THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
ONE THOUSAND FIVE HUNDRED AND FOURTH
MEETING OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 26-27, 2020

The Board of Trustees met on Wednesday, February 26, 2020, at the Longaberger Alumni House and The Blackwell Inn & Conference Center in Columbus, Ohio, and on Thursday, February 27, 2020, at the Longaberger Alumni House in Columbus, Ohio, pursuant to adjournment.

**  **  **  **

Minutes of the last meeting were approved.
Chairman Gary R. Heminger called the meeting of the Board of Trustees to order on Wednesday, February 26, 2020 at 6:48 p.m.

**Members Present:** Gary R. Heminger, Timothy P. Smucker, Alex Shumate, Cheryl L. Krueger, Brent R. Porteus, Alexander R. Fischer, Hiroyuki Fujita, Alan A. Stockmeister, John W. Zeiger, Elizabeth P. Kessler, Lewis Von Thaer, Jeff M.S. Kaplan, Michael Kiggin, Janice M. Bonsu and Anand Shah

**Members Absent:** Abigail S. Wexner, Erin P. Hoeflinger

Mr. Heminger:

I would like to convene the meeting of the Board of Trustees and ask the secretary to please note the attendance.

Ms. Eveland:

A quorum is present.

Mr. Heminger:

I hereby move that the board recess into executive session to consider business-sensitive trade secrets required to be kept confidential by federal and state statutes, and to discuss personnel matters regarding the appointment, employment, promotion or compensation of public officials. May I have a second? Will the secretary please call the roll?

Upon the motion of Mr. Heminger, seconded by Mr. Fischer, the Board of Trustees adopted the foregoing motion by unanimous roll call vote, cast by trustees Mr. Heminger, Mr. Smucker, Mr. Shumate, Ms. Krueger, Mr. Porteus, Mr. Fischer, Dr. Fujita, Mr. Stockmeister, Mr. Zeiger, Ms. Kessler, Mr. Von Thaer, Mr. Kaplan, Mr. Kiggin, Ms. Bonsu and Mr. Shah.

Ms. Eveland:

Motion carries.

Mr. Heminger:

We are recessed.

The meeting adjourned at 9:05 p.m.

Mr. Heminger:

Good afternoon to everyone. Welcome to The Ohio State University’s Board of Trustees meeting. I would like to convene this meeting of the Board of Trustees and ask the secretary to please note the attendance.

Ms. Eveland:

A quorum is present.

Mr. Heminger:

Thank you. So that we are able to conduct the business of this meeting in an orderly fashion, I would ask that any sound on cell phones and other devices be turned off, and I would ask that all members of the audience observe rules of decorum proper to conducting the business at hand.

RECOGNITION OF OUTGOING TRUSTEES

Mr. Heminger:

Now, I would like to do a recognize some very important people on the Board of Trustees. I would like to publicly express the board’s gratitude to four trustees whose terms are coming to a close after this meeting — Tim Smucker, Alex Shumate, Janice Bonsu and Alan VanderMolen.

This afternoon, we have a Celebration of Service planned to honor each of these outgoing trustees, but I would like to go ahead and say a few words about each of them.
Tim Smucker, to my right here, joined the University Board in 2011, and he has served in many roles since then, including Audit and Compliance Committee Chair, Finance Committee Chair, Vice Chair of the Board, and Interim Board Chair, just to name a few. Tim and his wife, Jenny, are great supporters of the university and The Ohio State University Marching Band, and Tim’s passion for Ohio State and its land-grant mission is beyond compare.

Next is Alex Shumate. Alex is serving an unprecedented third term on the University Board, following his most recent appointment in 2012. He has served as Board Chair twice, as well as Vice Chair of the Board, Governance Committee Chair and current chair of the Academic Affairs, Student Life and Research Committee. I think Ohio State has truly become a home away from home for Alex.

I would be remiss if I didn’t point out that on Friday, March 20, Alex has been asked to deliver a keynote address during the university’s upcoming sesquicentennial summit called: “Defining the 21st Century Land-Grant.” Alex will share his observations on the changes Ohio State has experienced during his 23 years as a trustee, as well as the opportunities he sees for advancement.

I have no doubt the board will continue to engage with both Tim and Alex in the coming years. We are deeply grateful for their service to the university and for the countless contributions they have made.

I also want to acknowledge Janice Bonsu, our outgoing graduate student trustee. Ohio State is one of the only universities in the nation whose student body has voting representatives on the board. Because of this, Janice’s role as a trustee is a privilege and a significant responsibility — one she has handled with sophistication and wisdom beyond her years. We are all grateful for the insights she has shared with us these past two years, and we wish she could stay with us longer.

And finally, Alan VanderMolen. Alan is closing out his second term as a charter trustee. For those who don’t know, the charter trustee position was created more than a decade ago with the intent of enhancing the overall makeup of the board by bringing in experienced, seasoned professionals who can offer counsel to the board related to their areas of expertise. Alan undoubtedly fits that bill and has devoted a great deal of time to assisting the university in his capacity as a globally recognized communications leader.

Thank you — Tim, Alex, Janice and Alan — for your passion, commitment and time to The Ohio State University.

With that, would any other members of the board, or you President Drake, like to say a few words?

President Drake:

I will say a couple of words. I was thinking about this and the board members who are retiring — it’s a phase of my life where I am thinking about things in the past a lot. Since 2000, I’ve been at a couple of different universities and I’ve worked directly with about 125 trustees or regents in a direct relationship. I can remember Alan [VanderMolen] very much
from the beginning, even the first days, in fact. Your area of expertise was very useful to me and us, and you’ve been an invaluable advisor to us and really worked like a member of the team, even from across the pond. What great support you’ve brought to us and what a great friend you’ve been.

Janice [Bonsu] — I spent so much time as a professor at a medical school and had so many students who I knew, and one of my greatest pleasures in life is knowing medical students, and then they become young doctors, and then they have families and become professors or what have you. So I have photographs of them at different phases of their lives going forward. It has just been wonderful to watch people who we train go out into the world and become leaders. You will undoubtedly become one of those leaders and I look forward to that very, very much. I will have your picture on my refrigerator, too, and I look forward to it.

And then we have Tim [Smucker]. You know, in your jacket pocket you carry a book of values. I came from a tradition that said that values-based decision making and values-based leadership are the only way to go if you’re really going to be out in front. You weren’t following a road map or a cookbook, but actually using what was in your heart and mind to make the best decisions you could day by day. You have lived that and been an example of that, and you have been a wonderful board member and a wonderful chair for us. I look forward to continuing to be close friends over the years as they roll forward.

And finally, Alex [Shumate]. What do they say? When you do it once, they say you come back and try again, and then after that you come back until you get it right? Well, we’re going to keep bringing you back and back. It has been wonderful. Your experience has been unprecedented, and what great support you provided as a member of the search committee when I came. I remember the day we met, and we talked often, multiple times a week, when you were Board Chair. The board was recognized for its great service under your leadership. What a great supporter you have been of this community and a great supporter of this university, and then a great personal supporter for Brenda and me, and we appreciate it so much.

I look forward to knowing all of you as our lives move forward. Thank you so much for what you’ve done for our university.

Mr. Heminger:

Thank you.

PRESIDENT’S PRIZE WINNERS

Mr. Heminger:

Now we have two graduating seniors here with us today who are dedicated to the type of innovation and social change that will help solve some of society’s greatest challenges. I’m going to turn this over to Ms. Bonsu, who is going to make the presentations.
Ms. Bonsu:

Thank you, Chairman Heminger. I’d like to ask Simone Bacon and Jen Schlegel to come up to the presenter’s table.

It’s my pleasure to introduce this year’s recipients of the President’s Prize — the highest recognition Ohio State awards to exceptional students who are committed to social change. Each President’s Prize scholar will receive a living stipend and startup funding for their first year post-graduation, along with access to the mentorship of accomplished experts and the opportunity to share their ideas with the university’s global community of alumni, friends and partners.

I’ll start by introducing Simone Bacon. A native of Chicago, Simone will graduate this May with a degree from the College of Public Health. Her project is called Un-CAGED, which stands for Changing the Achievement Gap in Education.

Un-CAGED will focus on removing barriers to early learning and increasing family engagement in the early stages of an infant’s language development, particularly in disadvantaged and low-income populations in Columbus. Her project will use a three-pronged approach: Baby Book Bundles, a language-analysis intervention program and student volunteers.

After completing her project, Simone plans to attend graduate school and earn her master’s in Healthcare Administration. Her hope is to become a Community Health Director and work to eliminate racial and socioeconomic health disparities.

Simone, would you like to tell us a little bit more about your project?

Ms. Bacon:

Sure, I will. Thank you for the introduction Ms. Bonsu. Chairman Heminger, President Drake, remaining trustees, faculty and distinguished guests — good afternoon. My name is Simone Bacon and I am a 2020 Presidents Prize recipient. I am so honored to speak before you today and to share with you how Ohio State helped me to transform my passion of racial and socioeconomic health disparities into tangible community change.

As Ms. Bonsu mentioned, my project is entitled Un-CAGED, Changing the Achievement Gap in Education, and focuses on decreasing educational disparities driven by socioeconomic status. Research shows that a word gap exists as early as in one-year-old children. Babies from high-income households hear over twice as many words per hour compared to babies in low-income households. In Ohio, low-income minority children are less likely to be read to at home and they often have less access to books, educational toys and resources. As a result, by the time they enter kindergarten they are already performing 12 to 14 months behind their high-income counterparts. This gap only widens throughout the lifespan, where low-income students are less likely to reach 4th grade reading benchmarks, are 10 percent less likely to graduate high school, and are 11 percent less likely to complete college. Unfortunately, these disparities can really impact a child’s life outcomes by impacting their adulthood job choices, their residential area, their health and even their life expectancy.
So, to bridge this gap, Un-CAGED is providing low-income infants and their families across Columbus with free Baby Book Bundles filled with 60 baby-friendly books and baby items such as toys, wipes and diapers. Additionally, the parents participate in an intervention program that teaches them sustainable ways to increase their child’s brain development, their reading strategies and interactive conversation. It is my hope that through this program, low-income children across Columbus will cease to experience barriers in their education, as well as empower them to have more successful life outcomes long term.

By working on my President’s Prize project, I’m quickly realizing that not only is the project enabling me to help others, but it is also helping me professionally, too. It is equipping me with indispensable skills that are best learned through experiential practice. In just three short months, I’ve strengthened my leadership and organizational skills by crafting detailed action plans, learning social entrepreneurship strategies, building advisory boards and engaging with partners to garner support. I’m remarkably thankful to have the opportunity to develop these skills early on in my career as they will prepare me exceptionally well to continue to serve others in my future endeavors. I’m ecstatic to now dive further into the program by recruiting student volunteers and families.

None of this would have been possible without each of you, so on behalf of myself and the Un-CAGED program, thank you. If there is ever any doubt in your mind about the type of impact that you’re leaving on this university, I hope that you think of my story and recognize that because of you, students develop big ideas, learn to turn them into tangible goals, and develop the skillset that’s needed to make them come into fruition. By awarding me with the President’s Prize you’ve left a remarkably huge impact on my life and through the success of Un-CAGED, you will also leave an impact on generations to come.

So, President Drake and The Ohio State University Board of Trustees, thank you.

[Round of applause]

Ms. Bonsu:

Thank you. Does anyone have any questions for Simone?

Alright, it sounds like a very exciting project and hopefully you will have a chance to come back and share with us how it’s going.

Now, I’d like to introduce Jen Schlegel of Coshocton. Some of you may recognize Jen’s name, as she was featured in an article by The Washington Post just last month entitled, “An engineering student is helping envision a self-driving future for people with disabilities.”

While Jen is keenly interested in the development of autonomous vehicles, and is working with the Ohio Department of Transportation to create a driverless future for our roadways, her President’s Prize project is a little different.

Jen will graduate in May with a degree in biomedical engineering from the College of Engineering. After graduation, she will lead a team in developing Handicom, a software platform designed to address the technical barriers to success for persons who are physically disabled.
Handicom includes a mobile application that facilitates connections between ideas and written work. It is finger tap-based with a built-in library, allowing for the import of homework, images, diagrams, equations and more.

Jen, would you like to tell us a little bit more about your project?

Ms. Schlegel:

Yes, good afternoon. It’s truly my honor and privilege to be here today with you. It has been quite a journey. If you were to look up my name right now on Google, you might find some interesting results: award-winning innovator, powerhouse, inspiring visionary. While all these recent comments are flattering, the reality of my life is far more interesting. I don’t really matter, but my story does.

For as long as I can remember, a college education was the ultimate dream. With education comes knowledge, freedom, stability, independence and security — all things that I craved. But if education was the key, I felt locked out. I was told I was not destined for medical school, but instead janitorial work; that I had a low IQ; that I was a tragic waste of potential. No one thought I would go to college, let alone stay here. I guess I’m really glad that I like defying expectations. Unfortunately, there’s no how-to guide to living your life with a growing list of medical problems.

When my health snowballed in 2016, my first thought upon hearing that my lungs might be failing was, “What is going to happen to my midterm grades?” It had taken years of my childhood to learn dexterity and it all disappeared in the blink of an eye. It felt as if my diploma dream had evaporated, and by the time I went to class and took care of all my healthcare needs, I had less than an hour a day to actually do my homework. I felt like a failure. How was I supposed to learn if I couldn’t write it down? How do you draw a triangle if you can’t hold the pencil, let alone add dimension and manipulate it the way some classes require? How do you code if you can’t use a keyboard? What about my extraordinary student experience? What about any student experience at all? It seemed hopeless and I felt helpless. I couldn’t go back and I couldn’t go forward. My small voice in that moment felt silent.

Reflection followed, and I had an epiphany — if I couldn’t live in this world, I better help to start building one that I could belong in. Focus on solving the problems and hold fast to the belief that maybe impossible problems need someone to say “I’m possible” to the solutions. I decided I was possible and that changed the course of my life from failure to success. A thought became an idea, an idea became an action, and an action became a project. Ultimately that project became a company.

If ever there was an accidental start to anything, it was BeEnabled. Handicom grew out of a desperate need for me to be able to do my homework. I realized I wasn’t alone — 40 million Americans struggle with limited dexterity. Imagine what we could create if we just had better access. I don’t actually have an IQ of 90, I just lacked the tools I needed to be able to express myself. Handicom seeks to solve those problems. If you can’t draw a triangle because you can’t hold that pencil, it’s going to give you a way to do that on a touch screen interface without the need for a pencil, a stylus or an assistant. Primarily you just need your brain, which is exactly how it should be in education and workforce options. It will open a whole new world of opportunities. Why should we limit anyone’s ability to contribute to the world based on how well they can control their bodies? Why predetermine an ideal of what jobs might suit them?
Handicom and 119 Power to the Patient, my healthcare project that is currently a finalist for the Alliance for the American Dream, seek to highlight a siloed, whispered community voice. They have grown beyond my wildest dreams already, seeking patents and getting international attention, which strengthens that voice. They seek to start an important dialogue about what it means to be abled, disabled and, ultimately, alive. At their core, these projects are about accessibility. Accessibility is not just a disability topic; it’s an everyone topic. My rollator and I, a working mom on a bike and a student-athlete on a bus all came to campus today using roads. These roads gave us all access. These roads improved all of our quality of life. I dream of a world where the elderly don’t have to leave their homes because their new wheelchairs don’t fit in their bathrooms; where children can all use the swing sets; and where education is a right, instead of a privilege; where we all are valued and where we all belong. Let’s bring accessibility into this century. Now, is this idealistic? Probably. But is it possible? Absolutely. How do I know this? Because I’ve seen it for myself here at Ohio State.

To my guests here today — you represent what the world could be if we stood united for access for all. To my dearest friends — thank for teaching me the meaning of unconditional, and for valuing me as much on award-winning days as you do on emergency room ones. To Dr. Nocera, the BME department and the College of Engineering — thank you beyond words for undertaking the challenge that I issued to all of my professors … that if you could educate me, you could educate anyone. I am possible instead of impossible because you in turn challenged me to grow to be more, instead of asking me to be less. Thank you for your patience as I’ve learned and grown from my mistakes. Tim Raderstorf and Paul Reeder, thank you for the many lessons in innovation and entrepreneurship, and for the warm honorary homes I’ve had at the College of Nursing and the Fisher College of Business. Handicom would only be a whisper in my head without you. OSU gave me a home when I had none. And accessibility gave me hope when I had none. Who better than Buckeyes to set the societal gold standards for the future and be the welcoming beacon for all?

Ultimately, thank you Ohio State, for helping me find a megaphone for my voice, my community and my future. You have changed my life for the better far more than I could ever put into words. While I’ve lived for my diploma for decades — and nothing in the world will ever top that moment the day that I receive it — I finally have a life beyond all of this that I’m deeply looking forward to, and that’s the real journey. I’m so excited to be able to help others have the same dream. Thank you.

[Round of applause]

Ms. Bonsu:

Thank you so much for sharing your story. Your passion is so inspirational for all of us. Are there any questions for Jen?

Mr. Heminger:

Trustee Porteus?

Mr. Porteus:

I realize I’m repeating what we’ve already said, but many times around this boardroom, this is the most special moment of our open meetings. And it’s obviously the best testament to why we participate. But I just need to say to Jen, having known her since birth, because
she comes from my community, this is why we’re here at Ohio State. It’s just an amazing story and an opportunity for this university, this institution, to make a difference not only in her life, but in the lives that she is going to influence because of her role. So thank you, Jen, very much.

Mr. Heminger:

And I want to say one thing. Simone and Jen, you both have been very successful to date, but your communication skills are going to take you far. Those were both outstanding presentations. Now, I believe we’ll take a couple photos.

PRESIDENT’S REPORT

Mr. Heminger:

Again, congratulations to Simone and Jen. And now I’m going to turn the rest of the day over to President Drake.

Dr. Drake:

Thanks very much, Chairman Heminger.

And again, I just want to thank Janice, Alex, Tim, and Alan — Buckeyes through and through. We really appreciate what you’ve done and look forward to the future.

We are also saying goodbye to another true Buckeye in the coming weeks. We mentioned a little earlier today that Jim Smith will be departing from his position as president and CEO of our Alumni Association in April. During his tenure, he has done an outstanding job of engaging with and advocating for Buckeyes everywhere. We really appreciate Jim. Jim is an alumnus himself. He is among the 570,000 Buckeye alumni around the world. He and his wife, Polly, met here and I have no doubt that they will continue to stay involved. Please join me in thanking Jim and congratulating him on a job well done.

[Round of applause]

We’re saying goodbyes, but we’ll also say a hello. I would like to say hello to Melissa Shivers, who joined us last month as our new Vice President for Student Life. She is a recognized leader in higher education, having most recently led Student Life at the University of Iowa. Prior to that, she held leadership roles at the University of Tennessee-Knoxville, Clemson University and the University of Georgia. We are pleased to have her energy and deep commitment to students and the student experience here at Ohio State. Melissa, you have been contributing to the team already. Could you stand so we could welcome you?

[Round of applause]

I recently had the great pleasure to report on Ohio State’s collective progress at our State of the University Address. It is remarkable what our community of students, faculty and
staff — in collaboration with each other and in partnership with the larger community — have been able to achieve. The last several years have been historic, seeing highs in applications, in the academic excellence and diversity of our students, in research funding, in graduation rates, in patient care, in donor support and more. All of this tremendous progress toward the goals of our strategic plan reflects our founding mission as a land-grant institution. This year marks our 150th anniversary as a university community and our sesquicentennial gives us the opportunity to celebrate what we have accomplished and all that is yet to come. So it is very gratifying to be able to share that Ohio State has never been as impactful and well-positioned as it is today. I’ll provide a few recent examples in a moment, but first I want to mention a special upcoming event for our entire university community.

In honor of our 150th year, we will be holding an Ohio State Community Open House on Saturday, March 21st. There are dozens of events and activities planned for the day for all ages and all are welcome. Everyone can learn more on our sesquicentennial website: 150.osu.edu. This joins a series of sesquicentennial-year programs, including academic summits, student scholarships, exhibits, a free online history course and more, that speak to the importance of Ohio State’s role as a flagship public research university. And, as Chairman Heminger mentioned earlier, Alex Shumate will be the keynote speaker at our summit next month focused on the 21st-century land-grant university, and we look forward to that. I invite you all to get involved in our 150th celebration and in the many ways, big and small, that we engage with each other to become better communities.

A great example of student engagement is BuckeyeThon’s 24-hour dance marathon, one of my favorite events of the year. BuckeyeThon is our largest student-run philanthropic organization and it works to help end pediatric cancer. Each year, these efforts culminate with a dance marathon on campus that brings together children from the community, their families and thousands of our students. This year, BuckeyeThon raised more than $1.6 million to benefit Nationwide Children’s Hospital. Since its inception, the group has raised over $11.5 million — amazing.

Our students were also among the key drivers of the new Ohio State Wellness app launched late last month. They joined Ohio State faculty and staff to develop the app as part of our Digital Flagship Initiative. It is designed to support student mental health and wellness, following recommendations from our 2018 Mental Health Taskforce. Another recommendation, the peer-to-peer “warm” line, launched last fall. As a large and complex university, we are not immune to serious challenges facing society, and mental health and wellness continue to be important focus areas.

One of the ways we are able to better address societal challenges is through the support of our friends and donors. We were pleased to announce yesterday that the Harry T. Mangurian Jr. Foundation is making its largest-ever gift to Ohio State. The $10 million gift supports dementia and leukemia research, cancer drug development, health and wellness initiatives for student-athletes and scholarships for business students. It speaks to the incredible generosity of Buckeye Nation.

As you know, Ohio State has embarked on the most ambitious community-building and fundraising endeavor in our history. Time and Change: The Ohio State Campaign strives
to engage 1 million supporters, an unprecedented level in higher education. The gift from the Mangurian Foundation includes funds for our planned Interdisciplinary Research Facility in the West Campus Innovation District. On today's agenda are plans for the next steps in developing this facility — supporting scientists and their discoveries in the biomedical sciences, life sciences, engineering, environmental sciences and more. In addition, two floors will be dedicated to Ohio State's Comprehensive Cancer Center, including its new Pelotonia Institute for Immuno-Oncology. We are also exploring next steps for outpatient care facilities on West Campus and in Dublin, expanding the scope of world-class care that our Wexner Medical Center can provide to the community.

