Each member of the medical staff shall abide by policies approved by the medical staff administrative committee and by the Ohio state university hospitals. Failure to abide may result in suspension of some or all hospital privileges.
April 8, 2011 meeting, Board of Trustees

(APPENDIX XXIX)

IMPACT STATEMENT

THE ARTHUR G. JAMES CANCER HOSPITAL
AND RICHARD J. SOLOVE RESEARCH INSTITUTE
MEDICAL STAFF BYLAWS AND RULES AND REGULATIONS

Amendments Approved By:
James Cancer Hospital Medical Staff Administrative Committee – February 11, 2011
James Cancer Hospital Medical Staff – February 24, 2011
Professional Affairs Committee of The Ohio State University Medical Center Board –
February 18, 2011

III. MEDICAL STAFF BYLAWS

A. Updates and revisions to align bylaws with verbatim language of Joint Commission standards and CMS rules.
B. Substantial updates and revisions to comply with new Joint Commission Medical Staff standards.
C. Revisions to clarify medical staff appointments and re-appointments.
D. Revisions to clarify focused professional practice evaluation and ongoing professional practice evaluation.
E. Revisions to clarify when clinical privileges can lapse versus be suspended or terminated.
F. Various updates, revisions and minor administrative corrections to align and reflect the recently revised Medical Center Board Bylaws and duties of the Professional Affairs Committee.
G. Insertion of specific releases for sharing of quality and medical staff information within the Medical Center as well as with third party payors, regulating agencies, accreditation bodies and other health care entities.
H. Updates and revisions to peer review bylaws in order to reflect current process and laws.
I. Updates and revisions to leave of absence bylaws in order to reflect current process.
J. Revisions to temporary and special clinical privileges to align with Joint Commission standards and reflect current process.
K. Updates and revisions to further define roles and responsibilities of medical staff officers and department chairs.
L. Updates and revisions to further define roles and responsibilities of medical staff committees and reflect current practices.
M. Various minor administrative corrections throughout.

II. MEDICAL STAFF RULES AND REGULATIONS

H. Updates and revisions to align with language of the Joint Commission standards and CMS rules.
I. Updates and revisions in order to reflect changes for medical record entries and orders due to implementation of electronic systems.
J. Updates and revisions to further define roles and responsibilities of medical staff, medical staff committees and reflect current practices.
K. Various other minor administrative corrections.
BYLAWS OF THE MEDICAL STAFF
THE ARTHUR G. JAMES CANCER HOSPITAL AND
RICHARD J. SOLOVE RESEARCH INSTITUTE

3335-111-02 Purpose.

The purpose of the self-governing, democratically organized medical staff, which is accountable to the Ohio state medical center board for the quality of care provided to the patients of the CHRI shall be:

(A) To maintain exemplary standards of medical care for all patients at the CHRI. To assure continuity of care and treatment for the individual patient throughout the course of his or her illness, and to assure ongoing support and care for cancer survivors. To commit to being responsive to the needs of all CHRI patients and to communicate compassionately and effectively concerning matters of patient care.

(B) To support and encourage research, with an emphasis on the prevention and treatment of cancer; to actively encourage patients to participate in clinical trials and other research, and to foster research programs to enhance and advance the educational and patient care programs.

(C) To support educational programs for health care and other professionals, patients and families, and the community, with an emphasis on cancer-related education; to elevate and advance the educational standards of our professions, including pre and post medical or osteopathic students, nursing students, students of the allied medical professions, and students of other health professional colleges.

(D) To provide a means to identify and review medical problems, assure adherence to regulatory and accreditation standards, review and revise policies and procedures; and to provide a means for establishing and maintaining standards of professional, medical and educational performance, evaluation and discipline within the medical staff, and harmonious cooperation and understanding among the units comprising the CHRI.

(E) To provide research, education, and service programs to benefit the mental, physical, and environmental health of the citizens of the state of Ohio, the region, the nation, and the world and to facilitate dissemination of medical knowledge to health professionals and the public.

3335-111-03 Patients.

(A) The continuous care and treatment of individual patients is the medical responsibility of the member of the attending, associate attending, clinical attending or community associate attending medical staff to whose care the patient is treated at or transferred to the CHRI, and to an allied health professional being granted clinical privileges under these bylaws.

(B) There shall be only one category or classification of patients in the CHRI, and those patients are the patients of the medical staff under whose care they are treated. Patients treated at the CHRI who, prior to treatment, have not requested or selected a member of the medical staff to attend them shall be assigned for their care and treatment to a member of the medical staff for their care and treatment.

(C) All patients treated at the CHRI should cooperate in, and, whenever applicable, participate in an approved cancer related protocol and knowingly participate in
April 8, 2011 meeting, Board of Trustees

the teaching program of the college of medicine. Should a patient, or on the behalf of the patient, the patient’s representative, refuse to participate or cooperate in the teaching program of the CHRI or the college of medicine, the medical staff member responsible for the care and treatment of the patient will encourage participation in the Ohio state university’s teaching programs, but will simultaneously inform patients, or when appropriate, the patient’s representative, of their right to refuse participation.

(D) Students, including pre and post medical or osteopathic, but not limited thereto, shall be under the direction and control of the members of the medical staff to whom the patient is assigned for treatment within the CHRI. The CHRI respects the patient’s right to participate in decisions about his or her care, treatment and services, and further respects the patient’s right to refuse care, treatment and services, in accordance with law and regulation.

3335-111-04 Membership.

(A) Qualifications.

(1) Membership on the medical staff of the CHRI is a privilege extended to allopathic and osteopathic physicians, dentists, oral surgeons, clinical psychologists, and podiatrists who consistently meet the qualifications, standards, and requirements set forth in the bylaws, rules and regulations of the medical staff, and the board of trustees of the Ohio state university. Membership on the medical staff is available on an equal opportunity basis without regard to race, color, creed, religion, sexual orientation, national origin, gender, age, handicap, genetic information or military or veteran status. Doctors of medicine, osteopathic medicine, dentistry, and practitioners of psychology and podiatry in faculty and administrative positions who desire medical staff membership shall be subject to the same policies and procedures as all other applicants for the medical staff.

(2) All members of the medical staff of the CHRI, except community associate attending staff, shall be members of the faculty of the Ohio state university college of medicine, or in the case of dentists, of the Ohio state university college of dentistry, and shall be duly licensed to practice in the state of Ohio. Members of the limited staff shall possess a valid training certificate, or an unrestricted license from the applicable state board based on the eligibility criteria defined by that board. All members of the medical staff and limited staff shall comply with provisions of state law and the regulations of the respective state licensing board. Only those allopathic and osteopathic physicians, dentists, oral surgeons, clinical psychologists, and podiatrists who can document their education, training, experience, competence, adherence to the ethics of their profession, dedication to educational and research goals and ability to work with others with sufficient adequacy to assure the medical center board and the board of trustees of the Ohio state university that any patient treated by them at the CHRI will be given high quality medical care provided at CHRI, shall be qualified for eligibility for membership on the medical staff of the CHRI. Except for community associate staff, CHRI medical staff members shall also hold appointments to the medical staff of the Ohio state university hospitals for consulting purposes. Loss of such appointment shall result in immediate termination of membership on the CHRI medical staff and immediate termination of clinical privileges as of the effective date of the Ohio state university hospitals appointment termination. This consequence does not apply to an individual’s suspension for
completion of medical records. If the medical staff member regains an appointment to the Ohio state university hospitals medical staff, the affected medical staff member shall be eligible to apply for CHRI medical staff membership at that time.

All applicants for membership and members of the medical staff must provide basic health information to fully demonstrate that the applicant or member has, and maintains, the ability to perform requested clinical privileges. The director of medical affairs of the CHRI, the department chairperson, the credentialing committee, the medical staff administrative committee, the professional affairs committee of the Ohio state university medical center, or the Ohio state university medical center board may initiate and request a physical or mental health evaluation of an applicant or member. Such request shall be in writing to the applicant.

(3) All members of the medical staff will comply with medical staff and the CHRI policies regarding employee and medical staff health and safety, provision of uncompensated care, and will comply with appropriate administrative directives and policies which, if not followed, could adversely impact overall patient care or may adversely impact the ability of the CHRI employees or staff to effectively and efficiently fulfill their responsibilities. All members of the medical staff shall agree to comply with bylaws, rules and regulations, and policies and procedures adopted by the medical staff administrative committee and the medical center board, including but not limited to policies on professionalism, disruptive behavior, annual education and training, conflict of interest, HIPPA compliance and access and communication guidelines. Medical staff members must also comply with the university integrity program requirements including but not limited to billing, self referral, ethical conduct and annual education.

(4) Exclusion of any medical staff member or allied health professional from participation in any federal or state government program or suspension from participation, in whole or in part, in any federal or state government reimbursement program, shall result in immediate termination lapse of membership on the medical staff of the CHRI and the immediate termination lapse of clinical privileges at the CHRI as of the effective date of the exclusion or suspension. If the medical staff member's or allied health professional's participation in these programs is fully reinstated, the affected medical staff member or allied health professional shall be eligible to apply for membership and clinical privileges at that time. It shall be the duty of all medical staff members and allied health professionals to promptly inform the director of medical affairs of any action taken, or the initiation of any process, which could lead to such action taken by any of these programs.

(5) Board certification.

An applicant for membership shall at the time of appointment or reappointment, be board certified in his or her specialty. This Board certification must be approved by the American board of medical specialties, or other applicable certifying boards for doctors of osteopathy, podiatry, psychology, and dentistry. All applicants must be certified within the specific areas for which they have requested clinical privileges. Applicants who are not board certified at the time of application but who have completed their residency or fellowship training within the last five years will be eligible for medical staff appointment. However, in order to remain eligible, those applicants
must achieve board certification in their primary area of practice within five years from the date of completion of their residency or fellowship training. Applicants must maintain board certification and, to the extent required by the applicable specialty/subspecialty board, satisfy recertification requirement. Recertification will be assessed at reappointment. Failure to meet or maintain board certification shall result in termination of membership on the medical staff of the CHRI. Waiver of these eligibility criteria is as follows:

(a) A request for a waiver will only be considered if the applicant provides information sufficient to satisfy his or her burden to demonstrate that his or her qualifications are equivalent to or exceed the criterion in question and that there are exceptional circumstances that warrant a waiver. The clinical department chief must endorse the request for waiver in writing to the credentialing committee.

(b) The credentialing committee may consider supporting documentation submitted by the prospective applicant, any relevant information from third parties, input from the relevant clinical department chiefs, and the best interests of the hospital and the communities it serves. The credentialing committee will forward its recommendation, including the basis for such, to the medical staff administrative committee.

(c) The medical staff administrative committee will review the recommendation of the credentialing committee and make a recommendation to the medical center board regarding whether to grant or deny the request for a waiver and the basis for its recommendation.

(d) The medical center board determination regarding whether to grant a waiver is final. A determination not to grant a waiver is not a denial of appointment or clinical privileges and does not give rise to a right to a hearing. The prospective applicant who requested the waiver is not entitled to a hearing. A determination to grant a waiver in a particular case is not intended to set a precedent for any other applicant. A determination to grant a waiver does not mean that an appointment will be granted. Waivers of threshold eligibility criteria will not be granted routinely. No applicant is entitled to a waiver or to a hearing if a waiver is not granted.

(6) All applicants must demonstrate recent clinical activity in their primary area of practice during the last two years to satisfy minimum threshold criteria for privileges within their clinical departments.

(6)(7) Applicants for community oncology attending or community associate attending medical staff categories, practicing in a CHRI unit at another hospital, must have and maintain clinical privileges and active medical staff membership at that hospital.

(7)(8) Resignation, termination or non-reappointment to the faculty of the Ohio state university shall result in immediate termination of membership on the medical staff of the CHRI for attending, associate attending and clinical attending staff members.

(8)(9) Any staff member whose membership has been terminated pursuant to paragraphs (A)(4), (A)(5) or (A)(7) of this rule shall not be entitled to
request a hearing and appeal in accordance with rule 3335-111-06 of the Administrative Code. Any allied health professional whose clinical privileges have been terminated pursuant to paragraph (A)(4) of this rule may not request an appeal in accordance with paragraph (F)(6)(i) of rule 3335-111-07 of the Administrative Code.

(9)(10) No applicant shall be entitled to medical staff membership and or clinical privileges merely by the virtue of fulfilling the above qualifications or holding a previous appointment to the medical staff.

(B) Application for membership.

Initial application for all categories of medical staff membership shall be made by the applicant to the clinical department chief or designee on forms prescribed by the medical staff administrative committee, stating the qualifications and references of the applicant and giving an account of the applicant's current licensure, relevant professional training and experience, current competence and ability to perform the clinical privileges requested. All applications for appointment must specify the clinical privileges requested. Applications may be made only if the qualifications are fulfilled as outlined in paragraph (A) of this rule. See paragraph (E)(1) of rule 3335-111-07 of the Administrative Code for exceptions to signature requirements. The application shall include written statements by the applicant that commit the applicant to abide by the bylaws, rules and regulations and policies and procedures of the medical staff, the medical center board, and the board of trustees of the Ohio state university. The applicant shall produce a government issued photo identification to verify his/her identity pursuant to hospital/medical staff policy. The applicant for medical staff membership shall agree that membership requires participation in and cooperation with the peer review processes of evaluating credentials, medical staff membership and clinical privileges, and that a condition for membership requires mutual covenants between all members of the medical staff to release one another from civil liability in these review processes as long as the peer review is not conducted in bad faith, with malice, or without reasonable effort to ascertain the accuracy of information being disclosed or relied upon. A separate record shall be maintained for each applicant requesting appointment to the medical staff.

(C) Terms of appointment.

Initial appointment to the medical staff, except for the honorary category, shall be for a period not to exceed twenty-four months. An appointment or grant of privileges for a period of less than twenty-four months shall not be deemed an adverse action. Initial During the first six month of the initial appointment, except appointment to the honorary medical staff category medical staff appointments without clinical privileges, appointees shall be provisional for six months regardless of the date of the appointment. During the period of the provisional appointment, all applicants shall be subject to continuous review and reconsideration focused professional practice evaluation (FPPE) in order to evaluate the privilege-specific competence of the practitioner who does not have documented evidence of competently performing the requested privilege at the organization pursuant to these bylaws. Full appointment FPPE requires the evaluation of by the clinical department chief with a positive recommendation oversight by the credentials committee and the medical staff administrative committee. In the case of community associate attendings, receipt of the positive evaluation provided by the clinical department chief in the primary hospital in which they hold privileges is required. The provisional appointee identifies the primary hospital. If, after the initial Following the six month FPPE period, the clinical department chief may: 1. does not recommend the provisional initial appointee for full appointment, medical staff membership
and clinical privileges may be terminated. The clinical department chief may recommend that the initial provisional period may be extended up to an 3. transition to ongoing professional practice evaluation (OPPE), which is described later in these bylaws to the medical staff administrative committee: 2. Extend the FPPE period, which is not considered an adverse action, for an additional six months not to exceed a total of twelve months for purposes of further monitoring and evaluation; or 3. Such extension of the provisional period is not considered an adverse action. terminate the initial appointee’s medical staff membership and clinical privileges. In the event that the medical staff administrative committee recommends that an adverse action is to be taken against a provisional an initial appointee, the provisional initial appointee shall be entitled to the provisions of due process as outlined in these bylaws.

(D) Professional ethics.

The code of ethics as adopted, or as may be amended, by the American medical association, the American dental association, the American osteopathic association, the American psychological association, the American college of surgeons, or the American podiatric medical association shall usually govern the professional ethical conduct of the respective members of the medical staff.

(E) Procedure for appointment.

(1) The completed and signed application for membership of all categories of the medical staff as defined in rule 3335-111-07 of the Administrative Code, shall be presented to the clinical department chief or designee. The applicant shall include in the application a signed statement indicating the following:

(a) If the applicant should be appointed to a category of the CHRI medical staff, the applicant agrees to be governed by the bylaws, rules and regulations of the medical staff, the medical center board, and the board of the trustees of the Ohio state university.

(b) The applicant consents to be interviewed in regard to the application.

(c) The applicant authorizes the CHRI to consult with members of the medical staffs of other hospitals with which the applicant has been or has attempted to be associated, and with others who may have information bearing on the applicant's competence, character and ethical qualifications.

(d) The applicant consents to the CHRI’s inspection of all records and documents that may be material to the evaluation of the applicant’s professional qualifications and competence to carry out the clinical and educational privileges which the applicant is seeking as well as the applicant’s professional and ethical qualifications for medical staff membership.

(e) The applicant releases from any liability:

(i) All representatives of the CHRI for acts performed in connections with evaluating the applicant’s credentials or releasing information to other institutions for the purpose of evaluating the applicant’s credentials in compliance with these bylaws performed in good faith and without malice; and
(ii) All third parties who provide information, including otherwise privileged and confidential information, to members of the medical staff, the CHRI staff, the medical center board members, and members of the Ohio state university board of trustees concerning the applicant’s credentials performed in good faith and without malice.

(f) The applicant has an affirmative duty to disclose any prior termination, voluntary or involuntary, current loss, restriction, denial, or the voluntary or involuntary relinquishment of any of the following: professional licensure, board certification, DEA registration, membership in any professional organization or medical staff membership or privileges at any other hospital or health care facility.

(g) The applicant further agrees to disclose to the director of medical affairs of the CHRI the initiation of any process which could lead to such loss or restriction of the applicant’s professional licensure, board certification, DEA registration, membership in any professional organization or medical staff membership or privileges at any other hospital or health care facility.

(h) The applicant agrees that acceptance of an appointment to any category of the CHRI medical staff authorizes the CHRI to conduct any appropriate health assessment including, but not limited to, drug or alcohol screens on a practitioner before granting of privileges and at any time during the normal pursuit of medical staff duties, based upon reasonable cause as determined by the chief of the practitioner’s clinical department or the director of medical affairs of the CHRI or their authorized designees.

(2) The purpose of the health assessment shall be to ensure that the applicant or appointee to the CHRI medical staff is able to fully perform and discharge the clinical, educational, administrative and research responsibilities which the applicant or appointee would or is permitted to exercise by reason of medical staff appointment. If, at the time of the initial request for a health assessment, and at any time an appointee refuses to participate as needed in a health assessment, including, but not limited to, a drug or alcohol screening, the clinical department chief, division or department directors, or the director of medical affairs may impose a summary suspension per paragraph (D) of rule 3335-111-05 of the Administrative Code. This shall result in automatic lapse of membership, privileges, and prerogatives until remedied by compliance with the requested health assessment. Upon request of the medical staff administrative committee or the medical center board, the applicant or appointee will provide documentation of their physical/mental status with sufficient adequacy to demonstrate that any patient treated by the applicant or appointee will receive efficient and quality care at a professionally recognized level of quality and efficiency. The conditions of this paragraph shall be deemed continuing and may be applicable to issues of continued good standing as an appointee to the medical staff.

(3) An application for membership on the medical staff shall be considered complete when all the information requested on the application form is provided, the applicant signs the application and the information is verified. A completed application must contain:
April 8, 2011 meeting, Board of Trustees

(a) Peer recommendations from an individual(s) knowledgeable at least three individuals with first hand knowledge about the applicant’s current clinical and professional skills within the last year;

(b) Evidence of required immunizations;

(c) Evidence of current professional medical malpractice liability coverage required for the exercise of clinical privileges;

(d) Satisfaction of ECFMG requirements, if applicable;

(e) Verification by primary source documentation of:
   (i) Current and previous state licensure, and
   (ii) Faculty appointment, when applicable.

(f) DEA registrations, when required for the exercise of requested clinical privileges;

(g) Graduation from an accredited professional school, when applicable;

(h) Successful completion or record of post professional graduate medical education;

(i) Board certification or active candidacy for board certification;

(j) Information from the national practitioner data bank and other JCAHO approved sources;

(k) Verification that the applicant has not been excluded from any federally funded health care program; and

(l) Complete disclosure by the applicant of all past and current claims, suits, verdicts, and settlements, if any.

(m) Completion of criminal history check by the Ohio state university medical center security department.

(n) Completion of the Ohio state university medical center drug testing.

(o) Verification of completion of HIPAA education program.

(p) Demonstration of recent active clinical practice during the last two years required for exercise of clinical privileges.

(4) The clinical department chief shall be responsible for investigating and verifying the character, qualifications and professional standing of the applicants by making inquiry of the primary source of such information and shall within thirty days of receipt of the completed application, submit a report of those findings along with a recommendation on medical staff membership and clinical privileges to the applicant’s respective CHRI section chief. Licensed allied health professional applicants will have their clinical department chief’s report submitted to the subcommittee of the credentials committee charged with review of applications for associates to the medical staff.
(5) The section chiefs shall receive all initial signed and verified applications from the appropriate clinical department chief and shall make a recommendation to the director of medical affairs on each application. The director of medical affairs shall make an initial determination as to whether the application is complete. The credentials committee, the medical staff administrative committee, the professional affairs committee, and the medical center board have the right to render an application incomplete, and therefore not able to be processed, if the need arises for additional or clarifying information. The director of medical affairs shall forward all completed applications to the credentials committee.

(6) The applicants shall have the burden of producing information for an adequate evaluation of his/her qualifications for membership and for the clinical privileges requested. If the applicant fails to complete the prescribed forms or fails to provide the information requested within sixty days of receipt of the signed application, processing of the application shall cease and the application shall be deemed to have been voluntarily withdrawn, action which is not subject to hearing or appeal pursuant to rule 3335-111-06 of the Administrative Code.

(7) If the clinical department chief does not submit a report and recommendation on a timely basis, the completed application shall be forwarded to the director of medical affairs for presentation to the credentials committee on the same basis as other applicants.

(8) Completed applications shall be acted upon as follows:

(a) By the credentials committee within thirty days after receipt of a completed application from the director of medical affairs;

(b) By the medical staff administrative committee within thirty days after receipt of a completed application and the report of the recommendation of the credentials committee;

(c) By the professional affairs committee of the medical center board;

(d) By the medical center board within one hundred twenty days after receipt of a completed application and the report and recommendation of the medical staff administrative committee; and

(e) By the medical center board, or a subcommittee of the medical center board if eligible for expedited credentialing, within one hundred twenty days after receipt of a completed application and the report and recommendation of the medical staff administrative committee.

(9) These time periods are deemed guidelines only and do not create any right to have an application processed within these precise periods. These periods may be stayed or altered pending receipt and verification of further information requested from the applicant, or if the application is deemed incomplete at any time. If the procedural rights specified in rule 3335-111-06 of the Administrative Code are activated, the time requirements provided therein govern the continued processing of the application.
(10) The credentials committee shall review the application, evaluate and verify the supporting documentation, references, licensure, the clinical department chief’s report and recommendation, and other relevant information. The credentials committee shall examine the character, professional competence, professional conduct qualifications, and ethical standing of the applicant and shall determine, through information contained in the personal references and from other sources available, whether the applicant established and met all of the necessary qualifications for the category of the medical staff and clinical privileges requested.

(11) The credentials committee shall, within thirty days from receipt of a completed application, make a recommendation to the director of medical affairs that the application be accepted, rejected or modified. The director of medical affairs shall forward the recommendation of the credentials committee to the medical staff administrative committee. The credentials committee or the director of medical affairs may recommend to the medical staff administrative committee that certain applications for appointment be reviewed in executive session.

(12) The recommendation of the medical staff administrative committee regarding an appointment decision shall be made within thirty days of receipt of the credentials committee recommendation and shall be communicated by the director of medical affairs, along with the recommendation of the director of medical affairs, to the professional affairs committee of the medical center board, and thereafter to the medical center board. When the medical center board has acted, the chair of the medical center board shall instruct the director of medical affairs to transmit the final decision to the clinical department chief, the applicant, and the respective section chief.

(13) At any time, the medical staff administrative committee first recommends non-appointment of an initial applicant for any category of the medical staff or recommends denial of any clinical privileges requested by the applicant, the medical staff administrative committee shall require the director of medical affairs to notify the applicant by certified return receipt mail that applicant may request an evidentiary hearing as provided in paragraph (D) of rule 3335-111-06 of the Administrative Code. The applicant shall be notified of the requirement to request a hearing as provided by paragraph (B) of rule 3335-111-06 of the Administrative Code. If a hearing is properly requested, the applicant shall be subject to the rights and responsibilities of rule 3335-111-06 of the Administrative Code. If an applicant fails to properly request a hearing, the medical staff administrative committee shall accept, reject, or modify the application for appointment to membership and clinical privileges.

(14) The director of medical affairs, who may make a separate recommendation to the medical center board, shall directly communicate the final recommendation of the medical staff administrative committee to the medical center board. When the medical center board has acted, the director of medical affairs will transmit the final decision to the clinical department chief, the applicant, the respective section chief, and the Ohio state university board of trustees.
April 8, 2011 meeting, Board of Trustees

(F) Procedure for reappointment.

(1) Reappointment for all categories of the medical staff shall be for a period not to exceed twenty-four months. An appointment or grant of privileges for a period of less than twenty-four months shall not be deemed an adverse action. At least ninety days prior to the end of the medical staff member’s or licensed allied health professional’s appointment period, the clinical department chief shall provide each individual with an application for reappointment to the medical staff on forms prescribed by the medical staff administrative committee.

(2) The reappointment application shall include all information necessary to update and evaluate the qualification of the applicant. The clinical department chief shall review the information available on each applicant for reappointment and shall make recommendations regarding reappointment to the medical staff and for granting of privileges for the ensuing appointment period. The clinical department chief’s recommendation shall be transmitted in writing along with the signed and completed reappointment forms to the appropriate section chief at least forty-five days prior to the end of the individual’s appointment. The terms of paragraphs (A), (B), (C), (D), (E)(1), and (E)(2) of this rule shall apply to all applicants for reappointment. Only completed applications for reappointment shall be considered by the credentials committee.

(3) An application for reappointment is complete when all the information requested has been submitted and/or verified on the reappointment application is provided, the reappointment form is signed by the applicant, and the information is verified, and no need for additional or clarifying information is identified. A completed reappointment application must contain:

(a) Peer recommendation from an individual(s) knowledgeable about the applicant’s clinical and professional skills when sufficient information concerning the applicant is not available within the clinical department;

(b) Evidence of current professional medical malpractice liability insurance required for the exercise of clinical privileges;

(c) Verification by primary source documentation of state licensure;

(d) DEA registration when required for clinical privileges as requested;

(e) Successful completion or record of any additional post graduate medical or professional education not submitted since initial or last appointment;

(f) Board certification, recertification, or continued active candidacy for certification;

(g) Information from the national practitioner data bank;

(h) Verification that the applicant has not been excluded from any federally funded health care program;

(i) Specific requests for any changes in clinical privileges sought at reappointment with supporting documentation as required by credentialing guidelines;
Specific requests for any changes in medical staff category; 
A summary of the member’s clinical activity during the previous 
apPOINTMENT period; 
Verification of completion of any annual education requirements 
as set forth in the university integrity and HIPAA programs; 
Complete disclosure by individuals of claims, suits, verdicts and 
settlements, if any since last appointment; and 
Continuing medical education and applicable continuing 
professional education activities: documentation of category one 
CME that, at least in part, relates to the individual medical staff 
member’s specialty or subspecialty area and is consistent with 
the licensing requirements of the applicable Ohio state licensing 
board shall be required. 
Attending physicians only: submit information summarizing 
clinical research activities with each application. 
The applicant for reappointment shall be required to submit any 
reasonable evidence of current ability to perform the clinical privileges 
requested. The clinical department chief shall review and evaluate the 
reappointment application and the supporting documentation. The 
clinical department chief shall evaluate all matters relevant to 
recommendation, including: the applicant’s professional competence; 
clinical judgment; clinical or technical skills; ethical conduct; 
participation in medical staff affairs, if applicable; compliance with the 
bylaws, rules and regulations of the medical staff, the medical center 
board, and the board of trustees of the Ohio state university; 
cooperation with the CHRI hospitals personnel and the use of the CHRI 
hospital's facilities for patients; relations with other physicians other 
health professionals or other staff; maintenance of a professional 
attitude toward patients; and the responsibility to the CHRI and the 
public. 
The clinical department chief shall submit a report of those findings 
along with a recommendation on reappointment to the applicant’s 
respective CHRI section chief. Licensed allied health professional 
applicants will have their clinical department chief's report submitted to 
the subcommittee of the credentials committee charged with review of 
application for associates to the medical staff. The section chief shall 
review the reappointment application and forward to the director of 
medical affairs with a recommendation for reappointment. The director 
of medical affairs shall forward the reappointment forms and the 
recommendations of the clinical department chief and section chief to 
the credentials committee. The credentials committee shall review the 
request for reappointment in the same manner, and with the same 
authority, as an original application for medical staff membership. The 
credentials committee shall review all aspects of the reappointment 
application including source verification of the member's quality 
assurance record for continuing membership qualifications and for 
continuing clinical privileges. The credentials committee shall review 
each member's performance-based profile to ensure that all medical 
staff members deliver the same level of quality of care with similar 
delineated clinical privileges across all clinical departments and across 
all categories of medical staff membership.
(6) The credentials committee shall forward its recommendations to the director of medical affairs at least thirty days prior to the end of the period of appointment for the individual. The director of medical affairs shall transmit the completed reappointment application and recommendation of the credentials committee to the medical staff administrative committee.

(7) Failure of the member to submit a reappointment application shall be deemed a voluntary resignation from the medical staff and shall result in automatic termination of membership and all clinical privileges at the end of the medical staff member's current appointment period, action which shall not be subject to a hearing or appeal pursuant to rule 3335-111-06 of the Administrative Code. A request for reappointment subsequently received from a member who has been automatically terminated shall be processed as a new appointment.

(8) Failure of the clinical department chief to act in a timely manner on an application for reappointment shall be the same as provided in paragraph (E)(7) of this rule.

(9) The medical staff administrative committee shall review each request for reappointment in the same manner and with the same authority as an original application for appointment to the medical staff and shall accept, reject, or modify the request for reappointment in the same manner and with the same authority as an original application. The recommendation of the medical staff administrative committee regarding reappointment shall be communicated by the director of medical affairs, along with the recommendation of the director of medical affairs, to the professional affairs committee of the medical center board, and thereafter to the medical center board. When the medical center board has acted, the chair of the medical center board shall instruct the director of medical affairs to transmit the final decision to the clinical department chief, the applicant, and the section chief.

(10) When the decision of the medical staff administrative committee results in a decision of non-reappointment or reduction, suspension, or revocation of clinical privileges, the medical staff administrative committee shall instruct the director of medical affairs to give written notice to the affected member of the decision, the stated reason for the decision, and the member's right to a hearing pursuant to rule 3335-111-06 of the Administrative Code. This notification and an opportunity to exhaust the appeal process shall occur prior to an adverse decision unless the provisions outlined in paragraph (C) of rule 3335-111-06 of the Administrative Code apply. The notice by the director of medical affairs shall be sent certified return receipt mail to the affected member's last known address as determined by the Ohio state university records.

(11) If the affected member of the medical staff does not make a written request for a hearing to the director of medical affairs within thirty-one days after receipt of the adverse decision, it shall be deemed a waiver of the right to any hearing or appeal as provided in rule 3335-111-06 of the Administrative Code to which the staff member might otherwise have been entitled on the matter. If a timely, written request for hearing is made, the procedures set forth in rule 3335-111-06 of the Administrative Code shall apply.
April 8, 2011 meeting, Board of Trustees

(G) Resumption of clinical activities following a leave of absence:

(1) A member shall request a leave of absence in writing for good cause shown such as medical reasons, educational and research reasons or military service to the chief of clinical service and the director of medical affairs. Such leave of absence shall be granted at the discretion of the chief of the clinical service and the director of medical affairs provided, however, such leave shall not extend beyond the term of the member's current appointment. A member of the medical staff who is experiencing health problems that may impair his or her ability to care for patients has the duty to disclose such impairment to his or her chief of clinical department and the director of medical affairs and the member shall be placed on immediate medical leave of absence until such time the member can demonstrate to the satisfaction of the director of medical affairs that the impairment has been sufficiently resolved and can request for reinstatement of clinical activities. During any leave of absence, the member shall not exercise his or her clinical privileges, and medical staff responsibilities and prerogatives shall be inactive.

(2) The member must submit a written request for the reinstatement of clinical privileges to the chief of the clinical service. The chief of the clinical service shall forward his recommendation to the credentialing committee which, after review and consideration of all relevant information, shall forward its recommendation to the medical staff administrative committee and the professional affairs committee of the medical center board. The credentials committee, the director of medical affairs, the chief of the clinical service or the medical staff administrative committee shall have the authority to require any documentation, including advice and consultation from the member’s treating physician or the committee for licensed independent practitioner health that might have a bearing on the medical staff member’s ability to carry out the clinical and educational responsibilities for which the medical staff is seeking privileges. Upon return from a leave of absence for medical reasons the medical staff member must demonstrate his or her ability to exercise his or her clinical privileges upon return to clinical activity.

(3) All members of the medical staff who take a leave of absence for medical or non-medical reasons must be in good standing on the medical staff upon resumption of clinical activities. No member shall be granted leave of absence in excess of his or her current appointment and the usual procedure for appointment and reappointment, including deadlines for submission of application as set forth in this rule will apply irrespective of the nature of the leave. Absence extending beyond his or her current term of failure to request reinstatement of clinical privileges shall be deemed a voluntary resignation from the medical staff, and in such event, the member shall not be entitled to a hearing or appeal.

3335-111-05 Peer review and corrective action.

(A) Informal peer review.

All medical staff members agree to cooperate in informal peer review activities that are solely intended to improve the quality of medical care provided to patients at the CHRI and by the individual medical staff member. Such activities may include the handling and information indicating a need for
informal review, of complaints—including patient complaints, disagreements, questions of clinical competence, or inappropriate conduct and variation variations in clinical practice identified by the clinical sections or divisions and medical staff committees shall be referred to the chair of the practitioner evaluation committee. The practitioner evaluation committee chair, or his or her designee, will consult with the affected medical staff member and obtain information or opinions from knowledgeable persons within the medical center as well as external peer review consultants, pursuant to criteria outlined in these bylaws. Following the assessment by the practitioner evaluation committee chair or his or her designee, the practitioner evaluation committee may make recommendations for educational actions of additional training, sharing of comparative data or monitoring or provide other forms of guidance to the medical staff member to assist him or her in improving the quality of patient care. Such actions are not regarded as adverse, do not require reporting to any governmental or other agency, and do not invoke a right to any hearing. At the conclusion of the evaluation, the practitioner evaluation committee chair or his or her designee submits a report to. The resulting information from such activities shall be furnished to the applicable clinical department chief and if applicable academic department chair and section chief and the director of medical affairs. Upon review by the section chief, and with concurrence of the director of medical affairs, the review activity may result in consultation with the medical staff member, recommendations for educational actions or additional training, sharing of comparative data, monitoring, informal letters of reprimand or warning or other methods of guidance to the medical staff member to assist them in improving the quality of patient care outside of the mechanism for formal review in paragraph (B) of this rule. Such actions are not regarded as adverse, do not require reporting to any governmental or other agency, and do not invoke a right to any hearing. In each case under review, The clinical department chief and the director of medical affairs shall evaluate the matter to determine the appropriate course of action. They shall make an initial written determination shall be made by the section chief and the director of medical affairs on whether:

1. The complaint matter warrants no further action;

2. Informal review resolution under this paragraph is warranted; or appropriate. The clinical department chief and the director of medical affairs shall determine whether to include documentation of the informal resolution in the medical staff member’s file. If documentation is included in the member’s file, the affected member shall have an opportunity to review it and may make a written response which shall also be placed in the file. Informal review under this paragraph is not a procedural prerequisite to the initiation of formal peer review under paragraph (B) of this rule; or

3. Formal peer review under paragraph (B) of this rule is warranted. In cases where the section clinical department chief and director of medical affairs cannot agree, the matter shall be submitted and determined as set forth in paragraph (B) of this rule. The section chief and the director of medical affairs shall determine whether it is appropriate to include documentation of such actions in the medical staff member’s file. If documentation is included in the member’s file, the affected member shall have an opportunity to review it and may make a written response, which shall also be placed in the member’s file.
Formal peer review.

1. Formal peer review may be requested in more serious situations or where informal review has not resolved an issue or whenever the activities or professional conduct of a member of the medical staff of the CHRI:
   - Violates the standards or aims of the medical staff or standards of professional conduct;
   - Is considered to be disruptive to the operation of the CHRI;
   - Violates the bylaws, rules and regulations of the medical staff, the medical center board, or the board of trustees of the Ohio state university;
   - Violates state or federal law; or
   - Is detrimental to patient safety or to the delivery of patient care within the CHRI.

2. Formal peer review may be initiated by the clinical department chief, the section chief, the director of medical affairs, any member of the medical staff, the chief executive officer of the CHRI, the dean of the college of medicine, any member of the medical center board, or the vice president for health services. All requests for formal peer review shall be in writing, shall be submitted to the director of medical affairs, and shall be supported by reference to the specific activities or conduct which constitute grounds for the requested action.

3. The director of medical affairs shall promptly notify the affected member of the medical staff, in a confidential manner, that a request for formal peer review has been made, and inform the member of the specific activities or conduct which constitute grounds for the requested action. The director of medical affairs shall verify the facts related to the request for formal peer review, and within thirty days, make a written determination. If the director of medical affairs decides that no further action is warranted, the director of medical affairs shall notify the person(s) who filed the request for formal peer review and the member accused, in writing, that no further action would be taken.

4. Whenever the director of medical affairs determines that formal peer review is warranted and that a reduction, suspension or revocation of clinical privileges could result, the director of medical affairs shall refer the request for formal peer review to the formal peer review committee. The affected member of the medical staff shall be notified of the referral to the formal peer review committee, and be informed that these medical staff bylaws shall govern all further proceedings. The senior vice president for health sciences or designee shall exercise any or all duties or responsibilities assigned to the director of medical affairs under these rules for implementing corrective action and appellate procedure only if:
   - The director of medical affairs is the medical staff member charged;
   - The director of medical affairs is responsible for having the charges brought against another medical staff member; or
There is an obvious conflict of interest.

The formal peer review committee shall investigate every request and shall report in writing within thirty days its findings and recommendations for action to the appropriate clinical department chief and notice given to the section chief. In making its recommendation the formal peer review committee may consider as appropriate, relevant literature and clinical practice guidelines, all the opinions and views expressed throughout the review process, and any information or explanations provided by the member under review. Prior to making its report, the medical staff member against whom the action has been requested shall be afforded an opportunity for an interview with the formal peer review committee. At such interview, the medical staff member shall be informed of the specific activities alleged to constitute grounds for formal peer review, and shall be afforded the opportunity to discuss, explain or refute the allegations against the medical staff member. The medical staff member may furnish written or oral information to the formal peer review committee at this time. However, such interview shall not constitute a hearing, but shall be investigative in nature. The medical staff member shall not be represented by an attorney at this interview.

Upon receipt of the written report from the formal peer review committee, the appropriate clinical department chief shall, within seven days, make his or her own written determination and forward that determination along with the findings and recommendations of the formal peer review committee to the director of medical affairs, or if required by paragraph (B)(3) of this rule, to the senior vice president for health sciences or designee.

Following receipt of the recommendation from the clinical department chief and the report from the formal peer review committee, the director of medical affairs, or the senior vice president for health sciences or designee, shall have ten days to approve or to modify the determination of the clinical department chief. Following receipt of the report of the clinical department chief, the director of medical affairs or senior vice president for health sciences or designee shall decide whether the grounds for the requested corrective action are such as should result in a reduction, suspension or revocation of clinical privileges. If the director of medical affairs, or senior vice president for health sciences or designee, decides the grounds are not substantiated, the director of medical affairs will notify the formal peer review committee; clinical department chief and if applicable, the academic department chairperson; section chief; person(s) who filed the complaint and the affected medical staff member, in writing, that no further action will be taken.

In the event the director of medical affairs or senior vice president for health sciences or designee finds the grounds for the requested corrective action are substantiated, the director of medical affairs shall promptly notify the affected medical staff member of that decision and of the affected medical staff member's right to request a hearing before the medical staff administrative committee pursuant to rule 3335-111-06 of the Administrative Code. The written notice shall also include a statement that the medical staff member's failure to request a hearing in the timeframe prescribed in rule 3335-111-06 of the Administrative Code shall constitute a waiver of rights to a hearing and to an appeal on the matter; a statement that the affected medical staff member shall have the procedural rights found in rule 3335-111-06 of the
April 8, 2011 meeting, Board of Trustees

Administrative Code; and a copy of the rule 3335-111-06 of the Administrative Code. This notification and an opportunity to exhaust the administrative hearing and appeal process shall occur prior to the imposition of the proposed corrective action unless the emergency provisions outlined in paragraph (D) of this rule apply. This written notice by the director of medical affairs shall be sent certified return receipt mail to the affected medical staff member's last known address as determined by university records.

(8) If the affected member of the medical staff does not make a written request for a hearing to the director of medical affairs within thirty-one days after receipt of the adverse decision, it shall be deemed a waiver of the right to any review by the medical staff administrative committee to which the staff member might otherwise have been entitled on the matter.

(9) If a timely, written request for hearing is made, the procedures set forth in rule 3335-111-06 of the Administrative Code shall apply.

(C) Composition of the formal peer review committee.

(1) When the determination that formal peer review is warranted is made, the clinical department chief shall select three members of the medical staff to serve on a formal peer review committee.

(2) Whenever the questions raised concern the clinical competence of the member under review, the clinical department chief shall select members of the medical staff to serve on the formal peer review committee who shall have similar levels of training and qualifications as the member who is subject to formal peer review.

(3) An outside review consultant may serve as a member of the formal peer review whenever:

(a) A determination is made by the clinical department chief and the director of medical affairs that the clinical expertise needed to conduct the review is not available on the medical staff;

(b) The objectivity of the review may be compromised due to economic considerations; or

(c) Whenever the director of medical affairs determines that an outside review is otherwise advisable.

If an outside reviewer is recommended, the clinical department chief shall make a written recommendation to the director of medical affairs for selection of an outside reviewer. The director of medical affairs shall make the final selection of an outside reviewer.

(D) Summary suspension.

(1) Notwithstanding the provisions of this rule, a member of the medical staff shall have all or any portion of clinical privileges immediately suspended or appointment terminated by the chief executive officer or section chief, whenever such action must be taken in the best interest of patient care when there is imminent danger to patients or to the patient care operations. Such summary suspension shall become effective immediately upon imposition and the chief executive officer will
subsequently notify the medical staff member in writing of the suspension. Such notice shall be by certified return receipt mail to the affected medical staff member's last known address as determined by university records.

(2) A medical staff member whose privileges have been summarily suspended or whose appointment has been terminated shall be entitled to appeal the suspension pursuant to rule 3335-111-06 of the Administrative Code. If the affected member of the medical staff does not make a written request for a hearing to the chief executive officer within thirty-one days after receipt of the adverse decision, it shall be deemed a waiver of the affected member's right to any review by the medical staff administrative committee of which the member might otherwise have been entitled. If a timely, written request for a hearing is made, the procedures set forth in rule 3335-111-06 of the Administrative Code shall apply.

(3) Immediately upon the imposition of a summary suspension, the chief executive officer in consultation with the appropriate section chief, shall have the authority to provide for alternative medical coverage for the patients of the suspended medical staff member who remain in the hospital at the time of suspension. The wishes of the patient shall be considered in the selection of such alternative medical coverage. While a summary suspension is in effect, the member of the medical staff is ineligible for reappointment to the medical staff. Medical staff and hospital administrative duties and prerogatives are suspended during the summary suspension.

(E) Automatic suspension.

(1) Notwithstanding the provisions of this rule, a temporary suspension in the form of withdrawal, lapse of a medical staff member's admitting privileges, effective until medical records are completed, may be imposed automatically by the chief executive officer after a warning, in writing, of delinquency for failure to complete medical records as defined by the rules and regulations of the medical staff.

(2) Action by the state boards of licensure revoking or suspending a medical staff member's licensure or placing the member on probation shall automatically impose the same restrictions to that member's CHRI medical staff privileges.

(3) Failure to maintain the minimum required type and amount of professional liability insurance with an approved insurer, shall result in immediate and automatic suspension of a medical staff member's appointment and privileges until such time as proof of appropriate insurance coverage is furnished. In the event such proof is not provided within ten days of such suspension, the medical staff member shall be deemed to have voluntarily terminated his or her appointment and privileges.

(4) Upon exclusion, debarment, or other prohibition from participation in any state or federal health care reimbursement program, or a federal procurement or non-procurement program, the medical staff member's appointment and privileges shall be immediately and automatically suspended until such time as the exclusion, debarment, or prohibition is lifted.
(5) If a medical staff member pleads guilty to or is found guilty of a felony which involves violence or abuse upon a person, conversion, embezzlement, or misappropriation of property; fraud, bribery, evidence tampering, or perjury; or a drug offense, the medical staff member's appointment and privileges shall be immediately and automatically terminated.

(6) Whenever a medical staff member's drug enforcement administration (DEA) or other controlled substances number is revoked, he or she shall be immediately and automatically divested of his or her right to prescribe medications covered by the number.

(7) When a medical staff member's DEA or other controlled substances number is suspended or restricted in any manner, his or her right to prescribe medications covered by the number is similarly automatically suspended or restricted during the term of the suspension or restriction.

3335-111-06 Hearing and appellate review procedure.

(A) Right to hearing before the medical staff administrative committee and to appellate review.

(1) When a member of the medical staff has exhausted remedies under paragraph (F) of rule 3335-111-04 of the Administrative Code on reappointments; or under rule 3335-111-05 of the Administrative Code for corrective action; or who has been summarily suspended under paragraph (D) of rule 3335-111-05 of the Administrative Code receives notice of a proposed action by the chief executive officer or the director of medical affairs that will adversely affect reappointment as a member of the medical staff or the exercise of clinical privileges, the staff member shall be entitled to an adjudicatory hearing.

(2) All hearings and appellate reviews shall be in accordance with the procedural safeguards set forth in this rule to assure that the affected medical staff member is accorded all rights to which the member is entitled.

(B) Request for hearing.

(1) The request for a hearing shall be submitted in writing by the affected medical staff member to the chief executive officer within thirty-one days of notifications by the chief executive officer of the intended action. The chief executive officer shall forward the request to the medical staff administrative committee along with instructions to convene a hearing.

(2) The failure of a medical staff member to request a hearing to which the member is entitled by these bylaws within the time and in the manner herein provided, shall be deemed a waiver of the member's right to any review by the medical staff administrative committee to which the
April 8, 2011 meeting, Board of Trustees

member might otherwise been entitled. The chief executive officer shall then implement the decision and that action shall become and remain effective against the medical staff member in the same manner as a final decision of the medical center board as provided for in paragraph (E) of this rule. The chief executive officer shall promptly inform the affected medical staff member that the proposed decision, which had entitled the medical staff member to a hearing, has now become final.

(C) Notice of hearing.

(1) After receipt of a timely request for hearing by the chief executive officer from a medical staff member entitled to such hearing, the medical staff administrative committee shall be notified of the request for hearing by the chief executive officer, and shall at the next scheduled meeting take the following action:

(a) Instruct the director of medical affairs and chief of staff to jointly appoint within seven days a hearing committee, consisting of three to five members of the medical staff who are not members of the medical staff administrative committee, are not direct competitors, do not have a conflict of interest, and who have not previously participated in the peer review of the matter under consideration.

(b) Instruct the hearing committee to schedule and arrange for a hearing or hearings which initial hearing or meeting hearing shall be conducted not less than thirty nor more than sixty days from the date of the receipt of the request for a hearing by the chief executive officer. However, an initial hearing or meeting for a medical staff member who is under summary suspension, which is then in effect, shall be held as soon as arrangements may be reasonably made.

(2) The medical staff member shall be given at least ten days prior notice of the scheduled hearing, provided that the medical staff member may waive this notice in writing. Notice shall be by certified return receipt mail to the staff member at the staff member’s last known address as reflected by university records. The notice of hearing shall state in concise language the acts or omissions with which the medical staff member is charged; a list of representative charts or documents being used; names of potential witnesses to be called; and any other reason or evidence that may be considered by the hearing committee during the hearing.

(D) Conduct of hearing.

(1) The hearing committee shall select a chairperson from the committee membership to preside over the hearing. The chairperson may require a representative for the individual and for the medical staff administrative committee (or the medical center board) to participate in a pre-hearing conference. At the pre-hearing conference, the chairperson shall resolve all procedural questions, including any objections to exhibits or witnesses, the role of legal counsel, and determine the time to be allotted to each witness’s testimony and cross-examination. The hearing committee shall have benefit of Ohio state university legal counsel. The hearing committee may grant continuances, recesses, and the chairperson may excuse a member of the hearing committee from attendance temporarily for good cause, provided that there shall be at no time less than two members of the
hearing committee present unless the affected staff member waives this requirement.

All members of the hearing committee must be present to deliberate and vote. No member may vote by proxy. The person who has taken the action from which the affected staff member has requested the hearing shall not participate in the deliberation or voting of the hearing committee. The hearing shall be a de novo hearing, although evidence of the prior recommendations and decisions may be presented.

(2) An accurate record of the hearing shall be kept. The record shall be done by the use of a professional stenographer. This record shall be available to the affected member of the medical staff upon request at the affected member's expense.

(3) The personal presence of the medical staff member for whom the hearing has been scheduled shall be required. A medical staff member who fails without good cause to appear and proceed at such hearing shall be deemed to have waived the right to appear and to have a hearing before the medical staff administrative committee in the same manner as provided in paragraph (B) of this rule, and to have accepted the adverse recommendation or decision involved and the same shall therein become and remain in effect as provided in paragraph (B) of this rule. The hearing committee may, at its own discretion, proceed with the hearing without the medical staff member and impose a sanction.

(4) Postponements of hearings beyond the time set forth in this chapter shall be made only with the approval of the medical staff administrative committee. Granting of such postponement shall be only for good cause shown.

(5) The hearing need not be conducted strictly according to the rules of law related to the examination of witnesses or presentation of evidence. Any relevant matters upon which responsible persons customarily rely in the conduct of serious affairs shall be considered, regardless of the existence of any common law or statutory rule which might make evidence inadmissible over objection in civil or criminal action. The member of the medical staff for whom the hearing is being held shall, prior to, or during the hearing, be entitled to submit memoranda concerning any issues of procedure or of fact and such memoranda shall become a part of the hearing record.

(6) The affected medical staff member shall have the following rights: to be represented by an attorney at law and to call and examine witnesses; to introduce evidence; to cross-examine any witnesses on any matter relevant to the issue of the hearing; and to challenge any witness and to rebut any evidence. If the medical staff member does not testify in his/her own behalf, the member may be called and examined as if under cross-examination.

(7) The hearing committee shall request the person who has taken the action from which the affected medical staff member has requested the hearing to present evidence to the hearing committee in support of the adverse recommendation. The hearing committee may proceed to hear evidence and testimony from either party in whatever order the hearing committee deems appropriate. The hearing committee may call its own witnesses, may recall any party's witnesses, and may question witnesses as it deems appropriate. All parties shall be responsible to secure the attendance of their own witnesses. All witnesses and
evidence received by the hearing committee shall be open to challenge and cross-examination by the parties. Witnesses shall not be placed under oath. At the close of the evidence the hearing committee may request each party to make summary statements, either oral or written.

(8) The hearing committee may, without special notice, recess the hearing and reconvene the same for the convenience of the participants or for the purpose of obtaining new or additional evidence or consultation. The hearing committee shall make its best effort to expeditiously determine the issues presented. The hearing committee may limit its proceedings when sufficient material has been received. The parties may be required to provide evidence in oral or written form. Upon conclusion of the presentation of evidence the hearing shall be closed. The hearing committee may there upon, at a time convenient to itself, conduct its deliberations outside the presence of the medical staff member for whom the hearing was convened.

(9) Within sixty days after its appointment, unless otherwise extended by the medical staff administrative committee, the hearing committee shall forward its written report and recommendation together with the transcript of the hearing and all other documentation presented by the parties to the medical staff administrative committee. The affected member shall be notified of the recommendation of the hearing committee including a statement of the basis for the recommendation. The medical staff administrative committee shall accept, reject, or modify the recommendation of the hearing committee. The medical staff administrative committee may conduct further hearings as it deems necessary or may remand the matter back to the hearing committee for further action as directed. The medical staff administrative committee may impose a greater or lesser sanction than that recommended by the hearing committee.

(10) Within fourteen days after the conclusion of the taking of all evidence and of all hearings, the medical staff administrative committee shall make a written report of its findings and its recommendation and shall forward the same together with the hearings record and all other documentation to the chairperson of the medical center board. Notice of that decision shall be sent certified return receipt mail to the affected medical staff member at the member’s last known address as determined by university records by the director.

(11) The decision and record of the medical staff administrative committee shall be transmitted to the professional affairs committee of the medical center board, which shall, subject to the affected member’s right to appeal and implementation of paragraph (E) of this rule, consider the matter at its next scheduled meeting, or at a special meeting to be held no less than thirty days following receipt of the transmittal. The professional affairs committee of the medical center board may accept, reject, or modify the decision of the medical staff administrative committee.

(12) The recommendation of the professional affairs committee of the medical center board shall be promptly considered by the medical center board at its next scheduled meeting. The medical center board may accept, reject, or modify the recommendation of the professional affairs committee of the medical center board.
April 8, 2011 meeting, Board of Trustees

(13) A copy of the medical center board decision shall be sent by certified return receipt mail to the affected medical staff member at the member's last known address as determined by university records.

(E) Appeal process.

(1) Within thirty days after receipt of a notice by an affected medical staff member of the action of the medical staff administrative committee the staff member may, by written notice to the chairperson of the medical center board, request an appeal. Such appeal shall only be held on the record before the medical staff administrative committee.

(2) If an appeal is not requested within the thirty-day period, the affected medical staff member shall be deemed to have waived the right to an appeal, and to have accepted such adverse decision.

(3) The appeal shall be conducted by the professional affairs committee of the medical center board.

(4) The affected medical staff member shall have access to the reports and records, including transcripts, if any, of the medical staff administrative committee and all other material, favorable or unfavorable, that have been considered by that committee. The member shall then submit a written factual statement specifying those factual and procedural matters with which the member disagrees, and the reasons for such disagreement. This written statement may cover any matters raised at any step in the procedure to which the appeal is related, and legal counsel may assist in its preparation. Such written statement shall be submitted to the professional affairs committee of the medical center board no later than seven days following the date of the affected member's notice of appeal.

(5) New or additional matters not raised during the hearing procedure or in the medical staff administrative committee hearings shall only be introduced on appeal at the sole discretion of the professional affairs committee of the medical center board.

(6) Within fourteen days following submission of the written statement by the affected medical staff member, the professional affairs committee shall recommend to the medical center board that the adverse decision be affirmed, modified or rejected, or to refer the matter back to the medical staff administrative committee for further review and recommendation. Such referral to the medical staff administrative committee may include a request for further investigation.

(7) Any final decision by the medical center board shall be communicated by the chief executive officer by certified return receipt mail to the affected medical staff member at the member's last known address as determined by university records. The chief executive officer shall also notify in writing the senior vice president for health sciences, the dean of the college of medicine, the chief medical officer of OSU health system medical center, the vice president for health services, the director of medical affairs, chief of staff, the section chief, clinical department chief and the academic department chairperson and the person(s) who initiated the request for formal peer review. The chief executive officer shall take immediate steps to implement the final decision.
April 8, 2011 meeting, Board of Trustees

3335-111-07 Categories of the medical staff.

The medical staff of the CHRI shall be divided into honorary, attending, associate attending, clinical attending, community associate attending, and limited designations. All medical staff members with admitting privileges may admit patients in accordance with state law and criteria for standards of care established by the medical staff. Medical staff members who do not wish to obtain any clinical privileges shall be exempt from the requirements of medical malpractice liability insurance, DEA registration and demonstration of recent active clinical practice during the last two years, but are otherwise subject to the provisions of these bylaws.

(A) Honorary staff.

The honorary staff will be composed of those individuals who are recognized for outstanding reputation, notable scientific and professional contributions, and high professional stature in an oncology field of interest. The honorary staff designation is awarded by the medical center board on the recommendation of the chief executive officer of the CHRI, senior vice president for health sciences, section chief, or the credentials committee after approval by the medical staff administrative committee. This is a lifetime appointment. Honorary staff are not entitled to patient care privileges.

(B) Attending medical staff.

(1) Qualifications:

The attending staff shall consist of those regular faculty members of the colleges of medicine and dentistry who are licensed in the state of Ohio, whose practice is at least seventy-five percent oncology and with a proven career commitment to oncology as demonstrated by the majority of the following:

Training,
Current board certification (as specified in rule 3335-111-04(A)(5) of the Administrative Code),
Publications,
Grant funding,
Other funding and experience (as deemed appropriate by the chief executive officer and the section chief);

and who satisfy the requirements and qualifications for membership set forth in rule 3335-111-04 of the Administrative Code.

(2) Prerogatives:

Attending staff members may:

(a) Admit patients consistent with the balanced teaching and patient care responsibilities of the CHRI. When, in the judgment of the director of medical affairs, a balanced teaching program is jeopardized, following consultation with the chief executive officer, the clinical department chief and with the concurrence of a majority of the medical staff administrative committee, the director of medical affairs may restrict admissions. Imposition of such restrictions shall not entitle the attending staff member to a hearing or appeal pursuant to rule 3335-111-06 of the Administrative Code.
April 8, 2011 meeting, Board of Trustees

(b) Be free to exercise such clinical privileges as are granted pursuant to these bylaws.

(c) Vote on all matters presented at general and special meetings of the medical staff and committees of which he or she is a member unless otherwise provided by resolution of the medical staff, clinical department or committee and approved by the medical staff administrative committee.

(d) Hold office in the medical staff organization, clinical departments and committees of which they are a member, unless otherwise provided by resolution of the medical staff, clinical department or committee and approved by the medical staff administrative committee.

(3) Responsibilities:

An attending staff member shall:

(a) Meet the basic responsibilities set forth in rules 3335-111-02 and 3335-111-03 of the Administrative Code.

(b) Retain responsibility within the member’s area of professional competence for the continuous care and supervision of each patient in the CHRI for whom he or she is providing care, or arrange a suitable alternative for such care and supervision.

(c) Actively participate in such quality evaluation and monitoring activities as required by the medical staff, and discharge such staff functions as may be required from time to time.

(d) Satisfy the requirements set forth in rule 3335-111-13 of the Administrative Code for attendance at medical staff meetings and meetings of those committees of which they are a member.

(e) Supervise members of the limited staff in the provision of patient care in accordance with accreditation standards and policies and procedures of approved clinical training programs. It is the responsibility of the attending physician to authorize each member of the limited staff to perform only those services that the limited staff member is competent to perform under supervision.

(f) Supervise other licensed allied health professionals as necessary in accordance with accreditation standards and state law. It is the responsibility of the attending physician to authorize each licensed allied health professional to perform only those services which the licensed allied health professional is privileged to perform.

(C) Associate attending staff.

(1) Qualifications:

The associate attending staff shall consist of those regular faculty members of the colleges of medicine and dentistry who do not qualify for attending staff appointment.

730
Prerogatives:

The associate attending staff may:

(a) Admit patients consistent with the balanced teaching and patient care responsibilities of the institution. When, in the judgment of the director of medical affairs, a balanced teaching program is jeopardized, following consultation with the chief executive officer, the clinical department chief and with the concurrence of a majority of the medical staff administrative committee, the director of medical affairs may restrict admissions. Imposition of such restrictions shall not entitle the associate attending staff member to a hearing or appeal pursuant to rule 3335-111-06 of the Administrative Code.

(b) Be free to exercise such clinical privileges as are granted pursuant to the bylaws.

(c) Vote on all matters presented at general and special meetings of the medical staff and committees of which he or she is a member unless otherwise provided by resolution of the staff, clinical department or committee and approved by the medical staff administrative committee.

(d) The associate attending staff member may not vote on amendments to the bylaws.

Responsibilities:

Associate attending staff members shall:

(a) Meet the basic responsibilities set forth in rules 3335-111-02 and 3335-111-03 of the Administrative Code.

(b) Retain responsibility within the member’s care area of professional competence for the continuous care and supervision of each patient in the CHRI for whom the member is providing care, or arrange a suitable alternative for such care and supervision including the supervision of interns, residents and fellows assigned to their service.

(c) Actively participate in such quality evaluation and monitoring activities as required by the staff and discharge such staff functions as may be required from time to time.

(d) Satisfy the requirements set forth in rule 3335-111-13 of the Administrative Code for attendance at medical staff meetings and meetings of those committees of which they are a member.

Clinical attending staff.

Qualifications:

The clinical attending staff shall consist of those clinical faculty members of the colleges of medicine and dentistry who have training, expertise, and experience in oncology, as determined by the chief executive officer in consultation with the section chief and who satisfy the requirements and qualifications for membership set forth in rule 3335-111-04 of the Administrative Code.
April 8, 2011 meeting, Board of Trustees

(2) Prerogatives:

The clinical attending staff may:

(a) Admit patients which complement the research and clinical teaching program. At times when hospital beds or other resources are in short supply, patient admissions of clinical staff shall be subordinate to those of attending or associate attending staff.

(b) Be free to exercise such clinical privileges as are granted pursuant to these bylaws.

(c) Attend meetings as non-voting members of the medical staff and any medical staff or hospital education programs. The clinical attending staff may not hold elected office in the medical staff organization.

(3) Responsibilities:

(a) Meet the basic responsibilities set forth in rules 3335-111-02 and 3335-111-03 of the Administrative Code.

(b) Retain responsibility within the member’s area of professional competence for the continuous care and supervision of each patient in the CHRI for whom the member is providing care, or arrange a suitable alternative for such care and supervision including the supervision of interns, residents and fellows assigned to their service.

(c) Actively participate in such quality evaluation and monitoring activities as required by the staff and discharge such staff functions as may be required from time to time.

(d) Satisfy the requirements set forth in rule 3335-111-13 of the Administrative Code for attendance at medical staff meetings and meetings of those committees of which they are a member.

(e) Supervise members of the limited staff in the provision of patient care in accordance with accreditation standards and policies and procedures of approved clinical training programs. It is the responsibility of the attending physician to authorize each member of the limited staff to perform only those services which the limited staff member is competent to perform under supervision.

(f) Supervise other licensed allied health professionals as necessary in accordance with accreditation standards and state law. It is the responsibility of the attending physician to authorize each licensed allied health professional to perform only those services which the licensed allied health professional is privileged to perform.

(E) Community associate attending staff.

(1) Qualifications:

The community associate attending staff shall consist of those applicants who do not have faculty appointments in any of the academic
units of the Ohio state university and who are licensed in the state of Ohio and who satisfy the requirements and qualifications for membership set forth in rule 3335-111-04 of the Administrative Code. All applications for appointment and reappointment to the community associate attending staff shall be made to the chief executive officer for initial evaluation. The chief executive officer shall consult with the clinical department chief and the chairperson of the appropriate academic department and when appropriate may refer each application for completion of the appointment procedure in accordance with pertinent requirements of paragraph (E) or (F) of rule 3335-111-04 of the Administrative Code. The approval of the clinical department chief and the academic department chairperson or section chief shall not be required.

(2) Prerogatives:

The community associate attending staff members may:

(a) Provide consulting services to James patients.

(b) Admit patients when the primary diagnosis is cancer or cancer-related.

(c) Be free to exercise such clinical privileges as are granted pursuant to these bylaws.

(d) Attend all meetings of the medical staff as non-voting members and attend any and all medical staff or hospital education programs. The community associate attending staff member may not hold elected office in the medical staff organization except to serve as a non-voting, ex-officio member of medical staff committees if appointed pursuant to these rules.

(3) Responsibilities:

The community associate attending staff members shall:

(a) Meet the basic responsibilities set forth in rules 3335-111-02 and 3335-111-03 of the Administrative Code.

(b) Retain responsibility within their care area of professional competence for the continuous care and supervision of each patient for whom the member is providing care, or arrange a suitable alternative for such care and supervision.

(c) Actively participate in such quality evaluation and monitoring activities as required by the staff and discharge such staff functions as may be required from time to time.

(d) Satisfy the requirements set forth in rule 3335-111-13 of the Administrative Code for attendance at staff meetings and meetings of those committees of which they are a member.

(e) Supervise members of the limited staff in the provision of patient care in accordance with accreditation standards and policies and procedures of approved clinical training programs.
Limited staff.

Limited staff are not considered members of the medical staff, do not have delineated clinical privileges, and do not have the right to vote in general medical staff elections. Except where expressly stated, limited staff are bound by the terms of these bylaws, rules and regulations of the medical staff and the limited staff agreement.

(1) Qualifications:

The limited staff shall consist of allopathic and osteopathic physicians, dentists and practitioners of podiatry or psychology who are accepted in good standing by a program director into a postdoctoral graduate medical education program and appointed to the limited staff in accordance with these bylaws. The limited staff shall maintain compliance with the requirements of state law, including regulations adopted by the Ohio state medical board, or the limited staff member’s respective licensing board.

Members of the limited staff shall possess a valid training certificate or an unrestricted Ohio license from the applicable state board based on eligibility criteria defined by that state board. All members of the limited staff shall be required to successfully obtain an Ohio training certificate prior to beginning training within a program.

(2) Responsibilities:

The limited staff shall:

(a) Be responsible to respond to all questions and complete all forms as may be required by the credentials committee.

(b) Participate fully in the teaching programs, conferences, and seminars of the clinical department in which he or she is appointed in accordance with accreditation standards and policies and procedures of the graduate medical education committee and approved clinical training programs.

(c) Participate in the care of all patients assigned to the limited staff member under the appropriate supervision of a designated member of the attending medical staff in accordance with accreditation standards and policies and procedures of the clinical training programs. The clinical activities of the limited staff shall be determined by the program director appropriate for the level of education and training. Limited staff shall be permitted to perform only those services that they are authorized to perform by the member of the attending medical staff based on the competence of the limited staff to perform such services. The limited staff may admit or discharge patients only when acting on behalf of the attending, associate attending, clinical attending or community associate attending medical staff. The limited staff member shall follow all rules and regulations of the service to which he or she is assigned, as well as the general rules of the CHRI pertaining to limited staff.

(d) Serve as full members of the various medical staff committees in accordance with established committee composition as described in these bylaws and/or rules and regulations of the medical staff. The limited staff member shall not be eligible to
vote or hold elected office in the medical staff organization, but may vote on committees to which the limited staff member is assigned.

(e) Be expected to make regular satisfactory professional progress including anticipated certification by the respective specialty or subspecialty program of post-doctoral training in which the limited staff member is enrolled. Evaluation of professional growth and appropriate humanistic qualities shall be made on a regular schedule by the clinical department chief, program director, teaching faculty or evaluation committee in accordance with accreditation standards and policies and procedures of the approved training programs.

(f) Appeal by a member of the limited staff of probation, lack of reappointment, suspension or termination for failure to meet expectations for professional growth or failure to display appropriate humanistic qualities or failure to successfully complete any other competency as required by the accreditation standards of an approved training program will be conducted and limited in accordance with written guidelines established by the respective academic department or training program and approved by the director of medical affairs and the Ohio State University health system's university's graduate medical education committee as delineated in the limited staff agreement. Alleged misconduct by a member of the limited staff, for reasons other than failure to meet expectations of professional growth as outlined above, shall be handled in accordance with rules 3335-111-05 and 3335-111-06 of the Administrative Code.

(3) Failure to meet reasonable expectations:

Failure to meet reasonable expectations may result in sanctions including but not limited to probation, lack of reappointment, suspension or termination. Termination of limited staff member status shall result in automatic termination of the limited staff member's residency or fellowship appointment pursuant to these bylaws.

(4) Temporary appointments:

(a) Limited staff members who are Ohio state university faculty may be granted an early commencement or an extension of appointment upon the recommendation of the chief of the clinical department, with prior concurrence of the medical director of the health system associate dean for graduate medical education, when it is necessary for the limited staff member to begin his or her training program prior to or extend his or her training program beyond a regular appointment period. The appointment shall not exceed sixty days.

(b) Temporary appointments may be granted upon the recommendation of the chief of the clinical department, with prior concurrence of the medical director of the health system associate dean for graduate medical education, for limited staff members who are not Ohio state university faculty but who, pursuant to education affiliate agreements approved by the university, need to satisfy approved graduate medical education clinical rotation requirements. These appointments shall not
April 8, 2011 meeting, Board of Trustees

exceed a total of one hundred twenty days in any given postgraduate year. In such cases, the mandatory requirement for a faculty appointment may be waived. All other requirements for limited staff member appointment must be satisfied.

(5) Supervision:

Limited staff members shall be under the supervision of an attending, associate attending, clinical attending or community associate attending medical staff member. Limited staff members shall have no privileges as such but shall be able to care for patients under the supervision and responsibility of their attending, associate attending, clinical attending or community associate attending medical staff member. The care they extend will be governed by these bylaws and the general rules and regulations of each clinical department. The practice of care shall be limited by the scope of privileges of their attending, associate attending, clinical attending or community associate attending medical staff member. Any concerns or problems that arise in the limited staff member’s performance should be directed to the attending, associate attending, clinical attending or community associate attending medical staff member or the director of the training program.

(a) Limited staff members may write orders for the care of patients under the supervision of the attending, associate attending, clinical attending or community associate attending medical staff member.

(b) All records of limited staff member cases must document involvement of the attending, associate attending, clinical attending or community associate attending medical staff member in the supervision of the patient’s care to include co-signature of the history and physical, operative report, and discharge summary.

(G) Associates to the medical staff.

(1) Qualifications:

Licensed health care professionals are those professionals who possess a license, certificate or other legal credential required by Ohio law to provide direct patient care in a hospital setting, but who are not acting as licensed independent practitioners.

(2) Due process:

Licensed health care professionals are subject to corrective action for violation of these rules, their certificate of authority, standard care agreement, utilization plan or the provisions of their licensure, including professional ethics. Corrective action may be requested by any member of the medical staff, the clinical department chief, the chairperson of an academic department, the section chief or the director of medical affairs. All requests shall be in writing and be submitted to the director of medical affairs.

The director of medical affairs shall appoint a three-person committee to review the situation and recommend appropriate corrective action, including termination or suspension of clinical privileges. The committee shall consist of at least one licensed health care professional licensed in the same field as the individual being reviewed, if available,
and one medical staff member. The committee shall make a written recommendation to the director of medical affairs, who may accept, reject or modify the recommendation. The decision of the director of medical affairs shall be final.

(H) Clinical privileges.

(1) Delineation of clinical privileges:

(a) Every person practicing at the CHRI by virtue of medical staff membership, faculty appointment, contract or under authority granted in these bylaws shall, in connection with such practice, be entitled to exercise only those clinical privileges specifically applied for and granted to the staff member or other licensed allied health professional by the medical center board after recommendation from the medical staff administrative committee.

(b) Each clinical department and CHRI section shall develop specific clinical criteria and standards for the evaluation of privileges with emphasis on invasive or therapeutic procedures or treatment which represent significant risk to the patient or for which specific professional training or experience is required. Such criteria and standards are subject to the approval of the medical staff administrative committee and the medical center board.

(c) Requests for the exercise and delineation of clinical privileges must be made as part of each application for appointment or reappointment to the medical staff on the forms prescribed by the medical staff administrative committee. Every person in an administrative position who desires clinical privileges shall be subject to the same procedure as all other applicants. Requests for clinical privileges must be submitted to the chief of the clinical department in which the clinical privileges will be exercised. Clinical privileges requested other than during appointment or reappointment to the medical staff shall be submitted to the chief of the clinical department and such request must include documentation of relevant training or experience supportive of the request.

(d) The chief of the clinical department shall review each applicant’s request for clinical privileges and shall make a recommendation regarding clinical privileges to the director of medical affairs. Requests for clinical privileges shall be evaluated based upon the applicant’s education, training, experience, demonstrated competence, references, and other relevant information including the direct observation and review of records of the applicant’s performance by the clinical department in which the clinical privileges are exercised. Whenever possible, the review should be of primary source information. The applicant shall have the burden of establishing qualifications and competence in the clinical privileges requested and shall have the burden of production of adequate information for the proper evaluation of qualifications.

(e) The applicant’s request for clinical privileges and the recommendation of the clinical department chief shall be forwarded to the credentials committee and shall be processed
April 8, 2011 meeting, Board of Trustees

in the same manner as applications for appointment and reappointment pursuant to rule 3335-111-04 of the Administrative Code.

(f) A leave of absence from clinical privileges for voluntary or involuntary medical reasons for greater than thirty days must be requested by each medical staff member in writing and be referred to the director of medical affairs office, whenever the medical reason for the leave relates to the medical staff member’s possession of the necessary health status to exercise the clinical privileges granted to him or her, or to fulfill the essential functions of his or her appointment to the medical staff, with or without reasonable accommodation. The director of medical affairs may notify the committee for licensed independent practitioner health. This section does not mean that members of the medical staff may not have a duty to self report absences of less than thirty days to the section chief when the absence is based upon the ability to exercise and fulfill essential functions of his or her clinical privileges or medical staff appointment.

(g) After a leave for medical reasons of greater than thirty days, a written request for reinstatement must be reviewed and approved by the director of medical affairs in consultation with the committee for licensed independent practitioner health, if necessary. Upon return from a leave of absence for medical reasons, the medical staff member must demonstrate his/her ability to exercise his/her clinical privileges upon return to clinical activity. The credentials committee, the director of medical affairs, the section chief or the medical staff administrative committee shall have the authority to require any documentation, including advice and consultation from the committee on physician health that might have a bearing on the medical staff member’s ability to carry out the clinical and educational responsibilities for which the medical staff member is seeking privileges. The committee for licensed independent practitioner health will have the responsibility to consider and recommend reasonable accommodations that will enable the medical staff member to practice in a safe and acceptable manner. Any accommodation must be arranged and implemented prior to the exercise of clinical privileges.

(f) Medical staff members who are granted new or initial privileges are subject to FPPE, which is a six-month period of focused monitoring and evaluation of practitioners’ professional performance. Following FPPE medical staff members with clinical privileges are subject to ongoing professional practice evaluation (OPPE), which information is factored into the decision to maintain existing privileges, to revise existing privileges, or to revoke an existing privilege prior to or at the time of renewal. FPPR and OPPE are fully detailed in medical staff policies that were approved by the medical staff administrative committee and the medical center board.

(g) Medical staff members authorize the CHRI and clinics to share amongst themselves credentialing, quality and peer review information pertaining to the medical staff member’s clinical competence and/or professional conduct. Such information may be shared at initial appointment and/or reappointment and at
any time during the medical staff member’s medical staff appointment to the medical staff of the CHRI.

(2) Temporary and special privileges:

(a) Temporary privileges may be extended to a doctor of medicine, osteopathic medicine, dental surgery, psychologist, podiatry or to a licensed allied health professional upon completion of an application prescribed by the medical staff administrative committee, upon recommendation of the chief of the clinical department, and approval by the director of medical affairs. The director of medical affairs, acting as a member and on behalf of the medical center board, has been delegated responsibility by the medical center board to grant approval of temporary privileges. The temporary privileges granted shall be consistent with the applicant's training and experience and with clinical department guidelines. Prior to granting temporary privileges, primary source verification of licensure and current competence shall be required. Temporary privileges shall be limited to situations which fulfill an important patient care need and shall not be granted for a period of more than ninety not to exceed one hundred twenty days.

(b) Temporary privileges may be extended to visiting medical faculty or for special activity as provided by the Ohio state medical or dental boards.

(c) Temporary privileges granted for locum tenures may be exercised for a maximum of one hundred twenty days, consecutive or not, any time during the twenty-four month period following the date they are granted.

(d) Practitioners granted temporary privileges will be restricted to the specific delineations for which the temporary privileges are granted. The practitioner will be under the supervision of the chair of the clinical department while exercising any temporary privileges granted.

(e) Practitioners exercising temporary privileges shall abide by these medical staff bylaws, rules and regulations, and hospital and medical staff policies.

(f) Special privileges -- upon receipt of a written request for specific temporary clinical privileges and the approval of the clinical department chief, the chairperson of the academic department and the director of medical affairs, an appropriately licensed practitioner of documented competence, who is not an applicant for medical staff membership, may be granted special clinical privileges for the care of one or more specific patients. Such privileges shall be exercised in accordance with the conditions specified in rule 3335-111-04 of the Administrative Code.

(d) A physician may employ or utilize the services of a non-licensed professional assistant in the administration of patient care if this assistant has a defined job description, has received credentials review and approval by the appropriate CHRI reviewing body, and is operating within existing CHRI standards, policies, and procedures. The physician will be responsible for all patient care activities performed on his or her behalf.
(e)(g) The temporary and special privileges must also be in conformity with the Joint Commission on Accreditation of Healthcare Organizations’ accrediting bodies’ standards and the rules and regulations of professional boards of Ohio.

(3) Expedited privileges:

If the medical center board is not scheduled to convene in a timeframe that permits the timely consideration of the recommendation of a complete application by the medical staff administrative committee, eligible applicants may be granted expedited privileges by the professional affairs committee or a subcommittee of the medical center board consisting of two voting members of the medical center board, the director of medical affairs and the chief of staff pursuant to the medical staff policy and the medical center board resolution. Certain restrictions apply to the appointment and granting of clinical privileges via the expedited process. These include but are not limited to: an involuntary termination of medical staff membership at another hospital, involuntary limitation, or reduction, denial or loss of clinical privileges, a history of professional liability actions resulting in a final judgment against the applicant, or a challenge by a state licensing board.

(4) Podiatric privileges:

(a) Practitioners of podiatry may admit patients to the CHRI if such patients are being admitted solely to receive care that a podiatrist may provide without medical assistance, pursuant to the scope of the professional license of the podiatrist. Practitioners of podiatry must, in all other circumstances co-admit patients with a member of the medical staff who is a doctor of medicine or osteopathic medicine. A member of the medical staff who is a doctor of medicine or osteopathy shall:

(i) Be responsible for any medical problems that the patient has while an inpatient of the CHRI; and

(ii) Shall confirm the findings, conclusions and assessment of risk prior to high-risk diagnosis or therapeutic interventions defined by the medical staff.

(b) Practitioners of podiatry shall be responsible for the podiatric care of the patient including the podiatric history and physical examination and all appropriate elements of the patient’s record.

(c) The podiatrist shall be responsible to the chief of the department of orthopaedics.

(5) Psychology privileges:

(a) Psychologists shall be granted clinical privileges based upon their training, experience and demonstrated competence and judgment consistent with their license to practice. Psychologists shall not prescribe drugs, or perform surgical procedures, or in any other way practice outside the area of their approved clinical privileges or expertise unless otherwise authorized by law.

(b) Psychologists may not admit patients to the CHRI, but may diagnose and treat a patient’s psychological illness as part of the patient’s comprehensive care while hospitalized. All patients
admitted for psychological care shall receive the same medical appraisal as all other hospitalized patients. A member of the medical staff who is a doctor of medicine or osteopathic medicine shall admit the patient and shall be responsible for the history and physical and any medical care that may be required during the hospitalization, and shall determine the appropriateness of any psychological therapy based on the total health status of the patient. Psychologists may provide consultation within their area of expertise on the care of patients within the CHRI. In ambulatory settings, psychologists shall diagnose and treat their patient’s psychological illness. Psychologists shall ensure that their patients receive referral for appropriate medical care.

(c) Psychologists shall be responsible to the chief of the clinical department in which they are appointed.

(6) Dental privileges:

(a) Practitioners of dentistry, who have not been granted clinical privileges as oral and maxillofacial surgeons, may admit patients to the CHRI if such patients are being admitted solely to receive care which a dentist may provide without medical assistance, pursuant to the scope of the professional license of the dentist. Practitioners of dentistry must, in all other circumstances, co-admit patients with a member of the medical staff who is a doctor of medicine or osteopathic medicine.

(b) A member of the medical staff who is a doctor of medicine or osteopathy:

(i) Shall be responsible for any medical problems that the patient has while an inpatient of the CHRI; and

(ii) Shall confirm the findings, conclusions and assessment of risk prior to high-risk diagnoses or therapeutic interventions defined by the medical staff.

(c) Practitioners of dentistry shall be responsible for the dental care of the patient including the dental history and physical examination and all appropriate elements of the patient’s record.

(7) Oral and maxillofacial surgical privileges:

All patients admitted to the CHRI for oral and maxillofacial surgical care shall receive the same medical appraisal as all other hospitalized patients. Qualified oral and maxillofacial surgeons shall admit patients, shall be responsible for the plan of care for the patients, shall perform the medical history and physical examination, if they have such privileges, in order to assess the medical, surgical, and anesthetic risks of the proposed operative and other procedure(s), and shall be responsible for the medical care that may be required at the time of admission or that may arise during hospitalization.

(8) Licensed allied health professionals:

(a) Clinical privileges may be exercised by licensed allied health professionals who are duly licensed in the state of Ohio and who are either:
April 8, 2011 meeting, Board of Trustees

(i) Members of the faculty of the Ohio state university, or

(ii) Employees of the Ohio state university whose employment involves the exercise of clinical privileges, or

(iii) Employees of members of the medical staff.

(b) A licensed allied health professional as used herein, shall not be eligible for medical staff membership but shall be eligible to exercise those clinical privileges granted pursuant to these bylaws and in accordance with applicable Ohio state law. If granted such privileges under this rule and in accordance with applicable Ohio state law, other licensed allied health professionals may perform all or part of the medical history and physical examination of the patient. Licensed health care professionals with privileges are subject to FPPE and OPPE.

(c) Licensed allied health professionals shall apply and re-apply for clinical privileges on forms prescribed by the medical staff administrative committee and shall be processed in the same manner as provided in rule 3335-111-04 of the Administrative Code.

(d) Licensed allied health professionals are not members of the medical staff, shall have no authority to admit or co-admit patients to the CHRI, and shall not be eligible to hold office, to vote on medical staff affairs, or to serve on standing committees of the medical staff unless specifically authorized by the medical staff administrative committee.

(e) Each licensed allied health professional shall be individually assigned to a clinical department and shall be sponsored by one or more members of the medical staff. The licensed health care professional’s clinical privileges are contingent upon the sponsoring medical staff member’s privileges. In the event that the sponsoring medical staff member loses privileges or resigns, the licensed health care professionals whom he or she has sponsored shall be placed on administrative hold until another sponsoring medical staff member is assigned. The new sponsoring medical staff member must be assigned in less than thirty days.

(f) Licensed allied health professionals must comply with all limitations and restrictions imposed by their respective licenses, certifications, or legal credentials as required by Ohio law, and may only exercise those clinical privileges granted in accordance with provisions relating to their respective professions.

(g) Only applicants who can document the following shall be qualified for clinical privileges as a licensed allied health professional:

(i) Current license, certification, or other legal credential required by Ohio law;

(ii) Certificate of authority, standard care agreement, or utilization plan;
April 8, 2011 meeting, Board of Trustees

(iii) Education, training, professional background and experience, and professional competence;

(iv) Patient care quality indicators definition for initial appointment. This data will be in a format determined by the licensed allied health professional subcommittee and the quality management department of the Ohio state university medical center;

(v) Adherence to the ethics of the profession for which an individual holds a license, certification, or other legal credential required by Ohio law;

(vi) Evidence of required immunization;

(vii) Evidence of good personal and professional reputation as established by peer recommendations;

(viii) Satisfactory physical and mental health to perform requested clinical privileges; and

(ix) Ability to work with members of the medical staff and the CHRI employees.

(h) The applicant shall have the burden to produce documentation with sufficient adequacy to assure the medical staff and the CHRI that any patient cared for by the licensed allied health professional seeking clinical privileges shall be given quality care, and that the efficient operation of the CHRI will not be disrupted by the applicant’s care of patients in the CHRI.

(i) By applying for clinical privileges as a licensed allied health professional, the applicant agrees to the following terms and conditions:

(i) The applicant has read the bylaws and rules and regulations of the medical staff of the CHRI and agrees to abide by all applicable terms of such bylaws and any applicable rules and regulations, including any subsequent amendments thereto, and any applicable CHRI policies that the CHRI may from time to time put into effect;

(ii) The applicant releases from liability all individuals and organizations who provide information to the CHRI regarding the applicant and all members of the medical staff, the CHRI staff and the medical center board and the Ohio state university board of trustees for all acts in connection with investigating and evaluating the applicant;

(iii) The applicant shall not deceive a patient as to the identity of any practitioner providing treatment or service in the CHRI;

(iv) The applicant shall not make any statement or take any action that might cause a patient to believe that the licensed allied health professional is a member of the medical staff; and
(v) The applicant shall obtain and continue to maintain professional liability insurance in such amounts required by the medical staff.

(j) A medical staff member may employ or utilize the services on a non-licensed allied health professional, professional assistant in the administration of patient care if this assistant has a defined job description, has received credentials review and approval by the appropriate hospital reviewing body and is operating within existing standards, policies and procedures of the CHRI. The medical staff member shall be responsible for all patient care activities performed on the medical staff member's behalf. Licensed allied health care professionals shall be subject to quality review and corrective action as outlined in this paragraph for violation of these bylaws, their certificate of authority, standard of care agreement, utilization plan, or the provisions of their licensure, including professional ethics. Review may be requested by any member of the medical staff, a chief of the clinical department, or by the medical director of quality or the chief quality officer. All requests shall be in writing and shall be submitted to the chief quality officer. The chief quality officer, unless delegated to the medical director of quality, shall appoint a three-person committee to review and make recommendations concerning appropriate action. The committee shall consist of at least one licensed allied health care professional and one medical staff member. The committee shall make a written recommendation to the chief quality officer, unless delegated to the medical director of quality, who may accept, reject, or modify the recommendation. The chief quality officer, unless delegated to the medical director of quality forwards his or her recommendation to the director of medical affairs for final determination.

(k) Appeal process.

(i) A licensed health care professional may submit a notice of appeal to the chairperson of the professional affairs committee within fourteen days of receipt of written notice of any adverse corrective action pursuant to these bylaws.

(ii) If an appeal is not so requested within the fourteen-day period, the licensed allied health care professional shall be deemed to have waived the right to appeal and to have conclusively accepted the decision of the director of medical affairs.

(iii) The appellate review shall be conducted by the chief of staff, the chair of the licensed health care professionals subcommittee and one medical staff member from the same discipline as the licensed allied health care professional under review. The licensed allied health care professional under review shall have the opportunity to present any additional information deemed relevant to the review and appeal of the decision.

(iv) The affected licensed allied health care professional shall have access to the reports and records, including
transcripts, if any, of the hearing committee and of the medical staff administrative committee and all other material, favorable or unfavorable, that has been considered by the chief quality officer. The licensed allied health care professional shall submit a written statement indicating those factual and procedural matters with which the member disagrees, specifying the reasons for such disagreement. This written statement may cover any matters raised at any step in the procedure to which the appeal is related, and legal counsel may assist in its preparation. Such written statement shall be submitted to the review committee no later than seven days following the date of the licensed allied health care professional’s notice of appeal.

(v) New or additional matters shall only be considered on appeal at the sole discretion of the professional affairs committee.

(vi) Within thirty days following submission of the written statement by the licensed allied health care professional, the chief of staff shall make a final recommendation to the chair of the professional affairs committee of the medical center board. The professional affairs committee of the medical center board shall determine whether the adverse decision will stand or be modified and shall recommend to the Ohio state medical center board that the adverse decision be affirmed, modified or rejected, or to refer the matter back to the review committee for further review and recommendation. Such referral to the review committee may include a request for further investigation.

(vii) Any final decision by the medical center board shall be communicated by the chief quality officer and by certified return receipt mail to the last known address of the licensed allied health care professional as determined by the university records. The chief quality officer shall also notify in writing the senior vice president for health sciences, the dean of the college of medicine, the chief executive officer of the CHRI and the vice president for health services and the chief of the applicable clinical department or departments. The chief quality officer, unless delegated to the medical director of quality, shall take immediate steps to implement the final decision.

(9) Emergency privileges:

In the case of an emergency, any member of the medical staff to the degree permitted by the member’s license and regardless of department or medical staff status shall be permitted to do everything possible to save the life of a patient using every facility of the CHRI necessary, including the calling for any consultation necessary or desirable. After the emergency situation resolves, the patient shall be assigned to an appropriate member of the medical staff. For the purposes of this paragraph, an “emergency” is defined as a condition that would result in serious permanent harm to a patient or in which the life of a patient is in immediate danger and any delay in administering treatment would add to that danger.
April 8, 2011 meeting, Board of Trustees

(10) Disaster privileges:

Disaster privileges may be granted in order to provide voluntary services during a local, state or national disaster in accordance with hospital/medical staff policy and only when the following two conditions are present: the emergency management plan has been activated and the hospital is unable to meet immediate patient needs. Such privileges may be granted by the director of medical affairs or his or her designee to fully licensed, qualified individuals who at the time of the disaster are not members of the medical staff. These privileges will be limited in scope and will terminate once the disaster situation subsides or at the discretion of the director of medical affairs temporary privileges are granted thereafter.

(11) Telemedicine:

Telemedicine involves the use of electronic communication or other communication technologies to provide or support clinical care at a distance. Diagnosis and treatment of a patient may now be performed via telemedicine link.

(a) A member of the medical staff who wishes to utilize electronic technologies (telemedicine) to render care must so indicate on the application for clinical privileges form.

(b) A member of the medical staff may request to exercise via telemedicine the same clinical privileges he or she has already been granted. The credentials committee, the chief of the clinical service, the director of medical affairs or the medical staff administrative committee, and the medical center board shall have the prerogative of requiring documentation or making a determination of the appropriateness of the exercise of a particular specialty/subspecialty via telemedicine.

3335-111-08 Organization of the CHRI medical staff.

(A) The chief executive officer.

(1) Method of appointment:

The chief executive officer shall be appointed by the board of trustees of the Ohio state university upon recommendation of the president, senior vice president for health sciences, and the vice president for health services following consultation with the medical center board in accordance with university bylaws, rules and regulations. The chief executive officer shall be a member of the attending medical staff of the CHRI.

(2) Responsibilities:

The chief executive officer shall be responsible for the conduct of teaching, research, and CHRI service activities of the facility, including continuing compliance with all appropriate quality assurance standards, ethical codes, or other monitoring or regulatory requirements. The chief executive officer shall be a member of all committees of the CHRI.

(B) The director of medical affairs.
April 8, 2011 meeting, Board of Trustees

(1) Method of appointment:

The director of medical affairs shall be appointed by the senior vice president for health sciences upon recommendation by the chief executive officer. The director of medical affairs shall be the chief medical officer of the CHRI and shall be a member of the attending medical staff of the CHRI.

(2) Responsibilities:

The director of medical affairs shall be responsible to the chief executive officer, the medical director of the Ohio State University Health System senior vice president of the medical center, the CHRI hospital board, and the medical center board for the quality of patient care provided in the CHRI. The director of medical affairs shall assist the chief executive officer in the administration of medical affairs including quality assurance and credentialing.

(C) The chief medical officer.

The chief medical officer is the senior medical officer for the medical center with the responsibility and authority for all health and medical care delivered at the medical center. The chief medical officer is responsible for overall quality improvement and clinical leadership throughout the medical center, physician alignment, patient safety and medical staff development. The appointment, scope of authority, and responsibilities of the chief medical officer shall be as outlined in the Ohio State Medical Center Board bylaws.

(D) The chief quality officer.

The chief quality officer of the Ohio State University Medical Center is referred to herein these bylaws as the chief quality officer. The chief quality officer reports to the chief medical officer and works collaboratively with clinical leadership of the medical center, including director of medical affairs for the CHRI, nursing leadership and hospital administration. The chief quality officer provides leadership in the development and measurement of the medical center’s approach to quality, patient safety and reduction of adverse events. The chief quality officer communicates and implements strategic, operational and programmatic plans and policies to promote a culture where patient safety is an important priority for medical and hospital staff.

(E) The sections.

Each member of the attending, associate attending, clinical, limited, and honorary staff shall be assigned to a CHRI section by the chief executive officer upon the recommendation of the appropriate academic department chairperson and the credentials committee.

There are four clinical sections: medical oncology, surgical oncology, radiation oncology and pathology. Appointment to a specific section is based on the clinical specialty of the applicant for medical staff membership. Each section is headed by a section chief who has the responsibility to oversee all research and clinical activities conducted by members of the section. Specifically, the section chief shall be responsible for the following: the development and implementation of policies and procedures that guide and support the provision of service; recommendations re: staffing needs and clinical privileges for all members appointed to the section; the orientation and continuing surveillance of the professional performance of all section members; recommendation for
space and other resources needed. The section chief is appointed by the chief executive officer.

(D)(F) Clinical department chief.

(1) Qualifications and responsibilities of the chief of the clinical department. The academic department chair shall ordinarily serve also as the chief of the clinical department. Each clinical department chief shall be qualified by education and experience appropriate to the discharge of the responsibilities of the position. Each clinical department chief must be board certified by an appropriate specialty board or must establish comparable competence. The chief of the clinical department must be a medical staff member at the Ohio state university hospitals. Such qualifications shall be judged by the respective dean of the colleges of medicine or dentistry. Qualifications for chief of the clinical department generally shall include recognized clinical competence, sound judgment and well-developed administrative skills.

(2) Procedure for appointment. Appointment or reappointment of chief of the clinical department shall be made by the dean of the respective colleges of medicine or dentistry in consultation with elected representatives of the medical staff and the medical director chief medical officer of the Ohio state university health system medical center.

(3) Term of appointment of the chief of the clinical department. The term of the appointment of the chief of the clinical department shall be concurrent with the chief's academic appointment but shall be no longer than four years. Prior to the end of said four-year term, a review shall be conducted by the dean of the college of medicine and such review shall serve as the basis for the recommendation for reappointment pursuant to paragraph (D)(2) of this rule.

(4) Duties of the chief of the clinical department:

Each clinical department chief shall be responsible for the following:

(a) Be accountable for all clinical professional and administrative activities within the clinical department.

(b) Maintain continuing review of the professional performance of all medical staff members and other licensed allied health professionals with clinical privileges within the clinical department. Determine the qualifications and competence of all personnel who are not independent practitioners who provide patient care within the clinical department. Provide for the orientation and continuing education of all persons in the clinical department.

(c) Conduct a periodic review, at least every four years, of the clinical performance of each clinical division director.

(d) Make recommendations to the credentials committee regarding the criteria for membership on the medical staff and for the delineation of clinical privileges in the clinical department and continuously review at least biennially, the clinical privilege delineation form for adjustments to services.
(e) Review the clinical performance including the physical and mental health of all medical staff members and other licensed allied health professionals of the clinical department in accordance with these bylaws and make recommendations for appointment and reappointment to the medical staff and for clinical privileges for each medical staff member of the clinical department.

(f) Be responsible for the enforcement within the clinical department of these bylaws, rules and regulations of the CHRI.

(g) Be responsible for the maintenance of quality control programs and assure that the quality and the appropriateness of patient care within the clinical department is continually monitored and evaluated according to the clinical department’s and the CHRI’s quality criteria.

(a) Clinically related activities of the department;

(b) Administratively related activities of the department, unless otherwise provided by the hospital;

(c) Continuing surveillance of the professional performance of all practitioners in the department who have delineated clinical privileges;

(d) Recommending to the medical staff the criteria for clinical privileges that are relevant to the care provided in the department;

(e) Recommending clinical privileges for each practitioner of the department based on relevant training and experience, current appraised competence, health status that does not present a risk to patients, and evidence of satisfactory performance with existing privileges;

(f) Assessing and recommending to the relevant hospital authority off-site sources for needed patient care, treatment, and services not provided by the department or the hospital;

(g) The integration of the department or service into the primary functions of the hospital, developing services that complement the medical center’s mission and plan for clinical program development;

(h) The coordination and integration of interdepartmental and intradepartmental services;

(i) The development and implementation of policies and procedures that guide and support the provision of care, treatment, and services. This includes the development, implementation, enforcement and updating of departmental policies and procedures that are consistent with the hospital’s mission. The clinical department chief shall make such policies and procedures available to the medical staff;

(j) The recommendations for a sufficient number of qualified and competent persons to provide care, treatment, and services;
(k) The determination of the qualifications and competence of department or service personnel who are not licensed independent practitioners and who provide patient care, treatment, and services;

(l) The continuous assessment and improvement of the quality of care, treatment, and services;

(m) The maintenance of quality control programs, as appropriate;

(n) The orientation and continuing education of all persons in the department or service;

(o) Recommending space and other resources needed by the department or service; and

(p) Hold monthly regular clinical department meetings and ensure open lines of communication are maintained in the clinical department. The agenda for the meetings shall include, but not be limited to, a discussion of the clinical activities of the department and communication of the decisions of the medical staff administrative committee. Minutes of the departmental meetings, including a record of attendance, shall be kept in the clinical department and the medical director of the Ohio state university health system’s office.

(i) Develop and implement policies that guide and support the provision of department services and make recommendations on the proper number of qualified and competent persons needed to provide care within the service needs of the clinical department.

(j) Provide for the integration of the clinical department and its services into the primary functions of the CHRI and coordinate interdepartmental and intradepartmental services.

3335-111-09 Elected officers of the medical staff of the CHRI.

(A) Chief of staff.

The chief of staff shall:

(1) Serve on those committees of the Ohio state medical center board as appointed by the chairperson of the medical center board.

(2) Be a chairperson of the medical staff administrative committee and serve as liaison between university administration, CHRI administration, and the medical staff in all matters of mutual concern within the CHRI.

(2)(3) Call, preside, and be responsible for the agenda of all general staff meetings.

(3)(4) Make medical staff committee appointments jointly with the director of medical affairs and chief of staff-elect for approval by the CHRI medical staff administrative committee.

(4)(5) Be a spokesperson for the medical staff in its external professional and public relations.
(5)(6) Be representative to the council of the academy of medicine of Columbus and Franklin county, or select a representative to serve on the council.

(7) Serve as chairperson of the nominating committee of the medical staff.

(B) Chief of staff-elect.

The chief of staff-elect shall:

(1) Serve as chairperson of the nominating committee of the medical staff. Serve on those committees of the Ohio state medical center board as appointed by the chairperson of the medical center board.

(2) Serve as the chairperson of the bylaws committee of the CHRI.

(3) Carry out all the duties of the chief of staff when the chief of staff is unable to do so.

(4) Keep records of all meetings of the medical staff and oversee the inclusion of changes in the bylaws, rules and regulations of the medical staff.

(C) Delegates at-large.

There shall be two delegates at-large that are members of the medical staff. Each delegate at large shall be a member of the medical staff administrative committee and shall serve on those committees of the medical center board as appointed by the chairperson of the medical center board.

(D) Qualifications of officers.

(1) Officers must be members of the attending or associate attending staff at the time of their nomination and election and must remain members in good standing during their term of office. Failure to maintain such status shall immediately create a vacancy in the office involved.

(2) The chief executive officer and director of medical affairs are not eligible to serve as chief of staff or chief of staff-elect unless they are replaced in their CHRI administrative role during the period of their term of office.

(E) Election of officers.

(1) All officers (other than at-large officers) will be elected by a majority of those voting by written or electronic ballot after the April meeting of the medical staff. If one candidate does not achieve a majority vote, there will be an election on a second ballot between the two receiving the greatest number of votes.

(2) The nominating committee will be composed of five members. The chief of staff and the chief of staff-elect will serve on the committee and the chief of staff-elect will be its chairperson. The chief of staff-elect will appoint the three other members of the committee.

(3) Nominations for officers will be accepted from the floor at the March meeting.
April 8, 2011 meeting, Board of Trustees

(4) The committee's nominees will be submitted by electronic or written ballot to all voting members of the medical staff no later than April.

(5) Candidates for the office of chief of staff-elect will be listed and each attending or associate attending staff member may vote for one. Candidates for the at-large positions will be voted upon as a group. Each voting member of the medical staff may vote for two at-large candidates. The two candidates with the highest number of votes will be elected. A majority of the votes is not necessary.

(6) Grounds for removal shall be malfeasance, misfeasance, or nonfeasance in office, as documented by written charges submitted to the chief of staff or to the director of medical affairs if charges are filed against the chief of staff, or if the officer is unwilling or unable to perform the duties as assigned. An officer may be removed from the elected position by a majority vote upon written or electronic ballot of the attending and associate attending staff following a regularly scheduled semi-annual meeting or a meeting scheduled for that purpose. Automatic removal shall be for failure to meet those responsibilities assigned within these bylaws, failure to comply with medical staff rules and regulations, policies and procedures of the medical staff, for conduct or statements that damage the reputation of the CHRI, its goals and missions, or programs, or an automatic termination or suspension of clinical privileges that lasts more than thirty days.

(F) Term of office.

(1) The chief of staff and chief of staff-elect will each serve two years in office beginning on the first of July. The chief of staff-elect will be elected in the odd years. The chief of staff may not be elected chief of staff-elect within one year of the end of the chief of staff's term in office.

(2) The at-large representatives shall serve two years, beginning on the first of July. The delegate at large may succeed themselves for three successive terms (six years, total), if so elected. They may not serve again without a period of two years out of office as a delegate at large. The delegate at large may be elected chief of staff-elect at any time if they are members of the attending staff.

(G) Vacancies in office.

(1) Vacancies in the office of chief of staff during the chief's term will be automatically succeeded and performed by the chief of staff-elect. When the unexpired term is one year or less, the new chief of staff will continue in office until the completion of the expected term in that office. When the unexpired term is more than one year, the new chief of staff will serve out the remaining term only.

(2) Vacancies in the office of chief of staff-elect shall be filled by a special election held within sixty days of establishing the vacancy by the nominating and election process set forth in paragraph (F) of this rule. The nominating committee will make nominations and a special meeting of the voting members of the medical staff will be called to add nominations and elect the replacement. The new chief of staff-elect will become chief of staff at the end of the term of the incumbent.

(3) Vacancies in the at-large representatives' positions will be filled by appointment by the chief of staff.
April 8, 2011 meeting, Board of Trustees

3335-111-10 Administration of the medical staff of the CHRI.

Medical staff committees.

(A) Appointments: Appointments to all medical staff committees except the medical staff administrative committee (MSAC) and the nominating committee will be made jointly by the chief of staff, chief of staff-elect, and the director of medical affairs with medical staff administrative committee ratification. Unless otherwise provided by the bylaws, all appointments to medical staff committees are for one year and may be renewed. Up to two additional member(s) may be appointed to the MSAC at the recommendation of the chief executive officer of the CHRI, subject to the approval of the medical staff administrative committee and subject to review and renewal on a yearly basis. The chairperson shall control the committee agenda, attendance of staff and guests and conduct the proceedings. A simple majority of appointed voting members shall constitute a quorum. All committee members appointed or elected to serve on a medical staff committee are expected to participate fully in the activities of those committees. The chief of staff, director of medical affairs and the chief executive officer of the CHRI may serve on any medical staff committee as an ex-officio member without vote.

(B) The medical staff as a whole and each committee provided for by these medical staff bylaws is hereby designated as a peer review committee in accordance with the laws of the state of Ohio. The medical staff through its committees shall be responsible for evaluating, maintaining and monitoring the quality and utilization of patient care services provided by CHRI.

(C) Medical staff administrative committee:

(1) Composition:

(a) Voting membership includes: chief of staff (chairperson), chief of staff-elect, immediate past chief of staff, section chiefs of medical oncology, radiation oncology, surgical oncology and pathology; division chiefs of hematology, gynecologic oncology, plastic surgery, otolaryngology, surgical oncology, thoracic surgery and urology; clinical department chiefs of anesthesia, plastic surgery and radiology; CHRI medical director of quality, CHRI chief executive officer, CHRI director of medical affairs, medical director of palliative medicine, two delegates at-large, chief executive officer medical staff appointments (up to two), CCC director for clinical research, and CCC director for cancer control. If a division or section head is a member by leadership position, he or she will also fulfill the role of division or section chief appointment.

(b) Ex-officio non-voting membership includes: the CHRI executive director, the CHRI associate director for professional education, the CHRI chief nursing officer, the medical director of university hospital and/or the chief medical officer of the medical center, the dean of the Ohio state university college of medicine, the senior vice president for health sciences and the administrative associate director for medical staff affairs.

(c) Any member of the committee who anticipates absence from a meeting of the committee may appoint a temporary substitute as a representative at the meeting. The temporary substitute will have all the rights of the absent member. The chief executive officer may invite any member of staff as the chief executive
April 8, 2011 meeting, Board of Trustees

officer’s representative at a meeting or to attend any meeting with the chief executive officer.

(d) All members of the committee shall attend, either in person or by proxy, a minimum of two-thirds of all committee meetings.

(2) Duties:

(a) To represent and to act on behalf of the medical staff, subject to such limitations as may be imposed by this chapter, and the bylaws or rules of the Ohio state university.

(b) To have primary authority for activities related to self-governance of the medical staff.

(c) To receive and act upon commission and committee reports. To delegate appropriate staff business to committees while retaining the right of executive responsibility and authority over all medical staff committees. This shall include but is not limited to review of and action upon medical staff appointments and reappointments whenever timely action is necessary.

(d) To approve and implement policies of the medical staff.

(e) To recommend action to the chief executive officer on matters of medico-administrative nature.

(f) To fulfill the medical staff's accountability to the medical center board for medical care rendered to patients in the CHRI, and for professional conduct and activities of the medical staff, including recommendations concerning:

(i) Medical staff structure;

(ii) The mechanism to review credentials and to delineate clinical privileges;

(iii) The mechanism by which medical staff membership may be terminated or suspended;

(iv) Participation in the CHRI’s performance improvement, quality and patient safety activities; and

(v) Corrective action and hearing procedures applicable to medical staff members and other licensed allied health professionals granted clinical privileges.

(g) To ensure the medical staff is kept abreast of the accreditation process and informed of the accreditation status of the CHRI.

(h) To review and act on medical staff appointments and reappointments.

(i) To report to the medical staff all actions affecting the medical staff.

(j) To inform the medical staff of all changes in committees, and the creation or elimination of such committees as circumstances shall require.
To appoint create committees (for which membership is subsequently appointed pursuant to section 3335-111-10 of these bylaws) to meet the needs of the medical staff and comply with the requirements of accrediting agencies.

To establish and maintain rules and regulations governing the medical staff.

To oversee functions related to performance improvement of professional services provided by individuals with clinical privileges.

To perform other functions as are appropriate.

Meetings:

The committee shall meet monthly and keep detailed minutes, which shall be distributed to each committee member before or at the next meeting of the committee.

Voting:

At a properly constituted meeting, voting shall be by a simple majority of members present except in the case of termination or non-reappointment of medical staff membership or permanent suspension of clinical privileges, wherein two-thirds of members present shall be required.

Credentialing committee of the hospitals of the Ohio state university health system:

Composition:

The credentialing responsibilities of the medical staff are delegated to the credentialing committee of the hospitals of the Ohio state university health system, the composition of which shall include representation from the medical staff of each health system hospital.

The chief medical officer of the health system medical center shall appoint the credentialing committee of the hospitals of the Ohio state university health system. The chief of staff and director of medical affairs or medical director of each health system hospital shall make recommendation to the chief medical officer for representation on the credentialing committee of the hospitals of the Ohio state university health system.

The credentialing committee of the hospitals of the Ohio state university health system shall meet at the call of its chair, whom shall be appointed by the chief medical officer of the health system medical center.

Duties:

To review all applications for medical staff and licensed allied health professional appointment and reappointment, as well as all requests for delineation, renewal, or amendment of clinical privileges in the manner provided in these medical staff bylaws, including applicable time limits. During its evaluation, the credentialing committee of the hospitals of the Ohio state university health system will take into consideration the...
appropriateness of the setting where the requested privileges are to be conducted;

(b) To review biennially all applications for reappointment or renewal of clinical privileges;

(c) To review all requests for changes in medical staff membership;

(d) To assure, through the chairperson of the committee, that all records of peer review activity taken by the committee, including committee minutes, are maintained in the strictest of confidence in accordance with the laws of the state of Ohio. The committee may conduct investigations and interview applicants as needed to discharge its duties. The committee may refer issues and receive issues as appropriate from other medical staff committees;

(e) To make recommendations to the medical staff administrative committee through the director of medical affairs regarding appointment applications and initial requests for clinical privileges. Such recommendations shall include the name, status, department (division/section), medical school and year of graduation, residency and fellowships, medical-related employment since graduation, board certification and recertification, licensure status as well as all other relevant information concerning the applicant’s current competence, experience, qualifications, and ability to perform the clinical privileges requested;

(f) To recommend to the medical staff administrative committee that certain applications for appointment be reviewed in executive session;

(g) The committee, after review and investigation, may make recommendations to the director of medical affairs, chief of staff, or the chief of a clinical department, regarding the restriction or limitation of any medical staff member’s clinical privileges, noncompliance with the credentialing process, or any other matter related to its responsibilities;

(h) To review all grants of special or temporary privileges; and

(h) To review requests made for clinical privileges by other licensed allied health professionals as set forth in this chapter.

(i) To recommend eligibility criteria for the granting of medical staff membership and privileges.

(j) To develop, recommend, and consistently implement policy and procedures for all credentialing and privileging activities.

(k) To review, and where appropriate take action on, reports that are referred to it from other medical staff committees and medical staff members.

(l) To perform such other functions as requested by the medical staff administrative committee, professional affairs committee or medical center board.

756
(3) Licensed allied health professionals subcommittee:

(a) This subcommittee shall consist of licensed allied health professionals who have been appointed in accordance with paragraph (A)(3) of rule 3335-111-09 of the Administrative Code and shall also include the director of nursing who shall serve as chair of the subcommittee. The subcommittee shall include a certified nurse midwife, a certified registered nurse anesthetist, a certified nurse practitioner, a clinical nurse specialist, and other appropriate licensed allied health professionals.

(b) Duties:

(i) To review, within thirty days of receipt, all completed applications as may be referred by the credentialing committee of the hospitals of the Ohio state university health system;

(ii) To review and investigate the character, qualifications and professional competence of the applicant;

(iii) To review the applicant's patient care quality indicator definitions on initial granting of clinical privileges and the performance based profile at the time of renewal;

(iv) To verify the accuracy of the information contained in the application; and

(v) To forward, following review of the application, a written recommendation for clinical privileges to the credentialing committee of the hospitals of the Ohio state university health system for review at its next regularly scheduled meeting.

(vi) To develop relevant policies and procedures regarding the scope of service and scope of practice to be granted to each licensed allied health care professional specialty. These policies and medical staff administrative committee and be approved by the medical center board.

(E) Bylaws Medical staff bylaws committee:

(1) Composition.

The committee shall be composed of at least four members of the attending or associate attending staff pursuant to paragraph (A)(3) of rule 3335-111-09 of the Administrative Code. The chairperson shall always be the chief of staff-elect.

(2) Duties.

To review and recommend amendments to the medical staff administrative committee as necessary to maintain bylaws that reflect the structure and functions of the medical staff but not less than every two years. This committee will recommend changes to the medical staff administrative committee.
Committee for licensed independent practitioner health.

Composition:

The committee shall consist of seven medical staff members appointed in accordance with paragraph (A)(3) of rule 3335-111-09 of the Administrative Code.

Duties:

(a) To consider issues of licensed independent practitioner health or impairment whenever a self-referral or referral is requested by an affected member or another member or committee of the medical staff, CHRI hospital staff, or any other individual.

(b) To provide appropriate counsel, referral, and monitoring until the rehabilitation or disciplinary process is complete and periodically thereafter, if required, to enable the medical staff member to obtain appropriate diagnosis and treatment, and to provide appropriate standards of care.

(c) To consult regularly with the chief of staff and director of medical affairs of the CHRI.

(d) To advise credentials and/or other appropriate medical staff committees on the credibility of a complaint, allegation or concern, including those affecting the quality and safety of patient care.

(e) It will be the responsibility of the chairperson of the committee to assure that all proceedings and records, including the identity of the person referring the case, are handled and maintained in the strictest of confidence in accordance with the laws of the state of Ohio.

(f) To educate CHRI hospital and the medical staff about illness and impairment recognition issues, including at risk criteria specific to licensed independent practitioners.

Cancer subcommittee:

Composition:

Required to be included as members of the cancer subcommittee are physician representatives from surgery, medical oncology, diagnostic radiology, radiation oncology, palliative medicine and pathology, the cancer liaison physician and nonphysician representatives from the cancer registry, administration, nursing, social services, and quality assurance. Other disciplines should be included as appropriate for the institution.

Duties:

(a) Develop and evaluate the annual goals and objectives for the clinical, educational, and programmatic activities related to cancer.

(b) Promote a coordinated, multidisciplinary approach to patient management.
(c) Ensure that educational and consultative cancer conferences cover all major site and related issues.

(d) Ensure that an active supportive care system is in place for patients, families, and staff.

(e) Monitor quality management and improvement through completion of quality management studies that focus on quality, access to care, and outcomes.

(f) Promote clinical research.

(g) Supervise the cancer registry and ensure accurate and timely abstracting, staging, and follow-up reporting.

(h) Perform quality control of registry data.

(i) Encourage data usage and regular reporting.

(j) Ensure content of the annual report meets requirements.

(k) Publishes the annual report by November first of the following year.

(l) Upholds medical ethical standards.

(3) Meetings:

(a) The subcommittee shall meet at a minimum quarterly as a policy-advisory and administrative body with documentation of activities and specialties in attendance.

(b) Any member anticipating an absence from the meeting should designate a representative to attend in their place.

(H) Ethics committee.

(1) Composition.

The committee is a joint committee and shall consist of members of the medical staff, nursing, hospital administration, and other persons representing both the CHRI and UH who, by reason of training, vocation, or interest, may make a contribution. Appointments will be made as provided by in this chapter. The chairperson shall be a physician who is a clinically active member of the medical staff of UH or the CHRI.

(2) Duties

(a) To make recommendations for the review and development of guidelines or policies regarding ethical issues.

(b) To provide ethical guidelines and information in response to requests from members of the medical staff, patients, patient's family or other representative, and staff members of the CHRI.

(c) To provide a support mechanism for primary decision makers at the CHRI.
April 8, 2011 meeting, Board of Trustees

(d) To provide educational resources on ethics to all health care providers at the CHRI.

(e) To provide and enhance interaction between CHRI administration and staff, departmental ethics committees, pastoral care services, and members of the medical staff.

(I) Practitioner evaluation committee.

(1) Composition.

This multi-disciplinary peer review committee is composed of clinically-active practitioners. If additional expertise is needed, the practitioner evaluation committee may request the assistance from any medical staff member or recommend to the director of medical affairs an external review.

(2) Duties:

(a) To meet regularly and keep minutes, which describe issues, opportunities to improve patient care, recommendations and actions to the chief quality officer, unless delegated to the medical director of quality and the chair of the clinical department, responsible parties, and expected completion dates. The minutes are maintained in the quality and patient safety office.

