point. This fact, in light of hundreds of students being involved in such a tremendous holiday excursion, is little short of phenomenal.

In conclusion, I would be amiss not to give the highest commendation to those who made this Rose Bowl tour possible, and made it possible on such a high level. Ohio Staters, Inc., did a magnificent job of initiating and carrying out the general plans. Gibbs Tours demonstrated their uncanny ability to implement the vast amount of details necessary to such a tour. The Ohio State University Dean of Men's and Dean of Women's offices did a superb job of creating confidence and goodwill not only among the Ohio State students making the trip but with all those who in any way were concerned for our welfare. In every way, from my perspective, parents, faculty and administration of The Ohio State University, and the general public, may be very proud of this 1954-55 Rose Bowl tour.

Sincerely yours,

Tom Wedsworth, Minister

On motion of Judge Gorman, seconded by Mr. Ketner, it was unanimously resolved that the Secretary of the Alumni Association and all of his staff and his associates be warmly thanked and heartily commended for the handling of the alumni trains to the Rose Bowl, and for the splendid way in which the many problems relating to the alumni were handled.

* * * * *

On motion of Judge Gorman, seconded by Mr. Ketner, it was unanimously resolved that the Board of Trustees extend its thanks to the members of the University Administration and to all the members of the University staff who contributed to the success of the Rose Bowl expedition. The plans were promptly, thoroughly and painstakingly made and were carried out in a fashion highly creditable to the University.

Auditorium

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and those of Bellman, Gillett & Richards, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet. The report of Bellman, Gillett & Richards as presented to the Cabinet by the University Architect is as follows:

Attached hereto are photostatic copies of the bids for the AUDITORIUM, received at the Business Office prior to 2 P.M., December 21, 1954, and opened immediately thereafter by Mr. E. B. Moon, representing the Director of Public Works.

These bids were examined and checked after their opening and all bids were regular in every respect, except the bid of the Huffman-Wolfe Co., Columbus, Ohio, for Division II (Plumbing Contract) in the amount of \$134,300, which was not regular, due to the fact that the contract bond was not completed, because the bond form did not mention the amount of the bond. We recommend that the bond be perfected and that the award for Division II be made to the lowest bidder, Huffman-Wolfe Co. The corrected bond is now attached to the bid.

It was noted that the low bid of Frank Messer and Sons, Inc., Cincinnati, Ohio, for Division I (General Contract) was in excess

of the Architect-Engineer's estimate of the cost for this division which is on file with the Auditor of State. The bid is regular in every other respect.

A tabulation of the low bids and a comparison with the Architect-Engineer's estimates follow:

	<i>Low Bid</i>	<i>Estimate</i>
<i>Frank Messer and Sons, Inc.</i>		
Division I—General Contract.....	\$1,854,800	\$1,836,373
<i>Huffman-Wolfe Co.</i>		
Division II—Plumbing Contract.....	134,300	160,000
<i>The National Co.</i>		
Division III—Heating Contract.....	249,660	368,200
<i>Electric Power Equipment Co.</i>		
Division IV—Electrical Contract.....	204,310	235,000
Totals.....	<u>\$2,443,070</u>	<u>\$2,599,573</u>

The total number of bids received and the narrow range between the high and low bids, in all Divisions, indicate wide and satisfactory competition. Also, the total of all low bids, \$2,443,070, is below the overall estimate of cost prepared by the Architect-Engineers for the project.

Because of these two facts, it is our opinion that no lower bids would be received for Division I (General Contract), if the total project, or Division I was to be readvertised.

We, therefore, make the following recommendations:

1. That the State Controlling Board be requested to grant permission for the award of the contract for Division I (General Contract) to Frank Messer and Sons, Inc., for their low bid of \$1,854,800, notwithstanding the fact that their low bid was in excess of the Architect-Engineers' estimate in that respective division.

2. If the permission referred to in No. 1, above, is granted that awards be made in all divisions as follows:

Division II—Plumbing Contract to Huffman-Wolfe Co.
for their low bid of \$249,660.

Division III—Heating Contract to The National Co.
for their low bid of \$134,300.

Division IV—Electrical Contract to The Electric Power Equipment Co. for their low bid of \$204,310.

3. Regarding the alternates, we make the following recommendations:

Alternate A—General Contract, additional stone and granite facing. Bid from Frank Messer and Sons, Inc., indicate an addition in the amount of \$10,200 for this work. This additional finish to the building will complete and enhance the High St. facade. We recommend the acceptance of this alternate.

Alternate B—General Contract, three section orchestra lift. Bid from Frank Messer and Sons, Inc., indicated an addition in the amount of \$16,600 for this

work. Acceptance of this alternate will permit maximum flexibility in the use of the stage. We recommend the acceptance of this alternate.

Based upon the above recommendations, awards should be made as indicated below and the Director of Public Works be requested to execute contracts accordingly.

General Contract Division	
Frank Messer and Sons, Inc.....	\$1,854,800
Alternate A..... add	10,200
Alternate B..... add	16,600
Plumbing Contract	
Huffman-Wolfe Co.....	134,300
Heating Contract	
The National Co.....	249,660
Electrical Contract	
Electric Power and Equipment Co.....	204,310
 Total	 \$2,469,870

Award of Division I and II contracts to Frank Messer and Sons, Inc., and to Huffman-Wolfe Co., respectively, were approved by the State Controlling Board on January 5, 1955.

In order to provide funds for the execution of these contracts recommended for award, the transfer of \$2,469,870 from Department 804, Rotary A, to G-2-F Auditorium,, H.B. No. 10, is required and is accordingly recommended.

Upon motion of Mr. Ketner, and seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 256 Transfer of \$214,523 from Rotary A, Department 804, to G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for award of Antenna Laboratory contracts; authorized entering into contract with Limbach Company for \$14,918, Limbach Company, \$39,900, and McCarty Brothers Electric Company, \$28,380, notwithstanding the fact that their low bids were in excess of the architect's estimate of cost.
- 257 Transfer of \$24,525 from Rotary A, Department 804, to \$9,550, G-2-A Field House, \$12,850, G-2-C Women's Dormitories, \$650, G-2-H Television Station, Tower and Equipment, and \$1,475, G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for architectural and engineering services on these projects.

* * * * *

The Vice President and Business Manager presented the following miscellaneous recommendations:

1. The Vice President and Business Manager reported that it was necessary to make two Gow Test Borings at the site of the proposed

new Classroom Administration Building for the College of Agriculture in addition to the borings already made. The cost of these two borings is \$120.00, payable to the Raymond Concrete Pile Co., and it is recommended that the expenditure to this firm and in this amount be authorized by the Board for this purpose.

2. In the area south and west of Baker Hall, which is the site of the proposed expansion of the dormitory group, test borings and soil samples are required in the development of the plans and specifications. The Raymond Concrete Pile Co. bid \$1,530 for 425 lineal feet. This being the low bid for this work, it is recommended that a contract be entered into with the Raymond Concrete Pile Co. in the amount of \$1,530 for this purpose.

Upon motion of Senator Huffman, and seconded by Mr. Ketner, the Board approved the above recommendations by unanimous vote.

The President now reported to the Boards the deaths of Schuyler M. Salisbury and William Henry Hildreth, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Schuyler M. Salisbury, Professor of Dairy Science, on November 26, 1954. Professor Salisbury was born June 29, 1889, in Collinwood, Ohio. He received his Bachelor of Science in Agriculture degree from The Ohio State University in 1913. For two years he was on the staff of the North Carolina State College. During 1916 and 1917, he was guest lecturer at the University of Iowa during the summer session.

Professor Salisbury joined the University staff in 1915 as Assistant Professor of Animal Husbandry. He resigned in 1918 to become a county agricultural agent, which position he held until 1920. During 1920-23, he was Professor and Head of the Department of Animal Husbandry at Massachusetts State College. Since 1923 he very ably served The Ohio State University, first as Professor of Animal Husbandry and then as Professor of Dairy Science. In these positions he was particularly adept in giving sound advice to students. He was universally loved by a large group of Ohio State alumni. For many years his Christmas letter to all his former students was a friendly hello from the home campus. He leaves a host of friends in Columbus and throughout the length and breadth of the land where he was held in high esteem as a teacher and judge of dairy cattle. He was a member of the American Dairy Science Association and Gamma Sigma Delta.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of William Henry Hildreth, Professor of English, on December 4, 1954. William Hildreth was born June 25, 1905, in

Indianola, Illinois. He received his Bachelor of Science degree in Education in 1929; his Master of Arts degree in 1931; his Doctor of Philosophy degree in 1944—all at The Ohio State University. His distinguished teaching career at Ohio State began in 1931 with his appointment as Graduate Assistant in the Department of English.

From 1942 until he was stricken at his desk, William Hildreth was in administrative charge of all Freshman Composition taught at the University. One of his major achievements was to establish close and fruitful relations with all Colleges on the campus whose students were taking Freshman English. He was nearly as well known and as widely beloved in Education, Commerce, Engineering, and Agriculture and the other schools and colleges as he was in his own Derby Hall. Moreover, his influence extended far beyond the University itself; for since a large part of his staff consisted of students working for advanced degrees in the English Department, he introduced most of them to the art of teaching. Scattered over the United States, they now affectionately acknowledge that it was he who first gave them a sense of their mission as teachers. They say that what he taught them first and foremost was that all teaching problems and relations were ultimately human. His influence was further extended by the large number of textbooks which he wrote and edited. Within the past year, Professor Hildreth's position has been publicly described by one of the highest officers of the University's administration as "the most important teaching job on the campus."

His own students, colleagues, and friends knew him also as a man deeply committed to the study of literature and history. Broadly and deeply read, he found in literature a vital source of that very human sympathy and understanding which marked his own character and conduct. His sense of the human, however, was most notably present in his feeling for history—particularly for the history of the Ohio Valley. For years he had been working toward a book-length study of a series of early Ohio River figures. An inordinately careful and meticulous researcher, he was in the process of mastering all the materials for his study, so that he could represent these figures as men whom twentieth century readers would know as the men they themselves might have been, for good and for bad, had they lived in pioneering days. Professor Hildreth never finished his book. But he lectured widely on its materials, published on various specialized aspects of its subjects, and, most important, in his rich private talk let his students, colleagues, and friends know how a human being would go about writing the history of other human beings. He read and studied, as he lived and taught, as the complete humanist.

Scores of those whom knew him have attested to his fine integrity, his gentleness, his compassion; to the complete readiness and willingness with which he gave of himself; above all, perhaps, to the wonderful variety and warmth of his humor, which none who knew him will forget. These qualities, in unique combinations, made William Hildreth the extraordinary man that he was.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The President now reported to the Board the death of Carolyn G. Bradley, and in accordance with the recommendations of the Board of Trustees, a copy of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Carolyn G. Bradley, Professor of Fine and Applied Arts, on December 8, 1954. She came to The Ohio State University in 1932 as an Assistant Professor.

A graduate of Earlham College, she also studied in the art schools of this country and of Mexico—bringing her work to the high level of perfection which earned her wide recognition in this country and in Latin America.

Primarily a water color painter, she was a steady exhibitor in dozens of cities, art centers, and universities, receiving a total of 58 awards. Her exhibition program also included a total of 88 one-man shows held in many different cities throughout the United States and South America. As a visiting professor, she taught in the universities of Chile, Guatemala, Haiti, Honduras, and Costa Rica. She was also Specialist in Art to Chile for the Inter-American Educational Foundation, Department of State, in 1946. Professor Bradley was the author of three books on costume design and of various articles on the Latin American countries.

Professor Bradley devoted a great deal of her time and energy as a steady, quiet friend of the foreign students at Ohio State, particularly to those from South America. To this important contribution to student life at Ohio State Professor Bradley brought—and shared with the student—an unusual and rare quality of sympathetic understanding and a quiet kindness which made her known as the teacher from whom the student could always seek counsel and guidance.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, February 14, 1955, at 10:15 a.m. at the University.

Attest:

(Signed) CARL E. STEEB,
Secretary

President Bevis presented the following miscellaneous recommendations:

That David R. Dodd, Extension Agronomist and Professor, Agricultural Extension Service, be retired effective July 31, 1954, and that he be given the title of Professor Emeritus and be paid \$216 a year from Interest on Endowment 4002 and \$144 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan.

That George R. Gist, Extension Specialist, Agricultural Extension Service, be granted a leave of absence, without salary, for the period February 1, 1955 to June 30, 1955 for graduate study at Purdue University.

That upon the recommendation of the Faculty Council at its meeting held on January 11, 1955, William Edward Levis be awarded the honorary degree, Doctor of Laws, at the Winter Quarter Convocation on March 18, 1955.

That the quarterly lunch fee for secondary-school students enrolled in the University School be increased from \$26.50 to \$27.00 and from \$21.50 to \$22.00 for elementary-school students, effective Spring Quarter 1955.

That \$5,000.00 be transferred from Dairy Laboratory Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology, effective at once.

The President reported that the Ohio Farm Electrification Council had a memorandum of agreement with the Agricultural Extension Service of the University, whereby a rotary fund is maintained for an Agricultural Engineering specialist. This fund pays for salary, travel and equipment.

This year a 4-H project is being inaugurated by the specialist upon approval by the executive committee of the Council which requires expenditures for kits that may cost not to exceed \$3,500.00. The kits will be sold to 4-H Club members as they are made by a skilled electrician. An initial fund is necessary for materials and labor.

The President therefore recommends that \$3,500.00 from the Rotary Fund, financed by the Ohio Farm Electrification Council, be transferred to the secretary of the Council for this purpose, and receipts from sales be returned to this Rotary Fund in the Agricultural Extension Service.

That upon the recommendation of the Faculty Council, degrees be awarded at the Winter Convocation on March 18, 1955, to the following named students who have completed their requirements therefor:

That an agreement between The Ohio State University and the Ohio State University Research Foundation be executed conveying to the Ohio State University Research Foundation all rights, title and interest in and to patent rights and claims arising out of an invention relating to "Conversion of Ethylanyl Compounds to Acetyl Compounds" (Docket P-209) made by Melvin S. Newman.

That upon the recommendation of the Dean of the College of Medicine, it is requested that the President be authorized to negotiate and sign a new agreement between The Ohio State University and Children's Hospital whereby the clinical facilities of Children's Hospital will be available for the training of medical students, internes and residents in all phases of Pediatrics. The agreement will cover the period from July 1, 1954 to June 30, 1955. In order to assist in providing these teaching services, the University agrees to pay from Laboratory Supply Store Pro Rata Fund Rotary 15991 the sum of \$30,900.00 for the year beginning July 1, 1954, on a quarterly basis.

That the annual Recognition Dinner, given by the Board of Trustees, be held on May 9, 1955, at 6:30 p.m. in the Ohio Union and that \$2503.00 be appropriated to cover expenses.

That the research agreements heretofore entered into between The Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Great Lakes Foundry Sand Company, Detroit, Michigan—Investigation of Syenite in Ceramic Products (to be known as the Great Lakes Foundry Sand Company Research Project No. 28 (16th Extension)—Engineering Experiment Station—). Gross value, \$19,266.

Olin Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Synthetic Organic Chemicals and Fibers (to be known as the Olin Mathieson Chemical Corporation Research Project No. 116-B (Sup. 3)—Chemical Engineering). Gross value, \$150,000.

Master Buildings Company, Cleveland, Ohio—Investigation of Studies of Cement (to be known as the Masters Builders Company Research Project No. 239—Sup. 9—Chemical Engineering). Gross value, \$810.

Firestone Tire and Rubber Company, Akron, Ohio—Investigation of Health Hazards of Certain Compounds and Products (to be known as the Firestone Tire and Rubber Company Research Project No. 246—Ext. 9—Pathology). Gross value, \$10,728.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fatigue Studies (to be known as the Wright Air Development Center Research Project No. 430—Sup. 9—Metallurgy). Gross value, \$9,863.

Radio Corporation of America, Camden, New Jersey—Investigation of Supertunstile Antenna (to be known as the Radio Corporation of America Research Project No. 460—(C.O. No. 7)—Electrical Engineering). Gross value, \$7,000.

President Bevis presented to the Board a communication from Mr. Fullen calling attention to the function of the Board in providing two members of the Board of Directors of the Development Fund. One of such members must be a member of the Board of Trustees; the other need not be.

It was agreed that Mr. James F. Lincoln should be contacted to ascertain whether he desires to continue as a member of the Development Fund Board. It was agreed further that General Dargusch continue as representative of the Board of Trustees.

Upon motion, duly seconded, this understanding was made part of the minutes.

Dr. Stradley reporting on the successful use being made of the Elementary Education scholarships, stated that during the years the

Board has increased the number from 88 up to 150 per year, and that he has now recommended to the President that the Trustees be requested to authorize 150 Scholarships for Elementary Education for the year 1955-1956.

President Bevis then recommended to the Board that such authority be granted.

Upon motion of Senator Huffman, seconded by General Dargusch, the Board approved such recommendation by unanimous vote.

Vice President Stradley submitted the following report on the 1955 Religion-in-Life Week held on the campus January 16-20, 1955:

The 1955 Religion-in-Life Week was outstanding in several respects. It opened on Sunday evening with the Festival of Religious Music provided by Temple Israel Choir, the Josephinum Choir, the Broadstreet Choir, and the University Symphonic Choir.

The invitation to the chaplains was a successful innovation to the program this year. It meant that over 1,200 additional students were contacted.

Probably we have reached the saturation point as far as voluntary student attendance is concerned. Approximately 12,000 students attended one or more of the over 200 meetings or discussion groups. About 8,000 local citizens were in the congregations of the churches where the guest speakers preached on Sunday morning.

About eight hours of radio time—seven over WOSU and one over WRFD—were devoted to broadcasting recordings of various Religion-in-Life Week programs.

Continuing throughout the week, students and other members of the University community had an opportunity to see the following art exhibits in the Ohio Union:

Jewish Ceremonial art objects in show case, Main Lounge, courtesy of B'nai B'rith Hillel Foundation.

Main Lounge, exhibit, work of the late Miss Carolyn Bradley, former Professor, School of Fine and Applied Arts, The Ohio State University.

Joseph A. Park Memorial Room, Portrait, *The Young Christ Jesus* by Andre del Sarto, presented by the School of Fine and Applied Arts, courtesy of Mr. Frederick W. Schumacker.

* * * * *

The splendid success of Religion-in-Life Week—1955, as indicated in the above report, was made the subject of comment by the Board of Trustees. The musical program on the opening Sunday night featuring the choral organizations of the Josephinum, the Temple Israel, and the Broad Street Presbyterian Church, and the University Symphonic Choir; the fine array of speakers representing many denominations and points of view; the large voluntary attendance by the students estimated at 12,000; all combined to present an imposing undertaking.

On motion of Mr. Black, seconded by Mr. Ketner, it was resolved that the Board of Trustees express its appreciation and approval to Dr. D. Luther Evans, General Chairman, Dr. Bland L. Stradley, and

to all those faculty, students, and administrators who lent their energies to the fine result. Resolved further, that this movement typifies the higher aspirations of our student body and deserves encouragement and support.

Vice President Heimberger presented the following report on the progress being made in the development of the Assigned Research Program, authorized by the Board of Trustees March 9, 1953:

Two years ago, this Board was requested to give its approval to a one-year experiment with assigned research duty based upon principles developed by a faculty committee under the chairmanship of Professor Edison L. Bowers. This approval was given and a trial run was conducted during the academic year 1953-54. Last year, you were asked to approve the extension of this limited experiment for a second year, since it was too early to report upon the success or failure of the venture. It is now possible to make such a report based upon what was actually done in 1953-54 and the work in progress during 1954-55.

You will remember, no doubt, that this experiment was originally presented as an approach to the problem of providing added research opportunities in the absence of the sabbatical year which is common to most of the better universities. With adequate planning for the rotation of advanced courses and for the use of competent younger staff members, it seemed to be possible to assign carefully selected members of our Faculty to research duty for limited periods of time at very little cost.

The experimental plan has been operating in this way. Announcements are sent to the entire Faculty and any interested person is asked to submit his proposed research program to the President's Office through the proper chairman and dean. Working together, the chairman and dean examine the proposal, give their opinions as to its value and present a plan for suitable teaching replacements if the request is finally approved. All applications are then placed before a university-wide committee under the chairmanship of the Dean of the Graduate School. This committee advises the President in his final choice of those who are to be assigned to research duty.

In the first full year of the experiment, 1953-54, 10 members of the Faculty were assigned to research duty for one Quarter each and two were assigned to two Quarters. In the current year, 11 other persons have been given such assignments for one Quarter and seven for two Quarters. Due to careful staff planning, the cost has been very moderate. The 30 assigned to research duty over the two-year period have come from all five of the basic colleges. Their departments have been Agricultural Economics and Rural Sociology, Bacteriology, Botany and Plant Pathology, Business Organization, Classical Languages, Economics, Electrical Engineering, English, Fine Arts, German, History, Journalism, Mathematics, Physics and Astronomy, Romance Languages, and Speech. While several important assignments have been made in science areas, the plan has been used most in non-laboratory fields. It thus helps to bring a better balance to our total research effort by affording opportunities to persons who need personal time for individual research rather than technical assistance, laboratory equipment, and supplies necessary for conducting their investigations.

It may now be reported that the experiment has been highly suc-

cessful. In a limited way, it has helped to correct a serious deficiency which has existed for many years, due to our lack of a plan for sabbatical leaves for study and research. It has done this at very low cost and, with proper developments, it gives promise of contributing greatly to the growth of this University as a center for research and advanced study.

One of its important benefits has been in the realm of faculty morale. Opportunities for research are valued highly by the faculty members of any distinguished university. We have been at a serious disadvantage in our competition with other universities for the best talent available for research and teaching. One reason has been a salary situation which we are now trying to correct, but another very important reason has been the lack of a well-balanced plan for research opportunities. The possibility of assignment to research duty has helped to correct our deficiency and to make it easier to get and keep outstanding scholars.

It is not easy to give a direct and immediate appraisal of the value of research accomplished or advanced through this program. In some cases, assignment to research has resulted in new knowledge which is applicable to current and pressing problems. For example, one study carried forward had to do with the retail sales tax. Another was centered about the development of a continuously sensitive cloud chamber for immediate use in Physics. Several were in the broad field of the humanities and, while they may seem to have little practical importance, they have contributed greatly to the understanding and growth of our cultural heritage. In many cases, the objective was not so much the immediate research product as the full development of a younger member of our staff as a scholar and teacher. This is highly important as we try to improve the quality of our faculty.

One assignment to research duty had immediate and spectacular results. You may be interested in it even though we do not pretend that it is typical of what may be expected. In recent years, Professor John Kraus, of our Department of Electrical Engineering, has been experimenting with the development of a radio-telescope which seemed to offer almost fantastic opportunities for exploring the skies, particularly those parts which have been dark to optical telescopes. He began his work in a very small way and with sharply limited resources. As his work progressed, he received support from our own Development Fund and the National Sciences Foundation. In the Autumn Quarter, 1953, he needed time to put the final touches on his experimental instrument so that it would be ready for use in 1954. Professor Kraus was therefore assigned to research duty in the Autumn Quarter, 1953, and the telescope was ready to use on January 1, 1954.

Very recently, the national journal, *Science*, listed the 10 most important accomplishments in astronomy in the entire world during the year of 1954. The research findings of our radio-telescope took first place. Professor Kraus has now received a new and increased grant from the National Science Foundation and is working on the prototype of a much larger and more sensitive instrument which may open hitherto undreamed of opportunities for the exploration of the universe.

It is our opinion that the plan of assigned research duty has now proved itself to be a valuable addition to the total program of this University, and therefore it is recommended that, until otherwise

directed, the President be authorized to assign members of the University Faculty to research duty for limited periods of time; such assignments to be made at his discretion and to be based upon the general principles of the Bowers Committee plan, with the number and frequency to be determined by a student use of available resources.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote, and Vice President Heimberger and his committee were commended for their excellent work in the development of the plan.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidderes in accordance with the University Architect's recommendations and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

"Transmitted herewith is a tabulation of the bids for REMODELING FIRST FLOOR, UNIVERSITY HALL, received prior to 2 p.m., January 18, 1955, opened by Mr. Jacob B. Taylor at that time and referred to this office for analysis and report.

"The low bid on the General Contract Division is by Harry Miller, of Groveport, in the sum of \$6,650, compared with the Architect's estimate of \$5,000. The low bid on the Electrical Contract Division is by McCarty Bros. Electric Co. of Columbus in the sum of \$3,350, compared with the estimate of \$5,500.

"We have examined the General Contract bids and find the low bid to be a reasonable one, notwithstanding the fact that it is in excess of the Architect's estimate. The average of the eight bids received is approximately \$8,500, and in my opinion no lower bids would be received if the project were to be readvertised. It will be noted that the sum of the low bids of the two contract divisions is \$10,000 compared with \$10,500, the sum of the Architect's estimates of these divisions.

"Consideration of the four alternates to the General Contract are important for the most satisfactory use of the remodeled space. We are advised by the Business Office that there are sufficient funds in budget item F-1 Building Repairs to cover this project including the cost of the four alternates in the low General Contract bid.

"The alternates are as follows:

	<i>Bid</i>	<i>Estimate</i>
G-1 Add a partition in the conference room providing one additional staff office....	\$210.00	\$ 375.00
G-2 Add folding door in College Secretary's Office to provide an additional private conference area for the Secretary's assistant in rush periods.....	400.00	275.00
G-3 Replace present toilet staff partitions...	400.00	200.00
G-4 Add acoustic ceiling in College records area	400.00	1,520.00

"Including consideration of the alternates, it is noted that the low bids of the two divisions and the low General Contract bidder's bids on the four alternates amount to a total of \$11,410, compared with a total estimate of \$12,870. To effect the award on this basis, permission must be requested from the Controlling Board to award the General Contract Division to Harry Miller for the sum of \$6,650, which amount is in excess of the Architect's estimate, and for Alternate G-2 for the sum of \$400, and for Alternate G-3 for the sum of \$400, which amounts are in excess of the Architect's estimates.

"If these permissions are granted, I recommend that contracts be awarded, in the regular manner as follows:

Division I—General Contract

Harry Miller.....	Base Bid	\$6,650.00
Alternate G-1.....	add	210.00
Alternate G-2.....	add	400.00
Alternate G-3.....	add	400.00
Alternate G-4.....	add	400.00
		<hr/>
		\$8,060.00

Division II—Electrical

McCarty Bros. Electrical Co.....		3,350.00
		<hr/>
Total.....		\$11,410.00

"Funds for these contracts are to be provided by F-1 Building Repairs, H.B. 10."

Upon motion of Mr. Ketner, seconded by Mr. Black, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on January 18, 1955, for the purpose of opening bids on INTERIOR PAINTING AND PATCH PLASTERING OF THE ENTIRE OFFICE AND LOCKER ROOM SECTION OF THE RESEARCH CENTER BUILDING ON KINNEAR ROAD. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Art Kraft Decorators, Inc.....	\$3,250.00
The Ballenger Painting Company.....	2,983.00
Harold F. Mollenauer.....	4,425.00
Chester Dennison.....	3,200.00
Bohl Painting Company.....	4,280.00
General Painting Company.....	3,333.00
Bolin & Henry, Inc.....	5,975.00
Arlington Decorating, Inc.....	2,968.00
Bexley Decorating Company.....	4,338.00

General Maintenance & Engineering Co.....	4,010.00
M & M Decorators.....	7,487.00
Johns & Company.....	3,949.00

"The Engineer's estimate for the above work was \$7,500. The low bid of Arlington Decorating, Inc., is regular in every respect and is below the Engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Arlington Decorating, Inc., at their bid of \$2,968."

Funds for the execution of this contract recommended for award will be provided from F-1 Building Repairs, H.B. 10.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and those of Barber and Magee, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

"Transmitted herewith is a tabulation of the proposals for the construction of the INDOOR PRACTICE SECTION OF THE FIELD HOUSE GROUP, received at the office of the Business Manager of the University prior to 2 P.M., January 25, and opened immediately thereafter by Mr. Jacob B. Taylor at the request of Mr. M. J. Moon, of the Department of Public Works.

"I find that the low bids on all four Contract Divisions are regular in every respect, and are below the Architect's estimates of cost in each case. I find also that the bids for Alternate No. 1 for the change of composition roof covering to sheet aluminum roof are very satisfactory and the bid for this alternate by the low General Contract bidder is below the estimate. I, therefore, recommend that this alternate be accepted and that contracts be awarded by the Board of Trustees and that the Director of Public Works be requested to execute the documents on the following basis:

<i>Division I—General Contract</i>	
Joseph Skilken & Co.....	Base Bid \$ 821,793.00
Alternate I.....	add 45,500.00
	<hr/>
Total.....	\$ 867,293.00
<i>Division II—Heating and Ventilating</i>	
Scioto Heating & Plumbing Co.....	\$ 60,500.00
<i>Division III—Plumbing</i>	
Limbach Company.....	29,694.00
<i>Division IV—Electrical</i>	
Electric Power Equipment Co.....	52,517.00
	<hr/>
Total.....	\$1,010,004.00

Funds for this project are to be provided from proceeds of bonds issued for this purpose.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on January 25, 1955, for the purpose of opening bids on **INSTALLATION OF THREE REACTORS IN THE OHIO STATE UNIVERSITY POWER PLANT**. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Gustav Hirsch Organization, Inc.....	\$21,447.00
McCarty Bros. Electric Company.....	15,940.00
Electrical Contractors, Inc.....	16,807.00

"The Engineer's estimate for the above work was \$14,000.00. There were five companies that took out plans and specifications on this project and as shown above we received only three bids, all of which exceed the estimate of cost filed with the Auditor of State.

"Since two of the bids were relatively close together and only three bids were submitted although we contacted several other companies, it is our opinion that no lower bid or wider competition would be received if we readvertised this project.

"Therefore, I wish to recommend that permission be requested from the Board of Control to award this contract to the low bidder, McCarty Bros. Electric Company, notwithstanding the fact that their bids of \$15,940.00 exceeds the filed estimate of cost."

Funds for the execution of this contract, recommended for award, will be provided from E-9-a Power Plant Equipment, H.B. 10.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on January 25, 1955, at 2:00 p.m., for the purpose of opening bids on **AIR CONDITIONING FOR POMERENE REFECTORY**. The representative from the Director of Public Works office was unable to be present. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company.....	\$16,100.00
Columbus Heating & Ventilating Co.....	14,861.00
The Kuempel Company.....	11,825.00
United Refrigeration Service, Inc.....	12,291.00
Capitol Refrigeration Company.....	16,800.00
Speer, Wolfe & Co.....	11,932.00
The Buckeye Refrigeration Company.....	11,019.00

"The Engineer's estimate for the above work was \$26,300.00. Upon examination of the bids, we find that the bid of The Buckeye Refrigeration Company at \$11,019.05 and the bid of The Kuempel Company at \$11,825.00 do not meet the specifications set up for this project.

"The bid of Speer, Wolfe & Co. does meet the specifications in all respects, and we believe that it is the lowest and best bid complying with the specifications.

"Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with Speer, Wolfe & Co. at their bid of \$11,932.00"

Funds for the execution of this contract recommended for award will be provided from transfer from Department 804, Rotary E, to a new account "G-2-N Air Conditioning for Pomerene Refectory, H.B. 10" and the transfer is hereby recommended.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote and the transfer of funds authorized.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>
<i>Residence Hall for Women, Unit "E"</i>	
\$1,194,240.00	
I—General (including elevators).....	\$ 937,240.00
II—Heating and Ventilating.....	62,000.00
III—Plumbing	110,000.00
IV—Electrical	85,000.00
Total.....	\$1,194,240.00

To be paid from proceeds of Bonds issued for this purpose.

Upon motion of Mr. Ketner, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials, and estimate of cost for the following projects as prepared by Potter, Tyler, Martin & Roth and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>
<i>Law—First Section Classroom Administration Building</i>

III—Heating and Ventilating.....	59,500.00
Alternate E, Complete Cooling System....	51,200.00
IV—Electric Contract.....	46,400.00
Alternate F, Cooling Tower—Electric....	300.00
Total.....	\$709,729.00

To be paid from G-2-3 Law—First Section of Classroom Administration Building, H.B. 816.

Upon motion of Mr. Ketner, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 263 Award of contract for General Division of Remodeling of East First Floor, University Hall, to Harry Miller in the amount of \$6,650.00 and for alternates two and three at \$400.00 each, payable from F-1 Building Repairs, H.B. 10. This bid was in excess of Architect's estimate.
- 269 Award of contract and release of \$7,500.00 from G-2-5 Rehabilitation of present buildings including Meats Laboratory and equipment, H.B. 816, to Ralph J. Kramer and Sons for necessary engineering for refrigerated cooling and ventilating of Administration Building and Alumni House.
- 272 Transfer and release of \$5,000.00 from Department 804, Rotary E, to G-2-M, Residence Halls for Men, H.B. 10, to provide funds for preliminary survey and engineering costs in connection with an addition to Baker Hall.
- 273 Approval of an extra order to James I. Barnes Construction Company for drains and site improvement for Women's Dormitories in the amount of \$1,840.00.
- 277 Award of contract for Installation of Three Reactors for Ohio State University Power Plant to McCarty Brothers Electric Company in the amount of \$15,940.00, payable from E-9-a, Power Plant Equipment, H.B. 10, notwithstanding the fact that this bid exceeds the filed estimate of cost.

The Vice President and Business Manager reported to the Board that he had received the following letter from Mr. Guy Eblin, County Engineer:

"The proposed Lane Avenue relocation at the intersection with Kenny Road creates quite a physical change in regard to the existing location. The proposed road is located south of and at a much lower elevation than the existing road in order that the grade separation with the C. & O. Railroad may be constructed.

"A method of entrance upon the proposed road for the abutting properties has been given considerable study by this office, with the safety of the traveling public and an economical cost being uppermost in mind.

"We have conferred at length with the Division and Central Office of the Ohio Department of Highways, together with the Bureau of Public Roads, on various schemes of entrance, as a solution to this problem. As you know, the Bureau of Public Roads will provide a portion of the finances for this improvement.

"We are enclosing a drawing, along with a copy of a letter from the Ohio Department of Highways which will show the method of entrance approved and concurred upon by the above public agencies.

The drawing will show the need of additional land to be acquired from the State of Ohio to provide and construct an access road as a means of entrance upon the proposed construction.

"We are hoping you will give this need for additional land your most serious and earliest consideration."

This request was referred to Mr. Paul Elleman, Director of Physical Plant. He recommends that the University grant an easement to the County for the land that is requested above on the same basis as the other land which will be required in connection with the Lane Avenue improvement and that the layout as outlined on the print attached to the letter from Mr. Eblin, dated January 7, 1955, be accepted. The University Cabinet concurs in Mr. Elleman's recommendation and accordingly recommends to the Board that the request of the County Engineer be accepted.

On motion of General Dargusch, seconded by Judge Gorman, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager recommended that the University employ the firm of Sims, Cornelius & Schooley to render the necessary engineering services to install air cooling in the office section of the Research Center at 1314 Kinnear Road. The estimated cost of the project is \$25,000.00 and the fee for the engineering is set at 6%.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Board by unanimous vote approved the foregoing recommendation.

The Vice President and Business Manager informed the Board that in order to complete the financing for the Field House Group of projects, it is proposed that the University issue \$2,400,000.00 of Athletic Department Revenue Bonds. He further informed the Board that under the date of February 14, 1955, there was received an offer from Sweney-Cartwright and Company, the Ohio Company, and the Weil, Roth and Irving Company (known as the "original purchasers") to purchase these bonds at par and accrued interest, the effective rate of interest to be approximately 2.92%.

The Vice President and Business Manager recommended to the Board the acceptance of the offer of this group of companies for the Athletic Department Revenue Bonds and presented a resolution prepared by Squires, Sanders and Dempsey and approved by the Attorney General's office authorizing the issuance of the Bonds and providing the terms and conditions under which these Bonds are to be issued as follows:

RESOLUTION

Providing for the issuance of \$2,400,000 The Ohio State University Athletic Department Revenue Bonds for the purpose of constructing and equipping St. John arena and the indoor practice section of the field house group to be used for athletic purposes, to provide for the pledge of receipts from athletic events to secure said bonds and additional parity bonds, and to provide covenants appropriate for the protection and disposition of such receipts and to secure the payments of the principal and interest of such bonds.

WHEREAS, the Board of Trustees of The Ohio State University

(herein called the Board) is vested with the government of The Ohio State University (herein called the University) by Section 3335.02 of the Revised Code of Ohio, with the right, under Section 3335.03 of said Revised Code, and as such Board, of suing and being sued, contracting and being contracted with, and of making and using a common seal and, under Section 3335.10 of said Revised Code, and has general supervision of all lands, buildings and other property of the University and control of all expences therefor; and

WHEREAS, by authority of Section 3345.11 of the Revised Code of Ohio, the Board is authorized to construct, equip, maintain and operate upon such sites within the campus of the University, as the Board designates, structures, buildings or facilities to be used for athletic purposes and for the purpose of paying all or any part of the cost of such construction or equipment, to issue and sell bonds, secured by the assignment or pledge of any portion of the receipts from athletic events not otherwise obligated as the Board determines, provided that such bonds shall not be a claim against or lien upon any property of the State of Ohio or any property of or under the control of said Board except the receipts as pledged; and

WHEREAS, the Board is proceeding with the construction and equipment of St. John athletic arena and the indoor practice section of the field house group upon a site within the campus of the University, herein called the Project, to be used for athletic purposes and estimated to cost approximately \$5,000,000 and desires to pay part of the cost by the issuance and sale of \$2,400,000 principal amount of Athletic Department Revenue Bonds (herein called the Arena Bonds), pursuant to said Section 3345.11 of the Revised Code of Ohio on the terms provided herein, the remaining part of the cost having been provided by the Board from accumulated surplus Athletic Department funds available therefor, and

WHEREAS, the Board has received a proposal dated February 14, 1955 from Sweeney Cartwright & Co. and the Ohio Company, Columbus, Ohio, and The Weil, Roth & Irving So., Cincinnati, Ohio (herein called the Original Purchasers) on behalf of themselves and such others as may join in the proposal with their consent to purchase said bonds for \$2,400,000.00, together with accrued interest to date of delivery;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University:

Section 1. Purpose and Designation of Arena Bonds. That it is hereby determined to be necessary, for the purpose of paying a portion of the cost of construction and equipment of the Project on a site heretofore designated by the Board on the campus of the University, to issue and sell \$2,400,000 of bonds to be payable from the receipts from athletic events as hereinafter provided. Said bonds shall be entitled "The Ohio State University Athletic Department Revenue Bonds," and as referred to herein as the Arena Bonds.

Section 2. Terms of Arena Bonds. The Arena Bonds shall be dated March 1, 1955; shall be issuable in such denominations and numbers and in coupon form, registerable as to principal, or in fully registered form as may be requested by the Original Purchasers prior to issuance and provided in the Trust Agreement hereinafter authorized and shall bear interest payable semi-annually on June first and December first of each year, beginning December 1, 1955, until

the principal sum is paid, at the rates set forth below. The Arena Bonds shall mature annually on December first and bear interest as follows:

Amount	Maturity	Interest Rate	Amount	Maturity	Interest Rate	Amount	Maturity	Interest Rate
\$65,000	1958	2½ %	\$85,000	1967	2¾ %	\$110,000	1975	3 %

85,000	1966	2¾						

Principal and interest on the Arena Bonds shall be payable at the principal office of the Trustee under the Trust Agreement (herein called the Trustee), hereinafter provided for, said Trustee at the time of issuance of the Arena Bonds being The Ohio National Bank of Columbus, Columbus, Ohio.

The Arena Bonds shall be subject to call for redemption prior to maturity, at the option of the Board, in whole or in part, in inverse order of maturity, on December 1, 1960, or on any interest paying date thereafter at the following redemption prices (which are expressed in percentages of the principal amount of such bonds) and accrued interest to the date fixed for redemption and at the following times:

103½ %	if called on or before December 1, 1964;
103	if called thereafter and on or before December 1, 1967;
102½	if called thereafter and on or before December 1, 1970;
102	if called thereafter and on or before December 1, 1973;
101½	if called thereafter and on or before December 1, 1976;
101	if called thereafter and on or before December 1, 1979;
100½	thereafter.

If less than all outstanding Arena Bonds of one maturity are to be called, the Arena Bonds of that maturity to be called shall be chosen by lot conducted by the Trustee under the Trust Agreement hereinafter provided for.

Such call for redemption shall be made by notice, specifying the numbers of the Arena Bonds to be called, published by the Trustee on behalf of the University once a week for two consecutive weeks in a newspaper of general circulation published in Columbus, Ohio, the first publication to be not more than forty (40) nor less than thirty (30) days prior to the date of redemption, upon which date all interest upon the Arena Bonds so called shall cease except for Arena Bonds as to which default shall be made, upon presentation, in the payment of the redemption price. On compliance with Section 5 below. Additional Bonds may be issued to provide funds to call, purchase or redeem, or for the purpose, in any other manner, of refunding, all of the Arena Bonds at the time outstanding.

Section 3. Award of Bonds. The Arena Bonds are hereby sold to the Original Purchasers (and to such others as, with the consent of the Original Purchasers, join them as purchasers) at the price and on the terms provided in said Proposal dated February 14, 1955, submitted to the Board by the Original Purchasers.

Section 4. Allocation of Proceeds of Arena Bonds. From the proceeds from sale of the Arena Bonds shall be allocated and to the Trustee paid (a) the portion representing accrued interest, to the Debt Service Fund and (b) the portion, if any, representing premium, to the Debt Service Reserve Fund; the entire balance of such proceeds shall be used by the Board together with said accumulated surplus Athletic Department funds for the construction and equipment of the Project on said site.

