NOW BE IT RESOLVED, that the Vice President for Business and Finance be authorized to proceed with the purchase of the following described real estate as soon as funds are available from S. B. 370 or other authorized sources of funds designated for this purpose and, in the event negotiations should fail, that pursuant to his statutory authority, the Director of Public Works for and on behalf of said Board of Trustees, be requested to take steps to acquire by condemnation, for the State of Ohio, and said University, the following described real estate located in Columbus, Franklin County, Ohio:

Lot No. 19, John A. Evan's College View Addition, Columbus, Franklin County, Ohio, and commonly known as 1603-1605 Hunter Avenue. The owner of record is Pioneer Fund, Inc.

Lot No. 1, and part of Lot No. 2, University Heights Addition, City of Columbus, Franklin County, Ohio, and commonly known as 1662 Neil Avenue and 265 West Eleventh Avenue. The owner of record is Donald J. Hoskins, et al.

Upon motion of Mr. Ketterer, seconded by Mr. France, the above resolution was approved by unanimous roll call vote.
IX. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

E. Purchase of Buildings and Property, 71 West Eleventh Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Joseph Lanman at a price of $31,000.00:

Property known as 71 West Eleventh Avenue, being Lot #35, College Place Addition, City of Columbus, County of Franklin, State of Ohio.

Funds are available in Item 315-009 Campus Loop Road, S. B. 370.

Upon motion of Mr. Dargusch, seconded by Mr. France, the above recommendation was unanimously approved by roll call vote.

F. Purchase of Buildings and Property, 244 West Ninth Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Ned E. Eller and Emily Eller at a price of $16,000.00:

Funds are available in Item 315-009 Campus Loop Road, S. B. 370.

Upon motion of Mr. Dargusch, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

X. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Ralph Albert Knouff, Professor Emeritus of Anatomy, and J. Wayne Ley, Professor, Department of Business Organization, and former Associate Dean of the College of Commerce and Administration. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. Ralph Albert Knouff

The Board of Trustees expresses its sorrow at the death on January 5, 1965, of Ralph Albert Knouff, Professor Emeritus of Anatomy.

Dr. Knouff was born in Centerburg, Ohio, in 1890. After receiving his B.A. degree in 1915 and his M.A. degree in 1916 from The Ohio State University, he completed his college work at the University of Chicago, where he received his Ph.D. in Anatomy in 1927. His teaching career with The

A. Ralph Albert Knouff (continued)

Ohio State University began in 1915 when he was appointed an Assistant in Physiology and the next year he was an Assistant in Anatomy. In 1917 Dr. Knouff joined the staff of the Department of Anatomy and served as an Instructor from 1917 to 1921; Assistant Professor from 1921 to 1928; Associate Professor from 1928 to 1931; and Professor from 1931 to 1961. He was made Professor Emeritus in 1961. For 14 years, from 1943 to 1957, Dr. Knouff served as Chairman of the Department of Anatomy. The quintessence of his teaching career came in his retirement year 1961, when he received the Alumni Award for Distinguished Teaching.

Dr. Knouff's teaching and research interests were predominantly in the field of microscopic anatomy. He was an authority on comparative histology and anatomy and was an excellent embryologist. He had a deep knowledge in histo-chemistry, cytology, and general histology and was the author and co-author of many scientific articles in these areas. His greatest pride and constant concern and interest throughout his life was microscopic anatomy with all the sciences related to it. He helped to lay a good foundation of histology upon which the present program has been built and is currently being expanded.

Dr. Knouff was an avid reader of scientific literature. His spirit of inquiry was rewarded by an amazing fund of broad knowledge, especially in histology and embryology. Discussions with him on a variety of subjects were always challenging and stimulating. His broad background of preparation and his fine personality made him a wise counselor and guide for students. Professor Knouff's friends and fellow faculty members respected this cultured, high-principled gentleman, renowned and honored teacher, and revered research colleague for his sincerity of purpose, thoroughness, integrity, and inspiration.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

B. J. Wayne Ley

The Board of Trustees expresses its sorrow at the death on January 15, 1965, of J. Wayne Ley, Professor, Department of Business Organization, and former Associate Dean of the College of Commerce and Administration.

Professor Ley was born in Newcomerstown, Ohio, on January 3, 1900. He received his B.Sc. degree from The Ohio State University in 1923 and his LL.B. degree from the Harvard Law School in 1927.

Before joining the University faculty as an Instructor in 1928, Professor Ley held high school teaching positions at East Akron and Logan. He also practiced law in Columbus from 1928 to 1933. In 1934 he became Division Counsel for the National Recovery Administration in Washington, D. C.

B. J. Wayne Ley (continued)

Professor Ley returned to Ohio State in 1936 to assume a faculty position as Assistant Professor in the Department of Business Organization. During 1936-1937 he also served as the Senior Attorney for the Resettlement Administration in the Department of Agriculture. He was promoted to the rank of Associate Professor and Secretary of the College in 1938 and served in these positions for five years. During 1943 he was appointed Assistant Dean of the College and in 1946 was promoted to Professor and Associate Dean. Professor Ley returned to full-time teaching during 1959 after sixteen years as Assistant and Associate Dean.

He was a member of the Ohio State Bar Association, American Bar Association, Masonic Order, North Broadway Methodist Church, and Theta Chi, social fraternity. He was admitted to practice before the United States Supreme Court.

While in administration, Professor Ley made a substantial contribution to the continued progress of the College and University. In his business law and insurance courses he earned a reputation as a conscientious classroom teacher, demonstrating a devotion to his students and subject matter. Professor Ley's dedication to the College and University was recognized and respected by those in the academic community.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

XI. REPORTS

A. Reports from the Finance and Investment Committee

1. Appointment of Investment Counsel

In September, 1964, the Finance and Investment Committee met with all members of the Board as a committee of the whole, and a decision was made to review and study the matter of the retention of investment counsel to serve in connection with the management of the University Investment Portfolio.

As Chairman of the Finance and Investment Committee, and based upon action taken by that Committee, Mr. Loop presented the following recommendation:
February 11, 1965 meeting, Board of Trustees

XI. REPORTS (continued)

A. Reports from the Finance and Investment Committee (continued)

1. Appointment of Investment Counsel - Recommendation by Mr. Loop (continued)

It is hereby recommended that the firm of Scudder, Stevens and Clark, 320 Park Avenue, New York City, be engaged effective March 1, 1965, to provide investment counsel to the Board of Trustees and the University officials in the management of the University Investment Portfolio. It is understood that Scudder, Stevens and Clark are to provide counsel, statistical data on the University's portfolio and its performance, and recommendations for the prudent management thereof. It is understood, however, that the control and ultimate decision making for the investment portfolio shall remain with the Finance and Investment Committee and the Board of Trustees. The term of appointment is indefinite and understood to be on a month-to-month basis so that either party may cancel the arrangement upon thirty days' notice. The cost of the service will be computed quarterly, based on the portfolio market value at the beginning of each quarter. Charges will be calculated using a $15,000.00 annual fee up to $15,000,000.00 of portfolio value plus 0.05% of additional value, excluding static investments, and short-term investments. The Vice President for Business and Finance is authorized to proceed to establish the agreement with Scudder, Stevens and Clark on the basis of the foregoing delineation of services and responsibilities.

Upon motion of Mr. Loop, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

2. Report on the University's Investment Portfolio

The report on the status of the University's Investment Portfolio dated January 31, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees, was received and ordered to be filed with the official records of the Board.

B. Report on Highlights of Campus Activities

In concluding the meeting, President Fawcett reviewed some of the significant activities of the University and reported on some special recognitions which have come to the University and its faculty and staff. Some references included in the Report, which is filed with the official records of the Secretary, were as follows:
B. Report on Highlights of Campus Activities (continued)

1. A committee of five faculty members has begun the development of educational plans for a two-year general college at The Ohio State University. Creation of the general college is expected to change essentially the nature of this institution. The committee, now meeting three times each week, is headed by Professor Richard Zimmerman of the Mechanical Engineering Department. Other members of the committee are: Professor Elmer F. Baumer, Department of Agricultural Economics and Rural Sociology; Professor Robert C. Fisher, Department of Mathematics; Professor Edwin W. Robbins, Vice Chairman of the Department of English; and Professor Delos D. Wickens, Department of Psychology. The group serves under Vice President for Instruction, Dr. John C. Weaver. The proposed $290 million Ohio bond issue recently announced by Governor Rhodes earmarks $12.5 million for a start on the two-year college program.

2. About 40 central Ohio industrialists met here January 22 with one of the Nation's top space experts, Dr. George E. Mueller of Washington, D. C., who directs the manned space flight program, including the proposed lunar landing for the National Aeronautics and Space Administration, was visiting the campus. Dr. Mueller was on the engineering faculty here for 10 years.

3. Ohio State has begun a study aimed at determining the feasibility of establishing an International Center for Medical Research and Training at an African university. The study is being financed by a $12,000.00 grant from the U. S. Public Health Service, which also would underwrite cost of the Center should one be organized.

4. Approximately 460 high-ranking undergraduate scholars will be honored at the University's eighth annual President's Scholarship Recognition Dinner on February 23, and Mr. Frederick R. Eckley, Executive Vice President of American Telephone and Telegraph Company, will present the address.

March 11, 1965 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Proposal to Grant the Master of Architecture Degree

The Faculty Council on February 9, 1965, upon the recommendation of the Council on Instruction approved for transmittal to the Board of Trustees and the Board of Regents the recommendation that the Graduate School be authorized to grant the degree--Master of Architecture.

The proposed Master of Architecture degree is built upon five years of intensive undergraduate study in architecture. The curriculum for the proposed master's degree provides a program of advanced professional education in a range of architectural specialities, including such areas as architectural design, architectural photogrammetry, control of architectural environment, building construction, and architectural education. The proposed new graduate degree will provide opportunity for the development of creative abilities and their application to the solution of complex architectural problems. Twenty-seven other universities grant the Master of Architecture degree: the University of Illinois, University of Michigan, University of Minnesota, University of California at Berkeley, Harvard University, and Massachusetts Institute of Technology are among the schools granting this degree.

The School of Architecture and Landscape Architecture at The Ohio State University is one of five institutions in the Nation which offers the three design-oriented programs--architecture, landscape architecture, and city planning. No other university in the State of Ohio grants the Master of Architecture degree. The new program can be accomplished within the present faculty and physical resources of the School of Architecture and Landscape Architecture.

It is therefore recommended that the above proposal to grant the degree, Master of Architecture, be approved by the Board of Trustees and pursuant to Section 3333.04 Revised Code of Ohio the proposal for the new degree be forwarded to the Ohio Board of Regents; and further, that subject to the approval of the Board of Regents that this action become effective Summer Quarter, 1965.

Upon motion of Mr. France, seconded by Mr. Bricker, the above recommendations were approved by unanimous roll call vote.
March 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Degrees Conferred - Winter Quarter Commencement Convocation

It is recommended that degrees be conferred at the Winter Quarter Commencement Convocation on March 19, 1965, to those students who have completed requirements for their respective degrees and are recommended by the Faculty Council. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix III, page 373.)

Upon motion of Mr. Ketterer, seconded by Mr. Dargusch, the above recommendation was approved by unanimous roll call vote.

C. Naming of Building - The Aeronautical and Astronautical Research Laboratory

Upon the proposal of Mr. Frederick Stecker, Executive Director for University Relations, after consultation with Dean Harold A. Bolz, College of Engineering, and the chairman and faculty of the Department of Aeronautical and Astronautical Engineering, it is recommended that the new building at 3300 Case Road, referred to in the planning stages as the "Aeronautics and Missile Propulsion Laboratory," be officially named "The Aeronautical and Astronautical Research Laboratory."

This proposal has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. Loop, seconded by Mr. Ketterer, the Board of Trustees by a unanimous roll call vote approved the naming of the building located at 3300 Case Road as "The Aeronautical and Astronautical Research Laboratory."

D. Revision of Policies Governing the Admission of Students

The Ohio Board of Regents has recommended to the General Assembly of Ohio the appropriation of funds to assist in the support of 40,100 full-time equivalent students on the Columbus main campus of The Ohio State University for the 1965-1966 academic year and the appropriation of funds to assist in the support of 4,750 full-time equivalent students enrolled in branch programs of the University for the same period. (The Autumn Quarter full-time equivalent enrollment [FTE] is defined by the Board of Regents as 15 credit hours for undergraduate students, 12 credit hours for graduate students, and the number of persons enrolled in the professional colleges. The FTE is divided by three for the Summer Quarter, and it is averaged for the branch students over the three quarters of the academic year.)

It is estimated by the Ohio Board of Regents that the enrollment in Ohio colleges and universities will increase by 24,000 in 1965-1966. Another statistic pertinent to our problem has been released by the Ohio Department of Education. The Department has estimated that the number of high school graduates in Ohio in June, 1965, will be 133,349 as compared with 109,524 in June, 1964.
March 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

D. Revision of Policies Governing the Admission of Students (continued)

For the past several years slightly more than 6 per cent of the high school graduates in Ohio have enrolled as new freshmen on the Columbus campus of The Ohio State University for the Autumn Quarter following their graduation. It is, therefore, expected that approximately 8,200 new freshmen will seek enrollment on the Columbus campus for the Autumn of 1965 as compared with 6,691 in the Autumn of 1964. As of March 1, 1965, 5,608 new freshmen have been admitted to the Columbus campus and have paid the $25.00 Orientation and Registration Fee.

According to the best estimates we have, there will be returning to the Columbus campus for the coming Autumn Quarter students in sufficient numbers (2,724 professional students, 5,709 graduate students, and 21,567 undergraduate students) to total 29,656 full-time equivalent students. It is further expected that enrollment on the Columbus campus for the Summer Quarter, 1965, will be 4,000 graduate students, 1,235 professional students, and 7,840 undergraduate students resulting in a full-time equivalent number of 3,500. The 29,656 FTE returning students added to the 3,500 FTE expected for the Summer Quarter leaves only 6,944 FTE new freshmen to be enrolled Autumn, 1965. Translated into head count, the above enrollment data means that 6,342 persons can be admitted as freshmen for the Autumn Quarter, 1965, as compared with 6,691 who entered Autumn Quarter, 1964. It is expected, however, that 8,200 persons will seek admission to the Columbus campus for Autumn Quarter, 1965. Consequently, policies must be adopted to enable the staff of the Admission’s Office to select the limited number of students who may yet be admitted for the 1965-1966 academic year.

It is, therefore, recommended that in order to comply with the proposals of the Ohio Board of Regents regarding enrollment and financial support, the following policies governing the admission of students to The Ohio State University be adopted:

1. That the previously approved Board policies related to the admission of students into the Graduate School, the professional colleges, and to the admission of students as transfers with advanced standing shall be continued,

2. That the number of full-time regular freshmen to be admitted to the Columbus main campus in the Autumn Quarter, 1965, shall be limited to keep within the range of full-time equivalent enrollment set by the Ohio Board of Regents and that such limitation in admission shall be based upon those criteria commonly used by most universities for the selection of the best-qualified students, and,
March 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

D. Revision of Policies Governing the Admission of Students (continued)

3. That in order to serve the greatest number of students within the funds available and to assure the fullest appropriate use of the University's physical facilities, it is further recommended that effective Autumn Quarter, 1965, and subject to the approval of the Ohio Board of Regents, a Columbus Branch of The Ohio State University be established using existing facilities to enroll students in courses scheduled for the late afternoon and evening hours. Those so enrolled shall be designated as branch students eligible for State tax support, as recommended by the Ohio Board of Regents.

With the adoption of the above recommendations it is intended that those persons who do not qualify for admission as regular full-time students on the Columbus main campus Autumn Quarter, 1965, shall be given the option of:

1. Enrolling for the academic year in the newly established Columbus Branch,
2. Enrolling for the academic year in one of the other branches of The Ohio State University,
3. Deferring enrollment in any one of the branch programs until the Winter or Spring Quarters, 1966, or
4. Enrolling in the Summer Quarter, 1965, as a regular student on the Columbus main campus as long as such enrollment is within the range of the full-time equivalent enrollment as set by the Ohio Board of Regents.

Upon motion of Mr. France, seconded by Mr. Davis, the above recommendations were approved by unanimous roll call vote.

E. Report from The Ohio State University Housing Commission

On December 10, 1964, the Board of Trustees authorized an agreement between The Ohio State University and The Ohio State University Housing Commission pertaining to the construction and operation of two high-rise dormitories for approximately 3,840 students. On January 14, 1965, the Board of Trustees took further action to clarify the agreement.

On January 17, 1964, The Ohio State University Housing Commission, upon advice of Bond Counsel, Squire, Sanders and Dempsey, passed enabling resolutions and took all necessary action to implement the project.

Project architects, Schooley, Cornelius, and Schooley, were appointed on January 17, 1964, and their designs were reviewed by the University Architect, the Dormitory Management officials, the University Food Service officials, and the University Physical Plant Department officials. After suitable improvements based upon the suggestions made, plans and

E. Report from The Ohio State University Housing Commission (continued)

Specifications were approved by the Housing Commission on December 10, 1964, and backed by the December 10, 1964, resolution of the Board, the Commission advertised all trades on December 24, 1964. Bids were received on January 26, 1965, and were rejected by the Housing Commission on February 2, 1965, because the mechanical and electrical trades were above estimates, and other bids were in some respects imperfect. Readvertising commenced on February 4, 1965, and bids were received on March 2, 1965. All were below estimates, and the Housing Commission voted to award contracts as follows on March 4, 1965.

At the same meeting, the Commission established rates for room and board at $280.00 per quarter, or $840.00 per academic year.
March 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

E. Report from The Ohio State University Housing Commission (continued)

The 30-year bonds, previously authorized, were advertised on March 4, and, assuming satisfactory bids, will be sold March 18 by the Commission. It is anticipated that the River Dormitories, with a total capacity of 3,840 students, will be ready for occupancy at the beginning of the Autumn Quarter, 1966.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the Board of Trustees by a unanimous roll call vote received the report of the Housing Commission and commended the Commission for the actions taken in meeting the needs of the University for student housing. The Board by this action reaffirms its support of the Housing Commission's Olentangy River Dormitory Project financed by The Ohio State University Housing Commission Revenue Bonds of 1965.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the February 11, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Promotions, Leaves of Absence With Salary, Leaves of Absence Without Salary, and Emeritus Titles:

A. Promotions

IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since February 11, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $25,920.00 granted by the U. S. Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland 20014, to the University for "Graduate Training - Psychiatry" under the direction of Dr. Leonard P. Ristine, Department of Psychiatry, for the period July 1, 1965 through June 30, 1966. (Grant 5 T1 MH-8386-02)
March 11, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund

1. $50,000.00 from the Estate of Gertrude S. Woodin—$25,000.00 for the Gertrude S. Woodin Memorial Scholarship Fund for Music and $25,000.00 for the Gertrude S. Woodin Scholarship Fund for Engineering.

   Gertrude S. Woodin Memorial Scholarship Fund for Music

   The Gertrude S. Woodin Memorial Scholarship Fund for Music was established February 17, 1965, by a bequest from Gertrude S. Woodin.

   The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

   The income is to be used to provide scholarships for students enrolled in the School of Music of The Ohio State University who plan to teach music in the public schools. The awards are to be made by the University Scholarship and Loan Committee on recommendation of the School of Music of said University. Preference is to be given to qualified students with ability, character, and financial need.

   In the event that the need for scholarships in the School of Music of said University ceases to exist or so diminishes as to leave unused income, then the income may be used by the Board of Trustees of The Ohio State University at its discretion for any purposes whatsoever.

   Gertrude S. Woodin Memorial Scholarship Fund for Engineering

   The Gertrude S. Woodin Memorial Scholarship Fund for Engineering was established February 17, 1965, by a bequest from Gertrude S. Woodin.

   The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

   The income is to be used to provide scholarships for students enrolled in the College of Engineering of The Ohio State University. The awards are to be made by the University Scholarship and Loan Committee on recommendation of the College of Engineering of said University. Preference is to be given to qualified students with ability, character, and financial need.

   In the event that the need for scholarships in the College of Engineering of said University ceases to exist or so diminishes as to leave unused income, then the income may be used by the Board of Trustees of The Ohio State University at its discretion for any purposes whatsoever.

2. $12,000.00 from Corn Industries Research Foundation, Washington, D. C., for research in the Department of Chemistry.
March 11, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

3. $9,018.00 from the Charles F. High Foundation, Bucyrus, Ohio, for the Charles F. High Foundation Scholarship Fund.

4. $7,799.50--$3,825.00 in securities and $3,974.50 in cash from the Estate of Mona Fay Gee to be added to the Eugene C. Gee and Mona Fay Gee Memorial Fund, which was established on December 1, 1964, and reported to the Board on January 14, 1965. Total in fund $278,627.12.

5. $8,474.00 from the Mark L. Morris Animal Foundation--$2,911.50 for the Mark L. Morris Foundation and $3,562.50 for the Mark L. Morris Foundation under Dr. Loeb.

6. $5,500.00 from The Borden Company Foundation, Inc.--$1,500.00 for the Borden Agriculture Scholarship Fund; $2,500.00 for the Borden Company Foundation, Inc. Undergraduate Research Award; and $1,500.00 for the Borden Scholarship Fund in Veterinary Medicine.

7. $5,088.50 from Louise A. Jencks (Mrs. William B.) and many friends for the William B. Jencks Memorial Fund.

William B. Jencks Memorial Fund

The William B. Jencks Memorial Fund was established February 18, 1965, by gifts through the Development Fund from Louise A. Jencks (Mrs. William B.) and many friends in his memory.

The principal is to be invested according to rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for graduate scholarships or fellowships to students who are candidates for advanced degrees in accounting. Recommendations for these awards are to be made by the Chairman of the Department of Accounting with the advice of its Graduate Committee.

In the event the Department of Accounting as it now exists shall be altered in any reorganization of University colleges, schools, and departments, the Board of Trustees or successor governing body of the University shall direct use of the income for purposes within the field of accounting as recommended by the appropriate administrative official of the University then directly responsible for accounting education at The Ohio State University.

8. $5,000.00 from Owens-Illinois Glass Company Charities Foundation, Toledo, Ohio, for the proposed James Edward Hagerty Chair Fund.

9. $5,000.00 from John Deere Foundation, Moline, Illinois, for the Agricultural Education Center.
March 11, 1965 meeting, Board of Trustees

Of these gifts, 263 totaling $3,847.66 were undesignated and 316 totaling $487,290.82 were designated.
March 11, 1965 meeting, Board of Trustees

V. APPROPRIATION AND TRANSFER OF FUNDS

A. The Ohio State University Press

Upon the request of the Dean of the Graduate School and the Editorial Board for the University Press, it is recommended that an amount not to exceed $30,000.00 be allocated from the University Treasurer General Fund to The Ohio State University Press, for the fiscal year 1965-1966.

Upon motion of Mr. Bricker, seconded by Mr. France, the foregoing recommendation for appropriation of funds was approved by unanimous roll call vote.

VI. EXTRA ORDERS AND EXTENSIONS OF TIME TO CONTRACTS

At the request of the Vice President for Business and Finance and with the concurrence of the Council on Business Affairs, it is recommended that the Extra Order to Contract and the Extensions of Time for Completion of Contracts be approved by the Board of Trustees:

A. Improvement of North End of Fyffe Road

It is recommended that additional underground piping be provided and installed. After the work was started it was found that the location of the sewers was not as shown on the drawings and therefore the amount of piping required was increased. Add $565.40

Funds will be provided from Department 2355, Budget Account 12350, H. B. 711.

B. Remodeling of Highway Testing Laboratory

It is recommended that an extension of time for completion of contract be approved for all divisions from March 25 to May 24, 1965. The delay of completion was caused by a change order requiring new aluminum windows which could not be delivered until January 25 thus delaying all interior finishing work.

C. Repairs to Southeast Tower--Ohio Stadium

It is recommended that an extension of time for completion of contract be approved for all divisions from March 15 to May 1, 1965. A delay in receipt of ceramic tile, door frames, and special curved windows held up the work of all contractors.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation was approved by unanimous roll call vote.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance and with the concurrence of the Council on Business Affairs, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Parking Ramp - Medical Area

This project is a seven-story parking garage for 830 car spaces.

Funds will be provided from Department 3135, Budget Account 91031.

B. Research Space, East Side of Stadium (Phase III)

This project consists of finishing the second floor to provide offices and laboratories for the Department of Aviation Psychology.

Funds will be provided from Department 3105, Budget Account 91020.

C. Jones Tower (Student Housing Building No. 11)

This project is a twelve-story residence hall which will house 870 students similar in design to Drackett Tower and Taylor Tower.

Funds will be provided from the Dormitory Construction Fund.

D. Relocate Air Force Uniform Storage

This project will provide space in the north side of the Arena for the storage of Air Force uniforms.

Funds will be allocated from the military portion of the Mershon Fund for this purpose.

E. Revision of Acid Waste System in Evans Chemistry Laboratory

The sewers in this building are undersized and to eliminate the present flooding conditions, this project will enlarge the acid waste system.

Funds for this project will be provided from the Maintenance Fund in H. B. 711.

F. Improvements of Fire Alarm Systems

Improvements and extensions of fire alarm systems in Botany and Zoology Building, Derby Hall, Library, Maintenance Building, McPherson Chemical Laboratory, Stores and Receiving Building, Townshend Hall, and Vivian Hall.

Funds for this project will be provided from the Maintenance Fund in H. B. 711.
VII. PLANS AND SPECIFICATIONS

G. Utility Extensions Northeast Corner of Campus

This project includes additional utility lines to assure adequate service for the new buildings in the northeast corner of the campus.

Funds for this project will be provided from Item 315-030, S. B. 370.

H. Antenna Laboratory - Control Facility at Saucer Laboratory

This project is a one-story building for the operation and control of the Satellite Tracking Antennas.

Funds for this project will be provided from Department 3113, Budget Account 91034.

I. Garage, Phase II

This project includes the relocation of the Veterinary Clinic facility, some of which will remain as part of the permanent "Garage" facility for the Motor Pool and some of which will be required for the Veterinary Hospital facility during its interim occupancy. A portion of the expenditure will be salvable.

Funds will be provided from the University Treasurer General Fund and the work will be accomplished through Force Account.

J. Garage Utilities and Paving

This project provides permanent water service lines and sewers for the entire area and paving base and site work.

Funds will be provided from the University Treasurer General Fund.

K. Repairs and Improvements to Ohio Stadium Press Box

This project includes repairing the entire floor of the Press Box plus an extension of the upper level to provide two new cubicles at each end.

Funds will be provided from the Athletic Revenue Fund.

L. Aeronautical and Astronautical Research Laboratory

This project is a new airport facility for basic research in dynamics and energy conversion.

Funds will be provided from Item 315-008, S. B. 370.

M. Pharmacy Building

This project is a new Health Center facility for relocation and expansion of the College.

Funds will be provided from Item 315-014, S. B. 370.
March 11, 1965 meeting, Board of Trustees

VII. PLANS AND SPECIFICATIONS (continued)

N. College of Commerce Improvements

This project includes rehabilitation and remodeling in Page Hall and the older portion of Hagerty Hall.

Funds for this project will be provided from Item 315-024, S. B. 370. and the Maintenance Account, H. B. 711.

O. General Academic Facility - Lima Campus

This project is an academic building, including classrooms, laboratories, offices, an auditorium, library, and student services facility.

Funds for this project will be provided from Item 315-018, S. B. 370.

P. General Academic Facility - Mansfield Campus

This project is an academic building, including classrooms, laboratories, offices, an auditorium, library, and student services facility.

Funds for this project will be provided from Item 315-019, S. B. 370.

Q. Chemistry Research Facilities

This project is a four-story addition to Evans Laboratory of Chemistry.

Funds for this project will be provided from Item 315-010, S. B. 370.

R. Engineering Classroom and Laboratory Building

This project provides facilities for Civil Engineering, Engineering Drawing, and the College of Engineering administrative offices.

Funds for this project will be provided from Item 315-007, S. B. 370.

S. Modernization of Engineering and Physical Science Facilities

This project includes renovations in Orton Hall and Mendenhall Laboratory for the Department of Geology.

Funds for this project will be provided from Item 315-021, S. B. 370.

T. Construction of Curl Drive

This project includes the roadway and site improvement for the North Dormitory Complex.

Funds for this project will be provided from Item 315-006, S. B. 370.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Employment of Engineers - Garage and Veterinary Clinic Relocation

It is recommended that the engineering firm of Ayres, Konneker and Associates be employed to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing; and electrical work for above project; including design, preparation of drawings; specifications and estimate of cost; and complete field supervision of construction.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

A. Employment of Engineers - Garage and Veterinary Clinic Relocation (continued)

The fee for this service will be 5 1/2 per cent of the cost of the Mechanical and Electrical work, an estimated $13,750.00 and will be funded from Department 3151, Budget Account 91040.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above recommendation was approved by unanimous roll call vote.

B. Demolition of Teaching Aids Laboratory

Upon the request of the Vice President for Business and Finance and with the concurrence of the Cabinet, it is recommended that the temporary structure housing the Teaching Aids Laboratory be demolished as soon as practical. This demolition will be accomplished in the normal University manner with the schedule to be established by the Vice President for Business and Finance.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

C. Purchase of Buildings and Property, 1623-1625 Perry Street

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Nor-Jon, Inc., at a price of $101,000.00:

Property known as 1623-1625 Perry Street, being a tract 132' x 100', Rowe Subdivision, identified further as being Auditor's Parcels 42874 and 57889, City of Columbus, County of Franklin, State of Ohio.

Funds will be provided from Item 315-015, College of Medicine, S. B. 370.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

D. Acquisition of Property - 176 West Ninth Avenue

President Fawcett presented the following resolution for consideration by the Board of Trustees:

WHEREAS, The Ohio State University has acquired certain parcels of real property located between Ninth and Eleventh Avenues, bounded on the east by High Street and on the west by Neil Avenue; and

WHEREAS, the University in planning to meet a portion of the needs of its students and its programs from the standpoint of dormitory, educational, research, and service facilities, will be required to acquire most, if not all, of the land lying between Ninth and Eleventh Avenues east of Neil Avenue and west of High Street; and
WHEREAS, the Trustees of The Ohio State University deem that the acquisition of this land is mandatory in meeting the needs of the University and serving the people of the State of Ohio; and therefore, find it necessary to proceed with the acquisition of real property therefor;

NOW BE IT RESOLVED, that the Vice President for Business and Finance be authorized to proceed with the purchase of the following described real estate as soon as funds are available from S. B. 370 or other authorized sources of funds designated for this purpose and, in the event negotiations should fail, that pursuant to his statutory authority, the Director of Public Works for and on behalf of said Board of Trustees, be requested to take steps to acquire by condemnation, for the State of Ohio, and said University, the following described real estate located in Columbus, Franklin County, Ohio:

Lot No. 58, Elizabeth J. McMillen's University Subdivision, Columbus, Franklin County, Ohio, and commonly known as 176 West Ninth Avenue. The owner of record is Alumni Fund, Inc.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above resolution was adopted by unanimous roll call vote.

E. Acquisition of Property for Educational, Research, Housing, and Service Facilities

WHEREAS, The Ohio State University has acquired certain parcels of real property located between Eighth Avenue and Tenth Avenue, bounded on the east by Neil Avenue and on the west by State of Ohio lands; and

WHEREAS, the University in planning to meet a portion of the needs of its students and its programs from the standpoint of educational, research, housing, and service facilities, will be required to acquire most, if not all, of the land lying between Eighth and Tenth Avenues east of present State of Ohio land and west of Neil Avenue, except for the eastern one-half of the block bounded by Neil Avenue, West Eighth Avenue, Michigan Avenue, and West Ninth Avenue; and

WHEREAS, the Trustees of The Ohio State University deem that the acquisition of this land is mandatory in meeting the needs of the University and serving the people of the State of Ohio; and therefore, find it necessary to proceed with the acquisition of real property therefor;

NOW BE IT RESOLVED, that the Vice President for Business and Finance be authorized and directed to proceed with the purchase of the following described real estate with funds already appropriated and released from S. B. 370 for this purpose and, in the event negotiations to purchase said

F. Airport Emergency Service Building and Expansion of Ramp Area

On June 30, 1964, the University submitted a request to the Federal Aviation Agency for aid in a project to construct an Airport Emergency Service Building and to expand the main ramp area. The total project was estimated to cost $249,300.00, of which the University proposed to use purchased land in the amount of $124,650.00 as offset to the requested grant of $124,650.00 from the Agency.

On October 19, 1964, a notice was received from the Federal Aviation Agency stating that an allotment of $118,650.00 had been made as a basis for development of the program.

It is, therefore, requested that the President be authorized to sign a formal Federal Aviation Agency Application for Federal Aid on the project. A further report will be made to the Board when costs are determined and the Grant Agreement is available for approval.

Upon motion of Mr. France, seconded by Mr. Dargusch, the above recommendation was approved by unanimous roll call vote.
XI. REPORTS

A. Reports from the Finance and Investment Committee

Mr. Loop, Chairman of the Finance and Investment Committee, presented the following report and resolutions concerning the financing of student housing and dining facilities, consisting of Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility, the interim financing thereof, the issuance of Dormitory Revenue Bonds Series J, and the request for Designation of Special Counsel by the Attorney General.

RESOLVED, that the Board of Trustees hereby adopts the Series J Bond Resolution as set forth in the Fifth Supplemental Trust Agreement between the University and The Ohio National Bank of Columbus, Trustee, which is made a part of these minutes (see Appendix IV, page 405).

FURTHER RESOLVED, that the Board of Trustees hereby approves the Fifth Supplemental Trust Agreement in all respects, and the officers designated in the Series J Bond Resolution are hereby authorized to execute and deliver such Fifth Supplemental Trust Agreement to The Ohio National Bank of Columbus, as Trustee, at such time as they may deem appropriate.

FURTHER RESOLVED, that the Board of Trustees and the University hereby establish such special bank accounts as may be required by the Fifth Supplemental Trust Agreement or the original Trust Agreement dated as of April 15, 1957, or by the interim financing arrangement hereafter approved, and the authorized signatures for withdrawals from such accounts shall be the same as the authorized signatures with respect to bank accounts in which there are deposited special funds pursuant to said original Trust Agreement, and the President, Vice President, Business and Finance, and Treasurer, or any one of them, are authorized to arrange for such accounts in such banks as the officer acting may determine and the Secretary of the Board is authorized to include in the minutes as hereby adopted any standard forms of bank resolutions required in connection with effecting the foregoing.

FURTHER RESOLVED, that the parietal rules governing use and occupancy of the University's dormitory facilities, previously adopted by the Board of Trustees, and now in effect, be and they hereby are confirmed and deemed applicable to the dormitory facilities to be constructed from the proceeds of the Series J Bonds.

FURTHER RESOLVED, that the room and board rates for the dormitory and dining facilities to be financed with the proceeds of the Series I Bonds and Series J Bonds (viz., Drackett, Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, Northeast Dining Facility) and North Commons shall be $276 per student per quarter, and rental rates and board rates for other dormitory facilities of the University previously adopted by the Board, be and they are hereby confirmed and continued.

$11,000,000 Dormitory Revenue Bonds, Series J

Note 1 The term dormitory facilities as herein used shall mean dormitory facilities as that term is defined in the Trust Agreement with The Ohio National Bank of Columbus, dated as of April 15, 1957, as supplemented by First through Fifth Supplemental Trust Agreements.

Note 2 Estimated net income computed in accordance with the Trust Agreement on the basis of 95% occupancy and estimated expenses consistent with those experienced in similar existing facilities. 95% occupancy is consistent with experience to date. It is hereby certified that facilities under Item 2 will be placed in operation by September, 1965, and that facilities covered in Item 3 will be in operation and revenue producing by September, 1966.

Note 3 Series I Bonds and Series J Bonds computed at 3-3/4% for 38 years. Series A through H computed on basis of actual interest rates for those bonds.

CERTIFICATE

The undersigned respectively, President and Vice President, Business and Finance (also being the Business Manager), of The Ohio State University, hereby certify as to the facts set forth in the above schedule, and that the estimates therein set forth are valid in their best judgment.

President

Vice President, Business and Finance
March 11, 1965 meeting, Board of Trustees

XI. REPORTS (continued)

A. Reports from the Finance and Investment Committee (continued)

2. Designation of Special Counsel

RESOLVED, that the Board of Trustees of The Ohio State University hereby determines that it is in the interest of the University to obtain the services of Squire, Sanders & Dempsey in connection with the issuance of its Dormitory Revenue Bonds, and accordingly the President and the Vice President, Business and Finance, and each of them, are authorized to request the Attorney General of the State of Ohio to designate Squire, Sanders & Dempsey as special counsel to the University on the terms set forth in the form of designation which is made a part of these minutes (see Appendix V, page 435).

3. Interim Financing

RESOLUTION providing for the issuance of $11,000,000 of Dormitory Revenue Notes of 1965 of The Ohio State University for the purpose of constructing and equipping dormitories and dining facilities to be known as Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility.

WHEREAS, the Board of Trustees of The Ohio State University (herein called the Board) is vested with the government of The Ohio State University (herein called the University or, when the context admits, collectively with the Board called the University) by Section 3335.03 of said Revised Code, and as such Board, of suing and being sued, contracting and being contracted with, and of making and using a common seal and, under Section 3335.10 of said Revised Code, has general supervision of all land, buildings and other property of the University and control of all expenses therefor; and

WHEREAS, the Board has and does hereby determine and confirm that it is necessary to provide dormitory and dining facilities and, accordingly, hereby declares and determines that it is immediately necessary to construct and equip dormitories and dining facilities to be known as Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility (said dormitory buildings and dining facility and all things incidental thereto being herein referred to as the "Project"), the cost of which is presently estimated to be $11,000,000; and

WHEREAS, the University has determined to borrow the funds to pay the foregoing costs, and to issue its Dormitory Revenue Bonds, Series J, in the principal amount of $11,000,000 pursuant to Section 3345.07 of the Revised Code of Ohio, and pursuant to resolution of the Board duly adopted this day authorizing said Bonds (herein called the "Bond Resolution"); and

WHEREAS, the University has and does hereby determine and confirm that it is necessary to issue notes to pay the interim construction costs prior to the issuance and delivery of said Series J Bonds; and
WHEREAS, The Ohio National Bank of Columbus, of Columbus, Ohio, (herein called the "Original Purchaser") has submitted a proposal for the purchase of said notes at par and a premium of $110.00 plus accrued interest and at an interest rate of 2.65% per annum.

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University:

Section 1. It is hereby declared necessary to construct and equip the Project, and to issue notes in the principal sum of $11,000,000 pursuant to Section 3345.07 of the Revised Code of Ohio for the purpose of paying the costs of the Project.

Section 2. Said notes shall be payable solely from (a) the revenues of the Dormitory Facilities (as defined in the Trust Agreement between the University and The Ohio National Bank of Columbus, dated as of April 15, 1957, as supplemented by First through Fifth Supplemental Trust Agreements) after providing for reasonable and proper expenses of operation and maintenance thereof and all payments required from time to time to be made to the Special Funds created under such Trust Agreement, as supplemented; and (b) the proceeds of the sale of said Dormitory Revenue Bonds, Series J, or notes issued pursuant to Revised Code Section 3345.07 to refund the notes authorized hereby; and neither the Board nor the State of Ohio is obligated to pay the principal of or interest on said notes from any other funds or source, nor shall such notes be a claim upon or lien against any other property of the University or the State.

Section 3. Said definitive notes shall be designated "Dormitory Revenue Notes of 1965," shall be dated March 15, 1965, shall mature September 15, 1966 shall bear interest at the rate of 2.65 percent per annum payable semiannually on September 15, 1965, March 15, 1966 and September 15, 1966. Said notes shall be in the denominations of $100,000 or any larger amount which is a multiple of $5,000 or may be represented by a temporary single note for the entire issue, as requested by the Original Purchaser. Said notes shall be payable at the places and in the manner stated in Appendix VI, pages 441 and 442, and shall be signed by any two of the following: The Chairman of the Board, the President, the Vice President, Business and Finance, and the Secretary of the Board. Said notes shall be substantially in the form shown in Appendix VI, pages 441 and 442, the terms and covenants of which are incorporated herein, with such changes not detrimental to the University as the officers signing the same may approve, such approval to be conclusively evidenced by the execution and delivery of said notes.
XI. REPORTS (continued)

A. Reports from the Finance and Investment Committee (continued)

3. Interim Financing (continued)

Section 4. Said notes are hereby awarded to The Ohio National Bank of Columbus, of Columbus, Ohio, in accordance with their proposal and this resolution, and the Vice President, Business and Finance, is hereby authorized and directed to do all things necessary for the delivery of said notes in accordance with said award and this resolution.

Section 5. The Treasurer of the University is hereby authorized to deposit the proceeds of said notes in the Construction Fund to be established under the provisions of the Bond Resolution and to apply and invest the moneys therein as provided in the Bond Resolution, except that until the Series J Bonds are issued said note proceeds may also be invested in obligations of agencies and instrumentalities of the United States, as well as direct obligations of and those guaranteed as to principal and interest by the United States.

Upon motion of Mr. Loop, seconded by Mr. Davis, the above resolutions were unanimously adopted by roll call vote.

4. Report on the University's Investment Portfolio

The report on the status of the University's Investment Portfolio dated February 28, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees, was received and ordered to be filed with the official records of the Board.

B. Alumni Distinguished Teaching Awards

The Secretary was instructed to record in the minutes of this meeting the names of those members of the faculty who were honored at the Winter Quarter Faculty Meeting on February 24, 1965, and presented with the Alumni Distinguished Teaching Awards. They are as follows:

Professor James F. Fullington, Professor, Department of English
Professor William F. McDonald, Professor, Department of History
Dr. John A. Prior, Professor and Associate Dean, College of Medicine
Professor Harold Shechter, Professor, Department of Chemistry
Professor William T. Morris, Professor, Department of Industrial Engineering

FIFTH SUPPLEMENTAL TRUST AGREEMENT
THE OHIO STATE UNIVERSITY
DORMITORY REVENUE BONDS
SERIES J

FIFTH SUPPLEMENTAL TRUST AGREEMENT

THIS FIFTH SUPPLEMENTAL TRUST AGREEMENT, dated as of the 15th day of April, 1965, (herein called the "Supplement"), by and between The Ohio State University and its Board of Trustees (herein called the "University"), a state university of Ohio, and The Ohio National Bank of Columbus, Columbus, Ohio (herein called the "Trustee"), a corporation duly organized and existing under and by virtue of the laws of the United States, as Trustee under the Trust Agreement dated as of April 15, 1957 hereinafter mentioned,

WITNESSETH:

WHEREAS, the University, pursuant to the Original Bond Resolution passed April 8, 1957, entered into a Trust Agreement dated as of April 15, 1957 with the Trustee and as of April 15, 1958, October 15, 1959, April 15, 1961, and April 15, 1963, respectively entered into First, Second, Third and Fourth Supplemental Trust Agreements (which original trust agreement, as so supplemented thereby and hereby is herein called the "Trust Agreement") under which $30,060,000 Series A, B, C, D, E, F, G, H and I Dormitory Revenue Bonds have been authorized and have been or are to be issued and under which additional bonds (herein called "Additional Bonds") are issuable on a parity with the said Bonds and other Additional Bonds hereafter issued under certain conditions as provided in the Trust Agreement; and

WHEREAS, the University has in all respects complied with the provisions of the Trust Agreement so as to be entitled to execute and to have authenticated and delivered by the Trustee Additional Bonds, consisting of $11,000,000 Series J Bonds.

WHEREAS, the University further desires by this Supplement to provide for the issuance under the Trust Agreement of said $11,000,000 of Additional Bonds (herein called the Series J Bonds); and
Fifth Supplemental Trust Agreement

WHEREAS, the Board of Trustees of the University has duly adopted on March 11, 1965, the Series J Bond Resolution providing for the Series J Bonds and this Supplement, which resolution, collectively with the Original Bond Resolution, is referred to as the Bond Resolution; and

WHEREAS, the Series J Bond Resolution is as follows:

Resolution

Providing for the issuance of $11,000,000 The Ohio State University Dormitory Revenue Bonds, Series J, as Additional Parity Bonds pursuant to Bond Resolution adopted April 8, 1957 and Trust Agreement dated as of April 15, 1957, for the purpose of constructing and equipping Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility.

WHEREAS, the Board of Trustees of The Ohio State University (herein called the Board) is vested with the government of The Ohio State University (herein called the University or, when the context admits, collectively with the Board called the University) by Section 3335.03 of said Revised Code, and as such Board, of suing and being sued, contracting and being contracted with, and of making and using a common seal and, under Section 3335.10 of said Revised Code, has general supervision of all land, buildings and other property of the University and control of all expenses therefor; and

WHEREAS, by authority of Section 3345.07 of the Revised Code of Ohio, the Board is authorized to construct, equip, maintain and operate upon sites within, or in close proximity to, the campus of the University, buildings to be used as dormitories and as other suitable living quarters, or as dining halls, for students and members of the faculty and servants and wives and families of married students of said University (including all separate or connected buildings, sites, equipment, structures and utilities to be used in connection with the maintenance or operation of, or in any way supplementing or related to the services of facilities to be provided by such buildings) and to pay for the same out of funds in its possession derived from operation of any such buildings under its control or out of funds borrowed therefor.
Fifth Supplemental Trust Agreement

and to borrow funds for such purpose upon such terms as said Board may deem proper

and issue notes or other written instruments evidencing such indebtedness provided

that such indebtedness shall not be a claim against or lien upon any property of the

State or any property of or under the control of said Board excepting such parts of

the receipts of the operation of any such buildings under control of the Board as it

may pledge to secure the payment of such indebtedness and by authority of said

Section 3345.07 the Board is also authorized to issue such notes or other obligations

payable as aforesaid in order to retire or refund outstanding notes or other obli-
gations matured or unmatured, to repay moneys previously borrowed or advanced

under said section or to reimburse funds of the University for amounts used under

said Section 3345.07; and

WHEREAS, the University determined by resolution adopted April 8, 1957

(herin called the Original Bond Resolution) to provide for the issuance of Dormitory

Revenue Bonds and pursuant to the Trust Agreement dated as of April 15, 1957 with

The Ohio National Bank of Columbus (herein, with the First, Second, Third, Fourth

and Fifth Supplements, called the Trust Agreement), to pledge the net income of all

the dormitory facilities now or hereafter under control of the University, including

the dining halls constituting part thereof, and to provide in said Trust Agreement

for the issuance of such Bonds (herein called the Bonds) as from time to time

authorized subject to the conditions contained in said Trust Agreement, and by the

Original Bond Resolution and the Trust Agreement provided for the sale of an initial

issue of $12,000,000 consisting of $6,000,000 Series A Bonds and $6,000,000 Series

B Bonds (herein called the Series A and Series B Bonds) and for the issuance from
time to time as authorized by the Board of additional bonds (herein called Additional

Bonds) on a parity with said initial issue of which $2,330,000 Series C Bonds,

$2,030,000 Series D Bonds, $5,300,000 Series E Bonds, $1,200,000 Series F Bonds,

$1,350,000 Series G Bonds, $2,850,000 Series H Bonds, and $3,000,000 Series I

Bonds have been authorized; and
Fifth Supplemental Trust Agreement

WHEREAS, there are presently outstanding or authorized in principal amount, $5,595,000 of Series A Bonds, $5,312,000 of Series B Bonds, $2,210,000 of Series C Bonds, $1,710,000 of Series D Bonds, $5,200,000 of Series E Bonds, $1,170,000 of Series F Bonds, $1,320,000 of Series G Bonds, $2,810,000 of Series H Bonds, and $3,000,000 of Series I Bonds; and

WHEREAS, the University has not pledged or encumbered the revenues from its dormitory facilities on a basis equal or prior to the pledges under the Trust Agreement; and

WHEREAS, the University has determined to sell $11,000,000 Additional Bonds as Series J Bonds (herein called the Series J Bonds) all as provided in the Trust Agreement; and

WHEREAS, the Board by the adoption of this resolution has determined and confirmed that it is necessary to provide additional dormitory accommodations and dining facilities located on or in close proximity to the campus of the University and, accordingly, hereby declares and determines that it is immediately necessary to construct and equip additional dormitories and dining facilities to be known as Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility (said dormitory buildings and dining facility and all things incidental thereto being herein referred to as the Project); and

WHEREAS, said Project is to be constructed pursuant to plans approved by the Department of Public Works of Ohio, and prepared by the University Architect; and

WHEREAS, the University has received estimates from its architect, and, accordingly, estimates the following as the costs of the Project

and

WHEREAS, the University has determined to borrow the funds to pay the foregoing costs, and to solicit proposals for the purchase of $11,000,000 Dormitory Revenue Bonds, Series J, by investment bankers or others.

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University:

Section 1. Purpose of Series J Bonds. It is hereby determined to be necessary to issue $11,000,000 of Dormitory Revenue Bonds of the University pursuant to Section 3345.07 of the Revised Code of Ohio and the Trust Agreement dated as of April 15, 1957 for the purpose of paying the costs of the Project and of all things incidental thereto or incidental to the financing thereof, including repayment of moneys previously borrowed or advanced for the Project or restoring amounts used for the Project from other funds of the University available for such purposes.

Section 2. Terms of Series J Bonds. Said $11,000,000 of Dormitory Revenue Bonds shall be issued under this Resolution, the Original Bond Resolution, and the Trust Agreement, and shall be entitled "The Ohio State University Dormitory Revenue Bonds." The Series J Bonds shall be initially issued in coupon or fully registered form as may be requested by the Original Purchaser and shall be exchangeable for fully registered or coupon bonds in the manner and on the terms provided by the Trust Agreement. Series J Bonds in coupon form shall be dated as of the first day of the month in which bids for the purchase of the Series J Bonds are opened, and shall be in the denomination of $5,000 each and registrable as to principal. Series J Bonds in fully registered form shall be in the denomination of $5,000 or any multiple thereof. The Bonds in both coupon and fully registered form shall be numbered as determined by the Fiscal Officer of the University. Each Series J Bond in fully registered form without coupons shall be dated as of the interest payment date on which it is authenticated or on the interest date next preceding the date of its authentication or as of the same date as the coupon bonds if authenticated prior to
Fifth Supplemental Trust Agreement

the first interest payment date; provided, however, if at the time of authentication
of a registered bond without coupons, interest is in default, such Bond shall be dated
as of the date to which interest has been paid. The Series J Bonds shall bear interest
payable semi-annually on April fifteenth and October fifteenth of each year, beginning
with the first such date occurring at least six months following the date of the coupon
Bonds, until the principal sum is paid at the rate or rates per annum stipulated in
the bid of the successful bidder, provided that no such rate shall exceed 5% per
annum. The Series J Bonds shall mature annually on October fifteenth in the years
and amounts per year as follows:

The Series J Bonds maturing on and after October 15, 1976 shall be subject
to redemption in whole or in part on any interest payment date on and after April 15,
1976, at redemption prices equal to the following percentages of the principal amount
redeemed, plus accrued interest to the date fixed for redemption, to wit:

- 104% if redeemed on or before October 15, 1980;
- 103% if redeemed thereafter but on or before October 15, 1985;
- 102% if redeemed thereafter but on or before October 15, 1990;
- 101-1/2% if redeemed thereafter but on or before October 15, 1995;
- 101% if redeemed thereafter.

If less than the entire unmatured portion of the Series J Bonds is called for redemption
at any time or from time to time, they shall be called in inverse order of maturity of
those outstanding; and if less than all of said Bonds outstanding of one maturity are to
be called, the selection of Bonds or portions of fully registered Bonds of such
maturity to be called shall be made by lot conducted by the Trustee under the Trust
Agreement. Such call for redemption shall be made by notice specifying the numbers
Fifth Supplemental Trust Agreement

of the Series J Bonds to be called, published by the Trustee on behalf of the University once a week for two consecutive weeks in a financial newspaper of national circulation published in the English language in New York City and in an English language newspaper of general circulation in Columbus, Ohio, the first publication to be not more than forty (40) nor less than thirty (30) days prior to the date of redemption. Any bonds thus called for redemption and for the retirement of which funds are deposited with said Trustee as provided in the Trust Agreement on or before the redemption date shall cease to bear interest on said redemption date. A registered bond shall have prepayment provisions consistent with the redemption rights relating to coupon bonds which it replaces.

The principal and interest of the Series J Bonds shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, at the principal office of the Trustee under the Trust Agreement (said Trustee at the time of issuance of the Series J Bonds being The Ohio National Bank of Columbus, Columbus, Ohio), or, at the option of the holder, at the principal corporate trust office of the United States Trust Company of New York, in the Borough of Manhattan, City and State of New York except that interest on fully registered bonds is payable by check as provided in the Trust Agreement, and principal on fully Registered Bonds may also be payable at such additional place or places, at the option of the holder as shall be designated by the Fiscal Officer of the University.

The Series J Bonds shall have such other terms and conditions and shall be issued, executed and delivered as provided by the applicable provisions of the Trust Agreement.

Section 3. Sale of Series J Bonds. The $11,000,000 Series J Bonds shall be offered for sale, by solicitation of proposals from investment bankers and others or by advertisement or both, to the highest bidder based on the lowest net interest

cost, in such manner and on such terms as determined by the President or the
Fiscal Officer of the University.

Section 4. Allocation of Proceeds of Series J Bonds. Upon the issuance
and delivery of the Series J Bonds, the Fiscal Officer of the University shall forth-
with establish a bank account in the name of the University designated as the "Series
J Construction Fund" (herein called the "Construction Fund"). The proceeds from
the sale of the Series J Bonds shall be allocated and applied by the University as
follows:

(1) The portion representing accrued interest to the Debt
Service Fund provided for in the original Trust Agreement to
be held by the Trustee, and the portion representing premium
above par paid to the University for such Bonds, to the Debt
Service Reserve Fund so provided for.

(2) The balance to the Construction Fund to pay costs of
the Project and to pay all incidental expenses of the Project and
the financing thereof, including repayment (with interest) of
money borrowed by the University for such purposes or repaying
advances made by the University from other funds of the Uni-
versity for such purposes.

(3) Any balance remaining in the Construction Fund after
payment or reimbursement of all Project costs and other amounts
provided for in (2) above shall be used by the University for any
purpose authorized by Section 3345.07 of the Revised Code of Ohio,
or to repay advances made from other funds of the University or to
repay loans obtained by the University to finance any projects
authorized by said Section.

The Fiscal Officer of the University may make withdrawals
from said Construction Fund in order to make payments from such
Fifth Supplemental Trust Agreement

Fund authorized under the foregoing provisions of this Section.

If the payment is to be made with respect to an obligation under a construction contract relating to the Project, such payment shall have been certified as due under such contract by a qualified architect or engineer.

Where the moneys on deposit in the Construction Fund exceed the estimated disbursements on account of the Project for the next thirty days the Fiscal Officer of the University may invest such excess funds in direct obligations of, or obligations, the principal and interest of which are guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holder thereof at the option of such holder, not later than eighteen months after the date of such investment. Such investments and the proceeds of sale thereof shall constitute part of the Construction Fund and shall be applied to the purposes thereof.

Interest on such investments may be paid to the Dormitory Revenue Fund or applied to the purposes of the Construction Fund. The said investments may be sold, exchanged or collected from time to time by the Fiscal Officer of the University.

Section 5. Additional Bonds. (a) The Board shall have the right from time to time to issue Additional Bonds under the Trust Agreement if necessary to pay the costs of completing the Project or completing any projects for which Additional Bonds are issued. The Trustee shall authenticate and deliver such bonds upon (but only upon) receipt of the documents required by Section 2.03 of the Trust Agreement. Nothing herein or in the Trust Agreement shall require any earnings coverage, or certificate with respect thereto, in connection with Additional Bonds issued for completion of a project.
Fifth Supplemental Trust Agreement

(b) The Board shall also have the right from time to time to issue Additional Bonds under the Trust Agreement to provide funds for purposes authorized by Section 3345.07 of the Revised Code of Ohio, including construction and equipment by the University of buildings to be used as dormitories or as other living quarters or the refunding of outstanding bonds or notes issued under said Section 3345.07. The Trustee shall authenticate and deliver under the Trust Agreement Additional Bonds issued under this subdivision (b) if, (but only if), when such Additional Bonds are issued, the University shall have furnished to the Trustee in addition to the documents required by Section 2.03 of the Trust Agreement, a certificate of the President and the Fiscal Officer of the University, approved by the Board of Trustees, (1) showing that (a) the actual net income from the dormitory facilities of the University (excluding net income from any dormitory facility which is to be abandoned or which is not suitable for continuous use as a dormitory facility for the term of such Additional Bonds) for the preceding fiscal year, as adjusted, if necessary, to reflect the schedule of rates and charges to become effective at the beginning of the next semester, quarter or other school period and to give recognition to any anticipated changes in operating costs; plus (b) the estimated annual net income of the dormitory facilities to be financed through the proceeds of the sale of such Additional Bonds will be equal to or greater than one and three-tenths (1.3) times the maximum amount to become due in any succeeding fiscal year for the payment of principal and interest charges on the Bonds then outstanding hereunder and on the Bonds then to be authenticated and delivered; (2) showing that, until the dormitory facility being constructed from the proceeds of the Additional Bonds, is ready for occupancy, funds then available from net income, bond proceeds, gifts, legacies, devises or grants or other sources for payment when due of principal and interest on the Bonds will be at least one and three-tenths (1.3) times the principal and interest requirements for that period; (3) showing that there were not included in net income any receipts against which there is any prior claim other than the use thereof for the operating expenses included in computing the.
Fifth Supplemental Trust Agreement

net income; (4) furnishing such other information in support of the foregoing as may reasonably be requested by the Trustee; (5) showing that the computations of estimates provided for above are based on an assumed occupancy of not more than 95% of capacity of the dormitory facilities in question.

The first call date on Additional Bonds shall not be earlier than the first call date on any issue of Bonds outstanding at the time of issue of such Additional Bonds.

Section 6. Terms of the Bonds Generally. As used in this Resolution, the term "Bonds" refers to the Series A, B, C, D, E, F, G, H, I and J Bonds and all Additional Bonds issued on a parity therewith under the Trust Agreement. The Bonds shall be designated The Ohio State University Dormitory Revenue Bonds, shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, shall have all the incidents of negotiable instruments under the laws of Ohio, shall express upon their face the purpose for which they are issued, and shall be issued pursuant to Section 3345.07 of the Revised Code of Ohio. Unless otherwise provided by the Board, the Bonds shall be signed by the Chairman of the Board or bear his facsimile signature, shall be signed by the President of the University or bear his facsimile signature, shall be attested by the Secretary of the Board or by the Vice President, Business and Finance of the University, and shall be sealed with the seal of the University or a facsimile thereof, and interest coupons attached to the Bonds shall bear the facsimile signature of the Secretary of the Board or of the Vice President, Business and Finance of the University. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds or coupons shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. Except in the case of redemption of Bonds of a particular series from the surplus proceeds of that issue as provided in Section 5 of the Original Bond.
Fifth Supplemental Trust Agreement

Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time. The Additional Bonds shall bear such designations as may be necessary to distinguish them from other Bonds having different provisions and shall have maturities, interest rates, interest payment dates, redemption provisions, denominations, registration provisions, and other provisions as provided in the Resolution providing for issuance of the Additional Bonds, provided, however, that such terms and provisions shall not be inconsistent with this Resolution, the Trust Agreement or the then outstanding Bonds. On the terms provided herein, in the Trust Agreement and in the Bonds, the Bonds shall be equally and ratably payable from and secured by pledge of, the receipts from the operation of all dormitory facilities now or hereafter under control of the Board including the dining facilities constituting a part thereof, after provision for reasonable and proper expenses of operation and maintenance of such facilities; and anything in this Resolution, the Bonds or the Trust Agreement to the contrary notwithstanding, neither this Resolution, the Bonds, nor the Trust Agreement shall be a claim against or a lien upon any property of the State of Ohio or any property of or under the control of the Board except the portion of said receipts pledged as provided herein; provided, however, that nothing herein shall be deemed to prohibit the University, of its own volition, from using, or pledging, to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution, or any of the bonds.

Section 7. Covenants of the University. The University covenants with the holders of the Bonds and with the Trustee under the Trust Agreement that (a) it will adopt and maintain so long as any of the Bonds are outstanding such parietal rules, and charge and collect such rental rates and charges, from time to time, as may be necessary to assure such occupancy and use of, and receipts from, the dormitory facilities as will pay the costs of maintenance and operation and provide for the payment of the principal of and interest on the Bonds and other payments to Special Funds required by Section 8 of this Resolution; (b) from funds lawfully available,
Fifth Supplemental Trust Agreement

it will cause the Project and any project to be constructed from the proceeds of Additional Bonds to be completed and equipped in an efficient and economical manner with reasonable dispatch and in a manner consistent with the plans and recommendations of responsible architects and all applicable laws, ordinances and regulations; (c) subject to the right of abandonment under conditions provided in the Trust Agreement designed to prevent adverse effect of such abandonment on the expected earnings coverage of Debt Service, it will, from the dormitory receipts pledged under this resolution and as part of the operating expenses, maintain, preserve and keep the dormitory facilities in good repair, working order and operating condition and continuously operate the same on a revenue producing basis, and will apply the receipts therefrom only as provided in Section 8 of this Resolution and in the Trust Agreement; (d) it will furnish to the Trustee and the Original Purchasers of the Bonds within 120 days after the close of each fiscal year an annual report of the accounts (including each Special Fund provided for in Section 8 of this Resolution) and operations of the dormitory facilities prepared by qualified accountants approved by the Trustee; (e) it will keep proper books of record and accounts separate from all other records and accounts, in which complete and correct entries will be made of all transactions relating to the dormitory facilities and will at all reasonable times permit the Trustee, the Original Purchasers or any holder or holders of 25% of the outstanding Bonds, or their authorized representatives, to inspect the dormitory facilities and any books, documents and vouchers relating thereto; (f) it will furnish heat, light, power, water and other necessary services to the dormitory facilities at not in excess of reasonable cost; (g) it will comply with all the terms and conditions of the respective Loan Agreements with the Housing and Home Finance Agency as long as the United States holds any of the Series B, D, F, G and H Bonds; (h) it will insure the dormitory facilities as required by the Trust Agreement and apply the proceeds of such insurance as provided therein; and (i) will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement or the Bond Resolution.
Section 8. Application of Receipts; Special Funds. There was established by the Original Bond Resolution a Special Fund designated "Dormitory Revenue Fund," which fund shall be maintained in a bank account, or invested as herein authorized, in the name of the University separate and distinct from all other funds of the University and subject to the withdrawals and uses herein authorized, is pledged to and charged with the payment of the principal, interest, and premium, if any, on all the Bonds issued under the Trust Agreement.

Under the Original Bond Resolution there shall be maintained in the Dormitory Revenue Fund, as an Operating Reserve, such amount as is from time to time certified by the Fiscal Officer of the University as adequate and necessary for working capital for operation and maintenance of the dormitory facilities; provided, that such Operating Reserve shall not exceed one-fourth of the operating and maintenance expenses of the dormitory facilities for the preceding 12 months.

All receipts from dormitory facilities now or hereafter under the control of the Board, including the dining halls constituting part thereof, shall be deposited in the Dormitory Revenue Fund.

The Dormitory Revenue Fund, including the Operating Reserve, shall be applied to pay when due all reasonable and proper expenses of operation and maintenance (as defined in Section 10) of the dormitory facilities, excluding extraordinary repair and replacement expenses payable from the Contingency Repair and Replacement Fund and expenses of or provision for depreciation or capital replacement.

The remainder of the Dormitory Revenue Fund, after retaining therein the then current Operating Reserve and payment of said operation and maintenance expenses then due, shall be applied as provided in the Original Bond Resolution, namely, as follows and in the following order of priority:

First: Into the Debt Service Fund, to be held by the Trustee as a separate fund and used for the payment of principal and interest on the Bonds, the amounts
Fifth Supplemental Trust Agreement

provided in the Original Bond Resolution and in the Bond Resolutions relating to the Series C, D, E, F, G, H and I Bonds for payment of principal and interest on the Series A, B, C, D, E, F, G, H and I Bonds and, in addition, (1) on or before April 1 and October 1 of each year an amount equal to the interest due on the next ensuing interest payment date in that year on the Series J Bonds then outstanding; provided, that, the amount so payable on any such date into the Debt Service Fund shall be reduced by the amount then remaining in said Debt Service Fund from the accrued interest and from the funds deposited therein for capitalized interest pursuant to Section 4 of this Resolution; (2) on or before April 1 and October 1 of each year, the equal semi-annual amounts necessary to provide for payment of any principal maturity in that year on the Series J Bonds; (3) if Additional Bonds shall be issued under the Trust Agreement, such additional amounts and at such times as specified in the resolution authorizing such Additional Bonds, which amounts shall be not less than necessary to provide in the Debt Service Fund amounts, in addition to the amounts hereinbefore provided for the Series A, B, C, D, E, F, G, H, I and J Bonds, sufficient to pay in full interest and principal on all Additional Bonds then outstanding, as the same shall become due and payable provided that no payments need be made to the Debt Service Fund so long as the amounts in the Debt Service Fund and Debt Service Reserve Fund aggregate at least the total principal and interest payable on all Bonds then outstanding to the dates of their respective maturities.

Second: Into the Debt Service Reserve Fund, to be held by the Trustee as a separate fund for the payment of principal and interest on, and purchase or redemption of, the Bonds as herein provided, on or before April 1 and October 1 of each year and on such other dates as amounts are payable into the Debt Service Fund with respect to Additional Bonds, such amounts as are necessary to create and maintain in said Debt Service Reserve Fund the required reserve, namely, an amount equal to the maximum principal and interest requirements for any consecutive two-year period on all Bonds at the time outstanding;
Fifth Supplemental Trust Agreement

Third: Into the Contingency Repair and Replacement Fund, to be held by the University as a fund separate and distinct from all other funds of the University, semi-annually on or before April 1 and October 1 of each year, or as soon thereafter as the required reserve has been established in the Debt Service Reserve Fund, an amount equal to one-quarter of one percent of the cost of construction on all dormitory facilities then under the control of the Board and 3 percent of the cost of movable equipment for all such dormitory facilities, which fund may be used by the University to the extent necessary for payment of principal and interest on the Bonds or for extraordinary repairs and replacements to the dormitory facilities or for construction or equipping of additional dormitory facilities;

Fourth: On April 1 and October 1 of each year, to the foregoing funds, such amounts as may be necessary to make up previous deficiency in any deposits required by the foregoing paragraphs of this section;

Fifth: So long as there is no deficiency in any of the deposits provided for in Paragraphs First through Fourth above and so long as the amounts in the Debt Service Reserve Fund are at least equal to the then required reserve, any amounts in the Dormitory Revenue Fund, after reserving therein the then current Operating Reserve, may be used for any purpose of the University for which such funds may lawfully be used.

The Debt Service Fund is irrevocably pledged to and shall be used by the Trustee for the payment of principal and interest on the Bonds and, until required for such purposes, shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing addressed to the Trustee, which writing shall determine that the maturity of the respective obligations is not later than the date on which such funds will be required for payment of such principal and interest. The Trustee shall transfer from the Debt Service Fund to the Paying Agents amounts sufficient to enable said Paying
Fifth Supplemental Trust Agreement

Agents to pay when due principal and interest on the Bonds, or the Trustee shall make such credit arrangements with said Paying Agents as to permit such payments.

The Debt Service Reserve Fund is irrevocably pledged to, and shall be used by the Trustee for, the payment of principal and interest on the Bonds if other available funds are insufficient for that purpose, and, to the extent herein provided, for purchase or redemption of Bonds. Until required for such purposes it shall be invested by the Trustee in such direct obligations of the United States as the President and the Fiscal Officer of the University shall direct in writing, which obligations shall mature not more than five years from the date of investment. The Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund such amounts as are necessary in addition to amounts available in the Debt Service Fund, including funds transferred from the Contingency Repair and Replacement Fund, to enable said Paying Agents to pay when due the principal and interest on the Bonds.

Any amounts in the Debt Service Reserve Fund in excess of the required reserve provided for in Paragraph Second above shall be used to purchase Bonds for retirement or to redeem Bonds then subject to redemption to the extent and in the manner from time to time requested in writing by the President and the Fiscal Officer of the University. In calculating at any time whether additional amounts are required to be paid into the Debt Service Reserve Fund under Paragraph Second above and in calculating the excess over the required reserve, no value shall be given to any investments of the fund other than direct obligations of the United States maturing within five years from the date of such calculation, but, in all other respects, such investments shall be valued at their face amount or market value, whichever is lower.

The Contingency Repair and Replacement Fund is irrevocably pledged to, and shall be used by the University for, extraordinary repairs and replacements to the dormitory facilities or to construct or equip additional dormitory facilities or for the retirement of all then outstanding Bonds by purchase or redemption or for payment of the principal and interest by transfer to the Debt Service Fund as herein provided.
Fifth Supplemental Trust Agreement

The University shall transfer from the Contingency Repair and Replacement Fund to the Debt Service Fund such amounts as are from time to time necessary, in addition to the other amounts available in the Debt Service Fund and without use of the Debt Service Reserve Fund, to provide for the payment, when due, of the principal and interest on the Bonds and shall not use any of this fund for repairs or replacement or additional facilities if there is any deficiency in any of the deposits required to be made under subparagraphs First or Second of this Section. Until required for such purposes, the Contingency Repair and Replacement Fund may be invested by the President and the Fiscal Officer of the University in direct obligations of the United States maturing not more than five years from the date of investment.

Investments made pursuant to this Section 8 of any amounts in any Special Fund herein created and the interest thereon and the proceeds thereof shall constitute part of that Special Fund and be added to that particular fund. Such investments shall be sold, exchanged or collected from time to time as directed by the President and the Fiscal Officer of the University, and the Trustee shall be under no liability and have no responsibility in connection with such investment, or the sale, exchange or collection thereof, provided the directions of said officers are followed.

Section 9. Trust Agreement. In order to secure the payment of the principal and interest on the Bonds, the President of the University and the Chairman of the Board of Trustees, and each of them, are authorized to execute, acknowledge and deliver as may be appropriate the Fifth Supplemental Trust Agreement in substantially the form attached hereto, and the Secretary of the Board of Trustees is authorized to seal and attest the same, with such changes not unfavorable to the University as the Officers acting shall deem advisable and as shall be approved by the Original Purchasers of the Series J Bonds. The terms and provisions of the Trust Agreement are hereby confirmed and adopted and the terms of said Trust Agreement purporting to be applicable to the Series A and Series B Bonds or to the Project to be constructed from the proceeds of the Series A and Series B Bonds shall be deemed equally applicable to the
Fifth Supplemental Trust Agreement

Series J Bonds and the Project covered by this Resolution to the extent that the same are not inconsistent with the terms or provisions of this Resolution and the context so permits.

Section 11. Definitions. Where the context permits, the following terms as used in this Resolution or in the Trust Agreement shall have the following meanings: (1) "the Fiscal Officer" shall mean the Vice President, Business and Finance, of the University or any official or employee performing the duties of such officer for the time being. The Comptroller, or any official or employee performing the duties of such officer for the time being, shall also be "a Fiscal Officer" when the context so permits. (2) "Additional Bonds" shall mean Bonds issued pursuant to the Trust Agreement in addition to and on a parity with the Series A, B, C, D, E, F, G, H, I and J Bonds and "Bonds" shall mean both the Series A, B, C, D, E, F, G, H, I and J Bonds and Additional Bonds; (3) "Agreement" or "Trust Agreement" shall refer to the Trust Agreement dated as of April 15, 1957 as from time to time supplemented pursuant to its terms; (4) "Dormitory Facilities" shall mean buildings, groups of buildings or parts of or additions to buildings, including the sites therefor, now or hereafter constructed, acquired by or under the control of the Board and authorized to be constructed, equipped, maintained and operated by Section 3345.07 of the Revised Code of Ohio, including the dormitories, additions to dormitories, dining facilities, and married student housing facilities or projects and all separate or connected buildings, sites, equipment, structures and utilities to be used in connection with the maintenance or operation of, or in any way supplementing or related to the services or facilities to be provided by such buildings located on or in close proximity to the campus; (5) "Net Income" shall mean all receipts of the operation of dormitory facilities after deducting therefrom the reasonable and proper operating and maintenance expenses thereof; (6) "Reasonable and Proper Operating and Maintenance Expenses" shall mean ordinary and usual reasonable expenditures necessary to the operation, repair and maintenance of the dormitory facilities including, without
Fifth Supplemental Trust Agreement

limiting the generality of the foregoing, taxes, fees and expenses of the Trustee and paying agents and any expenses required to be paid by the Bond Resolution or the Trust Agreement, but excluding provision or expenditure for depreciation or capital replacement or expenditures for administration or regulation of the occupants of the dormitory facilities which expenditures do not constitute costs of the type included as costs of operation of the dormitory facilities under the present accounting practice of the University or expenditures for extraordinary repairs or replacements or payments to the Debt Service Fund, Debt Service Reserve Fund or Contingency Repair and Replacement Fund; (7) "Trustee" refers to the Trustee under the Trust Agreement, presently The Ohio National Bank of Columbus; (8) Any reference to an officer of the University or of the Board in this Resolution shall refer to the person holding such office or, in the event of resignation, absence, incapacity or vacancy in such office, then the person performing the duties of such office; any reference to Section 3345.07 of the Revised Code of Ohio shall, where the context permits, mean said section as it now exists and as it is from time to time amended, supplemented or affected by later legislation.

Section 12. General. The appropriate officers of the University and the Board, the architects and engineers employed by the University, and the Trustee designated in the Trust Agreement are authorized and directed to do all things necessary or proper to carry out the terms and provisions of this Resolution, the Trust Agreement and the Sale referred to in Section 3 above and to effect the execution, sale and delivery of said Series J Bonds in accordance therewith if approved by the President and Fiscal Officer of the University. It may be required as part of the terms of sale of the Series J Bonds that prior to or at the time of delivery the Series J Bonds there shall have been executed and delivered contracts for construction of the principal portions of the Project and provisions shall have been made for obtaining sufficient amounts to pay all costs of the Project as estimated by the Project architect. The obligations imposed upon the University under this Resolution or the Trust

Agreement are established as duties specifically enjoined upon the University, the Board and the officials of the University by law and result from their respective offices, trusts or stations within the meaning of Section 2731.01 of the Revised Code of Ohio.

Whereas, the text of the Series J Bonds and the coupons, if any, to be attached thereto and the authentication certificate of the Trustee to be endorsed thereon are to be substantially as follows:

(Form of Coupon Bond)

The form of Coupon Bond shall be identical with the form of Coupon Bond set forth in the Trust Agreement dated as of April 15, 1957 except that there shall be substituted in such form in lieu of the corresponding paragraphs and Trustee's Certificate and corresponding coupon form in said Coupon Bond the following paragraphs and coupon form:

****

This Bond is a Series J Bond and is one of a duly authorized issue of Dormitory Revenue Bonds of the University, issued and to be issued from time to time, pursuant to Section 3345.07 of the Revised Code of Ohio and the Resolutions of the Board of Trustees of April 8, 1957 and March 11, 1965 (herein collectively called the "Bond Resolution") for the purpose of paying the costs of constructing and equipping certain dormitory facilities and secured by Trust Agreement dated as of April 15, 1957 and First, Second, Third, Fourth and Fifth Supplemental Trust Agreements between the University and the above-named Trustee (herein collectively called the "Agreement").

