PUBLIC SESSION

The Wexner Medical Center Board convened for its 35th meeting on Wednesday, August 26, 2020, virtually over Zoom. Board Secretary Jessica A. Eveland called the meeting to order at 8:00 a.m.

Item for Action

1. Approval of Minutes: No changes were requested to the June 3, 2020, meeting minutes; therefore, a formal vote was not required, and the minutes were considered approved.

Items for Discussion

2. Chancellor’s Report: During his report, Dr. Harold Paz shared how our role as an academic health center uniquely positions us to keep our community safe and healthy, especially during a pandemic. This has never been more evident than in the ways we are addressing COVID-19, from standing up a testing laboratory overnight, creating and distributing materials for hundreds of thousands of test kits, implementing a comprehensive testing program and serving as the reference laboratories for testing for both the Ohio Department of Health and for other hospitals in the state. He shared that more than 100 COVID-19 research projects are underway, and the Wexner Medical Center is implementing and sustaining an aggressive telehealth strategy to serve our patients. As a land-grant institution, it is a key part of our mission to share our knowledge, solutions and expertise to improve lives here in our communities and beyond. The Wexner Medical Center recently released a Safe Return to Work guidebook for employers and employees and launched a website with procedures for businesses across the nation to reopen and safely welcome their employees back amid this pandemic. In addition to its efforts around the pandemic, the Wexner Medical Center is also continuing its work to reduce health disparities and combat racism. In June, we became one of the first academic health centers in the nation to develop and put forward a comprehensive antiracism action plan. Dr. Paz shared that the medical center's Chief Diversity Officer, Dr. Leon McDougle, was recently named the 121st president of the National Medical Association. The Wexner Medical Center also remains in first place in central Ohio on U.S. News & World Report’s “Best Hospitals” list, second place in the entire state and 37th in the nation with nine specialties ranked as high performing.
3. James Cancer Hospital Report: Dr. William Farrar, CEO of the James Cancer Hospital, began his report with a moment of silence for the late Dr. Dina Lev, whose husband, Dr. Raphael Pollock, serves as director of The Ohio State University Comprehensive Cancer Center. He also shared that, despite the pandemic, the James is back to pre-COVID-19 levels, with admissions, surgeries and outpatient visits climbing, and the James’ patient satisfaction is at 97%, which reflects the hospital’s commitment to delivering high-quality care and improving the patient experience. Additionally, the James’ cancer center support grant application was approved again for five years of funding, totaling $32.7 million. Dr. Farrar also shared that this year, Pelotonia found innovative ways to continue its success, despite not being able to host its annual ride. Thanks to its personalized participation platform, Pelotonia had raised close to $7 million with more than 10,800 participants at the time of this report.

4. Wexner Medical Center Financial Report: Mark Larmore provided a FY20 Year in Review and a look ahead at the budget for FY21. For the entire health system, the year ended with an excess of revenue over expenses of approximately $280 million, which was approximately $18 million ahead of budget. Once the pandemic hit, major adjustments were made to manage and reduce expenses. Federal stimulus money helped to offset the negative impact on revenue caused by the pandemic in the last three-and-a-half months of the fiscal year. Quick transitions to telehealth, so that physicians could continue to see patients remotely, also helped significantly in the final quarter of the fiscal year. Looking ahead to FY21, the total operating revenue for the medical center is projected to be more than $4.5 billion, with a projected excess of revenue over expenses of approximately $295 million.

Items for Action

Synopsis: Authorization to purchase real property located at 1145 Olentangy River Road, Columbus, Franklin County, Ohio, is proposed.

WHEREAS The Ohio State University (“University”) seeks to purchase improved real property located at 1145 Olentangy River Road in Columbus, Ohio, identified as Franklin County parcels 010-288228 and 010-288355 (“Property”); and

WHEREAS the property is located 1.6 miles from the university's main campus; and

WHEREAS the property includes a four-story, 114,900+ square foot building, known as the Stefanie Spielman Comprehensive Breast Center, which houses multi-specialty medical groups and an ambulatory out-patient radiation treatment center; and

WHEREAS the university currently leases the entire property under a lease, approved by the Board of Trustees in 2009 by Resolution 2009-49 (“Lease”); and

WHEREAS the lease provides the university with an option to purchase the property (“Option”); and

WHEREAS the university exercised the option to purchase the property on July 21, 2020 (“Exercise Date”); and

WHEREAS the obligation of the university to purchase the property after exercising the option is subject to and conditioned upon approval of its Board of Trustees and the State of Ohio Controlling Board:

NOW THEREFORE

BE IT RESOLVED, That the Wexner Medical Center Board hereby approves and proposes that the purchase of said property be recommended to the University Board of Trustees for approval; and

BE IT FURTHER RESOLVED, That the Board of Trustees hereby approves that the Executive Vice President and Provost, the Senior Vice President for Business and Finance and Chief Financial Officer, and the Executive Vice President and Chancellor for Health Affairs, in consultation with the chair of the Audit, Compliance and Finance Committee and the chair of the Master Planning and Facilities Committee, are collectively authorized to take action required to effect the purchase of real property in the name of the state of Ohio for the benefit of The Ohio State University, upon terms and conditions deemed to be in the best interest of the university.
Background

The Ohio State University's Wexner Medical Center (WMC) seeks to acquire approximately 5.524+ acres of real property located at 1145 Olentangy River Road (Property) from Gowdy Partners III, LLC (Owner). The Property is improved with a four-story, 114,900+ square foot medical office building (MOB) with adjacent parking, which WMC operates as its Stefanie Spielman Comprehensive Breast Center (SSCBC). The Property is highly visible and well located and is home to a variety of healthcare services critical to WMC to meet the objectives of its ambulatory care strategic plan and its mission to improve health in Ohio and across the world through innovation in research, education and patient care.

WMC currently occupies the entire Property pursuant to a long-term lease the OSU Board of Trustees approved at its November 07, 2008 meeting through Resolution No. 2009-49 (Lease). The Lease provides the university with three options to purchase the Property. The university exercised the second option to acquire the Property on July 21, 2020.

The obligation of the university to purchase the Property after exercising the option is subject to and conditioned upon (a) approval of its Board of Trustees and the State of Ohio Controlling Board and (b) the university's receipt and acceptance to two appraisals supporting the purchase price for the Property. Satisfaction of these conditions must occur by January 17, 2021.

Location and Description

The parcels to be acquired, identified as county parcel 010-288228-00 and 010-288355-00, are zoned CPD (Commercial Planned Development) and is part of a larger tract of land, commonly known as Gowdy Field. The Property is located at the northwest portion of the Gowdy Field land parcel that parallels State Route 315 and is located 1.6 miles from The Ohio State University (OSU) Columbus campus. The SSCBC includes multi-specialty medical groups and an ambulatory out-patient radiation treatment center.

OSU Eye and Ear Institute, a five story, 137,529 square foot medical office building, recently purchased by the university, is also located at Gowdy Field.

Purchase of Property

WMC and Gowdy Partners III, LLC are negotiating the fair market purchase amount through an arbitration provision provided in the purchase option. WMC recommends that the Property described above be acquired for an amount not to exceed the fair market value to be determined as set forth in the purchase option, and on terms and conditions that are in the best interest of the university. The WMC will provide the source of funding for the acquisition.
