**A. Recommendations from the Faculty Council:**

**A Proposal for the Reorganization of the College of Engineering Curricula and Their Administration**

The Faculty of the College of Engineering for many months considered methods by which its curricula might be strengthened and at the same time its student failures in the upper classes reduced. As a result of these deliberations, a plan to divide all the engineering curricula (except Architecture and Landscape Architecture) into a two-year Pre-Engineering Division and a three-year Professional Division is now proposed. The Engineering Faculty feels that this will be the most significant advance in engineering education at The Ohio State University since the inauguration of the five-year curricula in 1945.

The proposal which is listed in detail below was submitted to the Council on Instruction in May 1958 and approved in principle by that body on June 19, 1958. Organizational, administrative and curricular details were approved March 6, 1959. The Faculty Council approved the proposal on May 12, 1959 and recommended the necessary changes in the Rules for the University Faculty on June 9, 1959.

The Board of Trustees is requested to implement the proposal by taking favorable action on the items listed below:

**1. Reorganization**

It is recommended that there be established within the College of Engineering two divisions:

- a. A Pre-Engineering Division to administer the first and second years of all engineering curricula in the College and that these two years be of a pre-professional nature.
- b. A Professional Division to administer the third, fourth, and fifth years of all engineering curricula in the College and that these three years be of a professional nature.

The curricula leading to the degrees, Bachelor of Architecture and Bachelor of Landscape Architecture, shall not be affected by this action.

2. Pre-Engineering Division - Admission Requirements

It is recommended that the present admission requirements be revised effective the Autumn Quarter 1961, as indicated below, and that in their amended form they constitute the admission requirements to the Pre-Engineering Division. Students admitted to the Pre-Engineering Division shall have the status of undergraduate students, regular or special.

Mathematics: The total number of units in mathematics remains unchanged. (1 unit of algebra, 1 unit of plane geometry, with the third unit to come from additional algebra,  $\frac{1}{2}$  or 1 unit, or solid geometry  $\frac{1}{2}$  unit or trigonometry  $\frac{1}{2}$  unit.)

Science: That 1 unit of chemistry be required in addition to the 1 unit of physics now required.

3. Pre-Engineering Division - Curriculum

The curriculum of the Pre-Engineering Division, as approved by the Council on Instruction, shall include:

- English, 9 credit hours
- Mathematics, 28 credit hours
- Engineering Drawing, 9 credit hours
- Physics, 15 credit hours
- Engineering Mechanics, 5 credit hours
- Chemistry, 12 to 18 credit hours
- Basic Education Requirements, 9 to 15 credit hours
- Survey of Engineering, 2 credit hours
- University Requirements in Military Science, Education, Hygiene:
  - men, 16 credit hours
  - women, 7 credit hours

#### 4. Professional Division Admission Requirements

It is recommended that the admission procedures to the Professional Division shall be administered by the Entrance Board with the Dean of the College of Engineering appointing one or more liaison representatives to counsel with and to assist the Entrance Board at the request of the University Examiner. Students admitted to the Professional Division shall have the status of professional students, regular and special.

The minimum requirements for admission shall be effective the Autumn Quarter 1961, and will consist of a combination of:

- a. Ninety quarter hours of credit in an accredited college. These credits shall be comprised of the courses, or their equivalents, listed in the Pre-Engineering Division curriculum, but not including military science, physical education, hygiene, and survey of engineering.
- b. Scholastic work of satisfactory quality as evidenced by a cumulative point-hour ratio of 2.0 or higher in all the courses listed in the Pre-Engineering Division curriculum, but not including military science, physical education, hygiene, and survey of engineering.
- c. Satisfactory completion of an engineering comprehensive examination. The examination will be approximately six hours in length and will cover the course work in English, mathematics, chemistry, physics, and engineering drawing scheduled in the Pre-Engineering Division curriculum. The examination will emphasize measurement of achievement, both on specific facts and the broader aspects of principles and the ability to apply knowledge to problems cutting across subject areas.

A supervisory committee of the faculty of the College of Engineering will be responsible for all aspects of the examination. The University Counseling and Testing Center will be asked to administer the examination and to provide analyses of the results and consultation services to the supervisory committee. The examination will be conducted on an experimental basis until its reliability and validity are determined to be satisfactory and until it is approved by the Board of Trustees.

d. Recommendations of the pre-engineering counselors

Special Situations

- 1) Admission to the Professional Division with limited deficiencies in specific courses may be allowed by the Entrance Board in cases of otherwise well-prepared students, upon the advice and consent of the Dean of the College of Engineering.
- 2) Students of exceptional ability may be admitted without deficiency to the Professional Division with less than 90 quarter hours of academic credit, if their ability to do advanced work is demonstrated by satisfactory completion of the engineering comprehensive examination and by an earned cumulative point-hour ratio of 3.5 or better in all completed work. Recommendations for such special admissions will be made to the Entrance Board by a Special Entrance Committee with the approval of the Dean of the College of Engineering.
- 3) A student not qualified for admission to the Professional Division may enroll in the Pre-Engineering Division, provided he meets the qualifications for admission to that Division. He may enroll in courses required in the Pre-Engineering Division curriculum and in required or elective courses of a Professional Division curriculum which are taught in colleges other than the College of Engineering, providing he has the prerequisites. He may not enroll in any course in any Professional Division curriculum and taught in the College of Engineering until he is admitted to the Professional Division. This provision shall not be interpreted as limiting the right of a student registered in any other colleges on this campus from enrolling in any course taught in the College of Engineering providing he has the prerequisites.
- 4) Admission as a "special professional student" may be granted to a candidate desiring to pursue a limited program of course work, provided the University Examiner and the Dean of the College of Engineering are satisfied that he is qualified to pursue the program.  
(Note: This provision is to allow continuation of the existing practice whereby limited numbers of qualified and mature local engineers and scientists pursue special and part-time course work, not part of a degree program, without the usual admission procedures.)

July 10, 1959 meeting, Board of Trustees

5. Professional Division - Degree Requirements

It is recommended that to qualify for a baccalaureate degree, a student must:

- a. Complete all the course requirements, or their equivalent, specified in the Professional Division curriculum leading to the Bachelor's degree, as well as any deficiencies with which he may have been admitted. The total required credit hours in any curriculum shall be no less than 153 credit hours nor more than 165 credit hours, not including advanced ROTC, inspection trips, summer experience, or special summer laboratories.
- b. Complete the remainder of the Basic Education Requirements established by the College of Engineering which have not been satisfied while in the Pre-Engineering Division.
- c. Satisfy minimum point-hour ratio requirements as established by the University Rules.

6. Objectives

The changes in organization and curricula are proposed by the Faculty of the College of Engineering, with the expectation of attaining the following objectives:

- a. To define a common first two years of pre-engineering work which may be taken at accredited liberal arts colleges, junior colleges, community colleges, The Ohio State University branches or in the Pre-Engineering Division of the College of Engineering.
- b. To provide a two-year preparatory period wherein students may evaluate their abilities with guidance and reflect more fully upon their choice of a career. Students registered in the Pre-Engineering Division who show questionable interest or academic ability in engineering could terminate their studies, or transfer to another educational program, with some pride of accomplishment rather than continuing failure in the upper classes. Qualified students who start in programs outside the College of Engineering and who choose appropriate courses could enter the Professional Division in engineering with full standing.

- c. To strengthen the College of Engineering in its role as the center of advanced engineering education and research in the State of Ohio.
- d. To improve the professional character of the engineering curriculum. Since all states now have laws defining a professional engineer and providing for the licensing of professional engineers, the faculty of the College of Engineering feels it is timely that the engineering curriculum reflect this growing trend toward professional status.
- e. To provide through an engineering comprehensive examination:
  - 1) Better motivation for retention and integration of knowledge in the course work taken in the Pre-Engineering curriculum.
  - 2) Reasonable assurance of success in the Professional Division program for those who pass the examination, thereby greatly reducing the incidence of failure in the Professional Division of the College.  
(During the past five years these failures in the third, fourth, and fifth years have averaged 15%.)

General Recommendations (continued)

B. Changes in Rules for the University Faculty

It is recommended that the Rules for the University Faculty be amended as follows, to provide for the reorganization of a college on the basis proposed.

1. That Section 3a of Rule 29, 2701 be deleted and the following be inserted in its place:

Receive from the various Colleges, pursuant to the exercise of their powers under Rule 23.03, proposals for the establishment, alteration or abolition of courses and curricula, of Departments, Schools, Divisions, and Bureaus within a College, and of academic degrees.  
See Rules 31.02 and 31.0201.

2. That Rule 31.01 be deleted and the following Rule be adopted in its place:

31.01. Courses and Curricula; Definition.

A course is the unit of instruction or research through which the educational program of the University is offered to its students.

A curriculum is a program of courses leading to a certificate, a degree, or to entry into a professional College or a professional Division of a College.

3. That the first paragraph of Rule 31.0701 be deleted and the following be inserted in its place:

All men students registering in the Colleges of Agriculture and Home Economics, Arts and Sciences, Commerce and Administration, or Education, or the Pre-Engineering Division of the College of Engineering, unless excused under Rule 31.0705, shall be required to schedule:

4. That the first paragraph of Rule 31.0703 be deleted and the following be inserted in its place:

All women students registering in Nursing or Dental Hygiene or the Colleges of Agriculture and Home Economics, Arts and Sciences, Commerce and Administration, or Education, or the Pre-Engineering Division of the College of Engineering, unless excused under Rule 31.0705, shall be required to schedule:

July 10, 1959 meeting, Board of Trustees

5. That Section 2c of Rule 37.05 be deleted and the following be inserted in its place:

For his work in the Graduate School or in a professional College or professional Division of a College, the "applicable number of credit hours" shall be the total number of credit hours undertaken in the Graduate School or in the professional College or professional Division of a College.

6. That Section a of Rule 41.03 be deleted and the following be inserted in its place:

Undergraduate students: regular or special. This shall include students registered in the Colleges of Agriculture and Home Economics, Arts and Sciences, Commerce and Administration, or Education, or the Pre-Engineering Division of the College of Engineering.

7. That Section c of Rule 41.03 be deleted and the following be inserted in its place:

Professional students: regular or special. This shall include students either regularly or specially registered in the Colleges or Divisions of a College which admit after completion of a pre-professional curriculum.

8. That Section 3 of Rule 41.0501 be deleted and the following be inserted in its place:

Section 3. Professional student. A candidate for admission as a regular or special student in a professional program must meet the pre-professional requirements of the College or Division of a College he desires to enter. If he does not meet the pre-professional requirements, he may be admitted subject to such deficiencies (or conditions) as that College of Division of a College may permit.

9. That the second paragraph of Rule 41.11 be deleted and the following be inserted in its place:

The taking of this test by students entering the School of Optometry, the Graduate School, the Professional Division of the College of Engineering, or the Colleges of Dentistry, Law, Medicine, Pharmacy, or Veterinary Medicine shall be optional with these Schools or Colleges.

July 10, 1959 meeting, Board of Trustees

10. That Section 1 of Rule 47.03 be deleted and the following Section inserted in its place:

Section 1. Coverage of Rule 47.03. This Rule shall apply only to undergraduate students (as defined in Rule 41.03). The academic standards controlling warning, probation, and dismissal of professional and graduate students shall be established by rule by the faculties of the College in which the professional student is registered or of the Graduate School if the student is a graduate student. The promulgation of these rules, and their amendment or repeal, shall be subject to the approval of the Board of Trustees.

11. That the second and third sentences of Rule 49.05 be deleted and that the following sentence be inserted in their place:

This minimum shall include the credit hours required under Rules 31.0701 and 31.0703; however excuses granted under Rule 31.0705 shall not reduce the stated minimum number of credit hours required for a degree or certificate.

12. That in Section 4 of Rule 11.05 the words "division head" be deleted and the words "administrative head" be inserted in their place.
13. That in Section a of Rule 11.1309 the words "to any division of its work" be deleted and that the period be placed after the word "students".

I recommend that the foregoing proposals for reorganization of the College of Engineering and the changes in the Rules for the University Faculty be adopted.

Upon motion of Mr. Patton, seconded by Mr. Ketner, the above recommendations were approved by unanimous vote.

General Recommendations (continued)

C. Proposal of The Federal Aviation Agency for Installation of Aircraft Landing Marker

On November 8, 1957 the Board of Trustees authorized a lease with the Federal Aviation Agency (then the Civil Aeronautics Administration) whereby the University would provide land for the installation of an outer marker south of Lane Avenue and west of Kenny Road for the guidance of aircraft landing at Port Columbus. This lease was subsequently executed on March 8, 1959.

The Federal Aviation Agency now desires to relocate this marker 2800 feet farther north in accordance with the decision to construct a new runway 2800 feet north of the present main runway at Port Columbus. The Office of Campus Planning, the Campus Planning Advisory Board, the College of Agriculture, and the Federal Aviation Agency (formerly the Civil Aeronautics Administration) have agreed upon a site west of Kenny Road at the edge of the orchard north of Lane Avenue, and the Cabinet concurs.

The installation would require an area 70' x 101' and would not infringe upon any teaching or research activity. The installation would consist of a metal building 8' by 12', an aerial 25' above ground, and a 20' x 20' wire-mesh counterpoise supported on a steel frame 12' above the ground and extending over the building. The installation would be enclosed by a fence. All construction, including necessary electrical and telephone installations, would be provided by the Federal Aviation Agency. Periodic access to the installation by Federal Aviation Agency personnel would be required. The Federal Aviation Agency is seeking a one-year lease renewable for ten more years for the necessary land together with right of access.

I recommend that the Board of Trustees authorize the President to sign such lease for this purpose as he deems appropriate and not inimical to the interests of the University.

General Recommendations (continued)

D. Candidates for Degrees - August Convocation

It is recommended that degrees be conferred at the Summer Quarter Convocation on August 28, 1959 to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting.

E. Chemistry Building Addition, Naming of

Upon the recommendation and petition of Professor A. B. Garrett, Acting Chairman of the Department of Chemistry, and twenty-five of the senior professors of that Department; and with the concurrence of Dean J. Osborn Fuller, College of Arts and Sciences, and the Director of University Relations, it is proposed that the Chemistry Building Addition be named the "William Lloyd Evans Laboratory of Chemistry," in honor of the long service of the late Professor Evans as a distinguished teacher of chemistry and for his efforts in bringing the department into a well-rounded research group actively contributing to the progress of science.

This recommendation has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the foregoing recommendations were approved by unanimous vote.

General Recommendations (continued)

F. Budgets for 1959-60 fiscal year

The following budgets for the fiscal year beginning July 1, 1959 are hereby recommended for approval:

1. The Ohio State University annual salary budget in the amount of \$20,345,784.00.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

Mr. Ketner now commended the President and the Administration officials for their efforts in bringing about the significant increase in State appropriations for the University, which places The Ohio State University in a more favorable position among the other state universities of the nation.

2. The University Hospital annual salary budget in the amount of \$5,571,584.00.

Upon motion of Mr. Allyn, seconded by Mr. Ketner, the above recommendation was unanimously approved by roll call vote.

3. The Agricultural Extension Service annual salary budget in the amount of \$2,618,424.00.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

4. The annual budget of the Athletic Department in the amount of \$1,551,820.00.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

5. The Ohio State University Research Foundation annual budget in the amount of \$396,234.00.

Upon motion of General Dargusch, seconded by Mr. Rairdon, the above recommendation was approved by roll call vote.

## II. PERSONNEL CHANGES

In addition to the regular personnel changes included in the minutes of this meeting, the following appointment and promotions, leaves of absence without salary and retirant with Emeritus title are recommended for approval:

### A. Appointment and Promotions

#### 1. College of Education

- a. Henry Allen Bruinsma, appointed to the position of Professor and Director of the School of Music, effective September 16, 1959, at an annual salary of \$14,568.00.
- b. Jerome J. Hausman, Acting Director and Associate Professor, promoted to the position, Director and Associate Professor of the School of Fine and Applied Arts, effective July 1, 1959, at an annual salary of \$11,676.00.

#### 2. Office of the President

- a. John E. Corbally, Jr., Coordinator of Field Studies and Services and Associate Professor of Educational Administration, College of Education, promoted to Director of Personnel Budget, Office of the President, and Associate Professor of Educational Administration, effective September 1, 1959, at an annual salary of \$12,168.00.

#### 3. Office of Instruction and Research

- a. G. Robert Holsinger, Assistant Dean, College of Arts and Sciences, promoted to Coordinator of Part-time Education, Office of Instruction and Research, effective July 1, 1959, at an annual salary of \$5,268.00. (Part time basis).

#### 4. Office of Business and Finance

- a. J. Robert Zellmer, Foods Manager, Ohio Union, promoted to Director of University Food Services, effective September 1, 1959, at an annual salary of \$9,864.00.

Personnel Changes (continued)

B. Leaves of Absence without Salary

1. Carl H. Fulda, Professor, College of Law, for the 1959-60 academic year, to accept a Ford Foundation Law Faculty Fellowship.
2. Clarence E. Taft, Professor, Department of Botany and Plant Pathology, for the 1959-60 academic year, to accept an assignment on the staff of the International School of America.
3. LeRoy Tucker, Associate Professor, Department of Engineering Mechanics, for the 1959-60 academic year, to accept an assignment with the Foundation Exploration Division of the Ohio State Highway Department as a Geological Engineer.

C. Emeritus Title

1. Eugene J. Weigel, with the title Professor and Director Emeritus, School of Music, College of Education, effective October 1, 1959.

Upon motion of Mr. Rairdon, seconded by Senator Bricker, the personnel changes were unanimously approved by roll call vote.

### III. GENERAL CONTRACTS AND AGREEMENTS

#### A. The Ohio State University and The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation, setting up the following projects, be reported to the Board of Trustees for information and record:

##### 1. Government Contracts

- a. U. S. Army Chemical Corps R&D Command, U. S. Army Biological Warfare Laboratories, Fort Detrick, Frederick, Maryland.  
For an Assessment of the Effectiveness of Tularemia Vaccine in Man (to be known as U. S. Army Biological Warfare Laboratories Project No. 625 - Modification #9 - Department of Medicine. Gross Value - \$10,000.00
- b. Commander, Air Force Office of Scientific Research, ARDC, Washington 25, D. C.  
For Study of Solid-vapor Equilibria in the Rare Earth - Rare Earth Metal Systems (to be known as Air Force Office of Scientific Research Project No. 653 - Supplement #5 - Department of Chemistry). Gross Value - \$15,980.00.
- c. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland, 14, Ohio.  
For an investigation of Fusible Bodies in a Heated Airstream (to be known as Cleveland Ordnance District Project No. 720 - Modification #9 - Department of Aeronautical Engineering). Gross Value - \$20,000.00.
- d. Department of Health, Education & Welfare, Public Health Service, Washington 25, D. C. For an investigation of The Relationship of Animal Disease to Air Pollution (to be known as Public Health Service Project No. 788 - Modification #3 - Department of Veterinary Pathology). Gross Value - \$2,000.00.
- e. U. S. Atomic Energy Commission, Chicago Operations Office, P. O. Box 59, Lemont, Illinois. For an investigation of Low Energy Nuclear Physics (to be known as U. S. Atomic Energy Commission Project No. 807 - Supplement #2 - Department of Physics). Gross Value - \$40,000.00.
- f. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Fluid Dynamics of Rocket Combustion (to be known as Wright Air Development Center Project No. 822 - Supplement #4 - Department of Aeronautical Engineering). Gross Value - \$6,000.00.

July 10, 1959 meeting, Board of Trustees

Government Contracts (continued)

- g. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For an investigation of Mechanism of Endothermic Reactions, Photosensitized at Solid Surfaces (to be known as Air Force Cambridge Research Center Project No. 840 - Supplement #2 - Department of Chemistry). Gross Value - \$2,000.00.
- h. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland, 14, Ohio. For an investigation of Pure Rotation and Vibration-Rotation Spectra of Small Polyatomic Molecules in Region 15-40 Microns (to be known as Cleveland Ordnance District Project No. 841 - Modification #1 - Department of Physics.) Gross Value - \$20,842.00.
- i. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For an investigation of Spectroscopy of the Far Infrared Region (to be known as Air Force Cambridge Research Center Project No. 843 - Supplement #1 - Department of Physics.) Gross Value - \$24,000.00.
- j. Commander, Air Force Office of Scientific Research, Air Research & Development Command, Washington 25, D. C. For an investigation of Value Acts and Situational Variables in Organizational Behavior (to be known as Air Force Office of Scientific Research Project No. 870 - Supplement #1 - Department of Psychology). Gross Value - \$44,979.00.
- k. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Research and Related Operational Services for Simplified International Aeronautical Language. (to be known as Air Force Cambridge Research Center Project No. 882 - Supplement #1, Department of Speech). Gross Value - \$20,000.00.
- l. U. S. Atomic Energy Commission, Chicago Operations Office, P. O. Box 59, Lemont, Illinois. For an investigation of Temperature Measurement of Solid Particles Within a Fluidized System (to be known as U. S. Atomic Energy Commission Project No. 929 - New - Department of Chemical Engineering). Gross Value - \$21,459.00.
- m. U. S. Atomic Energy Commission, Chicago Operations Office, P. O. Box 59, Lemont, Illinois. For A Fundamental Study of the Iodine-Silver Nitrate Reactions (to be known as U. S. Atomic Energy Commission Project No. 939 - New - Department of Chemical Engineering). Gross Value - \$7,234.00.

**July 10, 1959 meeting, Board of Trustees**

**Government Contract (continued)**

- n. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Development of a Methodology for the Evaluation of Patient Care (to be known as National Institutes of Health Project No. 940 - New - Engineering Experiment Station). Gross Value - \$83,411.00.
- o. Ordnance Corps, Diamond Ordnance Fuze Laboratories, Washington 25, D. C. For Microwave Absorption Studies (to be known as Ordnance Corps, Diamond Ordnance Fuze Laboratories Project No. 941 - New - Department of Electrical Engineering). Gross Value - \$4,999.00.
- p. Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Research Analysis Services (to be known as Wright Air Development Center Project No. 942 - New - Ohio State University Research Foundation). Gross Value - \$9,012.00.
- q. National Science Foundation, Washington 25, D. C. For an investigation of Glaciers of Western United States (to be known as National Science Foundation Project No. 943 - New - Department of Geology). Gross Value - \$14,500.00.
- r. Department of Health, Education and Welfare, Office of Education, Washington 25, D. C. For Experimental Development of a Mobile Laboratory of New Media of Instruction for Use in the In-Service Education of Teachers in Mathematics and Science (to be known as Department of Health, Education and Welfare, Office of Education Project No. 945 - New - Bureau of Educational Research and Service). Gross Value - \$65,697.00.
- s. National Science Foundation, Washington 25, D. C. For an investigation of Photosynthesis and Respiration in an Aquatic Environment (to be known as National Science Foundation Project No. 946 - New - Natural Resources Institute). Gross Value - \$3,100.00.
- t. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Optical Antipodes of Carcinogenic Hydrocarbons (to be known as National Institutes of Health Project No. 947 - New - Department of Chemistry). Gross Value - \$3,335.00.
- u. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Determination of Relative Merits of Dental Impressions (to be known as National Institutes of Health Project No. 948 - New - College of Dentistry). Gross Value - \$11,060.00.

July 10, 1959 meeting, Board of Trustees

Government Contracts (continued)

- v. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Study to Improve Methods of Diagnosis for Endometrial Carcinoma (to be known as National Institutes of Health Project No. 950 - New - Department of Obstetrics and Gynecology). Gross Value - \$26,590.00.
- w. National Science Foundation, Washington 25, D. C. For Reduction and Analysis of Glaciology Data from Antarctica, 1959-60 (to be known as National Science Foundation Project No. 968 - New - Department of Geology). Gross Value - \$41,872.00.
- x. Director, Office of Management and Research Assistance, Small Business Administration, Washington 25, D. C. For Adaptation of Manualized Business Procedures to Small Business Needs (to be known as Small Business Administration Project No. 969 - New - Bureau of Business Research). Total - \$538,070.00

2. Industrial Contracts

- a. American Petroleum Institute, 50 West 50th Street, New York 20, New York. For an investigation of Synthesis and Properties of Hydrocarbons (to be known as American Petroleum Institute Project No. 31 - 21st Ext. - Department of Chemistry). Gross Value - \$5,000.00.
- b. American Petroleum Institute, 50 West 50th Street, New York 20, New York. For Preparation of Hydrocarbons (to be known as American Petroleum Institute Project No. 31-A - 3rd Ext. - Department of Chemistry). Gross Value-\$52,000.00.
- c. The Procter and Gamble Company, M. A. &R Bldg., Ivorydale, Cincinnati 17, Ohio. For an investigation of Pathogenesis of Dental Caries (to be known as The Procter and Gamble Company Project No. 323- Ext. #15 - College of Dentistry). Gross Value - \$11,459.00.
- d. The Illuminating Engineering Research Institute, 1860 Broadway, New York 23, New York. For an investigation of The Optimum Characteristics of Highway Lighting in Fog (to be known as The Illuminating Engineering Research Institute Project No. 872 - Supplement #1 - Institute for Research in Vision). Gross Value - \$2,800.00.
- e. Westreco, Inc., Box 146 Ridgeway Center Building, Stamford, Connecticut. For an investigation of Unsaponifiable Substances in Coffee Oil (to be known as Westreco, Inc. Project No. 878 - Exts. 1 and 2 - Department of Chemistry). Gross Value - \$5,675.00.

July 10, 1959 meeting, Board of Trustees

Industrial Contracts (continued)

- f. American Chemical Society, The Petroleum Research Fund Advisory Board, 1155 Sixteenth St., N. W., Washington 6, D. C. For an investigation of Synthesis of Highly-Strained Unsaturated Small-Ring Compounds (to be known as American Chemical Society Project No. 938 - New - Department of Chemistry). Gross Value - \$14,860.00.
- g. The Regents of the University of Minnesota, Minneapolis 14, Minnesota. For Calibration of Four Total Temperature Probes (to be known as The Regents of the University of Minnesota Project No. 944 - New - Department of Aeronautical Engineering). Gross Value - \$7,200.00.
- h. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Respiratory and Cardiovascular Dynamics Following Extracorporeal Myocardial Heating (to be known as Central Ohio Heart Association Project No. 951 - New - Department of Medicine.) Gross Value - \$1,775.23.
- i. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Coronary Blood Flow, Cardiac Out-put and Regional Blood Flow Under the Influence of Glucose (to be known as Central Ohio Heart Association Project No. 952 - New - Department of Physiology). Gross Value - \$1,652.24.
- j. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Development of a Prosthetic Heart Valve (to be known as Central Ohio Heart Association Project No. 953 - New - Department of Surgery). Gross Value - \$15,000.00.
- k. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Biochemical Studies on Plasmalogen (to be known as Central Ohio Heart Association Project No. 954 - New - Departments of Physiological Chemistry and Pharmacology). Gross Value - \$4,000.00.
- l. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of The Relationship Between Degenerative Vascular Disease and Plasma Glycoproteins in Patients with Diabetes Mellitus and in Dogs with Experimentally Produced Pituitary Diabetes (to be known as Central Ohio Heart Association Project No. 955 - New - Department of Pathology). Gross Value - \$6,179.00.

July 10, 1959 meeting, Board of Trustees

Industrial Contracts (continued)

- m. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio.  
For A Correlation Study of the Roentgenographic, Clinical and Electrocardiographic Aspects of Myocardial Infarction (to be known as Central Ohio Heart Association Project No. 956 - New - Department of Radiology).  
Gross Value - \$1,550.00.
- n. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio.  
For the Development of a Plasma Substitute for the Determination of Cardiac Output by the Conductivity Method in Man (to be known as Central Ohio Heart Association Project No. 957 - New - Department of Medicine).  
Gross Value - \$5,376.00.
- o. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio.  
For A Correlation of Intracardiac Sounds with Intracardiac Pressures in Dogs (to be known as Central Ohio Heart Association Project No. 958 - New - Department of Medicine). Gross Value - \$2,490.00.
- p. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio.  
For The Study of Transmural Cardiac Pressures During Abrupt Changes in Output (to be known as Central Ohio Heart Association Project No. 959 - New - Department of Medicine).  
Gross Value - \$2,826.00.
- r. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio.  
For Sequential Analysis of Acute Hemodynamic Changes (to be known as Central Ohio Heart Association Project No. 961 - New - Department of Physiology).  
Gross Value - \$5,195.00.
- q. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio.  
For an investigation of Nature of Ventricular Activation Process in the Ungulate Heart (to be known as Central Ohio Heart Association Project No. 960 - New - Departments of Veterinary Physiology and Pharmacology).  
Gross Value - \$2,603.90.

July 10, 1959 meeting, Board of Trustees

Industrial Contracts (continued)

- s. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Phasic Variations in Ventricular Filling (to be known as Central Ohio Heart Association Project No. 962 - New - Department of Physiology).  
Gross Value - \$3,700.00.
  - t. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Physics of Circulation: Reflected Waves in the Arterial System and Their Importance in Hypertension (to be known as Central Ohio Heart Association Project No. 963 - New - Department of Physiology).  
Gross Value - \$6,800.00.
  - u. Central Ohio Heart Association, 50 East Broad Street, Columbus, 15, Ohio. For Relation of the Adrenal to Hypertension (to be known as Central Ohio Heart Association Project No. 964 - New - Department of Physiology).  
Gross Value - \$4,977.84
  - v. Central Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Fundamental Studies on Cardiac Edema (to be known as Central Ohio Heart Association Project No. 965 - New - Department of Physiology).  
Gross Value - \$6,255.68.
- Total - \$169,374.89

The foregoing forty-six contracts for research in cooperation with Government and Industry represent a gross income of \$707,444.89.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the above general contracts and agreements were approved by unanimous vote.

B. The Ohio State University and Children's Hospital-  
Teaching Program of the Department of Pediatrics, College of Medicine

It is recommended that the continuation of the agreement between The Ohio State University and Children's Hospital for the teaching program of the Department of Pediatrics, College of Medicine (1959-60) be approved, and that \$30,900.00 be paid from Laboratory Pro Rata Fund.

July 10, 1959 meeting, Board of Trustees

C. The Ohio State University and the State Department of Education,  
Division of Vocational Education

It is recommended that the agreements between The Ohio State University and the State Department of Education, Division of Vocational Education, be continued for the fiscal year, 1959-60, and that contracts for teacher training and special services in the following areas be approved:

Trade and Industrial Education  
Guidance Services  
Distributive Education  
Business Education  
Vocational Home Economics  
Vocational Agriculture  
Slow Learning

D. The Ohio State University and the Department of Mental Hygiene  
and Correction of the State of Ohio

It is recommended that the continuation of the agreement between The Ohio State University and the Department of Mental Hygiene and Correction of the State of Ohio for the period July 1, 1959 to June 30, 1960, be approved. Under the terms of this agreement the Division of Mental Hygiene will pay to The Ohio State University, Rotary Fund No. 12590, the sum of \$1,935.00 for the employment of a graduate student in the Department of Speech who will be responsible for presenting a series of family plays selected by the Division of Mental Hygiene. These plays shall be offered to the public in and about the Franklin County area.

E. The Ohio State University and the Ohio Department of Health

It is recommended that the Board of Trustees approve the continuation of the agreement between The Ohio State University and the Ohio Department of Health for the operation of the Waste Treatment Laboratory and Pilot Plant in the Conduct of Current and Pre-selected Studies for the period July 1, 1959 to June 30, 1960. Under the terms of this agreement the Ohio Department of Health will encumber an amount of \$28,000.00 as a contribution toward the operation of the Waste Treatment Laboratory and Pilot Plant.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the general contracts and agreements were approved by unanimous roll call vote.

#### IV. GIFTS

It is recommended that the following gifts be accepted for the University and the appreciation of the Board of Trustees be appropriately expressed:

A. Administered through the Business Office

\$4,487.35 for the Roy Stevenson King Scholarship Fund

Roy Stevenson King Scholarship Fund

Established June 23, 1959 by a bequest from Roy Stevenson King, in memory of Bertha Louise King and Stella Peterson King. The principal is to be invested in such income-producing investments and in such manner as the Trustees of The Ohio State University may deem advisable. The income is to be used for scholarships, preferably in the field of Mechanical Engineering, preference being given whenever practicable to a candidate from the high schools of Greene County, Ohio.

In the event the need for such scholarships diminishes or ceases to exist, the disposition of the income is to be left to the discretion of the Board of Trustees of the University.

B. Administered through the Development Fund

\$25,000.00 for the Joseph Cohan Memorial Fund

Joseph Cohan Memorial Fund

Established May 12, 1959 by a bequest from Joseph Cohan, 1925, to be invested in the University's investment portfolio under rules and regulations adopted by the Board of Trustees of the University, with right to invest and reinvest as occasion dictates.

The disposition of the income is to be left entirely to the discretion of the Board of Trustees. The principal may also be invaded by appropriate action of the Board of Trustees, using part or all of it in the Board's discretion.

Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the foregoing gifts were accepted by unanimous vote.

July 10, 1959 meeting, Board of Trustees

Gifts (continued)

C. Report from The Ohio State University Development Fund

I wish to report that in May, 1959, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>Number of Gifts</u>	<u>Amount</u>
Alumni	3,573	\$ 62,041.78
Individuals, Other than Alumni	58	2,270.34
Non-Profit Organizations	37	42,239.50
Business Concerns	20	23,256.00
	<u>3,688</u>	<u>\$130,807.62</u>

Of these gifts, 3,347 totaling \$43,269.00 were undesignated and 341 totaling \$87,538.62 were designated.

July 10, 1959 meeting, Board of Trustees

Appropriation and Transfer of Funds (continued)

B. Engineering Study of Hayes Hall and University Hall

In accordance with a contract authorized by the Board of Trustees on April 11, 1958, a campus planning study is in progress as a joint project of our Office of Campus Planning and the consulting firm of Caudill, Rowlett and Scott. Under the terms of this contract, Caudill, Rowlett and Scott is required to make inspections of existing buildings to determine their adequacy and future usefulness, but the University is obligated to make any necessary detailed engineering analyses requested by the consultants.

Representatives of Caudill, Rowlett and Scott have asked that detailed studies be made of the structural adequacy of Hayes Hall and University Hall to assist them in their determination of the feasibility of continuing these buildings in service.

It is recommended that these engineering studies be authorized and that a sum not to exceed \$6,000.00 be appropriated from the General University Fund for this purpose.

Upon motion of Mr. Rairdon, seconded by Senator Bricker, the above recommendation for appropriation of funds was approved by roll call vote.

C. University Press

Upon the request of the Dean of the Graduate School and the Editorial Board for the University Press, I recommend that an amount not to exceed \$30,000.00 be allocated from the General University Fund to Rotary 12996, The Ohio State University Press, for the fiscal year beginning July 1, 1959.

Upon motion of Mr. Allyn, seconded by General Dargusch, the foregoing recommendation for transfer of funds was approved by roll call vote.

VI. EXTRAS AND CREDITS AND EXTENSION OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra and Credit Orders and the Extension of time, as outlined below, be approved by the Board of Trustees:

A. 11th Avenue Residence Halls for Men

General Contract

It has been found that the floors in the rooms over the Mechanical Equipment Room are uncomfortably warm and the continuous heat is causing damage to the asphalt tile flooring. To correct this condition, it is recommended that a sprayed-on asbestos insulation such as "Cafco" be applied on the ceiling of the room in a thickness of 1½ inches. This extra is for the additional work. Add \$1,385.00

Heating and Ventilating Contract

Because of an error in the design of the domestic hot water system, it is necessary to relocate the existing immersion control bulb from the 4" hot water supply line leaving the heater to the 1" pump discharge line from the storage tank to the heater; and increase the pipe size from 1" to 2" where the bulb is inserted. This will deliver the required 140 degree hot water to the Baker Hall Kitchen. The extra work involved will increase the contract cost. Add \$ 85.38

This project is payable from 11th Avenue Residence Halls for Men Construction Account.

B. 11th Avenue Residence Halls for Men, Building No. 4

General Contract

It is recommended that a substitution be accepted for Cold Springs "Veined Ebony Black" granite for the first story and the spandrels. This material is satisfactory in appearance and quality and represented a substantial savings. Credit \$5,500.00

Four access doors and frames were not needed in the construction of Buildings No. 1, 2 and 3. It is, therefore, recommended that these four doors and frames be used in Building No. 4 and a credit realized. Credit \$ 220.00

Total credit to General Contract \$5,720.00

This project is payable from 11th Avenue Residence Halls for Men, Building No. 4, Construction Account.

July 10, 1959 meeting, Board of Trustees

C. Married Housing Project No. 1

Outside Services Contractor

It has been found that an existing 2" gas line extends under two of the proposed buildings and it is recommended that this line be relocated. This extra provides the installation of approximately 660 lin. ft. of new gas line.

Add     \$1,056.00

This project is payable from Married Housing Project No. 1 Construction Account.

Note: The following extra and credit orders will be submitted to the Capital Planning Board for approval and the appropriation of funds from the Extra Order Account to be established.

D. College of Arts, Addition to Chemistry Building

Plumbing Contract

The architects for this project omitted floor drains in the Transformer Vault No. 22 and the Mechanical Equipment Room No. 105 on the original plans. These drains are essential and the additional work is included in this extra order.

Add     \$ 492.00

E. College of Education, Fine Arts Building

Plumbing Contract

The architects for this project omitted air and gas service outlets in the Studio Wing, Room 117. This extra provides compressed air and gas supply lines from the ceiling of the room above, down through the floor to valve terminals on the west wall of the room

Add     \$ 125.00

It is recommended that a 20" x 30" enameled cast iron sink with apron and a plaster trap in the drainage line, be substituted for one of the cabinet sinks. This extra is for the additional cost of substitution.

Add     \$ 193.00

Total addition to Plumbing Contract     \$ 318.00

F. College of Arts, Classroom Office Building

General Contract

It was originally planned to purchase wood shelving and cabinets as equipment, but it has now been determined that it will be more satisfactory and economical if they are built by the General Contractor. This extra is for the construction of one section of open shelving and two cabinets with doors, all built to fit the spaces and completely finished.

Add \$1,671.00

The architects for this project specified asphalt tile flooring for the fourth floor elevator corridor, but it is recommended that since there is no division between the elevator corridor and the main corridor, the flooring should be the same in both areas. This extra is for the substitution of vinyl asbestos tile in the elevator corridor.

Add \$ 58.00

It is recommended that the large closet in the Assistant Dean's Office, Room 124, be divided into two closets and a new door and frame be provided on the side of the reception and clerical office, Room 125; that the movable partitions between Rooms 113, 113A, 114 and 115 be relocated and revised to provide better room sizes and more uniform wall panels; and that the door between Rooms 114 and 115 be omitted. This extra order is for the additional work involved in these changes.

Add \$ 147.00

The installation of a lavatory in Room 143 has been requested by the College Office and in order to properly install this lavatory, it is necessary to make certain alterations in the masonry partitions and plaster work. This extra is for the additional work involved.

Add \$ 121.00

Total additions to the General Contract

\$1,997.00

Plumbing Contract

It is recommended that a lavatory, which was overlooked in the original program, be installed in Room 143. This lavatory is necessary since the room is to house duplicating machines. This extra is for the additional work involved.

Add \$ 599.00

Electrical Contract

To install three additional duplex electrical outlets in Room 143 because of the change in program to use this room for duplicating work.

Add \$ 30.00

G. College of Engineering, Chemical Engineering Building

General Contract: Because no provision was made in the original drawings for it, the following extra work is necessary:

1. Fill and seal the expansion joints in the concrete floors at the junction between the Unit Operations Laboratory and the main portion of the building. This extra is for filling and sealing these joints with a fiberboard filler with a poured expansive sealer over the top and will prevent water and dirt from sifting through from one floor to another.

Add \$ 133.10

2. Cover with aluminum strips, attached on one side only, the vertical expansion joints in the corridor partitions at the junction between the alternate bay on the east end of the building and the main building. This work will eliminate unsightly joints through which dust and dirt can penetrate.

Add \$ 273.46

It is recommended that a pair of hollow metal doors be substituted for Room 110, Process Developing, because of the danger of fire and explosion in this room. This extra is for the doors and installation.

Add \$ 170.00

The Service Department has found that slab over the existing tunnel, at the point where an opening has been cut for the new tunnel, is not adequately supported. This extra is for installing structural steel supports for the slab at this junction.

Add \$ 225.00

Total additions to General Contract \$ 801.56

Plumbing Contract

To provide roughing-in for a future sink in Room No. 7. This room was originally intended as a Storage Room and no sink was provided. The program now calls for this room to be used as a Laboratory Supply Room. This extra work involves a Duriron drain line, a Duriron vent line up through the building to the main vent stack, a cold water supply line, and certain cutting and patching.

Add \$1,353.00

It is recommended that eight 6" diameter holes be drilled in the concrete floor of the Unit Operations Laboratory to provide access for piping. This extra is for the additional work.

Add \$ 104.00

Total addition to Plumbing Contract \$1,457.00

College of Engineering, Chemical Engineering Building (continued)

Electrical Contract

At the request of the College Office, 16 polishing sinks in Room 231 were relocated around the walls instead of in the center of this room. It is now apparent that certain changes in the electrical work in this room are necessary to take full advantage of the new arrangement. This extra order is for one additional floor outlet, two double duplex outlets and two additional circuits to Room 231 from panel 2H.

Add      \$ 195.00

Heating and Ventilating Contract

Due to a misunderstanding between the Department and the Mechanical Engineers, no provision was made for humidity control in Precision Standards Room No. 401, except that a humidifier was indicated on the drawings. This extra order is for a humidifier, a humidistat and a safety thermostat to prevent coil freeze-up to achieve the essential humidity of 45% in winter and 35% in summer.

Add      \$ 839.30

Due to a discrepancy on the original drawings, it was found that certain duct work in the third and fourth floors of the Unit Operations Laboratory would interfere with the full length travel necessary for the bridge crane. This extra is for additional work to remove a portion of the duct work, provide offset fittings, and install a longer section of duct in a new location.

Add      \$ 431.20

Total addition to Heating and Ventilating Contract

\$1,270.50

July 10, 1959 meeting, Board of Trustees

H. College of Engineering, Classroom-Office Facilities

General Contract

It was originally intended to purchase shelving for three sides of the Humid Room, No. 140, in the Civil Aeronautical Engineering Building, but due to the shape of the room and type of shelving required, it will be more satisfactory and economical to have the shelving built in. Therefore, it is recommended that this extra be added to provide the shelving required.

Add     \$    485.00

The architects for this project omitted the steel framing on two sides of the large duct openings on the second and third floors in Building "A" of the Electrical Engineering Addition. This extra provides for the installation of two 8WF17 steel beams approximately 10'-0" long on each floor with necessary connections.

Add     \$    255.00

It is recommended that vinyl asbestos tile flooring be added in the Maintenance Area No. 11 and Machinery Laboratory No. 13 of the Electrical Engineering Building. There is approximately 10,000 square feet of flooring and about 430 lineal feet of trenches with removable steel plate covers requiring steel bar stops at all edges of the trench frames and covers to protect the edges of the tile. This extra provides the additional work.

Add     \$7,920.00

Total addition to General Contract

\$8,660.00

I. College of Agriculture, Animal Science Building and Remodeling Plumb Hall

General Contract

The Service Department has requested that a new manhole be constructed near the northwest corner of the site at the intersection of a 24" storm sewer and a 10" storm sewer draining the parking lot, which would provide access to these sewers and would act as an area drain in a low part of the site. This extra provides for the construction.

Add     \$    746.00

July 10, 1959 meeting, Board of Trustees

J. College of Law, Complete Building

General Contract

Because of the ambiguous nature of the specifications for asphalt tile flooring in the mezzanine area, the flooring sub-contractor has submitted a request for extra compensation for this work. After arbitration between University officials, the contractors, and the State Architect, it is recommended that this sum of money be added to the general contract for the additional work.

Add     \$1,770.00

K. Service Building

General Contract

It is recommended that a 5' wide steel rolling door be installed in the Oil Storage Room #23 in place of a 3' wide door and that a small window be added. This extra will permit the storage of rock salt for emergency use in winter and a gasoline skid tank in summer.

Add     \$ 283.79

L. College of Dentistry, Addition to Building

Plumbing Contract

It is recommended that two new floor drains be installed in the Small Animal Laboratory. This request is the result of a change in project plans.

Add     \$ 497.12

July 10, 1959 meeting. Board of Trustees

M. North Wing of University Hospital, Radiation Therapy and  
Betatron Additions

General Contract

During excavation, it was discovered that the soil conditions at Footing F-17 were not satisfactory for bearing. It was necessary to excavate three feet deeper to reach firm and suitable bearing soil. This excavation had to be done by hand since it was impossible to move machinery into this area and it also necessitated extending the concrete pier three feet, requiring approximately three cubic yards of concrete as well as additional reinforcing and form.

Add     \$ 209.28

Plumbing Contract

During excavation, it was discovered that the existing sanitary sewer line between existing manhole No. 5 on the north and the Olentangy interceptor sewer would have to be moved to avoid conflict with the new building foundations. This extra order provides for the relocation.

Add     \$ 217.55

Heating and Ventilating Contract

To help relieve a crowded condition caused by 46 pressure gauges and thermometers around the re-heat coils and to make a more practical and accessible arrangement, it is proposed to reduce the size of 46 Dial Pressure Gauges for the 23 Re-heat Coils from 6-inch to 3½ inch dials.

Credit     \$ 391.93

N. North Wing Addition, University Hospital

General Contract

The Administrator of the University Health Service recommends that the window in Room No. 944-N be bricked up and covered on the interior with copper for proper shielding from outside electrical interferences. This is necessary to protect the sensitive electrical equipment which will be used in this room.

Add     \$ 108.00

O. Extension of Time to Contract

Six-inch Standby Steam Line & Pressure Reducing Station in Connection with the Medical Center

Extension of completion date from June 1 to October 1, 1959, for Piping Contractors Company. This extension was requested on May 1, 1959, in a letter addressed to the Department of Public Works, but no notification was made to the University. The delay in completion is due to a delay in receipt of the contract of three months; difficulty in getting around underground service lines; and delay in securing approval of an extra to contract for making the necessary changes to avoid interference with existing lines.

Upon motion of Mr. Allyn, seconded by General Dargusch, the above recommendations, collectively and severally, were unanimously approved by roll call vote.

Note: The following extras to contracts are being processed and firm quotations have not been received. Because of the time element involved, it is recommended that they be approved, the cost of each not to exceed the estimate shown.

P. College of Engineering, Classroom Office Facilities

General Contract

It is recommended that the door frame head for the transformer room be raised to 96" and a removable panel inserted above the 84" doors so that the transformer ordered from the General Electric Company may be installed. This company will void their guarantee if the transformer is tipped or tilted while being moved into the room.

Add     \$   290.00

In order to provide the most satisfactory conditions for maintenance, it is recommended that steel nosings be attached to the steel stair treads in Stairways No. 1 and 2 to protect the front edge of the terrazzo treads.

Add     \$   380.00

General Contract (continued)

It is recommended that, in order to facilitate the movement of heavy traffic occurring at class changes, double doors be installed at the first, second, and third floors in Stairways No. 1 and 2 in lieu of single doors. This extra provides for the substitution of "B" label type hollow metal doors and frames.

Add     \$2,460.00

Electrical Contract

It is recommended that an indoor-type substation in the Power Center Room of the Electrical Engineering Section be installed. The substation is to be furnished by the College of Engineering and this extra is for the labor and material necessary for the installation.

Add     \$1,730.00

Heating and Ventilating Contract

Certain modifications of the vacuum system are being recommended for the Civil and Aeronautical Engineering Section. This extra includes machining suitable grooves for "O" Ring Sealing Gaskets at all flanged connections; changing valves to 12" butterfly type utilizing a rubber type seal; relocating the motor operated valves; replacing electric motor operators with pneumatic cylinder operators, and installing chain operated actuators on the relocated valves in the overhead sphere and exhaust lines.

Add     \$2,500.00

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendations, collectively and severally, were unanimously approved by roll call vote.

**VII. AWARD OF CONTRACTS**

Bids have been received on the following projects and recommendations for award of contracts have been made in accordance with previous Board action:

**A. Institute of Vision and Building Materials Laboratory**

<u>General Contract</u> (5 bids received)	<u>Low Bid</u>	<u>Estimate of Cost</u>
Sheaf Construction Company (Columbus)	\$19,632.00	\$ 47,402.00
<u>Plumbing Contract</u> (3 bids received)		
Limbach Company (Columbus)	7,300.00	6,000.00
<u>Heating Contract</u> (4 bids received)		
The Kuempel Company (Columbus)	17,235.00	18,000.00
<u>Electrical Contract</u> (4 bids received)		
Blum Electric Company (Columbus)	7,680.00	13,500.00
<u>Laboratory Equipment Contract</u> (6 bids received)		
Laboratory Furniture Company, Inc. (Mineola, New York)	5,524.00	14,000.00
<u>Bridge Crane Contract</u> (6 bids received)		
Manning, Maxwell & Moore, Inc. (Muskegon, Michigan)	15,740.00	19,000.00
<u>Total of all contracts</u>	<u>\$73,111.00</u>	<u>\$117,902.00</u>

Funds for this project are available in Item 15 Deferred Maintenance on Present Facilities, H. B. 939, in the amount of \$56,506.27, and a grant from the Lions Club for the Institute of Vision, in the amount of \$50,000.00.

July 10, 1959 meeting, Board of Trustees

The low bids for each division were below the estimates of cost except the Plumbing Division bid. It is believed that no lower bid would be received for this division by readvertisement and the Controlling Board has approved the award of this contract notwithstanding the fact that it is over the estimate. The total for all contracts is substantially below the total estimate of cost for the project.

B. Landscaping and Site Development for Seven Projects

(7 bids received)

	<u>Combination Low Bid</u>	<u>Estimate of Cost</u>
Straders Garden Center (Columbus)	\$17,896.00	\$19,560.00

Funds for this project are available in various building accounts as follows:

College of Engineering, Chemical Engineering Building	\$ 3,175.00
College of Engineering, Classroom-Office Building	2,120.00
College of Agriculture, Animal Science Building	2,540.00
College of Arts, Addition to Chemistry Building	1,590.00
College of Arts, Classroom-Office Building	2,170.00
* Mershon Auditorium	4,010.00
* Siebert Hall	<u>2,291.00</u>
Total	<u>\$17,896.00</u>

\*Transfer from General University Fund.

C. Numerical Computation Laboratory

	<u>Low Bid</u>	<u>Estimate of Cost</u>
<u>General Contract</u>		
(6 bids received)		
E. J. Will & Company (Columbus)	\$ 65,914.00	\$ 57,728.00
 <u>Heating and Ventilating Contract</u>		
(7 bids received)		
The Kuempel Company (Columbus)	63,420.00	56,450.00
 <u>Plumbing Contract</u>		
(4 bids received)		
Piping Contractors Company (Columbus)	6,446.00	7,162.00
 <u>Electrical Contract</u>		
(4 bids received)		
McCarty Bros. Electric Company(Columbus)	40,754.00	43,000.00
<u>Total - all contracts</u>	<u>\$176,534.00</u>	<u>\$164,340.00</u>

Funds for this project are available in the military portion of the Mershon Fund and have been transferred to G-2-P Numerical Computation Laboratory, H. B. 475.

There was good competition in bidding on all divisions of this project and the low bids were under the estimate of cost except for the general and heating divisions. Because of the complexity of this project and since it is unlike normal building remodeling and difficult to estimate, it is believed that no better bids would be received by readvertising.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the above action for award of contracts was approved and ratified by roll call vote.

### VIII. CONTROLLING BOARD APPROVALS

Each numbered approval shown below accomplishes the following purposes:

- 482 Releases without restriction the balance in Item 4 College of Engineering, Chemical Engineering Building, H. B. 939, for contracts and miscellaneous expense for the project "Water Resources Building" and for equipment for the Chemical Engineering Building.
- 488 Releases without restriction the balance in Item 1 Radiation Therapy Unit for North Wing, University Hospital, H. B. 939, for the purchase of equipment.
- 489 Releases without restriction the balance in Item 7b Kinnear Road Research Laboratory, H. B. 939, for the purchase of equipment.
- 491 Releases without restriction the balance in Item 6 College of Dentistry, Addition to Building, H. B. 939, and authorizes entering into contracts without competitive bidding for extra orders for this building.
- 492 Authorizes entering into a contract with Piping Contractors Company, in the amount of \$1,158.98 without competitive bidding and releases without restriction the sum of \$2,979.93 in Item 15 Deferred Maintenance on Present Facilities, H. B. 939, for extra orders for this project.
- 494 Authorizes the purchase of equipment from the Consolidated Electro-dynamics Corporation in the amount of \$21,650.00, without competitive bidding, payable from Item 2 College of Arts, Addition to Chemistry, H. B. 939.
- 495 Authorizes entering into a contract for the purchase of equipment from the Varian Associates in the amount of \$38,417.55 without competitive bidding, payable from Item 2 College of Arts, Addition to Chemistry Building, H. B. 939.
- 496 Authorizes the purchase of equipment from the Spinco Division of the Beckman Institute in the amount of \$23,138.00 without competitive bidding payable from Item 2 College of Arts, Addition to Chemistry Building, H. B. 939.
- 497 Authorizes the purchase of equipment from Allison Laboratories in the amount of \$6,548.00 without competitive bidding payable from Item 1 College of Arts, Classroom Office Building, H. B. 939.
- 498 Authorizes the purchase of equipment from Panoramic Radio Products, Inc., in the amount of \$6,017.61, without competitive bidding payable from Item 4 College of Engineering, Chemical Engineering Building, H. B. 939.
- 500 Transfers balances in 15-G Turbine Repair and 15-M Law School Equipment to Item 15 Deferred Maintenance on Present Facilities, H. B. 939, upon completion of projects.

July 10, 1959 meeting, Board of Trustees

- 501 Transfers and releases \$111,142.53 from various building accounts to Item 2b College of Engineering, Classroom Office Facilities, H. B. 939, and authorizes entering into contracts for air conditioning for the Civil Aeronautical Building without competitive bidding.
- 502 Transfers \$41,000.00 from Item 15 Deferred Maintenance on Present Facilities to Item 15C Land, releases without restriction this amount of money to purchase property located at 21-23-25 West Eleventh Avenue, Columbus, Ohio, and authorizes the purchase of this property.
- 503 Authorizes entering into a contract in the amount of \$1,294.00, without competitive bidding for an extra order payable from Item 10 College of Education, Fine Arts Building, H. B. 939.
- 504 Transfers and releases without restriction \$1,635.45 in Item 15D Reactor Building, H. B. 939, for miscellaneous expenses in connection with this project.
- 505 Transfers and releases without restriction \$13,000.00 from Item 15 Deferred Maintenance on Present Facilities to Item 10 College of Education, Fine Arts Building, H. B. 939, for the purchase of equipment.
- 506 Authorizes entering into a contract with Garwick & Ross without competitive bidding in an amount not to exceed \$15,910.00, payable from Item 15 Deferred Maintenance on Present Facilities for Additional work on Arps Hall.
- 507 Authorizes the purchase of equipment from the Electronic Research Associates, Inc., in the amount of \$1,170.00, without competitive bidding, payable from Item 4 College of Engineering, Chemical Engineering Building, H. B. 939.
- 508 Authorizes the purchase of equipment from Wallace & Tiernan, Inc., in the amount of \$1,397.00 without competitive bidding payable from Item 2b College of Engineering, Classroom Office Building, H. B. 939.
- 509 Authorizes the purchase of equipment from the Leeds and Northrup Company in the amount of \$7,322.55 without competitive bidding, payable from Item 4 College of Engineering, Chemical Engineering Building, H. B. 939.
- 510 Authorizes the purchase of equipment from Consolidated Electrodynamics Corporation in the amount of \$1,818.00 without competitive bidding, payable from Item 4 College of Engineering, Chemical Engineering Building, H. B. 939.
- 511 Authorizes the purchase of equipment from The General Electric Company in the amount of \$4,227.50 without competitive bidding, payable from Item 2 College of Arts, Addition to Chemistry Building, H. B. 939.

- 513 Authorizes entering into a contract for extra work on the project College of Engineering, Classroom Office Facilities, with Gustav Hirsch Organization Inc., in the amount of \$10,400.00, payable from Item 2b, H. B. 939.
- 514 Transfers and releases without restriction \$6,000.00 from Rotary A to G-2-R Scholarship Dormitory, H. B. 475, for architectural fees for this project.
- 515 Authorizes the purchase of equipment from the Perkin Elmer Corporation in the amount of \$30,380.00 without competitive bidding payable from Item 2 College of Arts, Chemistry Building, H. B. 939.
- 516 Transfers and releases \$1,814.47 from Item 15 Deferred Maintenance on Present Facilities, to Item 5b Veterinary Medical Building, H. B. 939, to provide funds for equipment for this project.
- 517 Authorizes the purchase of equipment from Gertsch Products, Inc., in the amount of \$2,400.00 without competitive bidding payable from Item 1 College of Arts, Classroom Office Building, H. B. 939.
- 518 Authorizes the purchase of equipment from the Croll-Reynolds Company, Inc., in the amount of \$7,645.00, without competitive bidding, payable from Item 4, College of Engineering, Chemical Engineering Building, H. B. 939.
- 523 Authorizes entering into a contract with the Upper Arlington Company, Inc., in the amount of \$96,334.91 for construction of the runway at the airport without further competitive bidding, payable from Item 11A Airport Runway Improvement, H. B. 939.
- 524 Releases the balance in Item 7a College of Agriculture, Animal Science Building, H. B. 939, for purchase of equipment.
- 525 Transfers and releases \$730.80 from Item 15 Deferred Maintenance on Present Facilities, to Item 15-P Landscaping and Site Improvement for the Administration Building, H. B. 939, to provide funds for the contract.
- 526 Authorizes entering into contracts for the Reactor Building without further competitive bidding and transfers and releases without restriction the sum of \$88,864.00 from Item 15 Deferred Maintenance on Present Facilities to Item 15D Reactor Building and provides for all contracts and costs for this project.
- 527 Authorizes the purchase of equipment from Research, Inc., in the amount of \$6,962.76 without competitive bidding payable from Item 2b College of Engineering, Classroom Office Facilities, H. B. 939.

July 10, 1959 meeting, Board of Trustees

- 529 Authorizes entering into a contract with Piping Contractors Company for an extra order without competitive bidding in an amount of \$1,823.73, payable from Item 15 Deferred Maintenance on Present Facilities, H. B. 939.
- 533 Transfers and releases without restriction \$171,425.51 from Rotary A to G-2-P Numerical Computation Laboratory for contracts and miscellaneous expenses in connection with the Numerical Computation Laboratory and authorizes entering into contracts for this project without further competitive bidding.
- 534 Transfers \$168.96 from G-2-Q Residence Halls for Women, H. B. 10 to Rotary A upon completion of the project.
- 536 Transfers the following funds from H. B. 475 to Rotary A upon completion of the projects:
- |       |           |
|-------|-----------|
| G-2-A | \$ 314.92 |
| G-2-B | 3,161.24  |
| G-2-E | 7,012.63  |
- 538 Authorizes entering into a contract with Limbach Company in the amount of \$7,300.00 without competitive bidding and approves the transfer of \$56,506.27 from Item 15 Deferred Maintenance on Present Facilities to Item 15-E Institute of Vision, \$29,266.27, and to Item 15-F Building Materials Testing Laboratory, \$27,240.00, and released both without restriction for construction contracts.
- 539 Transfers and releases without restriction \$16,604.73 from Rotary A to G-2-T Institute of Research in Vision, H. B. 475, advancing money for contracts for this project.
- 540 Transfers and releases \$6,301.00 from Rotary A to G-2-U Mershon and Siebert Hall Landscaping, H. B. 475, to provide funds for the construction contracts.
- 542 Transfers and releases without restriction \$14,351.68 from Item 4-C Water Resources Building to Item 4 College of Engineering, Chemical Engineering Building, H. B. 939, a balance from construction costs of this project.

July 10, 1959 meeting, Board of Trustees

**IX. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE**

**A. Special Police Commission**

On the request of the Director of Physical Plant, it is recommended that Paul Elybe given special police commission by the Board of Trustees under authority granted by Section 3345.04 of the Revised Code of the State of Ohio.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the above recommendation was approved by unanimous vote.

**B. Withdrawal of Premium Reserve on Group Life Insurance**

Subsequent to the Board of Trustees' action on March 6, 1959, authorizing the withdrawal of \$52,000.00 from the John Hancock Group Insurance premium reserve to cover payments and death claims through September, 1959, the Ohio Agricultural Experiment Station employees were made eligible for supplemental benefits effective January 1, 1959. In addition, many of the over-70 years of age emeriti are signing up for the Major Medical coverage of \$2,500.00 which is payable by the University. These two factors have reduced the balance of the account so that additional funds are required to complete September payments.

It is, therefore, recommended that Vice President Carson be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$20,000.00 from the dividend reserve on Group Life Insurance Policy No. 1305-G in order to make expenditures at the increased rates for benefits to our emeriti, faculty and staff, effective January 1, 1959, and death benefits as approved by previous action of the Board of Trustees.

Upon motion of Mr. Ketner, seconded by Senator Bricker, this recommendation was approved by unanimous roll call vote.

C. Mechanical Engineer's Contract for East Addition to Baker Hall

The original contract with the Associate Engineer, Drake and Ford, dated October 16, 1957, for engineering services on "East Addition to Baker Hall and Fourth Unit, Eleventh Avenue Residence Halls for Men" stipulated that the engineer was to receive payment based upon the awards of contracts made for the construction of the project. After the engineer had prepared all mechanical plans and specifications for the project, the "East Addition to Baker Hall" was abandoned and no construction contracts awarded. Therefore, there is no legal method to pay the engineer for his services on that portion of the project not constructed.

The Director of Public Works has prepared a supplemental agreement with the Associate Engineer, which document provides a method of payment and establishes the amount due for the services rendered, \$6,231.17. Funds were set aside originally for this work and are available.

It is, therefore, recommended that the Board of Trustees authorize entering into this supplemental agreement with Drake and Ford in an amount of \$6,231.17.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above recommendation was unanimously approved.

D. Employment of Architect for Married Housing Project No. 2

It is recommended that the architectural firm of Tully & Hobbs, Columbus, Ohio, be employed to perform the necessary architectural services for this project. This firm has completed architectural work for Married Housing Project No. 1 and, therefore, part of the service for this second project is of a repetitive nature and a schedule of fees has been calculated to reflect this.

A breakdown of the proposed fee is as follows on the estimated cost of \$1,840,309.00 for the project:

<u>Working Drawings (Housing)</u>		
\$1,000,000 - 2.625%	\$ 26,250	
675,006 - 2.45%	<u>16,538</u>	\$ 42,788.00
<u>Site Work, Utilities, Landscaping</u>		
<u>Gas Meter House</u>		
\$ 165,303 - 4.2%		6,943.00
<u>Supervision</u>		
\$1,000,000 - 1.8%	\$ 18,000	
840,309 - 1.65%	<u>13,865</u>	<u>31,865.00</u>
Total Fee		<u>\$81,596.00</u>

It is further recommended that the Vice President, Business and Finance be authorized to encumber \$81,596.00 from the General University Fund as an advance for this contract until funds are received from the Housing and Home Finance Agency.