The University hereby reserves the right to call and redeem the Bonds of this series prior to maturity as a whole, or in part, in inverse order of maturity, on any interest payment date on or after April 15, 1976, upon terms of par and accrued interest to the redemption date plus redemption premiums as follows: four percent (4%) if redeemed 1976 to 1980, inclusive; three percent (3%) if redeemed 1981 to 1985, inclusive; two percent (2%) if redeemed 1986 to 1990, inclusive; one and one-half percent (1-1/2%) if redeemed 1991 to 1995, inclusive; and without premium if redeemed after 1995. If less than all the Bonds (or parts of Registered Bonds) of one maturity and of one series are to be called, the Coupon Bonds or portions of fully Registered Bonds of such series and of that maturity to be called shall be chosen by lot by said Trustee. Except in the case of redemption of a particular series of bonds from surplus proceeds of that issue as

provided in the Bond Resolution, no Bonds of any series may be called unless the same proportion of the outstanding Bonds of each other series, then callable, are called at the same time.

*****

The Series A, B, C, D, E, F, G, H, I, and J Bonds, together with such Additional Bonds as may be issued on a parity therewith under said Agreement, are, and are to be, secured only, but equally and ratably without priority one over another by reason of number or of date of Bond, sale, execution or delivery, by the Agreement, creating a prior pledge of the receipts of all dormitory facilities now or hereafter under the control of the Board of Trustees as defined in the Agreement after provision only for reasonable operating and maintenance expenses thereof.

*****

The Bonds are issuable as coupon bonds, registrable as to principal, in the denomination of $5,000, and as registered bonds without coupons in denominations of $5,000 and any multiple thereof. Registered Bonds without coupons may be exchanged for coupon Bonds or for other registered Bonds without coupons, and coupon Bonds may be exchanged for registered Bonds without coupons, all on the terms and under the conditions and upon payment of the charges, if any, and with the effect provided in the Agreement.

Fifth Supplemental Trust Agreement

NOW, THEREFORE, THIS SUPPLEMENTAL TRUST AGREEMENT,

WITNESSETH that in order to secure the payment of the principal of and interest on
the Bonds according to their true intent and meaning, and to secure the performance
and observance of all covenants and conditions therein and herein, in the Bond
Resolution and in the Trust Agreement contained, and for and in consideration of
the premises and of the purchase and acceptance of the Bonds by the holders thereof
from time to time, and the acceptance by the Trustee of the further trusts hereby
created, and for other good and valuable considerations the receipt of which is
hereby acknowledged, the University has executed and delivered this Fifth Supple-
mental Agreement.

IN TRUST, NEVERTHELESS, upon the terms and trusts in the Trust Agree-
ment and in this Supplement set forth for the equal and proportionate benefit and
security of all present and future holders of the Bonds and appurtenant coupons
issued or to be issued under and secured by the said agreements, without preference,
priority or distinction, as to lien or otherwise, of any one bond or coupon over any
other by reason of priority in the time of the issue or negotiation thereof or other-
wise, except as may be otherwise expressly provided in said Trust Agreement.

AND IT IS HEREBY COVENANTED AND DECLARED by the University with
the Trustee and its successors in the trust under the Trust Agreement for the
benefit of those who shall hold such Bonds and appurtenant coupons at any time
issued and outstanding under the Trust Agreement as follows:

Section 1. Incorporation of Bond Resolution. The Series J Bond Resolution
is hereby made a part of this Supplement and of the Trust Agreement.

Section 2. Form, Execution and Delivery of Series J Bonds. The Series J
Bonds shall be executed, authenticated and delivered as provided herein, and said
Series J Bonds, the coupons to be attached thereto, and the certificate of authentication
of the Trustee to be endorsed thereon shall be substantially in the form provided in the
preambles hereto with any necessary modifications to conform hereto.
Fifth Supplemental Trust Agreement

Section 3. **Proceeds of Sale.** The proceeds from the sale of the Series J Bonds shall be applied as provided in the Bond Resolution.

Section 4. **Concerning the Trustee.** The Trustee hereby accepts the trusts hereby declared and provided and agrees to perform the same upon the terms and conditions in the Trust Agreement and in this or any other Supplement set forth.

The Trustee shall not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this Supplement or the due execution thereof by the University, nor for or in respect of the recitals herein contained, all of which recitals are made by the University solely. In general, each and every term and condition contained in the Original Trust Agreement shall apply to this Supplement, with such omissions, variations and modifications thereof as may be appropriate to make the same conform to this Supplement.

IN WITNESS WHEREOF, the Board of Trustees has caused this Fifth Supplemental Trust Agreement to be executed and its seal to be hereto affixed and The Ohio National Bank of Columbus, Columbus, Ohio, as Trustee, in token of its acceptance of the trusts created hereunder, has caused this Fifth Supplemental Trust Agreement to be executed and has caused its seal to be hereto affixed all as of the day and year first above written.

APPENDIX V

DESIGNATION OF SPECIAL COUNSEL BY THE ATTORNEY GENERAL
Pursuant to recommendation of the Board of Trustees of The Ohio State University, I, William B. Saxbe, Attorney General, State of Ohio, do hereby appoint Squire, Sanders & Dempsey, Cleveland, Ohio, as special counsel to act as Bond Counsel and Project Counsel to The Ohio State University in connection with the issuance and sale of Dormitory Revenue Bonds, Series J, which are being issued to finance dormitory and dining facilities on the campus of the University, and as Bond Counsel and Project Counsel with regard to all additional parity bonds hereafter issued under the Trust Agreement dated April 15, 1957, and the projects to be financed thereby.

As Bond Counsel said firm shall assist and advise the University in the development of terms and conditions for financing of such dormitory and dining facilities, prepare all necessary documents relating to such financing, including the Bond Resolution, Trust Agreement, temporary and definitive bond forms, public sale proceedings and legal portions of the prospectus, develop the necessary bond transcript, advise the Board of Trustees on the legality of all proceedings and documents relating to such financing, render an opinion as to the legality of the bonds upon their issuance and delivery and such related opinions as may be required, and supervise the program for delivery of and payment for such bonds.

As Project Counsel said firm shall assist the University in negotiations and preparation of or review of any loan agreements, applications and related papers with the Housing and Home Finance Agency or investment bankers and other lending agencies, preparation or review of construction or architect's or engineering contracts, or proceedings in connection with the advertising, authorization or execution thereof, title matters relating to the project site, negotiations or preparation of approvals, certification or other documents required from state officials, services on interim financing, including the rendering of opinions thereon, other work in preparation of or review of prospectus or official statement for bidders, or preparation or review of new legislation, and other services in connection with the project not covered by the preceding paragraph.

Compensation for services rendered and to be rendered as Bond Counsel hereunder shall be, for each series of bonds, $1,775 for the first $500,000 principal amount, or part thereof, plus $1 for each $1,000 principal amount in excess of $500,000 but not in excess of $10,000,000, plus 50¢ for each $1,000 principal amount over $10,000,000; if no bonds are issued, reasonable compensation shall be paid by the University.

Reasonable compensation shall be paid for services rendered and to be rendered as Project Counsel, based upon transcript of services, if requested, as approved by the University. In addition to such compensation, counsel shall be reimbursed for their actual and necessary expenses including telephone, travel and the like incurred in the performance of their duties as Bond or Project Counsel. Such compensation and reimbursement shall be paid solely from the proceeds of the sale of Dormitory Revenue Bonds or other funds of the University lawfully available for the purpose, or if the University so desires, by the purchaser of the bonds as part of the purchase price thereof.

THE OHIO STATE UNIVERSITY
DORMITORY REVENUE NOTE OF 1965
No.______

KNOW ALL MEN BY THESE PRESENTS That The Ohio State University and its Board of Trustees (herein collectively called the University) for value received, hereby promise to pay to_____...-----...-----...,---,----~--------------- of , or order, the sum of

$__________

on with interest thereon from the date hereof at the rate of___________ per cent (_____%) per annum payable on--------,----.,-----.,--. The principal and interest hereof are payable solely from (a) the revenues of the Dormitory Facilities (as defined in the Trust Agreement between the University and The Ohio National Bank of Columbus, dated as of April 15, 1957, as supplemented by First through Fifth Supplemental Trust Agreements) after providing for reasonable and proper expenses of operation and maintenance thereof and all payments required from time to time to be made to the Special Funds created under such Trust Agreement, as supplemented; and (b) the proceeds of the sale of The Ohio State University Dormitory Revenue Bonds, Series J (herein called the Series J Bonds) provided for by resolution of the Board of Trustees adopted March 11, 1965, or the proceeds of the sale of notes issued pursuant to Section 3345.07 of the Revised Code of Ohio to refund this note; and neither the State of Ohio nor the University or its Board of Trustees is obligated to pay the same from any other funds or source, nor shall this note be a claim upon or lien against any other property of the State or the University.

Principal is payable on presentation and surrender of this note at the office of the Vice President, Business and Finance of the University, and interest is payable to the registered owner hereof at such office or by check or draft mailed to the registered owner at his address as it appears on the registration books of the University. This note may be transferred only upon books kept for registration and transfer by the University, upon surrender of this note at the office of the Vice President, Business and Finance of the University, together with an assignment duly executed by the registered owner or his attorney in form satisfactory to the University. The person in whose name this note is registered shall be deemed and regarded as the absolute owner hereof for all purposes, and payment of or on account of the principal and the interest hereon shall be made only upon the order of such registered owner. All such payments shall be valid and effectual to satisfy and discharge the liability upon this note, including interest, to the extent of the sum or sums so paid.

This note is issued for the purpose of constructing and equipping certain dormitory and dining facilities within or in close proximity to its campus, pursuant to and in full compliance with the general laws of the State of Ohio, particularly Section 3345.07 of the Revised Code, and pursuant to a Resolution of the Board of Trustees of said University duly adopted on the 11th day of March, 1965.
Dormitory Revenue Note of 1965

In consideration of the loan evidenced by this note, the University and its Board of Trustees covenant and agree that they will do all things necessary to effect the issuance of and delivery, prior to the maturity of this note, of the Series J Bonds or notes for the refunding of this note, pursuant to Section 3345.07 of the Revised Code of Ohio, in such principal amount as shall be necessary to pay the principal of and interest on this note, that they will do all things necessary to sell such bonds or notes at the time provided above and will accept such price and such interest rate as shall be necessary in order to effect such sale, and these obligations are established as duties specifically enjoined upon the University by law and result from their respective offices, trusts or stations within the meaning of Section 2731.01 of the Revised Code of Ohio.

This note is executed on behalf of said Board of Trustees of The Ohio State University solely in their capacity as such Trustees and shall not constitute their personal obligation, either jointly or severally, in their individual capacities. All endorsers whose names now appear or are hereafter written on this instrument, do severally waive presentment, demand, protest and notice of protest and dishonor hereof.

AND IT IS HEREBY CERTIFIED AND RECITED, that all acts, conditions and things necessary to be done precedent to and in the issuance of this note, in order to make it a legal, valid and binding obligation of said University and its Board of Trustees, have happened, been done and performed in regular and due form as required by law.

IN WITNESS WHEREOF, The Ohio State University and its Board of Trustees, jointly and severally, have caused this note to be signed on their behalf by the

of the University and the

of said University, as of the day of , 1965.

Columbus, Ohio, April 8, 1965

The Board of Trustees met at its regular monthly meeting on Thursday, April 8, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Smith L. Rairdon, Chairman, Alan B. Loop, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Carlton S. Dargusch, John G. Ketterer, and Mervin B. France.

Minutes of the last meeting were approved.
April 8, 1965 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Recommendation for the Benjamin G. Lamme Meritorious Achievement Medal - Hayward Andrews Gay

The Committee on Honorary Degrees and Honors of the College of Engineering, with the unanimous endorsement of the faculty of the College of Engineering, has nominated Hayward Andrews Gay, President of Pratt & Whitney, Incorporated, West Hartford, Connecticut, for the Benjamin G. Lamme Meritorious Achievement Medal to be awarded at the June Commencement, 1965.

It is therefore recommended that this nomination be approved by the Board of Trustees.

Upon motion of Mr. France, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

B. Graduation Fees for Master and Doctor of Philosophy Candidates

On May 10, 1954, the Board of Trustees approved a graduation fee in the amount of $14.25 for the Master's degree and $44.25 for the Doctor of Philosophy degree. Because of lowered costs resulting from various efficiency measures in the binding of theses and dissertations, the Dean of the Graduate School has proposed that the graduation fees for the above degrees be reduced.

It is therefore recommended that the graduation fee for the Master's degree be reduced from $14.25 to $10.00 and the graduation fee for the Doctor of Philosophy degree be reduced from $44.25 to $35.00, effective upon the adoption of this recommendation.

Upon motion of Mr. Loop, seconded by Mr. Allyn, the above recommendations were approved by unanimous roll call vote.

C. Revision of Rules 11.1311 and 29.2711 of the Rules for the University Faculty

On March 9, 1965, the Faculty Council approved the following revisions in the Rules for the University Faculty as proposed by the Athletic Council.

The revisions are:

1. That Rule 11.1311 be amended by deleting the first paragraph of Section 2 and substituting therefor the following:

   Section 2. Under policies established by the Athletic Council, the Director of Athletics shall direct the programs of intramural and intercollegiate athletics. The Director of Athletics shall arrange the schedules of intercollegiate contests, supervise all trips, and make all arrangements for the conduct of intercollegiate contests.
April 8, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Revision of Rules 11.1311 and 29.2711 of the Rules for the University Faculty (continued)

2. That Rule 29.2711 be amended by deleting the first sentence of Section 3 and substituting therefor the following sentence:

Section 3. Subject to the general authority of the President and the Board of Trustees, the Athletic Council shall be charged with the development of the policy governing intercollegiate and intramural athletics, as the agent of the Faculty Council.

It is therefore recommended that the above proposed revision to the Rules for the University Faculty as endorsed by the Faculty Council be approved.

Upon motion of Mr. France, seconded by Mr. Ketterer, the Board of Trustees approved the above recommendation by a unanimous roll call vote, and the Secretary was instructed and authorized to make such changes in the Rules for the University Faculty.

D. Student Fees at Branch Campuses

As a result of the revision in the Board of Regents' regulations for defining full-time equivalent enrollments which determines the financial support to be received by the branch campuses of the state-assisted universities as set forth in H. B. 200, it is recommended that the quarterly fees assessed students enrolled on the branch campuses of The Ohio State University be identical with the fees assessed students enrolled on the Columbus main campus, effective Autumn Quarter, 1965.

By the adoption of the above recommendation, the fees assessed at the branch campuses will be $125.00 for full-time resident students (those registered for seven quarter credit hours or more) and $290.00 for full-time non-resident students. The fees for part-time students (six quarter credit hours or less) shall be $63.00 for resident students and $146.00 for part-time non-resident students. The fees collected from students enrolled at the branch campuses are to be deposited in the applicable branch campus rotary account.

Upon motion of Mr. Loop, seconded by Mr. France, the above recommendation for revision of fees for students enrolled in branch campuses was approved by unanimous roll call vote.
E. Modification of Campus Master Plan

From time to time the Board of Trustees has modified the campus master plan adopted on February 16, 1962. Changes in the University's land acquisition plan have been implicit in some of these modifications but have not been delineated in any amendment to the original land acquisition map on page 97 of the Caudill, Rowlett and Scott report upon which the February 16, 1962, action was based. The attached maps indicate these modifications in the land acquisition plan.

The attached maps include in the University's acquisition area the entire flood plain east of the Olentangy River between West Lane Avenue and Dodridge Street, the intended use being for intramural fields to serve the north dormitory complex. Part of this flood plain is now owned and used by the City for recreation purposes, and the Columbus Board of Education may have need for a portion of the land for similar purposes. The University will continue to work with these other governmental agencies in keeping this entire flood plain open and in providing at appropriate places the recreational facilities that will be needed by all three agencies.

It is recommended that the Board of Trustees now approve the master plan modification as depicted on the attached maps, subject to such intergovernmental agreements as might subsequently be developed relative to use of the Olentangy River flood plain for recreation purposes; that all previous actions of the Board of Trustees with respect to the master plan and not contrary to this present action be reaffirmed; and that copies of the attached maps be filed by the Secretary with the "Campus Master Planning Study--Phase II" report submitted on December 12, 1961.

Upon motion of Mr. France, seconded by Mr. Loop, the above recommendations for modification of the campus master plan were approved by unanimous roll call vote.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the March 11, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Appointment, Leaves of Absence Without Salary, and Emeritus Titles:

A. Appointment

James Norman Allen, M.D., Professor, Department of Medicine, effective May 1, 1965, at a salary of $20,268.00 per annum.
II. PERSONNEL CHANGES (continued)

B. Leaves of Absence Without Salary

Glenn O. Schwab, Professor, Department of Agricultural Engineering, April 1, 1965 through May 31, 1965, to serve on the Ford Foundation contract in Ludhiana, Punjab, India.

Katharine G. Hoch, Instructor, Department of English, April 1, 1965 through June 30, 1965, to complete work for her Master's degree.

C. Emeritus Titles

Bernard F. Mooney, Physical Education for Men, with the title Professor Emeritus, effective July 1, 1965.

Laurence N. Snyder, Physical Education for Men, with the title Professor Emeritus, effective September 1, 1965.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the Appointment, Leaves of Absence Without Salary, Emeritus Titles, and the personnel budget actions as recorded in the official "Salary Roll" of the University were approved by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll" with the official documents of the University.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Kenneth V. Battles, Professor, Department of Agricultural Engineering, and George J. Kienzle, Professor and Director of the School of Journalism. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. Kenneth V. Battles

The Board of Trustees expresses its sorrow at the death on March 13, 1965, of Kenneth V. Battles, Professor, Department of Agricultural Engineering.

Professor Battles was born in Chesterland, Ohio, on July 2, 1902. He received his B.S. degree from The Ohio State University in 1926 and his M.S. degree from the University of Illinois in 1950.
XI. RESOLUTIONS IN MEMORIAM (continued)

A. Kenneth V. Battles (continued)

Mr. Battles was an undergraduate student in the Department of Agricultural Engineering at The Ohio State University from 1922 to 1926. Upon graduation he served as assistant to the County Agent in Ashtabula County. In October, 1926, he was appointed County 4-H Club Agent.

In the fall of 1939 he started his graduate work at The Ohio State University. On June 1, 1946, he joined the Department of Agricultural Engineering staff as Extension Agricultural Engineer with the rank of Assistant Professor. He specialized in the field of farm structures. His work at that time was directed toward the development of the Ohio 4-H Camps.

Mr. Battles was granted a leave of absence from his Extension duties from September, 1949, to June, 1950, in order to complete graduate work at the University of Illinois.

After returning to The Ohio State University upon completion of graduate work in 1952, he was promoted to the rank of Associate Professor. During that time he worked with County Agents and farmers. In this position, he arranged tours, meetings, and leader-training schools; worked in the design, construction, arrangement, management, and functioning of structures; and assisted in general farmstead engineering. He was promoted to the rank of Professor in 1962.

At the time of his death, Professor Battles was working in the northeastern district of Ohio and in part of the southeastern district. He had assumed leadership of statewide activities pertaining to development of 4-H Camps and community buildings. Mr. Battles prepared numerous publications and his deep interest in youth activities was widely recognized and appreciated.

Professor Battles was a member of North Broadway Methodist Church, American Society of Agricultural Engineers, Gamma Sigma Delta, Epsilon Sigma Phi, and Council of the Ohio Chapter of Tuscan Lodge F&AM, of which he was Past High Priest.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

B. George J. Kienzle

The Board of Trustees expresses its sorrow at the death on March 21, 1965, of George J. Kienzle, Professor and Director of the School of Journalism.

Mr. Kienzle was born in Decatur, Indiana, on June 30, 1910. He received his Bachelor of Arts degree from The Ohio State University in 1932. He was a newspaperman for 10 years and a business executive for 13 years before joining The Ohio State University faculty on January 1, 1958, as Professor and Director of the School of Journalism. He quickly proved himself to be a distinguished teacher and an inspiring leader in the cause of

B. George J. Kienzle (continued)

responsible journalism. He was also a well-known speaker and author. His publications include four books and many magazine articles.

Professor Kienzle was unusually active in campus and community affairs. He was a member of the University's Publication Board and Chairman of the Conference Committee of the Teaching Staff. In addition, he served as President and Trustee of the Franklin County unit of the American Cancer Society, Public Relations Chairman of the Franklin County United Appeal campaign, and President of the Central Ohio Chapter, Public Relations Society of America. He was an honorary member of Omicron Kappa Epsilon dental fraternity. He was a member of the Bexley Methodist Church.

Mr. Kienzle was perhaps best known for his pioneering work in the teaching of medical and dental writing and for his leadership in converting The Ohio State Lantern from a small-circulation tabloid into a standard-size, mass-circulation newspaper with wide influence on the campus and elsewhere.

During his relatively brief period of service on campus, he strongly influenced all students by his stress on professional competence and professional responsibility in journalism.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Report on Actions Taken by the Ohio Board of Regents at Its Meeting on March 19, 1965 on the Requests Submitted by The Ohio State University

The Ohio Board of Regents at its regular meeting on March 19, 1965, took the following action upon the recommendations which had been submitted by authority of the Board of Trustees of The Ohio State University and are reported for information and record:

1. Approved two new degrees, the Master of Music and the Master of Fine Arts, as requested by the Board of Trustees at its January 14, 1965 meeting.

2. Approved the establishment of a Columbus Branch of The Ohio State University as requested by the Board of Trustees at its March 11, 1965 meeting.

By unanimous consent the Secretary was instructed to include the above report in the minutes of this meeting.
B. Reports from the Finance and Investment Committee

1. Amendment to Resolution Providing for Interim Financing in the Amount of $11,000,000 for the Construction of Dormitories
   (See Section XI, Item A-3, page 389, March 11, 1965 minutes.)

   Mr. Loop, Chairman of the Finance and Investment Committee, presented the following Resolution:

   WHEREAS, on March 11, 1965 this Board of Trustees adopted a Resolution entitled "Resolution providing for the issuance of $11,000,000 of Dormitory Revenue Notes of 1965 of The Ohio State University for the purpose of constructing and equipping dormitories and dining facilities to be known as Jones and Taylor Towers, Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility"; and

   WHEREAS, The Ohio National Bank of Columbus, being the original purchaser of said notes, has expressed a desire to have such notes issued in coupon form, and recommends the provision for payment at The Ohio National Bank of Columbus; and

   WHEREAS, such proposed changes are satisfactory to the University;

   NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University that the aforesaid Resolution adopted March 11, 1965 be and the same is hereby amended by adding thereto a Section 3A, reading in its entirety as follows:

   Section 3A. Said notes may also be issued in bearer coupon form, with interest coupons to be signed by or to bear the facsimile signature of the Vice President, Business and Finance, and said notes, whether in coupon or registered form, may be made payable at the principal office of The Ohio National Bank of Columbus, Columbus, Ohio (hereinafter called the "Paying Agent") which shall also be note registrar for the University, and one of the signatures on the face of any such note may be a facsimile. Such coupon notes shall in all other respects be governed by other provisions of this resolution and shall be substantially in the form as shown in Appendix VII, page 473, with appropriate changes to reflect the provisions of this Section 3A and such other changes as may be approved by the designated officers as authorized by Section 3. Said notes in bearer coupon form shall be delivered in exchange for the temporary note issued as provided in Section 3 hereof upon request therefor made by the owner of such temporary note and otherwise in accordance with the terms of such temporary note.

   Both the interest on all coupon notes, and the principal of such notes, unless registered as to principal, shall be payable at the principal office of the Paying Agent. Payment of the interest on coupon notes shall be made only upon presentation and surrender of the coupons, if any, representing such interest

   as the same respectively fall due. The principal of all registered notes and of all coupon notes registered as to principal alone shall be payable at the principal office of the Paying Agent and payment of the interest on registered notes without coupons shall be made on each interest payment date to the person appearing on the registration books of the University hereinafter provided for as the registered owner thereof, by check or draft mailed by the Paying Agent to such registered owner at his address as it appears on such registration books.

   Coupon notes, upon surrender thereof at the principal office of the Paying Agent with all unmatured coupons and all matured coupons in default, if any, appertaining thereto may, at the option of the holder or registered owner thereof, be exchanged for an equal aggregate principal amount of registered notes without coupons, of any denomination or denominations authorized by this Resolution, of the same maturity, and bearing interest at the same rate.

   Registered notes without coupons, upon surrender thereof at the principal office of the Paying Agent together with an assignment duly executed by the registered owner or his attorney in such form as shall be satisfactory to the Paying Agent, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of coupon notes of the same maturity, bearing interest at the same rate, with coupons attached representing all unpaid interest due or to become due thereon, or for registered notes without coupons, of any denomination or denominations authorized by this Resolution, of the same maturity, and bearing interest at the same rate.

   The University shall make provision for the exchange of notes at the principal office of the Paying Agent, and shall cause books to be kept by the Paying Agent as note registrar for the registration and transfer of notes as provided in this Resolution.

   Title to any coupon note, unless such note is registered as to principal in the manner hereinafter provided, and to any interest coupon shall pass by delivery in the same manner as a negotiable instrument payable to bearer. At the option of the bearer, any coupon note may be registered as to principal alone on books for the registration and transfer of notes, kept by the Paying Agent as note registrar, upon presentation thereof to the Paying Agent which shall make notation of such registration thereon. alone may thereafter be transferred only upon an assignment duly executed by the registered owner or his attorney in such form as shall be satisfactory to the Paying Agent, such transfer to be made on such books and endorsed on the note by the Paying Agent. Such transfer may be to bearer and thereby transferability by delivery shall be restored, subject, however, to successive registrations and transfers as before.

Any registered note without coupons may be transferred only upon the books kept for the registration and transfer of such notes, upon surrender thereof together with an assignment duly executed by the registered owner or his attorney in such form as shall be satisfactory to the Paying Agent. Upon the transfer of any such registered note the University shall execute in the name of the transferee and deliver, a new registered note or notes, without coupons, of any denomination or denominations authorized by this Resolution, or, at the option of the transferee, coupon notes with coupons attached representing all unpaid interest due or to become due thereon, in aggregate principal amount equal to the principal amount of such registered note, of the same maturity, and bearing interest at the same rate.

Except as otherwise provided in this Resolution, the University and the Paying Agent may make a charge for every such exchange or transfer of notes sufficient to reimburse them for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, and in addition may charge a sum sufficient to reimburse them for all costs and expenses incurred in connection with such exchange or transfer, and such charge or charges shall be paid before any such new note shall be delivered. Neither the University nor the Paying Agent shall be required to transfer or exchange any note or notes during the ten (10) days next preceding an interest payment date on the notes.

As to any coupon note registered as to principal alone or registered note without coupons, the person in whose name the same is registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of or on account of the principal of any such note and the interest on any such registered note without coupons shall be made only to or upon the order of the registered owner thereof or his legal representative, but such registration may be changed as hereinabove provided. All such payments shall be valid.

and effectual to satisfy and discharge the liability upon such note, including the interest thereon to the extent of the sum or sums so paid. The University, and the Paying Agent may deem and treat the bearer of any coupon notes which shall not at the time be registered as to principal, and the bearer of any coupon appertaining to any coupon note whether such coupon note shall be registered as to principal or not, as the absolute owner of such note or coupon, as the case may be, whether such note or coupon shall be overdue or not, for the purpose of receiving payment thereof and for all other purposes whatsoever, and neither the University nor the Paying Agent shall be affected by any notice to the contrary.

Upon motion of Mr. Loop, seconded by Mr. Allyn, the above resolution was unanimously adopted by roll call vote.

2. Report on the University’s Investment Portfolio

The report on the status of the University’s Investment Portfolio dated March 31, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees, was received and ordered to be filed with the official records of the Board.

C. Report Regarding University School

The Chairman of the Board of Trustees, Mr. Rairdon, read the following communication from the Honorable Ralph E. Fisher, Chairman of the Finance Committee of the Ohio House of Representatives:

Columbus

March 31, 1965

Mr. Smith L. Rairdon
Chairman of Board of Trustees
The Ohio State University
Columbus, Ohio

Dear Mr. Rairdon:

The House Finance Committee on Tuesday, March 30, held an informal meeting with President Fawcett, Dean Cottrell of the College of Education and a large group of citizens interested in the continuing operation of University School.
Hundred of letters have been received from interested persons requesting favorable action by the House Finance Committee on this matter.

The hearing yesterday brought out that the decision on the part of Dean Cottrell to phase out the upper 6 grades of University School was in no way related to availability of adequate financing.

It is the studied opinion of the Finance Committee of the House that this is a university policy matter and within the province of the Ohio State University Board of Trustees.

The Committee respectfully recommends that the Board of Trustees, because of wide public interest, hold an open meeting on this question and invite a representative group to present their views relative to the future of University School.

Sincerely yours,

/s/ Ralph E. Fisher
Ralph E. Fisher, Chairman
House Finance Committee

The Chairman then requested President Fawcett to review the sequential developments leading to the administrative decision regarding the continuation of operation of a portion of the University School. Whereupon President Fawcett presented the following statement:

Statement Regarding University School
Novice G. Fawcett
April 8, 1965

The University School was established in 1930 as a laboratory facility for the College of Education. While I had been familiar with the University School during my work in public education, my first official involvement with it as President of The Ohio State University was in 1956 when I recommended that thereafter, increases in student fees at The Ohio State University should not be applied to students attending the University School.
C. Report Regarding University School (continued)

Statement Regarding University School—Novice G. Fawcett

In April, 1958, the question of fees for University School students was raised once again, and I continued to support lower fees on the basis that the School was an important laboratory of the College of Education. However, the Cabinet requested that I write the Dean of the College of Education indicating that there were some questions about the objectives of the School and urging that the College utilize a five-year period to study the School in depth—defining its objectives, outlining its procedures, and providing evidence of the effectiveness of the School in meeting its objectives. This letter to Dean Cottrell was sent on April 23, 1958.

In December, 1963, the University was deeply engaged in the preparation of a revised capital plan because of the passage of State Issue #1. On December 5, 1963, I asked Dean Cottrell for a formal report on the University School in keeping with my request made five years earlier. I indicated that we needed this formal report to determine the requirements, if any, for the University School in our capital plan. During the five-year period Dean Cottrell had informed me regularly of changes which had been made in the programs of the University School and of some of the problems which the School was facing in becoming an integral part of the professional education program of the College.

On December 18, 1963, Dean Cottrell appointed a faculty committee to meet "an urgent need for a study to be made of the potentialities of a center for school experimentation (including University School) in relation to the overall College objectives of teacher education, research, and field service".

The fourteen member faculty committee reported to the Dean early in March, 1964. The majority report (ten members approving) recommended the complete discontinuance of the K-12 program in the University School and recommended that no new students be enrolled in the School after September, 1964. This report stated, in part that

... the committee recommends that the College become involved intimately with school districts which are facing the critical problems of education.

... The University School is only tangentially related to the program of teacher education and has not affected, either positively or negatively, the recent dramatic increase in research in the College.
Statement Regarding University School--Novice G. Fawcett

... The committee believes that the College has demonstrated adequately the fact that public school situations can be used effectively for the conduct of research and for observation, participation, and internship experiences for the pre-service education of school personnel.

A minority report signed by three members of the staff of University School and a professor of psychology urged that the University School be retained.

During March and April, 1964, Dean Cottrell received reactions from faculty groups concerning the report and on May 8, 1964, he announced a decision to retain grades K-6 and to phase out grades 7-12 of the School. This administrative decision to alter the format of a laboratory was made after full consultation with faculty groups and was clearly within the responsibility and the authority of the Dean of the College of Education. On March 12, 1965, at a regular meeting of the faculty of the College of Education, attended by 151 faculty members, a motion to review the administrative decision of the Dean was introduced and defeated.

The study of and decision concerning the University School has been widely publicized. Complete news releases dated March 27, 1964, and May 8, 1964, outlined the progress of the study, the decisions made, and the reasons for the decisions. In every statement, the basis for the decision has been described as a step toward the regrouping of the resources--people, dollars, and facilities--of the College to better serve the needs of public education in a complex society. I have supported these decisions just as I have and will support careful, responsible, professional decisions made by all appropriate members of our University faculty and staff.

I have been dismayed, but not surprised, by the pressures brought upon Dean Cottrell and upon the University to alter this decision. I am advised that on March 4, 1965, the University School Parents Council engaged an advertising agency to conduct a campaign at an estimated cost of $3500-$4000 to force the University to change this decision. A major feature of this campaign (which was described in the proposal from the advertising agency as "a war") was to be the solicitation of "letters from the hundreds of teachers and administrators who have visited the school... augmented by all other educators in the State who would be urged to send letters of protest..." It was also indicated that the agency would recommend "that those writing in support of the School would also write to their State senator or State representative. These letters should be strongly worded and should ask that the legislature propose a special bill to keep the School in operation. It would be

hoped that the letters would come in sufficient quantity that the legislators would become alarmed by this ground swell of public sentiment from their own districts'.

One result of this campaign was a hearing before the House Finance Committee which resulted in a letter from Chairman Ralph Fisher to Mr. Rairdon and the Board of Trustees requesting that the Board conduct an open hearing into this matter.

As a policy-making body, this Board has always attempted to establish guidelines for action and to employ competent, dedicated, professional people to establish and to conduct educational programs in keeping with those guidelines. The decision with regard to University School has been made in keeping with such procedures. I would hope that the Board might respond to Chairman Fisher by indicating its satisfaction with the manner in which the issue of the University School has been studied and resolved, but would express further its willingness, through a committee of the Board, to meet with a small group representative of the University School Parents Council to hear any views this group may care to present on this subject.

- o -

Chairman Rairdon responded with the expression of full agreement with, and support of, the procedures followed by the University administration in arriving at the decision to modify the program of the University School. He further indicated that with the concurrence of the Board of Trustees, he should like to appoint a small committee of the Board to meet with a small representative group of the University School Parents Council to hear their comments on this subject. Hearing no disagreement, the Chairman stated that he would proceed with the appointment of a committee of Board members at an early date and that he would inform Representative Fisher of the action taken in response to his letter of March 31, 1965. Chairman Rairdon concluded with an expression of appreciation to President Fawcett for the great amount of time and effort which he has put into the resolution of the University School problem.

Thereupon the Board adjourned to meet Thursday, May 13, 1965, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

APPENDIX VII

THE OHIO STATE UNIVERSITY
DORMITORY REVENUE NOTE OF 1965
KNOW ALL MEN BY THESE PRESENTS that The Ohio State University and its Board of Trustees (herein collectively called the University) for value received, hereby promise to pay, solely from the sources hereinafter set forth, to the bearer or, if this note be registered, to the registered owner hereof, on the fifteenth day of September, 1966, the principal sum of

DOLLARS

and to pay, solely from said sources, interest thereon from the date hereof at the rate of two and sixty-five one hundredths per cent (2.65%) per annum payable on September 15, 1965, March 15, 1966 and September 15, 1966 upon the presentation and surrender of the attached interest coupons representing such interest as the same respectively falls due. The principal and interest hereof are payable solely from (a) the revenues of the Dormitory Facilities (as defined in the Trust Agreement between the University and The Ohio National Bank of Columbus, dated as of April 15, 1957, as supplemented by First through Fifth Supplemental Trust Agreements) after providing for reasonable and proper expenses of operation and maintenance thereof and all payments required from time to time to be made to the Special Funds created under such Trust Agreement, as supplemented; and (b) the proceeds of the sale of The Ohio State University Dormitory Revenue Bonds, Series J (herein called the Series J Bonds) provided for by resolution of the Board of Trustees adopted March 11, 1965, or the proceeds of the sale of notes issued pursuant to Section 3345.07 of the Revised Code of Ohio to refund this note; and neither the State of Ohio nor the University or its Board of Trustees is obligated to pay the same from any other funds or source, nor shall this note be a claim upon or lien against any other property of the State or the University. The interest on this note and the principal thereof are payable at the principal office of The Ohio National Bank of Columbus, Columbus, Ohio (herein called the Paying Agent), in any coin or currency of the United States of America, which, at the respective dates of payment thereof is legal tender for the payment of public and private debts.

This note is one of a duly authorized issue of notes in the aggregate principal amount of Eleven Million Dollars ($11,000,000), issued for the purpose of constructing and equipping certain dormitory and dining facilities within or in close proximity to the campus of the University, pursuant to and in full compliance with the general laws of the State of Ohio, particularly Section 3345.07 of the Revised Code, and pursuant to a Resolution of the Board of Trustees of said University duly adopted on the 11th day of March, 1965, as amended on the 8th day of April, 1965 (herein, as so amended, called the Resolution).

Said notes are issuable as coupon notes, registrable as to principal, in the denomination of $100,000 or any larger amount which is a multiple of $5,000 and as registered notes without coupons in like denominations. As provided in the aforesaid Resolution, registered notes without coupons may be exchanged at the principal office of the Paying Agent for an equal aggregate principal amount of coupon notes of the same maturity, bearing interest at the same rate and having attached thereto all unmatured
Dormitory Revenue Note of 1965

coupons and any matured coupons in default or for registered notes without coupons of the same maturity bearing interest at the same rate, of authorized denominations, and coupon notes bearing all unmatured coupons and any matured coupons in default may be exchanged at the principal office of the Paying Agent for an equal aggregate principal amount of registered notes without coupons of the same maturity, of authorized denominations and bearing interest at the same rate.

This note may be registered as to principal alone in accordance with the provisions endorsed hereon and subject to the terms and conditions set forth in the aforesaid Resolution.

In consideration of the loan evidenced by said notes, the University and its Board of Trustees covenant and agree that they will do all things necessary to effect the issuance of and delivery, prior to the maturity of said notes, of the Series J Bonds or notes for the refunding of said notes, pursuant to Section 3345.07 of the Revised Code of Ohio, in such principal amount as shall be necessary to pay the principal of and interest on said notes, that they will do all things necessary to sell such bonds or notes at the time provided above and will accept such price and such interest rate as shall be necessary in order to effect such sale, and these obligations are established as duties specifically enjoined upon the University by law and result from their respective offices, trusts or stations within the meaning of Section 2731.01 of the Revised Code of Ohio.

AND IT IS HEREBY CERTIFIED AND RECITED, that all acts, conditions and things necessary to be done precedent to and in the issuance of this note, in order to make it a legal, valid and binding obligation of said University and its Board of Trustees, have happened, been done and performed in regular and due form as required by law.

IN WITNESS WHEREOF, The Ohio State University and its Board of Trustees, jointly and severally, have caused this note to be signed on their behalf by the President of the University and the Vice President, Business and Finance, of said University, the official seal of the University to be impressed hereon and the interest coupons hereto attached to bear the facsimile signature of the Vice President, Business and Finance, all as of the 15th day of March, 1965.

OFFICIAL PROCEEDINGS OF THE
ONE THOUSANDTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, May 13, 1965

The Board of Trustees met at its regular monthly meeting on Thursday, May 13, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Smith L. Rairdon, Chairman, Alan B. Loop, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Carlton S. Dargusch, John G. Ketterer, Frederick E. Jones, and Mervin B. France.

Minutes of the last meeting were approved.

President Fawcett introduced Dr. G. S. Mahajani, Vice Chancellor of the Udaipur Agricultural University, Udaipur, Rajasthan, India. Vice Chancellor Mahajani is on an executive visit to this University for the purpose of studying how the administrative policies of The Ohio State University might be related to the newly developed Udaipur Agricultural University where members of the faculty from Ohio State have been serving as consultants under the sponsorship of the United States Agency for International Development.

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Proposal to Establish New Degree Programs--Doctor of Philosophy and Master of Science in Nuclear Engineering.

The Faculty Council on April 13, 1965, upon the recommendation of the Council on Instruction approved for transmittal to the Board of Trustees and the Board of Regents the recommendation that the Graduate School be authorized to grant the degrees--Master of Science and Doctor of Philosophy in Nuclear Engineering.

For several years the University has been developing and integrating some of its offerings in the physical sciences into an interdisciplinary program in nuclear engineering. Laboratory facilities, courses of instruction, and qualified faculty members are now adequate to support graduate programs in this field leading to the degrees of Master of Science in Nuclear Engineering and Doctor of Philosophy in Nuclear Engineering. The faculty from the Departments of Chemistry, Chemical Engineering, Electrical Engineering, Mechanical Engineering, Metallurgical Engineering, Physics, and others will cooperate in teaching the nuclear engineering courses and in advising graduate students in research.

There is no intent to establish a new department and it is clearly understood that this academic program will remain an interdisciplinary effort. Should these graduate degree programs be approved, they will substantially increase the likelihood of support from the Atomic Energy Commission and the National Science Foundation for graduate fellowships and laboratory equipment.

It is therefore recommended that the above proposal to grant the Master of Science in Nuclear Engineering and Doctor of Philosophy in Nuclear Engineering degrees be approved by the Board of Trustees, and pursuant to Section 3333.04 Revised Code of Ohio that the proposal for the new degrees be forwarded to the Ohio Board of Regents; and further, subject to the approval of the Board of Regents, that this action become effective July 1, 1965.

Upon motion of Mr. Bricker, seconded by Mr. France, the above recommendations were approved by unanimous roll call vote.
May 13, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Honorary Degrees

The Faculty Council on April 13, 1965, recommended that honorary degrees be conferred on the following:

- Francis Hopkinson Griswold - Doctor of Public Administration
- Noel Paul Hudson - Doctor of Science
- Elliott Nugent - Doctor of Letters
- Thomas F. Patton - Doctor of Laws
- Rabbi Morris Silverman - Doctor of Humane Letters

It is therefore recommended that the Board of Trustees approve the awarding of the honorary degrees as indicated to the above-named persons at a Commencement Convocation during 1965 or 1966.

Upon motion of Mr. Allyn, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

C. Joseph Sullivant Medal Award

The Joseph Sullivant Medal is awarded once every five years as a memorial to the eminent services of Mr. Joseph Sullivant, who as a member of the first Board of Trustees contributed significantly in determining the character and future of The Ohio State University.

Pursuant to the authority of the Board of Trustees, nominations for the award shall be referred through the Dean of the Graduate School and the final selection of an individual for nomination to the Board of Trustees is to be made by a Board of Award appointed by the President. The Board of Award has carefully reviewed the records of those nominated through the Council of the Graduate School and has recommended that Professor Robert M. Zollinger, M.D. be awarded the Joseph Sullivant Medal at the June 11, 1965 Commencement Convocation. Dr. Zollinger is a distinguished graduate of the College of Arts and Sciences and the College of Medicine of The Ohio State University and is presently serving as Chairman and Professor in the Department of Surgery.

President Fawcett indicated his great pleasure in endorsing the recommendation that Dr. Robert M. Zollinger be awarded the Joseph Sullivant Medal.

Upon motion of Mr. France, seconded by Mr. Jones, the Board of Trustees by unanimous roll call vote approved the awarding of the Joseph Sullivant Medal to Dr. Robert M. Zollinger.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the April 8, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Emeritus Titles:

A. Emeritus Titles

Wendell D. Postle, College of Dentistry, with the title Professor Emeritus, effective July 1, 1965.

Dean Postle retired as Dean, College of Dentistry, on December 31, 1964, and his retirement from his position as Professor of Dentistry will become effective on June 30, 1965. This retirement is pursuant to and subject to the conditions of the policy relating to the retirement of principal administrative officers adopted by the Board of Trustees on February 6, 1959 and amended on April 12, 1963.

Frank R. Strong, College of Law, with the title Dean and Professor Emeritus, effective July 1, 1965.

Theodore N. Beckman, Department of Business Organization, with the title Professor Emeritus, effective July 1, 1965.

Edgar C. Clark, Department of Engineering Mechanics, with the title Professor Emeritus, effective July 1, 1965.

Ralph C. Davis, Department of Business Organization, with the title Professor Emeritus, effective July 1, 1965.

Erwin E. Dreese, Department of Electrical Engineering, with the title Professor Emeritus, effective July 1, 1965.

Foster Rhea Dulles, Department of History, with the title Professor Emeritus, effective July 1, 1965.

D. Luther Evans, Department of Philosophy, with the title Professor Emeritus, effective September 1, 1965.

James F. Fullington, Department of English, with the title Professor Emeritus, effective July 1, 1965.

Weikko A. Heiskanen, Department of Geodetic Science, with the title Professor Emeritus, effective July 1, 1965.

Ruth T. Lehman, School of Home Economics, with the title Professor Emeritus, effective July 1, 1965.

Paul N. Lehoczky, Department of Industrial Engineering, with the title Professor Emeritus, effective July 1, 1965.
II. PERSONNEL CHANGES (continued)

A. Emeritus Titles (continued)

James E. Pollard, School of Journalism, with the title Professor Emeritus, effective July 1, 1965.

Tibor Rado, Graduate School, with the title University Research Professor Emeritus, effective July 1, 1965.

Guy-Harold Smith, Department of Geography, with the title Professor Emeritus, effective July 1, 1965.

Edmund M. Spieker, Department of Geology, with the title Research Professor Emeritus, effective September 1, 1965.

Herbert A. Toops, Department of Psychology, with the title Professor Emeritus, effective July 1, 1965.

Carl A. Nissen, Department of Sociology and Anthropology, with the title Associate Professor Emeritus, effective July 1, 1965.

Cloea C. Thomas, School of Music, with the title Associate Professor Emeritus, effective July 1, 1965.

Wilson R. Dumble, Department of English, with the title Assistant Professor Emeritus, effective July 1, 1965.

Ilse E. Wilhelmi, Library, with the title Assistant Professor Emeritus, effective July 1, 1965.

Lillian S. Michaelis, Library, with the title Instructor Emeritus, effective July 1, 1965.

Upon motion of Mr. Davis, seconded by Mr. France, the Emeritus Titles and personnel budget actions as recorded in the official "Salary Roll" of the University were approved by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll" with the official documents of the University.

IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since April 8, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $619,074.00 granted by the Department of Health, Education, and Welfare, Office of Education, Washington, D. C. 20202, to the University for the construction of a six-story addition to existing engineering facilities and remodeling of one existing building to provide classroom, laboratory, and library facilities. (This will be the Materials Engineering and Science Building which will include an addition to connect the Chemical Engineering Building with Chemical Abstracts Building.) This is a grant under Title I of the Higher Education Facilities Act of 1963, Public Law 88-204 for Project Number 4-0017.

3. $95,000.00 granted by The Ford Foundation, New York, New York 10022, to the University over a four-year period for development of an industry-related master's level program in design in metallurgical engineering.
IV. GRANTS AND GIFTS (continued)

A. Administered Through the Office of Business and Finance (continued)

4. $33,055.00 granted by the Department of Health, Education, and Welfare, Welfare Administration, Children's Bureau, Washington, D. C. 20201, to the University for "Child Welfare Training Grant," under the direction of Professor Everett C. Shimp and Professor Leonard Schneiderman, School of Social Work, for the period July, 1965 through June, 1966. (Project No. 45 - 65)

5. $11,413.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "Dental Editors Workshop," under the direction of Mr. Campbell B. Titchener, School of Journalism, for the period April 1, 1965 through March 31, 1966. (Grant No. 2 R13 DE02045-02)

6. $10,460.00 granted by the National Science Foundation to the University for support of an "In-Service Institute in Physics for Secondary School Teachers for 1965-1966," under the direction of Professor William R. Riley, Department of Physics. This grant terminates June 30, 1966. (GE-8479)

7. $4,940.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Division of Community Health Services, Washington, D. C. 20201, to the University for "Pharmaceutical Services for Nursing Homes," under the direction of Dean Lloyd M. Parks, College of Pharmacy, for the period September 7, 1965 through September 10, 1965. (Grant No. STT-237-65-CH)

8. $1,850.00 additional grant from the Department of Health, Education, and Welfare, Vocational Rehabilitation, Washington 25, D. C., to the University for "Teaching Grant and Traineeships in Speech Pathology and Audiology," under the direction of Professor Bernard B. Schlanger, Department of Speech, for the period September 1, 1964 through August 31, 1965. (Grant No. VRA 222-T-65 Amendment No. 2)

9. $1,550.00 granted by the National Science Foundation to the University for support of research entitled "Doctoral Dissertation Research in Economics," under the direction of Professor Herbert S. Parnes, Department of Economics. This grant is effective April 1, 1965, for a period of approximately one year. (GS-730)

TOTAL - Through the Office of Business and Finance $1,387,472.00

B. Received Through the Development Fund

1. $10,045.00 from Dorothy and Lewis Rosenstiel Foundation, New York, New York, for heart research in the College of Medicine.

2. $10,000.00 from The Kiplinger Association, Inc., Washington, D. C., for use in the School of Journalism.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

3. $9,882.60 from John W. Galbreath with the use to be designated at a later date.

4. $8,500.00 from Procter & Gamble Company, Cincinnati, Ohio, for research in the College of Dentistry.

5. $6,000.00 from Columbus Medical Center Research Foundation, Inc., Columbus, Ohio, for research in the Department of Microbiology.

6. $5,950.00 from the Pace Setters of the College of Commerce and Administration for the establishment of The Pace Setters Fund.

The Pace Setters Fund

The Pace Setters Fund was established April 15, 1965, by a gift through the Development Fund from the Pace Setters of the College of Commerce and Administration.

The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be used for purposes consistent with the Pace Setters' objectives of recognizing and encouraging excellence in scholarship and leadership among undergraduate and graduate students in the College of Commerce and Administration, as deemed appropriate by the Dean of the College.

In the event that the College of Commerce and Administration as it now exists shall be altered in any reorganization of University colleges, schools, and departments, the Board of Trustees shall direct use of the income for purposes within the fields of basic and applied social sciences as recommended by the appropriate administrative official of the University then directly responsible for education in these disciplines.

7. $5,000.00 from Eli Lilly and Company, Indianapolis, Indiana, for research in the Institute of Nutrition and Food Technology.

8. $4,200.00 from North American Aviation, Inc. for the North American Aviation Fellowship in Aviation Medicine.

9. $4,110.00 from Helen Webb Mendenhall (Mrs. C. B.) for the establishment of The Charles Birkenshaw Mendenhall Memorial Fund.

The Charles Birkenshaw Mendenhall Memorial Fund

The Charles Birkenshaw Mendenhall Memorial Fund was established April 12, 1965, by a gift through the Development Fund from Helen Webb Mendenhall (Mrs. C. B.), in memory of her late husband, who for 22 years was a Professor in the College of Education at The Ohio State University.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

9. The Charles Birkenshaw Mendenhall Memorial Fund (continued)

The principal is to be invested according to rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be used for graduate scholarships to students attending The Ohio State University from India who are enrolled in the Department of Education.

In the event the need for such scholarships should cease to exist or so diminish as to create unused income, then the income may be used by the Board of Trustees of The Ohio State University for any worthy University purpose in its discretion, preference to be given, however, to items in the field of education.

10. $3,630.00 from Tek-Hughes for use in the College of Dentistry.

11. $3,000.00 from American Cyanamid Company for strengthening teaching in the Department of Chemical Engineering.

12. $2,500.00 from Cutter Laboratories for the Endocrine Research Fund.

13. $2,500.00 from Ralph S. Lovett, Cincinnati, Ohio--$2,000.00 for the establishment of the Ralph S. Lovett Scholarship Fund and $500.00 for scholarships during the 1965-66 academic year.

Ralph S. Lovett Scholarship Fund

The Ralph S. Lovett Scholarship Fund was established April 15, 1965, by a gift through the Development Fund from Ralph S. Lovett, B.Sc. in Agr. '42.

The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be used for scholarships to students enrolled in the College of Agriculture, majoring in Animal Science, specializing in Meat Science. Recommendation for the scholarship awards is to be made by a committee composed of the Chairman of the Department of Animal Science and the person in charge of the Meat Division.

In case the need for said scholarships should cease to exist or so diminish as to create unused income then the use of said income shall be determined by the Board of Trustees; first preference, however, to be given to items in the field of Animal Science.

14. $2,000.00 from Mrs. Edith Fergus Gilmore to be added to the Corwin A. Fergus Memorial Fund.

15. $2,000.00 from the Link Foundation for the Link Foundation Fund for Aviation Medicine.

May 13, 1965 meeting, Board of Trustees

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Appropriation for Heat and Power Consultants

It is recommended that $18,000.00 be appropriated from the University Treasurer General Fund, Budget Account 19999, to cover the cost of services to be rendered by the firm of Giffels and Rossetti, Detroit, Michigan, which has been employed as a consultant to advise on matters relating to plans for the generation of heat and power for the University.

Upon motion of Mr. Davis, seconded by Mr. Loop, the above appropriation of funds was approved by unanimous roll call vote.

B. Appropriations for Research Projects

At the request of the Vice President for Research and with the concurrence of the Vice President for Business and Finance, it is recommended that the following amounts be appropriated from the University Treasurer Research Subaccounts as designated:

- $20,000.00 to the Department of Electrical Engineering for improvements on the radio telescope. This amount is to be combined with $50,000.00 from other sources. Subaccount (f)
- $15,000.00 to the Department of Chemistry for research equipment. Subaccount (a)
- $15,000.00 to the Department of Electrical Engineering for research equipment in the area of engineering materials. This amount is to be combined with $30,000.00 from the College of Engineering. Subaccount (a)

Upon motion of Mr. Bricker, seconded by Mr. Ketterer, the above appropriation of funds was approved by unanimous roll call vote.

VI. EXTRA AND CREDIT ORDERS TO CONTRACTS

At the request of the Vice President for Business and Finance, it is recommended that the Extra and Credit Orders to Contracts as outlined below be approved by the Board of Trustees:
May 13, 1965 meeting, Board of Trustees

VI. EXTRA AND CREDIT ORDERS TO CONTRACTS (continued)

A. Food Facility (Phase I)

Refrigeration Contract

In recognition of the additional expense incurred by the University due to the failure of the refrigeration contractor to complete the contract within the time specified, it is recommended that liquidated damages as provided for in the contract documents be assessed as a credit to the University. The additional expense was the result of a higher unit cost for the items purchased, $1,995.10 and storage costs in the amount of $377.32. Deduct $2,372.42

This project is funded in Budget Account 86291.

B. North Commons

Plumbing Contract

It is recommended that the plumbing contractor be reimbursed for the work of relocating the gas main around the proposed building. Add $1,209.00

Funds for this project are provided from the Dormitory Construction Fund.

C. Electrical Engineering Research Facilities

General Contract

It is recommended that a 1/2" thick self-adhering foam cushion strip be provided under the bottom channel and over the top channel for all metal stud and drywall partitions and at the intersections of one partition with another and seal all electrical outlet boxes with spackling compound. Add $1,180.00

Funds for this project are provided from Budget Account 91023.

D. Taylor Tower

Plumbing Contract

It is recommended that the size of the gas line shown around the proposed Jones Tower be increased from 8" to 10" and an additional 260' of 10" gas line with all valves and connections be provided. Add $5,162.00

Funds for this project are provided in the Dormitory Construction Fund.
VI. EXTRA AND CREDIT ORDERS TO CONTRACTS (continued)

E. Nosker and Archer Houses

General Contract

In accordance with the specifications for this project, the contract price for caissons is to be adjusted for the actual length of caissons installed on the job. It has been determined that 99.56 lineal feet will be needed. Add $1,589.93

Funds for this project are provided in the Dormitory Construction Fund.

Upon motion of Mr. Loop, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Main Library - Third Floor Addition in Main Reading Room (Phase I)

This project is to construct an intermediate floor in the high ceilinged main reading room to expand the reading room and study areas.

Funds for this project will be provided from the Maintenance Account, H. B. 711.

B. Repairs to Floors

This project consists of covering concrete floors and replacing battleship linoleum with vinyl asbestos floor tile in four buildings on campus.

Funds for this project will be provided from the Maintenance Account, H. B. 711.

C. Exterior Painting

This project includes repainting of exterior surfaces of seven buildings.

Funds for this project will be provided from the Maintenance Account, H. B. 200.

D. Curb Repairs

This project includes the replacement of deteriorated curbs on campus streets.

Funds will be provided for this project from the Maintenance Account, H. B. 200.
E. Repairs to Exterior Masonry

This project includes sandblasting, stonework, caulking windows, and general masonry repairs to the exterior of 14 buildings.

Funds for this project will be provided from the Maintenance Account, H. B. 200, Dormitory Maintenance Account and the Hospital Rotary.

F. Roof Repairs

This project consists of the repair and replacement of roofs and gutters on four buildings.

Funds for this project will be provided from the Maintenance Account, H. B. 200.

G. Street and Parking Area Repairs

This project includes the paving and resurfacing of streets and parking areas.

Funds for this project will be provided from the Maintenance Account, H. B. 200.

H. Sidewalk Repairs

This project consists of resurfacing brick and blacktop walks.

Funds for this project will be provided from the Maintenance Account, H. B. 200.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Demolition of Frame Building at University Airport

Upon the request of the Vice President for Business and Finance, it is recommended that the present frame building at University Airport be demolished as soon as practical so that the new Aircraft Apron and Fire-Crash and Rescue Building can be constructed on this site. This demolition will be accomplished in the normal University manner with the schedule to be established by the Vice President for Business and Finance.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

B. Special Policeman Commission

At the request of the Vice President for Business and Finance, it is recommended that Richard Steward Blackenberry be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees require Mr. Blackenberry, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Loop, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

C. Employment of Engineers - Dining Facility - Northeast

It is recommended that the engineering firm of W. E. Monks be employed to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing; and electrical work for this project; including design; preparation of drawings; specifications and estimate of cost; and complete field supervision of construction.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

C. Employment of Engineers - Dining Facility - Northeast (continued)

The fee for this service will be 2.5 per cent of the cost of the mechanical and electrical work, an estimated $10,025.00 and will be funded from the Dormitory Construction Fund.

Upon motion of Mr. Ketterer, seconded by Mr. Loop, the above recommendation was approved by unanimous roll call vote.

D. Purchase of Buildings and Property, 41 West Eleventh Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Joseph S. Blair, Jr. and Marjorie J. Blair at a price of $28,500.00:

Property known as 41 West Eleventh Avenue, being Lot #41 College Place Addition, City of Columbus, County of Franklin, State of Ohio.

Funds for this purchase are available in Item 009, Campus Loop Road, S. B. 370.

Upon motion of Mr. Jones, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

E. Purchase of Buildings and Property, 45 West Eleventh Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Caroline A. Vogt at a price of $23,000.00:

Property known as 45 West Eleventh Avenue, being Lot #40 College Place Addition, City of Columbus, County of Franklin, State of Ohio.

Funds for this purchase are available in Item 009, Campus Loop Road, S. B. 370.

Upon motion of Mr. Jones, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

F. Purchase of Property, Lots 61, 63, and 65 Maynard Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Cecil L. Neff at a price of not to exceed $3,500.00:

Property known as Lots 61, 63, and 65 Maynard Avenue, being part of the Montgomery & McKee's Amended and Corrected Subdivision, City of Columbus, County of Franklin, State of Ohio.

Funds for this purchase are available in the University Treasurer General Fund.

Upon motion of Mr. Jones, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.
XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Jacob P. Schmidt, Professor Emeritus of Rural Sociology, Cooperative Extension Service. In accordance with the instructions of the Board of Trustees, a copy of the following Resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished the family of the deceased.

A. Jacob P. Schmidt

The Board of Trustees expresses its sorrow at the death on April 8, 1965, at Winter Park, Florida, of Jacob P. Schmidt, Professor Emeritus of Rural Sociology.

Professor Schmidt was born in Columbus, Ohio, on February 17, 1893, and grew up with eight brothers and sisters on the family farm in Bainbridge, Ohio. After graduation from high school, he became a teacher in a one-room country school in Ross County and served briefly as Superintendent of Schools in that area. He received his B.S. in Agriculture degree from The Ohio State University in 1916. During World War I, he served as a Second Lieutenant in the Infantry.

In 1919, Mr. Schmidt began his 38-year career with the Ohio Agricultural Extension Service (now the Cooperative Extension Service) as County Agricultural Agent in Morrow County. He later served in Seneca County before becoming an Extension Specialist in Rural Sociology on the State staff at Ohio State in 1928. In 1929, he was appointed supervisor of Farmers' Institutes, later known as Community Institutes, and he continued to direct that program and to serve as a Specialist in Rural Sociology until his retirement in 1957.

Professor Schmidt was one of the first faculty members from the College of Agriculture and Home Economics to go to India in 1955 under a contract between The Ohio State University and the International Cooperation Administration, now the Agency for International Development. He was instrumental in setting up the present system for teaching modern agricultural methods to the people of the Indian states of Punjab and Rajasthan.

One of Professor Schmidt's most important contributions to the rural people of Ohio was his method of bringing them together in small groups or "huddles" to discuss and seek solutions to their common problems. He taught his unique discussion methods, which were used regularly by adult leaders and members of 4-H clubs in Ohio.

On the national level, he was called upon many times to teach his group discussion methods and to serve as moderator for discussion groups in Washington, D.C., New York, Chicago, Los Angeles, and elsewhere.

Professor Schmidt was the author of 25 volumes of Ohio Farmers Institutes, many Extension Service bulletins, and "Aids to Group Discussions." He had recently completed the editing of a "Farm Management Manual for Extension Workers of the Far East and Southwest Asia."

Professor Schmidt was a member of the First Community Church of Columbus where he took part in various church activities. He was also a member of many honorary organizations in agriculture, sociology, and education.
XI. RESOLUTION IN MEMORIAM (continued)

A. Jacob P. Schmidt (continued)

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Report on Action Taken by the Ohio Board of Regents at Its Meeting on April 22, 1965 on the Request Submitted by The Ohio State University

President Fawcett reported for information and the record that the Ohio Board of Regents at its regular meeting on April 22, 1965, approved a new degree--Doctor of Philosophy in Linguistics--to be granted by The Ohio State University. The Board of Trustees at its January 14, 1965 meeting authorized the granting of the above degree, subject to the approval of the Board of Regents.

By unanimous consent the Secretary was instructed to include the above report in the minutes of this meeting.

B. Reports from the Finance and Investment Committee

1. Easement - City of Mansfield

Mr. Loop, Chairman of the Finance and Investment Committee, presented the following recommendation:

The City of Mansfield has requested a 30-foot easement for construction, operation, maintenance, and repair of a water line and appurtenances to be used for water service to the Mansfield Campus. Said easement shall follow the alignment of State Route #39 across property held by the Board of Trustees and recorded in Richland County Recorder's office, Deed Book 555, pages 70 and 71.

It is recommended that the Vice President for Business and Finance and the Secretary of the Board be authorized to execute the water line easement with the City of Mansfield on behalf of the Board of Trustees.

Upon motion of Mr. Loop, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

2. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated April 30, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees, was received and ordered to be filed with the official records of the Board. The Chairman of the Finance and Investment Committee, Mr. Loop, announced that the Board is scheduled to meet informally as a committee of the whole with the investment counselors at 4:00 p.m. on June 9, 1965.

XII. REPORTS (continued)

C. Report from Mr. Bricker Regarding Public Hearing Held Concerning the University School

Mr. Bricker presented the following report:

Mr. Chairman, in accordance with your request, Mr. Stanley C. Allyn and I, as representatives of this Board of Trustees, held a public hearing on Monday of this week--May 10, 1965--for the purpose of receiving points of view on the decision to phase out the upper six grades of the University School. You will recall that when the Board met at its last meeting on April 8, President Fawcett, after presenting a statement on the University's position with respect to the decision, suggested that such a procedure be followed.

Five persons representing the University School Parents Council presented statements opposing the majority report of the College of Education Faculty. Dean Donald P. Cottrell and Professor Edgar Dale testified in support of the faculty recommendation. President Novice G. Fawcett was present and spoke briefly.

Mr. Allyn and I will be prepared to report to the Board at some later date after we have had time to review the statements and exhibits which were presented at the hearing.

D. Report from President Fawcett Pertaining to the Administration of the Guest Speakers Rule

President Fawcett read several communications which had been transmitted through him to the Board of Trustees requesting that prompt attention be given by the Board of Trustees to the revision of Faculty Rule 21.09 pertaining to Guest Speakers. The Secretary of the Board was instructed to file the said communications with the records of the Board of Trustees.

President Fawcett then made the following statement:

Special Report to the Board of Trustees
Novice G. Fawcett
May 13, 1965

Because of the rather wide public interest being expressed in student demonstrations, both on this campus and on other campuses throughout the country, I thought it would be appropriate for me to report to you on certain developments which have been in evidence here since this Board last met on April 8, 1965.

On our campus the demonstrations have centered, primarily, around the Speakers' Rule. Following the April 8 meeting of this Board, I was requested to convey a message from the Board to the Chairman of the Faculty Advisory Committee concerning the regularly scheduled meeting of the Board with the Faculty Advisory Committee on July 7 prior to the July meeting of the Board. I was

requested by the Board to inform the Faculty Advisory Committee through its chairman that the Board had voluntarily agreed that at this July meeting the Board would invite the Faculty Advisory Committee to present such suggestions as the Committee deemed appropriate to the solution of the "Speakers' Rule Problem."

On April 9, I met with the Chairman of the Committee to report to him the desire of the Board to reopen the question of the Speaker's Rule on July 7. I stated further that, under the rules, the Board is committed to conducting discussions concerning the Speakers' Rule only with the Faculty Advisory Committee, but that it would suggest to the Committee the importance of consultation with Mr. Howard Hamilton, President of The Ohio State University Association, and one other elected member of that Board, appointed by him, and with Mr. Thomas Workman, President of the Student Senate, and one other member of the Student Senate, appointed by him. I indicated that the Board was interested in receiving from the Faculty Advisory Committee such suggestions as the Committee might deem appropriate to achieve a solution to the "Speakers' Rule Problem" as nearly as possible to the satisfaction of all concerned. I indicated that if the Committee, after consultation with the Faculty Council, alumni representatives, students and others, could bring useful proposals to the July meeting, the Board would be pleased to receive these suggestions in an effort to advance, at an early date, a solution to a very difficult problem that has been the focus of controversy on this campus for a good many years.

The Chairman of the Faculty Advisory Committee reported to the Faculty Council on April 13, 1965, that the Board had indicated its willingness to confront this matter and that the Committee was setting about its assigned task. This report was received by the Faculty Council which unanimously endorsed the action of the Board.

A rally, arranged under the rules of the University, took place on the Oval the following day, April 14. Since that time, there have been recurrent efforts on the part of both recognized and unrecognized student groups to make their views known. Up to this point, these demonstrations have been orderly, in most cases purposeful, and in general within the limits of good taste. As you have followed news stories on these activities, you have, no doubt, noted from time to time a sharp interest in advancing the date on which the Board will give consideration to this matter.
XII. REPORTS (continued)

D. Report from President Fawcett Pertaining to the Administration of the Guest Speakers Rule (continued)

Special Report to the Board of Trustees--Novice G. Fawcett

A problem as involved as this one requires time if we are to arrive at a rational and satisfactory solution to it. I and the members of my staff have insisted that the rules now governing the University be followed until such time as any changes that might be forthcoming are developed in an orderly way and through the channels of communication that have been provided over the years for conducting the work of the University.

The Faculty Advisory Committee has held a number of hearings on the subject of the Speakers' Rule and has others scheduled. Since the Committee is an agency of the Faculty Council, plans have been made to complete all hearings during the month of May and to report to the Faculty Council for further deliberations on the subject prior to the time the Committee meets with the Board.

I shall continue to administer this problem in accordance with existing rules and regulations and will do my best, working with all parties concerned, to assist in bringing to the attention of this Board in July such solution or solutions as may seem appropriate in the light of changing conditions that are in progress.

The Chairman recognized Mr. John Ketterer who presented the following resolution and moved that it be adopted:

BE IT RESOLVED that this Board approve without reservation the statement as presented by President Fawcett and that the Board commends the course of action that the President has followed in handling the matter which was the subject of his report.

Mr. France seconded the motion and the resolution was adopted by unanimous roll call vote.

E. Report on Student Leadership Recognition Dinner

Mr. John Bricker reported that he represented the Board of Trustees at the Student Leadership Recognition Dinner on May 5, and that it was indeed an inspiring and impressive event. He suggested and the Board unanimously concurred that the Secretary be instructed to inscribe upon the minutes of this meeting the citation which dedicated the Student Leadership Recognition Dinner to President Novice G. Fawcett. The citation, as it was presented by student leader William Leahy, read as follows:

DEDICATION OF DINNER TO PRESIDENT FAWCETT
William B. Leahy
May 5, 1965

At the inception of this academic year, a tall, distinguished gentlemen stood on the platform in St. John Arena and uttered these words: "Speaking now quite personally, let me say that among all the people of the world, I believe I like students best. The spark of your collective intellect ignites my enthusiasm. Your worries are my worries. Your problems are my problems. Your aspirations are my aspirations. Your hopes and dreams of a better world are the hopes and dreams of all of us." Those of us who know President Fawcett well, recognize fully the sincerity which lies behind this statement that he made last September at the President's Convocation for new students. Our worries are his worries, and our problems are his problems.

His wholehearted interest in students is demonstrated amply by the unending procession of young men and women who talk with him in his office. The genuine affection that both he and Mrs. Fawcett hold for students has warmed numerous evenings and has brought joy and satisfaction to many student groups who have crowded the inadequate quarters of the President's House. His keen interest in student organizations is shown clearly in the almost unbelievable number of student functions which he attends.

We hope our President understands that we students reciprocate his deep interest and warm affection. During a near tragedy this past summer, the eleven student orientation leaders, nearly all of whom are here this evening, expressed our sentiments in a letter to President Fawcett which became part of the official minutes of the Board of Trustees. They wrote, "Before it becomes too late, we, the students, want to express our sincere gratitude for the bold and dynamic direction which you have given to our University for the past eight years. Selfish though it may be, we should like to see you continue to offer this same leadership to us, to Ohio, and to the nation."

To give tangible evidence of our admiration and respect for President Fawcett, we have prepared this plaque, which reads:

XII. REPORTS (continued)

F. Report from The Ohio State University Research Foundation

Mr. Mount reported that the 28th Annual Report for The Ohio State University Research Foundation has been received. A copy of the report will be mailed to each member of the Board of Trustees and one copy filed with the official records of the Board of Trustees.

G. Report on Highlights of Campus Activities

In concluding the reports presented at the meeting, President Fawcett reviewed some of the significant activities of the University and reported on some special recognitions which have come to the University and its faculty and staff. Some references included in the Report, which is filed with the official records of the Secretary, were as follows:

1. The Department of Metallurgical Engineering will launch an experimental program in graduate education under a recently awarded $85,000.00 grant from The Ford Foundation. Professor Mars G. Fontana, Chairman of the Department, has advised that the new program would be a terminal master's degree program from which the graduate would go into industry as a practicing engineer.

2. The University has announced that residence hall facilities are fully committed for next Autumn Quarter. The Offices of the Dean of Men and the Dean of Women will assist students in securing accommodations in rooming houses and private homes.

3. The University honored some 375 outstanding students who have distinguished themselves in campus community service at the Fifth Annual Student Leadership Recognition Dinner on May 5. This event is held to give special recognition for student leadership in all areas of campus life. (Executive Dean John T. Bonner interrupted the President's report to advise that upon recommendation of the student leaders the event will be called the President's Student Leadership Recognition Dinner.)

4. Recognition of faculty achievements: Dr. Sidney L. Pressey, Professor Emeritus of Psychology, has been named a founding member of the new National Academy of Education. Vice President John T. Mount has been elected a Vice President and Director of the Afro-American Purchasing Center, Inc., a non-profit New York corporation. Mr. Frederick Stecker, Executive Director for University Relations, is the newly elected President of the United Community Council of Columbus and Franklin County. Professor Harald H. Nielsen, Chairman of the Department of Physics, has been elected a foreign member of the Royal Danish Academy of Sciences and Letters. Professor Everett J. Nelson, Chairman of the Department of Philosophy, has been elected Vice President of the Western

XIII. ELECTION OF OFFICERS

Mr. Bricker moved that the following-named persons be placed in nomination as officers for the Board of Trustees, whose terms of office shall be effective May 14, 1965, and shall continue through the May, 1966 meeting of the Board:

Chairman - Alan B. Loop
Vice Chairman - Jacob E. Davis
Secretary - John T. Mount
Treasurer - Gordon B. Carson

Mr. Jones seconded the motion, and the above-named persons were elected to the offices as indicated by unanimous acclamation of the Board. In seconding the motion, Mr. Jones expressed on behalf of the entire Board deep appreciation to the retiring Chairman, Mr. Rairdon, for his very effective and dedicated service to the University during the past year.

President Fawcett added his words of high commendation and sincere gratitude to Mr. Rairdon on behalf of the administration, faculty, and students of the University.

Mr. Rairdon responded with the following statement as he transferred the responsibility of Chairman to the newly elected presiding officer, Mr. Alan B. Loop:

I am sure we all join in hearty congratulations to the new officers. We know that their terms of office will be filled to the brim with activity and accomplishments.

At the same time I want to thank each member of the Board for his enthusiastic cooperation in the very full schedule of business we have had during the twelve months just completed. In addition to our frequent meetings of the complete Board, there has been an increased total of important committee participation.

XIII. ELECTION OF OFFICERS (continued)

Over 100 years ago it was said that "A University is a school of knowledge of every kind, consisting of teachers and learners from every quarter . . . . It is a place where inquiry is pushed forward and discovery is verified and protected, and rashness rendered innocuous, and error exposed by the collision of mind with mind, and knowledge with knowledge." Today our observation at close hand recognizes many of the same elements; and in this year of great growth at this University the joint accomplishments of the President, the other members of the administration, the faculty, and the students have been significant. In this period of forward movement our relationships have been rewarding.

Earlier I mentioned that this is the one thousandth meeting of the Trustees of The Ohio State University. It would seem that such a record deserves a service award emblem or surely some special recognition. I believe we have available a symbol that is most appropriate.

As you observe, this is a very attractive gavel and container for it—and they have an interesting related history. In 1951 as I left the presidency of our Alumni Association, this gavel and case were made and presented by me to the Trustees whose Chairman was then General Dargusch. At the same time a duplicate gavel was presented to our Alumni Association for use by its presiding officers. These gavels were made of fine, polished buckeye wood and are another common bond with our Alumni Association.

So I give over this buckeye gavel to Trustee Loop for safekeeping and timely use as a potent tool in the carrying out of his responsibilities as Chairman.

Thereupon the Board adjourned to meet Thursday, June 10, 1965, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

John T. Mount
Secretary

Smith L. Rairdon
Chairman
The Board of Trustees met at its regular monthly meeting on Thursday, June 10, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, John W. Bricker, Carlton S. Dargusch, John G. Ketterer, Frederick E. Jones, and Mervin B. France.

