PUBLIC SESSION

The Wexner Medical Center Board convened for its 33rd meeting on Wednesday, February 26, 2020, in the Longaberger Alumni House, Sanders Grand Lounge. Board Secretary Jessica A. Eveland called the meeting to order at 9:03 a.m.

Item for Action

1. Approval of Minutes: No changes were requested to the November 20, 2019, meeting minutes; therefore, a formal vote was not required and the minutes were considered approved.

Items for Discussion

2. Chancellor’s Report: Dr. Harold Paz introduced the medical center’s new Community Care Coach – a state-of-the-art mobile health unit that brings primary care, OB/GYN care, health screenings and other services directly to our patients in their own neighborhoods. Dr. Paz also shared that the medical center was recently named 4th in the country by Forbes Magazine on their list of “Best Employers for Diversity.” He also highlighted impressive increases in our health sciences research funding and national research rankings, as well as a $10 million commitment to the university from the Harry T. Mangurian Foundation that will support a number of key university priorities, including the new Interdisciplinary Research Facility.

3. Vaping-Related Research and Clinical Programs: Dr. Amy Fairchild, Dean of the College of Public Health, and Dr. Peter Mohler, Vice Dean for Research for the College of Medicine, gave a presentation on the national vaping public health challenge and detailed some of the extensive research efforts here at Ohio State related to vaping. Dr. Andy Thomas, the medical center’s Chief Clinical Officer, also described a number of our related clinical programs, including the launch of a new hotline (366-VAPE) to help connect people with treatment options and programs.

4. Wexner Medical Center Financial Report: Mark Larmore shared that, overall, the financial health of our medical center is very strong. Our operating margin is at about 6.3% and our adjusted admissions are currently up 11.3% over last year.

5. James Cancer Hospital Report: Dr. William Farrar shared updates regarding the great work going on at the James Cancer Hospital. The Comprehensive Cancer Center recently submitted its renewal application for the National Cancer Institute core grant, which, if renewed, would provide the cancer center with approximately $32 million in federal funds over the next five to seven years. A site visit will occur in May 2020 and the results of the grant application will be shared this fall. Dr. Farrar also shared information regarding a new cancer drug take-back program designed to reduce the financial burden for cancer patients and save lives. He also highlighted the successful kickoff for the 2020 Pelotonia ride campaign, as well as the tremendous outcome of the Buckeye Cruise for Cancer, which raised $4.5 million — an increase of more than $1 million from last year, all of which goes to support cancer research at the James.