Upon motion of General Dargusch, seconded by Mr. Rairdon, the above recommendations were approved by unanimous roll call vote.

July 10, 1959 meeting, Board of Trustees

**IX. Miscellaneous (continued)**

**E. Demolition of Temporary Buildings**

Upon the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that all buildings described below be demolished as soon as they can be vacated.

B & Z Annex upon completion and occupation of new Fine Arts Building

Plumb Hall Annexes (two buildings) upon completion and occupation of remodeled Plumb Hall.

Quonset 7B upon completion and occupation of Chemistry Building Addition.

The demolition of the buildings will be advertised in the usual manner.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above recommendation was unanimously approved.

**F. Diesel-Generating Station, Don Scott Field**

Bids have been received for the low voltage switch gear required to supply public utility power at Don Scott Field. The low bid received was from the General Electric Company in the amount of \$25,090.00. The University's estimate of cost was \$28,780.00.

It is estimated that the cost for installing this equipment will be \$10,000.00. Bids will be received in the usual manner for this work.

Bids will be received for the sale of the diesel generating equipment in August. Funds from the sale of this equipment will be used to cover the cost of the necessary switch gear and its installation and no additional funds shall be appropriated at this time.

In order to implement this transaction, however, it is recommended that the Vice President, Business and Finance, be authorized to advance monies in an amount not to exceed \$36,000.00, from the General University Fund for the purchase and installation of the switch gear. All money received from the sale of the generating equipment will be deposited in the General University Fund.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the above recommendation was approved by unanimous roll call vote.

IX. Miscellaneous (continued)

G. Employment of Engineer, Remodeling of Robinson Laboratory

It is recommended that the firm of H. A. Williams and Associates, mechanical engineers of Columbus, Ohio, be employed to prepare the drawings, specifications, estimate of cost; check the shop drawings; and supervise the construction of the mechanical branches for the Remodeling of Robinson Laboratory.

The mechanical contracts for this project are estimated to cost \$360,000.00.

It is further recommended that the Vice President, Business and Finance, be authorized to negotiate a contract with this firm at a fee which is satisfactory to the Director of Public Works and to the University. Funds will be available in Item 81 Remodel Robinson Laboratory, H. B. 1124, if this House Bill is approved in its present form.

Upon motion of Mr. Allyn, seconded by General Dargusch, the above recommendation was approved by roll call vote.

H. Employment of Engineer, Pomerene Refectory Kitchen Rehabilitation and Expansion

It is recommended that the firm of Robert S. Curl & Associates, mechanical engineers of Columbus, Ohio, be employed to prepare the drawings, specifications, estimate of cost; check the shop drawings; and supervise the construction of the mechanical branches for the project Pomerene Refectory Kitchen Rehabilitation and Expansion.

The mechanical contracts for this project are estimated to cost \$90,000.00.

It is further recommended that the Vice President, Business and Finance, be authorized to negotiate a contract with this firm at a fee which is satisfactory to the Director of Public Works and to the University. Funds will be available in Item 71 Pomerene Refectory Rehabilitation and Expansion, H. B. 1124, if this House Bill is approved in its present form.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was unanimously approved by roll call vote.

**IX. Miscellaneous (continued)**

**I. WOSU-TV Station Septic System**

At the WOSU-TV Station, a septic system was installed at the time the building was built in 1954 to provide for an estimated occupancy of from 10 to 15 people. There are now as many as 50 people per day using this building, and the septic system is completely inadequate.

It is proposed to install a new 2,000 gallon septic tank ahead of the existing 850 gallon tank and to install 800 linear feet of additional 4-inch effluent lines. The estimated cost for this work is \$1,800.00.

It is, therefore, requested that the Vice President, Business and Finance, be authorized to proceed with this improvement in accordance with normal procedures. Funds will be available in Item 81 Improvement of Existing Physical Plant - General Rehabilitation, Renovation and Repairs to Physical Plant, H. B. 1124, if this House Bill is approved in its present form.

Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the above recommendation was unanimously approved by roll call vote.

**J. Main Gas Line to East Campus**

The main gas line feeding the entire east campus has deteriorated to the point where some major improvements must be made. That portion of the line from the gas company main along Woodruff Avenue, extending south under the State Highway Testing Laboratory to a meter station located in the semi-enclosed court, south of the State Highway Testing Laboratory, now has seven leaks with clamp-on type patches.

Officials of the Ohio Fuel Gas Company have advised us that the present meter installation is now obsolete for the pressures which they are carrying and should be replaced with a larger meter station, which would, in turn, require a larger meter house than we now have.

Gas Line to East Campus (continued)

In order properly to furnish gas service with the greatest efficiency and safety to this portion of the campus, it is recommended that a new gas main be installed from Woodruff Avenue between the Engineering Experiment Station and the Chemical Engineering Building using the existing brick storage building now located between these two buildings or constructing a new gas metering station at the northeast corner of the Industrial Engineering Building, connecting it to the low pressure main in the tunnel along the east side of the Industrial Engineering Building, whichever may be more practical.

It is, therefore, requested that the Vice President, Business and Finance, be authorized to proceed with this improvement in accordance with normal procedures, the cost of which shall not exceed \$15,000.00. Funds will be available in Item 75 Additional Underground Utilities, H. B. 1124, if this House Bill is approved in its present form.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above recommendation was unanimously approved by roll call vote.

X. RESOLUTION IN MEMORIAM

A. Theodore Ely Hamilton

The Board of Trustees expresses its sorrow at the death of Theodore Ely Hamilton, Assistant Professor Emeritus of Romance Languages, on May 23, 1959.

Professor Hamilton was born in Fredonia, New York on April 6, 1869, and received his bachelor's degree with distinction from Harvard University in 1899, his master's degree and his doctor's degree in Romance Languages from the University of Missouri in 1900 and in 1908 respectively. He studied there mainly under Raymond Weeks, who later had a distinguished career at Columbia University.

After teaching briefly as an Instructor at the University of Illinois and the University of Missouri, Dr. Hamilton came to The Ohio State University as an Assistant Professor in 1909. He remained an active member of the faculty for thirty years and retired in 1939 at the age of seventy.

Professor Hamilton was a thorough and conscientious teacher. Some of his former students still speak today, not only of the French they learned in his classes, but of the exact knowledge of English grammar upon which he always insisted. He had a traditional dignity, tempered by a quiet sense of humor which never left him. During his leisure moments, he prepared a volume of verse translations of French and German poems which he admired, and also wrote some original poetry on themes which interested him.

Professor Hamilton was favored with excellent health throughout his life. He greatly enjoyed the varied program of Chautauqua during vacations as well as several periods of travel and study in Europe. Even-tempered and without guile, Professor Hamilton was respected and esteemed by all who knew him. He had a wide interest in simple things which kept his mind and spirit active through nearly all of the twenty years of his long and enjoyable period of retirement. His life was in every sense complete and happy as few lives are. His friends will long remember him with warmth and affection.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

July 10, 1959 meeting, Board of Trustees

B. Lawrence A. Kauffman

The Board of Trustees expresses its sorrow at the death of Lawrence A. Kauffman, Professor of Animal Science, on June 18, 1959.

Professor Kauffman was born in Dayton, Ohio, on January 2, 1898. Following his graduation from Fairmont High School in 1915, he entered The Ohio State University and received his bachelor's degree in agriculture in 1920. He was the County Agricultural Agent in Jackson County, Ohio, from 1920 until 1924, when he joined the extension staff of The Ohio State University as a livestock specialist. Iowa State College granted him a teaching fellowship in 1927, and he obtained his master's degree from that institution in 1928 while on leave from Ohio State.

In 1933 Mr. Kauffman left the University to become Executive Secretary of the Ohio Wool Growers Cooperative Association. During the twelve years he was with this wool marketing association, he became well-known as an authority on wool. In recognition of his competence, he was appointed to the National Advisory Committee on Sheep and Wool Research for the United States Department of Agriculture. Later he served as a member of the National Wool Merchandising Advisory Committee for the Commodity Credit Corporation. Professor Kauffman helped organize and was a member of the Board of Directors of the American Sheep Producers Council. He was also the Executive Secretary of the Ohio Council of Farm Cooperatives from 1945 to 1947. During this same period, he was President of the Ohio Council of Agricultural Research and a Director of the National Council of Farmer Cooperatives.

The Ohio State University was fortunate once again to secure the services of Mr. Kauffman in 1947 when he was appointed Professor of Animal Science. Professor Kauffman was recognized as one of the outstanding teachers in the College of Agriculture and Home Economics. In 1955 the students of the College honored him by naming him Professor of the Year.

On July 1, 1955, Professor Kauffman was appointed Chairman of the Department of Animal Science at The Ohio State University and at the Ohio Agricultural Experiment Station. In addition to his departmental teaching, research, and administrative duties, he was extremely active in College of Agriculture and Home Economics and University affairs. Such activities included membership on the Faculty Council, the University Planning Committee, the Conference Committee of the Teaching Staff, and the Advisory Committee to the President and the Board of Trustees.

July 10, 1959 meeting. Board of Trustees

Lawrence A. Kauffman Memorial (continued)

Late in 1957 and due to failing health, Professor Kauffman asked to be relieved of his administrative responsibilities and relinquished the duties as Department Chairman on December 31, 1957. However, he continued in active service with the Department of Animal Science, the College and the University.

One of his last important contributions was planning for the construction and equipping of a new home for the Department. During a lifetime of service to agriculture in its many facets-- education, research, business--Professor Kauffman stood out as a respected leader, a valued consultant, and an esteemed co-worker.

On behalf of the entire University, the Board of Trustees expresses to the family its deepest sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

Dormitory Revenue Bonds, Series E and F  
Designation of Special Counsel

Senator Bricker presented the following Resolution and recommended its adoption:

RESOLVED, that The Ohio State University and its Board of Trustees request the Attorney General of the State of Ohio to appoint Squire, Sanders & Dempsey as Special Counsel in connection with the financing and other legal matters relating to the projects known as Married Housing Project No. 2, Medical Interns Quarters, and Dormitory F for Women and in connection with the issuance of approximately \$2,850,000 Dormitory Revenue Bonds, Series E, and \$2,550,000 Dormitory Revenue Bonds, Series F, to finance said projects, said appointment to be on terms substantially as set forth in the following form of designation, which terms are the same as those under which said firm is presently acting as Special Counsel with respect to the Series C and D Dormitory Revenue Bonds and the projects to be financed therefrom, namely, Building No. 4 of the 11th Avenue Dormitories and Married Housing Project No. 1 and the officers of the University are authorized to take any action necessary to obtain such designation of Special Counsel:

July 10, 1959 meeting, Board of Trustees

DESIGNATION OF SPECIAL COUNSEL  
BY  
ATTORNEY GENERAL

Pursuant to the power vested in me by Section 109.07, Revised Code, and pursuant to the recommendation of the Board of Trustees of The Ohio State University and their request conveyed to me by Gordon B. Carson, Vice President, Business and Finance, relating to the appointment of Bond Counsel for said Board of Trustees, I, Mark McElroy, Attorney General, State of Ohio, hereby appoint the firm of Squire, Sanders & Dempsey, Attorneys at Law, Cleveland, Ohio as Special Counsel to act as Bond Counsel for The Ohio State University in connection with the issuance and sale of Dormitory Revenue Bonds, Series F, with respect to which loan application is being made to Housing and Home Finance Agency of the United States, to finance, in part, the project known as Married Housing Project No. 2, Medical Interns Quarters, and Dormitory F for Women.

Whenever the term "bond" or "bonds" or "obligations" occur in the Designation of Special Counsel, said term, if appropriate to the context, may be construed to mean any type of definitive bond, interim receipt, or temporary bond, which said University is authorized to issue and sell.

It is stipulated that no compensation shall be paid or be payable to Special Counsel based on the exchange of temporary bonds for permanent bonds.

Said Special Counsel shall promptly and as expeditiously as is reasonably possible:

1. Assist and advise the Board of Trustees of the University and the University officials in the development of terms and conditions for the financing of the Project from revenues, including the study and investigation of plans and reports related thereto, participating with the Board and the University officials in discussions regarding such financing, and examining various documents which may be submitted in connection with such financing.
2. Prepare all necessary documents relating to such financing including the bond resolution, the trust agreement, if any, temporary and definitive bond forms, bond purchase agreement, and public sale proceedings, legal portions of the prospectus, develop the necessary bond transcript and other necessary legal documents related to such financing.
3. Advise the Board of Trustees on the legality of all proceedings and documents relating to such financing.
4. Render an approving opinion as to the validity of the bonds upon their issuance and delivery, and such related opinions as are required.
5. Supervise the program for delivery of and payment for such bonds or notes as may be issued as an incident of such financing.

July 10, 1960 meeting, Board of Trustees

Said Special Counsel in full payment and compensation for services rendered and to be rendered as Bond Counsel hereunder, shall be paid and shall receive: \$1,400 plus 75¢ per \$1,000 of Series E and F Bonds. In addition to such compensation Special Counsel will be reimbursed for their actual and necessary expenses including travel, telephone, and the like, incurred in the performance of their duties as Bond Counsel.

The foregoing services as Bond Counsel shall not be deemed to include negotiations and preparation or review of loan agreement, applications and related papers with the Housing and Home Finance Agency, preparation or review of construction or architect's or engineering contracts, or proceedings in connection with the advertising, authorization or execution thereof, title matters relating to the project site, negotiations or preparation of approvals, certifications or other documents required from state officials, services on interim financing, any extensive work in preparation or review of prospectus or official statements for bidders, or preparation or review of new legislation.

It is understood that the compensation provided for herein is based on an issue of Series F Bonds aggregating approximately \$2,550,000 and on the issuance of approximately \$2,850,000 of Series E Bonds for which said attorneys are also engaged as Bond Counsel on the same terms as provided for the Series F Bonds (\$1,400, plus 75¢ per \$1,000 of Series E Bonds), but such fees for the Series E Bonds to be paid by the purchasers. If the aggregate bonds issued vary materially from this amount, appropriate adjustment will be made in the compensation, and if no bonds are issued reasonable compensation for Bond Counsel services shall be paid by the University not in excess of \$2,000.

Further, in accordance with said Section 109.07, Revised Code, I designate and appoint said firm to act as Special Project Counsel in connection with matters relating to the financing and the Project and not included in services as Bond Counsel; that said firm shall be paid reasonable compensation for said services including copies of documents prepared, and that such services as such Project Counsel include negotiations and preparation of loan agreement and related papers with the Housing and Home Finance Agency, matters relating to construction contracts, construction bids and payment of architects and contractors, title matters relating to the project site, approvals by state officials and advice with respect to interpretation of existing or proposed legislation necessary to permit consummation of the Project or the financing thereof.

It is expressly understood that the fees of said Bond Counsel or such Special Project Counsel payable by the University shall be paid solely from the proceeds of the sale of dormitory revenue bonds or other unencumbered dormitory funds of the University legally available for such purpose and said counsel shall have no right or cause of action for such fees save and except from the proceeds of such bonds or from such unencumbered dormitory funds.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the above resolution was unanimously adopted.

July 10, 1960 meeting, Board of Trustees

Acceptance of 11th Avenue Residence Halls for Men Project

Senator Bricker presented the following statement and Resolution and recommended its adoption:

The Eleventh Avenue Residence Halls for Men, Project 33-CH-53(D), has been determined to be substantially complete as of June 1, 1959 and the installation of the House Telephone System was substantially complete as of June 17, 1959. The various phases of the project were completed and occupied at different dates.

The kitchen, dining area, and remodeling of Baker Hall was substantially complete September 8, 1958 and was occupied September 29, 1958.

Building No. 1 (Stradley Hall) was substantially complete and occupied January 5, 1959.

Building No. 2 (Park Hall) was substantially complete and occupied March 31, 1959.

Building No. 3 (Smith Hall) was substantially complete June 1, 1959, and will be occupied at the beginning of the Autumn Quarter, 1959.

NOW, THEREFORE, BE IT RESOLVED, that the following contracts have been completed satisfactorily and in accordance with the plans and specifications and the contract documents:

Garwick & Ross, Inc.	General Contract
Huffman-Wolfe Company	Heating & Ventilating Contract
Huffman-Wolfe Company	Heating & Ventilating Alt 1-H Contract
C. W. Davis & Sons, Inc.	Plumbing Contract
McCarty Bros. Electric Co.	Electrical Contract
Ruslander & Sons Co.	Kitchen Equipment Contract
Lieb-Jackson, Inc.	6" Steam Line Contract
Lieb-Jackson, Inc.	10" Steam Line Contract
Garwick & Ross, Inc.	Site Improvement Contract
McCarty Bros. Electric Co.	House Telephone Contract

BE IT FURTHER RESOLVED, that inasmuch as the various phases of the project were completed prior to June 1, 1959, and certain of these phases were occupied prior to June 1, 1959, the non-completion of the contract on the date specified in the contract documents as February 1, 1959, in no way caused loss of revenue to the Dormitory Revenue Fund, the assessment of liquidated damages applicable to those contracts completed subsequent to February 1, 1959 are hereby waived.

BE IT FURTHER RESOLVED, that the contractors are in no way relieved from their contractual obligations in correcting the defective work covered in the warranty clause of the General Conditions.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above resolution was unanimously adopted.

July 10, 1959 meeting, Board of Trustees

Student Hospital and Medical Insurance

A review of the bidding documents for student hospitalization and medical insurance, originally received and tabulated on February 17, 1958, shows that the Continental Casualty Company continues as the "lowest and best" bidder. These bidding documents all contained provision for a review of rates and adjustments thereto, if experience warranted it.

NOW, THEREFORE, BE IT RESOLVED, that the Continental Casualty Company be continued as the insurer for The Ohio State University Plan of Voluntary Student Hospitalization and Medical Insurance, at a new rate of \$5.00 per quarter, on the basis of the resolutions passed by this Board on April 11, 1958 and November 8, 1957.

/s/ Carlton S. Dargusch

/s/ John W. Bricker

/s/ Smith L. Rairdon

Upon motion of General Dargusch, seconded by Senator Bricker, the above recommendation was approved by unanimous roll call vote.

July 10, 1959 meeting, Board of Trustees

The following Report of the Committee on Retirement and Insurance was presented:

That the Resolution of the Board of Trustees, dated February 6, 1959, be amended to read follows:

That the University's supplemental benefit to faculty members and staff members who were members of the University's retirement plan and who retired prior to August 1, 1959, shall be supplemented, effective August 1, 1959, by such an amount, which when added to all other retirement income from the State Retirement System, the University's Annuity Plan, and the University's present Supplemental Plan, shall equal the amount of \$3,600.00 per annum, provided such retired person retired for any of the following reasons:

- (a) Attainment of age 70
- (b) After 30 years of service
- (c) For physical disability

provided that faculty and staff members who were members of the University's Retirement Plan, who retired prior to August 1, 1959, and prior to attaining the age of 70, and with less than thirty years of service, shall also be entitled to a supplemental benefit to be computed as above set forth, except that the amount of the supplemental benefit shall be reduced by 1/30th for each year that service in the University was less than thirty years, provided further that the supplemental benefit for persons who were employed part time shall be reduced accordingly, i. e. such supplemental benefits shall be based on the percentage of part time employment to full employment.

The supplemental benefits herein provided shall be paid from the Group Insurance dividend reserve and the funds required are hereby appropriated from said reserve.

The above action is subject to the passage of H. B. 397 and Amended S. B. 160.

/s/ Carlton S. Dargusch  
/s/ John W. Bricker  
/s/ Smith L. Rairdon

Upon motion of General Dargusch, seconded by Senator Bricker, the above resolution was unanimously approved by roll call vote.

Dean - College of Agriculture and Home Economics

The Chairman, Judge Gorman, reported that, following the announcement of Dean Leo L. Rummell's plan to retire on December 31, 1959, he had conferred with the President of the University concerning the procedures to be followed in the selection of a successor for the position of Dean of the College of Agriculture and Home Economics; and that President Fawcett was authorized to appoint a committee with representatives from the faculty of the College of Agriculture and Home Economics to advise the Board of Trustees and the President in making the selection of a person for the above-named position.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board approved and ratified the appointment of a committee to advise the President and the Board of Trustees in the selection of a person for the position of Dean of the College of Agriculture and Home Economics.

Chairman

**THE OHIO STATE UNIVERSITY**  
**OFFICIAL PROCEEDINGS OF THE**  
**NINE HUNDRED AND FORTY-FIRST MEETING**  
**OF THE BOARD OF TRUSTEES**

Gibraltar Island, Ohio, September 7, 1959

The Board of Trustees met at Gibraltar Island, pursuant to adjournment.

Present: Judge Robert N. Gorman, Chairman, Stanley C. Allyn, Senator John W. Bricker, Forrest G. Ketner, Thomas F. Patton, Smith L. Rairdon and Alan B. Loop, appointed by Governor DiSalle on July 23, 1959 and confirmed by the Senate July 24, 1959, for the term beginning July 23, 1959 and ending May 13, 1966.

Judge Gorman now welcomed Mr. Loop to this his first meeting as a member of the Board of Trustees.

\* \* \*

The minutes of the last meeting were approved.

\* \* \*

Judge Gorman requested the following named members of the Board to serve on a Committee to interview prospective candidates for the position created by the retirement of Dean and Director L. L. Rummell which has been announced to be effective January 1, 1960; Senator John W. Bricker, Forrest G. Ketner and Judge Robert N. Gorman, Chairman.

The Chairman further requested the above Committee to serve in the capacity of planning an appropriate program to recognize the distinguished leadership and dedicated service of Dean and Director Rummell.

President Fawcett reported that the Faculty Committee appointed to advise in the selection of a successor to Dean Rummell has been working diligently and that he expects to have, within a few weeks, the names of several candidates to be considered for the position.

September 7, 1959 meeting, Board of Trustees

President Fawcett presented the following:

I. GENERAL RECOMMENDATIONS

A. Authorization for President Fawcett's Executive Visit to India

The Ohio State University, College of Agriculture and Home Economics, is now in its fourth year of a contractual agreement between the University and the government of the United States of America as represented by the International Cooperation Administration. The present contract, unless renewed, expires June 30, 1960. Five states are involved in this contractual relationship--Ohio, Illinois, Kansas, Missouri, and Tennessee.

For nearly two years there has been considerable interest on the part of both American and Indian officials in having the presidents of The Ohio State University, University of Illinois, Kansas State College, University of Missouri, and University of Tennessee make executive visits in the field. Last January such a visit was impossible because of conflicts with our legislative responsibilities. Four of the five presidents are requesting authority from their respective boards to make official visits during the month of January, 1960. If authority is granted, the plan is to leave New York on December 26, 1959, and return early in February.

Therefore, it is requested that authority be granted to the President of The Ohio State University to make an executive visit to India in accordance with the terms of the contract and within the time schedule listed above.

Upon motion of Mr. Ketner, seconded by Senator Bricker, President Fawcett was authorized, by unanimous roll call vote, to plan for the executive visit to India.

B. Lamme Medal Award Committee

On June 28, 1930, the Board of Trustees established an Engineering Faculty Committee to recommend recipients for the Benjamin G. Lamme Medal and to report its nominations to the Board of Trustees. This committee has, pursuant to this action, consisted of the chairmen of the degree-giving departments of the college with the chairman of a service department as the committee chairman. Another committee of the college makes recommendations to the University Committee on Honorary Degrees and selects nominees for the college Distinguished Alumnus Award. In order that these different recommendations be coordinated and, on the suggestion of Dean Bolz, endorsed by Vice President Heimberger, I now recommend that the Board amend its action of June 28, 1930, to read:

September 7, 1959 meeting, Board of Trustees

General Recommendations (continued)

"That in order to carry out the provisions of the will of Benjamin G. Lamme in reference to the award of medals in the College of Engineering, the Faculty of the college be requested to establish procedures for the recommendation of nominees for these awards to the Board of Trustees. "

Affirmative action on this amendment will permit the Faculty of the College of Engineering to make nominations or to delegate this responsibility to a Faculty committee.

C. Ohio Union Policy Statements Re-established in Rule Form

At the time of the 1958 Codification of "Rules for the University Faculty" the Board of Trustees' policy statements for the Ohio Union were examined and found to be obsolete. However, action was postponed because the Director's position was vacant and other changes in the staff and student organization were pending.

I am recommending that the Ohio Union policies be re-established in the form of a rule to replace obsolete legislation which outlined the Ohio Union organization when the new building opened. It is the purpose of the new rule to define the role of the Ohio Union and to outline the functions of the Director, the Ohio Union Council and the Ohio Union Activities Board.

Initial preparation of the new rule statement was undertaken by a joint committee of staff and student representatives. Extensive consultations were held over a long period by the two Cabinet officers concerned, with the Director and staff of the Ohio Union, and members of the Ohio Union Board of Overseers--both staff and students. Finally after a Spring Quarter meeting of the Ohio Union Board of Overseers, a joint conference was held between Ohio Union Board members and Mr. Mount acting in his capacity as Secretary of the Board of Trustees. Two recent revisions, one in June, another in August, have been circulated to all members of the Ohio Union Board of Overseers as a matter of further consultation.

The proposed rule is as follows:

September 7, 1959 meeting, Board of Trustees

General Recommendations (continued)

54.00. The Ohio Union\*

54.01. Purpose

The Ohio Union is established as the community center of the University for the primary purpose of serving its students in their cultural, social, recreational, and organized activities. It is also established to serve the faculty, staff, and alumni of the University as well as their guests.

54.03. Director.

The Director, Ohio Union, shall be the chief administrator of the Ohio Union. He shall have the general administrative responsibility for its program and its financial affairs. The Director shall be responsible to the Vice President, Business and Finance, on all matters relating to the business Management and financial affairs of the Ohio Union, and to the Executive Dean, Student Relations, on all matters relating to the student activities and program of the Ohio Union.

54.05. The Ohio Union Council.

The Ohio Union Council shall consist of sixteen members chosen as follows:

- a. Eight student members chosen as follows: (1) five student directors of the Ohio Union Activities departments, ex officio; (2) two students elected by the students of the University for a term of two years, one to be elected each year, and (3) one student elected by the Council from the retiring ex officio members for a term of one year.
- b. Seven faculty and staff members chosen as follows: (1) the Vice President, Business and Finance; the Executive Dean, Student Relations, and the Director, Ohio Union, ex officio; (2) the Program Director, Ohio Union, ex officio, but without the right to vote; (3) two members of the University Faculty, and (4) one residence halls staff representative. The faculty and staff members shall be appointed by the President for a term of two years.

\*Rule initiated by the Board of Trustees.

September 7, 1959 meeting, Board of Trustees

- c. One Alumni member designated by the Ohio State University Association for a term of two years under such procedures as the Association shall adopt.

The faculty, staff, and alumni members shall not serve more than two consecutive terms on the Council.

Subject to the general authority of the President and the Board of Trustees, the Ohio Union Council shall establish the program policies of the Ohio Union and shall assist in the development of all of its student activities programs. It will advise the Director on other matters pertaining to the operation of the Ohio Union, but the Council shall not serve in an administrative or executive capacity.

The president of the Ohio Union Activities Board (See Rule 54.07) shall serve as Chairman of the Ohio Union Council; the Director, Ohio Union, shall serve as the Executive Secretary of the Ohio Union Council.

54.07. The Ohio Union Activities Board.

The Ohio Union Activities Board shall consist of the eight student members of the Ohio Union Council. This Board shall plan, direct and coordinate the Ohio Union student programs under policies formulated by the Ohio Union Council and subject to the availability of program funds.

I am recommending, therefore, the adoption of the above Rule 54.00, entitled The Ohio Union, to be added to the publications "Rules for the University Faculty" and the "Official Student Handbook of Rules and Regulations." The Rule will become effective immediately after its adoption. Because present membership will be affected otherwise, I am also asking for authorization to allow a two-year transition period which will permit ten present student members to serve during the 1959-60 school year, and nine student members during the 1960-61 school year, on the Ohio Union Council and the Ohio Union Activities Board.

September 7, 1959 meeting, Board of Trustees

General Recommendations (continued)

D. Amendment to Rule 35.07 for the University Faculty -  
Em-Examination Credit

To clarify educational policy on examination credit and to broaden this policy as a means of increasing our emphasis on the Advanced Placement Program, the Faculty Council on August 25, 1959, recommended, and I concur in the recommendation, that the Em-Examination portion of Rule 35.07 be deleted and the following two sections be inserted in its place:

Section 1. This mark indicates credit given to students registered in the University on the basis of examinations taken prior to or after admission to the University. The level of achievement which must be demonstrated by the student on these examinations in order to receive EM credit shall be determined by the Department or School in which the course for credit is being given is taught. This credit, up to a maximum of thirty quarter credit hours, shall be assigned only upon the authorization of the Chairman of such Department or the Director of such School and with the approval of the Executive Committee of the College in which the student is registered. An additional fifteen examination quarter credit hours may be assigned in the same manner but only with the approval of the Faculty Council.

Section 2. Examination credit shall not be given to a student for a course in which he has received a mark at this University. No credit points are allowed for courses in which a mark of EM is given.

E. Budget for Traffic and Parking

The Commission on Traffic and Parking has submitted an operating budget for the fiscal year 1959-60, in the amount of \$140,150 and the Vice President, Business and Finance has reported that this amount is within the estimated revenue from the parking permits and the paid parking facilities.

I, therefore, recommend that the Commission on Traffic and Parking 1959-60 annual operating budget in the amount of \$140,150.00 be approved.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above recommendations were approved by roll call vote.

**III. GENERAL CONTRACTS AND AGREEMENTS**

**A. The Ohio State University and  
The Ohio State University Research Foundation**

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation, setting up the following projects, be reported to the Board of Trustees for information and record:

**1. Government Contracts**

- a. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Mosquito Studies (to be known as National Institutes of Health Project 702 - Extension #3 - Department of Zoology and Entomology).  
Gross Value - \$16,100.00.
- b. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Antigenic Changes in Virus-Treated Erythrocytes (to be known as National Institutes of Health Project No. 707 - Extension #3 - Department of Bacteriology).  
Gross Value - \$23,841.00.
- c. Base Procurement Office, Aeronautical Chart & Information Center, Second and Arsenal, St. Louis 18, Missouri. For Reduction of Gravity Data for Missile Guidance Purposes (to be known as Aeronautical Chart & Information Center Project No. 771 - Supplement #7 - Department of Geology).  
Gross Value - \$13,398.00.
- d. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Excitation and Inhibition in the Vertebrate Retina (to be known as National Institutes of Health Project No. 782 - Extension #2 - Department of Ophthalmology).  
Gross Value - \$9,602.00.
- e. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For serologic Studies in Rheumatoid Arthritis (to be known as National Institutes of Health Project No. 785 - Extension #2 - Department of Medicine).  
Gross Value - \$12,420.00.

September 7, 1959 meeting, Board of Trustees

- f. Douglas Aircraft Company, Inc., Santa Monica Division, Santa Monica, California. For Aerodynamic Tests and Research (to be known as Douglas Aircraft Company, Inc. Project No. 790 - W. O. Nos. 10, 11, 14, 16 - Department of Aeronautical Engineering).  
Gross Value - \$108,000.00.
- g. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Design and Construction of a Luminous Shock Tube for Quantitative High Temperature Spectrographic Investigations of the Basic Parameters (to be known as Air Force Cambridge Research Center Project No. 845 - Supplement #3 - Department of Physics).  
Gross Value - \$14,500.00.
- h. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For A Phytochemical Search for Medicinal Constituents (to be known as National Institutes of Health Project No. 865 - Extension #1 - College of Pharmacy).  
Gross Value - \$21,112.00.
- i. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Respiratory Control in Hypoxia and Exercise (to be known as National Institutes of Health Project No. 866 - Extension #1 - Department of Physiology).  
Gross Value - \$15,000.00.
- j. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Ornithogalum Umbellatum (to be known as National Institutes of Health Project No. 867 - Extension #1 - College of Pharmacy).  
Gross Value - \$15,935.00.
- k. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Cardiac Output by Conductivity Dilution (to be known as National Institutes of Health Project No. 868 - Extension #1 - Department of Physiology).  
Gross Value - \$9,994.00.
- l. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Bacteriological Studies of Dental Calculus (to be known as National Institutes of Health Project No. 869 - Extension #1 - College of Dentistry).  
Gross Value - \$11,585.00.

September 7, 1959 meeting, Board of Trustees

- m. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Influence of Antibiotic Feeding on Poultry Products (to be known as National Institutes of Health Project No. 871 - Extension #1 - Department of Bacteriology).  
Gross Value - \$6,180.00.
- n. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Phospholipide Metabolism in Relation to Cell Division (to be known as National Institutes of Health Project No. 911 - Supplement #1 - Institute of Nutrition and Food Technology).  
Gross Value - \$4,554.00.
- o. State of Ohio, Department of Education, State Office Building, Columbus, Ohio. For an investigation of Patterns of Academic Expectancy (to be known as State of Ohio, Department of Education Project No. 970 - New - College of Education).  
Gross Value - \$2,796.00.
- p. National Science Foundation, Washington 25, D. C. For Analysis of Antarctic Micrometeorological Data (to be known as National Science Foundation Project No. 971 - New - Department of Geology).  
Gross Value - \$37,973.00.
- q. Commander, Air Force Office of Scientific Research, ARDC, Washington 25, D. C. For an investigation of High Frequency Oscillation Phenomena (to be known as Air Force Office of Scientific Research Project No. 972 - New - Department of Electrical Engineering).  
Gross Value - \$39,920.00.
- r. U. S. Army Signal Supply Agency, Fort Monmouth Procurement Office, Fort Monmouth, New Jersey. For Temperature Measurements at Altitudes Above 120,000 Feet (to be known as U. S. Army Signal Supply Agency Project No. 973 - New - Department of Electrical Engineering).  
Gross Value - \$34,972.00.
- s. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. Conduct an Estimated 5,000 Examinations and Provide Human Specimen Material for Study Related to Cancer in Large Bowel (to be known as National Institutes of Health Project No. 974 - New - University Hospital, College of Medicine).  
Gross Value - \$12,768.00.

September 7, 1959 meeting, Board of Trustees

- t. Base Procurement Office, Aeronautical Chart and Information Center, Second and Arsenal Streets, St. Louis 18, Missouri. For an Evaluation of the "Herget Method" of Analytical Aerial Triangulation from Tri-Metrogon Photography (to be known as Aeronautical Chart and Information Center Project No. 975 - New - Department of Geology).  
Gross Value - \$18,623.00.
- u. Commander, Rome Air Development Center, ARDC, Griffiss Air Force Base, New York. For an investigation of Human Aspects of Photographic Interpretation (to be known as Rome Air Development Center Project No. 976 - New - Institute for Research in Vision).  
Gross Value - \$79,935.00.
- v. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Caries Diagnosis and Experimental Caries Conference (to be known as National Institutes of Health Project No. 977 - New - College of Dentistry).  
Gross Value - \$14,950.00.
- w. Department of Health, Education & Welfare, Office of Education, Washington 25, D. C. For an investigation and Measurement of the Social Values Governing Interpersonal Relations Among Adolescent Youth and Their Teachers (to be known as Health, Education & Welfare, Office of Education Project No. 981 - New - Department of Psychology).  
Gross Value - \$37,808.00.
- x. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Fundamental Problems of Retinal Function (to be known as National Institutes of Health Project No. 983 - New - School of Optometry).  
Gross Value - \$9,710.00.
- y. National Science Foundation, Washington 25, D. C. For an investigation of Ionic Substitution in Monoclinic Pyroxenes (to be known as National Science Foundation Project No. 984 - New - Department of Mineralogy).  
Gross Value - \$16,400.00.
- z. National Science Foundation, Washington 25, D. C. For an investigation of Turbulent Motion and Mixing (to be known as National Science Foundation Project No. 985 - New - Department of Chemical Engineering).  
Gross Value - \$21,200.00.

September 7, 1959 meeting, Board of Trustees

- a1. Department of Health, Education & Welfare, Office of Education, Washington 25, D. C. For Testing the Effectiveness of Two-Purpose Television Programs in Contributing to Both Teacher and Pupil Learning (Elementary Science) (to be known as Health, Education & Welfare, Office of Education Project No. 986 - New - College of Education).  
Gross Value - \$35,072.00.
- a2. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Mapping Renal Blood Flow (to be known as National Institutes of Health Project No. 987 - New - College of Medicine).  
Gross Value - \$10,255.00.
- a3. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Cardiac and Vascular Effects of Shed Blood (to be known as National Institutes of Health Project No. 988 - New - Department of Physiology).  
Gross Value - \$8,679.00.

TOTAL - \$663,282.00

2. Industrial Contracts

- a. Alloy Casting Institute, 1001 Franklin Ave., Garden City, New York. For an investigation of Cast Corrosion Resistant Alloys (to be known as Alloy Casting Institute Project No. 350 - Amendment #11 - Engineering Experiment Station).  
Gross Value - \$24,000.00
- b. University of Illinois, Business Office, Purchasing Division, 203 Administration Building E, Urbana, Illinois. For Transmission of Pulsed Radio Signals at 6.4MC/S (to be known as University of Illinois Project No. 473 - Modification #20 - Department of Electrical Engineering).  
Gross Value - \$1,200.00.
- c. General Electric Company, Missile and Space Vehicle Department, 3198 Chestnut St., Philadelphia 4, Pennsylvania. For Study of Aerodynamic Pressure (to be known as General Electric Company Project No. 897 - New - Department of Aeronautical Engineering).  
Gross Value - \$2,613.89.
- d. The Illuminating Engineering Research Institute, 1860 Broadway, New York 23, N. Y. For an investigation of Lighting Principles Used to Reduce Reflected Glare from Ceiling-Mounted Luminaries (to be known as The Illuminating Engineering Research Institute Project No. 949 - New - Institute for Research in Vision).  
Gross Value - \$7,321.00.

September 7, 1959 meeting, Board of Trustees

- e. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Studies on the Oxidative Metabolism of Heart on Cholesterolized Rats and Rabbits and of Heart Muscle and Arteries During Adrenocortical Insufficiency in Rats (to be known as Central Ohio Heart Association Project No. 966 - New - Department of Physiology).  
Gross Value - \$6,837.87.
- f. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Myocardial Revascularization (to be known as Central Ohio Heart Association Project No. 967 - New - Department of Surgery).  
Gross Value - \$3,175.00.
- g. The Pennsylvania State University, Department of Purchases, University Park, Pa. For Installation and Operation of IGY Radio Receivers (to be known as The Pennsylvania State University Project No. 978 - New - Department of Electrical Engineering).  
Gross Value - \$2,050.00.
- h. North American Aviation, Inc., Columbus Division, 4300 East Fifth Avenue, Columbus 16, Ohio. For Aerodynamic Tests and Research (to be known as North American Aviation, Inc. Project No. 979 - New - Department of Aeronautical Engineering).  
Gross Value - \$15,000.00.
- i. North American Aviation, Inc., Columbus Division, 4300 East Fifth Avenue, Columbus 16, Ohio. For Aerodynamic Tests and Research (to be known as North American Aviation, Inc. Project No. 980, 980-A & B - New - Department of Aeronautical Engineering).  
Gross Value - \$45,000.00.
- j. The Fund for the Advancement of Education, 477 Madison Avenue, New York 22, N. Y. For Greater Columbus Area ETV Project (to be known as The Fund for the Advancement of Education Project No. 982 - New - Radio and TV Broadcasting).  
Gross Value - \$45,000.00.

TOTAL - \$152,197.76.

The foregoing thirty-nine contracts for research in cooperation with Government and Industry represent a gross income of \$815,479.76.

Upon motion of Mr. Allyn, seconded by Mr. Loop, the above general contracts and agreements were approved by unanimous vote.

September 7, 1959 meeting, Board of Trustees

General Contracts and Agreements (continued)

B. The Agricultural Extension Service of The Ohio State University  
and The Ohio Soil Conservation Committee

A Memorandum of Understanding between the Ohio Agricultural Extension Service of The Ohio State University and the Ohio Soil Conservation Committee has been developed by the Dean of the College of Agriculture, the Director of Agricultural Extension Service and the Ohio Soil Conservation Committee for the purpose of coordinating the efforts and uniting the resources of the Ohio Agricultural Extension Service and the Ohio Soil Conservation Committee. The Memorandum provides for a grant-in-aid to the Agricultural Extension Service of The Ohio State University, in the amount of \$4,500.00 for the 1959-60 fiscal year, for the purpose of conducting an educational program in soil and water conservation.

It is, therefore, recommended that the President be authorized to sign the Memorandum of Agreement identified above as proposed and endorsed by the Dean of the College of Agriculture and the Director of Extension.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above contract was approved by unanimous vote.

#### IV. GIFTS

It is recommended that the following gifts be accepted for the University and the appreciation of the Board of Trustees be appropriately expressed:

##### A. Administered Through the Development Fund

1. Common stock and cash totaling \$5,000.00 from Dr. and Mrs. John G. Love for the Charles Austin Doan Fund.

##### Charles Austin Doan Fund

Established August 5, 1959, by gifts through the Development Fund from John G. Love and Mary J. Love, in recognition of the humanitarian services and career of Dr. Charles Austin Doan. The principal and any additions thereto shall be invested and reinvested by the Treasurer of The Ohio State University through its investment pool established by rules and regulations adopted July 1, 1958, (and as now or hereafter amended and/or modified) by the Board of Trustees of said University.

The net income and only the net income shall be used only for the following purposes:

- a. Generally for the advancement of medical knowledge and for the encouragement of medical academic careers and for research in the health sciences; and
- b. Specifically for:
  - 1) Payments in full or in part for research fellowships or fellowships for worthy and promising medical students, interns and residents who might not otherwise be permitted or encouraged to follow an academic or research career in the health sciences; and/or
  - 2) The establishment (if the quantum of the Fund should become sufficient to permit) of a "Charles Austin Doan Chair of Medicine" in the College of Medicine of said University, the net income to be used as remuneration in part, or, when sufficient, in whole to maintain this position.

Additions and enlargements to this Fund shall be treated as principal unless the donor thereof at the time of the addition or enlargement advises in writing that the same or a part thereof shall be treated as income.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the foregoing gifts were accepted by unanimous vote.

B. Report from The Ohio State University Development Fund

I wish to report that in June and July, 1959, The Ohio State University Development Fund received gifts on behalf of the University as follows:

1. JUNE, 1959

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	1,754	\$24,785.22
Individuals, Other than Alumni	42	1,532.94
Non-Profit Organizations	20	22,080.84
Business Concerns	34	41,652.25
	<u>1,850</u>	<u>\$90,051.25</u>

Of these gifts, 1,358 totaling \$8,950.25 were undesignated and 492, totaling \$81,101.00 were designated.

2. JULY, 1959

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	1,508	\$59,466.43
Individuals, Other Than Alumni	47	6,334.15
Non-Profit Organizations	25	56,977.88
Business Concerns	25	42,656.00
	<u>1,605</u>	<u>\$165,434.46</u>

Of these gifts, 1,304 totaling \$7,885.50 were undesignated and 301 totaling \$157,548.96 were designated.

V. APPROPRIATION AND TRANSFER OF FUNDS

A. Development Fund Budget for 1959-60

It is recommended that the sum of \$85,000.00 be appropriated from University Fund (H-8 Contributions) toward the operating expenses of the Development Fund for the fiscal year ending June 30, 1960, and that an operating budget in the amount of \$122,871.96 be approved. The budgeted amount will be provided as follows:

University appropriation	\$ 85,000.00
Cumulative interest on	
Development Fund Investments	37,871.96
	<u>\$122,871.96</u>

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

B. The Ohio State University Association

It is recommended that \$8,000.00 be appropriated from H-8 Contributions for the use of The Ohio State University Association for the period July 1, 1959 to June 30, 1960.

Upon motion of Mr. Patton, seconded by Mr. Allyn, the above recommendation for appropriation of funds was unanimously approved by roll call vote.

C. Grant-in-Aid for Research

The Board of Trustees at its meeting on October 19, 1953 declared its intention to appropriate funds to be distributed upon a basis determined by the President for research fellowships, assistants, grants-in-aid and allied supports for research, new or continuing.

It is now recommended that \$190,000.00 be transferred from the General University Fund, Rotary 12261 to Rotary 12250, Fellowships Grant-in-Aid, for the year 1959-60.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation for transfer of funds was unanimously approved by roll call vote.

D. Dairy Technology - Transfer of Funds

Upon the request of the Chairman of the Department of Dairy Technology, and with the concurrence of the Dean of the College of Agriculture and Home Economics, I recommend that a sum not to exceed \$12,000 be transferred from Dairy Laboratory Rotary 15954 to Dairy Technology Rotary 13156.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above recommendation for transfer of funds was unanimously approved by roll call vote.

E. School of Aviation - Appropriation for Twin Engine Beech Aircraft

The Twin Engine Beech Surplus Military Aircraft (military model C-45-H) is now completely refurbished, equipped, and ready for use by the University. The final financial report on the cost of improvements for this aircraft and purchases of the necessary radio and navigational equipment shows that an additional appropriation in the amount of \$6,221.75 is necessary to pay all outstanding invoices.

It is, therefore, recommended that the amount of \$6,221.75 be transferred from the General University Fund, Rotary 12261, to the School of Aviation for repairs and parts for this aircraft.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation for transfer of funds was unanimously approved by roll call vote.

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra and Credit Orders and Extensions of Time to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds is otherwise indicated:

A. College of Dentistry, Reconstruction in Present Building

General Contract

It is recommended that acoustical treatment be provided in Room 211 where it is anticipated that television programs will originate. This extra is for applying acoustical tile on a 29' x 27' ceiling area, construction of a sound proof partition to provide a control room with door and window and applying acoustic transite panels on the walls of the resulting 20' x 27' studio. The provision of a small storage closet is also included in this extra. 

<u>Add</u>	\$3,146.00
------------	------------

Heating and Ventilating Contract

Reconsideration of custodial problems in this building has prompted a recommendation that a built-in vacuum cleaning system similar to and an extension of the existing central equipment in the new building addition be provided. This extra includes 3 floor slots on each of the ground, 1st, 2nd and 3rd floors, approximately 350' of 3" trunk line in the tunnel, risers to serve the inlets, and blower control switches adjacent to each inlet, and all incidental piping, fittings, wiring, cutting, patching and refinishing, completely installed. 

<u>Add</u>	\$6,726.36
------------	------------

Funds will be provided from the College of Dentistry Rotary for this extra.

B. College of Dentistry, Addition to Building

General Contract

Light proof shades were specified for 5 windows in seminar rooms No. 211 and 212, each shade to be over 9' wide. The general contractor's vendor now claims he cannot guarantee the operation of the shade manually, as specified, and requests an extra order to provide motor operation for these units, the cost of which is excessive. The project architect has developed a substitution to darken these rooms satisfactorily for film and slide projection with "audio-visual" venetian blinds with contoured slats and opaque plastic drapes. This extra, recommended for approval, includes a credit of \$723.00 omitting the light proof shades and an extra of \$807.35 for providing the venetian blinds, resulting in a net extra.

Add                   \$ 84.35

Due to differences in actual location and elevation of underground utility lines from indicated positions on survey information, additional excavation, shoring and concrete form work was necessary in the vicinity of the tunnel entrance on the north side of the building. This extra includes temporary supports and additional form work to relocate a primary electric power cable duct passing through the new connecting tunnel between the existing 12th Avenue tunnel and the building; a 4" water line and a 4" steam line had to be supported and protected during excavation and until new lines were put in service; and relocation of the steps in the tunnel floor to provide necessary head room.

Add                   \$ 581.55

Heating and Ventilating Contract

It is recommended that a curb be installed on the Penthouse floor around the base of the cooling tower to prevent any leakage from the cooling tower spreading over the Penthouse floor and penetrating through openings in the floor to areas below. This extra is for the work involved in installing a 3½" x 5" welded angle frame set in mastic to act as a curb.

Add                   \$ 88.00

C. Married Housing Project No. 1

General Contract

During excavation for this building, some unsuitable material has been encountered at the footing level of Building No. 105. It is recommended that this material be removed and replaced with good material. This extra is for additional excavation of approximately 12 cubic yards and replacements with crushed rock at a cost based on unit prices quoted at the time of bidding. Add \$ 189.00

Outside Services Contract

It is recommended by the Service Department that five 8" isolating valves be installed on the underground cold water lines to facilitate maintenance and operation of the water lines for the project Add \$ 908.95

Funds for these extras will be provided from the Married Housing Project No. 1 Construction Fund.

D. 11th Avenue Residence Halls for Men, Building No. 4

General Contract

It is recommended that an added concrete support be provided for the 8" water line just outside the building. There was a wide and deep excavation at this point and past experience has shown that there is a possibility of settlement and damage to the line. This extra is for a concrete beam resting on two concrete columns which are carried down to firm bearing soil. Add \$ 182.00

Heating and Ventilating Contract

Because of an oversight on the mechanical drawings, no provision was made for dripping the 5" steam main at the building heating convertors in order to allow proper piping clearance for convertor piping. A revised drawing has been prepared by the Mechanical Engineers providing the necessary drip assembly and this extra order will provide the additional work. Add \$ 262.12

Electrical Contract

The Mechanical Engineers on the suggestion of the State Architect's Office stated in the electrical contract specifications that all electrical work should be inspected by the Electrical Inspection Bureau, Inc., or an approved electrical inspection agency. Since it has been the policy of the Office of the University Architect, in conjunction with the Service Department, to provide all necessary inspection of electrical work, it is recommended that no outside inspection agency be employed. This credit is realized for the omission of the outside inspection.

This project is payable from the 11th Avenue Residence Halls for Men, Building No. 4 Construction Account.

E. University Hospital, Addition to North Wing

General Contract

The laboratory equipment in Room 305N is scheduled to be moved to Room 309N involving disconnecting services and utilities in Room 305N and providing the necessary connections in Room 309N. This work was to be included in a later Equipment Contract but it is now recommended that, in order to permit the contractors to complete work scheduled in Room 305N and to provide for the necessary continued use of this equipment by the Hospital, this work be accomplished by the General Contractor for the North Wing

<u>Add</u>	\$ 1,968.03

This extra order is payable from Item 085 Equipment, North Wing Addition, The Ohio State University Hospital, H. B. 1124.

F. Runway Improvement, The Ohio State University Airport

Electrical Contract

During the construction of the new runway, the electric cable to the wind-tee was cut. No provision was made in the original contract for removal and relaying this cable because it was understood that this was placed so as to not interfere with the present construction. This extra is to repair the cable by splicing in a new cable placed in conduit 36" below finished grade for a length of 300 lineal feet.

September 7, 1959 meeting, Board of Trustees

G. Interior Repairs, Ohio Union

General Contract

It is recommended that the existing quarry tile floor and base in the Can Wash Room be removed and that the floor and base be relayed to provide proper drainage to the floor drain, including a ramp through the doorway. Add \$ 295.24

Funds for this project are provided in the Ohio Union Building Account.

It is further recommended that the Contractor for this project be granted an extension of time from August 16, 1959 to September 15, 1959, for completion of his contract because of the six-week delay in receiving his contract and an additional delay in securing delivery of finish hardware.

H. College of Arts, Classroom Office Building

General Contract

It is recommended that rubber tile be substituted for asphalt tile on the floor of the Dean's Office, Room 117. This extra involves the change of approximately 360 sq. ft. of floor area. Add \$ 146.00

I. Numerical Computation Laboratory

Electrical Contract

The electrical engineers for this project have included in their design a directive that an existing light panel be moved to a new location and be placed in service again. Upon examination, this panel is found to be obsolete and in poor condition. This extra is to replace the panel with a new one of improved design. Add \$87.00

General Contract

It is recommended that an Elaflor system in plywood by Liskey be installed in the Machine Room No. 1816 and the Customer Engineering Room No. 1817. After a thorough examination, this system is found to be satisfactory and suitable to replace the elevated floor designed and specified and results in a substantial savings. Credit \$4,458.00

Funds are provided for this project from the General University Fund and transferred to an appropriate building account.

September 7, 1959 meeting, Board of Trustees

J. Service Building

General Contract

It is recommended that 372 inserts be installed in the ceilings of the ground and first floors of this building. They should be situated so that mechanics can make bolted attachments as necessity arises. This extra provides for inserts which consist of cast, threaded gray iron set in the concrete, flush, to receive 5/8" bolts.

<u>Add</u>	\$ 504.42

M. Brown Hall, Reconstruct Cornice and Gutters

It is recommended that the contractor for this project, Henry A. Justus, Inc., be granted an extension of time for the completion of his contract from September 1, 1959 to November 1, 1959, because of a delay of approximately 60 days in the receipt of his contract.

N. College of Arts, Addition to Chemistry Building

Heating and Ventilating Contract

Through a misinterpretation of the program, the vacuum system for the Addition to Chemistry Building was designed for low vacuum. It is now recommended that the system be revised to give the department the required vacuum for their work, providing metered high vacuum service in each of the several laboratories.

VII. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bill of materials and estimates of cost for the following projects be approved by the Board of Trustees:

A. Sidewalks--Stadium Drive

\$5,115.00 - Estimate of cost for basic contract  
1,140.00 - Alt. G-1 Replace Curbs

Funds are available in Item 074 New Roads, Walkways and Pedestrian Bridge, H. B. 1124, for this project.

Because of the urgency of this project, it is being advertised during the month of September and the results of the bidding will be reported to the Board of Trustees at their meeting on October 12.

B. Storage Building: University Golf Course

\$25,000.00 - Estimate of cost

General Contract	\$17,000.00
Plumbing Contract	4,500.00
Electrical Contract	3,500.00
Total	<u>\$25,000.00</u>

Alternate P-1 Sanitary sewer and septic tank	\$ 2,000.00
Alternate E-1 Electric service from McCoy Road	Add or Deduct

Funds are available in the Athletic Department Budget and will be transferred to an appropriate building account in H. B. 831.

C. Ives Hall Repairs

\$28,006.00 - Estimate of cost

General Contract	\$ 7,864.00
Electrical Contract	<u>20,142.00</u>
Total	<u>\$28,006.00</u>

Funds are available in Item 081 Improvement of Existing Physical Plant, H. B. 1124.

VII. PLANS AND SPECIFICATIONS

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above recommendations, collectively and severally, were unanimously approved by roll call vote and the Secretary was authorized and directed to sign the same for and on behalf of the Board of Trustees. Vice President Carson was directed to present them to the Director of Public Works and the Capital Planning Board for their approval and if so approved, to request the Director of Public Works to advertise in accordance with law. If any satisfactory bids are received below the estimate of cost, the Vice President, Business and Finance, shall recommend to the Director the award of contracts. All action of the Vice President on these projects shall be reported to the Board at a later meeting.

D. Antenna Research Laboratory Pent Houses

\$5,350.00 - Estimate of cost

The Research Foundation has been requested to proceed with this project. Adjustments will be made at the end of the fiscal year for funding the project when funds due the University are transferred from the Research Foundation.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above project was unanimously approved by roll call vote.

VIII. REPORT OF AWARD OF CONTRACTS

In accordance with authorization provided by the Board of Trustees, the contracts for the following projects have been recommended for award and the action is hereby reported to the Board:

A. Baker Hall: Revisions of East Baker for Women

Bids were received informally for this project on July 31, 1959, as follows:

Henry A. Justus, Inc., Columbus	\$3,186.00
A. L. Meyer Construction Company, Columbus	3,887.00
Garwick & Ross, Inc., Columbus	3,945.00
E. J. Will & Company, Columbus	4,120.00
Estimate of cost	5,700.00

The contract was awarded to the low bidder, Henry A. Justus, Inc., Columbus, Ohio, in the amount of \$3,186.00. Funds were provided from the General University Fund.

B. Baker Hall: Dividing for Coeducational Housing

Bids were received for this project informally on July 27, 1959, as follows:

E. J. Will & Company, Columbus	\$17,689.00
Garwick & Ross, Inc., Columbus	17,700.00
Elford, Inc., Columbus	No bid
Harry E. Miller & Co., Inc., Columbus	No bid
Henry A. Justus, Inc., Columbus	No bid
Estimate of cost	\$18,425.00

The contract was awarded to the low bidder, E. J. Will & Company, Columbus, Ohio, in the amount of \$17,689.00. Funds were provided from the General University Fund.

C. Repair, Restoration and Reinforcement of the Plaster Ceiling for Mershon Auditorium

Bids were received informally on July 20, 1959, for this project as follows:

Bexley Decorating Co., Columbus	\$43,763.00
Bohl Painting Co., Columbus	29,964.00
Harold F. Mollenauer, Painting Contractor, Columbus	27,465.00

VIII. REPORT OF AWARD OF CONTRACTS

C. Repair, Restoration and Reinforcement of the Plaster Ceiling for Mershon Auditorium (cont.)

The contract was awarded to the low bidder, Harold F. Mollenauer, Painting Contractor, Columbus, Ohio, in the amount of \$27,465.00. Further, a credit of \$320.00, allowing the use of toggle bolt ceiling fasteners instead of Tinnerman speed fasteners for fastening the retaining discs at all points where there is access from above, is acceptable making the net contract amount \$27,145.00. Funds were provided from the General University Fund.

D. Scholarship Dormitories, Phase II

Bids were received informally for this project on August 6, 1959, as follows:

	<u>Low Bid</u>	<u>Estimate of Cost</u>
<u>General Contract</u> (4 bids received)		
Garwick & Ross, Inc. (Cols.)	\$63,600.00	\$75,000.00
<u>Heating and Ventilating Contract</u> (4 bids received)		
The Kuempel Company (Cols.)	15,371.00	25,000.00
<u>Electrical Contract</u> (4 bids received)		
Blum Electric Co. (Cols.)	13,490.00	12,000.00
<u>Plumbing Contract</u> (5 bids received)		
The Kuempel Company (Cols.)	6,195.00	13,000.00

Contracts were awarded to the low bidders for the General, Heating and Ventilating, and Electrical Contracts. It was recommended that the bids for the Plumbing Division be rejected and the specifications revised for a minimum program in view of the fact that because of a lack of funds, Alternate 1 of the General Contract could not be accepted.

The revised Plumbing Division was readvertised and bids were received on August 18 and the contract awarded to the low bidder as follows:

	<u>Low Bid</u>
<u>Plumbing Contract (Readvertisement)</u> (3 bids received)	
The Kuempel Company (Cols.)	\$ 3,974.00

VIII. REPORT OF AWARD OF CONTRACTS

D. Scholarship Dormitories, Phase II (cont.)

In view of the fact that Alternate G-1 was not accepted and the plumbing division revised, it is recommended that some additional work be done on the general, heating and ventilating and electrical contracts. The contractors for these divisions have submitted quotations as follows:

General Contract, Garwick & Ross, Inc.	\$ 4,835.00
Heating & Ventilating Contract, Kuempel Company	886.00
Electrical Contract, Blum Electric Company	875.00

Funds for this project are provided from the General University Fund.

E. WOSU-TV Septic Tank System

Bids were received for this project by the Purchasing Department on August 12, 1959, as follows:

All American Sanitation Service	1,786.00
All County Sanitary Service	1,988.00
Estimate of cost	1,800.00

Funds were provided for this project in Item 081 Improvement of Existing Physical Plant, H. B. 1124.

F. Exterior Painting of Eight Buildings and Fire Escapes on Two Other Buildings

Six bids were received for this project on August 24, 1959, and the contract awarded to the low bidder as follows:

	<u>Low Bid</u>	<u>Estimate of Cost</u>
General Painting Co. (Cols.)	\$8,773.00	\$23,000.00

Funds were provided for this project in F-9 Other Services, H. B. 831.

VIII. REPORT OF AWARD OF CONTRACTS

G. Roof Repairs to McPherson Chemical Laboratory  
(Sawtooth Section), Hamilton Hall, and Poultry Laboratory

Four bids were received for this project on August 24, 1959, and the contract awarded to the low bidder as follows:

	<u>Low Bid</u>	<u>Estimate of Cost</u>
General Maintenance & Engineering Co. (Cols.)	\$11,466.00	\$11,260.00

Funds were provided for this project in F-9 Other Services, H. B. 831.

H. Repairs to Roads and Sidewalks

Two bids were received for this project on August 24, 1959, and the contract awarded to the low bidder as follows:

	<u>Low Bid</u>	<u>Estimate of Cost</u>
A. W. Burns & Sons Construction Co. (Cols.)	\$11,000.00	\$10,000.00

Funds were provided for this project in F-9 Other Services, H. B. 831.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above awards of contracts were unanimously approved and the actions of the Vice President ratified by roll call vote.

being Lot #5 of the John A. Evans' College View Addition,  
City of Columbus, County of Franklin, State of Ohio.

Funds are available in Item 077, Land Purchase, H. B. 1124.

Upon motion of Mr. Allyn, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

X. MISCELLANEOUS-FROM OFFICE OF BUSINESS AND FINANCE (cont.)

D. Employment of Engineer--Scholarship Dormitories, Phase III

With the concurrence of the Director of Public Works, it is recommended that the engineering firm of Ralph & Curl, Engineers, Columbus, Ohio, be employed to provide the professional engineering services for the heating, ventilation, plumbing and electrical work for this project at a fee of \$7.50 per hour for a principal, \$6.00 per hour for an engineer, and \$4.50 per hour for a draftsman, the fee not to exceed \$1,350.00. Funds will be provided from the University Architect's Rotary.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

E. Employment of Engineer--Botany and Zoology Building

With the concurrence of the Director of Public Works, it is recommended that the engineering firm of H. A. Williams and Associates, Columbus, Ohio, be employed to make an engineering study and report of the heating system in the Botany and Zoology Building except the south wing of the building. This study and report shall include a survey of the existing piping system with recommendations for repiping in order to provide correct heat distribution; an estimate of cost for the total repiping in areas involved; a study of the ventilation systems to determine necessary revisions to obtain proper air distribution, temperature control, and air filtering; an estimate of cost for making recommended revisions to the ventilation system; and schematic sketches of recommended piping revisions and sketches of recommended ventilation equipment revisions. The fee for this work will be \$960.00, payable from F-9 Other Services, H. B. 831.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote.

F. Employment of Engineer, Remodeling of Robinson Laboratory - (No. 1 of 2 Items)

In accordance with previous authorization by the Board of Trustees, the firm of H. A. Williams and Associates has been employed at a fee of \$21,600.00 or 6% of the estimated cost of the mechanical contracts for this project, \$360,000.00. Funds will be provided from Item 072 Remodel Robinson Laboratory, H. B. 1124.

X. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE

F. Employment of Engineer, Pomerene Refectory Kitchen  
Rehabilitation and Expansion (No. 2 of 2)

In accordance with previous authorization by the Board of Trustees, the firm of Robert S. Curl & Associates has been employed at a fee of \$5,400.00, or 6% of the estimated cost of the mechanical contracts, \$90,000.00. Funds will be provided from Item 071 Pomerene Refectory Rehabilitation and Expansion, H. B. 1124.

Upon motion of Mr. Patton, seconded by Mr. Loop, these actions were approved and ratified unanimously by roll call vote.

G. Demolition of buildings

Upon the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that all buildings described below be demolished as soon as practical:

Residence at 233 West 11th Avenue  
Residence at 265 West Frambes Avenue  
Residence at 100 West Woodruff Avenue

It is further recommended that the hazardous buildings at 1802 Olentangy River Road be removed:

Old frame structures northeast of residence. Fill and grade.  
Old head house and hot house foundation walls to south of residence and salesroom. Fill and grade area.