Minutes of the last meeting were approved.
President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Budgets for the 1965-66 Fiscal Year

1. The following budgets for The Ohio State University for the fiscal year beginning July 1, 1965, are hereby recommended for approval subject to the passage of Substitute H. B. 200 with allocations at least equal to those in the bill passed by the House of Representatives:

a. The Ohio State University annual personnel budget from appropriated general revenue funds, student fees, Morrill Fund, and unrestricted funds, in the amount of $39,431,596.00; including ranks, titles, and salaries as set forth in the 1965-66 "Salary Roll."

Upon motion of Mr. Bricker, seconded by Mr. France, the Ohio Cooperative Extension Service personnel and operating budgets were approved by unanimous roll call vote, and the Secretary was instructed to file the "Salary Roll" detailing this budget with the official records of the University.

4. It is recommended that The Ohio State University Research Foundation annual budget for the fiscal year beginning July 1, 1965, be approved in an amount not to exceed $656,004.00. This budget was approved by the Board of Directors of The Ohio State University Research Foundation at its annual meeting on April 16, 1965.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, The Ohio State University Research Foundation budget was approved by unanimous roll call vote.

5. It is recommended that the annual budget for the Department of Athletics of The Ohio State University for the fiscal year beginning July 1, 1965, be approved in an amount not to exceed $2,197,613.00. This budget was approved by the Athletic Council at its annual meeting on May 11, 1965.

Upon motion of Mr. Bricker, seconded by Mr. Jones, the Department of Athletics budget was approved by unanimous roll call vote.
June 10, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Motor Vehicle, Traffic, and Parking Regulations - The Ohio State University

The Board of Trustees on September 13, 1963, upon the recommendation of the Commission on Traffic and Parking and the counsel of the Attorney General of Ohio adopted a formal Code of Motor Vehicle, Traffic, and Parking Regulations for The Ohio State University. In accordance with Ohio Revised Code Section 111.15 the said Code of Regulations was placed on file with the Secretary of State.

On July 17, 1964, the Board of Trustees approved in principle the report submitted by Wilbur Smith and Associates, which included the plans for construction of parking ramps and certain amendments to the Code of Motor Vehicle, Traffic, and Parking Regulations; and the President and the Vice President for Business and Finance were authorized to begin the implementation of the salient recommendations in the report. The Commission on Traffic and Parking upon the advice and counsel of the consulting engineers, Wilbur Smith and Associates, and the special bond counsel, Squire, Sanders & Dempsey, now recommends that the Code of Motor Vehicle, Traffic, and Parking Regulations be amended to incorporate two major changes which involve the parking fee structure and the designation of parking zones. These changes will permit the financing of preliminary expenses connected with the construction of parking ramps and other increases in available parking space.

Specifically, it is recommended that the number of "A" parking zones be reduced from 15 to 8 with the number of parking spaces remaining the same. This change will provide for more flexibility and freedom in faculty and staff parking.

It is further recommended that the fee structure be amended as follows:

C. Degrees and Certificates Conferred - Spring Quarter Commencement Convocation

It is recommended that degrees and certificates be conferred at the Spring Quarter Commencement Convocation on June 11, 1965, to those students who have completed the requirements for their respective degrees and certificates and are recommended by the Faculty Council. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix VIII, page 571.)

Upon motion of Mr. Davis, seconded by Mr. France, the Board of Trustees approved the above recommendation by a unanimous roll call vote.

D. Joseph Sullivant Medal Award

The Board of Trustees at the May 13, 1965 meeting approved the recommendation that the 1965 Sullivant Medal be awarded to Dr. Robert M. Zollinger at the June 11, 1965 Commencement. When Dr. Zollinger was informed of the Board action, he reported that he will be in Europe at the time of the June Commencement. He is to receive an Honorary Fellowship in the Royal College of Surgeons of England and will give the principal address at the initiation ceremony. In addition, Dr. Zollinger is to receive an honorary degree at the University of Lyon, Lyon, France, while he is in Europe.

D. Joseph Sullivant Medal Award (continued)

In view of the above circumstances, it is recommended that the Sullivant Medal be awarded to Dr. Zollinger at the August 27, 1965 Commencement.

Upon motion of Mr. Dargusch, seconded by Mr. Ketterer, the above recommendation was approved by unanimous vote.

E. Insurance Program for Faculty and Staff

The Retirement and Insurance Committee of the Board of Trustees has been working with the members of the University Administration in an effort to improve the insurance coverage for members of the faculty and staff of the University. As a result of these deliberations and counsel with the insurance consultants to the Board, Carlin & Carlin, it is recommended that the following resolution be adopted:

BE IT RESOLVED, by the Board of Trustees of The Ohio State University, that the following improvements in the University's insurance plan be enacted:

Section 1. Effective July 1, 1965, the group term life insurance program for unclassified employees will be revised to provide a coverage equal to two times annual salary, with a minimum coverage of $7,500, no maximum, for full-time employees until age 55, with a 3% annual reduction beginning at age 55, but subject to a maximum reduction of $13,500.

Section 2. The group term life insurance coverage for both classified and unclassified employees will be improved to include waiver of premium for persons disabled before age 60, and one year extension of insurance for persons disabled between the ages of 60 and 65.

Section 3. Accidental death and dismemberment coverage will be instituted for both classified and unclassified employees, so that the amount of accidental death and dismemberment insurance shall equal the amount of group life insurance carried on each individual.

Section 4. Full-time, permanent, hourly employees shall have employee benefits made available to them which are identical to those of the classified employees. Identical payroll deductions will be made to finance these benefits as are now made for classified employees.

Section 5. The increases in premiums necessary to institute the improvements in and additions to the insurance coverage for faculty and staff members of the University as stated above shall be taken from the premium reserves of the University and all costs thereof shall be so funded.

Upon motion of Mr. Davis, seconded by Mr. France, the above resolution was adopted by unanimous roll call vote.
II. PERSONNEL CHANGES

It is recommended that all personnel changes since the May 13, 1965 meeting of this Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Changes in Administrative Responsibilities, Appointments, Leave of Absence With Salary, Leaves of Absence Without Salary, Emeritus Titles, New and Reappointments of Department Chairmen and Directors of Schools, and Promotions in Academic Rank.

A. Changes in Administrative Responsibilities

II. PERSONNEL CHANGES (continued)

C. Leave of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following-named person is recommended for Leave of Absence With Salary from the Cooperative Extension Service for the period indicated:

Katherine F. Whinnery, Instructor (County Extension Agent, Home Economics) Harrison County, June 16, 1965 through July 31, 1965, to participate in a program of professional improvement at Colorado State University.

D. Leaves of Absence Without Salary

Byron L. Bondurant, Professor, Department of Agricultural Engineering, July 1, 1965 through June 30, 1966, to serve as a consultant at the Punjab Agricultural University in India under The Ford Foundation grant.

Vern R. Cahill, Professor (part time - 61%), Meats Department, July 1, 1965 through January 31, 1966, to serve as a Visiting Professor at Cornell University.

Robert J. Lynn, Professor, College of Law, October 1, 1965 through December 31, 1965, to serve as a Visiting Professor at UCLA.

Roland J. Stanger, Professor, College of Law, October 1, 1965 through September 30, 1966, to serve as a Visiting Professor, Faculty of Law, Haile Sellasie University.

Richard E. Day, Associate Professor, College of Law, October 1, 1965 through December 31, 1965, to serve as a Visiting Professor at the University of Virginia.

James R. Gaines, Associate Professor, Department of Physics, October 1, 1965 through September 30, 1966, to conduct research for the French Atomic Energy Commission, Paris, France.

Jimmie L. Heskett, Associate Professor (part time - 75%), Department of Business Organization, and Associate Professor (part time - 25%), Division of Research, October 1, 1965 through September 30, 1966, to serve as a visiting faculty member at the Graduate School of Business, Harvard University.

Charles W. McLarnan, Associate Professor, Department of Mechanical Engineering, October 1, 1965 through September 30, 1966, to work on a National Science Foundation Postdoctoral Fellowship at Columbia University.
II. PERSONNEL CHANGES (continued)

D. Leaves of Absence Without Salary (continued)

Daniel I. Padberg, Associate Professor, Department of Agricultural Economics and Rural Sociology, July 1, 1965 through June 30, 1966, to conduct a study for The National Commission on Food Marketing, Washington, D. C.

William S-Y. Wang, Associate Professor, Linguistics Division - College of Arts and Sciences, October 1, 1965 through January 31, 1966, to serve as a Visiting Professor at the University of California, Berkeley.

Morris Beja, Assistant Professor, Department of English, October 1, 1965 through September 30, 1966, to accept a Fulbright grant at the University of Thessaloniki, Greece.

Reva L. Messier, Assistant Professor (part time - 51%), School of Home Economics, October 1, 1965 through September 30, 1966, due to ill health.

James G. Root, Assistant Professor, Department of Industrial Engineering, October 1, 1965 through September 30, 1966, to accept a Postdoctoral Research Associateship, National Academy of Sciences, National Research Council.

Bernard Rosen, Assistant Professor, Department of Philosophy, October 1, 1965 through September 30, 1966, to teach in the International School of America.

Louis W. Stern, Assistant Professor, Department of Business Organization, October 1, 1965 through September 30, 1966, to accept a position with The National Commission of Food Marketing as a staff economist.

Betty T. Brosch, Instructor (part time - 67%), Department of English, April 1, 1965 through June 30, 1965, due to ill health.

Don F. Seaman, Instructor (County Extension Agent, 4-H), Cooperative Extension Service, June 16, 1965 through August 31, 1965, to participate in a program of professional improvement at The Ohio State University.

Milton D. McLean, Director, Religious Affairs Center, September 20, 1965 through November 18, 1965, to serve as a Visiting Professor at Southern Illinois University, Carbondale, Illinois.

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and The Ohio State University Research Foundation

In accordance with the Memorandum of Agreement between The Ohio State University and The Ohio State University Research Foundation approved by this Board on September 5, 1950, it is recommended that the research agreements for the following projects administered through the Research Foundation be approved and recorded in the minutes of this meeting.

1. Government Contracts - Federal

a. Department of Navy, Office of Naval Research, Washington, D. C., for an Investigation of Thermodynamic Properties of the Lower Oxides of Boron (to be known as Office of Naval Research Project No. 691 - Amend. #13 - Department of Chemistry).
   Gross Value - $23,065.00.

   Gross Value - $28,000.00.

c. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for Studies with Influenza Vaccination (to be known as National Institutes of Health Project No. 1257 - Ext. #4 - Department of Medicine).
   Gross Value - $26,086.00.

d. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Effects of Viruses on Germfree Dogs and Cats (to be known as National Institutes of Health Project No. 1356 - Ext. #3 - Department of Veterinary Pathology).
   Gross Value - $52,408.00.

e. Department of Health, Education, and Welfare, Bureau of State Services, Washington, D. C., for a Study of the Sulfide-to-Sulfate Reaction Mechanism (to be known as Bureau of State Services Project No. 1442 - Ext. #3 - Engineering Experiment Station).
   Gross Value - $21,942.00.

f. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for Chemical Studies of Stimulated Retina (to be known as National Institutes of Health Project No. 1575 - Sup. #3 - Institute for Research in Vision).
   Gross Value - $2,972.00.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

   g. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Experimental Polioencephalomyelitis (to be known as National Institutes of Health Project No. 1582 - Ext. #2 - Department of Veterinary Pathology). Gross Value - $39,397.00.

   h. Department of Navy, Office of Naval Research, Washington, D. C., for The Development of a Methodology for the Analysis of Complex Man-Machine Systems (to be known as Office of Naval Research Project No. 1643 - Amend. #5 - Engineering Experiment Station). Gross Value - $27,000.00.

   i. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for Conformational Aspects of Drug Action (to be known as National Institutes of Health Project No. 1650 - Ext. #2 - College of Pharmacy). Gross Value - $11,100.00.

   j. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for A Cross-Cultural Study of Dissociational States (to be known as National Institutes of Health Project No. 1652 - Ext. #2 - Department of Sociology and Anthropology). Gross Value - $41,980.00.

   k. Classified Program (to be known as Classified Program Project No. 1675 - Sup. #2 - Department of Electrical Engineering). Gross Value - $162,038.00.

   m. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Tricyclic Tropane Congeners (to be known as National Institutes of Health Project No. 1825 - Ext. #1 - Department of Chemistry). Gross Value - $11,230.00.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

   n. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, for Preparation and Investigation of High Strength Wires (to be known as Systems Engineering Group, Research and Technology Division Project No. 1826 - Sup. #1 - Department of Metallurgical Engineering). Gross Value - $15,000.00.

   o. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for A Study Circulating Cancer Cells in Peripheral Blood and Bone Marrow (to be known as National Institutes of Health Project No. 1845 - Sup. #1 - Department of Pathology). Gross Value - $29,998.00.

   p. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Urinary Cytology in Cancer of the Urinary Bladder (to be known as National Institutes of Health Project No. 1849 - Sup. #1 - Department of Pathology). Gross Value - $16,990.00.

   q. Aerospace Medical Division, Air Force Systems Command, Brooks Air Force Base, Texas, for Research on Visual Recovery from Brief Exposures to Very High Luminance Level (to be known as Aerospace Medical Division, Brooks Air Force Base Project No. 1852 - Mod. #2 - School of Optometry). Gross Value - $35,187.00.

   s. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, for an Investigation of Solid State Electronic Techniques (to be known as Systems Engineering Group, Research and Technology Division Project No. 2011 - New - Department of Electrical Engineering). Gross Value - $65,000.00.

   t. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Ion Transport in Heart Mitochondria (to be known as National Institutes of Health Project No. 2012 - New - Department of Physiological Chemistry). Gross Value - $39,862.00.
June 10, 1965 meeting, Board of Trustees

III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and
The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

u. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for Distribution and Metabolism of Dihydroquinidine H3 (to be known as National Institutes of Health Project No. 2013 - New - Department of Pharmacology).
   Gross Value $18,881.00.

v. National Science Foundation, Washington, D. C., for an Investigation of the Comparative Biochemistry of Analog Purine Nucleosides (Aminonucleosides) (to be known as National Science Foundation Project No. 2014 - New - Department of Biology, Dayton Campus).
   Gross Value $35,300.00.

w. National Science Foundation, Washington, D. C., Effect of Structure on Rates and Equilibria (to be known as National Science Foundation Project No. 2015 - New - Department of Chemistry).
   Gross Value $41,400.00.

x. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of the Influence of Structure on Verbal Behavior (to be known as National Institutes of Health Project No. 2016 - New - Department of Psychology).
   Gross Value $17,487.00.

   Gross Value $37,160.00.

z. U. S. Army Research Office - Durham, Box CM, Duke Station, Durham, North Carolina, Optical Equipment Grant for the Laboratory of Molecular Spectroscopy and Infrared Studies (to be known as U. S. Army Research Office - Durham Project No. 2019 - New - Department of Physics).
   Gross Value $180,000.00.

aa. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, for An Experimental and Analytical Study of Similarity Parameters Relating Model Tests in High Enthalpy Hypersonic Wind Tunnels with Full Scale Flight Conditions (to be known as Systems Engineering Group, Research and Technology Division Project No. 2020 - New - Department of Aeronautical and Astronautical Engineering).
   Gross Value $51,610.00.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and
The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

bb. National Science Foundation, Washington, D. C., for An Electron
Transmission Investigation of Defect Interaction in the Diffusion
Zone of Binary Diffusion Couples (to be known as National Science
Foundation Project No. 2021 - New - Department of Metallurgical
Engineering).
Gross Value - $23,600.00.

cc. National Science Foundation, Washington, D. C., for A Program
of Study in Quantum Field Theory (to be known as National Science
Foundation Project No. 2022 - New - Department of Physics).
Gross Value - $27,500.00.

TOTAL - Government Contracts - Federal $1,368,842.00

2. Industrial and Other Contracts

a. Paint Research Institute, 2104 Douglass Boulevard, Louisville,
Kentucky, for an Investigation of New Phenolic Intermediates (to
be known as Paint Research Institute Project No. 1695 Ext. #2 -
Department of Chemical Engineering).
Gross Value - $6,228.00.

b. Organization for Economic Cooperation & Development, 2, rue
Andre-Pascal, Paris XVIe, France, Problems of Utilization and
Deployment of Highly Qualified Personnel and Their Implications
for Governmental Policy (to be known as Organization for Economic
Cooperation and Development Project No. 1998 - New - Department
of Economics).
Gross Value - $6,000.00.

TOTAL - Industrial and Other Contracts $12,228.00

The foregoing thirty-one contracts for research in cooperation with Govern-
ment, Industry and Other represent a gross income of $1,381,070.00.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the research agreements
between The Ohio State University and The Ohio State University Research Found-
dation for the above contracts were approved by unanimous vote.

B. The Report of the Research Contracts from
the Engineering Experiment Station

During the period from May 1, 1965 through May 31, 1965, the Engineering
Experiment Station of The Ohio State University entered into the following
research contracts. These research contracts are reported to the Board
of Trustees for information and record.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

B. The Report of the Research Contracts from the Engineering Experiment Station

1. Government Research Contract

   EES-227 Sensing and Communications Between Vehicles, National Academy of Sciences, Washington, D. C.
   Ext. #3 Gross Value - $24,480.00.

2. Industrial Research Contracts

   Ext. #2 Gross Value - $20,000.00.

   Ext. #1 Gross Value - $104,040.00.

   EES-265 A Study to Improve Kiln-Fired Ceramics by Optimization of Furnace Gases and Firing Cycles, Columbia Gas System Service Corporation, Columbus, Ohio.
   Gross Value - $187,908.00.

   EES-266 The Effect of Restraint on the Fire Resistance of Steel Constructions, American Iron and Steel Institute, New York, New York.
   Gross Value - $19,560.00.

TOTAL - Industrial Research Contracts $331,508.00

The foregoing five contracts for research in the Engineering Experiment Station represent a gross income of $355,988.00.

C. The Ohio State University Airport Runway Extension - Amendment to Grant Agreement With the Federal Aviation Agency

On July 17, 1964, the Board of Trustees authorized the award of contracts for the General and Electrical Contracts for Extensions of the Runways and Taxiways at the University Airport--the east-west runway to be extended to 5,000 feet.

Unforseen field conditions not disclosed by field tests have increased the costs beyond the funds available to complete the project as originally designed.

Current experience of the airport suggests a length of 4,400 feet rather than the 5,000 feet originally contemplated.
The revised cost of the reduced project, including construction contracts, engineers' fees, and miscellaneous, will be $400,968.23 which will be funded as follows:

<tr>
<th>Federal Aviation Agency Grant</th>
<th>$193,239.00</th>

It is recommended therefore that Novice G. Fawcett, President of The Ohio State University, be authorized and directed to execute on behalf of the Board of Trustees the amendment to the Grant Agreement with the Federal Aviation Agency made a part hereof, which will eliminate 600 feet at the west end of Runway 9-27 (east-west) and the taxiway in connection therewith.

Upon motion of Mr. Ketterer, seconded by Mr. Davis, the Board of Trustees approved the above recommendation amending the Grant Agreement with the Federal Aviation Agency by unanimous roll call vote.

AMENDMENT NO. 1 TO GRANT AGREEMENT FOR PROJECT NO. 9-33-044-6501 (Contract No. FA-EA-545)

Effective Date of Amendment: June 7, 1965

Ohio State University Airport
Columbus, Ohio

WHEREAS, the Federal Aviation Agency (hereinafter called "FAA") has determined that, in the interests of the United States, the Grant Agreement relating to the above numbered project and entered into by and between the United States of America, acting by and through the FAA, and the Board of Trustees of The Ohio State University (hereinafter called "Sponsor") and executed by the Sponsor on July 31, 1964, should be amended as hereinafter provided,

NOW, THEREFORE, WITNESSETH:

That in consideration of the benefits to accrue to the parties hereto, the FAA, acting for and on behalf of the United States, on the one part, and the Sponsor, on the other part, do hereby agree that the said Grant Agreement be and the same hereby is amended, as follows:

Wuichet, Jr., B.Sc. Bus. Adm. '34, daughter and sons of John W. Wuichet, Sr., B.Sc. in Agr. '08, former Professor in the Department of Animal Husbandry, in his memory.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be used to provide an appropriate recognition annually for livestock-judging team members at The Ohio State University and these awards are to be known as the John W. (Pat) Wuichet Awards.

In the event of the abandonment of a livestock-judging team at The Ohio State University, the income may be used for any purpose within the field of agriculture, preference to be given, however, to items in the area of Animal Science or Animal Husbandry.

TOTAL - Through the Development Fund $61,784.08

C. Gift-in-Kind

A gift identified as "The DeLong Collection of American Cicadellidae" has been received from Professor Emeritus Dwight M. DeLong. The collection is composed primarily of leafhoppers (Homoptera-Cicadellidae) and is the basis for some 250 publications written by the owner since 1916. These publications have greatly increased the value of the collection as each designates type specimens, upon which the name and descriptive material is based. These types consequently became important for all future scientific studies in this field.

Dr. Alfred B. Garrett, Vice President for Research, Dr. Roy M. Kottman, Dean of the College of Agriculture and Home Economics, and Dr. G. W. Wharton, Chairman of the Department of Zoology and Entomology, have advised that the DeLong Collection would be of significant value to the biological science programs of the University.
June 10, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

C. Gift-in-Kind (continued)

The American Museum of Natural History in New York has placed certain monetary value upon the specimens included in the collection, and upon this basis the estimated worth of the gift is considered to be in excess of $50,000.00.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the acceptance of the above grants and gifts was approved by unanimous vote, and the Secretary was instructed to include the report in the minutes of this meeting.

D. Report from The Ohio State University Development Fund

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Appropriation of Funds for Matching National Science Foundation Grants for Undergraduate Instructional Equipment

At the request of the Vice President for Instruction and Dean of Faculties, and with the approval of the Vice President for Research and of the Vice President for Business and Finance, it is recommended that the following amounts be appropriated from the University Treasurer Research Sub-accounts as designated for matching National Science Foundation grants to the University for support of "Undergraduate Instructional Scientific Equipment Program" projects:

- $19,000.00 for the Department of Microbiology under the direction of Professor Melvin Rheins to match $19,000.00 granted by NSF Subaccount (a)
- $3,000.00 for the Department of Political Science under the direction of Professor James A. Robinson to match $3,000.00 granted by NSF Subaccount (a)

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendation for appropriation of funds was approved by unanimous roll call vote.
V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

B. Newcomers Reception

Upon the recommendation of Mr. Frederick Stecker, Executive Director for University Relations, whose office is assigned the responsibility for planning the annual Newcomers Reception, and with the concurrence of the President's Cabinet, it is recommended that an amount not to exceed $1,200.00 be appropriated from the University Treasurer General Fund for the purpose of defraying the expenses of this function which will be held on Tuesday, October 5, 1965.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation for appropriation of funds was approved by unanimous roll call vote.

C. Appropriation for Equipment

At the request of the Vice President for Research, it is recommended that a sum not to exceed $5,000.00 be appropriated from the University Treasurer Research Subaccount (f) to the Department of Zoology and Entomology to be used for the purchase of suitable equipment to house "The DeLong Collection of American Cicadellidae."

Upon motion of Mr. Bricker, seconded by Mr. Dargusch, the Board of Trustees by unanimous roll call vote approved the above appropriation of funds.

D. The Mershon Fund Restricted Portion--Education in National Security

Based upon the anticipated earnings from the Mershon Fund during 1965-66, the Mershon Committee on Education in National Security under the chairmanship of Professor Robert J. Nordstrom has proposed, with the concurrence of Vice Presidents Weaver and Garrett, the following budget for 1965-66:

June 10, 1965 meeting, Board of Trustees

V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

D. The Mershon Fund Restricted Portion—Education in National Security
(continued)

It is hereby recommended that the Board of Trustees approve the budget request and an allocation not to exceed the amounts indicated above with the understanding that expenditures will be approved and administered under the authority of the President and through the offices of the Vice President for Instruction and Dean of Faculties and the Vice President for Research, subject to quarterly allotments. It is recommended further that to cover this budget request $300,000.00 be allocated from the civilian-military portion of the Mershon Fund and that the estimated balance of $31,421.00 from the 1964-65 budget be reallocated.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendations were approved by a six to one roll call vote with Mr. Carlton S. Dargusch voting negatively.

VI. EXTRA ORDERS TO CONTRACTS

At the request of the Vice President for Business and Finance, it is recommended that the Extra Orders to Contracts as outlined below be approved by the Board of Trustees.

A. Improvements to Fifth Avenue Dam Across the Olentangy River

It is recommended that the following changes be made:

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees.

A. Sidewalk Repairs at Eleventh Avenue and High Street

This project will replace deteriorated sidewalks with brick to match existing brick walk on Eleventh Avenue.

Funds for this project will be provided from the Maintenance Account, H. B. 200.

B. Pulsed Van de Graaff Accelerator Facility

This project is an underground facility to house a pulse-type Van de Graaff accelerator.

Funds for this project will be provided from Item 029, S. B. 370, and Account 813 (601), H. B. 711.

Upon motion of Mr. Bricker, seconded by Mr. Jones, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

VIII. REPORT OF AWARD OF CONTRACTS

In accordance with authorization provided by the Board of Trustees, the contracts for the following projects have been recommended for award and the action is hereby reported to the Board.

Upon motion of Mr. Bricker, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.
XI. REPORTS

A. Reports from the President

1. Report on Action Taken by the Ohio Board of Regents at Its Meeting on May 21, 1965, on the Request Submitted by The Ohio State University

President Fawcett reported for information and the record that the Ohio Board of Regents at its regular meeting on May 21, 1965, approved two new degrees--Doctor of Philosophy in Nuclear Engineering and Master of Science in Nuclear Engineering--to be granted by The Ohio State University. The Board of Trustees at its May 13, 1965 meeting authorized the granting of the above degrees, subject to the approval of the Board of Regents.

2. Report on Conveyance of Land to The Ohio State University for the Lima Campus

On June 8, 1965, The Metropolitan Bank of Lima, Ohio, as agent for various donors conveyed 564.92 acres, more or less, by deed of gift to the State of Ohio (The Ohio State University). Title to the land, which is located in Section 35 and Harding Heights Addition, Bath Township, Allen County, Ohio, was examined and approved by the Attorney General of Ohio. This land will provide the site for the Lima Campus of The Ohio State University.

3. Report on Conveyance of Land to The Ohio State University for the Mansfield Campus

On May 21, 1965, the Richland County Foundation, for various donors, conveyed 512.091 acres, more or less, by deed of gift to the State of Ohio (The Ohio State University). Title to the land, which is located in Springfield and Madison Township, Richland County, Ohio, is being examined by the Attorney General of Ohio. This land will provide the site for the Mansfield Campus of The Ohio State University. The Board previously received a gift of 40.97 acres from Richard R. and Carl H. Stander which results in a total site of 553.061 acres.

By unanimous consent the Secretary was instructed to include the above reports in the minutes of this meeting.

B. Reports from the Finance and Investment Committee

1. Easement for Kokosing River Flood Protection - City of Mount Vernon

Mr. Jones, a member of the Finance and Investment Committee, presented the following recommendation:

The City of Mount Vernon has requested an easement to permit channel clearing activities in the Kokosing River for flood protection of the City of Mount Vernon. The easement would include a portion of the Kokosing River channel and bank which is held by the Board of Trustees of The Ohio State University by deed recorded in Volume 259, page 92, of the deed records of Knox County, Ohio.
XI. REPORTS (continued)

B. Reports from the Finance and Investment Committee (continued)

1. Easement for Kokosing River Flood Protection - City of Mount Vernon (continued)

It is recommended that on behalf of the Board of Trustees, the Vice President for Business and Finance be authorized to execute an easement to the City of Mount Vernon and Knox County granting the right to maintain flood control activities on the above-described property.

Upon motion of Mr. Jones, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

2. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated May 31, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees, was received and ordered to be filed with the official records of the Board.

C. Report from the Subcommittee of the Board of Trustees Concerning the Continuation of University School

Mr. Bricker presented the following statement and recommendation pertaining to the phasing out of the upper six grades of University School.

You will recall that Mr. Allyn and I were appointed by Chairman Rairdon on April 8, 1965, to hear an expression of views concerning the proposed phasing out of the upper six grades of the University School from members of the Parents Council of the University School. On Monday, May 10, 1965, a hearing was held for this purpose. Your committee heard excellent presentations from four individuals who opposed this phasing-out program and also heard from Dean Cottrell and Professor Edgar Dale who spoke in support of the plan. A great amount of written material was also presented at the hearing for our further study.

The members of your subcommittee have now had an opportunity to review the matters presented to us and some additional matters which were mailed by Professor Paul Klohr on May 25, 1965. We are convinced that the plan to phase out the upper six grades of the University School is a plan about which honest differences of professional opinion can and do exist. The College of Education is attempting to improve its total program in professional education, and one aspect of this improvement is to strengthen relationships with public schools throughout Ohio. We can find no evidence which would indicate that the phasing out of the upper six grades of the University School would interfere with these improvement plans; and, to the contrary, we are convinced that the proposals set forth by Dean Cottrell deserve to be followed. Accordingly, while we honor both the personal integrity and the professional competence of those who may oppose these proposals, we find no basis for any interference by this Board of Trustees with the administrative prerogatives of the Dean of the College of Education.
XI. REPORTS (continued)

C. Report from the Subcommittee of the Board of Trustees Concerning the Continuation of University School (continued)

It would be our recommendation that the Board express appreciation to all those who have given this matter such careful study and express further the hope that all of those interested in the improvement of our College of Education now work together to insure that the proposals set forth by the Dean be conducted with enthusiasm and with a high degree of professional commitment and competence.

Upon motion of Mr. Bricker, seconded by Mr. Jones, the above report was accepted and the recommendation approved by unanimous roll call vote.

Mr. Loop, Chairman of the Board, expressed deep appreciation on behalf of the Board to the members of the subcommittee, Messrs. Bricker and Allyn, for the time and effort given in preparing the report and in examining the data submitted to them.

XII. PRESENTATION OF PRESIDENT FAWCETT'S PORTRAIT

Mr. Loop, Chairman of the Board of Trustees, stated that some three weeks ago Mr. Richard Fisher, Chairman of the 1965 Senior Class, requested permission to appear with some of his classmates at this meeting of the Board to officially present on behalf of the 1965 graduating class a memorial gift. Mr. Loop then introduced Mr. Fisher and Mr. Eugene Elleman, Chairman of the 1965 Senior Class Memorial Committee.

Mr. Elleman, speaking for the 1965 Senior Class, formally presented to the University through its Board of Trustees an oil portrait of President Novice G. Fawcett which had been painted by Mr. David Philip Wilson.

Mr. Loop then introduced Mr. and Mrs. David Wilson of Chagrin Falls, Ohio.

Mr. Davis moved that the generous and thoughtful gift of the portrait of Novice G. Fawcett as presented by the Class of 1965 be gratefully accepted and that Mr. Elleman be commended highly for the excellent presentation, and further that Mr. Elleman's statement be spread upon the minutes of this meeting. Mr. France seconded the motion and it was passed unanimously.

Mr. Elleman's statement was as follows:

First, I would like to thank you for extending to the Senior Class Committee a personal invitation to attend this meeting. We are all grateful for this opportunity.

As you may know, it is traditional for the Senior Class to present a memorial gift to the University. Likewise, you may know that the Class of 1965 has chosen as its memorial gift a portrait of President Fawcett. This portrait is the work of Mr. David Philip Wilson of Chagrin Falls, Ohio. Mr. Wilson was selected by the committee on
the basis of his outstanding portraits of President Lyndon B. Johnson, Colonel John Glenn, Deans of The Ohio State University College of Law, and several other outstanding works.

I would like to give you a brief background as to why we chose this particular project. There seems to be no other word but "amazing" to describe the number of students on this campus who know President Fawcett personally, who recognize his contributions to Ohio State, and who appreciate the added "personal touch" he has given to their lives. His sincere interest in so many of our student organizations and activities is typical of his whole-hearted dedication to Ohio State and to the education process.

The strong support which this project has received from members of the Senior Class is indicated by the fact that student donations have exceeded those for any other recent Senior Class Memorial Gift. In this way, the members of the Class of 1965 have attempted to express their deep appreciation to President Fawcett.

Now, in behalf of the Class of 1965, I present to The Ohio State University, through its Board of Trustees, this portrait of President Novice G. Fawcett.

President Fawcett in a very warm and gracious manner expressed his deep appreciation to the representatives of the Class of 1965 for the memorabilia. He also expressed words of sincere gratitude to the artist, Mr. Wilson.

Mr. Loop advised that the portrait would be exhibited at the reception for the graduates, their families, and friends, to be held in the Ohio Union following Commencement on Friday, June 11, 1965.

Thereupon the Board adjourned to meet Thursday, July 8, 1965, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

June 11, 1965
RECIPIENTS OF HONORS

GEORGE E. MUELLER
DOCTOR OF SCIENCE

Modern explorer, brilliant engineer, inspiring teacher, and leader of men

Dr. George E. Mueller, Deputy Associate Administrator for Manned Space Flight in the National Aeronautics and Space Administration, has always dreamed of man's escape from earth, in particular the extension of our senses through electronics and communication systems. Today he is directly responsible for the three-hundred-thousand-man effort being brought to bear on man's flight from earth to the moon.

As scientist and engineer, he has an international reputation in high frequency sources, in space communication techniques and in the launch, control and guidance of satellites.

Following graduation from Missouri School of Mines as an electrical engineer in 1939, he took the master's degree in electrical engineering at Purdue in 1940. From 1940 to 1946 at the Bell Telephone Laboratories, he was pushing back the barrier of higher and higher frequencies which were needed to increase the capacity of communication systems.

In 1946 he came to Ohio State to assist in the establishment of a laboratory in this area of high frequency sources. He meanwhile found time to teach, to collaborate with the medical department in the field of radioactive tracer medicines, and to pursue the Ph.D. in physics.

In the Electrical Engineering Department he is best remembered by colleagues and students for his inspirational characteristics. For example, fifteen years ago his course in communications included problems involving moon communications.

From 1956 to 1963 in the Space Technology Laboratories of Thompson Ramo Woolridge, he rose to Vice President of Research and Development. Here his success in managing large systems such as Minuteman, Titan, and Atlas inevitably drew the attention of National Aeronautics and Space Administration.

At NASA his technical competency is thoroughly recognized and highly respected, but many consider his quiet but effective leadership in management reorganization to be of even greater significance. As the world and man's interactions continue to grow in scope and complexity, Dr. Mueller's major contribution to our time may well be regarded eventually as his consummate skill in coordinating successfully unique engineering efforts of extremely great magnitude.
ELLIO T NUGENT
DOCTOR OF LETTERS

Outstanding playwright, director, producer, and actor whose talents have contributed uniquely and significantly to the fields of the dramatic arts

The brilliant career of Elliott Nugent has spanned all of the fields of the theater. As producer, director, actor, playwright, and screen writer, his talents have combined over a period of more than forty years to add new luster to the values and joys of the dramatic arts.

A native of Dover, Ohio, Mr. Nugent began his professional career in the theater immediately after his graduation from Ohio State in 1919. While on the campus as a student, he was active in several University organizations including Strollers which he served as president during his senior year. After achieving almost immediate success as an actor, he wrote his first play, Kempy, in 1922 with his father as co-author. In 1929, he joined the motion picture industry in Hollywood as actor, writer, and director. During his prolific years in Hollywood, he was associated with all of the major studios and directed the performance of many of the world's best-known and highly regarded actors. His relentless insistence upon excellence in all that he undertook contributed substantially to the growth and refinement of the art of motion-picture making in this early period.

Continuing the fulfillment of all his theater talents, he collaborated with James Thurber in 1939, to create The Male Animal. Mr. Nugent received high praise for his skillful playing of the leading role in this work which has evolved to become one of the best and most meaningful plays of our time. His list of honors was increased when in 1948, he received the New York Drama Critics Award for the best male acting performance of the year in The Voice of the Turtle. In the same year he directed Tomorrow the World.

Within the past ten years, Elliott Nugent has directed one play, co-produced another, acted in a dozen television plays, and written a novel—all with impeccable taste which has earned the highest admiration both from his fellow associates and from the American public. In all of the areas of his participation in the theatrical arts, Mr. Nugent's standards of performance have been constantly high, reflecting great credit upon him personally and adding significantly to the cherished role of the legitimate theater in our way of life.

THOMAS F. PATTON

DOCTOR OF LAWS

Exemplar of leadership in enlightened free enterprise, who has reached eminence in the fields of law, industry, and public service

Thomas F. Patton is chief executive officer and chairman of the board of the Republic Steel Corporation. His distinguished career as a legal and business executive followed his graduation from The Ohio State University in 1926 when as a member of the law firm of Belden, Young, and Veach, he assisted in the creation of the merger of the companies which now constitute the Republic Steel Corporation. He became the corporation's general counsel in 1936 and has remained with it in various executive posts since that time. He is called upon frequently for counsel and guidance as a representative of a major segment of American industry and consequently has contributed greatly to the basic strength of this Nation.

Any measure of the vast nature of his contributions generally to all of higher education in Ohio and more specifically to The Ohio State University is inadequate. He has served with high honor and special effectiveness as president of the Ohio State University Association, as a member of its board of directors, as a member of the President's Alumni Advisory Board, as a member of the Board of Trustees of The Ohio State University, and as chairman of that body. In 1961, he received the University's Alumni Citizenship Award. His vigorous and skillful effort as chairman of Citizens for Ohio's Future in 1963 was a major influence in making known to the electorate of our State the importance of approving a bond issue bearing heavily upon the promise of higher education in Ohio.

The fidelity with which he has regarded his role as citizen is borne out by a long list of civic responsibilities and achievements. He has served as a member of the business advisory council to the United States Department of Commerce, as an officer and trustee of the Cleveland United Appeals, as a trustee and past president of the Cleveland Development Foundation, as a trustee of the Cuyahoga County Tuberculosis Hospital, and as an officer and trustee of the Cleveland Chamber of Commerce.

Thomas F. Patton is now at the height of a brilliant career in business, embellished by an extended series of significant contributions to the civic life of his State and Nation. It is logical to assume that in the ensuing years, our country's growth will continue to benefit from the broad vision, dynamic leadership, profound understanding, and unswerving devotion to fellowman that Thomas F. Patton has demonstrated so ably in the past.
JOSEPH JOHN SPENGLER
DOCTOR OF HUMANE LETTERS

Eminent scholar, teacher, author, and humanitarian whose leadership in the social sciences has influenced the world

Joseph John Spengler, James B. Duke Professor of Economics at Duke University, has contributed to the betterment of humanity as a teacher, research scholar, author, and as an advisor to federal and state governments and international organizations. In an age of intense specialization, he has had the capacity and the concern to make highly respected contributions to the advancement of knowledge across a wide range of disciplines. He is internationally respected for work in economics, sociology, demography, and philosophy. He is a social scientist in the broadest sense; and all of the social sciences are deeply indebted to him for his versatility, his verve, his ability, and his courage in attacking the difficult problems of scholarship and public policy that have been important during his career.

He is a rare individual, able to handle the highly technical problems of quantitative economics and demography and at the same time to comprehend the sweep of history and probe into the philosophical problems of human values. His influence is great upon his legion of students, his profession, and society. He is known and respected throughout the world for his erudition, analytical acumen, perspective, and empirical research of the highest quality.

Throughout his career he has devoted his ability and energy to the dual task of advancing science and improving the lot of mankind.

For his contributions to science he has been recognized by the Population Association of America, the American Association for the Advancement of Science, the Economic History Association, the Southern Economic Association, and the Social Science Research Council, all of which he has served as a national officer. He presently is president of the American Economic Association, the highest honor his profession can bestow. Because of his concern with practical problems he has served his own Nation, India, Sweden, Japan, and the United Nations as an advisor. He also has visited Europe, Asia, and Africa as a consultant on problems of population and economic growth and development.

Professor Spengler stands at the apex of a career unprecedented in its breadth of interdisciplinary perspective. Whether one considers the problems of world population explosion, emerging nations, or our own South, his work is a foundation on which solutions will be built. A native son, recipient of three degrees from The Ohio State University, he brings great honor to the State and the University.
HAYWARD A. GAY

BENJAMIN G. LAMME AWARD

Industrial leader and creative engineer whose dedication to his profession has inspired all who have known him

Hayward A. Gay, president of Pratt and Whitney, Inc., received his bachelor of mechanical engineering degree from The Ohio State University in 1930. His outstanding record of accomplishment while a student at the University portended clearly the notable success he was to achieve later in his chosen profession.

After completing the master of business administration degree at Harvard University, he joined the Cincinnati Milling Machine Company where for 32 years his highly productive efforts continued to be matched with increased responsibility and promotion in rank. In 1962, he was appointed vice president in charge of five corporate divisions with an additional challenge to establish further diversification in non-machine tool areas.

In April of 1964, Mr. Gay's unusual ability as a competent industrial leader and creative engineer led to his appointment as president of Pratt and Whitney, Inc.

Hayward Gay's relationship to Ohio State has always been a close one. While a student, he was the recipient of the Outstanding Senior Engineering Award and, in 1955, was selected by the student members of Texnikoi, the engineering activities honorary, to receive the Texnikoi Outstanding Alumnus Award. He is a valued member of the Committee of 100 for Engineering. Today, Hayward A. Gay returns once again to his alma mater, this time to receive the coveted Lamme Medal for "meritorious achievement in engineering or technical arts."

1965–1966

ALAN B. LOOP, Chairman
JACOB E. DAVIS, Vice Chairman
JOHN T. MOUNT, Secretary
GORDON B. CARSON, Treasurer
The Board of Trustees met at its regular monthly meeting on Thursday, July 8, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Carlton S. Dargusch, John G. Ketterer, Frederick E. Jones, and Mervin B. France.

Minutes of the last meeting were approved.
President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of School of Education

On May 11, 1965, the Faculty Council approved a recommendation from the Council on Instruction that a School of Education be organized within the College of Education. This proposal, which had previously been approved by the Department of Education, the Bureau of Educational Research and Service, the Executive Committee and the Faculty Committee of the College of Education, and the faculty of the College of Education, has as its major aim the design and implementation of improved programs for the study of education and for the professional preparation of school personnel. The reorganization is based upon a desire to remove certain existing departmental lines which lead to duplication of effort, artificial barriers among faculty members with common concerns, inflexibilities in the assignment of faculty and staff personnel, and lack of focus upon the common educational mission of these departments.

It is therefore recommended that the present Department of Education and the present Bureau of Educational Research and Service be abolished and that in their stead a School of Education be established, within which shall be incorporated the laboratory unit of the College of Education known as University School and Center for School Experimentation, effective July 1, 1965.

It is further recommended, with the concurrence of the Faculty Council, that Rules 27.0701 b(3) and 29.01 b(6) of Rules for the University Faculty be amended to substitute the words "School of Education" for "Education."

Upon motion of Mr. Bricker, seconded by Mr. Ketterer, the above recommendations were approved by unanimous roll call vote.

B. Degrees Conferred - Summer Quarter Commencement Convocation

It is recommended that degrees be conferred at the Summer Quarter Commencement Convocation on August 27, 1965, to those students who have completed requirements for their respective degrees and are recommended by the Faculty Council. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix I, page 51.)

Upon motion of Mr. France, seconded by Mr. Dargusch, the above recommendation was approved by unanimous roll call vote.
July 8, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Establishment of the "Samuel and Esther Melton Professorship of Jewish History and Studies"

Pursuant to the conditions set forth for the establishment of a "Named Professorship," as approved by the Board of Trustees at its January 14, 1965 meeting, it is recommended with the concurrence of Vice President for Academic Affairs, Dr. John C. Weaver, and the faculty of the Department of History that the "Samuel and Esther Melton Professorship in Jewish History and Studies" be established within the Department of History of The Ohio State University.

This "Named Professorship" shall be filled by a scholar who is thoroughly fluent in his reading knowledge of Biblical and modern Hebrew and shall be qualified to offer general courses in Jewish history as well as courses in more specialized areas of interest as are considered to be desirable by the Department of History.

The "Melton Professorship" will be supported by a gift from Mr. and Mrs. Samuel M. Melton through The Ohio State University Development Fund in the amount of $20,000.00 per annum for a trial period of one to five years. Mr. and Mrs. Melton have indicated their intention to establish the professorship on a permanent basis by an additional contribution to the University through the Development Fund in the amount of $250,000.00, should it be deemed appropriate to establish the program on a permanent basis.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the Board of Trustees by unanimous roll call vote approved the establishment of the "Samuel and Esther Melton Professorship in Jewish History and Studies."

D. Honorary Degrees

The Faculty Council on June 8, 1965, recommended that the honorary degree, Doctor of Laws, be conferred on:

Henry E. Hoagland
Roberto S. Vilella

It is therefore recommended that the Board of Trustees approve the Faculty Council recommendation and that these degrees be awarded at a Commencement Convocation during 1965 or 1966.

Upon motion of Mr. France, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

E. Activation of Two "Named Chairs" in the College of Medicine--"The Charles Austin Doan Chair of Medicine" and "The Robert M. Zollinger Chair of Surgery"

On September 13, 1963, the Board of Trustees authorized the establishment of two "named chairs" in the College of Medicine--"The Charles Austin Doan Chair of Medicine" and "The Robert M. Zollinger Chair of Surgery," with the understanding that each chair would be activated when the income from the

Principal funds designated to support each chair is in sufficient amount to provide an adequate salary for the appointment of a distinguished scholar. President Fawcett indicated his pleasure in reporting that designated gifts and bequests have been received and deposited in the University Endowment Fund in an amount sufficient to provide the necessary income for activation of both of the above-named chairs.

It is therefore recommended with the concurrence of the Dean of the College of Medicine, Dr. Richard L. Meiling, and the Vice President for Academic Affairs, Dr. John C. Weaver, that "The Charles Austin Doan Chair of Medicine" and "The Robert M. Zollinger Chair of Surgery" be activated, effective July 1, 1965.

Upon motion of Mr. Dargush, seconded by Mr. Bricker, the Board of Trustees by unanimous roll call vote approved the activation of "The Charles Austin Doan Chair of Medicine" and "The Robert M. Zollinger Chair of Surgery."

F. Distinguished Service Awards

In 1952 the Board of Trustees established the Distinguished Service Award to be given in recognition of eminent and illustrious service to The Ohio State University. The President's Cabinet, which serves as a Committee on Distinguished Service Awards, has nominated for consideration by the Board of Trustees the following-named persons to receive the Distinguished Service Award at the August 27, 1965 Commencement:

James Edward Pollard  
Gerald Elmer Tenney

Upon motion of Mr. Bricker, seconded by Mr. Ketterer, the above nominations for the Distinguished Service Award were approved by a unanimous roll call vote.

G. Ratification of Personnel and Operating Budgets for the Fiscal Year 1965-66

The Board of Trustees at its meeting on June 10, 1965, approved the several personnel and operating budgets of the University subject to the passage of Substitute H. B. 200 with allocations at least equal to the bill passed by the House of Representatives.

Substitute H. B. 200 which provides for the allocation of funds as detailed in the personnel and operating budgets approved by the Board of Trustees on June 10, 1965, has now been enacted by the 106th General Assembly.
July 8, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

G. Ratification of Personnel and Operating Budgets for the Fiscal Year 1965-66 (continued)

It is therefore recommended that the actions taken by the Board of Trustees on June 10, 1965, approving the personnel and operating budgets for The Ohio State University, the University Hospitals, and the Ohio Cooperative Extension Service be ratified.

Mr. Mervin France moved that the personnel and operating budgets for The Ohio State University, the University Hospitals, and the Ohio Cooperative Extension Service for the 1965-66 fiscal year, as adopted by the Board of Trustees at its June 10, 1965 meeting, be and hereby are ratified. Mr. John Ketterer seconded the motion; and upon a roll call vote, all members present voted approval of the motion to ratify, with the exception that Messrs. Carlton S. Dargusch and Frederick E. Jones requested that the minutes record a negative vote on the ratification of The Ohio State University annual personnel budget for 1965-66.

H. Change in Trustees, The Ohio Legal Center

On July 14, 1961, the Board of Trustees approved the "Articles of Incorporation" and the "Code of Corporate Regulations of The Ohio Legal Center" and designated Frank R. Strong, Robert J. Nordstrom, and Ervin H. Pollack to serve as trustees to represent The Ohio State University until "they resign or their successors are designated by this Board."

Because of his resignation from the faculty of The Ohio State University, Frank R. Strong has submitted his resignation as a trustee of The Ohio Legal Center.

Therefore, it is recommended that Dean Ivan C. Rutledge be designated a trustee of The Ohio Legal Center to succeed Frank R. Strong, effective August 1, 1965.

Upon motion of Mr. Ketterer, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the June 10, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Appointments, Promotions and Changes in Administrative Responsibilities, Leaves of Absence Without Salary, and Emeritus Titles:

A. Appointments

Charles E. Mengel, M.D., Associate Professor in the Department of Medicine and Director of the Clinical Service of Hematology, effective July 1, 1965, at a salary of $20,268.00 per annum. Dr. Mengel is also appointed to fill "The Charles Austin Doan Chair of Medicine."
II. PERSONNEL CHANGES (continued)

A. Appointments (continued)

Robert E. Cook, Professor and Chairman, Department of Poultry Science, and Professor in the Cooperative Extension Service, effective September 1, 1965, at a salary of $13,368.00 per annum. ($1,500.00 of this amount is from the budget of the Cooperative Extension Service.) Professor Cook will also serve as a member of the faculty of the Ohio Agricultural Experiment Station, Wooster, Ohio, at an annual rate of $6,000.00.

Merton C. Bernstein, Professor, College of Law, effective July 1, 1965, at a salary of $17,568.00 per annum.

Reed M. Powell, Professor, Department of Business Organization, effective July 1, 1965, at a salary of $18,168.00 per annum. In addition to serving on the teaching faculty of the Department of Business Organization, Professor Powell will be on the faculty of the Division of Research of the College of Commerce and Administration.

B. Promotions and Changes in Administrative Responsibilities

Frederick R. Cyphert from Professor in the Department of Education to Associate Dean of the College of Education and Professor in the School of Education, effective July 1, 1965, at a salary of $16,968.00 per annum.

Robert A. Barnes from Staff Assistant to the President to Director of the Newark Academic Center, effective July 1, 1965, at a salary of $16,068.00 per annum.

William A. Bruce, D.D.S., from Associate Professor to Associate Professor and Assistant Dean of the College of Dentistry, effective October 1, 1965, at a salary of $15,168.00 per annum.

Richard E. Wharton from Administrative Assistant to the Dean to Assistant Dean of the College of Engineering, effective July 1, 1965, at a salary of $14,568.00 per annum.

Richard P. Goldthwait from Professor and Director of the Institute of Polar Studies to Professor and Chairman of the Department of Geology, effective October 1, 1965, at a salary of $20,772.00 per annum.

To implement the establishment of a School of Education in the College of Education, it is recommended that the following persons be promoted to assume the various administrative responsibilities of the School:
II. PERSONNEL CHANGES (continued)

B. Promotions and Changes in Administrative Responsibilities (continued)

Egon G. Guba from Professor and Director of the Bureau of Educational Research and Service to Professor and Assistant Director in the School of Education, effective July 1, 1965, at a salary of $19,368.00 per annum.

M. Karl Openshaw from Associate Professor in the Department of Education to Associate Professor and Assistant Director in the School of Education, effective July 1, 1965, at a salary of $15,168.00 per annum.

Arliss L. Roaden from Associate Professor in the Department of Education to Associate Professor and Assistant Director in the School of Education, effective July 1, 1965, at a salary of $15,168.00 per annum.

C. Leaves of Absence Without Salary

G. Diran Bodenhorn, Professor, Department of Economics, October 1, 1965 through September 30, 1966, to continue to teach at the University of Ibadan, Ibadan, Nigeria, under a Rockefeller Grant.

Harold F. Harding, Professor, Department of Speech, October 1, 1965 through September 30, 1966, to be a Visiting Professor at the University of California, Santa Barbara.

Paul R. Klohr, Professor, School of Education, October 1, 1965 through June 30, 1966, to be a Visiting Professor at the University of California, Davis.

William B. Logan, Sr., Professor, School of Education, July 1, 1965 through July 31, 1965, to be a Visiting Professor at the University of California, Berkeley.

Ruth M. Erlandson, Associate Professor of Library Administration, Library, July 1, 1965 through August 31, 1965, to be a library advisor, Asia Foundation, New Chiangmai University, Chiangmai, Thailand.

Neal F. Johnson, Associate Professor, Department of Psychology, October 1, 1965 through September 30, 1966, to teach and do research at the University of California, Berkeley.
II. PERSONNEL CHANGES (continued)

C. Leaves of Absence Without Salary (continued)

Courtney P. Stromsta, Associate Professor, Department of Speech, October 1, 1965 through December 31, 1965, to participate in a cooperative research project at the University of Zagrub, Zagrub, Yugoslavia, sponsored by the Vocational Rehabilitation Administration.

Sidney E. White, Associate Professor, Department of Geology, October 1, 1965 through September 30, 1966, to be a Visiting Professor at the University of Colorado, Denver, Colorado.

Richard H. Wilson, Associate Professor, Department of Agricultural Education, July 16, 1965 through August 15, 1965, to be a Visiting Professor at New Mexico State University.

Alma L. Wittmeyer, Associate Professor, School of Nursing, July 23, 1965 through September 14, 1965, for personal reasons.

Charles H. Summerson, Assistant Professor, Department of Geology, October 1, 1965 through September 30, 1966, to work with the National Science Foundation in Washington, D. C.

Alma F. Tapscott, Assistant Professor, School of Home Economics, July 1, 1965 through September 30, 1965, for personal reasons.

Catherine C. Vaughn, Assistant Professor, School of Home Economics, July 1, 1965 through August 31, 1965, due to ill health.

Alva R. Glaser, Instructor, Department of Aeronautical and Astronautical Engineering, July 1, 1965 through September 30, 1965, to be employed in industry.

Josephine T. Hickey, Instructor, School of Nursing, July 6, 1965 through September 19, 1965, for personal reasons.

H. Elaine Swank, Instructor, School of Nursing, July 6, 1965 through September 26, 1965, to travel in Europe.

William H. Ewing, Associate Director, Telecommunications Center, October 1, 1965 through June 30, 1966, to accept a Fulbright Exchange Award.

D. Emeritus Titles

Linden F. Edwards, Department of Anatomy, with the title Professor Emeritus, effective September 1, 1965.
II. PERSONNEL CHANGES (continued)

D. Emeritus Titles (continued)

Harvey C. Mansfield, Department of Political Science, with the title Professor Emeritus, effective July 1, 1965.

LeVelle Wood, School of Home Economics, with the title Professor Emeritus, effective July 1, 1965.

Mabel G. Westervelt, Cooperative Extension Service, with the title Instructor (County Extension Agent, Home Economics) Emeritus, effective August 1, 1965.

Upon motion of Mr. Jones, seconded by Mr. France, the Appointments, Promotions and Changes in Administrative Responsibilities, Leaves of Absence Without Salary, Emeritus Titles, and personnel budget actions as recorded in the official "Salary Roll" of the University were approved by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll" with the official documents of the University.

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and The Ohio State University Research Foundation

In accordance with the Memorandum of Agreement between The Ohio State University and The Ohio State University Research Foundation approved by this Board on September 5, 1950, it is recommended that the research agreements for the following projects administered through the Research Foundation be approved and recorded in the minutes of this meeting.

1. Government Contracts - Federal

   b. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for a Servo-analytic Study of the Myotatic Reflex System (to be known as National Institutes of Health Project No. 1101 - Ext. #5 - Department of Physiology). Gross Value - $11,048.00.

A. The Ohio State University and The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

   d. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for the Study of Hard Dental Tissues and Restorative Materials (to be known as National Institutes of Health Project No. 1410 - Ext. #3 - College of Dentistry).
      Gross Value - $12,907.00.

   e. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Self-administered Procedures in Speech and Hearing (to be known as National Institutes of Health Project No. 1414 - Ext. #3 - Department of Speech).
      Gross Value - $45,838.00.

   f. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, for Research of Eutectoid Reactions in Metal Alloys (to be known as Systems Engineering Group, Research and Technology Division Project No. 1440 - Sup. #6 - Department of Metallurgical Engineering).
      Gross Value - $31,998.00.

   g. Department of Health, Education, and Welfare, Bureau of State Services, Washington, D.C., for an Investigation of the Diatoms of the West End of Lake Erie (to be known as Bureau of State Services Project No. 1464 - Ext. #3 - Department of Botany and Plant Pathology).
      Gross Value - $11,939.00.

   h. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, for Technical Services to Provide Intermittent Research Analysis on Materials and Associated Problems (to be known as Systems Engineering Group, Research and Technology Division Project No. 1473 - Sup. #6 - RF Internal Supervision).
      Gross Value - $75,000.00.

   i. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Anabolic Control in Normal and Neoplastic Tissues (to be known as National Institutes of Health Project No. 1571 - Sup. #1 - Department of Agricultural Biochemistry).
      Gross Value - $2,884.00.

C. Agreement Between the College of Medicine of The Ohio State University and St. Ann's Hospital for Women of Columbus for an Affiliate Teaching Program

To enhance the instructional program for medical students, the Dean of the College of Medicine has proposed that an agreement be executed between St. Ann's Hospital for Women of Columbus and the College of Medicine of The Ohio State University, whereby medical students will be given an opportunity in their clinical years to gain experiences in the care and treatment of patients in the area of obstetrics at St. Ann's Hospital. Under the terms of the agreement, the clinical facilities, including the inpatient and outpatient services of St. Ann's Hospital for Women, will be made available for the educational program of Ohio State medical students; and the qualified professional staff of St. Ann's Hospital will collaborate in the teaching of The Ohio State University medical students in a private hospital.

The Board of Trustees of St. Ann's Hospital for Women has indicated its willingness to participate in the above-identified affiliate teaching program, effective July 1, 1965. It is therefore recommended that the President be authorized to sign such an agreement on behalf of the University with the understanding that there is no financial obligation on the part of the University.

Upon motion of Mr. Dargusch, seconded by Mr. Bricker, the Board of Trustees by unanimous vote authorized the President to sign an agreement between the College of Medicine of The Ohio State University and St. Ann's Hospital for Women of Columbus for an affiliate teaching program.
The following grants and gifts to the University are among those received since June 10, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

B. Received Through the Development Fund (continued)

4. $25,000.00 from The Richard T. Baker Foundation for the establishment of the Richard T. Baker Fund.

Richard T. Baker Fund

The Richard T. Baker Fund was established June 8, 1965, by a gift through the Development Fund from The Richard T. Baker Foundation.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for graduate scholarships to students who are candidates for advanced degrees in accounting. Recommendations for these awards are to be made by the Chairman of the Department of Accounting with the advice of its Graduate Committee. Such awards are subject to the approval of the Dean of the College of Commerce and Administration.

If the need for such graduate scholarships or fellowships should cease to exist or so diminish as to create unused income, then said income may be used for any purpose in the field of accounting as agreed upon by the Chairman of the Department of Accounting and the Dean of the College of Commerce and Administration.

In the event the Department of Accounting as it now exists shall be altered in any reorganization of University colleges, schools, and departments, the Board of Trustees or successor governing body of the University shall direct use of the income for purposes within the field of accounting as recommended by the appropriate administrative official of the University then directly responsible for accounting education at The Ohio State University.

5. $25,000.00 by a bequest from Arthur G. Helmick, deceased, for the establishment of the Arthur G. Helmick Scholarship Fund.

Arthur G. Helmick Scholarship Fund

The Arthur G. Helmick Scholarship Fund was established June 11, 1965, by a bequest through the Development Fund from Arthur G. Helmick, deceased, M. D. '02.

The principal is to be invested in accordance with Section 3345.16 G. C. The income is to be used for the awarding of two scholarships each year of $750.00 each to students in the College of Medicine of The Ohio State University, said awards to be made by the University Scholarship Committee upon the recommendation of the Dean of the College of Medicine.

If said fund should produce less than $1,500.00 per year income, the scholarships shall each be one-half of the income of the fund.

Upon motion of Mr. France, seconded by Mr. Allyn, the Board of Trustees by unanimous roll call vote approved the transfer of the above amounts to Account 179999, University Treasurer General Fund.

B. Appropriation for Purchase of Research Equipment

At the request of the Vice President for Research and with the approval of the Vice President for Business and Finance, it is recommended that a sum not to exceed $5,395.00 be appropriated from the University Treasurer Research Subaccount (a) to the Department of Speech under the direction of Professor John Black for the purchase of an integrating digital voltmeter ($3,720.00) and a century oscillograph ($1,675.00) for use in research in phonetics.

Upon motion of Mr. Ketterer, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.
At the request of the Vice President for Business and Finance, it is recommended that the Extra and Credit Orders to Contracts as outlined below be approved by the Board of Trustees.

A. Drackett Tower

**General Contract (Supplemental Agreement)**

It is recommended that the following changes be made:

1. Because of the abandonment of West Frambes Avenue, certain changes and omissions in work were necessary in the site improvement portion of the contract. Deduct $2,690.00.

2. Omit the concrete walk along Lane Avenue, two concrete approaches and two curb sections between this walk and the street since the City of Columbus has agreed to do this work. Deduct $665.00.

3. After the change in plans for the new sidewalks, certain adjustments were necessary in the existing asphalt drives. Add $65.00.

   **Net deduction** $3,290.00

This project is funded from the Dormitory Construction Fund.

B. Electrical Engineering Research Facilities

The exterior windows in Rooms 214 (2A), 216 (2B) and 230 (2C) were eliminated by this building addition and ventilation in these existing rooms is required.

It is recommended therefore that the following changes be made:

1. **Heating, Ventilating, and Air Conditioning Contract.** Provide ventilation in accordance with revised drawings. Add $2,785.00.

2. **General Contract.** Provide all general work in connection with new ventilation. Add $786.00.

   **Net addition** $3,571.00

This project is funded from a National Science Foundation Grant, the University Treasurer Research Account, and Item 003, S. B. 370.
VI. EXTRA AND CREDIT ORDERS TO CONTRACTS (continued)

C. Summary of Extra Orders Approved by the President

On October 12, 1962, the Board of Trustees authorized the President to approve all individual change orders on projects where said orders do not exceed $500.00 each, with the understanding that such actions thus taken are to be reported to the Board upon completion of each of the respective projects and that the said reports should be in total amounts and not in detail. Therefore, a summary of the change orders which have been approved by the President, as authorized by the Board of Trustees, is hereby reported for the following projects:

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimate of cost for the following project be approved by the Board of Trustees:

A. Upham Hall - Repairs to Auditorium

This project includes interior repairs and revision of the electrical system including the sound system.

Funds for this project will be provided from the Hospital Rotary.

Upon motion of Mr. Dargusch, seconded by Mr. Jones, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above project for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

D. Chemistry Research Facilities

On June 10, 1965, the Board of Trustees approved the award of the following Contracts including several deductive alternates: General; Laboratory Equipment; Heating, Ventilating, and Air Conditioning; and Electrical. The Plumbing Contract was subsequently readvertised with bids received on June 16. After a thorough analysis of the bids received for the Plumbing Division together with the low bids received on the other divisions earlier, the Director of Public Works of the State of Ohio revised his recommendation for award of contracts; and it is therefore recommended that the action taken by the Board of Trustees on June 10 regarding this project be rescinded and that award of contracts be approved as follows:

192 Approves the award of contract without further competitive bidding for the project "Garage - Phase II, Paving."

194 Approves the award of contracts without further competitive bidding for the project "Van de Graaff Generator Addition to Evans Laboratory."

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Special Policeman Commission

At the request of the Vice President for Business and Finance, it is recommended that David Lee Boggs be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said Section, the Board of Trustees require Mr. Boggs, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. France, seconded by Mr. Jones, the above recommendation was approved by unanimous roll call vote.

B. Dining Facility - Northeast, Employment of Engineer

At the May 13, 1965 meeting of the Board of Trustees, W. E. Monks was recommended for employment as the Mechanical Engineer for this project at a fee of 2.5 per cent of the cost of the mechanical and electrical work. This fee was based on the fact that this building was very similar to North Commons and the work was largely repetitive. Since then, changes and additions have been made in the work which require revised drawings and additional design work.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

B. Dining Facility - Northeast, Employment of Engineer (continued)

It is therefore recommended that the contract with W. E. Monks to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing; and electrical work for this project be processed to increase his fee to 3 per cent of the cost of the mechanical and electrical work or an estimated $13,020.00.

This project is funded from the Dormitory Construction Fund.

Upon motion of Mr. France, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

C. Purchase of Property - Building and Five Lots, 162 West Tenth Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Baptist Foundation, Inc. and the Tenth Avenue Baptist Church at a price of $100,000.00:

Property known as 162 West Tenth Avenue, being Lots Nos. 28, 29, 30, 31, and 32 of the John A. Evan's College View Addition, City of Columbus, County of Franklin, State of Ohio.

Purchase will be consummated as soon as funds are available from H. B. 202 or other authorized sources of funds designated for this purpose.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

D. Purchase of Buildings and Property, 188 West Tenth Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Jessie M. and Mikhail Condoide at a price of $20,000.00:

Property known as 188 West Tenth Avenue, being a 50-foot tract off the west side of Reserve B, University Heights Addition, City of Columbus, County of Franklin, State of Ohio.

Purchase of this property will be consummated as soon as funds are available from H. B. 202 or other authorized sources of funds designated for this purpose.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

E. Purchase of Buildings and Property, 138 West Ninth Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Garnet G. Folden at a price of $22,000.00:

Property known as 138 West Ninth Avenue, being Lot #48, William N. King's Second Subdivision, City of Columbus, County of Franklin, State of Ohio.

Purchase of this property will be consummated as soon as funds are available from H. B. 202 or other authorized sources of funds designated for this purpose.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Robin Charles Burrell, Professor Emeritus in the Department of Agricultural Biochemistry. In accordance with the instructions of the Board of Trustees, a copy of the following Resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished the family of the deceased.

A. Robin Charles Burrell

The Board of Trustees expresses its sorrow at the death on June 7, 1965, of Robin Charles Burrell, Professor Emeritus in the Department of Agricultural Biochemistry.

Professor Burrell was born in Northfield, Ohio, March 14, 1896. He earned his B.S. degree at Mount Union College, where he graduated summa cum laude in 1918. He received his M.A. degree in 1921 and his Ph.D. degree in 1925 at The Ohio State University. During the period 1921-23, he was Associate Professor at the University of Richmond, Virginia. Immediately following the completion of his Ph.D. degree in 1925, he joined the faculty of the Department of Agricultural Chemistry (later called the Department of Agricultural Biochemistry) at The Ohio State University and advanced through the ranks to become Professor in 1940.

Professor Burrell and his students contributed significant knowledge to the understanding of plant biochemistry. This knowledge is described in approximately 30 publications appearing in scientific journals under Dr. Burrell's name. He was an exceptionally fine analytical chemist and much of his published research work relates new or improved analytical techniques for the estimation of plant constituents. Several of these techniques have remained in use by biochemists. Professor Burrell had a keen appreciation of plant metabolism and used radioactive isotopes to study this important area of biochemistry.
XI. RESOLUTION IN MEMORIAM (continued)

A. Robin Charles Burrell (continued)

In the classical sense, Dr. Burrell was a Professor. He was foremost a teacher—a teacher who loved students and who in turn was loved by them; a teacher who carefully and painstakingly collected knowledge and conveyed it successfully in a true didactic fashion to his students; and a teacher whose students have enjoyed success and who have frequently attributed significant parts of their understanding of their chosen fields of study to him. As a corollary to his teaching, he wrote several textbooks in biochemistry for class use. During his many years as a teacher at The Ohio State University in a field of study which caters to small classes, he had more than 10,000 students and was a preceptor for more than 20 doctoral candidates as well as innumerable master's degree students.

Dr. Burrell was a student of philosophy and in his own unique fashion carried the wisdom of this endeavor to his students and his colleagues. Not only was Professor Burrell a student of philosophy, but also he lived a well-planned life based upon what he considered the best of classical philosophy—perhaps the outstanding characteristics of that life was a sincere willingness to give of himself without the anticipation of gain.

Professor Burrell's service to his fellow scientists was exemplified by almost 30 years of service to Chemical Abstracts, during which time he abstracted eight journals (several in foreign languages).

Professor Burrell was a member of the American Chemical Society, the American Society of Plant Physiologists, the American Association for the Advancement of Science, Phi Lambda Upsilon, and Sigma Xi. He was also a Fellow of the American Institute of Chemistry. Professor Burrell was a member of the First Congregational Church and of several Masonic orders.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto

President Fawcett made the following statement:

Over a period of nine years I have given countless hours of agonizing thought to the manner in which this University might provide a full measure of academic freedom and still live within a framework of responsible stewardship in all work that it undertakes. A basic issue on which there has appeared to be a sharp disagreement is the matter of guest speakers who are invited to the campus to address groups on some political issues. This problem is not a new one, nor is the controversy that is generated by it limited to this campus.
XII. REPORTS (continued)

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto (continued)

President Fawcett's Statement Re Proposed Revision of Speakers Rule

Since 1951 people whose lives have reflected deep dedication to the welfare of The Ohio State University have argued this subject with conviction. And what better place is there for debating such a fundamental issue than in the atmosphere of a university setting where controversy is part and parcel of the intelligent man's eternal struggle to seek truth? This is the stuff of which a real university is made.

Often in the long process through which change comes about in our system, tangential problems, personal biases, and dramatic incidents tend to cloud the central focus of an issue, and ultimate solution is thereby denied. During my first eighteen months as President much of my time was given to an effort to revise our policy on guest speakers through negotiations between the Board of Trustees and the Faculty Advisory Committee. The basic structure of our present rule is the outcome of those negotiations, although rule 21.09 has been amended twice since that time--both times at the suggestion of the Faculty Advisory Committee.

Since one of my principal responsibilities is to administer the University under the rules and regulations that exist, I have tried very hard to be faithful to my charge and have interceded only when actions proposed have appeared to be in clear violation of the rule.

According to estimates that have been made, about 4,000 speakers appear on this campus every year. From 1958 to 1962 the rule seemed to work quite effectively. Indeed this experience, as much as anything else, was responsible for the lifting of AAUP censorship from this campus. Since 1962 I have invoked the rule twice, and during this past spring Vice-President Weaver, in the proper discharge of his responsibility, acted in a case where a speaker clearly did not qualify under the rule. In each case action was taken only after careful study and consultation.

In recent controversies on this matter, I have noted that disagreement has centered more on the right of students to hear extremists express their views than on the right of the extremists to speak. Usually these disagreements have focused on whether or not a member of the Communist Party of the U. S. A. can appear and be challenged in his declarations by bright young men and women who are now a very real part of American life and who are eager to test their intellectual depth and breadth in the "market place" of political thought. Most of these students have achieved a substantial degree of maturity and, according to the best estimates I have seen, as many as 75% of our students feel strongly that a change in our speakers' rule is essential.
XII. REPORTS (continued)

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto (continued)

President Fawcett's Statement Re Proposed Revision of Speakers Rule

From my own view, no political ideology is more abhorrent than that expounded by the Communists. Neither do I believe that the quality of the education received by students here is going to be advanced by a few students watching an occasional hard-core Communist hide cleverly behind the screen of academic freedom in an effort to create the impression that the Communist Party of the U.S.A. is respectable and deserving of acceptance on a national scale. Additionally, I might add, no valid subject that is appropriate to a university setting has been too controversial to discuss here, despite published statements to the contrary. Even the most militant reaction against our rule has seemed to have its genesis in a principle that has precluded the appearance of three or four people out of perhaps more than twenty-five or thirty thousand who have come and gone without incident.

The fact remains that The Ohio State University is one of the great universities of the world. Its work is conducted in association and often in competition with a large family of distinguished institutions engaged in undergraduate, graduate, and professional education and research. Evidence of this fact is our active membership in the CIC, AURA, MURA, AMU, AAU, IAU, and other scientific, scholarly, and professional groups. We work with the smaller universities in Ohio and with the Ohio College Association on such matters as are important to our common interest.

Consequently, as I see our problem, this University must be no less free than others to test ideas that flow from the frontiers of thought despite the fact that at times an idea may be highly controversial and even repulsive to our keener insights. Historically, ideas have been challenged on the campuses of great universities, and out of this quality of confrontation have evolved knowledge and values that have been useful to the advancement of civilization and to the improvement of our cherished way of life. Examples here are so obvious that none needs listing.

While I am on this subject, let me state that in my view Ohio State students are no less mature and no less capable of withstanding the onslaught of propaganda than those on the campuses of other large universities. Neither would I accept an accusation that members of our faculty are less responsible, less competent, or less dedicated to the American system than those on other campuses.

Yet at almost all of these institutions, speakers come and go either under a policy not very different from the one before you this morning or under no policy or rule at all except for such regulations as are required for essential housekeeping.
President Fawcett's Statement Re Proposed Revision of Speakers Rule

I must conclude, therefore, that whether or not our present rule is in the best interest of all higher education it is liable to question. Let me explain:

1. So long as the Federal and state governments permit people who are classed as subversives or who are suspected strongly of being allied with subversives to move about this country freely, enjoying all of the freedoms to which you and I are entitled, it seems to me that we set ourselves up as being over and above the law when we restrict, more severely than other great institutions restrict, the liberty of these persons. Their writings are published and circulated freely; they achieve exposure in one way or another on radio, through television, and in the public press. How can we place ourselves in a position that would appear to be somewhat in conflict with the practices of our Federal and state governments?

2. I have concluded, after long and exhaustive study, that the posture in which we find ourselves under the present rule (21.09) is one through which subversives and their ilk achieve exactly the kind of publicity for which they strive, and that we in a sense aid their cause by giving them an opportunity to gain the quality of exposure they seek. On many other campuses that operate under the kind of rule before you this morning controversial people appear, are heard by a very few people, and leave without having made much impact on anyone. Knowing that nothing spectacular will happen, the curiosity seekers stay home, the busy student proceeds with his work, the communications media simply report, and the institution gets on with its important work without undue interference or the unwarranted proliferation of the energies of its staff.

Here there is much commotion before the speaker appears; the student and faculty member, who otherwise would have little if any interest, rushes to the scene; and the drama quickens with each passing moment until the incident is past. The staff is engaged in countless hours of diverted energy that is needed for other tasks, and the residue of the incident lingers to draw attention away from the central purpose of the institution.

President Fawcett's Statement Re Proposed Revision of Speakers Rule

3. The faculty, students, and staff of this University, now dedicated to a new measure of quality and quantity at the graduate and professional levels, are just as capable of meeting the challenge that is posed by subversives as are those in other universities. The Faculty Advisory Committee has given freely of its time to seek a responsible solution to our problem. The proposal before you today, in response to your request of April 8, 1965, is the outcome of skillful study; careful analysis of material developed in hearings where students, faculty, and alumni presented views; debate in the best tradition of a democratic society; and compromise which marks the ultimate result of using procedures that are essential to finding the most acceptable solution to a problem on which people have honest difference of opinion.