Ohio State has unprecedented and measurable momentum with many of the most important indicators at levels higher than at any point in our long history. Our focus on access, affordability and excellence is yielding real results for students and families. More of our students are graduating than ever before, in less time and with less debt than in the recent past. At the same time, we continue to innovate in teaching and learning. Ohio State was recently ranked No. 1 in the nation for online undergraduate education. Our University Institute for Teaching and Learning is recognized nationally for implementing a research-based survey instrument on effective teaching practices across the entire institution.

Last year was record-breaking for research expenditures and industry-sponsored research. We also rose nine spots nationally in rankings of NIH funding, including research and development contracts at several of our health sciences colleges.

In order to fulfill our potential in the years ahead, it is critical to continue our momentum broadly across the university. Having been in higher education for 40 years, I know of no other institution better positioned to fulfill its land-grant mission on a grand scale than The Ohio State University. It is truly an exciting time to be a Buckeye, and I look forward to continuing to work together to fulfill our incredible potential. Thank you.

That concludes my report.

COMMITTEE REPORTS

Mr. Heminger:

Thank you, President Drake. We will now move onto our committee reports. Mr. Stockmeister, Advancement Committee.

Advancement

Mr. Stockmeister:

Thank you, Mr. Chairman. The Advancement Committee met just this morning and we began with a warm welcome for Tom Murnane. Tom is the newest public member of our committee. Tom is a two-time Ohio State graduate and he continues to be a critical partner and advocate for the university through his volunteerism with the College of Arts and Sciences and the Alumni Advisory Council, all the way from southern California to this cold weather in Ohio.
Christian McGhee, a recent graduate and 2019 President’s Prize recipient, joined us to reflect on the status of his project, GROW: Getting Ready for Opportunities and Work. He shared how community partnerships have enhanced his mission to provide support for homeless youth involved in the justice system.

Michael Eicher shared positive Advancement scorecard results, noting a record-breaking December for fundraising and the steady progress toward campaign goals. Strong event attendance and growth in audience engagement are all part of his report. These metrics indicate successful efforts across the board to inspire donors, alumni, friends, and grateful patients to continue to choose Ohio State.

Time and Change: The Ohio State Campaign has raised more than $1.9 billion to date. Progress toward fundraising and endowment goals are on track and momentum for capital project fundraising is expected to build as the campaign progresses. Jen Keyes shared a preview of creative efforts to grow fundraising to reach the 1 million donors through peer-to-peer initiatives and through engagement strategies to meet donors utilizing innovative technology.

During the Alumni Association report, we heard from Don Stenta, our Assistant Vice President for Alumni Experiences, about the engagement continuum — a concept that outlines how our community members move through a dynamic funnel of awareness, education, engagement, giving and advocacy. As we charge ahead toward the goal of 1 million donors, our strategies that leverage networks and our personal relationships present a great opportunity to impact those who are currently unengaged and unaware of what Ohio State has to offer.

We also took a moment to recognize Jim Smith and his extraordinary leadership and tremendous contributions that he has made in advancing our Alumni Association. We thanked him for his service as president and CEO.

Our Vice President of Marketing, Adrienne Nazon, shared a progress update on the university’s brand strategy, including a public service announcement highlighting “Champions for All,” the message which emphasizes the power of human potential at Ohio State. She also shared Ohio State’s participation in the “One of Us” Columbus campaign, expected to launch this April.

We then reviewed and approved resolutions related to new endowments totaling approximately $10 million, a series of naming resolutions, and Distinguished Service Award nominations for Chris Ellison and Tim Gerber. All of these items appear on the consent agenda today.

We then recessed into executive session, and that concludes my report.

Mr. Heminger

Thank you, Alan. Next, Dr. Porter, for the Wexner Medical Center Board.
Wexner Medical Center Board

Dr. Porter:

Thank you, Mr. Chairman. The Wexner Medical Center Board met yesterday morning and we began our meeting with a report from our Chancellor for Health Affairs, Dr. Hal Paz. Dr. Paz introduced the medical center’s new Community Care Coach — a state-of-the-art mobile health unit that brings primary care, OB/GYN care, health screenings and other services directly to our patients in their own neighborhoods. Dr. Paz also shared that the medical center was recently named No. 4 in the country by Forbes Magazine on their list of “Best Employers for Diversity.”

He also highlighted impressive increases in our health sciences research funding and national research rankings, as well as a $10 million commitment that Dr. Drake mentioned earlier to the university from the Harry T. Mangurian Foundation that will support a number of key university priorities, including the new Interdisciplinary Research Facility.

Dr. Amy Fairchild, who is our new Dean of the College of Public Health, and Dr. Peter Mohler, Vice Dean for Research for the College of Medicine, gave a presentation on the national vaping public health challenge and detailed some of the extensive research efforts here at Ohio State related to vaping. Dr. Andy Thomas, the medical center’s Chief Clinical Officer, also described a number of our related clinical programs, including the launch of a new hotline (366-VAPE) to help connect people with treatment options and programs.

Mark Larmore then provided the Medical Center Financial Report. Overall, as was mentioned earlier, the financial health of the Wexner Medical Center is very strong. Our current operating margin is at about 6.3 percent and our adjusted admissions are currently up by 11.3 percent over last year, an incredible growth.

Then, Dr. Bill Farrar shared updates regarding the great work going on at the James Cancer Hospital. We want to congratulate Dr. Raph Pollock and the faculty and staff of the Comprehensive Cancer Center, who recently submitted the renewal application to the National Cancer Institute for their core grant, which if renewed, would provide the cancer center with approximately $32 million in federal funds over the next five to seven years. The site visit for that grant will occur in May 2020 and the results of the application will be shared with us and you this fall.

Dr. Farrar also shared information regarding a new cancer drug take-back program that is designed to address the financial burden on cancer patients and to save lives. He also highlighted the successful kickoff for the 2020 Pelotonia ride campaign, as well as the tremendous outcome from our very recent Buckeye Cruise for Cancer, which this year raised $4.5 million — an increase of more than $1 million from last year, all of which goes to support cancer research at the James.

Jay Kasey brought forward six projects that the Wexner Medical Center Board voted to recommend for approval to the University Board of Trustees. These include construction and professional services contracts for the following projects: the new West Campus Interdisciplinary Research Facility, infrastructure improvements for the West Campus Innovation District, the planned outpatient care facilities on West Campus and in Dublin, renovations in University Hospital related to operating room power distribution, as well as additional professional services and enabling construction work related to a potential new
inpatient hospital. These facilities are critically important projects that connect directly to the goals and priorities of the university’s strategic plan.

Mr. Kasey also presented a proposed acquisition of vacant land on Olentangy River Road, adjacent to the Stefanie Spielman Comprehensive Breast Center, and a proposed acquisition of property on Olentangy River Road, north of I-270, that features a single-story medical office building with an ambulatory surgery suite. The Wexner Medical Center Board voted to recommend approval of these purchases to the full board as well.

We then met in executive session. But before I conclude my report, I just also have to say on behalf of all of the other board members, that we’re really going to miss all of the departing board members. We have learned so much from you and appreciate all of your mentorship. So that concludes my report, Mr. Chairman.

(See Appendix XXXVI for background information, page 873)

Mr. Heminger:

Thanks, Dr. Porter. Talent, Compensation and Governance, Dr. Fujita?

Talent, Compensation & Governance

Dr. Fujita:

Thank you, Mr. Chairman. And I, of course, second what Dr. Porter said. I thank you very much for all the wisdom and guidance that you have provided. The Talent, Compensation and Governance Committee met yesterday. We began with an update on the HR Service Delivery Initiative, presented by Susan Basso and Kim Shumate, who serves as Associate Vice President for Strategic Initiatives for Human Resources. They discussed the new shared services model for HR that will deliver high-quality, technology-enabled customer service to all students, faculty, staff, physicians and nurses. They also shared the significant policy changes that will improve the employee experience as the university moves into Workday.

Ms. Basso updated the committee on several key searches, including the Senior Vice President and General Counsel; the Chief Investment Officer; the CEO and Senior Vice President for Alumni Relations; the Associate Vice Chancellor for Interprofessional Practice and Education for the Wexner Medical Center; the Vice President for Strategy and Transformation; and the Dean of the College of Medicine. And as chair of the Presidential Search Committee, Mr. Von Thaer updated the committee on the progress of the presidential search.

Janice Bonsu updated the committee on the search for the next graduate student trustee. Yesterday morning, some of us met the top 10 candidates during our annual student-trustee mixer. We all agreed that we have some very strong candidates this year, though it will still be quite difficult to replace Janice. The Selection Committee will conduct interviews with the top 10 candidates this weekend. They will narrow the pool down even more and ultimately forward the top five finalists’ names to the governor’s office for his consideration and final decision.

The committee then reviewed a handful of items for action. First, Ms. Basso presented a series of proposed amendments to The Ohio State University retirement plans. These
amendments are being recommended to maintain compliance with the Internal Revenue Code and other related guidance. Ms. Basso also reviewed personnel actions, including a contract extension for Head Football Coach Ryan Day; the appointment of James Rocco as the Interim Dean of the College of Medicine; and the appointment of Michael Drake as President Emeritus from July 1, 2020 through June 30, 2021, and as Distinguished University Professor from July 1, 2021 through June 30, 2024.

I presented the ratification of our committee appointments to reflect the addition of Tom Murnane as a new public member of the Advancement Committee, and Mr. Von Thaer shared a resolution related to the Establishment of the Presidential Search Committee and Contract to Retain a Presidential Search Consultant.

The committee approved all of these items, which appear on the consent agenda today. We then met in executive session and that concludes my report, Mr. Chairman.

Mr. Heminger:

Thank you, Dr. Fujita. Academic Affairs, Student Life and Research, Mr. Shumate?

Mr. Shumate:

Academic Affairs, Student Life & Research

Mr. Heminger:

Thank you, Mr. Chairman. The Academic Affairs, Student Life and Research Committee met yesterday to cover a very full agenda that addressed the university’s progress toward supporting student wellness, institutional equity, our research mission and international affairs, among other topics.

In his report, Provost McPheron shared details about a variety of topics. First, he introduced us to the new Ohio State Wellness app, which has already been downloaded onto more than 50,000 devices. This app, a key part of the university’s broader wellness efforts, was developed through our Digital Flagship collaboration with Apple.

Second, the provost provided an update on the university’s first revision in 30 years of the General Education curriculum. Students will have significantly more flexibility to pursue second majors, minors or electives because the new General Education requirements are fewer than in the past. A committee that spanned the undergraduate colleges has finalized an implementation plan as the university prepares to introduce elements of the new GE curriculum in the fall of 2021.

The provost then discussed the university’s continued work on the international strategic plan, which will align with the Time and Change plan while more fully defining the university’s approach to global engagement. Finally, the provost highlighted our recent rankings for online education in U.S. News and World Report, including Ohio State’s position as the No. 1 university for online bachelor’s degree programs and as top 20 for graduate programs in nursing, engineering and education. This is indeed quite an achievement.

In her first meeting with the committee, Dr. Shivers introduced a presentation about the progress being made by the Suicide & Mental Health Task Force Implementation Team. The university has expanded the number of mental health counselors, increased collaboration with the Wexner Medical Center, created a peer-to-peer “warm” line for non-
emergency needs, and enhanced resources — both printed and digital — to support individuals in need. This work will continue, but the university has already made strong inroads in expanding support.

In August, the university opened the Office of Institutional Equity as a centralized office that addresses all forms of harassment, discrimination and sexual misconduct. Katherine Lasher, our Associate Vice President for Institutional Equity, shared how her office is creating standardized processes for handling reports, building out educational programs and creating resources that support all members of the Ohio State community.

Finally, Dr. Morley Stone introduced Dr. Matt Sullivan, a professor in microbiology, to discuss how the university is implementing the strategic plan for research and creative expression. Building on our strengths as a comprehensive land-grant university, Dr. Sullivan is working with colleagues in seven colleges in the emerging interdisciplinary field of microbiome science. By collaborating, Ohio State is using its depth and breadth to advance applications in such areas as infectious diseases, climate change and antibiotic resistant bacteria.

The committee then reviewed the new Academic Affairs, Student Life and Research Scorecard. As of January, more than 2,300 faculty members — 77 percent of our faculty in undergraduate-serving colleges — have completed at least one component of the Teaching Support Program, and more than 54 percent have completed two components to enhance their teaching excellence. The rest of the scorecard was largely unchanged from November.

The Academic Affairs, Student Life and Research Committee is recommending five items for approval today. The first item involves the suspension of the Master of Business Logistics Engineering program, which has seen decreasing enrollment. All current students will be able to complete their degrees and the colleges of Business and Engineering can redirect faculty members to other programs. The second resolution will rename some engineering degree programs to Aerospace Engineering, which better aligns with the department name.

Third, the Faculty Personnel Actions include a two-year extension for Tom Gregoire as Dean of the College of Social Work, the appointment of James Rocco as Interim Dean of the College of Medicine, and the appointment of the Glenn College’s Trevor Brown as Executive Dean of the Professional Colleges. Fourth, the updates to the Rules of the University Faculty expedite minor corrections to rules and bylaws, and also clarify notice requirements for University Senate meetings. Finally, the last item is the approval of degrees and certificates for May commencement.

These actions appear on the consent agenda today. After approving these items, the committee recessed into executive session. And that concludes my report, Mr. Chairman.

Mr. Heminger:

Thank you, Alex. Next is the Master Planning and Facilities Committee, Mr. Fischer?
Mr. Fischer:

The Master Planning and Facilities Committee met this morning, beginning in executive session. We then covered numerous items in public session, including five items for discussion. Mr. Kasey presented the Physical Environment Scorecard and discussed briefly the changes to the metrics. Overall, the scorecard is in great shape, with 13 areas coded green, one 1 coded as yellow, and three coded red — we always have a detailed discussion on the areas that are coded red. Most of those are related to timing and specific issues of the calendar.

We also reviewed the Major Project Status Report. This looks at all projects over $20 million — all projects are green or yellow. Everything is on scope, time and budget, which is fantastic to see. The details are in your packages.

Mr. Myers presented the designs for two significant strategic projects and Dr. Porter described them: the Interdisciplinary Research Facility and the Wexner Medical Center's Outpatient Care facility in Dublin, so I won’t go into further detail. Dr. Porter also described the Wexner Medical Center Outpatient Care facility that is being constructed and was reviewed both by the Wexner Medical Center Board and in our facilities committee. Also all of these projects get a financial look in the finance committee, so without being redundant, those materials are in your packages.

Mr. Conselyea presented the aforementioned request for approval to enter into or increase professional services and construction contracts for 13 projects. These are listed in your materials and on the consent agenda. Mr. Myers presented a joint use agreement between the university and the Union County Community Improvement Corporation for pass-through monies for the state of Ohio. As mentioned, Dr. Porter referenced two real estate purchases for the Wexner Medical Center, which were also approved by the facilities committee. Lastly, Mr. Myers presented a request for approval to grant a perpetual sanitary sewer easement to the city of Columbus benefitting Ohio State East Hospital.

All of these resolutions were passed by the Master Planning and Facilities Committee and again, as a part of our process, the financial sides are reviewed by the finance committee.

So I rushed through that because I want to ask all of the retiring trustees, but candidly, Alex [Shumate]. I want you to think about something for just a second. I’m going to take you through a tour of campus.

Think about this building and how many times we’ve walked through those doors and been in meetings here. Think about the Knowlton School of Architecture — we love to pick on its design and style from occasion. Most of us have had the opportunity, though not everyone in the public, to go in the suites at Ohio Stadium. The amazing campus that was built at the Fisher School of Business is one of the best master plan developments on our campus. The construction of the Schottenstein Center — and now the renovation of the Schottenstein Center. The Ohio Union, perhaps one of the best student unions in the country, and maybe not perhaps but certainly one of the best. The Wexner Center for the Arts — another building we like to pick on the architecture, and one of my least favorite architectural buildings on campus. The Thompson Library and its amazing renovation — think of all the students who have passed through it since it has been renovated. The
Athletic District and how now that is a complete district. The James Cancer Center — the premier facility for the treatment of cancer here on our campus. All of the romances that have occurred at Mirror Lake and our recent renovation of Pomerene Hall. The north residential halls.

The common theme is that none of these buildings existed when I graduated from college in 1989. [I didn't graduate] from here, but that was the year that Alex Shumate joined the board. I hope that all of our retiring trustees can just acknowledge this enormous impact. Since 1989, Alex, more than 300,000 students have earned degrees from this institution and have passed through these buildings. They are just like the two exemplary students we heard from today. All of this impact is important. But as a Columbus guy and a business leader who is exemplary among business leaders — hats off to all of our trustees, but to Alex, your service is amazing.

Mr. Shumate:

Thank you very much.

Mr. Heminger:

Thank you, Mr. Fischer. Our last committee report is the Audit, Compliance and Finance Committee, Mr. Smucker?

Audit, Compliance & Finance

Mr. Smucker:

Thank you, and Alex [Fischer], I could not agree more with your comments about Alex [Shumate]. It has been an honor to work with Alex, and actually one of the reasons I’m on the board is because of Alex’s recommendation. So thank you, Alex, and thank you for the leadership you provided.

Thank you, Mr. Chairman. The Audit, Compliance and Finance Committee began this morning in executive session. During the public session that followed, we discussed three items. Mr. Papadakis began the discussion noting that in December, Moody’s upgraded the Higher Education Sector from negative to stable, and more recently, both Moody’s and Fitch upgraded their healthcare outlooks from negative to stable. Those are big moves.

Ms. Devine presented the consolidated university and Wexner Medical Center financial scorecards through December 2019. The metrics demonstrate the university’s strong financial position with no items marked as red, and four items marked yellow, which include Total Expenses, One-Year Long-term Investment Pool Return, Three-Year Long-Term Investment Pool Return and Fiscal Year-To-Date Long-Term Investment Pool Return. Overall, our change in net assets remains strong and ahead of budget, primarily driven by medical center margins and investment earnings.

Mr. Garrity-Rokous, Dr. Latz, who serves as vice provost for Global Strategies and International Affairs, and Ms. Roy-Dixon, who is the executive director for Global Gateways and Partnerships, gave a presentation regarding the current status of the Global Gateways
program and provided an overview of recent audits conducted of the India and Brazil Gateways.

Lastly, Mr. Kasey and Mr. Conselyea shared 13 professional services and construction projects, all of which were reviewed and approved by the Master Planning and Facilities Committee this morning. These include the following related to West Campus: the Interdisciplinary Research Facility, the Medical Center Outpatient Care West Campus facility, the Energy Advancement and Innovation Center, and West Campus Infrastructure Phase 1. And I should note that all medical center-related projects were reviewed, as Alex said, both by the Wexner Medical Center Board and Alex’s committee.

The Audit, Compliance and Finance Committee then approved the following seven items for action, which appear on our consent agenda today: the Approval of a Master Equipment Lease; the Approval of FY20-21 Men’s Basketball Ticket Prices; the Approval of First Amendment to the First Amended and Restated Long-Term Lease and Concession Agreement for The Ohio State University Utility System; the Authorization to Enter Into or Increase Professional Services and Construction Contracts; the Approval for Long-Term Ground Lease and Development Agreement Amendment; the Approval for the Acquisition of Real Property; and the Acquisition of Vacant Land.

After approving these items for action the committee adjourned. That concludes my report.

Mr. Heminger:

Thank you, Mr. Smucker. We will now move to today’s consent agenda. First, I would like to note one item that has been added to the agenda related to the Richard Strauss matter.

For two years, we have been actively engaged in coming to terms with Strauss’ abuse and the university’s failure to appropriately respond at the time. Throughout this process, we have kept the public informed and have had regular updates at this meeting.

On today’s agenda, we are offering a motion for this board to adopt that authorizes the chair of the board to approve any settlements with plaintiffs on behalf of the board and reaffirms our commitment to a resolution of claims involving Strauss.

President Drake, would you please present the consent agenda to the board?

***

CONSENT AGENDA

Dr. Drake:

Thank you. The consent agenda has been updated to reflect the change Chairman Heminger just mentioned. We now have 32 resolutions on the consent agenda, and copies of the hand-carried resolution are available for the public.

We are seeking approval of the following:
RESOLUTIONS IN MEMORIAM

Resolution No. 2020-69

WILLIAM F. COWEN JR.

The Board of Trustees of The Ohio State University expresses its sorrow regarding the death on September 20, 2019, of William F. Cowen Jr., Professor Emeritus of Forestry from the School of Environment and Natural Resources in the College of Food, Agricultural and Environmental Sciences.

Professor William F. Cowen, Jr. joined the faculty of The Ohio State University as an Assistant Professor in 1959, and served with distinction for 26 years until his retirement as Professor in 1985. During his tenure at Ohio State, Professor Cowen’s academic appointment was 25 percent resident instruction and 75 percent Extension, with the title State Extension Specialist in Forestry. Professor Cowen was a truly gifted teacher, both in the classroom and with Extension clientele. Several awards testify to this fact, including The Ohio State University Alumni Award for Distinguished Teaching, recognition as one of the nation’s outstanding educators with a listing in the annual national awards volume Outstanding Educators of America, and the Ohio Forestry Association's Outstanding Conservation Educator of the Year. With the creation of the School of Natural Resources in 1968, his dendrology and silviculture courses became requirements for all forestry and wildlife majors. Literally thousands of students passed through Professor Cowen’s classes, benefiting not only from his enthusiastic teaching style and love for his profession, but also from his theoretically well-founded approach to the science and practice of forestry.

During his tenure, Professor Cowen was the only forest resources management Extension professional in the state. He developed strong educational programs addressing the needs of a wide variety of clientele, including Christmas tree growers, maple syrup producers, private non-industrial forest landowners, professional forestland managers and urban forest managers. There are several awards testifying to Professor Cowen's impact. These include his induction into the Ohio Christmas Tree Association's Hall of Fame, a certificate of commendation from the Ohio House of Representatives, an Honor Award from the Soil Conservation Society of America, and the Professional Excellence Award for Outstanding Contributions in Conservation and Natural Resource Development from the All-Ohio Chapter of the Soil Conservation Society of America. Perhaps the best measure of Professor Cowen's impact on forestry and the foresters in Ohio (many of whom were his students) is the fact that in 2000, the Ohio Society of American Foresters honored him as Ohio's Forester of the Millennium.