Section 5. Additional Bonds. The Board shall have the right from time to time to issue Additional Bonds for the purpose of completing the construction and equipment of the Project if necessary, and the Trustee shall authenticate and deliver such bonds upon receipt of a resolution of the Board authorizing their issue and a certificate of the Vice President and Business Manager and the Comptroller that the proceeds of such bonds are needed for such purpose. The Board shall have the right from time to time to issue Additional Bonds for the purpose of construction and equipment by the University of other structures, buildings or facilities to be used for athletic purposes or for the refunding of outstanding Bonds as provided in Section 2 above. The Additional Bonds shall be payable from the Debt Service Fund and Debt Service Reserve Fund and be secured by a pledge of the receipts from athletic events on a parity with the Arena Bonds. The Trustee shall authenticate and deliver Additional Bonds issued for other structures, buildings or facilities to be used for athletic purposes if, but only if, when such Additional Bonds are issued, the University shall have furnished to the Trustee the following:

- (a) Certificate of the Vice President and Business Manager and the Comptroller of the University certifying that, to the best of their knowledge, the University is not, on the date of issue of such Additional Bonds, in default in the performance of any of its covenants provided in this Resolution, in the Trust Agreement or in the Bonds; and
- (b) Certificate of the Vice President and Business Manager and the Comptroller of the University showing that the average annual receipts from athletic events of the University for the three (3) fiscal years immediately preceding the sale of such Additional Bonds, after providing for operating and maintenance expenses of the Athletic Department of the University for that period, and also such receipts for the last preceding fiscal year after such operating and maintenance expenses for that year, are at least equal to 150% of the largest amount required to be paid in any fiscal year into the Debt Service Fund with respect to all Bonds to be outstanding immediately after the issuance of the Additional Bonds.

No Additional Bonds shall be redeemable earlier than any Bonds outstanding at the time of issuance of such Additional Bonds.

Section 6. Terms of the Bonds Generally. As used in this Resolution, the term "Bonds" refers both to the Arena Bonds and all Additional Bonds. The Bonds shall be designated The Ohio State University Athletic Department Revenue Bonds, shall be payable in lawful money of the United States, shall be negotiable instruments, shall express upon their face the purpose for which they are issued,

and shall be issued pursuant to Section 3345.11 of the Revised Code of Ohio. The Arena Bonds shall be signed by the Chairman of the Board or bear his facsimile signature and shall be signed by the President of the University and attested by the Secretary of the Board and be sealed with the seal of the University or a facsimile thereof. Interest coupons attached to the Bonds shall bear the facsimile signature of the Treasurer of the Board. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. The Additional Bonds shall bear such designation as may be necessary to distinguish them from the Arena Bonds or other Additional Bonds having different provisions and shall have maturities, interest rates, interest payment dates, redemption provisions, denominations, registration provisions, and other provisions as provided in the Resolution providing for issuance of the Additional Bonds, provided, however, that such terms and provisions shall not be inconsistent with this Resolution, the Trust Agreement or the then outstanding Bonds.

The Bonds shall be payable from the receipts of the University from athletic events and shall be secured, equally and ratably without priority of one over another, by the pledge of said receipts after provision for operation and maintenance expenses of the Athletic Department of the University on the terms provided herein, in the Trust Agreement and in the Bonds, and anything in the Trust Agreement, this Resolution or the bonds to the contrary notwithstanding, neither the Bonds nor the Trust Agreement shall be a claim against or lien upon any property of the State of Ohio or any property of or under the control of the Board except the portion of said receipts pledged as provided herein, provided, however, that if otherwise lawful nothing herein shall be deemed to prohibit the University, of its own volition, from using, or pledging, to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution or any of the Bonds.

Section 7. Covenants of the University. The University, by issuance of the Arena Bonds, covenants with the holders of the Bonds and with the Trustee under the Trust Agreement (a) that it will at all times so fix and adjust the receipts from athletic events as to provide a fund sufficient to pay the principal and interest of the Bonds and to pay the operation and maintenance expenses of the Athletic Department, (b) in order to provide such fund, it will, unless the amounts in the Debt Service Fund, Debt Service Reserve Fund and Replacement Account equal the total unpaid principal and interest on all bonds then outstanding, make such charges for attendance and other privileges, concessions and rights at athletic events and will so restrict operation and maintenance expenses of the Athletic Department as shall result in receipts from athletic events after provision for operation and maintenance expenses of the Athletic Department equal to the amounts required to be paid into the Debt Service Fund, Debt Service Reserve Fund and Replacement Account for the ensuing fiscal year under the provisions of this Resolution and to maintain an adequate sum for working capital of the Athletic Department; (c) that the University will furnish to the Trustee and

to the Original Purchasers of the Arena Bonds an annual report of the accounts and operations of the Athletic Department prepared by qualified accountants approved by the Trustee, (d) the University will insure and at all times keep the stadium insured until all outstanding Bonds and the interest thereon shall have been paid or provision for such payment shall have been made, in a responsible insurance company or companies authorized and qualified under the laws of the State of Ohio to assume the risk thereof, against physical loss or damage however caused, with such exceptions as are ordinarily required by insurers of structures or facilities of similar type, in an amount not less than eighty per cent (80%) of the replacement value of the stadium, less depreciation, as determined by the Board and satisfactory to the Trustee; provided, however, that such amount of insurance shall at all times be sufficient to comply with any legal or contractual requirement which, if broken, would result in assumption by the University of a portion of any loss or damage as a co-insurer, and that such insurance may provide for the deduction from each claim for loss or damage (except in case of a total loss) of not more than two per cent (2%) of the total amount of insurance required by the application of the co-insurance clause; and provided, further, that if at any time the University shall be unable to obtain such insurance to the extent above required, either in the amount or as to the risks to be covered thereby, it will not constitute an event of default under the provisions of the Trust Agreement if the University shall maintain such insurance to the extent reasonably obtainable; (e) the proceeds of such insurance shall be used to repair or rebuild the stadium; and (f) that the University will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement and this Resolution.

Section 8. Revenue Fund and Application Thereof; Special Funds. So long as any Bonds remain outstanding, all receipts from athletic events after issuance of the Arena Bonds shall be deposited in a separate fund known as the "Athletic Revenue Fund," which shall be maintained, in the name of the University, in a bank deposit or deposits separate and distinct from all other funds of the University, and such fund, subject to the withdrawals and uses herein authorized, is a sinking fund pledged to and charged with the payment of the principal and interest of the Bonds. Out of said Fund the following payments or transfers only shall be made and in the following order, but only to the extent funds are then available therein, to wit:

- First, Such sums as are necessary to pay all reasonable and proper operation and maintenance expenses of the Athletic Department.
- Second, Semi-annually on or before the twentieth days of May and November, into the Debt Service Fund (1) beginning November 20, 1955, an amount equal to the interest due on the next ensuing interest payment date upon all Bonds outstanding; and (2) beginning on May 20, 1958, the equal semi-annual sum necessary to provide for payment of the next ensuing principal maturity of Arena Bonds and, if Additional Bonds shall be issued, the amount specified in the Resolution authorizing such Additional Bonds to provide for payment of the principal thereof, which amount shall be not less than the amount

necessary to be paid in equal semi-annual installments to provide, at the time of their respective maturities, funds to pay in full all such Additional Bonds.

Third, Into the Debt Service Reserve Fund the following:

(a) On or before December 31, 1955 not less than \$135,000 and on or before December 31, 1956 such additional amount as is necessary to provide at least \$270,000 in said Fund, and,

(b) On December 31, 1957 and each December 31 thereafter, such additional amounts as are necessary to create and maintain in said Debt Service Reserve Fund an amount equal to the principal and interest requirements for the ensuing two calendar years on all Bonds then outstanding, and

(c) On December 31 of the year in which there shall be issued any Additional Bonds, an amount sufficient to make said Fund equal to the principal and interest requirements for the ensuing two calendar years on all the Bonds to be outstanding immediately after the issuance of such Additional Bonds.

Fourth, On or before December 31 of each year, commencing with year 1955, there shall be transferred into a Replacement Account to be established and maintained in the Athletic Revenue Fund at least such amount as may be determined by the Board and satisfactory to the Trustee, to be necessary to provide in said Account an adequate reserve for replacement and depreciation of the stadium.

Fifth, On or before December 31 of each year, commencing with the year 1955, such sum in addition to any of the foregoing as may be necessary and available, after meeting the requirements of the preceding paragraphs First, Second, Third, and Fourth, to make up any previous deficiency in any such annual deposits or such transfer,

Sixth, If and so long as the Debt Service Fund, Debt Service Reserve Fund and the Replacement Account equal the then required amount, the revenues remaining in the Athletic Revenue Fund on December 31 of the preceding calendar year, after paying or providing for the amounts payable for such preceding year under paragraphs Second, Third, Fourth, and Fifth above and after reserving therein an adequate sum as working capital for the Athletic Department, may be used for any lawful purposes.

The Debt Service Fund shall be maintained as a trust fund in the custody of the Trustee, and shall be used solely for the payment of the principal of and the interest on the Bonds, and until required for such purpose may be invested in direct obligations of the United States maturing not later than the dates when such funds will be required for such payments.

The Debt Service Reserve Fund shall be maintained as a trust fund in the custody of the Trustee, and, until required for any of

the purposes hereinafter mentioned, may be invested by the Trustee in direct obligations of the United States maturing not more than five (5) years from date of investment. Moneys in the Debt Service Reserve Fund shall, to the extent necessary, be transferred to the Debt Service Fund to permit the payment of all obligations payable therefrom, but only after transferring to the Debt Service Fund, to the extent necessary, any moneys available in the Athletic Reserve Fund for that purpose.

Any amounts in the Debt Service Reserve Fund at any time in excess of the amount then required to be maintained therein shall be used on request of the University to purchase Bonds or to call any Bonds then subject to call or for any other lawful purposes; or, on request of the University, shall be invested by the Trustee in any direct obligations of the United States; in calculating at any time whether additional amounts are required to be paid into the Debt Service Reserve Fund under Section 8, paragraph Third hereof, there shall be included only cash and any bonds in said Fund which mature not more than five (5) years after the date of such calculation.

The Replacement Account shall be maintained by the University in a separate account in the Athletic Revenue Fund, and shall be used by the University solely for the replacement and improvement of the stadium to the extent not provided as part of the operating and maintenance expenses of the Athletic Department of the University. Any amounts in the Replacement Account at any time in excess of the sum determined pursuant to paragraph Forth above as then necessary for the purposes therein provided shall be released from such Account.

Interest received on any investments of any such special funds shall be deposited in the special fund for which the investments were made.

If at any time the University shall have provided the Trustee with moneys sufficient, together with moneys and investments then in the Debt Service Fund and Debt Service Reserve Fund, to retire in full on the next available redemption date any then outstanding issue of Bonds, without thereby reducing the balance thereafter remaining in said Debt Service Fund and Debt Service Reserve Fund below the amount which on such call date would be required by this Section to be on hand therein with respect to Bonds not to be retired, the Trustee on request of the University shall make available out of said Debt Service Fund and Debt Service Reserve Fund the amount required, together with the other moneys provided, to accomplish such retirement.

Section 9. Definitions of Receipts and Expenses. As used in this resolution and without limiting the generality thereof, the term "receipts from athletic events" shall include any receipts of the University from ticket sales, season book sales, shares in receipts from conference or association games, meets, or other events, receipts from concessions, broadcasting, television and movie rights and program sales in connection with athletic events, and receipts of the University arising directly or indirectly out of any games, contests, athletic exhibitions or other athletic events held by the University or by any conference or association of which the University is a member or in which it participates.

The operation and maintenance expenses of the Athletic Department means expenditures of the same general nature and deter-

mined on the same general basis as the expenditures shown in Schedule J-4 of the Financial Report of The Ohio State University for the year ended June 30, 1954 under the headings "Games and Sports" and "Administration and General," and in addition, shall include any net loss from golf course operation and the type of expense related to University athletic events shown in said schedule J-4 under descriptions "Band," "Intramural" and "High School Events" and any necessary provision for possible refunds in ticket sales, but such operating and maintenance expenses shall not include any allowance, reserve or expenditure for depreciation or capital replacements or improvements.

Section 10. Trust Agreement. In order to secure the payment of the principal of and interest on the Bonds as the same shall become due and payable and the performance of the obligations of the University in this Resolution, the Bonds and the Trust Agreement, the President and the Vice President and Business Manager of the University are hereby authorized and directed in the name of and on behalf of the University and the Board to execute, seal and deliver to the Trustee a good and sufficient Trust Agreement pledging the receipts of athletic events on the terms herein provided in such form and containing such terms, covenants and conditions not inconsistent with this Resolution as shall be approved by such Original Purchasers and by the President and Vice President and Business Manager of the University.

Provision shall be made therein that in case the University shall default for more than thirty (30) days in the payment of any Bonds or the interest thereon or for more than ninety (90) days in performing any of the covenants or requirements of the Trust Agreement or of this Resolution, or of the Bonds, the Trustee may elect to, and upon request of the owners or holders of twenty-five per cent (25%) in amount of the outstanding Bonds shall, declare the entire amount of outstanding Bonds due and payable and proceed to enforce the rights of the bondholders.

The Trust Agreement shall contain the usual covenants and provisions as to remedies of the Trustee and bondholders, to the extent the same may lawfully be entered into by the Board.

The Trust Agreement shall also contain covenants as to proper maintenance of the athletic facilities and particularly the stadium, and the efficient operation thereof, maintenance, to the extent reasonably available, of adequate use and occupancy insurance upon the stadium until the required Debt Service Reserve is deposited, compliance with applicable requirements of law; periodic reports of operations of the Athletic Department to the Original Purchasers and the Trustee and the furnishing to the Original Purchasers and the Trustee of information reasonably requested by them; performance of the other covenants provided for in this Resolution or any resolution providing for Additional Bonds; and such other lawful covenants as may be necessary or appropriate for the due protection of the rights and security of the holders of the Bonds.

The Trust Agreement shall contain appropriate provisions for compensation of the Trustee and payment of the expenses from the Athletic Revenue Fund as part of the cost of operation of the Athletic Department and usual restrictions on the right of bondholders individually to enforce the Trust Agreement and usual provisional restricting the liability, and providing for indemnification, of the Trustee.

Said Trust Agreement shall contain appropriate provisions whereby the University, by Resolution of its Board and with the written consent of the holders of not less than sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) in aggregate principal amount of outstanding Bonds (excluding Bonds held or owned by the University), may modify or amend any covenant, condition or provision of the Trust Agreement or any supplement thereto so long as such action shall not result in changing the redemption provisions or interest and principal maturity dates nor reducing the principal amount or interest rate on any Bond without the consent of the holder thereof nor modifying the rights or obligations of the Trustee without its consent, nor reducing the percentage herein specified, nor imposing upon any part of the revenues pledged hereunder any lien ranking prior to the lien of the Trust Agreement and the Bonds.

Upon motion of Mr. Ketner, seconded by Judge Gorman, upon roll call the foregoing resolution was adopted and the award of the Bonds made to the "original purchasers" as stated in the resolution.

General Dargusch did not participate in this action.

The Vice President and Business Manager presented the following report:

The Class of 1954 provided as their class memorial an additional gift for the Victory Bell. \$1,800.00 of the gift of the Class remains after the Bell was purchased and installed and unless action is taken by the Board, the funds will lie unused. The Board of Directors of the Development Fund considered this matter and it is their unanimous recommendation that the \$1,800.00 in question be used to buy additional campus signs for certain of the outlying properties of the University. The University Administration concurs in this recommendation with the understanding that the signs so acquired will be properly designated as a gift of the Class of 1954 and that the signs will follow the general format of the ones already installed on the main campus as a gift of the Class of 1953.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board approved the foregoing recommendation.

General Dargusch stated that he believed the Board should take special note of the resignation of Professor E. L. Dakan, as Chairman of the Department of Poultry Science, and offered the following resolution, which was seconded by Mr. Ketner and unanimously adopted.

WHEREAS Professor E. L. Dakan, Chairman of the Department of Poultry Science, leaves a notable record of achievement in administration, extension, teaching and research, and

WHEREAS Poultry Science evolved from small beginnings, i.e., a one room office and single chicken house, to a separate department, having its own poultry administration buildings, research laboratories and poultry farms at the University and Experiment Station, and which department he has served as Chairman for more than thirty years, and

WHEREAS Professor Dakan's long range vision and planning have made Ohio a leader in poultry improvement, marketing and poultry extension activities, there being numbered among such the

following matters, for which Professor Dakan was in large part responsible: The National Poultry Improvement Plan, which was patterned after the work of the Ohio Poultry Improvement Association, the first cooperative egg auction in Ohio; the Ohio system of egg marketing, which has become a model for other states; the first feed dealers' conference, which are now held annually in many states, the establishment of the organization, which was responsible for obtaining the U. S. Department of Agriculture Regional Poultry Disease Laboratory for this area.

In addition to the above, Professor Dakan has been extremely active in other University affairs and community activities. He has served the University on numerous committees and shares credit for instituting many present administration policies and procedures.

Professor Dakan's influence has been widespread not only because of his teaching, extension and research activities, but because of his writing. He has served as Poultry Editor of the "Ohio Farmer" for many years and is the author of "Ohio and the Poultry Industry" and many numerous bulletins and articles. In addition, he has an interest in Ornithology and other biological subjects and has written and lectured on incubator fumigation and the use of light for growth, egg production and the control of disease.

Among the most significant of his contributions to the poultry industry has been that in the field of goose breeding and management, a type of goose reared at The Ohio State University poultry plant, being superior in every respect. Similar work has been carried on by the Department of Poultry Science with turkeys and chickens.

NOW, THEREFORE, the Board of Trustees extends its thanks and appreciation to Professor Dakan for his long, faithful and outstanding service to the University and the Experiment Station, observing that he epitomizes by his work the purpose of the University and the Experiment Station, which is to be of service to the people of Ohio and the nation. It is with gratification that the Board notes that Professor Dakan will remain in our service as a professor in his chosen field and that we shall have the benefit of his wise counsel for years to come.

A copy of this resolution suitably inscribed shall be forwarded to Professor Dakan.

President Bevis presented the following miscellaneous recommendations:

That upon the recommendation of the Faculty Council at its meeting held on February 8, Rules 36, Committee on Aptitude and Diagnostic Tests, and Rule 152, Academic Aptitude Test, be revised to read as follows:

Rule 36. The Committee on Aptitude and Diagnostic Tests. The Committee on Aptitude and Diagnostic Tests shall consist of five

members of the University Faculty appointed annually by the President. It shall formulate and administer an academic aptitude test given in accordance with Faculty Rule 152.

The Committee shall also study the formulation, administration, and use of other aptitude and diagnostic tests and shall recommend to the Faculty Council such revisions of the University's testing program as it thinks proper after full consideration with the departments, colleges, and other units affected. Its function shall not extend to examinations given in any course unless the department concerned solicits the assistance of the Committee.

Rule 152. Academic Aptitude Test. Every new undergraduate student (with the exception of transient students) entering the University is required to take an academic aptitude test under the direction of the Committee on Aptitude and Diagnostic Tests unless excused by that Committee.

The taking of this test by students entering the School of Optometry, the Graduate School, the Twilight School, or the Colleges of Dentistry, Law, Medicine, Pharmacy or Veterinary Medicine shall be optional with these Schools or Colleges.

That upon the recommendation of the Faculty Council at its meeting on February 8, the elimination of the degree, Master of Dental Science, be approved. Henceforth, candidates for the master's degree in the field of Dentistry will use the standard Master of Science program.

That the sum of \$5,000 be transferred from Dairy Laboratory Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology.

That the Memorandum of Understanding between the Ohio State University and the United States Department of Agriculture on Co-operative Extension Work in Agriculture and Home Economics, be approved.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Republic Steel Corporation, Cleveland, Ohio—Investigation of Blast Furnace Slag (To be known as the Republic Steel Corporation research project No. 374 (Sup. No. 3)—Mineralogy—. Gross value, \$15,840.00.

No. 5)—Engineering Experiment Station). Gross value, \$23,895.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Stress-Corrosion Cracking in Type 403 Stainless Steel (to be known as the Wright Air Development Center Research Project No. 626—Metallurgy). Gross value, \$29,005.00.

The above seven contracts for research in cooperation with Government and Industry represent a gross income of \$148,273.70.

Government—\$127,433.70 Industry—\$15,840.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed.

\$4,005 from the Research Corporation for the continuation of the grant of Dr. John G. Daunt for one year—Rotary 11659.

\$2,250 from the Visking Corporation for the Visking Corporation Fellowship in Chemistry—Rotary 11890.

\$1,800 from the Research Corporation for research work by Dr. Michael P. Cava—Rotary 11658.

\$1,000 from the Universal Oil Products Company for two scholarships in Chemical Engineering.

From the Ohio State University Development Fund

\$600 for the Ohio 4-H Club Foundation.

\$25 for Medical Research—Rotary 13431.

The the fee for students enrolled in the University Elementary School be increased from \$43.00 to \$58.00 per quarter, effective October 1, 1955, and that the fee for students enrolled in the University High School be increased from \$54.00 to \$58.00 per quarter, effective October 1, 1955. It is further recommended that the University School fee for the Summer term be increased from \$12.00 to \$15.00 effective Summer Quarter, 1955.

Upon motion of Judge Gorman, seconded by Mr. Black these recommendations of the President were approved by unanimous vote.

Traffic Survey

President Bevis referred to the serious and growing traffic situation upon the University campus. In view of the necessity for a study of the problem during the months of heavy traffic before the summer quarter begins, it was recommended:

That the proper administrative officers of the University be authorized to employ on its behalf a suitable firm, company or individual to make the desired survey and recommendations at a cost not to exceed eighteen thousand (\$18,000) dollars, and to report at the next meeting of the Board.

Upon motion of Mr. Black, seconded by Judge Gorman, this recommendation was approved by unanimous vote.

Accreditation

Vice President Stradley presented the following statement on accreditation:

The need for the accreditation of high schools and institutions of higher education began to develop in the years between 1890 and 1895. In the beginning the chief objective was to develop closer relations between the secondary schools and the colleges. The accrediting associations developed on a geographical basis. The country was divided into the following areas:

New England Association
 Middle States and Maryland Association
 Southern Association
 North Central Association
 North Western Association

All of these associations represent both secondary and higher education. Each association has commissions on secondary education, higher education, curricula, research, etc.

One of the cardinal principles of accrediting is that applications for membership in these accrediting associations are purely voluntary, but each high school or college desiring to gain membership must meet the requirements set up by the association. The procedure is as follows: The school applying must file an application with the association, and then an inspection is made by competent educators to determine eligibility for admission.

One of the problems which developed with accrediting was the establishment of more and more accrediting associations. There were accrediting associations to accredit graduate schools, each of the professional schools, and then the last straw was the development of departmental accrediting organizations at the college level. The situation became so complex that the leaders in higher education caused a study to be made of the whole accrediting system. As a result of this study, a movement developed to establish a screening agency for the accrediting associations. Some order came out of chaos, and administrators of colleges and universities were instructed to work through certain approved accrediting associations.

The Ohio State University is in the North central territory and, therefore, the North Central Association of Colleges and Secondary Schools is our original accrediting association. Most of the colleges of Ohio and almost half the Ohio high schools hold membership in this association.

There is a move in the North Central Association to decentralize its efforts for the purpose of developing more active relationships with the member institutions. Last week a meeting was held on this campus and attended by presidents of many of the colleges of Ohio and West Virginia. At this meeting three problems were given careful consideration:

- (1) that the North Central Association Commission on Colleges and Universities provide:
 - a. sponsorship and assistance in the conduct of a program of studies to be carried on by individual institutions and groups of institutions;
 - b. performance of a clearinghouse function in providing information of concern to the member higher institutions, and
 - c. provision of consultant services;
- (2) that certain internal changes be made in the organization of the Commission on Colleges and Universities;
- (3) that the North Central Association continue to assume part of the responsibilities for the accrediting of the professional schools.

In this connection, it should be stated that the North Central Association has not moved as far nor as fast in this direction as was first anticipated. In general, it is cooperating with professional accrediting groups rather than assuming the complete responsibility for accrediting the professional schools. This cooperation has included the designating of "generalists" in each field to visit the colleges and universities at the same time as the professional accrediting associations. The function of the generalists has been to see that the professional accreditation fits into the entire college or university program. He has served as an observer and coordinator who works with the professional accrediting group and reports back to the Association the general situation in the university.

The Vice President and Business Manager reported that the Cabinet has approved the following Extra to Contract and recommended that it now be approved by the Board of Trustees:

Harry E. Miller.....\$70.00

Covering for one overhead steel beam in Room 115 which cannot be eliminated as indicated by the working drawings for the remodeling of the East First Floor of University Hall

Original contract—\$8,060.00—March 7, 1955

Upon motion of Judge Gorman, seconded by Senator Huffman, this recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation of the University Architect:

When bids on the Basic Science Unit, College of Veterinary Medicine were opened on March 1, 1955, a base bid was received from George Koch Sons, Incorporated of Portsmouth on the Plumbing Contract in the sum of \$62,319.00 with other amounts for the several alternates as required by the proposal form.

On Wednesday, March 2, Mr. Schafer, of Garfield, Harris, Robinsons and Schafer was advised by a representative of Federal Insurance Company who furnished the Koch bond, that an error had been made in computation and that the bidder wishes to withdraw the bid. He was advised of the procedure which had been followed in previous cases where bids had been withdrawn.

On March 4, 1955, a telegram was received (dated March 3) by the University Architect:

“Re Basic Science Unit, College of Veterinary Medicine. Request withdrawal of our bid for plumbing contract due to the major omission of material and labor for piping services to laboratory equipment. Will await your instructions. Copy of this wire sent to Garfield, Harris, Robinson and Schafer, Cleveland. George Koch Sons, Inc.”

On the afternoon of March 4, 1955, Mr. L. J. Koch, and a Mr. Elliott of George Koch Sons, Inc. and Mr. H. B. Liles representing the Federal Insurance Company presented to the University Architect:

1. A letter dater March 4, 1955, describing the nature of the omission purported to exist in their plumbing bid of March 1, 1955.
2. An affidavit by L. J. Koch, Project Engineer certifying to the omission and resultant error.
3. The original estimate sheets upon which the computations were made. They may be retained as the State's records, but will be supplemented by photostat copies as may be required.

I have examined the tabulation of bids and the documents presented by Koch and it is my opinion that an error has been made in computing the amount of the Koch bid for Plumbing. If Cabinet agrees with my opinion, I recommend that the documents be presented to the Director of the Department of Public Works or to the Attorney General, either directly or jointly with the Director, to determine their validity as a basis of withdrawal, of the Koch bid.

If the documents are valid, I recommend that George Koch Sons, Incorporated, be permitted to withdraw the bid of March 1, 1955 and that the bid be not considered in making award of contracts on this project.

Subsequently, this information was presented to Mr. Allen, the State Architect, by Mr. Weaver of the Business Office and Mr. Reichard of the University Architect's office. Mr. Allen informed the University representatives that, in his opinion, an honest mistake had been made by George Koch Sons, Incorporated, in the computation of their bid. Therefore, it was his opinion that, as provided by statute, George Koch Sons, Incorporated, should be permitted to withdraw their bid on the grounds of error.

The University Cabinet, therefore, recommends that George Koch Sons, Incorporated, be permitted to withdraw their bid and that the Director of Public Works be requested to concur in this recommendation and to proceed accordingly.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the following report:

The University Architect on February 17, 1955 advised the University Cabinet as follows with respect to the estimate of cost for the proposed new Diagnostic X-Ray and Classroom Facilities, College of Medicine and the First Section of Classroom-Administration Building, College of Agriculture.

In preparing a report on the tabulation of bids received February 15, 1955, for the construction of Diagnostic X-Ray and Classroom Facilities, College of Medicine, and for First Section of Classroom-Administration Building, College of Agriculture, a discrepancy of figures is found between (1) the estimates recorded at the University in the December 16, 1954 Cabinet minutes and the January 10, 1955 Trustees minutes, and (2) the estimates filed directly from Cleveland with the Auditor of State by the office of the Associate Architects, Garfield, Harris, Robinson, and Schafer.

Investigation now shows that the difference in figures is the result of a peculiar coincidence of circumstances due to typing errors in transmitting information between the Cleveland Office and the University Architect's Office between this office and the Business Office, and from the Cleveland Office directly to the State Offices in downtown Columbus.

We find, also, that, fortunately, the estimates filed with the State Architect and with the Auditor of State are correct both as to items included and as to amounts, and that they are the one which should be used in considering the awards of contracts on the projects involved.

I, therefore, recommend that the correct estimates as filed with the Auditor of State be recorded in the Cabinet minutes as of this date, including the added items and amended amounts, for official use in analysis of the tabulation of bids received on February 15, 1955, and in recommending the award of contracts on the projects involved.

These corrected estimates are as follows:

Diagnostic X-Ray and Classroom Facilities, College of Medicine

	Revised Estimate	Original Estimate
Division I General	\$317,543.00	\$318,718.84
Division II Plumbing	28,364.00	29,406.04

Similarly on February 24, 1955, the University Architect advised the University Cabinet as follows with respect to the estimate of cost for the Basic Science Building, College of Veterinary Medicine.

The University Architect has just received from Garfield, Harris, Robinson and Schafer, architects for Basic Science Building, College of Veterinary Medicine, a copy of the revised Estimate of Cost of the project. This revised estimate is at variance with the estimates listed in the Cabinet minutes of December 16, 1954. It is made necessary to eliminate Section 19, 'Miscellaneous Items of Equipment' from the base proposals and to place it in Alternate proposals in all divisions of the contract.

The necessary revised copies of documents have been filed with the Director of Public Works (State Architect) and with the Auditor of State. Bids are to be received on this project on March 1, 1955, and the revised estimates listed here should be used in analyzing the bids and recommending awards.

I recommend that the revised estimates as filed with the Auditor of State, including the amended amounts and the added alternates, be recorded in the Cabinet minutes of this date.

The revised estimate is as follows:

Basic Science Building, College of Veterinary Medicine

	Revised Estimate	Original Estimate
Division I General	\$659,085.00	\$807,600.00
Division II Plumbing	104,850.00	119,100.00
Division III Heating, Ventilating and Air Conditioning	121,900.00	122,500.00
Division IV Electrical	117,000.00	122,800.00

E-2	Additional electrical work if Alt. HV-2 is accepted	300.00	(No estimate)
E-3	Connect all electrical outlets and provide wiring for Laboratory equipment	5,800.00	(No separate estimate)

The Cabinet has approved the recommendations of the University Architect for the correction of the estimates of cost and now recommends to the Board that these revised estimates be approved.

Upon motion of Mr. Black, seconded by Judge Gorman, the above actions of the University Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the First Section Classroom-Administration Building and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids for the project, First Section Classroom-Administration Building, College of Agriculture, received prior to 2:00 p.m., February 15, 1955, and publicly opened immediately after that hour by Mr. M. J. Moon, representing the Director of the Department of Public Works.

"After consultation with the architects, Garfield, Harris, Robinson and Schafer, and conferences with members of the Cabinet, I recommend that favorable consideration be given to Alternate No. 1, which adds a third story to the building with approximately 6,500 square feet of departmental space (other than instructional) and to Alternate No. 3, which adds air-conditioning for first floor south-wing classrooms. The cost per cubic foot for the base project is \$1.47, whereas the cost of the third floor addition is \$1.10 per cubic foot. It is my opinion that the facilities represented by Alternates No. 1 and No. 3 could not be added in the future at the figures presented by the proposals of these low bidders.

"It is noted that the low base bid of Robert W. Setterlin & Sons

Company for the General Contract, Div. 1, is above the estimate of cost on file with the Auditor of State, but it is regular in every respect.

"It is also noted that the low bids of The Huffman-Wolfe Company for Plumbing, Division II, National Company, Inc., for Heating, Ventilating and Air Conditioning, Division II, Gustav Hirsch Organization, for Electrical Work, Division IV, and the bids by the low base bidders for Alternates No. 1 and No. 3 are regular in every respect and are all below the estimates on file with the Auditor of State.

"A list of the low base bids and a comparison with the architects' estimates follow:

	Low Bid	Estimate Architects'
<i>Division I General</i>		
Robert W. Setterlin & Sons Co.	\$ 763,942.00	\$ 725,456.60
Alternate GC-1	Add 83,379.00	91,100.00
Total with alternate	\$ 847,321.00	\$ 816,556.60
<i>Division II Plumbing</i>		
The Huffman-Wolfe Co.	\$ 43,300.00	\$ 59,985.00
Alternate P-1	Add 3,600.00	8,000.00
Total with alternate	\$ 46,900.00	\$ 67,985.00
<i>Division III Heating, Ventilating and Air Conditioning</i>		
The National Co., Inc.	\$ 115,590.00	\$ 145,636.00
Alternate HV-1	Add 10,042.00	12,000.00
Alternate HV-3	Add 16,310.00	30,800.00
Total with alternates	\$ 141,942.00	\$ 188,436.00
<i>Division IV Electrical</i>		
Gustav Hirsch Organization	\$ 87,400.00	\$ 109,571.00
Alternate E-1	Add 9,500.00	11,150.00
Alternate E-3	Add 220.00	550.00
Total with alternates	\$ 97,120.00	\$ 121,271.00
Total for all divisions	\$1,133,283.00	\$1,194,248.60

"It is noted from the tabulation that 30 separate bids were received and that the bids are closely competitive. It is also noted that the total of all the low bids, including the alternates, are \$60,965.60 below the architects' estimates for these items, notwithstanding the fact that the low general contract bid is in excess of the architects' estimate. It is my opinion that no lower general contract bid would be received if this division of the project were to be re-advertised.

"I, therefore, recommend that the Controlling Board be requested to grant permission for the awards to the low base bidders and, if

this permission is granted, I recommend that contracts be awarded by the Board of Trustees to the low bidders listed in the tabulation above, and for the amounts listed above and that the Director of the Department of Public Works be requested to execute proper contracts accordingly."

Funds for this project are to be paid from G-2-2 Agriculture-First Section of Classroom-Administration Building, H. B. 816.

Upon motion of Mr. Black, seconded by Mr. Kettering, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the project Diagnostic X-Ray and Classroom Facilities, College of Medicine, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids for the project Diagnostic X-Ray and Classroom Facilities, College of Medicine, received prior to 2:00 p.m., February 15, 1955, and publicly opened immediately after that hour by Mr. M. J. Moon, representing the Director of the Department of Public Works.

"After consultation with the architects, Garfield, Harris, Robinson and Schafer, for the project and conferences with members of the Cabinet, I recommend that favorable consideration be given to Alternate No. 2 which adds facilities required to include air-conditioning for first floor rooms. The cost of this extra work is relatively low if done now and could not be added at a later date at such economical figures.

"It is noted that the low bids received on all four divisions of the contract, and on Alternate No. 2, are higher than the estimates of cost for these items on file with the Auditor of State. They are regular in every other respect.

"A list of the low base bids and a comparison with the Architects' estimates follows:

<i>Division I</i>	<i>General</i>	Low Bid	Architects' Estimate
	General Maintenance and Engineering Company	\$351,300.00	\$317,543.00
<hr/>			
<i>Division II</i>	<i>Plumbing</i>		
	Limbach Company	\$ 30,167.00	\$ 28,364.00
<hr/>			
<i>Division III</i>	<i>Heating, Ventilating and Air Conditioning</i>		
	Piping Contractors Co.	\$ 67,673.00	\$ 62,625.00
	Alternate HV-2 Add	28,397.00	27,400.00
		<hr/>	<hr/>
	Total with alternate	\$ 96,070.00	\$ 90,025.00
		<hr/>	<hr/>

<i>Division IV</i>	<i>Electrical</i>		
Electrical Contractors, Inc.		\$ 68,466.00	\$ 46,130.00
Alternate E-2	Add	868.00	550.00
	Total with alternate	\$ 69,334.00	\$ 46,680.00
Total for all Divisions (with alternates)		\$546,871.00	\$482,612.00

"There were 24 different bidders on this project and the bids in all divisions are remarkably close. For example, the ten general contract base bids are within 10% between high and low and the five bids above the low general contract bid are within 2¼% of each other. This indicates that the field of competitive bidders has been fully and satisfactorily covered. It is my opinion that no lower bids would be received in any of the divisions if the project were to be re-advertised.

"The need for these minimum facilities for teaching purposes and for diagnosis by X-Ray is pressing and time is of the essence in the construction of this project.

"For the reasons cited above, I recommend that the Controlling Board be requested to grant permission for the awards to the low base bidder, and if this permission is granted, I recommend that contracts be awarded by the Board of Trustees to the bidders listed in the Tabulation above and for the amounts listed above and that the Director of the Department of Public Works be requested to execute proper contracts accordingly."

A transfer of funds in the amount of \$82,183.26 from G-2-5 Rehabilitation of Present Buildings to G-2-4 Medicine, Diagnostic X-Ray and Classroom Facilities, H. B. 816 will be required and is accordingly recommended.

Upon motion of Mr. Black, seconded by Mr. Kettering, the above actions of the University Cabinet and the transfer of funds as recommended by the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Basic Science Unit, College of Veterinary Medicine, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the office of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Analysis of the tabulation of bids shows that the low bidders on Base Contracts are:

General Contract, Garwick & Ross
 Plumbing Contract, Limbach Co.
 Heating, Ventilating, Air Conditioning Contract, Huffman-Wolfe Co.
 Electrical Contract, Blum Electric, Inc.

"The choice of the several alternates submitted by these low bidders does not change the relative position of the bidders.

"It is noted that (1) the low General Contract base bid of Garwick & Ross at \$731,700.00 is in excess of the Architect's estimate of \$659,085.00; (2) the bid for Alternate GC-1 at \$41,000.00 is in excess of the estimate of \$40,146.00; (3) the bid for Alternate GC-4 at \$3,200.00 is in excess of the estimate of \$3,000.00; and (4) the bid of Huffman-Wolfe Co. for Alternate HV-2 at \$1,800.00 is in excess of the estimate of \$1,300.00. In every other respect the proposals on these four items are regular.

"The General Contract bid is 10.5% in excess of the estimate, but the mechanical trade bids are 8% below the estimates and the total of all proposals recommended for acceptance is 3.5% net in excess of the corresponding estimates.

"It is also noted that all eleven general contract bidders are within 7.5% of the low bidder, and that, with the exception of one unreasonably high electrical bid and one erroneous plumbing bid, all the mechanical bids are in a very close range. This indicates very satisfactory competition and it is my opinion that no lower bids would be received if the project were readvertised. I, therefore, recommend that the Controlling Board be requested to permit the award of the four items mentioned above at the amounts proposed by the bidders, notwithstanding the fact that the proposals are in excess of the Architects' estimates.

"All of the other items referred to in the list below are regular in every respect, and, if permission to award is granted as suggested in the preceding paragraph, I recommend that the Board of Trustees award contracts for the items, and in the amounts, listed below, and that the Director of the Department of Public Works be requested to execute proper contracts therefore in the regular manner.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

280—Approved the transfer and release of \$11,966.50 from Department 804 Rotary E to a new account G-2-N Air Conditioning for Pomerene Refectory. H. B. 10 to provide funds for the contract for Air Conditioning of Pomerene Refectory with Speer, Wolfe & Company and for legal advertising.

284—Approved the release of E-9-a Power Plant funds without restriction for the full fiscal year 1954-55 to provide funds for a contract with McCarty Brothers Electric Company for the installation of Three Reactors in the Power Plant in the amount of \$15,940.00.

286—Approved the issuance of an extra order to Frank Messer and Sons, Inc. in the amount of \$2,942.00 for the addition of six dictating rooms on the third floor of the Chemical Abstracts Building and the transfer of \$3,269.00 from Department 804 Rotary A to G-2-B Housing for Chemical Abstracts, H. B. 10 to provide funds for this order.

389—Approved the employment of Sims, Cornelius and Schooley to render necessary engineering service to install air cooling in the two-story part of Research Center at a fee of approximately six per cent of the estimated cost of \$25,000 for this project and, also, approved the transfer and release of \$1,500.00 from Department 804 Rotary A to a new account G-2-P Air Cooling in the Office Part of the Research Center, H. B. 10 to provide funds for this service.

The Vice President and Business Manager presented the following resolution for the approval of the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there be called for redemption on April 1, 1955, Dormitory Revenue Bonds in the amount of \$70,000.00. The bonds to be retired are as follows:

Bond No. 29 for \$5,000.00 held by the School Employees Retirement System

Bonds No. 30 to No. 35 inclusive for \$5,000.00, each,
held by the Public Employees Retirement System
Bonds No. 36 to No. 42 inclusive for \$5,000.00, each,
held by the State Teachers' Retirement System

This action is in accordance with the maturity schedule as shown in Section 1 of the indenture.

BE IT FURTHER RESOLVED that the interest on said bonds for the period October 1, 1954, to April 1, 1955, be paid to the respective retirement systems.

Upon motion of Senator Huffman, seconded by Mr. Black, the above Resolution was approved by unanimous vote.

The President now reported to the Board the death of Frederick J. Salter, and in accordance with the recommendations of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Frederick J. Salter, Associate Professor Emeritus of Agronomy, on February 9, 1955. He was born in LaCrosse, Kansas, on September 28, 1889. After receiving his secondary education in Kansas he came to Ohio State University to continue his education in the field of agricultural chemistry. He received the B.S. degree in 1913 and the M.S. degree in 1914 in agricultural chemistry. The Ph.D. was granted to him in 1929 in the field of Agronomy.