The demolition of the buildings will be advertised in the usual manner.

Upon motion of Mr. Allyn, seconded by Mr. Loop, the above recommendation was unanimously approved.

H. College of Education, Fine Arts Building

It is recommended that in order to provide venetian blinds for this building at an estimated cost of \$2,250.00, that \$1,000.00 be provided by the College of Education Equipment allocation for 1959-60 and that \$1,250.00 be advanced from the General University Fund to be recovered from future equipment allocations to the College.

Upon motion of Mr. Allyn, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote.

XI. RESOLUTION IN MEMORIAM

A. William C. McCracken

The Board of Trustees expresses its sorrow at the death of William C. McCracken, former Chief Engineer and Superintendent of Buildings and Grounds, on August 25, 1959.

William C. McCracken was closely identified with The Ohio State University for seventy-three of the eighty-six years it has been in actual operation. His active service with it began in 1886 and ended sixty years later with his formal retirement in 1946. This is the longest span of service by anyone ever connected with the University and one unlikely ever to be equaled, much less broken.

Mr. McCracken came to the campus as engineer and head janitor in November, 1886, at a salary of \$800 a year. He had two full-time men and a half-time man under him to serve the campus which then had four buildings, 12 on the faculty and 336 students. He saw the campus grow from less than 400 to more than 2,000 acres, with 25,000 students and a faculty of about 2,000 and a physical plant, including equipment and endowment, in excess of \$106,000,000.

He saw the first telephones, automobiles, trucks, paved streets, street lights and many other improvements come to the campus. He was instrumental in bringing the first utility tunnels, of which there are now over five miles in use, to the campus in 1893.

University authorities honored Mr. McCracken formally on three occasions--by a resolution at the start of his 50th year of service in 1935, with a dinner at the end of his 50th year, and with a Distinguished Service Award at the 1954 Commencement. The Trustees, by resolution, recognized his "long and faithful services" with "grateful respect," along with "his capacity to manage the physical plant requirements created by the continuous and unpredictable growth of the University." It called his "encyclopedic understanding" of the physical plant "amazing."

The Distinguished Service Citation in 1954 recalled his "faithful service to the University" and noted that "as the University grew so did his responsibility," adding up to "an invaluable record." It ended on the note that "he was a builder in every sense, both literal and figurative. The University is greater because he served it."

XI. RESOLUTION IN MEMORIAM

A. William C. McCracken (cont.)

Mr. McCracken came out of semi-retirement at the age of 77 to write a history of the physical plant and development of the University. Only two copies are in existence. By so doing this, he served under five consecutive presidents of the University from William Henry Scott to Howard L. Bevis.

William C. McCracken was a modest, self-effacing member of the University staff who literally left his enduring mark on the campus in deeds rather than words. It might well be said of him, as it was of another, that he "wove the thread of continuity, which was his life, through the fabric of our University,"--and left it immensely better for his living.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

September 7, 1959 meeting, Board of Trustees

**XII. Progress Report on Campus Planning Project**

The President called upon the Executive Director of Campus Planning for a report of progress on the campus planning study. Executive Director Herrick reported that Phase 1 of the study was substantially completed, and he distributed copies of the report by Caudill, Rowlett and Scott to members of the Board of Trustees.

He further pointed out that this report is primarily concerned with an analysis of the problem and various alternative solutions, and makes no recommendations regarding the master plan to be adopted. He suggested that a period of several months be used for review and criticism of the report by members of the Board of Trustees, the University administration, the faculty, public planning officials, and others concerned.

The President presented the following recommendations:

1. That this progress report be made a matter of record and that in reference to Phase I of the Campus Planning Report the President be instructed to arrange for presentation and explanation of this report by representatives of Caudill, Rowlett and Scott to the Board of Trustees and various University groups, all in accordance with the terms of the contract.
2. That the Executive Director of Campus Planning make copies of the report available to all colleges and other administrative agencies of the University, and to such public officials and agencies in the state government and the political subdivisions of Franklin County as may be concerned with any aspect of the study, and to solicit from them their criticisms and counterproposals for consideration by the Campus Planning Advisory Board, the Cabinet, and the President.
3. That not later than April 1, 1960, the President submit to the Board of Trustees his recommendations relative to action to be taken by the Board on the report of Phase 1 and on the plans for completing the study.

Upon motion of Mr. Ketner, seconded by Mr. Patton, the above recommendations were approved by unanimous vote.

XIII. Report on the Investment Portfolio

Vice President Gordon B. Carson presented a report on the status of the University's Investment Portfolio as at August 31, 1959 and offered the following recommendations:

- a. It is recommended that the Vice President, Business and Finance, be and hereby is authorized to continue the services of The Putnam Management Company for one year at a fee of \$5000.00 plus travel and communication expenses.
  
- b. It is further recommended that the Vice President, Business and Finance, be and hereby is authorized to invest in short term Government Bonds an amount which will approximate one-half of the accumulated income balance of the Investment Portfolio. The intent is to keep the fund liquid enough to take advantage of the market conditions.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above recommendations were approved by unanimous vote.

The report of the status of the Investment Portfolio is on file with the official records of the Secretary of the Board of Trustees.

XIV. Report of Developments in Instruction

At the request of President Fawcett, Vice President Heimberger reported informally upon some significant developments in the area of instruction during the academic year, 1958-59. (A full copy of his report has been placed in the files of the Secretary to the Board of Trustees.)

As a matter of information for the Board of Trustees, Vice President Heimberger spoke briefly about the complex problem of fitting together into a strong and effective total program the special and highly developed interests and abilities of 80 departmental faculties. He described the methods through which the University seeks to take full advantage of unity and diversity and to minimize duplication of effort with its attendant waste of both intellectual and financial resources.

Examples of significant changes in courses and curricula were given and there was a report of progress in the establishment of a better format for the bulletins in which the various instructional programs are published. Special attention was given to the efforts being made to gain more productive use of classrooms, libraries, laboratories and clinics through the further development of instruction in the Summer Quarter and in the late afternoon and evening hours.

#### XV. Report on Student Housing and Student Loan Program

Dean William Guthrie reported from the Office of Student Relations on student housing and student loan developments as follows:

"There are two aspects of the work of the Office of Student Relations in which Board members have expressed a special interest, new dormitory developments and the expanding student loan program.

We will open the school year with residence halls full to capacity and with waiting lists. In fact, the women's residence halls were filled by July 24 and men's halls by August 17th. The assigned Autumn Quarter capacity of the women's halls totals 2,350 women students in eight University dormitories. Similarly 2,162 men will be accommodated in five men's dormitories. The grand total in University dormitories is therefore 4,512 men and women students, a new all-time high figure.

This represents a great achievement in housing larger numbers of students in permanent and adequate University dormitories, accomplished through unusual interest and support of the Board of Trustees, the University administration, and others. A more detailed statement appears on the pages which I have distributed entitled, Student Housing, dated September 1, 1959. Several significant events are listed on the pages, the opening of three new large men's halls in January, March, and September 1959, rehabilitation of the west Stadium to reestablish the Stadium Scholarship Dormitory, separation of East and West Baker Halls, new construction of Steeb Hall for men and married students' apartment units now under way, and the long awaited demolition of frame buildings housing single students in the River Road area.

You are most cordially invited to attend the outdoor dedication ceremonies for the three new men's dormitories named in memory of Vice President Stradley, Dean of Men Joseph A. Park, and University Architect Howard Dwight Smith on Homecoming Saturday morning, October 17, 9:45 a. m. in the men's dormitory courtyard.

The student loan program has had a phenomenal development. Under the efficient direction of Mr. Rodney Harrison in the Financial Aids Office and assisted by a committee of faculty, staff, and student representatives, the dollar volume of loans has more than doubled in the last two years and increased seven fold since 1947-48. In 1958-59 loans totaled \$523,578.33. In fact the demand was such that another \$100,000 could have been loaned had the money been available.

September 7, 1959 meeting, Board of Trustees

"The increased acceptability of student loans is apparent over the country and this, more than the factors of increased costs of education and a minor recession or steel strike, is held as the prime factor involved. The Federal Student Loan Program provided in the National Defense Act of 1958 has popularized the idea as well as making federal funds available. In the more than half a million dollars loaned to students here last year \$38,759 was provided from federal funds, but in the 1959-60 years, the University will receive the maximum amount provided by the National Defense Act, \$250,000, for Ohio State University students. Regular loan funds will provide \$254,000 in 1959-60. These funds in their entirety will be needed, and in fact more money could be used if it should be available. The U. S. News and World Report predicts that student loans over the United States amounting to 120 million dollars in 1959-60 may reach 300 million in 1962-63, and more than one billion dollars within ten years."

#### XVI. Ratification of Inter-University Council Action on Branch Center Student Fees

President Fawcett presented the following report and recommendation:

Am. Sub, H. B. No. 831, passed by the 103rd General Assembly, carries an appropriation for branch education of \$500,000 for the biennium. This appropriation is designed to equalize on-campus and off-campus fees. Since it is impossible to make a complete analysis of costs for the operation of the branches prior to registration for the fall term, the Inter-University Council in a regular meeting on Friday, September 4, 1959, took the following action:

President Millett moved, seconded by Mr. Bachman, that we charge our present-stated fees and that we announce that there may be a refund for those taking nine hours or more pending receipt of funds released by the Board of Control; further that we come back to a subsequent meeting of the Council with our costs and figures for reconciliation among ourselves before filing an application for financial assistance with the Director of Finance.

It is, therefore, recommended that the Board of Trustees ratify the action of the Inter-University Council.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the action of the Inter-University Council was approved and ratified by unanimous roll call vote.

XVII. Report of the Finance Committee

Senator Bricker presented the following report of the Finance Committee:

Dormitory Revenue Bonds - Series C and D

A. First Amendatory Loan Agreement

RESOLVED, that the President and the Vice President, Business and Finance, of the University, and each of them, are authorized to execute, seal and deliver, as may be appropriate, the First Amendatory Loan Agreement with the United States of America, acting through the Housing and Home Finance Administrator, relating to the change in the principal amount of Series D Dormitory Revenue Bonds from \$2,305,000 to \$2,030,000 and dated August 1, 1959, in the form presented to this meeting, with such changes not unfavorable to the University as may be approved by the officer executing the same.

Upon motion of Senator Bricker, seconded by Mr. Ketner, this Resolution was unanimously adopted.

B. Bond Resolution and Second Supplemental Trust Agreement Amended

RESOLVED, that the Second Supplemental Trust Agreement, including the Bond Resolution approved and adopted at the meeting of the Board of Trustees held April 10, 1959 and relating to Series C and D Dormitory Revenue Bonds be and is hereby changed to conform to the first amendatory loan agreement dated as of August 1, 1959 with the United States approved at this meeting including change in the principal amount of Series C Bonds from \$2,605,000 to \$2,330,000 and in Series D Bonds from \$2,305,000 to \$2,030,000 and change of the maturity schedule to conform to said first amendatory loan agreement and change in the estimated cost as set forth in the preambles to the Bond Resolution to those estimated on the basis of construction bids received showing a total of \$4,360,000 and the change in the redemption terms of the Series D Bonds to conform to the said first amendatory loan agreement including call of the Series D Bonds in inverse numerical order and provision for call at any time of the Series D Bonds maturing October 15, 1990 through October 15, 1999 without premium, and said Supplemental Trust Agreement and Bond Resolution as so changed is hereby approved and adopted and the proper officers of the University and the Board of Trustees are authorized to execute said Supplemental Trust Agreement.

Upon motion of Senator Bricker, seconded by Mr. Ketner, this Resolution was unanimously adopted.

XVIII. Report on Retirement and Insurance

Mr. Rairdon presented the following report of the Committee on Retirement and Insurance:

In accordance with the actions of the Board on September 4, 1956 and November 8, 1957, pertaining to competitive bidding on insurance, bids were invited on July 30, 1959 on four different risks, as enumerated below. In each case, two alternative specifications were provided, with the University reserving the right to select the alternative which, in its judgment, provided the best coverage commensurate with the cost involved. Bids were received from ten firms, and were opened and tabulated at 2:15 P. M., E. S. T., Monday, August 17, 1959. These bids have now been reviewed and it is the recommendation of the Committee on Retirement and Insurance, that coverages be awarded as follows:

- (1) Stradley Hall, fire and extended coverage on both building and contents, providing coverage which will permit recovery, in the event of total loss, of the total insurable value of this facility (\$1,775,000). The low bidder on this specification was the Protection Mutual Insurance Company, with a low net bid of \$2,251.20 for five years. The net bids on this specification ranged from a high of \$18,920.17 to the low of \$2,251.20.
- (2) Park Hall, fire and extended coverage on both building and contents, providing coverage which will permit recovery in the event of total loss, of the total insurable value of this facility (\$1,895,000). The low bidder on this specification was the Protection Mutual Insurance Company, with a low net bid of \$2,455.20 for five years. The net bids on this specification ranged from a high of \$20,178.13 to the low of \$2,455.20.
- (3) Smith Hall, fire and extended coverage on both building and contents, providing coverage which will permit recovery, in the event of total loss, of the total insurable value of this facility (\$1,775,000). The low bidder on this specification was the Protection Mutual Insurance Company, with a low net bid of \$2,251.20 for five years. The net bids on this specification ranged from a high of \$18,920.17 to the low of \$2,251.20.

September 7, 1959 meeting, Board of Trustees

- (4) Men's Residence Dining Hall and Kitchen, fire and extended coverage on both building and contents, providing coverage which will permit recovery in the event of total loss of the total insurable value of this facility (\$927,000). The low bidder on this specification was the Protection Mutual Insurance Company, with a low net bid of \$1,669.20 for five years. The net bids on this specification ranged from a high of \$11,528.61 to the low of \$1,669.20.

In addition to the features set forth in the specifications, the policy to be provided by the Protection Mutual Insurance Company will provide blanket coverage of these facilities with \$11,635,300 of coverage already in effect on other University buildings.

/s/ Smith L. Rairdon  
/s/ S. C. Allyn  
/s/ John W. Bricker

It was moved by Mr. Ketner that the above report be accepted and that the insurance coverages enumerated be awarded to Protection Mutual Insurance Company, as the low bidder.

The motion was seconded by Senator Bricker and upon roll call vote was approved by unanimous vote.

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
NINE HUNDRED AND FORTY-SECOND MEETING  
OF THE BOARD OF TRUSTEES

Wooster, Ohio, October 12, 1959

The Board of Trustees met Monday, October 12, 1959, at  
The Ohio Agricultural Experiment Station, Wooster, Ohio.

Present: Judge Robert N. Gorman, Chairman, Stanley C. Allyn,  
Senator John W. Bricker, Forrest G. Ketner, Thomas F. Patton,  
Smith L. Rairdon and Alan B. Loop.

The minutes of the last meeting were approved.

President Fawcett presented the following:

**I. GENERAL RECOMMENDATIONS**

**A. Revised Proposal of the Federal Aviation Agency for Installation of Aircraft Landing Marker**

The Board of Trustees on July 10, 1959 authorized a lease with the Federal Aviation Agency whereby the University would provide land for the installation of an outer marker north of Lane Avenue and west of Kenny Road for the guidance of aircraft landing at Port Columbus. This lease was subsequently executed with renewal privileges to June 30, 1970.

The Federal Aviation Agency has now decided that a location east of the Chesapeake and Ohio Railroad and north of the Poultry Administration Building would provide greater safety, since it would be better located with respect to the WOSU and WLW-C television towers. It is the judgment of the Campus Planning Advisory Board and the Cabinet that the change in location would not be inimical to the interests of the University during the next four or five years, but that a 10 year lease might interfere with certain developments suggested in the Phase I report of the campus planning study.

I recommend that the Board of Trustees authorize the President to sign such revised lease with the Federal Aviation Agency as he deems to be appropriate, not in conflict with the probable future schedule of campus development, and not otherwise inimical to the interests of the University.

**B. Extension of Time on Campus Planning Study Contract**

The work of Caudill, Rowlett and Scott on their contract for Phase I of the campus planning study, which was approved by the Board of Trustees on April 11, 1958, was to be completed within a period of one year. The final approval of this contract was not secured until August 22, 1958, more than four months after action by this Board, and an additional delay of almost two months was then necessary to await the return of deans, department chairman, and faculty members who were to be consulted in the early months of the study. The portions of the work which Caudill, Rowlett and Scott

October 12, 1959 meeting, Board of Trustees

could control were completed within a period of twelve months from the time our faculty returned to campus last fall. However, the technical completion of the work under the contract cannot be achieved until Caudill, Rowlett and Scott have made certain oral reports to the Board of Trustees and other University groups, the times for which Caudill, Rowlett and Scott cannot establish. The last of these oral reports is now scheduled for October 23, 1959.

It is, therefore, recommended that an extension of the completion date of the Caudill, Rowlett and Scott contract from August 22 to November 30, 1959, be approved.

Upon motion of Mr. Allyn, seconded by Mr. Ketner, the above General Recommendations were approved by unanimous vote.

### C. Report on Progress - Bar Association Headquarters Building

The following information is submitted as a report of progress on plans for the establishment of the Ohio State Bar Association Headquarters Building on campus.

The Board of Trustees first took action on June 11, 1956, and again on July 8, 1957, approving the establishment of a Law Center on the campus, in cooperation with the Ohio State Bar Association and the Ohio State Bar Association Foundation.

The President was authorized to sign an agreement with the Bar Association and the Bar Association Foundation for such a Law Center, subject to the approval of the Attorney General. Subsequently the Attorney General ruled that such an agreement could not be signed unless the money for the project was available.

We now have a report from the Ohio State Bar Association, copy of which has been made available to members of the Board, which states that their contributions now total "in excess of \$500,000."

The architectural firm of Potter, Tyler, Martin and Roth has been appointed as architect by the Bar Association to design the building, but the first estimates of cost indicate that the project would come to some \$600,000.00. Accordingly, the campaign continues, and the architect is also working in an effort to reduce somewhat the cost of the structure.

As soon as the project has developed to the point where funds are in hand to proceed with the building, the Board will be requested for a specific authorization to do so and will be presented with the plans for approval.

## II. PERSONNEL CHANGES

In addition to the regular personnel changes included in the minutes, the following Appointment, Leaves of Absence without Salary, Cancellation of Leave of Absence with Salary and Emeritus Title are recommended:

### A. Appointment

William W. Van Alstyne, appointed Assistant Professor and Assistant Dean, College of Law, at an annual salary of \$8868, on a twelve-months contract, effective October 1, 1959.

### B. Leaves of Absence without Salary

Brewton Berry, Professor, Department of Sociology and Anthropology, for the period from October 1, 1959 through January 31, 1960, to complete work on a book.

John T. Krause, Instructor, Department of History, for the period from October 1, 1959 through September 30, 1960, to accept a Rockefeller Grant for research in England.

Margaret H. Kurbatov, Associate Professor, Department of Chemistry, for the period from October 1, 1959 through September 30, 1960, for health reasons.

Mervin G. Smith, Professor and Chairman, Department of Agricultural Economics and Rural Sociology, for the period from October 22 through November 14, 1959, to serve as director of an International Cooperation Administration Seminar on "The Development of Agricultural Marketing" in Kingston, Jamaica.

### C. Cancellation of Leave of Absence with Salary Formerly Approved

E. Ivor Jones, County Extension Agent, Agricultural Extension, Highland County, for the period from October 1 to December 31, 1959.

### D. Emeritus Title

Hilda E. Dierker, with the title Associate Professor Emeritus, School of Music, College of Education, effective October 1, 1959.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the personnel changes were unanimously approved by roll call vote.

### III. GENERAL CONTRACTS AND AGREEMENTS

#### A. The Ohio State University and The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

##### 1. Government Contracts

- a. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Infrared Spectra of Polyatomic Molecules (to be known as Office of Naval Research Project No. 447 - Amendment #11 - Department of Physics and Astronomy).  
Gross Value - \$18,700.00.
- b. Navy Department, Office of Naval Research, Washington 25, D. C. For an investigation of Protective Coatings for Molybdenum (to be known as Office of Naval Research Project No. 467 - Amendment #13 - Department of Metallurgical Engineering).  
Gross Value - \$23,035.00.
- c. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Response of the Accommodation Mechanism to Visual Stimuli (to be known as Office of Naval Research Project No. 654 - Amendment #6 - School of Optometry).  
Gross Value - \$7,000.00.
- d. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Influence of Bulky Substituents on Increasing the Stability of Normally Reactive Chemical Groups in Molecules (to be known as Wright Air Development Center Project No. 681 - Supplement #9, Department of Chemistry).  
Gross Value - \$10,210.00.
- e. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Deoxyribonucleoside and Related Carcinolytes (to be known as National Institutes of Health Project No. 759 - Extension #3 - Department of Chemistry).  
Gross Value - \$54,113.00.

- f. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Human Factors in the Design of Training Equipment (to be known as Wright Air Development Center Project No. 819 - Sup. #3 - Department of Psychology).  
Gross Value - \$39,957.00.
- g. Commander, Air Force Office of Scientific Research, Air Research and Development Command, Washington 25, D. C. For an investigation of Productivity in the Research Team (to be known as Air Force Office of Scientific Research Project No. 857 - Sup. #2 - Engineering Experiment Station).  
Gross Value - \$86,806.00.
- h. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Physiological and Pathological Effects of Vibration (to be known as National Institutes of Health Project No. 862 - Ext. #1 - Department of Preventive Medicine).  
Gross Value - \$63,398.00.
- i. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Synthesis of Fluorinated Polycyclic Aromatic Compounds (to be known as National Institutes of Health Project No. 864 - Ext. #1 - Department of Chemistry).  
Gross Value - \$18,328.00.
- j. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Physical-Chemical Studies of Muscle (to be known as National Institutes of Health Project No. 874 - Ext. #1 - Department of Physiology).  
Gross Value - \$9,200.00.
- k. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Neural Time-Space Mechanisms and Reading Disabilities (to be known as National Institutes of Health Project No. 876 - Ext. #1 - Institute for Research in Vision).  
Gross Value - \$15,000.00.

October 12, 1959 meeting, Board of Trustees

- l. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Study of the Kinetics of the Allotropic Transformation on Metals (to be known as Wright Air Development Center Project No. 881 - Sup. #1 - Department of Metallurgical Engineering).  
Gross Value - \$31,200.00.
- m. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Properties of Non-Metallic Solids at Low Temperatures, By Use of Nuclear Magnetic Resonance Techniques (to be known as Office of Naval Research Project No. 989 - New - Department of Physics).  
Gross Value - \$17,500.00.
- n. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of New Concepts for Radio Frequency Transmission Lines - Phase I (to be known as Wright Air Development Center Project No. 990 - New - Department of Electrical Engineering).  
Gross Value - \$10,795.00.
- o. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Artificial Atmospheres in Sealed Environments (to be known as Office of Naval Research Project No. 991 - New - Department of Physiology).  
Gross Value - \$91,750.00.
- p. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Psychophysiology of Congenital Retinal Disease (to be known as National Institutes of Health Project No. 992 - New - Institute for Research in Vision).  
Gross Value - \$17,250.00.
- q. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Effect of Antimetabolites on the Chick Embryo (to be known as National Institutes of Health Project No. 993 - New - Department of Poultry Science).  
Gross Value - \$4,600.00.

October 12, 1959 meeting, Board of Trustees

- r. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For a study of Steroid Metabolism in Open-Heart Surgery (to be known as National Institutes of Health Project No. 994 - New - Department of Surgery).  
Gross Value - \$10,522.00.
- s. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of The Effect of Hypotension in Obstructive Jaundice (to be known as National Institutes of Health Project No. 995 - New - Department of Surgery).  
Gross Value - \$6,900.00.
- t. National Science Foundation, Washington 25, D. C. For an investigation of Synthesis and Properties of Intramolecularly Overcrowded Molecules (to be known as National Science Foundation Project No. 996 - New - Department of Chemistry).  
Gross Value - \$37,000.00.
- u. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Standard Thrombus Production by Electric Current (to be known as National Institutes of Health Project No. 998 - New - Department of Surgery).  
Gross Value - \$6,000.00.
- v. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Pancreatic Hormonal Influence on Gastric Secretion (to be known as National Institutes of Health Project No. 999 - New - Department of Surgery).  
Gross Value - \$38,720.00.
- w. Commander, Rome Air Development Center, Air Research and Development Command, Griffiss Air Force Base, New York. For Study of Man-Machine Control Systems (to be known as Rome Air Development Center Project No. 1000 - New - Department of Electrical Engineering).  
Gross Value - \$40,930.00.

October 12, 1959 meeting, Board of Trustees

- x. Institute of Technology, Air University, U. S. Air Force, Wright-Patterson Air Force Base, Ohio. For Services to Revise and Present Courses of Instruction, Advanced Logistics and Air Materiel Command Logistics Education Program (to be known as Institute of Technology, WPAFB Project No. 1001 - New - Department of Business Organization). Gross Value - \$633,300.00.
  
- y. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Metabolism of Aging Plant Cells (to be known as National Institutes of Health Project No. 1003 - New - Department of Agricultural Biochemistry). Gross Value - \$8,050.00.
  
- z. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Cytochemical Studies of Normal and Malignant Growth (to be known as National Institutes of Health Project No. 1004 - New - Department of Pathology). Gross Value - \$13,800.00.
  
- a1. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Factors Influencing Experimental Cancer of Uterus (to be known as National Institutes of Health Project No. 1005 - New - Department of Pathology). Gross Value - \$10,105.00.
  
- a2. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of The Establishment and Improvement of Public Relations in a Cancer Survey Project (to be known as National Institutes of Health Project No. 1006 - New - Department of Pathology). Gross Value - \$7,322.00.
  
- a3. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Adjuvant Chemotherapy - Cancer Lung Study (to be known as National Institutes of Health Project No. 1008 - New - Department of Surgery) Gross Value - \$2,300.00.

October 12, 1959 meeting, Board of Trustees

- a4. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Synthesis of Analogs of Actinomycin D (to be known as National Institutes of Health Project No. 1009-New - Department of Chemistry).  
Gross Value - \$7,935.00.
- a5. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Intramolecular Enamine Alkylations (to be known as National Institutes of Health Project No. 1010-New - College of Pharmacy).  
Gross Value - \$2,300.00.
- a6. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Renal Glomerular Lesions Produced by Pituitary Diabetes (to be known as National Institutes of Health Project No. 1011 - New - Department of Pathology).  
Gross Value - \$1,989.00.
- a7. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Fluoride-Triggered Electrode Reactions (to be known as National Institutes of Health Project No. 1012-New - Department of Chemistry).  
Gross Value - \$6,529.00.

TOTAL - \$1,352,544.00

October 12, 1959 meeting, Board of Trustees

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and  
The Ohio State University Research Foundation

2. Industrial Contracts

- a. Olin Mathieson Chemical Corporation, Aviation Division, 460 Park Avenue, New York, New York. For an investigation of Chemical Processes and Products (to be known as Olin Mathieson Chemical Corporation Project No. 116 - 19th Ext. - Department of Chemical Engineering).  
Gross Value - \$18,619.00.
- b. Olin Mathieson Chemical Corporation, Aviation Division, 460 Park Avenue, New York, New York. For an investigation of Synthetic Organic Chemicals and Fibers (to be known as Olin Mathieson Chemical Corporation Project No. 116-B-Sup. #8 - Department of Chemistry).

III. GENERAL CONTRACTS AND AGREEMENTS

B. Agreement Between The Ohio State University and  
The Department of Mental Hygiene and Correction -  
Addition to Columbus Psychiatric Institute & Hospital

The Department of Mental Hygiene and Correction has a Public Health Service grant of \$300,000 and a state appropriation of \$1,225,000 to expand The Columbus Psychiatric Institute and Hospital Building which it now operates on the campus. A proposed agreement between the Department of Mental Hygiene and Correction and The Ohio State University governing the construction and operation of this addition includes the following principal provisions which have been approved by the Campus Planning Advisory Board and the Cabinet:

1. Planning and constructing of the building will be subject to our approval at all critical points.
2. Policies governing the operation of the present building will apply also to the addition.
3. The Institute will supply its own domestic hot water and electricity for both the present building and the addition, except that we will provide stand-by electrical service at their expense.
4. All costs of the addition will be borne by the Department of Mental Hygiene and Correction.
5. Unless the President approves to the contrary in writing, the addition will be confined to an area bounded by a line ten feet inside the present roadway. If this line is violated, the Department of Mental Hygiene and Correction must pay all costs of relocating streets and other facilities and shall replace on new land any parking area destroyed or made unusable.

It is, therefore, recommended that the Board of Trustees authorize the President to sign the agreement with the Department of Mental Hygiene and Correction.

Upon motion of Mr. Loop, seconded by Mr. Ketner, the above recommendation was unanimously approved.

III. GENERAL CONTRACTS AND AGREEMENTS

C. Flight Training Agreement Between Ohio University and  
The Ohio State University

It is recommended that the agreement between The Ohio State University and Ohio University relating to the flight instruction program be continued for the 1959-60 academic year. Under the terms of this agreement the School of Aviation of The Ohio State University serves as the subcontractor to provide flight instruction at Ohio University in accordance with provisions of the Department of Defense negotiated contracts for ROTC flight training between the United States Air Force, the United States Army, and Ohio University.

Upon motion of Mr. Loop, seconded by Mr. Ketner, the above agreement was unanimously approved by roll call vote.

III. GENERAL CONTRACTS AND AGREEMENTS

D. Ohio Wesleyan University, the Lowell Observatory and  
The Ohio State University - Transfer of 69-inch Telescope

For nearly two years officials of the Ohio Wesleyan University, The Ohio State University, and the Lowell Observatory have been negotiating to transfer the 69-inch telescope from the Perkins Observatory at Delaware, Ohio to the Lowell Observatory at Flagstaff, Arizona, and to replace the Perkins 69-inch telescope with a 32-inch telescope and Schmidt camera, gifts of the Michael Schottland family, Martinsville, Virginia.

Scientists on both the Ohio Wesleyan and The Ohio State University staffs recommend such an arrangement because it would not reduce the effectiveness of the teaching program at the Perkins Observatory and will enlarge, intensify and increase the effectiveness of the research program in Astronomy.

Through the assistance of the National Science Foundation, both to the Lowell Observatory and to the Perkins Observatory, this exchange and installation of instruments will be made without additional costs to The Ohio State University.

It is, therefore, recommended that the Board of Trustees authorize the President to sign an agreement between the Ohio Wesleyan University, the Lowell Observatory and The Ohio State University designed to consummate this exchange by July 1, 1961.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above agreement was unanimously approved.

IV. GIFTS

It is recommended that the following gift be accepted for the University and the appreciation of the Board of Trustees be appropriately expressed:

A. Administered Through the Development Fund

1. Five shares of United States Steel Corporation common stock from Robert Houston French valued at \$515.00 for the Edward H. French and Thomas E. French Memorial Fund:

Edward H. French and Thomas E. French Memorial Fund

Established September 16, 1959, by a gift from Robert Houston French in memory of his father, Edward H. French, and his uncle, Thomas E. French.

The principal and any additional contributions shall become a part of the University's endowment to be invested in the University's Investment Portfolio under rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates. The income is to be used at the discretion of the Dean of the College of Law to provide loans for worthy law students or for such other purposes as the Dean of the College of Law may from time to time deem best.

This gift was accepted by general consensus of the Board.

B. Report from The Ohio State University Development Fund

I wish to report that in August, 1959, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	667	\$27,808.89
Individuals, Other Than Alumni	27	805.63
Non-Profit Organizations	14	35,153.33
Business Concerns	25	22,964.50
	<u>733</u>	<u>\$86,732.35</u>

Of these gifts, 489 totaling \$4,819.00 were undesignated and 244 totaling \$81,913.35 were designated for specific projects.

V. APPROPRIATION AND TRANSFER OF FUNDS

A. Conference on the Humanities

Upon the request of the Dean of the Graduate School and with the concurrence of the Vice President, Instruction and Research, I recommend that an amount not to exceed \$2,500.00 be appropriated from the General University Fund for the Second Annual Conference on the Humanities to be held on the campus October 23 and 24, 1959.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above appropriation was unanimously approved by roll call vote.

B. Transfer of \$126,000.00 from Non-Restricted Portion of Mershon Income to Scholarship Funds

On the recommendation of the University Scholarship and Loans Committee and with the concurrence of the Vice President, Business and Finance, it is requested that the Board of Trustees authorize the appropriation of \$126,000.00 from the non-restricted portion of the Mershon income to support University scholarships during the 1959-60 academic year. An equivalent amount has been appropriated from this source for the past two years and in accordance with the policy established by the Board on February 7, 1958.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above appropriation was unanimously approved by roll call vote.

C. Transfer from General University Fund to Scholarship Dormitories

On March 6, 1959 the Board of Trustees authorized the establishment of a Scholarship Dormitory Project and subsequently on April 10, 1959 approved a loan of \$200,000.00 from the General University Fund for the project. As a result of the bids and other miscellaneous cost it has now been determined that the total cost for the completion of the first three phases of the project will approximate \$245,000.00. Therefore, it is recommended that an additional loan of \$45,000.00 be authorized from the General University Fund.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above appropriation was unanimously approved by roll call vote.

VI. EXTRAS AND CREDITS TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra and Credit Orders to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds is otherwise indicated:

A. Married Housing Project No. 1

Outside Services Contract

It is recommended that provisions be made for future extension of the gas line and for a by-pass of the gas lines which will prevent the necessity for shutting off gas service to 50 buildings when future connections are made.

Add \$ 397.80

Funds are provided for this extra in the Married Housing Project No. 1 Construction Fund.

B. University Hospital, North Wing Addition

Electrical Contract

It is recommended that a change be made in the electrical service for the motors in Elevator Systems #1N and #2N to the normal power feeder instead of the double-throw emergency transfer switch and the relocation of two 200 amp. disconnect switches for these same motors.

Add \$ 786.00

C. University Hospital, Redesign of Present Facilities

Electrical Contract

It is recommended that an additional electrical distribution panel be installed near the Central Medical Supply Room to provide capacity for the new circuits required in this area. At the time specifications were prepared, the capacity was adequate, but since that time new circuits have been added.

Add \$ 388.00

October 12, 1959 meeting, Board of Trustees

C. University Hospital, Redesign of Present Facilities (continued)

Heating and Air Conditioning Contract

It is recommended that the condensate line from the unit heater on the ground floor be extended 25 ft, to connect with a line of adequate size located further than indicated on the drawings. This additional work will add \$42.91 to the contract.

It is necessary to connect three traps to the new 3/4 condensate line from coils located in the storage area of the second floor. These traps were not indicated on the drawings. This work will cost \$28.58.

Add \$ 71.49

Plumbing Contract

It is recommended that an oxygen valve be relocated to provide more space in the Recovery Room, at an extra cost of \$20.71.

It is necessary to reroute waste lines under fourth floor Recovery Room to avoid interference with the steam lines, panel heating and other piping. This interference could not be determined until the suspended ceilings were removed and the relocation will cost \$35.58.

Add \$ 56.29

D. College of Engineering, Water Resources Building

General Contract

It has been found on excavation that the existing sewer location was slightly different than indicated on the drawings and a change in the location of two groups of piles is required. The extra cost of redesigning the beams and increasing the amount of reinforcing steel is covered by this extra order.

Add \$103.58

E. University Airport, Runway Improvement

The Board of Trustees on September 7, 1959, approved an extra order for repairing and relocating the electrical power cable to the wind tee. The length of the cable trench and cable was described as 300 ft. During excavation, the actual length was ascertained to be 370 ft., necessitating an additional cost of \$162.00.

Add \$ 162.00

October 12, 1959 meeting, Board of Trustees

F. College of Medicine, Animal Research Facility

Laboratory Equipment Furniture Contract

Acceptance of the original bid received on October 10, 1958 from the Reliance Engineering and Manufacturing Company, San Antonio, Texas, in the amount of \$35,000.00 is recommended since funds have been recently appropriated for this purpose. The estimate of cost was \$36,000.00.

Sterilizing Equipment Contract

It is recommended that the original bid received on October 10, 1958, from the American Sterilizer Company, Erie, Pennsylvania, in the amount of \$21,603.00 be accepted since funds have been recently appropriated for this purpose. The estimate of cost for this equipment was \$24,000.00.

Plumbing Contract

It is recommended that two air compressors in the amount of \$1,080.00 and a vacuum pump, in the amount of \$1,260.00 be ordered, since funds have been appropriated for this purpose.

Add \$2,340.00

Cage Washer Equipment Contract

It is recommended that a second cage washer be purchased at the original bid price of \$13,564.00, from the Metalwash Machinery Corporation.

Add \$13,564.00

General Contract

It is recommended that dark room equipment be added to the general contract since funds were recently appropriated for this purpose.

Add \$ 5,600.00

Funds are available for these extras in Item 087 Equipment Animal Research Center, H. B. 1124.

October 12, 1959 meeting, Board of Trustees

G. College of Engineering, Classroom-Office Facilities

Electrical Contract

The project architects, the Electrical Engineering Department and the University Architect recommend that changes be made in the electrical system in the Electrical Engineering Building.

Add \$ 2,418.00

H. Institute of Vision and Building Materials Laboratory

Relocation of the 6" gas line and change in size of pipe to 3" pipe to avoid interference with the pit for concrete pad has been recommended by the University Architect.

Add \$ 1,018.70

I. Ohio Union, Interior Repairs

Omission of vinyl asbestos tile in the Billard Room has been recommended because it is impossible to match the existing tile.

Credit \$ 150.00

J. Scholarship Dormitories, Phase II

General Contract

It is recommended that additional supports for the cement asbestos ceilings be provided to prevent sagging. Additional cost: \$303.00.

The railings in the existing stairway in the southwest tower are in poor condition in several places, and it is recommended that they be repaired at an extra cost of \$87.00.

Decals are desirable to provide room numbers on six doors in the area adjacent to Phase II rooms and it is recommended that these be added at an extra cost of \$6.00.

Add \$396.00

October 12, 1959 meeting, Board of Trustees

Scholarship Dormitories, Phase II(continued)

General Contract

It is recommended that a new acoustical ceiling be provided in the main entrance and stairway.

Add \$315.00

Electrical Contract

Installation of a new acoustical ceiling which has been recommended would require the installation of two recessed lighting fixtures in the new ceiling and a new switch.

Add \$ 70.00

Funds are provided in G-2-A Scholarship Dormitories, H. B. 831 for this project.

K. College of Engineering, Chemical Engineering Building

It has been recommended by the College Office that changes to improve drainage from the Laboratory Tables in Room 113 be made. These changes involve new plumbing connections and result in an additional charge.

Add \$974.00

L. College of Agriculture, Animal Science Building and Remodeling Plumb Hall

Electrical Contract

It has been reported that all existing wiring of branch circuits in Plumb Hall is #14 wire instead of #12 as now used in all University Buildings and that the insulation on the existing wiring is in bad shape. It is therefore the recommendation of the Service Department and the Project Architects that all existing #14 wire be replaced with new #12 wire, a total of 18,000 feet.

Add \$1,887.00

October 12, 1959 meeting, Board of Trustees

College of Agriculture, Animal Science Building and  
Remodeling Plumb Hall (continued)

General Contract

It is recommended that the ceiling of the Basement Storage Room #07 be insulated to prevent the floor above from becoming overheated. This extra provides for 1" Fiberglas concealed economy form board on nailer channels attached to the bottom of existing concrete joists.

Add \$ 612.95

M. College of Education, Fine Arts Building

Electrical Contract

The omission of electrical connections for certain equipment which will not be delivered in the near future has been recommended and a credit on this contract will thus be realized.

Credit \$ 617.83

Upon motion of Mr. Ketner, seconded by Mr. Loop, the above recommendations, collectively and severally, were unanimously approved by roll call vote.

VII. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bill of materials and estimate of cost for the following projects be approved by the Board of Trustees:

A. Pointing and Caulking Dentistry Building

\$12,560.00 - Estimate of cost

Funds are available in Item 81 Improvement of Existing Physical Plant, H. B. 1124, for this project.

B. Pointing and Caulking the East, North and West Walls of The University Hospital Including the East and West Walls of the First Addition of Cancer Clinic

\$33,300.00 - Estimate of cost

Funds are available in Item 088 Ohio State University Hospital, H. B. 1124.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the plans, specifications, estimate of cost, bills of material and the form of proposal were unanimously approved by roll call vote and the Secretary was authorized and directed to sign the same for and on behalf of the Board. Vice President Carson was directed to advertise for bids in accordance with law and to receive and open bids for and on behalf of the Board and, if any satisfactory bids are received below the estimate of cost, to award such contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions concerning this matter will be reported to the Board at a later meeting.

C. Fire Alarm System - Ohio Union

\$6,000.00 - Estimate of cost

Funds are available in the Ohio Union Rotary for this project.

October 12, 1959 meeting, Board of Trustees

D. Additional Fourth Floor to the Chemical Abstracts Building

\$229,624.00 - Estimate of cost for base contracts

General Contract	\$ 153,424.00
Plumbing Contract	5,000.00
Heating & Air Conditioning Contract	56,200.00

- 59 Approves the release of \$3,000.00 in Item 077 Land Purchases, H. B. 1124, to employ appraisers in connection with land acquisition.
- 60 Releases \$21,600.00 in Item 072 Remodel Robinson Laboratory, H. B. 1124, to provide funds for the employment of the firm of H. A. Williams and Associates, Engineers, for the project "Remodel Robinson Laboratory."
- 61 Releases \$5,400.00 in Item 071 Pomerene Refectory Kitchen, H. B. 1124, to provide funds for the employment of Robert S. Curl and Associates, Engineers, for the project "Pomerene Refectory Kitchen, Rehabilitation and Expansion."

#### EMERGENCY BOARD APPROVALS

- 4 Releases the sum of \$3,146.00 from Item 850 Capital Improvements, H. B. 1124, to provide funds for an extra order on the project "College of Dentistry, Reconstruction in Existing Building."

X. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE

A. Demolition of Buildings

Upon the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that all buildings described below be demolished as soon as practical:

Residence as 21 West 11th Avenue  
Residence at 23 West 11th Avenue  
Residence at 25 West 11th Avenue  
Residence at 2631 Kenny Road

The demolition of the buildings will be advertised in the usual manner.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above recommendation was unanimously approved.

B. Employment of Engineer--Scholarship Dormitories, Phase III

At the September meeting of the Board of Trustees, it was recommended that the engineering firm of Ralph & Curl, Engineers, Columbus, Ohio, be employed to provide the professional engineering services for the heating, ventilating, plumbing and electrical work for this project at a total fee not to exceed \$1,350.00. The University Architect now reports that the amount of service required is exceeding the estimate and recommends that the maximum fee be increased to \$1,845.00. Funds will be provided from the University Architect's Rotary.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the above recommendation was unanimously approved.

C. Purchase of Property, Ingress to Woodland

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of one acre of property from Charles L. Tuller at a price of \$1,750.00. This purchase is contingent on an agreement that Mr. Tuller and his son will have the right to use said property as a lane and turnaround area for their farm operations as long as they own and personally farm the adjoining property on the south and west. This understanding between the University and Mr. Tuller is subject to the approval of the Attorney General. The property is described as follows:

Situated in the N.W. quarter of quarter township 4, range 19, United States Military Lands, Perry Township, Franklin County, Ohio, and serving as an ingress to the woodlands.

October 12, 1959 meeting, Board of Trustees

Funds are available in Item 077, Land Purchases, H. B. 1124.

Upon motion of Mr. Patton, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

D. Purchase of Delewese Property

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of 13.43 acres of woodland from the heirs of Leonard Delewese at a price of \$18,802.00, and described as follows:

Situated in the N. W. quarter of quarter township 4, range 19, United States Military Lands, Perry Township, Franklin County, Ohio.

Funds are available in Item 077, Land Purchases, H. B. 1124.

Upon motion of Mr. Patton, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

E. Purchase of Masters Property

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of 21.65 acres of woodland from Dorothy M. Masters, Lucy Cunningham and Alice J. Bushong, at a price of \$30,310.00 and described as follows:

Situated in the N. W. quarter of quarter township 4, range 19, United States Military Lands, Perry Township, Franklin County, Ohio.

Funds are available in Item 077, Land Purchases, H. B. 1124.

Upon motion of Mr. Patton, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

October 12, 1959 meeting, Board of Trustees

F. Purchase of Building and Property, 164 West Woodruff Avenue

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of the following property from Mrs. Lee Luellen at a price of \$14,250.00.

Property known as 164 West Woodruff Avenue being Lot #40, Agricultural College Addition, Parcel #32895, City of Columbus, County of Franklin, State of Ohio.

Funds are available in Item 077 Land Purchases, H. B. 1124.

Upon motion of Senator Bricker, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

G. Additional Fourth Floor, Chemical Abstracts Building

At its meeting on December 5, 1958, the Board of Trustees authorized the President to sign on behalf of the University an agreement with the American Chemical Society whereby the Society would pay the cost of adding one floor to the Chemical Abstracts Building.

On April 13, 1959 the agreement was signed providing for a maximum payment of \$200,000.00 for this purpose.

The revised estimate of cost indicates that the additional floor will cost approximately \$250,000.00.

It is, therefore, recommended that the President be authorized to sign a supplementary agreement providing for a maximum payment of \$250,000.00 by the American Chemical Society to The Ohio State University for this purpose.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

October 12, 1959 meeting, Board of Trustees

H. Dormitory Revenue Bonds, Semi-Annual Payments

In accordance with the Trust Agreement, dated April 15, 1957, between The Ohio State University and The Ohio National Bank, as Trustee, the interest payment on the Dormitory Revenue Bonds for the period April 15, 1959 to October 15, 1959, amounting to \$203,494.48 was due October 1, 1959.

It is, therefore, recommended that the \$203,494.48 be transferred from the Dormitory Revenue Fund to The Ohio National Bank of Columbus, as Trustee, in accordance with the Trust Agreement.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was unanimously approved by roll call vote.

## XI. RESOLUTION IN MEMORIAM

### Ralph Lawrence Dewey

The Board of Trustees expresses its sorrow at the death on September 27, 1959, of Ralph Lawrence Dewey, Professor of Economics. Professor Dewey was 58 years of age. He received the Bachelor of Arts degree in 1923 and the Master of Arts degree in 1924 from The Ohio State University. He was awarded the Ph. D. degree by the University of Michigan in 1929.

After serving two years as an Ohio State University Scholar, Mr. Dewey went to the University of Michigan with the rank of Instructor which he held for two years. For a year he was a Research Fellow at the Brookings Institution in Washington, D. C. He returned to The Ohio State University as an Instructor in Economics, became an Assistant Professor in 1929, and an Associate Professor in 1934. In 1936-37 Professor Dewey again returned to the University of Michigan for one year in the capacity of Visiting Lecturer. He then joined the staff of the United States Department of Agriculture, directing its Transportation Research Division. In 1945-46 Dr. Dewey accepted the position of Professor of Economics at Iowa State College of Agriculture and Mechanic Arts, and in 1946 he again returned to The Ohio State University as Assistant Dean of the Graduate School and part-time Professor of Economics. In 1953 he became a full-time Professor of Economics.

Professor Dewey was a specialist in the field of transportation and public utility economics, but he always maintained a deep interest in general economic theory. He held numerous research and consulting assignments with various agencies of the federal government, and at the time of his death was a member of the Transportation Advisory Committee of the United States Department of Agriculture. He served as Expert Economist in matters of transportation for several of the States and Canadian Provinces. He also served as adviser to various industry and government groups on highway and airline transportation problems. Syracuse University and the Brookings Institution in Washington, D. C. called upon him to participate in research projects. Professor Dewey was active in the American Economic Association and served as President of its Transportation and Public Utilities section in 1948.

October 12, 1959 meeting, Board of Trustees

Professor Dewey was very much interested in the National Woodrow Wilson Fellowship Program, and for a period was Chairman of a Regional Selection Committee. For a time he also served as Assistant Secretary of the American Association of University Professors and Editor of its Bulletin.

Professor Dewey was the author of several books and monographs on transportation and public utility economics and he wrote numerous scientific articles in this field. He joined Dr. H. C. Moulton and Associates in writing "The American Transportation Problem."

Dr. Dewey was a member of Phi Beta Kappa, Beta Gamma Sigma and Delta Sigma Rho.

All who knew Professor Dewey were impressed by his cordiality, affability, and sincerity. He took great pride in his profession and maintained high standards of scholarship. He was a beloved figure on the campus and had many friends. Graduate students particularly enjoyed associating with him. In his death, the University notes with sorrow the passing of one who made a notable and permanent contribution to the teaching and research programs on the campus.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

## II. GENERAL CONTRACTS AND AGREEMENTS

### A. The Ohio State University and The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

#### 1. Government Contracts

- a. Headquarters, U. S. Army Medical Research & Development Command, Office of the Surgeon General, Washington 25, D. C. For an investigation of Effects of Low-Level X-Irradiation on Post-Mitotic Cells (to be known as U. S. Army, Office of Surgeon General Project No. 513 - Modification #9 - Department of Physiology).  
Gross Value - \$15,300.00.
- b. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Physiology of Aquatic Bacteria (to be known as National Institutes of Health Project No. 705 - Extension #4 - Department of Bacteriology).  
Gross Value - \$8,634.00.
- c. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Polynitro Aliphatic Synthesis (to be known as Office of Naval Research Project No. 783 - Amendment #3 - Department of Chemistry).  
Gross Value - \$32,000.00.
- d. Douglas Aircraft Company, Inc., Santa Monica Division, Santa Monica, California. For Aerodynamic Tests and Research (to be known as Douglas Aircraft Company, Inc. Project No. 790 - W.O. A260-15 - Department of Aeronautical Engineering).  
Gross Value - \$12,500.00.
- e. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Isolation of Enteric Viruses from Swine (to be known as National Institutes of Health Project No. 791 - Extension #2 - Department of Bacteriology).  
Gross Value - \$7,705.00.

November 6, 1959 meeting, Board of Trustees

- f. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Research on Combustion Phenomena at High Pressure (to be known as Wright Air Development Center Project No. 799 - Sup. #5 - Department of Aeronautical Engineering).  
Gross Value - \$34,996.00.
- g. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Metabolic Changes Induced by X-Irradiation (to be known as National Institutes of Health Project No. 800 - Extension #2 - Department of Physiology).  
Gross Value - \$4,500.00.
- h. Commander, Air Force Office of Scientific Research, Air Research and Development Command, Washington 25, D. C. For an investigation of Elliptic Partial Differential Equations (to be known as Air Force Office of Scientific Research Project No. 812 - Supplement #3 - Department of Mathematics).  
Gross Value - \$6,705.00.
- i. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Hypersonic Aerothermodynamic Simulation (to be known as Wright Air Development Center Project No. 818 - Sup. #6 - Department of Aeronautical Engineering).  
Gross Value - \$57,080.00.
- j. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Effects of Temperature and Magnetic Fields on Electrical Resistivity (to be known as Wright Air Development Center Project No. 851 - Supplement #3 - Department of Chemistry).  
Gross Value - \$39,557.00.
- k. Department of the Navy, U. S. Naval Training Device Center, Port Washington, New York. For an investigation of The Human Factor As a Sensor in Tracking Systems (to be known as U. S. Naval Training Device Center Project No. 880 - Amendment #1 - Department of Psychology).  
Gross Value - \$1,050.00.
- l. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For Research on Satellite Ionization Phenomena and Observations (to be known as Cleveland Ordnance District Project No. 884 - Modification #2 - Department of Electrical Engineering).  
Gross Value - \$14,000.00.

November 6, 1959 meeting, Board of Trustees

- m. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Studies in Primate Learning and Perception (to be known as National Institutes of Health Project No. 887 - Extension #1 - Department of Psychology).  
Gross Value - \$31,791.00.
- n. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Research on Electronic Reconnaissance Antennas (to be known as Wright Air Development Center Project No. 903 - C. O. #2 - Supl. #3 - Department of Electrical Engineering).  
Gross Value - \$93,057.00.
- o. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Fundamental Research on Physical Electronics at Millimeter Wavelengths (to be known as Wright Air Development Center Project No. 927 - Supplement #2 - Department of Electrical Engineering).  
Gross Value - \$25,000.00.
- p. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Voice Communication (to be known as Office of Naval Research Project No. 1002 - New - Department of Speech).  
Gross Value - \$13,814.00.
- q. Commander, Air Force Office of Scientific Research, Washington 25, D. C. For an investigation of Personality Factors in Motivation (to be known as Air Force Office of Scientific Research Project No. 1007 - New - Department of Psychology).  
Gross Value - \$28,493.00.
- r. National Aeronautics and Space Administration, 1520 H Street Northwest, Washington 25, D. C. For Theoretical and Experimental Research on the Initiation and Development of Detonation Waves in Combustible Gas Mixtures (to be known as National Aeronautics and Space Administration Project No. 1013 - New - Department of Aeronautical Engineering).  
Gross Value - \$105,525.00.
- s. U. S. Army Chemical Corps R & D Command, U. S. Army Biological Warfare Laboratories, Fort Detrick, Frederick, Maryland. For an investigation of Longevity and Productivity of *Aedes Aegypti* Mosquitoes (to be known as U. S. Army Biological Warfare Laboratories Project No. 1014 - New - Department of Zoology and Entomology).  
Gross Value - \$5,000.00.
- t. Cleveland Ordnance District, 1367 Sixth Street, Cleveland 14, Ohio. For an investigation of Stabilized Carbanions (to be known as Cleveland Ordnance District Project No. 1015 - New - Department of Chemistry).  
Gross Value - \$11,621.00.

November 6, 1959 meeting, Board of Trustees

- u. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Electron Properties of Chlorophyll Films (to be known as National Institutes of Health Project No. 1017 - New - Department of Chemistry). Gross Value - \$13,018.00.
- v. National Science Foundation, Washington 25, D. C. For an investigation of The Nature of the Induction of Uncontrolled Growths by Specific Genes (to be known as National Science Foundation Project No. 1018 - New - Department of Zoology and Entomology). Gross Value - \$9,300.00.
- w. National Science Foundation, Washington 25, D. C. For an investigation of Comparative Genetics of the Deermouse and the Laboratory Mouse (to be known as National Science Foundation Project No. 1019 - New - Department of Zoology and Entomology). Gross Value - \$15,000.00.
- x. National Science Foundation, Washington 25, D. C. For an investigation of Photometric Atlas of the Solar Spectrum (to be known as National Science Foundation Project No. 1020 - New - Department of Physics and Astronomy). Gross Value - \$10,300.00.
- y. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Ion Sheath Research (to be known as Wright Air Development Center Project No. 1021 - New - Department of Electrical Engineering). Gross Value - \$40,000.00.
- z. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Experimental Portal Hypertension (to be known as National Institutes of Health Project No. 1022 - New - Department of Surgery). Gross Value - \$11,500.00.
- a1. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Fractionation Studies on Nondialyzable Materials of Human Urine (to be known as National Institutes of Health Project No. 1023 - New - Department of Physiological Chemistry and Pharmacology). Gross Value - \$12,617.00.
- a2. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Cardiac Output and Organ Blood Flow in Shock (to be known as National Institutes of Health Project No. 1024 - New - Department of Physiology). Gross Value - \$28,527.00.

November 6, 1959 meeting, Board of Trustees

- a3. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Characteristics of Enamel and Dentin for Restorations (to be known as National Institutes of Health Project No. 1025 - New - College of Dentistry). Gross Value - \$2,000.00.
- a4. National Science Foundation, Washington 25, D. C. For Monographic Study of the Gyponinae (to be known as National Science Foundation Project No. 1026 - New - Department of Zoology and Entomology). Gross Value - \$16,000.00.
- a5. National Science Foundation, Washington 25, D. C. For an investigation of Auto-antibodies in Experimental Tuberculous Disease (to be known as National Science Foundation Project No. 1027 - New - Department of Bacteriology). Gross Value - \$25,200.00.
- a6. National Science Foundation, Washington 25, D. C. For an investigation of Antibiotic Production During Sporogenesis (to be known as National Science Foundation Project No. 1028 - New - Department of Agricultural Biochemistry). Gross Value - \$13,000.00.
- a7. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Design of a Star Atlas for Use with Baker-Nunn Satellite Tracking Cameras (to be known as Air Force Cambridge Research Center Project No. 1029 - New - Department of Geology). Gross Value - \$17,540.00.
- a8. National Science Foundation, Washington 25, D. C. For an investigation of Phase Behavior of Mixtures (to be known as National Science Foundation Project No. 1030 - New - Department of Chemical Engineering). Gross Value - \$8,000.00.

Total - \$770,330.00

2. Industrial Contracts

- a. University of Illinois, Business Office, Purchasing Division, 203 Administration Bldg. E, Urbana, Illinois. For Transmission of Pulsed Radio Signals at 6.4MC/S (to be known as University of Illinois Project No. 473 - Modification #21, -Department of Electrical Engineering).  
Gross Value - \$1,200.00.
- b. The Pennsylvania State University, Department of Purchases, University Park, Pennsylvania. For Installation and Operation of IGY Radio Receivers (to be known as The Pennsylvania State University Project No. 978 - Extension #1 - Department of Electrical Engineering).  
Gross Value - \$2,050.00.
- c. E. I. duPont de Nemours & Company, Wilmington 98, Delaware For an investigation of Vinylic Fluorination (to be known as E. I. duPont de Nemours & Company Project No. 997 - New - Department of Chemistry).  
Gross Value - \$8,123.00.
- d. Des Lignes Telegraphiques Et Telephoniques, Paris, France. For Obtaining Information on the Manufacture and Testing of Retarding-Field Oscillator Tubes (to be known as Des Lignes Telegraphiques Et Telephoniques Project No. 1016 - New - Department of Electrical Engineering).  
Gross Value - \$2,500.00.

Total - \$13,873.00

The foregoing thirty-eight contracts for research in cooperation with Government and Industry represent a gross income of \$784,203.00.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above contracts were unanimously approved.

November 6, 1959 meeting, Board of Trustees

General Contracts and Agreements (continued)

B. ICA Contract Extension - College of Agriculture and Home Economics

The Ohio State University has been under contract with the International Cooperation Administration to assist in the development of a program in agricultural education and research in India since September 12, 1955, and is now requested by ICA to consider an extension of our India contract from June 30, 1960 to March 31, 1962. This extension provides for the continuation of the present staff or their replacements and does not provide for any expansion of the program by the addition of personnel.

It is recommended that the President be authorized to negotiate an extension of the contract to March 31, 1962, with the understanding that all costs for this program are to be covered by funds from the International Cooperation Administration.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the above contract was unanimously approved.

### III. GIFTS

It is recommended that the following gift be accepted for the University and the appreciation of the Board of Trustees be appropriately expressed:

#### Administered through the Business Office

North American Aviation, Inc. , has offered to donate to us a prefabricated wooden enclosure approximately 10 feet wide and 28 feet long located in the "fenced-in" area of the Aerodynamic Laboratory behind the large air storage reservoirs at Don Scott Field. This structure was erected by North American Aviation in 1957 to house some special test apparatus which was being used in a study for North American at that time. The estimated value of this building is \$1,400.00.

Upon motion of Senator Bricker, seconded by Mr. Loop, the foregoing gift was accepted by unanimous vote.

#### Report from The Ohio State University Development Fund

I wish to report that in September, 1959, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>Number of Gifts</u>	<u>Amount</u>
Alumni	674	\$ 22,597.06
Individuals, Other Than Alumni	26	2,755.56
Non-Profit Organizations	24	89,185.54
Business Concerns	20	55,219.24
	<u>744</u>	<u>\$169,757.40</u>

Of these gifts, 451 totaling \$3,606.00 were undesignated and 293 totaling \$166,151.40 were designated for specific projects.

#### IV. APPROPRIATIONS AND TRANSFERS OF FUNDS

##### A. Inter-University Council Budget Study

The Ohio Inter-University Council has agreed to obtain the services of Dr. Richard G. Axt, Associate Director, Western Interstate Commission for Higher Education, as a consultant to conduct a study of budgets and costs in the six state-supported institutions for higher education in Ohio. It was further agreed that the institutions of the Inter-University Council would share in the cost of the study on a pro-rata basis. Therefore, it is recommended that \$5,344.00 be transferred from the F-9 appropriation in H. B. No. 831 to Rotary 12613, Ohio Inter-University Budget Study, to cover The Ohio State University's share of the cost.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above transfer of funds was unanimously approved by roll call vote.

##### B. Equipment and Physical Facilities for Research Foundation Projects

It is recommended that \$10,000.00 be appropriated from the General University Fund to the Research Facilities Rotary 12991 for the emergency purchase or repair of equipment and the emergency enlargement or rearrangement of space to provide continuation of current research projects, contracts for which have been processed through the Research Foundation or the Business Office.

This is a renewal of Board action of September 1, 1958, which appropriated \$10,000.00 similarly for the ensuing year.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above transfer of funds was unanimously approved by roll call vote.

##### C. Don Scott Field - Installation of Electrical Sub-station

On July 10, 1959, \$36,000.00 was appropriated by the Board of Trustees for an electrical sub-station at Don Scott Field. \$25,090.00 of this amount was approved for equipment, while \$10,000.00 was the estimate of cost for installation.

A quotation has been received from the Jess Howard Electric Company in the amount of \$11,494.00 for the installation of the sub-station required to change over from diesel power to utility power at the Aerodynamic Laboratory. This is the lowest and best bid received.

The difference between the total funds available and the equipment cost plus the low bid is \$584.00. It is recommended that this additional amount be transferred from the General University Fund to Rotary 12985, "University Airport Power Equipment."

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above transfer of funds was unanimously approved by roll call vote.

November 6, 1959 meeting, Board of Trustees

Appropriations and Transfers of funds (continued)

D. Research Foundation Appropriation - Antenna Laboratory

On June 30, 1959, an agreement was reached with the Air Force on provisional overhead rates on government research contracts for the period beginning January 1, 1959.

The agreement provides for an increase from 41 per cent to 50 per cent of salaries and wages expended on the contracts. This increase is subject to audit at the end of the year. Since in most instances the amount of the contracts could not be increased, this change in the overhead rate from 41 to 50 per cent actually reduces the amount available to carry on the research.

The Director of the Antenna Laboratory reports that they have done everything they can do to reduce expenses without completely disrupting a group which has had continuing programs for more than fifteen years.

It is estimated that a maximum of \$37,421.00 will be required to carry these important projects to December 31, 1959.

It is, therefore, recommended that the Board of Trustees appropriate an amount not to exceed \$37,421.00 from the General University Fund for the Antenna Laboratory for the calendar year 1959.

Upon motion of Mr. Allyn, seconded by Mr. Ketner, the above appropriation was unanimously approved by roll call vote.