Finally, I wish to pay tribute to our Faculty Advisory Committee, which has responded to your request of April 8, 1965, by engaging in a process outlined under the rules that govern the evolution of educational policy. The members of this Committee approached their task with the objectivity, the honesty, and the creativity that mark the true scholar. As they worked toward this deadline and as they consulted with Dr. Corbally, Dr. Weaver, and me, I was impressed by their determination not to be coerced into intemperate action by demonstrations, editorial comment, or intimidation.

They have presented to you a new speakers rule to be substituted for our present rule (21.09). This proposal has the strong support of the Faculty Council and the members of the President's Cabinet and I recommend its adoption, effective September 1, 1965. This effective date will provide time for the printing, circulation, and interpretation of the rule. I recommend further the revision of Rules 53.01, 21.01, 53.09, and 61.05 in accordance with the proposal submitted by the Faculty Advisory Committee, all of which have had wide circulation.

XII. REPORTS (continued)

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto (continued)

Mr. Allyn presented the following resolution and moved its adoption:

RESOLVED that Rules for the University Faculty numbered 21.09, 21.01, 53.01, 53.09, and 61.05 be repealed and of no further force and effect as of September 1, 1965.

BE IT FURTHER RESOLVED, coincident with the repeal, that the language proposed by the Faculty Advisory Committee to the President and Board of Trustees as attached hereto and made a part of this resolution shall then constitute new Rules 21.09, 21.01, 53.01, 53.09, and 61.05 to be in force and effect as of September 1, 1965.

Rules as Proposed by Faculty Advisory Committee

21.09. Guest Speakers *

Section 1. It is the policy of the University to foster a spirit of free inquiry and to encourage the timely discussion of the broad range of issues which concern our nation, provided that the views expressed are stated openly and are subject to critical evaluation. Within our prevailing standards of decency and honesty, this policy shall be construed to mean that no topic or issue is too controversial for intelligent discussion on the campus. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which change is accomplished by peaceful, democratic means.

Section 2. To this end, a student organization, after consultation with and prior approval of its faculty adviser, may invite guest speakers to the campus to address meetings (see Rule 61.05, Section 3), subject only to the following provisions:

(a) Sponsorship must be by a recognized student organization.

(b) Arrangements for the use of University facilities must be made in accordance with Rules 53.09 and 61.05.

(c) It must be made clear that the student organization, not the University, is extending the invitation and that any views the speaker may express are his own and not those of the University.

(d) The student organization must take whatever steps are necessary to insure that the meeting is conducted in an orderly manner.

*Rule initiated by Board of Trustees.

21.09. Guest Speakers* (continued)

(e) The student organization must provide means for critical evaluation of the speaker's view, which must include as a minimum, an open question period following the speaker's presentation.

(f) The student organization must comply with any and all conditions for the orderly and scholarly conduct of the meeting as prescribed by the Faculty Advisory Committee to the President and the Board of Trustees in accordance with Section 3 of this Rule.

Section 3. In a situation attended by extreme emotional feeling, the Faculty Advisory Committee to the President and the Board of Trustees shall prescribe conditions for the orderly and scholarly conduct of the meeting but may not select the speaker or topic. Such conditions may include, but are not necessarily limited to: designating a member of the tenured University Faculty as chairman; limiting attendance to students, faculty, and staff; requiring the inclusion of one or more additional speakers at the meeting in question or at a subsequent meeting so that other points of view may be expressed; or requiring a debate format in which the speaker debates with a qualified opponent.

The Committee shall function on its own initiative or at the request of any of the following: the sponsoring student organization, its Faculty Adviser, the Faculty Council, the Council on Student Affairs, the President of the University or his designated representative.

Section 4. A speaker invited by a student organization must not advocate action or urge the audience to take action which is illegal under the laws of the United States, the State of Ohio, or which is prohibited by the rules of the University. It is the responsibility of the student organization to inform speakers in writing of this prohibition.

Section 5. The maximum penalties to be assessed against a student organization for a failure to observe the provisions of Section 2 or for sponsoring a speaker who violates the prohibition of Section 4 of this rule shall be (a) for a single violation (including, as a single violation, multiple violations relating to the same meeting) in any academic year, suspension of the right of the student organization to invite a guest speaker to the campus for a twelve months' period and (b) for more than one violation in any academic year, termination of the student organization's recognized status. Charges that a student organization has violated

This rule shall be investigated through a hearing before the Council on Student Affairs, at which the rights of representation, submission of evidence, and the introduction of witnesses shall be granted, and a permanent record be kept if the student organization undertakes to pay the costs of such record. The Council on Student Affairs shall make findings of fact and such recommendations as it may deem appropriate and submit these to the President, who shall have final authority to determine whether the charges have been sustained and to impose the appropriate penalty.

Students, either as individuals or as members of recognized student organizations, who act in violation of the provisions of this rule shall be subject to the disciplinary procedures and actions outlined in Rule 51.01 and in Section 1 of the Student Handbook of Rules and Regulations, "General Regulations for all Students--Administration of Conduct and Discipline."

Section 6. Faculty and other entitled to sponsor a meeting involving the use of University facilities (see Rule 61.05) shall observe this rule.

21.01. Academic Freedom and Responsibility*

Section 1. The Ohio State University favors the fullest academic freedom consistent with its educational program and with national security. It believes that steadfast adherence to the principles of free discussion and investigation, with correlative responsibility, is the cornerstone of such an institution in a free society; that the continued strength of the educational process depends upon an unqualified dedication to our traditional freedoms and the preservation of the moral and intellectual integrity of the teacher. In the United States, in contrast to much of the world where doctrinaire propaganda, officially stated and enforced, is substituted for freedom of individual thought and expression, the molding of the lives of young people outside the family circle is largely entrusted to the church and the school, and this University holds inviolate the essential rights of the teacher. Honesty and objectivity, however, must always be cardinal principles in teaching, and only those who are free in conscience have the right to teach in a university which is founded upon the principle of intellectual integrity.

XII. REPORTS (continued)

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto (continued)

21.01. Academic Freedom and Responsibility* (continued)

Section 2. A teacher, regardless of tenure in The Ohio State University, is entitled to freedom of research and publication, of classroom discussion of all matters relevant to the subject matter of his course, and of expression of opinion as a citizen, subject to the obligation to be accurate and to exercise appropriate restraint in accordance with the standards of his learned profession.

The teacher's privileges imply correlative responsibilities. In addition to maintaining those standards of competence set forth as minima for his rank, and particularly those relating to scholarship and teaching ability, the teacher also has the obligation to maintain the proper attitude of objectivity, conscientious industry and cooperation with his associates and the University. Further, he has the responsibility to refrain from introducing into his teaching controversial matter unrelated to his subject; and in making public statements, he has the responsibility to make it clear that he is not an institutional spokesman.

- o -

53.01. Organized Activities*

The Executive Dean for Student Relations shall promulgate rules governing all organized activities (including social functions) which are University connected and in which students or the wives of students participate.

These rules shall include a requirement that each recognized organization shall have an Adviser, selected by the student organization from members of the tenured University Faculty. Exceptions to the requirement that the Adviser be a tenured member of the University Faculty may be made by the Council on Student Affairs. The Adviser in accepting the appointment, agrees to maintain contact with the organization so as to be familiar with its program and personnel. In addition, the Adviser shall be responsible for advising the organization as to its program and personnel, having in mind not only the objectives of the particular group but also the purposes of the University, one of which is to foster a spirit of free inquiry in a setting which provides for open-minded, objective, and critical evaluation of the ideas expressed.

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto (continued)

53.09. Student Use of University Buildings*

Section 1. University facilities assigned to a student organization shall be used only for the usual activities of such student organization. If a student organization desires to use University facilities, which facilities have been assigned to the organization, for purposes other than its usual activities, it shall request permission for such use from the Executive Dean for Admissions and Registrations in accordance with Rule 61.05.

Section 2. No student, group of students, or student organization may announce a meeting involving the use of University facilities or use University facilities for a meeting, unless permission for such use has been obtained from the Executive Dean for Admissions and Registrations in accordance with Rule 61.05.

61.05. University Facilities*

Section 1. University facilities may be scheduled and used only if the meeting is sponsored by at least one of the following:

(a) the University,
(b) an administrative unit of the University,\(^1\)
(c) the President or a member of his Cabinet,
(d) a member of the University Faculty,
(e) a club or committee of University faculty members, University staff members, or their wives, or
(f) a recognized student organization (see Rule 53.01).

Section 2. The Executive Dean for Admissions and Registrations shall be responsible for the scheduling of and shall have the necessary authority to schedule all University facilities. (See Rule 11.1107.) No meeting shall be scheduled in or announced for any University facility unless permission to use the facility has been obtained in advance from the Executive Dean for Admissions and Registrations. (See Rule 21.09.)

Section 3. The word "meeting," as used in Rule 21.09, 53.09, and 61.05, means any meeting using University facilities to which the faculty, staff, students, or public is invited, except:

(a) regularly scheduled University courses,
(b) conferences approved under University procedures, and
(c) meetings of state, regional, national, or international organizations approved under University procedures.

Section 4. The responsibility and authority of the Executive Dean for Admissions and Registrations under this Rule may be delegated by him to a member of the University Faculty or of the staff of this University.

*Rule initiated by Board of Trustees.

Mr. Davis seconded the motion that the above resolution be adopted.

Mr. Bricker then made the following statement:

The Faculty Advisory Committee, the Administration, and the Board of Trustees have worked conscientiously and cooperatively in an effort to resolve the problems concerning the speakers rule. So far as I am concerned, most problems have been resolved and only two major questions of difference remain. They are: (1) the matter of administrative responsibility, and (2) the types of speakers who may be invited to the campus. I hope that the cooperative efforts will continue.

I know that I am in disagreement with some when I state my philosophy that Communists, Nazis and Facists, and members of other subversive organizations, and their supporters, have no right to speak at a tax-supported state university, for they are not free men, and hence, are incapable of the objectivity which must attach to all speakers at a state university.
XII. REPORTS (continued)

A. Report on "Guest Speakers" Rule 21.09 and Faculty Rules Related Thereto (continued)

Mr. Bricker's Statement Re Proposed Revision of Speakers Rule

Either I am right about this—or our Nation is wrong—in the prosecution of our case in Viet Nam, in our opposition to Castro, and to Communist and other subversive powers, generally.

My devotion to my Country, and my unswerving opposition to Communists, Nazis, Facists, and other subversives, and their supporters, at Ohio State, and elsewhere, have never been questioned. I will not change now, even though to do so might be popular in some areas. Every man must, however, live with his own conscience, and so far as I am concerned, there will be no Communists, Nazis, Facists, or other subversives, or their supporters, teaching or speaking at Ohio State while I am on the Board, if I can prevent it.

Let there be no implication that any member of this Board, Administration, or Faculty is in favor of Communism or any other subversive organizations. It is only a difference of interpretation of our methods of accomplishment.

Also incidental to this issue, we have been requested by the Attorney General of Ohio, who is the attorney for this Board and The Ohio State University, that we make no change in the rule pending the outcome of the court case in the Federal court to force this University to permit speakers on campus. Since this case was brought by the opposition, we have no control over it. This will test whether this Board of Trustees has power to make the rules for the University or whether it is to be done by those from outside the University.

Upon the request of the Chairman, the Secretary then read the proposed Rule 21.09.

Upon a roll call vote, Messrs. Allyn, Davis, and Loop voted affirmatively to adopt the resolution offered by Mr. Allyn. Messrs. Bricker, Dargusch, Ketterer, Jones, and France voted negatively. The Chairman ruled the motion defeated.

August 27, 1965
RECIPIENTS OF HONORS

JAMES E. POLLARD
THE OHIO STATE UNIVERSITY DISTINGUISHED SERVICE AWARD

Author, teacher, meticulous research scholar, former
University Historian and Director of the School of Journalism

James E. Pollard has earned a place in University history alongside the
great leaders whose deeds he has chronicled so well. For more than half
of Ohio State’s history, he was witness to and participant in the events
which shaped its course. Who better to serve as the first University Histor-
ian than a man with James Pollard’s keen sense of history, his grasp
of detail, and his scholarly dedication and fidelity to the record?

Professor Pollard holds three degrees from Ohio State. He served as
a teaching assistant in political science during 1920-21, as Director of the
News Bureau from 1923-33, and as a member of the School of Journalism
faculty from 1935-58, including 20 years as Director of the School. His
national leadership in journalism education found expression through a
range of professional organizations, several of which he served as president.

Author of more than a dozen books, Professor Pollard is widely recog-
nized for his research and writings, notably in history and newspaper law.
He is a leading authority on the relations of U. S. presidents with the press.
His book on that subject received the 1947 Sigma Delta Chi Distinguished
Service Award for research in journalism and in 1963 was included in the
White House reference collection.

All who have known James Pollard have been endowed with the warmth
of his personality and inspired by his loyalty to Ohio State. He has been a
gentle conscience who would not let his University forget its heritage or its
debt to the past.
G. E. TENNEY
THE OHIO STATE UNIVERSITY DISTINGUISHED SERVICE AWARD

Energetic businessman, faithful alumnus, and tireless worker for the welfare of the University

G. E. Tenney has made the advancement of The Ohio State University his personal mission. For 50 years, this dynamic alumnus has applied the enthusiasm of the undergraduate and the efficiency of the business executive to a host of major assignments in behalf of Ohio State.

Mr. Tenney's University service has included the national presidency (1941-1943) of The Ohio State University Association; two five-year terms as a member of the Alumni Advisory Board, representing the College of Engineering; alumni representative on the Board of Directors of the University's Research Foundation; member of the Board of Governors of the Cleveland Alumni Club; and Development Fund chairman for several Chicago-area campaigns. In 1963, he served as voluntary coordinator of the alumni effort in central Ohio in support of State Issue No. 1, a $250-million bond issue primarily for higher education.

From his earliest days as a student, "Pink" Tenney has displayed an unusual devotion to his alma mater and a dedication to its betterment. He climaxed a highly successful undergraduate career by being elected president of the Class of 1915, and he has since guided that class through two outstanding reunions—the 25th and the 50th.

Mr. Tenney's contributions in behalf of Ohio State are but one facet of his productive life. He was associated with the Lincoln Electric Company for 29 years, and after his retirement, he organized GET, Inc., an administrative consulting firm.
Robert M. Zollinger

The Joseph Sullivant Medal Award

Internationally acclaimed general surgeon and teacher of surgery

Dr. Robert M. Zollinger, Professor and Chairman of the Department of Surgery of The Ohio State University, is a colossus among the figures of 20th Century surgery. He represents the bridge between the surgical czars of the past and the masters of present-day surgery who head team endeavors.

Sustained effort, with exacting demands on himself, his colleagues, and his students, has characterized his brilliant career and has been the catalyst which has carried him to international renown. His peers have recognized his distinguished contributions by naming him president of the American College of Surgeons, as well as by selecting him to head every major group in the United States.

He is editor of the American Journal of Surgery and co-author of two textbooks, the Atlas of Surgical Operations and the Textbook of Surgery, which are known to almost every student of surgery. In addition, he has written some 200 articles and is known for delineating the Zollinger-Ellison syndrome.

Dr. Zollinger received his pre-medical and medical degrees from Ohio State. Other universities, namely Western Reserve and Harvard, also played significant roles in his life. He took part of his surgical training in Cleveland and began his academic career at Harvard.

During World War II, he served as commanding officer of the Fifth General Hospital and later as senior consultant on general surgery of the European Theater of Operations. He rose to the rank of colonel and was awarded the Legion of Merit. In 1946, he returned to Ohio State as Professor of Surgery and became Chairman of the department in 1947.

Dr. Zollinger has brought great honor to his University. Earlier this year he was named an honorary fellow of the Royal College of Surgeons of England and also received an honorary doctorate from the University of Lyon, France. More recently he was one of three noted Ohio State faculty members who were chosen by the Ohio Board of Regents as the first Regents' Professors at any State university in Ohio.

The Board of Trustees met at its regular monthly meeting on Tuesday, September 14, 1965, at the Ohio Agricultural Research and Development Center, Wooster, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Carlton S. Dargusch, Sr., Mervin B. France, and James W. Shocknessy.

The Chairman introduced the new member of the Board of Trustees, Mr. James W. Shocknessy, who was appointed by Governor James A. Rhodes, to succeed Mr. Smith L. Rairdon, for the term beginning May 14, 1965, and expiring May 13, 1974. Mr. Shocknessy's appointment was unanimously confirmed by the Ohio Senate on July 27, 1965. Mr. Shocknessy is an eminent Columbus attorney and able Chairman of the Ohio Turnpike Commission.

Minutes of the last meeting were approved.
President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Modification of Campus Master Plan

The official campus master plan was adopted by the Board of Trustees on February 16, 1962. On four subsequent occasions it has been modified by Board action to reflect more detailed studies or to meet new conditions.

New studies have now been completed of the areas in which the proposed Humanities Center and Bioscience Center buildings will be located; a site has been selected for the proposed general college; there has been completed a more detailed study of the new Service Center west of the C & O Railroad; and additional land has been identified for meeting the physical education and recreational needs of the growing staff and student body.

These changes are shown on the attached map. The changes now proposed are consistent with the principles and concepts approved by the Board of Trustees in adopting the master plan in 1962.

It is recommended that the Board of Trustees now approve the master plan changes as depicted on the attached map, that all previous actions of the Board of Trustees with respect to the master plan and not contrary to the attached map be reaffirmed, and that a copy of the attached map be filed by the Secretary with the "Campus Master Planning Study--Phase II" report submitted December 12, 1961.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

B. Distinguished Service Award

In 1952 the Board of Trustees established the Distinguished Service Award to be given in recognition of eminent and illustrious service to The Ohio State University. The President's Cabinet, which serves as a Committee on Distinguished Service Awards, has nominated for consideration by the Board of Trustees the following-named person to receive the Distinguished Service Award at the December 17, 1965 Commencement:

Smith Lester Rairdon

Upon motion of Mr. France, seconded by Mr. Shocknessy, the above nomination for the Distinguished Service Award was approved by unanimous roll call vote.
September 14, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Naming of Building - Raney Commons

Upon the proposal of Mr. Frederick Stecker, Executive Director for University Relations, it is recommended that the commons facility to be erected in the north residence hall complex at 47 Curl Drive (temporary address 47 West Lane Avenue), now identified as Dining Facility - Northeast, be named "Raney Commons" in memory of Second Lieutenant Alice R. Raney, B.Sc. in Education, 1939, (Nursing), who died while serving in the Army Nurse Corps in World War II.

This proposal has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the Board of Trustees by a unanimous roll call vote approved the naming of the building located at 47 Curl Drive as "Raney Commons."

D. Naming of Building - Hitchcock Hall

Upon the proposal of Mr. Frederick Stecker, Executive Director for University Relations, after consultation with Dean Harold A. Bolz, College of Engineering, it is recommended that the new building being erected at 2070 Neil Avenue and presently identified as the Engineering Classroom and Laboratories Building be officially named "Hitchcock Hall" in memory of the late Professor Embury Asbury Hitchcock. Professor Hitchcock first joined the University's faculty in 1893 and served with distinction as Dean of the College of Engineering from 1920 to 1936.

This proposal has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. France, seconded by Mr. Shocknessy, the Board of Trustees by a unanimous roll call vote approved the naming of the building at 2070 Neil Avenue as "Hitchcock Hall."

E. Revision of Operating Budget for The Ohio State University for the Fiscal Year 1965-66

It is recommended that the operating budget for The Ohio State University as approved by the Board of Trustees at its June 10, 1965 meeting be increased from $11,825,700.00 to $11,925,700.00 to provide funds for the purpose of remodeling and repairing space for additional faculty offices and classrooms. Dr. Gordon B. Carson, Vice President for Business and Finance, has certified that funds are available for the above-recommended increase from student fee reserves.

Upon motion of Mr. France, seconded by Mr. Shocknessy, the increase in the operating budget for The Ohio State University for the 1965-66 fiscal year was approved by unanimous roll call vote.
I. GENERAL RECOMMENDATIONS (continued)

F. Policy on Competitive Bidding

Pursuant to the enactment of Amended House Bill No. 307 and Amended Substitute House Bill No. 200 by the 106th General Assembly of Ohio, it is hereby recommended that the Board of Trustees adopt the following principles established in this legislation and extend the language to apply to all funds administered by The Ohio State University:

1. If any order or invoice drawn against any University account is for labor, services (except services of architects, engineers, and consultants), and materials furnished, the aggregate amount of which exceeds ten thousand dollars ($10,000) or for commodities purchased, at a cost in excess of two thousand dollars ($2,000), it shall show that the same was furnished or purchased pursuant to competitive bidding and the lowest or best bidder was awarded the contract, unless the Board of Trustees shall have authorized the furnishing of such labor, services, or material or the purchase of such commodities without competitive bidding, provided, however, that the Board of Trustees shall authorize the furnishing of such labor, services, or material or the purchase of such commodities only after it has determined that an emergency exists requiring such action.

2. Whenever in the judgment of the responsible officers of the University, it seems desirable and in the interest of economy to construct or repair any building or make any other improvement by force account, plans, specifications, bills of material and estimates of cost, approved by the director of the department of public works shall be submitted to the Board of Trustees for approval and filed with the Auditor of the State.

3. The Board of Trustees may upon similar application in cases of emergency or when the interests of the University require, permit the advertisement for bids to be published once, not more than ten days or less than eight days preceding the day of the opening of the bids.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.
II. PERSONNEL CHANGES

It is recommended that all personnel changes since the July 8, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Appointments, Changes in Administrative Responsibilities, Leaves of Absence With Salary, Leaves of Absence Without Salary, and Emeritus Titles:

j. Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, for Research Directed Toward the Analysis of Global and Special Gravity Measurements (to be known as Electronic Systems Division Project No. 1613 - Sup. #5 - Department of Geodetic Science).
   Gross Value - $20,000.00.

k. Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, to Perform Research on the High Resolution Infrared Spectroscopy of Molecules (to be known as Electronic Systems Division Project No. 1619 - Mod. #4 - Department of Physics).
   Gross Value - $20,000.00.

l. National Science Foundation, Washington, D. C., for Ecology and Floristic Investigations of Antarctic Lichens (to be known as National Science Foundation Project No. 1671 - Amend. #1 - Institute of Polar Studies).
   Gross Value - $4,700.00.

   Gross Value - $310,000.00.

n. U. S. Army Biological Laboratories, Fort Detrick, Frederick, Maryland, for Investigations of the Nutritional Requirements for the Growth of Insect Tissues (to be known as U. S. Army Biological Laboratories Project No. 1684 - Mod. #4 - Department of Zoology and Entomology).
   Gross Value - $8,000.00.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

o. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Response of Splenectomized Monkeys to Infection (to be known as National Institutes of Health Project No. 1687 - Ext. #2 - Departments of Medicine and Microbiology).
   Gross Value - $26,347.00.

p. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for a Survey of Cerebrovisceral Physiology in the U.S.S.R. (to be known as National Institutes of Health Project No. 1706 - Ext. #3 - Department of Psychiatry).
   Gross Value - $30,051.00.

q. Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, for Research Directed Toward Determination of Radiative Properties and Composition of the Atmosphere (to be known as Electronic Systems Division Project No. 1758 - Mod. #3 - Department of Physics).
   Gross Value - $20,000.00.

r. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for General Research Support Program (to be known as National Institutes of Health Project No. 1775 - Revised Award 6/28/65 - College of Dentistry).
   Gross Value - $15,561.00.

s. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, for Intermittent Services for Contributive Research in Thermo-Mechanics (to be known as Systems Engineering Group, Research and Technology Division Project No. 1862 - C. O. #4 and C. O. #5 - RF Internal Supervision).
   Gross Value - $280,000.00.

t. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Hemotropic Parasite Infections Immunology (to be known as National Institutes of Health Project No. 1873 - Ext. #1 - Department of Microbiology).
   Gross Value - $18,036.00.

u. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, for an Investigation of Receptive Fields of the Mesencephalon (to be known as National Institutes of Health Project No. 1881 - Sup. #1 - School of Optometry).
   Gross Value - $1,780.00.

TOTAL - Industrial and Other Contracts $232,477.55

The foregoing sixty-seven contracts for research in cooperation with Govern-
ment, Industry, and Other represent a gross income of $3,690,341.50.

Upon motion of Mr. Davis, seconded by Mr. France, the research agreements
between The Ohio State University and The Ohio State University Research Foun-
dation for the above contracts were approved by unanimous vote.
B. The Report of the Research Contracts
from the Engineering Experiment Station

During the period from June 28, 1965 through August 26, 1965, the Engineering Experiment Station of The Ohio State University entered into the following research contracts. These research contracts are reported to the Board of Trustees for information and record.

1. Government Research Contracts

   SC-48 University Civil Defense Extension Program, Office of Civil Defense, Department of the Army, Washington, D. C.
   Gross Value - $65,300.00.

   Gross Value - $24,816.00.

   **TOTAL - Government Contracts** $90,116.00

2. Industrial Research Contracts

   EES-253 Establishment of a Base for Comparison of Surfactant
   Ext. #1 Removal by Activated Sludge, The Soap and Detergent Association, 295 Madison Avenue, New York, New York.
   Gross Value - $960.00.

   Gross Value - $4,440.00.

   **TOTAL - Industrial Research Contracts** $5,400.00

The foregoing four contracts for research in the Engineering Experiment Station represent a gross income of $95,516.00.

C. The Ohio State University and the State Department of Education, Division of Vocational Education and Division of Special Education

It is recommended that the agreements between The Ohio State University and the State Department of Education, Division of Vocational Education and Division of Special Education, be continued for the fiscal year 1965-66 and that the contracts for teacher-training and special services in the following areas be approved:
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

C. The Ohio State University and the State Department of Education, Division of Vocational Education and Division of Special Education (continued)

Vocational Home Economics
Vocational Agriculture
Trade and Industrial Education
Distributive Education

Guidance Services

It is recommended further that the President of the University and the Secretary of the Board of Trustees be authorized to sign the agreements on behalf of the University.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above recommendations were approved by unanimous roll call vote.

IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since July 8, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $211,779.00 additional grant from the Department of Health, Education, and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland 20014, to the University for "General Research Support," under the direction of Dr. Richard L. Meiling, Dean of the College of Medicine, for the period January 1, 1965 through December 31, 1965. (Grant 5 SO1 FR-5409-04)

2. $157,577.00 granted by the Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D. C. 20201, to the University for "Teaching Grant and Traineeships in Rehabilitation Medicine," under the direction of Dr. Ernest W. Johnson, Department of Physical Medicine, for the period September 1, 1965 through August 31, 1966. (Grant VRA 151-T-66)

3. $116,592.00 granted by the National Science Foundation, Washington, D. C. 20550, to the University for "Institutional Grants for Science, 1965." (GU-1426)

4. $63,647.00 granted by the Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D. C. 20201, to the University for "Teaching Grant and Traineeships in Speech Pathology and Audiology," under the direction of Dr. Bernard B. Schlanger, Department of Speech, for the period September 1, 1965 through August 31, 1966. (Grant VRA-222-T-66)
IV. GRANTS AND GIFTS (continued)

A. Administered Through the Office of Business and Finance (continued)

5. $38,476.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "Training Grant - Ophthalmology," under the direction of Dr. Torrence A. Makley, Jr., Department of Ophthalmology, for the period July 1, 1965 through June 30, 1966. (Grant 1 T1 NB 5461-01A1)

6. $38,232.00 granted by the Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D. C. 20201, to the University for "Teaching Grant and Traineeships - Sociology," under the direction of Dr. Saad Z. Nagi, Department of Sociology and Anthropology, for the period September 1, 1965 through August 31, 1966. (Grant VRA-473-T-66)

7. $28,975.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "Neurology Training Grant," under the direction of Dr. J. Norman Allen, Department of Medicine, for the period July 1, 1965 through June 30, 1966. (Grant 1 T8 NB 10,031-01)

8. $15,599.00 additional grant from the Department of Health, Education, and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland 20014, to the University for "General Research Support," under the direction of Dr. Walter R. Krill, Dean of the College of Veterinary Medicine, for the period January 1, 1965 through December 31, 1965. (Grant 5 501 FR-05463-03)

9. $8,300.00 granted by the National Science Foundation, Washington, D. C. 20550, to the University for "Alteration and Renovation of Plant Taxonomy Laboratories in the Botany and Zoology Building." (GU-1536)

TOTAL - Through the Office of Business and Finance $679,177.00

B. Received Through the Development Fund

1. $50,000.00 from the Estate of Gertrude S. Woodin--$25,000.00 for the Gertrude S. Woodin Scholarship Fund - Music and $25,000.00 for the Gertrude S. Woodin Scholarship Fund - Engineering.

2. $29,875.00 from Mrs. Orval H. Menke, 321 West Franklin Street, Troy, Ohio--$5,000.00 for the establishment of the Orval H. Menke Memorial Scholarship Fund and $24,875.00 for the Orval H. Menke Memorial Fund.

Orval H. Menke Memorial Scholarship Fund

The Orval H. Menke Memorial Scholarship Fund was established August 23, 1965, by a gift through the Development Fund from Nell W. Menke, widow of Orval H. Menke, M. E. - E. E. '12, in his memory.
September 14, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

2. Orval H. Menke Memorial Scholarship Fund (continued)

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be used for scholarships to students in the Department of Welding Engineering.

In the event the need for such scholarships should cease to exist or so diminish as to create unused income, then the income may be used as recommended by the Chairman of the Department of Welding Engineering and his staff; or in the event of a reorganization of colleges and departments within the University, as recommended by the appropriate administrative official of the University then directly responsible for welding engineering education at The Ohio State University.

Orval H. Menke Memorial Fund

The Orval H. Menke Memorial Fund was established August 23, 1965, by a gift through the Development Fund from Nell W. Menke, widow of Orval H. Menke, M.E. -E.E. '12, in his memory.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be expended on order of the Board of Trustees of The Ohio State University, upon recommendation of the Board of Directors of The Ohio State University Development Fund. The principal may also be invaded to the extent of part or all of it and expended in the same manner as provided for the use of the income.

In the use of income and/or principal, first preference would be for financial assistance to undergraduate students of high scholastic standing, but this is not obligatory.

3. $21,250.00 from Virginia Kelsey Jones (Mrs. Frederick E.) for research in medicine.

4. $20,000.00 from Samuel M. Melton for support of the "Samuel and Esther Melton Professorship of Jewish History and Studies."

5. $13,500.00 from the Estate of Jeanette G. Murphy for the establishment of the Jeanette G. Murphy Memorial Fund.

Jeanette G. Murphy Memorial Fund

The Jeanette G. Murphy Memorial Fund was established July 26, 1965, by a bequest to the Development Fund from Jeanette G. Murphy, B.Sc. in Agriculture '27.

B. Received Through the Development Fund (continued)

5. Jeanette G. Murphy Memorial Fund (continued)

   The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

   The income is to be expended on order of the Board of Trustees of The Ohio State University upon recommendation of the Board of Directors of The Ohio State University Development Fund. The principal may also be invaded to the extent of part or all of it and expended in the same manner as provided for the use of income.

6. $8,793.50 from the Trust under the Will of Anna Roessler for the Samuel J. Roessler Memorial Medical Scholarship Fund.

7. $8,400.00 from The International Nickel Company, Inc., New York, New York, for fellowships in metallurgical engineering.

8. $7,000.00 from The General Foods Fund, Inc., New York, New York, for fellowships in the School of Home Economics.

9. $4,987.50 from Edgar Dale for the Field Enterprises Educational Corporation Fund.

10. $4,400.00 from North Central Breeders Research Council, Shawano, Wisconsin, for research on cattle.

11. $3,700.00 from The Dow Chemical Company--$2,500.00 for The Dow Chemical Company Scholarship Fund in Chemical Engineering and $1,200.00 for The Dow Chemical Company Scholarship and Fellowship Fund in Chemistry.

12. $3,595.00 from Union Carbide Corporation for the Union Carbide Corporation Fellowship in Chemical Engineering.

13. $3,562.50 from the Mark L. Morris Animal Foundation for the Mark L. Morris Animal Foundation in the College of Veterinary Medicine.

14. $3,500.00 from Foundation in Refractories Education, Pittsburgh, Pennsylvania, for the purchase of equipment and support of a graduate fellowship in the Department of Ceramic Engineering.

15. $3,500.00 from Henry M. O'Neill, Sr. for the Student Athlete Grant-in-Aid Fund.

16. $3,500.00 from The Rockefeller Foundation as an unrestricted gift to the University.

17. $3,100.00 from the Stauffer Chemical Company Foundation for the Stauffer Chemical Company Fellowship in Chemistry.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

18. $3,000.00 from the Alfred P. Sloan Foundation for the Sloan Foundation Scholarship Fund.

19. $3,000.00 from Owens-Illinois Glass Company, Toledo, Ohio, for scholarships.

20. $2,800.00 from The Babcock & Wilcox Company for The Babcock & Wilcox Company Fund for Engineering.

21. $2,500.00 from The Kent Foundation for the Jacob B. Taylor Memorial Fund.

the instructors in the course in Trial Practice deem to have achieved, for the year, the most outstanding record in that course.

A 1928 graduate of the College of Law, Judge Harter became a respected and revered member of the Ohio Bar. As a Columbus practicing lawyer, he was a leader in Bar activities and in legal reform; as a Judge of the Court of Common Pleas of Franklin County, he was noted for his legal acumen and judicial integrity. Intensely interested in legal education, his part-time teaching included summer appointments as Instructor in Trial Practice in the College of Law, of which he was a distinguished alumnus. The Award is created in recognition of this especial interest of a graduate of the College of Law who personified the best in legal advocacy, judging, and teaching.

Should the course in Trial Practice be discontinued, the Award herein created is to be given for such meritorious student achievement as the Faculty of the College of Law, on recommendation of the Dean, believes will most fittingly honor the memory of Judge Harter. Should the existing College of Law be altered in any reorganization of the instructional divisions of the University, the Board of Trustees or successor governing body of the University shall direct use of the income for academic objectives within the field of law as recommended by the administrative official of the University then directly responsible for legal education at The Ohio State University.

31. $1,000.00 from William A. Hammond for the establishment of The William A. Hammond Lectureship Fund.

The William A. Hammond Lectureship Fund

The William A. Hammond Lectureship Fund was established July 26, 1965, by a gift through the Development Fund from William A. Hammond, M.A. '17 and Ph.D. '29.

The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used to provide lectures, as often as funds will permit, on the American Tradition and to provide funds for dissemination of information about the lectures and publications thereof. The committee to select the lecturers and to recommend disbursements of income shall consist of the donor, Dr. William A. Hammond, the President of the University, the Chairman of the Board of Trustees, the Dean of the Graduate School, the President of The Ohio State University Association, the Chairman of the Board of Directors of The Ohio State University Development Fund, and two faculty members to be appointed by the President of the University.

J. Gas Line and Water Line Extensions for Northeast Corner of Campus

Bids were received on April 29, 1965, for this project. Only one bid was received at this time and it was over the estimate of cost. The estimate was revised and the contract readvertised with bids to be received on May 10. No bids were received at this time. Consequently, negotiations began for quotations from contractors presently working on the campus with the following results:

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Sewer Easement - City of Columbus

The City of Columbus has requested a 20-foot easement for construction of the Oakland Avenue Storm Relief Sewer across lands held in the Investment Portfolio. The line will cross Lots Nos. 179, 180, 181, and 182 of Samuel L. Thompson, et al, Northwood Heights Subdivision, Columbus, Franklin County, Ohio. The University will have the right to use the storm sewer.
September 14, 1965 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

A. Sewer Easement - City of Columbus (continued)

It is recommended that the Vice President for Business and Finance be authorized to execute a sewer line easement with the City of Columbus on behalf of the Board of Trustees.

Upon motion of Mr. France, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

B. Gas Line Easement - Dayton Campus - Ohio Fuel Gas Company

The Ohio Fuel Gas Company has requested permission to relocate and install a new 20-inch high pressure gas transmission pipe line across lands of the Miami University - The Ohio State University Dayton Branch Campus.

It is recommended that the Vice President for Business and Finance be authorized to join with Miami University in granting a "right of entry" for this work and ultimately execute jointly with Miami University a gas line easement to the Ohio Fuel Gas Company.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

C. Gas Line Easement - Columbia Gas of Ohio, Inc.

The Columbia Gas of Ohio, Inc. has requested an easement for the construction, maintenance, and service of a gas line west of and following the alignment of Kenny Road from Ackerman Road to a point opposite the northwest corner of the new Motor Pool Garage Building. This line will provide natural gas service for the Garage Building as well as future work in the development of the Service Plaza.

It is recommended that the Vice President for Business and Finance be authorized to execute a gas line easement with The Columbia Gas of Ohio, Inc., on behalf of the Board of Trustees.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

D. Gas Line Easement - Columbia Gas of Ohio, Inc.

The Columbia Gas of Ohio, Inc. has requested an easement for the construction, maintenance, and service of a gas line from the vicinity of Buckeye Village and running west of and following the alignment of Olentangy River Road to a point south of Lane Avenue. This line will provide additional gas service for the Power Plant in connection with the new Boiler Project at the Medical Center.

It is recommended that the Vice President for Business and Finance be authorized to execute a gas line easement with The Columbia Gas of Ohio, Inc., on behalf of the Board of Trustees.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.
E. University Architect - Assignment of Projects

It is recommended that the University Architect be assigned the following projects to provide complete architectural and engineering services including preliminary drawings, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and supervision of construction:

Service Center, Phase II
Library Stacks
Food Facility, Phase III
River Union
Student Services Facility
Library Reading Room
Laboratory Animal Facility
Jones Tower
Dennis House
Stadium Dormitory Kitchen
Athletic Department Field Building Locker Room

Upon motion of Mr. France, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

F. Street Cleaning Agreement - City of Columbus

It is recommended that the following resolution be adopted:

WHEREAS, The Ohio State University is desirous of cooperating with and assisting the City of Columbus when such assistance is within its proper authority; and

WHEREAS, the City of Columbus is desirous of having the University clean and sweep streets which border the campus and have University frontage; and

WHEREAS, the University now provides its own street cleaning and sweeping service for all campus streets;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees by this action requests the City of Columbus to concur with the University in permitting such cleaning and sweeping operations on contiguous streets having University frontage and that City Council do all those things necessary to provide the University with the legal right to perform such services and to provide such police assistance as might be necessary to enable the University to allow the cleaning and sweeping to proceed in an orderly and safe manner.

Upon motion of Mr. Bricker, seconded by Mr. France, the above resolution was adopted by unanimous roll call vote.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

G. Employment of Architects

It is recommended that the following architectural firms be employed to provide complete architectural services for the projects indicated including preliminary plans, basic drawings, working drawings, specifications, estimates of cost, and necessary bidding documents:

C. Curtis Inscho and Associates  Medical - Basic Science
Tibbals, Crumley and Musson  Humanities - Little Theater
Potter, Tyler, Martin and Roth  Humanities - Language
Kellam & Foley  General College
A. M. Kinney Associates  Biological Sciences
Brooks and Coddington  West Union
Louis F. Karlsberger and Associates  Student Health Facility
Edwards and Burris  Marion Campus
Strong, Strong and Strong  Lima Campus - Phase II

The employment of these architects is subject to the approval of the Director of Public Works, State of Ohio, and the release of funds by the State Controlling Board. The fees for their services will be calculated on the standard fee basis as established by the Director of Public Works.

Funds will be provided from accounts established in H. B. 202, H. B. 949, and other University accounts.

Upon motion of Mr. Shocknessy, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

H. Employment of Engineers - Food Facility, Phase III

It is recommended that the engineering firm of H. A. Williams be employed to provide complete professional engineering services for heating and ventilating, refrigeration, plumbing, and electrical work for the above project, including design, preparation of drawings, specifications and estimate of cost, and complete field supervision of construction.

The fee for this service will be computed at the hourly rate of $10.00 per hour for engineers and $6.00 per hour for draftsmen with a maximum fee of $16,000.00. Funds will be provided from Budget Account 920600.

Upon motion of Mr. France, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

J. Purchase of Buildings and Property, 107 West Eleventh Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Quinn Properties, Inc. at a price of $19,000.00:

Property known as 107 West 11th Avenue, being Lot #4, John A. Evan's College View Addition, City of Columbus, County of Franklin, State of Ohio.

Funds are available in Budget Account 920600.

Upon motion of Mr. Davis, seconded by Mr. Shocknessy, the above recommendation was approved by unanimous roll call vote.
It is recommended that the following resolution be adopted:

WHEREAS, on October 9, 1964, the Board of Trustees passed an enabling resolution directing the appropriate University officers, under the leadership of the President, to proceed vigorously with the steps necessary for the undertaking and completion of the Center for Tomorrow project; and

WHEREAS, studies have been underway, plans have reached the preliminary stage, and the project is now ready for the final stages; and

WHEREAS, in furtherance of this purpose, the Board of Trustees of The Ohio State University hereby determines that it is in the interest of the University to obtain the services of Squire, Sanders & Dempsey in connection with a proposed issue of Continuing Education Center Revenue Bonds and any additional bonds issued on a parity thereto;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees that the President and the Vice President for Business and Finance and each of them be authorized to request the Attorney General of the State of Ohio to designate Squire, Sanders & Dempsey as Special Counsel to the University, on the terms set forth in the Form of Designation presented to and filed and recorded (see Appendix II, page 177) with the records of this meeting; and be it

RESOLVED further that the officers of the University as designated proceed as soon as practicable to sell bonds in amounts as are required by the total funding plan for this project; such bonds to be sold within the framework of the University's previously approved bonding procedures and with the advice and counsel of Squire, Sanders & Dempsey; and be it

RESOLVED further that the architectural firm of Lorenz and Williams, Dayton, Ohio, be provided with a supplemental contract to complete architectural and engineering services for this project including basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and supervision of construction, at a fee based on the Board action of September 11, 1964.

Upon motion of Mr. Bricker, seconded by Mr. Shocknessy, the above resolution was adopted by unanimous roll call vote.

L. Student Facilities

It is recommended that the following resolution be adopted:

WHEREAS, the Board of Trustees, in furtherance of its aim to provide adequate and efficient facilities for students, has determined that the following projects should be implemented:

1. Student Health Facility
2. Student Services Facility
3. River Union
4. General College Union;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees that the President and through him the Vice President for Business and Finance be directed to establish a suitable financing plan to fund the above projects in the shortest practicable time and to proceed with the implementation of the projects in accordance with regularly established University procedures; and be it

RESOLVED further, that in the event it becomes necessary for the University to sell Revenue Bonds on the bond market and to employ Bond Counsel for this purpose, the President and Vice President for Business and Finance and each of them be authorized to request the Attorney General of the State of Ohio to designate Squire, Sanders & Dempsey as Special Counsel to the University in connection with the proposed issue of Student Facilities Bonds, and any additional bonds issued on a parity thereto, on the terms set forth in the Form of Designation presented to and filed and recorded (see Appendix III, page 181) with the records of this meeting; and be it

RESOLVED further, that should it be determined by the President and the Vice President for Business and Finance that it is in the best interest of the University to sell Revenue Bonds, designated Student Facilities Revenue Bonds, within the framework of the University's previously approved bonding procedures and with the advice and counsel of Squire, Sanders & Dempsey, the aforementioned officials are authorized to proceed with the implementation of said bond indenture.

Upon motion of Mr. Davis, seconded by Mr. France, the above resolution was adopted by unanimous roll call vote.

M. Hospital Food Facility Project - Authorization to Proceed

It is recommended that the following resolution be adopted:

WHEREAS, the University desires to utilize the maximum amount of State capital improvements funds for matching purposes to qualify for Federal money for Hospital capital improvements; and

WHEREAS, matching money from the Federal Government appears less available for food services not directly related to instruction and research; and

WHEREAS, such facilities can be provided through the sale of self-liquidating bonds hereafter to be designated as The Ohio State University Hospital Revenue Bonds, the liquidation of which would be paid from non-tax Hospital revenues;

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of The Ohio State University hereby determines that it is in the interest of the University to obtain the services of Squire, Sanders & Dempsey in connection with the proposed issue of The Ohio State University Hospital Revenue Bonds and accordingly the President and Vice President for Business and Finance and each of them are authorized to request the Attorney General of the State of Ohio to designate Squire, Sanders & Dempsey as Special Counsel to the University on the terms set forth in the Form of Designation presented to and filed and recorded (see Appendix IV, page 185) with the records of this meeting; and be it

FURTHER RESOLVED, that the aforementioned University officials shall establish the timing of this project to coordinate with the construction of the planned additions to the Medical Center.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above resolution was adopted by unanimous roll call vote.

N. Parking Ramps

It is recommended that the following resolution be adopted:

WHEREAS, on July 17, 1964, the Board of Trustees approved in principle the report submitted by Wilbur Smith and Associates entitled "Initial Parking Program and Related Traffic at The Ohio State University," dated June 15, 1964; and

WHEREAS, since that time, developments in the Medical Center make it appear wise not to proceed with the Medical Parking Ramp as the initial parking structure supported by parking revenue bonds; and
WHEREAS, because of the delay in the determination of the requirements in the Medical Center pending the availability of Federal funds and the establishment of an approved plan of action for the area, it is determined advisable to proceed first with the Ohio Union Parking Ramp and concurrently as soon thereafter as possible with the Arps Hall Parking Ramp;

NOW, THEREFORE, BE IT RESOLVED that the actions of the Board of Trustees of July 17, 1964, be amended to indicate this change in the program.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above resolution was adopted by unanimous roll call vote.

Special Policeman Commission

At the request of the Vice President for Business and Finance, it is recommended that Gary Wayne Van Vorst be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of the State of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees require Mr. Van Vorst, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio, in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

Marion Campus

It is recommended that the following resolution be adopted:

WHEREAS, on September 11, 1965, Mr. Edwin L. Mitchell, President of the Marion Area College Foundation, Inc., presented an appraisal report from Mr. Roy F. Boyd, M.A.I., Columbus, Ohio, indicating the fair market value of the property to be donated to The Ohio State University for the Marion Campus of $622,000.00; and

WHEREAS, it is the intention of the Marion Area College Foundation to present this property to the University with a clear title satisfactory to the Attorney General and the Director of Public Works of the State of Ohio; and

WHEREAS, the Board of Regents' rules require a determination of the value of donations of each local community acquiring a branch;

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees accepts as evidence of value the appraisal report presented herewith and filed with the records of this meeting and determines that subject to the limitations mentioned above the value of the property donated is $622,000.00; and
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

P. Marion Campus (continued)

BE IT FURTHER RESOLVED that any additional donations made by the Marion Area College Foundation be added to this figure in the determination of the State allocation to be made in accordance with the Board of Regents' rule pertaining thereto.

Upon motion of Mr. France, seconded by Mr. Shocknessy, the above resolution was adopted by unanimous roll call vote.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Earl William Anderson, Professor in the School of Education, and Chester C. Lang, Professor Emeritus in the Cooperative Extension Service. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. Earl William Anderson

The Board of Trustees expresses its sorrow at the death on July 21, 1965, of Earl William Anderson, Professor in the School of Education.

Dr. Anderson was born on March 13, 1897, in Charleston, Illinois. He received his A.B. degree from the University of Illinois in 1918, his M.A. degree from Teachers College, Columbia University, in 1925, and his Ph.D. degree from the same institution in 1926. His professional career began with an appointment to the State of Ohio Department of Education as a high school supervisor. He became identified with The Ohio State University as an Associate Professor in 1927, rose to Professor in 1933, and eventually served the College of Education as Chairman of the Department of Education from 1956 to 1962.

Professor Anderson's specialization was in the fields of higher education and teacher education. He was president of the Association for Higher Education in 1951 and served on its executive committee in several capacities. In 1937 he was elected president of the National Institute of Teacher Placement. He was active in local and state professional organizations and served as president of the Ohio Council on Education in 1950. In the same year he was awarded an honorary degree of Doctor of Pedagogy from Eastern Illinois State College.

Dr. Anderson has made a significant contribution to teacher education and higher education through his writings, contributions to yearbooks and special reports, and professional articles. He has served in a consultant capacity to state boards of higher education in several states, as a consultant to colleges seeking accreditation, and made survey studies of higher education in

several states. His broad interest in faculty and professional affairs included service to many commissions and committees, including the Faculty Council, the Conference Committee, AAUP, and other University groups.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

B. Chester C. Lang

The Board of Trustees expresses its sorrow at the death on August 21, 1965, of Chester C. Lang, Professor Emeritus in the Cooperative Extension Service.

Mr. Lang was born at Woodsfield, Ohio, November 16, 1895. From 1915 to 1916 he was a rural school teacher; he served in the United States Army from 1917 to 1918, after which he enrolled in the College of Agriculture and Home Economics at The Ohio State University. Upon graduation in 1922, he became County 4-H Club Agent in Wood County. Two years later he was named Assistant State Club Leader, a position he held until he was promoted to State Club Leader, April 1, 1951. He attended Cornell University for graduate work in 1928 and 1929.

On March 8, 1953, Mr. Lang left Ohio to become a member of the 4-H Club staff of the Federal Extension Service in Washington, where he provided national leadership in 4-H and other youth work. After his retirement from the Federal position, he served as a consultant on agricultural extension work in Colombia and Panama. For the last two years he was a member of the staff of the Inter-American Institute of Agricultural Sciences in Turrialba, Costa Rica.

Mr. Lang well represented the philosophy, enthusiasm, and dedication of Extension faculty members as he spent his professional career in service to others. He was a quiet worker and a wise counselor to the many Ohioans who sought his help, particularly the residents of the southeastern Ohio counties where he was assigned during his tenure as Assistant State Club Leader. Mr. Lang was especially interested in the development of local leadership. He worked closely with the faculty of the College of Education in defining the educational aims, objectives, and philosophies pertaining to youth work so that the Ohio 4-H Club program would be maintained on a sound basis.

Through his quiet leadership, wise counsel, and inspiration to other professional staff members as well as to the clientele of the Cooperative Extension Service, Mr. Lang contributed significantly to the development of Extension education in the State of Ohio and thereby brought recognition to The Ohio State University.
XI. RESOLUTIONS IN MEMORIAM (continued)

B. Chester C. Lang (continued)

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Report on Action Taken by the Ohio Board of Regents at Its Meeting Held July 16, 1965

It is reported for information and the record that the Ohio Board of Regents at its regular meeting on July 16, 1965

(1) approved the new degree program for awarding the degree Master of Architecture to be granted by The Ohio State University (authorized by Board of Trustees at its March 11, 1965 meeting, subject to the approval of the Board of Regents); and

(2) awarded The Ohio State University three Regents' Professorships for 1965-67 on behalf of Professor Melvin Newman, Department of Chemistry and member of the National Academy of Sciences; Professor Melville Wolfram, Department of Chemistry and member of the National Academy of Sciences; and Professor Robert M. Zollinger, Department of Surgery, former president of the American College of Surgeons, and editor-in-chief of the American Journal of Surgery.

Upon motion of Mr. Shocknessy, seconded by Mr. Bricker, the Secretary was instructed to include the above report in the minutes of this meeting.

B. Reports from the Finance and Investment Committee

1. Purchase of Property - University Airport

Mr. Allyn, Chairman of the Finance and Investment Committee, presented the following recommendation and moved that it be approved:

On December 10, 1964, the Board of Trustees approved a report from the Finance and Investment Committee. This report included a recommendation that an amount not to exceed $750,000.00 be invested in certain real property in the University Airport area with the understanding that specific actions for purchase of certain said property be submitted to the Board of Trustees for final approval.
September 14, 1965 meeting, Board of Trustees

XII. REPORTS (continued)

B. Reports from the Finance and Investment Committee (continued)

1. Purchase of Property - University Airport (continued)

In accordance with this action, it is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of approximately 17 acres of land from Cora E. Quellette at a price of $2,500.00 per acre. This property is located adjacent to the west end of University Airport and is contiguous to other investment land holdings in this area.

Funds will be provided for this purchase from the Investment Portfolio and the property will be held in the name of the Board of Trustees of The Ohio State University.

Following a second of Mr. Allyn's motion by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

2. Purchase of Property - 6.4 Acres on Kenny Road

Mr. Allyn, Chairman of the Finance and Investment Committee, presented the following recommendation and moved that it be approved:

The Board of Trustees currently owns two parcels of real estate on Kinnear Road, commonly known as 930 and 980 Kinnear Road. A 6.4 acre parcel of land contiguous to these two parcels on the north and adjacent to the south side of other University lands is available for acquisition. Said parcel has 295 feet of frontage on Kenny Road.

In order to provide space for expansion of the Board's investment activity in this area, it is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of this parcel of land from Herrick L. Johnston at a price of $152,500.00.

Funds will be provided for this purchase from the Investment Portfolio and the property will be held in the name of the Board of Trustees of The Ohio State University.

Following a second of Mr. Allyn's motion by Mr. Shocknessy, the above recommendation was approved by unanimous roll call vote.

3. Appropriations for University Administrative Officials

On behalf of the Finance and Investment Committee of the Board of Trustees, Mr. Stanley C. Allyn moved that the amounts to be appropriated from the unrestricted interest on endowment funds in the University Treasury to the principal administrative officers of the University for the purpose of carrying out their administrative responsibilities during the fiscal year 1965-66 be on the same basis as the appropriations for 1964-65: (1) to the President, $7,500.00; (2) to each of the persons in the following Cabinet offices, $1,000.00 - Vice President for Academic Affairs and Dean of Faculties; Vice President for Business and Finance;

The above motion was seconded by Mr. Dargusch, Sr. and approved by unanimous roll call vote.

4. Interim Financing - Drackett Tower

Mr. Allyn, Chairman of the Finance and Investment Committee, moved that the following resolution providing for $3,000,000 in financing for the purpose of constructing and equipping Drackett Tower (Dormitory Building No. 12) be adopted:

RESOLUTION providing for the issuance of $3,000,000 Dormitory Revenue Notes, Series 1965, for the purpose of refunding a like principal amount of Dormitory Revenue Notes, dated September 16, 1963, issued for the purpose of constructing and equipping a dormitory building known as Dormitory Building No. 12 and also known as Drackett Tower.

WHEREAS, pursuant to resolution duly adopted by the Board of Trustees on September 14, 1963, the University has, pursuant to Section 3345.07 of the Revised Code of Ohio, issued and there are outstanding $3,000,000 principal amount of The Ohio State University Dormitory Revenue Notes, dated as of September 16, 1963, bearing interest at the rate of 2-3/4% per annum, payable March 15, 1964 and semi-annually thereafter, maturing on September 15, 1965, and having been issued for the purpose of constructing and equipping a new dormitory building known as Dormitory Building No. 12 and also known as Drackett Tower, being a part of the North Campus dormitory and dining hall complex; and

WHEREAS, this Board of Trustees did by resolution duly adopted September 13, 1963 authorize the issuance of $3,000,000 Dormitory Revenue Bonds, Series I, of the University as the permanent financing for such Drackett Tower, which Series I Bonds have not yet been issued; and

WHEREAS, by resolutions duly adopted March 11, 1965 this Board did duly authorize the issuance of $11,000,000 Dormitory Revenue Bonds, Series J, of the University to construct and equip Jones and Taylor Towers and Archer, Dennis, Houck and Nosker Houses, and Northeast Dining Facility, being the balance of the dormitories and dining halls of

the North Campus complex to be financed by revenue bonds, and did on March 11, 1965 and April 8, 1965 duly adopt and amend a resolution providing for interim construction financing pursuant to which the University has duly issued and there now are outstanding $11,000,000 Dormitory Revenue Notes of 1965, dated as of March 15, 1965, bearing interest at the rate of 2.65% per annum payable September 15, 1965 and semi-annually thereafter, and maturing on September 15, 1966;

WHEREAS, it is hereby determined that the best interests of the University would be served by converting the aforesaid interim financing to permanent financing by a single issue of bonds to be issued in 1966 for the financing of all of the aforesaid buildings in the North Campus complex, and that for such purpose it is necessary to issue the below authorized notes to refund the aforesaid $3,000,000 Dormitory Revenue Notes which mature September 15, 1965;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University:

Section 1. It is hereby determined and declared that it is necessary to issue and there shall be issued, pursuant to Section 3345.07 of the Revised Code of Ohio, The Ohio State University Dormitory Revenue Notes, Series 1965, in the aggregate principal amount of $3,000,000 for the purpose of refunding the presently outstanding $3,000,000 principal amount of The Ohio State University Dormitory Revenue Notes dated as of September 16, 1963.

Section 2. Said notes shall be issued as bearer coupon notes, or in fully registered form without coupons, as requested by the Original Purchaser, shall be dated as of September 15, 1965, shall mature on September 15, 1966, shall bear interest payable at maturity or semi-annually, as shall be determined by the Fiscal Officer in his Certificate of Award referred to in Section 3 hereof, at a rate not exceeding three per centum per annum as determined in such Certificate of Award, shall be in denominations of $10,000 or any multiples thereof, shall be numbered as determined by the Fiscal Officer, and shall be executed by the Executive Officer and by the Fiscal Officer, provided that one such signature may be a facsimile, shall have the seal of the University impressed thereon, or a facsimile of said seal imprinted thereon, and the coupons, if any, pertaining thereto shall be signed by or bear the facsimile signature of the Fiscal Officer. The definitive notes shall be substantially in the forms attached hereto as Appendix V, page 189, and Appendix VI, page 193, the terms and covenants of which are incorporated herein, with such changes therein, not substantially adverse to the University, as the officers executing same and the Original Purchaser may agree upon, provided that the entire issue may be represented by a single note if so agreed.

4. Interim Financing - Drackett Tower (continued)

If agreeable to the Original Purchaser, prior to delivery of the definitive notes, said notes may be delivered as one or more temporary manuscript notes to be surrendered to the University at the principal office of the Paying Agent when the University shall notify the holder thereof that the definitive notes are available.

Both the principal of and the interest on all coupon notes shall be payable at the principal office of the Paying Agent. Payment of the interest on coupon notes shall be made only upon presentation and surrender of the coupons representing such interest as the same respectively fall due. The principal of all registered notes shall be payable at the principal office of the Paying Agent and payment of the interest on registered notes without coupons shall be made on each interest payment date to the person appearing on the registration books of the University hereinafter provided for as the registered owner thereof, by check or draft mailed by the Paying Agent to such registered owner at his address as it appears on such registration books.

The University shall cause books to be kept by the Paying Agent as note registrar for the registration and transfer of notes as provided in this Resolution.

Title to any coupon note and to any interest coupon shall pass by delivery in the same manner as a negotiable instrument payable to bearer. Any registered note without coupons may be transferred only upon the books kept for the registration and transfer of such notes, upon surrender thereof together with an assignment duly executed by the registered owner or his attorney in such form as shall be satisfactory to the Paying Agent. Upon the transfer of any such registered note the University shall execute in the name of the transferee and deliver a new registered note or notes, without coupons, of any denomination or denominations authorized by this Resolution, in aggregate principal amount equal to the principal amount of such registered note, of the same maturity, and bearing interest at the same rate.

Except as otherwise provided in this Resolution, the University and the Paying Agent may make a charge for every such transfer of notes sufficient to reimburse them for any tax, fee or other governmental charge required to be paid with respect to such transfer, and in addition may charge a sum sufficient to reimburse them for all costs and expenses incurred in connection with such transfer, and such charge or charges shall be paid before any such new note shall be delivered. Neither the University nor the Paying Agent shall be required to transfer any note or notes during the ten (10) days next preceding an interest payment date on the notes.

4. Interim Financing - Drackett Tower (continued)

As to any registered note without coupons, the person in whose name the same is registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of or on account of the principal of any such note and the interest on any such registered note without coupons shall be made only to or upon the order of the registered owner thereof or his legal representative, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such note, including the interest thereon to the extent of the sum or sums so paid. The University, and the Paying Agent may deem and treat the bearer of any coupon notes and the bearer of any coupon appertaining to any coupon note, as the absolute owner of such note or coupon, as the case may be, whether such note or coupon shall be overdue or not, for the purpose of receiving payment thereof and for all other purposes whatsoever, and neither the University nor the Paying Agent shall be affected by any notice to the contrary.

The principal of and interest on said notes shall be payable solely from (a) the revenues of the Dormitory Facilities, as defined in the Trust Agreement between the University and The Ohio National Bank of Columbus, dated as of April 15, 1957, as supplemented by First through Fifth Supplemental Trust Agreements, after providing only for the reasonable and proper expenses of operation and maintenance thereof and all payments required from time to time to be made into the Special Funds created under such Trust Agreement, as supplemented, and (b) the proceeds of the sale of dormitory revenue bonds or notes of the University to be issued pursuant to Section 3345.07 of the Revised Code of Ohio to refund said notes; and neither the State of Ohio nor the University or its Board of Trustees shall be obligated to pay the same from any other funds or source, nor shall such notes be a claim upon or lien against any other property of the University or the State of Ohio, and said notes are not general obligations of the State or the University, and the full faith and credit thereof are not pledged thereto and the noteholders shall have no right to have any taxes levied, collected or applied for or to the payment thereof.

For the purposes of this resolution, "Paying Agent" shall mean a bank or trust company with its principal office in Ohio designated by the Original Purchaser as the paying agent hereunder and approved by the Fiscal Officer; "Executive Officer" shall mean the Chairman of the Board of Trustees or the President of the University; and "Fiscal Officer" shall mean the Vice President, Business and Finance, or the Assistant Treasurer of the University.

Section 3. The notes shall be sold by negotiation, solicitation of proposals or advertisement for bids, by the Fiscal Officer upon such terms and conditions, not inconsistent with this resolution, as he may determine, but at a purchase price of not less than par plus accrued interest, if any, and at an interest rate of not exceeding three per centum per annum. John W. Bricker
President Fawcett presented the following statement and recommendation:

At the July 8, 1965, meeting of this Board I submitted a recommendation in support of a new speakers' rule to be substituted for our present Rule 21.09. This rule had been submitted by the Faculty Advisory Committee and had the support of the Faculty Council and members of the President's Cabinet. Additionally, certain revisions in Rules 21.01, 53.01, 53.09, and 61.05, as submitted by the Faculty Advisory Committee, were recommended. These changes in our rules were not adopted, and in accordance with the existing rules I continued my work with the Committee as I stated I would.

After a careful evaluation of the document presented in July, it is noted there are three changes in the proposed new rules in the new draft which has been distributed to each member of the Board with the unanimous approval of the Faculty Advisory Committee. First, in the first line of Section 2 of Rule 21.09 the word recognized has been added; second, in the fourth line of Section 3 of Rule 21.09 the last word in the fourth line has been changed from ~ to shall; and, third, in Rule 61.05 the last paragraph under Section 2 has been added. (See pages 170-175 of these minutes.)

These changes are designed to emphasize the need for orderly procedures at meetings for which the University makes some provision for the facilities. I believe that the aforementioned rules are now in order for your consideration, and I recommend their approval. A favorable vote on these mentioned rules will clarify our position, place the University on a comparable basis with other distinguished institutions on this subject, and strengthen the University as it continues to strive for excellence. Personally, I believe this recommendation is in the long-range, best interest of the University and, therefore, without repeating my formal recommendation made to you in detail on July 8, 1965, such recommendation is now renewed.

Mr. Stanley C. Allyn presented the following resolution and moved its adoption:

RESOLVED, that Rules for the University Faculty numbered 21.09, 21.01, 53.01, 53.09, and 61.05 be repealed and of no further force and effect as of October 1, 1965.

BE IT FURTHER RESOLVED, coincident with the repeal, that the language proposed by the Faculty Advisory Committee to the President and Board of Trustees as attached hereto (see pages 170-175 of the minutes of this meeting) and made a part of this resolution shall then constitute new Rules 21.09, 21.01, 53.01, 53.09, and 61.05 to be in force and effect as of October 1, 1965.

Mr. Jacob E. Davis seconded the motion that the above resolution be adopted.

XII. REPORTS (continued)

D. Revision of "Guest Speakers" Faculty Rule 21.09 and Faculty Rules Related Thereto - 21.01, 53.01, 53.09, and 61.05 (continued)

In response to Mr. Shocknessy's request for an explanation of those sections of the rules where changes between rules proposed in the revised document and rules rejected at the July 8, 1965 meeting, President Fawcett explained: "The rules proposed this morning will permit a recognized student organization to invite speakers to the University without prior approval except that of the organization's faculty adviser, thus providing more control by the University. The rules make clear that student organizations which are not fully recognized and qualified under University rules may not invite speakers or reserve facilities for meetings unless recognized authorization is given. Also, Section 3 of Rule 21.09 as revised now provides for certain procedures which must be followed when the appearance of a speaker is attended by extreme emotional feeling.''

At the Chairman's request, Section 3 of Rule 21.09 was read. Mr. Shocknessy made the observation that the change from the optional to mandatory character of Section 3 is especially significant.

Mr. Bricker then commented as follows:

I think the rules as revised are a decided improvement over those that were submitted in July, but even with the changes contemplated there will be continuing confusion. I am opposed to passing on any speakers' rule at this time; because, first, the Attorney General of Ohio requested that we not do so until the case before the Federal Court has been decided; second, I do not think the proposed rules should be passed with two trustees absent; and, third, I have expressed my personal beliefs several times regarding the appearance of subversive groups or communist agents on the University campus and I hold firm to these beliefs. These minority groups are not interested in education but rather in using the campus for propaganda and their own special interest. There is an element of civil disobedience not only threatened but also active on the campus, and I am opposed to the Board of Trustees taking any action that might be interpreted as giving in to those who disregard law and order.

The Chairman, Mr. Loop, stated that all members of the Board were informed at the time of the July 8 meeting that the next meeting would be held in Wooster today.

The Chairman called for a roll call vote on the motion to adopt the proposed new Faculty Rules 21.09, 21.01, 53.01, 53.09, and 61.05. Messrs. Allyn, Davis, Shocknessy, and Loop voted affirmatively on the motion; and Messrs. Bricker, Dargusch, and France voted negatively. The Chairman ruled the motion passed.

Before voting, Mr. Shocknessy stated: "It is regrettable that two members of this Board are absent when reconsideration of the July 8 action is proposed. However, my convictions being what they are, and the matter having been placed before us, I have no choice but to vote for the resolution."

169
D. Revision of "Guest Speakers" Faculty Rule 21.09 and Faculty Rules Related Thereto - 21.01, 53.01, 53.09, and 61.05 (continued)

The newly adopted Faculty Rules are as follows:

21.09. Guest Speakers

Section 1. It is the policy of the University to foster a spirit of free inquiry and to encourage the timely discussion of the broad range of issues which concern our nation, provided that the views expressed are stated openly and are subject to critical evaluation. Within our prevailing standards of decency and honesty, this policy shall be construed to mean that no topic or issue is too controversial for intelligent discussion on the campus. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which change is accomplished by peaceful, democratic means.

Section 2. To this end, a recognized student organization, after consultation with and prior approval of its faculty adviser, may invite guest speakers to the campus to address meetings (see Rule 61.05, Section 3), subject only to the following provisions:

(a) Sponsorship must be by a recognized student organization.

(b) Arrangements for the use of University facilities must be made in accordance with Rules 53.09 and 61.05.

(c) It must be made clear that the student organization, not the University, is extending the invitation and that any views the speaker may express are his own and not those of the University.

(d) The student organization must take whatever steps are necessary to insure that the meeting is conducted in an orderly manner.

(e) The student organization must provide means for critical evaluation of the speaker's view, which must include as a minimum, an open question period following the speaker's presentation.

(f) The student organization must comply with any and all conditions for the orderly and scholarly conduct of the meeting as prescribed by the Faculty Advisory Committee to the President and the Board of Trustees in accordance with Section 3 of this Rule.

*Rule initiated by Board of Trustees.*
D. Revision of "Guest Speakers" Faculty Rule 21.09 and Faculty Rules Related Thereto - 21.01, 53.01, 53.09, and 61.05 (continued)

Section 3. In a situation attended by extreme emotional feeling, the Faculty Advisory Committee to the President and the Board of Trustees shall prescribe conditions for the orderly and scholarly conduct of the meeting but may not select the speaker or topic. Such conditions shall include, but are not necessarily limited to: designating a member of the tenured University Faculty as chairman; limiting attendance to students, faculty, and staff; requiring the inclusion of one or more additional speakers at the meeting in question or at a subsequent meeting so that other points of view may be expressed; or requiring a debate format in which the speaker debates with a qualified opponent.

The Committee shall function on its own initiative or at the request of any of the following: the sponsoring student organization, its Faculty Adviser, the Faculty Council, the Council on Student Affairs, the President of the University or his designated representative.

Section 4. A speaker invited by a student organization must not advocate action or urge the audience to take action which is illegal under the laws of the United States, the State of Ohio, or which is prohibited by the rules of the University. It is the responsibility of the student organization to inform speakers in writing of this prohibition.

Section 5. The maximum penalties to be assessed against a student organization for a failure to observe the provisions of Section 2 or for sponsoring a speaker who violates the prohibition of Section 4 of this rule shall be (a) for a single violation (including, as a single violation, multiple violations relating to the same meeting) in any academic year, suspension of the right of the student organization to invite a guest speaker to the campus for a twelve months' period and (b) for more than one violation in any academic year, termination of the student organization's recognized status. Charges that a student organization has violated this rule shall be investigated through a hearing before the Council on Student Affairs, at which the rights of representation, submission of evidence, and the introduction of witnesses shall be granted, and a permanent record be kept if the student organization undertakes to pay the costs of such record. The Council on Student Affairs shall make findings of fact and such recommendations as it may deem appropriate and submit these to the President, who shall have final authority to determine whether the charges have been sustained and to impose appropriate penalty.

*Rule initiated by Board of Trustees.

D. Revision of "Guest Speakers" Faculty Rule 21.09 and Faculty Rules Related Thereto - 21.01, 53.01, 53.09, and 61.05 (continued)

21.09. Guest Speakers (continued)

Students, either as individuals or as members of recognized student organizations, who act in violation of the provisions of this rule shall be subject to the disciplinary procedures and actions outlined in Rule 51.01 and in Section 1 of the Student Handbook of Rules and Regulations, "General Regulations for all Students--Administration of Conduct and Discipline."

Section 6. Faculty and others entitled to sponsor a meeting involving the use of University facilities (see Rule 61.05) shall observe this rule.

21.01. Academic Freedom and Responsibility

Section 1. The Ohio State University favors the fullest academic freedom consistent with its educational program and with national security. It believes that steadfast adherence to the principles of free discussion and investigation, with correlative responsibility, is the cornerstone of such an institution in a free society; that the continued strength of the educational process depends upon an unqualified dedication to our traditional freedoms and the preservation of the moral and intellectual integrity of the teacher. In the United States, in contrast to much of the world where doctrinaire propaganda, officially stated and enforced, is substituted for freedom of individual thought and expression, the molding of the lives of young people outside the family circle is largely entrusted to the church and the school, and this University holds inviolate the essential rights of the teacher. Honesty and objectivity, however, must always be cardinal principles in teaching, and only those who are free in conscience have the right to teach in a university which is founded upon the principle of intellectual integrity.

Section 2. A teacher, regardless of tenure in The Ohio State University, is entitled to freedom of research and publication, of classroom discussion of all matters relevant to the subject matter of his course, and of expression of opinion as a citizen, subject to the obligation to be accurate and to exercise appropriate restraint in accordance with the standards of his learned profession.

XII. REPORTS (continued)

D. Revision of 'Guest Speakers' Faculty Rule 21.09 and Faculty Rules Related Thereto - 21.01, 53.01, 53.09, and 61.05 (continued)

21.01. Academic Freedom and Responsibility* (continued)

The teacher's privileges imply correlative responsibilities. In addition to maintaining those standards of competence set forth as minima for his rank, and particularly those relating to scholarship and teaching ability, the teacher also has the obligation to maintain the proper attitude of objectivity, conscientious industry and cooperation with his associates and the University. Further, he has the responsibility to refrain from introducing into his teaching controversial matter unrelated to his subject; and in making public statements, he has the responsibility to make it clear that he is not an institutional spokesman.

53.01. Organized Activities*

The Executive Dean for Student Relations shall promulgate rules governing all organized activities (including social functions) which are University connected and in which students or the wives of students participate.

These rules shall include a requirement that each recognized organization shall have an Adviser, selected by the student organization from members of the tenured University Faculty. Exceptions to the requirement that the Adviser be a tenured member of the University Faculty may be made by the Council on Student Affairs. The Adviser in accepting the appointment, agrees to maintain contact with the organization so as to be familiar with its program and personnel. In addition, the Adviser shall be responsible for advising the organization as to its program and personnel, having in mind not only the objectives of the particular group but also the purposes of the University, one of which is to foster a spirit of free inquiry in a setting which provides for open-minded, objective, and critical evaluation of the ideas expressed.

-- o --

53.09. Student Use of University Buildings*

Section 1. University facilities assigned to a student organization shall be used only for the usual activities of such student organization. If a student organization desires to use University facilities, which facilities have been assigned to the organization, for purposes other than its usual activities, it shall request permission for such use from the Executive Dean for Admissions and Registrations in accordance with Rule 61.05.

53.09. Student Use of University Buildings* (continued)

Section 2. No student, group of students, or student organization may announce a meeting involving the use of University facilities or use University facilities for a meeting, unless permission for such use has been obtained from the Executive Dean for Admissions and Registrations in accordance with Rule 61.03.

61.05. University Facilities*

Section 1. University facilities may be scheduled and used only if the meeting is sponsored by at least one of the following:

(a) the University,
(b) an administrative unit of the University, 1
(c) the President or a member of his Cabinet,
(d) a member of the University Faculty,
(e) a club or committee of University Faculty members, University staff members, or their wives, or
(f) a recognized student organization (see Rule 53.01).

Unrecognized student organizations are not eligible to reserve University facilities for meetings or for other purposes nor shall University facilities be reserved for the use of unrecognized student organizations by those listed in subsections (a) through (f) of this Section.

Section 2. The Executive Dean for Admissions and Registrations shall be responsible for the scheduling of and shall have the necessary authority to schedule all University facilities. (See Rule 11.1107.) No meeting shall be scheduled in or announced for any University facility unless permission to use the facility has been obtained in advance from the Executive Dean for Admissions and Registrations. All requests for the use of University facilities shall indicate the nature of the proposed meeting. If the proposed meeting is one to which a guest speaker is to be invited, the request for the use of University facilities shall indicate the name of the guest speaker and shall be submitted to the Executive Dean for Admissions and Registrations at least two weeks prior to the date the meeting is to be held, but such two-week period may be waived by the Executive Dean for Admissions and Registrations.

(a) regularly scheduled University courses,
(b) conferences approved under University procedures, and
(c) meetings of state, regional, national, or international organizations approved under University procedures.

Section 4. The responsibility and authority of the Executive Dean for Admissions and Registrations under this Rule may be delegated by him to a member of the University Faculty or of the staff of this University.

E. Administrative Reports

In a report to the Board of Trustees, President Fawcett emphasized some of the new dimensions in the University's development. Following the President's statement, each member of the President's Cabinet reported briefly on his area of administrative responsibility. It was agreed that time should be provided at subsequent meetings of the Board for reports in depth on the various administrative areas of the University.