Also notable was that he volunteered in the U.S. Naval Reserve in 1943; attended Brown University during 1943-1944; and graduated from the University of Notre Dame Midshipmen's School as an Ensign USNR in October 1944. He was the Executive Officer of the USS SC628 during her periods of service at Guam, Saipan, Okinawa, Philippines and the occupation of Japan. He was the Commanding Officer of USS PC461 during her decommissioning at Green Cove Springs, Florida. Professor Cowen graduated from the
University of Rhode Island in 1948. He also graduated from the Yale University School of Forestry in 1950 with a master's degree in forestry. In 1952, his fellowship was the advanced study of European forestry practices in Norway and Denmark. From 1950-1959, he was Forester-in-Charge of all watershed operations for the city of Providence, Rhode Island’s Water Supply Board.

Professor Cowen was an inspiration and a wealth of knowledge to all who knew him. He touched so many lives and will be truly missed, but not forgotten.

On behalf of the university community, the Board of Trustees expresses to the family of Professor William F. Cowen Jr. its deepest sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the board’s heartfelt sympathy and appreciation.

LUVERN L. CUNNINGHAM

The Board of Trustees of The Ohio State University expresses its sorrow regarding the death on December 6, 2019, of Luvern L. Cunningham, Professor Emeritus of Educational Administration in the Department of Educational Studies in the College of Education and Human Ecology.

Professor Cunningham grew up in rural Nebraska and fought in WWII when he was 18. After the war, he earned a bachelor’s degree and became a school principal, then a superintendent at 23. His master’s degree was from the University of Nebraska, his PhD from Oregon State University, and he was recruited in 1967 from the University of Chicago to become Ohio State’s sixth dean of the College of Education.

He became widely known for bringing together disparate groups, mediating disputes and effecting positive change for both sides. Professor Cunningham guided the college through the turbulent late ’60s and early ’70s, landing it as the top-ranked, land-grant College of Education in the nation.

Professor Cunningham left the deanship in 1973, but not his tenured professorship, to serve on the Detroit Education Task Force. He led the extensive public schools improvement effort, bringing citizens, business people and educational leaders together to benefit children and their families. Over time, many cities called on him to guide their school desegregations, including San Francisco, St. Louis and Cleveland. He was appointed special master-commissioner for the desegregation of Columbus Public Schools, working closely with First Federal District Court Judge Robert M. Duncan, a two-time Ohio State alumnus, who decided the case. The pair focused on addressing the humane and practical concerns of the community’s children and adults. Over time, Professor Cunningham found attractive gains for minority children in math and science. He measured attitudes and saw dramatic improvement among students in their attitudes toward one another.

In 1976, Professor Cunningham was named the Novice G. Fawcett Professor of Educational Administration, a particular honor because he worked closely with President Fawcett. The appointment included funding to engage more graduate students in
Professor Cunningham’s work, a priority for him. Also in the early ‘70s, Professor Cunningham partnered with a local medical doctor, theologian and lawyer to form what came to be called the Interprofessional Commission of Ohio. A master at winning grants, Professor Cunningham launched it with an Ohio Board of Regents award. The commission offered innovative, team-taught, credit and continuing education courses taken by thousands of students and practitioners over time. The goal was to promote clinical cooperation among those in allied medicine, education, law, medicine, nursing, psychology, social work and theology.

The commission played a key role in launching the University Area Commission, which engaged Ohio State with its neighbors to provide tools to improve lives. Under Professor Cunningham’s leadership, the commission founded Campus Partners, which continues to this day. Ever a supporter of peace and justice, Professor Cunningham also held an appointment with Ohio State’s Mershon Center during this time. After his 1989 retirement from Ohio State, Professor Cunningham and his wife, Lila Carol Cunningham, founded Leadership Development Associates to continue education work. They were called upon for advice by the Ohio and Kentucky legislatures, among other groups. Professor Cunningham received many awards, including the Ohio Department of Education’s Ohio Pioneer in Education Award.

On behalf of the university community, the Board of Trustees expresses to the family of Professor Luvern L. Cunningham its deepest sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the board’s heartfelt sympathy and appreciation.

**Gerald M. “Jerry” Gregorek**

The Board of Trustees of The Ohio State University expresses its sorrow regarding the death on October 3, 2019, of Gerald M. “Jerry” Gregorek, Professor Emeritus in the Department of Mechanical and Aerospace Engineering in the College of Engineering.

Professor Gregorek, also known as “Dr. G.” served in the United States Air Force during the Korean War as a B-29 flight engineer before heading to Ohio State to study aeronautical engineering. A three-time graduate of Ohio State, Professor Gregorek earned his bachelor’s in 1958, master’s in 1959, and PhD in 1967. All three of his degrees were in aeronautical and astronautical engineering. He would go on to serve as Chair of the Department of Aeronautical and Astronautical Engineering from 1991-1999, Director of the Aeronautical/Astronautical Research Laboratory, and Director of the OSU Don Scott Airport.

Professor Gregorek retired in 2010 after 50 years of service at Ohio State. However, he remained active, engaging in research projects at the Aerospace Research Center and serving as a mentor to younger faculty. His lifelong passion was aviation research, and he was known internationally as a leader in applied aerodynamics. He participated in many notable projects, including his influential role in designing various aspects of the Piaggio Avanti, an Italian executive aircraft that went into production in 1986. Professor Gregorek was the designer of the aircraft's front and rear airfoils and was recognized for the innovative structure. Working from the Aeronautical/Astronautical Research Laboratory, Professor Gregorek was able to use the OSU Don Scott Airport to test his experiments.
While the airport had always supported aviation research, Professor Gregorek was the instigator in applied flight-testing on Ohio State’s campus.

It was from the airport that Professor Gregorek launched many of his experimental projects. His projects ranged from general aviation tests to several NASA flight-test programs. And it was at this facility where Professor Gregorek, alongside Professor Stacy Weislogel, developed a flight-testing course that is still being taught at Ohio State. Professor Gregorek was an inspiration to his students as both an innovative researcher and teacher. He was known as a bright and creative role model for students and faculty alike, and he is remembered as an outstanding educator and pioneer in aerospace education. Thanks to Professor Gregorek, countless Ohio State aerospace engineering graduates have gone on to become impactful engineers, pilots and educators.

Professor Gregorek received many honors for his leadership in the aerospace industry. He was elected a Fellow of the American Institute of Aeronautics and Astronautics in 1999, and was a member of the Supersonic Tunnel Association, the American Society for Engineering Education, the Fédération Aéronautique Internationale, the Experimental Aircraft Association and the International Astronautical Federation — from which he received the Frank J. Malina Astronautics Medal, which is presented annually to an educator who has demonstrated excellence in taking the fullest advantage of the resources available to them to promote the study of astronautics and related space sciences. At Ohio State, Professor Gregorek’s memory lives on through the Dr. Gerald Gregorek Aerospace Endowed Scholarship Fund, created in 2015 in his honor, as well as the Department of Mechanical and Aerospace Engineering’s Gerald M. Gregorek Excellence in Teaching Award.

On behalf of the university community, the Board of Trustees expresses to the family of Professor Gerald M. “Jerry” Gregorek its deepest sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the board’s heartfelt sympathy and appreciation.

THOMAS G. SKILLMAN

The Board of Trustees of The Ohio State University expresses its sorrow regarding the death on June 18, 2017, of Thomas G. Skillman, MD, Professor Emeritus of Internal Medicine in the College of Medicine.

Dr. Skillman completed his undergraduate studies at Baldwin Wallace University in Berea, Ohio, where he was a student-athlete. He was in the United States Navy’s accelerated program, which allowed him to start medical school early, and required him to serve two years in the Navy following medical school. At the University of Cincinnati’s College of Medicine, Dr. Skillman earned his medical degree and completed his internal medicine residency and endocrinology/metabolism fellowship. He was an exceptional student, graduating sixth in his medical school class of 68 students.

After serving as a medical officer in New Mexico during the Korean War, Dr. Skillman began his career in academic medicine, first as an instructor at the University of Cincinnati. In 1957, he was named an Assistant Professor of Medicine at Ohio State, but he left in 1961 to pursue an Associate Professor role at Creighton University in Nebraska. There, he rose to full Professor of Medicine and Chief of Endocrinology. In 1967, the Chair of
Medicine at Ohio State, Dr. James Warren, recruited Dr. Skillman back to serve as a Professor and Director of the Division of Endocrinology and Metabolism.

At Ohio State, Dr. Skillman was very involved in medical education and clinical research. He was honored by the College of Medicine’s Class of 1972 as “Man of the Year” for his “dedication to medicine and medical education.” In the class citation, Dr. Skillman is praised for both his clinical and teaching skills, his sense of humor and his humility. He considered “a teaching hospital akin to a scholar’s library, where each patient represents a volume from which the physician learns.” In the early 1970s, he was named the endowed Kurtz Chair in Endocrinology with the College of Medicine.

Dr. Skillman was a member of the Alpha Omega Alpha Honor Medical Society, the Central Society for Clinical and Translational Research, the American Federation for Clinical Research and multiple diabetes associations. Throughout his life, Dr. Skillman remained devoted to his two great loves — his family and medicine. While in college, he met Elizabeth McClellan, a nursing student at Christ College of Nursing and Health Science. They were married in 1947 and enjoyed nearly 70 years together.

On behalf of the university community, the Board of Trustees expresses to the family of Thomas G. Skillman, MD, its deepest sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the board’s heartfelt sympathy and appreciation.

CARL E. SPEICHER

The Board of Trustees of The Ohio State University expresses its sorrow regarding the death on November 13, 2019, of Carl E. Speicher, MD, Professor Emeritus in the Department of Pathology.

Dr. Speicher’s goal since childhood was to become a physician. He received his bachelor’s degree in Biology, Summa Cum Laude, from King’s College in Wilkes-Barre, Pennsylvania, in 1954, where he was also valedictorian. He then received his medical degree from the University of Pennsylvania’s School of Medicine in Philadelphia in 1958.

After medical school, Dr. Speicher spent 21 years in the United States Air Force, where he served as the Chief of Laboratory Services as a Major, ultimately earning the rank of Colonel. He joined Ohio State’s Department of Pathology in 1977. During his 22-year tenure with the department, he served as Professor of Pathology; Executive Vice-Chair of Pathology; Director of Clinical Services at the medical center; Medical Director of Clinical Pathology, Critical Care Laboratory and the Respiratory Therapy Laboratory; and President and Chief Operating Officer of the University Reference Laboratory.

He was also Co-Director of Clinical Laboratories at the James Cancer Hospital and Solove Research Institute; a member of the consulting staff at Memorial Hospital of Union County in Marysville, Ohio; Medical Director of LabNet of Ohio; and Medical Director of the Division of Medical Technology for the School of Allied Medical Professions at Ohio State. Dr. Speicher retired from the university in 2000.

Dr. Speicher reorganized the clinical labs and developed a total laboratory automation system while working on editing the next edition of his book entitled “The Right Test: A
Physician’s Guide to Laboratory Medicine,” which was translated into Portuguese, German and Greek. He was an internationally recognized leader in pathology and unfailingly dedicated to the welfare of his department and the College of Medicine. Dr. Speicher also served on numerous committees and editorial boards throughout his tenure at Ohio State.

On behalf of the university community, the Board of Trustees expresses to the family of Carl E. Speicher, MD, its deepest sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the board’s heartfelt sympathy and appreciation.

THOMAS E. WEBB

The Board of Trustees of The Ohio State University expresses its sorrow regarding the death on November 14, 2019, of Thomas E. Webb, Professor Emeritus in the Department of Molecular, Cellular and Developmental Biology.

Professor Webb was a native of Canada, where he was raised on a farm in Mannville, Alberta. He completed his bachelor’s and master’s degrees in Biochemistry at the University of Alberta in 1956-57. In 1961, he earned his PhD in Biochemistry from the University of Toronto, where he also met his wife, Ellen. He continued his training by conducting postdoctoral research at the National Research Council of Canada in Ottawa and at the McArdle Laboratory for Cancer Research at the University of Wisconsin-Madison. Professor Webb’s first faculty position was at McGill University in Montreal, Quebec, where he served as an Assistant Professor and Acting Director of the Cancer Unit for five years.

Professor Webb moved to Ohio State in 1970, and remained a faculty member at the university for nearly 30 years, dedicating his time to teaching and conducting research to find a cure for cancer.

During his impressive research career, Professor Webb studied important aspects of carcinogenesis. In particular, he published many studies on the potential anti-tumor properties of glucarate. Glucarate can be found in a variety of fruits and may help block tumorigenesis by increasing the detoxification of tumor-inducing compounds in the liver. Professor Webb was also a dedicated educator who made important contributions to teaching future generations of biomedical scientists.

On behalf of the university community, the Board of Trustees expresses to the family of Professor Thomas E. Webb its deepest sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to his family as an expression of the board’s heartfelt sympathy and appreciation.
Synopsis: Approval of the First Amendment to The Ohio State University Alternative Retirement Plan (“Plan”), is proposed.

WHEREAS the Board of Trustees originally adopted the Plan, effective February 5, 1999; and

WHEREAS the Plan was most recently amended and restated effective as of January 1, 2016; and

WHEREAS the university has the right to amend the Plan pursuant to Section 8.3 of the Plan; and

WHEREAS the university desires to amend to the Plan:

NOW THEREFORE

Resolution No. 2020-76

Synopsis: Establishment and appointment of Presidential Search Committee and Contract to retain a national search consultant to assist the Presidential Search Committee, are proposed.

WHEREAS Dr. Michael V. Drake, MD, announced his decision to retire from the presidency of The Ohio State University effective June 30, 2020; and

WHEREAS it is the responsibility of the Board of Trustees, pursuant to section 3335.09 of the Ohio Revised Code, to select the president of the university; and

WHEREAS the Board of Trustees has determined that it is appropriate to establish and appoint a Presidential Search Committee with broad representation of university constituencies and charge it with responsibility for recommending to the board one or more candidates to be the next president of the university; and

WHEREAS in order to proceed expeditiously with the commencement of the search it is appropriate to constitute and give an initial charge to the Presidential Search Committee; and

WHEREAS it is an established practice to select a professional search firm to serve as a consultant to the search committee and the Board of Trustees, providing advice, expertise and administrative support in the identification, screening and recruiting of the most highly qualified candidates for the presidency:
NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves that the Presidential Search Committee of The Ohio State University will be established as follows:

Presidential Selection Subcommittee

BE IT FURTHER RESOLVED, That any actions taken by the Presidential Search Committee or the chair in furtherance of this resolution prior to its effective date are hereby ratified and approved.
SUSPENSION OF ADMISSIONS TO THE
MASTER’S OF BUSINESS LOGISTICS ENGINEERING PROGRAM

Resolution No. 2020-77

Synopsis: Approval to suspend admissions to the Master’s of Business Logistics Engineering program (Fisher College of Business and College of Engineering), is proposed.

WHEREAS the university launched the Master’s of Business Logistics Engineering (MBLE) program in 2005, when there were about 40 competing programs; and

WHEREAS there are now 80 competing programs, double the number when the MBLE program was created; and

WHEREAS increased competition has negatively affected both applications and enrollment in the MBLE program, which reached a high of 224 applications in 2012, but has since seen about a 50% decline; and

WHEREAS the program is expected to lose about $300,000 in the 2019-2020 year and is no longer seen as financially viable by the offering academic units; and

WHEREAS under a suspension of admissions, the university would no longer add students to the MBLE program, but Ohio State would allow the 42 students currently enrolled to complete their degrees as planned; and

WHEREAS a suspension of admissions would result in no loss of faculty or staff positions; and

WHEREAS the University Senate on January 30, 2020, recommended to the Board of Trustees that the university suspend admissions to the MBE program:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves the suspension of admissions to the Master’s of Business Logistics Engineering program.

(See Appendix XLI for background information, page 911)
NAME CHANGE OF THE AERONAUTICAL AND ASTRONAUTICAL ENGINEERING BACHELOR’S, MASTER’S AND DOCTORAL DEGREES

Resolution No. 2020-78

Synopsis: Approval to change the name of the Aeronautical and Astronautical Engineering bachelor’s, master’s and doctoral degrees to Aerospace Engineering (College of Engineering), is proposed.

WHEREAS the departments of Mechanical Engineering and Aeronautical and Astronautical Engineering merged in 2010, resulting in the current Department of Mechanical and Aerospace Engineering; and

WHEREAS the difference between the name of the department administering the degrees and the name of the degrees has led to some student confusion regarding who administers the current Aeronautical and Astronautical Engineering degrees; and

WHEREAS the term “Aerospace” is more in keeping with 21st century terminology and aligned with the degree names most often offered by our peer institutions; and

WHEREAS the University Senate on January 30, 2020, voted to recommend to the Board of Trustees that the university adopt the name Aerospace Engineering for these bachelor’s, master’s and doctoral degrees:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves the name change of the Aeronautical and Astronautical Engineering bachelor’s, master’s and doctoral degrees to Aerospace Engineering.

(See Appendix XLII for background information, page 918)

AMENDMENTS TO THE RULES OF THE UNIVERSITY FACULTY

Resolution No. 2020-79

Synopsis: Approval of the following amendments to the Rules of the University Faculty, is proposed.

WHEREAS the University Senate, pursuant to rule 3335-1-09 of the Administrative Code, is authorized to recommend through the president to the Board of Trustees the adoption of amendments to the Rules of the University Faculty as approved by the University Senate; and

WHEREAS the proposed changes to rule 3335-5-47.3, 3335-17-09 and 3335-19-02 in the Rules of the University Faculty were approved by the University Senate on January 30, 2020:
NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves that the attached amendments to the Rules of the University Faculty be adopted as recommended by the University Senate.

APPROVAL TO ENTER INTO A JOINT USE AGREEMENT

Resolution No. 2020-83

BETWEEN THE OHIO STATE UNIVERSITY AND
THE UNION COUNTY COMMUNITY IMPROVEMENT CORPORATION

Synopsis: Authorization to enter into a Joint Use Agreement (JUA) with The Union County Community Improvement Corporation (CIC), an Ohio nonprofit agency, to document the value and permit the release of funds appropriated in the State Capital Bill for design and build-out of the Automotive and Mobility Innovation Center (AMIC), is proposed.

WHEREAS The Ohio State University was allocated $1,500,000 in the 2019-20 State Capital Bill that is specifically designated for use by the Union County CIC; and

WHEREAS the Union County CIC will utilize the funds for the construction of lab, industrial and office space in Marysville, Ohio; and
WHEREAS The Ohio State University has an opportunity to expand its partnerships and activities in the Marysville area and would benefit from having a space locally to support a variety of engagements; and

WHEREAS the Union County CIC commits to making office space, meeting space and shop/lab space in the Union County CIC facilities available for the university’s use; and

WHEREAS the terms and conditions for this university use shall be more favorable than the terms and conditions of use by any other entity to a degree that reasonably reflects the magnitude of the university’s investment in the Union County CIC facility for the term of the agreement; and

WHEREAS except for the funds used to cover the university’s reasonable administrative costs related to the project, the funds provided under this JUA shall be used by the Union County CIC only for capital improvements or purchases and shall not be used for operating expenses; and

WHEREAS the university’s use of the Union County CIC space will promote the university’s mission to advance the well-being of the people of Ohio and the global community through the creation and dissemination of knowledge; and

WHEREAS before the state capital appropriation may be released to the Union County CIC, the Ohio Department of Higher Education requires that a Joint Use Agreement between the university and the Union County CIC be signed to document the value of the appropriation to the university and to ensure the benefits to the university will continue for a minimum period of 20 years:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves that the President and/or Senior Vice President for Business and Finance and/or Senior Vice President for Administration and Planning be authorized to take any action required to effect this Joint Use Agreement containing terms and conditions deemed to be in the best interest of the university.

**APPROVAL FOR LONG-TERM GROUND LEASE AND AMENDED DEVELOPMENT AGREEMENT**

**Lane Avenue and Carmack Road**

Columbus, Franklin County, Ohio

Resolution No. 2020-84

Synopsis: Authorization is requested for entering into a long-term ground lease with SciTech, a not for profit corporation, upon which SciTech would perform certain site improvements to prepare the site for development of a medical research and manufacturing facility, which would be constructed as a subtenant to SciTech. The subject Development Parcel is located at the southwest corner of Lane Avenue and Carmack Road, Columbus, Ohio.

WHEREAS The Ohio State University seeks to lease approximately 7.8 +/- acres of unimproved real property located at the southwest corner of Lane Ave and Carmack Road, Columbus, Ohio (“Development Parcel”); and

WHEREAS the developed property will create additional benefits and collaborative opportunities for the university, provide greater economic enrichment and development within Ohio, and enhance the university’s preeminence as a major research organization; and

WHEREAS the existing development agreement between The Ohio State University and SciTech will be amended to reflect additional land to be leased to SciTech, and such terms as are necessary to support the efficient development of subtenant’s facilities; and

WHEREAS the Development Parcel will be separately described and leased to SciTech consistent with other development properties subject to the Development Agreement; and

WHEREAS the long-term ground lease of the Development Parcel and the amended development agreement are in the best interest of the university:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves that President and/or the Senior Vice President for Business and Finance be authorized to take any action required to effect the execution of a long-term ground lease for a Development Parcel of approximately 7.8 +/- acres with SciTech in Columbus, Ohio for a term of 50 years, with renewal options, and annual base rent to be calculated based upon the proceeds from the physical development and sublease, and that they be authorized to take any action required to amend the development agreement accordingly between The Ohio State University and SciTech, each under such additional terms and conditions as shall be in the best interest of the State of Ohio and the university.

AUTHORIZATION OF ACQUISITION OF APPLE IPADS

Resolution No. 2020-97

Synopsis: Authorization of the acquisition of Apple iPads and tools either through an equipment financing agreement or cash purchase, or combination thereof, is proposed.