Dr. Salter was an instructor at Ohio State University in agricultural chemistry from 1913 to 1919 and in soils from 1924-27. He was made Assistant Professor of Extension in 1925 and Assistant Professor of Agronomy in 1929. In 1940 he was promoted to Associate Professor in both Agronomy and the Extension Service. He retired on June 30, 1953.

Dr. Salter was a member of the American Society of Agronomy and the Soil Science Society of America. He was very active in the educational branches of these organizations and was recognized as one of the outstanding teachers in the field of soils in the United States. He will be long remembered by many students for his deep personal interest in their problems and for consultations and guidance during their academic careers.

On behalf of the entire University, The Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND NINETY-SECOND MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, April 11, 1955

The Board of Trustees met at the University pursuant to adjournment.

President Bevis presented the following miscellaneous recommendations:

The upon the recommendation of the Faculty Council at its meeting held on March 15, 1955 the following persons be awarded honorary degrees at the June Commencement 1955:

Albert Kinkade Chapman	Doctor of Laws
Melvin De Groote	Doctor of Science
Homer Charles Fritsch	Doctor of Science
Harry G. Good	Doctor of Laws
Henry Wise Hobson	Doctor of Laws
Harry Kaplan	Doctor of Laws

That the Lamme Medal be awarded at the Commencement on June 10, 1955 to Ralph Martin Hardgrove, a graduate of the Class of 1914 with the degree of Mechanical Engineer. Mr. Hardgrove is at present a research consultant with The Babcock and Wilson Company, Alliance, Ohio, and is internationally known for his work in the field of pulverized-coal firing and steam generation.

That upon the recommendation of the Graduate Council, the Joseph Sullivant Medal be awarded at the Spring Quarter Convocation on June 10, 1955 to Professor Emeritus Cecil Ernest Boord of the Department of Chemistry, the Ohio State University.

That the following leaves of absence be granted:

Jack E. Hufford, County Agricultural Agent, Agricultural Extension Service, for the period April 1, 1955 to June 15, 1955, with salary, for graduate study at the Ohio State University.

Harold Cole Ruggles, County Agricultural Agent, Agricultural Extension Service, for the period March 1, 1955 to August 15, 1955, without salary, for graduate study at the University of Illinois.

That the research agreement heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

- Godfrey L. Cabot, Inc., Boston, Massachusetts—Application of Walla-stonite in Ceramic Field ,To be known as the Godfrey L, Cabot, Inc. research project No. 506 (Amend. No. 4)—Engineering Experiment Station). Gross Value, \$14,603.00.
- National Institutes of Health, Bethesda, Maryland—Investigation of Effect of Certain Antibiotics upon Microflora and Enzymes in Milk (To be known as the National Instituees of Health research project No. 547 (Ext. No. 2)—Dairy Technology). Gross value, \$5,000.00.
- Air Force Cambridge Research Center, Cambridge, Massachusetts—Investigation of Thermal Radiation Methods of Atmospheric Probing (To be known as the Air Force Cambridge Research Center research project No. 687 (Sup. No. 2)—Physics). Gross value, \$43,815.00.
- Cleveland Ordnance District, Cleveland, Ohio—For Study of Amine Perchlorates as Ingredients for Fast Burning Propellants (To be known as the Cleveland Ordnance District research project No. 589 (Sup. No. 3)—Chemistry). Gross value, \$32,888.00.
- Cleveland Ordnance District, Cleveland, Ohio—For Decomposition and Mechanistic Studies of Propellants and Propellants Additives (To be known as the Cleveland Ordnance District research project No. 591 (Sup. No. 2)—Chemistry. Gross value, \$11,440.00.
- Quartermaster Research and Development Center, U. S. Army, Natick, Massachusetts—For Study of the Physical-Chemical Changes of Proteins Which Occur During Milk Dehydration Which Affect the Acceptance of the Milk as a Beverage (To be known as the Quartermaster Research and Development Center research project No. 629—Dairy Technology). Gross value, \$11,900.00.
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—For research for the Development of New Mechanisms and Techniques for Obtaining Steels in the Ultra-high Strength Range (To be known as the Wright Air Development Center research project No. 631—Metallurgy). Gross value, \$18,629.00.
- Shuler and Benninghofen, Hamilton, Ohio—Investigation of Reactions and Treatments of Wool to Improve Its Properties (To be known as the Shuler and Benninghofen research project No. 632—Chemistry). Gross value, \$9,000.00.

The above eight contracts for research in cooperation with Government and Industry represent a gross income of \$147,275.00.

Government—\$123,672.00 Industry—\$23,603.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed.

From the Development Fund

President Bevis now presented the following statement concerning
the Research Center:

Plans are now progressing rapidly for the full development of
our new research center at the site of the former Rockwell Plant.
Under the chairmanship of Dean Alpheus Smith, a committee is mak-
ing recommendations to me concerning the use of space now available
and facilities which may be needed as the center grows from its
present beginning. In planning for the future, careful attention is
being given to the needs of all research areas within the University.

Just now, emphasis is being placed upon those research efforts
which are suited to the existing structures with a minimum of change.
It is planned that other special purpose facilities will be added as
rapidly as the growth of the University will permit. The hope is that,
eventually, facilities on the present campus and at the new center
will be more nearly adequate. An example of the provision of added
facilities is the new Antenna Research Laboratory which is now under
construction at the center.

While strong emphasis is being placed upon the unity of our ef-

forts, with no thought of separating contract research from our rapidly increasing growth in fundamental research, it does seem advisable to locate the offices of the Research Foundation at the heart of this new and very important center. Dean Smith's committee has so recommended to me and the move will be made in the near future. It also seems advisable to name the new center through formal action by the Board of Trustees.

I, therefore, recommend that this present and projected development of physical facilities growing out of the buildings and land acquired from the Rockwell Manufacturing Company be named the Ohio State University Research Center.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board, by unanimous vote approved the above recommendation.

Vice President Stradley reported that the enrollment for the spring quarter is 18,050 students an increase of 920 over last year.

* * * * *

Vice President Heimberger now presented the following report on Faculty Achievements:

It would be impossible to report to you in any detail on the seemingly infinite problems and accomplishments stemming from teaching 20,000 students and conducting a complex and rapidly growing research program. Much of the time you must take it on faith that the basic work of the University is being done—and done well. Your confidence in the teaching and research staff has been strong—so strong that it is a little frightening because of the responsibility which it imposes.

From time to time I try to give you just a few examples to show that this responsibility is being accepted and fulfilled. This is always embarrassing because there are so many examples to be offered and countless distinguished persons and efforts must go unmentioned. Today I wish to speak of only three or four.

On the undergraduate teaching front our most important task right now is the development of a basic program which will make sure that our baccalaureate degrees mean more than the acquirement of highly perfected technical skills or proficiency in narrow fields of specialization. The task is a very complex and difficult one because we are trying to find a way to assure an essential basic education without losing the individuality of the student or his college program. The easy short cut would be to grind all of our students and all of our teaching programs through a single mill, but this we think would be a serious mistake.

In my opinion, we are on the way to success. Each of the five undergraduate colleges has its own planning group and there is a central committee for the whole University. Interest in this effort is widespread and it seems certain that we shall find a way to begin and a plan for growth through a continuing process of development based upon experience and experimentation. The final outcome should be agreement upon a basic curricular program which will preserve a large degree of individuality but will also bring higher common values and meanings to our baccalaureate degrees.

In the broad field of our total research effort our most important development just now is the Advisory Council on Research which you recently established upon recommendation by the Faculty. This Coun-

cil is now in operation and is slowly and carefully finding its directions. Its principal task at this moment is to learn how to encourage and facilitate research without succumbing to the easy temptation to become another central agency wielding powerful administrative controls. A high degree of freedom is essential to the healthy growth of research and, again, any possible threat of the blight of tightly regulated uniformity must be avoided. The Council on Research is slowly and patiently finding its place and its work and, in my opinion, it is destined to become a strong force in the future of the University.

From the area of personal achievements by members of our Faculty I might draw literally scores of examples. I have chosen, however, to mention only two which typify a part of our total program which does not usually make the headlines. So much attention is being given to almost miraculous developments in our knowledge of the physical world that it seems well to point to two distinguished accomplishments in the world of ideas and creative artistry.

The first is an important new book, "The Age of Ideas," authored by Professor George R. Havens of our Department of Romance Languages. In very readable fashion it traces the development of men and ideas from the absolutism of Louis XIV to the period of late eighteenth-century revolution: In it one may see clearly depicted much of the growth in ideas which has so vitally affected our own mode of life.

The second example is the completion of a very significant creative effort in sculpture by Professor Erwin Frey of our School of Fine and Applied Arts. This work, which has a deeply religious theme, was begun several years ago and Professor Frey was recently relieved of his formal teaching responsibilities and temporarily assigned to research duty in order to bring it to completion. I am told by competent artists that the result is a very significant contribution to the art of America.

It is worth noting that the achievements of both Professor Havens and Professor Frey were advanced at least a little through our new plan for occasional assignments to research duty. These assignments and a few others have had a wonderful effect upon our teachers and scholars in the humanities. In a world which often seems to be crassly materialistic and physical, they have been hailed as proof that this University has not entirely forgotten its responsibility in the realm of ideas and the creative arts.

The Chairman expressed the appreciation of the Board for the above report and requested that it be included in the record of this meeting.

The Vice President and Business Manager reported that the Cabinet has approved the following Credit to Contract and recommended that it now be approved by the Board of Trustees.

<i>Frank Messer & Sons, Inc.</i>	\$8,500.00
Substitute of Tenn-Quartz flagstone for Tennessee Quartzite flagstone for the Auditorium.	
Original Contract—\$1,881,600.00—February 3, 1955	

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

* * * * *

The Vice President and Business Manager reports that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidder for the Law-First Section, Classroom Administration Building and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Attached hereto is a tabulation of the bids received at the Business Office prior to 2:00 p.m., March 31, 1955, for construction of the Law-First Section, Classroom Administration Building, and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"After conference and correspondence with the architects, Potter, Tyler, Martin and Roth, and with individual members of the Cabinet, I report as follows:

"These bids have been examined and check after this opening, and it is noted that the low bid of each division of the contract is regular in every respect and not substitutions are offered. The low bids for the plumbing and the electrical divisions of the contract are below the estimates of cost filed with the Auditor of State.

"The low bid for the general contract division is approximately 3.4% in excess of the estimated cost but 9.6% less than the average of the thirteen bids received. Satisfactory competition is indicated by the large number of bids received and the closeness of the majority. It is evident that the filed estimate is too low and in our opinion no lower bids would be received if the whole project or the general contract division were readvertised.

"Determination of the low bid for the heating, ventilating and cooling division depends upon the disposition of Alternate E, the cooling system. Piping Contractors Company's bid of \$63,658 is low if the cooling system (Alternate E) is not included. We believe the lecture rooms in the building would be unusable at times if the cooling system were not installed. It is, therefore, recommended that the award be made to the Gesling Company on its bid of \$64,650 plus Alternate E at \$39,000 or a total of \$103,650, which is the low bid for the complete heating, ventilating and cooling systems. The base bid is approximately 8.7% in excess of the estimated cost. However, the bid for Alternate E is 23.8% less than the estimated cost and the total low bid for the complete heating, ventilating and cooling division is 6.4% less than the estimate.

"Concerning the Alternates, the following is recommended:

Alternate A—For completion of architectural and structural work in connection with cooling tower. It is evident from the thirteen bids received that the estimate of \$4,000 for this Alternate is too low. We consider the bid of \$7,060 (which is well below the average of thirteen and third lowest, very reasonable for the work involved. It is recommended that this alternate be included.

- Alternate B—For substitution of rubber tile in lieu of asphalt tile in lecture rooms. Since rubber tile, which usually costs twice as much as asphalt tile, can more easily be cut to the curves required by this installation, it was anticipated its cost would be more nearly comparable. Asphalt tile is a satisfactory material for this use and it is recommended that this alternate not be considered.
- Alternate C—for venetian blinds in seminar rooms. We consider the bid of \$412 high and are convinced that the University can purchase blinds more economically. It is, therefore, recommended that this alternate not be considered.
- Alternate D—for plumbing in connection with cooling tower. The low plumbing contract bidder proposes to include this work, which is necessary for the proper operation of the cooling system, with no change in cost to the University. It is recommended that this alternate be included.
- Alternate E—for complete installation of the cooling system. As stated above this installation is essential to the proper functioning of the building. The low bid of \$39,000 is 28.8% below our estimate but only 8.3% less than the highest of the five bids. It is a very good price and it is recommended that this alternate be included.
- Alternate F—for electric work in connection with complete installation of the cooling system. This work is essential to the cooling system installation, the bid of \$203 is less than the estimate, and it is recommended that this alternate be included.

“For the reasons cited above, I recommend that the Controlling Board be requested to grant permission for the awards to the low bidders on (1) the General Contract with Alternate A (cooling tower work) and (2) the Heating and Ventilating Contract, even though they were in excess of the architect’s estimate of cost.

“Based upon the above analysis, and after favorable action by the Controlling Board, it is recommended that the contracts be awarded by the Board of Trustees to the bidders listed below in the amount of their bids, also listed below, and that the Director of Public Works be requested to execute proper contracts accordingly.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the action of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on March 22, 1955, for the purpose of opening bids on REPAIRS FOR TWO RADIAL BRICK CHIMNEYS AT THE OHIO STATE UNIVERSITY POWER PLANT. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
H. R. Heinicke, Inc.	\$5,690
John F. Fowler	6,987
Industrial Chimney Engineering, Inc.	4,696
Chimney Engineering Service	7,832
International Chimney Corporation	4,910
American Chimney Corporation	4,840
Custodis Construction Company, Inc.	5,150
General Maintenance & Engineering Co.	9,851
E. B. Taylor & Son	5,197

"The engineer's estimate for the above work was \$9,900. The low bid of Industrial Chimney Engineering, Inc. is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Industrial Chimney Engineering, Inc. at their bid of \$4,696."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1 Building Repairs, H. B. 10.

Upon motion of General Dargusch, seconded by Senator Huffman, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported to the Board that he had received the following letter from Mr. Kline L. Roberts, Attorney, representing Mr. Don M. Castro and Mr. H. F. Zieg.

“Immediately north of Ackerman Road and west of Olentangy Boulevard an area is being developed by Don M. Castro which will involve the construction of some two thousand apartment units and five hundred single dwellings. This development has been termed “University City” and it is Mr. Castro’s intent to make thtis area a very desirable subdivision to partially serve the housing needs of Ohio State University.

“We have been retained by Mr. Castro to determine what steps are necessary to obtain an easement across property owned by the University at the southwest corner of Ackerman and Olentangy. The southern portion of the area to be developed drains through a culvert under Ackerman Road along a swale southeasterly across the University property; and into a ditch parallel to Dodridge Street which proceeds into the Olentangy River. Mr. Castro would hope to build, at his expense, a 48-inch storm sewer across the University property in the approximate location occupied presently by the swale. A map prepared by Mr. Rousculp in the office of H. G. Dill, consulting engineer, accompanies this letter. After installation, this storm sewer would be available for use by the University.

“In this matter we are representing Mr. Castro and is would be greatly appreciated if an easement for a storm sewer as portrayed on the Dill drawing could be negotiated.”

This request was referred to Mr. Paul Elleman, Director of

Physical Plant. He recommended a revision of the location of the proposed sewer in a more easterly location to Mr. John A. Rousculp of the office of H. G. Dill, Consulting Engineers. This revision was made and is shown on a new drawing dated March 28, 1955, a copy of which was submitted to Mr. J. Edward Weaver. Mr. Elleman recommends that the University grant Mr. Casto and Mr. Zieg permission to construct the storm sewer at Ackerman and Olentangy River Roads as shown on the drawing dated March 28, 1955. The University Cabinet concurs in Mr. Elleman's recommendation and accordingly recommends to the Board that the request of these two men be accepted.

On motion of Mr. Black, seconded by Senator Huffman, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager recommended the following transfer of unused balances from completed Senior Class Memorial projects and also the future transfer of any unused Senior Class Memorial Fund balances in order to augment funds for uncompleted Senior Class Memorials:

From Development Fund Rotary 11168 Gifts to Rotary 11711 Senior Class Memorials General:

<i>Year</i>	<i>No.</i>	<i>Development Fund Project Purpose of Memorial</i>	<i>Amount in Rotary</i>
1941	4242	Lights for Library	\$185.61
1943	4336	Victory Bell	153.37
1947	4756	Decorative Benches	214.39
1951	5143	Equipment for Rehabilitation Center	189.24
1952	5245	Printing Press for Rehabilitation Center	310.02

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report of the Director of Physical Plant and the recommendation that the proposal of Wilbur Smith & Associates be accepted for a traffic survey of the Ohio State University Campus:

"The Sub-committee from the President's Traffic Committee has been interviewing a number of companies concerning a traffic survey which was approved by the Board of Trustees at their March 14 meeting. We have interviewed and have proposals from six companies, and the fees from the six companies vary from \$7,500 to \$16,000.

"After a careful examination of the proposals and in consultation with Mr. Samuel Linzell, Director of Highways, and Mr. Frank J. Murray, Engineer of Planning Survey, we wish to recommend that Wilbur Smith & Associates, 265 Church Street, New Haven, Connecticut, be employed to make the survey according to their proposal of March 24, a copy of which is attached, for the sum of \$7,500.

"We have selected this company because of their previous surveys made for a number of other colleges and universities, and we believe that they are better acquainted with conditions which exist on our campus than any of the other firms.

"This firm has proposed to begin work in three weeks, collect their field data during the spring quarter, and have their final report to the University approximately the first of July."

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Mark G. Anders be given special police commission by the Board of Trustees under authority granted by section 3345.04 Revised Code. Mr. Anders has been a guard at the Research Laboratory for over a year and has proved thoroughly reliable.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager recommended the following transfer of funds in order that equipment for the Ohio State University Television Station may be purchased:

\$265,745.31—from Rotary 12261 General University Fund to G-2-H Television Station, Tower and Equipment, H. B. 10.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommended transfer was approved by unanimous vote.

The Vice President and Business Manager recommended the following transfer to provide funds for services of the University Architect:

\$5,000—from Rotary 12261 to G-2-A Field House, H. B. 10.

1,500—from Rotary 12261 to G-2-C Women's Dormitories, H. B. 10.

11,500—from Rotary 12261 to G-2-M Residence Halls for Men, H. B. 10.

1,000—from Rotary 12261 to G-2-H Television Station, Tower and Equipment, H. B. 10.

1,650—from Rotary 12261 to G-2-K Antenna Laboratory, H. B. 10.

1,200—from Rotary 12261 to Architect's Office, Research Center (Account No. to be determined at a later date)

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommended transfers were approved by unanimous vote.

The President now reported to the Board the death of Claude E. Anibal, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Claude E. Anibal, Professor of Romance Languages, on March 21, 1955. The Department of Romance Languages suffered a serious blow in the sudden death of our senior Professor of Spanish. Professor Anibal came to the Ohio State University from the University of Indiana, where he was an Associate Professor of Spanish, in 1924. He received A.B. and A.M. degrees from Hamilton College; Ph.D., Indiana University, he had studied at the University of Leipzig,

where he had been a Locke Fellow in Greek, at the Centro de Estudios Historicos, and the Universidad Central in Madrid. In World War I he was a second lieutenant attached to the 110th artillery and the 5th balloon corps.

During these 31 years Professor Anibal had been an inspiration to his students and an example to his colleagues; the teacher and the scholar consecrated to his profession. He had an ideal of perfection and a vital enthusiasm for his teaching and his research that gave his students and his colleagues a thorough training in their craft and a scale of values that brooked no compromise with mediocrity. He believed that constant association with the arts was essential to living. Seldom did he miss a dramatic performance, a concert, an art exhibit, or a worthwhile movie.

A student of one of the great early American hispanists, E. C. Hills of Indiana, he represented the best in the American scholarly and teaching tradition in the humanities. He had served on the editorial boards of *Symposium*, the *Publications of the Modern Language Associations*, and *Hispania*. He had held important committee assignments and had been a perennial participant in the meetings of the major learned societies in his field. He was frequently the author of penetrating and thorough reviews. At the time of his death he was assigned to research duty, attempting to organize and make ready for publication the extraordinary life-time accumulation of information on the *Comedia of the siglo de oro*,—a priceless collection. It is to be hoped that a research team may organize, complete, and publish some of the projects on which he was working, such as:

- An analysis of Tirso's *La prudencia en la mujer*.
- A critical edition of Lope de Vega's *Fuenteovejuna* and various related studies, etc.
- A critical edition of four comedies of Mira de Amescua.
- A study of Stage Direction in 17th Century Spanish Comedias.
- A qualitative analysis of verse forms in 17th Century Spanish Comedia.

This life has made a significant contribution to humanistic studies in American education.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, May 9, 1956 at 10:15 a.m. at the University.

Attest:

Secretary

JOHN W. BRICKER,
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND NINETY-THIRD MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, May 9, 1955

The Board of Trustees met at the University pursuant to adjournment.

Present: Senator John W. Bricker, Chairman; Forrest G. Kettering, Senator James W. Huffman, Charles F. Kettering, Judge Robert N. Gorman, and General Carlton S. Dargusch.

President Bevis presented the following recommendations as to changes in Faculty Rules:

That upon the recommendation of the Faculty Council at its meeting held on April 12, 1955, the following changes in the Faculty Rules be approved:

1. That Rule 133 be amended to read:

133. Repetition of Courses. An undergraduate or professional student, as defined in Rule 147, who has received a grade of "D" or "E" in a course, either at this University or elsewhere, may repeat the course for credit upon the recommendation of the Executive Committee and with the approval of the Dean of his college. A graduate student may, when approval is given by an adviser, repeat for credit any course in which he has received a grade of "D" or "E." The credit hours for a repeated course shall in no case be counted more than once in meeting graduation requirements.

A student who has received a grade of "A," "B," or "C" in a course taken at this University or elsewhere may repeat the course only as an auditor, upon receipt of permission by the Dean of his college.

A student who has audited a course may subsequently repeat the course for credit with the permission of the Executive Committee of his college.

2. That Rule 145 be amended to read:

145. Classification of Students for Purposes of Admission.

Students shall be classified as: (1) Graduate Students: regular or special; (2) Undergraduate Students: regular or special; (3) Professional Students: regular or special; (4) Transient Students; (5) Auditors.

The first category shall include graduates of this or other ap-

proved colleges or universities who are continuing courses of study for graduate degrees or for special purposes; the second, students in the undergraduate colleges who are following curricula leading to a first collegiate degree or who are pursuing special lines of work not conforming to any curriculum; the third, students either regularly or specially registered in the colleges which admit after satisfaction of a preprofessional curriculum; the fourth, regular enrollees of other institutions who with the recommendation of their college authorities enter this University for a brief residence (usually one Quarter) without transfer of credits; the fifth, persons who desire to attend classes without receiving credit for courses taken.

3. That Rule 147A be amended by adding to it a second paragraph reading as follows:

A candidate for admission as a regular graduate student must specify a field of specialization and must qualify for graduate work in a degree program. A candidate for admission as a special graduate student must comply with all the regular requirements for admission to the Graduate School except that a field of specialization in a degree program is not specified.

4. That Rule 147B be amended to read:

B. Admission as an Undergraduate Student. For admission as a regular undergraduate student, a candidate must be a graduate of a first grade high school (or equivalent preparatory school), or he must have passed equivalent entrance examinations. He must present a minimum of fifteen units, and he must meet the special requirements of the college he desires to enter subject to such deficiencies (conditions) as that college may permit.

For admission as a special undergraduate student, a candidate must be of mature years, and must satisfy the University Examiner and the Dean of the College that he is qualified to undertake the special program he desires.

5. That present Rule 147C be repealed, and that there be substituted therefor the following as Rule 147C.

C. Admission as a Professional Student. A candidate for admission as a regular or special student in a professional program must meet the particular preprofessional requirements of the college he desires to enter, subject to such deficiencies (conditions) as that college may permit.

6. That Rule 147E be amended to read:

E. Admission as an Auditor. An undergraduate or professional student may audit a course, without additional fee, upon approval of the professor in charge, the Head of the Department or School, and the Dean of the College.

A graduate student may audit a course, without additional fee, upon approval of an adviser, provided the instructor in charge of the course assents.

One not a student in the University may be admitted as an auditor by the University Examiner after satisfying all entrance requirements and paying the fees required.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendations were approved by unanimous vote.

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Paul Bogatay, Professor, School of Fine and Applied Arts, for the period October 1, 1955 to September 30, 1956, in order that he may accept a Fulbright Award for research in Japan.

Ralph Fanning, Professor, School of Fine and Applied Arts, for the Autumn and Winter Quarters of 1955-1956 in order that he may serve as a Visiting Professor at Claremont College, California.

That Nellie Watts, State Home Demonstration Leader and Professor, Agricultural Extension Service, be retired April 30, 1955, and that she be given the title State Home Demonstration Leader and Professor Emeritus and be paid \$144 a year from Fund 9001; to

comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment is required because her retirement allowance exceeds the University guarantee.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

American Petroleum Institute, New York, New York—Investigation of Synthesis and Properties of Hydrocarbons (To be known as the American Petroleum Institute research project No. 31 (17th Ext.)—Chemistry). Gross value, \$50,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Heat Transfer Within Rotating Electrical Equipment (To be known to the Wright Air Development Center research project No. 445 (Sup. No. 9)—Mechanical Engineering). Gross value, \$4,002.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fluid Dynamics of Rocket To be known as the Wright Air Development Center research project No. 568 (Sup. No. 4) Aeronautical Engineering. Gross value, \$27,996.00.

Air Research and Development Command, Randolph Field, Texas—For a Study of Circulatory Changes After Exposure of High Altitudes Without Hypoxia (To be known as the Air Research and Development Command research project No. 506 (Sup. No. 1)—Physiology). Gross value, \$22,809.00.

Quartermaster Research and Development Command, Quartermaster Research and Development Center, U. S. Army, Natick, Mass.—Investigation of Ion-protein Interrelationships Affecting Meat Quality (To be known as the Quartermaster Research and Development Center research project No. 630—Agricultural Biochemistry and Animal Science). Gross value, \$16,314.80.

Department of the Navy, Office of Naval Research, Washington, D. C.—For A Study of the present status of training aids and devices in the Army Field Artillery Training Program (To be known as the Department of the Navy research project No. 634—Psychology). Gross value, \$22,111.75.

The above six contracts for research in cooperation with Government and Industry represent a gross income of \$142,733.55.

Government—\$92,733.55 Industry—\$50,000.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$2,214.95 for the Ohio 4-H Club Foundation

\$262.17 for the William Lloyd Evans Fellowship Fund

\$20.00 for the National Association of Cost Accountants Scholarships in Accounting

From other sources

\$3,000 from Parke, Davis and Company for the continuation of research on Chloromycetin by Dr. Saslaw and Dr. Doan—Rotary 11594

\$2,500 from the Standard Oil Foundation, Inc. for the Standard Oil Fellowships in Chemistry for the year 1955-1956

\$1,280 from the Education Television and Radio Center—to be credited to Rotary 11209

\$1,150 from the American Cancer Society, Inc., for research work under the direction of Dr. Schlumberger—Rotary 11012

\$550 from the Ohio Society for Crippled Children, Inc.—to be credited to Rotary 11570

\$105 from Chimes and Student Organizations Fund for the Ohio State University Student Leader Award.

That upon the recommendation of the Faculty Council, degrees be awarded at the Spring Convocation on June 10, 1955 to the following named students who have completed their requirements therefor:

That upon the recommendation of the Committee on Fee Structure, the deposits required by the Laboratory Supply Store for the year 1955-1956 be approved, effective with the Summer Quarter, 1955.

That on the recommendation of the Ohio Farm Electrification Council, the transfer of \$5,000 from the Agricultural Extension Service Rotary Fund (Farm Electrification Council account) to D. R. Purkey, Secretary of the Ohio Agricultural Teachers Association be approved. This will be used for the payment of subsistence expenses of 360 vocational agricultural teachers while in attendance at a Farm Electrical Workshop at Nela Park, Cleveland, Ohio on June 13-16, 1955.

The Agricultural Extension Service together with the Department of Agricultural Engineering have been carrying on a cooperative project with the Ohio Farm Electrification Council as approved by the Board of Trustees on February 14, 1955.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above recommendations of the President were approved by unanimous vote.

Vice President Heimberger presented the following report:

President Bevis has asked me to give you a brief statement about a very significant development that has been in the making for several months and is now approaching the final stage of completion.

While the actual deed of gift will be placed before you at a later meeting, I am happy to tell you now that the American Federation of Labor will soon deposit with this University the sum of \$100,000 for the purpose of establishing the William F. Green Fund for Fellows and Scholars. This Fund is being created in memory of a great Ohioan who for many years occupied a position of statesmanlike leadership in the field of organized labor. The income from this entirely unsolicited gift will be used to provide two fellowships each year for graduate students enrolled in courses of study offered by the University in the field of labor relations and economics. It will also support two scholarships for undergraduate students in the social sciences and a number of smaller expense stipends for trade union members who may attend labor institutes or short courses sponsored by the University. Selections will be made by a committee of seven, five to be appointed by the President from the University Faculty and two to represent the Ohio State Federation of Labor.

This magnificent gift, matched by only one other single gift for scholarships, will certainly contribute greatly to our earnest effort to make the appropriate services of this University even more available and useful to an exceedingly large and important body of citizens who are vitally concerned with the total life and productive enterprise of the state. We welcome it as an expression of confidence in the value and mission of the University and as a very effective means of helping us to be of greater service to the people of Ohio and the nation.

As I stated before the actual deed of gift will be presented to the Board at a later meeting for formal acceptance.

The members of the President's Office, after careful consideration, have decided to recommend to the Board of Trustees for the Ohio State University Distinguished Service Award the following named persons. Each of these persons has been in the service of the University for many years. Each in his own field has rendered outstanding service and each is now actively employed by the University. Those recommended are:

Charles A. Kuntz—Comptroller
 Paul Elleman—Director of Physical Plant
 Katherine A. Vogel—Executive Secretary
 Helen M. Clarke—Assistant Registrar
 H. Dwight Smith—University Architect
 Charles Wells Reeder—Junior Dean of the College
 of Commerce and Administration

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report:

The Director of Physical Plant on April 28, 1955, advised the University Cabinet as follows with respect to the award of contract for Repairs for Two Radial Brick Chimneys at The Ohio State University Power Plant:

“On March 29 I wrote a letter to the University Cabinet recommending that the contract for REPAIRS FOR TWO RADIAL BRICK CHIMNEYS AT THE OHIO STATE UNIVERSITY POWER PLANT be awarded to Industrial Chimney Engineering, Inc. at their low bid of \$4,696, following the receipts of nine bids on March 22, 1955. A tabulation of the bids received is as follows:

<i>Bidder</i>	<i>Amount of Bid</i>
H. R. Heinicke, Inc.	\$5,690
John F. Fowler	6,987
Industrial Chimney Engineering, Inc.	4,696
Chimney Engineering Service	7,832
International Chimney Corporation	4,910
American Chimney Corporation	4,840
Custodis Construction Company, Inc.	5,150
General Maintenance and Engineering Co.	9,851
E. B. Taylor & Son	5,197

"On April 25 I received a letter from Industrial Chimney Engineering, Inc., signed by the president J. W. Sargent, asking that their bid be withdrawn because of the inability to obtain from the Secretary of State a certificate permitting them to do business in the State of Ohio since they are not incorporated under the laws of the State of Ohio. A copy of this letter is attached.

"I have talked with personnel in both the Secretary of State's Office and the Attorney General's Office concerning this company, and I am informed that there is nothing we can do to qualify this out-of-state corporation since they are unwilling to remove the word "Engineering" from their company name (this being the reason for their difficulty in obtaining a certificate).

"Therefore, I wish to recommend that Industrial Chimney Engineering, Inc. be permitted to withdraw their low bid of \$4,696.

"American Chimney Corporation is the next low bidder at \$4,840. Since this is below the engineer's estimate of \$9,900, and the company has a certificate to do business in Ohio, I wish to recommend that the Ohio State University enter into a contract with the American Chimney Corporation at their bid of \$4,840.

"I have talked with Mr. Herbert Reiss, Treasurer of American Chimney Corporation, and they are willing to accept the contract at the above bid even though it is beyond the 30-day period since the opening of bids."

The Cabinet has approved the recommendation of the Director of Physical Plant that the Industrial Chimney Engineering, Inc., be permitted to withdraw their bid and that the Ohio State University enter into a contract with the American Chimney Corporation for this project and now requests that the Board approve these actions.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Residence Halls for Women—Unit "E" and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., May 3, 1955, for Residence Halls for Women—Unit "E" in the office of the Vice President and Business Manager and opened and read immediately thereafter in a Cabinet session and read by Mr. M. J. Moon, representing the Director of Public Works.

"The low bid of McCarty Bros. Electric Company in the sum of \$84,690.00 for the Electrical Contract is regular in every respect and is below the estimate of cost filed with the Auditor of State.

"The low bids for the General Contract, Heating and Ventilating Contract and Plumbing Contract are regular but none of them is

below the estimates of cost filed with the Auditor of State. An analysis of these estimates indicates that several factors affect the discrepancies.

1. The estimates were made during the preparation of the documents in the University Architect's Office several weeks preceding their approval by the Board of Trustees and the Director of Public Works.
2. Between the times of the preparation of the estimates and of the receipt of the sealed proposals, two things affected the cost of the project:
 - a. An accumulation of small changes in requirements and refinements due to further study
 - b. An increase in cost of labor and materials during this period.

"The goodly number of bids and their uniformity indicates satisfactory bidding and it is believed by the Associate Architect that no more favorable bids would be received if the General, Heating and Ventilating Divisions were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

1. That the necessary action be taken to accept the low bid of McCarty Bros. Electric Co. for the Electrical Contract Division in the base sum of \$84,690.00 since it is below the estimated cost and that the Director of Public Works be requested to execute the contract accordingly.
2. That the necessary action be taken to request the State Controlling Board to permit the acceptance of the following low bids, even though they are in excess of the estimated costs:
 - a. Frank Messer & Sons, Inc., for the General Contract for \$996,400.00.
 - b. The National Co., Inc., for the Heating and Ventilating Contract for \$66,000.00.
 - c. The Limbach Co., for the Plumbing Contract for \$119,840.00.

"If the permission of the Controlling Board is granted as in Section 2 above, it is recommended that the Director of Public Works be requested to execute contracts accordingly.

"In tabular form the foregoing divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Bid</i>	<i>Architect's Estimate</i>
General	Frank Messer & Sons, Inc.	\$ 996,400	\$ 937,240
Heating and Ventilating	The National Co., Inc.	66,000	62,000
Plumbing	The Limbach Co.	119,840	110,000
Electrical	McCarty Bros. Electric Co.	84,690	85,000
Total		<u>\$1,266,930</u>	<u>\$1,194,240"</u>

Funds for this project are to be paid from G-2-Q Residence Halls for Women—Unit "E," H. B. 10.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on April 19, 1955, for the purpose of opening bids on REPAIRS TO ROOFS ON NATATORIUM, STUDENT SERVICES BUILDING, AND THREE BUILDINGS IN RIVER ROAD HOUSING PROJECT. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Allied Building Maintenance Company	\$8,306
The George Snyder & Sons Company	9,710

"The engineer's estimate for the above work was \$9,575. The low bid of Allied Building Maintenance Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Allied Building Maintenance Company at their bid of \$8,306."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1d Roofing.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

- 310 Approved the transfer and release of \$265,745.31 from Department 804, Rotary A to G-2-H Television Station, Tower and Equipment, H. B. 10, in order to provide funds for equipment for the Ohio State University Television Station.
- 312 Approved the transfer and release of the following funds from Rotary A to various building accounts to provide necessary funds for architectural and engineering services:
- | | |
|---|----------|
| G-2-A Field House | \$ 5,000 |
| G-2-C Women's Dorms | 1,500 |
| G-2-M Residence Halls for Men | 11,500 |
| G-2-H Television Station, Tower and Equipment | 1,000 |
| G-2-K Antenna Laboratory | 1,650 |
| Total | \$20,650 |
- 314 Authorized the employment of Wilbur Smith & Associates to make a traffic survey of the Ohio State University at a cost

of \$7,500 and the transfer and release of \$7,500 from F-1 Building Repairs to F-9 Other so that the proper encumbrance estimates can be issued.

- 315 Approved the award of contracts to the low bidders on the project Law—First Section Classroom Administration Building notwithstanding the fact that some of the proposals are in excess of the architect's estimate of cost; the release of the balance remaining in G-2-3 Law—First Section Classroom Administration Building, H. B. 816, without restriction; and the transfer and release without restriction of \$10,000 from G-2-5 Rehabilitation of Present Buildings, Including Meats, Laboratory and Equipment, H. B. 816, to G-2-3 Law—First Section of Classroom Administration Building.
- 318 Approved the transfer and release of \$9,478.83 from Department 804, Rotary A to G-2-K Antenna Laboratory, H. B. 10, to provide the necessary funds for the purchase of electrical generating equipment to be used in the Antenna Laboratory on Kinnear Road.
- 322 Approved the award of contract for landscaping the areas adjacent to three new dormitories for women without the usual advertising and the transfer and release of \$6,169.96 from Department 804, Rotary E to G-2-C Women's Dormitories, H. B. 10, to provide funds for this project.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Leon Hartung and Erman P. Kysor be given special police commission by the Board of Trustees under authority granted by section 3345.04 Revised Code. Mr. Hartung has been appointed to fill the vacancy caused by the resignation of Ralph Lanning and Mr. Kysor was appointed to fill a new position.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager offered the following resolution for approval of the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on June 15, 1955, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00 or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945, and approved by Governor Lausche on July 18, 1945.

Upon motion of General Dargusch, seconded by Judge Gorman, the above Resolution was approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation:

The University Dietetic Internes have been residing at 190 West Eleventh Avenue, a University owned house. This residence will be removed in connection with the erection of a new eleven story residence hall for women.

It is therefore, recommended that the University enter into a lease with Mrs. J. G. Collicott for the rental of a brick residence located at 323 West Ninth Avenue, Columbus, Ohio, excepting the garage located adjacent thereto, for a period of three years beginning June 1, 1955, and ending May 31, 1958, at an annual rate of \$2,400.00. This property will provide housing for 12 dietetic internes who will be charged rental on the basis of \$20.00 per month per occupant.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$30,000 from the premium reserve on Group Life Insurance Policy No. 1305-G in order to make expenditures for the increased amount of \$204 annually to retired members and for the death benefits of \$500 to beneficiaries of deceased members. This program was provided for by previous action of the Board of Trustees.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The President now reported to the Board the deaths of Marion Hollingsworth, and Edgar Holmes McNeal, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Marion Hollingsworth, Assistant Professor Emeritus of Chemistry, on April 6, 1955.

Marion Hollingsworth was born October 7, 1877, near Jamestown, Ohio. He was educated at Wilmington College, the University of Berlin, and the Ohio State University. He received the Ph.D. degree from Ohio State in 1919. He had taught in the Greene County schools, Wilmington College, and the College of St. Marys of the Springs. He was Assistant Professor of Analytical Chemistry at Ohio State from 1929 until 1948, when he retired. He was an excellent and considerate teacher, highly respected by his students.

Marion Hollingsworth was one of the great masters of the techniques of analytical chemistry; he was a perfectionist whose concern was to do the work well regardless of the time required. His work with Professor Emeritus C. W. Foulk on the composition of constant boiling hydrochloric acid stands as one of the classics in the science of analytical chemistry. After his retirement and especially during World War II, he very creditably performed, for industry, a number of tasks of great difficulty. Dr. Hollingsworth was a man of vigorous personality and strong convictions. He was a life-long member of the Society of Friends and applied the teachings of that society to all phases of his daily life.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Edgar Holmes McNeal, Professor Emeritus of History, on March 13, 1955. He would have been 81 years old on June 26. He had been an active member of the faculty of the Department of History for over 40 years, from 1902 until his retirement in 1944.

Dr. McNeal was born in Almont, Michigan, June 26, 1874, and prepared for college at Lake Forest Academy, Lake Forest, Illinois. He received both the Bachelor of Arts and the Doctor of Philosophy degrees at the University of Chicago, the former in 1896, the latter in 1902. While a graduate student at the University of Chicago, he held a Fellowship in History from 1899 to 1902. Immediately upon his reception of the doctorate Dr. McNeal assumed the duties of an Instructor in European History at the Ohio State University. In 1908 he was promoted to the rank of Assistant Professor and in 1913 to that of Professor. In 1925, when the Departments of European History and American History were consolidated, his title was changed to that of Professor of History, a title which he retained until his retirement in 1944, when he was named Professor Emeritus of History.

While attached to the faculty of this University, Dr. McNeal was honored by several invitations to teach at other institutions of learning. In the academic year 1926-27 he was Visiting Professor at the University of Wisconsin, and he taught at summer sessions at the University of Wisconsin (1926), Columbia University (1926), and the University of Michigan (1925, 1928, 1932).

Besides numerous reviews and articles in the field of medieval history, Dr. McNeal published four books: *Modern Europe and Its Beginnings*, 1921; *The Conquest of Constantinople, translated from the Old French of Robert of Clari*, 1936; *A Source Book of Medieval History*, 1905; and *Europe in the Middle Ages*, 1921 (the last two in cooperation with O. J. Thatcher). Among the professional and honorary societies of which he was a member were Phi Beta Kappa, the American Historical Association, the American Association of University Professors, and the Medieval Academy of America.