The annual Financial Report of The Ohio State University and the Financial Report of The Ohio State University Endowment Funds for the fiscal year ending June 30, 1965, were reviewed briefly by Vice President Carson and he was instructed to mail a copy of each report to members of the Board of Trustees. The Chairman instructed the Secretary to file a copy of each of the above financial reports with the official documents of the Board of Trustees.
September 14, 1965 meeting, Board of Trustees

Thereupon the Board adjourned to meet Thursday, October 14, 1965, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

The Board of Trustees met at its regular monthly meeting on Thursday, October 14, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Bertram D. Thomas, John G. Ketterer, Frederick E. Jones, Mervin B. France, and James W. Shocknessy.

The Chairman introduced the newly appointed member of the Board of Trustees of The Ohio State University, Dr. Bertram D. Thomas, who was appointed by Governor James A. Rhodes late yesterday (October 13, 1965) to fill the unexpired term of Carlton S. Dargusch, Sr., ending in May, 1970. Mr. Dargusch submitted his letter of resignation to the Governor on October 11, 1965.

Dr. Thomas is President of Battelle Memorial Institute, Columbus, Ohio, and is an internationally known research scientist and administrator. He was recognized for his many professional and civic achievements by The Ohio State University in June, 1963, when he was awarded the honorary Doctor of Science degree.

Minutes of the last meeting were approved.
President Fawcett added a cordial expression of welcome to Dr. Thomas as a member of the Board of Trustees. President Fawcett indicated further that Dr. Thomas has accepted an invitation extended in June to give the address at the Autumn Quarter Commencement on December 17, 1965.

President Fawcett made the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of the "Robert Lazarus Professorship"

President Fawcett expressed great pleasure and gratification in reporting that the members of the family of Mr. Robert Lazarus, Sr. have provided sufficient funds for the establishment of a "Named Professorship" in accordance with the conditions set forth by the Board of Trustees at the January 14, 1965 meeting. The family has requested that the professorship be designated the "Robert Lazarus Professorship," and that it be established in honor of Mr. Robert Lazarus, Sr., with the understanding that the field to which the professorship will be applied is to be selected by Mr. Robert Lazarus, Sr. in consultation with Dr. John Weaver, Vice President for Academic Affairs and Dean of Faculties, subject, of course, to the approval of the Board of Trustees.

It is recommended that the Board of Trustees approve the establishment of the "Robert Lazarus Professorship," in accordance with the conditions set forth above.

Upon motion of Mr. Davis, seconded by Mr. Jones, the Board of Trustees by unanimous roll call vote approved the establishment of the "Robert Lazarus Professorship."

B. Establishment of the Wright State Campus

Pursuant to the enactment of the Amended Substitute Senate Bill 210, the Dayton Campus of Miami University and The Ohio State University will on November 5, 1965, be identified officially as the Wright State Campus. The legislation further stipulates that the Boards of Trustees of Miami University and The Ohio State University shall, in consultation with the Wright State Campus Advisory Committee, do all those things necessary for the creation, proper maintenance, and successful operation of the institution with the goal of developing a state university.

Further, the Boards shall employ, fix the compensation, and remove the professors, teachers, administrative personnel, and such other employees of the Wright State Campus as necessary.
October 14, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Establishment of the Wright State Campus (continued)

In compliance with the above referred to legislation, the Presidents of the two universities (Miami and Ohio State) are in the process of selecting an academic leader for the Wright State Campus, subject, of course, to the approval of the governing boards of the two institutions.

It is further recommended that effective November 5, 1965, all documents pertaining to the "Dayton Campus of Miami University and The Ohio State University" be identified with the new name—"Wright State Campus."

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the Board of Trustees approved the above recommendations by unanimous vote.

C. The Ohio State University to Provide Inter-University Services As Requested by the Board of Regents

The Ohio State University in the preservation of its unique role in the fields of advanced graduate education, professional education, and research has a responsibility to serve as a central focus in the development of unusual programs in service to a variety of institutional and public needs. Where appropriate this University should provide leadership in the evolving ventures, such as the proposed Ohio Regional Educational Laboratory authorized under the provisions of Public Law 89-10, Title IV. In support of this philosophy, the Board of Regents on September 17, 1965, adopted the following resolution:

BE IT RESOLVED: that the Ohio Board of Regents hereby requests the Board of Trustees of The Ohio State University to authorize its administrative officials to perform services of an inter-university nature for all publicly assisted institutions of higher education in Ohio as may be requested by the Board of Regents from time to time or as may be requested by the Chancellor of the Board of Regents from time to time, with the understanding that appropriate financial arrangements will be made for the support of such services.

It is recommended that the Board of Trustees authorize the President and such other administrative officials of the University as may be designated by him to perform the services referred to in the above resolution with the understanding that the University will be reimbursed for the services rendered.

Upon motion of Mr. France, seconded by Mr. Ketterer, the Board of Trustees approved the above recommendation by unanimous vote.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the September 14, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Appointments, Promotions and Changes in Administrative Responsibilities, Leaves of Absence Without Salary, and Emeritus Title:

The foregoing five contracts for research in the Engineering Experiment Station represent a gross income of $84,852.00.

IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since September 14, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.
IV. GRANTS AND GIFTS (continued)

A. Administered Through the Office of Business and Finance

1. $125,016.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Division of Nursing, Washington, D.C. 20301, to the University for "Public Health Service Traineeship Grant," under the direction of Professor Mildred E. Newton, School of Nursing, for the period September 1, 1965 through August 31, 1966. (Grant NT-20-C9)

2. $14,364.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "Cancer Training," under the direction of Dr. Emmerich von Haam, Department of Pathology, for the period September 1, 1965 through June 30, 1966. (Grant T2 CA 469-19)

TOTAL - Through the Office of Business and Finance $139,380.00

B. Received Through the Development Fund

1. $100,470.00 in cash and securities from the family of Mr. Robert Lazarus, Sr. for the establishment of the following Fund within the University's Endowment Fund.

   The Robert Lazarus Professorship

   The Robert Lazarus Professorship was established September 20, 1965, by gifts through the Development Fund from Mrs. Robert Lazarus, Mr. and Mrs. Robert Lazarus, Jr., Dr. and Mrs. Howard D. Sirak, Mr. and Mrs. Richard W. Kind, Mr. and Mrs. Junius Hoffman, Mr. and Mrs. Fred Lazarus, Jr., Mr. and Mrs. Jeffrey L. Lazarus, Mr. and Mrs. Ralph Lazarus, and Mr. and Mrs. Charles Y. Lazarus in honor of the seventy-fifth birthday of Robert Lazarus.

   The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

   The income is to be used to support a professorship at The Ohio State University.

2. $14,000.00 from Ohio Lions Eye Research Foundation, Columbus, Ohio--$3,550.00 for the Union Carbide Corporation Fellowship in Chemical Engineering, $3,000.00 for the Union Carbide Corporation Fund for Mechanical Engineering, and $3,500.00 for the Union Carbide Corporation Fellowship - Welding Engineering.

3. $10,050.00 from Union Carbide Corporation--$3,550.00 for the Union Carbide Corporation Fellowship in Chemical Engineering, $3,000.00 for the Union Carbide Corporation Fund for Mechanical Engineering, and $3,500.00 for the Union Carbide Corporation Fellowship - Welding Engineering.
October 14, 1965 meeting, Board of Trustees

IV. **GRANTS AND GIFTS** (continued)

B. **Received Through the Development Fund** (continued)

4. $10,000.00 from The Friedman Foundation to be added to the fund for the construction of a new residence for the President.

5. $8,510.00 from the Estate of Anna Roessler for the Samuel J. Roessler Memorial Medical Scholarship Fund.

6. $7,800.00 from United States Steel Foundation, Inc. for the United States Steel Foundation Fellowship Fund.

7. $6,330.00 from Owens-Illinois Glass Company, Toledo, Ohio, for undergraduate scholarships.

8. $5,000.00 from Sears Roebuck Foundation, Chicago, Illinois, for undergraduate scholarships.

9. $5,000.00 from The F. & R. Lazarus and Company to be added to the James E. Hagerty Chair Fund.

10. $5,000.00 from The National Machinery Foundation, Tiffin, Ohio, to be added to the fund for the construction of a new residence for the President.

11. $5,000.00 from The General Electric Foundation, Ossining, New York, for the 1965-66 Graduate Research and Study Grant in Chemistry.

12. $4,900.00 from State Farm Mutual Automobile Insurance Company for the State Farm Mutual Automobile Insurance Company Fund.

13. $4,780.00 from Shell Companies Foundation for the Shell Companies Foundation Fellowship Fund in Chemical Engineering.

14. $4,645.00 from American Oil Foundation for the American Oil Foundation Fellowship Fund.

15. $4,500.00 from Kennecott Copper Corporation for the Kennecott Copper Corporation Fellowship in Metallurgical Engineering.

16. $4,000.00 from The Gluck Educational Foundation, Inc. and Arthur and Flora Gluck for the establishment of two funds--$2,000.00 for The Gluck Grandchildren Fund and $2,000.00 for The Helen Gluck Fund.

**The Gluck Grandchildren Fund**

The Gluck Grandchildren Fund was established September 23, 1965, by a gift through the Development Fund from The Gluck Educational Foundation, Inc. and Arthur Gluck and Flora Gluck to honor their grandchildren Deborah Zeidman, Barry Zeidman, Josiah Gluck, Theodore Gluck, and Sebastian Gluck.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

16. The Gluck Grandchildren Fund (continued)

The principal is to be invested in accordance with Section 3345.16 G. C.

The income may be used to aid a graduate student of medicine who has successfully completed the general examinations toward the Ph.D., Sc.D., or an equivalent terminal degree and has selected a research project in the field of hypertension. The income may be used along with other monies available to supplement a stipend or a research project in the aforementioned field.

The income is to be awarded only for basic research (not for applied technology or for a clinical project) in the College of Medicine. The appointment of the recipient of this money is to be made by Dwight M. Palmer, M.D., the Director of the Division of Neurology in consultation with Dr. Richard L. Meiling, Dean of the College of Medicine.

In the event the need for this income in the area stipulated should cease to exist or so diminish as to create unused income, then the Board of Trustees may use said income in its discretion, preference to be given, however, to basic work in the field of medicine but not to any applied technology.

The Helen Gluck Fund

The Helen Gluck Fund was established September 23, 1965, by a gift through the Development Fund from The Gluck Educational Foundation, Inc. and Arthur Gluck and Flora Gluck to honor Helen Gluck.

B. Received Through the Development Fund (continued)

17. $3,875.00 from International Business Machines Corporation for the International Business Machines Corporation Fellowship Fund.

18. $3,000.00 from Allied Chemical Corporation for the Allied Chemical Corporation Fellowship Fund.

19. $2,000.00 from Mr. Mervin B. France to be added to the fund for the construction of a new residence for the President.

20. $1,720.00 from Hoffman-LaRoche, Inc. for the John N. Teteris Research Fund.

21. $1,500.00 from Ayerst Laboratories for the Ayerst Laboratories Fund.

22. $1,000.00 from the American Optical Company for the Optometric Development Fund.

TOTAL - Received Through the Development Fund $213,580.00

Upon motion of Mr. Jones, seconded by Mr. Ketterer, the acceptance of the above grants and gifts was approved by unanimous vote, and the Secretary was instructed to include the report in the minutes of this meeting.

C. Report from The Ohio State University Development Fund

Of these gifts, 517 totaling $5,522.10 were undesignated and 199 totaling $189,107.28 were designated.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Appropriations for Research Projects

At the request of the Vice President for Research and with the concurrence of the Vice President for Business and Finance, it is recommended that the following amounts be appropriated from the University Treasurer Research Subaccounts as designated:
V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

A. Appropriations for Research Projects (continued)

$8,200.00 to the College of Agriculture and Home Economics for the preparation of space in the Botany and Zoology Building for research in population genetics

$6,500.00 to the Graduate School for publication costs of scholarly publications

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation for appropriation of funds was approved by unanimous roll call vote.

VI. EXTRA AND CREDIT ORDERS AND EXTENSIONS OF TIME TO CONTRACTS

At the request of the Vice President for Business and Finance, it is recommended that the Extra and Credit Orders and Extensions of Time for Completion of Contracts as listed below be approved by the Board of Trustees:

A. Extra Orders to Contracts

1. Taylor Tower $1,402.00
2. Ohio Union - West Terrace Dining Room Expansion 1,598.00
3. Modernization of Commerce and Administration Facilities, Page and Hagerty Halls 7,124.70
4. Garage, Phase I 735.70
5. Pharmacy Building 5,154.48
6. Lima Campus, General Academic Facility 1,039.43
7. Chemical Research Facilities 1,057.00
8. Van de Graaff Accelerator, Addition to Evans Laboratory 2,100.00
9. Installation of New Heating Boiler to Carry Medical Center Load 3,616.00
10. Engineering Classrooms and Laboratories 19,185.00
   Total $43,012.31

B. Credit Orders to Contracts

1. Houck House $1,852.00
2. Nosker and Archer Houses 2,775.00
3. Repairs and Improvements to Ohio Stadium Press Box 2,487.00
   Total $7,114.00

C. Extensions of Time for Completion of Contracts

1. Antenna Laboratory, Control Facility at Saucer Laboratory 3 weeks
October 14, 1965 meeting, Board of Trustees

VI. EXTRA AND CREDIT ORDERS AND EXTENSIONS OF TIME TO CONTRACTS (continued)

C. Extensions of Time for Completion of Contracts (continued)

2. Materials Engineering and Science Building
(Renovation of Chemical Abstracts Building) 6 weeks

Upon motion of Mr. Shocknessy, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Dodd Hall - Entrance Repairs

This project provides a sheltered entrance to protect patients in wheelchairs and on crutches from the weather when entering or leaving the hospital.

Funds for this project are provided from the University Hospital Rotary.

B. Hamilton Hall - Repairs to Rooms 200 and 201

This provides office and laboratory space for two research people.

Funds for this project will be provided from Budget Account 121658.

C. Hamilton Hall - Repairs to Rooms 107, 114, 115-A, 115-B, 204-A, and 214-A

Provision of space for two new faculty members and additional space for several members on the present faculty and development of an advanced research-spectroscopy laboratory complex.

Funds for this project will be provided from Budget Account 960200.

Upon motion of Mr. France, seconded by Mr. Jones, the above recommendation was approved by unanimous vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.
VIII. REPORT OF AWARD OF CONTRACTS

It is recommended that the award of contracts without further competitive bidding for the following project be approved by the Board of Trustees:

A. Construction of Curl Drive

In order to expedite the completion of this project from Peasley Street to Neil Avenue, the contractors for the original project have agreed to furnish additional work for a price based on the same unit cost as their original contracts. The State Controlling Board authorized this award without further competitive bidding on October 7, 1965.

General Contract
N. J. LeCrone (Columbus)  Add $50,745.60

Electrical Contract
Gustav Hirsch Organization, Inc. (Columbus)  Add 7,230.00

Total  $57,975.60

Funds are available for this work in Item 033, H. B. 202 and Budget Account 921300.

Upon motion of Mr. France, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

IX. CONTROLLING BOARD APPROVALS

Each numbered approval shown below accomplishes the following purpose:

5 Approves the acquisition of property and buildings located at 107 West Eleventh Avenue.

6 Transfers $711,068.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 017 Dayton Branch, H. B. 949, to provide funds for movable equipment and contingency.

7 Transfers $228,936.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 018 Plans and Buildings for Lima Branch, H. B. 949, to provide funds for movable equipment and contingency.

8 Transfers $250,122.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 019 Plans and Buildings for Mansfield Branch, H. B. 949, to provide funds for movable equipment and contingency.

9 Transfers $378,544.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 007 Engineering Classrooms and Laboratories, H. B. 949, to provide funds for movable equipment and contingency.
IX. CONTROLLING BOARD APPROVALS (continued)

10 Transfers $81,884.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 010 Chemistry Research Facilities, H. B. 949, to provide funds for movable equipment and contingency.

11 Transfers $281,627.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 014 Pharmacy Building, H. B. 949, to provide funds for movable equipment.

12 Transfers $30,640.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 016 College of Medicine - Plans (Medical Center Boiler), H. B. 949, to provide funds for contingency.

13 Transfers $52,865.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 021 Modernization of Orton Hall and Mendenhall Laboratory, H. B. 949, to provide funds for movable equipment and contingency.

14 Transfers $25,709.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 024 Modernization of Commerce and Administration Buildings, H. B. 949, to provide funds for movable equipment and contingency.

15 Transfers $7,876.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 030 Utility Services Extension, H. B. 949, to provide funds for contingency.

17 Transfers $7,024.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 025 Olentangy River Improvement, H. B. 949, for contingency for channel clearance.

18 Transfers $7,251.00 from Item 035 Equipment and Improvements, H. B. 949, to Item 029 Pulsed Van de Graaff Accelerator Facility, H. B. 949, to provide funds for movable equipment and contingency.

19 Transfers $177,000.00 from Item 032 Humanities Center, H. B. 949, to a new account, Item 036, Main Library Improvements, H. B. 949, releases this amount and authorizes construction without competitive bidding by force account.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Water Line Easement - City of Lima, Ohio

The City of Lima has requested an easement for the construction, maintenance, and service of a water line to serve the Branch Campus at Lima.

It is recommended that the Vice President for Business and Finance be authorized to execute a water line easement with the City of Lima, Ohio, on behalf of the Board of Trustees.

Upon motion of Mr. Ketterer, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.
October 14, 1965 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

B. Employment of Architects - Dayton Campus, Phase IV
   (Science Building No. 2)

   It is recommended that the architectural firm of Lorenz and Williams
   be employed to provide complete architectural and engineering services
   for this project, including preliminary plans, basic drawings, working
   drawings, specifications, estimate of cost, necessary bidding documents,
   and complete supervision of construction.

   The fee for this service will be computed on the basis of 6 per cent of
   the first $1,000,000.00, 3 1/2 per cent of the second $1,000,000.00, and 5
   per cent of all over $2,000,000.00 of the construction cost or an estimated
   $132,500.00. Funds will be provided from Item 002, H. B. 949.

   Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation
   was approved by unanimous roll call vote.

C. Supplement to Engineer's Contract - Construction of Curl Drive

   Jones, Stuckey and Barrett, Engineers, were employed in November,
   1964, for engineering services to include construction drawings for this
   project but preparation of specifications and supervision for the section
   between College Road and Peasley Street only.

   It is now recommended that their contract be amended to provide the
   final specifications and field supervision of construction for that portion
   of the project for Curl Drive from Peasley Street to Neil Avenue.

   The fee for this service will be $1,460.00 payable from Item 033, H. B.
   202.

   Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation
   was approved by unanimous roll call vote.

D. Revised Engineering Services - Jones Tower

   The Board of Trustees at their January, 1965, meeting approved the
   employment of W. E. Monks to perform complete engineering services
   for the Mechanical and Electrical Divisions of this project. Since this
   building was to be similar in most respects to Drackett and Taylor Towers,
   the fee was 2.125 per cent of the cost of the mechanical and electrical work.

   The plans for Jones Tower have now been revised, and it is therefore
   recommended that the action of the Board in respect to the employment of
   W. E. Monks be voided and that a contract be prepared for this firm to
   provide complete professional engineering services for the heating, venti-
   lating, and air conditioning; plumbing and electrical work; including design,
   preparation of drawings, specifications, and estimate of cost; and complete
   field supervision of construction. The fee should be calculated at 5 per cent
   of the cost of the mechanical and electrical work and funds will be provided
   from the Dormitory Construction Fund.

   Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation
   was approved by unanimous roll call vote.
October 14, 1965 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

E. Purchase of Buildings and Property - 70 West Tenth Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from the estate of Lena O'Neil at a price of $17,000.00:

Property known as 70 West Tenth Avenue, being
Lot #29, College Place Addition, City of Columbus,
County of Franklin, State of Ohio.

Funds are available in the University Treasurer General Fund.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

F. Special Policeman Commission

At the request of the Vice President for Business and Finance, it is recommended that Elden Winfield Lawson be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees require Mr. Lawson, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Clyde Tucker Morris, Professor Emeritus in the Department of Civil Engineering. In accordance with the instructions of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished the family of the deceased.

A. Clyde Tucker Morris

The Board of Trustees expresses its sorrow at the death on August 25, 1965, of Clyde Tucker Morris, Professor Emeritus of Civil Engineering.

Clyde Tucker Morris was born in Morrow County, Ohio, on April 19, 1877. He was graduated from North High School in Columbus, Ohio, in 1894. He received the Civil Engineer degree from The Ohio State University in 1898. From the time of his graduation until 1906, he served in various engineering positions with steel bridge fabricators in the State of Ohio and the State of Washington.
October 14, 1965 meeting, Board of Trustees

XI. RESOLUTION IN MEMORIAM

A. Clyde Tucker Morris (continued)

Mr. Morris joined the Department of Civil Engineering at The Ohio State University as an Associate Professor in 1906 and was promoted to Professor in 1908. He served as Chairman of the Department from 1937 to 1947.

Clyde T. Morris was the author of several textbooks and of many technical papers and publications. He revised the textbook, Stresses in Structures, after the death of the original author, A. H. Heller. He was the author of the textbook, Simple Steel Structures, and he was co-author with S. T. Carpenter of the text, Structural Frameworks. Professor Morris was active in research and co-authored several of The Ohio State University Engineering Station Bulletins (Nos. 37, 40, 48, and 66).

Professor Morris was recognized as an authority on bridge and building structures and was a consulting or construction engineer on many structures including: Lower Arch Bridge, Niagara Falls; Dresden Suspension Bridge, Ohio River Suspension Bridge, Point Pleasant; American Insurance Union Building, Columbus, Ohio (now the LeVeque-Lincoln Tower); and The Ohio State University Stadium. He served as Chief Engineer of Bridges for the State of Ohio, 1911-12; and as Chairman of the Board of Inquiry, the Ohio Department of Highways, 1937-38. After his retirement in 1947, he continued his work as a consultant on building bridges to the City of Dayton, Ohio, and to the City of Long Beach, California.

Professor Morris was a member of Acacia, Triangle, Sigma Xi, Tau Beta Pi, and Chi Epsilon Fraternities. He also held membership in the following professional societies: American Society of Civil Engineers, American Concrete Institute, American Society of Engineering Education, American Railway Engineering Association, Engineers Club of Columbus, Ohio, and Ohio Society of Professional Engineers. He was very active on numerous national committees of both the ASCE and AREA and served as a Director of the American Society of Civil Engineers, 1929-32.

After his retirement, he was awarded an Honorary Doctor of Science degree by The Ohio State University in 1952.

The engineering profession has lost a most enthusiastic member and a strong exponent of education and research.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees.
October 14, 1965 meeting, Board of Trustees

XII. REPORTS

A. Critical Need for Expanding University Library Facilities

President Fawcett advised the Board that on several occasions he had reported the critical need for the expansion of library facilities and that the project to double the reading space in the Main Library will be completed in early November, 1965. President Fawcett further advised the Board that every effort to find solutions to the library problems of the University is being made and that the appropriate University officers have been requested to take the necessary steps to establish a Library Project account for the University for the purpose of receiving funds which may become available from State and Federal grants and other sources. Hopefully, this account will provide the necessary funds for the construction of additional space for an undergraduate library, a graduate research library, or a new facility to meet both of these pressing needs. In concluding, President Fawcett reminded the Board that the number of volumes in the University libraries increased from 1,198,757 in 1956-57 to 1,748,943 in 1964-65 and that the University ranks fifteenth among the major universities of the country in the number of library holdings.

B. Report on the University Club House Facilities at the University Golf Course

Mr. Frederick E. Jones, at the request of Chairman Loop, reported that he had investigated the condition of the Club House at the University Golf Course. He stated that the Club House is in very poor condition, and that it is the observation of many that it is a disgrace to the University. President Fawcett agreed that the Club House facilities needed improvement and that the appropriate agency of the University to consider such improvements and to develop recommendations is the University Athletic Council. No action was taken on the report.

C. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated September 30, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.

D. Administrative Reports

Dr. John T. Bonner, Jr., Executive Dean for Student Relations, presented an illustrated report showing the scope of the operations in the Student Relations Division. The charts and graphs which he used illustrated the growth of this area since he was named Executive Dean for Student Relations four years ago.

Dr. Alfred B. Garrett, Vice President for Research, gave an illustrated presentation showing a number of "scholars" on The Ohio State University campus who are engaged in research. His presentation included a series of colored slides showing the researchers at work together with a description of their research.
October 14, 1965 meeting, Board of Trustees

Thereupon the Board adjourned to meet Thursday, November 11, 1965, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

John T. Mount
Secretary

Alan B. Loop
Chairman
THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND AND FIFTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, November 11, 1965

The Board of Trustees met at its regular monthly meeting on Thursday, November 11, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, John G. Ketterer, Mervin B. France, and James W. Shocknessy.

Minutes of the last meeting were approved.
November 11, 1965 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Revision of Don Scott Field Master Plan

The official master plan for Don Scott Field, as approved by the Board of Trustees on May 17, 1963, contemplated the construction of a control tower as a part of a proposed new Administration - Terminal Building. The Federal Aviation Agency, which will operate and finance the construction of an air traffic control tower, requests a separate location farther east along the south side of the field. This new location is acceptable to the University, and the accompanying master plan maps have been revised accordingly.

It is recommended that the attached six maps identified as "Master Plan for Don Scott Field," all dated November 11, 1965, be approved.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous vote, and the Secretary was instructed to file the six accompanying maps with the official records of the Board of Trustees.

B. Revision of Admission Policies for College of Law

The College of Law of The Ohio State University has not established a limitation on the number of students admitted to the first-year class. The number of qualified students admitted and enrolled in the first-year class for Autumn Quarter 1965 is 281 and the total number of students enrolled in the College of Law is 514 students—an increase of 100 over the preceding year. More than 300 persons have already requested an application for admission to the College of Law for the Autumn Quarter 1966. It is therefore obvious that unless some limitation is established on the number to be admitted to the first-year class of the College of Law, the total number of students in Law will exceed the capacity of the building which was planned for a maximum enrollment of 700. It should be noted also that while there is classroom space for 700 students in the Law Building, more faculty offices, additional library space, and equipment will be required for this maximum number.

President Fawcett indicated his support of the recommendation of the Dean of the College of Law, with the concurrence of the Vice President for Academic Affairs, that the Board of Trustees approve the establishment of a limitation on the number (not to exceed 260) to be admitted annually to the College of Law. This limitation should provide for an orderly growth commensurate with the availability of faculty, classrooms, library, and office space.

It is further recommended that those admission criteria commonly employed by other first-rate Colleges of Law in the Nation be utilized in the selection of the best qualified candidates for admission.
November 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Revision of Admission Policies for College of Law (continued)

To provide for more orderly procedures and effective planning, it is also recommended that the deadline for receiving applications for the College of Law be set at May 1, and that a deposit of $50.00 be required of all students admitted to the College of Law to be paid within two weeks after notification of approval for admission to the College. As in the case of other professional colleges of the University, the $50.00 will be applied to the student's first quarter fees when he enrolls. If the applicant cancels his admission, the $50.00 will be refunded if requested by the applicant on or before the date properly established and announced by the College.

The above recommendations are to become effective for the class entering Autumn Quarter 1966.

Upon motion of Mr. Shocknessy, seconded by Mr. France, the Board of Trustees by unanimous roll call vote approved the above recommendation.

C. Rules Governing Residency Status

Since the disbursement of subsidy appropriations for students enrolled in the Branch Campuses of the State-assisted universities is based upon the number of full-time equivalent resident students enrolled, the Ohio Board of Regents after consultation with the appropriate administrative officers of the State-assisted universities has promulgated rules governing the definition of an "Ohio resident" student. The rules governing the residency status of students as adopted by the Board of Regents are comparable, with minor exceptions, to those rules adopted by the Board of Trustees of The Ohio State University at its meeting on April 8, 1957.

It is therefore recommended that for the purpose of clarification and consistency in the administration of residency rules, the Board of Trustees approve the following rules governing the residency status of students enrolled in The Ohio State University:

1. Rule as to nonresident fees. Every student who is not a resident, as defined below, of the State of Ohio, is required to pay nonresident tuition fees in addition to other University fees.

2. Registration. The burden of registering under proper residence is placed upon the student. If there is any question as to residence, the matter should be brought to the attention of the Registrar and passed upon prior to original enrollment.

3. General policy. The status of a student as a resident or a nonresident of the State of Ohio will be determined as of his original enrollment at The Ohio State University. In general, that status will remain the same throughout his attendance at the University, although such status may be reviewed upon petition. In those cases where there has been a break in a student's attendance at the University, the beginning of the
November 11, 1965 meeting, Board of Trustees

I. **GENERAL RECOMMENDATIONS** (continued)

C. **Rules Governing Residency Status** (continued)

Last enrollment may be considered by the Registrar as the student's "original enrollment" for the purpose of residence determination. Two basic conditions must exist for Ohio residency: first, it is necessary that the adult student or the parents or guardian of a minor student have been in the State a minimum period of one year prior to the original enrollment; and second, that there is an evident present intent to remain in the State indefinitely.

4. **Definitions.** An "Ohio resident" is a student subject to the following requirements:

   a. An adult student, 21 years of age or older, is considered to be an Ohio resident if he has resided in the State for a minimum of twelve consecutive months preceding the date of enrollment and if he has an evident present intent to remain in the State indefinitely, provided that his residence in Ohio has not been for the purpose of attending a college or university.

   b. A minor student is considered to be an Ohio resident if his parents or his legal guardian have resided in the State for a minimum of twelve consecutive months preceding the student's enrollment and if the parents' or guardian's residence during that year has been maintained with the evident intent to remain in the State indefinitely, provided that such action has not been taken for the purpose of gaining residence status for the minor student.

   c. For the purpose of determining residence requirements under these rules, a person will be considered a minor until he has reached his twenty-first birthday even though such person may have been emancipated. Married minors, however, are entitled to establish and maintain their own residency pursuant to Section 4-a.

   d. The residency of a married woman is determined by the rules which would apply to her husband if he would seek enrollment; except that a woman who is enrolled as an Ohio resident may continue to be considered an Ohio resident upon marrying a nonresident, provided her enrollment is continuous and she continues to live in the State of Ohio.
I. GENERAL RECOMMENDATIONS (continued)

C. Rules Governing Residency Status (continued)

e. a woman who is legally separated from her husband may establish her own residency pursuant to Section 4-a.

f. the residency of any student may be re-evaluated for each term of re-enrollment. At such time, any student who has not been classified as an Ohio resident, and requests to be so classified, must prove that he has met requirements for Ohio residency as stated in these rules.

g. a student who has been classified as an Ohio resident shall be considered to have lost his residency in this State twelve consecutive months after he, or in the case of a minor, his parents or legal guardian move to another state with the intention of remaining there and making such state their place of residence, notwithstanding the fact that he or they may entertain an intention to return at some future period.

h. aliens admitted to this country on immigrant visas may establish Ohio residence in the same manner as any other nonresident.

i. service men and women who enter the service from another state and their dependent children shall be classified as Ohio residents during the period of their active duty assignment in Ohio.

The above rules conform with the Ohio Board of Regents' Rule No. 2 as amended July 16, 1965, and have been developed in consultation with special counsel assigned by the Attorney General of Ohio.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the Board of Trustees approved the above recommendation by unanimous vote.

D. Naming of Buildings - River Tower Dormitories

It is recommended that the two residence halls now being erected at the temporary construction address of 1800 Stadium Dormitory Road and currently identified as "River Tower Dormitories" be named "Abraham Lincoln Tower" in memory of President Abraham Lincoln and "Justin S. Morrill Tower" in memory of The Honorable Justin S. Morrill of Vermont. Permanent street addresses have not yet been determined. The building to the south would be "Abraham Lincoln Tower" and the one to the north, "Justin S. Morrill Tower."
I. GENERAL RECOMMENDATIONS (continued)

D. Naming of Buildings - River Tower Dormitories (continued)

Representative Morrill played a leading role in the passage of the Land Grant college bill (Morrill Act) by Congress, which provided for grants of public lands to the states for the financing of colleges. President Lincoln signed the act on July 2, 1862. The Ohio State University was established as a result of that legislation.

This proposal has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees. It is hereby recommended for your approval.

Upon motion of Mr. Bricker, seconded by Mr. Allyn, the Board of Trustees by unanimous vote approved the naming of the buildings indicated above.

E. Naming of Buildings - Engineering Complex

Upon the proposal of Mr. Frederick Stecker, Executive Director for University Relations, after consultation with Dean Harold A. Bolz, College of Engineering, and with the concurrence of the President's Cabinet, it is recommended that the facilities now under construction or being converted for use by the College of Engineering be identified as follows:

(1) That the building now identified as the "Materials Engineering and Science Building," located at 105 West Woodruff Avenue (east door) and 109 West Woodruff Avenue (west door), be named "MacQuigg Laboratory" in honor of the late Charles E. MacQuigg, who served as Dean of the College of Engineering for fifteen years beginning in 1937. Dean MacQuigg was a metallurgist with interests in the field of materials and minerals, and inasmuch as this building will consist primarily of laboratories related to this area, the name seems particularly appropriate.

(2) That the former Chemical Abstracts Building located at 2041 North College Road, now being remodeled, be named "Watts Hall." This name would honor the late Arthur S. Watts, who served with distinction as Professor and Chairman of the Department of Ceramic Engineering for thirty-one years until his retirement in 1946. This name is deemed appropriate since this building will house the departmental offices of the Department of Ceramic Engineering.

(3) That the west end of the present Chemical Engineering Building be named "The Chemical Engineering Building." This structure, which is located at 140 West 19th Avenue, will be occupied by the Department of Chemical Engineering.
November 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

E. Naming of Buildings - Engineering Complex (continued)

(4) That the east end of the present Chemical Engineering Building be named "The Metallurgical Engineering Building." This structure, which is located at 116 West 19th Avenue, will be occupied by the Department of Metallurgical Engineering.

Upon motion of Mr. Ketterer, seconded by Mr. France, the Board of Trustees by unanimous vote approved the naming of the buildings indicated above.

F. Adoption of an Official Shield for the College of Medicine and for the Medical Society of the University Hospitals

The faculty of the College of Medicine and the Medical Society of The Ohio State University Hospitals have proposed that individual shields be adopted for the College of Medicine and the Medical Society. Dean Richard L. Meiling advises that most of the universities of the United States have a "coat of arms" for their Colleges of Medicine and the Medical Societies of their hospitals.

It is therefore recommended that the Board of Trustees approve the proposed shields as they have been submitted by the Dean of the College of Medicine and further that the original copy of such shields be filed with the official records of the University.

Upon motion of Mr. Shocknessy, seconded by Mr. France, the Board of Trustees approved the above recommendations by unanimous vote.

G. Transfer of Lakewood Branch Campus to Cleveland State University

At its regular meeting on March 15, 1962, this Board of Trustees established a branch campus of The Ohio State University at Lakewood, Ohio. Since the announcement of the establishment of Cleveland State University, appropriate officers of The Ohio State University and of Cleveland State University have been working toward the development of an agreement transferring responsibility for the Lakewood Branch to Cleveland State University. Agreement has now been reached between officers of the two universities on a plan for the transfer of students, records, faculty, and non-professional staff from the Lakewood Branch to Cleveland State University with The Ohio State University withdrawing from the Lakewood Branch on June 30, 1966.

It is recommended that the President be authorized to sign an appropriate agreement with Cleveland State University to accomplish the transfer of the Lakewood Branch and that such an agreement be filed with the Secretary of the Board as a part of the official records of the University.

Upon motion of Mr. Davis, seconded by Mr. Shocknessy, the Board of Trustees approved the above recommendation by unanimous roll call vote.
I. GENERAL RECOMMENDATIONS (continued)

H. Generation of Heat and Power for the University

On May 13, 1965, the Board of Trustees authorized the employment of Giffels and Rossetti as consultants to advise the President on matters relating to plans for the generation of heat and power for the University. The consulting firm submitted a complete report entitled "A 25-Year Projection of Utilities Requirements for The Ohio State University Campus, and a Master Plan for Supplying These Requirements." This report has been studied by appropriate University officers and staff members and it is now proposed that the following recommendations from this report be approved by the Board of Trustees, and that the President and Vice President for Business and Finance be authorized to proceed toward the implementation of these recommendations in an appropriate manner related to the needs, fiscal capabilities of the University, and new advances in technology.

1. Heat and Cold

a. Expand the capability of McCracken Station to meet heating and cooling loads of all buildings east of the Olentangy River excepting those high-rise dormitories and other special facilities with self-contained capability.

b. Provide a new Utility Station in the area of the proposed General College to serve the buildings west of the river, again excepting certain units with self-contained capability. This station would produce high-temperature hot water and limited chilled water.

c. Fuel would be gas for both stations.

d. Steam turbines would be used only at the McCracken Station for power generation.

e. Because of the magnitude of refrigeration loads and their distance from the station, a central chilled water system is not feasible. The present high pressure steam distribution system should be utilized as a means to provide energy at the use points for operation of refrigeration machinery.

2. Electric Power

a. Provide a new public utility substation west of the Olentangy River which would supply power to three campus distribution substations located at McCracken Station, in the Health Center area, and in the General College area, with a supplemental cross-tie between the McCracken and Health Center substations.
November 11, 1965 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

H. Generation of Heat and Power for the University (continued)

b. Continue power generation at McCracken Station
to the extent necessary to qualify this operation
under the requirements for the industrial gas rate.

Upon motion of Mr. Allyn, seconded by Mr. France, the Board of Trustees
by unanimous roll call vote approved the above recommendation.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the October 14, 1965 meeting
of the Board, as recorded in the official "Salary Roll" of the University, be approved
by the Board. These changes include the following Leaves of Absence Without Salary
and Emeritus Titles:

A. Leaves of Absence Without Salary

Alexander H. Main, Associate Professor, School of Music,
April 1, 1966 through June 30, 1966, to devote full time to
personal research and writing.

Marilyn A. Mason, Instructor (Assistant Extension Editor,
Home Economics), Cooperative Extension Service, November 1,
1965 through November 15, 1965, to travel in Europe.

B. Emeritus Titles

William R. Kampfer, College of Dentistry, with the title
Associate Professor Emeritus, effective July 1, 1965.

Oscar P. Snyder, College of Dentistry, with the title
Assistant Professor Emeritus, effective July 1, 1965.

Estelle B. Franks, Cooperative Extension Service, with the
title Instructor (County Extension Agent, Marketing) Emeritus,
effective November 1, 1965.

Upon motion of Mr. France, seconded by Mr. Ketterer, the Leaves of Absence
Without Salary, Emeritus Titles, and personnel budget actions as recorded in
the official "Salary Roll" of the University were approved by unanimous vote,
and the Secretary was instructed to file these changes in the "Salary Roll" with
the official documents of the University.
November 11, 1965 meeting, Board of Trustees

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and The Ohio State University Research Foundation

In accordance with the Memorandum of Agreement between The Ohio State University and The Ohio State University Research Foundation approved by this Board on September 5, 1950, it is recommended that the research agreements for the following projects administered through the Research Foundation be approved and recorded in the minutes of this meeting.

1. Government Contracts - Federal

   a. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Excitation and Inhibition in the Vertebrate Retina (to be known as National Institutes of Health Project No. 782 - Sup. #1 - Institute for Research in Vision).
      Gross Value - $57,881.00.

   b. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Metabolism in the Hypothermic By-Passed Heart (to be known as National Institutes of Health Project No. 1100 - Ext. #5 - Department of Surgery).
      Gross Value - $39,906.00.

   c. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, An Investigation of Dental Writing (to be known as National Institutes of Health Project No. 1169 - Amended Ext. #5 - School of Journalism).
      Gross Value - $2,880.00.

   d. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Exchange Protolysis of Molecules in Solution (to be known as National Institutes of Health Project No. 1383 - Ext. #4 - Department of Chemistry).
      Gross Value - $37,089.00.

   e. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Chemical Reactions of Coordinated Functional Groups (to be known as National Institutes of Health Project No. 1501 - Ext. #3 - Department of Chemistry).
      Gross Value - $25,814.00.

   f. Electronic Systems Division, AFSC, Laurence G. Hanscom Field, Bedford, Massachusetts, Conduct Studies in Radio Astronomy (to be known as Electronic Systems Division Project No. 1703 - Mod. #4 - Department of Electrical Engineering).
      Gross Value - $30,000.00.
November 11, 1965 meeting, Board of Trustees

III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and
The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

   i. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, Research on Man-Machine Systems (to be known as Systems Engineering Group, Research and Technology Division Project No. 1933 - Sup. #1 - Department of Psychology). Gross Value - $250,000.00.

   k. National Science Foundation, Washington, D. C., Physical and Chemical Glaciology on the Second Queen Maude Land Traverse (to be known as National Science Foundation Project No. 2023 - Amend. #1 - Institute of Polar Studies). Gross Value - $3,600.00.

   l. National Science Foundation, Washington, D. C., Nuclear Physics Research with 5.5 MeV Van de Graaff Accelerator (to be known as National Science Foundation Project No. 2115 - New - Department of Physics). Gross Value - $189,000.00.

III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and
   The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

n. National Science Foundation, Washington, D. C., Analysis of Movements of the Cincinnati Arch Region (to be known as National Science Foundation Project No. 2119 - New - Department of Geology).
   Gross Value - $11,900.00.

o. National Science Foundation, Washington, D. C., Investigation of Optically Active Complex Inorganic Compounds (to be known as National Science Foundation Project No. 2120 - New - Department of Chemistry).
   Gross Value - $94,600.00.

p. National Science Foundation, Washington, D. C., Investigation of Carbenic and Cationic Processes (to be known as National Science Foundation Project No. 2121 - New - Department of Chemistry).
   Gross Value - $70,000.00.

q. Electronic Systems Division, AFSC, Laurence G. Hanscom Field, Bedford, Massachusetts, Research Into the Earth's Gravity Field and the Determination of Geodetic Parameters Dependent on Gravity (to be known as Electronic Systems Division Project No. 2122 - New - Department of Geodetic Science).
   Gross Value - $99,415.00.

r. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Pressure-Flow Relationships of Brain Circulation (to be known as National Institutes of Health Project No. 2124 - New - Department of Surgery).
   Gross Value - $27,610.00.

   Gross Value - $2,382.00.

t. National Science Foundation, Washington, D. C., Radio Astronomy (to be known as National Science Foundation Project No. 2126 - New - Department of Electrical Engineering).
   Gross Value - $192,000.00.

u. National Science Foundation, Washington, D. C., Phylogeny of Pentamerinids and Evaluation of the Morphological Types as Zonal Markers (to be known as National Science Foundation Project No. 2127 - New - Department of Geology).
   Gross Value - $14,700.00.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

   v. National Science Foundation, Washington, D. C., A Regional Paleocurrent and Paleoenvironment Study of the Chagrin, Cleveland, and Bedford Formations of Northern Ohio (to be known as National Science Foundation Project No. 2129 - New - Department of Geology).
   Gross Value - $6,200.00.

   w. Watertown Arsenal, Watertown, Massachusetts, Machining Vibration Research (to be known as Watertown Arsenal Project No. 2131 - Department of Industrial Engineering).
   Gross Value - $45,038.00.

TOTAL - Government Contracts - Federal $1,307,674.00

2. Industrial and Other Contracts

   a. Youngs Drug Products Corporation, 393 Seventh Avenue, New York, New York, Investigation of New Progestin Compounds (to be known as Youngs Drug Products Corporation Project No. 1239 - Ext. #4 - Department of Obstetrics and Gynecology).
   Gross Value - $10,896.00.

   Gross Value - $20,901.00.

   Gross Value - $8,740.00.

IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since October 14, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $634,000.00 granted by the Department of Health, Education, and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland 20014, to the University for the construction of the "Addition to Health Center Research Laboratory (Wiseman Hall)." This is a supplement to the grant reported December 10, 1964. (Grant 1 CO1-FR-03188-01S1)

2. $282,500.00 granted by the National Science Foundation for support of the "Academic Year Institute in Science and Mathematics for Secondary School Teachers," under the direction of Dr. John S. Richardson, School of Education. This grant will terminate on September 30, 1967. (GW-175)

3. $53,110.00 granted by the National Science Foundation for support of a "Summer Institute in Introductory College Geography Courses: Examination and Appraisal for College Teachers," under the direction of Professor John R. Randall, Department of Geography. This grant terminates on September 30, 1966. (GY-598)

4. $25,000.00 from Battelle Memorial Institute for the Battelle Chair of Metallurgy for the year 1965-66.

5. $22,400.00 granted by the National Science Foundation to the University for support of an "Undergraduate Research Participation Program," under the direction of Dean Lloyd M. Parks, College of Pharmacy. This grant terminates on July 31, 1967. (GY-98)

6. $21,400.00 granted by the National Science Foundation to the University for support of an "Undergraduate Research Participation Program," under the direction of Professor Paul G. Gassman, Department of Chemistry. This grant terminates on July 31, 1967. (GY-52)

7. $3,909.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "Cancer Training," under the direction of Dr. John R. Wilson, College of Dentistry, for the period September 1, 1965 through June 30, 1966. (Grant T2 CA 513-19)

8. $2,775.00 additional grant from the Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D. C. 20201, to the University for "Teaching Grant and Traineeships in Speech Pathology and Audiology," under the direction of Dr. Bernard B. Schlanger, Department of Speech, for the period September 1, 1965 through August 31, 1966. (Grant VRA-222-T-66 - Amendment No. 2)

TOTAL - Through the Office of Business and Finance $1,045,094.00
November 11, 1965 meeting, Board of Trustees

2. $16,549.00 from Trust under the Will of Glenna R. Joyce for the Glenna R. Joyce Scholarship Fund.

3. $11,000.00 from National Machinery Foundation, Inc. for National Machinery Foundation Fund for Mechanical Engineering.

4. $10,000.00 from Dorothy H. and Lewis Rosenstiel Foundation, New York, New York, for heart research in the College of Medicine.

5. $9,020.00 from Trust under the Will of Anna Roessler for the Samuel J. Roessler Memorial Medical Scholarship.

6. $8,085.00 from the Mark L. Morris Animal Foundation for the Mark L. Morris Animal Foundation in the College of Veterinary Medicine.

7. $8,075.00 from the American Foundation for Pharmaceutical Education, Washington, D. C., for the American Foundation for Pharmaceutical Education Fellowship Fund in the College of Pharmacy.

8. $8,577.00 from The Charles F. High Foundation, Bucyrus, Ohio, for the Charles F. High Foundation Scholarship Fund.

9. $8,000.00 from The Cooper-Bessemer Foundation--$3,000.00 for The Cooper-Bessemer Engineering Scholarship Fund and $3,000.00 for The Cooper-Bessemer Engineering Faculty Merit Award.

10. $5,000.00 from The General Electric Foundation, Crotonville, New York, for The General Electric Fellowship Fund in Chemistry.

11. $5,000.00 from Ford Motor Company, Dearborn, Michigan, for the Ford Motor Company Fund for Mechanical Engineering.

12. $4,841.00 from Dr. Joseph W. Kohn, Warren, Ohio, for the Joseph W. Kohn Fund for Medicine.

13. $4,500.00 from Armco Steel Corporation for the Armco Fellowship in Metallurgical Engineering Fund.

14. $4,276.00 from The Grace High Washburn Trust for The Grace High Washburn Trust Scholarship Fund.

15. $3,600.00 from Sterling-Winthrop Research Institute, Rensselaer, New York, for Sterling-Winthrop Research Fund in the College of Pharmacy.

16. $3,500.00 from CIBA Corporation, Summit, New Jersey, for the CIBA Research Fund in the College of Pharmacy.
November 11, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

17. $2,500.00 from Laura Foy Heekin (Mrs. Robert E.) for the Robert E. Heekin Memorial Fund.

18. $2,000.00 from Dr. Howard F. and Enid H. Seely for the establishment of the Maribelle Seely Baker Memorial Scholarship Fund.

Maribelle Seely Baker Memorial Scholarship Fund

The Maribelle Seely Baker Memorial Scholarship Fund was established October 1, 1965, by gifts through the Development Fund from Dr. Howard Francis Seely and Enid H. Seely (Mrs. Howard Francis), in memory of their daughter, Maribelle Seely Baker, an alumna of The Ohio State University.

The principal is to be invested in accordance with the rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

Principal and/or income to the extent of $1,000.00 per year is to be used for an annual scholarship to a competent, deserving, and probably, but not necessarily, needy student in elementary education. If, however, during a given year a suitable candidate is not found, then to someone in the area of the teaching of English. In either event, the student is to be one in the School of Education.

When the principal of this fund reaches $25,000.00, the income only is to be used for the granting of scholarships as outlined herein.

In the event the need for such scholarships should cease to exist, or so diminish as to create unused income, then the Board of Trustees of The Ohio State University may use said income in its discretion, preference to be given, however to items in the field of education.

19. $1,752.57 from Mrs. Josephine S. Failer for the Men's Glee Club Fund.

20. $1,600.00 from Miss Irene Hirsch for the Dr. Walter C. Reckless Project.

21. $1,250.00 from J. T. Edwards Company Foundation, Inc. --$600.00 as an undesignated gift; $500.00 for the J. T. Edwards Company Scholarship Fund; and $150.00 for the Student Athlete Grant-in-Aid Fund.

22. $1,004.81 in securities from Mrs. Martha C. Willcox, Columbus, Ohio, to be added to the Everett D. Reese Professorship of Banking and Economics.

23. $1,000.00 from The National Collegiate Athletic Association, Kansas City, Missouri, for The National Collegiate Athletic Association Postgraduate Scholarship Fund.
B. Received Through the Development Fund (continued)

24. $1,000.00 from Robert L. Bates for the Robert L. Bates Fund for Chemical Engineering.

25. $1,000.00 from Robert Lazarus, Sr. for the Student Athlete Grant-in-Aid Fund.

26. $1,000.00 from Thomas B. Meek for the James Thurber Memorial Fund.

27. $1,000.00 from James R. Riley as an unrestricted gift to the University.

TOTAL - Received Through the Development Fund $147,241.38

Establishment of the Hershel W. Arant Memorial Fund--made possible through a $10,000.00 gift in cash and securities received from John W. Galbreath as reported to the Board on May 13, 1965.

Hershel W. Arant Memorial Fund

The Hershel W. Arant Memorial Fund was established October 15, 1965, by a gift through the Development Fund from John W. Galbreath in honor of and in memory of Hershel W. Arant, former Dean of the College of Law.

The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University with right to invest and reinvest as occasion dictates.

The income is to be used for objectives of the College of Law on recommendation of the Dean of that College. In the event the College of Law as it now exists shall be altered in any reorganization of colleges, schools, and departments, the Board of Trustees or successor governing body of the University shall direct use of the income for purposes within the field of law as recommended by the appropriate administrative official of the University then directly responsible for legal education at The Ohio State University.

C. Gift-in-Kind

A Lockheed Ventura aircraft Number N-165H plus miscellaneous supporting parts, complete with navigational equipment and in good operating condition, received October 13, 1965, from Hanna Mining Company, Cleveland, Ohio, to the Board of Trustees for purposes as determined by the Department of Aviation of the University.

Upon motion of Mr. France, seconded by Mr. Ketterer, the acceptance of the above grants and gifts was approved by unanimous vote, and the Secretary was instructed to include the report in the minutes of this meeting.
November 11, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

Total: 485 $ 312,041.96

Of these gifts, 293 totaling $3,740.35 were undesignated and 192 totaling $308,301.61 were designated.

V. EXTRA AND CREDIT ORDERS AND EXTENSIONS OF TIME TO CONTRACTS

At the request of the Vice President for Business and Finance, it is recommended that the Extra and Credit Orders and Extensions of Time for Completion of Contracts as listed below be approved by the Board of Trustees:

A. Extra Orders to Contracts

1. Engineering Classrooms and Laboratories $ 1,041.00
2. Materials Engineering and Science Building 1,260.00
3. Physiological and Experimental Psychology Laboratories 992.00
4. North Commons 1,109.00

Total $4,402.00

B. Credit Orders to Contracts

1. North Commons $ 913.00
2. Ohio Union, West Terrace Dining Room Expansion 600.00
3. Upham Hall - Repairs to Auditorium 620.46

Total $2,133.46

C. Extensions of Time for Completion of Contracts

1. Construction of Curl Drive October 20 - November 30, 1965

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.
VI. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimate of cost for the following projects be approved by the Board of Trustees:

A. Interior Painting

This project includes partial interior painting of the Antenna Laboratory, Graduate School, Hamilton Hall, Horticulture and Forestry Building, and Poultry Building.

Funds will be provided from Budget Account 121658.

B. Arps Hall - Repairs to Electrical Systems

This project includes electrical distribution, panel boards, and lighting to bring the electrical systems up to present-day standards in the original building.

Funds will be provided from Budget Account 121658.

C. Agriculture Administration Building Improvements

This project provides air conditioning for office areas in Rooms 3, 4, 5, 6, 7, and 109.

Funds will be provided from Budget Account 129010.

D. Repairs to Sisson Hall

This project will develop existing building space for offices, laboratories, animal housing, and related rooms for basic comparative biological research related to the heart.

Funds will be provided from the University Treasurer Research Account and from a National Institutes of Health Research Grant.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.
November 11, 1965 meeting, Board of Trustees

VIII. CONTROLLING BOARD APPROVALS

Each numbered request shown below accomplishes the following purpose:

20 Authorizes the Director of Public Works to proceed with acquisition of property located at 1662 Neil Avenue and 265 West Eleventh Avenue, Columbus, Ohio.

21 Approves the award of contract for Construction of Curl Drive, Phase II, without further competitive bidding, and releases $41,500.00 from Item 033, H. B. 202, to provide funds for this work.

22 Approves the release of $147,000.00 from Item 002, H. B. 949, for architectural fees for the project Science Building, Phase II, and authorizes the change in name of the project to Science and Engineering Building, Phase IV.

23 Approves the acquisition of property located at 70 West Tenth Avenue.

29 Approves the transfer of $150,000.00 from Item 016 to a new account, Item 043 Basic Science - Medical and release of this amount for the preparation of preliminary plans.

31 Authorizes transfer and release of $25,000.00 from Item 016 Medical Complex to Item 015 College of Medicine - Land, H. B. 202, to provide funds for the acquisition of property.
IX. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Parking Garage #1 (West of Power Plant)

On April 2, 1965, bids were received for the proposed parking ramp in the Medical Center which resulted in a turnkey cost per car space of about $2,500.00. These bids were rejected because it was impossible to finance a structure which was this expensive. Since then, studies have gone forward indicating that the conventional parking ramp can be built at a turnkey cost not to exceed $2,100.00 per car space.

In the meantime, however, negotiations with the Austin Company of Cleveland, Ohio, have produced a turnkey estimate of $1,495.00 per car space for a "Spirapark" garage on which the Austin Company has patents pending.

Inasmuch as this design is a proprietary design and cannot be utilized through the process of competitive bidding and, further, inasmuch as it will produce a saving of approximately $600.00 per car space, it is recommended that the President and the Vice President for Business and Finance be authorized to present a request to the Department of Finance and the Controlling Board of the State of Ohio to secure permission to award the contract to the Austin Company for a Spirapark Ramp of at least 1,000 car capacity without competitive bidding.

Funds will be provided through the sale of The Ohio State University Parking Ramp bonds for which the report of Wilbur Smith and Associates dated June 15, 1964, constitutes the feasibility study and the action of the Board of Trustees dated July 17, 1964, constitutes the selection of Squire, Sanders and Dempsey as Bond Counsel for the indenture agreement.

It is expressly understood that other ramp structures of conventional design at the higher price may be necessary for both the Arps Hall and Ohio Union ramps because of area limitations on those sites.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

B. City of Columbus, Easement for Storm Sewer

The City of Columbus has requested permission to construct the Woodruff Avenue - Iuka Avenue Storm Sewer through State of Ohio lands, which lands have been designated for use by The Ohio State University. The proposed storm sewer will serve the University and other property east of the campus.

It is recommended that the construction of the storm sewer through University lands be approved in a location not inimical to the interests of the University. It is further recommended that the Vice President for Business and Finance be authorized to request the Director of Public Works to act on behalf of the University pursuant to his statutory duties in developing the necessary legal instruments to provide for the installation of said storm sewer and protect the interests of the University.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendations were approved by unanimous vote.
IX. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

C. Employment of Architects, Newark Campus

The design of buildings for branch campuses is a special concern both of the Board of Regents and of The Ohio State University. In an effort to demonstrate the advantages of standard modular construction as a means of reducing costs and increasing effective facility utilization, it is recommended that the University work with the Board of Regents in the design of the Newark Campus buildings. Accordingly, it is recommended that the Director of Public Works be requested to appoint Granzow and Guss as project architects under the normal direction of the University Architect.

The Board of Regents will pay 4 per cent of the project cost toward the standard architect's fees and the University will pay the balance out of funds appropriated for the Newark Campus buildings.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

D. Columbia Gas of Ohio, Inc., Easement for Gas Line

The Columbia Gas of Ohio, Inc. has requested permission to construct a four (4") inch gas line on the north side of Case Road through State of Ohio lands, which lands have been designated for use by The Ohio State University. The gas line will serve the University and other property in the vicinity of University Airport.

It is recommended that the construction of the gas line through University lands be approved in a location not inimical to the interests of the University. It is further recommended that the Vice President for Business and Finance be authorized to request the Director of Public Works to act on behalf of the University pursuant to his statutory duties in developing the necessary legal instruments to provide for the installation of said gas line and protect the interests of the University.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendations were approved by unanimous roll call vote.

X. REPORTS

A. Report on Action Taken by the Ohio Board of Regents at Its Meeting Held October 15, 1965

President Fawcett reported for information and the record that the Board of Regents at its meeting on October 15, 1965, adopted the following resolution designating the College of Medicine of The Ohio State University as the agency to apply for a planning and development grant from the Surgeon General of the United States:
November 11, 1965 meeting, Board of Trustees

X. REPORTS (continued)

A. Report on Action Taken by the Ohio Board of Regents at Its Meeting Held October 15, 1965 (continued)

BE IT RESOLVED: that insofar as the requirements of Section 333.04 of the Ohio Revised Code directing the Ohio Board of Regents to formulate a master plan for higher education for the state are concerned, the Ohio Board of Regents hereby designates the College of Medicine of The Ohio State University as the agency to apply for a planning and development grant from the Surgeon General of the United States and to prepare the necessary plans for a regional medical complex engaged in research, training, prevention, diagnosis, and treatment relating to heart disease, cancer, or stroke in accordance with the Federal Government's Heart Disease, Cancer, and Stroke Amendments Act of 1965, provided that The Ohio State University shall designate an advisory group to assist in the formulation and administration of a regional medical complex consisting of representatives from other medical colleges, from the medical profession, and from any related research agencies located in the State of Ohio.

B. Report on Valuation of Land Acquired for Lima and Mansfield Branch Campuses

1. Lima Campus

At the June 10, 1965 meeting of the Board of Trustees, it was reported that 564.92 acres, more or less, had been accepted for the site of the Lima Campus of The Ohio State University. It is reported for information and the record that of the foregoing, three parcels totaling 190 acres were purchased for $238,252.99 from funds donated by the Galvin Foundation. Eight parcels totaling 374.92 acres were purchased for $385,896.84. The total acquisition cost for eleven parcels is $624,149.83, all from funds provided by donations resulting from the Lima Campus Fund drive.

2. Mansfield Campus

At the June 10, 1965 meeting of the Board of Trustees, it was reported that 512.091 acres, more or less, had been accepted as well as 40.97 acres accepted previously, to make a total of 553.061 acres for use as a site for the Mansfield Campus of The Ohio State University. It is reported for information and the record that the 512.091 acres were acquired from five owners at a total cost of $285,063.00 including $30,700.55 expenses from funds provided by the Mansfield Branch - The Ohio State University New Campus Fund drive. The foregoing figures do not include the value of the 40.97 acres previously received by the Board.

Upon motion of Mr. France, seconded by Mr. Davis, the Secretary was instructed to include the above reports in the minutes of this meeting.
X. REPORTS (continued)

C. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated October 31, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.

D. Administrative Report on Enrollment

Mr. John T. Mount, Vice President for Educational Services, in a report presented to the Board of Trustees, outlined the enrollment gains made during the ten years since President Novice G. Fawcett assumed the position as President of The Ohio State University. Mr. Mount cited the following data in his presentation:

1. Graduate student enrollment on the Columbus Central Campus increased 119 per cent from 1956 to 1965--from 2,552 in 1956 to 5,598 in Autumn Quarter 1965. (An additional number of 478 graduate students are enrolled off-campus.)

2. Total enrollment of the University (includes Columbus Central Campus and all Off-Campus Centers) increased 80 per cent--from 22,470 in 1956 to 40,474 in 1965. Undergraduate enrollment is up 56 per cent--from 17,141 in 1956 to 26,666 in 1965.

3. Total enrollment in the professional colleges and schools increased from 2,381 in 1956 to 3,010 in 1965.

4. First quarter freshmen enrollment on the Columbus Central Campus was 5,365 in 1956 and 6,066 in 1965. Grand total first quarter freshmen enrollment increased from 5,365 in 1956 to 9,075 in 1965.

5. Students at University branches, first of which were opened in 1961, increased from 1,147 to 4,563 in 1985. Autumn 1965 enrollment at branches was reported as Columbus, 1,144; Mansfield, 987; Lima, 807; Lakewood, 642; Newark, 547; and Marion, 436.

6. Largest individual college increase during the 10-year period was reported by the College of Arts and Sciences, which enrolled 4,423 students in 1956 and 10,048 in 1965. Ranking second was the College of Education, increasing from 3,581 to 7,348.

7. Summer Quarter enrollments increased 116 per cent during the period--from 6,967 in 1956 to 14,370 in 1965.

8. Seventy-three per cent of the entering freshmen on the Columbus Central Campus in the Autumn of 1965 ranked in the top one-third of their high school classes. In 1956, 43 per cent of the entering freshmen ranked in the top one-third.
November 11, 1965 meeting, Board of Trustees

X. REPORTS (continued)

D. Administrative Report on Enrollment (continued)

9. The American College Test ranking showed there was a 60 per cent increase in 1965 over 1964 in the number of entering freshmen who achieved a composite score which placed them in the highest two per cent of all students enrolling in universities comparable to The Ohio State University.

10. The enrollment of students on the Columbus Central Campus from the major metropolitan areas of the state has continued to increase despite additional opportunities for students to enroll in institutions of higher education in their local communities. The following Autumn Quarter enrollments for selected counties were cited:

<table>
<thead>
<tr>

Mr. Mount concluded his report by presenting to the Board of Trustees selected representative students of the various areas of scholastic achievement:

Karen Sue Schrock  Presidential Freshman Honor Scholar
Frank Hudson      National Merit Scholar from Maryland
Henry Bobulski    National Merit Scholar from Columbus
Alice Craig       Presidential Freshman Honor Scholar in 1962 and Outstanding Senior in 1965
Dan Moore         Presidential Freshman Honor Scholar in 1962 and Outstanding Senior in 1965
Kathryn McDaniel  Representing newly admitted graduate students
Patrick Butterfield Representing newly admitted professional students
Alan Fisher       Representing the 3,906 Army R.O.T.C. cadets
David Fritsche   Representing the 2,245 Air Force R.O.T.C. cadets
James McAuley    Representing the 298 Navy R.O.T.C. midshipmen

E. Clarification of Admissions Policy

Mr. Shocknessy stated that since there is some widespread misinterpretation and confusion regarding the admissions policy for students who wish to enroll as freshmen in the Autumn Quarter 1966, a few words of clarification would be in order.
E. Clarification of Admissions Policy (continued)

President Fawcett responded by saying that he regretted that the public news media had misinterpreted a statement made by an official of the University. The widely reported statement that only students in the highest 25 per cent of their high school graduating classes would be admitted to the University in 1966 was erroneous. President Fawcett indicated further that in accordance with the statutes of Ohio all graduates of Ohio high schools are entitled to admission to The Ohio State University and those who apply for admission as freshmen in 1966 will be admitted to some college, division, or branch of the University. It may be necessary, however, to limit enrollment on the Columbus Central Campus of the University because of the fiscal limitation imposed by the Appropriations Act of the 106th General Assembly.

Thereupon the Board adjourned to meet Thursday, December 9, 1965, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

John T. Mount
Secretary

Alan B. Loop
Chairman
The Board of Trustees met at its regular monthly meeting on Thursday, December 9, 1965, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Bertram D. Thomas, John G. Ketterer, Mervin B. France, and James W. Shocknessy.

Minutes of the last meeting were approved.
December 9, 1965 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Degrees Conferred - Autumn Quarter Commencement Convocation

It is recommended that degrees be conferred at the Autumn Quarter Commencement Convocation on December 17, 1965, to those students who have completed requirements for their respective degrees and are recommended by the Faculty Council. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix VII, page 283.)

Upon motion of Mr. Shocknessy, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

B. Center for Tomorrow

It is recommended that the following resolution be adopted authorizing the appropriate administrative officers to proceed with the implementation of a financial program for the construction of the Center for Tomorrow:

WHEREAS, the Board of Trustees initiated action to investigate procedures by which a Continuing Education Center, called the Center for Tomorrow, could be financed, designed, constructed, and operated, at its regular meeting held October 9, 1964; and

WHEREAS, to further this aim, the President and other appropriate University officers engaged in such study; and

WHEREAS, the President and the Vice President for Business and Finance now propose to finance the Center for Tomorrow through University internal appropriations and loans from non-tax funds currently available, with said loans being for 40 years, bearing interest at 4 per cent per annum, and providing for a total turnkey cost of $4,550,000.00 ready to operate; and

WHEREAS, the earning power from the Center for Tomorrow is estimated to be sufficient to pay interest on and amortize the necessary 40-year internal loan;

NOW BE IT RESOLVED, that the aforesaid financing plan be approved, and that the President and the Vice President for Business and Finance be, and hereby are authorized to execute the necessary appropriations and loans pertaining to this project, and do all things necessary to implement it expeditiously.

Upon motion of Mr. Bricker, seconded by Mr. Ketterer, the above resolution was adopted by unanimous roll call vote, and the Secretary was instructed to file the detailed plan for financing the Center for Tomorrow with the official records of the Board of Trustees. In making the motion, Mr. Bricker commented as follows: "The construction of the proposed Center for Tomorrow is one of the most significant steps forward this University has taken in a number of years. The proposed building will provide greatly needed facilities which will enable the University to serve more adequately those who come to the campus each year for continuing education programs."
I. GENERAL RECOMMENDATIONS (continued)

C. Communications Center - Construction of Facilities
Located at the Ohio Exposition Center

It is recommended that the following resolution be adopted authorizing the appropriate administrative officers of the University to proceed with the development of a Communications Center for the State:

WHEREAS, the Ohio Board of Regents has requested The Ohio State University to prepare plans for, to supervise construction of, and to operate a State center for communications including, but not limited to the origination of color television programs; and

WHEREAS, the University administration after careful study has concluded that the implementation of such a program is in accord with the University's responsibility to provide the professional leadership for such State-wide educational activities; and

WHEREAS, funds are available in line 315-034 of H. B. 949 for such purposes; and

WHEREAS, the Governor of the State of Ohio has indicated that land owned by the State, and located on the Ohio Exposition Center will be made available to The Ohio State University for these purposes;

NOW BE IT RESOLVED, that the President, and the Vice President for Business and Finance be authorized to take all action necessary for the expeditious implementation of this project, through normal policies and procedures to the end that:

1. The Director of Public Works be requested to appoint the firm of Schooley Cornelius Schooley on a standard State contract as project architects, under the direction of the University Architect, for a communications structure having a turnkey project cost of not over $500,000.00,

2. The sum of not to exceed $500,000.00 be appropriated to provide equipment for this Communications Center project,

3. The sum of not to exceed $500,000.00 be appropriated to provide the necessary electronic connection and equipment pertaining thereto between and in The Ohio State University campus telecommunication facilities and the communications facilities located on the Ohio Exposition Center grounds, and

4. The Ohio State University vigorously prosecute its role as the Communications Center for the State.
I. GENERAL RECOMMENDATIONS (continued)

C. Communications Center - Construction of Facilities
Located at the Ohio Exposition Center (continued)

All of the foregoing action is taken with the understanding that operating funds for the facility will be provided through the State, over and above the FTE formula designed to assist the University with its operations during the current biennium.

Upon motion of Mr. France, seconded by Mr. Shocknessy, the above resolution was adopted by unanimous roll call vote.

D. Plans for Development of a Research Tower

It is recommended that the following resolution be adopted authorizing the appropriate administrative officers of the University to proceed with the plans for the development of a Research Tower to be located on The Ohio State University campus.

WHEREAS, the Ohio Board of Regents has indicated its interest in providing funds for the design and construction of a Research Tower and Conference Complex to stimulate industrial and other research in Central Ohio; and

WHEREAS, it is a matter of record that The Ohio State University administration has expressed its interest and desire in acquiring such facilities at the earliest possible date;

NOW BE IT RESOLVED, that the President and other appropriate University officers as directed by him be authorized to proceed with a master plan, a site plan, and proposals to qualify for such funds as may be available, and to present these proposals to the Board of Regents at the first opportunity.

Upon motion of Mr. Ketterer, seconded by Mr. Allyn, the above resolution was adopted by unanimous roll call vote.

II. PERSONNEL CHANGES

It is recommended that all personnel changes since the November 11, 1965 meeting of this Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Promotion and Change in Administrative Responsibility, Appointment, Leaves of Absence With Salary, Leaves of Absence Without Salary, and Emeritus Titles:

A. Promotion and Change in Administrative Responsibility

Henry L. Hunker from Professor, Department of Geography, to Assistant Dean, College of Commerce and Administration, effective January 1, 1966, at a salary of $17,064.00 per annum. (Dr. Hunker will continue to hold the rank of Professor in the Department of Geography at No Salary.)
II. PERSONNEL CHANGES (continued)

B. Appointment

Richard R. Medhurst, Professor and Director of the School of Social Work, effective September 1, 1966, at a salary of $21,168.00 per annum.

C. Leaves of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following-named persons are recommended for Leaves of Absence With Salary from the Cooperative Extension Service for the period indicated:

Herbert W. Crown, Instructor (County Extension Agent, Agriculture) Holmes County, January 1, 1966 through June 15, 1966, to participate in a program of professional improvement at The Ohio State University.

Richard B. Farison, Instructor (County Extension Agent, Agriculture) Wood County, January 1, 1966 through March 15, 1966, to participate in a program of professional improvement at The Ohio State University.

Floren V. James, Instructor (County Extension Agent, Agriculture) Erie County, January 1, 1966 through March 15, 1966, to participate in a program of professional improvement at The Ohio State University.

Edgar P. Watkins, Instructor (Area Extension Agent, Marketing), January 1, 1966 through March 15, 1966, to participate in a program of professional improvement at The Ohio State University.

D. Leaves of Absence Without Salary

Anthimos J. Christoforidis, Professor, Department of Radiology, November 1, 1965 through December 31, 1965, for personal reasons.

Edwin P. Hiatt, Professor, Department of Physiology, January 1, 1966 through December 31, 1966, for U. S. Government service.

Nathan Lazar, Professor, School of Education, July 1, 1965 through September 30, 1965, to act as a consultant on an educational project in Israel.

Paul Pimsleur, Associate Professor and Director of the Listening Center, College of Arts and Sciences, January 1, 1966 through June 30, 1966, to accept a Fulbright grant to teach at the University of Heidelberg, Germany.
December 9, 1965 meeting, Board of Trustees

II. PERSONNEL CHANGES (continued)

D. Leaves of Absence Without Salary (continued)

Joan Vernikos-Danellis, Assistant Professor, Department of Pharmacology, July 1, 1965 through June 30, 1966, for personal reasons.

Gerald D. Stanley, Instructor (County Extension Agent, 4-H) Stark County, Cooperative Extension Service, January 1, 1966 through August 31, 1966, to participate in a program of professional improvement at Purdue University.

E. Emeritus Titles

George F. Henning, Department of Agricultural Economics and Rural Sociology, with the title Professor Emeritus, effective February 1, 1966.

Gates S. Vickers, Cooperative Extension Service, with the title Assistant Professor Emeritus (Extension Specialist, Poultry Science), effective December 1, 1965.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the Promotion and Change in Administrative Responsibility, Appointment, Leaves of Absence With Salary, Leaves of Absence Without Salary, Emeritus Titles, and personnel budget actions as recorded in the official "Salary Roll" of the University were approved by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll" with the official documents of the University.

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and The Ohio State University Research Foundation

In accordance with the Memorandum of Agreement between The Ohio State University and The Ohio State University Research Foundation approved by this Board on September 5, 1950, it is recommended that the research agreements for the following projects administered through the Research Foundation be approved and recorded in the minutes of this meeting.

1. Government Contracts - Federal

III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and
   The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

b. National Aeronautical and Space Administration, Washington, D. C.,
   Receiver Techniques and Detectors for Use at Millimeter and
   Submillimeter Wave Lengths (to be known as National Aeronautical
   and Space Administration Project No. 1093 - Sup. #5 - Department
   of Electrical Engineering).
   Gross Value - $75,000.00.

c. Department of Health, Education, and Welfare, National Institutes
   of Health, Bethesda, Maryland, Clinical Research Center (to be
   known as National Institutes of Health Project No. 1996 - Ext. #5 -
   Department of Obstetrics and Gynecology).
   Gross Value - $332,446.00.

d. Department of Health, Education, and Welfare, National Institutes
   of Health, Bethesda, Maryland, Spontaneous and Experimental
   Endometrial Carcinoma (to be known as National Institutes of Health
   Project No. 1281 - Ext. #4 - Department of Pathology).
   Gross Value - $32,803.00.

e. Department of Navy, Office of Naval Research, Washington, D. C.,
   Infrared Spectra and the Structure of Polyatomic Molecules (to be
   known as Office of Naval Research Project No. 1370 - Amend. #3 -
   Department of Physics).
   Gross Value - $10,800.00.

f. Department of Health, Education, and Welfare, National Institutes
   of Health, Bethesda, Maryland, Hemodynamic Studies (to be known
   as National Institutes of Health Project No. 1409 - Ext. #4 -
   Department of Physiology).
   Gross Value - $10,446.00.

g. Department of Health, Education, and Welfare, National Institutes
   of Health, Bethesda, Maryland, Investigation of Nervous System
   Elements in Tissue Culture (to be known as National Institutes of
   Health Project No. 1457 - Sup. #1 - Departments of Pathology and
   Psychiatry).
   Gross Value - $11,186.00.

h. Department of Health, Education, and Welfare, National Institutes
   of Health, Bethesda, Maryland, Investigation of Modes of Action of
   Tetracycline Antibiotics (to be known as National Institutes of Health
   Project No. 1554 - Ext. #3 - Department of Agricultural Biochemistry).
   Gross Value - $19,545.00.

c. Central Ohio Heart Association, 3416 North High Street, Columbus, Ohio, Development of a Membrane Oxygenator (to be known as Central Ohio Heart Association Project No. 2138 - New - Department of Medicine).
Gross Value - $3,890.00.