V. EXTRAS AND CREDITS TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra and Credit Orders to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124 (in accordance with the provisions of H. B. 1124) unless a source of funds is otherwise indicated:

A. Scholarship Dormitories, Phase II

Plumbing Contract

It is recommended that in order to properly install plumbing fixtures which had been removed and stored as part of Phase I work, certain extra parts should be replaced. Add \$ 78.00

Electrical Contract

It is recommended that T. W. wire which is equally satisfactory for this project be substituted for R. H. W. wire resulting in a savings. Deduct \$107.50

B. Scholarship Dormitories, Phase III

Electrical Contract

It is recommended that the 2" electrical conduit be moved to avoid interfering with the installation of the second floor, north end, new emergency exit to the ramps. Add \$ 150.00

Items A and B are payable from G-2-A Scholarship Dormitories, H. B. 831

C. College of Engineering, Chemical Engineering Building

General Contract

It is recommended that five glazed openings with metal frames in the partitions be provided between the Balancing Room No. 114 (an inside room) and the General Laboratory No. 113 in order to permit daylight to filter through to Room No. 114 and to allow observation of activities from one room to another. Add \$ 165.80

It is recommended that a new concrete walk be provided from the north door of the Hazardous Material Storage Building to a nearby sidewalk on the northeast. No walk was specified in the original contract at this doorway. Add \$ 118.90

Electrical Contract

It is recommended that in order to provide maximum safety and in order to conform with the standard panel arrangement in the rest of the building, two 12 circuit breaker panels be provided on the wall of the thermodynamics laboratory, Room 412. Add \$ 94.00

It is recommended that one double faced baseboard electrical convenience outlet situated in the middle of one room of each of three suites of offices-- Rooms 331, 332, 333, 334; Rooms 336, 337, 338, 339; and Rooms 431, 432, 433, 434-- be removed. These outlets were left exposed as a result of the rearrangement of the three office groups. Add \$ 314.00

D. 11th Avenue Residence Halls for Men, Building No. 4

General Contract

The specifications provided for the removal of a section of concrete driveway east of Building No. 3, which was poured under the contract for that building, to provide for a new driveway at a lower elevation. It is recommended that the grades of the new driveway be revised slightly and the location of the catch basin changed so that this section of paving can be used by incorporating it in the new driveway. Deduct \$1,168.00

This project is payable from 11th Avenue Residence Halls for Men, Building No 4 Construction Account.

E. College of Agriculture, Poultry Science Building

Plumbing Contract

This contract was scheduled for completion on July 6, 1959, but the gas line was not finished and ready for use until July 17, 1959. The architects for this project state that the plumbing contractor made no effort to expedite the work although a number of letters were written, urging him to do so. It is, therefore, recommended that liquidated damages for ten days at the rate of \$15.00 per day, as established in the contract, be retained from the final estimate on the contract. The architects for the project and the Director of Public Works concur in this recommendation.

	<u>Deduct</u>	\$150.00
--	---------------	----------

F. Service Building

General Contract

The following changes in the specifications are recommended:

| <u>Total extra cost</u>  |               | <u>\$ 98.20</u> |

G. College of Arts, Classroom Office Building

General Contract

The original specifications called for the general contractor to replace any part of Sherman Drive and adjacent sidewalks disturbed by construction. A re-examination of the plans by the Council on Business Affairs and the Traffic Commission resulted in the recommendation that the road be widened to 22 ft. and the necessary changes made in the location of sidewalks on both the east and west sides of the road, as well as a new walk from Denney Hall to 18th Avenue. Add \$ 4,628.00

Funds for this project are provided as follows: \$4,117.00 from Item 074, New Walks, Roadways and Pedestrian Bridge, and \$511.00 from Item 850, H. B. 1124.

Upon motion of Mr. Ketner, seconded by Senator Bricker the above recommendations, collectively and severally, were unanimously approved by roll call vote.

Report of Award of Contracts (continued)

D. Telephone Duct Line from the Telephone Exchange in New Service Building to Tunnel on West Campus and Extension of Pole Line to Research Center

The following bids were received on November 5, 1959 by the Director of Public Works:

	<u>Low Bid</u>	<u>Estimate of Cost</u>
Fishel Company (Columbus)	\$ 19,600.00	\$32,000.00
Ecco Company	27,776.00	
Pence Electric Company	22,600.00

## VII. AWARD OF CONTRACTS

Bids were received on October 23, 1959 for the project "Additional Fourth Floor, Chemical Abstracts Building" and the Council on Business Affairs with the concurrence of the Cabinet recommends that the contracts be awarded to the low bidders for the following divisions:

### Additional Fourth Floor, Chemical Abstracts Building

	<u>Low Bid</u>	<u>Estimate of Cost</u>
<u>Plumbing Contract</u> (7 bids received)		
J. A. Guy Company (Columbus)	\$ 6,900.00	\$ 5,000.00
<u>Heating and Air Conditioning Contract</u> (7 bids received)		
Limbach Company (Columbus)	72,160.00	56,200.00
<u>Electric Contract</u> (7 bids received)		
Blum Electric Company (Columbus)	<u>21,987.00</u>	<u>15,000.00</u>
<u>Total awards recommended</u>	<u>\$101,047.00</u>	<u>\$76,200.00</u>

The foregoing bids are the lowest and best bids in their respective divisions notwithstanding the fact that they all exceed the estimate of cost. Seven bids were received on each division and it is believed that no better bids would be offered if they were readvertised.

Due to an error in the bidding on a desirable alternate (Alternate G-3, Collective Elevator Control, General Contract), the Director of Public Works and the University administration have determined that the General Division should be readvertised for a ten-day period with bids to be received on November 12, 1959.

It is, therefore, recommended that the Controlling Board be requested to grant approval for the award of contracts as listed above for the Plumbing, Heating and Air Conditioning, and Electrical Divisions. It is further recommended that the Vice President, Business and Finance, be authorized to recommend the award of the general contract to the lowest and best bidder when bids are received on November 12, so long as the total amount of the bids accepted is within the allocation of funds granted by the American Chemical Society for this purpose.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above action was unanimously approved by roll call vote.

- 76 Determines that the interest of the state requires and permits the advertisement for bids to be published once, not more than ten days nor less than eight days preceding the day of the opening of the bids for Pointing and Caulking the Dentistry Building.
- 81 Authorizes entering into a contract with Frank Messer and Sons, Inc., in the amount of \$1,968.03 for an extra order on University Hospital, North Wing Addition project and approves the release of \$1,968.00 in Item 085 Equipment, North Wing, University Hospital, H. B. 1124.

November 6, 1959 meeting, Board of Trustees

- 82 Approves the release of \$78,107.00 in Item 087 Equipment, Research Center, University Hospital, H. B. 1124, for contracts for equipment with the following firms:

Reliance Engineering and Manufacturing Co.	\$ 35,000.00
American Sterilizer Company	21,603.00
Metalwash Machinery Company	13,564.00
C. C. Vogel	5,600.00
National Corporation	2,340.00

- 87 Determines that the interest of the state requires and permits the advertisement for bids to be published once, not more than ten days nor less than eight days preceding the day of the opening of the bids for the project "New Telephone Duct Line and Pole Line to Research Center".
- 90 Approves the release of \$25,250.00 in Item 088 Improvement of Existing Physical Plant, H. B. 1124, for the contract for the project Pointing and Caulking the East, North, and West Walls of The University Hospital Including the East and West Walls of the First Addition of Cancer Clinic.
- 91 Approves the release of \$10,000.00 in Item 081 Improvement of Existing Physical Plant, H. B. 1124, for the contract for the project Pointing and Caulking Dentistry Building.

EMERGENCY BOARD APPROVALS

- 5 Releases and allocates the sum of \$1,730.00 from Item 850 Capital Improvements H. B. 1124 for the purpose of installing equipment for the College of Engineering Classroom Office Facilities Building.
- 6 Releases and allocates the sum of \$209.28 from Item 850 Capital Improvements H. B. 1124 to provide funds for an extra order on the Radiation and Therapy Addition at the University Hospital project.
- 7 Releases and allocates the sum of \$108.00 from Item 850 Capital Improvements H. B. 1124 to provide funds for an extra order on University Hospital, North Wing Addition.
- 8 Releases and allocates the sum of \$7,920.00 from Item 850 Capital Improvements H. B. 1124 to provide funds for an extra order on the College of Engineering, Classroom Office Facilities project.

**IX. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE**

**A. Purchase of Building and Property, 2465 Wood Avenue**

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of the following property from Mr. William Wright at a price of \$2,000.00:

Property known as 2465 Wood Avenue being Lot #41,  
Second Wood - Brown C. Addition, Clinton Township,  
Franklin County, Ohio

Funds are available in Item 077, Land Purchases, H. B. 1124.

Upon motion of Mr. Ketner, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote.

**B. Employment of Engineers, Remodeling of McPherson Laboratories**

It is recommended that the engineering firm of Ralph & Curl, mechanical engineers of Columbus, Ohio, be employed to prepare the drawings, specifications, estimate of cost and daily supervision of construction for the mechanical branches of the work on the project "Remodeling of McPherson Laboratories". The fee for this work is to be six per cent of the cost of the mechanical contracts, estimated at \$141,605.00, or an estimated fee of \$8,496.00. Funds have been encumbered for the engineering services in H. B. 939.

Upon motion of Mr. Allyn, seconded by Mr. Ketner, the above recommendation was unanimously approved by roll call vote.

**C. Employment of Engineers, Replacement of Induced Draft Fans on Boilers #5 and #8**

It is recommended that the engineering firm of Fosdick & Hilmer, mechanical engineers of Cincinnati, Ohio, be employed to prepare the drawings, specifications, estimate of cost and supervision of construction for the mechanical work on the project "Replacement of Induced Draft Fans on Boilers #5 and #8". The fee for this work is to be six per cent of the cost of the contract, estimated at \$50,000.00 or an estimated fee of \$3,000.00. Funds will be provided from Item 081 Improvement of Existing Physical Plant, H. B. 1124.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

## X. RESOLUTION IN MEMORIAM

### Jay Boardman Park

The Board of Trustees expresses its sorrow at the death on October 2, 1959, of Jay Boardman Park, Professor Emeritus of Agronomy.

Professor Park was born in Clarence, Illinois, on January 30, 1884. He received a Bachelor of Arts Degree at the University of Illinois in 1908 and was appointed Assistant Chemist at the Experiment Station. He was an Associate in Plant Breeding from 1911 to 1914, receiving a Master of Science Degree in 1912. He attended the Bussey Institute at Harvard and received a Doctor of Science Degree in Genetics in 1916.

Dr. Park was brought to The Ohio State University as head of the Department of Farm Crops in 1916. In 1933 the Department of Soils and the Department of Farm Crops were combined into the Department of Agronomy, and he was made Professor of Agronomy, a title he held until his retirement in 1950.

Dr. Park was appointed Associate at the Ohio Agricultural Experiment Station in 1917 and remained on its staff until his retirement. He was enthusiastically concerned with the introduction of the soybean as a field crop in Ohio, carried on outstanding studies in the Corn Belt of growing corn and soybeans together, and introduced the first of the important improved varieties of soybeans, the Manchu. His special field was plant breeding, and he introduced Fulghum oats about 1920, a variety which dominated Central and Southern Ohio for fifteen years. He worked in sweet clover as it became an important crop and introduced the variety, Evergreen, in the middle thirties. It is still an important variety in Nebraska and Oklahoma. His last breeding project was sweet corn, which he carried until his retirement. He introduced the "Ohiogold" hybrids, which have now been replaced by later ones, but which were among the early demonstrations showing that sweet corn could be as notably improved in flavor and yield as other crops.

He served on the Committee on Instruction and various Graduate School committees. He had a number of excellent graduate students and will be remembered as a counselor and friend of both undergraduate and graduate students.

Professor Park married Ethel Nation in 1909. They had two children-- Robert, who operates a seed corn farm and business at Urbana, Ohio, and Jean Eloise, who lives on a farm in the Missouri Valley in Iowa.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

November 6, 1959 meeting, Board of Trustees

Report of the Finance Committee

Mr. Patton presented the following report of the Finance Committee:

Application for Loan Assistance-Men's Quadrangle Project No. 1

It is recommended that an application for loan assistance under Title IV of the Housing Act of 1950 be filed to obtain funds for Men's Quadrangle Project No. 1. The project will house 350 men and is estimated to cost approximately \$880,000.00, including architect's fees, roads, site improvement and movable equipment. The estimated cost of construction is \$800,000.00 and the estimated cost of movable equipment is \$80,000.00.

The application will request a federal loan in the amount of 50% of the cost of construction, or \$400,000.00 and additional bonds will be sold to private investors for the balance of the construction costs, plus the cost of movable equipment (total \$480,000).

NOW, THEREFORE, BE IT RESOLVED, that the President of the University and the Vice President, Business and Finance, of the University, or either of them, are authorized on behalf of the University to file an application or applications or amendments or supplements to existing applications in such form or forms as they shall deem advisable to obtain from the United States Government, acting through the Housing and Home Finance Administration, and pursuant to Title IV of the Housing Act of 1950, loan assistance in the amount of \$400,000.00 to cover one-half of the cost of the Men's Quadrangle Project No. 1, exclusive of the cost of movable equipment, and such other costs as are not permitted to be included under the rules of practice of the Housing and Home Finance Administration.

Upon motion of Mr. Patton, seconded by Mr. Loop, the foregoing recommendation and resolution were approved by unanimous roll call vote.

December 11, 1959 meeting, Board of Trustees

President Fawcett presented the following statement and recommendation to the Board of Trustees regarding the retirement of Dean Leo L. Rummell and the appointment of a new Dean for the College of Agriculture and Home Economics:

You will recall that on June 12, 1959, Dean Leo L. Rummell announced his intention to retire on December 31, 1959. Following Dean Rummell's announcement, I conferred with the Chairman of the Board, Judge Gorman, concerning the procedures to be followed in the selection of a successor for the Dean and it was agreed that a committee of representatives from the faculty of the College of Agriculture and Home Economics and the Ohio Agricultural Experiment Station should be appointed to advise the Board and the President in making the selection of a successor. This procedure was approved and ratified by the Board at its July 10 meeting. It is now my pleasure to submit the following recommendations.

- I. It is hereby recommended that Leo L. Rummell be elected to the position of Dean Emeritus, College of Agriculture and Home Economics, effective immediately following his retirement on December 31, 1959.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote.

- II. It is recommended that Dr. Roy M. Kottman be appointed Dean of the College of Agriculture and Home Economics and Professor of Animal Science, effective June 1, 1960, at the annual salary of \$8,868.00.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was unanimously approved by roll call vote.

- III. Since there is the period from January 1 to May 31, 1960, between the time of Dean Rummell's retirement and the effective date of Dr. Kottman's appointment, I recommend that the administration of the College of Agriculture and Home Economics be handled in the following manner:

December 11, 1959 meeting, Board of Trustees

That Associate Dean T. S. Sutton be named Acting Dean for the interim period of January 1, 1960 to May 31, 1960, and

That Dr. Roy M. Kottman be engaged to serve as a consultant with the understanding that he will come to the campus for one or two day periods during January, February and March and for periods of one week at a time in April and May, to confer with the administrative staff and department chairmen of the College, and further that he be compensated for travel expenses and service rendered, the amount to be negotiated.

Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the above recommendation was unanimously approved by roll call vote.

---

The meeting recessed and the Board of Control of The Ohio Agricultural Experiment Station convened.

---

The Board of Trustees reconvened in regular session, with the same members present.

December 11, 1959 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Department of Veterinary Surgery - Change of Name to Department of Veterinary Surgery and Radiology

The Faculty Council on November 17, 1959 approved the recommendations of the College of Veterinary Medicine and the Council on Instruction that the name of the Department of Veterinary Surgery be changed to the Department of Veterinary Surgery and Radiology. The proposed name brings the important area of Veterinary Radiology into a department title in the College and reflects more accurately the scope of the instruction and research responsibilities of the department.

I recommend that the Board of Trustees approve this recommendation.

B. Autumn Quarter Convocation - Degrees Conferred

It is recommended that degrees be conferred at the Autumn Quarter Convocation on December 18, 1959, to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above general recommendations were approved by unanimous consent.

## II. PERSONNEL CHANGES

In addition to the regular personnel changes included in the Minutes, the following Appointments, Leaves of Absence with Salary and Leaves of Absence without Salary are recommended:

### A. Appointments

E. Allen Helms, Professor of Political Science, appointed to Chairman of the Department of Political Science, effective January 1, 1960 at the annual rate of \$11,472.00.

Arne E. Slettebak, Associate Professor, appointed to Director of Perkins and McMillin Observatories and promoted to Professor of Physics and Astronomy, effective November 15, 1959, at an annual rate of \$8,664.00.

Upon motion of Mr. Patton, seconded by Mr. Ketner, these recommendations were approved by unanimous vote.

### B. Leaves of Absence with Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following-named persons are recommended for Leaves of Absence with Salary for the periods indicated:

1. Richard B. Baughman, County Extension Agent, 4-H, Medina County, from January 1 to March 15, 1960, to do graduate work at The Ohio State University.
2. Jack E. Hufford, County Extension Agent, Agriculture, Logan County, from January 1 to March 15, 1960, to do graduate work at The Ohio State University.
3. Thomas D. Jenkins, District Supervisor, Agricultural Extension Service, from January 1 to March 31, 1960, to do graduate work at The Ohio State University.
4. Carl F. Ruff, County Extension Agent, 4-H, Union County, from January 1 to March 15, 1960, to do graduate work at The Ohio State University.
5. Howard R. Showalter, County Extension Agent, Agriculture, Carroll County, from January 1 to March 15, 1960, to do graduate work at The Ohio State University.
6. Chester E. Swank, Extension Specialist, Consumer Food Marketing, from January 1 to June 15, 1960, to do graduate work at The Ohio State University.

C. Leaves of Absence without Salary

1. William F. Lyon, Associate County Extension Agent, Agriculture, Hardin County, from December 1, 1959 to May 31, 1960, in order to meet military obligations.
2. Gerald R. Lightle, Associate County Extension Agent, Defiance County, from December 10, 1959 to May 31, 1960 for military service.
3. Mervin G. Smith, Professor and Chairman, Department of Agricultural Economics and Rural Sociology, from January 1 to June 30, 1960, in order that he may serve the Center of Agricultural Economic Adjustment at Iowa State University by helping develop a national education program on agricultural adjustment.
4. Louis E. Vandegrift, Professor, Department of Civil Engineering, for the Winter and Spring Quarters of 1960, to serve as a consulting engineer for the City of Columbus.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the personnel changes were approved by roll call vote.

### III. GENERAL CONTRACTS AND AGREEMENTS

#### A. The Ohio State University and The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

##### 1. Government Contracts

- a. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Atmospheric Impurities (to be known as Office of Naval Research Project No. 656 - Amendment #7 - Department of Physics).  
Gross Value - \$15,493.00
- b. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For an investigation of Measure-Theoretical Foundations of Surface Area Theory (to be known as Cleveland Ordnance District Project No. 695 - Modification #4 - Department of Mathematics).  
Gross Value - \$1,834.00.
- c. Commander, Rome Air Development Center, ARDC, Griffiss Air Force Base, New York. For an investigation of Human Aspects of Photographic Interpretation (to be known as Rome Air Development Center Project No. 696 - C. O. #13 - School of Optometry).  
Gross Value - \$2,223.00.
- d. U. S. Atomic Energy Commission, Chicago Operations Office, P. O. Box 59, Lemont, Illinois. For Study of Complex Beta Decay Spectra (to be known as U. S. Atomic Energy Commission Project No. 713 - Supplement #3 - Departments of Chemistry and Physics).  
Gross Value - \$20,000.00.
- e. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Radome Optics Study (Cm to Mm Range) (to be known as Wright Air Development Center Project No. 786 - Supplement #7 - Department of Electrical Engineering).  
Gross Value - \$90,000.00.

- f. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Diagnostic Use of Arterial Bed Characteristics Analog (to be known as National Institutes of Health Project No. 796 - Extension #2 - Department of Physiology).  
Gross Value - \$9,165.00.
- g. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For Study of the Shape of the Equipotential Surfaces and the Gravity Anomaly Field in High Elevations (to be known as Cleveland Ordnance District Project No. 833 - Modification #3 - Department of Geology).  
Gross Value - \$3,340.00.
- h. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Studies in Radio Astronomy (to be known as Air Force Cambridge Research Center Project No. 844 - Supplement #2 - Electrical Engineering).  
Gross Value - \$40,000.00.
- i. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For Research on Satellite Ionization Phenomena and Observations (to be known as Cleveland Ordnance District Project No. 884 - Modification #3 - Department of Electrical Engineering).  
Gross Value - \$49,000.00.
- j. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Studies in Primate Learning and Perception (to be known as National Institutes of Health Project No. 887 - Supplement #1 - Department of Psychology).  
Gross Value - \$1,940.00.
- k. Commander, Rome Air Development Center, Air Research and Development Command, Griffiss Air Force Base, New York. For an investigation of Specification of Non-uniform Contrast (to be known as Rome Air Development Center Project No. 890 - Supplements Nos. 2 and 3 - Institute for Research in Vision).  
Gross Value - \$31,980.00.
- l. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Hemopoiesis: A Histochemical and Cytological Study (to be known as National Institutes of Health Project No. 893 - Extension #1 - Department of Anatomy).  
Gross Value - \$10,138.00

- m. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Microbiological Aspects of Farm-Pond Water Supplies (to be known as National Institutes of Health - Project No. 895 - Extension #1 - Department of Bacteriology).  
Gross Value - \$9,800.00.
- n. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Phospholipide Metabolism in Relation to Cell Division (to be known as National Institutes of Health Project No. 911 - Extension #1 - Institute of Nutrition and Food Technology).  
Gross Value - \$13,981.00.
- o. San Antonio R & D Procurement Office, Wright Air Development Center, Box 63, Lackland Air Force Base, Texas. For Research and Development of On-the-Job Criteria for a Limited Number of Air Force Career Fields or AFS's (to be known as WADC, Lackland Air Force Base Project No. 928 - Supplement #1 - Department of Psychology).  
Gross Value - \$1,348.00.
- p. Diamond Ordnance Fuze Laboratories, Ordnance Corps, Department of the Army, Washington 25, D. C. For Microwave Absorption Studies (to be known as Diamond Ordnance Fuze Laboratories Project No. 941 - Modification #1 - Department of Electrical Engineering).  
Gross Value - \$9,975.00.
- q. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Photochemical Oxidations in Homogenous Systems (to be known as National Institutes of Health Project No. 1031 - New - Department of Chemistry).  
Gross Value - \$14,582.00.
- r. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Chemical Reactivity of Enzyme-Bound Coenzymes (to be known as National Institutes of Health Project No. 1032 - New - Department of Chemistry).  
Gross Value - \$5,060.00.
- s. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Lipid Metabolism: Absorption and Transport (to be known as National Institutes of Health Project No. 1033 - New - Departments of Physiological Chemistry and Pharmacology).  
Gross Value - \$14,465.00.

December 11, 1959 meeting, Board of Trustees

- t. National Science Foundation, Washington 25, D. C. For an investigation of Upstream Nonuniformities (UNU) Related to Fluid Meter Performance (to be known as National Science Foundation Project No. 1034 - New - Department of Mechanical Engineering). Gross Value - \$12,900.00.
- u. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Chemistry of the Lipids of Human Plasma Beta-Lipoproteins (to be known as National Institutes of Health Project No. 1036 - New - Departments of Physiological Chemistry and Pharmacology). Gross Value - \$7,393.00.
- v. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Cerebral Blood Flow During Acceleration (to be known as Wright Air Development Center Project No. 1038 - New - Department of Physiology). Gross Value - \$13,098.00.

TOTAL - \$377,715.00

## 2. Industrial Contracts

- a. The Illuminating Engineering Research Institute, 1860 Broadway, New York 23, New York. For an investigation of Lighting Principles Used to Reduce Reflected Glare from Ceiling-Mounted Luminaries (to be known as The Illuminating Engineering Research Institute Project No. 949 - Supplement #1 - Institute for Research in Vision). Gross Value - \$1,100.00.

TOTAL - \$1,100.00

The foregoing twenty-three contracts for research in cooperation with Government and Industry represent a gross income of \$378,815.00.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above contracts were unanimously approved.

IV. GIFTS

A. Administered Through the Development Fund

\$25,000.00 for the W. Parl Townsend Memorial Fund

W. Parl Townsend Memorial Fund

Established November 9, 1959, by a bequest from Opal Townsend, to be invested in the University's investment portfolio under rules and regulations adopted by the Board of Trustees of the University, with right to invest and reinvest as occasion dictates. The income is to be used for a scholarship to be awarded each year in the College of Engineering to a high school graduate who is a resident of the State of Ohio, upon the recommendation of the Dean of the College of Engineering. The scholarship is to be known as the W. Parl Townsend Award.

Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the foregoing gifts were accepted by unanimous vote of the Board.

B. Report from The Ohio State University Development Fund

I wish to report that in October, 1959, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>Number of Gifts</u>	<u>Amount</u>
Alumni	1,350	\$24,172.86
Individuals, Other Than Alumni	78	2,965.71
Non-profit Organizations	34	33,827.83
Business Concerns	23	18,788.80
	<u>1,485</u>	<u>\$79,755.20</u>

Of these gifts, 1,184 totaling \$6,502.00 were undesignated and 301 totaling \$73,253.20 were designated.

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra Orders, Credit Orders and Extensions of Time to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvement: H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds in each case is otherwise indicated

A. Married Housing Project No. 1

Outside Services Contract

It is recommended that a revision to the gas line in the meter house be made so that a bypass line can be installed in the service without interrupting gas service in the event that the regulator needs repairing. This extra consists of welding a one-inch threaded coupling to the supply header of the gas service and installing a capped gas cock thereon and refitting the two-inch supply line ahead of the regulator for the relocation of a two-inch gas cock.

Add \$ 94.00

Funds are provided for this extra in the Married Housing Project No. 1. Construction Account.

B. Building No. 4, 11th Avenue Residence Halls for Men

General Contract

It is recommended that "J" Doors (wood doors with hollow metal frames) be substituted for "H" Doors (aluminum door and frame) between Corridors 130 and 132 and between Corridor B32 and Recreation Room B-10. Aluminum doors are not necessary and were specified through an error in the preparation of the drawings.

Credit \$ 675.00

Floor stops were not specified for the double-acting doors between the Elevator Lobbies and the Corridors. It is now recommended that they be installed since experience in the first three buildings has proved them necessary.

Add \$ 126.00 Net Credit \$ 549.00

Funds are available in 11th Avenue Residence Halls for Men, Building No.4 Construction Account for this project.

December 11, 1959 meeting, Board of Trustees

C. Scholarship Dormitories, Phase II

Heating Contract

It is recommended that the control valves specified for the ceiling-mounted unit ventilators be omitted. The mechanical engineers have informed the University that these valves were originally specified through an error in their office.

Credit

\$352.00

Funds for this project are provided in G-2-A Scholarship Dormitories, H. B. 831.

D. Scholarship Dormitories, Phase III

Heating Contract

It is recommended that the control valves specified for the ceiling-mounted unit ventilators be omitted. The mechanical engineers have informed the University that these valves were originally specified through an error in their office.

Credit

\$616.00

It is recommended that the completion date for all contracts be extended from November 30, 1959 to December 31, 1959, because the unit ventilators for this project cannot be delivered until December 4, as a result of the steel strike.

Funds for this project are provided in G-2-A Scholarship Dormitories, H. B. 831.

E. College of Arts, Addition to Chemistry Building

General Contract

It is recommended that the glazed tile partition between Storage Room 310 and Laboratory Supply Store Room 311 be omitted in order to enlarge the space to be used as a Laboratory Store in this building and that the substitution of clear glaze tile for concrete block be made in Room 310 to match the tile in Room 311.

Credit

\$ 75.00

F. College of Dentistry, Reconstruction in Existing Building

General Contract

The following change orders are recommended:

- |  |                   |
|--|-------------------|
| 1. Omission of aluminum doors and frames between Vestibule 171 and Clinic 165 and the glazed partition between Vestibule 171 and Clinic 170. <u>Credit</u>   | <u>\$1,010.00</u> |
| 2. Installation of a new suspended painted plaster ceiling in Vestibule 171 to match ceilings and provide one additional plywood screen at the end of the dental cubicals. <u>Add</u>  | <u>\$ 240.00</u>  |
| 3. Provision of a new suspended plaster ceiling in Lobby 050 in line with ceiling in Lounge 044, needed as a result of removing the doors between the two areas. <u>Add</u>  | <u>\$ 66.00</u>   |
| 4. After removing items of laboratory cabinet work, chalkboards and other items to relocate them, it was discovered that no plaster had been provided behind them and these areas must be plastered at this time. <u>Add</u>   | <u>\$ 195.00</u>  |
| 5. When the suspended ceilings were removed in Rooms 045 and 047, it was found that the existing partitions between these rooms and adjoining rooms did not extend to the concrete slabs above the old ceilings and it is now necessary to extend these partitions to the concrete slabs. <u>Add</u> | <u>\$ 70.00</u>   |
| <u>Net credit</u>  | <u>\$439.00</u>   |

Electrical Contract

Installation of six additional electrical receptacles, including wiring and accessories to provide electricity for portable examination luminaires in the New Diagnostic Clinic. Add

\$ 97.00

G. College of Engineering, Chemical Engineering Building

General Contract

1. The welded steel channel and plate lintels furnished for the fourth floor windows would not fit and it was necessary to send the lintels back to the shop and furnish new steel lintels with smaller channels. Most of the original material had to be scrapped. The responsibility for this error is not clearly defined, so the extra cost is a negotiated figure which includes no profit and overhead to the contractor and no architect's fees. Add \$646.00
  
2. It is recommended that the rails be lowered and the bridge shortened on the traveling bridge crane, so that it will clear the cast iron roof drainage piping at the ceiling and walls. The extra cost is a negotiated one since the responsibility for this error is not clearly defined and the quotation contains no profit or overhead to the contractor and no architect's fees. Add \$350.00
  
3. The following changes have been recommended:
  - a. Conceal the piping which projects through the floor above, in Lecture Room 216. Add \$638.00
  
  - b. Drop the ceiling in Rooms 126 and 128 to conceal air conditioning units. Add \$ 23.00
  
  - c. Omit 1" thick insulating boards on ceiling in Machinery Room 12. Credit \$104.00Net extra \$557.00
  
4. The specifications call for vertical copper flashing strips in brick joints on the inside and outside of the exterior walls at expansion joints. At four places it is impossible to install the inside flashing because the wall at these points consisted of concrete columns with four inches of face brick. It is recommended, therefore, that this flashing be omitted because it is believed that the flashing on the outside is sufficient to make the joints watertight. Credit \$150.00

December 11, 1959 meeting, Board of Trustees

G. College of Engineering, Chemical Engineering Building (continued)

General Contract (continued)

5. It is recommended that welded steel cover plates be provided at the top, bottom and outside face of the steel beam which supports the roof over the loading dock on the west side of the building
- |            |                 |
|------------|-----------------|
| <u>Add</u> | <u>\$ 68.00</u> |
|------------|-----------------|

H. College of Medicine, Animal Research Facilities

The Board of Trustees at their meeting on October 12, 1959 approved the acceptance of the low bid of the Reliance Engineering & Manufacturing Company in the amount of \$35,000.00 for the Laboratory Equipment Contract. Subsequently, this company has notified the University that they are unable to qualify to do business in the State of Ohio.

The second lowest bid for this contract was from the Brown Morse Company in the amount of \$35,948.00 which is under the estimated cost of \$36,000.00.

It is, therefore, recommended that the contract for the Laboratory Equipment be awarded to this company. Funds are provided in Item 087, Equipment, Animal Research Center, H. B. 1124.

I. University Hospital, North Wing Addition

Electrical Contract

The use for Room 212N has been changed from an office to an X-ray developing room and it is, therefore, recommended that six new light fixtures and three convenience outlets be omitted.

<u>Credit</u>	<u>\$160.00</u>
---------------	-----------------

It is recommended that a control switch be installed in the corridor adjacent to the acoustical laboratory 845N to enable hospital personnel to cut off the hospital paging system loud speakers in that area during critical testing periods.

<u>Add</u>	<u>\$218.00</u>
<u>Net extra</u>	<u>\$ 58.00</u>

December 11, 1959 meeting, Board of Trustees

I. University Hospital, North Wing Addition (continued)

Heating and Ventilating Contract

It is recommended that the installation of a convector be omitted since the use for Room 212N has been changed from an office to an X-ray developing room and the need for radiation has been eliminated.

Credit            \$ 47.00

J. University Hospital, Redesign of Present Facilities

Plumbing Contract

It was not feasible or economical to explore the routing of the concealed duct work during the design stages of this project and, therefore, as the work progressed, the architects negotiated with the contractor for revamping and relocating approximately 100 feet of sheet metal exhaust duct, steam and hot water pipe lines in the west half of the 3rd floor corridor in order to install two new 12" x 10" conditioned air supply ducts specified for the project.

Add                \$867.00

K. Brown Hall, Reconstruct Cornice and Gutters

It is recommended that an extension of time for the completion of contract be granted to Henry A. Justus, Inc., from November 1, 1959 to December 1, 1959 because of the steel strike which resulted in a delay in obtaining cut stone and stainless steel gutters, be ratified. The extra work of replacing sections of rotted wood plate under the roof rafters was not a part of the original contract work and resulted in additional delays.

L. Chemical Abstracts Building, Additional Fourth Floor

Electrical Contract

Since the contract was recommended for award, the project architects have indicated that Alternate E-2, Substitution of 40 ampere, 5000 volt, 3-phase oil circuit breakers for three gang oil fused cutouts specified, should be accepted.

Credit                \$800.00

Funds for this project have been supplied by the American Chemical Society.

M. Remodeling for Institute of Vision and Building Materials Laboratory

It is recommended that all contracts for this project be granted an extension of time from December 15, 1959 to January 31, 1960, because of the inability to acquire materials, due to the steel strike, a delay caused by discovery of an underground gas line which had to be moved, and a delay in sheet metal duct work in connection with the suspended ceiling installation.

N. Service Building

Heating Contract

It is recommended that steam and return line piping be relocated in order to maintain a minimum overhead clearance of 11'0" in the north garage area.

Add \$210.00

O. Water Resources Building

General Contract

It is necessary to drive an additional 285.81 feet of piling in order to develop the necessary load-bearing capacity of the piling. The need for this extra depth of piling and the total additional length was verified by the University Architect and the unit price for additional piling of \$5.50 per foot was included in the original Form of Proposal for the project.

Add \$1,571.95

P. Numerical Computation Laboratory

Plumbing Contract

It is necessary to furnish two lead pans of a total area of approximately 96 square feet under each of two electronic filters on the new mezzanine instead of the three lead pans specified which increases the work of fabricating the pans by about 50 per cent.

Add \$ 163.00

General Contract

It is recommended that galvanized iron pans be placed under three pieces of air conditioning equipment on the new service mezzanine so that grease and oil from the equipment will not damage the waterproofing.

Add \$ 80.00

It is recommended that an extension of time be granted for all contracts for the project because the work was delayed on the General Contract due to the steel strike and the inability to get delivery of structural steel. The extension of time for completion of the contracts would be from December 15, 1959 to January 31, 1960.

Upon motion of Mr. Ketner, seconded by Mr. Loop, the above recommendations, individually and collectively were approved by roll call vote.

VI. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bill of materials and estimates of cost for the following projects be approved by the Board of Trustees:

A. Scholarship Dormitories, Phase IV (Extending facilities from 161 to 237)

\$110,000.00 - Estimate of cost

Funds will be provided by a transfer from the General University Fund to G-2-A Scholarship Dormitories of approximately \$116,000.00 which sum is hereby approved for transfer when needed.

It is understood that the amortization schedule for the Scholarship Dormitories approved by the Board on April 10, 1959, will be applicable for the repayment of these funds.

B. Washing Interior Walls of Natatorium, Physical Education Building, Industrial Engineering Building, Student Services Building, Poultry Laboratory and Rooms 119 and 120 of McPherson Chemical Laboratory

\$21,830.00 - Estimate of cost

Funds will be provided from F-9, "Other" H. B. 831, if sufficient funds are available in this account. Any excess will be provided from Item 081, Improvement of Existing Physical Plant, H. B. 1124.

C. Repair of Plaster and Interior Painting of Dental Building, Hamilton Hall, Arps Hall and Reagent Laboratory

\$52,715.00 - Estimate of cost

Funds will be provided in F-9, "Other" H. B. 831, if sufficient funds are available in this account. Any excess will be provided from Item 081, Improvement of Existing Physical Plant, H. B. 1124.

D. Electrical Distribution for Air Conditioning of Arps Hall, Administration Building and Agricultural Administration Building

\$62,900.00 - Estimate of cost

Funds are provided in Item 081 Improvement of Existing Physical Plant, H. B. 1124.

VI. PLANS AND SPECIFICATIONS (continued)

E. Storm Sewer -- Stadium Parking Lot

\$24,400.00 - Estimate of cost

Funds are available in Item 075 Additional Underground Utilities, H. B. 1124.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above recommendations, collectively and severally, were unanimously approved by roll call vote and the Secretary was authorized and directed to sign the same for and on behalf of the Board of Trustees. Vice President Carson was directed to either present them to the Director of Public Works for approval and advertisement or to advertise them himself, whichever procedure is appropriate, and if any satisfactory bids are received, he shall recommend them for award and report all action to the Board at a later meeting.

VII. REPORT OF AWARD OF CONTRACTS

In accordance with authorization provided by the Board of Trustees, the contracts for the following projects have been recommended for award and the action is hereby reported to the Board:

A. Chemical Abstracts Building, Additional Fourth Floor

The bids on the readvertisement of the general contract for this project were received on November 12, 1959, and the low bidder was as follows:

	<u>Low Bid</u>	<u>Est. of cost</u>
<u>General Contract</u> (7 bids received)		
Sheaf Construction Co. (Cols.)		
Base bid	\$146,844.00	\$153,424.00
Alt. G-3 Elevator		
Collective Controls	<u>2,300.00</u>	<u>5,500.00</u>
Total	<u>\$149,144.00</u>	<u>\$158,924.00</u>

Funds will be provided for this project by the American Chemical Society and the President is hereby authorized to sign the second supplemental agreement providing for an additional sum of \$17,380.00 which will make a maximum obligation of the American Chemical Society \$267,380.00.

Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the above award of contract was approved and the actions of the Vice President ratified by roll call vote.

VII. REPORT OF AWARD OF CONTRACTS (continued)

B. Ohio Union Fire Alarm System

Bids were received on December 1, 1959, for this project as follows:

Burroughs Electric Co.	\$3,522.00
Westgate Electric Contractors	4,276.00
Gustav-Hirsch Org., Inc.	6,740.00
Eastmoor Electric Co.	7,700.00
Howson Electric, Inc.	9,380.00
Estimate of cost	6,000.00

Funds are provided from Ohio Union Rotary 16101.

Burroughs Electric Co. has satisfied the Director of Public Works that they made an error on their bid sheet and it was therefore recommended that the award of contract for this project be made to the next low bidder, Westgate Electric Contractors, in the amount of \$4,276.00.

Upon motion of Mr. Patton, seconded by Mr. Loop, the above award of contract was approved and the actions of the Vice President ratified by roll call vote.

X. RESOLUTION IN MEMORIAM

A. Howard Dexter Brown

The Board of Trustees expresses its sorrow at the death on September 29, 1959, of Dr. Howard Dexter Brown, Professor Emeritus of Horticulture.

Dr. Brown was born December 7, 1891, on a farm near Selma, Illinois. He was graduated from the University of Illinois with the B. S. degree in 1914 and obtained an M. S. degree in 1917. On leave from Purdue University where he was an Associate Professor from 1919-1929, he obtained his Ph. D. from Michigan State University in 1927. In 1929 he joined the horticultural staff at The Ohio State University as Professor and head of the Division of Vegetable Crops. He was also Professor of Horticulture of the Ohio Agricultural Experiment Station from 1929 until his retirement. In 1947, in view of his outstanding interest in the processing of fruits and vegetables, he became head of the newly-created Division of Horticultural Products within the department. On July 1, 1957, he retired from active duty and became Research Coordinator of the National Potato Chip Institute, a position which he held until his death.

Dr. Brown took an active interest in professional and related industrial organizations. He belonged to the American Society for Horticultural Science, of which he served as vice president in 1937. He was a Fellow of the American Association for the Advancement of Science and of the Ohio Academy of Science. He served as Secretary of the Vegetable Growers Association of America for 21 years, as well as Associate Editor of the Market Growers Journal. He was a member of the American Society of Plant Physiologists and of the Institute of Food Technology. He was particularly active in the Ohio Valley Section of the latter organization. In addition, he made a major contribution to the work of the Institute of Nutrition and Food Technology of The Ohio State University.

Other organizations in which Dr. Brown took an active part were **The Ohio Vegetable** and Potato Growers Association, the Columbus Vegetable Growers Association, and the American Farm Bureau Federation. He was a member of Sigma Xi, Phi Sigma, Gamma Sigma Delta, and Phi Tau Sigma Honorary Societies, as well as the professional fraternity Alpha Gamma Sigma. He was for many years a member of the Masonic Order.

RESOLUTION IN MEMORIAM (continued)

Dr. Brown co-authored two books and more than 85 technical articles. At the time of his death he was engaged in preparing additional publications. He served with notable success as chairman of the Education Committee of the American Society for Horticultural Science, and as such was particularly interested in methods of teaching and means of recognizing outstanding teachers.

Dr. Brown was interested in students and his constant concern with their problems was well known. His interest led him to be advisor to the Fraternity Managers Association on The Ohio State University campus. He was advisor to many graduate students who came to know him as their sincere friend and counsellor.

Dr. Brown had a most active, constantly-inquiring mind. He continuously advanced new ideas and suggested new approaches to research problems within his field. His enthusiastic approach to his many professional responsibilities and his unfailing cooperation with his colleagues in the fruit, vegetable, and processing industries are irreplaceable.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

December 11, 1959 meeting, Board of Trustees

In view of his forthcoming trip to India to review, with the Presidents of several other Land-Grant Universities, the work being done by the Universities through the International Cooperation Administration, President Fawcett made the following announcement:

It is my conviction that the University is sufficiently well organized to operate effectively during my absence in India. Responsibility for each area of administration in the Cabinet will be vested in the individual Cabinet member in charge, as defined by Board rule. All matters of major policy are coordinated through Cabinet action and this procedure will continue in effect during my absence. Any matter involving a marked change or modification in administrative policy will be discussed by the Cabinet and announced by Mr. John Mount, who will serve as executive in charge of administrative affairs, representing the Office of the President during my absence.

December 11, 1959 meeting, Board of Trustees

President Fawcett presented the following statement of  
AN ANALYSIS OF THE ISSUES INVOLVED REGARDING THE DISCLAIMER  
AFFIDAVIT IN THE NATIONAL DEFENSE EDUCATION ACT

---

The Ohio State University has not withdrawn from the student loan program under the National Defense Education Act of 1958 nor does it contemplate withdrawing from it.

The recent action of the University Scholarship and Loan Committee (November 12, 1959) simply put the Committee on record as protesting the necessity of students signing an oath and affidavit to be eligible to receive loans under the National Defense Education Act.

The Committee recognized that the contract is now a fait accompli but wished to align itself with the forces in American education which oppose principally the disclaimer affidavit. Obviously, the Committee can speak for itself within the framework of University policy, but cannot speak for the University on a policy matter. Consequently, its action has been forwarded to me and the Board of Trustees for study.

There are several reasons why a number of professional groups and certain colleges and universities have taken steps to effect a change in the National Defense Education Act in the next session of Congress. The change being sought is the deletion of the disclaimer affidavit and not the oath or affirmation, i. e. part (1) only of the following:

"No part of any funds appropriated or otherwise made available for expenditure under authority of this Act shall be used to make payments or loans to any individual unless such individual (1) has executed and filed with the Commissioner an affidavit that he does not believe in, and is not a member of and does not support any organization that believes in or teaches, the overthrow of the United States Government by force or violence or by any illegal or unconstitutional methods, and (2) has taken and subscribed to an oath or affirmation in the following form: 'I do solemnly swear (or affirm) that I will bear true faith and allegiance to the United States of America and will support and defend the Constitution and laws of the United States against all its enemies, foreign and domestic.'"

Among the principal reasons for objection to (1) above are:

- (1) The position taken by the Secretary of Health Education and Welfare that the disclaimer affidavit is of no consequence since a Communist will sign such a statement without hesitation, thereby making the purpose of the affidavit ineffective.

- (2) The singling out of students in our population as subjects of distrust. (The argument here seems to be one of discrimination, since farmers and others receiving federal subsidy are not required to sign such affidavits.)
- (3) The setting of a precedent in the distribution of federal funds to educational ventures by linking federal aid with political conditions of eligibility. (Keeping our educational institutions free of political influence and dedicated to the free, responsible, objective and honest pursuit of ideas has been a historical goal of schools and colleges. Any departure from this concept of purpose in a free society is viewed with apprehension and is believed by many to be fraught with danger.)
- (4) The point of view held by some that the University's support of the National Defense Education Act means that Ohio State as an agent of the federal government in this case is saying no one's loyalty can be taken for granted but that loyalty will be assured by demanding a mechanical affirmation, thus debasing patriotism and applying pressure for conformity.
- (5) The taking of the oath of allegiance makes the disclaimer affidavit superfluous.
- (6) To assume some of the highest offices in our land, one prerequisite is the oath of allegiance only.

Basic to almost every discussion on this subject is a concern that any sign of governmental interference in an area of administration that resides properly in our free institutions of higher learning should be exposed to full view and appraised in the light of its possible consequences.

On the other side of this issue are arguments that must be examined before valid conclusions can be reached. Among these are:

- (1) Any person or agency has a right to set the conditions for a loan or grant of money and the recipient of the loan or grant is not compelled to sign if the conditions are not to his liking.
- (2) For some years the Fulbright and National Science Foundation Fellowships have been awarded after the recipients have signed both an oath of allegiance and a disclaimer affidavit. To my knowledge there has been neither organized objection nor a strong registration of negative opinion. Consequently, there is precedent for the procedure used in the National Defense Education Act.

December 11, 1959 meeting, Board of Trustees

- (3) There are vast numbers of loyal American citizens who find no intellectual conflict between the oath of allegiance and the disclaimer affidavit. With pride they take the oath and with equal pride they disclaim association with any organization that believes in or teaches the overthrow of the United States Government by any illegal means.
- (4) In the case of the National Defense Education Act it is the student and not the faculty member who signs the affidavit, an act which, it seems to me, has little or no bearing on academic freedom in the classroom where ideas are tested.

It is my conclusion, therefore, that

- (1) This being a state University governed by a Board of Trustees representing the citizenry of Ohio, there is nothing to be gained by involving this institution in controversy on a matter of existing federal law.
- (2) The chances are remote that the requirements of the National Defense Education Act will affect academic freedom on our campus.
- (3) Registrations of opinions for or against legislation, by the organized professional groups of this country with Congress are proper and in order and as such speak for the profession.
- (4) Individuals in our professional organizations have a right to hold whatever responsible beliefs they desire and may act accordingly.
- (5) The Ohio State University should continue to participate in the National Defense Education Act as a means of being of assistance to needy students whose talents this country needs and who desire to avail themselves of the benefits of the National Defense Education Act.

Upon motion of Mr. Patton, seconded by Senator Bricker, the President's statement was approved by the Board by unanimous roll call vote.

Judge Gorman expressed appreciation for President Fawcett's very careful and thorough study of this issue.

Report - School of Journalism

Dean J. Osborn Fuller, College of Arts and Sciences, now introduced Professor George J. Kienzle, Director of the School of Journalism, who presented a report of the work of the School summarized as follows:

The School of Journalism since January of 1958 has redefined its functions and set new goals. It will continue training people for careers in the mass media--newspapers, magazines, radio and television. In addition, it now has enlarged its purposes to teach men and women in every field to communicate clearly and effectively-- especially through the written word.

An 18-month experimental teaching program in the Colleges of Medicine and Dentistry has proved the worth of this expanded approach to journalism. The School has reduced its curriculum 36 per cent and has embarked on a liberal arts-oriented philosophy of journalism education.

Other prime goals: to improve counseling, service to the profession, research, and to increase enrollment of journalism majors. Ohio State now has the smallest number of journalism majors in the Big 10--a total of 101. This compares to 339 for the top school in numbers--Illinois.

This is the journalism school's biggest problem. To correct this fault a recruiting program based on a journalism extension service to high schools is recommended. The Wall Street Journal has contributed \$5,000 to the project. The press of Ohio will be asked to support the program and the University will be requested to supply the needed staff member.

Course registration (including majors and non-majors) on a four-quarter basis has increased 84 per cent in the past two years, but improved efficiency has made it necessary to increase the faculty only 19 per cent. In the three quarters of the regular school year (Winter, Spring, Autumn) course registration gained 66 per cent in two years while the faculty increased only 16 per cent. The registration gains in two years came principally in the new professional writing courses for students and faculty in Medicine and Dentistry, in expanded registration in part-time education, and in the vastly improved registration in the Summer Quarter.

December 11, 1959 meeting, Board of Trustees

Summer registration--normally only a fraction of that in regular quarters--has gained 350 per cent in the past two years. It now exceeds the average quarterly registration for the whole year of 1957.

The School of Journalism is in a good position on the average when it comes to wages. But the average isn't the important thing. What is important is to continue to grant merit raises to the good teachers and to give no increases to those who are not producing.

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
NINE HUNDRED AND FORTY-FIFTH MEETING  
OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 12, 1960

The Board of Trustees met at the University on February 12, 1960, pursuant to adjournment.

Present: Judge Robert N. Gorman, Chairman, Senator John W. Bricker, Stanley C. Allyn, Thomas F. Patton and Smith L. Rairdon.

The Chairman, Judge Gorman, reported that Mr. Ketner was unable to attend because of the death of his mother, Mrs. Clara Wagner Ketner. By unanimous consent the Board of Trustees instructed the Secretary to inscribe upon the minutes an expression of deep sympathy to Mr. Ketner. The Secretary was also instructed to write a letter of condolence to Mr. Ketner on behalf of the Board of Trustees.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Nomination for Honorary Degree - Stanhope Bayne-Jones

On January 12, 1960, the Faculty Council recommended that the honorary degree, Doctor of Science, be awarded at an appropriate and acceptable date to:

Stanhope Bayne-Jones

I, therefore, recommend that the Board of Trustees approve the Faculty Council's recommendation and that the degree indicated be conferred at the March 18, 1960, Commencement or one of the Commencements of the year 1960.

Upon motion of Mr. Allyn, seconded by Mr. Patton, the above recommendation was approved by unanimous vote.

B. Revision of Rules for University Faculty Related to Student Affairs

On December 8, 1959, the Faculty Council approved a recommendation from the Committee on Rules suggesting changes in the Rules for the University Faculty, Chapter 50.00, Student Affairs. Revisions are proposed in Sub-Chapter 51.00, University Discipline; and Sub-Chapter 53.00, Activities; and it is proposed that Sub-Chapter 55.00, Fraternities and Sororities, and Sub-Chapter 57.00, Social Functions, be deleted. The purpose of these changes is to take from the Rules for the University Faculty statements governing details of administration in these areas and to vest the promulgation of detailed rules and the responsibility for their administration with the Executive Dean, Student Relations. These changes have been approved by Dean Guthrie.

To make these proposals effective, it is also necessary that changes be made in Article VII, Student Affairs, of the By-Laws of the Board of Trustees. The recommendations for changes in the By-Laws are made through Article IX, Sec. 5, which authorizes the Faculty Council to make such recommendations. The details of the proposals follow and I recommend that they be approved.

It is proposed that sub-Chapters 51.00, 53.00, 55.00, and 57.00 of Chapter 50.00 be repealed and that the following sub-Chapters be inserted in their place:

- 50.00. STUDENT AFFAIRS
- 51.00. University Discipline

51.01. General Discipline.

Section 1. The President shall have the final responsibility and authority for the discipline of all students of the University. This responsibility and authority may be delegated by the President to the Executive Dean, Student Relations. (See Rule 11.1105).

Section 2. The Deans of Colleges and of the Graduate School, the Directors of Schools, and the Chairmen of Departments, respectively, are responsible to the President through regular disciplinary channels for the discipline of all students in the activities of their respective Colleges, Schools, and Departments.

53.00. Activities

53.01. Organized Activities.

The Executive Dean, Student Relations, shall promulgate rules governing all organized activities (including social functions) which are University connected and in which students or the wives of students participate.

These rules shall include a requirement that each recognized organization shall have a Faculty or Staff Adviser who, by accepting appointment, agrees to maintain contact with the organization so as to be familiar with its program and personnel. The Adviser shall be responsible for advising the organization as to its program and personnel, having in mind not only the objectives of the particular group but also the best interests of the University.

53.03. Eligibility of Students.

Section 1. The Executive Dean, Student Relations, shall promulgate rules governing the eligibility of students for participation in all organized activities. (See Rule 53.01). In promulgating these rules, the academic standing of the students allowed to participate shall be considered by the Executive Dean, Student Relations. For participation in a major activity (or for candidacy for participation in a major activity) these rules shall include a requirement that the students involved have at least a 2.00 cumulative average and not be on disciplinary probation or on academic warning under Rule 47.05.

Section 2. The Executive Dean, Student Relations, shall have the authority to define the phrase "major activity." This definition of major activity shall include, but not necessarily be limited to holding an office in any organization (including a fraternity or sorority), membership in student governmental bodies, holding a staff position on any student publication, and taking part in any non-departmental musical, dramatic, or similar production.

Section 3. Participation in activities as a party of regular course work shall not be construed as participation in an organized activity for the purpose of Rules 53.01 or 53.03.

53.05. Promulgation of Rules; Recommendation of Council on Student Affairs.

Before promulgating the rules authorized under Rules 53.01 or 53.03 and before amending such rules after they have been promulgated, the Executive Dean, Student Relations, shall obtain the recommendation of the Council on Student Affairs. (See Rule 29.2709).

February 12, 1960 meeting, Board of Trustees

53.07 Student Government.

53.0701. Student Senate.

Section 1. The Student Senate shall be the general student government assembly. It shall be composed of elected members and representatives of student organizations determined by its constitution and by-laws.

Section 2. The officers of Student Senate shall include the president, secretary and such additional officers as are provided for in the constitution. The Senate president shall serve also as president of the student body. The Dean of Men and Dean of Women shall be joint advisers to Student Senate.

Section 3. The Student Senate shall be the recognized forum of student opinion concerning student affairs and all University matters affecting student life, including academic policies and procedures. It may express its opinions and make recommendations for legislative or administrative action through the Council on Student Affairs. (See Rule 29.2709).

Section 4. The Student Senate shall be empowered to:

- a. Conduct and regulate student elections and student fund drives;
- b. Maintain campus traditions;
- c. Nominate or appoint all student members to University boards, councils, and committees with student membership, unless otherwise specified;
- d. Recommend the recognition or the withdrawal of recognition of student organizations; and
- e. Establish and administer a Student Court system with jurisdiction delegated to it by the Faculty Council, the Council on Student Affairs, the Student Senate and the Executive Dean, Student Relations.

The powers of the Student Senate may be delegated by it to any group or committee of the Senate.

53.0703. Women's Self Government Association.

Section 1. The Women's Self Government Association shall be the official organization of women students concerned with their general welfare and all regulations unique to women students. Its governing board shall be composed of elected members, representatives of women's living units and women's organizations, and appointed members as determined by the constitution of the Association.

February 12, 1960 meeting, Board of Trustees

Section 2. The officers of the Women's Self Government Association shall include the president, a vice president, and such additional officers as are provided for in its constitution. The Dean of Women and designated members of her staff shall serve as advisers to the Women's Self Government Association.

Section 3. The purpose of this Association shall be to:

- a. Further in every way the spirit of unity of the women students of the University;
- b. Increase their sense of responsibility toward each other; and
- c. Act as a medium by which high social standards of the University may be established and maintained.

Section 4. The Women's Self Government Association shall be empowered to:

- a. Develop programs which carry out the purposes outlined in Section 3 above.
- b. Make recommendations to the Dean of Women regarding rules governing the non-academic student life of women students; and
- c. Adjudicate alleged violations of the rules established by the Dean of Women or by the Executive Dean, Student Relations, relating to the non-academic life of women students and to make recommendations to the Dean of Women regarding discipline of women students found in violation of these rules.

The powers of the Women's Self Government Association may be delegated by it to any group or committee of the Association.

#### 53.09. Use of University Buildings.

The rooms of any University student organization which are located in the University buildings shall not be used for purposes other than the usual activities of such organizations unless permission of the Executive Dean, Special Services, has been obtained in advance.

No student or group of students shall arrange for or announce a meeting of any kind to be held on the campus or in any of the University buildings unless permission to use the building has been obtained in advance from the Executive Dean, Special Services.

The Executive Dean, Special Services, shall consider requests for rooms for lecturers from off-campus and for the showing of films only after approval by the Adviser. (See Rule 21.09). Forms for this purpose are available at the Office of the Executive Dean, Special Services.

February 12, 1960 meeting, Board of Trustees

The foregoing changes in the Rules for the University Faculty require the following amendments to the By-Laws of the Board of Trustees and the Rules for the University Faculty. It is therefore recommended:

1. That Section 2 of ARTICLE VII of the By-Laws of the Board of Trustees be repealed and that the following paragraph be inserted in its place:

Section 2. Student Activities.

All student activities shall be conducted by student organizations under rules and regulations promulgated by the Executive Dean, Student Relations.

Each student organization shall be required to have a Faculty or Staff Adviser. The Adviser shall maintain contact with the student organization of which he is an adviser to such a degree as to be familiar with its program and personnel. He shall advise the group on its program and personnel, having in mind not only the objectives of the particular group but also the best interests of the University.

2. That Section 3 of ARTICLE VII of the By-Laws of the Board of Trustees be repealed and that the following paragraph be inserted in its place:

Section 3. Fraternities and Sororities.

Special rules and regulations governing fraternities and sororities may be promulgated by the Executive Dean, Student Relations, the Faculty Council or the University Faculty with the approval of the Board of Trustees.

3. That Section 2 of Rule 21.09 be repealed and that the following paragraph be substituted in place thereof:

Section 2. These principles and procedures shall be observed also by faculty and staff members acting as Advisers to student organizations. (See Rule 53.01).

February 12, 1960 meeting, Board of Trustees

4. That in Rule 29.2709 the references to other Rules be changed as follows:

- a. In Section 1: 53.0501 be changed to 53.0701; 53.0503 be changed to 53.0703.
- b. In Section 5: 55.03 be changed to 53.01; 55.05 be changed to 53.03; "See also Rule 53.07" be deleted.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above general recommendation was approved by unanimous vote.

C. Amended Budgets for 1959-60 Fiscal Year - Civil Service Personnel

In accordance with Amended Substitute House Bill No. 591, passed by the 103rd General Assembly, it is recommended that necessary changes in classification and salary of Civil Service employees be approved effective January 1, 1960.

1. It is estimated that the additional funds necessary on an annual basis to support the new rates for Civil Service personnel on the A-1 budgets, as mandated by the above changes, will be in the following amounts:

	Fiscal Year	
	<u>1/1/60 - 6/30/60</u>	<u>7/1/60 - 6/30/61</u>
The Ohio State University Salary Budget	\$ 58,104.00	\$116,208.00
The University Hospital Salary Budget	9,066.00	18,132.00
The Agricultural Extension Service Salary Budget	1,734.00	3,468.00
Total	\$ 68,904.00	\$137,808.00

2. It is estimated that the additional funds necessary on an annual basis to support the new rates for Civil Service personnel on the Rotary budgets, as mandated by the above changes, will be in the following amounts:

	Fiscal Year	
	<u>1/1/60 - 6/30/60</u>	<u>7/1/60 - 6/30/61</u>
University Rotaries Salary Budget (including Athletic Department and Research Foundation)	\$ 26,700.00	\$53,400.00
University Hospital Rotary Salary Budget	37,656.00	75,312.00
Agricultural Extension Service Rotary Budget	972.00	1,944.00
Total	\$ 65,328.00	\$130,656.00

Upon motion of Mr. Allyn, seconded by Mr. Patton, the above recommendation was unanimously approved by roll call vote, and the Vice President of Business and Finance was directed to submit a request for the necessary funds in accordance with the provisions of Amended Substitute House Bill 831.

February 12, 1960 meeting, Board of Trustees

D. Institute of Polar Studies, Establishment of

On February 9, the Faculty Council approved and requested the President to transmit to the Board of Trustees, a recommendation of the Council on Research for the establishment of an Institute of Polar Studies. Polar studies are considered to be the investigation of any natural or cultural phenomenon peculiar to the environment where the ground is permanently frozen or where glaciers and permanent snows are nearby. In general, these are areas where mean monthly temperature does not exceed  $10^{\circ}\text{C}$ . for the warmest month.

The purpose of the Institute shall be:

- a. To plan, encourage, support, and direct significant scientific research in polar phenomena.
- b. To bring together or develop inter-related polar investigations and teams of investigators.
- c. To seek and to facilitate the training of research workers devoted to polar studies.
- d. To make available to scientists and the public the fruits of significant polar studies.

The Ohio State University is presently engaged in polar research in the fields of glacial geology, glaciology, geodesy, photogrammetry, bacteriology, and botany. Mineralogy, petrology, plant environment, zoology, and physics are among possible areas for the extension of these studies. Because of the national defense implications associated with it, the Institute would be supported in part by a grant of \$105,000 from the civilian-military portion of the Mershon Fund covering a period of seven years. Current research projects amounting to approximately \$200,000 would become a part of the program.

The Institute membership shall consist of any member of the teaching or research staff engaged in work in polar studies. It would be administered by a Director and Administrative Board of five persons under the Council on Research and reporting through the Vice President, Instruction and Research, to the President and the Board of Trustees.

I recommend that the Board of Trustees approve the action of the Faculty Council and thereby establish in The Ohio State University an Institute of Polar Studies for the purpose outlined and to operate under the general provisions set forth.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above general recommendation was approved by unanimous vote.

E. Request from the City of Lima for Branch of The Ohio State University

The City of Lima has for some time urged The Ohio State University to create a branch in that city similar to the centers in operation in Newark, Marion, and Mansfield. The formal request from the Lima city Board of Education dated February 1, 1960 was forwarded to the Council on Off-Campus Education for immediate consideration. On February 11, 1960 the Council on Off-Campus Education took the following action:

This Council recommends to the President that an exploratory study be made of the possibility of operating a two-year branch in Lima, Ohio. This recommendation is made with the condition that a decision to make such an exploratory study in no way commits the University at this time to any future course of action.

It is therefore recommended that the President be authorized to initiate the necessary exploratory study required for a full consideration of the possibility of establishing a branch in Lima and that the results of this study be reported to the Board at a later date for final decision.

Upon motion of Mr. Allyn, seconded by Mr. Patton, the above recommendation was approved by unanimous vote.

Following the action of the Board of Trustees, the Chairman invited Senator Ross Pepple to comment and the Senator responded by indicating that the people of Lima and vicinity are overwhelmingly enthusiastic in support of Ohio State establishing a branch in the Lima community. Both the public and parochial schools are most anxious that a branch be established, he said, and added that the population of the county is well over 100,000 and that the city of Lima has just completed a new \$800,000 library.

II. PERSONNEL CHANGES

In addition to the regular personnel changes, the following Leaves of Absence With and Without Salary are recommended:

A. Leave of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following named person is recommended for a Leave of Absence With Salary for the period indicated:

Delma McCourt, County Extension Agent, Home Economics, Jefferson County, from February 1 to June 15, 1960, to do graduate work at Arizona State University.