Of a gentle and retiring disposition, and possessing the Christian virtues of humility and charity in a high degree, he was incapable of causing pain to anyone. Yet, in his kindness there was no element of weakness, and he stood strong for the highest standards of professional conduct and attainment in the classroom and among his colleagues. No student of his who was worthy of him (and he was worthy of the best) failed to be inspired by those qualities which made him a true scholar, meticulous attention to detail, intellectual honesty, and a philosophic mind.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, June 13, 1955 at 10:15 a.m. at the University.

Attest:

(Signed) CARL E. STEEB,
Secretary

(Signed) JOHN W. BRICKER,
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND NINETY-FOURTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 13, 1955.

The Board of Trustees met at the University pursuant to adjournment.

Present: Senator John W. Bricker, Chairman; Forrest G. Ketner, Senator James W. Huffman, Robert F. Black, General Carlton S. Dargusch, Judge Robert N. Gorman and Charles F. Kettering.

President Bevis presented the following miscellaneous recommendations:

That George R. Eastwood, District Supervisor, County Agent Work, and Professor, Agricultural Extension Service, be retired effective October 31, 1954 and that he be given the title of Professor Emeritus and be paid \$192 a year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment is required because his retirement allowance exceeds the University guarantee.

That the following leaves of absence, with salary, be granted:

Tyyni N. Hummel, Home Demonstration Agent, Agricultural Extension Service, for the period June 16 through July 31, 1955 for graduate study at the Ohio State University;

Albert F. Gehres, Assistant 4-H Club Leader, Agricultural Extension Service, for the period July 1 to August 15, 1955 in order that he may attend the Human Relations Workshop at Cornell University.

That the following leaves of absence, without salary, be granted:

Mary Jean Wylie, Home Demonstration Agent, Agricultural Extension Service, effective April 1 through September 30, 1955 on account of illness;

Paul H. Mussen, Associate Professor of Psychology for the period October 1, 1955 through September 30, 1956 in order that he may spend a year at the Child Welfare Institute of the University of California;

Wilbur Held, Assistant Professor of Music, effective October 1, 1955 through September 30, -956 in order that he may complete his degree—Doctor of Sacred Music—at Union Theological Seminary;

Charles V. Meckstroth, Instructor in the Department of Surgery, effective May 5, 1955 for military service.

That \$8,000 be appropriated from H-8 Contributions for the use of the Ohio State University Association for the period July 1, 1955 to June 30, 1956;

That \$2,500 be appropriated from H-8 Contributions for the use of the Ohio Journal of Science for the period July 1, 1955 to June 30, 1956-

That, effective immediately, Faculty Rule No. 166, paragraphs 1 and 3, page 58, be amended to read as follows:

"1. Members of the instructional staff of the University with the rank of Instructor and above who were employed before July 1, 1955 and who are registered in the Graduate School; and any member of the teaching staff who, on the approval of the appropriate instructor and department chairman, enrolls as an auditor.

"3. Interns and Residents in the University Hospital who are registered in the Graduate School."

That the Cooperative Agreement between the Ohio State University and the Ohio Division of Wildlife for the operation of the Ohio Conservation Laboratory during the year 1955, be approved.

That, upon the recommendation of the Dean of the College of Medicine, it is requested that the President be authorized to negotiate and sign an amendment to the agreement between the Ohio State University and Children's Hospital. The amendment will provide for the continuation of the present agreement for the fiscal year, 1955-56. The sum of \$30,000.00 will be paid from Laboratory Supply Pro Rata Funds, Rotary 15991 to Children's Hospital for providing teaching services.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

U. S. Atomic Energy Commission, Lemont, Illinois—For Preparation and Evaluation of Porous Membranes (to be known as the U. S. Atomic Energy Commission Research Project No. 566 (Amendment No. 2)—Chemistry). Gross value, \$33,191.00.

Air Research and Development Command, Baltimore, Maryland—Investigation of Structure Changes associated with Order-Disorder Transformation in Solids (to be known as the Air Research and Development Command Research Project No. 567 (Supplement No. 2)—Chemistry). Gross value, \$19,320.00.

The Selby Shoe Company, Portsmouth, Ohio—Investigation of Aircrew Protective Helmets (to be known as the Selby Shoe Company Research Project No. 598 C.O. No. 5—Engineering Mechanics). Gross value, \$6,952.16.

Quartermaster Research and Development Command, Natick, Massachusetts—For Determination of the Structure of the Browning Polymer (to be known as the Quartermaster Research and Development Command Research Project No. 627—Chemistry). Gross value, \$8,500.00.

Air Force Cambridge Research Center, Cambridge, Massachusetts—For Investigation and Analysis of Stellar Scintillation and Image Motion (to be known as the Air Force Cambridge Research Center Research Project No. 635—Physics). Gross value, \$29,000.00.

Corps of Engineers, U. S. Army, Office of the District Engineer, Chicago, Illinois—For Ice Cliff Studies (to be known as the Corps of Engineers, U. S. Army Research Project No. 636—Geology). Gross value, \$21,500.00.

Established February 15, 1955 by gifts from Mr. and Mrs. Carlton Ray Mabley, Jr., and friends, made in memory of Carlton R. Mabley, III. The principal amount and any additional contributions to this fund shall be forever kept as a permanent fund, a part of the endowment of the Ohio State University to be invested under the

rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The income from this fund shall be used for leukemia research as long as there is a need for such research. If the need ceases to exist or so diminishes as to create unused income, then said income shall be used in the discretion of the Board of Trustees of the University, with preference to be given to medical research in other areas. The decision as to need shall be made jointly by the Dean of the Medical College and the Chairman of the Department of Medicine, who shall be in office from time to time, so long only as such offices shall exist, and thereafter by the Board of Trustees of the University.

\$1,000.00 for the John E. Hallen Memorial Fund

The John E. Hallen Memorial Fund

Established April 28, 1955 by a gift through the Development Fund from Mrs. John E. Hallen in memory of her husband, the late Professor John E. Hallen of the College of Law of The Ohio State University. The principal is to be invested in accordance with Ohio Revised Code Section 3335.12, the income to be used for an annual award of \$50 to the first-year law student receiving the highest grade in Torts, the field in which Professor Hallen attained national recognition. Excess income is to be used as Professor Hallen's continuing contribution to the Development Fund

\$705.50 for the Law Faculty Memorial Fund
 \$208.92 for the William A. Dougherty Music Scholarship Fund
 \$80.00 for the National Association of Cost Accountants—Scholarships in Accounting.

Upon motion of Senator Huffman, seconded by Judge Gorman, these recommendations of the President were approved by unanimous vote.

Natural Resources Institute

Upon request of President Bevis, Vice President Heimberger presented the following report and recommendations relating to the establishment of a Natural Resources Institute at the Ohio State University.

At its meeting in September, 1954, the Board of Trustees requested the President to give his attention to the development of a program designed to bring the full resources of the University to bear upon the broad problem of the conservation, development and wise use of natural resources in the State of Ohio. He then appointed an

advisory committee composed of Dean Gordon B. Carson, Dean Leo L. Rummell and Vice President Frederic Heimberger, Chairman. This committee met frequently and discussed the problem with many interested persons, both on and off campus. It also took into account an earlier study of the future of the Franz Theodore Stone Institute of Hydrobiology and the facilities at Gibraltar Island made by a committee under the chairmanship of Dean N. Paul Hudson.

With the President's approval, the following statement of purposes, policy and organization has now been approved by the Council on Instruction and the Faculty Council. It now come before you for final consideration and possible approval.

1. The conservation, development and proper use of natural resources is and must be a matter of grave concern to the people of Ohio. This concern is being felt more and more keenly as the population of the state increases and the trend toward industrialization continues.

2. The problem is a very board one, reaching into agriculture, industry, engineering, recreation and urban development. It has many social implications of major importance.

3. The Ohio State University should bear a heavy responsibility for taking the lead in determining facts and giving direction to the conservation and developmental programs which appear to be essential to the public interest.

4. In many and varied fields this Univeersity is already making a substantial contribution. Our present efforts, however, are spotty and lack integration. They also fail to take full advantage of the possibilities for cooperative ventures with off-campus agencies such as the Agricultural Experiment Station, the Department of Natural Resources of the State of Ohio and the Hydrologic Erosion Experiment Station of the national government. In addition, they are not related closely enough to the many associations of interested citizens whose activities and programs might be strengthened greatly through scientific guidance.

5. Perhaps the most noteworthy of our efforts in the field of conservation, the Stone Institute of Hydrobiology, has been set apart from the total University by distance and what is more important, by administrative separation from the normal pattern of college and departmental organization. This separation has had a decided effect upon the usefulness of what should be an important center for the training of students and for research in many fields.

6. In certain areas of teaching and research related to conservation our approach has been rather narrowly specialized, with the result that the larger problem with all of its many ramifications has not received the attention it deserves.

It is now recommended that effective at the close of the Summer Quarter 1955, upon recommendation by the Faculty Council and the Council on Instruction, the folowing steps be taken by the Board of Trustees:

1. That a Natural Resources Institute be established as a part of The Ohio State University.

(a) *Purposes*

1. Broadly, to stimulate and coordinate teaching and research in the conservation, development and wise use of natural resources.

2. To advise concerning the proper planning and integration of conservation subject matter in appropriate courses offered by established departments of instruction.
3. To promote the development of suitable major programs of study, both graduate and undergraduate, leading to possible careers in the field of conservation.
4. To encourage and assist research within the University or in cooperation with other public agencies, foundations and interest groups.
5. To seek a wider audience among students whose major occupations may afford opportunities to advance the understanding of conservation problems and methods.
6. To stimulate thought and effort in conservation throughout the state, using short courses, conferences, television, printed materials and other appropriate means of communication.
7. To establish close cooperative relationships with other public agencies such as the Department of Natural Resources, the Agricultural Experiment Station, the Extension Service, the State Department of Education and appropriate branches of the national government.
8. Through the Executive Director, to have administrative responsibility for such special teaching and research facilities as may be designated by the President.

(b) *Organization*

1. While the proposed Institute is designed to be University-wide in scope and service, it shall be located for administrative purposes within the College of Agriculture.
2. The principal officer shall be an Executive Director responsible directly to the Dean of the College.
3. The Institute shall have an Advisory Council including the Deans of the Graduate School and the Colleges of Agriculture, Arts and Sciences, Commerce and Administration, Education and Engineering and the Director of the Research Foundation or their designated representatives. It shall also include such representatives of the Department of Natural Resources, the Agricultural Experiment Station or other related agencies as the President may deem advisable. The Director of the Institute shall serve as its Secretary.
2. That the Department of Hydrobiology be abolished and that its present courses of instruction be returned to the appropriate teaching and research departments on the campus.
3. That the present teaching and research staff of this department be fully protected through incorporation within the proper campus department or departments.
4. That the name of the Franz Theodore Stone Institute of Hydrobiology be changed to the Franz Theodore Stone Laboratory and that the use of its physical facilities be placed under the control of the Executive Director of the Natural Resources Institute. It is understood that the responsibility for the maintenance, care and supervision of the buildings, grounds, boats and equipment shall remain as at present under the control of the Director of the Physical Plant.

5. That steps be taken to assure the most effective possible uses of the Laboratory as a center for University teaching and research during the open months of the year with the understanding, however, that it will be used only as a laboratory outpost or collecting station for exceptional research problems during the remainder of the year.

6. That use of other related facilities now in being or yet to be provided may be placed under the control of the Executive Director of the proposed Institute at the discretion of the President.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the Board by unanimous vote approved the above recommendations.

* * * * *

Vice President Heimberger presented the following report and recommendation:

At its most recent meeting the Faculty Council approved a recommendation from the Council on Instruction that a new degree, Bachelor of Science in Physical Therapy, be authorized. This request is now placed before you for action.

If you approve, students enrolled in this program will be registered in the College of Arts and Sciences and will meet all the normal requirements for the degree of Bachelor of Science. In lieu of the usual major they will take prescribed courses in physical therapy offered by the faculty of the College of Medicine. The necessary new courses have now been established and will be under the general direction of Dr. Ralph E. Worden.

This program of study is being proposed as a way of offering instruction in a field which is becoming increasingly important, particularly in the rehabilitation of persons who may be incapacitated through accident or illness. The proposed program also will be a further contribution to our effort to build teams of persons who may be able to work together in approaches to the total problem of health. For example, we now have programs of study in medical technology, occupational therapy, dental hygiene, dental technology and rehabilitation counseling. It is felt that the proposed program will help to provide persons who are well trained in another important area.

It is recommended that the Board of Trustees approve the new degree of Bachelor of Science in Physical Therapy to be awarded on the recommendation of the Faculty Council and the faculty of the College of Arts and Sciences.

Upon motion of Senator Huffman, seconded by Mr. Kettering,, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager reported that the Cabinet acting under authority granted by this Board, and pursuant to legal advertisement, has received bids for the Remodeling North Basement of Oxley Hall and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

“Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., May 17, 1955 for Remodeling North Basement of Oxley Hall in the office of the Vice President and Business Manager and opened and read immediately thereafter in a Cabinet session.

“The low bid of A. L. Meyer Construction Co. in the sum of \$9,127.00 for the General Contract is regular in every respect and is below the estimate of cost filed with the Auditor of the State of Ohio.

“The low bid of The Gustav Hirsch Organization, Inc. in the sum of \$2,747.00 is regular in every respect, but is in excess of the estimate of cost filed with the Auditor of the State of Ohio.

“The combined total of the bids for the General Contract and the Electrical Contract is \$11,874.00 as compared with the combined estimated cost of \$11,520.00. The difference between the combined estimated cost and the combined bids is approximately three per cent.

“The bids for the Electrical Contract are from reputable firms of good caliber and represent satisfactory bidding. It is evident from the bidding that the estimate on the Electrical Contract as filed, is

too low. It is believed that no more favorable bids would be received if the Electrical Division were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

(1) That the necessary action be taken to accept the low bid of A. L. Meyer Construction Co. for the General Contract in the base sum of \$9,127.00 since it is below the estimated cost and that a contract be executed accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit acceptance of the low bid of the Gustav Hirsch Organization, Inc. for the Electrical Contract even though it is in excess of the estimated cost.

"If the permission of the Controlling Board is granted for the award of the Electrical Contract, it is recommended that a contract be executed accordingly.

"In tabular form, the foregoing divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
General Division	A. L. Meyer Const. Co.	\$ 9,127.00	\$ 9,320.00
Electrical Division	Gustav Hirsch Org., Inc.	2,747.00	2,200.00
	Total	<u>\$11,874.00</u>	<u>\$11,520.00"</u>

A transfer of funds in the amount of \$11,874.00 from Dept. 804, Rotary A, to a new repair account F-1j Remodeling North Basement of Oxley Hall, H. B. 10, will be required and is accordingly recommended.

Upon motion of Senator Huffman, seconded by Mr. Black, the above actions of the University Cabinet and the transfer of funds as recommended by the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Architect's Office, Research Center and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., June 2, 1955 for Architect's Office, Research Center, in the office of the Vice President and Business Manager and opened and read immediately thereafter by Vice President, Jacob B. Taylor, in an open session of the University Cabinet.

"The low bids of Harry E. Miller in the sum of \$24,600.00 for the General Contract and of Huffman Wolfe Co. in the sum of \$16,000.00 for Heating Contract are regular in every respect and are below the estimates of cost filed with the Auditor of the State of Ohio.

"The low bids of Piping Contractors Company in the sum of \$1,355.00 for the Plumbing Contract and of McCarty Bros. Electric Co. in the sum of \$9,790.00 are regular in every respect but are in excess of the estimate of cost filed with the Auditor of the State of Ohio.

"The combined total of all bids is \$51,745.00 as compared with the combined estimated cost of \$60,000.00.

"The bids for the Plumbing and Electrical Contracts are from reputable and representative firms and constitute satisfactory bidding. It is evident from the bidding that the estimates for the Plumbing and Electrical Divisions are too low. Also, it is believed that no more favorable bids would be received if the Plumbing and Electrical Divisions were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

(1) That the necessary action be taken by the Board of Trustees to award contracts on the low bids of Harry E. Miller for the General Contract in the base sum of \$24,600.00 and The Huffman Wolfe Co. in the base sum of \$16,000.00 since they are below the estimated costs and that the Director of Public Works be requested to execute contracts accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit the acceptance of the low bids of Piping Contractors Co. in the base sum of \$1,355.00 for the Plumbing Contract and McCarty Bros. Electric Co. in the base sum of \$9,790.00 for the Electrical Contract even though these bids are in excess of the estimated cost.

"If the permission of the Controlling Board is granted for the award of the Plumbing and Electrical Contracts, it is recommended that the Board of Trustees award these contracts and the Director of Public Works be requested to execute contracts accordingly.

"In tabular form, the foregoing Divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
General Division	Harry E. Miller	\$24,600.00	\$31,300.00
Heating Division	Huffman Wolfe Co.	16,000.00	19,000.00
Plumbing Division	Piping Contractors Co.	1,355.00	1,200.00
Electrical Division	McCarty Bros. Elec. Co.	9,790.00	8,500.00
	Total	\$51,745.00	\$60,000.00"

A transfer of funds in the amount of \$55,426.12 from Dept. 804, Rotary A, to a new account G-2-R Architect's Office, Research Center, H. B. 10 will be required to provide funds for the award of contracts, architectural services and notice to bidders and is accordingly recommended.

Upon motion of Senator Huffman, seconded by Mr. Black, the above actions of the University Cabinet and the transfer of funds as recommended by the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request:

- 323 Approval of the award of the following contracts for the Residence Halls for Women, Unit "E," notwithstanding the fact that the low bids are in excess of the Architect's estimate and, also, approval for the transfer and release of \$1,266,930.00 from Rotary E to G-2-Q Residence Halls for Women, Unit "E" to provide funds for the contracts on this project:

General Contract	Frank Messer & Sons, Inc.	\$996,400

Plumbing Contract	Limbach Company	119,840

- 324 Approval of the transfer of \$578.89 from Department 804, Rotary A to G-2-B Housing for Chemical Abstracts, H. B. 10, to provide funds for an extra order to Frank Messer and Sons, Inc., for changes in and additions to their contract for the Chemical Abstracts Building.
- 329 Approval of the transfer and release of \$1,432.69 from Department 804, Rotary E to G-2-Q Residence Halls for Women, Unit "E," to furnish funds for the "Notice to Bidders," blueprints and photostats in connection with the contracts for this new dormitory.
- 330 Approval of the award of the Electrical Contract for the Remodeling North Basement of Oxley Hall to the low bidder, Gustav Hirsch Org., Inc., in the amount of \$2,747.00, notwithstanding the fact that it is in excess of the Architect's Estimate and, also, approval of the transfer and release of \$11,874.00 from Department 804, Rotary A to a new repair account, F-1j Remodeling North Basement of Oxley Hall, H. B. 10, to provide funds for this project.

The Vice President and Business Manager presented a Deed of Easement for highway purposes to Franklin County, Ohio, in connection with the Lane Avenue improvement and recommended that it be approved by the Board of Trustees and duly executed. This deed, prepared and presented in full detail by the Franklin County Engineer and approved by the Attorney General of the State of Ohio, sets forth the basis of the grant of the easement in the following language:

“KNOW ALL MEN BY THESE PRESENTS, That, whereas, the County of Franklin, State of Ohio, proposes to improve a County Road known and designated as Lane Avenue, Sections ‘C’ and ‘D’ and a County Road known and designated as Legg Avenue, in Clinton Township of said County, which roads are bordered by the lands hereinafter described.

“Now, therefore, the Board of Trustees of Ohio State University, the grantor, in consideration of Forty-Two Thousand Three Hundred Seventy Dollars (\$42,370.00) paid by the grantee, the receipt of which is hereby acknowledged, does hereby, for itself, its successors and assigns, grant and release unto the said County of Franklin, State of Ohio, the grantee, its successors and assigns forever, a perpetual easement and right of way for public highway and road purposes, in, upon and over the lands hereinafter described, which said lands total in all 8.474 acres, more or less, situated in Clinton Township, Franklin County, Ohio, southwest quarter, Range 18, Township 1, Section 3, United States Military Lands, and described as follows:”

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

Retirement and Insurance

General Dargusch presented the following report of the Committee on Retirement and Insurance and moved its approval:

It is recommended that the following actions be taken by the Board of Trustees.

1. That the supplemental benefits of \$17.00 per month or pro rata share thereof depending on length of service be increased to \$37.00 per month, effective July 1, 1955, as to those persons who retired prior to June 30, 1955, said supplemental benefit to be payable from the group life insurance premium reserve and the income from endowment, provided that said supplemental benefit be rescinded as to those persons who retired on or after June 30, 1955 in view of the liberalized retirement provisions made by House Bill No. 744.

2. That in view of the passage of House Bill No. 744, no application for coverage under the University Retirement Plan shall be accepted after June 30, 1955. The Committee on Retirement and Insurance will subsequently make recommendations as to the status of those persons presently covered by the University Retirement Plan.

3. That the basic policy limit under the group life insurance program be increased from \$5,000 to \$7,500, effective July 1, 1955, for all persons in the unclassified service, that the face value of each such policy be reduced at the rate of \$200.00 per annum, effective upon the attainment of the age of 40 years by the insured, that the death benefit for retired persons who were in the unclassified service be increased from \$500.00 to \$750.00, said benefit to be paid in the case of all deceased, retired persons who had group life insurance at the time of their retirement and who served in the unclassified service of the University for 25 years or more prior to retirement, said benefit to be payable from the group life insurance premium reserve, that an additional group life insurance plan be adopted for those in the unclassified service receiving compensation from the University in excess of \$7,500.00 per annum, said additional group life insurance to be equal in amount to the difference between \$7,500 and the annual compensation of the unclassified individual, but in no event less than

\$500.00, provide that the total group life insurance granted to any individual under the University group life insurance program shall not exceed \$20,000. Compensation of each unclassified individual shall, effective July 1, 1955, be increased in such amount as may be necessary to cover the cost of premium for the increased and additional group life insurance provided for herein.

4. That the plan for student hospital and medical insurance be approved in principle, same to be effective at the beginning of the fall quarter, 1955.

Respectfully submitted,

COMMITTEE ON RETIREMENT AND INSURANCE

Carlton S. Dargusch
James W. Huffman
John W. Bricker

The above motion was seconded by Mr. Black, and upon roll call was approved by unanimous vote.

President

General Dargusch now presented the following resolution and moved its adoption by the Board of Trustees:

WHEREAS President Howard L. Bevis will retire for age on June 30, 1956, and

WHEREAS the selection of a successor is not only a time-consuming process, but one of the greatest importance to the University, and

WHEREAS it is desirable to establish certain formal procedures and to state certain principles in connection with such selection.

NOW, THEREFORE, BE IT RESOLVED that the election of a president is the ultimate responsibility of the Board of Trustees, pursuant to the provisions of Section 3335.09 of the Revised Code, and that the consideration of individuals for such office shall be conducted by the Board acting as the committee of the whole.

To insure full participation by the faculty in the evaluation of individuals under consideration by the Board of Trustees, the names of all persons submitted to the Board shall be referred for evaluation by the Board through its secretary to a Faculty Committee which is hereby created. The faculty committee shall consist of eleven members and shall be appointed by the president not later than August 1, 1955, as hereinafter set forth. The Faculty Council shall, not later than July 25, 1955, recommend to the president the names of twenty-one members of the faculty, who it deems qualified for appointment to the faculty committee, and the president shall select therefrom and appoint to the faculty committee the eleven members thereof.

The faculty committee shall consider all names submitted by the secretary of the Board of Trustees for evaluation and shall report to the Board its conclusions as to the administrative, educational, scholarship and other qualifications of each individual submitted for evaluation.

The Board of Trustees and the president in pursuance of the resolution establishing official liaison between the University and the Alumni Association shall consult with the Alumni Advisory Board from time to time in order that the Alumni Advisory Board may be

fully advised as to the progress of the Board in its search for a president and the Board of Trustees may in turn receive any and all suggestions of the Alumni Advisory Board with respect thereto.

Any person may submit to the Board of Trustees the name of an individual or individuals believed to be qualified for president.

The above motion was seconded by Mr. Kettering and upon roll call the above resolution was adopted by unanimous vote.

Alumni Advisory Board

President Bevis now recommended that the following resolution establishing the Alumni Advisory Board as contact agency between the University alumni and the University administration, be approved:

WHEREAS, there is duly appointed by the Board of Directors of The Ohio State University Association, in accordance with the constitution of the Association, an Alumni Advisory Board consisting of an alumni delegate from each of the colleges comprising the University, several delegates-at-large, certain other delegates from regular University Boards such as Athletic Board, Ohio Union and Pomerene, and the President of The Ohio State University Association, ex officio, and

WHEREAS, it is the purpose and function of The Ohio State University Association to do everything possible to further the best interest of The Ohio State University and to this end to transmit to the officials of the University such information, views and suggestions as The Ohio State University Association, acting through the Alumni Advisory Board as its duly accredited and authorized agency for such purposes, may deem worthy of consideration by the officials of the University.

NOW, THEREFORE, be it resolved that:

The Board of Trustees of The Ohio State University hereby recognizes the Alumni Advisory Board as the officially accredited agency through which The Ohio State University Association, representing the organized alumni of the University, may transmit to the University from time to time such information, views and suggestions as the Alumni Advisory Board may deem to be in the best interests of the University and of such character as to merit consideration by the officials of the University; without, however, limiting in any manner the right of any individual or group to present to the administration of the University such information, views and suggestions as any such individual or group may desire, nor the freedom of the Board to initiate contacts with individuals or groups:

All information, views and suggestions presented to the University Administration by the Alumni Advisory Board shall be presented to the President of the University for consideration and such disposition as he may deem proper;

Pursuant to these relations between the University and the Alumni and to effect the utmost communication on Alumni relationships with the University and other matters of mutual interest, the fullest exchange of information and suggestions shall be carried on between the President and the Alumni Board to insure that said Board is at all times informed of the plans and programs of the University and that being thus informed, said Alumni Board will be

enabled to reach stated conclusions and recommendations which will be of the greatest help to the University in the solution of its many complicated and diverse problems.

The purpose of this resolution is to establish a working liaison between The Ohio State University Association and the University administration, and shall not be construed to limit in any way the access of The Ohio State University Association to the Board of Trustees nor the opportunity of said Association through its duly delegated representatives to meet with the Board of Trustees from time to time to exchange views concerning the problems of the University.

Upon motion of General Dargusch, seconded by Senator Bricker, the above resolution was approved by unanimous vote.

President Bevis presented the following miscellaneous recommendations:

That the Agreement between The Ohio State University and the Ohio Department of Health for the operation of the Waste Treatment Laboratory and Pilot Plant in the conduct of current and preselected studies for the period of July 1, 1955 through June 30, 1956, be approved.

That upon the recommendation of the Committee on Fees the non-resident fee be increased from \$85 to \$125 per quarter, effective October 1, 1955.

That the Board of Trustees action of September 8, 1953 be corrected to read "retirement" rather than "resignation" in the case of Cecil W. Bayes, Herdsman in the Department of Animal Science.

That the following leaves of absence, with salary, be granted:

George L. Brown, County Agricultural Agent, Agricultural Extension Service for the period June 21 to July 29, 1955, for study at The Ohio State University during the first term of the Summer Quarter.

R. Dale Glass, Associate County Agricultural Agent, Agricultural Extension Service, for the period September 16, 1955, to January 31, 1956, for graduate study at the University of Wisconsin.

Robert W. McCormick, Assistant State 4-H Club Leader, Agricultural Extension Service, for the period October 1, 1955, to December 31, 1955, for graduate study at The Ohio State University.

Ruby C. Haas, Home Demonstration Agent, Agricultural Extension Service, for the period September 16, 1955, through January 31, 1956, for graduate study at the State College of Washington.

That the following leaves of absence, without salary, be granted:

- The Procter and Gamble Company, Cincinnati, Ohio—Investigation of Pathogenesis of Dental Caries (To be known as the Procter and Gamble research project No. 323 (Ext. No. 9)—Dentistry). Gross value—\$21,774.00.
- U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Low Temperature Physics (To be known as the U. S. Atomic Energy Commission research project No. 423 (Sup. No. 5)—Physics). Gross value, \$8,000.00.
- U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Nuclear Spectroscopy (To be known as the U. S. Atomic Energy Commission research project No. 440 (Sup. No. 4)—Physics). Gross value—\$31,500.00.
- U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Soft X-Ray Absorption and Emission Spectra (To be known as the U. S. Atomic Energy Commission research project No. 471 (Sup. No. 4)—Physics). Gross value—\$9,325.00.
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Far Infrared Spectroscopy (To be known as the Wright Air Development Center research project No. 544 (Sup. No. 7)—Physics). Gross value—\$7,900.00.
- USAF Institute of Technology, Wright-Patterson Air Force Base, Dayton, Ohio—For Services consisting of Development of a Format for a Logistical School for Air Force Officers (To be known as the USAF Institute of Technology research project No. 639—Business Organization. Gross value—\$40,000.00.
- Wright Air Development Center, Wright Patterson Air Force Base, Dayton, Ohio—Investigation of Psychological Principles of Learning (To be known as the Wright Air Development Center research project No. 640—Psychology. Gross value—\$22,840.00.
- Department of the Navy, Office of Naval Research, Washington, D. C.—For Research on the Nature of the Pulsating Cepheid Variables (To be known as the Department of the Navy research project No. 641)—Physics). Gross value—\$2,000.00.
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Principles Which Govern the Behavior of Steels During Heat Treatment and Processing (To be known as the Wright Air Development Center research project No. 642—Metallurgical Engineering.) Gross value—\$23,196.00.
- Air Materiel Command, Wright Patterson Air Force Base, Dayton, Ohio—For Aldehyde Detector Program (To be known as the Air Materiel Command research project No. 643—Chemistry). Gross value—\$11,518.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Infrared Spectroscopy of Atoms and Molecules (To be known as the Cleveland Ordnance District research project No. 644—Physics). Gross value—\$18,000.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Role of Steric Factors in Organic Chemistry (To be known as the Cleveland Ordnance District research project No. 645—Chemistry). Gross value—\$11,500.00.

The above thirteen contracts for research in cooperation with Government and Industry represent a gross income of \$211,553.00.

Government—\$185,779.00 Industry—\$25,774.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$6,971.00 from the American Cancer Society, Inc.—to be credited to Rotary No. 11013.

\$5,000.00 from the Estate of Herbert Osborn—to be administered under the following provision:

“I further bequeath to The Ohio State University a sum of money equal to one-sixth of the value of the residue of my estate, not to exceed five thousand dollars, the income to be used to promote scholarships in the field of biology, especially in entomology. Said grant to be administered by a committee consisting of the President of the University, the Dean of the Graduate School and a representative of the entomological staff to be named by the said President and Dean, such grant or foundation to be devoted to support of scholarships, the purchase of books, or in such manner as may be deemed most useful in any given period.”

\$3,689.00 from E. I. duPont de Nemours and Company for the DuPont Fellowship in Chemistry—Rotary 11190.

\$3,600.00 from the Eastman Kodak Company for the Eastman Kodak Fellowship in Chemistry—Rotary 11201.

\$3,300.00 from the Carbide and Carbon Chemical Company for the Union Carbide and Carbon Fellowship in Chemistry.

\$2,652.00 from the Research Corporation for the Support of research under the direction of Dr. Joseph E. Varner of the Department of Agricultural Biochemistry.

\$2,500.00 from the Westinghouse Educational Foundation for the Westinghouse Fellowship in Electrical Engineering.

\$2,500.00 from the Ohio Tuberculosis and Health Association—to be credited to Rotary Fund 11577.

\$2,000.00 from the Firestone Tire and Rubber Company for the Firestone Tire and Rubber Company Fellowship in Chemistry—Rotary 11255.

\$2,000.00 from Allied Chemical and Dye Corporation for the Allied Chemical and Dye Corporation Fellowship in Chemistry—Rotary 11009.

\$1,500.00 from the Link Foundation for the Link Fellowship in Aviation Medicine—Rotary 11411.

\$1,400.00 from the Cincinnati Chemical Works for the Cincinnati Chemical Works Fellowship in Chemistry—Rotary 11128.

- \$1,050.00 from the General Electric Company for the General Electric Fellowship in Chemistry—Rotary 11263.
- \$1,000.00 from the Lubrizol Foundation for Scholarship in Chemical Engineering—Rotary 11424.
- \$1,000.00 from Lederle Laboratories Division of the American Cyanamid Company for the Lederle Veterinary Medical Students' Research Scholarships.
- \$750.00 from the Douglas Aircraft Company for the Douglas Aircraft Company Fellowship in Aeronautical Engineering—Rotary 11180.
- \$637.50 from the Green Giant Company for research under the direction of Dr. C. A. Swanson.
- \$500.00 from the Ethyl Corporation for the Ethyl Corporation Fellowship in Chemistry.
- \$500.00 from the Estate of Bertha G. Alcorn—To be added to the trust known as the "Eli G. Alcorn Prize in Ophthalmology."
- \$500.00 from the Ambassade De France, Service Du Conseiller Culturel, New York City, to assist outstanding students in French during the Summer Quarter 1955.
- \$87.00 from Mr. Charles A. Kuntz for the Columbus Chapter—National Association of Cost Accountants Scholarships in Accounting.

The C. E. Rowland Memorial Scholarship Fund

Established June 16, 1955 by gifts through the Development Fund from the family and friends of the late C. E. Rowlands, to perpetuate his memory and as a tribute to one who contributed so much in service, guidance and inspiration particularly to the youth of Clark County, Ohio. This fund is to be invested in accordance with Sec. 3335.12 Revised Code of Ohio, the income to be used to provide scholarships for students from Clark County entering The Ohio State University in the College of Agriculture or the School of Home Economics. Should the need for said scholarships cease to exist or so diminish as to create unusual income then the Board of Trustees of The Ohio State University may use said income in its discretion, preference to be given to scholarships for students from Clark County in other Colleges of the University.

\$2,000.00 for the Symphonic Choir European Tour—Rotary 11831.

\$1,700.00 for the George H. Jarvis Memorial Fund.

The George H. Jarvis Memorial Fund

Chairman Ketner reminded the Board of the next meeting of the Governing Boards of State Universities and Allied Institutions, which is to be held at Michigan State College, East Lansing, Michigan on October 16-22, 1955, and expressed the hope that as many members as possible attend this coming meeting.

* * * * *

Upon motion of Mr. Kettering, seconded by Judge Gorman, the Board requested the President to send a congratulatory message to Professor Diercks and the Symphonic Choir, in recognition of their splendid contribution in the name of the University.

Scioto Ordnance Plant

President Bevis presented the following report:

Pursuant to the instructions of the Board I made arrangements for a visit on July 5 to the part of the old Scioto Ordnance Plant near Marion about which I reported at the last meeting. Those who visited the project were Mr. Ketner, member of the Board, Dr. Oram Woolpert, Director of the Research Foundation, Dean Gordon Carson, Dean of the College of Engineering, Mr. Paul Elleman, Director of Physical Plant, Dean Leo Rummell, Dean of the College of Agriculture, and I.

It is difficult to determine from Mr. Rhoten's letter just what acreage was involved and he himself was unable to provide any clearer description. It turned out upon visitation, however, that the acreage now available is a part of that which was considered by the Board in 1949, the remainder having been disposed of by sale or otherwise.

Some of the smaller buildings which were on the property before have been removed and a large new building said to have cost upwards of four million dollars has been built since. This building was apparently used for secret laboratory purposes, the nature of which is unknown.

Permission to visit the property had to be secured through Mr. Rhoten's office from Oak Ridge, Tennessee, and security regulations are still strictly enforced. Colonel Hamilton whose headquarters are on the premises had been there but a short time and was unable to provide much if any information about the property. He placed us in charge of several subordinates who were able to show us about but who also had very little information of definite character.

Particularly we were unable to learn the precise extent or boundaries of the acreage available. I have under taken through Mr. Rhoten to ascertain definitely what these boundaries are.

The regulations under which this property is available for acquisition provide that it must be used either for health or educational purposes, that it may not be leased or sold, and that in case of emergency the government may take it back.

Cursory inspection would indicate that the land still available is probably the least desirable of all the original tract. Certain uses, however, could be made of it. The smaller cement block buildings might be useful for some agricultural purposes. The large laboratory building is not very well arranged for purposes other than that for which it was built and would entail considerable expense for upkeep and maintenance.

If, in the opinion of the Board, we should look further into the possibility of acquiring this property we should have detailed reports

by competent persons as to the uses to which it could be put, the cost which would be entailed in maintaining and operating the property, the possibility of obtaining title to it free of the restrictions and limitations now imposed, and the relative desirability of this property and other property which we might obtain at comparable cost.

Upon motion of Mr. Black, seconded by Senator Bricker, the Board by unanimous vote instructed the President to drop further negotiations.

Air Force

President Bevis now presented the following report and recommendations:

As you know, Colonel Ralph D. Mershon and President William Oxley Thompson played leading roles in the establishment of the ROTC program as a means of providing a strong and important force for the national defense. Since those early beginnings this University has sought earnestly to support and improve the program to the best of its ability.

In addition to important Army and Navy units, we now have on our campus one of the largest Air Force ROTC units in the nation. In matters of instructional policy and practice we have worked in very close cooperation with the Air Force at both local and national levels. Our purpose has been to make sure that, to the greatest possible degree, the instructional resources of the University and the Air Force may be joined in a common effort to produce men of the highest quality.

The revised teaching Program in Air Science now touches upon certain subject matter areas in which the University, as a part of its normal academic offerings, has highly trained and professional teachers as members of its permanent civilian staff. For example, the Air Force curriculum now includes instruction in political geography, communications and international tensions and security agencies. In each of these areas we have very competent civilian teachers.

For the past several months a joint committee, composed of representatives of the Air Force and our civilian faculty, has been studying the possibility of conducting an experiment in bringing the full resources of the University to bear upon the teaching of such subjects. This committee now recommends that a trial run be made during the coming year. At appropriate times, members of our civilian faculty will join Air Force instructors in a common teaching effort. This experimental approach will be under the constant supervision of a committee representing the Air Force and the University.

Since provision must be made for the temporary replacement of civilian instructors participating in this experiment, it is recommended that Vice President Heimberger be authorized to expend not to exceed \$12,000.00 for this purpose from the income of the Mershon Fund. A small portion of this amount might be used to sponsor occasional meetings of interested Air Force and civilian educators from other institutions in the vicinity.

It is my opinion that this proposed experiment is in harmony with the wishes of Colonel Mershon that a part of the income from his generous gift should be used to advance the cause of civilian military education in the United States and its territories. The proposed

experiment has the full approval of Major General M. K. Deichelmann, Commanding Officer of the Air Force ROTC, and Colonel James F. McClendon, Professor of Air Science on our campus. It will be watched with great interest by other colleges and universities and, if successful, may serve to strengthen a national program which is of great importance in the procurement of Air Force officers.

Upon motion of General Dargusch, seconded by Mr. Kettering, the Board by unanimous vote approved the suggested plan as detailed above.

Stone Professorship

President Bevis now presented the following recommendations:

In October, 1953, this Board of Trustees redefined the Julius F. Stone Professorship to provide for the appointment "upon an annual basis of distinguished persons who, in view of the needs and opportunities of the day, may best contribute to the growth and development of the Ohio State University." Such appointments are to be made upon the recommendation of the President.

During the past academic year, Henry M. Hart, Jr., Professor of Law at Harvard University, held this eminent position. His presence on this campus has, in every sense, contributed to the growth and development of the University.

I now wish to recommend that Dr. Gerhard A. Brecher, Professor of Physiology at Western Reserve University, be appointed as the Julius F. Stone Professor for the academic year 1955-6. Dr. Brecher is a widely recognized leader in experimental ophthalmology and the physiology of the cardiovascular system. His appointment to this professorship has been strongly recommended by the College of Medicine, the College of Arts and Sciences and the Graduate School.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

* * * * *

College of Pharmacy

President Bevis presented the following recommendation:

I had hoped to be able to make a recommendation to you today concerning a successor to Dean Bernard F. Christensen who has now retired after 16 years of distinguished service as Dean of our College of Pharmacy. A special advisory committee has been working diligently on this matter for the past several months but, because of certain unexpected developments, more time will be required before a nomination can be made. I, therefore, recommend that Professor Lloyd Harris be appointed to serve as Acting Dean for the present Summer Quarter. He is one of the senior Professors of the staff and you may be assured that the affairs of the College will be in good hands.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was approved by unanimous vote.

India Contract

President Bevis presented the following recommendation:

The Board members will recall previous discussions of the project presented by Dean Rummell under which The Ohio State University is to perform certain work under the auspices of the Foreign Opera-

tions Administration* in India. Mr. Rummell has submitted a copy of the report made by him and Mr. Sutton to the Indian Government officials.

In pursuance of the Board's previous agreement, steps toward the negotiation of a contract have been taken and we are in receipt of a form submitted for signature.

Mr. Rummell recommends proceeding as fast as possible. This question arises: The Ohio State University is one of five institutions engaged in this same large project, the others being, University of Illinois, University of Missouri, University of Tennessee and Kansas State University.

It is felt that the rates for "overhead" in the contracts with all these schools should be on the same general basis and that such uniformity should be ascertained before we sign our contract.

It is recommended, therefore, that the President and the Secretary of the University be authorized to sign this contract when satisfied that reasonable uniformity in the matter of "overhead" has been agreed upon.

Upon motion of Mr. Black, seconded by General Dargusch, the above recommendation was unanimously approved.

Budget

President Bevis now presented the annual salary budget for the fiscal year beginning July 1, 1955, and recommended its approval.