TOTAL - Industrial and Other Contracts $13,544.44

The foregoing twenty-nine contracts for research in cooperation with Government, Industry, and Other represent a gross income of $1,475,650.44.

Upon motion of Mr. France, seconded by Mr. Allyn, the research agreements between The Ohio State University and The Ohio State University Research Foundation for the above contracts were approved by unanimous vote.

B. The Report of the Research Contracts from the Engineering Experiment Station

During the period from October 27, 1965 through November 23, 1965, the Engineering Experiment Station of The Ohio State University entered into the following research contracts. These research contracts are reported to the Board of Trustees for information and record.

1. Government Research Contracts

   EES 226 Ext. #2 To Evaluate Existing Methods and/or Develop Improved Methods for the Measurement of Certain Properties of Concrete, National Academy of Sciences, Washington 25, D. C.
Gross Value - $78,840.00.

   SC 52 A Short Course on Geometric Design and Traffic Control, Ohio Department of Highways, Columbus, Ohio, Bureau of Public Roads, Washington, D. C.
Gross Value - $1,500.00.

TOTAL - Government Research Contracts $80,340.00

2. Industrial Research Contract

   EES 275 Factors Affecting Metal Penetration of the Mold Surface, American Foundrymen's Society, Des Plaines, Illinois.
Gross Value - $9,240.00.

The foregoing three contracts for research in the Engineering Experiment Station represent a gross income of $89,580.00.
IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since the November 11, 1965 meeting, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $90,890.00 granted by the National Science Foundation to the University for support of a "Summer Institute in Mathematics for Secondary School Teachers," under the direction of Professor John Riner, Department of Mathematics. This grant terminates on September 30, 1966. (GW-13)

2. $55,650.00 granted by the National Science Foundation to the University for support of a "Summer Institute in Science for Secondary School Teachers," under the direction of Professor John S. Richardson, School of Education. This grant terminates on September 30, 1966. (GW-65)

3. $41,010.00 granted by the National Science Foundation to the University for support of a "Summer Institute in Geology and the Nature of Science for Secondary School Teachers," under the direction of Professor Edmund M. Spieker, Department of Geology. This grant terminates on September 30, 1966. (GW-64)

4. $31,632.00 from the W. K. Kellogg Foundation for the fifth payment on a six-year commitment to establish an experimental educational program for training medical dietitians.

5. $26,905.00 granted by the Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D. C., to the University for "Teaching and Training Grant in Physical Therapy," under the direction of Professor Gladys G. Woods, for the period September 1, 1965 through August 31, 1966. (Grant VRA 209-T-66 and VRA 209-T-66, Amendment No. 1)

TOTAL - Through the Office of Business and Finance $246,087.00

B. Received Through the Development Fund

1. $84,500.00 from the Estate of Lucille Roberts, deceased, for the establishment of the Louis A. Roberts and Lucille Roberts Memorial Fellowship Fund.

Louis A. Roberts and Lucille Roberts Memorial Fellowship Fund

The Louis A. Roberts and Lucille Roberts Memorial Fellowship Fund was established November 23, 1965, by a bequest from Lucille Roberts (Mrs. Louis A.).

The principal is to be invested under rules and regulations adopted by the Board of Trustees of The Ohio State University with right to invest and reinvest as occasion dictates.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

1. Louis A. Roberts and Lucille Roberts Memorial Fellowship Fund (continued)

The income shall be used for graduate fellowships. The awards are to be made on the recommendation of the Chairman of the Department of Chemical Engineering, approved by the Dean of the College of Engineering and/or the Dean of the Graduate School. The amount of the stipend shall be decided dependent upon the needs of the appointee but no awards shall exceed $2,500 per annum. The awards shall be made to male, unmarried students who have scholastic ability, high personal integrity, and competence in oral and written expression. Any balance in income is to be held and used in succeeding years. More than one fellow a year shall be appointed if there is enough income on hand to substantiate it.

As a condition precedent to the acceptance of the fellowship award the fellow shall agree in writing to repay 10 per cent of the amount of the award to The Ohio State University within one year after his graduation. This payment is to represent an unrestricted grant to the University and is to be credited to the general fund of the University. The Board of Trustees of The Ohio State University shall determine all matters not covered by this grant and relating to the administration of the fund.

2. $14,450.00 from Procter and Gamble Company, Cincinnati, Ohio, for research in the College of Dentistry.

3. $10,000.00 from Smith, Kline & French Laboratories, Philadelphia, Pennsylvania, for research in infectious diseases in the College of Medicine.

4. $5,000.00 from Merck & Co., Inc., Rahway, New Jersey, for arthritis and rheumatism research in the College of Medicine.

5. $5,000.00 in securities from Mr. R. L. Ireland for the establishment of the R. L. Ireland Fund.

   **R. L. Ireland Fund**

   The R. L. Ireland Fund was established November 15, 1965, by a gift through the Development Fund from R. L. Ireland.

   The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

   Income and/or principal may be used as directed by the Dean of the College of Medicine to achieve the required support of the programs in medical research, teaching, and patient care.

6. $4,275.00 from Ralph L. Boyer, Mt. Vernon, Ohio, to establish the Ralph L. Boyer Fund for Engineering.
December 9, 1965 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

7. $3,600.00 from American Zinc Institute, Inc. for the American Zinc Institute Fellowship Fund.

8. $3,500.00 from Goodyear Tire & Rubber Company for the Goodyear Foundation Fellowship Fund.

9. $3,500.00 from Refractories Institute for research in the Department of Ceramic Engineering.

10. $3,000.00 from Parke, Davis & Company (Research Laboratories), Ann Arbor, Michigan, for research in carbohydrate chemistry.

11. $3,000.00 from United Health Foundation, Inc., Van Wert, Ohio, for cancer research in the College of Medicine.

12. $3,000.00 from the Guernsey County Cancer Society for the Operation Eye Research Fund in the College of Medicine.

14. $2,055.00 from The Friedman Foundation, Tiffin, Ohio, for the Band Special Fund.

15. $2,000.00 from Jack S. Resler for the John B. Fullen Scholarship Fund.

16. $2,000.00 from Midwest Cooperative Chemotherapy Group, Chicago, Illinois, for research in cancer chemotherapy in the College of Medicine.

17. $1,500.00 from Ayerst Laboratories for the Ayerst Laboratories Fund.

18. $1,000.00 from Fred A. Murphy for the Student Athlete Grant-in-Aid Fund.

19. $1,000.00 from Harold F. Zieg for the Department of Athletics Discretionary Fund.

20. $359.00 to be added to the $4,641.00 reported on November 11, 1965. A total amount of $5,000.00 from Dr. Joseph W. Kohn is now available for the establishment of the Joseph W. Kohn Fund.

Joseph W. Kohn Fund

The Joseph W. Kohn Fund was established November 1, 1965, by a gift through the Development Fund from Joseph W. Kohn, B.A. '29, M.S. '30, and M.D. '34.

The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

20. Joseph W. Kohn Fund (continued)

The income is to be used by the College of Medicine at The Ohio State University for any purpose whatsoever in the area of surgery; with this stipulation only, that during the lifetime of the donor, Dr. Joseph W. Kohn, he may make a recommendation to the Dean of the College of Medicine in any given year for a specific use of the income for that year and if said request is for an appropriate University purpose said recommendation shall be followed.

In the event that the College of Medicine as it now exists shall be altered in any reorganization of the University colleges, schools, and departments after the donor's decease, then the Board of Trustees or successor governing body of the University shall direct the use of the income for purposes within the field of medicine, with first preference to be given to items in the area of surgery, as recommended by the appropriate administrative official of the University then directly responsible for medical education at The Ohio State University.

TOTAL - Received Through the Development Fund $155,239.00

C. Gift-in-Kind

A gift identified as the "Talfourd P. Linn Collection" of rare books to The Ohio State University Libraries has been received from Mr. Francis S. Linn, Zanesville, Ohio. The gift includes a collection of 114 items of rare books, early editions, and fine bindings of the works of Cervantes and has an appraised value of $21,422.50.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the acceptance of the above grants and gifts was approved by unanimous vote, and the Secretary was instructed to include the report in the minutes of this meeting.

D. Report from The Ohio State University Development Fund

V. APPROPRIATION AND TRANSFER OF FUNDS

A. Appropriation for Research Project

At the request of the Vice President for Research and with the concurrence of the Vice President for Business and Finance, it is recommended that a sum not to exceed $17,000.00 be appropriated from the University Treasurer Research Subaccounts (a) and (b) to the Department of Physics to be placed in a Cyclotron Rotary Account for use in shielding the cyclotron facility and for cyclotron maintenance for the fiscal year 1965-66.

Upon motion of Mr. Davis, seconded by Mr. France, the Board of Trustees by unanimous roll call vote approved the above appropriation of funds.

VI. EXTRA AND CREDIT ORDERS TO CONTRACTS

At the request of the Vice President for Business and Finance, it is recommended that the Extra and Credit Orders to Contracts as listed below be approved by the Board of Trustees.

A. Extra Orders to Contracts

1. Pharmacy Building
2. Installation of New Heating Boiler to Carry Medical Center Load
3. Utility Extension Northeast Corner of Campus, Power Line Extension
4. Sidewalk Repairs

Total

$22,868.65

B. Credit Orders to Contracts

1. Pharmacy Building

$11,875.38

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:
VII. PLANS AND SPECIFICATIONS (continued)

A. Research Center Offices - Repairs and Improvements

This project includes conversion of existing basement space and storage space to offices and a conference room, modification and improvements to the central air conditioning system, and additional electric power services to the office area.

Funds will be provided from the Research Foundation.

B. Physics and Astronomy Building

This project is an addition to the present Physics Building for research and undergraduate laboratories and classrooms. It will also house the Department of Astronomy.

Funds for this project will be provided from Item 002, H. B. 202, and Item 005, S. B. 370.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

VIII. REPORT OF AWARD OF CONTRACTS

27 Releases $80,000.00 from Item 018 Lima, Phase II, H. B. 202, to provide funds for architect’s fees and miscellaneous planning expenses for the project Lima, Phase II.

28 Transfers $1,223,000.00 from Item 032 to a new account, Item 045 Humanities Center, Speech Theater, H. B. 202, and releases $80,000.00 for architect’s fees and miscellaneous planning expenses for the Speech Theater.

33 Authorizes the award of contract without competitive bidding for the Spira-Park Garage at a cost not to exceed $1,600,000.00.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Employment of Structural Engineers, Jones Tower

It is recommended that the engineering firm of Fling & Eeman, Inc. be employed to provide professional engineering services for the structural system, including design calculations, drawings, specifications, estimate of cost, checking shop drawings, and field supervision of construction.

The fee for all work except field supervision shall be calculated on the basis of .50 per cent of the general contract cost and field supervision shall be done at an hourly rate of $13.00 for principals and $8.50 to $11.50 for engineers, but not to exceed .50 per cent of the general contract cost.

Funds will be provided from the Dormitory Construction Account.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

B. Acquisition of Property for Educational, Research, Housing, and Service Facilities

President Fawcett presented the following resolution for consideration by the Board of Trustees:

WHEREAS, The Ohio State University has acquired certain parcels of real property located between Eighth Avenue and Tenth Avenue, bounded on the east by Neil Avenue and on the west by State of Ohio lands; and
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

B. Acquisition of Property for Educational, Research, Housing, and Service Facilities (continued)

WHEREAS, the University in planning to meet a portion of the needs of its students and its programs from the standpoint of educational, research, housing, and service facilities, will be required to acquire most, if not all, of the land lying between Eighth and Tenth Avenues east of present State of Ohio land and west of Neil Avenue, except for the eastern one-half of the block bounded by Neil Avenue, West Eighth Avenue, Michigan Avenue, and West Ninth Avenue; and

WHEREAS, the Trustees of The Ohio State University deem that the acquisition of this land is mandatory in meeting the needs of the University and serving the people of the State of Ohio; and therefore, find it necessary to proceed with the acquisition of real property therefor;

NOW BE IT RESOLVED, that the Vice President for Business and Finance be authorized and directed to proceed with the purchase of the following described real estate with funds already appropriated and released from H. B. 202 for this purpose and, in the event negotiations to purchase said property at a fair and just compensation fail, then, pursuant to his statutory authority, the Director of Public Works for and on behalf of said Board of Trustees, shall be requested to exercise the right of "eminent domain" and acquire by condemnation for the State of Ohio, and said University, the following described real estate located in the City of Columbus, Franklin County, Ohio:

1. Being the south 86' of Lot 29, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 366 West Eighth Avenue. The owners of record are James D. and Helen V. Harville.

2. Being a 54' x 54' tract of the north side of Lots 29 and 30, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 1541-1543 Michigan Avenue. The owner of record is Lorene S. Legg.

3. Lot 36, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 404 West Eighth Avenue. The owners of record are Alice J. and John M. Bainter.

4. Lot 37, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 406-410 West Eighth Avenue. The owners of record are Jack B. and Hulda R. Smith.

5. Lot 38, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 412-414 West Eighth Avenue. The owners of record are John S. and Chidrina M. Urse.

6. Lot 39, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 418 West Eighth Avenue. The owner of record is Marie S. Mowery.
December 9, 1965 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

B. Acquisition of Property for Educational, Research, Housing, and Service Facilities (continued)

7. Lot 40, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 420-422 West Eighth Avenue. The owners of record are Dallas S. Mathews and Virginia S. Milligan.

8. Lot 41, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 426 West Eighth Avenue. The owner of record is Miriam D. Owen.

9. Lot 42, Elizabeth J. McMillen's Homestead Addition, Columbus, Franklin County, Ohio, and commonly known as 432 West Eighth Avenue. The owners of record are Anthony J. and Anne M. Nespeca.

Upon motion of Dr. Thomas, seconded by Mr. Ketterer, the above resolution was adopted by unanimous roll call vote.

C. Mansfield Campus, Phase II, Employment of Architect

It is recommended that the Director of Public Works be requested to appoint the architectural firm of Thomas Gene Zaugg and Associates, Mansfield, Ohio, under a standard State contract, as project architect, under the direction of the University Architect, to prepare preliminary plans for the Mansfield Campus, Phase II.

Funds in the amount of not to exceed $6,000.00 are hereby appropriated, estimated to be 1.2 per cent of the construction cost, from Budget Account 179999, with said funds to be restored to said account when the construction account for the subject project is activated.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

D. Horticulture, Forestry, and Food Technology Center - Construction of New Facility

The College of Agriculture and Home Economics through its Department of Horticulture and Forestry serves a wide segment of agribusiness, including the food processing industry. It is, therefore, proposed that a new structure, located west of the Olentangy River and north of the Leonard W. Goss Laboratory, be designed and constructed and known as the Horticulture, Forestry, and Food Technology Center.

It is recommended that the University Architect be appointed as the project architect, and that the Vice President for Business and Finance be authorized to request funds for preliminary plans in the amount of $33,000.00, which is 1.2 per cent of $2,750,000.00, estimated to be the construction cost of the project with a total turnkey cost of $3,500,000.00.
December 9, 1965 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

D. Horticulture, Forestry, and Food Technology Center - Construction of New Facility (continued)

Funds for this project are available in Item 315-014, H. B. 949.

Upon motion of Mr. Bricker, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

XI. REPORTS

A. Report from President Fawcett Concerning the "Robert Lazarus Professorship in Population Studies"

President Fawcett reported that at the October 14, 1965 meeting of the Board of Trustees the establishment of the "Robert Lazarus Professorship" was approved with the understanding that the field to which the professorship would be applied was to be selected by Mr. Lazarus, Sr. in consultation with Dr. John Weaver, Vice President for Academic Affairs and Dean of Faculties.

The President further reported that Vice President Weaver and Mr. Lazarus, Sr. have now conferred and they have recommended that the professorship be known as the "Robert Lazarus Professorship in Population Studies," and that the following statement be included in the official records of the Board of Trustees:

ROBERT LAZARUS PROFESSORSHIP IN POPULATION STUDIES

The Robert Lazarus Professorship in Population Studies was established in 1965 by gifts from members of the Lazarus family in honor of his birthday. An alumnus of this University (1912), Robert Lazarus throughout his career as a business executive has provided leadership and enthusiastic support to many civic organizations concerned with enlargement of educational opportunities and advancement of human welfare.

It is hoped that the holder of this Professorship will provide leadership in the development of population studies on a University-wide basis, and will actively cooperate with scholars having interests in this field at other Ohio colleges and universities. Population studies as a field of learning shall be construed broadly to include both its scientific and humanistic aspects.

The duties of this Professorship may appropriately include the arranging of interdepartmental and inter-university seminars and symposia, advising of graduate students, and serving as a guest lecturer at undergraduate classes concerned with population problems. It is anticipated that his services would also include research and scholarly writing, advising governmental and civic organizations, and participation in programs concerned with reduction of international tensions and population pressures in overcrowded areas of the world.

274
XI. REPORTS (continued)

A. Report from President Fawcett Concerning the "Robert Lazarus Professorship in Population Studies" (continued)

Qualifications for appointment to this Professorship should preferably include extended teaching and research experience in the field of population studies, and a record of accomplishment in developing educational programs of substantial size and scope. Candidates should be broadly trained in the social sciences, and have demonstrated competence in the analysis of population statistics.

Recommendations for appointment to this Professorship should be made to the Board of Trustees of the University in accordance with the usual rules and procedures as they exist at the time of an appointment. The Professorship shall be administratively located in a single department, but interested scholars in other departments should be consulted in filling this position.

B. Reports from the Finance and Investment Committee

1. Purchase of Property - University Airport

Mr. Allyn, a member of the Finance and Investment Committee, presented the following recommendation and moved that it be approved:

On December 10, 1964, the Board of Trustees approved a report from the Finance and Investment Committee recommending purchase of a limited area of land adjacent to University Airport to be held in the Investment Portfolio.

In accordance with this action, it is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of approximately four acres of land from Walter S. Umbstaetter and Marjorie E. Umbstaetter at a price of $2,000.00 per acre. This property is located adjacent to the west end of University Airport and is contiguous to other investment land holdings in this area.

Funds will be provided for this purchase from the Investment Portfolio and the property will be held in the name of the Board of Trustees of The Ohio State University.

Following a second of Mr. Allyn's motion by Mr. France, the above recommendation was approved by unanimous roll call vote.

2. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated November 30, 1965, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.
XII. RESOLUTION AUTHORIZING COMPLETION OF PLANS FOR A NEW OFFICIAL RESIDENCE FOR THE PRESIDENT OF THE UNIVERSITY

Mr. Mervin B. France moved that the following resolution be adopted:

WHEREAS, the campus master plan prepared jointly by the Office of Campus Planning and the firm of Caudill, Rowlett, and Scott, and unanimously approved by the Board of Trustees on February 16, 1962, provides a new location for the President's House, thereby releasing valuable land area for student oriented purposes in a section of the campus which is in close proximity to a major complex of student residence halls;

WHEREAS, on the basis of the specifically designated gifts and pledges received during the years 1963-64 from friends of the University, some of whom are not graduates of Ohio State, the Board of Trustees on November 6, 1964, authorized the appointment of the firm of Cellarius and Hilmer as project architects, under the direction of the University architect, to prepare preliminary plans for a President's House to be constructed entirely from funds donated to the University for this express purpose;

WHEREAS, the Board of Trustees now has in hand cash and pledges in the amount of $305,616.22 which have been specifically designated for the construction of the President's House;

WHEREAS, these said gifts have been designated for the construction of a President's House and can not be used for any other purpose; and

WHEREAS, the Board of Trustees is firmly committed that any additional costs needed for site improvement, utilities, and furnishings will be from contributions made by friends of the University who designate their gifts for this project;

NOW BE IT RESOLVED, that the aforesaid architects be authorized to complete plans, specifications, bidding documents, etc. in accordance with the November 6, 1964 action of the Board of Trustees and that the Vice President for Business and Finance be authorized to proceed with the implementation of the project following normal procedures. The construction costs are not to exceed $300,000.00.

The motion to adopt the above resolution was seconded by Dr. Bertram D. Thomas and upon a roll call the resolution was adopted by a seven to one vote.

The following is the Secretary's record of the discussion which preceded the roll call vote on the above resolution:

Dr. Thomas in seconding the motion commented as follows:

A comment is not necessary in seconding the motion, but I would like to say that the resolution we have before us is clearly to the financial benefit of the State and a necessary improvement to the University; and, I therefore second the motion.
XII. RESOLUTION AUTHORIZING COMPLETION OF PLANS FOR A NEW OFFICIAL RESIDENCE FOR THE PRESIDENT OF THE UNIVERSITY (continued)

Mr. Ketterer:

I would like to indicate my approval of this motion by stating briefly my reactions to some of the many statements which have been made about this project over the past several months. Some can be labeled as distortions, some are nothing but positive untruths, some have insisted that this project is a self-aggrandizement proposal on the part of the President of the University.

I have the greatest respect for the administration and the President of the University. I have respect for the service that he has offered as the chief executive officer of this University. If I felt for a minute that this program was ill-advised or for his self-exultation, I would be one of the first to oppose it. A moment's reflection will show how foolish such an assumption (regarding self-aggrandizement) is. The President must remove himself from the University in due course of time and, therefore, to conclude that the house is a facility for the benefit of Dr. Novice G. Fawcett is ridiculous. It will become a facility of the University for his successors for many years to come. We have a precedent for moving the location and constructing a new house for the President. In the history of the University, I remember well the location of the President's House in 1920 when I came here as a student. Dr. William Oxley Thompson was living in a house located on High Street. In 1926 our beloved Dr. George Rightmire moved to the new structure, the building now occupied by the President. I doubt that anybody would have said Dr. Rightmire moved into a new residence as a means of exulting himself.

There is another statement made concerning the cost of the project. I hope there has been close attention paid to the substance of the resolution made by my friend Mr. France. We are committing ourselves that the overall cost of the house will not be more than $300,000.00. We are further committing ourselves to the promise that the house, the improvement of the site, and furnishings will be met by funds that are not of taxpayer origin. I think it should not be necessary to say that the facility is needed; that the present house is poorly located; and that it is entirely outmoded as a structure for the size of The Ohio State University.

I grew up in a rural section of the State and the saying "Never look a gift horse in the mouth" was common to hear. We have funds offered to the University as Dr. Thomas has pointed out. These funds cannot be used for any other purpose. The improvement of the site and furnishings will be supported by donations for that purpose. We are left with only one thing--real estate. Certainly no one would compare the value of the new site with the high value of the land in the center of the campus where the house is now located. I should really count myself as remiss if I failed to support this resolution.
XII. RESOLUTION AUTHORIZING COMPLETION OF PLANS FOR A NEW OFFICIAL RESIDENCE FOR THE PRESIDENT OF THE UNIVERSITY (continued)

Mr. Shocknessy:

I would like to ask a question and make a statement--Are the drawings of the proposed house available this morning? I saw them a couple of months ago.

Mr. Carson responded:

I have no drawings here.

Mr. Shocknessy continued:

We have the drawings here for the Center for Tomorrow. We have no drawings for this house. I want the record to show that these drawings are not here. I don't know whether Dr. Thomas saw them. I know he was not there the night they were shown.

I don't defer to anybody in my respect for the President, Mr. Ketterer, and members of the Board, most of whom have been here longer than I have. I have respect for the President. I do not consider this project for his aggrandizement nor as a reward to him; neither do I believe that it is material what the source of the funds is. I think the construction of a monumental type house in these times presents a false standard of values, and I think further that the construction of a monumental type house at this time is out of tune with the times. Monumental type houses of this kind that would have been understood if the drawings were here are almost impossible to staff. Anybody who has had any experience staffing knows that the trend in these times is to smaller houses and simpler living. I am not impressed with the argument that the house is to be used for entertainment purposes, because entertainment in these times is generally being accomplished in public facilities where private help and domestic help are not required; even that is an overstatement because domestic help to staff large entertainments is at a premium.

I conclude by asserting my respect for the President and my belief in him as an administrative officer, and I believe it is out of tune with the times and it represents a false standard of value.

Mr. Davis:

I have appropriate respect for the views of my distinguished colleagues--John Ketterer eloquently stated the whole story. There are a couple additional comments that I would like to make. There has been discussion about the adequacy of the present facility. I am willing to concede that it is all right as a place for the President and his lady to eat and sleep. I think it is equally obvious that for the various and official significant responsibilities--responsibility to the present faculty, students and their families, and distinguished guests--a new structure is needed.
XII. RESOLUTION AUTHORIZING COMPLETION OF PLANS FOR A NEW OFFICIAL RESIDENCE FOR THE PRESIDENT OF THE UNIVERSITY (continued)

My good friend Jim (Shocknessy) used the word 'monumental' several times. I don't know what it means. I do know that on the basis of the preliminary plans developed up to date and plans for revising them, the house that will be constructed will be nothing more than what is adequate and necessary for the responsibilities for the head of this great University.

I would like to express on behalf of the people of Ohio the sincere sense of gratitude for those who have made provision for a fund to cover the cost of a house, for those who have come as friends of the University to provide the funds--the wherewithal to provide an official residence that will be in keeping with the high quality of the faculty and other facilities of this great University. I cannot believe that there are any other objectives by those public spirited individuals who understand the uses for the house. I think we are greatly indebted to them.

For those who still doubt the wisdom of the action, I predict that within a very few years--not more than five years--the wisdom of this action will be seen and thank God for those persons who have made it possible. I am pleased to be on the Board at this time and support this resolution.

Mr. Allyn:

I have great confidence that the Vice President for Business and Finance will be able to keep the construction costs within the amount of $300,000.00, which is the amount we are committing.

Mr. Shocknessy:

The site improvement is going to be independently provided--the site improvement and furnishings.

Mr. Loop:

As Chairman of this Board, it would be difficult to supplement the very effective statements that have been made here this morning. In my opinion, since we all serve as representatives of the people of Ohio, it is the objective of doing what is best in our judgment. Those who have attempted to make this project connected with President Fawcett and as something to be appraised in 1965-66 rather than for the long time good of this University--those individuals who have chosen this course have rendered a great disservice to the University and its effectiveness.
XII. RESOLUTION AUTHORIZING COMPLETION OF PLANS FOR A NEW OFFICIAL RESIDENCE FOR THE PRESIDENT OF THE UNIVERSITY (continued)

Mr. Bricker:

I have had lunch with Fred Jones regularly, and he told me at the last luncheon I had with him that he was in favor of this project. There is no provision in our By-Laws for a proxy vote, but I do wish that it might show in our minutes that he favors this structure.

XIII. PROGRESS REPORT ON THE PROPOSED TWO-YEAR GENERAL COLLEGE

President Fawcett introduced Professor Richard H. Zimmerman whose appointment was approved on October 14, 1965, as Dean of the proposed two-year General College to be established on the campus of The Ohio State University west of the central academic area. In presenting Dean Zimmerman, President Fawcett requested that he give a report of progress on the development of the two-year General College.

A summary of Dean Zimmerman's report is as follows:

The Ohio Board of Regents, in its 'Provisional Master Plan for Public Education in Ohio,' April, 1965, is committed to the development of two-year commuting colleges throughout the State of Ohio. Constraints are being placed on central-campus institutions to foster and encourage the development of the two-year colleges, and thereby, decentralize lower-division education. The Board of Regents foresees that lower-division study on a central campus will eventually be restricted to resident students, specialized curricula and, possibly, the academically elite. Central campuses are to give increased attention to upper-division, professional, and graduate instruction. In the future, the decentralized two-year system will handle the great majority of all lower-division college students.

In addition to the establishment of branches throughout the State, the Regents are recommending that a number of existing universities in heavily populated regions of Ohio establish and assist the development of two-year colleges. The Regents' Provisional Master Plan states, 'The Ohio State University should provide a two-year general college program on a commuting basis serving primarily undergraduate students residing in the Columbus metropolitan area.'

In May, 1964, President Fawcett proposed the establishment of a two-year general college on the campus of The Ohio State University west of the central academic area. On December 22, 1964, President Fawcett appointed a committee of five faculty members to work with Vice President Weaver in the development of educational plans for the college. The results of this study are contained in a report recently submitted to President Fawcett and Vice President Weaver.
The report proposes a plan for lower-division study on the Main Campus of The Ohio State University. A major portion of the report presents the proposed educational role for the two-year college to be located on the West Campus (within the Main Campus) of The Ohio State University. Certain recommendations on the interrelationships of all lower-division curricula, believed to be necessary in establishing the role of the new college, are included.

The recommended educational role for the new college involves two curricular functions found in nearly every one of the approximately 800 junior colleges in the United States, along with one function which is rarely found elsewhere. It is proposed that the college offer a two-year lower-division collegiate curriculum--preparatory to upper-division transfer, and two-year terminal education (both types constitute normal functions for a junior college). Additionally, the University College should offer one-year preparatory-transfer study--freshman collegiate curricula preparatory to sophomore study in degree colleges. The educational role being proposed for the two-year college does not include adult and vocational education, both of which are commonly offered in junior colleges.

The essential difference between the proposed two-year college and a typical junior college would be (a) the one-year preparatory transfer curricula, (b) the types of terminal programs which would be made possible, when needed, by the proximity of certain physical facilities on the Main Campus, (c) the intended experimentation with two-year transfer programs, and (d) the curricular articulations resulting from the college being an integral part of The Ohio State University--with associated implications relative to administrative, instructional and service units, and the physical facilities in general.

The report recommends certain 'first principles' for the new college, principles which are vital to its achieving any significant degree of acknowledged academic success. They are: (1) Excellence in teaching and counseling. While a faculty member in a degree college normally is engaged in a broad spectrum of professional activities, there would be few major important purposes for a faculty member in the proposed college other than excellence in both teaching and counseling. (2) Simplicity. The college cannot afford to try to be 'all things to all people.' It should attempt only several educational functions, and concentrate on doing them well. (3) Emphasis on improved instructional features. Faculty members in the new college, while not obligated to become engaged in non-pedagogical research, would be expected to place considerable emphasis in their work upon the development and use of improved instructional features. (4) Emphasis on curricular and functional articulation with other parts of the University. The heavy emphasis on transfer programs within the new two-year college requires that constant, careful attention be given to the prevention of discontinuities in curricula and standards between the degree colleges and the
XIII. PROGRESS REPORT ON THE PROPOSED TWO-YEAR GENERAL COLLEGE (continued)

two-year college. Additionally, care must be taken in establishing functional articulation within the Main Campus. (5) Separate budgetary control. The college is entitled to its own separate budget--not a budget first filtering through other colleges. (6) Image. Two difficult and highly interrelated problems facing The Ohio State University when searching for the optimal educational role for the new two-year college are those of stigma and matriculational division of students. The image of the college must be protected, so that it can serve in the future as an important source of sophomores and juniors for the degree colleges.

President Fawcett and Chairman Loop commended Dean Zimmerman on the excellent presentation and the progress being made in the development of the plans for the proposed two-year college. Dr. John C. Weaver, Vice President for Academic Affairs, commented that Dean Zimmerman and the other four faculty members working on this assignment had worked diligently in a most creative manner on the development of an answer to a most difficult problem in higher education. In addition to Dean Zimmerman, the other faculty members on the committee are as follows: Professor Elmer F. Baumer, Department of Agricultural Economics and Rural Sociology; Professor Robert C. Fisher, Department of Mathematics; Professor Edwin W. Robbins, Vice Chairman of the Department of English; and Professor Delos D. Wickens, Department of Psychology.

The Secretary was instructed to file the report of the committee with the official records of the Board of Trustees.

Thereupon the Board adjourned.

RECIPIENTS OF HONORS

FRANCIS H. GRISWOLD
DOCTOR OF PUBLIC ADMINISTRATION

Outstanding educator and airman, whose lifelong service to his country has been dedicated to the cause of peace

Francis H. Griswold, former Commandant of the National War College, retired from the United States Air Force with the rank of Lieutenant General after a brilliant career as a military leader and educator. General Griswold exemplifies the role of scholar, educator, airman, and scientist of the twentieth century.

As Commandant, he was responsible for the administration and development of the curriculum of the National War College. This formidable institution provides an educational program not only for the leaders of the United States Departments of Defense, State, and Commerce and for executives from other agencies involved in national security, but also for leading figures from friendly governments as well. The fact that the National War College has been called the world's greatest institution dedicated to national security and peace testifies to the stature of the man who served as its head.

During the 1950's, General Griswold played a vital role in the creation, maintenance, and operation of the Strategic Air Command. As Deputy Commander-in-Chief, he was a key member of the leadership team which led the Command and which made it a major force in preserving the peace.

An illustrious graduate of The Ohio State University, General Griswold has been decorated by the British, French, and Polish governments. He is the recipient of the Order of the Knights of the British Empire, the Legion of Honor and Croix de Guerre with Palm from the Republic of France, and the Order of Polonia Restituto of the Polish Republic. His own country has honored his achievements by awarding him the Distinguished Service Medal, the Legion of Merit with one oak leaf cluster, and the Air Medal.

General Griswold's outstanding service, especially his great skill in translating national policy into the curriculum of the educational institution which he commanded, will continue to have a significant impact on our government as it seeks to chart its future course as a leader in the world family of nations.
HENRY E. HOAGLAND
DOCTOR OF LAWS

Inspiring teacher, distinguished author, effective public servant, creative scholar in finance

Henry E. Hoagland, Emeritus Professor of The Ohio State University, has brought distinction to this institution by his outstanding service as a creative teacher and as a leading contributor to the thought in his academic field. He has inspired many of his students to carry on and extend his educational mission, and he has served as advisor and aide in administrative assignments of major significance.

Dr. Hoagland is nationally respected for his services as a pioneer member of the Federal Home Loan Bank Board in the 1930's and for his far-sighted wisdom and responsible leadership in shaping the savings and loan industry. Even to the present day, he has continued to serve with distinction as a consultant to the savings and loan industry and has brought to its problems a learned understanding of the American economic system.

From 1920 until his retirement in 1956, Dr. Hoagland served as Professor of Business Finance in the Department of Business Organization of this University. His students best remember Dr. Hoagland as a dynamic classroom teacher who took no dogma for granted. They remember, too, the challenge in his comments and his ready humor. He inspired creativity in research and satisfaction with nothing less than the highest level of scholarship.

During World War II, Dr. Hoagland served this University with distinction as Chairman of the Committee on Emergency Cooperation with Federal and State Government. This committee was responsible for marshaling faculty and student efforts required by the war emergency.

_Corporation Finance_, published in 1933, was the first of three college texts by Dr. Hoagland. In 1940, when real estate courses were in a formative stage, his pioneer text, _Real Estate Principles_, did much to crystallize course content for students of real estate. In 1954, his book, _Real Estate Finance_, fulfilled the need for advanced-level treatment of the field and, in revised edition, is widely used today. As a contributing editor to _The National Savings and Loan Journal_, monthly magazine of the National League of Insured Savings Associations, Dr. Hoagland has been an important force in educating and guiding professionals in the newest developments in real estate finance.

Since retirement from teaching, Dr. Hoagland has continued the scholarly interests and activities which made him an eminent leader in his field in his generation.
N. Paul Hudson
Doctor of Science

Internationally known virologist and medical pioneer, distinguished teacher and administrator of graduate and professional education

The name of N. Paul Hudson, Professor Emeritus of The Ohio State University, is pre-eminently associated in scientific circles with the West African Yellow Fever Commission. The work of Dr. Hudson and his colleagues on this Commission affords a superb example of the heroic age of infectious disease research in which a small group of highly dedicated investigators, at great personal risk, went into the field to meet the challenge of one of the world's great epidemic diseases. Their work paved the way for rapid advance in the investigation and control of yellow fever and served as a model of subsequent investigation of other virus diseases, providing much of the fundamental knowledge needed for their control.

Dr. Hudson received the Ph.D. from the University of Chicago and the M.D. from Harvard Medical School. James Millikin University, from which he received the A.B. degree, conferred an honorary Sc.D. degree upon him in 1951. His distinguished university career began as Professor of Virology at the University of Chicago and continued at The Ohio State University as Professor and Chairman of the Department of Bacteriology, Dean of the Graduate School, Research Professor of Bacteriology, and Assistant Dean of the College of Medicine. His professional ability, scholarly excellence, his capacity to excite students, and his patient and sympathetic attitude toward them made him an effective and esteemed teacher and administrator.

Dr. Hudson was the Rockefeller Foundation representative for the War Health Program in London during the bombing of Britain, observing and supervising the first European trials of the newly developed influenza vaccine. As a consultant to the War Department during World War II, he helped to establish and direct the research program in defensive measures related to the use of biological warfare. His sound judgment on technical matters and his skill in working with people made him an invaluable contributor to this program.

Dr. Hudson's research and contributions to scientific knowledge, his concern for the intellectual growth of his students, his zeal in strengthening the standards for graduate education, and his war-time service with the government all testify to his deep convictions on the duties and responsibilities of a scientist and a scholar and to his stature in that dual role.
MORRIS SILVERMAN
DOCTOR OF HUMANE LETTERS

Eminent religious and civic leader whose life has been dedicated to the
spiritual enlightenment of mankind and to the cause of human dignity

Morris Silverman, Rabbi Emeritus of Emanuel Synagogue, Hartford,
Connecticut, has left an indelible mark and attained unusual distinction
in several fields. He is recognized internationally for his scholarly contri-
butions to liturgy. His pioneering and unremittent efforts in the field of
civil rights have received many evidences of admiration and recognition,
including an expression of gratitude from the President of the United
States.

The five degrees which Morris Silverman has earned attest to his basic
and comprehensive preparation for his many accomplishments. He has an
A.B. from The Ohio State University; an M.A. from Columbia University;
and the degrees of Rabbi, M. Hebrew Litt., and D. Hebrew Litt., from Jew-
ish Theological Seminary of America. The honorary D.D. bestowed upon
him by the Seminary was but recognition among his peers of his substantial
achievements.

A liturgical scholar for more than 30 years, Dr. Silverman has produced a number of prayer books that are used by all congregations of Con-
servative Judaism, Hillel Foundations, summer camps, and United States
armed forces throughout the world. He has made notable contributions to
our knowledge and understanding of the history and development of Jewish
liturgical texts. His scholarly endeavor required a thorough command of the
Hebrew language, of the major rabbinic sources, and of a wide variety of
historical and theological materials, in addition to a mastery of English
style. His superb editions and translations are striking evidence of his deep
learning and of the sensitivity with which he writes the English language.

On the humanitarian front, Dr. Silverman has often been a pioneer
and always an indefatigable worker. He has served on the Connecticut State
Commission on Civil Rights for 22 years, six as Chairman. He has appeared
before Congressional Committees and other national groups on behalf of
the rights of his fellow beings. His service as a spokesman for social justice
led to a sponsored trip around the world on behalf of all Americans to pre-
sent the facts about the civil rights movement and its accomplishment—
actual and potential—in the United States. Through his work, Dr. Silver-
man has contributed to the alleviation of human suffering, to the better-
ment of inter-faith relations, to the reestablishment of human dignity, and
to the elevation of the downtrodden and underprivileged in our society.

A man of extraordinary talent and ability, Morris Silverman is dedi-
cated to his professional calling, to scholarship, and to the preservation and
advancement of basic human values.
Smith L. Rairdon has been an effective and productive partner of The Ohio State University for more than four decades. Only he can know the extent to which his undergraduate years instilled in him the sense of duty toward his alma mater which later led to the major positions of leadership he has held in behalf of Ohio State. Yet the record is clear. Smith Rairdon has left a permanent mark of outstanding service to this institution, both as a trustee and as an alumni leader.

From 1949-1951, Mr. Rairdon served as national president of The Ohio State University Association, the official alumni organization, and was completing a seven-year term on the Alumni Advisory Board when he was appointed to the Board of Trustees of the University. He has also served as chairman of the Advisory Committee of the College of Commerce and Administration and was the first person to be selected as an honorary member of the Ohio State chapter of Beta Gamma Sigma, commerce honorary society.

Appointed a trustee in 1958, Mr. Rairdon was a creative participant in the development of University policy during his seven-year term. As chairman, his long-standing loyalty to the welfare of Ohio State and his broad experience in business affairs were brought to bear on the task of guiding this institution during a period of unprecedented growth and development. Those same personal values which led him to assume positions of civic leadership and to exemplify in his own home the best traditions of family life added a rich dimension of understanding to his work in behalf of Ohio State students.

Mr. Rairdon is an executive vice president and a member of the board of directors of Owens-Illinois Glass Company.

The Board of Trustees met at its regular monthly meeting on Thursday, February 10, 1966, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, Bertram D. Thomas, John G. Ketterer, Mervin B. France, and James W. Shocknessy.

Minutes of the last meeting were approved.
February 10, 1966 meeting, Board of Trustees

PRESIDENT'S HOUSE - ACTION OF DECEMBER 9, 1965 RESCINDED

Mr. Alan Loop, Chairman of the Board of Trustees, presented the following statement:

On December 9, 1965, this Board of Trustees authorized the Vice President for Business and Finance to proceed with the construction of a President's House with the understanding that no tax funds would be used and that the total costs of the project would not exceed $300,000.00.

Subsequent to the Board action, President Fawcett requested the Board of Trustees, through its Chairman, to reconsider and rescind the action taken on December 9, and he issued a public statement giving his reasons for this request. A copy of the President's statement was sent to each member of the Board. As Chairman of the Board, I am, therefore, placing before you the request of President Fawcett that the action taken on December 9 pertaining to the construction of a President's House be reconsidered and rescinded.

Upon motion of Mr. France, seconded by Mr. Ketterer, President Fawcett's request, as set forth in the above statement by Chairman Loop, was approved by a roll call vote with six persons voting affirmatively, one negatively, and one abstaining. Those voting "Yes" were Messrs. France, Ketterer, Davis, Allyn, Shocknessy, and Loop; Dr. Thomas voted "No"; and Mr. Bricker abstained.

Mr. James Shocknessy then made the following statement:

I would like to say that as a member of this Board of Trustees who voted against the December 9, 1965 resolution authorizing the construction of a President's House, I am of the opinion that the University may need a new house for the President and that such a new house ought to be constructed on a new site because of the congestion in the area of the present house and other factors which may affect the location of a new house. Accordingly, it would seem to me that it would be advisable to have a committee of this Board to consider this matter further, and I would recommend that the Chairman appoint such a committee. I do not want the action to rescind the December 9, 1965 resolution to be interpreted that this Board is, or I am, unalterably opposed to the construction of a suitable house for the President. It is for this reason I am proposing the appointment of a committee to consider the advisability of constructing a suitable and appropriate house for the President.

Dr. Thomas then asked Mr. Shocknessy whether or not such a house should be built at taxpayers' expense.

Mr. Shocknessy responded by indicating that if the contract which the University has with the President includes housing, then a house might well be constructed at taxpayers' expense, if necessary. Mr. Shocknessy added, "I am not inquiring at this time what disposition is to be made of the money given for this purpose; however, if the Board wishes to discuss it, I am perfectly willing to do so."

The Chairman, Mr. Loop, stated that the request for the appointment of a committee, as recommended by Mr. Shocknessy, would be taken under consideration.

February 10, 1966 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. **GENERAL RECOMMENDATIONS**

A. **Revision of Don Scott Field Master Plan**

The official master plan for Don Scott Field, as previously approved by the Board of Trustees, requires further modification to conform to new regulations of the Federal Aviation Agency. Among these changes, most of which are not of substantive nature, is the establishment of a 200-foot building set-back line south of the main east-west taxiway. This is necessary to conform to Federal Aviation Agency regulations governing fields with runways over 4,200 feet in length.

It is recommended therefore that the six accompanying maps identified as "Master Plan for Don Scott Field," as revised in accordance with the requirements of the Federal Aviation Agency and dated as revised February 10, 1966, be approved.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote, and the Secretary was instructed to file the revised "Master Plan for Don Scott Field" with the official records of the Board of Trustees.

B. **Naming of First Academic Building on the Lima Branch Campus**

The Advisory Committee of the Lima Branch of The Ohio State University has unanimously proposed that the first building on the new Lima Branch Campus be designated "John Galvin Hall." This proposal is made in recognition of the leadership and financial support Mr. John Galvin has given to the development of the Lima Branch.

It is therefore recommended with the concurrence of the President's Cabinet that an exception be made to the standing policy that buildings and structures shall not be named for living persons and that the above proposal of the Advisory Committee of the Lima Branch be approved.

Upon motion of Mr. Bricker, seconded by Dr. Thomas, the above recommendation was approved by unanimous roll call vote.

C. **Wright State Campus - Development of Student Activities and Limited Residence Hall Facilities**

The Wright State Campus Advisory Board, with Mr. Robert Oelman as chairman, at a meeting on January 20, 1966, by formal resolution identified the need for additional student activities facilities and residence hall space on the site of the Wright State Campus.
February 10, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Wright State Campus - Development of Student Activities and Limited Residence Hall Facilities

In response to the above expressed need, it is recommended that the Board of Trustees of The Ohio State University authorize the President, and such other administrative officials of the University as may be designated by him to explore the manner in which additional student activities facilities and limited residence hall facilities at the Wright State Campus can be funded and to assist when appropriate in the development of such facilities.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

D. Amendment to Article I, Section 1, of the Bylaws of the Board of Trustees of The Ohio State University

The supply of the publication which includes the Bylaws of the Board of Trustees and the Rules for the University Faculty is depleted. It is recommended therefore that the Secretary be authorized to have the publication reprinted incorporating the following: (a) amendment in Article I, Section 1, of the Bylaws of the Board of Trustees to conform with the current meeting date, which is the second Thursday of each month rather than the second Friday of each month; and (b) all other revisions which have been duly authorized by the Board of Trustees since the last printing of the document.

Upon motion of Mr. France, seconded by Mr. Davis, the Board of Trustees approved the above amendment to Article I, Section 1, of the Bylaws of the Board of Trustees by a unanimous roll call vote.

E. Authorization for the Filing of Applications for Grant Funds Under Title I of the Higher Education Facilities Act of 1963

It is recommended that the following resolution be adopted by the Board of Trustees in order that The Ohio State University may comply with the instructions from the U. S. Office of Education for the filing of applications for grant funds under Title I of the Higher Education Facilities Act of 1963:

WHEREAS, the U. S. Commissioner of Education is authorized under the Higher Education Facilities Act of 1963 to grant funds for the construction, rehabilitation, and improvement of certain academic and related facilities; and

WHEREAS, the governing body of The Ohio State University, hereinafter called the Applicant, is cognizant of the conditions under which such grant funds are made available and approved for payment to an applicant; and

WHEREAS, it is the sense of the governing body of the Applicant that it is desirable to apply for a grant under the aforementioned act for the projects described as follows:
February 10, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

E. Authorization for the Filing of Applications for Grant Funds Under Title I of the Higher Education Facilities Act of 1963 (continued)

Systems Engineering Building - Center for Tomorrow - Electronics Laboratory - General College - Biological Sciences Building - Humanities, Speech Theatre - Humanities, Language Building - Dayton Campus, Science Building - Branch Campus Buildings at Lima, Marion, and Newark

NOW, THEREFORE, BE IT

RESOLVED, that applications for the projects described above are authorized and directed to be filed with the Ohio Board of Regents, with the understanding that if upon due consideration by said Board, applying the criteria of the State plan, certain or all of said applications receive a priority rating sufficiently high to receive grant funds under the aforementioned act, they will be forwarded to the U. S. Commissioner of Education for consideration for his approval and be it further

RESOLVED, that the governing body of the applicant designated Novice G. Fawcett, President of The Ohio State University, as the person authorized to file applications and act as the representative of the applicant in connection with said applications.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above resolution was adopted by unanimous roll call vote.

II. PERSONNEL CHANGES

Before making the recommendations for the appointment of personnel, President Fawcett made the following statement:

I should like to comment on two significant promotions which have come to key University officers since the last meeting. Dr. John C. Weaver, Vice President for Academic Affairs and Dean of Faculties, will assume a new post as President of the University of Missouri on August 1, 1966. We are sorry that he could not be here this morning, but he had a commitment that could not be broken. This is his second year at The Ohio State University; and as you know, he has given excellent direction to the academic affairs of the University and has been instrumental in initiating three or four basic policy changes. One of these changes is the development of a proposal for a new College of Biological Sciences which was approved by the Faculty Council at its meeting last Tuesday. It is my intention to bring this recommendation to create the new College to you at the March meeting. We regret very much to
II. PERSONNEL CHANGES (continued)

see Dr. Weaver leave us before he has had time to complete the important projects which he has so ably gotten under way; however, we do wish him well in his new and challenging role in educational administration.

Dr. Edward Q. Moulton has been appointed to the Presidency of the University of South Dakota, and I extended him a special invitation to attend the meeting this morning. Dr. Moulton is Associate Dean of Faculties and Dean of Off-Campus Education and will leave this post to take up his new duties on July 1, 1966. Before becoming Associate Dean in the Office of Academic Affairs, Dr. Moulton served this University with distinction as Associate Dean of the Graduate School, Associate Dean of the College of Arts and Sciences, and as a member of the faculty in the College of Engineering. We are sorry indeed to see him leave us, but we are happy for him and support him in this promotion and advancement. I wish to officially congratulate both of these gentlemen and to indicate that we are working diligently to find replacements for them.

Dr. Thomas with the unanimous and enthusiastic concurrence of the entire Board extended felicitations and good wishes to Dr. Weaver and Dr. Moulton in their new assignments.

Mr. Allyn on behalf of the people of the Dayton community extended high commendation and appreciation to Dr. Moulton for the outstanding service he has rendered in the development of the Wright State Campus.

President Fawcett followed with the recommendation that all personnel changes since the December 9, 1965 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Change in Administrative Responsibility, Appointments, Leaves of Absence With Salary, Leaves of Absence Without Salary, and Emeritus Titles:

A. Change in Administrative Responsibility

Ted R. Robinson from Associate Director of Admissions to Director of Admissions, effective February 1, 1966, at a salary of $12,768.00 per annum.

B. Appointments

Karl Brunner appointed to the Everett D. Reese Professorship of Economics and Banking, Departments of Economics and Business Organization, effective October 1, 1966, at a salary of $25,068.00 per annum.
February 10, 1966 meeting, Board of Trustees

II. PERSONNEL CHANGES (continued)

B. Appointments (continued)

Charles L. Babcock, Professor and Chairman, Department of Classical Languages, effective October 1, 1966, at a salary of $17,568.00 per annum.

C. Leaves of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following-named persons are recommended for Leaves of Absence With Salary from the Cooperative Extension Service for the period indicated:

Rodney D. Haines, Instructor (County Extension Agent, 4-H) Lawrence County, effective January 1, 1966 through March 15, 1966, to participate in a program of professional improvement at The Ohio State University.

William L. Melvin, Instructor (County Extension Agent, 4-H) Hocking County, effective January 1, 1966 through March 15, 1966, to participate in a program of professional improvement at The Ohio State University.

David R. Miskell, Instructor (County Extension Agent, Agriculture), effective January 1, 1966 through March 15, 1966, to participate in a program of professional improvement at The Ohio State University.

D. Leaves of Absence Without Salary

Henry J. Barre, Professor, Agricultural Engineering, effective January 1, 1966 through March 31, 1966, to serve on the Ford Foundation contract at Ludhiana, Punjab, India.

Anthimos J. Christoforidis, Professor, Radiology, extended from January 1, 1966 through January 31, 1966. (Original leave granted November 1, 1965 through December 31, 1965.)

Carl E. Nielsen, Professor, Physics, effective April 1, 1966 through June 30, 1966, to engage in research at the Culham Laboratory UKAEA, Abingdon, Berks, United Kingdom.

Joan M. Webber, Associate Professor, English, effective January 1, 1966 through September 30, 1966, to accept a Guggenheim Fellowship.

Lena M. Bailey, Instructor, School of Home Economics, effective January 1, 1966 through June 30, 1966, to participate in a program of professional improvement.
II. PERSONNEL CHANGES (continued)

D. Leaves of Absence Without Salary (continued)

Hugh A. Durbin, Instructor of Library Administration, Library, effective January 1, 1966 through May 31, 1966, to participate in a program of professional improvement.

Donald K. Myers, Instructor (County Extension Agent, Agriculture), Cooperative Extension Service, effective February 1, 1966 through March 15, 1966, to participate in a program of professional improvement at Michigan State University.

E. Emeritus Titles

Clarence D. Brown, Cooperative Extension Service, with the title Instructor Emeritus (County Extension Agent, Agriculture), effective January 1, 1966.

Cecil A. Lamb, Agronomy, with the title Professor Emeritus, effective February 1, 1966.

Upon motion of Mr. Davis, seconded by Dr. Thomas, the Change in Administrative Responsibility, Appointments, Leaves of Absence With Salary, Leaves of Absence Without Salary, Emeritus Titles, and personnel budget actions as recorded in the official "Salary Roll" of the University were approved by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll" with the official documents of the University.

B. The Report of the Research Contracts from the Engineering Experiment Station

During the period from November 24, 1965 through January 28, 1966, the Engineering Experiment Station of The Ohio State University entered into the following research contracts. These research contracts are reported to the Board of Trustees for information and record.

1. Government Research Contracts

   EES 276  An Investigation of Highway Automation, Ohio Department of Highways, Columbus, Ohio, Bureau of Public Roads, Washington, D. C.
   Gross Value - $441,396.00.

   Gross Value - $212,720.00.

   EES 278  Investigation of Traffic Dynamics by Aerial Photogrammetry Techniques, Ohio Department of Highways, Columbus, Ohio, Bureau of Public Roads, Washington, D. C.
   Gross Value - $189,600.00.

   SC 53   Building Code Administration Short Course, Ohio State Board of Building Standards, Department of Industrial Relations, Columbus, Ohio.
   Gross Value - $1,350.00.

The foregoing four contracts for research in the Engineering Experiment Station represent a gross income of $345,066.00.

IV. GRANTS AND GIFTS

The following grants and gifts to the University are among those received since December 9, 1965, and are hereby reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $6,013,546.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Division of Hospital and Medical Facilities, Silver Spring, Maryland 20910, to the University to assist in the construction of a new basic science building for the College of Medicine. (Grant 1-J02-HM-00136-01)
February 10, 1966 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

A. Administered Through the Office of Business and Finance (continued)

2. $1,165,574.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bureau of State Services, Washington, D. C. 20201, to the University for a construction grant for the School of Nursing. (Grant 1J05-HMNU-00130)

3. $809,750.00 granted by the Department of Health, Education, and Welfare, Office of Education, Washington, D. C., to the University for construction of a general undergraduate instructional facility at the Mansfield Branch, Mansfield, Ohio. (Project No. Ohio 3-1230)

4. $192,663.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "General Research Support," under the direction of Dr. Richard L. Meiling, Dean of the College of Medicine, for the period January 1, 1966 through December 31, 1966. (Grant S01 FR-5409-05)

5. $176,222.00 granted by the National Science Foundation to the University for support of thirty-four graduate traineeships distributed as follows: one in Dairy Science, one in Physiological Chemistry, one in Agricultural Biochemistry, one in Physiology, one in Aeronautical Engineering, one in Agricultural Engineering, one in Chemical Engineering, one in Civil Engineering, four in Electrical Engineering, one in Mechanical Engineering, two in Metallurgical Engineering, two in Mathematics, one in Astronomy, one in Geodetic Science, one in Mineralogy, three in Physics, two in Psychology, one in Economics, one in Geography, two in Political Science, one in Sociology and Anthropology, and four which may be assigned in any of the fields supported in this program. This grant is under the direction of Dr. George R. St. Pierre, Associate Dean of the Graduate School, and terminates on September 30, 1967. (GZ-151)

7. $77,386.00 granted by the National Science Foundation to the University for a second-year continuation of the award made to the University last year for graduate traineeships. This grant is under the direction of Dr. George R. St. Pierre, Associate Dean of the Graduate School, and terminates on September 30, 1967. (GE-7996 - Amendment No. 1)

8. $46,700.00 granted by the National Science Foundation to the University for a third-year continuation of the award made to the University in March 1964 for graduate traineeships. This grant is under the direction of Dr. George R. St. Pierre, Associate Dean of the Graduate School, and terminates on September 30, 1967. (GE-4790 - Amendment No. 2)

IV. GRANTS AND GIFTS (continued)

A. Administered Through the Office of Business and Finance (continued)

9. $40,031.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for "General Research Support," under the direction of Dr. Walter R. Krill, Dean of the College of Veterinary Medicine, for the period January 1, 1966 through December 31, 1966. (Grant 5 S01 FR-5463-04)

10. $30,410.00 granted by the National Science Foundation to the University for support of a "Secondary Science Training Program," under the direction of Professor Arnold E. Ross, Department of Mathematics. This grant terminates on November 1, 1966. (GW-566)

11. $27,000.00 granted by the National Science Foundation to the University for the "Purchase of a Multi-Purpose Spectrograph," under the direction of Professor Walter K. Bonsack, Department of Astronomy. (GP-5582)

12. $24,407.00 granted by the Department of Health, Education, and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland, to the University for "Energy Conversion in Primary Bio-Photoprocesses," under the direction of Dr. H. H. Nielsen, Department of Physics, for the period April 1, 1966 through March 31, 1967. (Grant K3-GM-21,946-03)

13. $17,900.00 granted by the National Science Foundation to the University for support of a "Secondary Science Training Program," under the direction of Professor Paul T. Yarrington, College of Engineering. This grant terminates on November 1, 1966. (GW-565)

14. $14,355.00 granted by the Department of Health, Education, and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland 20014, to the University for support of a Research Career Development Award "Identification of Gastrin-Producing Cell," under the direction of Dr. Emmerich von Haam, Department of Pathology, for the period January 1, 1966 through December 31, 1966. (Grant 1-K3-CA,31,237-01)

15. $11,659.00 from the U. S. Department of Health, Education, and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland, to the University for "Graduate Training - Psychiatry," under the direction of Dr. Ian Gregory, Department of Psychiatry, for the period July 1, 1965 through June 30, 1966. (Grant 5 T1 MH-8386-02 and 3 T1 MH-8386-02S1)

16. $6,830.00 from the Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D. C., to the University for "Traineeships in Occupational Therapy," under the direction of Professor Barbara Locher, College of Medicine, for the period September 1, 1965 through August 31, 1966. (Grant VRA-176-T-66 and VRA 176-T-66 Amendment No. 1)

TOTAL - Through the Office of Business and Finance $8,576,042.00
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund

The Andersons Agricultural Research Fund

The Andersons Agricultural Research Fund was established December 29, 1965, by gifts through the Development Fund from "The Andersons," a partnership, and the Anderson Foundation of Maumee, Ohio.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

Income and/or principal is to be used to support agricultural research which would be of benefit to farmers in the region in which the Andersons do business in accordance with the proposal dated December 31, 1965.

2. $25,000.00 from E. I. du Pont de Nemours & Co. for grants-in-aid during 1966 for use of the Departments of Chemistry, Metallurgical Engineering, and Chemical Engineering.

3. $24,672.50 from Everett D. Reese, Columbus, Ohio, to be added to the Everett D. Reese Professorship of Banking and Economics.

4. $22,400.00 from General Motors Corporation, Detroit, Michigan, for the General Motors Corporation Scholarship Fund.

5. $20,000.00 from an anonymous donor for support of the "Samuel and Esther Melton Professorship in Jewish History and Studies."

6. $13,000.00 in securities and cash from the Estate of Eunice Cowen Reubel, deceased, for the establishment of the Eunice Cowen Reubel Memorial Fund.

The Eunice Cowen Reubel Memorial Fund was established December 14, 1965, by a bequest in the will of Eunice Cowen Reubel, deceased.

The principal is to be invested in accordance with the rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for an annual graduate scholarship in business education as determined by the Reubel Scholarship Committee as provided in the plan adopted for the use of the income from this fund.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Appropriation for Patent Services

At the request of the Vice President for Research and with the concurrence of the Vice President for Business and Finance and the Cabinet, it is recommended that a sum not to exceed $5,000.00 be appropriated from the University Treasurer Research Subaccount (c) for patent search and filing fees.

Upon motion of Mr. Ketterer, seconded by Mr. Allyn, the appropriation of a sum not to exceed $5,000.00 for the purpose indicated above was approved by unanimous roll call vote.
V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

B. Appropriation for Preparation of Office Space for the Oral History Center for Latin America

At the request of the Vice President for Research and with the concurrence of the Vice President for Business and Finance and the Cabinet, it is recommended that a sum not to exceed $4,000.00 be appropriated from Subaccount (b) of the University Treasurer Research Account for the construction of an office facility for the Oral History Center for Latin America.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the appropriation of a sum not to exceed $4,000.00 for the purpose indicated above was approved by unanimous roll call vote.

C. Administration Building Repairs

In order to make more effective use of the Administration Building, it is recommended that the Vice President for Business and Finance be authorized to proceed with necessary repairs and alterations to ceilings, lighting, partitions, and air conditioning in accordance with a plan designed by the Office of the University Architect, in accordance with normal University procedures for accomplishing the work and at a cost not to exceed $83,000.00. Funds for this work will be provided from Budget Account 801068.

Upon motion of Mr. France, seconded by Dr. Thomas, the above recommendation for appropriation of funds was approved by unanimous roll call vote.

D. Annual Recognition Dinner - May 11, 1966

Upon the request of the Executive Director for University Relations, and with the concurrence of the Committee on Recognitions, it is recommended that the annual Recognition Dinner for faculty and staff, sponsored by the Board of Trustees, be held on Wednesday, May 11, 1966, at 6:15 p.m., in the Ohio Union, and that a sum not to exceed $3,100.00 be appropriated from 1617-210000 for expenses.

Upon motion of Mr. France, seconded by Mr. Ketterer, the appropriation of $3,100.00 for the annual Recognition Dinner was approved by unanimous roll call vote.

February 10, 1966 meeting, Board of Trustees

VI. EXTRA AND CREDIT ORDERS AND EXTENSIONS OF TIME TO CONTRACTS
(continued)

B. Credit Orders to Contracts

1. Taylor Tower  $6,520.00

C. Extensions of Time for Completion of Contracts

1. Repairs to Exterior Masonry
   November 16, 1965 to May 31, 1966

2. Roof Repairs
   December 12, 1965 to June 30, 1966

3. Repairs to Roofs
   December 28, 1965 to May 31, 1966

4. Repairs to Plumbing in Upham Hall
   March 3, 1966 to June 1, 1966

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it is recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Interior Painting of Fine Arts and Townshend Hall

   This project will correct the condition of the interior walls due to normal deterioration and usage.

   Funds for the project will be provided from Budget Account 121658.

B. Natatorium - Modernization of Lighting

   This project will provide additional circuits and lighting fixtures to provide a modern illumination in the varsity pool area.

   Funds for the project will be provided from Budget Account 121658.

C. Olentangy River Improvement

   This project will provide fill from Olentangy River for the Center for Tomorrow.

   Funds for the project will be provided from Item 025, H. B. 949 and Budget Account 121658.
D. Research Laboratory, Repairs and Improvements

This project provides remodeling of twelve rooms to create laboratories and offices for graduate research in chemistry.

Funds for the project will be provided from Budget Account 175041.

E. Aircraft Apron and Fire-Crash and Rescue Building

This project provides additional ramp area and a hangar-type building to house fire engines, crash vehicles, snow removal equipment, and other service vehicles.

Funds for the project will be provided by the Federal Aviation Agency.

F. Floor Repairs

This project provides the repair of wood, concrete, battleship linoleum, and asphalt tile floor in six buildings.

Funds for the project will be provided from Budget Account 121658.

G. Interior Painting and Patch Plastering of Brown Hall and Mendenhall Laboratory

This project provides for repair and renovation of the walls of these buildings due to deterioration.

Funds for this project will be provided from Budget Account 121658.

H. Athletic Facility North

The location of Abraham Lincoln and Justin Morrill Towers near the Stadium requires moving the football practice fields and varsity baseball diamond. Accompanying this change is the need for athletic locker, equipment, and training facilities north of Lane Avenue and south of Married Student Housing, and west of Olentangy River Road.

Since this facility will be needed for Autumn Quarter football practice, it is necessary to take bids at once and to request the Director of Public Works and the Controlling Board of the State of Ohio to permit advertising for a 10-day period and to award contracts for building the shell and for the various trades necessary to complete the facility.

Funds for this project will be provided from the Athletic Department Rotary.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.
VIII. REPORT OF AWARD OF CONTRACTS

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Special Policeman Commission

At the request of the Vice President for Business and Finance, it is recommended that William Charles Rucker be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees require Mr. Rucker, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

B. Law Building, Third Floor Addition - Employment of Architects

It is recommended that the architectural firm of Potter, Tyler, Martin & Roth be employed to provide architectural and engineering services necessary for preliminary plans, outline specifications, and preliminary estimate of cost.

The fee will be calculated on the basis of 8 per cent of the construction cost for complete service and 20 per cent of the above for the preliminary work only. Funds will be provided from Budget Account 179011.

Upon motion of Mr. France, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

C. Easement for Gas Line, Lima Campus - West Ohio Gas Company

The West Ohio Gas Company has requested permission to construct a gas pipe line on State of Ohio lands, which lands have been designated for use by The Ohio State University Lima Branch. The line will be constructed along a course generally east of and parallel to the center line of Mumau Road to the entrance of the campus, thence parallel to the entrance drive and begin at the north property line of a 565-acre assemblage of land acquired by the State of Ohio in 1965 and recorded in Allen County deed records, Volume 445, page 8. The Lima Branch Campus will be provided gas service through this line.

It is recommended that the construction of the gas line through University lands be approved in a location not inimical to the interests of the University. It is further recommended that the President and/or Vice President for Business and Finance be authorized to request the Director of Public Works, pursuant to his statutory duties, to act on behalf of the University in developing the necessary legal instruments to provide for the installation of said gas line and to negotiate the appropriate compensation to the University.

Upon motion of Mr. Bricker, seconded by Dr. Thomas, the above recommendations were approved by unanimous roll call vote.

D. State Route 39 Right-of-Way, Mansfield Campus - Ohio Department of Highways

The Ohio Department of Highways is planning to improve State Route 39 adjacent to the Mansfield Campus. The improvement will require some additional right-of-way.

It is recommended that the granting of a reasonable highway easement to the Ohio Department of Highways be approved. It is further recommended that the President and/or Vice President for Business and Finance be authorized to negotiate and sign a highway easement on behalf of the Board of Trustees of The Ohio State University pursuant to Ohio Revised Code 3335.11.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendations were approved by unanimous vote.

E. Easement Regulator Station and Gas Line, Mansfield Campus - Columbia Gas of Ohio, Inc.

The Columbia Gas of Ohio, Inc. has requested permission to construct and operate a gas regulator station and gas pipe line on State of Ohio lands, which lands have been designated for use by The Ohio State University. The line is to be constructed along a course generally west of and parallel to the west right-of-way line of State Route 39 on a 554-acre assemblage of land acquired by the State of Ohio in 1965 and recorded in Allen County deed records, Volume 555, page 70 and Volume 562, page 211. The line will provide service for the Mansfield Branch Campus.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

E. Easement Regulator Station and Gas Line, Mansfield Campus - Columbia Gas of Ohio, Inc. (continued)

It is recommended that the construction of the regulator station and gas line on University lands be approved in a location not inimical to the interests of the University. It is further recommended that the President and/or Vice President for Business and Finance be authorized to request the Director of Public Works, pursuant to his statutory duties, to act on behalf of the University in developing the necessary legal instruments to provide for the installation of said gas line and to negotiate the appropriate compensation to the University.

Upon motion of Mr. Allyn, seconded by Mr. Davis, the above recommendations were approved by unanimous vote.

F. Withdrawal from Dividend Reserve on Group Life Insurance

It is recommended that the Vice President for Business and Finance be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of $80,000.00 from the dividend reserve account on Group Life Insurance Policy No. 1305-G in order to make expenditures for supplemental retirement benefits to our emeriti in accordance with Board action of July 10, 1959; for major medical coverage for emeriti in accordance with Board action of April 10, 1959; and death benefits as approved by action of the Board of Trustees on July 11, 1955.

Upon motion of Mr. Davis, seconded by Mr. Shocknessy, the above recommendation was approved by unanimous roll call vote.

G. Purchase of Buildings and Property, 2407 Wood Avenue

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Myrtle Black at a price of $3,000.00:

Property known as 2407 Wood Avenue, being Lot No. 52, Second Wood-Brown Co. Addition, Clinton Township, Franklin County, Ohio.

This purchase is in conformity with the Campus Master Plan and the funds are available in Budget Account 179999 for the purchase of this property.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

H. Purchase of Buildings and Property, 2402 Kenny Road

It is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Cameron and Eleanor Early at a price of $8,000.00:
February 10, 1966 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

H. Purchase of Buildings and Property, 2402 Kenny Road (continued)

Property known as 2402 Kenny Road, being Lot No. 20, Second Wood-Brown Co. Addition, Clinton Township, Franklin County, Ohio.

This purchase is in conformity with the Campus Master Plan and funds are available in Budget Account 179999 for the purchase of this property.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote.

I. City of Columbus Ordinance, North Dormitory Area

It is recommended that the Vice President for Business and Finance be authorized to accept the terms of the proposed ordinance for the vacation of Peasley Street, Joe Alley, Poe Alley and the first and second alleys east of Neil Avenue between the specified limits therein, which provides for the continuation of easements for City of Columbus sewers and water lines.

This vacation of streets and alleys will permit completion of the site development of the North Dormitory area.

Upon motion of Mr. Allyn, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

J. Demolition of Buildings

Upon the recommendation of the Athletic Council and with the concurrence of the Cabinet, the Vice President for Business and Finance requests that the following building be demolished as soon as practical:

The Golf Course Residence at 3603 Tremont Road

This demolition will be accomplished in the most economical manner.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous vote.

K. Employment of Architects - Student Health Facility

The Board of Trustees at its meeting on September 14, 1965, recommended the employment of Louis F. Karlsberger and Associates for the Student Health Facility.

This firm has subsequently asked to be released from this appointment and it is therefore recommended that the firm of Freshwater, Harrison & Associates be employed to provide complete architectural and engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, and necessary bidding documents.
February 10, 1966 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

K. Employment of Architects - Student Health Facility (continued)

Complete supervision of construction is not included at this time, but it is understood that supervision may be added in accordance with the standard fee schedule at the option of the University Architect.

The fee for this service will be calculated at .70 x 6% of $1,000,000.00 and .70 x 5 1/2% of all over $1,000,000.00 of the construction cost. Funds will be provided from Student Facilities Fees.

Upon motion of Mr. Allyn, seconded by Mr. France, the above recommendation was approved by unanimous roll call vote.

L. Insurance Coverage - Award of Contracts

President Fawcett presented the following report and recommendations:

1. Award of Insurance Contract on 24 Specified University Locations

Pursuant to the recommendation of the Retirement and Insurance Committee, the Home Insurance Company, Atkinson-Dauksch Agency, has been awarded the contract for insurance on 24 specified University locations. The Home Insurance Company Policy No. 8 86 61 53 provides the $500 deductible coverage requested on the 24 specified locations for a three-year period, November 15, 1965 through November 14, 1968. It is therefore recommended that the Board of Trustees ratify the action of the Vice President for Business and Finance in awarding this contract.

2. Fire, Extended Coverage, and Business Interruption Insurance on 18 Specified University Locations

Pursuant to an increase in premium retention rate by the present carrier of our insurance on 18 specified locations, a quotation was requested from the Home Insurance Company for this coverage. The results of the inquiry were reviewed and evaluated, and it is recommended that the President and/or Vice President for Business and Finance be authorized to cancel Blackstone Mutual Insurance on 18 specified University locations as of the policy anniversary day, March 1, 1966, and simultaneously award a contract to the Home Insurance Company for the insurance coverage. The additional coverage will be added to Home Insurance Policy No. 8 86 61 53 which will result in a single policy covering 42 specified University locations.

3. "All Risk" Insurance

Pursuant to quotations received on "All Risk" coverage and the evaluation of the University Insurance Consultant, it is recommended that the President and/or Vice President for Business and Finance be authorized to improve the quality of Fire and Extended Coverage insurance on the above 42 locations by adding the Special Coverage Endorsement to the Home Insurance Company policy.
February 10, 1966 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

L. Insurance Coverage - Award of Contracts (continued)

4. Student Insurance Program

Pursuant to a request for proposals mailed to 101 firms on November 30, 1965, 27 firms specifically declined to bid on Student Insurance and 4 proposals were received, opened, and read publicly on January 4, 1966. On the basis of analysis by University staff and the University Insurance Consultant, it is recommended that the Student Insurance Program be awarded to Continental Casualty Company with the following quarterly premium schedule being charged unless the student waives coverage.

The above recommendations are in accordance with a Summary of the Insurance Coverage, Exhibit A and B, which are filed with the official records of the Board of Trustees.

It was moved by Mr. Davis, that the President and/or the Vice President for Business and Finance do all things necessary to implement the above recommendations. The motion was seconded by Mr. Ketterer and approved by unanimous roll call vote.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of J. Ernest Carman, Professor Emeritus of Geology; Vincent J. Ellerbrock, Professor, School of Optometry; and Tibor Rado, University Research Professor. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board have been furnished the families of the deceased.

A. J. Ernest Carman

The Board of Trustees expresses its sorrow at the death on January 12, 1966, of J. Ernest Carman, Professor Emeritus of Geology.

Dr. Carman was born on a farm near St. Charles, Iowa, in 1883. He was graduated from Simpson College in 1901 and continued with graduate work in 1903. He taught in the public schools before going to the University of Chicago where he completed his Ph.D. in 1915. While pursuing his graduate studies, he worked on the t. S. Geological Survey, the Illinois and Iowa Geological Surveys and as an Assistant Professor at the University of Cincinnati. In 1916, he joined the faculty at The Ohio State University, and from 1923 to 1944, he served as Chairman of the Department of Geology from which he retired in 1952.
XI. RESOLUTIONS IN MEMORIAM (continued)

A. J. Ernest Carman (continued)

Dr. Carman was a strongly self-disciplined and meticulous worker, and he demanded much of his students. Although he was strict and sometimes stern with his students, basically, he was kind and generous.

His accomplishments in geology were thorough. His first love was the Pleistocene of his native state, but after he came to Ohio, it was Ohio geology, and especially that of western Ohio. His studies of the Silurian and Devonian of northwest Ohio will hardly be surpassed for completeness. When he presented papers before the Geological Society of America, geologists from all over the country admired the clarity of his offering and the effective organization of his subject matter. His presidential address before the Ohio Academy of Science in 1946, on the geology of scenic features in Ohio, is still remembered by those who heard him.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

B. Vincent J. Ellerbrock

The Board of Trustees expresses its sorrow at the death on December 4, 1965, of Vincent J. Ellerbrock, Professor, School of Optometry.

Professor Ellerbrock was born in Delphos, Ohio, on March 13, 1918. He received his B.Sc. degree (1940), his M.Sc. degree (1941), and his Ph.D. degree (1947) from The Ohio State University.