B. Leave of Absence Without Salary

Donald J. Gehres, County Extension Agent, 4-H, from April 20 to June 30, 1960, which is an extension of his present leave of absence, to continue work with the International Cooperation Administration.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the personnel changes were unanimously approved by roll call vote.

C. Dean Emeritus Leo L. Rummell

President Fawcett reported to the Board that the supplemental retirement allowance for Dean Emeritus L. L. Rummell, College of Agriculture and Home Economics, who retired January 1, 1960, has been determined to be \$2004.00 per year, to be paid from the Dividend Reserve on Group Life Insurance.

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and  
The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Agreements negotiated after the December 11 meeting of the Board of Trustees and before January 8, 1960.

1. Government Contracts

- a. Department of the Army, Headquarters, The Armor Center Central Purchasing Branch, Fort Knox, Kentucky. For Research and Scientific Studies for the Combat Development Program (to be known as Dept. Army, The Armor Center Project No. 573 - Mod. #12 - Engineering Experiment Station). Gross Value - \$35,000.00.
- b. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For Study of Amine Perchlorates as Ingredients for Fast-Burning Propellants (to be known as Cleveland Ordnance District Project No. 675 - Mod. #7-Department of Chemistry). Gross Value - \$1,845.00.
- c. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For an investigation of Fusible Bodies in a Heated Airstream (to be known as Cleveland Ordnance District Project No. 720-Mod. #11 -Department of Aeronautical Engineering). Gross Value - \$1,457.00.
- d. Department of the Navy, U.S. Naval Training Device Center, Port Washington, N. Y. For an investigation of Human Factor Analysis of Team Training (to be known as U. S. Naval Training Device Center Project No. 772) - Amend. #5 - Department of Psychology). Gross Value - \$19,740.00.
- e. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Radar Reflection Studies and Techniques (to be known as Wright Air Development Center Project No. 777 - Sup #8 - Department of Electrical Engineering). Gross Value - \$74,983.00.

III. RESEARCH FOUNDATION CONTRACTS (cont.)

- f. Headquarters, USAF Institute of Technology, Wright-Patterson Air Force Base, Ohio. For Services to Revise and Present an Advanced Logistics Course and Research Effort for Air Force Officers (to be known as USAF Institute of Technology Project No. 780 - Sup. #8 - Department of Business Organization).  
Gross Value - \$9,803.16.
- g. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Excitation and Inhibition in the Vertebrate Retina (to be known as National Institutes of Health Project No. 782 - Sup. #1 - Department of Ophthalmology).  
Gross Value - \$2,776.00.
- h. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Isolation of Enteric Viruses from Swine (to be known as National Institutes of Health Project No. 791 - Ext. #2 - Sup. #1 - Department of Bacteriology).  
Gross Value - \$1,150.00.
- i. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Fluid Dynamics of Rocket Combustion (to be known as Wright Air Development Center Project No. 822 - C. O. #6 Department of Aeronautical Engineering).  
Gross Value - \$2,663.00.
- j. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Rate Controlling Process in the Oxidation Behavior of Tungsten Over a Suitable Range of Temperature and Oxygen Pressure (to be known as Wright Air Development Center Project No. 831 - C. O. #4 - Department of Metallurgical Engineering.)  
Gross Value - \$2,035.00.
- k. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Development of Systems Research and Design Methodology (to be known as Wright Air Development Center Project No. 894 - Sup. #1 - Department of Psychology).  
Gross Value - \$139,998.00.

III. RESEARCH FOUNDATION CONTRACTS (cont.)

- l. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Constancy of Mandibular Rest Position (to be known as National Institutes of Health Project No. 907 - Ext. #1 - College of Dentistry).  
Gross Value - \$9,143.00.
- m. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Research on Phase Equilibria Between Boron Oxides and Refractory Oxides, Including Silicon and Aluminum Oxides (to be known as Wright Air Development Center Project No. 931 -C,Q, #2 - Department of Mineralogy).  
Gross Value - \$1,098.00.
- n. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Adjuvant Chemotherapy - Cancer Lung Study (to be known as National Institutes of Health Project No. 1008 - Sup. #1- Department of Surgery).  
Gross Value - \$7,951.00.
- o. Commander, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio. For Study of Unique Detection Techniques (to be known as Wright Air Development Center Project No. 1040 - New - Department of Electrical Engineering).  
Gross Value - \$29,955.00.
- p. Commander, Air Force Cambridge Research Center, ARDC Laurence G. Hanscom Field, Bedford, Mass. For an investigation of Low-Noise Antenna Systems (to be known as Air Force Cambridge Research Center Project No. 1041 - New - Department of Electrical Engineering).  
Gross Value - \$49,990.00.
- q. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Ornithine Transcarbamylase Biosyntheses in Bacteria (to be known as National Institutes of Health Project No. 1043 - New- Department of Agricultural Biochemistry).  
Gross Value - \$14,983.00.
- r. National Science Foundation, Washington 25, D.C. For an investigation of Differentiation and Isolation of Rotamers (to be known as National Science Foundation Project No. 1044 - New - Department of Chemistry).  
Gross Value - \$8,200.00.

III. RESEARCH FOUNDATION CONTRACTS (cont.)

- s. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Changes in Serum Enzymes and Vit. B<sub>12</sub> in Liver Damage (to be known as National Institutes of Health Project No. 1045 - New - Department of Preventive Medicine).  
Gross Value - \$15,972.00.
- t. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Significance of Spore-Forming Microorganisms in Milk (to be known as National Institutes of Health Project No. 1046 - New - Department of Dairy Technology).  
Gross Value - \$10,344.00.
- u. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Teflon As A Tendon Substitute (to be known as National Institutes of Health Project No. 1047 - New - Department of Surgery).  
Gross Value - \$8,642.00.
- v. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of The Heterogeneity of Deoxyribonucleic Acids (DNA) (to be known as National Institutes of Health Project No. 1048 - New - Department of Chemistry).  
Gross Value - \$18,962.00.
- w. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Mass. For an investigation of Thermal Radiation Methods of Atmospheric Probing (to be known as Air Force Cambridge Research Center Project No. 1055 - New - Department of Physics).  
Gross Value - \$35,000.00.
- x. Commander, AMC Aeronautical Systems Center, Wright-Patterson Air Force Base, Ohio. For an investigation of Stellar Photogrammetry System (to be known as AMC Aeronautical Systems Center Project No. 1056 - New - Department of Geology).  
Gross Value - \$64,810.00.

TOTAL - \$566,500.16

III. RESEARCH FOUNDATION CONTRACTS (cont.)

2. Industrial Contracts

- a. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Cardiac Output During Labor (to be known as Central Ohio Heart Association Project No. 1050 - New - Department of Obstetrics & Gynecology).  
Gross Value - \$1,846.48.
- b. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Cardiac Work During Labor with Medication and with Caudal Anesthesia (to be known as Central Ohio Heart Association Project No. 1051 - New - Department of Obstetrics & Gynecology).  
Gross Value - \$2,163.46.
- c. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For an investigation of Thyroid Metabolism in Patients with Cardiac Disease (to be known as Central Ohio Heart Association Project No.1052 - New - Department of Medicine).  
Gross Value - \$1,499.43.
- d. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Biochemical Studies on Plasmalogen (to be known as Central Ohio Heart Association Project No. 1053 - New - Department of Physiological Chemistry and Pharmacology).  
Gross Value - \$1,745.69.
- e. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Study of Renal Circulation in Polycythemia and Hypertension (to be known as Central Ohio Heart Association Project No. 1054- New - Department of Medicine).  
Gross Value - \$2,202.17.

TOTAL - \$9,457.23

Agreements negotiated after January 8, 1960, and before the February 12, 1960, meeting of the Board of Trustees.

1. Government Contracts

- a. U. S. Army Chemical Corps R&D Command, U.S. Army Biological Warfare Laboratories, Fort Detrick, Frederick, Maryland. For an Assessment of the Effectiveness of Tularemia Vaccine in Man (to be known as U.S. Army Biological Warfare Laboratories Project No.625-Mod. #12 - Department of Medicine).  
Gross Value - \$25,000.00.

III. RESEARCH FOUNDATION CONTRACTS (cont.)

- b. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Corrosion of Metals and Their Alloys (to be known as Office of Naval Research Project No. 682 - Amend. #6 - Engineering Experiment Station).  
Gross Value - \$22,236.00.
- c. U. S. Atomic Energy Commission, Chicago Operations Office, P. O. Box 59, Lemont, Illinois. For an investigation of Deuteron-Induced Reactions (to be known as U. S. Atomic Energy Commission Project No. 735 - Sup. #3 - Department of Physics.).  
Gross Value - \$39,847.00.
- d. Signal Corps Procurement Office, 9800 Savage Road, Ft. George G. Meade, Maryland. For an investigation of Millimicrosecond Pulse Generator (to be known as Signal Corps Procurement Office Project No. 736 - Mod. #5 - Department of Electrical Engineering).  
Gross Value - \$39,095.00.
- e. Department of the Navy, Office of Naval Research, Washington 25, D. C. For an investigation of Productive Nonconformity (to be known as Office of Naval Research Project No. 798 - Amend. #3 - Department of Psychology).  
Gross Value - \$3,567.00.
- f. Commander, Air Force Office of Scientific Research, ARDC, Washington 25, D. C. For an investigation of Behavior of Solids in Alternating and Constant Magnetic Fields (to be known as Air Force Office of Scientific Research Project No. 801 - Sup. #3 - Department of Physics).  
Gross Value - \$36,765.00.
- g. National Science Foundation, Washington 25, D. C. For Antarctic Data Reduction and Publication in the IGY Glaciology Program (to be known as National Science Foundation Project No. 825 - Amend. #3 - Department of Geology).  
Gross Value - \$6,111.00.
- h. Federal Aviation Agency, Bureau of Research and Development, Washington 25, D. C. For Engineering Services for Glide Path Antenna System Research (to be known as Federal Aviation Agency Project No. 891 - Amend. #3 - Department of Electrical Engineering).  
Gross Value - \$49,938.00.

III. RESEARCH FOUNDATION CONTRACTS (cont.)

- i. United States Army Signal Supply Agency, Laboratory Procurement Support Office, Fort Monmouth, New Jersey. For Research on Diffusion of Impurities into Silicon Through an Oxide Layer (to be known as U. S. Army Signal Supply Agency Project No. 896 - Mod. #2- Department of Electrical Engineering).  
Gross Value - \$27,645.00.
- j. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Constancy of Mandibular Rest Position (to be known as National Institutes of Health Project No. 907 - Sup. #1 - College of Dentistry).  
Gross Value - \$3,737.00.
- k. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For Intermittent Research Analysis (to be known as Wright Air Development Center Project No. 920 - Sup. #2- OSURF).  
Gross Value - \$55,426.32.
- l. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Effect of Antimetabolites on the Chick Embryo (to be known as National Institutes of Health Project No. 993 - Sup. #1- Department of Poultry Science).  
Gross Value - \$7,411.00.
- m. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Photochemical Oxidations in Homogenous Systems (to be known as National Institutes of Health Project No. 1031- Sup. #1 - Department of Chemistry).  
Gross Value - \$21,348.00.
- n. United States Army Signal Supply Agency, Fort Monmouth Procurement Office, Fort Monmouth, New Jersey. For Antenna Phenomena Research (to be known as U. S. Army Signal Supply Agency Project No. 1035 - New - Department of Electrical Engineering).  
Gross Value - \$40,000.00.
- o. National Science Foundation, Washington 25, D. C. For an Analysis of Geological Data from Spitzbergen in the Interdisciplinary Research Program of the International Geophysical Year (to be known as National Science Foundation Project No. 1037 - New - Department of Geology).  
Gross Value - \$2,000.00.

III. RESEARCH FOUNDATION CONTRACTS (cont.)

- p. Department of the Navy, Bureau of Ships, Washington 25, D. C. For Studies of Thermoelectric Materials (to be known as Department of the Navy, Bureau of Ships Project No. 1039 - New - Engineering Experiment Station).  
Gross Value - \$19,300.00.
- q. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Changes in Serum Enzymes and Vit. B<sub>12</sub> in Liver Damage (to be known as National Institutes of Health Project No. 1045-Amend. - Department of Preventive Medicine).  
Gross Value - \$1,000.00.
- r. Commander, Rome Air Development Center, ARDC, Griffiss Air Force Base, New York. For an investigation of Unconventional Refrigeration Techniques (to be known as Rome Air Development Center Project No. 1059 - New - Department of Chemistry).  
Gross Value - \$25,400.00.
- s. Commander, Air Force Office of Scientific Research, ARDC, Washington 25, D. C. For Research on Magnetic Resonance and Spin Relaxation Studies of Ions in Solution, Complex Molecules and Free Radicals (to be known as Air Force Office of Scientific Research Project No. 1060 - New - Department of Physics).  
Gross Value - \$25,000.00.
- t. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For an investigation of the Coronary Haemodynamic Response to Environment (to be known as Wright Air Development Division Project No. 1061 - New - Department of Physiology).  
Gross Value - \$29,700.00.
- u. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Exfoliative Cytology of Induced Tumors of the Gastrointestinal Tract (to be known as National Institutes of Health Project No. 1062 - New - Department of Pathology).  
Gross Value - \$12,571.00.
- v. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Biochemical Studies on Bloodsucking Insects (to be known as National Institutes of Health Project No. 1063 - New - Department of Zoology & Entomology.)  
Gross Value - \$8,510.00.

III. RESEARCH FOUNDATION CONTRACTS ( cont. )

- w. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Liver Function in Pathogenesis of Glomerulosclerosis (to be known as National Institutes of Health Project No. 1067 - New - Department of Pathology).  
Gross Value - \$7,558.00.
- x. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Range of Vocabulary Used in Dental Journals (to be known as National Institutes of Health Project No. 1068 - New - School of Journalism).  
Gross Value - \$2,300.00.
- y. San Antonio R&D Procurement Office, Wright Air Development Center, Box 63, Lackland Air Force Base, Texas. For Research and Reports on Spectral Absorption, Retina and Choroid (to be known as WADC, Lackland Air Force Base Project No. 1069 - New - Institute for Research in Vision).  
Gross Value - \$20,950.00.
- z. National Science Foundation, Washington 25, D. C. For an investigation of Slope Form in Relation to Micro-Climate (to be known as National Science Foundation Project No. 1070 - New - Department of Geology).

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

- B. Construction of a right turn lane at the southwest corner of the intersection of Lane Avenue and Fyffe Road and the addition of a sidewalk to both sides of the Stadium Drive Bridge over the Olentangy River Road

Franklin County has requested the University to provide property for the construction of a right turn lane at the southwest corner of the intersection of Lane Avenue and Fyffe Road.

The University has requested Franklin County to permit it to construct cantilevered sidewalks on the Stadium Drive Bridge which crosses Olentangy River Road.

Informal agreements have been reached with Mr. Guy Elbin, County Engineer, and with the County Commissioners. It is, therefore, recommended that the Board of Trustees authorize the President to enter into an agreement with the Franklin County Commissioners permitting the right of encroachment on lands owned by the State of Ohio for the purpose of constructing a right turn lane, including berm and slope work, at the southwest corner of the intersection of Lane Avenue and Fyffe Road, with the proviso that the County, in turn, permit the University to construct the sidewalks on both sides of the Stadium Drive Bridge across Olentangy River Road.

The description of the property involved in the right turn lane project is as follows:

BEING A PART OF SEVENTY NINE AND FIFTY NINE HUNDREDTHS (79.59) ACRES OF LAND TRANSFERRED TO THE STATE OF OHIO BY LOUIS F. KIESEWETTER AND ELIZABETH H. KIESEWETTER BY DEED DATED APRIL 20, 1906, AND RECORDED IN DEED BOOK 428, PAGE 192, RECORDERS OFFICE, FRANKLIN COUNTY, OHIO AND BOUNDED AND DESCRIBED AS FOLLOWS:

Beginning for a reference at a point on the centerline of Lane Avenue (as said centerline was established as shown on Lane Avenue right of way plat dated August 3, 1954 of record in the County Engineers Office, Franklin County, Ohio) at centerline station 73+02.46; said point at station 73+02.46 being also the intersection point of the centerlines of Lane Avenue (as established August 3, 1954) and the center line of the University.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

Agriculture Building Drive now designated as Fyffe Road; thence from said beginning point S. 2° 02' 30" W. with and along the centerline of Fyffe Road a distance of fifty two and thirteen hundredths (52.13) feet to a point, said point being the true place of beginning of this description; thence continuing S. 2° 02' 30" W. with and along the centerline of Fyffe Road a distance of sixty seven and eighty seven hundredths (67.87) feet to a point; thence N. 88° 31' 33" W. a distance of eighty five and sixteen hundredths (85.16) feet to a point; thence N. 6° 39' 56" W. thirty five (35.00) feet to a point; thence S. 83° 21' 17" W. a distance of three hundred thirty and forty one hundredths (330.41) feet to a point; thence N. 2° 18' 00" E. a distance of twenty (20.00) feet to a point; (this last said point being in the south right of way line of Lane Avenue as established August 3, 1954); thence N. 83° 18' 44" E. with and along the existing south right of way line of Lane Avenue as established August 3, 1954, a distance of four hundred twenty one and eighty six hundredths (421.86) feet to the true place of beginning of this description, containing 0.276 Acres, more or less.

It is expressly understood, that the permission to enter and encroach upon the above described property is strictly limited to the necessary construction of the proposed turning lane and in no manner is to be construed to be in effect for any future improvement of Lane Avenue. The construction of the right turn lane shall be at the expense of Franklin County.

It is further understood that the construction of the sidewalks on the bridge will be at the expense of The Ohio State University.

Upon motion of Senator Bricker, seconded by Mr. Rairdon the above agreement was approved by unanimous vote.

IV. GIFTS

A. Administered Through the Development Fund

1. \$5,000.00 for the George Beecher Kauffman Memorial Fund

George Beecher Kauffman Memorial Fund

Established December 24, 1959, by a gift through the Development Fund from the Kauffman-Lattimer Company in memory of George Beecher Kauffman, first Dean of the College of Pharmacy at The Ohio State University. The principal and any additional contributions are to be invested under rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used to provide scholarships to students in the College of Pharmacy, to be designated as the "Dean George Beecher Kauffman Scholarships." The purpose of these scholarships is to honor the memory of said George Beecher Kauffman and to encourage and assist worthy and financially needy students to study pharmacy. These scholarships will be awarded by the University Scholarship Committee on recommendation of the Dean of the College of Pharmacy. A scholarship awarded to a first-year student in Pharmacy may be renewed annually for two succeeding years if the student maintains a minimum cumulative point-hour ratio of 2.5 and remains in the College of Pharmacy.

In any bulletin or pamphlet listing this scholarship fund it is to be identified as follows: "Supported by endowment of The Kauffman-Lattimer Company, Columbus, Ohio."

In the event the need for such scholarships ceases to exist or so diminishes as to create unused income, then the Board of Trustees of the University may use said income for any purpose, in its discretion, preference to be given, however, to items in the field of pharmacy.

IV. GIFTS (cont.)

Notemin Fund

Established December 4, 1959, by a gift through the Development Fund. The principal and any additional contributions shall become a part of the University's Endowment, to be invested under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used by the Departments of Mathematics and Education jointly to search for better ways of teaching mathematics.

In the event that the need for the above-mentioned use of income should cease to exist or so diminish as to create unused income, then the Board of Trustees may use said income, in its discretion, for any appropriate University purpose, preference to be given, however, to a use in any manner to improve teaching in this University, to be determined by the Vice President in charge of instruction or his successor, whatever the title of that officer might be.

B. Miscellaneous

From The Columbus Public Library - 4,000-Volume Dental Collection and 8,000-Volume Medical Collection:

The Board of Trustees of the Columbus Public Library has voted to turn over to The Ohio State University Libraries two valuable collections established many years ago and deposited with them by the Columbus Dental Society and the Columbus Academy of Medicine. The dental collection of approximately 4,000 volumes will provide many long runs of journals which are not now held by the libraries as well as a collection of 150 rare Americana in the field of dentistry, and the medical collection of about 8,000 volumes will fill in many gaps in The Ohio State University collections.

Therefore, on recommendation of the Director of Libraries and with the concurrence of the Vice President, Instruction and Research, these collections are accepted and appropriate thanks transmitted to Mr. Jacob A. Meckstroth, President of the Board of Trustees of the Columbus Public Library.

The above gifts were unanimously accepted and approved.

C. Report from The Ohio State University Development Fund

I wish to report that in November and December, 1959, The Ohio State University Development Fund received gifts on behalf of the University as follows:

1. NOVEMBER, 1959

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	1,065	\$15,260.51
Individuals, Other Than Alumni	111	2,552.73
Non-Profit Organizations	62	51,183.05
Business Concerns	9	25,679.00
	<u>1,247</u>	<u>\$94,675.29</u>

Of these gifts, 856 totaling \$5,738.76 were undesignated and 391 totaling \$88,936.53 were designated.

2. DECEMBER, 1959

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	1,701	\$ 38,179.09
Individuals, Other than Alumni	87	21,345.31
Non-Profit Organizations	34	68,037.00
Business Concerns	19	17,065.00
	<u>1,841</u>	<u>\$144,626.40</u>

Of these gifts, 1,433 totaling \$10,959.94 were undesignated and 408 totaling \$133,666.46 were designated.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. American Council on Education - Employment of Person to Assist Universities with Governmental Relations on Research Contracts and Grants

The National Federation of College and University Business Officers, of which this University is a member, has agreed to work through the American Council on Education to provide a responsible person full-time in Washington to assist the member universities in the governmental relations on contracts and grants. Since this University participated to the extent of \$4,848,662.00 in 1958-59, it is recommended that the sum of \$2,500.00 be appropriated to pay this University's share of the expenses of the project for the coming year from H-8 Contributions. It is understood that we shall participate on a share and share alike basis with all universities having over \$2,500,000.00 in contracts per year. (Those under \$2,500,000.00 pay \$1,500.00 per year.)

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation for the appropriation of \$2,500.00 to pay the University's share of the foregoing project was approved by unanimous vote.

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra Orders, Credit Orders and Extensions of Time to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds in each case is otherwise indicated:

A. University Hospital, Redesign of Present Facilities

General Contract

It is recommended that the west wall of Room 214 (East) be remodeled to provide enlarged floor space to accommodate new fluoroscopy equipment for the Cardiology Department. The general work for this extra consists of rebuilding approximately 9 lin. ft. of tile and plaster wall to utilize a portion of unused pipe space immediately adjacent. This will add 20" to the length of part of the room, providing space in which to locate the new X-ray machine and its accessories, which are somewhat larger than the machine being replaced, Add \$450.00

Electrical Contract

It is recommended that the feeder system to the new recovery room panel on the fifth floor be revised because the existing panel from which the feeders were to run are preceded by an isolating transformer which will not permit any major additional load. Add \$330.00

In accordance with the remodeling described under the General Contract above, it is recommended that the power wiring be relocated to serve the X-ray equipment and the other conduit and wiring affected by this change be revamped. Add \$280.00

Plumbing Contract

It is recommended that the existing 2- $\frac{1}{2}$ " vapor vent line on the ceiling of the new Delivery Room be rerouted. This line was concealed above the old ceiling and is found to interfere with lighting to the new Delivery Room. Add \$110.00

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

B. University Hospital, North Wing Addition

Electrical Contract

Because of the substitution of new equipment in Room 209N, a Fluoroscopic Tilt Table, it is necessary to make certain electrical changes. This work consists of new switches, controls, junction boxes, lights and all connections conduit and wiring, three electric door signs, the mounting of anchors, plate bolts and electrical circuits for future operating room fixtures; one double receptacle in the south wall and the relocating of a one-inch conduit which interferes with the track installation.

Add      \$1,775.00

Plumbing Contract

It is recommended that the Knightware waste piping in certain rooms of the existing building be replaced with Duriron pipe because the existing waste lines are leaking and cannot be properly repaired.

Add      \$3,262.00

It is recommended that the domestic water system be sterilized.

Add      \$ 630.00

C. College of Medicine, Animal Research Facilities

Electrical Contract

It is recommended that service for closed circuit television outlets in Rooms 102 and 112 be roughed in to allow for remote control of work in the altitude chamber with television equipment.

Add      \$ 140.00

It is recommended that the horns on the fire alarm system be changed to bells to conform with other fire alarm systems throughout the University.

Add      \$ 141.00

Extension of Time

It is recommended that extensions of time for completion of the project from February 1, 1960, to April 1, 1960, be granted to all contracts because of the following delays:

1. Readvertising of bids on two of the contracts.
2. Delays in processing the contracts which prevented the project from being started for from three to five months.

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

C. College of Medicine, Animal Research Facilities

Extension of Time (cont.)

3. Delay caused by the flood in January, 1959.
4. Delay in awarding the equipment contract until November 2, 1959.

The contractors on this project are:

- |                          |                            |
|--------------------------|----------------------------|
| 1. General               | C. C. Vogel                |
| 2. Plumbing              | National Corporation       |
| 3. Heating & Ventilating | Piping Contractors Co.     |
| 4. Electrical            | Gustav Hirsch Org., Inc.   |
| 5. Cage Washer Equipment | Metal Wash Machinery Corp. |

Plumbing Contract

It is recommended that sleeves with vents to the atmosphere at two points on the 4" gas line be provided as a safety measure.

Add     \$200.00

Heating and Ventilating Contract

It is recommended that the 6" cooling water line along 12th Avenue be rerouted where it interferes with the installation of Ric-Wil conduit for steam and condensate lines.

Add     \$200.00

D. College of Arts, Addition to Chemistry

Architect's Contract

It is recommended that an extra payment be approved for the architectural firm of Spahn & Barnes for services over and beyond the requirement of their normal contract in redesigning the high vacuum system. This extra fee is a sum which was negotiated between the firm and the State Architect.

Add     \$1,609.45

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

E. College of Arts, Classroom Office Building

General Contract

It is recommended that 38 toilet paper holders and 16 paper towel cabinets be furnished and installed in toilet rooms throughout the building. Add \$325.00

Electrical Contract

It is recommended that a plug-in strip be installed for 56 additional listening booths where tape recorders or record players are to be used for listening to foreign language recordings. The additional sound equipment has been recently purchased by the College. Add \$472.00

F. 11th Avenue Residence Halls for Men, Building No. 4

General Contract

It is recommended that the substitution be made of one coat of Vapex Primer and Two coats of Vitrolite Eggshell enamel in lieu of one coat of Solidex paint in toilet and shower rooms, because the latter finish has not proven satisfactory under heat and moisture conditions. Add \$267.00

Heating and Ventilating Contract

It has been discovered that Building No. 4 as shown on the plot plan would be 42" closer to Eleventh Avenue than the other three buildings. In relocating this building, a slight bend will occur in the new tunnel extending from Building No. 3 to the Law Building, making it necessary to install two separate single type, anchored expansion joints in the condensate line instead of one double anchored expansion joint. It is recommended that this extra work be done Add \$442.00

Plumbing Contract

As a result of experience in the first three buildings, it is recommended that the gravity house tanks for domestic cold water be changed to a hydro-pneumatic system to provide adequate water pressure on the top two floors. Add \$1,078.00

Funds for this project are provided in 11th Avenue Residence Halls for Men, Building No. 4 Construction Account.

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

G. Married Housing Project No. 1

The Wage Rates set up in the Contract documents do not include rates for apprentice workers. The Housing and Home Finance Agency has asked that rates for apprentice workers in the bricklayers' and carpenters' trades, and other comparable construction trades, as established by the Department of Industrial Relations, be incorporated in the Contract by a Change Order. These rates effect no change in the contract cost, and it is therefore recommended that they be made a part of the contract.

H. Scholarship Dormitories, Phase III

General Contract

It is recommended that the following changes be made:

- |  |            |                           |
|--|------------|---------------------------|
| 1. Provide fifteen access doors 18" x 18" in lieu of 12" x 18" to permit servicing of the electrical reheat coils in the wider ducts on third floor. | <u>Add</u> | <u>\$ 31.00</u>           |
| 2. Provide a fire resistant suspended ceiling under bar joist construction in Room 132.  | <u>Add</u> | <u>\$256.00</u>           |
|  |            | <u>Net Extra \$287.00</u> |

Electrical Contract

It is recommended that the following changes be made:

- |  |               |                          |
|--|---------------|--------------------------|
| 1. Omit spare space for future circuit from the main distribution panel because there is not room for it in the existing cabinet.  | <u>Deduct</u> | <u>\$5.00</u>            |
| 2. Change 14 switches which control the heating and ventilating equipment from toggle switches to key operated switches so that they cannot be used by unauthorized persons. | <u>Add</u>    | <u>\$40.00</u>           |
|  |               | <u>Net Extra \$35.00</u> |

Funds for this project are available in G-2-A Scholarship Dormitories, H. B. 831.

February 12, 1960 meeting, Board of Trustees

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

I. College of Engineering, Classroom Office Facilities

General Contract

It is recommended that the following changes be made:

1. Provide 3 digit, 1½" high decal numbers on a total of 247 doors in CAE and EE bldgs. <u>Add</u>	<u>\$350.00</u>
2. An allowance of \$60.00 per 1,000 was provided for face brick on the CAE bldg. in the contract. Brick furnished cost \$2.00 per 1,000 less than this amount for a total of 196,000 bricks. <u>Deduct</u>	<u>\$392.00</u>
3. An allowance of \$50.00 per 1,000 was provided for face brick on the EE bldg. The brick furnished cost \$8.00 per 1,000 more than this amount for a total of 29,000 bricks. <u>Add</u>	<u>\$232.00</u>
<u>Net Extra</u>	<u>\$190.00</u>

Heating and Ventilating Contract

It is necessary to make certain plumbing connections,  
34 hot and cold water connections, 61 gas connections,  
33 trap and drain connections and 10 compressed air  
connections in Rooms 130 and 141 for the installation  
of the laboratory furniture in the Civil Aeronautical  
Engineering Building. It is recommended that this work  
be done. Add

\$3,965.00

Electrical Contract

It is necessary to make certain electrical connections  
for the installation of the laboratory furniture. Add

\$890.00

J. Animal Science Building and Plumb Hall Remodeling

Plumbing Contract

It is recommended that five floor drains in Slaughter  
Room be changed from Standard type Wade #1074 to  
Wade #1714 which is a larger drain which has a  
removable basket to catch debris. Add

\$96.00

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

J. Animal Science Building and Plumb Hall Remodeling ( cont. )

Heating Contract

It is recommended that four steam and return risers in Room 121, Plumb Hall, be removed and the piping rerouted to radiators on the floor above, in order to permit the installation of laboratory equipment as required in this room.

Add      \$544.00

K. Numerical Computation Laboratory

General Contract

The new vacuum cleaning system in this area is controlled from a switch in the Research Center offices approximately 200 ft. from the center of the area. A new switch with pilot light is proposed near the center of the area in corridor 1800B, and recommended for approval.

Add      \$192.00

Heating and Ventilating Contract

It is recommended that rigid insulating board be provided in lieu of flexible Fiberglas insulation on ducts on service mezzanine, because of the probable damage to the soft insulation from workmen servicing equipment.

Add      \$110.00

Funds are available in G-2-D Numerical Computation Laboratory, H. B. 831, for this project.

L. Institute of Vision and Building Materials Laboratory

Plumbing Contract

It is recommended that a shut-off valve on the new 3" water line be provided so that future construction can be made without shutting off the water for the entire building.

Add      \$157.00

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

M. Reactor Building

General Contract

It is recommended that the substitution of 18 gauge galvanized iron deck roofing for 20 gauge shop painted deck be made to eliminate an indefinite delay in the receipt of materials due to the steel strike.

Add            \$631.00

The increased length and depth and changes in the reinforcing of the slab under the tracks for Thermal Column sliding door to the Reactor will improve the shielding from radiation. It is recommended that this design change be made to improve safety.

Add            \$ 90.00

Electrical Contract

It is recommended that one 70 A - 3 P Breaker in Panel B be installed and one additional 1½" conduit with three #4 wires from Panel B to the Reactor panel be provided to accommodate changes in the electrical requirements for the Reactor.

Add            \$150.00

N. Telephone Duct Line From the Telephone Exchange to Tunnel on West Campus

Contract

It is recommended that the following changes be made to facilitate future construction and University operations in this area:

1. Relocate two poles at the railroad crossing and two additional conduits between the new pole locations running under the railroad right-of-way. This additional work will avoid an overhead crossing of the railroad and provide one spare conduit for future telephone or power use.
2. Add guys and guy poles to improve the line's resistance to storm damage.

VI. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

N. Telephone Duct Line From the Telephone Exchange to Tunnel on West Campus

Contract (cont.)

3. Add three poles and four guys to reroute the new pole line to avoid the placing of poles in the middle of the Farm Fields. In the new location they will follow fence rows and roads and will not hamper farm operations.

	<u>Add</u>	<u>\$3,135.00</u>
--	------------	-------------------

Extension of Time

It is recommended that the Fishel Company be granted an extension of time for the completion of their contract from February 1, 1960, to May 15, 1960. The contract will be complete prior to February 1, 1960, except the restoration of pavement and certain grass areas which cannot be done satisfactorily during the winter months.

**VII. PLANS AND SPECIFICATIONS**

With the approval of the Council on Business Affairs and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bill of materials and estimates of cost for the following projects be approved by the Board of Trustees:

**A. New Gas Service to East Campus**

(The Board of Trustees approved this project for advertising by telephone vote.)

\$5,700.00 - Estimate of cost

Funds are available in Item 075 Additional Underground Utilities, H. B. 1124, for this project.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote and the action of the Secretary in regard to signing the documents for and on behalf of the Board was ratified. Vice President Carson was directed to request the Director of Public Works to advertise this project and, if any satisfactory bids are received, he shall recommend them for award and report all action to the Board at a later meeting.

**B. Replacement of Induced Draft Fans on Boilers No. 5 and No. 8**

\$48,900.00 - Base estimate of cost

9,200.00 - Alternate No. 1 (two speed motor on fan for No. 5 boiler)

Funds are available in Item 081 Improvement of Existing Physical Plant, H. B. 1124.

C. "T" Hangar Project, Don Scott Field

Bohl Painting Company	45,712.00
Bolin and Henry, Incorporated	54,900.00
General Painting Company	57,491.00
Estimate of Cost	52,715.00

The contract was awarded to the low bidder, Harold F. Mollenauer, in the amount of \$42,462.00.

This project is payable from F Contract and Open Order Service, H. B. 831.

**B. Washing Interior Walls Natatorium, Physical Education Building, Industrial Engineering Building, Student Services Building, Poultry Laboratory, Rooms 119 and 120 McPherson Chemical Laboratory**

Bids were received on January 15, 1960, as follows:

Ohio Window Cleaning Company (Lima)	\$ 21,509.50
Buckeye State Window Cleaning Company	29,580.00
Estimate of Cost	21,830.00

The contract was awarded to the low bidder, Ohio Window Cleaning Company, in the amount of \$21,509.50.

This project is payable from F Contract and Open Order Service, H. B. 831.

C. Electrical Distribution for Air Conditioning of Arps Hall,  
Administration and Agricultural Administration Buildings,  
The Ohio State University

Bids were received on January 7, 1960, as follows:

Jess Howard Electric Company (Columbus)	\$ 40,990.00
Electric Power Equipment Company	41,626.00
Claggett Electric Company	46,149.00
Paul L. Gilmore, Inc.	47,307.00
Eastmoor Electric Company	47,400.00
Burroughs Electric Company, Inc.	48,900.00
S & S Electric Company, Inc.	49,145.00
McCarty Bros. Electric Company	49,257.00
Wagner-Smith Company	52,495.00
Electrical Contractors	55,946.00
Estimate of Cost	62,900.00

The contract was awarded to the low bidder, Jess Howard Electric Company, in the amount of \$40,990.00

This project is payable from Item 081 Improvement of Existing Physical Plant, H. B. 1124.

D. Storm Sewer - Stadium Parking Lot

Bids were received on January 22, 1960, as follows:

C. G. Jackson, Inc. (Columbus )	\$ 22,800.00
Southeast Excavating Company, Inc.	23,667.42
Henry L. Miller & Son, Inc.	23,933.00
Miller-Rush Company, Inc.	25,608.00
Fishel Company	26,580.00
Capital City Excavating Company	26,907.19
Ben Davis, Inc.	27,089.00
Baker & Hickey Company	27,950.00
George J. Igel & Company	29,151.00
E. P. Coady & Company	32,400.00
Thompson & Conie Company	33,395.00
Estimate of Cost	24,400.00

The contract was awarded to the low bidder, C. G. Jackson, Inc. in the amount of \$22,800.00

Funds are available for this project in Item 075 Additional Underground Utilities, H. B. 1124.

E. Maintenance Building, University Golf Course

Bids were received on November 5, 1959 for this project. The low bids for the General and Electrical Contracts are as follows:

<u>General Contract</u> (11 bids received)	<u>Low Bid</u>	<u>Estimate of Cost</u>
Ruscilli Construction Company (Columbus)	\$ 19,470.55	\$18,700.00
 <u>Electrical Contract</u> (5 bids received)		
Westgate Electric Company (Columbus)	\$ 3,000.00	\$ 3,500.00

The foregoing bids are the lowest and best bids in their respective divisions, notwithstanding the fact that the low bid on the general division is over the estimate of cost. It is believed that no better bids on this contract would be offered if they were readvertised.

The original bids received on the Plumbing Division for this project were rejected, the plans revised and the Division readvertised. Bids were again received on January 29, and the low bids are shown below:

<u>Plumbing Contract</u> (6 bids received)	<u>Low Bid</u>	<u>Estimate of Cost</u>
J. A. Guy (Columbus)	\$ 5,495.00	\$ 6,000.00
 <u>Storm Drainage Contract</u> (7 bids received)		
J. A. Guy (Columbus)		
Base bid	\$ 1,500.00	\$ 2,000.00
Alternate S-1 (Drain to lake)	450.00	300.00
Total	<u>\$ 1,950.00</u>	<u>\$ 2,300.00</u>

Funds will be provided for this project from the Athletic Department Rotary.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above award of contracts was approved and the actions of the Vice President unanimously ratified by roll call vote.

XI. RESOLUTION IN MEMORIAM

Harvey Vernon Moyer

The Board of Trustees expresses its sorrow at the death of Harvey Vernon Moyer, Professor of Analytical Chemistry and Chairman of the Department of Chemistry, on August 5, 1959.

Professor Moyer was born in Salina, Kansas, on February 13, 1894, the son of Milton Oscar and Jane A. Moyer. His father, a Methodist minister, moved frequently, and public school education was obtained in several Kansas towns. In 1915 he entered Baker University at Baldwin, Kansas, but remained there only one year. From 1916 to 1918 he taught in the public schools at Fairview and Leona, Kansas. In 1918 he enlisted in the United States Army. Following his discharge he returned to public school teaching at Leona. He then entered the University of Kansas from which he received his A. B., A. M., and Ph. D. degrees.

He spent the year 1927 to 1929 at Yale as a National Research Council Fellow. During this time he studied the large-scale culture of bacteria under Professor Anderson. In the autumn of 1929 he became Assistant Professor of Chemistry at The Ohio State University and by 1938 had advanced to the rank of Professor. During the period 1943 to 1945 he served as Acting Chairman of the Chemistry Department. From 1948 to 1950 he also held the post of Assistant Dean of the Graduate School. In 1955 he was made Acting Chairman and in 1956 was appointed Chairman of the Department of Chemistry.

Professor Moyer was a member of the American Chemical Society, American Association for the Advancement of Science, The Ohio Academy of Science, Phi Lambda Upsilon, the University Post of the American Legion and the Saturday Club. He was also a member of Phi Beta Kappa and Sigma Xi and served as chairman of the local chapters of each. As a member of the faculty he served on most of the major committees of the University.

Professor Moyer was co-author of the textbook Quantitative Chemical Analysis and Editor-in-Chief of a monograph on Polonium.

February 12, 1960 meeting, Board of Trustees

His scientific interests ranged from bacteriology through organic, physical, analytical, and radiochemistry. His work at Yale produced a paper describing the large-scale production of bacteria. At Ohio State he was especially interested in the processes of crystal growth and flocculation. The results of his work are now evident in a number of analytical operations. In his later years he became interested in radio-activity and especially in helping colleagues with the analytical problems of radioactive tracers.

For a number of years Professor Moyer was in charge of the large sophomore classes in quantitative analysis. He developed a system of grading laboratory unknowns that avoided completely any guess-work in establishing a student's grade. Students appreciated this and gave the course the label of "the best-run course on the campus." In his own classes he was a popular lecturer, always orderly in his presentation and stimulating by his examples of the relation of chemical analysis to other fields of science. He was patient and often spent long hours with students helping them find an error in an experiment or in explaining types of problems.

He was popular and respected among his colleagues. One of his strongest qualities was the interest he showed in the problems of his associates. He was a willing listener, conservative, and often sought for advice.

Golf was a long-time hobby. He was a Charter Member of the University Golf Club and in 1952 was President of the Columbus District Golf Association. He was also a past president of the Faculty Bowling League.

He is survived by his wife, Mary Winters Moyer, and by a son, John Harvey Moyer.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

POLITICAL MEETINGS ON CAMPUS

The President now presented the following statement relative to political meetings on the campus of The Ohio State University:

I have reviewed the recent discussions concerning the matter of political meetings on the campus and wish to make the following statement:

Rule 21.09 (Rules for the University Faculty) relating to "Guest Speakers," covers this matter adequately.

Additionally, it is my opinion that the President, in accordance with action taken previously by the Board of Trustees, continue "to notify the chairmen of the political parties appearing upon the Ohio ballot that the University will provide space for a meeting in such campaign period to be held by the political party on a day to be selected, but not prior to the primary election. The chairman of each political party accepting the President's offer of space shall be wholly responsible for arrangements of the program, the selection of speakers and the details concerning the meeting. Such meetings shall be open to members of the faculty, the student body and the general public; and it shall be clearly stated in connection with such meetings that the University is providing space but assumes no responsibility whatever for the speakers, their remarks or the program in general. The assignment of dates and facilities shall be made by lot."

The Board by unanimous consent approved the above statement and the Secretary was requested to include it in the Minutes of this meeting.

MEDICAL INTERN QUARTERS

Senator Bricker presented the following report of the Finance Committee:

After considerable study, it has been determined that the project "Medical Intern Quarters" should be deferred, and it is, therefore, recommended that the previous action of the Board of Trustees authorizing this project be rescinded and that this phase of the project filed with the Housing and Home Finance Agency, known as Project Ohio 33-CH-87(D) be withdrawn.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the foregoing recommendation was approved by unanimous roll call vote.

APPLICATION FOR LOAN ASSISTANCE - MEN'S HOUSING NO. 1

Senator Bricker presented the following report of the Finance Committee:

It is recommended that an application for loan assistance, under Title IV of the Housing Act of 1950, be filed to obtain funds for Men's Housing No. 1. The project will house approximately 203 male students and is estimated to cost approximately \$580,000, including architect's fees, roads, site improvement and movable equipment. The estimated cost of construction is \$550,000 and the estimated cost of movable equipment is \$30,000.

The application will request a federal loan in the amount of 50% of the cost of construction, or \$275,000 and additional bonds will be sold to private investors for the balance of the construction costs, plus the cost of movable equipment (total \$305,000).

NOW, THEREFORE, BE IT RESOLVED, that the President of the University and the Vice President, Business and Finance, of the University, or either of them, are authorized on behalf of the University to file an application or applications or amendments or supplements to existing applications in such form or forms as they shall deem advisable to obtain from the United States Government, acting through the Housing and Home Finance Administration, and pursuant to Title IV of the Housing Act of 1950, loan assistance in the amount of \$275,000 to cover one-half of the cost of the Men's Housing No. 1, exclusive of the cost of movable equipment, and such other costs as are not permitted to be included under the rules of practice of the Housing and Home Finance Administration.

FURTHER RESOLVED, that any action taken by the President of the University and the Vice President, Business and Finance, of the University, or either of them, prior to this Board Meeting, pertaining to the project, Men's Housing No. 1, is hereby ratified and confirmed.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the foregoing recommendation and resolution were approved by unanimous roll call vote.

PRESIDENT FAWCETT'S TRIP TO INDIA

President Fawcett now showed pictures and reported on his trip to India where he conferred with members of The Ohio State University faculty engaged in work there in connection with the program sponsored by the International Cooperation Administration through a contract with The Ohio State University.

In conclusion President Fawcett expressed his personal appreciation to the members of the staff for the most effective way they carried on the work of the University during his absence.

The Board now commended the President for an excellent and enlightening summary of the work being done by our faculty members in India.

Vice President Heimberger now introduced the Director of the University Libraries, Dr. Lewis C. Branscomb, who presented a report on the University Libraries, a summary of which follows:

## SUMMARY OF REPORT OF THE DIRECTOR OF LIBRARIES

### Place of the Library in a University

No distinguished university has mediocre libraries. A university's excellence is determined by the adequacy of its libraries - as well as by the quality of its faculty, administration and physical facilities - to support its programs of instruction, research and service.

### O. S. U. Libraries

The William Oxley Thompson Memorial Library, and some 30 departmental, school, college and area libraries strategically located throughout the campus provide the library services for this complex university. Total book holdings at present are approximately 1,400,000 volumes, ranking Ohio State in 17th position among university libraries nationally and in 6th position among the Council of Ten. Its current rate of growth is 12th and 4th respectively. It is now acquiring about 80,000 volumes annually. Approximately 162 full time people, of whom 40% are professionally trained librarians and 60% are clericals, plus 275 part-time students constitute the total library staff.

### Functions of the Libraries

(a) The primary function is to support in an optimum fashion the instructional, research and service programs of the University. Graduate education leading to the master's degree in 74 departments and to the Ph. D. in 60 departments makes enormous demands upon library facilities - far beyond those required by undergraduate instruction. In addition, the establishment of new ventures such as the Institute of Polar Studies and the expanded Slavic studies area depends heavily upon literature in their field.

(b) A secondary but important function of the Libraries is their continuing independent educational program. Through exhibits, Browsing Room activities, and the publication of catalogs and handbooks describing library resources, students are encouraged to form the life-long habit of good reading and the University community is exposed to the rich educational experience of a large storehouse of information and stimulation.

(c) A third function is responsibility to state, regional, national and world scholarship. Reference and lending service is provided for many State offices. Through inter-library loan books are made available to scholars throughout Ohio and the world. Ohio State cooperates in the Midwest Inter-Library Center, a 20 university membership program designed to pool little used research materials in the midwest, and participates in the Farmington Plan which brings to research libraries in this country foreign publications of probable research value as published.

Problems and Future Prospects

(a) Despite a substantial increase in book funds several years ago, the current expenditure of over \$300,000 annually is insufficient to meet present demands. At least \$450,000 is needed to secure retrospective and presently published materials.

(b) More "special collections" are needed to support intensive research in the humanities and the social studies,

(c) Inadequate staffing of the Libraries has reached a critical point where, for example, only about 70% of incoming books can be cataloged. Longer hours of opening and other greatly needed improvements are contingent upon securing additional staff.

(d) A large university library with extensive graduate, professional and research programs to support is likely to emphasize these facilities and thereby to neglect the needs of the much larger undergraduate enrollment. A separate library building containing 100,000 well selected volumes, a simplified card catalog and a special staff trained to serve undergraduates has proven a valuable educational instrument at Harvard, Michigan and South Carolina, and is worth serious consideration at Ohio State.

(e) The Library Council has strongly endorsed the concept of area libraries, where feasible, to replace the system in some areas such as engineering where presently there are seven small, poorly stocked, poorly staffed, poorly housed collections. Far better facilities could be provided by the consolidation of these weak units into one library with well qualified staff, long hours, a large collection and excellent physical arrangements. The Library Council also favors the concept of future planning on the basis of the affinity of subject areas, both in library and in general campus development.

The Long Haul

The tremendous library resources required by a large university today are not assembled and made available in a year or in a decade, but are based upon adequate financial resources for the purchase of materials, leadership, sufficient staff and good physical facilities over a period of many decades. Harvard University has been at the job for more than 300 years and has admittedly done it magnificently, assembling more than 6,500,000 volumes - by far the largest university library in the United States and probably in the world. Ohio State in 90 years has made a good beginning, but it must press forward with increased vigor, wise leadership and planning if it is to support a truly distinguished university.

The Chairman, Judge Gorman, now expressed appreciation and commendation to Dr. Branscomb for his excellent report on the Libraries and instructed the Secretary to file a complete copy with the official records of the Board of Trustees.

March 11, 1960 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Recommendation for Lamme Medal - Alan Gregory Loofbourrow

I am pleased to endorse the recommendation of the faculty committee of the College of Engineering that Alan Gregory Loofbourrow, Director of Engineering, the Chrysler Corporation, be awarded the Benjamin G. Lamme Meritorious Achievement Medal at the June Commencement, 1960.

B. Degrees Conferred - Winter Quarter Convocation

It is recommended that degrees be conferred at the Winter Quarter Convocation on March 18, 1960, to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting.

C. Amendment to Rule 37.1301 Credit for Rescheduled Courses

Currently a new student in this institution is assigned to an elementary foreign language course on the basis of his score in a placement test. He receives credit toward graduation in the courses completed satisfactorily even though one or more of these courses may be a repetition of high school work. The Faculty Council on February 9, 1960, approved an amendment to Rule 37.1301 (Rules for the University Faculty) that would make such repetitions remedial and will eliminate the element of credit toward graduation.

In the change proposed, the existing Section (a) of Rule 37.1301 would be deleted and the opening portion be made to read:

37.1301 Credit for Rescheduled Courses

Credit for all rescheduled courses resulting from action under Rule 37.13 shall count toward the fulfillment of graduate requirements unless:

- (a) the student has previously earned university or college credit (or, in a foreign language, either university, college, or secondary school credit) in a course having substantially the same subject matter content;

I am recommending that the Board of Trustees adopt this rule with the revision suggested to be effective the Autumn Quarter, 1960.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above general recommendations were approved by unanimous vote.

General Recommendations (continued)

D. Relocation of Olentangy River Road

The Olentangy River Road in The Ohio State University campus area currently carries a load of more than 32,000 vehicles per day, and over 47,000 vehicles pass through the intersection at Lane Avenue in a 24-hour period. There is every indication that these figures will be expanded rapidly in the decades ahead, possibly with the Olentangy River Road as one of the major routes connecting the outer and inner belts of the metropolitan expressway system.

The continuation of the road in the present location, its expansion to carry more traffic in the future, and the construction of a much-needed grade separated interchange at Lane Avenue would in large measure destroy the sense of oneness that is essential to the intellectual vitality, well-being, and growth of the University. Recognition of this fact by our planning consultants led them to urge that an effort be made to move the Olentangy River Road to a position between the existing University buildings on Fyffe Road and the C&O Railroad.

Preliminary investigations reveal that the feasibility of this change can be determined best by studies encompassing not only the portion of the road within the campus but also several miles of this and related highways beyond the campus boundaries. A study of this extent is clearly beyond the resources of the University to undertake, and quite probably also beyond the scope of its legal authority.

The proposal has recently been made by others that the Olentangy River Road between Route 161 on the north and Route 33 on the south be made a part of the state highway system. If this transfer were made, the Ohio Department of Highways would be the logical agency to study the campus problem as a part of the larger traffic problem along the entire length of the road, and to develop a solution that would benefit the entire community as well as give needed relief to the University.

It is recommended that the Board of Trustees request the Ohio Department of Highways to place the Olentangy River Road from Route 161 on the north to Route 33 on the south on the state highway system and urge the Ohio Department of Highways to proceed expeditiously with the necessary studies, including a study of the feasibility of relocating the segment of this highway which lies within the campus of The Ohio State University.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above general recommendation was approved by unanimous vote and the Secretary was directed to send a certified copy thereof to the Director of Highways of the State of Ohio.

General Recommendations (continued)

E. Student Fees

In the interest of maintaining high quality instruction, it is deemed advisable to increase student fees by \$10.00 per Quarter, effective Summer Quarter, 1960. This action is being recommended as a result of conclusions reached by the Inter-University Council after a full consideration of the student fee problem in relationship to the total needs of each institution, specifically needs in the area of faculty salaries. Four of Ohio's six state-supported institutions of higher education have already advanced fees for the 1960-61 academic year.

It is therefore recommended that the schedule of student fees approved by the Board of Trustees, May 9, 1958, be revised as follows:

College or School	Incidental Fee	Consolidated Laboratory Fee	Student Services	Student Facilities Fee	Total
Agriculture	\$75	\$ 10	\$ 10	\$ 5	\$100
Arts and Sciences	75	10	10	5	100
Commerce and Administration	75	10	10	5	100
Education	75	10	10	5	100
Engineering	75	10	10	5	100
Graduate School	75	10	10	5	100
School of Nursing	75	10	10	5	100
School of Optometry	80	42	10	5	137
Dentistry	80	125	10	5	220
Dental Hygiene and Dental Laboratory Technology	80	52	10	5	147
Law	80	27*	10	5	122
Medicine	80	125	10	5	220
Pharmacy	80	10	10	5	105
Veterinary Medicine	80	45**	10	5	140

\*This is a Law Library Fee.

\*\* This represents an additional increase of \$5.00.

It is further recommended that the student fee for undergraduate courses taught at the branch campuses be increased from \$10.00 to \$12.00 per credit hour, and that the student fee for graduate courses taught off campus be increased from \$15.00 to \$18.00 per credit hour. (Social Administration courses taught at the University of Cincinnati are exempt from increase until September 30, 1961.)

All other fees as set forth by the action of the Board of Trustees at its May 9, 1958 meeting shall remain unchanged.

Upon motion of Mr. Ketner, seconded by Mr. Patton, the above general recommendation to increase fees, effective Summer Quarter, 1960, was unanimously approved by roll call vote.

General Recommendations (continued)

F. Honorary Degrees

The Faculty Council on March 8, 1960 recommended that the following persons be awarded honorary degrees at appropriate and acceptable dates:

Irvine Heinly Page, Doctor of Science  
Sidney Leavitt Pressey, Doctor of Laws  
Laurence Hasbrouck Snyder, Doctor of Science

I, therefore, recommend that the Board of Trustees approve the Faculty Council's recommendation that the honorary degrees indicated be conferred upon the above named persons at the June 1960 Commencement or at one of the Commencements of the year 1960-1961.

Upon motion of Mr. Allyn, seconded by Mr. Patton, the above recommendation on honorary degrees was approved by unanimous vote.

## II. PERSONNEL CHANGES

In addition to the regular personnel changes included in these Minutes, the following Leaves of Absence With and Without Salary are recommended:

### A. Leave of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following named persons are recommended for a leave of absence with salary for the period indicated:

1. Alfred J. Baxter, Instructor (County Extension Agent, Agriculture) Clinton County, for the period April 1 to June 15, 1960 for graduate study at The Ohio State University.
2. Herbert M. Barnes, Assistant Professor (Extension Specialist, Animal Science) for the period April 1 to June 15, 1960 for graduate study at The Ohio State University.
3. David B. Gerber, Instructor (County Extension Agent, Agriculture) Putnam County, for the period April 1 to June 15, 1960 for graduate study at The Ohio State University.
4. W. C. Roberts, Instructor (County Extension Agent, Agriculture) Stark County, for the period April 1 to June 15, 1960 for graduate study at The Ohio State University.
5. Leland D. Schuler, Instructor (County Extension Agent, Agriculture) Geauga County, for the period April 1 to June 15, 1960 for graduate study at The Ohio State University.
6. William W. Wharton, Instructor (Extension Specialist, Animal Science) for the period April 1 to June 15, 1960 for graduate study at The Ohio State University.

### B. Leave of Absence Without Salary

Richard Baughman, Instructor (County Extension Agent, 4-H Club Work) for the period March 16 to December 31, 1960 for graduate study at The Ohio State University. Mr. Baughman resigned his position as County Extension Agent, 4-H in Medina County and will be re-assigned to another county upon the completion of his leave.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the personnel changes were unanimously approved by roll call vote.

### III. GENERAL CONTRACTS AND AGREEMENTS

#### A. The Ohio State University and The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

##### 1. Government Contracts

- a. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Effect of Certain Antibiotics Upon Microflora and Enzymes in Milk (to be known as National Institutes of Health Project No. 547 - Extension #7 - Department of Dairy Technology).  
Gross Value - \$14,260.00.
- b. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio, For an investigation of Role of Steric Factors in Organic Chemistry (to be known as Cleveland Ordnance District Project No. 645 - Modification #6 - Department of Chemistry).  
Gross Value - \$1,144.00.
- c. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio, For Study of Projective Planes (to be known as Cleveland Ordnance District Project No. 646 - Modification #8 - Department of Mathematics).  
Gross Value - \$1,916.00.
- d. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Thermometric Measurement of Tissue Blood Flow in Humans (to be known as National Institutes of Health Project No. 767 - Extension #3 - Department of Medicine).  
Gross Value - \$12,982.00.
- e. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio, For an investigation of Pure Rotation and Vibration-Rotation Spectra of Small Polyatomic Molecules in Region 15-40 Microns (to be known as Cleveland Ordnance District Project No. 841 - Modification #2 - Department of Physics).  
Gross Value - \$1,954.00.

March 11, 1960 meeting, Board of Trustees

Research Foundation Contracts (continued)

- f. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For an investigation of Spectroscopy of the Far Infrared Region (to be known as Air Force Cambridge Research Center Project No. 843 - Supplement #2 - Department of Physics).  
Gross Value - \$23,000.00.
- g. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Research Directed Toward Basic Information on Processes Caused by Collisions of Electrons and Molecules (to be known as Air Force Cambridge Research Center Project No. 883 - Supplement #2 - Department of Chemistry).  
Gross Value - \$16,645.00.
- h. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For Study of Nitrated Carbohydrates (to be known as Cleveland Ordnance District Project No. 901 - Modification #4 - Department of Chemistry).  
Gross Value - \$13,810.00.
- i. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Synthesis of Steroidal Alpha-diazoketones (to be known as National Institutes of Health Project No. 906 - Extension #1 - Department of Chemistry).  
Gross Value - \$11,212.00.
- j. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Plasma Proteins in Leukemias, Lymphomas and Related Diseases (to be known as National Institutes of Health Project No. 908 - Extension #1 - Department of Medicine).  
Gross Value - \$10,401.00.
- k. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Syntheses and Properties of Some Estrogen Analogs (to be known as National Institutes of Health Project No. 917 - Extension #1 - Department of Chemistry).  
Gross Value - \$4,600.00.

March 11, 1960 meeting, Board of Trustees

Research Foundation Contracts (continued)

- l. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Synthesis and Reactions of Diazocycloalkanes and Diazo Steroids (to be known as National Institutes of Health Project No. 918 - Extension #1 - Department of Chemistry).  
Gross Value - \$12,029.00.
- m. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For an investigation of New Semiconductor Devices (to be known as Wright Air Development Division Project No. 1042 - New - Department of Electrical Engineering).  
Gross Value - \$29,800.00.
- n. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For an investigation of Learning and Transfer of Motor Skills (to be known as Wright Air Development Division Project No. 1057 - New - Department of Psychology).  
Gross Value - \$15,000.00.
- o. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Analysis of Global and Special Gravity Measurements (to be known as Air Force Cambridge Research Center Project No. 1058 - New - Department of Geology).  
Gross Value - \$78,055.00.
- p. Commander, Rome Air Development Center, Air Research and Development Command, Griffiss Air Force Base, New York. For an investigation of High Gain Antenna Realization and Tracking Study (to be known as Rome Air Development Center Project No. 1072 - New - Department of Electrical Engineering).  
Gross Value - \$44,154.00.
- q. Commander, Rome Air Development Center, Griffiss Air Force Base, New York. For Study of Graphic Language (to be known as Rome Air Development Center Project No. 1074 - New - Department of Psychology).  
Gross Value - \$41,444.00.
- r. Commander, Rome Air Development Center, ARDC, Griffiss Air Force Base, New York. For an investigation of (UNCL) Radio Location Techniques (to be known as Rome Air Development Center Project No. 1075 - New - Department of Electrical Engineering).  
Gross Value - \$69,933.00.

March 11, 1960 meeting, Board of Trustees

Research Foundation Contracts (continued)

- s. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For Services in Support of Research on the Chemistry of Fuels and Propulsion (to be known as Wright Air Development Division Project No. 1077 - New - OSURF).  
Gross Value - \$120,000.00.
- t. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Study of Emission Spectra by Phase-discrimination Methods (to be known as Air Force Cambridge Research Center Project No. 1078 - New - Department of Physics).  
Gross Value - \$17,475.00.
- u. National Science Foundation, Washington 25, D. C. For an investigation of Infrared Spectra of Polyatomic Molecules (to be known as National Science Foundation Project No. 1079 - New - Department of Physics).  
Gross Value - \$52,500.00.

TOTAL - \$592,314.00

2. Industrial Contracts

- a. The Illuminating Engineering Research Institute, 1860 Broadway, New York 23, N. Y. For Development of Instruments for Studying the Illumination Requirements of the Visually Handicapped (to be known as The Illuminating Engineering Research Institute Project No. 885 - Extension #2 - Institute for Research in Vision).  
Gross Value - \$10,000.00.
- b. The Procter and Gamble Company, Ivorydale Technical Center, Cincinnati 17, Ohio. For Evaluation of Shampoo for Small Animals (to be known as The Procter and Gamble Company Project No. 1076 - New - Department of Veterinary Medicine).  
Gross Value - \$11,077.00.

TOTAL - \$21,077.00

The foregoing twenty-three contracts for research in cooperation with Government and Industry represent a gross income of \$613,391.00 for the month of March.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above contracts were unanimously approved.

March 11, 1960 meeting, Board of Trustees

General Contracts and Agreements (continued)

**B. Report of the Research Contracts from the Engineering Experiment Station**

The Engineering Experiment Station of The Ohio State University has entered into the following research contracts for the period July 1, 1959 through February 29, 1960. These research contracts are reported to the Board of Trustees for information and record.

**1. Government Research Projects**

EES-163 Toxic Effects of Metallic Wastes on the Bacterial and Biological Processes of Sewage Treatment, State of Ohio, Department of Health, Columbus 15, Ohio  
Gross Value - \$28,000.00.

EES-164 Development of Equipment and Methodology for Utilizing Nuclear Energy for Quality Control of Highway Materials. State of Ohio, Department of Highways, Columbus 15, Ohio,  
Gross Value - \$46,200.00.

EES-165 Continuation of Research on the Acid-Mine Drainage Problem. The Ohio State University, Natural Resources Institute, Columbus 15, Ohio.  
Gross Value - \$4,000.00.

EES-166 Study of the Reflective Properties of Traffic Signs. State of Ohio Department of Highways, Columbus 15, Ohio.  
Gross Value - \$3,885.00.

**TOTAL - \$82,085.00**

**2. Industrial Research Projects**

EES-105 Analysis of Trucking Company Operations. Suburban Motor Freight, Columbus, Ohio  
Gross Value - \$6,480.00.

EES-160 A Study of Conventional Anaerobic-Aerobic Waste Disposal Methods The Ohio Septic Tank Association, Columbus, Ohio  
Gross Value - \$2,000.00.