(b) To ensure that ongoing and systematic monitoring, evaluation and process improvement is performed in each clinical department.

(c) To develop and utilize objective criteria in practitioner peer review activities.

(d) To ensure that the medical staff peer review process is effective.

(e) To maintain confidentiality of its proceedings. These issues are not to be handled outside of the practitioner evaluation committee by any individual, clinical department, division, or committee.

3335-111-12 Amendments.

These medical staff bylaws may be amended after notice is given at one meeting of the medical staff administrative committee. Such notice shall be laid on the table until the next meeting and shall require two-thirds vote of the members of the medical staff administrative committee present for approval and submission to the medical staff for ratification. Ratification of an amendment shall be by a plurality of those medical staff members voting through written or electronic ballot. When an amendment is approved by the medical staff administrative committee and ratified by the medical staff it shall be forwarded in successive order to the following: the professional affairs committee of the medical center board if it meets prior to the next scheduled medical center board meeting, the medical center board and the Ohio state university board of trustees. Each of the foregoing reviewers shall accept or reject the requested amendment. The amendment shall become effective when accepted by the board of trustees of the Ohio state university in the form ratified by the medical staff. Neither the medical staff, the medical center board nor the board of trustees may unilaterally amend these medical
April 8, 2011 meeting, Board of Trustees

staff bylaws. The medical staff bylaws, rules and regulations, hospital policies and the medical center board bylaws shall not conflict.

3335-111-12 Amendments and adoption.

(A) Medical staff responsibility.

The medical staff bylaws committee shall have the initial responsibility to formulate, review at least biennially, and recommend to the professional affairs committee of the medical center board any medical staff bylaws, rules, regulations, policies, procedures, and amendments as needed. Amendments to the bylaws shall be effective when approved by the university board of trustees. Amendments to the rules and regulations shall be effective when approved by the medical center board.

Such responsibility shall be exercised in good faith, in a timely manner and in accordance with applicable laws and regulatory standards. This applies as well to the review, adoption, and amendment of the related rules, policies, and protocols developed to implement the various sections of these bylaws.

The organized medical staff shall also have the ability to propose amendments to the medical staff bylaws, rules and regulations and policies and procedures and propose them directly to the professional affairs committee of the medical center board.

If the voting members of the organized medical staff propose to adopt amendments to the bylaws, rules and regulations or policies, they must first communicate the proposal to the medical staff administrative committee. When the medical staff administrative committee proposes to adopt amendments to the bylaws, rules and regulations or policies, it communicates the proposal to the organized medical staff.

Conflict between the organized medical staff and the medical staff administrative committee will be managed by allowing communication directly from the medical staff to the professional affairs committee of the medical center board on issues including, but not limited to: amendments to the bylaws and the adoption of new rules and regulations or policies. Medical staff members may communicate with the professional affairs committee of the medical center board by submitting their communication in writing to the chief of staff, who shall then communicate on their behalf to the professional affairs committee of the medical center board at its next regularly scheduled meeting for final determination.

In cases of urgent need to update the medical staff bylaws or rules and regulations in order to comply with law, statute, federal regulation, or accreditation standard, the medical staff administrative committee and the professional affairs committee of the medical center board may provisionally approve an urgent amendment without prior notification to the medical staff. The medical staff shall be immediately notified by the medical staff administrative committee. The medical staff shall have the opportunity for review of and vote on the provisional amendment. If the medical staff votes in favor of the provisional amendment it shall stand. If there is conflict over the provisional amendment, process for resolving conflict between the organized medical staff and the medical staff administrative committee shall be implemented.
April 8, 2011 meeting, Board of Trustees

(B) Methods of adoption and amendment to these bylaws.

Proposed amendments to these bylaws may be originated by the medical staff bylaws committee, medical staff administrative committee or by a petition signed by twenty-five percent (25%) of attending medical staff members.

Each attending medical staff member will be eligible to vote on the proposed amendment via printed or secure electronic ballot in a manner determined by the medical staff administrative committee. All attending medical staff members shall receive at least thirty (30) days advance notice of the changes to be adopted:

(a) The medical staff receives a simple majority of the votes cast by those members eligible to vote.

(b) Amendments so adopted shall be effective when approved by the university board of trustees.

(C) Methods of adoption and amendment to medical staff rules, regulations and policies.

The medical staff may adopt additional rules, regulations and policies as necessary to carry out its functions and meet its responsibilities under these bylaws.

Proposed amendments to the rules, regulations and policies may be originated by the medical staff bylaws committee or the medical staff administrative committee.

The medical staff administrative committee shall vote on the proposed language changes at a regular meeting, or at a special meeting called for such purpose. Following an affirmative vote by the medical staff administrative committee, rules and regulations may be adopted, amended or repealed, in whole or in part and such changes shall be effective when approved by the organized medical staff, and the medical center board. Policies and procedures will become effective upon approval of the medical staff administrative committee.

In addition to the process described above, the organized medical staff itself may recommend directly to the professional affairs committee of the medical center board an amendment to any rules, regulation, or policy by submitting a petition signed by twenty-five percent (25%) of the members of the attending medical staff category. Upon presentation of such petition, the adoption process outlined above will be followed.

(D) The medical staff administrative committee may adopt such amendments to these bylaws, rules, regulations, and policies that are, in the committee’s judgment, administrative, technical or legal modifications or clarifications. Such modifications may include reorganization or renumbering, punctuation, spelling, or other errors of grammar or expression. Such amendments need not be approved by the entire medical center board but must be approved by the vice president of health services. Neither the organized medical staff nor the medical center board may unilaterally amend the medical staff bylaws or rules and regulations.

The medical staff bylaws, rules and regulations, medical center board bylaws, and relevant policies shall not conflict. The medical staff bylaws committee shall assure that there is no conflict.
April 8, 2011 meeting, Board of Trustees

3335-111-13 Adoption.

(A) These bylaws shall be adopted by the medical staff administrative committee and forwarded for approval in the same fashion as provided in rule 3335-111-11 of the Administrative Code.

(B) The bylaws shall replace any previous bylaws, rules and regulations of the medical staff of the CHRI.

3335-111-14 Meetings and dues.

(A) Meetings.

The medical staff of the CHRI shall conduct scheduled meetings semi-annually. Notice of the meetings will be sent to all medical staff at least two weeks prior to the meeting. Attendance is encouraged, but shall not be a requirement of continuing medical staff membership and clinical privileges. A special meeting may be called at the option of the medical staff administrative committee.

(B) Dues.

The medical staff, by two-thirds vote of those in attendance at the fall semi-annual meeting, may establish dues. Payment of dues is a requirement for continued medical staff membership except honorary, clinical, and limited staff.

3335-111-13 Meetings and dues.

(A) Meetings.

The medical staff of the CHRI shall conduct scheduled meetings semi-annually. Notice of the meetings will be sent to all medical staff at least two weeks prior to the meeting. Attendance is encouraged, but shall not be a requirement for continued medical staff membership and clinical privileges. A special meeting may be called at the option of the medical staff administrative committee.

(B) Dues.

The medical staff, by two-thirds vote of those in attendance at a regularly scheduled meeting, may establish dues. Payment of dues is a requirement for continued medical staff membership except honorary, clinical, and limited staff.

(A) "Shall" as used herein is to be construed as mandatory.

(B) These bylaws should be construed to be gender neutral.

3335-111-14 Rules of construction.

(A) "Shall" as used herein is to be construed as mandatory.

(B) These bylaws should be construed to be gender neutral.
April 8, 2011 meeting, Board of Trustees

(Appendix XXX)

The Ohio State University
Office of Human Resources

Summary of Proposed Revisions of
The Classified Civil Service Rules

The Ohio State University Office of Human Resources has prepared proposed amendments, deletions, and additions to the rules that govern classified civil service (CCS) employment at the university. The CCS rules were last revised in total in 2001; with recruitment, selection, and appointment related rules revised in June 2009; reduction in force rules revised in October 2009; performance management, removals, and demotions revised in February 2010; and classification and compensation related rules revised in September 2010. Since 2001, various statutory changes have occurred that necessitate further revision of these rules.

Revisions

The language and content throughout the rules have been revised in the following manner:

− The language is clarified, made consistent and grammatically correct;
− The rules are updated to be consistent with university policies and practices;
− The rules are renumbered given rescinded and new rules; and
− The rules are updated to streamline processes, enhance our efficiency and effectiveness, and provide more effective leaves policies and general management of Classified Civil Service employees.

Key changes include:

− An employee may be placed on disability separation after exhausting approved family and medical leave and prior to exhausting sick leave.
− The university may establish sick leave payout programs in addition to those specified in the current rules.
− Clarified and strengthened the role that performance will play in the reduction-in-force and resulting displacement processes.
− Changed “jurisdiction” to college/VP unit, to be defined in university policy rather than the rules; displacement and reinstatement restricted to within the employee’s jurisdiction.
Classified Civil Service Rules

3335-49-01 Procedure for adoption, amendment or rescission of rules affecting persons in the classified civil service at the Ohio state university.

(A) Pursuant to section 124.14 of the Ohio Revised Code, job classification – pay ranges – the university follows these procedures for the adoption, amendment, or rescission of rules affecting persons in the classified civil service.

(B) The adoption, amendment, or rescission of any rule affecting employees in the classified civil service at the Ohio state university shall comply with the provisions of section 111.15 of the Revised Code.

(C) The proposed new, amended, or rescinded rules shall be presented to the Ohio state university board of trustees for approval.

(D) After the Ohio state university board of trustees has approved the proposed rules, and at least ten days prior to the effective date, all rule(s) in their final form shall be filed electronically with both the secretary of state and the legislative service commission.

(E) The office of human resources shall make a reasonable effort to notify employees who may be affected by the adoption, amendment or rescission of any rule. The office of human resources shall make available the full text of the rule or rules as adopted or amended to any person upon request.

3335-49-03 The Ohio state university opts out of the following provisions of the Ohio Revised Code:

(A) Section 124.22 of the Revised Code, educational and citizenship requirements for civil service examinations.

(B) Section 124.231 of the Revised Code, special examinations for legally blind or legally deaf persons.

(C) Section 124.25 of the Revised Code, formal application for examination.

(D) Section 124.26 of the Revised Code, eligibility lists – veteran’s preference – provisional employees.

(E) Section 124.27 of the Revised Code, appointments from eligibility list probation.

(F) Section 124.271 of the Revised Code, provisional employees.

(G) Section 124.31 of the Revised Code, promotions.

(H) Section 124.33 of the Revised Code, transfers = appeal = reimbursement of expenses.

3335-49-03 The Ohio state university opts out of the following provisions of the Ohio Revised Code:

(A) Section 124.18 of the Revised Code, standard work week = compensatory time = overtime pay = holidays.
April 8, 2011 meeting, Board of Trustees

(B) Section 124.181 of the Revised Code, pay supplements – shift differentials.

(C) Section 124.22 of the Revised Code, educational and citizenship requirements for civil service examinations.

(D) Section 124.23 of the Revised Code, examinations.

(E) Section 124.231 of the Revised Code, special examinations for legally blind or legally deaf persons.

(F) Section 124.25 of the Revised Code, formal application for examination.

(G) Section 124.26 of the Revised Code, eligibility lists – veteran’s preference – provisional employees.

(H) Section 124.27 of the Revised Code, appointments from eligibility lists – probation.

(I) Section 124.271 of the Revised Code, provisional employees.

(J) Section 124.30 of the Revised Code, emergency, external interim, temporary, or intermittent appointments – scientific, managerial, professional, or educational qualifications.

(K) Section 124.31 of the Revised Code, promotions.

(L) Section 124.32 of the Revised Code, transfers – reinstatements.

(N) Section 124.322 of the Revised Code, layoff procedures.

(O) Section 124.323 of the Revised Code, layoff order.

(P) Section 124.324 of the Revised Code, layoff displacement rights.

(Q) Section 124.325 of the Revised Code, retention points for continuous service and efficiency.

(R) Section 124.326 of the Revised Code, layoff jurisdictions.

(S) Section 124.327 of the Revised Code, layoff lists – reinstatement – reemployment.

(T) Section 124.328 of the Revised Code, layoff, displacement appeals.

(U) Section 124.34 of the Revised Code, reduction in pay or position – suspension – removal.

(V) Section 124.381 of the Revised Code, occupational injury leave program.

(W) Section 124.385 of the Revised Code, disability leave benefits.
April 8, 2011 meeting, Board of Trustees

3335-49-04 The Ohio state university opts out of the following provision of the Ohio Administrative Code:

(A) Chapter 123: 1-3 of the Administrative Code, position audits and changes to classification plan

(B) Chapter 123: 1-5 of the Administrative Code, classified and unclassified service classification

(C) Section 123:1-7-04 of the Administrative Code, specifications

(D) Chapter 123: 1-10 of the Administrative Code, automatic certification

(E) Chapter 123: 1-25 of the Administrative Code, transfers, reinstatements, and seasonal promotions

(F) Chapter 123: 1-27 of the Administrative Code, suggestion award system

(G) Chapter 123: 1-28 of the Administrative Code, combined charitable campaign

(H) Chapter 123: 1-35 of the Administrative Code, payroll

(I) Chapter 123: 1-37 of the Administrative Code, pay supplements

(J) Chapter 123: 1-43 of the Administrative Code, overtime and compensatory time

(K) Chapter 123: 1-44 of the Administrative Code, holidays

(L) Chapter 123: 1-47 of the Administrative Code, definitions

3335-49-04 The Ohio state university opts out of the following provisions of the Ohio Administrative Code:

(A) Chapter 123: 1-3 of the Administrative Code, position audits and changes to classification plan

(B) Section 123:1-7 of the Administrative Code, classification

(C) Section 123:1-9 of the Administrative Code, examinations

(D) Chapter 123: 1-10 of the Administrative Code, automatic certification

(E) Chapter 123:1-11 of the Administrative Code, applications for examination

(F) Chapter 123:1-15 of the Administrative Code, eligibility lists

(G) Chapter 123:1-17 of the Administrative Code, vacancies and appointments

(H) Chapter 123:1-19 of the Administrative Code, probation

(I) Chapter 123:1-21 of the Administrative Code, exceptional appointments

(J) Chapter 123:1-23 of the Administrative Code, promotions

(K) Chapter 123: 1-25 of the Administrative Code, transfers, reinstatements, and seasonal positions

(L) Chapter 123: 1-27 of the Administrative Code, suggestion award system
April 8, 2011 meeting, Board of Trustees

(M) Chapter 123: 1-28 of the Administrative Code, combined charitable campaign

(N) Chapter 123: 1-29 of the Administrative Code, performance evaluation system

(O) Chapter 123:1-30-01, 02, 03, and 04 of the Administrative Code, disability separations - reinstatement

(P) Chapter 123:1-31 of the Administrative Code, removals, reductions, or suspensions

(Q) Chapter 123:1-32 of the Administrative Code, sick and personal leave

(R) Chapter 123:1-34 of the Administrative Code, leave

(S) Chapter 123: 1-35 of the Administrative Code, payroll

(T) Chapter 123: 1-37 of the Administrative Code, pay supplements

(U) Chapter 123:1-41 of the Administrative Code, layoffs

(V) Chapter 123: 1-43 of the Administrative Code, overtime and compensatory time

(W) Chapter 123: 1-44 of the Administrative Code, holidays

(X) Chapter 123: 1-47 of the Administrative Code, definitions

3335-51-01 Position audits and reclassifications.

(A) The university may initiate audits and reviews of positions and classifications.

(B) An employee may request from the office of human resources a review position audit for the purposes of determining whether a position is properly classified. An employee may request only one position review audit per twelve month period.

(C) When an audit or review is conducted, the following sources for that investigation include, but are not limited to, documentation, any employee, an employee's authorized representative, or college/department officer. When the office of human resources finds that inequities or improper classifications of positions exist, appropriate remedial steps may be taken to provide a more equitable, just, and proper classification. The affected employee(s) shall be given a written notice of the decision of the audit or review.

(D) If a position is reclassified outside the original classification as a result of an audit or review, the incumbent's probationary period is waived for the new classification.

(E) Whenever a position reclassification determination is made, the office of human resources shall provide written notice to the employee affected employee(s). The office of human resources shall determine the classification within four weeks of receipt of the request. The effective date shall be the first day of the pay period following the conclusive determination. An employee may appeal the decision to the state personnel board of review within thirty days of receipt of the decision.

(F) Position audits shall not be performed when deemed not appropriate by the office of human resources. Such at the discretion of the office of human resources, such circumstances may include but not be limited to when the incumbent is serving in a temporary appointment, a probationary period, on a leave of absence, receiving disability benefits, or the subject of a reduction in force.
April 8, 2011 meeting, Board of Trustees

3335-51-02 Notification of employees.

(A) Whenever the classification title of a position changes, other than by process of promotion or demotion, or whenever the university establishes or deletes classifications and such actions result in the reclassification of incumbent classified employees, notification shall be made in writing to any individual affected by the change.

(B) Any classified employee may appeal the reclassification to the state personnel board of review within thirty days after receipt of the notification of reclassification or notice of results of a position audit or review.

3335-51-03 Certified status.

(A) An employee obtains certified status in the classification after serving upon successful completion of the probationary period for that classification as stated in rule 3335-67-02 of the Administrative Code. When there is no probationary period, employees obtain certified status in the classification upon the completion of 180 one hundred eighty days with satisfactory performance.

(B) Certified status is not available to employees who serve at the discretion of the appointing authority.

3335-51-04 Retention of certified status.

(A) An employee with certified status who receives a classification change shall retain certified status in the new classification if:

1. The change is due to a change in the classification plan;

2. The change is to a lower classification within the classification series;

3. The employee is reclassified as a result of a job audit or review, in which case the employee shall have certified status in the new classification without serving a new probationary period.

(B) At the discretion of the university, an employee with certified status may:

1. Be re-employed or reinstated to the classification held at the time of separation within one year of separation from service; or

2. Displace into a former classification held within the past twelve months pursuant to Chapter 3335-81 of the Administrative Code.

(C) An employee who achieves certified status in a classification shall retain it for twelve months after leaving the classification.

(D) An employee with certified status who returns from disability separation to the classification held at the time of separation is reinstated with certified status.

(E) An employee with certified status may accept an unclassified appointment at which time certified status expires.
3335-55-03 Classification plan.

(A) The university shall establish, modify, or repeal a job classification plan for all positions, offices, and employment in the classified civil service.

(B) The university shall assign a classification title to each classification within the classification plan.

(C) The university shall assign each classification to a pay range established under Chapter 3335-83 of the Administrative Code.

(D) The university shall assign a numbering system for the classification process.

3335-55-04 Specifications.

(A) The university shall prepare specifications for each classification in the classified service.

(B) Each classification title shall have a corresponding classification specification that sets forth the function statement and minimum qualifications. The function statement shall set forth the primary duties that must be satisfied at least fifty per cent of the time. Position-specific minimum qualifications may be identified in the position description.

(C) For the purpose of classifying positions and making job audit or review decisions only, wherever the word "supervises" appears in a classification specification, unless otherwise defined in the specification, "supervises" means that an employee assigns and reviews work, completes employee performance management procedures, rewards exemplary employee performance, recommends disciplinary action including termination, and addresses grievances.

3335-55-05 Appropriateness of duties.

Duties performed shall be appropriate based on the function statement and duties in the specification and the position description. The university can assign duties to the employee's position as may be required due to temporary characteristics of the work situation.

3335-57-01 Job Announcements.

(A) Notice of all vacant or created CCS regular classified civil service positions is posted on the jobs web sites maintained by the office of human resources and the medical center. The vice president for human resources may waive the requirement to post positions at his or her discretion.

(B) Minimum requirements qualifications for all positions must be specified in the posting.

(B)(C) The university may use external print and electronic advertisements to reach the broadest and most diverse pool of applicants.
April 8, 2011 meeting, Board of Trustees

3335-57-03 Selection of candidates is based upon a determination of merit and fitness.

(A) The university is committed to recruiting and selecting candidates based on a determination of merit and fitness relative to the position.

(B) Determination of merit and fitness may include an evaluation of factors including but not limited to experience, competencies, knowledge, skills, abilities, education, training, and physical or psychological fitness. Evaluation of applicants may be written, oral, physical, demonstration of skill, or an evaluation of training and experiences. Applicant evaluation must be designed to fairly test the relative capacity of the applicants to perform the duties of the position. Candidate evaluation may include structured interviews; assessment centers; work simulations; examinations of knowledge, skills, and abilities; and any other acceptable evaluation method.

(C) Reasonable accommodations for applicants with disabilities may be set prior to the evaluation as determined by the university on a case by case basis. Applicants with disabilities who may require some accommodation in the selection process are responsible for notifying the university prior to the date of selection activity.

3335-57-04 Character and fitness of applicant.

(A) All statements submitted by applicants relating to character and fitness are subject to investigation by the university. Satisfactory information produced to the university that the applicant has committed acts which demonstrate character traits which would be detrimental to the successful performance of the employment sought, including but not limited to: the applicant’s dismissal termination for cause from any previous employment, a conviction of a crime, an established pattern of poor work habits and performance with previous employers; may be sufficient to exclude the applicant from consideration. The university will notify the applicant and provide the applicant with an opportunity to respond. This rule does not preclude the university from taking appropriate disciplinary action after appointment.

(B) An employee terminated for cause from university employment is may be ineligible for reemployment with the university. The office of human resources may waive this provision at its discretion.

3335-59-01 Examination administration.

(A) The office of human resources or its designee administers examinations for original appointment classifications in the classified service at such places as the university deems advisable.

(B) Applicants with disabilities who may require accommodations to take an examination are responsible for notifying the office of human resources prior to the date of examination. Reasonable accommodations for applicants with disabilities may be set prior to the examination as determined by the university.

(C) The university may cancel or postpone a scheduled examination at its discretion. Reasonable efforts will be made to notify applicants of such cancellation or postponement.

Balance unchanged.
3335-59-02 Pre-employment Preemployment medical and psychological examinations.

(A) When a position requires a medical and/or psychological examination in relation to the essential functions of the position, it will be included in the vacancy notice. Such exams occur after the conditional offer of employment and before employment has started. The offer of employment is contingent upon passing the examination.

(B) Applicants may be required to furnish medical information from a licensed practitioner who has sufficient medical knowledge as to the applicant's condition as it relates to the essential functions of the position. Such information may not be required until after the conditional offer of employment. The university reserves the right to designate the examining licensed practitioner. The university shall pay for required examinations.

(C) Medical and psychological reports shall be maintained as confidential records to the extent allowable pursuant to section 149.43 of the Revised Code and Chapter 1347 of the Revised Code.

3335-65-01 Time limit for selection.

The office of human resources shall cancel the position vacancy notice if a college/department or unit fails to select a qualified applicant within six months of the posting of the vacancy. The office of human resources may waive this provision at its discretion.

3335-65-02 Reinstatement after resignation.

A classified civil service employee who resigns, having served the required probationary period may, with the consent of the office of human resources, be reinstated upon request of the college/department or unit to the same classification or similar position in the college/department or unit, at any time within one year twelve months from the date of resignation. This provision does not apply to employees who resign in lieu of termination or who have been notified they are ineligible for rehire.

3335-65-03 Temporary employment.

(A) Temporary employment in a classified title is an appointment that serves at the discretion of the appointing authority, is not eligible for certification, and:

(1) Is for a limited duration;

(2) Is for a specific project;

(3) Augments regular staff due to increased work loads or staff shortages; or

(4) Replaces a regular employee during an absence due to illness, unpaid leave of absence or vacation.

(B) Neither accepting nor declining temporary employment shall affect the ability of an applicant to be considered for a regular appointment, nor shall acceptance confer the ability to remain in the position as a regular employee, be promoted, transferred, or reinstated. The period of temporary service shall not be credited as part of the probationary period when a subsequent appointment to a regular position is made in the same classification at the university.
April 8, 2011 meeting, Board of Trustees

(C) Periods of temporary service shall not be credited as part of the probationary period when a subsequent appointment to a regular position is made in the same classification at the university.

(D) Temporary appointments shall have a maximum duration of 179 days twelve months except when a longer duration is made necessary by reason of sickness or disability of a regular employee, or any other circumstance approved by the office of human resources. Temporary employees replacing sick or disabled regular employees may continue in that position for the length of sickness or disability and do not obtain rights to a regular appointment.

(D)(E) Successive temporary appointments to the same position shall not occur.

3335-65-04 Seasonal employment.

(A) Seasonal employment is a regular appointment where the service is for a specified period of time during a particular time of the year, and recurs in each successive calendar year. Persons appointed to seasonal positions who are temporarily separated from the service during the inactive season shall return to the same position each ensuing year unless the employee is disqualified for any reason or not assigned to work for a period of one year twelve months due to lack of work or refusal of work by the employee.

Balance unchanged.

3335-65-05 Intermittent employment.

(A) Intermittent employment is an appointment when the employee works irregular hours or days on an as-needed basis. A classified intermittent employee serves at the discretion of the appointing authority.

(B) An intermittent employee serves at the discretion of the appointing authority and is not eligible for certification.

(C) Neither accepting nor declining intermittent employment affects the ability of an applicant to be considered for a regular appointment, nor shall acceptance confer the ability to be promoted, transferred, or reinstated.

3335-65-06 Emergency Appointments.

In case of an emergency, an appointment process may bypass Chapters 3335-49 to 3335-89 of the Administrative Code. Emergency appointments shall not exceed a maximum of 179 days twelve months, serve at the discretion of the appointing authority, and are not eligible for certification.

3335-65-07 Reassignment of position and/or work location.

(A) The university may temporarily or permanently reassign an employee from within the same or similar classification within the same jurisdiction of the university. Reassignment cannot result in an assignment to a lower pay range.

(B) The university may temporarily or permanently reassign an employee’s work location, task, or shift to another within the same or similar classification and jurisdiction of the university. No employee has any vested claim to performance of particular tasks within a particular job classification.
April 8, 2011 meeting, Board of Trustees

(C) The university will provide reasonable notice of the reassignment prior to the effective date of the change, except where an emergency renders advance notice impractical.

3335-67-01 Nature of the probationary period.

(A) Employees serve a probationary period following:

(1) An original classified appointment;

(2) A promotion to another classified appointment; or

(3) A lateral change from one classification to another outside of the classification series.

(B) Employees that serve at the discretion of the appointing authority (e.g., emergency, intermittent, temporary) do not serve a probationary period and are not eligible for certification.

(C) Employees whose titles are changed through the reclassification process do not serve a new probationary period.

(C)(D) An employee shall be provided with coaching and feedback during the probationary period.

(D)(E) An employee shall be provided with a performance review prior to the end of the probationary period, unless. An employee who is terminated before the end of the probationary period of the original appointment is not required to receive a performance review.

(E)(F) If an employee’s job performance does not meet the expectations of the position following an original appointment, lateral change outside of the employee’s classification series, or promotion, then:

(1) Following an original appointment, an employee may be terminated at any time during the probationary period; or

(2) Following a promotion or a lateral change outside of the employee’s classification series, an employee may be returned to the former classification at any time during the probationary period.

(F)(G) When an employee is terminated or returned to the former classification during the probationary period, the university shall send a written notice to the employee. This termination or return to the former classification is not subject to appeal.

(G) Any employee terminated from employment during a probationary period, except when terminated for cause, may be eligible for rehire at the discretion of the office of human resources.

(H) An employee terminated from employment during a probationary period, except when terminated for cause, is not eligible to reapply for the same or higher classification for a period of one year from the termination date unless an exception is granted at the discretion of the office of human resources.
Any employee terminated for cause from university employment is permanently ineligible for re-employment with the university.

Length of the probationary period.

(A) The probationary period for full time and part time classified civil service employees is one hundred seventy-nine calendar eighty days. Longer probationary periods, not to exceed one year twelve months, may be specified by the university.

(B) The probationary period is completed at midnight of the one hundred eightieth day. For longer probationary periods, probation is completed at midnight of the last day of the probationary period.

(C) Time spent on paid leaves that exceed two weeks, and leaves of absence unpaid leave, or layoff are not credited as part of the probationary period.

Unpaid leaves of absence.

(A) The university may grant a unpaid leave of absence without pay to a classified civil service employee. Such leave may be for personal or medical reasons for up to a maximum duration of six months and may not be extended.

(B) A unpaid medical leave due to medical reasons must comply with the following provisions:

(1) Medical reasons may include, but not be limited to, the employee’s own injury, illness, other medical condition, or when an employee becomes incapacitated to the extent that the employee is unable to perform the essential duties of the position.

(2) The employee must state a date by which the employee will return to work. If no date of return can be stated by the employee or if the need for leave continues beyond six months approved family and medical leave, the university may place the employee on disability separation pursuant to this chapter.

(3) Appropriate medical documentation must be submitted from a licensed practitioner when applying for the unpaid leave of absence.

(C) Upon completion of such unpaid leave of absence, the employee shall return to the same or similar position of employment. If the unpaid leave was for medical reasons, appropriate medical documentation from a licensed practitioner may be required to verify that the employee has been released to return to work. The employee may return to active pay status prior to the originally scheduled expiration of the unpaid leave, if the earlier return is agreed to by both employee and university.

(D) Failure to return to service within three working days of the completion or valid cancellation of a an unpaid leave of absence without explanation to the appointing authority is cause for termination of employment. An employee who fails to return to service from a an unpaid leave of absence and is subsequently terminated or voluntarily resigns from the service is deemed to have a termination date corresponding to the starting date of the unpaid leave of absence.
(E) If it is determined that the unpaid leave of absence is not being used for the purpose for which it was granted, the university may cancel the unpaid leave and direct the employee to return to work by giving written notice by regular mail to the employee. The employee shall be subject to disciplinary action up to and including termination for any misuse of the unpaid leave of absence.

3335-73-02 Military leave.

(A) An employee who enlists or is commissioned in the United States armed forces or who is a member of the Ohio national guard, Ohio military reserve, the Ohio naval militia, or is in the reserves for any branch of the United States armed forces, may request a military leave of absence. Such military leave of absence may be requested for the performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, full-time national guard duty or an examination to determine the fitness to perform any such duty. An employee may be absent from university employment pursuant to this rule for a cumulative amount of time not to exceed five years unless special orders are issued by the president of the United States or the United States department of defense.

(B) An employee who requests a military leave of absence must provide reasonable advance written notice of such active military service to the university. Such advance notice is not required where it is precluded by military necessity or the giving of such notice is otherwise impossible or unreasonable.

(C) and (D) no change.

(E) Following a military leave of absence, an employee eligible for reemployment shall return, within thirty days of the request of reemployment, to the same or similar position regardless of the employee’s civil service status or the existence of an eligible list.

(F) An employee shall be reemployed with all rights and benefits generally available to employees in a comparable unpaid leave of absence without pay, including the following:

1. All sick and leave, vacation leave, and personal leave that had been accumulated at the time of entering service;

2. through (5) no change.

(G) This rule does not apply to any employee who, by re-enlisting or extending active duty beyond the commission, displays an intent to remain on extended active duty in the armed services of the United States.

(H) A reemployed individual shall not be terminated, except for cause or other legitimate nondiscriminatory reasons:

1. Within one year twelve months after the date of reemployment, if the employee had been employed by the university for more than one hundred eighty days prior to the date of reemployment; or

2. Within one hundred eighty days after the date of such reemployment, if the employee had been employed by the university for more than thirty days but less than one hundred eighty-one days prior to the date of reemployment.
April 8, 2011 meeting, Board of Trustees

(I) Discrimination or retaliation with regard to any aspect of employment against an individual for voluntary or involuntary membership in uniformed service is prohibited.

(J) Family and medical leave as it applies to members of the military and their family members is provided for in university human resources policy.

3335-73-03 Court leave.

(A) The university shall grant court leave without loss of pay to any employee who:

(1) Is summoned for jury duty;

(2) Is subpoenaed to appear before any court, commission, board or other legally constituted body authorized by law to compel the attendance of witnesses, where when the employee is not a party to the action; or

(3) Is the appellant in any action before the state personnel board of review and is in active pay status at the time of a scheduled hearing.

(B) Any employee who is appearing before a court or other legally constituted body in a matter in which the employee is a party may be granted vacation time or unpaid leave of absence without pay. Such instances would include, but not be limited to: criminal or civil cases, traffic court, divorce proceedings, custody, or appearing as directed as parent or guardian of juveniles.

3335-73-05 Involuntary disability separation.

(A) If the university believes that an employee can no longer perform the essential job duties of the position, then the university may request require that the employee submit to a medical, and/or psychological, and/or functional capacity examination performed by a licensed practitioner designated by the university, and paid for by the university, prior to an involuntary disability separation unless: the employee is hospitalized at the time such action is to be taken.

(1) The employee is hospitalized at the time such action is to be taken, or

(2) The employee has exhausted accumulated sick leave and medical leave of absence.

In lieu of requiring an examination, the university may utilize evidence use medical documentation submitted by the employee's licensed practitioner.

(B) through (D) no change.

(E) An employee on disability separation shall be reinstated to the same or similar position within thirty days a reasonable period of time after a written application for reinstatement. Such application for reinstatement shall be filed within two years from the date of separation and shall not be filed after the date of service eligibility retirement the employee is eligible to retire based upon service. A complete reinstatement application must include a certificate from a licensed practitioner designated by the university who has examined and verified that the employee is able to perform the essential functions of the job. The university shall pay for the examination. If the employee was granted disability retirement, a licensed practitioner designated by the public employee retirement board shall conduct the examination.
3335-73-06 Voluntary disability separation.

An employee who is unable to perform the essential job duties of the position due to a disabling illness, injury, or condition may request a voluntary disability separation. A voluntary disability separation occurs when an employee does not dispute the inability to perform the essential job duties of the position.

(A) The university may grant an employee's request for voluntary disability separation based upon previously submitted medical documentation or may require the employee to submit to an additional medical, and/or psychological, and/or functional capacity examination. If the medical documentation supports the employee's request, the university shall grant the employee's request for voluntary disability separation. If the medical examination does not support the employee's request, the university shall not approve the employee's request for voluntary disability separation.

(B) and (C) no change.

(D) An employee on disability separation shall be reinstated to the same or similar position within thirty days a reasonable period of time after a written application for reinstatement. Such application for reinstatement shall be filed within two years from the date of separation. A complete reinstatement application must include a certificate from a licensed practitioner designated by the university who has examined and verified that the employee is able to perform the essential functions of the job. The university shall pay for the examination. If the employee was granted disability retirement, a licensed practitioner designated by the public employee retirement board shall conduct the examination.

3335-73-07 Administrative leave.

The university may, in its discretion, place an employee on administrative leave with pay at its discretion. Such leave is to be used in circumstances where the health or safety of any employee or of any person or property entrusted to the employee's care could be adversely affected or during an administrative investigation as determined by the office of human resources. Compensation for administrative leave shall be equal to the employee's base rate of pay. The length of such leave is solely at the discretion of the university.

3335-75-01 Performance management and review.

(A) Performance management is an ongoing process between the employee and supervisor that includes setting expectations and goals, coaching, feedback, training and development, and performance review.

(B) Employees shall have a written performance review on an annual basis. An employee shall be provided with a performance review prior to the end of the probationary period, unless. An employee who is terminated before the end of the probationary period of the original appointment is not required to receive a performance review. The performance review is a summary of the employee's performance for the review period, and may serve as a step in the performance improvement process.
April 8, 2011 meeting, Board of Trustees

3335-75-02 General procedure for addressing deficient performance and terminations.

(A) no changed.

(B) The performance improvement process may be initiated for, but not limited to the following reasons: incompetency, inefficiency, dishonesty, use or being under the influence of alcohol or illegal drugs at work or inappropriate use of prescription drugs, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, a violation of university rules or policy, failure to return from a leave of absence, other failure of good behavior, misfeasance in office, malfeasance in office, nonfeasance in office, other unsatisfactory job performance, conviction of a felony, or by voluntary written agreement by an employee; this is not an exhaustive list.

(C) and (D) no change.

(E) The following conditions apply to any employee who is convicted of a felony:

(1) no change.

(2) A person convicted of a felony immediately forfeits the person's status as a classified employee at the university on and after the date of conviction for the felony. The university, upon the person's request, may investigate the circumstances of the felony and may, at its discretion, allow the person to apply or re-apply for university employment.

(3) Any person terminated for a conviction of a felony is entitled to a cash payment for any accrued but unused vacation leave.

(F) An employee terminated from university employment may be ineligible for reemployment with the university.

3335-79-01 Crediting of sick leave.

Sick leave credit accrues at the rate of 4.6 hours for each eighty hours of service in an active pay status, including paid vacation, overtime, and sick leave, but not during an unpaid leave of absence, or layoff. Part-time, seasonal and temporary employees accrue sick leave at the same rate.

3335-79-02 Retention of sick leave.

An employee who transfers from another Ohio public agency to the university or who has prior service with an Ohio public agency shall upon employment with the university be credited with all sick leave not used or converted to a cash benefit, provided that such reemployment takes place within ten years of the date of which the employee was last employed in public service.

3335-79-03 Expiration of sick leave.

If illness or disability continues past the time covered by earned sick leave, then the employee may be either granted a leave of absence in accordance with rule 3335-73-01 of the Administrative Code, or placed on a disability separation in accordance with rule 3335-73-04 of the Administrative Code. If a leave of absence is granted and illness or disability continues past expiration of the leave, a disability separation may then be granted.
3335-79-03 Expiration of sick leave.

An employee may be either granted unpaid leave in accordance with rule 3335-73-01 of the Administrative Code, or placed on a disability separation in accordance with rule 3335-73-04 of the Administrative Code prior to the expiration of earned sick leave.

3335-79-05 Uses of sick leave.

(A) Sick leave shall be granted to an employee upon approval of the appropriate administrative official and for the following reasons:

(1) and (2) no change.

(3) Medical, psychological, dental, or optical examination or treatment of employee or a member of the employee's immediate family;

(4) no change.

(5) Disability due to pregnancy. Pregnancy and/or childbirth and other related conditions related thereto.

(B) Definition of “immediate family.” For the purpose of this chapter: spouse, domestic partner, mother, father, sister, brother, son, grandparent, grandchild, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, son-in-law, grandparent-in-law, grandchild-in-law, or corresponding relatives of the employee’s partner, other persons for whom the employee is legally responsible, and anyone who stood in loco parentis to the employee as a child, “immediate family” is defined by university human resources policy.

(C) An employee who becomes eligible for workers’ compensation payment for loss of time may choose to use sick leave before such payments are made. An employee who wishes not to use sick leave to cover such loss of time must request an unpaid leave of absence in accordance with rule 3335-73-01 of the Administrative Code.

3335-79-06 Evidence Documentation required for use of sick leave.

If medical attention is required, a certificate from a licensed practitioner stating the nature of the illness may be required for the use of sick leave. Falsification of sick leave documentation is grounds for disciplinary action up to and including dismissal termination.

3335-79-07 Notification by employee.

When an employee is unable to report to work, the employee shall notify the immediate supervisor or other designated person designated by the university within the time frame established by the college/department university, unless emergency conditions make such notification impossible. The requirement for subsequent notification will be governed by the nature of the circumstances and the requirements established by the college/department university.

3335-79-08 Employee medical or psychological examination.

(A) The university may require an employee to take a medical and/or psychological and/or functional capacity examination, conducted by a licensed practitioner selected by the university, to determine the physical and/or mental
April 8, 2011 meeting, Board of Trustees

capability to perform the essential duties of the employee's position. The university may supply the examining practitioner with facts relating to the employee's difficulty or inability to perform the essential functions of the job and may supply additional information including but not limited to physical and mental requirements of the employee's position, duty statements, job classification specifications, and position descriptions. The university shall pay for the examination.

(B) An employee's refusal to submit to an examination, the unexcused failure to appear for an examination, or the refusal to release the results of an examination amounts to insubordination, and may subject the employee to disciplinary action up to and including termination.

(C) If found unable to perform the essential duties of the position, the employee may be placed on sick leave, medical unpaid leave or disability separation.

(D) Medical and psychological reports shall be maintained as confidential records to the extent allowable pursuant to section 149.43 of the Revised Code and Chapter 1347- of the Revised Code.

3335-79-09 Sick leave compliance.

Employees failing to comply with sick leave rules set forth in Chapter 3335-79 of the Administrative Code shall not be paid for such absences. Application for sick leave with the intent to defraud shall result in dismissal and refund to the university of salary or wages paid during such sick leave.

3335-79-10 Retirement payout of sick leave.

(A) Upon retirement from active university service after ten or more years of combined service with the university, state of Ohio, or any of its political sub-divisions, an employee may choose to be paid for one-fourth of the accrued unused sick leave credit up to a maximum payment of two hundred forty hours. This payment shall be based upon the employee's rate of pay at the time of retirement. Upon accepting such payment, all sick leave credit accrued up to that time shall be eliminated.

(B) Payout of sick leave shall be made only once to any employee. That is, an employee who returns to Ohio or university service after retiring and receiving a sick leave payout may accrue and use sick leave as before, but may not subsequently convert the unused sick leave into another payout.

(C) no change.

3335-79-11 Payout of sick leave upon death.

(A) If an employee dies while actively employed by the university, and had ten or more years of state of Ohio or any of its political sub-divisions and/or university service, payment for one fourth of the accrued unused sick leave up to a maximum payment of two hundred forty hours shall be paid in accordance with the procedure outlined in paragraph (B) of this rule. This payment shall be based upon the employee's rate of pay at the time of death.

(B) Payment shall be made in accordance with testamentary letters or letters of administration submitted to the office of human resources. In the event such
documents do not exist, the university may make payment in accordance with section 2113.04 of the Revised Code.

3335-79-12 Payout of sick leave in other situations.

The vice president of human resources may establish or approve sick leave payout programs in addition to any other programs defined in this section, at his or her discretion.

3335-81-01 Reduction in work force.

Should a reduction in the work force become necessary due to lack of funds, lack of work, reasons of economy, or reorganization for efficiency; the office of human resources shall lay off employees and/or abolish positions. Reductions of an appointment to .75 full time equivalent or greater shall not be considered a reduction in force. The office of human resources shall determine in which classification or classifications layoffs shall occur and the number of employees to be laid off within each classification. Before abolishments are implemented, a statement of rationale and supporting documentation shall be reviewed, and approved, and on file with the office of human resources.

3335-81-02 Reasons of economy or lack of work.

(A) The university shall determine:

(1) no change.

(2) Whether a lack of work exists or is projected that results in excessive current or projected staffing levels.

In the event that the university determines such a lack of funds or lack of work exists, the office of human resources shall be notified of such shortages, of the college/department college or unit in which such shortage exists or is projected, and of the amount of current or projected funds or work lacking.

Balance unchanged.

3335-81-03 Abolishment of positions.

(A) The office of human resources, in response to documentation from the appropriate college or unit, shall approve what positions will be abolished using the following criteria:

(1) Positions will be selected based on the needs of the department; and

(2) Employees will be selected first based on certification status, and then by a combination review of the following elements: skills and abilities applicable to the department’s needs, documented performance, and length of OSU employment. Employees who are in an initial probationary period for an original appointment and not certified in any CCS classified civil service title will be automatically laid off.

(3) If a unit abolishes more than one position within the same classification, the employee shall have the opportunity to discuss the rationale for the reduction of the employee’s position with the supervisor and the human resource representative.
If a unit abolishes more than one position within the same classification, the employee shall have the opportunity to discuss the rationale for the reduction of the employee’s position with the supervisor and the human resource representative.

no change.

Employees may be laid off as a result of the abolishment of a position or positions, provided that the office of human resources shall, in such layoff, follow the procedures applicable to the layoff of employees as set forth in this chapter.

3335-81-04 Order of layoff.

The order of any layoff shall be determined first by certification status, then by a combination review of the following elements: skills and abilities applicable to the department’s needs, documented performance, and length of OSU employment.

3335-81-05 Displacement procedures.

An employee who was laid off or whose position was abolished and elects to exercise displacement shall be placed into a vacancy or displace the employee with the fewest retention points in accordance with the process outlined in (B) of this rule provided in all instances that the employee meets the qualifications of that position, can perform the required duties, and has met expectations in the last three annual performance reviews. Employees who have not met performance expectations in the last two annual performance reviews and who have been given specific steps expectations for improvement, or who are on major corrective action or who cannot perform the required functions of the position into which they would be placed do not have displacement rights.

The process will occur as follows:

(1) and (2) no change.

(3) Placement into a vacancy within the classification the employee held immediately prior to holding the classification from which the employee was laid off, provided all of the following are true:

(a) That the previous classification is of a lower or equivalent classification;

(b) The employee had achieved certified status in the former classification; and

(c) The employee held the classification within the previous twelve months;

(d) The employee can perform the minimum required functions of the position at the time of placement.

(4) No vacancy exists as described above, the employee will displace the individual with the fewest retention points in the classification from which they were laid off. If no vacancy exists as described above, but the employee does not meet the minimum qualifications, has not met performance expectations, or cannot perform the required functions of
the vacancy, as determined by the office of human resources, the employee will be laid off.

(5) If no vacancies are available and the employee is unable to displace due to having the fewest retention points in the classification from which they were laid off or lack of qualifications, then the employee will be laid off. If no vacancy exists as described above, the employee will displace the individual with the fewest retention points in the classification from which they were laid off. The placement will be made only if the employee meets the qualifications of the position and can perform the required duties. If the employee does not meet both of these requirements, the employee will be laid off.

(6) If the employee is unable to displace due to having the fewest retention points in the classification from which they were laid off, then the employee will be laid off.

(C) and (D) no change.

(E) No employee shall displace another employee whose or fill a vacancy if the position requires special minimum qualifications, as established by a position description, classification specifications, or by bona fide occupation qualifications, unless the employee desiring to displace another employee possesses the requisite minimum qualifications for the position and can perform the required duties.

(F) no change.

(G) If an employee declines placement into a vacant position for any reason, their displacement and reinstatement rights cease immediately; this provision may be waived at the discretion of the office of human resources.

(H) If for any reason an employee declines to exercise their displacement rights into a position to which they are entitled, their displacement and reinstatement rights cease immediately.

3335-81-06 Retention points.

(A) through (C) no change.

(D) “Continuous service” is that service unbroken by a resignation or termination from the university. Continuous service for the purposes of retention points includes:

(1) When an employee is reinstated after a resignation or termination to the same position within twelve months, full credit for continuous service shall be given for the periods of actual employment;

(2) An authorized unpaid leave of absence does not constitute a break in service, and continuous service retention points shall continue to accumulate during the term of an unpaid leave of absence provided the employee returns to the university following the leave;

(3) When a laid off employee is reinstated or re-employed within one year twelve months from the date of layoff, the employee shall accrue continuous service retention points during the time spent on layoff and continuous service shall remain unbroken; and
April 8, 2011 meeting, Board of Trustees

(4) no change.

(E) Service as a student-employee, graduate associate or temporary employee shall not be credited as service for purposes of determining continuous service retention points.

3335-81-07 Jurisdiction.

(A) no change.

(B) Layoff jurisdictions at the Ohio state university are as follows:

(1) Columbus campus, excluding the medical center – each college and unit as defined by university human resources policy are separate jurisdictions;

(2) and (3) no change.

(4) OARDC and ATI Ohio agricultural research and development center and agricultural technical institute;

(5) through (9) no change.

(C) The layoff jurisdictions described in paragraph (B) of this rule do not apply to employees who are laid off for a temporary period of up to one hundred and ten consecutive days.

3335-81-08 Notice of layoff and displacement.

(A) The university shall give advance written notice of layoff or displacement to each employee subject to such layoff or displacement. Such written notification shall be issued by the office of human resources and hand delivered to the employee by the employee’s supervisor and the unit’s human resource representative or human resource designee at work or mailed by certified mail to the last address on file with the college/department. If the notification is hand delivered, it shall be given at least fourteen calendar days before layoff and the day of hand delivery shall be the first day of the fourteen-day period. If the notification is mailed, it shall be mailed at least seventeen calendar days before layoff and the day of mailing shall be the first day of the seventeen-day period.

(B) Each notice of layoff or displacement shall contain the following information as applicable to the individual situation:

(1) The reason for layoff or displacement;

(2) The effective date of layoff or displacement as follows:

(a) If the employee chooses displacement and a vacancy exists, the effective date is within a reasonable period of time to allow for a move to the position, not to exceed thirty days;

(b) If the employee chooses displacement and no vacancy exists, the effective date of the displacement or layoff shall not exceed thirty days;

(3) through (6) no change.
April 8, 2011 meeting, Board of Trustees

(7) Any additional information with respect to the limits of the applicable layoff jurisdiction of the employee as specified by rule 3335-81-07 of the Administrative Code and university human resources policy.

(8) A copy of the displacement and/or reinstatement procedures and/or office of human resources web site address with this information.

(9) no change.

3335-81-09 Reinstatement.

(A) Certified employees who are laid off from the university can exercise their reinstatement rights within their jurisdiction by written notification to the office of human resources if a position is posted in the classification from which they were laid off. Employees applying for reinstatement must possess the requisite minimum qualifications and must be able to perform the required duties of the position. If more than one or more employee employees indicates indicate reinstatement interest in a position, the employing unit shall consider skills and abilities applicable to the employing unit’s needs and documented performance.

(B) An employee may exercise reinstatement rights for twelve months beginning from the layoff effective date. During this twelve month period, jurisdictional units may not hire or promote into any classification for which a laid off employee has indicated an interest in reinstatement; this does not apply to reclassifications. Reinstatement is contingent upon successful pre-employment preemployment screening.

(C) no change.

(D) An affected employee’s reinstatement rights will shall cease immediately upon the earliest of:

(1) and (2) no change.

(3) Refusing a reinstatement position; or

(4) At the end of twelve months following the layoff effective date; or

(5) After the date the employee is eligible to retire based upon service.

(E) In the event that the university offers a severance benefit, and the employee accepts the benefit, reinstatement rights will shall cease.

(F) Unsuccessful completion of any pre-employment preemployment screening for a specific reinstatement position will result in denial for the position. An additional reinstatement opportunity may be granted at the discretion of the office of human resources.

Balance unchanged.

3335-81-11 Holiday, overtime and vacation payment.

Payment for earned but unused vacation, any holiday pay due, and any overtime and/or compensatory time will be issued in accordance with university human resources policies. However, when a specific return to work date has been established and upon request from the employee, vacation and compensatory time due will not be paid unless required by law.
In instances of job abolishment where no return to work is anticipated, all vacation, holiday pay and overtime must be paid out at the time of the layoff.

3335-81-12 Layoff during leave.

(A) Employees on leave of absence may be laid off or displaced as any other employee and retain their ability to be reinstated.

(B) An employee who is laid off during a leave of absence will have their reinstatement time limit postponed until the regular return date from the leave, not to exceed eighteen months from the original layoff effective date.

3335-81-13 Alternatives to layoff during a disaster.

If a disaster occurs as contemplated under the Disaster Leave Policy and there is a lack of work or lack of funds due to the disaster, the university may, at its discretion, find alternatives to layoff. Such alternatives may include but not be limited to, providing compensation at a different rate of base pay or reducing an employee’s work schedule.

3335-83-02 Pay supplements and shift differentials.

The university may establish policies governing all types of compensation, including and not limited to pay supplements, shift differentials, and merit pay increases.

3335-83-04 Temporary pay adjustment.

(A) An employee who is temporarily assigned to duties of a position with a higher pay range than the employee’s assigned pay range is eligible for a temporary pay adjustment, which increases the employee’s regular base rate of pay to the greater of:

1. the classification salary base rate of pay of the higher level position;
2. five per cent above the employee’s regular base rate of pay.

(B) This temporary pay adjustment shall be for a minimum of two weeks and a maximum of one hundred seventy-nine eighty days, except when made necessary by reason of sickness or disability of a regular employee, when the adjustment may continue for the length of sickness or disability.

3335-83-06 Compensatory time.

An employee may elect to take compensatory time off in lieu of overtime pay for any overtime worked. Such compensatory time shall be granted by the administrative authority on a time and one-half basis and at a time mutually convenient to the employee and the university within one hundred eighty days after the overtime is worked. After the expiration of the one hundred eighty day period, or upon transfer to a different college/department, the compensatory time shall be paid out at the employee’s base rate of pay.
3335-83-07  Holiday compensation.

(A) Full-time classified Classified civil service employees shall receive holiday pay for holidays observed by the university and shall not be required to work on those holidays, unless failure to work on such holidays would impair department service.

(B) If an employee's work schedule is other than Monday through Friday, the employee shall receive holiday pay for holidays observed on the employee's day off regardless of the day of the week on which the holidays are observed. A full-time employee shall receive eight hours of pay for each holiday regardless of the employee's work shift and work schedule. Part-time employees shall be paid holiday pay for that portion of any holiday for which they would normally have been scheduled to work in accordance with university human resources policy.

(C) A non-exempt classified civil service employee who is in active pay status for more than forty hours per week and who is required to work on a day designated by university human resources policy as one eligible for holiday premium pay shall be entitled to holiday premium pay for such time worked:

(1) and (2) no change.

(D) The university may establish holiday compensation and premium pay programs that supersede any other program defined in this section, at its discretion. When such programs are established, the university will shall provide notice to all affected employees.

3335-89-01  Definition of terms.

For the purposes of Chapters 3335-49 to 3335-89 of the Administrative Code, the following terms are defined as follows:

(A) through (D) no change.

(E) “Certified status” - a classified civil service status obtained for a specific classification upon satisfactory completion of the applicable probationary period or, when there is no probationary period, upon completion of 180 one hundred eighty days in the specific classification with satisfactory performance.

(F) through (K) no change.

(L) “Emergency appointment” - an appointment to a position to meet an emergency situation, an exception from civil service rules, not to exceed a maximum of 479 days twelve months.

(M) no change.

(N) “Full-time employment” - employment where when the work schedule is normally forty hours per week.

(O) “Intermittent employment” - an appointment which serves at the discretion of the appointing authority, is not eligible to obtain certification, and where when the employee works irregular hours or days on an as-needed basis.

(P) “Jurisdiction” - the limited location in which procedures for layoff, displacement, and reinstatement may be exercised. The Columbus campus, excluding the medical center – each college and unit as defined by university human resources policy; the medical center; each regional campus; and the
agricultural technical institute and Ohio agricultural research and development center are each separate and distinct jurisdictions. Units located outside of Columbus in a county where a regional campus is located are part of that jurisdiction, otherwise, the jurisdiction is limited to that county only. Units located outside of Ohio are each their own jurisdiction.

(Q) and (R) no change.

(S) “Leave of absence” – a temporary separation from active pay status with the employee generally retaining employment status and seniority.

(T)(S) “Licensed practitioner” - a physician, psychiatrist, or psychologist who is licensed to perform medical or psychological examinations.

(U) “Major corrective action” – any corrective action at the third level notice or above or in accordance with collective bargaining agreements.

(V)(T) “Medical center” – includes the James cancer hospital and Solove research institute, office of health sciences and college of medicine, OSU Harding hospital, OSU primary care network, OSU rehabilitation services at Dodd hall, Ross heart hospital, shared services, specialty care network, university hospital and university hospital east.

(W)(U) “Original appointment” - an individual’s first classified civil service appointment with the university.

(X)(V) “Part-time employment” - employment where when the work schedule is normally less than forty hours per week.

(Y)(W) “Pay range” - a division of a pay plan to which classifications are assigned.

(Z)(X) “Position” - a specific job requiring the performance of certain duties and responsibilities by an employee.

(AA)(Y) “Pre-employment screening” – process of collecting information about individuals to assess job qualifications or fitness for duty. Specific examples include background checks, drug tests, and declaration of material assistance, among others.

(BB)(Z) “Probationary period” - a period of time at the beginning of an original appointment, a promotion, or a lateral change from one classification to another that constitutes a trial or testing period for the employee, during which the employee may be terminated or returned to the former classification.

(CC)(AA) “Promotion” - placement of an employee in a vacant position in a classification that has a higher pay range than that previously held.

(DD)(BB) “Reassignment” - an involuntary temporary or permanent move of employment within the same or similar classification and/or work location within the same jurisdiction of the university.

(EE)(CC) “Reclassification” - the act of changing the classification of an existing occupied position.

(FF)(DD) “Reduction in force” - a decrease in the number of positions at the university's initiative due to a lack of funds, lack of work, reasons of economy, or reorganization for efficiency.
"Regular employment" - employment which customarily requires the services of an employee on a regularly scheduled and continuing basis.

"Reinstatement" - the act of returning a former employee to the same or similar position within the university classified civil service, following a period of not more than one year of separation; or not more than two years in cases of disability separation.

"Reorganization for efficiency" – current or projected decrease in workload that requires a reduction of current or projected staffing levels in an organizational structure; change in the nature of the work or direction or purpose of the unit; or elimination of a unit.

"Seasonal employment" - regular employment where the service reoccurs for a specified period of time during a particular time of the year.

"Specification" - a composite of the duties and requirements of a classification.

"Target hiring range" – is established prior to posting a position based upon budgeted funds for the position, identified skills and/or experience, salaries paid within the college or vice president unit for similar positions, organizational scope and an assessment of the relevant competitive market. The target hiring range should normally have a spread of $3,000 to $8,000; the range may vary based on the circumstances at the time of posting.

"Temporary employment" - an appointment that serves at the discretion of the appointing authority, is not eligible for certification, and:

1. Is for a limited duration;
2. Is for a specific project;
3. Augments regular staff due to increased work loads or staff shortages; or
4. Replaces a regular employee during an absence due to illness, leave of absence or vacation.

"Termination" - the involuntary ending of an employee's employment with the university.

"Transfer" - a voluntary move of employment as a result of an application for a different position.

"Unpaid leave" – a temporary separation from active pay status with the employee generally retaining employment status and seniority.
THE OHIO STATE UNIVERSITY CAMPAIGN STRATEGIC PLAN

The Ohio State University
Board of Trustees
April 7-8, 2011
CAMPAIGN STRATEGIC PLAN
April 2011

Executive Summary

Since January 1, 2009, Ohio State has been in the Planning Phase for a comprehensive fundraising campaign. The working goal for the campaign is $2.5 billion, and the timeline is January 1, 2009, through June 30, 2016.

Ohio State has successfully executed the following key components of the Planning Phase:

- Initiated recruitment of volunteer leadership, including a Campaign Steering Committee (see Appendix A).
- Approved counting guidelines.
- Tested the preliminary university case statement.
- Completed a comprehensive stewardship project
- Started leadership gift conversations.
- Established key indicators for public launch.
- Conducted a feasibility study.

Additionally, all colleges and other fundraising units have developed campaign plans and working goals, and a campaign strategic plan has been developed, which includes identification of the key drivers of a successful campaign, as well as a campaign resourcing plan for consideration.

With the recommendation of the Campaign Steering Committee on February 7, 2011, and the Foundation Board of Directors on March 4, 2011, Ohio State should now transition from the Planning Phase to the Quiet Phase.

Key characteristics and elements of the campaign Quiet Phase:

- The overall working goal will remain $2.5 billion.
- Colleges and units will finalize recruitment of membership for 30 campaign committees.
- All University colleges and departments shall be authorized to assess support for and finalize their fundraising goals by summer 2012.
- University-wide, trans-institutional objectives will be defined and corresponding fundraising plans will be developed and integrated into college/unit campaign plans.
- Ohio State will begin to talk more openly about the campaign and celebrate lead gifts publicly.
- Leadership gift solicitations will be a primary focus.
- The overall goal and all college/unit goals will be finalized prior to kickoff of the Public Phase which is projected for fall 2012.

The launch of the Public Phase of the campaign would occur once 40-50% of the working goal has been raised.

THE OHIO STATE UNIVERSITY FOUNDATION
Introduction

University Development worked with the Campaign Steering Committee and the University Board of Trustees in 2010 to establish a set of Advancement Financial Goals. The two financial goals are:

1. To become America’s #1 public university in Total Private Support by 2020.
2. To raise $2.5 billion from a comprehensive fundraising campaign concluding in 2016.

To be successful with both the campaign and the 2020 goal to be the top public university in total private support, Ohio State must improve in securing 7-, 8-, and 9-figure leadership gifts. Compared with other top public universities, Ohio State receives about $50 million less each year on the top 12 gifts that other universities report annually. This gap in top gifts is the biggest difference between Ohio State and the top 10 public universities in terms of fundraising.

Ohio State’s private research grants component of its annual total private support trails that of other top public universities, and Ohio State also lags in total giving from foundations. Ohio State should challenge its traditional thinking to strengthen partnerships with the Offices of Sponsored Programs and Research in supporting our faculty and driving greater success with gifts and grants from corporations and foundations.

In addition to improving its top/principal gifts effort and developing new strategies and partnerships to leverage more and larger corporate and foundation gifts and grants, Ohio State must focus on expanding its major gifts capacity in the designated key unit drivers, building a pipeline of planned gifts, and cultivating a strong annual giving culture.

To be successful with both the 2020 and 2016 fundraising objectives, Ohio State should strategically focus on increasing value share from its donors at all levels. Later, more time, effort, and resources can be attributed to acquiring additional volume share.

While Ohio State should not stop trying to innovate its fundraising program, fundraising is at its core based on relationships and is best conducted 1:1 with current and prospective donors. Ohio State must optimize the productivity of its existing principal and major gifts staff, but it also must add additional capacity by assigning more staff to the frontlines to make contact with, engage, and personally solicit alumni and friends.

By optimizing performance of existing staff, adding additional major gifts capacity, and growing the pipeline of support through planned giving and annual giving, Ohio State can successfully complete a $2.5 billion fundraising campaign in 2016 while also ascending from #11 to #1 among the top public universities in annual total private support by 2020.
Current Environment

From FY2007-2009, Ohio State averaged $233 million in annual total private support, ranking 11th among the top public fundraising universities.

A very small percentage of the annual donors contribute the bulk of the money each year. On average, less than 2% of annual donors at Ohio State give $10,000 or more annually, but that accounts for about 80% of all giving. Conversely, nearly 90% of the donors give less than $1,000 annually, but that sums up to just 6% of the funds received.

Prior to the recent $100 million commitment from Les Wexner and the Limited Brands Foundation, Ohio State’s largest historical gift commitments were $30 million from an individual, $10 million from a corporation, and $12.5 million from a foundation. While Ohio State has not benefited regularly from the high-8- and 9-figure “mega gifts” announced at many peer universities, it did invest in a Principal Gifts program in recent years to better focus the attention of University leadership on the best prospects. In FY2010, Ohio State had its most successful year in 7-figure commitments (pledges or planned gifts), with 33 new commitments of $1 million or more, including nine commitments of $5 million or greater.

A team of 107 frontline fundraisers conduct about 12,000 personal visits each year. With an alumni population of 450,000, more than 140,000 annual donors in FY2010, and a database containing more than 1 million records, it is imperative that Ohio State identify and focus its resources on those alumni and friends with the greatest ability to provide philanthropic support.

Recent database analysis suggests that Ohio State has greater capacity in its alumni and non-alumni populations. In addition to traditional audiences of alumni, corporations, and foundations, we also have greater potential in new, or just recently tapped, markets like parents and friends, including grateful patients and clients.

Currently, Ohio State has 2,900 volunteers serving on 200 boards and committees across all campuses, and efforts are currently underway to on-board 30 new volunteer campaign committees. Each year, about 54% of University volunteers make annual gifts. The Foundation Board of Directors, University Board of Trustees, and all the campaign committees have adopted philanthropic guidelines for members, and now all 200 volunteer groups at Ohio State are being encouraged to consider the subject of philanthropic guidelines. This is a critical step strengthening the philanthropic culture at the University.

In February 2010, Ohio State and its hitherto independent Alumni Association formalized and strengthened their relationship through an alignment agreement. Over the last year, a solid foundation has been established upon which a new University Advancement model and approach is being implemented. This new Advancement model and approach will ensure greater efficiency and effectiveness in alumni relations, communications and marketing, and development.
Key Drivers

In fall 2010, the Campaign Steering Committee reviewed and agreed upon the key drivers required to deliver the campaign goal.

Key Unit Drivers
Includes all gifts from alumni, non-alumni, corporations and foundations to the following six units:
1. Arts and Sciences
2. Athletics
3. Business (Fisher College)
4. Engineering
5. Food, Agricultural, and Environmental Sciences
6. Medical Center

Key Donor Types
Includes gifts to all units on campus from the following three sources:
1. Corporations
2. Foundations
3. Alumni

Other Key Drivers
Includes gifts from alumni, non-alumni, corporations, and foundations to all units on campus:
1. Planned Giving
2. Top Gifts

Additionally, the Campaign Steering Committee assessed the sufficiency of these key drivers to realize both the $2.5 billion campaign goal and the longer-term 2020 objective of becoming the #1 public university in total private support. Assuming annual growth of 9% in the key drivers, Ohio State would:

• Deliver a projected campaign total of about $2.78 billion by June 30, 2016
• Deliver a projected $602 million in annual total private support by 2020

Ohio State will annually review its relative position among top public universities in annual total private support in order to understand and monitor progress. Every three years, Ohio State will review progress more closely to evaluate the effectiveness of current strategies and to make appropriate adjustments as necessary.
Campaign Strategies

STRATEGY 1 – Increase Value Share with Leadership Gifts

Campaign Strategy:
Secure the necessary 7-, 8-, and 9-figure leadership gifts to achieve campaign goals while growing the prospect pool at these levels to provide a solid foundation for continued growth in the post-campaign period.

Metrics:
• Secure 48 commitments ranging from $5-$100 million for a campaign gift total of $650 million (26% of the $2.5 billion goal); and 193 gift commitments of $1-$5 million for a campaign gift total of $355 million (17% of the $2.5 billion goal).
• Increase the number of $5 million+ prospects from 107 to 200, and the number of $1-$5 million prospects from 299 to 600, providing a solid foundation for positive growth in the post-campaign period.

STRATEGY 2 – Expand Major Gifts Capacity

Campaign Strategy:
Secure the necessary 6-figure major gifts to achieve campaign goals while elevating the focus of major gift officers across campus and growing the major gifts pipeline by expanding the number of major gift prospects under management.

Metrics:
• Secure 1,281 commitments ranging from $100k-$999k for a campaign gift total of $351 million.
• Increase the number of prospects rated $100k-$999k from 2,002 to 3,123.
• Expand the number of major gift prospects under management in the key unit drivers from 3,421 to 7,100.

STRATEGY 3 – Integrate Corporate, Foundation, and Research Relations

Campaign Strategy:
Work with University partners (Office of Research, Office of Sponsored Programs, Business and Finance) to challenge traditional approaches to and models for corporate and foundation relations, engaging faculty more fully in the fundraising process to better capitalize on foundation and research-related opportunities, as well as optimizing the value of all affinity and business relationships.

Metrics:
• Secure total campaign commitments of $5 million or greater from 10 corporate/foundation funders.
• Secure 43 private research grants of $1-$5 million for a campaign total of $70 million.
STRATEGY 4: Build a Pipeline of Planned Gifts

Campaign Strategy:
Refocus the Planned Giving team to be more proactive with donors and prospects by implementing a “new legacy gifts” initiative, hosting small group educational events, strategically engaging financial planners and legal advisors, and conducting in-house training for all development professionals.

Metrics:
- Secure TBD number of new legacy commitments during the Campaign. (While not all of these will qualify to be “counted” toward the $2.5 billion goal, the “new legacy gifts” initiative will serve as a complementary strategy to help identify new prospects.)
- Host 42 educational events by the end of the campaign.
- Conduct 12 training sessions annually for internal staff.

STRATEGY 5 – Cultivate a Strong Annual Giving Culture

Campaign Strategy:
Build a strong annual giving culture and brand that cultivates donor loyalty and leadership annual giving.

Metrics:
- Deliver annual increases in the number of donor households giving at all leadership annual giving levels after they are re-calibrated.
- Establish baseline and multi-year targets for Ohio State Fund giving.

NOTE: Beyond the Advancement Financial Goals, one corresponding Engagement Goal is to increase the number of annual donors to 240,000 by the end of the campaign. A corresponding strategy and resourcing plan for that is being developed as part of the integrated strategic plan for University Advancement. Hence, the annual giving strategy here is focused on leadership annual giving.
Campaign Resourcing Plan

One of the key elements of the Planning Phase, and a key indicator identified for transition into the Quiet Phase, was for the University to approve a campaign budget.

A draft campaign budget has been developed for consideration by University leadership that seeks:
- $7.81 million in continuing funds which includes personnel and operating expenses for 91 FTE
- $1.46 million in one-time funds for campaign kickoff and celebration events and donor recognition

However, there are two major uncertainties in the current environment that preclude the University from approving a campaign budget at this time:

1. A projected shortfall of $8 billion in the State of Ohio budget for the next biennium that may very likely require some reductions in funding for higher education.

2. As the University continues to transition into the University Advancement model, it is still unknown exactly what type of efficiencies can be gained. It is possible that some of the required investments for the campaign can be accommodated through a reallocation of staff both within University Development, and across the entire Advancement platform.

Even though the full campaign budget has not been approved, there is enough momentum and progress for the University to proceed into the campaign Quiet Phase.

Conclusion

In a very challenging economic environment, Ohio State has completed all key elements of the campaign Planning Phase work, and has already started to make progress on many components of the Quiet Phase activities.

With the recommendation of the Campaign Steering Committee and the Foundation Board of Directors, Ohio State should now proceed in moving into the Campaign Quiet Phase.

Project Data Sheet for Board of Trustees Approval

Sullivant Hall and Billy Ireland Cartoon Library & Museum
OSU-091418
Project Location: Sullivant Hall 74,000 ASF / 150,000 GSF

- approval requested and amount
  construction (swing space) $0.3M

- project budget
  construction of contingency $19.2M
  other costs (fees, moving) $5.2M
  total project budget $24.4M

- funding sources
  state appropriations ($5.8M); development funds ($13.5M); Arts & Sci general funds ($4.9M); Libraries general funds ($0.3M)

- project schedule
  design/building 01/10 – 02/12
  swing space construction 09/11 – 08/11
  construction 02/12 – 08/13

- Framework context
  o planning for this project began before the Framework was conceived; during the Framework planning, Sullivant Hall was identified as a key building within the Arts District
  o project is consistent with general Framework principles of ensuring the academic mission drives the physical environment, matching building use to building typology, requiring projects to meet multiple goals, and improving wayfinding
  o project is also consistent with the vision for the Arts District, particularly in helping to make the district accessible to both campus and community

- project scope
  o renovate Sullivant Hall to create a new home for the Billy Ireland Cartoon Library & Museum, currently located in the Wexner Center; renovates space for the Department of Dance, Department of Art Education and the Music/Dance Library; upgrade for a 300 seat theater/lecture hall
  o improvements for the Department of Dance spaces will include dance studios, flexible teaching and office space; Department of Dance space in Pomerene will be relocated to the renovated Sullivant Hall
  o renovation work includes improving ADA access to the building; addressing building deferred maintenance; improvements to windows, roof replacement; touch painting of existing building exterior stone; upgrading lobby entries; mechanical and electrical upgrades; and a new building fire suppression system
  o this project will pursue LEED silver standards per the Green Build and Energy Policy

- project update
  o approval is requested to enter into construction contracts in order to begin the swing space work for the Department of Dance and the relocation of the Music and Dance Library to the Science and Engineering Library

- project team
  University project manager: Nikolaia Sevis
  A/E: Acord Associates Architects
  major contractors: IBD

Core Campus Projects

- Sullivan Hall and Billy Ireland Cartoon Library & Museum
TOPIC:
Amendments to the University Purchasing and Competitive Bidding Policy

CONTEXT:
As part of the continued commitment to identify streamlining and cost savings opportunities, a review was completed of the University’s Purchasing and Competitive Bidding policy. Based on that review, the University is recommending changes to the current policy. These changes will improve the University’s ability to ensure operational and financial soundness, allow for simplicity and transparency in process, and provide the appropriate oversight.

SUMMARY:
Summary of proposed changes:

1. Title and wording changes/clarifications (items #1, #17).

2. Authorization for the President and/or Senior Vice President for Business and Finance, or his or her designee, to approve a waiver from competitive bidding, when appropriate, for technical and specialized consulting services that are temporary in nature and when there is sufficient economic reasons to support such a request (item #4).

3. Authority extended to Senior Vice President of Business and Finance’s designee (items #23, #24).

4. Authorization for the President and/or Senior Vice President for Business and Finance on behalf of the University to negotiate and enter into agreements with various financial institutions and advisors relating to financial consulting services, banking, brokerage, leasing, asset financing and related financial services without competitive bidding, upon such terms and conditions in the best interest of the University (item #24).

5. Additional language added clarifying that policy applies to the purchases of all products and services that are not conditions of existing contracts that have been previously negotiated and competitively bid and to purchases of products and services acquired from outside of The Ohio State University and its affiliates (item #26).

REQUESTED OF FINANCE COMMITTEE:
Recommend acceptance of amendments to the policy as detailed in the attached.
TOPICS: Golf Course Membership and Daily Green Fees

CONTEXT:

The Ohio State University’s Department of Athletics is fully self-supporting and does not receive state or University funding, student tuition, or student activity fees. A golf course membership dues increase is necessary to meet increased costs and remain financially stable for FY2012. These proposed rates have been reviewed and approved by the Athletic Council.

RECOMMENDATION:

* For 2011 Golf Course Membership Dues and Green Fees (FY2012) – a 4.0% increase is proposed for faculty/staff membership dues and membership dues for Alumni/Affiliates. Members’ children, 13 and over, will also increase 2.6%. OSU student memberships and dues for children of members under 13 will increase by 2.6%. Daily green fees for all groups remain unchanged. The food and beverage minimum is unchanged at $20 per month for six months of the year. A annual tournament fee of $40 per member is proposed to fund membership tournament events during the year. (See Attachment 1).

CONSIDERATIONS:

Golf Course Fees:

* Alumni/Affiliate and Faculty/Staff membership fees would increase 4% for 2011, but the new dues would continue to be less than 50% of the average 2010 membership for similar public courses in this area. Daily green fees would be unchanged for the fifth consecutive year.

REQUESTED OF FINANCE COMMITTEE:

Recommend approval by the Board of Trustees

Degrees Conferred at

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

June 12, 2011
John A. Boehner

John A. Boehner is the 53rd Speaker of the United States House of Representatives. When he took the gavel as the chamber’s presiding officer, Speaker Boehner became the first Ohioan to lead the House since 1931. His rise to the Speaker’s Office in January 2011 capped a long rise that began in the private sector and in grassroots community service.

The second oldest of 12 brothers and sisters, Speaker Boehner has lived in southwest Ohio his entire life. He grew up mopping floors at his family’s business, Andy’s Café, and worked to pay his way through Xavier University, becoming the first member of his family to earn a college degree. He went on to run a successful small business in the plastics and packaging industry, where he created jobs, met a payroll, and saw firsthand how government policies impact the American private sector.

Now second in line of succession to the presidency after the vice president, Speaker Boehner’s public service began when he was elected to his neighborhood homeowners association. Following successful candidacy for township board of trustees and the Ohio General Assembly, in 1990 Mr. Boehner won the seat in the United States Congress that he continues to hold. As a junior member in the 435-member House of Representatives, Mr. Boehner first gained national attention for his leadership on the federal budget and reforms of House practices.

In 1994, Mr. Boehner helped his party win its first majority in the House in four decades. He continued his pursuit of a balanced budget, and was the author of the Freedom to Farm Act. During the next decade, Mr. Boehner took on major leadership roles, including House Republican Conference Chairman and chair of the House Committee on Education and the Workforce, where he successfully worked for enactment of a number of major bipartisan reform laws.

On November 17, 2010, his 61st birthday, Mr. Boehner was elected by his colleagues to serve as the Speaker-designate; he was sworn in as Speaker of the House on January 5, 2011. Leading in a time when federal governance is split between both major parties, Speaker Boehner has won praise for his ability to maintain the priorities of his party while also working collaboratively across the political spectrum with dignity and civility.
RECIPIENTS OF HONORS

J. Lyle Bootman
DOCTOR OF SCIENCE

J. Lyle Bootman is a professor of pharmacy, medicine, and public health at the University of Arizona and has served as dean of the university's College of Pharmacy since 1987. He is considered one of the foremost experts in pharmacoeconomics, an analytical approach to assessing the costs and effectiveness of drug therapy for health care systems and society. His research in this area led to the creation of the University of Arizona Center for Health Outcomes and PharmacoEconomic (HOPE) Research and the nonprofit Healthcare Transformation Institute, of which he is founding director.

As a pioneer of pharmacoeconomics, Dr. Bootman has conducted seminal research leading to a greater understanding of health care systems and how to improve patient health care value, patient outcomes, and services. His studies in the mid-1990s on drug-related morbidity and mortality heavily influenced long-term changes in the field of pharmacy that reduced medication-related errors and increased the quality of care. Dr. Bootman has authored more than 250 research articles, books, and monographs, including the first textbook on the topic, *Principles of Pharmacoeconomics*. He also served as co-chair of an Institute of Medicine committee that produced a highly influential report on “Preventing Medication Errors.”

Dr. Bootman is considered to be one of the 50 most influential pharmacists in the United States by *American Druggist*. His list of awards spans more than 25 years, including the George Archambault Award, the highest honor given by the American Society of Consultant Pharmacists; the Lattisius Honor Medal, the highest honor in managed health care; the Pharmaceutical Care Management Association; and the Joseph P. Remington Honor Medal, the highest honor given by the profession of pharmacy to recognize distinguished service and lifetime contributions.

After earning a bachelor of pharmacy degree from the University of Arizona, Dr. Bootman completed a clinical pharmacy residency at the National Institutes of Health. He holds master's and doctoral degrees from the University of Minnesota, where he was honored with the alumni Outstanding Achievement Award.

Carter G. Phillips
DOCTOR OF PUBLIC SERVICE

Carter G. Phillips is the managing partner of the Washington, D.C., firm of Sidley Austin LLP. Recognized as a powerful advocate on behalf of his clients, Mr. Phillips is among the most dynamic and successful Supreme Court litigators in U.S. history. He has argued 71 cases before the Supreme Court, which is the most of any lawyer currently in private practice.

Before joining Sidley Austin, Mr. Phillips clerked for Judge Robert A. Spero on the United States Court of Appeals for the Seventh Circuit and for Chief Justice Warren E. Burger of the United States Supreme Court. Beginning in 1984, he served for three years as assistant to the Solicitor General for the United States. In 1986 and managing partner in 1995. Mr. Phillips is the recipient of numerous honors, including being named one of the 45 top lawyers under 45 by *The American Lawyer*, one of the 100 most influential lawyers in America by the *National Law Journal* in 2006, “Best Lawyer in the Specialty of Appellate Law” in *The Best Lawyers in America*, 2007–2011, and the #1 rated lawyer in Washington, D.C., by *Super Lawyers Magazine* for each of the past three years. Numerous other recognitions include the Lewis F. Powell Award for Business Advocacy in 2007 from the U.S. Chamber of Commerce. He has been listed among Legal Times’ “Champions, Visionaries, and Pioneers” in Washington’s legal community.

Mr. Phillips has been a great friend and supporter of his alma mater, The Ohio State University. As a guest lecturer in the Moritz College of Law, he has offered students a window into appellate practice before the Supreme Court. Mr. Phillips also regularly hosts Ohio State students and faculty in Washington to discuss their research and career plans.

He is a member of the American Law Institute and the American Academy of Appellate Lawyers, and is a Fellow in the American College of Trial Lawyers. Mr. Phillips earned his bachelor's degree from Ohio State in 1973. He received his MA from Northwestern University in 1975, and his JD from Northwestern University School of Law in 1977.
RECIPIENTS OF HONORS

Barbara R. Snyder
DISTINGUISHED SERVICE AWARD

Barbara Snyder is president of Case Western Reserve University. She has served Ohio institutions of higher education for nearly 30 years, and is revered as both a legal scholar and academic leader. As president of Case Western Reserve since 2007, Ms. Snyder has guided the university to important milestones in its fiscal management, set new fund-raising records, and completed the university's first strategic plan in more than a decade.

Prior to leading Case Western Reserve, Ms. Snyder had a long and distinguished career at her alma mater, The Ohio State University. She joined the faculty of the Moritz College of Law in 1998 as an associate professor, was promoted to professor in 1996, and secured a named professorship in 2002. That same year, she was appointed associate dean for Academic Affairs at Moritz Law, and took on a university-wide administration post in 2003. As a member of Ohio State's senior leadership team, she was then called upon to serve as vice provost for Academic Policy and Human Resources, interim vice president for University Relations, and, ultimately, executive vice president and provost.

In her four years as executive vice president and provost, Ms. Snyder dedicated herself to raising Ohio State's academic stature and to bettering the quality of life for members of its community. Her most celebrated efforts included leadership of the Targeted Investments in Excellence initiative, which featured an unprecedented commitment to funding interdisciplinary partnerships. She also championed improved employment benefits, including paid parental leave for graduate students, staff, and faculty.

For her unwavering commitment to Ohio State, Ms. Snyder received the College of Law Outstanding Professor Award, the Council of Graduate Students Distinguished Service Award, the University Distinguished Alumni Award, and the Mary Ann Williams Women's Leadership Award.

Prior to joining Ohio State, Ms. Snyder served as a faculty member at Case Western Reserve University and worked at a law firm in Chicago, Illinois. She earned her bachelor's degree in sociology from Ohio State and her juris doctorate from the University of Chicago Law School, where she served as executive editor of the University of Chicago Law Review.

Joel M. Weaver II
DISTINGUISHED SERVICE AWARD

Joel Weaver is emeritus professor in The Ohio State University College of Dentistry. The Akron native earned his bachelor of science degree from the Ohio Northern University College of Pharmacy in 1968 and his dental degree from The Ohio State University in 1972. After completing a four-year National Institute of Dental Research-sponsored residency in anesthesiology, including a PhD in pharmacology, he joined the university's faculty in 1976 as assistant professor. He maintained a dual appointment in the College of Dentistry and in the Department of Anesthesiology in the College of Medicine. He practiced as a dentist anesthesiologist in the dental clinic and in the hospital operating rooms for more than 30 years before his retirement in 2007.

During his distinguished career at Ohio State, Dr. Weaver founded the first master's degree residency in anesthesiology for dentists in the United States and became one of the preeminent leaders in the field of dental anesthesiology. While leading the way in changing practices to benefit patients, Dr. Weaver taught a generation of students who have gone on to practice dentistry in Ohio and worldwide. He was the first recipient of the Department of Anesthesiology's senior resident teaching award in 1987, and in 2006 he received the College of Dentistry's highest honor, the Fudlak Teaching Award.

Dr. Weaver is the national media spokesman of the American Dental Association on the subject of anesthesia. He is past president of the three major organizations in his field: the American Society of Dentist Anesthesiologists, the American Dental Board of Anesthesiology, and the American Dental Society of Anesthesiology. He has published more than 150 peer-reviewed articles, abstracts, book chapters, monographs, and editorials, and since 1996 has been the editor of the peer-reviewed scientific journal Anesthesia Progress.

Dr. Weaver received the Menhinck Award from the American Society of Dentist Anesthesiologists, the Heindlman Award from the American Dental Society of Anesthesiology, and the Horace Wells Award from the International Federation of Dental Anesthesiology Societies. In retirement, he continues to teach and provide anesthesia services in the operating rooms at the OSU Medical Center.

Melanie Rita Yergeau, Manchester, NH
B.A. (Geneva College)
M.A. (DePaul University)
English
Dr. Brenda Brueggemann

Yeon Yeu, Seoul, Korea
B.S. (Seoul National University)
Master's (University of Wisconsin - Madison)
M.S.
Geodetic Science and Surveying
Dr. Anton Schenk

Dongwoo Yoo, Cheonan-si, Korea
B.A. (Seoul National University)
M.A.
Economics
Dr. Richard Steckel

Kyoungsoo Yoon, Columbus
B.A. (Korea University)
M.A.
Economics
Dr. William Dupor

Michael S. Yough, Mount Vernon
B.A. (Mount Vernon Nazarene University)
M.S. (Capella University)
M.A.
Education
Dr. Eric Anderman

Tricia Kathleen Zelaya, Milford
B.S.Ed., M.A. (Ohio University)
Education
Dr. Ada Demb

Huilijian Zhang, Yangzhou, China
B.S. (University of Science and Technology of China)
M.S.
Mathematics
Dr. Gregory Baker

Yuanjie Zhang, China
Bachelor's (Sichuan University)
M.A.
Economics
Dr. Donald Haurin

Doctor of Audiology

Jodi Marie Hensel, Kent
B.A.
Speech and Hearing Science

Lalisse D. Mardassa, Worthington
B.A. (Ripon College)
Speech and Hearing Science

Elizabeth M. Miller, Hebron
B.A.
Speech and Hearing Science

Jennifer Mary Phelan, Hilliard
B.A. (University of Scranton)
Speech and Hearing Science

Jennifer Marie Schumacher, Newark
Bachelor's (Owens Community College)
B.A.
Speech and Hearing Science

Ashleigh M. Wells, Cleveland
B.A.Jour.
Speech and Hearing Science

Lisa Ann Wolfe, Sidney
B.A.
Speech and Hearing Science

Broanna Lea Young, Shorewood, IL
B.S. (Northern Illinois University)
Speech and Hearing Science

Doctor of Nursing Practice

Jill R. Beavers-Kirby, Grove City
B.S.Nurs. (University of Phoenix)
M.S. (Wright State University)
Nursing

John David Chovan, Columbus
B.S.Aud.Rec., B.S.E.E., M.S., Ph.D., M.S.
Nursing

Michele Lee Dye, Westerville
B.S.Nurs. (DePauw University)
M.S.
Nursing

Gail Ann Horner, Hilliard
Diploma (Mount Carmel College of Nursing)
B.S.Nurs. (Franklin University)
M.S. (Wright State University)
Nursing

Dori Lynn Klemanski, Columbus
B.S.Biol. (Malone University)
M.S. (Medical University of South Carolina)
M.S.
Nursing
April 8, 2011 meeting, Board of Trustees

Denise Joy Minor, Circleville
Diploma (Hocking Technical College)
B.S., M.S. (Capital University)
Nursing

Oralee Anne Pittman, Bellefontaine
B.S.Nurs. (Goshen College)
M.S. (University of California, San Francisco)
Nursing

Kimberly Renée Regis, Columbus
B.S.Nurs., M.S.
Nursing

Sharon Lynne Ryan, Millersburg
B.A., B.S.Nurs. (Kent State University)
M.S. (Case Western Reserve University)
Nursing

Brenda K. Vermillion, Urbana
B.S.Nurs., M.S.
Nursing

Tamara J. Wallace, Delaware
B.S.Nurs., M.S. (State University of New York at Stony Brook)
Nursing

Specialist in Education

Jeremy Ceja, Des Plaines, IL
B.S. (North Central College)
M.A.
Education

Courtney Christine DeWood, Orrville
B.A. (Ohio University)
M.A.
Education

Justin Harbour Dove, Twinsburg
B.S.H.E., M.A.
Education

Richika Mercedes Fisher, Grand Rapids, MI
B.A. (Western Michigan University)
M.A.
Education

Ashlie E. Kempton, Chillicothe
B.A., M.A.
Education

Kaitlyn Ann Nasci, Brookfield
B.S., M.A.
Education

Juliana Ramirez, Tamarac, FL
B.A., M.A.
Education

Master of Accounting

Michael Wesley Barbosa, Durham, NC
Bachelor's (Brigham Young University -Idaho)
Accounting and Management Information Systems

Michael Scott Bargar, Spartanburg, SC
B.A. (Furman University)
Accounting and Management Information Systems

Jessica Barnhart, Brecksville
Accounting and Management Information Systems

Fernando J. Bedoya, Cleveland
Bachelor's (Universidad Externado de Colombia)
M.B.A. (Marshall University)
Accounting and Management Information Systems

Brett I. Benjamin, North Royalton
B.S.Bus.Adm. (Baldwin-Wallace College)
Accounting and Management Information Systems

Elliot Aaron Bromagen, Bexley
Accounting and Management Information Systems

Paige Lee Buffington, Cincinnati
B.S. (Miami University Oxford)
Accounting and Management Information Systems

Simin Chen, Xi’an, China
B.Bus.Adm. (Hong Kong Polytechnic University)
Accounting and Management Information Systems

Aaron John Cherr, Mentor
B.S.Bus.Adm.
Accounting and Management Information Systems

Nenad Ciric, Belgrade, Serbia
B.Bus.Adm. (Grand Valley State University)
Accounting and Management Information Systems

Eugene D. Colleran, West Chester
B.S. (Miami University Oxford)
Accounting and Management Information Systems

Heather Dawn Davies, West Jordan, UT
B.A. (University of Utah)
Accounting and Management Information Systems

Kyle W. Dicke, Clayton
Accounting and Management Information Systems

Aaron T. Dickson, Kansas City, KS
B.S. (University of Kansas)
Accounting and Management Information Systems

Christopher Joseph Anongos Dillon, Amherst
B.Bus.Adm. (Kent State University)
Accounting and Management Information Systems

Rebecca E. Dirksen, Woodinville, WA
B.A. (Wittenberg University)
Accounting and Management Information Systems

Kelsey Marie Doherty, Broadview Heights
Accounting and Management Information Systems

Nabil Mohammed Elwani, Jeddah, Saudi Arabia
B.S. (King Fahd University of Petroleum and Minerals)
Accounting and Management Information Systems

Derrick Ryan Emmendorfer, Stow
Accounting and Management Information Systems

Alexander Sean Eom, Cape Girardeau, MO
B.S.Bus.Adm. (University of Missouri -Columbia)
Accounting and Management Information Systems

April 8, 2011 meeting, Board of Trustees

Andrea Lynne Wittine, Brecksville
B.S.Bus.Adm.
Labor and Human Resources

Dan Xiao, Hefei, China
Bachelor's (Anhui University)
Labor and Human Resources

Xing Xing, Beijing, China
B.A. (Capital University of Economics and Business)
Labor and Human Resources

Shu Yang, Zhejiang, China
B.A. (Shanghai University)
Labor and Human Resources

Yumeng Yang, Shenzhen City, China
Bachelor's (Sun Yat-sen University)
Labor and Human Resources

Tiantian Zhang II, Fujian, China
Bachelor's (Shanxi University)
Labor and Human Resources

Dawn Nicole Zimmerman, North Lawrence
B.A.
Labor and Human Resources

Master of Landscape Architecture

Brian Kelly Ashworth, Minster
B.S. (University of Toledo)
Landscape Architecture

Derek Alan Boogaard, Springville, UT
B.S. (Brigham Young University)
Landscape Architecture

Elizabeth Mona Burdick, Columbus
B.S. (New York State College of Agriculture and Life Sciences)
Landscape Architecture

Karla Diann Macrae, Worthington
B.S. (Arizona State University)
Landscape Architecture

Master of Music

Matthew James Davis, Columbus
B.Mus. (Cedarville University)
Music

Christopher Ray Dent, West Union
Bachelor's (Capital University)
Music

Kelly Reed Grill, Plymouth, MN
Bachelor's (Concordia College at Moorhead)
Music

Kathleen Marie Guarna, Marion
B.Mus. (University of Illinois at Urbana-Champaign)
Music

Quintin O. Hedrick, Gary, IN
B.Mus.
Music

Gunnar Owen Hirthe, Green Bay, WI
Bachelor's (University of Kentucky)
Music

Emily Julianna Holsclaw, Dublin
B.Mus.Ed. (University of Toledo)
Music

Alissa Kirk, Payson, UT
B.Mus. (Utah State University)
Music

Shadwa Mussad, Augusta, GA
Bachelor’s (University of Georgia)
Music

Christina Jo Roberts, Troy
B.Mus.Ed.
Music

Sabrina Marlene Stovall, Converse, TX
B.Mus. (Texas State University)
Music

Andrew Thierauf, Loveland
B.Mus. (University of Cincinnati)
Music

Jeffery Jay Vaughn, Berwick, PA
B.Mus. (Slippery Rock University)
Music

Edwin Jason Waskiewicz II, Beaver Creek
B.Mus. (Wright State University)
Music

Kelly Christine Winner, Columbus
B.Mus. (Vanderbilt University)
Music

Jaime Alfonso Yamaguchi Torres, Monterrey, Mexico
B.Mus.
Music

Master of Public Administration

Tara Elizabeth Dolansky, Columbus
B.A.
Public Policy and Management

Shannon Meredith Imes, Eastlake
B.A. (Kent State University)
Public Policy and Management

Sujung Kim, Seoul, Korea
B.A. (Konkuk University)
Public Policy and Management

Kristen Lee Reynolds Kubitza, Pinetop-Lakeside, AZ
B.A. (University of Arizona)
Public Policy and Management

Jamaal Monroe Lewis, Hilliard
B.Bus.Adm. ( DeVry Institute of Technology)
Public Policy and Management

Erik Karl Lindsjo, Stockholm, Sweden
B.A. (Wittenberg University)
Public Policy and Management
April 8, 2011 meeting, Board of Trustees

Jonathan David McKay, Hudson
B.A. (College of Wooster)
Public Policy and Management

Shawn Michael Moser, Columbus
B.A. (Capital University)
Public Policy and Management

John Edward Narry, Youngstown
B.A.
Public Policy and Management

Joshua Adam Nowack, Parma Heights
B.A. (College of Wooster)
Public Policy and Management

Oluwadamilola Seyido Okunade, Cincinnati
B.A.
Public Policy and Management

Juliana Christine Pernik, Centerville
B.A. (Washington University in St. Louis)
Public Policy and Management

Cassie Demaris Sanfrey, Warren
B.A.
Public Policy and Management

Bianca Stolfo Speranza, Kettering
B.A. (Otterbein College)
Public Policy and Management

Lillian Harris Stockell, Huntington, NY
B.A. (University of the South)
Public Policy and Management

Sarah Elizabeth Stuckey, Perrysburg
Bachelor's (University of Mount Union)
Public Policy and Management

Rebecca Anne Sustersic, Richfield
B.S. (Bowling Green State University)
Public Policy and Management

Ren-Horng James Wang, Westlake
B.A. (Brown University)
Public Policy and Management

Samantha Claire Webb, Columbus
B.A. (Denison University)
Public Policy and Management

Master of Public Health

Alicia Marie Alcamo, Bethlehem, PA
B.S. (Elizabethtown College)
Public Health

Joan Arnold-Schultz, Dublin
B.S.H.E.
Public Health

Amanda Beth Bain, West Chester
B.A. (College of Wooster)
Pharm.D.
Public Health

Omar Atef Behery, Columbus
B.S.
Public Health

Tracy Dawn Henderson Bethel, Brookville
B.S. (University of Toledo)
Public Health

Jade Ann Braman, Barker, NY
B.S. (University of Findlay)
Public Health

Patricia Ann Carr, Timonium, MD
B.S. (College of William and Mary)
Public Health

Johana Cenera, York, PA
B.S. (Chestnut Hill College)
Public Health

Simi Mary Chacko, Chennai, India
B.S., M.S. (University of Madras)
Ph.D.
Public Health

Abby Rebecca Davids, Marion
B.A.
Public Health

Samantha J. Deafenbaugh, New Springfield
B.S.
Public Health

Caryn Leigh Fasko, Columbus
B.S. (Arid. Hlth. Prof.)
Public Health

Erica Nicole Fletcher, New Boston, TX
B.S. (Stephen F. Austin State University)
Public Health

Deanna P. Flynn, Cleveland
B.S.
Public Health

Ryan Guy Frick, Bay Village
Bachelor's (University of Toledo)
Public Health

Kara Louise Gavin, Toledo
B.S. (John Carroll University)
Public Health

Tatiana O. Gavrilina, Dublin
Diploma (Belarusian State University)
Public Health

Christine Marie Jamison, Streetsboro
B.S. (Cleveland State University)
Public Health

Joseph Juma, Columbus
B.S. (Bowling Green State University)
Public Health

Dustin Allen Kent, Tiffin
B.S. (Heidelberg College)
Public Health

Stephani Sunhwa Kim, Westlake
B.A. (Drew University)
Public Health

Amy Nicole Kuhn, Middleburg Heights
B.S.
Public Health
April 8, 2011 meeting, Board of Trustees

Gregory Scott Laughlin, Ashton, IL
B.S. (Western Illinois University)
Public Health

Matrona Wangui Mbugua, Dublin
B.A. (City University of New York, Queens College)
Public Health

Legesse Lemma Mekonnen, Columbus
M.D. (Addis Ababa University)
Public Health

Sandra Adaobi Nzimiro, Westerville
B.S. (Ohio University)
Public Health

Diane L. Oye, Columbus
B.A. (University of California, Irvine)
Public Health

Brian Scott Palmer, Bend, OR
B.S. (Harvey Mudd College)
M.S., Ph.D.
Public Health

Pumla Mthikazi Pamla-Gutter, Isopo, South Africa
B.A. (Earham College)
Public Health

Amy Charlotte Peters, Commercial Point
B.S. (Ohio University)
Public Health

Tanya Lynn Prestage, Bexley
B.Bus.Adv. (Mount Vernon Nazarene University)
M.A.
Public Health

Nighet Sultana Razvi, Columbus
B.A. (University of Chicago)
M.D. (Rush University)
Public Health

Janet Marie Sasso, Mantua
B.S.
Public Health

Kelly Ann Scheuer, Edinboro, PA
B.S. (Rochester Institute of Technology)
Public Health

Patrice Scipio, Columbus
B.S., Master's (Florida International University)
Public Health

Allison Marie Seward, Galena
B.A. (Indiana University Bloomington)
M.S. (University of Pittsburgh)
Public Health

Avrita Singh, Columbus
B.S. (Denison University)
Public Health

Rachel Christine Smedley, Shreveport
B.A. (College of Wooster)
Public Health

Randy N. Swade, Sylvania
B.A. (University of Toledo)
Public Health

Abha Tewari-Washam, North Olmsted
B.S.
Public Health

Jennifer Kay Trittmann, Columbus
B.S. (Ohio State University)
Public Health

Emily VanBuren, Mansfield
B.A.
Public Health

Nicole Lauren Verbeck, Columbus
B.S. (Ohio Wesleyan University)
B.A.
Public Health

Matthew Christopher Washam, Avon
B.S. Nutrition
Public Health

Caitlin Renée Willet, Delaware
B.A. (Ohio Wesleyan University)
Public Health

Paige Bronson Young, Columbus
B.A. (Denison University)
Public Health

Master of Science

Younathan Abdia, Lahore, Pakistan
B.S. (University of the Punjab)
M.S., M.Philos. (Government College University, Lahore)
M.Pub.Hlth. (Saint Louis University)
Statistics

Abhijat Agrawal, Meerut, UP, India
Bachelor's (Amity University)
Computer Science and Engineering

Artika Agrawal, Columbus
Bachelor's (Uttar Pradesh Technical University)
Computer Science and Engineering

Coleman Neff Alleman, Columbus
B.A.
Mechanical Engineering

Brian Jeffrey Altherr, Mason
Electrical and Computer Engineering

Michele Althouse, Pataskala
B.A., B.S.Nurs.
Nursing

Eric Paul Anderson, Sandy, UT
B.S. (University of Utah)
D.D.S. (Creighton University)
Dentistry

Daniel John Andrews, Roscommon, MI
B.S. (United States Military Academy)
M.S. (Missouri University of Science and Technology)
Mechanical Engineering

Matthew R. Andrews, North Canton
B.S. (University of Virginia)
Industrial and Systems Engineering

Robert Douglas Ashmead, Grand Rapids, MI
B.A. (College of Wooster)
Statistics

Nathan Leo Atterholt, Loudonville
B.A. (College of Wooster)
Vision Science

B.A. (Dominican University of California, San Rafael)

Michael Justin Wilson, Russell  
B.S.Bus.Adm.

Britt Thomas Wiseman, Gallipolis  
B.A. (Case Western Reserve University)

Craig Martin Witherell, Toledo  
B.A.

David Bayard Wolf, Washington, PA  
B.A. (University of Pennsylvania)

Alexandra Jane Wolfe, Westerville  
B.A. (Miami University Oxford)

Yu Xia, Shanghai, China  
Bachelor's (East China University of Political Science and Law)

Christopher Song Yam, Chattanooga, TN  
B.A. (University of Pennsylvania)

Kyoung Won Karen Yoon, Seoul, Korea  
B.A. (University of Wisconsin-Madison)

**Master of Laws**

Amin Noureldaim Abdelaziz, Khartoum, Sudan

Abdiwahid Warsame  
Abdullahi, Dhusa-Mareb, Somalia  
B.A. (Somali National University)

Eliane Michelle Aboganena, Ombessa, Cameroon  
Maitrise (University of Yaounde)

Ekaterina Antsygina, Columbus  
LL.B. (Mari State University)

Shahinaz Ballouz, Cairo, Egypt  
Bachelor's (Cairo University)

Gitali Handoo, New Delhi, India  
LL.B. (Symbiosis Society's Law College)

Yali Li, Beijing, China  
M.B.A. (Hebei University)

Svetlana Mironova, Voronezh, Russia  
LL.B. (Symbiosis Society's Law College)

Zara Iftikhar Mutti, Abbottabad, Pakistan  
B.A., J.D. (University College Islamabad)

Anthony Puabaraebiowei Osuobeni, Lagos, Nigeria  
M.A. (University of Port Harcourt)

Samuel Sampson Sackey-Hughes, Winneba, Ghana  
B.S. (Kwame Nkrumah University of Science and Technology)  
LL.B. (University of Ghana)

Katrin Thordis Thorsteinsson, Reykjavik, Iceland  
LL.B. (Reykjavik University)
April 8, 2011 meeting, Board of Trustees

Ayesha Umar, Peshawar, Pakistan
B.A., LL.B. (University of Peshawar)

Lingfei Xu, Guangzhou, Guangdong, China
LL.B. (Central South University)
LL.M. (Sun Yat-sen University)

Master in the Study of Law

Victor Fanberg, Dublin
B.A. (University of California, San Diego)
M.Div. (Bethel Theological Seminary)
M.S. (University of Idaho)

The College of Law is on a semester system. Graduates receive their hoods during an earlier ceremony and their diplomas directly from the college. Many graduates have relocated prior to the University's commencement.

College of Medicine

Interim Dean: Catherine R. Lucey

Doctor of Medicine

Sarwat Bushra Ahmad, Columbus
B.A., B.S. (University of Michigan, Ann Arbor)
Magna Cum Laude

Namrata Ahuja, Richmond Heights
B.S.

Alicia Marie Alcamo, Columbus
B.S. (Elizabethtown College)
Magna Cum Laude

Paul David Anderson, Naples, FL
B.S. (University of Florida)

Ana-Tereza Galvao Andrade, Brockton, MA
B.S. (University of Massachusetts Dartmouth)

Jeffrey Clay Aucoin, Galloway
B.S. (Brigham Young University)
Cum Laude

Kimberly Lynn Backscheider Stetler, Galloway
B.A. (Emory University)

Melissa Rae Bailey, Jefferson Hills, PA
B.S. (Pennsylvania State University)
Cum Laude

Hillary Jayne Bashaw, Columbus
B.A. (University of Virginia)

Kyle R. Bauer, Xenia
B.A. (The Ohio State University)

David Justin Beckstead, Columbus
B.S. (Brigham Young University)

Rachel Susan Bensman, Cincinnati
B.S. (Xavier University)
Cum Laude

Alok B. Bhatt, Worthington
B.S.

Elaine Michele Binkley, Columbus
B.S. (Denison University)
Magna Cum Laude

Gregory Steven Bobulsky, Olmsted Township
B.S. (Miami University Oxford)

Matthew Barry Bolin, Columbus
B.S. (University of Michigan, Ann Arbor)

Corey D. Clay, Columbus
B.S. (University of Notre Dame)
Ph.D.

Jonathan E. Campbell, Canton
B.S.

Ryan Jacob Carr, Columbus
B.S. (University of Pittsburgh)

Matthew Cunniff Carraro, Columbus
B.S. (University of Wisconsin-Madison)

Edward Chang, Copley
B.S., Ph.D.

Yu-Ting Chen, Dublin
B.S.

Andrew Chow, Worthington
B.A., B.S.

Ryan Ellison Christensen, Colorado Springs, CO
B.S. (Brigham Young University)
Cum Laude

Bethany Chapin Corliss da Rocha, Natick, MA
B.S. (Worcester Polytechnic Institute)

Tirza Mary Costello, Athens
B.A. (Grinnell College)
Magna Cum Laude

Cheryl Ann Czapla, Highland, IN
B.S. (Indiana University Bloomington)

Abby Rebecca Davids, Columbus
B.A.
Magna Cum Laude
April 8, 2011 meeting, Board of Trustees

Colby Lauren Stegall Day, Holly Springs, NC
B.A. (University of North Carolina at Chapel Hill)
Magna Cum Laude

Bradley Louis Demeter, Toledo
B.A. (Davidson College)

Jiaxi Ding, Canton
B.S. (Case Western Reserve University)

Angela Yun Fan Zhou Douglas, Columbus
B.S. (Duke University)
Magna Cum Laude

Nicole Marie Dubosh, Dearborn, MI
B.S. (University of Michigan, Ann Arbor)
Cum Laude

Sameh Ashraf Elguizaoui, Canfield
B.S.
Cum Laude

Bryan Daniel Ellertson, Galloway
B.A. (Brigham Young University)

Janice M. Esker, Columbus
B.A. (University of Southern Indiana)
Cum Laude

Laura Michelle Espy-Bell, Columbus
B.A. (Spelman College)
M.S. (University of North Carolina at Chapel Hill)

Katherine Rebecca Exten, Mansfield
B.A., B.S.

James Franklin Fair III, Loveland
B.A. (Trinity College)

Janice Tsen-Ee Feng, Cincinnati
B.S.

Elizabeth Halley Finseth, Milwaukee, WI
B.S. (University of Wisconsin-Madison)
Magna Cum Laude

Taylor Andrew Finseth, Hudson
B.A. (Miami University Oxford)
Magna Cum Laude

Daniel J. Fix, Columbus
B.S.

David Brent Foley, Columbus
B.A. (Florida International University)

Andrew David Foster, Beavercreek
B.A. (Miami University Oxford)
Cum Laude

Susan Elizabeth Friedman, Solon
B.A.
Magna Cum Laude

Margaret Mary Fuchs, Cincinnati
B.A. (Kenyon College)
Cum Laude

Justin Timothy Fuller, Plainfield, IN
B.S. (Milligan College)
Magna Cum Laude

Ian Michael Gannon, Columbus
B.S. (Michigan State University)
Cum Laude

Jonathan Mark Gardner, Dublin
B.S. (Utah State University)

Fatima A. Garuba Wilder, Columbus
B.A. (Emory University)

Jacob A. Gerstman, Tempe, AZ
B.S. (University of Arizona)

Benjamin Glasener, Columbus
B.S. (Wright State University)

Dina Gozman, Newton, MA
B.S. (Brown University)
Magna Cum Laude

Tulasi Gude, Columbus
B.S.

Matthew Stewart Haldeman, Piqua
B.S. (Ohio Northern University)

James W. Haldeman, Arcanum
Magna Cum Laude

Jennifer Leigh Hatton, Columbus
B.S., Ph.D.

Jeffrey William Hawk, Columbus
B.S. (Wilmington College)
Magna Cum Laude

Jarrett Abraham Heard, Columbus
B.A. (Wake Forest University)

Michael James Hellmann, Cincinnati
B.S. (Xavier University)

Matthew Henn, Blacklick
B.A. (Miami University Oxford)
M.S.
Magna Cum Laude

Sara Marie Higginson, Columbus
B.S. (University of California, Los Angeles)

Sarah M. Hilkert, Akron
B.A. (University of Notre Dame)
Cum Laude

Melissa Ann House, Okeana
B.S.
Cum Laude

Candace Marie Hrelec, Campbell
B.S.
Cum Laude

Brittany Belcastro Hubbell, Kettering
B.A. (Taylor University)
Magna Cum Laude

Melissa M. Hudson-Stamates, Fort Wright, KY
B.S. (University of Kentucky)

Daralee Rae Hughes, Columbus
B.S. (University of Notre Dame)
Cum Laude

Jennifer Louise Hunnicutt, Columbus
B.S., M.S. (University of California, San Diego)
Cum Laude

Ijeoma Nkolika Ibezue, Fairburn, GA
B.A. (Emory University)

Craig Anthony Imm, Columbus
B.A. (Miami University Oxford)
Cum Laude
April 8, 2011 meeting, Board of Trustees

Matthew Ryan Imm, Orange
B.S. (College of William and Mary)
Cum Laude

Daniel David Jeltes, Oakland, NJ
B.S. (Grove City College)
Cum Laude

Tatyana Viktorovna Karakay, Columbus
B.S.

John Thomas Kavanaugh, Dayton
B.S. (Xavier University)

Juraj Kavecansky, Columbus
B.A., B.S.

James Kendall Kelley, Columbus
B.A. (University of Virginia)

Kara Michelle Keplinger, Westerville
B.S.

Sabrina Joanne Khalfoun, Cleveland Heights
B.A. (Case Western Reserve University)
Magna Cum Laude

Aaron Paul Kithcart, Columbus
B.S. (University of Iowa)
Ph.D.

Leanne Marie Kline, Oak Hill
B.A. (Oberlin College)

Clayton C.K. Knight, Columbus
B.S. (Elizabeth City State University)

Srinivas Sai A. Kondapalli, Strongsville
B.S.

Katelyn Elizabeth Krivchenia, Columbus
B.S. (Xavier University)
Magna Cum Laude

Rein Hanne Leen Lambrecht, Cleveland Heights
B.S. (Case Western Reserve University)
Summa Cum Laude

Michael Joseph Lang, Columbus
B.S. (University of Wisconsin-Madison)
Cum Laude

Nicholas Robert Langan, Columbus
B.S. (University of Michigan, Ann Arbor)

Bradley Ryan Lawson, Columbus
B.A., B.S. (University of Dayton)

Jarin Kent Leavitt, Kamas, UT
B.S. (Brigham Young University)

Linden On Quinn Lee, Kailua, HI
B.S. (University of Oregon)

Michael Andrew Lennig, Columbus
B.A. (University of California, Berkeley)

Elizabeth Anna Little, Columbus
B.S.

Jim Xin Liu, Columbus
B.S. (Johns Hopkins University)

Lukasz Lozanski, Dublin
B.S.

Henry Yinghao Lu, Corvallis, OR
B.S. (University of Michigan, Ann Arbor)
Cum Laude

Justin Bhupendra Mahida, Cincinnati
B.S. (Emory University)
M.B.A.

Amab Majumder, Columbus
B.A. (Case Western Reserve University)

Christopher James Malgieri, Columbus
B.S. (Pennsylvania State University)

Shengyi Jing-Jing Mao, Columbus
B.S. Cum Laude

Kara Lynn Mays, Grove City
B.S. (University of Pittsburgh)

Katie Kristine McGuire, Columbus
B.S. (Western Washington University)
Cum Laude

Matthew Ryan Meek, Columbus
B.A. (University of Utah)

Michael Wesley Milks, Columbus
B.A. (Dartmouth College)
Magna Cum Laude

Elizabeth Anne Mitchell, Columbus
B.S. (Loyola University Chicago)
Magna Cum Laude

Stephen O. Morrical, Shaker Heights
B.S.

Daniel Owen Morrow, Toledo
B.S. (University of Toledo)
Cum Laude

Divya Murthy, Troy, MI
B.S. (University of Michigan, Ann Arbor)

Rueben Nair, Ypsilanti, MI
B.S. (Michigan State University)
Cum Laude

Alena Katherine Neton, West Chester
B.S. (John Carroll University)
Cum Laude

Eric James Nolan, Elyria
Cum Laude

Nathan Daniel Orvets, Dublin
B.S. (Virginia Polytechnic Institute and State University)
Magna Cum Laude

David Osuna, Columbus
B.S. (Union College)

Kevin Michael Overmann, Columbus
B.A. (University of Notre Dame)

Julianna Padavano, Glendale, AZ
B.S. (University of Arizona)
Cum Laude

Wendy Herold Palastro, Monroeville, PA
B.S. (Carnegie Mellon University)

Daniel Patrick Pap, Medina
B.A. (Loyola Marymount University)

June 24, 2011 meeting, Board of Trustees

The Board of Trustees met Thursday, June 23 and Friday, June 24, 2011, at Longaberger Alumni House, Columbus, Ohio, pursuant to adjournment.

**  **  **

Minutes of the last meeting were approved.

**  **  **
June 24, 2011 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Thursday, June 23, 2011, at 8:33 am.

Mr. Wexner:

Before we take the roll call to go into Executive Session, I want to announce that the full Board will reconvene tomorrow morning at 9:00 am.

I hereby move that the Board recess into Executive Session to discuss matters regarding employment and compensation and matters required to be kept confidential by Federal and State Statutes.

Upon motion of Mr. Shumate, seconded by Mrs. Kass, the Board of Trustees adopted the foregoing motion by unanimous roll call vote, cast by Trustees Wexner, O’Dell, Shumate, Hicks, Schottenstein, Brass, Ratner, Marbley, Kass, Jurgensen, Reid, and Wadsworth.

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Friday, June 24, 2011, at 9:01 am.

Mr. Wexner:

Hopefully we can conduct this meeting in an orderly fashion, so if people would turn off cell phones and other electronic devices we can then conduct this meeting efficiently and properly. The minutes of the April meeting of the Board were distributed to all members of the Board and if there are no additions or corrections, the minutes are approved as distributed.

Evann Heidersbach is our new undergraduate Student Trustee. Evann will be entering her junior year and is pursuing a double major in economics and public affairs. We look forward to working with you Evann. I hope the first few days have been interesting.

Ms. Heidersbach:

Absolutely.

President Gee:

Let me just comment that Evann also works in my office as a student assistant and it is awful to have someone you work for, working in your office. I can no longer let loose with the blue streak. I have to act with a little more decorum which is almost impossible.
June 24, 2011 meeting, Board of Trustees

Mr. Wexner:

Brandon, would you help us with the Student Recognition Awards please?

***

STUDENT RECOGNITION AWARDS

Mr. Mitchell:

We have two awardees today. Our first is Ryan Corte from the College of Optometry. Ryan is a fourth-year doctoral candidate from the College of Optometry, and he earned his bachelor's degree in nutritional science from Michigan State University.

Ryan has been very involved during his time at Ohio State. He is a member of Optometry Ambassadors, the American Academy of Optometry, the American Optometric Association, Epsilon Psi Epsilon Professional Optometric Fraternity, and the OSU Sports Vision Club. Ryan is the Optometry Lead Delegate with the Inter-Professional Council and was recently named president of the American Optometric Student Association (AOSA), a national organization representing over 6,000 health profession students enrolled in 22 schools and colleges of optometry throughout the U.S., Canada, and Puerto Rico.

Ryan was awarded the Ohio Optometric Foundation Scholarship in 2009 and 2010, and he is the 2011 Walman Optical Eyecare Professional Scholarship recipient.