Dr. Ellerbrock was the Univis Lens Company Research Fellow in Physiological Optics at The Ohio State University during 1940-41. During the following two years, he worked as a Research Assistant on an NDRC research project related to range finders, and he served as an Instructor in the Army Specialized Training Program in the Department of Physics. In 1944, he was given an appointment as a Research Fellow in the Dartmouth Eye Institute at Dartmouth College, Hanover, New Hampshire, where he worked on Aniseikonia and Subnormal Vision Aids for two years. While working on his Ph.D. degree, he served again as the Univis Lens Company Research Fellow in Physiological Optics, and his Ph.D. dissertation was based on a study of fusional movements of the two eyes. This continued to be the central theme of his research program. In 1947, he was named Assistant Professor of Physiological Optics in the School of Optometry and advanced through the ranks to become Professor in 1956.

Dr. Ellerbrock served the School of Optometry in various ways. As Chairman of the Building and Equipment Committee, he played a major role in working out the detailed plans for the Optometry Building which was occupied in 1951, the addition of which was completed in 1961, and was active in formulating plans for further expansion of the building and equipment facilities.
B. Vincent J. Ellerbrock (continued)

Dr. Ellerbrock became the Director of the Optometry Clinic in 1951 and organized the clinical program with its special clinics in the fields of Aniseikonia, Subnormal Vision, Contact Lenses, and Orthoptics. The development of these special clinics was his finest contribution.

In 1949, he published a book, Light, Vision and Lenses, in collaboration with Dr. G. W. Knox. He also published A Manual for the Optometry Clinics. His publication list included 45 scientific papers.

Dr. Ellerbrock introduced and developed a program of postgraduate courses for practicing optometrists, and he helped develop the Museum which features the history of eyewear and visual-testing devices from the earliest times up to the present.

Dr. Ellerbrock was a member of the Optical Society of America, the American Optometric Association, the Ohio State Optometric Association, the American Academy of Optometry, where he served on the Executive Council and Editorial Council, the Military Liaison Committee of the Association of Schools and Colleges of Optometry, and the Research Advisory Committee of the American Foundation for the Blind. He was also a member of Sigma Xi and was an honorary member of two of the optometric professional fraternities--Epsilon Psi Epsilon and Omega Epsilon Phi.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

C. Tibor Rado

The Board of Trustees expresses its sorrow at the death on December 29, 1965, of Tibor Rado, University Research Professor Emeritus.

Dr. Rado was one of the galaxy of Hungarian mathematicians who came to the United States after World War I and imparted a significant impulse to the development of mathematical studies. Professor Rado's contributions to mathematical theory ranged from geometry to abstract formulas, including such subjects as calculus of variations, analysis in general, conformal mapping, minimal surfaces, complex functions, geometry of area, rieman surfaces, and plateau problems.

Professor Rado was born in Budapest on June 2, 1895. From 1913 to 1915 he attended the Polytechnic Institute in the Hungarian capital. He then joined the Hungarian armed forces as a first lieutenant and was captured on the Russian front and sent to Siberia. He escaped from the prisoners' camp and his subsequent odyssey took him to the Arctic regions of Russia, where he lived with Eskimos while moving slowly westward, seeking final escape to his homeland. After thousands of miles across the Arctic wastelands, Dr. Rado returned to Hungary and resumed his education. In 1923, he received a Doctor of Philosophy degree from the University of Szeged.

XII. RESOLUTIONS IN MEMORIAM (continued)

C. Tibor Rado (continued)

Dr. Rado taught for a brief period at the University of Szeged and then went to Germany as a research fellow for the Rockefeller Foundation. In 1929, he came to the United States. He lectured at Harvard University and the Rice Institute and in 1930 joined the faculty of The Ohio State University.

In 1933, Dr. Rado published his first original contribution to mathematical thought, "On the Problem of Plateau," which was translated into every Western language and brought him instant fame. In 1935, he published his second work, "Subharmonic Function."

As World War II entered its final phase, he interrupted his academic career to render a special service to the United States Government. As a science consultant to the armed forces, he was sent to Germany to find German scientists needed by the United States as it approached the nuclear and missile age. Dr. Rado then returned to his research at the Institute for Advanced Study at Princeton, New Jersey. In 1946, he became Chairman of the Department of Mathematics at The Ohio State University, a position he held through 1944. The following year he was named Research Professor.

Professor Rado served as a Visiting Professor at a number of universities, including the University of Chicago, the University of Puerto Rico, and Kansas State.

In the last six years, Dr. Rado's work with computers was concentrated on the design of automatic systems, appropriate mathematical tools, the method called Turing machines, named after the English mathematician, Alan M. Turing, which he preferred to call "Turing, programs," and the limitations of what computers can do.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

XII. REPORTS

A. Reports from the Finance and Investment Committee

1. Purchase of T. H. Langlois Property on South Bass Island

Mr. Allyn, a member of the Finance and Investment Committee, presented the following recommendation and moved that it be approved:

Since it would be in the best interests of The Ohio State University to acquire the T. H. Langlois Property on South Bass Island, which property is adjacent to property of the State of Ohio, it is recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Thomas H. Langlois at a price of $9,500.00:
XII. REPORTS (continued)

A. Reports from the Finance and Investment Committee (continued)

1. Purchase of T. H. Langlois Property on South Bass Island (continued)

Property known as "Langlois Property" South Bass Island, County of Ottawa, State of Ohio, to wit: The corner (North) of the following described property (real estate), being a part of the Reserve Farm (so-called), known as, and being the "Pond Lot" as laid out and designated on the recorded plat and survey of said Reserve Farm made by E. H. Brennan, containing seven and thirty-six one hundredths (7-36/100) acres more or less.

Said lot being deeded is described as follows: Adjoining the land owned by the United States Fish Commission, with a common boundary line, starting at a corner stone at the northeast end of the line and stopping at an iron pin, eleven (11) feet from a corner marked "Fisheries Boundary"; thence at right angles southeastwards 108 feet (one hundred and eight feet); thence paralleling the first line, in a north-easterly direction to low water of the lake shore; thence northwards along the low-water line to intercept a line running from the corner stone at right angles to the first line to the lake; thence along this intercepted line to the corner stone, point of beginning, and the purchase price contained herein includes the above lot, the appurtenances thereon and the furnishings in the house. Last transfer of record: Mortgage Book 72, page 432, dated November 17, 1938, Ottawa County.

Funds are available in the Investment Portfolio, Mary D. Rogick Fund.

Following a second of Mr. Allyn's motion by Mr. Shocknessy, the above recommendation was approved by unanimous roll call vote.

2. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated January 31, 1966, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.

B. Report on Action Taken by the Ohio Board of Regents at Its Meeting Held January 14, 1966

It is reported for information and the record that the Ohio Board of Regents at its meeting on January 14, 1966, approved the following two contracts for professional services to be rendered by The Ohio State University in accordance with previous action by the Board of Trustees authorizing President Fawcett to negotiate such contracts:

B. Report on Action Taken by the Ohio Board of Regents at Its Meeting Held January 14, 1966 (continued)

(1) Contract for professional services rendered for the development of a preliminary five-year plan and a proposal for a one-year technical services program as these terms are defined in the State Technical Services Act of 1965.

(2) Contract for professional services rendered for the purpose of coordinating all activities in preparation of the establishment of a regional laboratory pursuant to the Elementary and Secondary Education Act of 1965.

C. Status of Three Projects (Communications Center, Research Tower, and Horticulture, Forestry, and Food Technology Center) Authorized by the Board of Trustees at Its December 9, 1965 Meeting

At the December 9, 1965 meeting, the Board of Trustees adopted resolutions which authorized the President to proceed with the implementation of three projects as requested by the Ohio Board of Regents. These resolutions relate to the construction of a Communications Center, the development of a Research Tower, and the construction of a new facility to be known as the Horticulture, Forestry, and Food Technology Center. It is now reported for information and the record that there is no current financial support for either the Communications Center or the Research Tower and that these projects will be held in abeyance for the time being. The Horticulture, Forestry, and Food Technology Center project is moving forward on schedule and the State Controlling Board has released planning money based upon an estimated total cost for this project of $3.5 million.

D. Admission Policies for Freshmen for the 1966-67 Academic Year

Within the past several months, there has been widespread interest concerning the policies for the admission of freshmen to State-assisted universities. The following statement has been prepared to clarify the admission policies of The Ohio State University for entering freshmen for the academic year 1966-67. This statement is in accord with the provisions of the Ohio Revised Code and the general guide lines regarding admission policies adopted by the Ohio Board of Regents at its meeting on January 14, 1966, and is reported for information and for the record.

ADMISSION POLICIES FOR FRESHMEN
ACADEMIC YEAR 1966-67

Some guiding principles considered in the development of admission policies for The Ohio State University are: (a) As a State-assisted institution, this University will comply with Section 3345.06 of the Ohio Revised Code and adhere to the doctrine of open admissions for freshmen to an academic division offering a program of study leading toward a degree for all residents of Ohio who are graduates of an accredited high school. (b) As the principal State-assisted university with the primary responsibility for graduate and professional education, priority will be given to qualified students.
applying for admission to the graduate, professional, advanced undergraduate, and the special honor freshmen programs of the University. (c) In view of the limited state appropriations and classroom, laboratory, and library facilities on the Columbus Campus, excellent two-year programs of instruction comparable to those maintained on the main campus have been established on Branch Campuses located at Lima, Mansfield, Marion, Newark, and Columbus.

In accordance with the above principles, the admission policies for entering freshmen during the 1966-67 academic year are as follows:

1. A graduate of an accredited high school who is a resident of Ohio and who applies for admission on or before the established deadline dates will be accepted to one of the undergraduate collegiate programs of study offered at the branch campus of the applicant's choice for the Autumn, Winter, and Spring Quarters for the 1966-67 academic year. Students admitted to a program of study at a branch campus are expected to continue at the branch campus through the academic year.

2. Whereas the enrollment capacity on the Columbus Central Campus has been limited for the academic year 1966-67 by the amount of available state appropriations and the availability of classroom, laboratory, and library facilities, the number of freshmen who may be admitted to the academic divisions of the Central Campus for the Autumn, Winter, and Spring Quarters shall not exceed the spaces available after a calculation has been made on the number of graduate, professional, advanced transfer, and returning undergraduates who are expected to be enrolled for the next academic year. The assignment of freshmen for priority class scheduling on the Central Campus will be based upon information pertaining to the applicant's predicted academic success, particular qualifications for special programs, and the chronological order of the application. It is expected that applicants given this priority will have above average high school academic records, achieve satisfactory scores on aptitude tests, and have a high school principal's favorable recommendation.
D. Admission Policies for Freshmen for the 1966-67 Academic Year (continued)

3. An excellent program of courses for freshmen will be offered during the Summer Quarter on the Columbus Campus and high school graduates who apply for admission for the Summer Quarter 1966 will be accepted for admission. Students enrolled for the Summer Quarter and who achieve satisfactory marks will be given priority in class scheduling for the succeeding quarter.

4. High school graduates who apply for admission to the Columbus Campus for the Autumn, Winter, and Spring Quarters during the 1966-67 academic year and who are not assigned to the limited spaces available on the Central Campus will be admitted and given a lower priority for class scheduling. Such applicants will be designated as Columbus Branch students and most of their classes will be scheduled in late afternoon and evening hours.

5. Admission of out-of-state students as freshmen will be limited to those applicants who have demonstrated high academic promise based upon information pertaining to their predicted academic success and particular qualifications for special programs. A high school principal's favorable recommendation will be required.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the Secretary was instructed to include the above reports in the minutes of this meeting.

E. Report from President Fawcett Pertaining to the Proposed Federal Budgetary Cuts in Funds for Land-Grant Institutions

President Fawcett made the following statement:

The Ohio State University and other land-grant institutions view with dismay and shock the proposals in the President's 1967 budget that would reduce by more than $20,000,000 the instructional and research funds that flow to our institutions and would shift $10,000,000 in extension funds from institutional allocation by formula to a system of Federal allocation.

1. Land-grant teaching funds alone have been cut by $11.95 million which reduces our annual income at Ohio State for faculty salaries from $430,710 per year to approximately $50,000. For a period of at least 15 years prior to 1960 our income from this source averaged about $149,000 per year. In my personal involvement with the National Association of State Universities and Land Grant Colleges...
I, along with my colleagues, gave considerable time to bringing the matter of the inadequacy of these funds to the attention of Congress.

In 1960 Congress reviewed this program and increased its support from $3,000,000 to $14.5 millions annually - an action based on the problems that grow out of inflation and population growth. A part of our increase was therefore funded in fiscal '62 and since the 1962-63 academic year our annual income from this source has been $430,710.

Institutions like Ohio State have viewed this income not unlike the resources that flow from endowments. It takes a great deal of effort these days to put together the resources that are required for keeping institutions like ours on the forefront of educational progress. To find resources for the replacement of large sums of money removed from our operating budgets is a most difficult assignment.

Funds from the aforementioned source have been flowing to our institution since 1862. At that time Senator J. S. Morrill of Vermont, by unanimous act of Congress, initiated this movement for the purpose of placing land-grant institutions on a firm instructional foundation 'for as long as this nation shall live.' It is the view of the National Association of State Universities and Land-Grant Colleges that the proposed action represents a gross lack of information on current Federal funds relating to higher education.

I am in full agreement with the National Association of State Universities and Land-Grant Colleges' position to the effect that 'The Federal government has substantial programs to help students get into college. It helps build buildings, construct educational television facilities, and purchase equipment. It finances a wide variety of research programs. But, aside from the modest amount it now proposes to eliminate, it nowhere helps finance the central function of instruction of the undergraduates about which there is so much national concern today.'

This action comes at a time when our institutions are attempting to make faculty arrangements for the coming academic year. As I reported to this Board in September, some adjustment in student fees effective

XII. REPORTS (continued)

E. Report from President Fawcett Pertaining to the Proposed Federal Budgetary Cuts in Funds for Land-Grant Institutions (continued)

with the 1966-67 academic year is almost inevitable. It has been my hope to keep that increase as modest as possible and in concert with what I believe to be the role of the state university. It would take no less that $10.00 per year per student just to cover the anticipated loss from land-grant funds exclusive of the other problems that must be met by such fee increases.

Another of my concerns has been centered around the growing participation of the Federal government in the whole spectrum of higher education. The long and satisfactory relationship between the University and the Federal government where there has been literally no Federal interference with the use of funds that have come from this source has set a pattern that has become a model for institutional-Federal relationships. At a time when the Federal government is now investing in higher education a larger sum than the combined amounts invested by all of the states in the union, the principles that have governed our relationships with respect to land-grant money take on added significance.

Finally, in states that have biennial sessions of their Legislatures, this anticipated action on the part of the Federal government comes at a time when the states, except through special session, cannot very well come to the rescue of the land-grant institutions.

II. Agricultural research funds have been cut by $8.5 million dollars. It is estimated by Director Kottman that this cut will effect the income at The Ohio Research and Development Center by $231,970. I know that Director Kottman and the members of the Board of Control view anticipated action with respect to agricultural research not unlike we view the planned cut in land-grant teaching funds.

III. The proposed shift of $10,000,000 in support of the Cooperative Extension Program and the U. S. Department of Agriculture from institutional allocation to Federal allocation appears to be for the purpose of attaining increased concentration of effort on rural community development and work with low-income families. It is estimated that this shift will decrease the appropriation in support of the Ohio Cooperative Extension Service by $357,100.
February 10, 1966 meeting, Board of Trustees

XII. REPORTS (continued)

E. Report from President Fawcett Pertaining to the Proposed Federal Budgetary Cuts in Funds for Land-Grant Institutions (continued)

I agree with the position of the National Association of State Universities and Land-Grant Colleges when it states that 'The objective is praiseworthy, the method unnecessary and undesirable. The land-grant institutions have pioneered the work of rural community development and shifted resources to this area to work with low-income families, in full cooperation and consultation with the U. S. Department of Agriculture. They have also repeatedly urged additional Federal assistance for this work, which has not been forthcoming. The implications of change from cooperative consultation to Federal direction are disturbing, to say the least.'

It is my intent to inform the members of the Ohio delegation in Congress about Ohio State's opposition to anticipated Federal action. Any additional contacts that might properly come from members of this Board would be very much appreciated if the members of this Board are in agreement with my views.

Upon motion of Mr. Bricker, seconded by Mr. France, the Board of Trustees voted unanimously to support vigorously the position reported by the President in the above statement.

F. Report on Status of Selection of a Director for the School of Journalism

Mr. Shocknessy requested President Fawcett to report on the status of the selection of a Director for the School of Journalism.

President Fawcett responded as follows:

I view this problem not unlike any other academic problem related to the search for competent faculty. I am advised by the Dean of the College, who has returned to the campus from a vacation period, that he has reconstituted a faculty committee and that he will give this problem his immediate attention. As soon as I receive a recommendation from the Dean, and after appropriate consultation, I will bring a recommendation for appointment to this Board. It is very difficult to predict the amount of time which will be necessary when dealing with an academic problem of this nature. However, I am hopeful to have a recommendation for appointment of a person as Director of the School of Journalism within the next several months.

XII. REPORTS (continued)

G. Annual Reports for The Ohio State University Research Foundation and the Engineering Experiment Station

Mr. Mount reported that the Annual Reports for The Ohio State University Research Foundation and the Engineering Experiment Station have been received. A copy of these reports will be mailed to the members of the Board of Trustees and one copy of each report will be filed with the official records of the Board of Trustees.

Thereupon the Board adjourned to meet Thursday, March 10, 1966, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

John T. Mount
Secretary

Alan B. Loop
Chairman
The Board of Trustees met at its regular monthly meeting on Thursday, March 10, 1966, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, John W. Bricker, Bertram D. Thomas, John G. Ketterer, and James W. Shocknessy.

Minutes of the last meeting were approved.
March 10, 1966 meeting, Board of Trustees

President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of a College of Biological Sciences

After many months of study by the Council on Instruction under the leadership of the Vice President for Academic Affairs, the Faculty Council on February 8, 1966, approved the establishment of a College of Biological Sciences.

It was recommended therefore:

That those biological disciplines specified in the following paragraph be reorganized at this University into an independent administrative unit, a College of Biological Sciences, effective July 1, 1966; and

That the faculties of the existing academic divisions be transferred to the College of Biological Sciences, effective July 1, 1966: the Department of Agricultural Biochemistry (to be known in the new college as the Department of Biochemistry), the Department of Botany and Plant Pathology, the Department of Microbiology, the Department of Zoology and Entomology, and the Division of Biophysics; and

That authorizations for the baccalaureate degrees and for all degree programs associated with the units named above be transferred from their present locations to the College of Biological Sciences, effective with the beginning of Autumn Quarter, 1966; and

That the appropriate undergraduate courses be transferred from the Departments of Anatomy, Physiological Chemistry, and Physiology to the College of Biological Sciences, effective with the beginning of the Autumn Quarter, 1966, and that authorization for the undergraduate major programs in those departments be withdrawn from the College of Medicine, effective with the beginning of the Autumn Quarter, 1966; and

That in order to meet requirements for the continued accreditation of the College of Medicine a Department of Medical Microbiology be established in the College of Medicine, effective July 1, 1966; and

That the President be authorized to initiate a search for the Dean of the new college and that he be appointed as soon as possible.

Upon motion of Mr. Bricker, seconded by Mr. Davis, the Board of Trustees approved the establishment of a new college—the College of Biological Sciences—by unanimous roll call vote.
March 10, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Revision of Rule 13.0503 of the Rules for the University Faculty

To regularize the procedure already in operation in most of the major academic departments of the University, it was recommended that the Board of Trustees approve the following revision to the Rules for the University Faculty as endorsed by the Faculty Council at its meeting on February 8, 1966:

That Rule 13.0503 be amended by adding a new subsection "c" to Section 2 which will read as follows:

"c. To prepare, after consultation in accordance with the Pattern of Departmental Administration, a statement setting forth the criteria and procedures according to which recommendations concerning salary increases, promotions in rank, and granting of tenure are made within the Department or School. This statement shall be made available to all present and prospective members of the Department or School, and a copy shall be deposited in the office of the Vice President for Academic Affairs and Dean of Faculties. At the beginning of each four-year term of the Chairman of a Department or the Director of a School, the members of the Department or School and the office of the Vice President for Academic Affairs and Dean of Faculties shall receive either a revision or reaffirmation of the original statement."

Further, that subsections "c" through "k" of Section 2 of Rule 13.0503 be relettered as "ct" through "l."

Upon motion of Mr. Ketterer, seconded by Mr. Shocknessy, the Board of Trustees approved the above recommendations by unanimous roll call vote, and the Secretary was instructed to make such changes in the Rules for the University Faculty as are required to implement the above recommendations.

C. Degrees Conferred - Winter Quarter Commencement Convocation

It was recommended that degrees be conferred at the Winter Quarter Commencement Convocation on March 18, 1966, to those students who have completed the requirements for their respective degrees and are recommended by the Faculty Council. The names of those awarded degrees will be included in the minutes of this meeting. (See Appendix VIII, page 409.)

Upon motion of Mr. Shocknessy, seconded by Mr. Davis, the Board of Trustees approved the above recommendation by unanimous roll call vote.
March 10, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

D. Establishment of the "Gustav Hirsch Memorial Professorship" in the College of Medicine

Pursuant to the conditions set forth for the establishment of a "Named Professorship," as approved by the Board of Trustees at its January 14, 1965 meeting, it was recommended with the concurrence of the Vice President for Academic Affairs and the Dean of the College of Medicine that the "Gustav Hirsch Memorial Professorship" in the College of Medicine be established. This professorship is dedicated to the advancement of cardiology within the College of Medicine and its Department of Medicine.

The recipient of this professorship will be made upon the recommendation of the Dean of the College of Medicine who will seek recommendations from the Chairman of the Department of Medicine and the Chief of the Division of Cardiology.

The "Gustav Hirsch Memorial Professorship" will be supported by a gift to The Ohio State University from Miss Irene Hirsch through the Central Ohio Heart Association in the amount of $5,000.00 annually for a period of not less than five years.

Upon motion of Mr. Ketterer, seconded by Mr. Bricker, the Board of Trustees by unanimous roll call vote approved the establishment of the "Gustav Hirsch Memorial Professorship" in the College of Medicine.

E. Honorary Degrees

The Faculty Council on February 8, 1966, recommended that honorary degrees be conferred on the following:

David K. Detweiler - Doctor of Science

Andrew Denny Rodgers III - Doctor of Literature

It was therefore recommended that the Board of Trustees approve the awarding of the honorary degrees as indicated to the above-named persons at the June Commencement Convocation or as soon as possible thereafter.

Upon motion of Mr. Shocknessy, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

II. PERSONNEL CHANGES

It was recommended that all personnel changes since the February 10, 1966 meeting of the Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Promotions, Appointment, Leaves of Absence With Salary, and Leaves of Absence Without Salary:
March 10, 1966 meeting, Board of Trustees

II. PERSONNEL CHANGES (continued)

A. Promotions

Neil C. Andrews promoted to Assistant Dean of the College of Medicine (part time - 73%), effective April 1, 1966, at a salary of $17,160.00 per annum. Dr. Andrews will continue to hold the rank of Associate Professor (part time - 25%) in the Department of Surgery at a salary of $4,608.00 per annum.

Henry G. Cramblett promoted to Professor and Chairman of the newly created Department of Medical Microbiology, effective July 1, 1966, at a salary of $24,168.00 per annum. Dr. Cramblett will continue to hold the rank of Professor in the Department of Pediatrics at No Salary.

B. Appointment

Harold V. Ellingson, Professor and Chairman, Department of Preventive Medicine, effective April 1, 1966, at a salary of $24,168.00 per annum.

C. Leaves of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1954, the following-named persons were recommended for Leaves of Absence With Salary from the Cooperative Extension Service for the period indicated:

Robert W. Cole, Instructor (County Extension Agent, Agriculture) Henry County, effective April 1, 1966 through June 15, 1966, to participate in a program of professional improvement at Michigan State University.

John E. Moore, Instructor (Extension Economist, Farm Management), effective April 1, 1966 through June 15, 1966, to participate in a program of professional improvement at The Ohio State University.

Lois Ann Simonds, Instructor (Extension Specialist, Marketing Information for Consumers), effective April 1, 1966 through August 31, 1966, to participate in a program of professional improvement at The Ohio State University.

D. Leaves of Absence Without Salary

Julian H. Markels, Associate Professor, Department of English, effective April 1, 1966 through September 30, 1966, to accept a Howald Fellowship.

Siefrid P. Bruny, Assistant Professor (District Program Leader, 4-H), Cooperative Extension Service, effective May 1, 1966 through May 31, 1966, to participate in a program of professional improvement at The Ohio State University.
II. PERSONNEL CHANGES (continued)

D. Leaves of Absence Without Salary (continued)

Raymond E. Dumett, Instructor, Department of History, effective April 1, 1966 through September 30, 1966, to pursue his Ph.D. program of studies in England.

Alga D. Weaver, Instructor (County Extension Agent, Home Economics) Tuscarawas County, Cooperative Extension Service, effective March 1, 1966 through September 30, 1966, due to ill health.

Upon motion of Mr. Davis, seconded by Mr. Shocknessy, the Promotions, the Appointment, the Leaves of Absence With Salary, the Leaves of Absence Without Salary, and the personnel budget actions as recorded in the official "Salary Roll" of the University were approved by unanimous roll call vote, and the Secretary was instructed to file these changes in the "Salary Roll" with the official documents of the University.

III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and
   The Ohio State University Research Foundation

In accordance with the Memorandum of Agreement between The Ohio State University and The Ohio State University Research Foundation approved by this Board on September 5, 1950, it was recommended that the research agreements for the following projects administered through the Research Foundation be approved and recorded in the minutes of this meeting.

1. Government Contracts - Federal

IV. GRANTS AND GIFTS

The following grants and gifts to the University were among those received since February 10, 1966, and were reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $166,000.00 from the Department of Health, Education, and Welfare, Office of Education, Division of Handicapped Children and Youth, Washington, D. C. 20202, to the University for support of the program entitled, "Preparation of Professional Personnel in the Education of Handicapped Children." (Grant OEG-3-6-00145-0145)

2. $12,600.00 from National Science Foundation to the University for support of an "Undergraduate Research Participation Program," under the direction of Professor W. Hayes Yeager, Department of Speech. This grant terminates on July 31, 1967. (GY-842)

3. $11,200.00 from National Science Foundation to the University for support of an "Undergraduate Research Participation Program," under the direction of Professor John G. Burnham, Department of History. This grant terminates on September 30, 1966. (GY-953)

4. $10,500.00 from National Science Foundation to the University for support of an "Undergraduate Research Participation Program," under the direction of Professor Belton M. Fleisher, Department of Economics. This grant terminates on July 31, 1967. (GY-849)

5. $5,523.00 additional grant from the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for support of "Cancer Training," under the direction of Dr. Emmerich von Haam, Department of Pathology, for the period September 1, 1965 through June 30, 1966. (Grant T2 CA 469-19 Revised)

TOTAL - Through the Office of Business and Finance $205,823.00
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund

1. $23,000.00 from The Friedman Foundation, Tiffin, Ohio, to the University for deposit in the Friedman Fund, Account No. 179989.

2. $16,000.00 from William R. Flesher and Marie Adamson Flesher for the establishment of The Flesher Fellowship Fund.

The Flesher Fellowship Fund

The Flesher Fellowship Fund was established December 31, 1965, by gifts through the Development Fund from William R. Flesher, M.A. '35, Ph.D. '42, and Marie Adamson Flesher, M.A. '35, Ph.D. '51, who served respectively as professor and associate professor in the College of Education until their resignations in October, 1961.

This Fund, to be known popularly as "The Sweet Sixteen Fund," is established in honor of Mr. Flesher's 16 doctoral graduates:

Harold W. Boles, '57  Paul K. Howells, '56
Guy W. Buddenmeyer, '53  Robert E. Hubbard, '53
Kenneth J. Crim, '59  Hugh S. Morrison, '57
Victor W. Doherty, '54  John O. Niederhauser, '61
Max W. Evans, '61  Emiliano C. Ramirez, '53
Walter G. Hack, '59  William M. Root, '58
David C. Hanna, '50  John W. Shreve, '57
Darrell C. Holmes, '50  Orval L. Ulry, '53

The principal is to be invested in accordance with G. C. Sec. 3345.16.

The income from this Fund is to be used to provide annual fellowships for doctoral students at The Ohio State University majoring in the field of education.

Contributions to this Fund may be made at any time by others, including the 16 doctoral graduates named above in whose honor this Fund has been established.

3. $12,000.00 from Corn Industries Research Fund, Inc., Washington, D. C., for research in the Department of Chemistry.

4. $12,000.00 from the American Dairy Association, Chicago, Illinois--$3,000.00 for cheese research in the Department of Dairy Technology and $4,000.00 for ice cream research in the Department of Dairy Technology.

5. $3,517.00 from The Charles F. High Foundation, Bucyrus, Ohio, for the Charles F. High Foundation Scholarship Fund.
March 10, 1966 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

6. $7,000.00 from Esso Research and Engineering Company, Linden, New Jersey--$3,500.00 for the Esso Postgraduate Fellowship in Chemistry and $3,500.00 for the Esso Graduate Fellowship in Chemical Engineering.

7. $5,016.69 from the National Fund for Graduate Nursing Education, Washington, D.C., for the Graduate Nursing Education Fund.

8. $5,000.00 from George E. Armington, Sr., Austinburg, Ohio, as an undesignated gift to the Development Fund.

9. $5,000.00 from William B. Calkins, Orlando, Florida, for the alumni house.

10. $5,000.00 from National Machinery Foundation, Inc., Tiffin, Ohio, to the University for deposit in the Friedman Fund, Account No. 179989.

11. $5,000.00 from the Central Ohio Heart Association for the establishment of the "Gustav Hirsch Memorial Professorship" in the College of Medicine.

12. $4,917.50 from the Trust under the Will of Anna Roessler for the Samuel J. Roessler Memorial Medical Scholarship Fund.

13. $4,400.00 from Tek-Hughes for research in the College of Dentistry.

14. $4,342.00 from the Grace High Washburn Trust for the Grace High Washburn Trust Scholarship Fund.

15. $4,000.00 from Monsanto Chemical Company--$2,500.00 for the Monsanto Aid to Education in Chemical Engineering and $1,500.00 for the Monsanto Fellowship in Chemistry.

16. $3,000.00 from Ernst & Ernst Foundation, Cleveland, Ohio, for general use in the Department of Accounting.

17. $3,000.00 from The Refractories Institute for the F.I.R.E. Fund in Ceramic Engineering.

18. $2,500.00 from Dr. Victor L. Steffel for the Victor L. and Marie Steffel Student Loan Fund.

19. $2,200.00 from the United Health Foundation of The United Community Services of Greater Elyria, Inc., Elyria, Ohio, for the United Health Foundation of Greater Elyria Fund.

20. $2,000.00 from The National Drug Company for the National Drug Company Fund.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

21. $1,500.00 from Dr. Howard Francis Seely for the Maribelle Seely Baker Memorial Scholarship Fund.

22. $1,500.00 from Mrs. Howard Francis Seely for the Maribelle Seely Baker Memorial Scholarship Fund.

23. $1,500.00 from Ayerst Laboratories for the Ayerst Laboratories Fund.

24. $1,000.00 from Procter & Gamble Company, Cincinnati, Ohio, for the Department of Microbiology Special Fund.

TOTAL - Received Through the Development Fund $139,393.19

Upon motion of Mr. Davis, seconded by Dr. Thomas, the acceptance of the above grants and gifts was approved by unanimous vote, and the Secretary was instructed to include the report in the minutes of this meeting.

C. Report from The Ohio State University Development Fund

In January, 1966, The Ohio State University Development Fund received gifts on behalf of the University as follows:

Of these gifts, 241 totaling $9,100.85 were undesignated and 225 totaling $166,271.90 were designated.

V. APPROPRIATIONS AND TRANSFER OF FUNDS

A. Appropriation for Research Project - Renovation of Animal Research Laboratory - Botany and Zoology Building

At the request of the Vice President for Research and with the concurrence of the Vice President for Business and Finance, it was recommended that a sum of $5,000.00 be appropriated from the University Treasurer Research Subaccount (b) for renovation of a research laboratory for animal experimentation in the Botany and Zoology Building.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the above recommendation for appropriation of funds was approved by unanimous roll call vote.
V. APPROPRIATIONS AND TRANSFER OF FUNDS (continued)

B. Orientation Program for New Faculty - 1966-67

Upon the recommendation of Dr. John C. Weaver, Vice President for Academic Affairs and Dean of Faculties, it was recommended that an amount not to exceed $850.00 be appropriated from the University Treasurer General Fund to the Committee on Orientation of New Faculty Members, for the purpose of defraying the expenses for this orientation program.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the above recommendation for appropriation of funds was approved by unanimous roll call vote.

VI. EXTRA ORDER TO CONTRACT

At the request of the Vice President for Business and Finance, it was recommended that the Extra Order to Contract as listed below be approved by the Board of Trustees:

A. Extra Order to Contract

1. Taylor Tower $515.00

Upon motion of Mr. Davis, seconded by Mr. Shocknessy, the above recommendation was approved by unanimous roll call vote.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it was recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Military Science - Modernization of Lighting

This project will replace the existing incandescent lighting with fluorescent lighting.

Funds will be provided from Budget Account 121658.

B. Renovating Operating Suites 9, 10, 11, and 12 and Related Areas

This project will remodel four operating rooms and related areas including new conductive flooring; ceramic tile walls; new ceilings; new lighting and wiring for TV monitors; new sinks; outlets for oxygen, air, and other gases; and related work.

Funds will be provided from the University Hospital Rotary.
March 10, 1966 meeting, Board of Trustees

VII. PLANS AND SPECIFICATIONS (continued)

C. Electronics Laboratories

This project is a complete new building with fixed equipment to serve the instruction and research activities related to electronics in the Department of Electrical Engineering and includes a bridge connecting the new building with Caldwell Laboratory.

Funds for this project are provided in Item 002, H. B. 202.

D. Systems Engineering Building

This project is a complete new building with fixed equipment, to serve for all instruction and research activities of the Department of Industrial Engineering and includes classrooms, laboratories, offices, and related areas.

Funds for this project are provided in Item 012, H. B. 202.

E. Wright State Campus, Phase IV

This project is a four-story building to house the various engineering departments and related physical sciences.

Funds for the project are provided in Item 275-002, H. B. 949.

Upon motion of Mr. Bricker, seconded by Mr. Shocknessy, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

VIII. REPORT OF AWARD OF CONTRACTS

In accordance with authorization provided by the Board of Trustees, bids were taken for several projects and contracts were recommended for award. The actions reported to the Board were as follows:

March 10, 1966 meeting, Board of Trustees

IX. CONTROLLING BOARD APPROVAL

Each numbered request shown below accomplishes the following purpose:

41 Approves the transfer of $37,000.00 from Item 034 to a new account, Item 046 Horticulture, Forestry, and Food Technology Facility, and releases this amount for planning the project.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Athletic Facility North, Employment of Engineers

It was recommended that the engineering firm of Ralph J. Kramer, Comer & Passe be employed to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing and electrical work for the above project; including design, preparation of drawings, specifications, and estimate of cost, and complete field supervision of construction.

This service will be provided at a fee of 5 1/2 per cent of the cost of the mechanical and electrical work or an estimated fee of $10,450.00. Funds for this project are provided from the Athletic Department Rotary.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

B. Mansfield Campus, Phase II, Employment of Architects

The employment of Thomas Gene Zaugg and Associates as architects for this project was approved by the Board of Trustees at the December 9, 1965 meeting. This firm subsequently requested permission to withdraw from the project without prejudice.

It was therefore recommended that the action of the Board on December 9, 1965, be rescinded and that the architectural firm of Marr, Knapp and Crawford be employed to provide complete architectural and engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and complete supervision of construction.

This service will be provided at a fee of 6 per cent of the cost of construction or an estimated fee of $42,000.00. Funds for the project are provided from Budget Account 801071.

Upon motion of Mr. Bricker, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

C. Medical Center Utilities, Employment of Engineers

It was recommended that the engineering firm of Burgess and Niple, Ltd. be employed to provide complete professional engineering services for the above project, including surveys, design, preparation of drawings, specifications and estimate of cost, and complete field supervision of construction.

This service will be provided at a fee to be negotiated by the Director of Public Works and funds will be provided from Item 048, H. B. 202.

Upon motion of Mr. Bricker, seconded by Mr. Ketterer, the above recommendation was approved by unanimous roll call vote.

D. Acquisition of Property - 132 West Tenth Avenue

President Fawcett presented the following resolution for consideration by the Board of Trustees:

WHEREAS, The Ohio State University has acquired certain parcels of real property located between Ninth and Eleventh Avenues, bounded on the east by High Street and on the west by Neil Avenue; and

WHEREAS, the University in planning to meet a portion of the needs of its students and its programs from the standpoint of dormitory, educational, research, and service facilities, will be required to acquire most, if not all, of the land lying between Ninth and Eleventh Avenues east of Neil Avenue and west of High Street; and

WHEREAS, the Trustees of The Ohio State University deem that the acquisition of this land is mandatory in meeting the needs of the University and serving the people of the State of Ohio; and therefore, find it necessary to proceed with the acquisition of real property therefor;

NOW BE IT RESOLVED, that the Vice President for Business and Finance be authorized to proceed with the purchase of the following described real estate from Dormitory Revenue Funds and, in the event negotiations should fail, that pursuant to his statutory authority, the Director of Public Works for and on behalf of said Board of Trustees, be requested to take steps to acquire by condemnation, for the State of Ohio, and said University, the following described real estate located in Columbus, Franklin County, Ohio:

Lot No. 26, John A. Evan's College View Addition, Columbus, Franklin County, Ohio, and commonly known as 132 West 10th Avenue. The owner of record is Alumni Fund, Inc.

Upon motion of Mr. Davis, seconded by Mr. Bricker, the above resolution was adopted by unanimous roll call vote.
XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of Edgar Charles Clark, Professor Emeritus of Engineering Mechanics; George Morris Curtis, Professor Emeritus in the Department of Surgery; Ray William Kissane, Clinical Professor Emeritus in the Department of Medicine; Clifford C. Sherburne, Clinical Professor Emeritus in the Department of Medicine; and Lawrence Everette Laybourne, former member of the Board of Trustees. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. Edgar Charles Clark

The Board of Trustees expresses its sorrow at the death on February 11, 1966, of Edgar Charles Clark, Professor Emeritus of Engineering Mechanics.

Professor Clark was born in Chicago on August 2, 1903. He was graduated from the University of Kansas in 1925 with the degree B.S. in C.E. He taught at the University of Illinois where he pursued graduate work leading to the degree of M.Sc. in Theoretical and Applied Mechanics in 1929. At that time he joined the faculty at The Ohio State University as Instructor in Mechanics. He retired from his position as Professor of Engineering Mechanics in June, 1965.

A master of techniques in experimental stress analysis with an ingenuity and inventiveness, Professor Clark was admired by his colleagues and students. His research and teaching were characterized by a thoroughgoing attention to principles. In his classes he excelled in reducing analytical problems to their simplest terms and in demonstrations of physical analogs. His research reports were notable for their clarity.

Professor Clark enjoyed watching the developing maturity of his students and gave generously of his time for thirty years as adviser and faculty treasurer of Ohio Gamma Chapter of Tau Beta Pi, honorary engineering society. In October, 1965, he was made national president-elect of this society.

Professor Clark was active at the national and local level in the American Society for Engineering Education and the Society for Experimental Stress Analysis. He was a member of Sigma Xi and the American Association of University Professors.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees.
March 10, 1966 meeting, Board of Trustees

XI. RESOLUTIONS IN MEMORIAM (continued)

B. George Morris Curtis

The Board of Trustees expresses its sorrow at the death on December 23, 1965, of George M. Curtis, Professor Emeritus in the Department of Surgery.

Dr. George Morris Curtis was born in Big Rapids, Michigan, on April 2, 1890. Upon graduating from Greenville High School, he entered the University of Michigan where he earned the rare distinction of graduating in 1910 with both a master and bachelor of arts degree, and in 1914 he received his doctorate in anatomy. Dr. Curtis was then appointed Assistant Professor of Anatomy at Vanderbilt University and became head of the Anatomy Department in 1915.

After serving in the U. S. Army Medical Corps in World War I, he entered Rush Medical College and received his M.D. degree in 1920. He served his internship at a U. S. Public Health Service Hospital in Chicago and was resident in surgery at the Presbyterian Hospital in Chicago. In 1924, Dr. Curtis was awarded a fellowship by the National Research Council for the study of iodine metabolism at the University of Chicago and the University of Berne, Switzerland.

In 1927, upon returning from Europe, Dr. Curtis was appointed Associate Professor of Surgery at the newly established University of Chicago Medical School. In 1932, Dr. Curtis accepted the position of Professor of Surgery at The Ohio State University, and in 1936 he was made Chairman of the newly created Department of Research Surgery, in which capacity he served until his retirement due to illness in 1952. The same year, he was awarded the Honorary Degree of Doctor of Science by the University of Michigan.

The rapid growth of The Ohio State University Medical School is in no small degree due to the untiring efforts of George Morris Curtis during his twenty years of association with this institution. His broad background in both basic science and surgery was admirably suited to the extensive program of research, teaching, and surgery which he initiated and administered until his retirement. His distinguished investigation of thyroid physiology, iodine metabolism, pulmonary and splenic diseases, and many other timely and pertinent problems afforded an academic orientation and brought widespread recognition to the medical school. An outstanding author, Dr. Curtis' first scientific report was published in 1910. At the time of his retirement, he was the author of over two hundred and fifty publications which testify to his interest in and dedication to scientific inquiry.

Dr. Curtis was an inspiring teacher in the true sense of the word. His lectures were prepared in advance and delivered with precision and clarity. The Class of 1942 elected him "Man of the Year." He established a program of approved residency training and initiated a course of study and investigation in the Graduate School leading to the degree of Master of Medical Science. Thirty-two of his students received this advanced degree.
XI. RESOLUTIONS IN MEMORIAM (continued)

B. George Morris Curtis (continued)

Dr. Curtis held membership in over fifty medical societies. He was president of the Ohio Academy of Science in 1939; founder and first secretary of the Central Surgical Association in 1940 and its president in 1946; founder-member of the American Board of Surgery and American Board of Thoracic Surgery; and president of the Columbus Surgical Society in 1947. Dr. Curtis was a member of Phi Beta Kappa, Alpha Omega Alpha, Sigma Xi, Phi Sigma, Gamma Alpha, Alpha Kappa Kappa, and Beta Epsilon.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

C. Ray William Kissane

The Board of Trustees expresses its sorrow at the death on October 15, 1965, of Ray William Kissane, Clinical Professor Emeritus in the Department of Medicine.

Ray William Kissane was born November 15, 1894, in Galion, Ohio. He received his Medical Degree from The Ohio State University in June, 1918. His internship was served in the U. S. Army Hospital No. 4, at Ft. Oglethorpe, Georgia, in 1918-1919. He pursued postgraduate work in cardiology at Barnes Hospital, Washington University, St. Louis, in 1925. Upon his return to Columbus, he became Director of Cardiology at White Cross Hospital in 1925; and he was made Director of Cardiology at Children's Hospital in 1926. He worked and studied at the National Hospital for Diseases of the Heart at London University; at University of Bristol, England; at Edinburgh, Scotland; and at Belfast, Ireland, in 1928-1929.

Dr. Kissane received his first appointment in the Department of Medicine, The Ohio State University, in 1933, as Lecturer in Cardiology. He was promoted to Clinical Associate Professor in 1946 and to Professor in Cardiology in 1949. He was named Clinical Professor and Director of the Division of Cardiology in 1951. He was made Clinical Professor Emeritus on July 1, 1965.

Dr. Kissane held certification under the American Board of Internal Medicine and the American Board of Cardiology since their inception. He became a Fellow of the American College of Physicians, a Fellow of the American College of Cardiology, and a Fellow of the American College of Chest Physicians, and Governor for Ohio in the latter College. He was the first President of the Central Ohio Heart Association and was Chairman of its Board of Directors for a number of years. He was past President and a member of the Board of Trustees of the Ohio State Heart Association, receiving the Certificate of Meritorious Achievement in recognition of his leadership. He was one of the organizers and always a strong supporter of the American Heart Association, having been awarded its Distinguished Achievement Medal.

XI. RESOLUTIONS IN MEMORIAM (continued)

C. Ray William Kissane (continued)

Since his first publication in 1928, he was a steady contributor to the cardiac medical literature.

Always impatient with what he felt might be delaying tactics and with a rugged individualism, Dr. Kissane made a real impact on cardiologic research and practice locally and nationally. Diseases of the heart are now receiving their rightful emphasis due to men like Dr. Kissane, who pioneered the earlier scientific approaches to a better understanding and control of the cardiovascular system. He lived to see the beginning fruition of the seeds he helped to plant.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

D. Clifford C. Sherburne

The Board of Trustees expresses its sorrow at the death on November 13, 1965, of Clifford C. Sherburne, Clinical Professor Emeritus in the Department of Medicine.

Dr. Sherburne was born in Newark, Ohio, in 1894. He was graduated from Denison University in 1917; was graduated from the College of Medicine at Washington University in 1921; and spent two years in postgraduate training at Barnes Hospital. He was well prepared for his long service to his patients, to his profession, to his community, and to this University. The record of his service is inscribed in the archives of local, state, and national medical associations and in those of numerous community organizations.

Dr. Sherburne's service to The Ohio State University began in 1931 as Clinical Assistant Instructor. He progressed through the ranks until July 1, 1965; he was named Clinical Professor Emeritus.

Dr. Sherburne is remembered by his students and colleagues with affection and respect for his integrity, his good sense, and his unfailing good humor.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees.

403
E. Lawrence Everette Laybourne

The Board of Trustees expresses its sorrow at the death on Thursday, March 3, 1966, of Lawrence Everette Laybourne, Class of 1902 and member of this Board of Trustees from May 14, 1921 through May 13, 1933.

Mr. Laybourne was born in Springfield, Ohio, where he lived a full life of 37 years dedicated to his family, his community, his profession, and his University. He received his LL.B. degree from The Ohio State University in 1902 and his service to his alma mater was continuous and of the highest order. The University has been greatly enriched because of it. He was first appointed as a trustee of the University by Governor Harry L. Davis and was reappointed for two successive terms by Governor A. Vic Donahey and Governor George White. Mr. Laybourne served as Chairman of the Board on three different occasions, and it was during his first Chairmanship that Dr. George W. Rightmire was selected in 1926 to succeed Dr. William Oxley Thompson as President of the University.

Mr. Laybourne's devotion to the University is evidenced by his outstanding attendance record at meetings of the Board during his 17 years of service on the Board. As a trustee in the early 1920's, he gave personal leadership in supporting the University administration and the faculty in organizing The Ohio State University Faculty Club and establishing it in the Administration Building where the Faculty Club was first located. During his last year of service on the Board, he served as its Chairman and was active in promoting and achieving the organization of The Ohio State University Development Fund, the official gift-receiving agency of the University.

Mr. Laybourne's two sons, Everette and Lawrence, received their degrees from The Ohio State University and in both cases it was his highly treasured privilege to sign his sons' diplomas. Both sons are following in their father's tradition of dedicated and faithful service to the University, with Lawrence currently serving as President of The Ohio State University Association. All who knew Mr. Laybourne prized his kindly friendship, respected his wise counsel, and appreciated his loyalty to the people and organizations closest to his heart.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution of sympathy and regret be inscribed upon the minutes of the Board of Trustees and that a copy be sent to his sons, Everette B., B.A. '32 and Lawrence E., B.A. '34.

XII. REPORTS

A. Report on Highlights of Campus Activities

President Fawcett reported to the Board on some of the significant activities of the University during recent weeks. Some references included in the Report, which is filed with the official records of the Secretary, were as follows:
March 10, 1966 meeting, Board of Trustees

XII. REPORTS (continued)

A. Report on Highlights of Campus Activities (continued)

1. The Ohio State University Development Fund Board has approved the proposal made by Dr. Garrett, Vice President for Research, that ten fellowships in the humanities be authorized for 1966-67.

2. Dr. Stephenson, Executive Director of the Research Foundation, reported that the contract research administered by the Research Foundation totaled $12,566,518.00 for the 1965 fiscal year. Gross charges to government sponsors on 531 research projects were $11,779,152.00 and charges to industrial sponsors were $787,366.00 on 115 projects. A total of 2,810 persons worked on research projects, including 519 faculty, 855 investigators, 721 graduate students, 665 supporting staff, and 250 hourly wage personnel.

3. The University is authorized to award 20 fellowships to experienced secondary school teachers of geography. Ohio State will receive $2,500.00 for each fellowship, or $50,000.00, to carry on the program beginning in September. It will extend over four quarters. Fifty proposals were approved out of 992 proposals submitted by 378 colleges and universities.

4. The University honored 505 top-ranking students at the ninth annual President's Scholarship Recognition Dinner on February 22, where Dr. John C. Weaver, Vice President for Academic Affairs and Dean of Faculties, was the speaker.

B. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated February 28, 1966, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.

C. Report Concerning Parking Facilities - Spira Park Garage

Vice President Carson presented the following report:

On June 10, 1965, the Board of Trustees established the presently used parking charges on campus for faculty, students and staff. Based upon these charges, feasibility studies on parking revenue bonds were updated, bond counsel was engaged, and action continued to improve parking facilities.

On April 2, 1965, the University took bids on a garage for parking 830 cars in the Medical Center Area. These bids were received, based upon designs by project architects and engineers. The result of this bidding produced a construction cost of $2,298 per car and a turnkey cost of $2,463 per car, which figures were over the estimates and beyond anything that could be financed. In view of this result, it was necessary to reject all bids.
March 10, 1966 meeting, Board of Trustees

XII. REPORTS (continued)

C. Report Concerning Parking Facilities - Spira Park Garage (continued)

Immediately thereafter, alternative methods of achieving the same or greater capacity in a parking garage were examined. This process brought to light a Spira Park design on which the Austin Company of Cleveland had patents pending and for which they were the sole source of supply. It appeared that this facility could be built for approximately $1,500 per car space on a turnkey basis. The design had certain additional features which made it attractive, such as, no steep ramps and no pockets which were unusable for parking.

A number of conferences were held between Austin Company representatives and University officials concerning the Spira Park design and their ability to construct it promptly at an economical price.

Having ascertained that the Austin Company design was highly desirable from every point of view, including that of cost, and that they were the sole source through which the Spira Park design could be obtained at the favorable price of approximately $1,500 per car space, the Board of Trustees on November 5, 1965, adopted a resolution authorizing the University to request permission from the Controlling Board of the State of Ohio to permit the construction of a Spira Park garage through a contract to be negotiated with the Austin Company without competitive bidding. On November 18, 1965, the Controlling Board granted this permission and immediately thereafter the Austin Company proposed a contract with the University at $1,495 per car space on a turnkey basis, or a saving of some $968 per car space over the previous bid on the medical ramp, and approximately $600 per car space compared to standard designs and construction based upon architects' estimates obtained on two 'standard' garages. Standard garages must be used because of space limitations at the Ohio Union location and the Arps Hall location (the Spira Park garage takes more land area than is available at either of the above-mentioned sites.)

On November 18, 1965, James R. Elleman, Secretary of the Mechanical Contracting Industry of Ohio, wrote a letter protesting the procedure, and it was answered on December 1. As a result of this interchange, Mr. Elleman requested and received an opportunity for a conference, which was held at the University on December 6, 1965, and at which Mr. Elleman and Sam Givelber, representing the Mechanical Contracting Industry of Ohio with W. J. Lohr, their attorney, met with Messrs. Carson, Shupe and Lance of the University.
C. Reports Concerning Parking Facilities - Spira Park Garage (continued)

Thereafter, W. J. Lohr, as attorney for the National Electrical Contractors Association, Central Ohio Chapter, in a letter dated December 23, 1965, stated, '... in the event this method of procedure is pursued, we will be constrained to join with others in preventing what we consider to be illegal construction.' The state statutes pertaining to the Controlling Board's right to authorize such construction have not been challenged before.

Subsequently, conferences involving the attorneys for the Austin Company were held, and a final meeting took place on February 15, 1966, at the University. The Austin Company attorneys stated the Company's position very simply: 'We are contractors interested in building buildings and not in engaging in litigation.'

Accordingly, no contract could be signed for the Spira Park garage and therefore it will be necessary for the University to take bids on new designs through which we will attempt to reduce the cost thereon as much as possible. It appears, however, that as a result of the Mechanical Contractors' attitudes as expressed by Attorney Lohr, who spoke also for the National Electrical Contractors Association, Central Ohio Chapter, added costs for securing the facility will be imposed upon the University and these in turn must be borne by the students, faculty and staff of the University through their payment of parking fees, since financing can only be done through parking revenue bonds. Further, the completion of such a project is thus delayed for at least a year. No bonds can be sold when a threat of suit impends, and no tax monies are available for parking structures.

The University Administration will do everything in its power to keep the costs resulting from new designs as low as possible, but because of the threatened legal action and the understandable unwillingness of the Austin Company to engage in litigation, it appears that delays in completion and added costs will be imposed upon the University.

The Chairman, Mr. Loop, expressed appreciation to Dr. Carson for the detailed report on the status of construction of parking facilities and commented that the Board is saddened because of the hardship and inconvenience which the above reported predicament will have upon the faculty, staff, and students.

Thereupon the Board adjourned to meet Thursday, April 14, 1966, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

March 18, 1966
The Recipient of the Honorary Degree

ROBERTO SÁNCHEZ VILELLA

DOCTOR OF LAWS

Public servant, civil engineer, statesman, efficient administrator, champion of enlightened capitalism, and a sincere idealist dedicated to achieving economic equality, political freedom, and social justice for his people

Roberto Sánchez Vilella, to whom "Pan, Tierra, y Libertad" (Bread, Land, and Liberty) has been a way of life, was elected Governor of the Commonwealth of Puerto Rico in November, 1964. Since his youth he has devoted selfless service toward establishing economic equality and political and social freedom for the Puerto Rican people.

Born in 1913 in Mayaguez, Puerto Rico, he acquired his interest in public service from his father, Luis Sánchez Frasqueri, who was one of the founders of the Popular Democratic party and later became Vice Speaker of the House of Representatives. Roberto Sánchez Vilella grew up in the political reform movement and played a key role in helping to formulate and carry out major programs of land reform, of raising educational and living standards, and of changing from a rural to an industrial economy and from a colony to a Commonwealth ("Freely Associated State").

Governor Sánchez received his early education in the schools of San Juan and Ponce and was awarded the Bachelor of Civil Engineering degree from The Ohio State University in 1934. During his college years, he was an outstanding student and campus leader as evidenced by his election to Tau Beta Pi, Scabbard and Blade, Theta Xi, and the Council of Fraternity Presidents.

Rejecting attractive offers in the United States, he returned to Puerto Rico after graduation and went to work on economic reconstruction, water resources, and rural electrification. When his party won leadership at the polls in 1940, he was asked to help fulfill party programs through serving successively as: Sub Commissioner of the Interior; Administrator of the Transportation Authority; Administrator of the Capital of Puerto Rico; special assistant to the President of the Senate; resident engineer during the building of what is now the Caribe Hilton Hotel in San Juan; Executive Secretary of Puerto Rico; Secretary of Public Works; Secretary of State; and, last year succeeded Puerto Rico's popular Luis Muñoz Marín as Governor of the Commonwealth.

For years he has been a leading contributor to "Operation Boot-Strap," which has held the attention of the free world as an outstanding example of enlightened capitalism and has changed the former "poorhouse of the Caribbean" to a land of prosperity, high literacy, and stability.

The Board of Trustees met at its regular monthly meeting on Thursday, April 14, 1966, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, John W. Bricker, John G. Ketterer, Frederick E. Jones, Mervin B. France, and James W. Shocknessy.

Minutes of the last meeting were approved.
President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Establishment of a School of Allied Medical Services in the College of Medicine

The Faculty Council on March 3, 1966, with the concurrence of the Council on Instruction, approved the proposal from the College of Medicine that a School of Allied Medical Services be established in the College of Medicine.

It was therefore recommended for approval by the Board of Trustees that a School of Allied Medical Services be established in the College of Medicine of The Ohio State University, effective July 1, 1966, to administer the educational programs in the paramedical field, now offered by various colleges of the University. The effectuation of this recommendation will bring together under the direct supervision of the School of Allied Medical Services the following related curricula and will provide for maximum utilization of the commonality in their structure and implementation: medical dietetics, medical illustration, medical technology, nurse anesthesiology, occupational therapy, orthoptic technology, and physical therapy.

After the completion of the pre-professional phase of his education in an undergraduate college, the student will be considered for admission to one of the above professional curricula through the School of Allied Medical Services.

It was further recommended that effective July 1, 1966, the following degrees and certificates which are now being awarded through various colleges of the University be awarded through the College of Medicine upon the recommendation of the School of Allied Medical Services: Degrees—Bachelor of Science in Medical Dietetics, Bachelor of Science in Medical Illustration, Bachelor of Science in Medical Technology, Bachelor of Science in Occupational Therapy, and Bachelor of Science in Physical Therapy; and Certificates—Medical Technology, Nurse Anesthesiology, Orthoptic Technology, and Physical Therapy.

Upon motion of Mr. France, seconded by Mr. Shocknessy, the Board of Trustees approved the above recommendations by unanimous vote.

B. Department of Defense Facility Security Clearance for The Ohio State University

Security representatives of the Department of Defense have recently advised that it will be necessary for the University to obtain Facility Security Clearance and have recommended that the following resolution be adopted by the Board of Trustees:

WHEREAS, it has been brought to the attention of the Board of Trustees of THE OHIO STATE UNIVERSITY with its principal office and place of business at Administration Building, 190 North Oval Drive in the City of Columbus, State of Ohio, that in connection with Department of Defense Facility Security Clearance of The Ohio State University, the President, those Officers and Trustees of the University who are required to have security clearances as
April 14, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Department of Defense Facility Security Clearance for The Ohio State University (continued)

members of the Board of Directors of The Ohio State University Research Foundation, 1314 Kinnear Road, Columbus, Ohio 43212, are also required to hold security clearances under the Facility Security Clearance for the University.

WHEREAS, other Officers and Trustees who are United States Citizens, immigrant aliens, foreign representatives, or foreign nationals, and who shall not require access to classified information in the conduct of the institution's business, are not required to be cleared, provided the Board of Trustees takes such official action and is made a matter of record in the minutes of the Board;

NOW, THEREFORE, BE IT RESOLVED, that such Officers and Trustees, other than those required to be cleared, shall not require, nor shall have and can be effectively denied, access to all classified information in the possession of the institution, and do not occupy positions that would enable them to affect adversely the institution's policies or practices in the performance of classified contracts for the Department of Defense.

Upon motion of Mr. Jones, seconded by Mr. Ketterer, the Board of Trustees adopted the above resolution by unanimous vote.

C. Recommendation for the Benjamin G. Lamme Meritorious Achievement Medal - Parker S. Dunn

The Committee on Honorary Degrees and Honors of the College of Engineering, with the unanimous endorsement of the faculty of the College of Engineering, has nominated Parker S. Dunn, President of the American Potash and Chemical Company, 3000 Sixth Street, Los Angeles, California, for the Benjamin G. Lamme Meritorious Achievement Medal to be awarded at the June Commencement, 1966.

It was therefore recommended that this nomination be approved by the Board of Trustees.

Upon motion of Mr. Bricker, seconded by Mr. Allyn, the above recommendation was approved by unanimous vote.

D. University Printing Facility

The School of Journalism facilities and the University printing facilities require substantial rehabilitation to bring them up to modern standards. Much of the University's printing equipment is more than 30 years old and needs to be replaced. After careful study, it has been determined that the most satisfactory solution is to construct a new printing facility and later to modernize the present Journalism Building following the removal of the printing equipment. The University can fund the construction of a simple building to serve as a printing facility from University funds if the costs of the required fixed and movable equipment estimated at $500,000.00 can be financed from state appropriations. H. B. 949 includes an appropriation of

I. GENERAL RECOMMENDATIONS (continued)

D. University Printing Facility (continued)

$5,000,000.00 to The Ohio State University in Item 315-034, of which $1,500,000.00 has not been committed.

It was recommended therefore that in accordance with the usual procedures, the President and Vice President for Business and Finance be authorized to proceed with plans for construction of a University printing facility, subject to the release by the Controlling Board of $500,000.00 from Item 315-034 of H. B. 949 to cover the costs of a modern printing press, needed auxiliaries, and related apparatus.

Upon motion of Mr. Davis, seconded by Mr. Allyn, the Board of Trustees approved the above recommendation by unanimous roll call vote.

E. Transportation Research Center - Land Acquisition

Planning discussions for the development of a Transportation Research Center have been under way for some time and have included representatives of the University, the Department of Highways, the Department of Development, and the Ohio Board of Regents.

Land acquisition costs for a site in central Ohio are estimated at $2,000,000.00. According to present plans, the Department of Highways will provide $1,000,000.00 and the other $1,000,000.00 will come from funds appropriated to The Ohio State University.

H. B. 949 includes an appropriation of $5,000,000.00 to The Ohio State University in Item 315-034, of which $1,000,000.00 remains uncommitted. It was recommended therefore that in accordance with the above referred to plans the Controlling Board be respectfully requested to release $1,000,000.00 in Item 315-034 in H. B. 949 for the acquisition of land at a site in central Ohio to be selected in cooperation with the Department of Highways and the Department of Development.

Upon motion of Mr. Shocknessy, seconded by Mr. Davis, the Board of Trustees approved the above recommendation by unanimous roll call vote.

II. PERSONNEL CHANGES

In addition to the regular personnel changes recorded in the official "Salary Roll" since the March 10, 1966 meeting of the Board of Trustees, President Fawcett recommended that the following Appointments, Leave of Absence With Salary, Leaves of Absence Without Salary, and Emeritus Title be approved by the Board:

A. Appointments

William E. Hall, Jr., Professor and Director, School of Journalism, effective July 1, 1966, at a salary of $25,063.00 per annum.

Philip A. Marks, Professor, Department of Psychiatry, effective May 1, 1966, at a salary of $20,268.00 per annum, and Professor in the Department of Psychology at No Salary.
II. PERSONNEL CHANGES (continued)

B. Leave of Absence With Salary

In accordance with the policy approved by the Board of Trustees on April 12, 1966, the following-named person was recommended for Leave of Absence With Salary from the Cooperative Extension Service for the period indicated:

John R. Ewart, Instructor (County Extension Agent, Agriculture), effective April 1, 1966 through June 15, 1966, to participate in a program of professional improvement at The Ohio State University.

C. Leaves of Absence Without Salary

Robert E. Partyka, Associate Professor (Extension Plant Pathologist), Cooperative Extension Service, effective May 1, 1966 through June 30, 1966, to accept a temporary position at Cornell University.

Ralph E. Franklin, Jr., Assistant Professor (part time - 14%), Department of Agronomy, effective May 1, 1966 through June 30, 1966, to set up a radioisotope laboratory in Lima, Peru, for the International A. E. C.

D. Emeritus Title

Harriet M. Green, Cooperative Extension Service, with the title of Instructor Emeritus (County Extension Agent, Home Economics), effective May 1, 1966.

Mr. John Bricker moved and Mr. Jacob Davis seconded the motion that the above recommended Appointments, Leave of Absence With Salary, Leaves of Absence Without Salary, Emeritus Title, and personnel actions as recorded in the official "Salary Roll" of the University be approved.

A young man who was among those in the audience attracted Chairman Loop's attention and upon invitation of the Chairman identified himself as Timothy D. Smith, a graduate student in journalism. Without any previous notification, Mr. Smith requested permission to speak on a subject pertaining to the recommendation for the appointment of a Director of the School of Journalism. The Chair placed this request before the members of the Board, and it was the unanimous consensus that in accordance with Article I, Section 6, of the Bylaws of the Board of Trustees, that it would be out of order for Mr. Smith to speak since the Board was not holding a public hearing and was engaged in a business meeting. The Chairman, Mr. Loop, then ruled that Mr. Smith should not be recognized for the purpose of addressing the Board.

Upon a roll call vote, the above motion as placed by Mr. Bricker was approved unanimously, and the Secretary was instructed to file these changes in the "Salary Roll," an official document of the University.
III. GENERAL CONTRACTS AND AGREEMENTS

A. The Ohio State University and
   The Ohio State University Research Foundation

In accordance with the Memorandum of Agreement between The Ohio State University and The Ohio State University Research Foundation approved by this Board on September 5, 1950, it was recommended that the research agreements for the following projects administered through the Research Foundation be approved and recorded in the minutes of this meeting.

1. Government Contracts - Federal

   a. U. S. Army Armor Center, Central Purchasing and Contracting Division, Fort Knox, Kentucky, Research and Scientific Studies for the Combat Development Program (to be known as U. S. Army Armor Center Project No. 573 - Mod. #26 - Engineering Experiment Station).
      Gross Value - $9,000.00.

   b. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Investigation of Deoxyribonucleoside and Related Carcinolytes (to be known as National Institutes of Health Project No. 759 - Ext. #9 - Department of Chemistry).
      Gross Value - $62,521.00.

   c. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, A Comparative Study of the Autonomic Nervous System (to be known as National Institutes of Health Project No. 1370 - Ext. #2 - Department of Anatomy).
      Gross Value - $10,671.00.

      Gross Value - $23,160.00.

   e. U. S. Army Biological Laboratories, Fort Detrick, Frederick, Maryland, Mixed Aerosol Infections in Monkeys (to be known as U. S. Army Biological Laboratories Project No. 1576 - Mod. #15 - Department of Medicine).
      Gross Value - $6,500.00.

   f. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Genetic Bases of Behavior Differences (to be known as National Institutes of Health Project No. 1633 - Ext. #3 - Department of Zoology and Entomology).
      Gross Value - $23,260.00.

Upon motion of Mr. Jones, seconded by Mr. Shocknessy, the research agreements between The Ohio State University and The Ohio State University Research Foundation for the above contracts were approved by unanimous vote.

B. The Report of the Research Contract from the Engineering Experiment Station

During the period from February 25, 1966 through March 30, 1966, the Engineering Experiment Station of The Ohio State University entered into the following research contract. This research contract was reported to the Board of Trustees for information and record.

1. Government Research Contract

III. GENERAL CONTRACTS AND AGREEMENTS (continued)

C. Agreement Between the College of Medicine of The Ohio State University and Harding Hospital for an Affiliate Teaching Program

To enhance the instructional program for medical students, the Dean of the College of Medicine has proposed that an agreement be executed between Harding Hospital and the College of Medicine of The Ohio State University, whereby resident students in the Department of Psychiatry of the College of Medicine will be given an opportunity to gain experience in the maintenance of research and patient care programs at Harding Hospital.

The Board of Trustees of Harding Hospital has indicated its willingness to participate in an affiliate teaching program, and it was therefore recommended that the President be authorized to sign such an agreement on behalf of the University with the understanding that there is no financial obligation on the part of the University and that the said agreement be effective upon approval by the Board of Trustees and upon signing by the President.

Upon motion of Mr. Davis, seconded by Mr. Ketterer, the Board of Trustees by unanimous roll call vote authorized the President to sign the agreement between the College of Medicine of The Ohio State University and Harding Hospital for the affiliate teaching program.

D. Agreement Between the College of Agriculture and Home Economics of The Ohio State University and the College of Agriculture of Michigan State University of Agriculture and Applied Science

Dr. Roy M. Kottman, Dean of the College of Agriculture and Home Economics, after consultation with Dr. Thomas K. Cowden, Dean of the College of Agriculture of Michigan State University of Agriculture and Applied Science, has proposed that The Ohio State University enter into a cooperative undergraduate program in forestry with Michigan State University of Agriculture and Applied Science.

It was therefore recommended with the concurrence of Dr. John C. Weaver, Vice President for Academic Affairs and Dean of Faculties, that the President of The Ohio State University be authorized to sign an agreement on behalf of The Ohio State University, which agreement includes the following conditions:

1. In consideration of the training made available by Michigan State University, The Ohio State University agrees to pay the non-resident fee for each resident of Ohio who has completed the pre-forestry program in the College of Agriculture and Home Economics of The Ohio State University and who has transferred to the forestry curriculum in the College of Agriculture of Michigan State University. Michigan State University will bill The Ohio State University immediately following the opening of each academic term.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

D. Agreement Between the College of Agriculture and Home Economics of The Ohio State University and the College of Agriculture of Michigan State University of Agriculture and Applied Science (continued)

2. Michigan State University will accept each year not more than ten (10) new students for training in its forestry curriculum who are residents of the State of Ohio. All such students must have met all entrance requirements of Michigan State University and must pay fees equal to the fees charged Michigan residents by said institution.

3. Michigan State University will advise The Ohio State University not later than March 1 of each year the maximum number of new students, if any less than ten (10) which Michigan State University will accept the following Autumn Quarter. It is understood that once a student is accepted for training, he can continue so long as the student makes satisfactory academic progress and said students continue to pay the consideration outlined above. Students entering the forestry curriculum at Michigan State University under the terms of this agreement will be subject to all entrance requirements and all rules and regulations of the training institution.

The Chancellor of the Ohio Board of Regents, Dr. John D. Millett, has indicated full support of the proposed cooperative program in forestry and the agreement between The Ohio State University and Michigan State University of Agriculture and Applied Science. This arrangement in interstate cooperation is proposed with the assumption that it will be unnecessary to develop anything more than a pre-professional forestry program in a publicly assisted university in the State of Ohio.

Upon motion of Mr. France, seconded by Mr. Allyn, the Board of Trustees by unanimous roll call vote authorized the President to sign the agreement for the training of forestry students between the College of Agriculture and Home Economics of The Ohio State University and the College of Agriculture of Michigan State University of Agriculture and Applied Science.

IV. GRANTS AND GIFTS

The following grants and gifts to the University were among those received since March 10, 1966, and were reported for the record. Appropriate expressions of appreciation have been conveyed to the donors.

4. $48,600.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for support of the program entitled "Psychiatry - Residency Training," under the direction of Dr. Ian Gregory, Department of Psychiatry, for the period July 1, 1966 through June 30, 1967. (Grant No. 5 T1 MH 8386-03)

5. $25,002.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for support of the program entitled "Undergraduate Clinical Training Grant," under the direction of Dr. James V. Warren, Department of Medicine, for the period March 1, 1966 through February 28, 1967. (Grant No. 5 T2 HE 5035-13)

6. $3,000.00 granted by the World Health Organization, Geneva, Switzerland, to the University for support of the "WHO" International Reference Center for diagnosis of diseases of vectors by the Department of Zoology and Entomology.

TOTAL - Through the Office of Business and Finance $1,525,813.00

B. Received Through the Development Fund

1. $40,537.00 from The John A. Hartford Foundation, Inc. --$36,483.00 for the Midwest Foundation for Obstetrics and Gynecology and $4,054.00 for the College of Medicine University Hospital Memorial Fund.

2. $10,000.00 from The Friedman Foundation for The Ohio State University Marching Band Special Fund.
April 14, 1966 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

3. $10,000.00 from the Estate of Roy Brenholts, deceased, for the establishment of the Roy Brenholts Scholarship Fund in Mechanical Engineering.

Roy Brenholts Scholarship Fund in Mechanical Engineering

The Roy Brenholts Scholarship Fund in Mechanical Engineering was established March 14, 1966, by a bequest in the Will of Roy Brenholts, M.E. '07, deceased.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for scholarships or loans each year to a student or students designated by the Board of Trustees to enable such student or students to continue the study of mechanical engineering at the University; or all or any part of the income may be used, at the discretion of the Trustees, in furtherance of research in the field of mechanical engineering at the University.

4. $10,000.00 from Jane Anderson Dreese, daughter of the late Earl W. Anderson, for the establishment of The Earl W. Anderson Memorial Fund.

The Earl W. Anderson Memorial Fund

The Earl W. Anderson Memorial Fund was established March 7, 1966, by gifts through the Development Fund in memory of Earl W. Anderson.

The principal is to be invested under rules and regulations therefor adopted by the Board of Trustees of The Ohio State University.

The income is to be used for graduate scholarships for students in the College of Education. First preference is to be given to students majoring in higher education. The committee to make recommendations for the scholarship recipients shall be Donald P. Cottrell, Collins W. Burnett, and Frederick R. Cyphert. In the event of the inability of any one of these persons to act, then he shall be replaced by one of the following: the Dean of the College of Education, Director of School of Education, and a faculty member of the Department of Education to be appointed by the Director of the School of Education, until eventually the committee shall be entirely composed of the persons who occupy these positions.

In the event that the College of Education and School of Education as they now exist shall be altered in any reorganization of University colleges, schools, and departments, the Board of Trustees or successor governing body of the University shall direct the use of the income for purposes within the field of higher education as recommended by the appropriate administrative official of the University then directly responsible for the area of education at The Ohio State University.

April 14, 1966 meeting, Board of Trustees

IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

17. Howard E. and Catharine Bonner LeFevre Scholarship Fund (continued)

The principal is to be invested according to rules and regulations therefor adopted by the Board of Trustees of The Ohio State University, with right to invest and reinvest as occasion dictates.

The income is to be used for scholarships to students attending the Newark Branch of The Ohio State University.

In the event said Newark Branch should cease to exist or should the need for such scholarships so diminish as to create unused income, then said income may be used in the discretion of said Board of Trustees for any purpose, first preference however to be given to scholarships or other forms of student aid.

18. $2,950.00 from Ohio Bakers Association for the Ohio Bakers Association Research Fund.

19. $2,000.00 from John D. Cole for the establishment of the John Dana Cole Fund.

John Dana Cole Fund

The John Dana Cole Fund was established March 10, 1966, by a gift through the Development Fund from John D. Cole.

The principal is to be invested in accordance with rules and regulations therefor adopted by the Board of Trustees of The Ohio State University. On request of the donor the principal shall be transmitted to the Treasurer of the State of Ohio to be invested in accordance with Sec. 3345.16 G. C.

The income is to be used to provide a one-year graduate scholarship, fellowship, or grant-in-aid in either the Graduate School or one of the professional colleges to a candidate from one of the intercollegiate athletic squads. If any year there is no candidate, the income shall be permitted to accumulate so that two or more awards could be made in a succeeding year.

There shall be a committee to make recommendations for these awards composed of the Director of Athletics, the Dean of the Graduate School, and the President of the University or his nominee. In making the recommendation for these awards this committee is charged only with aiding a student who shows promise of success in his chosen field.

In case the need for such awards should cease to exist or so diminish as to create unused income then the Board of Trustees of The Ohio State University, which shall be the judge of this condition, may use said income in its discretion, with this request only, that preference be given, if possible, to some activity in the field of athletics.

XI. RESOLUTIONS IN MEMORIAM

President Fawcett reported to the Board the deaths of William Francis Ashe, Professor Emeritus in the Department of Preventive Medicine; W. Randolph Lovelace, Clinical Assistant Professor in the Department of Preventive Medicine; and William McGlashan Duffus, Professor Emeritus in the Department of Business Organization. In accordance with the instructions of the Board of Trustees, copies of the following resolutions expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the families of the deceased.