March 11, 1960 meeting, Board of Trustees

Engineering Experiment Station Contracts (continued)

- EES-161 Research in Glass Tank Refractories.  
The Charles Taylor's Sons Company, Cincinnati 14, Ohio  
Gross Value - \$3,519.00.
- EES-162 A Study of Positive Displacement Air Motors.  
Aro Equipment Corporation, Bryan, Ohio.  
Gross Value - \$14,121.00.
- EES-167 The Structure of Fibrous Crystals.  
Owens-Corning Fiberglas Corporation, Granville, Ohio  
Gross Value - \$24,000.00.
- EES-168 Research on Flue Lining Problems.  
Clay Flue Lining Institute, Pittsburgh, Pennsylvania  
Gross Value - \$17,023.00
- EES-169 Development of Accelerated Testing Procedures for  
Ceramic Cutting Tools.  
The Norton Company, Worcester 6, Massachusetts.  
Gross Value - \$12,104.00.

TOTAL - \$79,247.00

The foregoing eleven contracts for research in the Engineering Experiment Station represent a gross income of \$161,332.00.

Upon motion of Senator Bricker, seconded by Mr. Patton, it was unanimously agreed that the foregoing contracts from the Engineering Experiment Station be made a matter of record.

IV. GIFTS

A. Administered Through the Development Fund

\$1,000.00 for the Jeretta Ann Long Memorial Fund

Jeretta Ann Long Memorial Fund

Established February 15, 1960 by gifts through the Development Fund from family and friends of Jeretta Ann Long, in her memory.

The principal is to be invested under rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for research on leukemia in the College of Medicine at The Ohio State University.

In case the need for such research ceases to exist or so diminishes as to create unused income, then the income may be used by the Board of Trustees for any purpose in its discretion, preference to be given, however, to research in degenerative diseases.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the foregoing gifts were accepted by unanimous vote.

B. Report from The Ohio State University Development Fund

I wish to report that in January, 1960, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>Number of Gifts</u>	<u>Amount</u>
Alumni	496	\$ 26,209.47
Individuals, Other Than Alumni	141	4,047.61
Non-profit Organizations	58	49,248.96
Business Concerns	26	21,193.15
	<u>721</u>	<u>\$100,699.19</u>

Of these gifts, 351 totaling \$3,448.48 were undesignated and 370 totaling \$97,250.71 were designated.

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra Orders, Credit Orders and Extensions of Time to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds in each case is otherwise indicated:

A. Animal Research Facility, College of Medicine

It is recommended that an extension of time for the Laboratory Equipment Contract be granted from February 1, 1960, to June 30, 1960. The original bid for this contract was not accepted until December 11, 1959, and was not approved by the Attorney General until January 25, 1960. Therefore, the original completion date is unreasonable.

B. Brown Hall, Reconstruct Cornice and Gutters

It is recommended that the rotted wood plate under the roof rafters be replaced and a portion of the roof tile and metal flashing also be replaced. The need for this work was discovered in the course of the construction and was not covered by the specifications of the original contract.

Add     \$291.00

C. Institute of Vision and Building Materials Laboratory

Electrical Contract

It is recommended that the electrical work in Area "A" be omitted pending additional remodeling work being planned for this area in the near future.

Deduct   \$920.00

It is recommended that two hazardous electric panels in the area adjacent to the Institute of Vision be replaced. Add     \$443.00

Net deduction     \$477.00

These funds will be returned to G-2-T Institute of Research in Vision, H. B. 475.

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

D. Married Housing Project No. 1

Plumbing Contract

It is recommended that sheet metal attachments and sleeves with removable chrome covers be installed on 34 soil stacks in the two-bedroom apartments to provide for emergency clean-out of stacks, without cutting holes in plaster walls.

Add      \$248.00

Funds are provided for this project in Married Housing Project No. 1 Construction Account.

E. Redesign of Present Facilities, University Hospital

It is necessary to completely remodel the processing rooms Nos. 236 and 240 to provide the necessary facilities for the installation of the new X-Omat and related equipment for the processing of x-ray film for the Department of Radiology. The architect for equipment installation for this project, Louis F. Karlsberger, has completed the plans for this remodeling and it is now recommended that extra orders be approved for the work as follows:

General Contract	\$22,000.00
Plumbing Contract	2,033.00
Heating Contract	915.00
Electrical Contract	1,690.00
Total	<u>\$26,638.00</u>
Architect's fee	<u>\$ 2,500.00</u>

Funds for this work are available in Item 088 Improvements of Physical Plant, University Hospital, H. B. 1124.

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

F. University Hospital, North Wing Addition

Electrical Contract

It is recommended that lighting be provided for the Intermediate Machinery Floor Levels of the new Elevators 1N, 2N, 3N and 4N for maintenance and service operations.

Add      \$229.00

Plumbing Contract

It is recommended that the following changes be made:

1. In order to prevent the waste traps from drying out in the floor drains in the fresh air intake air stream, install a  $\frac{1}{2}$ " copper water line with valves and hangars.

Add      \$130.00

2. Move the upper parts of three plumbing vent stacks, D-12, D-13, and S-14 to keep them away from the fresh air inlet to the building.

Add      \$975.00

Total Addition \$1,105.00

G. College of Engineering, Classroom Office Facilities

Plumbing Contract

It is recommended that the fire hose cabinet in the first floor stair landing of the two-story appendage of the Journalism Building, which was incorporated into the E. E. Addition, be moved to permit a doorway to be cut into the existing wall.

Add      \$41.75

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

G. College of Engineering, Classroom Office Facilities (cont.)

Electrical Contract

It is recommended that the following changes be made:

1. Omission of all direct current plug-in power ducts in the 1st floor laboratories and the feed to a tap in a 3rd floor classroom.	<u>Deduct</u>	\$2,996.7'
2. In lieu of connecting starters for 2 motors not being moved from Don Scott Field as planned, connect one 125 H. P. vacuum pump motor.	<u>Deduct</u>	106.0'
	<u>Total deduction</u>	<u>\$3,102.7'</u>
3. Add a 34 ft. extension of the 480-volt plug-in buss duct feeder to serve certain equipment in the wind tunnel area.	<u>Add</u>	\$ 617.00
4. In addition to Item 3, a 200 amp. circuit is requested to be installed from the 480-volt buss duct to a junction box in the wind tunnel room for the future installation of a motor.	<u>Add</u>	156.00
5. Add 7 floor type telephone outlet devices at a cost of \$63.00, 13 12-volt service fittings on the floor duct system at a cost of \$152.75, and 17 covers for floor duct openings at a cost of \$277.44.	<u>Add</u>	493.1
6. Provide two additional telephone outlets including empty conduit instrument room and shop.	<u>Add</u>	262.0
7. Add switching for room lighting in two classrooms and one laboratory to enable partial illumination of the areas as needed.	<u>Add</u>	419.0
8. Through an error in the catalog material received during planning, 540 convenience outlets were provided for plugs with horizontal blades instead of conventional parallel blades. Since this was a special order, they cannot be returned for full credit.	<u>Add</u>	478.0
	<u>Total addition</u>	<u>\$2,426.1</u>
	<u>Net credit</u>	<u>\$ 676.0</u>

V. EXTRAS , CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

H. College of Arts, Addition to Chemistry Building

General Contract

On the original drawings, it was specified that the name "McPherson Annex" be placed over the main entrance in 8" aluminum letters. It has been decided that the name "Evans Laboratory of Chemistry" be used and because of the length of the name, it is necessary to use 6" aluminum letters.

Add            \$ 92.00

I. Numerical Computation Laboratory

Electrical Contract

It is recommended that in order to provide an adequate and efficient fire alarm system, one additional fire alarm gong and two fire alarm breakglass stations be added.

Add            \$265.00

J. University Hospital, North Wing Addition

General Contract

It is recommended that the following extras and credits be approved:

1. To better meet requirements on No. 5 elevator, install geared elevator with capacity of 4,000 lbs. at 300 F. P. M. rather than a gearless elevator with capacity of 4,000 lbs. at 500 F. P. M. which was specified.

Deduct            \$11,500.00

2. In order to use elevators 1, 2 1N and 2N for both passengers and wheeled vehicles, it is necessary to change door protection devices from Electronic Detector to Otis Monitor, which assures that the door will not start to close with any object interrupting the light beam.

Deduct            4,000.00

3. Install new type door operators on elevators 1 and 2 which are better adapted to operatorless operation.

Add            12,000.00

March 11, 1960 meeting, Board of Trustees

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

J. University Hospital, North Wing Addition

General Contract (cont.)

- |  |               |           |
|--|---------------|-----------|
| 4. Provide structural angle iron braces in the corners of the elevator hatchways, joining the existing reinforced concrete columns of the 1952 construction to the concrete beams in the 1950 construction immediately adjacent, on the first and second floor levels, and provide suitable fireproofing over these four braces. | <u>Add</u>    | \$ 304.92 |
| 5. Fixed length floor anchor in lieu of the adjustable type specified for fastening down hollow metal door frames, where the floor is at nominal level.  | <u>Deduct</u> | 225.00    |
| 6. In order to convert Room 102N into a gift shop, changes consisting of a glass and aluminum front and door, and aluminum guard rail and some modification of the masonry work and acoustic ceiling are required,   | <u>Add</u>    | 1,570.00  |
| 7. Revamp ceiling of Room 209N to provide for suspension of overhead X-ray equipment.  | <u>Add</u>    | 185.00    |
| 8. At request of College of Medicine, Room 212N was not converted from dark room to clerical office as provided in contract.   | <u>Deduct</u> | 477.00    |
| 9. Hatchway to improve accessibility to machinery of front lobby elevators.  | <u>Add</u>    | 441.00    |
| 10. Asphalt tile flooring in Rooms N622, N625, N631, N644, and N649 which was not included in contract.  | <u>Add</u>    | 793.48    |
| 11. Removal of portions of a parapet wall on east and north sides at second floor level, incidental to straightening up brickwork on existing building before continuing new work.   | <u>Add</u>    | 338.37    |

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

J. University Hospital, North Wing Addition

General Contract (cont.)

12. Trim color-glazed tile not used on the project.	Deduct	204.65
	Total Addition	<u>\$15,632.77</u>
	Net Deduction	<u>\$ 773.88</u>

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above extras, credits and extensions of time to contracts were unanimously approved.

VI. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs, and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bill of materials and estimates of cost for the following projects be approved by the Board of Trustees:

A. Repairs to Stadium Dormitories, Phase IV

This project is payable from funds, in the amount of \$116,000.00, transferred from the General University Fund as approved by the Board of Trustees at the December 11, 1959, meeting.

B. Remodeling McPherson Laboratory

This project is payable from Item 067 Remodel McPherson Laboratory, H. B. 1124, an appropriation in the amount of \$325,000.00.

C. Remodeling Robinson Laboratory

Funds for this project are provided in Item 072 Robinson Laboratory, H. B. 1124, an appropriation in the amount of \$806,300.00.

D. Site Improvement and Landscaping for 11th Avenue Residence Halls for Men, College of Dentistry, Health Center Research Laboratory and Arps Hall

This project is payable from Item 081 Improvements in Physical Plant, H. B. 1124, an appropriation in the amount of \$384,300.00.

E. Revised New Gas Service to East Campus

Bids were received for the project "New Gas Service to East Campus" on Tuesday, February 23, 1960, and upon the recommendation of the Council on Business Affairs, have been rejected because they were over the estimate of cost, and a new project initiated.

Funds are available in Item 075 Underground Utilities, H. B. 1124, an appropriation in the amount of \$277,000.00.

Upon motion of Mr. Ketner, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote and the Secretary was authorized and directed to sign the plans and specifications for the above listed projects for and on behalf of the Board of Trustees. Vice President Carson was directed to follow normal University procedure in advertising for bids. If any satisfactory bids are received, the Vice President shall recommend the award of contracts and report on this matter to the Board at a later meeting.

VIIA. CONTROLLING BOARD APPROVALS

Each numbered approval shown below accomplishes the following purposes:

- 131 Approved the release of \$41,220.00 in Item 081 Improvement of Existing Physical Plant, H. B. 1124, to provide funds for Electrical Distribution for Air Conditioning of Arps Hall, Administration and Agricultural Administration Buildings.
- 132 Consents to and approves of entering into an agreement with Ralph and Curl, Engineers, in an amount not to exceed \$8,355.48 for engineering services in connection with Remodeling McPherson Chemical Laboratory and releases such sum in Rotary A for this purpose.
- 134 Approves of the transfer of \$6,750.00 from Rotary A - G-2-G T Hangar Project, H. B. 831, to provide funds for the employment of Brown, Brubaker and Brandt, Columbus, Ohio, for complete architectural and engineering services for this project.
- 139 Consents to and approves of the release of \$101,200.00 in University Hospital, Item 088 Improvement of Existing Physical Plant, H. B. 1124, for ten small projects on which plans and specifications are currently being prepared.
- 141 Releases the sum of \$22,997.00 in Item 075 Additional Underground Utilities, H. B. 1124, to provide funds for the project Storm Sewer - Stadium Parking Lot.
- 145 Authorizes entering into a contract with the Fishel Company in the amount of \$3,135.00, without further competitive bidding and releases such sum in Item 075 Additional Underground Utilities, H. B. 1124, to provide funds for the contract extras.

VIIIB. EMERGENCY BOARD APPROVALS

- 14 Allocates and releases the sum of \$3,965.00 in Item 850 Capital Improvements, H. B. 1124, to provide funds for an extra order for the project College of Engineering--Classroom Office Building.
- 15 Authorizes the allocation of \$10,000.00 to provide funds for the processing of extra orders now in process and others anticipated to complete projects.
- 16 Releases and allocates the sum of \$2,797.41 in Item 850 Capital Improvements, H. B. 1124 to provide funds for adjusting architect's fees based on the net awards for the project Animal Research Facility--College of Medicine.

**VIII. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE**

**A. Withdrawal of Premium Reserve on Group Life Insurance**

It is recommended that Vice President Carson be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$80,000.00 from the dividend reserve on Group Life Insurance Policy No. 1305-G in order to make expenditures for the increased rates for supplemental retirement benefits to our emeriti effective August 1, 1959; for major medical coverage for emeriti effective July 1, 1959; and death benefits as approved by previous action of the Board of Trustees.

Upon motion of Mr. Rairdon, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

**B. Special Police Commission**

At the request of the Vice President, Business and Finance, it is recommended that Alva G. Dixon be given a police commission by the Board of Trustees under authority granted by Section 3345.04 of the Revised Code.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above recommendation was approved by unanimous vote.

**C. Extension of Engineers' Contract, Scholarship Dormitories**

It is recommended that the engineers for this project, Ralph and Curl, be requested to furnish engineering services for the following work, that their contracts be extended to cover these items and that their fees be based on the hourly rates of \$7.50 for a principal, \$6.00 for an engineer and \$4.50 for a draftsman.

1. Add the central monitoring of fire alarm systems for Phase II, III and IV and improve the lighting and lighting controls at all entrances and stair halls. This work will be an extension to the contract for Phase IV and the fee shall not exceed \$450.00.

2. On Phase III and Phase IV it is proposed to request the engineers to furnish personnel and instruments for the supervision and recording of temperatures, air quantities, RPM's and amperages in balances for the heating and ventilating system; and to witness and corroborate the results of any required adjustments in order to achieve the intent of the drawings and specifications. The fee shall not exceed \$500.00 for each phase.

Funds for this work are available in G-2-A Scholarship Dormitories, Phase IV, H. B. 831.

Upon motion of Mr. Loop, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

D. Employment of Architect, Addition to Fine Arts Building

It is recommended that the architectural firm of Crumley and Musson, Columbus, Ohio, be employed to perform complete architectural and engineering services for the project "Addition to Fine Arts Building" at a fee of six per cent of the first \$1,000,000.00 of the cost of construction and five and one-half per cent of the cost over this amount.

Funds are available for this project in Item 080 Addition to Fine Arts Building, H. B. 1124, in the amount of \$1,214,000.00.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

E. Demolition of Buildings

Upon request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that buildings located at 2105-2107-2109-2109½ Neil Avenue and Buildings 9 and 10 in the River Road Dormitory Area be demolished as soon as practical.

The demolition of the buildings will be advertised in the usual manner.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was unanimously approved.

F. Maintenance Building, University Golf Course

Because of the steel strike, the estimates for this project were found to be low and therefore have been revised in accordance with advice received from the Director of Public Works with concurrence of the Attorney General's office.

	<u>Estimate of Cost</u>
General Contract	\$ 20,000.00
Plumbing Contract	6,000.00
Storm Sewer and Drainage Contract	2,000.00
Electrical Contract	3,500.00

Upon motion of Senator Bricker, seconded by Mr. Allyn, the above estimates of cost were approved by unanimous roll call vote.

IX. RESOLUTIONS IN MEMORIAM

A. Edgar Nelson Transeau

The Board of Trustees expresses its sorrow at the death on January 26, 1960, of Edgar Nelson Transeau, Professor Emeritus of Botany.

Dr. Transeau was born in Williamsport, Pennsylvania, on October 21, 1875. He received the A. B. degree from Franklin and Marshall College in 1897 and did his graduate work at the Universities of Chicago and Michigan, receiving the Ph. D. degree from the latter institution in 1904.

Dr. Transeau spent most of his professional career in the service of The Ohio State University. After appointments as Professor of Biology at Alma College (1904-6), Investigator for the Carnegie Institution of Washington (1906-7), and Professor of Botany at Eastern Illinois State College (1907-15), he came to The Ohio State University as Professor of Botany in 1915. In 1918 he was appointed Chairman of the Department of Botany, a post which he held until his retirement in 1946.

Dr. Transeau's professional contributions were tripartite; he was a scientist, an educator, and an administrator. As Chairman, he guided the Department of Botany firmly along constructive lines for many years. Under his leadership the stature and reputation of the Department increased substantially. He was a man of broad vision, progressive ideas, and sound counsels. Although modest and unostentatious in manner, his constructive influences pervaded many areas of the University beyond his own Department, with salutary effects on educational policies and procedures.

Dr. Transeau was not a man who needed to become a narrow specialist in order to achieve stature in his profession. Widely regarded as one of the pioneer spirits in the development of the science of plant ecology in this country, he also contributed substantially to the fields of plant physiology and algology. A long list of contributions published in scientific journals is tangible evidence of his creative scientific activities. His last major scientific publication was a definitive monograph on the algal family, Zygnemataceae, published in 1951.

Dr. Transeau contributed to education in his discipline at all levels from high school to graduate school. He was one of the earliest advocates of beginning botany courses which would have a general educational as well as a technical scientific value and vigorously supported the development of such courses at The Ohio State University. He was the author or co-author of several textbooks and manuals of botany. Dr. Transeau personally developed the first effective courses in plant physiology and plant ecology to be taught at The Ohio State University. Although in later years he found it necessary to relinquish teaching plant physiology courses, he actively taught the courses in plant ecology until his retirement.

Dr. Transeau's teaching at the graduate student level was especially effective. More than seventy-five students obtained their Ph. D. degree during his incumbency of the Chairmanship of the Department. Many of these doctoral students were his personal advisees, and all of them came under his influence to a considerable degree. That the advancement of scientific knowledge was one of the most significant and honorable of human occupations was an unquestioned article of faith with him, and he helped imbue many graduate students with this viewpoint.

Dr. Transeau's achievements in the scientific and educational world have been deservedly recognized. He was awarded honorary Sc. D. degrees by Franklin and Marshall College in 1941 and by The Ohio State University in 1949. He was President of the Ohio Academy of Science in 1924, of the Ecological Society of America in 1924, and of the Botanical Society of America in 1940. He was also awarded a Certificate of Merit for "distinguished achievement in and contributions to the advancement of botanical science" by the Botanical Society of America in 1956.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

March 11, 1960 meeting, Board of Trustees

B. John Howell Janeway Upham

The Board of Trustees expresses its sorrow at the death on January 29, 1960, of John Howell Janeway Upham, Dean Emeritus of the College of Medicine.

With the passing of Dr. Upham, there came to an end the life of a gentleman, a great physician, and a medical educator, whose career spanned the most important and significant eighty-nine years of medical progress in recorded history. Born on August 12, 1871, in Trenton, New Jersey, Dr. Upham was ready at the turn of this century to begin the study of medicine at the University of Pennsylvania and later at the Johns Hopkins University School of Medicine under the leaders of American medicine of that day, including the late Sir William Osler. Following this introduction to the best in medicine in this country, he continued his medical studies abroad at the University Medical Centers in Prague, Leipsic and Berlin.

Dr. Upham returned to Columbus in 1896, where he began the practice of medicine. Within the year he began his association as a teacher with the Starling Medical College, continuing his association on the Faculty of the Starling-Ohio Medical College, which in 1914 became the College of Medicine of The Ohio State University. He served as Professor and Chairman of the Department of Internal Medicine until 1927, when he was asked to assume the Deanship of the College of Medicine, in which capacity he served for fourteen years until his retirement as Dean Emeritus in 1941. This was a crucial and essential period of preparation for the post World War II fulfillment of the dream of this medical faculty to grow, expand, and evolve into a University Health Center which might hope to meet the new opportunities and challenges of the mid-twentieth century.

It was in 1930 that the first steps were taken, with Dean Upham recommending the creation of a new Department of Medical and Surgical Research within the College of Medicine, to supplement and augment the teaching programs already well established. He took real personal pride in this forward step and encouraged the growth and development of this phase of the work of the College in every possible way.

In the meantime he had developed a strong personal interest in organized medicine in this country, and from the leadership which he exerted in the Columbus Academy of Medicine, he was honored with the Presidency of the Ohio State Medical Association in 1914-15 and became a member of the Judicial Council of the AMA in 1922. He served as a Trustee of the American Medical Association from 1923-35, acting as

March 11, 1960 meeting, Board of Trustees

Chairman of the Board during the last two years of this period. His active interest and participation in the affairs of the American Medical Association were recognized and rewarded by his election to the Presidency of the AMA in 1937-38. Throughout his service at the national level, Dr. Upham exerted his influence on both medical education and medical practice in this country.

Dr. Upham served as Editor of the Ohio State Medical Journal from 1907 to 1913. He was one of the early members of the National Board of Medical Examiners, was a past President of the Ohio Hospital Association, and served for a time as President of the National Planned Parenthood Federation. He was one of the charter members of the Blue Cross Insurance Plan, as it was introduced both locally and nationally, and maintained a deep personal interest in its development and expansion through the years. He was a member of the Advisory Board of the American Red Cross during the war years.

But of all Dr. Upham's wide medical interests and contributions to medicine and things medical, his greatest pride and constant concern and interest throughout his life was his teaching career and his relationship during the critical formative years to the College of Medicine at The Ohio State University. He helped to lay the foundations upon which the present program has been built and is currently being expanded. Without his foresight during the depression years and the preparations which were made for the full realization of the ideals of himself and his faculty at the end of World War II, it is doubtful whether the present facilities in this University would have come as promptly and as effectively. Dr. Upham lived through and personally influenced the great developments in medical science which have come largely within his lifetime.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

March 11, 1960 meeting, Board of Trustees

C. Robert Daniel Williams

The Board of Trustees expresses its sorrow at the death on February 12, 1960, of Robert Daniel Williams, Professor Emeritus of Psychology.

Dr. Williams was born in Wales in 1876, but was educated in the United States. After attending the Grammar School of Racine College, he entered Princeton University, from which he received the Bachelor's Degree in 1903 and the Master's Degree the following year. From 1904 to 1906 he was a University Fellow at Johns Hopkins University, where he worked with the famous psychologist, J. Mark Baldwin. From 1906 to 1916, with the exception of one year when he held a fellowship at the University of Chicago, he was employed at Morgan College, Baltimore, Maryland.

In 1917 he became an instructor in philosophy at The Ohio State University; he received the Ph. D. Degree from this University the same year. He taught in the Department of Philosophy as an instructor and assistant professor until 1922, when he moved to the Department of Psychology as an associate professor. In 1933 he was promoted to professor. He continued to teach in this Department until he reached the compulsory retirement age in 1946.

Dr. Williams was an insatiable student; nearly every quarter he audited a course taught by a friend in some other department. In this way, he covered practically all the courses in mathematics, most of those in physics, and many in biology. This extensive study, plus his formal training in philosophy, made him unusually well-equipped for teaching the history and theory of psychology.

He was the author of a number of articles in professional journals dealing with color vision, Gestalt psychology, and other topics. He was joint author (with Roger M. Bellows) of Background of Contemporary Psychology. He was primarily a teacher, and it was in the classroom that he derived his greatest satisfaction and made his most important contributions. Advanced students in psychology who worked with him found him a stimulating teacher who was generous with his time.

March 11, 1960 meeting, Board of Trustees

During the Second World War, he taught in the United States Navy Recognition School on the Ohio State campus. The students here found his teaching of the principles of vision highly effective, and, as an expression of appreciation, presented a medal to him.

Following his retirement from Ohio State, he taught at Franklin University in Columbus until 1955, when an accidental injury made it impossible for him to get to the classroom. Here he taught beginners rather than advanced students as he had done at Ohio State, but he was equally effective with them. At Franklin University he made many friends who kept in touch with him through his later years.

While most of those who were closely associated with Dr. Williams in the University have gone, those who are still here remember him as a dedicated teacher, a kind, sensitive person, and a good friend.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

**X. REPORT OF THE FINANCE COMMITTEE**

**Re: East Addition to Baker Hall and Fourth Unit of 11th Avenue  
Residence Halls for Men**

Mr. Patton presented the following report and recommendation of the Finance Committee:

On September 3, 1957, the Board of Trustees authorized a transfer of \$30,000.00 for architectural and engineering services for the project "East Addition to Baker Hall and Fourth Unit of 11th Avenue Residence Halls for Men" from the General University Fund to G-2-E East Addition to Baker Hall and the Fourth Unit of Eleventh Avenue Residence Halls for Men, H. B. 475. This resolution should read that these funds be "appropriated and transferred."

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the above recommendation that the action of the Board of Trustees be amended was unanimously approved upon roll call vote.

**REPORT OF THE INVESTMENT COMMITTEE**

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the Board of Trustees by unanimous vote ratified and approved the Report of the Investment Committee.

This report is identified as "Exhibit A-Investment Pool - February 29, 1960" and is to be retained by the Secretary of the Board as an official document of the Board.

March 11, 1960 meeting, Board of Trustees

Report on Conference with Representatives of the Evangelical and Reformed Church and the Congregational Christian Church

Senator Bricker reported that as a representative of the Board of Trustees, he conferred with representatives of two church groups, the Evangelical and Reformed and the Congregational Christian, and the University administration in the President's Office on March 9 concerning the acquisition of property owned by the two churches located on West Eleventh Avenue.

He reported that the two church groups are now united, and that they had planned to build a religious center on the Eleventh Avenue site. Their appeal was that since they had planned to build on this site adjacent to the campus, the University might trade lots which it would acquire for the lots now owned by the churches. When it was explained that this could not be done without the approval of the Legislature, the representatives of the churches asked for advice concerning the location of a site which might be safe from University acquisition and yet be located on the fringe of the campus.

In conclusion it was agreed that the University must acquire the lots now owned by the churches; and that the officers of the University would give wholehearted cooperation to the churches, insofar as it is legally possible, in the selection of a suitable site for their religious center. It was also agreed that the University might offer space to the churches at a nominal rent for an interim period.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the Board of Trustees by unanimous vote agreed to hold the June meeting of the Board on Saturday, June 11, 1960 at 10:00 A. M.

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
NINE HUNDRED AND FORTY-SEVENTH MEETING  
OF THE BOARD OF TRUSTEES

Columbus, Ohio, April 8, 1960

The Board of Trustees met at the University on April 8, 1960, pursuant to adjournment.

Present: Judge Robert N. Gorman, Chairman, Stanley C. Allyn, Senator John W. Bricker, Forrest G. Ketner, Smith L. Rairdon and Alan B. Loop.

\* \* \*

The minutes of the last meeting were approved.

\* \* \*

The Chairman called upon Trustees Rairdon and Loop to report their impressions of the NCAA Basketball Tournament which was won by The Ohio State University team at San Francisco on March 18 and 19, 1960. Messrs. Rairdon and Loop were in California on business trips and had an opportunity to witness the NCAA Tournament.

Mr. Rairdon reported that not only was the athletic performance impressive, but the representative group from our University was very high-grade. He stated that he was particularly pleased with the impression our team and the coaches made upon the people of California, and with the fact that there was so much talk about the scholarship records of the members of the team.

Mr. Loop reported that he too was gratified with the excellent manner in which the team and the coaches conducted themselves both on and off the basketball floor and, that he believed The Ohio State University's reputation was greatly enhanced by the actions of this team.

April 8, 1960 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. School of Social Administration - Change in Name and Degree

The Faculty Council on March 8, 1960, supported the recommendation of the School of Social Administration that its name be changed to the School of Social Work, and that the baccalaureate degree awarded be changed from Bachelor of Science in Social Administration to Bachelor of Science in Social Welfare. Social Work is the title of the profession for which students in the School are prepared with social administration representing only one phase of its activity. The undergraduate program is a broad, general educational curriculum with content of social welfare courses.

I therefore recommend that these changes, which will make the title and degree more meaningful, be approved by the Board of Trustees.

B. Revision of Rules for the University Faculty - Council on Research

The Mershon Committee on Education in National Security has expressed its desire to seek a close coordination of its research activities with those carried on under other sponsorship. Therefore, the Council on Research has recommended and the Faculty Council has approved, March 8, 1960, a revision of Rule 29.2707, Council on Research, which would include the Chairman, Mershon Committee on Education in National Security, as an ex-officio member of the Council on Research. The text of the rule would be changed as follows:

1. The first line of Section 1 would be revised to read:  
The Council on Research shall consist of fifteen members chosen as follows:
2. Section 1b would be revised to read:
  - b. Ex-officio members. The following seven ex-officio members shall serve on the Council: the Dean of the Graduate School; the Director of the Agricultural Experiment Station; the Director of Engineering Experiment Station; the Executive Director of the Research Foundation; the Associate Executive Director of The Ohio State University Development; the Chairman, Mershon Committee on Education in National Security; and the Director of Libraries.

April 8, 1960 meeting, Board of Trustees

GENERAL RECOMMENDATIONS (continued)

B. Revision of Rules for the University Faculty - Council on Research  
(cont.)

I recommend that these changes in the Rules for the University Faculty be approved.

C. Distinguished Service Awards

Upon the recommendation of the Committee on Distinguished Service Awards, I present the following names of persons to receive this honor at the June 1960 Commencement:

Charles G. Bond  
Carlton S. Dargusch  
Leo L. Rummell  
Eugene J. Weigel

D. Program in Educational Administration

On March 8, 1960, the Faculty Council approved the recommendation of the Council on Instruction and the Department of Education that there be established a one-year post-master's program of graduate professional study in school administration leading to a certificate, Specialist in Educational Administration. The professional preparation for positions of leadership in educational administration is approaching a minimum of two years beyond the baccalaureate degree. This program will meet the needs of those wishing the additional organized graduate study but who do not contemplate a doctoral degree.

I therefore recommend that the Board of Trustees approve this graduate program and the awarding of the certificate, Specialist in Educational Administration.

E. Joseph Sullivant Medal Award

The Joseph Sullivant Medal is awarded once every five years in recognition of a notable achievement on the part of an alumnus or faculty member. The Board of Award has carefully reviewed the records of those nominated by the Graduate Council and has recommended that James Finney Lincoln be the recipient of the medal.

I therefore recommend that the Board of Trustees approve this recommendation and that the medal be awarded to Mr. Lincoln at the June 10, 1960 Commencement or at one of the Commencements of the year 1960-61.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the above general recommendations were approved by unanimous vote.

GENERAL RECOMMENDATIONS (continued)

F. Campus Planning Study

The Board of Trustees on April 11, 1958, authorized the employment of Caudill, Rowlett, and Scott to perform professional services with respect to the analysis of our campus planning problems and the development and study of alternative solutions to the various components of our total problem. A printed report of the work done under the contract authorized on April 11, 1958, was presented to the Board of Trustees at its meeting on September 7, 1959, and was explained in detail to the Board of Trustees by representatives of Caudill, Rowlett, and Scott about one month later.

Operating within a general framework established by the Office of Campus Planning, the administration, the faculty, and various student groups studied the Phase 1 report by Caudill, Rowlett, and Scott and submitted extensive criticisms and counterproposals. These responses have been carefully reviewed in formulating policy statements in answer to the major questions raised by Caudill, Rowlett, and Scott in their Phase 1 report.

The attached memorandum summarizes these policy statements as finally formulated after review with the members of the Campus Planning Advisory Board and the Cabinet, and I recommend that it be approved by the Board of Trustees as a basis for Stages 2 and 3 of the campus planning study as outlined in the minutes of April 11, 1958.

It is further recommended that the President be authorized to arrange for the employment of Caudill, Rowlett, and Scott for the completion of Stages 2 and 3 of the campus planning study, the fee to be paid from the \$40,000.00 appropriation in Item 066, Campus Master Plan Study, H. B. 1124, the terms of the contract of employment to be reported to the Board of Trustees for approval prior to execution.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above general recommendation was approved by roll call vote.

GENERAL RECOMMENDATIONS (continued)

G. Establishment of Branch Campus at Lima

Under date of May 13, 1957, the Board of Trustees of The Ohio State University approved the policy of establishing branch campuses of The Ohio State University in the spirit of helping to find answers to Ohio's growing need for educational opportunities for its intellectually competent young people. Two campuses were established in the cities of Marion and Newark, effective with the opening of the Autumn Quarter, 1957, and the Mansfield campus opened Autumn Quarter, 1958.

The City of Lima, which has been under study as a branch site, has met all major conditions requested by this University and has agreed to (1) provide \$20,000.00 to bring the laboratories and library up to our standards, (2) underwrite any loss up to \$10,000.00 which may be incurred during the first year of operation, and (3) provide a minimum of thirty scholarships on a continuing basis.

After a careful analysis of the feasibility of establishing a fourth branch of this institution, the Council on Off-Campus Education unanimously approved the following motion:

"It is now recommended that, subject to satisfactory negotiations, a fourth branch campus be established in the City of Lima, Ohio, effective with the opening of the Autumn Quarter, 1960, with a program of instruction consisting primarily of basic courses required for the first two years of standard college work."

It is therefore recommended that the above action of the Council on Off-Campus Education be approved and that the President be authorized to proceed with negotiations for establishing a Lima branch campus.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above general recommendation was unanimously approved by roll call vote.

## II. PERSONNEL CHANGES

In addition to the regular personnel changes included in the Minutes, the following significant Appointments and Leaves of Absence without Salary are recommended:

### A. Graduate School - Appointment of Dr. Robert D. Patton

Robert D. Patton, Professor of Economics, appointed to the position, Editor of the Journal of Higher Education on a part-time basis at the annual salary of \$4,680.00, effective July 1, 1960.

### B. Office of University Relations - Appointment of Dr. Robert V. Esmond

Robert V. Esmond, appointed as Assistant Director, University Relations, at an annual salary of \$10,068.00 effective April 16, 1960.

### A. Leaves of Absence Without Salary

1. Clyde C. Allison, Professor, Department of Botany and Plant Pathology, for the period from June 1 through September 30, 1960, to accept appointment as a Fulbright Lecturer at the University College of Southern Rhodesia and Nyasaland.
2. William A. Drake, Instructor, Department of Photography, for the period from April 24 through June 4, 1960, to act as a medical photographer for a nutrition survey research group going to Chile, South America. This service was requested by the Inter-departmental Commission for Nutrition in National Defense of the Defense Department and the Public Health Service.
3. Elliot L. Whitaker, Director of the School of Architecture and Landscape Architecture, for the period from July 1, 1960, to October 1, 1961, to serve as Dean of Architecture in the new Middle East Technical University at Ankara, Turkey. This is to be a temporary position to develop a professional course of studies in architecture and establish policy in this field consistent with the principles of the American land-grant institutions upon which this new university is being established.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the personnel changes were unanimously approved by roll call vote.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation (cont.)

The foregoing twenty-three contracts for research in cooperation with Government, Industry, and Other represent a gross income of \$580,650.26.

Upon motion of Mr. Rairdon, seconded by Senator Bricker, the above contracts were unanimously approved.

B. The Report of the Research Contracts from the  
Engineering Experiment Station

The Engineering Experiment Station of The Ohio State University has entered into the following research contracts for the period of February 27, 1960, to March 29, 1960. These research contracts are reported to the Board of Trustees for information and record.

1. Government Research Projects

EES-170- Analysis of Continuous Skewed Slab Bridge Structures,  
State of Ohio, Department of Highways,  
Columbus 15, Ohio.  
Gross Value - \$58,695.00.

EES-171-A Financial Report for the Ohio Highway Needs Study,  
State of Ohio, Department of Highways,  
Columbus 15, Ohio.  
Gross Value - \$49,980.00.

The foregoing two contracts for research in the Engineering Experiment Station represent a gross income of \$108,675.00.

C. The Ohio State University and the  
United States Atomic Energy Commission

It is recommended that the President be authorized to sign a supplemental agreement between The Ohio State University and the United States Atomic Energy Commission for the following purposes: a) to extend the original agreement for an additional year from January 1, 1960, through December 31, 1960; b) to provide for a second summer institute on campus for high school science teachers; and c) to provide additional funds in the amount of \$19,600.00 from the Atomic Energy Commission to be paid to The Ohio State University.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

IV. GIFTS

A. Administered Through the Development Fund

\$3,000.00 for the Harry Kaplan Endowment Fund

Harry Kaplan Endowment Fund

This Fund was established March 7, 1960, by a gift through the Development Fund from Jack S. Resler, B.Sc. '25, in honor of Rabbi Harry Kaplan, Director of B'nai B'rith Hillel Foundation at The Ohio State University.

The principal shall be invested in accordance with Sec. 3335.12 G. C., the income to be used for an annual award to that student at The Ohio State University who has been out-standing in inter-faith or inter-cultural activities on the campus. Nominations are to be made by the University Advisory Board for Religious Affairs to the University Scholarships and Loans Committee, which shall make the awards.

Should the need for such awards cease to exist or so diminish as to create unused income, then the Board of Trustees of the University shall use said income in its discretion, preference to be given, however, to some phase of student religious activities.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the foregoing gift was accepted by unanimous vote.

B. Report from The Ohio State University Development Fund

I wish to report that in February, 1960, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	225	\$ 6,793.98
Individuals, Other Than Alumni	32	597.00
Non-Profit Organizations	25	23,143.00
Business Concerns	22	40,731.86
	<u>304</u>	<u>\$ 71,265.84</u>

Of these gifts, 87 totaling \$2,831.55 were undesignated and 217 totaling \$68,434.29 were designated for specific projects.

V. APPROPRIATION AND TRANSFER OF FUNDS

A. Transfer of Funds - Home Economics

Upon the request of the Director of the School of Home Economics and with the concurrence of the Acting Dean of the College of Agriculture and Home Economics, I recommend that the sum of \$12,000.00 be transferred from Pomerene Refectory Rotary 16228 to the School of Home Economics Rotary 16211.

Upon motion of Mr. Ketner, seconded by Mr. Loop, the above transfer of funds was unanimously approved by roll call vote.

B. Annual Recognition Dinner - May 5, 1960

Upon the request of the Committee on Recognitions, it is recommended that the Annual Recognition Dinner given by the Board of Trustees be held on Thursday, May 5, 1960, at 6:15 p. m. in the Ohio Union, and that a sum not to exceed \$3,000.00 be appropriated from Rotary 4002 to cover the expenses.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above appropriation of funds was unanimously approved by roll call vote.

VL EXTRAS, CREDITS, AND EXTENSIONS OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra Orders, Credit Orders and Extensions of Time to Contracts, as outlined below, be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds in each case is otherwise indicated:

A. 11th Avenue Residence Halls for Men, Building No. 4

The Wage Rates set up in the Contract documents do not include rates for apprentice workers. The Housing and Home Finance Agency has asked that rates for apprentice workers in the bricklayers' and carpenters' trades, as established by the Department of Industrial Relations, be incorporated in the Contract by a Change Order. These rates effect no change in the contract cost and it is, therefore, recommended that they be made a part of the contract.

B. Married Housing No. 1

General Contract

It is recommended that ornamental metal work guard rails be used in lieu of two-inch solid plaster guard rails with wood trim in the halls at the top of the stairways in all two-bedroom apartments. The plaster rails are not rigid enough for safety and permanence. Add \$509.00

Funds for this contract are provided in the Married Housing No. 1 Construction Account.

C. College of Dentistry, Addition to Building

Heating and Ventilating Contract

It is recommended that the pipe and duct shafts be sealed with heavy galvanized sheet iron at the mechanical rooms on the ground floor, in the penthouses, and at certain drinking fountain enclosures. This is a safety measure to prevent the spread of fire and smoke and is required under the new State Code which was not in effect when the specifications were written. Add \$735.00

Funds for this extra order will be provided from the College of Dentistry Rotary.

VI. EXTRAS, CREDITS, AND EXTENSIONS OF TIME TO CONTRACTS

D. Reactor Building

General Contract

It is recommended that the Site Improvement work be done at this time, including grading, seeding, paving, and fence construction as originally specified as an alternate on the bidding documents, except that all fence work shall be new material and the present fence around the Van de Graaff Laboratory will be left in place. Both the Van de Graaff Laboratory and the Nuclear Reactor involve radiation hazards.

Add      \$6,880.00

E. Animal Science Building and Plumb Hall Remodeling

Plumbing Contract

It is recommended that one hose bibb be installed to the cold water line under the cabinet sink in each of Rooms 116 and 117, and two hot and cold mixing faucets with hose connections be installed in Room 114 as requested by the Department of Animal Science.

Add      \$ 160.00

Electrical Contract

It is recommended that the existing fire alarm system in Plumb Hall be replaced with a new fire alarm system complying with the State Code and comparable with those in the new buildings. The existing system is combined with the class bells and has only one sending station for alarms.

Add      \$3,347.00

F. Storm Sewer--Stadium Parking Lot

It is recommended that C. G. Jackson, Inc., be granted an extension of time for completion of his contract from March 31, 1960, to April 30, 1960, because his contract was delayed unexpectedly due to the inclement weather this year.

VI. EXTRAS, CREDITS, AND EXTENSIONS OF TIME TO CONTRACTS

G. Animal Research Facility

General Contract

It is necessary to leave a large opening in the building wall to provide for bringing in a proposed altitude chamber in the near future but after the present contracts are completed. It is, therefore, recommended that a temporary plywood barricade be constructed over the opening. This will require the contractor to incur extra expense to bring back materials, men, and equipment at a later date to finish the wall.

Add     \$ 400.00

Heating and Ventilating Contract

It is recommended that certain heating work be completed at a later date after the altitude chamber has been installed. This will involve extra cost for handling and storing materials and retooling the job.

Add     \$ 80.00

H. Institute of Vision and Building Materials Laboratory

General Contract

It is recommended that the following changes be made on this contract:

1. Omission of double channel studs extending to the roof construction to brace the partitions because the bracing effect of the ceilings renders them unnecessary.  
Deduct \$50.00
2. Omission of paint on walls and ceilings in Area A because of additional work planned for this area in the near future.  
Deduct \$402.00.
3. Enlarge the double doors from the Building Materials Laboratory to the corridor between the Institute and the Numerical Computation Laboratory to permit the entry of a new transformer and other large equipment.  
Add \$255.00.

Net Credit     \$ 197.00

VI. EXTRAS, CREDITS, AND EXTENSIONS OF TIME TO CONTRACTS

H. Institute of Vision and Building Materials Laboratory (cont.)

Heating and Ventilating Contract

It is recommended that the heating and ventilating work in Area "A" where additional remodeling work is being planned for the near future be omitted and included in the second phase of this project.

Deduct    \$1,017.00

Bridge Crane Contract

It is recommended that a 440-volt, 15 H. P. motor and other necessary parts be supplied in exchange for the 220-volt motor and parts for the Bridge Crane. The Crane was specified for 220-volt current through an error in the original program information

Add        \$ 330.00

Electrical Contract

It is recommended that the electrical contractor be requested to remove existing 220-volt, 15 H. P. motor from the Bridge Crane and install the 440-volt motor, adjust two other motors for 440 current and do all the other necessary wiring and connecting as a result of the change described above. Add \$550.00.

Approval by previous action of the Board of a credit for this contract. Credit \$477.00    Net addition    \$ 73.00

I. Maintenance Building, University Golf Course

Plumbing Contract

It is recommended that the water line layout be changed by terminating the four-inch water line, adding a four-inch valve and a fire hydrant at the Service Road near the building and continuing with a one-inch water line from the four-inch termination point into the Maintenance Building. A one one-inch valve for this line and a water meter inside the building will also be added.

Add        \$1,200.00

Funds for this project are supplied by the Athletic Department Rotary. Upon motion of Mr. Rairdon, seconded by Mr. Ketner, the above extras, credits and extensions of time to contracts were unanimously approved.

VII. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs, and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bill of materials, and estimates of cost for the following project be approved by the Board of Trustees:

A. Pomerene Refectory Kitchen Rehabilitation and Expansion

Funds for this project have been provided in Item 071 Pomerene Refectory Kitchen, Rehabilitation and Expansion, H. B. 1124, in the amount of \$218,000.00.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above listed project for and on behalf of the Board of Trustees. Vice President Carson was directed to follow normal University procedure in advertising for bids. If any satisfactory bids are received, the Vice President shall recommend the award of contracts and report on this matter to the Board at a later meeting.

X. MISCELLANEOUS - FROM OFFICE OF BUSINESS AND FINANCE

A. Law Center Building, Employment of Consulting Engineers

It is recommended that the engineering firm of Bird and Tietzel, Columbus, Ohio, be employed to perform the following services for the Law Center Building project:

1. Make property survey.
2. Make detailed topography survey.
3. Prepare topographic drawing of site, including locations of sewers, water, gas, and elevations of adjacent walks, curbs, gutters, streets, and alleys.
4. Provide legal description of the property.

This service will be provided at the usual fee of \$75.00 per day for a principal, \$50.00 per day for an engineer, and \$4.50 per hour for a draftsman. The fee shall not exceed \$450.00 for this work.

Funds are available in G-2-F Law Center Building, H. B. 831, for this project.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

B. Veterinary Clinical Unit Building, Employment of Consulting Engineers

It is recommended that the engineering firm of Bird and Tietzel, Columbus, Ohio, be employed to provide certain topographical data and to mark the location of test holes at the site of this building.

This service will be provided at the usual fee of \$75.00 per day for a principal, \$50.00 per day for an engineer, and \$4.50 per hour for a draftsman. The fee shall not exceed \$150.00 for this service.

Funds are available in Item 065 Veterinary Clinical Unit Building, College of Veterinary Medicine, H. B. 1124, for this project.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

Miscellaneous - from Office of Business and Finance (continued)

C. Married Housing Project No. 2, Employment of Consulting Engineers

It is recommended that the engineering firm of Bird and Tietzel, Columbus, Ohio, be employed to provide certain topographical data, to extend the base line and mark the location of test holes at the site of the project.

This service will be provided at the usual fee of \$75.00 per day for a principal, \$50.00 per day for an engineer, and \$4.50 per hour for a draftsman. The fee shall not exceed \$400.00 for this service.

Funds are available in Married Housing Project No 2 Construction Account for this project.

Upon motion of Mr. Allyn, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

D. Purchase of Building and Property, 82 West Tenth Avenue

It is recommended that the Vice President, Business and Finance, be authorized to proceed with the purchase of the following property from the June Watson Estate at a price of \$17,500.00:

Property known as 82 West Tenth Avenue, being  
Lot #31, of College Place Addition, City of Columbus,  
County of Franklin, State of Ohio.

Funds are available in Item 077, Land Purchases, H. B. 1124.

Upon motion of Senator Bricker, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

E. Demolition of Buildings

Upon the request of the Vice President, Business and Finance, and with the concurrence of the Cabinet, it is recommended that the temporary married student housing buildings designated as 582 Hess Road; 2596, 2599, 2617, and 2638 Clermont Drive; 580 and 569 Trumbull Road; 564, 565, 584, and 587 Huron Street; 505 Gallia Street; 2590, 2591, 2606, 2624, and 2631 Holmes Drive; 2580, 2581, 2594, 2595, 2599, 2604, 2605, 2616, 2617 Putnam Drive; and 2638 Knox Street be demolished as soon as practical.

The demolition of the buildings will be advertised in the usual manner.

Upon motion of Mr. Allyn, seconded by Senator Bricker, the above recommendation was unanimously approved.

April 8, 1960 meeting, Board of Trustees

Miscellaneous - from Office of Business and Finance (continued)

F. "F" Dormitory for Women, Employment of Structural Engineer

It is recommended that the engineering firm of Russel S. Fling, Columbus, Ohio, be employed to prepare the drawings, specifications, and other necessary services required in the design of the structural system for the project "F" Dormitory for Women.

The fee for this service will be .5% of the actual construction cost of the General Contract, estimated at \$1,320,440.00, or approximately \$6,602.20. This fee is standard in the profession and has been approved by the Director of Public Works.

Funds for this service will be advanced from the General University Fund to be repaid when financing for the dormitories is arranged.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was unanimously approved by roll call vote, and the transfer of necessary funds for the contract from the General University Fund to an appropriate building account was authorized.

G. Replacement of Sidewalks, High Street from 11th Avenue to 15th Avenue

The University has proposed the replacement of the badly deteriorated brick walk on the west side of High Street from 11th to 15th Avenues at University expense. In the meantime, the City of Columbus has proposed the widening of High Street in the same area by a distance of 6 feet west of the present curb line, thus leaving 2 feet 6 inches from the back of the proposed curb to the west right-of-way line of High Street for utility poles, etc., on the public right-of-way.

The University and the City now agree that the University's new sidewalk shall begin at the back of the new curb line and extend 15 feet to the west (walk width to be 15 feet). The widening of High Street and all work pertaining to it, including curbs, will be done at the expense of the City of Columbus. The construction of the sidewalk and the conforming of the existing connecting walks to the new elevations will be at University expense.

It is recommended that the Board of Trustees approve the above-described sidewalk project and that the Vice President, Business and Finance, be authorized to take bids on the University's portion thereof and establish a working agreement with the City of Columbus, so that the two projects can proceed smoothly with proper coordination. There is to be no encroachment upon University property.

Funds for this work are available in Item 074 New Roads, Sidewalks and Pedestrian Bridge, H. B. 1124.

Upon motion of Mr. Rairdon, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote.

April 8, 1960 meeting, Board of Trustees

Miscellaneous - from Office of Business and Finance (continued)

H. Addition to Optometry Building

Notice has been received from the Department of Health, Education and Welfare, National Institutes of Health, that a grant of \$32,900.00 has been made to the University for completion of the Research Facilities in the Optometry Building. Estimates have been received from the four contractors on this project in the amount of \$43,174.00 to provide the additional facilities. Other funds will be required for architect's fees and other miscellaneous expenses requiring a total outlay estimated at \$46,000.00.

The consulting architect is now engaged in a study of these proposals to determine the validity of the estimates.

Since this project should proceed at the earliest possible date, it is recommended that the Vice President, Business and Finance, be authorized to negotiate further in order to obtain the best price possible and that an amount not to exceed \$14,000.00 be appropriated from the General University Fund to supplement the Government grant.

Upon motion of Mr. Ketner, seconded by Mr. Loop, the above recommendation was unanimously approved by roll call vote.

XI. RESOLUTION IN MEMORIAM

Bruce Kenneth Wiseman

The Board of Trustees expresses its sorrow at the death on March 15, 1960, of Dr. Bruce Kenneth Wiseman, Professor of Medicine. In the passing of Dr. Wiseman, Chairman of the Department of Medicine for the past fifteen years, this University, and the College of Medicine in particular, feels the loss of one who was a most loyal and faithful leader for a period covering almost a third of a century. Suddenly and without warning in the early afternoon of March 3rd, while in apparent full health and vigor and in conference with his colleagues, Dr. Wiseman was struck down at his own desk by a massive cerebral hemorrhage from which he never recovered consciousness. Death intervened at noon on March 15. It is not given to everyone to thus end his life's mission doing the things he most loves and desires in unselfish service for his fellow men.

Born in South Bend, Indiana, just before the turn of the century, Dr. Wiseman first received a taste of the research to which he was later to devote his life in the basic chemical and pharmacological laboratories of the Eli Lilly Company in Indianapolis. Inspired by the tremendous challenge of the then beginning upsurge in the bio-chemical, biologic developments exemplified in the discovery of the therapeutic value of liver and liver extracts in the control of pernicious anemia, and given strong encouragement by his employers and by his loving wife, he determined to prepare himself for a career in medicine.

Leaving his well-established research position with the Eli Lilly Company, he went back to college and then to the University of Indiana School of Medicine, where he was graduated in 1928 at the head of his class, receiving the Ravdin Medal for superior academic achievement. Following an internship at the Indianapolis City Hospital and through a mutual friend, Dr. Wiseman was put in touch with Dr. Florence R. Sabin and Dr. Charles A. Doan at the Rockefeller Institute for Medical Research in New York City, and there he began a notable research career devoted primarily to the better understanding and control of the diseases of the hematopoietic system, more especially the lymphatic system. In 1930, when this University established the Department of Medical and Surgical Research in the College of Medicine, it was Dr. Wiseman whom Dr. Doan sought as his first appointee and associate in undertaking the responsibilities and opportunities presented in this fundamental and significant step forward in terms of modern medical research in this institution.

April 8, 1960 meeting, Board of Trustees

During the intervening thirty years of devoted, unselfish, and loyal service to this University, Dr. Wiseman has exemplified in the best sense everything for which this Health Center now stands. He was a beloved and honored teacher, a revered research colleague, and the physician and wise counselor for a vast host of grateful patients, including many within the University family and its Board of Trustees. Seldom is it given to one individual to do so well so many things. His was a guiding, strengthening, and supporting hand behind many of the early dreams and plans for this University and the Health Center, helping immeasurably to convert the visions of what ought and might be into the realization of today.

The world of medicine, the community, the University, and the Department of Medicine, the latter of which was his particular pride and concern for the past fifteen years, have lost a citizen of sterling integrity and a scientific leader of distinction who was both nationally and internationally known. Those of us in the University family who have had the privilege of his confidence and affection and that of his loving helpmate and wife over more than thirty years of close and intimate association have lost a loyal and true friend and colleague, whom it will be impossible ever to replace.

Dr. Wiseman had the honor of membership in Alpha Omega Alpha and Sigma Xi scholarship fraternities, and, in addition to membership in all of the important medical societies, both local and national, he was a charter member of the American Board of Internal Medicine and a Fellow of the American College of Physicians. The author and co-author of many articles in the fields of internal medicine and hematology, he was associate editor of the textbook, Practice of Medicine (Meakins), and an associate editor of the Archives of Internal Medicine.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

Relocation of Olentangy River Road

The Chairman read the following letter from Mr. E. S. Preston, Director of the State Department of Highways and requested that it be included in the Minutes of this meeting.

March 30, 1960

Ohio State University  
Office of the President  
Columbus 10, Ohio

Attention: John T. Mount, Secretary

Dear Mr. Mount:

We wish to acknowledge receipt of your letter of March 11, 1960, with which you transmitted a certified copy of the recommendation of your Board of Trustees that the State expand its highway system by assuming the mileage of the Olentangy River Road from State Route 161 on the north to U. S. 33 on the south and to proceed with studies of the feasibility of relocating the segment of the said Olentangy River Road within the campus of the University.

Will you please inform the Board of Trustees that we will give every consideration to their recommendation.

The Board may be interested to note that the Department has also received similar requests, in the form of resolutions, from Franklin County and the cities of Columbus and Worthington.

Please accept our thanks for your and the Trustees' interest in this proposal.

Very truly yours,

(Signed) E. S. Preston  
Director

Acquisition of Property: 33-35 and 37-39 West Eleventh Avenue

Senator Bricker presented the following resolution:

WHEREAS, The Ohio State University has acquired certain parcels of real property located south of Eleventh Avenue and to this extent has extended its southerly boundary south of Eleventh Avenue; and

WHEREAS, The University, in planning to meet a portion of the needs of its students and its program from the standpoint of dormitory, educational, research and service facilities, will be required to acquire most, or all of the land lying south of Eleventh Avenue extending along High Street to the east, Tenth Avenue to the south, Neil Avenue to the west and Eleventh Avenue to the north; and

WHEREAS, The Ohio State Bar Association has been formed and is operated, among other things, to advance the science of jurisprudence, to promote reform in the law, to facilitate the administration of justice, to uphold integrity, honor and courtesy in the legal profession, and to encourage thorough legal education; and The Ohio State Bar Association Foundation has been formed and is operated, among other things, to improve and to facilitate the administration of justice, and to promote the study of law and research therein, the diffusion of knowledge thereof, and the continuing education of the lawyers; both organizations thereby being affected with the interest of the people of Ohio as recognized and supported by the Supreme Court of Ohio in practice of many years standing; and

WHEREAS, the University has interested itself in preparation of students for the entry into the legal profession, in the continuing legal education of lawyers, and in legal research directed to improvement in the administration of justice--establishing and maintaining a College of Law charged with responsibility for such instruction and for such research; and

WHEREAS, the University and the Ohio State Bar Association and the Ohio State Bar Association Foundation have found it to their mutual advantage to provide joint physical facilities for merging their complementary strengths for pursuance in the public interest of the identical objectives of post-professional education of the bar and of research in law for the advancement of the legal system and its more effective administration; and

April 8, 1960 meeting, Board of Trustees

WHEREAS, the University, the Ohio State Bar Association and the Ohio State Bar Association Foundation have entered into a preliminary agreement, approved by the Attorney General of Ohio, providing for the donation of funds to the University by the Ohio State Bar Association Foundation for the construction of a Bar Center Building and providing for the joint use of the building by the Ohio State Bar Association and the University for continuing legal education and legal research; and

WHEREAS, the Trustees of The Ohio State University deem it necessary to proceed with the acquisition of real property therefor; and

WHEREAS, said Board of Trustees has been unable to negotiate for the purchase of said real estate with respect to the real estate hereinafter set forth;

NOW BE IT RESOLVED that the Director of Public Works for and on behalf of said Board of Trustees be requested to take steps to acquire by condemnation, for the State of Ohio and said University, the following described real estate in Columbus, Franklin County, Ohio. :

Number 1

Lot number 43, John A. Evan's College View Addition to the City of Columbus, Franklin County, Ohio and shown on the County records as being owned by the Congregational Christian Student House, Inc.

Number 2

Lot number 44, John A. Evan's College View Addition to the City of Columbus, Franklin County, Ohio and shown on the County records as being owned by the Evangelical and Reformed Student House Foundation.

Upon motion of Senator Bricker, seconded by Mr. Allyn, the Board by unanimous vote approved the above resolution and directed that if it becomes necessary to institute condemnation proceedings, the Secretary shall give full cooperation to the Director of Public Works and the Attorney General.

Men's Housing No. 2 and Dining Facility

Senator Bricker presented the following resolution for the Finance and Investment Committee of the Board of Trustees.

RESOLVED: That the President or the Vice President, Business and Finance, of the University is authorized to file an amendment to the application for a loan from the Housing and Home Finance Agency of the United States Government, Project No. 33CH87(D), to provide additionally for the construction of Men's Housing No. 2 and a Dining Facility for Men's Housing Nos. 1 and 2. Dormitory F for Women, Married Housing Project No. 2, and Men's Housing Nos. 1 and 2, and the Men's Housing Dining Facility are to be constructed from the proceeds of the Series E (public), F (HHFA) and G (HHFA) bonds (\$6,250,000). The approval of HHFA to make expenditures of bond proceeds for Married Housing No. 2, Men's Housing No. 2 or the Men's Housing Dining Facility may or may not be required, at the discretion of the President or the Vice President, Business and Finance.

Further, it is provided that as an alternative, the \$850,000 of the \$3,700,000 Series E Bonds may be eliminated from the Series E and made Series H at the discretion of said officers, and such other amendments to said application may be made as said officers shall deem advisable and not unfavorable to the University. The provisions in the loan agreement relating to said project (Dormitory F, Married Housing No. 2, Men's Housing No. 1, Men's Housing No. 2 and Men's Housing Dining Facilities) and relating to said \$6,250,000 of bonds shall be worded as said officers shall deem advisable to effect the foregoing and to provide for any of the foregoing amendments to the application.

On motion of Senator Bricker, seconded by Mr. Loop the foregoing resolution was approved by unanimous roll call vote.

Corrections

The action in the March 11, 1960 meeting re Thomas M. Pogue, Clinical  
Instructor, p. t. should be a transfer from Rotary 11168 - Project 1216 to  
Rotary 12867 - rather than a change in salary.

Resignations dates for Jane L. Boso, Nurse II changed to March 20 and  
for Eleanor M. Dunham to April 9, 1960

Yvonne M. Roddy, Business Administration - title changed from Clerk Typist I

May 5, 1960 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Budgets for the 1960-61 Fiscal Year

The following salary budgets and the salary rolls detailing expenditures for these budgets for the fiscal year beginning July 1, 1960, are hereby recommended for approval:

1. The Ohio State University annual salary budget from appropriated funds in the amount of \$21,769,637.00.

Upon motion of Mr. Loop, seconded by Mr. Ketner, the above recommendation was unanimously approved by roll call vote, and the Secretary was instructed to file the salary roll with the official records of the University.

2. The University Hospital annual salary budget from appropriated funds and Hospital rotaries in the amount of \$6,679,056.00.

Upon motion of Mr. Patton, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote, and the Secretary was instructed to file the salary roll with the official records of the University.

3. The Agricultural Extension Service annual salary budget from appropriated funds in the amount of \$2,687,592.00.

Upon motion of Mr. Ketner, seconded by Mr. Allyn, the above recommendation was unanimously approved by roll call vote, and the Secretary was instructed to file the salary roll with the official records of the University.

Mr. Ketner spoke on behalf of Senator Bricker and himself, members of the Finance Committee, and stated that the Committee was very much impressed with the thoroughness and completeness with which the salary budgets were presented. He also stated that it was his feeling that the budget was distributed as equally and fairly as possible with the funds available.

B. Degrees Conferred - June 1960 Commencement

It is recommended that degrees be conferred at the Eighty-Third Annual June Commencement on June 10, 1960, to those students who complete their requirements and are recommended by the Faculty Council for degrees on that date. The names of those awarded degrees will be included in the minutes of this meeting.

General Recommendations (continued)

C. Stillman W. Robinson Fellowship

In order that the procedure for administering the Stillman W. Robinson Fellowship in Engineering might conform with the procedure for administering other University graduate fellowships, it is recommended that the solicitation, judging, and granting of Robinson Fellowships awards be placed in the hands of the Graduate School. This recommendation was initiated by the Dean of the College of Engineering and has the approval of the Dean of the Graduate School.

D. Naming of Power Plant - "McCracken Power Plant"

Upon the recommendation of Paul H. Elleman, Director, Physical Plant, and with the concurrence of Gordon B. Carson, Vice President, Business and Finance, and Frederick Stecker, Executive Director, University Relations, it is proposed that the building housing the power plant be re-named "McCracken Power Plant."

William C. McCracken retired in 1946 as chief engineer and superintendent of buildings and grounds, after sixty years of service to the University. It was through his vision in 1914 that the power plant was planned of such size as to accommodate equipment needs nearly fifty years later.

This recommendation has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for approval by the Board of Trustees.