WHEREAS the university has committed to a student-success initiative that will help provide universal access to a common set of learning technologies; and

WHEREAS new first-year students who commenced studies in autumn 2018 and 2019 at the Columbus or regional campuses each received an Apple iPad with certain tools as well as certain software, AppleCare + warranty protection and apps to support learning and life at the university; and
WHEREAS the university has continued to evaluate the effectiveness of the deployment of such Apple iPads in achieving its student-success initiative and proposes to continue such initiative in autumn 2020; and

WHEREAS the university financed the cost of substantially all of the Apple iPads for the autumn 2018 and 2019 incoming first-year students by entering into a Master Lease Agreement with Apple Inc. dated as of April 2018, as amended (the “Apple Lease”) and additional schedules thereto; and

WHEREAS for incoming first-year students who commence studies in autumn 2020, the university proposes to acquire the Apple iPads, tools and warranty protection (the “Equipment”) for an aggregate amount not to exceed $12,072,500.00 either through additional schedules to the Apple Lease or an existing master equipment lease (the “Equipment Lease Schedules”), an equipment lease with a new third-party financing entity (the “Equipment Lease” and together with the “Equipment Lease Schedules”, the “Equipment Financing Agreement”), a cash purchase, or any combination thereof; and

WHEREAS the university expects that any Equipment Financing Agreement will provide for four (4) annual lease payments at a competitive market interest rate; and

WHEREAS the Audit, Compliance & Finance committee has determined that it is in the best interests of the university to acquire the Equipment through either an Equipment Financing Agreement or a cash purchase, or any combination thereof:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves that it is in the best interests of the university to acquire the Equipment either through an Equipment Financing Agreement or a cash purchase, or any combination thereof, and if the acquisition is in whole or in part through an Equipment Financing Agreement, to enter into the Equipment Financing Agreement and to perform the obligations arising thereunder, including the university’s obligation to make the lease payments; and

BE IT FURTHER RESOLVED, That the board hereby authorizes the university to acquire the Equipment for an aggregate amount not to exceed $12,072,500.00 either through an Equipment Financing Agreement or a cash purchase, or any combination thereof, and if the acquisition is in whole or in part through an Equipment Financing Agreement, to enter into the Equipment Financing Agreement on the terms contemplated above, and in any case, to enter into any other documents that the President and/or Senior Vice President for Business and Finance (each an “Authorized Officer”), or either of them, deems necessary, advisable or appropriate in connection with the acquisition of the Equipment, such Authorized Officer’s execution thereof to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof (the “Related Agreements”); and

BE IT FURTHER RESOLVED, That the board hereby authorizes and directs the Authorized Officers, or either of them, to negotiate, execute, acknowledge and deliver the Equipment Financing Agreement, if applicable, and any Related Agreements on such terms as any Authorized Officer deems necessary, advisable or appropriate, with such Authorized Officer’s execution thereof to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof and to take such actions as any Authorized Officer deems necessary, advisable or appropriate to perform the Equipment Financing Agreement.
Agreement, if applicable, and Related Agreements, with such Authorized Officer’s taking of such action to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof; and

BE IT FURTHER RESOLVED, That it is found and determined that all formal actions of this board concerning and relating to the adoption of this resolution were adopted in an open meeting of this board, and that all deliberations of this board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code; and

BE IT FURTHER RESOLVED, That this resolution shall take effect and be in force immediately upon its adoption.

AUTHORIZATION OF FIRST AMENDMENT TO FIRST AMENDED AND
RESTATED LONG-TERM LEASE AND CONCESSION AGREEMENT

Resolution No. 2020-99

FOR THE OHIO STATE UNIVERSITY UTILITY SYSTEM

Synopsis: Authorization of that certain First Amendment to First Amended and Restated Long-Term Lease and Concession Agreement for The Ohio State University Utility System, including authorization to lease the land, which the combined heat and power and chiller facility (the "CHP Facility") will occupy after construction as well as the CHP Facility when built to the Concessionaire, is proposed.

WHEREAS The Ohio State University (the “University”) has a long-term commitment to sustainability and the reduction of its impact on the environment, and the Board of Trustees of the University (the “Board”) and the president of the University (the “President”) believe the Concession Agreement (as defined below), which imposes certain sustainability obligations on the lessee and concessionaire thereunder, is a critical component of that commitment; and

WHEREAS the University and Ohio State Energy Partners LLC, a Delaware limited liability company (the "Concessionaire"), previously entered into a First Amended and Restated Long-Term Lease and Concession Agreement for The Ohio State University Utility System dated July 20, 2018 (the "Concession Agreement"), pursuant to which the Concessionaire leased from the University certain University utility facilities and utility system land, and obtained a grant from the University for the exclusive right to operate, maintain, possess, control and improve the utility system for the term set forth therein; and

WHEREAS the Board previously approved the construction of the combined heat and power and chiller facility (the "CHP Facility") as part of the Concessionaire’s capital improvement plan for fiscal year 2020, subject to receipt of approval from the Ohio Power Siting Board; and

WHEREAS it is proposed that the CHP Facility be constructed and occupy approximately 1.18 acres to be located at the northeast corner of John H. Herrick Drive and Vernon L. Tharp Street; and

WHEREAS it is proposed that the University enter into an amendment to the Concession Agreement (the “Amendment”) to provide for, among other things, the lease from the University to the Concessionaire of (i) the land on which the CHP Facility will be constructed and occupy and (ii) the CHP Facility when built:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby approves that it is in the best interests of the University to enter into the Amendment with the Concessionaire and the Related Documents (as defined below), to perform the obligations arising under, or in connection with, the Amendment and the Related Documents; and
BE IT FURTHER RESOLVED, That the board hereby authorizes the University (1) to enter into the Amendment with the Concessionaire and into any other documents and agreements that the President and Senior Vice President for Business and Finance ("Authorized Officers"), or either of them, deems necessary, advisable or appropriate in connection with the Amendment (including, without limitation, an amendment to the Memorandum of Lease (as defined in the Concession Agreement) (the "Related Documents")), such Authorized Officer’s execution thereof to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof, and (2) to take such actions as any Authorized Officer deems necessary, advisable or appropriate to perform obligations under the Amendment and Related Documents, such Authorized Officer’s taking of such action to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof; and

BE IT FURTHER RESOLVED, That the board hereby authorizes and directs the Authorized Officers, or either of them, (1) to negotiate, execute, acknowledge and deliver the Amendment and any Related Document on such terms as any Authorized Officer deems necessary, advisable or appropriate, with such Authorized Officer’s execution thereof to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof, and (2) to take such actions as any Authorized Officer deems necessary, advisable or appropriate to perform the obligations under the Amendment, with such Authorized Officer’s taking of such action to be conclusive evidence of such approval and determination of the necessity, advisability or appropriateness thereof; and

BE IT FURTHER RESOLVED, That all actions previously taken by any Authorized Officer or employee of the University, by or on behalf of the University in connection with the Amendment, be, and each of the same hereby is, adopted, ratified, confirmed and approved in all respects; and

BE IT FURTHER RESOLVED, That it is found and determined that all formal actions of this board concerning and relating to the adoption of this resolution were adopted in an open meeting of this board, and that all deliberations of this board and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code; and

BE IT FURTHER RESOLVED, That this resolution shall take effect and be in force immediately upon its adoption.

AFFIRMATION OF COMMITMENT TO RESOLVE CLAIMS INVOLVING RICHARD STRAUSS

Resolution No. 2020-100

Synopsis: Affirmation of the Board of Trustees’ commitment to a resolution of claims involving Dr. Richard Strauss and authorization for the Chair of the Board of Trustees to provide approval on behalf of the Board of Trustees for settlements related to claims involving Strauss, is proposed.
WHEREAS since learning of allegations in spring 2018, The Ohio State University of today has led the effort to investigate and determine Strauss’ abuse and the university’s failure at the time to adequately respond to or prevent it; and

WHEREAS Ohio State reiterates its deep regret and apologies to all who Strauss abused, and the university remains actively committed to a resolution with plaintiffs, including a monetary resolution, as well as creating future opportunities for survivors to be heard once the litigation is resolved; and

WHEREAS Chairman Gary R. Heminger told survivors at the November 2019 board meeting that the university is committed to a monetary resolution; and

WHEREAS the university has been and remains actively engaged in the confidential mediation process as directed by the federal court; and

WHEREAS in the normal course of university business, the university’s General Counsel has authority to settle claims and lawsuits brought against the university with prior approval from the Ohio Attorney General, as required by law; and

WHEREAS the Board of Trustees recognizes the significance of the Strauss matter, which has resulted in lawsuits involving approximately 350 plaintiffs, and wants the university to be in a position to expedite the execution of a settlement if a resolution has been agreed to in principle:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees hereby reaffirms its continued commitment to and active engagement in efforts that will result in a fair resolution, including a monetary component; and

BE IT FURTHER RESOLVED, That the Board of Trustees hereby authorizes the Chair of the Board of Trustees to act on behalf of the Board of Trustees for the purpose of approving, within parameters discussed by the Board of Trustees, matters related to the settlement of any claims or lawsuits against the university related to the actions of Strauss; and

BE IT FURTHER RESOLVED, That the Board of Trustees affirms the authorization of the university’s General Counsel, with prior approval from the Ohio Attorney General, as required by law, to execute any necessary settlement agreements and other documents, instruments or agreements required in connection with the resolution of these matters.

PUBLIC SESSION

The Wexner Medical Center Board convened for its 33rd meeting on Wednesday, February 26, 2020, in the Longaberger Alumni House, Sanders Grand Lounge. Board Secretary Jessica A. Eveland called the meeting to order at 9:03 a.m.

Item for Action

1. Approval of Minutes: No changes were requested to the November 20, 2019, meeting minutes; therefore, a formal vote was not required and the minutes were considered approved.

Items for Discussion

2. Chancellor’s Report: Dr. Harold Paz introduced the medical center’s new Community Care Coach – a state-of-the-art mobile health unit that brings primary care, OB/GYN care, health screenings and other services directly to our patients in their own neighborhoods. Dr. Paz also shared that the medical center was recently named 4th in the country by Forbes Magazine on their list of “Best Employers for Diversity.” He also highlighted impressive increases in our health sciences research funding and national research rankings, as well as a $10 million commitment to the university from the Harry T. Mangurian Foundation that will support a number of key university priorities, including the new Interdisciplinary Research Facility.

3. Vaping-Related Research and Clinical Programs: Dr. Amy Fairchild, Dean of the College of Public Health, and Dr. Peter Mohler, Vice Dean for Research for the College of Medicine, gave a presentation on the national vaping public health challenge and detailed some of the extensive research efforts here at Ohio State related to vaping. Dr. Andy Thomas, the medical center's Chief Clinical Officer, also described a number of our related clinical programs, including the launch of a new hotline (366-VAPE) to help connect people with treatment options and programs.

4. Wexner Medical Center Financial Report: Mark Larmore shared that, overall, the financial health of our medical center is very strong. Our operating margin is at about 6.3% and our adjusted admissions are currently up 11.3% over last year.

5. James Cancer Hospital Report: Dr. William Farrar shared updates regarding the great work going on at the James Cancer Hospital. The Comprehensive Cancer Center recently submitted its renewal application for the National Cancer Institute core grant, which if renewed, would provide the cancer center with approximately $32 million in federal funds over the next five to seven years. A site visit will occur in May 2020 and the results of the grant application will be shared this fall. Dr. Farrar also shared information regarding a new cancer drug take-back program designed to reduce the financial burden for cancer patients and save lives. He also highlighted the successful kickoff for the 2020 Pelotonia ride campaign, as well as the tremendous outcome of the Buckeye Cruise for Cancer, which raised $4.5 million — an increase of more than $1 million from last year, all of which goes to support cancer research at the James.

NOW THEREFORE

BE IT RESOLVED, That the Wexner Medical Center Board hereby approves and proposes that the professional services and construction contracts for the projects listed above be recommended to the University Board of Trustees for approval; and

BE IT FURTHER RESOLVED, That the President and/or Senior Vice President for Business and Finance be authorized to enter into/increase professional services and construction contracts for the projects listed above in accordance with established University and State of Ohio procedures, with all actions to be reported to the Board at the appropriate time.

(See Attachment IX for background information, page 877)

Action: Upon the motion of Mr. Schottenstein, seconded by Dr. Porter, the board adopted the foregoing motion by majority voice vote with the following members present and voting: Mr. Wexner, Ms. Krueger, Dr. Fujita, Mr. Zeiger, Dr. Porter, Mr. Schottenstein, Ms. Hilsheimer, Dr. Drake, Dr. Paz and Mr. Papadakis. Mrs. Wexner abstained.
7. Resolution No: 2020-67, Recommend for Approval the Acquisition of Vacant Land

Synopsis: Authorization to purchase approximately 2.5 +/- acres of unimproved real property located at Olentangy River Road in Columbus, Franklin County, Ohio, is proposed.

WHEREAS The Ohio State University ("University") seeks to purchase approximately 2.5 +/- acres of unimproved real property located at Olentangy River Road, Columbus, Ohio, identified as Franklin County parcel 010-288227 ("Property"); and WHEREAS the Property is strategically located 1.6 miles from the university's main campus; and

WHEREAS the Property is contiguous to the Stefanie Spielman Comprehensive Breast Center (SSCBC), a facility that provides a variety of cancer services critical to The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (The James) and the objectives of its ambulatory cancer strategic plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care; and

WHEREAS the city of Columbus' Lower Olentangy Tunnel Project (Tunnel Project) will be built approximately 60 feet underground and will traverse the Property and the University will cooperate with the city to allow use of the Property for the Tunnel Project; and

WHEREAS the obligation of the University to purchase the Property is subject to and conditioned upon the approval of the State of Ohio Controlling Board:

NOW THEREFORE

BE IT RESOLVED, That the Wexner Medical Center Board hereby recommends the purchase of approximately 2.5 +/- acres of unimproved real property, located at Olentangy River Road, for approval by the University Board of Trustees; and

BE IT FURTHER RESOLVED, That the President and/or Senior Vice President for Business and Finance be authorized to take action required to effect the purchase of the referenced Property at a price and terms to be negotiated in the best interest of the university; and

BE IT FURTHER RESOLVED, That the title will be held in the name of the State of Ohio for the use and benefit of The Ohio State University and upon terms and conditions deemed to be in the best interest of the university.

(See Attachment X for background information, page 899)

8. Resolution No: 2020-68, Recommend for Approval the Acquisition of Real Property

Synopsis: Authorization to purchase real property located at 7706 Olentangy River Road, Columbus, Franklin County, Ohio, is proposed.

WHEREAS The Ohio State University seeks to purchase approximately 0.74 acres of improved real property located at 7706 Olentangy River Road, Columbus, Ohio, identified as Franklin County parcel number 610-233931; and

WHEREAS the property is strategically important in supporting the objectives of the Wexner Medical Center's ambulatory care strategy; and

WHEREAS the Wexner Medical Center will provide funding for the acquisition and subsequent management of the property: NOW THEREFORE

BE IT RESOLVED, That the Wexner Medical Center Board recommends the purchase of real property, located at 7706 Olentangy River Road, for approval by the University Board of Trustees; and

BE IT FURTHER RESOLVED, That the President and/or Senior Vice President for Business and Finance be authorized to take action required to effect the purchase of the above referenced property in the name of the State of Ohio for the use and benefit of The Ohio State University upon terms and conditions deemed to be in the best interest of the university and at a purchase price determined to be fair market value for the property.

(See Attachment XI for background information, page 901)
Action: Upon the motion of Ms. Krueger, seconded by Mr. Schottenstein, the board adopted the foregoing motions by unanimous voice vote with the following members present and voting: Mr. Wexner, Mrs. Wexner, Ms. Krueger, Dr. Fujita, Mr. Zeiger, Dr. Porter, Mr. Schottenstein, Ms. Hilsheimer, Dr. Drake, Dr. Paz and Mr. Papadakis.

EXECUTIVE SESSION

It was moved by Mr. Zeiger, and seconded by Dr. Fujita, that the board recess into executive session to consider business-sensitive trade secrets required to be kept confidential by federal and state statutes, and to discuss personnel matters involving the appointment, promotion, employment and compensation of public officials, which are required to be kept confidential under Ohio law.

A roll call vote was taken and the board voted to go into executive session, with the following members present and voting: Mr. Wexner, Ms. Krueger, Dr. Fujita, Mr. Zeiger, Dr. Porter, Mr. Schottenstein, Ms. Hilsheimer, Dr. Drake, Dr. Paz and Mr. Papadakis. Mrs. Wexner was not present for this vote.

The board entered executive session at 10:07 a.m. and the board meeting adjourned at 1:16 p.m.

APPROVAL FOR ACQUISITION OF VACANT LAND
2.5 +/- ACRES ON OLENTANGY RIVER ROAD,
COLUMBUS, FRANKLIN COUNTY, OHIO

Background

The Ohio State University’s Wexner Medical Center (WMC) on behalf of The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (OSUCCC – James) seeks to acquire approximately 2.5 +/- acres of unimproved land (Site) that is located on Olentangy River Road in an area commonly known as Gowdy Field from Time Warner Cable Midwest, LLC (Owner). The Site is contiguous to the Stefanie Spielman Comprehensive Breast Center (SSCBC), a facility that provides a variety of cancer services critical to The James in order to meet the objectives of its ambulatory cancer strategic plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care.

The City of Columbus (City) has proposed and funded a vitally important Lower Olentangy Tunnel Project (Tunnel Project) that will improve the Olentangy River for the adjacent community, including Ohio State, into the future. The tunnel will be built approximately 60 feet underground and will traverse the Site. The City will require use of the Site for approximately six years to construct the tunnel and will further require permanent use of a minority portion of the Site. While Ohio State fully supports the Tunnel Project, The James desires to acquire the site to support the future growth of the cancer programs located within the SSCBC and to alleviate the parking shortfall that has developed with the growth of programs offered. Ohio State has an option to purchase the SSCBC building, which will require action during calendar year 2020. This contiguous Site will enhance future opportunities and flexibility of options for The James.

In order to facilitate the needs of the City and Ohio State, the university proposes to purchase the entire 2.5 +/- acres from the Owner, contingent upon the Owner granting the City certain easements to facilitate the Tunnel Project. This will allow the City to complete all work necessary to build the sewer tunnel and a permanent access point on the Site. The City will compensate Ohio State for its use of the Site for the Tunnel Project. The compensation amount for use of the Site by the City will be negotiated under terms that are in the best interest of the university.

Location and Description

The parcel to be acquired, identified as county parcel 010-288227, is zoned Commercial and is part of a larger tract of land, commonly known as Gowdy Field. The site is highly visible and well-located in the center portion of the Gowdy Field land parcel that parallels State Route 315 and is approximately 1.6 miles from The Ohio State University Columbus campus.

Ohio State’s Eye and Ear Institute, a five-story 137,529 square foot medical office building, recently purchased by the university, is also located at Gowdy Field.

Purchase of Property

The WMC recommends that the university purchase the site at a purchase price to be negotiated and under terms and conditions that are in the best interest of the university. The WMC will provide the source of funding for the acquisition.

COLUMBUS, FRANKLIN COUNTY, OHIO
BOARD BACKGROUND

Background

The Ohio State University’s Wexner Medical Center (WMC) seeks to acquire from Ohio State University Physicians, Inc. (OSUP) improved real property of +/-0.74 acres located at 7706 Olentangy River Road, Franklin County, Columbus, Ohio. Acquisition of this property is important in meeting the objectives of the WMC’s ambulatory care strategy, which is in turn a key component of the WMC Strategic Plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care.

Location and Description

The affected property is located at 7706 Olentangy River Road, Columbus, Ohio 43235 and identified as Franklin County parcel number 610-233931. The site is improved with a single-story medical office building consisting of 4,756+ square feet constructed in 1996 and renovated in 2003. The building includes numerous clinical exam rooms and an ambulatory surgery suite. The site is zoned CPD (Commercial Planned Development).

Property History

The property is titled to Ohio State University Physicians, Inc. and will be acquired in the name of the State of Ohio. Acquisition will require approval of the State Controlling Board.

Acquisition of Property

The WMC recommends that the +/- 0.74 acres of improved real property be acquired under terms and conditions that are deemed to be in the best interest of the university. The purchase price is $1,325,000, subject to standard adjustments for closing costs. The WMC will provide funding for the acquisition and ongoing operating costs to maintain the property.

in such form as may be determined by the Employer (if applicable), the final deferral amount, and the election form for the Benefit Payment Option. The Benefit Commencement Date must be no later than April 1 of the year following the later of (a) the year in which the Participant attains age 70½ (age 72 with respect to Participants who attain age 70½ after December 31, 2019) or (b) the year in which the Participant has a Severance from Employment. A Participant may elect a Benefit Payment Option as permitted in Section 5.07 of this Plan and the applicable Investment Option or change a Benefit Payment Option previously elected if permitted by the applicable Investment Option.

5. Effective March 6, 2016, Section 5.03 of the Plan is hereby deleted in its entirety and replaced with the following:

5.03 Default Benefit Commencement Date and Benefit Payment Option for Participant. If a Participant does not elect a Benefit Commencement Date in the manner provided for in Section 5.02 of this Plan, the Benefit Commencement Date shall be the later of (a) December 31 of the year in which the Participant attains age 70½ (age 72 with respect to Participants who attain age 70½ after December 31, 2019) or (b) December 31 of the year in which the Participant has a Severance from Employment. Benefits shall be paid for the maximum number of years allowed by the required minimum distribution tables of the Internal Revenue Code.

6. Subsection 5.04(2)(a) of the Plan is hereby deleted in its entirety and replaced with the following:

(a) If the Beneficiary is the Participant’s surviving Spouse, distribution of the Account may be delayed until the later of (1) December 31 of the calendar year in which the Participant would have attained age 70½ (age 72 with respect to Participants who attain age 70½ after December 31, 2019) or (2) December 31 of the calendar year immediately following the calendar year in which the Participant dies. The entire Account must then be paid over a period not extending beyond the life expectancy of the Spousal Beneficiary; or

7. Section 5.05 of the Plan is hereby deleted in its entirety and replaced with the following:

5.05 Default Benefit Commencement Date and Option for Beneficiary. If a Spousal Beneficiary of a Participant who dies before the required minimum distribution date does not elect a Benefit Commencement Date, benefit payments to the Spousal Beneficiary shall begin by the later of December 31 of the calendar year in which the Participant would have attained age 70½ (age 72 with respect to Participants who attain age 70½ after December 31, 2019) or December 31 of the calendar year immediately following the calendar year in which the Participant dies. If a non-Spousal Beneficiary does not elect a Benefit Commencement Date,
benefit payments to the non-Spousal Beneficiary shall begin not later than December 31 of the calendar year immediately following the calendar year in which the Participant dies. Benefits shall be paid for the maximum number of years allowed by the required minimum distribution tables of the Internal Revenue Code.