Ryan has also spent a significant amount of time volunteering in the Ohio State community. He has volunteered with the OSU's "Love for Haiti" fundraiser, the "Rock the Block" community service project, has done vision screenings for Cincinnati and Wright State’s athletic programs and participated in the Vision Care Fund 5K.

Upon graduation Ryan plans on working for a private practice with a long-term goal of becoming a practice partner or owner by the time he is 30.

Our second award recipient is Jacqueline Pennywitt, a recent graduate from the College of Education and Human Ecology. She is originally from Beavercreek, Ohio, where she attended Beavercreek High School.

Jackie is a University honors student and Morrill Scholar recipient. She is also one of only six participants in the USDA Multicultural Scholars Program.

While at Ohio State, Jackie has served as a research assistant in the Department of Chemistry and Department of Nutrition, an OSU Medical Center volunteer, a Nationwide Children’s Hospital volunteer and the nutrition coordinator at the Schoenbaum Family Center.

Last summer Jackie worked on a nutrition research project at the Schoenbaum Family Center in Weinland Park to develop and pilot test a blended nutrition education and cooking program for parents and young children designed to help families establish regular mealtime and improve overall diet quality. The results of this pilot test earned Jackie a third place finish in the health professionals-clinical category at the Denman Forum.

In the fall Jackie will be attending The Ohio State University College of Medicine where she has plans to become a pediatrician.

Welcome both of you.
June 24, 2011 meeting, Board of Trustees

Mr. Corte:

My name is Ryan Corte. I would first like to thank Mr. Mitchell, President Gee, and The Ohio State University Board of Trustees. In addition, I would like to thank my father, Gary Corte, Dr. Karla Zadnik, Kelly Holtem, and Dr. Mel Shipp. They all came here to support me today. I just want to tell you a quick story. Before coming to optometry school I remember sitting in my bedroom and applying. I applied to the Associations of Schools and Colleges of Optometry (ASCO) and on their website you can get pamphlets to every single optometry school in the United States, and at that time I was 19. I had recently received three new ones, and I pulled all the pamphlets all over my bed and I looked at them all - there was Puerto Rico, there was California, there were all these interesting awesome places. I remember sitting there, and I remember coming down to just two places, Illinois College of Optometry and The Ohio State University College of Optometry. I interviewed at both and I was accepted at both. I was just between a rock and a hard spot. I did not know which way to go. I literally made an excel spreadsheet of pros and cons of each place, and it came down to just saying a prayer to the Lord and sleeping on it. The next morning I woke up and I said to myself, I am going to be a Buckeye. I am going to Ohio State.

When I came here I knew I was going to be involved with excellent academic and clinical education, but what I did not really understand was the leadership that I was going to be surrounded with. For example, behind me we have Dean Mel Shipp who is not only the president elect for the American Public Health Association; he is also the past president of the Associations of Schools and Colleges of Optometry. He has been an outstanding influence on my life. In addition, Dr. Karla Zadnik, who is now the president of the American Academy of Optometry, has been outstanding. A number of individuals in the College of Optometry have been there for me. Another individual who is not here today, Dr. Gil Pierce, who is a past president of the Ohio Optometric Association encouraged me to run for the position as AOSA president. So all these individuals that I have surrounded myself with, I just had no idea what I was getting myself into with the leadership qualities that we have here at Ohio State, and I want to thank them truly, I really appreciate that. In addition, I want to thank Kelly for always having an open door policy and allowing us to come in, and last but certainly not least I want to thank my family. My mother and father have been very supportive, and my sisters have been outstanding. I love them very much. Thank you.

Ms. Pennywitt:

Hi, I am Jacqueline Pennywitt. I would like to start by thanking the Board of Trustees for inviting me and taking the time out of your meeting to present this award to me. I know how valuable your time is, and I really appreciate it. I would also like to thank Dr. Carolyn Gunther, my advisor, who is sitting back there. Three years ago when I was awarded the 4R's Multicultural Scholars Program, I was presented with her as my advisor, and then I knew I was getting a great advisor, but I did not know that I was also getting a great friend. Over the past three years she has really helped me to develop new ideas and to reach for new opportunities, and she has always found a way to make my dreams of getting new experiences into a reality. She is the reason I started all my work at Nationwide Children's Hospital, as well as my work at the Schoenbaum Family Center on the Simple Suppers Program. She is a great mentor and a great faculty member, and I am really glad that our college has her.

Last but not least I would like to thank my parents. I am very lucky to have their support. I have always had it no matter what endeavor I have pursued. When I was deciding where to apply to medical school I was worried to apply to Ohio State because I was not sure that my application was competitive enough in this caliber, but my parents saw something in me I did not see in myself, and they encouraged me to apply, and I am very glad to say that I will be attending The Ohio State University College of Medicine this fall. Thank you for being my parents and for
June 24, 2011 meeting, Board of Trustees

pushing me and believing in me when I did not believe in myself, and I am very lucky to have them. Thank you.

Mr. Wexner:

Provost Alutto, would you help us with the Distinguished University Professorship Awards, please?

***

DISTINGUISHED UNIVERSITY PROFESSOR AWARDS

Dr. Alutto:

Thank you, Mr. Chairman. I am pleased to recommend two absolutely stellar faculty members for the highest title conferred on a faculty member at The Ohio State University and that is Distinguished University Professor. To date the University has conferred this honor on only 45 other faculty members.

Would Ann Hamilton, Professor in the Department of Art, Division of Arts and Humanities, College of Arts and Sciences, please step forward.

Professor Hamilton is a world-renowned artist who has created provocative, complex site-specific installations, and Ohio State is fortunate to have one of her most recent installations as a highlight of the newly renovated Thompson Library. She is highly regarded as one of the preeminent artists of the contemporary generation and her work intersects with writers, architects, scientists, musicians, dancers, and critics – truly interdisciplinary in nature.

Among her many prestigious honors and awards, she has received a Heinz Award for Arts and Humanities, a Guggenheim Fellowship, a MacArthur Fellowship - often called the MacArthur Genius Award, and she was also inducted into the American Academy for the Arts and Sciences.

She earned a bachelor of fine arts in textile design at the University of Kansas and a master of fine arts in sculpture from the Yale University School of Art. In addition, she received five honorary degrees. I am delighted to recommend Professor Hamilton for the title of Distinguished University Professor. Please join me in congratulating Professor Hamilton.

Would Rattan Lal, Professor and Director of the Carbon Management and Sequestration Program, School of Environment and Natural Resources in the College of Food, Agricultural, and Environmental Sciences, please come forward.

Professor Lal is one of the world’s leading experts on soil science, the storage of carbon in soils and plants and global food security. He frequently testifies before the United States Senate and consults with governments worldwide about public policy issues.

He is the lead author of the Intergovernmental Panel on Climate Change which in 2007 shared the Nobel Peace Prize with former Vice President Al Gore. In addition, among his other prestigious awards, he received the M.S. Swaminathan Award, named for the father of the Green Revolution in India for his leadership role in agricultural research. He also received the Borlaug Award, named after Nobel Peace Prize laureate and father of the Green Revolution – Dr. Norman E. Borlaug.

Professor Lal earned his undergraduate degree from Punjab Agricultural University in India, a master’s degree from the Indian Agricultural Research Institute in New Delhi, and his doctorate from Ohio State. I am delighted to recommend Professor Lal
June 24, 2011 meeting, Board of Trustees

for the conferment of the title Distinguished University Professor. Please join me in congratulating this outstanding scholar.

Dr. Hamilton:

Thank you. I grew up across the other side of the corn fields, and I used to look across at the University and it was like Oz in the distance. It is a great day to be here and for the arts. Like all researchers, artists make their practice over a lifetime. Artists form from questions, it occurs as an act of attention by attending to where imagination wanders, one learns to see and to listen. It is a reciprocal process. This path from a momentary or fleeting register of a thought to the full body of an idea can be circuitous, a web of associative links and seemingly disconnected byways and accidents, a finding that through time may become uniquely woven together. When, for example, I first came to teach here at OSU, my attention was drawn to an article in a campus publication about the research of Dr. Rattan Lal, and I think perhaps it seeds some of my thoughts about art and agriculture at this moment. To tend the landscape of the objects of our attentions can become a revelatory discipline and following this rude of one serendipitous attention takes trust, confidence, perseverance, luck and a supportive context to be recognized within. Mostly it takes time, and it was my grandmother, Lois Bennett, who explained to me as we sat together at brunch in the OSU Faculty Club, when I was no taller than the tops of the tables, that the University is a place which offers people time to think.

It is possible to be thoughtful and to be responsive, only if one has time, if time is made and if a culture exists to recognize that art is not a thing for itself, but is a social thing for us. Well it may be difficult for you to answer when asked, what is a University for, as I know you are asked with increased urgency, and maybe even harder for you to answer when challenged and what exactly is art for? I asked this question to my teenaged son Emmitt and he said "Nothing, art isn't good for anything." But when he noticed my eyes rolling back in my head, as I thought this is what you get from a kid whose parents are both artists, he quickly added, with emphatic certainty, "art just is." He simply assumes that art, like food on the table, will always be there. But this is not an assumption in which any of us can ever relax. Art, like food, is necessary and both require cultivation within a culture that remains suspicious of unproductive time and daydreaming in general. It is a challenge to articulate the importance of supporting an experience that is not easily named or measured, of supporting ideas or knowledge whose apparent use is not immediate. As my grandmother said, this is what a University provides, the time and place for thinking.

This morning you are honoring the multiple ways in which making shapes our world for art and agriculture are rooted together and not just today, they are each forms of making in and from the world. One of the things artists share with farmers is an understanding of the hand as a repository for knowledge. A hand is not only a tool, it is also a brain. Here within the public Land Grant University, we not only reflect upon culture, we actively produce and cultivate it. As an artist, it is apt that I share this honor with an agronomist because agriculture is culture, and it is culture we celebrate here together. This I believe is the embodiment of One University, and among my honors I am particularly proud to receive your recognition as a Distinguished University Professor here at Ohio State. Thank you.

Dr. Lal:

Mr. Chairman, President Gee, Provost Alutto, Dean Moser, first of all I would like to state how honored I feel sitting next to Professor Hamilton and receiving this award with her. The progress in global agriculture production during the last 50 years from 1960 to 2010 is among the world's greatest success stories. During that time production of food grains almost quadrupled, indeed the growth rate of food production surpassed that of the increase of the world population which more than...
doubled from three billion in 1960 to seven billion in 2011. However, even greater challenges lie ahead, because to keep up with the projected population growth grain production must be at least doubled in the next 40 to 50 years. Can this be achieved? The answer is unequivocal, yes. However, a more appropriate question is, can this be achieved while also improving the environment and restoring the quality of soil and natural resources? Therefore, the mission of our program is three-fold: to develop, validate and adapt technological options; to restore and sustain soil quality; and increase agronomic production.

We are faced with six obstacles however: 1) diminishing arable land area, 2) decreasing availability of renewable freshwater supply for irrigation, 3) increasing risks of soil degradation, 4) increasing cost of energy and agrochemicals, 5) rising concentration of greenhouse gases in the atmosphere, and 6) rapidly changing an uncertain climate.

The principle greenhouse gas is carbon dioxide, which is being released by burning fossil fuels, tropical deforestation, land use conversion, plowing, and cement production. The side-effect of improved agriculture would be to capture some of this carbon dioxide in the soils and biota and help limit its increase. Some of the best soil management practices that also reduce carbon are conservation or no-till agriculture, integrated nutrient management, and precision farming, among several others. The overall sink capacity of improved agriculture is to reduce the concentration of carbon dioxide by as much as 50 parts per million by 2100.

The strategy is to enhance soil quality and increase soil resilience, produce more from less and become more efficient by degreasing losses of soil, carbon, nutrients and water. The goal is to work with nature rather than to conquer or replace it.

In my class I always teach a law, I call it the law of marginality. It states marginal soils cultivated with marginal technology produce marginal yields and support marginal standard of living. Furthermore, when people are poverty stricken, desperate and starving, they pass on their sufferings to the land. Thus, it is essential to make sustainable soil management and improved agriculture be not only an important engine of economic development but also be integral to any strategy that addresses issues of food insecurity, increases in energy demand, decline in environment quality, and increases in risk of global warming. Agriculture has to be a solution to those problems.

The approach that we discovered and developed through our research will not only address ways to enrich soil and provide more food grains for the world’s expanding populations but will also improve the environment and mitigate climate change.

Mr. Chairman, in Sanskrit, “Vasudeva Kutambakam,” is written: “The whole world is one family” and that family now consists of 7 billion people destined to be increased to 9.2 billion in the next few decades. Our program and Ohio State's commitment to disseminating knowledge for developing a whole extended global family has helped us to take our research results to assist countries around the world from Iceland to India to Africa, Latin America and beyond.

I would like to take this opportunity to thank The Ohio State University, the Board of Trustees, President Gee, Provost Alutto, Dean Moser, for the privilege and honor of being a faculty member at The Ohio State University and for their thoughtfulness in recognizing the importance that world soils have in addressing global issues through the title conferred today. Our research and academic programs have always received very strong support from Dean Moser, Director Slack, Director Hendrick, Dr. Bigham, and Dr. Mullins, of the School of Environment and Natural Resources, (SENR). I would also like to thank almost 250 graduate students, post docs, research scientists, and visiting scholars from around the world for their outstanding contributions to our program. SENR also has world class and highly professional
support staff, who have been a very strong factor in the success of our program. Finally I must say, Dr. Alutto that I would like to express my sincere thanks to Molly Davis. She has always provided us excellent support and organization. Thank you.

***

PRESIDENT’S REPORT

President Gee:

Before you leave let me just make two comments if I can. One is to our Trustees. You literally have been given the opportunity to hear from two of the brightest minds of our time that is a privilege that we all have. I know both of these folks very well. Ann Hamilton has made an extraordinary difference. She has influenced artistic endeavors around the world. She also has made significant contributions to our own home campus. Our latest installation in our new library is one of extraordinary scope, and I hope you will have a chance to see Ann’s work there, but wherever she is, she is a person of enormous capacity, big ideas and has made a difference in the world that very few can claim. Ann, I am just very proud of you. Ann and I also share the same barber I might note.

Dr. Lal is one of the most humble men I have ever met. He comes from an extraordinarily humble background through the Punjab. I have had the honor to travel with him. I always remembered this one point when Dr. Lal received the Swaminathan Award in India, which is one of the most important prizes given in the world. I can remember the Minister of Agriculture standing up and giving this rather extraordinary biography of Dr. Lal, the difference he has made, and then he said this man has been instrumental in the saving of millions of lives - now think about that. I would love to say that I have saved one or two lives, but Dr. Lal is very special. In fact Dr. Lal and I are going to go to Iceland, because we have a very special program there. I hope we are going to have fun, but none the less it is wonderful to see you today, Rattan. Anyway, we are very privileged. As we think about the issues confronting the University and the challenges we have, we need to celebrate the fact that this is a place that has enormous intellectual capacity and some of the best people in the world, so I thank both of you, I really appreciate it.

Thanks to everyone and thanks to our students who have been recognized. As I begin, I want to note that this week the University is announcing recipients of the 2011 Gerlach and Reese awards for volunteer service and philanthropy. It comes as no surprise that two of our Board of Trustee members are being honored this year. Les and Abigail Wexner are receiving the Reese Medal, and Bobby Schottenstein and Jeri Block, along with Cindy and Larry Hilsheimer, are receiving the Gerlach Award. So congratulations. Our Trustees lead the way, and I appreciate that, I really do.

I want to acknowledge, I think as we all should, that this has been a turbulent spring. Without question we have had a series of challenges, but I want to use my report today to offer some perspective on the full context of this great University. I think perhaps I could quit right here because what you heard was the full context of the University just in those two students and in those two extraordinary minds that we just heard from.

A couple of weeks ago we graduated our largest class ever. The most powerful reminder of why we engage in the work we do. We were honored to have Speaker Boehner deliver the message to the graduates, and he did a wonderful job. The ceremony of course reaffirmed the University’s role as the signal agent of change in advancing individual lives, knowledge and certainly in making a difference in all communities. That weekend I was also honored to take part in the Metro School’s second graduation celebration. As you know Metro is a remarkably effective
June 24, 2011 meeting, Board of Trustees

partnership with Battelle, Ohio State and public schools, and it has without a doubt proved that creative teaching combined with determined young people will exceed all of our expectations.

The best news, for the second year in a row, half of Metro’s graduates are headed our way this fall. We take great pride in that. Many of them coming in, in fact, the valedictorian announced she was coming in as a senior because she had done so extraordinarily well. She is coming in with 120 credits. I told her we were going to miss her tuition for three years. They join an exceptionally well prepared and successful group of students who are now on campus. The best class in the history of this institution again and extraordinarily talented.

Just last week we learned the good news that our student EcoCAR team earned second place in the national competition to create a new kind of car that substantially reduces its environmental impact. The students would be the first to tell you that our faculty were so helpful in this and are the very best. As we have just seen from Professor Lal and Professor Hamilton, we have an extraordinary faculty. Our EcoCAR team’s faculty advisor Shawn Midlam-Mohler received the National Science Foundation Outstanding Faculty Advisory Award for this competition, again yet another recognition.

So what it shows to me is that the faculty’s commitment to larger purposes extends across this campus. The John Glenn School’s work with the Ukraine has received a new $3 million grant from the U.S. Agency on International Development to extend its programs that teach democratic process and legislative reform. The effort has been called a model program and the USAID recommends it as a template for other efforts to promote democracy around the globe. We are proud of that.

We also have great news in the aggregate for the University’s research programs. Dr. Caroline Whitacre, who is not here today, let me know this week that during the year 2011, our research volume will be the highest ever and among the highest of any university in this country. We have gone over the $800 million mark. As I hope you know, because I say it every chance I get, Ohio State also ranks second nationally in industry-sponsored research. We think that is important as a Land Grant university that we are making a difference in terms of creating jobs and opportunity. Dr. Whitacre has just published, and you have it in front of you, a new map that lists the University’s industry partnerships. The grand total by the way is 762 companies right now with half of them located in the Midwest. I urge you to take a look at that map at some time.

In our academic Medical Center several faculty are leading the national associations in their fields. This is important. Our faculty is elected to leadership of their national association; you just heard it in Optometry. The latest to assume leadership responsibilities are Dr. Mitchell Henry, who was selected president of the American Society of Transplant Surgeons, and Dr. Jay Iams, who is president-elect of the American College of Gynecology.

On the arts front, the University’s partnership with the Royal Shakespeare Company is alive and thriving with much to show for itself. Several members of the company by the way are with us this week. One of the things they are taking part in is six performances of Hamlet. Are you doing that, David, by the way?

Dr. Frantz:

I am attending.
President Gee:

Oh, you are attending, okay. The productions, offered free of charge, are an abbreviated version geared toward young people and families. In three weeks the New York City Armory has been transformed and will be taken over by a sea of scarlet and gray for the company’s gala performance of Romeo and Juliet, and we are all looking forward to that event. The Ohio State University takes over New York, it is about time!

June is typically a time of transition in academic life and that is true this year. I want to acknowledge the superb service of this year’s faculty and staff leaders. Heather Link has been an excellent partner as chair of the University Staff Advisory Committee. We are fortunate to have her continue in that role for this year.

Myroslava Mudrak, I am not sure if Myroslava is here, but Myroslava is the outgoing chair of Faculty Council. Extraordinary leader, extraordinarily gifted teacher and scholar, she has done a great job for us, but we will continue to have the service of Jim Rathman in the coming year as he assumes the role of chair of Faculty Council.

Dick Gunther who has been one of the great University citizens is outgoing chair of Senate Steering Committee, and Chris Zacher has just retired from his post as Secretary of University Senate. A funny story is Chris Zacher and David Frantz started the same day at this University and have been great pals ever since. There is a wonderful story in our newspaper On Campus about that. Chris, as with David, has been a tremendous asset to this University. Tim Gerber who many of you know is an extraordinary University citizen has been selected as the new Senate Secretary, effective July 1.

So on behalf of this University, all of us, I want to thank these faculty leaders. We have an extraordinary partnership between the University leadership and our faculty leadership. It is one in which we are on the same side of the table and in which we move this institution forward. I am very grateful for that.

A few notes on senior leadership transitions. Jeff Kaplan has taken the reins as Senior Vice President for University Development. He is spearheading our advancement efforts as well, as you well know an extraordinarily important job done by an extraordinarily talented man. Jay Kasey has begun serving as Senior Vice President of Administration and Planning. As you know Jay comes from our Academic Medical Center and in his new role will maintain oversight for our life sciences expansion project. What this also means is that now we have one individual in charge of our whole expansive enterprise, showing again that indeed the mantra we have been using of One University is alive and well.

Brian Cummings, our new Vice President for Technology Commercialization, has officially joined us from the University of Utah, extraordinarily talented and is already on the road and making a real difference.

This is the first Board meeting for our new student member Evann Heidersbach. We have already welcomed you, Evann, but welcome again. We are honored to have you with us. Evann by the way is from Grafton, Ohio, and is an economics and public affairs major. I know Evann well. She has participated in almost every leadership opportunity provided by this University, that is what is so special about Ohio State, is that our students have opportunities far beyond what almost any other students in this country have.

As I end my comments, I want to acknowledge the exceptional work of my dear friend, and I say that with great pride, David Frantz, who retires at the end of this month, again. I might note that David has retired already once and he kept trying to retire on me. I shared last night, I talked him into staying when I came my first year,
June 24, 2011 meeting, Board of Trustees

and then Les talked him into staying the second year, and then the two of us talked him into the third year, and his wife, Joanne, revolted. As Secretary of the Board of Trustees, he has been, I would say, the most effective link between this Board and the University that one could possibly imagine. As a faculty member in English, distinguished as he is, Dr. Frantz has been an accomplished scholar and a forceful advocate on behalf of undergraduate education, always thinking about the students. As a member of my senior leadership team, he is embedded as one of our most trusted voices and advisor. As a friend, David has been simply incomparable. Emotionally so, I might say. We will miss him mightily, although he has agreed to stay on in some capacity to continue working with our Royal Shakespeare collaboration. David, I just want to thank you, I think we should all give him a round of applause.

And finally, we are deeply fortunate to have attracted another senior leader to us to assume the position of board secretary, Professor David Horn. David, please stand just so that everyone can recognize you. His appointment was announced last month. He joins the Board office from Comparative Studies. He has been a faculty member and leader here for more than 20 years, and he contributed a great deal to the Board as a faculty liaison. David, we welcome you, and we are honored to have you as part of our team.

Finally I will end my remarks by saying that I am looking forward to Monday. Monday is when I start my tour of the state. We are headed to at least 44 counties in all to visit family farms, factories, county fairs and ice cream parlors. Our theme this year, and you will like this, is “But for Ohio State...”. We are doing this around the state a broad and inclusive invitation in typical Ohio State fashion, to all Ohioans to tell us what the University means to them and to their communities. They already are literally sending us most extraordinary notes, and I fully expect to return from this “But for Ohio State” tour with very powerful stories on behalf of this University. I am grateful for that opportunity. Mr. Chairman that concludes my remarks.

Mr. Wexner:

Thank you very much. I think we can begin with committee reports, and the first committee is the Committee on Trusteeship, Alex Shumate.

-0-

COMMITTEE REPORTS

Mr. Shumate:

Thank you, Mr. Chairman. The Committee met on Wednesday morning. On our agenda we began with a discussion of the new Trustee orientation program. As you know, members of the Board, we have engaged in several important changes to the orientation program, really emphasizing a focus on our role as fiduciaries to the University as well as our role on governance and focus on strategic issues so that the orientation is focused on being not only orientated to the University but also to the Board of Trustees. We are very pleased that Evann has started her orientation and is actively engaged in meeting with members of the Board as well as the University officials. We are also pleased to announce that Linda Kass will be serving as the Trustee mentor to Evann which is also part of our steps toward improving our onboarding process for new Trustees. We welcome you and look forward to working with you as well as the next appointment to the Board by the Governor.

Consistent with that, Mr. Chairman, we are also as a Committee actively engaged in the transition, orientation, and onboarding process for our new Board Secretary, David Horn. We are very pleased that David has accepted the appointment. We will be working with David and also other members of the Board office very actively this
year, on behalf of the Board, to provide the necessary support and resource to the Board office. We will also be working with David in identifying and selecting our new associate board secretary because of the retirement of Ann Lawrence, so we look forward, David, to working with you and the members of the Board office. Let me say that we are very appreciative of the work of our Board office and applaud them for their outstanding efforts as a team.

With David Horn’s appointment as board secretary, the faculty position vacancy has been created on the Academic Affairs and Student Life Committee. As a Board we believe that is a very important position on that Committee. We will be working with the Academic Affairs Committee Chair, Judge Marbley, in selecting the replacement for David, and hopefully we will have that appointment and selection in place by this fall.

Additionally we engaged in a discussion of the charter trustee position. As we all know Gil Cloyd has been truly an outstanding and exemplary Charter Trustee. We think it is important to work this year toward filling the two positions. As the Board members know, we are authorized to appoint up to three charter trustees on behalf of the Board. The Committee on Trusteeship will be taking the lead in reviewing and evaluating those that have been recommended for those positions. Again with an emphasis on focusing on the skillsets, as an example, healthcare has been an important experience and skillset that we would like to identify for one of the charter trustees that is appointed this year.

Also, Mr. Chairman, it is my pleasure on behalf of the Committee on Trusteeship to offer a motion. This morning we have been engaged in an extensive process of review and evaluation for our election of officers. I am very pleased to report that the Committee is unanimous and very strong in its recommendation of the nomination of you, Mr. Chair, to continue as Chair of the Board. In addition, I would like to place a nomination recommending:

Leslie H. Wexner, Chair
Walden W. O'Dell, Vice Chair
Alex Shumate, Vice Chair
David Horn, Secretary

Are there any other nominations from the floor? Having none, we will close the nominations, and Mr. Chairman, I would offer that as a motion.

ELECTION OF OFFICERS

Resolution No. 2011-81

Also, Mr. Chairman, it is my pleasure on behalf of the Committee on Trusteeship to offer a motion. This morning we have been engaged in an extensive process of review and evaluation for our election of officers. I am very pleased to report that the Committee is unanimous and very strong in its recommendation of the nomination of you, Mr. Chair, to continue as Chair of the Board. In addition, I would like to place a nomination recommending:

Leslie H. Wexner, Chair
Walden W. O'Dell, Vice Chair
Alex Shumate, Vice Chair
David Horn, Secretary

Are there any other nominations from the floor? Having none we will close the nominations, and Mr. Chairman, I would offer that as a motion.

All of those in favor of this slate of officers nominated to serve through the April 2012 Board Meeting, please raise your hand. Opposed?

Upon motion of Mr. Shumate, the Board of Trustees adopted the foregoing motion by a unanimous show of hands.
June 24, 2011 meeting, Board of Trustees

Mr. Wexner:

Thank you. Next on the agenda is the Audit and Compliance Committee chaired by Bob Schottenstein.

I would just like to make a few remarks. Obviously there has been a lot of attention paid over the last several months to our athletic programs, and a lot of comments, a lot of distraction, and a lot of interest by stakeholders. In my view, the University is successful and goes forward, most recently 10,000 graduates, most recently $100 million grant to the cancer hospital from the federal government. In many ways we are serving the public better than we ever have in preparing people for purposed lives, not only the graduates, but improving the lives of the citizens of Ohio. We have not engaged in public comment and conversation on the subject of athletics, and as a Board we have decided and concentrated our full energy and attention on working with the administration to make sure we have the appropriate processes, reviews, and protocols in place not only in athletics but the whole University. We believe that at an appropriate point, which is today, Bob Schottenstein will update the Board on the process and progress of our working groups, and Bob has been working with the General Counsel, with Trustees, with outside experts, with the administration, and I think we have a very sound process of work. I am pleased, and I think the Board is pleased with the work to date and the way we have progressed that work in an orderly, focused and thorough manner. I am also confident that the work that has been done, and the work yet to be done, is going to continue to enhance the governance processes of the University so that across the University we can be first class worthy and a great institution. So I want to thank Bob, and I want to thank the working group and all the Board members that have worked so diligently to bring us to this point. Bob.

Mr. Schottenstein:

Thank you, Les. First of all the outset, I would be remiss if I did not state that we have had an excellent working group and working committee. I cannot thank all of the Trustees, some have been very actively involved, but the council and the advice of almost every single person around this table has been meaningful and has contributed to what I would agree with you, has been a good process thus far. I also wanted to take the time to acknowledge the senior administration of the University. Certainly President Gee, Provost Alutto, but in particular two people who have been very involved in helping us craft a process, and that would be General Counsel Culley, and Chief Financial Officer Geoff Chatas, and their level of support has been, to use your word Alex, exemplary. I think all should take note of that.

This is a process, and it is really only just beginning. We believe passionately that we need to be thorough and thoughtful and as Dr. Hamilton so eloquently stated just a few moments ago, use this as a time to think, and hopefully we will do that. Up until now, as you have said, we have not engaged in public discourse, although we began that yesterday during the open portion of the Audit and Compliance Committee meeting, but one of the reasons that we had chosen not to say anything is because frankly we were not ready. We take this very seriously, and we did not want to be premature in airing specifics that might be taken out of context or otherwise speculate on things before we had concluded our work. We are not done, but we are ready to say some things.

One is that we believe we have been deliberative, and we will continue to be, and we will continue to work collaboratively with the entire University. I also want to say since this really started from a problem in athletics, the level of cooperation that we have had thus far from our Athletic Director Gene Smith has been equally exemplary in all respects.
I would like to share a number of things at this time as it relates to the incident involving our football program. We have determined that the process and decision making has been fundamentally sound. We believe that the compliance structures within athletics are good; in fact they have been validated by third party assessment and evaluation in some respects as being best in class. Still, as we begin to look at things, we think there might be room for improvement, and in any event, we want to try and get better. Having said that we want to get better, I also want to provide some additional context. In each instance involving a transgression within our athletic department there is absolutely no question, and we emphasized this during the Audit and Compliance Committee meeting yesterday, and I want to emphasize it again because I think it is perhaps the single most important quality that is reflective of the attitude of Ohio State University and that is this: In each instance where there was a transgression, our University acted diligently, openly, honestly and transparently in not only revealing it but reviewing it and timely reporting it to the NCAA. At no time has this institution ever acted in an arrogant, indifferent, or any kind of quiet way, or non-transparent way with the NCAA. For that I think we can all be very proud. Candidly, unlike some institutions within the NCAA, Ohio State has never acted in any kind of concealing fashion.

There is no question that as you said, Mr. Chairman, a lot of attention has been brought to this, in fact as someone remarked, they have never seen an instance in which one university has received more national media attention than Ohio State. Quite honestly, I think that might be because a lot is expected of us, and if that is the case, I think we should embrace it and use this as an opportunity to take on a leadership role, and assuring that we have very high standards of compliance and that our protocols within our athletic department are as good as they can be, but to also take it one step forward and to use this as an opportunity to go well beyond athletics - because this is a big place and as you mentioned President Gee in your comments, there is so much more going on here, we are celebrating but also worth noting. As a result, we are going to use this as an opportunity to review all of the University compliance processes. We are determined to do all we can to assure that our programs and protocols are a model, and in order to achieve this, we think that, and I speak for the Committee when I say this, that it is necessary to perhaps look at compliance in a slightly different way, and that is to think of it as a matter of institutional integrity. In other words, stated another way, it is not about meeting minimum standards so that you can simply say we complied, we did what the code required, but rather trying where appropriate to strive for very high standards of integrity. That is what Ohio State is about.

It is for that reason that the Audit and Compliance Committee has recommended to this Board that we undertake this thorough assessment, in concert with the work of administration of our compliance programs University-wide, to ensure that we have maximum objectivity and that we do take a leadership role in this regard. We are committed to conducting this work in the same fashion as we have pursued it from the beginning. We will be thoughtful, hopefully reflective and smart, and we will act in a very careful fashion. We want to get this done quickly, but we want to get it done right. We will be benchmarking not just against other academic institutions, but we will also look at models and practices and compliance programs that exist across the private sector within our country, and also in other non-profit organizations, as we believe that is the best way for us to end up with effective policies and standards of integrity, also known as compliance.

Improving our compliance programs, I think is yet one ingredient of what you, President Gee, refer to as our quest to go from excellence to eminence, and we embrace that role, and we hope to have a more thorough and complete report for this Board during the next six to nine months.
June 24, 2011 meeting, Board of Trustees

I have other matters to talk about that we dealt with at the Audit and Compliance Committee meeting, but at this point, I think I might pause and see if you, Mr. Chairman, or you, President Gee, would like to say anything.

President Gee:

First of all, thanks to you, Mr. Schottenstein, and to the entire working group for what has been a great partnership, extraordinary work, and as we noted, we immediately launched into this as an effort to make certain that we knew what we were doing, and why we were doing things, and as a matter of course this has been a very good beginning, and we have learned a great deal, and we have also learned a number of things as you just said. The University processes are sound. We are grateful for that. We have consistently and aggressively self-reported violations as soon as we became aware of them. In fact, our colleague at the Big Ten says that we are hyper reporting in many ways, and that is not bad, but none the less it is clearly an opportunity for us to continue to move along a very positive path. We have been transparent as we possibly can, that is very much in the DNA, not only in this institution but of public universities.

I just want to say to all of you who are outside of this boundary that the Board and I share a very common commitment, along with everyone responsible within this University, to ensure that our compliance is best in class, that is our goal that is what we are about. We will demonstrate that we will raise the bar higher; we will do what we have to, to make certain that we continue to set that standard high for ourselves and for others.

Of course part of the reason we do that is that there are hundreds and thousands of students, faculty and staff, alumni and friends who look to us to lead the way forward. They are proud of the heritage of this University, and they expect us to fulfill our public purposes as a great university and to fulfill our purposes as Ohio State, and we will do so. As you have heard, that is the Board’s commitment, and I will tell you it is very much my commitment and that of the University administration. We appreciate your good work.

Mr. Wexner:

Bob, I would like to say something also that should, I think, be acknowledged publically. The decision of the Board not to make this issue of audit and compliance the specific issue and compliance the work of the whole Board, I think is a very important decision. Whether we see ourselves as the economic engine of Ohio, or serving 50,000 students, or planning for the future, the work of the Board is a substantial amount of work. This particular issue that surfaces around integrity is urgent, and it is important, but it is not the totality of the Board. I think the decision to engage some members of the Board, some members of the administration, and outsiders, to work diligently on this, was very important. I would like for you to recognize the Board members, the administration, and some people outside of the Board that were part of that working group, because I think it speaks to the integrity and the intensity of our thought.

Mr. Schottenstein:

I am happy to do it, and I am glad you brought that up. Certainly within the Board, Alex Shumate and Jerry Jurgensen, Brandon Mitchell, former Trustee Judge Robert Duncan, myself, along with Mr. Chatas and Mr. Culley formed the original working group and then the work of that group, as we began to make some progress over the last six to eight weeks, we collapsed that work into the Audit and Compliance Committee, asking former Trustee Judge Duncan to stay involved, and the members of the Audit and Compliance Committee as shown in the Board packages, certainly Vice Chair Jack Fisher, Ron Ratner, Judge Marbley, and I mentioned Jerry Jurgensen, and then our Non-Trustee members, Jim Bachmann and Jim Gilmour.
June 24, 2011 meeting, Board of Trustees

We have really had, I think, a very terrific collaborative process working with the University.

Mr. Wexner:

I think the notion of the sincerity of the objectivity of the Board members, the staff, but I think it is highly unusual, this is not my field of expertise to have a federal judge and retired federal judge both on this kind of committee looking over and scrutinizing and being supportive, it is just marvelous. You have recruited a hell of a team so thank you.

Mr. Schottenstein:

I am going to try to stay undefeated.

We had other items on the agenda which is why yesterday’s meeting was a packed house filled with TV cameras and members of the media, and we appreciate them being here because they got to hear some really terrific reports, in all seriousness. We did have our regular compliance report on research and our regular compliance report in the area of medicine. It is interesting, you noted earlier that our research is climbing; President Gee, approaching $1 billion, roughly $800 million and certainly we have a $1 billion medical tower going up within a block or so of where we are sitting. The compliance processes in both the research and the medicine area trump by a lot the compliance issues involving athletics; they may not get near the attention. We have very robust processes there as well, but as I said, our review will also look at those just to make certain that they are where they need to be.

The reports that we got yesterday were excellent, both on medicine and research. Internal Auditor, Kevin Patton, provided his work plan which shows which units of the University will be internally audited over the next five years, allowing for the calling of auditable along the way in the event something else is needed. We authorized the establishment of a new University affiliate and introduced for the first time to the Board the partners from Price Waterhouse Coopers, who during the last six months were retained as the new external auditors for the University. That completes my report of the Audit and Compliance Committee.

Mr. Wexner:

Questions, comments?

Mr. Jurgensen:

You know, as we have worked our way through this, one of the things what I have been reminded of is, the primary difference between college athletics and professional athletics is that in college athletics our coaches have the enormous requirement to teach and coach our athletes in winning in the game of life not just in the game they are playing. As we go forward in this work, I believe what will be most important really lies not in the realm of procedures and policies and rules but really hunts back to the cultural work that we have begun. Because the cracks here were not really cracks of rules and procedures and policy, they were cracks in a value system, and I think that is what we have got to go back and really take a hard look at and ask all of ourselves, not just those of us in the University but in the state of Ohio and some extent the United States of America. What is it we really value? It is that prioritization of values that really drive all of our individual behaviors and our collective behaviors that lean to the kinds of things that we have worked our way through here. I think we have a lot to learn on the manual aspects of this, but I think we also have a lot to look at in sort of the soul searching of what is most important in the game of life.
June 24, 2011 meeting, Board of Trustees

Mr. Wexner:

Gil, do you want to report on Advancement please?

Dr. Cloyd:

Thank you, Mr. Chairman. The Advancement Committee met yesterday. First of all, and it is on our consent agenda, Mr. Kaplan presented the Development Report for this year. We have results at this point through April 30, 2011; the final development activity for the fiscal year will not be available until July 15. At this point, total fundraising activity for the fiscal year is a little over $344 million. We started the year with a $325 million goal. So actually that means that we are at about 106% of the goal we established in 83% of the time, and that is terrific. However, when we look within that, we do have some very positive distortion, which is very good I want to say, which is really represented by the marvelous gift from the Wexners and The Limited, that $100 million gift is reflected in there. So if you take that out, while we do not have the final results yet, I think what will happen is we will see absent that gift, we will come in somewhat lower than our $325 million goal for the year. There is no reason to panic, or feel badly about that, but it just is a reinforcement that we have set very aggressive development goals which we intend to achieve. We are operating in, frankly a very difficult external environment right now for development activity, but we have a great story to tell and we are going to keep after it.

On a very positive note, the program that we established, the Students First, Students Now, to really create more financial aid capability for students, again at a time when the external environment is very difficult, has just had outstanding results. It has now achieved $112 million in contributions that is 112% of goal in 93% of the time. So we are clearly going to overshoot on what some thought was a fairly aggressive goal when we established this new fund that we wanted to have so that we could increase financial student aid support. So as I said, this report is on the consent agenda, and the Committee has voted for its approval.

The Committee then began what will be a sequential review, which I think will be fairly in depth over the next nine to twelve months about the marketing approach that we are going to have in advancement, both in terms of what the goals we set for the overall advancement, goals which we have shared with the Board previously, and in addition to what we want to achieve in our development activities. As I outlined in a previous report, we are taking a much different approach to how we approach stakeholders of this University with the ultimate goal to create a much greater sense of engagement of the stakeholders of this University and a belief that as we have greater engagement, we are going to see great benefits from that diaspora, certainly in a development context, but also in an intellectual contribution context, because we have a lot of volunteers that help this University.

So what we reviewed yesterday in the group is working with heart research associates and public opinion strategies was a very first and incomplete cut of what they are doing in identifying the key segments that we will have as we think of the various stakeholders. This is a follow-up to some previous in-depth studies that our marketing and communications group did. In this case we have had another survey of 6,000 alumni, which data is coming in and also in addition to that, we are looking at a variety of other data sources to develop these demographic and psychographic profiles we want for the various clusters and that would include admissions data, alumni affairs data, and student data. I would say at the outset, we are already, I believe, seeing a lot of the power of the advancement model that we will have as we think about what our broad goals of Ohio State University, matching nicely with what our board goals of our alumni and the Alumni Association and the kind of association that alumni want to have with Ohio State. I would just say briefly, initially they have identified ten clusters that will be modified as we get more data. I expect it to be consolidated, but the goal will be over the next 90 days to be able to get the other
June 24, 2011 meeting, Board of Trustees

data inputted into this and actually then begin to better define the clusters we have with ultimately the goal that you will be able to do some predictive modeling against these clusters and understanding it for various outcomes, whether it is development potential, what are key areas of interest, the different stakeholder groups to create this sense of engagement with the University and be able to do that in a much more predictive fashion and then even going as far as what is the right vehicle of communication with them. So we are still in what I would define as some fairly early days. The Committee is going to have the next review of this in September to where we will have a better refinement of the clusters.

The other area that was reported on yesterday is an extension of work that we have been trying to understand what we have called development and now in advancement. Our priority geographic markets and we are trying to define the key areas in a geographic context, where we should focus our efforts so we can actually have the best return on the investment that we have to make in our outreach. Certainly Ohio is very important, we all know that already. 59% of our living alumni in the association are currently in Ohio and 68% of the current annual development gifts to Ohio State University come from Ohio residents. So it is very clear and as you readily understand there is a central Ohio focus to this but there are other important cities in Ohio. What we have done, looking at multiple variables, is define what areas outside of Ohio should become areas for priority attention. The two cities that come out in this cut as having the highest potential and priority for attention are New York City and Washington D.C. We build that in there, and then as we have resourcing available, the next two cities outside of Ohio that would reach the geographic priorities would be Chicago and Los Angeles. Now getting a good understanding of this and how we can leverage the marketing we have is important against one of the goals we have established in advancement, where we would like to go from a situation where we have 144,000 donors to Ohio State each year, and move that to 240,000 in five years. We are going to have to have activities, go outside the state of Ohio, and this assessment is going to help us understand where we should put our priority attention to try to achieve that.

The other thing that we will be reviewing in September is a plan that the advancement group has been putting together, which is a specific 90 day type of execution plan so that we can take a lot of the activities now that we have underway, and what are the key things we are going to accomplish, when, and besides the marketing and the geographic priorities that I have talked about, there is still, as you can imagine a lot of active work underway to say, how do we achieve the kinds of organizational structure processes so that we can really synergize with the three broad groups of the University that comprise the advancement organization.

The next thing the Committee reviewed, Mr. Griffin provided an update on Pelotonia, which is just a marvelous annual philanthropic event for the University. Mr. Kessler said yesterday, and I am absolutely sure he is right, it has already become the top annual fundraiser that this University has, and we will continue to do that, and who knows how high is high on what we will be able to do here. And, I think everyone knows it goes to a wonderful cause, to the great cancer research and service that this University provides, and all of the dollars go to that. Last year in Pelotonia we raised $7.8 million. The goal this year is to raise $10 million and have 5,000 riders. We have had a great response particularly by the two corporate sponsors, Limited Brands and Huntington, and they really deserve our special recognition and thanks. They are actually running ahead of pace from some very aggressive goals that those two corporations have established, and it is just really marvelous.

Mr. Griffin outlined that as captain of Team Buckeye, we got some challenges, but it is still early. He described that we have 391 riders right now in Team Buckeye, and we need 1,171. President Gee, Provost Alutto, all other key leaders around here, Archie is looking for your support. He expects to get it across the University because
as he said yesterday, it is really going to be the strong endorsement and advocacy of the University leadership that will give us the level of riders that we need.

President Gee:

We should start wearing those cute little pants around every day - that could be ugly.

Dr. Cloyd:

Knowing Mr. Griffin’s energy and tenacity, I have no doubt that we will have at least 1,171 riders on Team Buckeye. He is also using plans to really leverage to get the alumni support on this. So again, just a marvelous philanthropic activity, and I am just really excited about what it is doing now, and what its potential is in the future.

Just finally then, we had a brief update, I talked last time that we were developing our mobile phone application of OSU here for students, that will go online in July, at least one phase of it. We got a demonstration of it yesterday, and this is really going to be terrific, and it really starts to come with two aspects that are very important to us. One, we have talked on advancement, how do we create these networks, and interactions, and information, so it is going to be great for the students. It will get tied to things we are doing in the Alumni Association in apps, so it is going to provide, in my words, a platform for how we can start to think of really effective OSU interaction to create the level of engagement that we want. The other aspect that I think is very important is this is very student lead. The students are the ones that are really engaged in designing this. What is important to them, what did they want, what is going to meet their needs, and I think that is really key. One of the things it touches upon, as we have talked this week about, the kinds of things that create the, what I will call leadership experience, that we want students to have at Ohio State. This application is going to be absolutely in the sweet spot of really helping provide our students what they will see is just an absolutely outstanding University experience.

That concludes my report, Mr. Chairman.

Mr. Wexner:

Thank you very much, Gil. Any questions, comments?

I wrote a note to President Gee that development is kind of an abstract idea, but I think development is really about ideas and the notion of development happening around a bicycle race is really an absurd idea. I thought it was when I heard about it three years ago, if you just pause on that, we have a bicycle race, we have no tradition of bicycle racing really in central Ohio, and this is going to be the catalyst for fundraising, and if you assume it stays on its trajectory from being a very small idea to a community wide idea, state wide idea, I know we have riders coming in from New York, teams coming in from New York state and New York City this year, it will likely become a national event, and that funny idea, I would predict in a five year period, we will raise more than $100 million. That is a significant amount of money, and if it does that, then it is an annuity into the future. I am just happy that we are making progress and really chumming for ideas because there are no bad ones, no small ones; it just takes sponsors and champions of these ideas to help support the University. They have such broad engagement models, whether they are students or bicycle riders, or maybe it is people who eat hamburgers, I do not know, but you can bring people together for things from Shakespeare to bicycle riding.

Mr. Schottenstein:

If I could, just a comment on that, I think that Pelotonia has already become one of the top five single day fundraisers in the United States in just three years. What I find really interesting, but also as sort of a lesson and an approach toward things, is
June 24, 2011 meeting, Board of Trustees

following your comment, Les, we have been contacted by two of the most successful and biggest fundraising cancer hospitals in the United States who have watched and seen what we have done, and they want us to help them do it too. I make that point for two reasons, one it is a compliment, but getting past that, no matter how good you are doing, the relentless pursuit to get better and to look at other ideas from other places, and at least in the case of one of these institutions, I am not going to name which one it is, they raise a lot of money. It would be very easy for them to sit on their hands and say they are doing just fine, but they see this because they know that they need to do more and they need to do better, and that is what makes an institution really great.

I did not have any ideas about pogo sticks or anything else, but the fact is the notion of benchmarking, getting out from our own little village and seeing what is happening in other places that is what it is going to take.

President Gee:

I think, and Jeff you are here, but we are upwards of riders from 40 states now I believe. We were at 32 or 35 last year so it already is a national event and just increasing. I think this is an opportunity to significantly spread the name of Ohio State in that kind of a riding effort is really quite important. The idea of people getting on bikes and running around is just crazy to me if you want to know the truth.

Mr. Schottenstein:

Actually, what we have done could become a form of tech transfer, as I think about it, if other places do it too, as long as it does not take any money from our efforts, and we get a 20% interest.

President Gee:

The thing that has really struck me and it really struck me at the beginning of that race last year when I saw these people and the energy and so forth that it is not about a race. It is about cancer, it is about community. I want to emphasize again that it is about community. It is about building a real sense about community in which the University is a central focus, but it really has such a strong community feel, and I am riding down my own street and I see all these signs now on my street all over the place, and I am going to eat at one of my favorite restaurants and there are signs, I cannot escape the damn thing now. It is pervasive, but I love that because it is about something bigger than all of us, and it is also about community which is extraordinarily important.

Dr. Cloyd:

It causes me to really want to make a couple of other comments about Pelotonia. Some of you know that one of my active interests is around business models and studying various business models, and if you look at this business model of Pelotonia, it is really a marvelous one. First of all it is going to work for us because the James is so outstanding. The story that can be told of what is being done is so outstanding. If that were not the case, you would first of all not get a lot of people interested, but then the model is to get riders that have an interest and passion in that and they all become fundraisers. You reach a cohort that the University could never set out to say, what names do I have, who am I going to go contact, what am I going to do, so the model is wonderful that in this case we are going to create 5,000 and Mr. Griffin yesterday talked about virtual riders, how we can expand it even further, which is a great idea, but the model operates on the fact that you get these people that are very excited and then they do the development activity and feed it back into it, and it has a lot of these exciting sort of things. Whether it is somebody that wants to ride, setting a personal interest, I want to be able to ride the long one, it
June 24, 2011 meeting, Board of Trustees

causes them to get on the bicycle, put on their funny pants, Gordon, and get
themselves in better shape, or you have the opportunity as the chairman has said to
get some competition between teams. The model for this is really wonderful.

Mrs. Kass:

I would like to also add, I think it is interesting; Pelotonia is somewhat illustrative of
what advancement is. If you look at advancement having to do with fundraising,
development, and it has to do with marketing and communications, and it has to do
with alumni, but also our friends, it is engaging our alumni and friends, it is
fundraising, and also everyone who is doing this communication out there. They are
talking to people, they are raising dollars, but they are also telling people about the
James, and that is going and multiplying out, and the message is multiplying out,
and I think that is really pretty interesting.

Mr. Brass:

From a medical standpoint, I was just thinking, what better way to do health and
wellness than this particular program. Even though it is going for a tertiary
quaternary program, the health and wellness we are providing through a fundraising
program like this, it is going to be infectious. It is already happening. People are
getting in condition to ride. People are talking to their friends about getting in
condition. They are riding now so they can make the short trip or the long trip, and it
fits right into our theme of helping our communities throughout the state and
throughout the country and throughout the world, whether we are helping other
organizations or doing it ourselves for The Ohio State University. It has all the
winning characteristics of a program. I love the fact that it is health and wellness
based.

Mr. Wexner:

I will take this advantage because it is a public forum, but we had a busy day
yesterday, and on the way to dinner at Gordon's house, I got a phone call in the car,
and it was from one of the presidents of one of our divisions. When I get a phone call
at six or seven at night from the president of one of the divisions, I am not happy the
phone rang. However, it was one of the better phone calls I have ever had. We have
an internal competition within the business, different parts of it, and so the president
of this division called me primarily to tell me that she is going to kick my division's
butt, so I was much relieved. Then she said that part of her division, Sharen Turney,
is based in New York, and the New York associates of the company in support of
Pelotonia are not only going to come here to ride, but they have organized a
spinning class in New York with five supermodels, and they are selling the bikes in
the spinning class to the highest bidders to train with the supermodels, and they are
going to raise $100 thousand. The notion of engagement and influence, there is
going to be five of the most beautiful women in the world, I do not think any of them
are from Ohio maybe none from the United States, that are going to be doing
something for us, something for the James, and they will know about Ohio State and
probably make the national news.

Mr. Schottenstein:

That is a fundraising idea. I noticed that David is now signed up.

Actually I will just say this too. I went on Pelotonia's website last night and it is a
photo finish horse race right now. The three top fundraisers in order, separated by
no more than about $100, I do not mean to embarrass anybody, but they are all over
$55,000 a piece: Les Wexner is in 1st place, leading his wife by about $50, both over
$55,000, followed in third place by one of their division presidents, Sharen Turney.
The three top Pelotonia fundraisers. I saw that last night.
June 24, 2011 meeting, Board of Trustees

Mr. Wexner:

Thank you.

Mr. Schottenstein:

Anyone can go on their site and see it; we just need to get the supermodels on the website though.

Mr. Wexner:

Your public disclosure of this is going to make life very miserable for me at home but thank you. Fun thing, good thing, getting better.

Speaking of better, our Physical Environment is getting better.

Mr. Ratner:

That is a tough one to follow. We had an interesting Physical Environment meeting yesterday, mostly taken up with reports, but again all of these reports really are part of a much larger picture. While sometimes, if you sit through some of these Committee meetings, you get a bunch of individual pieces, and you wonder where it does fit back to a whole. I think it is very important that we sit back and look at that whole. In the area of physical environment of the campus, I think we are really seeing the effects of the framework plan that the Board did, that the staff did, that we all gathered together as a community and came up with the idea of what we wanted to do to shape our campus, to shape its physical environment. In so doing, I think we had the ability to create the kind of great environment that can allow all these wonderful things to happen.

We started out with a report on sustainability, energy, and University utilities. Right off the get go we started out with what could be a dry subject and probably is to most folks, but Ross Parkman did a great job on reporting on our utility programs on campus. Again, one of the problems with Ohio State is the depth and breadth and size of what goes on. On the one hand we are talking about spending over $60 million a year on utilities, and on the other hand we are talking about very small programs that deal with both changing individual behavior and coming up with small technology improvements to really deal with how we are using utilities. We are impacting utility utilization across the campus in large and small ways. Big issues that deal on particularly the supply side, I think we are buying utilities very smartly, very intelligently. In fact when I look at some programs to try and save utility utilization, I realize one of the problems always with that is that you do not come up with a very good set of economics because we are buying utilities at such a favorable rate, much more favorable I might add than most commercial enterprises are able to do. That is because of our scale, I think as well as the intelligence of our buying programs. It is not always easy to come up with ways to find cost effective improvements in utilization, but we have been able to do that. While we have done that, it is still significant to note that our actual cost of utilities overall has gone up. Our utilization of utilities on a square foot basis has actually increased, so that did surprise me a little bit. If you look at a 20 year trend, total utility utilization per square foot of our physical environment on campus has increased. A big part of that is due to the fact that we have added a lot more research and technology buildings, laboratory buildings. We have also air conditioned spaces that were not air conditioned, although we have done a lot to limit the actual utilization of utilities in our buildings, we have also changed the nature of the kinds of buildings we have. That just leads us to a much bigger challenge because we have got to get out there and get more aggressive, and I think we can, at figuring both the large and small ways to save utilities. Ross has done a great job in that area, and you see some of the big programs, the chiller program we have got going across campus, major
replacements of our core infrastructure in both steam and chilled water that could
effect as much as a 30% savings in utility utilization just from the effectiveness of
having a well done and revamped physical plant.

Ron Sega gave us a report on sustainability initiatives. Again this encompasses
some of these utility things, but it is a much broader impact. It is looking overall
across the campus at the kinds of things we can do. This is a new appointment; Ron
has just recently joined the University within the last year. It is a great appointment; it
is actually a joint appointment with Colorado State. He of course has come up as we
want to do a catch phrase for that joint appointment, and you look at Colorado State
and Ohio State, and he refers to them as the bookends of the Nation's heartland.
Interesting by the way, we are in a very wet climate, this spring has been extremely
wet, and Colorado State of course is a very dry climate. As you look at some of the
things we do well here throughout the campus and not just by the way in the direct
sustainability areas but in research and other program areas. We can add a lot to
what Colorado State does, and conversely there are a lot of things going on out
there that we can learn from and expand on here. I think that will be a very rich
program for us and it has a lot of opportunity. Ron himself is focused obviously in a
number of different areas, and they really inter relate, academics and student life
and how that contributes both studying and making sustainability a part of our
academic programs. Acknowledging where we have tremendous academic
leadership in those areas and engaging our students, which of course is a major
driving force with almost everything we do - energy and the environment overall on
campus, campus operations, the mundane stuff of the way we operate the campus,
but the bigger things. In a lot of ways, changing behavior in the way we operate and
live on our campus, energy and the environment. Of course going all the way back to
our land grant mission, who we are, what we are, dealing with the physical
environment in a much broader way. There are exciting programs, I think we are
going to be in a position where we can really understand both the leadership that we
already have been seeing in sustainability and drive ourselves to some new
opportunities.

We then had a report from Bernie Constantino, who is the campus architect, on what
he referred to as the project delivery update. I think any of you who have tried to
drive across campus or walk across campus hopefully have seen some of what we
are doing. There is a major program now with improving roads and roadways and of
course with that the underground utilities. More importantly for me at least, we are
also significantly improving the landscape, the appearance of the campus, and
things like the walkability and the usability of particularly the area that we are having
the most impact, which is in the core academic area of campus. The ladder streets,
17th, 18th, part of Woodruff, and I am going to be really excited when everyone gets
to see as it starts to be completed this fall, the impact we are going to have on just
the way you walk around campus, and the way you experience campus. Again all of
that relates back to that framework plan. These were programs we were looking at
before we had the framework, but because of really informing ourselves by what the
overall initiatives on campus were, we are integrating landscaping plans, we are
looking at the impact as we plan new buildings in the academic core and the
Chemical and Biomelecular Engineering and Chemistry Building (CBEC) is the major
new building,. It is also planned along with a major north/south open space feature
which will begin to link some of the academic core back to the oval in ways that I
really think will have an impact on daily life on campus. I am thrilled to see how
throughout the work we are doing, both large and small, the impact of thinking about
things in the larger sense which we did with the framework is really coming through.
As you all see, we are making great progress on the south high rises, again, a major
change in residential life on campus, along with the Hall complex. Obviously we
need to go back to the comments about the medical center, tremendous progress
with that and I would really like to compliment the teams there, because to try to take
apart and rebuild a medical center while you are still operating a medical center is a
daunting task, and I think it has been really very well done, easy for me to say
June 24, 2011 meeting, Board of Trustees

because I do not have to live through it on a daily basis. I think Dr. Gabbe and others recognize how complex it really is but I think it has really been incredibly well done, and I know that Jay Kasey and a lot of other people have been instrumental in that. Then again, as you look at Herrick Drive, another example of really understanding, we had to get Herrick Drive done, we had to get the chiller done, not very romantic kinds of things, dealing with chiller plants, but then thinking about what that could do, how could it impact campus so we now have what will end up being a beautifully new landscaped feature of the campus which will both provide for access, traffic access, some of the things I know Alan has been so concerned with, and at the same time really create a visual benefit that is significant and that really would not have been looked at that had we not had the ability to look at it in an overall context.

We then had a quick update, of course we ran out of time at the end of the meeting, on one aspect of the framework plan, which is the whole way-finding. You have not seen much of it yet, there are some very exciting things, and this again is both large and small, how do you find your way around the campus. This is not by the way way-finding in any sort of metaphysical sense. I think all of us could probably use some help in finding our way through the world, but it is a very mundane part of way-finding. This is a big and complex campus, and we invite thousands and thousands of visitors to the campus. Even those of us who use our small part of the campus on a daily basis sometimes wander over to another part of the campus and find out that we are really strangers in a strange land that we do not know much about whatever new part of the campus we are investigating. So the way-finding, I think, will be very interesting. It is conventional stuff not only doing a better job of signage and marking our campus, but also getting again into the whole world of virtual way-finding. The ability to get mobile apps, the ability to find out from GPS where you are at, where there is a parking space, and use our transportation systems to get to where you are going and back to where you want to be. It is hard work, it is very detailed work, but I think it is being very well done. Again I am always impressed when I hear reports both from senior leadership on the campus as well as from some of the executives and staff who are working in the trenches, so to speak, on these programs. The depth and the quality of the staff that is doing this is always remarkable to me and I do not think as Trustees that we really thank the staff. Again we have opportunity to contact the senior administration, but every time I get a chance to roll up my sleeves and work with the people who really do the work of the University, Les’ phrase, the work of the work, it is really very impressive. They are dedicated, they are hard-working, and in particularly a lot of these areas I am always amazed by the amount of energy and imagination they show. You see it in big ways in something like Pelotonia, but I see it in a lot of the small ways, and I think they are going to have a huge impact on our physical campus.

Most of my remarks are just really about a thank you to those folks who are doing the hard work, the hard lifting in those areas because I think you see it every day in the way this campus is changing and the way it is developing, but it is very real and very difficult work, and it is being very well executed on behalf of the whole University. That is my report, thank you.

Mr. Wexner:

Ron, thank you.

Dr. Cloyd:

One comment, Ron on your thought of the navigation system, it took me back to the mobile apps and what is going to be on this Buckeye iPhone application. One of the things the students have put on there that they are going to see a very high value is the map of Ohio State, where they are and what are the bus routes? It is the small things you do not think about, but again when you come to what really enhances the
June 24, 2011 meeting, Board of Trustees

quality of the experience of students, this is a small thing, but it is a big thing in the life of a student.

Mr. Ratner:

I am sure by the time they are done there will be a lot of other things other than bus routes on that map.

Dr. Cloyd:

Absolutely, but the point I am trying to make there, and I am not debating that, is that is what the students say is very important, and that is what I think is important as they are building this application, what is going on it first is what the students are saying is important to us. It is one of the things that I like about it, it has not been some separate group that sat out there and decided this is what students really want, this is what they want to see, it is coming from the heart of the students and I think that is important.

President Gee:

That app is absolutely fabulous. It is totally student developed, I might just note this and the reason it should be is the fact that is in their DNA, the rest of us kind of look and think about this thing but it is really important. I just want to comment on Ron’s point. I have always joked about the fact that you never want to be at a University in which there are no cranes. We have not exceeded our expectations. I think, and this is a wonderful problem to have, but we are now in the process of moving so many things around and doing so much work that sometimes we have to acknowledge the fact that the campus is really quite difficult to navigate right now. Folks are doing a wonderful job with that but none the less I worry a little about that, with the students and with others, many of you have been trying to come on to campus. I laugh about the fact that Jeff Wadsworth had invited me over to meet a couple of governors he was hosting a wonderful reception for and I arrived about 45 minutes late because I could not find my way over to Battelle, all the roadways were shut, and they were closed, and so the challenge of progress is also the challenge of acknowledging that we do have some significant disruptions that are going on right now. We are going to try and minimize those, but our folks are doing a wonderful job and I want to again underscore what Ron said, and that is the fact that the difference that our framework concept has made in terms of our ability to understand what we are doing comprehensively has been nothing short of a miracle. It really has made such an enormous difference, and we remind ourselves of how we change and construct and work the physical environment on this campus.

Mr. Mitchell:

I just want to weigh in with a student perspective. I understand that it is being designed by students; it is one of the most helpful things. We can talk about all the beautiful buildings we are creating on campus, and how our students are getting smarter and things like that, but the first thing they need to know is, how do I get to class. Even beyond that, with all the construction on campus, how do I get to class, and this way-finding project has been so amazing for me just to look at. I am very familiar with the campus, but when streets are closed off it gets pretty difficult, and it can show me that if I am walking from the law school over to Bricker or somewhere else, it shows me the ways, I cannot even walk on the sidewalk, so I just think it has been so amazing at the rudimentary level of how to get from one place to the next. It seems so simple, but with all the growth and everything, I just want to applaud them for being able to include the construction routes and things like that into it because it is really important for the initial stranger to the University.
President Gee:

That is important too because it is updated momentarily. It is not as if they do it every week or a variety of other things, it is instantaneously. I think that is the beauty of it.

Mr. Wexner:

Anything else? Alan.

Mr. Brass:

Thank you, Mr. Chair. Is Steve Gabbe here? Steve come on up here a second, would you please?

The Medical Center continues to hum, that is probably the best thing I can say. There are a couple of neat things that have just happened between this meeting and our last meeting. Dr. Gabbe, would you be kind enough just to share a couple of those, and then I will take us into our full report.

Dr. Gabbe:

Thank you, Mr. Brass, and thank you for your outstanding leadership with the Medical Affairs Committee, and thanks to members of the Committee for their support. We learned about ten days ago that we had received one of the very coveted National Institutes of Health (NIH) training grants for our M.D. / Ph.D. or as they call it, the medical scientist training program. There are only a few dozen in the country and with the NIH budget being flat, for us to get funding meant that we had to take it away from another training program. This will fund six students for the seven or eight years that they are in training for the M.D. / Ph.D. degree. It will support their medical school tuition, their graduate stipend and research funding. I want to congratulate Larry Schlesinger who leads the program and Larry Kirschner, and who by the way was at a Pelotonia event last night in Bexley where there were about 40 people we were recruiting. I want to also recognize the late Allan Yates who worked toward this for many, many years, and I am sure he is very happy to see this happen.

Earlier this month we celebrated the generosity of a number of donors for a $2 million gift to create the Hagop Mekhjian Chair in Medical Ethics and Professionalism, only a few medical schools in the country have a chair in medical ethics. I am not aware of any that have a chair in medical ethics and professionalism. This is great recognition for Dr. Mekhjian who is our chief medical officer. He has been with Ohio State for over 40 years and has led in this area nationally. The World Medical Association, in 1947 declared September 18, World Medical Ethics Day and going forward, September 18, at the Medical Center will be the Hagop Mekhjian Medical Ethics Day. We will have educational programs on September 18 to honor Dr. Mekhjian.

About three years ago we began a campaign to really focus on improving the patient care experience for our patients and their families. This past month we had the highest HCAHPS that is the inpatient, patient satisfaction scores we have ever had, 75.7% of our patients gave us nines and tens for their experience, the highest ranking you can get. That puts us .3% below the 90th percentile, which is our goal, and hopefully we will get that .3% and be there very, very soon.

This month we started a program supported by the Ohio Department of Health called a Telestroke Program. We have three community hospitals in rural settings, Coshocton, Barnsville and Cambridge where their physicians can contact our specialists in neurology, our specialists can examine through tele-medicine, look at the patient’s imaging studies and make therapeutic decisions. The day the program
launched a patient from Coshocton had a stroke. They contacted Ohio State; there is a medication, an anticoagulant that can only be administered by a neurologist, which has to be given within three hours to prevent paralysis. Our neurologist saw the patient through tele-medicine, recommended the medication, it was given, and the patient was transported to Ohio State and has done extremely well. Of note, his father has been incapacitated by a stroke that he himself had. Since that program has launched, ten other rural hospitals have asked if they can join us in this network, so this is a very powerful use of new technology for the aid of our patients, and I just wanted to bring those issues to the attention of the Board. Thank you.

Mr. Brass:

Thank you, Dr. Gabbe. Yesterday we spent a lot of time on where we are with our finances and our long-range plan. With this project, this $1.1 billion project, I would like to just highlight a couple of things for the Board and for the audience to make sure we are all on the same track. We are one month away from closing this academic fiscal year, and with healthcare reform having been passed and the regulations now being written every day, a new regulation is coming out, we have to constantly watch that as it relates to what is its impact on our long-range plan here. We are three years into our project from the standpoint of when we did our first feasibility study, and I am happy to tell you that we are exceeding our long-range plan as it relates to the financial integrity of where we are right now. My expectation is, along with that of our staff, that we will end this year with about 64 days cash in hand, our goal is to get to 100, we started at 30, so we are moving in the right direction. Our debt service coverage is going to probably be around a 6.8, and that is really very strong in light of the debt that we are bringing online right now, and that is an important variable. Our EBIDA is 11.9, as of May we have generated $1.6 billion in revenue, our expenses are $1.5 billion, and our gain from operation is $121 million. That is where we are as of May, one month prior to close, so the bottom line is that we are in pretty good shape, as it relates to the financial integrity of our medical system inside our University.

We turned our attention to the budget for next year and lined it up against our long-range plan, and I am happy to tell you that our budget next year will match that long-range plan, that will be our baseline going into our fourth year of this program, if you will. Now what does that mean? When we launched and approved this largest project in the history of Ohio State, we set three parameters in place that we wanted to watch like a hawk. One was we wanted our EBIDA to be between 10 and 12.5. As we go into 2012 academics, it will be 12.3, that is what our budget is calling the high end of our target zone. Our day’s cash on hand we wanted to continue building three to five days per year. Each day is worth $4.5 million of cash. We will go to 68.8 or 69 days from the 64 where we are right now. Our debt service we want to stay at least at 4.0, and we will be close to 6 in 2012. Now remember, as we are pulling down our cash, and we are going to be requesting through the consent agenda additional monies today, we are in fact bringing debt expense online, so our debt service coverage has to in fact make sure that it can cover that without us putting our University as a whole in any kind of a compromise situation. Good news.

I want to bring to your attention that we will be adding a fourth scorecard variable, besides the EBIDA, the days cash on hand and the debt service, we are going to bring a new variable online, that is the net revenue for adjusted patient day. Now that is a variable that will take into account every bit of revenue coming in against every indicator of patient care that we do, includes outpatient, inpatient, diagnostics, emergency room, on campus and off campus. Why are we doing that, because healthcare reform basically comes into play more and more, our biggest vulnerability is our revenue side, it is not the expense side. We can adjust expenses quickly. It is the revenue vulnerability that we want to watch. Brian Hicks made a wonderful suggestion yesterday which we are going to do, and that is we are going to break it into two parts, one the James and one the
rest of the system, just because of the enormous revenue that comes through our James program, so we can track both of those.

As we go into 2012, we are right on target with our long range plan. Our variables are exceeding our long range plan target scorecards, we will have to watch it like a hawk as we continue to go forward over the next three to four years, but I want everyone to feel pretty good.

The Medical Center expansion project, quickly to give you an update, we are on time and on budget. Those are good words. The Guaranteed Maximum Price (GMP), which we have talked about, that this project and Turner Construction Program is basically locking down on, we have locked everything down, except for one item, and that is the Radiation Oncology Program. The reason for that is that we just got the award in January, we are still into the design portion of that unit as we go forward with the project, it is part of construction reform programming, that is why the project went from $1 billion to $1.1 billion, and we are about $5 million over budget on the GMP as we sit here today. Our expectation is that will come down a little bit as we continue to fine-tune and negotiate the GMP price, but the bottom line is that we expect that GMP, all systems to be at budget, not over budget. So the project right now, without having to use contingency or activate circuit breakers is holding at the GMP price which is our original budget, good news.

Today on the consent agenda, Mr. Chairman, we have a request for $201.8 million to carry the construction through December of this year. Basically that is made up of two big chunks, $96 million, almost $97 million will be for the Cancer and Critical Care Tower, and about $67 to $68 million will be used as it relates to the Radiation Oncology Program, those are the two big chunks going through. So far, assuming we approve the $201 million, we will have approved $684 million of this project, and we will have awarded contracts at $598 million of that $684 million. We are in good shape; the rest of those contracts will be activated to take us close to the $684 by year end.

The last item I have coming out of the Medical Affairs Committee is there is a series of appointments to our five boards, including the chairs, that is consent agenda item number one, and you can see that in your documents today. All of this has been approved by the Hospital Boards, the Medical Center Board, the Medical Affairs Committee, and Bobby will also say the Fiscal Committee when we get to that. Mr. Chairman, unless there are questions, that concludes our report.

Dr. Cloyd:

Mr. Brass, as I looked at the materials for the Medical Affairs, it looked like for this year we would be down from projection on inpatient population and that the budget for next year shows an increase in inpatient population. Coming to your revenue comment, can you provide a little more perspective on why we are down currently and why that will not be a trend, that we will have an increase inpatient population next year.

Mr. Brass:

Excellent question, Gil. We are down 1.3% on admissions and observation days, that is where we are as of right now. I think we will continue that as we go through this last 30 days. I think two thoughts, one is observation days is a new phenomenon in the healthcare industry, and if in fact you admit a patient inappropriately based on the criteria, you will not get paid, so people are using observation days, where we actually do not admit to an inpatient unit, but keep them in an outpatient setting, but treat them like an inpatient quite a bit. Until we get our arms around what the methodology was that we should be using inside our organization, we have been using a lot of observation days versus admission days. We think we are fine-tuning
that and that is going to help level that out a little bit. The second thing is the Emergency Department’s (ED) volume which runs about 110 thousand visits a year is slightly down also, and I do believe that is a road condition issue, ambulances and so on, but we are looking at that very much. We expect to get that back up to where it needs to be. 40% of admissions come through that ED, so between those two factors I think we will see a little bit of growth in admissions and observation days next year.

Very good question, Gil. Thank you very much, Mr. Chairman.

President Gee:

Mr. Chairman, could I just make one observation here, and that is, as you know our large life sciences project, Medical Center Project, has allowed us to demonstrate the validity of construction reform in this state, it has done it exceptionally well. We are in the throes of a legislative session in which we hope that, thanks to the strong support of our governor and of the legislature, the speaker of the house, and the president of the senate, we will have permanent construction reform in the state which I will say categorically will make an enormous difference to the ability for us to move this University forward in a number of ways. I am just very grateful for their leadership and with high hopes that this will become law within the next week or so.

Mr. Brass:

I could not echo that better, because in fact it is a plus, plus for us. A plus at the University and a plus for patient care because it will help hold down costs as well.

President Gee:

Again I will say, though I think it is because of the quality of our team that has really taken construction reform to heart, we have performed brilliantly in setting the standards of how this can work, and thanks to the Board’s support and leadership that we are in the position to make the case, the construction reform should be a permanent part of our new agenda in Ohio.

Mr. Wexner:

Move on to Academic Affairs, Judge Marbley.

Judge Marbley:

The Academic Affairs and Student Life Committee heard a focused discussion yesterday on learning outcomes assessment. The discussion was led by Vice President for Student Life Javaune Adams-Gaston and Vice Provost for Academic Programs Randy Smith. By learning outcomes assessment, we mean the collection and use of evidence about student learning in order to be accountable and to inform next steps to improve student learning. Ohio State has become more and more systematic about assessment, to give us the type of metrics that we need to inform our decisions going forward. This effort is important for two primary reasons: first, the increased national call for student learning accountability, and second, the need to assure that our students can be successful in a rapidly changing global environment.

Dr. Adams-Gaston first explained that we must take the holistic view of the student and student learning as a result of both curricular and co-curricular opportunities. She focused on the latter opportunities which among others include learning communities to build critical and analytical thinking skills. When these learning outcome assessments were analyzed, what we found was 77% of the students acquired, as a result of being in the learning communities, job or work related knowledge and skills; 91% use critical and analytical thinking tools; and 83% found
that they enhance their analysis of quantitative problems. Also included were student employment possibilities to prepare students to achieve their career aspirations. In that respect, 76% of the students surveyed acquired job or work related knowledge and skills; 70% during their student employment acquired an understanding of themselves; 75% said that working in student life has increased their ability to work as part of a team; and 65% said that working in student life has provided skills needed to find a job in the future. Finally the assessment turned to intergroup dialogues to expand student perspectives on global issues. When those students were surveyed, we defined some very interesting data; 65% of all students report an overall positive climate for diversity; 75% of our first year students indicated it has been fairly easy to get to know people of differing races and ethnicities; 80% of minority students feel as though they belong to the Ohio State community; 60% of all students believe that Ohio State has contributed to their understanding of other racial and ethnic backgrounds. This is really compelling data because as we all know from our day jobs, we are in a global environment and we are no longer local, we are no longer national, we are global and we are having to train our students to interface with others who may be different from them but who share a common goal around business, science, or the like.

One other thing that I will note about the student employment outcome studies that is related to the intergroup dialogue is that 70% of the respondents in the student life, student employment survey felt that their student employee experience expanded their interactions with people of diverse backgrounds. So the employment piece that we have here, Mr. Chairman and Mr. President, has been really important to the holistic student. I will note parenthetically that Dr. J. said that there is a relationship between student learning and student development that is essential to the creation of meaningful student success outcomes, and she added as a footnote, and as something that we have discussed and we will continue to discuss, that there are certain outcomes that we achieve as a result of students having the on-campus experience, and 75% of the students who lived in residence halls this past year said that living in the halls positively affected their interaction with people who are different than they are, 64% said that the halls contributed to their understanding of other cultures, and 63% say that because of their living arrangement they have meaningful conversations with others about diversity and related topics such as race, ethnicity, sexual orientation, religion and spirituality. Importantly when it comes to handling conflict, 72% said the halls have positively influenced their ability to respectfully disagree with others and 71% said that the halls have positively affected their appreciation of opinions that are different from their own. So that seems to go a long way in supporting what the University leadership has said about the significance of having the on-campus experience.

Vice Provost Smith then turned the committee’s attention to the many academic paths that lead to degrees at a large complex institution such as Ohio State. He said that evidence, which varies from program to program, is increasingly collected to ensure that students are achieving what is intended in their curricular. As one example, students majoring in dance developed contract curricula following their foundation courses, these personalized curricular emphasize the integration of all the work in the major and use student performance, senior projects, and tracking of portfolio careers to evaluate the success of the program.

Another kind of assessment that takes place at the level of the course itself, as examples, Vice Provost Smith described learning outcomes assessment in English 110, which as you all know is a first year composition course that enrolls some 8,000 student and Statistics 135, which is an introductory data analysis course with 2,600 students, usually 100 sections. In the redesign of the stat course, completion rates improved dramatically when students were offered the opportunity to choose their learning delivery mode.
June 24, 2011 meeting, Board of Trustees

Learning outcomes are assessed at the graduate and professional levels as well by looking at job placements as well as traditional degree milestones like dissertation defenses and licensure. Vice Provost Smith concluded by affirming that Ohio State will continue to refine approaches to evaluate student learning and to ensure student success.

As if that was not enough, Mr. Chairman, we then endorsed the naming of the CT Scan Suite in the JamesCare Comprehensive Breast Cancer Center as the Bohm Family Computed Tomography Scan Suite, the naming of the Mammography Waiting Room in the JamesCare Comprehensive Breast Center as the Anita and Michael Goldberg Rite Rug Mammography Waiting Area, and the naming of room 256 in the Technology Learning Complex at Newton Hall as the Dean Elizabeth R. Lenz Clinical Excellence Laboratory. We endorsed the change of the name of the Department of Ophthalmology to the Department of Ophthalmology and Visual Science, and we concluded with the endorsement of the amended personnel resolution.

Mr. Chairman that concludes my report. If there are any questions I would be happy to field them, those that I cannot answer Dr. J. certainly will.

Mr. Wexner:

I would hate to read one of your opinions, Judge.

Judge Marbley:

Most people do not.

Mr. Wexner:

Thank you very much. We can move on to the Finance Committee, Bob.

Mr. Schottenstein:

Thank you, Mr. Chairman. The Finance Committee met yesterday afternoon, and we dealt with eight items that will appear on the consent agenda. What I would like to do, if it is okay with the rest of the Board, is to call on Mr. Chatas, who I am very happy to see is still here, in order to discuss the items that we dealt with.

Mr. Chatas:

Thank you, Mr. Schottenstein. We discussed the quarterly waiver report that we cover each quarter, no exceptional items there, and then I provided a financial report. In general, the financial results are quite strong for the nine months, ending March 31. Our revenues across the University were up over 8%, 2% on the academic side of the house, and 6% at the Medical Center, and so where you heard that discussion about inpatient concerns, the revenue growth year over year continues to be strong. In both sides of the house we are managing expenses quite solidly so that our operating margins continue to improve across the University, in terms of cash flow that resulted in a net improvement over the nine months of the year, compared to last year of about $50 million. In terms of the endowment, the endowment has shown quite strong performance through the period ending April 30 of the year, we saw an improvement, and results were just over 18%, so in general quite strong financial improvement.

We then discussed, and the Board approved the eight items, so I will quickly go over those. First of all, because the state has not completed the budget, we have a need for an interim budget for the University because we cannot implement the fee and revenue increases until after the state completes its work, which we would expect
June 24, 2011 meeting, Board of Trustees

will be next week. The first item was the approval of an interim budget until our September meeting; the second item is an authorization for our new Treasurer, Mike Papadakis. He has joined the group, and you all will be approving his contract as a consent agenda item, and this is to allow him to act as the University Treasurer and to implement an authorization for him to engage in buying, selling, transferring and assigning securities and deposits and other activities consistent with the role of the treasurer. We then had a revision and description of the long-term operating fund, closure of the President's Strategic Investment Fund II and revision of investment of operating funds policy. This has allowed us to enable more prudent management of the University's long-term funds which are being managed in the endowment and the establishment of a new type of reserve fund to engage in investments across the academic part of the University with the unanimous consent of the President of the University, the Provost, and the Chief Financial Officer. We then recommended authorizing the release of funds for the Medical Center Project which Mr. Brass discussed, and then we had an authorization to enter into a professional services contract by Mr. Foegler. This is related to the development of the Cannon Drive extension and modification where we will be entering a design phase. We had two authorizations related to the retirement plans of the University, specifically to add fidelity as an option for our employees in the continuation plan.

Finally we had a lengthy discussion and approval of tuition, fees and charges recommendations for the full Board today. We will be asking the Board to approve, subject to the state budget, a 3.5% increase in tuition. This amounts to $315 per student, and I would like to add two points here. First, that we will continue to increase financial aid available so that those students that require aid will receive a proportional increase in financial aid to offset that $315, and second, in dollar terms, this will continue to allow us to be the second cheapest university in Ohio, second cheapest public university with selective admissions. This is very important as we continue to focus on having an exceptional value proposition for our students.

The other thing we decided to do as a management team is recommend that we not increase any other mandatory fees this year for our students, so we will not increase the general fee, the activity fee, recreation fee or Union fee. We propose to keep those all flat so that the net increase, part of that exceptional value proposition will be 3.3%, meaning it will be the lowest in the state of Ohio amongst public universities.

We also discussed other fees. We will have an increase in differential fees for graduate students, for out-of-state students. We have recommended a 5% increase. Thereafter extensive studies across the schools, and finally we discussed fee increases related to housing, where we are recommending a 5.7% increase for parking, which on average the increase will be about 5% for all classes of parking across the University. The Finance Committee has approved moving all of those to the full Board in the consent agenda.

Mr. Schottenstein:

I just want to add one thing, Mr. Chairman, if I could, for the benefit of the rest of the Board. The authorization to enter into a professional services contract, which is 13 or 14 on the consent agenda, relates to the expenditures of up to $1.5 million relating to Cannon Drive, that is not Ohio State's money, the $1.5 million, that is money coming from the city of Columbus, which we deeply appreciate and is part of a really collaborative process. The reason we are going to enter it into the contracts is we are going to be managing the disbursement of those funds in connection with the engineers and traffic consultants that are hired to help us figure out some of the relocation issues.
June 24, 2011 meeting, Board of Trustees

President Gee:

If I could just say that we should acknowledge the strong support of our mayor and his team for efforts here at the University in terms of so many issues and this is just another one. The movement of Cannon Drive is a significant part of our framework project and now with this money we are going to be able to accelerate that even faster than we had anticipated.

Judge Marbley:

I just want to take this opportunity, sort of in my capacity of Chairman of the Academic Affairs and Student Life Committee, to commend the efforts of Mr. Chatas and his team for continuing to try to deliver the highest quality education at the most reasonable cost. It is one of the most laudable goals that we as a public land grant institution can pursue, and I want to commend Geoff for a great job toward that goal.

Mr. Chatas:

Thank you. I just have to add, it is in partnership with the Provost, and that it is really the combination of the two of us working together to make sure we can continue to deliver that value.

Mr. Schottenstein:

That concludes the report, thank you.

Mr. Wexner:

Last, but not least, Agricultural Affairs.

Mr. Fisher:

Thank you, Mr. Chairman. In the spirit of what we talk about in Agricultural Affairs, we started early this morning. All committee members were on time. We also started with a hot breakfast. We had sausage to keep in mind the older farmers, we had peanut butter to keep in mind our main consumers - moms, and we also followed Dr. Gabbe’s direction, and we had fruit. We got off to a good start.

To capture the committee reports and the discussion this morning is a little bit difficult because I found myself engaged in the discussion and not taking good notes, but in that light it was a good Committee meeting. The results, I want to share with you are these: last academic year 92% of our students were placed within six months after graduation, that could be graduate school, professional schools, but a high majority with a job, and 80% of those students stayed in Ohio. In addition, our enrollment continues to grow very nicely particularly in natural resources and animal sciences areas to lead into a lot of food discussion, food security issues, but enrollment continues to grow very nicely.

We discussed the Cooperative Extension Service which has been the foundation of outreach for a Land Grant university. I want to remind you that the allocation of resources for Extension is fairly complex. It involves the federal government, state government, county government and because of everybody being challenged on the budget side, we now have another category that makes up about 20% of our budget. I am happy to report even with the complexity of these dollars coming in, we are in good shape budget wise including what we expect to be in the state budget with our two line items for Extension and OARDC. We did have some small cuts but in the scheme of things, we are very happy with those.
June 24, 2011 meeting, Board of Trustees

The results of that allocation of dollars are because of some major work by a lot of you and indeed President Gee. He is going out this week on his 44 county visit this summer, but that is a major impact on how we are treated in the state budget, them reaching out not only to our stakeholders but that is noted by our representatives and senators in terms of that.

We also have a great spokesperson, advocate and lobbyist in Dr. Moser. I can share with you that everyone in the Ohio General Assembly knows him, has an appreciation for what he does, and we are being rewarded in this budget because of the work that he does there.

We are restructuring and re-tooling, if you will, the Extension Service. More collaboration, the need to refocus on our key programs, and when you talk about extension, you are talking about the combination of teaching, research and outreach, and so how do we deliver that to Ohioans is part of our new effort. It is coming along very nicely, but it has taken a lot of staff time, the work of a lot of folks to get that done.

We then reviewed some of the situations with our facilities in the college, and indeed I think I realized this morning that we need to have more contact with your committee, Ron. I think I can inspire you; there are some good things about that. Did you hear about breakfast? But when we look at our laboratories for the students, the Waterman Farm, all of the facilities at Don Scott, I can share with you that my engagement here goes back to 1984, I was on a committee to study the impact of lengthening the runways at Don Scott. My home happens to be in that flight pattern off of Bethel Road as well, so I have another interest, but having said that, the same issues that we were talking about this morning is what was on the agenda in 1984. The good and the bad of that is this, we have not been able to upgrade our facilities on an ongoing basis like we need to. We were always trying to anticipate what is going to happen, and what do we need to prepare for. So we have maintained a lot of our facilities in an agricultural description, with bailing wire and duct tape, and now we have reached a point in time where we need to have a vision and think about what we do with those facilities. They are very much a part of our academic outreach, part of student life, part of the rural/urban interface of our University, so critically important for us, and so Ron, we will be working with your committee. Judge Marbley, it has a lot of ties to Academic Affairs and Student Life, and certainly finance, in terms of how do you plan for and pay for all of these needed improvements, so Bobby we will talk to you as well, indeed we will talk with the entire Board as it is very much a part of our University strategy.

We did a quick review of compliance in agriculture that includes 320,000 4-H members who are part of our extended student body, and 30,000 volunteers that work with those youngsters. We have a lot of research in the college, certainly managing a very complex fiscal arrangement, as I described starting out as part of that. Today, animal care, both from a research and from how we instruct and share those academic opportunities with our students has taken on a new role, and then lastly as you heard yesterday and part of the consent agenda, talking about our presence internationally, or reaching out to do President Gee’s goal of being a Land Grant to the world. A lot there and we are prepared to participate in the overall effort that we go forward with in compliance.

Lastly, as we anticipate this budget coming forward, we will tie that together with our refurbishing of the Wooster campus, and at our September meeting we will report to the Board on how we did, relative to risk management. The cooperation of the entire University in working with the folks at Wooster, there are a lot of positive things to build off from the disaster that we had to deal with.
Dr. Cloyd:

I just want to make a comment about the Extension Service and a general thought, and it is to Dean Moser, we will be looking for some more interaction here. As we talk about wanting to be the economic engine of Ohio, I do not know a lot about sociology, but there is a background in another institution that I am aware of that has done some deep research that says that the most effective model that has been demonstrated in the United States to transfer knowledge to truly help in the application that leads to positive economic development is the agricultural extension services that the Land Grant institutions have done. The sociologists put this under the vernacular of diffusion theory which I do not claim to understand. I am glad in these tough economic times, we have been able to reestablish this because to me there is an issue that exists with a lot of people that think about how you can help the world today, to look at things like internet capability, fast time, which is all very good, but misses the point that you can only get with something like an extension service, where on one hand you have an extremely knowledgeable body, in this case understanding agriculture in a direct interface, in dialogue so that the conversation occurs in real time with the people who also have the problem in that area so that you get a full understanding of the idea and then can really bring the right kind of targeted directed help. I think as we are moving down a path to where we want to find ways that we can better leverage the tremendous technical capabilities of this University, helping the state in a broad economic development context, we need to find ways that we can really incorporate the learnings and practices I believe of our Ag Extension Service, because I think it will just make us a lot more effective.

President Gee:

Interestingly enough, that was almost my speech, thank you very much. I just want to add one other thing, and that is the fact that it is an interesting time for us. The foundations of the University obviously go back to agriculture and the mechanical arts, and engineering, as we think about the University, we think about it in a very modern way, and the fact that agriculture and the land grant principles can be our most modern concept. The issue of agriculture extension is so enormously important but at the same time we have to think about it in this modern context. I will just say this to the Board, we often think about farmers out there plowing the fields and doing a variety of other things. I was recently on one of our great farms John Deere tractor and all I had to do is push a button, and it plowed everything, and I just sat there and listened to music. It is amazing how modern agriculture is and in many ways how much more modern it is than many of the other things we are doing. It is that notion of tradition and modernity which I think is really one of the driving forces of the new University. I really applaud our own folks for rethinking that, and Jack has very much been a leader in that, and obviously Bobby has been learned this for 20 years. We look to agriculture for our roots, and we look to agriculture for our future in so many ways.

Mr. Wexner:

Would you like to take us through the consent agenda?

President Gee:

Yes, I would. Mr. Chairman, I am pleased to take us through the consent agenda. Today we have a total of 19 resolutions on the consent agenda, including the amended personnel items to which the Judge spoke. We will be taking a separate vote on item number one; therefore we are seeking the approval of the following:
June 24, 2011 meeting, Board of Trustees

NAMING OF CT SCAN SUITE

Resolution No. 2011-82

In the JamesCare Comprehensive Breast Center, the OSUCCC - James:
The Bohm Family Computed Tomography Scan Suite

Synopsis: The naming of the CT Scan Suite in the JamesCare Comprehensive Breast Center, located at 739 West Third Avenue on the Gowdy Field Development campus, the only comprehensive breast center of its kind in the Midwest.

WHEREAS the JamesCare Comprehensive Breast Center is part of the Medical Center Expansion Project (ProjectONE) campaign; and

WHEREAS Jean Clare and Friedrich Bohm have provided contributions to the Medical Center Expansion Project for the expansion of Ohio State’s Comprehensive Cancer Center – James Cancer Hospital and Solove Research Institute; and

WHEREAS Jean Clare and Friedrich Bohm have provided significant contributions to the OSUCCC – James and Pelotonia:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned CT Scan Suite in the JamesCare Comprehensive Breast Center be named The Bohm Family Computed Tomography Scan Suite.

***

NAMING OF ROOM 256 IN THE TECHNOLOGY LEARNING COMPLEX AT NEWTON HALL

Resolution No. 2011-83

In the Technology Learning Complex at Newton Hall, the College of Nursing:
Dean Elizabeth R. Lenz Clinical Excellence Laboratory

Synopsis: The naming of the Room 256 in the Technology Learning Complex (TLC) at Newton Hall, located at 1585 Neil Avenue on the Columbus campus, is a state-of-the-art facility that combines specialty laboratory features with virtual reality capability. Simulations in the TLC allow students to experience real-life, rapidly changing situations in the safety of a laboratory setting.

WHEREAS Newton Hall was dedicated for the College of Nursing to provide a space to advance nursing science and practice in order to improve the health of the people of Ohio and the global community; and

WHEREAS devoted friends of the College of Nursing, in honor of Dean Elizabeth R. Lenz’s vision and leadership, have committed to provide contributions to the College of Nursing to the Technology Learning Complex Renovation Fund for support of the SIMULATION lab for students to apply knowledge in patient care:

NOW THEREFORE
June 24, 2011 meeting, Board of Trustees

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned Room 256 of the Technology Learning Complex in Newton Hall be named the Dean Elizabeth R. Lenz Clinical Excellence Laboratory.

***

NAMING OF THE MAMMOGRAPHY WAITING ROOM
Resolution No. 2011-84

In the JamesCare Comprehensive Breast Center, the OSUCCC - James:
The Anita and Michael Goldberg Rite Rug Mammography Waiting Area

Synopsis: The naming of the Mammography Waiting Room in the JamesCare Comprehensive Breast Center, located at 739 West Third Avenue on the Gowdy Field Development campus, is the only comprehensive breast center of its kind in the Midwest.

WHEREAS the JamesCare Comprehensive Breast Center is part of the Medical Center Expansion Project (ProjectONE) campaign; and

WHEREAS Anita and Michael Goldberg/Rite Rug have provided contributions to the Comprehensive Breast Health Center at the Dublin Innovation Park for the support of the Breast Center; and

WHEREAS Anita and Michael Goldberg/Rite Rug have provided significant contributions to the OSUCCC – James:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned Mammography Waiting Room in the JamesCare Comprehensive Breast Center be named The Anita and Michael Goldberg Rite Rug Mammography Waiting Room.

***

DEGREES AND CERTIFICATES
Resolution No. 2011-85

Synopsis: Approval of Degrees and Certificates for summer quarter is proposed.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and

WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees, the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on August 28, 2011, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.
BE IT RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the April 8, 2011, meeting of the Board, including the following Appointments, Reappointments, Appointments/Reappointments of Chairpersons/Director, Leave of Absence Without Salary, Professional Improvement Leaves, Professional Improvement Leave – Change in Dates, Professional Improvement Leave – Cancellation, Professional Improvement Leave – Change in Type of Leave, Emeritus Titles, Emeritus Titles – Change in Dates, and promotion, tenure and reappointments, be approved.

Appointments

Name: CHRISTOPHER J. BAKER*
Title: Professor and Ohio Research Scholar in Integrated Sensor Systems
College: Engineering
Term: June 1, 2011, through May 31, 2016

Name: DAVID BRAKKE*
Title: Professor (The Joe R. Engle Designated Chair in the History of Christianity)
College: Arts and Sciences
Effective: September 1, 2012, through August 31, 2017

Name: KENNETH K. CHAN
Title: Professor (Charles H. Kimberly Professorship in Pharmacy)
College: Pharmacy
Term: April 1, 2011, through March 31, 2014

Name: DAVID COHN
Title: Professor (The Gertrude Parker Heer Chair in Cancer Research)
Center/Institute: Comprehensive Cancer Center / The Arthur G. James Cancer Hospital and Richard J. Solove Research Institute
Term: July 1, 2011, through June 30, 2014

Name: BRIAN A. CUMMINGS*
Title: Vice President, Technology Commercialization
Office: Business and Finance
Effective: June 1, 2011

Name: RAMESH GANJU
Title: Professor (Ernest Scott, M.D., Endowed Professorship in Pathology)
College: Medicine
Term: July 1, 2011, through June 30, 2015

Name: TIMOTHY A. GERBER
Title: Secretary of the University Senate
Office: Academic Affairs
Term: July 1, 2011, through June 30, 2014

Name: ANN K. HAMILTON
Title: Distinguished University Professor
Department: Art
Effective: July 1, 2011
Name: DAVID G. HORN
Title: Secretary
Office: Board of Trustees
Effective: July 1, 2011

Name: AHMET KAHRAMAN
Title: Professor (The Howard D. Winbigler Designated Professorship)
College: Engineering
Term: July 1, 2011, through June 30, 2016

Name: JACK D. KASEY
Title: Senior Vice President
Office: Administration and Planning
Term: June 1, 2011, through May 31, 2014

Name: RATTAN LAL
Title: Distinguished University Professor
School: Environment and Natural Resources
Effective: July 1, 2011

Name: PATRICK M. LLOYD*
Title: Dean
College: Dentistry
Term: August 1, 2011, through August 12, 2016

Name: KATHLEEN MCCUTCHEON*
Title: Vice President and Chief Human Resources Officer
Office: Human Resources
Effective: June 27, 2011

Name: BERNADETTE MELNYK*
Title: Dean
College: Nursing
Term: September 15, 2011, through August 12, 2016

Name: GREGORY M. NESS*
Title: Clinical Professor (The D.P. Snyder Designated Professorship in Oral Surgery)
College: Dentistry
Term: July 1, 2011, through June 30, 2016

Name: MICHAEL PAPADAKIS*
Title: Vice President and Treasurer
Office: Business and Finance
Term: June 13, 2011, through June 30, 2014

Name: MOHAMMED SAMIMY
Title: Professor (The John B. Nordholt Professorship in Mechanical Engineering or Metallurgical Engineering)
College: Engineering
Term: July 1, 2011, through June 30, 2016

Name: JOHN F. SHERIDAN
Title: Professor (The George C. Paffenbarger – Alumni Chair in Dental Research)
College: Dentistry
Term: July 1, 2011, through June 30, 2016

*New personnel to the University
June 24, 2011 meeting, Board of Trustees

Reappointments

Name: MARVIN T. BATTE
Title: Professor (The Fred N. VanBuren Professorship in Farm Management)
College: Food, Agricultural, and Environmental Sciences
Term: July 1, 2011, through June 30, 2012

Name: PHILIP F. BINKLEY
Title: Professor (The James Hay and Ruth Jansson Wilson Professorship in Cardiology)
College: Medicine
Term: July 1, 2011, through June 30, 2015

Name: JACK A. BOULANT
Title: Professor (Fred A. Hitchcock Professorship in Environmental Physiology)
College: Medicine
Term: July 1, 2010, through June 30, 2015

Name: PHILIP T.K. DANIEL
Title: Professor (The William Ray and Marie Adamson Flesher Professor of Educational Administration)
College: Education and Human Ecology
Term: July 1, 2011, through June 30, 2016

Name: GERALD S. FRANKEL
Title: Professor (The Det Norske Veritas (DNV) Designated Chair in Materials Science and Engineering)
College: Engineering
Term: July 1, 2011, through June 30, 2013

Name: MICHAEL R. GREVER
Title: Professor (The Charles Austin Doan Chair of Medicine)
College: Medicine
Term: July 1, 2011, through June 30, 2015

Name: RICHARD T. HART
Title: Professor (The Edgar C. Hendrickson Designated Chair in Biomedical Engineering)
College: Engineering
Term: July 1, 2011, through June 30, 2016

Name: JAY D. IAMS
Title: Professor (The Frederick P. Zuspan Chair in Obstetrics and Gynecology)
College: Medicine
Term: July 1, 2011, through June 30, 2015

Name: CARL V. LEIER
Title: Professor (The James W. Overstreet Chair in Cardiology)
College: Medicine
Term: July 1, 2011, through June 30, 2015

Name: ELIZABETH R. LENZ
Title: Dean
College: Nursing
Term: July 1, 2011, through September 14, 2011

**reappointment

Leaves of Absence Without Salary

HASSAN Y. ALY, Professor, Department of Economics – Marion, effective June 1, 2011, through June 30, 2011, for personal reasons.

JOHN C. PERSONS, Associate Professor, Department of Finance, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012, for personal reasons.

AKOS SERESS, Professor, Department of Mathematics, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012, to complete an Australian Professorial Fellowship at the University of Western Australia.

FANGYANG ZHENG, Professor, Department of Mathematics, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012, to work at the Center for Mathematical Sciences, Zhejiang University, Hangzhou China.

Professional Improvement Leaves

LOREN E. BABCOCK, Professor, School of Earth Sciences, effective Autumn Quarter 2011 and Winter Quarter 2012.

ANNE L. BEATTY, Professor, Department of Accounting and Management Information Systems, effective Winter Quarter and Spring Quarter 2012.

JAMES W. COGDELL, Professor, Department of Mathematics, effective Winter Quarter 2012.

FRANK C. DE LUCIA, Professor, Department of Physics, effective Winter Quarter and Spring Quarter 2012.

TERRY L. GUSTAFSON, Professor, Department of Chemistry, effective Winter Quarter and Spring Quarter 2012.

SUZANNE B. HARING, Professor, Department of Human Development and Family Science, effective Autumn Quarter 2011 and Winter Quarter 2012.

PATRICIA A. LATHER, Professor, School of Educational Policy and Leadership, effective Winter Quarter and Spring Quarter 2012.

JEFFREY D. MCNEAL, Professor, Department of Mathematics, effective Autumn Quarter 2011.

MARIO J. MIRANDA, Professor, Department of Agricultural, Environmental, and Development Economics, effective Autumn Quarter 2011 and Winter Quarter 2012.

RATNASINGHAM SOORYAKUMAR, Professor, Department of Physics, effective Winter Quarter and Spring Quarter 2012.

GARY STEIGMAN, Professor, Department of Physics, effective Autumn Quarter 2011 and Winter Quarter 2012.

BRIAN L. WINER, Professor, Department of Physics, effective Winter Quarter and Spring Quarter 2012.
June 24, 2011 meeting, Board of Trustees

IRINA ARTSIMOVITCH, Associate Professor, Department of Microbiology, effective Winter Quarter and Spring Quarter 2012.

TREVOR L. BROWN, Associate Professor, Glenn School of Public Affairs, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012.

RON EMOFF, Associate Professor, School of Music (Newark), effective Autumn Quarter 2011 and Winter Quarter 2012.

DIANA B. ERCHICK, Associate Professor, School of Teaching and Learning (Newark), effective Autumn Quarter 2011, 2011 and Winter Quarter 2012.

PETER M. HENNEN, Associate Professor, Department of Sociology (Newark), effective Winter Quarter and Spring Quarter 2012.

ROBERT A. KLIPS, Associate Professor, Department of Evolution, Ecology, and Organismal Biology (Marion), effective Autumn Quarter 2011 and Winter Quarter 2012.

KENNETH D. KOENIG, Associate Professor, Department of Mathematics, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012.

ZUCAI SUO, Associate Professor, Department of Biochemistry, effective Autumn Quarter 2011 and Winter Quarter 2012.

Professional Improvement Leave – Change in dates

IRFAN NOORUDDIN, Associate Professor, Department of Political Science, change from Autumn Quarter 2011 and Winter Quarter 2012, to Winter Quarter and Spring Quarter 2012.

Professional Improvement Leave – Cancellation

RICHARD E. TORRANCE, Associate Professor, Department of East Asian Languages and Literatures, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012.

Professional Improvement Leave – Change in Type of Leave

JOHN C. PERSONS, Associate Professor, Department of Finance, effective Autumn Quarter 2011, Winter Quarter and Spring Quarter 2012, change from Professional Improvement Leave to Leave of Absence Without Salary.

Emeritus Titles

MICHAEL BRAUNSTEIN, College of Law, with the title Professor Emeritus, effective July 1, 2011.

MICHAEL W. BROWNE, Department of Psychology, with the title Professor Emeritus, effective July 1, 2011.

HENRY R. BUSBY JR., Department of Mechanical and Aerospace Engineering, with the title Professor Emeritus, effective June 1, 2011.

LEANDRO CORDERO, Department of Pediatrics, with the title Professor Emeritus, effective July 1, 2011.

STEPHEN F. DALE, Department of History, with the title Professor Emeritus, effective July 1, 2011.
June 24, 2011 meeting, Board of Trustees

ANGELA M. DEAN, Department of Statistics, with the title Professor Emeritus, effective July 1, 2011.

CAROLE K. FINK, Department of History, with the title Professor Emeritus, effective July 1, 2011.

BELTON M. FLEISHER, Department of Economics, with the title Professor Emeritus, effective July 1, 2011.

GERALD S. GREENBERG, University Libraries, with the title Professor Emeritus, effective June 1, 2011.

GARY L. KINZEL, Department of Mechanical and Aerospace Engineering, with the title Professor Emeritus, effective July 1, 2011.

CHARLES A. KLEIN, Department of Electrical and Computer Engineering, with the title Professor Emeritus, effective July 1, 2011.

R. WILLIAM LIDDLE, Department of Political Science, with the title Professor Emeritus, effective July 1, 2011.

STEPHENV A. MCCAFFERTY, Department of Economics, with the title Professor Emeritus, effective July 1, 2011.

JEREDITH J. MERRIN, Department of English, with the title Professor Emeritus, effective July 1, 2011.

DAVID B. MIN, Department of Food Science and Technology, with the title Professor Emeritus, effective July 1, 2011.

DOUGLAS T. OWENS, School of Teaching and Learning, with the title Professor Emeritus, effective July 1, 2011.

KAREN R. PEELE, School of Music, with the title Professor Emeritus, effective July 1, 2011.

DWIGHT A. POWELL, Department of Pediatrics, with the title Professor Emeritus, effective July 1, 2011.

DAVID SCHMEIDLER, Department of Economics, with the title Professor Emeritus, effective July 1, 2011.

PAUL W. SCIULLI, Department of Anthropology, with the title Professor Emeritus, effective July 1, 2011.

KRISTEN SELLGREN, Department of Astronomy, with the title Professor Emeritus, effective October 1, 2011.

KAZIMIERZ M. SLOMCZYNSKI, Department of Sociology, with the title Professor Emeritus, effective October 1, 2011.

WALTER R. THRELFALL, Department of Veterinary Clinical Sciences, with the title Professor Emeritus, effective June 1, 2011.

HERBERT F. WEISBERG, Department of Political Science, with the title Professor Emeritus, effective July 1, 2011.

STEPHEN YURKOVICH, Department of Electrical and Computer Engineering, with the title Professor Emeritus, effective June 1, 2011.
June 24, 2011 meeting, Board of Trustees

CHRISTIAN K. ZACHER, Department of English, with the title Professor Emeritus, effective July 1, 2011.

 BENNETT D. BAACK, Department of Economics, with the title Associate Professor Emeritus, effective July 1, 2011.

 JAMES E. CHRISTENSEN, School of Environment and Natural Resources, with the title Associate Professor Emeritus, effective July 1, 2011.

 REBECCA J. CROPPER, Ohio State University Extension, with the title Associate Professor Emeritus, effective September 1, 2011.

 TIMOTHY J. CURRY, Department of Sociology, with the title Associate Professor Emeritus, effective July 1, 2011.

 MATTHEW E. DANGEL, Department of Ophthalmology, with the title Associate Professor Emeritus, effective July 1, 2011.

 VICTORIA L. ELFRINK, College of Nursing, with the title Clinical Associate Professor Emeritus, effective June 1, 2011.

 CHAD I. FRIEDMAN, Department of Obstetrics and Gynecology, with the title Clinical Associate Professor Emeritus, effective July 1, 2011.

 DONALD G. KASTEN, Department of Electrical and Computer Engineering, with the title Associate Professor Emeritus, effective July 1, 2011.

 DAVID A. MANGIONE, Ohio State University Extension, with the title Associate Professor Emeritus, effective July 1, 2011.

 C. DENNIS MINAHEN, Department of French and Italian, with the title Associate Professor Emeritus, effective July 1, 2011.

 EDWARD S. STERLING, College of Dentistry, with the title Associate Professor Emeritus, effective June 1, 2011.

 KAMRAN BARIN, Department of Otolaryngology, with the title Assistant Professor Emeritus, effective July 1, 2011.

 DANIEL L. FROBOSE, Ohio State University Extension, with the title Assistant Professor Emeritus, effective September 1, 2011.

 GREGORY P. GORDON, Agricultural Technical Institute, with the title Assistant Professor Emeritus, effective June 1, 2011.

 WILLIAM T. GRUNKENMEYER, Ohio State University Extension, with the title Assistant Professor Emeritus, effective July 1, 2011.

 KATHRYN C. PEPPLE, Ohio State University Extension, with the title Assistant Professor Emeritus, effective June 1, 2011.

 MARISA B. WARRIX, Ohio State University Extension, with the title Assistant Professor Emeritus, effective June 1, 2011.

 Emeritus Titles – Change in Date

 THOMAS L. BEAN, Department of Food, Agricultural and Biological Engineering, with the title Professor Emeritus, effective date changed from July 1, 2011 to April 1, 2011.
June 24, 2011 meeting, Board of Trustees

Promotions, Tenure, and Reappointments

COLLEGE OF THE ARTS AND SCIENCES
DIVISION OF ARTS AND HUMANITIES

Johnson, Jennifer, Astronomy, effective October 1, 2011
Maharry, John, Mathematics, Marion, effective October 1, 2011
Martini, Louis Paul, Astronomy, effective October 1, 2011
Panero, Wendy, School of Earth Sciences, effective October 1, 2011
Shi, Tao, Statistics, effective October 1, 2011
Thompson, Todd, Astronomy, effective October 1, 2011
Wu, Zhengrong, Biochemistry, effective October 1, 2011
Wu, Yiying, Chemistry, effective October 1, 2011
Yau, Donald, Mathematics, Newark, effective October 1, 2011

DIVISION OF SOCIAL & BEHAVIORAL SCIENCES

PROMOTION TO PROFESSOR
Bellair, Paul, Sociology, effective October 1, 2011
Cooksey, Elizabeth, Sociology, effective October 1, 2011
Guatelli-Steinberg, Debra, Anthropology, effective October 1, 2011

PROMOTION TO ASSOCIATE PROFESSOR WITH TENURE
Ahlqvist, Karl, Geography, effective October 1, 2011
Braumoeller, Bear, Political Science, effective October 1, 2011
Cook, Robert, Anthropology, Newark, effective October 1, 2011
Daddis, Christopher, Psychology, Marion, effective October 1, 2011
Edwards, Michael, Psychology, effective October 1, 2011
MacGilvray, Eric, Political Science, effective October 1, 2011
Roup, Christina, Speech & Hearing Science, effective October 1, 2011
Strunk, Daniel, Psychology, effective October 1, 2011
Wainwright, Joel, Geography, effective October 1, 2011

TENURE [AT THE CURRENT RANK OF ASSOCIATE PROFESSOR]
Dekay, Michael, Psychology, effective October 1, 2011

COLLEGE OF DENTISTRY

PROMOTION TO PROFESSOR
Clelland, Nancy, effective October 1, 2011

COLLEGE OF DENTISTRY
REGULAR CLINICAL

REAPPOINTMENT
Bauchmoyer, Susan, effective October 1, 2012
Chien, Hua-Hong, effective October 1, 2012
Fischbach, Henry, effective October 1, 2012
Mendel, Deborah, effective October 1, 2012
Mohammad, Abdel, effective October 1, 2012
Moore, Wendy, effective October 1, 2012
Rashid, Robert, effective October 1, 2012
Soller, Hilary, effective October 1, 2012

COLLEGE OF EDUCATION AND HUMAN ECOLOGY

PROMOTION TO PROFESSOR
Clark, Caroline, School of Teaching and Learning, effective October 1, 2011
D'Agostino, Jerome, School of Educational Policy and Leadership, effective October 1, 2011
June 24, 2011 meeting, Board of Trustees

Edmiston, Brian, School of Teaching and Learning, effective October 1, 2011
O’Connell, Ann, School of Educational Policy and Leadership, effective October 1, 2011
Wilkinson, Ian, School of Teaching and Learning, effective October 1, 2011

PROMOTION TO ASSOCIATE PROFESSOR WITH TENURE
Allen, Ann, School of Educational Policy and Leadership, effective October 1, 2011
Gallant, Dorinda, School of Educational Policy and Leadership, effective October 1, 2011
Konrad, Moira, School of Physical Activity & Educational Services, effective October 1, 2011
Loibl, Cäezilia, Consumer Sciences, effective October 1, 2011
Malone, Helen, School of Physical Activity & Educational Services, effective October 1, 2011
Scharff, Robert, Consumer Sciences, effective October 1, 2011

TENURE [AT THE CURRENT RANK OF ASSOCIATE PROFESSOR]
Bonomi, Amy, Human Development and Family Science, effective October 1, 2011
Miller, Carla, Human Nutrition, effective October 1, 2011

COLLEGE OF ENGINEERING

PROMOTION TO PROFESSOR
Dapino, Marcelo, Mechanical and Aerospace Engineering, effective October 1, 2011
Evans-Cowley, Jennifer, Knowlton School of Architecture, effective October 1, 2011
Potter, Lee, Electrical and Computer Engineering, effective October 1, 2011
Teixeira, Fernando, Electrical and Computer Engineering, effective October 1, 2011

PROMOTION TO ASSOCIATE PROFESSOR WITH TENURE
Belkin, Mikhail, Computer Science and Engineering, effective October 1, 2011
Lenhart, John, Civil and Environmental Engineering and Geodetic Science, effective October 1, 2011
Reano, Ronald, Electrical and Computer Engineering, effective October 1, 2011
Sun, Xiaodong, Mechanical and Aerospace Engineering, effective October 1, 2011
Wang, Yusu, Computer Science and Engineering, effective October 1, 2011
Winter, Jessica, Chemical and Biomolecular Engineering, effective October 1, 2011
Xu, Ronald, Biomedical Engineering, effective October 1, 2011

MAX M. FISHER COLLEGE OF BUSINESS

PROMOTION TO PROFESSOR
Minton, Bernadette, Finance, effective October 1, 2011

MAX M. FISHER COLLEGE OF BUSINESS
REGULAR CLINICAL

PROMOTION TO ASSOCIATE PROFESSOR-CLINICAL AND REAPPOINTMENT
Inks Jr., Lawrence, Management and Human Resources, effective June 1, 2011 and October 1, 2011

COLLEGE OF FOOD, AGRICULTURAL & ENVIRONMENTAL SCIENCES

PROMOTION TO PROFESSOR
Balasubramaniam, V.M, Food Science and Technology, effective October 1, 2011
Boyles, Stephen, Animal Sciences, effective October 1, 2011
Koontz, Tomas, School of Environment & Natural Resources, effective October 1, 2011
Moeller, John, Animal Sciences, effective October 1, 2011
Whittington, Melena, Human and Community Resource Development, effective October 1, 2011
June 24, 2011 meeting, Board of Trustees

Zerby, Henry, Animal Sciences, effective October 1, 2011

RESOLUTIONS IN MEMORIAM

Resolution No. 2011-87

Synopsis: Approval of Resolutions in Memoriam is proposed.

BE IT RESOLVED, That the Board of Trustees adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the families of the deceased.
June 24, 2011 meeting, Board of Trustees

Betty J. Fonner

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 2, 2011, of Betty Jane Fonner, Associate Professor Emeritus in the Ohio State University Extension.

Miss Fonner was born in March 1917 in Middlebourne, West Virginia. She earned her Bachelor of Science degree in home economics 1939 from West Virginia University and a Master of Arts degree in community leadership education in 1956 from Columbia University.

Betty began her Extension career in Ohio in 1945 as the home demonstration agent in Washington County. Thirteen years later, she was promoted to the position of county extension agent - home economics. She worked in Washington County for her entire career and retired in 1979.

Professor Fonner’s work with clothing, home management, and nutrition projects; workshops; and publications proved that she was a truly dedicated teacher for Extension clientele throughout the state. She wrote numerous guides and bulletins as needed for her teaching to supplement educational bulletins from the USDA and Extension. She was a member of and served on committees of several professional organizations. She received the Distinguished Service Award from the National Association of Extension Home Economists.

On behalf of the University community, the Board of Trustees expresses to the family of Associate Professor Emeritus Betty J. Fonner its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to her family as an expression of the Board’s heartfelt sympathy.

John W. Nelson

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 12, 2011, of John W. Nelson, Professor Emeritus in the College of Pharmacy.