E. Amendment to Rule 43.09 - Return of Fees

The Faculty Council on April 12, 1960 approved a proposal of the Committee on Rules for a revision of Rule 43.09, Return of Fees. Sections 1, 2, and 3 of the present rule are to be deleted and replaced by the sections shown below. Section 1 is re-worded to make clear that the only reasons for denying a partial refund of the regular fees are (a) dismissal and (b) withdrawal by University request. Sections 2 and 3 are re-worded to make the periods set up for the different percentages of the fees refunded correspond to periods used in other academic regulations.

It is therefore recommended that Rule 43.09 of the "Rules for the University Faculty" be changed to read as follows:

General Recommendations (continued)

43.09 Return of Fees.

Section 1. Fees (except for the application and matriculation fees) are returnable in part if a student withdraws from the University for any cause other than at the request of the University and if such withdrawal is made within the period of time specified in Section 2 or Section 3 of this Rule. The application fee and the matriculation fee are not returnable irrespective of the reason for withdrawal.

Students dismissed from the University or withdrawing at the request of the University are not entitled to any refund of fees.

Section 2. Quarter fees will be refunded according to the following schedule:

- a. From the date on which the fees were paid through the sixth day on which classes are scheduled . . . full fees less \$10.00.
- b. After the sixth day on which classes are scheduled through the twelfth day on which classes are scheduled . . . 75% of fees paid.
- c. After the twelfth day on which classes are scheduled through the twenty-fourth day on which classes are scheduled. . . 50% of fees paid.
- d. After the twenty-fourth day on which classes are scheduled . . . no refund of fees paid.

Section 3. Term fees will be refunded according to the following schedule:

- a. From the date on which fees are paid through the sixth day on which classes are scheduled . . . full fees less \$10.00.
- b. After the sixth day on which classes are scheduled through the ninth day on which classes are scheduled . . . 75% of the fees paid.
- c. After the ninth day on which classes are scheduled through the twelfth day on which classes are scheduled . . . 50% of the fees paid.
- d. After the twelfth day on which classes are scheduled . . . no refund of fees paid.

General Recommendations (continued)

F. Institute Boards, Composition and Authority of

Acting under Rule 13.09 of the "Rules for the University Faculty," the Council on Research on April 12, 1960, proposed and the Faculty Council approved the following statement of regulations for the composition and authority of Institute Boards:

Composition: The Administrative Board of an Institute shall consist of five voting members and two non-voting members. The voting members shall comprise (a) two persons elected by the membership of the Institute to serve for four years from 1 July of the year of election, (b) two persons appointed by the Council on Research to serve four years from 1 July of the year of appointment, and (c) the Dean of the Graduate School.

The terms of the two members under each (a) and (b) above shall begin in alternate biennia.

The non-voting members of the Administrative Board shall be the Director of the Institute and the Assistant (Research Development and Institutes) to the Vice President for Instruction and Research. The Director shall serve as Executive Secretary of the Administrative Board.

Authority: (a) Subject to the general authority of the President and the Board of Trustees, the Administrative Board shall set broad policy for Institute operation and shall receive an annual report from the Director.

(b) The Administrative Board shall nominate to the President, via the Vice President for Instruction and Research, a person for the Directorship of the Institute to serve for a four-year term. The Director shall be eligible for reappointment.

(c) The Administrative Board shall have the authority to confirm new members proposed for the Institute.

It is therefore recommended that the Board of Trustees approve the above statement of regulations with the understanding that the organizational plan proposed will be used in the establishment of new institutes and will be incorporated into the administrative structure of existing institutes at appropriate times.

Upon motion of Mr. Allyn, seconded by Mr. Patton, the above General Recommendations were unanimously approved by roll call vote.

May 5, 1960 meeting, Board of Trustees

## II. PERSONNEL CHANGES

In addition to the regular personnel changes included in these Minutes and to those actions listed on the salary rolls for 1960-1961, the following appointment, changes in title, promotions in rank, leave of absence without salary and Emeritus titles are recommended:

### A. Appointment

Arthur W. Craft, appointed to the position of Director of Lima Branch Campus, at an annual rate of \$3,024.00, effective May 16, 1960.

### B. Changes of Title

1. Howard J. Pincus from Professor of Geology to Professor of Geology and Chairman of the Department of Geology.
2. Karl Krill, from Assistant to the Vice President for Instruction and Research to Associate for Research Development and Institutes in the Office of the Vice President for Instruction and Research.
3. Jackson Riddle, from Assistant to the Vice President for Instruction and Research to Associate for Curriculum Development in the Office of the Vice President for Instruction and Research.
4. W. Todd Furniss from Assistant Dean, College of Arts and Sciences to Associate Dean, College of Arts and Sciences.
5. Robert A. Oetjen from Assistant Dean, part time, College of Arts and Sciences to Associate Dean, College of Arts and Sciences.
6. Richard Armitage, from Assistant Dean, Graduate School, to Associate Dean, Graduate School.
7. John T. Mount from Administrative Assistant to the President to Vice President and Secretary.

### C. Promotions in Rank

#### From Associate Professor to Professor

E. K. Alban, Horticulture  
Robert G. Hill, Horticulture  
Richard O. Moore, Agricultural Biochemistry  
Richard R. Newberg, Agricultural Economics and Rural Sociology  
Willard Wolf, Agricultural Education

May 5, 1960 meeting, Board of Trustees

From Associate Professor to Professor (continued)

Ely E. Bell, Physics and Astronomy  
Robert H. Bremner, History  
Sigurd Burckhardt, German  
Jack G. Calvert, Chemistry  
Frederick Dickey, Physics and Astronomy  
Virgil Hinshaw, Jr., Philosophy  
Erwin Kleinfeld, Mathematics  
Harold Shechter, Chemistry

Robert Bullock, Sociology  
Mikhail Condoide, Economics  
Merris Cornell, Social Work  
Christen T. Jonassen, Sociology  
Ralph Stogdill, Business Organization

William C. Dew, Dentistry

Marion Conrad, Bureau of Educational Research and Service  
Egon Guba, Bureau of Educational Research and Service  
Robert Haws, Education  
W. E. Jennings, University School  
Maude Stewart, Psychology

Perry Borchers, Architecture  
W. Courtney Davis, Electrical Engineering  
Christie J. Geankoplis, Chemical Engineering  
Roy McCauley, Jr., Welding Engineering  
William Morris, Industrial Engineering  
Paul Pepper, Industrial Engineering

J. M. B. Bloodworth, Jr., Pathology  
Walter Frajola, Pathology and Physiological Chemistry and Pharmacology  
Ralph M. Johnson, Jr., Physiological Chemistry and Pharmacology  
William Saunders, Otolaryngology  
Ralph Stacy, Physiology

Frank Bope, Pharmacy  
Arthur Tye, Pharmacy

Robert Farrell, Veterinary Pathology

Esther Gilman, Physical Education  
Chalmer Hixson, Physical Education

May 5, 1960 meeting, Board of Trustees

Personnel Changes (continued)

From Assistant Professor to Associate Professor

A. Carter Broad, Zoology and Entomology  
Paul Clayton, Poultry Science  
Donald Comin, Horticulture  
Nathan Fehcheimer, Dairy Science  
Maurice Giltz, Zoology and Entomology  
T. Kristofferson, Dairy Technology  
Robert McCormick, Agricultural Education  
William McIntosh, Zoology and Entomology  
Willard Myser, Zoology and Entomology  
Dale Ray, Agronomy  
Edgar Shaudys, Agricultural Economics and Rural Sociology  
Clara Weishaupt, Botany and Plant Pathology

Anthony Nemetz, Philosophy  
Philip Poirter, History

Doris Baker, Social Work  
Erika Bourguignon, Sociology  
Robert D. Buzzell, Business Organization  
Alfred C. Clarke, Sociology  
Russell R. Dynes, Sociology  
Leo A. Estel, Sociology  
Clayton Grimstad, Accounting  
Rate A. Howell, Business Organization  
Jack R. Villmow, Geography

William Heintz, Dentistry

Marshall Barnes, Music  
Paul T. Correll, Psychology  
Lewis Evans, University School  
Loetta Hunt, Bureau of Educational Research and Service  
Henry Kaufmann, Music  
Phyllis Krumm, Fine and Applied Arts  
Shephard Liverant, Psychology  
George Maccia, Education  
Theron McClure, Music  
Willis Ray, Education  
Esther Schatz, University School  
Robert Titus, Music

Albert Bishop, Industrial Engineering  
Robert Brodkey, Chemical Engineering  
Thomas Rockwell, Industrial Engineering  
George St. Pierre, Metallurgical Engineering  
Neal Smith, Electrical Engineering

May 5, 1960 meeting, Board of Trustees

Personnel Changes (continued)

Richard A. Falk, Law  
Kenneth L. Karts, Law

J. Philip Ambuel, Pediatrics  
Katherine Brownell, Physiology  
David Cornwell, Physiological Chemistry and Pharmacology  
Alexander Horava, Pathology

Edward F. Donovan, Veterinary Medicine  
Harold F. Groves, Veterinary Parasitology

Florence Fogle, Physical Education  
John Hendrix, Physical Education  
Charles Mand, Physical Education

From Visiting Associate Professor to Associate Professor:

Bernard Margolis, Physics

From Instructor to Assistant Professor:

Billy B. Hancock, Bacteriology  
Francis Hart, English  
David Kettler, Political Science  
Julian Markels, English  
John Rule, History  
John J. Tepaske, History

Roland E. Chardon, Geography  
Walther P. Michael, Economics

Alfred C. Long, Jr., Dentistry

Edwin Barker, Psychology  
William Hinton, Jr., Music  
Bernard Poland, Music  
Charles Spohn, Jr., Music  
Helen Stevens, University School

John Bacon, Electrical Engineering  
Wayne Dipner, Architecture  
William Drake, Photography  
Charles Sepsy, Mechanical Engineering

Lorane Kruse, Nursing  
Samuel Meites, Pediatrics  
Dante G. Scarpelli, Pathology

Mary Haskins, Physical Education

May 5, 1960 meeting, Board of Trustees

Personnel Changes (continued)

D. Leave of Absence without Salary

Richard H. McFarland, Instructor, Department of Electrical Engineering, for the 1960-61 academic year, to work on Ph. D. degree.

E. Emeritus Titles

It is recommended that the following persons be retired with an emeritus title, effective on the date indicated:

1. E. F. Almy, with the title Professor Emeritus, Department of Agricultural Biochemistry, College of Agriculture and Home Economics, effective July 1, 1960.
2. Wilbur Batchelor, with the title Professor Emeritus, School of Social Work, College of Commerce and Administration, effective July 1, 1960.
3. Harold Burt, with the title Professor Emeritus, Department of Psychology, College of Education, effective July 1, 1960.
4. John L. Carruthers, with the title Professor Emeritus, Department of Ceramic Engineering, College of Engineering, effective October 1, 1960.
5. J. Raymond Derby, with the title Professor Emeritus, Department of English, College of Arts and Sciences, effective August 1, 1960.
6. Walter Duffee, with the title Professor Emeritus, Department of Physical Education, Men's Division, effective July 1, 1960.
7. Fred Hitchcock, with the title Professor Emeritus, Department of Physiology, College of Medicine, effective July 1, 1960.
8. Robert Maynard King, with the title Professor Emeritus, Department of Ceramic Engineering, College of Engineering, effective July 1, 1960.
9. Edward V. O'Rourke, with the title Professor Emeritus of Petroleum Engineering, College of Engineering, effective July 1, 1960.
10. Herschel Nisonger, with the title Professor Emeritus, Bureau of Educational Research and Service, College of Education, effective July 1, 1960.
11. Leroy Tucker, with the title Associate Professor Emeritus, Department of Engineering Mechanics, College of Engineering, effective October 1, 1960.

Upon motion of Mr. Ketner, seconded by Mr. Rairdon, the Personnel changes were unanimously approved by roll call vote.

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and  
The Ohio State University Research Foundation

It is recommended that the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

1. Government Contracts - Federal

- a. U. S. Atomic Energy Commission, Chicago Operations Office, 9800 South Cass Ave., Argonne, Illinois. For an investigation of Nuclear Spectroscopy (to be known as U. S. Atomic Energy Commission Project No. 440 - Sup. #8 - Department of Physics).  
Gross Value - \$58,000.00.
- b. U. S. Atomic Energy Commission, Chicago Operations Office, P.O. Box 59, Lemont, Illinois. For Specific Heat Determinations of Pure, Solid Para Deuterium (to be known as U.S. Atomic Energy Commission Project No. 761-Sup. #4- Department of Chemistry).  
Gross Value - \$50,850.00.
- c. Douglas Aircraft Co., Inc., Santa Monica Division, Santa Monica, California. For Aerodynamic Tests and Research (to be known as Douglas Aircraft Co. Project No. 790 - W. O. #A260-17-Department of Aeronautical Engineering).  
Gross Value - \$2,000.00.
- d. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Diagnosis and Pathogenesis of Toxoplasmosis (to be known as National Institutes of Health Project No. 797 - Ext. #2 - Department of Veterinary Pathology).  
Gross Value - \$10,580.00.
- e. U. S. Atomic Energy Commission, Chicago Operations Office, P. O. Box 59, Lemont, Illinois. For an investigation of Low Energy Nuclear Physics (to be known as U.S. Atomic Energy Commission Project No. 807 - Sup. #3- Department of Physics).  
Gross Value - \$55,000.00.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation

Government Contracts - Federal (cont.)

- f. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For Heading Compatibility Study (to be known as Wright Air Development Division Project No. 816 - C. O. #3 - Department of Geology).  
Gross Value - \$8,100.00.
- g. Commander, Air Force Command & Control Development Division, Air Research and Development Command, Laurence G. Hanscom Field, Bedford, Mass. For Design and Construction of a Luminous Shock Tube for Quantitative High Temperature Spectrographic Investigations of the Basic Parameters (to be known as Air Force Command and Control Development Division Project No. 845 - Sup. #4 - Department of Physics).  
Gross Value - \$12,350.00.
- h. Cleveland Ordnance District, 1367 East Sixth Street, Cleveland 14, Ohio. For Research on Satellite Ionization Phenomena and Observations (to be known as Cleveland Ordnance District Project No. 884 - Mod. #4 - Department of Electrical Engineering).  
Gross Value - \$1,600.00.
- i. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Interaction of Drugs with Basophilic Granulocytes (to be known as National Institutes of Health Project No. 921 - Ext. #1 - Department of Physiological Chemistry and Pharmacology).  
Gross Value - \$14,025.00.
- j. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For Intermittent Research Analysis (to be known as Wright Air Development Division Project No. 930 - Sup. #3 - Ohio State University Research Foundation).  
Gross Value - \$9,940.00.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation

Government Contracts - Federal (cont.)

- k. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For Research on Phase Equilibria Between Boron Oxides and Refractory Oxides, Including Silicon and Aluminum Oxides (to be known as Wright Air Development Division Project No. 931-Sup. #3- Department of Mineralogy).  
Gross Value - \$3,000.00.
- l. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Training and Testing in Speech and Hearing (to be known as National Institutes of Health Project No. 934 - Ext. #1 - Department of Speech).  
Gross Value - \$28,750.00.
- m. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Development of a Methodology for the Evaluation of Patient Care (to be known as National Institutes of Health Project No. 940 - Ext. #1- Engineering Experiment Station).  
Gross Value - \$83,411.00.
- n. National Science Foundation, Washington 25, D. C. For an Analysis of Geological Data from Spitzbergen in the Interdisciplinary Research Program of the International Geophysical Year (to be known as National Science Foundation Project No. 1037 - Amend. #1 - Department of Geology).  
Gross Value - \$4,665.00.
- o. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Massachusetts. For Research Investigations on Voice-Communications in Noise (to be known as Air Force Cambridge Research Center Project No. 1080 - New - Department of Speech).  
Gross Value - \$60,000.00.
- p. Department of the Navy, U. S. Naval Training Device Center, Port Washington, New York. For an investigation of The Human Operator As a Sensor in Tracking Systems, Phase II (to be known as U. S. Naval Training Device Center Project No. 1089-New- Department of Psychology).  
Gross Value - \$29,321.00.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation

Government Contracts - Federal (cont.)

- q. Headquarters, U. S. Army Medical Research & Development Command, Office of the Surgeon General, Washington 25, D. C. For a Study on the Metal Complexes of Polyfunctional 2-Aminothiols (to be known as U. S. Army Medical Research & Development Command Project No. 1092 - New - Department of Chemistry).  
Gross Value - \$12,850.00.
- r. National Aeronautics and Space Administration, 1520 H Street, Northwest, Washington 25, D. C. For an investigation of Receiver Techniques and Detectors for Use at Millimeter and Submillimeter Wave Lengths (to be known as National Aeronautics & Space Administration Project No. 1093 - New - Department of Electrical Engineering).  
Gross Value - \$20,000.00.
- s. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For Midwest Cooperative Chemotherapy Group (to be known as National Institutes of Health Project No. 1094 - New - Department of Medicine).  
Gross Value - \$14,777.00.
- t. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Functional Cytology - Hypothalamus and Pituitary Gland (to be known as National Institutes of Health Project No. 1095 - New - Department of Anatomy).  
Gross Value - \$17,431.00.
- u. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Mass. For Research and Development Services for Investigation of Interaction Speech Communication Systems Performance (to be known as Air Force Cambridge Research Center Project No. 1096 - New - Department of Psychology).  
Gross Value - \$22,437.00.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation

Government Contracts - Federal (cont.)

- v. Commander, Air Force Cambridge Research Center, ARDC, Laurence G. Hanscom Field, Bedford, Mass. For Study of Semiconductor Solids Used as Photocatalysts in the Formation of Endothermic Compounds (to be known as Air Force Cambridge Research Center Project No. 1097 - New - Department of Chemistry).  
Gross Value - \$30,373.00.
- w. U. S. Atomic Energy Commission, Chicago Operations Office, 9800 South Cass Ave., Argonne, Illinois. For an investigation of High-Resolution Infrared Spectra of Tritium and Deuterium Substituted Molecules (to be known as U. S. Atomic Energy Commission Project No. 1098 - New - Department of Physics).  
Gross Value - \$15,400.00.
- x. Commander, Wright Air Development Division, Wright-Patterson Air Force Base, Ohio. For Study for Reducing Equivalent System Noise of Telemetry Receiving System (to be known as Wright Air Development Division Project No. 1099 - New - Department of Electrical Engineering).  
Gross Value \$33,039.00.
- y. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For an investigation of Metabolism in the Hypothermic By-Passed Heart (to be known as National Institutes of Health Project No. 1100- New- Department of Surgery).  
Gross Value - \$15,000.00.
- z. Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda 14, Maryland. For a Servoanalytic Study of the Myotatic Reflex System (to be known as National Institutes of Health Project No. 1101 - New - Department of Physiology).  
Gross Value - \$12,075.00.

TOTAL - Government Contracts - \$624,974.00.

May 5, 1960 meeting, Board of Trustees

### III. GENERAL CONTRACTS AND AGREEMENTS

#### A. The Ohio State University and The Ohio State University Research Foundation

##### 2. Industrial and Other Contracts

- a. Firestone Tire and Rubber Company, Akron 17, Ohio. For an investigation of Health Hazards of Certain Compounds and Products (to be known as Firestone Tire and Rubber Company Project No. 246 - Ext. #14 - Department of Pathology).  
Gross Value - \$23,952.00.
- b. The Procter and Gamble Company, Ivorydale, Cincinnati 17, Ohio. For an investigation of Pathogenesis of Dental Caries (to be known as The Procter and Gamble Company Project No. 323 - College of Dentistry).  
Gross Value - \$1,450.00.
- c. University of Illinois, Business Office, Purchasing Division, 203 Administration Bldg. E., Urbana, Illinois. For Transmission of Pulsed Radio Signals at 6.4 MC/S (to be known as University of Illinois Project No. 473 - Mod. #23- Department of Electrical Engineering).  
Gross Value - \$1,100.00.
- d. Charles F. Kettering Foundation, Box 215, Yellow Springs, Ohio. For an investigation of Plant Proteins (to be known as Charles F. Kettering Foundation Project No. 585 - Ext. #9- Department of Chemistry).  
Gross Value - \$30,000.00.
- e. Ohio Tuberculosis & Health Association, 1575 Neil Avenue, Columbus 1, Ohio. For an investigation of Autoimmunization in Experimental Tuberculosis (to be known as Ohio Tuberculosis & Health Association Project 764 - Ext. #3 - Department of Bacteriology).  
Gross Value - \$4,147.20.
- f. Central Ohio Heart Association, 50 East Broad Street, Columbus 15, Ohio. For Development of a Prosthetic Heart Valve (to be known as Central Ohio Heart Association Project No. 953 - Department of Surgery).  
Gross Value - \$1,000.00.

I. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation

Industrial and Other Contracts (cont.)

- g. Eastman Kodak Company, Apparatus and Optical Division, Lincoln Plant, Rochester, N. Y. For an investigation of Stellar Background Problems (to be known as Eastman Kodak Company Project No. 1049 - New Department of Physics and Astronomy).  
Gross Value - \$4,200.00.

TOTAL - Industrial and Other Contracts - \$65,849.20.

The foregoing thirty-three contracts for research in cooperation with Government, Industry, and Other represent a gross income of \$690,823.20.

Upon motion of Mr. Patton, seconded by Mr. Allyn, the above contracts were unanimously approved by roll call vote.

B. Athletic Department - Concession Contract

It is recommended that the President and the Vice President, Business and Finance, be authorized to sign a contract with the David J. Belknap Company in behalf of the University to provide all necessary refreshments within the Ohio Stadium, the St. John Arena, the Thomas E. French Field House and the Baseball Park or at any other place where an athletic contest or other event is held under the auspices of the University upon its premises and for which such services are requested by duly authorized University officials.

The David J. Belknap Company shall pay to the University 20 per cent of the gross revenues received from the total operation of their business on The Ohio State University campus. The term of the contract is to be for a period of three years with a re-opening each year to negotiate the per cent return to the University and the price schedules.

The David J. Belknap Company shall make available to the Vice President, Business and Finance, its books and records and shall provide a duly certified statement of gross sales for each year and the computation of monies due the University.

The aforementioned President and Vice President, Business and Finance, are instructed to include in the contract all the necessary safeguards for quality performance of services and adequacy of equipment.

Upon motion of Mr. Loop, seconded by Mr. Rairdon, the above recommendation was unanimously approved by roll call vote.

IV. GIFTS

A. Administered through the Development Fund

1. \$15,425.82 for the John H. Newvahner Memorial Fund

John H. Newvahner Memorial Fund

The John H. Newvahner Memorial Fund was established April 11, 1960, by a bequest to the Development Fund from John H. Newvahner, B. A. '91. The principal is to be invested in the University's investment portfolio under rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be expended on order of the Board of Trustees of The Ohio State University, upon recommendation of the Board of Directors of The Ohio State University Development Fund. The principal may also be invaded to the extent of part or all of it and expended in the same manner as provided for the use of the income.

2. \$1,121.50 for the Robert C. Craig Memorial Fund

Robert C. Craig Memorial Fund

The Robert C. Craig Memorial Fund was established April 11, 1960, by a gift through the Development Fund from the friends and relatives of Robert C. Craig, B. Sc. '55, deceased, in his memory. The principal is to be invested under rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The disposition of the income is to be left entirely to the discretion of the Board of Trustees, with the reservation only that during the lifetime of Howard R. Craig and Jeannette K. Craig (father and mother of Robert C. Craig, deceased), a request may be made in any given year by either of them for a specific use of the income, and if said request is for an appropriate University purpose, the Board of Trustees shall grant the request.

May 5, 1960 meeting, Board of Trustees

Gifts (continued)

3. \$1,000.00 for the Harry A. Finkelman Scholarship Fund

Harry A. Finkelman Scholarship Fund

The Harry A. Finkelman Scholarship Fund was established March 31, 1960, by a gift through the Development Fund from Harry A. Finkelman. The principal is to be invested in accordance with Sec. 3335.12 G. C. , the income to be used in the same manner and according to the same regulations as prescribed for The Ohio Association of Real Estate Boards Scholarship Fund .

This Fund should be a sub-division of The Ohio Association of Real Estate Boards Scholarship Fund and should appear in the Financial Report on Detail of Endowment Fund that way. Additional gifts will be made to this Fund until a total of \$5,000.00 is reached.

Upon motion of Mr. Patton, seconded by Mr. Rairdon, the foregoing gifts were accepted by unanimous vote.

B. Report from The Ohio State University Development Fund

1. In March, 1960, The Ohio State University Development Fund received gifts on behalf of the University as follows:

	<u>Number of Gifts</u>	<u>Amount</u>
Alumni	588	\$11,993.96
Individuals, Other than Alumni	68	6,264.36
Non-Profit Organizations	48	38,316.37
Business Concerns	18	18,257.00
	<u>722</u>	<u>\$74,831.69</u>

Of these gifts, 321 totaling \$5,870.02 were undesignated and 401 totaling \$68,961.67 were designated.

2. The Board of Directors of the Development Fund has approved an allocation in the amount of \$157,298.00 for the Development Fund's 1960 program. The list of specific projects is filed with the official records of the Board of Trustees.

V. EXTRAS, CREDITS, AND EXTENSIONS OF TIME TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra Orders, Credit Orders, and Extensions of Time to Contracts as outlined below be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds in each case is otherwise indicated:

A. Animal Research Facility, College of Medicine

General Contract

In addition to the numerals on all doors and lettering on doors to toilets, stairs, and janitors' rooms, it is recommended that the room titles on 30 doors be provided.

Add      \$ 122.00

Heating and Ventilating Contract

It is recommended that the following changes be made:

1. Move one of the three steam pressure reducing stations in the Mechanical Equipment Room and provide a steel stair and catwalk in order to provide access to these pressure reducing stations for service, repairs, and replacements.  
Add \$1,441.00.

2. Omit thermal insulation on condenser water lines in the Mechanical Equipment Room.  
Deduct \$246.00.

Net Addition      \$1,195.00

B. College of Engineering, Classroom Office Facilities

Site Improvement Contract

It is recommended that the sodding of a strip of ground 30 ft. wide along Neil Avenue from the northwest corner of the building to Woodruff Avenue be added because the slope is such that all seeding washes out.

Add      \$ 425.00

V. EXTRAS, CREDITS AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

C. Numerical Computation Laboratory

Heating and Ventilating Contract

It is recommended that certain changes and refinements be made because of the unusual requirements for air conditioning in the I. B. M. Rooms. These changes will (1) correct the excessive condensation in air ducts which at times drips through the ceiling; (2) correct the low back pressure condition which causes two of the three compressors to go out of service; and (3) provide check valves, vacuum breakers and relief valves to prevent the possible contamination of the domestic water system from back pressure from the cooling towers.

Add      \$2,778.00

D. Water Resources Building

Due to delays of 72 days receiving the contracts, structural design changes, the steel strike, and severe weather conditions in March and early April, it is recommended that all contractors on this project be granted an extension of time of sixty days from May 1, 1960, to July 1, 1960.

E. Pointing and Caulking the East, North, and West Walls of the University Hospital including the East and West Walls of the First Addition of the Cancer Clinic

Due to the severe weather conditions experienced this winter, it is recommended that the contractor for this project be granted an extension of time from December 21, 1959, to May 15, 1960.

F. T-Hangar Project, University Airport

General Contract

It is recommended that the quotation which has been received to insulate the underside of the roof of all seven units of Building No. 1 (Type B. Hangar) and the sidewalls and doors of three adjacent units according to specifications for Alternate G-1 of this project be accepted.

Add      \$5,800.00

Funds are provided in G-2-G T-Hangar Project, University Airport, H. B. 831, for this extra order.

V. EXTRAS, CREDITS, AND EXTENSIONS OF TIME TO CONTRACTS (cont.)

F. T-Hangar Project, University Airport (cont.)

Electrical Contract

It is recommended that a substitution be allowed to run all conduit overhead instead of under the floor and to use thin wall conduit in lieu of rigid conduit in order to permit the electrical work to be accomplished after the completion of the general work.

No change in cost

G. Animal Science Building and Plumb Hall Remodeling

General Contract

It is recommended that the following changes be made:

1. In the Plumb Hall Arena, provide six concrete steps in the new aisle and patch holes in existing seat banks. Add \$175.00.
2. Construct a steel platform extension and steel ladder for access to air handling unit in Plumb Hall Arena as requested by the Service Department. Add \$433.00.
3. In Room 116 Animal Science Building, provide one chalkboard 20'0" long in lieu of one chalkboard 10'0" long as specified. Add \$127.00.
4. Omit two skylights, one each over the stairs 1 and 2. Deduct \$342.00.

Net Addition \$ 393.00

H. Maintenance Building, University Golf Course

It is recommended that an extension of time for all contracts be approved from April 15, 1960, to May 31, 1960, because of the delay by readvertisement of bids on the Plumbing and the Storm Drainage Contracts and because of the major changes in the water line which were approved on March 16, 1960. These changes indirectly effect the work of all contractors.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the above recommendation individually and collectively were unanimously approved by roll call vote.

VI. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs, and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Site Redevelopment of Brown Hall Annex

Funds for this project will be provided from F-9 Other, H. B. 831.

B. Fire Stops and Seals for the Shaftways in University Hospital

Funds for this project are provided in Item 088 Improvement of Existing Physical Plant, University Hospital, H. B. 1124.

C. Repairs to Roof Over the Two-Story Portion of University Hospital

Funds for this project will be provided from Item 088 Improvement of Existing Physical Plant, University Hospital, H. B. 1124.

D. Veterinary Clinical Unit Building, College of Veterinary Medicine

Funds for this project are provided in Item 065 Veterinary Clinical Unit Building, College of Veterinary Medicine, H. B. 1124, in the amount of \$1,721,214.00.

E. Concrete Curb Repairs

Funds for this project are provided in Item 074, New Roads, Walkways and Pedestrian Bridge, H. B. 1124.

F. Repair of Plaster in the East and West Stairwells at University Hospital

Funds for this project are provided in Item 088 Improvement of Existing Physical Plant, University Hospital, H. B. 1124.

G. Demolition and Removal of Twenty-Seven Married Student Housing Units Located at River Road Housing

## IX. RESOLUTIONS IN MEMORIAM

### A. Bert Emsley

The Board of Trustees expresses its sorrow at the death on March 30, 1960, of Bert Emsley, Associate Professor Emeritus of Speech.

Dr. Emsley was born in Methuen, Massachusetts, April 13, 1889. In 1911 he received his A. B. degree magna cum laude in Greek and English from Harvard University and was there elected a member of Phi Beta Kappa. He joined the English Department in 1924, following teaching assignments in English at Maine, Wesleyan, Syracuse, and Wisconsin Universities. He received his Ph. D. degree from The Ohio State University in 1929, his field of interest being the English language. Professor Emsley retired from the University on June 30, 1959, after serving thirty-five years in the English and Speech Departments.

Dr. Emsley's philosophy of Speech Education was deep and catholic. He crusaded for better language on the air and in business and social situations. He was among the first to sense the trend away from a formal study of grammar to that of semantics under the pressure of the burgeoning mass media of communication. His special interest encompassed research in the quantitative analysis of grammatical movement and phonetic structure.

Professor Emsley recognized the cultural values of speech as well as its practical aspects, and he considered true culture as being something more than polished incompetence or refined snobbishness. He looked upon speech education as it emerged from the shadows of World War I as both a useful and a fine art, as a fertile field of scientific research, and foresaw the day when applicants for work involving public relations would be called upon to present credentials showing speech aptitudes.

Dr. Emsley was a member of the Modern Language Association, the Speech Association of America, the National Council of Teachers of English, the Linguistic Society of America, the American Dialect Society, the Ohio Association of College Teachers of Speech, the Central States Speech Association, and the International Phonetic Association. His

May 5, 1960 meeting, Board of Trustees

writings appeared in American Speech, Publications of the Modern Language Association, and the Quarterly Journal of Speech. He collaborated with G. A. McKnight in Modern English in the Making and with G. O. Curme in Syntax. He co-authored with Harbarger, Hildreth, and Dumble, English for Students in the Applied Sciences, and with Jones and Timmons in Speaking and Listening. His entire library was left to the University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Harvey Van Doren Cottrell

The Board of Trustees expresses its sorrow at the death on March 28, 1960 of Harvey Van Doren Cottrell, Professor Emeritus of Dentistry and father of Donald P. Cottrell, Dean of the College of Education.

Professor Cottrell was born on December 22, 1868, near Bowersville, Ohio, attended Antioch College at Yellow Springs, Ohio, and received his D. D. S. Degree from the Ohio Medical University in 1900. Dr. Cottrell's connection with dental education continued unbroken from the time of graduation. He was named Assistant to the Chair of Prosthodontia in 1900, and in 1903 he was made Professor of Prosthetic Dentistry and Chairman of the Prosthetic Department. He held this position until his retirement from The Ohio State University faculty in 1939, at which time he became a Professor Emeritus. He also was Secretary of the College of Dentistry from 1906 to 1939.

Professor Cottrell studied all of the available dental literature and read it with critical analysis. He had the ability to see through conflicting viewpoints and get at the heart of a problem. As a teacher, he was without peer. He was a strict disciplinarian with his students as well as himself, and had a way of leading his students to find the answers to their own questions. He was an idealist who instilled in his students the desire for perfection.

May 5, 1960 meeting, Board of Trustees

Dr. Cottrell was an active leader in prosthodontics in America, was President of the Columbus Dental Society in 1933, was a founder and the fourth President of the American Denture Society, and was a Life Fellow of the Academy of Denture Prosthetics. He lectured before many dental societies throughout the nation.

His contributions to the art and science of prosthodontics were many, starting with the designing of a wax spatula while he was a senior dental student. This spatula has been used by every dental student at The Ohio State University since that time. He gave generously of his time and knowledge to any who would call upon him, and many did. He was a teacher whose practical approach and fundamental philosophy will continue to guide students of prosthodontics on through the years.

Dr. Cottrell served his profession and patients for fifty-four years following his graduation and in 1951 he was one of three graduates of the College of Dentistry to receive an alumni award of achievement in connection with the dedication ceremonies of the Health Center at The Ohio State University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

May 5, 1960 meeting, Board of Trustees

The Chairman, Judge Gorman, presented the following statement and the Secretary was instructed to include it in the minutes of this meeting.

The Ohio State University has insisted that on its own campus there should be no discrimination because of one's race, religion or national origin, and this has been followed in dormitories, lecture halls, dining halls and all other buildings. At a meeting of the Faculty Committee and Board of Trustees in March, a proposal to adopt a rule that there should be no discrimination by landlords in off-campus housing was discussed.

While everyone was in accord with the aim of the proposal, there was a division of opinion both in the Trustees and in the Faculty Committee whether it could be accomplished legally or practically by the adoption of just a resolution. The Board of Trustees decided that additional information was needed if any new procedures were to be developed that would be consistent with the policies of the University. Plans are being made to consider this matter further when the Board meets with the Faculty Committee again in July.

However, there are many facts that must be considered by the Board of Trustees. We owe at least a moral obligation to the parents of all of our students to attempt to provide satisfactory housing for students. Unfortunately we do not have sufficient dormitories to house all students, and until such housing is available we must look to the landlords in the campus community to supply the deficiency.

We could, of course, let each student shift for himself in finding accommodations off campus, but this would hardly satisfy the moral obligation we owe to parents. Some students might obtain lodgings in unhealthful, unsanitary and even disreputable places, which would subject the University to severe criticism.

Even with the off-campus housing fully utilized, there is a probability that in the future there will be a shortage in housing. It is our aim to attempt to find adequate housing for all, and this is the purpose of the further study and survey before announcing the details of our final decision. Everyone can rest assured that the Board will give a fair and impartial consideration to all legal and practical questions that are presented.

May 5, 1960 meeting, Board of Trustees

The Board of Trustees commends the Administration for the effective manner in which it has been working at the problems related to off-campus housing summarized as follows:

- (1) We must have sufficient numbers of satisfactory rooms in off-campus houses to accommodate five thousand or six thousand students who otherwise may not have an opportunity to be educated here at this University.
  - (2) We hope that the final solution to this problem will permit us to maintain some relationship with rooming houses to assist students and parents of Freshmen who expect help in locating rooms, especially after our University dormitories are filled in mid-July or before as they will be this summer. This same relationship is the basis for maintaining minimum safety, sanitation, and other living standards.
  - (3) We have "open-house" non-discriminatory policies well established throughout the University residence halls, and we hope to achieve this ultimately in off-campus housing. We urge and actively promote the acceptance of these same policies by off-campus rooming house proprietors and home owners.

May 5, 1960 meeting, Board of Trustees

Mr. Stanley Allyn presented the following statement:

On behalf of the Board of Trustees I wish to express to Judge Gorman our sincere appreciation for the able leadership and faithful service he has rendered as Chairman of the Board during this past year. My service as a member of this Board for the past sixteen months has been a most enlightening, stimulating and challenging experience; and I have been particularly impressed by the dedication of Judge Gorman to this University and by his earnest efforts to enhance its stature and increase its usefulness to the people of Ohio and the nation. We hereby extend our heartfelt thanks and felicitations to Judge Gorman.

By unanimous vote of the Board of Trustees the Secretary was instructed to include the above statement in the minutes of this meeting.

President Fawcett stated that on behalf of the entire University-- its faculty, its staff, and its student body-- we extend our sincere gratitude to Judge Gorman for his faithful and dedicated service to The Ohio State University.

Judge Gorman responded by saying that he greatly appreciated the gracious and generous comments by Mr. Allyn and President Fawcett. He further stated that he had thoroughly enjoyed his nine years of service on the Board of Trustees and that he would greatly miss the many pleasant experiences with the members of the Board, the administration, faculty and staff of this great University, since it is his intention to retire from the Board at the end of the calendar year.

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
NINE HUNDRED AND FORTY-NINTH MEETING  
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 11, 1960

The Board of Trustees met at the University on June 11, 1960, pursuant to adjournment.

Present: Stanley C. Allyn, Chairman, Senator John W. Bricker, Forrest G. Ketner, Thomas F. Patton, Smith L. Rairdon, Alan B. Loop and Judge Robert N. Gorman.

June 11, 1960 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Memorandum of Agreement between The Ohio State University and Miami University for Cooperation in the Award of the Doctorate

On March 22, 1960, President John Millett of Miami University met with the Dean of the Graduate School and the President's Cabinet of this institution to discuss the possibility of a cooperative doctoral program between our two universities. Following this meeting a tentative Memorandum of Agreement was drawn up for consideration by the appropriate faculty bodies of both institutions. The Faculty Council of The Ohio State University at its regular meeting on May 10, 1960, adopted as a statement of principle the Memorandum of Agreement subject to minor modifications of specific procedures. This proposal is strongly supported by the Vice President, Instruction and Research, and the Dean of the Graduate School who is representing The Ohio State University in consummating the negotiations.

The major reasons for seeking action on this proposal are to maintain and advance the quality of graduate study for the doctorate and to avoid at both institutions the duplication of specialized facilities and other extraordinary expense.

I am pleased to recommend that the President be authorized to sign a Memorandum of Agreement between The Ohio State University and Miami University, which in effect accomplishes the following:

In areas jointly approved by the two institutions this Memorandum of Agreement provides that qualified graduate students may complete approximately one-half of their requirements at Miami University. Upon the completion of all the requirements, the doctorate will be conferred by The Ohio State University "in cooperation with Miami University."

Upon motion of Mr. Loop, seconded by Mr. Patton, President Fawcett was authorized to sign the agreement between The Ohio State University and Miami University for cooperation in the award of the doctorate.

I. GENERAL RECOMMENDATIONS (cont.)

B. Research Foundation Budget for 1960-61 Fiscal Year

The Board of Directors of The Ohio State University Research Foundation at its annual meeting on May 20, 1960, approved the proposed annual operating budget for the fiscal year ending June 30, 1961, in an amount not to exceed \$419,112.00. It is therefore recommended that the Board of Trustees approve the annual operating budget as endorsed by the Board of Directors for The Ohio State University Research Foundation.

Upon motion of Judge Gorman, seconded by Mr. Rairdon, the above general recommendation was unanimously approved by roll call vote.

C. Athletic Department Budget for 1960-61 Fiscal Year

The Athletic Council at its regular meeting on May 18, 1960, approved the proposed annual operating budget for the fiscal year ending June 30, 1961, in an amount not to exceed \$1,642,392.00. It is therefore recommended that the Board of Trustees approve the annual operating budget as endorsed by the Athletic Council for the Department of Athletics.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above general recommendation was unanimously approved by roll call vote.

- b. American Gas Association, 420 Lexington Avenue, New York 17, New York. For an Extension of AGA Super-compressibility Tables (to be known as American Gas Association Project No. 899 - Ext. #2 - Department of Mechanical Engineering). Gross Value - \$3,500.00.
- c. Research Corporation, Division of Grants, 405 Lexington Ave., New York 17, N. Y. For an investigation of Mechanism of Action of Proline Racemase (to be known as Research Corporation Project No. 922-Ext. #1-Department of Chemistry). Gross Value - \$3,700.00.
- d. Research Corporation, Division of Grants, 405 Lexington Ave., New York 17, N. Y. For an investigation of The Metalation of Cyclopropanes by Means of Organo-alkali Metal Compunds (to be known as Research Corporation Project No. 1104-New-Department of Chemistry). Gross Value - \$5,500.00.
- e. American Cancer Society, Inc. , 521 West 57th Street, New York 19, New York. For an investigation of The Area or Areas from which the Urinary Bladder Regenerates After Total Cystectomy (to be known as American Cancer Society Project No. 1105-New - Department of Surgery). Gross Value - \$9,211.00.

Total - Industrial and Other Contracts - \$46,253.00.

The foregoing twenty-three contracts for research in cooperation with Government, Industry, and Other represent a gross income of \$735,556.00.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

A. The Ohio State University and  
The Ohio State University Research Foundation (cont.)

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above contracts were unanimously approved.

B. The Report of the Research Contracts from the  
Engineering Experiment Station

The Engineering Experiment Station of The Ohio State University has entered into the following research contracts for the period from April 23, 1960, to May 26, 1960. These research contracts are reported to the Board of Trustees for information and record.

1. Government Research Project

EES-172 - "A Study of the Rheologic Properties of Bituminous Concrete," State of Ohio, Department of Highways, Columbus 15, Ohio.  
Gross Value - \$14,000.00.

2. Industrial Research Project

EES-158- "Interfacial Tension Between Metallic and Non-Metallic Melts," American Iron & Steel Institute, New York, New York, Ext. #1.  
Gross Value - \$15,000.00.

The foregoing two contracts for research in the Engineering Experiment Station represent a gross income of \$29,000.00.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

C. The Ohio State University and the State Board of Education - "Educating the Gifted"

It is recommended that the Secretary be authorized to sign on behalf of the Board of Trustees an agreement between the Trustees of The Ohio State University and the State Board of Education, which authorizes the University to conduct a workshop for teachers on "Educating the Gifted," for the period from June 20, 1960, to July 8, 1960. The Ohio State University will be reimbursed for the full cost of said workshop in an amount not to exceed \$3,056.00.

Upon motion of Mr. Rairdon, seconded by Mr. Loop, the above agreement was unanimously approved.

D. The Ohio State University and Caudill, Rowlett, and Scott

The Board of Trustees at its meeting on April 8, 1960, authorized the President to arrange for the employment of Caudill, Rowlett, and Scott for the completion of Stages 2 and 3 of the Campus Planning Study. Money for this work is appropriated in the amount of \$40,000.00 in Item 066, Campus Master Plan Study, H. B. 1124, and the money has been released by the Controlling Board.

The Director of Public Works in cooperation with the University has developed a contract to be entered into between Caudill, Rowlett, and Scott and the State of Ohio. Under the terms of this contract, Caudill Rowlett, and Scott is required to:

1. Formulate and recommend a single comprehensive master plan including:
  - a. a recommended arrangement and grouping of buildings,
  - b. a recommended circulation and parking plan,
  - c. a recommended land acquisition plan required to effectuate the other recommendations.
2. Make a preliminary study of the adjoining urban neighborhoods and submit proposals for study by others relative to developments in these neighborhoods that would be mutually advantageous to the neighborhoods and the University.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

D. The Ohio State University and  
Caudill, Rowlett, and Scott (cont.)

3. Submit a written report or series of reports, accompanied by necessary maps and charts, and furnish 25 copies of each to the Director of Public Works and 200 copies of each to the University.
4. Make an oral presentation of their recommendations to representatives of the State and the University.
5. Review and criticize current construction projects during the contract period and advise the University with respect to their compatibility with the master campus plan which is being developed.

The Office of Campus Planning of The Ohio State University is required under the terms of the contract to provide necessary information to Caudill, Rowlett, and Scott, make arrangements for meetings, and otherwise expedite the work. All work under the contract is to be completed within the period of 18 months.

It is recommended that the President be authorized to sign this contract on behalf of the University.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the above contract was unanimously approved by roll call vote.

E. The Ohio State University and the  
Midwest Council on Airborne Television

In October, 1959, the Midwest Council on Airborne Television Instruction announced details of a six-state experiment in educational television headquartered at Purdue University and jointly supported by grants from business, industry, and the Ford Foundation. Beginning January 31, 1961, a DC-6B airplane equipped with video tape machines and four television transmitters will circle over Montpelier, Indiana, at 23,000 feet, six hours per day, four days per week, beaming four separate but simultaneous lessons into the classrooms of cooperating school systems, colleges, and universities for the remainder of the 1961 academic year and throughout 1962.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

E. The Ohio State University and the  
Midwest Council on Airborne Television (cont.)

The Ohio State University is one of 18 institutions (including Bowling Green State University and Miami University) which have been asked to serve as an MCATI "Resource Institution" in order to maintain liaison between local institutions who utilize the airborne lessons and the Purdue headquarters to conduct educational television workshops and to coordinate the airborne activity with MCATI in the Central Ohio area.

The purpose of the MCATI project is to broaden the range and increase the quality of educational offerings in schools and colleges where resources are presently inadequate, to accomplish this quality upgrading at a lesser cost than is thought to be possible by other means, and to conduct the present experiment in such a manner that it may ultimately be sustained from local resources when philanthropic support ceases.

I therefore recommend that the President be authorized to negotiate and sign a Memorandum of Agreement between The Ohio State University and the Midwest Council on Airborne Television which in effect accomplishes the following:

Permits The Ohio State University to serve as a cooperating MCATI "Resource Institution" in Central Ohio, provides for the acquisition of new operating funds from MCATI on the order of \$12,000.00 (to augment those funds already approved for radio-television activities in the 1960-61 University budget) plus such additional MCATI funds as may be required for a comprehensive and thorough evaluation of the airborne experiment conducted under the guidance of the Bureau of Educational Research and Service of The Ohio State University.

Upon motion of Mr. Patton, seconded by Senator Bricker, the above agreement was unanimously approved by roll call vote.

III. GENERAL CONTRACTS AND AGREEMENTS (cont.)

F. International Cooperation Administration - College of Education - India

The Ohio State University has been under contract with the International Cooperation Administration since July 16, 1956, to assist in the development of a program in teacher education for secondary schools in India. The University is now requested by I. C. A. to consider an amendment to the contract for the purpose of providing technical assistance in the area of Guidance and Testing. This amendment sets forth the provision for sending to India one additional member of the faculty of the College of Education. The University will be reimbursed by I. C. A. for all expenses related to the project.

It is therefore recommended that the President be authorized to sign said amendment for and on behalf of the Board of Trustees.

Upon motion of Senator Bricker, seconded by Mr. Loop, the above amendment was unanimously approved by roll call vote.

IV. GIFTS

A. Received Through the Office of Business and Finance

1. \$15,000.00 from the Battelle Memorial Institute for the purpose of establishing a chair to be known as the Battelle Professor of Metallurgy.

Battelle Professor of Metallurgy

The Battelle Memorial Institute has agreed to make a gift of \$15,000.00 per year for a period of at least five years. The purpose of the chair will be to enhance and enrich the scientific foundations of instruction and research in the field of metallurgical engineering.

The objective during the early years will be to fill the chair with a visiting professor on a one-year basis, thus bringing new talent to the College of Engineering without making a permanent commitment until experience indicates that such a development might be desirable.

The establishment of this chair is recommended by the Dean of the College of Engineering and endorsed by the Vice President of Instruction and Research.

2. On October 13, 1958 the Board of Trustees accepted the bequest of Alice E. Nissen to be invested in accordance with the Board resolutions of September 2, 1958 pertaining to the University Investment Pool. We have now received this estate consisting of equities bonds and cash in the amount of \$93,803.96. The bequest provided for in Item 9 in the last will and testament of Alice B. Nissen deceased provides as follows:

The Alice E. Nissen Foundation

The Alice E. Nissen Foundation, established May 26, 1960 by a bequest from Alice E. Nissen, deceased, to be used to establish the Alice E. Nissen Foundation, to be administered by the Board of Trustees for the sole benefit of the University Counseling and Testing Center and any successor department, regardless of name or designation, succeeding to or assigned the character of work currently engaged in by this said center and in no event to be used as a scholarship fund. The purpose of this foundation is to enable students to be briefed and examined to determine for what occupation or profession the student may be best fitted.

IV. GIFTS (cont.)

B. Received Through the Development Fund

1. \$6,454.00 for the Leo Yassenoff Scholarship Fund.

Leo Yassenoff Scholarship Fund

The Leo Yassenoff Scholarship Fund was established May 27, 1960, by gifts through the Development Fund from 462 friends of Leo Yassenoff who chose to honor him in this manner for his many contributions of time and money to educational, religious and charitable organizations of the community.

The principal is to be invested under rules and regulations adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates. The income is to be used for scholarships to worthy students at The Ohio State University, to be awarded by the University Scholarship Committee or such successor committee or office as may in the future be constituted to award such scholarships.

In case the need for scholarships should cease to exist or so diminish as to create unused income, then the Board of Trustees may use said income for any purpose in its discretion.

2. \$9,000.00 from the Battelle Memorial Institute for the purpose of providing furnishings for the Graduate Student Laboratory in the new Chemical Engineering Building.
3. 100 shares of Mansfield Tire and Rubber Company common stock valued at \$1,312.50 from James H. Hoffman.

Upon motion of Senator Bricker, seconded by Mr. Rairdon, the foregoing gifts were accepted by unanimous vote.

C. Report from The Ohio State University Development Fund

I wish to report that in April, 1960, The Ohio State University Development Fund received gifts on behalf of the University as follows:

IV. GIFTS (cont.)

C. Report from The Ohio State University Development Fund (cont.)

	<u>No. of Gifts</u>	<u>Amount</u>
Alumni	15,719	\$139,864.54
Individuals Other Than Alumni	32	3,000.01
Non-Profit Organizations	13	14,421.03
Business Concerns	14	19,576.00
	<u>15,778</u>	<u>\$176,861.58</u>

Of these gifts, 14,654 totaling \$83,695.22 were undesignated and 1,124 totaling \$93,166.36 were designated.

- D. Upon motion of Judge Gorman, seconded by Mr. Rairdon, the Board by unanimous agreement requested the Secretary to record in the minutes that the air conditioners for the University Guest Suite were supplied by a generous gift from Messrs. Stanley Allyn and Thomas Patton.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. The Mershon Fund -- Education in National Security

In accordance with the proposals set forth by the Defense Studies Committee and reviewed by the Board of Trustees at the February and March 1958 meetings, the following budget goals for the utilization of resources from the civilian-military portion of the Mershon Fund were set forth:

for 1958-59	\$150,000
for 1959-60	\$250,000
for 1960-61	\$300,000

In pursuance of these goals the Mershon Committee on Education in National Security, under the chairmanship of Associate Dean Robert J. Nordstrom, and with the concurrence of Vice President Heimberger has proposed a budget for 1960-61. I hereby recommend that the Board of Trustees approve the following budget request and allocations not to exceed the amounts indicated with the understanding that expenditures will be approved and administered under the authority of the President and through the Office of the Vice President, Instruction and Research, subject to quarterly allotments:

Budget Request

Courses of instruction in national security policy, military history, the economics of national security, and Congress and foreign policy . . . . .	\$26,212.00
Five national security professorships	83,000.00
Conferences, lectures and publications	23,500.00
Fellowships and scholarships . . . . .	50,900.00
Research projects . . . . .	91,630.00
General program support: including administration, stenographic services, library, travel and supplies . . . . .	<u>24,711.00</u>
<b>Total</b>	<b><u>\$299,953.00</u></b>

V. APPROPRIATION AND TRANSFER OF FUNDS (cont.)

A. The Mershon Fund -- Education in National Security (cont.)

Resources

Allocation from civilian-military portion of Mershon Fund . . . . .	<u>\$299,953.00</u>
--	---------------------

I further recommend that an amount not to exceed \$53,000.00 be reallocated from the unspent portion of the appropriation for 1959-60 for the purpose of constructing a shock tunnel for interdepartmental research in the properties of plasmas with particular reference to flight and communication in space.

Upon motion of Judge Gorman, seconded by Senator Bricker, the above recommendations for appropriation and transfer of funds were unanimously approved by roll call vote.

B. Ice Rink

In order to provide a safe place for winter participation in ice skating on the part of the student body, the Physical Education program, intramural sports, and the hockey club, and to serve the University in the same manner in which the University Golf Course serves the University, it was decided to provide an artificial ice rink facility supported by an expenditure not to exceed \$307,000.00 from the General University Fund.

The General University Fund is to be reimbursed on a five-year loan basis at 4 per cent interest from the Student Facilities Fee Account at the rate of \$1.00 per student per quarter to be transferred from the Fee Account and returned to the General University Fund.

Upon motion of Senator Bricker, seconded by Judge Gorman, the transfer of money not to exceed \$307,000.00 from the General University Fund to G-2-R Ice Rink, H. B. 831 was unanimously approved by roll call vote.

VI. EXTRAS AND CREDITS TO CONTRACTS

Upon the request of the Council on Business Affairs and with the concurrence of the Cabinet, I recommend that the Extra Orders and Credit Orders to Contracts as outlined below be approved by the Board of Trustees and submitted to the Director of Finance, State of Ohio, for approval and allocation of funds from Item 850 Capital Improvements, H. B. 1124, (in accordance with the provisions of H. B. 1124) unless a source of funds in each case is otherwise indicated:

A. Married Housing Project No. 1

General Contract

It is recommended that in order to conform with the Post Office Department regulations, apartment type mail boxes be installed on the ground floor at the central stairway for the second-story apartments. This would require six 8-unit mail boxes for the six 16-unit buildings and three 6-unit boxes for the three 12-unit buildings in lieu of 66 single mail boxes for the 66 upstairs apartments in the project. Add      \$743.00

Electrical Contract

It is recommended that the necessary changes be made in the electrical wiring to provide for future air conditioning units. Provision would be made for one unit in the Living Room in the one-bedroom apartments and one unit each in the Living Room and Bedroom No. 1 in the two-bedroom apartments. The cost of the extra work is \$14,221.00. By making this change, certain cable and switches would not be necessary and a credit of \$480.00 would be realized. Net addition      \$13,741.00

Funds for these extras will be provided from Married Housing Project No. 1 construction Fund.

VI. EXTRAS AND CREDITS TO CONTRACTS (cont.)

B. College of Arts, Classroom Office Building

General Contract

It is recommended that the area within the contract limits north of the present sodded line be sodded in lieu of seeding this area as originally specified. Add \$1,323.00

C. College of Arts, Addition to Chemistry Building

Heating and Ventilating Contract

An existing pipe anchor prevents access to the new building through the tunnel access door provided under the contract. In order to correct this situation, it is recommended that the upper part of the existing anchor be cut off and removed and a new support and anchor for the 14" hot water line be provided in a different location. Add \$418.00

Electrical Contract

It is recommended that the following changes be made:

1. In lieu of 3 wall convenience outlets, provide conduit and wiring for 4 table top receptacles for 120-volt and 4 for 208-volt current in Room 318. Extra cost, \$80.00.
2. In lieu of 2 wall convenience outlets, provide wiring for 4 table top receptacles for 120-volt and 2 for 208-volt current in Room 320. Also, change circuit breaker and provide additional 12-circuit panel for this room. Extra cost, \$155.00.
3. In 22 laboratories, rearrange wiring for north table to serve drying oven, hood light, and 4 table top outlets. Extra cost, \$70.00.

VI. EXTRAS AND CREDITS TO CONTRACTS (cont.)

Electrical Contract (cont.)

4. Provide 3 wall recessed start-stop stations with pilot lights in Rooms 319, 320, and 420 for remote control of exhaust fan on roof. Extra cost, \$390.00.
5. Provide additional wall outlet in Supply Room 311. Extra cost, \$25.00.
6. Omit gas absorber chamber from transformer section of unit substation. Deduct, \$120.00.

Net addition

\$600.00

D. Animal Research Facility, College of Medicine

General Contract

It is recommended that the following changes be made:

1. Install double hollow metal doors and frame in lieu of single hollow metal door and frame at the service entrance from the loading dock to receiving entry on first floor rear. Extra cost, \$175.00.
2. Substitute plain flush panel doors for doors with transoms in four openings. Deduct \$10.00.
3. Change the solid panel door between main corridor and surgery corridor to double-acting door with a vision panel. Extra cost, \$40.00.
4. Add vision panel to existing door from main corridor to elevator entrance corridor. Extra cost, \$15.00.

VI. EXTRAS AND CREDITS TO CONTRACTS (cont.)

General Contract (cont.)

5. Delete the following items of hardware:

34 door closers  
22 each door pulls and push plates  
34 dead locks

Add the following items of door hardware:

15 spring latching locksets  
6 plain latch sets  
1 exit device  
7 door holders  
3 kick plates

Deduct \$920.00.

6. Provide light-proof seals for doors to radiology fluoroscopy Room 119B. Extra cost, \$90.00.
7. Provide small hollow metal door in penthouse wall, omit steel ladder and platform inside. Deduct \$100.00.
8. Provide heavy woven wire protective screen for separation of ground floor elevator machine area from hoistway. Extra cost, \$254.00.

Net deduction            \$456.00

E. Animal Science Building and Remodeling of Plumb Hall

General Contract

It is recommended that the old linoleum in Room 306 be removed and new linoleum flooring be installed and that the old linoleum in Rooms 304 and 305 be removed and new vinyl asbestos tile flooring and rubber base be installed in Plumb Hall.

Add            \$579.00

VI. EXTRAS AND CREDITS TO CONTRACTS (cont. )

E. Animal Science Building and Remodeling of Plumb Hall (cont.)

Refrigeration Contract

It is recommended that the cork partition between Refrigerated Rooms 0-13 and 0-14 in the Animal Science Building be relocated to increase the size of Room 0-14 to 10'6" in width to provide for newly developed curing equipment which will be used in these rooms Add \$92.00

F. Scholarship Dormitories, Phase IV

General Contract

Provision to substitute Airolite louvers No. 601-A-2 in lieu of Airolite louvers No. 560 in all bedroom doors is recommended. This change is proposed so that doors can be locked securely. Add \$86.00

Funds for this project are available in G-2-A Scholarship Dormitories, H. B. 831.

Upon motion of Mr. Ketner, seconded by Mr. Patton, the above recommendations individually and collectively were unanimously approved by roll call vote.

\* \* \*

VII. PLANS AND SPECIFICATIONS

With the approval of the Council on Business Affairs, and with the concurrence of the Cabinet, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Resurfacing Areas Around Communications Laboratory and Engineering Experiment Station

Funds for this project will be provided from Item 074 New Roads, Walkways, and Pedestrian Bridge, H. B. 1124.

B. Patching and Surface Treating of the Runways and Taxiways at Don Scott Field

Funds for this project will be provided from Item 074 New Roads, Walkways, and Pedestrian Bridge, H. B. 1124.

C. Exterior Lighting for Main Library and Ohio Union

Funds for this project will be provided from Item 081 Improvement of Existing Physical Plant, H. B. 1124.

D. Remodeling of the Air Conditioning System at The University Hospital

Funds for this project will be provided from K-11 Sale of St. Francis Hospital, H. B. 831 and the University Hospital Rotary.

E. Sidewalks - 11th Avenue to 15th Avenue on High Street

Funds for this project will be provided from Item 074 New Roads, Walkways, and Pedestrian Bridge, H. B. 1124.

F. Married Housing Project No. 2

Funds for this project will be provided from the Married Housing Project No. 2 Construction Account.

VII. PLANS AND SPECIFICATIONS (cont.)

- G. Repair of Plaster and Interior Painting of Hughes Hall, and part of Hagerty Hall, McPherson Chemical Laboratory, Starling-Loving Hall, and McCracken Power Plant

Funds for this project will be provided from F-1a, H. B. 831 and/or Item 81 Improvement of Existing Physical Plant, H. B. 1124.

- H. Exterior Painting of Twenty-Three Buildings

Funds for this project will be provided from F-1a, H. B. 831 and/or Item 081 Improvement of Existing Physical Plant, H. B. 1124 and/or Dormitory Revenue Account.

- I. Washing Interior Walls of McMillin Observatory, Stillman Hall, and part of McCracken Power Plant

Funds for this project will be provided from F-1a, H. B. 831 and/or Item 081 Improvement of Existing Physical Plant, H. B. 1124.

- J. Repairing, Replacing and Pointing Stonework--University School, Derby Hall and Pomerene Hall

Funds for this project will be provided from F-1a, H. B. 831 and/or Item 081 Improvement of Existing Physical Plant, H. B. 1124.

Upon motion of Judge Gorman, seconded by Mr. Rairdon, the above recommendations were unanimously approved by roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above-listed projects for and on behalf of the Board of Trustees. Vice President Carson was directed to follow normal University procedure in advertising for bids. If any satisfactory bids are received, the Vice President will proceed with the award of contracts to the lowest and best bidders and report to the Board of Trustees on this matter at a later meeting.

VIII. REPORT OF AWARD OF CONTRACTS

In accordance with authorization provided by the Board of Trustees, the contracts for the following projects have been recommended for award and the action is hereby reported to the Board.

A. Replacement of Induced Draft Fans on Boilers No. 5 and No. 8 in the Power Plant of The Ohio State University

Bids were received on May 10, 1960, and the award of contract to the low bidder was recommended as follows:

	<u>Low Bid</u>	<u>Est. of Cost</u>
(2 bids received)		
Limbach Company (Cols.)		
Base bid	\$29,385.00	\$48,900.00
Alt. 1 Add two-speed fan drive	10,985.00	9,200.00
	<u>\$40,370.00</u>	<u>\$58,100.00</u>

Funds for this project are provided in F-9, H. B. 831.

B. Expansion and Remodeling of The Ohio State University Police Station

The University Police Department has completely outgrown the existing police quarters. In order to strengthen the police communications system and to provide adequate facilities for round-the-clock police protection, it is necessary to move at once to remodel certain spaces in the present Service Building.

Because of the emergency nature of the project, the Controlling Board was requested to approve a release of funds and the employment of a contractor without competitive bidding.

Informal quotations were solicited with the result that the low bidder was Garwick and Ross, Inc., at \$8,600.00, compared with the estimate of cost of \$9,000.00.

Garwick and Ross, Inc., was therefore requested to proceed with the work on a force account basis.

Funds for this project are available in Item 081 Improvement of Existing Physical Plant, H. B. 1124.