A. William Francis Ashe

The Board of Trustees expresses its sorrow at the death on February 27, 1966, of William Francis Ashe, Professor Emeritus, Department of Preventive Medicine.

Dr. Ashe was born in Braddock, Pennsylvania, on December 14, 1909. He was graduated with the A. B. degree from Oberlin College in Ohio and four years later received the M. D. degree from Western Reserve University School of Medicine. He interned at Lakeside Hospital and completed a residency in Internal Medicine at Cincinnati General Hospital. He remained at the University of Cincinnati with research and teaching responsibilities until the war years of 1942-1946. With the United States Army, Dr. Ashe, who attained a rank of Lt. Colonel, Medical Corps, was distinguished for his contributions to the Armed Force Medical Research Laboratory at Fort Knox, Kentucky. His next assignment was to the office of the Surgeon General as Associate Director, Nutrition Division. He later became Director, Nutrition Surveys, Office of Military Government in Germany. Dr. Ashe had extensive foreign travel, including trips under the auspices of the United States Government through Europe, the Far East, and South America. In connection with one nutrition survey carried on in Chile, Dr. Ashe was awarded one of the highest decorations of that country for his service in 1960 to the Chilean Government as Director of the Nutrition Committee of the National Defense Mission.
XI. RESOLUTIONS IN MEMORIAM (continued)

A. *William Francis Ashe* (continued)

After the war, Dr. Ashe became Associate Professor, Industrial Medicine, University of Cincinnati, for the years 1946-1950. His field of research was in human toxicology and in common air pollutants. Under the direction of Dr. Robert A. Kehoe, he developed the first three-year residency program in Occupational Medicine.

In 1950, Dr. Ashe accepted the appointment as Chief, Medical Service, Holzer Hospital, Gallipolis, Ohio. In 1954, Dr. Ashe gave up private practice in Southern Ohio to join the faculty of The Ohio State University, where he was made Professor and the first full-time Chairman of the Department of Preventive Medicine of the College of Medicine. In addition, he held an appointment as Professor, Department of Medicine. He served the University in these capacities until forced to retire in 1965 because of ill health. Under his creative leadership, an exemplary program for instruction of medical students in preventive medicine was developed. Dr. Ashe developed fully approved graduate programs in Nutrition, Occupational Medicine, and Aviation Medicine. He established the only full three-year program in Aviation Medicine outside of the military services. Thus, The Ohio State University became unique in offering such training to civilian physicians.

Dr. Ashe organized basic biometric and epidemiological courses which are a necessary part of training in Aerospace and Occupational Medicine. One of Dr. Ashe's last intensive efforts was in the implementation and procurement of new research facilities for the Department of Preventive Medicine in environmental health. The actual construction of a wing at Wiseman Hall is expected to start within a few months.

Within the University, Dr. Ashe was a member of the Faculty Advisory Committee to the President and Board of Trustees, 1963-1965; Chairman Curriculum Committee, College of Medicine, 1956-1961; and Co-ordinator of the Medical Education for National Defense Program, 1955-1965. Dr. Ashe has held the offices of President, American Academy of Occupational Medicine; Vice President, American College of Preventive Medicine; Editorial Board, Archives of Environmental Health; and Chairman, The American Medical Association Committee on Aerospace Medicine. Dr. Ashe was a Fellow in the Aerospace Medical Association and in the American College of Physicians. He was a member of the Committee on Biophysics of Clothing, National Research Council; and the National Advisory Committee on Hearing, Bioacoustics, and Biomechanics. He was certified by the American Board of Preventive Medicine (Occupational Medicine).

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.
April 14, 1966 meeting, Board of Trustees

XI. RESOLUTIONS IN MEMORIAM (continued)

B. W. Randolph Lovelace

The Board of Trustees expresses its sorrow at the death of W. Randolph Lovelace II, Clinical Assistant Professor, Department of Preventive Medicine.

Dr. W. Randolph Lovelace II was born in Springfield, Missouri, on December 30, 1907. Dr. Lovelace was destined to attain great distinction in the practice of medicine and in the council halls of the nation. He was educated at Washington University, St. Louis, and at Harvard Medical School where he received his medical degree in 1934 and went on to intern at Bellevue Hospital, New York City. He accepted a three-year Fellowship in Surgery at the Mayo Clinic, and after completion of his formal training he continued on at the Clinic. In this capacity, he was instrumental in establishing an Aeromedical Division and shared the credit for developing the BLB oxygen mask which was used so extensively by aviators in World War II. During the war years, Dr. Lovelace became Chief, Aeromedical Laboratory, Wright-Patterson Air Force Base, Dayton, Ohio. He was convinced of the necessity of testing a high altitude parachute jump. Disregarding personal danger, he successfully made a jump from an altitude of 42,000 ft. He experienced the extreme deceleration force that occurs at the moment of parachute opening at such altitudes. He is credited with having demonstrated the importance of delaying such action until after free fall to relatively low altitude. When relieved from active duty in 1946, Dr. Lovelace held the rank of Colonel, Air Force Reserves. In 1961, he was promoted to Brigadier General.

Dr. Lovelace left Rochester, Minnesota, to become associated with the Lovelace Clinic and very soon thereafter was a co-founder of the Lovelace Foundation, Albuquerque, New Mexico. He has been a member of The Ohio State University faculty as Clinical Assistant Professor, Department of Preventive Medicine, since 1961. This appointment recognized his participation in the three-year graduate training program for physicians in Aerospace Medicine. A relatively large number of residents from The Ohio State University have elected to be assigned for their year of "off-campus" field training to the Department of Aerospace Medicine and Bioastronautics, Lovelace Foundation. At the time of his death, Dr. Lovelace was Director of Space Medicine, National Space and Aeronautics Administration, an office into which he was sworn by President Lyndon Johnson, in June, 1964.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.
XI. RESOLUTIONS IN MEMORIAM (continued)

C. William McGlashan Duffus

The Board of Trustees expresses its sorrow at the death on March 20, 1966, of William McGlashan Duffus, Professor Emeritus, Department of Business Organization, College of Commerce and Administration.

Professor Duffus was born in Waterbury, Vermont, on January 26, 1886. He received the A.B. degree from Stanford University (1910), the M.A. degree (1913), and the Ph.D. degree (1926) from the University of Wisconsin.

Prior to coming to The Ohio State University, Dr. Duffus was Assistant Professor of Economics, University of Kansas, 1915-1918, and Associate Professor, 1918-1920. He served as Professor of Economics, Boston University, 1920-1927; and as Visiting Professor at the Massachusetts Institute of Technology and the University of Tennessee during summer sessions. Professor Duffus joined the faculty at The Ohio State University in 1927 as Professor of Business Organization, where he remained until he retired in 1956.

In addition to his academic career, Professor Duffus was an investigator for the Wisconsin State Board of Public Affairs, 1911-1913; served with the Railroad Commission of Wisconsin, 1913-1915; worked with the Illinois Health Insurance Commission, summer 1918; and rendered valuable service as economist with the United States Tariff Commission, 1934-1935 and 1942-1945. In the forepart of 1942, he was business consultant to the Board of Economic Welfare. While serving in these positions, Professor Duffus performed valuable research on a number of projects.

Through the years Professor Duffus was an active member of the American Economic Association and the American Finance Association. He was a member of Phi Beta Kappa, Beta Gamma Sigma, and the Crichton Club.

Professor Duffus had a long rewarding career, both in the academic field and in government service. He was devoted to the University and the causes of education. He will long be remembered by all who knew him for his sincerity, friendliness, and dedication to his work.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

President Fawcett reported to the Board the receipt of a communication from Mr. Lawrence E. Laybourne, who had written in response to the Resolution in Memoriam for his late father who served on the Board from May 14, 1921 through May 13, 1938, which was adopted by the Board at its meeting on March 10, 1966. Mr. Laybourne expressed his deep appreciation to the Board and the feeling that the Resolution in Memoriam reflected very well his father's dedication to the University.

XII. REPORTS

A. Report on Highlights of Campus Activities

President Fawcett reported to the Board on some of the significant activities of the University during recent weeks. Some references included in the Report, which is filed with the official records of the Secretary, were as follows:

1. The University has been granted 34 First-Year National Science Foundation Traineeship Awards for 1966-67. The awards are made directly to the institution which in turn selects the students for doctoral study in the physical, biological and social sciences, engineering, and mathematics. This is the highest number granted to Ohio State in the three years of the program. Ohio State ranks fifth in the Big 10 and thirteenth nationally in the number of new awards.

2. The University has been granted 65 graduate fellowships in 15 departments of academic interest under the National Defense Education Act.

3. Two Ohio State students have been named Woodrow Wilson Fellows and twenty-four--twice as many as ever before--won honorable mention.

4. The Ohio Academy of Science will hold its 75th anniversary meeting April 21-23 at Ohio State, where the Academy was started in 1891.

5. The Ohio State chapter of Phi Beta Kappa has announced the election of 61 members to the national scholastic honorary society.

6. Recognition of administration and faculty achievement: President Novice G. Fawcett was elected president of the Ohio College Association during the organization's 95th annual meeting April 2; Professor Robert H. Bremner, Department of History, was elected president of the Ohio Academy of History; Dr. Lloyd M. Parks, Dean of the College of Pharmacy, was the 1966 recipient of the American Pharmaceutical Association Foundation Award for the Advancement of Pharmacy; Dr. James B. Christoph, Department of Political Science, will serve in Italy as a visiting professor in 1966-67 at the Bologna Center of the Johns Hopkins University's School of Advanced International Studies; Dr. Ernest G. Ehlers, Department of Mineralogy, has received a Fulbright Lectureship Award for teaching in The Netherlands during 1966-67; Professor Fred A. Zimmer, Jr., School of Art, has received a Fulbright Grant to do research in India; Dr. Edwin P. Hiatt, Professor of Physiology, has been elected a corresponding member of the life science section, International Academy of Astronautics; Professor John E. Horrocks, Department of Psychology, has been named editor of the "Journal of Genetic Psychology" and "Genetic Psychology Monographs."

XII. REPORTS (continued)

B. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated March 31, 1966, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.

Thereupon the Board adjourned to meet Thursday, May 12, 1966, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

John T. Mount Alan B. Loop
Secretary Chairman

486
The Board of Trustees met at its regular monthly meeting on Thursday, May 12, 1966, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Alan B. Loop, Chairman, Jacob E. Davis, Stanley C. Allyn, Bertram D. Thomas, John G. Ketterer, Frederick E. Jones, Mervin B. France, and James W. Shocknessy.

Minutes of the last meeting were approved.
President Fawcett presented the following recommendations:

I. GENERAL RECOMMENDATIONS

A. Modification of Master Plan

The official campus master plan, which was adopted by the Board of Trustees on February 16, 1962, has been modified on five occasions, always within the limits of the basic principles and concepts approved by the Board of Trustees in its original adoption.

The following additional changes are now proposed:

1. Modify the Medical Center area to reflect results of design studies on the first two new buildings (Nursing and Basic Science), and to provide slightly more space within the Loop Road for Medical Center expansion.

2. Modify slightly the land acquisition boundary along the south side of West Ninth Avenue to accommodate the realignment of the Loop Road.

3. Reverse the locations of the proposed buildings (a) Foreign Language Building and English Building, and (b) Horticulture and Forestry Building and Agronomy Building. These reversals are required by reason of the timing of appropriations for the proposed Foreign Language Building and the proposed Horticulture and Forestry facilities.

These changes are shown on the accompanying maps, identified as Exhibit A dated May 12, 1966, and are consistent with the principles and concepts approved by the Board of Trustees in adopting the master plan in 1962.

It was recommended that the Board of Trustees now approve the master plan changes as depicted on the accompanying maps, that all previous actions of the Board of Trustees with respect to the master plan and not contrary to the accompanying maps be reaffirmed, and that a copy of the said maps be filed by the Secretary with the "Campus Master Plan Study--Phase II" report submitted December 12, 1961.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendation was approved by unanimous vote.

B Renaming of "Jones Tower"

At the request of the Dean of the Graduate School, who acted following a request from the Graduate Student Council, it was recommended that the building now identified as "Jones Tower" (by action of the Board of Trustees on September 7, 1962), to be erected at 101 Curl Drive, be renamed "Jones Graduate Tower." This action was recommended because of its intended use as a residence hall for graduate students.
May 12, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

B. Renaming of "Jones Tower" (continued)

This proposal has the concurrence of the President's Cabinet and is in accordance with the By-Laws of the Board of Trustees.

Upon motion of Mr. France, seconded by Mr. Davis, the Board of Trustees by unanimous vote approved the renaming of the residence hall located at 101 Curl Drive as "Jones Graduate Tower."

C. Establishment of Two-Year College (University College)

The establishment of a two-year college as an integral part of The Ohio State University and to be located on the western portion of the Columbus Main Campus has been a subject of study and planning by administration and faculty for well over three years. Initial action by the faculty was taken on December 8, 1964, when the Faculty Council voted to support the President in his intention to appoint a committee of the faculty to develop an educational plan for a two-year college. Appointed on December 22, 1964, this Committee submitted a 137-page report to the Office of Academic Affairs on December 2, 1965, entitled, "A Plan for Lower-Division Study on the Main Campus of The Ohio State University: The Proposed Educational Role for the New Two-Year College on the West Campus and Recommendations on the Interrelationships of All Lower-Division Curricula." Since then the report has been studied extensively by the Council on Instruction. During the Spring, 1965, the Committee presented an interim report to many councils and administrative units of the University. A report to the faculty of the University was made by the Committee at the regular Autumn Faculty Meeting held in Mershon Auditorium on December 2, 1965. A similar report was presented to the Board of Trustees of The Ohio State University on December 9, 1965.

On May 10, 1966, the Faculty Council approved a recommendation, as submitted by Vice President John C. Weaver for the Council on Instruction, that a two-year college offering lower-division programs of study be established.

It was recommended therefore that the following resolution be adopted:

WHEREAS, a two-year college to function under the open access policy of public higher education in the State of Ohio has been studied and approved by both administration and faculty of The Ohio State University; and

WHEREAS, the Ohio Board of Regents in its "Provisional Master Plan for State Policy in Support of Higher Education in Ohio," recommends assistance in the development of this college; and

WHEREAS, this college is intended to provide excellence in teaching and counseling and high-quality undergraduate programs of collegiate study at the lower-division level;
May 12, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Establishment of Two-Year College (University College) (continued)

NOW, THEREFORE, BE IT RESOLVED that this college be established effective July 1, 1966, as the University College of The Ohio State University to be located on the western portion of the Columbus Campus; and be it

FURTHER RESOLVED, in accordance with the usual policies and procedures, the President and Vice President for Business and Finance be authorized to proceed with plans for construction of the required facilities and obtain the necessary release of funds appropriated for this purpose in H. B. 949.

Upon motion of Mr. Ketterer, seconded by Mr. Davis, the Board of Trustees approved the above resolution by unanimous roll call vote.

D. Major Medical Insurance Contract

The passage of the Medicare Federal health insurance program requires detailed revisions in the University's Major Medical Program to provide for payments not covered by Medicare and to avoid duplicating payments available to the insured under the Medicare plan.

The Insurance Consultants for the University have made detailed recommendations for a revised University Major Medical Contract with the John Hancock Mutual Life Insurance Company. It was therefore recommended that the President and/or the Vice President for Business and Finance be authorized to proceed with such revisions in the Major Medical Contract as are necessary to conform to the Medicare plan for those employees who are 65 years of age and older.

Upon motion of Mr. France, seconded by Mr. Davis, the above recommendation was approved by unanimous vote.

II. PERSONNEL CHANGES

In addition to the regular personnel changes recorded in the official "Salary Roll" since the April 14, 1966 meeting of the Board of Trustees, President Fawcett recommended that the following Appointments, Promotions, Changes in Administrative Responsibilities, Leaves of Absence Without Salary, and Emeritus Titles be approved by the Board:

   d. Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D.C., Language Retraining for Aphasics (to be known as Vocational Rehabilitation Administration Project No. 1630 - Ext. #3 - Department of Speech).
   Gross Value - $32,243.00.

   e. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, Highly Strained Nitrogen Heterocyclics (to be known as National Institutes of Health Project No. 1640 - Ext. #3 - Department of Chemistry).
   Gross Value - $17,990.00.

   Gross Value - $32,565.00.

   g. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, Intermittent Services for Contributive Research in Thermo-Mechanics (to be known as Systems Engineering Group, Research and Technology Division Project No. 1362 - Sup. #7 - RF Internal Supervision).
   Gross Value - $100,000.00.

   h. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, Research on Dislocation Interactions in Relation to Mechanical Properties of Metals and Alloys (to be known as Systems Engineering Group, Research and Technology Division Project No. 1934 - C. O. #3 - Department of Metallurgical Engineering).
   Gross Value - $26,868.00.

   i. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, Techniques for Integrating Solid-State Circuitry Into Antennas (to be known as Systems Engineering Group, Research and Technology Division Project No. 2142 - Sup. #1 - Department of Electrical Engineering).
   Gross Value - $80,000.00.

   j. Department of Health, Education, and Welfare, National Institutes of Health, Bethesda, Maryland, National Symposium on Animal Waste Management (to be known as National Institutes of Health Project No. 2193 - New - Department of Agricultural Engineering).
   Gross Value - $6,500.00.
III. GENERAL CONTRACTS AND AGREEMENTS (continued)

A. The Ohio State University and The Ohio State University Research Foundation

1. Government Contracts - Federal (continued)

k. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, A Definitive Study of the Characteristic of Toughness of Engineering Materials (to be known as Systems Engineering Group, Research and Technology Division Project No. 2188 - New - Department of Metallurgical Engineering). Gross Value - $20,000.00.

m. National Science Foundation, Washington, D. C., Support of 1966 Symposium on Molecular Structure and Spectroscopy at The Ohio State University (to be known as National Science Foundation Project No. 2191 - New - Department of Physics). Gross Value - $2,380.00.

n. Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, Histological Research on the Central Nervous System and Enzymes of the Inner Ear (to be known as Systems Engineering Group, Research and Technology Division Project No. 2192 - New - Department of Otolaryngology). Gross Value - $12,236.00.

TOTAL - Government Contracts - Federal $391,577.00

2. Industrial and Other Contracts

a. American Iron & Steel Institute, 150 East 42nd Street, New York, New York, Properties of Liquid Iron and Steel (to be known as American Iron & Steel Institute Project No. 2031 - Amend. #1 - Department of Metallurgical Engineering). Gross Value - $30,500.00.

b. Columbus Board of Education, Columbus Public Schools, 270 East State Street, Columbus, Ohio, Evaluation for Columbus Public Schools - Title I, E-S Education Act of 1965 (to be known as Columbus Board of Education Project No. 2175 - Definitive Contract - School of Education). Gross Value - $105,800.00.

2. Industrial and Other Contracts (continued)

   c. Battelle Memorial Institute, Columbus Laboratories, 505 King
      Avenue, Columbus, Ohio, Bibliographic and Microfilm Library on
      Acclimatization to Terrestrial Altitude (to be known as Battelle
      Memorial Institute Project No. 2186 - New - The Ohio State Uni-
      versity Libraries).
      Gross Value - $46,000.00.

TOTAL - Industrial and Other Contracts $182,300.00

The foregoing seventeen contracts for research in cooperation with Govern-
ment, Industry, and Other represent a gross income of $573,877.00.

Upon motion of Mr. Davis, seconded by Dr. Thomas, the research agreements
between The Ohio State University and The Ohio State University Research Foun-
dation for the above contracts were approved by unanimous vote.

IV. GRANTS AND GIFTS

The following grants and gifts to the University were among those received since
April 14, 1966, and were reported for the record. Appropriate expressions of
appreciation have been conveyed to the donors.

A. Administered Through the Office of Business and Finance

1. $750,000.00 granted by National Science Foundation to the University
   for the project entitled "Expansion of Computer Center." This project
   is under the direction of Professor Roy F. Reeves, Computer Center,
   and is for a period of approximately three years, beginning July 1, 1966.
   (GP-5770)

2. $222,130.00 granted by the Department of Health, Education, and Welfare,
   20202, to the University for the College Work-Study Program authorized
   (OE 38 45 0430)

3. $78,539.00 granted by the Department of Health, Education, and Welfare,
   Public Health Service, Bethesda, Maryland, to the University for support
   of the program "Parasitology and Medical Entomology," under the di-
   rection of Dr. G. W. Wharton, Department of Zoology and Entomology,
   for the period July 1, 1966 through June 30, 1967. (Grant No.
   2 T01 A100216-06)
IV. GRANTS AND GIFTS (continued)

A. Administered Through the Office of Business and Finance (continued)

4. $49,835.00 granted by the Department of Health, Education, and Welfare, Welfare Administration, Children's Bureau, Washington, D. C. 20201, to the University for "Child Welfare Training Grant," under the direction of Professor Everett C. Shimp and Professor Leonard Schneiderman, School of Social Work, for the period July 1, 1966 through June 30, 1967. (Project No. 66-45)

5. $30,000.00 granted by the Department of Health, Education, and Welfare, Public Health Service, Bethesda, Maryland, to the University for support of the "Health Professions Scholarship Program," under the direction of Dr. Richard L. Meiling, Dean of the College of Medicine, for the period July 1, 1966 through June 30, 1967. (Grant No. 2-036-62137-12)

6. $25,000.00 granted by National Science Foundation to the University for the purchase of Instructional Scientific Equipment. This grant is under the direction of Professor E. L. Jossem, Department of Physics, and terminates on April 30, 1968. (GY-1747)

7. $14,550.00 granted by National Science Foundation to the University for support of an "In-Service Institute in Mathematics for Secondary School Teachers for 1966-67," under the direction of Professor Gerald E. Meike, Department of Mathematics, Dayton. This grant terminates on June 30, 1967. (GW-974)

8. $10,650.00 granted by National Science Foundation to the University for support of an "In-Service Institute in Physics for Secondary School Teachers of Science and Mathematics for 1966-67," under the direction of Professor William R. Riley, Department of Physics. This grant terminates on June 30, 1967. (GW-832)

TOTAL - Through the Office of Business and Finance $1,180,704.00

B. Received Through the Development Fund

1. $10,000.00 from The Bremer Foundation, Youngstown, Ohio, for research in the College of Medicine.

2. $8,517.00 from The Charles F. High Foundation, Bucyrus, Ohio, for the Charles F. High Foundation Scholarship Fund.

3. $8,325.00 from Wyeth Laboratories, Philadelphia, Pennsylvania, for research in the Department of Obstetrics and Gynecology.

4. $8,000.00 from Dorothy H. and Lewis Rosenstiel Foundation, New York, New York, for the Heart Holding Fund.

5. $6,125.00 from the Trust under the Will of Anna Roessler for the Samuel J. Roessler Memorial Medical Scholarship Fund.
IV. GRANTS AND GIFTS (continued)

B. Received Through the Development Fund (continued)

6. $5,500.00 from Owens-Corning Fiberglas Corporation, Granville, Ohio, for the Owens-Corning Fiberglas Corporation Fund for Mechanical Engineering.

7. $5,000.00 from Eli Lilly and Company, Indianapolis, Indiana, for research in the College of Medicine.

8. $4,216.00 from the Grace High Washburn Trust for the Grace High Washburn Trust Scholarship Fund.

9. $3,500.00 from Sandoz, Inc. for the Arthritis and Rheumatism Foundation.

10. $2,546.25 from Mrs. William B. Jencks (Louise A.) for the William B. Jencks Memorial Fund.

11. $2,000.00 from The Gluck Educational Foundation, Inc. and Arthur Gluck for the establishment of the Revered Teachers and Classmates Fund.

Revered Teachers and Classmates Fund

The Revered Teachers and Classmates Fund was established April 14, 1966, by a gift through the Development Fund from The Gluck Educational Foundation, Inc. and Arthur Gluck, to honor his favorite teachers, Elisha S. Loomis, at one time Professor of Mathematics at Baldwin University, his teacher at West High School, Cleveland, Ohio; the late Professors of Philosophy at The Ohio State University, Joseph A. Leighton, Albert R. Chandler, and Albert E. Avey; and his favorite classmates, D. Luther Evans, Professor Emeritus of Philosophy, The Ohio State University, and Oliver L. Riser, Professor Emeritus of Philosophy, University of Pittsburgh.

The principal is to be invested in accordance with Sec. 3345.16 G. C.

The income may be used to aid a graduate student of medicine who has successfully completed the general examinations toward the Ph.D. or Sc.D., or an equivalent terminal degree and has selected a research project in the field of hypertension. The income may be used along with other monies available to supplement a stipend or a research project in the aforementioned field.

The income is to be awarded only for basic research (not for applied technology or for a clinical project) in the College of Medicine. The appointment of the recipient of this money is to be made by Dwight M. Palmer, M.D., the Director of the Division of Neurology, in consultation with Dr. Richard L. Meiling, Dean of the College of Medicine.

Funds for this project will be provided from Budget Account 121658.

C. Pomerene Hall--Modernization of Air Conditioning

This project provides a new central heating, ventilating, and air conditioning system with additional outdoor air to compensate for present shortage of make-up air for kitchen exhaust system.

Funds for this project will be provided from Budget Account 157400.

D. Roof Repairs for 1966

This project will provide roofing repairs for the Alumni House, Arps Hall, Dentistry Building, Hamilton Hall, Mershon Auditorium, Robinson Laboratory, and Upham Hall.

Funds for this project will be provided from Budget Accounts 121658 and 960200.

E. Masonry Repairs for 1966

This project will provide masonry repairs for the Administration Building, Arps Hall, Boyd Laboratory, Dentistry Building, Engineering Experiment Station, Fine Arts, Hamilton Hall, Law Building, Lord Hall, Ohio Legal Center, Oxley Hall, Research Center, Sisson Hall, Stillman Hall, and Stores and Receiving Building.

Funds for this project will be provided from Budget Accounts 121658 and 998200.
VII. PLANS AND SPECIFICATIONS (continued)

F. Street Repairs for 1966

This project provides paving, surface treatment, and sealing gutters on Fyffe Road, Neil Avenue, Coffey Road, Incinerator Road, Service Road, and Stadium Drive.

Funds for this project are provided from Budget Account 12165d.

G. Exterior Painting for 1966

This project provides repainting the exterior of Aeronautical Engineering, Brown Hall, Caldwell Laboratory, Dental Building, Hamilton Hall, Law Building, Pomerene Hall, and St. John Arena.

Funds for this project will be provided from Budget Account 121658.

H. Parking Ramp, Arps Hall Area

This project is a concrete structure designed to park 631 cars with a basement level and eight staggered levels above ground.

Funds for this project will be provided from Budget Account 801067.

Upon motion of Mr. Allyn, seconded by Dr. Thomas, the above recommendation was approved by unanimous roll call vote and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

VIII. REPORT OF AWARD OF CONTRACTS

Funds for this project will be provided from a grant from the Federal Aviation Agency and Budget Account 178011.

Upon motion of Mr. Ketterer, seconded by Mr. Jones, the above award of contracts and expenditures of funds were approved and the action of the Vice President for Business and Finance ratified by unanimous roll call vote.

IX. CONTROLLING BOARD APPROVALS

Each numbered request shown below accomplishes the following purpose:

- **49** Approves negotiation for the purchase of property located at 132 West Tenth Avenue at a cost not to exceed $16,000.00 and if negotiation fails, to initiate appropriation action.

- **50** Approves the transfer of $179,495.00 from Item 027 Graduate Research Center for Engineering and Physical Sciences to Item 005 Physics and Astronomy Building and releases this money for the laboratory and classroom equipment contract.

- **51** Approves the transfer of $80,227.00 from Item 027 Graduate Research Center for Engineering and Physical Sciences to Item 010 Chemistry Research Facilities to provide for laboratory benches.

- **35** Approves the transfer of $900,000.00 from Item 006 University Branches to Item 050 Mansfield Campus, Phase II, and releases $43,000.00 of this amount to provide funds for planning this project.
May 12, 1966 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Special Policeman Commission

At the request of the Vice President for Business and Finance, it was recommended that Michael Linn Schimmel be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees require Mr. Schimmel, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendation was approved by unanimous vote.

B. Special Policeman Commission

At the request of the Vice President for Business and Finance, it was recommended that Richard Harold Thomas be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees require Mr. Thomas, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Davis, seconded by Mr. France, the above recommendation was approved by unanimous vote.

C. Purchase of Buildings and Property, 235 West Tenth Avenue

It was recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Phyllis A. Owen at a price of $20,000.00:

Property known as 235 West Tenth Avenue, being Lot 45 except a 5' x 30' tract off the southwest corner, Elizabeth J. McMillen's University Addition, City of Columbus, County of Franklin, State of Ohio.

Funds are available from Parking Revenue.

Upon motion of Mr. Ketterer, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

D. Employment of Engineers - Research Space, East Side of Stadium, Phase IV

It was recommended that the firm of Jones-Stuckey, Ltd. be employed to provide complete professional engineering services for the structural work for the above project, including design, preparation of drawings, specifications, estimate of cost, bidding documents, and complete field supervision of construction.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

D. Employment of Engineers - Research Space, East Side of Stadium, Phase IV (continued)

The fee will be calculated on the basis of 6 per cent of the structural contract or an estimated $6,420.00. Funds will be provided from the University Treasurer Research Account.

Upon motion of Mr. Allyn, seconded by Dr. Thomas, the above recommendation was approved by unanimous roll call vote.

E. Employment of Architects - General College (University College), Building #2 (Laboratory Building)

It was recommended that the firm of Brubaker & Brandt be employed to provide complete architectural and engineering services for this project, including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and complete supervision of construction.

The fee for this service will be calculated on the basis of 6 per cent of $1,000,000.00, 5 1/2 per cent of the next $1,000,000.00 and 5 per cent of all over $2,000,000.00. Funds will be provided from Item 037, H. B. 949, for this project.

Upon motion of Mr. Allyn, seconded by Dr. Thomas, the above recommendation was approved by unanimous roll call vote.

F. Employment of Architects - Service Center--Laundry, Phase II

It was recommended that Richard D. Levin be employed to provide complete architectural and engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and complete supervision of construction.

The fee for this service will be calculated on the basis of 6 per cent of the construction cost or an estimated fee of $29,616.00. Funds for this project are provided from Budget Account 301059.

Upon motion of Mr. Allyn, seconded by Dr. Thomas, the above recommendation was approved by unanimous roll call vote.

G. Employment of Architects - University Printing Facility, Phase II

It was recommended that Richard D. Levin be employed to provide complete architectural and engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and complete supervision of construction.

The fee for this service will be calculated on the basis of 6 per cent of the construction cost or an estimated fee of $21,930.00. Funds for this project are provided from general University funds.

Upon motion of Mr. Allyn, seconded by Dr. Thomas, the above recommendation was approved by unanimous roll call vote.
May 12, 1966 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

H. Employment of Architects - University Hospital, Renovating Operating Rooms 1 through 6 and Related Areas

It was recommended that Dan A. Carmichael be employed to provide complete architectural and engineering services for this project including preliminary plans, basic drawings, working drawings, specifications, estimate of cost, necessary bidding documents, and complete supervision of construction.

The fee for this service will be calculated at 10 per cent of the cost of construction or an estimated fee of $21,660.00. Funds will be provided from the Hospital Rotary.

Upon motion of Mr. Ketterer, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

I. River Towers Laundry Equipment - Internal Loan

The acquisition of the necessary laundry equipment for the River Towers involves a purchase of $42,000.00 worth of apparatus which will be self-liquidating. In order to implement the purchase, however, it was recommended that the sum of $42,000.00 be transferred from Account 179992 to Account 911685 for this purpose and that repayments be made on the basis of 5 per cent interest payable upon the balance of the loan in accordance with accepted commercial practice. It is estimated that repayments will take three years.

Upon motion of Mr. France, seconded by Mr. Davis, the above recommendation was approved by unanimous roll call vote.

J. Wright State Campus - Student Center

The Wright State Campus Advisory Committee has requested The Ohio State University to act in its behalf to implement the design of a Student Center to be built from the proceeds of self-liquidating revenue bonds (or gifts), which the proposed new university will issue (or receive) after it obtains legal authority to do so.

Inasmuch as Wright State Campus is not now completely independent and the Advisory Committee desires the cooperation of The Ohio State University and Miami University in moving the project forward, the following action was recommended, contingent upon the transfer of funds from the Dayton Campus Capital Improvements Campaign residues in sufficient quantity to cover all costs; and with the further proviso that no funds of The Ohio State University or Miami University will be used for this facility and the corollary expenses pertaining thereto. It was therefore recommended that:

The Director of Public Works be requested to appoint the Dayton architectural firm of Yount, Sullivan and Lecklider as project architects at an estimated fee for preliminary plans only of 1.2 per cent of $950,000.00, the estimated project cost, or $11,400.00.
X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

J. Wright State Campus - Student Center (continued)

It was further reported in respect to this project that pursuant to Board action taken on February 10, 1966, the Attorney General of the State of Ohio has been requested to appoint the firm of Squire, Sanders and Dempsey as bond counsel for this project, with the same understanding concerning their compensation as delineated above for architects.

Upon motion of Mr. Allyn, seconded by Dr. Thomas, the above report and recommendation was approved by unanimous roll call vote.

XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Charles A. Kuntz, Comptroller Emeritus of the University. In accordance with the instructions of the Board of Trustees, a copy of the following Resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished the family of the deceased.

A. Charles A. Kuntz

The Board of Trustees expresses its sorrow at the death on April 13, 1966, of Charles A. Kuntz, Comptroller Emeritus of the University.

Mr. Kuntz was born in Zanesville, Ohio, on March 25, 1895. He was a graduate of Zanesville High School and of Meredith Business College.

His service with the University began in April, 1916, and he was appointed its Comptroller on May 15, 1918. In that important capacity he served until his retirement on October 31, 1956.

As one of the early members of the Association of College and University Business Officers in the Middle West, he served as Secretary of that organization from 1927 to 1933 and was elected President for the year 1937-38. He was also a member of the Association of College and University Business Officers in the State of Ohio.

Mr. Kuntz was active in accounting affairs, maintaining membership in the Columbus Chapter of the National Association of Accountants, in which he served as Director, Secretary, Vice President, and President. He was also a member of the Controllers Institute of America and the American Institute of Management.

In June, 1955, Mr. Kuntz received the University's Distinguished Service Award. His citation on that occasion called attention to the fact that during his tenure as Comptroller the University's expenditures had grown from $2,150,000 annually to more than $45,000,000, although this was only one measure of its development. It emphasized, in particular, that "His long period of service testifies to its excellence and to the high regard in which he has been held by administrators of the University and other associates."
May 12, 1966 meeting, Board of Trustees

XI. RESOLUTION IN MEMORIAM (continued)

A. Charles A. Kuntz (continued)

It stressed further that "Outside the University, he has long been respected and admired by members of his profession." If anything, the last decade of his life only enhanced these sentiments about him.

Modesty and self-effacement were among Mr. Kuntz's fine qualities. He gave service above self and often went out of his way to help others. During his long and faithful service, he worked under four presidents and an acting president. He was one of that devoted group of staff members who, between 1916 and 1956, grew with the University, and whose service to it was marked by unusual fidelity and competence.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

XII. REPORTS

A. Department of Defense Facility Security Clearance for The Ohio State University

Secretary Mount advised that the security representative from the U. S. Department of Defense, Office of Industrial Security, has requested that the resolution initiated by that office and adopted by the Board of Trustees at its meeting held on April 14, 1966, be amended to specifically identify those officials of the University designated for security clearance. By unanimous agreement the following resolution was adopted as a substitute for the resolution adopted on April 14, 1966, pertaining to facility security clearance.

WHEREAS, current Department of Defense regulations contain a provision whereby a university may designate from amongst its officers a managerial group having the authority and responsibility for the negotiation, execution, and administration of classified contracts with the Department of Defense or its User Agencies; and

WHEREAS, the Board of Trustees have designated the incumbents of the following positions to be such a managerial group: the President, Vice President for Business and Finance, Vice President for Research, and Vice President for Educational Services and Secretary of the Board of Trustees.

NOW, THEREFORE, BE IT DECLARED that all members of the aforesaid managerial group at the present time do possess, or will be processed for, the required security clearance; and
May 12, 1966 meeting, Board of Trustees

XII. REPORTS (continued)

A. Department of Defense Facility Security
Clearance for The Ohio State University (continued)

BE IT RESOLVED that in the future, when any individual enters upon the
duties as a replacement for the incumbent of any of the above positions
designated to be part of the managerial group, such individuals shall
immediately make application for required security clearance; and

BE IT RESOLVED FURTHER that other officers and trustees of the Uni-
versity who do not require access to classified information in the conduct
of the University's business need not be processed for a security clearance,
but said persons can be effectively denied, and shall not be granted access
to classified information in the possession of the University and shall not
hold any position that would enable them to affect adversely the University's
policies or practices in the performance of classified contracts, or the
Department of Defense, or its User Agencies.

B. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated April 30, 1966,
as submitted to the Finance and Investment Committee of the Board of
Trustees and distributed to all members of the Board, was ordered to be
filed with the official records of the Board.

C. Alumni Distinguished Teaching Awards

The Secretary was instructed to record in the minutes of this meeting the
names of those members of the faculty who were honored at the Spring
Quarter Faculty Meeting on April 21, 1966, and presented with the Alumni
Distinguished Teaching Awards. They were as follows:

Dr. Thomas B. Calhoon, Associate Professor in the Department
of Physiology

Dr. Ernest O. Doebelein, Associate Professor in the Department
of Mechanical Engineering

Dr. Leo A. Estel, Associate Professor in the Department of
Sociology and Anthropology

Dr. Gordon K. Grigsby, Assistant Professor in the Department
of English

Dr. Sidney E. White, Associate Professor in the Department of
Geology
XIII. ELECTION OF OFFICERS

Mr. Jones moved that the following-named persons be placed in nomination as officers for the Board of Trustees, whose terms of office shall be effective May 14, 1966, and shall continue through the May, 1967, meeting of the Board:

Chairman - Jacob E. Davis
Vice Chairman - Stanley C. Allyn
Secretary - John T. Mount
Treasurer - Gordon B. Carson

Dr. Thomas seconded the motion, and the above-named persons were elected to the offices as indicated by unanimous vote of the Board.

President Fawcett, speaking on behalf of the University family, expressed words of sincere appreciation and gratitude to Mr. Alan Loop for the gracious and cooperative leadership he has given throughout his seven years on the Board of Trustees and especially during his term of office as Chairman.

Mr. Stanley C. Allyn and Mr. Jacob E. Davis, speaking for the Board of Trustees, followed with expressions of high commendation and deep appreciation for the effective and dedicated service rendered by Mr. Loop in his capacity as Chairman of the Board of Trustees during one of the most significant periods in the history of the University.

Mr. Loop responded with the following statement:

I am certain we all join in heartfelt congratulations to the new officers and extend to them our best wishes for their terms of office.

During the last twelve months, this Board has been confronted with a very full schedule of business of the University and, in addition, there has been a vast amount of time devoted by the Trustees to participation in important committee work. To each of you, I extend my appreciation for your enthusiastic cooperation, assistance and advice.

One year ago this month, retiring Chairman Smith Rairdon presented me with this gavel, made of fine polished Buckeye wood, for my use as Chairman of this Board. Based upon our experience of the last twelve months, there will be few, if any, dull moments for our newly elected Chairman; so, with pleasure, I give over this Buckeye gavel to Chairman Davis for use as an effective tool in carrying out his future responsibilities.
May 12, 1966 meeting, Board of Trustees

Thereupon the Board adjourned to meet Thursday, June 9, 1966, at The Ohio State University, Columbus, Ohio, at 10:30 a.m.

Attest:

John T. Mount
Secretary

Alan B. Loop
Chairman
The Board of Trustees met at its regular monthly meeting on Thursday, June 9, 1966, at The Ohio State University, Columbus, Ohio, pursuant to adjournment.

Present: Jacob E. Davis, Chairman, Stanley C. Allyn, John W. Bricker, John G. Ketterer, Frederick E. Jones, Mervin B. France, and James W. Shocknessy.

Minutes of the last meeting were approved.
June 9, 1966 meeting, Board of Trustees

The Secretary was authorized to make the following correction in the minutes for the March 10, 1966 meeting: That the honorary degree, Doctor of Literature, approved for Andrew Denny Rodgers III be changed to the honorary degree, Doctor of Letters.

Adjustment in Student Fees

President Fawcett presented the following statement concerning the adjustment in student fees to be effective for the Autumn Quarter 1966:

As I have stated a number of times, I have a deep concern about the level of student fees in public institutions of higher education. As members of the University administrative staff began work on the 1966-67 budgets, I insisted that every effort be made to maintain our student fees at a reasonable level. I am reluctantly persuaded that in spite of the efforts which we have made and which have been made by the Board of Regents and Ohio legislative and executive agencies to provide increased tax support for higher education in Ohio, an increase in student fees is necessary to maintain the continued growth in quality of the programs of this University.

The proposed fee increase of $25.00 per quarter for resident students and $46.00 per quarter for out-of-state students will result in academic year fees (three quarters) of $450.00 for resident students and $1,008.00 for out-of-state students. This fee structure will continue Ohio State's position as the state university in Ohio with the lowest level of fees. Ohio resident fees at other state universities in Ohio for 1966-67 have been announced to be as follows: Bowling Green - $540.00; Central State - $500.00; Kent - $510.00; Miami - $520.00; Ohio University - $500.00; Cleveland State - $495.00. We must recognize, however, that resident fees at Ohio State have been and continue to be higher than those at any other state-assisted university in the Western Conference (Big 10). While our tax support, both in terms of total dollars and in terms of dollars per student, has increased in recent years, the cost of higher education and particularly the costs of recruiting and retaining high-quality faculty members have increased even more. It is obvious, therefore, that the efforts of the Board of Regents and of the agencies of state government in Ohio to provide increased tax support for higher education must continue.

I must also point out that several new ideas for appropriating tax funds to state universities in the coming biennium may be considered by the General Assembly of Ohio. These plans, based on various formulas providing dollar levels of support per student, probably will include factors related to fee income. We will study such proposals in the hope that we can work to insure that formulas will not be adopted which will require student fee income in 1967-69 greater than that anticipated from the fee schedules I am recommending today. We cannot guarantee, however, that the plan finally adopted by the General Assembly will permit us to maintain this fee level.
June 9, 1966 meeting, Board of Trustees

Adjustment in Student Fees (continued)

With this background, President Fawcett presented the following formal recommendations:

As a result of a very careful analysis of the fiscal resources available to The Ohio State University for the 1966-67 fiscal year, it is concluded that a reasonable advance in student fees is necessary if the University is to (1) continue its planned improvement in the quality of its educational program and (2) remain in a competitive position in its attempt to retain and recruit faculty and staff. It is therefore recommended that to provide the necessary additional revenue to supplement the state subsidy appropriation as authorized by the General Assembly of Ohio, an increase in the amount of $25.00 per quarter in the Instruction and General Fee and an additional increase in the amount of $21.00 in the Out-of-State Tuition Fee be approved, effective Autumn Quarter 1966.

In accordance with a request from the Board of Regents to simplify the nomenclature for the student fee structure in all state-assisted universities, it is recommended that the Board of Trustees approve (1) combining the Incidental Fee and Consolidated Laboratory Fee into a category hereafter referred to as the Instruction and General Fee; (2) consolidating the Student Services Fee and Student Facilities Fee into a single category, identified as the Student Services Fee; and (3) renaming the fee for nonresident students as the Out-of-State Tuition Fee. The new schedule of student fees per quarter for The Ohio State University shall be as indicated below:

All other fees previously approved by the Board of Trustees shall remain unchanged.

Mr. Mervin France moved and Mr. John Ketterer seconded the motion that the President's recommendations to increase fees and to consolidate and to rename certain student fees be approved.

Mr. Shocknessy asked for a clarification of the increases in student fees for resident students as compared with nonresident students.

The President responded by indicating that the student fees for nonresident students will be increased $25.00 per quarter and that the nonresident students would have their fees increased by $48.00—an increase of $25.00 for all students plus an additional increase of $21.00 for out-of-state students.

Mr. Shocknessy followed with the question, "Can the budget for the next fiscal year be balanced without an increase in student fees?"

President Fawcett responded by stating that the proposed increases in student fees are necessary to meet the projected expenses for the next fiscal year.

Mr. John Bricker commented that he was opposed to student fee increases and indicated that in his opinion the trend to increase student fees is in violation of the concept for the "Land-Grant University" system and that students now pay more than their appropriate share. He added that he disliked to see student fees increased if there could be some other way of balancing the budget. However, he pointed out that "The administration has done a magnificent job in preparing the proposed budget for the next fiscal year and that it is the most complete, most detailed, and most comprehensive budget ever presented to the Board. Since the increase in student fees is an integral part of the whole budget for the coming year, it would upset the whole 'apple cart' if the increase is not approved and I shall not vote against it."

Upon a roll call vote, the Board voted unanimously in favor of the motion. Mr. Shocknessy in casting his affirmative vote indicated that he would vote for the increase in student fees quite reluctantly and with the hope that in the future it will be possible for the fees to be reduced rather than increased. He added he was voting for the increase in student fees because the budget cannot be balanced otherwise.
President Fawcett presented the following statement pertaining to the recommended budgets for the 1966-67 fiscal year:

The budgets for 1966-67 which I bring to you today represent a new departure in budget recommendations for The Ohio State University. We have developed a complete, unified, University budget document which is based upon the total estimated revenue for the 1966-67 fiscal year and which provides expenditure estimates for all current operations of the University for the next fiscal year. The budget proposal is based upon the concept that the University will continue to improve the quality of its programs and that the budget document is indeed to be considered as an educational instrument. These expenditure estimates total $121,947,357.00 for 1966-67 compared with estimated expenditures of $108,945,037.00 for 1965-66. This increase of expenditures from all funds--both general and restricted--amounts to about $13 million of which almost exactly one-half is due to increased personal service budgets. Almost $2 million of the increase is for general operating expenses exclusive of personnel and another nearly $2 million is estimated to be accounted for by increased income and expenses through gifts, grants, and contracts. The University Hospital expenditures and income provide almost $1 million of the increase and dormitory and other auxiliary activities account for over $800,000.00. The balance of the increase is for such activities as the branch campuses, the Cooperative Extension Service, and student services.

Of major importance in these budgets is the personal service budget in support of salaries for regular faculty, staff, civil service, and other personnel. The increase in the general personal service budget for 1966-67 over 1965-66 is approximately six million dollars. This increase will provide merit salary increases and adjustments to meet salary competition for about two-thirds of our regular faculty and will increase the overall faculty salary average by 5.4 per cent. With this increase, we should maintain a median position among state-supported universities in the Big 10 and remain among the top 20 state-assisted institutions reporting salary data to the American Association of University Professors.

Equivalent salary adjustments have been made for non-faculty professional personnel in addition to providing for the mandated increases for civil service personnel--increases about double the usual amount due to salary increases voted by the General Assembly in 1965. The personal service budget also provides for necessary new personnel at all levels to maintain existing programs, to maintain new facilities coming "on line", and to undertake a limited number of new ventures such as the program in information science. Similar adjustments in personal service accounts are reflected in the budgets of the University Hospital, the Cooperative Extension Service, and the Athletic Department. These three budgets, incidentally, which up until this year were presented to you in separate resolutions, reflect the following changes for 1966-67 over 1965-66. The University Hospital budget increases by $965,050.00 to a total of $15,495,380.00; the Cooperative Extension Service budget--which will require further action following the completion of Congressional action.
on the fiscal 1967 appropriations legislation--increases by $108,232.00 to $6,135,104.00; and the budget of the Department of Athletics increases by $114,146.00 to a total of $2,780,357.00.

In addition to essential increases for personal services, a major increase has been accomplished in the equipment category. I have already reported to you the increase in funds for library book purchases for 1966-67--an equipment account in university budget procedures. We have also this year budgeted directly to the colleges the income from research contracts in support of indirect costs which are attributable to equipment costs--a procedure which continues our efforts to decentralize fiscal decision making to the college level in every way consistent with the requirements of good fiscal accountability.

In concluding this brief summary of this budget recommendation, it seems important to indicate that income in support of the proposed $122 million budget comes from a great variety of sources. About $45 million comes from the State of Ohio, and about $21.5 million comes from student fees including the increased student fee income upon which you have just acted. Income from the Federal government exclusive of direct support of research through the Research Foundation, but inclusive of indirect cost recovery on Research Foundation projects, amounts to almost $10 million. The greatest portion of the remaining income comes from the earnings and income of such agencies as the University Hospitals, the dormitory system, and literally hundreds of other auxiliary enterprises and departmental activities. This latter type of income is, of course, almost directly offset by expenses charged against these earnings.

With this background, President Fawcett presented the following formal recommendations related to budgets for the operation of The Ohio State University for the fiscal year 1966-67:

For some time the officers of the University have been working toward the annual presentation to the Board of Trustees of a budget proposal involving all of the current budgets of the University. The first such proposal is now in order for presentation to the Board of Trustees and it is therefore recommended that the following expenditures, all within the estimates of available revenues, for the 1966-67 fiscal year be approved:

Grand Total                                          $121,947,357.00

It is further recommended that the detailed supporting statements for the above summary figures which have been reviewed by the Board of Trustees be approved, and that the Secretary be instructed to file these detailed budget statements for the fiscal year 1966-67 with the official records of the University.

Finally, it is recommended that the President be authorized to adjust the expenditure estimates during the fiscal year with fluctuations in income and report such adjustments on a quarterly basis to the Board of Trustees.

Upon motion of Mr. France, seconded by Mr. Bricker, the above recommendations for approval of the budgets for the 1966-67 fiscal year were approved by unanimous roll call vote.

Budget for The Ohio State University Research Foundation for the 1966-67 Fiscal Year

It is recommended that The Ohio State University Research Foundation annual budget for the fiscal year 1966-67, beginning July 1, 1966, be approved in an amount not to exceed $727,704.00. This budget was approved by the Board of Directors of The Ohio State University Research Foundation at its annual meeting on April 15, 1966.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, The Ohio State University Research Foundation budget for 1966-67 was approved by unanimous roll call vote.

President Fawcett continued with the presentation of the following recommendations for consideration by the Board of Trustees:
I. GENERAL RECOMMENDATIONS

A. Degrees and Certificates Conferred - Spring Quarter Commencement Convocation

It was recommended that degrees and certificates be conferred at the Spring Quarter Commencement Convocation on June 14, 1966, to those students who have completed the requirements for their respective degrees and certificates and were recommended by the Faculty Council. The names of those awarded degrees and certificates will be included in the minutes of this meeting. (See Appendix IX, page 559.)

Upon motion of Mr. Ketterer, seconded by Mr. France, the Board of Trustees approved the above recommendation by unanimous voice vote.

B. Distinguished Service Awards

In 1952 the Board of Trustees established the Distinguished Service Award to be given in recognition of eminent and illustrious service to The Ohio State University. The President's Cabinet, which serves as a Committee on Distinguished Service Awards, has nominated for consideration by the Board of Trustees the following-named persons to receive the Distinguished Service Award at the September 2, 1966 Commencement:

- Alan Bevington Loop
- Charley Francis Miller
- Henry Larimer Wagner

Upon motion of Mr. Jones, seconded by Mr. Shocknessy, the above nominations for the Distinguished Service Award were approved by unanimous voice vote.

C. Naming of George M. Trautman Baseball Fields

On June 1 and June 2, 1966, a majority of the Board of Trustees by telephone communication with the Secretary of the Board approved the recommendation initiated by the University Athletic Council that the new baseball playing fields located in the area north of Lane Avenue, west of the Olentangy River Road, and south of the married student housing area, be named the George M. Trautman Baseball Fields, in memory of the late George M. Trautman, Class of 1914.

A popular campus leader and varsity athlete during his student days, George M. "Red" Trautman later served the University as basketball coach in 1920-1921 and as Assistant Athletic Director, 1921 through 1929. His service and dedication to the game are well known to baseball fans throughout the Nation, and he was singularly recognized in 1946 when he was elected President of the National Association of Professional Baseball Leagues, a position he held until his death in 1963.

Pursuant to the telephone approval by the Board of Trustees, the Director of Athletics announced on the occasion of the National Collegiate Athletic Association District No. 4 baseball playoffs held June 2, 3, and 4, 1966, that the new varsity baseball facilities would be named in memory of the late Mr. Trautman and would be formally dedicated at an appropriate ceremony during the next baseball season. As the Big Ten Champion, The Ohio State University served as the host for the NCAA District No. 4 baseball playoffs.
June 9, 1966 meeting, Board of Trustees

I. GENERAL RECOMMENDATIONS (continued)

C. Naming of George M. Trautman Baseball Fields (continued)

It was recommended therefore that the Board of Trustees ratify the authorization granted by telephone to name the varsity baseball facilities the "George M. Trautman Baseball Fields."

Upon motion of Mr. Bricker, seconded by Mr. Jones, the Board of Trustees approved the above recommendation by unanimous voice vote.

II. PERSONNEL CHANGES

It was recommended that all personnel changes since the May 12, 1966 meeting of this Board, as recorded in the official "Salary Roll" of the University, be approved by the Board. These changes include the following Appointments, Promotions, Leaves of Absence Without Salary, Emeritus Title, New and Reappointments of Department Chairmen and Directors of Schools, and Promotions in Academic Rank:

A. Appointments

James B. Heck appointed as Assistant Dean of Faculties in the Office of Academic Affairs, effective June 1, 1966, at a salary of $12,468.00 per annum.

VII. PLANS AND SPECIFICATIONS

At the request of the Vice President for Business and Finance, it was recommended that the plans and specifications, bills of materials, and estimates of cost for the following projects be approved by the Board of Trustees:

A. Library Elevator Remodeling

This project will remedy an unsafe situation with the shaft doors and provide greatly improved service to the users of the library stacks.

Funds for this project will be provided from Budget Account 121658 (1966-67).
VII. PLANS AND SPECIFICATIONS (continued)

B. Goss Laboratory - Repairs and Improvements to Ventilation System

This project provides replacement of the existing steam preheat system with a forced flow hot water system and proper controls to minimize the possibility of shut downs of the air conditioning units and the replacement of the electronic air cleaner filters to insure clean air supply to the laboratories.

Funds for this project will be provided from Budget Account 121658 (1966-67).

C. School of Nursing

This project is a three-story building to provide office and classroom space for the School of Nursing.

Funds for this project will be provided from Item 016, S. B. 370, Item 018, H. B. 202, and Federal funds.

D. Remodel Neilwood Gables Bookstore

This project will provide additional space for the existing bookstore by expanding into the basement of Neil Gables.

Funds for this project will be provided from Budget Account 801027.

Upon motion of Mr. Bricker, seconded by Mr. Allyn, the above recommendation was approved by unanimous roll call vote, and the Secretary was authorized and directed to sign the plans and specifications for the above projects for and on behalf of the Board of Trustees. Vice President Carson was directed to proceed with a request for bids in the normal University manner and if satisfactory bids are received, to proceed with the award of contracts. All action regarding this matter will be reported to the Board of Trustees at a later meeting.

VIII. REPORT OF AWARD OF CONTRACTS

In accordance with authorization provided by the Board of Trustees, bids were taken for several projects and contracts were recommended for award. The actions reported to the Board were as follows:

*The Director of Public Works has recommended that Controlling Board approval be obtained to award the Heating, Ventilating, and Air Conditioning Contract to the low bidder since it is believed that no better bids would be received by re-advertising.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above award of contracts and expenditures of funds were approved and the action of the Vice President for Business and Finance ratified by unanimous roll call vote.

IX. CONTROLLING BOARD APPROVALS

Each numbered request shown below accomplishes the following purpose:

42 Approves the transfer of $405,000.00 from Item 016 Medical Complex to Item 048 Medical Center Utilities, H. B. 202, and releases $30,000.00 for the preparation of plans and specifications for the construction of necessary utility lines for new buildings in the Medical Center.
IX. CONTROLLING BOARD APPROVALS (continued)

52 Approves the transfer of $500,000.00 from Special Research Facilities, Item 034, to Item 049 Printing Facilities - Equipment, H. B. 949, and releases this amount for the acquisition of fixed and movable equipment for the new facility.

55 Approves the acquisition of property located at 123 West Eleventh Avenue.

56 Approves the acquisition of property located at 205-207 West Eleventh Avenue.

57 Approves the acquisition of property located at 209-211 West Eleventh Avenue.

58 Approves the acquisition of property located at 212 West Tenth Avenue.

59 Approves the acquisition of property located at 220 West Tenth Avenue.

60 Approves the acquisition of property located at 235 West Tenth Avenue.

61 Approves the transfer and release of $377,000.00 from Item 016, Medical Complex, to Item 043 Basic Science - Medical, H. B. 202, to provide funds for architectural services to complete the plans and specifications for this facility.

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE

A. Dennis House (Building 13), Employment of Engineers

It was recommended that the engineering firm of W. E. Monks be employed to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing and electrical work for the above project, including design, preparation of drawings, specifications, and estimate of cost; and complete field supervision of construction.

This service will be provided at a fee of 5 1/2 per cent of the plumbing, heating, and electrical work or an estimated fee of $18,700.00. Funds for this project will be provided from Dormitory Construction Fund.

B. Horticulture, Forestry, and Food Technology Center, Employment of Engineers

It was recommended that the engineering firm of Kramer, Comer & Passe be employed to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing and electrical work for the above project, including design, preparation of drawings, specifications, and estimate of cost; and complete field supervision of construction.

The fee for this service will be calculated on the basis of 5 1/4 per cent of the cost of the mechanical and electrical work or an estimated fee of $63,000.00. Funds will be provided from Item 046, H. B. 949.
C. Horticulture, Forestry, and Food Technology Center, Employment of Structural Engineers

It was recommended that the firm of Miller & Korda be employed to provide professional services for the structural system, including design calculations, drawings, specifications, estimate of cost, and checking shop drawings.

The fee for this service will be 0.90 per cent of the cost of the General Contract or an estimated fee of $14,400.00. Funds for this service will be provided from Item 046, H. B. 949.

D. River Union, Employment of Structural Engineers

It was recommended that the firm of Fling & Eeman be employed to provide professional services for the structural system of this building, including design calculations, drawings, specifications, estimate of cost, and checking shop drawings.

The fee for this service will be calculated at the rate of 1.5 per cent of the general contract or an estimated fee of $15,000.00. Funds for this project are provided from Budget Account 801083.

E. Dennis House (Building 13), Employment of Structural Engineers

It was recommended that the firm of Fling & Eeman be employed to provide professional services for the structural system, including design calculations, drawings, specifications, estimate of cost, and checking shop drawings.

The fee for this service will be calculated at the rate of 0.65 per cent of the cost of the General Contract and funds will be provided from the Dormitory Construction Fund.

F. River Union, Employment of Engineers

It was recommended that the firm of H. A. Williams & Associates be employed to provide complete professional engineering services for heating, ventilating, and air conditioning; plumbing and electrical work for the above project, including design, preparation of drawings, specifications, estimate of cost, and field observation; and inspection of construction, according to the Department of Public Works' standard contract.

The fee for this service will be 5 1/2 per cent of the cost of the mechanical and electrical work or an estimated fee of $36,850.00 and funds will be provided from Budget Account 801083.

G. Mental Retardation Facility, Employment of Architect

It was recommended that Dan A. Carmichael, Architect, be employed to provide architectural services necessary to prepare schematic drawings, outline specifications, and estimate of cost, all as required for submittal of project grant request to the Public Health Service.
June 9, 1966 meeting, Board of Trustees

X. MISCELLANEOUS FROM OFFICE OF BUSINESS AND FINANCE (continued)

G. Mental Retardation Facility, Employment of Architects (continued)

The fee will be calculated on the basis of $18.00 per hour with a maximum fee of $10,000.00. Funds for this service will be provided from Item 016, H. B. 202.

Upon motion of Mr. France, seconded by Mr. Ketterer, the above recommendations were individually and collectively approved by unanimous roll call vote.

H. Lima Branch - Agreement for Sewage Facilities

President Fawcett presented the following resolution for consideration by the Board of Trustees:

WHEREAS, The Ohio State University has acquired lands in Allen County for the proposed construction of facilities to be used as a branch campus of the University; and

WHEREAS, said branch campus facilities will require sewerage facilities; and

WHEREAS, the Commissioners of Allen County, Ohio, are desirous of acting in the general interest to provide sewerage lines or mains for sewerage services; and

WHEREAS, the parties have concluded that on the basis of Sections 6117.30 and 6117.38, Revised Code, authority rests in a county board of commissioners and a public institution to enter an agreement as hereinafter set forth; and

WHEREAS, the Commissioners propose and agree to construct sewer lines or mains to the site of the Lima Branch Campus of The Ohio State University adequate for a 20-year development program in accordance with the findings of Kohli and Kaliher Associates;

NOW, THEREFORE, BE IT RESOLVED that in consideration of the construction aforesaid of the sewer facilities, subject to appropriation of funds by the Legislature of the State of Ohio, the University agrees to pay an annual charge of $5,000.00 for a 20-year period, such payments to be made quarterly. Such payments shall constitute the sole charges due from the University for the use of said facilities during the 20-year period involved, except only that the University agrees to pay a tap charge upon completion of the project, which shall not exceed the sum of $1,000.00; and

BE IT FURTHER RESOLVED that the Vice President for Business and Finance be authorized to sign an agreement with the Board of County Commissioners of Allen County, Ohio, on behalf of the Board of Trustees of The Ohio State University for sewerage facilities at the Lima Branch based on the conditions as stated above.

Upon motion of Mr. Bricker, seconded by Mr. Allyn, the above resolution was adopted by unanimous roll call vote.

I. Special Policeman Commission

At the request of the Vice President for Business and Finance, it was recommended that Stephen F. Lazarrus be designated as Special Policeman pursuant to the provisions of Section 3345.04 of the Revised Code of Ohio; and that in further compliance with the provisions of said section, the Board of Trustees

I. Special Policeman Commission (continued)

require Mr. Lazarrus, as well as any other employee of this institution designated as Special Policeman, to take the oath of office and give bond to the State of Ohio in an amount no less than One Thousand Dollars ($1,000.00) prior to assuming the duties of Special Policeman.

Upon motion of Mr. Allyn, seconded by Mr. Bricker, the above recommendation was approved by unanimous roll call vote.

J. Purchase of Buildings and Property, 1598 Neil Avenue

It was recommended that the Vice President for Business and Finance be authorized to proceed with the purchase of the following property from Jesse S. Hall Estate at a price of $20,000.00:

Being a part of Lot No. 2, Elizabeth J. McMillen's University Addition, Columbus, Franklin County, Ohio, and commonly known as 1598 Neil Avenue.

Funds are available in the Dormitory Revenue Fund for this purchase.

Upon motion of Mr. Bricker, seconded by Mr. Jones, the above recommendation was approved by unanimous roll call vote.

XI. RESOLUTION IN MEMORIAM

President Fawcett reported to the Board the death of Loren E. Bollinger, Assistant Professor of Aeronautical and Astronautical Engineering. In accordance with the instructions of the Board of Trustees, a copy of the following Resolution expressing on behalf of the University the sorrow and sympathy of the Board will be furnished the family of the deceased.

A. Loren E. Bollinger

The Board of Trustees expresses its sorrow at the death on May 22, 1966, of Loren E. Bollinger, Assistant Professor of Aeronautical and Astronautical Engineering.

Professor Bollinger was born in East Canton, Ohio, on March 24, 1926. He was graduated from The Ohio State University with the B.E.E. degree in December of 1948 and was awarded the M.S. degree in Aeronautical Engineering in December of 1956. He was registered as a Professional Engineer in the State of Ohio in 1953.

Professor Bollinger served as a Research Assistant in the Cryogenic Laboratory of the Department of Chemistry at The Ohio State University from January 1949 to May 1951. He then joined the Aeronautical Research Laboratory of WADC at Wright-Patterson Air Force Base in Dayton, Ohio, where he served as an Electronic Engineer until October 1952. He then returned
June 9, 1966 meeting, Board of Trustees

XI. RESOLUTION IN MEMORIAM (continued)

A. Loren E. Bollinger (continued)

to The Ohio State University as a Research Engineer until December of 1956 while he undertook graduate study leading to the M.S. degree. He subsequently served as a Research Associate, Assistant Supervisor of Research, part-time Instructor in the Department of Aeronautical Engineering, and finally as Assistant Professor in the Department of Aeronautical and Astronautical Engineering after March 1960.

Professor Bollinger served as Editor-in-Chief of the ISA transactions of the Instrument Society of America since 1962 and was a member of the Ohio Academy of Science, Sigma Xi, Sigma Gamma Tau, The American Institute of Aeronautics and Astronautics, and other professional societies.

Professor Bollinger had a talent for writing about complex technical and scientific achievements throughout the world in a manner which made them understood by the public. His weekly column entitled "Man and Missiles" was carried by the Columbus Dispatch for many years. His technical interest was primarily concerned with electronic instrumentation and its application to propulsion problems. He was author or co-author of more than 65 technical papers.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It was directed that this Resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as a humble expression of the Board's heartfelt sympathy in its bereavement.

XII. REPORTS

A. Report on the University's Investment Portfolio

The report on the University's Investment Portfolio dated May 31, 1966, as submitted to the Finance and Investment Committee of the Board of Trustees and distributed to all members of the Board, was ordered to be filed with the official records of the Board.

B. Report from the Chairman - Committee Appointments for 1966-67

The Chairman, Mr. Jacob E. Davis, appointed the following-named persons to membership on the Council, Committees, and Boards for 1966-67 as indicated below:

Finance and Investment Committee

   Stanley C. Allyn, Chairman
   Mervin E. France, Vice Chairman
   Frederick E. Jones

In concluding the meeting, President Fawcett reminded the Board that Dr. John C. Weaver, Vice President for Academic Affairs and Dean of Faculties, was in attendance for his last meeting, since he will be moving soon to assume his new duties as President of the University of Missouri. Reference was made to the expression of appreciation for the effective service that Dr. Weaver has rendered to the University as recorded in the minutes for the February 10, 1966 meeting.

The Chairman, Mr. Davis, extended to Dr. Weaver the Board's best wishes for his new and enlarged responsibilities.

Dr. Weaver responded with an expression of gratitude to the President and the Board of Trustees for the opportunity they had given him here at The Ohio State University.

June 14, 1966
The Recipients of Honors

DAVID K. DETWEILER

DOCTOR OF SCIENCE

Distinguished veterinarian, dedicated scholar, imaginative investigator, and international leader in comparative medicine

David K. Detweiler, by his creative leadership, has united the talents of scientists in the broad fields of biological and medical research in the continuing quest for the causes of those diseases common to man and other animals. His studies of cardiovascular diseases of animals have attracted national and international attention and have provided new opportunities for improving the health of animals through the application of genetics, nutrition, and medical science. His laboratories now serve as an international center for the education and training of young scientists interested in research in comparative cardiology.

Dr. Detweiler received the V.M.D. degree in 1942 from the University of Pennsylvania's School of Veterinary Medicine, and the M.S. degree from that University's Graduate School in 1949. He began his professional career in 1942 as an instructor in the Department of Veterinary Physiology and Pharmacology at the University of Pennsylvania. In 1955-56, he received a Guggenheim Fellowship to pursue studies in cardiac physiology at the Veterinärphysiologisches Institut, Universität Zürich, Switzerland.

His exceptional personal intellect, energy, discipline, and enthusiasm led to academic achievement of the highest order and to recognition by colleagues in the veterinary medical and allied sciences at the University of Pennsylvania. He is presently Chairman, Department of Veterinary Medical Sciences, Graduate School of Medicine; Professor of Physiology, College of Veterinary Medicine; Professor of Physiology, Graduate School of Medicine; and Director, Comparative Cardio-vascular Studies Unit.

Dr. Detweiler has participated in the administration of research, education, and service interests of the American Veterinary Medical Association, the American Heart Association, the World Health Organization, the American Physiological Society, and the United States Public Health Service.

561
Andrew Denny Rodgers III

Doctor of Letters

Author, lawyer, historian of science, whose pioneering research has laid the foundation for disciplined study in the history of American botany.

Andrew Denny Rodgers III, internationally known as the author of seven scholarly biographies of American botanists, has brought great honor to Ohio, to Columbus, and to The Ohio State University. Presenting the life stories of American botanists has also provided a single story of the development of botanical science in the United States. As a result of Mr. Rodgers' writings, more is known about American botanists than about any other group of American scientists.

Mr. Rodgers is a descendant of a distinguished family intimately connected with the development of Columbus and of Ohio State. He is a direct descendant of Lucas Sullivant, founder of Franklinton; his great-uncle, Joseph Sullivant, was active in the establishment of this University and was a member of its first Board of Trustees.

Mr. Rodgers received the B.A. degree from Ohio Wesleyan University in 1922, the LL.B. from The Ohio State University in 1925, and an honorary Litt. D. from Ohio Wesleyan in 1946. His career is unique in that he has not had professional training as a botanist or historian. After practicing law from 1926 to 1933, he devoted his time to learning about history and botany and to writing books that have become "classics" for their significant documentation and evaluation of American botanical history. His first book was about his great-grandfather, William Starling Sullivant, of Columbus, an eminent world authority on mosses, whose library is the foundation of this University's botanical library collection.

In the course of his research, Mr. Rodgers discovered and preserved important collections of manuscript source materials which might otherwise have been lost. In recognition of his accomplishments and their value to botany in the United States, the Botanical Society of America, at its golden jubilee celebration in 1956, awarded him a certificate of merit, one of only 50 awarded to living botanists.
Creative engineer and prominent industrial leader

Parker S. Dunn, President of the American Potash and Chemical Company, exemplifies the best tradition of scientific management. Under his direction, a revolutionary new process for the extraction of borates from ore was developed and installed. Heralded in the industry as one of the major breakthroughs in chemical engineering in the past five years, this development won his company the highest recognition for engineering achievement—the Kirkpatrick Award.

During Mr. Dunn's period of management with the company, he instituted policies which were instrumental in improving the morale of his workers and in achieving a nationally acclaimed safety record. As a result of a carefully balanced program of acquisitions, expansion, and application of new technology, sales and net returns have increased more than three times.

Mr. Dunn received the Bachelor of Chemical Engineering degree from The Ohio State University in 1930 and was elected to Tau Beta Pi, engineering honorary organization. In 1931, he received the Master of Science degree from Massachusetts Institute of Technology. His career in the chemical process industry spans nearly forty years and started with a summer job while he was still a student at Ohio State. In 1941, he joined the Potash Company of America at Carlsbad, New Mexico, as Research Director and later became Resident Manager. In 1951, he was named Assistant Vice President of Production and Technical Operations for American Potash and Chemical Corporation in Trona, California. Having risen through a series of administrative positions of increasing importance, he was named President in 1963.

Field of Specialization: Art

Robert Homer Cherry, Jr ..................................... Columbus
B.S. in Ch.E. (Pennsylvania State University); M.S.E. (University of Michigan)
Dissertation: Azeotropic Behavior in the Critical Region: The System Aceton—n-Pentane
Field of Specialization: Chemical Engineering

Charles Cavender Davis ................................. South Charleston, W. Va.
A.B., A.M. (West Virginia University)
Dissertation: Stimulus Generalization of Habituation of the Galvanic Skin Response
Field of Specialization: Psychology

Charles Dean Corman ................................. South Charleston, W. Va.
B.S. in Chem. (Montana State College)
Dissertation: The Synthesis of 9, 10-Dimethyl-1, 2-Benz-3, 4-Anthraquinone
Field of Specialization: Chemistry

Terry Lee Davis ......................................... Worthington
B.Met.E.
Dissertation: A Theoretical and Experimental Examination of the Nucleation of Dislocation Loops in Aluminum
Field of Specialization: Metallurgical Engineering

David Kenneth Dawson ................................ Grove City
B.S. in Ed., M.S. in Ed. (Bowling Green State University)
Dissertation: An Instructional Program for Children with Perceptually Related Learning Disabilities
Field of Specialization: Education
James Leon Day ............................................. Columbus
B.S.Phar. (Ohio Northern University); M.Sc.
Dissertation: I. A Re-examination of Spath and Gohring's Synthesis of Pseudoephedrine II. Synthesis of Some Ring Analogs of Ephedrine and Pseudoephedrine
Field of Specialization: Pharmacy

David Livingstone Deever ................................... Westerville
B.A., B.S. (Otterbein College)
Dissertation: Order Properties and Topologies of Sets of Transfinite Dyadic Sequences
Field of Specialization: Mathematics

Ronald Wayne Dickey ...........................................Pawnee, Ill.
B.S. (Western Illinois University); M.Sc.
Dissertation: An Analysis of Financial Management of Agricultural Cooperative Business Organizations in Ohio and Recommendations for Improvement
Field of Specialization: Agricultural Economics and Rural Sociology

B.S., M.S. (San Diego State College)
Dissertation: Accounting Implications of the Relative Objectivity of the Appraisal Process
Field of Specialization: Accounting

Robert Henry Dolliver ....................................... Cleveland
B.A. (Cornell College); M.A.
Dissertation: The Relationship of Certain Variables to the Amount of Agreement in Inventoried and Expressed Vocational Interests
Field of Specialization: Psychology

Robert Frank Fallis .......................................... Vancouver, B.C., Canada
B.A. (University of British Columbia); M.Sc. (McGill University)
Dissertation: The Determination, Weighting, and Cross-Validation of Criterion Dimensions of Salesmen's Performance
Field of Specialization: Psychology

William Loren Flinn ........................................... Piqua
B.Sc. in Agr., M.Sc.
Dissertation: Adaptation of Rural Colombian Migrant Families to the Urban Society of Bogota, Colombia
Field of Specialization: Agricultural Economics and Rural Sociology

Dennis Walden Foreman, Jr..................................Canton
B.S. (Mount Union College); M.Sc.
Dissertation: The \((O_4H_4)^{-4}\) Tetrahedron in Tricalcium Aluminate Hexa-deuterate Determined by Means of Neutron and X-Ray Diffraction
Field of Specialization: Mineralogy

Sidney Gael .....................................................Dayton
A.B. (Hunter College); M.S. (Pennsylvania State University)
Dissertation: Cross-cultural Behavior as a Function of Attitude
Field of Specialization: Psychology
Wilbur Seth Gaugh ........................................ Sharon, Pa.
  B.A. (Thiel College)
  Dissertation: The Synthesis of 3-(1-Naphthyl-4-phenanthrylmethyl)
  Glutaric Acid: A Potential Intermediate for Heptahelicene
  Field of Specialization: Chemistry

Claude Milton Gillespie, Jr .................................... Columbus
  B.S. in Phys. (Georgia Institute of Technology)
  Dissertation: The Use of a Solid State Detector for Conversion Elec-
  tron Spectroscopy and a Study of the Radioactive Decay of \(^{97}\)Ru
  Field of Specialization: Physics

Frances McClure Griffin .................................. Rushsylvania
  B.S. (Geneva College); M.S. (University of Pittsburgh)
  Dissertation: On the Interaction of Chemical Stimuli with Taste Re-
  ceptors
  Field of Specialization: Physiological Chemistry

Edwin Raymond Haering ........................................ Columbus