Professor Nelson held a Bachelor of Science degree from Purdue University and a Master of Science degree in pharmacology from the University of Georgia. In 1945 he received a Ph.D. degree in pharmacology from Purdue, the first to be awarded at the university. He worked for Eli Lilly for a brief time in 1939 before serving as an assistant professor at the University of Georgia from 1940-44. Upon completion of his doctorate he taught at Oregon State as an associate professor for two years.

Professor Nelson taught pharmacognosy when he joined The Ohio State University faculty in 1947, but soon he was head of the newly established pharmacology program in the College. The program and curriculum he developed became a model for five-year Bachelor of Science in Pharmacy degree programs across the country. From 1964-67, Professor Nelson served as the day-to-day head for the construction of the new pharmacy building, now known as Lloyd M. Parks Hall. Professor Nelson developed and taught the first campus-wide course on drug abuse, Pharmacy 200. He retired from Ohio State in 1977.

Among the many honors he received was recognition in World Who's Who of Science and the receipt of a Distinguished Service Award from Ohio State. He authored over 50 publications in pharmacology and related fields. Professor Nelson was one of the original inductees into the College’s “Legends of Pharmacy” group. He mentored countless students, many of whom would return to OSU to teach.
Professor Nelson is remembered as a leader in the development of the field of pharmacology in the College of Pharmacy and across the nation. During his time at Ohio State, he was active within the University and was known for taking on challenges. He was named Professor Emeritus in 1977.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Emeritus John W. Nelson its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board’s heartfelt sympathy.

Wenrich Stuckey

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 5, 2011, of Wenrich “Bill” Stuckey, Associate Professor Emeritus in the Ohio State University Extension.

Mr. Stuckey was born in 1924 in Circleville, Ohio. He served in the U.S. Army from 1944-46 and after being wounded in combat was discharged home. He then earned his Bachelor of Science degree in Agriculture in 1949 and a Master of Science degree in 1957 in agricultural education, both from The Ohio State University.

After teaching vocational agriculture in local schools, Bill began his OSU Extension career in 1965 as the county extension agent - 4-H in Seneca County. Eight years later he became the county extension agent - agriculture in Seneca County. He held this position until he retired from the University in March 1983.

Professor Stuckey conducted educational programs for the citizens of Seneca County on subjects such as farm management, estate planning, tax management, and financial planning. He taught agronomic programs for corn and soybean producers and conducted tours to demonstrate the production, storage, and marketing of grain. Bill oversaw numerous garden clinics for suburban and urban citizens alike. His emphasis on food production and gardening programs were well received. He taught a number of workshops designed to provide pesticide applicators with information on applying pesticides more efficiently and safely, which helped them on their way to becoming certified applicators. Bill was always regarded as an excellent teacher. He was a member of and served on many committees of several professional organizations.

On behalf of the University community, the Board of Trustees expresses to the family of Associate Professor Emeritus Wenrich “Bill” Stuckey its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

UNIVERSITY DEVELOPMENT REPORT
Resolution No. 2011-88

Synopsis: The University Development Report as of April 30, 2011, is presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and
WHEREAS this report includes the revision of The Klotz Chair in Cancer Research #1; the establishment of The Klotz Chair in Cancer Research #2, The Klotz Chair in Cancer Research #3, The Klotz Chair in Cancer Research #4, The John C. Elam/Vorys Sater Professorship, and The Hagop S. Mekhijian M.D. Chair in Medical Ethics and Professionalism; the establishment of thirty-three (33) named endowed funds; the revision of fourteen (14) named endowed funds; and the closure of two (2) named endowed funds.

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Foundation as of April 30, 2011, be approved.

(See Appendix XXXVIII for background information, page 1085.)

Change in Name and Description of Named Endowed Chair

From: The Klotz Chair in Cancer Research
To: The Klotz Chair in Cancer Research #1

Establishment of Named Endowed Chairs

The Klotz Chair in Cancer Research #2
(Established with gifts originally from the estate of Marion N. Rowley transferred from The Klotz Chair in Cancer Research; used to provide salary support for a chair position in the field of cancer research)

$2,000,000.00

The Klotz Chair in Cancer Research #3
(Established with gifts originally from the estate of Marion N. Rowley transferred from The Klotz Chair in Cancer Research; used to provide salary support for a chair position in the field of cancer research)

$2,000,000.00

The Klotz Chair in Cancer Research #4
(Established with gifts originally from the estate of Marion N. Rowley transferred from The Klotz Chair in Cancer Research; used to provide salary support for a chair position in the field of cancer research)

$2,000,000.00

Establishment of Named Endowed Professorship

The John C. Elam/Vorys Sater Professorship
(Established with gifts from the family and friends of John C. Elam and the Ohio State Law alumni employed by Vorys Sater Seymour & Pease; used to support an endowed professorship position in the Moritz College of Law) (grandfathered)

$750,000.00

Establishment of Named Endowed Fund

The Mike Liu Graduate Student Scholarship Fund in Computer Science and Engineering

$54,615.00
June 24, 2011 meeting, Board of Trustees

(Established with gifts from the Department of Computer Science and Engineering alumni, colleagues, friends within the OSU and research community, and relatives; used to provide scholarship support to full-time graduate students in the College of Engineering)

Change in Description of Named Endowed Funds

OSU Extension Agriculture and Natural Resources Educators Professional Improvement Fund

OSU Mansfield Business Program Endowment Fund

OSU Mansfield Scholarship Endowment Fund

Change in Name and Description of Named Endowed Funds

From: Harry W. Ebert Scholarship in Welding Engineering
To: Harry W. and Hanni H. Ebert Scholarship Fund in Welding Engineering

From: The Rouda Scholarship for Graduate Education in Real Estate
To: The Harley E. Rouda Sr. and Marlese N. Rouda Fund for Graduate Education in Real Estate

From: The HER Realtors Fund in Real Estate
To: The Harley E. Rouda Sr. and Marlese N. Rouda Scholarship Fund

From: The Ohio State University Women’s Club Scholarship Fund
To: The University Women’s Club of Ohio State Scholarship Fund

From: Marjorie K. Fawcett Scholarship Fund
To: The University Women’s Club of Ohio State Scholarship Fund Honoring Marjorie K. Fawcett

Closure of Named Endowed Funds

Grace Wolfe Kenson Lahm Student Loan Fund

Mansfield Campus Real Estate Education Fund

Establishment of Named Endowed Chair

The Hagop S. Mekhjian M.D. Chair in Medical Ethics and Professionalism $2,006,143.68
(Established with gifts from Dr. Hagop Mekhjian M.D. and Mrs. Mary Mekhjian and multiple friends and colleagues; used to support a physician faculty member in the College of Medicine)

Establishment of Named Endowed Funds

The American Electric Power Foundation Chair Fund in Burn Care $1,000,000.00
(Established with gifts from American Electric Power Foundation; to be used for a chair position supporting a physician faculty member in the Division of Critical Care, Trauma, and Burn in the Department of Surgery)
June 24, 2011 meeting, Board of Trustees

The Frank S. and Berdine G. McWhinney Medical Research Endowment Fund
(Established with gifts from Frank S. and Berdine G. McWhinney; used to support the College of Medicine in the areas of Alzheimer’s disease, cancer, and cardiovascular research) $769,323.94

The Grace Wallace McConeghy and George McConeghy Jr. Scholarship Fund
(Established with a gift from George McConeghy, Jr.; to be equally divided between the College of Nursing and the College of Engineering to provide scholarships to undergraduate students) $265,235.35

The Van Bloom Family MBA Scholarship Fund
(Established with a gift from Col. "JC" Van Bloom; used to support a graduate student in the Fisher College of Business) $229,270.96

The Medical Class of 1973 (Four-Year Program) Scholarship Fund
(Established with gifts from the medial alumni from the class of 1973; used to provide medical student scholarships) $79,688.10

Major Ray Mendoza Endowed Scholarship Fund II
(Established with gifts from Alex Porter; used to provide scholarship support to a graduate enrolled at the Glenn School of Public Affairs) $68,246.86

The Stephen and Susan Kirschner Family Athletic Scholarship Fund
(Established with a gift from Susan and Stephen Kirschner; used to supplement the grant-in-aid scholarship costs of an intercollegiate student-athlete who is a member of the men’s basketball team) $67,743.40

The I.A. Casper and Dolly Casper Symposium Endowment Fund
(Established with gifts from Sheldon Robert “Bob” Casper; used to support an annual symposium on campus to showcase junior faculty and their research on topics related to political science) $61,000.00

The Pamela J. Liebert Endowment Fund for Breast Cancer Research
(Established with gifts from Pamela J. Liebert; used to support breast cancer research at The Arthur G. James Cancer Hospital and Richard J. Solove Research Institute) $60,766.00

B. Chandrasekaran and Sandra Mamrak Graduate Student Scholarship Fund
(Established with a gift from Dr. Balakrishnan Chandrasekaran and Dr. Sandra Mamrak; used to provide scholarship support to graduate students in the Department of Computer Science and Engineering) $59,875.00

The A. Peter Costanza Doctoral Programs in Music Endowment Fund
(Established with gifts from Dr. A. Peter Costanza; used to provide awards to students enrolled in the School of Music) $52,100.00
June 24, 2011 meeting, Board of Trustees

Karen A. Bell Dance Fund
(Established with gifts from Karen A. Bell and Ben Maiden and their family and friends; used to support local, national, or international student projects, performances, presentations, and workshops that benefit populations who have little access to dance)

$51,730.00

Elizabeth A. Salt Anthropology Travel Award Fund
(Established with a gift from Elizabeth A. Salt; used to provide financial assistance for travel to support field work and research for a graduate student who is majoring in anthropology)

$50,976.82

The Margaret “Betty” Patty and Walker B. Lowman Memorial Scholarship Fund
(Established with gifts from Karen Lowman West; used to provide scholarships for undergraduate students)

$50,563.23

The Paul S. Casamassimo Endowed Fund in Pediatric Dentistry
(Established with gifts from friends, colleagues, and former residents of Dr. Paul S. Casamassimo; used at the discretion of the chair of the Division of Pediatric Dentistry in the College of Dentistry to address the most pressing needs of the Division)

$50,299.88

The Bruno Family Scholarship Fund
(Established with a distribution from the Bruno Family Fund at The Columbus Foundation per a request from John Bruno; used to provide scholarships to undergraduate students from Lorain County, Ohio)

$50,000.00

The George and Shirley Caronis Fund to Keep the Victory Bell Ringing
(Established with a gift from Shirley Caronis; used to provide for the maintenance and preservation of the Victory Bell at the Ohio Stadium)

$50,000.00

Michael H. and Jo Ann Carpenter Scholarship Fund II
(Established with gifts from Michael H. and Jo Ann Carpenter; used to provide a scholarship for a first-year student at the Moritz College of Law)

$50,000.00

The Raymond and Laura Goodrich Undergraduate Scholarship Fund
(Established with a gift from Dr. Raymond and Laura Goodrich; used to provide financial aid to undergraduate students majoring in chemistry or biochemistry who are involved in research)

$50,000.00

The McMillen Scholarship Fund for Belmont County
(Established with a gift from the estate of Sara McMillen; used to provide financial assistance for needy students from Belmont County, Ohio)

$50,000.00

Sanda Scholarship Endowment Fund
(Established with gifts from Joseph M. Sanda; used to provide scholarships for undergraduate students in industrial and systems engineering who are involved in athletics either through the Department of Athletics or Ohio State Recreational Sports)

$50,000.00

Change in Name and Description of Named Endowed Chair

The Klotz Chair in Cancer Research #1

The Klotz Chair in Cancer Research was established October 1, 1999, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of Marion N. Rowley of Glendale, California; and made in honor of Dorothy E. Klotz (B.S.Bus.Adm. 1929) of Glendale, California; and in memory of her sister, Kathleen Wellenreiter Klotz (B.S.Bus.Adm. 1932) of Glendale, California. The name and description were revised June 24, 2011.

The annual distribution from this fund shall provide salary support for a chair position in the field of cancer research within the College of Medicine (College) and the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James). The position shall be held by a nationally eminent physician faculty member who will hold The Klotz Chair in Cancer Research #1 upon appointment made by the Board of Trustees of The Ohio State University as recommended and approved by the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College, and the senior vice president for Health Sciences. The individual appointed to this position shall be known as The Klotz Chair in Cancer Research. The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.
June 24, 2011 meeting, Board of Trustees

The research activities of the chair holder shall be supported, to include research personnel, equipment, supplies and other necessary expenses of an active researcher involved in quality medical research in the field of cancer. In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

If the distribution generated by The Klotz Chair in Cancer Research #1 is no longer needed in the area of cancer research, the distribution shall be used to fund research into the study and cure of diseases affecting the mind of the elderly, including such afflictions as Alzheimer's disease, as recommended by the dean of the College in consultation with the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek recommendations and approval from the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College, and the senior vice president for Health Sciences.

Establishment of Named Endowed Chairs

The Klotz Chair in Cancer Research #2

The Klotz Chair in Cancer Research #2 was established June 24, 2011, by the Board of Trustees of The Ohio State University with a transfer from The Klotz Chair in Cancer Research #1. The original gifts were from the estate of Marion N. Rowley of Glendale, California; and made in honor of Dorothy E. Klotz (B.S.Bus.Adm. 1929) of Glendale, California; and in memory of her sister, Kathleen Wellenreiter Klotz (B.S.Bus.Adm. 1932) of Glendale, California.

The annual distribution from this fund shall provide salary support for a chair position in the field of cancer research within the College of Medicine (College) and the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James). The position shall be held by a nationally eminent physician faculty member who will hold The Klotz Chair in Cancer Research #2 upon appointment made by the Board of Trustees of The Ohio State University as recommended and approved by the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College, and the senior vice president for Health Sciences. The individual appointed to this position shall be known as The Klotz Sisters Chair in Cancer Research.

The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

The research activities of the chair holder shall be supported, to include research personnel, equipment, supplies and other necessary expenses of an active researcher involved in quality medical research in the field of cancer. In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

If the distribution generated by The Klotz Chair in Cancer Research #2 is no longer needed in the area of cancer research, the distribution shall be used to fund research
June 24, 2011 meeting, Board of Trustees

into the study and cure of diseases affecting the mind of the elderly, including such afflictions as Alzheimer’s disease, as recommended by the dean of the College in consultation with the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek recommendations and approval from the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College, and the senior vice president for Health Sciences.

Amount Establishing Chair: $2,000,000.00

The Klotz Chair in Cancer Research #3

The Klotz Chair in Cancer Research #3 was established June 24, 2011, by the Board of Trustees of The Ohio State University with a transfer from The Klotz Chair in Cancer Research #1. The original gifts were from the estate of Marion N. Rowley of Glendale, California; and made in honor of Dorothy E. Klotz (B.S.Bus.Adm. 1929) of Glendale, California; and in memory of her sister, Kathleen Wellenreiter Klotz (B.S.Bus.Adm. 1932) of Glendale, California.

The annual distribution from this fund shall provide salary support for a chair position in the field of cancer research within the College of Medicine (College) and the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James). The position shall be held by a nationally eminent physician faculty member who will hold The Klotz Chair in Cancer Research #3 upon appointment made by the Board of Trustees of The Ohio State University as recommended and approved by the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College and the senior vice president for Health Sciences. The individual appointed to this position shall be known as The Klotz Family Chair in Cancer Research. The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

The research activities of the chair holder shall be supported, to include research personnel, equipment, supplies and other necessary expenses of an active researcher involved in quality medical research in the field of cancer. In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

If the distribution generated by The Klotz Chair in Cancer Research #3 is no longer needed in the area of cancer research, the distribution shall be used to fund research into the study and cure of diseases affecting the mind of the elderly, including such afflictions as Alzheimer’s disease, as recommended by the dean of the College in consultation with the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.
June 24, 2011 meeting, Board of Trustees

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek recommendations and approval from the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College, and the senior vice president for Health Sciences.

Amount Establishing Chair: $2,000,000.00

The Klotz Chair in Cancer Research #4

The Klotz Chair in Cancer Research #4 was established June 24, 2011, by the Board of Trustees of The Ohio State University with a transfer from The Klotz Chair in Cancer Research #1. The original gifts were from the estate of Marion N. Rowley of Glendale, California; and made in honor of Dorothy E. Klotz (B.S.Bus.Adm. 1929) of Glendale, California; and in memory of her sister, Kathleen Wellenreiter Klotz (B.S.Bus.Adm. 1932) of Glendale, California.

The annual distribution from this fund shall provide salary support for a chair position in the field of cancer research within the College of Medicine (College) and the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James). The position shall be held by a nationally eminent physician faculty member who will hold The Klotz Chair in Cancer Research #4 upon appointment made by the Board of Trustees of The Ohio State University as recommended and approved by the chief executive officer of The James, the director of the Comprehensive Cancer Center, the dean of the College, and the senior vice president for Health Sciences. The individual appointed to this position shall be known as The Kathleen Wellenreiter Klotz Chair in Cancer Research. The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

The research activities of the chair holder shall be supported, to include research personnel, equipment, supplies and other necessary expenses of an active researcher involved in quality medical research in the field of cancer. In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

If the distribution generated by The Klotz Chair in Cancer Research #4 is no longer needed in the area of cancer research, the distribution shall be used to fund research into the study and cure of diseases affecting the mind of the elderly, including such afflictions as Alzheimer’s disease, as recommended by the dean of the College in consultation with the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek recommendations and approval from the chief executive officer of The James, the director of the
Establishment of Named Endowed Professorship

The John C. Elam/Vorys Sater Professorship

The John C. Elam/Vorys Sater Designated Professorship in Law was established December 6, 2002, by the Board of Trustees of The Ohio State University with gifts from the family and friends of John C. Elam and Ohio State Law alumni employed by Vorys Sater Seymour & Pease. With additional gift commitments, the designated professorship was changed to an endowed fund September 21, 2007. The required funding level has been reached and the professorship was established June 24, 2011.

The annual distribution from this fund shall provide an endowed professorship position in The Michael E. Moritz College of Law. Appointment to the professorship shall be recommended by the dean of the Moritz College of Law and the executive vice president and provost, and approved by the Board of Trustees.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the dean of the Moritz College of Law.

Establishment of Named Endowed Fund

The Mike Liu Graduate Student Scholarship Fund in Computer Science and Engineering

The Mike Liu Graduate Student Scholarship Fund in Computer Science and Engineering was established June 24, 2011, by the Board of Trustees of The Ohio State University, with gifts from the OSU Department of Computer Science and Engineering alumni, colleagues, friends within OSU and research community, and relatives.

The intent of this fund is to recognize, encourage and assist outstanding graduate students in Computer Science and Engineering at The Ohio State University who demonstrate promise in contributing much to society.

The annual distribution from this fund shall be used to provide scholarship support to full-time graduate students in the College of Engineering focused on computer science and engineering. To qualify, candidates must demonstrate academic merit and research achievements. Financial need will not be a consideration. The Department of Computer Science and Engineering’s Awards Committee shall provide information on at least three nominees to the chair of the Department of Computer Science and Engineering for review; the chair shall select scholarship recipients in consultation with the University’s Office of Student Financial Aid. Recipients will be named annually and may compete for renewed awards in following years.
June 24, 2011 meeting, Board of Trustees

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Engineering in consultation with the chairperson of the Department of Computer Science and Engineering.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the donors, if possible, and the dean of the College of Engineering in consultation with the chairperson of the Department of Computer Science and Engineering.

Amount Establishing Endowment: $54,615.00

Change in Description of Named Endowed Funds

OSU Extension Agriculture and Natural Resources Educators Professional Improvement Fund

The OSU Extension Agriculture and Natural Resources Educators Professional Improvement Fund was established February 6, 2009, by the Board of Trustees of The Ohio State University with residual funds from the 2006 Annual Meeting and Professional Improvement Conference of the National Association of County Agricultural Agents held in Cincinnati, Ohio. The description was revised June 24, 2011.

The annual distribution from this fund shall be used to assist OSU Extension Agriculture and Natural Resources Educators with their professional improvement, recognition, and other needs as deemed necessary to support their profession. Expenditures shall be approved by the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences in consultation with the assistant director of OSU Extension for Agriculture and Natural Resources.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences in consultation with the assistant director of OSU Extension for Agriculture and Natural Resources.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

1029
June 24, 2011 meeting, Board of Trustees

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences in consultation with the assistant director of OSU Extension for Agriculture and Natural Resources.

**OSU Mansfield Business Program Endowment Fund**

The OSU Mansfield Business Program Endowment Fund was established February 2, 1996, by the Board of Trustees of The Ohio State University with gifts from the Mansfield community. The Mansfield Campus Real Estate Education Fund is being closed, the principal transferred to the principal of the OSU Mansfield Business Program Endowment Fund, the distribution transferred to the OSU Mansfield Business Program Endowment Fund distribution fund, and the description was revised June 24, 2011.

The annual distribution from this fund shall be used to supplement the costs of the OSU-Mansfield business administration program to assure it meets the high standards of the University as approved by the dean and director of the Mansfield campus.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean and director of the Mansfield campus.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the donors, if possible, and the dean and director of the Mansfield campus.

**OSU Mansfield Scholarship Endowment Fund**

The OSU Mansfield Scholarship Endowment Fund was established July 7, 1995, by the Board of Trustees of The Ohio State University with community gifts. The Grace Wolfe Kenson Lahm Student Loan Fund is being closed, the principal transferred to the principal of the OSU Mansfield Scholarship Endowment Fund, the distribution transferred to the OSU Mansfield Scholarship Endowment Fund distribution fund, and the description was revised June 24, 2011.

The annual distribution shall be used to provide scholarships to students attending The Ohio State University at Mansfield. Students shall be selected to receive awards based on criteria developed by the Admissions and Scholarship Committee of The Ohio State University at Mansfield, in consultation with the University’s Office of Student Financial Aid.

1030
June 24, 2011 meeting, Board of Trustees

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean and director The Ohio State University at Mansfield.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the donors, if possible, and the dean and director The Ohio State University at Mansfield.

Change in Name and Description of Named Endowed Funds

Harry W. and Hanni H. Ebert Scholarship Fund in Welding Engineering

The Harry W. Ebert Scholarship in Welding Engineering was established April 5, 1985, by the Board of Trustees of The Ohio State University with gifts from Harry W. Ebert (B.W.E. 1948), his war bride wife Hanni, their family, friends, and associates. Harry and Hanni were happily married for over 62 years before Hanni passed away in 2009. The description was revised April 2, 1993. The name and description were revised June 24, 2011.

The annual distribution from this fund shall be used to support welding engineering students based on academic merit and financial need with preference given to undergraduates. The annual distribution from this fund shall be used to support engineering-related educational mission of the University, consistent with the University’s mission and admissions policy. It is the donors’ desire that the scholarships be awarded with particular attention to, but not limited to, (1) immigrants and children of immigrants; (2) veterans of the U.S. Armed Forces with a minimum of two years of honorable service; (3) members or graduates of an advanced R.O.T.C. program; and (4) other deserving welding engineering students, who have been accepted for admissions at the University. Selection of each recipient shall be made by the chairperson of the Department of Materials Science and Engineering in consultation with the welding engineering faculty members in conjunction with the dean of the College of Engineering and in cooperation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Engineering.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the
need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the dean of the College of Engineering.

The Harley E. Rouda Sr. and Marlese N. Rouda Fund for Graduate Education in Real Estate

The Rouda Scholarship for Graduate Education in Real Estate was established March 4, 1977, by the Board of Trustees of The Ohio State University, with gifts from the Harley E. Rouda and Company, Realtors, of Columbus, Ohio. The name and description were revised June 24, 2011.

The annual distribution from this fund shall be used by the director of the Center for Real Estate Education and Research in The Max M. Fisher College of Business for scholarships for students enrolled as master’s degree candidates specializing in real estate or for doctoral candidates specializing in real estate education. Scholarship recipients shall be selected by the College’s dean in consultation with the University’s Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Fisher College of Business.

The investment and management of the expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, if possible, and the dean of the Fisher College of Business.

The Harley E. Rouda Sr. and Marlese N. Rouda Scholarship Fund

The HER Realtors Fund in Real Estate was established May 5, 2000, by the Board of Trustees of The Ohio State University, with gifts from Harley E. Rouda, Sr. (B.S.Bus.Adm. 1953) and Mrs. Marlese Neher Rouda (B.S.Bus.Adm. 1952). The name and description were revised June 24, 2011.

The annual distribution from this fund shall be used to provide undergraduate scholarships for students enrolled at The Max M. Fisher College of Business with preference given to students majoring in real estate. Recipients shall be selected by the director of the Fisher College of Business Undergraduate Programs Office in consultation with the University’s Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in
subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Fisher College of Business.

The investment and management of the expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from donors, if possible, and the dean of the Fisher College of Business.

The University Women’s Club of Ohio State Scholarship Fund

The Ohio State University Women’s Club Scholarship Fund was established July 20, 1979, by the Board of Trustees of The Ohio State University with gifts from the University Women’s Club of Ohio State. The name and description were revised June 24, 2011.

The annual distribution from this fund shall provide scholarships based on academic achievement and financial need for undergraduate students who are attending the Columbus campus. It is the donors’ desire that the scholarships be awarded with particular attention to, but not limited to, female students. Scholarship recipients shall be selected by the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Office of Student Financial Aid.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the University Women’s Club of Ohio State and the director of the Office of Student Financial Aid.

The University Women’s Club of Ohio State Scholarship Fund Honoring Marjorie K. Fawcett

The Marjorie K. Fawcett Scholarship Fund was established March 5, 1971, by the Board of Trustees of The Ohio State University with gifts from the University Women’s Club, in honor of Margaret K. Fawcett, wife of OSU President Novice Fawcett, in appreciation for her continuing inspiration and assistance to the University and the
June 24, 2011 meeting, Board of Trustees

University Women’s Club of Ohio State. The name and description were revised June 24, 2011.

The annual distribution from this fund shall provide scholarships based on academic achievement and financial need for undergraduate students attending the Columbus campus who are residents of Ohio and ranked as juniors or seniors. It is the donors’ desire that the scholarships be awarded with particular attention to, but not limited to, female students. Scholarship recipients shall be selected by the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Office of Student Financial Aid.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the University Women’s Club of Ohio State and the director of the Office of Student Financial Aid.

Closure of Named Endowed Funds

Grace Wolfe Kenson Lahm Student Loan Fund

The Grace Wolfe Kenson Lahm Student Loan Fund was established March 2, 1984, by the Board of Trustees of The Ohio State University with a gift from Donald J. Lett (J.D. 1949) in honor of Mrs. Grace Wolfe Kenson Lahm. The fund’s principal was transferred to the principal of the OSU Mansfield Scholarship Endowment Fund, the distribution was transferred to the OSU Mansfield Scholarship Endowment Fund distribution fund, and the fund is being closed June 24, 2011.

Mansfield Campus Real Estate Education Fund

The Mansfield Campus Real Estate Education Fund was established April 5, 1985, by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the Community Housing Resource Board, Inc., of Mansfield, Ohio. The fund’s principal was transferred to the principal of the OSU Mansfield Business Program Endowment Fund, the distribution was transferred to the OSU Mansfield Business Program Endowment Fund distribution fund, and the fund is being closed June 24, 2011.
Establishment of Named Endowed Chair

The Hagop S. Mekhjian M.D. Chair in Medical Ethics and Professionalism

The Hagop S. Mekhjian, M.D. Medical Ethics and Professionalism Lectureship Fund was established July 13, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from Dr. Hagop Mekhjian M.D. (medical director, OSU Health System since 1984) and Mrs. Mary Mekhjian of Columbus, Ohio, and gifts from multiple friends and colleagues made in Dr. Mekhjian's honor. The name and description were revised September 17, 2010, to The Hagop S. Mekhjian M.D. Medical Ethics and Professionalism Fund. The required funding level for a chair position has been reached, and the chair was established June 24, 2011.

The annual distribution shall be used to support a nationally or internationally recognized physician faculty member in the College of Medicine who brings expertise and leadership in medical ethics and professionalism into academic medicine while providing exemplary teaching, patient care and scholarly activities at the OSU Medical Center.

The appointment shall be made by the Board of Trustees of The Ohio State University as recommended by the senior vice president for Health Sciences and by the dean of the College of Medicine in consultation with the chief medical officer of the OSU Medical Center. The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donors as well as the academic standards of the University.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean and senior vice president in consultation with the chief medical officer.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donors, and from the chief medical officer of the OSU Medical Center and approved by the senior vice president for Health Sciences.

Amount Establishing Chair: $2,006,143.68

Establishment of Named Endowed Funds

The American Electric Power Foundation Chair Fund in Burn Care

The American Electric Power Foundation Chair Fund in Burn Care was established on June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from American Electric Power Foundation of Columbus, Ohio.
June 24, 2011 meeting, Board of Trustees

Until the principal balance reaches $2,000,000, the annual distribution from this fund shall be reinvested in the principal. After the principal balance reaches $2,000,000, the annual distribution from this fund shall be used for a chair position supporting a nationally or internationally recognized physician faculty member in the Division of Critical Care, Trauma, and Burn in the Department of Surgery in the College of Medicine. The chair holder shall be appointed by the Board of Trustees of The Ohio State University as recommended by the chairperson of the Department of Surgery in consultation with the director of the Burn Center (unless a candidate) and approved by the senior vice president for Health Sciences and dean of the College of Medicine. The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor and as recommended by the chairperson of the Department of Surgery and approved by the senior vice president for Health Sciences and the dean of the College of Medicine.

Amount Establishing Endowment: $1,000,000

The Frank S. and Berdine G. McWhinney Medical Research Endowment Fund

The Frank S. and Berdine G. McWhinney Medical Research Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts designated for support of the College of Medicine from Frank S. (B.S.Ed. 1931) and Berdine G. (B.A. Fine Art 1931) McWhinney of Worthington, Ohio, through an estate gift from Frank McWhinney.

The annual distribution from this fund shall support the College of Medicine in the areas of Alzheimer’s disease, cancer, and cardiovascular research as recommended by the dean of the College in consultation with the senior vice president for Health Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Medicine and the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the
June 24, 2011 meeting, Board of Trustees

need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of the College of Medicine and the senior vice president for Health Sciences.

Amount Establishing Endowment: $769,323.94

The Grace Wallace McConeghy and George McConeghy Jr. Scholarship Fund

The Grace Wallace McConeghy and George McConeghy Jr. Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from George McConeghy, Jr.

The annual distribution from the endowment shall be divided equally between the College of Nursing and the College of Engineering to provide scholarships to current undergraduate students in good standing who demonstrate financial need. The recipient of the scholarship in Nursing shall be selected by the dean of the College of Nursing or his/her designee. The recipient of the scholarship in Engineering shall be selected by the dean of the College of Engineering or his/her designee. Both scholarships shall be awarded in consultation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Nursing and the dean of the College of Engineering.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and the dean of the College of Nursing and the dean of the College of Engineering.

Amount Establishing Endowment: $265,235.35

The Van Bloom Family MBA Scholarship Fund

The Van Bloom Family MBA Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Col. “JC” Van Bloom (B.S.Bus.Adm. 1959) formerly of Troy, Pennsylvania, and memorialized at Arlington National Cemetery. Col. Van Bloom honorably served his country as a fighter pilot in World War II and the Korean War.

The annual distribution from this fund shall be used to provide support to a graduate student(s) in The Max M. Fisher College of Business, with first preference given to
June 24, 2011 meeting, Board of Trustees

students who have served in the United States Military. Preference should also be given to descendents of military personnel killed in the line of duty or to descendents of military personnel considered MIAs. Recipients shall be selected by the College's director of the Graduate Program Office in consultation with the University's Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Fisher College of Business Graduate Program Office in consultation with the College’s dean.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the oldest descendent of the donor, if possible, and the College’s director of the Graduate Program Office in consultation with the College’s dean.

Amount Establishing Endowment: $229,270.96

The Medical Class of 1973 (Four-Year Program) Scholarship Fund

The Medical Class of 1973 (Four-Year Program) Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from the medical alumni from the class of 1973 (four-year program).

The annual distribution from this fund shall provide medical student scholarships based on financial need or academic merit and, until no such candidates exist, to first-generation students (first in their immediate family to graduate from a four-year college). Recipients shall be selected by the College of Medicine Scholarship Committee in consultation with the University's Office of Student Financial Aid and be approved by the dean of the College of Medicine.

The Ohio State University's mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Medicine and the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of
June 24, 2011 meeting, Board of Trustees

Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donors and as recommended by the dean of the College of Medicine and the senior vice president for Health Sciences.

Amount Establishing Endowment: $79,688.10

**Major Ray Mendoza Endowed Scholarship Fund II**

The Major Ray Mendoza Endowed Scholarship Fund II was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Alex Porter in memory of Major Ray Mendoza (B.A. 1995), a Buckeye and member of the U.S. Marine Corps, who was killed in the line of duty while serving in Iraq.

The annual distribution from this fund shall provide scholarship support for a graduate student enrolled at the John Glenn School of Public Affairs who has demonstrated leadership skills and abilities. Scholarship recipients shall be selected by the school’s director in consultation with the University’s Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the director of the Glenn School of Public Affairs.

Amount Establishing Endowment: $68,246.86

**The Stephen and Susan Kirschner Family Athletic Scholarship Fund**

The Stephen and Susan Kirschner Family Athletic Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Susan (B.S. 1976) and Stephen Kirschner from Columbus, Ohio.

The annual distribution from this fund shall supplement the grant-in-aid scholarship costs of an intercollegiate student-athlete who is a member of the men's basketball
team and is pursuing an undergraduate degree at The Ohio State University. Scholarship recipients shall be selected by the director of the Department of Athletics in consultation with the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Department of Athletics.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the director of the Department of Athletics.

Amount Establishing Endowment: $67,743.40

The I.A. Casper and Dolly Casper Symposium Endowment Fund

The I.A. Casper and Dolly Casper Symposium Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Sheldon Robert “Bob” Casper (B.A. 1966) in honor of his parents.

The annual distribution from this fund shall support an annual symposium on campus to showcase junior faculty and their research on topics related to political science (topics may change to discuss various issues from negotiations and the psychology of politics to war time decisions and political strategies). This symposium will provide the faculty an opportunity to share their research with colleagues and students from across campus and illustrate the importance of research in the field to our graduate and undergraduate students. The symposium will include a moderated panel to highlight one of the topics and may encompass guest faculty members or faculty from our campus. The chairperson of the Department of Political Science shall administer this fund in consultation with the executive dean of the College of Arts and Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be
June 24, 2011 meeting, Board of Trustees

designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and the executive dean of the College of Arts and Sciences in consultation with the chairperson of the Department of Political Science.

Amount Establishing Endowment: $61,000.00

**The Pamela J. Liebert Endowment Fund for Breast Cancer Research**

The Pamela J. Liebert Endowment Fund for Breast Cancer Research was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from Pamela J. Liebert of Columbus, Ohio.

The annual distribution from this fund shall be used to support breast cancer research at The Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James). Funds may be used for personnel, supplies, equipment, publications, conferences and other activities required for quality research. Allocation of funds shall be recommended by the director of the Division of Surgical Oncology and approved by the CEO of The James and director of the Comprehensive Cancer Center (CCC) in consultation with the senior vice president for Health Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from both the donor, if possible, and as recommended by the director of the Division of Surgical Oncology, by the CEO of The James and director of the CCC, in consultation with the dean of the College of Medicine, and the senior vice president for Health Sciences.

Amount Establishing Endowment: $60,766.00

**B. Chandrasekaran and Sandra Mamrak Graduate Student Scholarship Fund**

The B. Chandrasekaran and Sandra Mamrak Graduate Student Scholarship Fund was established June 24, 2011 by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Dr. Balakrishnan Chandrasekaran and Dr. Sandra Mamrak.

The annual distribution from this fund shall be used provide scholarship support for full-time graduate student(s) in the Department of Computer Science and Engineering based on academic merit and research achievements with no regard for financial need. Recipients shall be selected by the dean of the College of Engineering in consultation with the Department of Computer Science and Engineering and coordinated with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.
June 24, 2011 meeting, Board of Trustees

If in the future the principal of this fund is sufficient to support a fellowship, the description will be revised to a fellowship fund.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion shall be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Engineering in consultation with the Department of Computer Science and Engineering.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management. It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the dean of the College of Engineering in consultation with the Department of Computer Science and Engineering.

Amount Establishing Endowment: $59,875.00

The A. Peter Costanza Doctoral Programs in Music Endowment Fund

The A. Peter Costanza Doctoral Programs in Music Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Dr. A. Peter Costanza.

The annual distribution from this fund shall provide two awards to students enrolled in the School of Music; one award to a Ph.D. student whose dissertation is considered most distinguished and one award to a Doctor of Musical Arts (D.M.A.) student whose D.M.A. document is considered most distinguished. Each award shall be equal to 35% of the fund’s annual distribution. Qualified candidates must have successfully passed the final oral examination within 12 months prior to the deadlines for nominations. The remainder of the fund’s distribution shall provide support for equipment, travel, materials and any other areas deemed appropriate for doctoral students in the School of Music to complete their research. To qualify, candidates’ Ph.D. dissertation and/or D.M.A. document proposals must have been approved. All awardees shall be selected by the School of Music Graduate Committee.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management. It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and director of the School of Music.
June 24, 2011 meeting, Board of Trustees

Amount Establishing Endowment: $52,100.00

Karen A. Bell Dance Fund

The Karen A. Bell Dance Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Karen A. Bell and Ben Maiden and their family and friends.

The annual distribution from this endowed fund shall be used to support local, national or international student projects, performances, presentations, and workshops that benefit populations who have little access to dance. The fund will invest in students who are utilizing dance to reach people who have been culturally, socially, politically, or economically disadvantaged to enrich, enliven, and enhance their lives through dance. Expenses may include travel, instructional materials, and other non-capital costs for projects that occur outside the University. The fund shall be administered by the chairperson of the Department of Dance.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the executive dean of the College of Arts and Sciences in consultation with the chairperson of the Department of Dance.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from Karen A. Bell and Ben Maiden, if possible, and the executive dean of the College of Arts and Sciences in consultation with the chairperson of the Department of Dance.

Amount Establishing Endowment: $51,730.00

Elizabeth A. Salt Anthropology Travel Award Fund

The Elizabeth A. Salt Anthropology Travel Award Fund be established June 24, 2011 by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Elizabeth A. Salt (M.A. 1975).

The annual distribution from this fund shall be used to provide financial assistance for travel to support field work and research for a graduate student who is majoring in anthropology. The chairperson of the Department of Anthropology shall be responsible for selecting awardees and informing the University’s Office of Student Financial Aid.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.
June 24, 2011 meeting, Board of Trustees

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and the executive dean of the College of Arts and Sciences in consultation with the chairperson of the Department of Anthropology.

Amount Establishing Endowment: $50,976.82

The Margaret “Betty” Patty and Walker B. Lowman Memorial Scholarship Fund

The Margaret “Betty” Patty and Walker B. Lowman Memorial Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Karen Lowman West.

The annual distribution from this fund shall be used to provide scholarships for undergraduate students at The Ohio State University. Students must be residents of Ohio at the time the scholarship is given, and have a record of extra-curricular involvement while in either high school or college or both. The preference shall be to award students who are pursuing a degree in science, mathematics, political science or international studies. The fund will be administered annually by the Office of Student Financial Aid. Any unused annual distribution shall be reinvested to the endowment principal.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and the Office of Student Financial Aid.

Amount Establishing Endowment: $50,563.23

The Paul S. Casamassimo Endowed Fund in Pediatric Dentistry

The Paul S. Casamassimo Endowed Fund in Pediatric Dentistry was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from friends, colleagues, and former residents of Dr. Paul S. Casamassimo, long-time chair of Pediatric Dentistry at The Ohio State University and Nationwide Children’s Hospital.

The fund was created to recognize Dr. Casamassimo’s contributions to pediatric dentistry, celebrate a career dedicated to the education of young people and the oral health of children, and as thanks for the remarkable influence he had on the lives and careers of future practitioners.
June 24, 2011 meeting, Board of Trustees

The annual distribution from this fund shall be used at the discretion of the chair of the Division of Pediatric Dentistry in the College of Dentistry to address the most pressing needs of the division including but not limited to: resident tuition, research support, faculty recruitment and awards, technology and any other priority that must be addressed for Ohio State and Nationwide Children's to continue as a national leader in pediatric dentistry.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Dentistry.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from Dr. Paul S. Casamassimo, if possible, and the dean of the College of Dentistry.

Amount Establishing Endowment: $50,299.88

The Bruno Family Scholarship Fund

The Bruno Family Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a distribution from the Bruno Family Fund at The Columbus Foundation per a request from John Bruno (B.S.Bus.Adm. 1980, J.D. 1983).

The annual distribution from this fund shall be used to provide two need-based scholarships to undergraduate students from Lorain County, Ohio. Preference shall be given to first generation college students who are not eligible to receive funding from the Federal Pell Grant Program. The scholarship is renewable up to 12 quarters/eight semesters as long as the student maintains financial need and good academic standing. The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy. Scholarship recipients shall be selected by the Office of Student Financial Aid.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the director of the Office of Student Financial Aid.
June 24, 2011 meeting, Board of Trustees

Amount Establishing Endowment: $50,000.00

The George and Shirley Caronis Fund to Keep the Victory Bell Ringing

The George and Shirley Caronis Fund to Keep the Victory Bell Ringing was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation to honor George J. Caronis (B.A. 1955, M.A. 1960) with a gift from his wife, Shirley Caronis, (B.S. 1957) of Hilliard, Ohio.

The annual distribution from this fund shall be used to provide for the maintenance and preservation of the Victory Bell at the Ohio Stadium as recommended by the associate athletic director for Facility Operations and approved by the director of Athletics.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and the director of Athletics in consultation with the associate athletic director for Facility Operations.

Amount Establishing Endowment: $50,000.00

Michael H. and Jo Ann Carpenter Scholarship Fund II

The Michael H. and Jo Ann Carpenter Scholarship Fund II was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Michael H. and Jo Ann Carpenter.

The annual distribution from this fund shall be used to provide a scholarship in an amount equal to at least 85% of in-state tuition and fees for an admitted first year student at The Michael E. Moritz College of Law. Should the endowment grow to afford a scholarship in excess of 85% of in-state tuition and fees, the scholarship will increase accordingly. To qualify, candidates must not otherwise be receiving a full-tuition scholarship and have superior academic credentials as demonstrated by an LSAT score that is among the highest scores of the entering class and a minimum GPA of 3.25. Scholarships may be renewed for the subsequent years of law school as long as the recipient maintains a minimum 3.0 GPA. The dean of the Moritz College of Law and the College’s Office of Student Financial Aid shall be responsible for selecting scholarship recipients and coordinating these scholarships with the University’s Office of Student Financial Aid.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Moritz College of Law.
The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the dean of the Moritz College of Law.

Amount Establishing Endowment: $50,000.00

The Raymond and Laura Goodrich Undergraduate Scholarship Fund

The Raymond and Laura Goodrich Undergraduate Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Dr. Raymond (B.S. 1985) and Laura Goodrich.

The annual distribution from this fund shall provide financial aid to an undergraduate student(s) majoring in chemistry or biochemistry who is involved in research. Scholarship recipients shall be selected by the chairpersons of the Departments of Chemistry and Biochemistry and approved by the executive dean of the College of Arts and Sciences in consultation with the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the executive dean of the College of Arts and Sciences in consultation with the chairpersons of the Departments of Chemistry and Biochemistry.

Amount Establishing Endowment: $50,000.00

The McMillen Scholarship Fund for Belmont County

The McMillen Scholarship Fund for Belmont County was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from the estate of Sara McMillen of Englewood Cliffs, New Jersey.
June 24, 2011 meeting, Board of Trustees

The annual distribution from this fund shall be used to provide financial assistance for needy students from Belmont County, Ohio. The Office of Student Financial Aid shall administer this scholarship.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the Office of Student Financial Aid.

Amount Establishing Endowment: $50,000.00

Sanda Scholarship Endowment Fund

The Sanda Scholarship Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Joseph M. Sanda (B.S. 1980).

Joseph began his operations research career in the aerospace industry beginning with the optimization of war games and manufacturing operations, then eventually helping to start a new business unit doing $1B systems integration solutions for the government. He went on to be the founder of a couple of software companies and participated in a successful software company IPO in 1991.

This fund shall be used to support educational diversity at the University, consistent with the University’s mission and admissions policy. The annual distribution from this fund shall provide scholarship support for students who are pursuing an undergraduate degree in industrial and systems engineering, have expressed an interest in operations research or management systems, and are involved in athletics either through the Department of Athletics or Ohio State Recreational Sports. It is the donor’s desire that the scholarships be awarded in furtherance of the diversity mission with particular attention to, but not limited to, students who are citizens of the United States, who have been accepted for admissions at the University. Scholarship recipients shall be selected by the dean of the College of Engineering in consultation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Engineering.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of
June 24, 2011 meeting, Board of Trustees

Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the dean of the College of Engineering and the director of the Department of Athletics.

Amount Establishing Endowment: $50,000.00

**Shumate Family Endowment Fund at The Wexner Center for the Arts**

The Shumate Family Endowment Fund at The Wexner Center for the Arts was established June 24, 2011 by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Alex and Renee Shumate.

The intent of this fund is to support the Wexner Center’s and the University’s commitment to diversity by increasing the participation of African American professionals in the life of the Wexner Center.

The annual distribution from this fund shall enable coordinated, strategic outreach efforts with particular attention to engaging African American professionals in the center’s exhibitions, performances, film screenings, education programs, and community initiatives. Expenditures shall be approved by the director of the Wexner Center and may include, but are not limited to, print and electronic outreach, on-site receptions for African American professionals, Wexner-hosted events off premises, waiving or subsidizing event rental fees for African American professional organizations, and actively cultivating “opinion leaders” to “spread the word” about Wexner Center events and programs.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Wexner Center.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the director of the Wexner Center.

Amount Establishing Endowment: $50,000.00
James W. and Sally A. Staker Endowed Scholarship Fund

The James W. and Sally A. Staker Endowed Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from James W. (B.S. 1956) and Sally A. Staker.

The annual distribution from this fund shall provide scholarship support to students enrolled in the College of Pharmacy. Candidates from Scioto County, Ohio, shall be given first preference. If there are no candidates from Scioto County, Ohio, second preference shall be given to candidates from Adams, Pike, Jackson, or Lawrence Counties in Ohio. Scholarship recipients shall be selected by the dean of the College of Pharmacy in consultation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and the dean of the College of Pharmacy.

Amount Establishing Endowment: $50,000.00

The Alumni Club of Taiwan Scholarship Fund

The Alumni Club of Taiwan Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from the OSU Alumni Club of Taiwan.

The annual distribution from this fund shall be used to provide scholarship(s) to undergraduate and graduate international (non-resident for tuition purposes) students attending the Columbus campus.

Preference shall be given to residents of Taiwan (as defined by laws of the country). The scholarship(s) is not renewable unless the OSU Alumni Club of Taiwan is notified. Scholarship recipients will be selected by the Office of Student Financial Aid in consultation with the Office of International Affairs.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the
endowment principal at the discretion of the Office of Student Financial Aid, and the Office of International Affairs.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donors, the Office of Student Financial Aid, and the Office of International Affairs.

Amount Establishing Endowment: $50,000.00

The Raymond G. and Helen Mossbarger Vawter Family Fund

The Raymond G. and Helen Mossbarger Vawter Family Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with a gift from Helen Mossbarger Vawter (B.S. 1955) and Raymond G. Vawter made in honor of Helen’s parents, Emerson and Odessa Mossbarger for their support and encouragement.

Upon graduation from Jackson High School in Jackson, Ohio, in 1951, Helen Mossbarger was encouraged by her parents, both teachers, to continue her education and attend college. As a resident in what has historically been an economically depressed area, she was one of a very small minority from her high school class that had the opportunity to do so. Helen capitalized on that opportunity and attributes much of her success throughout her lifetime to the experiences she had as a student at The Ohio State University.

The annual distribution from this fund shall provide need-based scholarship support for tuition, books, and room and board to a student(s) enrolled in the College of Education and Human Ecology who graduated from a high school located in Jackson County, Ohio. First preference shall be given to a student(s) who graduated from Jackson High School in Jackson, Ohio. Additional preference shall be given to a student(s) majoring in areas of study related to human ecology. The scholarship shall be split over three academic quarters each year and renewable for up to five academic years so long as the scholarship recipient(s) maintains a 2.5 grade point average on a 4.0 scale.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy. Scholarship recipients shall be selected by the College of Education and Human Ecology in consultation with the Office of Student Financial Aid.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.
June 24, 2011 meeting, Board of Trustees

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, should they be alive, or their son, Gary Vawter, and the dean of the College of Education and Human Ecology.

Amount Establishing Endowment: $50,000.00

The Stan Hardy Graduate Scholarship Fund

The Stan Hardy Graduate Scholarship Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from the estate of Barbara M. Hardy (M.A. 1970).

The annual distribution from this fund shall provide support to a graduate student(s) in The Max M. Fisher College of Business. Recipients shall be selected by the director of the college’s graduate programs in consultation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Fisher College of Business in consultation with the director of the Fisher College Graduate Programs.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of the Fisher College of Business in consultation with the director of the Fisher College Graduate Programs.

Amount Establishing Endowment: $37,298.36 (grandfathered)

The Fred M.A. and Sandra Jones Wu Endowment Fund

The Fred M.A. and Sandra Jones Wu Endowment Fund for the OSU Library Chinese Collection was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Sandra Jones Wu (B.S. 1978, M.B.A. 1988, M.D. 1996).

The annual distribution from this fund shall be used to support the work of the Chinese Studies Library at The Ohio State University Libraries as recommended by the Chinese Studies librarian and approved by the director of the University Libraries.
June 24, 2011 meeting, Board of Trustees

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal as recommended by the Chinese Studies librarian and approved by the director of the University Libraries.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and the director of the University Libraries in consultation with the Chinese Studies librarian.

Amount Establishing Endowment: $26,082.00 (grandfathered)

Tien H. Wu Endowment Fund

The Tien H. Wu Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from friends, family, and colleagues in Dr. Wu’s honor.

Dr. Tien H. Wu was a Professor at The Ohio State University from 1965 to his retirement in 1994. Professor Emeritus Wu taught undergraduate and graduate classes in geotechnical engineering. His research has included the topics of strength properties of soil and rock, glaciology in Alaska and Antarctica, stability of embankments and natural slopes, groundwater and seepage, soil-structure interaction of buried tubes, risk and reliability assessment for foundations and slopes, safety of dams, and soil reinforcement. Dr. Wu has over 90 technical publications resulting from his research, including a book he wrote on Soil Mechanics. Among his awards include the U.S. Antarctica Service Medal in 1967, the College of Engineering Research Award in 1988, the ASCE State-of-the Art Award in 1990, the Earnest Award from the ASCE Cleveland Section in 2000, and the Ralph B. Peck Award from the American Society of Civil Engineers Geo-Institute in 2008. Professor Wu was elected an ASCE Honorary Member in 2003.

The annual distribution from this fund shall promote excellence in civil engineering via lectures by eminent practitioners and academics in the profession. Expenditures shall be approved the dean of the College of Engineering in consultation with the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Engineering in consultation with the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of
June 24, 2011 meeting, Board of Trustees

Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of the College of Engineering in consultation with the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science.

Amount Establishing Endowment: 25,825.00 (grandfathered)

The Tom and Katie Koch Student Leader Scholarship Fund

The Tom and Katie Koch Student Leader Scholarship Fund was established June 24, 2011, by the Board of Trustees in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Dr. Thomas C. Koch (B.S.Agr. and B.S. 2000) and Mrs. Kathryn R. Koch (B.S. 2001) of Mahomet, Illinois.

The annual distribution from this fund shall be used to support one or more need-based scholarships for undergraduate students. At the minimum, the annual distribution shall be used to support one active undergraduate student member of the St. Thomas More Newman Center Student Group at The Ohio State University with first preference to a member who holds a leadership role with the group or exemplifies leadership qualities.

The annual distribution may be used towards the cost of tuition, room and board, books, an educational stipend and miscellaneous educational expenses. The scholarship is renewable up to six quarters as long as the recipient(s) maintain financial need and meet the scholarship requirements. Five percent of the distribution, as well as any unused distribution, should be reinvested to the endowment principal annually. This scholarship fund will be administered by the Office of Student Financial Aid in collaboration with the director of the St. Thomas More Newman Center at The Ohio State University.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the director of the Office of Student Financial Aid.

Amount Establishing Endowment: $25,750.00 (grandfathered)

The Steven M. Still Herbaceous Plant Garden Endowment Fund

The Steven M. Still Herbaceous Plant Garden Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the
June 24, 2011 meeting, Board of Trustees

guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Dr. Steven M. Still and Carolyn Still and other friends of the Chadwick Arboretum and Learning Gardens in Dr. Still’s honor.

The annual distribution from this fund shall be used to support the maintenance of the Steven M. Still Garden in the Chadwick Arboretum and Learning Gardens. Expenditures from this fund shall be approved by the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences or his/her designee. In the event that Still Garden’s needs are satisfied, funds may be used by the director of the Arboretum to enhance other herbaceous portions of the arboretum including, but not limited to, purchase of planting materials and tools, community outreach efforts, classroom activities, and special teaching applications.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from Dr. and Mrs. Still, if possible, and the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences.

Amount Establishing Endowment: $25,730.00 (grandfathered)

Canter’s Cave 4-H Camp Endowment Fund

The Canter’s Cave 4-H Camp Endowment Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from friends of Canter’s Cave.

The annual distribution from this fund shall be used to support Canter’s Cave 4-H Camp. This support may include, but is not limited to, improving camp facilities, administrative costs, and developing and implementing programming for 4-H youth at Canter’s Cave 4-H Camp. Expenditures shall be recommended by the camp director of Canter’s Cave 4-H Camp Inc. and approved by the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences in consultation with the assistant director of OSU Extension - 4-H Youth Development.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences in consultation with the assistant director for OSU Extension-4-H Youth Development.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.
June 24, 2011 meeting, Board of Trustees

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences in consultation with the assistant director for OSU Extension-4-H Youth Development.

Amount Establishing Endowment: $25,129.43 (grandfathered)

The Donna L. and Richard L. Bassett Agricultural Vice President’s Excellence Fund

The Donna L. and Richard L. Bassett Agricultural Vice President’s Excellence Fund was established June 24, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Donna L. and Richard L. Bassett.

The annual distribution from this fund shall be used to support programs identified by the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences as current and critical priorities in the College of Food, Agricultural, and Environmental Sciences. Uses of the fund shall include, but not be limited to support of: positive, creative work environment for students, faculty and staff, “outreach” to our external audiences, encouragement and promotion of student organizations, scholarships, professional development, College promotion and advancement, and other emerging college priorities. Scholarships will be awarded in consultation with the Office of Student Financial Aid.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the vice president for Agricultural Administration and executive dean for Food, Agricultural, and Environmental Sciences.

Amount Establishing Endowment: $25,000.00 (grandfathered)

Change in Name of Named Endowed Funds

The Jerome Lawrence Endowed Fund at The Jerome Lawrence and Robert E. Lee Theatre Research Institute

The Jerome Lawrence and Robert E. Lee Theatre Research Institute Endowed Fund was established July 7, 2006, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from the estate of Jerome Lawrence (B.A. cum laude 1937). The name was revised June 24, 2011.
June 24, 2011 meeting, Board of Trustees

The annual distribution from this fund shall be used at the discretion of the director and the curator of The Jerome Lawrence and Robert E. Lee Theatre Research Institute as approved by the director of University Libraries.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of University Libraries in consultation with the director and the curator of The Jerome Lawrence and Robert E. Lee Theatre Research Institute.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the director of University Libraries in consultation with the director and the curator of The Jerome Lawrence and Robert E. Lee Theatre Research Institute.

**The Schlonsky Family Athletic Scholarship Fund**

The STJ – EISi Athletic Scholarship Fund was established May 14, 2010, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from South Stands, LLC of Columbus, Ohio. The name was revised June 24, 2011.

The annual distribution from this fund shall be used to supplement the grant-in-aid scholarship costs of an intercollegiate student-athlete who is a member of the varsity men's tennis team and is pursuing an undergraduate degree at The Ohio State University. The recipient shall be selected by the director of Athletics in consultation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully expended, the unused portion shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, should one be available, and from the director of Athletics.
Change in Description of Named Endowed Funds

The Lyle Aloysius John Gassmann Memorial Award Fund in Optometry

The Lyle Aloysius John Gassmann Memorial Award Fund in Optometry was established December 6, 2002, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from family, friends, and classmates. The description was revised June 24, 2011.

All new gifts are to be invested by the Foundation, under the rules and regulations adopted by the Foundation’s Board of Directors, to the Lyle Aloysius John Gassmann Memorial Fund in Optometry with the right to invest and reinvest as needed.

During his fourth year of study at Ohio State's College of Optometry, Lyle waged a very courageous fight against non-Hodgkin's lymphoma. He passed away on December 4, 2001, following a successful bone marrow transplant. A very organized and well-prepared student, Lyle quickly became a leader in his class. His charisma, friendliness, and his service to others marked his experience at Ohio State. He was genuinely interested in other people and made friends quickly, probably because people wanted to be around his joyful spirit. Lyle's determination and his infectious enthusiasm for life will be remembered fondly, and sadly missed by all who knew him. The Gassmann family wished to honor his life through this endowment.

The annual distribution shall be awarded in its entirety to the graduating optometry student who best exemplifies Lyle’s humanitarian characteristics. The individual student will be selected by the dean of the College of Optometry, a representative of the College’s Student Affairs Office, a representative from the College of Optometry faculty, and a member of the University’s Office of Student Financial Aid. The Gassmanns will receive, in print, annual updates on the financial performance of the fund and will be informed of who the selection committee has chosen as the recipient of the Lyle Aloysius John Gassmann Memorial Award Fund.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy. Any changes to the criteria should be communicated to a representative of the Gassmann family. The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the Gassmann family, if possible, and the dean of the College of Optometry.

The Carolyn J. Merry Engineering Scholarship Fund

The Carolyn J. Merry Engineering Scholarship Fund was established April 3, 2009, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Robert K. Redfield of Hilliard, Ohio, in honor of his spouse Carolyn Merry, professor and chairperson of the Department of Civil and Environmental Engineering and Geodetic Science. The description was revised June 24, 2011.
June 24, 2011 meeting, Board of Trustees

Dr. Carolyn Merry started at The Ohio State University as an assistant professor in 1988, eventually being formally appointed Department chairperson by the OSU Board of Trustees effective July 1, 2005. She teaches classes in surveying, geographic information science, and remote sensing in the Department. She was a first generation student who went to college, and has a strong appreciation for the value of a college education. One area she has energetically supported throughout her tenure at The Ohio State University is to encourage females to pursue the field of civil engineering as a career.

The annual distribution from this fund shall be used to support civil or environmental engineering undergraduates and educational diversity at the University, consistent with the University's mission and admissions policy. It is the donor's desire that these civil engineering scholarships be awarded in furtherance of the diversity mission with particular attention to, but not limited to, female students matriculating in the fields of civil or environmental engineering. Scholarships may be renewed and first preference shall be given to previous recipients. While Dr. Carolyn Merry is the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science, the Department's chairperson shall recommend scholarship recipients and the College's dean shall approve the selection in consultation with the Office of Student Financial Aid. When Dr. Carolyn Merry is no longer the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science, scholarship recipients shall selected by the Department's chairperson in consultation with the Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion shall be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Engineering in consultation with the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the dean of the College of Engineering in consultation with the chairperson of the Department of Civil and Environmental Engineering and Geodetic Science.

The Rausch-Spiers Family Scholarship Fund

The Rausch-Spiers Family Scholarship Fund was established December 3, 2004, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Jack and Rita (B.S.Ed. 1967) Spiers. The description was revised June 24, 2011.

The annual distribution from this fund shall be used for need-based scholarships for undergraduate or graduate students. First priority should be given to graduates of high schools from Monroe County, Ohio. Second priority should be given to graduates of
June 24, 2011 meeting, Board of Trustees

Pickerington City High Schools. Scholarship is renewable for up to four years (unless student is enrolled in a five-year program) as long as the recipient maintains a cumulative 2.8 GPA. Scholarship recipients will be selected by the director of the Office of Student Financial Aid.

In any given year that the endowment distribution is not fully expended, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from both the donors, if possible, and the director of the Office of Student Financial Aid.

The Richard C. Richley M.D. Medical Research Fund

The Richard C. Richley M.D. Medical Research Fund was established February 2, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts made in honor of Dr. Manuel Tzagournis (B.S. 1956, M.D. *cum laude* 1960, M.S. 1967), former vice president of Health Sciences and dean of the College of Medicine, from Richard C. Richley, M.D. (B.S. 1966, M.D. 1970) of San Diego, California. The description was changed June 24, 2011.

The annual distribution from this fund shall support diabetes research at the OSU Medical Center. When possible in any given year, the distribution from this fund should be used to support researchers conducting diabetes research mainly in the Tzagournis Medical Research Facility or in a facility within the Medical Center’s Research Corridor and other similar funds under the Manuel Tzagournis M.D. Medical Research Endowment Trust.

Allocation shall be made by the vice dean for Research (or if under Trust, selection through a grant application process) in consultation with the senior vice president for Health Sciences and dean of the College of Medicine. Under the Trust, researchers may apply for one-year funding grants, which are not limited to senior faculty, through the vice dean for Research, College of Medicine. The distribution or grants may be used for, but not limited to, supplies, equipment, salaries for research personnel and activities required for quality medical research.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the vice dean for Research in consultation with the dean of the College of Medicine and the senior vice president for Health Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the
need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor (or his designee) and as recommended by the vice dean for Research in consultation with the dean of the College of Medicine and the senior vice president for Health Sciences.

Change in Name and Description of Named Endowed Funds

The Battelle Center for Science and Technology Policy Endowed Fund

The Battelle Center for Mathematics and Science Education Policy Endowed Support Fund was established May 4, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Battelle Memorial Institute. The name and description were revised June 24, 2011.

The annual distribution from this fund shall be used to support activities associated with or related to the Battelle Center for Science and Technology Policy at the John Glenn School of Public Affairs. Expenditures shall be recommended by the director of the Glenn School of Public Affairs.

In any given year that the endowment distribution is not fully used for its intended purposes, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Glenn School of Public Affairs.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from both the donor, and the director of the Glenn School of Public Affairs.

FISCAL YEAR 2012 TUITION, FEES AND CHARGES

Resolution No. 2011-89

Synopsis: Residential and non-residential instructional, general and other user fees for undergraduate, graduate and professional students at all campuses of The Ohio State University for the 2011–2012 academic year are proposed.

WHEREAS the Board of Trustees of The Ohio State University supports the University’s continued implementation of the Academic Plan and its initiatives to meet the needs of Ohio State students;

and

WHEREAS the State budget currently under consideration for Fiscal Year 2012 and Fiscal Year 2013 includes proposed tuition caps each year of the biennium (FY12 and FY13) of 3.5% for resident undergraduate tuition; and
WHEREAS consultations have taken place within the University to determine the appropriate instructional and general fee increases for all campuses for Ohio State undergraduate, graduate and professional programs and the non-resident fee for the 2011-2012 academic year; and

WHEREAS Ohio State room and board charges, and other charges as described in the accompanying text and tables which have been reviewed and are also being recommended; and

WHEREAS the administration now presents instructional, general, non-resident and other fee recommendations for the Columbus, Lima, Mansfield, Marion and Newark campuses and for the Agricultural Technical Institute (ATI) at Wooster for the 2011-2012 academic year:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby confirms the recommendation of the administration and hereby approves tuition increases as follows:

- That tuition for undergraduates enrolled at the Columbus, regional and ATI campuses will increase 3.5% for the 2011-2012 academic year, effective Fall Quarter 2011, subject to any limitation that may be imposed by the final passage of the State of Ohio Fiscal Year 2012 and State Fiscal Year 2013 biennial budget currently under consideration;
- That instructional fees for graduate programs will increase 5% on the Columbus campus and approximately 5% on the regional and ATI campuses for the 2011-2012 academic year;
- That the non-resident surcharge for undergraduates and most graduate students, as recommended, on the Columbus, regional and ATI campuses will be increased by 5% for the 2011-2012 academic year; and

BE IT FURTHER RESOLVED, That the Room and Board fees increase approximately 5.7% and existing graduate and other fees will be increased and new fees implemented as outlined in the attached documents as presented to the Finance Committee of the Board of Trustees; and

BE IT FURTHER RESOLVED, That the University Health System charges increase 6.5%; and

BE IT FURTHER RESOLVED, That all of these increases described in the attached document shall be effective Fall Quarter of academic year 2011-2012, except where otherwise indicated, and charges for the Health System shall be effective July 1, 2011.

(See Appendix XXXIX for background information, page 1090.)

INTERIM BUDGET FOR FISCAL YEAR 2012

Resolution No. 2011-90

Synopsis: Authorization to make expenditures in FY 2012 is proposed.

WHEREAS the biennial budget for State Fiscal Year 2012 and State Fiscal Year 2013 is still under consideration in the Ohio General Assembly; and

WHEREAS the budget for FY 2012 continues to be developed; and

1062
WHEREAS the notification of the state subsidy funding level from the Board of Regents depends on passage of the State Fiscal Year 2012 and State Fiscal Year 2013 biennial budget; and

WHEREAS it is necessary to continue University operations prior to the time that the budget for Fiscal Year 2012 is finalized and adopted:

NOW THEREFORE

BE IT RESOLVED, That the University be authorized to make expenditures consistent with the level of resources approved for Fiscal Year 2011, until such time that the Board of Trustees adopts the Current Funds Budget for FY 2012, no later than the September 2011 meeting of the Board.

(See Appendix XL for background information, page 1086.)

REVISION OF DESCRIPTION OF THE LONG-TERM OPERATING FUND, CLOSURE OF THE PRESIDENT’S STRATEGIC INVESTMENT FUND II, AND REVISION OF INVESTMENT OF OPERATING FUNDS POLICY

Resolution No. 2011-91

Synopsis: A revision of the description of the Long-Term Operating Fund, closure of the President’s Strategic Investment Fund II, and the revision of the Operating Funds Policy, is presented for Board acceptance.

WHEREAS proposed revisions being made to the Long-Term Operating Fund include, 1) the treatment of any annual excess distribution and annual realized or unrealized appreciation of the Fund; 2) the amount of annual funds that would be available for expenditure from this Fund and 3) the process for expenditure approval from the fund; and

WHEREAS it is proposed that the President’s Strategic Investment Fund II be closed due to these description revisions to the Long-Term Operating Fund; and

WHEREAS a revision is needed in the existing Operating Fund Policy since it references these two funds:

NOW THEREFORE

BE IT RESOLVED, That the recommended revisions to the Long-Term Operating Fund and the Operating Funds Policy, and closure of the President’s Strategic Investment Fund II be approved effective immediately.

(See Appendix XLI for background information, page 1087.)

AUTHORIZATION FOR RELEASE OF FUNDS

Resolution No. 2011-92

Synopsis: Release of funds for the Medical Center Expansion Project is recommended.

WHEREAS in September 2009 the Board of Trustees authorized the Medical Center Expansion (ProjectONE) at a cost not to exceed $1 billion and authorized the President and/or Senior Vice President for Administration and Planning and Special Assistant to the President, in consultation with the Senior Vice President for Health Sciences, to enter into design, construction, construction management, and other contracts as
June 24, 2011 meeting, Board of Trustees

necessary for the project in accordance with the established University and state of Ohio procedures, with all actions to be reported to the Board at the appropriate time; and

WHEREAS the project is expected to be funded by $925 million from University bond proceeds and $75 million from development funds for a total authorized project amount not to exceed $1 billion; and

WHEREAS in April 2011 the Board of Trustees authorized the $100M expanded cancer ambulatory program radiation oncology services as part of the authorized revised Medical Center Expansion Project; and

WHEREAS the President and/or Senior Vice President for Administration and Planning and Special Assistant to the President, in consultation with the Senior Vice President for Health Sciences shall only spend such funds as are released by the Board; and

WHEREAS the President and/or Senior Vice President for Administration and Planning and Special Assistant to the President, in consultation with the Senior Vice President for Health Sciences, shall report to the Board on the progress of the project every six months or more frequently as appropriate or as requested by the Board and, as a part of such reports, shall request release of such funds as needed; and

WHEREAS the following funds for construction commitments are requested for release:

Commitments to be made thru December 2011:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cancer &amp; Critical Care Tower</td>
<td>$96.9M</td>
</tr>
<tr>
<td>Infrastructure &amp; Roadways</td>
<td>$15.3M</td>
</tr>
<tr>
<td>Spirit of Women Park</td>
<td>$0.3M</td>

AUTHORIZATION TO ENTER INTO PROFESSIONAL SERVICES CONTRACTS
Resolution No. 2011-93

Cannon Drive Relocation Phase 1

Synopsis: Authorization to engage professional services for the first phase of the Cannon Drive Relocation is requested.

WHEREAS the relocation of Cannon Drive is a key component of the Framework which guides the development of The Ohio State University’s Columbus campus and is an important part of a series of mutually-supportive, campus-wide strategies to improve connectivity, embrace and improve the environmental quality of the Olentangy Riverfront, create real estate value, and enhance access to the OSU Medical Center, the campus core and the western lands; and

WHEREAS the City of Columbus is committed to the restoration of the Olentangy River corridor through the Ohio State campus area and also recognizes the substantial potential for future economic development benefits to the City resulting from new
June 24, 2011 meeting, Board of Trustees

development/expansion opportunities enabled by the relocated Cannon Drive, and has therefore set aside $1.5 million in its current capital budget for the design of the first phase of the Cannon Drive relocation; and

WHEREAS the University will not enter into professional services agreements for the design of this project prior to executing a mutually-acceptable Design Reimbursement Agreement with the City of Columbus, which will provide for a reimbursement to the University of the costs of the project’s professional services:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Senior Vice President for Business and Finance be authorized to enter into agreements and professional services contracts for the Cannon Drive Relocation Phase 1 project in accordance with established University and State of Ohio procedures, with all actions to be reported to the Board at the appropriate time.

***

AUTHORIZATION TO AMEND THE OHIO STATE UNIVERSITY RETIREMENT CONTINUATION PLAN
Resolution No. 2011-94

Synopsis: Approval to amend The Ohio State University Retirement Continuation Plan (“Plan”), is proposed.

WHEREAS the Board of Trustees originally adopted the Plan effective July 1, 2001; and

WHEREAS the Board of Trustees amended and restated the Plan effective as of January 1, 2011; and

WHEREAS under Section 11.01 of the Plan, the Board of Trustees has the authority to amend the Plan from time to time; and

WHEREAS the University desires to amend the Plan to comply with applicable laws, regulations, and administrative authority and to make certain administrative changes:

NOW THEREFORE

BE IT RESOLVED, That the amendment to the Plan, in substantially the form attached as Exhibit A and incorporated herein by reference, is hereby adopted effective as of July 1, 2011; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer is hereby authorized to execute the amendment and any other agreements, certificates, instruments, documents or conveyances necessary to effectuate or carry out the purpose and intent of this resolution.

(See Appendix XLII for background information, page 1090.)

***

AUTHORIZATION TO AMEND AND RESTATE THE OHIO STATE UNIVERSITY SUPPLEMENTAL 415(M) RETIREMENT PLAN
Resolution No. 2011-95
June 24, 2011 meeting, Board of Trustees

Synopsis: Approval of amendment and restatement of The Ohio State University Supplemental 415(m) Retirement Plan (“Plan”) is proposed.

WHEREAS the Board of Trustees originally adopted the Plan, effective as of July 1, 2001; and

WHEREAS under Section 10.1 of the Plan, the University has the right to amend the Plan at any time by formal action of its Board of Trustees; and

WHEREAS the University desires to amend and restate the Plan to make certain changes:

NOW THEREFORE

BE IT RESOLVED, That an amendment and restatement of the Plan, in substantially the form attached hereto as Exhibit A and incorporated herein by reference, is hereby adopted effective as of July 1, 2011; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer is hereby authorized to execute the amended and restated Plan and any other agreements, certificates, instruments, documents or conveyances necessary to effectuate or carry out the purpose and intent of this resolution.

(See Appendix XLIII for background information, page 1132.)

ENVIRONMENTAL COVENANT OR EASEMENT
Resolution No. 2011-96

OHIO ENVIRONMENTAL PROTECTION AGENCY
PROTECTED WETLAND
MANSFIELD REGIONAL CAMPUS

Synopsis Authorization is requested to grant an environmental covenant or easement at the Mansfield Regional Campus to create a protected wetlands area on the Campus.

WHEREAS the Ohio Environmental Protection Agency and the Army Corps of Engineers required, as a condition for issuing permits, the creation of protected wetland areas as mitigation for the loss of wetlands resulting from the construction of Riedl Hall; and

WHEREAS the grant of the covenant or easement will permit the University to comply with the commitment made at the time of receiving construction permits to create protected wetlands. The appropriate University offices, including the Mansfield Regional Campus and Physical Planning and Real Estate have determined that the grant of this easement is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Senior Vice President for Administration and Planning be authorized to approve the appropriate documents and grant the environmental covenant or easement upon such terms and conditions as are in the best interest of the University.

(See Appendix XLIV for background information, page 1140.)

***
Synopsis: Authorization to establish a new affiliate to enable the USAID funded "Innovative Agriculture Research Initiative" (hereinafter "iAGRI") in the country of Tanzania is recommended.  

WHEREAS the Board of Trustees adopted the Policy on Affiliated Entities in June 2008 to provide a uniform framework for the establishment and operation of separate entities that are closely affiliated with The Ohio State University, ensure that such entities serve the best interests of the University, and provide for continuing appropriate oversight by the University and the Board; and  

WHEREAS the iAGRI finding from USAID was awarded to The Ohio State University in a Cooperative Agreement dated February 22, in the amount of Twenty Four Million Dollars ($24,000,000); and  

WHEREAS the iAGRI project objectives are to: 1) Establish a program of collaborative agriculture research with Sokoine University of Agriculture ("SUA") and Tanzanian National Agricultural Research System ("NARS"); 2) Provide advanced degree training in agriculture for 120 Tanzanian graduate students; 3) Strengthen the capacity of SUA to develop and implement instructional, internship, and outreach programs in agriculture; and 4) Promote cooperation between SUA, U.S. Universities, and global south universities; and  

WHEREAS as a requirement of the iAGRI project Ohio State will establish a project management unit (PMU) in Tanzania that will be staffed by the project director, Ohio State Professor Dr. David Kraybill, who will be residing and working in Tanzania, for the duration of the iAGRI project; and  

WHEREAS the driving factors behind the creation of this affiliated entity are the requirements of Tanzanian law;  

NOW THEREFORE  

BE IT RESOLVED, That the Board of Trustees hereby authorizes the establishment of the affiliated entity OSU Tanzania Gateway, LLC, and authorizes and directs the President and/or Senior Vice President for Business and Finance, in consultation with other University officials as appropriate, to perform such actions and execute such documents as may be necessary or desirable to effect the establishment of this entity; and  

BE IT FURTHER RESOLVED, That in accordance with the Policy on Affiliated Entities, the Vice President for Agricultural Administration and the Dean of the College of Food, Agriculture and Environmental Sciences is hereby designated as the senior University official charged with oversight of this entity and that OSU Tanzania Gateway shall report periodically to the University and Board of Trustees through the designated senior oversight official; and  

BE IT FURTHER RESOLVED, That the relationship between the University and OSU Tanzania Gateway shall be memorialized through a memorandum of agreement and that the entity shall operate in accordance with the Policy on Affiliated Entities, the memorandum of agreement, and the entity's approved business plan; and  

BE IT FURTHER RESOLVED, That as appropriate and as directed, Trustees, officers, and employees of The Ohio State University are hereby authorized, designated, and directed to serve as directors, managers, officers, employees, and agents of OSU
June 24, 2011 meeting, Board of Trustees

Tanzania Gateway, LLC, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which Trustees, officers, and employees of the University now are, or hereafter may become, entitled.

AUTHORIZATION FOR DESIGNATED OFFICIALS TO BUY, SELL, ASSIGN AND TRANSFER SECURITIES; TO DEPOSIT OR WITHDRAW FUNDS FROM BANK ACCOUNTS; AND TO DESIGNATE DEPOSITORIES

Resolution No. 2011-98

Synopsis: Authorization for designated officials to buy, sell, assign, and transfer securities, to deposit or withdraw funds from bank and investment accounts held in the name of The Ohio State University, to designate depositories, and to execute related agreements is proposed.

WHEREAS designated officials of the University buy, sell, assign, and transfer stocks, bonds, other financial instruments owned by The Ohio State University; and

WHEREAS various financial institutions are designated as depositories of The Ohio State University; and

WHEREAS accounts at various financial institutions are opened and maintained in the name of The Ohio State University, and

WHEREAS the University Treasurer serves as trustee for deferred gift vehicles;

NOW THEREFORE

BE IT RESOLVED, That the University Treasurer and/or the University Senior Vice President for Business and Finance or their designees be authorized to buy, sell, assign, and transfer any and all stocks, bonds, evidence of interest and/or indebtedness, rights and options to acquire or to sell the same, and all other securities corporate or otherwise, standing in the name of or belonging to The Ohio State University in any capacity; and

BE IT FURTHER RESOLVED, That these officials be authorized to designate various financial institutions as depositories of The Ohio State University and to open and maintain accounts at various financial institutions in the name of The Ohio State University; to engage in and sign Agreements for bank, underwriting, brokerage, leasing, equipment financing, financial services; and

BE IT FURTHER RESOLVED, That these officials be authorized, on behalf of The Ohio State University and in its name, to sign checks, drafts, notes, bills of exchange, letters of credit, acceptances, electronic fund transfers or other orders for the payment of money from said accounts; to endorse in writing or by stamp checks, notes, bills, certificates of deposit or other instruments owned or held by the University for deposit in said accounts or for collection or discount by said banks; to accept drafts, acceptances, and other instruments payable to said banks; to waive, demand, protest, file notice of protest, or dishonor any check, note, bill, draft or other instrument made, drawn or endorsed by the University.

BE IT FURTHER RESOLVED, That the University Treasurer be authorized to serve as trustee for deferred gifts to The Ohio State University to include, but not limited to, Charitable Remainder Trusts, Charitable Lead Trusts, Gift Annuities and Pooled Income Funds.

DEPARTMENT NAME CHANGE FROM DEPARTMENT OF OPHTHALMOLOGY TO THE DEPARTMENT OF OPHTHALMOLOGY AND VISUAL SCIENCE
Resolution No. 2011-99

WHEREAS the Department of Ophthalmology now includes research faculty and clinicians who are not ophthalmologists but who are vital to the functioning of the department and who have collaborations within the University, but outside the Department; the new name better describes the breadth of the Department; and

WHEREAS the name was suggested by, and endorsed unanimously, by the Department’s faculty; and

WHEREAS the proposal has the support of the College of Medicine, academic departments within it and the College of Veterinary Medicine that perform vision research, and the College of Optometry; and the name is being used at many other universities; and

WHEREAS the proposal was approved by the Council on Academic Affairs, and the University Senate at its meeting on May 26, 2011;

NOW THEREFORE

BE IT RESOLVED, That the name of the Department of Ophthalmology be changed to the Department of Ophthalmology and Visual Science, effective immediately.

Upon motion of Mr. Schottenstein, seconded by Mr. O’Dell, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Trustees Wexner, O’Dell, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbly, Kass, Jurgensen, and Wadsworth.

RATIFICATION OF APPOINTMENTS TO MEDICAL CENTER BOARDS
Resolution No. 2011-100

Synopsis: Ratification of appointments to Medical Center boards is proposed.

WHEREAS in June 2009, the Board of Trustees authorized the president of the University to take actions necessary and appropriate to appoint members to the Medical Center Board, the University Hospital Board, the University Hospital East Board, the OSU Harding Hospital Board, the James Cancer Hospital Board, and the Ross Heart Hospital Board; and

WHEREAS all members of these boards shall be appointed in accordance with Board of Trustees Bylaws 3335-93-01 and 3335-104-01, and in consultation with the president of the University; and

WHEREAS the chair and vice chair of the medical center boards shall be a public member appointed annually by the Board of Trustees upon recommendation of the University president;

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby ratifies the following appointments and reappointments, as designated by board and terms of appointment, made by the president pursuant to the resolution adopted by this Board in June 2009:

1069
June 24, 2011 meeting, Board of Trustees

Medical Center Board
Elizabeth Kessler – effective 7/1/2011 through 6/30/2014
Barbara Kunz, Chair - effective 7/1/2011 through 6/30/2012
Corbett Price – effective 7/1/2011 through 6/30/2014

University Hospital Board
Todd Barnum – effective 7/1/2011 through 6/30/2014
Russell Gertmenian – effective 7/1/2011 through 6/30/2014
Ellen Hardymon – effective 7/1/2011 through 6/30/2013
David Lauer, Chair – effective 7/1/2011 through 6/30/2012
Nancy Petro, Vice Chair - effective 7/1/2011 through 6/30/2012
Nancy Petro – effective 7/1/2011 through 6/30/2014
George Skestos – effective 7/1/2011 through 6/30/2014

James Cancer Hospital Board
R. Guy Cole, Jr., Vice Chair – effective 7/1/2011 through 6/30/2012
Robert Massie, Chair – effective 7/1/2011 through 6/30/2012
Robert Massie – effective 7/1/2011 through 6/30/2014
Julie Swick – effective 7/1/2011 through 6/30/2014

University Hospital East Board
Karen Angelou – effective 7/1/2011 through 6/30/2014
Frederick Ransier, Vice Chair – effective 7/1/2011 through 6/30/2012
Frederick Ransier, III – effective 7/1/2011 through 6/30/2014
George Skestos, Chair – effective 7/1/2011 through 6/30/2012
George A. Skestos – effective 7/1/2011 through 6/30/2014

OSU Harding Hospital Board
Yvette McGee Brown, Chair – effective 7/1/2011 through 6/30/2012
Yvette McGee Brown – effective 7/1/2011 through 6/30/2014
Eddie Harrell, Jr. – effective 7/1/2011 through 6/30/2014
Charles Schneider, Vice Chair – effective 7/1/2011 through 6/30/2012

Ross Heart Hospital Board
Ari Deshe, Vice Chair – effective 7/1/2011 through 6/30/2012
John Gerlach, Chair – effective 7/1/2011 through 6/30/2012
John Gerlach, Jr. – effective 7/1/2011 through 6/30/2014
William Wells – effective 7/1/2011 through 6/30/2014

Upon motion of Mr. Hicks, seconded by Mr. Brass, the Board of Trustees adopted the foregoing resolutions with ten affirmative votes, cast by Trustees, O’Dell, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbly, Kass, Jurgensen, and Wadsworth, and one abstention cast by Trustee Wexner.

Mr. Wexner:

We have two items before we conclude the meeting, and the second is the written recognition of David Frantz. I know that I am speaking publically, but I am really speaking to the Board and so the public may listen.

The work of the University is difficult work, and I was thinking of the last months in particularly the last few days working on strategic plans and ideas and thinking and conflict, and it is hard work. Reflecting on it I have two thoughts. One is that we are faced with hard work, but that is good work and it is productive work, and the second relates to opportunity. We have the opportunity to make the University better and so much opportunity in so many ways. In listening to the committee reports as they
were beginning it struck me, sometimes people say when all is said and done more is said than done, and you look back at the achievements of the University over the last months and years and more is done than said. Gordon reminded me yesterday that we should thank the administration and the staff and Gordon, the Provost, the faculty, the students, the alums, and the friends of OSU that support this great University. I wanted to thank the Board for working with me, I am not easy to work with, and I also want to thank you for the opportunity to try to work better, me work better and harder so that we can develop more opportunity in the year ahead. I really see the work ahead as a personal opportunity for me and a collective opportunity for us.

I think this is an expression, maybe someone in the Ag community could correct me, but I think they say down in southern Ohio that opportunities are problems in overalls, that means you get to work them. I have a different opinion than Jerry Jurgensen. I do not think that we have a lot of soul searching to do, not at all. I think we have a lot of heart celebrating to do for the good that this University does, and the hard work of the Board, the faculty, and everybody that supports us, and most of all the students. This is complex hard work, the people, the students, and the hard work is preparing for the future.

I was thinking about our planning and strategy meetings, strategizing and thinking about the future is very difficult. It always has been and if people did not struggle with that future than rascals like me would not have come from this institution, and rascals like Brandon, and many of us in the room, and Gil Cloyd had gone on to futures because people were thinking about how to help Ohio’s sons and daughters in a constructive way. And professors like Rattan Lal and Ann Hamilton, the breadth and depth of the diversity of interests and things that we touch is something really to celebrate. It is hard work, hard work for Dr. Lal and hard work for Dr. Hamilton and the celebration as a life was saved because of a connection that this University made with a small town. Lives are touched by the education of so many people and so many people that are connected to us, whether they are supermodels sitting in New York in spinning classes helping us raise funds for the James or the specific work that the James does. I prefer to think that we have to look at the world much more optimistically and focus on the magnitude of the good we do and recognize the opportunity to get better.

In that getting to get better, I think it came out of listening today, we are the economic engine of Ohio, and we need to be the economic engine of Ohio, but we are also the intellectual engine of Ohio. The intellectual engine, the academic engine of Ohio, we are the research powerhouse of Ohio, we are the health science leader and powerhouse of Ohio, and we are the powerhouse in Agriculture and Ag science and food safety of Ohio and perhaps the World. Everything we do from the arts to engineering to English to law to the breadth and the depth of the individual interests in this University, we should be proud of what we do. The size and the quality of this institution and what it does to prepare Ohio’s sons and daughters for the future and to live in the present is something to be proud of and something to celebrate. So it is hard work, but it is hard work that creates opportunity for us all.

I really think in this season, academic season, I hate graduations, I hate valedictory conversations because they are farewells, and personally for me, and I know all of you on the Board, it is really a season of commencement, so we can look back at it as a year pretty well spent with much achievement and the opportunity to commencement work in the future. As the students rest over the summer, hopefully we will all rest and relax and come refreshed so we can commence the serious work of the future.

In that same spirit of hating valedictory kinds of things, there is a plaque that I read from without having last night, which celebrates the appreciation that we have for David Frantz. The notion of 42 years well spent and seriously spent in this institution
June 24, 2011 meeting, Board of Trustees

is something for us to celebrate David. To celebrate your distinguished performance not only as an undergraduate professor, professor of the year, arts and science honors faculty award, distinguished university professor, your writings, your teaching, and I guess the commencement part, I know you have finished a few segments of career, but now you are really beginning the important part, commencing on teaching Shakespeare to the sons and daughters of Ohio and there is no body better prepared in the United States let alone in Ohio than you. I congratulate you my friend, I celebrate you, I told you last night, I love ya.

Dr. Frantz:

I said too much last night, and I am not going to try and repeat any of that. To this group I want to say what a privilege and an honor it has been for these 42 plus years at Ohio State. I did say last night that teaching and being in the classroom and the students have always been at the center of it, but these last nine years of working with the Board has had its own incredible stimulation and has enabled me to be a part of something larger. I think that is one of the great things about being in a University, you get the individual relationships with students and with colleagues and they are great colleagues at this institution. Your own remarks here at the end today Les, I think captured the University so incredibly well, the two Distinguished University Professors, you could not ask for better examples of what this University is all about, so to be part of that is a privilege and an honor, and everyone in this room, my colleagues out there who have to put up with me every day, they have been friends, they are not just people we work with, but they are dear friends, so have you on this Board enabled me to have that too and that is a very high value for me at this incredible institution.

I will just say this, the word land grant has been mentioned several times and I told a group in the English Department when I interviewed for a job here 43 years ago, if someone would have asked me what a land grant institution was, I would have never gotten the job, because I had no idea what it was. It was a really good job offer at a university, but in the course of being here and understanding what that is, and what it means with respect to opportunity is one of the major things that I have been able to learn and be a part of. It is incredibly rewarding. Thank you for the opportunity to have been a part of this with all of you whom I so admire and care for because I know how hard all of you work for the betterment of this great institution. Thank you very much.

President Gee:

Mr. Chairman, could I just say two quick things. One is that David is retiring, he is not leaving, and we will continue to have his great service. Secondly, I was just so moved by what you said, I just want to say something. I think sometimes in the course of what we do, we lose sight of the nobility of the institution, and the nobility of the spirit that drives this place and the character of this institution. Our character stands tall. I just want to thank you on behalf of all of us who work here, of reminding us of that. I am very appreciative.

Mr. Wexner:

On that note, we are adjourned. Have a good summer.

EXPRESSION OF APPRECIATION

WHEREAS Ann T. Lawrence has worked continuously at The Ohio State University since February 10, 1975, and has held various positions in the University including Administrative Associate, and Chief of Staff and Executive Assistant to the Provost; and
June 24, 2011 meeting, Board of Trustees

WHEREAS she became Associate Secretary of the Board of Trustees under David O. Frantz, Secretary of the Board of Trustees and E. Gordon Gee, President; and

WHEREAS she has been highly esteemed and valued for her knowledge and expertise relating to all matters of University and Board governance, and has provided connection between the Board office and all other major offices in the University; and

WHEREAS she has provided the key linkage between the University and former trustees for matters both large and small with great efficiency and good will; and

WHEREAS Ms. Lawrence has helped mentor and advance the careers of fellow employees and provided sage counsel to her fellow employees, both in the Board office and at the University as a whole; and

WHEREAS she officially retired effective May 31, 2011, but continues to facilitate all operations of the Board office through a period of major transition; and

WHEREAS in the execution of her duties she has always set the highest standards of efficiency and integrity, and dedicated herself tirelessly to the ideals and goals of this University:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University Board of Trustees, on behalf of the entire University, expresses its deepest appreciation to Ann T. Lawrence for having given tirelessly of her energy, knowledge, wisdom and insight. Her dedication, commitment, integrity and her loyalty to the University and the larger goals that it represents are models for all. The Board of Trustees congratulates Ann for her stellar career at The Ohio State University, gives heartfelt thanks to her for the gift of that career in service to the University, and looks forward to her continued connection with The Ohio State University in the years ahead.

***

EXPRESSION OF APPRECIATION

WHEREAS David O. Frantz has served faithfully and diligently as Secretary of the Board of Trustees since December 2002, a time frame during which seven distinguished citizens (James F. Patterson, Zuheir Sofia, Tami Longaberger, Daniel M. Slane, Robert M. Duncan, G. Gilbert Gloyd and Leslie H. Wexner) have chaired the Board; and

WHEREAS when David first accepted these duties, the board comprised nine members but has since reorganized to its current 18-member configuration, thereby doubling the amount of work required to keep members informed and organized; and

WHEREAS he twice chaired the University’s Athletic Council (1990 and again in 2000), and has served on two presidential search committees and one head football coach search committee; and

WHEREAS David Frantz has been the recipient of honors such as Department of English Undergraduate Professor of the Year (2002), Arts and Sciences Honors Faculty Service Award (2000) and the Faculty Award for Distinguished University Service (1998); and

WHEREAS along with his distinguished career as a faculty member in the Department of English since 1968, David Frantz also has served both as Associate Dean and Interim Dean in the College of Humanities; and
June 24, 2011 meeting, Board of Trustees

WHEREAS David Frantz is a scholar of the Renaissance who has taught courses on Shakespeare, Writing Across the Curriculum, Renaissance Florence, and Literature and Sports, and is the unabashed author of Festum Voluptatis: A Study of Renaissance Erotica; and

WHEREAS David Frantz has passionately pursued, developed and nurtured The Ohio State University's partnership with the Royal Shakespeare Company; and

WHEREAS after 43 years as a respected member of the faculty at The Ohio State University, David will retire effective June 30:

NOW THEREFORE

BE IT RESOLVED The Ohio State University Board of Trustees, and the University in its entirety, are tremendously indebted to David Frantz for his dedicated, valiant and enduring service to the Board of Trustees, to The Ohio State University and the State of Ohio.

-0-

Thereupon the Board adjourned to meet Friday, September 9, 2011, at The Ohio State University, Nationwide & Ohio Farm Bureau 4-H Center, Columbus, OH.

Attest:

Leslie H. Wexner  
Chairman

David O. Frantz  
Secretary

- Counting is done consistent with the Campaign Counting Guidelines
- Totals include $2.04 million in commitments made prior to January 1, 2009
- Objectives remain undefined; best approximation using Project Fund Purpose has been used
June 24, 2011 meeting, Board of Trustees

(APPENDIX XXXIX)

The Ohio State University Board of Trustees
Finance Committee
June 23, 2011

Topic:

Fiscal Year 2012 Budget – Tuition Increase (including instructional, general and activity fees)

Context:

This is a follow-up to the discussion at the April Board meeting. By establishing tuition and fees for Fiscal Year ("FY") 2012 (Academic Year 2011-2012) now, our students and other stakeholders will have ample time to plan ahead. This approval would be subject to maximum tuition increases permitted with the passage of the State of Ohio Biennial Budget.

Summary:

- Resident undergraduate tuition is proposed to increase 3.5% for Academic Year 2011-2012. There will be no increase in mandatory fees. Therefore, the weighted average of cost increase for tuition and mandatory fees for undergraduate resident students will be 3.3% on the Columbus campus.
- Graduate tuition is proposed to increase 5.0%.
- The non-resident surcharge for undergraduate instructional fees is proposed to increase 5.0% and the non-resident surcharge for graduate instructional fees is proposed to increase 5.0% for most programs.
- Final approval of the FY 2012 Current Funds Budget will be discussed at the September Board meeting.

Requested of Finance Committee:

Approval of the attached resolution regarding Academic Year 2011-2012 tuition increases.
Approval of FY 2012 (Academic Year 2011–2012) Tuition Increases

I. Background

II. Tuition
   a. Comparison to other universities
   b. Recommendations

III. What Happens Next

IV. Summary and Conclusions

PLEASE NOTE: Fiscal Year 2012 begins July 1, 2011. In the tables that follow FY2012 tuition and fee increases begin in Autumn Quarter 2011.
I. Background

The administration considered a number of factors to arrive at the proposed FY 2012 tuition and mandatory fee recommendations. These included:

A. The proposed State of Ohio Biennial Budget outlines a reduction of operating funding to the University in excess of $60 million in FY 2012.

B. The State of Ohio has yet to approve capital appropriations for higher education for fiscal years 2011-2012—which normally would have been approved in 2010. State capital appropriations for The Ohio State University have approximated $80 million over the last several biennium periods (or approximately $40 million per year). Current expectations are that state capital appropriations will be limited for fiscal years 2011-2012, adding an additional financial strain on the University.

C. The desire to keep costs affordable for students of The Ohio State University. In the comparison to other selective public universities in Ohio shown in section II of this document, tuition at the The Ohio State University is expected to remain one of the lowest in the state.

D. The recommended tuition and mandatory fee increases for Ohio State are expected to be below almost all of our peer universities as shown in section II.

E. The desire to give our students sufficient notification regarding tuition and fees.

F. The desire to have adequate financial resources to help ensure continued academic progress at The Ohio State University.

II. Tuition

A. Comparisons to other Ohio selective admission public universities

The chart below outlines expected tuition costs and all mandatory fees for the other Ohio selective admission public universities for the Fall Quarter of FY 2012. All are expected to increase tuition and mandatory fees 3.5%. Because the administration’s proposal is to increase Ohio State’s tuition 3.5% but not increase other mandatory fees, the increase at Ohio State would be 3.3%. As shown below, the cost of Ohio State’s tuition and mandatory fees, as proposed, are second lowest among Ohio’s selective admission public universities—representing an exceptional value in Ohio.
B. Benchmark Comparison

The OSU tuition increase, as proposed, will be the second lowest increase in undergraduate tuition when compared to benchmark institutions and other Big Ten institutions. The average increase for the comparable universities shown below, excluding OSU, is 7.4%. See the following table:

<table>
<thead>
<tr>

Source: OSU Office of Resource Planning from individual campus websites and news sources.

(1) Estimated figures: increases announced for Fall Quarter FY 2012 are preliminary and may change. Most figures are based on the maximum allowable increase (3.5%) as stated in the Governor’s proposed budget.

(2) Bowling Green and Ohio University have references two different tuition levels on their websites at this time.

(3) The 3.3% reflects a proposed 3.5% increase in tuition and no increase in other mandatory fees.
June 24, 2011 meeting, Board of Trustees

C. Recommended tuition and fees effective Fall Quarter 2012 - Columbus

1. Tuition (including instructional, general and activity fees) is proposed to increase 3.5%, or $315, for FY 2012, consistent with the Governor’s FY 2012-2013 Biennial Budget for the State of Ohio. With no proposed increase to other mandatory fees, the total for annual tuition and all mandatory fees would be $9,735, or an increase of 3.3%, as highlighted in the table below.

2. The other mandatory fees for which no increases are proposed include Recreational and Physical Activity Center (RPAC), Ohio Union and COTA fees.

3. The graduate tuition increase for residents is proposed to be 5.0%.

4. Non-resident undergraduate and graduate surcharge fees for the Columbus campus are recommended to increase 5.0% for a full-time student – except for grad programs for Law, Optometry, Veterinary and Labor& Human Resources where no increase is proposed to remain competitive with peers. For undergraduates this would be $14,895. For graduates this would be $16,725 as shown below.

** Increase to not apply to the Law, Optometry, Veterinary or Labor & Human Resource programs.

D. Recommended tuition and fees effective Fall Quarter 2012 - Regional campuses

1. Tuition is proposed to increase 3.5%, or $225, for FY 2012, consistent with the Governor’s FY 2012-2013 Biennial Budget for the State of Ohio. The annual tuition and mandatory fees is proposed to be $6,903, or an increase of 3.4%, as highlighted in the table below.

2. No increases are proposed for the mandatory general fee.
3. The graduate tuition increase for residents is proposed to be approximately 5%.

4. Non-resident graduate and undergraduate surcharge fees for the regional campuses are recommended to increase 5.0% for a full-time student. For undergraduates this would be $14,895. For graduates this would be $16,725 as shown below.

### III. What Happens Next

A. Approval of User Fees for FY 2012 is a separate action for this Board meeting

B. Approval of an Interim Budget for FY 2012 is a separate action for this Board meeting

C. Final approval of the FY 2012 Current Funds Budget will be discussed at the September Board meeting.

### IV. Summary and Conclusions

A. Other Ohio selective 4-year institutions have announced resident undergraduate increases of 3.5%, as proposed in the FY 2012-2013 Biennial Budget. Ohio State will remain a good value relative to these other Ohio institutions.

B. Other comparable peer universities have announced resident undergraduate fees ranging from 3.0% to 15.0%. The proposed increase at Ohio State is the second lowest of this peer group.

C. The FY 2012-FY 2013 State of Ohio Biennial Budget is currently in the Senate and will move to Conference Committee sometime in June, leaving a certain amount of current uncertainty for the FY 2012 budget and beyond.

D. More detail will be presented in September.
TOPIC: FY 2012 Interim Budget Resolution

CONTEXT:
The interim budget resolution will authorize the university to make expenditures consistent with the level of resources approved for Fiscal Year 2011, pending the adoption of the budget for FY 2012 at the September Board of Trustees meeting.

The finalization of the FY 2012 budget is pending passage of the State of Ohio Biennial Budget for State Fiscal Years 2012-2013 and final notification of the state subsidy funding level from the Board of Regents.

RECOMMENDATIONS:
Approval of the interim operating budget resolution for FY 2012.

REQUESTED OF FINANCE COMMITTEE:
Approval of the attached resolution.
Long-Term Operating Fund

The Long Term Component Endowment Fund was established September 22, 2004, by the Board of Trustees of The Ohio State University with a transfer from University operating funds. The name and description were revised June 6, 2008 and the description was further revised June 24, 2011.

In order to increase the support available to the University from the Long-Term Investment Pool, the annual distribution and realized or unrealized appreciation, and principal if necessary, shall be used to first fund the University’s investment income account. This amount would be the equivalent of the income earned if this fund had remained invested as part of the Short-Term and Intermediate Pool. Then funds up to 5% of the sum of the excess distribution and the June 30 market value can be used at the discretion of the unanimous approval of the president, the provost and the chief financial officer and senior vice president for Business and Finance.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the University that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused distributions, then another use shall be designated by the Board of Trustees in consultation with the chief financial officer and senior vice president for Business and Finance.

Fund Number: 624442
President’s Strategic Investment Fund II

The President’s Strategic Investment Endowment Fund was established September 22, 2004, by the Board of Trustees of The Ohio State University with distribution and realized/unrealized appreciation from the Long Term Component Endowment Fund. The description was revised April 4, 2008. The name and description were further revised June 6, 2008. The fund was closed June 24, 2011.

Fund Number: 625100
OBJECTIVE

The recommendations presented here are designed to support the following objectives:

- Preservation of principal and purchasing power, including meeting or exceeding state requirements.
- Maximize return of a valuable asset without jeopardizing safety of public funds.
- Alignment with university academic and financial goals.

POLICY

Applies to: All university personnel responsible the management of the Operating Fund.

Edited: 11/2008
Revised 6/23/2011

I. Short-Term Operating Fund – the Short and Intermediate-Term Pools should be invested primarily in lower risk, more liquid instruments such as government securities and maintain a balance equivalent to at least 60 days operating cash. Once this threshold is reached, the senior vice president for business and finance will have the authority to approve investment of up to 60% of the operating funds, net of construction bond funds, in the Long-Term Investment Pool.

II. Long-Term Pool – once the amount of the Short-Term Pool is determined, excess operating funds may be transferred to the Long-Term Investment Pool, where they will be invested along with gifted endowment funds. In no case may the Long-Term Pool exceed 60% of the total operating funds, net of construction bond funds.

III. Long-Term Operating Fund - In order to increase the support available to the University from the Long-Term Investment Pool, the annual distribution and realized or unrealized appreciation, and principal if necessary, shall be used to first fund the University’s investment income account. This amount would be the equivalent of the income earned if this fund had remained invested as part of the Short and Intermediate-Term Pools. Then funds up to 5% of the sum of the excess distribution and the June 30 market value can be used at the discretion of the unanimous approval of the president, the provost and the chief financial officer and senior vice president for Business and Finance.
BACKGROUND ON THE PLAN:

The University’s Retirement Continuation Plan (the “RCP”) was originally adopted effective July 1, 2001 and was amended and restated effective as of January 1, 2011. The RCP is maintained for faculty and staff members whose retirement contributions to the state retirement system are limited under IRS rules and whose compensation, as determined by the University, exceeds those IRS limits. The RCP is a “tax-qualified” retirement plan – i.e., participants do not pay taxes on their account balances (including earnings) until those balances are distributed.

SUMMARY OF CHANGES:

The amendment to the RCP is being proposed primarily to: (1) clarify the terms and conditions of the participation by OSUP physicians who choose to integrate with the University; and (2) to facilitate the addition of an additional provider under the RCP, effective July 1, 2011. Specifically, the amendment:

- Amends the definition of “compensation” under the RCP to be consistent with the definitions used under the state retirement plans (Ohio Public Employees Retirement System, State Teachers Retirement System of Ohio and the Alternative Retirement Plan).
- Clarifies that OSUP physicians who integrate with the University will be eligible to participate in the RCP as of their integration date(s).
- Provides for changes that are intended to meet the requirements under the Internal Revenue Code for the RCP to be treated as a retirement system for the OSUP physicians.
- Clarifies that intra-plan exchanges between providers are permissible.
- Clarifies the methods of distribution (e.g., lump sum or annuity) available to participants.

PURPOSE OF THE RESOLUTION:

The resolution approves the amendment to the RCP, effective as of July 1, 2011. The resolution also authorizes the Senior Vice President for Business and Finance and Chief Financial Officer to sign the amendment to the RCP and any other documents needed to carry out the resolution.
FIRST AMENDMENT TO
THE AMENDED AND RESTATED OHIO STATE UNIVERSITY
RETIREMENT CONTINUATION PLAN

WHEREAS, The Ohio State University (the “Employer”) maintains The Ohio State University Retirement Continuation Plan, as amended and restated effective as of January 1, 2011 (the “Plan”);

WHEREAS, pursuant to Section 11.01 of the Plan, the Board has the right to amend the Plan; and

WHEREAS, the Employer desires to amend the Plan as described herein.

NOW, THEREFORE, effective as of July 1, 2011 (the “Effective Date”), the Employer hereby amends the Plan as follows:

1. The first paragraph of Section 1.07 of the Plan is hereby deleted in its entirety and replaced with the following:

Section 1.07 – Compensation

Shall have the same meaning as the applicable one of the following:

(a) If the Employee is a member of OPERS or is a participant in the ARP and would be subject to Chapter 145 of the Ohio Revised Code, as amended (“ORC”), had the Employee not made an election pursuant to Section 3305.05 or 3305.051 of the ORC, “Compensation” shall mean “earnable salary” as defined in division (R) of Section 145.01 of the ORC; or

(b) If the Employee is a member of STRS or is a participant in the ARP and would be subject to Chapter 3307 of the ORC had the Employee not made an election pursuant to Section 3305.05 or 3305.051 of the ORC, “Compensation” shall mean “compensation” as defined in division (L) of Section 3307.01 of the ORC. For purposes of this Section 1.07(b), “Compensation” shall be determined without regard to STRS Rule 3307-10-01.

2. Section 1.14 of the Plan is hereby deleted in its entirety and replaced with the following:

Section 1.14 – Funding Company(ies)

Shall mean any entity designated by the Employer to provide funding options under the Plan.

3. The last sentence of Section 2.01 of the Plan is hereby deleted in its entirety.

4. The second and third sentences in Section 2.02 of the Plan are hereby deleted in their entirety and replaced with the following:

Except for Employees who are OSUP Physicians (as defined below), the Plan Administrator may, at its discretion, add Employees to, or delete Employees from, Appendix A. Each Employee who is an OSUP Physician shall participate in the Plan, effective as of the OSUP Physician’s implementation date (as defined in Section (A)(4) of STRS Rule 3307-10-01), and shall receive Employer Contributions each year until his employment with the Employer terminates. Eligibility for an Employer Contribution and the amount of the Employer Contribution may vary from year to year and from Participant to Participant and the fact that an Employee (other than an OSUP Physician) receives such contribution one year does not mean that he is entitled to such
June 24, 2011 meeting, Board of Trustees

contribution in any future year. For purposes of this Plan, “OSUP Physician” means a physician who has an implementation date as defined in Section (A)(4) of STRS Rule 3307-10-01 and is subject to Section B(3) of STRS Rule 3307-10-01.

5. The following paragraph shall be added to Section 3.03 of the Plan:

Notwithstanding anything in this Plan to the contrary, in no event shall the amount contributed under this Plan (when aggregated with amounts contributed to STRS, OPERS and the ARP) for an Employee who is an OSUP Physician (as defined below) be less than the amount necessary to qualify the Plan as a state retirement system with respect to such OSUP Physician pursuant to Section 3121(b)(7) of the Code and the Treasury Regulations promulgated thereunder. For purposes of this Plan, “OSUP Physician” means a physician who is subject to Section B(3) of STRS Rule 3307-10-01.

6. The following Section 4.06 is hereby added to the Plan:

Section 4.06 – Exchanges within the Plan

A Participant shall be permitted to change the investment of his Account among the Funding Companies that are eligible to receive contributions under the Plan in accordance with the rules established by the Employer.

7. The second sentence of Section 6.02 of the Plan is hereby deleted in its entirety and replaced with the following:

In addition, if a Participant is an OSUP Physician who normally works twenty (20) hours or less per week or if a Participant dies, becomes Disabled or attains his Normal Retirement Date, he shall have a one hundred percent (100%) non-forfeitable interest in his Account attributable to Employer Contributions.

8. Section 7.02 of the Plan is hereby deleted in its entirety and replaced with the following:

Section 7.02 – Methods of Distribution

A Participant or Beneficiary may elect that his benefit be paid in the form of a lump sum and/or an annuity, to the extent permitted by, and subject to the terms of, the applicable Annuity Contract(s) and Custodial Account(s) issued by the Funding Companies.

9. The word “for” is hereby added between the words “Plans” and “less” in the penultimate sentence of Section 9.01.

10. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Plan.

11. All other terms and conditions of the Plan shall remain in full force and effect.

IN WITNESS WHEREOF, the Employer has executed this First Amendment effective as of the Effective Date.
June 24, 2011 meeting, Board of Trustees

The Ohio State University
Retirement Continuation Plan

The Employer hereby amends and restates the Plan. The Plan originally was effective July 1, 2001. The Plan was amended effective January 1, 2002, to incorporate guidance issued under Section 401(a)(9) of the Code and other changes. The Plan was subsequently amended in July 2006 to incorporate changes requested by the Internal Revenue Service in the determination letter application process. The Employer adopts this amended and restated Plan document, effective January 1, 2011, to include these past amendments and provisions required under the Pension Protection Act of 2006, the Heroes Earnings Assistance and Relief Tax Act of 2008, and the Worker, Retiree, and Employer Recovery Act of 2008, and other applicable laws, regulations and administrative authority.

The purpose of the Plan is to provide additional retirement benefits to employees not available under the State Teachers Retirement System of Ohio ("STRS"), the Ohio Public Employees Retirement System ("OPERS"), or The Ohio State University Alternative Retirement Plan ("ARP").

Article I – Definitions

The following words or phrases whenever used in this Plan shall have the following meanings unless the context clearly demands otherwise:

Section 1.01 — Account

Shall mean the sum of all the Participant's individual sub-accounts, including earnings and losses thereon.
Section 1.02 — Annuity Contract(s)

Shall mean any type of annuity contract(s) issued by a Funding Company(ies) to effect the purposes of the Plan.

Section 1.03 — Appropriate Request

Shall mean a request by a Participant in the form and manner provided by the Plan Administrator that is appropriate for the intended purpose. If the Plan Administrator and the Plan's recordkeeper so agree, an Appropriate Request may be executed over the telephone or internet. To constitute an Appropriate Request, such request must be completed correctly and if required to be in writing, duly executed and delivered to the Plan Administrator or its designated representative.

Section 1.04 — Beneficiary

Shall mean the Beneficiary or Beneficiaries entitled to any benefits under a Participant's Account upon the death of a Participant.

Section 1.05 — Board

Shall mean the Board of Trustees of the Employer.

Section 1.06 — Code

Shall mean the Internal Revenue Code of 1986, as amended from time to time.

Section 1.07 — Compensation

Shall mean the compensation paid to an Employee by the Employer for a Plan Year, as reported on Internal Revenue Form W-2, Box 1 or such successor box which describes “wage, tips, other compensation”, plus any amount which is contributed by the Employer pursuant to a salary reduction agreement and which is not includable in the gross income of the Employee under Sections 125, 132(f), 402(a)(8), 403(b), 414(h)(2) and 457(b) of the Code. Notwithstanding the above, the following shall be excluded from Compensation:
(a) Reimbursements, expense allowances and taxable fringe benefits;
(b) Section 911 of the Code earned income;
(c) Moving expenses;
(d) Non-qualified stock options taxable at time of grant or exercise;
(e) Vesting in Section 83 of the Code property;
(f) Disqualifying dispositions of qualified stock options;
(g) Imputed income, including taxable group term life insurance;
(h) Receipt of deferred compensation;
(i) Bonuses paid under long-term compensation plans which are subject to vesting; and
(j) Payments made for accrued but unused sick leave or vacation leave.

In determining the amount or allocation of any contribution that is based on Compensation, only Compensation paid to a Participant for services rendered to the Employer while employed as an Employee of the Employer shall be taken into account. Further, notwithstanding anything to the contrary herein, severance amounts paid after severance from employment shall be excluded from Compensation. For purposes of this Section 1.07, “severance amounts” are any amounts paid after severance from employment, except a payment of regular compensation for services during the Employee’s regular working hours, or compensation for services outside the Employee’s regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments provided such payment would have been made prior to a severance from employment if the Employee had continued in employment with the Employer, provided such amounts are paid by the later of two and one-half (2½) months after, or the end of the year that includes the date of, the Employee’s severance from employment with the Employer (as defined in applicable guidance).
For purposes of this Section 1.07, an Employee has a "severance from employment" when the Employee ceases to be an employee of the Employer maintaining the Plan, and an Employee does not have a "severance from employment" if, in connection with a change of employment, the individual's new employer maintains such Plan with respect to the individual. The determination of whether an Employee ceases to be an employee of the Employer maintaining the Plan is based on all of the relevant facts and circumstances.

For purposes of applying the limitation in Article V, Compensation under this Section 1.07 also shall include the following exceptions:

(i) Compensation shall be based on the amount actually paid or made available to the Participant (or, if earlier, includible in the gross income of the Participant) during the Limitation Year, regardless of the date of participation; and

(ii) Compensation shall not include amounts paid as compensation to a non-resident alien, as defined in Section 7701(b)(1)(B) of the Code, who is not a Participant in the Plan to the extent the compensation is excludable from gross income and is not effectively connected with the conduct of a trade or business within the United States.

This Plan shall not consider a Participant's Compensation for any Plan Year in excess of the limitation under Section 401(a)(17) of the Code.

Effective January 1, 2009, an individual receiving a differential wage payment, as defined by Section 3401(b)(2) of the Code, shall be treated as an Employee of the Employer making the payment (rather than an Employee who has incurred a severance from employment); and the differential wage payment shall be treated as compensation for Plan purposes, including Section
415 of the Code and any other Code section that references the definition of compensation under Section 415 of the Code.

If all Employees of the Employer performing service in the uniformed services described in Section 3401(h)(2)(A) of the Code are entitled to receive differential wage payments (as defined in Section 3401(h)(2) of the Code) on reasonably equivalent terms and, if eligible to participate in a retirement plan maintained by the Employer, to make contributions based on the payments on reasonably equivalent terms (taking into account Sections 410(b)(3), (4), and (5) of the Code), then the Plan shall not be treated as failing to meet the requirements of any provision described in Section 414(a)(1)(C) of the Code by reason of any contribution or benefit which is based on the differential wage payment.

Section 1.08 — Custodial Account

Shall mean the group or individual account or accounts established for each Participant by the Employer pursuant to a written contract between the Employer and a Funding Company, in a manner consistent with Section 401(f) of the Code.

Section 1.09 — Date of Employment

Shall mean the first date on which an Employee performs services as an Employee for the Employer.

Section 1.10 — Disability

Shall mean a physical or mental condition of a Participant which would qualify him for benefits under his Employer’s long-term disability plan.

Section 1.11 — Employee

Shall mean any person who is receiving compensation for personal services rendered in the employment of the Employer.
Section 1.12 — Employer

Shall mean The Ohio State University.

Section 1.13 — Employer Contributions

Shall mean contributions made in accordance with Section 3.03.

Section 1.14 — Funding Company(ies)

Shall mean the entity designated by the Employer to provide funding options under the plan.

Section 1.15 — Hour of Service

Shall mean each hour for which an Employee is paid or entitled to payment for the performance of duties for the Employer.

Section 1.16 — Limitation Year

Shall mean the Plan Year.