Upon motion of General Dargusch, seconded by Judge Gorman, the annual budget as presented by the President was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contracts and (B) Credit to Contracts, and recommended that they now be approved by the Board of Trustees:

(A)	<i>Extras to contracts</i>	
	<i>Joseph Skilken & Co.</i>	\$228.64
	Addition of steel ties between the tube hangers in the stair towers of St. John Arena to further brace and strengthen the steel skeleton.	
	Original Contract—\$2,446,660.00—June 18, 1954	
	<i>The Huffman-Wolfe Company</i>	\$110.25
	Change from black closet seats to white closet seats in women's rest rooms in Auditorium to conform to other recent installation on the campus.	
	Original Contract—\$134,300.00—January 24, 1955	
(B)	<i>Credit to Contract</i>	
	<i>Joseph Skilken & Co.</i>	\$750.00
	Change of interior concrete blocks from Limestone aggregate to stone aggregate to give uniformity in texture and proper bonding and to eliminate multiplicity of small holes in the interior walls of the St. John Arena.	
	Original Contract—\$2,446,600.00—June 18, 1954	

*International Cooperation Administration (as of July 1, 1955).

Upon motion of Judge Gorman, seconded by Senator Huffman, these recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

Project

- (a) *Paving North Oval Drive, Bohannan Drive and Industrial Engineering Parking Lot*
Estimate of Cost—\$7,000.00

- (b) *Surface Treating—Street East of Power House; Drive West of the Stadium; No. 1 and No. 2 Stadium Parking Lots; Page Hall Parking Lot; and Airport Drive, Parking Lot, Ramp, and Runways*

Estimate of Cost—\$16,000.00

Both projects to be paid from F-1c Road and Sidewalk Repairs, H. B. 929.

Repairs to 2,000 feet of Curb on Campus Roadways

Estimate of Cost—\$6,000.00

To be paid from F-1c Road and Sidewalk Repairs, H.B. 929.

Exterior Painting Starling-Loving Hall; Two Ash Silos on Power House; Dairy and Beef Cattle, Sheep and Swine Barns; Waterman, Pavey and Mary Hess Barns; Twelve Farm Residences; Three H&F Quonsets; Research Center Buildings; and Agronomy Shed

Estimate of Cost—\$25,000.00

To be paid from F-1 Building Repairs, H.B. 929

Remodeling Heating System in Military Science Building

Estimate of Cost—\$9,000.00

To be paid from F-1 Building Repairs, H.B. 929

Remodeling Outside Air Intake Facilities on the Ventilation System in Ohio Union

Estimate of Cost—\$11,000.00

To be paid from funds transferred from Rotary 16101 Ohio Union to a building repair account

Repair to Roofs on Robinson and Mendenhall Laboratories and Repair of Gutters on Veterinary Clinic

Estimate of Cost—\$17,200.00

To be paid from F-1d Roofing, H.B. 929

Upon motion of Mr. Black, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for an on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following report:

On July 5, 1955, the Director of Physical Plant advised the University Cabinet as follows with respect to the estimate of cost for Refrigerated Cooling, Office Section of Research Center, 1314 Kin-near Road.

"In preparing a report on the tabulation of bids received, a discrepancy of figures is found between the estimate recorded at the University in the February 8, 1955, Cabinet minutes and the February 14, 1955, Board of Trustees minutes, and the estimate filed directly with the Auditor of State by the office of the engineering firm, Sims, Cornelius & Schooley.

"Investigation now shows that the difference in figures is the result of a peculiar coincidence of circumstances due to errors in transmitting information between the Sims, Cornelius & Schooley office and the University Director of Physical Plant's office, between this office and the Business Office, and from Sims, Cornelius & Schooley office directly to the State Offices.

"We find, also, that fortunately the estimates filed with the State Architect and with the Auditor of State are correct, and that they are the ones which should be used in considering the awards of contracts on the projects involved.

"I, therefore, recommend that the correct estimate of cost as filed with the Auditor of State be recorded in the Cabinet minutes as of this date, for official use in analysis of the tabulation of bids received on June 24, 1955, and in recommending the award of contract.

"The estimates are as follows:

<i>Original Estimate</i>	<i>Corrected Estimate</i>
\$25,000.00	\$24,780.00"

The Cabinet has approved the recommendation of the Director of Physical Plant for the correction of the estimates of cost and now recommends to the Board that these revised estimates be approved.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Utility and Sewer Lines, College of Veterinary Medicine and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on June 23, 1955, at 2:00 p.m. for the purpose of opening bids on Utility and Sewer Lines, College of Veterinary Medicine. A representative of the office of the Director of Public Works was present and read the bids. Given below is a tabulation of the bids received.

<i>Bidder</i>	<i>Amount of Bid</i>
Trimmer Construction Company	\$81,985.00
E. P. Coady and Company	91,800.00
Limbach Company	68,690.00
Haddad Construction Company	72,343.00
George J. Igel & Company, Inc.	80,857.25

"The engineer's estimate for the above work was \$79,500.00. The low bid of the Limbach Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with the Limbach Company at their bid of \$68,690.00."

Funds for the execution of this contract, which is recommended for award, will be provided from G-2-1 Veterinary Medicine—Basic Science Unit and Equipment, H.B. 10.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids for the project Tunnel to the New Law Building, and approved the award of the following contract to the low bidder and now recommend that the actions of the Cabinet be approved by the Board of Trustees.

The report of the architectural firm of Potter, Tyler, Martin & Roth is as follows:

"Proposals for construction of the Tunnel to the New Law Building, received until 2:00 p.m. Thursday, June 23, 1955, were opened immediately thereafter and read by Mr. M. J. Moon, representing the Director of Public Works.

"In the five proposals received no irregularities were found. All complied fully with law. No substitutions were offered.

"A copy of the Tabulation of Bids is attached. It will be noted that only one bid, that of General Maintenance & Engineering Company, in the amount of \$39,039.00 is below the architect's estimate of cost, which was \$40,000.00.

"We consider this low bid a reasonable one and recommend that the Director of Public Works be requested to award the contract to General Maintenance & Engineering Company for Item 1, General Contract, comprising sections I to VIII of the specifications, in the sum of \$39,039.00.

"The tabulation of bids is as follows:

<i>Bidder</i>	<i>Amount of Bid</i>
General Maintenance & Eng. Co.	\$39,039.00
Joseph Skilken & Co.	49,880.00
F & Y Building Service, Inc.	41,888.00
Krause & Pagura	49,215.00
Fritz-Rumer-Cooke Co.	62,771.00"

Funds for the execution of this contract, which is recommended for award, will be provided from a transfer of \$40,000.00 from G-2-1 Veterinary Medicine, Basic Science Unit and Equipment, H.B. 816, to G-2-3 Law-First Section of Classroom Administration Building and Equipment, H.B. 816.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees the University Cabinet met on June 24 for the purpose of opening bids on Refrigerated Cooling, Office Section of Research Center, 1314 Kinnear Road. The following is a tabulation of the bids received:

Lieb Jackson, Inc.	\$17,126.00
Keen-Air Conditioning Corp.	16,256.00
Limbach Company	18,000.00
Conditioned Air, Inc.	16,900.00
Huffman Wolfe Company	17,200.00
Speer-Wolfe & Company	15,095.00

"As was recommended in our letter of July 5, 1955, the corrected estimate of cost of \$24,780.00 has been recorded in the Cabinet minutes as of that date for official use in analysis of the tabulation of bids received on June 24, 1955, and in recommending the award of contract.

"The low bid of Speer-Wolfe & Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with Speer-Wolfe & Company at their bid of \$15,095.00."

Funds for the execution of this contract, which is recommended for award, will be provided from G-2-A Air Cooling of Office Part of Research Center, H.B. 929.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Utility Lines and Drainage for Field House Group and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect and the Director of Physical Plant are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., June 28, 1955, for Utility Lines and Drainage for Field House Group in the office of the Vice President and Business Manager and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"The low bids of Joseph Skilken & Co. in the sum of \$20,400.00 for the General Contract, The Limbach Company in the sum of \$135,964.00 for the Heating Contract and The Limbach Company in the sum of \$28,356.00 for the Area Drainage Contract are regular in every respect and are below the estimates of cost filed with the Auditor of the State of Ohio.

"The low bids of Lieb-Jackson, Inc., in the sum of \$5,749.00 for the Plumbing Contract and Gustav Hirsch Organization, Inc., for the Electrical Contract in the sum of \$41,740.00 are regular in every respect but neither one is below the estimate of cost filed with the Auditor of State.

"The combined total of all bids is \$232,209.00 as compared with the combined estimated cost of \$309,900.00.

"The bids for the Plumbing and Electrical Contracts are from reputable and representative companies and constitute satisfactory bidding. It is evident from the bidding that the estimates for the Plumbing and Electrical divisions are too low. Also, it is believed that no more favorable bids would be received if the plumbing and electrical divisions were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

(1) That the necessary action be taken to accept the low bids of Joseph Skilken & Co. for the General Contract in the base sum of \$20,400.00; Limbach Company for the Heating Contract in the base sum of \$135,964.00; and the Limbach Company for the Area Drainage Contract in the base sum of \$28,356.00 since they are below the estimated costs, that the Board of Trustees award the contracts and that the Director of Public Works be requested to execute the contracts accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit the acceptance of the low bids of Lieb-Jackson, Inc., in the base sum of \$5,749.00 for the Plumbing Contract and of The Gustav Hirsch Organization, Inc., in the base sum of \$41,740.00 for the Electrical Contract even though these bids are in excess of the estimated cost.

"If permission of the Controlling Board is granted for the award of the Plumbing and Electrical Contracts, it is recommended that the Board of Trustees award the contracts and the Director of Public Works be requested to execute contracts accordingly.

"In tabular form, the foregoing divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Low Bid</i>	<i>Arch. Est.</i>
General	Joseph Skilken & Co.	\$ 20,400.00	\$ 33,000.00
Heating	Limbach Company	135,964.00	208,500.00
Plumbing	Lieb-Jackson, Inc.	5,749.00	4,300.00
Electrical	Gustav Hirsch Org., Inc.	41,740.00	26,100.00
Area Drainage	Limbach Company	28,356.00	38,000.00
	Totals	<u>\$232,209.00</u>	<u>\$309,900.00</u>

Funds for this project are to be provided from G-32. Other capital outlay, H.B. 932.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received a proposal for the purchase of a tract of approximately three acres of land located on the south side of Lane Avenue, west of Kenny Road. The University land surrounds it and it is the last remaining tract within our boundaries. Up to the present time, this land has not been available for purchase by the University but it has recently been placed on the market. It is highly desirable to have it added to our present farm land. Dean Rummell states that this land has a high valuation by virtue of its location. If the University does not acquire it, there may be residential housing there with attendant inconvenience to the operation of surrounding farm property owned by the University.

Upon motion of Senator Huffman, seconded by Senator Bricker, the purchase of the above described land was approved and authorized subject to the approval of the State Controlling Board. Funds are to be provided by H.B. 932 when signed.

The Vice President and Business Manager presented the annual budget for the fiscal year ending June 30, 1956, of The Ohio State University Development Fund in the amount of \$92,348.00, of which \$84,336.00 will be from H-8 Contributions and the balance from surplus from previous budgets and income from investments as required, and recommended its approval and adoption.

Upon motion of Judge Gorman, seconded by General Dargusch, the Development Fund budget as presented was unanimously approved and adopted.

* * * * *

The Vice President and Business Manager recommended the following transfers to provide funds for services of the University Architect's Office:

- \$ 1,350.00 from Rotary 12261 to G-2-B Indoor Practice Section of Field House Group, H.B. 929
- 4,100.00 from Rotary 12261 to G-2-C Residence Halls for Women Unit "E," H.B. 929
- 100.00 from Rotary 12261 to G-2-D Television Station, H.B. 929
- 500.00 from Rotary 12261 to G-2-G Architect's Office, Research Center, H.B. 929
- 11,000.00 from Rotary 12261 to G-2-E Research Center Rehabilitation, H.B. 929
- 5,000.00 from Rotary 12261 to G-2-F Baseball Stadium, H.B. 929

The last two items are for preliminary plans, specifications and studies on new projects.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was unanimously approved.

The President now reported to the Board the deaths of Mary Jeanette Drucker and Roderick Peattie, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Mary Jeanette Drucker, Instructor in Education and Assistant

State Supervisor of Guidance Services, on June 14, 1955. Miss Drucker was on leave of absence from the College of Education and just beginning a four-month assignment as a United Nations Technical Assistant, assigned to the International Labor Organization in Jerusalem, Israel. She was killed in a car-truck collision on her way from Lydda airport into Jerusalem following an eight-day briefing session in Geneva, Switzerland.

Miss Drucker attended Smith College, received her A.B. degree from the University of Cincinnati, her M.A. degree from Columbia University, and had taken advanced graduate training at Ohio State University.

A native of Cincinnati, Miss Drucker began her professional career in 1926 as an educational and vocational guidance counselor in Cincinnati's public schools. In 1937 she was appointed assistant state supervisor of Occupational Research and Guidance for the National Youth Administration in Ohio and in 1941 she became supervisor of the Columbus counseling center of the U. S. Employment Service in Ohio.

From August, 1943 to January, 1946 Miss Drucker served as an officer in the WAVES of the U. S. Navy in Washington, D. C. and Great Lakes, Illinois. Following the war years she continued in the U. S. Naval Reserve and held the rank of Lt. Commander. Following her military service, Miss Drucker returned to the Ohio State Employment Service where she served as chief of employment counseling and as an industrial services consultant.

In 1948 she was appointed to the position of Assistant State Supervisor of Guidance Services in the State Department of Education and Instructor in the Ohio State University, College of Education. Her duties, in addition to teaching at Ohio State University included consultation with public schools throughout the state on problems of guidance program initiation and expansion, preparation of materials for in-service training, editing the state guidance newsletter, "Guidance News and Views", and numerous other activities of direct service to the University and the public schools of Ohio.

Miss Drucker was a professional member and past trustee of the National Vocational Guidance Association, serving as national treasurer of this organization during 1952; for the past seven years she has been a member of the National Association of State Guidance Supervisors and Counselor Trainers, serving as national secretary during 1954. She has been an active member of many other professional guidance and personnel groups, including the National Association of Public Employment Services, the Tri-State Pupil Personnel Association, the Ohio Education Association, the National Urban League, the International House Association, and Alpha Delta Kappa, Honorary in Sociology. From 1951 until the time of her death she served as a member of the staff and office committee of the Columbus Girl Scout Council which has established a "Mary J. Drucker Memorial Fund" to provide camp scholarships for worthy girl scouts in her honor.

Miss Drucker's entire professional life has been purposefully spent in the service of Ohio youth and she will long be remembered by guidance workers in Ohio schools for her deep personal interest in their problems and for her teachings on campus and consultation and guidance as she called on them throughout the state.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Roderick Peattie, Professor of Geography, on June 18, 1955. He came to the University in 1920 to teach in the Department of Geology. He became Professor of Geography in 1925.

Professor Peattie was born in Omaha, Nebraska, in 1891. He graduated from the University of Chicago in 1914 and received his Doctor of Philosophy degree from Harvard University in 1920. Before coming to Ohio State, he was an assistant at the University of Chicago and also taught at Radcliffe, Williams College, and at Harvard.

Professor Peattie was a veteran of World War I, having served as an instructor in the Army Engineers School with the AEF in Europe.

Dr. Peattie's books were both in his field and of general interest. They included "Incurable Romantic," "Geography of Ohio," "College Geography," "Mountain Geography," "Rambles in Europe," "Exploring Geography," "Geography in Human Destiny," "How to Read Military Maps," "Look to the Frontiers" and "Struggle in the Veld."

He was the editor of the American Mountain Series, published by Vanguard Press.

He was a member of the Association of American Geographers, Ohio Academy of Science, Sigma Xi, and Alpha Delta Phi fraternities.

Professor Peattie's death has brought a deep sense of loss to his many friends and associates. His rare teaching talents and his broad and tolerant approach to all human problems enabled him to make rich contributions to the life of his students. His numerous publications and his marked literary skills brought high distinction to his department and to the University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Tuesday, September 6, 1955 at Gibraltar Island, Ohio.

Attest:

Anita Rose McCormick, Lake County Home Demonstration Agent, for the period October 1, 1955 through December 31, 1955, for graduate study at the Ohio State University.

That the following leaves of absence, without salary, be granted:

George R. Gist, Extension Agronomist, for the period July 1, 1955 to June 30, 1956, for graduate study at Purdue University;

Frederick C. Wise, Associate County Extension Agent, Huron County, for the period July 1, 1955 to December 15, 1955, for graduate study at Ohio State University;

Dorothy S. Buck, Home Demonstration Agent, Greene County, for the month of July, 1955, so that she may take time for a trip that exceeds her normal vacation.

John H. Herrick, Research Associate and Professor in the Bureau of Educational Research, for the period October 1, 1955 through January 31, 1956, so that he may serve as Executive Secretary to the Ohio White House Conference Committee on Education;

That the increase in salary and change in service from three quarters to twelve months for W. Hayes Yeager, Professor and Chairman, Department of Speech, be postponed to October 1, 1955 and that he be given a special contract at \$2,682.00 for the Summer Quarter 1955;

That the effective date in the contract of Dr. Chauncey D. Leake, Assistant Dean and Professor of Pharmacology, be changed from September 1, 1955 to August 15, 1955;

That the effective date in the appointment of Sophia A. Rossiter, Instructor in Nursing, be changed from July 1, 1955 to October 1, 1955;

That the effective date in the appointment of Dorothy Snyder, Associate Dean of Women, be changed from August 16, 1955 to September 1, 1955;

That the action of the Board of Trustees on July 11, 1955, increasing the non-resident fee from \$85.00 to \$125.00 per quarter, be amended to read "effective Autumn Quarter 1955" instead of "effective October 1, 1955."

That the sum of \$4,000.00 be transferred from Dairy Plant Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology;

That the University Hospital be permitted to transfer employees from A-1 to Rotary or vice versa as needed to balance expenditures from these two funds.

That the Ohio Aviation Board be authorized to construct buildings at Don Scott Airport for the sum of \$150,000.00, which amount was appropriated for this purpose by the 101st General Assembly within the Amended House Bill 932 under G-2 Buildings. The purpose of such buildings would be to serve as a hangar for all aircraft owned by the Highway Department, Highway Patrol, Forestry Department, and the Ohio Aviation Board, to provide shop space satisfactory to maintain these aircraft, and to construct an annex on the aforesaid hangar building of sufficient size to serve as administrative offices for the Ohio Aviation Board.

It is proposed that the hangar and maintenance shop will have a floor space of approximately 9,000 square feet with the office build-

ing covering another 1,500 square feet. Utilities for the above buildings are to be supplied by a separate well, septic tank, and heating equipment and are to be included in the total project.

That the agreements between the Ohio State University and the State Department of Education, Division of Vocational Education, covering the following contracts for the year beginning July 1, 1955 and ending June 30, 1956, be approved:

Vocational Agriculture
 Vocational Home Economics
 Distributive Education
 Guidance Services
 Trade and Industrial Education

That the agreements between the Ohio State University and the State Department of Education, Division of Special Education, covering the following contracts for the year beginning July 1, 1955 and ending June 30, 1956, be approved:

Slow-Learning Classes for Handicapped Children
 Child Study of Handicapped Children

That the agreement between the Ohio State University and the Ohio Department of Highway Safety, covering the conduct of a research in the field of Highway Safety, be approved;

That the agreement between the Ohio State University Hospital and the Columbus Cancer Society, for cancer research purposes, for a period of five years, beginning September 6, 1955 and ending September 6, 1960, as approved;

That the Agricultural Marketing Act Contract between the Ohio State University (through the Agricultural Extension Service) and the U. S. Department of Agriculture for a Consumer Food Marketing Information Program in the Cincinnati Area, for the period August 6, 1955 through August 5, 1957, be approved.

NOW, THEREFORE BE IT RESOLVED that the Board of Trustees approve the change from Branch Materiel to Branch General, effective with the Fall Quarter, 1956.

The above motion was seconded by Senator Huffman, and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch stated that at the December 10, 1951 meeting of the Board, he had been named as Chairman of the Investment Committee, and that he now wishes to resign from said position because of the work required on the Retirement Committee.

The Board by unanimous vote accepted said resignation, and Chairman Ketner then appointed Senator Bricker to serve as Chairman of the Investment Committee.

* * * * *

Federal Employees Group Life Insurance

General Dargusch now presented the following motion and moved its adoption:

That the President be authorized to execute the agreement covering voluntary group Insurance for members of the Agricultural Extension Service under the Federal Employees Group Life Insurance Act of 1954, and that he be authorized to take all actions which may be required of the University in the carrying out of such agreement.

The above motion was seconded by Judge Gorman and upon roll call was unanimously approved.

* * * * *

Agricultural Producers' Association

Mr. Ketner reported to the Board that the Agricultural Producers' Association, now meeting in Rome, Italy would be holding its annual convention in this county in 1957 and suggested the desirability of having them meet on the campus of The Ohio State University. After discussion, it was resolved that the University Administration be authorized to extend an invitation to this organization and to arrange for its 1957 annual meeting to be held on our campus and to report to the Board.

On motion of Judge Gorman, seconded by Mr. Black, the above recommendations of the University Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the

Director of Physical Plant's recommendation to reject the bids received. It is now recommended that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955 for the purpose of opening bids on REMODELING OUTSIDE AIR INTAKE FACILITIES IN OHIO UNION. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Lieb-Jackson, Inc.	\$13,997.00
Limbach Company	14,200.00
Huffman-Wolfe Company	17,700.00

"The engineer's estimate for the above work was \$11,000.00. Due to the fact that the low bid was \$2,997.00 above the engineer's estimate, I wish to recommend that all bids be rejected and that we be permitted to restudy the plans and specifications and resubmit this project at a later date."

Upon motion of Judge Gorman, seconded by Mr. Black, the above actions of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
<i>Steam and Gas Lines to the New Law Building</i>	\$27,500.00	To be paid from G-32 Other Capital Outlay, H.B. 932.
<i>Electric Lines to the New Law Building</i>	\$15,000.00	To be paid from G-32 Other Capital Outlay, H.B. 932.
<i>New Fence for Football Practice Fields and Varsity Tennis Courts</i>	\$10,500.00	To be paid from a transfer of funds from Department 804, Rotary A, General University Funds to G-32-A New Fence for Football Practice Fields and Varsity Tennis Courts, H.B. 929. This project was approved by the Athletic Board on July 13, 1955 and will be paid out of their budget.

Upon motion of Senator Bricker, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice-President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
<i>Fences for the WOSU-TV Television Station and Antenna Laboratory</i>		
	\$6,500.00	
To be paid from a transfer of funds from Department 804, Rotary A, General University Funds to G-2-K Antenna Laboratory and Equipment and to G-2-D Television Station, Tower and Equipment, H.B. 929.		
<i>Addition to Baker Hall</i>		
	\$855,000.00	
I—General Contract		\$673,600.00
II—Heating & Ventilating Contract		44,500.00
III—Plumbing Contract		80,400.00
IV—Electrical Contract		56,500.00
		\$855,000.00
Total		\$855,000.00

This project will be financed by a Bond Issue on Residence Halls.

Upon motion of Senator Bricker, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Surface Treating—Street East of Power House; Drive West of the Stadium; No. 1 and No. 2 Stadium Parking Lots; Page Hall Parking Lot; and Airport Drive, Parking Lot, Ramp, and Runways to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

“On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on SURFACE TREATING—STREET EAST OF POWER HOUSE; DRIVE WEST OF THE STADIUM; NO. 1 AND NO. 2 STADIUM PARKING LOTS; PAGE HALL PARKING LOT; AND AIRPORT DRIVE, PARKING LOT, RAMP, AND RUNWAYS. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Max J. Zeller, Inc.	\$12,867.00
H & S Contracting Company	14,290.00
The Shelly Company	17,250.00
A. W. Burns & Sons Construction Co.	17,995.00

"The engineer's estimate for the above work was \$16,000.00. The low bid of Max J. Zeller, Inc., is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Max J. Zeller, Inc., at their bid of \$12,867.00."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1c Road and Sidewalk Repairs, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on EXTERIOR PAINTING STARLING-LOVING HALL; TWO ASH SILOS ON POWER HOUSE; DAIRY AND BEEF CATTLE, SHEEP AND SWINE BARN; TWELVE FARM RESIDENCES; THREE H & F QUONSETS; RESEARCH CENTER BUILDINGS; AND AGRO-NOMY SHED. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Art Kraft Decorator, Inc.	\$23,900.00
Bexley Decorating Company	32,690.00
General Maintenance & Engineering Co.	33,512.00

"The engineer's estimate for the above work was \$25,000.00. The low bid of Art Kraft Decorator, Inc., is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Art Kraft Decorators, Inc., at their bid of \$23,900.00."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1 Building Repairs, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Repair to Roofs on Robinson and Mendenhall Laboratories, and Repair of Gutters on Veterinary Clinic, to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on REPAIR TO ROOFS ON ROBINSON AND MENDENHALL LABORATORIES, AND REPAIR OF GUTTERS ON VETERINARY CLINIC. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Phil F. Kromer & Son, Inc.	\$11,800.00
The Geo. Snyder & Sons Company	15,801.00
Limbach Company	23,927.00

"The engineer's estimate for the above work was \$17,200.00. The low bid of Phil F. Kromer & Son, Inc. is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Phil F. Kromer & Son, Inc., at their bid of \$11,800.00.

Funds for the execution of this contract, which is recommended for award, will be provided from F-1d Roofing, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Repair to 2,000 feet of Curb on Campus Roadways to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on REPAIR TO 2,000 FEET OF CURB ON CAMPUS ROADWAYS. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
American Terrazzo & Cement Co.	\$6,500.00
Borean Cement Contractors	6,500.00
Legg & Davis Contractors	8,000.00

"It will be noted that the two low bids are exactly the same. Therefore, in the presence of the two low bidders and with their agreements, we determined by lot which company should receive the award. By this method the contract should be awarded to the Borean Cement Contractors.

"The engineer's estimate for this project was \$6,000.00. There were three companies that took out specifications on this project and as shown above we received three bids all of which exceed the estimate of cost filed with the Auditor of State.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we readvertise this project. Therefore, I wish to recommend that permission be requested from the Board of Control to award this contract to Borean Cement Contractors, notwithstanding the fact that their bid of \$6,500.00 exceeds the filed estimate of cost."

The Controlling Board has been requested to approve the award of this contract notwithstanding the fact that it is higher than the Estimate of Cost as filed with the Auditor of State and the fact that it is the same amount as one other bid received.

Funds for the execution of this contract, which is recommended for award if Controlling Board approval is received, will be provided from F-1c Road and Sidewalk Repairs, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Remodeling Heating System in Military Science Building to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 30, 1955, for the purpose of opening bids on REMODELING HEATING SYSTEM IN MILITARY SCIENCE BUILDING. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Piping Contractors Company	\$ 9,075.00
Columbus Heating and Ventilating Co.	9,525.00
Limbach Company	10,718.00

"The engineer's estimate for this project was \$9,000.00. There were four companies that took out specifications on this project and as shown above we received three bids all of which exceed the estimate of cost filed with the Auditor of State.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we readvertise this project. Therefore, I wish to recommend that permission be requested from the Board of Control to award this contract to Piping Contractors Company, notwithstanding the fact that their bid of \$9,075.00 exceeds the filed estimate of cost."

The Controlling Board has been requested to approve the award of this contract notwithstanding the fact that it is higher than the Estimate fo Cost as filed with the Auditor of State.

Funds for the execution of this contract, which is recommended for award if Controlling Board approval is received, will be provided from F-1 Building Repairs, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

- 31—Authorized the transfer and release of \$80,000.00 from Rotary A to G-2-K Antenna Laboratory and Equipment, H.B. 929, to provide funds to purchase equipment for the Antenna Laboratory Building. These funds are supplied by the Research Foundation.

The Vice President and Business Manager presented the following resolution for the approval of the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there be called for redemption on October 1, 1955, Dormitory Revenue Bonds in the amount of \$70,000.00. The bonds to be retired are as follows:

- Bonds No. 43 and No. 44 for \$5,000.00 each, held by the School Employees Retirement System
- Bonds No. 45 to No. 50 inclusive for \$5,000.00 each, held by the Public Employees Retirement System
- Bonds No. 51 to No. 56 inclusive for \$5,000.00 each, held by the Public Employees Retirement System

This action is in accordance with the maturity schedule as shown in Section 1 of the indenture.

BE IT FURTHER RESOLVED that the interest on said bonds for the period April 1, 1955 to October 1, 1955 be paid to the respective retirement systems.

Upon motion of Judge Gorman, seconded by General Dargusch, the above resolution was approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation:

The contract for architectural services for the Law Building between the State of Ohio and Potter, Tyler, Martin & Roth included the building only. It is desirable that the same architects design the utilities tunnel leading to the building.

It is therefore, recommended that the Board of Trustees amend the contract with Potter, Tyler, Martin & Roth extending their services to include complete architectural and engineering services for the construction of the utilities tunnel to serve the new Law-First Section of Classroom Administration Building. It is further recommended that the fee for the architectural services be six per cent of the contract cost of the tunnel.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendations were unanimously approved.

Vice President Heimberger reported orally upon developments

in his area of responsibility. In the course of his report, he discussed the possible role of this University in the total program of higher education in this state. He commented upon the nature of the new University which is being built upon firm foundations laid down in the past. The faculty salary situation was reviewed and substantial progress noted. Warning was given, however, that the critical period of intense competition lies ahead and must be faced boldly if the University is to have a teaching and research staff of the highest quality.

Emphasis was placed upon building an adequate library collection, upon procurement of expensive teaching and research equipment, upon the need for improvement in the travel situation and upon the problem of making the results of scholarly investigation known and useful to others through proper publication.

Recent trends in teaching, research and service were then discussed. He noted particularly the growth of continuing education and an increasing trend toward the kind of basic instruction which, in any field, contributes to the adaptability, originality and future development of the student. The problem of intense specialization through highly particularized "know how" courses based largely upon what is now known was discussed at some length. It was his opinion that progress is being made toward the solution of this problem.

He also spoke of the influence of goals and values upon the future development of the University and its staff. He emphasized that, while adequate salaries and physical facilities are of great importance, understanding and pride in what the University stands for are at least equally essential. Facing a period of intense competition for the best in college and university faculties, this University must give careful attention to the relative importance of the almost countless ventures which comprise its total effort. Its scale of values may prove to be a deciding factor in its growth to full maturity and maximum service.

The Board now recessed to meet in the morning at 9:00 a.m.

September 7, 1955

The Board convened at 9:00 a.m. with the same members present as yesterday, except Mr. Black.

Vice President Taylor now presented to each member of the Board, a detailed financial report containing six sections covering the following items:

1. General Financial Statement for entire University
2. Department of Athletics
3. The Ohio Union
4. Dormitories and Dining Halls
5. American Gas & Electric stock option plan
6. Investments

The information contained in each of the six sections was then carefully explained in detail.

Financial Report—Mr. Taylor

During the course of his report to the Board, the Vice President and Business Manager presented an analysis of the common stock holdings of the University as of September 7, 1955. Detailed statements were given to each member of the Board and emphasis was placed on the following:

- (a) stock purchases for the portfolio
- (b) the transfer of 62,235 shares of American Gas and Electric Company common under the Key Employees Stock Purchase Plan of the Company. This agreement was entered into by President Bevis and Vice President Taylor on June 15, 1955 under the authority granted them by the Board in its action of May 10, 1954. To September 7, 1955, shares totaling 62,235 (of an offered number of 98,390) were transferred by the University at a price of \$2,876,342.75. (These transfers were made wholly without cost—brokerage or otherwise—with the exception of the transfer tax and stamps which are estimated to be \$2,500.00 total for the shares already transferred. The shares transferred were carried on the University's books at \$1,800,273.28 and the transfer resulted in a realized appreciation of \$996,069.47 before the nominal cost of transfer tax and stamps.)

Upon motion of Senator Huffman, seconded by Senator Bricker, the Board of Trustees unanimously approved and ratified the actions taken to date by President Bevis and Vice President Taylor with respect to the handling of the common stocks of the University with special reference to and approval and ratification of the following:

1. All purchases to date of common stock as a temporary employment of income or reinvestment of principal.
2. The approval of the entering into the agreement by President Bevis and Vice President Taylor under date of June 14, 1955, with the Guaranty Trust Company of New York (for the American Gas and Electric Company) for the transfer without cost to the University (other than the minor transfer tax and stamps) of not to exceed 98,390 shares of American Gas and Electric Company common for the purposes of the Key Employee Stock Purchase Plan of the Company.
3. The approval of the transfer of 62,235 shares of American Gas and Electric Common at a total price of \$2,876,342.75 under this Plan.
4. The approval of the further transfer up to the agreed total of 98,390 of additional shares under this Plan.
5. The purchase of the shares of other companies by President Bevis and Vice President Taylor as a reinvestment of the funds

arising from the transfer. These shares are set forth in the holdings of the University on September 7, 1955, and reflected in the list of holdings of common stock as supplied to the Board on that date. (All transactions are carried in detail on the general books and are audited currently by the Auditor of State.)

Power Plant

Mr. Paul H. Elleman, Director of the Physical Plant now presented a verbal report covering the increasing steam and power load which will be placed upon the Power Plant, because of the extensive building program now under way.

Mr. Elleman then outlined certain plans which are now being considered to help solve the problem.

* * * * *

Chairman Ketner now expressed to Vice President Heimberger, Vice President Stradley, Vice President Taylor and Mr. Elleman, the sincere thanks and appreciation of the Board for the completeness and helpfulness of the reports submitted.

The President now reported to the Board the deaths of Raymond Carroll Osburn and William Davis Turnbull, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Raymond Carroll Osburn, Professor Emeritus of Zoology and Entomology, on August 6, 1955.

Professor Osburn was one of the last of the old-time naturalists, a profound student in the myriad forms of plant and animal life (and insects), and paleontologic and geologic history through the ages. His delight in fieldwork and every aspect of Nature, was enhanced by his vast knowledge, understanding and interpretation of their progress and meaning through all time.

He was born January 4, 1872 on a farm in Licking County near Newark, Ohio. Due to certain physical handicaps he was deprived of much of the formal school experiences. In these early formative years his mother taught him, giving him the necessary background from which to ascend to heights of understanding through prodigious reading and his infatuation for the facts of nature that he gleaned from woods and fields of the countryside in which he spent his youth. With this uncommon substitute for formal training he entered Ohio State University as a special student at the age of 23. It was not long, however, before he earned for himself regular academic standing and was given the Bachelor of Science degree in 1898. After graduation he taught classes at Starling Medical College and gained the Master of Science degree from his Alma Mater. With this he went to Fargo College, North Dakota, and then to Columbia University to earn his Doctor of Philosophy degree in 1906. While at Fargo he met Miss Mary Hubbell, one of his students, whom he later married on August 19, 1903. She was his wife and helper throughout the remaining years of his life.

He also held such positions as Assistant Professor at Barnard College of Columbia University, Professor and head of the Biology Department of the Connecticut College for Women, Scientific Investigator for the United States Bureau of Fisheries, and Associate director of the New York Aquarium.

When Professor Herbert Osborn retired from the chairmanship of the Department of Zoology and Entomology the university looked about for an outstanding candidate for the place. It was Raymond Osburn whom they chose to hold this post for 25 years. This was a period of rapid growth for the University and splendid expansion of the Department under his guidance. It has been said that it was Raymond Osburn "who was one of the first conservation workers in Ohio . . . and made possible the establishment of the Ohio Wildlife Research Station." He became Emeritus Professor in 1942.

For 20 years he guided the destinies of the Franz Theodore Stone Laboratory at Put-in-Bay, Ohio and largely through his efforts the University acquired possession of Gibraltar Island with the generosity of Mr. Julius F. Stone. Dr. Osburn was a member of the national honorary Society of Sixma Xi and held membership in 15 scientific societies. Early in his career he was sent by the American Museum of Natural History to study the aquatic life of the Caribbean Sea. Bryozoa, fishes and insects were his chief groups of interest on which he published many papers. Such was his reput that after retiring from the chairmanship of his Department he was called to California to work on the collections of Bryozoa made by the Hancock Foundation expeditions in Pacific waters from Alaska to Peru. As a result he prepared three noteworthy volumes on his studies. For the excellence of one of these he was awarded the Daniel Giraud Elliot 1950 gold medal by the National Academy of Science. In 1949 the Ohio State University awarded him the honorary degree of Doctor of Science.

A full life of distinguished service and accomplishment for science included a continuing influence upon devoted students the world over; his philosophy in Christian living; his pleasure in literature, history and the arts, and his fellowship with friends. His continued interest in the affairs and growth of the University since he entered it in 1894 has been one of his major concerns. The Golden Circle Certificate was issued to him in June, 1948 by the Ohio State University Association.

The philosophy and character of Dr. Osburn is reflected in the volume of 165 letters sent to him at his retirement in 1942 containing such expressions as:

" . . . your kind and sympathetic attitude has constantly been an inspiration to me."

"Sir, I salute you, great teacher, perfect gentleman, naturalist of the old school, and, above all, a true friend."

" . . . The kindness of the man himself, his comprehensive soul, his deep, unerring instinct as to each person's goal."

One might go on and on in similar vein to the eternal glory of the man. But let us close with a few lines which he himself wrote as he contemplated his retirement.

"What pleases me most, looking back o'er the years,
 As the time for retirement now rapidly nears,
 Is the progress of students I've worked with, and on,
 As out to the world and its work they have gone.
 And I like to think, maybe, I've had a small part
 In giving a fine bunch of men a good start.
 For a teacher there can be no greater reward,
 Though his days may be long and his labors be hard,
 Than noting the heights which his students attain,
 And feeling his efforts have not been in vain."

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of William Davis Turnbull, Junior Dean Emeritus of the College of Engineering, on August 25, 1955.

Dean Turnbull was born in Ironton, Ohio on December 5, 1883 and graduated from the College of Engineering at the Ohio State University in 1908 with the degree of Civil Engineer. Following two years of professional experience as Assistant City Engineer of Ironton, Ohio; City Engineer of Cattletsburg, Kentucky; and Assistant County Engineer at Painesville, Ohio he returned to his Alma Mater in 1910 as an instructor in the Department of Engineering Drawing. He was appointed professor in that department in 1923. His ability as a draftsman, particularly in the art of lettering and illumination, gained for him national recognition. He was responsible for the production of the "Official Highway Map of Ohio." He assisted in preparing "The Base Map of Ohio" and "Geologic Map of Ohio." He contributed to the first edition of the internationally famous textbook, ENGINEERING DRAWING—Thomas E. French, and was also co-author with the late Professor French of "Lessons in Lettering"—Books I and II. His illuminations, chief of which were his contributions to the book presented to the late Dr. W. O. Thompson upon his retirement as President of the University, are considered among the finest ever produced anywhere.

As a teacher, his keen sense of humor, coupled with his outstanding ability and his phenomenal memory, gained a position of great respect and admiration among his students. His debates with the late Professor C. E. Sherman, Chairman of the Department of Civil Engineering were recognized as "classic renditions" by all students and faculty who heard them at the annual Engineers Round-Up.

Dean Turnbull became Secretary of the College of Engineering in 1922 and served the College in this capacity while teaching full time in the Department of Engineering Drawing until 1928 when he was made Junior Dean of the College. He then devoted his full time to this position until his retirement in 1954, except for one year, 1936, when he served as Acting Dean of the College.

As an administrator, Dean Turnbull was extremely well liked by the students in the College of Engineering because of his kindness, his keen interest in their problems, and helpful counsel.

Dean Turnbull was a past president of the Faculty Club, Charter Member of University Masonic Lodge, Member of American Society for Engineering Education, American Academy of Political and Social Science, Tau Beta Pi, Sigma Xi, and Acacia Fraternity.

Besides his wife, Pansy, the survivors are one daughter, Mrs. Wildah Walkup of Ames, Iowa; four grandchildren; and two sisters, Mrs. Helen Winkel and Mrs. Grace Ownby, both of Ironton.

In campus and community life he was an active and helpful associate and neighbor; his forty-five years of continued and devoted service to this University have been greatly cherished by the faculty, administration, students, and alumni who have had the privilege of working with him.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet at Wooster, Ohio on October 9, 1955.

Attest:

President Bevis presented the following miscellaneous recommendations:

That Francis W. Davis, part time Clinical Assistant Professor, Obstetrics and Gynecology, College of Medicine, who is on leave for the year 1955-1956 and is asking for retirement on September 30, 1956, be granted permission to drop out of the University supplementary retirement program as of September 30, 1955;

That Gerhard A. Brecher, Julius F. Stone Research Professor in the Department of Physiology, be placed in State Teachers Retirement and Group Insurance, beginning October 1, 1955;

That the leave of absence of Robert W. McCormick, Assistant State 4-H Club Leader, for the period October 1 to December 31, 1955

be cancelled, since the change in the supervisory staff includes the promotion of Robert W. McCormick to District Supervisor for south-west Ohio;

That the effective date in the appointment of Juergen Meyer-Arendt, Associate Professor in the Department of Pathology, be changed from October 1, 1955 to August 15, 1955;

Leaves of Absence with Salary

That the following leaves of absence, *with salary*, be granted:

Mary Alice Diehl, Home Demonstration Agent, Union County, for the period October 1 to December 31, 1955 for graduate study at The Ohio State University;

William E. Gill, Extension Agricultural Engineer, for the period September 16, 1955 to January 31, 1956, for graduate study at the University of Wisconsin;

Robert E. Laubis, Associate County Extension Agent, Logan County, for the period October 1 to December 31, 1955, for graduate study at The Ohio State University;

Anita R. McCormick, Home Demonstration Agent, Lake County, for the period October 1 to December 31, 1955, for graduate study at The Ohio State University;

Ralph H. Grimshaw, Extension Specialist in Animal Science, for the period October 1 through December 15, 1955, for graduate study at Michigan State University.