8. Capitalized terms not otherwise defined in this First Amendment shall have the meanings ascribed to them in the Plan.

9. All other terms and conditions of the Plan shall remain in full force and effect.

IN WITNESS WHEREOF, the Employer hereby adopts this First Amendment effective as of the Effective Date.

WHEREAS, The Ohio State University (“University”) maintains The Ohio State University Retirement Continuation Plan (“Plan”);

WHEREAS, the Plan was established, effective July 1, 2001, was most recently amended and restated effective as of February 1, 2016, and subsequently amended effective as of February 1, 2016; and

WHEREAS, pursuant to Section 15.01 of the Plan, the University desires to (i) make technical amendments to the Plan to maintain compliance with federal tax laws and (ii) make certain other discretionary changes.

NOW, THEREFORE, effective as of January 1, 2020, or such later date specified below (the “Effective Date”), the University hereby amends the Plan as follows:

1. To correct a scrivener’s error with respect to the First Amendment to The Ohio State University Retirement Continuation Plan, effective as of February 1, 2016 (“First Amendment”), the Plan is hereby amended. Where the First Amendment references Section 2.01(d) in item 1 thereof, the reference was intended to be Section 2.02(d) and shall be read accordingly.

2. Effective as of June 22, 2020, Article IX of the Plan is hereby deleted in its entirety and replaced with the following:

   ARTICLES IX.
   VESTING

   A Participant shall be one hundred percent (100%) Vested in his or her Accounts under the Plan at all times.

3. Subsection 10.04(b) of the Plan is hereby deleted in its entirety and replaced with the following:

   (b) A Participant’s Vested Accounts shall be distributed to the Participant beginning no later than April 1 of the calendar year following the calendar year in which the Participant attains age 70½ (age 72 with respect to a Participant who attains age 70½ after December 31, 2019) or, if later, April 1 of the calendar year following the calendar year that the Participant has a Severance from Employment.

4. Paragraph (3) of Subsection 10.04(c) of the Plan is hereby deleted in its entirety and replaced with the following:

   (3) If the Participant dies before distributions of his or her Account(s) begins and any portion of his or her Account(s) are payable to a designated Beneficiary, the designated Beneficiary may elect for the Participant's Account(s) to be distributed (i) by December 31 of the calendar year containing the fifth (5th) anniversary of the Participant's death, or (ii) beginning no later than December 31 of the calendar year immediately following the calendar year in which the Participant died, over the life of the designated Beneficiary or over a period not exceeding the life expectancy of the
designated Beneficiary. If the designated Beneficiary is the surviving Spouse, the Beneficiary may elect to delay payment under subparagraph (ii) until December 31 of the calendar year in which the Participant would have attained age 70½ (age 72 with respect to a Participant who would have attained age 70½ after December 31, 2019). If the designated Beneficiary does not elect a method of distribution as provided above, the Participant's Account(s) shall be distributed in accordance with subparagraph (i).

5. Capitalized terms not otherwise defined in this Second Amendment shall have the meanings ascribed to them in the Plan.

6. All other terms and conditions in the Plan shall remain in full force and effect.

REQUEST FOR SUSPENSION OF ADMISSIONS TO, OR DISCONTINUATION OF A GRADUATE PROGRAM

Institutions must submit this form through their CCGS representative in order to notify the Chancellor of a change in admissions status for an approved graduate program. Please submit one form per program.

Note: Institutions that intend to suspend admissions or discontinue a graduate program that leads to educator preparation licenses or endorsements should contact Matt Exline (mexline@highered.ohio.gov) for direction on completing the Program Dormancy form.

Please check one:

☒ Suspension of Admissions

A university may suspend admissions into a graduate degree program if 1) the institution plans to reactivate admissions into the program within five (5) years of the suspension, or 2) the program has existing students that need to complete their degrees prior to discontinuation of the program.

If, after suspension of admissions into a graduate degree program, the program is not reactivated within the specified period, the program will be declared permanently discontinued. Reinstatement of a discontinued program will require formal approval as a new graduate degree program.

☐ Immediate Discontinuation

An institution may immediately discontinue a program if there are no students currently enrolled in the program, and there is no intent to reactivate the program in the future. Reinstatement of a discontinued program will require formal approval as a new graduate degree program.

Date of Request:
22 October 2019

Implementation Date:
July 20 or as soon after as possible

Name of institution:
Fisher College of Business & College of Engineering; The Ohio State University

Degree Designation: (e.g., MS in Biology, MBA, etc.)
MS in Business Logistics Engineering (MBLE)

Please respond to the following:

1. Provide a rationale for the suspension of admission or immediate discontinuation of the program.

   Applications to MBLE reached a high of 224 in 2012. Since that time, applications have declined by over 50%; 102 individuals applied for the Fall 2019 cohort. We have also experienced steady decline in the number of new enrollees each year. The average new class size between 2011 and 2015 was 40; from 2016 to 2019, the incoming cohorts have averaged 21.5 students. The decline in the number of students may be attributed to several factors, but two trends are primarily responsible for what we are seeing. First, the MBLE is now competing with twice as many similar programs as there were when it was launched in 2005. Second, MBLE has depended on applications from a source – Chinese students (i.e., 91% of the 2019 cohort is Chinese) – that is itself in sharp decline now. The smaller cohort sizes have, in turn, affected the MBLE’s economic viability. We estimate the program’s losses at $300,000 for the 2019/2020 academic year. Neither the College of Engineering nor the Fisher College of Business plan on continuing to offer scholarships to future enrollees, which is likely to further reduce interest in the program.

2. Indicate number of students currently enrolled in the program.

   The program currently has 42 students who make up two cohorts. Twenty (20) students will complete the program in December 2019. Twenty-two (22) students began the program in August 2019, and will graduate in December 2020.

3. Describe how the suspension of admissions and any plan for discontinuation of program will affect the program and the students currently in the program. Explain plans for notifying current students and assisting them in the completion of their degrees, when applicable.

   After the request to suspend admissions to MBLE is granted, The Fisher College and the College of Engineering will remain committed to fully serving the needs of the students who are still making their way through the program. That includes those who were admitted in Fall 2018 and those who were admitted in Fall 2019. The Colleges are also committed to serving the occasional stragglers who do not complete the program requirements in the planned 15 months. All these students will have access to the same level of academic and career advising support that has been afforded MBLEs going back to 2005. The Colleges will also continue to maintain the engagement of the program’s hundreds of alumni. The Colleges have worked with their respective communications & marketing teams to develop plans for communicating with current students, faculty and staff who will be affected by a suspension, alumni, and corporate partners.

4. Will there be a loss of faculty or staff positions? If so, indicate when the faculty or staff members were or will be informed.
The MBLE program consists of engineering and business courses that serve multiple programs and that will continue to be taught after suspension of the MBLE. These courses may now run with slightly fewer numbers, but they will continue to be offered. In addition, removing the MBLE from the graduate program portfolio will allow the two colleges to deploy relevant staff and financial resources to more productive ends. We anticipate no loss of faculty or staff positions.

5. Describe the plan for communicating the suspension of admissions or discontinuation.

As noted above, communication with affected stakeholders has been prepared. See the supplemental material that has been prepared.

The person listed below verifies that this request has received the necessary institutional approvals and that the above information is truthful and accurate.

Date of Approval
The College of Engineering and the Fisher College of Business hereby request approval to suspend admissions to the Masters of Business Logistics Engineering (MBLE) program, effective Fall 2020 (or as soon thereafter as possible). Per the language from OAA's Academic Organization, Curriculum, and Assessment Handbook, Section III, herein we spell out the explanation for the request and the impact of a suspension on relevant units within the University.

Background

The MBLE has matriculated a total of 370 students since its launch in 2005. Alums have taken positions in over 100 companies including Apple, Amazon, and Tesla. The employment rate of MBLE graduates is typically at or near 100%.

The MBLE is a three-semester program that begins in September and concludes in December of the next academic year. The curriculum consists of 41 credit hours that are offered by the Colleges of Engineering and Business.

**Semester 1**
- BUSML 7380: Strategic Logistics Management (1.5)
- BUSMHR 7261: Organizational Behavior (1.5)
- ISE 5200: Linear Optimization (3.0)
- BUSML 5381: Transportation Management (3.0)
- ACCMIS 5000: Accounting and Cost Analysis (3.0)

**Semester 2**
- BUSML 7386: Logistics Tech & Application (1.5)
- BUSML 7381: Logistics Decision Making (1.5)
- ISE 7250: Operations Research Models and Methods (3.0)
- ISE 5430: Warehouse and Facility Design (3.0)
- ISE 6300: Simulation for Systems Analytics & Decision Making (3.0)
- ISE 7882: Engineering Seminar (2.0; may be taken in Semester 3)

**Semester 3**
- BUSML 7383: Supply Chain Management (1.5)
- BUSML 7382: Logistics Analysis (1.5)
- ISE 5815: Integrated Lean Sigma Fundamentals (3.0)
- BUSML 7388: Field Problems in Logistics (3.0)
- BUSMHR 7261: Leadership (1.5)

4.5 hours of elective work may be taken in any of the three semesters; students may not enroll for more than 18 hours in any one semester
Tuition for non-residents is approximately $70,000 for three semesters; for residents, the tuition is around $42,000. In recent years, all students have qualified for and received a scholarship in the amount of $10,000.

The demographic profile of recent classes is 65% women, 91% international, with an average age of 25 and average work experience of 1 year.

Application and Enrollment Trends

The table below shows application and enrollment numbers going back to 2009. The table shows that, from 2009 to 2012, applications more than doubled from 90 to 224. Since 2012, applications have fallen by over 50%. Between 2011 and 2015 the number of enrollees reached a high of 40 and never fell below 33. Between 2016 and 2019, the incoming MBLE class has averaged 21.5 new students.

The primary reasons why applications to MBLE have dropped in recent years are:

1. Increased competition: When the program was launched, there were 40 comparable programs in the U.S. There are now 80 such programs, and that collection includes offerings from MIT, Georgia Tech, Penn State, Case Western, Michigan, and Washington University, to name a few.

2. Tightening of U.S. visa rules for overseas students: The MBLE has been attractive to Chinese students (i.e., students from China constituted 91% of the most recently accepted class), many of whom would like to remain in the U.S. after graduation. What we have observed with the MBLE is consistent with a general trend across U.S. business programs; applications from Chinese students are declining.

Add to it, the Fisher College and the College of Engineering have decided to end the scholarship program that has been offered to the last three cohorts of MBLE students. Absent the ability to offer these scholarships, we anticipate that admissions to the MBLE will drop even further.
Financial Impact of Continuing to Admit Students

The table below shows estimates of the revenue, direct costs, and indirect costs associated with the most recently admitted class. As these estimates show, the estimated loss comes to over $300,000 in 2019. Assigning overhead can be difficult and, for that reason, it is worth pointing out that the program’s net is negative even when the analysis does not account for indirect costs. This tells us that the program is not now economically viable and, with the expected continuing downward trend in applications and enrollments (see above), it is difficult to be sanguine about the near future.

Impact of Suspending MBLE on the University

We have carefully reviewed how a suspension of MBLE would impact the units that are primarily responsible for offering the program’s coursework. The following Table breaks down the core offerings of both the Fisher College and of the College of Engineering.

The Fisher College offers ten core courses or 19.5 credit hours of the MBLE core. All these courses are electives or core requirements of other Masters Programs. Consequently, they will be offered even after MBLE suspends admissions. The same is true of the courses offered by the College of Engineering. When the MBLE was first created, the curriculum drew from six engineering courses that were part of an existing program: the Masters of Integrated Systems Engineering. These courses will continue to be offered and the loss of MBLE will simply mean that the number of students in some sections will be lower than would be otherwise. Finally, the MBLE students choose electives from offerings that are available to students from other Masters programs. With the suspension of MBLE, these courses will continue to be offered, albeit with fewer students. In addition, removing the MBLE from the graduate program portfolio will allow the two colleges to deploy relevant staff and financial resources to more productive end.

Two academic units, Marketing and Logistics (M&L) and Integrated Systems Engineering (ISE) have been the key players in the operation and delivery of the MBLE. The Chairs of those departments offered input on the decision to suspend MBLE. Appendix I to this
document contains an email message from Dr. Joe Goodman, Chair of M&L, to Ben Tepper, the Fisher College's Associate Dean for Graduate Programs; Appendix II contains an email from Dr. Farhang Pourboghrat, Chair of ISE.

The matter was also brought before the Fisher College's Executive Committee. After discussion, the committee voted unanimously to request that admissions to MBLE be suspended. Appendix III shows the relevant portion of the minutes from that meeting.

**Commitment to Current MBLE Students and Program Alumnae**

Assuming that the request to suspend the MBLE is granted, both Colleges are committed to fully serving the needs of the students who have already been admitted and who are making their way through the program. That includes the small number of students who sometimes do not complete the program in three semesters. The courses that these students need will be offered and they will have access to the same level of support (in terms of academic and career advising) that we have provided every previous MBLE cohort. In addition, the Colleges will remain committed to the hundreds of global MBLE alumni and intend to keep them engaged moving forward. Appendix IV contains communication to current MBLE students that illustrates how the Colleges will work with its stakeholders.

SUBJECT: Name Change Request for Aeronautical and Astronautical Engineering Degree and Program

TO: CCAA

The purpose of this petition is to request that the name of the Aeronautical and Astronautical Engineering Degree be changed to Aerospace Engineering Degree effectively immediately upon approval. This change is requested for Bachelors, Masters, and Doctoral degrees. Coincident with the degree name change, the program and course offerings bulletin listing should also be changed. This cover letter is accompanied by a justification and letter of support from the Mechanical and Aerospace Engineering Department chair, Vish Subramaniam.

SUBJECT: Rational Name Change Request for Aeronautical and Astronautical Engineering Degree

In 2009, a reorganization proposal to merge the Mechanical and Aeronautical and Astronautical Engineering Departments into a single Mechanical and Aerospace Engineering Department was reviewed and approved by university administration. The change was implemented in 2010 and the merged department has functioned effectively since that time. At the time of the merger, no attempt was made to broaden the merger petition to include a change to the degree name. From time to time during the ensuing 9 years, students (primarily undergraduates) have expressed confusion as they have searched for the Aeronautical and Astronautical Degree programs, not realizing that these are administered by the Mechanical and Aerospace Engineering Department. The confusion brought about by the mismatch between the department name and the degree name is worth addressing to avoid this confusion. The change will also bring OSU into the 21st Century since most modern departments use the Aerospace moniker, as will be shown below. Accordingly, the purpose of this petition is to request that the name of the Aeronautical and Astronautical Engineering Degree be changed to Aerospace Engineering Degree for BS, MS, and PhD. Coincident with the degree name change, the program and course offerings bulletin listing should also be changed.

The table below contains a sampling of department and degree names for 8 top Aerospace Engineering Departments in the US:

<table>
<thead>
<tr>
<th>School</th>
<th>Dept Name</th>
<th>Degree Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>MIT</td>
<td>Aeronautics and Astronautics</td>
<td>BS in Aeronautics and Astronautics</td>
</tr>
<tr>
<td>Stanford</td>
<td>Aeronautics and Astronautics</td>
<td>BS in Aeronautics and Astronautics</td>
</tr>
<tr>
<td>CalTech</td>
<td>Dept of Aerospace</td>

<td>Aerospace Engineering</td>
<td>BS in Aerospace Eng.</td>
</tr>
<tr>
<td>Arizona State</td>
<td>Aerospace Engineering</td>
<td>BS in Aerospace Eng with specialty</td>
</tr>
</tbody>
</table>

As is evident from the table, Aerospace Engineering is the more common department name and degree name. Notably, none of the departments have a degree name that is different from their department name. This suggests that OSU would do well to align the degree name with the new department name.
Finally, consistent with the department name change, in 2014 the name of the Aeronautical and Astronautical Research Laboratory (AARL) was changed to Aerospace Research Center (ARC). This is a high visibility, high impact research facility with annual expenditures in excess of $20M. The change of the name reflects the modernization trend in the field.

A meeting was convened of all aerospace engineering faculty in MAE on 8 March 2018. The faculty voted unanimously to have the degree (program and bulletin listing) name changed to Aerospace Engineering. Subsequently, the MAE External Advisory Board informed about the change being considered on 20 April 2018. There were no objections to the change, though some questioned the necessity.

Speaking for the Aerospace Engineering Faculty, changing the degree (program and bulletin listing) name to align with the department and laboratory name changes is the right thing to do. It clears up any confusion, follows the current norm in the discipline, and aligns with our most visible research asset.

If there are any questions regarding this rational, please don’t hesitate to contact me at 7-8414 or bons.2@osu.edu.

Topic:
Amendments to the Rules of the University Faculty

Context:
The University Senate has recommended revisions to the Rules of the University Faculty to address two topics:

1. Expedite minor corrections to rules and bylaws - 3335-5-47.3 & 3335-17-09
   • Minor corrections to rules and bylaws are achieved by the Senate secretary, but only the bylaws specify how this is done.
   • Moving the text from bylaws into the duties of the Rules Committee codifies minor corrections of the entire governance document.

2. Clarify a five-day advance notice for Senate meetings - 3335-19-02
   • Several years ago, deadlines for written notice of a Senate meeting were changed to require five days’ advance notice. Previously, seven days’ notice was required.
   • That timeline enables the Steering Committee to set the agenda at their meeting, which typically is scheduled less than seven days in advance, but more than five days in advance.
   • This revision of 3335-19-02 enables a uniform five-day notice requirement for both regular and special meetings of the Senate.
3335-5-47.3 Rules
(B) Duties and responsibilities.
(1) Be responsible, in cooperation with the secretary of the university senate, for the monitoring of the "Rules of the University Faculty" and of all statutes and bylaws pertaining to the senate.

(2) Ensure that all published rules and bylaws within the senate’s purview are up to date, and recommend their republication at such intervals as may be desirable.

(3) Make recommendations for the revision of the procedural rules of the senate.

(4) Before senate action, the committee shall receive all proposed new rules and changes in existing rules. It shall review them and recommend such editorial or other changes it deems necessary to avoid conflict with other rules, to enhance clarity and precision, and to avoid ambiguity.

(5) Initiate rules or changes in existing rules and recommend them to the steering committee for scheduling for senate action.

(6) The secretary of the university senate in agreement with the rules committee may make non-substantive corrections in diction and grammar, and is authorized to correct names of offices, officers, units, credentials or constituents in the bylaws and in the rules without deliberation by the university senate nor by the board of trustees.

3335-17-09 Amendments.
(A) The secretary of the university senate, with the concurrence of the rules committee, is entrusted to make non-substantive emendations in diction and grammar, and is authorized to change titles of administrative offices, administrative officers, academic units, or student constituent groups in these election bylaws following appropriate action on these title changes by the university senate or the board of trustees.

(B) Additional Amendments to these election bylaws shall follow the procedures specified in rule 3335-5-43 of the Administrative Code.
Senate adoption date: 3/8/1986; Senate revision date: 4/6/1996
3335-19-02 Meetings.
(A) Regular meetings of the senate shall be held during the autumn and spring seminars. In the spring semester each year the steering committee shall recommend and the senate shall adopt and publish the schedule of regular meetings for the following academic year. This schedule shall include at least seven meetings spread over the academic year. Scheduled meetings may be cancelled by the steering committee when deemed appropriate.

(B) Special meetings of the senate shall be scheduled upon:
   (1) Majority vote of senate members present and voting at any meeting, or
   (2) Call of the president of the university, or
   (3) Call of the steering committee, or
   (4) Petition signed by at least twenty-five voting members of the senate and presented to the secretary of the university senate.

(C) If the petition requesting a special meeting specifically requests a meeting at the earliest date and is transmitted with the necessary supporting material for distribution to the membership, then a special meeting shall be called within eight days of receipt of the petition by the secretary of the university senate.

(D) Written notice of the time and place of regular and special meetings, the order of business, and copies of any substantive proposals shall be sent to all members and alternate members at least seven days prior to the senate meeting.

(E) At a time of emergency the president shall have authority to call a special meeting without a five day advance written notice.

(F) All senate meetings shall be open to the public.

(Prior effective dates: 2/19/1988, 7/30/2001, 7/30/2010; Board approval dates: 6/22/2012,

Alma Mater—Carmen Ohio
Oh! Come let’s sing Ohio’s praise,
And songs to Alma Mater raise;
While our hearts rebounding thrill,
With joy which death alone can still.
Summer’s heat or winter’s cold,
The seasons pass, the years will roll;
Time and change will surely show
How firm thy friendship—O-hi-o!

Livestream coverage and a replay of the ceremony in its entirety can be viewed at commencement.osu.edu.
As chief executive officer and a member of Apple’s board of directors, Tim Cook has overseen the introduction of some of the world’s most innovative products and services. He has championed inclusion and diversity at Apple, investing in coding programs and educational opportunities for students of all ages and backgrounds, and ensuring Apple’s technology is accessible for all. Mr. Cook has carried forward Apple’s commitment to privacy as a fundamental human right. Based on the belief that the best products in the world should be the best products for the world, Apple powers its global facilities with 100 percent renewable energy and is helping its entire supply chain do the same, while working toward the ambitious goal of a closed-loop supply chain that no longer extracts materials from the earth.

Since Mr. Cook became CEO, Apple initiated a program to match employee donations and deepened its work with nonprofit partners including Malala Fund and (RED). Most recently, as part of its COVID-19 response, Apple has sourced and delivered tens of millions of masks to medical workers around the world — including in Ohio — and has designed, manufactured and delivered millions of face shields to front-line medical professionals. Mr. Cook has been named “Person of the Year” by Financial Times and one of Fortune’s “World’s 50 Greatest Leaders,” and honored with the Newseum’s Free Expression Award. Apple has ranked No. 1 on Fortune’s “World’s Most Admired Companies” list for the past 12 years, including each year he has been CEO.
Kathleen “Kate” Greer exemplifies the intellectual curiosity and leadership inherent among the university’s most accomplished students. Passionate about learning, travel and creating both art and new knowledge, she explored and expanded upon those interests at The Ohio State University through her studies in German language and European history, and her numerous extracurricular endeavors.

Prior to attending Ohio State, Ms. Greer demonstrated a strong desire to effect positive change. In high school, she testified before the Ohio House Education Committee in support of legislation to create a state Seal of Biliteracy to recognize graduating seniors who show proficiency in a second language.