Section 1.17 — Married Participant

Shall mean a Participant who is lawfully married on the date Plan benefits are payable.

Section 1.18 — Normal Retirement Date

Shall mean the first day of the calendar month coincident with or next following the Participant's 65th birthday.

Section 1.19 — One-Year Period of Severance

Shall mean a twelve (12) consecutive month period beginning on a Severance From Service Date and ending on the first anniversary of such date, provided the Employee does not perform services as an Employee for the Employer during such period.
Section 1.20 — Participant

Shall mean any Employee who becomes a Participant pursuant to Article II and continues to be entitled to any benefits under the Plan.

Section 1.21 — Period of Service

A Period of Service shall commence on an Employee's Date of Employment or Reemployment Commencement Date, whichever is applicable, and end on his Severance From Service Date. All Periods of Service shall be aggregated on a uniform and consistent basis.

Notwithstanding the preceding paragraph of this section, if an Employee severs from service by reason of a quit, discharge, or retirement during an absence from service of twelve (12) months or less, and if such Employee then performs services as an Employee within twelve (12) months of the date on which the Employee was first absent from service, then such Period of Severance shall be taken into account for purposes of vesting.

Section 1.22 — Period of Severance

The period of time commencing on an Employee's Severance From Service Date and ending on the date on which the Employee again performs an Hour of Service for the Employer.

Section 1.23 — Pick-Up Contributions

Shall mean contributions made in accordance with Section 3.02. These contributions are intended to be contributions described in Section 414(h)(2) of the Code. Therefore, although designated as Employee contributions, such Employee contributions are being paid by the Employer in lieu of contributions by the Employee.
Section 1.24 — Plan

Shall mean The Ohio State University Retirement Continuation Plan, as amended from time to time. For purposes of the Code, this Plan shall be considered and administered as a "profit sharing plan" that is administered as a “discretionary plan”.

Section 1.25 — Plan Administrator

Shall mean the Employer. The Employer may, in its sole discretion, delegate any of the duties of the Plan Administrator to a third party or parties selected by the Employer.

Section 1.26 — Plan Year

Shall mean the twelve (12) month period commencing January 1, except that the first Plan Year shall be a short Plan Year commencing on July 1, 2001, and ending on December 31, 2001.

Section 1.27 — Reemployment Commencement Date

Shall mean the first day following a One-Year Period of Severance in which an Employee performs services for the Employer.

Section 1.28 — Severance From Service Date

Shall mean the earlier of:

(a) The date on which an Employee quits, retires, is discharged, or dies; or

(b) (1) The first anniversary of the first day of a period in which an Employee remains absent from service (with or without pay) with the Employer for any reason other than quitting, retirement, discharge or death, such as vacation, holiday, sickness, disability, leave of absence or lay-off; or

(2) The second anniversary of the first day of a period in which an Employee remains absent from service (with or without pay) with the Employer by reason of pregnancy, the birth of the Employee's child, the placement of a child with the Employee in connection with the
adoption of such child by such Employee, or the need to care for such Employee's child during the period immediately following such child's birth or placement.

For a Participant who is absent from service on account of pregnancy, the birth of the Employee's child, child placement or child care, the period between the first anniversary of the first day of the absence and the second anniversary of the first day of the absence is neither a Period of Service nor a Period of Severance.

Section 1.29 — Valuation Date

Shall mean the last day of each Plan Year and any other day determined by the Plan Administrator.

Section 1.30 — Year of Service for Vesting

An Employee shall be credited with a "Year of Service for Vesting" upon the earlier of: (a) the first anniversary of the twelve (12) consecutive month period beginning on the date the Employee first performs an Hour of Service after the Employee has attained the age of eighteen (18) (employment commencement date) and each anniversary thereof; or (b) the completion of the Employee's first full contract year, if less, after the Employee has attained the age of eighteen (18).

Article II — Eligibility and Enrollment

Section 2.01 — Eligibility for Pick-Up Contributions

Eligibility to have a Pick-Up Contribution, if any, is limited to those Employees selected by the Plan Administrator and listed in Appendix A.

Notwithstanding the above paragraph, in order to have Pick-Up Contributions made on a Participant's behalf, the Participant must file an Appropriate Request with the Plan Administrator within sixty (60) days after the time he is initially eligible for Pick-Up Contributions. The Appropriate Request must be in the form of a one-time irrevocable election. If the Participant fails
to file an Appropriate Request in a timely manner, the Participant will be treated as having forever waived the right to have Pick-Up Contributions made on his behalf. The Plan Administrator may, at its discretion, add Employees to, or delete Employees from, Appendix A. Eligibility for Pick-Up Contributions shall begin after all of the mandatory employee contributions to the ARP, OPERS, or STRS are made each year.

Section 2.02 — Eligibility for Employer Contributions

Eligibility for an allocation of the Employer Contribution, if any, is limited to those Employees selected by the Plan Administrator and listed in Appendix A. The Plan Administrator may, at its discretion, add Employees to, or delete Employees from, Appendix A. Eligibility for an Employer Contribution and the amount of the Employer Contribution may vary from year to year and from Participant to Participant and the fact that an Employee receives such contribution one year does not mean that he is entitled to such contribution in any future year.

Article III — Contributions and Allocations

Section 3.01 — Types of Contributions

Contributions to the Plan shall consist solely of the following:

(a) Pick-Up Contributions; and

(b) Employer Contributions.

Section 3.02 — Pick-Up Contributions

Each Employee, within sixty (60) days after becoming eligible to receive an allocation of Pick-Up Contributions, must file a one-time irrevocable election in the form of an Appropriate Request with the Plan Administrator which shall direct that the Employer withhold a specific percentage of Compensation from the Employee’s paycheck. The Participant’s election of such percentage of Compensation shall be subject to the approval of the Employer.
Pick-Up Contributions shall be allocated to the Pick-Up Contribution sub-account of each Participant’s Account in an amount equal to the amount withheld by the Employer from the Participant’s Compensation for the purpose of contributing such amount to this Plan.

Section 3.03 — Employer Contributions

The Employer may make an Employer Contribution to the Plan at the Employer’s discretion. The Employer has discretion as to the amount of the contribution. The Employer shall designate the Plan Year for which each Employer Contribution is made and shall make such Employer Contribution not later than the time prescribed by Section 404 of the Code or any successor statute or guidance.

The Employer Contribution, if any, shall be allocated to the Employer Contribution sub-account of each Participant’s Account. With respect to each Plan Year, the Employer shall list the Employer Contributions, if any, made to each Participant for such Plan Year in the attached Appendix A.

Section 3.04 — Prohibition Against Assets Returning to Employer

The assets of the Plan shall never inure to the benefit of the Employer. Notwithstanding the prior sentence, Plan assets may revert to the Employer in the following situations:

(a) In the case of an Employer Contribution or Pick-Up Contribution which in the sole opinion of the Plan Administrator is made by virtue of a mistake of fact, the contribution may be returned to the Employer within one (1) year after the payment of the contribution;

(b) If an Employer Contribution is conditioned upon initial qualification of the Plan under Section 401(a) of the Code, or any successor provision thereto, and if the Plan does not so qualify, then any contributions made to the Plan may be returned to the Employer within one (1)
year after the date of denial of qualification of the Plan but only if such application is filed by the end of the applicable remedial amendment period under Section 401(b) of the Code.

**Article IV – Participant Accounts**

Section 4.01 — Annuity Contract(s) and Custodial Account(s)

Plan assets shall be held in Annuity Contract(s) or Custodial Account(s). The administration of the Annuity Contract(s) and Custodial Account(s) shall be subject to an agreement between the Employer and the Funding Company(ies) that satisfies the requirement of Section 401(f) of the Code. Annuity Contracts and Custodial Accounts shall conform to all provisions of the Plan.

Section 4.02 — Separate Accounts

The Funding Company shall maintain a separate Account for each Participant, which Account shall reflect the Participant’s interest in the Annuity Contract(s) or Custodial Account(s), as applicable. Within each Participant’s Account, sub-accounts shall be established to reflect the contributions made by the Employer under Article III.

Section 4.03 — Valuation of Separate Accounts

As of each Valuation Date, the Funding Company(ies) shall adjust the Accounts to reflect contributions, earnings, gains, losses, withdrawals and distributions.

Section 4.04 — Assumption of Risk by Participant

Each Participant (or his Beneficiary) assumes the risk in connection with any decrease in value of his Account, and such Account shall be the sole source of payments to be made to each Participant (or his Beneficiary) under the Plan.
Section 4.05 — Election of Investment Fund

Each Participant shall have the exclusive authority to direct the investment of his Account among the investment funds designated by the Employer. Such directions shall be made in accordance with procedures adopted by the Plan Administrator. If a Participant fails to designate an investment fund, all contributions allocable to his Account shall be placed in the investment fund selected by the Plan Administrator until Participant direction is received. A Participant shall be permitted to change his investment directions in accordance with procedures adopted by the Plan Administrator.

Article V — Limitations on Contributions

Section 5.01 — Annual Addition Limitation

(a) Notwithstanding any provisions of the Plan, the Annual Additions which a Participant is entitled to under the Plan, shall not, in any Limitation Year, exceed the applicable limitations of Section 415 of the Code. Such Section is hereby incorporated by reference.

(b) If the Annual Addition allocable under this Plan (but for this Section) would exceed the limitations of Section 415(c) of the Code, the excess Annual Addition under this Plan shall be allocated pursuant to Treasury Regulation Section 1.415-6(b)(6)(iii). Notwithstanding the foregoing, (i) for purposes of this Plan, "Annual Additions" shall be determined in accordance with the aggregation rules under Section 415(f) of the Code and (ii) effective for Limitation Years beginning on or after July 1, 2007, in correcting an amount that exceeds the limitations of Section 415(c) of the Code, the Employer may use a correction method as set forth under the Employee Plans Compliance Resolution System, or any successor thereto, but may not use any other correction method.
(c) For purposes of this Section, "Annual Addition" shall mean:

(1) Employer contributions

(2) Employee contributions

(3) Forfeitures

(4) Amounts allocated to individual medical accounts as described in Sections 415(i)(1) of the Code which is part of a defined benefit plan maintained by the Employer; and

(5) Amounts derived from contributions paid or accrued, which are attributable to post-retirement medical benefits allocated to the separate account of a key employee under Section 419A(d)(2) of the Code in a welfare benefit plan maintained by the Employer.

Restorative payments allocated to a Participant's Account, which include payments made to restore losses to the Plan resulting from actions (or a failure to act) by a fiduciary for which there is a reasonable risk of liability under applicable federal or state law, where similarly situated Participants are similarly treated do not give rise to an "Annual Addition" for any Limitation Year.

Article VI – Vesting

Section 6.01 — Pick-Up Contributions

A Participant shall at all times have a one hundred percent (100%) non-forfeitable interest in the value of his Account attributable to Pick-Up Contributions.

Section 6.02 — Employer Contributions

A Participant shall have a one hundred percent (100%) non-forfeitable interest in the value of his Account attributable to Employer Contributions after he is credited with one Year of Service for Vesting. In addition, if a Participant dies or becomes Disabled, or upon attaining his Normal Retirement Date, he shall have a one hundred percent (100%) non-forfeitable interest in his Account attributable to Employer Contributions.
Section 6.03 — Forfeitures

If a Participant's employment terminates and he receives a distribution of his vested Account, any nonvested portion of his Account shall be forfeited, and the amount forfeited shall be applied towards the Employer Contribution or to pay Plan expenses in the current Plan Year.

Article VII — Distributions

Section 7.01 — Time of Distribution

Distribution of a Participant's vested Account may begin as soon as administratively possible after the date the Participant terminates employment, retires on or after his Normal Retirement Date, dies, or becomes Disabled.

Section 7.02 — Methods of Distribution

A Participant or Beneficiary may elect that his benefit be paid in the form of a lump sum or an annuity, subject to the terms of the applicable Annuity Contract(s) and Custodial Account(s) issued by the Funding Company.

Section 7.03 — Distributions After Death

If the distribution of a Participant's interest has begun in the form of an annuity and the Participant dies before his entire interest has been distributed to him, the remaining portion of such interest shall be distributed as provided in the Annuity Contract or Custodial Account.

If a Participant dies before he has begun to receive any distributions from his Account, his death benefit shall be distributed to his Beneficiary in the form of a lump sum no later than December 31 of the calendar year following the calendar year in which the Participant died, or, if the Beneficiary so elects, in the form of an annuity available from the annuity provider selected by the Plan Administrator, with the first payment being made no later than December 31 of the
calendar year following the calendar year in which the Participant died. If the Beneficiary fails to make any election, he will be treated as if he elected a lump sum distribution.

In the case of a death or Disability occurring on or after January 1, 2007, if a Participant dies while performing qualified military service (as defined in Section 414(u) of the Code), the survivors of the Participant are entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) provided under the Plan as if the Participant had resumed and then terminated employment on account of death.

Section 7.04 — Direct Rollovers of Eligible Distributions

(a) Notwithstanding any provision of the Plan to the contrary that would otherwise limit a Distributee’s election under this Section, a Distributee may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the Distributee in a Direct Rollover.

(b) For purposes of this Section, the following definitions apply:

(1) Eligible Rollover Distribution — An Eligible Rollover Distribution is any distribution of all or any portion of the balance to the credit of the Distributee, except that an Eligible Rollover Distribution does not include: any distribution that is one of a series of substantially equal periodic payment (not less frequently than annually) made for the life (or life expectancy) of the Distributee or the joint lives (or joint life expectancies) of the Distributee and the Distributee’s Designated Beneficiary, or for a specified period of ten (10) years or more; any distribution to the extent such distribution is required under Section 401(a)(9) of the Code; the portion of any distribution that is not includable in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to Employer securities); and any hardship distribution described in Section 457(d)(1)(A)(iii) of the Code made after December 31, 1998.
(2) Eligible Retirement Plan – An Eligible Retirement Plan is an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, a qualified trust described in Section 401(a) of the Code, an annuity contract described in Section 403(b) of the Code, and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan, that accepts the Distributee’s Eligible Rollover Distribution. An Eligible Retirement Plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is an alternate payee under a Qualified Domestic Relations Order, as defined in Section 414(p) of the Code.

For distributions made after December 31, 2007, a Participant or Beneficiary may elect to roll over directly an Eligible Rollover Distribution to a Roth IRA described in Section 408A(b) of the Code.

(3) Distributee — A Distributee includes an Employee or former Employee. In addition, the Employee’s or former Employee’s surviving spouse and the Employee’s or former Employee’s spouse or former spouse who is the alternate payee under a Qualified Domestic Relations Order, as defined in Section 414(p) of the Code, are Distributees with regard to the interest of the spouse or former spouse.

(4) Direct Rollover — A Direct Rollover is a payment by the Plan to the Eligible Retirement Plan specified by the Distributee.

(5) Non-spouse Beneficiary Rollover— For distributions after December 31, 2009, a non-spouse Beneficiary who is a "designated beneficiary" under Section 401(a)(9)(E) of the
Code and the Treasury Regulations thereunder, may, by a Direct Rollover, roll over all or any portion of his or her distribution to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Code ("IRA") that is established on behalf of the Beneficiary and that will be treated as an inherited IRA pursuant to Section 402(c)(11) of the Code.

In order to be able to roll over the distribution, the distribution must otherwise satisfy the definition of an Eligible Rollover Distribution. A non-spouse Beneficiary may not roll over an amount which is a required minimum distribution ineligible for rollover, as determined under applicable Treasury Regulations and other Internal Revenue Service guidance, including Q&A 17 and 18 of Notice 2007-7, 2007-5 Internal Revenue Bulletin 395. If a Participant dies before his or her required beginning date, then the non-spouse Designated Beneficiary may deposit into such IRA all or any portion of the distribution that is deemed to be an Eligible Rollover Distribution. In determining the portion of such distribution that is considered to be a required minimum distribution that must be made from the IRA, the Beneficiary may elect to use either the 5-year rule or the life expectancy rule, pursuant to Treasury Regulation Section 1.401(a)(9)-3, Q&A-4(c).

Although a non-spouse Beneficiary may roll over directly a distribution as provided above, the distribution is not subject to the direct rollover requirements of Section 401(a)(31) of the Code, the notice requirements of Section 402(f) of the Code, or the mandatory withholding requirements of Section 3405(c) of the Code. If a non-spouse Beneficiary receives a distribution from the Plan, the distribution is not eligible for a “60-day” rollover.

If the Participant’s named Beneficiary is a trust, the Plan may make a Direct Rollover to an IRA on behalf of the trust, provided the trust satisfies the requirements to be a Designated Beneficiary within the meaning of Section 401(a)(9)(E) of the Code.
Section 7.05 — Acceptance of Transfers or Rollovers

No transfers or rollovers (direct or otherwise) shall be permitted to this Plan from another plan or annuity.

Section 7.06 — Alternate Payers Under Qualified Domestic Relations Orders

Notwithstanding anything in the Plan to the contrary, if a Domestic Relations Order directs the Plan to make a distribution prior to the Participant's earliest retirement age as defined in Section 414(p)(4) of the Code to an alternate payee and if the Domestic Relations Order satisfies Section 414(p)(11) of the Code, the Plan shall comply with such Order. Effective April 6, 2007, a domestic relations order that otherwise satisfies the requirements of a Qualified Domestic Relations Order will not fail to be a Qualified Domestic Relations Order: (a) solely because the Order is issued after, or revises, another domestic relations order or Qualified Domestic Relations Order; or (b) solely because of the time at which the order is issued, including issuance after the annuity starting date or after the Participant's death. Such a domestic relations order is subject to the same requirements and protections that apply to Qualified Domestic Relations Orders.

Article VIII — Minimum Distribution Requirements

Section 8.01 — General Rules

(a) Effective Date. The provisions of this Article will apply for purposes of determining required minimum distributions for calendar years beginning with the 2003 calendar year.

(b) Precedence. The requirement of this Article will take precedence over any inconsistent provisions of the Plan.

(c) Requirements of Treasury Regulations Incorporated. All distributions required under this Article will be determined and made in accordance with the Treasury Regulations under Section 401(a)(9) of the Code.

[00083515-8]
Section 8.02 — Time and Manner of Distribution

(a) Required Beginning Date. The Participant's entire interest will be distributed, or begin to be distributed, to the Participant no later than the Participant's required beginning date.

(b) Death of Participant Before Distributions Begin. If the Participant dies before distributions begin, the Participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

(1) If the Participant’s surviving spouse is the Participant’s sole Designated Beneficiary, then, distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age 70½, if later.

(2) If the Participant’s surviving spouse is not the Participant’s sole Designated Beneficiary, then distribution to the Designated Beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.

(3) If there is no Designated Beneficiary as of September 30 of the year following the year of the Participant’s death, the Participant’s entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant’s death.

(4) If the Participant’s surviving spouse is the Participant’s sole Designated Beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse begin, this Section 8.02(b), other than Section 8.02(b)(1), will apply as if the surviving spouse were the Participant.

For purposes of this Section 8.02(b) and Section 8.04, unless Section 8.02(b)(4) applies, distributions are considered to begin on the Participant’s required beginning date. If Section 8.02(b)(4) applies, distributions are considered to begin on the date distributions are required to
begin to the surviving spouse under Section 8.02(b)(1). If distributions under an annuity purchased from an insurance company irrevocably commence to the Participant before the Participant’s required beginning date (or to the Participant’s surviving spouse before the date distributions are required to begin to the surviving spouse under Section 8.02(b)(1)), the date distributions are considered to begin is the date distributions actually commence.

(c) Forms of Distribution. Unless the Participant’s interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions will be made in accordance with Sections 8.03 and 8.04 of this Article. If the Participant’s interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder will be made in accordance with the requirements of Section 401(a)(9) of the Code and the Treasury Regulations.

Section 8.03 — Required Minimum Distributions During Participant’s Lifetime

(a) Amount of Required Minimum Distribution For Each Distribution Calendar Year. During the Participant’s lifetime, the minimum amount that will be distributed for each distribution calendar year is the lesser of:

(1) The quotient obtained by dividing the Participant’s Account Balance by the distribution period in the Uniform Lifetime Table set forth in Treasury Regulation Section 1.401(a)(9)-9, using the Participant’s age as of the Participant’s birthday in the distribution calendar year; or

(2) If the Participant’s sole Designated Beneficiary for the distribution calendar year is the Participant’s spouse, the quotient obtained by dividing the Participant’s Account Balance by the number in the Joint and Last Survivor Table set forth in Treasury Regulation Section
1.401(a)(9)-9, using the Participant’s and spouse’s attained ages as of the Participant’s and spouse’s birthdays in the distribution calendar year.

(b) Lifetime Required Minimum Distributions Continue Through Year of Participant’s Death. Required minimum distributions will be determined under this Section 8.03 beginning with the first distribution calendar year and up to and including the distribution calendar year that includes the Participant’s date of death.

Section 8.04 — Required Minimum Distributions After Participant’s Death

(a) Death On or After Date Distributions Begin.

(1) Participant Survived by Designated Beneficiary. If the Participant dies on or after the date distributions begin and there is a Designated Beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant’s death is the quotient obtained by dividing the Participant’s Account Balance by the longer of the remaining life expectancy of the Participant or the remaining life expectancy of the Participant’s Designated Beneficiary, determined as follows:

(A) The Participant’s remaining life expectancy is calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.

(B) If the Participant’s surviving spouse is the Participant’s sole Designated Beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the Participant’s death using the surviving spouse’s age as of the spouse’s birthday in that year. For distribution calendar years after the year of the surviving spouse’s death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse’s birthday in the calendar year of the spouse’s death, reduced by one for each subsequent calendar year.
(C) If the Participant's surviving spouse is not the Participant's sole Designated Beneficiary, the Designated Beneficiary's remaining life expectancy is calculated using the age of the Beneficiary in the year following the year of the Participant's death, reduced by one for each subsequent year.

(2) No Designated Beneficiary. If the Participant dies on or after the date distributions begin and there is no Designated Beneficiary as of September 30 of the year after the year of the Participant's death, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the Participant's remaining life expectancy calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.

(b) Death Before Date Distributions Begin.

(1) Participant Survived by Designated Beneficiary. If the Participant dies before the date distributions begin and there is a Designated Beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the remaining life expectancy of the Participant's Designated Beneficiary, determined as provided in Section 8.04(a).

(2) No Designated Beneficiary. If the Participant dies before the date distributions begin and there is no Designated Beneficiary as of September 30 of the year following the year of the Participant's death, distribution of the Participant's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(3) Death of Surviving Spouse Before Distributions to Surviving Spouse Are Required to Begin. If the Participant dies before the date distributions begin, the Participant's surviving spouse is the Participant's sole Designated Beneficiary, and the surviving spouse dies
before distributions are required to begin to the surviving spouse under Section 8.02(b)(1), this Section 8.04(b) will apply as if the surviving spouse were the Participant.

Section 8.05 — Definitions

(a) Designated Beneficiary. The individual who is designated as the Beneficiary under Section 1.04 of the Plan and is the Designated Beneficiary under Section 401(a)(9) of the Internal Revenue Code and Treasury Regulation Section 1.401(a)(9)-1, Q&A-4.

(b) Distribution calendar year. A calendar year for which a minimum distribution is required. For distributions beginning before the Participant’s death, the first distribution calendar year is the calendar year immediately preceding the calendar year which contains the Participant’s required beginning date. For distributions beginning after the Participant’s death, the first distribution calendar year is the calendar year in which distributions are required to begin under Section 8.02(b). The required minimum distribution for the Participant’s first distribution calendar year will be made on or before the Participant’s required beginning date. The required minimum distribution for other distribution calendar years, including the required minimum distribution for the distribution calendar year in which the Participant’s required beginning date occurs, will be made on or before December 31 of that distribution calendar year.

(c) Life expectancy. Life expectancy as computed by use of the Single Life Table in Treasury Regulation Section 1.401(a)(9)-9.

(d) Participant’s Account Balance. The Account Balance as of the last Valuation Date in the calendar year immediately preceding the distribution calendar year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the Account Balance as of dates in the valuation calendar year after the Valuation Date and decreased by distributions made in the valuation calendar year after the Valuation Date.
(e) Required beginning date. The required beginning date is April 1 of the calendar year following the calendar year in which the Participant attains age 70½ or retires, whichever is later.

Section 8.06 — 2009 Required Minimum Distributions

Notwithstanding any other provision of Article VIII, a Participant or Beneficiary who would have been required to receive required minimum distributions for 2009 but for the enactment of Section 401(a)(9)(H) of the Code ("2009 RMDs"), and who would have satisfied that requirement by receiving distributions that are (1) equal to the 2009 RMDs or (2) one or more payments in a series of substantially equal distributions (that include the 2009 RMDs) made at least annually and expected to last for the life (or life expectancy) of the Participant, the joint lives (or joint life expectancy) of the Participant and the Participant’s Designated Beneficiary, or for a period of at least ten (10) years ("Extended 2009 RMDs"), will be given the opportunity to elect to stop receiving such distributions. If he does not elect to stop distributions, he will receive such distributions for 2009. Notwithstanding any other provision of this Plan, and solely for purposes of applying the Direct Rollover provisions of the Plan, a Direct Rollover will be offered only for distributions that would be eligible rollover distributions without regard to Section 401(a)(9)(H) of the Code.

Article IX — In-Service Withdrawals

Section 9.01 — Emergency Withdrawals

In the event that the Plan Administrator, upon written request of a Participant, determines, in its sole discretion, that the Participant has suffered an unforeseeable financial emergency, the Employer shall pay to the Participant from the vested Account an amount necessary to meet the emergency, after deduction of any and all taxes as may be required. For purposes of this Plan, an unforeseeable financial emergency is an unexpected need for cash arising from an illness,
casualty, loss, sudden financial reversal, or other such unforeseeable occurrence. Cash needs arising from foreseeable events, such as the purchase of a house or education expenses for children, shall not be considered to be the result of an unforeseeable financial emergency. Distributions for an emergency shall be made from the Participant's sub-accounts pro-rata. However, no distribution shall be made from contributions, and earnings attributable to such contributions, that have been credited to the Plan less than two (2) years. It is intended that the Plan Administrator's determination as to whether a Participant has suffered an "unforeseeable financial emergency" shall be made consistent with Section 457(d)(1)(A)(iii) of the Code.

Article X – Beneficiaries

Section 10.01 – Designation of Beneficiary

Each Participant may designate a Beneficiary to receive benefits under the Plan upon the Participant's death by filing with the Employer written notice identifying the Beneficiary. The spouse of a Married Participant shall automatically be his Beneficiary unless the Participant designates another Beneficiary pursuant to Section 10.02. The estate of a single Participant shall automatically be his Beneficiary unless the single Participant has designated a Beneficiary. A Participant may revoke or change such Beneficiary designation by written notice filed with the Employer without the consent of the Beneficiary. However, a Married Participant shall only change his Beneficiary designation in accordance with Section 10.02.

If there is any doubt as to the right of any Beneficiary to receive any amount, the Employer may retain such amount until the rights to the amount are determined, or it may pay such amount into any court of appropriate jurisdiction, in either of which events neither the Employer nor the Funding Company(ies) shall be liable for any interest on such amount, or shall be under any
liability to any person in respect of such amount. In the event that such amount is retained by the Employer, the entire amount shall be invested in an investment selected by the Plan Administrator.

Section 10.02 — Change in Designation: Married Participant

In the case of a Married Participant, any designation of a Beneficiary or any revocation or change in a Beneficiary which has the effect of designating a person as Beneficiary who is not such Married Participant's spouse will not be valid unless the spouse consents in writing to such designation, revocation, or change.

The terms of such consent must acknowledge the effect of the consent and the consent must be witnessed by a notary public or Plan representative. The designation of a non-spouse Beneficiary must specify whether the spouse consents to a designation of a Beneficiary that can be changed without further consent on the part of the spouse or the spouse is only consenting to a designation of a specific Beneficiary that cannot be changed without the spouse's consent. A consent that permits designations by the Participant without any requirements of further consent by the spouse must acknowledge that the spouse has the right to limit consent to a specific Beneficiary and the spouse voluntarily relinquishes said right. The provisions of this section shall not be applicable if the Employer is satisfied that the required consent cannot be obtained because the Participant does not have a spouse, because the spouse cannot be located, or because of such other circumstances as the Secretary of the Treasury may prescribe by regulations.

Any consent by a spouse, or the establishment that the consent of a spouse cannot be obtained, shall only be effective with respect to such spouse.
Article XI – Amendment and Termination

Section 11.01 – Amendment of Plan

The Board shall have the right to amend this Plan in any and all respects at any time and from time to time; provided, however: (a) no amendment shall increase the duties or liabilities of the Funding Company(ies) without their written consent; (b) that no amendment shall deprive any Participant of any of the accrued vested benefits to which he is entitled under this Plan; and (c) that no amendment shall provide for the use of funds or assets held by the Plan other than for the benefit of Participants and their Beneficiaries and, subject to Section 3.04, no funds held by the Plan shall ever revert to or be used or enjoyed by the Employer prior to the satisfaction of all liabilities hereunder to its Participants and their Beneficiaries.

Section 11.02 – Termination of Plan

The Employer reserves the right to terminate the Plan at any time. In the event of termination of the Plan or a partial termination of the Plan or a complete discontinuance of contributions, the Accounts of affected Participants shall become one hundred percent (100%) vested and shall not thereafter be subject to forfeiture.

Article XII – Administration of the Plan

Section 12.01 – Authority

The Employer shall be the Plan Administrator. The Employer shall maintain, or cause to be maintained, records on the employment and compensation history of each Participant in sufficient detail to permit an accurate determination of any benefits to which the Participant may be entitled under the Plan. The Plan Administrator and any delegates shall direct their duties with respect to the Plan (a) solely in the interest of the Plan’s Participants and Beneficiaries and (b) for the
exclusive purpose of providing benefits to the Plan's Participants and Beneficiaries and defraying reasonable expenses of administering the Plan.

Section 12.02 — Payment of Plan Expenses

The Employer may determine that certain expenses will be borne by Participants.

Section 12.03 — Plan Administrator's Right to Administer and Interpret the Plan

The Plan Administrator shall have the absolute power, authority and discretion to administer and interpret the Plan and to adopt such rules and regulations as in the opinion of the Plan Administrator are necessary or advisable to implement, administer, and interpret the Plan, or to transact its business. Such rules and regulations as are adopted by the Plan Administrator shall be binding upon any persons having an interest in or under the Plan.

Section 12.04 — Claims Procedure

A claim for benefits under the Plan must be made to the Plan Administrator in writing. The Plan Administrator shall provide adequate notice in writing to any Participant or Beneficiary whose claim for benefits under the Plan has been denied, setting forth the specific reasons for such denial, written in a manner calculated to be understood by the Participant or Beneficiary. If a claim is denied, in whole or in part, the Plan Administrator shall send the claimant a notice of denial explaining the reasons for denial of the claim. A claimant whose claim has been denied, or his authorized representative, may request a review of the denial, but such a request must be in writing, and must be submitted to the Plan Administrator within sixty (60) days after the claimant's receipt of the notice of denial. The review of a claim which has been denied shall be made by the Plan Administrator within ninety (90) days of the receipt of the request for review, unless the Plan Administrator determines that special circumstances require additional time, in which case a decision shall be rendered not later than one hundred twenty (120) days after receipt of the request.
for review. The decision on the review shall be in writing and shall include specific reasons for the
decision, written in a manner calculated to be understood by the claimant, and specific reference to
the pertinent Plan provisions on which the decision is based. The Plan Administrator shall have the
absolute authority, power and discretion to adjudicate claims.

Article XIII – Miscellaneous Provisions

Section 13.01 — Employee Plan

This Plan is created for the exclusive benefit of the Employees of the Employer and shall be
interpreted in a manner consistent with its being an Employees' plan as defined in Section 401(a) of
the Code. Subject to Section 3.04, no funds contributed to this Plan nor any assets of this Plan shall
ever revert to or be used or enjoyed by the Employer, nor shall any such funds or assets ever be
used other than for the exclusive benefit of Employees of the Employer and their Beneficiaries and
defraying reasonable Plan expenses.

Section 13.02 — Additional Limitations on Liability

Neither the Employer, its Employees, trustees, and officers, nor the Plan Administrator in
any way guarantees this Plan against loss or depreciation, nor do they guarantee the payment of any
benefit which may become due hereunder to any present or former Participant or Beneficiary.

Section 13.03 — General Undertaking of All Parties

All parties to this Plan and all persons claiming any interest whatsoever hereunder agree to
perform any and all acts and execute any and all documents and papers which may be necessary or
desirable for the carrying out of this Plan or any of its provisions.

Section 13.04 — Agreement to Bind Heirs, Etc.

This Plan shall be binding upon the heirs, executors, administrators, successors and assigns,
as such terms shall apply, of any and all parties hereto present and future.
Section 13.05 — Invalidity of Certain Provisions

If any provision of this Plan shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision hereof and this Plan shall be construed and enforced as if such provision had not been included.

Section 13.06 — Right to Employment

Nothing contained in the Plan or any modification hereof, or the creation of any fund or account for the payment of any benefit, shall be construed to give any Employee, Participant or Beneficiary any right to employment or continued employment with the Employer which he would not have had, had the Plan not been created.

Section 13.07 — Incapacity

In the event that any Participant is unable to care for his affairs because of illness or accident, any payment due may be paid to the Participant's spouse, parent, brother, sister or other person deemed by the Plan Administrator to have incurred expenses for the care of such Participant, unless a duly qualified guardian or other legal representative has been appointed.

Section 13.08 — Governing Law

The Plan shall be construed, administered and enforced in accordance with the laws of the State of Ohio other than such laws as are specifically preempted by federal law.

Section 13.09 — Tax Qualification

This Plan has been adopted, based upon the condition precedent that it be approved and qualified by the Internal Revenue Service as meeting the requirements of the Code and the Treasury Regulations issued thereunder with respect to qualified retirement plans. Notwithstanding any other provision in this Plan, if the Commissioner of the Internal Revenue Service or his delegate determines that the Plan, or the Plan as it may be amended by the Employer in an effort to receive
such approval, does not qualify under the applicable provisions of the Code, the Employer will make such changes required to so qualify the Plan.

Section 13.10 — Number of Counterparts

This Plan may be executed in any number of counterparts, each of which when duly executed by the Employer shall be deemed to be an original, but all of which shall together constitute but one instrument, which may be evidenced by any counterpart.

Section 13.11 — Masculine, Feminine, Singular and Plural

The masculine shall include the feminine and the singular shall include the plural and the plural the singular wherever the person or entity or context shall plainly so require.

Section 13.12 — Withholding Taxes

The Plan Administrator may make any appropriate arrangements to deduct from all amounts paid under the Plan any taxes required to be withheld by any government or government agency. Each Participant and/or Beneficiary shall bear all taxes on amounts paid under the Plan to the extent that no taxes are withheld, irrespective of whether withholding is required.

Section 13.13 — Prevention of Escheat

If the Funding Company(ies) is unable to make payment to any Participant or other person to whom a payment is due under the Plan because it cannot ascertain the identity or whereabouts of such Participant or other person after reasonable efforts have been made to identify or locate such person (including a notice of the payment so due mailed to the last known address of such Participant or other person as shown on the records of the Employer), such payment and all subsequent payments otherwise due to such Participant or other person shall be treated as forfeited three (3) years after the date such payment first became due; provided, however, that such payment
and any subsequent payments shall be reinstated retroactively no later than sixty (60) days after the
date on which the Participant or person is identified or located.

Notwithstanding any provision of this Plan to the contrary, service credits and contributions
with respect to qualified military service will be provided in accordance with Section 414(u) of the
Code.

IN WITNESS WHEREOF, the Employer has caused the Plan to be executed as of the date
written below.

(APPENDIX XLIII)

Approval of the Amendment and Restatement of
The Ohio State University Supplemental 415(m) Retirement Plan

Summary

Background on the Plan:

The University’s Supplemental 415(m) Retirement Plan (the “415(m) Plan”) was originally adopted effective as of July 1, 2001. The 415(m) Plan is a “qualified governmental excess benefit arrangement” under Section 415(m) of the Internal Revenue Code. The 415(m) Plan provides additional retirement contributions to employees in excess of limitations otherwise imposed by the Internal Revenue Code on the University’s Retirement Continuation Plan and the ARP.

Summary of Changes:

The 415(m) Plan is being amended and restated primarily to: (1) facilitate the addition of an additional provider under the 415(m) Plan, effective July 1, 2011; and (2) clarify the administration of the 415(m) Plan. Specifically, the amendment and restatement:

- Clarifies that, if a participant does not make a valid election under the 415(m) Plan, the participant’s account will be distributed in a lump sum upon his severance from service with the University.
- Clarifies when contributions to the 415(m) Plan begin and when they are calculated.
- Removes the requirement that contributions cease when a participant receives a distribution from the 415(m) Plan. Under certain circumstances, it will be appropriate for contributions to be made to the 415(m) Plan on behalf of an employee who has been rehired by the University.
- Reinforces that, as an unfunded plan, investments under the 415(m) Plan are to be used for measurement purposes only. In addition, the amendment and restatement clarifies that the investments offered under the 415(m) Plan will be the same as the investments available under the RCP.
- Clarifies the University’s ability to delegate administrative duties under the 415(m) Plan.

Purpose of the Resolution:

The resolution would approve the amendment and restatement of the 415(m) Plan, effective as of July 1, 2011. The resolution also would authorize the Senior Vice President for Business and Finance and Chief Financial Officer to sign the amended and restated 415(m) Plan and any other documents needed to carry out the resolution.
June 24, 2011 meeting, Board of Trustees

The Ohio State University
Supplemental 415(m) Retirement Plan
(Effective as of July 1, 2001 and amended and restated effective as of July 1, 2011)

INTRODUCTION

WHEREAS, The Ohio State University ("Ohio State") is a governmental organization;

WHEREAS, IRC Section 415(m) authorizes a governmental organization to establish a qualified excess benefit plan as provided by IRC Section 415(m), and this 415(m) Plan was established effective as of July 1, 2001;

WHEREAS, the purpose of this 415(m) Plan is to provide participants in the Retirement Programs that portion of a participant's benefits that would otherwise be payable under the terms of the Retirement Programs except for the limitations on benefits imposed by IRC Section 415;

WHEREAS, this 415(m) Plan is intended to comply with IRC Section 415(m);

and

WHEREAS, Ohio State desires to amend this 415(m) Plan effective as of July 1, 2011.

NOW, THEREFORE, Ohio State hereby amends and restates this 415(m) Plan as set forth in this document effective as of July 1, 2011.

GENERAL PROVISIONS

Except as noted herein, this 415(m) Plan shall operate in accordance with the Retirement Programs and the policies and procedures adopted hereunder.

ARTICLE I

DEFINITIONS

Where the following words and phrases appear in the 415(m) Plan, they shall have the meanings specified below unless a different meaning is clearly required by the context. Capitalized terms used but not defined in this 415(m) Plan shall have the meanings given to them in the applicable Retirement Program.

1.1 ARP. The term "ARP" shall mean The Ohio State University Alternative Retirement Plan, as amended from time to time.

1.2 Beneficiary. The term "Beneficiary" shall mean any person designated by a Participant or otherwise entitled to receive benefits that may become payable hereunder after the death of such Participant.

1.3 Benefit Commencement Date. The term "Benefit Commencement Date" shall mean the date of commencement of benefits under the 415(m) Plan, as elected by the Participant pursuant to Section 5.4; provided, however, that the Benefit Commencement Date cannot be earlier than the Participant's attainment of the Severance from Service Date. If the Participant has not made a valid election as to his Benefit Commencement Date, the Participant's Benefit Commencement Date shall be the date of the Participant's attainment of the Severance from Service Date. In no event shall a Participant's Benefit Commencement Date be the date of the Participant's unforeseeable financial emergency withdrawal.
June 24, 2011 meeting, Board of Trustees

1.4 **Compensation.** The term “Compensation” shall mean an individual’s compensation as defined in Section 2.6 of the ARP when applicable and Section 1.07 of the RCP when applicable.

1.5 **IRC.** The term “IRC” shall mean the Internal Revenue Code of 1986, as amended from time to time, subsequent to the date that this Plan is executed.

1.6 **ORC.** The term “ORC” shall mean the Ohio Revised Code, as amended from time to time.

1.7 **Participant.** The term “Participant” shall have the meaning set forth in Section 2.2 of this 415(m) Plan.

1.8 **Plan or 415(m) Plan.** The term "Plan" or "the or this 415(m) Plan" shall mean The Ohio State University Supplemental 415(m) Retirement Plan, as amended from time to time. The terms "Plan" and "the or this 415(m) Plan" may be used interchangeably herein.

1.9 **Plan Administrator.** The term “Plan Administrator” shall mean The Ohio State University.

1.10 **Plan Year.** The term “Plan Year” shall have the meaning given to it in the applicable Retirement Program.

1.11 **Retirement Programs.** The term “Retirement Programs” shall mean, collectively, the ARP and the RCP.

1.12 **RCP.** The term “RCP” shall mean The Ohio State University Retirement Continuation Plan, as amended from time to time.

1.13 **Severance from Service Date.** The term “Severance from Service Date” shall mean the date on which the Participant quits, retires, is discharged or dies.

**ARTICLE II**

**PARTICIPATION**

2.1 **Eligible Class.** All employees of Ohio State shall be eligible to participate in the 415(m) Plan if they are participants in a Retirement Program and the net amount determined in Section 3.2 and 3.3 of the 415(m) Plan will exceed zero as of the last day of the applicable Plan Year.

2.2 **Participation.** An employee shall be a “Participant” under the 415(m) Plan if (a) the employee is in the Eligible Class described in Section 2.1 above and (b) the employee is designated as a “Participant” by Ohio State.

**ARTICLE III**

**CONTRIBUTIONS**

3.1 **Commencement of Contributions.** Notwithstanding anything herein to the contrary, contributions made to this 415(m) Plan shall only commence when the contributions to the Retirement Programs under Sections 3.2 and 3.3 hereunder, in the aggregate, exceed the contribution limits described in IRC Section 415(c).
June 24, 2011 meeting, Board of Trustees

3.2 Employer Contributions. Employer contributions to the 415(m) Plan shall be determined by subtracting the amount determined under subparagraph (b) from the amount determined under subparagraph (a) herein:

(a) The employer contributions determined for the applicable Plan Year under Section 4.2 of the ARP and Section 3.03 of the RCP, in each case disregarding any limitations on employer contributions that would be applicable under the Retirement Program to limit annual additions to the amount defined in IRC Section 415(c).

(b) The employer contribution under Section 4.2 of the ARP and Section 3.03 of the RCP actually made for the applicable Plan Year.

(c) For each Plan Year, contributions shall be determined under this 415(m) Plan for the period beginning with the first payroll that occurs on or after the date upon which the Participant’s annual additions to the Retirement Programs are limited by IRC Section 415(c).

3.3 Employee Pick-Up Contributions. Employee pick-up contributions to the 415(m) Plan shall be determined by subtracting the amount determined under subparagraph (b) from the amount determined under subparagraph (a) herein:

(a) The employee pick-up contributions determined for the applicable Plan Year under Section 4.1 of the ARP and Section 3.02 of the RCP, in each case disregarding any limitations on employee pick-up contributions that would be applicable under the Retirement Programs to limit annual additions to the amount defined in IRC Section 415(c).

(b) The employee pick-up contributions under Section 4.1 of the ARP and Section 3.02 of the RCP actually made for the applicable Plan Year.

(c) For each Plan Year, contributions shall be determined under this 415(m) Plan for the period beginning with the first payroll that occurs on or after the date upon which the Participant’s annual additions to the Retirement Programs are limited by IRC Section 415(c).

ARTICLE IV

INVESTMENTS

4.1 Amounts credited under the Plan may be invested as a Participant elects among the investment options provided under the RCP. Notwithstanding any other provision of this Plan that may be interpreted to the contrary, such investments are to be used for measurement purposes only, and the Participant's election of any investment option and the calculation of additional amounts and the crediting or debiting of such amounts on behalf of a Participant shall not be considered or construed in any manner as an actual investment in any such investment option. Ohio State retains the sole discretion to decide (a) whether to invest the amounts deferred, and (b) if such amounts are invested, the actual investment funds. In the event that Ohio State decides to invest funds in any or all of the investments elected by a Participant, the Participant shall have no rights in or to such investments themselves.
ARTICLE V

PAYMENT OF BENEFITS

5.1 Benefit Amounts. The benefits payable to or on behalf of a Participant under this Plan shall be equal to the Participant's vested account balance (which shall be the sum of all vested employer and employee pick-up contributions made under this Plan for the Participant, reduced by plan expenses properly chargeable to the Participant) increased or decreased as appropriate by the Participant's investment factor.

A Participant's investment factor shall be equal to the return that would have been realized on the Participant's account balance had that balance been invested as described in Section 4.1 of this Plan.

5.2 Commencement of Benefits. Except for unforeseeable financial emergency withdrawals as set forth below under Section 5.3, payment of benefits to a Participant will begin on the Participant's Benefit Commencement Date. Except for unforeseeable financial emergency withdrawals, withdrawals from the 415(m) Plan prior to the Benefit Commencement Date are not permitted under any circumstances.

5.3 Unforeseeable Financial Emergency Withdrawals. In the event that the Plan Administrator, upon written request of a Participant, determines, in its sole discretion, that the Participant has suffered an unforeseeable financial emergency, Ohio State shall pay to the Participant from the Participant's account balance an amount necessary to meet the emergency, after deduction of any and all taxes as may be required. For purposes of this Plan, an unforeseeable financial emergency is an unexpected need for cash arising from an illness, casualty, loss, sudden financial reversal, or other such unforeseeable occurrence. Cash needs arising from foreseeable events, such as the purchase of a house or education expenses for children, shall not be considered to be the result of an unforeseeable financial emergency. Distributions for an emergency shall be made from the Participant's sub-accounts under the Plan on a pro-rata basis. However, no distribution shall be made from contributions and earnings attributable to such contributions, that have been credited to the Plan for less than two years. It is intended that the Plan Administrator's determination as to whether a Participant has suffered an “unforeseeable financial emergency” shall be made consistent with IRC Section 457(d)(1)(A)(iii).

5.4 Election of Benefit Payment Form and Commencement of Distribution. Each Participant shall, prior to the date benefits begin to accrue hereunder, make an affirmative written election on a form to be provided by the Plan Administrator as to the form and commencement of distribution applicable to benefits under the 415(m) Plan. However, the affirmative written election may be changed thereafter as to form and/or commencement of distribution, but must be made at least two years in advance of any benefit commencement of distributions chosen under the changed election form. In the event that no such election is made prior to the date benefits begin to accrue hereunder, distributions from this Plan shall be payable in a lump sum on the Participant's Benefit Commencement Date.

5.5 Beneficiary Designation. Upon commencing participation, each Participant shall designate a Beneficiary on forms furnished by the Plan Administrator or its delegate. Such forms shall be maintained in files held by the Plan Administrator or its delegate. From time to time, the Participant may change his Beneficiary by written notice on forms furnished by the Plan Administrator or its delegate given to the
Plan Administrator or its delegate. Upon such change, the rights of all previously designated Beneficiaries to receive any benefits under this Plan shall cease.

Further, to the extent there is no beneficiary designation under the 415(m) Plan at the date of death of the Participant, or if the Beneficiary designated has died prior to the death of the Participant, or if the Participant has revoked a prior designation in writing filed with the Plan Administrator without having filed a new designation, then any death benefits which would have been payable to the Beneficiary hereunder shall be payable to the Participant’s spouse, if living; if not living, equally to the Participant’s children; or if none survive, then to the Participant’s estate.

5.6 Vesting Provisions. For purposes of determining vested status in this Plan, years of participation as calculated under the RCP shall constitute years of participation in the 415(m) Plan. Therefore, employer contributions and employee pick-up contributions under the 415(m) Plan shall be vested to the same extent (as measured by the vesting percentage) as are the employer contributions and employee pick-up contributions in the RCP.

5.7 Non-Alienation Provisions. A Participant’s right to benefit payments under the Plan are not subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment or garnishment by creditors of the Participant or the Participant’s Beneficiary.

ARTICLE VI
LOANS

6.1 No loans shall be permitted under this 415(m) Plan.

ARTICLE VII
TRANSFERS OR ROLLOVERS

7.1 No transfers or rollovers shall be permitted to this 415(m) Plan from another plan or from this 415(m) Plan to another plan.

ARTICLE VIII
UNFUNDED STATUS

8.1 Participants and their Beneficiaries will have no right or property interest in any assets held to support the liabilities created hereunder. Participants have the status of general unsecured creditors of Ohio State, and this Plan constitutes a mere promise by Ohio State to make benefit payments in the future. Any and all payments made to or on behalf of a Participant pursuant to the 415(m) shall be made from the general assets of Ohio State. Any and all annuity contracts or mutual funds purchased to support the liabilities hereunder shall be registered in the name of Ohio State and held as a general asset on its books of account.

ARTICLE IX
PLAN ADMINISTRATION

9.1 Powers and Duties. The Plan Administrator shall administer the 415(m) Plan. It shall have the authority to interpret, construe, and implement the 415(m) Plan, to adopt and review rules and regulations relating to the 415(m) Plan and to make all other determinations relating to the administration of the 415(m) Plan. Any decision or interpretation of any provision of the 415(m) adopted by the Plan Administrator shall be final and conclusive. The Plan Administrator may delegate any
of the responsibilities to an appropriate employee or department, provided that no such delegate may take action with respect to matters exclusively affecting his or her own benefits under the Plan.

9.2 Consultants. The Plan Administrator may employ such counsel, accountants, actuaries and other agents as it shall deem advisable. Ohio State shall pay the compensation of such counsel, accountants, actuaries and other agents and any other expenses incurred by the Plan Administrator in the administration of the 415(m) Plan not already built into all products purchased to offset the liabilities created by this 415(m) Plan.

ARTICLE X
AMENDMENT AND TERMINATION

10.1 Amendment. Ohio State reserves the right to amend or to modify the 415(m) Plan at any time by formal action of its Board of Trustees or its delegate, including the right to amend or to modify the 415(m) Plan retroactively, as long as the amendment or modification does not reduce a Participant's benefits that accrued under this Plan prior to the earlier of the date on which such amendment is authorized or executed.

10.2 Termination. Ohio State reserves the right to terminate the Plan at any time by formal action of its Board of Trustees, as long as the termination does not reduce a Participant's benefits that accrued under the Plan prior to the date of such termination. If Ohio State elects to terminate the Plan, payment of all accrued benefits shall be made pursuant to the applicable provisions of Article V.

ARTICLE XI
GENERAL PROVISIONS

11.1 Governing Law. Except to the extent superseded by federal law, the laws of the State of Ohio shall be controlling in all matters relating to this Plan, including the construction and performance hereof, notwithstanding principles of conflicts of laws.

11.2 Captions. The captions of Articles and Sections of this Plan are for convenience of reference only and shall not control or affect the meaning or construction of any of its provisions.

11.3 Facility of Payment. Any amounts payable hereunder to any person who is under legal disability or who, in the judgment of the Plan Administrator, is unable to manage his financial affairs properly may be paid to the legal representative of such person or may be applied for the benefit of such person in any manner that the Plan Administrator may select, and any such payment shall be deemed to be payment for such person’s account.

11.4 Withholding. To the extent required by the laws in effect at the time payments are made hereunder, Ohio State shall withhold from such payments, any taxes required to be withheld for federal, state or local government purposes.

11.5 Administrative Expenses. Except as provided in the products used to underwrite liabilities hereunder, all other expenses relating to the Plan and its administration shall be borne by Ohio State.

11.6 Severability. Any provision of this Plan prohibited by the law of any jurisdiction, shall, as to such jurisdiction, be ineffective to the extent of such prohibition without invalidating the remaining provisions hereof.
June 24, 2011 meeting, Board of Trustees

11.7 Liability. Except as otherwise expressly provided herein, no member of the Board of Trustees of Ohio State, no delegate of the Plan Administrator, and no officer, employee or agent of Ohio State (specifically including, but not limited to an employee of Ohio State acting at the direction of the Plan Administrator) shall have any liability to any person, firm or corporation based on or arising out of the Plan except in the case of gross negligence or fraud.

11.8 Binding Effect. This Plan shall be binding upon and shall inure to the benefit of Ohio State, its successors and assigns and each Participant and his heirs, executors, administrators and legal representatives.

11.9 Construction. Any words herein used in the masculine shall be read and construed in the feminine where they would so apply. Words in the singular shall be read and construed as though used in the plural in all cases where they would so apply.

IN WITNESS WHEREOF, Ohio State has caused this 415(m) Plan to be executed effective as of July 1, 2011.

THE OHIO STATE UNIVERSITY

By: _______________________________ Date: ___________________

(APPENDIX XLV)

PROPOSED AFFILLIATE: OSU TANZANIA GATEWAY, LLC (AN OHIO LIMITED LIABILITY COMPANY AND A WHOLLY OWNED SUBSIDIARY OF OSU GLOBAL GATEWAYS, LLC)

Submitted:

Dr. J. Mark Erbaugh, Director, International Programs in Agriculture, College of Food, Agricultural and Environmental Sciences

Dr. David Kraybill, iAGRI, Project Director and OSU Professor, Agricultural, Environmental, and Development Economics

(a) Purpose, Goals and Objectives: Creation and operation of the affiliate is mandated by Tanzanian law. The sole goal of the proposed affiliated entity is to serve as a conduit to channel project funds for the implementation of the USAID-funded "Collaborative Research and Capacity Building of Sokoine University of Agriculture and the National Agricultural Research System project. This project has now been re-titled as the Innovative Agriculture Research Initiative (iAGRI - Tanzania Project).

(b) Background: The iAGRI - Tanzania Project, was awarded to The Ohio State University in a Cooperative Agreement signed on February 22, 2011. The amount of the award was for $24,000,000. One portion of the awarded funding will be expended directly by OSU’s project management unit (PMU) in Tanzania. The Project Director, OSU Professor, Dr. David Kraybill will be residing and working in Tanzania, and will be the administrator of the PMU.

To manage funds locally, OSU’s project management unit in Tanzania needs a local bank account. Only legally registered entities can open bank accounts under Tanzanian law. Following advice of a prominent American attorney in Dar es Salaam engaged by the University, and in a manner similar to the procedures used by Harvard University, Florida International University, and other American universities operating projects in Tanzania, it is being proposed that the project be legally registered in Tanzania through the creation of a non-profit Ohio company limited by guarantee, which will subsequently register in Tanzania.

Project Description

Goal/Objectives: The Innovative Agricultural Research Initiative (iAGRI) Program is proposed to strengthen the training and collaborative research capacities of Sokoine University of Agriculture (SUA) and the Tanzanian National Agricultural Research System (NARS). The goal is to improve food security and agricultural productivity in Tanzania. The purpose is aligned with the themes and related road map of the USAID Feed the Future (FtF) Initiative and the Government of Tanzania (GoT) Comprehensive Africa Agricultural Development Programme Compact and Agricultural Sector Development Programme (ASDP). The program objectives are to: 1) Establish a program of collaborative agriculture research with SUA and NARS; 2) Provide advanced degree training in agriculture for 120 Tanzanian graduate students; 3) Strengthen the capacity of SUA to develop and implement instructional, internship, and outreach programs in agriculture; and 4) Promote cooperation between SUA, U.S. Universities, and global south universities.

Approach: iAGRI will draw from successful development approaches used to support agricultural and nutrition-related research, extension and education, building on participant institutions’ experience with the U.S. land grant model. The program will take advantage of lessons learned from recent approaches that reduce training and technical assistance costs, increase program relevance to meet development needs, and engage stakeholders, including the private sector, NGOs and civil society.
representatives. The program will be Africa-driven and responsive to GoT and donor priorities. Table 1 presents a LOGIC model of iAGRI.

**Main Activities:**

**i. Needs Assessment:** The first major activity of iAGRI will be to jointly assess the needs for institutional capacity strengthening, long-term training and collaborative research within SUA, the NARS, and extension services. Assessment team members will come from SUA, NARS, extension, the Ministry of Agriculture, Food Security and Cooperatives (MOAFSC), and the OSUC universities.

**ii. Collaborative Research:** Institutional collaboration during iAGRI is fostered through the following elements:

- A research priority-setting workshop following the needs assessment
- Project Advisory Board
- Trainees supervised by paired advisors from SUA U.S./global south universities
- Thematic Working Groups/Stakeholder Working Groups
- Collaborative Research Grants Programs with external grant reviewers

**iii. Long-Term Graduate Degree Training:** The goal of iAGRI’s long-term training component is to boost the research, teaching, and outreach performance of SUA and the research performance of NARS. Degree training needs and priorities will be identified during the needs assessment. Training needs that address cross-cutting development themes will be identified and used to set training priorities.

**iv. Tripartite SUA—U.S. University—Global South University Cooperation:** To bring a diversity of perspectives, the project will enlist a number of universities in Africa, Asia, and Latin America to host long-term degree trainees and visiting researchers from Tanzania. OSUC faculty members will assist in supervising the research projects of trainees and will participate in curriculum development, teaching of short courses and workshops, and other capacity-building activities in Tanzania.

**Partnership Arrangement:** The Ohio State University Consortium (OSUC) is a consortium of five core U.S. land grant universities, including The Ohio State University (OSU) as the lead institution, Michigan State University (MSU), University of Florida (UF), Virginia Tech (VT), and Tuskegee University (TU). Together, the OSUC partners have many years of experience in human and institutional capacity development in agriculture in Africa, including a history of collaboration with SUA and NARS institutions in Tanzania. Other U.S. land-grant institutions as well as South institutions, such as Punjab Agricultural University (India) and EARTH University (Costa Rica), will be engaged as appropriate to provide quality, relevant training and technical assistance inputs.

**PROGRAM MANAGEMENT**

**Management Approach:** Project Management is structured to address key capacity building objectives and to collaborate with Tanzanian stakeholders (SUA, NARS, NGOs, and agribusiness) and with USAID/Tanzania.

**The Management Entity (ME).** The Office of International Programs in Agriculture (IPA) will serve as the ME, overseeing all aspects of project implementation, performance and reporting. The IPA is an administrative unit attached to the office of the Vice President for Agricultural Administration and Dean of the College of Food, Agricultural and Environmental Sciences (CFAES) at The Ohio State University (OSU). Since 1955, this office has managed international agricultural research, training and extension projects around the world including continuous project engagement with SUA for the last 10 years. The core ME team includes the Director of IPA, who serves as the Administrative PI for the university, the Project Manager, a Training Coordinator and
June 24, 2011 meeting, Board of Trustees

Financial Manager. As the iAGRI Project ME, IPA/OSU will be responsible for overall management of the Cooperative Agreement including financial reporting and oversight in collaboration with OSU Office of Sponsored Programs, issuance and management of sub-awards, preparation of annual budgets for USAID AOTR approval, and preparing and submitting semi-annual and annual reports and work plans. The ME will also serve as the communications hub between OSUC partners and the PMU.

Project Management Unit (PMU). The PMU will be an integrated unit located in Tanzania consisting of OSUC technical assistance personnel, local counterparts and office managers. The in-country Project Director (PD) is the point of contact for the OSU/ME and the USAID AOTR within the PMU. The project PD is Professor David Kraybill, Department of Agricultural, Environmental and Development Economics (AEDE), OSU. He will be posted on long-term assignment in Tanzania for a projected three years. He will have the responsibility and authority to manage the collaborative research and training program and budget and to represent the ME in any forum in Tanzania. Other proposed long-term personnel from partner USA universities are envisioned and will be appointed as the project ensues. To ensure co-management of the PMU, two local professionals will be recruited for senior staff positions from SUA and/or NARS and either seconded to or hired by the project. In addition, a Budget/Finance Officer and an Administrative Assistant will be hired locally.

Subcontracts: The budgets provide funding in the ME and PMU lines for post-award subcontracts. Subcontracts for office space, personnel and degree training activities at SUA will be funded through a subcontract from the ME. Student tuition and stipends and faculty advising will be funded through a subcontract with SUA or direct payment by the ME through the PMU. Subcontracts with OSUC partners have been prepared for Year 1 activities, long-term personnel, and M&E support. Funding allocations after Year 1 to OSUC partners for technical assistance related to Collaborative Research Grants (CRG) will be tied to work plans targeting priorities developed collaboratively with Tanzanian stakeholders. Funds for CRGs are in the ME budget. Funds for training on the OSUC partner campuses will be administered by the OSU-ME and are in the ME budget.

(b) Proposed organization. The creation of an Ohio limited liability company that will register to conduct business in Tanzania (OSU Tanzania Gateway, LLC). The company will be a wholly owned subsidiary of OSU Global Gateways, LLC, an Ohio limited liability company. The Ohio State University is the sole owner/member of OSU Global Gateways, LLC.

The Ohio State University Global Gateway Corporate Structure

Board of Directors For All Gateway Affiliates
- Joseph A. Alutto, Executive VP and Provost

1143
June 24, 2011 meeting, Board of Trustees

- Geoffrey S. Chatas, Senior VP for Business & Finance and CFO
- Christopher M. Culley, Senior VP for Global Strategies
- William I. Brustein, Vice Provost for Global Strategies and International Affairs

Offices
- As required to meet legal, operational and fiscal requirements

(c) 5 year projected budget: The budget below is as appears in the Cooperative Agreement.

(d) Risk Assessment. The sole purpose for creation of the affiliated entity is to enable the expenditure of awarded grant funds in the country of Tanzania. No obligations will be incurred by the company absent award of the grant funding from USAID. The existence of the company will coincide with term of the grant and the obligations undertaken therein. Grant funds will be transferred to the Tanzanian bank account of the company only in support of grant expenditures approved through the University Office of Sponsored Programs (“OSP”). Dr.’s Erbaugh and Kraybill are working with FAES fiscal, OSP and the Office of the Controller to establish appropriate financial controls.
The Board of Trustees met Friday, September 9, 2011, at Nationwide & Ohio Farm Bureau 4-H Center, Columbus, Ohio, pursuant to adjournment.

** ** **

Minutes of the last meeting were approved.

September 9, 2011 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Wednesday, September 7, 2011 at 2:00 pm.

Good afternoon, I would like to convene the meeting of the Board of Trustees. Before we take the roll call vote to go into Executive Session, I want to announce that the full Board will reconvene tomorrow morning at 8:30 am.

I hereby move that the Board recess into Executive Session to consider personnel matters regarding compensation; matters required to be kept confidential by Federal and State Statutes; and to consult with legal counsel regarding pending or imminent litigation.

Upon motion of Mr. Wexner, seconded by Mr. Judge Marbel, the Board of Trustees adopted the foregoing motion by unanimous roll call vote, cast by Trustees Wexner, O'Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbel, Kass, Reid, Jurgensen, Wadsworth, and Smucker.

***

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Thursday, September 8, 2011, at 8:36 am.

Mr. Wexner:

I would like to reconvene the meeting of the Board of Trustees. Before we take the roll call to go into Executive Session, I want to announce that the full Board will reconvene tomorrow morning at 9:00 am.

I hereby move that the Board recess into Executive Session to consider matters required to be kept confidential by Federal and State Statutes.

Upon motion of Mr. Wexner, seconded by Mr. O'Dell, the Board of Trustees adopted the foregoing motion by unanimous roll call vote, cast by Trustees Wexner, O'Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbel, Kass, Jurgensen, Wadsworth, and Smucker.

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Friday, September 9, 2011, at 8:34 am.

September 9, 2011 meeting, Board of Trustees

Mr. Wexner:

I would like to reconvene the meeting of the Board of Trustees. I hereby move that the Board recess into Executive Session to consider matters required to be kept confidential by Federal and State Statutes.

***

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Friday, September 9, 2011, at 9:40 am.

Mr. Wexner:

Good Morning. I am going to reconvene the meeting of the Board. I would like to ask the Secretary to note attendance. No roll call is necessary.

Dr. Horn:

A quorum is present, Mr. Chairman.

Mr. Wexner:

So that we are able to conduct the business of this meeting in an orderly fashion, I would ask that the ringers on cell phones and other communication devices be turned off, and I ask that members of the audience observe the rules of decorum proper to the conducting of this business and our normal practices.

The June minutes of the Board of Trustees meeting were distributed to all members of the Board. If there are no additions or corrections, the minutes are approved as distributed.

Evann, would you like to present the student recognition awards? I think this is a first for you. Do well.

***

STUDENT RECOGNITION AWARDS

Ms. Heidersbach:

I will do my best. Thank you, Mr. Chairman. Well, I would like to bring up Brigid Long and Jeffrey Thompson, if they could take a seat at the table.

I will begin by introducing Brigid Long. Brigid is a student in the Doctor of Pharmacy program and is an exceptional leader in the college. She earned a B.S. degree in chemistry at John Carroll University in 2006 and will receive her PharmD degree from Ohio State in June 2012. Her professional pharmacy experiences as a student have included pharmacy internships at Target Pharmacy, CVS Pharmacy, and Nationwide Children's Hospital in Columbus. During the 2010-2011 academic year, Brigid served as president for Ohio State’s chapter of the American Pharmacist Association Academy of Student Pharmacists (ASP). Under her leadership, the chapter maintained the many proud ASP traditions in the college and established meaningful new initiatives as well. Examples from the 2010-2011 year include: an excellent mid-year regional meeting for
region five, and a new and improved chili cook-off to raise funds for the James Cancer Hospital and Research Institute, as well as an establishment of a partnership with the Academy of Pharmacy of central Ohio to deliver prescription drug abuse prevention presentations. Brigid deserves much credit for the outstanding work being done in the ASP chapter, for her organizational and networking skills are among her strongest characteristics. Through her work and a variety of professional organizations and other college activities, such as serving as a student ambassador, she has truly exhibited a gift for working with others, organizing important functions, making her colleagues feel invested in their common work, and just getting things done. Upon graduation in 2012, Brigid hopes to enter a pharmacy residency program in pharmacy administration. This two-year residency program will further develop her leadership and organization skills, as well as enhance her clinical pharmacy knowledge. Her career goals include working in pharmacy administration in a health care setting, such as a hospital, or an industrial setting, such as a pharmaceutical company. Thank you, Brigid, for being here today.

And now, I would like to present Jeff Thompson who comes to us from the College of Natural and Mathematical Sciences. Jeff is currently a third year student who plans to graduate in spring 2013 with an honors research distinction in geological sciences and with minors in Spanish and evolutionary studies. He has been on the dean’s list for four of the six regular academic quarters of his enrollment at Ohio State and is a member of Sigma Gamma Epsilon, the national earth sciences honorary society. His star power in both academics and research has earned him numerous awards, including the Marcus J. and Lottie C. Lieberman Scholarship in Geological Sciences, which is presented to an outstanding undergraduate major who has achieved academically in the School of Earth Sciences. Jeff has also won second place in the mathematical and physical sciences division of the 2011 Denman Research Forum for his poster presentation. By the spring of his sophomore year, Jeff had presented his research not only at two Ohio State undergraduate research forums, but also at the joint North Central and North Eastern Sectional Geological Society of America meeting in March 2011. Jeff will present further aspects of this work at the annual national meeting of the Geological Society of America in October 2011. This autumn quarter, which is his junior year, he will finalize plans for his senior thesis.

Dr. William I. Ausich, Jeff’s research advisor, had this to say about him: “Jeff has been a leader and friend to his peers in geological sciences. He is always willing to help out when there is a prospective student visiting and thus he serves as a great ambassador for our academic program. However, where Jeff clearly stands head and shoulders above his peers is as a researcher. He is exceptionally bright, works hard, interacts very easily with others, is innovative, and is a self-starter. He is thriving in our undergraduate program and he will continue to thrive when he begins his graduate study and during his future professional career.” Thank you for being here today, Jeff.

I would like to invite both of you to say a few words. Brigid, if you would like to go first?

Ms. Long:

Sure. Thank you so much, Evann. That was wonderful, those things you said about me. I really appreciate it. First of all, good morning everyone. My name is Brigid Long. It is a pleasure to be here with you today. I am deeply humbled to have been selected as a Board of Trustees Student Recognition Award Recipient. Evann suggested sharing a favorite story or experience at Ohio State. So many wonderful memories came flooding to my mind that it was difficult to choose just one. Before beginning pharmacy school in the fall of 2008, I did not consider myself a Buckeye. I had friends that loved Ohio State. They loved the campus, the atmosphere, the faculty, the staff, everything about it. I did not understand that passion until I went to my first football game. Somewhere between Brutus doing backflips, singing Carmen Ohio arm and arm with my friends, and a sweet Buckeye football win, I happily realized I had become a Buckeye.
September 9, 2011 meeting, Board of Trustees

I would not be here today if it weren’t for very many special people in my life. First, I would like to thank President Gee and the Board for selecting me for this award and providing me with the opportunity to thank you publicly. Second, Dean Bob Brueggemeier, thank you so much for nominating me for this award. You are a wonderful mentor, very generous, and a sincere and genuine friend. I am very blessed to have your example in my life.

Next, I would like to thank a few of those who have impacted me most in the College of Pharmacy, including Jerry Cable, Jim McAuley, and Maryalice Bennett. With their encouragement and belief in my abilities, I took advantage of many opportunities that I otherwise may not have.

Finally, I do not have enough ways to express my appreciation to my parents. They always encouraged me to follow my dreams and provided me with everything that I needed and will need to reach my goals. Receiving this award is a true honor and something I will cherish for the rest of my life. I now proudly share my Ohio State background with those I meet and am thankful to all for the opportunites provided to me here. I leave you with a quote that somewhat encompasses my feelings about Ohio State. “From the outside looking in, you can never understand it. From the inside looking out, you can explain it.” Thank you.

Mr. Thompson:

Hello. My name is Jeffrey Thompson. Thanks very much for letting me come here today. First, I would like to, for a second time, thank the Board of Trustees and I would also like to thank the School of Earth Sciences for really giving me the many great opportunities that I have had since I have been here at Ohio State. I would also like to thank the dean of the College of the Arts and Sciences, Joe Steinmetz, and the divisional dean, Peter March, for nominating me with the help of the School of Earth Sciences. I very much appreciate being here; it is a great opportunity. Seeing as I am here for my research, I would also like to thank my research advisor, Bill Ausich, for not only being an incredible mentor and friend, but also for instilling in me a passion for crinoids, which is my area of research and that is something that he has more passion for than anyone on the planet, so I think that it is only natural that it rubbed off on me.

I always wanted to study paleontology ever since I was a kid, but it wasn’t until I came to Ohio State that I was really able to do anything with that passion. Since I have been here, I really have been able to focus it and do something awesome with it, so I am very, very happy about that.

I would also like to thank my major advisor, Anne Carey, who is able to be here with me today, for being very supportive and a very great role model and for helping push me in the right ways and I think that is incredible because when you come here as a freshman, you don’t know where you are going. The first day I was here, I had an email from her to come and meet with her and it was very helpful. She helps all of the undergraduates in the department and by no means just myself.

Finally, I would like to thank my parents, not only for being awesome parents, but because they are always very supportive of me and they always seem to express interest in what I am doing and I am very, very thankful for that. Especially my mom, I would like to thank because she spent her spring break sitting in a hotel room to support me in a Geological Society of America meeting in Pittsburgh so I could present my research there. I am very appreciative of that.

Thanks again for the opportunity to be here and for the award. It means a lot to me, so thank you.

***
September 9, 2011 meeting, Board of Trustees

Mr. Wexner

I think I neglected a courtesy and I was rude to two people. Evann, both you and Tim Smucker are freshmen to the Board. Although you were introduced in June, you are in the same class as Tim and clearly, Tim, we welcome you and we hope you have a good freshman year on campus. As we have begun to work with you and Evann as a Board, we are complemented by and pleased with both of you for your help, your encouragement, and your participation, so we hope you have a good academic year and a good career on the Board of the University.

Mr. Smucker:

Thank you very much. I am pleased and honored and privileged to be here.

Mr. Wexner:

Don’t mess up because the president is in charge of disciple for the freshmen class. You got that Evann? Okay. Mr. President.

***

PRESIDENT’S REPORT

President Gee:

Thank you very much and let me just add my welcome. Evann and I have been pals for quite a while and it is interesting. Evann happens to be a student colleague in our office and so I feel like I am under the scrutiny of the Board 24-7 right now as a matter of fact. Tim and I have known each other for a long time and, of course, coming from that great town of Orville, Ohio and having built one of the great businesses in this country and to have you help us build our world, we are very grateful Tim, so welcome.

Mr. Chairman, at our meeting in June, I ended my report by noting that on the following Monday I was heading out on the first of my summer state tours. It was quite a ride, I can assure you: 2,799 miles, 47 counties, 75 stops, and countless bags of Twizzlers and boxes of Wheat Thins. We made our way through county fairs, farms, wineries, and businesses small and large. I tied on an apron and baked something, I am not quite certain what, in a Kitchen Aid kitchen in Greenville, Ohio. We saw the world’s largest pan at the American Pan Factory in Urbana. I am not sure if you know that we have a pan factory in Ohio, the only one in this country. I discovered what heaven must smell like at a family owned Orlando bakery in Cleveland. Five generations, I might just add, of the Orlando. I can’t remember but I think there might be 33 Orlando working in the bakery business right now. It is quite a remarkable place. Brutus and I drove a tractor together and let the record reflect that we were not cited for any moving violations. Brutus and I also did some dancing with Mother Cecilia and the other Sisters who care for the elderly at the Little Sisters of the Poor nursing facility in Oregon, Ohio. That was part of my penance as you might recall. This year I tweeted about the tours and posted photos on Facebook as a way to bring others on the journey with me. On the Trustees’ chairs is a summary of the print and broadcast media coverage of the state tour. It is impressive but there is something those media clips cannot convey and so I asked Tracy Stuck and our team of talented students who planned and attended a number of our tours, we have a tour bus with about 20 or 30 students who go along and do these pop up tail-gates, a wonderful event, and Luc Nutter, who is one of my favorite students at this University, to put together a video that I would like to share with you so we are going to take a look at this video right now.

[Video Presentation]
Well I must say that the marvels of Ohio are just remarkable and the marvels of our people, 11 million of them who really love this University and who, I must say a remarkable thing, I wish that everyone had this experience that I have. I think it is such an affirming experience all the time. I want to say how grateful I am to our students who travelled with me and brought such great energy to the state tours and to Sue Jones. Sue is the architect, driver, and camp counselor for all of my tours. These visits both inform our work on the campus and fuel, I think, all of our passion in the roles of the University in the lives of all Ohioans.

There were, of course, several other single events this summer. Last month’s Pelotonia was the most successful yet with nearly 5,000 riders and thousands upon thousands of volunteers and supporters. As of yesterday, we are at nearly $10 million raised this year alone and every bit of that money supports the work of our Comprehensive Cancer Center. I want to say how grateful I am to our trustees, alumni, faculty, students, staff, and families, all who were involved. Team Buckeye, the University’s team, was well over a thousand riders strong this year, which makes a powerful statement about Ohio State believing in investing in itself.

In July, the New York performance of Romeo and Juliet by the Royal Shakespeare Company (RSC) left us spellbound as many of us know. The gala performance expressly for the Ohio State extended family was memorable not only for its innovation and its emotion; it was a tangible, moving testament to the role of the arts in contemporary life, the power of partnerships, and the undeniable virtue of well-calculated risk. It is critical to remember that the reach of our partnership with the RSC extends well beyond our campus. Already some 3,000 central Ohio school children have directly benefited from enriched teaching, Stand Up for Shakespeare as we call it, and much more is to come, Mr. Chairman. Next to me is the mastermind behind the RSC partnership. I would like to present you with a memory book, which we have created, and I hope many of you get a chance to see this, Mr. Chairman, thank you very much. Congratulate him for his good work, would you please? And in all the Trustees’ places is a compilation of materials about the gala and the strong press attention it received.

Our faculty, staff, and students are winning their own headlines as always. A few highlights: a group of our engineering faculty is making strides in developing new materials that can be sewn into clothing to serve as radio antennas. They are commercializing their work and one of the first uses will be to improve communications for American soldiers. Also in the College of Engineering, Associate Dean Mary Juhas has been selected to join the Ohio Women’s Hall of Fame. Dr. Juhas also chairs the President’s and Provost’s Council on Women.

Our food safety programs are making notable strides, the most recent being the inclusion in a multi-institution grant to study virus-related, and food-borne illnesses.

I would also like to note that last month The Princeton Review named Ohio State to its best value list. We have long known that, of course, and I sing it from the roof-tops, but it is always better in my view when other people say nice things about us.

I do want to mention one substantial coup for us and for the Board of Trustees. A remarkable historian, Kevin Boyle, who is in the audience today, has accepted an appointment as a faculty member on the Academic Affairs and Student Life Committee. I will just say this, for those of you who do not know, Dr. Boyle is among this nation’s pre-eminent modern historians. He has been courted by every major institution in this country; I know that because I tried to court him to come to Vanderbilt. He remains here at Ohio State because he so firmly believes in our unique mission. Professor Boyle’s scholarly work brings great pride to the institution. His National Book Award work is one of the great books. If you have not read it, you ought to read it, Arc of Justice: a Saga of Race, Civil Rights and Murder in the Jazz Age and notable in many respects, one of which is that this summer, and I love this, it was selected as the feature title for the Great Read Program by the state of Michigan. The apocalypse is nigh, Kevin, I want you to
September 9, 2011 meeting, Board of Trustees

know that. Kevin, would you please stand and be recognized? And welcome. We are delighted to have you here.

Finally, Mr. Chairman, at the risk of embarrassing you, I will very publicly wish you a happy birthday. One measure of this man is his exceptional devotion to his University. Yesterday was his birthday and he spent all of it, including dinner, working with the Board. Saying that, I will conclude my report.

Mr. Wexner:

Thank you. In self-defense, I will say, have to say, that I made a quick exit from the board dinner last night to have my really birthday dinner and cake with my family, so they ate a late dinner and I got to spend part of the day with them.

I wanted to remark on something that Gordon mentioned and that’s the Pelotonia. Three years ago, it was just an idea; and it supports the University, particularly the James Hospital. But this year, kind of an interesting milestone, I think it links to the future, there were 5,000 riders, but there were 35,000 to 50,000 donors because individuals solicit family, friends and neighbors to raise the money to sponsor the ridership. And, in addition to 5,000 riders, there were at least 5,000 volunteers and virtual riders. That is a pretty broad base of support. The interesting thing about this, and I think it relates to other development activities in the University, Pelotonia projects that with increases in outreach across the state to more alumni associations in different communities that it will raise about $12 million this year. That is what they think they will get to before the campaign ends. Probably greater than $15 million next year, and they project over the total five year period ahead of us, that it will be $100 million dollars raised for the James for research. It is gifts of all kinds: car washes, bake sales, contributions of $5 and $10 to support individual riders and virtual riders, and probably this year close to 50,000 new names of people who are potential loyalists and supporters of the University so this is a very active and robust program, which had riders not only from all over central Ohio, but all over Ohio and literally from all over the world. People who were riding were contributing on a global basis and it is a marvelous example of the outreach and the potential we have to reach people and connect them to the University not only financially but as loyal, supporters and Buckeye boosters. It is just a remarkable success, out of nowhere. Three years ago zero. Aggregate funds raised five years in the future will be at least $100 million. This is really a model program that should be supported by alumni association members all over the state, all over the country. And it is an easy and wonderful way to connect to the University.

President Gee:

I also think that the importance of it is that it has become a signature community event. People way beyond any affiliation with the University or even perhaps interest in the University other than interest in health care and cancer, such that it has become a wonderful community building event which brings many people, riders from 40 states now come to Columbus to be a part of that.

Mr. Wexner:

I am glad they give the University the chance and the Pelotonia event an extra commercial. Next, I would like to ask Geoff Chatas to give us the financial review for the year. Geoff, thank you.

***

Mr. Chatas:

Thank you, Mr. Chairman. Just a brief overview. We had an outstanding year at Ohio State last year, across all fronts, and I will quickly walk through each of the areas of the University. In general as a summary, tuition and fee revenue increased, while state support was flat. Grants and contracts and research dollars increased. Auxiliary revenues increased. Cash gifts to the University increased, and we have a significant return on our endowment, exceeding 15% last year.

If we look first at tuition and fees, you can see that the tuition and fees for the year increased by over $85 million from the year before. This was a result of higher than expected enrollment, a slight change in the student mix to more out-of-state students, and some increase in fees as well. In terms of state support, as I mentioned, the state support was flat year over year.

Grants and contracts were up $30 million, the significant portion of that coming from increased federal grants and contracts. And our auxiliary revenues across the University were up 9%, over $19 million, about $12 million of that was related to the fact that we had an extra football game last year, but you can see that all of our areas: athletics, housing, food service, parking, and all others had increases year over year and exceeded budget.

The Medical Center had an increase in actuals between 2010 and 2011 in revenues. That was about $100 million in revenues led by the James Cancer Hospital with an increase of $70 million. There was a slight decrease in revenues compared to budget: about 2% as a result of decreased admissions to hospitals, although some of that was offset by increased ambulatory care over the course of the year.

As I mentioned, cash receipts for development were up, and the significant increase was in current cash gifts and including the Pelotonia, which is that large red box to the right, up $15 million year over year.

And then investment income in the endowment you can see, as I mentioned, a 15.5% return across the endowment so that the net investment income for the University exceeded $350 million. And importantly, the endowment has now reached levels of balance that were equivalent to what they were prior to the market reductions of 2008-2009.

If I turn to a financial snapshot on the expenditure side, operating margins for both the University and the Medical Center improved during the fiscal year. The University operating expenses increased 4%, but that was below the 6% increase of revenues, and you can see that the lion’s share of that increase year over year was actually in people in terms of compensation and benefits. We had a 2% salary increase over the year and a 5% increase in benefit costs. The University’s operating margin without the Medical Center grew from 2010 to 2011 by about $35 million, the incremental cash that will show up on the balance sheet. The Medical Center operating margins, although as I mentioned the revenues were less than budget, the actual operating margins exceeded the budget and this is due to excellent expense management by the team over at the hospitals, $410 million or 7% improvement in margin higher than budget.

If I turn to the balance sheet quickly, cash and investments improved. As I mentioned, the endowment improved. We did add $620 million of debt. This is predominantly to fund the new student housing in the south corridor and to fund the Medical Center expansion. The net result is that our net assets increased over the period. Looking at cash and investments, you can see that we went from just about $3 billion to over $4 billion in cash and short term investments. A portion of that is clearly the bond offerings, but also part of that is long term benefit in the endowment as well as the excellent operating results, which led to more cash over the year. Our debt did increase, reflecting the new issuance for the Medical Center, but we did pay off about $60 million in debt over the year as well.
In terms of capital expenditures, capital expenditures at the University, excluding the Medical Center, were actually down year over year, although there was a significant increase, as you all would expect, in the health system, reflecting the significant spending on the new hospital building. This trend will continue over the next few years.

Finally, as a financial summary, we actually improved that number. The net assets improved by $500 million, so a half of a billion dollar improvement. Our operating revenues improved by $130 million. Our operating expenses were up $100 million, but that means that the net margin was up $30 million. And, as I mentioned, at the Medical Center, the margin and cash balances improved. Overall, an outstanding year from a financial point of view, and we continue to be in excellent shape financially. Thank you.

(See Appendix II for background information, page 113.)

Mr. Wexner:

Questions, comments?

Thank you, Geoff. I think we then can move to committee reports. Let’s begin with Agricultural Affairs; Jack Fisher.

***

COMMITTEE REPORTS

Mr. Fisher:

Thank you, Mr. Chairman and first of all, I would like to welcome the Board and all of our guests here to the Ohio Farm Bureau Nationwide 4-H Center. I hope that during the last couple of days and today you can participate in this building as it is a working laboratory in terms of how we learn about energy efficiency, recycled carpet and the like, so that has been used in this building and certainly has been part of our model in working with Ron and his team and the campus footprint and looking at some of the things we can do on campus.

We started our committee meeting with recognition of Dr. Bobby Moser, our dean, who has announced his intentions to transition into retirement here in the next couple of years. We wanted to reflect on what he has done over the last twenty years in his leadership and how we network and actually carry out our outreach of this University. We had a representative, Paul, from the Ohio House of Representatives, the chair of the Agricultural Committee there, our director of agriculture, Director Jim Zehringer, and we talked about the collaboration and the outreach as it pertains to Ohio agriculture, agribusiness, and indeed all we do for citizens of Ohio in terms of food, energy, fiber and fuel.

From that, we talked about how we can work together in the future in terms of our new outreach opportunities as we look at our centers that we talked about this morning and as we enhance our efforts relative to economic development, job creation, and how collaboration with our extension educators in partnership with agri-business can sustain and create jobs focusing primarily on food, bioscience, energy and health areas. As we work forward here in transitioning, first and foremost, on behalf of the Board, I ask Dean Moser to stand up. There will be several of these recognitions over the upcoming years, but certainly, we have all been the beneficiaries of his leadership for a long time.

President Gee:

Can I just say something? Dr. Moser was one of my first appointments in 1991, and I must say that we are going to have a lot of chances to talk about Bobby. There have been few, if any, people who have been more transformative in terms of both his own
September 9, 2011 meeting, Board of Trustees

leadership and what he has done. Remember, it was a very traditional College of Agriculture, very traditional, when he inherited it. Think about it today. Food, Agricultural, and Environmental Sciences focusing on collaboration across the states in so many ways. Having moved from just production into food safety and all the other areas and the environmental side of it is just remarkable. The only difference between Bobby and me is the fact that Bobby was smart enough to stay in one place and he has done so very well and very effectively.

Mr. Fisher:

Thank you, President Gee. In addition, we would welcome you to the Farm Science Review, which will be held here September 20, 21, and 22 just west of town here in London, Ohio. You will have the latest exhibits relative to all the machinery, equipment, seed, everything that we do in the industry of agriculture, agri-business. And you certainly are all welcome.

From that, we move to a review of what happened with our tornado up at the Wooster campus, just nearly a year ago this coming week, and the first thing I want to focus on, you know, we talk about continuity planning, risk management, and the need to have that and the importance of having that across campus. I want to share with the Board that the plan was in place and it worked exceptionally well, from all the folks here on campus and all of our faculty and staff up at OARDC working together relative to public safety, executing a plan, the importance of external and internal communication, both on campus and at the community there. Everybody’s response was immediate and also ongoing and so I am happy to report what we prepare for in disaster planning and assistance worked very well. We actually reviewed the insurance package and what can we learn from that. We were covered extensively there so that was part of the plan that worked very well. We are also looking at how we can learn from this last year there and enhance our current comprehensive risk management plans on a campus-wide basis.

A couple of numbers: there were 79 structures, 24 greenhouses, the loss of 1600 trees and 36 vehicles. Total damage to date is in excess of $28 million from the tornado at OARDC.

Lastly, we are now engaged in planning for replacement space. A lot of the repairs have been done. We are looking at how we replace the ag-engineering and some of the green houses up there, so here is an area we would work with planning and your committee, Ron, going forward for the campus there at OARDC.

The big note here is a big thank you to several of you in the audience who participated in helping everybody get through a very difficult disaster and things went very well.

Lastly, we heard from Dr. Ron Sega, who again is an example of great collaboration, in this case, between Ohio State and Colorado State as we look at our opportunities for sustainability with the full definition of sustainability being energy efficiency, how we do more things in an environmentally friendly way and how we incorporate both that research and thinking and using the entire campus and all of our disciplines to learn together and to provide new leadership for all of society. I would highlight that we do have a program going on that all of you participated in last Saturday, that is zero waste from the stadium. The first exercise did have some glitches; we do have some work to do, but what a great way to emphasize recycling and sustainability in a visible way for the campus. We were proud of that project and encourage all of you to participate in the future weeks. Thank you, Mr. Chairman.

Mr. Wexner:

Thank you. Questions, comments for Jack? If not, let’s move to Committee on Trusteeship. Alex?
Mr. Shumate:

Thank you, Mr. Chairman. On behalf of our committee we have two action items to ask for Board approval. The first is number one on the consent agenda. There has already been a reference to the appointment of Kevin Boyle to the Academic Affairs and Student Life Committee. This is the official resolution to consummate that. The Committee on Trusteeship worked with the chair of Academic Affairs and Student Life following a process for the selection of a faculty member to become a member of that committee. By way of review, we consult with faculty leadership and receive recommendations from faculty leadership on possible appointments to our committee. We then receive the written background, their resumes and other relevant documents on each faculty member that is recommended for an appointment to the Academic Affairs and Student Life Committee, and then we conduct individual interviews with each of those candidates. We interviewed three candidates this year.

I would just like to read a paragraph from the letter that was sent to Professor Boyle regarding his selection. That paragraph reads as follows: “The interview committee agreed that all of the faculty candidates with whom we met were exceptional in every regard. Your selection, Dr. Boyle, is a mark of the high esteem in which you are held by your colleagues in the University and the positive impression you made on our committee. The time spent in conversation with you and your fellow faculty members was, for all of us, a valuable reminder of the first rate work being done in teaching, research, and service at this institution.” Mr. Chairman, I would like to positively recommend approval per the consent agenda of Kevin G. Boyle, Distinguished Professor of History, for appointment to the Academic Affairs and Student Life Committee for a two-year period.

Mr. Wexner:

Questions, comments? Thank you.

Mr. Shumate:

Secondly, this is a separate resolution. With the appointment of new trustees, with the retirement of other trustees, the Trusteeship Committee, as part of our charter, reviewed the committee appointments for 2011 and 2012. All of the trustees have at your places, the recommendations for appointments to those committees. We consulted with our chair regarding these appointments. There is an annotated copy of the committee rosters that highlights the changes that we are recommending and, again, on the behalf of the Trusteeship Committee, I would like to propose a motion for approval.

Mr. Wexner:

Second?

Mr. Horn:

That will be voted on after the consent agenda.

Mr. Wexner:

Very good. Thank you.

Mr. Shumate:

That is all that we have to report, Mr. Chairman.
Mr. Wexner:

Thank you, Alex. Any questions, comments, input, or feedback for Alex? Okay Alex, you got off lightly. Bob, we will see if you do as well with Audit and Compliance.

Mr. Schottenstein

Thank you, Mr. Chairman. First thing I want to do is recognize and thank the members of the Audit and Compliance Committee for all their hard work over the past couple of months. Since our June meeting, our committee has met three times, including yesterday. We met on July 22, August 30 and, as I said, yesterday. The members of the committee have, I think, just provided a great service to the University.

During the course of those three meetings, the committee heard regular compliance updates from a number of business units within the University, including Business Continuity; Student Life; Facilities, Operations and Development; and the compliance update from the Office of the Chief Information Officer. In each case, the reports were well received and the committee was satisfied by the compliance work being done by those units. The majority of our time, which I would just like to take a minute to talk about if I could, as I think the members of this Board know well, during the past three meetings has been in connection with the undertaking of the University wide compliance review. I thought I would take just a few moments to update the Board on exactly where we are. I think we have made significant progress and that is largely due to the stewardship provided by both Mr. Chatas and Mr. Culley, who have been charged with playing quarterback, if you will, managing and reporting this oversight in a comprehensive review process, reporting directly to the Audit and Compliance Committee. Chris and Geoff have worked very hard. They have put together a working group, and they have kept us on task and on time. We are very fortunate for that.

The first step in the process was to set out to hire an independent consultant or, as it turned out, consultants, who possess subject matter expertise in the area of compliance. The idea was that this independent consultant would effectively serve as the project manager, managed by Chris and Geoff, but all along reporting directly to the Audit and Compliance Committee. The consultants have been selected. At the close of my report, if it is okay with the chair, what I would like Mr. Chatas to do is just to take a moment to share with the members of the Board and those who are here with us today, what we believe to be the very unique qualifications and expertise of the consultants we have selected. They are a company called Protiviti and the New York law firm, Dewey & LeBoeuf, who will work hand-in-hand in providing us with the oversight and review that we seek.

In terms of where we are in the process, before we take a minute to talk about their specific qualifications, the first step, which has already started, which is being undertaken by a working group that Mr. Chatas and Mr. Culley are managing, was to do a comprehensive inventory, a very complete inventory, of everything we do and how we do it in the area of compliance, including our current practices; the organizational structure associated with each; the qualifications of the individuals who manage the various compliance units; all of the internal audit reports that have been submitted to date; and the practices, the policies, and the procedures that go with it. The first thing that we wanted to make certain we did, and this was also something that was critically important to our independent consultants, was to understand what we do and how we do it today. The consultants are going to take that information and they are going to not only assess it and analyze it, but, more importantly, they are going to use it in connection with the very intense benchmarking, whereby they will look at and review compliance systems at, not just universities public and private across this country, but also select financial institutions, select for-profit corporations and research institutions. There are a lot of unique and interesting practices out there and it is clear to us, and it has been affirmed by the consultants, that it is important that we widen the scope of the benchmarking and look well beyond, as we always intended, look well beyond just
September 9, 2011 meeting, Board of Trustees

institutions of higher education. The goal is for that benchmarking analysis and review to be complete in the October-November timeframe. We think we can achieve that as we talked about it at yesterday’s Audit Committee. The goal is to get it done right, not quickly, but we do think we can get it done sometime, hopefully, before Thanksgiving.

In connection with that benchmarking review, the consultants will present various possible options for redesign, if you will, of our practices taking into account reporting lines, the independence of the individuals involved, maximization of conflict avoidance, oversight, training and ongoing education for those that are charged with this responsibility.

The ultimate target date for completion to come back to this Board with a new, revised recommended structure is in the January timeframe. And I think we are, at least so far, on track with that.

What I would like to do is to ask Geoff, if he wouldn’t mind, to take a few moments to just share with the members of the Board and those that are here the qualifications of Protiviti and Dewey & LeBoeuf.

Mr. Chatas:

Thank you, Mr. Schottenstein. We interviewed seven firms for the assignment, and our initial goal was to hire one firm, but it became quite clear when we looked at the task at hand, which is looking at the organization of compliance, the process of compliance, and then the legal process around compliance, that we needed two areas of expertise. When we looked at those seven firms, these two really provided the most outstanding experience in those areas. Protiviti has actually worked in higher education extensively. It has higher education practice and they have actually been working in helping us in our financial aid compliance at Ohio State, and they are really the experts in that process compliance. Dewey, similarly, has had significant experience in the legal process of compliance, and when we looked at the experience they both had in the areas of health care, the student financial aid side, of research, and then of athletics, these two firms had the partners who had the experience in those areas quite strongly. It was our recommendation, which was accepted by the committee, to engage the two of them to carry out this work.

Mr. Schottenstein:

Thank you. Unless there are any questions, that concludes my report.

Mr. Wexner:

I have a question. In retaining these firms, is there any engagement with the Board, interviewing Trustees to see their concerns, opinions, or how they think about this area because you have Trustees that have had significant compliance experience because of their professional business career lives.

Mr. Schottenstein:

That is a great point, Mr. Chairman. First of all, the consultants are going to report directly to the Audit and Compliance Committee and intensely engage with us and that started yesterday. Various members of the Audit and Compliance Committee fit that bill, but the fact is, I do not know who they are going to be interviewing and who they are going to be talking to. I know it is a wide array of people, but we will make certain that we put that to the consultants; that is a good suggestion. I think they would do it anyway, but we will make certain that they do.
Mr. Wexner:

If not, I would encourage individual Trustees to contact Bobby and volunteer for that because you have different interests and experiences, and I think our input as they begin their work would be helpful.

Mr. Schottenstein:

From this being taken out of context, from the very outset, I think the first conversation I had with President Gee about this as we got started, and I think a conversation I had with you as well, Mr. Chairman, we talked about how there are really two elements of compliance and this came up in our discussions yesterday. One is the architecture of the compliance system, and that is really important. But no matter how good that design is, the other piece of it is the intangible, which I think we have very strong commitments to integrity here that it is that intangible, known as tone at the top. And if the tone at the top matches the architecture in a good way, as we talked about at our meeting yesterday, I think that we will absolutely, and I believe it does and I believe it will when we are done, that we will end up with a system that is truly a model. One of the things that was pointed out in our meeting yesterday, and if other members of the committee want to comment on this I would encourage them to, was that both Protiviti and Dewey & LeBoeuf were not just interested in the engagement, but commented on the fact that, to their knowledge, no institution, and they were not making this statement as if it were something to be proud of, but it is just a fact that Ohio State is ahead of the curve here. No institution has engaged in this kind of a deep dive thorough assessment in this area, and as we have talked about before, what happened in athletics was regrettable, but it did present us with an opportunity to get better. I think that, as a Board, I think that the members of the committee feel, and I hope that the other trustees feel, that we are not going to waste this crisis, if you will, and use it as an opportunity to get better.

Mr. Fisher:

Mr. Chairman, Chairman Schottenstein has, in our work in the last several months, reached out to several trustees and other disciplines for their expertise in doing our work, so part of what you are talking about here, I think we have started that within the committee.

Mr. Wexner:

Comments, additions? Very important work, Bob, thank you for what you and the Committee are doing. I think we can move on to Advancement, Gil?

Dr. Cloyd:

The Advancement Committee met yesterday. We were privileged and pleased to have Chairman Joe Damore and the Alumni Association Board join us for our committee meeting yesterday. Obviously, when we talk about goal areas of awareness and engagement, financial in our advancement model, these dedicated individuals that serve on our Alumni Board certainly capture that engagement element in a very strong way.

Mr. Kaplan then provided a report on development activities for the last fiscal year. Positive results there. Last year, our totals were $407 million that was 125% of our goal of $325 million.

The Students First, Students Now philanthropic effort was also a great success. We set a goal to raise a $100 million for that for scholarships, and we finished that work raising $116 million.

Importantly, the University set a record last year for $1 million plus gifts. We received 40 of those. Obviously, when we think of development, all support is needed and welcomed,
but when you start thinking about where the major activities occur, and particularly, as we think about a campaign that we are going through in our model, we are no different than other universities, and in our own case, 46% roughly of the total amount we want to raise in a development campaign is going to have to come from $1 million plus gifts. We are no different than any other institution in that regard, so I am really heartened in what is still a very difficult economic environment out there that the University set a record with that number of million dollar plus gifts this last year.

Mr. Katzenmeyer then provided an update to the Committee on our advancement model in four areas. I think the Board members can appreciate when, in an organizational structure, you see an approach that provides great opportunities as you can integrate across different groups. But, of course, it takes a lot of hard work to get that work done.

The first area that we had a discussion about related to a group called the Advancement Task Force, which Andy Gurd is leading. The process they have right now, they are engaged in a series of one-on-one interviews with all the other deans and unit leaders in the University who are going to be involved in the advancement model with a primary emphasis to make sure everyone has a common understanding and sees a common vision of the opportunity we have in the advancement model that that is well understood by all the units, but also to really begin identifying more specific opportunities we have to integrate to become more effective and efficient. And also, importantly, identify important questions that come up in a major change like this.

A lot of that work is being done. The timeframe planning on that is to have all of those interviews completed and a report prepared by October, which will give us good direction on particularly some of the structural and operational change opportunities we have.

We then talked about the advancement database system. When Mrs. Kass led the work as we got into the transition activities, one of the huge, big opportunities we saw to leap forward, but also one of the potential big barriers we had to achieve integration, was if we could not get to a common database system for all the key stakeholders. The new system that has now been worked on over the last couple of years is going live this week. They call it TAS, and I kind of like it because they have gotten rid of a lot of legacy systems so when you say The Advancement System, it just has a ring to it that I like, that this is the one that should be used. Even right now, we should be able to manage University relationships as it is related to donors, alumni, friends, employees, corporations. We are going to have over a 1 million alumni and friends in the database system as it exists right now. It includes over $6 million gift-related transactions to the University. It will be accessed now by 500 plus Ohio State employees with appropriate privacy and confidentiality things in place, but employees that are engaged in the various elements of the advancement model, so we think of marketing and communications, the Alumni Association, the development office, so that we can have a common system that all of those groups will have common access to that will really enhance the effectiveness and efficiency.

It took two hard years of work to get this in place, and in the coming year in 2012, the next key units that will get totally incorporated in there will be some additional working alumni associations, the Wexner Center memberships. And we will also begin to have the capability to have all life event registration and alumni and development activities coordinated on this one system. It is going to be just a huge enhancer of effectiveness and efficiency.

Secondly, one of the other major things we want to do is to get a single point coordination of development and alumni events here at the University. The committee was advised yesterday that Becki Crowell will assume leadership of a new organizational events office that we are going to have here at the University.

Another major opportunity area then to address is all of the communications that we provide from this University. We have had an integrated editorial work group taking a
look at this, and if you think there are four major print and e-publications at the University, the Ohio State Alumni Magazine, Connect, Ohio State Impact, and OSU OnCampus. The University is actually spending $2 million annually in just these various activities to get this material out. The goal is to ultimately get to where we are thinking of One University, of an explicit mission and objective for each one of our communication vehicles, develop them that we have common kinds of messaging, which does not prevent tailoring, but unifies what the University message is going out through these vehicles, and then also ensures that as we look at the work that is done to these vehicles, and with key stakeholders, that it is done in the most effective and efficient way. The team has developed, after a thorough assessment, a list of three major recommendations. I am not going to go into those today because it has just been done. They have been handed to Mr. Katzenmeyer, Mr. Kaplan and Mr. Griffin, and they are going to be working through the details of how we can be most effective and efficient with our major communication publication activities. They anticipate by early 2012 that they will be ready to determine what actions they will take, based upon those recommendations.

Finally, the Team Buckeye captain, Mr. Griffin, led a report of Pelotonia coming back to the point that the chairman raised at the start. This is just an outstanding activity, as I mentioned in our last board meeting, it is now, from what it started just a couple of years ago, the largest annual fundraiser for The Ohio State University. It has gotten there in two years. As was mentioned, we will actually run through October, but already in hand is over $9.4 million. Team Buckeye has done over $1.6 million of that. It is great results, and as one of our committee members said yesterday, Mr. Kessler, which I thought was the final punctuation point, “This is all cash.” So it is just some terrific work and, Mr. Chairman, as you alluded to, how high is high? None of us know, but it is just a great opportunity, and it is a great event. That concludes my report.

Mr. Wexner:

Thank you very much. Comments, questions? Thank you very much, Gil. Physical Environment, Ron Ratner.

Mr. Ratner:

Good morning. I guess after three days of this board stuff, it is getting a little foggy. I asked for a raise yesterday, and I was told I could get a 50% increase in my base, which is kind of nice. In any case, we started our meeting yesterday with a report, actually basically the same report that was given to Agricultural Affairs on the recovery at the Wooster campus. And the conclusion I came to, obviously, was that we, and when I say we here, the One University model really worked. Everybody pitched in, everybody got a lot of work done. I think we have done a great job of recovering. When you drive the OARDC campus, you realize the loss of, whatever it was, 1600 trees. We had one of the great arboretums in the world, and I think that is going to be very hard to recover from. We can rebuild the buildings pretty quickly and, fortunately, there was no loss of life, but the ability to recreate some of the magic of that facility is going to be a long time coming. We are well on our way of doing that, and I think the important thing is that the very important research that goes on there is really back in full swing. We have temporary greenhouses already in place. Obviously, there are a lot of lessons to be learned, but in this case again, as it seems to be at our board meetings, there are a lot of thank yous to be given. Both the team in Wooster and the team here led by Lynn Readey and the group in Facilities Operations and Development (FOD) really did just extraordinary work, and I would be very complimentary towards that and aware of the constant challenge. All of those plans that we make, unfortunately you occasionally need them and in an institution as large as we are, recovery plans are at some point going to have to be put into effect.

We then had a short report on the status of construction reform in the state. It is actually a significant event that happened this summer and buried in House Bill 153, which is the
budget bill, was basically the elimination of the whole multi-prime contracting condition that we have been struggling with for 137 years. It probably was very appropriate 137 years ago. It was probably very inappropriate 100 years ago. It has taken us awhile to enter the modern period. There is some rule-making that has to happen, but hopefully, that will be done by the end of the year. And when that is done, these new provisions will be fully in effect, and we will be basically free to contract, as every other state, as virtually every company, every contract that I know of that construction across the country has done, through one of a number of methods from construction manager at risk to design-build to a standard general contract. Hopefully, these new rules will be in effect for two or three of the contracts that I will refer to later, but it is a major change and a very significant one for us. It will help us to be significantly more cost effective and particularly more effective in terms of just the delivery process. I forget the number, how many construction projects do we actually enter into in a year?

While we talk about the big ones here at the Board, a lot of what happens here at the University are smaller contracts: $50,000, $75,000, $200,000. We are constantly doing work on our facilities. Every single contract was subject to, except for the very tiniest ones, the most cumbersome set of rules that really got in the way and affected the management. So that is a significant change and one that really was, we really worked hard to try to get it done last year, we were unsuccessful, but it was done this year in the budget bill.

We then had some project status updates. Because we do so much on campus, I basically asked that the updates really be on an exceptions basis. The only two I will refer to are two places where we are not necessarily having a red light, but a yellow light, if you will, on our project reporting basis.

One of those is the south high-rise. In general, the construction of the south high-rise is well under way, and everything is basically going on time and on budget. There is one very specific issue where we had a problem with drilling the geothermal wells. It was due to an unexpected sub-soil condition. One of the curses of going in the ground is that soil bearings are just tests and you find that they are not necessarily ever completely accurate. We found conditions underground that we did not anticipate. We had to change the drilling method, and in order to do that, we also had to change the contractor because the original contractor was not capable of, and did not have the equipment to do, the method that we now need to use. That means that we are going to be about a year late in completing the geothermal wells, but I am told that we have a recovery plan that will allow us to make sure that the building opens on time and on schedule. There will be some longer disruption, if you will, of the south oval which none of us anticipated, that none of us wanted to have, but we will live through that and get that back in shape. When we are done with this facility, we will not only have a state-of-the-art physical facility in terms of what it offers to our students, but also in terms of the issues with sustainability; we will have really a landmark facility in the utilization of geothermal heating and cooling.

The other minor problem is part of the infrastructure planning with campus electricity. Our electric grid upgrade included the need to bring a power line across the river and that was being done in contract with AEP, but the AEP schedule with their project has fallen behind, so we found an alternative method of being able to do that, and again, that is part of what is needed to service the Medical Center, but we will have that well in hand. Although it will be delayed from its original schedule, it will be fully complete in time to service the Medical Center as it is completed.

We then went into some construction contract approvals. All of these are on the consent agenda. Two of them relate to infrastructure projects: the water treatment facility that supports the power plant and the extension of the steam system, of the repair and replacement of a lot of the steam lines that underlie the campus.
September 9, 2011 meeting, Board of Trustees

One comment that I wanted to make about this is that we have a large-scale infrastructure plan in place. It is a multi-year plan. You are constantly hearing referrals here to individual approvals, whether it is water treatment, steam system, electric upgrade, chiller plants themselves, but we are now working off of a single infrastructure plan. We have a staggering amount of underground infrastructure. We really are a small city. We run a small city, and I think we have very capable people, but we have done a terrific job of also bringing in outside help to really create a long-term plan, if you will, for what goes on underground on our campus. You will consistently hear references to it. I will admit that after a while, I begin to be out of my depth again on chillers and steam pipes and stuff, but fortunately we have people that do know and understand it.

The other two are very exciting projects that we are being asked to approve the ability to enter into construction contracts. One of them is the Sullivant Hall reconstruction. It is a wonderful building. It is a project we have been studying for years. I think I have been on the board for three-and-a-half years, and I think it was a hope at that time that we would get it done, and we are now ready to really start the process. It is very complex to redo Sullivant Hall because it is an existing building with a lot of historic character to it, and we are also putting into that building, we are relocating the Billy Ireland Cartoon Museum as well as really massively rebuilding, if you will, a lot of our arts facilities. The dance program will be moving in there along with a number of arts-related activities. It will give us a lot of flexible space. We have an auditorium, which can also function as a small theater as well as a classroom for space. It is a very well-conceived reconstruction. It will be an exciting building. It is at a very important juncture of our campus, and it also supports the framework concept of really beginning to get our cultural facilities, our cultural activities out towards High Street where they can really be outreached to the community. I am excited with the plans. I think it is going to be a marvelous project, and it looks to be a project that is going to be extremely well-executed.

And then, of course, the other building is the CBEC Building. I will try to say this, the Chemical Bimolecular Engineering and Chemistry Building. You now know why it is called the CBEC Building because any time anybody tries to say its full name, you sort of stumble on the words. Again, we have heard about this project before. This is the building where we were able to get two departments: Chemical and Bimolecular Engineering and Chemistry to share a building, to share facilities. In doing that, we are able to utilize our pledge in the framework plan that we have no net new academic space, although this is significant rebuilding of academic space. We are tearing down, by the way, four smaller existing buildings that were outdated and way past their useful life. We also recreated a significant part of the academic core of campus. An appropriate building, appropriately sited, and again, a direct result in that sense of the framework plan, and then I think the building itself has been very, very well designed. I think it is going to be an exciting facility. Again, lots of initiatives buried within there. Probably LEED silver status is what we are aiming for in this building, as well as a building that will function very well for both of those departments and for the general academic community.

So those are the four contract approvals on the consent agenda. And then there is one other item that we are going to move forward for the Board's consideration, which again is the fruit of a multi-year effort at the University through so many different components of the University, led, of course, by President Gee’s strong commitment to really rethinking the college experience on this campus. I think it is interesting because the first mention I saw of this, or the first draft, it is referred to as North Campus Housing. It is now the North Campus District Transformation. We all learned yesterday in our committee meeting that we do not describe the North Campus Housing as a housing project. It is really a student experience project and I do not mean to be the least bit cynical about that. This is really true. This is really an effort to transform the way students live on campus, the way they interact with each other, with faculty, with staff, and the way they really experience their first two years of life at Ohio State. It is a very challenging project, and what we are asking for approval to do is to initiate the design process. It is a $4 million budget to do that. We have a series of steps that we have to
take. We have to complete really what I refer to as the programming phase, making sure that we have the right components and we have thought them all through correctly. And then, of course, there is the planning. While you normally have some planning component in an architectural project, because this is an entire district that includes multiple buildings and a significant amount of land as well as a set of relationships to adjacencies that are both challenging and exciting as well as very complex, the first activity is really more of a planning activity than an architectural activity. And then we will be directly moving into architectural design so we can get, fairly quickly we hope, to a set of architectural schematics, planning schematics, that will let us confirm the costs and make sure that we can come back, and we will go through a series of reviews with this both within a working team, within the University administration as well as with the Board, because this is one that we want to get right. It is a major project. It will end up being, probably next to the Medical Center expansion, the largest single facility project that we have ever undertaken on campus and it is truly transformative. I am truly excited. Everybody has done a lot of work on this, but there is a lot of work to come, so I am very excited that we are actually moving that on to the agenda today. And I do not think that any Board member should think that they are not going to be called on; you will be. You will be asked to work and participate on this because this needs full participation. I know we will get it from students and staff at the University, and I think that we can, as a Board, pledge that we will also be very helpful for this effort. So that basically concludes my report. All good things!

Mr. Wexner:

Thank you. Questions, comments? You got off very easy. Okay Alan Brass, Medical Affairs. Complex; not so easy.

Mr. Brass:

Thank you, Mr. Chairman. Medical Affairs did meet yesterday and we had a very, very lively meeting. We went over a number of critical things, and I will try to summarize those quickly in light of our time.

First of all, three very important appointments are happening at the Medical Center right now. The first was that Charlie Lockwood, as our new dean of our Medical School, started September 1. He came to us from Yale, an Obstetrics and Gynecology chief by practice, very involved, very well-funded by the National Institutes of Health, member of the Institute of Medicine, and carries all of the credentials that we really are very proud of as our new dean.

The second appointment, just to make sure everyone is aware of it, is Marty Taylor. Marty is coming to us from Duke, where he heads up both the adult and pediatric cardiovascular program. He is going to be joining our chief, Tom Ryan, and is going to become the executive director of our Ross Heart Hospital. That appointment will be effective October 1.

The last one is Amanda Lucas, coming to us from Nationwide Children’s Hospital. She actually was working for both our University Hospital and for the Children’s Hospital and will become our first executive director of Harding Hospital. She started September 6. So we had three very important appointments.

I should mention that both Joe Alutto and Steve Gabbe headed up the search for Charlie Lockwood, and I think they did a wonderful job. I think we have a great team, great team.

The next item I want to make sure that we are very much aware of is the faculty practice plan conversion. Time is marching on. We are doing this physician by physician to make sure that they are comfortable moving into the new structure. We are being very successful with that right now, and we expect to have that conversion project done by
September 9, 2011 meeting, Board of Trustees

July of 2012. I think we are about 50% done with the conversion now. We expect to be 100% done as of July.

The U.S. News and World Rankings just came out, and for the 19th year in a row, our Medical Center has been named one of the top medical centers in the country again and 11 of our 16 programs, our 16 departments, have now achieved national ranking. U.S. News also named our Medical Center the best medical center and hospital in Columbus, and that just came out as well.

In the paper today, if you have not had the chance to see the paper, it reported, “six living kidney donors: six recipients, OSU's Medical Center pulls off complicated chain transplant from one act of love.” It is very rare to do a series of transplants in an orderly fashion. Twelve individuals involved and all of them have gone well. All will be going home this weekend. It is amazing how quickly we get them in and out. Over 100 staff members were involved in this transplant over a two day process to achieve this. Dr. Higgins, who is our new transplant chief, is doing a remarkable job as we build that program.

Something not so exciting, but really important, July 1, Medicare goes under health care reform to the beginning of a new reimbursement program. That is not really exciting to those of you who are not in health care, but let me tell you, Medicare is the largest insurer in the United States of America. They are going to pay for a performance program. Seventy percent of reimbursement will be based on clinical outcome. Thirty percent will be based on patient satisfaction. In the past, you did “X”, you got paid for “X’. Tomorrow, if in fact you do not do it well and the patient does not like what you did, you probably are not going to get paid for it. Therefore, we have got to move the bar up. Now, we are ready for this, but this is a major, major change for this country. Health care reform is starting to be implemented. It is going to be phased in. It is not going to happen overnight, but the transition is very important. I want you to be aware of that and I will be bringing more information back to you. This links directly to the next item that is important, and that is October 15, we go to a fully electronic system at our Medical Center. Now why is that important? Not only is it important from the standpoint of tracking all of our patient records in a very, very efficient manner, but it also allows us to get the database to make sure our clinical outcomes and our performance outcomes are really managed correctly. That is going to be October 15. There are 14,000 people going through certification on this at this point in time. Between now and the 15th of October, 14,000 people will be trained on this new system.