VIII. REPORT OF AWARD OF CONTRACTS (cont.)

C. Construction of Sidewalks on Both Sides of the Stadium Drive Bridge

Bids were received on June 1, 1960, and the award of contracts to the low bidders was recommended as follows:

	<u>Low Bid</u>	<u>Est. of Cost</u>
<u>General Contract</u> (5 bids received)		
General Maintenance and Engineering Co. (Columbus, Ohio)	\$115,000.00	\$116,464.00
<u>Electrical Contract</u> (3 bids received)		
Gustav Hirsch Organization, Inc. (Columbus, Ohio)	<u>6,700.00</u>	<u>4,745.00</u>
	<u>\$121,700.00</u>	<u>\$121,209.00</u>

It is believed that no better bids would be received for the Electrical Contract by re-advertising; therefore, the Controlling Board will be requested to approve the award of this contract notwithstanding the fact that it is over the estimate of cost.

Funds for this project are provided in Item 074 New Roads, Walkways and Pedestrian Bridge, H. B. 1124.

D. Repairs to Concrete Curbs on the Streets on Campus

Bids were received on June 10, 1960, and the award of contract to the low bidder recommended as follows:

	<u>Low Bid</u>	<u>Est. of Cost</u>
(6 bids received)		
Coady Co., Inc. (Cols.)	\$25,380.00	\$30,000.00

Funds for this project are provided in Item 074 New Roads, Walkways and Pedestrian Bridge, H. B. 1124.

VIII. REPORT OF AWARD OF CONTRACTS (cont.)

E. Remodel McPherson Laboratory

Bids were received on May 24, 1960, and the award of contracts to the low bidders were recommended as follows:

	<u>Low Bid</u>	<u>Est. of Cost</u>
<u>General Contract</u>		
(7 bids received)		
Pence Electric Co. (Cols.)	\$109,780.00	\$ 89,000.00
<u>Heating and Ventilating Contract</u>		
(5 bids received)		
Limbach Co. (Cols.)	60,717.00	75,000.00
<u>Plumbing Contract</u>		
(4 bids received)		
G. E. Beery, Inc. (Cols.)	11,775.00	16,000.00
<u>Electrical Contract</u>		
(5 bids received)		
Blum Electric Co. (Cols.)	56,000.00	55,000.00
Total all contracts	<u>\$238,272.00</u>	<u>\$235,000.00</u>

The foregoing bids are regular in every respect, the lowest and best bids in their respective class and below the estimate of cost with the exception of the General and the Electrical Contracts. It is believed that no better bids would be received by readvertising these divisions. The Controlling Board has been requested to approve awarding these contracts without further competitive bidding. Since only one bid was received on the Equipment Division, it will be readvertised on a ten-day basis and the results reported at a later meeting.

Funds are provided for this project in Item 067 Remodel McPherson Laboratory, H. B. 1124, in the amount of \$325,000.00.

Upon motion of Senator Bricker, seconded by Mr. Patton, the above awards of contracts were approved and the action of the Vice President ratified by roll call vote.

XI. RESOLUTION IN MEMORIAM

A. Homer Carey Hockett

The Board of Trustees expresses its sorrow at the death on May 17, 1960, of Homer Carey Hockett, Professor Emeritus of History.

Dr. Hockett was born at Martinsville near Jamestown, Ohio, in 1875, the only son of Francis L. and Rachel Carey Hockett, birthright Quakers. After graduation at Jamestown High School he attended Earlham College, but left college for financial reasons, and for some years worked for The National Cash Register Company at Dayton. He was married to Amy Francisco, also of the Society of Friends, in 1900.

In 1900 the Hocketts went to the University of Wisconsin where Professor Hockett received his A. B. degree. He then taught at Central College, Fayette, Missouri, before returning to Wisconsin where he served as a graduate assistant and fulfilled the residence requirements for the Ph. D. He was intimately associated with Frederick Jackson Turner, noted historian of the American frontier. Professor Hockett then taught a summer term at the University of Illinois, after which he came to Ohio State where he served for thirty-three years. In 1916 he was awarded the Ph. D. degree at Wisconsin.

His published works include: The Political and Social Growth of the United States, a two-volume work (of which Professor Arthur M. Schlesinger, Sr., of Harvard was the author of the second volume) which was the most widely used college text in American history for some years. Originally published in 1925, it went through various changes in title: Introduction to Research in American History, originally published in 1931 and later augmented and issued under the title, The Critical Method in Historical Research and Writing; and A Constitutional History of the United States, 1776-1876, a two-volume work published in 1939. He was also the author of a monograph, Western Influences on Political Parties to 1825, published in 1917; numerous articles and reviews in historical journals; and a number of sketches in The Dictionary of American Biography.

Professor Hockett was known to a generation of undergraduate and graduate students at Ohio State as a fair but exacting teacher who was clearly the master of his subject. He showed interest in civic affairs

by serving as a member of the Worthington School Board and on the Gasoline Rationing Board during World War II. He was active in Methodist churches in Columbus and Worthington. He served as President of the Ohio State chapter of Phi Beta Kappa and as President of the Mississippi Valley Historical Association.

After his retirement from Ohio State in 1942, Mrs. Hockett and he moved to Santa Barbara, California, where she died in May, 1949. He was later married in February 1952 to Mrs. Flora Becks of Santa Barbara, who died in October, 1956. His last years were spent at Bartlesville near the home of his elder daughter. He is survived by four children, fourteen grandchildren, and three great-grandchildren.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XI. RESOLUTIONS IN MEMORIAM (cont.)

B. Thomas Herron Kerr

The Board of Trustees expresses its sorrow at the death on May 27, 1960, of Mr. Thomas Herron Kerr, Associate Professor Emeritus of Chemical Engineering in the Engineering Experiment Station.

Mr. Kerr was born in Worthington, Pennsylvania, on March 22, 1886. He was graduated from the Carnegie Institute of Technology with the Bachelor of Science Degree in Mechanical Engineering in 1909. In 1914 he accepted employment with The Ohio Fuel Gas Company as a Mechanical Engineer and worked for that Company for twenty-nine years. The last thirteen years of this service he was a Vice President of the Company and its Chief Engineer. He was retired from this position in 1943 and immediately joined the staff of the Engineering Experiment Station as a Fuels Consultant. He was made Research Associate Professor of Chemical Engineering in 1945 and retired in 1956.

Mr. Kerr was one of the engineering pioneers in the gas industry, entering it when there was little application of science and engineering. He left an indelible imprint on many of the practices which have made this industry grow in size and efficiency through the years. While all phases of gas engineering were a part of his responsibilities, his greatest interest was in gas measurement, and he designed some of the first practical meters for the measurement of large volumes of gases. At the Experiment Station his assignment was research on the production and use of Ohio liquid and gaseous fuels, and the results of his research were published in a bulletin on "Ohio Coal and Oil Studies" and a circular on the "History of Natural Gas in Ohio."

Mr. Kerr was a member of the American Society of Mechanical Engineers and The American Gas Association. From 1931 to 1936 he served as Chairman of a joint committee of the societies which was charged with the responsibility of preparing a code for gas measurement which has become the basis of most national and international work in this field.

Mr. Kerr is survived by his wife, Clarice; a brother, A. J. Kerr, of Pittsburgh; and a sister, Mrs. Charles Burnett, of Cincinnati.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

Dear Mr. Carson:

Confirming our mutual understanding, we are pleased to advise that this Bank, as Principal, together with the other Banks hereinafter named as Participants, will loan to The Ohio State University funds not exceeding in the aggregate the sum of \$6,250,000.00 to provide the interim financing required to defray the cost of that construction described in your letter of April 28, 1960 as being "(1) Married Housing Project No. 2, containing 100 one bedroom and 100 two bedroom apartments for married students, (2) Dormitory for Women, housing 486 women students, and (3) Men's Housing No. 1 and No. 2 and Dining Facility, housing and feeding 400 men students," which construction we will refer to collectively herein as the "Project".

Such loan shall be evidenced by a note or notes due on or before twenty-five (25) months after the date of the first disbursement thereof, such note or notes to be substantially in the form of a copy thereof hereto attached and marked "Exhibit A". The form of such note may be changed in such respects as may be required by The Housing and Home Finance Agency of the United States, herein referred to as H. H. F. A., provided no such change shall adversely affect the rights of the holder of such note or notes.

This commitment to make such loan is subject to the following conditions:

June 11, 1960 meeting, Board of Trustees

Mr. Gordon B. Carson, Vice President  
The Ohio State University  
Columbus 10, Ohio  
(cont.)

1. That The Ohio State University enter into a firm Loan Agreement with the United States of America, through the Housing and Home Finance Administrator, whereby, if a private purchaser cannot be obtained therefor, the Government will obligate itself to purchase bonds to be issued under the Trust Agreement between The Ohio State University and The Ohio National Bank of Columbus, Trustee, dated as of April 15, 1957, in an aggregate principal amount of \$2,550,000.00, of which \$1,200,000.00 face amount thereof shall be Series "F" 2-7/8% Bonds and \$1,350,000.00 face amount thereof shall be Series "G" 3-1/8% Bonds.
2. That the United States of America execute and deliver to The Ohio State University and its Board of Trustees all such other Statements of Intent and other documents required or permitted pursuant to the provisions of Title IV of the Housing Act of 1950 (P. L. 475, 81st Congress) and all amendments thereto, in form satisfactory to our counsel and counsel for the participating Banks.
3. That The Ohio State University enter into an agreement with us in form and substance satisfactory to our counsel and counsel for the participating Banks requiring that the University at or before the time limited therefor issue and sell to the public Series "E" bonds in the aggregate face amount of \$3,700,000.00, to be secured under the terms of the Trust Agreement above described, at such price, as, together with the proceeds of those bonds which H. H. F. A. shall have purchased or obligated itself to purchase, shall be sufficient to repay at maturity the principal and all accrued interest of the loan with respect to which this commitment is issued.
4. That interest at the rate of 3-1/4% per annum shall be payable quarterly from the date of the first disbursement of all funds disbursed on account of such loan.
5. That the University furnish us such assurances as our counsel shall deem satisfactory that (a) The Ohio State University can and will comply with all the terms and conditions of the Loan Agreement between it and the United States of America and the Trust Agreement between it and The Ohio National Bank of Columbus, Trustee; and

(b) that the United States of America, acting through H. H. F. A. , has approved the terms and conditions of the loan with respect to which this commitment is issued to the extent that such approval is required by the provisions of the Loan Agreement referred to above.

6. That we be furnished with an opinion from Squire, Sanders and Dempsey affirmatively stating that (a) the Board of Trustees of The Ohio State University possess the legal power, general or special, to authorize and make such loan, including the power to execute and deliver a note or notes evidencing the same in the form submitted herewith; to enter into a Loan Agreement or agreements; and to execute other documents evidencing and pertaining to the payment of such debt; (b) when executed and delivered, such note or notes will constitute the valid and binding obligation of The Ohio State University to pay the debt evidenced thereby in accordance with the terms thereof and of the Loan Agreement, and that all requirements imposed by law, State or Federal, to make such loan completely legal, have been fully complied with by the University and H. H. F. A. ; (c) the interest which will accrue on such note or notes and upon the bonds to be executed, sold and delivered as hereinabove required, under present statutes, decisions and rulings, is exempt from federal income tax.
7. That any and all construction contracts, the contractors employed, the performance and payment bonds required of them, as well as the bonding company issuing such performance and payment bonds incident to the construction of the Project be approved by us.
8. That such loan be disbursed as construction of the Project progresses only in such amounts as the architect in charge of such construction, from time to time, shall certify to us that materials, labor, and services in an amount equal to any requested disbursement have been incorporated in the Project or have been delivered to site for such incorporation.

9. That we be furnished with executed or certified copies of any and all documents entered into which pertain to the loan or any phase thereof, including, without limitation, the Loan Agreement, plans and specifications of the Project, and any construction contracts entered into with respect thereof.

You are advised that as Principal we will have the following banks participating with us in the loan:

The Central National Bank of Cleveland  
The City National Bank & Trust Company of Columbus  
The Cleveland Trust Company  
The First National Bank of Cincinnati  
The Ohio National Bank of Columbus  
The Toledo Trust Company  
The Winters National Bank & Trust Company of Dayton

Very truly yours,

C. Room, Board and Apartment Rental Rates (cont.)

FURTHER, BE IT RESOLVED, that the residents of the following residence halls and married housing, which are being financed in part by the Housing and Home Finance Agency, be charged rental rates, to be effective as the construction thereof is completed, pursuant to the following schedule (all quarterly rates are applicable to the Summer Quarter):

Married Housing Project No. 2 (apartment rental only)

One-bedroom apartments	\$79.50 per month
Two-bedroom apartments	89.50 per month
Air-conditioner (each)	4.00 per month

Dormitory "F" for Women

(Room and Board) \$275 per quarter

Men's Housing #1 and #2

(Room and Board) \$275 per quarter

Upon motion of Senator Bricker, seconded by Judge Gorman, the Resolution was unanimously adopted.

D. Parietal Rules for Married Housing

WHEREAS, by Section 8 of the Bond Resolution adopted by the Board of Trustees of The Ohio State University, said University and its Board of Trustees covenanted to adopt and maintain so long as any of the bonds authorized by the Bond Resolution were outstanding, such parietal rules as may be necessary to assure such occupancy and use of, and receipts from, the dormitory facilities as will pay the costs of maintenance and operation and provide for the payment of the principal of and interest on the bonds and other payments to special funds required by Section 9 of that Bond Resolution; and

WHEREAS, on June 11, 1960 said Board of Trustees pursuant to said covenant duly adopted these parietal rules and regulations; Therefore be it

RESOLVED, That the following are established as parietal rules and regulations of said University relating to its married housing facilities:

1. These rules and regulations are declared to be necessary in furtherance of the purposes of the University to provide educational facilities and education in the State of Ohio in that they are necessary in order to provide the credit required to construct necessary dormitory and married housing facilities of the University and do not conflict with efficient operation of the University as an educational facility of the State of Ohio.

2. To the extent any surplus space or facility should ever become available in the dormitory facilities of the University, and while any of the bonds authorized by said Bond Resolution remain outstanding and unpaid, it shall be the duty of the officers of The Ohio State University to enforce a rule requiring occupancy and use, to the extent practicable, of the dormitory facilities of the University by students attending the University, and this provision shall be considered as a rule for guidance for said officers.

3. The officers of the University having charge of any functions relating to operation of the dormitory facilities are hereby directed to utilize and to cause the utilization of the married housing facilities of the University in such manner that they will yield the maximum net revenues of which they are reasonably capable consistent with efficient operation of the married housing facilities and furnishing

of proper and adequate services to families for the rentals paid, and consistent with any obligation of the University to charge rates that are reasonable with relation to the cost of financing the dormitory and married housing facilities, all to the end that the bonds may be adequately serviced.

4. These rules shall be amended from time to time as the conditions arise so as to meet changing conditions and better to assure the fulfillment of the pledge of revenues to secure the said dormitory revenue bonds.

Upon motion of Senator Bricker, seconded by Judge Gorman, this resolution was adopted by unanimous vote.

E. Earnings Certificate Under Section 6(b) of Bond Resolution

WHEREAS, certain banks have agreed to advance funds for construction of Married Housing Project No. 2, Dormitory "F" for Women, Men's Housing #1 and Men's Housing #2 and Dining Facility as interim financing repayable from the proceeds of the Series E, F and G Bonds, when sold after July 1, 1962; and

WHEREAS, on the basis of the information submitted to it, the Board has determined that immediately after the end of the fiscal year ending June 30, 1962 there will be sufficient earnings from then existing dormitories together with estimated earnings from Married Housing Project No. 2, Dormitory "F" for Women, Men's Housing #1 and Men's Housing #2 and Dining Facility to meet the earnings coverage requirements for issuance of additional parity bonds provided in the Trust Agreement dated April 15, 1957; and

WHEREAS, a certificate delivered at that time showing such earnings coverage must be approved by the Board of Trustees, and in connection with the interim financing referred to above it is advisable to approve the form of certificate submitted to this meeting based on estimates of revenues as of July 1, 1962;

NOW, THEREFORE BE IT RESOLVED, that the following form of certificate of earnings be and is hereby approved:

THE OHIO STATE UNIVERSITY

Schedule of Expected Earnings Coverage under Section 6(b)  
of Bond Resolution as of July 1, 1962 for Issuance of  
Proposed \$6,250,000 Series E, F and G Bonds

Item No.

1.	Estimated net income from the present dormitory facilities for the fiscal year ending June 30, 1960 after excluding net income from River Road Housing which is to be abandoned.	\$ 903,046
2.	Adjustment in actual net income due to anticipated changes in schedule of rates and charges effective Autumn Quarter 1961 and operating costs. (Note 1)	109,360
	Estimated annual net income from facilities to be constructed with proceeds from Series C and D Bonds (Note 2)	
3.	Building No. 4, 11th Avenue Residence Halls for Men	119,233

10.	Ratio of total to maximum principal and interest requirements on Series A, B, C, D, E, F and G Bonds	<u>1.44</u>

Note 1: Schedule of rates increased an average of \$10.00 per quarter for single students and Operating Expenses increased 2% to give recognition to anticipated changes in Operating Costs.

Note 2: This estimated Net Income is computed in accordance with the present Trust Agreement on the basis of 95% occupancy and estimated expenses consistent with those experienced in similar existing facilities. 95% occupancy is consistent with experience to date.

Upon motion of Senator Bricker, seconded by Judge Gorman, this Resolution was unanimously adopted.

F. Construction Bank Account

RESOLVED, that either the President or Vice President, Business and Finance, on behalf of the University and this Board of Trustees are authorized to give such instructions as the officer acting shall, from time to time, deem advisable and consistent with the bond resolution, trust agreement and loan agreement with respect to the deposits in, or withdrawal from, application, disposition, or establishment of any account in The Huntington National Bank of Columbus (or other bank) and the deposit therein of the proceeds of sale of the Dormitory Revenue Bonds, Series E, F or G, or of loans effected as interim financing pending issuance of said bonds, and the Board hereby adopts such forms of resolutions as may be required by such bank to effect the foregoing.

Upon motion of Senator Bricker, seconded by Judge Gorman, this Resolution was unanimously adopted.

June 11, 1960 meeting, Board of Trustees

G. Abandonment of River Road Housing

WHEREAS, the University has determined that the following married housing due to high maintenance cost and other high costs of operation should be permanently abandoned as married housing:

All temporary surplus army barrack type buildings erected under terms of Lanham Act of 1946, housing married students and known as River Road Housing, and

WHEREAS, the occupants of said married housing being abandoned will be housed in permanent housing being constructed from the proceeds of bonds issued pursuant to the Trust Agreement with The Ohio National Bank of Columbus dated as of April 15, 1957 and the Supplement to the Trust Agreement dated as of January 1, 1959 the receipts from which are free from all prior liens, claims and encumbrances except as provided in said Trust Agreement and Supplement and the net income from which will exceed the net income from the housing being abandoned;

NOW, THEREFORE, pursuant to Section 8.01 of said Trust Agreement the University by its Board of Trustees hereby permanently abandons the use of said housing as follows:

On July 1, 1960: Temporary married student housing buildings designated as 582 Hess Road; 2596, 2599, 2617 and 2638 Clermont Drive; 580 and 569 Trumbull Road; 564, 565, 584 and 587 Huron Street; 505 Gallia Street, 2590, 2591, 2606, 2624 and 2631 Holmes Drive; 2580, 2581, 2594, 2595, 2599, 2604, 2605, 2616 and 2617 Putnam Drive; and 2638 Knox Street.

On July 1, 1961: Temporary married student housing buildings designated as 2670 and 2685 Defiance Road; 510, 511, 490, 491 Hancock; 2656, 2665 and 2676 Knox; 504, 522 and 523 Gallia Street; 509, 523, 537, 551, 569, 583, 599 and 611 Hess Road; and

determines that the same shall be deemed to be replaced by the permanent married housing now under construction having a capacity greater than the capacity of the housing being abandoned, and further determines that such permanent housing will produce greater net income than the housing being abandoned and will be free from all prior liens, claims and encumbrances except as provided in said Trust Agreement.

Upon motion of Senator Bricker, seconded by Judge Gorman, the above Resolution was unanimously adopted.

THIRD SUPPLEMENTAL TRUST AGREEMENT

THIS THIRD SUPPLEMENTAL TRUST AGREEMENT, dated as of the 15th day of October, 1960 (herein called the "Supplement"), by and between The Ohio State University and its Board of Trustees (herein called the "University"), a state university of Ohio, and The Ohio National Bank of Columbus, Columbus, Ohio (herein called the "Trustee"), a corporation duly organized and existing under and by virtue of the laws of the United States, as Trustee under the Trust Agreement dated as of April 15, 1957 hereinafter mentioned.

W I T N E S S E T H :

WHEREAS, the University, pursuant to the Original Bond Resolution, passed April 8, 1957, entered into a Trust Agreement dated as of April 15, 1957 with the Trustee and as of September 1, 1958 and January 1, 1959 respectively entered into First and Second Supplemental Trust Agreements (herein, collectively with the First and Second Supplements and this Supplement, called the "Trust Agreement") under which \$6,000,000 Series A and \$6,000,000 Series B Dormitory Revenue Bonds, dated April 15, 1957, and \$2,330,000 Series C and \$2,030,000 Series D Dormitory Revenue Bonds have been authorized and have been or will be issued and under which Additional Bonds (herein called "Additional Bonds") are issuable on a parity with the Series A, B, C and D Bonds and other Additional Bonds hereafter issued under certain conditions as provided in the Trust Agreement; and

WHEREAS, the University has in all respects complied with the provisions of the Trust Agreement so as to be entitled at this time to execute and to have authenticated and delivered by the Trustee Additional Bonds consisting of \$3,700,000 Series E Bonds, \$1,200,000 Series F Bonds and \$1,350,000 Series G Bonds; and

WHEREAS, the University further desires by this Supplement to provide for the issuance under the Trust Agreement of \$6,250,000 of Additional Bonds (herein called the Series E, F and G Bonds) as \$3,700,000 Dormitory Revenue Bonds, Series E, \$1,200,000 Dormitory Revenue Bonds, Series F, and \$1,350,000 Dormitory Revenue Bonds, Series G; and

WHEREAS, the Board of Trustees of the University has duly adopted on June 11, 1960, the Series E, F and G Bond Resolution providing for the Series E, F and G Bonds and this Supplement, which resolution, collectively with the Original Bond Resolution, is referred to as the Bond Resolution; and

WHEREAS, the Series E, F and G Resolution is as follows:

#### RESOLUTION

Providing for the issuance of \$6,250,000 The Ohio State University Series E, F and G Dormitory Revenue Bonds for the purpose of constructing and equipping Married Housing Project No. 2, Dormitory F for Women, and Men's Housing Nos. 1 and 2 as Additional Parity Bonds pursuant to Bond Resolution adopted June 11, 1960 and Trust Agreement dated April 15, 1957.

WHEREAS, the Board of Trustees of The Ohio State University (herein called the Board) is vested with the government of The Ohio State University (herein called the University or, when the context admits, collectively with

the Board called the University) by Section 3335.02 of the Revised Code of Ohio, with the right, under Section 3335.03 of said Revised Code, and as such Board, of suing and being sued, contracting and being contracted with, and of making and using a common seal and, under Section 3335.10 of said Revised Code, has general supervision of all lands, buildings and other property of the University and control of all expenses therefor; and

WHEREAS, by authority of Section 3345.07 of the Revised Code of Ohio, the Board is authorized to construct, equip, maintain and operate upon sites within, or in close proximity to, the campus of the University, buildings to be used as dormitories and as other suitable living quarters for students and members of the faculty and servants and wives and families of married students of said university and to pay for the same out of any funds in its possession derived from operation of any dormitories or other living quarters under its control or out of funds borrowed therefor and to borrow funds for such purpose upon such terms as said Board may deem proper and issue notes or other written instruments evidencing such indebtedness provided that such indebtedness shall not be a claim against or lien upon any property of the State or any property of or under the control of said Board excepting such parts of the receipts of the operation of any dormitories under control of the Board as it may pledge to secure the payment of such indebtedness and by authority of said Section 3345.07 the Board is also authorized to issue such notes or other obligations payable as aforesaid in order to retire or refund outstanding notes or other obligations matured or unmatured, to repay moneys previously borrowed or advanced under said section or to reimburse funds of the University for amounts used under said Section 3345.07; and

WHEREAS, the University determined by resolution adopted April 8, 1957 (herein called the Original Bond Resolution) to provide for the issuance of Dormitory Revenue Bonds and pursuant to the Trust Agreement dated April 15, 1957 with The Ohio National Bank of Columbus (herein, with the First, Second and Third Supplements, called the Trust Agreement), to pledge the net income of all the dormitory facilities now or hereafter under control of the University, including the dining halls constituting part thereof, and to provide in said Trust Agreement for the issuance of such Bonds (herein called the Bonds) as from time to time authorized subject to the conditions contained in said Trust Agreement and by the Original Bond Resolution and the Trust Agreement provided for the sale of an initial issue of \$12,000,000 consisting of \$6,000,000 Series A Bonds and \$6,000,000 Series B Bonds (herein called the Series A and Series B Bonds) and for the issuance from time to time as authorized by the Board of additional Bonds (herein called Additional Bonds) on a parity with said initial series; and

WHEREAS, there are presently outstanding \$6,000,000 principal amount of Series A Bonds and \$6,000,000 principal amount of Series B Bonds; and

WHEREAS, by the Second Supplemental Indenture provision was made for the sale of \$4,360,000 Additional Parity Bonds as \$2,330,000 Series C and \$2,030,000 Series D which are or will be outstanding; and

WHEREAS, the University has not pledged or encumbered the revenues from its dormitory facilities except as provided in the Trust Agreement; and

WHEREAS, the University has determined to sell a third issue of \$6,250,000 of Additional Bonds consisting of \$3,700,000 Series E Bonds, \$1,200,000 Series F Bonds, and \$1,350,000 Series G Bonds (herein called the Series E Bonds,

the Series F Bonds, and the Series G Bonds, respectively) all as provided in the Trust Agreement; and

WHEREAS, the Board by the adoption of this resolution has determined and confirmed that it is necessary to provide additional dormitory accommodations and dining facilities and married student apartments located on or in close proximity to the campus of the University and, accordingly, hereby declares and determines that it is immediately necessary to construct and equip additional dormitories known as Dormitory F for Women with accommodations for 486 women, Married Housing Project No. 2 with apartments for 200 families, and Men's Housing Nos. 1 and 2, with separate dining facility for those units, accommodating 400 men (said Women's, Married, and Men's Housing Facilities and all things incidental thereto being herein referred to as the Project); and

WHEREAS, said Project is to be constructed pursuant to plans approved by the Department of Public Works of Ohio, and prepared by the University Architect for said Dormitory F and Men's Housing, and by Tully & Hobbs, Architects, Columbus, Ohio, for the Married Housing; and

WHEREAS, the University has received estimates from its architect, and, accordingly, estimates the following as the costs of the Project

Cost of Construction, including Architectural and Engineering, Inspecting, Legal, Administrative and Construction Contingencies	\$5,569,950
Cost of Movable Equipment	360,000
Capitalized Interest	275,000
Additional Operating Reserve and Miscellaneous Contingencies	<u>45,050</u>
Total	\$6,250,000

and

WHEREAS, the University has determined to borrow the funds to pay the foregoing costs, and to solicit proposals for the purchase of \$3,700,000 Dormitory Revenue Bonds, Series E, by investment bankers or others to provide funds for movable equipment for, and for a portion of the other costs of, the Project and proposes to enter into a Loan Agreement with the United States acting through the Housing and Home Finance Administrator under which the United States would agree to purchase the \$1,200,000 Series F and \$1,350,000 Series G Bonds to provide funds for the costs of the Project other than movable equipment and costs not eligible for financing by the Housing and Home Finance Administrator.

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University:

Section 1. Purpose of Series E, F and G Bonds. It is hereby determined to be necessary to issue \$6,250,000 of Dormitory Revenue Bonds of the University pursuant to Section 3345.07 of the Revised Code of Ohio and the Trust Agreement dated April 15, 1957 for the purpose of paying the costs of the Project and of all things incidental thereto or incidental to the financing thereof, including repayment of moneys previously borrowed or advanced for the Project or restoring amounts used for the Project from other funds of the University available for dormitory purposes. Said Bonds, together with the \$6,000,000 Series A Bonds, the \$6,000,000 Series B Bonds, the \$2,330,000 Series C Bonds, the \$2,030,000 Series D Bonds and any other Additional Bonds issued pursuant to the Trust Agreement shall be payable as provided in Section 9 of the Bond Resolution from the net income of all the dormitory facilities (including married student housing facilities) now or hereafter under the control of the Board (including dining halls), located on or

in close proximity to the campus of the University and constructed, equipped, maintained and operated pursuant to said Section 3345.07 of the Revised Code of Ohio.

Section 2. Terms of Series E, F and G Bonds. Said \$6,250,000 of Dormitory Revenue Bonds shall be issued as \$3,700,000 Series E, \$1,200,000 Series F and \$1,350,000 Series G Bonds under this Resolution, the Original Bond Resolution, and the Trust Agreement, shall be entitled "The Ohio State University Dormitory Revenue Bonds", shall be dated as determined by the Fiscal Officer of the University and shall be issued as negotiable coupon bonds registrable as to principal, in the denomination of \$1,000, or as fully registered Bond or Bonds without coupons in denominations of \$1,000 or multiples thereof when and as requested by the Original Purchasers of such Bond or Bonds, shall be numbered as determined by a Fiscal Officer of the University, shall bear interest from their date, or from the last interest payment date preceding the date of issue, payable semi-annually on the fifteenth days of April and October of each year at the rates stipulated in its bid by the successful bidder and approved in writing by the President or Fiscal Officer of the University (or, in the case of Bonds purchased by the United States pursuant to Loan Agreement described below, at the rate specified in such Loan Agreement), and shall mature in the following amounts on October 15 of the following years:

The principal and interest of the Series E, F and G Bonds shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, at the principal office of the Trustee under the Trust Agreement (said Trustee at the time of issuance of the Series E, F and G Bonds being The Ohio National Bank of Columbus, Columbus, Ohio), or, at the option of the holder, at the principal office of Morgan Guaranty Trust Company of New York, in the Borough of Manhattan, City and State of New York except that interest on fully registered bonds is payable by check as provided in

the Trust Agreement, and principal on fully Registered Bonds may also be payable at such additional place or places, at the option of the holder as shall be designated by the Fiscal Officer of the University. The Series E, F and G Bonds are subject to call for redemption prior to maturity at the option of the Board on April 15, 1972 or on any interest payment date thereafter. Each such series shall be callable in the inverse order of the maturities of the Bonds of that series at par and accrued interest to the redemption date plus redemption premiums as follows:

4% if called April 15, 1972 to October 15, 1976, inclusive  
3% if called April 15, 1977 to October 15, 1981, inclusive  
2% if called April 15, 1982 to October 15, 1986, inclusive  
1-1/2% if called April 15, 1987 to October 15, 1991, inclusive  
0% if called thereafter.

If less than all the Series E, F or G Bonds of one maturity are to be called, the Coupon Bonds or portions of fully Registered Bonds of such series and of that maturity to be called shall be chosen by lot conducted by the Trustee under the Trust Agreement. Such call for redemption shall be made by notice, specifying the numbers of the Series E, F or G Bonds to be called, published by the Trustee on behalf of the University once a week for two consecutive weeks in a financial newspaper of national circulation published in the English language in New York City and in an English language newspaper of general circulation in Columbus, Ohio, the first publication to be not more than forty (40) nor less than thirty (30) days prior to the date of redemption. Any bonds thus called for redemption and for the retirement of which funds are deposited with said Trustee as provided in the Trust Agreement on or before the redemption date shall cease to bear interest on said redemption date. Except in the case of redemption of Bonds of a particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds

of each other series, then callable, are called at the same time.

The Series E, F and G Bonds shall have such other terms and conditions and shall be issued, executed and delivered as provided by the applicable provisions of the Trust Agreement.

Section 3. Sale of Series E Bonds. The \$3,700,000 Series E Bonds shall be offered for sale, by solicitation of proposals from investment bankers and others or by advertisement or both, to the highest bidder based on the lowest net interest cost, in such manner and on such terms as determined by the President or the Fiscal Officer of the University.

Section 4. Sale of Series F and G Bonds. The \$1,200,000 Series F Bonds and \$1,350,000 Series G Bonds shall be advertised for sale, awarded, issued authenticated and delivered pursuant to a Loan Agreement to be entered into with the United States of America acting through the Housing and Home Finance Administrator. The President of the University and the Secretary of the Board, and each of them, are authorized on behalf of the University to execute a Loan Agreement containing the standard terms of said Housing and Home Finance Administrator for loans to universities for dormitory construction (including waiver of the restrictions provided herein on call of Series F and G Bonds held by the United States) with such changes and amendments as the officer acting shall deem necessary and not substantially unfavorable to the University, and said officers and each of them are authorized to take any and all action necessary to carry out such Loan Agreement. Any of said Series F or G Bonds awarded to the United States pursuant to said Loan Agreement shall be sold to the United States at par and accrued interest to the date of delivery. Said Series F and G Bonds shall be sold as provided in the Loan Agreement and issued at one time or from time to time to

the Original Purchasers thereof upon written request of the Fiscal Officer of the University to the Trustee as provided in the Trust Agreement, provided that any Series F or G Bonds sold to the United States, acting through said Administrator, shall be issued at such time as shall be provided for in said Loan Agreement.

Section 5. Allocation of Proceeds of Series E, F and G Bonds. The proceeds from the sale of Series E, F and G Bonds shall be allocated and applied by the University as follows:

(1) The portion representing accrued interest to the Debt Service Fund provided for in the original Trust Agreement to be held by the Trustee, and the portion representing premium above par paid to the University for such Bonds, to the Debt Service Reserve Fund so provided for.

(2) From the proceeds of the Series E Bonds (a) such amount as is verified by the fiscal officer of the University to be needed for the purchase of movable equipment for the project to the "Equipment Fund" hereby established to be held and applied to provide such movable equipment for the project in the same manner as the Equipment Fund provided for in the original Trust Agreement with respect to the Series A and B Bonds and any balance in the Equipment Fund not needed for such purposes shall be transferred to the Construction Fund, and (b) to a separate account of the University such additional amount as shall be estimated by the fiscal officer of the University and approved by or on behalf of the Housing and Home Finance Administrator as necessary to provide for operation and maintenance expenses

of the project for the period of one year from the date of its first occupancy, to be held and applied to that purpose.

(3) To the University the amounts necessary to reimburse the University for amounts expended by it on construction of the project prior to issuance of the Series E, F and G Bonds.

(4) The balance to the Construction Fund to be held by the Trustee to complete construction of the project and to pay all incidental expenses of the project and the financing thereof (including the repayment of any amounts borrowed by the University to pay project costs and interest thereon, capitalized interest, legal, engineering, and administrative expenses, and inspection costs, and all other Project Development costs under the Loan Agreement). After payment of all said project costs the balance in the Construction Fund shall be applied as follows: 253/625 to retirement at par plus accrued interest in inverse order of maturity of Series F and G Bonds if any then held by the United States and the portion not needed for such retirement of Series F and G Bonds shall be transferred to the Debt Service Reserve Fund.

No part of the proceeds of Series F or G Bonds sold to the United States acting through the Housing and Home Finance Agency shall be used to pay costs (including cost of movable equipment or fees of a financial advisor) which, under the rules, regulations or practices of the Housing and Home Finance Agency, may not be paid from proceeds of bonds purchased by the United States through that agency, and proceeds of Series F and G Bonds purchased by the United States

as aforesaid shall be segregated in the Construction Fund to the extent necessary to effect the foregoing.

The Trustee shall apply said Construction Fund and Equipment Fund to the payment of such items as from time to time are requested in writing by a Fiscal Officer of the University. Such written request shall include a certification by such official that the amount to be paid from such Construction Fund or such Equipment Fund constitutes authorized payments from such fund under the foregoing provisions of this Section 5. If the payment is to be made with respect to an obligation under a construction contract relating to the Project, such written request shall further certify that such payment was certified as due under such contract by a qualified architect or engineer. If the payment is to be made from proceeds of Series F or G Bonds sold to the United States acting through the Housing and Home Finance Administrator, then (1) said certificate shall certify that the costs to which such payment is to be applied constitute costs which may be paid from such proceeds under the rules, regulations and practices of the Housing and Home Finance Agency, and (2) if the United States so acting shall purchase any of the Series F or G Bonds, and so long as it shall hold any thereof, such payment shall be subject to such prior written approval of a representative of said agency as may be required in writing by said Administrator.

The Equipment Fund and the Construction Fund shall be invested by the Trustee in such direct obligations of the United States as shall be directed in writing by the President or a Fiscal Officer of the University, which writing shall designate maturities and amounts which, as nearly as practicable, would, through maturities, provide funds when needed to pay costs for which the respective funds have been established. Such investments and the proceeds of sale thereof

shall constitute part of the fund from which the investment was made. Interest on such investments may be paid to the Dormitory Revenue Fund or applied to the purposes of the fund from which the investment was made as from time to time determined by a Fiscal Officer of the University. The said investments shall be sold, exchanged or collected from time to time as directed in writing by the President or a Fiscal Officer of the University and the Trustee shall be under no liability in connection with such investment, sale, exchange or collection thereof provided the directions of said officers are followed.

Section 6. Additional Bonds. (a) The Board shall have the right from time to time to issue Additional Bonds under the Trust Agreement if necessary to pay the costs of completing the Project or completing any projects for which Series E, F or G or additional Bonds, are issued. The Trustee shall authenticate and deliver such Bonds upon (but only upon) receipt of the documents required by Section 2.03 of the Trust Agreement. Nothing herein or in the Trust Agreement shall require any earnings coverage, or certificate with respect thereto, in connection with Additional Bonds issued for completion of a project.

(b) The Board shall also have the right from time to time to issue Additional Bonds under the Trust Agreement to provide funds for purposes authorized by Section 3345.07 of the Revised Code of Ohio, including construction and equipment by the University of buildings to be used as dormitories or as other living quarters or the refunding of outstanding bonds or notes issued under said Section 3345.07. The Trustee shall authenticate and deliver under the Trust Agreement Additional Bonds issued under this subdivision (b) if, (but only if), when such Additional Bonds are issued, the University shall have furnished to the Trustee

in addition to the documents required by Section 2.03 of the Trust Agreement, a certificate of the President and the Fiscal Officer of the University, approved by the Board of Trustees, (1) showing that (a) the actual net income from the dormitory facilities of the University (excluding net income from any dormitory facility which is to be abandoned or which is not suitable for continuous use as a dormitory facility for the term of such Additional Bonds) for the preceding fiscal year, as adjusted, if necessary, to reflect the schedule of rates and charges to become effective at the beginning of the next semester, quarter or other school period and to give recognition to any anticipated changes in operating costs; plus (b) the estimated annual net income of the dormitory facilities to be financed through the proceeds of the sale of such Additional Bonds will be equal to or greater than one and three-tenths (1.3) times the maximum amount to become due in any succeeding fiscal year for the payment of principal and interest charges on the Bonds then outstanding hereunder and on the Bonds then to be authenticated and delivered; (2) showing that, until the dormitory facility being constructed from the proceeds of the Additional Bonds, is ready for occupancy, funds then available from net income, bond proceeds, gifts, legacies, devises or grants or other sources for payment when due of principal and interest on the Bonds will be at least one and three-tenths (1.3) times the principal and interest requirements for that period; (3) showing that there were not included in net income any receipts against which there is any prior claim other than the use thereof for the operating expenses included in computing the net income; (4) furnishing such other information in support of the foregoing as may reasonably be requested by the Trustee; (5) showing that the computations of

estimates provided for above are based on an assumed occupancy of not more than 95% of capacity of the dormitory facilities in question.

The first call date on Additional Bonds shall not be earlier than the first call date on any issue of Bonds outstanding at the time of issue of such Additional Bonds.

Section 7. Terms of the Bonds Generally. As used in this Resolution, the term "Bonds" refers to the Series A, B, C, D, E, F and G Bonds and all Additional Bonds issued on a parity therewith under the Trust Agreement. The Bonds shall be designated The Ohio State University Dormitory Revenue Bonds, shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts to the United States of America, shall be negotiable instruments (except when registered), shall express upon their face the purpose for which they are issued, and shall be issued pursuant to Section 3345.07 of the Revised Code of Ohio. Unless otherwise provided by the Board, the Bonds shall be signed by the Chairman of the Board or bear his facsimile signature, shall be signed by the President of the University or bear his facsimile signature, shall be attested by the Secretary or the Treasurer of the Board, and shall be sealed with the seal of the University or a facsimile thereof, and interest coupons attached to the Bonds shall bear the facsimile signature of the Treasurer of the Board. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds or coupons shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. Except in the case of redemption of Bonds of a

particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time. The Additional Bonds shall bear such designations as may be necessary to distinguish them from the Series A, B, C, D, E, F and G Bonds or other Additional Bonds having different provisions and shall have maturities, interest rates, interest payment dates, redemption provisions, denominations, registration provisions, and other provisions as provided in the Resolution providing for issuance of the Additional Bonds, provided, however that such terms and provisions shall not be inconsistent with this Resolution, the Trust Agreement or the then outstanding Bonds. On the terms provided herein, in the Trust Agreement and in the Bonds, the Bonds shall be equally and ratably payable from and secured by pledge of, the receipts from the operation of all dormitory facilities now or hereafter under control of the Board including the dining facilities constituting a part thereof, after provision for reasonable and proper expenses of operation and maintenance of such facilities; and anything in this Resolution, the Bonds or the Trust Agreement to the contrary notwithstanding, neither this Resolution, the Bonds, nor the Trust Agreement shall be a claim against or a lien upon any property of the State of Ohio or any property of or under the control of the Board except the portion of said receipts pledged as provided herein; provided, however, that nothing herein shall be deemed to prohibit the University, of its own volition, from using, or pledging, to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution, or any of the bonds.

Section 8. Covenants of the University. The University covenants with the holders of the Bonds and with the Trustee under the Trust Agreement that (a) it will adopt and maintain so long as any of the Bonds are outstanding such parietal rules, and charge and collect such rental rates and charges, from time to time, as may be necessary to assure such occupancy and use of, and receipts from, the dormitory facilities as will pay the costs of maintenance and operation and provide for the payment of the principal of and interest on the Bonds and other payments to Special Funds required by Section 9 of this resolution; (b) from funds lawfully available, it will cause the Project and any project to be constructed from the proceeds of Additional Bonds to be completed and equipped in an efficient and economical manner with reasonable dispatch and in a manner consistent with the plans and recommendations of responsible architects and all applicable laws, ordinances and regulations; (c) subject to the right of abandonment under conditions provided in the Trust Agreement designed to prevent adverse effect of such abandonment on the expected earnings coverage of Debt Service, it will, from the dormitory receipts pledged under this resolution and as part of the operating expenses, maintain, preserve and keep the dormitory facilities in good repair, working order and operating condition and continuously operate the same on a revenue producing basis, and will apply the receipts therefrom only as provided in Section 9 of this Resolution and in the Trust Agreement; (d) it will furnish to the Trustee and the Original Purchasers of the Bonds within 120 days after the close of each fiscal year an annual report of the accounts (including each Special Fund provided for in Section 9 of this Resolution) and operations of the dormitory facilities prepared by qualified accountants approved by the Trustee; (e) it will keep proper books of record and accounts separate

from all other records and accounts, in which complete and correct entries will be made of all transactions relating to the dormitory facilities and will at all reasonable times permit the Trustee, the Original Purchasers or any holder or holders of 25% of the outstanding Bonds, or their authorized representatives, to inspect the dormitory facilities and any books, documents and vouchers relating thereto; (f) it will furnish heat, light, power, water and other necessary services to the dormitory facilities at not in excess of reasonable cost; (g) it will comply with all the terms and conditions of the respective Loan Agreements with the Housing and Home Finance Agency as long as the United States holds any of the Series B, D, F or G Bonds; (h) it will insure the dormitory facilities as required by the Trust Agreement and apply the proceeds of such insurance as provided therein; and (i) it will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement or the Bond Resolution.

Section 9. Application of Receipts; Special Funds. There was established by the Original Bond Resolution a Special Fund designated "Dormitory Revenue Fund," which fund shall be maintained in a bank account, or invested as herein authorized, in the name of the University separate and distinct from all other funds of the University and, subject to the withdrawals and uses herein authorized, is pledged to and charged with the payment of the principal, interest, and premium, if any, on all the Bonds issued under the Trust Agreement.

Under the Original Bond Resolution there shall be maintained in the Dormitory Revenue Fund, as an Operating Reserve, such amount as is from time to time certified by the Fiscal Officer of the University as adequate and necessary for working capital for operation and maintenance of the dormitory facilities;

provided, that such Operating Reserve shall not exceed one-fourth of the operating and maintenance expenses of the dormitory facilities for the preceding 12 months.

All receipts from dormitory facilities now or hereafter under the control of the Board, including the dining halls constituting part thereof, shall be deposited in the Dormitory Revenue Fund.

The Dormitory Revenue Fund, including the Operating Reserve, shall be applied to pay when due all reasonable and proper expenses of operation and maintenance (as defined in Section 11) of the dormitory facilities, excluding extraordinary repair and replacement expenses payable from the Contingency Repair and Replacement Fund and expenses of or provision for depreciation or capital replacement.

The remainder of the Dormitory Revenue Fund, after retaining therein the then current Operating Reserve and payment of said operation and maintenance expenses then due, shall be applied as provided in the Original Bond Resolution, namely, as follows and in the following order of priority:

First: Into the Debt Service Fund, to be held by the Trustee as a separate fund and used for the payment of principal and interest on the Bonds, the amounts provided in the Original Bond Resolution and in the Bond Resolution relating to the Series C and D Bonds for payment of principal and interest on the series A, B, C and D Bonds and, in addition, (1) on or before April 1 and October 1 of each year an amount equal to the interest due on the next ensuing interest payment date in that year on all Series E, F and G Bonds then outstanding; provided, that, the amount so payable on any such date into the Debt Service Fund shall be reduced by the amount then remaining in said Debt Service Fund from the accrued interest and from the funds deposited therein for capitalized interest

pursuant to Section 5 of this Resolution; (2) on or before April 1 and October 1 of each year, the equal semi-annual amounts necessary to provide for payment of any principal maturity in that year on Series E, F and G Bonds; (3) if Additional Bonds shall be issued under the Trust Agreement, such additional amounts and at such times as specified in the resolution authorizing such Additional Bonds, which amounts shall be not less than necessary to provide in the Debt Service Fund amounts, in addition to the amounts hereinbefore provided for the Series A, B, C, D, E, F and G Bonds, sufficient to pay in full interest and principal on all Additional Bonds then outstanding, as the same shall become due and payable provided that no payments need be made to the Debt Service Fund so long as the amounts in the Debt Service Fund and Debt Service Reserve Fund aggregate at least the total principal and interest payable on all Bonds then outstanding to the dates of their respective maturities.

Second: Into the Debt Service Reserve Fund, to be held by the Trustee as a separate fund for the payment of principal and interest on, and purchase or redemption of, the Bonds as herein provided, on or before April 1 and October 1 of each year and on such other dates as amounts are payable into the Debt Service Fund with respect to Additional Bonds, such amounts as are necessary to create and maintain in said Debt Service Reserve Fund the required reserve, namely, an amount equal to the maximum principal and interest requirements for any consecutive two-year period on all Bonds at the time outstanding;

Third: Into the Contingency Repair and Replacement Fund, to be held by the University as a fund separate and distinct from all other funds of the University, semi-annually on or before April 1 and October 1 of each year, or as soon thereafter as the required reserve has been established in the Debt Service Reserve Fund,

an amount equal to one-quarter of one per cent of the cost of construction on all dormitory facilities then under the control of the Board and 3 per cent of the cost of movable equipment for all such dormitory facilities, which fund may be used by the University to the extent necessary for payment of principal and interest on the Bonds or for extraordinary repairs and replacements to the dormitory facilities or for construction or equipping of additional dormitory facilities;

Fourth: On April 1 and October 1 of each year, to the foregoing funds, such amounts as may be necessary to make up any previous deficiency in any deposits required by the foregoing paragraphs of this section;

Fifth: So long as there is no deficiency in any of the deposits provided for in Paragraphs First through Fourth above and so long as the amounts in the Debt Service Reserve Fund are at least equal to the then required reserve, any amounts in the Dormitory Revenue Fund, after reserving therein the then current Operating Reserve, may be used for any purpose of the University for which such funds may lawfully be used.

The Debt Service Fund is irrevocably pledged to and shall be used by the Trustee for the payment of principal and interest on the Bonds and, until required for such purposes, shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing addressed to the Trustee, which writing shall determine that the maturity of the respective obligations is not later than the date on which such funds will be required for payment of such principal and interest. The Trustee shall transfer from the Debt Service Fund to the Paying Agents amounts sufficient to enable said Paying Agents to pay when due principal and interest on

the Bonds, or the Trustee shall make such credit arrangements with said Paying Agents as to permit such payments.

The Debt Service Reserve Fund is irrevocably pledged to, and shall be used by the Trustee for, the payment of principal and interest on the Bonds if other available funds are insufficient for that purpose and, to the extent herein provided, for purchase or redemption of Bonds. Until required for such purposes it shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing, which obligations shall mature not more than five years from the date of investment. The Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund such amounts as are necessary in addition to amounts available in the Debt Service Fund, including funds transferred from the Contingency Repair and Replacement Fund, to enable said Paying Agents to pay when due the principal and interest on the Bonds.

Any amounts in the Debt Service Reserve Fund in excess of the required reserve provided for in Paragraph Second above shall be used to purchase Bonds for retirement or to redeem Bonds then subject to redemption to the extent and in the manner from time to time requested in writing by the President and the Fiscal Officer of the University. In calculating at any time whether additional amounts are required to be paid into the Debt Service Reserve Fund under Paragraph Second above and in calculating the excess over the required reserve, no value shall be given to any investments of the fund other than direct obligations of the United States maturing within five years from the date of such calculation, but, in all other respects, such investments shall be valued at their face amount

or market value, whichever is lower.

The Contingency Repair and Replacement Fund is irrevocably pledged to, and shall be used by the University for, extraordinary repairs and replacements to the dormitory facilities or to construct or equip additional dormitory facilities or for the retirement of all then outstanding Bonds by purchase or redemption or for payment of the principal and interest by transfer to the Debt Service Fund as herein provided. The University shall transfer from the Contingency Repair and Replacement Fund to the Debt Service Fund such amounts as are from time to time necessary, in addition to the other amounts available in the Debt Service Fund and without use of the Debt Service Reserve Fund, to provide for the payment, when due, of the principal and interest on the Bonds and shall not use any of this fund for repairs or replacement or additional facilities if there is any deficiency in any of the deposits required to be made under sub-paragraphs First or Second of this Section. Until required for such purposes, the Contingency Repair and Replacement Fund may be invested by the President and the Fiscal Officer of the University in direct obligations of the United States maturing not more than five years from the date of investment.

Investments made pursuant to this Section 9 of any amounts in any Special Fund herein created and the interest thereon and the proceeds thereof shall constitute part of that Special Fund and be added to that particular fund. Such investments shall be sold, exchanged or collected from time to time as directed by the President and the Fiscal Officer of the University, and the Trustee shall be under no liability and have no responsibility in connection with such investment, or the sale, exchange or collection thereof, provided the directions of said officers are followed.

Section 10. Trust Agreement. In order to secure the payment of the principal and interest on the Bonds, the President of the University and the Chairman of the Board of Trustees, and each of them, are authorized to execute, acknowledge and deliver as may be appropriate the Third Supplemental Trust Agreement in substantially the form attached hereto, and the Secretary of the Board of Trustees is authorized to seal and attest the same, with such changes not unfavorable to the University as the officers acting shall deem advisable and the same shall be approved by the Original Purchasers of the Series E, F and G Bonds. The terms and provisions of the Trust Agreement are hereby confirmed and adopted and the terms of said Trust Agreement purporting to be applicable to the Series A and Series B Bonds or to the Project to be constructed from the proceeds of the Series A and Series B Bonds shall be deemed equally applicable to the Series E, F and G Bonds and the Project covered by this Resolution to the extent that the same are not inconsistent with the terms or provisions of this Resolution and the context so permits.

Section 11. Definitions. Where the context permits, the following terms as used in this Resolution or in the Trust Agreement shall have the following meanings: (1) "the Fiscal Officer" shall mean the Vice President, Business and Finance, of the University or any official or employee performing the duties of such officer for the time being. The Comptroller, or any official or employee performing the duties of such officer for the time being, shall also be "a Fiscal Officer" when the context so permits. (2) "Additional Bonds" shall mean bonds issued pursuant to the Trust Agreement in addition to and on a parity with the Series A, B, C, D, E, F and G Bonds, and "Bonds" shall mean both the Series A, B, C, D, E, F and G Bonds and Additional Bonds; (3) "Agreement" or "Trust Agreement"

shall refer to the Trust Agreement dated as of April 15, 1957 as from time to time supplemented pursuant to its terms; (4) "Dormitory Facilities" shall mean buildings, groups of buildings or parts of or additions to buildings, including the sites therefor, now or hereafter constructed acquired by or under the control of the Board and authorized to be constructed, equipped, maintained and operated by Section 3345.07 of the Revised Code of Ohio, including the dormitories, additions to dormitories, dining facilities, and married student housing facilities or projects located on or in close proximity to the campus; (5) "Net Income" shall mean all receipts of the operation of dormitory facilities after deducting therefrom the reasonable and proper operating and maintenance expenses thereof; (6) "Reasonable and Proper Operating and Maintenance Expenses" shall mean ordinary and usual reasonable expenditures necessary to the operation, repair and maintenance of the dormitory facilities including, without limiting the generality of the foregoing, taxes, fees and expenses of the Trustee and paying agents and any expenses required to be paid by the Bond Resolution or the Trust Agreement, but excluding provision or expenditure for depreciation or capital replacement or expenditures for administration or regulation of the occupants of the dormitory facilities which expenditures do not constitute costs of the type included as costs of operation of the dormitory facilities under the present accounting practice of the University or expenditures for extraordinary repairs or replacements or payments to the Debt Service Fund, Debt Service Reserve Fund or Contingency Repair and Replacement Fund; (7) "Trustee" refers to the Trustee under the Trust Agreement, presently The Ohio National Bank of Columbus; (8) Any reference to an officer of the University or of the Board in this Resolution shall refer to the person holding such office or, in the event of resignation, absence,

incapacity or vacancy in such office, then the person performing the duties of such office; any reference to Section 3345.07 of the Revised Code of Ohio shall, where the context permits, mean said section as it now exists and as it is from time to time amended, supplemented or affected by later legislation.

Section 12. General. The appropriate officers of the University and the Board, the architects and engineers employed by the University, and the Trustee designated in the Trust Agreement are authorized and directed to do all things necessary or proper to carry out the terms and provisions of this Resolution, the Trust Agreement, the Sale referred to in Section 3 above and the Loan Agreement referred to in Section 4 above, and to effect the execution sale and delivery of said Series E, F and G Bonds in accordance therewith if approved by the President and Fiscal Officer of the University. It may be required as part of the terms of sale of the Series E, F or G Bonds that prior to or at the time of delivery of either the Series E, F or G Bonds there shall have been executed and delivered contracts for construction of the principal portions of the Project and provisions shall have been made for obtaining sufficient amounts to pay all costs of the Project as estimated by the Project architect. The obligations imposed upon the University under this Resolution or the Trust Agreement are established as duties specifically enjoined upon the University, the Board and the officials of the University by law and result from their respective offices, trusts or stations within the meaning of Section 2731.01 of the Revised Code of Ohio.

Whereas, the texts of the Series E, F and G Bonds and the coupons, if any, to be attached thereto and the authentication certificate of the Trustee

to be endorsed thereon are to be substantially as follows:

(Form of Coupon Bond)

The form of Coupon Bond shall be identical with the form of Coupon Bond set forth in the Trust Agreement dated as of April 15, 1957 except that there shall be substituted in such form in lieu of the corresponding paragraphs and Trustee's Certificate and corresponding coupon form in said Coupon Bond the following paragraphs and coupon form:

\* \* \* \* \*

This Bond is a Series \_\_\_\_\_ Bond and is one of a duly authorized issue of \$6,250,000 of Dormitory Revenue Bonds, consisting of \$3,700,000 Series E Bonds, \$1,200,000 Series F Bonds, and \$1,330,000 Series G Bonds of the University, issued and to be issued from time to time, pursuant to Section 3345.07 of the Revised Code of Ohio and the Resolutions of the Board of Trustees of April 8, 1957 and June 11, 1960 (herein collectively called the "Bond Resolution") for the purpose of paying the costs of constructing and equipping certain dormitory facilities and secured by Trust Agreement dated as of April 15, 1957 and First, Second and Third Supplemental Trust Agreements between the University and the above-named Trustee (herein collectively called the "Agreement").

The University hereby reserves the right to call and redeem the Bonds of this series prior to maturity as a whole, or in part, in inverse order of maturity, on any interest payment date on or after April 15, 1972, upon terms of par and accrued interest to the redemption date plus redemption premiums as follows: four per cent (4%) if redeemed 1972 to

1976, inclusive; three per cent (3%) if redeemed 1977 to 1981, inclusive; two per cent (2%) if redeemed 1982 to 1986, inclusive; one and one-half per cent (1-1/2%) if redeemed 1987 to 1991, inclusive; and without premium if redeemed after 1991. If less than all the Bonds (or parts of Registered Bonds) of one maturity and of one series are to be called, the Coupon Bonds or portions of fully Registered Bonds of such series and of that maturity to be called shall be chosen by lot by said Trustee. Except in the case of redemption of a particular series from surplus proceeds of that issue as provided in the Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time.

\* \* \* \* \*

The Series A, B, C, D, E, F and G Bonds, together with such Additional Bonds as may be issued on a parity therewith under said Agreement, are, and are to be, secured only, but equally and ratably without priority one over another by reason of number or of date of Bond, sale, execution or delivery, by the Agreement, creating a prior pledge of the receipts of all dormitory facilities now or hereafter under the control of the Board of Trustees as defined in the Agreement after provision only for reasonable operating and maintenance expenses thereof.

This Bond, designated Dormitory Revenue Bond, \_\_\_\_\_ (herein referred to as the Bond), is issued in lieu of an issue of a like principal amount of serial coupon bonds of similar designation maturing in the amounts and on the dates of the above installments, bearing interest at the same rate and each in the denomination of \$1,000, and with the above coupon bonds, is authorized to be issued, pursuant to Section 3345.07 of the Revised Code of Ohio and the resolutions of the Board adopted April 8, 1957 and June 11, 1960 (herein collectively called the Bond Resolution) and the Supplemental Trust Agreement described below, for the purpose of paying the costs of constructing and equipping certain dormitory facilities and repaying advances made for that purpose and is secured by Trust Agreement dated as of April 15, 1957, as supplemented by the First, Second and Third Supplemental Trust Agreements between the University and The Ohio National Bank of Columbus as Trustee (herein called the Trust Agreement). This Bond is exchangeable at the sole expense of the University at any time, upon 90 days' notice, at the request of the registered owner hereof and upon surrender of this Bond at the office of the Trustee, together with an assignment and instructions duly executed by the registered owner in such form as shall be satisfactory to the Trustee, for Coupon Bonds authorized by the Trust Agreement bearing interest payable on the same dates and at the same rate and maturing in the same amounts and on the same dates as the then unpaid installments of this Bond, with coupons attached representing all unpaid interest due or to become due thereon, or

for single maturity registered bonds without coupons authorized by the Trust Agreement bearing interest payable on the same dates and at the same rate and maturing in the same amounts and on the same dates as the then unpaid installments of this Bond.

\* \* \* \* \*

The Series A, B, C, D, E, F, and G Bonds, together with such Additional Bonds as may be issued on a parity therewith under said Agreement, are, and are to be, secured only, but equally and ratably without priority one over another by reason of number or of date of Bond, sale, execution or delivery, by the Trust Agreement, creating a prior pledge of the receipts of all dormitory facilities now or hereafter under the control of the Board of Trustees as defined in the Trust Agreement after provision only for reasonable operating and maintenance expenses thereof.

Trustee's Certificate

This Bond is one of the Bonds described in the within mentioned Trust Agreement as supplemented by Third Supplemental Trust Agreement dated as of October 15, 1960.

THE OHIO NATIONAL BANK OF COLUMBUS,  
Trustee

By \_\_\_\_\_  
Authorized Officer

NOW, THEREFORE, THIS SUPPLEMENTAL TRUST AGREEMENT, WITNESSETH that in order to secure the payment of the principal of and interest on the Bonds according to their true intent and meaning, and to secure the performance and observance of all covenants and conditions therein and herein, in the Bond Resolution and in the Trust Agreement contained, and for and in consideration of the premises and of the purchase and acceptance of the Bonds by the holders thereof from time to time, and the acceptance by the Trustee of the further trusts hereby created, and for other good and valuable considerations, the receipt of which is hereby acknowledged, the University has executed and delivered this Third Supplemental Agreement.

IN TRUST, NEVERTHELESS, upon the terms and trusts in the Trust Agreement and in this Supplement set forth for the equal and proportionate benefit and security of all present and future holders of the Bonds and appurtenant coupons issued or to be issued under and secured by the said agreements, without preference, priority or distinction, as to lien or otherwise, of any one bond or coupon over any other by reason of priority in the time of the issue or negotiation thereof or otherwise, except as may be otherwise expressly provided in said Trust Agreement.

AND IT IS HEREBY COVENANTED AND DECLARED by the University with the Trustee and its successors in the trust under the Trust Agreement for the benefit of those who shall hold such Bonds and appurtenant coupons at any time issued and outstanding under the Trust Agreement as follows:

Section 1. Incorporation of Bond Resolution. The Bond Resolution is hereby made a part of this Supplement and of the Trust Agreement.

Section 2. Form, Execution and Delivery of Series E, F and G Bonds.

The Series E, F and G Bonds shall be executed, authenticated and delivered as provided herein, and said Series E, F and G Bonds, the coupons to be attached thereto, and the certificate of authentication of the Trustee to be endorsed thereon shall be substantially in the form provided herein with any necessary modifications to conform hereto and to any requirements of the Housing and Home Finance Agency if the United States purchases any of said Series F or G Bonds.

Section 3. Proceeds of Sale. The proceeds from the sale of the Series E, F and G Bonds shall be applied as provided in the Bond Resolution.

Section 4. Concerning the Trustee. The Trustee hereby accepts the trusts hereby declared and provided and agrees to perform the same upon the terms and conditions in the Trust Agreement and in this or any other Supplement set forth.

The Trustee shall not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this Supplement or the due execution thereof by the University, nor for or in respect of the recitals herein contained, all of which recitals are made by the University solely. In general, each and every term and condition contained in the Original Trust Agreement shall apply to this Supplement, with such omissions, variations and modifications thereof as may be appropriate to make the same conform to this Supplement.

IN WITNESS WHEREOF, the Board of Trustees has caused this Third Supplemental Trust Agreement to be executed and The Ohio National Bank of Columbus, Columbus, Ohio, as Trustee, in token of its acceptance of the trusts created hereunder, has caused this Third Supplemental Trust Agreement to be executed and has caused its seal to be hereunto affixed all as of the day and year first above written.