As a Buckeye, she continued this momentum by joining Undergraduate Student Government (USG) her freshman year. She was appointed chair of the Undergraduate Caucus in the University Senate as a sophomore and elected president of USG for the 2019-20 year.

As USG president, Ms. Greer represented more than 53,000 of her fellow undergraduate students in high-level academic, financial and policy discussions with university leaders. Her achievements during her USG tenure include helping to create the new General Education curriculum, working on a universal scholarship application portal, launching an affordable learning initiative and developing a new excused-absence policy.

In addition to USG, Ms. Greer participated in undergraduate research and several organizations at Ohio State, including BuckeyeThon, the International Affairs Scholars program and German Club.

During summer 2018, she interned in Germany, where she assisted in the creation of museum exhibits, volunteered at a city refugee center, gave German lessons to resettled mothers and promoted the arts.

The Hudson, Ohio, native is the recipient of a Fulbright Student Fellowship and will serve as an English teaching assistant in Germany for the 2020-21 academic year. Ms. Greer hopes to one day return to Ohio State to teach, conduct research and give back to her beloved alma mater.

RECIPIENTS OF HONORS

Philip T.K. Daniel
DISTINGUISHED SERVICE AWARD

The William Ray and Marie Adamson Flesher Emeritus Professor in Educational Administration and a faculty scholar in residence in the Department of Educational Studies, Dr. Philip T.K. Daniel has for decades served The Ohio State University as an unwavering advocate for student success and operational excellence.

Dr. Daniel earned his undergraduate degree from Cheyney University of Pennsylvania, his master’s and doctoral degrees from the University of Illinois, Urbana, and his Juris Doctor from the Northern Illinois University College of Law, DeKalb. He pursued additional studies at the Catholic University of America Columbus School of Law in Washington, D.C.

Before joining the faculty at Ohio State, Dr. Daniel held academic appointments at several institutions and served as professor and associate dean of the Graduate School at his alma mater, Northern Illinois University. He has co-authored four books and written more than 200 book chapters, peer-reviewed and scholarly articles, and other works over the course of his career.

He remains active as a member of the Editorial Advisory Committee of West’s Education Law Reporter and currently sits on the editorial boards of education and legal journals across the world.

Dr. Daniel is well known for his inspiring leadership and vision, qualities that proved invaluable to the Ohio State community. His extensive service to the University Senate included chairing several committees, and his guidance as an executive committee member for the Second-year Transformational Experience Program was paramount to the success of its first cohort of 1,000 students.

Dr. Daniel is the recipient of the Marion A. McGheehey Award from the Education Law Association, the organization’s highest honor; the Distinguished Alumni Award from Northern Illinois University; and many honors from Ohio State. He also received the Certificate for Excellence in Mentoring from the Office of the Mayor, City of Columbus, Ohio.
E. Christopher Ellison  
DISTINGUISHED SERVICE AWARD

The Robert M. Zollinger Professor of Surgery Emeritus, Dr. E. Christopher Ellison has served The Ohio State University for more than four decades. During this time, he excelled as a clinician, educator, researcher and senior leader — bringing acclaim to the university, elevating those around him and making a profound and lasting impact on Ohio State’s medical enterprise.

Dr. Ellison earned his undergraduate degree at the University of Wisconsin-Madison and his medical degree at the Medical College of Wisconsin. He joined Ohio State in 1976 as a general surgery resident, during which he completed a fellowship in surgical gastroenterology research. He then served as chief administrative resident in the Department of Surgery. After many distinguished years on the university’s medical faculty, he rose to become department chair, vice dean for clinical affairs, president and chief executive officer of Ohio State University Physicians, Inc. and interim dean of the College of Medicine.

As a faculty member, Dr. Ellison was a skilled teacher and prolific scholar, publishing more than 150 peer-reviewed journal articles, three books and 45 book chapters throughout his tenure. He also fostered the careers of countless young physicians, who benefited greatly from his wise and thoughtful mentorship. His teaching was repeatedly recognized, culminating in his being named the College of Medicine’s “Professor of the Year” in 1999.

His leadership and vision were central to the founding of the university’s unified faculty medical practice: Ohio State University Physicians, Inc. The professionalism and collegiality with which he managed its creation integrated disparate clinical departments and ensured its ongoing success.

Dr. Ellison is also an internationally recognized leader in surgery. He previously served as president of the American Surgical Association, chair of the American Board of Surgery, governor-at-large for the American College of Surgeons, president of the Society of Surgical Chairs and president of James IV Association of Surgeons.

Timothy A. Gerber  
DISTINGUISHED SERVICE AWARD

Throughout his extensive service to The Ohio State University, Dr. Timothy A. Gerber has had an indelible impact upon his students, the institution and the broader community.

After earning his bachelor’s degree in music from Oberlin College, and master’s and doctoral degrees from Temple University, Gerber joined Ohio State’s faculty in 1984. Here, he taught in both the undergraduate and graduate music education programs and researched issues related to music teacher education, musical development in adolescents and arts policy in secondary schools.

Renowned for the quality of his counsel and ability to skilfully navigate challenging issues, Dr. Gerber was frequently called upon during his tenure at Ohio State. As a member of the University Senate, he chaired three committees, led the influential Faculty Council and was twice appointed as Senate secretary by two university presidents.

He was also central in establishing the university’s Office of Outreach and Engagement, the University Institute for Teaching and Learning, and the Second-year Transformational Experience Program — initiatives that significantly enhance Ohio State’s ability to prepare future graduates and collaborate with the communities it serves. Additionally, his guidance was critical to the university’s successful transition from quarters to semesters.

A longtime champion for the arts, Gerber authored one of the most widely used secondary-level music education textbooks in the country and frequently volunteered his time as a classroom music teacher in Columbus City Schools. He was also the principal author of educational materials for the Columbus Symphony Orchestra for 18 years.

Dr. Gerber is the recipient of The Ohio State University President and Provost’s Award for Distinguished Faculty Service and the School of Music’s Distinguished Teaching Award, in addition to the Distinguished Music Education Alumnus Award from Oberlin College. He was named a Distinguished Scholar in the School of Music in 2013. Having retired in 2017, he continues to serve the university community as faculty emeritus.

  - ☐ construction manager at risk

- **planning framework**
  - this is the start of a multi-year program to review and assess campus buildings
  - the assessments will allow for the proactive identification, quantification, and risk evaluation of building materials
  - completed assessments will allow more accurate construction estimates for projects in the development stage

- **project scope**
  - the project will engage environmental consultant services for full building hazardous materials assessments on main and regional campuses
  - the buildings to be included in the survey will be prioritized based on the Capital Investment Plan and the recommendations of Environmental Health & Safety experts
  - the project deliverables will include the development of a data management system

- **approval requested**
  - approval is requested to enter into professional services contracts

- project delivery method
  - ☐ general contracting
  - ☐ design/build
  - ☒ construction manager at risk

- planning framework
  - o the long-term lease and concession agreement between the university and Ohio State Energy Partners included $50M for the development of the Energy Advancement and Innovation Center to serve as an experimental hub for energy research and technology incubation.
  - o this project is included in the FY 2019 and FY 2020 Capital Investment Plans

- project scope
  - o the Energy Advancement and Innovation Center will be designed in conjunction with the Interdisciplinary Research Facility to ensure consistent design and site construction.
  - o the building will house incubation space for innovative energy development projects.
  - o a 225 seat seminar room and a 96 seat cafe will serve the Innovation and Research Buildings
  - o Design will prioritize passive and active strategies to reduce energy usage. Renewable energy supplied by a 24,000 SF solar array will reduce energy demand as much as possible.

APPROVAL FOR LONG-TERM GROUND LEASE AND AMENDED DEVELOPMENT AGREEMENT
LANE AVENUE AND CARMACK ROAD
COLUMBUS, FRANKLIN COUNTY, OHIO
BOARD BACKGROUND

Background

The Ohio State University seeks to amend the development agreement with the Science and Technology Campus Corporation (Scitech) and subsequently enter into a ground lease with Scitech for approximately 7.8 acres. The ground lease will create a Development Parcel which can be subleased to support the development of a medical research and advanced manufacturing facility.

Scitech currently ground leases the majority of the 7.8 acres through a ground lease (The Original Ground Lease) and corresponding development agreement made effective in 1998, via resolution 98-77, with goals that include the desire to foster and encourage research and education linkages with business and to provide greater economic enrichment and development within Ohio. The new ground lease will add approximately 1.5 acres of adjoining property to Scitech’s leased holding and will extend the term to 50 years, with renewal options, in order to allow Scitech to sublease the property for development.

Location and Description

The subject property is located at the southwest corner of Lane Avenue and Carmack Road. The total site is comprised of approximately 7.8 acres and would be utilized for construction and operation of a medical research and advanced manufacturing facility.

Property History

A portion of the property (approximately 1.5 acres of vacant land) had been leased to Edison Welding Institute. Another portion of the property is currently used for Student Life athletic fields, which will be relocated. The remainder is currently undeveloped.

Lease of Real Property

Planning, Architecture and Real Estate recommends that the development agreement be amended and the ground lease approved to allow the 7.8 acre Development Parcel to be leased to Scitech for a term of 50 years, with renewal options, and with annual rent to be calculated based upon proceeds from the physical development and sublease, and such additional terms and conditions as shall be in the best interest of the State of Ohio and the university.
APPROVAL FOR ACQUISITION OF VACANT LAND
2.5+/- ACRES ON OLENTANGY RIVER ROAD,
COLUMBUS, FRANKLIN COUNTY, OHIO

Background

The Ohio State University’s Wexner Medical Center (WMC) on behalf of The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (OSUCCC – James) seeks to acquire approximately 2.5+/- acres of unimproved land (Site) that is located on Olentangy River Road in an area commonly known as Gowdy Field from Time Warner Cable Midwest, LLC (Owner). The Site is contiguous to the Stefanie Spielman Comprehensive Breast Center (SSCBC), a facility that provides a variety of cancer services critical to The James in order to meet the objectives of its ambulatory cancer strategic plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care.

The City of Columbus (City) has proposed and funded a vitally important Lower Olentangy Tunnel Project (Tunnel Project) that will improve the Olentangy River for the adjacent community, including Ohio State, into the future. The tunnel will be built approximately 60 feet underground and will traverse the Site. The City will require use of the Site for approximately six years to construct the tunnel and will further require permanent use of a minority portion of the Site. While Ohio State fully supports the Tunnel Project, The James desires to acquire the site to support the future growth of the cancer programs located within the SSCBC and to alleviate the parking shortfall that has developed with the growth of programs offered. Ohio State has an option to purchase the SSCBC building, which will require action during calendar year 2020. This contiguous Site will enhance future opportunities and flexibility of options for The James.

In order to facilitate the needs of the City and Ohio State, the university proposes to purchase the entire 2.5+/- acres from the Owner, contingent upon the Owner granting the City certain easements to facilitate the Tunnel Project. This will allow the City to complete all work necessary to build the sewer tunnel and a permanent access point on the Site. The City will compensate Ohio State for its use of the Site for the Tunnel Project. The compensation amount for use of the Site by the City will be negotiated under terms that are in the best interest of the university.

Location and Description

The parcel to be acquired, identified as county parcel 010-288227, is zoned Commercial and is part of a larger tract of land, commonly known as Gowdy Field. The site is highly visible and well-located in the center portion of the Gowdy Field land parcel that parallels State Route 315 and is approximately 1.6 miles from The Ohio State University Columbus campus.

Ohio State’s Eye and Ear Institute, a five-story 137,529 square foot medical office building, recently purchased by the university, is also located at Gowdy Field.

Purchase of Property

The WMC recommends that the university purchase the site at a purchase price to be negotiated and under terms and conditions that are in the best interest of the university. The WMC will provide the source of funding for the acquisition.

APPROVAL FOR ACQUISITION OF REAL PROPERTY
7706 OLENTANGY RIVER ROAD
COLUMBUS, FRANKLIN COUNTY, OHIO
BOARD BACKGROUND

Background

The Ohio State University’s Wexner Medical Center (WMC) seeks to acquire from Ohio State University Physicians, Inc. (OSUP) improved real property of +/-0.74 acres located at 7706 Olentangy River Road, Franklin County, Columbus, Ohio. Acquisition of this property is important in meeting the objectives of the WMC’s ambulatory care strategy, which is in turn a key component of the WMC Strategic Plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care.

Location and Description

The affected property is located at 7706 Olentangy River Road, Columbus, Ohio 43235 and identified as Franklin County parcel number 610-233931. The site is improved with a single-story medical office building consisting of 4,756+ square feet constructed in 1996 and renovated in 2003. The building includes numerous clinical exam rooms and an ambulatory surgery suite. The site is zoned CPD (Commercial Planned Development).

Property History

The property is titled to Ohio State University Physicians, Inc. and will be acquired in the name of the State of Ohio. Acquisition will require approval of the State Controlling Board.

Acquisition of Property

The WMC recommends that the +/- 0.74 acres of improved real property be acquired under terms and conditions that are deemed to be in the best interest of the university. The purchase price is $1,325,000, subject to standard adjustments for closing costs. The WMC will provide funding for the acquisition and ongoing operating costs to maintain the property.

The Ohio State University Board of Trustees
Background

In 2019, OSU East Hospital engaged in an expansion project on the west side of the hospital. The expansion project impacted an existing City of Columbus (“City”) sanitary sewer line that served the hospital. The line was relocated, and a 25-year Ohio Revised Code 123.01 easement was granted to the City for the relocated eight-inch line. The City has requested to replace the 25-year term easement with a perpetual easement for this line, and university staff support granting a perpetual easement.

Location and Description

The property impacted by the relocated sewer line and the proposed easement is Franklin County parcel identification numbers 010-210660 and 010-067001. The property is located within the City of Columbus and is part of the OSU East Hospital complex.

The monetary consideration for the proposed perpetual easement is $1.00. The easement will be 20-feet wide and comprised of 0.067 acres. The City of Columbus will be responsible for all maintenance and operation of the sanitary sewer line within the easement area.

Easement Recommendation

Planning, Architecture and Real Estate (PARE) recommends granting the perpetual easement to the City of Columbus and that it be completed under terms and conditions in the best interest of the university. This action is being brought before the Board of Trustees because easements for terms greater than 25 years require board approval.

Makhoul (MS 1965); held in the distribution account until the gifted principal balance reaches $1,000,000 or December 31, 2024, whichever comes first. If the gifted principal balance reaches $1,000,000 on or before December 31, 2024, supports a rotating professorship position in the College of Engineering, Department of Electrical and Computer Engineering in the general areas of signal processing and machine learning. If the gifted principal balance does not reach $1,000,000 by December 31, 2024, supports faculty in the College of Engineering, Department of Electrical and Computer Engineering.

Establishment of Named Endowed Fund (Foundation)

Michael and Nanette Triplett Endowed Chemical Engineering Graduate Fellowship
Established February 27, 2020, with a gift from Dr. Michael David Triplett II (BS 1997, PhD 2004) and Nanette L. Nardi-Triplett (BS 1997, MBA 2002); used to support non-renewable graduate fellowship(s) to recruit Ohio residents who are also United States citizens or legal permanent residents for the PhD program in the College of Engineering, Department of Chemical and Biomolecular Engineering. If there are no candidates who are Ohio residents and United States citizens or legal permanent residents, the donors desire that the annual distribution supports non-renewable graduate fellowship(s) to recruit students who are United States citizens or legal permanent residents. It is the donors’ desire to provide as significant financial support as possible to one eligible recipient. Any remaining distribution shall be used to provide as significant financial support as possible to additional eligible recipients.

The Stephen F. Vogel Endowed Scholarship Fund
Established February 27, 2020, with gifts from Stephen F. Vogel (JD 1978); used to provide one or more scholarships(s) to international students who are enrolled in the Michael E. Moritz College of Law. If no students meet the selection criteria, the scholarship(s) will be open to all students.

Glen F. Aukerman, MD Innovation Endowed Fund in Integrative Medicine
Established February 27, 2020, with a gift from the Redgrave Family Foundation of The Columbus Foundation as recommended by Martyn R. and Lynne A. Redgrave of New Albany, Ohio; reinvested until December 31, 2020, thereafter used to support innovative programs in the Center for Integrative Medicine to advance its mission in patient care, medical education and research. Should the gifted endowment principal balance reach $1,000,000 for a professorship (or $2,000,000 for a chair position) by December 31, 2020, the endowment shall be revised to the Glen F. Aukerman, MD Professorship (or Chair) in Integrative Medicine to benefit the Center for Integrative Medicine. The appointee shall be a nationally or internationally recognized physician faculty member whose expertise will continue the growth and success of the center in its mission of patient care, medical education and research. In addition to salary and benefits, funds may also support the research and teaching activities of the professorship (or chair) holder. After December 31, 2020, the endowment may be revised when the gifted endowment principal reaches the minimum funding level required at that date for a professorship/chair position.

The Thomas J. Brownfield Endowed Scholarship Fund for Veterans and Their Offspring  
Established February 27, 2020, with gifts from Thomas J. Brownfield (MA 1974); used to provide one or more renewable award(s) to graduate students who are enrolled in the masters of public administration program in the John Glenn College of Public Affairs. Candidates must demonstrate financial need and show academic merit. First preference shall be given to military dependents (including Gold Star Spouses and dependents). Second preference shall be given to student veterans. Third preference shall be given to Reserve, Guard, and/or Active Duty students. If no students meet the selection criteria, the awards(s) will be open to all military-connected graduate students who are enrolled in the college. It is the donor’s desire to provide as significant financial support as possible to one eligible recipient. Any remaining distribution shall be used to provide as significant financial support as possible to additional eligible recipients.  

The Richard T. Schwarz ’73 and Marcy L. Schwarz ’73 Endowed Chemical Engineering Fund  
Established February 27, 2020, with a gift from Richard T. Schwarz and Marcy L. Schwarz; used at the discretion of the chair of the Department of Chemical and Biomolecular Engineering in the College of Engineering.  

Carolyn Ross Legacy Endowment Fund  
Established February 27, 2020, with a gift from Elliot Bennett Ross (BWE 1969, MS 1969); used to support the long-term maintenance of the project funded by The Ross Tribute Garden Fund. Expenditures may include but are not limited to repairing the structure or the sculpture, upgrading or replacing any electric components, and replacing or maintaining the live plantings in the structure. In any given year, all unused distribution shall be transferred to the Ross Family Scholars Fund (current fund no. 646198). If at any time this fund is not needed to support the project funded by The Ross Tribute Garden Fund, any remaining distribution as well as the gifted principal balance shall be transferred to the Ross Family Scholars Fund (current fund no. 646198).  

Dr. Craig and Pamela Clouse Veterinary Scholarship Endowed Fund  
Established February 27, 2020, with a gift from Dr. Craig Allan Clouse (BS 1976, DVM 1980) and Pamela J. Clouse; used to provide one or more scholarship(s) to students who are enrolled in the College of Veterinary Medicine. Preference shall be given to candidates from rural areas. Scholarships are renewable for up to three years as long as recipients remain in good academic standing. It is the donors’ desire to provide as significant financial support as possible to one eligible recipient. Any remaining distribution shall be used to provide one-time scholarships to additional eligible recipients.  

The Gary W. Cole Memorial Scholarship Fund for Science  
Established February 27, 2020, with gifts from Virginia Fisher Cole; used to provide one or more scholarship(s) to students from Ohio or Indiana who are United States citizens or permanent residents. First preference shall be given to candidates who are majoring in microbiology. Second preference shall be given to candidates who are majoring in biology. If no students meet the selection criteria, the scholarship(s) will be open to all students majoring in a science. Scholarship(s) are renewable as long as the recipient(s) maintain a minimum 3.5 grade point average.
Jeff and Terri Heaphy Scholarship Fund
Established February 27, 2020, with a gift from Jeffrey John Heaphy (BS 1983) and Theresa Lynn Heaphy (BS 1983, MS 1995); used to provide one or more scholarship(s) to undergraduate students who have graduated from a high school in the state of Ohio. Fifty percent supports students who are enrolled in the Max M. Fisher College of Business and are studying finance and/or accounting. Fifty percent supports students who are studying occupational therapy in the School of Health and Rehabilitation Sciences.

Dr. Thomas F. Lee Health Science Scholarship Fund in Pharmacy and Medicine
Established February 27, 2020, with gifts from Dr. Thomas F. Lee (BS 1986, MD 1994). Fifty percent provides one or more renewable scholarship(s) to students who are enrolled in the College of Pharmacy. Fifty percent provides one or more renewable scholarship(s) to students who are enrolled in the College of Medicine. Preference shall be given to candidates from Belmont and contiguous counties in the state of Ohio as well as Ohio, Marshall, and contiguous counties in the state of West Virginia. If no students meet the selection criteria, the scholarship(s) will be open to all students who are enrolled in either Pharmacy or Medicine and demonstrate financial need. Scholarships shall not exceed twenty-five percent of the cost of tuition and fees.

Richard Parker Mindigo Scholarship Fund
Established February 27, 2020, with a gift from Richard Parker Mindigo (BCE 1969); used to provide one or more renewable, tuition and fees scholarships to students who are enrolled in the College of Engineering and are majoring in civil engineering. Candidates must demonstrate financial need and be in good academic standing. It is the donor’s desire that special consideration be given first to Air Force ROTC cadets who have not received other ROTC scholarships, and second to Army ROTC cadets who have not received other ROTC scholarships. It is the donor’s desire to provide the maximum financial support possible to one eligible recipient. If at any time the annual distribution exceeds the cost of a full in-state tuition and fees scholarship, the remaining distribution may be used for room and board and additional academic expenses. Any remaining distribution may be used to provide the maximum financial support possible to additional eligible recipients. If no students meet the selection criteria, the scholarship(s) will be open to all students who are enrolled in the college and are majoring in civil engineering. Andrea Lunsford Designated Professorship for Rhetoric, Composition, and Literacy

The Board of Trustees of The Ohio State University shall establish the Andrea Lunsford Designated Professorship for Rhetoric, Composition, and Literacy effective February 27, 2020, with a gift from Dr. Andrea Abernethy Lunsford (PhD 1977).

This fund supports a designated professorship position in the Department of English, College of Arts and Sciences. The fund may be used for retention or recruitment purposes. The position holder shall be appointed and reviewed in accordance with the then current guidelines and procedures for faculty appointment.