Our score card, as Mr. Chatas has already said, the Medical Center had a very good year, a very good year. Our admissions were soft. That is the one area we are watching. The entire country’s admissions are down. Our regional admissions are down. Our Medical Center admissions are down, but the executive staff and the physicians and staff at the Medical Center have also controlled their cost very effectively, which allowed a greater distribution as it relates to revenue over expenses even budget. So, when you take a look at our three big indicators that we watch as part of our long-range plan, and the reason we are watching these so carefully is because we, in fact, are carrying a very large debt service as it relates to this new expansion project, our EBIDA is 12.4% above budget from where we had it budgeted. Our day's cash on hand is at 66 days. We have also beat budget and our debt service at 7.2 %, and that is a really strong debt service. For those of you who watch construction, especially when, in fact, we are now paying down the building, so far we have paid out about $275 million toward that.

I want you to be aware of the fact that the next meeting or the meeting after that, we will be taking a look at the long-range plan for the Medical Center versus our actuals just to make sure everything is in line as relates to the macroeconomics of the system, which brings me to the project itself.

The project is on time. The project is on budget. Now, when you start to take a look at the project itself, a lot of steel is being delivered every night and then being erected every
day. We have our Sports Medicine program, we heard about yesterday, actually down in the hole, working with the construction workers on exercising and stretching and all those things, so as to, in fact, keep the number of safety issues down to a minimum. So far, we have only had three, which are minor sprains, and that is remarkable.

The Women’s Park out front of the Medical Center, the Women’s Park with the new Mirror Lake that is going in there is progressing well. If you have not had a chance to drive around that, you will be surprised at the progress. Eighty-six percent of all of the contracts let out so far have gone out to Ohio firms. That is a very strong number. At this point in time, we have activated no circuit breakers. Everything is running just like we had hoped it would. We have $668 million of construction under contract. By the end of the year, we expect to have $885 million under contract. And, so far, as I have said, we have paid out $275 million toward those contracts.

The next thing I wanted to mention to you is a new program that Dr. Mazzaferri presented to our Medical Affairs Committee on patient satisfaction and how we, in fact, are going to increase, although we are very strong already, how we, in fact, are going to improve every patient encounter coming into our Medical Center. Dr. Mazzaferri is an invasive cardiologist. He is heading up a group of 50 people that are working through the Medical Center as it relates to taking this patient focused program right down to when you come in the door to the point you go out the door, and I think it is going to, in fact, have tremendous benefits to us.

The last thing that I would just mention, and I am going to show you a little video up on the screen here, is that we do have two appointments, Mr. Chair, it is on the consent agenda for two board members coming on, one on to our University Hospital Board and one to our James Cancer Hospital Board. So, see if they can run the video right now. It is on channel 6, and if you haven’t seen it:

[Video Clip]

Just a point of interest I think you might find this interesting. As you know, originally it was a $1 billion project. We added $100 million to it thanks to a grant that we received for radiation oncology and so on. On the third floor of this Medical Center will be going seven radiation oncology units. Each one of those units, when fully installed, will weigh 300 tons and that is the size, construction, beams and weight that we have to carry in a building like this. Twenty-one stories tall, but the project is going very, very well. And Jay Kasey and Mike Rutherford, I don’t know if they are back there, both of them are, Mike is watching the numbers like a hawk and Jay Kasey, our construction guy that is down there every day, is just doing a magnificent job, so job well done folks. That concludes my report.

Mr. Wexner:

Thank you. Onward and upward, I guess in a lot of ways. Any comments, questions? Gil.

Dr. Cloyd:

Alan, on the change in the Medicare payment system, obviously it means we have to deliver good results and we have to satisfy the patients. Do we anticipate any change in our case load? And I guess what is running through my mind is, would this new payment system cause other physicians and institutions outside of our physician practice network to opt out of Medicare and, therefore, patients have to find care elsewhere, so do we anticipate any impact on our annual patient population?
Mr. Brass:

That is a very good question, Gil. I think at this point, everybody is scrambling to make sure that they are falling in line with the new rules and regulations and the practices, so at this point we are not anticipating that. But, let me go the other direction. If, in fact, you do not provide the proper care, and you, in fact, have to get readmitted, you are not going to get paid for that readmission and, therefore, what you have to watch is you could have a decline as it relates to the amount of payments even though the volume might go up. So, we have to be very careful. This is a double-edged sword as it relates to, will we get volume in from other physicians. Do not anticipate it right now, other than our own internal growth of our programs and signature systems we are developing, but we have to be very careful on the revenue cycle of this system if we do not perform correctly.

[Dr. Gabbe speaks from the audience, Inaudible]

Mr. Brass:

And Gil, the other point that I would make is that Medicare will not be by themselves. All other insurers will fall right in line with this. They are going to use this pay for performance methodology once it gets traction, and we will see this with all of them, in my opinion, right now. The fact that we are geared up right now, and the fact that our quality indexes are looking pretty good, I am feeling pretty comfortable right now, but it is something that you just constantly have to improve. Bobby?

Mr. Schottenstein:

I just want to make a comment. Yesterday’s Medical Affairs Committee’s meeting was just a terrific meeting as they have been. And there has been, and continues to be, tremendous focus on the financial performance of the Medical Center, and we have made enormous progress with day’s cash on hand operating margin. Some of us, like me, are starting to learn a little bit about the health care business and all of that is super, super important. The point I want to emphasize, and I think Alan knows how I feel about this because we have talked about it too many times probably, but this notion and attention and emphasis, not for the first time, but really being re-emphasized, on patient satisfaction, and it is not just a feel good item. First of all, this notion of reimbursement for outcomes and satisfaction, most of us do not get paid when we leave our own businesses until people are happy and satisfied with outcomes, so I feel like there is certain rightness to that new standard. Hopefully, it will be implemented properly by Medicare.

Above and beyond all that, it has been my experience in my entire career in at least our industry, that those businesses that do the best job at taking care of their customers often times make the most money and have the best leadership. When we looked at the list yesterday, and Ohio State’s results are very good by the way, we do not need to feel bad about where we are, but we are not the best, we are in the top 20 group, but we are not in the top ten yet. You look at the hospitals that are in the top ten, they are some of the most respected and best reputation institutions that are in this country. There is an amazing correlation between patient satisfaction and reputation. Mr. Chair, you have talked often about the main thing and, Dr. Gabbe, I thought, and Dr. Mazzaferri that is overseeing this, they are very passionate about making the main thing patient satisfaction, and so doing it is going to tell us about our leadership, about morale. You cannot get high patient satisfaction scores if people do not feel well led, if they do not enjoy coming to work, if they do not feel there is a purpose for what they do. And, of course, we are not going to have people out and about the community raving about how great we are as they are right now. I do not want this to be construed as “we have problems,” but my whole point is that I think that the tremendous emphasis that we are now paying to this, even more so than before, is really significant, and I just applaud the
effort and support Dr. Gabbe and all of the leadership for really rallying around this as a main cause.

Mr. Brass:

I totally agree with you, Bobby.

Dr. Reid:

I think Bobby made my point. The other thing I wanted to do was to share that there is a direct link between patient satisfaction and health outcomes, and this is not a patient as being happy, that folks smile at them. This means understanding discharge orders, being able to follow through with follow-up appointments, and so forth. And the committee that you referred to is definitely right on that. It is just excellent work.

Mr. Wexner:

Alan, I am curious that how we link patient safety with patient satisfaction from a reimbursement point of view. I would guess the government really cares about patient safety.

Mr. Brass:

I will ask Steve to add to this, but whether it is medication error, falls in the bedroom, or whatever, your program has to be a very robust program, and you have got to, in fact, make sure that the patient feels very good about reporting and that the staff is very, very responsive to it and that appropriate action is taken immediately.

You know that it is amazing that the number of law suits can be dramatically reduced if, in fact, you have good communication and good responsiveness. That goes back to Bobby’s point about just good quality patient care, and I think we have got our act together right now inside our Medical Center. Our number of falls and our number of medication errors are coming down every time we get a report, which is good news. Steve, do you want to add anything to that?

[Dr. Gabbe speaks from the audience, Inaudible]

Mr. Brass:

I go back to our electronic system, also, because we can track this now back to the unit, back to the nurse, and back to the physician, so we can really start to quantify where our strengths are and where our weaknesses are. We are not going to get paid for it unless, if we don’t provide the right outcomes, we, in fact, will not be reimbursed.

Mr. Wexner:

Clearly, what I didn’t understand was that the patient’s safety is part of the outcome performance measures that we would obviously be aware of and work on, but it really does connect to our reimbursements from the government.

Mr. Brass:

Absolutely.

Mr. Wexner:

Good. Thank you. Any other questions, comments? Judge Marbley, I hope that all of your clients are happy and satisfied customers in your professional life.
Judge Marley:

Both in my professional world and in my life, I am a Trustee of The Ohio State University because, as you know, you save, I think this is the last committee report, you save the best for last, because the students are indeed our clients.

The September 8 meeting of Academic Affairs and Student Life began with the progress report of the College of Arts and Sciences, which was formed in 2008, as many of you recall, when our five arts and sciences units were consolidated into one college. Executive Dean and Vice Provost of Arts and Sciences, Joe Steinmetz, began with an overview of this large college, which has almost 1,200 faculty, some 30,000 undergraduate majors, and more than 2,500 graduate students. The college offers 100 majors and 103 minors, along with 47 doctoral programs and 40 master's programs. To put it in context, Mr. Chairman, our College of Arts and Sciences is larger than many colleges.

In fiscal year 2011, the College of Arts and Sciences had nearly $80 million in external grants and contracts and $60.5 million in grants and contract expenditures, and I think that with our commercialization initiative, it bears mentioning that there will be a great deal of commercialization activity within arts and sciences because we house biological science and chemistry. We can expect to see a great deal of commercialization activity in that particular college.

A number of new academic programs, and several new majors and minors, will further broaden the opportunities for arts and sciences students. The college has extensive programs for outreach and engagement including: the Arts Initiative, the African American and African Studies Community Extension Center, and the Wonders of Our World STEM: Science, Technology, Engineering, and Math program.

As part of the college’s restructuring, a new budgeting method, a centralized faculty hiring process, and new interdisciplinary research efforts have been developed. So instead of each unit ordering its pens from a different vendor, all of that has been centralized at considerable savings to the University. Strategic department mergers have been implemented and savings have been realized from streamlining these operations, including $3 million in savings from centralizing offices themselves.

Dean Joe Steinmetz should be commended for his work in looking at the balance sheet side of this undertaking. Dean Steinmetz also reported that the college will continue to work on culture change, enhanced communication, unified operations and policies, fostering greater faculty and staff participation in the life of the college, and further developing the advancement model. I think that we can look at this, if you want to look at it in a laboratory context, this is really the first frontier of the One University model, because it is our largest single college. What they have done there is taken substantial steps in realizing our president's One University paradigm, and it has become a reality. I don't know if Dean Steinmetz is here today but we certainly thanked him on behalf of the Board during the meeting, and he should be commended for his outstanding work over the past couple of years.

We next heard an update on the conversion to semesters by Vice Provost Randy Smith, who together with Professor and Faculty Fellow Steve Fink, have led the conversion effort. Vice Provost Smith reminded the Committee that the University Senate approved the move to semesters in 2009 and, since then, the process has been overseen by a coordinating committee, working through eight sub-committees as well as college and unit-level contacts. Ohio’s other institutions of higher learning including, University of Cincinnati, Ohio University, and Wright State, and several community colleges, are also moving to semesters, and Ohio State is collaborating with those other institutions to share with them the best practices.
Progress on the academic aspect of the calendar conversion includes the development of the weekly calendar; course numbering for semesters, many of our courses had to be renumbered- templates for course and program submission; planning for the May session; and approval for the undergraduate, graduate, and professional programs and courses for the semester calendar. The calendar conversion also requires a considerable academic support system, especially in the areas of advising, student life, IT, space, core business processes and communications. Randy also gave background for the new committee members that brought everyone up to speed. We are on target to have our conversion fully in place in time.

The Committee then endorsed a number of amendments to the Rules of the University Faculty, the naming of the Admission Research Corporation Conference Room in the Electro Science Laboratory in the College of Engineering, the naming of the Janis and Michael Bloch Rooftop, the Janice and Michael Bloch Suite, the Janis and Michael Bloch Cafe and the Janis and Michael Bloch Terrace on the 14th floor of the new James Cancer Hospital. You are aware, of course, of the tremendous support that the Blochs have given to the James, and this is in recognition of that, and this is part of our consent agenda. The naming of the Abercrombie & Fitch Women’s Center in the James Care Comprehensive Breast Center, and the naming of the Rohr Café in Mason Hall on the campus of the Max M. Fisher College of Business.

The meeting then concluded, Mr. Chairman, with the Committee’s endorsement of a number of routine personnel actions.

Mr. Wexner:

Thank you very much, your Honor. Gil.

Dr. Cloyd:

Yes, Mr. Chairman. I would like to add one postscript to Judge Marbely’s excellent report on the semester conversion. It once again shows just how fortunate we are at this University to have such a great faculty that can marshal together around a big challenge, because most of us want to go into deep somnolence to think about what is involved in a semester conversion process, because there is a lot of detailed hard work. But, as was reported yesterday, accepting all of that fine hard work and things that would be required just to get it done on time, our faculty has really come together and very proactively addressed how we enhance the educational experience, how we enhance the course work that students are going to have. Rather than treating it as a difficult, complex job that needs to get done on time, it has been seized as an opportunity to further improve our educational programs and provide a better outcome for our students. Once again, it was another example of how fortunate we are to have such outstanding, supportive faculty here at Ohio State.

Mr. Wexner:

Well said. Thank you. Any other questions, comments? Well, my wife has told me about the importance of federal judges, Monte, so whatever you say is always the most important. It may not always be the last word, but in this case the last word goes to Finance and Bob Schottenstein.

Mr. Schottenstein:

If it would please the court, and even if it does not, what I would like to do, Mr. Chairman, is ask Mr. Chatas to make this report.
Mr. Chatas:

I will make this brief. We had two presentations yesterday. I discussed the 2010-2015 capital update. You may all recall that that is a $2 billion capital spend that this Board approved in March of 2010. We are about 33% of the way through that spend and, predominantly, we are on budget and on time. So when you look at the whole $2 billion, I can say that that gets a very clear green light at this point.

We then had Jonathan Hook give us a review of the endowment and returns for the year. The fiscal year returns for 2011 were 15.5%. This compared to our benchmark of other like endowments of 13.7%, so significantly above that endowment.

We also discussed the work of our Investment Working Group which meets four times a year now to provide oversight to the endowment. We are currently undertaking a review of the underlying investments of the endowment to make sure that we are within our risk tolerance ranges. We did that about six months ago and our risk adjusted returns are well ahead of our benchmark. In other words, we have lower risk investments at higher returns, so the team is doing an outstanding job.

After that, we had seven items for the consent agenda, two of which have already been discussed for the group. The others I will briefly walk through.

The first is the fiscal year 2012 budget. This is the final budget for 2012 fiscal year. This includes projected revenues increasing 4.9% to $5 billion, that we will lose $65.3 million in state support this year, which will be partially offset by a 3.5% tuition increase, which was approved by this Board in June. Other mandatory fees and most other fees for our students were held flat year over year. This was an attempt to make sure that we could keep the cost affordable for our students, so the total overall increase was not 3.5%, it was actually 3.3% for most of our undergraduate students. We have a salary merit pool increase for the year of 2%, and we will be funding in excess of $10 million of various academic initiatives this year, including the semester conversion project.

The second was an authorization to enter into the construction contracts, which were discussed earlier in Physical Environment Committee. I will just add that the total of all those contracts is $353.6 million, but all of that is part of the $2 billion already approved last year.

The next was an authorization for a long-term lease and concession with respect to the University parking systems. We had a robust discussion about this yesterday and, at this point, we are asking for permission to go out and seek requests for qualifications and to solicit proposals to give us an indication of the amount of consideration we might be able to raise, and the terms under which we may be able to raise that money, and we will obviously come back and have a discussion about that as we go forward.

Next was an appointment to the Self-Insurance Board. As you all are aware, the University self-insures in a number of areas, and our university treasurer is one of the board members, so we are asking you to appoint our new university treasurer, Mike Papadakis, to that board.

The next is an authorization for the issuance of an additional general receipt bonds. We are asking for approval to issue up to $0.5 billion. This is all, again, part of the 2010 to 2015 capital plan. We had indicated that we were not planning to issue that debt until next year or the year after, but as many of you are aware, there is a fairly serious dislocation in the markets right now, which is proving to be very favorable to high-quality institutions like Ohio State with our double A1 rating. And we are looking at what is called a century bond, which is a quasi-permanent form of capital that allows us to borrow money for 100 years, interest only, for that 100 years with a repayment of that money at the end of the century. We will be reporting back, but this is the authorization that would allow us to proceed with that issuance.
The next item was a sale of real property. You all may recall that this Board approved the purchase of an FM station for WOSU Classical Music and, at that time a year ago, we told you that we would sell the AM station to predominantly cover the cost of that acquisition. I am pleased to report that we have actually negotiated a deal to sell that AM station for $2 million, which predominantly covers the cost of that FM station and, with that sale, we will be selling 39 acres of land in Grove City, where we have six AM transmitters as well as the WOSU AM frequency. That is being asked for approval today as well.

The last item here is the approval to enter into the professional services contract, which we discussed for housing.

Mr. Wexner:

Thanks Geoff. Any questions, comments? Geoff, thank you. If there are no other questions or comments for the committee reports, we can move to the Consent Agenda. I ask President Gee to present it, please.

***

CONSENT AGENDA

President Gee:

As to the century bonds, I just want to announce to the Board, I intend on being around when they are paid off.

Today, we have a total of 16 resolutions on the Consent Agenda. We will be taking a separate vote on item #3, and a separate vote on the additional resolutions brought forward by the committees; therefore, we are seeking approval for the following:

FACULTY APPOINTMENT TO THE ACADEMIC AFFAIRS AND STUDENT LIFE COMMITTEE

Resolution No. 2012-01

Synopsis: Appointment of a faculty member to the Academic Affairs and Student Life Committee is proposed.

WHEREAS the Committee on Trusteeship in consultation with the Chair of the Academic Affairs and Student Life Committee established a process for selection of a faculty member of the Academic Affairs and Student Life Committee; and

WHEREAS the Committee on Trusteeship shall bring forward a recommendation to the full Board of Trustees; and

WHEREAS David G. Horn, the first faculty member who was appointed to this Committee, has resigned effective July 1, 2011 to accept the position of Secretary of the Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That Kevin G. Boyle, Distinguished Professor of History, be appointed as the faculty member to the Academic Affairs and Student Life Committee for a two-year appointment, effective immediately.

***

APPOINTMENT TO THE SELF-INSURANCE BOARD

Resolution No. 2012-02
Synopsis: Appointment of a member to the Self-Insurance Board is proposed.

WHEREAS the Board of Trustees directed that a Self-Insurance Board be established to oversee the University Self-Insurance Program; and

WHEREAS the Board of Trustees on December 6, 2002, approved the expansion of the University Self-Insurance Program to include the faculty physicians and their clinical staff who are employees of Ohio State University Physicians, Inc.; and

WHEREAS all members of the Self-Insurance Board shall be appointed by The Ohio State University Board of Trustees upon recommendation of the President; and

WHEREAS Tom Johnson was reappointed to the Self-Insurance Board in May 2010 with a term that expires April 30, 2012; and

WHEREAS Tom Johnson has resigned from this appointment effective August 1, 2011.

NOW THEREFORE

BE IT RESOLVED, That the following individual be appointed as a member of the Self-Insurance Board effective August 15, 2011 for the term specified below:

Michael Papadakis, Vice President for Financial Services, University Treasurer, unexpired portion of the term ending April 30, 2012 (appointment)

BE IT FURTHER RESOLVED, That this appointment entitles the member to any immunity, insurance or indemnity protection to which officers and employees of the University are, or hereafter may become, entitled.

***

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY
Resolution No. 2012-03

Synopsis: Approval of the following amendments to the Rules of the University Faculty is recommended.

WHEREAS the University Senate pursuant to rule 3335-1-09 of the Administrative Code is authorized to recommend through the President to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes in the Rules of the University Faculty were approved by the University Senate on May 26, 2011:

NOW THEREFORE

BE IT RESOLVED, That the attached amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

(See Appendix III for background information, page 123.)

***

NAMING OF THE CONFERENCE ROOM 132
Resolution No. 2012-04

In the ElectroScience Laboratory the College of Engineering:
Mission Research Corporation Conference Room
September 9, 2011 meeting, Board of Trustees

Synopsis: Authorization to name Conference Room 132 in the ElectroScience Laboratory (ESL) located at 1330 Kinnear Rd. on the Columbus campus, is requested.

WHEREAS the ElectroScience Laboratory is home to one of the largest radio frequency research laboratories in the world, which is 40,580 square feet of research and collaboration space for students, faculty and staff; and

WHEREAS Dr. Errol English, Dr. William Kent, Dr. Thomas Kombau and Dr. Robert Puskar have provided contributions to the ElectroScience Laboratory for construction of the new building as well as guidance in the creation of a historical display to honor ESL alumni:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned Conference Room 132 in the ElectroScience Laboratory be named the Mission Research Corporation Conference Room.

***

NAMING OF THE EXECUTIVE DINING SUITE, CAFÉ AND ROOFTOP TERRACE
Resolution No. 2012-05

In the Medical Center Expansion of the new James Cancer Hospital:
The Janis and Michael Bloch Rooftop

Synopsis: Authorization to name the executive dining suite, café and rooftop terrace on the 14th floor in the new James Cancer Hospital, on The Ohio State University Medical Center campus, is requested.

WHEREAS the new James Cancer Hospital is one of only 40 institutions designated by the National Cancer Institute as a comprehensive cancer center and recently received the highest possible peer rating of "Exceptional" by the NCI; and

WHEREAS Janis and Michael Bloch have provided contributions to the Medical Center Expansion for bricks and mortar of the new James Cancer Hospital as well as significant contributions to the Ohio State University Comprehensive Cancer Center-Arthur G. James Cancer Hospital and Richard J. Solove Research Institute to the Herbert J. Block Family Cancer Research Endowment Fund to support cancer research; and

WHEREAS Mr. and Mrs. Bloch have made a significant commitment binding their estates’ executors, administrators, heirs, other successors and assignees; designating support to the Medical Center Expansion and the new James Cancer Hospital:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned executive dining suite, café and rooftop terrace in the new James Cancer Hospital be named the Janis and Michael Bloch Rooftop, The Janis and Michael Bloch Suite, The Janis and Michael Bloch Café and The Janis and Michael Bloch Terrace.

***

NAMING OF THE WOMEN’S CENTER
Resolution No. 2012-06

In the JamesCare Comprehensive Breast Center, the OSUCCC, James Abercrombie & Fitch Women’s Center
September 9, 2011 meeting, Board of Trustees

Synopsis: Authorization to name the Women’s Center in the JamesCare Comprehensive Breast Center, located at 739 West Third Avenue on the Gowdy Field Development campus, is proposed.

WHEREAS the JamesCare Comprehensive Breast Center is part of the new James Cancer Hospital, Medical Center Expansion campaign; and

WHEREAS Abercrombie & Fitch have provided contributions to the Abercrombie & Fitch Women’s Oncology Center Endowment Fund for support of research and programmatic expansion and treatment of women’s malignancies in cancer; and

WHEREAS Abercrombie & Fitch have provided significant contributions to the OSUCCC, James:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned Women’s Center in the JamesCare Comprehensive Breast Center be named The Abercrombie & Fitch Women’s Center.

***

NAMING OF THE CAFÉ IN MASON HALL

Resolution No. 2012-07

In the Max M. Fisher College of Business
Rohr Café in Mason Hall

Synopsis: The naming of the Café located in 120 Mason Hall at 250 West Woodruff Avenue on the campus of the Max M. Fisher College of Business will enhance the energy of the newly renovated building.

WHEREAS Mason Hall opened in 1999 and was designed to be a resource center for students and faculty, and as such, held the business library collection. When the newly renovated Thompson Library opened in 2009 the business collection was moved to its new home. Continuing a focus on students, the Max M. Fisher College of Business began plans to renovate the building early in 2011. The newly renovated Mason Hall is intended to be a hub of student activities designed around action-learning and fueled by the addition of a Café; and

WHEREAS James and Sharon Rohr have provided contributions to The James and Sharon Rohr Innovation Fund to be used by the College’s dean to support the activities of the faculty, students and staff in accordance with the strategic plans of the College:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned Café in Mason Hall be named the Rohr Café in Mason Hall.

***

RATIFICATION OF HONORARY DEGREE

Resolution No. 2012-08

Synopsis: The awarding of an honorary degree is recommended for approval.
September 9, 2011 meeting, Board of Trustees

WHEREAS pursuant to paragraph (B)(4) of rule 3335-1-03 of the Administrative Code, the President, after consultation with the Steering Committee of the University Senate, recommended to the Board of Trustees awarding of an honorary degree as listed below:

David O. Frantz
Doctor of Humanities

NOW THEREFORE

BE IT RESOLVED, That the above honorary degree was awarded during summer commencement, August 28, 2011.

***

PERSONNEL ACTIONS
Resolution No. 2012-09

BE IT RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the June 24, 2011, meeting of the Board, including the following Appointments, Reappointments, Appointments/Reappointments of Chairpersons/Director, Leaves of Absence Without Salary, Emeritus Titles, be approved.

Appointments

JAMES M. ELDER, Ohio State University Extension, with the title Instructor Emeritus, effective September 1, 2011.

***

RESOLUTIONS IN MEMORIAM

Synopsis: Approval of Resolutions in Memoriam is proposed.

BE IT RESOLVED, That the Board of Trustees adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the families of the deceased.
September 9, 2011 meeting, Board of Trustees

Dewey A. Adams

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 15, 2011, of Dewey A. Adams, Professor Emeritus in the Department of Human and Community Resource Development in the College of Food, Agricultural, and Environmental Sciences.

Professor Adams was born April 29, 1931, a native of Fuquay Springs (now Fuquay-Varina), North Carolina. He attended North Carolina State University, attaining both his bachelor and master degrees from that institution. He earned his doctor of philosophy degree from the University of Florida.

Dr. Adams began his agricultural teaching (vocational technical education) career in Wentworth, North Carolina, at Rockingham Community College as dean of adult and community services. Later he taught math and science and served as a high school principal. For a time, he worked as a supervisor for the North Carolina Department of Education.

His university career spanned 30 years. Professor Adams taught at North Carolina State; Virginia Tech; and Ohio State, where he was awarded emeritus status in September of 1993. He returned to North Carolina State to teach for four more years before retiring in 1997.

Professor Adams was active in his church, serving as a deacon, a Sunday school teacher, and song leader. He loved to farm and to raise honey bees, and was a member of the Halifax County (Virginia) Beekeepers Association.

In September of 2010, Dr. Adams donated his large collection of dissertations and books, products of the many dissertation committees on which he served during his career, to the College of Education and Human Services at Longwood University in Farmville, Virginia.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Emeritus Dewey A. Adams its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board's heartfelt sympathy.

Frank W. Hale, Jr.

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on July 27, 2011, of Frank W. Hale, Jr., Vice Provost Emeritus in the Office of Diversity and Inclusion and Professor Emeritus in the School of Communication.

Best remembered as a lifelong advocate for civil rights and for diversity in higher education, Dr. Hale initiated several programs at The Ohio State University that provided unprecedented opportunities for underserved students to pursue undergraduate and graduate degrees.

Dr. Hale joined Ohio State as chairman of the Fellowship Committee and associate dean of the Graduate School in 1971. He was the first African American to hold a deanship in the Graduate School. He was critical in developing the Graduate and Professional Schools Visitation Days program, which served as a national model for programs broadening access to education. As a direct result of this program, nearly $15 million in graduate fellowship awards were granted to nearly 1,200 students during his tenure, earning OSU the distinction of the nation's leading institution in awarding doctoral degrees to minority students.

Similarly, nearly 500 undergraduate students were awarded scholarships under the Minority Scholars Program (later named the Morrill Scholars), a program he established
September 9, 2011 meeting, Board of Trustees

during his 10 years as vice provost for the Office of Minority Affairs. He later served as a Distinguished University Representative and Consultant for the Office of the President, and established the President and Provost’s Diversity Lecture and Cultural Series, a program to bring eminent scholars and artists to campus.

Dr. Hale received a Bachelor of Arts in Communication and a Master’s in Political Science from the University of Nebraska-Lincoln, and later earned a doctorate in communication and political science from The Ohio State University. He was awarded a post doctorate fellowship in English literature from the University of London. Before joining Ohio State, he served as a professor at Central State University and Kenyon College. He also served as president of Oakwood College.

Dr. Hale received numerous awards over his lifetime, including being inducted into the Ohio Civil Rights Hall of Fame in 2010. He held honorary degrees from six universities, lectured at more than 300 colleges and universities, and authored and edited more than 60 articles and books. At The Ohio State University, the Black Cultural Center was named in his honor, as was the building in which it resides, Hale Hall.

On behalf of the University community, the Board of Trustees expresses to the family of Vice Provost and Professor Emeritus Frank W. Hale, Jr., its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board’s heartfelt sympathy.

George H. Hamrick

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 14, 2011, of George H. Hamrick, Professor Emeritus in the Ohio State University Extension.

Mr. Hamrick was born in 1924 in Gallipolis, Ohio. He attended Rio Grande College and then transferred to The Ohio State University, where he earned both his Bachelor of Science in Agriculture degree in 1951 and his Master of Science degree in agricultural education in 1959.

George began his OSU Extension career in 1955 as an associate county extension agent for Pickaway County, Ohio. Just a few years later he became the head county agricultural extension agent for Pickaway, and continued to hold this position until his retirement from Ohio State in 1984 with the title of Professor Emeritus.

Mr. Hamrick’s performance as the county agent for agriculture in Pickaway County was outstanding in every respect. He had the ability to plan, organize, and teach effective educational programs that could improve farm income and family living for all farmers, and was widely respected by co-workers, agricultural industry leaders, and other community members who came into contact with him.

George had a unique knack for motivating leaders to improve the economic environment of Pickaway County. His excellent performance as a public speaker was recognized throughout the state. He was an outstanding representative for The Ohio State University.

Professor Hamrick received the Distinguished Service Award from the National Association of County Agricultural Agents in 1969. In 1974, he received the National Career Guidance Award from this same organization. He provided strong leadership for many Extension committees within OSU and in his local community.

Mr. Hamrick enjoyed officiating high school football, basketball, baseball, softball, and volleyball games, and was elected to the Ohio High School Officials Hall of Fame in 1995. He also officiated college football and basketball. He belonged to many community...
organizations, and volunteered for the American Red Cross, Big Brothers/Big Sisters, the
American Cancer Society, and Berger Hospital.

On behalf of the University community, the Board of Trustees expresses to the family of
Professor Emeritus George H. Hamrick its deepest sympathy and sense of understanding
of their loss. It was directed that this resolution be inscribed upon the minutes of the Board
of Trustees and that a copy be tendered to his family as an expression of the Board’s
heartfelt sympathy.

Lowell E. Hedges

The Board of Trustees of The Ohio State University expresses its sorrow upon the death
on July 2, 2011, of Lowell E. Hedges, Associate Professor Emeritus in the Department of
Human and Community Resource Development in the College of Food, Agricultural, and
Environmental Sciences.

Professor Hedges was a graduate of Pleasant High School in Marion, Ohio, and went on
to earn a Bachelor of Science in Agriculture degree from The Ohio State University. After
completing his bachelor’s degree, he enlisted in the U.S. Navy and served his country. He
received his Master of Science degree in agricultural education at Ohio State as well.

Dr. Hedges taught vocational agriculture at both Green Camp and Elgin High Schools
(Ohio) for 10 years following his military service. From 1966-1968, Lowell and his family
lived in India where he was an agricultural consultant for the Agency of International
Development. He helped establish a secondary program for vocational agriculture and
started a Future Farmers of India youth organization, similar to the National FFA
Organization in the United States.

After returning to the United States, Lowell served as the curriculum coordinator for Elgin
Schools while attending OSU to earn his Ph.D. After receiving his doctoral degree,
Professor Hedges became the superintendent of Elgin Schools and later returned to the
classroom as a vocational agriculture teacher.

In 1979 he joined the agricultural education department at Ohio State, first as an assistant
professor, then as an associate professor. Although he officially retired in 1991, he
continued to travel throughout Ohio assisting first-year agricultural science instructors with
their teaching and curriculum and program development. He also spent time in Uganda,
Turkey, and China as a consultant for OSU to assist those countries in developing and
improving their teaching curriculums.

Professor Hedges was author of seven books and other book chapters, and published
articles in peer reviewed journals such as the Journal of Agricultural Education and the
Journal of Vocational Education Research. His work was focused always on critical thinking
and problem solving in classrooms.

Professor Hedges served in many leadership roles throughout his career including
president of the Ohio Vocational Agriculture Teacher's Association. His masterful teaching
and his love for his students earned him the Rodney F. Plimpton Outstanding Teacher
Award, the Diamond Anniversary Faculty Award, the Citation for Outstanding Service as a
Teacher of Vocational Agriculture in Ohio, Outstanding Teacher of the Year, and
Vocational Teacher of the Year. In 1994 he received national recognition when he earned
the American Vocational Association’s Educator of the Year award.

He was a member of Green Camp United Methodist Church his entire life, The Ohio State
University Alumni Association, and the Green Camp and Pleasant Senior Citizen’s Clubs.
Lowell was extensively involved with Gideon’s International and local prison ministries. He
was a talented artist, craftsman, poet, and writer and had many editorials published in The
Marion Star over the years.
On behalf of the University community, the Board of Trustees expresses to the family of Associate Professor Emeritus Lowell E. Hedges its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board’s heartfelt sympathy.

Establishment of Named Designated Chair

Orthopedics Designated Chair of Excellence

The Orthopedics Designated Chair of Excellence was established September 9, 2011, by the Board of Trustees of The Ohio State University with support from the Department of Orthopedics to promote academic and research excellence in the field of orthopedics.

This fund shall provide salary and benefits support for a chair position to be held by a nationally eminent physician faculty member in the Department of Orthopedics. If funding level permits, research support shall be provided as well.

The chair holder shall be appointed for a four-year term by the Board of Trustees of The Ohio State University as approved by the senior vice president for Health Sciences and by the dean of the College of Medicine in consultation with the chairperson of the Department of Orthopedics. The activities of the chair holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the designated chair as well as the academic and research standards of the University.

Ongoing support for this designated chair position shall be reviewed by the chairperson of the Department of Orthopedics and by the dean at the end of each four-year commitment period or upon an appointment vacancy. Upon approval, the designated chair may be renewed (requiring Board action) for an additional term of one to four years.

Upon renewal, the chair holder may be reappointed to another term following favorable assessment of the holder’s academic and research performance and accomplishments during an appointment, and approval by the chairperson and dean.

This designated chair position shall cease to exist when annual funding ends.

Amount Establishing Designated Chair: $85,000.00 minimum per year for 4 years

Renewal of Named Designated Professorship

The Robert M. Duncan/Jones Day Designated Professorship in Law

The Robert M. Duncan/Jones Day Designated Professorship in Law at The Michael E. Moritz College of Law was established March 5, 2003, by the Board of Trustees of The Ohio State University. It was created as a result of the gifts made by Moritz College of Law alumni employed by Jones Day. The funding source was renewed and the designated professorship was re-established September 9, 2011.

A sum of $42,500 per year will be spent over a five-year period which will provide salary and research support of a professorship position at the Moritz College of Law. Appointment to the professorship shall be recommended by the dean of the Moritz College of Law and the executive vice president and provost, and approved by the Board of Trustees.

The designated professorship may be renewed at the prevailing amount and term at the time of renewal.

Amount Establishing Designated Professorship: $42,500.00 minimum per year for 5 years

Change in Description of Named Endowed Fund

Transportation Research Fund (Honda)

The Transportation Research Fund (Honda) was established June 3, 1988, by the Board of Trustees of The Ohio State University. As a part of Substitute Senate Bill No. 321 enacted by the 117th General Assembly and approved by the Governor on January 21,
1998, an appropriation of $6 million had been paid to the endowment portfolio of The Ohio State University to be used pursuant to section 3335.45 of the Revised Code. This appropriation was provided through proceeds from the sale of the Transportation Research Center of Ohio by the State of Ohio to Honda of America Manufacturing, Inc., and in accordance with the sales agreement reached between the State of Ohio and Honda. As a part of the Amended Substitute House Bill No. 153 enacted by the 129th General Assembly and approved by the Governor on June 30, 2011, section 3335.45 of the Revised Code was repealed and therefore the description was revised September 9, 2011.

The annual distribution from this fund shall support and encourage research in automotive, vehicular, and related forms of transportation, and for the development of improved highway facilities for vehicular traffic. The activities to be funded are to be determined in accordance with procedures established by the dean of the College of Engineering of The Ohio State University.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the State of Ohio that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the State of Ohio in consultation with the dean of the College of Engineering.

Change in Name and Description of Named Endowed Fund

The Thomas E. and Anna P. Leontis Memorial Endowment Fund in Modern Greek Studies

The Thomas E. Leontis Lecture in Modern Greek Studies was established May 8, 1987, by the Board of Trustees of The Ohio State University with gifts from Thomas E. Leontis of Columbus, Ohio. Anna P. Leontis made additional gifts to expand the endowment's purposes. The name and description were revised November 3, 1995, to The Thomas E. Leontis Endowment in Modern Greek. The name and description were revised again September 9, 2011.

The annual distribution from this fund shall be used to support a lectureship in modern Greek studies, as well as regular conference activities. The purpose of the endowment fund is twofold: first it is to serve as a catalyst in the modern Greek program at the University in generating a keener awareness of the importance of Greek history and culture, especially since 1204; and their contribution to solidifying the bonds between Greece and the United States; and secondly, the endowment fund will bring annually to the Ohio State campus a distinguished speaker of national and/or international reputation who will contribute to the cultural growth of the University and community bodies by offering new ideas and historical and cultural interpretations of important past and current situations. The selection of the lecturer will be made by a committee chaired by the senior staff member of The Ohio State University Modern Greek Program and including (a) the second staff member of the program, and (b) an individual selected by the committee chair either
September 9, 2011 meeting, Board of Trustees

from the University faculty involved with the program or from the Greek Orthodox community.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Modern Greek Program.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the director of the Modern Greek Program.

Establishment of Named Endowed Professorship

The Martha W. Farmer Endowed Professorship in Theatre

The Martha W. Farmer Endowed Professorship in Theatre was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with an estate gift from Martha W. Farmer.

The annual distribution from this fund shall be to support a professorship position in the Department of Theatre at The Ohio State University at Lima. The holder of the professorship will be recommended by Lima’s dean and appointed by the Board of Trustees of The Ohio State University. The activities of the professorship holder shall be reviewed no less than every four years by the dean to determine compliance with the intent of the donor as well as the academic and research standards of the University.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of The Ohio State University at Lima.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of The Ohio State University at Lima.

Amount Establishing Professorship: $1,084,775.96
Establishment of Named Endowed Funds

The Susan Birchfield Scholarship Fund

The Susan Birchfield Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from the estate of Dan Amstutz (B.S.Bus.Adm. 1954).

The annual distribution from this fund shall be used to provide scholarships for one or more talented undergraduate or graduate students in the College of Education and Human Ecology. Scholarship recipients shall be selected by the college’s dean in consultation with the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Education and Human Ecology.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of the College of Education and Human Ecology.

Amount Establishing Endowment: $184,123.00

The Dr. H. Douglas and Jeanette Fortney Endowed Research Fund

The Dr. H. Douglas and Jeanette Fortney Endowed Research Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Dr. Harrison Douglas Fortney (D.D.S. 1967) and Mrs. Jeanette Lois Fortney of San Diego, California.

The annual distribution from this fund shall be used to support the research activities of residents and faculty within the College of Dentistry with preference given to research that is focused on bone biology and grafting. Funding will be awarded annually by the chair of the Division of Oral and Maxillofacial Surgery, Anesthesiology, and Oral Pathology in consultation with the associate dean for Research for the College of Dentistry.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Dentistry.
The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the dean of the College of Dentistry.

Amount Establishing Endowment: $100,000.00

**Harold S. and Leah Kyser Goldstein Memorial Lymphoma Research Fund**

The Harold S. and Leah Kyser Goldstein Memorial Lymphoma Research Fund be established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from the estate of Leah Kyser Goldstein (B.S.Ed. 1926) of Philadelphia, Pennsylvania, in memory and honor of her beloved husband Harold S. Goldstein.

The annual distribution from this fund shall support medical research at The Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James) and the Comprehensive Cancer Center (CCC), to find a cure for the type of cancer generally referred to as lymphoma.

Allocation of distribution shall be made at the recommendation of the chief executive officer of The James and the director of the CCC in consultation with the senior vice president for Health Sciences.

Support may be used for but not limited to research supplies, equipment, personnel, lab space; fellowship awards; cost of travel to, and fees for, educational conferences or other training opportunities and other activities required for high quality medical research.

It is the donor’s desire that the annual distribution not be accumulated in the distribution fund; all expendable distribution must be used by The James and CCC for its intended purpose in the fiscal year received.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the chief executive officer of The James and the director of the CCC in consultation with the senior vice president for Health Sciences.

Amount Establishing Endowment: $100,000.00
Harold S. and Leah Kyser Goldstein Memorial Mathematics Scholarship Fund

The Harold S. and Leah Kyser Goldstein Memorial Mathematics Scholarship Fund be established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from the estate of Leah Kyser Goldstein (B.S.Ed. 1926) of Philadelphia, Pennsylvania in memory and honor of her beloved husband, Harold S. Goldstein.

The annual distribution from the fund shall provide annual scholarships to undergraduate students majoring in mathematics. Scholarship recipients shall be selected by the chairperson of the Department of Mathematics in consultation with the Office of Student Financial Aid. It is the donor’s desire that the scholarships be awarded with particular attention to but not limited to female students.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

It is the donor’s desire that the annual distribution not be accumulated in the distribution fund; all expendable distribution must be used by the Department of Mathematics for its intended purpose in the fiscal year received.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the executive dean of the College of Arts and Sciences.

Amount Establishing Endowment: $100,000.00

The Emil J. Ferrara Distinguished Lecturer Fund

The Emil J. Ferrara Distinguished Lecturer Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with an estate gift from Emil J. Ferrara (B.S.Pharm. 1952).

The annual distribution from this fund shall support a guest lecturer in the College of Pharmacy to speak on topics related to pharmacy and pharmaceutical sciences research. Expenditures shall be approved by the college’s dean and may include, but are not limited to, honorarium, travel expenses, and lodging.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Pharmacy.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees.
September 9, 2011 meeting, Board of Trustees

Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. In making this alternate designation, the Boards shall seek advice from the dean of the College of Pharmacy.

Amount Establishing Endowment: $74,168.56

**The Christopher D. and Dawn M. Noll Family Endowed Scholarship Fund**

The Christopher D. and Dawn M. Noll Family Endowed Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Christopher David Noll (B.S.Bus.Adm. 2001) and Dawn Marie Noll (B.A. 2000) of Chicago, Illinois.

The annual distribution from this fund shall be used to provide need-based scholarships for undergraduate students who attended Midview High School in Grafton, Ohio, or Ottawa Glandorf High School in Ottawa, Ohio. If no students meet the preceding criteria, students who graduated from Putnam County or Lorain County, Ohio, high schools may be considered. Recipients shall be selected by the Office of Student Financial Aid. Scholarships are renewable for four years as long as recipients maintain a minimum 3.0 cumulative grade point average on a 4.0 scale. It is the donors’ intention to support one student at each class rank.

The Ohio State University's mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the director of the Office of Student Financial Aid.

Amount Establishing Endowment: $62,500.00

**The DRT Manufacturing Company Athletic Scholarship Fund**

The DRT Manufacturing Company Athletic Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts from DRT Manufacturing Company of Dayton, Ohio.
The annual distribution from this fund shall be used to supplement the grant-in-aid scholarship costs of an intercollegiate student-athlete who is pursuing an undergraduate degree. First preference will be given to a member of the football team. Scholarship recipients shall be selected by the director of Athletics in consultation with the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully expended, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowed funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s cost of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from Gary L. VanGundy, if possible, and from the director of Athletics.

Amount Establishing Endowment: $60,000.00

The Jessica L. Frizzi Memorial Scholarship Fund

The Jessica L. Frizzi Memorial Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from David and Jody Frizzi of Columbus, Ohio.

Jessica Frizzi was a 2002 graduate of Bellaire High School, Belmont County, Ohio. Jessica discovered at an early age that she wanted to help the development of young people and as a result pursued a degree in psychology. She graduated from The Ohio State University with a B.A. in psychology in December 2006. After graduation Jessica worked with troubled teens in Fort Pierce, Florida, as an employee of Drug Abuse and Treatment Associates (DATA). The teens she counseled were plagued with drug and alcohol dependencies. Jessica died as a result of an automobile accident caused by a negligent truck driver in March of 2008 in Lakeland, Florida.

This endowment is established in Jessica’s name to assist others with their education. This endowment seeks to keep alive Jessica’s spirit and the virtues she held close to her heart. The recipient of this scholarship should be inspired by her life and, through this inspiration, should contribute to those less fortunate than themselves. As Jessica extended her hand in friendship to others, let others now continue to reach out and touch as they continue with Jessica’s unfinished work.

The annual distribution from this fund shall provide one need-based scholarship for an entering first-year undergraduate student attending the Columbus campus. First preference is to support graduates of Bellaire High School in Belmont County, Ohio. If there are no eligible candidates then the scholarship may support any graduate of a high school in Belmont County, Ohio. The scholarship shall be renewable for up to 12 quarters/eight semesters or until completion of a baccalaureate degree, whichever comes first, as long...
September 9, 2011 meeting, Board of Trustees

as the recipient maintains full-time enrollment and financial need. The Office of Student Financial Aid shall administer this scholarship fund.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the director of the Office of Student Financial Aid.

Amount Establishing Endowment: $53,000.00

Greyhound Health and Wellness Program Endowment Fund

The Greyhound Health and Wellness Program Endowment Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with an initial gift from Mrs. Barbara Heisey from Lebanon, Pennsylvania, in memory of her greyhounds.

The annual distribution of this fund shall be used for program support including but not limited to equipment, research, outreach activities, travel, and staff and faculty hiring as approved by the dean of the College of Veterinary Medicine.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of the College of Veterinary Medicine.

Amount Establishing Endowment: $52,500.00
The J. Michael and Jana K. Milligan Family Endowed Scholarship Fund

The J. Michael and Jana K. Milligan Family Endowed Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from James Michael Milligan (B.S. in Architecture 1978) and Jana Kable Milligan (B.S.Bus.Adm. 1979) of Columbus, Ohio.

The annual distribution from this fund shall be used to provide scholarships for undergraduate students with a significant, unmet financial need who are majoring in architecture and have completed a minimum of one year in the architecture program. It is the preference of the donors that scholarship recipients indicate through the application process that they are working to pay a portion of their educational expenses, have actual field construction experience demonstrated by either hands-on work experience or excellence in a technical architecture course, exhibit good character, and/or are from rural areas in Ohio. Scholarship recipients shall be selected by the director of the Austin E. Knowlton School of Architecture in consultation with the Office of Student Financial Aid. Scholarships are renewable for a maximum of two years as long as recipients maintain a 3.0 grade point average.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the director of the Knowlton School of Architecture.

Amount Establishing Endowment: $50,405.76

Weinland Park Nutrition Education Fund

The Weinland Park Nutrition Education Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Christina L. Cenname (B.S.H.E. 1964).

The annual distribution from this fund shall be used by the director of the Early Childhood Development Center in Weinland Park to support nutrition education. The primary focus will be on the relationship between food choices and behavior. Expenditures shall be approved by the dean of the College of Education and Human Ecology.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Education and Human Ecology.
September 9, 2011 meeting, Board of Trustees

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the dean of the College of Education and Human Ecology.

Amount Establishing Endowment: $50,010.00

**Baker & Hostetler LLP Endowment Fund for Professional Development**

The Baker & Hostetler LLP Endowment Fund for Professional Development was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Baker & Hostetler LLP.

The annual distribution from this fund shall be used to support the Mentoring and More @ Moritz program at The Michael E. Moritz College of Law.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Moritz College of Law.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, if possible, and from the dean of the Moritz College of Law.

Amount Establishing Endowment: $50,000.00
Total Commitment: $500,000.00

**Flowers for the Living Endowment Fund**

The Flowers for the Living Endowment Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from an anonymous donor.

The annual distribution from this fund shall provide fresh flowers for the reading room in the Billy Ireland Cartoon Library and Museum on a regular basis and support the costs of cartoon library staff appreciation and enhancement events as recommended by the curator and approved by the director of University Libraries.
In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of University Libraries.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the director of University Libraries.

Amount Establishing Endowment: $50,000.00

Elizabeth Mehling Endowed Scholarship Fund

The Elizabeth Mehling Endowed Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Elizabeth Mehling (B.S.Bus.Adm. 1996).

The annual distribution from this fund shall provide a need-based scholarship to an incoming freshman attending the main campus in Columbus. Candidates do not need to qualify for merit-based aid, but must exhibit potential for success by graduating high school with a grade point average (GPA) between 2.7 and 3.2. The scholarship is renewable for up to four years as long as the recipient maintains their GPA eligibility. Scholarship recipients shall be selected by the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the director of the Office of Student Financial Aid.

Amount Establishing Endowment: $50,000.00
Dr. Richard and Dorene Miller Endowed Scholarship Fund

The Dr. Richard and Dorene Miller Endowed Scholarship Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Dr. Richard (M.A. 1962, Ph.D. 1971) and Dorene (M.A. 1968) Miller.

The annual distribution from this fund shall provide scholarship support for graduate students admitted to the Educational Administration and Higher Education Program in the School of Educational Policy and Leadership. Recipients shall be selected by the dean of the College of Education and Human Ecology in consultation with the Office of Student Financial Aid.

The Ohio State University's mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Education and Human Ecology.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the dean of the College of Education and Human Ecology.

Amount Establishing Endowment: $50,000.00

The Jacob Moses MD Lectureship Fund in Ophthalmology

The Jacob Moses MD Lectureship Fund in Ophthalmology was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts made in memory of Jacob Moses M.D. from his son James L. Moses M.D. of Canal Winchester, Ohio. The late Dr. Jacob Moses joined the faculty of the Department of Ophthalmology in 1946, holding various positions from instructor to clinical professor.

Dr. Jacob Moses was a practicing ophthalmologist from 1945 to 2002, almost until his death on October 15, 2003. During his tenure as faculty in Ophthalmology, he contributed substantially to the clinical growth of the department during its early years. He was instrumental in educating and training innumerable medical students and residents, including those undertaking clinical rotations at Mount Carmel Hospital where he held numerous administrative positions and was director of its ophthalmology program. His education and training took place at Washington Jefferson College (B.S. Biology 1936), Western Reserve Medical School (M.D. 1940) and the Cleveland Clinic (residency and fellowship 1941 to 1945). Dr. Jacob Moses was a devoted husband and father to his wife of 63 years, Florence E. Moses, and their six children. He was an avid biologist, an accomplished clarinetist, and devoted to athletic programs, including OSU’s football program.
Annual distribution from this fund shall support the *Jacob Moses MD Lectureship* to be presented by the Department of Ophthalmology to medical professionals, researchers, and clinicians on advancements in the specialty. The distribution shall cover costs such as but not limited to supplies, publicity, conference space, travel, lodging, and honoraria for guest speakers. The *Jacob Moses MD Lectureship* shall be held periodically with its schedule based on funding levels and as determined by the department chairperson. Allocation of distribution shall be approved by the chairperson of the Department of Ophthalmology in consultation with the dean of the College of Medicine and the senior vice president for Health Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor (or his designee) and as recommended by the chairperson of the Department of Ophthalmology in consultation with the dean of the College of Medicine and the senior vice president for Health Sciences.

**Amount Establishing Endowment:** $50,000.00

*The Ohio State University Alumni Club of the San Francisco Bay Area Scholarship Endowment Fund*

The Ohio State University Alumni Club of the San Francisco Bay Area Scholarship Endowment Fund was established September 9, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from the OSU Alumni Club of the San Francisco Bay Area.

The annual distribution from this fund shall provide scholarships for students from the San Francisco Bay (California) area. Scholarship recipients will be selected by the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making
this alternate designation, the Boards shall seek advice from a representative of the donors, if possible, and from the director of Student Financial Aid.

Amount Establishing Endowment: $25,100.00 (grandfathered)

Change in Description of Named Endowed Fund

The Sungkyu Christopher Lee, M.D. Family Scholarship Fund

The Sungkyu Christopher Lee, M.D. Family Scholarship Fund was established July 13, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Dr. Sungkyu Christopher Lee, Mrs. Geraldine Lee, and Mr. Bryan Christopher Lee of Columbus, Ohio. The description was revised February 6, 2009. The description was revised again September 9, 2011.

It is the donors’ intent to support educational diversity at the University, consistent with the University’s mission and admissions policy. The annual distribution from this fund shall be used to provide scholarships, with a preference for two scholarships to be awarded annually to cover educational expenses for students enrolled in the College of Medicine who have achieved scholastic excellence and who have financial need. To qualify, candidates must be full-time medical school students and, when possible, in their second year of the program. It is the donors’ desire that the scholarship be awarded in furtherance of the diversity mission with particular attention to, but not limited to, students of Asian descent.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The scholarship will be administered by the College of Medicine in consultation with the Office of Student Financial Aid.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the dean of the College of Medicine in consultation with the director of the Office of Student Financial Aid.

Change in Name and Description of Named Endowed Fund

The Irene Cavas Rousos Research Endowment Fund

The Irene Cavas Rousos Cancer Research Endowment Fund at the Comprehensive Cancer Center (CCC), The Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James) was established March 4, 2005, by Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Irene Cavas Rousos
September 9, 2011 meeting, Board of Trustees

(B.S. in Occupational Therapy 1958) of Toledo, Ohio, and Naples, Florida. The name and description were revised September 9, 2011.

Ninety percent (90%) of the annual distribution shall be used to support cancer research, with preference given to research in the field of pharmacogeneomics at the CCC, The James as approved by the chief executive officer of The James, the director of the CCC, the senior vice president for Health Sciences, and the dean of the College of Medicine.

In any given year that this portion of the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the chief executive officer of The James, the director of the CCC, the senior vice president for Health Sciences, and the dean of the College of Medicine.

Ten percent (10%) of the annual distribution shall be directed to the Feline Research Fund in the College of Veterinary Medicine.

In any given year that this portion of the endowment distribution is not fully used for its intended purpose, the unused portion should be held fund to be used in subsequent years and only for the purposes of the fund, or reinvested in the endowment principal at the discretion of the dean of the College of Veterinary Medicine.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the chief executive officer of The James, the director of the CCC, the senior vice president for Health Sciences, the dean of the College of Medicine, and the dean of the College of Veterinary Medicine.

AUTHORIZATION FOR A LONG-TERM LEASE AND CONCESSION WITH RESPECT TO THE UNIVERSITY’S PARKING SYSTEM
Resolution No. 2012-14

Synopsis: Authorization for the long-term lease and concession of The Ohio State University’s parking system, including authorization to execute documents required to complete such a transaction is proposed.

WHEREAS the Board of Trustees (the “Board”) of The Ohio State University (the “University”) is presented with the opportunity to enter into a lease and concession of the University’s parking system; and
WHEREAS the lease and concession of the University’s parking system is important in meeting the objectives and requirements previously set forth by the Board and the President:

NOW THEREFORE

BE IT RESOLVED, The Board has determined that it is in the best interests of the University to proceed with the lease and concession (the “Transaction”) of some or all of the parking assets owned or controlled by the University (the “Parking Assets”) through a Long-Term Lease and Concession Agreement (the “Agreement”), including the issuance of a request for qualifications and proceeding with a bidding process relating thereto, the authorization of the transactions contemplated herein, and the authorization of the negotiation, execution and delivery of the Agreement and other documents relating thereto; and

BE IT FURTHER RESOLVED, The Board has determined that, in connection with the Transaction, it may be desirable for the University to pay, prepay, repay, refund, refinance, purchase, redeem or otherwise defease all or a portion of any outstanding bonds and/or other debt obligations of the University that are secured by any of the Parking Assets (collectively, the “Defeasance”); and

BE IT FURTHER RESOLVED, That the Board hereby authorizes the issuance of a request for qualifications in connection with the Transaction and proceeding with the bidding process developed relating thereto wherein the bid of the highest responsive bidder will be selected, subject to the terms, conditions and limitations prescribed in these resolutions; and

BE IT FURTHER RESOLVED, That the Board hereby authorizes the University to enter into the Agreement to effectuate the Transaction (i) with an aggregate amount payable to the University upon execution of the Agreement of at least $375,000,000 (the “Proceeds”) and (ii) containing the additional terms described on Exhibit A attached hereto; and

BE IT FURTHER RESOLVED, That the Board hereby authorizes and directs the President and/or the Chief Financial Officer (the “Authorized Officers”), or either of them, upon consultation with the Chair of the Finance Committee of this Board, the Senior Vice President for Legal Affairs and General Counsel, any outside counsel or advisors retained for this purpose and such other members of the senior leadership of the University that the Authorized Officers deem necessary, advisable or appropriate, subject to the terms, conditions and limitations prescribed in these resolutions (1) to select as concessionaire and tenant under the Agreement the bidder with the highest qualified bid from the bidding process established by the Authorized Officers to the extent such bid is otherwise acceptable to the Authorized Officer(s) after meeting, among other things, the criteria set forth on Exhibit A attached hereto, and (2) negotiate, execute, acknowledge and deliver the Agreement, containing such additional terms as the Authorized Officer(s) shall approve and deem necessary, advisable or appropriate, such Authorized Officer’s execution thereof to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof; and

BE IT FURTHER RESOLVED, That the Board hereby authorizes and directs the Authorized Officers, or either of them, upon consultation with the Chair of the Finance Committee of this Board, the Senior Vice President for Legal Affairs and General Counsel, any outside counsel or advisors retained for this purpose and such other members of the senior leadership of the University that the Authorized Officers deem necessary, advisable or appropriate, subject to the terms, conditions and limitations prescribed herein, to negotiate, execute, acknowledge and deliver one or more agreements, instruments, certificates or other documents in connection with the Debt Defeasance, as such Authorized Officer(s) shall approve and deem necessary, advisable or appropriate, such Authorized Officer’s execution thereof to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof; and
BE IT FURTHER RESOLVED, That the Board hereby authorizes and directs the Authorized Officers, or either of them, to cause (i) the Proceeds to be used to fund any costs and expenses associated with the Transaction and the Debt Defeasance and (ii) the remainder, if any, to be paid into the University’s General Fund; and

BE IT FURTHER RESOLVED, That the Board hereby authorizes and directs the Authorized Officers, or either of them, upon consultation with the Chair of the Finance Committee of this Board, the Senior Vice President for Legal Affairs and General Counsel, any outside counsel or advisors retained for this purpose and such other members of the senior leadership of the University that the Authorized Officers deem necessary, advisable or appropriate, subject to the terms, limitations and conditions prescribed in this resolution, to negotiate, execute, acknowledge and deliver any additional agreements, instruments, certificates and other documents in connection with these resolutions, and to take or cause to be taken any other actions, as such Authorized Officer(s) shall approve and deem necessary, advisable or appropriate, such Authorized Officer's execution, acknowledgement, delivery or taking of such action to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof; and

BE IT FURTHER RESOLVED, That the Chief Financial Officer shall report to the Board's Finance Committee on a regular basis all actions taken pursuant to this resolution; and

BE IT FURTHER RESOLVED, That it is found and determined that all formal actions of this Board concerning and relating to the adoption of this resolution were adopted in an open meeting of this Board, and that all deliberations of this Board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code; and

BE IT FURTHER RESOLVED That this resolution shall take effect and be in force immediately upon its adoption.

(See Appendix VII for background information, page 137.)

AUTHORIZATION FOR THE ISSUANCE OF ADDITIONAL GENERAL RECEIPTS BONDS

Resolution No. 2012-15

Synopsis: Providing for the authorization, issuance and sale of General Receipts Bonds in an aggregate principal amount not to exceed $500,000,000, for the purposes of financing the costs of certain University capital improvement projects and paying costs and expenses associated with the issuance of such debt.

WHEREAS pursuant to Sections 3345.11 and 3345.12 of the Ohio Revised Code (the “Act”), as enacted under authority of the Constitution of Ohio, particularly Section 2i of Article VIII thereof, The Ohio State University (the "University"), a state university of the State of Ohio, created and existing under Chapter 3335 of the Ohio Revised Code, is authorized and empowered, among other things, (a) to issue its obligations to pay the costs of certain “facilities,” as defined in the Act, and to refund, fund or retire bonds and other obligations previously issued for such purpose; (b) to pledge to the payment of its obligations all or a specified part of its “available receipts,” as defined in the Act (the “General Receipts”) in priority to all other expenses, claims or payments; (c) to covenant to make, fix, adjust and collect the fees, rates, rentals, charges and other items comprising General Receipts to produce General Receipts sufficient at all times to meet Debt Service Charges (as defined in the Amended and Restated Trust Indenture described below) on the Obligations (as defined in the Amended and Restated Trust Indenture described below), establish and maintain the required reserves and meet other requirements herein.
September 9, 2011 meeting, Board of Trustees

provided; and (d) to provide for a trust indenture and make further provisions for securing the payment of the Debt Service Charges; and

WHEREAS the University, by resolution adopted by its Board of Trustees (the “Board”) on November 1, 1985 (the “Series 1985 A Bond Resolution”) and by a Trust Indenture dated as of November 15, 1985 (the “Original Indenture”) between the University and The Huntington National Bank, as Trustee (the “Trustee”), provided for the issuance from time to time of General Receipts Bonds of the University; and

WHEREAS the University, pursuant to the terms of a resolution adopted by the Board on October 1, 1999 (the “1999 General Bond Resolution”), amended and restated the Original Indenture, as supplemented, in accordance with the terms thereof, by entering into the Amended and Restated Trust Indenture dated as of December 1, 1999 (the “Amended and Restated Trust Indenture”) with the Trustee; and

WHEREAS the Amended and Restated Trust Indenture provides that Obligations may be issued pursuant to the terms thereof, with each such issue to be authorized by a Series Resolution (as defined therein) adopted by the Board and secured pursuant to the terms of a Supplemental Indenture (as defined therein) with respect to such issue (the Amended and Restated Trust Indenture and all Supplemental Indentures thereto being collectively referred to herein as the "Indenture"); and

WHEREAS the University has from time to time authorized the issuance of the Obligations listed on Schedule 1 attached hereto and made a part hereof pursuant to the Series 1985 A Bond Resolution, the Original Indenture, the 1999 General Bond Resolution, the Amended and Restated Trust Indenture, various supplements to the Original Indenture and the Amended and Restated Trust Indenture and various Series Resolutions; and

WHEREAS the Board has determined that it is in the best interests of the University to authorize the issuance of The Ohio State University General Receipts Bonds, Series 2011 A (the “Series 2011 A Bonds”), in one or more series, for the purposes of financing the costs of University Facilities and paying costs and expenses associated with the issuance of the Series 2011 A Bonds, and desires to make provisions for the issuance of the Series 2011 A Bonds and the payment of Debt Service Charges thereon and the securing thereof by this resolution and the supplement to the Amended and Restated Trust Indenture as provided by this resolution:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees of The Ohio State University hereby authorize the issuance of the Series 2011 A Bonds in an aggregate amount not to exceed $500,000,000 for the purposes as set forth in the recitals to this resolution; and

BE IT FURTHER RESOLVED, That any debt authorized by this resolution shall not be issued after June 30, 2012; and

BE IT FURTHER RESOLVED, That the principal amount of debt of the University previously authorized to be issued pursuant to the resolution of this Board adopted on June 18, 2010 (the "Series 2010 Resolution"), to wit, $1.6 billion, shall be deemed reduced by the sum of the principal amount of the debt previously issued thereunder, being $893,120,000 plus the actual principal amount of the Series 2011 A Bonds issued such that the sum of the principal amount of such Obligations previously issued pursuant to the Series 2010 Resolution and the principal amount of the Series 2011 A Bonds shall not exceed the maximum principal amount issued pursuant to the Series 2010 Resolution; and

BE IT FURTHER RESOLVED, That the Board of Trustees hereby authorizes the President and Senior Vice President for Business and Finance, or either of them, upon consultation with the Chair of the Fiscal Affairs Committee of this Board and upon consultation with the Senior Vice President for Legal Affairs and General Counsel and any outside counsel
retained for this purpose, to determine (a) the time or times that any of the Series 2011 A Bonds shall be issued as provided in this resolution, (b) the principal amount, subject to the limitations prescribed herein, and type of debt to be issued from time to time, (c) the rate or rates of interest to be borne by such Series 2011 A Bonds; provided, however, that in no event shall the interest rate on any series of Series 2011 A Bonds exceed eight percent (8.00%) per annum, (d) whether any interest rates shall be fixed or variable, and (e) the maturity or maturities of any of the Series 2011 A Bonds; provided, however, the maximum maturity of any Series 2011 A Bonds shall be determined by the University’s Chief Financial Officer and be consistent with terms as may be required by law, any or all of which terms may be set forth in one or more Certificates of Award executed and delivered by the President and Senior Vice President for Business, or either of them, in connection with the issuance and sale of the Series 2011 A Bonds; and

BE IT FURTHER RESOLVED, That the President and Senior Vice President for Business and Finance, or either of them, is authorized to negotiate and execute, on behalf of the University and this Board, such supplement or supplements to the Amended and Restated Trust Indenture, any bond purchase contract, any interest rate management or hedging contract, credit support or enhancement contract and any other agreement, receipt, certificate or document (collectively the “Transaction Documents”) as the President and Senior Vice President for Business and Finance, or either of them, shall deem necessary or appropriate to carry out this resolution and to provide for the most beneficial commercial terms reasonably available to the University in substantially the form of similar Transaction Documents previously executed by the University in connection with the issuance of other Obligations of the University and not materially adverse to the University, with the execution by the President and Senior Vice President for Business and Finance, or either of them, of any such Transaction Documents constituting the conclusive determination of such officer that the terms of such Transaction Document are not materially adverse to the University; and

BE IT FURTHER RESOLVED, That the Series 2011 A Bonds shall be designated and known as “The Ohio State University General Receipts Bonds, Series 2011 A” and shall be issued pursuant to and as authorized by the Act, Section 2i of Article VIII of the Ohio Constitution, this Resolution, the Amended and Restated Trust Indenture and a supplement to the Amended and Restated Trust Indenture and shall be issued for the purposes of financing a portion of the costs of University Facilities (as defined in the Indenture) identified by the President and/or Senior Vice President for Business and Finance, or either of them, upon consultation with the Chair of the Fiscal Affairs Committee of this Board and upon consultation with the Senior Vice President for Legal Affairs and General Counsel and any outside counsel retained for this purpose (the “Series 2011 A Project”); and

BE IT FURTHER RESOLVED, That as provided in the Indenture, there is hereby pledged to the security of the Series 2011 A Bonds and for the payment of the Debt Service Charges on the Series 2011 A Bonds, (i) the gross amount of General Receipts of the University (subject to the provisions for the partial release of a pledge of General Receipts contained in Section 4.11 of the Original Indenture), and (ii) the monies contained in the Special Funds. Anything else to the contrary in the Indenture or this Resolution notwithstanding, the Series 2011 A Bonds shall not have access to, any claim upon or be secured by the Bond Reserve Fund or the Note Program Fund; and

BE IT FURTHER RESOLVED, That the pledge of General Receipts in the immediately preceding paragraph shall be on a parity with expenses, claims and payments relating to other Parity Obligations, as defined in the Indenture, and in priority to all other expenses, claims and payments of the University. In accordance with the Act, all General Receipts or portions thereof are immediately subject to the lien of the pledge upon receipt thereof by the University. Furthermore, the pledge contained herein and the Amended and Restated Trust Indenture is not in derogation of the pledge contained in the Original Indenture, any supplement thereto, any Series Resolution adopted pursuant to the Original Resolution or any Bond proceedings with respect to any Obligations currently outstanding, it being the
intention of the University that all such Obligations outstanding upon the execution and
delivery of the Series 2011 A Bonds shall be Parity Obligations within the meaning of the
Amended and Restated Trust Indenture, equally and ratably secured by the pledge of
General Receipts of the University herein and therein contained; and

BE IT FURTHER RESOLVED, That for the further security of the Series 2011 A Bonds,
and any other Obligations, the University hereby covenants with the bondholders and the
Trustee that so long as any Series 2011 A Bonds or Obligations are outstanding, the
University shall fix, make, adjust and collect fees, rates, rentals, charges, and other items
of General Receipts, as will produce at all times General Receipts sufficient (i) to pay Debt
Service Charges when due, (ii) together with other monies lawfully available therefor, to
pay all costs and expenses required to be paid under the Bond proceedings, and (iii)
together with other monies lawfully available therefor, to pay all other costs and expenses
necessary for the proper maintenance and successful and continuous operation of the
University; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance
shall report to the Board’s Fiscal Affairs Committee on a regular basis all actions taken
pursuant to this resolution; and

BE IT FURTHER RESOLVED, That it is found and determined that all formal actions of
this Board concerning and relating to the adoption of this resolution were adopted in an
open meeting of this Board, and that all deliberations of this Board and of any of its
committees that resulted in such formal action were in meetings open to the public, in
compliance with all legal requirements including Section 121.22 of the Ohio Revised Code;
and

BE IT FURTHER RESOLVED, That this resolution shall take effect and be in force
immediately upon its adoption.

(See Appendix VIII for background information, page 138.)

Upon motion of Mr. Shumate, seconded by Dr. Wadsworth, the Board of Trustees adopted
the foregoing resolutions by unanimous roll call vote, cast by Trustees Wexner, O’Dell,
Shumate, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbey, Kass, Reid, Jurgensen,
Wadsworth, Kellogg, and Smucker.

RATIFICATION OF APPOINTMENTS TO MEDICAL CENTER BOARDS
Resolution No. 2012-16

Synopsis: Ratification of appointments to Medical Center boards is proposed.

WHEREAS in June 2009, the Board of Trustees authorized the president of the University
to take actions necessary and appropriate to appoint members to the Medical Center
Board, the University Hospital Board, the University Hospital East Board, the OSU Harding
Hospital Board, the James Cancer Hospital Board, and the Ross Heart Hospital Board; and

WHEREAS all members of these boards shall be appointed in accordance with Board of
Trustees Bylaws 3335-93-01 and 3335-104-01, and in consultation with the president of
the University; and

WHEREAS the chair and vice chair of the medical center boards shall be a public member
appointed annually by the Board of Trustees upon recommendation of the University
president:

NOW THEREFORE
September 9, 2011 meeting, Board of Trustees

BE IT RESOLVED, That the Board of Trustees hereby ratifies the following appointments and reappointments, as designated by board and terms of appointment, made by the president pursuant to the resolution adopted by this Board in June 2009:

**University Hospital Board**
Rick L. Richards, effective July 1, 2011 through June 30, 2013

**James Cancer Hospital Board**
Sharen Turney, effective July 1, 2011 through June 30, 2014

Upon motion of Mr. Brass, seconded by Judge Marley, the Board of Trustees adopted the foregoing resolutions with fourteen affirmative votes, cast by Trustees, O’Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Ratner, Marley, Kass, Reid, Jurgensen, Wadsworth, Kellogg, and Smucker, and one abstention cast by Trustee Wexner.

**THE OHIO STATE UNIVERSITY BOARD OF TRUSTEES COMMITTEE APPOINTMENTS 2011-2012**

Resolution No. 2012-17

BE IT RESOLVED, That the Committee appointments for 2011-12 are as follows:

**Academic Affairs and Student Life Committee:**
- Algenon L. Marley, Chair
- Douglas G. Borror, Vice Chair
- Brian K. Hicks, **Vice Chair**
- Linda S. Kass
- Janet B. Reid
- Clark C. Kellogg
- **TIMOTHY P. SMUCKER**
- **EVANN K. HEIDERSBACH**
- Brandon N. Mitchell
- G. Gilbert Cloyd (Charter Trustee)
- Robert M. Duncan
- David G. Horn (Faculty Member)
- Leslie H. Wexner (ex officio)

**Advancement Committee:**
- G. Gilbert Cloyd, Chair (Charter Trustee)
- Linda S. Kass, Vice Chair
- **Douglas G. Borror**
- Brian K. Hicks
- Clark C. Kellogg
- Alexis L. Swain
- **EVANN K. HEIDERSBACH**
- John W. Kessler
- Phil Duncan
- Michael Clark (Alumni Assn Member)
- Donald H. Schriver (Alumni Assn Member)

**Advancement Committee (contd):**
- John B. Gerlach (Foundation Brd Member)
- David T. Kollat (Foundation Brd Member)

**Leslie H. Wexner (ex officio)**

**Agricultural Affairs Committee:**
- John C. Fisher, Chair
- William G. Jurgensen, Vice Chair
- **BRANDON N. MITCHELL**
- **EVANN K. HEIDERSBACH**
- James J. Zehringer (ex officio)
- Leslie H. Wexner (ex officio)

**Audit and Compliance Committee:**
- Robert H. Schottenstein, Chair
- John C. Fisher, Vice Chair
- Ronald A. Ratner
- Algenon L. Marley
- William G. Jurgensen
- **BRANDON N. MITCHELL**
- James Bachmann
- James Gilmour
- Leslie H. Wexner (ex officio)

**Committee on Trusteeship:**
- Alex Shumate, Chair
- Janet B. Reid, Vice Chair
- John C. Fisher
- Linda S. Kass
- **BRANDON N. MITCHELL**
- Alexis L. Swain
- G. Gilbert Cloyd (Charter Trustee)
- Leslie H. Wexner (ex officio)

**Finance Committee:**
- Jeffrey Wadsworth, **CHAIR**
- Alan W. Brass, Vice Chair
- Alex Shumate
September 9, 2011 meeting, Board of Trustees

Walden W. O’Dell
John C. Fisher
Robert H. Schottenstein
Ronald A. Ratner
William G. Jurgensen
Alexis L. Swain
BRANDON N. MITCHELL
Jo Ann Davidson
Leslie H. Wexner (ex officio)

Medical Affairs Committee:
Alan W. Brass, Chair
Jeffrey Wadsworth, Vice Chair
Brian K. Hicks

Robert H. Schottenstein
Algenon L. Marbley
Janet B. Reid
Leslie H. Wexner (ex officio)

Physical Environment Committee:
Ronald A. Ratner, Chair
Douglas G. Borror, Vice Chair
William G. Jurgensen, VICE CHAIR
Walden W. O’Dell
Clark C. Kellogg
Brandon N. Mitchell
EVANN K. HEIDERSBACH
Leslie H. Wexner

SALE OF REAL PROPERTY
Resolution No. 2012-18

2350 Red Rock Blvd., Columbus, OH

Synopsis: Authorization is requested to enter into the sale of certain real estate located at 2350 Red Rock Blvd., Columbus, OH, including the WOSU AM 820 antenna facilities located thereon, as part of the sale of the frequency and transmission assets of WOSU AM 820.

WHEREAS the WOSU Stations previously initiated a plan to move all its radio assets to FM frequencies to better serve its listeners and create a streamlined financial model; and

WHEREAS this plan included the sale of the frequency and transmission assets of WOSU AM 820; and

WHEREAS it has been determined to be in the best interests of the University to sell certain real estate, consisting of approximately 39 acres at 2350 Red Rock Blvd. controlled by WOSU AM 820 and containing its night transmission tower configuration; and

WHEREAS the sale price for all of the WOSU AM assets, including the real estate, is two million dollars:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Senior Vice President for Business and Finance be authorized to take any action required to affect the sale of WOSU real estate assets upon such terms and conditions as are in the best interest of the University.

(See Appendix IX for background information, page 139.)

***

AUTHORIZATION TO ENTER INTO PROFESSIONAL SERVICES CONTRACTS
Resolution No. 2012-19

NORTH RESIDENTIAL DISTRICT TRANSFORMATION

Synopsis: Authorization to engage professional services for the North Residential District Transformation.
WHEREAS the benefits of on-campus living include enhanced learning experiences, academic performance, retention, personal development, graduation, and engagement with the University; and

WHEREAS additional residence life facilities are needed to enable a two-year residential experience for students; and

WHEREAS the improvement of on-campus residential districts is a key component of the Framework Plan which guides the development of The Ohio State University's Columbus campus; and

WHEREAS in accordance with the attached materials, the University desires to undertake and enter into professional services contracts for the following projects:

<table>
<thead>
<tr>
<th>Project</th>
<th>Prof Svc Amount</th>
<th>Total Project</th>
</tr>
</thead>
<tbody>
<tr>
<td>North Residential District</td>
<td>$4.0M</td>
<td>$335.0M University bond proceeds</td>
</tr>
</tbody>
</table>

NOW THEREFORE

BE IT RESOLVED, That the President and/or Senior Vice President for Business and Finance be authorized to enter into agreements and professional services contracts for the North Residential District Transformation project in accordance with established University and State of Ohio procedures, with all actions to be reported to the Board at the appropriate time.

(See Appendix X for background information, page 140.)

Upon motion of Mr. Schottenstein, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Trustees Wexner, O'Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbly, Kass, Reid, Jurgensen, Wadsworth, Kellogg, and Smucker.

***

Mr. Wexner:

Before we adjourn the meeting, what I would like to do is, typically, we do go around the room, and I would start with Brian Hicks. And if anyone has any comments they would like to make, I will give everybody the chance to speak.

Mr. Hicks:

Thank you. I thought it was a very good meeting. We certainly had a lot on the plate for three days. We probably had about three weeks of work to put into three days. We never seem to have enough time, and I think that is something that we need to address, because we have some very significant weighty issues that we are dealing with. But, overall, I think we are making progress, and we are making progress on the right things, in the right way, at the right time. We have come through a turbulent time period, but the sun is shining outside right now, and I think the sun is shining on us right now.

Mr. Schottenstein:

Well said. I have already talked enough, I think. I would just like to say that sitting here, listening to the other committee reports, not necessarily my own, it is very striking to me how substantive and significant the work of the committees is in terms of quality of issues, the depth of the discussion surrounding those issues. I have been on the board
since 2005, and there were periods where you could not say that. You clearly could say it now, and we have been able to say it now for some period of time. Anyway, it is just very impressive to me, and I just feel privileged to be part of the group, and I think we are focusing on really important things that are allowing us to make real progress in the right areas.

Mr. Ratner:

As I said earlier, very often I am spending some time in the board meeting thanking people for a huge amount of energy and effort. It is always remarkable to me, at so many levels, how many people contribute. But I did want to specifically thank my colleague, Bobby here, who is just doing extraordinary work, taking on the task he has in terms of dealing so directly with the compliance issues that we have been dealing with. It is showing real leadership and really steady leadership. Bobby, we all owe you a debt of gratitude, because I think the Board has reported itself very well over the last four or five months through some very troubled times, and your leadership there has been just extraordinary. Obviously, Les is the Chair, and a lot of credit is due to your leadership, but Bobby is really the unsung hero. He has gotten flack, but I think he has really done just a yeoman’s service, not only to the University, but I think to the Board itself, so I would just like to thank you, Bobby. You have done an extraordinary job.

Mrs. Kass:

I just wanted to say that this institution is highly complex and comprehensive, and we all take our work extremely seriously. We have very high standards, and I think that sometimes we don’t think about how far we have come and how much progress we are making. I just wanted to point that out and also, particularly, the report we had from the Academic Affairs and Student Life Committee yesterday that Judge Marbley detailed so well. The transformation of the College of the Arts and Sciences and the semester conversion are just representative of the kind of collaboration and thoughtfulness and extraordinary work among so many people at this University. It is really a model for everything we need to do and are doing, so I commend everyone in that effort.

Mr. Jurgensen:

I think what strikes me, and this is a bit repetitious, but it is a big and complicated place, and we do not always get to where we want to go in exactly a straight line, but I think we get to the right place almost all the time. I think that over all of the stuff that we discussed over the last three days, there certainly are some big, complicated issues in that as well. But I think that if everyone keeps doing what they have been doing, which is basically speaking from their heart, telling each other what they think, we will get it done.

Mr. Kellogg:

I would just echo Linda’s comments because of the meeting we had in Academic Affairs and Student Life, just to hear Dr. Steinmetz talk about that whole process of integration of the Arts and Sciences College really is instructive, I think, for us as a Board as we move forward as One University. I just think that work, and obviously the semester conversion as well because it speaks to all of the elements that are necessary to continue to make all the progress that we want to, even if it is incremental; it is the right kind of process.

Dr. Cloyd:

Yes, I think that for me the last three days have again really brought home what a tremendous challenge we face here at Ohio State to deliver, against the mission we have set for ourselves, when we describe being a pre-eminent public university, and we think of our land grant mission and what that means to provide the highest quality, highest value education for our students to do the kinds of research at scale that can
truly impact the important problems that our society faces. At a service aspect, as we recast ourselves, as we build on the service we provide, to really look to be this economic engine of growth for the state of Ohio, I think we can do it. It is a wonderful opportunity. It is a big challenge, but these last three days have been a reminder to me that it is really tough work. It takes a lot of deep thinking. It is going to require some very tough, strategic choices that we are going to have to make. I am also confident that we need to get there. Building on the comment that Jerry just made, I think for everyone on the Board and for all of the University leadership, we are going to have an ongoing challenge, not to be overly guided by any pre-formed biases we have, but to be entirely open-minded, and really be able to leverage the tremendous intellectual diversity that exists in this Board and in University leadership. I think that we will get to the right place, and I just think that part of the challenge, as I walk away from these three days, is that we have got to stay constantly vigilant that we are exercising the opportunity we have with all of the different intellectual experiences and capabilities that we have on the Board and in the University leadership.

Ms. Heidersbach:

Well, along with Mr. Smucker, I am a “newbie” to the Board, but the past two meetings I have attended have really been eye-opening, and it has really exposed the breadth of University. I have lived in Ohio my whole life, so I have been aware of the role that the University plays in Ohio, but not to the extent to which I have been exposed, and it is remarkable. A few weeks ago, I had the opportunity to go on the Roads Scholars Tour, which is through the Office of Outreach and Engagement, and that was another opportunity that I had, and I got to experience the role that the University plays not only in Columbus, but to all parts of the state. To be a small part in the massive decisions that the Board is making that not only impact the University, but the entire state is very humbling to me. So I am just thankful to be here.

Mr. Mitchell:

As a student, we go through a different process to get here, to get on the board, and I remember going through that process thinking, “I really want to make a change.” Going through all of the interview processes and different meetings, I really felt like my purpose for wanting this opportunity so badly was to effect change. When I listened last night to President Obama’s speech about how glum things are currently in the world, and think back to the meetings we have had over the past couple of days, the momentum of the Board and the University in the face of adversity and in the face of some of the financial times, is astounding to me. The way we have been able to move forward in some of these adverse times has really been amazing and makes me really appreciative to be a part of it. That is really a testament to President Gee and his team and how well they have positioned the University. I think it is an opportunity we need to seize and push this University forward as we continue.

Mr. Smucker:

First of all, I am very grateful to be a freshman member along with Evann. I can believe that she is one of my best colleagues to start out with, so thank you, Evann. I am very honored and privileged to be here and do not discount the magnitude of the issues we have before us, but I take great comfort in the caliber and depth of the people in this organization, of this institution, and am humbled by the amount of people that this institution touches throughout the world and the concept we all have, that no matter what we do, each of us makes a significant difference. The undertaking that this institution is, in so many ways, addressing is going to be a cultural shift going forward. I think that, Les, as you said yesterday, that is a huge undertaking, but there is a huge comfort in the caliber and depth of the people, so thank you for the privilege to be part of this group.
September 9, 2011 meeting, Board of Trustees

Dr. Wadsworth:

Let’s see. I think we are trying to do two very difficult things. We are trying to become the best public university in the country, and we are trying to do it in one of the most difficult external environments there have been. That requires innovation in the solutions that we propose and we hear from the University team. We had a lot of innovative solutions, I believe, in the last several days, and innovation and innovative solutions are, by definition, difficult—the easy stuff has been done; and they are often controversial. And that is why, for the last three days, we have had long, difficult and exhausting debates. I think we all feel the effort that has gone in. It is not easy stuff, and it will not be easy, but there is a lot of innovation coming to us that we are reviewing, that we are hearing about, that we debate. The passion of the people both proposing and debating the ideas is very evident, and that is what is needed to be successful going forward. I think we are starting to see some very novel approaches to solving some very complex problems, so I am very optimistic about that.

Dr. Reid:

As we go around at this point, many of the things I feel strongly about have been said, but just as the institution is undergoing a strategic planning process, the outcomes of all of the effort and energy needs to be measured. And, I believe, for us as a Board, the measure is in what we saw as the two students here were talking about what they have learned and how they have grown through their experience here at Ohio State. As a scientist, all you need is two data points to begin drawing a line, calculating the slope, and predicting the system. We have had many more than two data points in terms of these students so, I would say, as I think about our slope and our system and being able to predict future outcomes, I think we are on an excellent trajectory. I think that has to do with the students and everybody else that is involved all the way to what our contributions are.

Judge Marbley:

Mr. President, I think that these past three days have been, perhaps, three of the most important days that I have spent on this Board. True, some of the work that we have done may not have been as important as some of the other work we have done in the past four or five years, but what it refocuses us on is the work of this University. Over the past few months, we have been defined by others in how we have been reacting to what others have said about us, and we have worked hard to maintain the integrity of our brand, and that is work that we had to do, and that was important work that was spearheaded by our president and his team, and by Bobby and Alex. I know, Bobby, that your board has been happy to see some of the other headlines in the paper about student housing and the like and, Alex, your partners have been equally pleased to see that there have been some other matters to which the Board has to attend, so that they can have your leadership back at M/I and back at Squire, but you all have been extraordinary in the time commitment and the guidance you have given this Board and this University. I agree whole-heartedly with Ron. What this really tells us is that we really are a great University, and we are much more than our constituent parts; we are the sum of those constituent parts. And when we sit down and tackle issues, such as how do we make the first two years’ experience transformative, how do we retain students, how do we build a world class medical center in the context of this great state land grant university, that is what we do, and that is what we have done, and I see this as our first step in us taking our brand back and saying this is who we are as The Ohio State University. We are a University that will tackle the issues of putting freshmen and sophomores on campus. We are the University that will be on records, and we will find a cure for cancer, and that is the important work of the University. I always leave energized, because this Board does a wonderful job of addressing a lot of those issues with the tremendous intellectual capital in this room and around this table.
September 9, 2011 meeting, Board of Trustees

Mr. Brass:

I remember comments 40 years ago in the business school where I heard that the needs of organizations like this are just abundant, but the resources are very finite. As we go through and as we recruit better and better people, which we are doing thanks to our president, those needs are going to, in fact, increase from each of their departments and colleges and so on. It is going to be up to us to work with our management staff, our executive staff and our faculty to figure out just how, in fact, we put those two together. I am impressed more than ever with the kind of work we are getting from all of our managers and all of our faculty. I can speak for the Medical Center in detail. The number of ideas that are coming out are really neat and they are abundant, and trying to match those resources to those ideas becomes harder and harder. I think that our job is to, in fact, continue to support them the best we can. Our job is to thank them for doing a good job. Our job is to help the president make sure that we have the right people and provide the resources to get those right people, and I think we are doing a better job of that. We are trying to identify creative ways in which to match the needs of our organization, our University, and the needs of our students in a very collaborative way. I am impressed that we, in fact, are putting some very quality time into that right now. I think that is really important as we move forward with strategic imperatives that we all think are coming at us.

When I think of our University right now, and I think of the students and our faculty and our leadership, I hope that they feel the same way that I do about them, and that is that we, in fact, are getting better, we are putting the quality time in, and we are trying to listen better and better as it relates to some of those imperatives as they, in fact, bring them forward.

Joe Alutto today spent a lot of time on that strategic plan with the faculty throughout the entire organization, and the quantity of work that went into that was enormous. And the discussion we had, as it relates to how do we come up with the resources to try to meet some of those needs, is critical. I think that is our job right now, to see how we can help the University move forward in a very effective way, in a very efficient way, and I am proud of the team moving it forward.

Mr. Fisher:

Three points I would share. First, President Gee brought to us the concept of One University, one of his goals, and a goal that we have all adopted and, I think, that I have seen us move forward very aggressively towards that goal. There is a lot to do yet, but we are making good progress, and I thought it was part of all of our deliberations this week, some tough issues to engage in, but we kept our key goals in front of us during those deliberations, and I think that is excellent.

I would also like to compliment the president and our provost and David and your team, your communication efforts to all of us, the chair, Mr. Wexner, also in his role throughout the last several months here. It is important to have timely communication pieces and that has been done. I appreciate that very much, and I am appreciative of our seamless transition for all of the support we get from the Trustee’s Office. We have gone through some change there and we will, I guess, not be seeing Ann back there in the future, but we certainly appreciate all the hours that each of you commit to helping us do our job, so to all of you ladies, and our change here with David, I thank you.

Mr. Shumate:

I certainly agree with all of the comments that have been stated by our fellow trustees and want to again emphasize the fact that we talk quite a bit about the financial resources that we need as a University to accomplish our goals. But I think that the last three days have shown us that we have the human resources that are necessary to truly move from excellence to eminence, which is our ambitious goal and aspiration.
September 9, 2011 meeting, Board of Trustees

Just to echo what Jack said, because we were talking about the board staff, when you have these kind of meetings and planning and logistics, and the execution that goes on behind the scenes so we can have the type of meeting that we have had over these last several days, it is really important to acknowledge the Board Office and the strength of that Office, the support that you provide. We welcome our new Associate Secretary of the Board to the team, as well as thank Ann and Korenia, Suzanne, and Theresa and you, David, for all that you do to make us look good, quite frankly.

I also want to echo the sentiment that we are fortunate to have Gordon as our president and leader. It requires excellent, relentless leadership in these times, and you have been a very strong leader, and our chairman certainly has continued to encourage us to look at the strategic issues and the important issues. It is that leadership that is also key to make sure that the human resource is properly focused.

Mr. O'Dell:

I certainly support the comments that have already been made but, Gordon, I would like to thank you specifically for your great leadership. The progress we have made since your triumphant return to The Ohio State University, I am very confident in our future with your leadership, and I am very impressed with the team you put together. I am just thinking about last night, the new Dean of Engineering, the Dean of Dentistry, the new Dean of Nursing and, of course, the new Medical Dean, the staff that you have brought to bear with the other great staff that is already here, has just been spectacular.

Dr. Horn:

On behalf of the Board Office, I would like to thank you all for those kind words, and we are all learning here and benefiting from your wise counsel and really hope we can help keep the momentum going and make your board meetings as effective as possible as we go forward.

President Gee:

Let me just start there for a second and just say that I want to thank David. David has been drinking from a fire hose. Replacing an iconic figure like David Frantz, but his name is David, and he has picked up that very greatly, and our new Board team is just doing a wonderful job, so give everyone a thank you.

I want to say something to the Board and that is, in fact, that this is a very talented Board. You think about the talent that has been displayed, people doing extraordinary things on behalf of the University because, in fact, they had the talent to do it, and the fact that we have that partnership. I could go around and name every one of you. Brian, Bobby, obviously the work that Ron is now doing helping us in our framework process, Bobby and Alex and their work in our tumultuous times, Gil Cloyd, who is my partner in so many things, Alex Shumate just here in terms of a lot of the things that we are doing. I could go around and every one of you is making an enormous contribution, enormously talented.

The most important thing, I think, that I want to say is that this is a very serious Board doing serious business, and I want to underscore that again, a serious Board doing serious business. There are a lot of boards that are frivolous in their business, and I just don’t think that that has been our case. Quite the contrary, that is the reason we overextend our time, Brian, that is the reason we sometimes don’t quite meet our obligations in terms of where we are, but it is because of the fact that we are engaging in very serious business.

I also did not have my chance to have my private time. I want to say to the Board that I appreciate your support. I also appreciate the constructive feedback that I have received; it is very helpful to me. One celebrates one’s triumphs and one also learns from one’s
opportunities. And, certainly, I appreciate the grandeur with which we all operate. I think, if I wanted to note one thing, and that is the fact that I traveled the state this summer, and I am struck by the power and importance of this University to every single person in this state and the role that this University plays and the role that this University should play. Probably few times in history has the University been given the opportunity to take an enormously important leadership role for so many people in such a tumultuous time, so the seriousness of what we are doing not only impacts our students, our faculty and our staff, but has an incredible impact on 11 million Ohioans and their future and, I think, accepting that is a great charge and a great responsibility.

Finally, I noted on our financial chart up there that, you will note, we had all greens except we had one that said “flat,” and that was with our support from the state. I have said this to you before, and I will say this again, with the 3,600 colleges and universities in this country, we have had exceptional support in tumultuous times, bipartisan in nature from our Governor and from our Legislature, and the fact that we can report that we have sustained ourselves with their support through this time should not be lost on any of this. I want to be public in acknowledging that.

Mr. Wexner:

Thank you. I was thinking about our freshmen members. I have been on the Board a long time, since about 1870, and I am approaching my senior year in more than one way. It is obvious to me that the University has enormous challenges and enormous opportunity, and has had challenges and accomplishments, and will continue to do so, getting better at scale. And the aspiration of getting substantially better is hard work. If getting better was easy, everybody would be getting better individually and collectively as organizations, but getting better is very hard work.

I thank everybody on the Board and administration for their hard work, and I hope there are reporters in the room, because they are always worried about what we do. One of the things I wish they would write about is that in the last three days, probably in the aggregate, we have put in about 30 hours of work. That is without travel time and dinner time, just being together and trying to work out issues. And between meetings, there are committee meetings and mind time and thoughts and communications between ourselves, and the work that we do should be appreciated. Certainly, it is by me, and we have a high level of engagement. The challenge of getting bigger and better, and I said it at the last meeting, that we are the economic engine of Ohio, we are the Medical Center of Ohio, we are the intellectual center of Ohio, we are probably the agricultural leader of Ohio, perhaps the world. Every part of the University has a major leadership role in the state and in the nation and in the world and just listening to the conversations today, one other thing struck me, and maybe it helps me to describe the complexity of what we do, I think maybe we are the heart of Ohio, the emotional heart and maybe we are the head and the nervous system of the state, because we connect so many things. And when you think of us as perhaps the heart, the head, and the nervous system of a state as large and as complex as ours in turbulent times, getting ahead helps me dimension how tedious, if you would, and difficult the work is.

The last thing I would like to leave everybody to think about and they go together; I think it is the compensation that we get which I think we get paid for working on purposeful things, giving purpose to our own lives; giving purpose to the institution; purpose and the benefits to the students, the faculty and everybody who benefits from the University. It is a tremendous thing to contribute to that purpose, whether it is curing cancer, plowless farming, or all the things that we do. I think the thought that I want to connect to that purpose, which is maybe our payment, the psychic reward that we get, is to think about leadership and the leadership that Gordon provides and the administration. But to think about the collective leadership of the Board, and probably from Brandon’s athletic career and Clark’s, they would understand maybe in a more tangible way about teamwork and collective leadership. Clearly, in listening to all the committee reports and responses and questions and listening to each other’s thinking and observations over these three days,
you sense that there is tremendous commitment from individuals, us as individuals of the administration and everybody that is connected to the work that we have done in terms of individual leadership, contribution, challenges, ideas and thinking. I think that the real power is the team coming together as the Board, and I think what I will have you ponder is that we are a leadership team. It is a joyful feeling knowing you are part of a team that is leading and trying to get better. That collective leadership takes effort. It is not easy to get great athletes to play together and play nicely, and it is not easy for people to care and all care from different perspectives about the University getting better and winning, and I think the success of the University is in some ways connected to the success of the Board, and the success of the Board is us as a leadership team. I think that is something we should think about because I think that the notion of the focus that we have to have on areas of significance, recognizing that there are so many areas that are significant and important, each life that we touch, whether it is in the hospital or the classroom, is significant. And yet, that complexity against what are the real issues, what are the main things we can do to help the University and help the administration get ahead. Maybe the homework assignment from this meeting to the next is to think about our collective team leadership. Thank you. We are adjourned.

***

Thereupon the Board adjourned to meet Friday, November 4, 2011, at The Ohio State University, Longaberger Alumni House, Columbus, OH.

Attest:

Leslie H. Wexner             David G. Horn  
Chairman                     Secretary
(APPENDIX I)

Degrees Conferred at

THE OHIO STATE UNIVERSITY
COMMENCEMENT CONVOCATION

August 28, 2011
(approved by the Board of Trustees at the June 24, 2011 meeting)
David O. Frantz  
DOCTOR OF HUMANITIES

David O. Frantz is a peerless leader in both academics and administration at Ohio State. He recently celebrated 41 years of teaching, in the Department of English, where he has built a noted career as a Renaissance expert.

Dr. Frantz has earned universal respect from those who have governed the university, both for his remarkable skills as a facilitator and his incomparable institutional knowledge. He was the first faculty member to serve as secretary of the Board of Trustees, a position he held from 2002 until his retirement from the board in June 2011. In this role, Dr. Frantz coordinated the work of the board and served as a liaison to university leadership. During his tenure, the board saw an increase in membership from nine to 19, as its role accelerated.

Dr. Frantz also has held various leadership positions in the College of Humanities throughout his tenure at Ohio State, including associate dean and acting dean, as well as vice chair of the Department of English. He served as the academic liaison with the Department of Athletics from 2000–2002.

A highly revered educator at Ohio State, Dr. Frantz has received numerous awards and honors. In 2002, he was named the Department of English Undergraduate Professor of the Year. In addition, he has received the Arts and Sciences Honors Faculty Service Award, the Alumni Award for Distinguished Teaching, and the Faculty Award for Distinguished University Service.

He is the author of *Rhetor Wispatria: A Study of Renaissance Erudite*, as well as numerous scholarly articles. Next spring, he will be teaching a Shakespeare course at Ohio State.

Dr. Frantz has been a champion of the university’s celebrated partnership with the Royal Shakespeare Company. His commitment and enthusiasm were essential in the development of the unprecedented program, for which he will continue to provide leadership going forward.

Dr. Frantz graduated cum laude, Phi Beta Kappa, from Princeton University in 1964. He earned his master’s degree from the University of Michigan in 1965, and his PhD from the University of Pennsylvania in 1968.

Lino Tagliapietra  
DOCTOR OF FINE ARTS

Lino Tagliapietra is one of the world’s preeminent glass artists, renowned for his grace and beauty of his work and for pushing past traditional creative boundaries of glassmaking. Scholars credit Mr. Tagliapietra with having revolutionized the field by dint of the example of his pieces, his willingness to collaborate, and through generously sharing his vision as a mentor to generations of new artists.

Born on the Italian island of Murano—known for centuries as a center of glassmaking—Mr. Tagliapietra began his apprenticeship at the age of eleven. At 21 he had earned the status of maestro, and began his career in glass studios executing the designs of others. After establishing the independence to design and execute his own vision, Mr. Tagliapietra launched a new phase in his storied career as the creator of personally driven works of art.

His pieces are collected avidly around the globe and are highly prized by major museums, including the Columbus Museum of Art.

By fusing traditional European techniques with an uncurbed willingness to experiment, Mr. Tagliapietra has had tremendous influence over the modern art of glassblowing and been the driving force behind contemporary artists’ use of glass for creative expression. Mr. Tagliapietra’s passion for his art extends to his relationship with other artists. Having tutored new artists for many years, Mr. Tagliapietra has seen his students go on to claim many of the highest honors in the field.

While his work reaches the heights of technical sophistication, it is noted not merely for artistic precision but for the emotion it conveys. In fact, the Corning Museum of Glass has cited Mr. Tagliapietra for being “one of the few glassmakers who can successfully transmit his own sensitivity and intellect into an inanimate object.”

Among numerous citations in this country and overseas, Mr. Tagliapietra has received lifetime achievement awards from the Glass Art Society and the Museum of Arts and Design, and the President’s Distinguished Artist Award from the University of the Arts. He has been recognized as a Master Teacher/Master Artist by the Hyde Art Institute at the University of Louisville and as Herman Distinguished Professor by Centre College. He is also the recipient of a Distinguished Educator Award from the James Bannock Alliance at the Smithsonian. Among numerous accredited affiliations, he is a Foreign Honorary Member of the American Academy of Arts and Sciences and a Fellow of the Corning Museum of Glass.
William J. Lhota

William J. Lhota is the president and chief executive officer of the Central Ohio Transit Authority (COTA). In 2004, after a long career at American Electric Power in which he rose to become a division president and oversee power transmission and distribution in 11 states, Mr. Lhota accepted the reins of COTA. Taking over an agency in transition, Mr. Lhota transformed COTA into a thriving and well-respected public transportation provider. Hailed by The Columbus Dispatch for his show of leadership, Mr. Lhota strengthened operations from top to bottom while overseeing 17 million passenger trips per year.

In his capacity as COTA's chief, Mr. Lhota has reached out to Ohio State faculty and staff to help mark " Rosa Parks Day," a national tribute to the civil rights pioneer. He has worked to maintain an ongoing relationship between Ohio State and COTA by contributing to research projects on transportation in the Department of Civil and Environmental Engineering and Geodetic Science. In addition, he has collaborated with Ohio State's Transportation and Parking Services to identify solutions to mass transit problems.

Mr. Lhota, who earned a bachelor's degree in civil engineering from Ohio State and holds a master's in management from MIT, has repeatedly and generously given his time, talents, and ideas to benefit the university community and its programs. As an active member of the College of Engineering's Strategy Council, Mr. Lhota has helped guide numerous college initiatives and has most recently served on the search committee to select the dean of engineering. As a member and chair of the Ohio State University Alumni Association board of directors, Mr. Lhota played a central role in strengthening the relationship between Ohio State and its alumni and students. Tapped by President Gee to co-chair a task force to realign and modernize university advancement efforts, Mr. Lhota also played a central role in strengthening the relationship between the university's and Alumni Association's larger mission and daily work.

A recipient of The Ohio State University Distinguished Alumni Award, Mr. Lhota also has been inducted by Junior Achievement into the Central Ohio Business Hall of Fame in recognition for his service and leadership.

Tamala Longaberger

Tamala Longaberger is an internationally renowned businesswoman and advocate, a dedicated philanthropist, and a celebrated community leader. She serves as chief executive officer and chair of the board of The Longaberger Company, the Ohio-based maker of handcrafted baskets and other products.

She is an active and engaged participant in statewide affairs, as well as initiatives across the globe. Currently, she serves as a member of the Columbus Partnership, a group of chief executives who work with public leaders to strengthen Ohio, as well as chair of the Arab Women's Leadership Institute.

Ms. Longaberger has a long history of service on several boards and councils. Her past roles include serving as chair of the National Women's Business Council, a 2004 member of the U.S. delegation to the United Nations Commission on Human Rights in Geneva, Switzerland, and chair of the U.S. Executive Committee for the 2002 Helsinki Women Leaders Summit. She was named to the Ohio Women's Hall of Fame in 1985.

A passionate philanthropist, Ms. Longaberger has been an integral partner with the American Cancer Society for the Horizon of Hope campaign, a national breast cancer fundraising and awareness initiative, which has raised over $15 million for research and education.

Additionally, she leads her family foundation, which has made donations of $11 million in the past decade to nonprofit organizations nationwide with a special emphasis on the rural communities of southeast Ohio.

Ms. Longaberger is an enthusiastic supporter of her alma mater, Ohio State, where she served as a member of the Board of Trustees from 1996-2005, including as chair from 2004-2005. She and her family are ardent champions of the university, namely through their support of the Longaberger Alumni House. Ms. Longaberger's legacy at Ohio State includes serving as vice chair of The Ohio State University Alumni Association, co-chair of a task force to realign and modernize university advancement efforts, director of the University Foundation, and on the board for both the Wexner Center Foundation and what is now the John Glenn School of Public Affairs.