Leaves of Absence without Salary

That the following leaves of absence, *without salary*, be granted:

Dr. John N. Wolfe, Professor, Botany and Plant Pathology, for the period October 1, 1955 through September 30, 1956, to accept a temporary position as Ecologist in the Division of Biology and Medicine of the United States Atomic Energy Commission;

Wayne Wonderley, Assistant Professor of German, for the period October 1, 1955 through September 30, 1956, to accept a Fulbright research grant at the University of Munich, Germany;

Elsie J. Alberty, Assistant Professor in the University School, for the period October 1, 1955 through September 30, 1956.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$100,000 from the American Federation of Labor, Washington, D. C., for the William Green Memorial Fund.

William Green Memorial Fund

This Fund is being established May, 1955 through a gift of \$100,000 from the American Federation of Labor in honor of and in memory of William Green, former president of the American Federation of Labor from 1924 to 1952. Mr. Green was born in Coshocton, Ohio, March 3, 1873 and rose from the ranks to labor statesmanship. He helped to define a significant period of labor history and philosophy.

The principal is to be invested in accordance with Section 3335.12 G.C., the income to be used in the following manner:

1. Two undergraduate scholarships in the liberal arts, carrying a minimum annual stipend of approximately \$800.00 annually.

2. Two graduate scholarships or fellowships in the field of labor and industrial relations carrying an annual stipend of approximately \$1,800.00.

3. A number of annual grants to trade union members wishing to attend labor institutes conducted jointly by the unions and The Ohio State University.

The selection of candidates shall be made a committee appointed by the President of the University consisting of four members from the departments of the social sciences, two representatives from the Ohio State Federation of Labor, and the senior member of the campus teaching staff in the area of labor economics who shall serve as Chairman.

If in any year the scholarships, or fellowships, or grants are not awarded, the interest on the Fund may be added to the principal or be devoted to uses recommended by the Committee.

In case the designated uses for these funds should cease or diminish so as to create unused funds, then on the recommendation of the committee administering the Fund, the Board of Trustees of The Ohio State University may use said income for the purpose of furthering education consistent with the original purpose of the Fund. The Committee shall preserve the approximate real value of all grants in terms of purchasing power by adjusting the number of grants and the amounts of the stipends.

The recipients shall be known as William Green Fellows or Scholars and the American Federation of Labor shall annually receive a list of their names.

After this sum has been reached, the interest is to be used for scholarships.

India Contract

President Bevis made the following report on the India Contract:

In accordance with the authority granted by the Board of Trustees on July 11, 1955, the contract with the International Cooperation Administration was signed on September 21, 1955 and returned to Washington, D.C., where it was signed by the Contracting Officer on September 22, 1955.

The overhead rates were fixed at 45% of salaries and wages for "on-campus" personnel and 14% of salaries and wages for "off-campus" personnel. These rates are subject to adjustment based on the rate applicable to U. S. Government Research and Development Contracts to be developed by the Department of the Air Force as of January 1, 1956.

The contract provides for an operating budget of \$499,110 and equipment purchases of \$241,260 and is effective for the period September 12, 1955 to March 30, 1958.

On motion of Senator Huffman, seconded by Judge Gorman, these recommendations of the President were approved by unanimous vote.

Student Enrollment and Scholarship Awards

Vice President Stradley now presented the following report, relating to student enrollment and scholarship awards:

There are 21,600 students in The Ohio State University for the Autumn Quarter 1955 as compared with 20,350 a year ago. This is

an increase of 1,250. In the total enrollment of 21,600 there are 7,226 new students. The new student enrollment consists of 5,296 freshmen and 1,930 advanced students, who have transferred from other institutions of higher learning to this university. Practically all of the transfer students have met the faculty requirement of a satisfactory academic record. It is interesting to note that one-half of the freshman class comes from the upper-third of their high school classes and one-third of the freshmen ranked in the middle of their senior classes. By means of scholarships, loans, and jobs we are able to attract more students who have academic potential but financial need. Many of these fine students want an opportunity to help themselves. We believe that by this means, in addition to the effective presentation of The Ohio State University offerings at high school college nights, the academic quality of the student body is improving.

During the last few years it has been gratifying to observe a marked increase in the number of scholarship awards to freshmen and a few sizable awards to outstanding students with financial need. The most substantial awards to freshmen are the new General Motors awards. One phase of the new expansion in the General Motors Program in financial support to higher education is the awarding of scholarships to 350 students enrolling as freshmen this year in some 300 colleges throughout the country. Awards under this program range up to \$2000 a year depending upon "demonstrated need." These awards will continue through the four years of the student's undergraduate course provided his record justifies.

Five of these awards were designated for freshmen entering The Ohio State University. Each of the five students selected has established a superior academic record in an Ohio high school and has demonstrated outstanding leadership as well as high personal integrity.

They include two young men who are freshmen in the College of Engineering. One ranked second academically in a class of 102 with high test scores and fine personality. His activities included: Vice President of the Student Council, President of the Senior Class. While establishing this superior academic and activities record, he has been enterprising enough to earn and accumulate \$2,500 toward his university expenses by raising livestock. The other ranked first academically in a class of 58. His principal indicated that he is the most outstanding student in mathematics and science he has known in 27 years in the public schools. His test scores are high.

The one young woman selected is talented in speech, dramatics and journalism and is the first girl ever to be selected as President of the Senior Class in the high school she attended in one of our larger cities.

Also included are two young men entering the pre-medical curriculum. One ranked 15th academically in a class of 250, was Junior Class President, a member of Student Council, an Eagle Scout, and an outstanding athlete, who had high scores on College Board examinations. The other ranked academically in the top five per cent of a class of 600 with high test scores—an outstanding leader and a young man of fine character.

The Vice President and Business Manager presented the proposed budget of The Ohio State University Research Foundation in the amount of \$344,568 for the year 1955-56. This compares with a total of \$306,300 for 1954-55.

This increase is accounted for principally by (1) an increase in the new salaries account to provide for merit raises, (2) the introduction of a new account to cover payments into the retirement fund, and (3) introduction of two new accounts—Disallowed Costs and IBM Rental and Supplies—to replace the contingencies account, and representing an increase thereof.

In accordance with the procedure established for the Research Foundation funds, it is recommended that the proposed budget of \$344,568 be approved.

Upon motion of General Dargusch, seconded by Mr. Black, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the Annual Report of the Auditor of State for the fiscal year 1953-54. He also presented to the Board a letter of transmittal from Mr. James A. Rhodes, Auditor of State, which is reproduced below:

September 19, 1955

My dear Mr. Taylor:

The report of the examination of The Ohio State University by the Bureau of Inspection and Supervision of Public Offices is being released today. I have examined the report and it is, to say the least, quite interesting and quite revealing.

I am afraid that too many of our citizens are inclined to think of the university merely as a collection of building containing classrooms where professors and instructors hold classes for the purpose of giving instruction to the students so that they might follow the professions in which they are interested.

But the operation of a great university such as Ohio State is much more than that. The facilities of a modern university include everything from an airport, vast farms, herds of cattle, a great medical center and a thousand and one other operations. The University with its budget of over forty-one million dollars not only expends these funds, but to a very large degree receives revenue from a variety of enterprises. Fortunately for our State, the administration of these funds is in good and able hands.

Whether it be for the housing of tens of thousands of students, the feeding of these students, whether it be for the implementing of research in the latest fields of medicine and surgery with the specially designed instruments peculiar to that field or to the application of new techniques in the fields of Chemistry and Engineering, it all adds up to the simple fact that operating a big State University is today a business large and diversified and requires administrative leadership of the highest order.

The Ohio State University under your able leadership has provided that type of administration. I know that you would be personally too modest to take this credit for yourself and would say that if any credit is due it belongs to the loyal and capable corps of men and women in the Department of Administration, and certainly I would agree that all of these fine workers are to be commended for their services, but it must be remembered that it is under your splendid leadership that this outstanding record is being made.

I am pleased to report to the people of Ohio that the books and records of The Ohio State University are in excellent condition. Not only do you teach accounting at Ohio State University, but more importantly, you put into actual practice that which you teach. Ohio is indeed fortunate that it has outstanding career men of the character which you so admirably typify administering the affairs of a great institution.

My congratulations for having done such a difficult job so thoroughly and capably.

Sincerely yours,
(Signed) JAMES A. RHODES
Auditor of State

Noting the Auditor's statement that he was pleased to report to the people of Ohio that the books and records of The Ohio State University are in excellent condition, the Board of Trustees ordered the report of the Vice President and Business Manager entered into the records of the meeting.

The Vice President and Business Manager presented the following recommendation of the University Cabinet:

The University Cabinet wishes to recommend that the necessary steps be taken to appoint the firm of Sims, Cornelius & Schooley, registered architects from Columbus, Ohio, to perform the complete archi-

tectural services required in connection with the new project Extension to Arps Hall-Classroom and Administrative Facilities. This service is to be rendered at a fee of 6% of the first \$1,000,000 and 5½% of all over \$1,000,000 of the cost of construction.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

In accordance with recommendations made by the Athletic Board at a meeting held on September 22, 1955, the Vice President and Business Manager presents the following resolution in regard to Athletic Revenue Bonds, for the approval of the Board of Trustees:

1. That the sum of \$220,032.94 be transferred from Athletic Department Funds to the General Funds of the University, for repayment of advances made by the University on the Field House Group to July 1, 1955.
2. That, while only \$135,000 is required by December 31, 1955, the sum of \$275,000 representing the complete required reserve be transferred to the Debt Service Reserve Fund, and that The Ohio National Bank, as trustee, be instructed to invest this amount in long-term bonds.
3. That, out of the balance remaining in the Athletic Funds, \$750,000 be invested in short-term bonds.
4. That \$48,573.95 be transferred from the Athletic Revenue Fund into the Debt Service Fund to cover interest on the Athletic Revenue Bonds for the period March 1, 1955 to December 1, 1955 (the interest for the period is \$51,431.25 less accrued interest of \$2,857.30).

These recommendations are made in accordance with the trust agreement dated March 1, 1955 between The Ohio State University and the Ohio National Bank as trustee.

Upon motion of Senator Bricker, seconded by Mr. Black, the above resolution was unanimously approved.

President Bevis read the following letter from Professor Louis H. Diercks, Director of the Symphonic Choir, in acknowledgment of the cable which the Board, while at its Gibraltar meeting, sent to him at the International Eisteddfod, Llangallen, Wales:

Speaking for myself and for the members of Symphonic Choir Tour Group, will you please convey to the Board of Trus-

tees our thanks for your thoughtful cable to us at Llangallen. It was a pleasant surprise to hear from "home" and especially gratifying to have such official recognition of our efforts.

We believe we represented the university well and that much good was accomplished. The fine support offered us by President Bevis, Vice Presidents Taylor, Stradley, and Heimberger, and by the faculty and students was something we will long cherish. Alumni and friends were also most encouraging by their gifts and efforts in our behalf.

The sound-film made on the trip by our photography department should be ready for viewing by January 1, 1956.

Sincerely,
(Signed) LOUIS H. DIERCKS
Professor of Music
Director of Symphonic Choir

Silver Antelope Award

Upon the recommendation of General Dargusch, the Board of Trustees directed that the following item be included in the Minutes of this meeting:

Vice President Bland L. Stradley, a member of the Central Ohio Boy Scout Executive Board for eighteen years, was presented the Silver Antelope Award at a regional Scout meeting in Louisville, Kentucky on September 29, 1955, in recognition of his long and outstanding service to boyhood.

President Bevis now reported to the Board the death of William W. Brownfield, and, in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of William W. Brownfield, District Supervisor of Agricultural Extension, on July 13, 1955. Born on a Uniontown, Pennsylvania farm June 11, 1888, he attended Mount Union College at Alliance from 1908-1910. He then transferred to The Ohio State University where he received a B.S. degree in agriculture in 1912. From 1912-1915 he manager a farm at Uniontown, Pennsylvania. Since 1915 he served the rural people of Ohio, first as a County Agricultural Agent in Washington County and, since 1918, as District Supervisor of the Agricultural Extension Service in southeastern Ohio.

Mr. Brownfield was known for his sincerity of purpose, his foresight, his vision and above all for his understanding of and appreciation of people. His friends were his valuable gems. He undoubtedly knew more rural people in Ohio than any other Extension worker.

His service through the Agricultural Extension Service over these many years has had its influence on thousands of rural people. He was a member of the team responsible for the expansion of the Extension program in its service to Ohio people. He was an inspiration to all who knew him. Extension workers especially valued his counsel and his advice on

all matters of importance. He had a philosophical sense of humor and an uncanny knack of drawing on his personal experiences and human interest stories to illustrate each situation.

His influence will always be felt by his many co-workers and friends. His passing on July 13 ended his nearly 40 years of service. He will be greatly missed in Ohio agricultural circles.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the Minutes of the Board of Trustees.

Thereupon the Board adjourned to meet Monday, November 14 at 9:30 a.m. at the University.

Attest:

President Bevis presented the following miscellaneous recommendations:

That the President be authorized to adjust the salaries of those Civil Service employees whose salaries were increased under Amended Substitute House Bill 651 to comply with the provisions of this law.

This will increase the A-1 Budget of the University by \$32,852 per year and of the Hospital \$24,240 per year. It will also increase the Rotary Budget of the University \$35,908 and of the Hospital \$43,656 per year. There will also be an increase of \$324 in the F-9 Budget.

That Robert Bartels, Professor, Department of Business Organization, who has returned from leave of absence, be reinstated for full time duty, beginning October 1, 1955.

That the following leaves of absence, without salary, be granted:

Pauline Gruner, Home Demonstration Agent, Pike County, Agricultural Extension Service, for the period October 1, 1955 through August 31, 1956;

Charles L. Blackman, Professor, Agricultural Extension Service, for the period October 1, 1955 to October 1, 1957, because of assignment to the India program;

J. P. Schmidt, Professor, Agricultural Extension Service, for the period October 1, 1955 to October 1, 1957, because of assignment to the India program;

Warren T. Troutman, Instructor, Department of Economics, for the period October 1, 1955 through September 30, 1956, because of ill health;

Virgil L. Carnes, Assistant Professor part time, Dental Clinic, for military leave for an indefinite period, effective October 1, 1955;

Charles E. Dryden, Associate Professor, Department of Chemical Engineering, for the period October 1, 1955 through January 31, 1956, for the purpose of continuing his work with the Atomic Power Group at General Electric Company, Schenectady, New York;

George E. Mueller, Associate Professor, Department of Electrical Engineering, for the period October 1, 1955 through May 31, 1956, to act as consultant in the field of antennas and microwave systems for the Ramo-Woolridge Corporation of California;

Frieda L. Stewart, Associate Professor and Assistant Director, School of Nursing, for the period October 1, 1955 through September 30, 1956, for advanced study at Teachers College, Columbia University.

Laboratory Deposits

That the payment of Laboratory deposits for Graduate Assistants, Fellows, Assistants, Assistant Instructors and above who are registered in the Graduate School be provided from University funds, except for those cases where Laboratory supplies are provided for by grant or gift. The deposit will be set up on written recommendation of the department chairman and authorization of the President's Office and any unused amount will revert to the University.

That approval be given to the Department of Physical Education—Women's Division—for the establishment of ice skating classes during the Winter Quarter, at a fee of \$8.00 per student;

That J. Osborn Fuller be appointed as Executive Secretary of the Advisory Research Council which was established by this Board last year. Mr. Fuller is now a member of our staff as Professor of Geology and Associate Dean of the College of Arts and Sciences. His services to the Research Council will be only part time and he will retain his post in the College of Arts and Sciences;

That the recommendation of the Athletic Board to purchase the land immediately east of the present Golf Course in order (1) to protect the investment in the present golf course, and (2) to provide space for additional facilities which will be badly needed as the University continues to grow, be approved;

That the recommendation made by the Athletic Board to name the Field House "The Thomas E. French Field House" be approved.

Rules and Regulations of the University Faculty

Rule 165

That Rule No. 165 be changed to read:

Regular fees are in part returnable in case a student withdraws on account of sickness or for other causes beyond his control, if such withdrawal is made within a period of 29 days in which classes are scheduled after the beginning of the Quarter. Students withdrawing at the request of the University are not entitled to any refund of fees. The matriculation fee is not considered a part of the regular fees and, therefore, is not returnable.

Fees will normally be refunded according to the following schedule:

- First 5 days during which classes are scheduled—Full fees less \$10
- Next 12 days during which classes are scheduled—75% of fees paid
- Next 12 days during which classes are scheduled—50% of fees paid
- After 29 days during which classes are scheduled—No refund

Permission to withdraw given in writing by the Dean of the College must be presented to the Bursar within the period listed to be eligible for the listed refund.

If exceptional conditions prevent presentation of withdrawals at the Bursar's Office at the proper time and the student has not been able to attend classes during this time, the case should be referred to the President for his judgment.

No fees will be returned in case of withdrawal of students until 30 days have elapsed from the date of withdrawal.

If fees are paid under mistake of law or fact, they are returnable in full.

Fees are not returnable except as provided in this rule.

Rule 196

That, upon the recommendation of the Committee on Rules, Paragraph A of Rule 196 be amended to read as follows:

- A. A student shall be eligible for a major activity if, for the Quarter of participation, he
1. Is carrying a minimum of 15 quarter hours, unless specially permitted by the Dean of Men or Dean of Women to carry fewer hours because of a legitimate reason for a reduced schedule, and
 2. Has a cumulative point-hour ratio of 2.00 or above, and
 3. Is not on warning by the Dean of his College for scholastic deficiencies.

Gifts

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$10,340 from the Rockefeller Foundation for research in Biochemistry—Rotary 11682
- \$8,000 from the Smith, Kline and French Foundation for research in Science and Medicine—Rotary 11715

Sisson Hall

President Bevis recommended that the new basic science building, now under construction for the College of Veterinary Medicine, be named Sisson Hall, in accordance with the recommendation of the Executive Committee of the College of Veterinary Medicine, as contained in the following letter:

September 12, 1955

Board of Trustees
The Ohio State University
Campus
Gentlemen:

The Executive Committee of the College of Veterinary Medicine voted to recommend for your consideration the name of Sisson Hall for the new basic science building now being constructed.

Dr. Septimus Sisson was Professor of Veterinary Anatomy at Ohio State University from 1901 to 1924. He was recognized as the most outstanding veterinary anatomist in the world and was a great scientist and a real credit to the College of Veterinary Medicine and the University. The text "The Anatomy of Domestic Animals" by Sisson and Grossman is recognized as the most outstanding of any similar text and is being used in practically all veterinary medical colleges in the United States and Canada.

We believe the name would give prestige to the College and serve as a memorial to one who contributed so much to veterinary medicine in its efforts to be recognized as a skilled profession. We are attaching complete data of his activities and accomplishments.

Very truly yours,
(Signed) R. E. REBRASSIER
Secretary, Executive Committee
College of Veterinary Medicine

Upon motion of Mr. Black, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Midwestern Universities Research Association

President Bevis announced that, in accordance with the informal expression of approval by the Board of Trustees, the University has accepted the invitation to join in the corporation not for profit known as the Midwestern Universities Research Association. This Association represents a cooperative venture undertaken by the principal universities of the midwest for the purpose of establishing, maintaining, and operating laboratories and other facilities for research and education in the broad field of nuclear physics.

Vice President and Business Manager Jacob B. Taylor and Professor Harald Nielsen have been appointed as Directors representing The Ohio State University.

*Report: Cultural Opportunities—Physically Handicapped Students—
Good Citizenship*

Vice President Stradley presented the following report:

The primary objective of the University is to assist students in the development of their minds. The majority of our students are busy in attempting to meet this objective, at least insofar as classroom studies are involved. However, they are being encouraged to take full advantage of other opportunities available here for cultural and intellectual development. It is interesting to note the efforts of the faculty, students, and the administration designed to raise the cultural level on the campus, as is evidenced by the Lecture and Concert series, dramatic productions, Fine Arts exhibitions, faculty and student concerts and recitals. Our new Ohio Union has taken its place as an educational institution on the campus. The Mershon Auditorium is taking form, and already plans are under way for the use of the fine facilities it will make available for a comprehensive, expanded series of concerts, lectures, plays, etc. We believe that the strategic time to make a concerted effort to bring these enriching

experiences to larger numbers of our students is when they are presented first in the attractive, modern surroundings which the Mershon Auditorium will make available.

Attention is called to the fact that the University has a number of students who are handicapped physically. Special interest has been manifested and special attention has been given to these students in the past, but now we should approach the problem from a University-wide point of view, as well as on an individual basis. These fine young people who are struggling to overcome serious handicaps should be given not only encouragement, but all assistance possible. It is fortunate that there are on this campus several staff members well qualified to provide the leadership for a program of this type.

Our colleges and universities are a training ground for good citizenship. Many of the experiences of students on this campus will be meaningful to them later when they establish their homes and participate in community life. In this connection, I want to commend the Ohio State University students for their active support of the \$150,000,000 Bond Issue, United Appeals, and the World University Service Fund.

President Bevis now reported to the Board the death of Hermann C. Miller, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of Hermann C. Miller, Chairman of the Department of Accounting, who died October 4, 1955.

He was a native of Columbus and a graduate of North High School. At the Ohio State University he received the B.A. degree in 1916 and the M.A. degree in 1917. He was a staff accountant with Scovell, Wellington and Company, CPA, New York, 1920-1921 and Secretary of the American Motor Car Company in 1922.

He was a Certified Public Accountant in Ohio (1923) and Wisconsin (1926). He was a member of Beta Gamma Sigma, Beta Alpha Psi, Alpha Kappa Psi, and Pi Kappa Alpha. He was a member of the teaching staff at Ohio State University from 1923 to 1925, Instructor at the University of Wisconsin in 1925-26, and returned to Ohio State in 1926. He was named Professor of Accounting in 1934, and served as Chairman of the Department of Accounting from 1946 until his death.

Professor Miller was a nationally recognized authority in the field of accounting. With Jacob B. Taylor he wrote *Intermedite Accounting, C.P.A. Problems, and Solutions to C.P.A. Problems*, all of which have been recognized as standard texts in the field of accounting. He contributed many articles to technical and professional journals.

He was president of the Ohio Society of Certified Public Accountants from 1934 to 1936, president of the American Accounting Association in 1947, and president of the Grand Council of Beta Alpha Psi, national accounting fraternity, in 1941. He was a member of the American Institute of Accountants, National Association of Cost Accountants, and an associate member of the Controllers Institute of America. At the time of his death, Professor Miller was serving as president of the Council on Professional Education for Business. He was also a member of the Executive Committee of the Commission on Standards of Education and Experience for CPAs.

Professor Miller was active in campus affairs, and served on many committees including the Rules Committee, Committee on Conduct in Examinations, Athletic Board, Faculty Council, and Graduate Council. He served a term as president of the University Faculty Club and was a past-commander of the University Post of the American Legion. He directed the Ohio State University Annual Institute on Accounting.

He was an active naval officer, serving in the Regular Navy during World War I, and in the Naval Reserve from 1925 until 1954 when he retired with the rank of Captain. During World War II he was supervisor of cost inspection for the Fourth Naval District.

A man of vigorous personality and strong convictions, Hermann Miller was devoted to his profession, his students, the Department of Accounting, and his University. Hundreds of students owe their professional success directly to the inspiration of his teaching. His devotion to the highest standards of scholarship, his outstanding administrative ability, and his unflinching energy and enthusiasm for his work made him an ideal leader in his department and his profession.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

11-14-'55

Thereupon the Board adjourned to meet Monday, December 12, 1955 at 9:30 a.m. at the University

Attest:

The minutes of the last meeting were approved.

* * * * *

President Bevis recommended the appointment of William E. Linch to the position of University Architect, effective February 1, 1956, at the annual salary of \$15,096.00. Mr. Linch will succeed Howard Dwight Smith, now on leave until the date of his retirement for age in June of 1956.

Mr. Linch graduated in Architectural Engineering from the Ohio State University in 1921. He served for 17 years in the State Architect's Office, two years with an architectural firm in New York, and three years as Chief Draftsman for Robert S. Harsh and Associates of Columbus, Ohio, before becoming a member of the firm of Sims, Cornelius and Schooley. He has worked a great deal with Howard Dwight Smith and has had large experience with university-type buildings.

On motion of Senator Bricker, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

President Bevis recommended that, in accordance with the recommendation of the Executive Director of the Ohio State University Research Foundation, Rules 3, 4 and 12 of the Rules and Regulations for the Research Foundation be amended as follows:

Rule 3. Delete words "engage in consulting work or other technical employment without the approval of the President of the University and of the Executive Director of the Ohio State University Research Foundation herein called the 'Foundation' provided that I may not in any event," so that the Rule will read as follows:

"Not to engage in consulting work or other employment which would involve a violation of trust with respect to the project."

Rule 4. Delete words "the Foundation" and add, so that the Rule will read as follows:

"To give advance written notice of not less than 30 days of my intention to quit the project to my supervisor or department chairman with a copy to be forwarded to the Executive Director of the Ohio State University Research Foundation, herein called the 'Foundation'."

Rule 12. Delete entire rule: "In recognition of the fact that work on the project may involve the inclusion of my name, picture, portrait, likeness or voice in the data, reports or other materials prepared or produced on the project, I agree to permit the University, the Foundation and any persons, firms, corporations, government departments or agencies related as sponsors to the project to use, reproduce, publish and distribute my name, picture, portrait, likeness or voice or any of them, in any manner and for any purpose other than for public advertising waiving all right of privacy I may have in connection therewith and agreeing that such use, reproduction, publication or distribution will not be made the basis of any future claim against the University, the Foundation or any person, firm, corporation or government department or agency related as a sponsor to the project."

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendation of the President was approved by unanimous vote.

That the sum of \$20,000 be transferred from Pomerene Refectory Rotary 16228 to Home Economics General Rotary 16211;

That the agreement between the Ohio State University Libraries and the Ohio Historical Society Library, respecting the acquisition, ownership, preservation and servicing of manuscript and other library materials be approved:

Points of Agreement

1. This agreement relates primarily, though not exclusively, to manuscript materials.
2. Upon ratification of the Boards of Trustees of each institution, the agreement will be in effect, but it is not to be considered retroactive.
3. Material acquired by gift, purchase, exchange or otherwise, will be disposed of according to the terms of this agreement, regardless of which library acquires it initially.
4. Material relating primarily to Ohio, the old Northwest Territory and pertinent thereto becomes the property of the Ohio Historical Society Library.
5. Material relating primarily to the University becomes the property of the University Libraries.
6. In general a given collection will be kept together as a unit, rather than divided and deposited in both libraries.
7. The disposition of marginal materials not easily determined by the terms of agreement will be decided upon by representatives of both libraries in consultation.
8. It is anticipated that justifiable exceptions to the above points will occasionally arise, but that they will be agreed upon by both parties cooperating in a spirit of mutual respect and common interests.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$900 from the Family and Children's Bureau, Columbus, Ohio, to be used by the Family and Children's Bureau-Social Administration—Rotary 11251
- \$250 from General Electric Company for the General Electric Company Educational and Charitable Fund—Rotary 11262
- \$203 from the Sprague Electric Company, North Adams, Massachusetts, for the Sprague Electric Company General Fund—Rotary 11761
- \$100 from the Ohio Federation of Women's Clubs, Bryan, Ohio, for the Pan American Scholarship—Rotary 11583
- \$25 from the Ohio Society of Certified Public Accountants for the establishment of the Hermann C. Miller Memorial Fund:

Hermann C. Miller Memorial Fund

Established December 12, 1955 by gifts from members of the Ohio Society of Certified Public Accountants and from friends of the late Hermann C. Miller in his memory and in recognition of his outstanding contribution to the accounting profession. The principal and additions thereto shall be invested in accordance with Section 3335.12 of the General Code. Contributions for the use and purposes of said fund may be made by any individual or organization.

The income, not to exceed \$600 annually, shall be used for scholarships for graduate students in the Department of Accounting who are preparing for careers in college teaching in accounting. The recipients shall be selected by the faculty of the Department of Accounting.

Any excess of income not needed for said scholarships may be used by the Department of Accounting for purposes as may not be provided in the collegiate budget.

Mershon Fund—Air Force ROTC Courses

President Bevis recalled to the Board's attention the fact that several months ago Board approval had been given to a recommendation that \$12,000 be made available from the income from the Mershon Fund for the purpose of conducting an experimental program in the teaching of Air Force R.O.T.C. courses. The program has attracted wide attention, both in civilian and military circles. To give the program full effect, it is desirable to call into consultation certain persons and to send some representatives to other colleges.

President Bevis accordingly recommended the appropriation of an additional \$4,000 from the same source, thus raising the appropriation from \$12,000 to \$16,000.

On motion of General Dargusch, seconded by Senator Bricker, the President's recommendation was approved by unanimous vote.

Elementary Education Scholarships

For the academic year 1955-56, 156 entering freshmen were awarded elementary education scholarships. Of this number 109 accepted and are enrolled. In addition, there are 163 upper-class men who were awarded elementary education scholarships in previous years and are receiving this quarter the financial aid provided by the scholarships.

Because of the continued need for teachers in the elementary grades, I recommend that 150 elementary education scholarships be authorized for freshmen entering the University Autumn Quarter 1956, at least one available to a qualified high school graduate from each county in the State, and that each scholarship amount to \$45 a quarter, \$135 for the academic year, or \$540 for the regular four-year curriculum.

Upon motion of Senator Bricker, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Steam and Gas Lines to the New Law Building

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the action of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

“On authority of the Board of Trustees, the University Cabinet met on November 22, 1955 for the purpose of opening bids on Steam and Gas Lines to the New Law Building. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Piping Contractors Company	\$20,858.00
William R. Evans Plumbing and Heating	22,500.00
Limbach Company	23,976.00
Lieb-Jackson, Incorporated	25,846.00
The Huffman-Wolfe Company	26,900.00

“The engineer’s estimate for the above work was \$27,500. The low bid of Piping Contractors is regular in every respect and is below the engineer’s estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Piping Contractors Company at their bid of \$20,858.”

Funds for the execution of this contract, which is recommended for award, will be provided from G-32 Other, Capital Outlay, H.B. 932.

Upon motion of General Dargusch, seconded by Judge Gorman, the above action of the University Cabinet was approved by unanimous vote.

Judge Gorman stated that copies of the following Progress Report of the Faculty Committee on evaluation of nominations for the Presidency have been presented to each member of this Board. Upon Judge Gorman's suggestion this report was ordered made a part of the record of this meeting.

*Progress Report of The Faculty Committee on Evaluation
of Nominations for the Presidency*

Through December 9, ninety different names had been placed in nomination for the presidency of The Ohio State University. Total nominations, including duplications, now well exceed 100.

The Faculty Committee is reporting to the Board of Trustees on the 90 different nominations. Eleven names remain unclassified pending receipt of further information on these nominees. The remaining seventy-nine names have been classified by the Committee insofar as qualifications for the position can be judged on the basis of various sources of information available to the Committee. These include biographical data, consultations on and off the Campus, extensive correspondence with persons in position to give evaluations, and personal acquaintance on the part of Committee members with many nominees.

Evaluation by the Faculty Committee has now proceeded to the point where the Board of Trustees is in position to give preliminary consideration to the judgments presented to it. The Faculty Committee will continue to evaluate nominations, and, as concerns names under most serious consideration by the Board, will pursue further inquiry through appropriate means.

President Bevis presented the following miscellaneous recommendations:

That C. Wells Reeder be retired, effective December 31, 1955, with the title Junior Dean Emeritus in the Department of Administration, College of Commerce and Administration, and the title Professor Emeritus in the Department of Business Organization;

That Ward G. Reeder be retired, effective December 31, 1955, with the title Professor Emeritus in the Department of Education, and that he be paid his regular salary through January 31, 1956, to comply with the rules of the Four-Quarter Plan;

That the following leaves of absence, without salary, be granted:

George W. Hothem, Associate County Extension Agent, effective December 1, 1955 for an indefinite period, for military service;

S. C. Cashman, Agricultural Extension Service, for the period January 1, 1956 to December 31, 1956. (Extension of leave).

State Teachers Retirement System

That a change in the policy of placing academic employees in the State Teachers Retirement System to correspond with the 1955 legislation, which states that all regularly employed teachers shall be made members of the State Teachers Retirement System and which defines "regularly employed teachers" as those who teach full time for twelve or more weeks during any one school year, be approved.

To comply with this law, all full-time teachers with the rank of Assistant Instructor and above shall be made members of the State Teachers Retirement System provided they are employed for more than one quarter. Regular Assistants and Graduate Assistants will not be made members of the system unless they are already members from some previous position, in which case the payments will be continued and, therefore, their membership continued in the system.

In the case of part-time teaching employees in any other rank, the decision as to whether or not they will be made members of the system will be based upon a statement of the department chairmen as to the percentage of full time which their appointments represent, again provided that they are to be on duty for more than one quarter. In general, if employment is to be for more than one-third time and for more than two quarters, they will be made members of the system.

It should be noted that academic employees who are in the Public Employees Retirement System will be continued in this system, even though they would normally be in the Teachers Retirement System.

Vertebrate Collection

That the following proposal concerning the need for and proposed working arrangements for integrating the vertebrate collections of the Ohio Historical Society and the Ohio State University be approved:

That the vertebrate collection now housed at the Franz Theodore Stone Laboratory of The Ohio State University be transferred to and made an integral part of the vertebrate collection of the Ohio State Museum and become the property of the Ohio State Museum. It is further proposed that Dr. Milton B. Trautman, now on the staff of the Natural Resources Institute, College of Agriculture of the Ohio State University, be made curator of this collection, under the technical direction of Dr. Edward S. Thomas, curator of Natural History of the Ohio Historical Society. Administrative supervision of Dr. Trautman would rest with the Natural Resources Institute.

It is understood that, if this arrangement is consummated, the collection will be available for study by students and staff of the interested colleges of The Ohio State University and that Mr. Trautman's services will be available to students and staff for consultation concerning material in the collection and related ecological and taxonomic information.

It is anticipated that up to fifty per cent of Mr. Trautman's time would be devoted to research and service related to student and faculty use of the collection. The remaining time would be devoted to maintenance and improvement of the collection. Working space and usual office services of light, heat and telephone would be provided by the Museum. The Natural Resources Institute would make available such equipment and supplies needed by Mr. Trautman as desks, letter files, microscopes, book cases for references and preserving materials. This equipment was assigned to Mr. Trautman at the Franz Theodore Stone Laboratory and could be made available from that source. Material for shelving to house the collection is to be provided by the Natural Resources Institute.

This grant is to be used to remodel and re-equip the Journalism Library. This might cover any physical remodeling that may be necessary, possibly built-in book shelves and magazine and newspaper racks, new furniture, new light fixtures, venetian blinds and additional reference works not ordinarily available from University Funds. The library, when refurbished, is to be designated as the Ernie Pyle Memorial Reference Library and Seminar Room. An appropriate tablet, with suitable inscription, will be placed in the room to denote this fact. The use of the room thereafter will be limited to journalism students and advanced or graduate students in allied areas. The details of making over the room will be worked out by a committee representing the School of Journalism, the University Cabinet (including especially someone from the University Architect's office), the College of Arts and Sciences office, and the University Library.

Cancer Research Project

President Bevis reported to the Board the recommendation by Dean Doan of the College of Medicine that the University participate in a Cancer Research Project sponsored and financially underwritten by the National Institute of Health. This project envisages the examination of 1,000 women per week over a period of three years. Participating will be the Columbus Academy of Medicine, and the Columbus Cancer Clinic, the Franklin County Chapter of the American Cancer Society, and the Departments of the College of Medicine, particularly Obstetrics and Gynecology.

Preliminary negotiations have been conducted with Dr. Emmerich von Haam, who will absorb in his department in the Starling-Loving Building certain phases of the program which are under his direction and supervision. Dr. John C. Ullery has likewise offered the complete cooperation of the facilities in the Out-Patient Department. Other clinics and laboratories will be arranged for, if necessary, off the campus. It is estimated that the entire project, which is being financially underwritten by the National Institute of Health, will involve the expenditure of some \$80,000 per year, or a total of approximately \$250,000.

It is the earnest recommendation of Dean Doan that we participate in this program and I concur in his recommendation.

Upon motion of Judge Gorman, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

University Counseling and Testing Center

Vice President Stradley presented the following statement:

For several years many persons have raised the question as to whether the title, Occupational Opportunities Service, adequately described the functions of the office. This title has certain advantages, but it is does tend to be misleading. Many students and the general public think that Occupational Opportunities Service is a placement agency. Therefore, I recommend that the title of this department be changed from Occupational Opportunities Service to University Counseling and Testing Center.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

International Cooperation Administration—India

President Bevis requested Dean Rummell to report on amendments submitted by International Cooperation Administration/Washington for the contract in India. He discussed the more important amendments, as follows:

1. Reimbursements to The Ohio State University from International Cooperation Administration/Washington under the contract from \$499, 110 to \$845,650.

2. "For localities where quarters and temporary lodging allowances have not already been established, Technical Cooperation Mission (which is International Cooperation Administration in India) shall be responsible for establishing equitable rates."

3. Reimbursement is to be made to the University for "Retirement, Social Security, Workmen's Compensation, and Group Insurance ***** if such premiums for retirement or insurance are paid by contractor under its normal practice."

4. Reimbursement for travel in India, "including drivers of ICA vehicles," is included.

Upon motion of Judge Gorman, seconded by General Dargusch, the recommendation of the President to accept the above proposed amendments to the Contract was unanimously approved.

Correction of Leave of Absence

That the record of Herbert Baumer, Professor in the School of Architecture and Landscape Architecture, be corrected to show leave of absence without salary July 1, 1942 through June 30, 1944. Professor Baumer, who was a reserve office, was called to active duty in July of 1942; but because of a mix-up in the records, the leave of absence does not appear on the records until July 1, 1944 and there is nothing to show of his connection with the University between July 1, 1942 and June 30, 1944, even though he had gone on active duty while a member of the Department of Architecture.

Mr. Fanning's Gift

That, upon the recommendation of the Dean of the College of Medicine, the gift of Professor Ralph Fanning of some two hundred water color paintings to the University Hospital and Health Center be accepted and that an appropriate expression of appreciation of the University be transmitted by the President to Professor Fanning.

The Samuel Smith Statue

That approval be given to the recommendation of the Dean of the College of Medicine that the statue of Dr. Samuel Smith, distinguished professor in the Starling Medical College from 1847 to 1874 and dean of the Medical Faculty from 1849 to 1858 and again from 1860 to 1863, be moved from its present location at St. Francis Hospital to an appropriate specific location within the Health Center on the Ohio State University campus.

1956 Price Schedule for Athletics

That approval be given to the following price schedule for the 1956 athletic season, as approved by the Athletic Board at its meeting held on January 18, 1956:

Student Activity Cards	\$12.00
Faculty Activity Cards	14.00
<i>Football</i>	
All bleacher seats	3.00
All Stadium Reserved Seats	4.00
All Box Seats	5.00

Season Tickets to be multiples of the single game price.

Annual Recognition Dinner

That the annual Recognition Dinner, given by the Board of Trustees, be held on May 14, 1956 at 6:30 p.m. in the Ohio Union, and that \$2,588.25 be appropriated to cover expenses.

Fees

The President reported that the Inter-University Council has agreed to recommend to the various boards of trustees that the fees be raised for all students, effective for the year 1956-57. In accordance with this action of the Inter-University Council, he recommended that the Incidental Fee be increased by \$12.00 per quarter and that the consolidated fees per quarter tabulated below be assessed for the year 1956-57, effective with the Summer Quarter 1956:

<i>College or School</i>	<i>Total Fee</i>
Agriculture	\$ 75.00
Arts and Sciences	75.00
Arts-Education	75.00
Commerce and Administration	75.00
Education	75.00
Engineering	75.00
Graduate School	75.00
Home Economics	75.00
Nursing	75.00
Dentistry	177.00
Dental Laboratory Technology	177.00
Dental Hygiene	122.00
Law	87.00
Medicine	187.00
Optometry	112.00
Pharmacy	80.00
University School	70.00
Veterinary Medicine	107.00
Twilight School—One Course	32.00
Two Courses	37.00

The fee for one term of the Summer Quarter in the Colleges of Agriculture, Arts and Sciences, Arts-Education, Commerce and Administration, Education, Engineering, in the Graduate School, and the Schools of Home Economics and Nursing shall be \$38.00.

The total fee for each college or school will be allocated by action of the Board of Trustees. This allocation will be made for the following categories: Incidental Fee, Ohio Union Building Fee, Student Services and Laboratory Deposits.

In addition to the above total, the following will be assessed: Non-Resident Fee of \$125 per quarter or \$63.00 for one term of the Summer Quarter, Matriculation Fee of \$15 payable once, deposits to cover individual services and materials used in accordance with schedule approved by the President.

Amendments to Article II of Constitution of Development Fund

That, upon the recommendation of the Board of Directors of the Ohio State University Association, the following amendments to Article II of the Constitution of the Development Fund be changed to read as follows:

Section 1. Number: The officers of the Development Fund shall be a Chairman; a Vice Chairman; a Treasurer; and a Secretary. Their duties shall be those which devolve upon such officers together with such other duties as are prescribed below.

Section 3. The Vice Chairman: The Vice Chairman of the Fund shall be elected by the Board of Directors from its own membership.

Section 4. The Executive Director: The Secretary of the Ohio State University Association shall be the Executive Director of the Development Fund and shall be the chief executive officer of the Development Fund.