This designated professorship position shall cease to exist when annual funding ends.
Medical Research Fund in the College of Veterinary Medicine

The Board of Trustees of The Ohio State University shall establish the Medical Research Fund in the College of Veterinary Medicine, as a quasi-endowment, effective February 27, 2020, with a fund transfer by the College of Veterinary Medicine of gifts from the estate of Dr. Leo W. Dunlap (DVM 1933).

The annual distribution from this fund supports medical research in the College of Veterinary Medicine at the discretion of the college’s dean. Expenditures shall be approved in accordance with the then current guidelines and procedures established by the college.

The highest ranking official in the College of Veterinary Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the College of Veterinary Medicine that the quasi-endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University may modify the purpose of this fund, in consultation with the unit named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University may modify the purpose of this fund. The University shall consult the highest ranking official in the college or his/her designee to identify a similar purpose consistent with the original intent of the unit. Modifications to endowed funds shall be approved by the University’s Board of Trustees, in accordance with the policies of the University.
Jewel and Frank Benson Family Research Professorship

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Jewel and Frank Benson Family Research Professorship effective February 27, 2020, with a gift from Frank S. Benson III and Jewel Price Benson.

The annual distribution from this fund supports a professorship position in The Dorothy M. Davis Heart and Lung Research Institute. Qualifications for the position include, but are not limited to, an internationally renowned researcher or faculty member who focuses on the research of lung and pulmonary diseases, in particular, idiopathic pulmonary fibrosis and/or diseases related to lung transplant. First preference for the position is a surgeon scientist. The position holder shall be appointed and reviewed in accordance with the then current guidelines and procedures for faculty appointment.

If no candidates meet the selection criteria, the annual distribution shall support research or related activities that lead to new discoveries in idiopathic pulmonary fibrosis at the institute, with preference for research projects under the direction of the highest ranking official in University Hospital East (Dr. J. Allen or successors) and the highest ranking official in the institute (Dr. P. Mohler or successors). Expenditures shall be approved in accordance with the then current guidelines and procedures established by the College of Medicine.

The highest ranking official in the College of Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Medicine or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University's Board of Trustees and the Foundation's Board of Directors, in accordance with the policies of the University and Foundation.
The Dr. Carl F. Asseff Professorship Fund in History of Medicine was established April 8, 2016, by the Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from Dr. Carl F. Asseff (BA 1963, MD 1966). Effective May 31, 2019, the fund name and description shall be revised to the Dr. Carl F. Asseff Professorship Fund in Anthropology and History of Medicine. The required funding level for an endowed professorship has been reached. Effective February 27, 2020, the fund name and description shall be revised and the position shall be established.

The annual distribution from this fund supports an endowed professorship position in the Department of Anthropology or the Department of History. Appointment to the position shall be recommended to the Provost by the executive dean of the College of Arts and Sciences and approved by the University’s Board of Trustees. The activities of the professorship holder shall be reviewed no less than every four years by the college’s executive dean to determine compliance with the intent of the donor, as well as the academic and research standards of the University.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the chairs of the Departments of Anthropology and History or their designees.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. The University and the Foundation reserve the right to modify the purposes of this fund, however, (1) in consultation with the donor named above, or (2) if such purposes become unlawful, impracticable, impossible to achieve, or wasteful, provided that such fund shall only be used for the University’s charitable purposes. In seeking such modification, the University and the Foundation shall consult the executive dean of the College of Arts and Sciences or his/her designee. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Dr. Paul A Weber Chair Fund in Ophthalmology

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Dr. Paul A Weber Chair Fund in Ophthalmology effective February 27, 2020, with gifts from family, friends and colleagues in his honor.

The annual distribution shall be reinvested in the endowment principal until January 1, 2022 or earlier if the gifted principal balance reaches $1,000,000 for a professorship or $2,000,000 for a chair. The decision to establish a professorship position prior to chair position shall be made by the chair of the Department of Ophthalmology, in consultation with the dean of the College of Medicine.

Thereafter, the annual distribution from this fund shall be used to support an endowed chair (professorship) position for a nationally or internationally recognized physician faculty member in the specialty of Ophthalmology in the Department of Ophthalmology. The annual distribution may support the salary and benefits of the chair (professorship) holder and/or programs related to clinical and research efforts. Expenditures shall be recommended by the chair of the department or his/her designee and approved in accordance with the then current guidelines and procedures established by the College of Medicine.

The position holder shall be appointed and reviewed in accordance with the then current guidelines and procedures for faculty appointment.

Should the gifted principal balance not reach $1,000,000 by January 1, 2022, the fund name shall be revised to the Dr. Paul A Weber Faculty Support Fund in Ophthalmology. Thereafter, the annual distribution from this fund shall be used to support the faculty of the Department of Ophthalmology. Expenditures shall be recommended by the chair of the department or his/her designee and approved in accordance with the then current guidelines and procedures established by the College of Medicine.

After January 1, 2022, the fund may be revised when the gifted endowment principal reaches the minimum funding level required at that date for an endowed chair (professorship) position. The decision to establish a professorship position prior to chair position shall be made by the chair of the Department of Ophthalmology, in consultation with the dean of the College of Medicine.

The highest ranking official in the College of Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation, may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Medicine or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The John I. Makhoul Professorship Fund in Electrical and Computer Engineering effective February 27, 2020, with a gift from Dr. John I. Makhoul (MS 1965).

Annual distribution shall be held in the distribution account until the gifted principal balance reaches $1,000,000 or December 31, 2024, whichever comes first.

If the gifted principal balance reaches $1,000,000 on or before December 31, 2024, the annual distribution will support a rotating professorship position in the College of Engineering, Department of Electrical and Computer Engineering in the general areas of signal processing and machine learning. The position holder shall be appointed and reviewed in accordance with the then current guidelines and procedures for faculty appointment. Because this position is rotating, the position is non-renewable.

If the gifted principal balance does not reach $1,000,000 by December 31, 2024, the annual distribution shall support faculty in the College of Engineering, Department of Electrical and Computer Engineering. Expenditures shall be approved in accordance with the then current guidelines and procedures established by the college.

The highest ranking official in the College of Engineering or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Engineering or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Michael and Nanette Triplett Endowed Chemical Engineering Graduate Fellowship effective February 27, 2020, with a gift from Dr. Michael David Triplett II (BS 1997, PhD 2004) and Nanette L. Nardi-Triplett (BS 1997, MBA 2002).

The annual distribution from this fund supports non-renewable graduate fellowship(s) to recruit Ohio residents who are also United States citizens or legal permanent residents for the PhD program in the College of Engineering, Department of Chemical and Biomolecular Engineering. If there are no candidates who are Ohio residents and United States citizens or legal permanent residents, the donors desire that the annual distribution supports non-renewable graduate fellowship(s) to recruit students who are United States citizens or legal permanent residents. It is the donors’ desire to provide as significant financial support as possible to one eligible recipient. Any remaining distribution shall be used to provide as significant financial support as possible to additional eligible recipients. Expenditures shall be approved in accordance with the then current guidelines and procedures established by the college.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

Unused annual distribution shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Engineering or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Stephen F. Vogel Endowed Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Stephen F. Vogel Endowed Scholarship Fund effective February 27, 2020, with gifts from Stephen F. Vogel (JD 1978).

The annual distribution from this fund provides one or more scholarship(s) to international students who are enrolled in the Michael E. Moritz College of Law. If no students meet the selection criteria, the scholarship(s) will be open to all students. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the Michael E. Moritz College of Law or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the Michael E. Moritz College of Law or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Glen F. Aukerman, MD Innovation Endowed Fund in Integrative Medicine

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Glen F. Aukerman, MD Innovation Endowed Fund in Integrative Medicine effective February 27, 2020, with a gift from the Redgrave Family Foundation of The Columbus Foundation as recommended by Martyn R. and Lynne A. Redgrave of New Albany, Ohio.

The annual distribution from this fund shall be used to support innovative programs in the Center for Integrative Medicine to advance its mission in patient care, medical education and research. Expenditures shall be recommended by the director of the center and approved in accordance with the then current guidelines and procedures established by the College of Medicine.

Should the gifted endowment principal balance reach $1,000,000 for a professorship (or $2,000,000 for a chair position) by December 31, 2020, the endowment shall be revised to the Glen F. Aukerman, MD Professorship (or Chair) in Integrative Medicine to benefit the Center for Integrative Medicine. The appointee shall be a nationally or internationally recognized physician faculty member whose expertise will continue the growth and success of the center in its mission of patient care, medical education and research. In addition to salary and benefits, funds may also support the research and teaching activities of the professorship (or chair) holder. The position holder shall be appointed and reviewed in accordance with the then current guidelines and procedures for faculty appointment.

After December 31, 2020, the endowment may be revised when the gifted endowment principal reaches the minimum funding level required at that date for a professorship/chair position.

Until December 31, 2020, the annual distribution shall be reinvested in the endowment principal. Thereafter, the highest ranking official in the College of Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Medicine or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Charles R. and Blanche M. Morin Education and Research Endowment Fund at Stone Laboratory

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Charles R. and Blanche M. Morin Education and Research Endowment Fund at Stone Laboratory effective February 27, 2020, with an estate gift from Charles R. Morin and Blanche M. Morin.

The annual distribution from this fund supports education and research at the Franz Theodore Stone Laboratory in the College of Food, Agricultural, and Environmental Sciences, including scholarships, fellowships, and purchase of equipment and supplies/services that support the education and research mission of the laboratory. Expenditures shall be approved by the director of the laboratory and the director of the Ohio Sea Grant College Program or their designees. Scholarship/fellowship recipients, the number of recipients, and amount of each award shall be determined by the Stone Laboratory Scholarship Committee or its designee, in consultation with the director of the laboratory or his/her designee and Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Food, Agricultural, and Environmental Sciences or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

Should the Franz Theodore Stone Laboratory and the Ohio Sea Grant College Program cease to exist, it is the donors’ desire that this endowment be used to benefit the School of Environment and Natural Resources (formerly the School of Natural Resources).

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the dean of the College of Food, Agricultural, and Environmental Sciences, the chairperson for the School of Environment and Natural Resources (formerly the School of Natural Resources) and the director of the Franz Theodore Stone Laboratory or their designees to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Worthen/Dowler/Price Endowment Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Worthen/Dowler/Price Endowment Fund effective February 27, 2020, with an estate gift from Patricia A. Worthen (BS 1956, MSW 1967, MA 1976) in honor of Catherine (Overly) Worthen, Edith (Wolfe) Dowler and Catherine (Ashbaugh) Worthen Price.

The annual distribution from this fund provides one or more scholarships to full-time, graduate students enrolled in the College of Social Work who demonstrate financial need as well as an interest and willingness to study issues of aging and/or women's health. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Social Work or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It was the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation, may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Social Work or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Dr. George Pommert Endowed Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Dr. George Pommert (DDS 1956, MS 1969) Endowed Fund effective February 27, 2020, with gifts from family, friends and colleagues.

The annual distribution from this fund supports the Division of Orthodontics, College of Dentistry. Expenditures shall be approved in accordance with the then current guidelines and procedures established by the college.

The highest ranking official in the College of Dentistry or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Dentistry or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Robert S. “Bob” Tennant Scholarship Fund

The Robert S. “Bob” Tennant Scholarship Fund was established February 27, 2020, by the Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from the estate of Robert S. Tennant (BS 1949) of Winston-Salem, North Carolina.

The annual distribution from this endowed fund shall be used to support one or more scholarships to be awarded annually to undergraduate students who demonstrate financial need and who are enrolled in the College of Food, Agricultural, and Environmental Sciences. Students enrolled in the Agricultural Technical Institute or the university’s regional campuses who intend to pursue a Bachelor’s Degree from the College of Food, Agricultural, and Environmental Sciences at the main campus may be considered. Preference shall be given to students who are majoring in agricultural economics and/or natural resources. The scholarship may be awarded to the same student in successive years, but not to exceed 4 years, provided the student remains in good academic standing with at least a 2.50 cumulative grade point average. Scholarship recipients shall be selected by the vice president for agricultural administration and executive dean for Food, Agricultural, and Environmental Sciences, in consultation with Student Financial Aid.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the total University endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate, shall be designated by the University’s Board of Trustees. In making this alternate designation, the Board shall seek advice from the vice president for agricultural administration and executive dean for Food, Agricultural, and Environmental Sciences.
The Buchanan Family Foundation Endowed Scholarship Fund in Veterinary Medicine

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Buchanan Family Foundation Endowed Scholarship Fund in Veterinary Medicine effective February 27, 2020, with gifts from The Buchanan Family Foundation.

The annual distribution from this fund provides one or more scholarships to students who are enrolled in the College of Veterinary Medicine, DVM program, and are from the state of Illinois. If there are no candidates from Illinois, the scholarship will be open to candidates from all states except Ohio. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Veterinary Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Veterinary Medicine or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.

Richard Parker Mindigo Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Richard Parker Mindigo Scholarship Fund effective February 27, 2020, with a gift from Richard Parker Mindigo (BCE, 1969).

The annual distribution from this fund provides one or more tuition and fees scholarships to students who are enrolled in the College of Engineering and are majoring in civil engineering. Candidates must demonstrate financial need and be in good academic standing. It is the donor’s desire that special consideration be given first to Air Force ROTC cadets who have not received other ROTC scholarships, and second to Army ROTC cadets who have not received other ROTC scholarships. It is the donor’s desire to provide the maximum financial support possible to one eligible recipient. If at any time the annual distribution exceeds the cost of a full in-state tuition and fees scholarship, the remaining distribution may be used for room and board and additional academic expenses. Any remaining distribution may be used to provide the maximum financial support possible to additional eligible recipients. Scholarships are renewable for up to four years as long as recipients continue to meet the selection criteria above. If no students meet the selection criteria, the scholarship(s) will be open to all students who are enrolled in the college and are majoring in civil engineering. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the College of Engineering, in consultation with Student Financial Aid and the Office of Military and Veterans Services.

If at any time, the gifted principal balance reaches the then current minimum required to establish an undergraduate tuition scholarship, the fund name shall be revised to the Richard Parker Mindigo Tuition Scholarship Fund.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Engineering or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Engineering or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Jeffrey M. Prestel Scholarship Fund effective February 27, 2020, with a gift from Jeffrey Michael Prestel (MBA 1989).

The annual distribution from this fund provides one or more scholarship(s) to undergraduate students who are enrolled in the Max M. Fisher College of Business and graduated from a high school in the state of Ohio. Preference shall be given to candidates who are first in their family to attend college. If no students meet the selection criteria, scholarship(s) shall be open to all undergraduate students who are enrolled in the college and graduated from a high school in the state of Ohio. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the Max M. Fisher College of Business or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the Max M. Fisher College of Business or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Moritz College of Law Real Estate Endowment Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Moritz College of Law Real Estate Endowment Fund effective February 27, 2020, with a gift from John L. Zinkand (JD 1968) and Peggy L. Zinkand. The annual distribution from this fund shall be designated to the Michael E. Moritz College of Law and used to support the real estate curriculum, a speaker series focused on the real estate industry, and/or scholarships for students who demonstrate an interest in a real estate career. Scholarship recipients will be selected by the college’s scholarship committee, in consultation with Student Financial Aid. Other expenditures will be approved by the dean of the college or his/her designee.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused distribution from this endowed fund shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. The University and the Foundation reserve the right to modify the purposes of this fund, however, (1) in consultation with the donors named above, or (2) if such purposes become unlawful, impracticable, impossible to achieve, or wasteful, provided that such fund shall only be used for the University’s charitable purposes. In seeking such modification, the University and the Foundation shall consult the dean of the Michael E. Moritz College of Law or his/her designee. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Lucas J. Regula Memorial Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Lucas J. Regula Memorial Scholarship Fund effective February 27, 2020, with gifts from John Thomas Baird (BS 1958) and Betty Jean Baird.

The annual distribution from this fund provides one or more scholarships to undergraduate students who are enrolled in the College of Food, Agricultural and Environmental Sciences and demonstrate financial need. Mark & Mary Eppert – “It’s All Good” Endowed Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Mark & Mary Eppert – “It’s All Good” Endowed Scholarship Fund effective February 27, 2020, with gifts from Mark F. Eppert (BS 1988) and Mary Eppert (BS 1987) and matching gifts from The Coca-Cola Company.

The annual distribution from this fund shall be divided equally between the College of Education and Human Ecology and the Max M. Fisher College of Business and shall be used to provide scholarships to support educational expenses for undergraduate students ranked as sophomores, juniors, or seniors. To qualify, candidates must have a minimum 3.5 grade point average (GPA) at the end of their first semester, freshman year. Extra consideration shall be given to candidates who have not and are not scheduled to receive additional scholarship funding from the University. First preference shall be given to candidates who are graduates of Upper Arlington High School in Upper Arlington, Ohio. If no candidates meet this preference, the scholarship may be awarded to candidates who graduated from any high school in the Columbus, Ohio area.

Scholarships shall be awarded in amounts not less than 10% of the cost of in-state tuition and fees. In the event the annual distribution cannot support two scholarships, an alternating schedule shall be established to award one scholarship annually beginning with Education and Human Ecology.

Recipients will be selected by the appropriate dean, in consultation with Student Financial Aid. Scholarships may be renewed for up to 6 semesters if recipients maintain a 3.5 grade point average.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking officials in the College of Education and Human Ecology and the Max M. Fisher College of Business or their designees has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above or in the event they are deceased one of their surviving children Lauren Nicole Eppert or Monica Ann Eppert. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking officials in the College of Education and Human Ecology and the Max M. Fisher College of Business or their designees to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Brothers in Song Accompanist Endowment Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Brothers in Song Accompanist Endowment Fund effective February 27, 2020, with gifts from The Ohio State University Men’s Glee Club Alumni.

The annual distribution from this fund shall be designated to the College of Arts and Sciences, School of Music and ensure that the Men's Glee Club and other Ohio State choirs have a highly qualified accompanist to ensure the groups' musical growth and artistic success. Should the need for salary support of an accompanist cease to exist, the director of the Men's Glee Club may direct the annual distribution towards other priorities. Expenses are approved by the director of the Men's Glee Club or his/her designee in accordance with the then current guidelines and procedures established by the college.

The highest ranking official in the College of Arts and Sciences or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Arts and Sciences or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Kurt Weider Endowed Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Kurt Weider Endowed Scholarship Fund effective February 27, 2020, with gifts from Brian K. (BS 1978) and Julia R. Weider.

The annual distribution from this fund provides one or more scholarship(s) to undergraduate students who are enrolled in the College of Engineering and participating in the Integrated Business and Engineering program who display an entrepreneurial mindset with a global perspective. If no students meet the selection criteria, the scholarship will be open to all students enrolled in the college. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University's mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Engineering or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Engineering or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University's Board of Trustees and the Foundation's Board of Directors, in accordance with the policies of the University and Foundation.
The Phyllis Elaine Burns Mantia Endowed Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Phyllis Elaine Burns Mantia Endowed Scholarship Fund effective February 27, 2020, with gifts from Ronald Andrew Holbrook (MA 2002, PhD 2005) given to honor his mother.

Phyllis Elaine Burns Mantia never went to college, but she instilled in her family a deep belief in the transformative value of a college education. Her love and sacrifice made it possible for many family members to go to college, including her son. This scholarship is a testament to her sacrifice and conviction in the hope that first-generation college students– like she would have been, had she had gone to college– have the opportunity to experience the transformative value of an education at The Ohio State University.

The annual distribution from this fund provides scholarships for undergraduate or graduate students enrolled in the College of Arts and Sciences who are first generation college students. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University's mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Arts and Sciences or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Arts and Sciences or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Young Scholars Program Alumni Society Endowment Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Young Scholars Program Alumni Society Endowment Fund effective February 27, 2020, with gifts from the Young Scholars Program Alumni Society.

The annual distribution from this fund supports the Young Scholars Program Summer Academy or its successor. Expenditures shall be approved in accordance with the then current guidelines and procedures established by The Ohio State University Alumni Association.

The highest ranking official in The Ohio State University Alumni Association or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in The Ohio State University Alumni Association or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Emily and Richard Chen Scholarship Fund in Medicine

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Emily and Richard Chen Scholarship Fund in Medicine effective February 27, 2020, with gifts from Dr. Richard S. Chen (MBA 2009, MD 2009) and Emily Chen.

The annual distribution from this fund provides need-based scholarship(s) for medical student(s). Scholarship recipients shall be selected by the College of Medicine’s scholarship committee, in consultation with Student Financial Aid and the college’s dean. The donors’ intention is to enhance medical student recruitment and retention.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Medicine or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Sandra and Paul Anderson Scholarship Fund in Optometry

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Sandra and Paul Anderson Scholarship Fund in Optometry effective February 27, 2020, with gifts from Dr. Sandra W. Anderson (OD 1982) and Mr. Paul R. Anderson.

Ten percent of the annual distribution from this fund shall be reinvested in the endowment principal. Ninety percent of the annual distribution from this fund provides a tuition-only scholarship at the in-state rate to the rising fourth year professional/doctoral student enrolled in the College of Optometry with the highest grade point average. Should excess funds exist, additional scholarship(s) may be awarded to the rising fourth year student with the second highest grade point average and then to the rising fourth year student with the third highest grade point average. Recipients will be recommended by the director of Admissions and Financial Aid or his/her designee and approved by the dean of the college or his/her designee, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Optometry or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Optometry or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Barry and Lori Baum Undergraduate Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Barry and Lori Baum Undergraduate Scholarship Fund effective February 27, 2020, with gifts from Barry D. (BS 1976) and Lori G. (BS 1976) Baum of Johns Creek, Georgia.

The annual distribution from this fund shall be used to provide scholarship support to undergraduate business students enrolled in the Max M. Fisher College of Business. Students must have a minimum 3.6 grade point average based on a 4.0 scale and be actively involved and engaged in one or more of the following applicable business experiences at Fisher: employment in a college department or office, student organizations, professional business fraternities, or internship in the for-profit business industry. Preference will be given to students with leadership roles within the various applicable organizations. Recipient(s) will be selected by the college’s Undergraduate Scholarship Committee, in consultation with Student Financial Aid.

The University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be held in the distribution account to be used in subsequent years and only for the purposes of the endowment, or reinvested in the endowment principal at the discretion of the dean of the Max M. Fisher College of Business or his/her designee.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. The University and the Foundation reserve the right to modify the purposes of this fund, however, if such purposes become unlawful, impracticable, impossible to achieve, or wasteful, provided that such fund shall only be used for the University’s charitable purposes. In seeking such modification, the University and the Foundation shall consult the dean of the Max M. Fisher College of Business or his/her designee. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Cline Family Fund at The Ohio State University Golf Club

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Cline Family Fund at The Ohio State University Golf Club effective February 27, 2020, with gifts from Cathie B. Cline (BS 1964, MHA 1981).