Commencement Convocation, August 28, 2011

The Graduate School
Dean: Patrick S. Osmer

Doctor of Musical Arts
Laura Michele Portune
Cordell, Kettering
B.A. (University of Notre Dame)
M.Mus. Music
Dr. John Rice

Kristyn Woods, Houston, TX
B.Mus. (University of Houston)
M.Mus. (Arizona State University)
Music
Dr. Karen Pierson

Doctor of Philosophy
Besma Abbaoui, Columbus
B.S.Honors (Miami University Oxford)
Integrated Biomedical Science Graduate Program
Dr. Steven Clinton

Tin Lian Abt, Siegen, Germany
Engineer (University of Stuttgart)
M.S. Geodetic Science and Surveying
Dr. Christopher Jekeli

James A. Adduci, Glen Ellyn, IL
B.S. (Illinois Institute of Technology)
Mathematics
Dr. Boris Mityagin

Dr. Fangyang Zheng

Tsun Hui Hung, Kaohsiung, Taiwan, ROC
B.A. (Chinese Culture University)
M.Mus. (Ohio University)
Music
Dr. Udo Will

Sanja Ilic, Wooster
Diploma (University of Belgrade)
M.S. (University of Guelph)
Food Science and Technology
Dr. Jeffrey LeJeune

Jonathan William Ivy, Montville, NJ
B.S., M.A. (Pennsylvania State University)
Education
Dr. Nancy Neef

Leif D. Jacobson, Puyallup, WA
B.S. (Central Washington University)
Chemistry
Dr. John Herbert

Haixia Ji, Jiangyin, China
B.S. (Nanjing University)
M.S., M.Appl.Stats
Mathematics
Dr. Martin Feinberg

James Steven Jolliff, Marysville
B.S. (Wilmington College)
M.S.
Animal Sciences
Dr. Donald Mahan

Sean Michael Judge, Kingston, NH
B.S. (United States Air Force Academy)
Master's (Air University)
History
Dr. John Guilmartin

Daeyoung Kang, Jin-hae, Korea
B.S. (Korea University)
Physics
Dr. Eric Braaten

Yun Seok Kang, Seoul, Korea
B.S., M.Philos. (Kookmin University)
Mechanical Engineering
Dr. John Bolte

Matthias Stefan Katzfuss, Winterhausen, Germany
Diploma (Polytechnic University – Munich)
M.S.
Statistics
Dr. Noel Cressie

Michael Mukembo Kidoido, Kampala, Uganda
B.S., M.S. (Makerere University)
M.S.
Agricultural, Environmental and Development Economics
Dr. David Krabyill

Bongsu Kim, Andong, Korea
B.S. (Korea University)
M.S. (University of Cincinnati)
M.S.
Biomedical Engineering
Dr. Yi Zhao

Nicole R. Kinzeler, Dayton
B.A. (Wittenberg University)
M.A.
Psychology
Dr. Susan Travers

Ian Robert Kleckner, Pittsford, NY
B.S.Physics (University of Rochester)
M.S.
Biophysics
Dr. Mark Foster

Vandana Kumari, India
B.Pharm. (Uttar Pradesh Technical University)
M.Tech. (Indian Institute of Technology Bombay)
Pharmacy
Dr. Chenglong Li

Brian Cameron Lacki, Sinking Spring, PA
B.S.Honors (Pennsylvania State University)
Astronomy
Dr. Todd Thompson

Jun Seok Lee, Daegu, Korea
B.Engr. (Kyungpook National University)
M.S. (University of Rochester)
Electrical and Computer Engineering
Dr. Roberto Rojas-Teran

Chih-Lin Li, Columbus
B.A. (National Chengchi University)
M.S.
Public Health
Dr. Bo Lu

Tanping Li, Tianshui, China
B.S., M.S. (Lanzhou University)
Ph.D. (Nanjing University)
Biophysics
Dr. Dongping Zhong

Xinhui Li, Shenzhen, China
B.Engr., M.S. (South China University of Technology)
Food Science and Technology
Dr. Hua Wang

Jong Ha Lim, Seoul, Korea
B.B.A., M.B.A. (Seoul National University)
Business Administration
Dr. Michael Weissbach

Yong Chae Lim, Ansan, Korea
B.S.Weld.Eng., M.S.
Industrial and Systems Engineering
Dr. Dave Farson

Ganming Liu, Ganzhou, China
B.Engr. (Lanzhou University)
M.S. (Zhongshan University)
Environmental Science
Dr. Franklin Schwartz
Commencement Convocation, August 28, 2011

Jamie Lee Lynch, Seattle, WA
B.S. (Western Washington University)
M.A. Sociology
Dr. Douglas Downey

Srilakshmi Makkena, Guntur District, India
B.S., M.S. (Andhra Pradesh Agricultural University)
Plant Cellular and Molecular Biology
Dr. Rebecca Lamb

Kathleen L. Manukyan, Pittsburgh, PA
B.A. (Northwestern University)
M.A.
Slavic and East European Languages and Literatures
Dr. Irene Delic

Jason Wayne Marion, Batavia
B.S., M.S. (Morehead State University)
M.S. Public Health
Dr. Timothy Buckley
Dr. Jiyoung Lee

Bradley J. Martin, Cornwall, NY
B.S. (Colorado State University)
Neuroscience Graduate Studies Program
Dr. Howard Gu

Ilana Maymind, Columbus
Diploma (Riga Technical University)
B.A., M.P.A. (West Virginia University)
Comparative Studies
Dr. Thomas Kasulis

Jennifer Kay McCleese, Winchester, KY
B.S.Agr. (University of Kentucky)
D.V.M. (Oklahoma State University)
Comparative and Veterinary Medicine
Dr. Cheryl London

Anne Elizabeth McDaniel, Mansfield
B.A., M.A. Sociology
Dr. Claudia Buchmann

Robert A. McDougal, Trappe, MD
B.S. (University of Maryland, Baltimore County)
M.S. Mathematics
Dr. David Terman

Anthony A. Meder, Columbus
B.Bus.Adm. (University of Michigan – Flint)
M.Acc. (Oakland University)
Accounting and Management Information Systems
Dr. Annette Beatty

Mohammad Saif Mehkari, Karachi, Pakistan
B.A. (Ohio Wesleyan University)
M.A. Economics
Dr. William Dupor

Payal Mehta, New Delhi, India
B.S.Chem. (University of Delhi)
M.S. (Indian Institute of Technology, Delhi)
Ohio State Biochemistry Program
Dr. Susheela Tridandapani

James Nicholson Meindl, Dallas, TX
B.A. (Lewis and Clark College)
M.A. (Pennsylvania State University)
Education
Dr. Nancy Neef

Benjamin M. Morrow, Athens
B.S.Mat.Sci.&Eng., M.S. Materials Science and Engineering
Dr. Michael Mills

Bethany Lynn Mundy-Bosse, Knoxville, TN
B.A. (Indiana University Bloomington)
Integrated Biomedical Science Graduate Program
Dr. William Carson

Daniel S. Munther, Mansfield
B.S., M.S. Mathematics
Dr. Yuan Lou

Swati B. Naphade, Pune, India
B.S.Chem., M.S. (University of Pune)
Molecular, Cellular, and Developmental Biology
Dr. Jeffrey Kuret

Pooya Nazeran, Columbus
B.S. (University of Maryland, College Park)
Economics
Dr. Pok-Sang Lam

Brenita Ruth Nicholas, Springfield
B.S.S.W. (Olivet Nazarene University)
M.S.W.
Social Work
Dr. Theresa Early

William James Nieberding, Columbus
B.A. (Capital University)
M.S.
Microbiology
Dr. Charles Daniels

Richard Neil Nist, Dublin
B.A. (University of Puerto Rico at Bayamon)
M.A.
Education
Dr. Samuel Hodge

Philip Eric Otenoburu, Nairobi, Kenya
B.S. (Jomo Kenyatta University of Agriculture and Technology)
Entomology
Dr. Woodbridge Foster

Hakan Ozaltun, Columbus
B.S., Master's (Istanbul Technical University)
M.S. (Texas A&M University)
Mechanical Engineering
Dr. Mo-How Shen

Yucheng Pang, Tianjin, China
B.S. (Peking University)
Chemistry
Dr. Craig Forsyth

Julie Suzanne Parson, Fort Wayne, IN
B.A. (Indiana-Purdue University)
M.A.
French and Italian
Dr. Judith Mayne
Commencement Convocation, August 28, 2011

Ryan Michael Paul, Hubbard
(Youngstown State University)
M.S.
Materials Science and Engineering
Dr. John Morral

Lindsey Patricia Peterson, Oil City, PA
B.A., M.A.
Sociology
Dr. J. Jenkins

Anne MacRae Price, St. Augustine, FL
B.A.Honors (Florida State University)
M.A.
Sociology
Dr. Katherine Meyer

Halle Ann Schoener Randles, Zanesville
B.A. (Muskingum University)
M.A. (Ohio University)
M.A.
Education
Dr. Bryan Warnick

Sivaguru Ravisankar, Chennai, India
B.S. (University of Madras)
M.S. (Indian Institute of Technology, Madras)
Mathematics
Dr. Jeffery McNeal

Carly Rose Reed, Bolivar
B.A. (Malone University)
Chemistry
Dr. Malcolm Chisholm

Noah Martin Wiersma Reynolds, Springfield, IL
B.S. Biology (University of Illinois at Springfield)
M.S. (University of Illinois at Urbana-Champaign)
Microbiology
Dr. Michael Ibba

Kathryn L. Richdale, Columbus
B.S. (University of Notre Dame)
O.D., M.S.
Vision Science
Dr. Karla Zadnik

Stephen Edward Rieth, Shelton, CT
B.S. (Rochester Institute of Technology)
Chemistry
Dr. Jovica Badjic

Maurisa Flynn Riley, Malden, MA
B.A. (Tufts University)
Molecular Genetics
Dr. Susan Cole

Eric Ronald Ritchey, Green
B.A., O.D., M.S.
Vision Science
Dr. Andrew Fischer

Joseph C. Roberts, Nashville, TN
B.S.Honors (Eckerd College)
M.A.
Psychology
Dr. Kentaro Fujita

Alexander Rodriguez-Palacios, Wooster
D.V.M. (National University of Colombia)
M.S., Doctorate (University of Guelph)
Veterinary Preventive Medicine
Dr. Jeffrey LeJeune

Karen Louise Royce, Dublin
B.S. (Purdue University)
M.A.
Anthropology
Dr. William Dancey

Sukhinder Kaur Sandhu, Punjab, India
B.S.Agr. (Punjab Agricultural University)
M.S.
Molecular, Cellular, and Developmental Biology
Dr. Carlo Croce

Karthik Sankaranarayanan, Pune, India
B.Eng. (University of Pune)
M.S.
Computer Science and Engineering
Dr. Hendrik Verweij

Melissa Schillo, Broadview Heights
B.S.Mat.Sci.&Eng., M.S.
Materials Science and Engineering
Dr. Hendrik Verweij

Katharine Johanna Schlesinger, Wellesley, MA
B.A. (Swarthmore College)
M.S.
Astronomy
Dr. Jennifer Johnson

Senny T. Schnell, Ventura, CA
B.A. (University of California, Los Angeles)
M.A. (California State University, Northridge)
Education
Dr. Diane Sainato

Priyank Gupta Shah, Rolysyn, NY
B.A. (State University of New York at Buffalo)
M.A.
Sociology
Dr. Douglas Downey

Shanen Michelle Sherrr, Canal Winchester
B.S. (Miami University Oxford)
Ohio State Biochemistry Program
Dr. Zucai Suo

Hiroshi Shima, Yokohama, Japan
B.A. (Yokohama City University)
M.A.
Education
Dr. Marcia Farr

Vimal Simha, Bangalore, India
Master’s (University of Glasgow)
Astronomy
Dr. David Weinberg

Suresh Singh, India
B.Tech. (Govind Ballabh Pant University of Agriculture and Technology)
M.S. (Indian Institute of Technology, Kanpur)
M.B.A. (Asian Institute of Technology)
Business Administration
Dr. Oded Shenkar

Aniruddha Sinha, Kolkata, India
B.Mech.Eng. (Jadavpur University)
Mechanical Engineering
Dr. Mohammad Samimi
Dr. Andrea Serrani

Alan Jay Smith, Worthington
B.S. (Brigham Young University)
Integrated Biomedical Science Graduate Program
Dr. Amy Lovett-Racke
Edward Earl Smith, Columbus
  B.S. (Dickinson College)
  M.S.
  Physics
  Dr. Evan Sugarbaker

Gregory Owen Smith, Dayton
  B.A.Honors (Vanderbilt University)
  M.A.
  English
  Dr. Sebastian Knowles

Patrick Douglas Smith, Nederland, TX
  B.S. (Texas A&M University)
  M.S.
  Physics
  Dr. Richard Hughes

Mark Allen Soderstrom, Rockford, MI
  B.A., M.A. (Central Michigan University)
  History
  Dr. Nicholas Breyfogle

Keum Su Song, Seoul, Korea
  B.Engr. (Dongguk University)
  M.S.
  Electrical and Computer Engineering
  Dr. Roberto Rojas-Teran

Michael Sonksen, Fort Wayne, IN
  B.S. (Indiana-Purdue University)
  M.S.
  Statistics
  Dr. Mario Peruggia

Michael Gene Sovic, Blacklick
  B.S. (Marshall University)
  Evolution, Ecology, and Organismal Biology
  Dr. Paul Fuerst

Colleen Kelleher Spees, Columbus
  B.S.Alld.Hlth.Prof.
  M.Educ. (Vanderbilt University)
  Health and Rehabilitation Sciences Program
  Dr. Steven Clinton
  Dr. Kay Wolf

Mithuna Srinivasan, Bangalore, India
  B.S.Comm. (Bangalore University)
  M.S. (Anna University)
  M.A.
  Economics
  Dr. Bruce Weinberg

Michele Anita Stokes, Vincent
  B.S.Educ., M.S.
  Health and Rehabilitation Sciences Program
  Dr. Margaret Teaford
  Dr. Jane Case-Smith

Christopher Michael Stone, Odoorn, Netherlands
  Doctoraal (Wageningen University)
  Entomology
  Dr. Woodbridge Foster

Anjel Nicolette Stough-Hunter, Indian Head, PA
  B.S.Nurs. (Cedarville University)
  M.S. (University College London, University of London)
  Rural Sociology
  Dr. Joseph Donnemeyer

Thomas James Stysslinger, Cary, NC
  B.S. (North Carolina State University)
  Chemistry
  Dr. Peng Wang

Inwon Suh, Seoul, Korea
  B.Engr. (Korea University)
  M.S.
  Electrical and Computer Engineering
  Dr. Patrick Roblin

Georgia Triantafillou, Columbus
  B.S. (Kent State University)
  M.Pub.Hlth.
  Integrated Biomedical Science Graduate Program
  Dr. John Byrd

Pinak Jayant Tulpule, Columbus
  B.S. (University of Pune)
  M.S. (West Virginia University)
  Electrical and Computer Engineering
  Dr. Steve Yurkovich

Hans F. Utter, Worthington
  B.A. (University of Iowa)
  M.A.
  Music
  Dr. Margarita Ophee-Mazo

Charles Vannette, Columbus
  B.A. (University of Arizona)
  M.A.
  Germanic Languages and Literatures
  Dr. Bernhard Fischer

Troy J. Vogel, Paulding
  B.S.Chem.Eng., M.S.
  Chemical Engineering
  Dr. James Rathman

Dieter Gerard von Deak, Litchfield
  B.S.Chem.Eng., M.S.
  Chemical Engineering
  Dr. Umit Ozkan

Shubham Vyas, Columbus
  B.S. (Government Post-Graduate College, Guru Ghasidas University)
  M.S. (Indian Institute of Technology, Bombay)
  Chemistry
  Dr. Christopher Hadad

Samatha Wahome, Columbus
  B.S. (Central State University)
  M.Educ. (Wright State University)
  Education
  Dr. Barbara Seidl

Yingdi Wang, Pixian, China
  B.S.Bus.Adm.
  M.S. (University of Illinois at Urbana-Champaign)
  Business Administration
  Dr. Michael Weisbach

Kyoko K. Wardwell, Marysville
  B.Educ. (Tokyo Gakugei University)
  M.A. (Ball State University)
  Education
  Dr. Janet Buckworth

Jason William Warren, Kensington, CT
  B.S. (United States Military Academy)
  M.A.
  History
  Dr. John Guilmartin

Linda Ceva Watson, Columbus
  B.S.Honors (University of Florida)
  M.S.
  Astronomy
  Dr. Louis Martini

Xuejin Wen, Heji, China
  B.S., Master’s (Zhejiang University)
  Electrical and Computer Engineering
  Dr. Wu Lu
Meredith Amy Whittaker, Toledo  
B.S.Educ., M.Educ.  
Education  
Dr. Patricia Enciso

Jessica Lynn Williams, Saint Charles, MO  
B.S. (Lindenwood College)  
M.S. (Purdue University)  
Integrated Biomedical Science Graduate Program  
Dr. Caroline Whitacre

Pei-Fang Wu, Taipei, Taiwan, ROC  
B.Educ. (National Taipei Teachers College)  
M.A.Educ. (University of Bristol)  
Education  
Dr. Joe Wheaton

LinLin Xiao, Yuan’an City, China  
B.S. (Huazhong Agricultural University)  
M.S. (Nanjing Agricultural University)  
Food Science and Technology  
Dr. Hua Wang

Hui Xiong, Richmond, KY  
B.S.Mech.Eng. (China Textile University)  
M.S.Mech.Eng. (University of Kentucky)  
Industrial and Systems Engineering  
Dr. Theodore Allen

Dan Xu, Beijing, China  
B.S. (Capital Normal University)  
Integrated Biomedical Science Graduate Program  
Dr. Christopher Walker

Guoqing Xu, Shanghai, China  
B.Engr., M.S. (East China Normal University)  
M.S.  
Computer Science and Engineering  
Dr. Atanas Rountev

Zekiye Yahsi, Tufanbeyli, Adana, Turkey  
B.S. (Gazi University)  
M.S. (Texas A&M University-Commerce)  
Education  
Dr. Douglas Macbeth

Misato Yamaguchi, Yokohama, Japan  
B.A. (Saint Mary’s University, Texas)  
M.A. (American University, Washington)  
Education  
Dr. Merry Merryfield

Chieh-Kai Yang, Miaoli, Taiwan, ROC  
B.S., M.S. (National Tsing Hua University)  
Electrical and Computer Engineering  
Dr. Patrick Roblin

Lifeng Yang, Guangdong, China  
B.A. (South China Normal University)  
M.A. (University of Illinois at Urbana-Champaign) Business Administration  
Dr. Hanumantha Unnava

Matthew Kyle Yates, Schererville, IN  
B.A.Honors (Indiana University, Bloomington)  
M.A. History  
Dr. Peter Hahn

Matthew B. Yde, Columbus  
B.A.Honors (DePaul University)  
M.A. (Northwestern University) Theatre  
Dr. Lesley Ferris

Wei-Ting Yen, Taipei, Taiwan, ROC  
B.S., M.S. (National Cheng Kung University)  
M.S. (University of Michigan, Ann Arbor)  
Industrial and Systems Engineering  
Dr. Carolyn Sommerich

Liang Yuan, Columbus  
B.Engr. (Xinjiang University)  
Master’s (Huazhong University of Science and Technology)  
M.S. Electrical and Computer Engineering  
Dr. Yuan Zheng

Lizhi Zhang, Wuhan, China  
Bachelor’s, Master’s (Wuhan University)  
M.Appl.Stats. Mathematics  
Dr. Ovidiu Costin

Yunyan Zhang, Columbus  
B.A., M.A. (Nankai University)  
M.A. (University of Toledo)  
M.B.A. Accounting and Management Information Systems  
Dr. Annette Beaty

Jing Zhao, Xi’an, China  
B.Engr. (Tsinghua University)  
M.S. Electrical and Computer Engineering  
Dr. John Volakis

Doctor of Audiology

Courtney L. Abel, Cincinnati  
B.A. Speech and Hearing Science

Doctor of Nursing Practice

Karen Lea Mascolo, Stow  
B.S.Nurs., M.S. (University of Akron) Nursing

Doctor of Physical Therapy

Kyle Jordan Amrine, Columbus  
B.S. (Central Michigan University) Allied Medical Professions

Kristen Marie Braemer, Pickerington  
B.S. (Bowling Green State University) Allied Medical Professions

Erica Theresa Bruggeman, St. Marys  
B.S.Educ. Allied Medical Professions

Kathryn Elyse Dixon, Elyria  
B.S. (Elon College) Allied Medical Professions

Katherine Rose Egbert, Millbury  
B.S. (University of Toledo) Allied Medical Professions

Selena Eskinazi-Budge, Beachwood  
B.A. (Baldwin-Wallace College) Allied Medical Professions

Commencement Convocation, August 28, 2011

Tao Huang, Chengdu, China
B.A. (Muskingum University)
Accounting and Management Information Systems

Dandan Ma, Kunming, China
B.Bus.Adm. (Sichuan University)
Accounting and Management Information Systems

Kelsey Varick Palmer, Elm Grove, WI
B.S.Honors (Marquette University)
Accounting and Management Information Systems

Cong Yin, Xichang, China
B.S.Comm. (University of Nebraska at Omaha)
Accounting and Management Information Systems

Master of Applied Statistics

Tianyao Huo, Columbus
B.S., M.S. (Nanjing University)
M.S. Statistics

Brandon Michael Turner, Long Lane, MO
B.S. (Missouri State University)
M.A. Statistics

Master of Arts

Faouzie Abdul-Hamid Alchahal, Beirut, Lebanon
B.A. African-American and African Studies

Jonathan James Anderegg, Sweet Home, OR
B.S. (Bob Jones University)
Communication

Jolynne S. Anderson, Reynoldsburg
B.S.Educ. Education

Marygrace McDowell Anderson, Jamestown, NY
B.F.A., B.ArtEduc. (Kutztown University of Pennsylvania)
Art Education

Michelle Adrienne Aubrecht, Delaware
B.A. (College of Wooster)
Art Education

Thomas J. Ballinger, Mansfield
B.A. (Kent State University)
B.A. (North Central State College)
Geography

Jennifer L. Barkimer, Columbus Grove
B.A.
Speech and Hearing Science

Amelia Ann Baum, Phoenix, AZ
B.A. (Washington University in Saint Louis)
East Asian Languages and Literatures

Jamie Lynn Bennett, Cambridge
B.S. (Ohio University)
Speech and Hearing Science

Kathryn Benski, Scotch Plains, NJ
B.A. (University of Delaware)
Communication

Kelly Janice Biddle, Gahanna
B.F.A. (Ohio Northern University)
Art Education

Christen Anne Black, Granville
B.F.A. (Ohio University)
Art Education

Christopher John Blados, Blacklick
B.A. (Muskingum University)
M.Educ. (George Mason University)
Education

Anthony J. Bradfield, Genoa
B.A., B.S. (University of Toledo)
Economics

Charles Travis Bunner, Indianapolis, IN
B.A., B.S. (Purdue University)
Political Science

Todd Steven Burger, Bexley
B.S. (Ohio Northern University)
Education

Jessica J. Carnevale, New York, NY
B.A. (Boston University)
Psychology

Betsy Renee Carpenter, Columbus
B.S. (Bowling Green State University)
Education

Kristen Joy Carter, Bellingham, WA
B.S. (Grove City College)
Communication

Melinda Ann Carter, Pickerington
B.S.Educ. (Otterbein College)
Education

Amanda A. Cattey, Shelby
B.S.Educ. (Otterbein College)
Education

Blair Kathleen Cerny, Bexley
B.S.Educ. (Ohio University)
M.A. (National University)
Education

Leslie Ann B. Chambers, Maumee
B.A. (University of Toledo)
English

Samara Hava Chodosh, Columbus
B.S.Educ. (Miami University Oxford)
Education

Stacey June Churchill, Seattle, WA
B.F.A. (University of Nevada, Las Vegas)
Art Education

Tonya Lynn Clarkson-McCain, Murfreesboro, TN
B.F.A. (Middle Tennessee State University)
Art Education

Deanna Sue Clendenen, Mason
B.A. Speech and Hearing Science

Tammy Renee Clifton, Waverly
B.F.A., B.S.Comm. (Ohio University)
Art Education

Erik Cohen, Los Angeles, CA
B.A. (Indiana University Bloomington)
Education
Audra B. Comes, Medina  
B.A. (Denison University)

Elizabeth Jean Kerr, Granville
B.A. (College of Wooster)
*History*

Sei Jin Kim, Seoul, Korea
B.A. (Hanyang University)
*Economics*

Jamie Elaine Kirkpatrick, Bexley
B.A.
*Education*

Rachel Kippenstein, Roberts Creek, BC
B.A.Honors (University of British Columbia)
*Linguistics*

Jay Kenneth Knox, Gahanna
B.A. (Wittenberg University)
*Geography*

Austin Christopher Kocher, Columbus
B.A.
*Geography*

David Alderman Kozy, Columbus
B.S. (Bowling Green State University)
*Education*

Josie Krinke, Leipsic
B.A. (University of Toledo)
*Speech and Hearing Science*

Jaehwan Lee, Daegu, Korea
B.A.Honors, M.A. (Seoul National University)
*Philosophy*

Jingchao Li, Sichuan, China
Bachelor’s (Shanghai Jiao Tong University)
M.A. (University of British Columbia)
*Economics*

Yiting Li, Wenzhou, China
Bachelor’s (Zhejiang University)
*Economics*

Ryan Lisko, Culver City, CA
B.A. (California State University, Long Beach)
*Art Education*

Jessica Marie Lynn, Maineville
B.S.Educ. (Kansas State University of Agriculture and Applied Science)
*Education*

Chao Ma, Xi’an, China
Bachelor’s (University of Science and Technology of China)
*Economics*

Katlin Brooke Maher, Gallipolis
B.A.
*Speech and Hearing Science*

Jessica Leia Mamais, Worthington
B.S. (DePaul University)
M.Educ.
*Education*

Uttara Shashikant Manohar, Pune, India
B.S. (University of Pune)
M.A. (Amity University)
*Communication*

Dominic Christopher Marchionda, Youngstown
B.A. (John Carroll University)
*Public Policy and Management*

Elizabeth P. Marvel, Columbus
B.A. (Northwestern University)
*History*

Lauren Ashley Matteioli, Columbus
B.S. (Northern Michigan University)
*Political Science*

Elizabeth Ann McCullough, Columbus
B.A.Honors (Brown University)

Psychology

Gianna Pandolfi de Rinaldis, San Juan, PR
B.Educ. (University of Puerto Rico)
M.Educ. (Universidad del Turabo)
Theatre

Ketal Patel, Worthington
B.ArtEduc.
Art Education

Erin Noel Patterson, Mesa, AZ
B.S. (Arizona State University)
Speech and Hearing Science

Daniel O’Ryan Payne, Columbus
B.A.
Education

Julie Lynn Payne, Worthington
B.S.Educ. (Miami University Oxford)
Education

Kristin Elizabeth Picker, Columbus
B.A., B.S.Educ. (Ohio University)
Education

Tricia Michelle Piening, Cincinnati
B.S. (University of Kentucky)
Speech and Hearing Science

Lois Powell, Cleveland
B.S. (Kent State University)
Speech and Hearing Science

Penny Marie Priess, Bellville
B.S.Educ.
Education

Julie Marie Rais, Cincinnati
B.S. (Miami University Oxford)
Art Education

Alexander Takenobu Ratte, Honolulu, HI
B.A. (Williams College)
East Asian Languages and Literatures

Megan Suzanne Reynolds, Marion
B.A.
Speech and Hearing Science

Janet J. Rha, New York, NY
B.A. (New York University)
Psychology

Cara M. Ricci, Columbus
B.A.
Speech and Hearing Science

Matthew David Rocklage, Sioux Falls, SD
B.A. (Saint Olaf College)
Psychology

Tonilyn Rogers, Rochester, NY
B.A. (Baldwin-Wallace College)
Education

Randall Stace Romero Aguilar, Cartago, Costa Rica
Bachiller, Licenciatura (Universidad de Costa Rica)
Master’s (University of London)
Economics

Rebecca Kathryn Ross, Blairsville, GA
B.S. (North Georgia College)
Art Education

Aleta Kay Rowe, Galion
B.S.Educ. (Ashland University)
Education

Paige Saunders, Hamburg, NY
B.A. (State University of New York at Geneseo)
Communication

Emily Renee Scarborough, Nevada, MO
B.A. (University of Missouri-Columbia)
Geography

Sarah Lynn Schadek, Columbus
B.A. (University of Michigan, Ann Arbor)
Speech and Hearing Science

Patrick Daniel Schaecher, Columbus, NE
B.S.Educ. (University of Nebraska at Omaha)
Education

Jenna Michelle Schultz, Granville
B.S. (Miami University)
Speech and Hearing Science

Crystal Seeley, Delaware
B.S. (Ohio Dominican University)
Education

Arjun Sengupta, Calcutta, India
B.A. (University of Delhi)
M.S. (Indian Statistical Institute)
Economics

Laura Rose Shader, Warren
B.A.
Speech and Hearing Science

Kathleen Renee Shingledecker, Westerville
B.A.
Education

Michael Emery Siegel, Pittsburgh, PA
B.Bus.Adm. (Emory University)
Education

David A. Simpson, Mount Gilead
B.A. (National Labor College)
Public Policy and Management
John Skeans, Huntington, WV  
B.A. (Marshall University)  
Greek and Latin

Melissa Katherine Skeels, Sylvania  
B.F.A. (Ohio University)  
Art Education

Megan Smith, Columbus  
B.S.Educ. (Ohio Dominican University)  
Education

Francesca Spedalieri, Policoro, Italy  
B.A. (University of Florida)  
Theatre

Elizabeth Anne Spotts, Trevorton, PA  
B.A. (La Grange College)  
Education

Joseph Michael Staudt, Sidney  
B.S.  
Economics

Rachel Lea Steele, Pickerington  
B.Mus.Ed.  
Music

Matthew L. Stein, Orient  
B.S. (Pennsylvania State University)  
M.A. (Ohio University)  
Education

Paul Edgar Stillman, Ithaca, NY  
B.A. (Cornell University)  
Psychology

Heidi A. Stoll, Westerville  
B.S. (Ohio Dominican University)  
M.Educ. (Marygrove College)  
Education

Julie Ann Stoppel, Charlevoix, MI  
B.A. (Michigan State University)  
Art Education

Lulei Su, Shaoyang, China  
Bachelor’s, Master’s (Beijing Normal University)  
East Asian Languages and Literatures

Miguel Andres Thompson, Waynesville  
B.S.Educ. (Miami University Oxford)  
Education

Enrique Fernando Traveria, Jacksonville, FL  
B.A. (University of Florida)  
Economics

Jessica Rodrigue Trick, Beaver Creek  
B.A.  
Speech and Hearing Science

Heather Lynn Turner, Columbus  
B.S.Educ. (Miami University Oxford)  
Education

Kerem Tuzcuoglu, Istanbul, Turkey  
B.S. (Bogazici University)  
Economics

Michele Lynn U’Sellis, Louisville, KY  
B.A. (Spalding University)  
Art Education

Miranda Star Walker, Columbus  
B.A.  
Speech and Hearing Science

Whitney Olivia Walther, North Canton  
B.A.  
Communication

Jodie L. Washek, Pataskala  
B.S.Educ., M.Educ.  
Education

Thomas Keith Wert, Jr., Pataskala  
B.S. (Pennsylvania State University)  
Public Policy and Management

Carron Yvonne White, Sanford, FL  
B.A. (Princeton University)  
Near Eastern Languages and Cultures

Kristi Marie Wilcox, Nashville, TN  
B.A. (University of Alabama)  
J.D.  
Arts Policy and Administration

Brice T. Williams, Cleveland Heights  
B.A.  
African-American and African Studies

Kelly Sue Wilson, Midland, MI  
B.S., M.A. (Central Michigan University)  
Art Education

M.S.
Electrical and Computer Engineering

Nathanial E. Farley, Citrus Heights, CA
B.S. (Brigham Young University)
D.D.S.
Dentistry

Ryan Michael Farmer, Columbus
B.S. (Allegheny College)
Microbiology

Ryan K. Feather, Eglon, WV
B.S. (West Virginia University Institute of Technology)
Computer Science and Engineering

Jesse Everett Filbrun, Whitehouse
B.S. (Bowling Green State University)
Evolution, Ecology, and Organismal Biology
Commencement Convocation, August 28, 2011

**Jill R. Gerke**, Columbia, MO  
B.S.Honors, B.S. (University of Arizona)  
Astronomy

**Marla Susan Gilreath**, Mechanicsburg, PA  
B.S. (University of Delaware)  
Biochemistry

**Richard Edwin Glosup**, Burleson, TX  
B.S. (University of Texas at Austin)  
Nuclear Engineering

**Elizabeth Sutton Gosnell**, Columbia, SC  
B.S. (University of South Carolina)  
D.D.S. (Medical University of South Carolina)  
Dentistry

**Kara Diane Govoni**, Mount Vernon  
B.S. (Eastern Nazarene College)  
Nursing

**Marc Timothy Groom**, Columbus  
Mechanical Engineering

**Kimberly Coile Grosh**, Columbus  
B.S.H.E.  
Human Ecology

**Sarah Marie Gudz**, Mount Vernon  
B.A. (Ohio Wesleyan University)  
Nursing

**Dante R. Guerra**, Columbus  
B.S.Mech.Eng., M.S.  
Industrial and Systems Engineering

**Jesse Mateo Guerra**, Columbus  
B.S.CivilEng. (New Mexico State University)  
M.S. (University of Illinois at Urbana-Champaign)  
Industrial and Systems Engineering

**Onur Gungor**, Ankara, Turkey  
B.S. (Middle East Technical University)  
Electrical and Computer Engineering

**Casey B. Hahn**, Cincinnati  
Mechanical Engineering

**Christine Tender Harrington**, Gahanna  
B.S.Educ., D.D.S.  
Dentistry

**Srinivas Vijaykumar Hegde**, Thane, India  
B.Engr. (University of Mumbai)  
Computer Science and Engineering

**Melissa C. Herman**, Wooster  
B.S.Env.&Nat.Res.  
Environment and Natural Resources

**Shannon Christine Hilton**, Columbus  
B.S.Nurs. (University of Maine)  
B.S. (University of Cincinnati)  
Dentistry

**Hsiang-Ting Ho**, Taipei, Taiwan, ROC  
B.S. (National Chiao Tung University)  
Biophysics

**Steven James Holfinger**, Brecksville  
B.S. (Miami University Oxford)  
Biomedical Engineering

**Rebecca Marie Howard**, Midland, MI  
B.S.Aero.&Astro.Eng.  
Aeronautical and Astronautical Engineering

**Yating Hsu**, Taipei, Taiwan, ROC  
B.S. (National Taiwan University)  
Computer Science and Engineering

**Eri Ichikawa**, San Diego, CA  
B.S. (University of California-Davis)  
Agricultural, Environmental and Development Economics

**Pauline Sanjaya Le**, Jakarta, Indonesia  
B.S. (University of Illinois at Urbana-Champaign)  
Food Science and Technology

**Courtney Ann Jatana**, Chesapeake, VA  
B.S. (Virginia Polytechnic Institute and State University)  
D.D.S. (Virginia Commonwealth University)  
Dentistry

**Bradley Army Kabert**, South Euclid  
B.S. (Kettering University)  
Materials Science and Engineering

**Sumanth Kashyap**, Chennai, India  
B.S. (National Institutes of Technology, India)  
Mechanical Engineering

**Vinod Khare**, Indore, India  
B.Tech. (Indian Institute of Technology, Kanpur)  
Civil Engineering

**Hussam Jihad Khasawneh**, Columbus  
B.S. (University of Jordan)  
Mechanical Engineering

**Letitia E. Kotila**, Grove City  
B.A.  
Human Ecology

**Clara H. Kwon**, Dublin  
B.S. (Case Western Reserve University)  
Allied Medical Professions

**Chung Hyun Lee**, Columbus  
B.S. (Inha University)  
Electrical and Computer Engineering

**Nicholas D. Leque**, Massillon  
Mechanical Engineering

**Jing Li**, Jinhua, China  
B.Engr. (Beijing Information Science and Technology University)  
Computer Science and Engineering

**Xuan Li**, Baoquanling, China  
B.Engr., Mech.Engr. (Harbin Institute of Technology)  
Civil Engineering

**Jared V. Liette**, Coldwater  
Mechanical Engineering
Commencement Convocation, August 28, 2011

Shu-Hong Lin, Taipei, Taiwan, ROC
Bachelor’s (National Taiwan University)
Veterinary Biosciences

Tera Michelle Lindquist, Hood River, OR
B.S. (Oregon State University)
M.S. (University of Kentucky)
Pathology

Susan Scantland Littleton, Cincinnati
B.A.Honors (Earlham College)
Diploma (The Christ Hospital/University of Cincinnati)
Nursing

Jie-Yu Liu, Taipei, Taiwan, ROC
B.S. (National Yang Ming University)
Comparative and Veterinary Medicine

Leroy Louis Long, Dayton
B.Engr. (Wright State University)
Mechanical Engineering

Fangfei Lou, Hangzhou, China
Bachelor’s (Zhejiang University)
Food Science and Technology

Seyed Akbar Mansouri, Columbus
B.S. (Azad University)
Electrical and Computer Engineering

Kumala Marthina, Medan, Indonesia
B.S.FoodSci.
Food Science and Technology

Joshua John McDonough, Columbus
B.S. (Rose-Hulman Institute of Technology)
Mechanical Engineering

Jillian Faith Meadows, Fayetteville, WV
B.S. (West Virginia University)
Vision Science

Vilobh Mahadeo Meshram, Columbus
B.Tech. (University of Pune)
Computer Science and Engineering

Tricia Lynn Meyer, Cincinnati
B.S.Chem. (Wright State University)
Chemistry

Margaret E. Middleton, Sidney
B.A.
Human Ecology

Timothy Normand Miller, Columbus
B.S. (University of South Florida)
Computer Science and Engineering

Matthew Britt Milliren, Chesterland
B.S. (Cleveland State University)
Mechanical Engineering

Sheryl Deneise Mims, Montgomery, AL
B.S. (Oakwood College)
Human Ecology

Evan Hite Moore, Akron
B.S.
Biochemistry

Niriha Sagar Mudumba, Hyderabad, India
B.Engr. (Osmania University)
Electrical and Computer Engineering

Katherine Elizabeth Mueller, Florissant, MO
B.S. (Southeast Missouri State University)
Allied Medical Professions

Nakul Pramod Mundhada, Amravati, India
B.S. (University of Mumbai)
Postgrad.Dipl. (South Indian Education Society College of Management Studies)
Agricultural, Environmental and Development Economics

Sinduja Muralidharan, Chennai, India
Bachelor’s (Anna University)
Computer Science and Engineering

Sukhdeep Singh Nagra, Yuba City, CA
Bachelor’s (Manipal University)
Civil Engineering

Stephanie Nicole NeCamp, Loveland
B.S.Mech.Eng. (University of Kentucky)
Aeronautical and Astronautical Engineering

Bradley Dwight Okeson, Novell
Mechanical Engineering

Ugur Olgun, Ankara, Turkey
B.S. (Bilkent University)
Electrical and Computer Engineering

Kimberly Ann Orleans, Richardson, TX
B.Bus.Admin. (University of Texas at Austin)
Food Science and Technology

Erika Kathleen Osborn, Canal Winchester
Nursing

Amir Mohieldin Osman, Columbus
B.S. (University of Khartoum)
Geodetic Science and Surveying

Giulia M. Pagano, Cincinnati
B.A. (Case Western Reserve University)
D.D.S. (University of Kentucky)
Dentistry

Sadie Taylor Palmisano, Upper Arlington
B.A. (Xavier University)
Public Health

Esther Elizabeth Parisian, Bowling Green
B.A.
Rural Sociology

Mitchell William Parsons, Cedarville
Mechanical Engineering

Harshad Narayan Pathak, Pune, India
Bachelor’s (University of Mumbai)
Chemical Engineering

Sharada Krishna Patil, Mumbai, India
Bachelor’s (National Institutes of Technology, India)
Computer Science and Engineering
Commencement Convocation, August 28, 2011

Jessica A. Pempek, St. Clairsville
B.S.Agr. Animal Sciences

Donald Sukma Permana, Columbus
B.S. (University of Indonesia) Geological Sciences

Christian Matthew Petrie, Toledo

Mahadevi Pillai Perumal, Chennai, India
B.Engr. (Anna University) Electrical and Computer Engineering

Daniel Russell Powell, Rochester, WA
B.S., O.D. (Pacific University) Vision Science

Phillip Edward Prueter, Alliance
B.S. (University of Akron) Mechanical Engineering

Ramsundar Radhakrishnan, Coimbatore, India
B.S. (Anna University) Electrical and Computer Engineering

Aarthi Raveendran, Tamil Nadu, India
B.Engr. (Anna University) Computer Science and Engineering

Deepak Ravindran, Columbus
B.Engr. (Anna University) Mechanical Engineering

Lindsay Marie Sanzenbacher, Toledo
B.A., B.S. (University of Toledo) Chemical Physics

Eric J. Schacht, Canal Winchester
B.S.Elec.&Cptr.Eng. Electrical and Computer Engineering

Ryan Joshua Schmidt, Springbrook, WI
B.S. (University of Minnesota Duluth) Physics

Nilay R. Shah, Jamnagan, India
Bachelor’s (Saurashtra University) Medical Science

Stephanie Short, Akron
B.S.Biology (University of Akron) Horticulture and Crop Science

David L. Slager, Holland, MI
B.S.Biology (Calvin College) Environment and Natural Resources

Nathan Paul Stohs, Logan
B.S. (Carnegie Mellon University) Computer Science and Engineering

Xiaojie Su, Beijing, China
B.S. (Beijing University of Technology) Computer Science and Engineering

Enhua Tan, Jiujian, China
B.Engr. (University of Science and Technology of China) Master’s (Chinese Academy of Sciences) Computer Science and Engineering

Sarah M. A. M. Taqi, Kuwait
B.Engr. (Kuwait University) Electrical and Computer Engineering

Emily Rose Tarazi, Columbus
B.A. Nursing

Richelle Marie Teeling, Canal Fulton
B.S. (Kent State University) Physics

Aaron Paul Thaler, Vandalia
B.S.Mech.Eng. Mechanical Engineering

Angela Marie Thatcher, Cortland
B.S.Agr. Rural Sociology

Jennifer Lee Thieme, Grandville, MI
B.S. (Carroll College) Environment and Natural Resources

Patrick Hutton Thompson, Georgetown, Guyana
B.S.CivilEng. (Ciudad Universitaria Jose Antonio Echeverria) Civil Engineering

Sravya TirukkovaIur, Hyderabad, India
B.Tech. (Jawaharlal Nehru Technological University) Computer Science and Engineering

Caitlin Maureen Toohey, Canton

Rachel Ann Tumin, Columbus
B.S. (University of Virginia) Public Health

Jorge Villares, Reynoldsburg
B.S. (University of Cincinnati) Mechanical Engineering

Pasco Muindi Wambua, Athi-River, Kenya
B.S. (Moi University) Chemistry

Chiu Ni Wang, West Bengal, India
Bachelor’s (West Bengal University of Technology) Computer Science and Engineering

Guang Chao Wang, Shanghai, China
B.S.Mech.Eng. (Shanghai University) Mechanical Engineering

Ting Wang, Yangguan, China
B.S. (South China University of Technology) Food Science and Technology
Commencement Convocation, August 28, 2011

Katherine Blonski Warner, North Royalton
B.S. Ind.&Sys.Eng., B.A.
Industrial and Systems Engineering

Joshua James Webb, Tallmadge
B.S. Aero.&Astro.Eng.
Aeronautical and Astronautical Engineering

Kevin T. Weitzel, Westlake
B.A. (Miami University Oxford)
D.D.S. (Case Western Reserve University)
Dentistry

Douglas Evan Wertepny, Columbus
B.S. (University of Dayton)
Physics

Rachel Ann Wildman, Cridersville
B.Mus., B.A. (University of Southern California)
Nursing

Jonathan Andrew Will, Paris
B.S.Weld.Eng.
Welding Engineering

Karen Lynn Willard, Newport, VT
B.A. (University of Vermont)
Environment and Natural Resources

Michelle Lynn Wilson, Port Clinton
B.S. (Wright State University)
Mechanical Engineering

Shirley Yunita Witarsa, Semarang, Indonesia
B.S. (Iowa State University)
Food Science and Technology

Sage M. Wolfe, Athens
Mechanical Engineering

Zhiguang Xu, Shantou, China
B.S. (Sun Yat-sen University, Guangzhou)
Statistics

Chun-Ju Yang, Taiwan, ROC
B.S. (Chang Gung College of Medicine and Technology)
Electrical and Computer Engineering

Hyo Jin Yang, Seoul, Korea
B.A., M.S. (University of Seoul)
Geodetic Science and Surveying

Jiangyong Yin, Rushan, China
B.S. (Fudan University)
Statistics

Dean Zhang, Dayton
B.A. (Zhengzhou University)
Computer Science and Engineering

Jiaxi Zhang, Chongqing, China
B.S. (Tsinghua University)
Mechanical Engineering

Wenbin Zhang, Guangzhou, China
B.Engr., M.S. (Zhejiang University)
Computer Science and Engineering

Yulei Zhang, Changchun, China
B.S. (Nankai University)
Statistics

Jiedan Zhu, Guangzhou, China
B.Engr. (South China University of Technology)
Computer Science and Engineering

Teodora Zujovic, Belgrade, Serbia
B.S. (University of Belgrade)
Chemistry

Master of Social Work

Rachel Elizabeth Adkins, Milford Center
B.S.S.W. (Capital University)
Social Work

Ambur Leeann Banner, Urbancrest
B.S.S.W. (Capital University)
Social Work

Claudia Kay Bigler, Marion
B.S.S.W. (Capital University)
Social Work

Sarah E. DeAnna, Ashtabula
B.A.
Social Work

Nicole Davis Dunbar, Westerville
B.A. (Otterbein College)
Social Work

Laura Kathleen Kelley, Cheshire
B.A. (Ohio University)
Social Work

Cheri Mikol, Washington Court House
B.Educ. (York University)
Social Work

Patience J.E. Moss, Findlay
B.S.S.W. (University of Findlay)
Social Work
College of Arts and Sciences

Executive Dean: Joseph E. Steinmetz

Mark W. Shanda, Divisional Dean, Arts and Humanities

Peter March, Divisional Dean, Natural and Mathematical Sciences

Gifford Weary, Divisional Dean, Social and Behavioral Sciences

Bachelor of Arts

Bailey Justine Abbott, Morrow
Jason Craig Abell, Findlay
Alex Parker Adams, Sidney
Kevin Andrew Adams, Bucyrus
Stephen James Ahman, Lima
Trevor Paul Amos, Gahanna
Sophia Colette Antoun, Columbus
Cum Laude
Nesreen Moustafa
Aouthmany, Sylvania
Melissa Christin Arena, Brunswick
Cum Laude
Shayna Ramara Atwater, Garfield Heights
Benjamin Michael Ayers, Westerville
Alicia Michelle Baker, Waterlo, Belgium
Cum Laude
Benjamin Baker, Ashland
Lauren Nicole Baker, Dublin
George Allen Ballou, Memphis, TN
Danielle Elaine Barnett, Bay Village
Kyle Patrick Bartko, Garfield Heights
Alexander E. Bartlow, Westerville
Brett Alexandra Basinger, Aurora
Arielle Bruria Bavrasky, Perrineville, NJ
Brenda Lee Beach, Rawson
Ryan Fitzgerald Beach, Columbus
Casey Bellman, Columbus
John Also Bennett, Columbus
Shane Bergoch, Mentor
Lucy Jeanne Bernhart, Toronto
Cara Berninger, Columbus

Cieara Elizabeth Berringer, Fairfield, CA
Rachael Lillian Berry, Chagrin Falls

Financial Update

September 2011

FY 2011 Financial Summary
Financial Update

Financial Snapshot
Revenue

- Tuition and Fees
- State Support
- Grants and Contracts
- Auxiliary Revenue
- Gifts
- Investment Income

Tuition and Fees (Dollars in Millions)

- Tuition and Fee Income Increased $85M over 2010
- Higher than expected enrollment increases account increase over budget
State Support
(Dollars In Millions)

State Support remained stable for FY10 and FY11 due to $60M in state ARRA funds that will not be available in FY12

Grants and Contracts
(Dollars In Millions)

Up $30 million, due to higher Federal grants and contracts (ARRA)
Auxiliary Revenue

(Dollars In Millions)

Campus Auxiliaries increased $19 million, or 9%, driven by Athletics

Medical Center Net Revenue

(Dollars In Millions)

$100M increase led by The James increase of $70M
Total Net revenue 2% ($37M) below budget
Financial Update

Advancement Cash Receipts

(Dollars In Millions)

- Up $15M, or 11%, due to higher current use gifts

Investment Income

(Dollars In Millions)

- Increases are result of continued improvement in market returns
Financial Update

Financial Snapshot

Expenditures

University Operating Margin
Medical Center Operating Margin

University Operating Expenses

(Dollars in Billions)

- Scholarships
- Depreciation
- Purchased Services
- Supplies and Other
- Compensation and Benefits

Operating expense increase of 4% was below revenue increase of 6%
The difference in University operating revenues and expenses grew by $35 million

* Excludes depreciation

Revenues less than budgeted were offset by expenditure reductions
Margin increased $10 million, or 7%, higher than budget, led by The James
Financial Snapshot
Assets and Liabilities

Cash and Investments
Endowment
Debt + $620M

Net Assets

Cash and Investments
(Dollars In Millions)

Cash and Short Term Investments helped by bond offerings.
Long term benefited from investment returns.
Financial Update

Debt
(Dollars in Millions)

2011 reflects new issuances, primarily for Housing and Medical Center Expansion

Financial Update

Capital Expenditures
(Dollars in Millions)

University capital expenditure declines offset by Medical Center increases
FY 2011 Financial Summary

• Net Assets +$500 M
• Operating Revenues +$130 M
• Operating Expense +$100 M
• Medical Center margins and cash balances increased

Discussion
Amendments to the Rules of the University Faculty

3335-5-04 Hearing procedures for complaints against regular tenure-track, regular clinical, regular research, and auxiliary faculty members.

(A) Definitions and construction.

(1) through (10) no changes.

(11) Allegations of gross or serious incompetence shall be judged by a faculty member's serious failure to meet his or her obligations with respect to teaching, service, and research as a faculty member.

(12) Allegations of grave misconduct shall be judged on the basis of acts or omissions which seriously impair a faculty member's effectiveness in meeting teaching, research, and service of a faculty member to meet his or her obligations as a faculty member.

(13) and (14) no changes.

(B) Initial proceedings.

(1) and (2) no changes.

(3) A complaint shall state facts to support an allegation that a faculty member has failed to meet his or her teaching, service, or research obligations as a faculty member has committed acts or omissions which otherwise impair his or her effectiveness in meeting these obligations, has committed financial fraud or has otherwise violated university rules.

Balance unchanged.

3335-5-48.2 Council on libraries and information technology.

(A) Membership.

The council on libraries and information technology shall consist of thirteen fourteen members.

(1) Seven regular tenure-track faculty.

(2) Three students.

(a) One graduate student.

(b) One professional student.

(c) One undergraduate student.

(3) Three administrators (or their designees).

(a) The dean of the graduate school.

(b) The director of libraries.
(c) The chief information officer.

(4) One staff member, appointed by the University Staff Advisory Council.

(B) Duties and responsibilities.

(1) In collaboration with the director of libraries and the chief information officer, to formulate policies governing the educational and research activities and services of libraries and information technology.

(2) Assist the director of libraries and the chief information officer in the interpretation of library and information technology services to the university community.

(3) Assist in the presentation of major library and information technology needs to the university administration.

(4) Advise the executive vice president and provost on the appointment of the director of libraries or the chief information officer.

(C) Organization.

(1) The chair shall be elected from among the voting members of the council.

(2) Reports by this council to the president, other than those made through the senate, shall be made through the executive vice president and provost.

(3) As a standing committee of the senate, this council is also governed by the provisions of rules 3335-5-46 and 3335-5-48 of the Administrative Code.

3335-5-48.10 Faculty hearing committee.

(A) Membership.

The faculty hearing committee shall consist of twenty-four tenured members of the regular faculty selected by the faculty council. Each elected person shall serve a four-year term as a regular member followed by a one-year term as an alternate member.

(B) Duties and responsibilities.

(1) Conduct hearings on appeals by respondents charged under rule 3335-5-04 of the Administrative Code following the procedures of paragraph (H) of this rule.

(2) Conduct hearings on complaints of alleged improper evaluation based upon reasons or considerations that infringe a constitutional right of the complainant following procedures of paragraph (C)(4) of rule 3335-5-05 of the Administrative Code.

(3) Conduct hearings on allegations of improper evaluation based upon inadequate consideration of the pertinent facts by the individual(s) making the decision following procedures of paragraph (C)(5) of rule 3335-5-05 of the Administrative Code.

(4) Conduct hearings on an appeal of a tenured faculty member because of termination of appointment during financial exigency following procedures of paragraph (B) of rule 3335-5-02.3 of the Administrative Code.
September 9, 2011 meeting, Board of Trustees

(C) Organization.

(1) The chair shall select three members of the committee to sit on each hearing panel. If disqualifications or case loading should require their service, alternates may be assigned to hearing panels.

(2) A member shall be replaced on a hearing panel if there is The chair of the hearing committee shall rule on any objection by any party to the proceedings that a member of the panel should be replaced because of a relationship to one of the parties, or a prior or current involvement with the facts or issues, or personal bias which may introduce prejudice.

(3) A panel member or alternate may recuse himself or herself for any of the reasons stated in rule 3334-5-48.10(C)(2).

(4) A hearing panel shall select a person, who need not be a member of the faculty hearing committee, to serve as presiding officer. The presiding officer shall direct the proceedings, rule on matters involving the introduction of evidence, and advise the panel members on such issues of law and procedures as they may deem necessary. The presiding officer, if not a member of the committee, shall not participate in substantive deliberations with the panel nor vote on decisions by the panel.

(5) As a standing committee of the senate, this committee is also governed by the provisions of rules 3335-5-46 and 3335-5-48 of the Administrative Code.

3335-5-48.17 Committee for evaluation of central administrators.

(A) Membership.

The committee for evaluation of central administrators shall consist of eight members.

(1) Six tenured faculty members appointed in the spring by the president from a slate nominated by the executive committee of faculty council.

(a) The term of service is three years. Members shall not be reappointed to a second term until they have been off the committee for at least two years, except that a member may be reappointed immediately if that person was appointed to fill a vacant position with a remaining term of less than two years.

(b) A chair will be elected yearly each spring from among the faculty members serving on the committee.

(2) Two administrators, appointed by and serving at the pleasure of the president. The term of service is three years.

(B) Duties and responsibilities.

(1) During autumn spring quarter, the executive committee of faculty council, on behalf of the steering committee, shall meet with the president and provost to identify two central administrators for review. All senior central administrators, such as vice provosts, senior vice provosts, vice presidents, and senior vice presidents, and members of the president's council, are eligible to be reviewed.
The review panels shall be responsible for evaluating the effectiveness of the central administrator and the office in carrying out the responsibilities of the office. The review may will begin immediately after the review panel is appointed but no later than the start of autumn quarter of the following academic year, and finish no later than the end of December.

The review panel will, after its review and evaluation, present a written report to the president and provost. The review panel will also send a copy of the written report to the person being reviewed and will inform the steering committee that the review process has been completed.

Balance unchanged.

Promotion and tenure review procedures for tenure-track faculty.

General considerations.

The review for tenure during the final year of a probationary period is mandatory and must take place.

A faculty member may ask to be considered for nonmandatory promotion and tenure review or for promotion review at any time; however, the tenure initiating unit promotion and tenure committee may decline to put forth a faculty member for formal nonmandatory promotion and tenure review or promotion review if the candidate's accomplishments are judged not to warrant such review. The promotion and tenure committee may not deny a tenured faculty member a formal review for promotion more than three consecutive years one year.

Balance unchanged.

**Notes**

- Counting is done consistent with the Campaign Counting Guidelines.
- Totals include $2,094 million in commitments made prior to January 1, 2009.
- Objectives remain undefined; best approximation using Project Fund Purpose has been used.
TOPIC:

FY 2012 Current Funds Budget

CONTEXT:

This is the final step in approval of the FY 2012 operating budget. This is based on the tuition and fee levels approved by the full Board in June.

SUMMARY:

Included are the following:

- A summary of the Current Funds Budget (Attachment 1)
- A description of what is included in the Current Funds Budget Document (available on line at http://rpia.ohio-state.edu/cfb) (Attachment 2)
- FY 2012 Priorities (Attachment 3)
- FY 2012 Current Funds Budget document (Separate document)

REQUESTED OF THE FISCAL AFFAIRS COMMITTEE:

Approval of the FY 2012 Current Funds Budget
FY 2012 Current Funds Budget
Summary

- This budget provides for an overall spending level of $4.9 billion for all campuses, all funds. This is a 4.8% increase over the FY 2011 budget, including a 7.8% increase for the Health System and a 2.5% increase for Instruction and General costs.

- This budget provides for an overall increase of 2.6% in spending for Columbus Campus General Funds. As part of this, undergraduate student financial aid increased $12 million, or 12%, to support the increase in tuition and housing and the implementation of the Enrollment Plan.

- Undergraduate resident instructional and general fees increased by 3.5% per temporary law in the Biennial Budget Bill in Autumn Quarter 2011 for State Fiscal Year 2012. When considering instructional, general and other mandatory fees, undergraduate and resident costs will increase 3.3% in Fiscal Year 2012. Non-resident surcharge and graduate fees increased by 5%.

- Areas of programmatic emphasis include:

<table>
<thead>
<tr>
<th>Area</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enrollment Plan</td>
<td>$ 1.1 million</td>
</tr>
<tr>
<td>Semester Conversion</td>
<td>$ 4.0 million</td>
</tr>
<tr>
<td>Systems</td>
<td>$ 5.0 million</td>
</tr>
<tr>
<td>Research Support</td>
<td>$ 1.0 million</td>
</tr>
<tr>
<td>Development Support</td>
<td>$ 0.8 million</td>
</tr>
<tr>
<td>Sustainability</td>
<td>$ 1.5 million</td>
</tr>
</tbody>
</table>

- State Share of Instruction (SSI) appropriations for the Columbus Campus will decrease $61.2 million, or 15.7%, in Fiscal Year 2012 compared to the Fiscal Year 2011 SSI revenue. This is due the loss of federal stimulus funding that was appropriated in FY 2010 and FY 2011 as part of the SSI. The budget as passed did not fill the gap caused by this loss. Total state operating support will decrease 14.9%, primarily due to the decline in SSI mentioned above, as well as decreases in appropriation line items and grants and contracts.

- SSI appropriations for the Regional Campuses will decrease $4.1 million, or 15.7%, as well for FY 2012, due to the loss of the federal stimulus funding.

- Preliminary projections show the University will be able to meet its academic goals for FY 2012 under the parameters established in the state biennial budget bill, if appropriations are released as planned.

FY 2012 Budget Priorities

The FY 2012 Operating Budget advances the following priorities:

- **One University:**
  
  Aligns strategic objectives and strengthens enterprise-wide initiatives such as Sustainability, development activities and enrollment strategies campus-wide. Also provides for the joining of Alumni, Development and Communication functions and the joining of the University and Medical Center facility organizations.

- **Students First**
  
  Funds Semester Conversion activities and funds Student Financial Aid in accordance with tuition, room and board increases and implementation of the Enrollment Plan; and provides for additional library acquisition funding.

- **Faculty and Staff Success**
  
  Funds a 2.0% merit pool for salary increases. In addition, the University will remain focused on moving many elements of the Staff Talent Plan forward.

- **Research**
  
  Much work has begun on the development of research pipelines and partnerships. In addition, the new office for Technology Commercialization has been established to further encourage and leverage the University’s research contributions.

- **Commit to Our Communities:**
  
  Provides funding for Seed Grants for the Office of Outreach and Engagement to strengthen the partnership with Columbus City Schools. The University is also moving forward with the international gateways, like the one which has opened in China.

- **Financial Stability:**
  
  Allows for central funding to be targeted to colleges where necessary to address the impact of the loss of state subsidy revenue and continues to support the streamlining and simplification processes already underway.
# Project Data Sheet for Board of Trustees Approval

## Central Power Plant Water Treatment

**OSU-080268**

**Project Location:** McCracken Power Plant

### Key Information
- **Approval Requested and Amount:**
  - Construction: $12.1M
  - Total Project Budget: $14.7M

### Project Budget
- **Construction Budget with Contingency:** $12.1M
  - Other Costs (fees, moving): $2.6M
- Total Project Budget: $14.7M

### Funding Sources
- University Bond Proceeds

### Project Schedule
- Design/Bidding: 12/06 – 01/12
- Construction: 01/12 – 12/13

### Framework Context
- Project is consistent with general Framework principles of investing in campus infrastructure, addressing deferred maintenance and meeting business continuity requirements

### Project Scope
- Replace and upgrade the existing water treatment system, providing increased hydraulic capacity and improved boiler feed water quality.
- The project will provide boiler make-up water and return condensate collection for gas-fired boilers.
- It will provide treatment of municipal water, returned condensate contaminated with iron from corroded piping will be filtered to remove particulate iron; the permeate from the treatment units and the filtered condensate will be combined and polished to remove residual divalent ions and the resulting water is used to feed the boilers

### Project Update
- Approval is requested to enter into construction contracts.

### Project Team
- **University Project Manager:** Kevin Koester
- **A/E:** Fiebig, Thompson, Carr & Huber, Inc

  - bidding – bid package 1 10/11 – 11/11
  - bidding – bid package 2 03/12 – 05/12
  - construction – bid package 1 11/11 – 04/12
  - construction – bid package 2 05/12 – 04/13

- Framework context
  - project is consistent with general Framework principles of investing in campus infrastructure and ensuring reliable service

- project scope
  - provide upgrades to deteriorated steam distribution lines; increase capacity; and allow for campus expansion
  - replaced steam lines in this phase will support the Midwest campus area
  - new piping will replace failing direct buried piping and will be installed in tunnel sections; the project may include replacing steam vaults
  - these upgrades will improve energy consumption and reduce water use in support of campus sustainability goals

- project update
  - the steam lines will be replaced in stages – McCracken to Ohio Stadium; Ohio Stadium to South Campus Central Chilled Water Plant
  - approval is requested to enter into construction contracts
  - approval is also requested to increase the total project cost from $16.8M to $18.7M due to a budget shortfall to complete the project scope; additional funding will come from funds remaining on the High Voltage Switch and Cable (phase 1) project

Office of Administration and Planning
September 2011
Project Data Sheet for Board of Trustees Approval

Sullivant Hall and Billy Ireland Cartoon Library & Museum
OSU-091418
Project Location: Sullivant Hall

- **approval requested and amount**
  - construction increase of project budget: $20.2M

- **project budget**
  - Orig | Rev
  - construction v/ contingency: $19.2M | $20.2M
  - other costs (ides, moving): $6.2M | $5.7M
  - total project budget: $24.4M | $25.9M

- **funding sources**
  - state appropriations ($5.5M)
  - development funds ($13.5M)
  - Arts & Sci general funds ($5.5M)
  - Libraries general funds ($10.4M)

- **project schedule**
  - design/bidding: 01/10 – 02/12
  - swing space construction: 06/11 – 06/11
  - construction: 02/12 – 06/13

- **Framework context**
  - Planning for this project began before the framework was conceived; during the framework planning, Sullivant Hall was identified as a key building within the Arts District.
  - Project is consistent with general framework principles of ensuring the academic mission drives the physical environment, matching building use to building typeology, requiring project to meet multiple goals, and improving and extending.
  - Project is also consistent with the vision for the Arts District, particularly in helping to make the district accessible to both campus and community.

- **project scope**
  - renovate Sullivant Hall to create a new home for the Billy Ireland Cartoon Library & Museum, currently located in the Weaver Center; renovate space for the Department of Dance, Department of Art Education and the Music/Dance Library; upgrades for a 360 seat theater/studio hall.
  - improvements for the Department of Dance spaces will include dance studios, flexible teaching and office space, Department of Dance space in Pomerene will be relocated to the renovated Sullivant Hall.
  - renovation work includes improving ADA access to the building, addressing building deferred maintenance, improvements to windows, roof replacement, tuck pointing of existing building exterior, stone, upgrading lobby entries, mechanical and electrical upgrades, and a new building fire suppression system.
  - this project will pursue LEED silver certification for the Green Build and Energy Policy.
  - additional scope includes the renovation of the auditorium on the first floor; the renovation of the south wing on the ground floor and first floor (formerly the Music and Dance Library, which was relocated to the Science and Engineering Library), and other adjustments to the scope consistent with the Framework principles about prioritizing adaptive reuse and renovation, creating a net new academic space.

- **project update**
  - approval is requested to enter into construction contracts for the main project.
  - approval is also requested to increase the total project cost from $24.4M to $25.9M; the increase is due to the additional and modified scope noted above.

- **project team**
  - university project manager: Melissa Siefke
  - ASH: Architectural Sciences & Planning
  - major contractors: J.B. Weidner

Office of Administration and Planning: September 2011

Background

The WOSU Stations previously set out on a plan to move all its radio assets to FM frequencies to better serve its listeners and create a streamlined financial model. A necessary part of that plan was the sale of the frequency and transmission assets of WOSU AM 820. An Asset Purchase Agreement is in place for $2.0 million. During the sales process, it has been determined that it is in the best interest of the University to sell certain related real estate assets, being the night transmission Tower configuration site at Red Rock, as part of the Asset Purchase Agreement.

Location and Description

The WOSU AM 820 real estate to be sold is an approximately 39 acre site located at 2350 Red Rock Blvd., Columbus, OH, which includes six antennas and support facilities.
September 9, 2011 meeting, Board of Trustees

(APPENDIX X)

Project Data Sheet for Board of Trustees Approval

North Residential District Transformation
OSU-110672
Project Location: TBD

- approval requested and amount professional services $4.0M
- project budget
  - construction w/ contingency $267.8M
  - other costs (fees, equipment) $87.2M
  - total project budget $355.0M
- funding sources
  - university bond proceeds supported by housing fees
- potential project schedule
  - design/bidding 10'11 — 10'12
  - construction — phase 1 11'12 — 04'14
  - construction — phase 2 03'14 — 04'15
  - construction — phase 3 11'14 — 04'16
- Framework context
  - this project is consistent with the principles of the Framework plan, including improving existing on-campus residential districts and investing in infrastructure
  - the project will follow Framework recommendations including the creation of north/south and east/west pedestrian connections to the campus and creating green space courtyards in the residential district
- project scope
  - the project will recreate our north residential community through the addition of 3,200 beds of new student housing, creating a new, vibrant neighborhood of nearly 6,000 student residents
  - the project makes possible the implementation of a two-year residential requirement to foster greater academic success, greater connection and engagement with the university community and a greater appreciation for diversity
  - the project’s planning effort must successfully design and integrate the new residential, support and public spaces in a manner that both advances our academic mission and student life objectives, while creating a place that will serve as one of the major defining locations of our campus for years to come
  - two new dining halls are proposed as well as indoor and outdoor recreation amenities with a new recreation facility replacing the existing Jesse Owens North
  - the project also includes numerous infrastructure improvements, the creation of a distinctive public realm, and the careful integration into the adjacent campus and off campus communities
- project update
  - approval is requested to enter into professional services contracts

- project team
  - University project manager: Megan Kadel-Edwards
  - A/E: TBD
  - major contractors: TBD

Office of Administration and Planning

September 2011
November 4, 2011 meeting, Board of Trustees

The Board of Trustees met Friday, November 4, 2011, at Longaberger Alumni House, Columbus, Ohio, pursuant to adjournment.

**                          **                          **

Minutes of the last meeting were approved.

**                          **                          **
November 4, 2011 meeting, Board of Trustees

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Thursday, November 3, 2011 at 4:14 pm.

Good afternoon, I would like to convene the meeting of the Board of Trustees. Before we take the roll call vote to go into Executive Session, I want to announce that the full Board will reconvene tomorrow morning at 8:30 am.

I hereby move that the Board recess into Executive Session to consider personnel matters regarding compensation, and matters required to be kept confidential by Federal and State Statutes.

Upon motion of Mr. Wexner, seconded by Dr. Wadsworth, the Board of Trustees adopted the foregoing motion by unanimous roll call vote, cast by Trustees Wexner, O’Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Ratner, Marbley, Kass, Reid, Jurgensen, Wadsworth, and Kellogg.

***

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Friday, November 4, 2011, at 8:30 am.

Mr. Wexner:

I would like to reconvene the meeting of the Board of Trustees. Before we take the roll call to go into Executive Session, I want to announce that the full Board will reconvene at 1:00 pm today.

I hereby move that the Board recess into Executive Session to consider personnel matters regarding compensation, and matters required to be kept confidential by Federal and State Statutes.

Upon motion of Mr. Wexner, seconded by Judge Marbley, the Board of Trustees adopted the foregoing motion by unanimous roll call vote, cast by Trustees Wexner, O’Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Marbley, Kass, Reid, Jurgensen, Wadsworth, and Kellogg.

***

The Chairman, Mr. Wexner, called the meeting of the Board of Trustees to order on Friday, November 4, 2011, at 1:09 pm.

November 4, 2011 meeting, Board of Trustees

Mr. Wexner:

So that we are able to conduct the business of our meeting in an orderly fashion, if you would please shut off the ringers on cell phones or iPads or whatever might make noise, it would be helpful and that will enable us to have the meeting with the proper decorum and conduct the business at hand.

The minutes of the September meeting of the Board of Trustees were distributed and circulated. Are there any additions or corrections or can the minutes be approved as distributed? Thank you.

One item that I would like to change on the agenda today, if you would note it please, is that we had planned to give the President’s evaluation, and the committee that is working on that has asked for a little bit more time. Due to the mountain of work that Gordon does, which is both extensive and exceptional, they are asking for a little bit more patience from us and, hopefully, will come back at the next meeting. Thank you, Gordon, also for your patience.

Let us begin with Evann. Do you want to talk about the students that are here so we can recognize them please?

***

STUDENT RECOGNITION AWARDS

Ms. Heidersbach:

I would like to invite Emily Panzari and Guillermo Bervejillo up to the table please. I will begin with some information about the students and why they are being honored today.

Emily Panzari is a second year master’s student who has demonstrated leadership and advocacy and has made significant contributions to serving the underserved members of our society. Emily was instrumental in recruiting students for the emerging social work advocacy leaders: a student group that was created by the National Association of Social Workers, Ohio Chapter that is actively involved in leadership at the capital. Emily was also part of a small group of College of Social Work students that created the Student Café: Conversations for Change. This event, held at the Riffe Center, brought together state legislators, agency leaders, and students to engage in meaningful and civil conversations regarding implications of the state budget on services for those in need. Acting as team leader, Emily organized the student research on the impact of funding cuts to the Ohio Departments of Health, Aging, Developmental Disabilities, Mental Health, and Job and Family Services. The work of the Student Café Group was provided to all state legislators to inform budget decisions. This activity also earned Emily and the other social work leaders an invitation to the White House where they participated in a briefing on student leadership with President Obama.

Emily comes from a background of challenge and perseverance. She graduated from high school while living in a homeless shelter and has remained an advocate for the needs of low income students. Emily’s letter to the editor in support of the Pell Income Grant for low income students was recently published in the Columbus Dispatch. Emily has been successful in the classroom and in her field internship. She carries a 3.89 GPA and is involved in multiple student organizations and activities on campus in addition to her leadership activities that brought her to the White House.

During her internship, Emily assisted in the design of a curriculum to teach child abuse recognition and prevention to early care professionals. The state of Ohio has recognized this new “keeping children safe” curriculum as an approved state course in this topic area. Her field instructor writes that this never would have been possible without Emily’s vision and diligence.
Upon graduation, Emily plans to work in child welfare in Columbus and eventually wants to provide services to families in Ohio’s Appalachian area before pursuing Doctoral degrees and research relevant to children and families. Congratulations Emily.

Now I am going to talk about Guillermo Bervejillo. He is from the College of Social and Behavioral Sciences and we actually share a major of economics. Guillermo is a fourth-year economics major with minors in mathematics and international studies. A native of Uruguay, Guillermo immigrated here with his parents, and his search for greater professional and academic opportunities ultimately brought him to Ohio State in 2008. Guillermo became interested in the promotion of economic growth and social improvement in developing countries, which led him to choose the undergraduate career in economics.

Guillermo’s service, scholarship, and awards represent an extremely high level of dedication, perseverance, and promise. He has received the Morrill Excellence Scholarship, the Federal Pell Grant, a grant from the OSU Freshman Foundation Program, and the National Buckeye Scholarship to The Ohio State University.

He currently tutors at the Economics Learning Center, providing free drop-in tutoring for students in introductory economics classes, for which he was selected through a highly competitive process. Guillermo is also working on his honors thesis entitled, “The Impact of Group Lending Strategies in Microfinance: Evidence from Rural Bangladesh.” This past summer, Guillermo held an internship with the Ministry of Development in Montevideo, Uruguay, in their microfinance evaluation office. Finally with a current GPA of 3.89, his accomplishments in the classroom demonstrate his dedication to learning and to excellence.

Aside from his curricular achievements, Guillermo is an active and contributing force in on-campus involvement, especially for Latino students. He is co-president of Strength, Unity, and Respect (SUR), an organization committed to the advancement of the academic success of Latino students at Ohio State in the form of a bi-weekly support group. SUR provides the men with the opportunity to come together to discuss the social, cultural, and personal events affecting their community. Guillermo is also a member of the Latino Student Association and is the UNIDAD event planner in the multi-cultural center.

Although unsure of his plans after graduation, Guillermo is exploring the option of pursuing a Ph.D. in economics and will probably specialize in development or political economy. Congratulations Guillermo.

Emily and Guillermo if you would like to say a few words.

Ms. Panzari:

Thank you so much. I would like to especially thank Dean Gregoire and Lisa Durham for all of their support in my advocacy efforts. It has been truly a transformational experience in the College of Social Work. I would also like to thank Sue Bobson, who was my field instructor at Action for Children and my boyfriend Toby. Thank you OSU!

Mr. Bervejillo:

Thank you ladies and gentlemen. I would like to thank my family and friends as well. Meredith, who is sitting has been critical to my academic career. I was told to share a story or memory of my time here at the University so I would like to go ahead and share something that I have learned here if I have the time.

I chose my career here, my undergraduate major somewhat naively thinking that through economics I would be able to understand the world. I think that most people have that their first fall that they think that they can explain the world through one science. The
main reason I chose economics was to understand the world, but also the poverty and
the inequality, all these problems that we see. As I learned, went to class, and had all of
these theories and models, it was really exciting and I really enjoyed my time there. But
I realized that these problems themselves mystify my teachers, things that they cannot
explain. What it comes down to is this idea that what the goal is in economics is
economic efficiency, so it leaves behind those problems. This was mystifying for me in
my turn. I considered many options, but I thought of the founding fathers of this country
and the people in Tahrir Square and people all over the world, and I realized that
economic efficiency is not necessarily what they are fighting for. It is actually freedom,
democracy, and all these different things. I came to realize, economists are really smart
people. The reason that economists have not solved these problems is not because they
are not smart, but rather maybe because it is this obsession with economic efficiency
and growth and all of these things. I think that is kind of my conclusion. Something that
I have learned is that perhaps the answer is not necessarily economics, which is so vital
to our society, such a huge part of our societal structure, perhaps it is something else
and something else we should look for and something that people in Tahrir Square, the
Arab Spring and here in this country are fighting for. I would ask you all to join me in
lending an ear to what those people are saying. Thank you.

Mr. Wexner:

Thank you very much. President Gee, tell us what is going on.

***

PRESIDENT’S REPORT

President Gee:

Thank you very much. I am privileged to be with all of you today. Let me just say, I want
to extend a welcome to our newest Board member, Corbett Price. As you know, Corbett
is a national leader in health care management and consulting. Corbett has been deeply
engaged in our academic medical center and the Fisher College of Business. He has
provided key support to establish the University’s Kirwin Institute of the Study of Race
and Ethnicity and he is now our second charter trustee, joining Dr. Gil Cloyd serving in
that capacity. So Corbett, welcome. We will eventually let you come up here by the way.

Before we move on, I want to comment on two other trustees that were honored last
week by the University’s Foundation. Les and Abigail Wexner received the Reese Medal
in recognition of exceptional service in private philanthropy. As we noted in the event,
Les’ unprecedented record of giving began in 1962 as a fresh alumnus with five dollars.
Where is it? It was a pledge and we are going to collect it today as a matter of fact. I say
this very seriously, we all know how committed Les and Abigail are and how that
commitment has deepened over time. No one is more grateful of that fact than I, so I
just wanted to say that, Mr. Chairman, to you personally.

At the same time, the Gerlach Award was presented to Bobby Schottenstein and his
great wife, Jeri. They were honored as outstanding volunteers in the University’s
fundraising effort for which we all know to be true. Bobby, congratulations to you and
Jeri. It was a special night, it really was.

Also receiving the Gerlach award were Larry and Cindy Hilsheimer. We know the
Hilsheimers, who are a dynamic duo and who have accomplished so much for this
University and for the community, so I congratulate them.

Well, true to fall’s typical form, these past several weeks have been always exceptionally
full. Last week, I was proud to announce the naming of the University’s comprehensive
breast center in honor of Stefanie Spielman. She was an inspiration, as we all know, to
countless patients and families across the country, and she was a very personal hero to
me. Many of you know that my first wife, Elizabeth, died of breast cancer in 1991 and Stefanie’s advocacy while she was so ill, I think, served as a beacon of hope to everyone. So by her life’s example, she taught all of us the meaning of grace, dignity, strength and perseverance. In this great facility, her legacy will endure.

The campus has played host to several other notable events and people this fall. Among the speakers on the campus were the chairman of the National Endowment for the Humanities and the chairman of the National Endowment for the Arts. Ken Burns, who spent some time with us, discussed his new documentary on the era of prohibition. Bob McDonald, the president and C.E.O. of Procter and Gamble, spent the day talking with faculty and students and discussing areas of potential new partnership. It was a wonderful day with Bob on campus.

Several prominent leaders in business and industry were at our Fisher College of Business last month with the National Middle Market Summit. At the summit, GE Capital announced a five-year, $10 million partnership with the Fisher College, which includes a center housed at Fisher, which will explore the middle market economy, engage students, and provide training and networking opportunities.

Last month was also our annual parent and family weekend and the campus was full of students and their families. It is a joyful occasion and one that just continues to grow and grow. Dozens of our faculty delivered very short presentations and Mark Sullivan, who is the director of the United States Secret Service and the father of a freshman, gave the parent lecture. I will tell you that he sent me a plaque just recently naming me an honorary junior member of the Secret Service. That was actually his idea of a joke and the honorific does not entitle me to conduct any surveillance or to hide behind bushes or anything. I am just saying that to the students so they will know that.

A couple of weeks after parents and families left, we were happily swarmed by alumni. Archie Griffin, who reported on this yesterday, just came in as a matter of fact. Archie, right on time, the trumpets blared and Archie came in and his team put on a wonderful homecoming and alumni awards dinner, all of which were extremely well attended.

On the academic side, our Medical Center completed a very successful conversion to its new electronic record system a couple of weeks ago called “The Big Bang.” More than two million patient records were converted. Doing so is important to patient care so Dr. Gabbe and his team have done a great job and are also saving the University a lot of money so congratulations to him and his team.

Our faculty members leading the semester conversion process are doing a great job. Think about it… three years, Normandy Invasion; we are coming. Randy Smith and Steve Fink will have my lasting gratitude for the great work they do on this project. Randy was with us in Academic Affairs yesterday, as Judge Marbley noted, this is a wonderful job. They have coordinated efforts across 14 colleges, roughly 100 departments and schools, and our extended campuses. To my mind, the most important feature of this, though, is that it is not about conversion; it is about the fact that our faculty and our provost, through his leadership, have taken the opportunity to really convert this to an opportunity to talk about learning and teaching in new and creative ways. We will move from a 1980s curriculum to one of the foremost, thoughtful, twenty-first century curriculums in this country and that refreshing perspective and effort will directly benefit our students in very critical ways.

My congratulations go out to Geoff Chatas on the highly successful issuance of century bonds several days ago. We, by the way, were the first public institution to do so and we did it at just the right time, locking in the lowest interest rates ever on this type of bond. This is one pillar, and the board knows this very well, in our strategy to fund the academic core of teaching and learning and to fuel future areas of excellence.
The University continues to extend its global engagements in better preparing our students for the world in which they will graduate. Since its opening a year and a half ago, our China gateway office in Shanghai has accomplished much and clearly has proven that this concept works. We are attracting substantially larger numbers of students from China and we are sending more and more students to study abroad. We are extending our reach with alumni throughout the region. Further, and more importantly, we are creating new opportunities for business and industry for Ohio businesses. This success has led us to plan the opening of our second gateway office that will be in Mumbai next March. We look forward to that opportunity to extend our reach even further.

Since my last report, I have been on the road visiting our Newark campus and the Rotary club there. I recently spoke at the joint gathering of the Cincinnati Commonwealth and Commercial clubs and early this week, I was in Washington, DC chairing a new commission on the future of higher education. The commission, which is a consortium of all the leading higher education groups in this country, is tackling the very important issues of student access, retention, and progress through degree, which will be the defining points of the twenty-first century. We are doing so with leaders of all the higher education groups represented at the table from community colleges to private institutions to the land grant research universities. Our work, by the way, which is highly unusual for any kind of commission, will be finished this next summer and my intent is to provide new thinking and address the issues in a comprehensive and successful way.

One amusing antidote, as I conclude my report. This past weekend was Halloween, of course, and the students were in great spirits as we all know. They are always in great spirits. Several tweeted and emailed me asking to borrow bow-ties and glasses. I did not do that. I discovered why when I received an invitation to a “Dress like Gee” party hosted by students in Taylor Tower. As a trick or a treat, I am not sure which, I showed up on a Sunday evening and the experience was like walking into a fun house filled with mirrors. I thought I was having an identity crisis on the first order but I will be wise to their ways next year.

Finally Mr. Chairman, let me just say this to all those that love this University and in particular this board, I just want to say in conclusion that as I enter my fifth year, I am a month into it, in leading this great University, I am even more engaged with the institution and more optimistic about its path and its future than I was on my first day, which was in this room in October 2007. Thank you, Mr. Chairman.

***

COMMITTEE REPORTS

Mr. Wexner:

Comments, questions to the President? Let us shift to committee reports and we will begin with the Committee on Trusteeship: Alex Shumate.

Mr. Shumate:

Thank you, Mr. Chairman. I would like to highlight two items that are on our consent agenda: items one and two on behalf of the Committee on Trusteeship. Under tab one is the resolution for the appointment of a Charter Trustee. Our president has already introduced Corbett Price to us but I would like to add a little bit of further context to this appointment.

This position was established by the Board in 2009 and it was established on the firm belief that we could strengthen the governance capacity of the Board by adding individuals like Mr. Price who bring to the Board business, professional, public service,
and civic backgrounds that are truly the type of attributes that add to the kind of quality around this Board table.

There were a number of guidelines that were established by the Board and those included that the following attributes would be those that we would consider in this appointment. That they would be an Ohio State alumnus or friend of the University; also a person who was successful in his or her chosen field or profession; have state, national, and international prominence; have the ability to advocate for higher education; and possess expertise in areas deemed critical to the university as well as a willingness and ability to offer counsel to the board, the president, and the senior leadership of the University. On behalf of the Committee on Trusteeship, I would like to offer the following resolution: Whereas Corbett A. Price of New York City is an accomplished alumnus of The Ohio State University, and has, by a record of extraordinary service to the University on the Medical Center Board, the Foundation Board, the Dean’s Advisory Council of the Fisher College of Business; by a career of significant accomplishment as the founder, chair, and CEO of Kurron Capital Health Risk Management, and by his expertise in areas critical to the mission of this University and to the work of the Board of Trustees, I would like to offer this resolution for acceptance and positive vote by the board as a part of consent agenda. Mr. Price, would you stand up and receive our congratulations?

Secondly, Mr. Chairman is a resolution that revises the committee appointments for the academic year 2011-2012. There is an annotated copy of the new committee assignments under tab two. We offer those as well for consideration and adoption by the Board and also, Mr. Chairman, the Committee on Trusteeship continues to look at our committee structure to ensure that our committees and our work groups are properly aligned with the strategic imperatives, initiatives and priorities of the University and we continue to look forward to providing progress in that area as well. That completes my report.

Mr. Wexner:

Thank you, Alex. Questions, comments? Congratulations Corbett. We are going to have a chair for you and work piled up.

Bob Schottenstein, Audit and Compliance.

Mr. Schottenstein:

Thank you, Mr. Chairman. The Audit and Compliance Committee met yesterday at 10:30 and there were a number of items on the agenda. I am going to talk about two of them and then ask, if he would, Mr. Chatas to take the others.

First and very briefly, one of the items that will appear on our consent agenda, President Gee referred to it in his comments, has to do with the formal authorization of the second gateway operation for the University. The first being in China and this one being in Mumbai, India, and the committee approved that and that will be on the consent agenda.

The other item I would like to talk about for just a moment has to do with what has become the lion’s share of our committee’s work, which is the University wide compliance review. As everyone here knows, this inward look at all of our compliance processes within the University really began as a result of the issues that had arisen within our Athletic Department and, I think to the credit of this board and this institution, we viewed those issues as an opportunity for us to take a look at how we do things and strive to get better.

To help us with that effort, we retained the services of outside consultants: Protiviti and the law firm Dewey and LeBoeuf, who are managing this compliance review on our behalf, reporting to the Audit and Compliance Committee. The work of the consultants consists of three phases. The first phase, which is essentially complete, and we received
a report on that yesterday. The three phases are: First, the comprehensive review and inventory of all compliance efforts within the University. Obviously, we have a compliance department within athletics, within medicine, within research, and so forth. There are approximately twelve distinct areas that our consultants have looked at to understand the organizational structure that exists within those compliance areas, the people responsible for the work, who they report to, what their qualifications are, what kind of protocols exist within each one of these areas in terms of manuals and guidelines and so forth. The first phase, which is designed to give us a comprehensive understanding of how we currently do things, is complete and was a very extensive effort and a lot of hard work has gone into it.

We are now about to embark on the second phase, which is the very critical benchmarking phase, where the consultants will look, not just throughout higher education and how other institutions run their various compliance departments, but also look to private industry and other organizations in the nonprofit world. It is expected that that phase will be complete sometime around year end.

Following that, we will spend the next several months just after the first of the year dealing with recommendations for possible restructuring and improvement. I think I speak for all members of the Audit and Compliance Committee in stating that this is a robust process. It is one that I think is very serious and very important, not because we have serious issues, but because this is in many respects the underbelly of the University in terms of how we function and I think that it is something that we all embrace in an enthusiastic way. The consultants were very open in pointing out that they have had a very high level of cooperation throughout the University, all units, whether it be medicine, research, athletics, and so forth in terms of their willingness to share information, as we would expect and view this as an opportunity to refine and improve our systems where it is appropriate.

With that, I would like to call on Mr. Chatas to discuss the other items we reviewed at our meeting.

Mr. Chatas:

Thank you, Mr. Schottenstein. We covered two other items. The first I reported on: Senate Bill 6. To remind you all, the State of Ohio requires each public university annually to report certain financial metrics which the state then uses to monitor the fiscal health of the public universities. The ratios are weighted and a composite score is determined. That score is between zero and five and any institution with a score 1.75 or lower is subject to a fiscal watch by the State of Ohio. I am pleased to report that our score was a 4.2 on that five-point scale and that is the same score that we had the prior year representing a strong fiscal performance.

The final item at the Audit Committee, we had a visit with our external auditor, Rick Stover, from Price Waterhouse Cooper, and he reported to the Audit Committee on the status of the audit of the fiscal year 2011 financials. Again, I am pleased to report that we received a clean audit for the University with no material weaknesses and no significant control issues. Finally, he reported on our inaugural audit of the health system where we audited the health system statement of net assets. This was the first step of audit for the full audit of the health system for next year and, again, we received a clean audit for the health system with no material weaknesses and no significant control issues emphasizing the strength of the financial controls of the institution. This concludes our report.

Mr. Wexner:

Questions, comments? Thank you very much, Geoff. Advancement Committee, Gil.
Dr. Cloyd:

Thank you, Mr. Chairman. The Advancement Committee covered several agenda items. We first of all received a series of reports from Mr. Katzenmeyer and Mr. Griffin on a number of key advancement activities that occurred in recent times. I will highlight just a few of them.

First of all, as President Gee noted, we had this combined approach with GE Capital for the National Middle Market Summit that we had here on campus and it was in its own regard a huge success. Two things I really want to highlight from that: Number one is the very generous $10 million, five year gift that we received from GE Capital, which will really allow for the creation of this National Center for the Middle Market. I think that is wonderful and it is clearly the kind of thing that we will be wanting to see even more of in the future of Ohio State as we talk about being the economic growth engine for this state because this is all going to be directed to how we can create more successful enterprises in the part of the market which has the largest job population. Around it, Ohio State, and with good work from our people, just received outstanding positive media attention. I think the two things I will highlight were to have CNBC on campus doing their day here. From an Ohio State aspect, there were over 70 minutes of time on CNBC that day directly tied to what was going on here at Ohio State. And total media impressions were over 306 million that the University received after that Summit so the nature of the work itself is wonderful and the gift is wonderful. It is directed right at one of the key things we want to do at the University, and I think we leveraged it really well in creating positive attention for the University.

We also mentioned that with a growing use of social media as a source of core communication, we have engaged for a year Mindset Digital, who will on campus provide in-depth training to 150 staff on social media use and for another 500 members of Ohio State University, and this includes deans and others, an abbreviated training course with the intent to take a lot of folks who do not really understand social media and get them to where they can utilize it because, as we all recognize, that is really a growing way that the world wants to communicate today.

Mr. Griffin outlined some Pelotonia results. We talked about this last time so I will not talk in detail. Three things I want to highlight: that event again raised over $10 million for the James as I mentioned in our last session. This is now the largest annual fundraiser for Ohio State University, going from nothing a few years ago to now being our largest annual fundraiser, and positive outlook in the future is great. I would also like to highlight since Archie was the Team Buckeye leader that they turned in $1.8 million to the Pelotonia and, relative to the Advancement team that participated in that Pelotonia, raised $94 thousand so really some terrific work there.

Archie then outlined a number of things that have been going on in the Alumni Association, a lot of exciting things. I will not go into all of them but as you all know this has been a year that we have highlighted our alumni activities. Two things of importance as we think about the advancement model, they use the Alumni Founder’s Day as an opportunity to engage alumni associations around the county in a civic project. Not including the ones that are here in Columbus, Ohio, we ended up with 30 of our distributed alumni association members involved in this. When we think again of advancement, it is just a tremendous opportunity because we are engaging our alumni in something that we want to do, doing an important civic project in their community, so it is the opportunity not only to create a better and stronger engagement with those alumni, but also in terms of advancing Ohio State University, creating positive awareness of Ohio State.

The final thing that I mentioned that Archie provided is that they had their Alumni Leaders’ Conference. This is a continuing pattern of what the Alumni Association has been doing to even more fully engage the number of alumni associations that we have around the country. As you know, we want to triple our number of advocates and
ambassadors around the nation and our regional alumni affairs organizations are going to be very key to being able to do that so this is another way that we, working here from the campus, can better engage those alumni organizations.

We then heard a report from Mr. Gurd on a task force that had been developed in Advancement as we are working to go to the next levels in our advancement model. This task force was established to assess and make recommendations on how the University could take advancement to that next level. There have been ten members on the task force representing a number of different academic and administrative areas and it has been really starting to get a focus on how we successfully integrate the different elements that comprise the advancement model, fundraising, alumni relations, and communications. But now, the task force is starting to look at it more specifically at the unit and college level, so that its goal has been to develop recommendations which would support how we can move forward effectively, and not only become more effective, but also have a more efficient use of resources. Over a three-month timeframe, the task force members met and had in-depth conversations with 30 deans and vice presidents who provided their feedback on the perceptions, understanding, and concerns about the advancement model. The members sought to get input on some of the services which we have individually within units, some of which are shared, and to understand what the colleges and the units feel would be very important to them as they look to the kind of services that can be provided in the advancement model.

The conclusion of that is that three units have agreed to be early adopters and we are going to treat those as learning labs: Arts and Sciences; the College of Food, Agricultural, and Environmental Sciences; and the Athletics Department. It is a nice distribution of diversity, of type of unit within the University overall, and as I said, the goal is to really use these as learning labs so that we can understand what are some of the core activities that are really essential to doing the advancement model well and identify where we have potential barriers. It is also an opportunity to do some experimentation around what seems to work best. I really publicly want to acknowledge the work of this team. It is some excellent work and it is going to be very helpful to us going forward.

We then had a review, an update I should say, on the team that is being put together and chartered by the Advancement Committee called the Advancement Framework Planning Team. The intent of this team is to accelerate our progress and build on all the work that has been done, but really accelerate our progress to get to the best strategy and a fully operational model. The goal that we have set is to complete the work of this team between now and next July.

I would just like to read off the membership for the Board so you will understand who is on the team. I will be chairing this team. Linda Kass, who is our Vice Chair of Advancement, will also be on this team. We will have Provost Alutto, Melinda Church, Jeff Kaplan, Senior Vice President for Advancement, and Kathleen McCutcheon, our Chief Human Resources Officer, on the team from the University. Kate Wolford, the Associate Vice President of Advancement, will be on the team and the project leader. Other external people that will be helping us on this team are Phil Duncan, the Global Design Officer of P & G, who also is a member of the Advancement Committee, Chris Ito, who is a member of the Alumni Association Board, and Sharen Turney who is the President and CEO of Victoria’s Secret.

We think that we have put together a good team that can help us. We plan to engage a firm with expertise in marketing and communications to help us in that regard. We had previously distributed an RFP. We have been in the process now of evaluating responses and interviews with teams and we anticipate in the near future that we will select the firm that we want to have help us in this regard. Our goal is really to have the first team meeting up and running in early December.

Finally, we had a report on development activities. To date, we have raised a little over $65 million versus our $356 million goal for the year, which I acknowledge is a bit of a
November 4, 2011 meeting, Board of Trustees

stretch based on past experience. We are a little over 18% toward our goal in 25% of the time, so we are a little behind at this point, but again, I think we are feeling overall positive about where things are headed.

Also, I would like to mention that we did talk about, as we are moving forward in the campaign, the case statement work, things that we need to get ready as we are still in our quiet phase. We are moving along nicely and we are anticipating, by the end of this year, that we will have all of the materials that we need in hand so that we will be able to start contacting people and having discussions as we particularly seek leadership level gifts.

On the consent agenda, we have three items that the committee is recommending for approval. One: the Foundation Board report. Two: what has already been mentioned by the president, the Stefanie Spielman Comprehensive Breast Center. And then thirdly, some real property in Powell, Ohio. The only thing that I would acknowledge on that is that we are recommending that while we will take on that property, there will be a three-year time before the sale, but the University already has a plan on how that will be effectively used during that three-year period. That concludes my report.

Mr. Wexner:

Thanks Gil. Any questions, comments? Bob.

Mr. Schottenstein:

I will just make a brief comment that is sort of a benchmarking note that I wanted to share with everybody. Gil talked about Pelotonia and what an unbelievable success it has become in such a short period of time. Just by way of history, this is our third year and Gil talked about the $10 million goal. I actually think it will be quite a bit more than that and that achievement will be met just in year three. Last year, the achievement was $7.5 million. Year one, it was $4 plus million, so in three years, close to $25 million net. The reason I am bringing it up, in our first year we netted over $4.5 million. A friend of mine who happens to be on the Board of the University of Miami at Coral Gables, a fellow home builder who is chairing their first “Pelotonia”, they don’t call it that, but it is patterned identically to ours, in Miami tomorrow was bragging to me, shortly after Miami beat us on the football field, about what a great event they are going to have this year with the Miami Dolphins and the corporate community and Miami being behind this event. I asked him how much they were going to raise in year one and he said, “It is just a home run for the University; we are going to raise $535 thousand,” which is a great amount for them, for a first year fundraiser, but in fifty years they will catch us. I just think it speaks volumes, not just about Tom Lennox and those that have organized and put together the event, but the generous corporate support that we have had that we have acknowledged before but it is just the heart and soul of Ohio State and what has been accomplished in such a short period of time.

Mr. Wexner:

Thank you. Jerry, are you going to report for Ron in Physical Environment?

Mr. Jurgensen:

Thank you, Mr. Chairman. Ron Ratner had a commitment that he had to get to and could not stay for this part of the Board meeting. We had five items on our agenda this time. The first of which was to get a report on the North Residential District Transformation. As everyone knows, this is part of a comprehensive strategy of Gordon’s to improve the student experience here at Ohio State. This particular aspect of that strategy involves property, or more specifically housing. We got a little update of what is going on with respect to that, at least the north residential district part of that. The newest thing to have taken place relative to where you all are in understanding would be that we have gone
through a process of selecting an architect to help lead the planning for that part of the campus. There was an RFP that was put out and a number of firms responded to it. There were some site visits to different projects that these architects held up as examples of the kind of work that they could do. All of that then enabled us to make a decision and we selected one. We will be going into the next phase of that planning, which not only involves planning with respect to the real estate, but also more work done on the whole second year experience and what that is going to involve from a programmatic point of view, not just from a property point of view, which the Committee thinks is essential in making the decision to go forward with the financial commitment, which will be required to carry out the housing part.

The second topic was capital planning and, again, this is an area of financial management that continues to improve throughout the University in terms of not only the process being approved, but also the outcome of the projects that are underneath it. This is another example in the University where the notion of One University is clearly coming into play. We have really grown out of a system which was largely college or unit based into an approach for capital allocation that gets informed by the overall strategic planning of the University, the academic plan of the University, as well as the master plan. So it is much more integrated and clearly demonstrates that the issues of capital planning are being examined from multiple vantage points, which I think will lead to significantly better decisions.

The third item was some framework updates, just on some different projects, some of which are continuations or add-ons to things that we have already approved or talked about and, in one case, is something new. The add-ons are in the consent agenda.

There were three items for us in the consent agenda. One has been pulled off. All the work necessary to talk about this one, which is the indoor golf facility at Scarlet, has not been completed so we will take that one up at a later date. Of the two we did go forward with to talk about and approve, the first deals with the Ag Engineering building at Wooster, which is part of OARDC. This is one of the buildings that was severely damaged in the hurricane last September. That item will be on the agenda to go forward with the construction of a new building.

The second is the South Campus central chiller plants, a $77 million total project. This is the one that we actually had an opportunity to drive by on the bus as we were going over to tour the hospital building, so we have that one on the agenda as well.

Our next item was the sale of real estate. We not only acquire real estate and build real estate; sometimes we actually even sell real estate. We had an opportunity to talk about the sale of land that the University got by way of a gift a while ago up in Dublin, so that is in the consent agenda as well. It is 17 acres located in Dublin, Ohio.

We too, as Advancement did, talked about the acceptance of some real property which is the thing that Gil referred to. That was our work.

Mr. Wexner:

Thank you. Questions, comments? Then let's move to Medical Affairs, Alan.

Mr. Brass:

Thank you very much, Mr. Chairman. We also had five items on the agenda for the Medical Affairs Committee. The first, Jerry just eluded to; we started off Thursday morning with the tour and I know that many of you were able to join us on the bus. The steel is going up, the concrete is being poured, the water is being pumped, and it gave us a perspective of how big that building really is. Picture our Ohio State Stadium and the length of the building is one-and-a-half football fields long, and the height will be one
November 4, 2011 meeting, Board of Trustees

football field high when we are all done. It is going to be a magnificent, magnificent health care center when we are finished with it.

The team seems to be doing wonderfully. We are on time, we are on budget, and those are always good words. Our safety record is looking very, very good and those of you that were able to join us on the bus, I think had a chance to see the size of this enterprise that is going up. The University Board and the management took a big risk as it related to approving a capital project of this size, and it is good that all the numbers and everything are holding just perfect.

The second thing I would like to do is that we have some good news items. Dr. Gabbe has joined us at the microphone and the good news items Steve delivers. If there is bad news, I promised I would carry the load on that, so Steve.

Dr. Gabbe:

Thank you, Mr. Brass. I am really pleased to represent our Medical Center team and bring you some exciting news. I first want to thank Judge Marbley for his willingness to represent the Board on our exciting near east side improvement project or PACT, Partners Achieving Community Transformation. He will be working with Fred Ransier, who chairs that committee, with Don Tyler Lee, the University’s representative on site, and with Elizabeth Sealy, who is the Executive Director of University Hospital East.

We had some wonderful news just two weeks ago that Carlo Croce, one of our most distinguished scientists and chair of our Department of Molecular Virology, Immunology, and Molecular Genetics, has been named to the Institute of Medicine. Carlo will be the eighth member of the University to be named to that honor. In 2008, we had two Institute of Medicine representatives; we now have eight. The addition of Dean Lockwood was our seventh, and now Carlo is our eighth. Our aspirational peer institutions would have about 15 so that is our goal, not only so that we have that number, but so that our most outstanding physicians, nurses, and scientists have a chance to interact at that level with national and world leaders in medicine. I will keep you updated on that progress.

We received some exciting news that Gail Marsh, who is our Chief Strategy Officer for the Medical Center, will be named a YWCA Woman of Achievement. It is a great honor and we are very proud of Gail for being recognized.

We had some wonderful news from the University Health System Consortium just a few weeks ago. This is a group that assesses the quality and safety of patient care across the academic medical centers in the United States. They review over 100 academic medical centers and their 250 affiliated medical centers, and we were named to the top ten list; the only hospital in Ohio named to that elite group. What is really important about the UHC distinction is that they look at the really important outcomes. For example, our mortality rate for all hospitals, all academic medical centers, was the eleventh best of the observed of mortality rates in the country. Our effectiveness, that is the number of patients who come back to us after discharge, in readmissions, we were ninth. In equity, which means that when you come to our hospital, regardless of your socioeconomic status, your race or your gender, you will have equal and excellent outcomes, we were tied for the best in the country there. In efficiency, that is that we take great care of our patients and they are in the hospital for a relatively short length of stay, we were in the top ten for that also, so we are really proud of being in that elite group.

I want to thank President Gee and Dr. Cloyd for recognizing the change in the name of the James Care Comprehensive Breast Center to the Stefanie Spielman Comprehensive Breast Center. That was a very moving event for all of us and we are really pleased to recognize Stefanie and Chris and the family in that way.

I hope many of you saw the story in the Dispatch about the unique transplant that occurred at the Medical Center. In fact, in September, we set a record. We had 41 organ
transplants. Great credit goes to Bob Higgins who leads that program, Mitch Henry and their team. The unusual transplant was a father and son, who now have both received kidney/pancreas transplants. They both have type I diabetes. The son had his transplant four years ago and the father went ahead and had his transplant just recently, so we are very pleased to serve patients that need transplants in that way.

Health Grades is an independent organization that also assesses health care outcomes. They review over forty million records from the Center for Medicare and Medicaid Services and they recently announced that we were one of their distinguished hospitals for clinical excellence. That included not only our overall hospital care, but our emergency medicine, critical care, neuro-sciences, pulmonary care, and stroke care, and when you look at the best doctors in Columbus, we have 90% of them; so it is not surprising that we would have that award from Health Grades.

Finally, I wanted to bring the Board up-to-date on President Gee’s mention of the conversion of our electronic medical record system. This has been a five-year journey. We have been working with Epic, which is the dominant electronic medical record company in the country. We started in 2006, brought on the out-patient clinics individually in 2008, but then went to the conversion of our in-patient record in what President Gee described as the “Big Bang,” or the “Go Live.” It all happened at the stroke of midnight on Saturday, October 15, and it was very exciting to follow the progress. Our old system went down at 12:01, and the new system was up within minutes. Every hour that went by, more and more patients were then converted from the paper record to electronic. At that time, we had 935 in-patients who were converted throughout the course of the day.

This is a great stress test for any medical center culture and, overall, we performed incredibly well. I would like to thank Phyllis Teater who was our chief information officer. Phyllis is here. Phyllis, thank you so much for all that you did. I think that we should give Phyllis a round of applause and Milisa Rizer, Dr. Rizer, who led our medical teams. It was the hospital leaders, the nurses, the doctors, the technicians, and anyone who takes care of patients that had to be trained to use this record, that was 14,000 people who were trained over a two-month period of time. In this conversion, we had to convert over two million patients to this new system, over nine million reports, over 34 million results and over 91,000 patient appointments that were in our system. We did it on the weekend so that, come Monday, we would be ready for the new patients that were coming to our clinic or patients admitted for elective surgery. It went beautifully, and that is not just our opinion. Epic had one hundred of their folks here and their senior consultant, Lisa Ross, said that this was their smoothest conversion, the biggest conversion that they had ever seen, and she said that she hoped that we could help them with others. I don’t know if we would want to go through it again, but if we can help, we will.

What was really key was the organization to have SWAT teams that could descend on areas that needed help. That was true in Radiology and the ORs, 650 red-coated super users who were throughout the entire Medical Center, remember that is six hospitals with their command centers. We had 80 to 100 people taking in problems and solving them, and we had command centers at every hospital. We had a patient experience team going out to see if there were problems for the patients because care was delayed a bit that day. And we even had respite centers for the health care teams to go into where they could get a massage, get some snacks, take a deep breath then go back to work.

There were some problems around printing, around the ORs, and Radiology, as I may have mentioned, but overall it went very well and we are already hearing from the doctors, the nurses and the patients that now there is more time to spend with what they need to do, which is patient care, because they have to spend less time on the medical record. In fact, we are already realizing a savings of over $70,000 a month in dictation because the doctors no longer have to dictate and wait for the transcription, etc.
November 4, 2011 meeting, Board of Trustees

We were concerned, and Mr. Price expressed at our Medical Center Board that we needed to be concerned, about our billings and collections because that system was converted. But we were up and going within ten days and we have already collected revenue through the new Epic system, so Corbett, that looks like it is going to work out pretty well. It was a great challenge, but I think we can all be proud of how the Medical Center came through that.

Mr. Brass:

Thank you very much, Steve. Just a couple of other quick items to cover the rest of the agenda. I do want to emphasize something: this conversion was the largest conversion in the country going to an electronic medical record system, and the importance of that will be known next year when we are, in fact, reimbursed again on quality and on service. By going to electronic medical records, we can track quality better than we have ever been able to track it right down to physician-specific and patient care outcomes and the patient service indexing. If we do not perform on that, we do not get reimbursed. If you readmit within thirty days, for the same diagnosis, you do not get paid. We are moving into a whole new paradigm as it relates to medical center financial reimbursement, patient care quality, and service. I think that we are in a very, very good position, and I will add one more thing in just a few seconds here.

I want you to be aware that on the scorecard, everything is looking good. We are up 2.8% on revenue gain this year, which is good. We are holding our own very nicely and all our key indicators are okay. Our soft spot continues to be admissions. Throughout the whole community it is. Throughout this whole nation it is, but we are also managing out expenses very, very well and the team is doing a good job on that.

I want you to be aware again that we have updated our long-range financial plan. Remember that we have had four or five of these now. We have updated again, and we are going to be taking some very proactive action now over the next couple of years to drop another $50 million to the bottom line and take it to the expense base line to see if we can make the Medical Center even more efficient than it is right now. That will allow the University to continue its long-range strategic plan.

I want you to be aware that Cramblett Hall will be coming down in July. I want you to be aware that the research buildings are under construction. Those shelled-in floors will be coming live in 2012. Jerry mentioned the chiller plant is on its way up and it is a very large one. I think that 85% of all of the contracts on this very large project went to Ohio firms so far and our EDGE number is 21%, so we are holding very, very well overall there.

We do have two action items for today: items number three and number four. The first one is a pediatric faculty plan, the PAA as it is known down at Nationwide Children’s Hospital, because of the fact that the faculty at Nationwide Children’s Hospital is faculty from Ohio State University. We need to approve their practice plan as a part of the integration of our practice plan to make sure that we are fully synchronized between our two plans. It remains independent. They are the only practice plan that is off campus and that is why we have to do it this way. There is, on the consent agenda today, an action item to basically recognize that and to approve that.

The second item is an expression of appreciation. I have said that there were two big things that we needed to accomplish in order to get ready for health care reform. One was to get the MR up, and the second one was to bring the group practice inside the Medical Center structure. Dr. Chris Ellison, for two years plus and his entire team, has been working so diligently to get that practice plan inside our Medical Center. The Medical Affairs Committee approved, and I hope our Board will approve through the consent agenda, an expression of appreciation to Dr. Chris Ellison and the team for just a yeoman’s job of bringing all of our faculty, approximately 600 of our faculty and 300
Mr. Brass, the lower admissions than what we have projected, are we at a point now where we can say that that is a real trend? Is it just something that we are at some interval where we are going to see lower admissions than what we expected or, as we start to look out over one to three years, do we need to revise our estimates on the admissions that we thought we would have in the Medical Center?

Mr. Brass:

Gil, that is an excellent question. We spent some time at the Medical Affairs Committee on that very question. Steve and Pete Geier and Mike Rutherford, the Chief Financial Officer, are going through an analysis right now to see if we have a new norm. My own feeling is that we are going to have a new norm in this country because, number one, the economic situation is not returning, so elective admissions are down. As long as the economics do not get better, a lot of electives, especially in plastics and ophthalmology and other areas like that, will continue to be weak. The second part of this is with the new reimbursement, I think there is a lot more pressure as it relates to making sure that the admissions are correctly done and making sure that the person needs to be admitted on an in-patient basis versus an out-patient basis of care. My best guess is that we are moving toward a new norm in this country but I will wait for the final, final results, Gil. Excellent question. I think that is going to have to be taken into account as it relates to the new budget for the next year here a little bit, and that is why I think the long-range plan, and really taking a look at our expense base and our revenue base and making us even more efficient, is going to be so critical. That is our one thing we have to watch.

Other members of the Committee, might have other thoughts, Bobby or somebody, anybody?

Mr. Schottenstein:

It is just population issues in greater central Ohio.

Mr. Brass:

That is true too.

Judge Marbley:

I think one of the other points to make is that we are moving more toward preventive care modeling. As we trend toward that we are going to see lower admissions too.

The board of the largest hospital system in Ohio, same trends. Ohio, I would say, is a little bit worse than some other states, you know, because of what is going on in the economy here, but it is a national trend.
November 4, 2011 meeting, Board of Trustees

Dr. Gabbe:

I think the points you made are right on target. I would say, however, that our capacity caring for cancer patients is limited now because of our bed capacity. I believe, if Mike Caligiuri were here, he would agree that going forward with the new opportunities that we will have, we will see our cancer volumes raise.

Mr. Brass:

I think the other statement is also true, and that is that our equity, our efficiency of care that we are providing is definitely going up. There is no doubt about it. Each patient is using more resources. The admissions might be coming down, but the equity levels are going up. Just take the transplants as a good example, a record number of transplants. That is one of our areas that we have really recruited to and we are seeing the results thereof.

Mr. Schottenstein:

When admissions are down, the reduction in revenue going through the health system was not down near as much. It was a much less significant drop. Revenues per admission were actually higher than they have been.

Mr. Brass:

Mr. Chair, that completes the report.

Mr. Wexner:

Thank you. No other questions? Judge Marbley: Academic Affairs.

Judge Marbley:

Thank you, Mr. Chairman. The November 3 meeting of the Academic Affairs and Student Life Committee began with an update on progress toward the goals of the University’s strategic enrollment plan. Vice President for Strategic Enrollment Planning, Mr. Dolan Evanovich, who is with us today, reminded us that we as a Board had approved the enrollment plan last year, 2010. This five-year plan contains specific steps to enhance student quantity, quality, and diversity. In our inaugural year, total University enrollment increased by 0.5% over last year. At the Columbus campus, undergraduate enrollment increased by 2%. Our number of new freshman was up by almost 5.5% at 6,904. Among the new freshman, we welcomed a larger number of non-Ohio residents than last year when non-Ohio residents comprised 22% of our freshman class. The number of minority students was up by nearly 12%.

In fact, 18% of that class was first generation; something that President Gee will be able to remind us of at graduation this year. Most importantly, however, for the tenth consecutive year, the academic standing of this class surpasses the academic standing of the preceding class. Within the student body as a whole, minority student numbers increased by almost 7% reaching an all-time high of 18%, and this considered the Michigan case level so that was quite significant.

Mr. Evanovich advised us that our first-year retention rate held steady in 2011 at 93%, which places us among our peer institutions. The four-year graduation rate climbed by almost 6% to 59% and the six-year graduation rate has reached nearly 80%. Looking ahead, targets for 2012 include freshman enrollment of approximately 7,000 with ACTs averaging not less than 28.2. We want our first-year retention rate to increase to 93.5%, the four-year graduation rate to increase to 60%, and the six-year graduation rate to increase to 81%.
November 4, 2011 meeting, Board of Trustees

We also talked about targets as far out as 2015. I would like congratulate Dr. J and Dolan for truly outstanding work in this economy because all of our numbers and all of the key metrics with respect to our interim students are on the rise, and he is the chief architect of a fine and outstanding interim class. Mr. President and Mr. Chairman, through your leadership, the University and the administration and the Board have done a great job with strategies. We have done a great job with bricks and mortar, and we have done a great job, Mr. Chairman, with largess, but all of that would mean nothing if we do not have the outstanding students to take advantage of the opportunities that your collective work has provided.

We next heard from Dr. William Brustein, the Vice Provost for Global Strategies and International Affairs, who discussed plans for opening Ohio State’s second global gateway office in Mumbai targeted for March 2012. Dr. Brustein outlined the core functions and achievements of the existing China gateway office in Shanghai, which opened in February 2010. He then explained how we hope to build upon this global foundation by extending the University’s presence to India to capitalize on existing relationships. The core mission of the India gateway office would be to promote Ohio State in India, as well as to create opportunities for University stakeholders’ collaboration with India’s academic, government and business institutions.

Dr. Brustein discussed how the office will be funded, as well as the types of programs and services that it will offer to Ohio State students, faculty, alumni, and business partners. I will note parenthetically, Mr. Chairman, that the office in which the India gateway will be housed is prime real estate in Mumbai and is being provided to us by an Ohio State alum, a gentleman who graduated from Ohio State in the fifties.

We then heard from Vice Provost W. Randy Smith, who provided the Committee with reports on a couple things, first, on program reviews. Dr. Smith informed us that Ohio State has adapted the Northwestern University model for review of programs. That model calls for academic departments to partner with their colleagues and the Office of Academic Affairs in conducting a data-informed, analytic self-review. This review identifies issues and proposes strategies to address those issues and enhance academic qualities. The self-review is followed by a visit and report from an external team of peers and further consultation between the department, the college, and Academic Affairs.

Academic program reviews take place on a six-year cycle and include periodic progress updates between reviews. Ten to fifteen departments are reviewed annually. Program reviews often link to leadership changes, alteration of research direction or emphasis, and new academic program approaches. Reviews also help to integrate new faculty into the life of the unit and, in light of the commercialization initiative that we are institutionally undertaking, it is even more important now, as I think our Provost would agree.

Progress towards the goals and initiatives that emerge from the review become an integral component in planning and communications between the department, college, and Academic Affairs. Vice Provost Smith opined that to have maximum strategic effect. Program reviews will be aligned with University level strategic planning and because of this success, the program review format is being modified for use in other types of reviews.

Next, Vice Provost Smith briefed the Committee on Ohio State’s academic centers and institutes, which are defined, established, and reviewed pursuant to the rules of the University faculty and guidelines from the Office of Academic Affairs. We presently have some 70 formally approved academic centers and institutes. The Vice Provost explained that the term “center” is widely used throughout the University to apply to a number of entities, including clinical group start-up initiatives and business centers.

Going forward, we will be monitoring the implementation of the new guidelines for the establishment of centers. A routine progress of center review at University and college
levels will be implemented and broad university initiatives and their relationship to centers will be better defined.

We then endorsed the following: the naming of spaces in the Les Wexner Football Complex at the Woody Hayes Athletic Center; specifically, the Player’s Private Entrance will be named the Buckeye Private Entrance and one of the football practice fields and the Super Bowl Wall will be named the Harold Schumaker Family Football Field and The Super Bowl Wall.

We also endorsed the re-naming of the Farmer Family Art Gallery at Ohio State Lima as the Farmer Family Gallery. The re-naming of the John A. Prior Health Sciences Library to Prior Hall and the naming of the Comprehensive Breast Center as the Stefanie Spielman Comprehensive Breast Center. The meeting then concluded, Mr. Chairman, with our endorsement of a number of routine personnel actions.

Mr. Wexner:

Thank you, Monte. Any questions, comments? Thank you. Jeff, Finance.

Dr. Wadsworth:

Thank you, Mr. Chairman. Geoff Chatas presented three topics for discussion and then we had seven items for the consent agenda, some of which have already been discussed.

The first of the three topics was the quarterly financial update for the three months ending on September 30. It was a pretty positive report. Revenue was up about 8%. There were a few operating expenses that had increased. We learned about what those were and we are going to be monitoring them. No surprise to anyone, there were significant investment loses, but that is because of the markets and everyone in the room suffered from that, mostly because of what is going on in Europe and Greece continuing on this week. Maybe the cloud on the horizon is the research funding prospects because of the uncertainty of the fiscal year 12 and 13 budgets, something that is a national effect as well as we move into those somewhat uncertain times. Research funding right now remains very strong and we are expected to meet the financial budgets at the present time.

The second item that was presented was the annual scorecard of financial performance for the fiscal year which ended, of course, June 30. As compared to targets that were previously established, as I understand it back in 2008, there are eleven financial targets that are focused in six main areas. I will just comment on them quickly: liquidity, operating margin, debt, Senate Bill Six ratio, credit rating, and health system. The good news is that all eleven financial goals were above target so that score sheet was a nice row of green lights and we are pleased to see that.

The third item for discussion presented by Mr. Chatas was an annual reporting of the net deficit reports to the committee. This is a report that reflects deficits within a college or academic support unit and describes the operational plan to reduce or resolve that deficit. The good news here is that there was a $44 million cumulative deficit in the prior year that has been worked down to $27 million and there are plans in place for all of those 38 units that have a piece of that. We will hear about that on an annual basis.

Three of them were presented by Ms. McCutcheon and relate to amendments to three of The Ohio State University’s various retirement plans. I will just read those plans for you since they may affect people in the room: the Ohio Public Higher Education Institutions’ Alternative Retirement Plan, the University’s Alternative Retirement Plan,
November 4, 2011 meeting, Board of Trustees

and the Supplemental Qualified Retirement Plan. All of these were subject to amendments to comply with applicable laws, regulations, and so on, and those were approved.

The fourth resolution was presented to re-appoint four current members of the University’s Self-Insurance Board. As you may be aware, the University self-insures in a number of areas and four members of that group were up for re-appointment. Mr. Reed Fraley, Mr. Dimon McFerson, Dr. Hagop Mekhjian, and Dr. Gary Katz, and they were all approved.

The final three we mentioned before were the Ag Building, the Chiller Plant, and the selling of land and the gifting of land, which is mentioned a couple of times. Some of these get pretty good scrutiny and that concludes the report of the Finance Committee.

Mr. Wexner:

Thank you. Any questions, comments?

Dr. Cloyd:

Jeff, relative to the units operating at a deficit, other than where there would be a strategic plan at an early investment stage, do we have any units left now that are operating at a deficit where we would not have a plan that would have that resolved within the next year?

Dr. Wadsworth:

I think I can say that we have a plan for all units. Geoff, are they all within a year or are some beyond a year?

Mr. Chatas:

We have a plan but they will not all be through in a year.

Dr. Wadsworth:

So they will not all be resolved within one year but there is a plan for each of the 38 items within that total of $27 million.

Dr. Cloyd:

Okay, thank you.

Mr. Wexner:

Any other questions, comments? Last, but not least, Agricultural Affairs, Jack.

Mr. Fisher:

Thank you, Mr. Chairman. The early risers, aka the Ag Affairs Committee, met before breakfast this morning. I arrived early and, not surprisingly, Dean Moser and the Director of Agriculture were already there, but also in place were the Student Trustee and our banker, so we started early.

Our vision today, we are looking at both the challenge and the opportunity as we go forward with a search for the replacement of Dean Moser, and we will be working with President Gee in that activity here in the next several months.
In the oversight area, similar to what Academic Affairs looked at, we looked at trends in the College and student enrollment is up. We have over 30 thriving student organizations. We now have 21 study abroad programs. Scholarship money continues to increase with 72% of incoming students receiving some scholarship aid, and what we are always happy to report on, our placement still exceeds 90% of our graduates employed within six months of receiving their degrees. We are also very happy that 82% of those folks take their first job in Ohio. I think part of that is that we should recognize Dean Moser and his staff have a very strong working relationship with job fairs and over 120 companies frequently come to campus to meet with our students.

We also talked about curriculum review as we convert from quarters to semesters. It was a great opportunity in terms of making those changes in the course work to look at and review all of our majors and minors, and that has been part of this change. In addition, it was not just internally within the College, but it was incorporated with all academic units across campus. I think that is an important trend that we are striving for.

Lastly, we looked at all of our assets within the College and would remind the Board that we have a presence, both physically and in outreach, in all 88 counties of 16 sites. Five of those would be here on the main campus, but 16 sites across the state, and the importance of remembering that these are our laboratories and our research pilots that are part of our teaching resource and outreach within the College.

And lastly, as I mentioned, we did a final, maybe not the final, but a close to final review on the damage at OARDC. Total dollar amount now is just a little over $30 million, but replacement and all the changes that were needed are pretty much in place and the Ag-Engineering Building and the green houses that were on several of the agendas for this Board meeting are part of that.

Mr. Wexner:

Thank you very much. Any questions, comments? How early is that meeting?

President Gee:

It started very early: 7:20.

Mr. Fisher:

It was early by my clock. I was just checking.

President Gee:

I would just like to applaud Jack and the Committee for the fact that they have been great partners as we think about the transition of the College of Food, Agricultural, and Environmental Sciences. You know, losing Bobby Moser from that leadership role, not from the University, I keep telling him that he is just transitioning, he is a singularly significant loss because of the leadership Bobby has provided for 21 years, think about that, and done so very effectively. We all have our shoulder to the wheel, but thank you for your support and leadership and to the Committee.

***

CONSENT AGENDA

President Gee:

The consent agenda, good, let’s see if I can get people to consent to something once. Today we have a total of 22 resolutions on the consent agenda; therefore, we are seeking approval for the following:
APPOINTMENT OF CHARTER TRUSTEE
Resolution No. 2012-20

WHEREAS the Board of Trustees established the position of Charter Trustee at its meeting on February 6, 2009, acknowledging that the establishment of such a position had the potential of further strengthening the governance capacity of the Board, noting that

WHEREAS The Ohio State University is one of the premier public land-grant institutions in the country and, in execution of its mission, embraces education on a state, national, and global scale; and

WHEREAS the complex and multi-faceted nature of the University, in its mission, its character, its constituencies, and its financing calls for extraordinary leadership at the highest levels; and

WHEREAS the governance of the University would be well served by Charter Trustees whose attributes include but are not limited to diverse cultural, geographic, business, professional, public service and civic backgrounds; and

WHEREAS the Board added a number of guidelines, including the following:

Charter Trustees shall be non-Ohio residents and shall be chosen on the basis of the following attributes: Ohio State alumna/alumnus or friend of the University; success in his or her chosen field or profession; state, national, or international prominence; ability to advocate for higher education; expertise in areas deemed critical to the University; and willingness and ability to offer counsel; and

WHEREAS Corbett A. Price of New York, New York, is an accomplished alumnus of The Ohio State University, and has, by a record of extraordinary service to the University on the Medical Center Board, the Foundation Board, and the Dean’s Advisory Council of The Fisher College of Business; by a career of significant accomplishment at Kurron Capital, Kurron & Company, HCA, and Health Risk Management; and by his expertise in areas critical to the mission of the University and to the work of the Board of Trustees proven to be an exemplary embodiment of all of those qualities deemed most desirable in a Charter Trustee;

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees of The Ohio State University, hereby proposes the appointment of Corbett A. Price as a Charter Trustee of The Ohio State University to serve a three-year term commencing November 5, 2011.