Section 5. Duties of the Executive Director: The Executive Director of the Development Fund shall be generally responsible for the carrying out of the plans and purposes of the Board of Directors as determined from time to time. He shall receive such compensation

as the Board of Directors of the Development Fund shall decide after consultation with the Board of Directors of the Ohio State University Association. He shall be provided with such assistance in the carrying out of his duties as may be required by the volume of the work, and all appointments shall be subject to the approval of the Board of Directors of the Development Fund.

Section 6. The Treasurer: The chief financial officer of the Ohio State University shall be the Treasurer of the Development Fund.

Section 7. The Secretary: The Executive Director of the Development Fund shall also be the Secretary of the Development Fund.

Section 8. Compensation: All officers of the Development Fund shall serve without compensation, except the Executive Director, but shall be entitled to be reimbursed for traveling expenses incurred in connection with their official duties.

That, upon further recommendation of the Board of Directors of the Ohio State University Association, the By-Laws of the Development Fund be amended to correspond to the above changes in the Constitution, as follows:

Article I. Section 4. Substitute the word Secretary for Executive Secretary.

Article I. Section 6. Substitute the word Secretary for Executive Secretary in the first line of said Article, the word Director for the word Secretary in the third line of said Article, the words Associate Executive for the word Field in the last line of said Article and the word Director for the word Secretary also in the last line of said Article so that Section 6 of Article I of By-Laws will read as follows:

The Secretary is authorized to make commitments for budgeting operating expenses; the checks or vouchers in payment of approved expenditures shall be signed by the Executive Director and countersigned by the Treasurer or their duly designated alternates: the University comptroller for the treasurer and the Associate Executive Director of the Fund for the Executive Director.

Gifts

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$41,261.17 from the National Fund for Medical Education—
Rotary 11497
- \$15,000.00 from E. I. DuPont de Nemours & Company for research
in Chemistry
- \$2,250.00 from the Visking Corporation for the Visking Corpora-
tion Fellowship in Chemistry
- \$1,312.50 from the American Heart Association to be credited to
Rotary 11026
- \$1,243.00 from the Ohio Society of Certified Public Accountants
for the Hermann C. Miller Memorial Fund
- \$1,150.00 from the American Cancer Society for research in Medi-
cine—Rotary 11012
- \$810.00 from the National Academy of Sciences to be credited
to Rotary 12501
- \$730.50 from the Ohio Society of Certified Public Accountants
for the Hermann C. Miller Memorial Fund

- \$748.12 from the American Heart Association for research in Medicine—Rotary 11019
- \$550.00 from the Ohio Society of Certified Public Accountants for the Hermann C. Miller Memorial Fund
- \$497.00 from the Ohio Society of Certified Public Accountants for the Hermann C. Miller Memorial Fund
- \$250.00 from the Devillbiss Company for research in Veterinary Medicine—Rotary 11170
- \$173.50 from General Electric Company for the General Electric Company Education and Charitable Fund—Rotary 11262
- \$101.00 from the Ohio Society of Certified Public Accountants for the Hermann C. Miller Memorial Fund
- \$100.00 from the Ohio Federation of Women's Clubs for the Pan-American Scholarship—Rotary 11583
- \$20.00 from the Columbus Chapter of Cost Accountants for Scholarships in Accounting
- \$10.00 from H. Gordon Hullfish for the Boyd H. Bode Memorial Lectures
- \$50.00 from the Ohio State Veterinary Medical Association Auxiliary for the purchase of library materials in the field of Veterinary Medicine—Rotary 11400

From the Development Fund:

- \$101,000.00 for the Edward C. Ludwig and Elizabeth Ludwig Memorial Fund
- \$10,000.00 for the Julius Gluck Memorial Fund
- \$5,000.00 for the Ohio Valley Section—Institute of Food Technology
- \$1,800.00 for the Schuyler M. Salisbury Memorial Scholarship Fund
- \$1,000.00 for the Ohio Housing Research Fund
- \$600.00 for the Chic Harley Scholarship Fund
- \$431.94 for the Michael Topper Memorial Fund
- \$250.00 for the William Lloyd Evans Fellowship Fund
- \$33.00 for the Columbus Chapter—National Association of Cost Accountants Scholarships in Accounting
- \$579.76 for the Sada Harbarger Memorial Scholarship Fund

The following is a list of projects approved by the Board of Directors of the Development Fund for inclusion in its 1956 program:

Institute of Nutrition and Food Technology (J. B. Brown, Director)	\$11,175.00
Institute of Child Development and Family Life (John E. Horrocks, Director)	2,000.00
Institute of Genetics (David C. Rife, Director)	3,950.00
Institute for Research in Vision (Glenn A. Fry and Arthur M. Culler, Co-Directors)	5,500.00
Radiation Laboratory (E. E. Dreese, Chairman)	9,430.00
Institute of Geodesy, Photogrammetry and Cartography (W. A. Heikanan, Director)	2,760.00

Research Foundation Projects

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Great Lakes Foundry Sand Company, Detroit, Michigan.—For an investigation of Syenite in Ceramic Products (To be known as Great Lakes Foundry Sand Company Research Project No. 28 (17th Ext.) Engineering Experiment Station) Gross value—\$19,912.00.

Olin Mathieson Chemical Corporation, Baltimore, Maryland.—For an investigation of Synthetic Organic Chemicals and Fibers (To be known as Olin Mathieson Chemical Corporation Research Project No. 116-B (Sub. No. 4) Chemical Engineering Department) Gross value—\$185,000.00.

The Procter and Gamble Company, Ivorydale, Cincinnati, Ohio. For an investigation of Pathogenesis of Dental Caries (To be known as the Procter and Gamble Company Research Project No. 323 (Ext. No. 10) College of Dentistry) Gross value—\$7,226.00.

Charles F. Kettering Foundation, Yellow Springs, Ohio—For an investigation of Radiation Factor in Photosynthesis (To be known as the Charles F. Kettering Foundation Research Project No. 373 (Ext. No. 8) Department of Physics) Gross value—\$8,125.00.

Davison Chemical Company, Division of W. R. Grace & Company, Baltimore, Maryland—For an investigation of Hydrazine (To be known as Davison Chemical Company Research Project No. 442 (Sup. No. 6) Chemistry) Gross value—\$16,440.00.

Headquarters, Wright Air Development Center, Wright Air Force Base, Ohio—For an investigation of Heat Transfer Within Rotating Electrical Equipment (To be known as Wright Air Development Center Research Project No. 445 (C.O. No. 10) Mechanical Engineering) Gross value—\$3,600.00.

Headquarters, Wright Air Development Center, Wright Air Force Base, Ohio—For Research on Oxide-Base Cermets (To be

- known as Wright Air Development Center Research Project No. 557 (Sup. No. 5) Engineering Experiment Station) Gross value—\$16,241.00.
- Headquarters, Wright Air Development Center, Wright Patterson Air Force Base, Ohio—For geodetic, Cartographic and Photogrammetric Research (To be known as Wright Air Development Center Research Project No. 595 (C.O. No. 6) Department of Mathematics) Gross value—\$5,000.00.
- Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland—For Cytospectrophotometric Studies of Cytochemical Changes in Carcinogenesis (To be known as National Institutes of Health Research Project No. 586 (Ext. No. 2) Department of Physiology) Gross value—\$3,195.00.
- Commander, Air Force Cambridge Research Center, Air Research and Development Command, Procurement Office, Cambridge, Massachusetts—For an investigation of Thermal Radiation Methods of Atmospheric Probing (To be known as the Air Force Cambridge Research Center Research Project No. 587 (Sup. No. 3) Physics Department) Gross value—\$40,090.00.
- Commander Air Force Cambridge Research Center, Procurement Office, Cambridge, Massachusetts—For an investigation of Electromagnetic Waveguiding on Corrugated and Periodic Surfaces (To be known as Air Force Cambridge Research Center Research Project No. 678 (New) Electrical Engineering) Gross value—\$19,998.00.
- Laboratory Procurement Office, Signal Corps Supply Agency, Fort Monmouth, N.J.—For an investigation of Improved Primary Batteries (To be known as Signal Corps Supply Agency Research Project No. 614 (Mod. No. 4) Chemistry Department) Gross value—\$23,750.00.
- Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio—For Research on Accumulation of Fatigue Damage in Propeller Materials (To be known as Wright Air Development Center Research Project No. 616 (Sup. 1) Mechanical Engineering) Gross value—\$15,400.00.
- Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio—For an investigation of Mechanism of Fretting Corrosion-Fatigue Phenomenon (To be known as Wright Air Development Center Research Project No. 674 (New) Mechanical Engineering) Gross value—\$26,300.00.
- Barium Reduction Corporation, South Charleston, West Virginia—For an investigation of Inorganic Sulfur Compounds Produced by the Oxidation of Sulfidic Solutions (To be known as Barium Reduction Corporation Research Project No. 676 (New) Chemistry) Gross value—\$11,400.00.
- Cleveland Ordnance District, Cleveland, Ohio—For Decomposition and Mechanistic Studies of Propellants and Propellant Additives (To be known as Cleveland Ordnance District Project No. 679 (New) Chemistry) Gross value—\$12,684.00.
- General Electric Company, Research Laboratory, Schenectady, N. Y.—For an investigation of the Thermodynamic Properties of Fluorocarbons and Fluorocarbon Mixtures (To be known as General Electric Company Research Project No. 670 (New) Chemistry) Gross value—\$16,080.00.

The above seventeen contracts for research in cooperation with Government and Industry represent a gross income of \$430,441.00.

Government—\$166,258.00 Industry—\$264,183.00

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations of the President were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Site Improvement for Antenna Laboratory, Chemical Abstracts Building and WOSU-TV Station and now recommends that the actions of Cabinet be approved by the Board of Trustees:

The report of the University Architect is as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., January 26, 1956 for Site Improvement for Antenna Laboratory, Chemical Abstracts Building and WOSU-TV Station in the office of the Vice President and Business Manager and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"The low bid of Triangle Gardens in the sum of \$4,370.00 for the entire contract is regular in every respect and below the estimate of cost filed with the Auditor of the State of Ohio.

"It is, therefore, recommended that the contract be awarded to Triangle Gardens by the Board of Trustees and that the Director of Public Works be requested to execute the contract documents.

"In tabular form, the bids received and the estimated cost are as follows:

"Triangle Gardens	\$4,370.00
Hollandia Gardens	4,515.00
Oakland Nursery	5,310.50
Schmidt Nursery	7,419.00
George T. Browning Co.	7,593.00
Slemmons Gardens	8,071.50
Estimated Cost	\$8,600.00"

Funds for the execution of this contract, which is recommended for award, will be provided from H.B. 929 as follows: \$1,019.00 from G-2-I Housing for Chemical Abstracts; \$1,127.00 from G-2-K Antenna Laboratory and Equipment; and \$2,224.00 from G-2-D Television Station, Tower and Equipment.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation of the University Cabinet:

The University Cabinet wishes to recommend that the proper steps be taken to appoint the following engineering firms to do the necessary work on three new projects:

1. Ralph J. Kramer and Associates

Installation of air conditioning in Hughes Hall, Hagerty Hall and Campbell Hall auditorium at a fee of six per cent. The estimated cost of the project is \$70,000 and funds will be provided from Capital Equipment and Other Capital Outlay, H.B. 942.

2. Fosdick and Hilmer

Installation of 80,000 lb./hr. steam generator and appurtenances in the power plant at a fee of six per cent. The estimated cost of the project is \$680,000 and funds will be provided from Capital Equipment and Other Capital Outlay, H.B. 942.

3. Drake and Ford

Preparation of drawings, specifications and estimate of cost for the mechanical branches of work for the three new residence halls for men including the kitchen expansion of Baker Hall at a fee of 2 ¼ % of the estimated cost of \$1,141,000 or approximately \$25,300 and funds will be provided from G-2-L Residence Halls for Men, H.B. 929.

Upon motion of Senator Huffman, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported to the Board of Trustees that the final accounting of the estate of Mary Weaver, deceased, was received from the attorney Houston, Houston & Holding of Urbana, Ohio.

With the final accounting, was a check for \$26,394.82 representing the amount due The Ohio State University as a bequest from this testator. The provision of the bequest is found in Item 21st of the Last Will and Testament and read as follows:

"I give, devise and bequeath the residue of my estate of all natures, kinds and descriptions to the Trustees of Ohio State University, Columbus, Ohio, in trust, with power to invest and reinvest the same from time to time in such income producing investments and in such manner as said Trustees may deem advisable, said fund to be known as the O'Brine and Weaver Fund. I further direct that the income from said fund be paid over semiannually by said Trustees to a committee of three composed of the Dean of the College of Medicine of Ohio State University, the Dean of the Graduate School of said college and the Chairman of the Department of Medicine of said College. Said committee shall accept said income as trustee and as such shall use and administer the same for the purpose of Research Fellowship for the Advancement of Internal Medicine. In the administration of said income for said purpose the said Trustee committee shall have full discretion. If for any reason the membership of said committee of three cannot be constituted as above designated, or cannot continue to act, then I authorize the Trustees of said Ohio State University to fill any vacancy or vacancies caused thereby."

Upon motion of General Dargusch, seconded by Judge Gorman, the Board of Trustees unanimously agreed to accept the bequest under the terms of the Will and directed the Vice President and Business Manager to so notify the executor; to sign all receipts and necessary

papers of acceptance for and on behalf of the Board of Trustees; and to invest the funds, representing this bequest, in common stocks, following the procedure adopted in the Mershon, Smith, Mabley and other funds in accordance with the stipulations of the testators.

Food Processing Reactor

The President and Dean Rummell presented a proposition transmitted by Senator Bricker to Secretary of Defense Charles E. Wilson relative to establishment at the University of a food processing reactor by the Atomic Energy Commission. The Joint Committee on Atomic Energy has studied problems and potentials in sterilization and processing of foods by gamma radiation.

Motion was made by General Dargusch, seconded by Senator Huffman, and unanimously passed, that the President be authorized to proceed with Atomic Energy Commission in offering a site at the Ohio State University for research and development, and otherwise cooperating in such program of food sterilization.

The following resolution was offered and adopted as the unanimous act of the Board;

WHEREAS The Ohio State University and the members of the Inter-University Council are confronted by building needs and other requirements unprecedented in the history of this University and the Inter-University Council, and

WHEREAS the General Assembly and the voters of this state have now made it possible to plan and construct buildings to meet the needs of this University and the Inter-University Council on a systematic basis through the enactment of Article VIII, Section 2e, of the Constitution of the State of Ohio and other enabling legislation, and

WHEREAS the requirements of this University and the Inter-University Council had been carefully set down and were brilliantly presented by the Vice President and Business Manager, Jacob B. Taylor, to the Governor and to the General Assembly in 1955 and to the Special Session, January 16-18, 1956, thus securing the fullest cooperation from the Governor and the General Assembly in meeting many of the urgent requirements of this University and the Inter-University Council.

NOW, THEREFORE, BE IT RESOLVED that the heartfelt thanks of the Board of Trustees of The Ohio State University be extended to the Vice President and Business Manager, Jacob B. Taylor, for his untiring and brilliant efforts, which led finally to the approval of Article VIII, Section 2e, of the Constitution of the State of Ohio and the enactment of the necessary legislation implementing that admendment.

Retirement and Insurance

General Dargusch presented the following report of the Committee on Retirement and Insurance and moved its approval:

That Item 2 of the Report of the Committee on Retirement and Insurance, as approved by the Board of Trustees, 11 July 1955, be amended as follows:

After the numerals "55" and before the period, insert the following: Provided that voluntary applications may be accepted after June 30, 1955 from those persons presently or hereafter employed by the University, who would have been eligible for coverage under the University Retirement Plan, and payroll deductions shall be made by the Vice President and Business Manager for any premium arising thereunder, it being understood that each such applicant shall assume and pay the entire premium required as a result of such application.

The above motion was seconded by Judge Gorman, and upon roll call was approved by unanimous vote.

President Bevis now reported to the Board the death of William Herschel Stone, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of William Herschel Stone, Emeritus Professor of Education, on January 19, 1956. He was born in Spencer, Indiana on June 24, 1876.

Having attended Indiana State Normal School, Professor Stone was granted his Bachelor's degree by Indiana University in 1918. At Indiana University, too, Professor Stone completed his work for the Master's degree in 1921. His Doctor's degree was granted by the University of California in 1924.

From 1903 until 1916 Mr. Stone was Superintendent of Schools of Owen County, Indiana, and during the latter year he became assistant to the Indiana State Superintendent of Education, in which position he remained until 1917. During the First World War, Mr. Stone saw service as a civilian educational consultant with the United States Army at the Fort Des Moines (Iowa) Hospital and at the Letterman General Hospital in San Francisco. This service started in 1918 and terminated in 1922. Between 1923 and 1925 Professor Stone was Director of the Kansas City Industrial Education Branch of the University of Missouri.

Joining the faculty of the Ohio State University in the autumn of 1925 as Professor of Vocational Education, Professor Stone was chairman of the Department of Practical Arts and Vocational Education from 1926 until 1933. Subsequent to the consolidation of his department with four others of the College of Education, Professor Stone taught in and gave direction to the programs in guidance and business education until his retirement in 1946. He returned to the Department of Education for a year of post retirement service during the period of heavy enrollments following the end of the Second World War.

A number of the major professional organizations of his fields, Professor Stone was also the author of numerous articles in those fields as well as co-author of two books in them: *An Introduction to Guidance and Modern Business English*. Personally, Professor Stone was a man of considerable versatility and of varied interests. His quiet sense of humor, his professional cooperativeness, his unostentatious dignity, and his companionability

made him valued by his associates. Similarly, his interest in his students' activities and welfare and his willingness to devote his time and energy to promote their professional growth, along with his competence in stimulating their thinking, made him appreciated by both his graduate and undergraduate students, many of whom maintained contact with him following his retirement.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, March 12, 1956, at 9:30 a.m. at the University.

Attest:

(Signed) CARL E. STEEB,
Secretary

The vice President and Business Manager presented the following report of the Director of Physical Plant and recommendations of the University Cabinet in connection with the rejection of bids, revised estimate of cost, and readvertisement on a ten-day basis for Replacement of Coal Track Hopper:

"On authority of the Board of Trustees, the University Cabinet met on February 16, 1956 for the purpose of opening bids on REPLACEMENT OF COAL TRACK HOPPER. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Borger Bros. Boiler Works, Inc.....	\$ 7,395
Limbach Company	7,500
Vlack Bros. Construction Company.....	8,895
G. W. Atkinson & Son	9,165
A. L. Meyer Construction Company.....	11,715
Krause & Pagura Incorporated.....	12,393

"The engineer's estimate for the above work was \$6,300. Since all the bids are above the engineer's estimate it is my recommendation that they all be rejected.

"It is apparent from the closeness of the two lowest bids that our estimate was too low for this project. Therefore, I wish to recommend

that the estimate be raised to \$7,500, and that the Board of Trustees authorize our retaking of new bids on a 10-day advertised basis."

On the basis of the above stated information, the University Cabinet therefore recommends that these bids be rejected; that the estimate of cost be revised to \$7,500.00, and that the Board of Trustees be requested authorize the taking of new bids on a ten-day advertised basis.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the above report and recommendation of the University was approved by unanimous vote authorization given to advertise for this project on a ten-day basis.

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received proposals for the purchase of three tracts of land as follows:

1. *Cordelia Smith Tract*

63 acres, more or less, located on the west side of Don Scott Field and running through to Sawmill Road, at a price of \$1,000.00 per acre. This proposed purchase was approved by the Controlling Board in Request No. 115 on February 17, 1956.

2. *Wh. H. Hoover and Hazel Hoover Tract*

11 acres, more or less, located on Case Road, immediately east of land purchased from Henry Gabel, at a price of \$12,000.00

3. *Mary Trees Tract*

100 acres, more or less, located northesat of the Henry Gabel Tract. Does not join the northeast corner. This is listed with O'Neill and Company until March 22, 1956. It is available for purchase at a price of \$1,500 per acre.

Upon motion of General Dargusch, seconded by Judge Gorman, the purchase of the above described land was approved at the respective prices indicated and the Vice President and Business Mana-

ger was authorized to proceed to negotiate the separate and individual transactions and secure the necessary approvals for the purchase of these three tracts of land. Funds are to be provided from 804-1 Lands, H.B. 942.

The Vice President and Business Manager presented the following report for the record:

The Board of Trustees approved the construction of a hanger and office building by the Ohio Aviation Board at Don Scott Field on September 6, 1955. The cost of this construction is to be paid from an appropriation made to the Ohio Aviation Board in House Bill 932.

The University Cabinet has approved the location selected for this building and the general interior as presented in the preliminary plans by the University Architect. The location selected places the north wall of the main hanger section so as to align with the north wall of the existing control tower and parallel to Case Road. The west wall of the main office unit is to be 325 feet east of the east corner of the present hanger.

That, upon the recommendation of the Faculty Council at its meeting held on March 13, 1956, the following persons be awarded honorary degrees at the June Commencement 1956:

Jess Harrison Davis	Doctor of Science
Robert Allan Moore	Doctor of Science
Harrison McAllister Randall	Doctor of Science
George Halland Sabine	Doctor of Laws
Ralph Winfred Tyler	Doctor of Laws
Albert Benedict Wolfe	Doctor of Laws

That the Lamme Medal be awarded at he Commencement on June 8, 1956 to Robert M. Critchfield. Mr. Critchfield was born in Columbus, Ohio, November 9, 1894. He attended school there and graduated from The Ohio State University in 1916 with a Bachelor of Electrical Engineering degree. Mr. Critchfield, General Manager of Pontiac Motor Division of General Motors, is a veteran of more than 31 years with General Motors Corporation. He is a vice president of General Motors and a member of the administration committee.

That the following recommendation of the College of Engineering and the Council on Instruction and approved by the Faculty Council on March 13, 1956, be presented to the Board of Trustees for approval:

The Council on Instruction at its meeting on January 9, 1956 approved the recommendation of the College of Engineering recommending the abolishment of the Department of Mining and Petroleum Engineering, and the shifting of the curriculum in Petroleum Engineering to Chemical Engineering, and the curriculum in Mining Engineering to Metallurgical Engineering.

That, upon the recommendation of the Faculty Council at its meeting held on March 13, 1956, the following changes in the Faculty Rules be approved:

1. That Rules 127 be amended to read as follows:

Rule 127. Alteration of Grades. A grade filed in the Office of the Registrar is a part of the official records of the University. It is not subject to change except upon written authorization of the Department Chairman or Director of the School and of the Dean of the College, and then only when a clerical error has been discovered.

2. That a new Rule, numbered 144, be added, this Rule to read:

Rule 144. Applications for Admission. Applications for admission to the University will be received by the Entrance Board not later than ten days before classes begin for any quarter. Applications made after this date, but before commencement of classes, will be charged a late application fee of \$5.00. No applications will be received alter than the day before classes begin. Exceptions to these provisions may be made only upon the approval of the Vice President for Student Affairs. However, applications for admission to the Twilight School may be submitted as late as the day of commencement of classes.

3. That Rule 160 be amended to read as follows:

Rule 160. Registration Conditional Upon Payment of Fees. All

quarterly bills, fees and laboratory deposits required from students must be paid at the Bursar's Office previous to and as a condition of registration for that quarter.

On the first day of classes each quarter each student will be required to demonstrate his right to enrollment in his scheduled classes by presentation of a schedule card and paid fee card, unless the instructor has in his possession at the time a roll card for that student.

4. That Rule 161 be amended to read:

Rule 161. Time of Registration and Payment of Fees; Penalties. Registration and payment of fees are required of all students by the close of the business day next preceding the first day of classes each quarter. Failure to meet this requirement will result in a penalty assessment of \$1.00 for each succeeding day, or fraction thereof, unless excused by the Office of the Registrar. The maximum penalty for late registration and payment of fees shall be: in the Twilight School, \$5.00; elsewhere, \$10.00.

The second Saturday noon of each quarter shall be the final deadline for fee payments. Individual exceptions to this provision may be made only upon the approval of the Vice President for Student Affairs.

5. That Rule 164 be altered to provide:

Rule 164. Filing and Changing of Schedule Cards. Students who are residence in any undergraduate college of the University during the Spring or Summer Quarter must present their study programs for the Autumn Quarter before September 1. Such students who are in residence during the Autumn or Winter Quarter are required to present their study programs for the following quarter at dates announced during these quarters. Failure to comply with this rule will result in the assessment of a fee of \$1.00 for each day of delay, the maximum being \$5.00.

Changes in approved schedules in undergraduate colleges will be made only upon approval of the College Office; provided, that a student may add a course to his schedule after the first Saturday noon after classes begin only with the permission of the instructor, the Chairman of the Department and the Dean of student's College.

6. That a new Rule, numbered 168, be added, this Rule to read as follows:

Rule 168. Compulsory Course Withdrawal. An enrollee of any undergraduate college who fails to attend a scheduled course before Saturday noon of the first week of classes, may, at the option of the department, be disenrolled immediately from such course. In the event a department chooses to take such action, it will be the responsibility of the department chairman to notify the student's college office. A change ticket removing the course from the student's schedule shall be prepared in the college office and a copy shall be forwarded to the Office of the Registrar.

7. That the first part of Rule 192 be amended to read:

Rule 192. Non-Payment of Debts by Students. At the discretion of the President, subsequent registration or graduation may

be denied when it appears that any student has left unsatisfied a legitimate debt or debts owed under either of the following circumstances:

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$30,000 from Dorothy H. and Lewis Rosenstiel Foundation for research in Medicine, Rotary 11687
- \$8,700 from Damon Runyon Memorial Fund for Cancer Research in Medicine by Dr. von Haam, Rotary 11693

Relatively few students drop out during their third and fourth years.

More than 40 per cent of the entering class were still in school at the end of the third calendar year. This is in line with a previous study in the form of a Master's thesis which indicated that approximately 40 per cent of those who enter The Ohio State University are graduated from one of its colleges.

There is a direct relationship between academic ability or success in high school and persistence in the university as evidenced by the following data.

Approximately 58 per cent of those from the upper one-third of their high school class are still in the University, while 21 per cent of those from the lower one-third of their high school class are still in the University.

Only 6 per cent of those from the upper one-third of their high school class have been dismissed from the university for academic reasons, while almost 40 per cent of those from the lower one-third of their high school class have been dismissed from the University for academic reasons.

Approximately two-third of the upper 10 per cent of the freshmen, as measured by the Ohio State Psychological Examination, were still in school at the end of three years, while about one-fourth of the lower 10 per cent were still in school.

Scores received on the Mathematics and English Placement Tests were indicative of success in college, with the English Placement Test being most indicative.

It is, therefore, apparent that there is a significant relationship between persistence in the University and high school achievement and various test scores. It should be emphasized, however, that a significant number of students with low test scores, and/or low high school achievement, persist and attain success in the University.

Approximately 40 per cent of the entering freshmen class either formally withdrew from the University or simply did not return. There is very little relationship between test scores or high school achievement and withdrawing or not continuing in the University. Such is also true of the relationship with the achievement in the University. In other words, high potential and high achievement students drop out of the University almost as frequently as low potential and low achievement students. Undoubtedly many factors are significant in causing students to drop out, and extensive research is needed to better identify these factors. It is evident, however, that basic individual motivations toward academic work, and personal values, are highly significant in this drop-out picture.

American Association of University Professors

Upon suggestion of Judge Gorman, the Secretary was directed to include in the Minutes of this meeting the following statement issued by President Bevis:

The Ohio State University has registered in detail with the Committee of the American Association of University Professors two points:

First. That Committee has published a finding concerning this University without notice, without hearing, and without knowledge of many important facts.

Second. This finding is based upon the premise set forth in Press Release of March 22, 1956 that dismissal of a faculty member for membership in the Communist Party taken by itself is not warranted. Such dismissal is alleged to be a violation of academic freedom.

The Ohio State University takes issue with this premise. There is no longer any reasonable doubt that members of the Communist Party are part of a conspiracy to overthrow the Government of the United States, by force if necessary.

Furthermore, no Party member is free to hold or express thoughts or opinions at variance with the current Party line.

In our judgment, therefore, no Party member is fit to become or to remain a professor in a State University.

This is the basic issue. Upon it we take our stand.

Vice President Heimberger's Statement to Council of A.A.U.P.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the Board by unanimous vote directed the Secretary to include in the Minutes of this meeting the following statement which Vice President Heimberger presented orally to the Council of the American Association of University Professors at its meeting held in St. Louis on April 5, 1956.

My appearance before you today is probably the least expected and most distressing incident in a long career as a teacher and university administrator. My affiliation with this Association began almost 30 years ago when, as a graduate student, I applied for junior membership. Since then I have been an active member, a chapter officer and a contributor to the *Bulletin*. Of necessity, my status in recent years has been that of an associate member.

While I have not been in constant agreement on every issue, I have continued steadfastly to hold the A.A.U.P. in deep respect and great esteem as a force for good in the colleges and universities of America. Now, to my great personal dismay, I find myself shocked beyond belief by the the actions of one of its committees which, above all others, should understand and respect the high principles and the rich traditions of the Association. I still have a high regard for the A.A.U.P. and its value as a force for good. I hope that I may continue to give it my respect after the events of today are finished.

You have before you two recommendations which are of direct concern to the University which I represent, one of them vitally so. The first is a proposed new statement of policy with regard to the continued employed of avowed Communists. The seconded is a nationally publicized recommendation that the administration of Ohio State University should be placed on your censured list.

Perhaps I have no right to speak on the first issue. It is possible that you do not wish to hear the views of an associate member who is barred from active participation in the affairs of the A.A.U.P. But this matter concerns all university administrators and if you will allow me, I wish to say a few words about it.

In the general observations made by your special committee there is much with which no person sincerely devoted to intellectual freedom can possibly quarrel. While these truths have been stated over and over again, it probably serves a useful purpose to present them once

more in new and varied form. But the fact remains that the most important task for this Association right now is not to proclaim again what has long been known. It is, instead, to continue in the most effective possible ways the old, old struggle for acceptance and application.

Fortunately, as the report indicates, unwarranted fears and tensions seem to be easing and the situation is appreciably better than it was eight years ago. Unfortunately, as the report suggests but does not clearly admit, the record of the national A.A.U.P. over these difficult years has not been a distinguished one. In many instances local chapters and wise individuals, faced with very complex local situations, made records of which they may well be proud. In my opinion, this cannot be said of the national organization. Moreover, brave words and quickie reports written now will add no lustre to the record. It might even be said that, coming at this late date, they are written with little grace, particularly when they sometimes appear to cast doubt on the courage and wisdom of certain local chapters or Faculties. They may remind one just a little of that well-known declaration of the fact that "Me and my Daddy, we killed a bear, we did."

There is only one really new and crucial issue in the recommended statement of policy. It is the proposal to deny flatly the right of any institution to dismiss a faculty member for the sole reason that he is an avowed Communist. On the other hand, there is no clear and direct statement of disapproval if an institution uses this same criterion in its policy governing initial appointments. The college or university is allowed to say for all to hear that acceptance of Communist Party membership taken, entirely by itself, reveals certain characteristics which, with no regard for other considerations, make a man unfit to join the company of scholars and teachers whose heavy responsibility it is to seek and teach the truth. By what strange logic is it proper to refuse to employ a Communist but, at the same time, praiseworthy to allow one to continue to teach once he has been appointed, unwittingly or otherwise?

At the risk of almost certain condemnation as an appeaser or sail-trimmer, I should like to raise a few very practical questions—the kind of hard questions which an administrator is often faced with as he attempts to translate theory into action. What do you think will happen if the Association takes this new and rigid stand on nationwide policy? With no gift of prophecy, I think at least three developments can be predicted with reasonable accuracy. In the first place, the governing boards of many colleges and universities will get their backs up, defy this Association and enact specific rules which will end all doubt about the matter. The faculty member will emerge with less freedom than he now has and the administrator with less discretion to handle affairs which should properly be his responsibility.

In the second place, legislative bodies almost certainly take a new interest in this phase of academic affairs. Moreover, your committee would extend to them an open invitation to do so by foregoing censure wherever there is a prevailing law. I am sure that this invitation will be accepted and that we shall have a new wave of restrictive legislation which is not likely to be swept back by academic brooms. Much of this may be rejected later by the courts, but, in the meantime, there will be a damaging period in which bitterness and tension will be needlessly renewed.

Finally, and most damaging of all, many administrators will feel compelled to use excessive caution in making initial appointments. Those who are sincerely convinced that a Communist is not fit to belong to the teaching community because he is a member of a legally defined conspiracy and because he has, by his own choice, surrendered his academic freedom will be doubly careful lest they be caught with one who cannot be removed without facing public censure. The effect will be insidious and difficult to detect, but it will be there. Initial appointments are likely to be made only from the ranks of those who are beyond the slightest doubt. With open disclaimers also barred, there will be an unhealthy reliance upon rumor, hearsay and secret investigations. A heavy price will surely be paid through failure to employ the sincere, non-communist liberals who should be found in every Faculty. If it receives your approval, the committee's proposal on avowed Communists may prove to be 'penny wise and pound foolish.'

Now let me turn to the recommendation to censure the administration of The Ohio State University. According to your own record, a "special committee on certain academic freedom and tenure cases" was authorized last September. From the record, it appears that this committee held its first meeting on October 29. In mid-November it revealed to you secretly the names of the institutions to which its report was expected to relate. Both you and the members of the committee knew that we were being investigated and that plans were being made to publish the report in March. But apparently you did not feel that either due process or common courtesy required you to tell us. We know now that not even the President of our local chapter was informed.

On January 19, Professor Fuchs sent our President a confidential copy of the tentative draft of your committee's general statement, along with a similar draft of the statement pertaining to Ohio State, including a recommendation for censure. Needless to say, this came as a great shock to all of us. The documented record will show that, in every instance, we had supplied freely and promptly all information requested by the A.A.U.P. It will also show that the last communication we received from your office was on October 27, 1953. This was a wire from Ralph Himstead asking me to meet him in Indianapolis to discuss the 1953 incident. I replied by letter on the following day, telling him that his approach should be through the President, rather than through me, a Vice President.

The exact date has slipped my memory but at some time last year a distinguished member of our Faculty, who formerly served on this Council, told me that he had received a telephone call from an unnamed friend on another campus who had been asked to serve on a committee investigating Ohio. I reported this to President Bevis and he asked me whether our records were in shape for proper use by the committee. We then waited for word from Washington concerning the arrangements for the investigation. None came until it was all over and we learned that we had been tried and found guilty.

When we first received notice of what had happened we found it difficult to believe that the A.A.U.P. would be a party to proceedings of this nature. Slowly but surely we were disillusioned. The tentative draft was shown to only the Board of Trustees and the members of our faculty committee elected to confer with the administration. Meeting privately, this latter group drafted a letter of protest indi-

cating their disapproval of the self-evident abandonment of proper procedure in this case. President Bevis and Judge Robert N. Gorman, who had been Chairman of the Board in 1953, also voiced their amazement and registered their strong objections. Calling the action of your Committee "shockingly reckless" I, too, voiced my objections.

All of this was of no avail. In a three and one-half page single-spaced letter, Professor Fuchs patiently explained that there are differing kinds of hearings. This one had been on the record of what was publicly known and thus, apparently, failure to give notice, denial of the right to offer other evidence and lack of opportunity for rebuttal were of no importance. *After* the committee had reached its decision we had been given a chance to correct factual errors and to say what we thought about the verdict. Thus the whole procedure had been fair and with due process.

It is true that, in his covering letter of January 19, Professor Fuchs offered us an opportunity to correct factual errors in the tentative draft and, if we so desired, to express opinions which would be taken into account before final printing. While we did not think that it would be necessary, he also offered to try to arrange for a personal visit by a representative of the committee. Quite properly, President Bevis took the position that such a last-minute conference after a decision had been reached could not be accepted in any way as a substitute for the fair hearing which the slightest concern for due process should have called for in the first place.

Ordinarily, a first draft would not merit attention, but this one does. It was not a tentative statement of facts which, after correction of error, would be used as a basis for decisions. In this case a verdict had been reached and was included in the first draft. We were then asked to correct factual errors and offer any comments we might wish to make. But it seems clear that, by January 19, the committee had taken a stand from which it could be moved only with great difficulty. This makes it necessary to examine the first draft with care so that we may know just how your committee was prepared to make a fair decision—even a tentative one.

The report on Ohio State University which you now have before you is considerably different from the tentative draft which was sent to us on January 19. This is because there were errors of fact and serious omissions in the report as it was first written. Some of these were pointed out by President Bevis and, to a limited degree, corrected in the final draft. You may say that this proves the validity of your committee's claim that we were given a fair hearing. I say that it means just the opposite.

Remember that the first draft was written after a decision had been made. Presumably it reflected the evidence upon which that decision was based. It also reflected the committee's judgment of the weight of that evidence. It is my opinion that a comparison of the tentative draft with the final reports proves beyond doubt that, before voting censure and publicizing its decision nationally, the committee might better have relied upon due process and a fair hearing. Also revealed is a lack of knowledge about certain developments on our campus which should have been taken into full account before your committee ventured to reach its decision. Let me offer just a few examples of what might have been learned if the slightest respect had been given to the standards of due process and fair hearing which this Association has so often proclaimed.

With reference to the 1953 decision to dismiss an unnamed Associate Professor, your committee said in its original draft that little weight should be given to the concurrence of the faculty members who participated in the hearing. One of the three faculty members who concurred with the decision is retired, but he is perhaps the most highly esteemed elder statesman on our campus. Since their concurrence, both of the others have been elected by the Faculty Council to serve on the very important committee which confers with the administration and which now has one of its functions the selection of faculty participants in any tenure cases which may arise in the future. Through Faculty Council nomination, both are now serving on the committee advising the Board on the choice of a new President. The somewhat contemptuous reference to these three men does not appear in the report before you. It was removed at the suggestion of President Bevis. But it was there when your committee reached its conclusions about the quality of the decision to recommend dismissal. Professor Fuchs held later that we misunderstood the meaning of the original draft. Since our conviction was based upon words without interpretation, I prefer to let the committee's original words speak for themselves.

The last paragraph of your committee's report did not appear in the original. It is there today because of another suggestion by President Bevis. Apparently your committee was not aware of or considered unworthy of mention certain highly important developments which have occurred on our campus in recently years. Through a fair hearing it might have learned that, within a few days after the 1953 incident, President Bevis called together a representative group of faculty members and expressed his desire for a new standing committee of the Faculty and a clear statement of procedure for the future handling of tenure cases. That plan, which is partially described in the paragraph written after decision, was worked out in concert, brought to the Faculty Council jointly by the President and his committee and, finally approved by the Board of Trustees.

It is barely possible that your committee based its recommendation for censure upon the new and rigid policy which it now advocates with regard to the dismissal of known Communists. I find this difficult to believe because that proposed policy still has the status of a committee report and certainly could not be applied to an event which occurred three years ago. But, if that inflexible policy is not being applied, then your committee was in serious error when it failed to ascertain many facts and put itself in a better position to weigh the evidence before reaching a decision in this case.

For example, did your committee have any knowledge of the fact that I had a long conference with Professor X before he testified in Washington and before his subpoena was publicly known? Did it know that I had discussed this whole matter with the Board of Trustees and had been freely given sincere pledges concerning what they would do to defend Professor X if he testified that he had been a party member? Professor X knew nothing about these pledges since it did not seem proper to make either threats or promises to a man who had been called to testify. These facts do not appear in the record of the campus hearing for the simply reason that, in every instance, Professor X refused either to deny or admit any possible affiliation while he was under oath. To me, such facts are

relevant to a proper appraisal of a total situation. They are not relevant, of course, if we are faced with an *ex post facto* application of a new principle which is not law even today.

In its investigation of our case by long-distance and without hearing, your committee was not much impressed by the damage Professor X had done to two of his closest colleagues and friends by refusing to testify concerning their possible communist affiliations. Through proper investigation it might have learned that this was no trivial matter to be charged off to "legal error." These two men were, in fact, placed under a heavy cloud of suspicion. That cloud has not been entirely dispelled even today and I know of one person, at least, who would have been able to offer direct evidence of this fact. Your committee might also have learned that one of the injured parties was, at that very time, in Europe on a sensitive diplomatic mission. The other felt compelled to ask the congressional committee to subpoena him so that he might try to clear his name by testifying under oath.

In a kind of *obiter dictum*, your committee includes in its report a reference to the speakers' rule which was enacted by the Board of Trustees in 1951. Since the statement is a damaging one, I am forced to ask upon what basis it was made. How well and how fully did your committee know the facts of that incident? Did it systematically collect all pertinent information before reaching its decision? I can assure you that it did not because the relevant facts could have been obtained only through an examination of the minutes of the Faculty Council and the Board of Trustees. I could have told them exactly where to look if they had been interested.

They might have learned, for example, that, at the next meeting after the rule was enacted, the Board approved the recommendation of President Bevis that they should confer with an elected special committee of the Faculty. Several meetings were held and, at the December meeting, the Board approved an agreed-upon statement of policy which, in effect, supplanted the original rule. At the next meeting of the Faculty Council, the following motion was made and passed without division.

"The Faculty Council expresses the feeling that it finds itself in essential agreement with the Board's policy with respect to the responsibility of the Faculty for the selection of speakers."

Before reaching its decision concerning the situation at Ohio State, did your committee know that a part of the Agreement called for the establishment of a committee, dominated by elected members of the Faculty, whose function it would be to keep watch over freedom to speak on the campus under the new policy? Probably not, since there was no reference to this relevant fact in the original draft. It was included when this omission was brought to the committee's attention after January 19.

Does your committee know, even today, that the faculty members of this committee, acting entirely apart from any representative of the administration, prepared, distributed, collected and summarized the results of a campus-wide questionnaire survey of opinions concerning the state of freedom under the new policy? I have the summary of that survey in my hand. It would have been made available to your committee in any hearing worthy of the name. I can assure you that it would not be of great help to anyone hoping for the worst.

