PUBLIC SESSION

The Wexner Medical Center Board convened for its 32nd meeting on Wednesday, November 20, 2019, in the Longaberger Alumni House, Sanders Grand Lounge. Board Secretary Jessica A. Eveland called the meeting to order at 9:10 a.m.

Item for Action

1. Approval of Minutes: No changes were requested to the August 28, 2019, meeting minutes; therefore, a formal vote was not required and the minutes were considered approved.

Items for Discussion

2. Chancellor’s Report: Dr. Harold Paz shared that Ohio State was the only university in the nation to have four of its health sciences colleges recognized with INSIGHT Into Diversity magazine’s 2019 Health Professional Higher Education Excellence in Diversity Award. INSIGHT is the oldest and largest diversity-focused publication in higher education. Dr. Paz also announced a $15 million commitment from Joe and Linda Chlapaty to advance heart research at Ohio State. As part of this gift, the Chlapaty family will support a critical capital project — the Interdisciplinary Research Facility on West Campus.

3. Leading the Way: Efforts to Improve Infant Mortality Rates in Ohio: Dr. Mark Landon, chair of the Obstetrics and Gynecology Department, and Dr. Cynthia Shellhaas, an OB/GYN professor and specialist in maternal fetal medicine, gave a report on the medical center’s extensive efforts to address the issue of infant mortality facing our local communities. Ohio has one of the highest infant mortality rates in the country. Even more troubling, there is a two- to three-fold increase in the rate of infant mortality among babies of African American women. These disparities can largely be explained by social determinants of health. The medical center has implemented a number of innovative programs in the community and with community partners to reduce these rates. One of these is the well-known Moms2B program, which provides social support and nutrition/parenting education for expectant mothers. The Governor and First Lady DeWine are great supporters of Moms2B and have expressed a strong interest in expanding the program to other locations throughout the state.

4. Wexner Medical Center Operations Report: David McQuaid gave a brief report on operational items, including the status of the new patient parking garage on Cannon Drive and zoning approval for the Dublin ambulatory care location. He also gave some highlights from Healthy Community Day at the Jameson Crane Sports Medicine Institute.

5. Wexner Medical Center Financial Report: Mark Larmore shared that, overall, the financial health of the medical center is very strong. The operating margin is about $5 million ahead of budget and adjusted admissions are 11% ahead of budget.
Items for Discussion (continued)

6. James Cancer Hospital Report: Dr. William Farrar shared updates regarding the great work going on at The James. First, he highlighted this year’s fundraising results from the annual Pelotonia event, where there were more than 7,400 participants and 3,000 volunteers. Pelotonia raised more than $23 million, raising the total support for cancer research at Ohio State over its 11-year history to $207 million. Dr. Farrar also provided an update on the cancer center core grant renewal due in January. The James was awarded the Press Ganey Guardian of Excellence in Patient Experience Award for reaching the 95th percentile for each reporting period for the award year in inpatient care. The James also received the Pinnacle of Excellence award for maintaining consistently high levels of excellence over multiple years in inpatient care.

APPROVAL FOR ACQUISITION OF REAL PROPERTY
915 OLENTANGY RIVER ROAD
COLUMBUS, FRANKLIN COUNTY, OHIO
BOARD BACKGROUND

Background

The Ohio State University’s Wexner Medical Center (WMC) seeks to acquire approximately 7.489 acres of improved real property located at 915 Olentangy River Road (Property) from Gowdy Partners II, LLC (Owner). The Property is improved with a five-story, 137,529+ square foot medical office building (MOB) with adjacent parking, which WMC operates as its OSU Eye and Ear Institute (Institute). The Property is highly visible and well located and is home to a variety of healthcare services critical to WMC to meet the objectives of its ambulatory care strategic plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care.

WMC currently occupies the entire Property pursuant to a long-term lease the OSU Board of Trustees approved at its September 19, 2008 meeting through Resolution No. 2009-33 (Lease). The Lease provides the university with an option to purchase the Property. The university exercised the option to purchase the Property on December 20, 2018.

The obligation of the university to purchase the Property after exercising the option is subject to and conditioned upon (a) approval of its Board of Trustees and the State of Ohio Controlling Board and (b) the university’s receipt and acceptance to two appraisals supporting the purchase price for the Property. Satisfaction of these conditions must occur by December 31, 2019.

Location and Description

The parcel to be acquired, identified as county parcel 010-280575, is zoned CPD (Commercial Planned Development) and is part of a larger tract of land, commonly known as Gowdy Field. The Property is located at the southwest portion of the Gowdy Field land parcel that parallels State Route 315 and is located 1.6 miles from The Ohio State University (OSU) Columbus campus. The Institute includes multi-specialty medical groups, an ambulatory out-patient surgery center.

OSU Stefanie Spielman Comprehensive Breast Center, a four-story, 114,900 square foot, medical office building, which is fully leased by OSU, is also located at Gowdy Field.

Purchase of Property

WMC recommends that the university purchase the Property for $43,000,000 on terms and conditions set forth in the purchase option and that are in the best interest of the university. The Wexner Medical Center will provide the source of funding for the acquisition.