***

THE OHIO STATE UNIVERSITY BOARD OF TRUSTEES
RATIFICATION OF COMMITTEE APPOINTMENTS 2011-2012
Resolution No. 2012-21

BE IT RESOLVED, That the Committee appointments for 2011-12 are as follows:

**Academic Affairs and Student Life Committee:**
- Algenon L. Marbley, Chair
- Brian K. Hicks, Vice Chair
- Linda S. Kass
- Janet B. Reid
- Clark C. Kellogg
- Evann K. Heidersbach
- G. Gilbert Cloyd (Charter Trustee)

**Robert M. Duncan**  
**Kevin G. Boyle (Faculty Member)**  
**Leslie H. Wexner (ex officio)**

**Advancement Committee:**
- G. Gilbert Cloyd, Chair (Charter Trustee)
- Linda S. Kass, Vice Chair
- Brian K. Hicks
November 4, 2011 meeting, Board of Trustees

Clark C. Kellogg
TIMOTHY P. SMUCKER
Evann K. Heidersbach
CORBETT A. PRICE
John W. Kessler
Phil Duncan
Michael Clark (Alumni Assn Member)
Donald H. Schriver (Alumni Assn Member)
John B. Gerlach (Foundation Brd Member)
David T. Kollat (Foundation Brd Member)
Leslie H. Wexner (ex officio)

Agricultural Affairs Committee:
John C. Fisher, Chair
William G. Jurgensen, Vice Chair
Timothy P. Smucker
Evann K. Heidersbach
James J. Zehringer (ex officio)
Leslie H. Wexner (ex officio)

Audit and Compliance Committee:
Robert H. Schottenstein, Chair
John C. Fisher, Vice Chair
Ronald A. Ratner
Algenon L. Marbley
William G. Jurgensen
Brandon N. Mitchell
James Gilmour
Leslie H. Wexner (ex officio)

Committee on Trusteeship:
Alex Shumate, Chair
Janet B. Reid, Vice Chair
John C. Fisher
Linda S. Kass
Brandon N. Mitchell
G. Gilbert Cloyd (Charter Trustee)
Leslie H. Wexner (ex officio)

Finance Committee:
Jeffrey Wadsworth, Chair
Alan W. Brass, Vice Chair
Alex Shumate
Walden W. O’Dell
John C. Fisher
Robert H. Schottenstein
Ronald A. Ratner
William G. Jurgensen
Brandon N. Mitchell
CORBETT A. PRICE
Jo Ann Davidson
Leslie H. Wexner (ex officio)

Medical Affairs Committee:
Alan W. Brass, Chair
Jeffrey Wadsworth, Vice Chair
Brian K. Hicks
Robert H. Schottenstein
Algenon L. Marbley
Janet B. Reid
CORBETT A. PRICE
Leslie H. Wexner (ex officio)

Physical Environment Committee:
Ronald A. Ratner, Chair
William G. Jurgensen, Vice Chair
Walden W. O’Dell
Clark C. Kellogg
Evann K. Heidersbach
Leslie H. Wexner (ex officio)

APPROVAL OF PEDIATRIC FACULTY PRACTICE PLAN
Resolution No. 2012-22

Synopsis: Approval of recognition of faculty practice plan owned by Nationwide Children’s Hospital is proposed.

WHEREAS effective April 8, 2011, The University’s Board of Trustees established the Faculty Group Practice within the Office of Health Sciences for the purpose of employing the physician faculty while still maintaining Ohio State University Physicians, Inc. as the College Central Practice Group to administer the patient care practice of all its members including collection of fees, payment of all members’ patient care costs and expenses, departmental academic enrichment and teaching and research fund payments as well as distribute all Practice Income to the Faculty Group Practice organization; and

WHEREAS some Ohio State University faculty members practice at Nationwide Children’s Hospital (“Children’s”); and

WHEREAS the faculty who practice at Children’s are also required to practice through an approved faculty practice plan:
November 4, 2011 meeting, Board of Trustees

NOW THEREFORE

BE IT RESOLVED, That Children's shall serve as a practice site for the faculty of the Department of Pediatrics of the College of Medicine who provide services to children, and be available as a training site for the University's other educational programs; and

BE IT FURTHER RESOLVED, That Pediatric Academic Association, Inc., shall be approved as the faculty practice plan for the Department of Pediatrics within the College of Medicine.

***

EXPRESSION OF APPRECIATION
Resolution No. 2012-23

Synopsis: Resolution of appreciation for the tireless efforts of the physician leadership to support and create the Faculty Group Practice which employs the physician faculty of The Ohio State University College of Medicine.

WHEREAS the Ohio State University Board of Trustees first established “The Ohio State University College of Medicine [and Public–Health] Medical Practice Plan for the College Central Practice Group (the “Practice Plan”) effective December 15, 2002 for the purpose of advancing the goals of The Ohio State University College of Medicine (“COM”) to provide education, research and service in medical disciplines through patient care services; and

WHEREAS the University Trustees determined it to be essential to full integration under an Integrated Model that OSU Physicians, Inc. (“OSUP”) employed physicians be employed solely by the University, and together with the physicians in the University's Specialty Care Network, practice within a newly constituted Faculty Group Practice; and

WHEREAS the University Trustees, effective April 8, 2011, authorized the creation of the Faculty Group Practice organization within the Office of Health Sciences for the purpose of employing the physician faculty of the University while still maintaining OSUP as the College Central Practice Group to administer the patient care practice of all its members including collection of fees, payment of all members’ patient care costs and expenses, departmental academic enrichment and teaching and research fund payments as well as distribute all Practice Income to the Faculty Group Practice organization; and

WHEREAS the Senior Vice President for Health Sciences, the Dean of the College of Medicine and the leadership of the College of Medicine working together with the leadership of OSUP have worked diligently toward the successful clinical integration of the physician faculty beginning July 1, 2011:

NOW THEREFORE

BE IT RESOLVED, That The Ohio State University Board of Trustees and its Medical Affairs Committee on behalf of the entire University, expresses its deepest appreciation to OSUP’s leaders and administrators under the extraordinary leadership of E. Christopher Ellison, M.D., for having given tirelessly of their energy, talent, knowledge and insight to the initial and ongoing clinical integration of the physician faculty; and

BE IT RESOLVED, That The Board of Trustees and its Medical Affairs Committee, recognizes the contributions and dedication of each of these outstanding physicians and administrators individually and collectively, to both the provision of predictive, preventive, personalized and participatory medicine to our patients and to the University and The Ohio State University Medical Center and looks forward to their continued service with The Ohio State University, The Ohio State University Medical Center and their patients in the years ahead.
November 4, 2011 meeting, Board of Trustees

NAMING OF THE PLAYERS’ PRIVATE ENTRANCE
Resolution No. 2012-24

In the Les Wexner Football Complex
At the Woody Hayes Athletic Center in
the Department of Athletics:
Buckeye Private Entrance

Synopsis: The naming of space in the Les Wexner Football Complex at the Woody Hayes Athletic Center, located at 535 Irving Schottenstein Drive.

WHEREAS this state-of-the-art facility, originally dedicated in 1987 in memory of the late Woody Hayes, has been redesigned to improve the teaching environment and solidify the Buckeyes’ football practice facility as one of the nation's best; and

WHEREAS the renovated Les Wexner Football Complex at the Woody Hayes Athletic Center will advance Ohio State’s athletic program and help attract and retain the best prospective student-athletes; and

WHEREAS Kenneth E. Carpenter has made significant contributions towards the Woody Hayes Athletic Center in the names of Keith and Brenda Carpenter and Kenneth and Robin Carpenter:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the Player's Private Entrance be named the Buckeye Private Entrance.

***

NAMING OF A FOOTBALL PRACTICE FIELD AND THE SUPER BOWL WALL
Resolution No. 2012-25

In the Les Wexner Football Complex
At the Woody Hayes Athletic Center in
the Department of Athletics:
The Harold Schumaker Family Football Field
The Super Bowl Wall

Synopsis: The naming of spaces in the Les Wexner Football Complex at the Woody Hayes Athletic Center, located at 535 Irving Schottenstein Drive.

WHEREAS this state-of-the-art facility, originally dedicated in 1987 in memory of the late Woody Hayes, has been redesigned to improve the teaching environment and solidify the Buckeyes’ football practice facility as one of the nation’s best; and

WHEREAS the renovated Les Wexner Football Complex at the Woody Hayes Athletic Center will advance Ohio State’s athletic program and help attract and retain the best prospective student-athletes; and

WHEREAS Tina and Byron Trott have committed to provide significant contributions to the Department of Athletics through the Trott Family Foundation:

NOW THEREFORE
BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the practice football field and Super Bowl Wall in the Les Wexner Football Complex at the Woody Hayes Athletic Center be named The Harold Schumaker Family Football Field, and The Super Bowl Wall.

***

RE-NAMING OF FARMER FAMILY ART GALLERY
TO THE FARMER FAMILY GALLERY
Resolution No. 2012-26

Synopsis: The space located in Reed Hall on the Lima campus was named the Farmer Family Art Gallery on April 2, 2011, in recognition of Martha Farmer, who provided significant contributions to the Lima campus for over twenty years.

WHEREAS the Martha Farmer family wishes to provide more flexibility for the gallery to include a variety of forms of art; and

WHEREAS the family feels the new name would provide this flexibility:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned space be re-named the Farmer Family Gallery.

***

RE-NAMING OF THE JOHN A. PRIOR HEALTH SCIENCES LIBRARY TO PRIOR HALL
Resolution No. 2012-27

Synopsis: The building located at 376 West 10th Avenue on the Columbus campus was named The John A. Prior Health Sciences Library on June 2, 1988, in recognition of John A. Prior, faculty member and former dean of the College of Medicine.

WHEREAS the building is no longer used exclusively for a health sciences library; and

WHEREAS the building currently houses departments from other colleges as well as centers and offices:

NOW THEREFORE

BE IT RESOLVED, That in accordance with paragraph (F) of rule 3335-1-08 of the Administrative Code, the Board of Trustees approves that the aforementioned building be re-named Prior Hall.

***

DEGREES AND CERTIFICATES
Resolution No. 2012-28

Synopsis: Approval of Degrees and Certificates for autumn quarter is proposed.

WHEREAS pursuant to paragraph (E) of rule 3335-1-06 of the Administrative Code, the Board has authority for the issuance of degrees and certificates; and
WHEREAS the faculties of the colleges and schools shall transmit, in accordance with rule 3335-9-29 of the Administrative Code, for approval by the Board of Trustees, the names of persons who have completed degree and certificate requirements:

NOW THEREFORE

BE IT RESOLVED, That the degrees and certificates be conferred on December 11, 2011, to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the colleges and schools, and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

(See Appendix XVIII for background information, page 284.)

***

HONORARY DEGREES

Resolution No. 2012-29

Synopsis: The awarding of honorary degrees is recommended for approval.

WHEREAS the Committee on Honorary Degrees and the University Senate, pursuant to rule 3335-5-488 of the Administrative Code, have approved for recommendation to the Board of Trustees the awarding of honorary degrees as listed below:

Donald E. Kagan Doctor of Humane Letters
Douglas S. Massey Doctor of Social Science
Keith L. Moore Doctor of Science
Peter Nowell Doctor of Science

NOW THEREFORE

BE IT RESOLVED, That the above honorary degrees be awarded in accordance with the recommendation at a time convenient to the University and the recipient.

***

PERSONNEL ACTIONS

Resolution No. 2012-30

BE IT RESOLVED, That the personnel actions as recorded in the Personnel Budget Records of the University since the September 9, 2011, meeting of the Board, including the following Appointments, Reappointments, Appointments of Chairpersons/Director, Professional Improvement Leaves, Professional Improvement Leave, Change in Dates, Professional Improvement Leaves, Cancellation, Emeritus Titles, be approved.

Appointments

Name: HERBERT B. ASHER
Title: Senior Vice President
Office: Government Affairs
Term: October 1, 2011, through September 30, 2014

Name: CHRISTOPHER M. FAIRMAN
Title: Professor (The Moritz College of Law Alumni Society Designated Professorship in Law)
College: Moritz College of Law
Term: December 1, 2011, through November 30, 2016
November 4, 2011 meeting, Board of Trustees

Name: PETER E. LARSEN
Title: Professor (The Dr. Larry J. Peterson Endowed Professorship in Oral and Maxillofacial Surgery)
College: Dentistry
Term: October 1, 2011, through September 31, 2015

Reappointments

Name: CASEY W. HOY
Title: Professor (W. K. Kellogg Foundation-endowed chair in ecological management)
College: College of Food, Agricultural, and Environmental Sciences
Term: July 1, 2011, through June 30, 2016

Name: BOBBY D. MOSER
Title: Executive Dean
College: Professional Colleges
Term: October 1, 2011, through June 30, 2012

Name: KEITH L. SMITH
Title: Professor (The George R. and Genevieve B. Gist Endowed Chair in Ohio State University Extension)
Unit: Ohio State University Extension
Term: July 1, 2011, through June 30, 2016

Appointments of Chairpersons/Director

CAROLINE T. CLARK, Interim Director, School of Teaching and Learning, effective October 1, 2011, through August 31, 2012.

JOSEPH S. HOGAN, Interim Chair, Department of Animal Sciences, effective October 1, 2011, through September 30, 2012.

PAUL J. NINI, Chair, Department of Design, effective October 1, 2011, through July 31, 2013.

R. MARK SULC, Interim Chair, Department of Horticulture and Crop Science, effective September 1, 2011, through June 30, 2012.

Professional Improvement Leaves

GUO-LIANG WANG, Professor, Department of Plant Pathology, effective Autumn Quarter 2011 and Winter Quarter 2012.

CLAY H. SNELLER, Associate Professor, Department of Horticulture and Crop Science (Wooster), effective February 20, 2012, through June 8, 2012.

Professional Improvement Leave, Change in dates

MAURICE E. STEVENS, Associate Professor, Department of Comparative Studies, change from Autumn Quarter 2011, Winter Quarter and Spring Quarters 2012, to Winter Quarter and Spring Quarters 2012.

Professional Improvement Leave, Cancellation

GARY STEIGMAN, Professor, Department of Physics, effective Autumn Quarter 2011 and Winter Quarter 2012.
November 4, 2011 meeting, Board of Trustees

KWAKU L. KORANG, Associate Professor, Department of African American and African Studies, effective Autumn Quarter 2011 and Winter Quarter 2012.

EMERITUS TITLES

GARY A. ANDERSON, Agricultural Technical Institute, Administration, with the title Professor Emeritus, effective November 1, 2011.

LAWRENCE L. GABEL, Department of Family Medicine, with the title Professor Emeritus, effective November 1, 2011.

RICHARD P. GUNTER, Department of Political Science, with the title Professor Emeritus, effective January 1, 2012.

ROBERT L. HAMLIN, Department of Veterinary Biosciences, with the title Professor Emeritus, effective November 1, 2011.

ERIC HERBST, Department of Physics, with the title Professor Emeritus, effective November 1, 2011.

MARIA C. JULIA, College of Social Work, with the title Professor Emeritus, effective November 1, 2011.

STEPHEN A. KOFF, Department of Urology, with the title Professor Emeritus, effective January 1, 2012.

GREGORY W. GOOD, College of Optometry, with the title Professor, Clinical, effective January 1, 2012.

ROGER F. BENDER, Ohio State University Extension, with the title Associate Professor Emeritus, effective November 1, 2011.

TRISHA LEE DAVIS, University Libraries, with the title Associate Professor Emeritus, effective November 1, 2011.

LINDA S. HOUSTON, Agricultural Technical Institute, Administration, with the title Associate Professor Emeritus, effective November 1, 2011.

PHILIP R. KROLL, Agricultural Technical Institute, Administration, with the title Associate Professor Emeritus, effective November 1, 2011.

RANDALL C. REEDER, Department of Food, Agricultural and Biological Engineering, with the title Associate Professor Emeritus, effective November 1, 2011.

GARY W. WILSON, Ohio State University Extension, with the title Associate Professor Emeritus, effective November 1, 2011.

ALAN L. WOODS, Department of Theatre, with the title Associate Professor Emeritus, effective November 1, 2011.

HOWARD J. SIEGRIST, Ohio State University Extension, with the title Assistant Professor Emeritus, effective November 1, 2011.

***

RESOLUTIONS IN MEMORIAM Resolution No. 2012-31

Synopsis: Approval of Resolutions in Memoriam is proposed.
BE IT RESOLVED, That the Board of Trustees adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the families of the deceased.

William D. Ploughe

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on September 9, 2011, of William D. Ploughe, Associate Professor Emeritus in the Department of Physics.

Professor Ploughe held a Bachelor of Science in Education degree and a Master of Science degree in physics from Indiana University. He earned his Ph.D. degree in physics at Purdue University in 1961. Professor Ploughe was hired as an assistant professor in 1962, and was a professor of physics for 30 years, all at Ohio State, retiring in 1992 as Associate Professor Emeritus in the Department of Physics.

Professor Ploughe’s research interest for many years was nuclear physics. In the 1980s, he developed video analysis techniques for capturing motion, giving invited talks and workshops on the subject until long after he retired. He spent two years on leave at the U.S. Atomic Energy Commission (1966-68). For many years, Dr. Ploughe was coordinator of a conceptual physics course for nonscientists.

From 1991 until the mid-2000s, he co-taught an intensive summer course for teachers with Professor Alan Van Heuvelen. Ploughe was a dedicated teacher and researcher who expected and received excellent work from his students. Numerous students earned Ph.D. degrees under his supervision. Professor Ploughe was gifted with the ability to bring difficult topics to a level that his students could understand.

He was a member of the American Physical Society, the American Association of Physics Teachers (AAPT), the Southern Ohio Section of the American Association of Physics Teachers, and the Ohio Academy of Science. He served in numerous capacities for the AAPT including as president of the Southern Ohio Section and co-chair of the local host committee for the national summer meeting with Professor Gordon Aubrecht. Dr. Ploughe was awarded the Distinguished Service Citation of the American Association of Physics Teachers in 2002.

A lifelong Boy Scout, he served in many capacities for that organization throughout his life. He was Cub Master of Pack 333, and served as the institutional representative of Troops 65 and 365 for Worthington United Methodist Church. In 1983, Ploughe was presented the Silver Beaver award by the former Boy Scout Central Ohio Council. For a number of years he was the Canoe Clinic coordinator for the Council, which included teaching summer workshops on canoeing for the Simon Kenton Council of the Boy Scouts. Dr. Ploughe was an active member of Worthington United Methodist Church and a long-term member of the Worthington Optimist Club, where he served as secretary-treasurer for some years.

On behalf of the University community, the Board of Trustees expresses to the family of Associate Professor Emeritus William D. Ploughe its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board’s heartfelt sympathy.

William M. Shaw

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on August 28, 2011, of William M. Shaw, Assistant Professor Emeritus in the Ohio State University Extension.
November 4, 2011 meeting, Board of Trustees

Professor Shaw was born in 1921, in Sarahsville, Ohio. He enlisted in the U.S. Army Air Corps in 1942 and was assigned as the flight engineer and top turret gunner on the crew of a B-17 bomber. He was awarded the Distinguished Flying Cross and the Air Medal with Oak Leaf Cluster during his service.

He earned a Bachelor of Science in Agriculture degree in 1953 and a Master of Science degree in 1971 in rural sociology, both from The Ohio State University.

His OSU Extension career began in April 1953 when he was appointed associate county extension agent in Belmont County. In 1957, he became the county extension agent, agriculture in Monroe County and in 1963 became an area extension agent, community resource development. He remained in this position until his retirement in August 1980.

Mr. Shaw helped organize and conduct land use educational meetings in nearly every county in Ohio and the report from these meetings was shared with over 1,100 landowners. Bill developed the first Manpower Development and Training Act School for Heavy Equipment Operators in Ohio. This training was recognized statewide and over 200 men were given training which enabled them to obtain employment.

He was instrumental in developing and conducting an industrial development workshop for community leaders in southeastern Ohio that taught community leaders how to assist existing industry and how to attract new industry to their community. He planned and conducted tax structure workshops in 12 Ohio counties. He helped groups and individuals develop a farm vacation industry in southeastern Ohio, using his considerable talents to motivate local leaders to improve the economic environment of their counties. Bill was a member of the Ohio Cooperative Extension Agents Association and provided leadership to many Extension committees within Ohio State and in his local community.

Bill was a 32nd degree Mason, an Aladdin Shriner and a member of Ruritan National, Rotary International, and Kiwanis International. After retirement, Professor Shaw moved back to the family farm and opened it for friends every year for deer hunting. He had an avid interest in collecting knives and watches and in communicating with friends on shortwave radio. He also maintained woodland trails on his farm for all his children, grandchildren, and great-grandchildren to explore. He continued to maintain those trails up until the time of his death.

On behalf of the University community, the Board of Trustees expresses to the family of Assistant Professor Emeritus William M. Shaw its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board’s heartfelt sympathy.

Donald G. Young, Sr.

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on October 13, 2011, of Donald G. Young, Sr., Assistant Professor Emeritus in the Ohio State University Extension.

Professor Young was born in 1923 and graduated from Marietta (Ohio) High School. He served in the U.S. Army during WWII as a lieutenant in the Field Artillery/Engineering Corps.

He earned a Bachelor of Science in Agriculture in 1950 and a Master of Science in agricultural education in 1965, both from The Ohio State University.

His OSU Extension career began in June 1955 when he was appointed associate county extension agent in Pike County. In 1956 he became the associate county extension agent in Athens County, and in 1957 moved to Hocking County as the county agriculture agent. He remained there until his retirement in July 1975.
Mr. Young’s work with agriculture and community and natural resource development programs helped many Ohioans during his Extension career. In addition to working with the agricultural community, he worked with the 4-H youth educational programs and served this aspect of Extension in both teaching and community recruitment.

Don served on the Hocking Technical College Board of Trustees and the Logan City School Board. He was a member of Maple Grove United Methodist Church and belonged to the American Legion and the Kiwanis Club.

On behalf of the University community, the Board of Trustees expresses to the family of Assistant Professor Emeritus Donald G. Young, Sr. its deepest sympathy and sense of understanding of their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the Board’s heartfelt sympathy.

Establishment of Named Endowed Professorship

The Dr. Larry J. Peterson Endowed Professorship in Oral and Maxillofacial Surgery

The Dr. Larry J. Peterson Endowed Professorship Fund in Oral and Maxillofacial Surgery was established March 5, 2004, by the Board of Trustees of The Ohio State University with gifts from alumni, faculty, and friends in honor of Dr. Larry J. Peterson. The funding level was reached and the professorship was established November 4, 2011.

The annual distribution from this fund shall be used to provide salary and program support to a distinguished faculty member in the Section of Oral and Maxillofacial Surgery in the College of Dentistry. Appointment to the professorship shall be recommended to the executive vice president and provost by the dean of the College of Dentistry in consultation with the Section head. The Board of Trustees shall approve the appointment.
In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Dentistry in consultation with the head of the Section of Oral and Maxillofacial Surgery.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University's Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the donors, if possible, and from the dean of the College of Dentistry, who will in turn consult with the head of the Section of Oral and Maxillofacial Surgery.

Amount Establishing Professorship: $766,212.00 (grandfathered)

Establishment of Named Designated Professorship

The Moritz College of Law Alumni Society Designated Professorship in Law

The Moritz College of Law Alumni Society Designated Professorship in Law at the Moritz College of Law was established November 4, 2011, by the Board of Trustees of The Ohio State University with gifts from The Moritz College of Law Alumni Society.

Appointment to the professorship for each five-year term will be recommended by the dean of The Michael E. Moritz College of Law to the executive vice president and provost and the Board of Trustees for their approval. The fund is renewable pending additional funding at the end of the five-year commitment. The designated professorship holder may be reappointed to another term following favorable assessment of the holder's academic and research performance and accomplishments during an appointment.

Amount Establishing Professorship: $42,500.00 per year for 5 years

Establishment of Named Endowed Fund

The Utzinger Memorial Garden Fund

The Utzinger Memorial Garden Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University with gifts from the Utzinger Family, Farm Science Review Alumni Association, friends, garden enthusiasts, and businesses associated with the Farm Science Review in memory of Dr. James (Jim) Utzinger, former faculty member in the Department of Horticulture and Crop Science.

The annual distribution from this fund shall be used to maintain and improve the Utzinger Memorial Garden at the Molly Caren Agricultural Center. Expenditures shall be recommended by the manager of the Farm Science Review and approved by the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment
November 4, 2011 meeting, Board of Trustees

principal at the discretion of the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences.

Amount Establishing Endowment: $25,895.00 (grandfathered)

Change in Description of Named Endowed Funds

The Andersons Agricultural Research Fund

The Andersons Agricultural Research Fund was established December 29, 1965, by the Board of Trustees of The Ohio State University with gifts from The Andersons, a family partnership in Maumee, Ohio, now incorporated as a publicly-traded company, and the Anderson Foundation of Toledo, Ohio. The description was revised November 4, 2011.

The Andersons, Inc. was founded in 1947 in Maumee, Ohio, by Margaret and Harold Anderson and their children. Its original premise was to assist regional farmers in bringing their grain to market. It has grown to be a diversified company with interests in the grain, ethanol, and plant nutrient sectors of U.S. agriculture, as well as in railcar leasing and repair, turf products production, and general merchandise retailing. The company has operations in 15 U.S. states and Puerto Rico, plus rail equipment leasing interests in Canada and Mexico.

The annual distribution from this fund shall be used to support projects, programs, and activities that underpin a strong ag-bioscience industrial sector with the goal of benefiting society, promoting economic development, and encouraging public-private partnerships. Agbioscience encompasses production, distribution and handling, processing, material flow, storage, processes, products, co-products, and other uses while balancing environmental and social considerations. In addition, it recognizes the essential role that science plays in agriculture-based value chains.

Primary use of this fund shall include but not be limited to competitive research grants, educational programs, and awards in recognition of the accomplishments of individuals and groups who have excelled in the agbioscience arena. Preference shall be given to projects, programs, and activities that originate in and benefit the Midwestern United States. Secondly, no more than 15% of the annual distribution may be used for administrative and operational expenses in order to meet the goals of the fund. Such expenses may be associated with the selection of grant recipients and with the selection of award recipients.

Recipients of competitively-awarded research grants and of professional recognition awards shall be selected by committees, established for said purposes, in accordance with guidelines established by the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences, and the director of the Ohio Agricultural Research and Development Center (OARDC) in consultation with the donors.
In any given year that the endowment distribution is not fully used for its intended purposes, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences in consultation with the director of the OARDC.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contributions as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the donor, if possible, and from the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences in consultation with the director of the OARDC.

The Boys’ and Girls’ Clubs of Columbus Scholarship Fund

The Boys’ Clubs of Columbus Scholarship Fund was established May 15, 1958, by the Board of Trustees of The Ohio State University with gifts from the Boys’ Clubs of Columbus. The name and description were revised September 6, 1991. The description was further revised November 4, 2011.

The annual distribution from this fund shall be used for undergraduate scholarships for students attending the Columbus campus or any of the satellite campuses. Eligible candidates must be members of the Boys’ and Girls’ Clubs, including students who attended the Salesian Boys’ and Girls’ Clubs of Columbus, provided they can provide proof of membership. Scholarships are renewable provided the recipients perform five hours of community service per quarter (or semester) at a Boys’ and Girls’ Club.

Selection of the award recipients shall be made by the Scholarship Committee of The Boys’ and Girls’ Clubs of Columbus in consultation with the University’s Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully expended, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the Office of Student Financial Aid in consultation with the donor.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making
November 4, 2011 meeting, Board of Trustees

this alternate designation, the Boards shall seek advice from a representative of the donor, if possible, and from the director of the Office of Student Financial Aid.

The Fuller Conservation Endowment Fund

The Fuller Conservation Endowment Fund was established April 5, 1991, by the Board of Trustees of The Ohio State University with gifts from J. Osborn Fuller, Professor Emeritus, Geological Sciences. The description was revised November 4, 2011.

The annual distribution shall be used to support research by the School of Earth Sciences directed toward hydrological and/or surficial geological restoration of a landscape after human disturbance, with preference for but not limited to, research conducted at the site southeast of Zanesville, Ohio, known as “The Wilds” (legal name being the “International Center for the Preservation of Wild Animals”). Expenditures from this fund shall be recommended by the director of the School of Earth Sciences and approved by the executive dean of the College of Arts and Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the executive dean of the College of Arts and Sciences.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the executive dean of the College of Arts and Sciences in consultation with the director of the School of Earth Sciences.

Change in Name and Description of Named Endowed Funds

The Alumnae Scholarship House (ASH) Anniversary Scholarship Fund

The Alumnae Scholarship House (ASH) Fiftieth Anniversary Scholarship Fund was established March 3, 1995, by the Board of Trustees of The Ohio State University with gifts from the Scholarship House Alumnae. The name and description were revised November 4, 2011.

The annual distribution from this fund shall be used to provide scholarships to students in the ASH Program. In the event the ASH Program ceases to exist, the scholarships shall be given to candidates with a grade point average similar to that required by the ASH Program who demonstrate high character and financial need. It is the donors’ desire that the scholarships be awarded in furtherance of the diversity mission with particular attention to, but not limited to, female students who have been accepted for admission at the University. Scholarships shall be awarded in consultation with the Office of Student Financial Aid.

The Ohio State University's mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.
In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the ASH Program.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from a representative of the donors, if possible, and from the director of the ASH Program and the Office of Student Financial Aid.

The Association of American Editorial Cartoonists (AAEC)/John Locher Memorial Fund

The Association of American Editorial Cartoonists (AAEC)/John Locher Memorial Award Fund was established June 2, 1995, by the Board of Trustees of The Ohio State University with gifts from family and friends of John Locher and members of the AAEC. The description was revised February 6, 2009. The name and description were revised November 4, 2011.

The annual distribution from this fund shall primarily provide an annual award to encourage student editorial cartoonists. Award recipients shall be selected by the AAEC board through a judging committee. Remaining funds from the annual distribution may be used by the Billy Ireland Cartoon Library and Museum to support and promote editorial cartooning. All expenditures from the fund shall be credited to the AAEC/John Locher Memorial Fund.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the University Libraries in consultation with the curator of the Billy Ireland Cartoon Library and Museum.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the director of the University Libraries in consultation with the curator of the Billy Ireland Cartoon Library and Museum.
November 4, 2011 meeting, Board of Trustees

Establishment of Named Endowed Funds

The Marjorie Fawcett Scholarship Fund

The Marjorie Fawcett Scholarship Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Jane Fawcett Hoover.

The annual distribution from this fund shall provide one non-renewable, need-based scholarship for a first-year undergraduate student who has been admitted to the Columbus campus. To qualify, candidates must be residents of Akron, Ohio. Preference shall be given to candidates who have qualified for a student loan. It is the donor’s desire that the scholarship be awarded with particular attention to, but not limited to, a female student. The scholarship shall be used for expenses such as the cost of tuition, room and board, books and supplies, and/or miscellaneous expenses. Scholarship recipients shall be selected by the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the vice provost for Undergraduate Studies and dean of Undergraduate Education.

Amount Establishing Endowment: $150,000.00

The Novice Fawcett Scholarship Fund

The Novice Fawcett Scholarship Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Jane Fawcett Hoover.

The annual distribution from this fund shall provide one non-renewable, need-based scholarship for a first-year undergraduate student who has been admitted to the Columbus campus. To qualify, candidates must be residents of Gambier, Ohio. If there are no candidates from Gambier, Ohio, residents from the following Ohio towns shall be considered: Mount Vernon, Utica, Danville, Centerburg, or Fredericktown. Preference shall be given to candidates who have qualified for a student loan. The scholarship shall be used for expenses such as the cost of tuition, room and board, books and supplies, and/or miscellaneous expenses. Scholarship recipients shall be selected by the Office of Student Financial Aid.
November 4, 2011 meeting, Board of Trustees

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the vice provost for Undergraduate Studies and dean of Undergraduate Education.

Amount Establishing Endowment: $150,000.00

Advanced Studies in Gerontology Nursing Fund

The Advanced Studies in Gerontology Nursing Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from the Columbus Alzheimer’s Treatment and Research Institute.

The annual distribution from this fund shall support scholarships for full-time graduate students enrolled in the College of Nursing who demonstrate academic merit, financial need, and an interest in working in the area of gerontology with aging and/or adult populations. Recipients shall be selected by the College’s dean in consultation with the University’s Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, if possible, and from the dean of the College of Nursing.

Amount Establishing Endowment: $125,000.00
The Dr. William R. Williams Endowed Fund for the Improvement of Teacher Education

The William R. Williams Endowed Fund for the Improvement of Teacher Education was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from the estate of Dr. William R. Williams (Ph.D. 1970).

After earning his Ph.D. in education at The Ohio State University, Dr. Williams served as a member of the faculty in teacher education, focused on the student teaching experience, at The University of Georgia and The Citadel.

The annual distribution from this fund shall be used at the discretion of the dean of the College of Education and Human Ecology to improve teacher education through research and/or facility improvement.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Education and Human Ecology.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, if possible, and from the dean of the College of Education and Human Ecology.

Amount Establishing Endowment: $103,837.20

The John W. Villacres Scholarship Fund to Honor SGM Robert and Georgia Ann Smith

The John W. Villacres Scholarship Fund to Honor SGM Robert and Georgia Ann Smith was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from John W. Villacres (B.S. in Aviation 1987), planned gifts from the estate of Sergeant Major Robert Smith, and gifts from other friends and family members in honor of SGM Robert Smith.

The annual distribution from this fund shall be used to provide scholarships each year to students enrolled in the Army ROTC program at The Ohio State University. The fund will be administered annually by the Office of Student Financial Aid and the professor of Military Science and the cadre from the Office of Military Science. Any unused annual distribution shall be reinvested to the endowment principal.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.
November 4, 2011 meeting, Board of Trustees

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors, if possible, and from the Offices of Military Science and Student Financial Aid.

Amount Establishing Endowment: $101,287.63

The Charles and Barbara Webb Family Scholarship Fund

The Charles and Barbara Webb Family Scholarship Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Charles R. and Barbara Webb of Powell, Ohio, and Naples, Florida.

The annual distribution from this fund shall provide a scholarship to an undergraduate student entering The Max M. Fisher College of Business. Scholarship recipients shall be selected by the College’s director of the Undergraduate Program in consultation with the University’s Office of Student Financial Aid. The student may receive other sources of financial support but this scholarship will be the only donor-named scholarship awarded from the Fisher College of Business. The scholarship is renewable as long as the recipient is enrolled in the Fisher College of Business.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Fisher College of Business.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donors or their representatives and as recommended by the dean of the Fisher College of Business.

Amount Establishing Endowment: $71,231.51

The Robert J. Freedy MD and Lucy R. Freedy MD Endowed Cardiovascular Education Fund

The Robert J. Freedy MD and Lucy R. Freedy MD Endowed Cardiovascular Education Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift made in memory of Dr. Robert J. Freedy (M.D. 1960) from his wife, Dr. Lucy R. Freedy, of Columbus, Ohio.

At OSU, Dr. Lucy Freedy completed internship training in internal medicine (1957-59), residency training in diagnostic radiology (1979-82), and a fellowship in nuclear medicine (1982-83). She then began a faculty career in the Department of Radiology in 1983. She became Associate Professor-Clinical Emeritus in 2005.
The annual distribution from this fund shall support education of house staff, residents, fellows and/or medical students in the Division of Cardiovascular Medicine in The Richard M. Ross Heart Hospital and in the OSU Heart and Vascular Center including but not limited to lectureships and other education programs. Allocation of distribution shall be made by the director of the Division of Cardiovascular Medicine in consultation with the director of the OSU Heart and Vascular Center and the dean of the College of Medicine.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the director of the Division of Cardiovascular Medicine in consultation with the director of the OSU Heart and Vascular Center and the dean of the College of Medicine.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, if possible, and as recommended by the director of the Division of Cardiovascular Medicine in consultation with the director of the OSU Heart and Vascular Center and the dean of the College of Medicine.

Amount Establishing Endowment: $50,000.00

Dr. Walter G. Venzke Endowed Scholarship Fund

The Dr. Walter G. Venzke Endowed Scholarship Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts in his memory from his former students.

The annual distribution from this fund shall provide scholarship support for students enrolled in the College of Veterinary Medicine. Scholarship recipients shall be selected by the College’s dean in consultation with the Office of Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Veterinary Medicine.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the
need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the dean of the College of Veterinary Medicine.

Amount Establishing Endowment: $29,975.31 (grandfathered)

**Peter W. Spike Dairy Judging Endowment Fund**

The Peter W. Spike Dairy Judging Endowment Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from colleagues and friends of Dr. Peter W. Spike, Associate Professor Emeritus in the Department of Animal Sciences, to honor his career at The Ohio State University.

The annual distribution from this fund shall be used to support the collegiate dairy judging program in the Department of Animal Sciences in the College of Food, Agricultural, and Environmental Sciences. Funds also may be used to support the Ohio 4-H Dairy Program. Expenditures shall be approved by the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences in consultation with the chairperson of the Department of Animal Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the vice president for Agricultural Administration and executive dean of Food, Agricultural, and Environmental Sciences, in consultation with the chairperson of the Department of Animal Sciences.

Amount Establishing Endowment: $25,054.92 (grandfathered)

**The John F. Schuller Scholarship Fund**

The John F. Schuller Scholarship Fund was established November 4, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Dr. William O. Schuller (B.S. in Optometry 1965) in honor of his brother who suffers from a visual impairment.

The annual distribution from this fund shall provide scholarships to students enrolled in the College of Optometry who demonstrate leadership, clinical skills, and academic merit. Scholarship recipients shall be selected by the College’s dean or his/her designee in consultation with the University’s Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.
In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the College of Optometry.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the donor, if possible, and from the dean of the College of Optometry.

Amount Establishing Endowment: $25,000.00 (grandfathered)

Change in Name of Named Endowed Funds

Dr. Gregory W. Good Scholarship Fund

The Optometric Educators Scholarship Fund was established February 11, 2011, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Optometric Educators Inc. The name was revised November 4, 2011.

The annual distribution from this fund shall provide a scholarship to a professional student in the College of Optometry for the best qualified applicant. The College’s Admissions Committee will select scholarship recipients at its discretion and coordinate these scholarships with the University’s Office of Student Financial Aid.

The University may modify any selection criteria should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donor, should one be available, and from the dean of the College of Optometry.

The Schumaker Trott Athletic Scholarship Fund

The Tina and Byron Trott Endowed Scholarship Fund was established February 2, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from
November 4, 2011 meeting, Board of Trustees

Tina S. Trott (B.S., 1984) and Byron D. Trott, of Glencoe, Illinois. The name was revised November 4, 2011.

The annual distribution from this fund shall be used to supplement the grant-in-aid scholarship costs of an intercollegiate student-athlete pursuing an undergraduate degree at The Ohio State University. Preference will be given to a student-athlete with a cumulative grade point average (GPA) of 3.00 or higher. The recipient shall be selected by the director of Athletics in consultation with the Office of Student Financial Aid.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation’s Board of Directors and the University’s Board of Trustees. In making this alternate designation, the Boards shall seek advice from the director of Athletics.

Closure of Named Endowed Funds

Will Eisner Endowment Fund for the Cartoon Research Library

The Will Eisner Endowment Fund for the Cartoon Research Library was established March 2, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts in memory of Will Eisner from his wife Ann Eisner, family, and friends. The fund was closed November 4, 2011.

The Shirley and Harold Schumaker Endowed Scholarship Fund

The Shirley and Harold Schumaker Endowed Scholarship Fund was established February 2, 2007, by the Board of Trustees of The Ohio State University in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Tina S. Trott (B.S. 1984) and Byron D. Trott, of Glencoe, Illinois. The fund was closed November 4, 2011.

AUTHORIZATION FOR ESTABLISHMENT OF A NEW UNIVERSITY AFFILIATE
OSU INDIA GATEWAY, LTD.

Resolution No. 2012-34

Synopsis: Authorization to establish a new affiliate to facilitate The Ohio State University’s activities and operations in India is recommended.

WHEREAS the Board of Trustees adopted the Policy on Affiliated Entities in June 2008 to provide a uniform framework for the establishment and operation of separate entities that are closely affiliated with The Ohio State University (hereinafter “Ohio State” and/or “University”), ensure that such entities serve the best interests of the University, and provide for continuing appropriate oversight by the University and the Board; and

WHEREAS the President and the Provost have recommended that a new affiliate, OSU India Gateway, Ltd., a subsidiary of OSU Global Gateways, LLC, as more fully described in the accompanying materials, be established in furtherance of Ohio State’s commitment to become a global university and to provide the institutional basis to create new partnerships, develop innovative ideas, and make lasting connections in India to the benefit of students, faculty, and alumni of Ohio State and its Indian partners; and

WHEREAS the creation of this Affiliated Entity in support of our planned academic, advancement, and outreach activities is necessary to ensure compliance with Indian law:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby authorizes the establishment of the affiliated entity OSU India Gateway, Ltd. (hereinafter “India Gateway”), and authorizes and directs the President and/or Senior Vice President for Business and Finance and Chief Financial Officer, in consultation with other University officials as appropriate, to perform such actions and execute such documents as may be necessary or desirable to effect the establishment of this entity; and

BE IT FURTHER RESOLVED, That in accordance with the Policy on Affiliated Entities, the Executive Vice President and Provost is hereby designated as the senior University official charged with oversight of this entity and that OSU India Gateway shall report periodically to the University and Board of Trustees through the designated senior oversight official; and

BE IT FURTHER RESOLVED, That the relationship between the University and OSU India Gateway shall be memorialized through a memorandum of agreement and that the entity shall operate in accordance with the Policy on Affiliated Entities, the memorandum of agreement, and the entity’s approved business plan; and
BE IT FURTHER RESOLVED, That as appropriate and as directed, Trustees, officers, and employees of The Ohio State University are hereby authorized, designated, and directed to serve as directors, managers, officers, employees, and agents of OSU India Gateway, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which Trustees, officers, and employees of the University now are, or hereafter may become, entitled.

APPROVAL TO AMEND AND RESTATE THE OHIO PUBLIC HIGHER EDUCATION INSTITUTIONS’ ALTERNATIVE RETIREMENT PLAN

Resolution No. 2012-35

Synopsis: Authorization to amend and restate the Ohio Public Higher Education Institutions’ Alternative Retirement Plan (the “Volume Submitter Plan”), and authorization for adopting future changes to the Volume Submitter Plan is proposed.

WHEREAS the University is the volume submitter sponsor of the Volume Submitter Plan; and

WHEREAS the University has the authority to amend and restate the Volume Submitter Plan on behalf of all adopting employers; and

WHEREAS the University, as the volume submitter sponsor, desires to amend the Volume Submitter Plan to comply with the Internal Revenue Code and other applicable laws, regulations and administrative authority and to make certain administrative changes; and

WHEREAS the University desires to submit the amended and restated Volume Submitter Plan to the Internal Revenue Service (“IRS”) for an advisory letter on the acceptability of the Volume Submitter Plan:

NOW THEREFORE

BE IT RESOLVED, That an amendment and restatement of the Volume Submitter Plan, in substantially the form of the report entitled Ohio Public Higher Education Institutions’ Alternative Retirement Plan, be and hereby is adopted; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer, in consultation with the Office of Human Resources and the Office of Legal Affairs, is hereby authorized and empowered to make any necessary changes to the amendment and restatement of the Volume Submitter Plan as may be required to ensure compliance with applicable laws and regulations, currently in effect or as hereinafter amended, without further ratification or action by the Board of Trustees; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer, in consultation with the Office of Human Resources and the Office of Legal Affairs, is authorized to perform such acts as deemed necessary and advisable to effectuate or carry out the purpose and intent of this resolution and to submit the Volume Submitter Plan to the IRS, including making any changes to the Volume Submitter Plan as may be required to ensure compliance with applicable laws and regulations, without further ratification or action by the Board of Trustees; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer is hereby authorized to execute any other instruments, documents or conveyances necessary to effectuate the amendment and restatement of
November 4, 2011 meeting, Board of Trustees

the Volume Submitter Plan and the submission of the Volume Submitter Plan to the IRS by no later than January 31, 2012.

(See Appendix XII for background information, page 215.)

APPROVAL TO AMEND THE OHIO STATE UNIVERSITY ALTERNATIVE RETIREMENT PLAN

Resolution No. 2012-36

Synopsis: Authorization to amend the University’s Alternative Retirement Plan (the “Plan”) regarding compliance with the requirements of the Pension Protection Act of 2006 (“PPA”), the Heroes Earnings Assistance and Relief Tax Act of 2008 (“HEART”), the Worker, Retiree, and Employer Recovery Act of 2008 (“WRERA”) and other applicable laws, regulations and administrative authority, and authorization for adopting future amendments to the Plan is proposed.

WHEREAS the Board of Trustees originally adopted the Plan, effective February 5, 1999; and

WHEREAS the University amended and restated the Plan, effective as of January 1, 2002; and

WHEREAS the University has the ability to amend the Plan from time to time; and

WHEREAS the University desires to amend the Plan to comply with PPA, HEART, WRERA and other applicable laws, regulations and administrative authority; and

WHEREAS further amendments to the provisions of the Ohio Revised Code and the Internal Revenue Code affecting the Plan may require technical, non-discretionary amendments to the Plan document or other ancillary documents for the Plan in the future; and

WHEREAS the University now desires to formally adopt a more efficient procedure for addressing technical amendments to the Plan which may become necessary in the future.

NOW THEREFORE

BE IT RESOLVED, That the amendment to the Plan, in substantially the form of the report entitled Amendment to The Ohio State University Alternative Retirement Plan, be and hereby is adopted effective as stated therein; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer is hereby authorized to execute the amendment to the Plan and any other agreements, certificates, instruments, documents, or conveyances necessary to effectuate the amendment to the Plan; and

BE IT FURTHER RESOLVED, That if, in the future, further amendments to the Plan (or to any other ancillary documents for the Plan) of a technical or non-discretionary nature become necessary to either: (1) secure or maintain compliance with federal tax laws; or (2) conform to amendments of the governing provisions of the Ohio Revised Code, then the Senior Vice President for Business and Finance and Chief Financial Officer, in consultation with the Office of Human Resources and the Office of Legal Affairs, is hereby authorized to take such actions and execute such documents as are necessary to effectuate such amendments and ancillary documents, without further review or resolution by the Board of Trustees; and
BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer in carrying out this resolution, in consultation with the Office of Human Resources and the Office of Legal Affairs, is hereby authorized and empowered to make any necessary changes to the amendment to the Plan as may be required to ensure compliance with the applicable and effective provisions of PPA, HEART and WRERA, and any related rules and regulations, currently in effect or as hereinafter amended, and to take such further action as may be necessary or available to implement this resolution without further ratification or action by the Board of Trustees.

(See Appendix XIII for background information, page 262.)

APPROVAL OF THE AMENDMENT OF THE OHIO STATE UNIVERSITY SUPPLEMENTAL QUALIFIED RETIREMENT PLAN, RENAMED THE RETIREMENT CONTINUATION PLAN

Resolution No. 2012-37

Synopsis: Approval of the amendment of The Ohio State University Supplemental Qualified Retirement Plan, renamed The Ohio State University Retirement Continuation Plan ("Plan"), as amended and restated effective as of January 1, 2011, and authorization for adopting future amendments to the Plan is proposed.

WHEREAS the Board of Trustees originally adopted the Plan effective July 1, 2001; and

WHEREAS the Board of Trustees amended and restated the Plan effective as of January 1, 2011, and subsequently amended the Plan effective as of July 1, 2011; and

WHEREAS under Section 11.01 of the Plan, the Board of Trustees has the authority to amend the Plan from time to time; and

WHEREAS the University desires to amend the Plan to comply with applicable laws, regulations, and administrative authority and to make certain administrative changes:

NOW THEREFORE

BE IT RESOLVED, That the amendment to the Plan, in substantially the form of the report entitled Second Amendment to the Amended and Restated Ohio State University Retirement Continuation Plan, be and hereby is adopted effective as of January 1, 2012; and

BE IT FURTHER RESOLVED, That the Senior Vice President for Business and Finance and Chief Financial Officer is hereby authorized to execute the amendment to the Plan and any other agreements, certificates, instruments, documents, or conveyances necessary to effectuate or carry out the purpose and intent of this resolution; and

BE IT FURTHER RESOLVED, That if, in the future, further amendments to the Plan (or to any other ancillary documents for the Plan) of a technical or non-discretionary nature become necessary to secure or maintain compliance with federal tax laws, then the Senior Vice President for Business and Finance and Chief Financial Officer, in consultation with the Office of Human Resources and the Office of Legal Affairs, is hereby authorized to take such actions and execute such documents as are necessary to effectuate such amendments and ancillary documents, without further review or resolution by the Board of Trustees.

REAPPOINTMENTS TO THE SELF-INSURANCE BOARD
Resolution No. 2012-38

Synopsis: Reappointment of members to the Self-Insurance Board is proposed.

WHEREAS the Board of Trustees directed that a Self-Insurance Board be established to oversee the University Self-Insurance Program; and

WHEREAS the Board of Trustees on December 6, 2002, approved the expansion of the University Self-Insurance Program to include the faculty physicians and their clinical staff who are employees of Ohio State University Physicians, Inc.; and

WHEREAS all members of the Self-Insurance Board are appointed by The Ohio State University Board of Trustees upon recommendation of the President; and

WHEREAS members R. Reed Fraley, Dimon R. McFerson, Hagop Mekhjian, M.D. and Gary Katz, M.D. have served continuously since their original appointments; and

NOW THEREFORE

BE IT RESOLVED, That the following individuals be reappointed as members of the Self-Insurance Board effective May 1, 2011, for the terms specified below:

R. Reed Fraley, term ending April 30, 2013 (reappointment)
Dimon R. McFerson, term ending April 30, 2013 (reappointment)
Hagop Mekhjian, M.D., term ending April 30, 2013 (reappointment)
Gary Katz, M.D., term ending April 30, 2013 (reappointment)

BE IT FURTHER RESOLVED, That the appointment of each member entitles the member to any immunity, insurance or indemnity protection to which officers and employees of the University are, or hereafter may become, entitled.

SALE OF REAL ESTATE

Resolution No. 2012-40

VACANT LAND, 17.7 ACRES
EITERMAN ROAD, DUBLIN, OHIO

Synopsis: Authorization is requested to sell vacant land owned by The Ohio State University and titled in the name of The Ohio State University Board of Trustees, consisting of approximately 17.7 acres located on the south side of Eiterman Road, Dublin, Ohio to the City of Dublin.

WHEREAS this real property has been declared excess to Ohio State’s immediate and long term needs and the real property is considered a disposable asset; and

WHEREAS Ohio State has received a proposal from the City of Dublin to enter into a purchase agreement to acquire the property from Ohio State with a purchase price of $100,500 per acre, which price is within 10% of the two (2) appraisals of the property which were obtained by Ohio State; and

WHEREAS the appropriate Ohio State offices have determined that the sale of this real property is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Senior Vice President for Business and Finance be authorized, subject to terms of this resolution, to negotiate, execute, acknowledge and deliver any agreements, instruments, certificates and other documents to sell and convey the real property consisting of approximately 17.7 acres of vacant land, located on Eiterman Road, Dublin, Ohio, to the City of Dublin, or its acceptable assigns, upon such additional terms and conditions deemed to be in the best interest of Ohio State.

(See Appendix XVI for background information, page 281.)

ACCEPTANCE OF THE GIFT OF REAL PROPERTY

Resolution No. 2012-41

2.5 ACRES OF IMPROVED LAND
POWELL, OHIO
Synopsis: Acceptance of the gift of 2.5 acres of improved real property in Powell, Ohio is proposed.

WHEREAS Steven S. and Barbara B. Fishman are the owner of approximately 2.5 acres of improved property located in Powell, Ohio and desire to make a gift of property to The Ohio State University; and

WHEREAS this property has been appraised at values of $850,000 and $880,000 and the appropriate University offices have determined that acceptance of this gift is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That this property be accepted as a gift to The Ohio State University from Steven S. and Barbara B. Fishman, and that the President and/or Senior Vice President for Business and Finance be authorized to acquire title to this property in the name of the Board of Trustees of The Ohio State University, upon such terms and conditions deemed to be in the best interest of the University.

(See Appendix XVII for background information, page 283.)

***

Upon motion of Judge Marbley, seconded by Mrs. Kass, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Trustees Wexner, O'Dell, Shumate, Hicks, Fisher, Schottenstein, Brass, Marbley, Kass, Reid, Jurgensen, Wadsworth, and Kellogg.

***

Mr. Wexner:

I thought before we adjourn, we could go around the table, maybe start ladies first at the end with you, Evann. Any comments, feedback?

Ms. Heidersbach:

I was thinking about this last night, just kind of reflecting on the day, going through the committee meetings, and thinking about what I heard the reports say and I related it to a class that I was in for my public affairs major. There is this theory in public policy that there are these streams. There is a political stream, a policy stream, and a problem stream or something like that; all of these streams at one point converge and that is where the policy window opens and that is the ideal opportunity to make change, and I think that is kind of where we are right now. Our streams are converging and we are at that window. I think that we are really taking advantage of that and it is just exciting to hear everything that is going on.

Dr. Cloyd:

Hard act to follow. Well stated. I think we have been engaged in extraordinarily intensive planning over the last twelve to eighteen months while still moving some things forward and I think we are now very well prepared to really explosively accelerate our progress towards the goals we want and it is just going to be very, very exciting.

Mr. Kellogg:

I would just echo Evann's comments, just the positive momentum, convergence, tremendous meetings, and we are headed in a great direction.
November 4, 2011 meeting, Board of Trustees

Mr. Jurgensen:

It was a great couple of days. It has been a great couple of days the last number of meetings. Each time we had a significant pile of accomplishment and I appreciate the idea of gaining traction, particularly on the planning front. We are gaining traction on a lot of fronts, but I think Trustees are going to walk away from this meeting probably feeling better about where that is than they have before.

In the spirit of what would make it even more effective, I think, would be just reminding ourselves that in strategy, the simplest place to get agreement is at the highest altitude and as you go from up here down to the ground where execution lives, then the discipline of the thinking, the discipline of the analysis, the discipline of the language we use will need to become more exact and more refined. Some of the words that we toss around at the idea level of strategy are appropriate at that altitude, but they will not be as appropriate when you are down at the ground level of execution, world class, unsurpassed, those kinds of words because they certainly cannot be measured easily. I think this next part of the process will be very telling as we go from the altitude of good ideas down to the sea level of execution.

Mrs. Kass:

I thought it was a wonderful two days. I think we are getting focused. I think that we are working together and rowing together and I think that speaks well of the future. I thought it was particularly exciting to see the Medical Center in progress with our hard hats. I think that everyone is doing some excellent work and I feel energized.

Mr. Schottenstein:

I agree with everything that has been said and it has been said really well. Great two days. I feel like the meetings are all very, very inspiring and meaningful and. Mr. Chairman, you remind us constantly about how important and serious our work is. It truly is and there are so many things that are special. If I can just single one out: the event this past week of putting Stefanie Spielman's name on the Comprehensive Breast Center was one of the more emotional events that I have attended in the last number of years at Ohio State and it is just a great time to be involved at this University with all that we have, not just behind us, but in front of us.

Mr. Hicks:

I had an opportunity to attend that event and I have to say, Mr. Schottenstein did a fabulous job representing us so thank you for doing that at that event. It was very nice to do and it was really an honor to be a part of that.

I would echo Jerry's comments. I feel like I am walking away from this meeting with a better foundation on strategy than maybe I have in eighteen months. Maybe that is because I have been dense and I have not understood it in eighteen months and I had an epiphany today, but maybe the convergence of everything we have been talking about, Evann, did finally come together in a way that at least I could understand. I think the challenge that we are going to have to wrestle with over the next couple weeks and couple months is how we organize ourselves to really take advantage of that convergence and really build on that strategic foundation. I think it has been an exciting year, some good and some bad, and I think it will be an exciting year coming up. How we organize ourselves to take advantage of the foundation, I think, is going to be very important. Very good set of meetings, Mr. Chairman.

Mr. Mitchell:

One of the best things you can do to be successful is give yourself a chance and I feel like after these two days, I realize that we have our chance now. I think that is in part
November 4, 2011 meeting, Board of Trustees

thanks to the things the administration has done and a lot of the hard work we have done over the last several Board meetings, but we have that chance now. I think going forward it is about capitalizing, as Evann said, capitalizing on the opportunity to be successful. I think the University is headed to a great place.

Dr. Wadsworth:

Good. I think sometimes when you deal with very complex topics, there is almost inevitably a period that feels chaotic before we all settle in and it is another way of saying what you did, Evann. I think all of us felt the last two days that we reached a different point of convergence. Execution is the next step and I think that leads to a lot of excitement at the prospect of seeing the next tangible things take place to move the University, this great University, forward.

Dr. Reid:

Jerry talked about being up at this level versus being down at the ground, and I just want to say that for me, all of these Board meetings are exciting. But when you see the ground is when you see the two students, like we saw today. For someone to come from a homeless shelter to Ohio State and do what she has done academically and then be dedicated through Action for Children to give back to others, then all of the strategic planning and the budgets and the buildings and the fundraising and all of this stuff, I mean it is all good, but ultimately that is the product. I am just so proud of those students and others like them who have come before us.

Judge Marbley:

Ditto what you just said, Dr. Reid. I would only add that, as an eternal optimist, I am even more optimistic because once we are down on the ground, I feel confident that we will do very well because we have the best college president in the country and a great administration to execute. We have done our job as a Board, I believe, by developing, with the aid of the administration, strategy and then we can continue to add resources and turn it over to them, but I think that we are in the right space now.

Mr. Brass:

My comments will be very short. Les, you had mentioned before that one of the most important things a board does is choose its leader. We got the right leader. We really got the right leader. The second thing you do is to make sure you have a good strategic plan and a good strategic focus, and it is our turn, so that is my comment.

Mr. Fisher:

I thought about this Board meeting and I was reminded of a statement that I received from my predecessor at the Farm Bureau who told me that a board meeting is like a plane crash: if you walk away, it is a good one. I do not think that statement would serve this meeting well. I think we can strut away from this meeting. I think the input and the content and the discussion and what we achieved, I am not walking away; I feel really good about it.

I also welcome Corbett. I had not met him until this week. I had heard a lot about him because several of you have served with him in various capacities, but I am certainly excited as I got to meet him this week about my expectations for his contributions to our work. Corbett, welcome.

Mr. O’Dell:

I really feel the University is in a great place and headed in a great direction because of our tremendous leadership from our president and our chair and the whole team. I also
November 4, 2011 meeting, Board of Trustees

wanted to welcome Corbett to the Board. It is a great Board. It is a great opportunity to serve. I was very, very impressed with our tour of the Medical Center. That is going to be a tremendous asset for the country, the state, and the University. Thank you.

Mr. Shumate:

I would also like to echo the same sentiments that have been expressed about our focus on strategy and a sense of really, not only getting traction, but moving forward in very positive ways. I was reminded that we were in this room four years ago when we welcomed our president back and it was the first time I heard the phrase of moving from excellence to eminence. I really believe that because of your leadership, you have helped us on that journey and I look forward to continuing to work with you and everybody on the Board as we really move forward in outstanding ways.

President Gee:

Gosh, I get to speak, which is highly unusual. Well first of all, I have just been reflecting also. I think, as you know, I had the privilege at looking at this through the other end of the telescope. I think about that in the sense that I know that my colleagues that are here work very, very hard and we think very diligently about what we are doing. But I was saying to the Board, and I will say this to everyone, that sometimes we are so intent on what we are doing that we tend to speak in shorthand and a variety of other things. I think what has happened is the fact that, due to the diligence of the Board and due to the hard work of our senior leaders, that we have found common language.

Evann, to your point, I think that there are these streams that come together and I think that what we have done is we have found common language. A university is only as good as its board and, therefore, we are a world class university. You do a wonderful job and, as I said earlier in my private session with you, you are very serious people doing serious work at a serious time with a great opportunity. I am grateful to be a part of it. I really am.

Mr. Wexner:

Corbett, I skipped over you but you are welcome if you want to sing for your supper. We always like to go around the table if you would like to add anything, you are welcome to do so.

Mr. Price:

Thank you very much. As I said earlier, I am humbled and honored to be able to come back to the University or continue my activities at the University. If not for Ohio State, I would not be where I am today and I look forward to providing the same opportunities for other young people that Ohio State has provided for me. I look forward to serving with each of you and I would like to do my part in furthering the advancement of the University, so thank you very much.

Mr. Wexner:

Thank you. I think again, we are the economic engine of Ohio. I think we are the medical and health heart of Ohio. We are the academic and intellectual center of Ohio, and I think there is also a part that maybe connects purpose and soul. It has reminded us when we have students come before us that remind us of the purpose of the University, but that heart and soul of the University also reaches to institutional memory. I think the institution recognizing Stefanie Spielman for her contributions and their family's contribution to the University, that very public recognition of a friendship from our alma mater; it is very firm.
November 4, 2011 meeting, Board of Trustees

I think the complexity, and I say this as one of us, the complexity that comes before the Board because of the vastness of the complexity of the University is in trying to make semblance out of all of these streams and get them into a river. I think that is a very good metaphor, but it is difficult to blend all the things and for us to get the scope on all the parts and the variables, it struck me in just listening to two things today. I think this really speaks to the greatness of the University. At one end, aspiring the Compliance and Audit Committee to understand what the best practices are for the University from public and private companies, bringing those people together so we can improve in many ways, not only obvious areas of compliance, but compliance that goes among research and intellectual integrity and the health and safety of students and faculty on the campus. There are so many things that we have to be concerned about that we are complying and providing absolutely the best.

At the other end, I think it is worth thinking about that we got $500 million from complete strangers at the lowest possible interest rate for 100 years. I think that says something about the reputation of the University. Not any in the country and probably the world could have done that and those are total strangers that, if you would, are contributing to the long-term achievement of the University and I just ponder that. That is pretty damn good. I do not know if it is quite as good as beating Michigan, but it is right up there.

We are getting better. It is hard work to get better, but we are getting better and I appreciate the help, the partnership, and the progress that we are making. We are adjourned. Thank you.

***

Thereupon the Board adjourned to meet Friday, February 10, 2012, at The Ohio State University, Longaberger Alumni House, Columbus, OH.

Attest:

Leslie H. Wexner
Chairman

David G. Horn
Secretary
The Ohio State University
India Gateway Initial Plan

Dr. William Brustein
Vice Provost for Global Strategies and International Affairs

Chris Carey
Director of Global Gateways
Executive Summary

With The Ohio State University's strategic commitment to become a top global university, one of the internationalization goals includes establishing a physical presence for Ohio State in strategic locations. This endeavor, known as the Global Gateway program, will further enhance the internationalization of the university’s teaching, research, and service missions. These Gateway offices are physical sites in the business districts of key regions. Ohio State opened its first Gateway office in Shanghai, China in February 2010 and this document will outline the plan for the next Global Gateway opening in Mumbai, India with a target date of April 2012.

The OSU India Gateway will provide opportunities for our alumni to network and organize events, a portal for OSU study abroad programs, and a base for OSU faculty conducting research in India. In addition, the India Gateway will provide a site for recruitment of high quality Indian students, a classroom facility to allow for academic programming and professional education and training programs for executive, mid-level, and low-level employees of Ohio-based and Indian businesses. Furthermore, the Gateway office will provide a platform for the establishment of dual and joint degree programs with top-flight Indian universities, a location for networking and collaboration with Ohio-based business, and a site for the cultivation of future development opportunities within India for OSU.

By having this institutional presence in India, Ohio State opens the door to creating new partnerships, developing innovative ideas, and making lasting connections that benefit all stakeholders to include the students, faculty, and alumni of Ohio State. The India Global Gateway also benefits friends of the university, surrounding communities and the state of Ohio by demonstrating Ohio State’s engagement in the global marketplace and its commitment to being an active participant in knowledge-based centers of the world.

The India Gateway will initially be funded through direct support from various constituencies at The Ohio State University to include separate colleges and departmental units. These contributions will total $200,000 per year for the first three years of operation. The India Gateway will work to offer programs and services through a corporate partner membership program as well as providing executive training courses to entities in India to supplement this funding with the aim to be fully self-supporting at the culmination of year 5. The chart below depicts the estimated revenue, expenses, and net income for the OSU India Gateway through the end of FY2016.
Business Plan

The Ohio State University is committed to becoming a preeminent global university – one which prepares its students and faculty to actively participate in knowledge-based collaborations around the world. As the world becomes increasingly interconnected, Ohio State has embraced the value of integrating international dimensions across our campuses, pursuing international partnerships, and preparing our students to excel in the global marketplace. The Global Gateways provide an opportunity to enhance Ohio State’s teaching, research and engagement mission and incorporate international dimensions within every facet of the institution. The Gateways will be multifaceted offices, located in areas of the world that capitalize on the strengths of Ohio State’s connections across the globe through faculty teaching and research, university partnerships, international students, study abroad programs, alumni and Ohio-based businesses. We think of the Global Gateway offices as embassies for the University in strategic locations around the globe.

The Ohio State University has established its first overseas physical presence as part of a larger plan to expand into strategic regions of the world which map well with OSU’s academic strengths and interests. Ohio State opened its first Global Gateway in the business district of Shanghai, China and plans are to open further Gateway offices in Phase I in India and Brazil. After successful implementation of a business model in these Gateway regions and the Global Gateway office has gained relevant experience, Phase II will follow with Gateway office openings in Turkey, sub-Saharan Africa and Europe. Ohio State hopes to open the Global Gateway in Mumbai, India in 2012.

The office will provide support to OSU students, faculty, staff, and alumni from all Colleges and departmental units and will work to create opportunities for increased collaboration in India. Specific functions of the OSU India Gateway will include:

- Build upon connections deriving from faculty research partnerships and facilitate research cooperation
- Scout opportunities for study abroad locations
- Recruit international students
- Establish executive training programs
- Advance higher education in other countries
- Network with alumni and reconnect them to the university
- Identify and cultivate prospects and donors
- Partner with Ohio-based companies and multinationals with strong ties to Ohio State to provide internships and consultancies involving Ohio State students and faculty

The OSU India Gateway will be located in the central business district of Mumbai. With the offer of free office space for the first five years of operation, we are in a great position to capitalize on OSU’s core strengths in the local Indian market at a relatively low cost. The office will be a small office for one OSU India Gateway Director, approximately 15m². For the first two years of operation, our office will be solely staffed by this director with the potential for hiring an additional staff member in Year 3 for administrative functions. This Gateway Director will not be an employee of The Ohio State University, but will be contracted through a local firm in India. Ideally, we are searching for an individual that holds a graduate degree from Ohio State that understands the culture in India and that will be independently able to obtain a permanent work authorization visa. This Director will report
November 4, 2011 meeting, Board of Trustees

directly to the OSU Global Gateways Director based on the OSU main campus in Columbus.

Before commencing operations, OSU must apply for and receive the appropriate business license in order to conduct business in India. The commercial license we will apply for is known as a Private Limited Company (PLC) and the application process takes approximately four months from submission of all materials to issuance. Having established a Limited Liability Company (LLC) to apply for a commercial license in China, we have already undergone much of the work in terms of structuring the operation in the state of Ohio. As this LLC is an affiliated entity of The Ohio State University, the university will not be the owner of the PLC, but our LLC, the OSU Global Gateways LLC, will maintain authority for the operation.

The OSU India Gateway and the Global Gateway program is not a for-profit enterprise. Although operating as a University Affiliated Entity with overseas subsidiaries with a commercial business license equivalent to a U.S. LLC, the core mission of the Global Gateways will be academic in nature. These offices operate to provide value to the core academic mission of Ohio State but have a secondary goal of offering a platform of programs and services to raise revenue to be self-sustaining in the future. This is a crucial aspect of the Global Gateways to continue to support the University on a global level, as funding will decrease over time.

Business Plan Outline

This plan will describe the customers the Global Gateways, in particular the India Gateway, will serve. We will then provide detailed descriptions of the various programs and services to be offered to each segment and highlight expected revenues. Not all customer bases will produce monetary revenue toward the goal of self-sustainability for the India Gateway office because of the multiple University objectives it serves. A number of the programs and services offered would provide intangible benefits to various constituencies of the University in which added values are difficult to quantify. The next section will highlight the various sources of funding to commence operations of the OSU India Gateway.

We will then outline our expected operating costs and how the initial investment will be supplemented with earned revenues to cover these costs in the future. The revenue streams are based on general available information and our best estimate. Additional resources including “time on the ground in India” are warranted to identify and make sense of the vagaries within each revenue stream and expense allocation. We believe a business model can be developed to incrementally generate external revenue streams sufficient to augment and replace revenue streams from within the University. As the needs of the educational and business market continue to evolve, we are confident that the India Gateway will create financial, reputational, and educational values for OSU and serve the interests of our partners and stakeholders in the State of Ohio and ultimately the international communities with distinction.

Business Model

India Gateway Office Programs and Activities

The India Gateway will lead, administer, and conduct a variety of programs and services for our various customers. We have three main customers to consider.

1. OSU Students, Faculty, Staff, and Alumni.
2. Ohio Businesses
3. Indian Partners and Clients
November 4, 2011 meeting, Board of Trustees

**Programs and Services for OSU Students, Faculty, Staff, and Alumni**

With the mission of the Global Gateway offices to serve as an embassy for The Ohio State University in strategic regions around the globe, our primary goal is to support OSU students, faculty, staff, and alumni. The activities the India Gateway will undertake in support of this group will not provide direct revenue to the Global Gateways. However, these activities will provide intangible benefits through the creation of opportunities to increase collaboration with Indian institutions, bring more international students to the OSU campus, and provide an increased number of opportunities for our students and faculty to experience India. Furthermore, the India Gateway will provide resources and a networking platform for current and future alumni to broaden their engagement with Ohio State.

1. **Students**

A primary role of the India Gateway will be to scout future study abroad locations for Ohio State students. As a rising economic superpower and technology leader with the world’s largest democracy and soon to be the world’s most populous nation, India offers a variety of experiential learning opportunities for our students. The India Gateway will work to create relationships with institutions and universities to develop further opportunities for study abroad programs.

Furthermore, forecasts of the global outlook for professional talent show that American graduates will increasingly be relied upon to interface with groups of co-workers located across the globe. Graduates who are able to apply technical skills in multicultural environments that often require travel and interaction with unfamiliar people and cultures will be in heavy demand. Accordingly, the locations and study abroad opportunities identified by the India Gateway will allow accomplished student leaders from Ohio State the advantageous opportunity to enter the global talent pool with a leg up on their peers from comparable institutions, showing future employers they have the versatility to apply their technical skills in the challenging contexts only an emerging economy can provide.

In addition, the India Gateway will continually scout the local region for international internship opportunities for OSU students. Our students gaining practical work experience in an international setting will further the internationalization agenda for Ohio State to truly become a preeminent global university. We aim to match at least ten OSU students in the first year and grow the number by 30% per year in the next five years with Indian institutions and corporations.

These initiatives will not generate revenue for the India Gateway office, but will be an intangible benefit and a value-added activity for Ohio State.

2. **Faculty and Staff**

Another key customer segment for the OSU India Gateway will be OSU Faculty. We aim to create broader collaboration with key organizations in India that are of strategic importance to our University. We will work to create institutional partnerships with Indian academic entities to strengthen our position in the region and provide opportunities for our faculty to strengthen their research. We aim to sign at least two meaningful Memorandums of Agreement or Understanding (MOU/MOA) with these institutions per year and the India Gateway will be instrumental in scouting these opportunities and presenting them to our faculty and colleges.

The India Gateway will serve as a hub of international student recruitment by combining its physical presence in India and consequent proximity to Indian students with strategies refined through collaboration with the appropriate OSU staff in Columbus. By conducting outreach to the coaching institutes and tutoring services that sway students’ final decisions about where to attend college and graduate school, and re-connecting with alumni who desire to serve as ambassadors of the University in India, the Gateway will build the relationships that have been shown to affect the educational decisions of international
students and their families. The India Gateway will also serve as the first point of contact between international students and the University, ensuring higher responsiveness and personalized attention to the needs of curious international students and their families toward the critical decision of where to attend college.

With emphasis placed on student recruitment at the undergraduate level in India, we aim to grow this enrollment at OSU by 10% per year over the first five years. With approximately 150 current undergraduate students and assuming this growth rate of 10% at out-of-state tuition rates, the intangible benefits to the University are:

<table>
<thead>
<tr>
<th>Year</th>
<th>Enrollment</th>
<th># Increase</th>
<th>Tuition Rate</th>
<th>Net Increase</th>
</tr>
</thead>
<tbody>
<tr>
<td>FY2012</td>
<td>150</td>
<td>-</td>
<td>$23,000</td>
<td>-</td>
</tr>
<tr>
<td>FY2013</td>
<td>165</td>
<td>16</td>
<td>$23,000</td>
<td>$368,000</td>
</tr>
<tr>
<td>FY2014</td>
<td>182</td>
<td>17</td>
<td>$23,000</td>
<td>$391,000</td>
</tr>
<tr>
<td>FY2015</td>
<td>200</td>
<td>18</td>
<td>$23,000</td>
<td>$414,000</td>
</tr>
<tr>
<td>FY2016</td>
<td>220</td>
<td>20</td>
<td>$23,000</td>
<td>$460,000</td>
</tr>
</tbody>
</table>

This net increase alone would not be considered revenue for the India Gateway as these funds would remain within the individual Colleges and in Central Administration at OSU. Additionally, there are other factors to consider including revenues not taken in for students at in-state tuition rates and desired growth rates of undergraduate students in total and for international students. However, despite those considerations, it is clear from the figures in the table that the India Gateway would be providing value to Ohio State.

### 3. Alumni

With its physical presence in Mumbai, the India Gateway will serve the University's advancement goals by significantly increasing alumni engagement and accelerating the University's ability to achieve its development goals. By engaging OSU alumni in India through networking events, the creation of an alumni contact infrastructure such as a directory website, and an India-specific alumni association, the India Gateway will activate networks of alumni throughout the country, allowing them to engage with one another, as well as the University. By building both the technological as well as personal, relationship-based infrastructure to engage with Indian alumni, the India Gateway will strive to serve the interests of all alumni. Younger alumni will be able to meet more experienced alumni, and experienced alumni will be able to participate in activities that will serve their desire to socialize or give back, whether by serving as interviewers for potential students, or as alumni mentors. Alumni interaction with the university, no matter the stage of life of the alumni, will be a rewarding experience that will only add value to alumni and deepen the University’s relationship with its alumni in India.

By deepening the University’s relationship with alumni, increasing outreach to alumni who are unaware of the University’s commitment to their country, and collaborating with University Development to improve international donor cultivation, the India Gateway will be able to help identify major gift donor prospects and provide Development with the information needed to optimize its international fundraising campaign. In the short term, the India Gateway will be able to use its alumni relationships, networks, and activities to generate positive awareness of the University’s commitment to India and its alumni in India that will motivate potential major donors to more easily reconnect with the University. Since engaged alumni are helpful, giving alumni, by making visible the University’s commitment to Indian alumni, the physical presence of the India Gateway in the financial district of Mumbai will directly increase the rate of contributions made by Indian alumni throughout India during the annual international fundraising campaign by an order of magnitude of four. Additionally, the processes implemented with the assistance of Development will ensure that promising prospects are funneled into the appropriate cultivation and stewardship process, accelerating the time to a major gift donation from an Indian alumnus.
November 4, 2011 meeting, Board of Trustees

These engagement and advancement programs and associated processes will not generate significant revenue, but there is potential that alumni engagement could lead to gifts in direct support of OSU Global Gateway operations. However, these endeavors will directly contribute to gifts and fundraising from alumni in India. Additionally, increased alumni outreach and engagement will unearth unanticipated opportunities for the University by closing the ocean-wide gulf between this land-grant institution and its India alumni.

**Programs and Services for Ohio Corporate Partners**

With the growing presence of Ohio businesses’ goods and services in the world marketplace, our region plays a vital role in the future of US economic and GDP growth. With the state’s geographic location and access to markets through a highly integrated rail, road, and inland waterway transportation infrastructure, significant investment has been made by businesses, both foreign and domestic, in the Central Ohio region. As one of the major research-focused universities in the region, Ohio State has a great opportunity to further contribute to the foreign direct investment into our region as well as assist in the global competitiveness of the businesses that find their home in the Columbus area. Ohio State possesses a wide range of resources attractive to our local businesses and creating a strong partnership is a win-win situation for all parties involved.

**International Corporate Partnership Program (ICPP)**

The OSU Global Gateway Program will create partnerships with international corporations to increase collaboration on a global level. The office will target corporations with current ties to the University and its programs as well as a number of additional Ohio-based businesses. The future goal will include recruiting and maintaining relationships with foreign corporations with operations in Gateway regions. The Global Gateway Office will work closely with these select corporations to understand their unique needs based on their industry, size, strategic goals, requirements on talents, etc.

Companies will become OSU Gateway corporate partners by contributing both intellectual and financial resources to Gateway operations. Partners will receive a package of services based on their contribution level and we will derive platinum, gold, and silver membership criteria. Membership in the program will be on an annual basis based on the following schedule:

<table>
<thead>
<tr>
<th>Level</th>
<th>Membership Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Platinum</td>
<td>$50,000</td>
</tr>
<tr>
<td>Gold</td>
<td>$25,000</td>
</tr>
<tr>
<td>Silver</td>
<td>$10,000</td>
</tr>
</tbody>
</table>

These relationships will benefit not only the corporation, but will provide value to the University through the involvement of its faculty, student body, and various other support organizations. Corporate Partners have the option to receive a mix of the following four services, and we will provide an a-la-carte menu to fulfill their needs.

1. **Workforce Training and Education Services**

OSU will provide customizable programs to our corporate partners to meet their education and training needs. We have the ability to provide education at the OSU campus or in the central Ohio region. We will also maintain the flexibility to conduct executive training sessions globally where our faculty can travel to overseas operations including, China, India, Brazil, etc. to conduct the training for our corporate partners. This service will be provided in the overall corporate partnership fee structure, but a negotiated fee structure will apply for overseas travel. We are their global education partner and we will attempt to partner with in-country institutions to adapt the curriculum to the local culture and business environment. The core focus of the executive training will be business operations and leadership, as well as industry specific topics listed with examples in our Executive Education Catalog. Custom programs can also be created for our corporate partners.
November 4, 2011 meeting, Board of Trustees

2. Career Services

The OSU Global Gateway Program will create a platform of services that will benefit our corporate partners by providing talent to their workforce. With the number of international students currently enrolled at OSU, we are in the unique position to provide our corporate partners with a number of resources to meet their growing needs for international staffing. The Global Gateway office will work with individual Career Services offices at the various colleges of the University to appropriately match students with our corporate partners. We will accomplish this through four sub-programs:

a. Internships – As our corporate partners expand their operations globally, they are consistently looking for talent that not only knows how to function in their home environment, but can operate on an international level. These custom-designed programs can take a number of forms. Our office will work with the various colleges to indentify and match students, both graduate and under-graduate, to corporate partner needs. Internships can be conducted at local operations here in the US, or at our corporate partners’ overseas locations. Our individual Gateway offices in China, India, Brazil, etc. will support student international internships with providing advice and support on overseas logistics to include accommodation, travel, etc.

b. Job Vacancy Recruiting – We will work with our corporate partners to fill open positions in their global operations. With our wealth of 5,000+ international students and a growing number of internationally-minded US students, we maintain a vast pool of resources from which our corporate partners can draw. In addition, OSU currently has thousands of alumni overseas that are continually searching for employment opportunities. We will collect position vacancies and circulate within our network as well as actively recruit talented students and alumni. The Global Gateway office will also launch a web-based job vacancy board where our students and alumni can access current requirements from corporate partners.

c. Career Fairs – The Global Gateway Program will conduct one career fair per year where only our corporate partners will attend. This provides our corporate partners exclusivity in recruiting from our internationally-minded student body. We will pool resources with the various college career services offices to attract the best students at the University that have lived and worked overseas or those with a strong passion to do so. We also have relationships with organizations on campus such as the Chinese Students and Scholars Society (CSSS) that can help us reach international students with interest in opportunities working for global MNCs and our corporate partners. These types of organizations also have chapters internationally where we can create further opportunities for matching the right candidates with our corporate partners.

d. Specialized Dual Degree Programs – We will partner with other international universities to create dual degree programs so that graduates will attain region specific expertise and professional practices. Potential Corporate Partners have expressed great interest in this idea.

3. Research Services

When our corporate partners have specific needs in terms of researching a topic of their interest, we will find the corporation the proper research partner within the university system to explore the specific problem or research need. If OSU has current research being conducted that is looking for corporate sponsorship and/or participation, we will refer these opportunities to our corporate partners. We will facilitate the search and create the right match with the hope that a future research collaboration can be reached, with perhaps the potential for the establishment of a research center funded through grant money.
4. Consultation Services

The OSU Global Gateway Program will offer consulting services to our corporate partners. When specific strategic or operational problems arise at our corporate partner operations, they will have access to a team of 2-3 students to help derive an innovative solution. This program will be geared towards graduate level students and the team will be led by a faculty mentor that works with our corporate partner to define the scope of the problem, the timeline, milestones, and deliverables. The culmination of the project will provide our corporate partner with a tailored solution and set of recommendations as well as a detailed report of the analysis and findings. At the onset of this program, these will be based in the OSU summer-term. This service will be a win-win situation for our students and corporate partners. It will provide OSU students with real-world experience and will create significant value for corporate partners by providing solutions at a small fraction of the cost of hiring a consulting firm.

Furthermore, our office maintains the ability to provide translation services to our corporate partners. Whether it is a simple document, a prospectus, or a request for an individual to assist in a business meeting, we will match the partner’s need with the resources we possess at the University.

Revenue and Goals

With the various membership levels for the ICPP and our current progress to date in developing the appropriate relationships, we anticipate the following schedule for recruiting corporations and the revenue this program will create.

These figures represent the best estimate for future revenue based upon the interactions we’ve had with potential corporate partners. However, the ICPP is a program that supports the entire OSU Global Gateway program. These revenues will be split amongst all current and future Gateway offices to include China, India, Brazil, Turkey, etc. The OSU China Gateway will receive half of the revenues from the ICPP prior to commencement of operations in India. As we retain a conservative strategy and do not anticipate another Gateway opening in Brazil until FY2015, we will attribute 50% of the earnings up until 2015
November 4, 2011 meeting, Board of Trustees

towards the India Gateway and 33% in FY2015 and FY2016. These figures are available in the pro-forma on page 15.

**Programs and Services for Indian Partners and Clients**

**Executive Education**

Similar to the Global Gateway model in China, custom Executive Education programs will be executed in conjunction with various academic units on campus. The India Global Gateway will conduct marketing and business development activities in the region to highlight OSU expertise in a variety of fields and will work with OSU Colleges to develop programs and services. College units will focus on curriculum and delivery while the Gateway office will provide logistical support and facilitation in-country and on the OSU main campus. In addition, we have forged an excellent working relationship with the Fisher College of Business Executive Education Office in structuring the programs and creating the agreements and contracts necessary for execution. This office will continue to support the Global Gateway efforts in negotiating with potential clients and assisting in the delivery of our platform of executive education programs.

Specific programs will be conducted primarily through the professional schools at The Ohio State University. We will work closely with the Colleges of Food Safety, Agriculture, and Environmental Sciences, Engineering, Business, and the various constituencies within the Health Sciences. We will conduct market surveys upon entry to India and work with these Colleges to develop opportunities and market them in region. For scouting the opportunities, marketing, and providing logistical support, the Global Gateway office will be compensated at 20% of the net income for the program. In FY2012, with our late entry into the region, we will not expect to raise any revenue through these programs. However, we anticipate that in subsequent years we will have the ability and resources to assist in the creation of two programs per year. We have based our revenue figures in the pro-forma on page 15 on potential programs that will be launched in China through our Gateway office in Shanghai in FY2012 and beyond. However, it is clear that China and India are different markets and that success in one is not indicative of success in the other. We have used these programs simply as a general benchmark for our revenue projection.

**Business Plan Funding Model and Financial Projections**

This business model for the OSU India Gateway first illustrates the sources of funding for the initiative based on seed money provided within the OSU as well as gifts. The model then depicts the programs and services that will be offered to bring in direct revenue to cover operating costs. We then list our detailed anticipated budget for the first five years of operation. The last section of the pro-forma lists the totals in each category and our estimated net balance. This model simply covers the tangible monetary benefits that the OSU India Gateway will see as a result of its efforts. Intangible benefits where constituencies within OSU gain value, both direct and indirect, have not been factored into this plan. In addition, we have been very conservative in only adding our concrete plans for revenue generation and have failed to include potential future contributions from OSU entities as well as gifts from corporations and alumni.

**Sources of Funding**

With an initial investment from various constituencies at The Ohio State University including separate Colleges and Departmental Units totaling $200,000 per year for the first three years of operation, the India Gateway operating costs during this initial period will be covered.

These figures represent the promised amount during the three-year exploratory period. Through demonstrated success in adding value through a physical presence in India, these donors to the India Gateway have indicated that subsequent funding beyond the initial three years would certainly be possible. We will conduct a mutual review of activities undertaken after year 2 to determine if further funding would provide even greater value. For the purposes of this business model, we have not assumed that OSU colleges and departmental units would provide subsequent funding after Year 3.

In addition, the local chapter of the American Association of Physicians of Indian Origin (AAPI) will be hosting their annual charity gala event and they have pledged that all proceeds will be gifted to the India Gateway. We anticipate this sum will amount to approximately $50,000.

The last concrete source of funding derives from a development gift from an OSU alum. A 1958 graduate from the OSU College of Business has offered to provide office space and utilities free of charge for a period of five years from the opening of the India Gateway. Despite attempts to estimate the value of this contribution towards the India Gateway, we have been unable to ascertain a sound estimate. However, we have determined that real estate prices within the Colaba District of Mumbai are comparable to those in mid-town Manhattan.

Having this seed money to commence operations, the Global Gateway in India will look to supplement operating costs throughout the first three years through the creation of revenue-generating programs. With the proposed platform of programs and services to be offered through Gateway initiatives, we aim to achieve a level of 70% self-sustainability by Year 4 of this endeavor. We are confident that through our efforts to serve The Ohio State University and our various customer bases, this percentage will rise even further in subsequent years.

**Budget**

We have outlined our anticipated operating budget for the first five years of operation in the pro-forma on page 15. As we do not anticipate commencing operations prior to April 2012, figures have been adjusted accordingly for the first year. As a more concrete timeline is established, we will adjust the budget to more accurately reflect the realities of FY2012 expenditures.

**Results**

Based on the initial funding sources, our planned operations and revenue sources, as well as the operating expenses for the India Gateway, the above table provides a snapshot of the anticipated net income for the OSU India Gateway. This figure depicts that by Year 4 of the venture, the OSU India Gateway will be 70% self-sustaining and 87% by Year 5. As this projection indicates, the OSU India Gateway will be running on a deficit in Year 4 but will still maintain the ability to operate based on the cash carry-forward balances from previous years. It is important to note that these conservative estimates discount potential development gifts as well as future contributions by internal OSU stakeholders. By including performance-based incentives for OSU constituencies, the OSU India Gateway will continue to receive funding from these internal OSU entities. For example, the Office
November 4, 2011 meeting, Board of Trustees

of Strategic Enrollment Management has asked that the India Gateway assume a number of the responsibilities for undergraduate recruitment in India. By meeting the goals of 10% growth in enrollment numbers, this office would continue to support the initiative with $25,000 per year. We will hold these discussions with all stakeholders during the two-year review period to negotiate future contributions.

With the projected revenues and the intangible benefits for The Ohio State University provided by having a physical presence in India, we believe this provides compelling data to proceed with establishing the OSU India Gateway.

Criteria and Metrics for Success

The Global Gateways provide an opportunity to enhance Ohio State’s teaching, research and engagement mission and incorporate international dimensions within every facet of the institution. We are attempting to provide added value and Return on Investment to the academic and departmental units of OSU. Based on this mission, the Global Gateway Initiatives program has derived six key criteria and metrics for future success in India.

1. Criteria: Scout opportunities for study abroad locations and international internships

   Metric: Number of internships created in India with multinational corporations that are members of the Global Gateway International Corporate Partnership Program (ICPP)

   Goal: Create 10 international internship opportunities for OSU students by the end of FY2013 and 3 institutional partnerships for study abroad programming

2. Criteria: Recruit international students

   Metric: Percentage of additional international undergraduate students from India recruited to OSU

   Goal: Increase undergraduate student recruitment in India by 10% by the end of FY2013

3. Criteria: Create academic institutional partnerships and collaborations with Indian entities to strengthen South Asia Area Studies initiatives

   Metric: Increase in number of international agreements with partner institutions in India

   Goal: Establish two new MOU’s and/or MOA’s with Indian institutions by the end of FY2013

4. Criteria: Establish executive training programs

   Metric: Number of Executive Education programs launched in India Gateway regions or on OSU main campus where Global Gateway personnel facilitated the connection to the academic department or participated in the planning and logistics of the program offering

   Goal: Assist in the creation of 2 Executive Education programs with Indian entities by FY2013

5. Criteria: Network with alumni and reconnect them to the university and identify and cultivate prospects and donors

   Metric: Increase in number of active alumni in the OSU Alumni Database
November 4, 2011 meeting, Board of Trustees

**Goal:** Increase overall percentage of active alumni in India by 25% by the end of FY2013

6. **Criteria:** Partner with Ohio-based companies and multinationals with strong ties to Ohio State to provide internships and consultancies involving Ohio State students and faculty

**Metric:** Number of corporations that are paying members of the Global Gateway ICPP

**Goal:** Maintain 7 paying members by the end of FY2013

TOPIC:

Approval of the Amended and Restated Ohio Public Higher Education Institutions’ Alternative Retirement Plan

BACKGROUND ON THE PLAN:

The Ohio Public Education Institutions’ Alternative Retirement Plan is classified by the Internal Revenue Service (“IRS”) as a “pre-approved” plan, specifically a volume submitter plan (the “Volume Submitter Plan”). The University is the volume submitter sponsor of the Plan for each of the Ohio institutions of higher education. Those institutions each adopt an Alternative Retirement Plan on a substantially similar basis to the pre-approved Volume Submitter Plan.

As the volume submitter sponsor, the University is responsible for amending the Volume Submitter Plan to comply with IRS rules for tax-qualified plans and, if applicable, submitting those amendments to the IRS for approval. Any amendments to the Volume Submitter Plan are then sent to each participating institution for adoption.

SUMMARY OF CHANGES:

The Volume Submitter Plan is being restated to incorporate IRS rules and guidance issued since its last restatement, including the Pension Protection Act of 2006 (“PPA”), the Heroes Earnings Assistance and Relief Tax Act of 2008 (“HEART”), the Worker, Retiree, and Employer Recovery Act of 2008 (“WRERA”) and the 2010 Cumulative List of Changes (as set forth in IRS Notice 2010-90), and to make certain administrative changes.

The amendment and restatement of the Volume Submitter Plan has been approved by the Office of Legal Affairs, the Office of Human Resources and outside counsel.

PURPOSE OF THE RESOLUTION:

The resolution would approve the amendment and restatement of the Volume Submitter Plan and its submission to the IRS by no later than January 31, 2012 (i.e., the IRS deadline for submission).

ARTICLE I. OPTIONS

Section 1.1. Exclusive Benefit

This Plan has been executed for the exclusive benefit of the Participants hereunder and their Beneficiaries. This Plan shall be interpreted in a manner consistent with this intent and with the intention of the Employer that this Plan satisfy the pertinent provisions of IRC Section 401(a). Additionally, this Plan shall satisfy the pertinent provisions identified on Appendix A, attached hereto and incorporated herein. Under no circumstances shall funds ever revert to or be used or enjoyed by the Employer, except as provided in Section 9.4.

Section 1.2. No Rights of Employment Granted

The establishment of this Plan shall not be considered as giving any employee the right to be retained in the service of the Employer.

Section 1.3. Compensation for Purposes of Section 5.3

Option 1

"Compensation" for purposes of Section 5.3 of the Plan shall mean wages as defined in IRC Section 3401(a) of the Code (for purposes of income tax withholding at the source) but determined without regard to any rules that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in IRC Section 3401(a)(2)).

Option 2

"Compensation" for purposes of Section 5.3 of the Plan shall mean wages as defined in IRC Section 3401(a) and all other payments of compensation to an employee by the Employer (in the course of the Employer’s trade or business) for which the Employer is required to furnish the employee a written statement under IRC Sections 6041(d), 6051(a)(3) and 6052. Compensation shall be determined without regard to any rules under IRC Section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in IRC Section 3401(a)(2)).

Option 3

"Compensation" for purposes of Section 5.3 of the Plan shall mean IRC Section 415 safe-harbor compensation, including wages, salaries, differential wage payments under IRC Section 3401(h), and fees for professional services and other amounts received (without regard to whether or not an amount is paid in cash) for personal services actually rendered in the course of employment with the Employer maintaining the Plan to the extent that the amounts are includible in gross income (including, but not limited to, commissions paid to salespersons, compensation for services on the basis of a percentage of profits, commissions on insurance premiums, tips, bonuses, fringe benefits, and reimbursements or other expense allowances under a nonaccountable plan (as described in Section 1.62-2(c) of the Treasury Regulations), and excluding the following:
(i) Employer contributions (other than elective contributions described in IRC Section 402(e)(3), 408(k)(6), 408(p)(2)(A)(i), or 457(b))) to a plan of deferred compensation (including a simplified employee pension described in IRC Section 408(k) or a simple retirement account described in IRC Section 408(p), and whether or not qualified) to the extent such contributions are not includible in the employee’s gross income for the taxable year in which contributed, and any distributions (whether or not includible in gross income when distributed) from a plan of deferred compensation (whether or not qualified), other than, if the Employer so elects, amounts received during the year by an employee pursuant to a nonqualified unfunded deferred compensation plan to the extent includible in gross income;

(ii) Amounts realized from the exercise of a nonstatutory stock option (that is, an option other than a statutory stock option as defined in Section 1.421-1(b) of the Treasury Regulations), or when restricted stock (or property) held by the employee either becomes freely transferable or is no longer subject to a substantial risk of forfeiture;

(iii) Amounts realized from the sale, exchange or other disposition of stock acquired under a statutory stock option;

(iv) Other amounts that receive special tax benefits, such as premiums for group-term life insurance (but only to the extent that the premiums are not includible in the gross income of the employee and are not salary reduction amounts that are described in IRC Section 125);

(v) Other items of remuneration that are similar to any of the items listed in (i) through (iv).

Section 1.4. Effective Date

Option 1

If this is a new Plan, then this Plan may not be effective any earlier than the first day of the Plan Year in which the Plan is adopted.

Option 2

This amendment and restatement shall be effective

Section 1.5. Employer

The “Employer” shall mean . To adopt this Plan, Employer must be: (i) a state university or an institution of higher education, in each case, as defined in ORC Section 3345.11; (ii) the Northeast Ohio Medical University, formerly known as the Northeastern Ohio Universities College of Medicine; or (iii) a university branch, technical college, state community college, community college or a municipal university which is an entity established or operating under ORC Chapter 3345, 3349, 3354, 3355, 3357 or 3358.
Section 1.6. Full-time Employee

Option 1

“Full-time Employee” shall mean an employee with an appointments of ____ percent (____ %) or greater (with a full-time percentage defined as a minimum of ____ hours worked, or appointments of ____ days or ____ months duration).

Option 2

“Full-time Employee” shall mean an employee with an appointments of ____ percent (____ %) or greater.

Option 3

“Full-time Employee” shall mean ________________.

Section 1.7. Plan Name

The “Plan Name” is ________________.

Section 1.8. Plan Year

A “Plan Year” shall mean the 12-consecutive month period beginning _______ and ending _______.

Section 1.9. Provider

Option 1

“Provider” shall mean the companies listed below selected to provide the Annuity Contract pursuant to Section 5.1 and in conformance with ORC Section 3305.03.

Option 2

“Provider” shall mean, with respect to an individual Participant, the company selected by the Participant to provide the Participant’s Annuity Contract pursuant to Section 5.1 and in conformance with ORC Section 3305.03. Participants may choose among those companies designated by the Ohio Department of Insurance that have entered into a provider agreement with
the Employer. A Provider’s responsibilities under the Plan, as to any Participant, shall be limited to the Accounts of those Participants investing in Annuity Contracts offered by the respective Provider.

Section 1.10. Year of Service for Vesting

Note: Only one option of Options 1 through 3 may be chosen.

Option 1

_____ An employee shall be credited with a “Year of Service for Vesting” for each Plan Year during which the employee remains continuously employed by the Employer and which begins after the employee has attained the age of 18.

Option 2

_____ An employee shall be credited with a “Year of Service for Vesting” on the first anniversary of the 12 consecutive month period beginning on the date the employee first performs an Hour of Service after the employee has attained the age of 18 (employment commencement date), and each anniversary thereof.

Option 3

_____ Not applicable, Participants vest immediately.

Option 4 (may be combined with Option 2)

_____ Administrative Employees with nine-month contracts and Academic Employees shall be credited with a “Year of Service for Vesting” upon the earlier of: (a) the first anniversary of the 12 consecutive month period beginning on the date the employee first performs an Hour of Service after the employee has attained the age of 18 (employment commencement date) and each anniversary thereof; or (b) the completion of each nine-month academic year or nine-month contract.

Section 1.11. Employer Contributions

Employer contributions shall be made at a rate equal to the percentage of Compensation of each Participant that the Employer would otherwise contribute on behalf of such Participant (had the Participant not made an election as described in ORC Section 3305.05 or 3305.051, as applicable, to participate in the Plan) to the respective plan described in ORC Chapter 145, 3307 or 3309, less the mitigating rate percentage contributed by the Employer to such plan pursuant to ORC Section 3305.06(D).

Section 1.12. Loans to Participants

_____ The Plan shall not permit loans.
Plan loan provisions are set forth in Section 5.5. The minimum loan amount shall be set forth in the Annuity Contract.

No loan to any borrower can be made to the extent that such loan when added to the outstanding balance of all other loans to the borrower would exceed the lesser of (a) $50,000 reduced by the excess (if any), of the highest outstanding balance of loans during the one (1) year period ending on the day before the loan is made over the outstanding balance of loans from the Plan on the date the loan is made, or (b) one-half (1/2) of the present value of the nonforfeitable accrued benefit of the borrower or, (c) _____ (if checked) the total accrued benefit up to $10,000.

Section 1.13. Spousal Consent

In the event of the death of a married Participant, the surviving spouse must be the sole Beneficiary unless the surviving spouse has consented in writing to a different election, has acknowledged the effect of such election, and the consent and acknowledgement are witnessed by a duly authorized Provider representative or notary public. Spousal consent shall not be necessary if it is established to the satisfaction of the Provider that there is no spouse, the spouse cannot reasonably be located, or for such other reasons as the Treasury Regulations may prescribe. If the spouse of a Participant is located or if a Participant remarries, it shall be the duty of the Participant to bring that fact to the attention of the Provider. If the Participant so notifies the Provider, the Provider shall then, if applicable, proceed to make available to such spouse the spousal consent procedures described in this Section.

Section 1.14. Employer Account Vesting on Termination

Option 1

A Participant’s Employer Account shall be 100% vested at all times.

If a Participant’s employment is terminated prior to attaining Normal Retirement Age except due to the Participant’s death or Disability, the vested portion of his or her Employer Account shall be determined in accordance with the following Option 2, 3, or 4.

Option 2

Section 1.15. Method of Distribution of Accounts

A Participant shall elect to receive a distribution of his or her vested Account in any of the following forms (check all that apply):

- An annuity as permitted by the Annuity Contract:
  - with a default option of a Joint and Survivor Annuity or Pre-Retirement Survivor Annuity as provided in Section 7.3, or
  - without a default option of a Joint and Survivor Annuity or Pre-Retirement Survivor Annuity.

- A lump-sum distribution.

- An installment distribution to the extent permitted under the Annuity Contract (subject to the limitations of Section 7.2).
ARTICLE II. DEFINITIONS

Section 2.1. Academic Employee

“Academic Employee” shall mean any Full-time Employee who is a member of the faculty of the Employer and is not receiving any benefit, allowance or other payment from the Public Employees Retirement System (as codified under ORC Chapter 145), the State Teachers Retirement System (as codified under ORC Chapter 3307), or the School Employees Retirement System (as codified under ORC Chapter 3309). In all cases of doubt, the Employer’s Board of Trustees shall make a final determination as to whether an employee is an Academic Employee.

Section 2.2. Account

“Account” shall mean the amount credited to the Employer Account, the Participant Account and, if applicable, the Rollover Account (as defined in Section 4.5) of a Participant or Beneficiary.

Section 2.3. Administrative Employee

“Administrative Employee” shall mean any Full-time Employee who is a member of the administrative staff of the Employer serving in a position in the unclassified civil service (as described below), serving in a position comparable to a position in the unclassified civil service, or serving in a position in the classified civil service, or in any other position as a Full-time Employee, and is not receiving any benefit, allowance or other payment from the Public Employees Retirement System (as codified under ORC Chapter 145), the State Teachers Retirement System (as codified under ORC Chapter 3307), or the School Employees Retirement System (as codified under ORC Chapter 3309). In all cases of doubt, the Employer’s Board of Trustees shall make a final determination as to whether an employee is an Administrative Employee. For purposes of this Section 2.3, the unclassified civil service is described in ORC Section 124.11 or, if ORC Section 124.11 does not apply, then those employees serving in a position comparable to the unclassified civil service.

Section 2.4. Annuity Contract

“Annuity Contract” shall mean any annuity contract or custodial account that satisfies the provisions of IRC Section 401(f), and that is offered by the Provider.

The terms of any Annuity Contract purchased and distributed by the Plan to a Participant or spouse shall comply with the requirements of this Plan.

Section 2.5. Beneficiary

A “Beneficiary” shall mean any person, estate or trust who by operation of law, or under the terms of the Plan, or otherwise, is entitled to receive the Account of a Participant under the Plan. A “designated Beneficiary” shall mean any individual designated or determined in accordance with Section 5.4, excluding any person who becomes a beneficiary by virtue of the laws of inheritance or intestate succession.
Section 2.6. Compensation for Purposes Other Than Section 5.3

"Compensation" for purposes other than Section 5.3 of the Plan shall mean:

(a) If the Participant would be subject to the Public Employees Retirement System had the Participant not made an election pursuant to ORC Section 3305.05 or 3305.051 to participate in this Plan, all salary, wages, and other earnings paid to the Participant. The salary, wages, and other earnings shall be determined prior to determination of the amount required to be contributed by the Participant under Section 4.1 and without regard to whether any of the salary, wages, or other earnings are treated as deferred income for federal income tax purposes.

(1) Compensation includes the following:

   (i) Payments made by the Employer in lieu of salary, wages, or other earnings for sick leave, personal leave, or vacation used by the Participant;

   (ii) Payments made by the Employer for sick leave, personal leave, and vacation leave accrued, but not used if the payment is made during the year in which the leave is accrued, except that payments made pursuant to ORC Section 124.383 or ORC Section 124.386 are not Compensation;

   (iii) Allowances paid by the Employer for full maintenance, consisting of housing, laundry, and meals, as certified to the public employees retirement board by the Employer or the head of the department that employs the Participant;

   (iv) Fees and commissions paid under ORC Section 507.09;

   (v) Payments that are made under a disability leave program sponsored by the Employer and for which the Employer is required by ORC Section 145.296 to make periodic Employer and employee contributions; and

   (vi) Amounts included pursuant to Divisions (K)(3) and (Y) of ORC Section 145.01.

(2) Compensation does not include any of the following:

   (i) Fees and commissions, other than those paid under ORC Section 507.09, paid as sole compensation for personal services and fees and commissions for special services over and above services for which the Participant receives a salary;

   (ii) Amounts paid by the Employer to provide life insurance, sickness, accident, endowment, health, medical, hospital, dental, or surgical coverage, or other insurance for the Participant or the Participant’s family, or amounts paid by the Employer to the Participant in lieu of providing the insurance;
(iii) Incidental benefits, including lodging, food, laundry, parking, or services furnished by the Employer, or use of the Employer's property or equipment, or amounts paid by the Employer to the Participant in lieu of providing the incidental benefits.

(iv) Reimbursement for job-related expenses authorized by the Employer, including moving and travel expenses and expenses related to professional development;

(v) Payments for accrued, but unused sick leave, personal leave, or vacation that are made at any time other than the year in which the sick leave, personal leave, or vacation was accrued;

(vi) Payments made to or on behalf of the Participant that are in excess of the annual compensation that may be taken into account by the Plan under IRC Section 401(a)(17);

(vii) (A) Effective as of January 1, 2002 through January 31, 2002 and effective as of October 1, 2002, payments made to the Participant under Division (B), (C) or (E) of ORC Section 5923.05, Section 4 of Substitute Senate Bill No. 3 of the 119th Ohio General Assembly, Section 3 of Amended Substitute Senate Bill No. 164 of the 124th Ohio General Assembly, or Amended Substitute House Bill No. 405 of the 124th Ohio General Assembly; and (B) effective as of February 1, 2002 through September 30, 2002, payments made to the Participant under Division (B) or (D) of ORC Section 5923.05 or Section 4 of Substitute Senate Bill No. 3 of the 119th Ohio General Assembly; and

(viii) Anything of value received by the Participant that is based on or attributable to retirement or an agreement to retire.

(b) If the Participant would be subject to the State Teachers Retirement System had the Participant not made an election pursuant to ORC Section 3305.05 or 3305.051 to participate in this Plan, all salary, wages, and other earnings paid to the Participant by reason of the Participant's employment, including compensation paid pursuant to a supplemental contract. The salary, wages, and other earnings shall be determined prior to determination of the amount required to be contributed by the Participant under Section 4.1 and without regard to whether any of the salary, wages, or other earnings are treated as deferred income for federal income tax purposes.

(1) Compensation does not include any of the following:

(i) Payments for accrued but unused sick leave or personal leave, including payments made under a plan established pursuant to ORC Section 124.39 or any other similar plan established by the Employer;
(ii) Payments made for accrued but unused vacation leave, including payments made pursuant to ORC Section 124.13 or a similar plan established by the Employer;

(iii) Payments made for vacation pay covering concurrent periods for which other salary, compensation, or benefits under ORC Chapter 3307 are paid;

(iv) Amounts paid by the Employer to provide life insurance, sickness, accident, endowment, health, medical, hospital, dental, or surgical coverage, or other insurance for the Participant, or the Participant’s family, or amounts paid by the Employer to the Participant in lieu of providing the insurance;

(v) Incidental benefits, including lodging, food, laundry, parking, or services furnished by the Employer, use of the Employer’s property or equipment, and reimbursement for job-related expenses authorized by the Employer, including moving and travel expenses and expenses related to professional development;

(vi) Payments made by the Employer in exchange for a Participant’s waiver of a right to receive any payment, amount, or benefit described in Division (L)(2) of ORC Section 3307.01;

(vii) Payments by the Employer for services not actually rendered;

(viii) Any amount paid by the Employer as a retroactive increase in salary, wages, or other earnings that meets the requirements of ORC Section 3307.01(L)(2)(h)(i), (ii), (iii), or (iv);

(ix) Payments made to or on behalf of the Participant that are in excess of the annual compensation that may be taken into account by the Plan under IRC Section 401(a)(17);

(x) Payments made to the Participant under Division (B), (C) or (E) of ORC Section 5923.05, Section 4 of Substitute Senate Bill No. 3 of the 119th Ohio General Assembly, Section 3 of Amended Substitute Bill No. 164 of the 124th Ohio General Assembly or Amended Substitute House Bill No. 405 of the 124th Ohio General Assembly; and

(xi) Anything of value received by the Participant that is based on or attributable to retirement or an agreement to retire.

(c) If the Participant would be subject to the School Employees Retirement System had the Participant not made an election pursuant to Section 3305.05 or 3305.051 to participate in this Plan, all salary, wages, and other earnings paid to a Participant by reason of employment. The salary, wages, and other earnings shall be determined prior to determination of the amount required to be contributed by the Participant under Section 4.1 and without regard to whether any of the salary, wages, or other earnings are treated as deferred income for federal income tax purposes.
(1) Compensation does not include any of the following:

(i) Payments for accrued but unused sick leave or personal leave, including payments made under a Plan established pursuant to ORC Section 124.39 or any other similar plan established by the Employer;

(ii) Payments made for accrued but unused vacation leave, including payments made pursuant to ORC Section 124.13 or a similar plan established by the Employer;

(iii) Payments made for vacation pay covering concurrent periods for which other salary or compensation is also paid;

(iv) Amounts paid by the Employer to provide life insurance, sickness, accident, endowment, health, medical, hospital, dental, or surgical coverage, or other insurance for the Participant or the Participant’s family, or amounts paid by the Employer to the Participant in lieu of providing the insurance;

(v) Incidental benefits, including lodging, food laundry, parking, or services furnished by the Employer, use of the Employer’s property or equipment, and reimbursement for job-related expenses authorized by the Employer, including moving and travel expenses and expenses related to professional development;

(vi) Payments made to or on behalf of the Participant that are in excess of the annual compensation that may be taken into account by the Plan under IRC Section 401(a)(17);

(vii) Payments made to the Participant while on leave for military duty under Division (B), (C) or (E) of ORC Section 5923.05, Section 4 of Substitute Senate Bill No. 3 of the 119th Ohio General Assembly, Section 3 of Amended Substitute Senate Bill No. 164 of the 124th Ohio General Assembly, or Amended Substitute House Bill No. 405 of the 124th Ohio General Assembly; and

(viii) Anything of value received by the Participant that is based on or attributable to retirement or an agreement to retire.

Notwithstanding the foregoing, Compensation shall not be reduced by the amount of exclusions that are not currently includable in the Participant’s gross income by reason of the application of IRC Sections 125, 132(f), 402(e)(3), 403(b), 414(h)(2) and 457.

An employee who has satisfied the eligibility requirements for Employer Contributions and Nongroup Contributions during a Plan Year shall be entitled to such contributions only with respect to Compensation earned on or after the date he becomes a Participant.
The annual Compensation of each Participant taken into account in determining allocations shall not exceed $200,000, as adjusted for cost-of-living increases in accordance with IRC Section 401(a)(17)(B). Annual Compensation means Compensation during the Plan Year or such other consecutive 12-month period over which compensation is otherwise determined under the Plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual Compensation for the determination period that begins with or within such calendar year. If Compensation for any prior determination period is taken into account in determining a Participant’s allocations for the current Plan Year, the Compensation for such prior determination period is subject to the applicable annual Compensation limit in effect for that prior period.

If a determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12.

Section 2.7. Disabled or Disability

“Disabled or Disability” shall mean the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or to be of long continued and indefinite duration, provided that such Disability occurs while the Participant is an Eligible Employee of the Employer. A Participant shall be considered Disabled only if the permanence and degree of such impairment is supported by medical evidence. Such determinations shall be made by each Provider.

Section 2.8. Eligible Employee

“Eligible Employee” shall mean any Full-time Employee, unless such person had an opportunity to make an election as an Academic Employee or an Administrative Employee to participate in an alternative retirement plan sponsored by the Employer. Notwithstanding the foregoing, “Eligible Employee” automatically shall include (1) any employee who participated in an alternative retirement plan in the employee’s last employment position with the Employer (and who has not incurred a One Year Break in Service) and who transfers, or is transferred, to an employment position with the Employer for which an alternative retirement plan is not available from that Employer or (2) any employee whose employment with the Employer terminates while the employee is participating in an alternative retirement plan (as described in ORC Chapter 3305) and the employee recommences employment with the Employer before the employee has had a One Year Break in Service regardless of the employee’s employment position with the Employer upon the employee’s return or (3) any Full-time Employee whose previous employment with the Employer terminated before the employee had completed one hundred twenty (120) days of service with the Employer and such Employee had not, or had not been deemed to have, elected to participate in the Public Employees Retirement System, School Employees Retirement System or State Teachers Retirement System (collectively, “State Retirement System”) as applicable, within such Employee’s previous employment with the Employer.
Section 2.9. Employer Account

The “Employer Account” shall mean the separate account maintained for each Participant to which all Employer Contributions (including Forfeitures, if applicable) shall be allocated.

Section 2.10. Forfeiture

“Forfeiture” shall mean the amount of the non-vested portion of a Participant’s Employer Account following a Participant’s termination of employment with the Employer.

Section 2.11. Hour of Service

“Hour of Service” shall mean each hour for which an employee is paid or entitled to payment for the performance of duties for the Employer.

For purposes of determining an employee’s initial or continued eligibility to participate in the Plan or the nonforfeitable interest in the Participant’s account balance derived from Employer Contributions, an employee will receive credit for the aggregate of all time period(s) commencing with the employee’s first day of employment or reemployment and ending on the date a One Year Break in Service begins. The first day of employment or reemployment is the first day the employee performs an Hour of Service.

Section 2.12. IRC

“IRC” shall mean the Internal Revenue Code of 1986, as amended.

Section 2.13. Joint and Survivor Annuity

A “Joint and Survivor Annuity” shall mean an immediate annuity for the life of the Participant with a survivor annuity for the life of the Participant’s Beneficiary which is not less than 50% and not more than 100% of the amount of the annuity which is payable during the joint lives of the Participant and the Participant’s Beneficiary and which is the actuarial equivalent of the Participant’s vested Account. The percentage of the survivor annuity under the Plan shall be elected by the Participant subject to the annuity options available under the Annuity Contract.

Section 2.14. Leave of Absence

A “Leave of Absence” shall mean that period during which the Participant is absent without Compensation and for which the Employer, in its sole discretion has determined the Participant to be on a “Leave of Absence” instead of having terminated his or her employment. However, such discretion of the Employer shall be exercised in a nondiscriminatory manner. In all events, a Leave of Absence by reason of service in the armed forces of the United States shall end no later than the time at which a Participant’s reemployment rights as a member of the armed forces cease to be protected by law, except that if the Participant resumes employment with the Employer prior thereto, the Leave of Absence shall end on such date of resumption of employment. The date that the Leave of Absence ends shall be deemed the Termination Date if the Participant does not resume
employment with the Employer. In determining a Year of Service for Vesting, all such Leaves of Absence shall be considered to be periods of continuous employment with the Employer.

Section 2.15. Limitation Year

The “Limitation Year” for purposes of IRC Section 415 shall mean the Plan Year.

Section 2.16. Nonelective Contributions

“Nonelective Contributions” shall mean those contributions made by the Participant pursuant to Section 4.1.

Section 2.17. Normal Retirement Age

The “Normal Retirement Age” shall mean the time at which the Participant attains 65 years of age.

Section 2.18. One Year Break in Service

A “One Year Break in Service” or “Break in Service” shall mean a Period of Severance of at least 365 consecutive days.

Section 2.19. Participant

A “Participant” shall mean every employee or former employee who has met the applicable participation requirements of Article III.

Section 2.20. Participant Account

The “Participant Account” shall mean the account to which all Nonelective and Voluntary Contributions by the Participant shall be allocated, if applicable. Separate accounts within the Participant Account will be maintained for the Nonelective Contributions and the Voluntary Contributions of each Participant.

Section 2.21. Period of Severance

A “Period of Severance” shall mean a continuous period of time during which the employee is not employed by the Employer. Such period begins on the date the employee retires, resigns or is discharged. In the case of an individual who is absent from work for maternity or paternity reasons, the 12-consecutive month period ending on the first anniversary of the first date of such absence shall not constitute a Break in Service. For purposes of this paragraph, an absence from work for maternity or paternity reasons means an absence: (1) by reason of the pregnancy of the individual, (2) by reason of the birth of a child of the individual, (3) by reason of the placement of a child with the individual in connection with the adoption of such child by such individual, or (4) for purposes of caring for such child for a period beginning immediately following such birth or placement.
Section 2.22. Plan

“Plan” shall mean this Plan. For purposes of the IRC, this Plan shall be considered and administered as a “profit-sharing plan.”

Section 2.23. Pre-Retirement Survivor Annuity

A “Pre-Retirement Survivor Annuity” shall mean a survivor annuity for the life of the surviving Beneficiary of the Participant which is the actuarial equivalent of the Participant’s vested Account.

Section 2.24. Retirement