The annual distribution from this fund provides one or more renewable scholarships to graduate or undergraduate students who have been employees of The Ohio State University Golf Club (OSU Golf Club) for a minimum of 1 year and have a minimum 3.0 grade point average. If the OSU Golf Club ceases to exist or if the OSU Golf Club ceases to employ students, the scholarship(s) will be open to all student employees. Student Financial Aid will work in consultation with the general manager of the OSU Golf Club and the Green Committee to identify students that exemplify the values of the OSU Golf Club.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in Student Financial Aid or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in Student Financial Aid or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
CTL Engineering Lab Endowed Support Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the CTL Engineering Lab Endowed Support Fund effective February 27, 2020, with gifts from CTL Engineering Inc. and C. K. Satyapriya.

The annual distribution from this fund supports the upkeep and operations of the CTL Engineering Lab. Expenditures shall be recommended by the chair of the Department of Civil, Environmental and Geodetic Engineering or his/her designee and approved by the dean of the College of Engineering or his/her designee. Expenses may include, but are not limited to, maintenance and operations.

The highest ranking official in the College of Engineering or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Engineering or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Hallam Family Endowed Scholarship Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Hallam Family Endowed Scholarship Fund effective February 27, 2020, with gifts from Mark (BS 1979) and Karen Hallam.

The annual distribution from this fund provides one or more scholarships to students who are studying mechanical engineering, aerospace engineering, or architecture. The Donors desire that when awarding scholarship(s) special consideration be given to candidates who are members of The Women in Engineering Program. If no students meet the selection criteria, the scholarship(s) will be open to all students enrolled in the College of Engineering. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Engineering or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Engineering or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
Tim Neustadt Graduate Research Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish the Tim Neustadt Graduate Research Fund effective February 27, 2020, with gifts from Tim Neustadt (BA 1967, MA 1969).

The annual distribution from this fund provides an award to a graduate or professional student enrolled in the College of Arts and Sciences who is studying Greek, Latin, and/or Modern Greek in the Department of Classics. Awards may be used for study abroad fees and travel expenses, as well as additional educational expenses. Recipients will be selected by the department’s chair, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Arts and Sciences or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. The University and the Foundation may modify the purpose of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Arts and Sciences or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Veterinary Medicine Class of 1993 Endowment Fund

The Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, shall establish The Veterinary Medicine Class of 1993 Endowment Fund effective February 27, 2020, with gifts from members of the Veterinary Medicine Class of 1993.

The annual distribution from this fund shall be used at discretion of the dean of the College of Veterinary Medicine. The fund may be revised in the future when the gifted endowment principal reaches the minimum funding level required at that date for a restricted endowed fund. Thereafter the annual distribution shall provide scholarships to students enrolled in the college. Amount of scholarship(s) and number of recipients shall be at the discretion of the highest ranking official in the college or his/her designee. Recipients shall be selected in accordance with the current guidelines and procedures for scholarship administration established by the college, in consultation with Student Financial Aid.

The University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

The highest ranking official in the College of Veterinary Medicine or his/her designee has the discretion to hold all or a portion of the unused distribution in the distribution fund to be used in subsequent years, and/or reinvest all or a portion of the unused distribution in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purpose of this fund, in consultation with the donors named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the College of Veterinary Medicine or his/her designee to identify a similar purpose consistent with the original intent of the donors. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
The Auer Family Athletic Scholarship Fund

The John F. Auer Athletic Scholarship Fund was established February 6, 2009, by the Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with a gift from John F. Auer (BSBA 1976). The name and description were revised April 4, 2014. Effective February 27, 2020, the fund description shall be further revised.

The annual distribution from this fund shall be used to supplement the grant-in-aid costs of an intercollegiate student-athlete who is a member of the varsity men’s tennis team or varsity men’s swimming team and pursuing an undergraduate degree at The Ohio State University. Scholarship recipients, the number of recipients, and amount of each scholarship shall be determined in accordance with the then current guidelines and procedures for scholarship administration established by the Department of Athletics, in consultation with Student Financial Aid.

The Ohio State University’s mission and admissions policy supports educational diversity. The University may modify any criteria used to select scholarship recipients should the criteria be found, in whole or in part, to be contrary to federal or state law or University policy.

Unused annual distribution shall be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University’s costs of development and fund management.

It is the desire of the donor that the endowment established herein should benefit the University in perpetuity. Should the University units referenced in this endowment restructure in the future, the terms of the endowment shall apply to their successors in interest. The University and the Foundation may modify the purposes of this fund, in consultation with the donor named above. In accordance with Ohio Revised Code, if the purpose of the fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the University and Foundation may modify the purpose of this fund. The University and the Foundation shall consult the highest ranking official in the Department of Athletics or his/her designee to identify a similar purpose consistent with the original intent of the donor. Modifications to endowed funds shall be approved by the University’s Board of Trustees and the Foundation’s Board of Directors, in accordance with the policies of the University and Foundation.
James B. and Harriet Beard Graduate Student Fund in Turfgrass Physiology/Biochemistry

The James B. and Harriet Beard Graduate Fellowship Fund in Turfgrass Physiology/Biochemistry was established May 2, 2003, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Harriet and James B. Beard (BS Agr 1957), family, friends, and industry leaders. Effective February 27, 2020, the fund name and description shall be revised.

All gifts are to be invested by the Foundation, under the rules and regulations adopted by the Foundation’s Board of Directors, with the right to invest and reinvest as occasion dictates.

The fund is being established for the purpose of conducting research in the area of turfgrass physiology/biochemistry with emphasis on plant stress. High priority is to be given to attracting high quality graduate students. The objective will be to conduct research at either the molecular or whole plant level to provide better insight into how turfgrass plants respond to stresses induced by biotic or abiotic factors. The long-term results of this research will be the development of efficient and optimum cultural practices.

The annual distribution shall be used to support one or more Masters- or PhD-level students. Support shall provide tuition and fees for high quality graduate students who are or will be enrolled in the study and research of turfgrass physiology/biochemistry with emphasis on plant stress. Selection of the recipients will be made by the vice president for agricultural administration and dean of the College of Food, Agricultural, and Environmental Sciences or his/her designees, in consultation with the graduate committee of the department in which the student is registered, the turfgrass faculty, the Graduate School, and Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income then another use shall be designated by the Foundation Board, in consultation with the vice president for agricultural administration and dean of the College of Food, Agricultural, and Environmental Sciences or his/her successor, the turfgrass faculty and chairpersons of the Departments of Horticulture and Crop Science, Plant Pathology, and Entomology, and the director of the School of Environmental and Natural Resources.
The Kyle Eric Althauser Memorial Scholarship Fund

The Kyle Eric Althauser Memorial Scholarship Fund was established February 4, 2000, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation with gifts designated for support of the College of Food, Agricultural, and Environmental Sciences, from his parents, Gerald Althauser (BSagr 1965) and Nancy Althauser (BSEd 1965) from Kenton, Ohio, family and friends. Effective February 27, 2020, the fund description shall be revised.

All gifts are to be invested by the Foundation, under the rules and regulations adopted by the Foundation Board of Directors, with the right to invest and reinvest as occasion dictates.

A 1997 graduate of Ohio State in agribusiness, Kyle Eric Althauser accomplished a lot during his lifetime. Early on, he overcame a speech impediment caused by his premature birth and learned to speak clearly. In high school, he excelled in cross country and track and was most proud of being awarded the American Farmer Degree of the FFA — an honor bestowed upon less than two percent of FFA membership for outstanding achievements in scholarship, leadership, service, and earnings from agricultural enterprises. During his career at Ohio State, he stayed focused on earning his degree while simultaneously working at least one job, and often two or three. He was determined, self-confident, and hard working.

Kyle was also friendly. A participant in the Study Abroad program in the Czech Republic, he befriended a professor there and planned to return for a second visit. He was caring, helpful, and insightful — a good listener from whom peers often sought advice. He left his mark on the world through the people whose lives he touched.

After Kyle's accidental death in 1998, his parents -- Ohio State alumni Gerald and Nancy Althauser of Kenton, Ohio -- decided to honor their son by creating the Kyle Althauser Memorial Scholarships. It is their hope that the recipients of these awards possess the same qualities that Kyle embodied.

The annual distribution shall be used to fund one or more merit scholarships in modest amounts for first year students from Hardin County, Ohio, majoring in Food, Agricultural, and Environmental Sciences (FAES) programs or are preparing for a career in education. The balance shall be used to fund more generous merit scholarships for second-year students; with preference for the prior first-year recipients, or other second-year students who attain a minimum 2.5 grade point average, are making progress toward a degree in FAES, are employed, and are active in campus student organizations. The donor welcomes the assistance of the OSU Alumni Club of Hardin County to recruit and interview applicants and to rank and recommend worthy first-year recipients to the assistant dean, Student Affairs, College of Food, Agricultural, and Environmental Sciences and Student Financial Aid, who will make the final awarding decision.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Foundation Board, in consultation with the appropriate college dean, in order to carry out the desire of the donors.
The Kyle Eric Althauser Memorial Study Abroad Fund in Agriculture and Natural Resources

The Kyle Eric Althauser Memorial Study Abroad Fund in Agriculture and Natural Resources was established February 4, 2000, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts designated for support of The Ohio State University International Programs in Agriculture from his parents, Gerald Althauser (BSAgr 1965) and Nancy Althauser (BSEd 1965) from Kenton Ohio, family and friends. Effective February 27, 2020, the fund description shall be revised.

All gifts are to be invested by the Foundation, under the rules and regulations adopted by the Foundation Board of Directors, with the right to invest and reinvest as occasion dictates.

It is their hope that the recipients of these awards possess the same qualities that Kyle embodied.

The annual distribution shall be used to support students’ participation in a study abroad experience for academic credit in the Dominican Republic, the Czech Republic, or China, or in other countries with which the Office of International Programs in Agriculture may have contracts for study abroad participation by students. Preference is for students who could not otherwise participate because of limited financial resources and for students from Hardin County, Ohio. If there are no eligible students from Hardin County, then second preference is for students from contiguous counties. The selection of recipients will be made by the assistant dean, Student Affairs, College of Food, Agricultural, and Environmental Sciences, in consultation with Student Financial Aid who will notify the Althauser family annually of recipients.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Foundation Board, in consultation with the appropriate college dean, in order to carry out the desire of the donors.
Linguistics Faculty Support Fund

The Linguistics Faculty Support Fund was established November 9, 2012, by the Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Peter Culicover, Ilse Lehiste, and friends. Effective February 27, 2020, the fund description shall be revised.

The annual distribution from this fund shall be awarded to a faculty member in the Department of Linguistics as recommended by the department's chair and approved by the executive dean of the College of Arts and Sciences.

In any given year that the endowment distribution is not fully used for its intended purpose, the unused portion should be reinvested in the endowment principal.

The investment and management of and expenditures from all endowment funds shall be in accordance with University policies and procedures, as approved by the Board of Trustees. As authorized by the Board of Trustees, a fee may be assessed against the endowment portfolio for the University's costs of development and fund management.

It is the desire of the donors that the endowment established herein should benefit the University in perpetuity. Should unforeseen circumstances arise in the future so that the need for this endowment ceases to exist, then another use as nearly aligned with the original intent of the contribution as good conscience and need dictate shall be designated by the Foundation's Board of Directors and the University's Board of Trustees. In making this alternate designation, the Boards shall seek advice from a representative of the donors, if possible, and the executive dean of the College of Arts and Sciences.
Heit Family Physical Activity and Outreach Initiative Endowment Fund

The Heit Family Physical Activity and Outreach Initiative Endowment Fund was established on February 1, 2013, by the Board of Trustees of The Ohio State University, in accordance with the guidelines approved by the Board of Directors of The Ohio State University Foundation, with gifts from Philip and Sheryl W. Heit of New Albany, Ohio. Effective February 27, 2020, this fund shall be closed and the gifts shall be divided equally and moved to the Heit Family Cancer Fund, the Heit Family Sports/Health Performance Fund, and the Heit Heart Health Fund.
E. Christopher (Chris) Ellison, MD, FACS

Chris Ellison is the Robert M. Zollinger Professor Emeritus in the College of Medicine. He held multiple significant leadership roles within his department and across the entire healthcare enterprise at Ohio State, including the Department Chair and Vice Dean for Clinical Affairs and President of Ohio State University Physicians, Inc. (OSUP). An integral part of the creation of OSUP and the OSU Faculty Group Practice that created a unified physician plan structure, Chris led the faculty through these changes to provide a more coordinated and integrated faculty practice. As a nominator wrote: “Chris’ ability to bridge the clinical, education and research missions within academic medicine make him a very unique leader.” In 2018, the College of Medicine created the Mazzaferri-Ellison Society of Master Clinicians to recognize excellence in clinical practice, teaching, mentoring, professionalism, leadership and service. Chris’ national involvement strengthened Ohio State’s reputation. He served as Chair of the American Board of Surgery, Secretary of the American Surgical Association, Governor at Large for the American College of Surgeons and President of the Social of Surgical Chairs. Chris is a loyal supporter of the university with 38 years of giving.

The following individuals contributed to the nomination: L. Arrick Forrest, MD; Timothy Pawlik, MD, PhD, MPH; Andrew Thomas, MD, MBA, FACP

Timothy (Tim) Gerber, DMA

Tim is professor emeritus, and recognized for his outreach in the community, support for students beyond his role as a faculty member, and service through University Senate. A champion for music education for all students, Tim volunteered in Columbus City Schools and served as the principal author of educational materials for the Columbus Symphony Orchestra for nearly 20 years. Tim was instrumental in the design of the Second-year Transformational Experience Program (STEP), particularly regarding the role of the faculty mentor. He also volunteered as one of the first faculty mentors and did so for multiple years. As chair of the Ad Hoc Committee on Semesters, Tim was helped to define the semester calendar and personally recommended the 4-week May Session. Tim served two terms as secretary of the University Senate, and is known for his work ethic, relationship skills and sheer presence as he steadily led the Senate through successful transitions in senior administration. As one nominator wrote: “Tim has served this university in more capacities than any faculty member I’ve encountered in the 28 years I’ve been employed at Ohio State.” Tim is a loyal supporter of the university with 27 years of giving.

BACKGROUND

AUTHORIZATION OF ADDITIONAL SCHEDULES TO MASTER EQUIPMENT LEASE WITH APPLE INC.

In October 2017, Ohio State announced the Digital Flagship initiative, a comprehensive, university-wide digital learning initiative in collaboration with Apple. In line with the strategic plan, Digital Flagship supports educational innovation for students and economic development opportunities for the community. There are three main components:

- **a student-success initiative** to integrate learning technology throughout the university experience, including the distribution of an iPad learning technology suite to new first-year students at the Columbus and regional campuses, which started in summer 2018.

- **a Mobile Design Lab** serving students, faculty and staff at all six Ohio State campuses and members of the broader Ohio community. The 35-foot bus has engaged more than 9,000 participants in 60+ events since its launch in March 2019. The unique hands-on learning opportunities within the space focus on subjects that include mobile app development, coding, digital creativity, enhancing professional skills, taking an app idea to market, and translating technology skills into future career pathways across a wide range of disciplines.

- **university-wide opportunities to learn coding skills** to enhance students’ career readiness in the app economy. More than 2,400 students, faculty and staff have registered for the free online Swift Coding and App Development certificate released in May 2019. Four courses within the certificate are currently live with the final course set to launch this academic year. The certificate will open to Ohio State alumni in spring 2020, allowing all Buckeyes to build digital skillsets and grow their careers at no cost.

The learning technology suite expected to be provided to new first-year students entering in 2020-21 will include the following bundle as well as apps that support learning and campus life:

- 10.5-inch iPad Air Wi-Fi 256GB
- Apple Pencil for iPad Air
- Apple Smart Keyboard for iPad Air
- 3-Year AppleCare+ for iPad
- Brenthaven Edge Keyboard Companion Case

Ohio State obtained the learning technology bundle listed above for the 2019-20 cohort by entering into additional schedules to the Master Lease Agreement with Apple, Inc. entered into for the 2018-19 cohort. This year, the university will finance the cost of the Apple bundle products in an aggregate amount not to exceed $12,072,500 either through additional schedules to the Master Lease Agreement (which provides for four (4) annual lease payments commencing in spring/summer 2020), an equipment lease with a new third-party financing entity, a cash purchase, or any combination thereof. This year’s leased bundle will exclude the Brenthaven Case as the university will acquire the case under separate procurement. The university will own the devices during students’ undergraduate careers at Ohio State, subject to the rights of the lessor.

Digital Flagship distributes devices to students on all campuses during orientation, with opportunities to leverage this technology throughout the orientation experience.

The university has made significant progress on other elements of the Digital Flagship initiative, including:

- **Student technology**: More than 23,000 Ohio State students have received a Digital Flagship student technology package. More than 90% of the distributed iPads are concurrently active (used within 24 hours) at any given time and less than 5% of students reported an incident (this includes a damaged/cracked screen).
• **Student Learning:** Since the inception of the initiative, more than 2,000 students have attended Digital Flagship learning events that focus on enhancing study skills, research-based note-taking strategies, time management best practices, explorations in digital creativity and more.

• **Faculty & Staff Engagement:** In under two years, 590 participants across six campuses have received technology and training through Digital Flagship Educators. Program participants represent many dimensions of the university teaching community including faculty, graduate teaching assistants, researchers, program leaders, course coordinators, program directors, academic advisors and extension educators. Participants span across more than 50 departments, all six Ohio State campuses and many county extension offices.

• **App Development:** The “Ohio State: Wellness” app was launched on January 29, 2020. The app supports The Ohio State University’s commitment to the safety and wellbeing of our students. The app increases awareness and streamlines navigation of mental health and wellness resources, providing proactive tools to help students develop healthy habits, reduce stigma and help direct a peer in need to support. The app was developed by students, faculty, clinicians and staff as part of the Digital Flagship initiative following recommendations from the Suicide and Mental Health Task Force. Currently available for all Apple devices running iOS 13 or higher, the Wellness app has also been provided to all Digital Flagship iPads. Features from the standalone app are coming to the Ohio State mobile app for Android and iOS in spring 2020.
TOPIC: Men’s Basketball Ticket Prices

CONTEXT:

The Ohio State University Department of Athletics continues to be one of only 15 self-sustaining athletics programs in the nation. Currently, the Department of Athletics funds more than 1,000 student-athletes in successful endeavors of academic achievement and athletics competitions, as well as personal and professional development, with a Graduation Success Rate of 86% and a career placement rate of 91%. The Department of Athletics transfers approximately $52 million annually to the University for contributions, and payments for goods and services provided to the Department, which includes $29 million for grant-in-aid.

The Department of Athletics first introduced premier-game pricing in 2013, and beginning with the 2017-2018 basketball season adopted an expanded variable pricing model for all individual game tickets and implemented discounts for public, faculty and staff full season ticket purchasers. The scaling of the arena was expanded from four price zones to six price zones beginning with the 2019-2020 season. This pricing model provides a fluid pricing structure to align to market demands, offers significantly more choice for ticket purchasers, and has contributed to successfully increasing both sales and attendance. The Athletic Council and university administrators recommend continuation of these pricing guidelines. Historical pricing for the previous three seasons are included in the attached appendix.

RECOMMENDATION:

For Men’s Basketball tickets:

- Price the individual games according to exhibition, non-conference, conference or premier opponent categorization, with a maximum of five games categorized as premier.
- Assign the individual game and season ticket pricing for the 2020-2021 men’s basketball season as indicated in the following table.

CONSIDERATIONS:

Men’s Basketball Tickets:

- Variable ticket pricing is widely used by other Big Ten institutions and various athletic programs across the country, provides better access and affordability for fans and has been successful at Ohio State since it was first introduced for the 2013-2014 season.
The full season ticket package discounts will remain approximately 12% off the aggregate total price of individual game tickets for the public and 20% off the aggregate total price for faculty and staff.

Games played in St. John Arena, if applicable, will be included in the full season ticket package (game was an optional add-on for the 2019-2020 season).

The student ticket price will remain at $9 for all opponent categories.

Premier games for previous seasons have been designated as follows:
  o 2014-2015 season: Marquette, Michigan and Wisconsin
  o 2015-2016 season: Virginia, Maryland and Michigan State
  o 2016-2017 season: Connecticut, Michigan State, Wisconsin and Indiana
  o 2017-2018 season: Michigan, Michigan State, Maryland and Indiana
  o 2018-2019 season: Syracuse, Michigan State, Purdue and Wisconsin
  o 2019-2020 season: Cincinnati, Villanova, Maryland and Michigan

The schedule for the 2020-2021 season has not yet been determined.

AUTHORIZATION OF FIRST AMENDMENT TO FIRST AMENDED AND RESTATED
LONG-TERM LEASE AND CONCESSION AGREEMENT FOR
THE OHIO STATE UNIVERSITY UTILITY SYSTEM

BACKGROUND

Pursuant to the terms of the First Amended and Restated Long-Term Lease and Concession Agreement for The Ohio State University Utility System dated July 20, 2018 (the “Agreement”), Ohio State Energy Partners LLC (OSEP) received approval to construct a Combined Heat and Power and Chiller Plant (“CHP Facility”) on the Columbus campus subject to the approval of the Ohio Power Siting Board.

The CHP Facility is expected to be a primary source of heating, cooling, and electricity for the Columbus campus. The CHP Facility will immediately improve the campus carbon footprint and is expected to provide a significant reduction in purchased utility commodity costs for the university over the long-term.

The approved location for the CHP facility was approximately 1.8 acres on the northeast corner of John H. Herrick Drive and Vernon L. Tharp Street.

The proposed amendment to the Agreement would provide for the lease of the CHP Facility land and the CHP Facility, when built to OSEP.

The CHP Facility lease would be added to the Utility System Land and Utility System Facilities Leases already in effect pursuant to the Agreement including, but not limited to, the McCracken Power Plant, the South Campus Central Chiller Plant, and the East Regional Central Chiller Plant.

Pending receipt of approval from the Ohio Power Siting Board, construction of the CHP Facility is expected to commence in May or June 2020 and take approximately 18 months to complete.