Quite like the report of your committee, the Speakers' Rule made the headlines all over the country when it was first published. But, as may always be expected, few people knew what had happened just three months later. Since there had never been a thorough investigation of the full course of events, it was your committee's responsibility to make one before publicizing a sweeping and damaging opinion about the total situation at Ohio State.

Scattered throughout the report which is now before you are such phrases or sentences as "rational procedure," "formal hearing," "right to a fair hearing," "full hearing," denial of due process," "due consideration of factors relevant" and, finally, "The need to determine all the issues in such circumstances implies the right to a full hearing." These are but a few and they are admittedly taken out of context, but they do reveal a praiseworthy concern for due process—for university professors, that is, not for university administrators. In this very same report there is not one word about any possible situation in which it would be proper for the administrator to reach a decision when due notice had not been given, the investigation was made in secret, and there was no hearing of the interested parties. This privilege the committee reserved for itself.

Perhaps it is unfair to be too critical. After all, your committee seemed to have a job to do and it was done with commendable speed. From your own record, as published two weeks ago, it appears that from October 29, the date of their first meeting, until January 19, when their findings were mimeographed and ready for mailing, they were exceptionally diligent. In that brief span of less than three months they had investigated very complex situations in 18 colleges and universities; reached decisions to commend, censure or hold for further consideration; and, finally, prepared a proposed statement of a new policy which is of vital importance to every college and university in America. All of this was done, of course, with the thoroughness and the meticulous concern for the rights of others through which the good name of the American Association of University Professors has been established. Surely, in all the history of academic life there has never been another committee of eight professors so diligent, so quick to reach agreement and so prompt in publishing its report.

My choice of words this afternoon should be convincing proof that I am not here to plead for mercy. Neither am I asking for a whitewash of the administration of Ohio State University. But I am saying that your committee has completely and brazenly abandoned much that the American Association of University Professors stood for with courage, pride and effectiveness in former years.

The only sanction which this Association has is its ability to command the attention and respect of thoughtful persons throughout America. If you, as members of this Council, give your approval to this report you will have forfeited all right to speak and be listened to on matters of due process, fair hearing and proper decision. When the facts are widely known, you will have earned the scorn of many who now look to you with respect, if not always in full agreement. I shall be in that company because you will have given me no other choice.

The administration of Ohio State University is not on trial today. We have already been convicted in secret and with no semblance of

due process and a fair hearing of all relevant facts. Our punishment has already been meted out and it is now beyond the power of you or anyone else to give redress.

It is the American Association of University Professors which stands trial today. At stake are its good name and its right to be heard with respect in the years ahead. You, alone, must make the decision where this Association will now abandon the principles which it has so long proclaimed and so vigorously defended.

The Board by unanimous vote approved the suggestion of General Dargusch that the four lawyers on the Board constitute a committee to draft a resolution relating to the action taken by the American Association of University Professors at its meeting held in St. Louis April 5, 1956.

* * * * *

General Dargusch now presented the following resolution prepared by the special committee of the Board:

The administration of The Ohio State University has been censured by the American Association of University Professors without hearing. The censure is premised upon the statement of the Association that dismissal from a faculty "for . . . membership in the Communist Party is not warranted." The Board of Trustees emphatically rejects that premise.

The Board wishes to commend the action taken by Ohio State faculty members with respect to the proposal of censure.

There are not facts before the Board which would justify reconsideration of the Darling case. The decision there was reached by the Board after hearing and consideration of all the facts and is hereby affirmed.

Upon motion of Judge Gorman, seconded by General Dargusch, the above resolution was adopted by unanimous vote.

* * * * *

Judge Gorman presented the following resolution and moved its adoption:

Be it resolved that a copy of the foregoing resolution be transmitted by the Secretary to the Association of American University Professors and to the controlling boards of all universities and colleges affiliated with said Association.

The above motion was seconded by General Dargusch and upon roll call was approved by unanimous vote.

Distinguished Service Awards

President Bevis now presented the recommendation of the Committee on Distinguished Service Awards. This Committee recommended the following persons to receive the Distinguished Service Award at the June 1956 Commencement:

Russell G. Means
Stanley M. Hanley
Carl E. Steeb
John W. Wilce
Alpheus W. Smith
Frank R. Strong

Upon motion of General Dargusch, seconded by Senator Huffman, this recommendation was approved by unanimous vote of the Board.

Rehabilitation Center

President Bevis reported further progress upon the establishment of the Rehabilitation Center.

To break the deadlock created by the provisions of the State and the Federal appropriations (each of which is to become effective upon payment by the other), the State Emergency Board has agreed to make available \$15,000 for the drawing of plans for a building. Before these plans can be drawn, a site must be chosen. The Rehabilitation Center Board desires a site "in close proximity to the Health Center."

President Bevis recommended therefore, that the University Architect and the Cabinet choose an exact site and report its selection to this Board.

Upon motion of Senator Bricker, seconded by Senator Huffman, this recommendation was approved by unanimous vote of the Board.

The Board approved General Dargusch's suggestion that the Secretary be directed to send the following statement to the Director of Athletics and the Athletic Board for their consideration:

Reference is made to the "Final Report of the Board of Trustees Committee on Athletics" to this Board. It had to do with the distribution of football tickets. A report had previously been made on complimentary football tickets. The ticket problem was difficult then; it is even more so now, for The University will have graduated 104,601 by June 30, 1956 and it is estimated that 90,000 of those graduates will still be living at that time. With graduates this year numbering 3,598, the ticket problems constantly grow. In addition, the number of students is constantly increasing and will soon double the enrollment of 1940 which was approximately 13,000.

The ticket problem is initially the responsibility of the Athletic Board and finally the responsibility of the Board of Trustees, and in its (The Athletic Board) consideration of the problem, it is believed, as set forth in the report of September 8, 1953 that (a) students should be given first consideration, and (b) Alumni and benefactors, faculty and staff next consideration. The status of stadium subscribers should be defined, a limit placed on the total number of tickets allotted to any one subscriber, the lottery discontinued, and allotment of tickets and seating preference determined in accordance with the year of graduation or the year as of which a benefactor began such or some other similar system. In view of the increasing demand for tickets, the number of complimentary should be reduced to the smallest practical number. The possible enlargement of the stadium should also be considered.

The foregoing is to be referred to the Director of Athletics and the Athletic Board for their consideration.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contracts (B) Credits to Contracts, and (C) Extension of Time to Contract, and recommended that they now be approved by the Board of Trustees:

(A) *Extras to Contracts*

<i>Joseph Skilken and Company</i>	\$ 750.00
Relocation of 8 aisles in order to provide even numbers of seats per row thus simplifying the sale of tickets in the St. John Arena.	
Original Contract—\$2,446,600.00—June 18, 1954	
<i>Scioto Plumbing and Heating Company</i>	\$1,226.00
Relocation of the pressure reducing train for the Indoor Practice Section of the Field House Group one bay north because of the conflict encountered with other mechanical piping including the main steam line already in this space.	
Original Contract—\$60,500.00—March 14, 1955	
<i>Limbach Company</i>	\$1,595.00
Changes in the plumbing of the Diagnostic X-Ray and Classroom Facilities, College of Medicine, required to accommodate the North Wing Addition of University Hospital, a separate contract.	
Original Contract—\$30,167.00—April 26, 1955	
<i>Electrical Contractors, Inc.</i>	\$3,335.97
Changes required in the electrical work of the Diagnostic X-Ray and Classroom Facilities, College of Medicine, in order to accommodate the North Wing Addition of University Hospital, a separate contract.	
Original Contract—\$69,334.00—April 28, 1955	
<i>Joseph Skilken and Company</i>	\$6,000.00
Painting the entire underside of the metal roof deck with one coat of rust inhibitive paint in lieu of the "touch-up" paint requirements of the specifications for the St. John Arena.	
Original Contract \$2,446,600.00—June 18, 1954	
<i>Piping Contractors Company</i>	\$3,707.62
Changes required in the heating facilities of Diagnostic X-Ray and Classroom Facilities, College of Medicine, to accommodate the North Wing Addition to University Hospital, a separate contract.	
Original Contract—\$96,070.00—April 22, 1955	
<i>Huffman-Wolfe Company</i>	\$ 109.00
Provision for an exhaust grille in the wall of Sterilizer Room 152 to connect with the duct above the sterilizers in Room 153 of the Basic Science Unit, College of Veterinary Medicine.	
Original Contract—\$128,500.00—April 22, 1955	
<i>Blum Electric Company</i>	\$ 281.00

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Erwin Kleinfeld, Assistant Professor, Department of Mathematics, for the period June 1 through September 30, 1956, in order to serve as supervisor on Research Foundation Project 646;

Robert S. Goyer, Instructor, Department of Speech, for the period June 1, 1956 through September 30, 1956, to work on Research Foundation Project No. 669 at the Research Foundation;

Ruth M. Erlandson, Reference Librarian and Assistant Professor of Library Administration, for the period June 18, 1956 through August 9, 1956, to teach in the Summer Session at the University of Illinois Library School.

That John R. Randall, Associate Professor, Department of Geography, and Clifford V. Heer, Associate Professor, Department of Physics and Astronomy, be permitted to serve during the Summer Quarter 1956 as one of their regular quarters of service for the year 1956-1957, and that the fourth quarter credits set up by the regular procedure be cancelled and new credits set up based on their salaries budgeted for 1956-1957.

Dr. Randall's services are needed during the Summer to handle some of the courses to be offered in the Near East Program, and Dr. Heer is the only staff member available to teach some 800-level courses in Physics which are to be offered in the Summer Quarter. The schedule of classes is such that both men can be spared in the Autumn Quarter.

That \$4,000.00 be transferred from Dairy Laboratory Rotary 15954 to Dairy Technology Rotary 13156;

That, upon the recommendation of the Faculty Council, degrees be awarded at the Spring Convocation on June 8, 1956, to the following-named students who have completed their requirements therefor:

Report—Ticket Committee of the Athletic Board

Professor Kenneth J. Arisman and Hugh S. Jenkins presented and explained to the Board in detail, the study which has been made by the Ticket Committee of the Athletic Board concerning the ticket situation and the annual difficulty encountered in allocating football tickets.

Following this explanation, the Committee then presented the following recommendations which have been approved by the Athletic Board:

Summary of Recommendations

1. The football tickets be allocated to the following groups in the order given:
 - (A) Students
 - (B) Faculty and Employees
 - (C) Visiting School
 - (D) The Ohio State University Association and Benefactors
 - (E) The General Public
2. The location of seats for the above group is as follows:
 - (A) Students—west side of 50-yard line north continuing around the closed end of the Stadium
 - (B) Faculty and Employees—West side of 50-yard line south
 - (C) The Visiting School—East side of 50-yard lines north
 - (D) The Ohio State University Association and Benefactors—East side of 50-yard line south, plus seats left over from (C) above
 - (E) General Public—Seats not otherwise assigned or used.
3. The current limitations on number of seats available for students, faculty and employees and visiting school be continued as they were in operation for the 1955 season.
4. (A) Benefactors be defined as those who are providing continuous support to the University and its services.
 (B) Faculty and employees be defined as those members of the staff who have been members of the University family a sufficient period as to hold tenure. This in effect means persons holding rank of Instructor or below are not given preferential location in the faculty section until after two years or eight consecutive quarters of work on the University faculty.
5. *Block Orders*
 - (A) Block orders be reduced at once and the percentage of seats now allocated to block orders be reduced 50% for the 1956 season and 25% in addition for the 1957 season. These figures refer to seats in the playing field.
6. *Stadium Subscribers*
 - (A) It is recommended that all preferential treatment accorded to Stadium subscribers be declared null and void beginning with the 1956 season and continuing thereafter and that the preferential locations accorded these sub-

scribers revert to the University, except for living founders. All subscribers who should be continued on a preferred list be allotted not more than four seats.

- (B) The University has for thirty-five years, and rightly so, recognized this group of Stadium subscribers as being eligible for preferential seats. It must be remembered that these locations were not given in perpetuity, but as near as can be determined, were originally allocated for a period of ten years. In many instances, the original subscribers have left the city, in some cases are deceased, and in other cases, their preferential locations have been willed the heirs. It is the considered judgment of this Committee that the University has been more than generous to this group and must re-examine this situation. It is the hope in making this recommendation that preferential treatment may now be given to the increasing number of presently active benefactors, including Stadium subscribers who are now giving significant support to the University and its activities. The recommendations given under (A) above refer to all persons falling in the Stadium subscriber groups who now hold "A" and "B" deck boxes and other preferred locations in the playing field.

7. *Employers of Athletes*

- (A) That the figure be stabilized at the approximate figure of 1,066 books in the playing field.

8. *Frontliners*

- (A) That the figure be stabilized at the current figure of four books to each Frontliner.

9. *State, City and County Officials*

- (A) Stabilize the complimentarys now available to this group in accordance with the practice of the Business Office—550 books.

10. *Complimentarys*

- (A) That the list of complimentarys agreed to by the Athletic Board, as found in the previous excerpts of the Minutes and approved by the Board of Trustees, be strongly adhered to in each category with an over-all limitation of not in excess of 4,300 tickets.
- (B) The present method of allocation of tickets to newspapers be continued upon the basis of 32 complimentarys to each of the Columbus papers and two to each of the working press or Sports Staff. In no case should there be more than 40 complimentary tickets in preferred location allocated in total to any one newspaper.
- (C) The complimentarys to the press services be continued as at the present time.
- (D) Radio and Television—two complimentarys be given those personnel of Radio and Television Stations who actively cover The Ohio State University Football games and that the Station itself should not be granted tickets within the playing field.
- (E) Weekly Papers—present practice be continued.

- (F) The Varsity "O" Association—present practice be continued.

11. *The Alumni Lottery*

- (A) That the seats made available by reducing the holdings of various groups except the "A" and "B" boxes be allocated to the Alumni Rotation Plan.
- (B) That the season books formerly sold through the Alumni Lottery System be allocated on a rotation plan for the purchasers who were formerly in the lottery plan. This means that an order from a member of Group III would rotate in location from field-of-play seats, to seats in less desirable location, and, over a three to four year period, would complete the cycle, returning to field-of-play location. On the basis of orders considered in this report, it appears that complete rotation would require three to four seasons. For a purchaser to be included in this rotation plan, it would require at least one year membership in Group III, with continued purchase a requisite for continuance in the rotation plan. (This means that a Group III member could not be included in the plan if he only ordered when his name was rotated for the good locations.) Continuous purchase is a requisite in order to retain privileges of this plan. Failure to purchase drops a member to the less satisfactory locations, until his normal group is in that location and rotates to the better seats. Groupings are made alphabetically with the Alumni Secretary making the original alphabetical rotation selection.

12. *Football Ticket Prices*

- (A) It is the recommendation of the Ticket Committee that, in view of the financial arrangements in connection with the Arena and the Field House, as well as some possible means to alleviate and improve the toilet situation in the Stadium, the ticket prices for the 1956 season be increased as follows:

	1954-1955		1956	
	<i>Individual Game</i>	<i>Season</i>	<i>Individual Game</i>	<i>Season</i>
South Bleachers	\$3.00	\$3.00
Field Bleachers	3.00	\$18.00	3.00	\$18.00
Stadium North End	3.50	18.00	4.00	24.00
Stadium	3.50	21.00	4.00	24.00
Box—North End				
Sec. 1-8	4.50	27.00	5.00	30.00
Box—All "B" and Sec. "A" 9-24	4.50	27.00	5.00	30.00
Student Activity Cards	10.00	All Year	12.00	All Year
Faculty Activity Cards	12.00	All Year	14.00	All Year

13. *The University Box Seats*

- (A) That we establish as University Boxes a President's Box of sixteen seats and boxes for the Vice Presidents of eight seats each.

- (B) Box A 16 for use of Athletic Department.
- (C) That these Boxes be designated as University Boxes.

14. Due to involvements of the problem of allocation of seats in the new Arena, it is the recommendation of this Committee that no commitments on this subject be made until such time as a thorough and complete study of the problem has been made by the Ticket Committee.

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

University Counseling and Testing Center—Fees

Vice President Stradley presented the following proposed revision of the Fee Structure of the University Counseling and Testing Center, and recommended its approval:

That fees be established on a cost basis for rendering counseling and testing services by the University Counseling and Testing Center to individuals not enrolled in The Ohio State University, and that such fees be as follows:

Seven dollars and fifty cents (\$7.50) for the initial interview for individuals who desire to terminate the process at this stage.

Fifteen dollars (\$15.00) for the complete counseling and testing services for individuals enrolled in accredited schools or colleges other than The Ohio State University.

Twenty-five dollars (\$25.00) for the complete counseling and testing services for all other individuals.

Seven dollars and fifty cents (\$7.50) for each additional interview requested by an individual, following the completion of the initial counseling process.

That fees be established on a cost basis for administration of special tests by the University Counseling and Testing Center to individuals not enrolled in The Ohio State University, and that such fees range from one dollar to ten dollars depending on the cost of administration for each individual case.

That, insofar as conditions will allow, aptitude, interest and achievement tests be machine scored by the test scoring service of the University Counseling and Testing Center on a cost basis for schools and agencies in the State of Ohio requesting such service.

That fees be established to cover the cost of scoring certain tests administered to students as part of the counseling process—such tests to be taken voluntarily on the part of the student, and only for tests that require scoring off the campus, and such fees not to exceed two dollars \$2.00) for any one test.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Painting of all the Structural Steel and Ironwork above "B" Deck in the Ohio Stadium	\$30,000.00	Athletic Department Maintenance Repair Fund

Upon motion of Senator Huffman, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board

of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

* * * * *

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Site Improvement, Parking Area, Landscaping and Walks at the Field House Group and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the University Architect is as follows:

Transmitted herewith is a tabulation of the bids received prior to 2.00 p.m., May 10, 1956, on the Site Improvement, Parking Area, Landscaping and Walks at the Field House Group for the Ohio State University. Mr. Weaver of the Business Office opened the bids which were read by Mr. M. J. Moon representing the office of the Director of Public Works.

Following is a tabulation of the bids:

<i>Bidder</i>	<i>Base Bid</i>	<i>Alt. G-1 Tuttle Park Sidewalks</i>	<i>Alt. G-2 Lane Ave. Sidewalks</i>	<i>Alt. G-3 Sodding</i>
A. W. Burns Construction Company	\$229,000.00	\$1,500.00	\$2,800.00	\$25,000.00
Trimmer Construction Company	233,570.00	2,265.00	4,985.00	6,400.00
Fred W. Legg, Inc.	262,426.14	2,250.00	4,875.00	6,500.00
Joseph Skilken & Co.	271,000.00	2,393.00	3,163.00	15,800.00
Decker Construction Company	288,471.40	3,369.60	5,265.00	8,352.00
<i>Architect's Estimate</i>	243,103.10	960.00	3,136.00	7,576.00

The bid of the Trimmer Construction Company including all alternates totals \$247,220.00, is the low bid, regular in all respects and is below the Architect's estimate. It is, therefore, the recommendation of this office that the Controlling Board be requested to grant permission to award this contract to the Trimmer Construction Company, notwithstanding the fact that their bid on Alternate G-1 and Alternate G-2 is higher than the estimate of the Architect. It is further recommended that, if this permission is granted, the Director of Public Work be requested to execute a proper contract accordingly.

Funds for the execution of this contract, which is recommended for award to the Trimmer Construction Company, will be provided by a transfer from Athletic Department Funds to G-2-J Field House, H.B. 929.

Upon motion of Senator Bricker, seconded by Mr. Kettering, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the recommendation that a transfer of \$10,000 be made from Rotary 12261, General University Fund to Rotary 12801 Travel to supplement the F-6 Travel appropriation in H.B. 929 for the fiscal year 1955-1956.

Upon motion of General Dargusch, seconded by Mr. Black, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager presented the recommendation that a transfer be made of \$7,049.51 from Rotary 12261, General University Fund to Rotary 12999, General Operations, to cover final purchases of minor equipment for the Television Station.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the following report and recommendation:

The practice of issuing parking permits in the form of a metal tag was discontinued in 1952, and refunds of the \$5.00 deposits were made to all faculty and employees turning in the metal tag at that time.

It is believed that sufficient time has now elapsed since the notice was given that refunds were available to give everyone an opportunity to apply for a refund. Therefore, it is recommended that all outstanding deposits be forfeited and the balance of \$4,903.30 remaining in the University Treasurer Investment Account be transferred to the General Funds of the University.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager presented the following report and recommendation:

In 1920 an amount of money was received by the University for additional bells for the Orton Hall chimes. The balance has been carried for a number of years in the University Treasurer Investment Account.

Since future additions to the chimes will be made from University maintenance funds, it is recommended that the balance of \$1,608.35 be transferred to the General Funds of the University for appropriation by the Board of Trustees.

Upon motion of General Dargusch, seconded by Mr. Kettering, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Mr. Marlin A. Allen be given special police commission by the Board of Trustees under authority granted by Section 3345.04 of the Revised Code.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was unanimously approved.

State Highway Testing Laboratory

The Vice President and Business Manager presented the following report and recommendations of the University Cabinet:

The State Highway Testing Laboratory has need for expanding their building in order to accommodate the additional work being placed on them by the enlarged road building program.

At the present time they are occupying three floors of a portion of the Engineering Experiment Station quadrangle which they built out of their own funds and have maintained according to a contract which the University has had with the State Highway Department. This building is located in a very congested area of the campus and there is no satisfactory way in which they can expand in their present location.

Director of Highways, S. O. Linzell, has requested The Ohio State University to assign to the Highway Department a plot of land as a site for the construction of a new State Highway Testing Laboratory.

The University Cabinet after careful consideration recommends that a plot of land, approximately 218 feet north and south and 1199 feet east and west, bounded by Kinnear Road on the north and North Starr Road on the west be assigned to the Department of Highways for their use with the suggestion that the first building be placed near the east boundary line and any buildings they may construct in the future be placed to the west of this first one.

It is further recommended that the Board of Trustees of The Ohio State University take the necessary steps to enter into a Memorandum of Agreement with the Department of Highways covering the necessary arrangements for the assignment of the land as described above.

Upon motion of Senator Huffman, seconded by Mr. Black, the above recommendations were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following report and recommendation:

In accordance with the Trust Agreement dated March 1, 1955, between The Ohio State University and the Ohio National Bank as trustees, the interest payment on Athletic Revenue Bonds is due June 1, 1956 for the period December 1, 1955 to June 1, 1956.

In order to provide funds for this payment it is recommended that \$34,287.50 be transferred from the Athletic Revenue Fund into the Debt Service Fund.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was unanimously approved.

Land

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received proposals for the purchase of two tracts of land as follows:

1. *Lane Tract, 21 acres on Case Road*

This land adjoins the southeast corner of the Don Scott Field and also the Gabel tracts which is immediately east. This would square up the land on Case Road and would be an important addition to the Airport property and farm. This land may be purchased at a price of \$1,500.00 per acre.

2. *Quillette Tract, 21 acres*

This land lies along the Chesapeake and Ohio Railroad and is immediately east of the Trees property which is in process of purchase by the University. This tract would be an important addition to the farm and would give access to railroad in the event it might be needed in the future. The price of this property is \$1,500.00 per acre.

Funds for the purchase of these two tracts of land will be provided by a transfer of \$63,375.00 from General University Funds to a new account G-1a Lands, H.B. 929.

Upon motion of General Dargusch, seconded by Senator Huffman, the purchase of the above-described land was approved at the respective prices indicated and the Vice President and Business Manager was authorized to proceed to negotiate the separate and individual transactions and secure the necessary approvals for the purchase of these two tracts of land, and approval was granted for the transfer of funds as described above.

Land

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received proposals for the purchase of thirty-nine (39) lots in the R. P. Woodruff's Agricultural College Addition as follows:

Lot Nos. 62, 63, 64, 65, 67, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, E ½ of 87, 88, 89, 200, 201, 202, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 220 and W ½ of 221.

The combined gross cost to The Ohio State University is \$460,124.00 or approximately \$12,300.00 per lot. Funds for the purchase of this property would be provided by a transfer of \$164,430.00

from General University Funds to G-1a Lands, H.B. 929; \$10,370.00 from G-1-1 Lands, H.B. 932; and \$285,324.00 from 804-1 Lands, H.B. 942.

Upon motion of Judge Gorman, seconded by Senator Bricker, the purchase of the above-described land was approved at the total cost as shown above and the Vice President and Business Manager was authorized to proceed to negotiate the separate and individual transactions and secure the necessary approvals for the purchase of this property, and approval was granted for the transfer of funds as described above.

President Bevis now reported to the Board the death of Dan Lee Kirlin and, in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University, the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of Dan Lee Kirlin, Instructor in Zoology and Entomology, on April 18, 1956.

Mr. Kirlin was born in Wolcottville, Indiana, on August 31, 1926. His family moved to Ohio in May, 1933. His mother, Mrs. Ruah M. Renz, presently resides in Lima, Ohio.

Mr. Kirlin attended and graduated from the Lima Central High School. He was married to Priscilla Gregg, of Lima, on June 23, 1944. To this marriage were born two sons, David L. and John A. In 1944 Dan entered military service with the U. S. Navy. He was separated from military service on April 14, 1946, and entered the College of Arts and Sciences at This Ohio State University in June, where he majored in biological science, graduating with the B.A. degree. During his undergraduate training he became a member of the Sigma Nu fraternity, and a member of the Ohio Academy of Science. In June, 1950 he entered the Graduate School at The Ohio State University and received his M.Sc. degree in June, 1952. The title of his thesis was "The Comparative Effects of Vitamin B-12 and Aureomycin on Body Weight of the Laboratory Rat."

Since obtaining his Master's degree Mr. Kirlin had been preparing for his Ph.D. degree. With all other requirements fulfilled, he was on the verge of completing research for the dissertation. This research was concerned with the basal nutritional requirements for mink with special reference to the relation of vitamin supplements to fat metabolism. While a graduate student, Mr. Kirlin was employed by The Ohio State University as a Graduate Assistant and eventually as an Instructor in the Department of Zoology and Entomology. This position he held until his death, at the age of 29.

We find it difficult to summarize the virtues of so close a companion as Dan. They all are embodied in the unqualified respect we felt toward him for his devotion to his family, his students and his colleagues. Certainly his cheerful nature played a vital role in the esprit de corps which prevails in our graduate laboratory. Above all we are indebted to Dan for his lesson of uncommon courage in the face of supreme adversity. We have all learned much—we shall sorely miss the teacher.

5-14-'56

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the Minutes of the Board.

Thereupon the Board adjourned to meet Monday, June 11, 1956, at 9:30 a.m. at the University.

Attest:

Chairman

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE
NINE HUNDRED AND FIFTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 11, 1956

The Board of Trustees met at the University pursuant to adjournment.

Present: Forrest G. Ketner, Chairman; Senator James W. Huffman, Judge Robert N. Gorman, Chhaires F. Kettering, Senator John W. Bricker and General Carlton S. Dargusch.

* * * * *

The minutes of the last meeting were approved.

* * * * *

General Dargusch now offered the following motion, which was seconded by Judge Gorman, that a committee on University Relations of three members be established by the Board; said Committee to consist of Forrest Ketner, as Chairman and Senators Huffman and Bricker as members. The Committee is to study all phases of the University's relations with its Student Body, Faculty, Alumni, the Public, other Educational Institutions and Government. The Committee is to make a preliminary report to the Board at its September 1956 meeting.

The above motion was approved by unanimous vote.

* * * * *

General Dargusch offered the following motion, which was seconded by Senator Bricker, that a Finance Committee of three members be established by the Board, said Committee to consist of General Carlton S. Dargusch, as Chairman and Senators Huffman and Bricker. Said Committee to be charged with the continuing review of all financial policies, procedures and classifications, including non-Civil Service position classifications.

The above motion was approved by unanimous vote.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the above personnel recommendations of the President were approved by unanimous vote.

* * * * *

The President now presented the following miscellaneous recommendations:

That the following leaves of absence, with salary, be granted:

Victor H. Ries, Extension Floriculturist, for the period July 1, 1956, to August 31, 1956, for graduate study at Ohio State University.

Dorcas J. Schoppe, Extension Specialist in Home Furnishings, for the period July 1, 1956, to August 15, 1956, to participate in the National workshop in human development and human relations at Cornell University.

Robert B. Schwart, Extension Economist in Farm Management, for the period June 16, 1956, to August 31, 1956, to complete work for a doctor's degree at Ohio State University.

That the following leave of absence, without salary, be granted:

Richard D. Altick, Professor, Department of English, for the period June 1, 1956, to September 30, 1956, to teach at Stanford University.

New Degree

That upon the recommendation of the Faculty Council at its meeting held May 8, the addition of the degree of Bachelor of Science in Medical Technology be approved. This new degree will be conferred upon those students who are now receiving the degree of Bachelor of Science at the completion of the program of instruction in Medical Technology. This program is not to be changed and the purpose of the proposed degree is to distinguish this group of students whose major programs are somewhat different from those elected by candidates for the Bachelor of Science degree.

That \$2,500.00 be appropriated from H-8 contributions for the use of the Ohio Journal of Science for the period July 1, 1956, to June 30, 1957, be approved.

That the recommendations for the Personnel Budget for the Ohio Rehabilitation Center be approved.

Agreements

That the agreement between The Ohio State University and the Ohio Department of Health for the operation of the Waste Treatment Laboratory and Pilot Plant in the conduct of current and pre-selected studies for the period of July 1, 1956, through June 30, 1957, be approved.

That upon the recommendation of the Dean of the College of Medicine, the continuation of the agreement between the Ohio State University and Children's Hospital for the year 1956-1957 be approved. The sum of \$30,900.00 will be paid from Laboratory Supply Pro Rata Funds, Rotary 15991 to Children's Hospital for providing teaching services.

President Bevis reported that after a search covering the whole country and with the concurrence of Dr. Heimberger, he recommended Dr. Richard C. Hull for the position of Director of Radio and Television Broadcasting, at the salary of \$18,000.00 a year beginning November 1, 1956.

Mr. Hull has had several years experience as Director of Radio and Television at the State University of Iowa and has had extensive experience in preparation and management of Television programs.

It is the intent of this recommendation that both the Television and Radio Stations will be put under Mr. Hull's management.

It is recommended that as of November 1, 1956, Mr. Higgy's title be changed to Associate Director for Engineering and Transmission, and his salary be fixed at \$10,000.00

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

Honorary Degree, Howard Landis Bevis

Vice President Heimberger presented the following letter from the Faculty Council:

Vice President Frederic Heimberger
Administration Building
Campus

Dear Vice President Heimberger:

On June 5 the Faculty Council, on recommendation of the Committee on Honorary Degrees, recommended to the Board of Trustees that the honorary degree of Doctor of Laws be conferred on

Howard Landis Bevis

at the first Commencement following his retirement from the presidency of the University.

Very truly yours,
(Signed) LAWRENCE D. JONES
Secretary, Faculty Council

Upon motion of Senator Bricker, seconded by Mr. Kettering the Board, by unanimous vote approved the above recommendation of the Faculty Council, that the Honorary Degree, Doctor of Laws be conferred upon President Bevis at the first Commencement following his retirement from the Presidency of the University.

Radio Telescope

President Bevis reported that the National Science Foundation had offered to contribute \$100,000 for the erection of a new Radio Telescope of the kind developed by Dr. John D. Kraus of the Engineering College.

It has been deemed advisable to locate this instrument on land near the visual telescope owned by Ohio Wesleyan University, and operated jointly by Ohio Wesleyan and Ohio State University. Upon inquiry, the National Science Foundation has expressed itself as agreeable to the location of this instrument on this land. Ohio Wesleyan University has expressed its willingness to provide land in this location. It is understood that the title to the instrument to be built will be in the name of Ohio State University and that Ohio State will be free to remove this instrument should the existing arrangement be dissolved.

It is therefore recommended to the Board of Trustees that the proper administrative officers of The Ohio State University be authorized to proceed with completion of the arrangement with National Science Foundation and Ohio Wesleyan University and to proceed with the erection of the Radio Telescope on the land aforesaid.

Upon motion of Senator Huffman, seconded by Senator Bricker, the above recommendation was unanimously approved.

President Bevis reported that negotiations had been entered into between the United States Government, Ohio State University and the Government of Sierra Leone represented by the United Kingdom Treasurer and supply Delegations having its principal office in Washington, D.C., for the provision of technical advice and assistance concerning Education and Vocational training under the direction of the College of Education at Ohio State University.

Pursuant to these negotiations a tentative contract has been prepared for the signatures of parties concerned. Certain provisions of this contract however, are not entirely agreeable to Ohio State University. The University is desirous of performing the service requested if a suitable contract can be made.

It is recommended therefore that the Board authorize the appropriate officers of the University to enter into the contract, provided the terms of the contract are modified to meet the approval of such officers.

Upon motion of Mr. Kettering, seconded by Judge Gorman, the above recommendation was unanimously approved.

Housing—Ohio State Bar Association

President Bevis called to the attention of the Board of Trustees the recent discussion concerning the establishment of a center on or near the campus of The Ohio State University for the combined purpose of housing the headquarters of the Ohio State Bar Association and of an agency for research and service to The Ohio State University Law School and members of the Bar.

He presented to the Board a copy of a resolution presented by the Secretary of the Ohio State Bar Association reading as follows:

BE IT RESOLVED, That the Council of Delegates approves the erection, purchase or lease of a building or a portion of a building to house the Headquarters of the Ohio State Bar Association at a site to be selected by the Executive Committee and,

That, if satisfactory arrangements can be made by the Executive Committee with The Ohio State University to combine such headquarters with research and service facilities, the Council of Delegates recommends that serious consideration be given to the erection of such a building on the campus of The Ohio State University.

BE IT FURTHER RESOLVED, That the President of the Association be authorized to appoint such committee or committees as may be necessary to carry the foregoing resolution into effect.

After discussion, it was the consensus of opinion of the Board of Trustees that the proposal be looked upon with favor, particularly that portion of it relating to the combination of such headquarters with facilities for research and service.

Upon motion of General Dargusch, seconded by Judge Goman, it was voted that a committee consisting of Senator Bricker, Senator Huffman and General Dargusch be appointed to investigate this matter further and report to the Board.

The Chairman read a letter from General Dargusch stating that because of the pressure of his business activities he wished to be relieved of his assignment as a Trustee member of the Board of Directors of the Development Fund, and also as a member of the Board's Investment Committee.

Upon motion of Judge Gorman, seconded by Senator Bricker, General Dargusch's requests were agreed to.

* * * * *

Upon motion of Judge Gorman, seconded by Senator Bricker, the Board by unanimous vote designated Senator Huffman to serve as a Trustee member of the Board of Directors of the Development Fund.

The Board also agreed that the Investment Committee should continue with the present members, Senator Bricker, Senator Huffman, and Mr. Ketner.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Remodeling Refrigeration System in Food Warehouse and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on May 21, 1956 for the purpose of opening bids on RE-MODELING REFRIGERATION SYSTEM IN FOOD WAREHOUSE. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
The C. M. Robinson Company	\$4,920.00
United Refrigeration Service, Inc.	5,347.00
The Huffman-Wolfe Company	6,760.00
Capitol Refrigeration Company	No bid

"The engineer's estimate for the above work was \$6,400.00. The low bid of The C. M. Robinson Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with the C. M. Robinson Company at their bid of \$4,920.00."

Funds for the execution of this contract, which is recommended

for award, will be provided by a transfer from Department 804, Rotary A to F-1e Remodeling Refrigeration System in Food Warehouse, H.B. 929.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation for award of contract was approved by unanimous vote and approved was granted for the transfer of funds as described above.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the New Oxygen and Suction Outlets in University Hospital and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on May 21, 1956, for the purpose of opening bids on NEW OXYGEN AND SUCTION OUTLETS IN UNIVERSITY HOSPITAL. A representative of the Department of Public Works was unable to be present. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company	\$5,064.00
Lieb-Jackson, Inc.	5,480.00
Wm. R. Evans	No bid

"The engineer's estimate for the above work was \$6,700. The low bid of Limbach Company is regular in every respect and is below the engineer's estimate of cost. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract with Limbach Company at their bid of \$5,064."

Funds for the execution of the contract, which is recommended for award, will be provided by a transfer from Department 807, University Hospital Rotary to G-2-P New Oxygen and Suction Outlets in University Hospital, H.B. 929.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation for award of contract and transfer of funds was approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Exterior Painting of Derby Hall,	\$38,300.00	F-1 Building
Industrial Engineering Building,		Repairs,
Administration Building, Fire		H.B. 929
Escapes Only on University Hall,		
Four Quonset Huts at Laneview,		
and Horticulture and Forestry		
Greenhouses		

Upon motion of Senator Bricker, seconded by Mr. Kettering, the Board by unanimous vote approved said documents and directed the

Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

Judge Gorman moved that the Vice President and Business Manager report to the Board at Gibraltar whether it would be desirable and feasible to have a Master Plan for future location of buildings and acquisition of necessary land.

* * * * *

The above motion was seconded by Senator Huffman and approved by unanimous vote.

* * * * *

President Bevis brought to the attention of the Board the recommendation of Dean Rummell, College of Agriculture, that suitable arrangements be made for the provision of a Small Animal Laboratory. Extensive research is already in progress involving the effect of atomic radiation upon animal life, particularly with relation to genetics and reproduction.

Mr. Taylor expressed the view that a suitable Laboratory for this purpose was desirable but stated that the provision of such a Laboratory would require planning and funds.

It was the informal conclusion of the Board of Trustees that we should take steps as soon as possible for the planning of such a Laboratory and its construction. Further report is to be made to the Board of Trustees, before definite action is taken.

Chairman Ketner now presented a letter from Howard E. Fritz, President of the Ohio State University Association in which he proposed that a meeting of the Alumni with the Board of Trustees be held at the time of the July 9th meeting of the Board.

Mr. Fritz stated that the Alumni would be represented by a special committee which has been appointed from the Alumni Advisory Board and from the Board of Directors of the Association.

This request was agreed to by the Trustees, and the secretary was directed to arrange for the meeting to be held at the Ohio Union, Sunday Evening July 8th, 1956, beginning with a dinner at 6 p.m.

Upon motion of Judge Gorman, seconded by General Dargusch, the Board by unanimous vote elected the following officers for the year 1956-1957, service to begin July 1, 1956.

Chairman—James W. Huffman
 Vice Chairman—Robert F. Black
 Treasurer—Jacob B. Taylor
 Secretary—Carl E. Steeb

Upon motion of Judge Gorman, seconded by General Dargusch, the Board agreed to hold a special meeting at the University at 10 a.m., Monday, June 25th.

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE NINE HUNDRED AND SIXTH MEETING OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 25, 1956

The Board of Trustees met in special session at 10:00 a.m., for the purpose of electing a President to succeed Dr. Howard L. Bevis who retires June 30, 1956.

Present: Forrest G. Ketner, Chairman; Senator James W. Huffman, Judge Robert N. Gorman, Charles F. Kettering, Senator John W. Bricker and General Carlton S. Dargusch.

* * * * *

Chairman Ketner then made a general statement, stating clearly all the steps the Board had taken during the past twelve months, with the help and cooperation of the Special Faculty Committee which had been appointed to evaluate the candidates, and stated that, after many conferences and meetings, the Trustees were now ready to make a selection.

Mr. Kettering offered the following motion:

I move the appointment of Novice G. Fawcett as President of The Ohio State University, effective August 1, 1956, subject to release from his existing contract as Superintendent of the Columbus Public Schools.

Judge Gorman seconded the above motion which, upon roll call, was approved by unanimous vote.

* * * * *

Upon motion of General Dargusch, seconded by Senator Huffman, the Secretary was directed to include in the Minutes of this meeting the following letter received from Trustee Robert F. Black who was unable to be present at this meeting.

June 22, 1956

Mr. Forest G. Ketner, Chairman:
Board of Trustees
The Ohio State University
Columbus 10, Ohio

Dear Ket:

As I told Carl Steeb today, it is extremely unlikely that I can get to the special meeting of the Board Monday, June 25th, due to an unexpected development here that makes my presence mandatory Monday morning.

I want to convey through you to the Board my hearty approval of the selection of Novice G. Fawcett as President of Ohio State University. I want you to know that I have thoroughly investigated Mr. Fawcett's record and had the pleasure of discussing most intimately the problems of Ohio State which he will be called on to face. I am convinced that

Mr. Fawcett combines almost all of the qualifications that we set out to find. His administrative abilities and the respect he has of the educators throughout the State would seem to make him the ideal man to lead the university during what, in my opinion, will be one of the most trying periods in its history.

The fact that his qualifications as an administrator were approved by the faculty, that the alumni group had him on their Advisory Board, plus the most thorough canvass we made of all the names suggested certainly strengthens my conviction that we have found the right man. The fact that his choice was the unanimous one of the Board of Trustees, representing as it does many divergent points of view, assures him that he will have our wholehearted support.

Please extend to him my personal congratulations and the conviction that I have that he is the right man to meet the challenge of this next decade.

Very truly yours,
(signed) ROBERT F. BLACK

Senator Huffman now presented the following statement and moved that it be included in the Minutes of this meeting:

As we elect a successor to President Howard L. Bevis, we express our sincere appreciation for the invaluable services which have been rendered to The Ohio State University over the period of the last seventeen years. Under his leadership this great institution of learning has grown and prospered. As was said of Christopher Wren, if we seek a lasting monument of his work we have only to look around us. He has served us well in both war and peace. We hereby extend our heartfelt thanks and every good wish to him in the years that lie ahead.

The above motion was seconded by Mr. Kettering, and upon roll call was approved by unanimous vote.

Upon motion of Mr. Kettering the Board adjourned.
